

# **Bike Riders: Want Respect?**

## **Give Respect!**

**Play by the same rules used  
by most others on the road.**

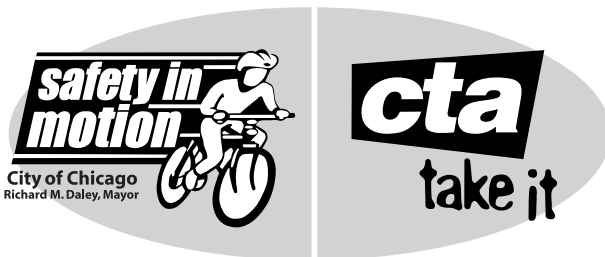

# Want other road users to treat you as an equal? Act like one!

## **Bicycle riders who obey traffic laws:**

- *Make it easy for others to predict what they'll do.*
- *Have fewer crashes.*
- *Help motorists see that bikes belong on the road.*

## **How can you get respect on the road?**

- *Stop at red lights.*
- *Yield to other vehicles at stop signs.*
- *Signal before turning or changing lanes.*
- *When stopped, don't block crosswalks.*
- *When passing other bikers, call out "on your left" or "on your right."*
