Bridgeview Facility To Close on Thursday, July 29 *New Bridgeview Location to Open September*

The Illinois Secretary of State's office is permanently closing the Bridgeview Facility located at 7200 W. 84th Street on Thursday, July 29, 2010.

A new facility in Bridgeview, which features more parking, will open in September at 7350 W. 87th Street.

During the transition, customers are advised to visit the following facilities:

- **Midlothian facility**, 14434 South Pulaski Road in Midlothian
- **Chicago South facility**, 9901 S. Dr. Martin Luther King Jr. Drive in Chicago
- **(For renewals and stickers only) Orland Park Express facility**, 14700 S. Ravinia Ave. in Orland Park

The new Bridgeview office was scheduled to open on July 26, however due to the recent labor strike, construction was delayed. Meanwhile, the lease on the current Bridgeview facility has expired.

Now that the strike has ended, work will begin on the new facility, which will be located approximately three blocks south of the old facility.

The new Bridgeview driver's facility will provide the same services as the previous location.
