Statement from Illinois Secretary of State Jesse White on the Passing of Dawn Clark Netsch

“Dawn Clark Netsch was a trailblazer for women, equality and justice,” said Secretary of State Jesse White. “Her legacy will live on through her incomparable career of helping others. In addition to being my friend, I had the added privilege of serving with Dawn in the General Assembly as her state representative while she served as my state senator. She will be missed, and the state of Illinois owes her a debt of gratitude.”
