Motorists who know the rules of the road and practice defensive driving are key to making our roadways safer for everyone. The *Illinois Rules of the Road* manual is your guide to being a responsible and skilled driver.

The Rules of the Road Review Course is designed to give drivers — especially senior citizens — the knowledge and confidence needed to renew or obtain a driver’s license. The Review Course combines an explanation of the driving exam with a practice written exam. The questions and information in the Rules of the Road Review Course are provided only to help you measure your knowledge of driving skills and Illinois traffic laws. Participants will not be graded on their answers on the practice exam.

Along with a thorough review of the *Illinois Rules of the Road* manual, the Review Course is a valuable tool in refreshing your knowledge of Illinois driving laws, traffic signs and practical driving skills. I commend you for taking this step in improving your driving skills and helping to make Illinois roadways safer for all motorists.

Secretary of State

Illinois law prohibits the use of cellphones and other wireless devices while driving, unless using a hands-free device.
The Secretary of State’s office implemented a new process for issuing Illinois driver’s licenses/ID cards. Under the new process, customers at Secretary of State Driver Services facilities are no longer immediately issued a new permanent driver’s license/ID card at the end of the application process. After fraud checks have been conducted to ensure an individual’s identity, a high quality, secure driver’s license/ID card is printed at a central facility and sent via U.S. mail within 15 business days to the address on the card.

At the facilities, customers receive a temporary secure paper driver’s license or ID card, which is valid for 90 days. In addition, the facility employee returns the old driver’s license/ID card back to the customer after punching a hole in it.

NEW FEATURES ON THE ILLINOIS DRIVER’S LICENSE

As part of the new central issuance process, the Secretary of State has introduced a redesigned driver’s license/ID card. The redesigned card contains enhanced security features to safeguard an individual’s personal information. This new process and redesign help prevent counterfeit production and better protect individuals from identity theft. In addition, with implementation of these changes, Illinois is closer to becoming REAL ID compliant, which is a federal mandate by the U.S. Department of Homeland Security.

NO NEED TO REPLACE IMMEDIATELY

Residents with a valid driver’s license/ID card are not required to obtain the redesigned card immediately. Existing cards remain valid until their date of expiration. For at least four years, there will be more than one valid driver's license/ID card until the old design format is phased out.

There are no changes to driver’s license/ID card fees. In addition, there are no procedural changes to the Safe Driver Renewal program.

YOUR ADDRESS MATTERS

With the new process of central issuance of a driver’s license/ID card, it is critical that customers keep an updated address with the Secretary of State. State law requires that residents notify the Secretary of State of an address change within 10 days.

Individuals who have not received their permanent card after 15 business days, may check the status at: cyberdriveillinois.com.

EARLY RENEWAL

- Any driver ages 21-86 may renew his/her driver’s license up to one year before the license expires.
- Any driver ages 87 and older may renew up to six months before his/her license expires.
VISION SCREENING

Your vision will be screened to determine if you see well enough to drive. In place of this screening, you may submit a Vision Specialist Report (see pages 25-26) completed by a licensed optometrist, ophthalmologist or physician dated within six months of your facility visit. Forms are available at your local Driver Services facility or at www.cyberdriveillinois.com. If you need to wear glasses or contact lenses, a restriction will be noted on your license. You must always wear your glasses or contact lenses when you drive.

WRITTEN EXAM

The written exam consists of 35 questions, 15 of which will address traffic sign identification and the remaining 20 will either be multiple-choice or true-false questions.

DRIVING EXAM

All new drivers and drivers age 75 and older must take a driving exam to demonstrate driving ability. You must provide a vehicle that is licensed and properly equipped for the driver’s license classification you are seeking. You must show proof of vehicle insurance inside the Driver Services facility. During the driving exam, which will allow you to drive passenger vehicles, you will be graded on your ability to do the following:

- Start the vehicle
- Start uphill
- Proper speed usage
- Back the vehicle
- Park downhill
- Proper lane usage
- Turn about
- Start downhill
- Control your vehicle
- Park uphill

ORGAN/TISSUE DONOR REGISTRY

During the driver’s license application/renewal process you will be asked if you wish to join the Illinois Organ/Tissue Donor Registry. A person’s decision to be an organ/tissue donor is legally binding. Additional witnesses or family consent is not required for donation to occur. See back inside cover for more information on registering to be a donor.

* EXAM(S): VISION AND ALL APPLICABLE ROAD

Dear Friend:
Your Illinois driver’s license or ID card will remain valid until their date of expiration.
To renew, you must prove any changes to your name, date of birth, social security number and verify signature or residency. Acceptable identification for these changes must be provided. Some of the documents you may use include: current photo driver’s license/ID card, valid passport, certified birth certificate, Social Security card, naturalization certificate, adoption records, military service record (DD214), valid major brand credit card, recent utility bill, cancelled check within the last 90 days and this notice. If you are changing your address at the time of renewal, you must provide two documents from the list of acceptable identification, with your new address. Other acceptable forms of identification (not listed) may be found in the current "Rules of the Road" or on the Secretary of State’s Web page: www.cyberdriveillinois.com.

To renew your driver’s license or ID card, please visit a facility location listed on the back of this notice.

*Vision screening, a drive evaluation(s) in properly classified vehicle(s) and a fee is required to renew your license for a 4 year period. Entries reported to your driving record, prior to your license renewal, may require additional examinations.

Note: If you are required to take a road test, proof of vehicle liability insurance will be required. Road tests may be denied or discontinued due to unsafe road, weather or vehicle conditions. To self-certify CDL driving type per Federal Law or take a CDL written and/or drive examination, you must visit a commercial truck/bus center or designated CDL Facility listed on the reverse side of this form. CDL drives are by appointment only, however all CDL written exams must be successfully completed prior to scheduling a drive. For CDL drive appointments visit our website or call at 217-785-3013 Monday through Friday from 8:00 a.m. - 4:30 p.m.

If your ability to drive might be affected by a medical or physical condition, you will be required to bring a completed medical report with you. If a favorable medical report is not presented, you will be denied a driver’s license. For your convenience, medical report forms are available at each facility and at www.cyberdriveillinois.com. You will also be asked if you wish to join the Organ/Tissue Donor Registry, which is explained in the enclosed brochure.

Our goal is to provide you efficient, friendly service. Your opinions are very important and will allow us to better serve you in the future.

Document Requirements to obtain a Driver’s License/State ID Card

The Acceptable Identification Document chart (reverse) lists documents that may be used as forms of identification to provide proof of legal name, date of birth, Social Security number and residency when applying for a driver’s license/ID card. Please note the following:

• Signature comparison is required in the verification process.
• The number of documents required depends on whether an applicant is applying for a driver’s license/ID card for the first time, or requesting a duplicate or corrected driver’s license/ID card.
• One document may satisfy more than one group.
• New residents must surrender all out-of-state licenses/ID cards prior to issuance of an Illinois driver’s license/ID card.
• An applicant applying for a Temporary Visitor Driver’s License is not required to present documents from Group C. Instead, the applicant must sign a declaration on the TVDL application that the applicant is, at the time of application, ineligible to obtain a Social Security number.

First-time Illinois Driver’s License/ID Card Applicant
An applicant applying for a driver’s license or ID card for the first time in Illinois must present:
• one document that satisfies each of Group A, B, C and D

Duplicate/Corrected Driver’s License/ID Card Applicant
An applicant applying for either a duplicate or corrected driver’s license or ID card must present:
• one document that satisfies Group A, and one document from Group D if requesting an address change.
• An applicant who requests a change in name, date of birth, Social Security number or gender must provide identification to link the change from the previous information to the new information.

Illinois Driver’s License/ID Card Renewal Applicant
An applicant renewing a current Illinois driver’s license or ID card need only present his/her current valid driver’s license or ID card if no changes are required. If the applicant does not have his/her current driver’s license or ID card or changes are required, he/she must present:
• one document that satisfies Group A, and one document from Group D if requesting an address change.

DRIVING EXAMINATION

The driving exam is a demonstration of a driver’s everyday driving skills. After the exam, the driver will be informed of any corrections that need to be made.

BEFORE YOU BEGIN

Illinois law requires all drivers and passengers to wear safety belts, regardless of where they sit in a vehicle. Only those individuals with a physician’s statement on letterhead are exempt. The physician’s statement must be kept with the driver at all times.

The driving examination will allow you to demonstrate your ability to safely operate a motor vehicle. You must provide a vehicle that is licensed and properly equipped for the driver’s license classification you are seeking. The vehicle must be driven to the Driver Services facility by someone with a valid driver’s license or permit. No one but the examiner will be with you during the exam.

Proof of insurance must be shown before the driving exam is administered. Before starting the driving exam, check your mirrors, adjust your vehicle’s seat and fasten your safety belt.

THE EXAMINER

The driving examiner will sit beside you and observe your driving skills. It is normal for you to be a little nervous. Remember that the examiner is a passenger and has no indication of your driving ability.

It is possible that you may have acquired some potentially unsafe driving practices, even though you may have been driving for years with no moving violations or accidents. Perhaps there are some new laws you are not observing. The purpose of the driving exam is to identify those mistakes so you may correct them.

The examiner will grade your driving using a list of driving maneuvers. The examiner will follow a test route approved by the Secretary of State’s office. Although the test route may cover unfamiliar roads, it is important to remember that a driver’s license gives you the right to drive on all roads.

The examiner will not trick you. If you do not understand his or her instructions, please ask for an explanation.

At the completion of your driving exam, the examiner will give you the results. Please keep in mind that the examiner is only an observer and has the responsibility to inform you of any mistakes. You are encouraged to correct those mistakes, not only for your own safety but also for the safety of others.

DRIVING EXAM GRADING

You will be graded on your ability to perform the following driving skills. You will automatically fail the exam if you violate any traffic law or commit any dangerous action while taking the exam.
USING TURN SIGNALS

Illinois law requires the use of turn signals. It is not a choice. Turn signals are required BEFORE:

- turning any corner, even if no one is coming;
- turning into any driveway, parking lot or parking space;
- changing lanes of traffic;
- AND AFTER passing another vehicle; and
- pulling over to or pulling away from any curb.

LEAVING A PARKING LOT OR DRIVEWAY

Illinois law states that you must stop before entering any street from a driveway, parking lot or alley. If you are leaving the parking lot at the Driver Services facility, you must stop before entering the street. There may or may not be a stop sign present.

STOPPING

Stop behind the white line or crosswalk. If there is no white line or crosswalk, stop before entering the intersection. Rolling stops are automatic failures on the driving examination.

TURNING A CORNER

When turning a corner from a two-way street onto another two-way street, stay in your own lane and then turn into the lane in which you will be driving. Do not cut corners.

HILL PARKING

Signal toward the side of the road where you wish to park. Stop your vehicle parallel to the road, within 12 inches of the curb or road edge.

If you park on a street with curbing and your vehicle is heading downhill, you must turn the front wheels toward the curb. If you park your vehicle headed uphill, you must turn the front wheels away from the curb. If you park on a street without curbing and your vehicle is heading downhill or uphill, you must turn the wheels toward the side of the road on which you are parked. In either situation, you must set the parking brake and put the gear selector in “Park.”

When leaving the curb, release your parking brake, turn the wheels from the side of the road and use your turn signal. Look for oncoming traffic. When it is safe, pull slowly onto the street.
TURN-ABOUT

You will be asked to turn your vehicle around by turning left into an alley, roadway or driveway. Be sure to signal before turning. When you back out, stop before entering the sidewalk, street or highway. Yield to pedestrians and all vehicles. When backing, check all rearview mirrors and look over your right shoulder. When backing to the right, make sure not to back over the center line.

ONE-WAY TURNS

When turning onto a one-way street, turn into the first lane you come to. After you have completed your turn, you may turn on your turn signal again, look back and, when it is safe, move into the other lane.

MULTIPLE-LANE TURNS

When making a left turn onto a multi-lane street, you must turn into the inside lane (left-hand lane). After you have completed your turn into the inside lane and it is safe to do so, you may turn on your signal light and move into the right-hand lane.

When making a right turn into a multi-lane street, you must turn into the first lane you come to (right-hand lane). After you have completed your turn into the right-hand lane and it is safe to do so, you may turn on your signal light and move into the left-hand lane.
BACKING VEHICLE

You will be asked to back your vehicle for a short distance. Check first to see if it is clear. Look over your right shoulder if possible. If not, inform the examiner that because of a physical condition you cannot. If you cannot see all the way in back by looking, use your rearview mirror as well as your side mirrors. Back up as straight as you can. Do not weave back and forth.

OTHER POINTS THAT WILL BE CHECKED

- **DRIVING SPEED** — Observe all speed limit signs. Do not drive too slowly. (Example: The speed limit is 30 mph and a driver is going 15 mph, holding up traffic and causing an unsafe situation. Driving too slow can be just as dangerous as speeding under normal traffic conditions.)

- **CENTER LINES** — Do not weave back and forth across the center line. Stay in your traffic lane. If there is no center line, do not drive down the middle of the street or road.

- **RIGHT OF WAY** — Observe yield signs: When approaching a yield sign, slow down and check for traffic. Stop if you need to. Approaching an intersection: when a green light appears, be sure the intersection is clear of vehicles and people before moving your car. If there are no signs or traffic control signals and two vehicles arrive at the same time, the car on the right has the right of way.

FOLLOWING THE EXAM

When you return to the Driver Services facility, the examiner will discuss your test results. If you do not pass the driving exam, listen carefully to hear which driving skills you need to correct.

You may take the driving exam again if you did not pass. Remember, you have three chances in a one-year period to pass the driving exam. If after several attempts you are still having difficulty, ask the examiner how to obtain an instruction permit after your driver’s license expires.

PEDESTRIANS

Drivers and pedestrians both are responsible for traffic safety. Drivers should always be prepared to yield the right of way and should not drive unnecessarily close to pedestrians.

TUNNEL AND PEDESTRIAN CROSSINGS

A pedestrian tunnel or pedestrian crossing bridge should be used when available.

ROADWAYS

Pedestrians must not walk on a roadway unless there is no sidewalk or shoulder next to it. Under these conditions, pedestrians should always walk as close to the outside edge of the road as possible. In two-way traffic, pedestrians should walk facing oncoming traffic. If a highway does not have a sidewalk but has a shoulder, pedestrians should always walk on the shoulder as far from the roadway as possible. Pedestrians should not walk on a roadway when under the influence of alcohol or other drugs.

PEDESTRIANS WITH DISABILITIES

When approaching a pedestrian with a disability who is utilizing a guide dog, a white cane, a wheelchair or other assistive device on a sidewalk or roadway, the pedestrian has the right of way and is granted the same rights as any pedestrian.

JOGGERS/WALKERS

Joggers/walkers should use jogging paths when provided. On public roads, joggers/walkers should try to select wide roads with good shoulders. They should face oncoming traffic and remember to look and listen for cars. At night or any time visibility is poor, joggers/walkers should be in well-lighted areas and wear reflective clothing.

MOTORCYCLES

Motorcycle riders have the same rights and responsibilities as other roadway users. Because of their size and vulnerability in a crash, it is important to pay special attention to motorcycles.

BICYCLES

On most roadways, bicyclists (including those on electric bikes) have the same rights and responsibilities as other roadway users. The following are important laws and safety tips regarding bicyclists:

• Bicyclists are prohibited on limited-access highways, expressways and certain other marked roadways.
• Bicyclists are required to travel in the same direction as vehicles.
• Bicyclists should travel just to the right of faster moving traffic. However, certain hazards such as rough surfaces, debris, drainage grates or a narrow traffic lane may require bike riders to move toward the center of the lane.
• Drivers must yield the right of way to a bicyclist just as they would to another vehicle.
• When passing a bicyclist, motorists must do so slowly and leave at least 3 feet of passing space.
• Crowding or threatening a bicyclist is prohibited.
• A motorist should not park or drive in marked bicycle lanes.
• When following bicyclists, give them plenty of room and be prepared to stop quickly. Use extra caution during rainy and icy weather. At night do not use high beams when you see an oncoming bicycle rider.
• After parking and before opening vehicle doors, a motorist should first check for bicyclists.
• When a motorist is turning left and there is a bicyclist entering the intersection from the opposite direction, the driver should wait for the bicyclist to pass before making the turn. Also, if a motorist is sharing the left-turn lane with a bicyclist, stay behind them until they have safely completed their turn.
• If a motorist is turning right and a bicyclist is approaching on the right, let the bicyclist go through the intersection first before making a right turn. Remember to always signal when turning.
• Low-speed electric or gas bicycles must have a motor of less than 1 horsepower and must be operated by a person who is at least age 16.
• Low-speed electric and gas bicycles may only be driven on streets and may not exceed 20 mph. They may not be driven on sidewalks.
• Low-speed and electric bicycles must follow all laws applicable to bicyclists.

For more information, an Illinois Bicycle Rules of the Road booklet is available at your local Driver Services facility or at www.cyberdriveillinois.com.

PARKING PROGRAM FOR PERSONS WITH DISABILITIES

APPLICATION

To receive Persons with Disabilities license plates or a parking placard, an application must be completed by the applicant and his/her physician. A licensed physician must certify on the application that the applicant has one of the qualifying disabilities. The application also must include the applicant’s date of birth, gender and driver’s license or state ID card number.

Applications are available from your local Driver Services facility or by contacting: Persons with Disabilities License Plates/Placard Unit, 501 S. Second St., Rm. 541, Springfield, IL 62756. Applications also are available at www.cyberdriveillinois.com.

PERSONS WITH DISABILITIES LICENSE PLATES

Persons with permanent disabilities may obtain disability plates for vehicles titled in their name. An immediate family member residing in the same household may obtain one set of plates if the qualifying person with disabilities does not own a vehicle and must rely on someone else for transportation. If a person does not meet the above criteria, he/she is only eligible for a permanent parking placard.

Corporations, school districts and special education cooperatives that transport persons with disabilities also are eligible for disability plates; however, if the corporation transports passengers for compensation, the plates are not allowed.

PARKING PLACARDS

The Secretary of State’s office also issues parking placards free to persons with disabilities. There are four different types of placards (see below).

<td><strong>GREEN</strong></td>
</tr>
<tr>
<td>Placards are <strong>YELLOW-AND-GRAY STRIPED</strong> and issued to persons with a permanent disability. Holders are exempt from paying parking meter fees. The placard expires in 2022.</td>
<td>Placards are <strong>BLUE</strong> and issued to persons with permanent disabilities. Holders are <strong>NOT</strong> exempt from paying parking meter fees. The placard expires on the holder’s birthdate in 2022.</td>
<td>Placards are <strong>RED</strong> and valid for the length of time indicated by the certifying physician, not to exceed six months if issued by the Secretary of State and 90 days if issued by a local municipality.</td>
<td>Placards are <strong>GREEN</strong> and issued to organizations that transport persons with disabilities. The placard expires in April 2022.</td>
</tr>

</table>

IMPORTANT: The authorized holder of disability plates and/or a parking placard must be present and must enter or exit the vehicle at the time parking privileges are being used.
# Persons with Disabilities Certification for Parking Placard/License Plates

**NOTE TO ALL DISABILITY LICENSE PLATE OWNERS:** If you have a disability license plate, you **must** execute this certification and renew your disability parking placard.

**DIRECTIONS:** Both sides of this document must be signed and completed. Applicants complete the appropriate section (Part 1 for applicant or Part 4 for family members driving a person with disabilities). The applicant’s physician, advanced practice nurse, optometrist, chiropractor or physician’s assistant **MUST** complete Part 2. If the applicant is also applying for meter-exempt parking, his or her physician, advanced practice nurse, chiropractor or physician’s assistant must also complete Part 3.

## PART 1: Applicant Information

I hereby certify that I meet the definition of a person with a disability as provided in 625 ILCS 5/1-159.1, and I certify that my physical condition entitles me to the issuance of a Persons with Disabilities Parking Placard/License Plates. By affixing my signature below, I understand that the parking placard/license plates may not be used unless I am the driver or passenger of the vehicle.

**WARNING:** Misuse of a parking placard/plates or making a false application may result in revocation of your placard/plates, a 12-month suspension or revocation of your driver’s license and a fine of up to $1,000.

## PART 2: Medical Eligibility Standards and Medical Professional Certification

As a licensed physician, advanced practice nurse, chiropractor, optometrist or physician’s assistant, I certify the individual named in Part 1 has a condition that constitutes him/her as a person with disabilities as defined in statute due to a diagnosis of: ____________________________________________________________

Length of Disability: (check one)

- ☐ Permanent disability
- ☐ Temporary disability; the duration of this disability is ____________________________________________________________ (maximum 6 months)

Check all that apply (must check at least one):

- ☐ Patient is restricted by a lung disease to such a degree that the person’s forced (respiratory) expiratory volume (FEV) is one second, when measured by spirometry, is less than one liter.
- ☐ Patient uses a portable oxygen device.
- ☐ Patient has a Class III or Class IV cardiac condition according to the standards set by the American Heart Association.
- ☐ Patient cannot walk 200 feet without stopping to rest because of one of the above five conditions.
- ☐ Patient is missing a hand or arm or has permanently lost the use of a hand or arm.
- ☐ Patient is severely limited in the ability to walk due to an arthritic, neurological, oncological or orthopedic condition.
- ☐ Patient is missing a hand or arm or has permanently lost the use of a hand or arm.

**Medical Professional Certification**

As the medical professional(s) executing this document and verifying the nature of the applicant’s disability, I understand that making a false representation of a person’s disability for the purposes of obtaining any type of disabled parking placard or plates may result in a suspension or revocation of my driver’s license and a fine of up to $1,000.

PART 3: Medical Eligibility for Meter-Exempt Parking and Physician's Certification

The meter-exempt parking certification must be completed only when the applicant qualifies for meter-exempt parking. To qualify, the applicant must have a valid Illinois driver's license (if applicable), have an ambulatory disability described in Part 2 and also have one of the following conditions listed below. Economic need is not a consideration for meter-exempt parking.

I hereby certify ___________________________, who has Illinois Driver’s License Number ___________________________, (if applicable) as listed in Part 1 of this application is also eligible for meter-exempt parking as provided by statute due to the following PERMANENT medical condition or disability:

Check all that apply:

_____ The patient cannot manage, manipulate, or insert coins, or obtain tickets or tokens in parking meters or ticket machines in parking lots due to the lack of fine motor control of BOTH hands.

_____ The patient cannot reach above his/her head to a height of 42 inches from the ground due to a lack of finger, hand or upper-extremity strength or mobility.

_____ The patient cannot approach a parking meter due to his/her use of a wheelchair or other device for mobility.

_____ The patient cannot walk more than 20 feet due to an orthopedic, neurological, cardiovascular or lung condition in which the degree of debilitation is so severe that it almost completely impedes the ability to walk.

_____ The patient is under 18 years of age and incapable of driving.

PART 4: For Parent, Legal Guardian or Immediate Family Member Only:

As a parent, legal guardian or immediate family member residing in the household of the disabled individual named in Part 1, I hereby apply for:

I _____ Disability License Plates
I _____ Meter-Exempt Disability Parking Placard
I _____ Temporary Parking Placard
I _____ Permanent Parking Placard

The disabled individual owns no motor vehicles, and I have primary responsibility for his/her mode of transportation. By affixing my signature below, I understand that the disability license plates or meter-exempt parking placard may not be used unless I am transporting the disabled individual in the vehicle.

WARNING: Any misuse of the disability license plates or meter-exempt parking placard may result in revocation of the plates or placard, a 12-month suspension or revocation of your driver’s license and a fine of up to $1,000.

VIII. TELESCOPIC APPLICANT ISSUED AND RECEIVED LENS ARRANGEMENT

In your professional opinion, is there any indication that the applicant MAY NOT be capable of safely operating a motor vehicle? □ Yes □ No

• The patient has been fitted for a prescription spectacle-mounted telescopic lens arrangement and has had this arrangement in his/her possession for at least 60 days prior to the application date: □ Yes □ No
• Date applicant received telescopic lens arrangement:
• Power of telescopic lens arrangement: (Telescopic lens(es) may not exceed 3X wide angle or 2.2X standard)
  Power reading: □ Wide □ Standard
• The patient is safe to operate a motor vehicle during nighttime hours while using a telescopic lens arrangement: □ Yes □ No
  (Only applicable to drivers who meet the standards to be granted nighttime privileges as per Title 92, Section 1030.75 of the Illinois Administrative Code.)

Additional comments or restrictions: __________________________

IX. TELESCOPIC REQUIREMENTS

Has the patient completed all the following requirements AFTER the 60-day period of the new/current prescription? □ Yes □ No

• The patient has clinically demonstrated the ability to locate stationary objects within the telescopic field by aligning the object directly below the telescopic lens and moving the head down and the eyes up simultaneously.
• The patient has clinically demonstrated the ability to locate a moving object in a large field of vision by anticipating future movement, so that by moving the head and eyes in a coordinated fashion, he/she is able to locate the moving object within the telescopic field.
• The patient has clinically demonstrated the ability to remember what has been observed after a brief exposure, with the duration of the exposure progressively diminished to simulate reduced observation time while driving.
• The patient has experienced levels of illumination, which may be encountered during inclement weather or when driving from daylight into areas of shadow or artificial light, and the patient has clinically demonstrated the ability to successfully adjust to such changes.
• The patient has experienced walking and riding as a passenger in a motor vehicle so that he/she has a practical experience of motion while objects are changing position.

REVIEW OF THE MOST COMMON LAWS NOT OBeyed

• Using a cellphone while driving, unless using a hands-free device.
• Wearing your safety belt.
• Coming to a complete stop at stop signs (no rolling).
• Coming to a complete stop when you are leaving your driveway, parking lot or an alley or BEFORE you enter the street.
• Stopping BEHIND the crosswalk at a stop sign or traffic sign.
• Slowing down when you see a yield sign.
• Curbing your tires when you park on any hill.
• Using your turn signals when you pull OVER to any curb and when you pull AWAY from any curb.
• Not backing over the center line of the street when leaving your driveway and backing to the right.
• Turning into the inside lane when you complete a left turn into a multi-lane street or road.
• Observing ALL legal speed limits: school zone—20 mph, on school days when children are present; city areas—30 mph, unless otherwise posted; alleys—15 mph; interstate highways—65-70 mph, where posted; most other highways—55 mph.
• Staying on your own side of a street or highway that has no center line marked — not driving down the middle of the street.
• Scott’s Law
  Scott’s Law was passed in 2002 in honor of Scott Gillen of the Chicago Fire Department, who was struck and killed by a drunk driver while assisting at a crash on a busy Chicago expressway. Scott’s Law states:
  • When approaching a stationary emergency vehicle using visual signals, yield, change to a lane away from the emergency vehicle, and proceed with caution. If a lane change is not possible, reduce speed and proceed with caution.

Construction Zones
• When approaching or entering a highway construction or maintenance area, slow down, yield to any authorized vehicles or workers in the area, change to a lane away from the workers, and proceed with caution. If a lane change is not possible, reduce speed and proceed with caution.

Penalties for Offenses
• Fines up to $10,000.
• 90-day to two-year driver’s license suspension.
• **Emergency Vehicles**
  - When being approached by an emergency vehicle using audible and visual signals, immediately pull to the right side of the road and wait for the emergency vehicle to pass. If stopped at an intersection with two-way traffic, remain stopped until the emergency vehicle passes.

• **Funeral Processions**
  Motorists encountering a funeral procession must:
  - Yield the right of way to all vehicles in the procession.
  - Not drive between vehicles in an organized funeral procession, except when required to do so by a law enforcement officer.
  - Not join a funeral procession for the purpose of securing the right of way.
  - Not attempt to pass any vehicle in an organized funeral procession, except where a passing lane has been specifically provided.

> “Emergency personnel, construction workers and motorists in funeral processions deserve our utmost respect and consideration on the road. We need to be responsible, law-abiding motorists and yield the right of way to all emergency vehicles, slow down in construction zones and use good judgment and respect when encountering funeral processions. Be a cautious and considerate driver and observe all traffic safety laws when sharing the road with others.”

> — Secretary of State Jesse White

Motorists are required to **stop and yield** (rather than slow down or stop if need be) to pedestrians in a crosswalk where there are no traffic signals.
