Motorists who know the rules of the road and practice defensive driving are key to making our roadways safer for everyone. The *Illinois Rules of the Road* manual is your guide to being a responsible and skilled driver.

The Rules of the Road Review Course is designed to give drivers — especially senior citizens — the knowledge and confidence needed to renew or obtain a driver’s license. The Review Course combines an explanation of the driving exam with a practice written exam. The questions and information in the Rules of the Road Review Course are provided only to help you measure your knowledge of driving skills and Illinois traffic laws. Participants will not be graded on their answers on the practice exam.

Along with a thorough review of the *Illinois Rules of the Road* manual, the Review Course is a valuable tool in refreshing your knowledge of Illinois driving laws, traffic signs and practical driving skills. I commend you for taking this step in improving your driving skills and helping to make Illinois roadways safer for all motorists.

To obtain an Illinois driver’s license or ID card for the first time, you must provide acceptable forms of identification to prove **name, date of birth, Illinois residency (two forms required), Social Security number and signature for comparison.** (See page 4 for a listing of acceptable and unacceptable documents.) New residents must surrender any out-of-state licenses or state ID cards issued prior to the issuance of an Illinois driver’s license or ID card. When you apply for a driver’s license, you will be asked questions about your general health and must take a vision, written and driving exam. You are allowed three attempts to pass each of the exams within one year from the date you paid your application fee.

**EARLY RENEWAL**

- Any driver age 21-86 may renew his/her driver’s license up to one year before the license expires.
- Any driver age 87 and older may renew up to six months before his/her license expires.

**VISION SCREENING**

Your vision will be screened to determine if you see well enough to drive. In place of this screening, you may submit a Vision Specialist Report (see pages 22-23) completed by a licensed optometrist, ophthalmologist or physician dated within six months of your facility visit. Forms are available at your local Driver Services facility or at www.cyberdriveillinois.com. If you need to wear glasses or contact lenses, a restriction will be noted on your license. You must always wear your glasses or contact lenses when you drive.

**WRITTEN EXAM**

The written exam consists of 35 questions, 15 of which will address traffic sign identification and the remaining 20 will either be multiple choice or true/false questions.

**DRIVING EXAM**

All new drivers and drivers age 75 and older must take a driving exam to demonstrate driving ability. You must provide a vehicle that is licensed and properly equipped for the driver’s license classification you are seeking. You must show proof of vehicle insurance inside the Driver Services facility. During the driving exam, which will allow you to drive passenger vehicles, you will be graded on your ability to do the following:

- Start the vehicle
- Start uphill
- Proper speed usage
- Back the vehicle
- Park downhill
- Proper lane usage
- Turn about
- Start downhill
- Park uphill

**ORGAN/TISSUE DONOR REGISTRY**

During the driver’s license application/renewal process you will be asked if you wish to join the Illinois Organ/Tissue Donor Registry. DRIVING EXAMINATION
The driving exam is a demonstration of a driver’s everyday driving skills. After the exam, the driver will be informed of any corrections that need to be made.

BEFORE YOU BEGIN
Illinois law requires all drivers and passengers to wear safety belts, regardless of where they sit in a vehicle. Only those individuals with a physician’s statement on letterhead are exempt. The physician’s statement must be kept with the driver at all times.

The driving examination will allow you to demonstrate your ability to safely operate a motor vehicle. You must provide a vehicle that is licensed and properly equipped for the driver’s license classification you are seeking. The vehicle must be driven to the Driver Services facility by someone with a valid driver’s license or permit. No one but the examiner will be with you during the exam.

Proof of insurance must be shown before the driving exam is administered. Before starting the driving exam, check your mirrors, adjust your vehicle’s seat and fasten your safety belt.

THE EXAMINER
The driving examiner will sit beside you and observe your driving skills. It is normal for you to be a little nervous. Remember that the examiner is a passenger and has no indication of your driving ability.

It is possible that you may have acquired some potentially unsafe driving practices, even though you may have been driving for years with no moving violations or accidents. Perhaps there are some new laws you are not observing. The purpose of the driving exam is to identify those mistakes so you may correct them.

The examiner will grade your driving using a list of driving maneuvers. The examiner will follow a test route approved by the Secretary of State’s office. Although the test route may cover unfamiliar roads, it is important to remember that a driver’s license gives you the right to drive on all roads.

The examiner will not trick you. If you do not understand his or her instructions, please ask for an explanation.

At the completion of your driving exam, the examiner will give you the results. Please keep in mind that the examiner is only an observer and has the responsibility to inform you of any mistakes. You are encouraged to correct those mistakes, not only for your own safety but also for the safety of others.

DRIVING EXAM GRADING
You will be graded on your ability to perform the following driving skills. You will automatically fail the exam if you violate any traffic law or commit any dangerous action while taking the exam.
USING TURN SIGNALS

Illinois law requires the use of turn signals. It is not a choice. Turn signals are required BEFORE:

- turning any corner, even if no one is coming;
- turning into any driveway, parking lot or parking space;
- changing lanes of traffic;
- AND AFTER passing another vehicle; and
- pulling over to or pulling away from any curb.

LEAVING A PARKING LOT OR DRIVEWAY

Illinois law states that you must stop before entering any street from a driveway, parking lot or alley. If you are leaving the parking lot at the Driver Services facility, you must stop before entering the street. There may or may not be a stop sign present.

STOPPING

Stop behind the white line or crosswalk. If there is no white line or crosswalk, stop before entering the intersection. Rolling stops are automatic failures on the driving examination.

TURNING A CORNER

When turning a corner from a two-way street onto another two-way street, stay in your own lane and then turn into the lane in which you will be driving. Do not cut corners.

HILL PARKING

Signal toward the side of the road where you wish to park. Stop your vehicle parallel to the road, within 12 inches of the curb or road edge.

If you park on a street with curbing and your vehicle is heading downhill, you must turn the front wheels toward the curb. If you park your vehicle headed uphill, you must turn the front wheels away from the curb. If you park on a street without curbing and your vehicle is heading downhill or uphill, you must turn the wheels toward the side of the road on which you are parked. In either situation, you must set the parking brake and put the gear selector in “Park”.

When leaving the curb, release your parking brake, turn the wheels from the side of the road and use your turn signal. Look for oncoming traffic. When it is safe, pull slowly onto the street.
TURN-ABOUT
You will be asked to turn your vehicle around by turning left into an alley, roadway or driveway. Be sure to signal before turning. When you back out, stop before entering the sidewalk, street or highway. Yield to pedestrians and all vehicles. When backing, check all rearview mirrors and look over your right shoulder. When backing to the right, make sure not to back over the center line.

ONE-WAY TURNS
When turning onto a one-way street, turn into the first lane you come to. After you have completed your turn, you may turn on your turn signal again, look back and, when it is safe, move into the other lane.

MULTIPLE-LANE TURNS
When making a left turn onto a multi-lane street, you must turn into the inside lane (left-hand lane). After you have completed your turn into the inside lane and it is safe to do so, you may turn on your signal light and move into the right-hand lane.

When making a right turn into a multi-lane street, you must turn into the first lane you come to (right-hand lane). After you have completed your turn into the right-hand lane and it is safe to do so, you may turn on your signal light and move into the left-hand lane.
BACKING VEHICLE
You will be asked to back your vehicle for a short distance. Check first to see if it is clear. Look over your right shoulder if possible. If not, inform the examiner that because of a physical condition you cannot. If you cannot see all the way in back by looking, use your rearview mirror as well as your side mirrors. Back up as straight as you can. Do not weave back and forth.

OTHER POINTS THAT WILL BE CHECKED

• **DRIVING SPEED** — Observe all speed limit signs. Do not drive too slowly. (Example: The speed limit is 30 mph and a driver is going 15 mph, holding up traffic and causing an unsafe situation. Driving too slow can be just as dangerous as speeding under normal traffic conditions.)

• **CENTER LINES** — Do not weave back and forth across the center line. Stay in your traffic lane. If there is no center line, do not drive down the middle of the street or road.

• **RIGHT-OF-WAY** — Observe yield signs: When approaching a yield sign, slow down and check for traffic. Stop if you need to. Approaching an intersection: when a green light appears, be sure the intersection is clear of vehicles and people before moving your car. If there are no signs or traffic control signals and two vehicles arrive at the same time, the car on the right has the right-of-way.

FOLLOWING THE EXAM
When you return to the Driver Services facility, the examiner will discuss your test results. If you do not pass the driving exam, listen carefully to hear which driving skills you need to correct.

You may take the driving exam again if you did not pass. Remember, you have three chances in a one-year period to pass the driving exam. If after several attempts you are still having difficulty, ask the examiner how to obtain an instruction permit after your driver’s license expires.
WRITTEN EXAM — TRAFFIC SIGN IDENTIFICATION

Place the correct number in the space below each of the signs on the following page.

1. Winding Road Ahead
2. Crossroad
3. Divided Highway
4. Do Not Enter
5. Downgrade
6. Merge
7. No Passing Zone
8. No Right Turn
9. No U-Turn
10. Pedestrian Crossing
11. Persons with Disabilities Parking
12. Railroad Warning
13. Reduction in Lanes
14. Road Construction/Maintenance Area

19. Stop
20. Stop Sign Ahead
21. Traffic Signal Ahead
22. Two-Way Traffic
23. Warning of a Change in Direction or Narrowing of Roadway
24. Yield Right-of-Way
PEDESTRIANS
Drivers and pedestrians both are responsible for traffic safety. Drivers should always be prepared to yield the right-of-way and should not drive unnecessarily close to pedestrians.

TUNNEL AND PEDESTRIAN CROSSINGS
A pedestrian tunnel or pedestrian crossing bridge should be used when available.

ROADWAYS
Pedestrians must not walk on a roadway unless there is no sidewalk or shoulder next to it. Under these conditions, pedestrians should always walk as close to the outside edge of the road as possible. In two-way traffic, pedestrians should walk facing oncoming traffic. If a highway does not have a sidewalk but has a shoulder, pedestrians should always walk on the shoulder as far from the roadway as possible. Pedestrians should not walk on a roadway when under the influence of alcohol or other drugs.

PEDESTRIANS WITH DISABILITIES
When approaching a pedestrian with a disability who is utilizing a guide dog, a white cane, a wheelchair or other assistive device on a sidewalk or roadway, the pedestrian has the right-of-way and is granted the same rights as any pedestrian.

JOGGERS/WALKERS
Joggers/walkers should use jogging paths when provided. On public roads, joggers/walkers should try to select wide roads with good shoulders. They should face oncoming traffic and remember to look and listen for cars. At night or any time visibility is poor, joggers/walkers should be in well-lighted areas and wear reflective clothing.

MOTORCYCLES
Motorcycle riders have the same rights and responsibilities as other roadway users. Because of their size and vulnerability in a crash, it is important to pay special attention to motorcycles.

BICYCLES
On most roadways, bicyclists (including those on electric bikes) have the same rights and responsibilities as other roadway users. The following are important laws and safety tips regarding bicyclists:

• Bicyclists are prohibited on limited-access highways, expressways and certain other marked roadways.
• Bicyclists are required to travel in the same direction as vehicles.
• Bicyclists should travel just to the right of faster moving traffic. However, certain hazards such as rough surfaces, debris, drainage grates or a narrow traffic lane may require bike riders to move toward the center of the lane.
• Drivers must yield the right-of-way to a bicyclist just as they would to another vehicle.
• When passing a bicyclist, motorists must do so slowly and leave at least three feet of passing space.
• Crowding or threatening a bicyclist is prohibited.
• A motorist should not park or drive in marked bicycle lanes.
• When following bicyclists, give them plenty of room and be prepared to stop quickly. Use extra caution during rainy and icy weather. At night do not use high beams when you see an oncoming bicycle rider.
• After parking and before opening vehicle doors, a motorist should first check for bicyclists.
• When a motorist is turning left and there is a bicyclist entering the intersection from the opposite direction, the driver should wait for the bicyclist to pass before making the turn. Also, if a motorist is sharing the left turn lane with a bicyclist, stay behind them until they have safely completed their turn.
• If a motorist is turning right and a bicyclist is approaching on the right, let the bicyclist go through the intersection first before making a right turn. Remember to always signal when turning.
• Low-speed electric or gas bicycles must have a motor of less than 1 horsepower and must be operated by a person who is at least age 16.
• Low-speed electric and gas bicycles may only be driven on streets and may not exceed 20 mph. They may not be driven on sidewalks.
• Low-speed and electric bicycles must follow all laws applicable to bicyclists.

For more information, an *Illinois Bicycle Rules of the Road* booklet is available at your local Driver Services facility or at www.cyberdriveillinois.com.

**PARKING PROGRAM FOR PERSONS WITH DISABILITIES**

**APPLICATION**

To receive Persons with Disabilities license plates or a parking placard, an application must be completed by the applicant and his/her physician. A licensed physician must certify on the application that the applicant has one of the qualifying disabilities. The application also must include the applicant’s date of birth, gender and driver’s license or state ID card number.

Applications are available from your local Driver Services facility or by contacting: Persons with Disabilities License Plates/Placard Unit, 501 S. Second St., Rm. 541, Springfield, IL 62756. Applications also are available at www.cyberdriveillinois.com.

**PERSONS WITH DISABILITIES LICENSE PLATES**

Persons with permanent disabilities may obtain disability plates for vehicles titled in their name. An immediate family member residing in the same household may obtain one set of plates if the qualifying person with disabilities does not own a vehicle and must rely on someone else for transportation. If a person does not meet the above criteria, he/she is only eligible for a permanent parking placard.

Corporations, school districts and special education cooperatives that transport persons with disabilities also are eligible for disability plates; however, if the corporation transports passengers for compensation, the plates are not allowed.

**PARKING PLACARDS**

The Secretary of State’s office also issues parking placards free to persons with disabilities. There are four different types of placards (see below).

| ORGANIZATION |
| Placards are **GREEN** and issued to organizations that transport persons with disabilities. The placard expires in April 2018. |

**IMPORTANT:** The authorized holder of disability plates and/or a parking placard must be present and must enter or exit the vehicle at the time parking privileges are being used.
