

GUIDE TO THE
SECRETARY OF STATE

LITERACY EFFORT

JESSE WHITE
SECRETARY OF STATE
AND STATE LIBRARIAN

ILLINOIS
STATE
LIBRARY

2 • 0 • 1 • 5

As Secretary of State and State Librarian, I am committed to ensuring that all Illinois citizens have access to quality literacy programs that set them on the path to lifelong learning.

The Illinois State Library's Literacy Office addresses the educational needs of adult learners and families through adult volunteer, family and workplace literacy projects. Learners in these programs embark on a journey of lifelong learning with the assistance of dedicated volunteer tutors, teachers and mentors in more than 150 literacy projects throughout the state.

Adult Volunteer Literacy programs provide one-on-one tutoring for adults who want to improve their reading, math, writing and language skills. Penny Severns Family Literacy programs equip parents with the skills needed to help themselves and their children get a good start on their education. The educational needs of working adults are met through Workplace Skills Enhancement programs, which provide on-site learning opportunities at their workplaces.

One of the best ways you can help the literacy effort in Illinois is by becoming a volunteer tutor. If you are interested in joining this effort, please contact the Illinois Adult Learning Hotline at 800-321-9511.

Literacy Need in Illinois

The most recent census information collected by the American Community Survey indicates a great need for adult literacy and English language instruction among the 12.9 million Illinois residents.

The survey indicates that 2.7 million (22.2 percent) residents over age 5 speak a language other than English in their homes. Of those who speak a language other than English, 1.5 million (57.1 percent) report that they speak English less than very well. These numbers only reflect some of the Illinois residents who could benefit from English language instruction. Many factors hinder the survey from capturing all those who would benefit from English language instruction. For example, immigrants from other countries who lived under oppressive governments may hesitate to respond to the census, and some people may also over estimate their own language proficiency.

The survey also shows that of the 8.4 million Illinois residents over age 25, about 491,000 (5.8 percent), have less than a ninth-grade education. In addition, another 618,000 (7.3 percent) residents have between a ninth-grade and 12th-grade education with no high school diploma. That means 1.1 million (13.1 percent) of the population over age 25 do not have a high school diploma. Since the survey did not take into account residents between ages 18 and 24 who have less than a ninth-grade education or no high school diploma, these numbers may be higher. Also, there are people who graduate from high school and yet lack adequate literacy skills.

Therefore, conservatively, these figures show that roughly 2.6 million (20 percent) of Illinois residents could benefit from adult literacy or English language instruction. (Source: American Community Survey, 2008-2012, <http://factfinder2.census.gov>)

Secretary of State

— Illinois State Library Literacy Grants —

The Illinois State Library Literacy Office administers the **Adult Literacy Grant Program** that supports services in the following areas:

- **Adult Volunteer Literacy Project** — Provides training for volunteers who tutor adults over age 17 in basic reading, math, writing or language skills. Participating educational agency partners may include libraries, volunteer tutoring organizations, community-based organizations, community colleges, regional offices of education, schools (individual and public), pre-K programs, school districts, domestic violence shelters and correctional facilities.
- **Penny Severns Family Literacy Project** — Provides instructional services to parents and children to enhance their basic reading, math, writing or language skills together and separately. Participation by the entire family increases the benefits of the instruction. Projects must partner with an adult literacy provider, a child-at-risk organization and a library.
- **Workplace Skills Enhancement Project** — Provides on-site instructional services to employees of Illinois businesses to enable them to increase their basic reading, math, writing or language skills, maintain their employment and increase their eligibility for promotion. Eligible employees read at or below the ninth-grade level. Grantees must match the grant award and may also provide instructional services to prospective employees. The fiscal agent and submitting agency may be either the educational partner or the business partner.

Application information for grants is available at www.cyberdriveillinois.com (click Departments, Illinois State Library, Literacy) or call 217-785-6921 or 800-665-5576, #3.

— Adult Volunteer Literacy Project —

FY 2014 final reports submitted by 88 programs funded through the Illinois State Library Literacy Office revealed the following statistics:

Student Statistics

- 18,675 students served.
- Average student age is 39.
- 61 percent are female and 39 percent are male.
- 36 percent of the adult learners are employed.
- 49 percent of the students study English as a Second Language.

Volunteer Statistics

- 7,982 volunteers.
- 73 percent of the volunteers are female.
- The average age is 49.
- On average, volunteers spent 14.27 hours in preservice training and two hours of in-service training.
- According to the Independent Sector, volunteer service equates to \$24.08 per hour in Illinois. Therefore, volunteers provided \$8,930,053 of service. For more information, visit www.independentsector.org/volunteer_time.

Inmate Programs

- 17 volunteer literacy tutoring grantees coordinated tutoring services in 22 correctional facilities.
- 1,601 students were served in a correctional setting.

FY14 Vignette

McHenry County College, Crystal Lake

A young Jamaican man visited McHenry County College four years ago seeking literacy tutoring. Introverted and reluctant to talk, college staff assisted him in completing his intake form and assessment because he could not read and had a grade equivalent of zero.

Matched with a wonderful tutor, a retired commercial pilot who also served as a strong male role model, they worked together to develop reading skills. He now has a full-time job and is able to live on his own.

This past April, the man and his tutor spoke at the annual Volunteer Tutor Appreciation Brunch. The tutor complimented him on his remarkable progress, telling the audience he was an intelligent person who never had the opportunity to learn. The student, in turn, complimented his tutor for changing his life, making it possible to happily live and work in the U.S. He was grateful that the tutor took the time to help him read, acquire math skills and assist in many other tasks that led him to become an independent and productive person.

For the staff who assisted in those initial visits, the change has been dramatic. This student who once could barely communicate with anyone was now speaking in front of a large audience thanking the Adult Literacy Program and its volunteers for giving him a chance at a wonderful life.

Spotlight on Achievement and Spotlight on Service Awards

The FY 2014 awards, sponsored by Secretary of State and State Librarian Jesse White and the Illinois Press Association's Foundation, recognized 10 individuals nominated from current adult learners statewide who have shown tremendous growth as they work to improve their reading skills or to learn the English language. Each adult learner received a plaque, a personalized *Illinois Blue Book*, a check for \$200 and a bag of books.

Ten literacy volunteer tutors also were honored for their generous efforts and dedication in helping adult learners reach their reading goals. Each volunteer received a plaque, a personalized *Illinois Blue Book* and \$200 to donate to the literacy program for which they volunteer.

For more information and forms for the 2015 Spotlight on Achievement and Service awards, visit www.cyberdriveillinois.com/departments/library/literacy/spotlight-awards.html or call the Literacy Office at 217-785-6921 or 800-665-5576, ext. 3.

2014 Spotlight on Achievement Award Winners

Standing left to right: Dennis DeRossett, executive director of the IPA; Telesforo Villasenor, De La Salle/Tolton Center, Chicago; Zitlalitl Vargas, De La Salle/Tolton Center, Chicago; Erasmo Vargas, De La Salle/Tolton Center, Chicago; Secretary White; Guadalupe Vargas, De La Salle/Tolton Center, Chicago; Em Thu Tran, Literacy Volunteers Fox Valley, St. Charles; Corey Hibbler, Southwestern Illinois College, Belleville. **Seated left to right:** Doris Wright-Simmons, De La Salle/Tolton Center, Chicago; Amy Golke, De La Salle/Tolton Center, Chicago; Senator Hunter; Sabra Dawson, Frontier Community College, Fairfield; Kayti Carter, Frontier Community College, Fairfield; Julie Andrus, YWCA of Pekin.

2014 Spotlight on Service Award Winners

Standing left to right: Dennis DeRossett, executive director of the IPA; Peter Barclay, Common Place Family Learning Center, Peoria; Marilyn Walker, Township High School District 214 Community Education, Arlington Heights; John Walker, Township High School District 214 Community Education, Arlington Heights; Victor Zamora, YWCA of Pekin; Secretary White. **Seated left to right:** Joyce Philpott-Moore, De La Salle/Tolton Center, Chicago; Dr. Carolyn Kampe, Prairie State College Adult Literacy Institute, Chicago Heights; Ruth Hurley, School and Tutors on Wheels, LaGrange Park; Samuel Byndom, accepting on behalf of William Curry, Urbana Adult Education Center, Urbana; Linda Cesario, Arlington Heights Memorial Library, Arlington Heights; Linda Buechting, John Wood Community College, Quincy. (Not pictured: Carole Shegog, Corazon a Corazan, Chicago).

ILLINOIS ADULT LEARNING HOTLINE

The Illinois Adult Learning Hotline serves as a statewide referral system for students and volunteers.

**To locate a literacy program or
volunteer as a tutor, call 800-321-9511.**

**You also may register and/or download Hotline promotional
materials at www.thecenterweb.org/alrc/index.html.**

— Penny Severns Family Literacy Project —

FY 2014 final reports submitted by 48 programs funded through the Illinois State Library Literacy Office revealed the following statistics:

Student (Adult) Statistics

- 1,413 adults served.
- 86 percent of the adults are female.
- 71 percent of the adults study English as a Second Language.
- Average age of the adult student is 33.
- 61 percent obtained a library card.

Student (Child) Statistics

- 1,926 children served.
- 53 percent of the students are female.
- Average age is 4.9.
- Average adult/child activity time together was about 15.56 hours; average child alone activity hours was 292.

FY14 Vignette

Black Hawk College, Moline

A student of Hispanic heritage in her early 40s, enrolled in Adult Basic Education (ABE) classes at Community Resource and Learning Center. She decided to return to school in order to further her education after struggling with many life events that led her to drop out of school. By 2012, she was raising three children by herself while working two jobs in order to support her family. Despite all of her challenges, Marnita always tried to arrange her work schedule so she would be home early enough to supervise her children. As her children grew older, she decided it was time to complete her schooling, which would create opportunities for higher paying and more satisfying jobs. From the time of her enrollment in the ABE class, her instructor became and remained deeply impressed by her strong work ethic, ability to set goals and determination to achieve those goals. Over the course of the next year and a half, she worked tirelessly toward attaining her GED. She maintained focus on her academic achievement while also being an avid participant in the program's Parent and Child Together activities, field trips and library programs.

She shared that her family's participation in the Family Literacy program allowed her to set a good example for her children and demonstrate the importance of an education. This student's hard work finally paid off when she attained her GED. She realizes that learning is power, and her new goal is to enroll in post-secondary education. She recently contacted her ABE instructor for a recommendation as part of the requirements for a community-based scholarship with the intent of enrolling at Black Hawk College.

— Workplace Skills Enhancement Project —

FY 2014 final reports submitted by 24 businesses funded through the Illinois State Library Literacy Office revealed the following statistics:

Typical Employee/Student Statistics

- 403 employees instructed.
- About 51 percent of the students are female.
- Average age of employees was 41.
- 96.7 percent of the employees study English as a Second Language.

Why employees want to participate in Basic Skills Training

- They will be less reliant on translators and more confident in communicating with supervisors and co-workers.
- They will use math skills learned in the classes on the floor daily.
- They will be eligible for promotions that become available.

Why employers want to participate in Basic Skills Training

- Employees are better able to communicate with immediate supervisors and to participate and contribute in work team activities.
- Supervisors notice that participants have a better understanding of manufacturing practices and are able to use that to check shop orders.
- Promotion of individuals who have participated in the classes result in improved morale, heightened expectations and greater interest in additional training.

FY14 Vignette

Decatur Foundry, Inc., Decatur

Educational Provider: Richland Community College

Decatur Foundry, Incorporated (DFI), whose objective is to increase the education level of its employees, is a first-time recipient of a Workplace Skills Enhancement Grant. A leader in manufacturing iron castings that can weigh from 100 to 15,000 pounds, DFI serves customers across the U.S., Mexico and Canada.

Partnering with Richland Community College, the company provides instructional opportunities to workers who can then take on more responsibilities and perform higher-level tasks with the opportunity for promotion. DFI employees were receptive to the opportunity, even attending classes in less than ideal conditions. These workers have significantly improved their math and reading skills and many have the ability to continue with other training. There has been a positive end result with increased employee morale and confidence in their work. Two employees have received their GED, three are transitioning to higher level courses and another student has seen his adult children begin post secondary education, motivated by their father's class attendance.
