

An Important Notice about Reinstatement

A mandatory requirement for reinstatement of your driving privileges is your participation in an approved Graduate to Safety Driver Remedial Education course. The fee for this course will not exceed \$100.00. You must complete the course through one of the approved driver remedial education providers listed. Failure to attend and complete this course will prohibit the reinstatement of your driving privileges.

If the length of your suspension is six (6) months or greater, you will be required to appear at a driver services facility to re-apply for a driver's license or instruction permit at the termination of the suspension period, provided you are eligible for reinstatement. All tests, issuance fees and payment of any outstanding fees will be required at the time of your application

Any additional information regarding the course requirements may be directed to the Driver Analysis Section at 217-782-2720. For all questions regarding your suspension, additional tickets which have extended your suspension and outstanding ticket fines you must speak to a representative of the Traffic Violations Section at 217-785-8619
