INTRODUCTION

The Illinois Register is the official state document for publishing public notice of rulemaking activity initiated by State governmental agencies. The table of contents is arranged categorically by rulemaking activity and alphabetically by agency within each category.

Rulemaking activity consists of proposed or adopted new rules; amendments to or repeaters of existing rules; and rules promulgated by emergency or peremptory action. Executive Orders and Proclamations issued by the Governor; notices of public information required by State Statute; and activities (meeting agendas; Statements of Objection or Recommendation, etc.) of the Joint Committee on Administrative Rules (JCAR), a legislative oversight committee which monitors the rulemaking activities of State Agencies; is also published in the Register.

The Register is a weekly update of the Illinois Administrative Code (a compilation of the rules adopted by State agencies). The most recent edition of the Code, along with the Register, comprise the most current accounting of State agencies’ rulemakings.

The Illinois Register is the property of the State of Illinois, granted by the authority of the Illinois Administrative Procedure Act [5 ILCS 100/1-1, et seq.].

b) The Department encourages managerial and supervisory staff of programs, services, and activities to respond to requests for reasonable accommodations and complaints of alleged discrimination before a matter gives rise to a formal grievance.

c) It is the intention of the Department to foster open communication with all individuals requesting readily accessible programs, services, and activities. Questions pertaining to the ADA or other federal and State civil rights laws, the applicable regulations, or the rights, privileges, and remedies afforded by these laws, should be directed to the ADA/Civil Rights Program Coordinator at the address listed in Section 1725.10. The Coordinator is responsible for the investigation of formal grievances, documentation of facts, and presentation of findings in advising management regarding possible recommendations to resolve pending disputes.

d) The rights and protections afforded by this Part are intended to benefit both Department employees and qualified individuals with disabilities or protected persons who apply or participate in each program, service, and activity offered by the Department. The use of this formal grievance procedure does not preclude the right to file a discrimination complaint directly with the Illinois Department of Human Rights, the United States Equal Employment Opportunity Commission (EEOC), or other federal or State agencies with jurisdiction over civil rights laws. The filing of a complaint of alleged discrimination may not be used as a basis for future retaliation adversely affecting the rights of any member of the public.
Section 1725.30 General Grievance Procedures

a) General
The Department will endeavor to respond to and resolve reasonable accommodation requests and any complaints of alleged discrimination without the need to resort to the formal grievance procedure established by this Part.

b) Outreach
The Department will provide a copy of this formal grievance procedure and the required formal grievance intake forms to anyone making a request or expressing a desire to file a formal grievance.

c) Assistance
The Department will assist a complainant with the completion of the formal grievance intake form upon request.

The time limits established in this procedure are in calendar days, unless otherwise stated, and may be extended with just cause by the Department or by mutual agreement of the parties. Extensions will be put in writing and signed by the complainant and the Coordinator at the Initial Level Review and by the complainant and the Director at the Final Level Review.

e) ADA/Civil Rights Program Formal Grievance Intake Forms
A formal grievance must be submitted in writing in the manner described in Section 1725.40 on the formal grievance intake form prescribed in Appendix A.

f) Screening

h) Withdrawal of the ADA/Civil Rights Program Formal Grievance Intake Form
The formal grievance intake form, or any part of the allegations, may be withdrawn by the complainant during the investigation upon receipt by the Coordinator of a written request for withdrawal.

i) Waiver
A complainant's failure to submit a formal grievance, to rectify an incomplete filing, or to appeal a notice of dismissal or the recommendation for resolution by the Coordinator to the next level of procedure within the specified time limits, shall mean that the complainant has withdrawn the grievance or has accepted the last response from the Department given in the grievance procedure.

j) Dismissal of the Formal Grievance
If a formal grievance is filed in an untimely or incomplete manner, then the Coordinator will document that finding and notify the complainant and other concerned parties of dismissal within 10 business days by certified mail.

f) The Coordinator will investigate a formal grievance and make reasonable efforts to resolve the matter.

Section 1725.50 Initial Level Review

When a fully completed formal grievance intake form is received in a timely fashion, the ADA/Civil Rights Program Coordinator will proceed to investigate the allegations. All concerned parties, including the complainant's immediate manager or supervisor, when applicable, will be contacted for relevant information and may be requested to avail themselves to a fact-finding conference. After investigation and analysis of the merits, regardless or whether there is reasonable cause to believe that a reasonable accommodation request may have been erroneously denied or that discrimination may have occurred, the Coordinator will document that finding and notify the complainant and other concerned parties, by certified mail, of dismissal or possible recommendations to resolve the pending dispute. Service of a notice shall be deemed complete five business days after mailing. If the grievance cannot be satisfactorily resolved at this initial level review within the next five business days, then the Coordinator will document the efforts made to resolve the dispute and close the record unless the complainant appeals a notice of dismissal or the Coordinator's recommendations to the next level of review in a timely manner.

Section 1725.60 Final Level Review

a) If a grievance has not been resolved by the ADA/Civil Rights Program Coordinator to the satisfaction of the complainant, the complainant may appeal to the Director for final review. a copy of the formal grievance intake form, any responses from the Coordinator, together with a short written statement explaining the reasons for dissatisfaction with the possible recommendations to resolve the pending dispute, and any other supporting documentation. The date of service of the written response shall be deemed to be the date of its mailing. The Director will extend the period for submitting the appeal and supporting documentation for up to five additional calendar days, upon complainant's request.

b) The Director may request that the complainant either appear in person, or by an advocate, or respond to pertinent questions in writing. The Director is authorized to conduct interviews and seek relevant advice and additional evidentiary information with respect to the grievance as he or she deems appropriate.

c) The Director will approve, disapprove, or modify the Coordinator's dismissal or recommendations and issue a written decision stating the reasons for the official position of the Department. A copy of the decision will be sent by certified mail to the complainant and other concerned parties within 45 business days after receipt of the appeal. The Director's decision shall be the final decision of the Department.

d) The record of a formal grievance, including the formal grievance intake form, the Coordinator's responses, the complainant's statement of reasons for dissatisfaction, and the decision of the Director, shall be maintained in accordance with the State Records Act [5 ILCS 160] or as otherwise required by law.

Section 1725.70 Accessibility Policy

The Department on Aging shall ensure that all stages of this formal grievance procedure are readily accessible to and usable by qualified individuals with disabilities in accordance with federal and State laws and regulations.

Section 1725.80 Case-by-Case Resolution

DEPARTMENT ON AGING

NOTICE OF PROPOSED RULES

In some cases, regulations for a given water area or site may extend beyond the counties listed. Since large rivers or streams usually flow through many counties, the term "Multiple" is used rather than listing all counties where the large stream or river flows.

East of Wolf Creek Road, fishing from boats is permitted from March 15 through September 30. Fishing from the bank is permitted all year only at the Wolf Creek and Route 148 causeways. On the entire lake, jugs and trotlines must be checked daily and must be removed on the last day they are used. It is illegal to use stakes to anchor any trotlines; they must be anchored only with portable weights and must be removed on the last day they are used. The taking of carp and buffalo with bow and arrow is permissible.

5) Except that sport fishermen may take carp, carpsuckers, buffalo, gar, bowfin and suckers by pitchfork, gigs, bow and arrow or bow and arrow devices.

NOTICE OF PROPOSED AMENDMENT

SUBPART E: ADDITIONS TO AND SUBTRACTIONS FROM TAXABLE INCOME OF INDIVIDUALS, CORPORATIONS, TRUSTS AND ESTATES AND PARTNERSHIPS

Section 100.2406 Addition Modification: Interest and Dividends Paid or Accrued to Taxpayer But Not Included in Taxpayer's Adjusted Gross Income or Taxable Income (IITA Section 203(a)(2)(A), 203(b)(2)(A), 203(c)(2)(A) and 203(d)(2)(A))

a) Scope. IITA Section 203 requires all taxpayers to add back to their adjusted gross income or taxable income an amount equal to all amounts paid or accrued to the taxpayer as interest and dividends during the taxable year to the extent excluded from gross income in the computation of adjusted gross income or taxable income.

1) Individual taxpayers. Individuals are required to add back federally tax-exempt interest and dividend income. Individuals are not required to add back stock dividends of qualified public utilities excluded from gross
income under IRC section 305(e) (as in effect prior to its repeal by the Omnibus Budget Reconciliation Act of 1990, Public Law 101-508), which applied to distributions made prior to January 1, 1986. (See IITA Section 203(a)(2)(A).)

2) Corporate taxpayers. Corporations (including Subchapter S corporations) are required to add back federally tax-exempt interest and, for taxable years ending on or after December 31, 1987, all tax-exempt interest distributions received as a shareholder in a regulated investment company. (See IITA Section 203(b)(2)(A), as amended by Public Act 85-731.)

3) Trusts and estates. Trusts and estates are required to add back federally tax-exempt interest and dividend income. (See IITA Section 203(c)(2)(A).)

4) Partnerships. Partnerships are required to add back federally tax-exempt interest and dividend income. (See IITA Section 203(d)(2)(A).)

5) Pass-through entities. A shareholder of a Subchapter S corporation, a beneficiary of a trust or an estate, or a partner in a partnership must add back all distributive shares of tax-exempt interest or dividends received from the Subchapter S corporation, trust or estate, or partnership to the same extent it would be required to add back those items if it had received them directly.

b) General definitions. The terms "interest" and "dividends" are not defined in the IITA. IITA Section 102 requires that except as otherwise expressly provided or clearly appearing from the context, any term used in the IITA shall have the same meaning as when used in a comparable context in the United States Internal Revenue Code.

1) Interest. Interest required to be added back under this Section means amounts excluded from gross income under IRC section 103 or IRC section 116 prior to its repeal by the Tax Reform Act of 1986, Public Law 99-514.

A) Interest excluded from gross income under IRC section 103 includes:
DEPARTMENT OF REVENUE

NOTICE OF PROPOSED AMENDMENT

i) amounts deducted from "taxable investment income" of a life insurance company under IRC section 804(a)(2)(A)(i), which, prior to its repeal by the Deficit Reduction Act of 1984, Public Law 98-369, allowed a deduction for "interest which under section 103 is excluded from gross income." (See IITA Section 203(b)(3), prior to amendment by Public Act 88-648.);

ii) interest excluded from life insurance gross income under IRC section 803(a)(3), but not including the policyholders' share of tax-exempt interest treated as gross income under IRC section 807(a)(2)(B) or (b)(1)(B); and

iii) amounts deducted from "taxable investment income" of a non-life insurance company under IRC section 822(c)(1) (prior to redesignation by the Tax Reform Act of 1986 (Public Law 99-514)) or IRC section 834(c)(1) (after redesignation by the Tax Reform Act of 1986 (Public Law 99-514)), which allow a deduction for "interest which under section 103 is excluded from gross income."

B) In determining the amount of interest to be added back to Illinois taxable income, the taxpayer must include in income the same portion of accrued original issue discount interest each year in calculating Illinois base income as the taxpayer would be required to include in federal gross income under IRC section 1272 and 26 CFR 1.1232-3A were that interest subject to federal tax.

C) Taxpayers who purchase federally tax-exempt bonds at a discount must compute this addition modification using the criteria prescribed in IRC section 1288 by accruing the discount as interest income.

2) Dividends. Dividends required to be added back under this Section are dividends excluded from gross income under IRC section 116 prior to its repeal by the Tax Reform Act of 1986, Public Law 99-514, and "exempt interest dividends" received from a regulated investment company and excluded from adjusted gross income under IRC section 852(b)(5)(B). IITA Section 203(a)(2)(A) provides that individuals do not have to add...
back stock dividends excluded under IRC section 305(e). Accordingly, estates and trusts must add back dividends excluded under IRC section 305(e).

3) Interest and dividends required to be added back under this Section do not include amounts excluded from gross income under a provision of the IRC that excludes or exempts from taxation a category of income that includes items other than interest and dividends. For example, under IRC section 871(b)(2), gross income of a nonresident alien does not include any income from sources outside the United States. Interest and dividends received by a nonresident alien that are excludible from gross income because they are from sources outside the United States are not required to be added back under this Section.

15) Summary and Purpose of Amendments: New definitions and Sections have been added that replace current language concerning hospital bed categories and the counting of hospital beds. The new categories include "authorized hospital bed capacity", describing the total number of beds recognized by HFPB for planning purposes; "physically available beds", describing beds that are physically set up, meet licensure requirements and are available for use; "reserve beds", describing beds that are not set up for inpatients, but could be made physically available for inpatient use within 72 hours; and "transitional beds" describing beds that have been approved for a CON permit, but are

not yet physically available, as well as beds that are temporarily unavailable due to modernization projects that do not require a CON permit.

The amendments also contain the requirements for designating beds by each category, as well as reporting requirements, for IDPH to maintain an accurate count of total beds by type for each hospital in the State.

2) Identification of the physical location of patient care units (PCUs) and beds; and

3) If the report contains transitional beds, a description of the project and timetable for completion.

c) The annual bed report is to be certified as accurate by the hospital's Chief Executive Officer or his/her equivalent to the best of his/her knowledge. Once every three years, compliance of the PCUs and bed rooms with applicable facility requirements for new and existing facilities (77 Ill. Adm. SUBPART B: GENERAL DEFINITIONS

Section 1100.220 Definitions

"Act" means the Illinois Health Facilities Planning Act [20 ILCS 3960].

"Admissions" means the number of patients accepted for inpatient service during
HEALTH FACILITIES PLANNING BOARD

NOTICE OF ADOPTED AMENDMENTS

a 12-month period; the newborn are not included.

"Applicable Codes and/or Current Recognized Standards" means the current official codes of governmental bodies applicable under law or regulation to Illinois health facilities and/or standards of health facility design, construction and equipment promulgated on a regular or permanent basis by an authority, public or private. A listing of the applicable codes utilized in the application review process may be found in Appendix A of this Part.

"Authorized Hospital Bed Capacity" means the number of beds recognized for planning purposes at a hospital facility, as determined by HFPB. The operational status of authorized hospital beds is identified as physically available, reserve, or transitional, as follows:

"Physically Available Beds" means beds that are physically set up, meet hospital licensure requirements, and are available for use. These are beds maintained in the hospital for the use of inpatients and that furnish accommodations with supporting services (such as food, laundry, and housekeeping). These beds may or may not be staffed, but are physically available.

"Reserve Beds" means beds that are not set up for inpatients, but could be made physically available for inpatient use within 72 hours.

"Transitional Beds" means beds for which a Certificate of Need (CON) has been issued, but that are not yet physically available, and beds that are temporarily unavailable due to modernization projects that do not require a CON.

"Authorized Long-Term Care Bed Capacity" means the number of beds by category of service, recognized and licensed by IDPH for long-term care.

"Average Daily Census" or "ADC" means over a 12-month period the average number of inpatients receiving service on any given day.

"Average Length of Stay" or "ALOS" means over a 12-month period the average duration of inpatient stay expressed in days as determined by dividing total inpatient days by total admissions.
"Bed Capacity or Existing Bed Capacity" means the number of beds recognized for planning purposes at a facility as determined by the Illinois Department of Public Health.

The bed capacity which is utilized for each category of service identified in the Bed Need Determination Section reflects one of the following:

- Measured or Surveyed Bed Capacity — the number of beds by category of service which could be operated based on the amount of clear and usable floor area allowing:
  - 100 square feet per bed in single-occupancy rooms.
  - 80 square feet per bed in multi-occupancy rooms.
  - 40 square feet per bassinet in pediatric nurseries.

- Functional Bed Capacity — the number of beds by category of service the facility considers appropriate to place in patient rooms taking into account patient care requirements and the ability to perform the regular functions of patient care required for patients for the particular category of service involved.

- Licensed Bed Capacity — the number of beds by category of service recognized and licensed by the Illinois Department of Public Health. (Currently applies only to Long-Term Care Facilities.)

"Category of Service" means a grouping by generic class of various types or levels of support functions, equipment, care or treatment provided to patient/residents. Examples include but are not limited to medical-surgical, pediatrics, cardiac catheterization, therapeutic radiology, etc. A category of service may include subcategories or levels of care that identify a particular degree or type of care within the category of service.

"Executive Secretary or Secretary" means the chief executive officer of the State Board, responsible to the Chairman and, through the Chairman, responsible to the State Board for the execution of its policies and procedures.
HEALTH FACILITIES PLANNING BOARD

"Health Service Area" or "HSA" means the following geographic areas:

HSA I – Illinois Counties of Boone, Carroll, DeKalb, Jo Daviess, Lee, Ogle, Stephenson, Whiteside, and Winnebago

HSA IV – Illinois Counties of Champaign, Clark, Coles, Cumberland, DeWitt, Douglas, Edgar, Ford, Iroquois, Livingston, Macon, McLean, Moultrie, Piatt, Shelby, and Vermilion

HSA VI – City of Chicago

HSA VII – DuPage County and Suburban Cook County

HSA VIII – Illinois Counties of Kane, Lake, and McHenry

HSA IX – Illinois Counties of Grundy, Kankakee, Kendall, and Will

HSA X – Illinois Counties of Henry, Mercer, and Rock Island

HSA XI – Illinois Counties of Clinton, Madison, Monroe, and St. Clair

"Hospital" means a facility, institution, place or building licensed pursuant to or operated in accordance with the Hospital Licensing Act [210 ILCS 45] or a State-operated facility that is utilized for the prevention, diagnosis and treatment of physical and mental ills. For purposes of this Subchapter, two basic types of
HEALTH FACILITIES PLANNING BOARD

NOTICE OF ADOPTED AMENDMENTS

hospitals are recognized:

General Hospital – a facility which offers an integrated variety of categories of service and which offers and performs scheduled surgical procedures on an inpatient basis.

Special or Specialized Hospital – a facility which offers, primarily, a special or particular category of service.

"Illinois Department of Public Health" or "Agency" or "IDPH" means the Department of Public Health of the State of Illinois. [20 ILCS 3960/3]

"Modernization" means modification of an existing health care facility by means of building, alteration, reconstruction, remodeling, replacement, the erection of new buildings, or the acquisition, alteration or replacement of equipment. Modification does not include a substantial change in either the bed count or scope of the facility.

"Observation Days" means the number of days of service provided to outpatients for the purpose of determining whether a patient requires admission as an inpatient or other treatment. The observation period shall not exceed 48 hours.

"Occupancy Rate" means a measure of inpatient health facility use, determined by dividing average daily census by the calculated capacity. It measures the average percentage of a facility's beds occupied and may be institution-wide or specific for one department or service.

"Occupancy Target" means a minimum utilization level established by IDPH for a facility or service, reflecting adequate access as well as operational efficiency.

"Patient Days" means the total number of days of service provided to inpatients of a facility over a 12-month period. This figure includes observation days if the observation patient occupies a bed that is included in the State Agency's Inventory of Health Care Facilities and Services as described in Section 1100.70.

"Population" or "Population Projections" means the latest estimates available as determined by IDPH.

"Planning Area" means a defined geographic area within the State established by
HEALTH FACILITIES PLANNING BOARD

NOTICE OF ADOPTED AMENDMENTS

the State Board as a basis for the collection, organization, and analysis of information to determine health care resources and needs and to serve as a basis for planning.

"Site" means the location of an existing or proposed facility. An existing facility site is determined by street address. In a proposed facility the legal property description or the street address can be used to identify the site.

"State Board" means the Health Facilities Planning Board established by the Act. [20 ILCS 3960/3]

"Unit" means the grouping of beds to provide a category of service. Units are physically identifiable areas that are staffed to provide all care required for particular service.

"Use Rate" means the ratio of inpatient days per 1,000 population over a 12-month period (Inpatient Days/Population in Thousands = Use Rate).

"Use Rate or Utilization Maximum" means a ceiling placed on an area's use or utilization rate in order to reduce the projected need for beds or services. Use rate maximums are designed to prevent the overestimation of needed beds in formulas which utilize historical demand. Maximums are used in planning areas where historical demand is inflated due to an immigration of patients from other planning areas.

"Use Rate or Utilization Minimum" means a lower limit placed on an area's use or utilization rate in order to inflate the projected need for beds or services. Use rate minimums are designed to promote the development of beds in areas where historical utilization is too low to create a formula bed need. Low utilization is caused by a lack of services in the area or by an out migration of area residents to other areas for care.

"Utilization" means patterns or rates of use of a single service or type of service, within a given facility or also in combinations of facilities. Use is expressed in rates per unit of population at risk for a given period.

"Variance" means an exception to computed need based upon criteria or conditions for particular categories of service.

  1130.410  Amendment  31 Ill. Reg. 14198; October 12, 2007
15) **Summary and Purpose of Amendment**: The prior rule concerning the Certificate of Need (CON) application processing fee schedule determined fees according to total project cost. Predetermined application fees were set for projects with total costs under a certain threshold and projects with total costs over the threshold. A maximum fee was set for projects with costs exceeding $50,000,000.

This adopted amendment establishes a distinction between fees for clinical service areas (i.e., Pediatric beds, Radiology, etc.) and non-clinical service areas (i.e., administrative offices, gift shop, etc.)

Under the adopted amendment, the CON application processing fees are pro-rated by project costs assigned to the clinical service areas and the non-clinical service areas of a proposed project, as follows:

- For projects that are composed of only clinical service areas, the fees shall be calculated on 100% of the total project cost.
- For projects that are composed of only non-clinical service areas, the fees shall be calculated on 50% of the total project cost.
- For combined service area projects, the fees shall be calculated on 100% of the clinical service area costs plus 50% of the non-clinical service area costs.
- The maximum application fee shall not exceed $100,000.

e) Candidates for the ranks of Master Sergeant, Lieutenant and Captain will participate in a written examination and an assessment exercise, as well as receive a performance appraisal and a seniority score. The combined score will be standardized to a 100 point scale. The top 65% of all Sergeants, Master Sergeants and Lieutenants participating in the total promotional process will be certified by the Board. The top 65% of candidates is calculated by taking the total number of candidates on that list, multiplying that number by 0.65 and, in a case of a fraction, rounding up to the next whole integer. Any officer whose rank on the list is equal to or less than that number shall be considered certified for promotion. All candidates competing for the ranks of Lieutenant and Captain

5) Southern Association of Colleges and Schools;
6) Western Association of Schools and Colleges.

f) The Board will certify to the Director the top 65% of those Troopers and Special

   is calculated by taking the total number of candidates on that list, multiplying that
   number by 0.65 and, in a case of a fraction, rounding up to the next whole integer.
   Any officer whose rank on the list is equal to or less than that number shall be
   considered certified for promotion.

jointly by the Illinois State Police and the Illinois State Police Merit Board for
promotional purposes.

h) The top 10 candidates on each certification list for all ranks are equally eligible
   for promotion by the Director; however, in the event of a tied score, all candidates
   obtaining such score shall be equally eligible for promotional consideration. The
   Director may promote accordingly any one of the eligible candidates in
   accordance with Equal Employment Opportunity Commission regulations (29
   CFR 1600 et seq. (July 1, 1982)) and Illinois Department of Human Rights
guidelines.
NOTICE OF ADOPTED AMENDMENT

1) As promotions are accepted or waived, that candidate with the next highest total promotional score on the list becomes equally eligible for promotion; however, in the event of a tied score, all candidates obtaining such score shall be equally eligible for promotional consideration;

2) Eligible candidates on the certification list may decline an offer of promotion without losing position on the certification list. In the event of declination, that candidate with the next highest total promotional score becomes equally eligible for promotion; however, in the event of a tied score, all candidates obtaining such score shall be equally eligible for promotional consideration.

i) Upon written notification from the Department to the Board that a candidate on the certification list has been suspended, is on leave of absence, or has applied for disability benefits, the Board will remove the candidate's name from the certification list. The candidate's name will be restored on the list in a position in proper relation to the total promotional scores remaining when the suspension or leave of absence terminates or the disability is removed.

j) The certification list shall remain in force until the new certification list has been established; however, in the event that a certification list becomes exhausted, the Director will file a written request with the Board asking for the certification of additional names on any one list if necessary to fill vacant positions.

k) Candidates for the rank of Major will be nominated to the Board by written request from the Illinois State Police. The Board will review the position requirements, candidate information and any written/oral examinations necessary to determine if the candidate will be certified for promotion.
