INTRODUCTION

The Illinois Register is the official state document for publishing public notice of rulemaking activity initiated by State governmental agencies. The table of contents is arranged categorically by rulemaking activity and alphabetically by agency within each category.

Rulemaking activity consists of proposed or adopted new rules; amendments to or repealers of existing rules; and rules promulgated by emergency or peremptory action. Executive Orders and Proclamations issued by the Governor; notices of public information required by State Statute; and activities (meeting agendas; Statements of Objection or Recommendation, etc.) of the Joint Committee on Administrative Rules (JCAR), a legislative oversight committee which monitors the rulemaking activities of State Agencies; is also published in the Register.

The Register is a weekly update of the Illinois Administrative Code (a compilation of the rules adopted by State agencies). The most recent edition of the Code, along with the Register, comprise the most current accounting of State agencies’ rulemakings.

The Illinois Register is the property of the State of Illinois, granted by the authority of the Illinois Administrative Procedure Act [5 ILCS 100/1-1, et seq.].

4) **Statutory Authority:** Implemented and authorized by the Senior Citizens and Disabled Persons Prescription Drug Discount Program Act [320 ILCS 55]

5) **A Complete Description of the Subjects and Issues Involved:** The Senior Citizens and Disabled Persons Prescription Drug Discount Program (Act) [320 ILCS 55] established a program that allowed senior citizens and disabled citizens in the State of Illinois to receive prescription medication at a discounted rate. Central Management Services had this administrative responsibility and promulgated rules. Public Act 94-86 since established the Illinois Cares Rx Program, replacing this program and transferring administrative responsibility to the Department of Healthcare and Family Services. The Department of Healthcare and Family Services proposed emergency rules and published the rules for First Notice at 30 Ill. Reg. 482, effective January 1, 2006, for a maximum of 150 days. Those rules were finalized on May 26, 2006 at 30 Ill. Reg. 10274. Because CMS no longer has authority to administer the rule and the responsibility now belongs to another Agency, the entire rule is being repealed.

6) **Published studies or reports, and sources of underlying data, used to compose this rulemaking:** None

7) **Will this proposed repealer replace any emergency rulemaking currently in effect?** No

B) Reporting, bookkeeping or other procedures required for compliance: None

C) Types of professional skills necessary for compliance: None

14) Regulatory Agenda on which this proposed repealer was summarized: This rulemaking was not included on either of the 2 most recent regulatory agendas because: it was erroneously omitted.

AUTHORITY: Implementing Section 6 and authorized by Section 9.05 of the Board of Higher Education Act [110 ILCS 205/6 and 9.05].

Section 1070.401 Financial Aid Programs (Repealed)

a) Financial need should be the determining factor in the distribution of State-appropriated funds for student aid to undergraduate students in all sectors of Illinois postsecondary education. To this end, non-need based State scholarships should be eliminated. Any future increases in needs-based financial aid programs funded by the State should be administered by the Illinois State Scholarship Commission. The Illinois State Scholarship Commission should consider expanding eligibility of applicants for grants by decreasing the level of expected family contribution by income range.

b) The present Board policy limiting undergraduate institutional tuition waivers to two percent of an institution's annual fall full-time equivalent undergraduate enrollment should be implemented through budgetary measures by fiscal year 1977. This policy does not include waivers issued to University Civil Service employees and to graduate students. Tuition waivers may be awarded to eligible Civil Service employees of institutions according to the guidelines established by the University Civil Service Merit Board, and to graduate students according to guidelines established by governing boards.

c) The Illinois State Scholarship Commission should conduct a yearly survey of non-acceptors of monetary awards in an effort to evaluate the program and its success in the fulfillment of stated objectives. The Commission should also continue its periodic longitudinal study of award recipients as an aspect of program evaluation.

d) The maximum award of the Illinois State Scholarship Commission should increase as inflation forces increase in costs and tuition. The increase of the maximum award to $1,500 for fiscal year 1976 meets these objectives. In future years, increases should occur to maintain the maximum award at a level that approximates 65 percent of the weighted average tuition at private colleges and universities.

e) Student employment programs should be considered as an important source of funds for students in meeting college costs and their continuation should be encouraged. However, any expansion of student employment programs requiring additional State funding should be incorporated and justified in an institution's annual budget request.
f) The Illinois institutions of higher education, governing boards, and the Board of Higher Education should give high funding priority to the operation of student financial aid, counseling, and employment offices. These efforts should increase services to students in need of financial assistance, increase the utilization of federal and State student aid resources presently available, and honor the commitment to increase student access to higher education.

g) The Board of Higher Education should continue its efforts to develop a comprehensive data base that provides information relating to total student cost, tuition and fees, and financial aid programs in order to monitor:

1) Changes in federal and State financial aid policies and their potential or actual impact on enrollments and students' ability to meet college costs;

2) Changes in the unmet student cost between and within the public and private sectors of higher education;

3) The impact of tuition increases on enrollments and resulting changes in the distribution of students by family income;

4) Alterations in the unduplicated headcount of financial aid recipients within and among the various sectors of higher education.

h) An Illinois Delinquent Account Purchasing Program should be established by State statute. The program would qualify as an eligible holder of Illinois Guaranteed Loans and would be funded in a manner similar to a direct State loan program. In order to minimize collection expenses for eligible lenders, this program would involve the purchase from lenders, after required timely written notices to borrowers, of any loan in the early stages of delinquency. This program would qualify as an eligible lender in regard to holding student loans, would bill for and receive federal interest benefits and special allowances, and would file for default after diligent collection efforts have failed to cure a delinquency of over 120 days.

Section 1075.100 Purpose

This Part provides uniform tuition and fee waiver definitions and guidelines to be used by all Illinois public universities in reporting tuition and fee waivers to the Board of Higher Education and the Illinois General Assembly. In addition, this Part sets forth the undergraduate waiver limitation policies established by the Board of Higher Education.

Section 1075.200 Definitions

"Board" means the Board of Higher Education.
BOARD OF HIGHER EDUCATION

NOTICE OF ADOPTED RULES

"Public University" means Chicago State University, Eastern Illinois University, Governors State University, Illinois State University, Northeastern Illinois University, Northern Illinois University, Southern Illinois University, University of Illinois, and Western Illinois University.

"Standard Tuition and Fee Waiver Chart of Accounts" means the standardized list of waiver programs approved by the Board as outlined in Section 1075.500 and used for reporting purposes to the Board and the General Assembly. The Standard Tuition and Fee Waiver Chart of Accounts includes the following general categories:

"Mandatory Waiver" means a waiver that an institution is required by State statute to grant to students that meet the specific parameters and criteria included in statute.

"Discretionary Waiver" means a waiver that is granted at the discretion of the institution. Discretionary waivers include the following categories:

"Faculty and Staff Waiver" means a discretionary waiver awarded to public university faculty, staff, or other employees or their dependents.

"Student Talent or Merit Waiver" means a discretionary waiver awarded to students based on talent in a particular field, academic merit, or special status.

"Student Need Waiver" means a discretionary waiver granted to students demonstrating financial need.

"Student Service Waiver" means a discretionary waiver granted to students to support the university mission, goals, and objectives through participation in outside contracts; graduate or undergraduate research, teaching, or other assignments; training or grant programs; external internship programs; clinical portions of degree programs conducted at other institutions; or other student experiences.

"Waiver" means the amount of revenue that the public university intentionally relinquishes for one of the purposes included in the Standard Tuition and Fee Waiver Chart of Accounts and should be recorded as an expenditure.
"Waiver Accounting Classifications" means the following categories of waivers used for accounting purposes:

"Budgeted Waiver" means an estimated amount identified by the university as the total amount available to students in a particular fiscal year. Budgeted waivers are not identified with specific students or student positions.

"Granted Waiver" means a waiver that has been allocated to specific students or student positions. Granted waivers are available to students as reductions in tuition and/or fee charges.

"Expended Waiver" means that an individual student has been identified as the recipient of a granted waiver and the student's financial obligation account has been reduced by the granted waiver amount. Expended waivers may not exceed granted waivers. In instances when a student withdraws from class and is entitled to a reduction in tuition charges, a concurrent reduction in the expended tuition waiver may be recorded to recognize the reduction in remised tuition.

"Waiver Agreement" means an agreement between the public university and the student to reduce or eliminate the tuition and/or fees that normally would be charged to the student.

Section 1075.300 Waiver Accounting Classifications

All tuition and fees assessed against students should be recorded as revenue, even though there may be no intention of collecting the revenue from the student. A waiver is the amount of revenue that the university intentionally relinquishes for one of the purposes included in the Standard Tuition and Fee Waiver Chart of Accounts in accordance with Section 1075.500 and should be recorded as university expenditures. Tuition and fee waivers should be classified for accounting purposes by the university as budgeted, granted, or expended waivers. The classification of tuition and fee waivers is dependent on the point in the budgeting and accounting cycle that the transaction takes place.

Section 1075.400 Fiscal Year Reporting

a) Public universities shall report tuition and fee waivers annually to the Board in a common format provided by the Board.
b) Waivers shall be reported as budgeted, granted or expended waivers within the particular fiscal year in which the corresponding tuition and fees are recognized as revenue.

c) In instances in which waivers are adjusted after the end of the fiscal year, universities shall establish a cutoff date of August 31 to facilitate fiscal year waiver reporting. Adjustments made after the cutoff date will be allocated to the following fiscal year. Public universities will develop appropriate written procedures to implement the cutoff date.

Section 1075.500 Standard Tuition and Fee Waiver Chart of Accounts

Institutions must report waivers to the Board and Illinois General Assembly using the following waiver categories. The Board must approve all university requests for additional waiver reporting categories.

a) Mandatory Waivers shall be granted in accordance with the following statutes:

2) Each public university shall adopt an official list of waiver programs in which the university has chosen to participate. Allowable waiver programs include only those in accordance with Section 1075.500. The list of waiver programs offered by the university may be amended at the university's discretion and must be available to students, upon request. All waiver programs added to the university's list of available waiver programs also must be listed in the Standard Tuition and Fee Waiver Chart of Accounts. The university's list, and all amendments to the list, must be provided to the Board.

3) Each public university shall develop written procedures to assure that the total amount of budgeted tuition and fee waivers and the amount of expended tuition and fee waivers, by type, academic or administrative unit, and instructional level, are fully disclosed to the university board of trustees.

b) Waiver Applications

1) Each public university shall adopt written procedures concerning waiver applications. Public universities may have separate waiver applications for various waiver programs.
2) Each public university shall adopt and publish eligibility criteria for each waiver program in which it participates.

3) Waiver applications shall collect the information needed to determine whether a student meets the published eligibility criteria.

c) Student Eligibility and Selection

1) Each public university shall adopt written procedures to assure that waivers are granted only to students eligible for the waivers. The written procedures must include the criteria and processes for selecting waiver recipients when the number of eligible students applying for waivers exceeds the amount of available waivers.

2) Each department or unit granting waivers must have a clear description of the processes used to assign waivers, criteria used to award waivers (beyond the threshold criteria), and identification of persons who participate in the selection of individual waivers. Written documentation shall be maintained on why individuals were selected to receive waivers, as well as why applicants were not selected to receive waivers.

d) Waiver Agreements

1) Each public university shall adopt written procedures that provide the requirements for waiver agreements between students and the university.

2) Each student selected to receive a waiver for which the student is required to perform service must sign an agreement at the time of appointment with the university that delineates and determines the conditions of that service.

3) The agreement shall include the level of waiver support that the public university will provide to the student.

e) Records and Retention. Each public university shall adopt written procedures for waiver records and records retention incorporating the following principles:

1) Tuition and fee waiver records include, but are not limited to, written documentation for the university approved waiver listing, application cutoff dates, eligibility and selection criteria for each waiver program,
awarded and rejected applications, selection records, award notifications, records of rejected applicants, and procedures for entering waiver data into the university accounting system.

2) Tuition and fee waiver records shall be maintained for a minimum of five years. After five years, the university may dispose of the records, providing all audits have been completed under the direction of the Office of the Auditor General, if necessary, and no litigation is pending or anticipated. Each university, at its discretion, may retain records for longer periods.

f) Monitoring Waiver Programs

1) Each public university shall identify the administrative unit responsible for the overall monitoring of the university waiver program. The unit shall be responsible for assuring that procedures are in place to assure that waivers are awarded within the requirements of the State of Illinois, the policies of the Board, and the policies and procedures of the university board of trustees.

2) The designated administrative unit is responsible for assuring that the university adopts written policies and procedures and assuring implementation of appropriate methods of counting and reporting the value and number of waivers.

3) Each public university shall annually submit to the Board the university's policies and procedures for administering the university waiver program. Board staff will review the policies and procedures and report to the Board the results of that review in its evaluation of waiver programs.

g) University Internal Audits. It shall be the responsibility of each public university to assure that its tuition and fee waiver program is included in the university's internal audit plan and subject to periodic review by its internal audit staff.

Section 1075.700 Waiver Limits

a) The amount of undergraduate tuition revenue that a public university may waive is limited to three percent of total available undergraduate tuition revenue, subject to the exceptions listed in subsection (b). Total available undergraduate tuition revenue is the total of all tuition charged and waived.
b) Waivers excluded from the three percent limit include:

1) Mandatory waivers granted in accordance with Section 1075.500(a) of this Part;

2) Gender Equity in Intercollegiate Athletics waivers;

3) Foreign Exchange Student waivers;

4) Civil Service Staff: University Employee waivers;

5) Civil Service Staff: Interinstitutional and Related Agencies waivers; and

6) Waivers offered through Board-approved bilateral or multilateral tuition reciprocity agreements.

c) Waivers expended by a public university above the three percent limit may result in an equal amount being adjusted from the university budget during the next Board budget cycle.

Subpart B: Fitness Standards

Section 1457.90 Continued Fitness Standards

a) Personnel Standards

1) No household goods carrier shall permit any driver, helper, and/or packer to be used in the transportation of any household goods shipment or in the performance of accessorial services unless that person is trained in the
NOTICE OF ADOPTED AMENDMENTS

movement of household goods.

2) No household goods carrier shall knowingly permit drivers, helpers and/or packers to go on duty who are under the influence of alcoholic beverages or liquors of any kind, or narcotics, or habit-forming drugs not prescribed by a physician. Nor shall the use of these substances be allowed while the employees are on duty. Knowledge by the carrier is deemed to exist if known to the foreman or other manager of the crew.

b) Equipment Standards

1) Equipment and facilities utilized by a household goods carrier for the transportation of household goods shall be maintained in a manner that is sufficient to protect the goods from damage or breakage. The interior of those vehicles used to transport household goods shipments shall be clean and free from vermin and debris.

2) For shipments transported at hourly rates, the household goods carrier shall determine the number of men and the size and the number of motor vehicle equipment that is appropriate to provide safe and timely transportation services for the requested movement. If the carrier deviates from its initial determination as stated in the carrier's written estimate, the shipper shall not be charged for any resulting excess charges in unless the shipper is informed and agrees in writing. A notation shall be placed on the bill of lading indicating the number of men and motor vehicles initially estimated and the number actually furnished and used for the move.

c) Advertising Standards

1) For purposes of this Section, the term "advertisement" means any advertisement, solicitation, or other communication with the public in relation to the offer or sale of Illinois intrastate household goods transportation service. The term shall include advertisement by radio, television, internet, computer media or any other medium. The term shall not include a simple listing of household goods carriers' names, addresses, and telephone numbers, as in a telephone directory.

2) Each household goods carrier shall include, and shall require each of its agents to include, in every advertisement the full name of the originating
NOTICE OF ADOPTED AMENDMENTS

Household goods carrier as it appears on the carrier's license from the Commission. The advertisement shall also identify the carrier by showing the characters "ILL.C.C." followed by the license number assigned to the household goods carrier by the Commission.

3) Household goods carriers who are duly authorized agents for other licensed carriers, including carriers operating under the jurisdiction of the Federal Motor Carrier Safety Administration, may advertise and represent themselves as such an agent.

4) The following advertising practices shall not be conducted by household goods carriers:

A) Household goods carriers shall not advertise rates unless the following caveats are included in the advertisement:

   i) "Rates effective (date), subject to change"; and

   ii) "Actual charges governed by applicable tariffs, this advertisement notwithstanding";

B) Household goods carriers shall not misrepresent the scope of services offered and made available to the public under authority of the license issued by the Commission;

C) Household goods carriers shall not advertise that their operations are conducted at addresses or locations where duly authorized employees are not on duty during all business hours. The location of a telephone answering service does not constitute an address or location where duly authorized employees are on duty; and

D) Household goods carriers shall not advertise or otherwise offer to provide insurance or storage of personal property for compensation unless the carrier is duly licensed to engage in the offered activity by the appropriate agency of the State of Illinois; and

E) No applicant for household goods authority shall advertise by any means until authority to operate has been issued by the Commission.
d) Standards for Forms of Payment

1) Household goods carriers shall accept payment tendered in the following forms:
   A) Cash;
   B) Cashier's check; or
   C) Money order.

2) A household goods carrier may accept payment in other forms, including personal checks and credit cards, if to do so does not result in a practice that circumvents the statutory requirement that a carrier charge no more or less than the rate in the applicable tariff. No household goods carrier shall accept barter as payment.

3) A household goods carrier shall not refuse to accept any ordinary form of payment unless, before rendition of the service, the carrier has advised the shipper, in writing, that it would not accept payment in the form tendered.

e) Notification of any delay in pickup or delivery shall be given to the shipper by telephone, e-mail, fax, or in person, at the carrier's expense, as soon as it becomes apparent that the delay will occur, provided the shipper has given information sufficient for the communication.

f) All household goods carriers shall hold themselves out to provide a guaranteed delivery service at the tariff charge. The term "guaranteed delivery" shall mean that a carrier providing service shall perform delivery on a specified date.

g) No household goods carrier shall accept a shipment of household goods for transportation that is subject to the minimum weight, distance, or time provisions of the carrier's tariff without first having advised the shipper of the minimum weight, distance, or time provisions. Failure to advise the shipper, in writing, of the provisions shall void the minimum rate application.

h) All household goods carriers shall maintain on file with the Commission all required insurance coverage including, where applicable, insurance in compliance

with the Workers' Compensation Act [820 ILCS 305].

Subpart C: Insurance or Bond Coverage

Section 1457.150 Shipper Valuation Coverage

a) A household goods carrier's liability for loss or damage in the absence of a shipper's release, except as provided in subsection (b) is limited to the greater of:

1) Two dollars per pound per shipment times the weight of the shipment in pounds; or

2) The lump sum value declared in writing by the shipper.

b) The shipper, by his or her own handwriting, may agree to have a shipment valued for loss or damage purposes at 30 cents per pound per article. To release the shipment at 30 cents per pound per article, the shipper must insert the words "30 cents per pound per article" and his or her signature on the bill of lading.

(Source: Amended at 31 Ill. Reg. 3156, effective March 1, 2007)

Subpart E: Resolution of Household Goods Disputes

Section 1457.330 Mediation

If a shipper and carrier are unable to resolve a dispute, either party may request the Commission staff's participation in the dispute resolution process as a mediator.

a) Both shippers and carriers are required to participate in mediation in good faith. "Good faith participation" includes participation by a representative of the carrier who has authority to agree to settlement. However, the fact that a settlement is not achieved does not in itself constitute evidence of lack of good faith participation.

b) Mediation may take any form or employ any process to which the parties and the mediator agree. Mediation will terminate when the parties reach an agreement about all issues in dispute, when the shipper withdraws as a participant, or when
the staff mediator determines that there is no reasonable likelihood that the parties will reach an agreement on any issues remaining in dispute.

c) At the conclusion of mediation, the staff mediator will prepare a memorandum for the parties reflecting the terms of their agreement. If any issues remain unresolved, the staff mediator will give the parties a written opinion as to the merits of the issues remaining in dispute, based on the information available to the staff mediator and the applicable law. The opinion expressed by the staff mediator shall not be binding on the Commission.

b) Any limitations on the filing of suits by the shipper for loss or damage to a shipment must allow at least 2 years from the date of written notice by the carrier that it declined to pay the claim.

\textbf{c)} Issuance of a freight bill. After rendition of the service, all carriers shall issue to the person responsible for payment of freight charges a freight bill indicating the total charge for transportation service.

\textbf{d)} The bill of lading and the freight bill may be combined in a single document.

b) Estimates of the charges in relation to the transportation of household goods shall be on a Commission approved household goods estimate form. The Commission shall approve any form that:

1) Is identified at the top of the first page as an "Estimate of Charges";

2) Identifies on the first page the name of the carrier as it appears on its Commission license, the address of the carrier at which employees of the carrier are on duty during business hours, and the telephone number of the carrier;

8) Specifies the total estimated cost for the transportation of the shipment; and

9) Contains an area verifying that a copy of the Commission's consumer guide to household goods moves was provided to the shipper; and

10) Does not contain provisions contrary to this Part.

c) A signed copy of the estimate shall be delivered to the shipper before rendition of the service, and a copy shall be maintained by the carrier as part of its records.

d) If the total tariff charges for any shipment exceed the estimated charges plus 10%, the shipper shall become entitled to credit terms from the carrier tendering the shipment for delivery to cover that portion of the total charges that exceeds 110% of the estimated charges. The carrier, in such event, shall advise the shipper that he/she has up to 30 days to pay these additional charges amounting to the balance between the applicable tariff charges and the estimate for the move plus 10%.

   4) Operations may be conducted under the lease after filing or transmittal but before completion of review. A copy of the lease and an attached affidavit stating that the lease has been transmitted to the Commission, indicating the date of transmittal and stating that the lease is under review, are to be carried in the vehicle covered by the lease.

e) Receipts for equipment. Receipts, specifically identifying the equipment to be leased and stating the date and time of day possession is transferred, shall be given as follows:

These documents shall be preserved as part of the carrier's records.

2) Trip lease records. If the equipment is being leased for a period less than 30 days, the authorized carrier shall carry a copy of the lease records described in subsection (g)(1) in the leased equipment while it is operated under the lease. i) Cancellation. In the event that a carrier wishes to cancel a lease prior to the expiration date, it may file a notice of cancellation at the address for filing leases

Section 562.20 Definitions

For the purposes of this Part, the following terms shall have the following meanings:

Customer Financial Analysis (IL 488-0265) (Financial Analysis) – the form developed by DHS-ORS to determine customer and family financial participation.

Customer Financial Participation – the amount of money, as determined by the completion of the Financial Analysis, that a customer and/or the customer’s family must contribute to the cost of services and the amount of any voluntary contributions the customer and/or his/her family wish to contribute to the cost of services.

Dependent – a customer who receives half or more of his/her support from the family; however, customers receiving training service at an institution that participates in the federal assistance program, dependency of the customer shall be verified by information contained in the Free Application for Federal Student Aid (FAFSA).

Family – for the purpose of identifying those individuals included in the family when completing the Financial Analysis, the term "family" shall include the customer and all other family members. A family member is anyone who resides in the same household and is related to the customer by blood or marriage or has a close interpersonal relationship with the customer.

Income – all earned and other income from all sources, including all types of public support; wages, tips; disability payments; Workers Compensation; interest or dividends from investments, savings, trust funds, certificates of deposit, etc.; child support, spousal support; income from rental and leased property; and private sources. purpose of completion of the Financial Analysis, unless those assets have been established for the support or training of the customer.

Proof of Income – the portion of the most recent tax return that contains the adjusted gross income and the signature of the person submitting the return. Proof of income must be provided for each individual included in the definition of family. An estimated annual income will be calculated based on current wage records if an annual federal tax return has not yet been completed or if the financial status has significantly changed since the last submitted tax return.

Services – those services provided by and through DHS-DRS to customers of the Vocational Rehabilitation Program VR and as described at 89 Ill. Adm. Code 590 – Services.

Standard Budget Allowance (SBA) – a figure equal to 70% of the State Median Income figures established by the Office of Community Programs of the United States Department of Health and Human Services that are published annually in the Federal Register.

Unusual Allowable Expenses – expenses directly related to the customer's or other family member's disability, such as on-going medical treatment, medication, adaptive equipment, a one-time allowance for the purchase of a van or van modification and rehabilitation technology services, that are currently being paid by the customer and/or customer's family that are not paid for through insurance or any other source and/or cost associated with another family member attending post-secondary education that are paid by the family. Unusual Allowable Expenses shall not be included in the customer Financial Analysis without appropriate documentation of each expense not paid by any other source.

Section 562.30 Financial Analysis Completion

a) The following factors will be considered in completing the Financial Analysis:

participation as listed in subsection (b) below, all customers seeking services through DHS-DRSORS and, when appropriate, the customer's family must complete the Financial Analysis and participate in the cost of services as indicated by the Financial Analysis. The level of the customer's or family's participation in non-exempt services shall be determined by the Financial Analysis.

3) In completing the customer's Financial Analysis, the customer's income shall be calculated. The customer's family's income shall be used when the customer is married or the customer is a dependent. Proof of income must be provided and retained for each individual.

b) Customer financial participation shall be required for all services except the following:

1) evaluation of rehabilitation potential, including the evaluation component of the Helen Keller National Center, Sand-Point NY. This includes room and board and transportation;

2) services or instruction provided directly by DHS-DRSORS staff or in a DHS-DRSORS managed facility/institution;

3) assessment and placement through any approved community rehabilitation program (89 Ill. Adm. Code 530);

4) the evaluation, vocational, and academic fees related to participation in the work/study component of the summer program and the nine month hearing impaired pre-vocational program at Northern Illinois University. Rules pertaining to financial participation in the Increased Costs section shall apply to customers participating in this program (89 Ill. Adm. Code 590.660 and 590.670);

5) services provided through the Bureau of Blind Service's transition program (Transvision) or the Secondary Transitional Experience Program (STEP) (89 Ill. Adm. Code 590: Subpart L);

Section 562.40 Financial Participation

a) The Financial Analysis must be completed prior to the initiation of the IPE (89 Ill. Adm. Code 572) unless the IPE developed for the customer includes only those services exempt from financial participation as listed in Section 562.30(b) of this Part.

b) The Financial Analysis must be readministered at least annually and at any time there is reason to believe there is a change in the customer's financial situation that will affect customer financial participation.

c) The Financial Analysis is completed by adding all customer and family income, subtracting the SBA for a family the size of the customer's family, and subtracting Unusual Allowable Expenses. The final product of these calculations shall be divided by two to determine the amount of required customer financial participation, if any. For customers participating in Graduate School Training, the customer's graduate training fee will be in addition to this amount (89 Ill. Adm. Code 590.240).

d) The customer and/or customer's family will also be asked, as part of the completion of the Financial Analysis, for voluntary financial participation they are willing to make towards the cost of the customer's rehabilitation.

e) Failure on the part of the customer and/or the customer's family to cooperate in the completion of the Financial Analysis or participate in the cost of services, if participation is indicated, shall be reason for DHS-DRSORS to deny all services except those listed in Section 562.30(b) of this Part.

f) Falsification by the customer and/or the customer's family of information used to complete the Financial Analysis shall be grounds for immediate termination of services through DHS-DRSORS and may result in DHS-DRSORS taking legal action to recoup monies previously expended by DHS-DRSORS in providing services to the customer.

b) The rehabilitation counselor/instructor must inform the DHS Office of the General Counsel-ORS Legal Division of any known workers' compensation proceedings or other litigation in which services provided by DHS-DRSORS are a measure of damages.

COMPARABLE BENEFITS

Section 567.10 General Applicability
Section 567.20 Definition of Comparable Benefits
Section 567.30 Exceptions to Comparable Benefits
Section 567.100 Refusal of Comparable Benefits

AUTHORITY: Implementing and authorized by Section 3(a), (b), and (k) of the Disabled Persons Rehabilitation Act [20 ILCS 2405/3(a), (b) and (k)], 29 USC 721(a)(8), and 34 CFR 361.47(b).

Section 567.20 Definition of Comparable Benefits

a) A comparable benefit is a service that is available at the time the service is needed by a customer and is used to determine eligibility (89 Ill. Adm. Code 553) or to achieve the vocational goal and objectives specified in the customer's Individualized Plan for Employment (IPE) (89 Ill. Adm. Code 572) that, when provided to DHS-DRS customers by a public or private agency or agencies other than DHS-DRS, offset costs which would otherwise be paid by DHS-DRS or the customer.
b) When a customer is requesting DHS-DRSORS to cover training related services, except for those services that are exempt from financial participation (89 Ill. Adm. Code 562.30) in an institution of higher education, the customer shall make formal application for federal assistance by completing the Free Application for Federal Student Aid (FAFSA) and provide proof (or denial) of financial award and the amount of the award before the customer's IPE can be implemented. An IPE for services to prepare and assist the customer in applying for comparable benefits may be developed at any time. Failure of the customer to apply for comparable benefits shall result in the denial of services (89 Ill. Adm. Code 567.100).

c) Customers requesting medical services or physical restoration services shall make formal application for Medicaid benefits and complete the process to determine Medicaid eligibility, or who are requesting long term training (training expected to last in excess of 24 months) shall apply for Medicaid benefits. Eligibility, or ineligibility, for Medicaid benefits shall not, in any way, affect the eligibility for Vocational Rehabilitation services from DHS-DRSORS.

d) MonetaPrivate monetary merit awards, contributions and gifts that are specific or restricted as to use shall be used as intended (e.g., scholarships earmarked for use for college tuition costs or general college expenses) and are an available comparable benefit or service that reduces the customer's need for those services from DHS-DRSORS. Unrestricted scholarships and awards based on merit do not constitute comparable benefits. Scholarships and awards given in recognition of an individual's excellence, outstanding achievement, or superior ability and that are not designated for specific purposes do not constitute comparable benefits.

e) While a customer will not be discouraged from applying for loans (i.e., student loans) to assist in the completion of his/her rehabilitation program, he/she shall not be required to accept such loans. Such loans are not comparable benefits.

NOTICE OF ADOPTED REPEALER

11) Differences between proposal and final version: None

12) Have all the changes agreed upon by the agency and JCAR been made as indicated in the agreements issued by JCAR? No changes were necessary.

13) Will this repealer replace any emergency repealer currently in effect? No

15) Summary and Purpose of Repealer: By this Notice, the Department has repealed this Part in its entirety and, elsewhere in this issue of the Illinois Register, has included the Carmi Municipal Airport under 92 Ill. Adm. Code 16 (Part 16), the Department's generic rule on the administration and enforcement of airport hazard zoning. Part 16 restricts the height of structures, equipment, and vegetation, and regulates the use of property, on or in the vicinity of publicly-owned airports.

It is preferable to have all airports requesting inclusion in the administration and enforcement of airport hazard zoning under one rule rather than duplicating the requirements in separate rules which was the Department's practice several decades ago. Therefore, the Department has repealed this Part and added the airport to Part 16 which was also amended.

At its meeting on February 6, 2007, the Joint Committee on Administrative Rules voted to object to the above proposed rulemaking and prohibit its filing with the Secretary of State. The Committee found that the adoption of these rules would constitute a serious threat to the public interest, safety or welfare. The reason for the Objection and Prohibition is as follows:

JCAR objected to, and prohibited the filing of, the Department of Agriculture's rulemaking titled Animal Welfare Act (8 Ill. Adm. Code 25; 30 Ill. Reg. 14664) because the rulemaking inadequately describes the need for this new regulatory activity and no further verbal information could be provided by the Agency at this time. Adoption of this rulemaking without a clear understanding of its purpose could pose a threat to the public interest. The Filing Prohibition will provide an opportunity for further consideration of this issue by the Committee and further explanation by the Department.

The proposed rule may not be filed with the Secretary of State or enforced by the Department of Agriculture for any reason following receipt of this certification and statement by the Secretary of State for as long as the Filing Prohibition remains in effect.
At its meeting on February 6, 2007, the Joint Committee on Administrative Rules recommended that, if the Department of Central Management Services intends to require that any particular policies be followed by agencies in distributing merit compensation employees into performance categories for the determination of increases and/or bonuses, it include those policies in its permanent rulemaking (80 Ill. Adm. Code 310; 31 Ill. Reg. 344).

Failure of the agency to respond within 90 days after receipt of the Statement of Recommendation shall be deemed a refusal. The agency's response will be placed on the JCAR agenda for further consideration.

6) Summary of Action Taken by the Agency:

The Illinois Department of Labor (IDOL) is withdrawing the proposed amendments because the agency is currently a party in two pending lawsuits regarding the constitutionality of the hotel room amendment that is the subject of these rules. [Illinois Hotel and Lodging Association v. Art Ludwig, et al., 05 CH 13796 (Cook County); 520 South Michigan Avenue Associates, Ltd., d/b/a The Congress Plaza Hotel & Convention Center v. Art Ludwig, et al., 06 C 4552 (US Dist. Court, Northern District)]. In addition, the proposed amendments are not necessary to IDOL’s enforcement of P.A. 94-0593 since the hotel room attendant requirements can be enforced through the current statute. Therefore, IDOL is withdrawing the amendments.
The following second notices were received by the Joint Committee on Administrative Rules during the period of February 6, 2007 through February 13, 2007 and have been scheduled for review by the Committee at its March 13, 2007 meeting in Springfield. Other items not contained in this published list may also be considered. Members of the public wishing to express their views with respect to a rulemaking should submit written comments to the Committee at the following address: Joint Committee on Administrative Rules, 700 Stratton Bldg., Springfield IL 62706.
