Secretary of State Jesse White Sending Mobile Unit to Washington, Illinois to Serve Residents
Stationed at Crossroads United Methodist Church Thursday and Friday

Illinois Secretary of State Jesse White announced today that his office is sending a mobile unit on Thursday, November 21 and Friday, November 22 to serve the residents of Washington, IL, which was ravaged by a tornado on Sunday. The mobile unit, which is designed to bring a variety of office services directly to the community, will be stationed at Crossroads United Methodist Church at 1420 N. Main Street in Washington. The mobile unit will be open for business from 8 a.m. until 4:30 p.m. on Thursday and Friday.

The mobile unit will provide the following services at no charge: duplicate certificate of title, duplicate vehicle registration, duplicate driver's license and duplicate state ID card.

In addition, White said his mobile unit will participate in the priority title service on titles, duplicate titles, and corrected titles for residents of Washington. The fees for these services will also be waived. White noted that the priority service allows his office to process these title requests within just two days.

“When tragedy strikes a community in our state, we work together to help those in need,” said White. “Helping these residents get a duplicate state ID card or driver’s license, or expediting a duplicate title is something my office can do to make their lives a little easier, and I am glad to do it.”

White initiated a law effective in July 2012 that gives his office authority to waive certain fees for residents impacted by natural disasters and living in counties that have been declared disaster areas by the governor.
