unsound practice in connection with any financial institution or other business entity such that the character and fitness of the director, officer, employee, or agent does not assure reasonable promise of safe and sound operation of the corporate fiduciary or subsidiary or corporate parent of the corporate fiduciary, the Commissioner may issue an order of removal. If in the opinion of the Commissioner, any former director, officer, employee, or agent of a corporate fiduciary or subsidiary or corporate parent of the corporate fiduciary, engaged in an unsafe or unsound practice in conducting the business of the corporate fiduciary or subsidiary or corporate parent of the corporate fiduciary or violated any law or engaged or participated in any unsafe or unsound practice in connection with any financial institution or other business entity such that the character and fitness of the director, officer, employee, or agent would not have assured reasonable promise of safe and sound operation of the corporate fiduciary or subsidiary or corporate parent of the corporate fiduciary, the Commissioner may issue an order prohibiting that person from further service with a corporate fiduciary or subsidiary or corporate parent of the corporate fiduciary, as a director, officer, employee, or agent. An order issued pursuant to this Section shall be served upon the director, officer, employee, or agent. After concluding the hearing, the Board shall make a determination approving, modifying, or disapproving the order of the Commissioner as its final administrative decision. A copy of the order shall be served upon the corporate fiduciary of which the person is a director, officer, employee, or agent, whereupon the person shall cease to be a director, officer, employee, or agent of the corporate fiduciary. Any person who has been removed or prohibited by an order of the Commissioner under this Section or subsection (7) of Section 48 of the Illinois Banking Act may not thereafter serve as director, officer, employee, or agent of any State bank or corporate fiduciary, or of any other entity that is subject to licensure or regulation by the Commissioner or the Office of Banks and Real Estate unless the Commissioner has granted prior approval in writing. The Commissioner may institute a civil action against the director, officer, employee, or agent subject to an order issued under this Section and against the corporate fiduciary to enforce compliance with or to enjoin any violation of the terms of the order.

(a) Upon the Commissioner's taking possession, pursuant to Section 53 of the Illinois Banking Act, of the business and property in this State of the banking office of a foreign banking corporation whose deposit liabilities in this State are not insured by the Federal Deposit Insurance Corporation, the amounts deposited pursuant to Section 11 shall thereupon become the property of the Commissioner, free and clear of any and all liens and other claims, and shall be held by the Commissioner in trust for the depositors of such banking office. The Commissioner may, without regard to any priorities, preferences, or adverse claims and without obtaining the approval of any court, reduce such property to cash and, as soon as practicable, utilize the cash to cover initial liquidation costs, if any, and then distribute any excess it to such depositors on a pro rata basis; but no depositor may receive an amount in excess of his account balances. When the Commissioner has completed the liquidation of the property and business of a foreign bank, the Commissioner shall transfer any remaining assets to the foreign bank in accordance with such orders as the court may issue. However, in case the foreign bank has an office in another state of the United States which is in liquidation and the assets of such office appear to be insufficient to pay in full the creditors of that office, the court shall order the Commissioner to transfer to the liquidator of that office such amount of any such remaining assets as appears to be necessary to cover the insufficiency; if there are 2 or more such offices and the amount of remaining assets is less than the aggregate amount of insufficiencies with respect to the offices, the court shall order the Commissioner to distribute the remaining assets among the liquidators of those offices in such manner as the court finds equitable.

If a seller collects use tax measured by receipts that are not subject to use tax, or if a seller, in collecting use tax measured by receipts that are subject to tax under this Act, collects more from the purchaser than the required amount of the use tax on the transaction, the purchaser shall have a legal right to claim a refund of that amount from the seller. If, however, that amount is not refunded to the purchaser for any reason, the seller is liable to pay that amount to the Department. (35 ILCS 105/3-50) (from Ch. 120, par. 439.3-50)

Sec. 3-50. Manufacturing and assembly exemption. The manufacturing and assembling machinery and equipment exemption includes machinery and equipment that replaces machinery and equipment in an existing manufacturing facility as well as machinery and equipment that are for use in an expanded or new manufacturing facility. The machinery and equipment exemption also includes machinery and equipment used in the general maintenance or repair of exempt machinery and equipment or for in-house manufacture of exempt machinery and equipment. For the purposes of this exemption, terms have the following meanings:

(1) "Manufacturing process" means the production of an article of tangible personal property, whether the article is a finished product or an article for use in the process of manufacturing or assembling a different article of tangible personal property, by a procedure commonly regarded as manufacturing, processing, fabricating, or refining that changes some existing material into a material with a different form, use, or name. In relation to a recognized integrated business composed of a series of operations that collectively constitute manufacturing, or individually constitute manufacturing operations, the manufacturing process commences with the first operation or stage of production in the series and does not end until the completion of the final product in the last operation or stage of production in the series. For purposes of this exemption, photoprocessing is a manufacturing process of tangible personal property for wholesale or retail sale.

(2) "Assembling process" means the production of an article of tangible personal property, whether the article is a finished product or an article for use in the process of manufacturing or assembling a different article of tangible personal property, by the combination of existing materials in a manner commonly regarded as assembling that results in an article or material of a different form, use, or name.

(3) "Machinery" means major mechanical machines or major components of those machines contributing to a manufacturing or assembling process.

A user of the machinery, equipment, or tools without an active resale registration number shall prepare a certificate of exemption for each transaction stating facts establishing the exemption for that transaction, and that certificate shall be available to the Department for inspection or audit. The Department shall prescribe the form of the certificate. Informal rulings, opinions, or letters issued by the Department in response to an inquiry or request for an opinion from any person regarding the coverage and applicability of this exemption to specific devices shall be published, maintained as a public record, and made available for public inspection and copying. (5b) a sale or transfer of tangible personal property which is produced by the seller thereof on special order in such a way as to have made the applicable tax the Service Occupation Tax or the Service Use Tax, rather than the Retailers' Occupation Tax or the Use Tax, for an interstate carrier by rail which receives the physical possession of such property in Illinois, and which transports such property, or shares with another common carrier in the transportation of such property, out of Illinois on a standard uniform bill of lading showing the seller of the property as the shipper or consignor of such property to a destination outside Illinois, for use outside Illinois.

(6) a sale or transfer of distillation machinery and equipment, sold as a unit or kit and assembled or installed by the retailer, which machinery and equipment is certified by the user to be used only for the production of ethyl alcohol that will be used for consumption as motor fuel or as a component of motor fuel for the personal use of such user and not subject to sale or resale.

The purchase of such tangible personal property by the serviceman shall be subject to tax under the Retailers' Occupation Tax Act and the Use Tax Act. However, if a primary serviceman who has made the election described in this paragraph subcontracts service work to a secondary serviceman who has also
made the election described in this paragraph, the primary serviceman does not incur a Use Tax liability if the secondary serviceman (i) has paid or will pay Use Tax on his or her cost price of any tangible personal property transferred to the primary serviceman and (ii) certifies that fact in writing to the primary serviceman.

Tangible personal property transferred incident to the completion of a maintenance agreement is exempt from the tax imposed pursuant to this Act.

For the purposes of exemption (5), each of these terms shall have the following meanings: (1) "manufacturing process" shall mean the production of any article of tangible personal property, whether such article is a finished product or an article for use in the process of manufacturing or assembling a different article of tangible personal property, by procedures commonly regarded as manufacturing, processing, fabricating, or refining which changes some existing material or materials into a material with a different form, use or name. In relation to a recognized integrated business composed of a series of operations which collectively constitute manufacturing, or individually constitute manufacturing operations, the manufacturing process shall be deemed to commence with the first operation or stage of production in the series, and shall not be deemed to end until the completion of the final product in the last operation or stage of production in the series; and further, for purposes of exemption (5), photoprocessing is deemed to be a manufacturing process of tangible personal property for wholesale or retail sale; (2) "assembling process" shall mean the production of any article of tangible personal property, whether such article is a finished product or an article for use in the process of manufacturing or assembling a different article of tangible personal property, by the combination of existing materials in a manner commonly regarded as assembling which results in a material of a different form, use or name; (3) "machinery" shall mean major mechanical machines or major components of such machines contributing to a manufacturing or assembling process; and (4) "equipment" shall include any independent device or tool separate from any machinery but essential to an integrated manufacturing or assembly process; including computers used primarily in a manufacturer's operating exempt machinery and equipment in a computer assisted design, computer assisted manufacturing (CAD/CAM) system; or any subunit or assembly comprising a component of any machinery or auxiliary, adjunct or attachment parts of machinery, such as tools, dies, jigs, fixtures, patterns and molds; or any parts which require periodic replacement in the course of normal operation; but shall not include hand tools. Equipment includes chemicals or chemicals acting as catalysts but only if the chemicals or chemicals acting as catalysts effect a direct and immediate change upon a product being manufactured or assembled for wholesale or retail sale or lease. The purchaser of such machinery and equipment who has an active resale registration number shall furnish such number to the seller at the time of purchase. The user of such machinery and equipment and tools without an active resale registration number shall prepare a certificate of exemption for each transaction stating facts establishing the exemption for that transaction, which certificate shall be available to the Department for inspection or audit. The Department shall prescribe the form of the certificate.

Any informal rulings, opinions or letters issued by the Department in response to an inquiry or request for any opinion from any person regarding the coverage and applicability of exemption (5) to specific devices shall be published, maintained as a public record, and made available for public inspection and copying. If the informal ruling, opinion or letter contains trade secrets or other confidential information, where possible the Department shall delete such information prior to publication. Whenever such informal rulings, opinions, or letters contain any policy of general applicability, the Department shall formulate and adopt such policy as a rule in accordance with the provisions of the Illinois Administrative Procedure Act.

On and after July 1, 1987, no entity otherwise eligible under exemption (3) of this Section shall make tax free purchases unless it has an active exemption identification number issued by the Department.

(2) "Assembling process" means the production of an article of tangible personal property, whether the article is a finished product or an article for use in the process of manufacturing or assembling a different article of tangible personal property, by the combination of existing materials in a manner commonly regarded as assembling that results in a material of a different form, use, or name.

(3) "Machinery" means major mechanical machines or major components of those machines contributing to a manufacturing or assembling process.

(4) "Equipment" includes an independent device or tool separate from machinery but essential to an integrated manufacturing or assembly process; including computers used primarily in a manufacturer's operating exempt machinery and equipment in a computer assisted design, computer assisted manufacturing (CAD/CAM) system; any subunit or assembly comprising a component of any machinery or auxiliary, adjunct, or attachment parts of machinery, such as tools, dies, jigs, fixtures, patterns, and molds; and any parts that require periodic replacement in the course of normal operation; but does not include hand tools. Equipment includes chemicals or chemicals acting as catalysts but only if the chemicals or chemicals acting as catalysts effect a direct and immediate change upon a product being manufactured or assembled for wholesale or retail sale or lease.

The manufacturing and assembling machinery and equipment exemption includes the sale of materials to a purchaser who produces exempted types of machinery, equipment, or tools and who rents or leases that machinery, equipment, or tools to a manufacturer of tangible personal property. This exemption also includes the sale of materials to a purchaser who manufactures those materials into an exempted type of machinery, equipment, or tools that the purchaser uses himself or herself in the manufacturing of tangible personal property. The purchaser of the machinery and equipment who has an active resale registration number shall furnish that number to the seller at the time of purchase. A purchaser of the machinery, equipment, and tools without an active resale registration number shall furnish to the seller a certificate of exemption for each transaction stating facts establishing the exemption for that transaction, and that certificate shall be available to the Department for inspection or audit. Informal rulings, opinions, or letters issued by the Department in response to an inquiry or request for an opinion from any person regarding the coverage and applicability of this exemption to specific devices shall be published, maintained as a public record, and made available for public inspection and copying. If the informal ruling, opinion, or letter contains trade secrets or other confidential information, where possible, the Department shall delete that information before publication. Whenever informal rulings, opinions, or letters contain a policy of general applicability, the Department shall formulate and adopt that policy as a rule in accordance with the Illinois Administrative Procedure Act.

(35 ILCS 120/3) (from Ch. 120, par. 442)

Sec. 3. Except as provided in this Section, on or before the twentieth day of each calendar month, every person engaged in the business of selling tangible personal property at retail in this State during the preceding calendar month shall file a return with the Department, stating:

1. The name of the seller;
2. His residence address and the address of his principal place of business and the address of the principal place of business (if that is a different address) from which he engages in the business of selling tangible personal property at retail in this State;
3. Total amount of receipts received by him during the preceding calendar month or quarter, as the case may be, from sales of tangible personal property, and from services furnished, by him during such preceding calendar month or quarter;
4. Total amount received by him during the preceding calendar month or quarter on charge and time sales of tangible personal property, and from services furnished, by him prior to the month or quarter for which the return is filed;
5. Deductions allowed by law;

New matter indicated by italics - deletions by strikeout.
6. Gross receipts which were received by him during the preceding calendar month or quarter and upon the basis of which the tax is imposed;

7. The amount of credit provided in Section 2d of this Act;

8. The amount of tax due;

9. The signature of the taxpayer; and

10. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Each return shall be accompanied by the statement of prepaid tax issued pursuant to Section 2e for which credit is claimed.

A retailer may accept a Manufacturer's Purchase Credit certification from a purchaser in satisfaction of Use Tax as provided in Section 3-85 of the Use Tax Act if the purchaser provides the appropriate documentation as required by Section 3-85 of the Use Tax Act. A Manufacturer's Purchase Credit certification, accepted by a retailer as provided in Section 3-85 of the Use Tax Act, may be used by that retailer to satisfy Retailers' Occupation Tax liability in the amount claimed in the certification, not to exceed 6.25% of the receipts subject to tax from a qualifying purchase.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;

2. The address of the principal place of business from which he engages in the business of selling tangible personal property at retail in this State;

3. The total amount of taxable receipts received by him during the preceding calendar month from sales of tangible personal property by him during such preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;

4. The amount of credit provided in Section 2d of this Act;

5. The amount of tax due; and

6. Such other reasonable information as the Department may require.

If a total amount of less than $1 is payable, refundable or creditable, such amount shall be disregarded if it is less than 50 cents and shall be increased to $1 if it is 50 cents or more.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.
The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Any amount which is required to be shown or reported on any return or other document under this Act shall, if such amount is not a whole-dollar amount, be increased to the nearest whole-dollar amount in any case where the fractional part of a dollar is 50 cents or more, and decreased to the nearest whole-dollar amount where the fractional part of a dollar is less than 50 cents.

If the retailer is otherwise required to file a monthly return and if the retailer's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax liability with the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a retailer may file his return, in the case of any retailer who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such retailer shall file a final return under this Act with the Department not more than one month after discontinuing such business.

Where the same person has more than one business registered with the Department under separate registrations under this Act, such person may not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, every retailer selling this kind of tangible personal property shall file, with the Department, upon a form to be prescribed and supplied by the Department, a separate return for each such item of tangible personal property which the retailer sells, except that if, in the same transaction, (i) a retailer of aircraft, watercraft, motor vehicles or trailers transfers more than one aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft, motor vehicle retailer or trailer retailer for the purpose of resale or (ii) a retailer of aircraft, watercraft, motor vehicles, or trailers transfers more than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying rolling stock as provided in Section 2-5 of this Act, then that seller may report the transfer of all aircraft, watercraft, motor vehicles or trailers involved in that transaction to the Department on the same uniform invoice-transaction reporting return form. For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

Any retailer who sells only motor vehicles, watercraft, aircraft, or trailers that are required to be registered with an agency of this State, so that all retailers' occupation tax liability is required to be reported, and is reported, on such transaction reporting returns and who is not otherwise required to file monthly or quarterly returns, need not file monthly or quarterly returns. However, those retailers shall be required to file returns on an annual basis.

The transaction reporting return, in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of The Illinois Vehicle Code and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold; such other information as is required in
Section 5-402 of The Illinois Vehicle Code, and such other information as the Department may reasonably require.

The transaction reporting return in the case of watercraft or aircraft must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale, a sufficient identification of the property sold, and such other information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days after the day of delivery of the item that is being sold, but may be filed by the retailer at any time sooner than that if he chooses to do so. The transaction reporting return and tax remittance or proof of exemption from the Illinois use tax may be transmitted to the Department by way of the State agency with which, or State officer with whom the tangible personal property must be titled or registered (if titling or registration is required) if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the purchaser's name, a use tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which such purchaser may submit to the agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a user, who has paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the transaction reporting return filed and the payment of the tax or proof of exemption made to the Department before the retailer is willing to take these actions and such user has not paid the tax to the retailer, such user may certify to the fact of such delay by the retailer and may (upon the Department being satisfied of the truth of such certification) transmit the information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or exemption determination, in which event the transaction reporting return and tax remittance (if a tax payment was required) shall be credited by the Department to the proper retailer's account with the Department, but without the 2.1% or 1.75% discount provided for in this Section being allowed. When the user pays the tax directly to the Department, he shall pay the tax in the same amount and in the same form in which it would be remitted if the tax had been remitted to the Department by the retailer.

Refunds made by the seller during the preceding return period to purchasers, on account of tangible personal property returned to the seller, shall be allowed as a deduction under subdivision 5 of his monthly or quarterly return, as the case may be, in case the seller had theretofore included the receipts from the sale of such tangible personal property in a return filed by him and had paid the tax imposed by this Act with respect to such receipts.

Where the seller is a corporation, the return filed on behalf of such corporation shall be signed by the president, vice-president, secretary or treasurer or by the properly accredited agent of such corporation.

Where the seller is a limited liability company, the return filed on behalf of the limited liability company shall be signed by a manager, member, or properly accredited agent of the limited liability company.

Except as provided in this Section, the retailer filing the return under this Section shall, at the
time of filing such return, pay to the Department the amount of tax imposed by this Act less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the retailer for the expenses incurred in keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. Any prepayment made pursuant to Section 2d of this Act shall be included in the amount on which such 2.1% or 1.75% discount is computed. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was $10,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to January 1, 1985, each payment shall be in an amount equal to 1/4 of the taxpayer's actual liability for the month or an amount set by the Department not to exceed 1/4 of the average monthly liability of the taxpayer to the Department for the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability in such 4 quarter period). If the month during which such tax liability is incurred begins on or after January 1, 1985 and prior to January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1987 and prior to January 1, 1988, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1988, and prior to January 1, 1989, or begins on or after January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1989, and prior to January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year or 100% of the taxpayer's actual liability for the quarter monthly reporting period. The amount of such quarterly monthly payments shall be credited against the final tax liability of the taxpayer's return for that month. Before October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of $10,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest
liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $20,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $20,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. The Department shall change such taxpayer's reporting status unless it finds that such change is seasonal in nature and not likely to be long term. If any such quarter monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due as a payment and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the quarter monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

The provisions of this paragraph apply before October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes which average in excess of $25,000 per month during the preceding 2 complete calendar quarters, shall file a return with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to the effective date of this amendatory Act of 1985, each payment shall be in an amount not less than 22.5% of the taxpayer's actual liability under Section 2d. If the month during which such tax liability is incurred begins on or after January 1, 1986, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding calendar year. If the month during which such tax liability is incurred begins on or after January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until such taxpayer's average monthly prepaid tax collections during the preceding 2 complete calendar quarters is $25,000 or less. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

The provisions of this paragraph apply on and after October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes that average in excess of $20,000 per month during the preceding 4 complete calendar quarters shall file a return with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which the liability is incurred. Each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of the quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until the taxpayer's average monthly prepaid tax collections during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarters is less than $20,000. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

previously due.

If any payment provided for in this Section exceeds the taxpayer's liabilities under this Act, the Use Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, as shown on an original monthly return, the Department shall, if requested by the taxpayer, issue to the taxpayer a credit memorandum no later than 30 days after the date of payment. The credit evidenced by such credit memorandum may be assigned by the taxpayer to a similar taxpayer under this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations to be prescribed by the Department. If no such request is made, the taxpayer may credit such excess payment against tax liability subsequently to be remitted to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determined that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer’s 2.1% and 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of the difference between the credit taken and that actually due, and that taxpayer shall be liable for penalties and interest on such difference.

If a retailer of motor fuel is entitled to a credit under Section 2d of this Act which exceeds the taxpayer's liability to the Department under this Act for the month which the taxpayer is filing a return, the Department shall issue the taxpayer a credit memorandum for the excess.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund, a special fund in the State treasury which is hereby created, the net revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics.

Beginning January 1, 1990, each month the Department shall pay into the County and Mass Transit District Fund, a special fund in the State treasury which is hereby created, 4% of the net revenue realized for the preceding month from the 6.25% general rate.

Beginning August 1, 2000, each month the Department shall pay into the County and Mass Transit District Fund 20% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund 16% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Beginning August 1, 2000, each month the Department shall pay into the Local Government Tax Fund 80% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to this Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as hereinafter defined), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; the "Annual Specified Amount" means the amounts specified below for fiscal years 1986 through 1993:

and means the Certified Annual Debt Service Requirement (as defined in Section 13 of the Build Illinois Bond Act) or the Tax Act Amount, whichever is greater, for fiscal year 1994 and each fiscal year thereafter; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Bond Account in the Build Illinois Fund during such month and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year. The amounts payable into the Build Illinois Fund under clause (b) of the first sentence in this paragraph shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget. If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the first sentence of this paragraph and shall reduce the amount otherwise payable for such fiscal year pursuant to that clause (b). The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act, but not in excess of sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers’ Occupation Tax Act into the McCormick Place Expansion Project Fund in the specified fiscal years.

Beginning July 20, 1993 and in each month of each fiscal year thereafter, one-eighth of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority for that fiscal year, less the amount deposited into the McCormick Place Expansion Project Fund by the State Treasurer in the respective month under subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act, plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as “Total Deposit”, has been deposited.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendment thereto hereafter enacted, each month the Department shall pay into the Local Government Distributive Fund 0.4% of the net revenue realized for the preceding month from the 5% general rate or 0.4% of 80% of the net revenue realized for the preceding month from the 6.25% general rate, as the case may be, on the selling price of tangible personal property which amount shall, subject to appropriation, be distributed as provided in Section 2 of the State Revenue Sharing Act. No payments or distributions pursuant to this paragraph shall be made if the tax imposed by this Act on photoprocessing products is declared unconstitutional, or if the proceeds from such tax are unavailable for distribution because of litigation.

Subject to payment of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund, and the Local Government Distributive Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

The Department may, upon separate written notice to a taxpayer, require the taxpayer to prepare and file with the Department on a form prescribed by the Department within not less than 60 days after receipt of the notice an annual information return for the tax year specified in the notice. Such annual return to the Department shall include a statement of gross receipts as shown by the retailer's last Federal income tax return. If the total receipts of the business as reported in the Federal income tax return do not agree with the gross receipts reported to the Department of Revenue for the same period, the retailer shall attach to his annual return a schedule showing a reconciliation of the 2 amounts and the reasons for the difference. The retailer's annual return to the Department shall also disclose the cost of goods sold by the retailer during the year covered by such return, opening and closing inventories of such goods for such year, costs of goods used from stock or taken from stock and given away by the retailer during such year, payroll information of the retailer's business during such year and any additional reasonable information which the Department deems would be helpful in determining the accuracy of the monthly, quarterly or annual returns filed by such retailer as provided for in this Section.

If the annual information return required by this Section is not filed when and as required, the
taxpayer shall be liable as follows:

(i) Until January 1, 1994, the taxpayer shall be liable for a penalty equal to 1/6 of 1% of the tax due from such taxpayer under this Act during the period to be covered by the annual return for each month or fraction of a month until such return is filed as required, the penalty to be assessed and collected in the same manner as any other penalty provided for in this Act.

(ii) On and after January 1, 1994, the taxpayer shall be liable for a penalty as described in Section 3-4 of the Uniform Penalty and Interest Act.

The chief executive officer, proprietor, owner or highest ranking manager shall sign the annual return to certify the accuracy of the information contained therein. Any person who willfully signs the annual return containing false or inaccurate information shall be guilty of perjury and punished accordingly. The annual return form prescribed by the Department shall include a warning that the person signing the return may be liable for perjury.

The provisions of this Section concerning the filing of an annual information return do not apply to a retailer who is not required to file an income tax return with the United States Government.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, manufacturers, importers and wholesalers whose products are sold at retail in Illinois by numerous retailers, and who wish to do so, may assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the retailers who are affected do not make written objection to the Department to this arrangement.

Any person who promotes, organizes, provides retail selling space for concessionaires or other types of sellers at the Illinois State Fair, DuQuoin State Fair, county fairs, local fairs, art shows, flea markets and similar exhibitions or events, including any transient merchant as defined by Section 2 of the Transient Merchant Act of 1987, is required to file a report with the Department providing the name of the merchant's business, the name of the person or persons engaged in merchant's business, the permanent address and Illinois Retailers Occupation Tax Registration Number of the merchant, the dates and location of the event and other reasonable information that the Department may require. The report must be filed not later than the 20th day of the month next following the month during which the event with retail sales was held. Any person who fails to file a report required by this Section commits a business offense and is subject to a fine not to exceed $250.

Any person engaged in the business of selling tangible personal property at retail as a concessionaire or other type of seller at the Illinois State Fair, county fairs, art shows, flea markets and similar exhibitions or events, or any transient merchants, as defined by Section 2 of the Transient Merchant Act of 1987, may be required to make a daily report of the amount of such sales to the Department and to make a daily payment of the full amount of tax due. The Department shall impose this requirement when it finds that there is a significant risk of loss of revenue to the State at such an exhibition or event. Such a finding shall be based on evidence that a substantial number of concessionaires or other sellers who are not residents of Illinois will be engaging in the business of selling tangible personal property at retail at the exhibition or event, or other evidence of a significant risk of loss of revenue to the State. The Department shall notify concessionaires and other sellers affected by the imposition of this requirement. In the absence of notification by the Department, the concessionaires and other sellers shall file their returns as otherwise required in this Section.

PUBLIC ACT 92-0485
(Senate Bill No. 0048)

AN ACT concerning corporate fiduciaries.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Corporate Fiduciary Act is amended by changing Sections 5-10 and 8-1 and adding Sections 2-6.5, 6-13.5, and 9-6 as follows:
(205 ILCS 620/2-6.5 new)
Sec. 2-6.5. Directors.
(a) The business and affairs of a corporate fiduciary shall be managed by its board of directors, which shall exercise its powers in accordance with this Section.
(b) The directors shall be elected as provided in this Act. Any omission to elect a director or directors shall not impair any of the rights and privileges of the corporate fiduciary or of any person in any way interested. The existing directors shall hold office until their successors are elected and qualify.
(c) Notwithstanding the provisions of any certificate of authority herefore issued, the number of directors, not fewer than 5, may be fixed from time to time by the stockholders at any meeting of the stockholders called for the purpose of electing directors or changing the number thereof by the affirmative vote of at least two-thirds of the outstanding stock entitled to vote at the
meeting, and the number so fixed shall be the board regardless of vacancies until the number of directors is thereafter changed by similar action.

(d) Except as otherwise provided in this subsection, directors shall hold office until the next annual meeting of the stockholders succeeding their election or until their successors are elected and qualify. If the board of directors consists of 6 or more members, in lieu of electing the membership of the whole board of directors annually, the by-laws of a corporate fiduciary may provide that the directors shall be divided into either 2 or 3 classes, each class to be as nearly equal in number as is possible. The term of office of directors of the first class shall expire at the first annual meeting of the stockholders after their election, that of the second class shall expire at the second annual meeting after their election, and that of the third class, if any, shall expire at the third annual meeting after their election. At each annual meeting after classification, the number of directors equal to the number of the class whose terms expire at the time of the meeting shall be elected to hold office until the second succeeding annual meeting if there are 2 classes or until the third succeeding annual meeting if there are 3 classes. Vacancies may be filled by stockholders at a special meeting called for the purpose. If authorized by the corporate fiduciary’s by-laws or an amendment thereto, the directors of a corporate fiduciary may properly fill a vacancy or vacancies arising between stockholders’ meetings, but at no time may the number of directors selected to fill a vacancy in this manner during any interim period between stockholders’ meetings exceed one-third of the total membership of the board of directors.

(e) The board of directors shall hold regular meetings at least once each month, provided that, upon prior written approval by the Commissioner, the board of directors may hold regular meetings less frequently than once each month but at least once each calendar quarter. A special meeting of the board of directors may also be held as provided in Section 5-5 of this Act. A majority of the board of directors shall constitute a quorum for the transaction of business unless a greater number is required by the by-laws. The act of the majority of the directors present at a meeting at which a quorum is present shall be the act of the board of directors unless the act of a greater number is required by the by-laws.

(f) A member of the board of directors shall be elected president. The board of directors may appoint other officers, as the by-laws may provide, and fix their salaries to carry on the business of the corporate fiduciary. The board of directors may make and amend by-laws (not inconsistent with this Act) for the government of the corporate fiduciary and may, by the affirmative vote of a majority of the board of directors, establish reasonable compensation of all directors for services to the corporation as directors, officers, or otherwise. An officer, whether elected or appointed by the board of directors or appointed pursuant to the by-laws, may be removed by the board of directors at any time.

(g) The board of directors shall cause suitable books and records of all the corporate fiduciary’s transactions to be kept.

(h) The provisions of this Section do not apply to a corporate fiduciary that is a trust department of a bank, savings bank, savings and loan association, or foreign banking corporation issuing a certificate of authority pursuant to the Foreign Banking Office Act.

(a) The Commissioner may require a trust company holding a certificate of authority under this Act to pledge to the Commissioner securities or a surety bond which shall run to the Commissioner in an amount, not to exceed $1,000,000, that the Commissioner deems appropriate for costs associated with the receivership of the trust company. In the event of a receivership of a trust company, the Commissioner may, without regard to any priorities, preferences, or adverse claims, reduce the pledged securities or the surety bond to cash and, as soon as practicable, utilize the cash to cover costs associated with the receivership.

(b) If the trust company chooses to pledge securities to satisfy the provisions of this Section, the securities shall be held at a depository institution or a Federal Reserve Bank approved by the Commissioner. The Commissioner may specify the types of securities that may be pledged in accordance with this Section. Any fees associated with holding such securities shall be the responsibility of the trust company.

(c) If the trust company chooses to purchase a surety bond to satisfy the provisions of this Section, the bond shall be issued by a bonding company, approved by the Commissioner, that is authorized to do business in this State and that has a rating in one of the 3 highest grades as determined by a national rating service. The bond shall be in a form approved by the Commissioner. The trust company may not obtain a surety bond from any entity in which the trust company has a financial interest.

It is unlawful for any officer, director, employee, or agent of any corporate fiduciary subject to examination by the Commissioner or any person filing an application or submitting information in connection with an application to the Commissioner to willfully and knowingly subscribe to or make, or cause to be made, any false statement or false entry with intent to deceive any person or persons authorized to examine into the affairs of the such corporate fiduciary or applicant or with intent to deceive the Commissioner or his administrative officers in the performance of their duties under this Act. (b) The independent licensed public accountant shall provide a written audit report to the corporate fiduciary's board of directors or to a committee appointed by the corporate fiduciary's board of directors. If the audit report is given to a committee appointed by the corporate fiduciary's board of directors, the committee shall, within 30 days after the date of receipt of the audit report, provide the board of directors with a written summary of the audit findings as detailed in the audit report.

(c) The corporate fiduciary's board of directors or committee appointed by the board of directors shall cause a copy of the audit report and any written summary pursuant to paragraph (b) of this Section to be filed with the Commissioner within 45 days after receipt of the audit report.

(415 ILCS 5/58.18 new)

Sec. 58.18. Brownfields Site Restoration Program.

(a) (1) The Agency, with the assistance of the Department of Commerce and Community Affairs, must establish and administer a program for the payment of remediation costs to be known as the Brownfields Site Restoration Program. The Agency, subject to appropriation, through the Program, shall provide Remediation Applicants with financial assistance for the investigation and remediation of abandoned or underutilized properties. The investigation and remediation shall be performed in accordance with this Title XVII of this Act.

(2) For each State fiscal year in which funds are made available to the Agency for payment under this Section, the Agency must allocate 20% of the funds to be available to counties with populations over 2,000,000. The remaining funds must be made available to all other counties in the State.

(3) The Agency must not approve payment in excess of $750,000 to a Remediation Applicant for remediation costs incurred at a remediation site. Eligibility must be determined based on a minimum capital investment in the redevelopment of the site, and payment amounts must not exceed the net economic benefit to the State of the remediation project. In addition to these limitations, the total payment to be made to an applicant must not exceed...
an amount equal to 20% of the capital investment at the site.

(4) Only those remediation projects for which a No Further Remediation Letter is issued by the Agency after December 31, 2001 are eligible to participate in the Brownfields Site Restoration Program. The program does not apply to any sites that have received a No Further Remediation Letter prior to December 31, 2001 or for costs incurred prior to the Department of Commerce and Community Affairs approving a site eligible for the Brownfields Site Restoration Program.

(b) Prior to applying to the Agency for payment, a Remediation Applicant must first submit to the Department of Commerce and Community Affairs an application for review of eligibility. The Department must review the eligibility application to determine whether the Remediation Applicant is eligible for the payment. The application must be on forms prescribed and provided by the Department of Commerce and Community Affairs. At a minimum, the application must include the following:

(1) Information identifying the Remediation Applicant and the site for which the payment is being sought and the date of acceptance into the Site Remediation Program.

(2) Information demonstrating that the site for which the payment is being sought is abandoned or underutilized property. "Abandoned property" means real property previously used for, or that has the potential to be used for, commercial or industrial purposes that reverted to the ownership of the State, a county or municipal government, or an agency thereof, through donation, purchase, tax delinquency, foreclosure, default, or settlement, including conveyance by deed in lieu of foreclosure; or privately owned property that has been vacant for a period of not less than 3 years from the time an application is made to the Department of Commerce and Community Affairs. "Underutilized property" means real property of which less than 35% of the commercially usable space of the property and improvements thereon are used for their most commercially profitable and economically productive uses.

(3) Information demonstrating that remediation of the site for which the payment is being sought will result in a net economic benefit to the State of Illinois. The "net economic benefit" must be determined based on factors including, but not limited to, the capital investment, the number of jobs created, the number of jobs retained if it is demonstrated the jobs would otherwise be lost, capital improvements, the number of construction-related jobs, increased sales, material purchases, other increases in service and operational expenditures, and other factors established by the Department of Commerce and Community Affairs. Priority must be given to sites located in areas with high levels of poverty, where the unemployment rate exceeds the State average, where an enterprise zone exists, or where the area is otherwise economically depressed as determined by the Department of Commerce and Community Affairs.

(4) An application fee in the amount set forth in subsection (c) for each site for which review of an application is being sought.

(c) The fee for eligibility reviews conducted by the Department of Commerce and Community Affairs under this Section is $1,000 for each site reviewed. The application fee must be made payable to the State of Illinois for deposit into the Brownfields Site Restoration Program Fund.

(d) Within 60 days after receipt by the Department of Commerce and Community Affairs of an application meeting the requirements of subsection (b), the Department of Commerce and Community Affairs must issue a letter to the applicant approving or disapproving the application. If the application is approved, the Department of Commerce and Community Affairs' letter must also include its determination of the "net economic benefit" of the remediation project and the maximum amount of the payment to be made available to the applicant for remediation costs. The payment by the Agency under this Section must not exceed the "net economic benefit" of the remediation project, as determined by the Department of Commerce and Community Affairs.

(e) An application for a review of remediation costs must not be submitted to the Agency unless the Department of Commerce and Community Affairs has determined the Remediation Applicant is eligible under subsection (d). If the Department of Commerce and Community Affairs has determined that a Remediation Applicant is eligible under subsection (d), the Remediation Applicant may submit an application for payment to the Agency under this Section. Except as provided in
subsection (f), an application for review of remediation costs must not be submitted until a No Further Remediation Letter has been issued by the Agency and recorded in the chain of title for the site in accordance with Section 58.10. The Agency must review the application to determine whether the costs submitted are remediation costs and whether the costs incurred are reasonable. The application must be on forms prescribed and provided by the Agency. At a minimum, the application must include the following:

(1) Information identifying the Remediation Applicant and the site for which the payment is being sought and the date of acceptance of the site into the Site Remediation Program.

(2) A copy of the No Further Remediation Letter with official verification that the letter has been recorded in the chain of title for the site and a demonstration that the site for which the application is submitted is the same site as the one for which the No Further Remediation Letter is issued.

(3) A demonstration that the release of the regulated substances of concern for which the No Further Remediation Letter was issued was not caused or contributed to in any material respect by the Remediation Applicant. The Agency must make determinations as to reimbursement availability consistent with rules adopted by the Pollution Control Board for the administration and enforcement of Section 58.9 of this Act.

(4) A copy of the Department of Commerce and Community Affairs' letter approving eligibility, including the net economic benefit of the remediation project.

(5) An itemization and documentation, including receipts, of the remediation costs incurred.

(6) A demonstration that the costs incurred are remediation costs as defined in this Act and rules adopted under this Act.

(7) A demonstration that the costs submitted for review were incurred by the Remediation Applicant who received the No Further Remediation Letter.

(8) An application fee in the amount set forth in subsection (j) for each site for which review of remediation costs is requested.

(9) Any other information deemed appropriate by the Agency.

(f) An application for review of remediation costs may be submitted to the Agency prior to the issuance of a No Further Remediation Letter if the Remediation Applicant has a Remedial Action Plan approved by the Agency under the terms of which the Remediation Applicant will remediate groundwater for more than one year. The Agency must review the application to determine whether the costs submitted are remediation costs and whether the costs incurred are reasonable. The application must be on forms prescribed and provided by the Agency. At a minimum, the application must include the following:

(1) Information identifying the Remediation Applicant and the site for which the payment is being sought and the date of acceptance of the site into the Site Remediation Program.

(2) A copy of the Agency letter approving the Remedial Action Plan.

(3) A demonstration that the release of the regulated substances of concern for which the Remedial Action Plan was approved was not caused or contributed to in any material respect by the Remediation Applicant. The Agency must make determinations as to reimbursement availability consistent with rules adopted by the Pollution Control Board for the administration and enforcement of Section 58.9 of this Act.

(4) A copy of the Department of Commerce and Community Affairs' letter approving eligibility, including the net economic benefit of the remediation project.

(5) An itemization and documentation, including receipts, of the remediation costs incurred.

(6) A demonstration that the costs incurred are remediation costs as defined in this Act and rules adopted under this Act.

(7) A demonstration that the costs submitted for review were incurred by the Remediation Applicant who received approval of the Remedial Action Plan.

(8) An application fee in the amount set forth in subsection (j) for each site for which review of remediation costs is requested.

(9) Any other information deemed appropriate by the Agency.

(g) For a Remediation Applicant seeking a payment under subsection (f), until the Agency
issues a No Further Remediation Letter for the site, no more than 75% of the allowed payment may be claimed by the Remediation Applicant. The remaining 25% may be claimed following the issuance by the Agency of a No Further Remediation Letter for the site. For a Remediation Applicant seeking a payment under subsection (e), until the Agency issues a No Further Remediation Letter for the site, no payment may be claimed by the Remediation Applicant.

(h) (1) Within 60 days after receipt by the Agency of an application meeting the requirements of subsection (e) or (f), the Agency must issue a letter to the applicant approving, disapproving, or modifying the remediation costs submitted in the application. (2) If a preliminary review of a budget plan has been obtained under subsection (i), the Remediation Applicant may submit, with the application and supporting documentation under subsections (e) or (f), a copy of the Agency's final determination accompanied by a certification that the actual remediation costs incurred for the development and implementation of the Remedial Action Plan are equal to or less than the costs approved in the Agency's final determination on the budget plan. The certification must be signed by the Remediation Applicant and notarized. Based on that submission, the Agency is not required to conduct further review of the costs incurred for development and implementation of the Remedial Action Plan and may approve costs as submitted.

(i) (1) A Remediation Applicant may obtain a preliminary review of estimated remediation costs for the development and implementation of the Remedial Action Plan by submitting a budget plan along with the Remedial Action Plan. The budget plan must be set forth on forms prescribed and provided by the Agency and must include, but is not limited to, line item estimates of the costs associated with each line item (such as personnel, equipment, and materials) that the Remediation Applicant anticipates will be incurred for the development and implementation of the Remedial Action Plan. The Agency must review the budget plan along with the Remedial Action Plan to determine whether the estimated costs submitted are remediation costs and whether the costs estimated for the activities are reasonable.

(2) If the Remedial Action Plan is amended by the Remediation Applicant or as a result of Agency action, the corresponding budget plan must be revised accordingly and resubmitted for Agency review.

(3) The budget plan must be accompanied by the applicable fee as set forth in subsection (j).

(4) Submittal of a budget plan must be deemed an automatic 60-day waiver of the Remedial Action Plan review deadlines set forth in this Section and rules adopted under this Section.

(5) Within the applicable period of review, the Agency must issue a letter to the Remediation Applicant approving, disapproving, or modifying the estimated remediation costs submitted in the budget plan. If a budget plan is disapproved or approved with modification of estimated remediation costs, the Agency's letter must set forth the reasons for the disapproval or modification.

(6) Within 35 days after receipt of an Agency letter disapproving or modifying a budget plan, the Remediation Applicant may appeal the Agency's decision to the Board in the manner provided for the review of permits in Section 40 of this Act.

(j) The fees for reviews conducted by the Agency under this Section are in addition to any other fees or payments for Agency services rendered pursuant to the Site Remediation Program and are as follows:

(2) The fee for the review of the budget plan submitted under subsection (i) is $500 for
each site reviewed.

The application fee must be made payable to the State of Illinois, for deposit into the Brownfields Site Restoration Program Fund.

(k) The Brownfields Site Restoration Program Fund.

(1) The Brownfields Site Restoration Program Fund is created as a special fund in the State treasury to be used by the Agency, subject to appropriation, exclusively for the purposes of this Section, including payment for the costs of administering this Act.

(2) The Fund consists of collected fees, appropriations from the General Assembly, and gifts and grants to the Fund.

(3) The State Treasurer must invest the money in the Fund not currently needed to meet the obligations of the Fund in the same manner as other public funds may be invested. All interest earned on moneys in the Fund must be deposited into the Fund.

(4) The money in the Fund at the end of a State fiscal year must remain in the Fund to be used exclusively for the purposes of this Section. Expenditures from the Fund are subject to appropriation by the General Assembly.

(l) The Department and the Agency are authorized to enter into any contracts or agreements that may be necessary to carry out their duties and responsibilities under this Section.

(m) Within 6 months after the effective date of this amendatory Act of 2001, the Department of Commerce and Community Affairs and the Agency must propose rules prescribing procedures and standards for the administration of this Section. (a) There is hereby created the Response Contractors Indemnification Fund. The State Treasurer, ex officio, shall be custodian of the Fund, and the Comptroller shall direct payments from the Fund upon vouchers properly certified by the Attorney General in accordance with Section 4. The Treasurer shall credit interest on the Fund to the Fund.

(b) Every State response action contract shall provide that 5% of each payment to be made by the State under the contract shall be paid by the State directly into the Response Contractors Indemnification Fund rather than to the contractor, except that when there is more than $2,000,000 in the Fund at the beginning of a State fiscal year, State response action contracts during that fiscal year need not provide that 5% of each payment made under the contract be paid into the Fund. When only a portion of a contract relates to a remedial or response action, or to the identification, handling, storage, treatment or disposal of a pollutant, the contract shall provide that only that portion is subject to this subsection.

(c) Within 30 days after the effective date of this amendatory Act of 1997, the Comptroller shall order transferred and the Treasurer shall transfer $1,200,000 from the Response Contractors Indemnification Fund to the Brownfields Redevelopment Fund. Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Department of Revenue Law of the Civil Administrative Code of Illinois is amended by changing Sections 2505-210, 2505-275, and 2505-400 as follows:
(20 ILCS 2505/2505-210) (was 20 ILCS 2505/39c-1)
Sec. 2505-210. Electronic funds transfer.
(a) The Department may provide means by which persons having a tax liability under any Act administered by the Department may use electronic funds transfer to pay the tax liability.
(b) Beginning on October 1, 2002, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments of that tax to the Department by electronic funds transfer. Before August 1 of each year, beginning in 2002, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1. For purposes of this subsection (b), the term "annual tax liability" means, except as provided in subsections (c) and (d) of this Section, the sum of the taxpayer's liabilities under a tax Act administered by the Department, except the Motor Fuel Tax Law and the Environmental Impact Fee Law, for the immediately preceding calendar year.
(c) For purposes of subsection (b), the term "annual tax liability" means, for a taxpayer that incurs a tax liability under the Retailers' Occupation Tax Act, Service Occupation Tax Act, Use Tax Act, Service Use Tax Act, or any other State or local occupation or use tax law that is administered by the Department, the sum of the taxpayer's liabilities under the Retailers' Occupation Tax Act, Service Occupation Tax Act, Use Tax Act, Service Use Tax Act, and all other State and local

occupation and use tax laws administered by the Department for the immediately preceding calendar year.

(d) For purposes of subsection (b), the term "annual tax liability" means, for a taxpayer that incurs an Illinois income tax liability, the greater of:

(1) the amount of the taxpayer's tax liability under Article 7 of the Illinois Income Tax Act for the immediately preceding calendar year; or
(2) the taxpayer’s estimated tax payment obligation under Article 8 of the Illinois Income Tax Act for the immediately preceding calendar year.

(e) The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Sec. 2505-275. Tax overpayments. In the case of overpayment of any tax liability arising from an Act administered by the Department, the Department may credit the amount of the overpayment and any interest thereon against any final tax liability arising under that or any other Act administered by the Department. The Department may enter into agreements with the Secretary of the Treasury of the United States (or his or her delegate) to offset all or part of an overpayment of such a tax liability against any liability arising from a tax imposed under Title 26 of the United States Code. The Department may collect a fee from the Secretary of the Treasury of the United States (or his or her delegate) to cover the full cost of offsets taken, to the extent allowed by federal law.

Sec. 2505-400. Contracts for collection assistance.

(a) The Department has the power to contract for collection assistance on a contingent fee basis, with collection fees to be retained by the collection agency and the net collections to be paid to the Department.

(b) The Department has the power to enter into written agreements with State's Attorneys for pursuit of civil liability under Section 17-1a of the Criminal Code of 1961 against persons who have issued to the Department checks or other orders in violation of the provisions of paragraph (d) of subsection (B) of Section 17-1 of the Criminal Code of 1961. Of the amount collected, the Department shall retain the amount owing upon the dishonored check or order along with the dishonored check fee imposed under the Uniform Penalty and Interest Act. The balance of damages, fees, and costs collected under Section 17-1a of the Criminal Code of 1961 shall be retained by the State's Attorney. The agreement shall not affect the allocation of fines and costs imposed in any criminal prosecution.

(c) The Department may issue the Secretary of the Treasury of the United States (or his or her delegate) notice, as required by Section 6402(e) of the Internal Revenue Code, of any past due, legally enforceable State income tax obligation of a taxpayer. The Department must notify the taxpayer that any fee charged to the State by the Secretary of the Treasury of the United States (or his or her delegate) under Internal Revenue Code Section 6402(e) is considered additional State income tax of the taxpayer with respect to whom the Department issued the notice, and is deemed assessed upon issuance by the Department of notice to the Secretary of the Treasury of the United States (or his or her delegate) under Section 6402(e) of the Internal Revenue Code; a notice of additional State income tax is not considered a notice of deficiency, and the taxpayer has no right of protest.

(b) Any taxpayer who is not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

(c) All taxpayers required to make payments by electronic funds transfer and any taxpayers who wish to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

(d) The Department shall notify all taxpayers required to make payments by electronic funds transfer. In determining the threshold amounts under subsection (a), the Department shall calculate the averages as follows:

(1) the total liability under Article 7 for the preceding tax year (and, prior to October 1, 2000, divided by 12); or

(2) for purposes of estimated payments under Article 8, the total tax obligation of the taxpayer for the previous tax year divided by 4.

(e) The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

(35 ILCS 5/911.2 new)
Sec. 911.2. Refunds withheld; tax claims of other states.
(a) Definitions. In this Section the following terms have the meanings indicated.
"Claimant state" means any state or the District of Columbia that requests the withholding of a refund pursuant to this Section and that extends a like comity for the collection of taxes owed to this State.
"Income tax" means any amount of income tax imposed on taxpayers under the laws of the State of Illinois or the claimant state, including additions to tax for penalties and interest.
"Refund" means a refund of overpaid income taxes imposed by the State of Illinois or the claimant state.
"Tax officer" means a unit or official of the claimant state, or the duly authorized agent of that unit or official, charged with the imposition, assessment, or collection of state income taxes.
"Taxpayer" means any individual person identified by a claimant state under this Section as owing taxes to that claimant state, and in the case of a refund arising from the filing of a joint return, the taxpayer's spouse.

(b) In general. Except as provided in subsection (c) of this Section, a tax officer may:
(1) certify to the Director the existence of a taxpayer's delinquent income tax liability; and
(2) request the Director to withhold any refund to which the taxpayer is entitled.

(c) Comity. A tax officer may not certify or request the Director to withhold a refund unless the laws of the claimant state:
(1) allow the Director to certify an income tax liability;
(2) allow the Director to request the tax officer to withhold the taxpayer's tax refund; and
(3) provide for the payment of the refund to the State of Illinois.

New matter indicated by italics - deletions by strikeout.
(d) Certification. A certification by a tax officer to the Director shall include:
(1) the full name and address of the taxpayer and any other names known to be used by
the taxpayer;
(2) the social security number or federal tax identification number of the taxpayer;
(3) the amount of the income tax liability; and
(4) a statement that all administrative and judicial remedies and appeals have been
exhausted or have lapsed and that the assessment of tax, interest, and penalty has become
final.
(e) Notification. As to any taxpayer due a refund, the Director shall:
(1) notify the taxpayer that a claimant state has provided certification of the existence of
an income tax liability;
(2) inform the taxpayer of the tax liability certified, including a detailed statement for
each taxable year showing tax, interest, and penalty;
(3) inform the taxpayer that failure to file a protest in accordance with subsection (f) of
this Section shall constitute a waiver of any demand against this State for the amount certified
and will result in payment to the claimant state as provided in subsection (i) of this Section;
(4) provide the taxpayer with notice of an opportunity to request a hearing to challenge
the certification; and
(5) inform the taxpayer that the hearing may be requested (i) pursuant to Section 910 of
this Act, or (ii) with the tax officer, in accordance with the laws of the claimant state.
(f) Protest of withholding. A taxpayer may protest the withholding of a refund pursuant to
Section 910 of this Act (except that the protest shall be filed within 30 days after the date of the
Director's notice of certification pursuant to subsection (e) of this Section). If a taxpayer files a timely
protest, the Director shall:
(1) suspend the proposed withholding and impound the claimed amount of the refund;
(2) pay to the taxpayer the unclaimed amount of the refund, if any;
(3) send a copy of the protest to the claimant state for determination of the protest on its
merits in accordance with the laws of that state; and
(4) pay over to the taxpayer the impounded amount if the claimant state shall fail, within
45 days after the date of the protest, to re-certify to the Director (i) that the claimant state has
reviewed the issues raised by taxpayer, (ii) that all administrative and judicial remedies
provided under the laws of that state have been exhausted, and (iii) the amount of the income
tax liability finally determined to be due.
(g) Certification as prima facie evidence. If the taxpayer requests a hearing pursuant to
Section 910 of this Act, the certification of the tax officer shall be prima facie evidence of the
correctness of the taxpayer's delinquent income tax liability to the certifying state.
(h) Rights of spouses to refunds from joint returns. If a certification is based upon the tax debt
of only one taxpayer and if the refund is based upon a joint personal income tax return, the nondebtor
spouse shall have the right to:
(1) notification, as provided in subsection (e) of this Section;
(2) protest, as to the withholding of such spouse's share of the refund, as provided in
subsection (f) of this Section; and
(3) payment of his or her share of the refund, provided the amount of the overpayment
refunded to the spouse shall not exceed the amount of the joint overpayment.
(i) Withholding and payment of refund. Subject to the taxpayer's rights of notice and protest,
upon receipt of a request for withholding in accordance with subsection (b) of this Section, the
Director shall:
(1) withhold any refund that is certified by the tax officer;
(2) pay to the claimant state the entire refund or the amount certified, whichever is less;
(3) pay any refund in excess of the amount certified to the taxpayer; and
(4) if a refund is less than the amount certified, withhold amounts from subsequent
refunds due the taxpayer, if the laws of the claimant state provide that the claimant state shall
withhold subsequent refunds of taxpayers certified to that state by the Director.
(j) Determination that withholding cannot be made. After receiving a certification from a tax
officer, the Director shall notify the claimant state if the Director determines that a withholding

cannot be made.

(k) Director's authority. The Director shall have the authority to enter into agreements with the tax officers of claimant state relating to:

(1) procedures and methods to be employed by a claimant state with respect to the operation of this Section;

(2) safeguards against the disclosure or inappropriate use of any information obtained or maintained pursuant to this Section that identifies, directly or indirectly, a particular taxpayer;

(3) a minimum tax debt, amounts below which, in light of administrative expenses and efficiency, shall, in the Director's discretion, not be subject to the withholding procedures set forth in this Section.

(l) Remedy not exclusive. The collection procedures prescribed by this Section are in addition to, and not in substitution for, any other remedy available by law.

Section 15. The Use Tax Act is amended by changing Section 9 as follows:

(35 ILCS 105/9) (from Ch. 120, par. 439.9)

Sec. 9. Except as to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, each retailer required or authorized to collect the tax imposed by this Act shall pay to the Department the amount of such tax (except as otherwise provided) at the time when he is required to file his return for the period during which such tax was collected, less a discount of 2.1% prior to January 1, 1990, and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the retailer for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return. A retailer need not remit that part of any tax collected by him to the extent that he is required to remit and does remit the tax imposed by the Retailers' Occupation Tax Act, with respect to the sale of the same property.

Where such tangible personal property is sold under a conditional sales contract, or under any other form of sale wherein the payment of the principal sum, or a part thereof, is extended beyond the close of the period for which the return is filed, the retailer, in collecting the tax (except as to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State), may collect for each tax return period, only the tax applicable to that part of the selling price actually received during such tax return period.

Except as provided in this Section, on or before the twentieth day of each calendar month, such retailer shall file a return for the preceding calendar month. Such return shall be filed on forms prescribed by the Department and shall furnish such information as the Department may reasonably require.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in the business of selling tangible personal property at retail in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month from sales of tangible personal property by him during such preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
5-5. The signature of the taxpayer; and
6. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act, the Service Use Tax Act was $10,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. On and after October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act was $20,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payment to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to January 1, 1985, each payment shall be in an amount equal to 1/4 of the taxpayer's actual liability for the month or an amount set by the Department not to exceed 1/4 of the average monthly liability of the taxpayer to the Department for the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability in such 4 quarter period). If the month during which such tax liability is incurred begins on or after January 1, 1985, and prior to January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1987, and prior to January 1, 1988, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1988, and prior to January 1, 1989, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the

taxpayer's liability for the same calendar month of the preceding year or 100% of the taxpayer's actual liability for the quarter monthly reporting period. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month. Before October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $9,000, or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $10,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $10,000 threshold stated above, then such taxpayer may petition the Department for change in such taxpayer's reporting status. On and after October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $20,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $20,000 threshold stated above, then such taxpayer may petition the Department for change in such taxpayer's reporting status. The Department shall change such taxpayer's reporting status unless it finds that such change is seasonal in nature and not likely to be long term. If any such quarter monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the quarter monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

If any such payment provided for in this Section exceeds the taxpayer's liabilities under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, as shown by an original monthly return, the Department shall issue to the taxpayer a credit memorandum no later than 30 days after the date of payment, which memorandum may be submitted by the taxpayer to the Department in payment of tax liability subsequently to be remitted by the taxpayer to the Department or be assigned by the taxpayer to a similar taxpayer under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations to be prescribed by the Department, except that if such excess payment is shown on an original monthly return and is made after December 31, 1986, no credit memorandum shall be issued, unless requested by the taxpayer. If no such request is made, the taxpayer may credit such excess payment against tax liability subsequently to be remitted by the taxpayer to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determines that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer's 2.1% or 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of the difference between the credit taken and that actually due, and the taxpayer shall be liable for penalties and interest on such difference.

If the retailer is otherwise required to file a monthly return and if the retailer's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February, and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's
average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a retailer may file his return, in the case of any retailer who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such retailer shall file a final return under this Act with the Department not more than one month after discontinuing such business.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, every retailer selling this kind of tangible personal property shall file, with the Department, upon a form to be prescribed and supplied by the Department, a separate return for each such item of tangible personal property which the retailer sells, except that if, in the same transaction, (i) a retailer of aircraft, watercraft, motor vehicles or trailers transfers more than one aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft, motor vehicle or trailer retailer for the purpose of resale or (ii) a retailer of aircraft, watercraft, motor vehicles, or trailers transfers more than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying rolling stock as provided in Section 3-55 of this Act, then that seller may report the transfer of all the aircraft, watercraft, motor vehicles or trailers involved in that transaction to the Department on the same uniform invoice-transaction reporting return form. For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

The transaction reporting return in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of the Illinois Vehicle Code and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 2 of this Act allows an exemption for the value of the traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold; such other information as is required in Section 5-402 of the Illinois Vehicle Code, and such other information as the Department may reasonably require.

The transaction reporting return in the case of watercraft and aircraft must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 2 of this Act allows an exemption for the value of the traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold; such other information as is required in Section 5-402 of the Illinois Vehicle Code, and such other information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days after the date of delivery of the item that is being sold, but may be filed by the retailer at any time sooner than that if he chooses to do so. The transaction reporting return and tax remittance or proof of exemption from the tax that is imposed by this Act may be transmitted to the Department by way of the State agency with which, or State officer with whom, the tangible personal property must be titled or registered (if titling or registration is required) if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the purchaser's name, a tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which
such purchaser may submit to the agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a user, who has paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the transaction reporting return filed and the payment of tax or proof of exemption made to the Department before the retailer is willing to take these actions and such user has not paid the tax to the retailer, such user may certify to the fact of such delay by the retailer, and may (upon the Department being satisfied of the truth of such certification) transmit the information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or exemption determination, in which event the transaction reporting return and tax remittance (if a tax payment was required) shall be credited by the Department to the proper retailer's account with the Department, but without the 2.1% or 1.75% discount provided for in this Section being allowed. When the user pays the tax directly to the Department, he shall pay the tax in the same amount and in the same form in which it would be remitted if the tax had been remitted to the Department by the retailer.

Where a retailer collects the tax with respect to the selling price of tangible personal property which he sells and the purchaser thereafter returns such tangible personal property and the retailer refunds the selling price thereof to the purchaser, such retailer shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the retailer may deduct the amount of the tax so refunded by him to the purchaser from any other use tax which such retailer may be required to pay or remit to the Department, as shown by such return, if the amount of the tax to be deducted was previously remitted to the Department by such retailer. If the retailer has not previously remitted the amount of such tax to the Department, he is entitled to no deduction under this Act upon refunding such tax to the purchaser.

Any retailer filing a return under this Section shall also include (for the purpose of paying tax thereon) the total tax covered by such return upon the selling price of tangible personal property purchased by him at retail from a retailer, but as to which the tax imposed by this Act was not collected from the retailer filing such return, and such retailer shall remit the amount of such tax to the Department when filing such return.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable retailers, who are required to file returns hereunder and also under the Retailers' Occupation Tax Act, to furnish all the return information required by both Acts on the one form.

Where the retailer has more than one business registered with the Department under separate registration under this Act, such retailer may not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund, a special fund in the State Treasury which is hereby created, the net revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics.

Beginning January 1, 1990, each month the Department shall pay into the County and Mass Transit District Fund 4% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund, a special fund in the State Treasury, 20% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act, but not in excess of the sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act into the McCormick Place Expansion Project Fund in the specified fiscal years.

Beginning July 20, 1993 and in each month of each fiscal year thereafter, one-eighth of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority for that fiscal year, less the amount deposited into the McCormick Place Expansion Project Fund by the State Treasurer in the respective month under subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act, plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendment thereto hereafter enacted, each month the Department shall pay into the Local Government Distributive Fund .4% of the net revenue realized for the preceding month from the 5% general rate, or .4% of 80% of the net revenue realized for the preceding month from the 6.25% general rate, as the case may be, on the selling price of tangible personal property which amount shall, subject to appropriation, be distributed as provided in Section 2 of the State Revenue Sharing Act. No payments or distributions pursuant to this paragraph shall be made if the tax imposed by this Act on photoprocessing products is declared unconstitutional, or if the proceeds from such tax are unavailable for distribution because of litigation.

Subject to payment of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund, and the Local Government Distributive Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.
As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, manufacturers, importers and wholesalers whose products are sold at retail in Illinois by numerous retailers, and who wish to do so, may assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the retailers who are affected do not make written objection to the Department to this arrangement.

Section 20. The Service Use Tax Act is amended by changing Section 9 as follows:

Sec. 9. Each serviceman required or authorized to collect the tax herein imposed shall pay to the Department the amount of such tax (except as otherwise provided) at the time when he is required to file his return for the period during which such tax was collected, less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the serviceman for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. A serviceman need not remit that part of any tax collected by him to the extent that he is required to pay and does pay the tax imposed by the Service Occupation Tax Act with respect to his sale of service involving the incidental transfer by him of the same property.

Except as provided hereinafter in this Section, on or before the twentieth day of each calendar month, such serviceman shall file a return for the preceding calendar month in accordance with reasonable Rules and Regulations to be promulgated by the Department. Such return shall be filed on a form prescribed by the Department and shall contain such information as the Department may reasonably require.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in business as a serviceman in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
5-5. The signature of the taxpayer; and
6. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the...
sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

If the serviceman is otherwise required to file a monthly return and if the serviceman's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the serviceman is otherwise required to file a monthly or quarterly return and if the serviceman's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a serviceman may file his return, in the case of any serviceman who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such serviceman shall file a final return under this Act with the Department not more than 1 month after discontinuing such business.

Where a serviceman collects the tax with respect to the selling price of property which he sells and the purchaser thereupon returns such property and the serviceman refunds the selling price thereof to the purchaser, such serviceman shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the serviceman may deduct the amount of the tax so refunded by him to the purchaser from any other Service Use Tax, Service Occupation Tax, retailers' occupation tax or use tax which such serviceman may be required to pay or remit to the Department, as shown by such return, provided that the amount of the tax to be deducted shall previously have been remitted to the Department by such serviceman. If the serviceman shall not previously have remitted the amount of such tax to the Department, he shall be entitled to no deduction hereunder upon refunding such tax to the purchaser.

Any serviceman filing a return hereunder shall also include the total tax upon the selling price of tangible personal property purchased for use by him as an incident to a sale of service, and such serviceman shall remit the amount of such tax to the Department when filing such return.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable servicemen, who are required to file returns hereunder and also under the Service Occupation Tax Act, to furnish all the return information required by both Acts on the one form.

Where the serviceman has more than one business registered with the Department under
Beginning January 1, 1990, each month the Department shall pay into the State and Local Tax Reform Fund, a special fund in the State Treasury, the net revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund 20% of the net revenue realized for the preceding month from the 6.25% general rate on transfers of tangible personal property, other than tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning August 1, 2000, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers’ Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Bond Account in the Build Illinois Fund during such month and (2) the amount transferred during such month to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year; and, further provided, that the amounts payable into the Build Illinois Fund under this clause (b) shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget. If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.
Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act, but not in excess of the sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers’ Occupation Tax Act into the McCormick Place Expansion Project Fund in the specified fiscal years.

| each fiscal year thereafter that bonds are outstanding under Section 13.2 of the Metropolitan Pier and Exposition Authority Act, but not after fiscal year 2029.

Beginning July 20, 1993 and in each month of each fiscal year thereafter, one-eighth of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority for that fiscal year, less the amount deposited into the McCormick Place Expansion Project Fund by the State Treasurer in the respective month under subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act, plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendment thereto hereafter enacted, each month the Department shall pay into the Local Government Distributive Fund 0.4% of the net revenue realized for the preceding month from the 5% general rate or 0.4% of 80% of the net revenue realized for the preceding month from the 6.25% general rate, as the case may be, on the selling price of tangible personal property which amount shall, subject to appropriation, be distributed as provided in Section 2 of the State Revenue Sharing Act. No payments or distributions pursuant to this paragraph shall be made if the tax imposed by this Act on photo processing products is declared unconstitutional, or if the proceeds from such tax are unavailable for distribution because of litigation.

Subject to payment of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund.
Project Fund, and the Local Government Distributive Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

All remaining moneys received by the Department pursuant to this Act shall be paid into the General Revenue Fund of the State Treasury.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

Section 25. The Service Occupation Tax Act is amended by changing Section 9 as follows:

Sec. 9. Each serviceman required or authorized to collect the tax herein imposed shall pay to the Department the amount of such tax at the time when he is required to file his return for the period during which such tax was collectible, less a discount of 2.1% prior to January 1, 1990, and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the serviceman for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request.

Where such tangible personal property is sold under a conditional sales contract, or under any other form of sale wherein the payment of the principal sum, or a part thereof, is extended beyond the close of the period for which the return is filed, the serviceman, in collecting the tax may collect, for each tax return period, only the tax applicable to the part of the selling price actually received during such tax return period.

Except as provided hereinafter in this Section, on or before the twentieth day of each calendar month, such serviceman shall file a return for the preceding calendar month in accordance with reasonable rules and regulations to be promulgated by the Department of Revenue. Such return shall be filed on a form prescribed by the Department and shall contain such information as the Department may reasonably require.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in business as a serviceman in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
5-5. The signature of the taxpayer; and
6. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

A serviceman may accept a Manufacturer's Purchase Credit certification from a purchaser in satisfaction of Service Use Tax as provided in Section 3-70 of the Service Use Tax Act if the purchaser provides the appropriate documentation as required by Section 3-70 of the Service Use Tax Act. A Manufacturer's Purchase Credit certification, accepted by a serviceman as provided in Section 3-70 of the Service Use Tax Act, may be used by that serviceman to satisfy Service Occupation Tax
liability in the amount claimed in the certification, not to exceed 6.25% of the receipts subject to tax from a qualifying purchase.

If the serviceman's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the serviceman's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a serviceman may file his return, in the case of any serviceman who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such serviceman shall file a final return under this Act with the Department not more than 1 month after discontinuing such business.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. *Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.*

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Where a serviceman collects the tax with respect to the selling price of tangible personal property which he sells and the purchaser thereafter returns such tangible personal property and the serviceman refunds the selling price thereof to the purchaser, such serviceman shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the serviceman may deduct the amount of the tax so refunded by him to the purchaser from any other Service Occupation Tax, Service Use Tax, Retailers' Occupation Tax or Use Tax which such serviceman may be required to pay or remit to the Department, as shown by such return, provided that the amount of the tax to be deducted shall previously have been remitted to the Department by such serviceman. If the serviceman shall not previously have remitted the amount of such tax to the Department, he shall be entitled to no deduction hereunder upon refunding
such tax to the purchaser.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable servicemen, who are required to file returns hereunder and also under the Retailers’ Occupation Tax Act, the Use Tax Act or the Service Use Tax Act, to furnish all the return information required by all said Acts on the one form.

Where the serviceman has more than one business registered with the Department under separate registrations hereunder, such serviceman shall file separate returns for each registered business.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund the revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics.

Beginning January 1, 1990, each month the Department shall pay into the County and Mass Transit District Fund 4% of the revenue realized for the preceding month from the 6.25% general rate.

Beginning August 1, 2000, each month the Department shall pay into the County and Mass Transit District Fund 20% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund 16% of the revenue realized for the preceding month from the 6.25% general rate on transfers of tangible personal property.

Beginning August 1, 2000, each month the Department shall pay into the Local Government Tax Fund 80% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers’ Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as defined in Section 3 of the Retailers' Occupation Tax Act), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Account in the Build Illinois Fund during such month and (2) the amount transferred during such month to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and further provided, that if in any event the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year; and, further provided, that the amounts payable into the Build Illinois Fund under this clause (b) shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget. If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount

required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act, but not in excess of the sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers’ Occupation Tax Act into the McCormick Place Expansion Project Fund in the specified fiscal years.

Beginning July 20, 1993 and in each month of each fiscal year thereafter, one-eighth of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority for that fiscal year, less the amount deposited into the McCormick Place Expansion Project Fund by the State Treasurer in the respective month under subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act, plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place

Expansion Project Fund pursuant to the preceding paragraphs or in any amendment thereto hereafter enacted, each month the Department shall pay into the Local Government Distributive Fund 0.4% of the net revenue realized for the preceding month from the 5% general rate or 0.4% of 80% of the net revenue realized for the preceding month from the 6.25% general rate, as the case may be, on the selling price of tangible personal property which amount shall, subject to appropriation, be distributed as provided in Section 2 of the State Revenue Sharing Act. No payments or distributions pursuant to this paragraph shall be made if the tax imposed by this Act on photoprocessing products is declared unconstitutional, or if the proceeds from such tax are unavailable for distribution because of litigation.

Subject to payment of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund, and the Local Government Distributive Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property. Remaining moneys received by the Department pursuant to this Act shall be paid into the General Revenue Fund of the State Treasury.

The Department may, upon separate written notice to a taxpayer, require the taxpayer to prepare and file with the Department on a form prescribed by the Department within not less than 60 days after receipt of the notice an annual information return for the tax year specified in the notice. Such annual return to the Department shall include a statement of gross receipts as shown by the taxpayer's last Federal income tax return. If the total receipts of the business as reported in the Federal income tax return do not agree with the gross receipts reported to the Department of Revenue for the same period, the taxpayer shall attach to his annual return a schedule showing a reconciliation of the amounts and the reasons for the difference. The taxpayer's annual return to the Department shall also disclose the cost of goods sold by the taxpayer during the year covered by such return, opening and closing inventories of such goods for such year, cost of goods used from stock or taken from stock and given away by the taxpayer during such year, pay roll information of the taxpayer's business during such year and any additional reasonable information which the Department deems would be helpful in determining the accuracy of the monthly, quarterly or annual returns filed by such taxpayer as hereinbefore provided for in this Section.

If the annual information return required by this Section is not filed when and as required, the taxpayer shall be liable as follows:

(i) Until January 1, 1994, the taxpayer shall be liable for a penalty equal to 1/6 of 1% of the tax due from such taxpayer under this Act during the period to be covered by the annual return for each month or fraction of a month until such return is filed as required, the penalty to be assessed and collected in the same manner as any other penalty provided for in this Act.

(ii) On and after January 1, 1994, the taxpayer shall be liable for a penalty as described in Section 3-4 of the Uniform Penalty and Interest Act.

The chief executive officer, proprietor, owner or highest ranking manager shall sign the annual return to certify the accuracy of the information contained therein. Any person who willfully signs the annual return containing false or inaccurate information shall be guilty of perjury and punished accordingly. The annual return form prescribed by the Department shall include a warning that the person signing the return may be liable for perjury.

The foregoing portion of this Section concerning the filing of an annual information return shall not apply to a serviceman who is not required to file an income tax return with the United States Government.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability. For greater simplicity of administration, it shall be permissible for manufacturers, importers and wholesalers whose products are sold by numerous servicemen in Illinois, and who wish to do so, to assume the responsibility for accounting and paying to the Department all tax accruing under this Act.
Act with respect to such sales, if the servicemen who are affected do not make written objection to the Department to this arrangement.

Section 30. The Retailers' Occupation Tax Act is amended by changing Section 3 as follows:
(35 ILCS 120/3) (from Ch. 120, par. 442)
Sec. 3. Except as provided in this Section, on or before the twentieth day of each calendar month, every person engaged in the business of selling tangible personal property at retail in this State during the preceding calendar month shall file a return with the Department, stating:
1. The name of the seller;
2. His residence address and the address of his principal place of business and the address of the principal place of business (if that is a different address) from which he engages in the business of selling tangible personal property at retail in this State;
3. Total amount of receipts received by him during the preceding calendar month or quarter, as the case may be, from sales of tangible personal property, and from services furnished, by him during such preceding calendar month or quarter;
4. Total amount received by him during the preceding calendar month or quarter on charge and time sales of tangible personal property, and from services furnished, by him prior to the month or quarter for which the return is filed;
5. Deductions allowed by law;
6. Gross receipts which were received by him during the preceding calendar month or quarter and upon the basis of which the tax is imposed;
7. The amount of credit provided in Section 2d of this Act;
8. The amount of tax due;
9. The signature of the taxpayer; and
10. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Each return shall be accompanied by the statement of prepaid tax issued pursuant to Section 2e for which credit is claimed.

A retailer may accept a Manufacturer's Purchase Credit certification from a purchaser in satisfaction of Use Tax as provided in Section 3-85 of the Use Tax Act if the purchaser provides the appropriate documentation as required by Section 3-85 of the Use Tax Act. A Manufacturer's Purchase Credit certification, accepted by a retailer as provided in Section 3-85 of the Use Tax Act, may be used by that retailer to satisfy Retailers' Occupation Tax liability in the amount claimed in the certification, not to exceed 6.25% of the receipts subject to tax from a qualifying purchase.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:
1. The name of the seller;
2. The address of the principal place of business from which he engages in the business of selling tangible personal property at retail in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month from sales of tangible personal property by him during such preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due; and
6. Such other reasonable information as the Department may require.

If a total amount of less than $1 is payable, refundable or creditable, such amount shall be disregarded if it is less than 50 cents and shall be increased to $1 if it is 50 cents or more.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer.
Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Any amount which is required to be shown or reported on any return or other document under this Act shall, if such amount is not a whole-dollar amount, be increased to the nearest whole-dollar amount in any case where the fractional part of a dollar is 50 cents or more, and decreased to the nearest whole-dollar amount where the fractional part of a dollar is less than 50 cents.

If the retailer is otherwise required to file a monthly return and if the retailer's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax liability with the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a retailer may file his return, in the case of any retailer who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such retailer shall file a final return under this Act with the Department not more than one month after discontinuing such business.

Where the same person has more than one business registered with the Department under separate registrations under this Act, such person may not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, every retailer selling this kind of tangible personal property shall file, with the Department, upon a form to be prescribed and supplied by the Department, a separate return for each such item of tangible personal property which the retailer sells, except that if, in the same transaction, (i) a retailer of aircraft, watercraft, motor vehicles or trailers transfers more than one aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft, motor vehicle

retailer or trailer retailer for the purpose of resale or (ii) a retailer of aircraft, watercraft, motor vehicles, or trailers transfers more than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying rolling stock as provided in Section 2-5 of this Act, then that seller may report the transfer of all aircraft, watercraft, motor vehicles or trailers involved in that transaction to the Department on the same uniform invoice-transaction reporting return form. For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

Any retailer who sells only motor vehicles, watercraft, aircraft, or trailers that are required to be registered with an agency of this State, so that all retailers' occupation tax liability is required to be reported, and is reported, on such transaction reporting returns and who is not otherwise required to file monthly or quarterly returns, need not file monthly or quarterly returns. However, those retailers shall be required to file returns on an annual basis.

The transaction reporting return, in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of The Illinois Vehicle Code and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold; such other information as is required in Section 5-402 of The Illinois Vehicle Code, and such other information as the Department may reasonably require.

The transaction reporting return in the case of watercraft or aircraft must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold, and such other information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days after the day of delivery of the item that is being sold, but may be filed by the retailer at any time sooner than that if he chooses to do so. The transaction reporting return and tax remittance or proof of exemption from the Illinois use tax may be transmitted to the Department by way of the State agency with which, or State officer with whom the tangible personal property must be titled or registered (if titling or registration is required) if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the purchaser's name, a use tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which such purchaser may submit to the agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a user, who has paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules to carry out the mandate of this paragraph.
If the user who would otherwise pay tax to the retailer wants the transaction reporting return filed and the payment of the tax or proof of exemption made to the Department before the retailer is willing to take these actions and such user has not paid the tax to the retailer, such user may certify to the fact of such delay by the retailer and may (upon the Department being satisfied of the truth of such certification) transmit the information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or exemption determination, in which event the transaction reporting return and tax remittance (if a tax payment was required) shall be credited by the Department to the proper retailer's account with the Department, but without the 2.1% or 1.75% discount provided for in this Section being allowed. When the user pays the tax directly to the Department, he shall pay the tax in the same amount and in the same form in which it would be remitted if the tax had been remitted to the Department by the retailer.

Refunds made by the seller during the preceding return period to purchasers, on account of tangible personal property returned to the seller, shall be allowed as a deduction under subdivision 5 of his monthly or quarterly return, as the case may be, in case the seller had theretofore included the receipts from the sale of such tangible personal property in a return filed by him and had paid the tax imposed by this Act with respect to such receipts.

Where the seller is a corporation, the return filed on behalf of such corporation shall be signed by the president, vice-president, secretary or treasurer or by the properly accredited agent of such corporation.

Where the seller is a limited liability company, the return filed on behalf of the limited liability company shall be signed by a manager, member, or properly accredited agent of the limited liability company.

Except as provided in this Section, the retailer filing the return under this Section shall, at the time of filing such return, pay to the Department the amount of tax imposed by this Act less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the retailer for the expenses incurred in keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. Any prepayment made pursuant to Section 2d of this Act shall be included in the amount on which such 2.1% or 1.75% discount is computed. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was $10,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. On and after October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was $20,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payment to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to January 1, 1985, each payment shall be in an amount equal to 1/4 of the taxpayer's actual liability for the month or an amount set by the Department not to exceed 1/4 of the average monthly liability of the taxpayer to the Department for the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability in such 4 quarter period). If the month during which such tax liability is incurred begins on or after January 1, 1985 and prior to January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1987 and prior to January 1, 1988, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year.
month during which such tax liability is incurred begins on or after January 1, 1988, and prior to January 1, 1989, or begins on or after January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1989, and prior to January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year or 100% of the taxpayer's actual liability for the quarter monthly reporting period. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month. Before October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of $10,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $9,000, or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $10,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $10,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. On and after October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of $20,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $20,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $20,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. The Department shall change such taxpayer's reporting status unless it finds that such change is seasonal in nature and not likely to be long term. If any such quarter monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due as a payment and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the quarter monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes which average in excess of $25,000 per month during the preceding 2 complete calendar quarters, shall file a return with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to the effective date of this amendatory Act of 1985, each payment shall be in an amount not less than 22.5% of the taxpayer's actual liability under Section 2d. If the month during which such tax liability is incurred begins on or after January 1, 1986, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding calendar year. If the month during which such tax liability is incurred begins on or after January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until such taxpayer's average monthly prepaid
tax collections during the preceding 2 complete calendar quarters is $25,000 or less. If any such
quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable
for penalties and interest on such difference, except insofar as the taxpayer has previously made
payments for that month in excess of the minimum payments previously due.

If any payment provided for in this Section exceeds the taxpayer's liabilities under this Act,
the Use Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, as shown on an
original monthly return, the Department shall, if requested by the taxpayer, issue to the taxpayer a
credit memorandum no later than 30 days after the date of payment. The credit evidenced by such
credit memorandum may be assigned by the taxpayer to a similar taxpayer under this Act, the Use Tax
Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules
and regulations to be prescribed by the Department. If no such request is made, the taxpayer may
credit such excess payment against tax liability subsequently to be remitted to the Department under
this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance
with reasonable rules and regulations prescribed by the Department. If the Department subsequently
determined that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer's
2.1% and 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of the difference between the
credit taken and that actually due, and that taxpayer shall be liable for penalties and interest on such
difference.

If a retailer of motor fuel is entitled to a credit under Section 2d of this Act which exceeds the
taxpayer's liability to the Department under this Act for the month which the taxpayer is filing a
return, the Department shall issue the taxpayer a credit memorandum for the excess.

Beginning January 1, 1990, each month the Department shall pay into the Local Government
Tax Fund, a special fund in the State treasury which is hereby created, the net revenue realized for the
preceding month from the 1% tax on sales of food for human consumption which is to be consumed
off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been
prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical
appliances and insulin, urine testing materials, syringes and needles used by diabetics.

Beginning January 1, 1990, each month the Department shall pay into the County and Mass
Transit District Fund, a special fund in the State treasury which is hereby created, 4% of the net
revenue realized for the preceding month from the 6.25% general rate.

Beginning August 1, 2000, each month the Department shall pay into the County and Mass
Transit District Fund 20% of the net revenue realized for the preceding month from the 1.25% rate
on the selling price of motor fuel and gasohol.

Beginning January 1, 1990, each month the Department shall pay into the Local Government
Tax Fund 16% of the net revenue realized for the preceding month from the 6.25% general rate on the
selling price of tangible personal property.

Beginning August 1, 2000, each month the Department shall pay into the Local Government
Tax Fund 80% of the net revenue realized for the preceding month from the 1.25% rate on the selling
price of motor fuel and gasohol.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75%
thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after
July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any
fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received
by the Department and required to be paid into the Build Illinois Fund pursuant to this Act, Section
9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation
Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as
the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount
transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less
than the Annual Specified Amount (as hereinafter defined), an amount equal to the difference shall
be immediately paid into the Build Illinois Fund from other moneys received by the Department
pursuant to the Tax Acts; the "Annual Specified Amount" means the amounts specified below for fiscal years 1986 through 1993:

and means the Certified Annual Debt Service Requirement (as defined in Section 13 of the Build Illinois Bond Act) or the Tax Act Amount, whichever is greater, for fiscal year 1994 and each fiscal year thereafter; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Bond Account in the Build Illinois Fund during such month and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year. The amounts payable into the Build Illinois Fund under clause (b) of the first sentence in this paragraph shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget. If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the first sentence of this paragraph and shall reduce the amount otherwise payable for such fiscal year pursuant to that clause (b). The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act, but not in excess of sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act into the McCormick Place Expansion Project Fund in the specified fiscal years.

Beginning July 20, 1993 and in each month of each fiscal year thereafter, one-eighth of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority for that fiscal year, less the amount deposited into the McCormick Place Expansion Project Fund by the State Treasurer in the respective month under subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act, plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendment thereto hereafter enacted, each month the Department shall pay into the Local Government Distributive Fund 0.4% of the net revenue realized for the preceding month from the 5% general rate or 0.4% of 80% of the net revenue realized for the preceding month from the 6.25% general rate, as the case may be, on the selling price of tangible personal property which amount shall, subject to appropriation, be distributed as provided in Section 2 of the State Revenue Sharing Act. No payments or distributions pursuant to this paragraph shall be made if the tax imposed by this Act on photoprocessing products is declared unconstitutional, or if the proceeds from such tax are unavailable for distribution because of litigation.

Subject to payment of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund, and the Local Government Distributive Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

The Department may, upon separate written notice to a taxpayer, require the taxpayer to prepare and file with the Department on a form prescribed by the Department within not less than 60 days after receipt of the notice an annual information return for the tax year specified in the notice. Such annual return to the Department shall include a statement of gross receipts as shown by the retailer's last Federal income tax return. If the total receipts of the business as reported in the Federal income tax return do not agree with the gross receipts reported to the Department of Revenue for the same period, the retailer shall attach to his annual return a schedule showing a reconciliation of the 2 amounts and the reasons for the difference. The retailer's annual return to the Department shall also disclose the cost of goods sold by the retailer during the year covered by such return, opening and closing inventories of such goods for such year, costs of goods used from stock or taken from stock and given away by the retailer during such year, payroll information of the retailer's business during such year and any additional reasonable information which the Department deems would be helpful.
in determining the accuracy of the monthly, quarterly or annual returns filed by such retailer as provided for in this Section.

If the annual information return required by this Section is not filed when and as required, the taxpayer shall be liable as follows:

(i) Until January 1, 1994, the taxpayer shall be liable for a penalty equal to 1/6 of 1% of the tax due from such taxpayer under this Act during the period to be covered by the annual return for each month or fraction of a month until such return is filed as required, the penalty to be assessed and collected in the same manner as any other penalty provided for in this Act.

(ii) On and after January 1, 1994, the taxpayer shall be liable for a penalty as described in Section 3-4 of the Uniform Penalty and Interest Act.

The chief executive officer, proprietor, owner or highest ranking manager shall sign the annual return to certify the accuracy of the information contained therein. Any person who willfully signs the annual return containing false or inaccurate information shall be guilty of perjury and punished accordingly. The annual return form prescribed by the Department shall include a warning that the person signing the return may be liable for perjury.

The provisions of this Section concerning the filing of an annual information return do not apply to a retailer who is not required to file an income tax return with the United States Government.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, manufacturers, importers and wholesalers whose products are sold at retail in Illinois by numerous retailers, and who wish to do so, may assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the retailers who are affected do not make written objection to the Department to this arrangement.

Any person who promotes, organizes, provides retail selling space for concessionaires or other types of sellers at the Illinois State Fair, DuQuoin State Fair, county fairs, local fairs, art shows, flea markets and similar exhibitions or events, including any transient merchant as defined by Section 2 of the Transient Merchant Act of 1987, is required to file a report with the Department providing the name of the merchant's business, the name of the person or persons engaged in merchant's business, the permanent address and Illinois Retailers Occupation Tax Registration Number of the merchant, the dates and location of the event and other reasonable information that the Department may require. The report must be filed not later than the 20th day of the month next following the month during which the event with retail sales was held. Any person who fails to file a report required by this Section commits a business offense and is subject to a fine not to exceed $250.

Any person engaged in the business of selling tangible personal property at retail as a concessionaire or other type of seller at the Illinois State Fair, county fairs, art shows, flea markets and similar exhibitions or events, as defined by Section 2 of the Transient Merchant Act of 1987, may be required to make a daily report of the amount of such sales to the Department and to make a daily payment of the full amount of tax due. The Department shall impose this requirement when it finds that there is a significant risk of loss of revenue to the State at such an exhibition or event. Such a finding shall be based on evidence that a substantial number of concessionaires or other sellers who are not residents of Illinois will be engaging in the business of selling tangible personal property at retail at the exhibition or event, or other evidence of a significant risk of loss of revenue to the State. The Department shall notify concessionaires and other sellers affected by the imposition of this requirement. In the absence of notification by the Department, the concessionaires and other sellers shall file their returns as otherwise required in this Section.

Section 35. The Electricity Excise Tax Law is amended by changing Sections 2-9 and 2-11 as follows:

New matter indicated by italics - deletions by strikeout.
Sec. 2-9. Return and payment of tax by delivering supplier. Each delivering supplier who is required or authorized to collect the tax imposed by this Law shall make a return to the Department on or before the 15th day of each month for the preceding calendar month stating the following:

1. The delivering supplier's name.

2. The address of the delivering supplier's principal place of business and the address of the principal place of business (if that is a different address) from which the delivering supplier engaged in the business of delivering electricity in this State.

3. The total number of kilowatt-hours which the supplier delivered to or for purchasers during the preceding calendar month and upon the basis of which the tax is imposed.

4. Amount of tax, computed upon Item (3) at the rates stated in Section 2-4.

5. An adjustment for uncollectible amounts of tax in respect of prior period kilowatt-hour deliveries, determined in accordance with rules and regulations promulgated by the Department.

5.5 The amount of credits to which the taxpayer is entitled on account of purchases made under Section 8-403.1 of the Public Utilities Act.

6. Such other information as the Department reasonably may require.

In making such return the delivering supplier may use any reasonable method to derive reportable "kilowatt-hours" from the delivering supplier's records.

If the average monthly tax liability to the Department of the delivering supplier does not exceed $2,500, the Department may authorize the delivering supplier's returns to be filed on a quarter-annual basis, with the return for January, February and March of a given year being due by April 30 of such year; with the return for April, May and June of a given year being due by July 31 of such year; with the return for July, August and September of a given year being due by October 31 of such year; and with the return for October, November and December of a given year being due by January 31 of the following year.

If the average monthly tax liability to the Department of the delivering supplier does not exceed $1,000, the Department may authorize the delivering supplier's returns to be filed on an annual basis, with the return for a given year being due by January 31 of the following year.

Such quarter-annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Law concerning the time within which a delivering supplier may file a return, any such delivering supplier who ceases to engage in a kind of business which makes the person responsible for filing returns under this Law shall file a final return under this Law with the Department not more than one month after discontinuing such business.

Each delivering supplier whose average monthly liability to the Department under this Law was $10,000 or more during the preceding calendar year, excluding the month of highest liability and the month of lowest liability in such calendar year, and who is not operated by a unit of local government, shall make estimated payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which tax liability to the Department is incurred in an amount not less than the lower of either 22.5% of such delivering supplier's actual tax liability for the month or 25% of such delivering supplier's actual tax liability for the same calendar month of the preceding year. The amount of such quarter-monthly payments shall be credited against the final tax liability of such delivering supplier's return for that month. An outstanding credit approved by the Department or a credit memorandum issued by the Department arising from such delivering supplier's overpayment of his or her final tax liability for any month may be applied to reduce the amount of any subsequent quarter-monthly payment or credited against the final tax liability of such delivering supplier's return for any subsequent month. If any quarter-monthly payment is not paid at the time or in the amount required by this Section, such delivering supplier shall be liable for penalty and interest on the difference between the minimum amount due as a payment and the amount of such payment actually and timely paid, except insofar as such delivering supplier has previously made payments for that month to the Department in excess of the minimum payments previously due.

If the Director finds that the information required for the making of an accurate return cannot reasonably be compiled by such delivering supplier within 15 days after the close of the calendar month for which a return is to be made, the Director may grant an extension of time for the filing of

such return for a period not to exceed 31 calendar days. The granting of such an extension may be conditioned upon the deposit by such delivering supplier with the Department of an amount of money not exceeding the amount estimated by the Director to be due with the return so extended. All such deposits shall be credited against such delivering supplier's liabilities under this Law. If the deposit exceeds such delivering supplier's present and probable future liabilities under this Law, the Department shall issue to such delivering supplier a credit memorandum, which may be assigned by such delivering supplier to a similar person under this Law, in accordance with reasonable rules and regulations to be prescribed by the Department.

The delivering supplier making the return provided for in this Section shall, at the time of making such return, pay to the Department the amount of tax imposed by this Law.

*Until October 1, 2002,* a delivering supplier who has an average monthly tax liability of $10,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "average monthly tax liability" shall be the sum of the delivering supplier's liabilities under this Law for the immediately preceding calendar year divided by 12. *Beginning on October 1, 2002,* a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer. Any delivering supplier not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department. All delivering suppliers required to make payments by electronic funds transfer and any delivering suppliers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

Each month the Department shall pay into the Public Utility Fund in the State treasury an amount determined by the Director to be equal to 3.0% of the funds received by the Department pursuant to this Section. The remainder of all moneys received by the Department under this Section shall be paid into the General Revenue Fund in the State treasury.

(35 ILCS 640/2-11)

Sec. 2-11. Direct return and payment by self-assessing purchaser. When electricity is used or consumed by a self-assessing purchaser subject to the tax imposed by this Law who did not pay the tax to a delivering supplier maintaining a place of business within this State and required or authorized to collect the tax, that self-assessing purchaser shall, on or before the 15th day of each month, make a return to the Department for the preceding calendar month, stating all of the following:

1. The self-assessing purchaser's name and principal address.
2. The aggregate purchase price paid by the self-assessing purchaser for the distribution, supply, furnishing, sale, transmission and delivery of such electricity to or for the purchaser during the preceding calendar month, including budget plan and other purchaser-owned amounts applied during such month in payment of charges includible in the purchase price, and upon the basis of which the tax is imposed.
3. Amount of tax, computed upon item (2) at the rate stated in Section 2-4.
4. Such other information as the Department reasonably may require.

In making such return the self-assessing purchaser may use any reasonable method to derive reportable "purchase price" from the self-assessing purchaser's records.

If the average monthly tax liability of the self-assessing purchaser to the Department does not exceed $2,500, the Department may authorize the self-assessing purchaser's returns to be filed on a quarter-annual basis, with the return for January, February and March of a given year being due by April 30 of such year; with the return for April, May and June of a given year being due by July 31 of such year; with the return for July, August, and September of a given year being due by October 31 of such year; and with the return for October, November and December of a given year being due by January 31 of the following year.

If the average monthly tax liability of the self-assessing purchaser to the Department does not exceed $1,000, the Department may authorize the self-assessing purchaser's returns to be filed on an annual basis, with the return for a given year being due by January 31 of the following year.

Such quarter-annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Law concerning the time within which a
PUBLIC ACT 92-0492

self-assessing purchaser may file a return, any such self-assessing purchaser who ceases to be responsible for filing returns under this Law shall file a final return under this Law with the Department not more than one month thereafter.

Each self-assessing purchaser whose average monthly liability to the Department pursuant to this Section was $10,000 or more during the preceding calendar year, excluding the month of highest liability and the month of lowest liability during such calendar year, and which is not operated by a unit of local government, shall make estimated payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which tax liability to the Department is incurred in an amount not less than the lower of either 22.5% of such self-assessing purchaser's actual tax liability for the month or 25% of such self-assessing purchaser's actual tax liability for the same calendar month of the preceding year. The amount of such quarter-monthly payments shall be credited against the final tax liability of the self-assessing purchaser's return for that month. An outstanding credit approved by the Department or a credit memorandum issued by the Department arising from the self-assessing purchaser's overpayment of the self-assessing purchaser's final tax liability for any month may be applied to reduce the amount of any subsequent quarter-monthly payment or credited against the final tax liability of such self-assessing purchaser's return for any subsequent month. If any quarter-monthly payment is not paid at the time or in the amount required by this Section, such person shall be liable for penalty and interest on the difference between the minimum amount due as a payment and the amount of such payment actually and timely paid, except insofar as such person has previously made payments for that month to the Department in excess of the minimum payments previously due.

If the Director finds that the information required for the making of an accurate return cannot reasonably be compiled by a self-assessing purchaser within 15 days after the close of the calendar month for which a return is to be made, the Director may grant an extension of time for the filing of such return for a period of not to exceed 31 calendar days. The granting of such an extension may be conditioned upon the deposit by such self-assessing purchaser with the Department of an amount of money not exceeding the amount estimated by the Director to be due with the return so extended. All such deposits shall be credited against such self-assessing purchaser's liabilities under this Law. If the deposit exceeds such self-assessing purchaser's present and probable future liabilities under this Law, the Department shall issue to such self-assessing purchaser a credit memorandum, which may be assigned by such self-assessing purchaser to a similar person under this Law, in accordance with reasonable rules and regulations to be prescribed by the Department.

The self-assessing purchaser making the return provided for in this Section shall, at the time of making such return, pay to the Department the amount of tax imposed by this Law.

Until October 1, 2002, a self-assessing purchaser who has an average monthly tax liability of $10,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "average monthly tax liability" shall be the sum of the self-assessing purchaser's liabilities under this Law for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer. Any self-assessing purchaser not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department. All self-assessing purchasers required to make payments by electronic funds transfer and any self-assessing purchasers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

Each month the Department shall pay into the Public Utility Fund in the State treasury an amount determined by the Director to be equal to 3.0% of the funds received by the Department pursuant to this Section. The remainder of all moneys received by the Department under this Section shall be paid into the General Revenue Fund in the State treasury. (Source: P.A. 90-561, eff. 8-1-98; 91-357, eff. 7-29-99.)

same fees as are or may be provided in this Section, except when increased by county ordinance pursuant to the provisions of this Section, to be paid to the county clerk for his services in the office of recorder for like services. No filing fee shall be charged for providing informational copies of financing statements to the recorder pursuant to subsection (8) of Section 9-403 of the Uniform Commercial Code.

For recording deeds or other instruments $12 for the first 4 pages thereof, plus $1 for each additional page thereof, plus $1 for each additional document number therein noted. The aggregate minimum fee for recording any one instrument shall not be less than $12.

For recording deeds or other instruments wherein the premises affected thereby are referred to by document number and not by legal description a fee of $1 in addition to that hereinafore referred to for each document number therein noted.

For recording assignments of mortgages, leases or liens $12 for the first 4 pages thereof, plus $1 for each additional page thereof. However, except for leases and liens pertaining to oil, gas and other minerals, whenever a mortgage, lease or lien assignment assigns more than one mortgage, lease or lien document, a $7 fee shall be charged for the recording of each such mortgage, lease or lien document after the first one.

For recording maps or plats of additions or subdivisions approved by the county or municipality (including the spreading of the same of record in map case or other proper books) or plats of condominiums $50 for the first page, plus $1 for each additional page thereof except that in the case of recording a single page, legal size 8 1/2 x 14, plat of survey in which there are no more than two lots or parcels of land, the fee shall be $12. In each county where such maps or plats are to be recorded, the recorder may require the same to be accompanied by such number of exact, true and legible copies thereof as the recorder deems necessary for the efficient conduct and operation of his office.

For certified copies of records the same fees as for recording, but in no case shall the fee for a certified copy of a map or plat of an addition, subdivision or otherwise exceed $10.

Each certificate of such recorder of the recording of the deed or other writing and of the date of recording the same signed by such recorder, shall be sufficient evidence of the recording thereof, and such certificate including the indexing of record, shall be furnished upon the payment of the fee for recording the instrument, and no additional fee shall be allowed for the certificate or indexing.

The recorder shall charge an additional fee, in an amount equal to the fee otherwise provided by law, for recording a document (other than a document filed under the Plat Act or the Uniform Commercial Code) that does not conform to the following standards:

1. The document shall consist of one or more individual sheets measuring 8.5 inches by 11 inches, not permanently bound and not a continuous form. Graphic displays accompanying a document to be recorded that measure up to 11 inches by 17 inches shall be recorded without charging an additional fee.

2. The document shall be legibly printed in black ink, by hand, type, or computer. Signatures and dates may be in contrasting colors if they will reproduce clearly.

3. The document shall be on white paper of not less than 20-pound weight and shall have a clean margin of at least one-half inch on the top, the bottom, and each side. Margins may be used for non-essential notations that will not affect the validity of the document, including but not limited to form numbers, page numbers, and customer notations.

4. The first page of the document shall contain a blank space, measuring at least 3 inches by 5 inches, from the upper right corner.

5. The document shall not have any attachment stapled or otherwise affixed to any page. A document that does not conform to these standards shall not be recorded except upon payment of the additional fee required under this paragraph. This paragraph, as amended by this amendatory Act of 1995, applies only to documents dated after the effective date of this amendatory Act of 1995.

The county board may, however, by ordinance, increase the fees allowed by this Section and collect such increased fees from all persons and entities other than officers, agencies, departments and other instrumentalities of the State if the increase is justified by an acceptable cost study showing that the fees allowed by this Section are not sufficient to cover the cost of providing the service. Notwithstanding any provision of the law to the contrary, the General Assembly hereby authorizes the use of such funds for the purposes set forth in this Section.

These provisions do not apply to funds classified by the Comptroller as federal trust funds or State trust funds. The Audit Expense Fund may receive transfers from those trust funds only as directed herein, except where prohibited by the terms of the trust fund agreement. The Auditor General shall notify the trustees of those funds of the estimated cost of the audit to be incurred under the Illinois State Auditing Act for the fund. The trustees of those funds shall direct the State Comptroller and Treasurer to transfer the estimated amount to the Audit Expense Fund.

The Auditor General may bill entities that are not subject to the above transfer provisions, including private entities, related organizations and entities whose funds are locally-held, for the cost of audits, studies, and investigations incurred on their behalf. Any revenues received under this provision shall be deposited into the Audit Expense Fund.

In the event that moneys on deposit in any fund are unavailable, by reason of deficiency or any other reason preventing their lawful transfer, the State Comptroller shall order transferred and the State Treasurer shall transfer the amount deficient or otherwise unavailable from the General Revenue Fund for deposit into the Audit Expense Fund.

On or before December 1, 1992, and each December 1 thereafter, the Auditor General shall notify the Bureau of the Budget of the amount estimated to be necessary to pay for audits, studies, and investigations in accordance with the Illinois State Auditing Act during the next succeeding fiscal year.

for each State fund for which a transfer or reimbursement is anticipated.

Beginning with fiscal year 1994 and during each fiscal year thereafter, the Auditor General may direct the State Comptroller and Treasurer to transfer moneys from funds authorized by the General Assembly for that fund. In the event funds, including federal and State trust funds but excluding the General Revenue Fund, are transferred, during fiscal year 1994 and during each fiscal year thereafter, in excess of the amount to pay actual costs attributable to audits, studies, and investigations as permitted or required by the Illinois State Auditing Act or specific action of the General Assembly, the Auditor General shall, on September 30, or as soon thereafter as is practicable, direct the State Comptroller and Treasurer to transfer the excess amount back to the fund from which it was originally transferred.

AN ACT with regard to education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The School Code is amended by changing Section 27-23 as follows:
(105 ILCS 5/27-23) (from Ch. 122, par. 27-23)
Sec. 27-23. Motor Vehicle Code. The curriculum in all public schools shall include a course dealing with the content of Chapters 11, 12, 13, 15, and 16 of the Illinois Vehicle Code, the rules and regulations adopted pursuant to those Chapters insofar as they pertain to the operation of motor vehicles, and the portions of the Litter Control Act relating to the operation of motor vehicles. Instruction shall be given in safety education in each grade, 1 through 8, equivalent to 1 class period each week, and in at least 1 of the years in grades 10 through 12. The course of instruction required of each eligible student at the high school level shall consist of a minimum of 30 clock hours of classroom instruction taught by a certified high school teacher who has acquired special qualifications as required for participation under the terms of Section 27-24.2 of this Act. Each school district maintaining grades 9 through 12: (i) shall provide the classroom course for each public and non-public high school student resident of the school district who either has received a passing grade in at least 8 courses during the previous 2 semesters or has received a waiver of that requirement from the local superintendent of schools (with respect to a public high school student) or chief school administrator (with respect to a non-public high school student), as provided in Section 27-24.2, and for each out-of-school resident of the district between the age of 15 and 21 years who requests the classroom course, and (ii) may provide such classroom course for any resident of the district over age 55 who requests the classroom course, but only if space therein remains available after all eligible public and non-public high school student residents and out-of-school residents between the age of 15 and 21 who request such course have registered therefor, and only if such resident of the district over age 55 has not previously been licensed as a driver under the laws of this or any other state or country. school district (i) shall provide an approved course in practice driving consisting of a minimum of 6 clock hours of individual behind-the-wheel instruction or its equivalent in a car, as determined by the State Board of Education, for each eligible resident of the district between the age of 15 and 21 years who has started an approved high school classroom driver education course on request, and (ii) may provide such approved course in practice driving for any resident of the district over age 55 on request and without regard to whether or not such resident has started any high school classroom driver education course, but only if space therein remains available after all eligible residents of the district between the ages of 15 and 21 years who have started an approved classroom driver education course and who request such course in practice driving have registered therefor, and only if such resident of the district over age 55 has not previously been licensed as a driver under the laws of this or any other state or country. Section 99. Effective date. This Act takes effect upon becoming law.
Sent to the Governor May 31, 2001.
Vetoed by the Governor July 26, 2001.
under Section 5 for such labor and parts shall be either approved or disapproved within 30 days following their submission. All approved claims shall be paid within 30 days following their approval. The motor vehicle dealer who submits a claim which is disapproved shall be notified in writing of the disapproval within the same period, and each such notice shall state the specific grounds upon which the disapproval is based. The motor vehicle dealer shall be permitted to correct and resubmit such disapproved claims within 30 days of receipt of disapproval. Any claims not specifically disapproved in writing within 30 days from their submission shall be deemed approved and payment shall follow within 30 days. The manufacturer or franchiser shall have the right to require reasonable documentation for claims and to audit such claims within a one year period from the date the claim was paid or credit issued by the manufacturer or franchiser, and to charge back any false or unsubstantiated claims. The audit and charge back provisions of this Section also apply to all other incentive and reimbursement programs for a period of 18 months after the date of the transactions that are subject to audit by the franchiser. However, the manufacturer retains the right to charge back any fraudulent claim if the manufacturer establishes in a court of competent jurisdiction in this State that the claim is fraudulent.

(c) The motor vehicle franchiser shall not, by agreement, by restrictions upon reimbursement, or otherwise, restrict the nature and extent of services to be rendered or parts to be provided so that such restriction prevents the motor vehicle franchisee from satisfying the warranty by rendering services in a good and workmanlike manner and providing parts which are required in accordance with generally accepted standards. Any such restriction shall constitute a prohibited practice.

(d) For the purposes of this Section, the "prevailing retail price charged by that dealer for the same parts" means the price paid by the motor vehicle franchisee for parts, including all shipping and other charges, multiplied by the sum of 1.0 and the franchisee's average percentage markup over the price paid by the motor vehicle franchisee for parts purchased by the motor vehicle franchisee from the motor vehicle franchiser and sold at retail. The motor vehicle franchisee may establish average percentage markup under this Section by submitting to the motor vehicle franchiser 100 sequential customer paid service repair orders or 90 days of customer paid service repair orders, whichever is less, covering repairs made no more than 180 days before the submission, and declaring what the average percentage markup is. The average percentage markup so declared shall go into effect 30 days following the declaration, subject to audit of the submitted repair orders by the motor vehicle franchiser and adjustment of the average percentage markup based on that audit. Any audit must be conducted within 30 days following the declaration. Only retail sales not involving warranty repairs, parts covered by subsection (e) of this Section, or parts supplied for routine vehicle maintenance, shall be considered in calculating average percentage markup. No motor vehicle franchiser shall require a motor vehicle franchisee to establish average percentage markup by a methodology, or by requiring information, that is unduly burdensome or time consuming to provide, including, but not limited to, part by part or transaction by transaction calculations. A motor vehicle franchisee shall not request a change in the average percentage markup more than twice in one calendar year.

(e) If a motor vehicle franchiser supplies a part or parts for use in a repair rendered under a warranty other than by sale of that part or parts to the motor vehicle franchisee, the motor vehicle franchisee shall be entitled to compensation equivalent to the motor vehicle franchisee's average percentage markup on the part or parts, as if the part or parts had been sold to the motor vehicle franchisee by the motor vehicle franchiser. The requirements of this subsection (e) shall not apply to entire engine assemblies and entire transmission assemblies. In the case of those assemblies, the motor vehicle franchiser shall reimburse the motor vehicle franchisee in the amount of 30% of what the motor vehicle franchisee would have paid the motor vehicle franchiser for the assembly if the assembly had not been supplied by the franchiser other than by the sale of that assembly to the motor vehicle franchiser.

(f) The obligations imposed on motor vehicle franchisers by this Section shall apply to any parent, subsidiary, affiliate, or agent of the motor vehicle franchiser, any person under common ownership or control, any employee of the motor vehicle franchiser, and any person holding 1% or more of the shares of any class of securities or other ownership interest in the motor vehicle franchiser, if a warranty or service or repair plan is issued by that person instead of or in addition to one issued by the motor vehicle franchiser.

(g) (1) Any motor vehicle franchiser and at least a majority of its Illinois franchisees of the
same line make may agree in an express written contract citing this Section upon a uniform warranty reimbursement policy used by contracting franchisees to perform warranty repairs. The policy shall only involve either reimbursement for parts used in warranty repairs or the use of a Uniform Time Standards Manual, or both. Reimbursement for parts under the agreement shall be used instead of the franchisees' "prevailing retail price charged by that dealer for the same parts" as defined in this Section to calculate compensation due from the franchiser for parts used in warranty repairs. This Section does not authorize a franchiser and its Illinois franchisees to establish a uniform hourly labor reimbursement.

Each franchiser shall only have one such agreement with each line make. Any such agreement shall:

(A) Establish a uniform parts reimbursement rate. The uniform parts reimbursement rate shall be greater than the franchiser's nationally established parts reimbursement rate in effect at the time the first such agreement becomes effective; however, any subsequent agreement shall result in a uniform reimbursement rate that is greater or equal to the rate set forth in the immediately prior agreement.

(B) Apply to all warranty repair orders written during the period that the agreement is effective.

(C) Be available, during the period it is effective, to any motor vehicle franchisee of the same line make at any time and on the same terms.

(D) Be for a term not to exceed 3 years so long as any party to the agreement may terminate the agreement upon the annual anniversary of the agreement and with 30 days' prior written notice; however, the agreement shall remain in effect for the term of the agreement regardless of the number of dealers of the same line make that may terminate the agreement.

(2) A franchiser that enters into an agreement with its franchisees pursuant to paragraph (1) of this subsection (g) may seek to recover its costs from only those franchisees that are receiving their "prevailing retail price charged by that dealer" under subsections (a) through (f) of this Section, subject to the following requirements:

(A) "costs" means the difference between the uniform reimbursement rate set forth in an agreement entered into pursuant to paragraph (1) of this subsection (g) and the "prevailing retail price charged by that dealer" received by those franchisees of the same line make;

(B) the costs shall be recovered only by increasing the invoice price on new vehicles received by those franchisees; and

(C) price increases imposed for the purpose of recovering costs imposed by this Section may vary from time to time and from model to model, but shall apply uniformly to all franchisees of the same line make in the State of Illinois that have requested reimbursement for warranty repairs at their "prevailing retail price charged by that dealer", except that a franchiser may make an exception for vehicles that are titled in the name of a consumer in another state.

(3) If a franchiser contracts with its Illinois dealers pursuant to paragraph (1) of this subsection (g), the franchiser shall certify under oath to the Motor Vehicle Review Board that a majority of the franchisees of that line make did agree to such an agreement and file a sample copy of the agreement. On an annual basis, each franchiser shall certify under oath to the Motor Vehicle Review Board that the reimbursement costs it recovers under paragraph (2) of this subsection (g) do not exceed the amounts authorized by paragraph (2) of this subsection (g). The franchiser shall maintain for a period of 3 years a file that contains the information upon which its certification is based.

(4) If a franchiser and its franchisees do not enter into an agreement pursuant to paragraph (1) of this subsection (g), and for any matter that is not the subject of an agreement, this subsection (g) shall have no effect whatsoever.

(5) For purposes of this subsection (g), a Uniform Time Standard Manual is a document created by a franchiser that establishes the time allowances for the diagnosis and performance of warranty work and service. The allowances shall be reasonable and adequate for the work and service to be performed. Each franchiser shall have a reasonable and fair process that allows a franchisee to request a modification or adjustment of a standard or standards included in such a manual.

Sec. 12. Boxing contests. Each boxing contestant shall be examined before entering the ring and immediately after each contest by a physician licensed to practice medicine in all of its branches. The physician shall determine, prior to the contest, if each contestant is physically fit to engage in the contest. (b) The determination by a circuit court that a licensee is subject to involuntary admission or judicial admission as provided in the Mental Health and Developmental Disabilities Code operates as an automatic suspension. The suspension will end only upon a finding by a court that the licensee is no longer subject to involuntary admission or judicial admission, issuance of an order so finding and discharging the licensee, and upon the recommendation of the Board to the Director that the licensee be allowed to resume his or her practice.

(c) In enforcing this Section, the Board, upon a showing of a possible violation, may compel any individual licensed or registered to practice under this Act, or who has applied for licensure or registration pursuant to this Act, to submit to a mental or physical examination, or both, as required by and at the expense of the Department. The examining physicians or clinical psychologists shall be those specifically designated by the Board. The Board or the Department may order the examining physician or clinical psychologist to present testimony concerning this mental or physical examination of the licensee, registrant, or applicant. No information shall be excluded by reason of any common law or statutory privilege relating to communications between the licensee, registrant, or applicant and the examining physician or clinical psychologist. Eye examinations may be provided by a licensed and certified therapeutic optometrist. The individual to be examined may have, at his or her own expense, another physician of his or her choice present during all aspects of the examination. Failure of any individual to submit to a mental or physical examination, when directed, shall be grounds for suspension of a license until such time as the individual submits to the examination if the Board finds, after notice and hearing, that the refusal to submit to the examination was without reasonable cause.

(d) If the Board finds an individual unable to practice because of the reasons set forth in this Section, the Board shall require the individual to submit to care, counseling, or treatment by physicians or clinical psychologists approved or designated by the Board, as a condition, term, or restriction for continued, reinstated, or renewed licensure or registration, or in lieu of care, counseling, or treatment, the Board may recommend to the Department to file a complaint to immediately suspend, revoke, or otherwise discipline the license or registration of the individual. Any individual whose license or registration was granted pursuant to this Act, or continued, reinstated, renewed, disciplined, or supervised, subject to such conditions, terms, or restrictions, who shall fail to comply with such conditions, terms, or restrictions, shall be referred to the Director for a determination as to whether the individual shall have his or her license or registration suspended immediately, pending a hearing by the Board.

Sec. 17.7. Restoration of suspended or revoked license or registration. At any time after the suspension or revocation of a license, the Department may restore it to the licensee or registrant upon the written recommendation of the Board, unless after an investigation and a hearing the Board determines that restoration is not in the public interest.

(Source: P.A. 91-408, eff. 1-1-00.)

Sec. 17.8. Surrender of license or registration. Upon the revocation or suspension of a license or registration, the licensee or registrant shall immediately surrender his or her license or registration to the Department. If the licensee or registrant fails to do so, the Department has the right to seize the license or registration.

(Source: P.A. 91-408, eff. 1-1-00.)

Sec. 17.9. Summary suspension of a license or registration. Sec. 18. Investigations; notice and hearing. The Department may investigate the actions of any applicant or of any person or persons promoting or participating in a contest or exhibition or any person holding or claiming to hold a license or registration. The Department shall, before revoking, suspending, placing on probation, reprimanding, or taking any other disciplinary action under this Act, at least 30 days before the date set for the hearing, (i) notify the accused in writing of the charges made and the time and place for the hearing on the charges, (ii) direct him or her to file a written answer to the charges with the Board under oath within 20 days after the service on him or her of the notice, and (iii) inform the accused that, if he or she fails to answer, default will be taken against him or her or that his or her license or registration may be suspended, revoked, or placed on probationary status or that other disciplinary action may be taken with regard to the license or registration, including limiting the scope, nature, or extent of his or her practice, as the Department may consider proper. At the time and place fixed in the notice, the Board shall proceed to hear the charges, and the parties or their counsel shall be accorded ample opportunity to present any pertinent statements, testimony, evidence, and arguments. The Board may continue the hearing from time to time. In case the person, after receiving the notice, fails to file an answer, his or her license or registration may, in the discretion of the Department, be suspended, revoked, or placed on probationary status or the Department may take whatever disciplinary action considered proper, including limiting the scope, nature, or extent of the person's practice or the imposition of a fine, without a hearing, if the act or acts charged constitute sufficient grounds for that action under this Act. The written notice may be served by personal delivery or by certified mail to the address specified by the accused in his or her last notification with the Department.
(Source: P.A. 91-408, eff. 1-1-00.)

Sec. 19. Findings and recommendations. At the conclusion of the hearing, the Board shall present to the Director a written report of its findings, conclusions of law, and recommendations. The report shall contain a finding of whether the accused person violated this Act or its rules or failed to comply with the conditions required in this Act or its rules. The Board shall specify the nature of any violations or failure to comply and shall make its recommendations to the Director. In making recommendations for any disciplinary actions, the Board may take into consideration all facts and circumstances bearing upon the reasonableness of the conduct of the accused and the potential for future harm to the public including, but not limited to, previous discipline of the accused by the Department, intent, degree of harm to the public and likelihood of harm in the future, any restitution made by the accused, and whether the incident or incidents contained in the complaint appear to be isolated or represent a continuing pattern of conduct. In making its recommendations for discipline, the Board shall endeavor to ensure that the severity of the discipline recommended is reasonably related to the severity of the violation.

The report of findings of fact, conclusions of law, and recommendation of the Board shall be the basis for the Department's order refusing to issue, restore, or renew a license or registration, or otherwise disciplining a licensee or registrant. If the Director disagrees with the recommendations of the Board, the Director may issue an order in contravention of the Board recommendations. The Director shall provide a written report to the Board on any disagreement and shall specify the reasons for the action in the final order. The finding is not admissible in evidence against the person in a criminal prosecution brought for a violation of this Act, but the hearing and finding are not a bar to a criminal prosecution brought for a violation of this Act.
(Source: P.A. 91-408, eff. 1-1-00.)

Sec. 19.1. Appointment of a hearing officer. The Director has the authority to appoint any attorney duly licensed to practice law in the State of Illinois to serve as the hearing officer in any action for refusal to issue, restore, or renew a license or certificate of registration or discipline of a licensee or registrant. The hearing officer has full authority to conduct the hearing. The hearing officer shall report his or her findings of fact, conclusions of law, and recommendations to the Board and the
Director. The Board shall have 60 days from receipt of the report to review the report of the hearing officer and present its findings of fact, conclusions of law and recommendations to the Director. If the Board fails to present its report within the 60 day period, the Director may issue an order based on the report of the hearing officer. If the Director determines that the Board's report is contrary to the manifest weight of the evidence, he may issue an order in contravention of the recommendation. The Director shall promptly provide a written report of the Board on any deviation and shall specify the reasons for the action in the final order.

Any person who delivers a check or other payment to the Department that is returned to the Department unpaid by the financial institution upon which it is drawn shall pay to the Department, in addition to the amount already owed to the Department, a fine of $50. If the check or other payment was for a renewal or issuance fee and that person practices without paying the renewal fee or issuance fee and the fine due, an additional fine of $100 shall be imposed. The fines imposed by this Section are in addition to any other discipline provided under this Act for unlicensed practice or practice on a nonrenewed license. The Department shall notify the person that payment of fees and fines shall be paid to the Department by certified check or money order within 30 calendar days of the notification. If, after the expiration of 30 days from the date of the notification, the person has failed to submit the necessary remittance, the Department shall automatically terminate the license or certificate or deny the application, without hearing. If, after termination or denial, the person seeks a license or certificate, he or she shall apply to the Department for restoration or issuance of the license or certificate and pay all fees and fines due to the Department. The Department may establish a fee for the processing of an application for restoration of a license or certificate to pay all expenses of processing this application. The Director may waive the fines due under this Section in individual cases where the Director finds that the fines would be unreasonable or unnecessarily burdensome.

(b) The Illinois Supreme Court, in People v. Sypien, Docket No. 89265, has ruled that the inclusion of the amendment to the Juvenile Court Act of 1987 violated the single subject clause of the Illinois Constitution (Article IV, Section 8(d)), and that Public Act 90-456 is therefore unconstitutional in its entirety.

(c) This Act re-enacts Section 15.2 of the Emergency Telephone System Act, Section 26-1 of the Criminal Code of 1961, and Section 108-8 of the Code of Criminal Procedure of 1963. In order to avoid confusion with the changes made by subsequent amendments, the Sections that are re-enacted in this Act are shown as existing text (i.e., without striking and underscoring). This Act is not intended to supersede any other Public Act that amends the text of any of the re-enacted Sections as set forth in this Act. This Act also amends Section 12-14 of the Criminal Code of 1961.

(d) All otherwise lawful actions taken before the effective date of this Act in reliance on or pursuant to Section 108-8 of the Code of Criminal Procedure of 1963, as set forth in Public Act 90-456, by any officer, employee, or agency of State or local government or by any other person or entity, are hereby validated.

Section 99. Effective date. This Act takes effect upon becoming law.
AN ACT in relation to alcoholic liquor.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Liquor Control Act of 1934 is amended by changing Sections 6-16 and 6-16.1 as follows:

Sec. 6-16. Prohibited sales and possession.
(a) (i) No licensee nor any officer, associate, member, representative, agent, or employee of such licensee shall sell, give, or deliver alcoholic liquor to any person under the age of 21 years or to any intoxicated person, except as provided in Section 6-16.1. (ii) No express company, common carrier, or contract carrier that carries or transports alcoholic liquor for delivery within this State shall knowingly give or knowingly deliver to a residential address any shipping container clearly labeled as containing alcoholic liquor and labeled as requiring signature of an adult of at least 21 years of age to any person in this State under the age of 21 years. An express company, common carrier, or contract carrier that carries or transports such alcoholic liquor for delivery within this State shall obtain a signature acknowledging receipt of the alcoholic liquor by an adult who is at least 21 years of age. (iii) No person, after purchasing or otherwise obtaining alcoholic liquor, shall sell, give, or deliver such alcoholic liquor to another person under the age of 21 years, except in the performance of a religious ceremony or service. Any person who violates the provisions of item (i), (ii), or (iii) of this paragraph of this subsection (a) is guilty of a Class A misdemeanor and the person's sentence shall include, but shall not be limited to, a fine of not less than $500.

If a licensee or officer, associate, member, representative, agent, or employee of the licensee, or a representative, agent, or employee of an express company, common carrier, or contract carrier that carries or transports alcoholic liquor for delivery within this State, is prosecuted under this paragraph of this subsection (a) for selling, giving, or delivering alcoholic liquor to a person under the age of 21 years, the person under 21 years of age who attempted to buy or receive the alcoholic liquor may be prosecuted pursuant to Section 6-20 of this Act, unless the person under 21 years of age was acting under the authority of a law enforcement agency, the Illinois Liquor Control Commission, or a local liquor control commissioner pursuant to a plan or action to investigate, patrol, or conduct any similar enforcement action.

For the purpose of preventing the violation of this Section, any licensee, or his agent or employee, or a representative, agent, or employee of an express company, common carrier, or contract carrier that carries or transports alcoholic liquor for delivery within this State, shall refuse to sell, deliver, or serve alcoholic beverages to any person who is unable to produce adequate written evidence of identity and of the fact that he or she is over the age of 21 years, if requested by the licensee, agent, employee, or representative.

Adequate written evidence of age and identity of the person is a document issued by a federal, state, county, or municipal government, or subdivision or agency thereof, including, but not limited to, a motor vehicle operator's license, a registration certificate issued under the Federal Selective Service Act, or an identification card issued to a member of the Armed Forces. Proof that the defendant-licensee, or his employee or agent, or the representative, agent, or employee of the express company, common carrier, or contract carrier that carries or transports alcoholic liquor for delivery within this State demanded, was shown and reasonably relied upon such written evidence in any transaction forbidden by this Section is an affirmative defense in any criminal prosecution therefor or to any proceedings for the suspension or revocation of any license based thereon. It shall not, however, be an affirmative defense if the agent or employee accepted the written evidence knowing it to be false or fraudulent. If a false or fraudulent Illinois driver's license or Illinois identification card is presented by a person less than 21 years of age to a licensee or the licensee's agent or employee for the purpose of ordering, purchasing, attempting to purchase, or otherwise obtaining or attempting to obtain the serving of any alcoholic beverage, the law enforcement officer or agency investigating the incident shall, upon the conviction of the person who presented the fraudulent license or identification, make a report of the matter to the Secretary of State on a form provided by the Secretary of State.

However, no agent or employee of the licensee shall be disciplined or discharged for selling
or furnishing liquor to a person under 21 years of age if the agent or employee demanded and was shown, before furnishing liquor to a person under 21 years of age, adequate written evidence of age and identity of the person issued by a federal, state, county or municipal government, or subdivision or agency thereof, including but not limited to a motor vehicle operator's license, a registration certificate issued under the Federal Selective Service Act, or an identification card issued to a member of the Armed Forces. This paragraph, however, shall not apply if the agent or employee accepted the written evidence knowing it to be false or fraudulent.

Any person who sells, gives, or furnishes to any person under the age of 21 years any false or fraudulent written, printed, or photostatic evidence of the age and identity of such person or who sells, gives or furnishes to any person under the age of 21 years evidence of age and identification of any other person is guilty of a Class A misdemeanor and the person's sentence shall include, but shall not be limited to, a fine of not less than $500.

Any person under the age of 21 years who presents or offers to any licensee, his agent or employee, any written, printed or photostatic evidence of age and identity that is false, fraudulent, or not actually his or her own for the purpose of ordering, purchasing, attempting to purchase or otherwise procuring or attempting to procure, the serving of any alcoholic beverage, who falsely states in writing that he or she is at least 21 years of age when receiving alcoholic liquor from a representative, agent, or employee of an express company, common carrier, or contract carrier, or who has in his or her possession any false or fraudulent written, printed, or photostatic evidence of age and identity, is guilty of a Class A misdemeanor and the person's sentence shall include, but shall not be limited to, the following: a fine of not less than $500 and at least 25 hours of community service. If possible, any community service shall be performed for an alcohol abuse prevention program.

Any person under the age of 21 years who has any alcoholic beverage in his or her possession on any street or highway or in any public place or in any place open to the public is guilty of a Class A misdemeanor. This Section does not apply to possession by a person under the age of 21 years making a delivery of an alcoholic beverage in pursuance of the order of his or her parent or in pursuance of his or her employment.

(a-1) It is unlawful for any parent or guardian to permit his or her residence to be used by an invitee of the parent's child or the guardian's ward, if the invitee is under the age of 21, in a manner that constitutes a violation of this Section. A parent or guardian is deemed to have permitted his or her residence to be used in violation of this Section if he or she knowingly authorizes, enables, or permits such use to occur by failing to control access to either the residence or the alcoholic liquor maintained in the residence. Any person who violates this subsection (a-1) is guilty of a Class A misdemeanor and the person's sentence shall include, but shall not be limited to, a fine of not less than $500. Nothing in this subsection (a-1) shall be construed to prohibit the giving of alcoholic liquor to a person under the age of 21 years in the performance of a religious ceremony or service.

(b) Except as otherwise provided in this Section whoever violates this Section shall, in addition to other penalties provided for in this Act, be guilty of a Class A misdemeanor.

(c) Any person shall be guilty of a Class A misdemeanor where he or she knowingly permits a gathering at a residence which he or she occupies of two or more persons where any one or more of the persons is under 21 years of age and the following factors also apply:

(1) the person occupying the residence knows that any such person under the age of 21 is in possession of or is consuming any alcoholic beverage; and

(2) the possession or consumption of the alcohol by the person under 21 is not otherwise permitted by this Act; and

(3) the person occupying the residence knows that the person under the age of 21 leaves the residence in an intoxicated condition.

For the purposes of this subsection (c) where the residence has an owner and a tenant or lessee, there is a rebuttable presumption that the residence is occupied only by the tenant or lessee.

(d) Any person who rents a hotel or motel room from the proprietor or agent thereof for the purpose of or with the knowledge that such room shall be used for the consumption of alcoholic liquor by persons under the age of 21 years shall be guilty of a Class A misdemeanor.

Sec. 6-16.1. Enforcement actions.

(a) A licensee or an officer, associate, member, representative, agent, or employee of a licensee may sell, give, or deliver alcoholic liquor to a person under the age of 21 years or authorize the sale, gift, or delivery of alcoholic liquor to a person under the age of 21 years pursuant to a plan or action to investigate, patrol, or otherwise conduct a "sting operation" or enforcement action against a person employed by the licensee or on any licensed premises if the licensee or officer, associate, member, representative, agent, or employee of the licensee provides written notice, at least 14 days before the "sting operation" or enforcement action, unless governing body of the municipality or county having jurisdiction sets a shorter period by ordinance, to the law enforcement agency having jurisdiction, the local liquor control commissioner, or both. Notice provided under this Section shall be valid for a "sting operation" or enforcement action conducted within 60 days of the provision of that notice, unless the governing body of the municipality or county having jurisdiction sets a shorter period by ordinance.

(b) A local liquor control commission or unit of local government that conducts alcohol and tobacco compliance operations shall establish a policy and standards for alcohol and tobacco compliance operations to investigate whether a licensee is furnishing (1) alcoholic liquor to persons under 21 years of age in violation of this Act or (2) tobacco to persons in violation of the Sale of Tobacco to Minors Act.

(c) The Illinois Law Enforcement Training Standards Board shall develop a model policy and guidelines for the operation of alcohol and tobacco compliance checks by local law enforcement officers. The Illinois Law Enforcement Training Standards Board shall also require the supervising officers of such compliance checks to have met a minimum training standard as determined by the Board. The Board shall have the right to waive any training based on current written policies and procedures for alcohol and tobacco compliance check operations and in-service training already administered by the local law enforcement agency, department, or office.

(d) The provisions of subsections (b) and (c) do not apply to a home rule unit with more than 2,000,000 inhabitants.

(e) A home rule unit, other than a home rule unit with more than 2,000,000 inhabitants, may not regulate enforcement actions in a manner inconsistent with the regulation of enforcement actions under this Section. This subsection (e) is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of powers and functions exercised by the State.

transfer shall be eligible to participate in the program established under this Section without any interruption or delay in coverage or limitation as to pre-existing medical conditions. Eligibility to participate shall be determined by the Teachers' Retirement System. Eligibility information shall be communicated to the Department of Central Management Services in a format acceptable to the Department.

(d) Coverage. The level of health benefits provided under this Section shall be similar to the level of benefits provided by the program previously established under Article 16 of the Illinois Pension Code.

Group life insurance benefits are not included in the benefits to be provided to TRS benefit recipients and TRS dependent beneficiaries under this Act.

The program of health benefits under this Section may include any or all of the benefit limitations, including but not limited to a reduction in benefits based on eligibility for federal medicare benefits, that are provided under subsection (a) of Section 6 of this Act for other health benefit programs under this Act.

(e) Insurance rates and premiums. The Director shall determine the insurance rates and premiums for TRS benefit recipients and TRS dependent beneficiaries, and shall present to the Teachers' Retirement System of the State of Illinois, by April 15 of each calendar year, the rate-setting methodology (including but not limited to utilization levels and costs) used to determine the amount of the health care premiums.

For Fiscal Year 1996, the premium shall be equal to the premium actually charged in Fiscal Year 1995; in subsequent years, the premium shall never be lower than the premium charged in Fiscal Year 1995. For Fiscal Year 2003, the premium shall not exceed 110% of the premium actually charged in Fiscal Year 2002. For Fiscal Year 2004, the premium shall not exceed 112% of the premium actually charged in Fiscal Year 2003.

Rates and premiums may be based in part on age and eligibility for federal medicare coverage.

The cost of health benefits under the program shall be paid as follows:

(1) For a TRS benefit recipient selecting a managed care program, up to 75% of the total insurance rate shall be paid from the Teacher Health Insurance Security Fund.

(2) For a TRS benefit recipient selecting the major medical coverage program, up to 50% of the total insurance rate shall be paid from the Teacher Health Insurance Security Fund if a managed care program is accessible, as determined by the Teachers' Retirement System.

(3) For a TRS benefit recipient selecting the major medical coverage program, up to 75% of the total insurance rate shall be paid from the Teacher Health Insurance Security Fund if a managed care program is not accessible, as determined by the Teachers' Retirement System.

(4) The balance of the rate of insurance, including the entire premium of any coverage for TRS dependent beneficiaries that has been elected, shall be paid by deductions authorized by the TRS benefit recipient to be withheld from his or her monthly annuity or benefit payment from the Teachers' Retirement System; except that (i) if the balance of the cost of coverage exceeds the amount of the monthly annuity or benefit payment, the difference shall be paid directly to the Teachers' Retirement System by the TRS benefit recipient, and (ii) all or part of the balance of the cost of coverage may, at the school board's option, be paid to the Teachers' Retirement System by the school board of the school district from which the TRS benefit recipient retired, in accordance with Section 10-22.3b of the School Code. Any interest earned on moneys in the Teacher Health Insurance Security Fund shall be deposited into the Fund.

Moneys in the Teacher Health Insurance Security Fund shall be used only to pay the costs of the health benefit program established under this Section, including associated administrative costs, and the costs associated with the health benefit program established under Article 16 of the Illinois Pension Code.
Pension Code, as authorized in this Section. Beginning July 1, 1995, the Department of Central Management Services may make expenditures from the Teacher Health Insurance Security Fund for those costs.

After other funds authorized for the payment of the costs of the health benefit program established under Article 16 of the Illinois Pension Code are exhausted and until January 1, 1996 (or such later date as may be agreed upon by the Director of Central Management Services and the Secretary of the Teachers' Retirement System), the Secretary of the Teachers' Retirement System may make expenditures from the Teacher Health Insurance Security Fund as necessary to pay up to 75% of the cost of providing health coverage to eligible benefit recipients (as defined in Sections 16-153.1 and 16-153.3 of the Illinois Pension Code) who are enrolled in the Article 16 health benefit program and to facilitate the transfer of administration of the health benefit program to the Department of Central Management Services.

(g) Contract for benefits. The Director shall by contract, self-insurance, or otherwise make available the program of health benefits for TRS benefit recipients and their TRS dependent beneficiaries that is provided for in this Section. The contract or other arrangement for the provision of these health benefits shall be on terms deemed by the Director to be in the best interest of the State of Illinois and the TRS benefit recipients based on, but not limited to, such criteria as administrative cost, service capabilities of the carrier or other contractor, and the costs of the benefits.

(h) Continuation and termination of program. It is the intention of the General Assembly that the program of health benefits provided under this Section be maintained on an ongoing, affordable basis through June 30, 2004. The program of health benefits provided under this Section is terminated on July 1, 2004.

The program of health benefits provided under this Section may be amended by the State and is not intended to be a pension or retirement benefit subject to protection under Article XIII, Section 5 of the Illinois Constitution.

(Section scheduled to be repealed on July 1, 2004)
Sec. 6.6. Contributions to the Teacher Health Insurance Security Fund.

(a) Beginning July 1, 1995, all active contributors of the Teachers' Retirement System (established under Article 16 of the Illinois Pension Code) who are not employees of a department as defined in Section 3 of this Act shall make contributions toward the cost of annuitant and survivor health benefits. These contributions shall be at the following rates: until January 1, 2002, rate of 0.5% of salary; beginning January 1, 2002, 0.65% of salary; beginning July 1, 2003, 0.75% of salary.

These contributions shall be deducted by the employer and paid to the System as service agent for the Department of Central Management Services. The System may use the same processes for collecting the contributions required by this subsection that it uses to collect contributions received from school districts and other covered employers under Sections 16-154 and 16-155 of the Illinois Pension Code.

An employer may agree to pick up or pay the contributions required under this subsection on behalf of the teacher; such contributions shall be deemed to have been paid by the teacher. Beginning January 1, 2002, if the employer does not directly pay the required member contribution, then the employer shall reduce the member's salary by an amount equal to the required contribution and shall then pay the contribution on behalf of the member. This reduction shall not change the amounts reported as creditable earnings to the Teachers' Retirement System.

A person who purchases optional service credit under Article 16 of the Illinois Pension Code for a period after June 30, 1995 must also make a contribution under this subsection for that optional credit, at the rate provided in subsection (a), based on 50% of the salary used in computing the optional service credit, plus interest on this employee contribution. This contribution shall be collected by the System as service agent for the Department of Central Management Services. The contribution required under this subsection for the optional service credit must be paid in full before any annuity based on that credit begins.

(a-5) Beginning January 1, 2002, every employer of a teacher (other than an employer that is a department as defined in Section 3 of this Act) shall pay an employer contribution toward the cost

(2) Beginning July 1, 2003, the employer contribution shall be equal to 0.5% of each teacher's salary.

These contributions shall be paid by the employer to the System as service agent for the Department of Central Management Services. The System may use the same processes for collecting the contributions required by this subsection that it uses to collect contributions received from school districts and other covered employers under the Illinois Pension Code.

The school district or other employing unit may pay these employer contributions out of any source of funding available for that purpose and shall forward the contributions to the System on the schedule established for the payment of member contributions.

(b) The Teachers' Retirement System shall promptly deposit all moneys collected under subsection (a) and (a-5) of this Section into the Teacher Health Insurance Security Fund created in Section 6.5 of this Act. The moneys collected under this Section shall be used only for the purposes authorized in Section 6.5 of this Act and shall not be considered to be assets of the Teachers' Retirement System. Contributions made under this Section are not transferable to other pension funds or retirement systems and are not refundable upon termination of service.

(c) On or before November 15 of each year, the Board of Trustees of the Teachers' Retirement System shall certify to the Governor, the Director of Central Management Services, and the State Comptroller its estimate of the total amount of contributions to be paid under subsection (a) of this Section 6.6 for the next fiscal year. The amount certified shall be decreased or increased each year by the amount that the actual active teacher contributions either fell short of or exceeded the estimate used by the Board in making the certification for the previous fiscal year. The certification shall include a detailed explanation of the methods and information that the Board relied upon in preparing its estimate. As soon as possible after the effective date of this amendatory Act of the 92nd General Assembly Section, the Board shall recalculate and recertify its certifications for fiscal years 2002 and 2003 submit its estimate for fiscal year 1996.

(d) Beginning in fiscal year 1996, on the first day of each month, or as soon thereafter as may be practical, the State Treasurer and the State Comptroller shall transfer from the General Revenue Fund to the Teacher Health Insurance Security Fund 1/12 of the annual amount appropriated for that fiscal year to the State Comptroller for deposit into the Teacher Health Insurance Security Fund under Section 1.3 of the State Pension Funds Continuing Appropriation Act.

(e) Except where otherwise specified in this Section, the definitions that apply to Article 16 of the Illinois Pension Code apply to this Section.

(f) This Section is repealed on July 1, 2004.

Section 20. The Illinois Pension Code is amended by changing Section 16-158 as follows:
Sec. 16-158. Contributions by State and other employing units.

(a) The State shall make contributions to the System by means of appropriations from the Common School Fund and other State funds of amounts which, together with other employer contributions, employee contributions, investment income, and other income, will be sufficient to meet the cost of maintaining and administering the System on a 90% funded basis in accordance with actuarial recommendations.

The Board shall determine the amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board and the recommendations of the actuary, using the formula in subsection (b-3).

(a-1) Annually, on or before November 15, the board shall certify to the Governor the amount of the required State contribution for the coming fiscal year. The certification shall include a copy of the actuarial recommendations upon which it is based.

(b) Through State fiscal year 1995, the State contributions shall be paid to the System in accordance with Section 18-7 of the School Code.

(b-1) Beginning in State fiscal year 1996, on the 15th day of each month, or as soon thereafter as may be practicable, the Board shall submit vouchers for payment of State contributions to the System, in a total monthly amount of one-twelfth of the required annual State contribution certified under subsection (a-1). These vouchers shall be paid by the State Comptroller and Treasurer by warrants drawn on the funds appropriated to the System for that fiscal year.

If in any month the amount remaining unexpended from all other appropriations to the System for the applicable fiscal year (including the appropriations to the System under Section 8.12 of the State Finance Act and Section 1 of the State Pension Funds Continuing Appropriation Act) is less than the amount lawfully vouchered under this subsection, the difference shall be paid from the Common School Fund under the continuing appropriation authority provided in Section 1.1 of the State Pension Funds Continuing Appropriation Act.

(b-2) Allocations from the Common School Fund apportioned to school districts not coming under this System shall not be diminished or affected by the provisions of this Article.

(b-3) For State fiscal years 2011 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2010, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section; except that in the following specified State fiscal years, the State contribution to the System shall not be less than the following indicated percentages of the applicable employee payroll, even if the indicated percentage will produce a State contribution in excess of the amount otherwise required under this subsection and subsection (a), and notwithstanding any contrary certification made under subsection (a-1) before the effective date of this amendatory Act of 1998: 10.02% in FY 1999; 10.77% in FY 2000; 11.47% in FY 2001; 12.16% in FY 2002; 12.86% in FY 2003; 13.56% in FY 2004; 14.25% in FY 2005; 14.95% in FY 2006; 15.65% in FY 2007; 16.34% in FY 2008; 17.04% in FY 2009; and 17.74% in FY 2010.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

(c) Payment of the required State contributions and of all pensions, retirement annuities, death benefits, refunds, and other benefits granted under or assumed by this System, and all expenses in connection with the administration and operation thereof, are obligations of the State.

If members are paid from special trust or federal funds which are administered by the employing unit, whether school district or other unit, the employing unit shall pay to the System from such funds the full accruing retirement costs based upon that service, as determined by the System. Employer contributions, based on salary paid to members from federal funds, may be forwarded by the distributing agency of the State of Illinois to the System prior to allocation, in an amount
determined in accordance with guidelines established by such agency and the System.

(d) Effective July 1, 1986, any employer of a teacher as defined in paragraph (8) of Section 16-106 shall pay the employer's normal cost of benefits based upon the teacher's service, in addition to employee contributions, as determined by the System. Such employer contributions shall be forwarded monthly in accordance with guidelines established by the System.

However, with respect to benefits granted under Section 16-133.4 or 16-133.5 to a teacher as defined in paragraph (8) of Section 16-106, the employer's contribution shall be 12% (rather than 20%) of the member's highest annual salary rate for each year of creditable service granted, and the employer shall also pay the required employee contribution on behalf of the teacher. For the purposes of Sections 16-133.4 and 16-133.5, a teacher as defined in paragraph (8) of Section 16-106 who is serving in that capacity while on leave of absence from another employer under this Article shall not be considered an employee of the employer from which the teacher is on leave.

(e) Beginning July 1, 1998, every employer of a teacher shall pay to the System an employer contribution computed as follows:

1. Beginning July 1, 1998 through June 30, 1999, the employer contribution shall be equal to 0.3% of each teacher's salary.
2. Beginning July 1, 1999 and thereafter, the employer contribution shall be equal to 0.58% of each teacher's salary.

The school district or other employing unit may pay these employer contributions out of any source of funding available for that purpose and shall forward the contributions to the System on the schedule established for the payment of member contributions.

These employer contributions are intended to offset a portion of the cost to the System of the increases in retirement benefits resulting from this amendatory Act of 1998.

Each employer of teachers is entitled to a credit against the contributions required under this subsection (e) with respect to salaries paid to teachers for the period January 1, 2002 through June 30, 2003, equal to the amount paid by that employer under subsection (a-5) of Section 6.6 of the State Employees Group Insurance Act of 1971 with respect to salaries paid to teachers for that period.

The additional 1% employee contribution required under Section 16-152 by this amendatory Act of 1998 is the responsibility of the teacher and not the teacher's employer, unless the employer agrees, through collective bargaining or otherwise, to make the contribution on behalf of the teacher.

If an employer is required by a contract in effect on May 1, 1998 between the employer and an employee organization to pay, on behalf of all its full-time employees covered by this Article, all mandatory employee contributions required under this Article, then the employer shall be excused from paying the employer contribution required under this subsection (e) for the balance of the term of that contract. The employer and the employee organization shall jointly certify to the System the existence of the contractual requirement, in such form as the System may prescribe. This exclusion shall cease upon the termination, extension, or renewal of the contract at any time after May 1, 1998.

Effective January 1, 2002.

AN ACT in relation to schools.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Liquor Control Act of 1934 is amended by changing Section 6-16 as follows:
(235 ILCS 5/6-16) (from Ch. 43, par. 131)
Sec. 6-16. Prohibited sales and possession.
(a) (i) No licensee nor any officer, associate, member, representative, agent, or employee of such licensee shall sell, give, or deliver alcoholic liquor to any person under the age of 21 years or to any intoxicated person, except as provided in Section 6-16.1. (ii) No express company, common carrier, or contract carrier that carries or transports alcoholic liquor for delivery within this State shall knowingly give or knowingly deliver to a residential address any shipping container clearly labeled

as containing alcoholic liquor and labeled as requiring signature of an adult of at least 21 years of age to any person in this State under the age of 21 years. An express company, common carrier, or contract carrier that carries or transports such alcoholic liquor for delivery within this State shall obtain a signature acknowledging receipt of the alcoholic liquor by an adult who is at least 21 years of age. (iii) No person, after purchasing or otherwise obtaining alcoholic liquor, shall sell, give, or deliver such alcoholic liquor to another person under the age of 21 years, except in the performance of a religious ceremony or service. Any person who violates the provisions of item (i), (ii), or (iii) of this paragraph of this subsection (a) is guilty of a Class A misdemeanor and the person's sentence shall include, but shall not be limited to, a fine of not less than $500.

If a licensee or officer, associate, member, representative, agent, or employee of the licensee, or a representative, agent, or employee of an express company, common carrier, or contract carrier that carries or transports alcoholic liquor for delivery within this State, is prosecuted under this paragraph of this subsection (a) for selling, giving, or delivering alcoholic liquor to a person under the age of 21 years, the person under 21 years of age who attempted to buy or receive the alcoholic liquor may be prosecuted pursuant to Section 6-20 of this Act, unless the person under 21 years of age was acting under the authority of a law enforcement agency, the Illinois Liquor Control Commission, or a local liquor control commissioner pursuant to a plan or action to investigate, patrol, or conduct any similar enforcement action.

For the purpose of preventing the violation of this Section, any licensee, or his agent or employee, or a representative, agent, or employee of an express company, common carrier, or contract carrier that carries or transports alcoholic liquor for delivery within this State, may refuse to sell, deliver, or serve alcoholic beverages to any person who is unable to produce adequate written evidence of identity and of the fact that he or she is over the age of 21 years.

Adequate written evidence of age and identity of the person is a document issued by a federal, state, county, or municipal government, or subdivision or agency thereof, including, but not limited to, a motor vehicle operator's license, a registration certificate issued under the Federal Selective Service Act, or an identification card issued to a member of the Armed Forces. Proof that the defendant-licensee, or his employee or agent, or the representative, agent, or employee of the express company, common carrier, or contract carrier that carries or transports alcoholic liquor for delivery within this State, was shown and reasonably relied upon such written evidence in any transaction forbidden by this Section is an affirmative defense in any criminal prosecution therefor or to any proceedings for the suspension or revocation of any license based thereon. It shall not, however, be an affirmative defense if the agent or employee accepted the written evidence knowing it to be false or fraudulent. If a false or fraudulent Illinois driver's license or Illinois identification card is presented by a person less than 21 years of age to a licensee or the licensee's agent or employee for the purpose of ordering, purchasing, attempting to purchase, or otherwise obtaining or attempting to obtain the serving of any alcoholic beverage, the law enforcement officer or agency investigating the incident shall, upon the conviction of the person who presented the fraudulent license or identification, make a report of the matter to the Secretary of State on a form provided by the Secretary of State.

However, no agent or employee of the licensee shall be disciplined or discharged for selling or furnishing liquor to a person under 21 years of age if the agent or employee demanded and was shown, before furnishing liquor to a person under 21 years of age, adequate written evidence of age and identity of the person issued by a federal, state, county or municipal government, or subdivision or agency thereof, including but not limited to a motor vehicle operator's license, a registration certificate issued under the Federal Selective Service Act, or an identification card issued to a member of the Armed Forces. This paragraph, however, shall not apply if the agent or employee accepted the written evidence knowing it to be false or fraudulent.

Any person who sells, gives, or furnishes to any person under the age of 21 years any false or fraudulent written, printed, or photostatic evidence of the age and identity of such person or who sells, gives or furnishes to any person under the age of 21 years evidence of age and identification of any other person is guilty of a Class A misdemeanor and the person's sentence shall include, but shall not be limited to, a fine of not less than $500.

Any person under the age of 21 years who presents or offers to any licensee, his agent or employee, any written, printed or photostatic evidence of age and identity that is false, fraudulent, or not actually his or her own for the purpose of ordering, purchasing, attempting to purchase or
otherwise procuring or attempting to procure, the serving of any alcoholic beverage, who falsely states in writing that he or she is at least 21 years of age when receiving alcoholic liquor from a representative, agent, or employee of an express company, common carrier, or contract carrier, or who has in his or her possession any false or fraudulent written, printed, or photostatic evidence of age and identity, is guilty of a Class A misdemeanor and the person's sentence shall include, but shall not be limited to, the following: a fine of not less than $500 and at least 25 hours of community service. If possible, any community service shall be performed for an alcohol abuse prevention program.

Any person under the age of 21 years who has any alcoholic beverage in his or her possession on any street or highway or in any public place or in any place open to the public is guilty of a Class A misdemeanor. This Section does not apply to possession by a person under the age of 21 years making a delivery of an alcoholic beverage in pursuance of the order of his or her parent or in pursuance of his or her employment.

(a-1) It is unlawful for any parent or guardian to permit his or her residence to be used by an invitee of the parent's child or the guardian's ward, if the invitee is under the age of 21, in a manner that constitutes a violation of this Section. A parent or guardian is deemed to have permitted his or her residence to be used in violation of this Section if he or she knowingly authorizes, enables, or permits such use to occur by failing to control access to either the residence or the alcoholic liquor maintained in the residence. Any person who violates this subsection (a-1) is guilty of a Class A misdemeanor and the person's sentence shall include, but shall not be limited to, a fine of not less than $500. Nothing in this subsection (a-1) shall be construed to prohibit the giving of alcoholic liquor to a person under the age of 21 years in the performance of a religious ceremony or service.

(b) Except as otherwise provided in this Section whoever violates this Section shall, in addition to other penalties provided for in this Act, be guilty of a Class A misdemeanor.

(c) Any person shall be guilty of a Class A misdemeanor where he or she knowingly permits a gathering at a residence which he or she occupies of two or more persons where any one or more of the persons is under 21 years of age and the following factors also apply:

(1) the person occupying the residence knows that any such person under the age of 21 is in possession of or is consuming any alcoholic beverage; and
(2) the possession or consumption of the alcohol by the person under 21 is not otherwise permitted by this Act; and
(3) the person occupying the residence knows that the person under the age of 21 leaves the residence in an intoxicated condition.

For the purposes of this subsection (c) where the residence has an owner and a tenant or lessee, there is a rebuttable presumption that the residence is occupied only by the tenant or lessee.

(d) Any person who rents a hotel or motel room from the proprietor or agent thereof for the purpose of or with the knowledge that such room shall be used for the consumption of alcoholic liquor by persons under the age of 21 years shall be guilty of a Class A misdemeanor.

(e) Except as otherwise provided in this Act, any person who has alcoholic liquor in his or her possession on public school district property on school days or at events on public school district property when children are present is guilty of a petty offense, unless the alcoholic liquor (i) is in the original container with the seal unbroken and is in the possession of a person who is not otherwise legally prohibited from possessing the alcoholic liquor or (ii) is in the possession of a person in or for the performance of a religious service or ceremony authorized by the school board.

AN ACT concerning public defenders.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

(55 ILCS 5/3-4007) (from Ch. 34, par. 3-4007)

Sec. 3-4007. Compensation.

AN ACT concerning zoning.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Municipal Code is amended by changing Section 11-13-1 as follows:

(65 ILCS 5/11-13-1) (from Ch. 24, par. 11-13-1)

Sec. 11-13-1. To the end that adequate light, pure air, and safety from fire and other dangers may be secured, that the taxable value of land and buildings throughout the municipality may be conserved, that congestion in the public streets may be lessened or avoided, that the hazards to persons and damage to property resulting from the accumulation or runoff of storm or flood waters may be lessened or avoided, and that the public health, safety, comfort, morals, and welfare may otherwise be promoted, and to insure and facilitate the preservation of sites, areas, and structures of historical, architectural and aesthetic importance; the corporate authorities in each municipality have the following powers:

(1) To regulate and limit the height and bulk of buildings hereafter to be erected; (2) to establish, regulate and limit, subject to the provisions of Division 14 of this Article 11, the building or set-back lines on or along any street, traffic-way, drive, parkway or storm or floodwater runoff channel or basin; (3) to regulate and limit the intensity of the use of lot areas, and to regulate and determine the area of open spaces, within and surrounding such buildings; (4) to classify, regulate and restrict the location of trades and industries and the location of buildings designed for specified industrial, business, residential, and other uses; (5) to divide the entire municipality into districts of such number, shape, area, and of such different classes (according to use of land and buildings, height and bulk of buildings,
intensity of the use of lot area, area of open spaces, or other classification) as may be deemed best suited to carry out the purposes of this Division 13; (6) to fix standards to which buildings or structures therein shall conform; (7) to prohibit uses, buildings, or structures incompatible with the character of such districts; (8) to prevent additions to and alteration or remodeling of existing buildings or structures in such a way as to avoid the restrictions and limitations lawfully imposed under this Division 13; (9) to classify, to regulate and restrict the use of property on the basis of family relationship, which family relationship may be defined as one or more persons each related to the other by blood, marriage or adoption and maintaining a common household; and (10) to regulate or forbid any structure or activity which may hinder access to solar energy necessary for the proper functioning of a solar energy system, as defined in Section 1.2 of The Comprehensive Solar Energy Act of 1977.

The powers enumerated may be exercised within the corporate limits or within contiguous territory not more than one and one-half miles beyond the corporate limits and not included within any municipality. However, if any municipality adopts a plan pursuant to Division 12 of Article 11 which plan includes in its provisions a provision that the plan applies to such contiguous territory not more than one and one-half miles beyond the corporate limits and not included in any municipality, then no other municipality shall adopt a plan that shall apply to any territory included within the territory provided in the plan first so adopted by another municipality. No municipality shall exercise any power set forth in this Division 13 outside the corporate limits thereof, if the county in which such municipality is situated has adopted "An Act in relation to county zoning", approved June 12, 1935, as amended. Nothing in this Section prevents a municipality of more than 112,000 population located in a county of less than 185,000 population that has adopted a zoning ordinance and the county that adopted the zoning ordinance from entering into an intergovernmental agreement that allows the municipality to exercise its zoning powers beyond its territorial limits; provided, however, that the intergovernmental agreement must be limited to the territory within the municipality's planning jurisdiction as defined by law or any existing boundary agreement. The county and the municipality must amend their individual zoning maps in the same manner as other zoning changes are incorporated into revised zoning maps. No such intergovernmental agreement may authorize a municipality to exercise its zoning powers, other than powers that a county may exercise under Section 5-12001 of the Counties Code, with respect to land used for agricultural purposes. This amendatory Act of the 92nd General Assembly is declarative of existing law. No municipality may exercise any power set forth in this Division 13 outside the corporate limits of the municipality with respect to a facility of a telecommunications carrier defined in Section 5-12001.1 of the Counties Code. If a municipality adopts a zoning plan covering an area outside its corporate limits, the plan adopted shall be reasonable with respect to the area outside the corporate limits so that future development will not be hindered or impaired; it is reasonable for a municipality to regulate or prohibit the extraction of sand, gravel, or limestone even when those activities are related to an agricultural purpose. If all or any part of the area outside the corporate limits of a municipality which has been zoned in accordance with the provisions of this Division 13 is annexed to another municipality or municipalities, the annexing unit shall thereafter exercise all zoning powers and regulations over the annexed area.

In all ordinances passed under the authority of this Division 13, due allowance shall be made for existing conditions, the conservation of property values, the direction of building development to the best advantage of the entire municipality and the uses to which the property is devoted at the time of the enactment of such an ordinance. The powers conferred by this Division 13 shall not be exercised so as to deprive the owner of any existing property of its use or maintenance for the purpose to which it is then lawfully devoted, but provisions may be made for the gradual elimination of uses, buildings and structures which are incompatible with the character of the districts in which they are made or located, including, without being limited thereto, provisions (a) for the elimination of such uses of unimproved lands or lot areas when the existing rights of the persons in possession thereof are terminated or when the uses to which they are devoted are discontinued; (b) for the elimination of uses to which such buildings and structures are devoted, if they are adaptable for permitted uses; and (c) for the elimination of such buildings and structures when they are destroyed or damaged in major part, or when they have reached the age fixed by the corporate authorities of the municipality as the normal useful life of such buildings or structures.

A person employed as a speech-language pathology assistant in any class, service, or program authorized by this Article may perform only those duties authorized by this Section under the supervision of a speech-language pathologist as provided in this Section. This Section does not apply to speech-language pathology paraprofessionals approved by the State Board of Education.
(b) A speech-language pathology assistant may not be assigned his or her own student caseload. The student caseload limit of a speech-language pathologist who supervises any speech-language pathology assistants shall be determined by the severity of the needs of the students served by the speech-language pathologist. A full-time speech-language pathologist's caseload limit may not exceed 80 students (60 students on or after September 1, 2003) at any time. The caseload limit of a part-time speech-language pathologist shall be determined by multiplying the caseload limit of a full-time speech-language pathologist by a percentage that equals the number of hours worked by the part-time speech-language pathologist divided by the number of hours worked by a full-time speech-language pathologist in that school district. Employment of a speech-language pathology assistant may not increase or decrease the caseload of the supervising speech-language pathologist.
(c) A school district that intends to utilize the services of a speech-language pathology assistant must provide written notification to the parent or guardian of each student who will be served by a speech-language pathology assistant.
(d) The scope of responsibility of a speech-language pathology assistant shall be limited to supplementing the role of the speech-language pathologist in implementing the treatment program established by a speech-language pathologist. A speech-language pathologist who supervises a speech-language pathology assistant must have completed at least 10 clock hours of training in the supervision of speech-language pathology assistants. The State Board of Education shall promulgate rules describing the supervision training requirements. The rules may allow a speech-language pathologist to apply to the State Board of Education for an exemption from this training requirement based upon prior supervisory experience.

(g) A speech-language pathology assistant must be under the direct supervision of a speech-language pathologist at least 30% of the speech-language pathology assistant's actual student contact time per student for the first 90 days of initial employment as a speech-language pathology assistant. Sec. 21-14. Registration and renewal of certificates.

(a) A limited four-year certificate or a certificate issued after July 1, 1955, shall be renewable at its expiration or within 60 days thereafter by the county superintendent of schools having supervision and control over the school where the teacher is teaching upon certified evidence of meeting the requirements for renewal as required by this Act and prescribed by the State Board of Education in consultation with the State Teacher Certification Board. An elementary supervisory certificate shall not be renewed at the end of the first four-year period covered by the certificate unless the holder thereof has filed certified evidence with the State Teacher Certification Board that he has a master's degree or that he has earned 8 semester hours of credit in the field of educational administration and supervision in a recognized institution of higher learning. The holder shall continue to earn 8 semester hours of credit each four-year period until such time as he has earned a master's degree.

All certificates not renewed or registered as herein provided shall lapse after a period of 5 years from the expiration of the last year of registration. Such certificates may be reinstated for a one year period upon payment of all accumulated registration fees. Such reinstated certificates shall only be renewed: (1) by earning 5 semester hours of credit in a recognized institution of higher learning in the field of professional education or in courses related to the holder's contractual teaching duties; or (2) by presenting evidence of holding a valid regular certificate of some other type. Any certificate may be voluntarily surrendered by the certificate holder. A voluntarily surrendered certificate shall be treated as a revoked certificate.

(b) When those teaching certificates issued before February 15, 2000 are renewed for the first time after February 15, 2000, all such teaching certificates shall be exchanged for Standard Teaching Certificates as provided in subsection (c) of Section 21-2. All Initial and Standard Teaching Certificates, including those issued to persons who previously held teaching certificates issued before February 15, 2000, shall be renewable under the conditions set forth in this subsection (b).

Initial Teaching Certificates are nonrenewable and are valid for 4 years of teaching. Standard Teaching Certificates are renewable every 5 years as provided in subsection (c) of Section 21-2 and subsection (c) of this Section. For purposes of this Section, "teaching" is defined as employment and performance of services in an Illinois public or State-operated elementary school, secondary school, or cooperative or joint agreement with a governing body or board of control, in a certificated teaching position, or a charter school operating in compliance with the Charter Schools Law.

(c) In compliance with subsection (c) of Section 21-2 of this Code, which provides that a Standard Teaching Certificate may be renewed by the State Teacher Certification Board based upon proof of continuing professional development, the State Board of Education and the State Teacher Certification Board shall jointly:

(1) establish a procedure for renewing Standard Teaching Certificates, which shall include but not be limited to annual timelines for the renewal process and the components set forth in subsections (d) through (k) of this Section;

(2) establish the standards for certificate renewal;

(3) approve the providers of continuing professional development activities;

(4) determine the maximum credit for each category of continuing professional development activities, based upon recommendations submitted by a continuing professional development activity task force, which shall consist of 6 staff members from the State Board of Education, appointed by the State Superintendent of Education, and 6 teacher representatives, 3 of whom are selected by the Illinois Education Association and 3 of whom are selected by the Illinois Federation of Teachers;
(5) designate the type and amount of documentation required to show that continuing professional development activities have been completed; and

(6) provide, on a timely basis to all Illinois teachers, certificate holders, regional superintendents of schools, school districts, and others with an interest in continuing professional development, information about the standards and requirements established pursuant to this subsection (c).

(d) Any Standard Teaching Certificate held by an individual employed and performing services in an Illinois public or State-operated elementary school, secondary school, or cooperative or joint agreement with a governing body or board of control in a certificated teaching position or a charter school in compliance with the Charter Schools Law must be maintained Valid and Active through certificate renewal activities specified in the certificate renewal procedure established pursuant to subsection (c) of this Section, provided that a holder of a Valid and Active certificate who is only employed on either a part-time basis or day-to-day basis as a substitute teacher shall pay only the required registration fee to renew his or her certificate and maintain it as Valid and Active. All other Standard Teaching Certificates held may be maintained as Valid and Exempt through the registration process provided for in the certificate renewal procedure established pursuant to subsection (c) of this Section. A Valid and Exempt certificate must be immediately activated, through procedures developed jointly by the State Board of Education and the State Teacher Certification Board, upon the certificate holder becoming employed and performing services in an Illinois public or State-operated elementary school, secondary school, or cooperative or joint agreement with a governing body or board of control in a certificated teaching position or a charter school operating in compliance with the Charter Schools Law. A holder of a Valid and Exempt certificate may activate his or her certificate through procedures provided for in the certificate renewal procedure established pursuant to subsection (c) of this Section.

(e)(1) A Standard Teaching Certificate that has been maintained as Valid and Active for the 5 years of the certificate's validity shall be renewed as Valid and Active upon the certificate holder: (i) completing at least 8 semester hours of coursework as described in subdivision (A) of paragraph (3) of this subsection (e); (ii) earning at least 24 continuing education units as described in subdivision (B) of paragraph (3) of this subsection (e); (iii) completing the National Board for Professional Teaching Standards process as described in subdivision (C) of paragraph (3) of this subsection (e); or (iv) earning 120 continuing professional development units ("CPDU") as described in subdivision (D) of paragraph (3) of this subsection (e). The maximum continuing professional development units for each continuing professional development activity identified in subdivisions (E) through (I) of paragraph (3) of this subsection (e) shall be jointly determined by the State Board of Education and the State Teacher Certification Board. If, however, the certificate holder has maintained the certificate as Valid and Exempt for a portion of the 5-year period of validity, the number of continuing professional development units needed to renew the certificate as Valid and Active shall be proportionately reduced by the amount of time the certificate was Valid and Exempt. Furthermore, if a certificate holder is employed and performs teaching services on a part-time basis for all or a portion of the certificate's 5-year period of validity, the number of continuing professional development units needed to renew the certificate as Valid and Active shall be reduced by 50% for the amount of time the certificate holder has been employed and performed teaching services on a part-time basis. Part-time shall be defined as less than 50% of the school day or school term.

(2) Each Valid and Active Standard Teaching Certificate holder shall develop a certificate renewal plan for satisfying the continuing professional development requirement provided for in subsection (c) of Section 21-2 of this Code. Certificate holders with multiple certificates shall develop a certificate renewal plan that addresses only that certificate or those certificates that are required of his or her certificated teaching position, if the certificate holder is employed and performing services in an Illinois public or State-operated elementary school, secondary school, or cooperative or joint agreement with a governing body or board of control, or that certificate or those certificates most closely related to his or her teaching position, if the certificate holder is employed in a charter school. Except as otherwise provided in this subsection (e), a certificate renewal plan shall include a minimum of 3 individual improvement goals developed by the certificate holder and shall reflect purposes (A), (B), and (C) and may reflect purpose (D) of the following continuing professional development purposes:

New matter indicated by italics - deletions by strikeout.

(B) Develop the certificate holder's knowledge and skills in areas determined to be critical for all Illinois teachers, as defined by the State Board of Education, known as "State priorities".

(C) Address the knowledge, skills, and goals of the certificate holder's local school improvement plan, if the teacher is employed in an Illinois public or State-operated elementary school, secondary school, or cooperative or joint agreement with a governing body or board of control.

(D) Expand knowledge and skills in an additional teaching field or toward the acquisition of another teaching certificate, endorsement, or relevant education degree.

A certificate renewal plan must include a description of how these goals are to be achieved and an explanation of selected continuing professional development activities to be completed, each of which must meet one or more of the continuing professional development purposes specified in this paragraph (2). The plan shall identify potential activities and include projected timelines for those activities that will assure completion of the plan before the expiration of the 5-year validity of the Standard Teaching Certificate. Except as otherwise provided in this subsection (e), at least 50% of continuing professional development units must relate to purposes (A) and (B) set forth in this paragraph (2): the advancement of a certificate holder's knowledge and skills as a teacher consistent with the Illinois Professional Teaching Standards and the Illinois Content Area Standards in the certificate holder's areas of certification, endorsement, or teaching assignment in order to keep the certificate holder current in those areas and the development of a certificate holder's knowledge and skills in the State priorities that exist at the time the certificate renewal plan is developed.

A speech-language pathologist or audiologist who is licensed under the Illinois Speech-Language Pathology and Audiology Practice Act and who has met the continuing education requirements of that Act and the rules promulgated under that Act shall be deemed to have satisfied the continuing professional development requirements established by the State Board of Education and the Teacher Certification Board to renew a Standard Certificate.

(4) A certificate renewal plan must initially be approved by the certificate holder's local professional development committee, as provided for in subsection (f) of this Section. If the local professional development committee does not approve the certificate renewal plan, the certificate holder may appeal that determination to the regional professional development review committee, as provided for in paragraph (2) of subsection (g) of this Section. If the regional professional development review committee disagrees with the local professional development committee's determination, the certificate renewal plan shall be deemed approved and the certificate holder may begin satisfying the continuing professional development activities set forth in the plan. Each local professional development committee shall consist of at least 3 classroom teachers; one superintendent or chief administrator of the school district, charter school, or cooperative or joint agreement or his or her designee; and one at-large member who shall be either (i) a parent, (ii) a member of the business community, (iii) a community member, or (iv) an administrator, with preference given to an individual chosen from among those persons listed in items (i), (ii), and (iii) in order to secure representation of an interest not already represented on the committee. If mutually agreed upon by the school district, charter school, or governing body or board of control of a cooperative or joint agreement and its exclusive representative, if any, additional members may be added to a local professional development committee, provided that a majority of members are classroom teachers. The school district, charter school, or governing body or board of control of a cooperative or joint agreement and its exclusive representative, if any, shall determine the term of service of the members of a local professional development committee. All individuals selected to serve on local professional development committees must be known to demonstrate the best practices in teaching or their respective field of practice.

The exclusive representative, if any, shall select the classroom teacher members of the local professional development committee. The school district, charter school, or governing body or board of control of a cooperative or joint agreement shall select the 2 non-classroom teacher members (the superintendent or chief administrator of the school district, charter school, or cooperative or joint agreement or his or her designee and the at-large member) of a local professional development committee. Vacancies in positions on a local professional development committee shall be filled in the same manner as the original selections. The members of a local professional development committee shall select a chairperson. Local professional development committee meetings shall be scheduled so as not to interfere with committee members' regularly scheduled teaching duties, except when otherwise permitted by the policies of or agreed to or approved by the school district, charter school, or governing body or board of control of a cooperative or joint agreement, or its designee.

The board of education or governing board shall convene the first meeting of the local professional development committee. All actions taken by the local professional development committee shall require that a majority of committee members be present, and no committee action may be taken unless 50% or more of those present are teacher members.

The State Board of Education and the State Teacher Certification Board shall jointly provide local professional development committee members with a training manual, and the members shall certify that they have received and read the manual.

Notwithstanding any other provisions of this subsection (f), for a teacher employed and performing services in a nonpublic or State-operated elementary or secondary school, all references to a local professional development committee shall mean the regional superintendent of schools of the regional office of education for the geographic area where the teaching is done.

(g)(1) Each regional superintendent of schools shall review and concur or nonconcur with each recommendation for renewal or nonrenewal of a Standard Teaching Certificate he or she receives from a local professional development committee or, if a certificate holder appeals the recommendation to the regional professional development review committee, the recommendation for renewal or nonrenewal he or she receives from a regional professional development review committee and, within 14 days of receipt of the recommendation, shall provide the State Teacher Certification Board with verification of the following, if applicable:

(A) a certificate renewal plan was filed and approved by the appropriate local professional development committee;
(B) the professional development and continuing education activities set forth in the approved certificate renewal plan have been satisfactorily completed;
(C) the local professional development committee has recommended the renewal of the certificate holder's Standard Teaching Certificate and forwarded the recommendation, along
with all supporting documentation as jointly required by the State Board of Education and the State Teacher Certification Board, to the regional superintendent of schools;
(D) the certificate holder has appealed his or her local professional development committee's recommendation of nonrenewal to the regional professional development review committee and the result of that appeal;
(E) the regional superintendent of schools has concurred or nonconcurred with the local professional development committee's or regional professional development review committee's recommendation to renew or nonrenew the certificate holder's Standard Teaching Certificate and made a recommendation to that effect; and
(F) the established registration fee for the Standard Teaching Certificate has been paid.

At the same time the regional superintendent of schools provides the State Teacher Certification Board with the notice required by this subsection (g), he or she shall also notify the certificate holder in writing that this notice has been provided to the State Teacher Certification Board, provided that if the notice provided by the regional superintendent of schools to the State Teacher Certification Board includes a recommendation of certificate nonrenewal, the written notice provided to the certificate holder shall be by certified mail, return receipt requested.

(2) Each certificate holder shall have the right to appeal his or her local professional development committee's recommendation of nonrenewal to the regional professional development review committee, within 14 days of receipt of notice that the recommendation has been sent to the regional superintendent of schools. Each regional superintendent of schools shall establish a regional professional development review committee or committees for the purpose of advising the regional superintendent of schools, upon request, and handling certificate holder appeals. This committee shall consist of at least 4 classroom teachers, one non-administrative certificated educational employee, 2 administrators, and one at-large member who shall be either (i) a parent, (ii) a member of the business community, (iii) a community member, or (iv) an administrator, with preference given to an individual chosen from among those persons listed in items (i), (ii), and (iii) in order to secure representation of an interest not already represented on the committee. The teacher and non-administrative certificated educational employee members of the review committee shall be selected by their exclusive representative, if any, and the administrators and at-large member shall be selected by the regional superintendent of schools. A regional superintendent of schools may add additional members to the committee, provided that the same proportion of teachers to administrators and at-large members on the committee is maintained. Any additional teacher and non-administrative certificated educational employee members shall be selected by their exclusive representative, if any. Vacancies in positions on a regional professional development review committee shall be filled in the same manner as the original selections. Committee members shall serve staggered 3-year terms. All individuals selected to serve on regional professional development review committees must be known to demonstrate the best practices in teaching or their respective field of practice.

The exclusive representative responsible for choosing the individuals that serve on a regional professional development review committee shall notify each school district, charter school, or governing body or board of control of a cooperative or joint agreement employing the individuals chosen to serve and provide their names to the appropriate regional superintendent of schools. Regional professional development review committee meetings shall be scheduled so as not to interfere with the committee members' regularly scheduled teaching duties, except when otherwise permitted by the policies of or agreed to or approved by the school district, charter school, or governing body or board of control of a cooperative or joint agreement, or its designee, provided that the school district, charter school, or governing body or board of control shall not unreasonably withhold permission for a committee member to attend regional professional development review committee meetings.

In a city having a population exceeding 500,000 that does not have a regional office of education, one or more separate regional professional development review committees shall be established as mutually agreed upon by the board of education of the school district organized under Article 34 of this Code and the exclusive representative. The composition of each committee shall be the same as for a regional professional development review committee, except that members of the committee shall be jointly appointed by the board of education and the exclusive representative. All other provisions of this Section concerning regional professional development review committees shall
apply to these committees.

The regional professional development review committee may require information in addition to that received from a certificate holder's local professional development committee or request that the certificate holder appear before it, shall either concur or nonconcur with a local professional development committee's recommendation of nonrenewal, and shall forward to the regional superintendent of schools its recommendation of renewal or nonrenewal. All actions taken by the regional professional development review committee shall require a quorum and be by a simple majority of those present and voting. A record of all votes shall be maintained. The committee shall have 45 days from receipt of a certificate holder's appeal to make its recommendation to the regional superintendent of schools.

The State Board of Education and the State Teacher Certification Board shall jointly provide regional professional development review committee members with a training manual, and the members shall be required to attend one training seminar sponsored jointly by the State Board of Education and the State Teacher Certification Board.

(h)(1) The State Teacher Certification Board shall review the regional superintendent of schools' recommendations to renew or nonrenew Standard Teaching Certificates and notify certificate holders in writing whether their certificates have been renewed or nonrenewed within 90 days of receipt of the recommendations, unless a certificate holder has appealed a regional superintendent of schools' recommendation of nonrenewal, as provided in paragraph (2) of this subsection (h). The State Teacher Certification Board shall verify that the certificate holder has met the renewal criteria set forth in paragraph (1) of subsection (g) of this Section.

(2) Each certificate holder shall have the right to appeal a regional superintendent of school's recommendation to nonrenew his or her Standard Teaching Certificate to the State Teacher Certification Board, within 14 days of receipt of notice that the decision has been sent to the State Teacher Certification Board, which shall hold an appeal hearing within 60 days of receipt of the appeal. These certificate holders shall follow the same renewal criteria and procedures as all other Standard and Master Teaching
Certificate holders, except that their continuing professional development plans shall not be required to reflect or address the knowledge, skills, and goals of a local school improvement plan.

The continuing education requirements may be waived in cases of extreme hardship as defined by rule of the Department.

The Department shall establish by rule a means for the verification of completion of the continuing education required by this Section. This verification may be accomplished through audits of records maintained by licensees, by requiring the filing of continuing education certificates with the Department, or by other means established by the Department.

(b) Inactive status.

(1) Any licensee who notifies the Department in writing on forms prescribed by the Department may elect to place his or her license on an inactive status and shall, subject to rules of the Department, be excused from payment of renewal fees until he or she notifies the Department in writing of his or her desire to resume active status.

(d) Any person whose license has been expired for 5 years or more may have his or her license
restored by making application to the Department and filing proof acceptable to the Department of his or her fitness to have his or her license restored, including sworn evidence certifying to active lawful practice in another jurisdiction, and by paying the required restoration fee. A person practicing on an expired license is deemed to be practicing without a license.

(e) If a person whose license has expired has not maintained active practice in another jurisdiction, the Department shall determine, by an evaluation process established by rule, his or her fitness to resume active status and may require the person to complete a period of evaluated clinical experience, and may require successful completion of an examination.

(f) Any person whose license has expired while he or she has been engaged (1) in federal or State service on active duty, or (2) in training or education under the supervision of the United States preliminary to induction into the military service, may have his or her license restored without paying any lapsed renewal or restoration fee, if within 2 years after termination of such service, training or education he or she furnishes the Department with satisfactory proof that he or she has been so engaged and that his or her service, training or education has been so terminated.

(3) The entry of an order by a circuit court establishing that any person holding a license under this Act is subject to involuntary admission or judicial admission as provided for in the Mental Health and Developmental Disabilities Code, operates as an automatic suspension of that license. That person may have his or her license restored only upon the determination by a circuit court that the patient is no longer subject to involuntary admission or judicial admission and the issuance of an order so finding and discharging the patient, and upon the Board's recommendation to the Department that the license be restored. The examining physicians or clinical psychologists shall be those specifically designated by the Board. The individual to be examined may have, at his or her own expense, another physician or clinical psychologist of his or her choice present during all aspects of this examination. Failure of any individual to submit to a mental or physical examination, when directed, shall be grounds for suspension of his or her license until the individual submits to the examination if the Board finds, after notice and hearing, that the refusal to submit to the examination was without reasonable cause.

If the Board finds an individual unable to practice because of the reasons set forth in this Section, the Board may require that individual to submit to care, counseling, or treatment by physicians or clinical psychologists approved or designated by the Board, as a condition, term, or restriction for continued, reinstated, or renewed licensure to practice; or, in lieu of care, counseling, or treatment, the Board may recommend to the Department to file a complaint to immediately suspend, revoke, or otherwise discipline the license of the individual. State Police. The program shall consist of the following: (1) distribution of sexual assault evidence collection kits which have been approved by the Illinois State Police to hospitals that request them, or arranging for such distribution by the manufacturer of the kits, (2) collection of the kits from hospitals after the kits have been used to collect evidence, (3) analysis of the collected evidence and conducting of laboratory tests, and (4) maintaining the chain of custody and safekeeping of the evidence for use in a legal proceeding. The standardized evidence collection kit for the State of Illinois shall be the State Police Evidence Collection Kit, also known as "S.P.E.C.K.". A sexual assault evidence collection kit may not be released by a hospital without the written consent of the sexual assault survivor. In the case of a survivor who is a minor 13 years of age or older, evidence and information concerning the alleged sexual assault may be released at the written request of the minor. If the survivor is a minor who is under 13 years of age, evidence and information concerning the alleged sexual assault may be released at the written request of the parent, guardian, investigating law enforcement officer, or Department of Children and Family Services. Any health care professional, including any physician or nurse, sexual assault nurse examiner, and any health care institution, including any hospital, who provides evidence or information to a law enforcement officer pursuant to a written request as specified in this Section is immune from any civil or professional liability that might arise from those actions, with the exception of willful or wanton misconduct. The immunity provision applies only if all of the requirements of this Section are met.

(b) The Illinois State Police shall administer a program to train hospitals and hospital personnel participating in the sexual assault evidence collection program, in the correct use and application of the sexual assault evidence collection kits. A sexual assault nurse examiner may conduct examinations using the sexual assault evidence collection kits, without the presence or participation of a physician. The Department of Public Health shall cooperate with the Illinois State Police in this program as it pertains to medical aspects of the evidence collection.

(c) In this Section, "sexual assault nurse examiner" means a registered nurse who has completed a sexual assault nurse examiner (SANE) training program that meets the Forensic Sexual Assault Nurse Examiner Education Guidelines established by the International Association of Forensic Nurses.

PUBLIC ACT 92-0518
(Senate Bill No. 1046)

AN ACT in relation to property.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Condominium Property Act is amended by changing Sections 12 and 12.1 as
follows:
(765 ILCS 605/12)
Sec. 12. Insurance.
(a) Required coverage. No policy of insurance shall be issued or delivered to a condominium
    association, and no policy of insurance issued to a condominium association shall be renewed, unless
    the insurance coverage under the policy includes the following:

New matter indicated by italics - deletions by strikeout.
(1) Property insurance. Property insurance (i) on the common elements and the units, including the limited common elements and except as otherwise determined by the board of managers, the bare walls, floors, and ceilings of the unit, (ii) providing coverage for special form causes of loss, and (iii) in a total amount of not less than the full insurable replacement cost of the insured property, less deductibles, but including coverage for the increased costs of construction due to building code requirements, at the time the insurance is purchased and at each renewal date.

(2) General liability insurance. Commercial general liability insurance against claims and liabilities arising in connection with the ownership, existence, use, or management of the property in a minimum amount of $1,000,000, or a greater amount deemed sufficient in the judgment of the board, insuring the board, the association, the management agent, and their respective employees and agents and all persons acting as agents. The developer must be included as an additional insured in its capacity as a unit owner, manager, board member, or officer. The unit owners must be included as additional insured parties but only for claims and liabilities arising in connection with the ownership, existence, use, or management of the common elements. The insurance must cover claims of one or more insured parties against other insured parties.

(3) Fidelity bond; directors and officers coverage.
   (A) An association with 6 or more dwelling units must obtain and maintain a fidelity bond covering persons, including the managing agent and its employees who control or disburse funds of the association, for the maximum amount of coverage available to protect funds in the custody or control of the association, plus the association reserve fund.
   (B) All management companies that are responsible for the funds held or administered by the association must be covered by a fidelity bond for the maximum amount of coverage available to protect those funds. The association has standing to make a loss claim against the bond of the managing agent as a party covered under the bond.
   (C) For purposes of paragraphs (A) and (B), the fidelity bond must be in the full amount of association funds and reserves in the custody of the association or the management company.
   (D) The board of directors must obtain directors and officers liability coverage at a level deemed reasonable by the board, if not otherwise established by the declaration or bylaws. Directors and officers liability coverage must extend to all contracts and other actions taken by the board in their official capacity as directors and officers, but this coverage shall exclude actions for which the directors are not entitled to indemnification under the General Not For Profit Corporation Act of 1986 or the declaration and bylaws of the association.

(b) Contiguous units; improvements and betterments. The insurance maintained under subdivision (a)(1) must include the units, the limited common elements except as otherwise determined by the board of managers, and the common elements. The insurance need not cover improvements and betterments to the units installed by unit owners, but if improvements and betterments are covered, any increased cost may be assessed by the association against the units affected.

Common elements include fixtures located within the unfinished interior surfaces of the perimeter walls, floors, and ceilings of the individual units initially installed by the developer. Common elements exclude floor, wall, and ceiling coverings. “Improvements and betterments” means all decorating, fixtures, and furnishings installed or added to and located within the boundaries of the unit, including electrical fixtures, appliances, air conditioning and heating equipment, water heaters, or built-in cabinets installed by unit owners.

(c) Deductibles. The board of directors of the association may, in the case of a claim for damage to a unit or the common elements, (i) pay the deductible amount as a common expense, (ii) after notice and an opportunity for a hearing, assess the deductible amount against the owners who caused the damage or from whose units the damage or cause of loss originated, or (iii) require the unit owners of the units affected to pay the deductible amount.

(d) Other coverages. The declaration may require the association to carry any other

New matter indicated by italics - deletions by strikeout.
insurance, including workers compensation, employment practices, environmental hazards, and equipment breakdown, the board of directors considers appropriate to protect the association, the unit owners, or officers, directors, or agents of the association.

(e) Insured parties; waiver of subrogation. Insurance policies carried pursuant to subsections (a) and (b) must include each of the following provisions:

(1) Each unit owner and secured party is an insured person under the policy with respect to liability arising out of the unit owner's interest in the common elements or membership in the association.

(2) The insurer waives its right to subrogation under the policy against any unit owner of the condominium or members of the unit owner's household and against the association and members of the board of directors.

(3) The unit owner waives his or her right to subrogation under the association policy against the association and the board of directors.

(f) Primary insurance. If at the time of a loss under the policy there is other insurance in the name of a unit owner covering the same property covered by the policy, the association's policy is primary insurance.

(g) Adjustment of losses; distribution of proceeds. Any loss covered by the property policy under subdivision (a)(1) must be adjusted by and with the association. The insurance proceeds for that loss must be payable to the association, or to an insurance trustee designated by the association for that purpose. The insurance trustee or the association must hold any insurance proceeds in trust for unit owners and secured parties as their interests may appear. The proceeds must be disbursed first for the repair or restoration of the damaged common elements, the bare walls, ceilings, and floors of the units, and then to any improvements and betterments the association may insure. Unit owners are not entitled to receive any portion of the proceeds unless there is a surplus of proceeds after the common elements and units have been completely repaired or restored or the association has been terminated as trustee.

(h) Mandatory unit owner coverage. The board of directors may, under the declaration and bylaws or by rule, require condominium unit owners to obtain insurance covering their personal liability and compensatory (but not consequential) damages to another unit caused by the negligence of the owner or his or her guests, residents, or invitees, or regardless of any negligence originating from the unit. The personal liability of a unit owner or association member must include the deductible of the owner whose unit was damaged, any damage not covered by insurance required by this subsection, as well as the decorating, painting, wall and floor coverings, trim, appliances, equipment, and other furnishings.

If the unit owner does not purchase or produce evidence of insurance requested by the board, the directors may purchase the insurance coverage and charge the premium cost back to the unit owner. In no event is the board liable to any person either with regard to its decision not to purchase the insurance, or with regard to the timing of its purchase of the insurance or the amounts or types of coverages obtained.

(i) Certificates of insurance. Contractors and vendors (except public utilities) doing business with a condominium association under contracts exceeding $10,000 per year must provide certificates of insurance naming the association, its board of directors, and its managing agent as additional insured parties.

(j) Non-residential condominiums. The provisions of this Section may be varied or waived in the case of a condominium community in which all units are restricted to nonresidential use.

(k) Settlement of claims. Any insurer defending a liability claim against a condominium association must notify the association of the terms of the settlement no less than 10 days before settling the claim. The association may not veto the settlement unless otherwise provided by contract or statute. (a) (1) The board of managers shall have the authority to and shall obtain, except as otherwise provided in Section 12.1, insurance for the property against loss or damage by fire and such other hazards as are covered under standard extended coverage provisions for the full insurable replacement cost of the common elements and the units. Every insurer issuing a policy against loss or damage by fire and such other hazards as are covered under standard extended coverage to a condominium association shall print on or attach to the premium notice the following statement: “The Condominium Property Act requires every condominium association to obtain insurance for the
property against loss or damage by fire and such other hazards as are covered under the standard extended coverage provisions for the full insurable replacement costs. This policy may or may not satisfy this requirement. Please examine your policy carefully to determine if it complies with these requirements." The full insurable replacement cost of the units may include the replacement cost value of betterments and improvements made in and to a unit by a unit owner if it is so provided by the condominium declaration, and if it is so provided in the condominium instruments, any increase premium charge therefore shall be assessed to that unit owner under the provisions of Section 9 hereof: 

(2) Such insurance coverage shall be written in the name of, and the proceeds thereof shall be deemed payable to, the board of managers, as trustee for each of the unit owners in the percentages established in the declaration. Any insurance policy obtained for the property pursuant to paragraph (1) of subsection (a) of this Section, which fails to contain the trustee provisions required by this paragraph (2), shall be deemed to incorporate such provisions into the policy by operation of law. 

(3) The board of managers, or the persons acting in such capacity pursuant to Section 18.2 of this Act, shall have authority to designate any corporation qualified to accept and execute trusts in this state to act as agent or trustee for, or as successor trustee to, said board of managers for the purpose of collecting and disbursing the proceeds of such insurance in the manner provided by the declaration, the bylaws, and this Act. Premiums for such insurance and other expenses in connection therewith shall be common expenses. 

(b) The board of managers shall have the authority and duty to obtain comprehensive public liability insurance against claims and liabilities arising in connection with the ownership, existence, use or management of the property in amounts, if any, specified by the condominium instruments or otherwise deemed sufficient in the judgment of the board of managers, insuring the board of managers, the unit owners' association, the management agent, and their respective employees, agents and all persons acting as agents. The developer shall be included as an additional insured in his capacity as unit owner and board member. The unit owners shall be included as additional insureds but only with respect to that portion of the premises not reserved for their exclusive use. The insurance shall cover claims of one or more insured parties against other insured parties. The insurance shall contain a waiver of any rights to subrogation by the insuring company against any of the above named insured persons. Premiums for such insurance shall be common expenses. 

(e) The board of managers shall notify insured persons concerning the cancellation of insurance obtained pursuant to the terms of this Section. 

(d) Any insurer defending a claim against a condominium association shall notify the association of the terms of the settlement before settling the claim. The association shall not have power to veto such settlement, unless otherwise provided by contract or statute.

Sec. 4. Amount of Grant.

(a) In general. Any individual 65 years or older or any individual who will become 65 years old during the calendar year in which a claim is filed, and any surviving spouse of such a claimant, who at the time of death received or was entitled to receive a grant pursuant to this Section, which surviving spouse will become 65 years of age within the 24 months immediately following the death of such claimant and which surviving spouse but for his or her age is otherwise qualified to receive a grant pursuant to this Section, and any disabled person whose annual household income is less than $14,000 for grant years before the 1998 grant year, less than $16,000 for the 1998 and 1999 grant years, and less than (i) $21,218 for a household containing one person, (ii) $28,480 for a household containing 2 persons, or (iii) $35,740 for a household containing 3 or more persons for the 2000 grant year and thereafter and whose household is liable for payment of property taxes accrued or has paid rent constituting property taxes accrued and is domiciled in this State at the time he files his claim is entitled to claim a grant under this Act. With respect to claims filed by individuals who will become 65 years old during the calendar year in which a claim is filed, the amount of any grant to which that household is entitled shall be an amount equal to 1/12 of the amount to which the claimant would otherwise be entitled as provided in this Section, multiplied by the number of months in which the claimant was 65 in the calendar year in which the claim is filed.

(b) Limitation. Except as otherwise provided in subsections (a) and (f) of this Section, the maximum amount of grant which a claimant is entitled to claim is the amount by which the property taxes accrued which were paid or payable during the last preceding tax year or rent constituting property taxes accrued upon the claimant's residence for the last preceding taxable year exceeds 3 1/2% of the claimant's household income for that year but in no event is the grant to exceed (i) $700 less 4.5% of household income for that year for those with a household income of $14,000 or less or (ii) $70 if household income for that year is more than $14,000.

(c) Public aid recipients. If household income in one or more months during a year includes cash assistance in excess of $55 per month from the Department of Public Aid or the Department of Human Services (acting as successor to the Department of Public Aid under the Department of Human Services Act) which was determined under regulations of that Department on a measure of need that included an allowance for actual rent or property taxes paid by the recipient of that assistance, the amount of grant to which that household is entitled, except as otherwise provided in subsection (a), shall be the product of (1) the maximum amount computed as specified in subsection (b) of this Section and (2) the ratio of the number of months in which household income did not include such cash assistance over $55 to the number twelve. If household income did not include such cash assistance over $55 for any months during the year, the amount of the grant to which the household is entitled shall be the maximum amount computed as specified in subsection (b) of this Section. For purposes of this paragraph (c), "cash assistance" does not include any amount received under the federal Supplemental Security Income (SSI) program.

(d) Joint ownership. If title to the residence is held jointly by the claimant with a person who is not a member of his household, the amount of property taxes accrued used in computing the amount of grant to which he is entitled shall be the same percentage of property taxes accrued as is the percentage of ownership held by the claimant in the residence.
(e) More than one residence. If a claimant has occupied more than one residence in the taxable year, he may claim only one residence for any part of a month. In the case of property taxes accrued, he shall pro rate 1/12 of the total property taxes accrued on his residence to each month that he owned and occupied that residence; and, in the case of rent constituting property taxes accrued, shall pro rate each month's rent payments to the residence actually occupied during that month.

(f) There is hereby established a program of pharmaceutical assistance to the aged and disabled which shall be administered by the Department in accordance with this Act, to consist of payments to authorized pharmacies, on behalf of beneficiaries of the program, for the reasonable costs of covered prescription drugs. Each beneficiary who pays $5 for an identification card shall pay no additional prescription costs. Each beneficiary who pays $25 for an identification card shall pay $3 per prescription. In addition, after a beneficiary receives $2,000 in benefits during a State fiscal year, that beneficiary shall also be charged 20% of the cost of each prescription for which payments are made by the program during the remainder of the fiscal year. To become a beneficiary under this program a person must be: (1) (i) 65 years or older, or (ii) the surviving spouse of such a claimant, who at the time of death received or was entitled to receive benefits pursuant to this subsection, which surviving spouse will become 65 years of age within the 24 months immediately following the death of such claimant and which surviving spouse but for his or her age is otherwise qualified to receive benefits pursuant to this subsection, or (iii) disabled, and (2) is domiciled in this State at the time he files his or her claim, and (3) has a maximum household income of less than $14,000 for grant years before the 1998 grant year, less than $16,000 for the 1998 and 1999 grant years, and less than (i) $21,218 for a household containing one person, (ii) $28,480 for a household containing 2 persons, or (iii) $35,740 for a household containing 3 more persons for the 2000 grant year and thereafter. In addition, each eligible person must (1) obtain an identification card from the Department, (2) at the time the card is obtained, sign a statement assigning to the State of Illinois benefits which may be otherwise claimed under any private insurance plans, (3) present the identification card to the dispensing pharmacist.

Whenever a generic equivalent for a covered prescription drug is available, the Department shall reimburse only for the reasonable costs of the generic equivalent, less the co-pay established in this Section, unless (i) the covered prescription drug contains one or more ingredients defined as a narrow therapeutic index drug at 21 CFR 320.33, (ii) the prescriber indicates on the face of the prescription "brand medically necessary", and (iii) the prescriber specifies that a substitution is not permitted. When issuing an oral prescription for covered prescription medication described in item (i) of this paragraph, the prescriber shall stipulate "brand medically necessary" and that a substitution is not permitted. If the covered prescription drug and its authorizing prescription do not meet the criteria listed above, the beneficiary may purchase the non-generic equivalent of the covered prescription drug by paying the difference between the generic cost and the non-generic cost plus the beneficiary co-pay.

Any person otherwise eligible for pharmaceutical assistance under this Act whose covered drugs are covered by any public program for assistance in purchasing any covered prescription drugs shall be ineligible for assistance under this Act to the extent such costs are covered by such other plan.

The fee to be charged by the Department for the identification card shall be equal to $5 per coverage year for persons below the official poverty line as defined by the United States Department of Health and Human Services and $25 per coverage year for all other persons.

In the event that 2 or more persons are eligible for any benefit under this Act, and are members of the same household, (1) each such person shall be entitled to participate in the pharmaceutical assistance program, provided that he or she meets all other requirements imposed by this subsection and (2) each participating household member contributes the fee required for that person by the preceding paragraph for the purpose of obtaining an identification card.

The provision of this information to the Department or its designee is subject to the confidentiality provisions in Section 8a of this Act.

Sec. 5. Procedure.

(a) In general. Claims must be filed after January 1, on forms prescribed by the Department. No claim may be filed more than one year after December 31 of the year for which the claim is filed except that claims for 1976 may be filed until December 31, 1978. On and after January 1, 2002, however, to enable the Department to convert coverage for a pharmaceutical assistance program participant to a State fiscal year basis, a card shall be valid for a longer or shorter period than 12 months, depending on the date a timely claim is filed and as determined by the Department. All applicants for benefits under this program approved for benefits on or after July 1 but on or before December 31 of any State fiscal year are eligible for benefits through June 30 of that State fiscal year. All applicants for benefits under this program approved for benefits on or after January 1 but on or before June 30 of any State fiscal year are eligible for benefits through June 30 of the following State fiscal year.

(d) Content of application form. The form prescribed by the Department for purposes of paragraph (a) shall include a table, appropriately keyed to the parts of the form on which the claimant is required to furnish information, which will enable the claimant to determine readily the approximate amount of grant to which he is entitled by relating levels of household income to property taxes accrued or rent constituting property taxes accrued.

(e) Pharmaceutical Assistance Procedures. The Department shall establish the form and manner for application, and establish by January 1, 1986 a procedure to enable persons to apply for the additional grant or for the pharmaceutical assistance identification card on the same application form. The Department shall determine eligibility for pharmaceutical assistance using the applicant's current income. PUBLIC ACT 92-0526
( Senate Bill No. 0088)

AN ACT concerning telecommunications.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

ARTICLE 5

Section 5-1. Short title. This Act may be cited as the Simplified Municipal Telecommunications Tax Act.

Section 5-5. Legislative intent. The General Assembly has authorized the corporate authorities of any municipality to impose various fees and taxes on the privilege of originating or receiving telecommunications, and on retailers engaged in the business of transmitting such telecommunications, all of which are remitted by such retailers directly to the imposing municipality. To simplify the imposition and collection of municipal telecommunications taxes and to reduce complication and burden, the General Assembly is repealing the municipal telecommunications tax, the municipal tax on the occupation or privilege of transmitting messages, and the municipal infrastructure maintenance fee, and is enacting this Simplified Municipal Telecommunications Tax Act which provides for a single municipally imposed telecommunications tax which, for municipalities with populations of less than 500,000, will be collected by the Illinois Department of Revenue, but which, for municipalities of 500,000 or more, will continue to be collected by such municipalities.

Section 5-7. Definitions. For purposes of the taxes authorized by this Act:
"Amount paid" means the amount charged to the taxpayer's service address in such municipality regardless of where such amount is billed or paid.
"Department" means the Illinois Department of Revenue.
"Gross charge" means the amount paid for the act or privilege of originating or receiving telecommunications in such municipality and for all services and equipment provided in connection therewith by a retailer, valued in money whether paid in money or otherwise, including cash, credits, services and property of every kind or nature, and shall be determined without any deduction on account of the cost of such telecommunications, the cost of the materials used, labor or service costs or any other expense whatsoever. In case credit is extended, the amount thereof shall be included only as and when paid. "Gross charges" for private line service shall include charges imposed at each channel point within this State, charges for the channel mileage between each channel point within this State, and charges for that portion of the interstate inter-office channel provided within Illinois. However, "gross charge" shall not include:

(1) any amounts added to a purchaser's bill because of a charge made pursuant to: (i) the tax imposed by this Act, (ii) the tax imposed by the Telecommunications Excise Tax Act, (iii) the tax imposed by Section 4251 of the Internal Revenue Code, (iv) 911 surcharges, or (v) charges added to customers' bills pursuant to the provisions of Section 9-221 or 9-222 of the

New matter indicated by italics - deletions by strikeout.
Public Utilities Act, as amended, or any similar charges added to customers' bills by retailers who are not subject to rate regulation by the Illinois Commerce Commission for the purpose of recovering any of the tax liabilities or other amounts specified in those provisions of the Public Utilities Act;

(2) charges for a sent collect telecommunication received outside of such municipality;

(3) charges for leased time on equipment or charges for the storage of data or information for subsequent retrieval or the processing of data or information intended to change its form or content. Such equipment includes, but is not limited to, the use of calculators, computers, data processing equipment, tabulating equipment or accounting equipment and also includes the usage of computers under a time-sharing agreement;

(4) charges for customer equipment, including such equipment that is leased or rented by the customer from any source, wherein such charges are disaggregated and separately identified from other charges;

(5) charges to business enterprises certified as exempt under Section 9-222.1 of the Public Utilities Act to the extent of such exemption and during the period of time specified by the Department of Commerce and Community Affairs;

(6) charges for telecommunications and all services and equipment provided in connection therewith between a parent corporation and its wholly owned subsidiaries or between wholly owned subsidiaries when the tax imposed under this Act has already been paid to a retailer and only to the extent that the charges between the parent corporation and wholly owned subsidiaries or between wholly owned subsidiaries represent expense allocation between the corporations and not the generation of profit for the corporation rendering such service;

(7) bad debts ("bad debt" means any portion of a debt that is related to a sale at retail for which gross charges are not otherwise deductible or excludable that has become worthless or uncollectible, as determined under applicable federal income tax standards; if the portion of the debt deemed to be bad is subsequently paid, the retailer shall report and pay the tax on that portion during the reporting period in which the payment is made);

(8) charges paid by inserting coins in coin-operated telecommunication devices; or

(9) amounts paid by telecommunications retailers under the Telecommunications Infrastructure Maintenance Fee Act.

"Interstate telecommunications" means all telecommunications that either originate or terminate outside this State.

"Intrastate telecommunications" means all telecommunications that originate and terminate within this State.

"Person" means any natural individual, firm, trust, estate, partnership, association, joint stock company, joint venture, corporation, limited liability company, or a receiver, trustee, guardian, or other representative appointed by order of any court, the Federal and State governments, including State universities created by statute, or any city, town, county, or other political subdivision of this State.

"Purchase at retail" means the acquisition, consumption or use of telecommunications through a sale at retail.

"Retailer" means and includes every person engaged in the business of making sales at retail as defined in this Section. The Department may, in its discretion, upon application, authorize the collection of the tax hereby imposed by any retailer not maintaining a place of business within this State, who, to the satisfaction of the Department, furnishes adequate security to insure collection and payment of the tax. Such retailer shall be issued, without charge, a permit to collect such tax. When so authorized, it shall be the duty of such retailer to collect the tax upon all of the gross charges for telecommunications in this State in the same manner and subject to the same requirements as a retailer maintaining a place of business within this State. The permit may be revoked by the Department at its discretion.

"Retailer maintaining a place of business in this State", or any like term, means and includes any retailer having or maintaining within this State, directly or by a subsidiary, an office, distribution facilities, transmission facilities, sales office, warehouse or other place of business, or any agent or other representative operating within this State under the authority of the retailer or its subsidiary,
irrespective of whether such place of business or agent or other representative is located here permanently or temporarily, or whether such retailer or subsidiary is licensed to do business in this State.

"Sale at retail" means the transmitting, supplying or furnishing of telecommunications and all services and equipment provided in connection therewith for a consideration, to persons other than the Federal and State governments, and State universities created by statute and other than between a parent corporation and its wholly owned subsidiaries or between wholly owned subsidiaries for their use or consumption and not for resale.

"Service address" means the location of telecommunications equipment from which telecommunications services are originated or at which telecommunications services are received by a taxpayer. In the event this may not be a defined location, as in the case of mobile phones, paging systems, and maritime systems, service address means the customer's place of primary use as defined in the Mobile Telecommunications Sourcing Conformity Act. For air-to-ground systems and the like, "service address" shall mean the location of a taxpayer's primary use of the telecommunications equipment as defined by telephone number, authorization code, or location in Illinois where bills are sent.

"Taxpayer" means a person who individually or through his or her agents, employees, or permittees engages in the act or privilege of originating or receiving telecommunications in a municipality and who incurs a tax liability as authorized by this Act.

"Telecommunications", in addition to the meaning ordinarily and popularly ascribed to it, includes, without limitation, messages or information transmitted through use of local, toll, and wide area telephone service, private line services, channel services, telegraph services, teletypewriter, computer exchange services, cellular mobile telecommunications service, specialized mobile radio, stationary two-way radio, paging service, or any other form of mobile and portable one-way or two-way communications, or any other transmission of messages or information by electronic or similar means, between or among points by wire, cable, fiber optics, laser, microwave, radio, satellite, or similar facilities. As used in this Act, "private line" means a dedicated non-traffic sensitive service for a single customer, that entitles the customer to exclusive or priority use of a communications channel or group of channels, from one or more specified locations to one or more other specified locations. The definition of "telecommunications" shall not include value added services in which computer processing applications are used to act on the form, content, code, and protocol of the information for purposes other than transmission. "Telecommunications" shall not include purchases of telecommunications by a telecommunications service provider for use as a component part of the service provided by such provider to the ultimate retail consumer who originates or terminates the taxable end-to-end communications. Carrier access charges, right of access charges, charges for use of inter-company facilities, and all telecommunications resold in the subsequent provision of, used as a component of, or integrated into, end-to-end telecommunications service shall be non-taxable as sales for resale. Prepaid telephone calling arrangements shall not be considered "telecommunications" subject to the tax imposed under this Act. For purposes of this Section, "prepaid telephone calling arrangements" means that term as defined in Section 2-27 of the Retailers' Occupations Tax Act.

Section 5-10. Authority. The corporate authorities of any municipality in this State may tax any and all of the following acts or privileges:

(a) The act or privilege of originating in such municipality or receiving in such municipality intrastate telecommunications by a person. However, such tax is not imposed on such act or privilege to the extent such act or privilege may not, under the Constitution and statutes of the United States, be made the subject of taxation by municipalities in this State.

(b) The act or privilege of originating in such municipality or receiving in such municipality interstate telecommunications by a person. To prevent actual multi-state taxation of the act or privilege that is subject to taxation under this subsection, any taxpayer, upon proof that the taxpayer has paid a tax in another state on such event, shall be allowed a credit against any tax enacted pursuant to or authorized by this Section to the extent of the amount of such tax properly due and paid in such other state which was not previously allowed as a credit against any other state or local tax in this State. However, such tax is not imposed on the act or privilege to the extent such act or privilege may not, under the Constitution and statutes of the United States, be made the subject of taxation by municipalities in this State.
Section 5-15. Maximum rates.
(a) For municipalities with a population of less than 500,000, the tax authorized by this Act may be imposed at a rate not to exceed 6% of the gross charge for telecommunications purchased at retail. If imposed, the tax must be in increments of 0.25%.
(b) For municipalities with a population of 500,000 or more, the tax authorized by this Act may be imposed at a rate not to exceed 7% of the gross charge for telecommunications purchased at retail. If imposed, the tax must be in increments of 0.25%.

Section 5-20. Imposition.
(a) On and after January 1, 2003, for municipalities with populations of less than 500,000, the tax authorized by this Act shall be imposed (except as provided in Sections 5-25 and 5-30 of this Act), amended, or repealed by an ordinance adopted by the municipality, which ordinance shall be filed by the municipality with the Department pursuant to the rules of the Department.
(1) Any ordinance adopted by a municipality with a population of less than 500,000 which attempts to impose, amend or repeal the tax authorized by this Act shall be of no force and effect until properly filed with an appropriate form with the Department.
(2) Any certified copy of an ordinance filed with the Department prior to October 1, 2002 shall be effective with respect to gross charges billed by telecommunications retailers on or after January 1, 2003 and thereafter any certified copy of an ordinance filed with the Department prior to any April 1 or October 1 shall be effective with respect to gross charges billed by telecommunications retailers on or after the following July 1 or January 1, respectively.
(b) On and after January 1, 2003, for municipalities with populations of 500,000 or more, the tax authorized by this Act shall be imposed, amended, or repealed, and any authorized exemptions granted, by the adoption of an ordinance.

Section 5-25. Existing telecommunications taxes and fees.
(a) Between July 1, 2002 and August 1, 2002, the Department shall publish a list of the municipalities with a population of less than 500,000 that have, at any time before the effective date of this Act, enacted ordinances imposing any taxes or fees authorized by subparagraph 1 of Section 8-11-2 of the Illinois Municipal Code, Section 8-11-17 of the Illinois Municipal Code, or Section 20 of the Telecommunications Infrastructure Maintenance Fee Act. Such list shall include the name of each such municipality, the rates at which such taxes or fees are imposed as of the effective date of this Act, and the rate of the new Simplified Municipal Telecommunications Tax, as calculated pursuant to Section 5-30 of this Act.
(b) In compiling the list described in this Section, the Department shall collect information from retailers, municipalities, the Illinois Commerce Commission, and other sources deemed by the Department to be reliable.
(c) Any municipality appearing on the list published pursuant to this Section shall not be required to adopt and file an ordinance implementing the tax authorized by this Act. The list shall be conclusive evidence of the imposition of the tax authorized by this Act at the rate appearing on such list. Any tax imposed in such manner shall take effect with respect to gross charges billed by telecommunications retailers on or after January 1, 2003. A municipality may alter such tax only by filing an ordinance with the Department pursuant to Section 5-20 of this Act.

Section 5-30. Calculation of rates for certain municipalities. The rate of the Simplified Municipal Telecommunications Tax for municipalities on the list described in Section 5-25 of this Act shall be measured by the sum of the following rates set forth in ordinances enacted by the municipalities at the rates in effect on the effective date of this Act:
(1) The rate equal to 70% of the rate set forth in such ordinance pursuant to subparagraph 1 of Section 8-11-2 of the Illinois Municipal Code, rounded to the nearest even 0.25% increment; plus
(2) The rate set forth in such ordinance pursuant to Section 8-11-17 of the Illinois Municipal Code, rounded to the nearest even 0.25% increment; plus
(3) The rate set forth in such ordinance pursuant to Section 20 of the Telecommunications Infrastructure Maintenance Fee Act.

Section 5-35. Rebates and exemptions. Any municipality may implement the following rebates and exemptions:

New matter indicated by italics - deletions by strikeout.
(1) A municipality that imposes the tax authorized by this Act and whose territory includes part of another unit of local government or a school district, may, by separate ordinance, rebate some or all of the amount of such tax paid by the other unit of local government or school district. Any such rebate shall be paid by the municipality directly to the other unit of local government or school district qualifying for the rebate as determined by the municipality's ordinance, which shall not be filed with the Department.

(2) A municipality that imposes the tax authorized by this Act may, by separate ordinance, rebate some or all of the amount of such tax to persons 65 years of age or older. Any tax related to such rebate shall be rebated from the municipality directly to persons qualified for the rebate as determined by the municipality's ordinance, which shall not be filed with the Department.

(3) A municipality with a population of 500,000 or more that imposes the tax authorized by this Act may, by separate ordinance, exempt from the tax authorized by this Act, charges for inbound toll-free telecommunications service commonly known as "800", "877", or "888" or for a similar service, to the extent such municipality has passed an ordinance providing for this exemption.

Section 5-40. Collection.
(a) For municipalities with populations of less than 500,000, the tax authorized by this Act shall be collected from the taxpayer by a retailer maintaining a place of business in this State and shall be remitted by such retailer to the Department. Any tax required to be collected pursuant to or as authorized by this Act and any such tax collected by such retailer and required to be remitted to the Department shall constitute a debt owed by the retailer to the State. Retailers shall collect the tax from the taxpayer by adding the tax to the gross charge for the act or privilege of originating or receiving telecommunications when sold for use, in the manner prescribed by the Department. The tax authorized by this Act shall constitute a debt of the taxpayer to the retailer until paid, and, if unpaid, is recoverable at law in the same manner as the original charge for such sale at retail. If the retailer fails to collect the tax from the taxpayer, then the taxpayer shall be required to pay the tax directly to the Department in the manner provided by the Department.

(b) For municipalities with populations of 500,000 or more, the tax authorized by this Act shall be collected from the taxpayer by a retailer making or effectuating the sale at retail and shall be remitted by such retailer to such municipality. Any tax required to be collected pursuant to an ordinance authorized by this Act and any such tax collected by a retailer shall constitute a debt owed by the retailer to such municipality. Retailers shall collect the tax from the taxpayer by adding the tax to the gross charge for the act or privilege of originating or receiving telecommunications when sold for use, in the manner prescribed by such municipality. The tax authorized by this Act shall constitute a debt of the taxpayer to the retailer who made or effectuated the sale at retail until paid and, if unpaid, is recoverable at law in the same manner as the original charge for the sale at retail. If the retailer fails to collect the tax from the taxpayer, then the taxpayer shall be required to pay the tax directly to such municipality in the manner provided by such municipality. The municipality imposing the tax shall provide for its administration and enforcement.

(c) Retailers filing tax returns pursuant to this Act shall, at the time of filing such return, pay to a municipality with a population of 500,000 or more or to the Department for all other municipalities, the amount of the tax collected, less a discount of 1% which is allowed to reimburse the retailer for the expenses incurred in keeping records, billing the customer, preparing and filing returns, remitting the tax and supplying data to a municipality or the Department upon request. No discount may be claimed by a retailer on returns not timely filed and for taxes not timely remitted.

(d)Whenever possible, the tax authorized by this Act shall, when collected, be stated as a distinct item separate and apart from the gross charge for telecommunications.

Section 5-45. Resellers.
(a) If a person who originates or receives telecommunications claims to be a reseller of such telecommunications, such person shall apply to a municipality with a population of 500,000 or more or to the Department for all other municipalities, for a resale number. Such applicant shall state facts which will show a municipality with a population of 500,000 or more or the Department for all other municipalities, why such applicant is not liable for tax authorized by this Act on any of such purchases and shall furnish such additional information as a municipality with a population of 500,000 or more
or the Department for all other municipalities, may reasonably require.

(b) Upon approval of the application, a municipality with a population of 500,000 or more or the Department for all other municipalities, shall assign a resale number to the applicant and shall certify such number to the applicant. A municipality with a population of 500,000 or more or the Department for all other municipalities, may cancel any number which is obtained through misrepresentation, or which is used to send or receive such telecommunication tax-free when such actions in fact are not for resale, or which no longer applies because of the person's having discontinued the making of resales.

(c) Except as provided hereinafore in this Section, the act or privilege of originating or receiving telecommunications in this State shall not be made tax-free on the ground of being a sale for resale unless the person has an active resale number from a municipality with a population of 500,000 or more or the Department for all other municipalities, and furnishes that number to the retailer in connection with certifying to the retailer that any sale to such person is non-taxable because of being a sale for resale.

Section 5-50. Returns to the Department.

(a) Commencing on February 1, 2003, for the tax imposed under subsection (a) of Section 5-20 of this Act, every retailer maintaining a place of business in this State shall, on or before the last day of each month make a return to the Department for the preceding calendar month, stating:

(1) Its name;
(2) The address of its principal place of business or the address of the principal place of business (if that is a different address) from which it engages in the business of transmitting telecommunications;
(3) Total amount of gross charges billed by it during the preceding calendar month for providing telecommunications during the calendar month;
(4) Total amount received by it during the preceding calendar month on credit extended;
(5) Deductions allowed by law;
(6) Gross charges that were billed by it during the preceding calendar month and upon the basis of which the tax is imposed;
(7) Amount of tax (computed upon Item 6);
(8) The municipalities to which the Department shall remit the taxes and the amount of such remittances;
(9) Such other reasonable information as the Department may require.

(b) Any retailer required to make payments under this Section may make the payments by electronic funds transfer. The Department shall adopt rules necessary to effectuate a program of electronic funds transfer. Any retailer who has average monthly tax billings due to the Department under this Act and the Telecommunications Excise Tax Act that exceed $1,000 shall make all payments by electronic funds transfer as required by rules of the Department.

(c) If the retailer's average monthly tax billings due to the Department under this Act and the Telecommunications Excise Tax Act do not exceed $1,000, the Department may authorize such retailer's returns to be filed on a quarterly basis, with the return for January, February, and March of a given year being due by April 30th of that year; with the return for April, May, and June of a given year being due by July 31st of that year; with the return for July, August, and September of a given year being due by October 31st of that year; and with the return for October, November, and December of a given year being due by January 31st of the following year.

(d) If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax billings due to the Department under this Act and the Telecommunications Excise Tax Act do not exceed $400, the Department may authorize such retailer's return to be filed on an annual basis, with the return for a given year being due by January 31st of the following year.

(e) Each retailer whose average monthly remittance to the Department under this Act and the Telecommunications Excise Tax Act was $25,000 or more during the preceding calendar year, excluding the month of highest remittance and the month of lowest remittance in such calendar year, and who is not operated by a unit of local government, shall make estimated payments to the Department on or before the 7th, 15th, 22nd, and last day of the month during which the tax remittance is owed to the Department in an amount not less than the lower of either 22.5% of the retailer's actual tax collections for the month or 25% of the retailer's actual tax collections for the same...
calendar month of the preceding year. The amount of such quarter-monthly payments shall be credited against the final remittance of the retailer's return for that month. Any outstanding credit, approved by the Department, arising from the retailer's overpayment of its final remittance for any month may be applied to reduce the amount of any subsequent quarter-monthly payment or credited against the final remittance of the retailer's return for any subsequent month. If any quarter-monthly payment is not paid at the time or in the amount required by this Section, the retailer shall be liable for penalty and interest on the difference between the minimum amount due as a payment and the amount of such payment actually and timely paid, except insofar as the retailer has previously made payments for that month to the Department or received credits in excess of the minimum payments previously due.

(f) Notwithstanding any other provision of this Section containing the time within which a retailer may file his or her return, in the case of any retailer who ceases to engage in a kind of business that makes him or her responsible for filing returns under this Section, the retailer shall file a final return under this Section with the Department not more than one month after discontinuing such business.

(g) In making such return, the retailer shall determine the value of any consideration other than money received by it and such retailer shall include the value in its return. Such determination shall be subject to review and revision by the Department in the manner hereinafter provided for the correction of returns.

(h) Any retailer who has average monthly tax billings due to the Department under this Act and the Telecommunications Excise Tax Act that exceed $1,000 shall file the return required by this Section by electronic means as required by rules of the Department.

(i) The retailer filing the return herein provided for shall, at the time of filing the return, pay to the Department the amounts due pursuant to this Act. The Department shall immediately pay over to the State Treasurer, ex officio, as trustee, 99.5% of all taxes, penalties, and interest collected hereunder for deposit into the Municipal Telecommunications Fund, which is hereby created. The remaining 0.5% received by the Department pursuant to this Act shall be deposited into the Tax Compliance and Administration Fund and shall be used by the Department, subject to appropriation, to cover the costs of the Department. On or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to be paid to named municipalities from the Municipal Telecommunications Fund for amounts collected during the second preceding calendar month. The named municipalities shall be those municipalities identified by a retailer in such retailer's return as having imposed the tax authorized by the Act. The amount of money to be paid to each municipality shall be the amount (not including credit memoranda) collected hereunder during the second preceding calendar month by the Department, plus an amount the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of such municipality, and not including any amount that the Department determines is necessary to offset any amount that were payable to a different taxing body but were erroneously paid to the municipality. Within 10 days after receipt by the Comptroller of the disbursement certification from the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in the certification. When certifying to the Comptroller the amount of a monthly disbursement to a municipality under this Section, the Department shall increase or decrease the amount by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a misallocation is discovered.

(j) For municipalities with populations of less than 500,000, whenever the Department determines that a refund shall be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the Municipal Telecommunications Fund.

Section 5-55. Pledged revenues. If a municipality has, by contract, pledged or dedicated any or all of the revenues collected under any of its taxes imposed pursuant to subparagraph 1 of Section 8-11-2 of the Illinois Municipal Code, Section 8-11-17 of the Illinois Municipal Code, or Section 20 of the Telecommunications Infrastructure Maintenance Fee Act as shown on the list described in
Section 5-25 of this Act, then the equivalent portion of revenues collected from the tax authorized by this Act shall be deemed pledged or dedicated in a manner substantially similar to the pledge of the then existing taxes so as to prevent disruption of such contract.

Section 5-60. Waiver of franchise fees.
(a) Any municipality shall be deemed to have waived its right to receive all fees, charges and other compensation that might accrue to the municipality after the effective date of this Act, under any franchise agreement, license, or similar agreement, executed on or before January 1, 1998 with telecommunications retailers if:
(1) the municipality imposes the tax authorized by this Act at a rate exceeding 5%;
(2) the municipality affirmatively waives such fees; or
(3) the municipality is included in the list described in Section 5-25 of this Act as having an infrastructure maintenance fee in place.
(b) This waiver shall be effective only during the time that either the infrastructure maintenance fee or the simplified tax authorized under this Act is subject to being lawfully imposed on the telecommunications retailer, collected by the municipality or the Department, and paid over to the municipality.
(c) No portion of this Act shall be construed to have repealed or amended the prohibition on franchise fees or other charges set forth in Section 30 of the Telecommunications Infrastructure Maintenance Fee Act.

Section 5-65. Incorporation by reference. On and after January 1, 2003, for municipalities with populations of less than 500,000, all of the provisions of Sections 7, 10, 11, 12, 13, 14, 15, 16, 17, 18, and 19 of the Telecommunications Excise Tax Act, Sections 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5i, 5j, 6, 6a, 6b, and 6c of the Retailers' Occupation Tax Act, and all the provisions of the Uniform Penalty and Interest Act, which are not inconsistent with this Act, shall apply, as far as practicable, to the subject matter of this Act to the same extent as if such provisions were included herein. References in such incorporated Sections of the Retailers' Occupation Tax Act to retailers, to sellers, or to persons engaged in the business of selling tangible personal property mean retailers, as defined in this Act, or persons engaged in the act or privilege of originating or receiving telecommunications. References in such incorporated Sections of the Retailers' Occupation Tax Act to purchasers of tangible personal property mean the act or privilege of originating or receiving telecommunications as defined in this Act.

Section 5-90. Home rule. The authorization to impose municipal telecommunications taxes and fees is an exclusive power and function of the State. A home rule municipality may not impose municipal telecommunications taxes and fees other than as authorized under this Act. This Act is a denial and limitation of municipal home rule powers and functions under subsection (g) of Section 6 of Article VII of the Illinois Constitution.

ARTICLE 90

Section 90-5. The State Revenue Sharing Act is amended by changing Section 12 as follows:
(30 ILCS 115/12) (from Ch. 85, par. 616)
Sec. 12. Personal Property Tax Replacement Fund. There is hereby created the Personal Property Tax Replacement Fund, a special fund in the State Treasury into which shall be paid all revenue realized:
(a) all amounts realized from the additional personal property tax replacement income tax imposed by subsections (c) and (d) of Section 201 of the Illinois Income Tax Act, except for those amounts deposited into the Income Tax Refund Fund pursuant to subsection (c) of Section 901 of the Illinois Income Tax Act; and
(b) all amounts realized from the additional personal property replacement invested capital taxes imposed by Section 2a.1 of the Messages Tax Act, Section 2a.1 of the Gas Revenue Tax Act, Section 2a.1 of the Public Utilities Revenue Act, and Section 3 of the Water Company Invested Capital Tax Act, and amounts payable to the Department of Revenue under the Telecommunications Municipal Infrastructure Maintenance Fee Act.

As soon as may be after the end of each month, the Department of Revenue shall certify to the Treasurer and the Comptroller the amount of all refunds paid out of the General Revenue Fund
through the preceding month on account of overpayment of liability on taxes paid into the Personal Property Tax Replacement Fund. Upon receipt of such certification, the Treasurer and the Comptroller shall transfer the amount so certified from the Personal Property Tax Replacement Fund into the General Revenue Fund.

The payments of revenue into the Personal Property Tax Replacement Fund shall be used exclusively for distribution to taxing districts as provided in this Section, payment of the expenses of the Department of Revenue incurred in administering the collection and distribution of monies paid into the Personal Property Tax Replacement Fund and transfers due to refunds to taxpayers for overpayment of liability for taxes paid into the Personal Property Tax Replacement Fund.

As soon as may be after the effective date of this amendatory Act of 1980, the Department of Revenue shall certify to the Treasurer the amount of net replacement revenue paid into the General Revenue Fund prior to that effective date from the additional tax imposed by Section 2a.1 of the Messages Tax Act; Section 2a.1 of the Gas Revenue Tax Act; Section 2a.1 of the Public Utilities Revenue Act; Section 3 of the Water Company Invested Capital Tax Act; amounts collected by the Department of Revenue under the Telecommunications Municipal Infrastructure Maintenance Fee Act; and the additional personal property tax replacement income tax imposed by the Illinois Income Tax Act, as amended by Public Act 81-1st Special Session-1. Net replacement revenue shall be defined as the total amount paid into and remaining in the General Revenue Fund as a result of those Acts minus the amount outstanding and obligated from the General Revenue Fund in state vouchers or warrants prior to the effective date of this amendatory Act of 1980 as refunds to taxpayers for overpayment of liability under those Acts.

All interest earned by monies accumulated in the Personal Property Tax Replacement Fund shall be deposited in such Fund. All amounts allocated pursuant to this Section are appropriated on a continuing basis.

Prior to December 31, 1980, as soon as may be after the end of each quarter beginning with the quarter ending December 31, 1979, and on and after December 31, 1980, as soon as may be after January 1, March 1, April 1, May 1, July 1, August 1, October 1 and December 1 of each year, the Department of Revenue shall allocate to each taxing district as defined in Section 1-150 of the Property Tax Code, in accordance with the provisions of paragraph (2) of this Section the portion of the funds held in the Personal Property Tax Replacement Fund which is required to be distributed, as provided in paragraph (1), for each quarter. Provided, however, under no circumstances shall any taxing district during each of the first two years of distribution of the taxes imposed by this amendatory Act of 1979 be entitled to an annual allocation which is less than the funds such taxing district collected from the 1978 personal property tax. Provided further that under no circumstances shall any taxing district during the third year of distribution of the taxes imposed by this amendatory Act of 1979 receive less than 60% of the funds such taxing district collected from the 1978 personal property tax. In the event that the total of the allocations made as above provided for all taxing districts, during either of such 3 years, exceeds the amount available for distribution the allocation of each taxing district shall be proportionately reduced. Except as provided in Section 13 of this Act, the Department shall then certify, pursuant to appropriation, such allocations to the State Comptroller who shall pay over to the several taxing districts the respective amounts allocated to them.

Any township which receives an allocation based in whole or in part upon personal property taxes which it levied pursuant to Section 6-507 or 6-512 of the Illinois Highway Code and which was previously required to be paid over to a municipality shall immediately pay over to that municipality a proportionate share of the personal property replacement funds which such township receives.

Any municipality or township, other than a municipality with a population in excess of 500,000, which receives an allocation based in whole or in part on personal property taxes which it levied pursuant to Sections 3-1, 3-4 and 3-6 of the Illinois Local Library Act and which was previously required to be paid over to a public library shall immediately pay over to that library a proportionate share of the personal property tax replacement funds which such municipality or township receives; provided that if such a public library has converted to a library organized under The Illinois Public Library District Act, regardless of whether such conversion has occurred on, after or before January 1, 1988, such proportionate share shall be immediately paid over to the library district which maintains and operates the library. However, any library that has converted prior to January 1, 1988, and which hitherto has not received the personal property tax replacement funds,
shall receive such funds commencing on January 1, 1988.

Any township which receives an allocation based in whole or in part on personal property
taxes which it levied pursuant to Section 1c of the Public Graveyards Act and which taxes were
previously required to be paid over to or used for such public cemetery or cemeteries shall
immediately pay over to or use for such public cemetery or cemeteries a proportionate share of the
personal property tax replacement funds which the township receives.

Any taxing district which receives an allocation based in whole or in part upon personal
property taxes which it levied for another governmental body or school district in Cook County in
1976 or for another governmental body or school district in the remainder of the State in 1977 shall
immediately pay over to that governmental body or school district the amount of personal property
replacement funds which such governmental body or school district would receive directly under the
provisions of paragraph (2) of this Section, had it levied its own taxes.

(1) The portion of the Personal Property Tax Replacement Fund required to be distributed as
of the time allocation is required to be made shall be the amount available in such Fund as of the time
allocation is required to be made.

The amount available for distribution shall be the total amount in the fund at such time minus
the necessary administrative expenses as limited by the appropriation and the amount determined by:
(a) $2.8 million for fiscal year 1981; (b) for fiscal year 1982, .54% of the funds distributed from the
fund during the preceding fiscal year; (c) for fiscal year 1983 through fiscal year 1988, .54% of the
funds distributed from the fund during the preceding fiscal year less .02% of such fund for fiscal year
1983 and less .02% of such funds for each fiscal year thereafter, or (d) for fiscal year 1989 and beyond
no more than 105% of the actual administrative expenses of the prior fiscal year. Such portion of the
fund shall be determined after the transfer into the General Revenue Fund due to refunds, if any, paid
from the General Revenue Fund during the preceding quarter. If at any time, for any reason, there is
insufficient amount in the Personal Property Tax Replacement Fund for payment of costs of
administration or for transfers due to refunds at the end of any particular month, the amount of such
insufficiency shall be carried over for the purposes of transfers into the General Revenue Fund and
for purposes of costs of administration to the following month or months. Net replacement revenue
held, and defined above, shall be transferred by the Treasurer and Comptroller to the Personal
Property Tax Replacement Fund within 10 days of such certification.

(2) Each quarterly allocation shall first be apportioned in the following manner: 51.65% for
taxing districts in Cook County and 48.35% for taxing districts in the remainder of the State.

The Personal Property Replacement Ratio of each taxing district outside Cook County shall
be the ratio which the Tax Base of that taxing district bears to the Downstate Tax Base. The Tax Base
of each taxing district outside of Cook County is the personal property tax collections for that taxing
district for the 1977 tax year. The Downstate Tax Base is the personal property tax collections for all
taxing districts in the State outside of Cook County for the 1977 tax year. The Department of Revenue
shall have authority to review for accuracy and completeness the personal property tax collections for
each taxing district outside Cook County for the 1977 tax year.

The Personal Property Replacement Ratio of each Cook County taxing district shall be the
ratio which the Tax Base of that taxing district bears to the Cook County Tax Base. The Tax Base
of each Cook County taxing district is the personal property tax collections for that taxing district for the
1976 tax year. The Cook County Tax Base is the personal property tax collections for all taxing
districts in Cook County for the 1976 tax year. The Department of Revenue shall have authority to
review for accuracy and completeness the personal property tax collections for each taxing district
within Cook County for the 1976 tax year.

For all purposes of this Section 12, amounts paid to a taxing district for such tax years as may
be applicable by a foreign corporation under the provisions of Section 7-202 of the Public Utilities
Act, as amended, shall be deemed to be personal property taxes collected by such taxing district for
such tax years as may be applicable. The Director shall determine from the Illinois Commerce
Commission, for any tax year as may be applicable, the amounts so paid by any such foreign
corporation to any and all taxing districts. The Illinois Commerce Commission shall furnish such
information to the Director. For all purposes of this Section 12, the Director shall deem such amounts
to be collected personal property taxes of each such taxing district for the applicable tax year or years.

Taxing districts located both in Cook County and in one or more other counties shall receive
both a Cook County allocation and a Downstate allocation determined in the same way as all other taxing districts.

If any taxing district in existence on July 1, 1979 ceases to exist, or discontinues its operations, its Tax Base shall thereafter be deemed to be zero. If the powers, duties and obligations of the discontinued taxing district are assumed by another taxing district, the Tax Base of the discontinued taxing district shall be added to the Tax Base of the taxing district assuming such powers, duties and obligations.

If two or more taxing districts in existence on July 1, 1979, or a successor or successors thereto shall consolidate into one taxing district, the Tax Base of such consolidated taxing district shall be the sum of the Tax Bases of each of the taxing districts which have consolidated.

If a single taxing district in existence on July 1, 1979, or a successor or successors thereto shall be divided into two or more separate taxing districts, the tax base of the taxing district so divided shall be allocated to each of the resulting taxing districts in proportion to the then current equalized assessed value of each resulting taxing district.

If a portion of the territory of a taxing district is disconnected and annexed to another taxing district of the same type, the Tax Base of the taxing district from which disconnection was made shall be reduced in proportion to the then current equalized assessed value of the disconnected territory as compared with the then current equalized assessed value within the entire territory of the taxing district prior to disconnection, and the amount of such reduction shall be added to the Tax Base of the taxing district to which annexation is made.

If a community college district is created after July 1, 1979, beginning on the effective date of this amendatory Act of 1995, its Tax Base shall be 3.5% of the sum of the personal property tax collected for the 1977 tax year within the territorial jurisdiction of the district.

The amounts allocated and paid to taxing districts pursuant to the provisions of this amendatory Act of 1979 shall be deemed to be substitute revenues for the revenues derived from taxes imposed on personal property pursuant to the provisions of the "Revenue Act of 1939" or "An Act for the assessment and taxation of private car line companies", approved July 22, 1943, as amended, or Section 414 of the Illinois Insurance Code, prior to the abolition of such taxes and shall be used for the same purposes as the revenues derived from ad valorem taxes on real estate.

Monies received by any taxing districts from the Personal Property Tax Replacement Fund shall be first applied toward payment of the proportionate amount of debt service which was previously levied and collected from extensions against personal property on bonds outstanding as of December 31, 1978 and next applied toward payment of the proportionate share of the pension or retirement obligations of the taxing district which were previously levied and collected from extensions against personal property. For each such outstanding bond issue, the County Clerk shall determine the percentage of the debt service which was collected from extensions against real estate in the taxing district for 1978 taxes payable in 1979, as related to the total amount of such levies and collections from extensions against both real and personal property. For 1979 and subsequent years' taxes, the County Clerk shall levy and extend taxes against the real estate of each taxing district which will yield the said percentage or percentages of the debt service on such outstanding bonds. The balance of the amount necessary to fully pay such debt service shall constitute a first and prior lien upon the monies received by each such taxing district through the Personal Property Tax Replacement Fund and shall be first applied or set aside for such purpose. In counties having fewer than 3,000,000 inhabitants, the amendments to this paragraph as made by this amendatory Act of 1980 shall be first applicable to 1980 taxes to be collected in 1981.

Sec. 2. As used in this Article, unless the context clearly requires otherwise:

(a) "Gross charge" means the amount paid for the act or privilege of originating or receiving telecommunications in this State and for all services and equipment provided in connection therewith by a retailer, valued in money whether paid in money or otherwise, including cash, credits, services and property of every kind or nature, and shall be determined without any deduction on account of

the cost of such telecommunications, the cost of materials used, labor or service costs or any other expense whatsoever. In case credit is extended, the amount thereof shall be included only as and when paid. "Gross charges" for private line service shall include charges imposed at each channel point within this State, charges for the channel mileage between each channel point within this State, and charges for that portion of the interstate inter-office channel provided within Illinois. However, "gross charges" shall not include:

(1) any amounts added to a purchaser's bill because of a charge made pursuant to (i) the tax imposed by this Article; (ii) charges added to customers' bills pursuant to the provisions of Sections 9-221 or 9-222 of the Public Utilities Act, as amended, or any similar charges added to customers' bills by retailers who are not subject to rate regulation by the Illinois Commerce Commission for the purpose of recovering any of the tax liabilities or other amounts specified in such provisions of such Act; or (iii) the tax imposed by Section 4251 of the Internal Revenue Code; (iv) 911 surcharges; or (v) the tax imposed by the Simplified Municipal Telecommunications Tax Act;

(2) charges for a sent collect telecommunication received outside of the State;

(3) charges for leased time on equipment or charges for the storage of data or information for subsequent retrieval or the processing of data or information intended to change its form or content. Such equipment includes, but is not limited to, the use of calculators, computers, data processing equipment, tabulating equipment or accounting equipment and also includes the usage of computers under a time-sharing agreement;

(4) charges for customer equipment, including such equipment that is leased or rented by the customer from any source, wherein such charges are disaggregated and separately identified from other charges;

(5) charges to business enterprises certified under Section 9-222.1 of the Public Utilities Act, as amended, to the extent of such exemption and during the period of time specified by the Department of Commerce and Community Affairs;

(6) charges for telecommunications and all services and equipment provided in connection therewith between a parent corporation and its wholly owned subsidiaries or between wholly owned subsidiaries when the tax imposed under this Article has already been paid to a retailer and only to the extent that the charges between the parent corporation and wholly owned subsidiaries or between wholly owned subsidiaries represent expense allocation between the corporations and not the generation of profit for the corporation rendering such service;

(7) bad debts. Bad debt means any portion of a debt that is related to a sale at retail for which gross charges are not otherwise deductible or excludable that has become worthless or uncollectable, as determined under applicable federal income tax standards. If the portion of the debt deemed to be bad is subsequently paid, the retailer shall report and pay the tax on that portion during the reporting period in which the payment is made;

(8) charges paid by inserting coins in coin-operated telecommunication devices;

(9) amounts paid by telecommunications retailers under the Telecommunications Municipal Infrastructure Maintenance Fee Act.

(b) "Amount paid" means the amount charged to the taxpayer's service address in this State regardless of where such amount is billed or paid.

(c) "Telecommunications", in addition to the meaning ordinarily and popularly ascribed to it, includes, without limitation, messages or information transmitted through use of local, toll and wide area telephone service; private line services; channel services; telegraph services; teletypewriter; computer exchange services; cellular mobile telecommunications service; specialized mobile radio; stationary two way radio; paging service; or any other form of mobile and portable one-way or two-way communications; or any other transmission of messages or information by electronic or similar means, between or among points by wire, cable, fiber-optics, laser, microwave, radio, satellite or similar facilities. As used in this Act, "private line" means a dedicated non-traffic sensitive service for a single customer, that entitles the customer to exclusive or priority use of a communications channel or group of channels, from one or more specified locations to one or more other specified locations. The definition of "telecommunications" shall not include value added services in which computer processing applications are used to act on the form, content, code and protocol of the

information for purposes other than transmission. "Telecommunications" shall not include purchases of telecommunications by a telecommunications service provider for use as a component part of the service provided by him to the ultimate retail consumer who originates or terminates the taxable end-to-end communications. Carrier access charges, right of access charges, charges for use of inter-company facilities, and all telecommunications resold in the subsequent provision of, used as a component of, or integrated into end-to-end telecommunications service shall be non-taxable as sales for resale.

(d) "Interstate telecommunications" means all telecommunications that either originate or terminate outside this State.

(e) "Intrastate telecommunications" means all telecommunications that originate and terminate within this State.

(f) "Department" means the Department of Revenue of the State of Illinois.

(g) "Director" means the Director of Revenue for the Department of Revenue of the State of Illinois.

(h) "Taxpayer" means a person who individually or through his agents, employees or permittees engages in the act or privilege of originating or receiving telecommunications in this State and who incurs a tax liability under this Article.

(i) "Person" means any natural individual, firm, trust, estate, partnership, association, joint stock company, joint venture, corporation, limited liability company, or a receiver, trustee, guardian or other representative appointed by order of any court, the Federal and State governments, including State universities created by statute or any city, town, county or other political subdivision of this State.

(j) "Purchase at retail" means the acquisition, consumption or use of telecommunication through a sale at retail.

(k) "Sale at retail" means the transmitting, supplying or furnishing of telecommunications and all services and equipment provided in connection therewith for a consideration to persons other than the Federal and State governments, and State universities created by statute and other than between a parent corporation and its wholly owned subsidiaries or between wholly owned subsidiaries for their use or consumption and not for resale.

(l) "Retailer" means and includes every person engaged in the business of making sales at retail as defined in this Article. The Department may, in its discretion, upon application, authorize the collection of the tax hereby imposed by any retailer not maintaining a place of business within this State, who, to the satisfaction of the Department, furnishes adequate security to insure collection and payment of the tax. Such retailer shall be issued, without charge, a permit to collect such tax. When so authorized, it shall be the duty of such retailer to collect the tax upon all of the gross charges for telecommunications in this State in the same manner and subject to the same requirements as a retailer maintaining a place of business within this State. The permit may be revoked by the Department at its discretion.

(m) "Retailer maintaining a place of business in this State", or any like term, means and includes any retailer having or maintaining within this State, directly or by a subsidiary, an office, distribution facilities, transmission facilities, sales office, warehouse or other place of business, or any agent or other representative operating within this State under the authority of the retailer or its subsidiary, irrespective of whether such place of business or agent or other representative is located here permanently or temporarily, or whether such retailer or subsidiary is licensed to do business in this State.

(n) "Service address" means the location of telecommunications equipment from which the telecommunications services are originated or at which telecommunications services are received by a taxpayer. In the event this may not be a defined location, as in the case of mobile phones, paging systems, maritime systems, air-to-ground systems and the like, service address shall mean the location of a taxpayer's primary use of the telecommunications equipment as defined by telephone number, authorization code, or location in Illinois where bills are sent.

(o) "Prepaid telephone calling arrangements" mean the right to exclusively purchase telephone or telecommunications services that must be paid for in advance and enable the origination of one or more intrastate, interstate, or international telephone calls or other telecommunications using an access number, an authorization code, or both, whether manually or electronically dialed, for which payment

to a retailer must be made in advance, provided that, unless recharged, no further service is provided
once that prepaid amount of service has been consumed. Prepaid telephone calling arrangements
include the recharge of a prepaid calling arrangement. For purposes of this subsection, "recharge"
means the purchase of additional prepaid telephone or telecommunications services whether or not
the purchaser acquires a different access number or authorization code. "Prepaid telephone calling
arrangement" does not include an arrangement whereby a customer purchases a payment card and
pursuant to which the service provider reflects the amount of such purchase as a credit on an invoice
issued to that customer under an existing subscription plan.

Sec. 2. As used in this Article, unless the context clearly requires otherwise:
(a) "Gross charge" means the amount paid for the act or privilege of originating or receiving
telecommunications in this State and for all services and equipment provided in connection therewith
by a retailer, valued in money whether paid in money or otherwise, including cash, credits, services
and property of every kind or nature, and shall be determined without any deduction on account of
the cost of such telecommunications, the cost of materials used, labor or service costs or any other
expense whatsoever. In case credit is extended, the amount thereof shall be included only as and when
paid. "Gross charges" for private line service shall include charges imposed at each channel point
within this State, charges for the channel mileage between each channel point within this State, and
charges for that portion of the interstate inter-office channel provided within Illinois. However, "gross
charges" shall not include:

tax imposed by this Article; (ii) charges added to customers' bills pursuant to the provisions
of Sections 9-221 or 9-222 of the Public Utilities Act, as amended, or any similar charges
added to customers' bills by retailers who are not subject to rate regulation by the Illinois

the Internal Revenue Code;

(2) charges for a sent collect telecommunication received outside of the State;

(3) charges for leased time on equipment or charges for the storage of data or information
for subsequent retrieval or the processing of data or information intended to change its form
or content. Such equipment includes, but is not limited to, the use of calculators, computers,

the usage of computers under a time-sharing agreement;

(4) charges for customer equipment, including such equipment that is leased or rented by
the customer from any source, wherein such charges are disaggregated and separately
identified from other charges;

wholly owned subsidiaries or between wholly owned subsidiaries represent expense
allocation between the corporations and not the generation of profit for the corporation
rendering such service;

(7) bad debts. Bad debt means any portion of a debt that is related to a sale at retail for
which gross charges are not otherwise deductible or excludable that has become worthless or
uncollectable, as determined under applicable federal income tax standards. If the portion

portion during the reporting period in which the payment is made;

(8) charges paid by inserting coins in coin-operated telecommunication devices;

(9) amounts paid by telecommunications retailers under the Telecommunications
Municipal Infrastructure Maintenance Fee Act.

(b) "Amount paid" means the amount charged to the taxpayer's service address in this State regardless of where such amount is billed or paid.

c) "Telecommunications", in addition to the meaning ordinarily and popularly ascribed to it, includes, without limitation, messages or information transmitted through use of local, toll and wide area telephone service; private line services; channel services; telegraph services; teletypewriter; computer exchange services; cellular mobile telecommunications service; specialized mobile radio; stationary two way radio; paging service; or any other form of mobile and portable one-way or two-way communications; or any other transmission of messages or information by electronic or similar means, between or among points by wire, cable, fiber-optics, laser, microwave, radio, satellite or similar facilities. As used in this Act, "private line" means a dedicated non-traffic sensitive service for a single customer, that entitles the customer to exclusive or priority use of a communications channel or group of channels, from one or more specified locations to one or more other specified locations. The definition of "telecommunications" shall not include value added services in which computer processing applications are used to act on the form, content, code and protocol of the information for purposes other than transmission. "Telecommunications" shall not include purchases of telecommunications by a telecommunications service provider for use as a component part of the service provided by him to the ultimate retail consumer who originates or terminates the taxable end-to-end communications. Carrier access charges, right of access charges, charges for use of inter-company facilities, and all telecommunications resold in the subsequent provision of, used as a component of, or integrated into end-to-end telecommunications service shall be non-taxable as sales for resale.

d) "Interstate telecommunications" means all telecommunications that either originate or terminate outside this State.

e) "Intrastate telecommunications" means all telecommunications that originate and terminate within this State.

(f) "Department" means the Department of Revenue of the State of Illinois.

(g) "Director" means the Director of Revenue for the Department of Revenue of the State of Illinois.

(h) "Taxpayer" means a person who individually or through his agents, employees or permittees engages in the act or privilege of originating or receiving telecommunications in this State and who incurs a tax liability under this Article.

(i) "Person" means any natural individual, firm, trust, estate, partnership, association, joint stock company, joint venture, corporation, limited liability company, or a receiver, trustee, guardian or other representative appointed by order of any court, the Federal and State governments, including State universities created by statute or any city, town, county or other political subdivision of this State.

(j) "Purchase at retail" means the acquisition, consumption or use of telecommunication through a sale at retail.

(k) "Sale at retail" means the transmitting, supplying or furnishing of telecommunications and all services and equipment provided in connection therewith for a consideration to persons other than the Federal and State governments, and State universities created by statute and other than between a parent corporation and its wholly owned subsidiaries or between wholly owned subsidiaries for their use or consumption and not for resale.

(l) "Retailer" means and includes every person engaged in the business of making sales at retail as defined in this Article. The Department may, in its discretion, upon application, authorize the collection of the tax hereby imposed by any retailer not maintaining a place of business within this State, who, to the satisfaction of the Department, furnishes adequate security to insure collection and payment of the tax. Such retailer shall be issued, without charge, a permit to collect such tax. When so authorized, it shall be the duty of such retailer to collect the tax upon all of the gross charges for telecommunications in this State in the same manner and subject to the same requirements as a retailer maintaining a place of business within this State. The permit may be revoked by the Department at its discretion.

(m) "Retailer maintaining a place of business in this State", or any like term, means and includes any retailer having or maintaining within this State, directly or by a subsidiary, an office.

(n) "Service address" means the location of telecommunications equipment from which the telecommunications services are originated or at which telecommunications services are received by a taxpayer. In the event this may not be a defined location, as in the case of mobile phones, paging systems, maritime systems, service address means the customer's place of primary use as defined in the Mobile Telecommunications Sourcing Conformity Act. (o) "Prepaid telephone calling arrangements" mean the right to exclusively purchase telephone or telecommunications services that must be paid for in advance and enable the origination of one or more intrastate, interstate, or international telephone calls or other telecommunications using an access number, an authorization code, or both, whether manually or electronically dialed, for which payment to a retailer must be made in advance, provided that, unless recharged, no further service is provided once that prepaid amount of service has been consumed. Prepaid telephone calling arrangements include the recharge of a prepaid calling arrangement. For purposes of this subsection, "recharge" means the purchase of additional prepaid telephone or telecommunications services whether or not the purchaser acquires a different access number or authorization code. "Prepaid telephone calling arrangement" does not include an arrangement whereby a customer purchases a payment card and pursuant to which the service provider reflects the amount of such purchase as a credit on an invoice issued to that customer under an existing subscription plan.

(35 ILCS 630/6) (from Ch. 120, par. 2006)

Sec. 6. Except as provided hereinafter in this Section, on or before the last 15th day of each month, each retailer maintaining a place of business in this State shall make a return to the Department for the preceding calendar month, stating:

1. His name;
2. The address of his principal place of business, or and the address of the principal place of business (if that is a different address) from which he engages in the business of transmitting telecommunications;
3. Total amount of gross charges billed by him during the preceding calendar month for providing telecommunications during such calendar month;
4. Total amount received by him during the preceding calendar month on credit extended;
5. Deductions allowed by law;
6. Gross charges which were billed by him during the preceding calendar month and upon the basis of which the tax is imposed;
7. Amount of tax (computed upon Item 6);
8. Such other reasonable information as the Department may require.

Any taxpayer required to make payments under this Section may make the payments by electronic funds transfer. The Department shall adopt rules necessary to effectuate a program of electronic funds transfer. Any taxpayer who has average monthly tax billings due to the Department under this Act and the Simplified Municipal Telecommunications Tax Act that exceed $1,000 shall make all payments by electronic funds transfer as required by rules of the Department and shall file the return required by this Section by electronic means as required by rules of the Department.

If the retailer's average monthly tax billings due to the Department under this Act and the Simplified Municipal Telecommunications Tax Act do not exceed $1,000, the Department may authorize his returns to be filed on a quarterly annual basis, with the return for January, February and March of a given year being due by April 30th of such year; with the return for April, May and June of a given year being due by July 31st of such year; with the return for July, August and September of a given year being due by October 31st of such year; and with the return of October, November and December of a given year being due by January 31st of the following year.

New matter indicated by italics - deletions by strikeout.
If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax billings due to the Department under this Act and the Simplified Municipal Telecommunications Tax Act do not exceed $400, the Department may authorize his or her return to be filed on an annual basis, with the return for a given year being due by January 31st of the following year.

Notwithstanding any other provision of this Article containing the time within which a retailer may file his return, in the case of any retailer who ceases to engage in a kind of business which makes him responsible for filing returns under this Article, such retailer shall file a final return under this Article with the Department not more than one month after discontinuing such business.

In making such return, the retailer shall determine the value of any consideration other than money received by him and he shall include such value in his return. Such determination shall be subject to review and revision by the Department in the manner hereinafter provided for the correction of returns.

Each retailer whose average monthly liability to the Department under this Article and the Simplified Municipal Telecommunications Tax Act was $25,000 or more during the preceding calendar year, excluding the month of highest liability and the month of lowest liability in such calendar year, and who is not operated by a unit of local government, shall make estimated payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which tax collection liability to the Department is incurred in an amount not less than the lower of either 22.5% of the retailer's actual tax collections for the month or 25% of the retailer's actual tax collections for the same calendar month of the preceding year. The amount of such quarter monthly payments shall be credited against the final liability of the retailer's return for that month. Any outstanding credit, approved by the Department, arising from the retailer's overpayment of its final liability for any month may be applied to reduce the amount of any subsequent quarter monthly payment or credited against the final liability of the retailer's return for any subsequent month. If any quarter monthly payment is not paid at the time or in the amount required by this Section, the retailer shall be liable for penalty and interest on the difference between the minimum amount due as a payment and the amount of such payment actually and timely paid, except insofar as the retailer has previously made payments for that month to the Department in excess of the minimum payments previously due.

If the Director finds that the information required for the making of an accurate return cannot reasonably be compiled by a retailer within 15 days after the close of the calendar month for which a return is to be made, he may grant an extension of time for the filing of such return for a period of not to exceed 31 calendar days. The granting of such an extension may be conditioned upon the deposit by the retailer with the Department of an amount of money not exceeding the amount estimated by the Director to be due with the return so extended. All such deposits, including any heretofore made with the Department, shall be credited against the retailer's liabilities under this Article. If any such deposit exceeds the retailer's present and probable future liabilities under this Article, the Department shall issue to the retailer a credit memorandum, which may be assigned by the retailer to a similar retailer under this Article, in accordance with reasonable rules and regulations to be prescribed by the Department.

The retailer making the return herein provided for shall, at the time of making such return, pay to the Department the amount of tax herein imposed, less a discount of 1% which is allowed to reimburse the retailer for the expenses incurred in keeping records, billing the customer, preparing and filing returns, remitting the tax, and supplying data to the Department upon request. No discount may be claimed by a retailer on returns not timely filed and for taxes not timely remitted. On and after the effective date of this Article of 1985, $1,000,000 of the moneys received by the Department of Revenue pursuant to this Article shall be paid each month into the Common School Fund and the remainder into the General Revenue Fund. On and after February 1, 1998, however, of the moneys received by the Department of Revenue pursuant to the additional taxes imposed by this amendatory Act of 1997 one-half shall be deposited into the School Infrastructure Fund and one-half shall be deposited into the Common School Fund. On and after the effective date of this amendatory Act of the 91st General Assembly, if in any fiscal year the total of the moneys deposited into the School Infrastructure Fund under this Act is less than the total of the moneys deposited into that Fund from the additional taxes imposed by Public Act 90-548 during fiscal year 1999, then, as soon as possible after the close of the fiscal year, the Comptroller shall order transferred and the Treasurer shall transfer...
from the General Revenue Fund to the School Infrastructure Fund an amount equal to the difference between the fiscal year total deposits and the total amount deposited into the Fund in fiscal year 1999.

Sec. 15. Confidential information. All information received by the Department from returns filed under this Article, or from any investigations conducted under this Article, shall be confidential, except for official purposes, and any person who divulges any such information in any manner, except in accordance with a proper judicial order or as otherwise provided by law, shall be guilty of a Class B misdemeanor.

Provided, that nothing contained in this Article shall prevent the Director from publishing or making available to the public the names and addresses of retailers or taxpayers filing returns under this Article, or from publishing or making available reasonable statistics concerning the operation of the tax wherein the contents of returns are grouped into aggregates in such a way that the information contained in any individual return shall not be disclosed.

And provided, that nothing contained in this Article shall prevent the Director from making available to the United States Government or the government of any other state, or any officer or agency thereof, for exclusively official purposes, information received by the Department in the administration of this Article, if such other governmental agency agrees to divulge requested tax information to the Department.

The furnishing upon request of the Auditor General, or his authorized agents, for official use, of returns filed and information related thereto under this Article is deemed to be an official purpose within the meaning of this Section.

The furnishing of financial information to a municipality that has imposed a tax under the Simplified Municipal Telecommunications Tax Act, upon request of the chief executive thereof, is an official purpose within the meaning of this Section, provided that the municipality agrees in writing to the requirements of this Section. Information so provided shall be subject to all confidentiality provisions of this Section. The written agreement shall provide for reciprocity, limitations on access, disclosure, and procedures for requesting information.

The Director shall make available for public inspection in the Department's principal office and for publication, at cost, administrative decisions issued on or after January 1, 1995. These decisions are to be made available in a manner so that the following taxpayer information is not disclosed:

(1) The names, addresses, and identification numbers of the taxpayer, related entities, and employees.

(2) At the sole discretion of the Director, trade secrets or other confidential information identified as such by the taxpayer, no later than 30 days after receipt of an administrative decision, by such means as the Department shall provide by rule.

The Director shall determine the appropriate extent of the deletions allowed in paragraph (2).

In the event the taxpayer does not submit deletions, the Director shall make only the deletions specified in paragraph (1).

The Director shall make available for public inspection and publication an administrative decision within 180 days after the issuance of the administrative decision. The term "administrative decision" has the same meaning as defined in Section 3-101 of Article III of the Code of Civil Procedure. Costs collected under this Section shall be paid into the Tax Compliance and Administration Fund.

Nothing contained in this Act shall prevent the Director from divulging information to any person pursuant to a request or authorization made by the taxpayer or by an authorized representative of the taxpayer.

Section 90-15. The Telecommunications Municipal Infrastructure Maintenance Fee Act is amended by changing Sections 1, 5, 10, 15, 20, 25, 27, 27.35, 30, and 35 as follows:
(35 ILCS 635/1)
Sec. 1. Short title. This Act may be cited as the Telecommunications Municipal Infrastructure Maintenance Fee Act.
(Source: P.A. 90-154, eff. 1-1-98.)
Sec. 5. Legislative intent.
(a) The General Assembly imposed a tax on invested capital of utilities to partially replace the personal property tax that was abolished by the Illinois Constitution of 1970. Since that tax was imposed, telecommunications retailers have evolved from utility status into an increasingly competitive industry serving the public.
(b) This Act is intended to abolish the invested capital tax on telecommunications retailers (that is, persons engaged in the business of transmitting messages and acting as a retailer of telecommunications as defined in Section 2 of the Telecommunications Excise Tax Act). Cellular telecommunications retailers have already been excluded from application of the invested capital tax by earlier legislative action.
(c) For the period prior to the effective date of this amendatory Act of the 92nd General Assembly, this Act is also intended to abolish municipal franchise fees with respect to telecommunications retailers, create a uniform system for the collection and distribution of fees associated with the privilege of use of the public right of way for telecommunications activity, and provide municipalities with a comprehensive method of compensation for telecommunications activity including the recovery of reasonable costs of regulating the use of the public rights-of-way for telecommunications activity.
(d) For the period from the effective date of this amendatory Act of the 92nd General Assembly through December 31, 2002, it is the intent of the General Assembly that the municipal infrastructure maintenance fee and its rate are subject only to the limits prescribed in Section 20, and that the fee and the rate of the fee do not relate to use of the public rights-of-way or the costs associated with maintaining and regulating the use of the public rights-of-way. It is also the intent of the General Assembly that proceeds of the municipal infrastructure maintenance fee may be used for any lawful corporate purpose. It is not the intent of the General Assembly that the municipal infrastructure maintenance fee is in any way compensation for use of the public rights-of-way. It is the intent of the General Assembly that the fee be paid by all telecommunications retailers, regardless of whether they have equipment in the public rights-of-way.
(e) This amendatory Act of the 92nd General Assembly is intended to repeal the municipal infrastructure maintenance fee and the optional infrastructure maintenance fee effective January 1, 2003.

Sec. 10. Definitions.
(a) "Gross charges" means the amount paid to a telecommunications retailer for the act or privilege of originating or receiving telecommunications in this State or the municipality imposing the fee under this Act, as the context requires, and for all services rendered in connection therewith, valued in money whether paid in money or otherwise, including cash, credits, services, and property of every kind or nature, and shall be determined without any deduction on account of the cost of such telecommunications, the cost of the materials used, labor or service costs, or any other expense whatsoever. In case credit is extended, the amount thereof shall be included only as and when paid. "Gross charges" for private line service shall include charges imposed at each channel point within this State or the municipality imposing the fee under this Act, charges for the channel mileage between each channel point within this State or the municipality imposing the fee under this Act, and charges for that portion of the interstate inter-office channel provided within Illinois or the municipality imposing the fee under this Act. However, "gross charges" shall not include:

(1) any amounts added to a purchaser's bill because of a charge made under: (i) the fee imposed by this Section, (ii) additional charges added to a purchaser's bill under Section 9-221 or 9-222 of the Public Utilities Act, (iii) amounts collected under Section 8-11-17 of the Illinois Municipal Code, (iv) the tax imposed by the Telecommunications Excise Tax Act, (v) 911 surcharges, (vi) the tax imposed by Section 4251 of the Internal Revenue Code, or (vii) the tax imposed by the Simplified Municipal Telecommunications Tax Act;
(2) charges for a sent collect telecommunication received outside of this State or the municipality imposing the fee, as the context requires;

"Telecommunications" shall not include the provision of cable services through a cable system as defined in the Cable Communications Act of 1984 (47 U.S.C. (f) "Sale of telecommunications at retail" means the transmitting, supplying, or furnishing of telecommunications and all services rendered in connection therewith for a consideration, other than between a parent corporation and its wholly owned subsidiaries or between wholly owned subsidiaries, when the gross charge made by one such corporation to another such corporation is not greater than the gross charge paid to the retailer for their use or consumption and not for sale.

(7) bad debts ("bad debt" means any portion of a debt that is related to a sale at retail for which gross charges are not otherwise deductible or excludable that has become worthless or uncollectible, as determined under applicable federal income tax standards; if the portion of the debt deemed to be bad is subsequently paid, the retailer shall report and pay the tax on that portion during the reporting period in which the payment is made); or

"Telecommunications" shall not include purchase of telecommunications by a telecommunications service provider for use as a component part of the service provided by him or her to the ultimate retail consumer who originates or terminates the end-to-end communications. "Telecommunications" shall not include the provision of cable services through a cable system as defined in the Cable Communications Act of 1984 (47 U.S.C. Sections 521 and following) as now or hereafter amended or through an open video system as defined in the Rules of the Federal Communications Commission (47 C.D.F. 76.1550 and following) as now or hereafter amended. Beginning January 1, 2001, prepaid telephone calling arrangements shall not be considered "telecommunications" subject to the tax imposed under this Act. For purposes of this Section, "prepaid telephone calling arrangements" means that term as defined in Section 2-27 of the Retailers' Occupation Tax Act.

(c) "Wireless telecommunications" includes cellular mobile telephone services, personal wireless services as defined in Section 704(C) of the Telecommunications Act of 1996 (Public Law No. 104-104) as now or hereafter amended, including all commercial mobile radio services, and paging services.

(d) "Telecommunications retailer" or "retailer" or "carrier" means and includes every person engaged in the business of making sales of telecommunications at retail as defined in this Section. The Illinois Department of Revenue or the municipality imposing the fee, as the case may be, may, in its discretion, upon applications, authorize the collection of the fee hereby imposed by any retailer not maintaining a place of business within this State, who, to the satisfaction of the Department or municipality, furnishes adequate security to insure collection and payment of the fee. When so authorized, it shall be the duty of such retailer to pay the fee upon all of the gross charges for telecommunications in the same manner and subject to the same requirements as a retailer maintaining a place of business within this State or municipality imposing the fee.
(e) "Retailer maintaining a place of business in this State", or any like term, means and includes any retailer having or maintaining within this State, directly or by a subsidiary, an office, distribution facilities, transmission facilities, sales office, warehouse, or other place of business, or any agent or other representative operating within this State under the authority of the retailer or its subsidiary, irrespective of whether such place of business or agent or other representative is located here permanently or temporarily, or whether such retailer or subsidiary is licensed to do business in this State.

(f) "Sale of telecommunications at retail" means the transmitting, supplying, or furnishing of telecommunications and all services rendered in connection therewith for a consideration, other than between a parent corporation and its wholly owned subsidiaries or between wholly owned subsidiaries, when the gross charge made by one such corporation to another such corporation is not greater than the gross charge paid by the retailer for their use or consumption and not for sale.

If this is not a defined location, as in the case of wireless telecommunications, paging systems, maritime systems, service address means the customer's place of primary use as defined in the Mobile Telecommunications Sourcing Conformity Act. For air-to-ground systems, and the like, "service address" shall mean the location of the customer's primary use of the telecommunications equipment as defined by the location in Illinois where bills are sent.

Sec. 15. State telecommunications infrastructure maintenance fees.

(a) A State infrastructure maintenance fee is hereby imposed upon telecommunications retailers as a replacement for the personal property tax in an amount specified in subsection (b).

(b) The amount of the State infrastructure maintenance fee imposed upon a telecommunications retailer under this Section shall be equal to 0.5% of all gross charges charged by the telecommunications retailer to service addresses in this State for telecommunications, other than wireless telecommunications, originating or received in this State. However, the State infrastructure maintenance fee is not imposed in any case in which the imposition of the fee would violate the Constitution or statutes of the United States.

(c) (Blank). An optional infrastructure maintenance fee is hereby created. A telecommunications retailer may elect to pay the optional infrastructure maintenance fee with respect to the gross charges charged by the telecommunications retailer to service addresses in a particular municipality for telecommunications, other than wireless telecommunications, originating or received in the municipality if (1) the telecommunications retailer is not required to pay any compensation to the municipality under an existing franchise agreement and (2) the municipality has not imposed a municipal infrastructure maintenance fee as authorized in Section 20 of this Act. A telecommunications retailer electing to pay the optional infrastructure maintenance fee shall notify the Department of such election on the application for certificate of registration. If a telecommunications retailer elects to pay this fee with respect to the gross charges charged by the telecommunications retailer to service addresses in a particular municipality, such election shall remain in full force and effect until such time as the municipality imposes a municipal infrastructure maintenance fee.

(d) (Blank). The amount of the optional infrastructure maintenance fee which a telecommunications retailer may elect to pay with respect to a particular municipality shall be equal to 25% of the maximum amount of the municipal infrastructure maintenance fee which the municipality could impose under Section 20 of this Act.

(e) The State infrastructure maintenance fee and the optional infrastructure maintenance fee authorized by this Section shall be collected, enforced, and administered as set forth in subsection (b) of Section 25 of this Act.

Sec. 20. Municipal telecommunications infrastructure maintenance fee.

(a) A municipality may impose a municipal infrastructure maintenance fee upon telecommunications retailers in an amount specified in subsection (b). On and after the effective date
of this amendatory Act of 1997, a certified copy of an ordinance or resolution imposing a fee under this Section shall be filed with the Department within 30 days after the effective date of this amendatory Act or the effective date of the ordinance or resolution imposing such fee, whichever is later. Failure to file a certified copy of the ordinance or resolution imposing a fee under this Section shall have no effect on the validity of the ordinance or resolution. The Department shall create and maintain a list of all ordinances and resolutions filed pursuant to this Section and make that list, as well as copies of the ordinances and resolutions, available to the public for a reasonable fee.

(b) The amount of the municipal infrastructure maintenance fee imposed upon a telecommunications retailer under this Section shall not exceed: (i) in a municipality with a population of more than 500,000, 2.0% of all gross charges charged by the telecommunications retailer to service addresses in the municipality for telecommunications originating or received in the municipality; and (ii) in a municipality with a population of 500,000 or less, 1.0% of all gross charges charged by the telecommunications retailer to service addresses in the municipality for telecommunications originating or received in the municipality which fee, for the period commencing on the effective date of this amendatory Act of the 92nd General Assembly through December 31, 2002, may be imposed at the rates set forth herein without regard to the provisions of Sections 8-11-2 and 8-11-17 of the Illinois Municipal Code. If imposed, the municipal telecommunications infrastructure fee must be in 1/4% increments. However, the fee shall not be imposed in any case in which the imposition of the fee would violate the Constitution or statutes of the United States.

(c) The municipal telecommunications infrastructure fee authorized by this Section shall be collected, enforced, and administered as set forth in subsection (c) of Section 25 of this Act.

(d) A municipality with a population of more than 500,000 that imposes a municipal infrastructure maintenance fee under this Section may, by ordinance, exempt from the fee all charges for the inbound toll-free telecommunications service commonly known as "800", "877", or "888" or for a similar service.

(e) For the period from the effective date of this amendatory Act of the 92nd General Assembly through December 31, 2002, any ordinance previously enacted for the purpose of imposing a municipal infrastructure maintenance fee shall be valid and effective for the purpose of imposing the municipal infrastructure maintenance fee described in subsection (d) of Section 5 of this Act.

(f) This Section is repealed on January 1, 2003.

Sec. 25. Collection, enforcement, and administration of State telecommunications infrastructure maintenance fees.

(a) A telecommunications retailer shall charge each customer an additional charge equal to the sum of (1) an amount equal to the State infrastructure maintenance fee attributable to that customer's service address and (2) an amount equal to the optional infrastructure maintenance fee, if any, attributable to that customer's service address and (3) an amount equal to the municipal infrastructure maintenance fee, if any, attributable to that customer's service address. Such additional charge shall be shown separately on the bill to each customer.

(b) The State infrastructure maintenance fee and the optional infrastructure maintenance fee shall be designated as a replacement for the personal property tax and shall be remitted by the telecommunications retailer to the Illinois Department of Revenue; provided, however, that the telecommunications retailer may retain an amount not to exceed 2% of the State infrastructure maintenance fee and the optional infrastructure maintenance fee, if any, paid to the Department, with a timely paid and timely filed return to reimburse itself for expenses incurred in collecting, accounting for, and remitting the fee. All amounts herein remitted to the Department shall be transferred to the Personal Property Tax Replacement Fund in the State Treasury.

(c) The municipal infrastructure maintenance fee shall be remitted by the telecommunications retailer to the municipality imposing the municipal infrastructure maintenance fee; provided, however, that the telecommunications retailer may retain an amount not to exceed 2% of the municipal infrastructure maintenance fee collected by it to reimburse itself for expenses incurred in accounting for and remitting the fee. The municipality imposing the municipal infrastructure maintenance fee shall collect, enforce, and administer the fee.

(d) Except as provided in subsection (c), During any period of time when a municipality
receives any compensation other than the municipal infrastructure maintenance fee set forth in Section 20, for a telecommunications retailer’s use of the public right-of-way, no municipal infrastructure maintenance fee may be imposed by such municipality pursuant to this Act.

(c) A municipality that, pursuant to a franchise agreement in existence on the effective date of this Act, receives compensation from a telecommunications retailer for the use of the public right of way, may impose a municipal infrastructure maintenance fee pursuant to this Act only on the condition that such municipality (1) waives its right to receive all fees, charges and other compensation under all existing franchise agreements or the like with telecommunications retailers during the time that the municipality imposes a municipal infrastructure maintenance fee and (2) imposes by ordinance (or other proper means) a municipal infrastructure maintenance fee which becomes effective no sooner than 90 days after such municipality has provided written notice by certified mail to each telecommunications retailer with whom the municipality has an existing franchise agreement, that the municipality waives all compensation under such existing franchise agreement.

(35 ILCS 635/27)

Sec. 27. Returns by telecommunications retailer; extensions. Except as provided hereinafter in this Section, on or before the 30th day of each month each telecommunications retailer maintaining a place of business in this State shall make a return and payment of fees to the Department for the preceding calendar month on a form prescribed and furnished by the Department. The return shall be signed by the telecommunications retailer under penalties of perjury and shall contain the following information:

1. His or her name;
2. The address of his or her principal place of business, or and the address of the principal place of business (if that is a different address) from which he or she engages in the business of transmitting telecommunications;
3. The total amount of gross charges charged by him or her during the preceding calendar month for providing telecommunications during such calendar month;
4. The total amount received by him or her during the preceding calendar month on credit extended;
5. Deductions allowed by law;
6. Gross charges that were charged by him or her during the preceding calendar month and upon the basis of which the State infrastructure maintenance fee is imposed;
7. Gross charges that were charged by him or her during the preceding calendar month and upon the basis of which the optional infrastructure maintenance fee, if any, is imposed for each particular municipality;
8. Amounts of fees due;
9. Such other reasonable information as the Department may require.

If the telecommunications retailer’s average monthly liability to the Department does not exceed $100, the Department may authorize his or her returns to be filed on a quarterly basis, with the return for January, February, and March of a given year being due by April 15 of such year; with the return for April, May, and June of a given year being due by July 15 of such year; with the return for July, August, and September of a given year being due by October 15 of such year; and with the return of October, November, and December of a given year being due by January 15 of the following year.

Notwithstanding any other provision of this Act concerning the time within which a telecommunications retailer may file his or her return, in the case of any telecommunications retailer who ceases to engage in a kind of business which makes him or her responsible for filing returns under this Act, such telecommunications retailer shall file a final return under this Act with the Department not more than one month after discontinuing such business.

In making such return, the telecommunications retailer shall determine the value of any consideration other than money received by him or her and he or she shall include such value in his or her return. Such determination shall be subject to review and revision by the Department in the manner hereinafter provided for the correction of returns.

If any payment provided for in this Section exceeds the telecommunications retailer's
liabilities under this Act, as shown on an original monthly return, the Department may authorize the telecommunications retailer to credit such excess payment against liability subsequently to be remitted to the Department under this Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determines that all or any part of the credit taken was not actually due to the telecommunications retailer, the telecommunications retailer's 2% discount shall be reduced by 2% of the difference between the credit taken and that actually due, and that telecommunications retailer shall be liable for penalties and interest on such difference.

If the Director finds that the information required for the making of an accurate return cannot reasonably be compiled by a telecommunications retailer within 15 days after the close of the calendar month for which a return is to be made, he or she may grant an extension of time for the filing of such return for a period of not to exceed 31 calendar days. The granting of such an extension may be conditioned upon the deposit by the telecommunications retailer with the Department of an amount of money not exceeding the amount estimated by the Director to be due with the return so extended. All such deposits, including any heretofore made with the Department, shall be credited against the telecommunications retailer's liabilities under this Act. If any such deposit exceeds the telecommunications retailer's present and probable future liabilities under this Act, the Department shall issue to the telecommunications retailer a credit memorandum, which may be assigned by the telecommunications retailer to a similar telecommunications retailer under this Act, in accordance with reasonable rules and regulations to be prescribed by the Department.

Any telecommunications retailer required to make payments under this Section may make the payments by electronic funds transfer. The Department shall adopt rules necessary to effectuate a program of electronic funds transfer.

(35 ILCS 635/27.35)
Sec. 27.35. Rules and regulations; notice to telecommunications retailer; hearings. The Department may make, promulgate, and enforce such reasonable rules and regulations relating to the administration and enforcement of only the State infrastructure maintenance fee and the optional infrastructure maintenance fee authorized by this Act. Such rules and regulations shall not apply to the administration and enforcement of the municipal infrastructure maintenance fee authorized by this Act.

Whenever notice to a telecommunications retailer is required by this Act, such notice may be given by United States certified or registered mail, addressed to the telecommunications retailer concerned at his or her last known address, and proof of such mailing shall be sufficient for the purposes of this Act. In the case of a notice of hearing, such notice shall be mailed not less than 7 days prior to the day fixed for the hearing.

All hearings provided for in this Act with respect to a telecommunications retailer having his or her principal place of business other than in Cook County shall be held at the Department's office nearest to the location of the telecommunications retailer's principal place of business: Provided that if the telecommunications retailer has his or her principal place of business in Cook County, such hearing shall be held in Cook County; and provided further that if the telecommunications retailer does not have his principal place of business in this State, such hearings shall be held in Sangamon County.

Whenever any proceeding provided by this Act has been begun by the Department or by a person subject thereto and such person thereafter dies or becomes a person under legal disability before the proceeding has been concluded, the legal representative of the deceased person or a person under legal disability shall notify the Department of such death or legal disability. The legal representative, as such, shall then be substituted by the Department in place of and for the person. Within 20 days after notice to the legal representative of the time fixed for that purpose, the proceeding may proceed in all respects and with like effect as though the person had not died or become a person under legal disability.

regulating the use of the public rights-of-way and for the use of public rights-of-way that may be levied by or otherwise required by ordinance, resolution, or contract to be paid to a municipality for the use of its public way by telecommunications retailers. No new franchise fees or other charges for the use of the public rights-of-way, including charges for the recovery of reasonable costs of regulating the use of the public rights-of-way, shall be imposed upon, levied on, or otherwise required of telecommunications retailers by ordinance, resolution, or contract, nor shall any or other new charges be required from telecommunications retailers by municipalities from and after the effective date of this Act. No telecommunications retailer paying either the applicable municipal infrastructure maintenance fee or the optional infrastructure maintenance fee authorized by this Act may be denied the use, directly or indirectly, of the public way of the municipality either imposing the municipal infrastructure maintenance fee or to which the optional infrastructure maintenance fee relates, as the case may be, as authorized under the Telephone Company Act. Nothing in this Act shall excuse any person or entity from obligations imposed under any law concerning generally applicable taxes or standards for construction on, over, under, or within, use of or repair of the public rights-of-way, including standards relating to free standing towers and other structures upon the public way, nor shall any person or entity be excused from any liability imposed by any such law for the failure to comply with such generally applicable taxes or standards governing construction on, over, under, or within, use of or repair of the public rights-of-way.

(b) Agreements between telecommunications retailers and municipalities entered into before the effective date of this Act regarding use of the public ways shall remain valid according to and for their stated terms, except as to fees or charges waived under Section 5-60 of the Simplified Municipal Telecommunications Tax Act. If, following the effective date of this Act, such an agreement is renewed automatically or by agreement of the parties, the compensation or fee under the agreement shall be equal to the maximum amount of the municipal infrastructure maintenance fee which the municipality could impose under Section 20 of this Act.

(c) The regulation of the terms and conditions upon which poles, conduits, and other facilities located in the public way may be shared by or between telecommunications retailers shall be committed exclusively to the jurisdiction of the Illinois Commerce Commission and the Federal Communications Commission, and such regulation shall not be among the home rule powers and functions described in subsection (h) of Section 6 of Article VII of the Illinois Constitution. Moreover, no municipality may enter into any contract or agreement with a telecommunications retailer with respect to the terms and conditions upon which poles, conduits, and other facilities located in the public way may be shared by or between telecommunications retailers.

Sec. 35. Home rule. The authorization of infrastructure maintenance fees and other fees relating to the use of the public right-of-way for telecommunications activity imposed upon telecommunications retailers is an exclusive power and function of the State. A home rule municipality may not impose franchise or other fees upon or require other compensation from telecommunications retailers for use of the public way, other than the municipal infrastructure maintenance fee authorized by this Act. This Act is a denial and limitation of municipal home rule powers and functions under subsection (g) of Section 6 of Article VII of the Illinois Constitution.

Section 90-20. The Emergency Telephone System Act is amended by changing Section 15.3 as follows:

(50 ILCS 750/15.3) (from Ch. 134, par. 45.3)
(Text of Section before amendment by P.A. 92-474)
Sec. 15.3. (a) The corporate authorities of any municipality or any county may, subject to the limitations of subsections (c), (d), and (h), and in addition to any tax levied pursuant to the Simplified Municipal Telecommunications Tax Act Section 8-11-2 of the Illinois Municipal Code, impose a monthly surcharge on billed subscribers of network connection provided by telecommunication carriers engaged in the business of transmitting messages by means of electricity originating within the corporate limits of the municipality or county imposing the surcharge at a rate per network connection determined in accordance with subsection (c). A municipality may enter into an intergovernmental agreement with any county in which it is partially located, when the county has
adopted an ordinance to impose a surcharge as provided in subsection (c), to include that portion of the municipality lying outside the county in that county's surcharge referendum. If the county's surcharge referendum is approved, the portion of the municipality identified in the intergovernmental agreement shall automatically be disconnected from the county in which it lies and connected to the county which approved the referendum for purposes of a surcharge on telecommunications carriers.

(b) For purposes of computing the surcharge imposed by subsection (a), the network connections to which the surcharge shall apply shall be those in-service network connections, other than those network connections assigned to the municipality or county, where the service address for each such network connection or connections is located within the corporate limits of the municipality or county levying the surcharge. The "service address" shall mean the location of the primary use of the network connection or connections. With respect to network connections provided for use with pay telephone services for which there is no billed subscriber, the telecommunications carrier providing the network connection shall be deemed to be its own billed subscriber for purposes of applying the surcharge.

(c) Upon the passage of an ordinance to impose a surcharge under this Section the clerk of the municipality or county shall certify the question of whether the surcharge may be imposed to the proper election authority who shall submit the public question to the electors of the municipality or county in accordance with the general election law; provided that such question shall not be submitted at a consolidated primary election. The public question shall be in substantially the following form:

```
-------------------------------------------------------------
Shall the county (or city, village or incorporated town) of.....impose YES
a surcharge of up to...¢ per month per network connection, which surcharge will be added to the monthly bill you receive for telephone or telecommunications charges, for the purpose of installing (or improving) a 9-1-1 Emergency Telephone System? NO
-------------------------------------------------------------
```

If a majority of the votes cast upon the public question are in favor thereof, the surcharge shall be imposed.

However, if a Joint Emergency Telephone System Board is to be created pursuant to an intergovernmental agreement under Section 15.4, the ordinance to impose the surcharge shall be subject to the approval of a majority of the total number of votes cast upon the public question by the electors of all of the municipalities or counties, or combination thereof, that are parties to the intergovernmental agreement.

The referendum requirement of this subsection (c) shall not apply to any municipality with a population over 500,000 or to any county in which a proposition as to whether a sophisticated 9-1-1 Emergency Telephone System should be installed in the county, at a cost not to exceed a specified monthly amount per network connection, has previously been approved by a majority of the electors of the county voting on the proposition at an election conducted before the effective date of this amendatory Act of 1987.

(d) A county may not impose a surcharge, unless requested by a municipality, in any incorporated area which has previously approved a surcharge as provided in subsection (c) or in any incorporated area where the corporate authorities of the municipality have previously entered into a binding contract or letter of intent with a telecommunications carrier to provide sophisticated 9-1-1 service through municipal funds.

(e) A municipality or county may at any time by ordinance change the rate of the surcharge imposed under this Section if the new rate does not exceed the rate specified in the referendum held pursuant to subsection (c).

(f) The surcharge authorized by this Section shall be collected from the subscriber by the telecommunications carrier providing the subscriber the network connection as a separately stated item on the subscriber's bill.

(g) The amount of surcharge collected by the telecommunications carrier shall be paid to the
particular municipality or county or Joint Emergency Telephone System Board not later than 30 days after the surcharge is collected, net of any network or other 9-1-1 or sophisticated 9-1-1 system charges then due the particular telecommunications carrier, as shown on an itemized bill. The telecommunications carrier collecting the surcharge shall also be entitled to deduct 3% of the gross amount of surcharge collected to reimburse the telecommunications carrier for the expense of accounting and collecting the surcharge.

(h) A municipality with a population over 500,000 may not impose a monthly surcharge in excess of $1.25 per network connection.

(i) Any municipality or county or joint emergency telephone system board that has imposed a surcharge pursuant to this Section prior to the effective date of this amendatory Act of 1990 shall hereafter impose the surcharge in accordance with subsection (b) of this Section.

(j) The corporate authorities of any municipality or county may issue, in accordance with Illinois law, bonds, notes or other obligations secured in whole or in part by the proceeds of the surcharge described in this Section. Notwithstanding any change in law subsequent to the issuance of any bonds, notes or other obligations secured by the surcharge, every municipality or county issuing such bonds, notes or other obligations shall be authorized to impose the surcharge as though the laws relating to the imposition of the surcharge in effect at the time of issuance of the bonds, notes or other obligations were in full force and effect until the bonds, notes or other obligations are paid in full. The State of Illinois pledges and agrees that it will not limit or alter the rights and powers vested in municipalities and counties by this Section to impose the surcharge so as to impair the terms of or affect the security for bonds, notes or other obligations secured in whole or in part with the proceeds of the surcharge described in this Section.

(k) Any surcharge collected by or imposed on a telecommunications carrier pursuant to this Section shall be held to be a special fund in trust for the municipality, county or Joint Emergency Telephone Board imposing the surcharge. Except for the 3% deduction provided in subsection (g) above, the special fund shall not be subject to the claims of creditors of the telecommunications carrier.

(Text of Section after amendment by P.A. 92-474)

Sec. 15.3. (a) The corporate authorities of any municipality or any county may, subject to the limitations of subsections (c), (d), and (h), and in addition to any tax levied pursuant to the *Simplified Municipal Telecommunications Tax Act*, Section 8-11-2 of the *Illinois Municipal Code*, impose a monthly surcharge on billed subscribers of network connection provided by telecommunication carriers engaged in the business of transmitting messages by means of electricity originating within the corporate limits of the municipality or county imposing the surcharge at a rate per network connection determined in accordance with subsection (c). For mobile telecommunications services, if a surcharge is imposed it shall be imposed based upon the municipality or county that encompasses the customer's place of primary use as defined in the Mobile Telecommunications Sourcing Conformity Act. A municipality may enter into an intergovernmental agreement with any county in which it is partially located, when the county has adopted an ordinance to impose a surcharge as provided in subsection (c), to include that portion of the municipality lying outside the county in that county's surcharge referendum. If the county's surcharge referendum is approved, the portion of the municipality identified in the intergovernmental agreement shall automatically be disconnected from the county in which it lies and connected to the county which approved the referendum for purposes of a surcharge on telecommunications carriers.

(b) For purposes of computing the surcharge imposed by subsection (a), the network connections to which the surcharge shall apply shall be those in-service network connections, other than those network connections assigned to the municipality or county, where the service address for each such network connection or connections is located within the corporate limits of the municipality or county levying the surcharge. Except for mobile telecommunication services, the "service address" shall mean the location of the primary use of the network connection or connections. For mobile telecommunication services, "service address" means the customer's place of primary use as defined in the Mobile Telecommunications Sourcing Conformity Act. With respect to network connections provided for use with pay telephone services for which there is no billed subscriber, the telecommunications carrier providing the network connection shall be deemed to be its own billed subscriber for purposes of applying the surcharge.
(c) Upon the passage of an ordinance to impose a surcharge under this Section the clerk of the municipality or county shall certify the question of whether the surcharge may be imposed to the proper election authority who shall submit the public question to the electors of the municipality or county in accordance with the general election law; provided that such question shall not be submitted at a consolidated primary election. The public question shall be in substantially the following form:

   Shall the county (or city, village or incorporated town) of.....impose a surcharge of up to...¢ per month per network connection, which surcharge will be added to the monthly bill you receive for telephone or telecommunications charges, for the purpose of installing (or improving) a 9-1-1 Emergency Telephone System?

   YES

   NO

If a majority of the votes cast upon the public question are in favor thereof, the surcharge shall be imposed.

However, if a Joint Emergency Telephone System Board is to be created pursuant to an intergovernmental agreement under Section 15.4, the ordinance to impose the surcharge shall be subject to the approval of a majority of the total number of votes cast upon the public question by the electors of all of the municipalities or counties, or combination thereof, that are parties to the intergovernmental agreement.

The referendum requirement of this subsection (c) shall not apply to any municipality with a population over 500,000 or to any county in which a proposition as to whether a sophisticated 9-1-1 Emergency Telephone System should be installed in the county, at a cost not to exceed a specified monthly amount per network connection, has previously been approved by a majority of the electors of the county voting on the proposition at an election conducted before the effective date of this amendatory Act of 1987.

(d) A county may not impose a surcharge, unless requested by a municipality, in any incorporated area which has previously approved a surcharge as provided in subsection (c) or in any incorporated area where the corporate authorities of the municipality have previously entered into a binding contract or letter of intent with a telecommunications carrier to provide sophisticated 9-1-1 service through municipal funds.

(e) A municipality or county may at any time by ordinance change the rate of the surcharge imposed under this Section if the new rate does not exceed the rate specified in the referendum held pursuant to subsection (c).

(f) The surcharge authorized by this Section shall be collected from the subscriber by the telecommunications carrier providing the subscriber the network connection as a separately stated item on the subscriber's bill.

(g) The amount of surcharge collected by the telecommunications carrier shall be paid to the particular municipality or county or Joint Emergency Telephone System Board not later than 30 days after the surcharge is collected, net of any network or other 9-1-1 or sophisticated 9-1-1 system charges then due the particular telecommunications carrier, as shown on an itemized bill. The telecommunications carrier collecting the surcharge shall also be entitled to deduct 3% of the gross amount of surcharge collected to reimburse the telecommunications carrier for the expense of accounting and collecting the surcharge.

(h) A municipality with a population over 500,000 may not impose a monthly surcharge in excess of $1.25 per network connection.

(i) Any municipality or county or joint emergency telephone system board that has imposed a surcharge pursuant to this Section prior to the effective date of this amendatory Act of 1990 shall hereafter impose the surcharge in accordance with subsection (b) of this Section.

(j) The corporate authorities of any municipality or county may issue, in accordance with Illinois law, bonds, notes or other obligations secured in whole or in part by the proceeds of the surcharge described in this Section. Notwithstanding any change in law subsequent to the issuance
of any bonds, notes or other obligations secured by the surcharge, every municipality or county issuing such bonds, notes or other obligations shall be authorized to impose the surcharge as though the laws relating to the imposition of the surcharge in effect at the time of issuance of the bonds, notes or other obligations were in full force and effect until the bonds, notes or other obligations are paid in full. The State of Illinois pledges and agrees that it will not limit or alter the rights and powers vested in municipalities and counties by this Section to impose the surcharge so as to impair the terms of or affect the security for bonds, notes or other obligations secured in whole or in part with the proceeds of the surcharge described in this Section.

(k) Any surcharge collected by or imposed on a telecommunications carrier pursuant to this Section shall be held to be a special fund in trust for the municipality, county or Joint Emergency Telephone Board imposing the surcharge. Except for the 3% deduction provided in subsection (g) above, the special fund shall not be subject to the claims of creditors of the telecommunication carrier.

Section 90-22. The Wireless Emergency Telephone Safety Act is amended by changing Sections 17 and 45 as follows:

(50 ILCS 751/17)

Sec. 17. Wireless carrier surcharge.

(a) Except as provided in Section 45, each wireless carrier shall impose a monthly wireless carrier surcharge per CMRS connection that either has a telephone number within an area code assigned to Illinois by the North American Numbering Plan Administrator or has a billing address in this State. No wireless carrier shall impose the surcharge authorized by this Section upon any subscriber who is subject to the surcharge imposed by a unit of local government pursuant to Section 45. The wireless carrier that provides wireless service to the subscriber shall collect the surcharge set by the Wireless Enhanced 9-1-1 Board from the subscriber. For mobile telecommunications services provided on and after August 1, 2002, any surcharge imposed under this Act shall be imposed based upon the municipality or county that encompasses the customer's place of primary use as defined in the Mobile Telecommunications Sourcing Conformity Act. The surcharge shall be stated as a separate item on the subscriber's monthly bill. The wireless carrier shall begin collecting the surcharge on bills issued within 90 days after the Wireless Enhanced 9-1-1 Board sets the monthly wireless surcharge. State and local taxes shall not apply to the wireless carrier surcharge.

(b) Except as provided in Section 45, a wireless carrier shall, within 45 days of collection, remit, either by check or by electronic funds transfer, to the State Treasurer the amount of the wireless carrier surcharge collected from each subscriber. Of the amounts remitted under this subsection, the State Treasurer shall deposit one-third into the Wireless Carrier Reimbursement Fund and two-thirds into the Wireless Service Emergency Fund.

(c) The first such remittance by wireless carriers shall include the number of customers by zip code, and the 9-digit zip code if currently being used or later implemented by the carrier, that shall be the means by which the Department of Central Management Services shall determine distributions from the Wireless Service Emergency Fund. This information shall be updated no less often than every year. Wireless carriers are not required to remit surcharge moneys that are billed to subscribers but not yet collected.

(50 ILCS 751/45)

Sec. 45. Continuation of current practices. Notwithstanding any other provision of this Act, a unit of local government or emergency telephone system board providing wireless 9-1-1 service and imposing and collecting a wireless carrier surcharge prior to July 1, 1998 may continue its practices of imposing and collecting its wireless carrier surcharge, but in no event shall that monthly surcharge exceed $1.25 per commercial mobile radio service (CMRS) connection or in-service telephone number billed on a monthly basis. For mobile telecommunications services provided on and after August 1, 2002, any surcharge imposed shall be imposed based upon the municipality or county that encompasses the customer's place of primary use as defined in the Mobile Telecommunications Sourcing Conformity Act.

Section 90-25. The Illinois Municipal Code is amended by changing Section 8-11-2 as follows:

(65 ILCS 5/8-11-2) (from Ch. 24, par. 8-11-2)
(Text of Section before amendment by P.A. 92-474)
Sec. 8-11-2. The corporate authorities of any municipality may tax any or all of the following occupations or privileges:

1. (Blank). Persons engaged in the business of transmitting messages by means of electricity or radio magnetic waves, or fiber optics, at a rate not to exceed 5% of the gross receipts from that business originating within the corporate limits of the municipality. Beginning January 1, 2001, prepaid telephone calling arrangements shall not be subject to the tax imposed under this Section. For purposes of this Section, "prepaid telephone calling arrangements" means that term as defined in Section 2-27 of the Retailers' Occupation Tax Act.

2. Persons engaged in the business of distributing, supplying, furnishing, or selling gas for use or consumption within the corporate limits of a municipality of 500,000 or fewer population, and not for resale, at a rate not to exceed 5% of the gross receipts therefrom.

2a. Persons engaged in the business of distributing, supplying, furnishing, or selling gas for use or consumption within the corporate limits of a municipality of over 500,000 population, and not for resale, at a rate not to exceed 8% of the gross receipts therefrom. If imposed, this tax shall be paid in monthly payments.

3. The privilege of using or consuming electricity acquired in a purchase at retail and used or consumed within the corporate limits of the municipality at rates not to exceed the following maximum rates, calculated on a monthly basis for each purchaser:

   (i) For the first 2,000 kilowatt-hours used or consumed in a month; 0.61 cents per kilowatt-hour;
   (ii) For the next 48,000 kilowatt-hours used or consumed in a month; 0.40 cents per kilowatt-hour;
   (iii) For the next 50,000 kilowatt-hours used or consumed in a month; 0.36 cents per kilowatt-hour;
   (iv) For the next 400,000 kilowatt-hours used or consumed in a month; 0.35 cents per kilowatt-hour;
   (v) For the next 500,000 kilowatt-hours used or consumed in a month; 0.34 cents per kilowatt-hour;
   (vi) For the next 2,000,000 kilowatt-hours used or consumed in a month; 0.32 cents per kilowatt-hour;
   (vii) For the next 5,000,000 kilowatt-hours used or consumed in a month; 0.315 cents per kilowatt-hour;
   (viii) For the next 10,000,000 kilowatt-hours used or consumed in a month; 0.305 cents per kilowatt-hour; and
   (x) For all electricity used or consumed in excess of 20,000,000 kilowatt-hours in a month, 0.30 cents per kilowatt-hour.

If a municipality imposes a tax at rates lower than either the maximum rates specified in this Section or the alternative maximum rates promulgated by the Illinois Commerce Commission, as provided below, the tax rates shall be imposed upon the kilowatt hour categories set forth above with the same proportional relationship as that which exists among such maximum rates. Notwithstanding the foregoing, until December 31, 2008, no municipality shall establish rates that are in excess of rates reasonably calculated to produce revenues that equal the maximum total revenues such municipality could have received under the tax authorized by this subparagraph in the last full calendar year prior to the effective date of Section 65 of this amendatory Act of 1997; provided that this shall not be a limitation on the amount of tax revenues actually collected by such municipality.

Upon the request of the corporate authorities of a municipality, the Illinois Commerce Commission shall, within 90 days after receipt of such request, promulgate alternative rates
for each of these kilowatt-hour categories that will reflect, as closely as reasonably practical for that municipality, the distribution of the tax among classes of purchasers as if the tax were based on a uniform percentage of the purchase price of electricity. A municipality that has adopted an ordinance imposing a tax pursuant to subparagraph 3 as it existed prior to the effective date of Section 65 of this amendatory Act of 1997 may, rather than imposing the tax permitted by this amendatory Act of 1997, continue to impose the tax pursuant to that ordinance with respect to gross receipts received from residential customers through July 31, 1999, and with respect to gross receipts from any non-residential customer until the first bill issued to such customer for delivery services in accordance with Section 16-104 of the Public Utilities Act but in no case later than the last bill issued to such customer before December 31, 2000. No ordinance imposing the tax permitted by this amendatory Act of 1997 shall be applicable to any non-residential customer until the first bill issued to such customer for delivery services in accordance with Section 16-104 of the Public Utilities Act but in no case later than the last bill issued to such non-residential customer before December 31, 2000.

4. Persons engaged in the business of distributing, supplying, furnishing, or selling water for use or consumption within the corporate limits of the municipality, and not for resale, at a rate not to exceed 5% of the gross receipts therefrom.

None of the taxes authorized by this Section may be imposed with respect to any transaction in interstate commerce or otherwise to the extent to which the business or privilege may not, under the constitution and statutes of the United States, be made the subject of taxation by this State or any political sub-division thereof; nor shall any persons engaged in the business of distributing, supplying, furnishing, selling or transmitting gas, water, or electricity, or engaged in the business of transmitting messages, or using or consuming electricity acquired in a purchase at retail, be subject to taxation under the provisions of this Section for those transactions that are or may become subject to taxation under the provisions of the "Municipal Retailers' Occupation Tax Act" authorized by Section 8-11-1; nor shall any tax authorized by this Section be imposed upon any person engaged in a business or on any privilege unless the tax is imposed in like manner and at the same rate upon all persons engaged in businesses of the same class in the municipality, whether privately or municipally owned or operated, or exercising the same privilege within the municipality.

Any of the taxes enumerated in this Section may be in addition to the payment of money, or value of products or services furnished to the municipality by the taxpayer as compensation for the use of its streets, alleys, or other public places, or installation and maintenance therein, thereon or thereunder of poles, wires, pipes or other equipment used in the operation of the taxpayer's business.

(a) If the corporate authorities of any home rule municipality have adopted an ordinance that imposed a tax on public utility customers, between July 1, 1971, and October 1, 1981, on the good faith belief that they were exercising authority pursuant to Section 6 of Article VII of the 1970 Illinois Constitution, that action of the corporate authorities shall be declared legal and valid, notwithstanding a later decision of a judicial tribunal declaring the ordinance invalid. No municipality shall be required to rebate, refund, or issue credits for any tax imposed or charge collected from customers pursuant to the municipality's interpretation prior to October 19, 1979. This paragraph reflects a legislative finding that it would be contrary to the public interest to require a municipality or its taxpayers to refund taxes or charges attributable to the municipality's more inclusive interpretation of gross receipts prior to October 19, 1979, and is not intended to prescribe or limit judicial construction of this Section. The legislative finding set forth in this subsection does not apply
to taxes imposed after the effective date of this amendatory Act of 1995.

(c) The tax authorized by subparagraph 3 shall be collected from the purchaser by the person maintaining a place of business in this State who delivers the electricity to the purchaser. This tax shall constitute a debt of the purchaser to the person who delivers the electricity to the purchaser and if unpaid, is recoverable in the same manner as the original charge for delivering the electricity. Any tax required to be collected pursuant to an ordinance authorized by subparagraph 3 and any such tax collected by a person delivering electricity shall constitute a debt owed to the municipality by such person delivering the electricity, provided, that the person delivering electricity shall be allowed credit for such tax related to deliveries of electricity the charges for which are written off as uncollectible, and provided further, that if such charges are thereafter collected, the delivering supplier shall be obligated to remit such tax. For purposes of this subsection (c), any partial payment not specifically identified by the purchaser shall be deemed to be for the delivery of electricity. Persons delivering electricity shall collect the tax from the purchaser by adding such tax to the gross charge for delivering the electricity, in the manner prescribed by the municipality. Persons delivering electricity shall also be authorized to add to such gross charge an amount equal to 3% of the tax to reimburse the person delivering electricity for the expenses incurred in keeping records, billing customers, preparing and filing returns, remitting the tax and supplying data to the municipality upon request. If the person delivering electricity fails to collect the tax from the purchaser, then the purchaser shall be required to pay the tax directly to the municipality in the manner prescribed by the municipality. Persons delivering electricity who file returns pursuant to this paragraph (c) shall, at the time of filing such return, pay the municipality the amount of the tax collected pursuant to subparagraph 3.

(d) For the purpose of the taxes enumerated in this Section:

"Gross receipts" means the consideration received for the transmission of messages, the consideration received for distributing, supplying, furnishing or selling gas for use or consumption and not for resale, and the consideration received for distributing, supplying, furnishing or selling water for use or consumption and not for resale, and for all services rendered in connection therewith valued in money, whether received in money or otherwise, including cash, credit, services and property of every kind and material and for all services rendered therewith, and shall be determined without any deduction on account of the cost of transmitting such messages, without any deduction on account of the cost of the service, product or commodity supplied, the cost of materials used, labor or service cost, or any other expenses whatsoever. "Gross receipts" shall not include that portion of the consideration received for distributing, supplying, furnishing, or selling gas or water to, or for the transmission of messages for, business enterprises described in paragraph (e) of this Section to the extent and during the period in which the exemption authorized by paragraph (e) is in effect or for school districts or units of local government described in paragraph (f) during the period in which the exemption authorized in paragraph (f) is in effect. "Gross receipts" shall not include amounts paid by telecommunications retailers under the Telecommunications Municipal Infrastructure Maintenance Fee Act.

For utility bills issued on or before May 1, 1996, but before May 1, 1997, and for receipts from those utility bills, "gross receipts" does not include one-third of (i) amounts added to customers' bills under Section 9-222 of the Public Utilities Act, or (ii) amounts added to customers' bills by taxpayers who are not subject to rate regulation by the Illinois Commerce Commission for the purpose of recovering any of the tax liabilities described in Section 9-222 of the Public Utilities Act. For utility bills issued on or after May 1, 1997, but before May 1, 1998, and for receipts from those utility bills, "gross receipts" does not include two-thirds of (i) amounts added to customers' bills under Section 9-222 of the Public Utilities Act, or (ii) amounts added to customers' bills by taxpayers who are not subject to rate regulation by the Illinois Commerce Commission for the purpose of recovering any of the tax liabilities described in Section 9-222 of the Public Utilities Act.

For purposes of this Section "gross receipts" shall not include (i) amounts added to customers' bills under Section 9-221 of the Public Utilities Act, or (ii) charges added to customers' bills to recover
the surcharge imposed under the Emergency Telephone System Act. This paragraph is not intended to nor does it make any change in the meaning of "gross receipts" for the purposes of this Section, but is intended to remove possible ambiguities, thereby confirming the existing meaning of "gross receipts" prior to the effective date of this amendatory Act of 1995.

The words "transmitting messages", in addition to the usual and popular meaning of person to person communication, shall include the furnishing, for a consideration, of services or facilities (whether owned or leased), or both, to persons in connection with the transmission of messages where those persons do not, in turn, receive any consideration in connection therewith, but shall not include such furnishing of services or facilities to persons for the transmission of messages to the extent that any such services or facilities for the transmission of messages are furnished for a consideration, by those persons to other persons, for the transmission of messages.

"Person" as used in this Section means any natural individual, firm, trust, estate, partnership, association, joint stock company, joint adventure, corporation, limited liability company, municipal corporation, the State or any of its political subdivisions, any State university created by statute, or a receiver, trustee, guardian or other representative appointed by order of any court.

"Person maintaining a place of business in this State" shall mean any person having or maintaining within this State, directly or by a subsidiary or other affiliate, an office, generation facility, distribution facility, transmission facility, sales office or other place of business, or any employee, agent, or other representative operating within this State under the authority of the person or its subsidiary or other affiliate, irrespective of whether such place of business or agent or other representative is located in this State permanently or temporarily, or whether such person, subsidiary or other affiliate is licensed or qualified to do business in this State.

"Public utility" shall have the meaning ascribed to it in Section 3-105 of the Public Utilities Act and shall include telecommunications carriers as defined in Section 13-202 of that Act and alternative retail electric suppliers as defined in Section 16-102 of that Act.

"Purchase at retail" shall mean any acquisition of electricity by a purchaser for purposes of use or consumption, and not for resale, but shall not include the use of electricity by a public utility directly in the generation, production, transmission, delivery or sale of electricity.

"Purchaser" shall mean any person who uses or consumes, within the corporate limits of the municipality, electricity acquired in a purchase at retail.

In the case of persons engaged in the business of transmitting messages through the use of mobile equipment, such as cellular phones and paging systems, the gross receipts from the business shall be deemed to originate within the corporate limits of a municipality only if the address to which the bills for the service are sent is within those corporate limits. If, however, that address is not located within a municipality that imposes a tax under this Section, then (i) if the party responsible for the bill is not an individual, the gross receipts from the business shall be deemed to originate within the corporate limits of the municipality where that party's principal place of business in Illinois is located; and (ii) if the party responsible for the bill is an individual, the gross receipts from the business shall be deemed to originate within the corporate limits of the municipality where that party's principal residence in Illinois is located.

(e) Any municipality that imposes taxes upon public utilities or upon the privilege of using or consuming electricity pursuant to this Section whose territory includes any part of an enterprise zone or federally designated Foreign Trade Zone or Sub-Zone may, by a majority vote of its corporate authorities, exempt from those taxes for a period not exceeding 20 years any specified percentage of gross receipts of public utilities received from, or electricity used or consumed by, business enterprises that:

(1) either (i) make investments that cause the creation of a minimum of 200 full-time equivalent jobs in Illinois, (ii) make investments of at least $175,000,000 that cause the creation of a minimum of 150 full-time equivalent jobs in Illinois, or (iii) make investments that cause the retention of a minimum of 1,000 full-time jobs in Illinois; and

(2) are either (i) located in an Enterprise Zone established pursuant to the Illinois Enterprise Zone Act or (ii) Department of Commerce and Community Affairs designated High Impact Businesses located in a federally designated Foreign Trade Zone or Sub-Zone; and

(3) are certified by the Department of Commerce and Community Affairs as complying

with the requirements specified in clauses (1) and (2) of this paragraph (e).
Upon adoption of the ordinance authorizing the exemption, the municipal clerk shall transmit a copy of that ordinance to the Department of Commerce and Community Affairs. The Department of Commerce and Community Affairs shall determine whether the business enterprises located in the municipality meet the criteria prescribed in this paragraph. If the Department of Commerce and Community Affairs determines that the business enterprises meet the criteria, it shall grant certification. The Department of Commerce and Community Affairs shall act upon certification requests within 30 days after receipt of the ordinance.

Upon certification of the business enterprise by the Department of Commerce and Community Affairs, the Department of Commerce and Community Affairs shall notify the Department of Revenue of the certification. The Department of Revenue shall notify the public utilities of the exemption status of the gross receipts received from, and the electricity used or consumed by, the certified business enterprises. Such exemption status shall be effective within 3 months after certification.

(f) A municipality that imposes taxes upon public utilities or upon the privilege of using or consuming electricity under this Section and whose territory includes part of another unit of local government or a school district may by ordinance exempt the other unit of local government or school district from those taxes.

(g) The amendment of this Section by Public Act 84-127 shall take precedence over any other amendment of this Section by any other amendatory Act passed by the 84th General Assembly before the effective date of Public Act 84-127.

(h) In any case in which, before July 1, 1992, a person engaged in the business of transmitting messages through the use of mobile equipment, such as cellular phones and paging systems, has determined the municipality within which the gross receipts from the business originated by reference to the location of its transmitting or switching equipment, then (i) neither the municipality to which tax was paid on that basis nor the taxpayer that paid tax on that basis shall be required to rebate, refund, or issue credits for any such tax or charge collected from customers to reimburse the taxpayer for the tax and (ii) no municipality to which tax would have been paid with respect to those gross receipts if the provisions of this amendatory Act of 1991 had been in effect before July 1, 1992, shall have any claim against the taxpayer for any amount of the tax.

Sec. 8-11-2. The corporate authorities of any municipality may tax any or all of the following occupations or privileges:

1. (Blank). Persons engaged in the business of transmitting messages by means of electricity or radio magnetic waves, or fiber optics, at a rate not to exceed 5% of the gross receipts from that business originating within the corporate limits of the municipality. Beginning January 1, 2001, prepaid telephone calling arrangements shall not be subject to the tax imposed under this Section. For purposes of this Section, "prepaid telephone calling arrangements" means that term as defined in Section 2-27 of the Retailers' Occupation Tax Act.

2. Persons engaged in the business of distributing, supplying, furnishing, or selling gas for use or consumption within the corporate limits of a municipality of 500,000 or fewer population, and not for resale, at a rate not to exceed 5% of the gross receipts therefrom.

2a. Persons engaged in the business of distributing, supplying, furnishing, or selling gas for use or consumption within the corporate limits of a municipality of over 500,000 population, and not for resale, at a rate not to exceed 8% of the gross receipts therefrom. If imposed, this tax shall be paid in monthly payments.

3. The privilege of using or consuming electricity acquired in a purchase at retail and used or consumed within the corporate limits of the municipality at rates not to exceed the following maximum rates, calculated on a monthly basis for each purchaser:

   (i) For the first 2,000 kilowatt-hours used or consumed in a month; 0.61 cents per kilowatt-hour;

   (ii) For the next 48,000 kilowatt-hours used or consumed in a month; 0.40 cents per kilowatt-hour;
(iii) For the next 50,000 kilowatt-hours used or consumed in a month; 0.36 cents per kilowatt-hour; 
(iv) For the next 400,000 kilowatt-hours used or consumed in a month; 0.35 cents per kilowatt-hour; 
(v) For the next 500,000 kilowatt-hours used or consumed in a month; 0.34 cents per kilowatt-hour; 
(vi) For the next 2,000,000 kilowatt-hours used or consumed in a month; 0.32 cents per kilowatt-hour; 
(vii) For the next 2,000,000 kilowatt-hours used or consumed in a month; 0.315 cents per kilowatt-hour; 
(viii) For the next 5,000,000 kilowatt-hours used or consumed in a month; 0.31 cents per kilowatt-hour; 
(ix) For the next 10,000,000 kilowatt-hours used or consumed in a month; 0.305 cents per kilowatt-hour; and 
(x) For all electricity used or consumed in excess of 20,000,000 kilowatt-hours in a month, 0.30 cents per kilowatt-hour.

If a municipality imposes a tax at rates lower than either the maximum rates specified in this Section or the alternative maximum rates promulgated by the Illinois Commerce Commission, as provided below, the tax rates shall be imposed upon the kilowatt hour categories set forth above with the same proportional relationship as that which exists among such maximum rates. Notwithstanding the foregoing, until December 31, 2008, no municipality shall establish rates that are in excess of rates reasonably calculated to produce revenues that equal the maximum total revenues such municipality could have received under the tax authorized by this subparagraph in the last full calendar year prior to the effective date of Section 65 of this amendatory Act of 1997; provided that this shall not be a limitation on the amount of tax revenues actually collected by such municipality.

Upon the request of the corporate authorities of a municipality, the Illinois Commerce Commission shall, within 90 days after receipt of such request, promulgate alternative rates for each of these kilowatt-hour categories that will reflect, as closely as reasonably practical for that municipality, the distribution of the tax among classes of purchasers as if the tax were based on a uniform percentage of the purchase price of electricity. A municipality that has adopted an ordinance imposing a tax pursuant to subparagraph 3 as it existed prior to the effective date of Section 65 of this amendatory Act of 1997 may, rather than imposing the tax permitted by this amendatory Act of 1997, continue to impose the tax pursuant to that ordinance with respect to gross receipts received from residential customers through July 31, 1999, and with respect to gross receipts from any non-residential customer until the first bill issued to such customer for delivery services in accordance with Section 16-104 of the Public Utilities Act but in no case later than the last bill issued to such customer before December 31, 2000.

4. Persons engaged in the business of distributing, supplying, furnishing, or selling water for use or consumption within the corporate limits of the municipality, and not for resale, at a rate not to exceed 5% of the gross receipts therefrom.

None of the taxes authorized by this Section may be imposed with respect to any transaction in interstate commerce or otherwise to the extent to which the business or privilege may not, under the constitution and statutes of the United States, be made the subject of taxation by this State or any political sub-division thereof; nor shall any persons engaged in the business of distributing, supplying, furnishing, selling or transmitting gas, water, or electricity, or engaged in the business of transmitting messages, or using or consuming electricity acquired in a purchase at retail, be subject to taxation under the provisions of this Section for those transactions that are or may become subject to taxation under the provisions of the "Municipal Retailers' Occupation Tax Act" authorized by Section 8-11-1; nor shall any tax authorized by this Section be imposed upon any person engaged in a business or on any privilege unless the tax is imposed in like manner and at the same rate upon all persons engaged.
in businesses of the same class in the municipality, whether privately or municipally owned or operated, or exercising the same privilege within the municipality.

Any of the taxes enumerated in this Section may be in addition to the payment of money, or value of products or services furnished to the municipality by the taxpayer as compensation for the use of its streets, alleys, or other public places, or installation and maintenance therein, thereon or thereunder of poles, wires, pipes or other equipment used in the operation of the taxpayer's business.

(a) If the corporate authorities of any home rule municipality have adopted an ordinance that imposed a tax on public utility customers, between July 1, 1971, and October 1, 1981, on the good faith belief that they were exercising authority pursuant to Section 6 of Article VII of the 1970 Illinois Constitution, that action of the corporate authorities shall be declared legal and valid, notwithstanding a later decision of a judicial tribunal declaring the ordinance invalid. No municipality shall be required to rebate, refund, or issue credits for any taxes described in this paragraph, and those taxes shall be deemed to have been levied and collected in accordance with the Constitution and laws of this State.

(b) In any case in which (i) prior to October 19, 1979, the corporate authorities of any municipality have adopted a tax authorized by this Section (or by the predecessor provision of the "Revised Cities and Villages Act") and have explicitly or in practice interpreted gross receipts to include either charges added to customers' bills pursuant to the provision of paragraph (a) of Section 36 of the Public Utilities Act or charges added to customers' bills by taxpayers who are not subject to rate regulation by the Illinois Commerce Commission for the purpose of recovering any of the tax liabilities or other amounts specified in such paragraph (a) of Section 36 of that Act, and (ii) on or after October 19, 1979, a judicial tribunal has construed gross receipts to exclude all or part of those charges, then neither those municipality nor any taxpayer who paid the tax shall be required to rebate, refund, or issue credits for any tax imposed or charge collected from customers pursuant to the municipality's interpretation prior to October 19, 1979. This paragraph reflects a legislative finding that it would be contrary to the public interest to require a municipality or its taxpayers to refund taxes or charges attributable to the municipality's more inclusive interpretation of gross receipts prior to October 19, 1979, and is not intended to prescribe or limit judicial construction of this Section. The legislative finding set forth in this subsection does not apply to taxes imposed after the effective date of this amendatory Act of 1995.

(c) The tax authorized by subparagraph 3 shall be collected from the purchaser by the person maintaining a place of business in this State who delivers the electricity to the purchaser. This tax shall constitute a debt of the purchaser to the person who delivers the electricity to the purchaser and if unpaid, is recoverable in the same manner as the original charge for delivering the electricity. Any tax required to be collected pursuant to an ordinance authorized by subparagraph 3 and any such tax collected by a person delivering electricity shall constitute a debt owed to the municipality by such person delivering the electricity, provided, that the person delivering electricity shall be allowed credit for such tax related to deliveries of electricity the charges for which are written off as uncollectible, and provided further, that if such charges are thereafter collected, the delivering supplier shall be obligated to remit such tax. For purposes of this subsection (c), any partial payment not specifically identified by the purchaser shall be deemed to be for the delivery of electricity. Persons delivering electricity shall collect the tax from the purchaser by adding such tax to the gross charge for delivering the electricity, in the manner prescribed by the municipality. Persons delivering electricity shall also be authorized to add to such gross charge an amount equal to 3% of the tax to reimburse the person delivering electricity for the expenses incurred in keeping records, billing customers, preparing and filing returns, remitting the tax and supplying data to the municipality upon request. If the person delivering electricity fails to collect the tax from the purchaser, then the purchaser shall be required to pay the tax directly to the municipality in the manner prescribed by the municipality. Persons delivering electricity who file returns pursuant to this paragraph (c) shall, at the time of filing such return, pay the municipality the amount of the tax collected pursuant to subparagraph 3.

(d) For the purpose of the taxes enumerated in this Section:

"Gross receipts" means the consideration received for the transmission of messages, the consideration received for distributing, supplying, furnishing or selling gas for use or consumption and not for resale, and the consideration received for distributing, supplying, furnishing or selling water for use or consumption and not for resale, and for all services rendered in connection therewith valued in money, whether received in money or otherwise, including cash, credit, services and New matter indicated by italics - deletions by strikeout.
property of every kind and material and for all services rendered therewith, and shall be determined without any deduction on account of the cost of transmitting such messages, without any deduction on account of the cost of the service, product or commodity supplied, the cost of materials used, labor or service cost, or any other expenses whatsoever. "Gross receipts" shall not include that portion of the consideration received for distributing, supplying, furnishing, or selling gas or water to; or for the transmission of messages for; business enterprises described in paragraph (e) of this Section to the extent and during the period in which the exemption authorized by paragraph (e) is in effect or for school districts or units of local government described in paragraph (f) during the period in which the exemption authorized in paragraph (f) is in effect. "Gross receipts" shall not include amounts paid by telecommunications retailers under the Telecommunications Municipal Infrastructure Maintenance Fee Act.

For utility bills issued on or after May 1, 1996, but before May 1, 1997, and for receipts from those utility bills, "gross receipts" does not include one-third of (i) amounts added to customers' bills under Section 9-222 of the Public Utilities Act, or (ii) amounts added to customers' bills by taxpayers who are not subject to rate regulation by the Illinois Commerce Commission for the purpose of recovering any of the tax liabilities described in Section 9-222 of the Public Utilities Act. For utility bills issued on or after May 1, 1996, but before May 1, 1997, and for receipts from those utility bills, "gross receipts" does not include one-third of (i) amounts added to customers' bills under Section 9-222 of the Public Utilities Act, or (ii) amount added to customers' bills by taxpayers who are not subject to rate regulation by the Illinois Commerce Commission for the purpose of recovering any of the tax liabilities described in Section 9-222 of the Public Utilities Act. For utility bills issued on or after May 1, 1997, but before May 1, 1998, and for receipts from those utility bills, "gross receipts" does not include two-thirds of (i) amounts added to customers' bills under Section 9-222 of the Public Utilities Act, or (ii) amounts added to customers' bills by taxpayers who are not subject to rate regulation by the Illinois Commerce Commission for the purpose of recovering any of the tax liabilities described in Section 9-222 of the Public Utilities Act. For utility bills issued on or after May 1, 1998, and for receipts from those utility bills, "gross receipts" does not include (i) amounts added to customers' bills under Section 9-222 of the Public Utilities Act, or (ii) amounts added to customers' bills by taxpayers who are not subject to rate regulation by the Illinois Commerce Commission for the purpose of recovering any of the tax liabilities described in Section 9-222 of the Public Utilities Act.

For purposes of this Section "gross receipts" shall not include (i) amounts added to customers' bills under Section 9-221 of the Public Utilities Act, or (ii) charges added to customers' bills to recover the surcharge imposed under the Emergency Telephone System Act. This paragraph is not intended to nor does it make any change in the meaning of "gross receipts" for the purposes of this Section, but is intended to remove possible ambiguities, thereby confirming the existing meaning of "gross receipts" prior to the effective date of this amendatory Act of 1995.

The words "transmitting messages", in addition to the usual and popular meaning of person to person communication, shall include the furnishing, for a consideration, of services or facilities (whether owned or leased), or both, to persons in connection with the transmission of messages where those persons do not, in turn, receive any consideration in connection therewith, but shall not include such furnishing of services or facilities to persons for the transmission of messages to the extent that any such services or facilities for the transmission of messages are furnished for a consideration, by those persons to other persons, for the transmission of messages.

"Person" as used in this Section means any natural individual, firm, trust, estate, partnership, association, joint stock company, joint adventure, corporation, limited liability company, municipal corporation, the State or any of its political subdivisions, any State university created by statute, or a receiver, trustee, guardian or other representative appointed by order of any court.

"Person maintaining a place of business in this State" shall mean any person having or maintaining within this State, directly or by a subsidiary or other affiliate, an office, generation facility, distribution facility, transmission facility, sales office or other place of business, or any employee, agent, or other representative operating within this State under the authority of the person or its subsidiary or other affiliate, irrespective of whether such place of business or agent or other representative is located in this State permanently or temporarily, or whether such person, subsidiary or other affiliate is licensed or qualified to do business in this State.

"Public utility" shall have the meaning ascribed to it in Section 3-105 of the Public Utilities Act and shall include telecommunications carriers as defined in Section 13-202 of that Act and alternative retail electric suppliers as defined in Section 16-102 of that Act.

"Purchase at retail" shall mean any acquisition of electricity by a purchaser for purposes of use or consumption, and not for resale, but shall not include the use of electricity by a public utility
directly in the generation, production, transmission, delivery or sale of electricity.

"Purchaser" shall mean any person who uses or consumes, within the corporate limits of the municipality, electricity acquired in a purchase at retail.

In the case of persons engaged in the business of transmitting messages through the use of mobile equipment, such as cellular phones and paging systems, the gross receipts from the business shall be deemed to originate within the corporate limits of a municipality only if the customer's place of primary use as defined in the Mobile Telecommunications Sourcing Conformity Act is within those corporate limits.

(e) Any municipality that imposes taxes upon public utilities or upon the privilege of using or consuming electricity pursuant to this Section whose territory includes any part of an enterprise zone or federally designated Foreign Trade Zone or Sub-Zone may, by a majority vote of its corporate authorities, exempt from those taxes for a period not exceeding 20 years any specified percentage of gross receipts of public utilities received from, or electricity used or consumed by, business enterprises that:

(1) either (i) make investments that cause the creation of a minimum of 200 full-time equivalent jobs in Illinois, (ii) make investments of at least $175,000,000 that cause the creation of a minimum of 150 full-time equivalent jobs in Illinois, or (iii) make investments that cause the retention of a minimum of 1,000 full-time jobs in Illinois; and

(2) are either (i) located in an Enterprise Zone established pursuant to the Illinois Enterprise Zone Act or (ii) Department of Commerce and Community Affairs designated High Impact Businesses located in a federally designated Foreign Trade Zone or Sub-Zone; and

(3) are certified by the Department of Commerce and Community Affairs as complying with the requirements specified in clauses (1) and (2) of this paragraph (e).

Upon adoption of the ordinance authorizing the exemption, the municipal clerk shall transmit a copy of that ordinance to the Department of Commerce and Community Affairs. The Department of Commerce and Community Affairs shall determine whether the business enterprises located in the municipality meet the criteria prescribed in this paragraph. If the Department of Commerce and Community Affairs determines that the business enterprises meet the criteria, it shall grant certification. The Department of Commerce and Community Affairs shall act upon certification requests within 30 days after receipt of the ordinance.

Upon certification of the business enterprise by the Department of Commerce and Community Affairs, the Department of Commerce and Community Affairs shall notify the Department of Revenue of the certification. The Department of Revenue shall notify the public utilities of the exemption status of the gross receipts received from, and the electricity used or consumed by, the certified business enterprises. Such exemption status shall be effective within 3 months after certification.

(f) A municipality that imposes taxes upon public utilities or upon the privilege of using or consuming electricity under this Section and whose territory includes part of another unit of local government or a school district may by ordinance exempt the other unit of local government or school district from those taxes.

(g) The amendment of this Section by Public Act 84-127 shall take precedence over any other amendment of this Section by any other amendatory Act passed by the 84th General Assembly before the effective date of Public Act 84-127.

(h) In any case in which, before July 1, 1992, a person engaged in the business of transmitting messages through the use of mobile equipment, such as cellular phones and paging systems, has determined the municipality within which the gross receipts from the business originated by reference to the location of its transmitting or switching equipment, then (i) neither the municipality to which tax was paid on that basis nor the taxpayer that paid tax on that basis shall be required to rebate, refund, or issue credits for any such tax or charge collected from customers to reimburse the taxpayer for the tax and (ii) no municipality to which tax would have been paid with respect to those gross receipts if the provisions of this amendatory Act of 1991 had been in effect before July 1, 1992, shall have any claim against the taxpayer for any amount of the tax.

Section 90-30. The Illinois Municipal Code is amended by changing Section 8-11-17 as follows:

New matter indicated by italics - deletions by strikeout.
Sec. 8-11-17. Municipal telecommunications tax.

(a) Beginning on the effective date of this amendatory Act of 1991, the corporate authorities of any municipality in this State may tax any or all of the following acts or privileges:

(1) The act or privilege of originating in such municipality or receiving in such municipality intrastate telecommunications by a person at a rate not to exceed 5% of the gross charge for such telecommunications purchased at retail from a retailer by such person. However, such tax is not imposed on such act or privilege to the extent such act or privilege may not, under the Constitution and statutes of the United States, be made the subject of taxation by municipalities in this State.

(2) The act or privilege of originating in such municipality or receiving in such municipality interstate telecommunications by a person at a rate not to exceed 5% of the gross charge for such telecommunications purchased at retail from a retailer by such person. To prevent actual multi-state taxation of the act or privilege that is subject to taxation under this paragraph, any taxpayer, upon proof that the taxpayer has paid a tax in another state on such event, shall be allowed a credit against any tax enacted pursuant to an ordinance authorized by this paragraph to the extent of the amount of such tax properly due and paid in such other state which was not previously allowed as a credit against any other state or local tax in this State. However, such tax is not imposed on the act or privilege to the extent such act or privilege may not, under the Constitution and statutes of the United States, be made the subject of taxation by municipalities in this State.

(3) The taxes authorized by paragraphs (1) and (2) of subsection (a) of this Section may only be levied if such municipality does not then have in effect an occupation tax imposed on persons engaged in the business of transmitting messages by means of electricity as authorized by Section 8-11-2 of the Illinois Municipal Code.

(b) The tax authorized by this Section shall be collected from the taxpayer by a retailer maintaining a place of business in this State and making or effectuating the sale at retail and shall be remitted by such retailer to the municipality. Any tax required to be collected pursuant to an ordinance authorized by this Section and any such tax collected by such retailer shall constitute a debt owed by the retailer to such municipality. Retailers shall collect the tax from the taxpayer by adding the tax to the gross charge for the act or privilege of originating or receiving telecommunications when sold for use, in the manner prescribed by the municipality. The tax authorized by this Section shall constitute a debt of the purchaser to the retailer who provides such taxable services until paid and, if unpaid, is recoverable at law in the same manner as the original charge for such taxable services. If the retailer fails to collect the tax from the taxpayer, then the taxpayer shall be required to pay the tax directly to the municipality in the manner provided by the municipality. The municipality imposing the tax shall provide for its administration and enforcement.

Beginning January 1, 1994, retailers filing tax returns pursuant to this Section shall, at the time of filing such return, pay to the municipality the amount of the tax imposed by this Section, less a commission of 1.75% which is allowed to reimburse the retailer for the expenses incurred in keeping records, billing the customer, preparing and filing returns, remitting the tax and supplying data to the municipality upon request. No commission may be claimed by a retailer for tax not timely remitted to the municipality.

Whenever possible, the tax authorized by this Section shall, when collected, be stated as a distinct item separate and apart from the gross charge for telecommunications.

(c) For the purpose of the taxes authorized by this Section:

(1) "Amount paid" means the amount charged to the taxpayer's service address in such municipality regardless of where such amount is billed or paid.

(2) "Gross charge" means the amount paid for the act or privilege of originating or receiving telecommunications in such municipality and for all services rendered in connection therewith, valued in money whether paid in money or otherwise, including cash, credits, services and property of every kind or nature, and shall be determined without any deduction on account of the cost of such telecommunications, the cost of the materials used, labor or service costs or any other expense whatsoever. In case credit is extended, the amount thereof shall be included only as and when paid. However, "gross charge" shall not include:

New matter indicated by italics - deletions by strikeout.
(A) any amounts added to a purchaser's bill because of a charge made pursuant to: (i) the tax imposed by this Section, (ii) additional charges added to a purchaser's bill pursuant to Section 9-222 of the Public Utilities Act, (iii) the tax imposed by the Telecommunications Excise Tax Act, or (iv) the tax imposed by Section 4251 of the Internal Revenue Code;

(B) charges for a sent collect telecommunication received outside of such municipality;

(C) charges for leased time on equipment or charges for the storage of data or information or subsequent retrieval or the processing of data or information intended to change its form or content. Such equipment includes, but is not limited to, the use of calculators, computers, data processing equipment, tabulating equipment or accounting equipment and also includes the usage of computers under a time-sharing agreement;

(D) charges for customer equipment, including such equipment that is leased or rented by the customer from any source, wherein such charges are disaggregated and separately identified from other charges;

(E) charges to business enterprises certified under Section 9-222.1 of the Public Utilities Act to the extent of such exemption and during the period of time specified by the Department of Commerce and Community Affairs;

(F) charges for telecommunications and all services and equipment provided in connection therewith between a parent corporation and its wholly owned subsidiaries or between wholly owned subsidiaries when the tax imposed under this Section has already been paid to a retailer and only to the extent that the charges between the parent corporation and wholly owned subsidiaries or between wholly owned subsidiaries represent expense allocation between the corporations and not the generation of profit for the corporation rendering such service;

(G) bad debts ("bad debt" means any portion of a debt that is related to a sale at retail for which gross charges are not otherwise deductible or excludable that has become worthless or uncollectable, as determined under applicable federal income tax standards; if the portion of the debt deemed to be bad is subsequently paid, the retailer shall report and pay the tax on that portion during the reporting period in which the payment is made);

(H) charges paid by inserting coins in coin-operated telecommunication devices; or

(I) amounts paid by telecommunications retailers under the Telecommunications Municipal Infrastructure Maintenance Fee Act.

(3) "Interstate telecommunications" means all telecommunications that either originate or terminate outside this State.

(4) "Intrastate telecommunications" means all telecommunications that originate and terminate within this State.

(5) "Person" means any natural individual, firm, trust, estate, partnership, association, joint stock company, joint venture, corporation, limited liability company, or a receiver, trustee, guardian or other representative appointed by order of any court, the Federal and State governments, including State universities created by statute, or any city, town, county, or other political subdivision of this State.

(6) "Purchase at retail" means the acquisition, consumption or use of telecommunications through a sale at retail.

(7) "Retailer" means and includes every person engaged in the business of making sales at retail as defined in this Section. A municipality may, in its discretion, upon application, authorize the collection of the tax hereby imposed by any retailer not maintaining a place of business within this State, who to the satisfaction of the municipality, furnishes adequate security to insure collection and payment of the tax. Such retailer shall be issued, without charge, a permit to collect such tax. When so authorized, it shall be the duty of such retailer to collect the tax upon all of the gross charges for telecommunications in such municipality in the same manner and subject to the same requirements as a retailer maintaining a place of business within such municipality.

(8) "Retailer maintaining a place of business in this State", or any like term, means and
includes any retailer having or maintaining within this State, directly or by a subsidiary, an
office, distribution facilities, transmission facilities, sales office, warehouse or other place of
business, or any agent or other representative operating within this State under the authority
of the retailer or its subsidiary, irrespective of whether such place of business or agent or other
representative is located here permanently or temporarily, or whether such retailer or
subsidiary is licensed to do business in this State.

(9) "Sale at retail" means the transmitting, supplying or furnishing of telecommunications
and all services rendered in connection therewith for a consideration, to persons other than
the Federal and State governments, and State universities created by statute and other than
between a parent corporation and its wholly owned subsidiaries or between wholly owned
subsidiaries, when the tax has already been paid to a retailer and the gross charge made by one
such corporation to another such corporation is not greater than the gross charge paid to the
retailer for their use or consumption and not for resale.

(10) "Service address" means the location of telecommunications equipment from which
telecommunications services are originated or at which telecommunications services are
received by a taxpayer. For periods prior to August 1, 2002, if this is not a defined location,
as in the case of mobile phones, paging systems, maritime systems, air-to-ground systems and
the like, "service address" shall mean the location of a taxpayer's primary use of the
telecommunication equipment as defined by telephone number, authorization code, or
location in Illinois where bills are sent. For periods on and after August 1, 2002, if this is not
a defined location, as in the case of mobile phones, paging systems, and maritime systems,
service address means the customer's place of primary use as defined in the Mobile
Telecommunications Sourcing Conformity Act, and for air-to-ground systems and the like,
"service address" shall mean the location of a taxpayer's primary use of the
telecommunications equipment as defined by telephone number, authorization code, or
location in Illinois where bills are sent.

(11) "Taxpayer" means a person who individually or through his agents, employees, or
permittees engages in the act or privilege of originating in such municipality or receiving in
such municipality telecommunications and who incurs a tax liability under any ordinance
authorized by this Section.

(12) "Telecommunications", in addition to the usual and popular meaning, includes, but
is not limited to, messages or information transmitted through use of local, toll and wide area
telephone service, channel services, telegraph services, teletypewriter service, computer
exchange services; cellular mobile telecommunications service, specialized mobile radio
services, paging service, or any other form of mobile and portable one-way or two-way
communications, or any other transmission of messages or information by electronic or
similar means, between or among points by wire, cable, fiber optics, laser, microwave, radio,
satellite or similar facilities. The definition of "telecommunications" shall not include value
added services in which computer processing applications are used to act on the form, content,
code and protocol of the information for purposes other than transmission.
"Telecommunications" shall not include purchase of telecommunications by a
telecommunications service provider for use as a component part of the service provided by
him to the ultimate retail consumer who originates or terminates the taxable end-to-end
communications. Carrier access charges, right of access charges, charges for use of
inter-company facilities, and all telecommunications resold in the subsequent provision used
as a component of, or integrated into, end-to-end telecommunications service shall be
non-taxable as sales for resale. Beginning January 1, 2001, prepaid telephone calling
arrangements shall not be considered "telecommunications" subject to the tax imposed under
this Act. For purposes of this Section, "prepaid telephone calling arrangements" means that
term as defined in Section 2-27 of the Retailers' Occupation Tax Act.

(d) If a person, who originates or receives telecommunications in such municipality claims
to be a reseller of such telecommunications, such person shall apply to the municipality for a resale
number. Such applicant shall state facts which will show the municipality why such applicant is not
liable for tax under any ordinance authorized by this Section on any of such purchases and shall
furnish such additional information as the municipality may reasonably require.

New matter indicated by italics - deletions by strikeout.
Upon approval of the application, the municipality shall assign a resale number to the applicant and shall certify such number to the applicant. The municipality may cancel any number which is obtained through misrepresentation, or which is used to send or receive such telecommunication tax-free when such actions in fact are not for resale, or which no longer applies because of the person's having discontinued the making of resales.

Except as provided hereinafobe in this Section, the act or privilege of sending or receiving telecommunications in this State shall not be made tax-free on the ground of being a sale for resale unless the person has an active resale number from the municipality and furnishes that number to the retailer in connection with certifying to the retailer that any sale to such person is non-taxable because of being a sale for resale.

(e) A municipality that imposes taxes upon telecommunications under this Section and whose territory includes part of another unit of local government or a school district may, by ordinance, exempt the other unit of local government or school district from those taxes.

(f) A municipality that imposes taxes upon telecommunications under this Section may, by ordinance, (i) reduce the rate of the tax for persons 65 years of age or older or (ii) exempt persons 65 years of age or older from those taxes. Taxes related to such rate reductions or exemptions shall be rebated from the municipality directly to persons qualified for the rate reduction or exemption as determined by the municipality's ordinance.

(g) A municipality with a population of more than 500,000 that imposes a tax under this Section may, by ordinance, exempt from the tax all charges for the inbound toll-free telecommunications service commonly known as "800", "877", or "888" or for a similar service.

(h) This Section is repealed on January 1, 2003.

(220 ILCS 5/2-202) (from Ch. 111-2/3, par. 2-202)

Sec. 2-202. Policy; Public Utility Fund; tax.

(a) It is declared to be the public policy of this State that in order to maintain and foster the effective regulation of public utilities under this Act in the interests of the People of the State of Illinois and the public utilities as well, the public utilities subject to regulation under this Act and which enjoy the privilege of operating as public utilities in this State, shall bear the expense of administering this Act by means of a tax on such privilege measured by the annual gross revenue of such public utilities in the manner provided in this Section. For purposes of this Section, "expense of administering this Act" includes any costs incident to studies, whether made by the Commission or under contract entered into by the Commission, concerning environmental pollution problems caused or contributed to by public utilities and the means for eliminating or abating those problems. Such proceeds shall be deposited in the Public Utility Fund in the State treasury.

(b) All of the ordinary and contingent expenses of the Commission incident to the administration of this Act shall be paid out of the Public Utility Fund except the compensation of the members of the Commission which shall be paid from the General Revenue Fund. Notwithstanding other provisions of this Act to the contrary, the ordinary and contingent expenses of the Commission incident to the administration of the Illinois Commercial Transportation Law may be paid from appropriations from the Public Utility Fund through the end of fiscal year 1986.

(c) A tax is imposed upon each public utility subject to the provisions of this Act equal to .08% of its gross revenue for each calendar year commencing with the calendar year beginning January 1, 1982, except that the Commission may, by rule, establish a different rate no greater than 0.1%. For purposes of this Section, "gross revenue" shall not include revenue from the production, transmission, distribution, sale, delivery, or furnishing of electricity. "Gross revenue" shall not include amounts paid by telecommunications retailers under the Telecommunications Municipal Infrastructure Maintenance Fee Act.

(d) Annual gross revenue returns shall be filed in accordance with paragraph (1) or (2) of this subsection (d).

of its gross revenue for the calendar year commencing January 1 of said year and a statement of the amount of tax due for said calendar year on the basis of that estimate. Public utilities may also file revised returns containing updated estimates and updated amounts of tax due during the calendar year. These revised returns, if filed, shall form the basis for quarterly payments due during the remainder of the calendar year. In addition, on or before March 31 of each year, each public utility shall file an amended return showing the actual amount of gross revenues shown by the company's books and records as of December 31 of the previous year. Forms and instructions for such estimated, revised, and amended returns shall be devised and supplied by the Commission.

(2) Beginning with returns due after January 1, 2002, the requirements of paragraph (1) of this subsection (d) shall not apply to any public utility in any calendar year for which the total tax the public utility owes under this Section is less than $10,000. For such public utilities with respect to such years, the public utility shall file with the Commission, on or before March 31 of the following year, an annual gross revenue return for the year and a statement of the amount of tax due for that year on the basis of such a return. Forms and instructions for such returns and corrected returns shall be devised and supplied by the Commission.

(e) All returns submitted to the Commission by a public utility as provided in this subsection (e) or subsection (d) of this Section shall contain or be verified by a written declaration by an appropriate officer of the public utility that the return is made under the penalties of perjury. The Commission may audit each such return submitted and may, under the provisions of Section 5-101 of this Act, take such measures as are necessary to ascertain the correctness of the returns submitted. The Commission has the power to direct the filing of a corrected return by any utility which has filed an incorrect return and to direct the filing of a return by any utility which has failed to submit a return. A taxpayer's signing a fraudulent return under this Section is perjury, as defined in Section 32-2 of the Criminal Code of 1961.

(f) (1) For all public utilities subject to paragraph (1) of subsection (d), at least one quarter of the annual amount of tax due under subsection (c) shall be paid to the Commission on or before the tenth day of January, April, July, and October of the calendar year subject to tax. In the event that an adjustment in the amount of tax due should be necessary as a result of the filing of an amended or corrected return under subsection (d) or subsection (e) of this Section, the amount of any deficiency shall be paid by the public utility together with the amended or corrected return and the amount of any excess shall, after the filing of a claim for credit by the public utility, be returned to the public utility in the form of a credit memorandum in the amount of such excess or be refunded to the public utility in accordance with the provisions of subsection (k) of this Section. However, if such deficiency or excess is less than $1, then the public utility need not pay the deficiency and may not claim a credit.

(2) Any public utility subject to paragraph (2) of subsection (d) shall pay the amount of tax due under subsection (c) on or before March 31 next following the end of the calendar year subject to tax. In the event that an adjustment in the amount of tax due should be necessary as a result of the filing of a corrected return under subsection (e), the amount of any deficiency shall be paid by the public utility at the time the corrected return is filed. Any excess tax payment by the public utility shall be returned to it after the filing of a claim for credit, in the form of a credit memorandum in the amount of the excess. However, if such deficiency or excess is less than $1, the public utility need not pay the deficiency and may not claim a credit.

(g) Each installment or required payment of the tax imposed by subsection (c) becomes delinquent at midnight of the date that it is due. Failure to make a payment as required by this Section shall result in the imposition of a late payment penalty, an underestimation penalty, or both, as provided by this subsection. The late payment penalty shall be the greater of:

(1) $25 for each month or portion of a month that the installment or required payment is unpaid or
(2) an amount equal to the difference between what should have been paid on the due date, based upon the most recently filed estimated, annual, or amended return, and what was actually paid, times 1%, for each month or portion of a month that the installment or required payment goes unpaid. This penalty may be assessed as soon as the installment or required payment becomes delinquent.
The underestimation penalty shall apply to those public utilities subject to paragraph (1) of subsection (d) and shall be calculated after the filing of the amended return. It shall be imposed if the amount actually paid on any of the dates specified in subsection (f) is not equal to at least one-fourth of the amount actually due for the year, and shall equal the greater of:

1. $25 for each month or portion of a month that the amount due is unpaid or
2. an amount equal to the difference between what should have been paid, based on the amended return, and what was actually paid as of the date specified in subsection (f), times a percentage equal to 1/12 of the sum of 10% and the percentage most recently established by the Commission for interest to be paid on customer deposits under 83 Ill. Adm. Code 280.70(e)(1), for each month or portion of a month that the amount due goes unpaid, except that no underestimation penalty shall be assessed if the amount actually paid on or before each of the dates specified in subsection (f) was based on an estimate of gross revenues at least equal to the actual gross revenues for the previous year. The Commission may enforce the collection of any delinquent installment or payment, or portion thereof by legal action or in any other manner by which the collection of debts due the State of Illinois may be enforced under the laws of this State. The executive director or his designee may excuse the payment of an assessed penalty or a portion of an assessed penalty if he determines that enforced collection of the penalty as assessed would be unjust.

(h) All sums collected by the Commission under the provisions of this Section shall be paid promptly after the receipt of the same, accompanied by a detailed statement thereof, into the Public Utility Fund in the State treasury.

(i) During the month of October of each odd-numbered year the Commission shall:
1. determine the amount of all moneys deposited in the Public Utility Fund during the preceding fiscal biennium plus the balance, if any, in that fund at the beginning of that biennium;
2. determine the sum total of the following items: (A) all moneys expended or obligated against appropriations made from the Public Utility Fund during the preceding fiscal biennium, plus (B) the sum of the credit memoranda then outstanding against the Public Utility Fund, if any; and
3. determine the amount, if any, by which the sum determined as provided in item (1) exceeds the amount determined as provided in item (2).

If the amount determined as provided in item (3) of this subsection exceeds $5,000,000, the Commission shall then compute the proportionate amount, if any, which (x) the tax paid hereunder by each utility during the preceding biennium, and (y) the amount paid into the Public Utility Fund during the preceding biennium by the Department of Revenue pursuant to Sections 2-9 and 2-11 of the Electricity Excise Tax Law, bears to the difference between the amount determined as provided in item (3) of this subsection (i) and $5,000,000. The Commission shall cause the proportionate amount determined with respect to payments made under the Electricity Excise Tax Law to be transferred into the General Revenue Fund in the State Treasury, and notify each public utility that it may file during the 3 month period after the date of notification a claim for credit for the proportionate amount determined with respect to payments made hereunder by the public utility. If the proportionate amount is less than $10, no notification will be sent by the Commission, and no right to a claim exists as to that amount. Upon the filing of a claim for credit within the period provided, the Commission shall issue a credit memorandum in such amount to such public utility. Any claim for credit filed after the period provided for in this Section is void.

(j) Credit memoranda issued pursuant to subsection (f) and credit memoranda issued after notification and filing pursuant to subsection (i) may be applied for the 2 year period from the date of issuance, against the payment of any amount due during that period under the tax imposed by subsection (c), or, subject to reasonable rule of the Commission including requirement of notification, may be assigned to any other public utility subject to regulation under this Act. Any application of credit memoranda after the period provided for in this Section is void.

(k) The chairman or executive director may make refund of fees, taxes or other charges whenever he shall determine that the person or public utility will not be liable for payment of such fees, taxes or charges during the next 24 months and he determines that the issuance of a credit memorandum would be unjust.
Sec. 13-511. Telecommunications Municipal Infrastructure Maintenance Fee Act; rate adjustments. With respect to any telecommunications retailer that is regulated by the Illinois Commerce Commission, the Commission shall order such rate adjustments as shall be necessary to assure that the implementation of the Telecommunications Municipal Infrastructure Maintenance Fee Act, including the payment of the State infrastructure maintenance fee, optional infrastructure maintenance fee, and municipal infrastructure maintenance fee, if any, net of (1) the termination of any fee, license fee, rent, or lease payment subject to the Telecommunications Municipal Infrastructure Maintenance Fee Act, and (2) the repeal of any invested capital tax subject to the Telecommunications Municipal Infrastructure Maintenance Fee Act, shall have no significant impact on the net income of each such telecommunications retailer. Beginning with the effective date of the Telecommunications Municipal Infrastructure Maintenance Fee Act, each such telecommunications retailer shall maintain such records and accounts as will enable the Commission to make such findings and determinations as are necessary to such order.

Section 90-40. The Telephone Company Act is amended by changing Section 4 as follows:

Sec. 4. Right of condemnation. Every telecommunications carrier as defined in the Telecommunications Municipal Infrastructure Maintenance Fee Act may, when it shall be necessary for the construction, maintenance, alteration or extension of its telecommunications system, or any part thereof, enter upon, take or damage private property in the manner provided for in, and the compensation therefor shall be ascertained and made in conformity to the provisions of the Telegraph Act and every telecommunications carrier is authorized to construct, maintain, alter and extend its poles, wires, and other appliances as a proper use of highways, along, upon, and across any highway, street, alley, public right-of-way dedicated or commonly used for utility purposes, or water in this State, but so as not to incommode the public in the use thereof: Provided, that nothing in this act shall interfere with the control now vested in cities, incorporated towns and villages in relation to the regulation of the poles, wires, cables and other appliances, and provided, that before any such lines shall be constructed along any such highway, street, alley, public right-of-way dedicated or commonly used for utility purposes, or water it shall be the duty of the telecommunications carrier proposing to construct any such line, to give (in the case of cities, villages, and incorporated towns) to the corporate authorities of the municipality or their designees (hereinafter, municipal corporate authorities) or (in other cases) to the highway commissioners having jurisdiction and control over the road or part thereof along and over which such line is proposed to be constructed, notice in writing in the form of plans, specifications, and documentation of the purpose and intention of the company to construct such line over and along the highway, street, alley, public right-of-way dedicated or commonly used for utility purposes, or water, which notice shall be served at least 10 days before the line shall be placed or constructed over and along the highway, street, alley, public right-of-way dedicated or commonly used for utility purposes, or water; and upon the giving of the notice it shall be the duty of the municipal corporate authorities or the highway commissioners to specify the portion of such highway, street, alley, public right-of-way dedicated or commonly used for utility purposes, or water upon which the line may be placed, used, and constructed, and it shall thereupon be the duty of the telecommunications retailer to provide the municipal authorities or highway commissioners with any and all plans, specifications, and documentation available and to construct its line in accordance with such specifications; but in the event that the municipal corporate authorities or the highway commissioners fail to provide such specification within 10 days after the service of such notice, the telecommunications retailer may proceed to place and erect its line along the highway, street, alley, public right-of-way dedicated or commonly used for utility purposes, or water by placing its posts, poles and abutments so as to not to interfere with other proper uses of the highway, street, alley, public right-of-way dedicated or commonly used for utility
purposes, or water. The telecommunications carrier proposing to construct any such line shall comply with the provisions of Section 9-113 of the Illinois Highway Code. Provided, that the telecommunications carrier shall not have the right to condemn any portion of the right-of-way of any railroad company except as much thereof as is necessary to cross the same.

The Illinois Commerce Commission may adopt reasonable rules governing the negotiation procedures that are used by a telecommunications carrier during precondemnation negotiations for the purchase of land rights-of-way and easements, including procedures for providing information to the public and affected landowners concerning the project and the right-of-way easements sought in connection therewith.

Such rules may be made applicable to interstate, competitive intrastate and noncompetitive intrastate facilities, without regard to whether such facilities or the telecommunications carrier proposing to construct and operate them would otherwise be subject to the Illinois Commerce Commission's jurisdiction under The Public Utilities Act, as now or hereafter amended. However, as to facilities used to provide exclusively interstate services or competitive intrastate services or both, nothing in this Section confers any power upon the Commission (i) to require the disclosure of proprietary, competitively sensitive, or cost information or information not known to the telecommunications carrier, (ii) to determine whether, or conduct hearings regarding whether, any proposed fiber optic or other facilities should or should not be constructed and operated, or (iii) to determine or specify, or conduct hearings concerning, the price or other terms or conditions of the purchase of the right-of-way easements sought. With respect to facilities used to provide any intrastate services classified in the condemnor's tariff as noncompetitive under Section 13-502 of The Public Utilities Act, the rulemaking powers conferred upon the Commission under this Section are in addition to any rulemaking powers arising under The Public Utilities Act.

No telecommunications carrier shall exercise the power to condemn private property until it has first substantially complied with such rules with respect to the property sought to be condemned. If such rules call for providing notice or information before or during negotiations, a failure to provide such notice or information shall not constitute a waiver of the rights granted in this Section, but the telecommunications carrier shall be liable for all reasonable attorney's fees of that landowner resulting from such failure.

Sec. 10-20.5a. Access to high school campus.

(a) For school districts maintaining grades 10 through 12, to provide, on an equal basis,
access to *a high school campus* and *student directory information* to the official recruiting representatives of the armed forces of Illinois and the United States for the purpose of informing students of the educational and career opportunities available in the military if the board has provided such access to persons or groups whose purpose is to acquaint students with educational or occupational opportunities available to them. The high school shall notify its students and their parents or guardians of the provisions of this subsection (b).

(105 ILCS 5/34-18) (from Ch. 122, par. 34-18)

Sec. 34-18. Powers of the board. The board shall exercise general supervision and jurisdiction over the public education and the public school system of the city, and, except as otherwise provided by this Article, shall have power:

1. To make suitable provision for the establishment and maintenance throughout the year or for such portion thereof as it may direct, not less than 9 months, of schools of all grades and kinds, including normal schools, high schools, night schools, schools for defectives and delinquents, parental and truant schools, schools for the blind, the deaf and the crippled, schools or classes in manual training, constructural and vocational teaching, domestic arts and physical culture, vocation and extension schools and lecture courses, and all other educational courses and facilities, including establishing, equipping, maintaining and operating playgrounds and recreational programs, when such programs are conducted in, adjacent to, or connected with any public school under the general supervision and jurisdiction of the board; provided, however, that in allocating funds from year to year for the operation of all attendance centers within the district, the board shall ensure that supplemental general State aid funds are allocated and applied in accordance with Section 18-8 or 18-8.05. To admit to such schools without charge foreign exchange students who are participants in an organized exchange student program which is authorized by the board. The board shall permit all students to enroll in apprenticeship programs in trade schools operated by the board, whether those programs are union-sponsored or not. No student shall be refused admission into or be excluded from any course of instruction offered in the common schools by reason of that student's sex. No student shall be denied equal access to physical education and interscholastic athletic programs supported from school district funds or denied participation in comparable physical education and athletic programs solely by reason of the student's sex. Equal access to programs supported from school district funds and comparable programs will be defined in rules promulgated by the State Board of Education in consultation with the Illinois High School Association. Notwithstanding any other provision of this Article, neither the board of education nor any local school council or other school official shall recommend that children with disabilities be placed into regular education classrooms unless those children with disabilities are provided with supplementary services to assist them so that they benefit from the regular classroom instruction and are included on the teacher's regular
education class register;

2. To furnish lunches to pupils, to make a reasonable charge therefor, and to use school funds for the payment of such expenses as the board may determine are necessary in conducting the school lunch program;

3. To co-operate with the circuit court;

4. To make arrangements with the public or quasi-public libraries and museums for the use of their facilities by teachers and pupils of the public schools;

5. To employ dentists and prescribe their duties for the purpose of treating the pupils in the schools, but accepting such treatment shall be optional with parents or guardians;

6. 7. To apportion the pupils to the several schools; provided that no pupil shall be excluded from or segregated in any such school on account of his color, race, sex, or nationality. The board shall take into consideration the prevention of segregation and the elimination of separation of children in public schools because of color, race, sex, or nationality. Except that children may be committed to or attend parental and social adjustment schools established and maintained either for boys or girls only. All records pertaining to the creation, alteration or revision of attendance areas shall be open to the public. Nothing herein shall limit the board’s authority to establish multi-area attendance centers or other student assignment systems for desegregation purposes or otherwise, and to apportion the pupils to the several schools.

Furthermore, beginning in school year 1994-95, pursuant to a board plan adopted by October 1, 1993, the board shall offer, commencing on a phased-in basis, the opportunity for families within the school district to apply for enrollment of their children in any attendance center within the school district which does not have selective admission requirements approved by the board. The appropriate geographical area in which such open enrollment may be exercised shall be determined by the board of education. Such children may be admitted to any such attendance center on a space available basis after all children residing within such attendance center's area have been accommodated. If the number of applicants from outside the attendance area exceed the space available, then successful applicants shall be selected by lottery. The board of education's open enrollment plan must include provisions that allow low income students to have access to transportation needed to exercise school choice. Open enrollment shall be in compliance with the provisions of the Consent Decree and Desegregation Plan cited in Section 34-1.01;

8. To approve programs and policies for providing transportation services to students. Nothing herein shall be construed to permit or empower the State Board of Education to order, mandate, or require busing or other transportation of pupils for the purpose of achieving racial balance in any school;

9. Subject to the limitations in this Article, to establish and approve system-wide curriculum objectives and standards, including graduation standards, which reflect the multi-cultural diversity in the city and are consistent with State law, provided that for all purposes of this Article courses or proficiency in American Sign Language shall be deemed to constitute courses or proficiency in a foreign language; and to employ principals and teachers, appointed as provided in this Article, and fix their compensation. The board shall prepare such reports related to minimal competency testing as may be requested by the State Board of Education, and in addition shall monitor and approve special education and bilingual education programs and policies within the district to assure that appropriate services are provided in accordance with applicable State and federal laws to children requiring services and education in those areas;

10. To employ non-teaching personnel or utilize volunteer personnel for: (i) non-teaching duties not requiring instructional judgment or evaluation of pupils, including library duties; and (ii) supervising study halls, long distance teaching reception areas used incident to instructional programs transmitted by electronic media such as computers, video, and audio, detention and discipline areas, and school-sponsored extracurricular activities. The board may

further utilize volunteer non-certificated personnel or employ non-certificated personnel to assist in the instruction of pupils under the immediate supervision of a teacher holding a valid certificate, directly engaged in teaching subject matter or conducting activities; provided that the teacher shall be continuously aware of the non-certificated persons' activities and shall be able to control or modify them. 12. To offer, if deemed appropriate, outdoor education courses, including field trips within the State of Illinois, or adjacent states, and to use school educational funds for the expense of the said outdoor educational programs, whether within the school district or not;

13. During that period of the calendar year not embraced within the regular school term, to provide and conduct courses in subject matters normally embraced in the program of the schools during the regular school term and to give regular school credit for satisfactory completion by the student of such courses as may be approved for credit by the State Board of Education;

14. To insure against any loss or liability of the board, the former School Board Nominating Commission, Local School Councils, the Chicago Schools Academic Accountability Council, or the former Subdistrict Councils or of any member, officer, agent or employee thereof, resulting from alleged violations of civil rights arising from incidents occurring on or after September 5, 1967 or from the wrongful or negligent act or omission of any such person whether occurring within or without the school premises, provided the officer, agent or employee was, at the time of the alleged violation of civil rights or wrongful act or omission, acting within the scope of his employment or under direction of the board, the former School Board Nominating Commission, the Chicago Schools Academic Accountability Council, Local School Councils, or the former Subdistrict Councils; and to provide for or participate in insurance plans for its officers and employees, including but not limited to retirement annuities, medical, surgical and hospitalization benefits in such types and amounts as may be determined by the board; provided, however, that the board shall contract for such insurance only with an insurance company authorized to do business in this State. Such insurance may include provision for employees who rely on treatment by prayer or spiritual means alone for healing, in accordance with the tenets and practice of a recognized religious denomination;

16. (a) To provide, on an equal basis, access to a high the school campus and student directory information to the official recruiting representatives of the armed forces of Illinois and the United States for the purposes of informing students of the educational and career opportunities available in the military if the board has provided such access to persons or groups whose purpose is to acquaint students with educational or occupational opportunities available to them. The board is not required to give greater notice regarding the right of access to recruiting representatives than is given to other persons and groups. In this paragraph 16, "directory information" means a high school student's name, address, and telephone number.

(b) If a student or his or her parent or guardian submits a signed, written request to the high school before the end of the student's sophomore year (or if the student is a transfer student, by another time set by the high school) that indicates that the student or his or her parent or guardian does not want the student's directory information to be provided to official recruiting representatives under subsection (a) of this Section, the high school may not
provide access to the student's directory information to these recruiting representatives. The high school shall notify its students and their parents or guardians of the provisions of this subsection (b).

(c) A high school may require official recruiting representatives of the armed forces of Illinois and the United States to pay a fee for copying and mailing a student's directory information in an amount that is not more than the actual costs incurred by the high school.

(d) Information received by an official recruiting representative under this Section may be used only to provide information to students concerning educational and career opportunities available in the military and may not be released to a person who is not involved in recruiting students for the armed forces of Illinois or the United States;

17. (a) To sell or market any computer program developed by an employee of the school district, provided that such employee developed the computer program as a direct result of his or her duties with the school district or through the utilization of the school district resources or facilities. 19a. Upon receipt of notice from the comptroller of a municipality with a population of 500,000 or more that a debt is due and owing the municipality by an employee of the Chicago School Reform Board of Trustees, to withhold, from the compensation of that employee, the amount of the debt that is due and owing and pay the amount withheld to the municipality; provided, however, that the amount deducted from any one salary or wage payment shall not exceed 25% of the net amount of the payment. Before the Board deducts any amount from any salary or wage of an employee under this paragraph, the municipality shall certify that the employee has been afforded an opportunity for a hearing to dispute the debt that is due and owing the municipality. For purposes of this paragraph, "net amount" means that part of the salary or wage payment remaining after the deduction of any amounts required by law to be deducted and "debt due and owing" means (i) a specified sum of money owed to the municipality for city services, work, or goods, after the period granted for payment has expired, or (ii) a specified sum of money owed to the municipality pursuant to a court order or order of an administrative hearing officer after the exhaustion of, or the failure to exhaust, judicial review;

20. The board is encouraged to employ a sufficient number of certified school counselors to maintain a student/counselor ratio of 250 to 1 by July 1, 1990. Each counselor shall spend
at least 75% of his work time in direct contact with students and shall maintain a record of such time;

21. To make available to students vocational and career counseling and to establish 5 special career counseling days for students and parents. On these days representatives of local businesses and industries shall be invited to the school campus and shall inform students of career opportunities available to them in the various businesses and industries. Section 5. The Intergovernmental Cooperation Act is amended by changing Section 6 as follows:

Sec. 6. Joint self-insurance. An intergovernmental contract may, among other undertakings, authorize public agencies to jointly self-insure and authorize each public agency member of the contract to utilize its funds to pay to a joint insurance pool its costs and reserves to protect, wholly or partially, itself or any public agency member of the contract against liability or loss in the designated insurable area. A joint insurance pool shall have an annual audit performed by an independent certified public accountant and shall file an annual audited financial report with the Director of Insurance no later than 150 days after the end of the pool's immediately preceding fiscal year. AN ACT concerning the State Treasurer.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Deposit of State Moneys Act is amended by changing Section 7 as follows:

(15 ILCS 520/7) (from Ch. 130, par. 26)

Sec. 7. (a) Proposals made may either be approved or rejected by the State Treasurer. A bank or savings and loan association whose proposal is approved shall be eligible to become a State depository for the class or classes of funds covered by its proposal. A bank or savings and loan association whose proposal is rejected shall not be so eligible. The State Treasurer shall seek to have at all times a total of not less than 20 banks or savings and loan associations which are approved as State depositaries for time deposits.

(b) The State Treasurer may, in his discretion, accept a proposal from an eligible institution which provides for a reduced rate of interest provided that such institution documents the use of deposited funds for community development projects.

(c) The State Treasurer may, in his or her discretion, accept a proposal from an eligible institution that provides for interest earnings on deposits of State moneys to be held by the institution in a separate account that the State Treasurer may use to secure up to 10% of (i) home loans to Illinois citizens purchasing a home in Illinois in situations where the participating financial institution would not offer the borrower a home loan under the institution's prevailing credit standards without the incentive of a reduced rate of interest on deposits of State moneys, and (ii) existing home loans of Illinois citizens who have failed to make payments on a home loan as a result of a financial hardship due to circumstances beyond the control of the borrower where there is a reasonable prospect that the borrower will be able to resume full mortgage payments, and (iii) loans in amounts that do not exceed the amount of arrearage on a mortgage and that are extended to enable a borrower to become current on his or her mortgage obligation.

The following factors shall be considered by the participating financial institution to determine whether the financial hardship is due to circumstances beyond the control of the borrower: (i) loss, reduction, or delay in the receipt of income because of the death or disability of a person who contributed to the household income, (ii) expenses actually incurred related to the uninsured damage or costly repairs to the mortgaged premises affecting its habitability, (iii) expenses related to the death or illness in the borrower's household or of family members living outside the household that reduce the amount of household income, (iv) loss of income or a substantial increase in total housing expenses because of divorce, abandonment, separation from a spouse, or failure to support a spouse or child, (v) unemployment or underemployment, (vi) loss, reduction, or delay in the receipt of federal, State, or other government benefits, and (vii) participation by the homeowner in a recognized labor action such as a strike. In determining whether there is a reasonable prospect that the borrower will be able to resume full mortgage payments, the participating financial institution shall consider factors including, but not necessarily limited to the following: (i) a favorable work and credit history, (ii) the borrower's ability to pay the mortgage when employed, (iii) the lack of an impediment or disability that prevents reemployment, (iv) new education and training opportunities, (v) non-cash benefits that may reduce household expenses, and (vi) other debts.

For the purposes of this Section, "home loan" means a loan, other than an open-end credit plan or a reverse mortgage transaction, for which (i) the principal amount of the loan does not exceed 50% of the conforming loan size limit for a single-family dwelling as established from time to time by the Federal National Mortgage Association, (ii) the borrower is a natural person, (iii) the debt is incurred by the borrower primarily for personal, family, or household purposes, and (iv) the loan is secured by a mortgage or deed of trust on real estate upon which there is located or there is to be located a

structure designed principally for the occupancy of no more than 4 families one family and that is or will be occupied by the borrower as the borrower's principal dwelling.

(d) If there is an agreement between the State Treasurer and an eligible institution that details the use of deposited funds, the agreement may not require the gift of money, goods, or services to a third party; this provision does not restrict the eligible institution from contracting with third parties in order to carry out the intent of the agreement or restrict the State Treasurer from placing requirements upon third-party contracts entered into by the eligible institution.

CONTRIBUTIONS OF ILLINOIS PRESIDENTS AND MAYORS
(House Joint Resolution 40)

WHEREAS, On February 12, 1809, Abraham Lincoln was born in the most modest of circumstances in a log cabin near Hodgenville, Kentucky; at the age of 21, he set out for a new home located on the north bank of the Sangamon River, in New Salem, Illinois, where he served as Deputy Surveyor and Postmaster; his kindness, straightforward conduct, and sympathetic character helped create in the popular mind the stereotype of "Honest Abe"; and
WHEREAS, On August 4, 1834, Abraham Lincoln, at age 24, was elected to the Illinois
General Assembly as a State Representative from the Whig Party; he was reelected 3 more times, serving until 1842; through his bold leadership and forward thinking, he was elevated by his peers to the elected position of Whig floor leader and served as chairman of the Finance Committee; he was a consistent supporter of conservative business interests and brought about the relocation of the State capital from Vandalia to Springfield; when certain resolutions denouncing anti-slavery agitation were passed by the House, he took a bold position through a written declaration stating that slavery was "founded on both injustice and bad policy, but that the promulgation of abolition doctrines tends rather to increase than abate its evils"; and

WHEREAS, Mr. Lincoln served in the United States House of Representatives as an Illinois Whig from 1847 through 1849, serving on the Post Office and Post Roads Committee, as well as the War Department Expenditures Committee; he opposed United States involvement in the Mexican War but continued to support appropriations to supply the troops involved in the war; he continued to promote federally funded internal improvements and worked unsuccessfully to abolish the slave trade in Washington, D.C.; and

WHEREAS, On May 29, 1856, Mr. Lincoln helped organize the new Republican Party of Illinois, speaking with a new authority gained from self-imposed intellectual discipline in behalf of the anti-slavery cause; and

WHEREAS, On November 6, 1860, Abraham Lincoln was elected the 16th President of the United States and the first Republican; he received 180 of 303 possible electoral votes and 40% of the popular vote, defeating Northern Democrat Stephen A. Douglas and Southern Democrat John C. Breckinridge; convinced that the United States was more than an ordinary nation, that it was a proving ground for the idea of democratic government, he displayed an unflinching dedication to the preservation of the Union; he never wavered in his "paramount object" to restore national unity despite war-weariness and repeated defeats; he did what was necessary, without regard to political objections in Congress or personal popularity; and

WHEREAS, On January 1, 1863, President Lincoln issued the Emancipation Proclamation that declared forever slaves free within the Confederacy; with the possibility that his action would not be sustained by the Supreme Court, he strongly urged and succeeded in getting Congress to adopt the 13th Amendment, forever abolishing slavery throughout the country; realizing that minimal guarantees of civil rights for blacks were essential, he began to advocate for equality by the end of the war; and

WHEREAS, Partly because of his single-minded dedication, the American people, in time, gave to Abraham Lincoln a loyalty that proved to be another of his great assets; he learned what ordinary citizens felt about their government by making himself accessible to all who went to the White House; his mastery of rhetoric further endeared him to the public; he wrote clearly and succinctly in an age of pretentious orators; his 268-word address meant more than the preceding 2-hour oration by Edward Everett at the dedication of the national cemetery at Gettysburg; the clear focus and eloquent, sophisticated style of the Gettysburg address has helped it survive for more than a hundred years as one of the greatest speeches ever delivered; and

WHEREAS, Lincoln was inaugurated into his second term as President on March 4, 1865, overwhelmingly defeating Union General George B. McClellan; he enunciated a comprehensive reconstruction program, pledging pardon and amnesty to Confederates who were prepared to swear loyalty to the Union and promising to turn back control of local governments to the civil authorities in the South; on April 14, 1865, one month after taking office, he was shot and killed while attending a performance at Ford's Theater in Washington; and

WHEREAS, Illinois is where Mr. Lincoln lived, worked, and spent many happy days in the municipalities of New Salem, and Springfield; throughout his days in public service he embodied personal integrity, intelligence, and humanity; it is only fitting and proper that this great President who played such a vital role as the leader in preserving the Union and abolished slavery in the United States should be duly honored and commemorated by the gracious people of this State to whom Abraham Lincoln brought so much character, determination, and perseverance in the Illinois General Assembly, United States Congress, and as the President of the United States; and

WHEREAS, On February 6, 1911, Ronald Wilson Reagan was born to Nelle and John
Reagan in Tampico, Illinois; he attended high school in nearby Dixon and then worked his way through Eureka College; at Eureka College, he studied economics and sociology, played on the football team, and acted in school plays; upon graduation, he became a radio sports announcer; a screen test in 1937 won him a contract in Hollywood and during the next 2 decades he appeared in 53 films; and

WHEREAS, As President of the Screen Actors Guild, Ronald Reagan became embroiled in disputes over the issue of Communism in the film industry; his political views shifted from liberal to conservative; he toured the country as a television host, becoming a spokesman for conservatism; in 1966 he was elected Governor of California by a margin of a million votes; he was re-elected in 1970; and

WHEREAS, Ronald Reagan won the Republican presidential nomination in 1980 and chose as his running mate former Texas Congressman and United Nations Ambassador George Bush; voters troubled by inflation and by the year-long confinement of Americans in Iran swept the Republican into office; and

WHEREAS, On January 20, 1981, Mr. Reagan took office; only 69 days later he was shot by a would-be assassin but quickly recovered and returned to duty; his grace and wit during the dangerous incident caused his popularity to soar; and

WHEREAS, Dealing skillfully with Congress, Reagan obtained legislation to stimulate economic growth, curb inflation, increase employment, and strengthen national defense; he embarked upon a course of cutting taxes and government expenditures, refusing to deviate from his course when the strengthening of defense forces led to a large deficit; and

WHEREAS, A renewal of national self-confidence by 1984 helped President Reagan and Vice President Bush win a second term with an unprecedented number of electoral votes; and

WHEREAS, In 1986, Ronald Reagan obtained an overhaul of the Income Tax Code that eliminated many deductions and exempted millions of people with low incomes; at the end of his administration, the nation was enjoying its longest recorded period of peacetime prosperity without recession or depression; and

WHEREAS, In foreign policy, Ronald Reagan sought to achieve "peace through strength"; in dramatic meetings with Soviet leader Mikhail Gorbachev, he negotiated a treaty that would eliminate intermediate-range nuclear missiles; President Reagan declared war against international terrorism, sending American bombers against Libya after evidence came out that Libya was involved in an attack on American soldiers in a West Berlin nightclub; and

WHEREAS, By ordering naval escorts in the Persian Gulf, he maintained the free flow of oil during the Iran-Iraq war; in keeping with the Reagan Doctrine, he gave support to anti-Communist insurgencies in Central America, Asia, and Africa; and

WHEREAS, At the end of his 2 terms in office, Ronald Reagan viewed with satisfaction the achievements of his innovative program known as the Reagan Revolution, which aimed to reinvigorate the American people and reduce their reliance upon government; he felt he had fulfilled his campaign pledge of 1980 to restore "the great, confident roar of American progress and growth and optimism"; and

WHEREAS, The Reagan years saw a restoration of prosperity, and the goal of peace through strength was within the nation's grasp; and

WHEREAS, Ulysses Simpson (U.S. "Unconditional Surrender") Grant was the best-known Federal general in the United States Civil War; because of his military prowess and daring, he helped to shorten the time of that great and bitter conflict; and

WHEREAS, U.S. Grant's exploits in the Civil War earned him the Republican nomination and ultimately 2 terms as the 18th President of the United States; as President, he pushed for conciliation toward the South, sought unconditional readmission of Virginia to the Union, relentlessly opposed the Ku Klux Klan in his ever stalwart detestation of slavery and its aftermath, and established a strong record in foreign affairs; and

WHEREAS, Although dying of throat cancer, he wrote his now classic memoirs in an effort to support his family and to guarantee that they would be provided for upon his death; and

WHEREAS, U.S. Grant died on July 23, 1885, and his body was finally laid to rest amidst much pomp, circumstance, parades, and speeches; and

WHEREAS, Illinois is where U.S. Grant lived, worked, and spent many happy days in the
municipality of Galena; and it is only fitting and proper that this great General and President who played such a critical role in saving the Republic should be duly honored and commemorated by the gracious people of this state to whom Grant brought so much glory; therefore be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-FIRST GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE SENATE CONCURRING HEREIN, that the great contributions of Illinois' Presidents, Abraham Lincoln, Ronald Reagan, and Ulysses Simpson Grant and Governor Adlai Stevenson and Mayors Richard J. Daley and Harold Washington, to the State of Illinois and to the entire nation, should be commemorated by the State Treasurer in accordance with the Commemorative Medallions Act.

SAVE ILLINOIS MILITARY BASES
(House Joint Resolution 20)

WHEREAS, During recent budget negotiations, President Clinton called for two additional rounds of defense base realignment and closure (BRAC) in Fiscal Years 2001 and 2005; Illinois has four military bases in danger of being closed; the shutdown of any of these four military bases would have extremely adverse economic and social effects upon the local communities around the bases and to the State of Illinois as a whole; and
WHEREAS, Scott Air Force Base, located in St. Clair County in Southwestern Illinois, is the seventh largest employer in the bi-state St. Louis metropolitan area and one of the largest employers in downstate Illinois; nearly 40,000 individuals are connected with Scott Air Force Base, as either military or civilian personnel, their dependents, and retirees; the loss of these individuals and their families and retirees would have an adverse impact upon the communities in Southwestern Illinois; a recent Air Force analysis has estimated the annual impact of Scott Air Force Base is over $1 billion; the closure of this base would have a devastating economic impact upon the region and the State of Illinois as a whole; and
WHEREAS, The Charles Melvin Price Support Center, located in Madison County, is in the process of being declared excess property and State support is needed to keep this base from closing; if efforts to keep this base open are unsuccessful, State support is needed for successful redevelopment to assist the local community with environmental remediation of the site and infrastructure improvements to the site in order to improve the economic situation in this area; and
WHEREAS, The Rock Island Arsenal, located in Rock Island, Illinois, is the second largest employer in the Quad City region; the base was originally built in 1816 and is a National Historic
Landmark; 28,110 individuals are directly affected by the Rock Island Arsenal, including personnel, their families, and retirees; the Department of Commerce and Community Affairs estimates that the annual economic impact of this base to be $548 million to the Quad Cities and the State of Illinois; the closure of the Rock Island Arsenal would have a dramatically negative effect upon the Quad Cities area and the State of Illinois; and

WHEREAS, The Great Lakes Naval Training Center, located North of Chicago, is an important economic and social influence on the surrounding communities; 28,500 individuals are tied to the base, as either military personnel, family members, or civilian employees; the Training Center also includes the 139 bed Great Lakes Naval Hospital; the termination of the Great Lakes Naval Training Center would have an adverse effect upon the surrounding community, the City of Chicago, and the State of Illinois; and

WHEREAS, Other states have made a significant effort to protect and retain the military bases in their respective states; last year Mississippi spent nearly $50 million to take steps to protect its military bases; New York will spend nearly $2.5 million to protect its Air Force Base in Rome, N.Y.; states in the Southwestern region of the United States have banded together in a joint effort to protect and retain their bases; and

WHEREAS, Governor George Ryan and members of the General Assembly representing the areas most directly affected by potential base closures are taking a leading role to enlist State assistance to help local communities, as other states have done; all four military bases are vital economically and important to the community life in the surrounding areas, as well as, a benefit to the entire State of Illinois; therefore be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-FIRST GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE SENATE CONCURRING HEREIN, that we urge the General Assembly and the Governor to make the effort of saving the bases a top priority by having the Department of Commerce and Community Affairs be the lead agency to coordinate and assist local and State efforts to save Illinois' military bases; we urge the State to provide financial assistance to State agencies, local government, and other local entities, subject to appropriations, to help the effort to save the bases; and be it further

RESOLVED, That suitable copies of this resolution be delivered to the Governor, the Speaker of the Illinois House of Representatives, and the President of the Illinois Senate.

Standards for Certification of Special Education Teachers (House)
(House Joint Resolution 61)

WHEREAS, Improving educational results for children with disabilities is an essential element of ensuring equality of opportunity, full participation, independent living, and economic self-sufficiency for individuals with disabilities; and

WHEREAS, It is the policy of this State to ensure that all children with disabilities have available to them a free, appropriate public education, in the least restrictive environment, that emphasizes special education and related services designed to meet their unique needs and prepare them for employment and independent living; and

WHEREAS, A highly skilled and qualified special education teacher workforce is critical to ensuring that children with disabilities will have the skills and knowledge necessary to meet their developmental goals, to meet, to the maximum extent possible, those challenging expectations that have been set for all children, and to be prepared to lead productive, independent adult lives; and

WHEREAS, More than 2 years ago, the State Board of Education began working with a wide variety of stakeholders to identify standards that Illinois teachers need to know and be able to do to earn initial certification; and

WHEREAS, That process was accelerated with respect to special education teachers as a result of the Corey H. lawsuit and settlement agreement; and

WHEREAS, The State Board of Education has proposed a new special education certification structure that recognizes a common core of instructional skills that special education teachers need in working with their students; and

WHEREAS, The General Assembly is concerned that children with disabilities be provided with the most effective and appropriately trained special education teachers; therefore be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-FIRST GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE SENATE CONCURRING HEREBIN, that the State Board of Education is directed to refrain from implementing any new
system for the certification of special education teachers until January 1, 2001 and to consult with the legislative leadership and appropriate committees before implementation; and be it further

RESOLVED, That such consultation shall include but not be limited to (i) the provision of a written rationale for any decision, including alternatives considered, by the State Board of Education to implement a new system for the certification of special education teachers and (ii) participation by the State Board of Education in a hearing or hearings before the appropriate legislative committee or committees; and be it further

RESOLVED, That such committees of the House and Senate as may be directed by the Speaker of the House and President of the Senate, respectively, hold hearings and study the issue of the certification of special education teachers and report their findings and recommendations back to their respective chambers by no later than December 15, 2000; and be it further

RESOLVED, That the State Board of Education is directed to provide such information as may be requested by the study committees to assist them in carrying out their work; and be it further

RESOLVED, That suitable copies of this resolution be sent to the State Board of Education, the State Superintendent of Education, and the State Teacher Certification Board.

STANDARDS FOR CERTIFICATION OF SPECIAL EDUCATION TEACHERS (SENATE) (Senate Joint Resolution 26)

WHEREAS, On October 12, 2000, the State Board of Education adopted an amendment by peremptory rulemaking for rules titled "Certification" (23 Ill. Adm. Code 25; 24 Ill. Reg. 16109); and

WHEREAS, The peremptory amendment adopted by the State Board of Education repeals a rule limiting special education teachers with certificates endorsed for specific disabilities to teaching only students with those disabilities; and

WHEREAS, This rulemaking is in response to a court order issued on September 12, 2000, in Corey H., et al., v. Board of Education of City of Chicago, et al., No. 92 C 3409 (9/12/00, U.S. District Court for the Northern District of Illinois, Eastern Division); among the dispositions by the court-appointed monitor was a requirement that the State Board of Education repeal, via peremptory rulemaking, categorical certification language from 23 Ill. Adm. Code 25, Appendix C; and

WHEREAS, The Joint Committee on Administrative Rules, during its review of the peremptory rulemaking as directed by the Illinois Administrative Procedure Act, determined that the continued enforcement of this rulemaking would constitute a serious threat to the public interest, safety, and welfare and particularly the welfare of this State's special education students; implementation of this rulemaking may result in unqualified teachers being assigned to students for whom the teacher has no training or preparation; and

WHEREAS, Based on this determination, the Joint Committee on Administrative Rules suspended this rulemaking; and

WHEREAS, Because Section 5-125 of the Illinois Administrative Procedure Act states that a suspension of an agency's peremptory rulemaking is effective for a period of at least 180 days, the suspension issued by the Joint Committee on Administrative Rules, which commenced on February 21, 2001, will terminate on August 19, 2001, unless continued by the adoption of this joint resolution by both houses of the General Assembly as provided in subsection (c) of Section 5-125 of the Illinois Administrative Procedure Act; and

WHEREAS, On October 27, 2000, the State Board of Education adopted new rules through a second peremptory rulemaking titled "Standards for Certification in Special Education" (23 Ill. Adm. Code 28; 24 Ill. Reg. 16738); and

WHEREAS, The peremptory rules adopted by the State Board of Education create 2 categories of special education teachers, Learning Behavior Specialist (LBS) I and II, and create a common core of standards for all special education teachers and specific content-area standards
for LBS I (deaf or hard-of-hearing, blind or visually impaired, or a combination of both) and LBS II (speech-language pathologists, early childhood special education teachers, and learning behavior specialists); LBS II persons can be further categorized as specialists, i.e. as a transition specialist, technology specialist, bilingual special education specialist, blind specialist, behavior intervention specialist, curriculum adaptation specialist, or multiple disabilities specialist; and

WHEREAS, The standards will affect both special education teachers and the academic programs that prepare them; beginning on July 31, 2002, special education teacher preparation programs will be not approved by the State Board of Education if they do not include these new common core standards; beginning on January 1, 2003, any examination required for special education certification must assess the candidate's competence in relation to these standards; for each category of special education (deaf, early childhood, etc.), a teacher must understand the foundations of special education, characteristics of the relevant category of students, assessment procedures, instructional planning and delivery, learning environments, collaborative relationships, professional conduct and leadership, and reflection and professional growth; and

WHEREAS, This second peremptory rulemaking is in response to the court order in which the State Board of Education was directed to adopt the peremptory rules for special education teacher certification standards; and

WHEREAS, The Joint Committee on Administrative Rules, during its review of the second peremptory rulemaking as directed by the Illinois Administrative Procedure Act, determined that the continued enforcement of this rulemaking would constitute a serious threat to the public interest and welfare and that the reasons for the suspension are as follows:

(1) educational professionals have argued that the teacher training scenario outlined in this rulemaking will result in teachers who are not as qualified to teach children with special needs as are teachers trained under the previous standards;

(2) the rules place an unreasonable economic burden on special education teachers who will be required to undergo additional training for the new certification, on school districts that will need to hire special education teachers with appropriate credentials and to supply supplemental services to assist the children with disabilities in regular classroom instruction, on higher education facilities that will need to revamp their teacher preparation programs to implement these new special education common core standards, and on the State Board of Education, which is charged with implementing the new certification program standards; and

(3) the economic hardship being created by this rulemaking could result in the availability of fewer qualified teachers to serve special education students; and

WHEREAS, Based on this determination, the Joint Committee on Administrative Rules suspended the second peremptory rulemaking; an

WHEREAS, Because Section 5-125 of the Illinois Administrative Procedure Act states that a suspension of an agency's peremptory rulemaking is effective for a period of at least 180 days, the suspension issued by the Joint Committee on Administrative Rules, which commenced on January 9, 2001, will terminate on July 7, 2001, unless continued by the adoption of this joint resolution by both houses of the General Assembly as provided in subsection (c) of Section 5-125 of the Illinois Administrative Procedure Act; therefore be it

RESOLVED, BY THE SENATE OF THE NINETY-SECOND GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE HOUSE OF REPRESENTATIVES CONCURRING HERELN, that the General Assembly hereby continues the 2 suspensions issued by the Joint Committee on Administrative Rules on January 9, 2001, and February 21, 2001, respectively, of the State Board of Education's 2 peremptory rulemakings titled "Standards for Certification in Special Education" (23 Ill. Adm. Code 28; 24 Ill. Reg. 16738) and "Certifications" (23 Ill. Adm. Code 25; 24 Ill. Reg. 16109); and be it further

RESOLVED, That suitable copies of this resolution be delivered to the Executive Director of the Joint Committee on Administrative Rules and to the State Superintendent of Education.

AMENDMENT TO EXECUTIVE ORDER NUMBER 7 (2000) WHICH CREATED THE GREEN ILLINOIS COMMUNITIES DEMONSTRATION PROGRAM

WHEREAS, Executive Order Number 7 (2000) established the Green Illinois Communities Demonstration Program; and

WHEREAS, as part of the Green Illinois Communities Demonstration Program, the Illinois Environmental Protection Agency is directed and authorized to enter into partnership agreements with three communities; and

WHEREAS, the Green Illinois Communities Demonstration Program will better benefit the State of Illinois by allowing the Illinois Environmental Protection Agency to enter into partnership agreements with a greater number of communities; and

NOW, THEREFORE, BE IT RESOLVED that I, George Ryan, by virtue of the power vested in me as Governor, do hereby amend Executive Order Number 7 (2000) as follows:

1. Paragraph number one of the Order is amended to read as follows:

1. The Illinois EPA, in cooperation with the Illinois Department of Natural Resources, Illinois Department of Agriculture, Illinois Department of Commerce and Community Affairs and the Illinois Waste Management and Research Center, is directed and authorized to enter into partnership agreements with communities in the state that wish to build their capacity to protect the environment while enhancing community well-being.

2. Paragraph number two of the Order is amended to read as follows:

2. In selecting communities to participate in this demonstration program, the Illinois EPA shall ensure participation
by communities of different sizes and characteristics. The program shall, to the greatest extent practicable, advance the following broad principles of sustainability: restoring critical ecosystems; achieving a cleaner, healthier environment; protecting and enhancing wildlife habitat and natural areas; using energy, water and other resources efficiently; reducing reliance on non-renewable resources, expanding environmental awareness and creating quality, prosperous communities. For the purposes of this program, the term “community” can mean one or more local governments, a neighborhood within a large city, an appropriately-scaled watershed or some other specific geographic area with which people identify or share common interests.

3. Paragraph number four of the Order is amended to read as follows:

4. Upon selection for participation in the Green Illinois Communities Demonstration Program, the community shall receive the following benefits: financial support to facilitate planning and outreach-related programs, technical support in identifying and assessing community environmental conditions; timely notice, priority consideration and expedited review for state funding initiatives; technical, networking and peer-to-peer informational assistance; and assistance in seeking and leveraging federal and private sector funding sources. The Illinois EPA shall administer the Green Illinois Communities Demonstration Program, including but not limited to any financial support provided to communities under the program.

EXECUTIVE ORDER REGARDING THE MILITARY RESPONSE TO THE SEPTEMBER 11, 2001 TERRORIST ATTACK

WHEREAS, the President of the United States has ordered a partial mobilization of National Guard and Reserve personnel in response to the terrorist attack on the World Trade Center and Pentagon on September 11, 2001; and

WHEREAS, some State of Illinois employees have been activated and others may be called to serve in active military duty in response to the terrorist attack on the World Trade Center and Pentagon on September 11, 2001; and

WHEREAS, no state employee should lose compensation or benefits because of military service in this effort;

THEREFORE, I, George H. Ryan, order the following:

I. That any full-time employee of the State of Illinois under my control, who is a member of any reserve component of the United States Armed Forces, including the Illinois National Guard, who is mobilized to active military duty in response to the above terrorist attacks, shall continue to receive his or her regular compensation as a State employee, plus any health insurance and
other benefits he or she is currently receiving, minus the amount of his or her base pay for military activities.

II. I further order the Department of Central Management Services to immediately commence negotiations with the appropriate collective bargaining representatives on terms and conditions consistent with this order. CMS also shall coordinate with all other State and federal agencies and take all other actions necessary to implement this order.

2001-11
EXECUTIVE ORDER FOR STATE GOVERNMENT “GREEN ACTIVITIES”

WHEREAS, pursuant to Executive Order No. 6 (2000), I created the Illinois Green Government Coordinating Council as a part of my Program, “Green Illinois” to help state executive agencies improve the environmental efficiency of their facilities and operations;

WHEREAS, the Council has compiled information on state government environmental programs and identified a number of best management practices that agencies can take to improve environmental and resource conservation efforts;

WHEREAS, state government has made great strides in protecting the environment and saving resources, but there is still more that can be done;

WHEREAS, state government can save money and improve operating efficiency by reducing waste generation, saving energy and conserving resources;

WHEREAS, state government should provide leadership in environmental stewardship and serve as a model for private and public institutions.

NOW THEREFORE, by the authority vested in me as Governor by the Constitution and laws of Illinois, I do hereby order the following steps to be taken:

1. Waste Reduction
a. On or before March 1, 2002, each executive state agency shall implement the following best management practices to reduce waste generation:
   i. Whenever possible, specify that all new and re-manufactured photocopy machines and printers purchased shall have duplexing (double-sided) capability.
   ii. Require all laser printing jobs to be double-sided unless specific justification is provided not to do so. Exceptions may be provided when existing technology does not allow for duplexing or when specific documents require single-sided printing.
   iii. Conduct an educational program to encourage employees to copy on both sides of paper, make the least number of hard copies necessary, route documents rather than distribute copies, post memos and bulletins in central locations, proof documents on the computer, store files electronically rather than in hard copy, avoid needless printing of email, and take other reasonable steps to save paper.
iv. Where appropriate, eliminate unnecessary paper transactions by increasing the use of electronic media, such as email and the Internet, to circulate or distribute announcements, memoranda, documents, reports, forms, manuals and publications.

v. Encourage the use of self-sticking addressing labels instead of printing full-fax cover sheets.

vi. Use rechargeable batteries, whenever possible.

vii. Establish office reuse programs (e.g., reuse cabinets, rooms or online exchanges) where unneeded supplies can be returned for reuse.

viii. Create a system to keep distribution and mailing lists current to avoid duplication.

ix. Discourage the use of disposable products when reusable products are available and economically viable.

x. To the extent feasible, acquire items that are more durable, have minimal packaging or are readily recyclable when discarded.

xi. Provide ongoing training and education to employees to enhance participation in recycling programs.

2. Energy Efficiency

a. On or before March 1, 2002, each executive state agency shall implement the following best management practices to reduce energy consumption:

i. Specify that all new electronic office equipment purchased, including computers, monitors, printers, scanners, fax machines and copiers, shall be Energy Star™ compliant. Each agency shall institute procedures to ensure the energy-saving feature in all Energy Star™ electronic office equipment is activated, unless it is demonstrated to the Illinois Green Government Coordinating Council that this feature will hinder the performance of specific equipment, file servers or networking applications.

ii. Conduct an educational program to encourage employees to turn off lights, computers, copying and other machines and equipment when not needed.

iii. Establish procedures to adjust window treatments to take advantage of solar heat gain during winter daylight hours and repel solar heat gain during summer daylight hours.

b. On or before June 1, 2002, each executive state agency that owns, operates or maintains a building shall implement the following best management practices to improve energy efficiency:

i. Establish a program to perform regular maintenance on all lighting, heating, ventilation and air conditioning systems, such as lubricating, vacuuming, cleaning and checking seals, to ensure optimum efficiency.

ii. Establish a program to evaluate the feasibility of converting to more energy-efficient lighting systems (e.g., compact fluorescent bulbs, T-10 & T-8 lighting fixtures, electronic ballasts, light-emitting diodes exit signs, occupancy sensors, and lighting controls). Based on this review, each state agency shall establish goals for making cost-effective lighting efficiency improvements that reduce electricity costs and maintain illumination quality.

iii. Establish procedures to identify and eliminate leaks in building exteriors, such as walls, windows, doors, ceilings and floors.
iv. Establish procedures to reduce unnecessary use of lighting, heating, ventilation and air conditioning systems during unoccupied hours, and to adjust thermostats to maximize energy savings while providing occupant comfort, where appropriate.

v. Evaluate the feasibility of decreasing turf areas by using low-maintenance native plants, and establish goals to convert to cost-effective native landscaping practices to reduce mowing and conserve gasoline.

c. On or before March 1, 2002, each executive state agency that maintains a vehicle fleet shall implement the following best management practices to reduce fuel consumption.

i. Establish a program to decrease the amount of gasoline and diesel fuel used in state vehicles and equipment by increasing vehicle fleet fuel economy and improving operational efficiency through regular scheduled maintenance.

ii. Limit the purchase of sport utility vehicles and similar specialty vehicles to situations where there is a clear operational need for such vehicles.

iii. Increase employee awareness of gasoline refueling stations that dispense 85% ethanol blended (E-85) fuel for flexible fuel vehicles in the fleet.

iv. Conduct an educational program to encourage employees to drive more efficiently to save fuel in state vehicles.

v. Encourage employees to carpool with other state employees traveling to the same meeting or event.

vi. Where appropriate, create incentives for employees to carpool to work, such as creating informational ride-boards and providing preferred parking.

3. Environmentally Preferable Purchasing

a. On or before February 1, 2002, the Department of Central Management Services (CMS) shall review and update its qualified product lists and master contracts to ensure the availability of the following products for state agencies to purchase:

i. Zero to low volatile organic compound (VOC) paints that meet Green Seal standards for interior and exterior coatings,

ii. Post-consumer recycled content carpets, carpet tiles and carpet backing,

iii. Energy Star™ compliant computers, monitors, printers, scanners, fax machines and copiers.

iv. Photocopy machines and printers with duplexing capability.

b. Beginning March 1, 2002, each state executive agency that owns, operates or maintains a building, whenever possible, shall specify that paints purchased for remodeling, repair and renovation projects be zero or low VOC paints.

c. Beginning March 1, 2002, each state executive agency that owns, operates or maintains a building, whenever possible, shall specify that carpeting and carpet backing purchased for remodeling and renovation projects contain post-consumer recycled content. In addition, each agency, whenever possible, shall specify and use carpet installation products that meet the Carpet and Rug Institute Indoor Air Quality Carpet Test Green Label Guidelines.

d. Nothing in the above provisions shall preclude state executive agencies from continuing to consider costs, availability and quality or performance specifications in making procurement decisions.
e. On or before June 1, 2002, the Department of Central Management Services, in collaboration with the Illinois Environmental Protection Agency and the Illinois Department of Commerce and Community Affairs, shall prepare educational materials and conduct outreach to promote acceptance of environmentally preferable products that have the potential for widespread applications throughout government operations. For the purposes of this section, the term “environmentally preferable products” means purchasing products or services that have a lesser or reduced effect on human health and the environment when compared with competing products or services that serve the same or similar purposes. It includes but is not limited to products or services which contain recycled content, minimize waste, conserve energy or water, involve the use of renewable resources or alternative fuels, and reduce the amount of toxins disposed or consumed.

4. Green Buildings
4 a. On or before June 1, 2002, the Illinois Capital Development Board shall convene an advisory group to develop a set of policy and program recommendations to expand green building practices in state construction and renovation projects. The advisory group, among other things, shall:
   i. Develop a consensus definition of “green buildings,”
   ii. Identify decision-making tools and planning approaches that facilitate the incorporation of green building features into new and renovated facilities,
   iii. Develop flexible green building performance guidelines for state projects, taking into account practical requirements of building design and construction as well as costs, client or agency needs, building code requirements and changing technologies.

5. Technical Assistance
a. The Illinois Green Government Coordinating Council shall take all actions necessary to assist state executive agencies in complying with the requirements of this order, including but not limited to providing guidance, coordinating appropriate educational programs and developing resource materials.

6. Effective Date
This Executive order shall be effective immediately.
Issued by the Governor December 5, 2001.
Filed with the Secretary of State December 5, 2001.
