EFFECTIVE DATES OF PUBLIC ACTS

1970 CONSTITUTION, ARTICLE IV

"§ 10. Effective Date of Laws
The General Assembly shall provide by law for a uniform effective date for laws passed prior to July 1 of a calendar year. The General Assembly may provide for a different effective date in any law passed prior to July 1. A bill passed after June 30 shall not become effective prior to July 1 of the next calendar year unless the General Assembly by the vote of three-fifths of the members elected to each house provides for an earlier effective date."

5 ILLINOIS COMPILED STATUTES CHAPTER 75

75/1. Effective Date of Laws
"§1 (a) A bill passed after June 30 of a calendar year shall become effective on July 1 of the next calendar year unless the General Assembly by a vote of three-fifths of the members elected to each house provides for an earlier effective date in the terms of the bill or unless the General Assembly provides for a later effective date in the terms of the bill; provided that if the effective date provided in the terms of the bill is prior to the date the bill becomes a law then the date the bill becomes a law shall be the effective date." (a) A bill passed prior to July 1 of a calendar year that does not provide for an effective date in the terms of the bill shall become effective on January 1 of the following year, or upon its becoming a law, whichever is later.
(b) A bill passed prior to July 1 of a calendar year that does provide for an effective date in the terms of the bill shall become effective on that date if that date is the same as or subsequent to the date the bill becomes a law; provided that if the effective date provided in the terms of the bill is prior to the date the bill becomes a law then the date the bill becomes a law shall be the effective date."

75/2. Special Effective Dates
"§2 A bill passed after June 30 of a calendar year shall become effective on July 1 of the next calendar year unless the General Assembly by a vote of three-fifths of the members elected to each house provides for an earlier effective date in the terms of the bill or unless the General Assembly provides for a later effective date in the terms of the bill; provided that if the effective date provided in the terms of the bill is prior to the date the bill becomes a law then the date the bill becomes a law shall be the effective date."

AN ACT concerning higher education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Public Community College Act is amended by changing Sections 3-7 and 3-8 as follows:

(110 ILCS 805/3-7) (from Ch. 122, par. 103-7)
Sec. 3-7. The election of the members of the board of trustees shall be nonpartisan and shall be held at the time and in the manner provided in the general election law.

Unless otherwise provided in this Act, members shall be elected to serve 6 year terms. The term of members elected in 1985 and thereafter shall be from the date the member is officially determined to be elected to the board by a canvass conducted pursuant to the Election Code, to the date that the winner of the seat is officially determined by the canvass conducted pursuant to the Election Code the next time the seat on the board is to be filled by election.

A board of trustees of a community college district which is contiguous or has been contiguous to an experimental community college district as authorized and defined by Article IV of this Act may, on its own motion, or shall, upon the petition of the lesser of 1/10 or 2,000 of the voters registered in the district, order submitted to the voters of the district at the next general election the proposition for the election of board members by trustee district rather than at large, and such proposition shall thereupon be certified by the secretary of the board to the proper election authority in accordance with the general election law for submission.

If the proposition is approved by a majority of those voting on the proposition, the State Board of Elections, in 1991, shall reapportion the trustee districts to reflect the results of the last decennial census, and shall divide the community college district into 7 trustee districts, each of which shall be compact, contiguous and substantially equal in population to each other district. In 2001, and in the year following each decennial census thereafter, the board of trustees of community college District #522 shall reapportion the trustee districts to reflect the results of the census, and shall divide the community college district into 7 trustee districts, each of which shall be compact, contiguous, and substantially equal in population to each other district. The division of the community college district into trustee districts shall be completed and formally approved by a majority of the members appointed to the State Board of Elections with respect to the initial division of the community college district into 7 trustee districts in 1991, and by a majority of the members of the board of trustees of community college District #522 in 2001 and in with respect to the year following each decennial census thereafter, not less than 60 days before the last date established by the general election law for the submission of nominating petitions for the next regularly scheduled election for community college trustees. At the same meeting of the board of trustees, the board shall, publicly by lot, divide the trustee districts as equally as possible into 2 groups. Beginning in 2003 and every 10 years thereafter, trustees or their successors from one group shall be elected for successive terms of 4 years and 6 years; and members or their successors from the second group shall be elected for successive terms of 6 years and 4 years. One member shall be elected from each such trustee district.

Each member elected in 2001 shall be elected at the 2001 consolidated election from the trustee districts established in 1991. The term of each member elected in 2001 shall end on the date that the trustees elected in 2003 are officially determined by a canvass conducted pursuant to the Election Code.

Each member must on the date of his election be a citizen of the United States, of the age of 18 years or over, and a resident of the State and the territory which on the date of the election is included in the community college district for at least one year immediately preceding his election. In the event a person who is a member of a common school board is elected or appointed to a board of trustees of a community college district, that person shall be permitted to serve the remainder of his or her term of office as a member of the common school board. Upon the expiration of the common school board term, that person shall not be eligible for election or appointment to a common school board during the term of office with the community college district board of trustees.

Whenever a vacancy occurs, the remaining members shall fill the vacancy, and the person
so appointed shall serve until a successor is elected at the next regular election for board members and is certified in accordance with Sections 22-17 and 22-18 of the Election Code. If the remaining members fail so to act within 60 days after the vacancy occurs, the chairman of the State Board shall fill that vacancy, and the person so appointed shall serve until a successor is elected at the next regular election for board members and is certified in accordance with Sections 22-17 and 22-18 of the Election Code. The person appointed to fill the vacancy shall have the same residential qualifications as his predecessor in office was required to have. In either instance, if the vacancy occurs with less than 4 months remaining before the next scheduled consolidated election, and the term of office of the board member vacating the position is not scheduled to expire at that election, then the term of the person so appointed shall extend through that election and until the succeeding consolidated election. If the term of office of the board member vacating the position is scheduled to expire at the upcoming consolidated election, the appointed member shall serve only until a successor is elected and qualified at that election.

Members of the board shall serve without compensation but shall be reimbursed for their reasonable expenses incurred in connection with their service as members. Compensation, for purposes of this Section, means any salary or other benefits not expressly authorized by this Act to be provided or paid to, for or on behalf of members of the board. The board of each community college district may adopt a policy providing for the issuance of bank credit cards, for use by any board member who requests the same in writing and agrees to use the card only for the reasonable expenses which he or she incurs in connection with his or her service as a board member. Expenses charged to such credit cards shall be accounted for separately and shall be submitted to the chief financial officer of the district for review prior to being reported to the board at its next regular meeting.

Except in an election of the initial board for a new community college district created pursuant to Section 6-6.1, the ballot for the election of members of the board for a community college district shall indicate the length of term for each office to be filled. In the election of a board for any community college district, the ballot shall not contain any political party designation.

Sec. 3-8. Following each election and canvass, the new board shall hold its organizational meeting on or before the 14th day after the election, except that in 1999, 2001, and 2003 (except District #522) the board shall organize within 14 days after the first Tuesday after the first Monday of November in each of those 3 years. In 2003 in District #522, the new board shall hold its organizational meeting on or before the 14th day after the consolidated election. If the election is the initial election ordered by the regional superintendent, the organizational meeting shall be convened by the regional superintendent, who shall preside over the meeting until the election for chairman, vice chairman and secretary of board is completed. At all other organizational meetings, the chairman of the board, or, in his or her absence, the president of the community college or acting chief executive officer of the college shall convene the new board, and conduct the election for chairman, vice chairman and secretary. The board shall then proceed with its organization under the newly elected board officers, and shall fix a time and place for its regular meetings. It shall than enter upon the discharge of its duties. The terms of board office shall be 2 years, except that the board by resolution may establish a policy for the terms of office to be one year, and provide for the election of officers for the remaining one year period. Terms of members are subject to Section 2A-54 of the Election Code.

Special meetings of the board may be called by the chairman or by any 3 members of the board by giving notice thereof in writing stating the time, place and purpose of the meeting. Such notice may be served by mail 48 hours before the meeting or by personal service 24 hours before the meeting.

At each regular and special meeting which is open to the public, members of the public and employees of the community college district shall be afforded time, subject to reasonable constraints, to comment to or ask questions of the board.

AN ACT concerning the comprehensive health insurance plan.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Comprehensive Health Insurance Plan Act is amended by changing Section 8 as follows:

(215 ILCS 105/8) (from Ch. 73, par. 1308)
Sec. 8. Minimum benefits.

a. Availability. The Plan shall offer in an annually renewable policy major medical expense coverage to every eligible person who is not eligible for Medicare. Major medical expense coverage offered by the Plan shall pay an eligible person's covered expenses, subject to limit on the deductible and coinsurance payments authorized under paragraph (4) of subsection d of this Section, up to a lifetime benefit limit of $1,000,000 per covered individual. The maximum limit under this subsection shall not be altered by the Board, and no actuarial equivalent benefit may be substituted by the Board. Any person who otherwise would qualify for coverage under the Plan, but is excluded because he or she is eligible for Medicare, shall be eligible for any separate Medicare supplement policy or policies which the Board may offer.

b. Outline of benefits. Covered expenses shall be limited to the usual and customary charge, including negotiated fees, in the locality for the following services and articles when prescribed by a physician and determined by the Plan to be medically necessary for the following areas of services, subject to such separate deductibles, co-payments, exclusions, and other limitations on benefits as the Board shall establish and approve, and the other provisions of this Section:

(1) Hospital services, except that any services provided by a hospital that is located more than 75 miles outside the State of Illinois shall be covered only for a maximum of 45 days in any calendar year. With respect to covered expenses incurred during any calendar year ending on or after December 31, 1999, inpatient hospitalization of an eligible person for the treatment of mental illness at a hospital located within the State of Illinois shall be subject to the same terms and conditions as for any other illness.

(2) Professional services for the diagnosis or treatment of injuries, illnesses or conditions, other than dental and mental and nervous disorders as described in paragraph (17), which are rendered by a physician, or by other licensed professionals at the physician's direction. This includes reconstruction of the breast on which a mastectomy was performed; surgery and reconstruction of the other breast to produce a symmetrical appearance; and prostheses and treatment of physical complications at all stages of the mastectomy, including lymphedemas.

(2.5) Professional services provided by a physician to children under the age of 16 years for physical examinations and age appropriate immunizations ordered by a physician licensed to practice medicine in all its branches.

(3) (Blank).

(4) Outpatient prescription drugs that by law require a prescription written by a physician licensed to practice medicine in all its branches subject to such separate deductible, copayment, and other limitations or restrictions as the Board shall approve, including the use of a prescription drug card or any other program, or both.

(5) Skilled nursing services of a licensed skilled nursing facility for not more than 120 days during a policy year.

(6) Services of a home health agency in accord with a home health care plan, up to a maximum of 270 visits per year.

(7) Services of a licensed hospice for not more than 180 days during a policy year.

(8) Use of radium or other radioactive materials.

(9) Oxygen.

New matter indicated by italics - deletions by strikeout.
(10) Anesthetics.
(11) Orthoses and prostheses other than dental.
(12) Rental or purchase in accordance with Board policies or procedures of durable medical equipment, other than eyeglasses or hearing aids, for which there is no personal use in the absence of the condition for which it is prescribed.
(13) Diagnostic x-rays and laboratory tests.
(14) Oral surgery (i) for excision of partially or completely unerupted impacted teeth when not performed in connection with the routine extraction or repair of teeth; (ii) for excision of tumors or cysts of the jaws, cheeks, lips, tongue, and roof and floor of the mouth; (iii) required for correction of cleft lip and palate and other craniofacial and maxillofacial birth defects; or (iv) for treatment of injuries to natural teeth or a fractured jaw due to an accident.
(15) Physical, speech, and functional occupational therapy as medically necessary and provided by appropriate licensed professionals.
(16) Emergency and other medically necessary transportation provided by a licensed ambulance service to the nearest health care facility qualified to treat a covered illness, injury, or condition, subject to the provisions of the Emergency Medical Systems (EMS) Act.
(17) Outpatient services for diagnosis and treatment of mental and nervous disorders provided that a covered person shall be required to make a copayment not to exceed 50% and that the Plan's payment shall not exceed such amounts as are established by the Board.
(18) Human organ or tissue transplants specified by the Board that are performed at a hospital designated by the Board as a participating transplant center for that specific organ or tissue transplant.
(19) Naprapathic services, as appropriate, provided by a licensed naprapathic practitioner.

c. Exclusions. Covered expenses of the Plan shall not include the following:
(1) Any charge for treatment for cosmetic purposes other than for reconstructive surgery when the service is incidental to or follows surgery resulting from injury, sickness or other diseases of the involved part or surgery for the repair or treatment of a congenital bodily defect to restore normal bodily functions.
(2) Any charge for care that is primarily for rest, custodial, educational, or domiciliary purposes.
(3) Any charge for services in a private room to the extent it is in excess of the institution's charge for its most common semiprivate room, unless a private room is prescribed as medically necessary by a physician.
(4) That part of any charge for room and board or for services rendered or articles prescribed by a physician, dentist, or other health care personnel that exceeds the reasonable and customary charge in the locality or for any services or supplies not medically necessary for the diagnosed injury or illness.
(5) Any charge for services or articles the provision of which is not within the scope of licensure of the institution or individual providing the services or articles.
(6) Any expense incurred prior to the effective date of coverage by the Plan for the person on whose behalf the expense is incurred.
(7) Dental care, dental surgery, dental treatment, any other dental procedure involving the teeth or periodontium, or any dental appliances, including crowns, bridges, implants, or partial or complete dentures, except as specifically provided in paragraph (14) of subsection b of this Section.
(8) Eyeglasses, contact lenses, hearing aids or their fitting.
(9) Illness or injury due to acts of war.
(10) Services of blood donors and any fee for failure to replace the first 3 pints of blood provided to a covered person each policy year.
(11) Personal supplies or services provided by a hospital or nursing home, or any other nonmedical or nonprescribed supply or service.
(12) Routine maternity charges for a pregnancy, except where added as optional
coverage with payment of an additional premium for pregnancy resulting from conception occurring after the effective date of the optional coverage.

(13) (Blank).

(14) Any expense or charge for services, drugs, or supplies that are: (i) not provided in accord with generally accepted standards of current medical practice; (ii) for procedures, treatments, equipment, transplants, or implants, any of which are investigational, experimental, or for research purposes; (iii) investigative and not proven safe and effective; or (iv) for, or resulting from, a gender transformation operation.

(15) Any expense or charge for routine physical examinations or tests except as provided in item (2.5) of subsection b of this Section.

(16) Any expense for which a charge is not made in the absence of insurance or for which there is no legal obligation on the part of the patient to pay.

(17) Any expense incurred for benefits provided under the laws of the United States and this State, including Medicare, Medicaid, and other medical assistance, maternal and child health services and any other program that is administered or funded by the Department of Human Services, Department of Public Aid, or Department of Public Health, military service-connected disability payments, medical services provided for members of the armed forces and their dependents or employees of the armed forces of the United States, and medical services financed on behalf of all citizens by the United States.

(18) Any expense or charge for in vitro fertilization, artificial insemination, or any other artificial means used to cause pregnancy.

(19) Any expense or charge for oral contraceptives used for birth control or any other temporary birth control measures.

(20) Any expense or charge for sterilization or sterilization reversals.

(21) Any expense or charge for weight loss programs, exercise equipment, or treatment of obesity, except when certified by a physician as morbid obesity (at least 2 times normal body weight).

(22) Any expense or charge for acupuncture treatment unless used as an anesthetic agent for a covered surgery.

(23) Any expense or charge for or related to organ or tissue transplants other than those performed at a hospital with a Board approved organ transplant program that has been designated by the Board as a preferred or exclusive provider organization for that specific organ or tissue transplant.

(24) Any expense or charge for procedures, treatments, equipment, or services that are provided in special settings for research purposes or in a controlled environment, are being studied for safety, efficiency, and effectiveness, and are awaiting endorsement by the appropriate national medical specialty college for general use within the medical community.

d. Deductibles and coinsurance.

The Plan coverage defined in Section 6 shall provide for a choice of deductibles per individual as authorized by the Board. If 2 individual members of the same family household, who are both covered persons under the Plan, satisfy the same applicable deductibles, no other member of that family who is also a covered person under the Plan shall be required to meet any deductibles for the balance of that calendar year. The deductibles must be applied first to the authorized amount of covered expenses incurred by the covered person. A mandatory coinsurance requirement shall be imposed at the rate authorized by the Board in excess of the mandatory deductible, the coinsurance in the aggregate not to exceed such amounts as are authorized by the Board per annum. At its discretion the Board may, however, offer catastrophic coverages or other policies that provide for larger deductibles with or without coinsurance requirements. The deductibles and coinsurance factors may be adjusted annually according to the Medical Component of the Consumer Price Index.

e. Scope of coverage.

(1) In approving any of the benefit plans to be offered by the Plan, the Board shall establish such benefit levels, deductibles, coinsurance factors, exclusions, and limitations as it may deem appropriate and that it believes to be generally reflective of and commensurate with health insurance coverage that is provided in the individual market in this State.
(2) The benefit plans approved by the Board may also provide for and employ various
cost containment measures and other requirements including, but not limited to,
preadmission certification, prior approval, second surgical opinions, concurrent utilization
review programs, individual case management, preferred provider organizations, health
maintenance organizations, and other cost effective arrangements for paying for covered
expenses.

f. Preexisting conditions.
   (1) Except for federally eligible individuals qualifying for Plan coverage under Section
       15 of this Act or eligible persons who qualify for the waiver authorized in paragraph (3) of
       this subsection, plan coverage shall exclude charges or expenses incurred during the first 6
       months following the effective date of coverage as to any condition for which medical
       advice, care or treatment was recommended or received during the 6 month period
       immediately preceding the effective date of coverage.
   (2) (Blank).
   (3) Waiver: The preexisting condition exclusions as set forth in paragraph (1) of this
       subsection shall be waived to the extent to which the eligible person (a) has satisfied similar
       exclusions under any prior individual health insurance policy that was involuntarily
       terminated because of the insolvency of the issuer of the policy and (b) has applied for Plan
       coverage within 63 days following the involuntary termination of that individual health
       insurance coverage.

     g. Other sources primary; nonduplication of benefits.
     (1) The Plan shall be the last payor of benefits whenever any other benefit or source of
         third party payment is available. Subject to the provisions of subsection e of Section 7,
         benefits otherwise payable under Plan coverage shall be reduced by all amounts paid or
         payable by Medicare or any other government program or through any health insurance
         coverage or group health plan, whether by insurance, reimbursement, or otherwise, or
         through any third party liability, settlement, judgment, or award, regardless of the date of the
         settlement, judgment, or award, whether the settlement, judgment, or award is in the form
         of a contract, agreement, or trust on behalf of a minor or otherwise and whether the
         settlement, judgment, or award is payable to the covered person, his or her dependent, estate,
         personal representative, or guardian in a lump sum or over time, and by all hospital or
         medical expense benefits paid or payable under any worker's compensation coverage,
         automobile medical payment, or liability insurance, whether provided on the basis of fault
         or nonfault, and by any hospital or medical benefits paid or payable under or provided
         pursuant to any State or federal law or program.
     (2) The Plan shall have a cause of action against any covered person or any other person
         or entity for the recovery of any amount paid to the extent the amount was for treatment,
         services, or supplies not covered in this Section or in excess of benefits as set forth in this
         Section.
     (3) Whenever benefits are due from the Plan because of sickness or an injury to a
         covered person resulting from a third party's wrongful act or negligence and the covered
         person has recovered or may recover damages from a third party or its insurer, the Plan shall
         have the right to reduce benefits or to refuse to pay benefits that otherwise may be payable
         by the amount of damages that the covered person has recovered or may recover regardless
         of the date of the sickness or injury or the date of any settlement, judgment, or award
         resulting from that sickness or injury.

         During the pendency of any action or claim that is brought by or on behalf of a covered
         person against a third party or its insurer, any benefits that would otherwise be payable
         except for the provisions of this paragraph (3) shall be paid if payment by or for the third
         party has not yet been made and the covered person or, if incapable, that person's legal
         representative agrees in writing to pay back promptly the benefits paid as a result of the
         sickness or injury to the extent of any future payments made by or for the third party for the
         sickness or injury. This agreement is to apply whether or not liability for the payments is
         established or admitted by the third party or whether those payments are itemized.
Any amounts due the plan to repay benefits may be deducted from other benefits payable by the Plan after payments by or for the third party are made.

(4) Benefits due from the Plan may be reduced or refused as an offset against any amount otherwise recoverable under this Section.

h. Right of subrogation; recoveries.

(1) Whenever the Plan has paid benefits because of sickness or an injury to any covered person resulting from a third party's wrongful act or negligence, or for which an insurer is liable in accordance with the provisions of any policy of insurance, and the covered person has recovered or may recover damages from a third party that is liable for the damages, the Plan shall have the right to recover the benefits it paid from any amounts that the covered person has received or may receive regardless of the date of the sickness or injury or the date of any settlement, judgment, or award resulting from that sickness or injury. The Plan shall be subrogated to any right of recovery the covered person may have under the terms of any private or public health care coverage or liability coverage, including coverage under the Workers' Compensation Act or the Workers' Occupational Diseases Act, without the necessity of assignment of claim or other authorization to secure the right of recovery. To enforce its subrogation right, the Plan may (i) intervene or join in an action or proceeding brought by the covered person or his personal representative, including his guardian, conservator, estate, dependents, or survivors, against any third party or the third party's insurer that may be liable or (ii) institute and prosecute legal proceedings against any third party or the third party's insurer that may be liable for the sickness or injury in an appropriate court either in the name of the Plan or in the name of the covered person or his personal representative, including his guardian, conservator, estate, dependents, or survivors.

(2) If any action or claim is brought by or on behalf of a covered person against a third party or the third party's insurer, the covered person or his personal representative, including his guardian, conservator, estate, dependents, or survivors, shall notify the Plan by personal service or registered mail of the action or claim and of the name of the court in which the action or claim is brought, filing proof thereof in the action or claim. The Plan may, at any time thereafter, join in the action or claim upon its motion so that all orders of court after hearing and judgment shall be made for its protection. No release or settlement of a claim for damages and no satisfaction of judgment in the action shall be valid without the written consent of the Plan to the extent of its interest in the settlement or judgment and of the covered person or his personal representative.

(3) In the event that the covered person or his personal representative fails to institute a proceeding against any appropriate third party before the fifth month before the action would be barred, the Plan may, in its own name or in the name of the covered person or personal representative, commence a proceeding against any appropriate third party for the recovery of damages on account of any sickness, injury, or death to the covered person. The covered person shall cooperate in doing what is reasonably necessary to assist the Plan in any recovery and shall not take any action that would prejudice the Plan's right to recovery. The Plan shall pay to the covered person or his personal representative all sums collected from any third party by judgment or otherwise in excess of amounts paid in benefits under the Plan and amounts paid or to be paid as costs, attorneys fees, and reasonable expenses incurred by the Plan in making the collection or enforcing the judgment.

(4) In the event that a covered person or his personal representative, including his guardian, conservator, estate, dependents, or survivors, recovers damages from a third party for sickness or injury caused to the covered person, the covered person or the personal representative shall pay to the Plan from the damages recovered the amount of benefits paid or to be paid on behalf of the covered person.

(5) When the action or claim is brought by the covered person alone and the covered person incurs a personal liability to pay attorney's fees and costs of litigation, the Plan's claim for reimbursement of the benefits provided to the covered person shall be the full amount of benefits paid to or on behalf of the covered person under this Act less a pro rata share that represents the Plan's reasonable share of attorney's fees paid by the covered person and that portion of the cost of litigation expenses determined by multiplying by the ratio of

New matter indicated by italics - deletions by strikeout.
the full amount of the expenditures to the full amount of the judgement, award, or settlement.

(6) In the event of judgment or award in a suit or claim against a third party or insurer, the court shall first order paid from any judgement or award the reasonable litigation expenses incurred in preparation and prosecution of the action or claim, together with reasonable attorney's fees. After payment of those expenses and attorney's fees, the court shall apply out of the balance of the judgment or award an amount sufficient to reimburse the Plan the full amount of benefits paid on behalf of the covered person under this Act, provided the court may reduce and apportion the Plan's portion of the judgement proportionate to the recovery of the covered person. The burden of producing evidence sufficient to support the exercise by the court of its discretion to reduce the amount of a proven charge sought to be enforced against the recovery shall rest with the party seeking the reduction. The court may consider the nature and extent of the injury, economic and non-economic loss, settlement offers, comparative negligence as it applies to the case at hand, hospital costs, physician costs, and all other appropriate costs. The Plan shall pay its pro rata share of the attorney fees based on the Plan's recovery as it compares to the total judgment. Any reimbursement rights of the Plan shall take priority over all other liens and charges existing under the laws of this State with the exception of any attorney liens filed under the Attorneys Lien Act.

(7) The Plan may compromise or settle and release any claim for benefits provided under this Act or waive any claims for benefits, in whole or in part, for the convenience of the Plan or if the Plan determines that collection would result in undue hardship upon the covered person.

Approved May 1, 2001.
Effective May 1, 2001.

PUBLIC ACT 92-0003
(House Bill No. 3033)

AN ACT in relation to public employee benefits.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Law Enforcement Officers, Civil Defense Workers, Civil Air Patrol Members, Paramedics, Firemen, Chaplains, and State Employees Compensation Act is amended by changing Section 3 as follows:

(820 ILCS 315/3) (from Ch. 48, par. 283)
Sec. 3. If a claim therefor is made within one year of the date of death of the law enforcement officer, civil defense worker, civil air patrol member, paramedic, fireman, chaplain, or State employee, compensation in the amount of $10,000 shall be paid to the person designated by a law enforcement officer, civil defense worker, civil air patrol member, paramedic, fireman, chaplain, or State employee killed in the line of duty prior to January 1, 1974, and $20,000 if such death occurred after December 31, 1973 and before July 1, 1983, $50,000 if such death occurred on or after January 1, 1983 and before January 1, 1996 and before the effective date of this amendatory Act of 1995, and $100,000 if the death occurred on or after January 1, 1996 and before the effective date of this amendatory Act of the 92nd General Assembly, and $118,000 if the death occurred on or after the effective date of this amendatory Act of the 92nd General Assembly and before January 1, 2003. Beginning January 1, 2003, the death compensation rate for death in the line of duty occurring in a particular calendar year shall be the death compensation rate for death occurring in the previous calendar year increased by a percentage thereof equal to the percentage increase, if any, in the index known as the "Employment Cost Index, Wages and Salaries, by Occupation and Industry Group: State and Local Government Workers: Public Administration", as published by the United States Department of Labor, Bureau of Labor Statistics, for the 12 months ending with the month of June of that previous calendar year.

New matter indicated by italics - deletions by strikeout.
If no beneficiary is designated or surviving at the death of the law enforcement officer, civil defense worker, civil air patrol member, paramedic, fireman, chaplain, or State employee killed in the line of duty, the compensation shall be paid as follows:

(a) when there is a surviving spouse, the entire sum shall be paid to the spouse;
(b) when there is no surviving spouse, but a surviving descendant of the decedent, the entire sum shall be paid to the decedent's descendants per stirpes;
(c) when there is neither a surviving spouse nor a surviving descendant, the entire sum shall be paid to the parents of the decedent in equal parts, allowing to the surviving parent, if one is dead, the entire sum; and
(d) when there is no surviving spouse, descendant or parent of the decedent, but there are surviving brothers or sisters, or descendants of a brother or sister, who were receiving their principal support from the decedent at his death, the entire sum shall be paid, in equal parts, to the dependent brothers or sisters or dependent descendant of a brother or sister. Dependency shall be determined by the Court of Claims based upon the investigation and report of the Attorney General.

When there is no beneficiary designated or surviving at the death of the law enforcement officer, civil defense worker, civil air patrol member, paramedic, fireman, chaplain, or State employee killed in the line of duty and no surviving spouse, descendant, parent, nor dependent brother or sister, or dependent descendant of a brother or sister, no compensation shall be payable under this Act.

No part of such compensation may be paid to any other person for any efforts in securing such compensation.

Section 10. Definitions and exceptions.

(a) All counties, townships, census tracts, block groups, and blocks are those that appear on maps published by the United States Bureau of the Census for the 2000 census. The term "tract" means census tract. Congressional districts created by this Act for the purpose of electing Representatives to the House of Representatives of the United States Congress shall not be altered by operation of any other statute, ordinance, or resolution.

(b) Any part of Illinois that has not been described as included in one of the districts described in this Act is included within the district that (i) is contiguous to the part and (ii) contains the least population of all districts contiguous to the part according to the 2000 decennial census of Illinois.

(c) If any part of Illinois is described in this Act as being in more than one district, the part is included within the district that (i) is one of the districts in which that part is listed in this Act, (ii) is contiguous to that part, and (iii) contains the least population according to the 2000 decennial census of Illinois.

(d) If any part of Illinois (i) is described in this Act as being in one district and (ii) is entirely surrounded by another district, then the part shall be incorporated into the district that surrounds the part.

(e) If any part of Illinois (i) is described in this Act as being in one district and (ii) is not
contiguous to another part of that district, then the part is included with the contiguous district that contains the least population according to the 2000 decennial census of Illinois.

(f) The Speaker of the House, the Minority Leader of the House, the President of the Senate, and the Minority Leader of the Senate shall by joint letter of transmittal present to the Secretary of State for deposit into the State Archives an official set of United States Bureau of the Census maps and descriptions used for conducting the 2000 census, and those maps shall serve as the official record of all counties, townships, census tracts, block groups, and blocks referred to in this Act.

(g) The State Board of Elections shall prepare and make available to the public a metes and bounds description of the congressional districts created under this Act.

Section 99. Effective date. This Act takes effect upon becoming law.

PUBLIC ACT 92-0005
(Senate Bill No. 0333)

AN ACT concerning insurance.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Illinois Insurance Code is amended by adding Section 507.2 as follows:
(215 ILCS 5/507.2 new)
Sec. 507.2. Policyholder information and exclusive ownership of expirations.
(a) As used in this Section, "expirations" means all information relative to an insurance policy including, but not limited to, the name and address of the insured, the location and description of the property insured, the value of the insurance policy, the inception date, the renewal date, and the expiration date of the insurance policy, the premiums, the limits and a description of the terms and coverage of the insurance policy, and any other personal and privileged information, as defined by Section 1003 of this Code, compiled by a registered firm or furnished by the insured to the insurer or any agent, contractor, or representative of the insurer.
For purposes of this Section only, a registered firm also includes a sole proprietorship that transacts the business of insurance as an insurance agency.
(b) All "expirations" as defined in subsection (a) of this Section shall be mutually and exclusively owned by the insured and the registered firm. The limitations on the use of expirations as provided in subsections (c) and (d) of this Section shall be for mutual benefit of the insured and the registered firm.
(c) Except as otherwise provided in this Section, for purposes of soliciting, selling, or negotiating the renewal or sale of insurance coverage, insurance products, or insurance services or for any other marketing purpose, a registered firm shall own and have the exclusive use of expirations, records, and other written or electronically stored information directly related to an insurance application submitted by, or an insurance policy written through, the registered firm. No insurance company, managing general agent, surplus lines insurance broker, wholesale broker, group self-insurance fund, third-party administrator, or any other entity, other than a financial institution as defined in Section 1402 of this Code, shall use such expirations, records, or other written or electronically stored information to solicit, sell, or negotiate the renewal or sale of insurance coverage, insurance products, or insurance services to the insured or for any other marketing purposes, either directly or by providing such information to others, without, separate from the general agency contract, the written consent of the registered firm. However, such expirations, records, or other written or electronically stored information may be used for any purpose necessary for placing such business through the insurance producer including reviewing an application and issuing or renewing a policy and for loss control services.
(d) With respect to a registered firm, this Section shall not apply:
(1) when the insured requests either orally or in writing that another registered firm obtain quotes for insurance from another insurance company or when the insured requests in writing individually or through another registered firm, that the insurance company renew the policy;

New matter indicated by italics - deletions by strikeout.
(2) to policies in the Illinois Fair Plan, the Illinois Automobile Insurance Plan, or the Illinois Assigned Risk Plan for coverage under the Workers' Compensation Act and the Workers' Occupational Diseases Act;

(3) when the insurance producer is employed by or has agreed to act exclusively or primarily for one company or group of affiliated insurance companies or to a producer who submits to the company or group of affiliated companies that are organized to transact business in this State as a reciprocal company, as defined in Article IV of this Code, every request or application for insurance for the classes and lines underwritten by the company or group of affiliated companies;

(4) to policies providing life and accident and health insurance;

(5) when the registered firm is in default for nonpayment of premiums under the contract with the insurer or is guilty of conversion of the insured's or insurer's premiums or its license is revoked by or surrendered to the Department;

(6) to any insurance company's obligations under Sections 143.17 and 143.17a of this Code; or

(7) to any insurer that, separate from a producer or registered firm, creates, develops, compiles, and assembles its own, identifiable expirations as defined in subsection (a).

For purposes of this Section, an insurance producer shall be deemed to have agreed to act primarily for one company or a group of affiliated insurance companies if the producer (i) receives 75% or more of his or her insurance related commissions from one company or a group of affiliated companies or (ii) places 75% or more of his or her policies with one company or a group of affiliated companies.

Nothing in this Section prohibits an insurance company, with respect to any items herein, from conveying to the insured or the registered firm any additional benefits or ownership rights including, but not limited to, the ownership of expirations on any policy issued or the imposition of further restrictions on the insurance company's use of the insured's personal information.

(e) Nothing in this Section prevents a financial institution, as defined in Section 1402 of this Code, from obtaining from the insured, the insurer, or the registered firm the expiration dates of an insurance policy placed on collateral or otherwise used as security in connection with a loan made or serviced by the financial institution when the financial institution requires the expiration dates for evidence of insurance.

(f) For purposes of this Section, "financial institution" does not include an insurance company, registered firm, managing general agent, surplus lines broker, wholesale broker, group self-funded insurance fund, or third-party administrator.

(g) The Director may adopt rules in accordance with Section 401 of this Code for the enforcement of this Section.

(h) This Section applies to the expirations relative to all policies of insurance bound, applied for, sold, renewed, or otherwise taking effect on or after the effective date of this amendatory Act of the 92nd General Assembly.

Section 99. Effective date. This Act takes effect upon becoming law.

Approved June 1, 2001.

Effective June 1, 2001.

PUBLIC ACT 92-0006

(Senate Bill No. 0975)

AN ACT in relation to elections.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Election Code is amended by changing Section 12-5 as follows:
(10 ILCS 5/12-5) (from Ch. 46, par. 12-5)

Sec. 12-5. Notice for public questions. For all elections held after July 1, 1999, notice of public questions shall be required only as set forth in this Section or as set forth in Section 17-3 or 19-3 of the School Code. Not more than 30 days nor less than 10 days before the date of a regular election at which a public question is to be submitted to the voters of a political or governmental

subdivision, and at least 20 days before an emergency referendum, the election authority shall publish notice of the referendum. The notice shall be published once in a local, community newspaper having general circulation in the political or governmental subdivision. The notice shall also be given at least 10 days before the date of the election by posting a copy of the notice at the principal office of the election authority. The local election official shall also post a copy of the notice at the principal office of the political or governmental subdivision, or if there is no principal office at the building in which the governing body of the political or governmental subdivision held its first meeting of the calendar year in which the referendum is being held. The election authority and the political or governmental subdivision may, but are not required to, post the notice electronically on their World Wide Web pages. The notice, which shall appear over the name or title of the election authority, shall be substantially in the following form:

NOTICE IS HEREBY GIVEN that at the election to be held on (insert day of the week), (insert date of election), the following proposition will be submitted to the voters of (name of political or governmental subdivision):

The polls at the election will be open at 6:00 o’clock A.M. and will continue to be open until 7:00 o’clock P.M. of that day.

Dated (date of notice)

(Name or title of the election authority)

The notice shall also include any additional information required by the statute authorizing the public question. The notice shall set forth the precincts and polling places at which the referendum will be conducted only in the case of emergency referenda.

Section 10. The Township Code is amended by changing Sections 115-20 and 115-105 as follows:

(60 ILCS 1/115-20)

Sec. 115-20. Referendum on recommended plan; petition.

(a) If the board recommends adoption of the open space plan, or if a petition is filed by not less than 5% or 50, whichever is greater, of the registered voters of the township (according to the voting registration records at the time the petition is filed) recommending adoption of the open space plan, then the Board, within 30 days of making of the recommendation or the filing of the petition, shall file a petition with the township clerk, requesting the clerk to submit to the voters of the township the question of whether the township shall adopt the open space plan and enter upon an open space program, with the power to acquire open land by purchase, condemnation (except townships in counties having a population of more than 150,000 but not more than 250,000), or otherwise in the township and with the power to issue bonds for those purposes under this Article. The total amount of bonds to be issued under this Section may not exceed 5% of the valuation of all taxable property in the township and shall be set forth in the question as a dollar amount. The township clerk shall certify that proposition to the proper election officials, who shall submit the proposition to the township voters at the next regular election. The referendum shall be conducted and notice given in accordance with the general election law.

(b) The question submitted to the voters at the election shall be in substantially the following form:

Shall (name of township) adopt the open space plan considered at the public hearing on (date) and enter upon an open space program, and shall the Township Board have the power (i) to acquire open land by purchase (insert "", condemnation," if the township is in a county having a population of more than 250,000) or otherwise, (ii) to issue bonds for open space purposes in an amount not exceeding $(amount), and (iii) to levy a tax to pay the principal of and interest on those bonds, as provided in Article 115 of the Township Code? The votes shall be recorded as "Yes" or "No".

(c) If a majority of the voters voting at the election on the question vote in favor of the question, the township shall thereafter adopt the open space plan recommended by the board or by the petition of the registered voters of the township and shall enter upon an open space program under this Article. If the proposition does not receive the approval of a majority of the voters voting at the election on the question, no proposition may be submitted to the voters under this Section less
than 23 months after the date of the election.

(d) If a majority of the legal voters voting at referendum in any township approved a proposition at the consolidated election in 2001 in reliance upon and consistent with this Section 115-20 as it existed prior to the effective date of Public Act 91-847, then that referendum and all actions taken in reliance thereon are hereby validated and are legally binding in all respects.

(60 ILCS 1/115-105)

Sec. 115-105. Borrowing money; bonds. The township board may borrow money and issue bonds, after referendum, for the purpose of acquiring, developing, rehabilitating and renovating open lands for open space purposes, as defined in Section 115-5, pursuant to an open space program adopted as provided in this Article, in and for the township in any amount not to exceed 5% on the valuation of taxable property in the township, to be ascertained by the last assessment for State and county taxes previous to the incurring of such indebtedness or, until January 1, 1983, if greater, the sum that is produced by multiplying the township's 1978 equalized assessed valuation by the debt limitation percentage on January 1, 1979.

Whenever the board desires to issue bonds under this Article, or whenever the board receives a petition from not less than 5% or 50, whichever is greater, of the registered voters of the township, according to the voting registration records at the time the petition is filed, requesting the board to issue bonds under this Article, the board, concurrently with the filing of a petition with the township clerk requesting him to submit to the voters of the township at the next election the question of whether or not to adopt an open space plan and enter upon an open space program, shall certify that proposition to the proper election officials who shall submit to the voters of the township at the next election the question of whether or not the board shall issue bonds to finance an open space program and provide for the levy and collection of a direct annual tax upon all taxable property within the township to meet the principal and interest on the bonds as they mature, which tax shall be in addition to and in excess of any other tax authorized to be levied by the township. The amount of bonds to be issued under this Section shall be set forth in the question as a dollar amount. The election shall be conducted and notice given in accordance with the general election law. The question submitted to the voters at the election shall be in substantially the following form:

Shall (name of township) issue bonds to finance the acquisition, maintenance, development, rehabilitation and renovation of open space lands for open space purposes as provided by the Township Open Space Article of the Township Code and levy and collect property taxes, in excess of any other tax authorized to be levied by the township, sufficient to meet the principal and interest on the bonds as they mature, but not in an amount in excess of $(amount)?

The votes shall be recorded as "Yes" or "No".

If a majority of the voters voting on the question vote in favor of the question, the board shall issue bonds as provided in this Article provided such bonds are issued within 6 months after the voters vote favorably on such question. If such proposition does not receive the approval of a majority of the voters voting at the election on the question, no proposition may be submitted to such voters pursuant to this Section less than 23 months after the date of such election.

The board shall then adopt a resolution authorizing the issuance of such bonds, prescribing all the details thereof, and stating the time or times when the principal thereof and the interest on the bonds become payable, and the place of payment thereof. The bonds must, however, be payable within not less than 3 nor more than 40 years from date thereof, and be issued to bear interest at not to exceed the maximum rate authorized by the Bond Authorization Act, as amended at the time of the making of the contract. Such a resolution shall provide for the levy and collection of a direct annual tax upon all the taxable property within the corporate limits of such township sufficient to meet the principal of and interest on the bonds as they mature, which tax shall be in addition to and in excess of any other tax authorized to be levied by the township.

A certified copy of the resolution providing for the issuance of any such bonds shall be filed with the county clerk of the county in which the township is located and constitutes the basis and authority of the county clerk for the extension and collection of the tax necessary to pay the principal of and interest upon the bonds issued under the resolution.

With respect to instruments for the payment of money issued under this Section either before,
on, or after the effective date of Public Act 86-004, it is and always has been the intention of the General Assembly (i) that the Omnibus Bond Acts are and always have been supplementary grants of power to issue instruments in accordance with the Omnibus Bond Acts, regardless of any provision of this Article that may appear to be or to have been more restrictive than those Acts, (ii) that the provisions of this Section are not a limitation on the supplementary authority granted by the Omnibus Bonds Acts, and (iii) that instruments issued under this Section within the supplementary authority granted by the Omnibus Bond Acts are not invalid because of any provision of this Article that may appear to be or to have been more restrictive than those Acts.

If a majority of the legal voters voting at referendum in any township approved a proposition at the consolidated election in 2001 in reliance upon and consistent with this Section 115-105 as it existed prior to the effective date of Public Act 91-847, then that referendum and all actions taken in reliance thereon are hereby validated and are legally binding in all respects.

Section 15. The School Code is amended by changing Sections 17-3 and 19-3 as follows:

(105 ILCS 5/17-3) (from Ch. 122, par. 17-3)

Sec. 17-3. Additional levies-Submission to voters. The school board in any district having a population of less than 500,000 inhabitants may, by proper resolution, cause a proposition to increase, for a limited period of not less than 3 nor more than 10 years or for an unlimited period, the annual tax rate for educational purposes to be submitted to the voters of such district at a regular scheduled election as follows:

(1) in districts maintaining grades 1 through 8, or grades 9 through 12, the maximum rate for educational purposes shall not exceed 3.5% of the value as equalized or assessed by the Department of Revenue;

(2) in districts maintaining grades 1 through 12 the maximum rate for educational purposes shall not exceed 4.00%, except that if a single elementary district and a secondary district having boundaries that are coterminous on the effective date of this amendatory Act form a community unit district under Section 11-6, then the maximum rate for education purposes for such district shall not exceed 6.00% of the value as equalized or assessed by the Department of Revenue.

If the resolution of the school board seeks to increase the annual tax rate for educational purposes for a limited period of not less than 3 nor more than 10 years, the proposition shall so state and shall identify the years for which the tax increase is sought.

If a majority of the votes cast on the proposition is in favor thereof at an election for which the election authorities have given notice either (i) in accordance with Section 12-5 of the Election Code or (ii) by publication of a true and legible copy of the specimen ballot label containing the proposition in the form in which it appeared or will appear on the official ballot label on the day of the election at least 5 days before the day of the election in at least one newspaper published in and having a general circulation in the district, the school board may thereafter, until such authority is revoked in like manner, levy annually the tax so authorized; provided that if the proposition as approved limits the increase in the annual tax rate of the district for educational purposes to a period of not less than 3 nor more than 10 years, the district may, unless such authority is sooner revoked in like manner, levy annually the tax so authorized for the limited number of years approved by a majority of the votes cast on the proposition. Upon expiration of that limited period, the rate at which the district may annually levy its tax for educational purposes shall be the rate provided under Section 17-2, or the rate at which the district last levied its tax for educational purposes prior to approval of the proposition authorizing the levy of that tax at an increased rate, whichever is greater.

The school board shall certify the proposition to the proper election authorities in accordance with the general election law.

The provisions of this Section concerning notice of the tax rate increase referendum apply only to consolidated primary elections held prior to January 1, 2002 at which not less than 55% of the voters voting on the tax rate increase proposition voted in favor of the tax rate increase proposition.

(105 ILCS 5/19-3) (from Ch. 122, par. 19-3)

Sec. 19-3. Boards of education. Any school district governed by a board of education and...
having a population of not more than 500,000 inhabitants, and not governed by a special Act may borrow money for the purpose of building, equipping, altering or repairing school buildings or purchasing or improving school sites, or acquiring and equipping playgrounds, recreation grounds, athletic fields, and other buildings or land used or useful for school purposes or for the purpose of purchasing a site, with or without a building or buildings thereon, or for the building of a house or houses on such site, or for the building of a house or houses on the school site of the school district, for residential purposes of the superintendent, principal, or teachers of the school district, and issue its negotiable coupon bonds therefor signed by the president and secretary of the board, in denominations of not less than $100 nor more than $5,000, payable at such place and at such time or times, not exceeding 20 years from date of issuance, as the board of education may prescribe, and bearing interest at a rate not to exceed the maximum rate authorized by the Bond Authorization Act, as amended at the time of the making of the contract, payable annually, semiannually or quarterly, but no such bonds shall be issued unless the proposition to issue them is submitted to the voters of the district at a referendum held at a regularly scheduled election after the board has certified the proposition to the proper election authorities in accordance with the general election law, a majority of all the votes cast on the proposition is in favor of the proposition, and notice of such bond referendum (if heretofore or hereafter held at any general or consolidated election) has been given either (i) in accordance with the second paragraph of Section 12-1 of the Election Code irrespective of whether such notice included any reference to the public question as it appeared on the ballot, or (ii) for an election held on or after November 1, 1998, in accordance with Section 12-5 of the Election Code, or (iii) by publication of a true and legible copy of the specimen ballot label containing the proposition in the form in which it appeared or will appear on the official ballot label on the day of the election at least 5 days before the day of the election in at least one newspaper published in and having a general circulation in each county in which the district is located, irrespective of any other requirements of Article 12 or Section 24A-18 of the Election Code, nor shall any residential site be acquired unless such proposition to acquire a site is submitted to the voters of the district at a referendum held at a regularly scheduled election after the board has certified the proposition to the proper election authorities in accordance with the general election law and a majority of all the votes cast on the proposition is in favor of the proposition. Nothing in this Act or in any other law shall be construed to require the notice of the bond referendum to be published over the name or title of the election authority or the listing of maturity dates of any bonds either in the notice of bond election or ballot used in the bond election. The provisions of this Section concerning notice of the bond referendum apply only to (i) consolidated primary elections held prior to January 1, 2002 at which not less than 60% of the voters voting on the bond proposition voted in favor of the bond proposition, and (ii) other elections held before July 1, 1999; otherwise thereafter, notices required in connection with the submission of public questions shall be as set forth in Section 12-5 of the Election Code. Such proposition may be initiated by resolution of the school board.

With respect to instruments for the payment of money issued under this Section either before, on, or after the effective date of this amendatory Act of 1989, it is and always has been the intention of the General Assembly (i) that the Omnibus Bond Acts are and always have been supplementary grants of power to issue instruments in accordance with the Omnibus Bond Acts, regardless of any provision of this Act that may appear to be or to have been more restrictive than those Acts, (ii) that the provisions of this Section are not a limitation on the supplementary authority granted by the Omnibus Bond Acts, and (iii) that instruments issued under this Section within the supplementary authority granted by the Omnibus Bond Acts are not invalid because of any provision of this Act that may appear to be or to have been more restrictive than those Acts.

The proceeds of any bonds issued under authority of this Section shall be deposited and accounted for separately within the Site and Construction/Capital Improvements Fund.

Section 99. Effective date. This Act takes effect upon becoming law.
AN ACT relating to schools.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The School Code is amended by changing Section 18-8.05 as follows:
(105 ILCS 5/18-8.05)
Sec. 18-8.05. Basis for apportionment of general State financial aid and supplemental general State aid to the common schools for the 1998-1999 and subsequent school years.
(A) General Provisions.
(1) The provisions of this Section apply to the 1998-1999 and subsequent school years. The system of general State financial aid provided for in this Section is designed to assure that, through a combination of State financial aid and required local resources, the financial support provided each pupil in Average Daily Attendance equals or exceeds a prescribed per pupil Foundation Level. This formula approach imputes a level of per pupil Available Local Resources and provides for the basis to calculate a per pupil level of general State financial aid that, when added to Available Local Resources, equals or exceeds the Foundation Level. The amount of per pupil general State financial aid for school districts, in general, varies in inverse relation to Available Local Resources. Per pupil amounts are based upon each school district's Average Daily Attendance as that term is defined in this Section.
(2) In addition to general State financial aid, school districts with specified levels or concentrations of pupils from low income households are eligible to receive supplemental general State financial aid grants as provided pursuant to subsection (H). The supplemental State aid grants provided for school districts under subsection (H) shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section.
(3) To receive financial assistance under this Section, school districts are required to file claims with the State Board of Education, subject to the following requirements:
(a) Any school district which fails for any given school year to maintain school as required by law, or to maintain a recognized school is not eligible to file for such school year any claim upon the Common School Fund. In case of nonrecognition of one or more attendance centers in a school district otherwise operating recognized schools, the claim of the district shall be reduced in the proportion which the Average Daily Attendance in the attendance center or centers bear to the Average Daily Attendance in the school district. A "recognized school" means any public school which meets the standards as established for recognition by the State Board of Education. A school district or attendance center not having recognition status at the end of a school term is entitled to receive State aid payments due upon a legal claim which was filed while it was recognized.
(b) School district claims filed under this Section are subject to Sections 18-9, 18-10, and 18-12, except as otherwise provided in this Section.
(c) If a school district operates a full year school under Section 10-19.1, the general State aid to the school district shall be determined by the State Board of Education in accordance with this Section as near as may be applicable.
(d) (Blank).
(4) Except as provided in subsections (H) and (L), the board of any district receiving any of the grants provided for in this Section may apply those funds to any fund so received for which that board is authorized to make expenditures by law.
School districts are not required to exert a minimum Operating Tax Rate in order to qualify for assistance under this Section.
(5) As used in this Section the following terms, when capitalized, shall have the meaning ascribed herein:
(a) "Average Daily Attendance": A count of pupil attendance in school, averaged as provided for in subsection (C) and utilized in deriving per pupil financial support levels.
(b) "Available Local Resources": A computation of local financial support, calculated on the basis of Average Daily Attendance and derived as provided pursuant to subsection

New matter indicated by italics - deletions by strikeout.
(D).

(c) "Corporate Personal Property Replacement Taxes": Funds paid to local school districts pursuant to "An Act in relation to the abolition of ad valorem personal property tax and the replacement of revenues lost thereby, and amending and repealing certain Acts and parts of Acts in connection therewith", certified August 14, 1979, as amended (Public Act 81-1st S.S.-1).

(d) "Foundation Level": A prescribed level of per pupil financial support as provided for in subsection (B).

(e) "Operating Tax Rate": All school district property taxes extended for all purposes, except Bond and Interest, Summer School, Rent, Capital Improvement, and Vocational Education Building purposes.

(B) Foundation Level.

1) The Foundation Level is a figure established by the State representing the minimum level of per pupil financial support that should be available to provide for the basic education of each pupil in Average Daily Attendance. As set forth in this Section, each school district is assumed to exert a sufficient local taxing effort such that, in combination with the aggregate of general State financial aid provided the district, an aggregate of State and local resources are available to meet the basic education needs of pupils in the district.

2) For the 1998-1999 school year, the Foundation Level of support is $4,225. For the 1999-2000 school year, the Foundation Level of support is $4,325. For the 2000-2001 school year, the Foundation Level of support is $4,425.

3) For the 2001-2002 school year and each school year thereafter, the Foundation Level of support is $4,525 or such greater amount as may be established by law by the General Assembly.

(C) Average Daily Attendance.

1) For purposes of calculating general State aid pursuant to subsection (E), an Average Daily Attendance figure shall be utilized. The Average Daily Attendance figure for formula calculation purposes shall be the monthly average of the actual number of pupils in attendance of each school district, as further averaged for the best 3 months of pupil attendance for each school district. In compiling the figures for the number of pupils in attendance, school districts and the State Board of Education shall, for purposes of general State aid funding, conform attendance figures to the requirements of subsection (F).

2) The Average Daily Attendance figures utilized in subsection (E) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated or the average of the attendance data for the 3 preceding school years, whichever is greater. The Average Daily Attendance figures utilized in subsection (H) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated.

(D) Available Local Resources.

1) For purposes of calculating general State aid pursuant to subsection (E), a representation of Available Local Resources per pupil, as that term is defined and determined in this subsection, shall be utilized. Available Local Resources per pupil shall include a calculated dollar amount representing local school district revenues from local property taxes and from Corporate Personal Property Replacement Taxes, expressed on the basis of pupils in Average Daily Attendance.

2) In determining a school district's revenue from local property taxes, the State Board of Education shall utilize the equalized assessed valuation of all taxable property of each school district as of September 30 of the previous year. The equalized assessed valuation utilized shall be obtained and determined as provided in subsection (G).

3) For school districts maintaining grades kindergarten through 12, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 3.00%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades kindergarten through 8, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 2.30%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades 9 through 12, local property tax revenues per pupil shall be the applicable

New matter indicated by italics - deletions by strikeout.
equalized assessed valuation of the district multiplied by 1.05%, and divided by the district's Average Daily Attendance figure.

(4) The Corporate Personal Property Replacement Taxes paid to each school district during the calendar year 2 years before the calendar year in which a school year begins, divided by the Average Daily Attendance figure for that district, shall be added to the local property tax revenues per pupil as derived by the application of the immediately preceding paragraph (3). The sum of these per pupil figures for each school district shall constitute Available Local Resources as that term is utilized in subsection (E) in the calculation of general State aid.

(E) Computation of General State Aid.

(1) For each school year, the amount of general State aid allotted to a school district shall be computed by the State Board of Education as provided in this subsection.

(2) For any school district for which Available Local Resources per pupil is less than the product of 0.93 times the Foundation Level, general State aid for that district shall be calculated as an amount equal to the Foundation Level minus Available Local Resources, multiplied by the Average Daily Attendance of the school district.

(3) For any school district for which Available Local Resources per pupil is equal to or greater than the product of 0.93 times the Foundation Level and less than the product of 1.75 times the Foundation Level, the general State aid per pupil shall be a decimal proportion of the Foundation Level derived using a linear algorithm. Under this linear algorithm, the calculated general State aid per pupil shall decline in direct linear fashion from 0.07 times the Foundation Level for a school district with Available Local Resources equal to the product of 0.93 times the Foundation Level, to 0.05 times the Foundation Level for a school district with Available Local Resources equal to the product of 1.75 times the Foundation Level. The allocation of general State aid for school districts subject to this paragraph 3 shall be the calculated general State aid per pupil figure multiplied by the Average Daily Attendance of the school district.

(4) For any school district for which Available Local Resources per pupil equals or exceeds the product of 1.75 times the Foundation Level, the general State aid for the school district shall be calculated as the product of $218 multiplied by the Average Daily Attendance of the school district.

(5) The amount of general State aid allocated to a school district for the 1999-2000 school year meeting the requirements set forth in paragraph (4) of subsection (G) shall be increased by an amount equal to the general State aid that would have been received by the district for the 1998-1999 school year by utilizing the Extension Limitation Equalized Assessed Valuation as calculated in paragraph (4) of subsection (G) less the general State aid allotted for the 1998-1999 school year. This amount shall be deemed a one time increase, and shall not affect any future general State aid allocations.

(F) Compilation of Average Daily Attendance.

(1) Each school district shall, by July 1 of each year, submit to the State Board of Education, on forms prescribed by the State Board of Education, attendance figures for the school year that began in the preceding calendar year. The attendance information so transmitted shall identify the average daily attendance figures for each month of the school year, except that any days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

Except as otherwise provided in this Section, days of attendance by pupils shall be counted only for sessions of not less than 5 clock hours of school work per day under direct supervision of: (i) teachers, or (ii) non-teaching personnel or volunteer personnel when engaging in non-teaching duties and supervising in those instances specified in subsection (a) of Section 10-22.34 and paragraph 10 of Section 34-18, with pupils of legal school age and in kindergarten and grades 1 through 12.

Days of attendance by tuition pupils shall be accredited only to the districts that pay the tuition to a recognized school.

(2) Days of attendance by pupils of less than 5 clock hours of school shall be subject to the following provisions in the compilation of Average Daily Attendance.

(a) Pupils regularly enrolled in a public school for only a part of the school day may be counted on the basis of 1/6 day for every class hour of instruction of 40 minutes or more attended pursuant to such enrollment.

New matter indicated by italics - deletions by strikeout.
(b) Days of attendance may be less than 5 clock hours on the opening and closing of the school term, and upon the first day of pupil attendance, if preceded by a day or days utilized as an institute or teachers' workshop.

(c) A session of 4 or more clock hours may be counted as a day of attendance upon certification by the regional superintendent, and approved by the State Superintendent of Education to the extent that the district has been forced to use daily multiple sessions.

(d) A session of 3 or more clock hours may be counted as a day of attendance (1) when the remainder of the school day or at least 2 hours in the evening of that day is utilized for an in-service training program for teachers, up to a maximum of 5 days per school year of which a maximum of 4 days of such 5 days may be used for parent-teacher conferences, provided a district conducts an in-service training program for teachers which has been approved by the State Superintendent of Education; or, in lieu of 4 such days, 2 full days may be used, in which event each such day may be counted as a day of attendance; and (2) when days in addition to those provided in item (1) are scheduled by a school pursuant to its school improvement plan adopted under Article 34 or its revised or amended school improvement plan adopted under Article 2, provided that (i) such sessions of 3 or more clock hours are scheduled to occur at regular intervals, (ii) the remainder of the school days in which such sessions occur are utilized for in-service training programs or other staff development activities for teachers, and (iii) a sufficient number of minutes of school work under the direct supervision of teachers are added to the school days between such regularly scheduled sessions to accumulate not less than the number of minutes by which such sessions of 3 or more clock hours fall short of 5 clock hours. Any full days used for the purposes of this paragraph shall not be considered for computing average daily attendance. Days scheduled for in-service training programs, staff development activities, or parent-teacher conferences may be scheduled separately for different grade levels and different attendance centers of the district.

(e) A session of not less than one clock hour of teaching hospitalized or homebound pupils on-site or by telephone to the classroom may be counted as 1/2 day of attendance, however these pupils must receive 4 or more clock hours of instruction to be counted for a full day of attendance.

(f) A session of at least 4 clock hours may be counted as a day of attendance for first grade pupils, and pupils in full day kindergartens, and a session of 2 or more hours may be counted as 1/2 day of attendance by pupils in kindergartens which provide only 1/2 day of attendance.

(g) For children with disabilities who are below the age of 6 years and who cannot attend 2 or more clock hours because of their disability or immaturity, a session of not less than one clock hour may be counted as 1/2 day of attendance; however for such children whose educational needs so require a session of 4 or more clock hours may be counted as a full day of attendance.

(h) A recognized kindergarten which provides for only 1/2 day of attendance by each pupil shall not have more than 1/2 day of attendance counted in any one day. However, kindergartens may count 2 1/2 days of attendance in any 5 consecutive school days. When a pupil attends such a kindergarten for 2 half days on any one school day, the pupil shall have the following day as a day absent from school, unless the school district obtains permission in writing from the State Superintendent of Education. Attendance at kindergartens which provide for a full day of attendance by each pupil shall be counted the same as attendance by first grade pupils. Only the first year of attendance in one kindergarten shall be counted, except in case of children who entered the kindergarten in their fifth year whose educational development requires a second year of kindergarten as determined under the rules and regulations of the State Board of Education.

(G) Equalized Assessed Valuation Data.

(1) For purposes of the calculation of Available Local Resources required pursuant to subsection (D), the State Board of Education shall secure from the Department of Revenue the value as equalized or assessed by the Department of Revenue of all taxable property of every school district, together with (i) the applicable tax rate used in extending taxes for the funds of the district

New matter indicated by italics - deletions by strikeout.
as of September 30 of the previous year and (ii) the limiting rate for all school districts subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law. This equalized assessed valuation, as adjusted further by the requirements of this subsection, shall be utilized in the calculation of Available Local Resources.

(2) The equalized assessed valuation in paragraph (1) shall be adjusted, as applicable, in the following manner:

(a) For the purposes of calculating State aid under this Section, with respect to any part of a school district within a redevelopment project area in respect to which a municipality has adopted tax increment allocation financing pursuant to the Tax Increment Allocation Redevelopment Act, Sections 11-74.4-1 through 11-74.4-11 of the Illinois Municipal Code or the Industrial Jobs Recovery Law, Sections 11-74.6-1 through 11-74.6-50 of the Illinois Municipal Code, no part of the current equalized assessed valuation of real property located in any such project area which is attributable to an increase above the total initial equalized assessed valuation of such property shall be used as part of the equalized assessed valuation of the district, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Increment Allocation Redevelopment Act or in Section 11-74.6-35 of the Industrial Jobs Recovery Law. For the purpose of the equalized assessed valuation of the district, the total initial equalized assessed valuation or the current equalized assessed valuation, whichever is lower, shall be used until such time as all redevelopment project costs have been paid.

(b) The real property equalized assessed valuation for a school district shall be adjusted by subtracting from the real property value as equalized or assessed by the Department of Revenue for the district an amount computed by dividing the amount of any abatement of taxes under Section 18-170 of the Property Tax Code by 3.00% for a district maintaining grades kindergarten through 12, by 2.30% for a district maintaining grades kindergarten through 8, or by 1.05% for a district maintaining grades 9 through 12 and adjusted by an amount computed by dividing the amount of any abatement of taxes under subsection (a) of Section 18-165 of the Property Tax Code by the same percentage rates for district type as specified in this subparagraph (b).

(3) For the 1999-2000 school year and each school year thereafter, if a school district meets all of the criteria of this subsection (G)(3), the school district's Available Local Resources shall be calculated under subsection (D) using the district's Extension Limitation Equalized Assessed Valuation as calculated under this subsection (G)(3).

For purposes of this subsection (G)(3) the following terms shall have the following meanings:

"Budget Year": The school year for which general State aid is calculated and awarded under subsection (E).

"Base Tax Year": The property tax levy year used to calculate the Budget Year allocation of general State aid.

"Preceding Tax Year": The property tax levy year immediately preceding the Base Tax Year.

"Base Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Base Tax Year multiplied by the limiting rate as calculated by the County Clerk and defined in the Property Tax Extension Limitation Law.

"Preceding Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Preceding Tax Year multiplied by the Operating Tax Rate as defined in subsection (A).

"Extension Limitation Ratio": A numerical ratio, certified by the County Clerk, in which the numerator is the Base Tax Year's Tax Extension and the denominator is the Preceding Tax Year's Tax Extension.

"Operating Tax Rate": The operating tax rate as defined in subsection (A).

If a school district is subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law, and if the Available Local Resources of that school district as calculated pursuant to subsection (D) using the Base Tax Year are less than the product of 1.75 times the Foundation Level for the Budget Year, the State Board of Education shall calculate the
Extension Limitation Equalized Assessed Valuation of that district. For the 1999-2000 school year, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the district's 1996 Equalized Assessed Valuation and the district's Extension Limitation Ratio. For the 2000-2001 school year and each school year thereafter, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the last calculated Extension Limitation Equalized Assessed Valuation and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of a school district as calculated under this subsection (G)(3) is less than the district's equalized assessed valuation as calculated pursuant to subsections (G)(1) and (G)(2), then for purposes of calculating the district's general State aid for the Budget Year pursuant to subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources under subsection (D).

(4) For the purposes of calculating general State aid for the 1999-2000 school year only, if a school district experienced a triennial reassessment on the equalized assessed valuation used in calculating its general State financial aid apportionment for the 1998-1999 school year, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation that would have been used to calculate the district's 1998-1999 general State aid. This amount shall equal the product of the equalized assessed valuation used to calculate general State aid for the 1997-1998 school year and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of the school district as calculated under this paragraph (4) is less than the district's equalized assessed valuation utilized in calculating the district's 1998-1999 general State aid allocation, then for purposes of calculating the district's general State aid pursuant to paragraph (5) of subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources.

(5) For school districts having a majority of their equalized assessed valuation in any county except Cook, DuPage, Kane, Lake, McHenry, or Will, if the amount of general State aid allocated to the school district for the 1999-2000 school year under the provisions of subsection (E), (H), and (J) of this Section is less than the amount of general State aid allocated to the district for the 1998-1999 school year under these subsections, then the general State aid of the district for the 1999-2000 school year only shall be increased by the difference between these amounts. The total payments made under this paragraph (5) shall not exceed $14,000,000. Claims shall be prorated if they exceed $14,000,000.

(H) Supplemental General State Aid.

(1) In addition to the general State aid a school district is allotted pursuant to subsection (E), qualifying school districts shall receive a grant, paid in conjunction with a district's payments of general State aid, for supplemental general State aid based upon the concentration level of children from low-income households within the school district. Supplemental State aid grants provided for school districts under this subsection shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section. For purposes of this subsection, the term "Low-Income Concentration Level" shall be the low-income eligible pupil count from the most recently available federal census divided by the Average Daily Attendance of the school district. If, however, the percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count of a high school district with fewer than 400 students exceeds by 75% or more the percentage change in the total low-income eligible pupil count of contiguous elementary school districts, whose boundaries are coterminous with the high school district, the high school district's low-income eligible pupil count from the earlier federal census shall be the number used as the low-income eligible pupil count for the high school district, for purposes of this subsection (H).

(2) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 1998-1999, 1999-2000, and 2000-2001 school years only:

(a) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for any school year shall be $800 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for the 1998-1999 school year shall be $1,100 multiplied by the low income eligible pupil count.
income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for the 1998-99 school year shall be $1,500 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of 60% or more, the grant for the 1998-99 school year shall be $1,900 multiplied by the low income eligible pupil count.

(e) For the 1999-2000 school year, the per pupil amount specified in subparagraphs (b), (c), and (d) immediately above shall be increased to $1,243, $1,600, and $2,000, respectively.

(f) For the 2000-2001 school year, the per pupil amounts specified in subparagraphs (b), (c), and (d) immediately above shall be $1,273, $1,640, and $2,050, respectively.

(2.5) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2001-2002 school year and each school year thereafter:

(a) For any school district with a Low Income Concentration Level of less than 10%, the grant for each school year shall be $355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 10% and less than 20%, the grant for each school year shall be $675 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for each school year shall be $1,190 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for each school year shall be $1,333 multiplied by the low income eligible pupil count.

(e) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for each school year shall be $1,680 multiplied by the low income eligible pupil count.

(f) For any school district with a Low Income Concentration Level of 60% or more, the grant for each school year shall be $2,080 multiplied by the low income eligible pupil count.

(3) School districts with an Average Daily Attendance of more than 1,000 and less than 50,000 that qualify for supplemental general State aid pursuant to this subsection shall submit a plan to the State Board of Education prior to October 30 of each year for the use of the funds resulting from this grant of supplemental general State aid for the improvement of instruction in which priority is given to meeting the education needs of disadvantaged children. Such plan shall be submitted in accordance with rules and regulations promulgated by the State Board of Education.

(4) School districts with an Average Daily Attendance of 50,000 or more that qualify for supplemental general State aid pursuant to this subsection shall be required to distribute from funds available pursuant to this Section, no less than $261,000,000 in accordance with the following requirements:

(a) The required amounts shall be distributed to the attendance centers within the district in proportion to the number of pupils enrolled at each attendance center who are eligible to receive free or reduced-price lunches or breakfasts under the federal Child Nutrition Act of 1966 and under the National School Lunch Act during the immediately preceding school year.

(b) The distribution of these portions of supplemental and general State aid among attendance centers according to these requirements shall not be compensated for or contravened by adjustments of the total of other funds appropriated to any attendance centers, and the Board of Education shall utilize funding from one or several sources in order to fully implement this provision annually prior to the opening of schools.

(c) Each attendance center shall be provided by the school district a distribution of noncategorical funds and other categorical funds to which an attendance center is entitled under law in order that the general State aid and supplemental general State aid provided by application of this subsection supplements rather than supplants the noncategorical funds and other categorical funds provided by the school district to the attendance centers.

New matter indicated by italics - deletions by strikeout.
(d) Any funds made available under this subsection that by reason of the provisions of this subsection are not required to be allocated and provided to attendance centers may be used and appropriated by the board of the district for any lawful school purpose.

(e) Funds received by an attendance center pursuant to this subsection shall be used by the attendance center at the discretion of the principal and local school council for programs to improve educational opportunities at qualifying schools through the following programs and services: early childhood education, reduced class size or improved adult to student classroom ratio, enrichment programs, remedial assistance, attendance improvement, and other educationally beneficial expenditures which supplement the regular and basic programs as determined by the State Board of Education. Funds provided shall not be expended for any political or lobbying purposes as defined by board rule.

(f) Each district subject to the provisions of this subdivision (H)(4) shall submit an acceptable plan to the State Board of Education prior to July 15 of each year. This plan shall be consistent with the decisions of local school councils concerning the school expenditure plans developed in accordance with part 4 of Section 34-2.3. The State Board shall approve or reject the plan within 60 days after its submission. If the plan is rejected, the district shall give written notice of intent to modify the plan within 15 days of the notification of rejection and then submit a modified plan within 30 days after the date of the written notice of intent to modify. Districts may amend approved plans pursuant to rules promulgated by the State Board of Education.

Upon notification by the State Board of Education that the district has not submitted a plan prior to July 15 or a modified plan within the time period specified herein, the State aid funds affected by that plan or modified plan shall be withheld by the State Board of Education until a plan or modified plan is submitted.

If the district fails to distribute State aid to attendance centers in accordance with an approved plan, the plan for the following year shall allocate funds, in addition to the funds otherwise required by this subsection, to those attendance centers which were underfunded during the previous year in amounts equal to such underfunding.

For purposes of determining compliance with this subsection in relation to the requirements of attendance center funding, each district subject to the provisions of this subsection shall submit as a separate document by December 1 of each year a report of expenditure data for the prior year in addition to any modification of its current plan. If it is determined that there has been a failure to comply with the expenditure provisions of this subsection regarding contravention or supplanting, the State Superintendent of Education shall, within 60 days of receipt of the report, notify the district and any affected local school council. The district shall within 45 days of receipt of that notification inform the State Superintendent of Education of the remedial or corrective action to be taken, whether by amendment of the current plan, if feasible, or by adjustment in the plan for the following year. Failure to provide the expenditure report or the notification of remedial or corrective action in a timely manner shall result in a withholding of the affected funds.

The State Board of Education shall promulgate rules and regulations to implement the provisions of this subsection. No funds shall be released under this subdivision (H)(4) to any district that has not submitted a plan that has been approved by the State Board of Education.

(I) General State Aid for Newly Configured School Districts.

(1) For a new school district formed by combining property included totally within 2 or more previously existing school districts, for its first year of existence the general State aid and supplemental general State aid calculated under this Section shall be computed for the new district and for the previously existing districts for which property is totally included within the new district. If the computation on the basis of the previously existing districts is greater, a supplementary payment equal to the difference shall be made for the first 4 years of existence of the new district.

(2) For a school district which annexes all of the territory of one or more entire other school districts, for the first year during which the change of boundaries attributable to such annexation becomes effective for all purposes as determined under Section 7-9 or 7A-8, the general State aid and supplemental general State aid calculated under this Section shall be computed for the annexing
district as constituted after the annexation and for the annexing and each annexed district as constituted prior to the annexation; and if the computation on the basis of the annexing and annexed districts as constituted prior to the annexation is greater, a supplementary payment equal to the difference shall be made for the first 4 years of existence of the annexing school district as constituted upon such annexation.  

(3) For 2 or more school districts which annex all of the territory of one or more entire other school districts, and for 2 or more community unit districts which result upon the division (pursuant to petition under Section 11A-2) of one or more other unit school districts into 2 or more parts and which together include all of the parts into which such other unit school district or districts are so divided, for the first year during which the change of boundaries attributable to such annexation or division becomes effective for all purposes as determined under Section 7-9 or 11A-10, as the case may be, the general State aid and supplemental general State aid calculated under this Section shall be computed for each annexing or resulting district as constituted after the annexation or division and for each annexing and annexed district, or for each resulting and divided district, as constituted prior to the annexation or division; and if the aggregate of the general State aid and supplemental general State aid as so computed for the annexing or resulting districts as constituted after the annexation or division is less than the aggregate of the general State aid and supplemental general State aid as so computed for the annexing and annexed districts, or for the resulting and divided districts, as constituted prior to the annexation or division, then a supplementary payment equal to the difference shall be made and allocated between or among the annexing or resulting districts, as constituted upon such annexation or division, for the first 4 years of their existence. The total difference payment shall be allocated between or among the annexing or resulting districts in the same ratio as the pupil enrollment from that portion of the annexed or divided district or districts which is annexed to or included in each such annexing or resulting district bears to the total pupil enrollment from the entire annexed or divided district or districts, as such pupil enrollment is determined for the school year last ending prior to the date when the change of boundaries attributable to the annexation or division becomes effective for all purposes. The amount of the total difference payment and the amount thereof to be allocated to the annexing or resulting districts shall be computed by the State Board of Education on the basis of pupil enrollment and other data which shall be certified to the State Board of Education, on forms which it shall provide for that purpose, by the regional superintendent of schools for each educational service region in which the annexing and annexed districts, or resulting and divided districts are located. 

(3.5) Claims for financial assistance under this subsection (I) shall not be recomputed except as expressly provided under this Section. 

(4) Any supplementary payment made under this subsection (I) shall be treated as separate from all other payments made pursuant to this Section. 

(J) Supplementary Grants in Aid. 

(1) Notwithstanding any other provisions of this Section, the amount of the aggregate general State aid in combination with supplemental general State aid under this Section for which each school district is eligible shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-98 school year, pursuant to the provisions of that Section as it was then in effect. If a school district qualifies to receive a supplementary payment made under this subsection (J), the amount of the aggregate general State aid in combination with supplemental general State aid under this Section which that district is eligible to receive for each school year shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-1998 school year, pursuant to the provisions of that Section as it was then in effect. 

(2) If, as provided in paragraph (1) of this subsection (J), a school district is to receive aggregate general State aid in combination with supplemental general State aid under this Section for the 1998-99 school year and any subsequent school year that in any such school year is less than the amount of the aggregate general State aid entitlement that the district received for the 1997-98 school year, the school district shall also receive, from a separate appropriation made for purposes of this subsection (J), a supplementary payment that is equal to the amount of the difference in the
aggregate State aid figures as described in paragraph (1).

(3) (Blank).

(K) Grants to Laboratory and Alternative Schools.

In calculating the amount to be paid to the governing board of a public university that operates a laboratory school under this Section or to any alternative school that is operated by a regional superintendent of schools, the State Board of Education shall require by rule such reporting requirements as it deems necessary.

As used in this Section, "laboratory school" means a public school which is created and operated by a public university and approved by the State Board of Education. The governing board of a public university which receives funds from the State Board under this subsection (K) may not increase the number of students enrolled in its laboratory school from a single district, if that district is already sending 50 or more students, except under a mutual agreement between the school board of a student's district of residence and the university which operates the laboratory school. A laboratory school may not have more than 1,000 students, excluding students with disabilities in a special education program.

As used in this Section, "alternative school" means a public school which is created and operated by a Regional Superintendent of Schools and approved by the State Board of Education. Such alternative schools may offer courses of instruction for which credit is given in regular school programs, courses to prepare students for the high school equivalency testing program or vocational and occupational training. A regional superintendent of schools may contract with a school district or a public community college district to operate an alternative school. An alternative school serving more than one educational service region may be established by the regional superintendents of schools of the affected educational service regions. An alternative school serving more than one educational service region may be operated under such terms as the regional superintendents of schools of those educational service regions may agree.

Each laboratory and alternative school shall file, on forms provided by the State Superintendent of Education, an annual State aid claim which states the Average Daily Attendance of the school's students by month. The best 3 months' Average Daily Attendance shall be computed for each school. The general State aid entitlement shall be computed by multiplying the applicable Average Daily Attendance by the Foundation Level as determined under this Section.

(L) Payments, Additional Grants in Aid and Other Requirements.

(1) For a school district operating under the financial supervision of an Authority created under Article 34A, the general State aid otherwise payable to that district under this Section, but not the supplemental general State aid, shall be reduced by an amount equal to the budget for the operations of the Authority as certified by the Authority to the State Board of Education, and an amount equal to such reduction shall be paid to the Authority created for such district for its operating expenses in the manner provided in Section 18-11. The remainder of general State school aid for any such district shall be paid in accordance with Article 34A when that Article provides for a disposition other than that provided by this Article.

(2) (Blank).

(3) Summer school. Summer school payments shall be made as provided in Section 18-4.3.

(M) Education Funding Advisory Board.

The Education Funding Advisory Board, hereinafter in this subsection (M) referred to as the "Board", is hereby created. The Board shall consist of 5 members who are appointed by the Governor, by and with the advice and consent of the Senate. The members appointed shall include representatives of education, business, and the general public. One of the members so appointed shall be designated by the Governor at the time the appointment is made as the chairperson of the Board. The initial members of the Board may be appointed any time after the effective date of this amendatory Act of 1997. The regular term of each member of the Board shall be for 4 years from the third Monday of January of the year in which the term of the member's appointment is to commence, except that of the 5 initial members appointed to serve on the Board, the member who is appointed as the chairperson shall serve for a term that commences on the date of his or her appointment and expires on the third Monday of January, 2002, and the remaining 4 members, by lots drawn at the first meeting of the Board that is held after all 5 members are appointed, shall determine 2 of their number to serve for terms that commence on the date of their respective appointments and expire on
the third Monday of January, 2001, and 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2000. All members appointed to serve on the Board shall serve until their respective successors are appointed and confirmed. Vacancies shall be filled in the same manner as original appointments. If a vacancy in membership occurs at a time when the Senate is not in session, the Governor shall make a temporary appointment until the next meeting of the Senate, when he or she shall appoint, by and with the advice and consent of the Senate, a person to fill that membership for the unexpired term. If the Senate is not in session when the initial appointments are made, those appointments shall be made as in the case of vacancies.

The Education Funding Advisory Board shall be deemed established, and the initial members appointed by the Governor to serve as members of the Board shall take office, on the date that the Governor makes his or her appointment of the fifth initial member of the Board, whether those initial members are then serving pursuant to appointment and confirmation or pursuant to temporary appointments that are made by the Governor as in the case of vacancies.

The State Board of Education shall provide such staff assistance to the Education Funding Advisory Board as is reasonably required for the proper performance by the Board of its responsibilities.

For school years after the 2000-2001 school year, the Education Funding Advisory Board, in consultation with the State Board of Education, shall make recommendations as provided in this subsection (M) to the General Assembly for the foundation level under subdivision (B)(3) of this Section and for the supplemental general State aid grant level under subsection (H) of this Section for districts with high concentrations of children from poverty. The recommended foundation level shall be determined based on a methodology which incorporates the basic education expenditures of low-spending schools exhibiting high academic performance. The Education Funding Advisory Board shall make such recommendations to the General Assembly on January 1 of odd numbered years, beginning January 1, 2001.

(O) References.

(1) References in other laws to the various subdivisions of Section 18-8 as that Section existed before its repeal and replacement by this Section 18-8.05 shall be deemed to refer to the corresponding provisions of this Section 18-8.05, to the extent that those references remain applicable.

(2) References in other laws to State Chapter 1 funds shall be deemed to refer to the supplemental general State aid provided under subsection (H) of this Section.

DISASTER RELIEF, PUBLIC

Whenever it becomes necessary for the State or any governmental unit to furnish in a disaster area emergency services directly related to or required by a disaster and existing funds are insufficient to provide such services, the Governor may, when he considers such action in the best interest of the State, release funds from the General Revenue disaster relief appropriation in order to provide such services or to reimburse local governmental bodies furnishing such services. Such appropriation may be used for payment of the Illinois National Guard when called to active duty in case of disaster, and for the emergency purchase or renting of equipment and commodities. Such appropriation shall be used for emergency services and relief to the disaster area as a whole and shall not be used to provide private relief to persons sustaining property damages or personal injury as a result of a disaster.
