(3) "Public office" means any elected official or any State or local agency which is or may become responsible by law for enforcement of, or which is or may become authorized to enforce, an order for support, including, but not limited to: the Attorney General, the Illinois Department of Public Aid, the Illinois Department of Human Services, the Illinois Department of Children and Family Services, and the various State's Attorneys, Clerks of the Circuit Court and supervisors of general assistance.
(b) Order.
(1) Whenever the court establishes, modifies or enforces an order for child support or
for child support and maintenance the court shall include in the order a provision for the health care coverage of the child which shall, upon request of the obligee or Public Office, require that any child covered by the order be named as a beneficiary of any health insurance plan that is available to the obligor through an employer or labor union or trade union. If the court finds that such a plan is not available to the obligor, or that the plan is not accessible to the obligee, the court may, upon request of the obligee or Public Office, order the obligor to name the child covered by the order as a beneficiary of any health insurance plan that is available to the obligor on a group basis, or as a beneficiary of an independent health insurance plan to be obtained by the obligor, after considering the following factors:

(A) the medical needs of the child;
(B) the availability of a plan to meet those needs; and
(C) the cost of such a plan to the obligor.

(2) If the employer or labor union or trade union offers more than one plan, the order shall require the obligor to name the child as a beneficiary of the plan in which the obligor is enrolled.

(3) Nothing in this Section shall be construed to limit the authority of the court to establish or modify a support order to provide for payment of expenses, including deductibles, copayments and any other health expenses, which are in addition to expenses covered by an insurance plan of which a child is ordered to be named a beneficiary pursuant to this Section.

(c) Implementation and enforcement.

(1) When the court order requires that a minor child be named as a beneficiary of a health insurance plan, other than a health insurance plan available through an employer or labor union or trade union, the obligor shall provide written proof to the obligee or Public Office that the required insurance has been obtained, or that application for insurability has been made, within 30 days of receiving notice of the court order. Unless the obligor was present in court when the order was issued, notice of the order shall be given pursuant to Illinois Supreme Court Rules. If an obligor fails to provide the required proof, he may be held in contempt of court.

(2) When the court requires that a minor child be named as a beneficiary of a health insurance plan available through an employer or labor union or trade union, the court's order shall be implemented in accordance with the Income Withholding for Support Act Section 706.1, as now or hereafter amended.

(d) Failure to maintain insurance. The dollar amount of the premiums for court-ordered health insurance, or that portion of the premiums for which the obligor is responsible in the case of insurance provided under a group health insurance plan through an employer or labor union or trade union where the employer or labor union or trade union pays a portion of the premiums, shall be considered an additional child support obligation owed by the obligor. Whenever the obligor fails to provide or maintain health insurance pursuant to an order for support, the obligor shall be liable to the obligee for the dollar amount of the premiums which were not paid, and shall also be liable for all medical expenses incurred by the minor child which would have been paid or reimbursed by the health insurance which the obligor was ordered to provide or maintain. In addition, the obligee may petition the court to modify the order based solely on the obligor's failure to pay the premiums for court-ordered health insurance.

(e) Authorization for payment. The signature of the obligee is a valid authorization to the insurer to process a claim for payment under the insurance plan to the provider of the health care services or to the obligee.

(f) Disclosure of information. The obligor's employer or labor union or trade union shall disclose to the obligee or Public Office, upon request, information concerning any dependent coverage plans which would be made available to a new employee or labor union member or trade union member. The employer or labor union or trade union shall disclose such information whether or not a court order for medical support has been entered.

(g) Employer obligations. If a parent is required by an order for support to provide coverage for a child's health care expenses and if that coverage is available to the parent through an employer who does business in this State, the employer must do all of the following upon receipt of a copy of
the order of support or order for withholding:

(1) The employer shall, upon the parent's request, permit the parent to include in that coverage a child who is otherwise eligible for that coverage, without regard to any enrollment season restrictions that might otherwise be applicable as to the time period within which the child may be added to that coverage.

(2) If the parent has health care coverage through the employer but fails to apply for coverage of the child, the employer shall include the child in the parent's coverage upon application by the child's other parent or the Illinois Department of Public Aid.

(3) The employer may not eliminate any child from the parent's health care coverage unless the employee is no longer employed by the employer and no longer covered under the employer's group health plan or unless the employer is provided with satisfactory written evidence of either of the following:

(A) The order for support is no longer in effect.
(B) The child is or will be included in a comparable health care plan obtained by the parent under such order that is currently in effect or will take effect no later than the date the prior coverage is terminated.

The employer may eliminate a child from a parent's health care plan obtained by the parent under such order if the employer has eliminated dependent health care coverage for all of its employees.

Sec. 709. Mandatory child support payments to clerk.

(a) As of January 1, 1982, child support orders entered in any county covered by this subsection shall be made pursuant to the provisions of Sections 709 through 712 of this Act. For purposes of these Sections, the term "child support payment" or "payment" shall include any payment ordered to be made solely for the purpose of the support of a child or children or any payment ordered for general support which includes any amount for support of any child or children.

The provisions of Sections 709 through 712 shall be applicable to any county with a population of 2 million or more and to any other county which notifies the Supreme Court of its desire to be included within the coverage of these Sections and is certified pursuant to Supreme Court Rules.

The effective date of inclusion, however, shall be subject to approval of the application for reimbursement of the costs of the support program by the Department of Public Aid as provided in Section 712.

(b) In any proceeding for a dissolution of marriage, legal separation, or declaration of invalidity of marriage, or in any supplementary proceedings in which a judgment or modification thereof for the payment of child support is entered on or after January 1, 1982, in any county covered by Sections 709 through 712, and the person entitled to payment is receiving a grant of financial aid under Article IV of the Illinois Public Aid Code or has applied and qualified for support services under Section 10-1 of that Code, the court shall direct: (1) that such payments be made to the clerk of the court and (2) that the parties affected shall each thereafter notify the clerk of any change of address or change in other conditions that may affect the administration of the order, including the fact that a party who was previously not on public aid has become a recipient of public aid, within 10 days of such change. All notices sent to the obligor's last known address on file with the clerk
shall be deemed sufficient to proceed with enforcement pursuant to the provisions of Sections 709 through 712.

In all other cases, the court may direct that payments be made to the clerk of the court.

(c) Except as provided in subsection (d) of this Section, the clerk shall disburse the payments to the person or persons entitled thereto under the terms of the order or judgment.

(d) The court shall determine, prior to the entry of the support order, if the party who is to receive the support is presently receiving public aid or has a current application for public aid pending and shall enter the finding on the record.

If the person entitled to payment is a recipient of aid under the Illinois Public Aid Code, the clerk, upon being informed of this fact by finding of the court, by notification by the party entitled to payment, by the Illinois Department of Public Aid or by the local governmental unit, shall make all payments to: (1) the Illinois Department of Public Aid if the person is a recipient under Article III, IV, or V of the Code or (2) the local governmental unit responsible for his or her support if the person is a recipient under Article VI or VII of the Code. In accordance with federal law and regulations, the Illinois Department of Public Aid may continue to collect current maintenance payments or child support payments, or both, after those persons cease to receive public assistance and until termination of services under Article X of the Illinois Public Aid Code. The Illinois Department of Public Aid shall pay the net amount collected to those persons after deducting any costs incurred in making the collection or any collection fee from the amount of any recovery made. Upon termination of public aid payments to such a recipient or termination of services under Article X of the Illinois Public Aid Code, the Illinois Department of Public Aid or the appropriate local governmental unit shall notify the clerk in writing or by electronic transmission that all subsequent payments are to be sent directly to the person entitled thereto.

Payments under this Section to the Illinois Department of Public Aid pursuant to the Child Support Enforcement Program established by Title IV-D of the Social Security Act shall be paid into the Child Support Enforcement Trust Fund. All payments under this Section to the Illinois Department of Human Services shall be deposited in the DHS Recoveries Trust Fund. Disbursements from these funds shall be as provided in the Illinois Public Aid Code. Payments received by a local governmental unit shall be deposited in that unit's General Assistance Fund.

(e) Any order or judgment may be amended by the court, upon its own motion or upon the motion of either party, to conform with the provisions of Sections 709 through 712, either as to the requirement of making payments to the clerk or, where payments are already being made to the clerk, as to the statutory fees provided for under Section 711.

(f) The clerk may invest in any interest bearing account or in any securities, monies collected for the benefit of a payee, where such payee cannot be found; however, the investment may be only for the period until the clerk is able to locate and present the payee with such monies. The clerk may invest in any interest bearing account, or in any securities, monies collected for the benefit of any other payee; however, this does not alter the clerk's obligation to make payments to the payee in a timely manner. Any interest or capital gains accrued shall be for the benefit of the county and shall be paid into the special fund established in subsection (b) of Section 711.

(g) The clerk shall establish and maintain a payment record of all monies received and disbursed and such record shall constitute prima facie evidence of such payment and non-payment, as the case may be.

(h) For those cases in which child support is payable to the clerk of the circuit court for
transmittal to the Illinois Department of Public Aid by order of court or upon notification by the Illinois Department of Public Aid, the clerk shall transmit all such payments, within 4 working days of receipt, to insure that funds are available for immediate distribution by the Department to the person or entity entitled thereto in accordance with standards of the Child Support Enforcement Program established under Title IV-D of the Social Security Act. The clerk shall notify the Department of the date of receipt and amount thereof at the time of transmittal. Where the clerk has entered into an agreement of cooperation with the Department to record the terms of child support orders and payments made thereunder directly into the Department's automated data processing system, the clerk shall account for, transmit and otherwise distribute child support payments in accordance with such agreement in lieu of the requirements contained herein.

(i) To the extent the provisions of this Section are inconsistent with the requirements pertaining to the State Disbursement Unit under Section 507.1 of this Act and Section 10-26 of the Illinois Public Aid Code, the requirements pertaining to the State Disbursement Unit shall apply.

750 ILCS 5/713 (from Ch. 40, par. 713)

Sec. 713. Attachment of the Body. As used in this Section, "obligor" has the same meaning ascribed to such term in the Income Withholding for Support Act.

(a) In any proceeding to enforce an order for support, where the obligor has failed to appear in court pursuant to order of court and after due notice thereof, the court may enter an order for the attachment of the body of the obligor. Notices under this Section shall be served upon the obligor by any means authorized under subsection (a-5) of Section 505. The attachment order shall fix an amount of escrow which is equal to a minimum of 20% of the total child support arrearage alleged by the obligee in sworn testimony to be due and owing. The attachment order shall direct the Sheriff of any county in Illinois to take the obligor into custody and shall set the number of days following release from custody for a hearing to be held at which the obligor must appear, if he is released under subsection (b) (c) of this Section.

(b) If the obligor is taken into custody, the Sheriff shall take the obligor before the court which entered the attachment order. However, the Sheriff may release the person after he or she has deposited the amount of escrow ordered by the court pursuant to local procedures for the posting of bond. The Sheriff shall advise the obligor of the hearing date at which the obligor is required to appear.

(c) Any escrow deposited pursuant to this Section shall be transmitted to the Clerk of the Circuit Court for the county in which the order for attachment of the body of the obligor was entered. Any Clerk who receives money deposited into escrow pursuant to this Section shall notify the obligee, public office or legal counsel whose name appears on the attachment order of the court date at which the obligor is required to appear and the amount deposited into escrow. The Clerk shall disburse such money to the obligee only under an order from the court that entered the attachment order pursuant to this Section.

(d) Whenever an obligor is taken before the court by the Sheriff, or appears in court after the court has ordered the attachment of his body, the court shall:

(1) hold a hearing on the complaint or petition that gave rise to the attachment order. For purposes of determining arrearages that are due and owing by the obligor, the court shall accept the previous sworn testimony of the obligee as true and the appearance of the obligee shall not be required. The court shall require sworn testimony of the obligor as to his or her Social Security number, income, employment, bank accounts, property and any other assets. If there is a dispute as to the total amount of arrearages, the court shall proceed as in any other case as to the undisputed amounts; and

(2) order the Clerk of the Circuit Court to disburse to the obligee or public office money held in escrow pursuant to this Section if the court finds that the amount of arrearages exceeds the amount of the escrow. Amounts received by the obligee or public office shall be deducted from the amount of the arrearages.

(e) If the obligor fails to appear in court after being notified of the court date by the Sheriff upon release from custody, the court shall order any monies deposited into escrow to be immediately released to the obligee or public office and shall proceed under subsection (a) of this Section by entering another order for the attachment of the body of the obligor.
(f) This Section shall apply to any order for support issued under the "Illinois Marriage and Dissolution of Marriage Act", approved September 22, 1977, as amended; the "Illinois Parentage Act of 1984", effective July 1, 1985, as amended; the "Revised Uniform Reciprocal Enforcement of Support Act", approved August 28, 1969, as amended; "The Illinois Public Aid Code", approved April 11, 1967, as amended; the Non-Support Punishment Act; and the "Non-support of Spouse and Children Act", approved June 8, 1953, as amended.

(g) Any escrow established pursuant to this Section for the purpose of providing support shall not be subject to fees collected by the Clerk of the Circuit Court for any other escrow.

(a) Whenever it is determined in a proceeding to establish or enforce a child support or maintenance obligation that the person owing a duty of support is unemployed, the court may order the person to seek employment and report periodically to the court with a diary, listing or other memorandum of his or her efforts in accordance with such order. Additionally, the court may order the unemployed person to report to the Department of Employment Security for job search services or to make application with the local Job Training Partnership Act provider for participation in job search, training, or work programs and where the duty of support is owed to a child receiving support services under Article X of the Illinois Public Aid Code the court may order the unemployed person to report to the Illinois Department of Public Aid for participation in job search, training, or work programs established under Section 9-6 and Article IXA of that Code.

(b) Whenever it is determined that a person owes past due support for a child or for a child and the parent with whom the child is living, and the child is receiving assistance under the Illinois Public Aid Code, the court shall order at the request of the Illinois Department of Public Aid:
(1) that the person pay the past-due support in accordance with a plan approved by the court; or
(2) if the person owing past-due support is unemployed, is subject to such a plan, and is not incapacitated, that the person participate in such job search, training, or work programs established under Section 9-6 and Article IXA of the Illinois Public Aid Code as the court deems appropriate.

(A) The surrogate mother certifies that she is not the biological mother of the child, and that she is carrying the child of the biological father (sperm donor) and of the biological mother (egg donor).

(B) The husband, if any, of the surrogate mother certifies that he is not the biological father of the child and that the child is that of the biological father (sperm donor) and of the biological mother (egg donor).

(C) The biological mother certifies that she donated the egg from which the child being carried by the surrogate mother was conceived.

(D) The biological father certifies that he donated the sperm from which the child being carried by the surrogate mother was conceived.

(E) A physician licensed to practice medicine in all its branches in the State of Illinois certifies that the child being carried by the surrogate mother is the biological child of the biological mother (egg donor) and biological father (sperm donor), and that neither the surrogate mother nor the surrogate mother's husband, if any, is a biological parent of the child being carried by the surrogate mother.

(F) All certifications shall be in writing and witnessed by 2 competent adults who are not the surrogate mother, surrogate mother's husband, if any, biological mother, or biological father. Certifications shall be on forms prescribed by the Illinois Department of Public Health, shall be executed prior to the birth of the child, and shall be placed in the medical records of the surrogate mother prior to the birth of the child. Copies of all certifications shall be delivered to the Illinois Department of Public Health prior to the birth of the child.

(2) Unless otherwise determined by order of the Circuit Court, the child shall be presumed to be the child of the surrogate mother and of the surrogate mother's husband, if any, if all requirements of subdivision (a)(1) are not met prior to the birth of the child. This presumption may be rebutted by clear and convincing evidence. The circuit court may order the surrogate mother, surrogate mother's husband, biological mother, biological father, and child to submit to such medical examinations and testing as the court deems appropriate.

(b) Notwithstanding any other provisions of this Act, paternity established in accordance with subsection (a) has the full force and effect of a judgment entered under this Act and serves as a basis for seeking a child support order without any further proceedings to establish paternity.

(c) A judicial or administrative proceeding to ratify paternity established in accordance with subsection (a) is neither required nor permitted.

(d) A signed acknowledgment of paternity entered under this Act may be challenged in court only on the basis of fraud, duress, or material mistake of fact, with the burden of proof upon the challenging party. Pending outcome of the challenge to the acknowledgment of paternity, the legal responsibilities of the signatories shall remain in full force and effect, except upon order of the court upon a showing of good cause.

(e) Once a parent and child relationship is established in accordance with subsection (a), an order for support may be established pursuant to a petition to establish an order for support by consent filed with the clerk of the circuit court. A copy of the properly completed acknowledgment of parentage form shall be attached to the petition. The petition shall ask that the circuit court enter an order for support. The petition may ask that an order for visitation, custody, or guardianship be entered. The filing and appearance fees provided under the Clerks of Courts Act shall be waived for all cases in which an acknowledgment of parentage form has been properly completed by the parties and in which a petition to establish an order for support by consent has been filed with the clerk of the circuit court. This subsection shall not be construed to prohibit filing any petition for child support, visitation, or custody under this Act, the Illinois Marriage and Dissolution of Marriage Act, or the Non-Support Punishment Act. This subsection shall also not be construed to prevent the establishment of an administrative support order in cases involving persons receiving child support enforcement services under Article X of the Illinois Public Aid Code.

Sec. 15. Enforcement of Judgment or Order.

(a) If existence of the parent and child relationship is declared, or paternity or duty of support
has been established under this Act or under prior law or under the law of any other jurisdiction, the judgment rendered thereunder may be enforced in the same or other proceedings by any party or any person or agency that has furnished or may furnish financial assistance or services to the child. The Income Withholding for Support Act and Sections 14 and 16 of this Act shall also be applicable with respect to entry, modification and enforcement of any support judgment entered under provisions of the "Paternity Act", approved July 5, 1957, as amended, repealed July 1, 1985.

(b) Failure to comply with any order of the court shall be punishable as contempt as in other cases of failure to comply under the "Illinois Marriage and Dissolution of Marriage Act", as now or hereafter amended. In addition to other penalties provided by law, the court may, after finding the party guilty of contempt, order that the party be:

(1) Placed on probation with such conditions of probation as the court deems advisable;

(2) Sentenced to periodic imprisonment for a period not to exceed 6 months. However, the court may permit the party to be released for periods of time during the day or night to work or conduct business or other self-employed occupation. The court may further order any part of the earnings of a party during a sentence of periodic imprisonment to be paid to the Clerk of the Circuit Court or to the person or parent having custody of the minor child for the support of said child until further order of the court.

(2.5) The court may also pierce the ownership veil of a person, persons, or business entity to discover assets of a non-custodial parent held in the name of that person, those persons, or that business entity if there is a unity of interest and ownership sufficient to render no financial separation between the non-custodial parent and that person, those persons, or the business entity. The following circumstances are sufficient for a court to order discovery of the assets of a person, persons, or business entity and to compel the application of any discovered assets toward payment on the judgment for support:

(A) the non-custodial parent and the person, persons, or business entity maintain records together.

(B) the non-custodial parent and the person, persons, or business entity fail to maintain an arms length relationship between themselves with regard to any assets.

(C) the non-custodial parent transfers assets to the person, persons, or business entity with the intent to perpetrate a fraud on the custodial parent.

With respect to assets which are real property, no order entered under this subdivision (2.5) shall affect the rights of bona fide purchasers, mortgagees, judgment creditors, or other lien holders who acquire their interests in the property prior to the time a notice of lis pendens pursuant to the Code of Civil Procedure or a copy of the order is placed of record in the office of the recorder of deeds for the county in which the real property is located.

(3) The court may also order that in cases where the party is 90 days or more delinquent in payment of support or has been adjudicated in arrears in an amount equal to 90 days obligation or more, that the party's Illinois driving privileges be suspended until the court determines that the party is in compliance with the judgement or duty of support. The court may also order that the parent be issued a family financial responsibility driving permit that would allow limited driving privileges for employment and medical purposes in accordance with Section 7-702.1 of the Illinois Vehicle Code. The clerk of the circuit court shall certify the order suspending the driving privileges of the parent or granting the issuance of a family financial responsibility driving permit to the Secretary of State on forms prescribed by the Secretary. Upon receipt of the authenticated documents, the Secretary of State shall suspend the party's driving privileges until further order of the court and shall, if ordered by the court, subject to the provisions of Section 7-702.1 of the Illinois Vehicle Code, issue a family financial responsibility driving permit to the parent.

In addition to the penalties or punishment that may be imposed under this Section, any person whose conduct constitutes a violation of Section 15 of the Non-Support Punishment of Spouse and Children Act may be prosecuted under that Act Section, and a person convicted under that Act Section may be sentenced in accordance with that Act Section. The sentence may include but need not be limited to a requirement that the person perform community service under Section 50 subsection (b) of that Act Section or participate in a work alternative program under Section 50 subsection (c) of that Act Section. A person may not be required to participate in a work alternative

program under Section 50 subsection (c) of that Act Section if the person is currently participating in a work program pursuant to Section 15.1 of this Act.

(c) In any post-judgment proceeding to enforce or modify the judgment the parties shall continue to be designated as in the original proceeding.

Sec. 21. Support payments; receiving and disbursing agents.

(1) In an action filed in a county of less than 3 million population in which an order for child support is entered, and in supplementary proceedings in such a county to enforce or vary the terms of such order arising out of an action filed in such a county, the court, except in actions or supplementary proceedings in which the pregnancy and delivery expenses of the mother or the child support payments are for a recipient of aid under the Illinois Public Aid Code, shall direct that child support payments be made to the clerk of the court unless in the discretion of the court exceptional circumstances warrant otherwise. In cases where payment is to be made to persons other than the clerk of the court the judgment or order of support shall set forth the facts of the exceptional circumstances.

(2) In an action filed in a county of 3 million or more population in which an order for child support is entered, and in supplementary proceedings in such a county to enforce or vary the terms of such order arising out of an action filed in such a county, the court, except in actions or supplementary proceedings in which the pregnancy and delivery expenses of the mother or the child support payments are for a recipient of aid under the Illinois Public Aid Code, shall direct that child support payments be made either to the clerk of the court or to the Court Service Division of the County Department of Public Aid, or to the clerk of the court or to the Illinois Department of Public Aid, unless in the discretion of the court exceptional circumstances warrant otherwise. In cases where payment is to be made to persons other than the clerk of the court, the Court Service Division of the County Department of Public Aid, or the Illinois Department of Public Aid, the judgment or order of support shall set forth the facts of the exceptional circumstances.

(3) Where the action or supplementary proceeding is in behalf of a mother for pregnancy and delivery expenses or for child support, or both, and the mother, child, or both, are recipients of aid under the Illinois Public Aid Code, the court shall order that the payments be made directly to (a) the Illinois Department of Public Aid if the mother or child, or both, are recipients under Articles IV or V of the Code, or (b) the local governmental unit responsible for the support of the mother or child, or both, if they are recipients under Articles VI or VII of the Code. In accordance with federal law and regulations, the Illinois Department of Public Aid may continue to collect current maintenance payments or child support payments, or both, after those persons cease to receive public assistance and until termination of services under Article X of the Illinois Public Aid Code. The Illinois Department of Public Aid shall pay the net amount collected to those persons after deducting any costs incurred in making the collection or any collection fee from the amount of any recovery made. The Illinois Department of Public Aid or the local governmental unit, as the case may be, may direct that payments be made directly to the mother of the child, or to some other person or agency in the child's behalf, upon the removal of the mother and child from the public aid rolls or upon termination of services under Article X of the Illinois Public Aid Code; and upon such direction, the Illinois Department or the local governmental unit, as the case requires, shall give notice of such action to the court in writing or by electronic transmission.

(4) All clerks of the court and the Court Service Division of a County Department of Public Aid and the Illinois Department of Public Aid, receiving child support payments under paragraphs (1) or (2) shall disburse the same to the person or persons entitled thereto under the terms of the order. They shall establish and maintain clear and current records of all moneys received and disbursed and of defaults and delinquencies in required payments. The court, by order or rule, shall make provision for the carrying out of these duties.

Upon notification in writing or by electronic transmission from the Illinois Department of Public Aid to the clerk of the court that a person who is receiving support payments under this Section is receiving services under the Child Support Enforcement Program established by Title IV-D of the Social Security Act, any support payments subsequently received by the clerk of the court shall
be transmitted in accordance with the instructions of the Illinois Department of Public Aid until the Department gives notice to cease the transmittal. After providing the notification authorized under this paragraph, the Illinois Department of Public Aid shall be entitled as a party to notice of any further proceedings in the case. The clerk of the court shall file a copy of the Illinois Department of Public Aid's notification in the court file. The failure of the clerk to file a copy of the notification in the court file shall not, however, affect the Illinois Department of Public Aid's right to receive notice of further proceedings.

Payments under this Section to the Illinois Department of Public Aid pursuant to the Child Support Enforcement Program established by Title IV-D of the Social Security Act shall be paid into the Child Support Enforcement Trust Fund. All payments under this Section to the Illinois Department of Human Services shall be deposited in the DHS Recoveries Trust Fund. Disbursement from these funds shall be as provided in the Illinois Public Aid Code. Payments received by a local governmental unit shall be deposited in that unit's General Assistance Fund.

(5) The moneys received by persons or agencies designated by the court shall be disbursed by them in accordance with the order. However, the court, on petition of the state's attorney, may enter new orders designating the clerk of the court or the Illinois Department of Public Aid, as the person or agency authorized to receive and disburse child support payments and, in the case of recipients of public aid, the court, on petition of the Attorney General or State's Attorney, shall direct subsequent payments to be paid to the Illinois Department of Public Aid or to the appropriate local governmental unit, as provided in paragraph (3). Payments of child support by principals or sureties on bonds, or proceeds of any sale for the enforcement of a judgment shall be made to the clerk of the court, the Illinois Department of Public Aid or the appropriate local governmental unit, as the respective provisions of this Section require.

(6) For those cases in which child support is payable to the clerk of the circuit court for transmittal to the Illinois Department of Public Aid by order of court or upon notification by the Illinois Department of Public Aid, the clerk shall transmit all such payments, within 4 working days of receipt, to ensure that funds are available for immediate distribution by the Department to the person or entity entitled thereto in accordance with standards of the Child Support Enforcement Program established under Title IV-D of the Social Security Act. The clerk shall notify the Department of the date of receipt and amount thereof at the time of transmittal. Where the clerk has entered into an agreement of cooperation with the Department to record the terms of child support orders and payments made thereunder directly into the Department's automated data processing system, the clerk shall account for, transmit and otherwise distribute child support payments in accordance with such agreement in lieu of the requirements contained herein.

(7) To the extent the provisions of this Section are inconsistent with the requirements pertaining to the State Disbursement Unit under Section 21.1 of this Act and Section 10-26 of the Illinois Public Aid Code, the requirements pertaining to the State Disbursement Unit shall apply.

Section 99. The Adoption Act is amended by changing Sections 1 and 18.1 as follows:

(750 ILCS 50/1) (from Ch. 40, par. 1501)

Sec. 1. Definitions. When used in this Act, unless the context otherwise requires:
A. "Child" means a person under legal age subject to adoption under this Act.
B. "Related child" means a child subject to adoption where either or both of the adopting parents stands in any of the following relationships to the child by blood or marriage: parent, grand-parent, brother, sister, step-parent, step-grandparent, step-brother, step-sister, uncle, aunt, great-uncle, great-aunt, or cousin of first degree. A child whose parent has executed a final irrevocable consent to adoption or a final irrevocable surrender for purposes of adoption, or whose parent has had his or her parental rights terminated, is not a related child to that person, unless the consent is determined to be void or is void pursuant to subsection O of Section 10.
C. "Agency" for the purpose of this Act means a public child welfare agency or a licensed child welfare agency.
D. "Unfit person" means any person whom the court shall find to be unfit to have a child, without regard to the likelihood that the child will be placed for adoption. The grounds of unfitness are any one or more of the following:
(a) Abandonment of the child.
(a-1) Abandonment of a newborn infant in a hospital.
(a-2) Abandonment of a newborn infant in any setting where the evidence suggests that
the parent intended to relinquish his or her parental rights.
(b) Failure to maintain a reasonable degree of interest, concern or responsibility as to the
child's welfare.
(c) Desertion of the child for more than 3 months next preceding the commencement of
the Adoption proceeding.
(d) Substantial neglect of the child if continuous or repeated.
(d-1) Substantial neglect, if continuous or repeated, of any child residing in the
household which resulted in the death of that child.
(e) Extreme or repeated cruelty to the child.
(f) Two or more findings of physical abuse to any children under Section 4-8 of the
Juvenile Court Act or Section 2-21 of the Juvenile Court Act of 1987, the most recent of
which was determined by the juvenile court hearing the matter to be supported by clear and
convincing evidence; a criminal conviction or a finding of not guilty by reason of insanity
resulting from the death of any child by physical child abuse; or a finding of physical child
abuse resulting from the death of any child under Section 4-8 of the Juvenile Court Act or
Section 2-21 of the Juvenile Court Act of 1987.
(g) Failure to protect the child from conditions within his environment injurious to the
child's welfare.
(h) Other neglect of, or misconduct toward the child; provided that in making a finding
of unfitness the court hearing the adoption proceeding shall not be bound by any previous
finding, order or judgment affecting or determining the rights of the parents toward the child
sought to be adopted in any other proceeding except such proceedings terminating parental
rights as shall be had under either this Act, the Juvenile Court Act or the Juvenile Court Act
of 1987.
(i) Depravity. Conviction of any one of the following crimes shall create a presumption
that a parent is depraved which can be overcome only by clear and convincing evidence: (1)
first degree murder in violation of paragraph 1 or 2 of subsection (a) of Section 9-1 of the
Criminal Code of 1961 or conviction of second degree murder in violation of subsection (a)
of Section 9-2 of the Criminal Code of 1961 of a parent of the child to be adopted; (2) first
degree murder or second degree murder of any child in violation of the Criminal Code of
1961; (3) attempt or conspiracy to commit first degree murder or second degree murder of
any child in violation of the Criminal Code of 1961; (4) solicitation to commit murder of any
child, solicitation to commit murder of any child for hire, or solicitation to commit second
degree murder of any child in violation of the Criminal Code of 1961; or (5) aggravated
There is a rebuttable presumption that a parent is depraved if the parent has been
criminally convicted of at least 3 felonies under the laws of this State or any other state, or
under federal law, or the criminal laws of any United States territory; and at least one of
these convictions took place within 5 years of the filing of the petition or motion seeking
termination of parental rights.
There is a rebuttable presumption that a parent is depraved if that parent has been
criminally convicted of either first or second degree murder of any person as defined in the
Criminal Code of 1961 within 10 years of the filing date of the petition or motion to
terminate parental rights.
(j) Open and notorious adultery or fornication.
(j-1) (Blank).
(k) Habitual drunkenness or addiction to drugs, other than those prescribed by a
physician, for at least one year immediately prior to the commencement of the unfitness
proceeding.
There is a rebuttable presumption that a parent is unfit under this subsection with respect
to any child to which that parent gives birth where there is a confirmed test result that at birth
the child's blood, urine, or meconium contained any amount of a controlled substance as
defined in subsection (f) of Section 102 of the Illinois Controlled Substances Act or metabolites of such substances, the presence of which in the newborn infant was not the result of medical treatment administered to the mother or the newborn infant; and the biological mother of this child is the biological mother of at least one other child who was adjudicated a neglected minor under subsection (c) of Section 2-3 of the Juvenile Court Act of 1987.

(l) Failure to demonstrate a reasonable degree of interest, concern or responsibility as to the welfare of a new born child during the first 30 days after its birth.

(m) Failure by a parent (i) to make reasonable efforts to correct the conditions that were the basis for the removal of the child from the parent, or (ii) to make reasonable progress toward the return of the child to the parent within 9 months after an adjudication of neglected or abused minor under Section 2-3 of the Juvenile Court Act of 1987 or dependent minor under Section 2-4 of that Act, or (iii) to make reasonable progress toward the return of the child to the parent during any 9-month period after the end of the initial 9-month period following the adjudication of neglected or abused minor under Section 2-3 of the Juvenile Court Act of 1987 or dependent minor under Section 2-4 of that Act. If a service plan has been established as required under Section 8.2 of the Abused and Neglected Child Reporting Act to correct the conditions that were the basis for the removal of the child from the parent and if those services were available, then, for purposes of this Act, "failure to make reasonable progress toward the return of the child to the parent" includes (I) the parent's failure to substantially fulfill his or her obligations under the service plan and correct the conditions that brought the child into care within 9 months after the adjudication under Section 2-3 or 2-4 of the Juvenile Court Act of 1987 and (II) the parent's failure to substantially fulfill his or her obligations under the service plan and correct the conditions that brought the child into care during any 9-month period after the end of the initial 9-month period following the adjudication under Section 2-3 or 2-4 of the Juvenile Court Act of 1987.

(m-1) Pursuant to the Juvenile Court Act of 1987, a child has been in foster care for 15 months out of any 22 month period which begins on or after the effective date of this amendatory Act of 1998 unless the child's parent can prove by a preponderance of the evidence that it is more likely than not that it will be in the best interests of the child to be returned to the parent within 6 months of the date on which a petition for termination of parental rights is filed under the Juvenile Court Act of 1987. The 15 month time limit is tolled during any period for which there is a court finding that the appointed custodian or guardian failed to make reasonable efforts to reunify the child with his or her family, provided that (i) the finding of no reasonable efforts is made within 60 days of the period when reasonable efforts were not made or (ii) the parent filed a motion requesting a finding of no reasonable efforts within 60 days of the period when reasonable efforts were not made. For purposes of this subdivision (m-1), the date of entering foster care is the earlier of: (i) the date of a judicial finding at an adjudicatory hearing that the child is an abused, neglected, or dependent minor; or (ii) 60 days after the date on which the child is removed from his or her parent, guardian, or legal custodian.

(n) Evidence of intent to forgo his or her parental rights, whether or not the child is a ward of the court, (1) as manifested by his or her failure for a period of 12 months: (i) to visit the child, (ii) to communicate with the child or agency, although able to do so and not prevented from doing so by an agency or by court order, or (iii) to maintain contact with or plan for the future of the child, although physically able to do so, or (2) as manifested by the father's failure, where he and the mother of the child were unmarried to each other at the time of the child's birth, (i) to commence legal proceedings to establish his paternity under the Illinois Parentage Act of 1984 or the law of the jurisdiction of the child's birth within 30 days of being informed, pursuant to Section 12a of this Act, that he is the father or the likely father of the child or, after being so informed where the child is not yet born, within 30 days of the child's birth, or (ii) to make a good faith effort to pay a reasonable amount of the expenses related to the birth of the child and to provide a reasonable amount for the financial support of the child, the court to consider in its determination all relevant circumstances, including the financial condition of both parents; provided that the ground for termination...
provided in this subparagraph (n)(2)(ii) shall only be available where the petition is brought by the mother or the husband of the mother.

Contact or communication by a parent with his or her child that does not demonstrate affection and concern does not constitute reasonable contact and planning under subdivision (n). In the absence of evidence to the contrary, the ability to visit, communicate, maintain contact, pay expenses and plan for the future shall be presumed. The subjective intent of the parent, whether expressed or otherwise, unsupported by evidence of the foregoing parental acts manifesting that intent, shall not preclude a determination that the parent has intended to forgo his or her parental rights. In making this determination, the court may consider but shall not require a showing of diligent efforts by an authorized agency to encourage the parent to perform the acts specified in subdivision (n).

It shall be an affirmative defense to any allegation under paragraph (2) of this subsection that the father's failure was due to circumstances beyond his control or to impediments created by the mother or any other person having legal custody. Proof of that fact need only be by a preponderance of the evidence.

(o) Repeated or continuous failure by the parents, although physically and financially able, to provide the child with adequate food, clothing, or shelter.

(p) Inability to discharge parental responsibilities supported by competent evidence from a psychiatrist, licensed clinical social worker, or clinical psychologist of mental impairment, mental illness or mental retardation as defined in Section 1-116 of the Mental Health and Developmental Disabilities Code, or developmental disability as defined in Section 1-106 of that Code, and there is sufficient justification to believe that the inability to discharge parental responsibilities shall extend beyond a reasonable time period. However, this subdivision (p) shall not be construed so as to permit a licensed clinical social worker to conduct any medical diagnosis to determine mental illness or mental impairment.

(q) The parent has been criminally convicted of aggravated battery, heinous battery, or attempted murder of any child.

(r) The child is in the temporary custody or guardianship of the Department of Children and Family Services, the parent is incarcerated as a result of criminal conviction at the time the petition or motion for termination of parental rights is filed, prior to incarceration the parent had little or no contact with the child or provided little or no support for the child, and the parent's incarceration will prevent the parent from discharging his or her parental responsibilities for the child for a period in excess of 2 years after the filing of the petition or motion for termination of parental rights.

(s) The child is in the temporary custody or guardianship of the Department of Children and Family Services, the parent is incarcerated at the time the petition or motion for termination of parental rights is filed, the parent has been repeatedly incarcerated as a result of criminal convictions, and the parent's repeated incarceration has prevented the parent from discharging his or her parental responsibilities for the child.

(755 ILCS 60/2) (from Ch. 110 1/2, par. 752)
Sec. 2. Notification; consent; definitions.

(a) When, based upon generally accepted medical standards, an inpatient in a general acute care hospital with more than 100 beds is a suitable candidate for organ or tissue donation and such patient has not made an anatomical gift of all or any part of his or her body pursuant to Section 5 of the Uniform Anatomical Gift Act, the hospital administrator, or his or her designated representative, shall, if the candidate is suitable for the donation of organs at the time of or after notification of death, notify the hospital's federally designated organ procurement agency. The organ procurement agency shall request a consent for organ donation according to the priority and conditions established in subsection (b). In the case of a candidate suitable for donation of tissue only, the hospital administrator or his or her designated representative or tissue bank shall, at the time of or shortly after notification of death, request a consent for tissue donation according to the priority need conditions established in subsection (b). Alternative procedures for requesting consent may be implemented by mutual agreement between a hospital and a federally designated organ procurement agency or tissue bank.

(b) In making a request for organ or tissue donation, the hospital administrator or his or her designated representative or the hospital's federally designated organ procurement agency or tissue bank shall request any of the following persons, in the order of priority stated in items (1) through (7) below, when persons in prior classes are not available and in the absence of (i) actual notice of contrary intentions by the decedent, (ii) actual notice of opposition by any member within the same priority class, and (iii) reason to believe that an anatomical gift is contrary to the decedent's religious beliefs, to consent to the gift of all or any part of the decedent's body for any purpose specified in Section 4 of the Uniform Anatomical Gift Act:

(c) If (1) the hospital administrator, or his or her designated representative, the organ procurement agency, or the tissue bank has actual notice of opposition to the gift by the decedent or any person in the highest priority class in which an available person can be found, or (2) there is reason to believe that an anatomical gift is contrary to the decedent's religious beliefs, or (3) the Director of Public Health has adopted a rule signifying his determination that the need for organs and tissues for donation has been adequately met, then such gift of all or any part of the decedent's body shall not be requested. If a donation is requested, consent or refusal may only be obtained from the person or persons in the highest priority class available. If the hospital administrator, or his or her designated representative, the designated organ procurement agency, or the tissue bank is unable to obtain consent from any of the persons named in items (1) through (7) of subsection (b) of this Section, the decedent's body shall not be used for an anatomical gift unless a valid anatomical gift document was executed under the Uniform Anatomical Gift Act or the Corneal Transplant Act.

(d) For the purposes of this Act, a person will not be considered "available" for the giving of consent or refusal if:

(2) the administrator or designee, organ procurement agency, or tissue bank has unsuccessfully attempted to contact the person by telephone or in any other reasonable manner;
(3) the person is unable or unwilling to respond in a manner which indicates the person's refusal or consent.

(f) For the purposes of this Act, "tissue bank" means any facility or program operating in Illinois that is certified by the American Association of Tissue Banks or the Eye Bank Association of America and is involved in procuring, furnishing, donating, or distributing corneas, bones, or other human tissue for the purpose of injecting, transfusing, or transplanting any of them into the human body. "Tissue bank" does not include a licensed blood bank.

Section 102. The Illinois Business Brokers Act of 1995 is amended by changing Section
10-115 as follows:

(a) Any business broker shall have a lien upon the tangible assets of a business located in this
State that is the subject of a business broker's written contract in the amount due to the broker under
the written contract.
(b) The lien shall be available to the business broker named in the instrument signed by the owner of an interest in the assets. The lien arising under this Act shall be in addition to any other rights that a business broker may have.

(c) A lien under this Act does not attach unless and until:

1. the business broker is otherwise entitled to a fee or commission under a written contract signed by the seller or its duly authorized agent; and

2. before the actual conveyance or transfer of the business assets or property with respect to which the business broker is claiming a lien, the business broker files a notice of lien (i) as to real property, with the recorder of the county in which the real property is located or (ii) as to tangible personal property, in the Office of the Secretary of State.

(d) When payment to a business broker is due in installments, a portion of which is due only after the conveyance or transfer of the tangible assets, any claim for lien for those payments due after the transfer or conveyance may be filed at any time subsequent to the transfer or conveyance of the tangible assets and prior to the date on which the payment is due but shall only be effective as a lien against the tangible assets to the extent moneys are still owed to the transferor by the transferee. In all other respects, the lien shall attach as described in this subsection.

(e) If a business broker has a written agreement with a prospective purchaser, then the lien shall attach upon the prospective purchaser purchasing or otherwise accepting a conveyance or transfer of the real property or tangible personal property of the business and the filing of a notice of lien (i) in the recorder's office of the county in which the real property is located, as to real property, and (ii) in the Office of the Secretary of State, as to tangible personal property, by the business broker within 90 days after the transfer to the purchaser. The lien shall attach to the interest purchased by the purchaser as of the date of the filing of the notice of lien and does not relate back to the date of the written contract.

(f) The business broker shall, within 10 days after filing its notice of lien, mail a copy of the notice of lien to the owner of the property by depositing it in the United States mail, registered or certified mail, with return receipt requested, or personally serve a copy of the notice on the owner of record or his agent. Mailing of the copy of the notice of claim for lien is effective if mailed to the seller at the address of the business that is the subject of the notice of lien or to another address that the seller or purchaser has provided in writing to the business broker. The broker's lien shall be unenforceable if mailing of the copy of the notice of lien does not occur at the time and in the manner required by this Act.

(g) A business broker may bring suit to enforce a lien in the circuit court (i) in the county where the real property is located, as to real property, or (ii) as to tangible personal property, either in the county where the personal property is located or where the principal office of the owner of the personal property, or the owner's residence, is located, by filing a complaint and sworn affidavit that the lien has been filed.

(h) The person claiming a lien shall, within 2 years after filing the lien, commence proceedings by filing a complaint. Failure to commence proceedings within 2 years after filing the lien shall extinguish the lien. No subsequent notice of lien may be given for the same claim nor may that claim be asserted in any proceedings under this Act.

(i) A complaint under this Section shall have attached to it a copy of the written contract on which the lien is founded and shall contain a description of the services performed, the amount due and unpaid, a description of the tangible assets of the business that are subject to the lien, and other facts necessary for a full understanding of the rights of the parties. The plaintiff shall make all interested parties, of whose interest the plaintiff is notified or has actual or constructive knowledge, defendants to the action and shall issue summons and provide service as in other civil actions. When any defendant resides or has gone out of the State, or on inquiry cannot be found, or is concealed within this State so that process cannot be served on that defendant, the plaintiff shall cause a notice to be given to that defendant, or cause a copy of the complaint to be served upon that defendant, in the manner and upon the same conditions as in other civil actions. Failure of the plaintiff to provide proper summons or notice shall be grounds for judgment against the plaintiff with prejudice. Every lien claimed under this Act shall be foreclosed as provided in the Illinois Mortgage Foreclosure Law, if the lien is on real property, or as provided in the Uniform Commercial Code, if the lien is on personal property.
(j) The lien notice shall state the name and address of the claimant, the name of the purchaser or seller whose property or assets are subject to the lien, a description of the real or personal property that is subject to the lien, the amount for which the lien is claimed, and the registration number of the business broker. The notice of lien shall recite that the information contained in the notice is true and accurate to the knowledge of the signer. The notice of lien shall be signed by the business broker or by a person authorized to sign on behalf of the business broker and shall be verified.

(k) Whenever a claim for lien has been filed with the Office of the Secretary of State or the county recorder's office and a condition occurs that would preclude the business broker from receiving compensation under the terms of the business broker's written agreement, the business broker shall provide to the purchaser of the business, if the lien is filed against the purchaser's assets of the business that are subject to this Act, or the seller of the business, if the lien is filed against the seller's assets of the business that are subject to this Act, within 10 days following demand by that party, a written release or satisfaction of the lien.

(l) Upon written demand of the owner, lienee, or other authorized agent, served on the person claiming the lien requiring suit to be commenced to enforce the lien or answer to be filed in a pending suit, a suit shall be commenced or answer filed within 30 days thereafter, or the lien shall be extinguished. Service may be by registered or certified mail, return receipt requested, or by personal service.

(m) If a claim for lien has been filed with the Office of the Secretary of State or the county recorder's office and is paid, the business broker shall acknowledge satisfaction or release of the lien, in writing, within 5 days after payment.

(n) The cost of proceedings brought under this Act, including reasonable attorneys' fees, costs, and prejudgment interest due to the prevailing party, shall be borne by the nonprevailing party or parties. When more than one party is responsible for costs, fees, and prejudgment interest, the costs, fees, and prejudgment interest shall be equitably apportioned by the court among those responsible parties.

(o) Prior recorded liens and mortgages shall have priority over a broker's lien. A prior recorded lien shall include, without limitation, (i) a mechanic's lien claim, (ii) prior recorded liens securing revolving credit or future advances under construction loans as described in Section 15-1302 of the Code of Civil Procedure, and (iii) prior recorded liens perfected under the Uniform Commercial Code.

(p) No lien under this Section 10-115 shall attach to any real property asset of a business unless and until a notice of lien is filed with the recorder of the county in which the real property asset is located. A lien recorded under this subsection (p) shall otherwise be subject to the same notice, enforcement, and limitations as any other lien under this Section. A copy of the notice of lien recorded under this subsection (p) shall be filed with the Secretary of State.

AN ACT concerning associate judges.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Associate Judges Act is amended by changing Section 2 as follows:

(705 ILCS 45/2) (from Ch. 37, par. 160.2)

Sec. 2. (a) The maximum number of associate judges authorized for each circuit is the greater of the applicable minimum number specified in this Section or one for each 35,000 or fraction thereof in population as determined by the last preceding Federal census, except for circuits with a population of more than 3,000,000 where the maximum number of associate judges is one for each 29,000 or fraction thereof in population as determined by the last preceding federal census, reduced in circuits of less than 200,000 inhabitants by the number of resident circuit judges elected in the circuit in excess of one per county. In addition, in circuits of 1,000,000 or more inhabitants, there shall be one additional associate judge authorized for each municipal district of the circuit court. The number of associate judges to be appointed in each circuit, not to exceed the maximum authorized, shall be determined from time to time by the Circuit Court. The minimum number of associate judges authorized for any circuit consisting of a single county shall be 14. The minimum number of associate judges authorized for any circuit consisting of 2 counties with a combined population of at least 275,000 but less than 300,000 shall be 10. The minimum number of associate judges authorized for any circuit with a population of at least 303,000 but not more than 309,000 shall be 10. The minimum number of associate judges authorized for any circuit with a population of at least 329,000, but not more than 335,000 shall be 11. The minimum number of associate judges authorized for any circuit with a population of at least 173,000 but not more than 177,000 shall be 5. As used in this Section, the term "resident circuit judge" has the meaning given it in the Judicial Vacancies Act.

(b) The maximum number of associate judges authorized under subsection (a) for a circuit
with a population of more than 3,000,000 shall be reduced as provided in this subsection (b). For each vacancy that exists or occurs on or after the effective date of this amendatory Act of 1990, that maximum number shall be reduced by one until the total number of associate judges authorized under subsection (a) is reduced by 60. A vacancy exists or occurs when an associate judge dies, resigns, retires, is removed, or is not reappointed upon expiration of his or her term; a vacancy does not exist or occur at the expiration of a term if the associate judge is reappointed.

Sec. 21. Closure of facility. Whenever the Department finds any of the conditions hereinafter set forth it shall, by written notice, immediately order the owner, operator or licensee to close the swimming facility pool or beach and to prohibit any person from using such facilities:

(1) If conditions at a swimming facility pool or bathing beach and appurtenances, including bathhouse facilities, upon inspection and investigation by a representative of the Department, create an immediate danger to health or safety, including conditions that could lead to bather entrapment or entanglement; or

(2) When the Department, upon review of results of bacteriological analyses of water samples collected from a swimming facility pool or bathing beach, finds that such water does not conform to the bacteriological standards promulgated by the Department for proper swimming water quality; or

(3) When an environmental survey of an area shows evidence of sewage or other pollutational or toxic materials being discharged to waters tributary to a beach creating an immediate danger to health or safety; or

(4) When the Department finds by observation or test for water clarity of the swimming facility pool or beach water a higher turbidity level than permitted in the standards for physical quality as promulgated by the Department; or

(5) When in such cases as it is required, the presence of a satisfactory disinfectant residual, prescribed by rule as promulgated by the Department, is absent.

The notice shall state the reasons prompting the closing of the facilities and a copy of the notice must be posted conspicuously at the pool or beach by the owner, operator or licensee.

The State's Attorney and Sheriff of the county in which the swimming facility pool or bathing beach is located shall enforce the closing order after receiving notice thereof.

Any owner, operator or licensee affected by such an order is entitled, upon written request to the Department, to a hearing as provided in this Act.

When such conditions are abated or when the results of analyses of water samples collected from the swimming facility pool or beach, in the opinion of the Department, comply with the Department's bacteriological standards for acceptable water quality, or when the turbidity decreases to the permissible limit, or when the disinfectant residual reaches a satisfactory level as prescribed by rule, the Department may authorize reopening the pool or beach. When sources of sewage, pollution, or toxic materials discovered as a result of an environmental survey are eliminated, the Department may authorize reopening of such beach.

licensed in Illinois to practice medicine in all its branches and a professional engineer, registered in Illinois, with a minimum of 2 years' experience in environmental health, may administer and enforce this Act by adopting an ordinance electing to administer and enforce this Act and adopting by reference the rules and regulations promulgated and amended from time to time by the Department under authority of this Act.

A unit of local government that so qualified and elects to administer and enforce this Act shall furnish the Department a copy of its ordinance and the names and qualifications of the employees required by this Act. The unit of local government ordinance shall then prevail in lieu of the state licensure fee and inspection program with the exception of Section 5 of this Act which provides for permits for construction, development and installation, which provisions shall continue to be administered by the Department. Units of local government shall require such State permits as provided in Section 5 prior to issuing licenses for swimming facilities constructed, developed, or installed, or altered in a major manner after the effective date of this Act.

Not less than once each year the Department shall evaluate each unit of local government's licensing and inspection program to determine whether such program is being operated and enforced in accordance with this Act and the rules and regulations promulgated thereunder. If the Department finds, after investigation, that such program is not being enforced within the provisions of this Act and the rules and regulations promulgated thereunder, the Director shall give written notice of such findings to the unit of government. If the Department finds, not less than 30 days of such given notice, that the program is not being conducted and enforced within the provisions of this Act and the rules and regulations promulgated thereunder, the Director shall give written notice to the unit of government that its authority to administer this Act is revoked. Any unit of government whose authority to administer this Act is revoked may request an administrative hearing as provided in this Act. If the unit of government fails to request a hearing or if, after such hearing, the Director confirms the revocation, all swimming facilities then operating under such unit of government shall be immediately subject to the State licensure fee and inspection program, until such time as the unit of government is again authorized by the Department to administer and enforce this Act.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Attorney General Act is amended by changing Section 4e as follows:
(15 ILCS 205/4e)
Sec. 4e. Recovery of lands; payment of legal fees. person, unit of local government, or school district, if (i) the litigation, action, or proceeding is based upon an allegation that the title or a beneficial interest in the title is derived from an invalid federal land patent, (ii) the person, unit of local government, or school district does not have legal representation available with regard to the litigation, action, or proceeding through a title insurer, (iii) the Attorney General determines that the authorization is in the public interest and that the legal representation can be conducted efficiently and reasonably to avoid unnecessary duplication of effort and costs, and (iv) the Attorney General finds that a loss of State sovereignty or jurisdiction over those lands or liability for rents or damages may result if the land patent is held to be invalid. The hourly rate for legal fees paid or reimbursed under this Section shall not exceed the maximum hourly rate customarily paid to Special Assistant Attorneys General. The total amount of legal fees paid or reimbursed under this Section shall not exceed $100,000 in fiscal year 2001 and $100,000 in fiscal year 2002. PUBLIC ACT 92-0020
(House Bill No. 2376)

AN ACT in relation to banking.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Illinois Banking Act is amended by changing Section 48 as follows:

Sec. 48. Commissioner's powers; duties. The Commissioner shall have the powers and authority, and is charged with the duties and responsibilities designated in this Act, and a State bank shall not be subject to any other visitorial power other than as authorized by this Act, except those vested in the courts, or upon prior consultation with the Commissioner, a foreign bank regulator with an appropriate supervisory interest in the parent or affiliate of a state bank. In the performance of the Commissioner's duties:

1) The Commissioner shall call for statements from all State banks as provided in Section 47 at least one time during each calendar quarter.

2) (a) The Commissioner, as often as the Commissioner shall deem necessary or proper, and no less frequently than 18 months following the preceding examination, shall appoint a suitable person or persons to make an examination of the affairs of every State bank, except that for every eligible State bank, as defined by regulation, the Commissioner in lieu of the examination may accept on an alternating basis the examination made by the eligible State bank's appropriate federal banking agency pursuant to Section 111 of the Federal Deposit Insurance Corporation Improvement Act of 1991, provided the appropriate federal banking agency has made such an examination. A person so appointed shall not be a stockholder or officer or employee of any bank which that person may be directed to examine, and shall have powers to make a thorough examination into all the affairs of the bank and in so doing to examine any of the officers or agents or employees thereof on oath and shall make a full and detailed report of the condition of the bank to the Commissioner. In making the examination the examiners shall include an examination of the affairs of all the affiliates of the bank, as defined in subsection (b) of Section 35.2 of this Act, as shall be necessary to disclose fully the conditions of the affiliates, the relations between the bank and the affiliates and the effect of those relations upon the affairs of the bank, and in connection therewith shall have power to examine any of the officers, directors, agents, or employees of the affiliates on oath. After May 31, 1997, the Commissioner may enter into cooperative agreements with state regulatory authorities of other states.
to provide for examination of State bank branches in those states, and the Commissioner may accept
reports of examinations of State bank branches from those state regulatory authorities. These
cooperative agreements may set forth the manner in which the other state regulatory authorities may
be compensated for examinations prepared for and submitted to the Commissioner.

(b) After May 31, 1997, the Commissioner is authorized to examine, as often as the
Commissioner shall deem necessary or proper, branches of out-of-state banks. The Commissioner
may establish and may assess fees to be paid to the Commissioner for examinations under this
subsection (b). The fees shall be borne by the out-of-state bank, unless the fees are borne by the state
regulatory authority that chartered the out-of-state bank, as determined by a cooperative agreement
between the Commissioner and the state regulatory authority that chartered the out-of-state bank.

(2.5) Whenever any State bank, any subsidiary or affiliate of a State bank, or after May 31,
1997, any branch of an out-of-state bank causes to be performed, by contract or otherwise, any bank
services for itself, whether on or off its premises:

(a) that performance shall be subject to examination by the Commissioner to the same
extent as if services were being performed by the bank or, after May 31, 1997, branch of the
out-of-state bank itself on its own premises; and

(b) the bank or, after May 31, 1997, branch of the out-of-state bank shall notify the
Commissioner of the existence of a service relationship. The notification shall be submitted
with the first statement of condition (as required by Section 47 of this Act) due after the
making of the service contract or the performance of the service, whichever occurs first. The
Commissioner shall be notified of each subsequent contract in the same manner.

For purposes of this subsection (2.5), the term "bank services" means services such as sorting
and posting of checks and deposits, computation and posting of interest and other credits and charges,
preparation and mailing of checks, statements, notices, and similar items, or any other clerical,
bookkeeping, accounting, statistical, or similar functions performed for a State bank, including but
not limited to electronic data processing related to those bank services.

(3) The expense of administering this Act, including the expense of the examinations of State
banks as provided in this Act, shall to the extent of the amounts resulting from the fees provided for
in paragraphs (a), (a-2), and (b) of this subsection (3) be assessed against and borne by the State
banks:

(a) Each bank shall pay to the Commissioner a Call Report Fee which shall be paid in
quarterly installments equal to one-fourth of the sum of the annual fixed fee of $800, plus
a variable fee based on the assets shown on the quarterly statement of condition delivered
to the Commissioner in accordance with Section 47 for the preceding quarter according to
the following schedule: 16¢ per $1,000 of the first $5,000,000 of total assets, 15¢ per $1,000
of the next $20,000,000 of total assets, 13¢ per $1,000 of the next $75,000,000 of total
assets, 9¢ per $1,000 of the next $400,000,000 of total assets, 7¢ per $1,000 of the next
$500,000,000 of total assets, and 5¢ per $1,000 of all assets in excess of $1,000,000,000, of
the State bank. The Call Report Fee shall be calculated by the Commissioner and billed to
the banks for remittance at the time of the quarterly statements of condition provided for in
Section 47. The Commissioner may require payment of the fees provided in this Section by
an electronic transfer of funds or an automatic debit of an account of each of the State banks.
In case more than one examination of any bank is deemed by the Commissioner to be
necessary in any examination frequency cycle specified in subsection 2(a) of this Section,
and is performed at his direction, the Commissioner may assess a reasonable additional fee
to recover the cost of the additional examination; provided, however, that an examination
conducted at the request of the State Treasurer pursuant to the Uniform Disposition of
Unclaimed Property Act shall not be deemed to be an additional examination under this
Section. In lieu of the method and amounts set forth in this paragraph (a) for the calculation
of the Call Report Fee, the Commissioner may specify by rule that the Call Report Fees
provided by this Section may be assessed semiannually or some other period and may
provide in the rule the formula to be used for calculating and assessing the periodic Call
Report Fees to be paid by State banks.

(a-1) If in the opinion of the Commissioner an emergency exists or appears likely, the
Commissioner may assign an examiner or examiners to monitor the affairs of a State bank

with whatever frequency he deems appropriate, including but not limited to a daily basis. The reasonable and necessary expenses of the Commissioner during the period of the monitoring shall be borne by the subject bank. The Commissioner shall furnish the State bank a statement of time and expenses if requested to do so within 30 days of the conclusion of the monitoring period.

(a-2) On and after January 1, 1990, the reasonable and necessary expenses of the Commissioner during examination of the performance of electronic data processing services under subsection (2.5) shall be borne by the banks for which the services are provided. An amount, based upon a fee structure prescribed by the Commissioner, shall be paid by the banks or, after May 31, 1997, branches of out-of-state banks receiving the electronic data processing services along with the Call Report Fee assessed under paragraph (a) of this subsection (3).

(a-3) After May 31, 1997, the reasonable and necessary expenses of the Commissioner during examination of the performance of electronic data processing services under subsection (2.5) at or on behalf of branches of out-of-state banks shall be borne by the out-of-state banks, unless those expenses are borne by the state regulatory authorities that chartered the out-of-state banks, as determined by cooperative agreements between the Commissioner and the state regulatory authorities that chartered the out-of-state banks.

(b) "Fiscal year" for purposes of this Section 48 is defined as a period beginning July 1 of any year and ending June 30 of the next year. The Commissioner shall receive for each fiscal year, commencing with the fiscal year ending June 30, 1987, a contingent fee equal to the lesser of the aggregate of the fees paid by all State banks under paragraph (a) of subsection (3) for that year, or the amount, if any, whereby the aggregate of the administration expenses, as defined in paragraph (c), for that fiscal year exceeds the sum of the aggregate of the fees payable by all State banks for that year under paragraph (a) of subsection (3), plus any amounts transferred into the Bank and Trust Company Fund from the State Pensions Fund for that year, plus all other amounts collected by the Commissioner for that year under any other provision of this Act, plus the aggregate of all fees collected for that year by the Commissioner under the Corporate Fiduciary Act, excluding the receivership fees provided for in Section 5-10 of the Corporate Fiduciary Act, and the Foreign Banking Office Act. The aggregate amount of the contingent fee thus arrived at for any fiscal year shall be apportioned amongst, assessed upon, and paid by the State banks and foreign banking corporations, respectively, in the same proportion that the fee of each under paragraph (a) of subsection (3), respectively, for that year bears to the aggregate for that year of the fees collected under paragraph (a) of subsection (3). The aggregate amount of the contingent fee, and the portion thereof to be assessed upon each State bank and foreign banking corporation, respectively, shall be determined by the Commissioner and shall be paid by each, respectively, within 120 days of the close of the period for which the contingent fee is computed and is payable, and the Commissioner shall give 20 days advance notice of the amount of the contingent fee payable by the State bank and of the date fixed by the Commissioner for payment of the fee.

(c) The "administration expenses" for any fiscal year shall mean the ordinary and contingent expenses for that year incident to making the examinations provided for by, and for otherwise administering, this Act, the Corporate Fiduciary Act, excluding the expenses paid from the Corporate Fiduciary Receivership account in the Bank and Trust Company Fund, the Foreign Banking Office Act, the Electronic Fund Transfer Act, and the Illinois Bank Examiners' Education Foundation Act, including all salaries and other compensation paid for personal services rendered for the State by officers or employees of the State, including the Commissioner and the Deputy Commissioners, all expenditures for telephone and telegraph charges, postage and postal charges, office stationery, supplies and services, and office furniture and equipment, including typewriters and copying and duplicating machines and filing equipment, surety bond premiums, and travel expenses of those officers and employees, all expenditures or charges for the acquisition, enlargement or improvement of, or for the use of, any office space, building, or structure, or expenditures for the maintenance thereof or for furnishing heat, light, or power with respect thereto, all
to the extent that those expenditures are directly incidental to such examinations or administration. The Commissioner shall not be required by paragraphs (c) or (d-1) of this subsection (3) to maintain in any fiscal year's budget appropriated reserves for accrued vacation and accrued sick leave that is required to be paid to employees of the Commissioner upon termination of their service with the Commissioner in an amount that is more than is reasonably anticipated to be necessary for any anticipated turnover in employees, whether due to normal attrition or due to layoffs, terminations, or resignations.

(d) The aggregate of all fees collected by the Commissioner under this Act, the Corporate Fiduciary Act, or the Foreign Banking Office Act on and after July 1, 1979, shall be paid promptly after receipt of the same, accompanied by a detailed statement thereof, into the State treasury and shall be set apart in a special fund to be known as the "Bank and Trust Company Fund", except as provided in paragraph (c) of subsection (11) of this Section. All earnings received from investments of funds in the Bank and Trust Company Fund shall be deposited in the Bank and Trust Company Fund and may be used for the same purposes as fees deposited in that Fund. The amount from time to time deposited into the Bank and Trust Company Fund shall be used to offset the ordinary administrative expenses of the Commissioner of Banks and Real Estate as defined in this Section. Nothing in this amendatory Act of 1979 shall prevent continuing the practice of paying expenses involving salaries, retirement, social security, and State-paid insurance premiums of State officers by appropriations from the General Revenue Fund. However, the General Revenue Fund shall be reimbursed for those payments made on and after July 1, 1979, by an annual transfer of funds from the Bank and Trust Company Fund.

(d-1) Adequate funds shall be available in the Bank and Trust Company Fund to permit the timely payment of administration expenses. In each fiscal year the total administration expenses shall be deducted from the total fees collected by the Commissioner and the remainder transferred into the Cash Flow Reserve Account, unless the balance of the Cash Flow Reserve Account prior to the transfer equals or exceeds one-fourth of the total initial appropriations from the Bank and Trust Company Fund for the subsequent year, in which case the remainder shall be credited to State banks and foreign banking corporations and applied against their fees for the subsequent year. The amount credited to each State bank and foreign banking corporation shall be in the same proportion as the Call Report Fees paid by each for the year bear to the total Call Report Fees collected for the year. If, after a transfer to the Cash Flow Reserve Account is made or if no remainder is available for transfer, the balance of the Cash Flow Reserve Account is less than one-fourth of the total initial appropriations for the subsequent year and the amount transferred is less than 5% of the total Call Report Fees for the year, additional amounts needed to make the transfer equal to 5% of the total Call Report Fees for the year shall be apportioned amongst, assessed upon, and paid by the State banks and foreign banking corporations in the same proportion that the Call Report Fees of each, respectively, bear to the total Call Report Fees collected for the year. The additional amounts assessed shall be transferred into the Cash Flow Reserve Account. For purposes of this paragraph (d-1), the calculation of the fees collected by the Commissioner shall exclude the receivership fees provided for in Section 5-10 of the Corporate Fiduciary Act.

(e) The Commissioner may upon request certify to any public record in his keeping and shall have authority to levy a reasonable charge for issuing certifications of any public record in his keeping.

(f) In addition to fees authorized elsewhere in this Act, the Commissioner may, in connection with a review, approval, or provision of a service, levy a reasonable charge to recover the cost of the review, approval, or service.

(4) Nothing contained in this Act shall be construed to limit the obligation relative to examinations and reports of any State bank, deposits in which are to any extent insured by the United States or any agency thereof, nor to limit in any way the powers of the Commissioner with reference to examinations and reports of that bank.

(5) The nature and condition of the assets in or investment of any bonus, pension, or profit sharing plan for officers or employees of every State bank or, after May 31, 1997, branch of an
out-of-state bank shall be deemed to be included in the affairs of that State bank or branch of an out-of-state bank subject to examination by the Commissioner under the provisions of subsection (2) of this Section, and if the Commissioner shall find from an examination that the condition of or operation of the investments or assets of the plan is unlawful, fraudulent, or unsafe, or that any trustee has abused his trust, the Commissioner shall, if the situation so found by the Commissioner shall not be corrected to his satisfaction within 60 days after the Commissioner has given notice to the board of directors of the State bank or out-of-state bank of his findings, report the facts to the Attorney General who shall thereupon institute proceedings against the State bank or out-of-state bank, the board of directors thereof, or the trustees under such plan as the nature of the case may require.

(6) The Commissioner shall have the power:

(a) To promulgate reasonable rules for the purpose of administering the provisions of this Act.

(b) To issue orders for the purpose of administering the provisions of this Act and any rule promulgated in accordance with this Act.

(c) To appoint hearing officers to execute any of the powers granted to the Commissioner under this Section for the purpose of administering this Act and any rule promulgated in accordance with this Act.

(d) To subpoena witnesses, to compel their attendance, to administer an oath, to examine any person under oath, and to require the production of any relevant books, papers, accounts, and documents in the course of and pursuant to any investigation being conducted, or any action being taken, by the Commissioner in respect of any matter relating to the duties imposed upon, or the powers vested in, the Commissioner under the provisions of this Act or any rule promulgated in accordance with this Act.

(e) To conduct hearings.

(7) Whenever, in the opinion of the Commissioner, any director, officer, employee, or agent of a State bank or, after May 31, 1997, of any branch of an out-of-state bank shall have violated any law, rule, or order relating to that bank or shall have engaged in an unsafe or unsound practice in conducting the business of that bank or shall have violated any law or engaged or participated in any unsafe or unsound practice in connection with any financial institution or other business entity such that the character and fitness of the director, officer, employee, or agent does not assure reasonable promise of safe and sound operation of the State bank, the Commissioner may issue an order of removal. If, in the opinion of the Commissioner, any former director, officer, employee, or agent of a State bank, prior to the termination of his or her service with that bank, violated any law, rule, or order relating to that State bank or engaged in an unsafe or unsound practice in conducting the business of that bank or violated any law or engaged or participated in any unsafe or unsound practice in connection with any financial institution or other business entity such that the character and fitness of the director, officer, employee, or agent would not have assured reasonable promise of safe and sound operation of the State bank, the Commissioner may issue an order prohibiting that person from further service with a bank as a director, officer, employee, or agent. An order issued pursuant to this subsection shall be served upon the director, officer, employee, or agent. A copy of the order shall be sent to each director of the bank affected by registered mail. The person affected by the action may request a hearing before the State Banking Board within 10 days after receipt of the order of removal. The hearing shall be held by the Board within 30 days after the request has been received by the Board. The Board shall make a determination approving, modifying, or disapproving the order of the Commissioner as its final administrative decision. If a hearing is held by the Board, the Board shall make its determination within 60 days from the conclusion of the hearing. Any person affected by a decision of the Board under this subsection (7) of Section 48 of this Act may have the decision reviewed only under and in accordance with the Administrative Review Law and the rules adopted pursuant thereto. A copy of the order shall also be served upon the bank of which he is a director, officer, employee, or agent, whereupon he shall cease to be a director, officer, employee, or agent of that bank. The Commissioner may institute a civil action against the director, officer, or agent of the State bank or, after May 31, 1997, of the branch of the out-of-state bank against whom any order provided for by this subsection (7) of this Section 48 has been issued, and against the State bank or, after May 31, 1997, out-of-state bank, to enforce compliance with or to enjoin any violation of the terms of the order. Any person who has been the subject of an order of
removal or an order of prohibition issued by the Commissioner under this subsection or Section 5-6 of the Corporate Fiduciary Act may not thereafter serve as director, officer, employee, or agent of any State bank or of any branch of any out-of-state bank, or of any corporate fiduciary, as defined in Section 1-5.05 of the Corporate Fiduciary Act, or of any other entity that is subject to licensure or regulation by the Commissioner or the Office of Banks and Real Estate unless the Commissioner has granted prior approval in writing.

(8) The Commissioner may impose civil penalties of up to $10,000 against any person for each violation of any provision of this Act, any rule promulgated in accordance with this Act, any order of the Commissioner, or any other action which in the Commissioner's discretion is an unsafe or unsound banking practice.

(9) The Commissioner may impose civil penalties of up to $100 against any person for the first failure to comply with reporting requirements set forth in the report of examination of the bank and up to $200 for the second and subsequent failures to comply with those reporting requirements.

(10) All final administrative decisions of the Commissioner hereunder shall be subject to judicial review pursuant to the provisions of the Administrative Review Law. For matters involving administrative review, venue shall be in either Sangamon County or Cook County.

(11) The endowment fund for the Illinois Bank Examiners' Education Foundation shall be administered as follows:

(a) (Blank).

(b) The Foundation is empowered to receive voluntary contributions, gifts, grants, bequests, and donations on behalf of the Illinois Bank Examiners' Education Foundation from national banks and other persons for the purpose of funding the endowment of the Illinois Bank Examiners' Education Foundation.

(c) The aggregate of all special educational fees collected by the Commissioner and property received by the Commissioner on behalf of the Illinois Bank Examiners' Education Foundation under this subsection (11) on or after June 30, 1986, shall be either (i) promptly paid after receipt of the same, accompanied by a detailed statement thereof, into the State Treasury and shall be set apart in a special fund to be known as "The Illinois Bank Examiners' Education Fund" to be invested by either the Treasurer of the State of Illinois in the Public Treasurers' Investment Pool or in any other investment he is authorized to make or by the Illinois State Board of Investment as the board of trustees of the Illinois Bank Examiners' Education Foundation may direct or (ii) deposited into an account maintained in a commercial bank or corporate fiduciary in the name of the Illinois Bank Examiners' Education Foundation pursuant to the order and direction of the Board of Trustees of the Illinois Bank Examiners' Education Foundation.

Section 20. The Public Utilities Act is amended by changing Sections 1-102, 2-101, 2-202,
13-903, and 13-1200 as follows:

(220 ILCS 5/1-102) (from Ch. 111 2/3, par. 1-102)

Sec. 1-102. Findings and Intent. The General Assembly finds that the health, welfare and
prosperity of all Illinois citizens require the provision of adequate, efficient, reliable, environmentally
safe and least-cost public utility services at prices which accurately reflect the long-term cost of such
services and which are equitable to all citizens. It is therefore declared to be the policy of the State
that public utilities shall continue to be regulated effectively and comprehensively. It is further
declared that the goals and objectives of such regulation shall be to ensure

(a) Efficiency: the provision of reliable energy services at the least possible cost to the
citizens of the State; in such manner that:

(i) physical, human and financial resources are allocated efficiently;

(ii) all supply and demand options are considered and evaluated using comparable
terms and methods in order to determine how utilities shall meet their customers' demands for public utility services at the least cost;

(iii) utilities are allowed a sufficient return on investment so as to enable them to
attract capital in financial markets at competitive rates;

(iv) tariff rates for the sale of various public utility services are authorized such that
they accurately reflect the cost of delivering those services and allow utilities to recover
the total costs prudently and reasonably incurred;

(v) variation in costs by customer class and time of use is taken into consideration
in authorizing rates for each class.

(b) Environmental Quality: the protection of the environment from the adverse external
costs of public utility services so that

(i) environmental costs of proposed actions having a significant impact on the
environment and the environmental impact of the alternatives are identified, documented
and considered in the regulatory process;

(ii) the prudently and reasonably incurred costs of environmental controls are
recovered.

(c) Reliability: the ability of utilities to provide consumers with public utility services
under varying demand conditions in such manner that suppliers of public utility services are
able to provide service at varying levels of economic reliability giving appropriate
consideration to the costs likely to be incurred as a result of service interruptions, and to the
costs of increasing or maintaining current levels of reliability consistent with commitments
to consumers.

(d) Equity: the fair treatment of consumers and investors in order that

(i) the public health, safety and welfare shall be protected;

New matter indicated by italics - deletions by strikeout.
(ii) the application of rates is based on public understandability and acceptance of the reasonableness of the rate structure and level;
(iii) the cost of supplying public utility services is allocated to those who cause the costs to be incurred;
(iv) if factors other than cost of service are considered in regulatory decisions, the rationale for these actions is set forth;
(v) regulation allows for orderly transition periods to accommodate changes in public utility service markets;
(vi) regulation does not result in undue or sustained adverse impact on utility earnings;
(vii) the impacts of regulatory actions on all sectors of the State are carefully weighed;
(viii) the rates for utility services are affordable and therefore preserve the availability of such services to all citizens.

It is further declared to be the policy of the State that this Act shall not apply in relation to motor carriers and rail carriers as defined in the Illinois Commercial Transportation Law, or to the Commission in the regulation of such carriers.

Nothing in this Act shall be construed to limit, restrict, or mitigate in any way the power and authority of the State's Attorneys or the Attorney General under the Consumer Fraud and Deceptive Business Practices Act.

(220 ILCS 5/2-101) (from Ch. 111 2/3, par. 2-101)

Sec. 2-101. Commerce Commission created. There is created an Illinois Commerce Commission consisting of 5 members not more than 3 of whom shall be members of the same political party at the time of appointment. The Governor shall appoint the members of such Commission by and with the advice and consent of the Senate. In case of a vacancy in such office during the recess of the Senate the Governor shall make a temporary appointment until the next meeting of the Senate, when he shall nominate some person to fill such office; and any person so nominated who is confirmed by the Senate, shall hold his office during the remainder of the term and until his successor shall be appointed and qualified. Each member of the Commission shall hold office for a term of 5 years from the third Monday in January of the year in which his predecessor's term expires.

Notwithstanding any provision of this Section to the contrary, the term of office of each member of the Commission is terminated on the effective date of this amendatory Act of 1995, but the incumbent members shall continue to exercise all of the powers and be subject to all of the duties of members of the Commission until their respective successors are appointed and qualified. Of the members initially appointed under the provisions of this amendatory Act of 1995, one member shall be appointed for a term of office which shall expire on the third Monday of January, 1997; 2 members shall be appointed for terms of office which shall expire on the third Monday of January, 1998; one member shall be appointed for a term of office which shall expire on the third Monday of January, 1999; and one member shall be appointed for a term of office which shall expire on the third Monday of January, 2000. Each respective successor shall be appointed for a term of 5 years from the third Monday of January of the year in which his predecessor's term expires in accordance with the provisions of the first paragraph of this Section.

Each member shall serve until his successor is appointed and qualified, except that if the Senate refuses to consent to the appointment of any member, such office shall be deemed vacant, and within 2 weeks of the date the Senate refuses to consent to the reappointment of any member, such member shall vacate such office. The Governor shall from time to time designate the member of the Commission who shall be its chairman. Consistent with the provisions of this Act, the Chairman shall be the chief executive officer of the Commission for the purpose of ensuring that the Commission's policies are properly executed.

If there is no vacancy on the Commission, 4 members of the Commission shall constitute a quorum to transact business; otherwise, a majority of the Commission shall constitute a quorum to transact business, and but no vacancy shall impair the right of the remaining commissioners to exercise all of the powers of the Commission, and every finding, order, or decision approved by a
majority of the members of the Commission shall be deemed to be the finding, order, or decision of the Commission.

Sec. 2-202. Policy; Public Utility Fund; tax.
(a) It is declared to be the public policy of this State that in order to maintain and foster the effective regulation of public utilities under this Act in the interests of the People of the State of Illinois and the public utilities as well, the public utilities subject to regulation under this Act and which enjoy the privilege of operating as public utilities in this State, shall bear the expense of administering this Act by means of a tax on such privilege measured by the annual gross revenue of such public utilities in the manner provided in this Section. For purposes of this Section, "expense of administering this Act" includes any costs incident to studies, whether made by the Commission or under contract entered into by the Commission, concerning environmental pollution problems caused or contributed to by public utilities and the means for eliminating or abating those problems. Such proceeds shall be deposited in the Public Utility Fund in the State treasury.

(b) All of the ordinary and contingent expenses of the Commission incident to the administration of this Act shall be paid out of the Public Utility Fund except the compensation of the members of the Commission which shall be paid from the General Revenue Fund. Notwithstanding other provisions of this Act to the contrary, the ordinary and contingent expenses of the Commission incident to the administration of the Illinois Commercial Transportation Law may be paid from appropriations from the Public Utility Fund through the end of fiscal year 1986.

(c) A tax is imposed upon each public utility subject to the provisions of this Act equal to .08% of its gross revenue for each calendar year commencing with the calendar year beginning January 1, 1982, except that the Commission may, by rule, establish a different rate no greater than 0.1%. For purposes of this Section, "gross revenue" shall not include revenue from the production, transmission, distribution, sale, delivery, or furnishing of electricity. "Gross revenue" shall not include amounts paid by telecommunications retailers under the Telecommunications Municipal Infrastructure Maintenance Fee Act.

(d) Annual gross revenue returns shall be filed in accordance with paragraph (1) or (2) of this subsection (d).

(1) Except as provided in paragraph (2) of this subsection (d), on or before January 10 of each year each public utility subject to the provisions of this Act shall file with the Commission an estimated annual gross revenue return containing an estimate of the amount of its gross revenue for the calendar year commencing January 1 of said year and a statement of the amount of tax due for said calendar year on the basis of that estimate. Public utilities may also file revised returns containing updated estimates and updated amounts of tax due during the calendar year. These revised returns, if filed, shall form the basis for quarterly payments due during the remainder of the calendar year. In addition, on or before March 31 of each year, each public utility shall file an amended return showing the actual amount of gross revenues shown by the company's books and records as of December 31 of the previous year. Forms and instructions for such estimated, revised, and amended returns shall be devised and supplied by the Commission.

(2) Beginning with returns due after January 1, 2002, the requirements of paragraph (1) of this subsection (d) shall not apply to any public utility in any calendar year for which the total tax the public utility owes under this Section is less than $10,000 $1,000. For such public utilities with respect to such years, the public utility shall file with the Commission, on or before March 31 of the following year, an annual gross revenue return for the year and a statement of the amount of tax due for that year on the basis of such a return. Forms and instructions for such returns and corrected returns shall be devised and supplied by the Commission.

(e) All returns submitted to the Commission by a public utility as provided in this subsection (e) or subsection (d) of this Section shall contain or be verified by a written declaration by an appropriate officer of the public utility that the return is made under the penalties of perjury. The Commission may audit each such return submitted and may, under the provisions of Section 5-101 of this Act, take such measures as are necessary to ascertain the correctness of the returns submitted.

New matter indicated by italics - deletions by strikeout.
The Commission has the power to direct the filing of a corrected return by any utility which has filed an incorrect return and to direct the filing of a return by any utility which has failed to submit a return. A taxpayer's signing a fraudulent return under this Section is perjury, as defined in Section 32-2 of the Criminal Code of 1961.

(f) (1) For all public utilities subject to paragraph (1) of subsection (d), at least one quarter of the annual amount of tax due under subsection (c) shall be paid to the Commission on or before the tenth day of January, April, July, and October of the calendar year subject to tax. In the event that an adjustment in the amount of tax due should be necessary as a result of the filing of an amended or corrected return under subsection (d) or subsection (e) of this Section, the amount of any deficiency shall be paid by the public utility together with the amended or corrected return and the amount of any excess shall, after the filing of a claim for credit by the public utility, be returned to the public utility in the form of a credit memorandum in the amount of such excess or be refunded to the public utility in accordance with the provisions of subsection (k) of this Section. However, if such deficiency or excess is less than $1, then the public utility need not pay the deficiency and may not claim a credit.

(2) Any public utility subject to paragraph (2) of subsection (d) shall pay the amount of tax due under subsection (c) on or before March 31 next following the end of the calendar year subject to tax. In the event that an adjustment in the amount of tax due should be necessary as a result of the filing of a corrected return under subsection (e), the amount of any deficiency shall be paid by the public utility at the time the corrected return is filed. Any excess tax payment by the public utility shall be returned to it after the filing of a claim for credit, in the form of a credit memorandum in the amount of the excess. However, if such deficiency or excess is less than $1, the public utility need not pay the deficiency and may not claim a credit.

(g) Each installment or required payment of the tax imposed by subsection (c) becomes delinquent at midnight of the date that it is due. Failure to make a payment as required by this Section shall result in the imposition of a late payment penalty, an underestimation penalty, or both, as provided by this subsection. The late payment penalty shall be the greater of:

(1) $25 for each month or portion of a month that the installment or required payment is unpaid or

(2) an amount equal to the difference between what should have been paid on the due date, based upon the most recently filed estimated, annual, or amended return, and what was actually paid, times 1%, for each month or portion of a month that the installment or required payment goes unpaid. This penalty may be assessed as soon as the installment or required payment becomes delinquent.

The underestimation penalty shall apply to those public utilities subject to paragraph (1) of subsection (d) and shall be calculated after the filing of the amended return. It shall be imposed if the amount actually paid on any of the dates specified in subsection (f) is not equal to at least one-fourth of the amount actually due for the year, and shall equal the greater of:

(1) $25 for each month or portion of a month that the amount due is unpaid or

(2) an amount equal to the difference between what should have been paid, based on the amended return, and what was actually paid as of the date specified in subsection (f), times a percentage equal to 1/12 of the sum of 10% and the percentage most recently established by the Commission for interest to be paid on customer deposits under 83 Ill. Adm. Code 280.70(e)(1), for each month or portion of a month that the amount due goes unpaid, except that no underestimation penalty shall be assessed if the amount actually paid on or before each of the dates specified in subsection (f) was based on an estimate of gross revenues at least equal to the actual gross revenues for the previous year. The Commission may enforce the collection of any delinquent installment or payment, or portion thereof by legal action or in any other manner by which the collection of debts due the State of Illinois may be enforced under the laws of this State. The executive director or his designee may excuse the payment of an assessed penalty or a portion of an assessed penalty if he determines that enforced collection of the penalty as assessed would be unjust.

(h) All sums collected by the Commission under the provisions of this Section shall be paid promptly after the receipt of the same, accompanied by a detailed statement thereof, into the Public Utility Fund in the State treasury.

New matter indicated by italics - deletions by strikeout.
(i) During the month of October of each odd-numbered year the Commission shall:

(1) determine the amount of all moneys deposited in the Public Utility Fund during the preceding fiscal biennium plus the balance, if any, in that fund at the beginning of that biennium;

(2) determine the sum total of the following items: (A) all moneys expended or obligated against appropriations made from the Public Utility Fund during the preceding fiscal biennium, plus (B) the sum of the credit memoranda then outstanding against the Public Utility Fund, if any; and

(3) determine the amount, if any, by which the sum determined as provided in item (1) exceeds the amount determined as provided in item (2).

If the amount determined as provided in item (3) of this subsection exceeds $5,000,000 $2,500,000, the Commission shall then compute the proportionate amount, if any, which (x) the tax paid hereunder by each utility during the preceding biennium, and (y) the amount paid into the Public Utility Fund during the preceding biennium by the Department of Revenue pursuant to Sections 2-9 and 2-11 of the Electricity Excise Tax Law, bears to the difference between the amount determined as provided in item (3) of this subsection and $5,000,000 $2,500,000. The Commission shall cause the proportionate amount determined with respect to payments made under the Electricity Excise Tax Law to be transferred into the General Revenue Fund in the State Treasury, and notify each public utility that it may file during the 3 month period after the date of notification a claim for credit for the proportionate amount determined with respect to payments made hereunder by the public utility.

If the proportionate amount is less than $10, no notification will be sent by the Commission, and no right to a claim exists as to that amount. Upon the filing of a claim for credit within the period provided, the Commission shall issue a credit memorandum in such amount to such public utility. Any claim for credit filed after the period provided for in this Section is void.

(j) Credit memoranda issued pursuant to subsection (f) and credit memoranda issued after notification and filing pursuant to subsection (i) may be applied for the 2 year period from the date of issuance, against the payment of any amount due during that period under the tax imposed by subsection (e), or, subject to reasonable rule of the Commission including requirement of notification, may be assigned to any other public utility subject to regulation under this Act. Any application of credit memoranda after the period provided for in this Section is void.

(k) The chairman or executive director may make refund of fees, taxes or other charges whenever he shall determine that the person or public utility will not be liable for payment of such fees, taxes or charges during the next 24 months and he determines that the issuance of a credit memorandum would be unjust.

A Every public utility shall, upon reasonable notice, furnish to all persons who may apply therefor and be reasonably entitled thereto, suitable facilities and service, without discrimination and without delay.

Sec. 10-101.1. Mediation; arbitration; case management.

(a) It is the intent of the General Assembly that proceedings before the Commission shall be concluded as expeditiously as is possible consistent with the right of the parties to the due process of law and protection of the public interest. It is further the intent of the General Assembly to permit and encourage voluntary mediation and voluntary binding arbitration of disputes arising under this Act.

(b) Nothing in this Act shall prevent parties to contested cases brought before the Commission from resolving those cases, or other disputes arising under this Act, in part or in their entirety, by agreement of all parties, by compromise and settlement, or by voluntary mediation; provided, however, that nothing in this Section shall limit the Commission's authority to conduct such investigations and enter such orders as it shall deem necessary to enforce the provisions of this Act or otherwise protect the public interest. Evidence of conduct or statements made by a party in furtherance of voluntary mediation or in compromise negotiations is not admissible as evidence should the matter subsequently be heard by the Commission; provided, however that evidence otherwise discoverable is not excluded or deemed inadmissible merely because it is presented in the course of voluntary mediation or compromise negotiations. No civil penalty shall be imposed upon parties that reach an agreement pursuant to the mediation procedures in this Section.

(c) The Commission shall prescribe by rule such procedures and facilities as are necessary to permit parties to resolve disputes through voluntary mediation prior to the filing of, or at any point during, the pendency of a contested matter. Parties to disputes arising under this Act are encouraged to submit disputes to the Commission for voluntary mediation, which shall not be binding upon the parties. Submission of a dispute to voluntary mediation shall not compromise the right of any party to bring action under this Act.

(d) In any contested case before the Commission, at the Commission's or hearing examiner's direction or on motion of any party, a case management conference may be held at such time in the proceeding prior to evidentiary hearing as the hearing examiner deems proper. Prior to the conference, when directed to do so, all parties shall file a case management memorandum that addresses items (1) through (9) as directed by the hearing examiner. At the conference, the following shall be considered:

1. the identification and simplification of the issues; provided, however, that the identification of issues by a party shall not foreclose that party from raising such other meritorious issues as that party might subsequently identify;
2. amendments to the pleadings;
3. the possibility of obtaining admissions of fact and of documents which will avoid unnecessary proof;
4. limitations on discovery including:
   A. the area of expertise and the number of witnesses who will likely be called; provided, however, that the identification of witnesses by a party shall not foreclose that party from producing such other witnesses as that party might subsequently identify; and
   B. schedules for responses to and completion of discovery; provided, however, that such responses shall under no circumstances be provided later than 28 days after such discovery or requests are served, unless the hearing examiner shall order or the parties agree to some other time period for response;
5. the possibility of settlement and scheduling of a settlement conference;
6. the advisability of alternative dispute resolution including, but not limited to, mediation or arbitration;
7. the date on which the matter should be ready for evidentiary hearing and the likely duration of the hearing;
8. the advisability of holding subsequent case management conferences; and
9. any other matters that may aid in the disposition of the action.

(e) The Commission is hereby authorized, if requested by all parties to any complaint brought under this Act, to arbitrate the complaint and to enter a binding arbitration award disposing
of the complaint. The Commission shall prescribe by rule procedures for arbitration.

(b) The Commission shall adopt rules under which it will make grants out of funds appropriated from the Digital Divide Elimination Infrastructure Fund to eligible entities as specified in the rules for the construction of high-speed data transmission facilities in areas of the State for which the incumbent local exchange carrier having the duty to serve such area, and the obligation to provide advanced services to such area pursuant to Section 13-517 of this Act, has sought and obtained an exemption from such obligation based upon a Commission finding that provision of such advanced services to customers in such area is either unduly economically burdensome or will impose a significant adverse economic impact on users of telecommunications services generally.

(c) The rules of the Commission shall provide for the competitive selection of recipients of grant funds available from the Digital Divide Elimination Infrastructure Fund pursuant to the Illinois Procurement Code. Grants shall be awarded to bidders chosen on the basis of the criteria established in such rules.

(d) All entities awarded grant moneys under this Section shall maintain all records required by Commission rule for the period of time specified in the rules. Such records shall be subject to audit by the Commission, by any auditor appointed by the State, or by any State officer authorized to conduct audits.

(220 ILCS 5/13-303 new)
Sec. 13-303. Action to enforce law or orders. Whenever the Commission is of the opinion that a telecommunications carrier is failing or omitting, or is about to fail or omit, to do anything required of it by law or by an order, decision, rule, regulation, direction, or requirement of the Commission or is doing or permitting anything to be done, or is about to do anything or is about to permit anything to be done, contrary to or in violation of law or an order, decision, rule, regulation, direction, or requirement of the Commission, the Commission shall file an action or proceeding in the circuit court in and for the county in which the case or some part thereof arose or in which the telecommunications carrier complained of has its principal place of business, in the name of the People of the State of Illinois for the purpose of having the violation or threatened violation stopped and prevented either by mandamus or injunction. The Commission may express its opinion in a resolution based upon whatever factual information has come to its attention and may issue the resolution ex parte and without holding any administrative hearing before bringing suit. Except in cases involving an imminent threat to the public health and safety, no such resolution shall be adopted until 48 hours after the telecommunications carrier has been given notice of (i) the substance of the alleged violation, including citation to the law, order, decision, rule, regulation, or direction of the Commission alleged to have been violated and (ii) the time and the date of the meeting at which such resolution will first be before the Commission for consideration.

The Commission shall file the action or proceeding by complaint in the circuit court alleging the violation or threatened violation complained of and praying for appropriate relief by way of mandamus or injunction. It shall be the duty of the court to specify a time, not exceeding 20 days after the service of the copy of the complaint, within which the telecommunications carrier complained of must answer the complaint, and in the meantime the telecommunications carrier may be restrained. In case of default in answer or after answer, the court shall immediately inquire into the facts and circumstances of the case. The telecommunications carrier and persons that the court may deem necessary or proper may be joined as parties. The final judgment in any action or proceeding shall either dismiss the action or proceeding or grant relief by mandamus or injunction as prayed for in the complaint, or in such modified or other form as will afford appropriate relief in the court’s judgment.

(220 ILCS 5/13-303.5 new)
Sec. 13-303.5. Injunctive relief. If, after a hearing, the Commission determines that a telecommunications carrier has violated this Act or a Commission order or rule, any telecommunications carrier adversely affected by the violation may seek injunctive relief in circuit court.

(220 ILCS 5/13-304 new)
Sec. 13-304. Action to recover civil penalties.

New matter indicated by italics - deletions by strikeout.
(a) The Commission shall assess and collect all civil penalties established under this Act against telecommunications carriers, corporations other than telecommunications carriers, and persons acting as telecommunications carriers. Except for the penalties provided under Section 2-202, civil penalties may be assessed only after notice and opportunity to be heard. Any such civil penalty may be compromised by the Commission. In determining the amount of the civil penalty to be assessed, or the amount of the civil penalty to be compromised, the Commission is authorized to consider any matters of record in aggravation or mitigation of the penalty, including but not limited to the following:

1. the duration and gravity of the violation of the Act, the rules, or the order of the Commission;
2. the presence or absence of due diligence on the part of the violator in attempting either to comply with requirements of the Act, the rules, or the order of the Commission, or to secure lawful relief from those requirements;
3. any economic benefits accrued by the violator because of the delay in compliance with requirements of the Act, the rules, or the order of the Commission; and
4. the amount of monetary penalty that will serve to deter further violations by the violator and to otherwise aid in enhancing voluntary compliance with the Act, the rules, or the order of the Commission by the violator and other persons similarly subject to the Act.

(b) If timely judicial review of a Commission order that imposes a civil penalty is taken by a telecommunications carrier, a corporation other than a telecommunications carrier, or a person acting as a telecommunications carrier on whom or on which the civil penalty has been imposed, the reviewing court shall enter a judgment on all amounts upon affirmance of the Commission order. If timely judicial review is not taken and the civil penalty remains unpaid for 60 days after service of the order, the Commission in its discretion may either begin revocation proceedings or bring suit to recover the penalties. Unless stayed by a reviewing court, interest shall accrue from the 60th day after the date of service of the Commission order to the date full payment is received by the Commission.

(c) Actions to recover delinquent civil penalties under this Section shall be brought in the name of the People of the State of Illinois in the circuit court in and for the county in which the cause, or some part thereof, arose, or in which the entity complained of resides. The action shall be commenced and prosecuted to final judgement by the Commission. In any such action, all interest incurred up to the time of final court judgment may be recovered in that action. In all such actions, the procedure and rules of evidence shall be the same as in ordinary civil actions, except as otherwise herein provided. Any such action may be compromised or discontinued on application of the Commission upon such terms as the court shall approve and order.

(d) Civil penalties related to the late filing of reports, taxes, or other filings shall be paid into the State treasury to the credit of the Public Utility Fund. Except as otherwise provided in this Act, all other fines and civil penalties shall be paid into the State treasury to the credit of the General Revenue Fund.

(220 ILCS 5/13-305 new)
Sec. 13-305. Amount of civil penalty. A telecommunications carrier, any corporation other than a telecommunications carrier, or any person acting as a telecommunications carrier that violates or fails to comply with any provisions of this Act or that fails to obey, observe, or comply with any order, decision, rule, regulation, direction, or requirement, or any part or provision thereof, of the Commission, made or issued under authority of this Act, in a case in which a civil penalty is not otherwise provided for in this Act, but excepting Section 5-202 of the Act, shall be subject to penalties under this Section imposed for the same conduct only to the extent that such penalties exceed those imposed by the final Commission order.

A telecommunications carrier subject to administrative penalties resulting from a final Commission order approving an intercorporate transaction entered pursuant to Section 7-204 of this Act shall be subject to penalties under this Section imposed for the same conduct only to the extent that such penalties exceed those imposed by the final Commission order.

Every violation of the provisions of this Act or of any order, decision, rule, regulation,
direction, or requirement of the Commission, or any part or provision thereof, by any corporation or person, is a separate and distinct offense. Penalties under this Section shall attach and begin to accrue from the day after written notice is delivered to such party or parties that they are in violation or have failed to comply with this Act or an order, decision, rule, regulation, direction, or requirement of the Commission, or part or provision thereof. In case of a continuing violation, each day's continuance thereof shall be a separate and distinct offense.

In construing and enforcing the provisions of this Act relating to penalties, the act, omission, or failure of any officer, agent, or employee of any telecommunications carrier or of any person acting within the scope of his or her duties or employment shall in every case be deemed to be the act, omission, or failure of such telecommunications carrier or person.

If the party who has violated or failed to comply with this Act or an order, decision, rule, regulation, direction, or requirement of the Commission, or any part or provision thereof, fails to seek timely review pursuant to Sections 10-113 and 10-201 of this Act, the party shall, upon expiration of the statutory time limit, be subject to the civil penalty provision of this Section.

Twenty percent of all moneys collected under this Section shall be deposited into the Digital Divide Elimination Fund and 20% of all moneys collected under this Section shall be deposited into the Digital Divide Elimination Infrastructure Fund.

Sec. 13-407. Commission study and report. The Commission shall monitor and analyze patterns of entry and exit, and changes in patterns of applications for entry and exit, for each relevant market for telecommunications services, including emerging high speed telecommunications markets, and shall include its findings together with appropriate recommendations for legislative action in its annual report to the General Assembly.

The Commission shall also monitor and analyze the status of deployment of services to consumers, and any resulting "digital divisions" between consumers, including any changes or trends therein. The Commission shall include its findings together with appropriate recommendations for legislative action in its annual report to the General Assembly. In preparing this analysis the Commission shall evaluate information provided by telecommunications carriers that pertains to the state of competition in telecommunications markets including, but not limited to:

(1) the number and type of firms providing telecommunications services, including broadband telecommunications services, within the State;

(2) the telecommunications services offered by these firms to both retail and wholesale customers;

(3) the extent to which customers and other providers are purchasing the firms' telecommunications services;

(4) the technologies or methods by which these firms provide these services, including descriptions of technologies in place and under development, and the degree to which firms rely on other wholesale providers to provide service to their own customers; and

(5) the tariffed retail and wholesale prices for services provided by these firms.

The Commission shall at a minimum assess the variability in this information according to geography, examining variability by exchange, wirecenter, or zip code, and by customer class, examining, at a minimum, the variability between residential and small, medium, and large business customers. The Commission shall provide an analysis of market trends by collecting this information from firms providing telecommunications services within the State. The Commission shall also collect all information, in a format determined by the Commission, that the Commission deems necessary to assist in monitoring and analyzing the telecommunications markets and the status of competition and deployment of telecommunications services to consumers in the State.

Sec. 13-501. Tariff; filing.

(a) No telecommunications carrier shall offer or provide telecommunications service unless and until a tariff is filed with the Commission which describes the nature of the service, applicable rates and other charges, terms and conditions of service, and the exchange, exchanges or other

geographical area or areas in which the service shall be offered or provided. The Commission may
prescribe the form of such tariff and any additional data or information which shall be included therein.

(b) After a hearing, the Commission has the discretion to impose an interim or permanent
tariff on a telecommunications carrier as part of the order in the case. When a tariff is imposed as
part of the order in a case, the tariff shall remain in full force and effect until a compliance tariff, or
superseding tariff, is filed by the telecommunications carrier and, after notice to the parties in the
case and after a compliance hearing is held, is found by the Commission to be in compliance with
the Commission's order.

(220 ILCS 5/13-502) (from Ch. 111 2/3, par. 13-502)
Sec. 13-502. Classification of services.
(a) All telecommunications services offered or provided under tariff by telecommunications
carriers shall be classified as either competitive or noncompetitive. A telecommunications carrier may
offer or provide either competitive or noncompetitive telecommunications services, or both, subject
to proper certification and other applicable provisions of this Article. Any tariff filed with the
Commission as required by Section 13-501 shall indicate whether the service to be offered or
provided is competitive or noncompetitive.

(b) A service shall be classified as competitive only if, and only to the extent that, for some
identifiable class or group of customers in an exchange, group of exchanges, or some other clearly
defined geographical area, such service, or its functional equivalent, or a substitute service, is
reasonably available from more than one provider, whether or not any such provider is a
telecommunications carrier subject to regulation under this Act. All telecommunications services not
properly classified as competitive shall be classified as noncompetitive. The Commission shall have
the power to investigate the propriety of any classification of a telecommunications service on its
own motion and shall investigate upon complaint. In any hearing or investigation, the burden of proof
as to the proper classification of any service shall rest upon the telecommunications carrier providing
the service. After notice and hearing, the Commission shall order the proper classification of any
service in whole or in part. The Commission shall make its determination and issue its final order no
later than 180 days from the date such hearing or investigation is initiated. If the Commission enters
into a hearing upon complaint and if the Commission fails to issue an order within that period, the
complaint shall be deemed granted unless the Commission, the complainant, and the
telecommunications carrier providing the service agree to extend the time period.

(c) In determining whether a service should be reclassified as competitive, the Commission
shall, at a minimum, consider the following factors:
(1) the number, size, and geographic distribution of other providers of the service;
(2) the availability of functionally equivalent services in the relevant geographic area
and the ability of telecommunications carriers or other persons to make the same,
equivalent, or substitutable service readily available in the relevant market at comparable
rates, terms, and conditions;
(3) the existence of economic, technological, or any other barriers to entry into, or exit
from, the relevant market;
(4) the extent to which other telecommunications companies must rely upon the service
of another telecommunications carrier to provide telecommunications service; and
(5) any other factors that may affect competition and the public interest that the
Commission deems appropriate.

(d) No tariff classifying a new telecommunications service as competitive or reclassifying
a previously noncompetitive telecommunications service as competitive, which is filed by a
telecommunications carrier which also offers or provides noncompetitive telecommunications
service, shall be effective unless and until such telecommunications carrier offering or providing, or
seeking to offer or provide, such proposed competitive service prepares and files a study of the
long-run service incremental cost underlying such service and demonstrates that the tariffed rates and
charges for the service and any relevant group of services that includes the proposed competitive
service and for which resources are used in common solely by that group of services are not less than

the long-run service incremental cost of providing the service and each relevant group of services. Such study shall be given proprietary treatment by the Commission at the request of such carrier if any other provider of the competitive service, its functional equivalent, or a substitute service in the geographical area described by the proposed tariff has not filed, or has not been required to file, such a study.

(e) In the event any telecommunications service has been classified and filed as competitive by the telecommunications carrier, and has been offered or provided on such basis, and the Commission subsequently determines after investigation that such classification improperly included services which were in fact noncompetitive, the Commission shall have the power to determine and order refunds to customers for any overcharges which may have resulted from the improper classification, or to order such other remedies provided to it under this Act, or to seek an appropriate remedy or relief in a court of competent jurisdiction.

(f) If no hearing or investigation regarding the propriety of a competitive classification of a telecommunications service is initiated within 180 days after a telecommunications carrier files a tariff listing such telecommunications service as competitive, no refunds to customers for any overcharges which may result from an improper classification shall be ordered for the period from the time the telecommunications carrier filed such tariff listing the service as competitive up to the time an investigation of the service classification is initiated by the Commission's own motion or the filing of a complaint. Where a hearing or an investigation regarding the propriety of a telecommunications service classification as competitive is initiated after 180 days from the filing of the tariff, the period subject to refund for improper classification shall begin on the date such investigation or hearing is initiated by the filing of a Commission motion or a complaint.

Sec. 13-502.5. Services alleged to be improperly classified.

(a) Any action or proceeding pending before the Commission upon the effective date of this amendatory Act of the 92nd General Assembly in which it is alleged that a telecommunications carrier has improperly classified services as competitive, other than a case pertaining to Section 13-506.1, shall be abated and shall not be maintained or continued.

(b) All retail telecommunications services provided to business end users by any telecommunications carrier subject, as of May 1, 2001, to alternative regulation under an alternative regulation plan pursuant to Section 13-506.1 of this Act shall be classified as competitive as of the effective date of this amendatory Act of the 92nd General Assembly without further Commission review. Rates for retail telecommunications services provided to business end users with 4 or fewer access lines shall not exceed the rates the carrier charged for those services on May 1, 2001. This restriction upon the rates for telecommunications services provided to business end users shall remain in force and effect through July 1, 2005; provided, however, that nothing in this Section shall be construed to prohibit reduction of those rates. Rates for retail telecommunications services provided to business end users with 5 or more access lines shall not be subject to the restrictions set forth in this subsection.

(c) All retail vertical services, as defined herein, that are provided by a telecommunications carrier subject, as of May 1, 2001, to alternative regulation under an alternative regulation plan pursuant to Section 13-506.1 of this Act shall be classified as competitive as of June 1, 2003 without further Commission review. Retail vertical services shall include, for purposes of this Section, services available on a subscriber's telephone line that the subscriber pays for on a periodic or per use basis, but shall not include caller identification and call waiting.

(d) Any action or proceeding before the Commission upon the effective date of this amendatory Act of the 92nd General Assembly, in which it is alleged that a telecommunications carrier has improperly classified services as competitive, other than a case pertaining to Section 13-506.1, shall be abated and the services the classification of which is at issue shall be deemed either competitive or noncompetitive as set forth in this Section. Any telecommunications carrier subject to an action or proceeding in which it is alleged that the telecommunications carrier has improperly classified services as competitive shall be deemed liable to refund, and shall refund, the sum of $90,000,000 to that class or those classes of its customers that were alleged to have paid rates in excess of noncompetitive rates as the result of the alleged improper classification. The

telecommunications carrier shall make the refund no later than 120 days after the effective date of this amendatory Act of the 92nd General Assembly.

(e) Any telecommunications carrier subject to an action or proceeding in which it is alleged that the telecommunications carrier has improperly classified services as competitive shall also pay the sum of $15,000,000 to the Digital Divide Elimination Fund established pursuant to Section 5-20 of the Eliminate the Digital Divide Law, and shall further pay the sum of $5,000,000 to the Digital Divide Elimination Infrastructure Fund established pursuant to Section 13-301.3 of this Act. The telecommunications carrier shall make each of these payments in 3 installments of $5,000,000, payable on July 1 of 2002, 2003, and 2004. The telecommunications carrier shall have no further accounting for these payments, which shall be used for the purposes established in the Eliminate the Digital Divide Law.

(f) All other services shall be classified pursuant to Section 13-502 of this Act.

Sec. 13-509. Agreements for provisions of competitive telecommunications services differing from tariffs. A telecommunications carrier may negotiate with customers or prospective customers to provide competitive telecommunications service, and in so doing, may offer or agree to provide such service on such terms and for such rates or charges as are reasonable, without regard to any tariffs it may have filed with the Commission with respect to such services. Within 30 business days after executing any such agreement, the telecommunications carrier shall file any contract or memorandum of understanding for the provision of telecommunications service, which shall include the rates or other charges, practices, rules or regulations applicable to the agreed provision of such service. Any cost support required to be filed with the agreement by some other Section of this Act shall be filed within 30 business calendar days after executing any such agreement. Where the agreement contains the same rates, charges, practices, rules or regulations found in a single contract or memorandum already filed by the telecommunications carrier with the Commission, instead of filing the contract or memorandum, the telecommunications carrier may elect to file a letter identifying the new agreement and specifically referencing the contract or memorandum already on file with the Commission which contains the same provisions. A single letter may be used to file more than one new agreement. Upon filing its contract or memorandum, or letter, the telecommunications carrier shall thereafter provide service according to the terms thereof, unless the Commission finds, after notice and hearing, that the continued provision of service pursuant to such contract or memorandum would substantially and adversely affect the financial integrity of the telecommunications carrier or would violate any other provision of this Act. Any contract or memorandum entered into and filed pursuant to the provisions of this Section may, in the Commission's discretion, be accorded proprietary treatment.

Sec. 13-514. Prohibited Actions of Telecommunications Carriers. A telecommunications carrier shall not knowingly impede the development of competition in any telecommunications service market. The following prohibited actions are considered per se impediments to the development of competition; however, the Commission is not limited in any manner to these enumerated impediments and may consider other actions which impede competition to be prohibited:

1. unreasonably refusing or delaying interconnections or collocation or providing inferior connections to another telecommunications carrier;
2. unreasonably impairing the speed, quality, or efficiency of services used by another telecommunications carrier;
3. unreasonably denying a request of another provider for information regarding the technical design and features, geographic coverage, information necessary for the design of equipment, and traffic capabilities of the local exchange network except for proprietary information unless such information is subject to a proprietary agreement or protective order;
4. unreasonably delaying access in connecting another telecommunications carrier to the local exchange network whose product or service requires novel or specialized access requirements;
5. unreasonably refusing or delaying access by any person to another telecommunications carrier shall make the refund no later than 120 days after the effective date of this amendatory Act of the 92nd General Assembly.

carrier;

(6) unreasonably acting or failing to act in a manner that has a substantial adverse effect on the ability of another telecommunications carrier to provide service to its customers;

(7) unreasonably failing to offer services to customers in a local exchange, where a telecommunications carrier is certificated to provide service and has entered into an interconnection agreement for the provision of local exchange telecommunications services, with the intent to delay or impede the ability of the incumbent local exchange telecommunications carrier to provide inter-LATA telecommunications services; and

(8) violating the terms of or unreasonably delaying implementation of an interconnection agreement entered into pursuant to Section 252 of the federal Telecommunications Act of 1996 in a manner that unreasonably delays, increases the cost, or impedes the availability of telecommunications services to consumers;

(9) unreasonably refusing or delaying access to or provision of operation support systems to another telecommunications carrier or providing inferior operation support systems to another telecommunications carrier;

(10) unreasonably failing to offer network elements that the Commission or the Federal Communications Commission has determined must be offered on an unbundled basis to another telecommunications carrier in a manner consistent with the Commission's or Federal Communications Commission's orders or rules requiring such offerings;

(11) violating the obligations of Section 13-801; and

(12) violating an order of the Commission regarding matters between telecommunications carriers.

(220 ILCS 5/13-515)

(Section scheduled to be repealed on July 1, 2001)

Sec. 13-515. Enforcement.

(a) The following expedited procedures shall be used to enforce the provisions of Section 13-514 of this Act except as provided in subsection (b). However, the Commission, the complainant, and the respondent may mutually agree to adjust the procedures established in this Section. If the Commission determines, pursuant to subsection (b), that the procedural provisions of this Section do not apply, the complaint shall continue pursuant to the general complaint provisions of Article X.

(b) (Blank). The provisions of this Section shall not apply to an allegation of a violation of item (8) of Section 13-514 by a Bell operating company, as defined in Section 3 of the federal Telecommunications Act of 1996, unless and until such company or its affiliate is authorized to provide inter-LATA services under Section 271(d) of the federal Telecommunications Act of 1996; provided, however, that a complaint setting forth a separate independent basis for a violation of Section 13-514 may proceed under this Section notwithstanding that the alleged acts or omissions may also constitute a violation of item (8) of Section 13-514.

(c) No complaint may be filed under this Section until the complainant has first notified the respondent of the alleged violation and offered the respondent 48 hours to correct the situation. Provision of notice and the opportunity to correct the situation creates a rebuttable presumption of knowledge under Section 13-514. After the filing of a complaint under this Section, the parties may agree to follow the mediation process under Section 10-101.1 of this Act. The time periods specified in subdivision (d)(7) of this Section shall be tolled during the time spent in mediation under Section 10-101.1.

(d) A telecommunications carrier may file a complaint with the Commission alleging a violation of Section 13-514 in accordance with this subsection:

(1) The complaint shall be filed with the Chief Clerk of the Commission and shall be served in hand upon the respondent, the executive director, and the general counsel of the Commission at the time of the filing.

(2) A complaint filed under this subsection shall include a statement that the requirements of subsection (c) have been fulfilled and that the respondent did not correct the situation as requested.

(3) Reasonable discovery specific to the issue of the complaint may commence upon filing of the complaint. Requests for discovery must be served in hand and responses to
discovery must be provided in hand to the requester within 14 days after a request for discovery is made.

(4) An answer and any other responsive pleading to the complaint shall be filed with the Commission and served in hand at the same time upon the complainant, the executive director, and the general counsel of the Commission within 7 days after the date on which the complaint is filed.

(5) If the answer or responsive pleading raises the issue that the complaint violates subsection (i) of this Section, the complainant may file a reply to such allegation within 3 days after actual service of such answer or responsive pleading. Within 4 days after the time for filing a reply has expired, the hearing officer or arbitrator shall either issue a written decision dismissing the complaint as frivolous in violation of subsection (i) of this Section including the reasons for such disposition or shall issue an order directing that the complaint shall proceed.

(6) A pre-hearing conference shall be held within 14 days after the date on which the complaint is filed.

(7) The hearing shall commence within 30 days of the date on which the complaint is filed. The hearing may be conducted by a hearing examiner or by an arbitrator. Parties and the Commission staff shall be entitled to present evidence and legal argument in oral or written form as deemed appropriate by the hearing examiner or arbitrator. The hearing examiner or arbitrator shall issue a written decision within 60 days after the date on which the complaint is filed. The decision shall include reasons for the disposition of the complaint and, if a violation of Section 13-514 is found, directions and a deadline for correction of the violation.

(8) Any party may file a petition requesting the Commission to review the decision of the hearing examiner or arbitrator within 5 days of such decision. Any party may file a response to a petition for review within 3 business days after actual service of the petition. After the time for filing of the petition for review, but no later than 15 days after the decision of the hearing examiner or arbitrator, the Commission shall decide to adopt the decision of the hearing examiner or arbitrator or shall issue its own final order.

(e) If the alleged violation has a substantial adverse effect on the ability of the complainant to provide service to customers, the complainant may include in its complaint a request for an order for emergency relief. The Commission, acting through its designated hearing examiner or arbitrator, shall act upon such a request within 2 business days of the filing of the complaint. An order for emergency relief may be granted, without an evidentiary hearing, upon a verified factual showing that the party seeking relief will likely succeed on the merits, that the party will suffer irreparable harm in its ability to serve customers if emergency relief is not granted, and that the order is in the public interest. An order for emergency relief shall include a finding that the requirements of this subsection have been fulfilled and shall specify the directives that must be fulfilled by the respondent and deadlines for meeting those directives. The decision of the hearing examiner or arbitrator to grant or deny emergency relief shall be considered an order of the Commission unless the Commission enters its own order within 2 calendar days of the decision of the hearing examiner or arbitrator. The order for emergency relief may require the responding party to act or refrain from acting so as to protect the provision of competitive service offerings to customers. Any action required by an emergency relief order must be technically feasible and economically reasonable and the respondent must be given a reasonable period of time to comply with the order.

(f) The Commission is authorized to obtain outside resources including, but not limited to, arbitrators and consultants for the purposes of the hearings authorized by this Section. Any arbitrator or consultant obtained by the Commission shall be approved by both parties to the hearing. The cost of such outside resources including, but not limited to, arbitrators and consultants shall be borne by the parties. The Commission shall review the bill for reasonableness and assess the parties for reasonable costs dividing the costs according to the resolution of the complaint brought under this Section. Such costs shall be paid by the parties directly to the arbitrators, consultants, and other providers of outside resources within 60 days after receiving notice of the assessments from the Commission. Interest at the statutory rate shall accrue after expiration of the 60-day period. The Commission, arbitrators, consultants, or other providers of outside resources may apply to a court...
of competent jurisdiction for an order requiring payment.

(g) The Commission shall assess the parties under this subsection for all of the Commission's costs of investigation and conduct of the proceedings brought under this Section including, but not limited to, the prorated salaries of staff, attorneys, hearing examiners, and support personnel and including any travel and per diem, directly attributable to the complaint brought pursuant to this Section, but excluding those costs provided for in subsection (f), dividing the costs according to the resolution of the complaint brought under this Section. All assessments made under this subsection shall be paid into the Public Utility Fund within 60 days after receiving notice of the assessments from the Commission. Interest at the statutory rate shall accrue after the expiration of the 60 day period. The Commission is authorized to apply to a court of competent jurisdiction for an order requiring payment.

(h) If the Commission determines that there is an imminent threat to competition or to the public interest, the Commission may, notwithstanding any other provision of this Act, seek temporary, preliminary, or permanent injunctive relief from a court of competent jurisdiction either prior to or after the hearing.

(i) A party shall not bring or defend a proceeding brought under this Section or assert or controvert an issue in a proceeding brought under this Section, unless there is a non-frivolous basis for doing so. By presenting a pleading, written motion, or other paper in complaint or defense of the actions or inaction of a party under this Section, a party is certifying to the Commission that to the best of that party's knowledge, information, and belief, formed after a reasonable inquiry of the subject matter of the complaint or defense, that the complaint or defense is well grounded in law and fact, and under the circumstances:

(1) it is not being presented to harass the other party, cause unnecessary delay in the provision of competitive telecommunications services to consumers, or create needless increases in the cost of litigation; and

(2) the allegations and other factual contentions have evidentiary support or, if specifically so identified, are likely to have evidentiary support after reasonable opportunity for further investigation or discovery as defined herein.

(j) If, after notice and a reasonable opportunity to respond, the Commission determines that subsection (i) has been violated, the Commission shall impose appropriate sanctions upon the party or parties that have violated subsection (i) or are responsible for the violation. The sanctions shall be not more than $30,000 or 0.00825% of the telecommunications carrier's gross intrastate annual telecommunications revenue, whichever is greater, per violation unless the telecommunications carrier has fewer than 35,000 subscriber access lines, in which case the civil penalty may not exceed $2,000 per violation. The second and any subsequent violation of Section 13-514 need not be of the same nature or provision of the Section for a penalty.
to be imposed of a final order or emergency relief order issued pursuant to Section 13-515 of this Act. Matters resolved through voluntary mediation pursuant to Section 10-101.1 shall not be considered as a violation of Section 13-514 in computing eligibility for imposition of a penalty under this subdivision (a)(2). Each day of a continuing offense shall be treated as a separate violation for purposes of levying any penalty under this Section. The period for which the penalty fine shall be levied shall commence on the day the telecommunications carrier first violated Section 13-514 or on the day of the notice provided to the telecommunications carrier pursuant to subsection (c) of Section 13-515, whichever is later. Commission order requires compliance with the order and shall continue until the telecommunications carrier party is in compliance with the Commission order. In assessing a penalty under this subdivision (a)(2), the Commission may consider mitigating factors, including those specified in items (1) through (4) of subsection (a) of Section 13-304.

(3) The Commission shall award damages, attorney's fees, and costs to any telecommunications carrier that was subjected to a violation of Section 13-514.

(b) The Commission may waive penalties imposed under subdivision subsection (a)(2) if it makes a written finding as to its reasons for waiving the penalty fine. Reasons for waiving a penalty fine shall include, but not be limited to, technological infeasibility and acts of God.

(c) The Commission shall establish by rule procedures for the imposition of remedies penalties under subsection (a) that, at a minimum, provide for notice, hearing and a written order relating to the imposition of remedies penalties.

(d) Unless enforcement of an order entered by the Commission under Section 13-515 otherwise directs or is stayed by the Commission or by an appellate court reviewing the Commission's order, at any time after 30 days from the entry of the order, either the Commission, or the telecommunications carrier found by the Commission to have been subjected to a violation of Section 13-514, or both, is authorized to petition a court of competent jurisdiction for an order at law or in equity requiring enforcement of the Commission order. The court shall determine (1) whether the Commission entered the order identified in the petition and (2) whether the violating telecommunications carrier has complied with the Commission's order. A certified copy of a Commission order shall be prima facie evidence that the Commission entered the order so certified. Pending the court's resolution of the petition, the court may award temporary or preliminary injunctive relief, or such other equitable relief as may be necessary, to effectively implement and enforce the Commission's order in a timely manner.

If after a hearing the court finds that the Commission entered the order identified in the petition and that the violating telecommunications carrier has not complied with the Commission's order, the court shall enter judgment requiring the violating telecommunications carrier to comply with the Commission's order and order such relief at law or in equity as the court deems necessary to effectively implement and enforce the Commission's order in a timely manner. The court shall also award to the petitioner, or petitioners, attorney's fees and costs, which shall be taxed and collected as part of the costs of the case.

If the court finds that the violating telecommunications carrier has failed to comply with the timely payment of damages, attorney's fees, or costs ordered by the Commission, the court shall order the violating telecommunications carrier to pay to the telecommunications carrier or carriers awarded the damages, fees, or costs by the Commission additional damages for the sake of example and by way of punishment for the failure to timely comply with the order of the Commission, unless the court finds a reasonable basis for the violating telecommunications carrier's failure to make timely payment according to the Commission's order, in which instance the court shall establish a new date for payment to be made. The Commission is authorized to apply to a court of competent jurisdiction for an order requiring payment of penalties imposed under subsection (a).

(e) Payment of damages, attorney's fees, and costs penalties imposed under subsection (a) shall be made within 30 days after issuance of the Commission order imposing the penalties, damages, attorney's fees, or costs, unless otherwise directed by the Commission or a reviewing court under an appeal taken pursuant to Article X. Payment of penalties imposed under subsection (a) shall be made to the Common School Fund within 30 days of issuance of the Commission order imposing the penalties.

Sec. 13-517. Provision of advanced telecommunications services.

(a) Every Incumbent Local Exchange Carrier (telecommunications carrier that offers or provides a noncompetitive telecommunications service) shall offer or provide advanced telecommunications services to not less than 80% of its customers by January 1, 2005.

(b) The Commission is authorized to grant a full or partial waiver of the requirements of this Section upon verified petition of any Incumbent Local Exchange Carrier ("ILEC") which demonstrates that full compliance with the requirements of this Section would be unduly economically burdensome or technically infeasible or otherwise impractical in exchanges with low population density. Notice of any such petition must be given to all potentially affected customers. If no potentially affected customer requests the opportunity for a hearing on the waiver petition, the Commission may, in its discretion, allow the waiver request to take affect without hearing. The Commission shall grant such petition to the extent that, and for such duration as, the Commission determines that such waiver:

(1) is necessary:
   (A) to avoid a significant adverse economic impact on users of telecommunications services generally;
   (B) to avoid imposing a requirement that is unduly economically burdensome;
   (C) to avoid imposing a requirement that is technically infeasible; or
   (D) to avoid imposing a requirement that is otherwise impractical to implement in exchanges with low population density; and

(2) is consistent with the public interest, convenience, and necessity. The Commission shall act upon any petition filed under this subsection within 180 days after receiving such petition. The Commission may by rule establish standards for granting any waiver of the requirements of this Section. The Commission may, upon complaint or on its own motion, hold a hearing to reconsider its grant of a waiver in whole or in part. In the event that the Commission, following hearing, determines that the affected ILEC no longer meets the requirements of item (2) of this subsection, the Commission shall by order rescind such waiver, in whole or in part. In the event and to the degree the Commission rescinds such waiver, the Commission shall establish an implementation schedule for compliance with the requirements of this Section.

(c) As used in this Section, "advanced telecommunications services" means services capable of supporting, in at least one direction, a speed in excess of 200 kilobits per second (kbps) to the network demarcation point at the subscriber's premises.

Sec. 13-518. Optional service packages.

(a) It is the intent of this Section to provide unlimited local service packages at prices that will result in savings for the average consumer. Each telecommunications carrier that provides competitive and noncompetitive services, and that is subject to an alternative regulation plan pursuant to Section 13-506.1 of this Article, shall provide, in addition to such other services as it offers, the following optional packages of services for a fixed monthly rate, which, along with the terms and conditions thereof, the Commission shall review, pursuant to Article IX of this Act, to determine whether such rates, terms, and conditions are fair, just, and reasonable.

(1) A budget package, which shall consist of residential access service and unlimited local calls.

(2) A flat rate package, which shall consist of residential access service, unlimited local calls, and the customer's choice of 2 vertical services as defined in this Section.

(3) An enhanced flat rate package, which shall consist of residential access service for 2 lines, unlimited local calls, the customer's choice of 2 vertical services as defined in this Section, and unlimited local toll service.

(b) Nothing in this Section or this Act shall be construed to prohibit any telecommunications carrier subject to this Section from charging customers who elect to take one of the groups of services offered pursuant to this Section, any applicable surcharges, fees, and taxes.

(c) The term "vertical services", when used in this Section, includes, but is not necessarily limited to, call waiting, call forwarding, 3-way calling, caller ID, call tracing, automatic callback,
(d) The service packages described in this Section shall be defined as noncompetitive services.

Sec. 13-712. Basic local exchange service quality; customer credits.

(a) It is the intent of the General Assembly that every telecommunications carrier meet minimum service quality standards in providing basic local exchange service on a non-discriminatory basis to all classes of customers.

(220 ILCS 5/13-712 new)

Sec. 13-712. Basic local exchange service quality; customer credits.

(a) It is the intent of the General Assembly that every telecommunications carrier meet minimum service quality standards in providing basic local exchange service on a non-discriminatory basis to all classes of customers.

(b) Definitions:

(1) "Alternative telephone service" means, except where technically impracticable, a wireless telephone capable of making local calls, and may also include, but is not limited to, call forwarding, voice mail, or paging services.

(2) "Basic local exchange service" means residential and business lines used for local exchange telecommunications service as defined in Section 13-204 of this Act, excluding:

(A) services that employ advanced telecommunications capability as defined in Section 706(c)(1) of the federal Telecommunications Act of 1996;

(B) vertical services;

(C) company official lines; and

(D) records work only.

(3) "Link Up" refers to the Link Up Assistance program defined and established at 47 C.F.R. Section 54.411 et seq. as amended.

(4) The Commission shall promulgate service quality rules for basic local exchange service, which may include fines, penalties, customer credits, and other enforcement mechanisms. In developing such service quality rules, the Commission shall consider, at a minimum, the carrier's gross annual intrastate revenue; the frequency, duration, and recurrence of the violation; and the relative harm caused to the affected customer or other users of the network. In imposing fines, the Commission shall take into account compensation or credits paid by the telecommunications carrier to its customers pursuant to this Section in compensation for the violation found pursuant to this Section. These rules shall become effective within one year after the effective date of this amendatory Act of the 92nd General Assembly.

(d) The rules shall, at a minimum, require each telecommunications carrier to do all of the following:

1. Install basic local exchange service within 5 business days after receipt of an order from the customer unless the customer requests an installation date that is beyond 5 business days after placing the order for basic service and to inform the customer of its duty to install service within this timeframe. If installation of service is requested on or by a date more than 5 business days in the future, the telecommunications carrier shall install service by the date requested. A telecommunications carrier offering basic local exchange service utilizing the network or network elements of another carrier shall install new lines for basic local exchange service within 3 business days after provisioning of the line or lines by the carrier whose network or network elements are being utilized is complete. This subdivision (d)(1) does not apply to the migration of a customer between telecommunications carriers, so long as the customer maintains dial tone.

(2) Restore basic local exchange service for a customer within 24 hours of receiving notice that a customer is out of service. This provision applies to service disruptions that occur when a customer switches existing basic local exchange service from one carrier to another.

(3) Keep all repair and installation appointments for basic local exchange service, when a customer premises visit requires a customer to be present.

(4) Inform a customer when a repair or installation appointment requires the customer to be present.

(e) The rules shall include provisions for customers to be credited by the telecommunications carrier for violations of basic local exchange service quality standards as described in subsection (d). The credits shall be applied on the statement issued to the customer for the next monthly billing cycle following the violation or following the discovery of the violation. The performance levels
established in subsection (c) are solely for the purposes of consumer credits and shall not be used as performance levels for the purposes of assessing penalties under Section 13-305. At a minimum, the rules shall include the following:

(1) If a carrier fails to repair an out-of-service condition for basic local exchange service within 24 hours, the carrier shall provide a credit to the customer. If the service disruption is for 48 hours or less, the credit must be equal to a pro-rata portion of the monthly recurring charges for all local services disrupted. If the service disruption is for more than 48 hours, but not more than 72 hours, the credit must be equal to at least 33% of one month's recurring charges for all local services disrupted. If the service disruption is for more than 72 hours, but not more than 96 hours, the credit must be equal to at least 67% of one month's recurring charges for all local services disrupted. If the service disruption is for more than 96 hours, but not more than 120 hours, the credit must be equal to one month's recurring charges for all local services disrupted. For each day or portion thereof that the service disruption continues beyond the initial 120-hour period, the carrier shall also provide either alternative telephone service or an additional credit of $20 per day, at the customers' option.

(2) If a carrier fails to install basic local exchange service as required under subdivision (d)(1), the carrier shall waive 50% of any installation charges, or in the absence of an installation charge or where installation is pursuant to the Link Up program, the carrier shall provide a credit of $25. If a carrier fails to install service within 10 business days after the service application is placed, or fails to install service within 5 business days after the customer's requested installation date, if the requested date was more than 5 business days after the date of the order, the carrier shall waive 100% of the installation charge, or in the absence of an installation charge or where installation is provided pursuant to the Link Up program, the carrier shall provide a credit of $50. For each day that the failure to install service continues beyond the initial 10 business days, or beyond 5 business days after the customer's requested installation date, if the requested date was more than 5 business days after the date of the order, the carrier shall also provide either alternative telephone service or an additional credit of $20 per day, at the customer's option until service is installed.

(3) If a carrier fails to keep a scheduled repair or installation appointment when a customer premises visit requires a customer to be present, the carrier shall credit the customer $50 per missed appointment. A credit required by this subsection does not apply when the carrier provides the customer with 24-hour notice of its inability to keep the appointment.

(4) If the violation of a basic local exchange service quality standard is caused by a carrier other than the carrier providing retail service to the customer, the carrier providing retail service to the customer shall credit the customer as provided in this Section. The carrier causing the violation shall reimburse the carrier providing retail service the amount credited the customer. When applicable, an interconnection agreement shall govern compensation between the carrier causing the violation, in whole or in part, and the retail carrier providing the credit to the customer.

(5) When alternative telephone service is appropriate, the customer may select one of the alternative telephone services offered by the carrier. The alternative telephone service shall be provided at no cost to the customer for the provision of local service.

(6) Credits required by this subsection do not apply if the violation of a service quality standard:

(i) occurs as a result of a negligent or willful act on the part of the customer;
(ii) occurs as a result of a malfunction of customer-owned telephone equipment or inside wiring;
(iii) occurs as a result of, or is extended by, an emergency situation as defined in Commission rules;
(iv) is extended by the carrier's inability to gain access to the customer's premises due to the customer missing an appointment, provided that the violation is not further extended by the carrier;
(v) occurs as a result of a customer request to change the scheduled appointment,
provided that the violation is not further extended by the carrier;

(vi) occurs as a result of a carrier's right to refuse service to a customer as provided in Commission rules; or

(vii) occurs as a result of a lack of facilities where a customer requests service at a geographically remote location, a customer requests service in a geographic area where the carrier is not currently offering service, or there are insufficient facilities to meet the customer's request for service, subject to a carrier's obligation for reasonable facilities planning.

(7) The provisions of this subsection are cumulative and shall not in any way diminish or replace other civil or administrative remedies available to a customer or a class of customers.

(f) The rules shall require each telecommunications carrier to provide to the Commission, on a quarterly basis and in a form suitable for posting on the Commission's website, a public report that includes performance data for basic local exchange service quality of service. The performance data shall be disaggregated for each geographic area and each customer class of the State for which the telecommunications carrier internally monitored performance data as of a date 120 days preceding the effective date of this amendatory Act of the 92nd General Assembly. The report shall include, at a minimum, performance data on basic local exchange service installations, lines out of service for more than 24 hours, carrier response to customer calls, trouble reports, and missed repair and installation commitments.

(g) The Commission shall establish and implement carrier to carrier wholesale service quality rules and establish remedies to ensure enforcement of the rules.

(220 ILCS 5/13-713 new)

Sec. 13-713. Consumer complaint resolution process.

(a) It is the intent of the General Assembly that consumer complaints against telecommunications carriers shall be concluded as expeditiously as possible consistent with the rights of the parties thereto to the due process of law and protection of the public interest.

(b) The Commission shall promulgate rules that permit parties to resolve disputes through mediation. A consumer may request mediation upon completion of the Commission's informal complaint process and prior to the initiation of a formal complaint as described in Commission rules.

(c) A residential consumer or business consumer with fewer than 20 lines shall have the right to request mediation for resolution of a dispute with a telecommunications carrier. The carrier shall be required to participate in mediation at the consumer's request.

(d) The Commission may retain the services of an independent neutral mediator or trained Commission staff to facilitate resolution of the consumer dispute. The mediation process must be completed no later than 45 days after the consumer requests mediation.

(e) If the parties reach agreement, the agreement shall be reduced to writing at the conclusion of the mediation. The writing shall contain mutual conditions, payment arrangements, or other terms that resolve the dispute in its entirety. If the parties are unable to reach agreement after 45 days, whichever occurs first, the consumer may file a formal complaint with the Commission as described in Commission rules.

(f) If either the consumer or the carrier fails to abide by the terms of the settlement agreement, either party may exercise any rights it may have as specified in the terms of the agreement or as provided in Commission rules.

(g) All notes, writings and settlement discussions related to the mediation shall be exempt from discovery and shall be inadmissible in any agency or court proceeding.

(220 ILCS 5/13-801) (from Ch. 111 2/3, par. 13-801)

Sec. 13-801. Incumbent local exchange carrier obligations.

(a) This Section provides additional State requirements contemplated by, but not inconsistent with, Section 261(c) of the federal Telecommunications Act of 1996, and not preempted by orders of the Federal Communications Commission. A telecommunications carrier not subject to regulation under an alternative regulation plan pursuant to Section 13-506.1 of this Act shall not be subject to the provisions of this Section, to the extent that this Section imposes requirements or obligations upon the telecommunications carrier that exceed or are more stringent than those obligations imposed
An incumbent local exchange carrier shall provide a requesting telecommunications carrier with interconnection, collocation, network elements, and access to operations support systems on just, reasonable, and nondiscriminatory rates, terms, and conditions to enable the provision of any and all existing and new telecommunications services within the LATA, including, but not limited to, local exchange and exchange access. The Commission shall require the incumbent local exchange carrier to provide interconnection, collocation, and network elements in any manner technically feasible to the fullest extent possible to implement the maximum development of competitive telecommunications services offerings. As used in this Section, to the extent that interconnection, collocation, or network elements have been deployed for or by the incumbent local exchange carrier or one of its wireline local exchange affiliates in any jurisdiction, it shall be presumed that such is technically feasible in Illinois.

(b) Interconnection.

(1) An incumbent local exchange carrier shall provide for the facilities and equipment of any requesting telecommunications carrier's interconnection with the incumbent local exchange carrier's network on just, reasonable, and nondiscriminatory rates, terms, and conditions:

(A) for the transmission and routing of local exchange, and exchange access telecommunications services;

(B) at any technically feasible point within the incumbent local exchange carrier's network; however, the incumbent local exchange carrier may not require the requesting carrier to interconnect at more than one technically feasible point within a LATA; and

(C) that is at least equal in quality and functionality to that provided by the incumbent local exchange carrier to itself or to any subsidiary, affiliate, or any other party to which the incumbent local exchange carrier provides interconnection.

(2) An incumbent local exchange carrier shall make available to any requesting telecommunications carrier, to the extent technically feasible, those services, facilities, or interconnection agreements or arrangements that the incumbent local exchange carrier or any of its incumbent local exchange subsidiaries or affiliates offers in another state under the terms and conditions, but not the stated rates, negotiated pursuant to Section 252 of the federal Telecommunications Act of 1996. Rates shall be established in accordance with the requirements of subsection (g) of this Section. An incumbent local exchange carrier shall also make available to any requesting telecommunications carrier, to the extent technically feasible, and subject to the unbundling provisions of Section 251(d)(2) of the federal Telecommunications Act of 1996, those unbundled network element or interconnection agreements or arrangements that a local exchange carrier affiliate of the incumbent local exchange carrier obtains in another state from the incumbent local exchange carrier in that state, under the terms and conditions, but not the stated rates, obtained through negotiation, or through an arbitration initiated by the affiliate, pursuant to Section 252 of the federal Telecommunications Act of 1996. Rates shall be established in accordance with the requirements of subsection (g) of this Section.

(c) Collocation. An incumbent local exchange carrier shall provide for physical or virtual collocation of any type of equipment for interconnection or access to network elements at the premises of the incumbent local exchange carrier on just, reasonable, and nondiscriminatory rates, terms, and conditions. The equipment shall include, but is not limited to, optical transmission equipment, multiplexers, remote switching modules, and cross-connects between the facilities or equipment of other collocated carriers. The equipment shall also include microwave transmission facilities on the exterior and interior of the incumbent local exchange carrier's premises used for interconnection to, or for access to network elements of, the incumbent local exchange carrier or a collocated carrier, unless the incumbent local exchange carrier demonstrates to the Commission that it is not practical due to technical reasons or space limitations. An incumbent local exchange carrier shall allow, and provide for, the most reasonably direct and efficient cross-connects, that are consistent with safety and network reliability standards, between the facilities of collocated carriers. An incumbent local exchange carrier shall also allow, and provide for, cross connects between a

New matter indicated by italics - deletions by strikeout.
noncollocated telecommunications carrier's network elements platform, or a noncollocated telecommunications carrier's transport facilities, and the facilities of any collocated carrier, consistent with safety and network reliability standards.

(d) Network elements. The incumbent local exchange carrier shall provide to any requesting telecommunications carrier, for the provision of an existing or a new telecommunications service, nondiscriminatory access to network elements on any unbundled or bundled basis, as requested, at any technically feasible point on just, reasonable, and nondiscriminatory rates, terms, and conditions.

(1) An incumbent local exchange carrier shall provide unbundled network elements in a manner that allows requesting telecommunications carriers to combine those network elements to provide a telecommunications service.

(2) An incumbent local exchange carrier shall not separate network elements that are currently combined, except at the explicit direction of the requesting carrier.

(3) Upon request, an incumbent local exchange carrier shall combine any sequence of unbundled network elements that it ordinarily combines for itself, including but not limited to, unbundled network elements identified in The Draft of the Proposed Ameritech Illinois 271 Amendment (I2A) found in Schedule SJA-4 attached to Exhibit 3.1 filed by Illinois Bell Telephone Company on or about March 28, 2001 with the Illinois Commerce Commission under Illinois Commerce Commission Docket Number 00-0700. The Commission shall determine those network elements the incumbent local exchange carrier ordinarily combines for itself if there is a dispute between the incumbent local exchange carrier and the requesting telecommunications carrier under this subdivision of this Section of this Act.

The incumbent local exchange carrier shall be entitled to recover from the requesting telecommunications carrier any just and reasonable special construction costs incurred in combining such unbundled network elements (i) if such costs are not already included in the established price of providing the network elements, (ii) if the incumbent local exchange carrier charges such costs to its retail telecommunications end users, and (iii) if fully disclosed in advance to the requesting telecommunications carrier. The Commission shall determine whether the incumbent local exchange carrier is entitled to any special construction costs if there is a dispute between the incumbent local exchange carrier and the requesting telecommunications carrier under this subdivision of this Section of this Act.

(4) A telecommunications carrier may use a network elements platform consisting solely of combined network elements of the incumbent local exchange carrier to provide end to end telecommunications service for the provision of existing and new local exchange, interexchange that includes local, local toll, and intraLATA toll, and exchange access telecommunications services within the LATA to its end users or payphone service providers without the requesting telecommunications carrier's provision or use of any other facilities or functionalities.

(5) The Commission shall establish maximum time periods for the incumbent local exchange carrier's provision of network elements. The maximum time period shall be no longer than the time period for the incumbent local exchange carrier's provision of comparable retail telecommunications services utilizing those network elements. The Commission may establish a maximum time period for a particular network element that is shorter than for a comparable retail telecommunications service offered by the incumbent local exchange carrier if a requesting telecommunications carrier establishes that it shall perform other functions or activities after receipt of the particular network element to provide telecommunications services to end users. The burden of proof for establishing a maximum time period for a particular network element that is shorter than for a comparable retail telecommunications service offered by the incumbent local exchange carrier shall be on the requesting telecommunications carrier. Notwithstanding any other provision of this Article, unless and until the Commission establishes by rule or order a different specific maximum time interval, the maximum time intervals shall not exceed 5 business days for the provision of unbundled loops, both digital and analog, 10 business days for the conditioning of unbundled loops or for existing combinations of network elements for an end user that has existing local exchange telecommunications service, and one business day for the provision of the high frequency portion of the loop (line-sharing) for at least 95% of the requests of
each requesting telecommunications carrier for each month.

In measuring the incumbent local exchange carrier's actual performance, the Commission shall ensure that occurrences beyond the control of the incumbent local exchange carrier that adversely affect the incumbent local exchange carrier's performance are excluded when determining actual performance levels. Such occurrences shall be determined by the Commission, but at a minimum must include work stoppage or other labor actions and acts of war. Exclusions shall also be made for performance that is governed by agreements approved by the Commission and containing timeframes for the same or similar measures or for when a requesting telecommunications carrier requests a longer time interval.

(6) When a telecommunications carrier requests a network elements platform referred to in subdivision (d)(4) of this Section, without the need for field work outside of the central office, for an end user that has existing local exchange telecommunications service provided by an incumbent local exchange carrier, or by another telecommunications carrier through the incumbent local exchange carrier's network elements platform, unless otherwise agreed by the telecommunications carriers, the incumbent local exchange carrier shall provide the requesting telecommunications carrier with the requested network elements platform within 3 business days for at least 95% of the requests for each requesting telecommunications carrier for each month. A requesting telecommunications carrier may order the network elements platform as is for an end user that has such existing local exchange service without changing any of the features previously selected by the end user. The incumbent local exchange carrier shall provide the requested network elements platform without any disruption to the end user's services.

Absent a contrary agreement between the telecommunications carriers entered into after the effective date of this amendatory Act of the 92nd General Assembly, as of 12:01 a.m. on the third business day after placing the order for a network elements platform, the requesting telecommunications carrier shall be the presubscribed primary local exchange carrier for that end user line and shall be entitled to receive, or to direct the disposition of, all revenues for all services utilizing the network elements in the platform, unless it is established that the end user of the existing local exchange service did not authorize the requesting telecommunications carrier to make the request.

(e) Operations support systems. The Commission shall establish minimum standards with just, reasonable, and nondiscriminatory rates, terms, and conditions for the preordering, ordering, provisioning, maintenance and repair, and billing functions of the incumbent local exchange carrier's operations support systems provided to other telecommunications carriers.

(f) Resale. An incumbent local exchange carrier shall offer all retail telecommunications services, that the incumbent local exchange carrier provides at retail to subscribers who are not telecommunications carriers, within the LATA, together with each applicable optional feature or functionality, subject to resale at wholesale rates without imposing any unreasonable or discriminatory conditions or limitations. Wholesale rates shall be based on the retail rates charged to end users for the telecommunications service requested, excluding the portion thereof attributable to any marketing, billing, collection, and other costs avoided by the local exchange carrier. The Commission may determine under Article IX of this Act that certain noncompetitive services, together with each applicable optional feature or functionality, that are offered to residence customers under different rates, charges, terms, or conditions than to other customers should not be subject to resale under the rates, charges, terms, or conditions available only to residence customers.

(g) Cost based rates. Interconnection, collocation, network elements, and operations support systems shall be provided by the incumbent local exchange carrier to requesting telecommunications carriers at cost based rates. The immediate implementation and provisioning of interconnection, collocation, network elements, and operations support systems shall not be delayed due to any lack of determination by the Commission as to the cost based rates. When cost based rates have not been established, within 30 days after the filing of a petition for the setting of interim rates, or after the Commission's own motion, the Commission shall provide for interim rates that shall remain in full force and effect until the cost based rate determination is made, or the interim rate is modified, by the Commission.

(h) Rural exemption. This Section does not apply to certain rural telephone companies as
(i) Schedule of rates. A telecommunications carrier may request the incumbent local exchange carrier to provide a schedule of rates listing each of the rate elements of the incumbent local exchange carrier that pertains to a proposed order identified by the requesting telecommunications carrier for any of the matters covered in this Section. The incumbent local exchange carrier shall deliver the requested schedule of rates to the requesting telecommunications carrier within 2 business days for 95% of the requests for each requesting carrier.

(j) Special access circuits. Other than as provided in subdivision (d)(4) of this Section for the network elements platform described in that subdivision, nothing in this amendatory Act of the 92nd General Assembly is intended to require or prohibit the substitution of switched or special access services by or with a combination of network elements nor address the Illinois Commerce Commission's jurisdiction or authority in this area.

(k) The Commission shall determine any matters in dispute between the incumbent local exchange carrier and the requesting carrier pursuant to Section 13-515 of this Act. The Commission shall prepare and issue an annual report on the status of the telecommunications industry and Illinois regulation thereof on January 31 of each year beginning in 1986. Such report shall include:

- A review of regulatory decisions and actions from the preceding year and a description of pending cases involving significant telecommunications carriers or issues;
- A description of the telecommunications industry and changes or trends therein, including the number, type and size of firms offering telecommunications services, whether or not such firms are subject to State regulation, telecommunications technologies in place and under development, variations in the geographic availability of services and in prices for services, and penetration levels of subscriber access to local exchange service in each exchange and trends related thereto;
- The status of compliance by carriers and the Commission with the requirements of this Article;
- The effects, and likely effects of Illinois regulatory policies and practices, including those described in this Article, on telecommunications carriers, services and customers;
- Any recommendations for legislative change which are adopted by the Commission and which the Commission believes are in the interest of Illinois telecommunications customers; and
- Any other information or analysis which the Commission is required to provide by this Article or deems necessary to provide.

The Commission's report shall be filed with the Joint Committee on Legislative Support Services, the Governor, and the Public Counsel and shall be publicly available. The Joint Committee on Legislative Support Services shall conduct public hearings on the report and any recommendations therein.

(2) Definitions; scope.

1. "Submitting carrier" means any telecommunications carrier that requests on behalf of a subscriber that the subscriber's telecommunications carrier be changed and seeks to provide retail services to the end user subscriber.

2. "Executing carrier" means any telecommunications carrier that effects a request that a subscriber's telecommunications carrier be changed.

3. "Authorized carrier" means any telecommunications carrier that submits a change, on behalf of a subscriber, in the subscriber's selection of a provider of telecommunications service with the subscriber's authorization verified in accordance with the procedures specified in this Section.

4. "Unauthorized carrier" means any telecommunications carrier that submits a change, on behalf of a subscriber, in the subscriber's selection of a provider of telecommunications service but fails to obtain the subscriber's authorization verified in
accordance with the procedures specified in this Section.

(5) "Unauthorized change" means a change in a subscriber's selection of a provider of telecommunications service that was made without authorization verified in accordance with the verification procedures specified in this Section.

(6) "Subscriber" means:

(A) the party identified in the account records of a common carrier as responsible for payment of the telephone bill;

(B) any adult person authorized by such party to change telecommunications services or to charge services to the account; or

(C) any person contractually or otherwise lawfully authorized to represent such party.

This Section does not apply to retail business subscribers served by more than 20 lines.

(b) Authorization from the subscriber. "Authorization" means an express, affirmative act by a subscriber agreeing to the change in the subscriber's telecommunications carrier to another carrier. A subscriber's telecommunications service shall be provided by the telecommunications carrier selected by the subscriber.

(c) Authorization and verification of orders for telecommunications service.

(1) No telecommunications carrier shall submit or execute a change on behalf of a subscriber in the subscriber's selection of a provider of telecommunications service except in accordance with the procedures prescribed in this subsection.

(2) No submitting carrier shall submit a change on the behalf of a subscriber in the subscriber's selection of a provider of telecommunications service prior to obtaining:

(A) authorization from the subscriber; and

(B) verification of that authorization in accordance with the procedures prescribed in this Section.

The submitting carrier shall maintain and preserve records of verification of subscriber authorization for a minimum period of 2 years after obtaining such verification.

(3) An executing carrier shall not verify the submission of a change in a subscriber's selection of a provider of telecommunications service received from a submitting carrier. For an executing carrier, compliance with the procedures described in this Section shall be defined as prompt execution, without any unreasonable delay, of changes that have been verified by a submitting carrier.

(4) Commercial mobile radio services (CMRS) providers shall be excluded from the verification requirements of this Section as long as they are not required to provide equal access to common carriers for the provision of telephone toll services, in accordance with 47 U.S.C. 332(c)(8).

(5) Where a telecommunications carrier is selling more than one type of telecommunications service (e.g., local exchange, intraLATA/intrastate toll, interLATA/interstate toll, and international toll), that carrier must obtain separate authorization from the subscriber for each service sold, although the authorizations may be made within the same solicitation. Each authorization must be verified separately from any other authorizations obtained in the same solicitation. Each authorization must be verified in accordance with the verification procedures prescribed in this Section.

(6) No telecommunications carrier shall submit a preferred carrier change order unless and until the order has been confirmed in accordance with one of the following procedures:

(A) The telecommunications carrier has obtained the subscriber's written or electronically signed authorization in a form that meets the requirements of subsection (d).

(B) The telecommunications carrier has obtained the subscriber's electronic authorization to submit the preferred carrier change order. Such authorization must be placed from the telephone number or numbers on which the preferred carrier is to be changed and must confirm the information in subsections (b) and (c) of this Section. Telecommunications carriers electing to confirm sales electronically shall establish one or more toll-free telephone numbers exclusively for that purpose. Calls to the toll-free telephone numbers must connect a subscriber to a voice response unit, or similar
mechanism, that records the required information regarding the preferred carrier change, including automatically recording the originating automatic number identification.

(C) An appropriately qualified independent third party has obtained, in accordance with the procedures set forth in paragraphs (7) through (10) of this subsection, the subscriber’s oral authorization to submit the preferred carrier change order that confirms and includes appropriate verification data. The independent third party must not be owned, managed, controlled, or directed by the carrier or the carrier’s marketing agent; must not have any financial incentive to confirm preferred carrier change orders for the carrier or the carrier’s marketing agent; and must operate in a location physically separate from the carrier or the carrier’s marketing agent.

(7) Methods of third party verification. Automated third party verification systems and three-way conference calls may be used for verification purposes so long as the requirements of paragraphs (8) through (10) of this subsection are satisfied.

(8) Carrier initiation of third party verification. A carrier or a carrier’s sales representative initiating a three-way conference call or a call through an automated verification system must drop off the call once the three-way connection has been established.

(9) Requirements for content and format of third party verification. All third party verification methods shall elicit, at a minimum, the identity of the subscriber; confirmation that the person on the call is authorized to make the carrier change; confirmation that the person on the call wants to make the carrier change; the names of the carriers affected by the change; the telephone numbers to be switched; and the types of service involved. Third party verifiers may not market the carrier’s services by providing additional information, including information regarding preferred carrier freeze procedures.

(10) Other requirements for third party verification. All third party verifications shall be conducted in the same language that was used in the underlying sales transaction and shall be recorded in their entirety. In accordance with the procedures set forth in paragraph (2)(B) of this subsection, submitting carriers shall maintain and preserve audio records of verification of subscriber authorization for a minimum period of 2 years after obtaining such verification. Automated systems must provide consumers with an option to speak with a live person at any time during the call.

(11) Telecommunications carriers must provide subscribers the option of using one of the authorization and verification procedures specified in paragraph (6) of this subsection in addition to an electronically signed authorization and verification procedure under paragraph (6)(A) of this subsection.

d) Letter of agency form and content.

(1) A telecommunications carrier may use a written or electronically signed letter of agency to obtain authorization or verification, or both, of a subscriber’s request to change his or her preferred carrier selection. A letter of agency that does not conform with this Section is invalid for purposes of this Section.

(2) The letter of agency shall be a separate document (or an easily separable document) or located on a separate screen or webpage containing only the authorizing language described in paragraph (5) of this subsection having the sole purpose of authorizing a telecommunications carrier to initiate a preferred carrier change. The letter of agency must be signed and dated by the subscriber to the telephone line or lines requesting the preferred carrier change.

(3) The letter of agency shall not be combined on the same document, screen, or webpage with inducements of any kind.

(4) Notwithstanding paragraphs (2) and (3) of this subsection, the letter of agency may be combined with checks that contain only the required letter of agency language as prescribed in paragraph (5) of this subsection and the necessary information to make the check a negotiable instrument. The letter of agency check shall not contain any promotional language or material. The letter of agency check shall contain in easily readable, bold-face type on the front of the check, a notice that the subscriber is authorizing a preferred carrier.
change by signing the check. The letter of agency language shall be placed near the signature line on the back of the check.

(5) At a minimum, the letter of agency must be printed with a type of sufficient size and readability to be clearly legible and must contain clear and unambiguous language that confirms:

(A) The subscriber’s billing name and address and each telephone number to be covered by the preferred carrier change order;

(B) The decision to change the preferred carrier from the current telecommunications carrier to the soliciting telecommunications carrier;

(C) That the subscriber designates (insert the name of the submitting carrier) to act as the subscriber’s agent for the preferred carrier change;

(D) That the subscriber understands that only one telecommunications carrier may be designated as the subscriber’s interstate or interLATA preferred interexchange carrier for any one telephone number. To the extent that a jurisdiction allows the selection of additional preferred carriers (e.g., local exchange, intraLATA/intrastate toll, interLATA/interstate toll, or international interexchange) the letter of agency must contain separate statements regarding those choices, although a separate letter of agency for each choice is not necessary; and

(E) That the subscriber may consult with the carrier as to whether a fee will apply to the change in the subscriber’s preferred carrier.

(6) Any carrier designated in a letter of agency as a preferred carrier must be the carrier directly setting the rates for the subscriber.

(7) Letters of agency shall not suggest or require that a subscriber take some action in order to retain the subscriber’s current telecommunications carrier.

(8) If any portion of a letter of agency is translated into another language then all portions of the letter of agency must be translated into that language. Every letter of agency must be translated into the same language as any promotional materials, oral descriptions, or instructions provided with the letter of agency.

(9) Letters of agency submitted with an electronically signed authorization must include the consumer disclosures required by Section 101(c) of the Electronic Signatures in Global and National Commerce Act.

(10) A telecommunications carrier shall submit a preferred carrier change order on behalf of a subscriber within no more than 60 days after obtaining a written or electronically signed letter of agency.

(11) If a telecommunications carrier uses a letter of agency, the carrier shall send a letter to the subscriber using first class mail, postage prepaid, no later than 10 days after the telecommunications carrier submitting the change in the subscriber’s telecommunications carrier is on notice that the change has occurred. The letter must inform the subscriber of the details of the telecommunications carrier change and provide the subscriber with a toll free number to call should the subscriber wish to cancel the change.

(e) A switch in a subscriber’s selection of a provider of telecommunications service that complies with the rules promulgated by the Federal Communications Commission and any amendments thereto shall be deemed to be in compliance with the provisions of this Section.

(f) The Commission shall promulgate any rules necessary to administer this Section. The rules promulgated under this Section shall comport with the rules, if any, promulgated by the Attorney General pursuant to the Consumer Fraud and Deceptive Business Practices Act and with any rules promulgated by the Federal Communications Commission.

(g) Complaints may be filed with the Commission under this Section by a subscriber whose telecommunications service has been provided by an unauthorized telecommunications carrier as a result of an unreasonable delay, by a subscriber whose telecommunications carrier has been changed to another telecommunications carrier in a manner not in compliance with this Section, by a subscriber’s authorized telecommunications carrier that has been removed as a subscriber’s telecommunications carrier in a manner not in compliance with this Section, by a subscriber’s authorized submitting carrier whose change order was delayed unreasonably, or by the Commission on its own motion. Upon filing of the complaint, the parties may mutually agree to submit the
complaint to the Commission's established mediation process. Remedies in the mediation process may include, but shall not be limited to, the remedies set forth in this subsection. In its discretion, the Commission may deny the availability of the mediation process and submit the complaint to hearings. If the complaint is not submitted to mediation or if no agreement is reached during the mediation process, hearings shall be held on the complaint. If, after notice and hearing, the Commission finds that a telecommunications carrier has violated this Section or a rule promulgated under this Section, the Commission may in its discretion do any one or more of the following:

1. Require the violating telecommunications carrier to refund to the subscriber all fees and charges collected from the subscriber for services up to the time the subscriber receives written notice of the fact that the violating carrier is providing telecommunications service to the subscriber, including notice on the subscriber's bill. For unreasonable delays wherein telecommunications service is provided by an unauthorized carrier, the Commission may require the violating carrier to refund to the subscriber all fees and charges collected from the subscriber during the unreasonable delay. The Commission may order the remedial action outlined in this subsection only to the extent that the same remedial action is allowed pursuant to rules or regulations promulgated by the Federal Communications Commission.

2. Require the violating telecommunications carrier to refund to the subscriber charges collected in excess of those that would have been charged by the subscriber's authorized telecommunications carrier.

3. Require the violating telecommunications carrier to pay the subscriber's authorized telecommunications carrier the amount the authorized telecommunications carrier would have collected for the telecommunications service. The Commission is authorized to reduce this payment by any amount already paid by the violating telecommunications carrier to the subscriber's authorized telecommunications carrier for those telecommunications services.

4. Require the violating telecommunications carrier to pay a fine of up to $1,000 into the Public Utility Fund for each repeated and intentional violation of this Section.

5. Issue a cease and desist order.

6. For a pattern of violation of this Section or for intentionally violating a cease and desist order, revoke the violating telecommunications carrier's certificate of service authority.

Rules for verification of a subscriber's change in telecommunications carrier or addition to a subscriber's service:

(a) As used in this Section, "subscriber" means a telecommunications carrier's retail business customer served by not more than 20 lines or a retail residential customer, and "telecommunications carrier" has the meaning given in Section 13-202 of the Public Utilities Act, except that "telecommunications carrier" does not include a provider of commercial mobile radio services (as defined by 47 U.S.C. 332(d)(4)).

(b) A subscriber's presubscription of a primary exchange or interexchange telecommunications carrier may not be switched to another telecommunications carrier without the subscriber's authorization.

(c) A telecommunications carrier shall not effectuate a change to a subscriber's telecommunications services by providing an additional telecommunications service that results in an additional monthly charge to the subscriber (herein referred to as an "additional telecommunications service") without following the subscriber notification procedures set forth in this Section. An "additional telecommunications service" does not include making available any additional telecommunications services on a subscriber's line when the subscriber activates and pays for the services on a per use basis.

(d) It is the responsibility of the company or carrier requesting a change in a subscriber's telecommunications carrier to obtain the subscriber's authorization for the change whenever the company or carrier acts as a subscriber's agent with respect to the change.

(e) A company or telecommunications carrier submitting a change in a subscriber's primary exchange or interexchange telecommunications carrier as described in subsection (d) shall be solely responsible for providing written notice of the change to the subscriber in accordance with this Section, or for obtaining verification of the subscriber's assent to the change in accordance with this Section. In addition, a telecommunications carrier that provides any additional telecommunications
service to a subscriber shall be solely responsible for providing written notice of the additional telecommunications service to the subscriber in accordance with this Section, or for obtaining verification of the subscriber's assent to the additional telecommunications service in accordance with this Section:

(1) If the company or telecommunications carrier elects to provide written notice in accordance with this Section, the notice shall be provided as follows:

(A) A letter to the subscriber must be mailed using first class mail, postage prepaid, no later than 10 days after the telecommunications carrier submitting the change in the subscriber's primary exchange or interexchange telecommunications carrier is on notice that the change has occurred or no later than 10 days after initiation of an additional telecommunications service has occurred.

(B) The letter must be a separate document sent for the sole purpose of describing the changes or additions authorized by the subscriber.

(C) The letter must be printed with 10 point or larger type and contain clear and plain language that confirms the details of a change in the presubscribed telecommunications carrier or of the addition of the telecommunications service and provides the subscriber with a toll free number to call should the subscriber wish to cancel the change or make additional changes.

(2) If the company or telecommunications carrier elects to obtain verification in accordance with this Section, verification shall be obtained as follows:

(A) Verification shall be obtained by an independent third-party that:

(i) operates from a facility physically separate from that of the telecommunications carrier or company seeking the change or addition of service;

(ii) is not directly or indirectly managed, controlled, directed, or owned wholly or in part by the telecommunications carrier or company seeking the change or addition of telecommunications services;

(iii) does not derive commissions or compensation based upon the number of sales, changes, or additions confirmed; and

(iv) shall retain records of the confirmation of sales or changes for 24 months.

(B) The third-party verification agent shall state to the subscriber, and shall obtain the subscriber's acknowledgement to, the following disclosures:

(i) the consumer's name, address, and the telephone numbers of all telephone lines that will be changed or to which additional telecommunications services will be added;

(ii) the names of the telecommunications carrier or company that is replacing the previous presubscribed telecommunications carrier or adding a telecommunications service to the subscriber's account and, where applicable, the name of the carriers being replaced;

(iii) in cases where verification is sought for the subscriber's presubscribed telecommunications carrier, that for each line the subscriber can designate only one presubscribed telecommunications carrier to handle each of the subscriber's local, long distance, or local toll service depending upon which presubscribed telecommunications service or services are being verified; and

(iv) the fact that a fee may be imposed on the subscriber for the change of primary exchange or interexchange telecommunications carriers or that a monthly recurring fee may be charged for the additional service, if that is the case.

(C) The third-party verification agent shall obtain verification no later than 3 days after the carrier submitting a change in the subscriber's primary exchange or interexchange telecommunications carrier is on notice that the change has occurred or no later than 3 days after initiation of an additional telecommunications service has occurred.

(D) The telecommunications company or carrier seeking to implement the change in service or additional service may connect the subscriber to the verification agent, provided that all of the requirements for verification by a third party as set forth in this...
Section are otherwise complied with fully:

(3) The verification or notice requirements described in this subsection shall apply to all changes to a subscriber’s presubscription of a primary exchange or interexchange telecommunications carrier, whether the change was initiated through an inbound call initiated by the customer or outbound telemarketing. Where a subscriber’s telecommunications services are changed by the provision of an additional telecommunications service, the verification or notice requirements described in this subsection shall apply if the change was initiated through inbound telemarketing. Where a subscriber’s telecommunications services are changed by the provision of an additional telecommunications service and the change was initiated through inbound telemarketing, the telecommunications carrier shall comply with all rules or regulations promulgated by the Federal Communications Commission;

(4) Verifications conducted or obtained in a manner not in compliance with this Section or notice given in a manner not in compliance with this Section shall be void and without effect;

(f) The Commission shall promulgate any rules necessary to ensure that the primary exchange or interexchange telecommunications carrier of a subscriber is not changed to another telecommunications carrier or that an additional telecommunications service is not added without the subscriber’s authorization. The rules promulgated under this Section shall comport with the rules, if any, promulgated by the Attorney General pursuant to the Consumer Fraud and Deceptive Business Practices Act and with any rules promulgated by the Federal Communications Commission;

(g) Complaints may be filed with the Commission under this Section by a subscriber whose primary exchange or interexchange carrier has been changed to another telecommunications carrier without authorization or who has been provided an additional telecommunications service not ordered by the subscriber, by a telecommunications carrier that has been removed as a subscriber’s primary exchange or interexchange telecommunications carrier without authorization, or by the Commission on its own motion. Upon filing of the complaint, the parties may mutually agree to submit the complaint to the Commission’s established mediation process. Remedies in the mediation process may include, but shall not be limited to, the remedies set forth in paragraphs (1) through (5) of this subsection. In its discretion, the Commission may deny the availability of the mediation process and submit the complaint to hearings. If the complaint is not submitted to mediation or if no agreement is reached during the mediation process, hearings shall be held on the complaint pursuant to Article 10 of this Act. If after notice and hearing, the Commission finds that a telecommunications carrier has violated this Section or a rule promulgated under this Section, the Commission may in its discretion order any one or more of the following:

(1) In case of an unauthorized change in a subscriber’s primary exchange or interexchange telecommunications carrier, require the violating telecommunications carrier to refund to the subscriber all fees and charges collected from the subscriber for services up to the time the subscriber receives written notice of the fact that the violating carrier is providing telecommunications service to the subscriber. For a carrier that elects to provide written notice of a change in a subscriber’s primary exchange or interexchange carrier, notice consistent with paragraph (1) of subsection (e) shall be deemed to be receipt of notice by the subscriber for purposes of this paragraph. For a carrier that elects to obtain verification of a change in a subscriber’s primary exchange or interexchange carrier consistent with paragraph (2) of subsection (e) of this Section, either the first correspondence from the carrier that notifies the customer of the change or the subscriber’s first bill for services, whichever is mailed first, shall be deemed to be receipt of notice by the subscriber for purposes of this paragraph. The Commission may order the remedial action outlined in this subsection only to the extent that the same remedial action is allowed pursuant to rules or regulations promulgated by the Federal Communications Commission;

(2) In case of an unauthorized change in the primary exchange or interexchange telecommunications carrier, require the violating telecommunications carrier to refund to the subscriber charges collected in excess of those that would have been charged by the subscriber’s chosen telecommunications carrier.

(3) In case of an unauthorized change in the primary exchange or interexchange telecommunications carrier, require the violating telecommunications carrier to refund to the subscriber charges collected in excess of those that would have been charged by the subscriber’s chosen telecommunications carrier.
telecommunications carrier, require the violating telecommunications carrier to pay to the subscriber's chosen telecommunications carrier the amount the chosen telecommunications carrier would have collected for the telecommunications service. The Commission is authorized to reduce this payment by any amount already paid by the violating telecommunications carrier to the subscriber's chosen telecommunications carrier for those telecommunications services.

(4) Require the violating telecommunications carrier to pay a fine of up to $1,000 into the Public Utility Fund for each repeated and intentional violation of this Section.

(5) In the case of an unauthorized additional telecommunications service, require the violating carrier to refund or cancel all charges for telecommunications services or products provided without a subscriber's authorization.

(6) Issue a cease and desist order.

(7) For a pattern of violation of this Section or for intentionally violating a cease and desist order, revoke the violating telecommunications carrier's certificate of service authority.

AN ACT regarding schools.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Critical Health Problems and Comprehensive Health Education Act is amended by changing Section 3 as follows:

(105 ILCS 110/3) (from Ch. 122, par. 863)
Sec. 3. Comprehensive Health Education Program. The program established under this Act shall include, but not be limited to, the following major educational areas as a basis for curricula in all elementary and secondary schools in this State: human ecology and health, human growth and development, the emotional, psychological, physiological, hygienic and social responsibilities of family life, including sexual abstinence until marriage, prevention and control of disease, including instruction in grades 6 through 12 on the prevention, transmission and spread of AIDS, public and
environmental health, consumer health, safety education and disaster survival, mental health and illness, personal health habits, alcohol, drug use, and abuse including the medical and legal ramifications of alcohol, drug, and tobacco use, abuse during pregnancy, sexual abstinence until marriage, tobacco, nutrition, and dental health. Notwithstanding the above educational areas, the following areas may also be included as a basis for curricula in all elementary and secondary schools in this State: basic first aid (including, but not limited to, cardiopulmonary resuscitation and the Heimlich maneuver), early prevention and detection of cancer, heart disease, diabetes, stroke, and the prevention of child abuse, neglect, and suicide. The school board of each public elementary and secondary school in the State shall encourage all teachers and other school personnel to acquire, develop, and maintain the knowledge and skills necessary to properly administer life-saving techniques, including without limitation the Heimlich maneuver and rescue breathing. The training shall be in accordance with standards of the American Red Cross, the American Heart Association, or another nationally recognized certifying organization. A school board may use the services of non-governmental entities whose personnel have expertise in life-saving techniques to instruct teachers and other school personnel in these techniques. Each school board is encouraged to have in its employ, or on its volunteer staff, at least one person who is certified, by the American Red Cross or by another qualified certifying agency, as qualified to administer first aid and cardiopulmonary resuscitation. In addition, each school board is authorized to allocate appropriate portions of its institute or inservice days to conduct training programs for teachers and other school personnel who have expressed an interest in becoming qualified to administer emergency first aid or cardiopulmonary resuscitation. School boards are urged to encourage their teachers and other school personnel who coach school athletic programs and other extracurricular school activities to acquire, develop, and maintain the knowledge and skills necessary to properly administer first aid and cardiopulmonary resuscitation in accordance with standards and requirements established by the American Red Cross or another qualified certifying agency. No pupil shall be required to take or participate in any class or course on AIDS or family life instruction if his parent or guardian submits written objection thereto, and refusal to take or participate in the course or program shall not be reason for suspension or expulsion of the pupil.

Curricula developed under programs established in accordance with this Act in the major educational area of alcohol and drug use and abuse shall include classroom instruction in grades 5 through 12. The instruction, which shall include matters relating to both the physical and legal effects and ramifications of drug and substance abuse, shall be integrated into existing curricula; and the State Board of Education shall develop and make available to all elementary and secondary schools in this State instructional materials and guidelines which will assist the schools in incorporating the instruction into their existing curricula. In addition, school districts may offer, as part of existing curricula during the school day or as part of an after school program, support services and instruction for pupils or pupils whose parent, parents, or guardians are chemically dependent.

1.1. Exclusion From the CAAPP.

a. An owner or operator of a source which determines that the source could be excluded from the CAAPP may seek such exclusion prior to the date that the CAAPP application for the source is due but in no case later than 9 months after the effective date of the CAAPP through the imposition of federally enforceable conditions limiting the "potential to emit" of the source to a level below the major source threshold for that source as described in paragraph 2(c) of this Section, within a State operating permit issued pursuant to Section 39(a) of this Act. After such date, an exclusion from the CAAPP may be sought under paragraph 3(c) of this Section.

b. An owner or operator of a source seeking exclusion from the CAAPP pursuant to paragraph (a) of this subsection must submit a permit application consistent with the existing State permit program which specifically requests such exclusion through the imposition of such federally enforceable conditions.

c. Upon such request, if the Agency determines that the owner or operator of a source has met the requirements for exclusion pursuant to paragraph (a) of this subsection and other applicable requirements for permit issuance under Section 39(a) of this Act, the Agency shall issue a State operating permit for such source under Section 39(a) of this Act, as amended,
and regulations promulgated thereunder with federally enforceable conditions limiting the "potential to emit" of the source to a level below the major source threshold for that source as described in paragraph 2(c) of this Section.

d. The Agency shall provide an owner or operator of a source which may be excluded from the CAAPP pursuant to this subsection with reasonable notice that the owner or operator may seek such exclusion.

e. The Agency shall provide such sources with the necessary permit application forms.

2. Applicability.

a. Sources subject to this Section shall include:
   i. Any major source as defined in paragraph (c) of this subsection.
   ii. Any source subject to a standard or other requirements promulgated under Section 111 (New Source Performance Standards) or Section 112 (Hazardous Air Pollutants) of the Clean Air Act, except that a source is not required to obtain a permit solely because it is subject to regulations or requirements under Section 112(r) of the Clean Air Act.
   iii. Any affected source for acid deposition, as defined in subsection 1 of this Section.
   iv. Any other source subject to this Section under the Clean Air Act or regulations promulgated thereunder, or applicable Board regulations.

      A. For pollutants other than radionuclides, any stationary source or group of stationary sources located within a contiguous area and under common control that emits or has the potential to emit, in the aggregate, 10 tons per year (tpy) or more of any hazardous air pollutant which has been listed pursuant to Section 112(b) of the Clean Air Act, 25 tpy or more of any combination of such hazardous air pollutants, or such lesser quantity as USEPA may establish by rule. Notwithstanding the preceding sentence, emissions from any oil or gas exploration or production well (with its associated equipment) and emissions from any pipeline compressor or pump station shall not be aggregated with emissions from other similar units, whether or not such units are in a contiguous area or under common control, to determine whether such stations are major sources.
      B. For radionuclides, "major source" shall have the meaning specified by the USEPA by rule.
   ii. For purposes of this subsection, "fugitive emissions" means those emissions which could not reasonably pass through a stack, chimney, vent,
or other functionally-equivalent opening. The fugitive emissions of a stationary source shall not be considered in determining whether it is a major stationary source for the purposes of Section 302(j) of the Clean Air Act, unless the source belongs to one of the following categories of stationary source:

3. Agency Authority To Issue CAAPP Permits and Federally Enforceable State Operating Permits.

   a. The Agency shall issue CAAPP permits under this Section consistent with the Clean Air Act and regulations promulgated thereunder and this Act and regulations promulgated thereunder.

   b. The Agency shall issue CAAPP permits for fixed terms of 5 years, except CAAPP permits issued for solid waste incineration units combusting municipal waste which shall be issued for fixed terms of 12 years and except CAAPP permits for affected sources for acid deposition which shall be issued for initial terms to expire on December 31, 1999, and for fixed terms of 5 years thereafter.

   c. The Agency shall have the authority to issue a State operating permit for a source under Section 39(a) of this Act, as amended, and regulations promulgated thereunder, which includes federally enforceable conditions limiting the "potential to emit" of the source to a level below the major source threshold for that source as described in paragraph 2(c) of this Section, thereby excluding the source from the CAAPP, when requested by the applicant pursuant to paragraph 5(u) of this Section. The public notice requirements of this Section applicable to CAAPP permits shall also apply to the initial issuance of permits under this paragraph.

   d. For purposes of this Act, a permit issued by USEPA under Section 505 of the Clean Air Act, as now and hereafter amended, shall be deemed to be a permit issued by the Agency pursuant to Section 39.5 of this Act.

4. Transition.

   a. An owner or operator of a CAAPP source shall not be required to renew an existing State operating permit for any emission unit at such CAAPP source once a CAAPP application timely submitted prior to expiration of the State operating permit has been deemed complete. For purposes other than permit renewal, the obligation upon the owner or operator of a CAAPP source to obtain a State operating permit is not removed upon submittal of the complete CAAPP permit application. An owner or operator of a CAAPP source seeking to make a modification to a source prior to the issuance of its CAAPP permit shall be required to obtain a construction and/or operating permit as required for such modification in accordance with the State permit program under Section 39(a) of this Act, as amended, and regulations promulgated thereunder. The application for such construction and/or operating permit shall be considered an amendment to the CAAPP application submitted for such source.

   b. An owner or operator of a CAAPP source shall continue to operate in accordance with the terms and conditions of its applicable State operating permit notwithstanding the expiration of the State operating permit until the source's CAAPP permit has been issued.

   c. An owner or operator of a CAAPP source shall submit its initial CAAPP application to the Agency no later than 12 months after the effective date of the CAAPP. The Agency may request submittal of initial CAAPP applications during this 12 month period according to a schedule set forth within Agency procedures, however, in no event shall the Agency require such submittal earlier than 3 months after such effective date of the CAAPP. An owner or operator may voluntarily submit its initial CAAPP application prior to the date required within this paragraph or applicable procedures, if any, subsequent to the date the Agency submits the CAAPP to USEPA for approval.

   d. The Agency shall act on initial CAAPP applications in accordance with subsection 5(j) of this Section.

   e. For purposes of this Section, the term "initial CAAPP application" shall mean the first CAAPP application submitted for a source existing as of the effective date of the CAAPP.

   f. The Agency shall provide owners or operators of CAAPP sources with at least three months advance notice of the date on which their applications are required to be submitted.
In determining which sources shall be subject to early submittal, the Agency shall include among its considerations the complexity of the permit application, and the burden that such early submittal will have on the source.

g. The CAAPP permit shall upon becoming effective supersede the State operating permit.

h. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary, to implement this subsection.

5. Applications and Completeness.
a. An owner or operator of a CAAPP source shall submit its complete CAAPP application consistent with the Act and applicable regulations.

b. An owner or operator of a CAAPP source shall submit a single complete CAAPP application covering all emission units at that source.

c. To be deemed complete, a CAAPP application must provide all information, as requested in Agency application forms, sufficient to evaluate the subject source and its application and to determine all applicable requirements, pursuant to the Clean Air Act, and regulations thereunder, this Act and regulations thereunder. Such Agency application forms shall be finalized and made available prior to the date on which any CAAPP application is required.

d. An owner or operator of a CAAPP source shall submit, as part of its complete CAAPP application, a compliance plan, including a schedule of compliance, describing how each emission unit will comply with all applicable requirements. Any such schedule of compliance shall be supplemental to, and shall not sanction noncompliance with, the applicable requirements on which it is based.

e. Each submitted CAAPP application shall be certified for truth, accuracy, and completeness by a responsible official in accordance with applicable regulations.

f. The Agency shall provide notice to a CAAPP applicant as to whether a submitted CAAPP application is complete. Unless the Agency notifies the applicant of incompleteness, within 60 days of receipt of the CAAPP application, the application shall be deemed complete. The Agency may request additional information as needed to make the completeness determination. The Agency may to the extent practicable provide the applicant with a reasonable opportunity to correct deficiencies prior to a final determination of completeness.

g. If after the determination of completeness the Agency finds that additional information is necessary to evaluate or take final action on the CAAPP application, the Agency may request in writing such information from the source with a reasonable deadline for response.

h. If the owner or operator of a CAAPP source submits a timely and complete CAAPP application, the source's failure to have a CAAPP permit shall not be a violation of this Section until the Agency takes final action on the submitted CAAPP application, provided, however, where the applicant fails to submit the requested information under paragraph 5(g) within the time frame specified by the Agency, this protection shall cease to apply.

i. Any applicant who fails to submit any relevant facts necessary to evaluate the subject source and its CAAPP application or who has submitted incorrect information in a CAAPP application shall, upon becoming aware of such failure or incorrect submittal, submit supplementary facts or correct information to the Agency. In addition, an applicant shall provide to the Agency additional information as necessary to address any requirements which become applicable to the source subsequent to the date the applicant submitted its complete CAAPP application but prior to release of the draft CAAPP permit.

j. The Agency shall issue or deny the CAAPP permit within 18 months after the date of receipt of the complete CAAPP application, with the following exceptions: (i) permits for affected sources for acid deposition shall be issued or denied within 6 months after receipt of a complete application in accordance with subsection 17 of this Section; (ii) the Agency shall act on initial CAAPP applications within 24 months after the date of receipt of the complete CAAPP application; (iii) the Agency shall act on complete applications containing

early reduction demonstrations under Section 112(i)(5) of the Clean Air Act within 9 months of receipt of the complete CAAPP application.

Where the Agency does not take final action on the permit within the required time period, the permit shall not be deemed issued; rather, the failure to act shall be treated as a final permit action for purposes of judicial review pursuant to Sections 40.2 and 41 of this Act.

k. The submittal of a complete CAAPP application shall not affect the requirement that any source have a preconstruction permit under Title I of the Clean Air Act.

l. Unless a timely and complete renewal application has been submitted consistent with this subsection, a CAAPP source operating upon the expiration of its CAAPP permit shall be deemed to be operating without a CAAPP permit. Such operation is prohibited under this Act.

m. Permits being renewed shall be subject to the same procedural requirements, including those for public participation and federal review and objection, that apply to original permit issuance.

n. For purposes of permit renewal, a timely application is one that is submitted no less than 9 months prior to the date of permit expiration.

o. The terms and conditions of a CAAPP permit shall remain in effect until the issuance of a CAAPP renewal permit provided a timely and complete CAAPP application has been submitted.

p. The owner or operator of a CAAPP source seeking a permit shield pursuant to paragraph 7(j) of this Section shall request such permit shield in the CAAPP application regarding that source.

q. The Agency shall make available to the public all documents submitted by the applicant to the Agency, including each CAAPP application, compliance plan (including the schedule of compliance), and emissions or compliance monitoring report, with the exception of information entitled to confidential treatment pursuant to Section 7 of this Act.

r. The Agency shall use the standardized forms required under Title IV of the Clean Air Act and regulations promulgated thereunder for affected sources for acid deposition.

s. An owner or operator of a CAAPP source may include within its CAAPP application a request for permission to operate during a startup, malfunction, or breakdown consistent with applicable Board regulations.

t. An owner or operator of a CAAPP source, in order to utilize the operational flexibility provided under paragraph 7(l) of this Section, must request such use and provide the necessary information within its CAAPP application.

u. An owner or operator of a CAAPP source which seeks exclusion from the CAAPP through the imposition of federally enforceable conditions, pursuant to paragraph 3(c) of this Section, must request such exclusion within a CAAPP application submitted consistent with this subsection on or after the date that the CAAPP application for the source is due. Prior to such date, but in no case later than 9 months after the effective date of the CAAPP, such owner or operator may request the imposition of federally enforceable conditions pursuant to paragraph 1.1(b) of this Section.

v. CAAPP applications shall contain accurate information on allowable emissions to implement the fee provisions of subsection 18 of this Section.

w. An owner or operator of a CAAPP source shall submit within its CAAPP application emissions information regarding all regulated air pollutants emitted at that source consistent with applicable Agency procedures. Emissions information regarding insignificant activities or emission levels, as determined by the Agency pursuant to Board regulations, may be submitted as a list within the CAAPP application. The Agency shall propose regulations to the Board defining insignificant activities or emission levels, consistent with federal regulations, if any, no later than 18 months after the effective date of this amendatory Act of 1992, consistent with Section 112(n)(1) of the Clean Air Act. The Board shall adopt final regulations defining insignificant activities or emission levels no later than 9 months after the date of the Agency's proposal.

x. The owner or operator of a new CAAPP source shall submit its complete CAAPP application containing accurate information on allowable emissions to implement the fee provisions of subsection 18 of this Section.
application consistent with this subsection within 12 months after commencing operation of such source. The owner or operator of an existing source that has been excluded from the provisions of this Section under subsection 1.1 or subsection 3(c) of this Section and that becomes subject to the CAAPP solely due to a change in operation at the source shall submit its complete CAAPP application consistent with this subsection at least 180 days before commencing operation in accordance with the change in operation.

y. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary to implement this subsection.

6. Prohibitions.

a. It shall be unlawful for any person to violate any terms or conditions of a permit issued under this Section, to operate any CAAPP source except in compliance with a permit issued by the Agency under this Section or to violate any other applicable requirements. All terms and conditions of a permit issued under this Section are enforceable by USEPA and citizens under the Clean Air Act, except those, if any, that are specifically designated as not being federally enforceable in the permit pursuant to paragraph 7(m) of this Section.

b. After the applicable CAAPP permit or renewal application submittal date, as specified in subsection 5 of this Section, no person shall operate a CAAPP source without a CAAPP permit unless the complete CAAPP permit or renewal application for such source has been timely submitted to the Agency.

c. No owner or operator of a CAAPP source shall cause or threaten or allow the continued operation of an emission source during malfunction or breakdown of the emission source or related air pollution control equipment if such operation would cause a violation of the standards or limitations applicable to the source, unless the CAAPP permit granted to the source provides for such operation consistent with this Act and applicable Board regulations.

7. Permit Content.

a. All CAAPP permits shall contain emission limitations and standards and other enforceable terms and conditions, including but not limited to operational requirements, and schedules for achieving compliance at the earliest reasonable date, which are or will be required to accomplish the purposes and provisions of this Act and to assure compliance with all applicable requirements.

b. The Agency shall include among such conditions applicable monitoring, reporting, record keeping and compliance certification requirements, as authorized by paragraphs d, e, and f of this subsection, that the Agency deems necessary to assure compliance with the Clean Air Act, the regulations promulgated thereunder, this Act, and applicable Board regulations. When monitoring, reporting, record keeping, and compliance certification requirements are specified within the Clean Air Act, regulations promulgated thereunder, this Act, or applicable regulations, such requirements shall be included within the CAAPP permit. The Board shall have authority to promulgate additional regulations where necessary to accomplish the purposes of the Clean Air Act, this Act, and regulations promulgated thereunder.

c. The Agency shall assure, within such conditions, the use of terms, test methods, units, averaging periods, and other statistical conventions consistent with the applicable emission limitations, standards, and other requirements contained in the permit.

d. To meet the requirements of this subsection with respect to monitoring, the permit shall:

i. Incorporate and identify all applicable emissions monitoring and analysis procedures or test methods required under the Clean Air Act, regulations promulgated thereunder, this Act, and applicable Board regulations, including any procedures and methods promulgated by USEPA pursuant to Section 504(b) or Section 114 (a)(3) of the Clean Air Act.

ii. Where the applicable requirement does not require periodic testing or instrumental or noninstrumental monitoring (which may consist of recordkeeping designed to serve as monitoring), require periodic monitoring sufficient to yield reliable
data from the relevant time period that is representative of the source's compliance with the permit, as reported pursuant to paragraph (f) of this subsection. The Agency may determine that recordkeeping requirements are sufficient to meet the requirements of this subparagraph.

   iii. As necessary, specify requirements concerning the use, maintenance, and when appropriate, installation of monitoring equipment or methods.

e. To meet the requirements of this subsection with respect to record keeping, the permit shall incorporate and identify all applicable recordkeeping requirements and require, where applicable, the following:
   i. Records of required monitoring information that include the following:
      A. The date, place and time of sampling or measurements.
      B. The date(s) analyses were performed.
      C. The company or entity that performed the analyses.
      D. The analytical techniques or methods used.
      E. The results of such analyses.
      F. The operating conditions as existing at the time of sampling or measurement.
   ii. Retention of records of all monitoring data and support information for a period of at least 5 years from the date of the monitoring sample, measurement, report, or application. Support information includes all calibration and maintenance records, original strip-chart recordings for continuous monitoring instrumentation, and copies of all reports required by the permit.

f. To meet the requirements of this subsection with respect to reporting, the permit shall incorporate and identify all applicable reporting requirements and require the following:
   i. Submittal of reports of any required monitoring every 6 months. More frequent submittals may be requested by the Agency if such submittals are necessary to assure compliance with this Act or regulations promulgated by the Board thereunder. All instances of deviations from permit requirements must be clearly identified in such reports. All required reports must be certified by a responsible official consistent with subsection 5 of this Section.
   ii. Prompt reporting of deviations from permit requirements, including those attributable to upset conditions as defined in the permit, the probable cause of such deviations, and any corrective actions or preventive measures taken.

g. Each CAAPP permit issued under subsection 10 of this Section shall include a condition prohibiting emissions exceeding any allowances that the source lawfully holds under Title IV of the Clean Air Act or the regulations promulgated thereunder, consistent with subsection 17 of this Section and applicable regulations, if any.

h. All CAAPP permits shall state that, where another applicable requirement of the Clean Air Act is more stringent than any applicable requirement of regulations promulgated under Title IV of the Clean Air Act, both provisions shall be incorporated into the permit and shall be State and federally enforceable.

i. Each CAAPP permit issued under subsection 10 of this Section shall include a severability clause to ensure the continued validity of the various permit requirements in the event of a challenge to any portions of the permit.

j. The following shall apply with respect to owners or operators requesting a permit shield:
   i. The Agency shall include in a CAAPP permit, when requested by an applicant pursuant to paragraph 5(p) of this Section, a provision stating that compliance with the conditions of the permit shall be deemed compliance with applicable requirements which are applicable as of the date of release of the proposed permit, provided that:
      A. The applicable requirement is specifically identified within the permit; or
      B. The Agency in acting on the CAAPP application or revision determines in writing that other requirements specifically identified are not applicable to the source, and the permit includes that determination or a concise summary thereof.
ii. The permit shall identify the requirements for which the source is shielded. The shield shall not extend to applicable requirements which are promulgated after the date of release of the proposed permit unless the permit has been modified to reflect such new requirements.

iii. A CAAPP permit which does not expressly indicate the existence of a permit shield shall not provide such a shield.

iv. Nothing in this paragraph or in a CAAPP permit shall alter or affect the following:

A. The provisions of Section 303 (emergency powers) of the Clean Air Act, including USEPA's authority under that section.

B. The liability of an owner or operator of a source for any violation of applicable requirements prior to or at the time of permit issuance.

C. The applicable requirements of the acid rain program consistent with Section 408(a) of the Clean Air Act.

D. The ability of USEPA to obtain information from a source pursuant to Section 114 (inspections, monitoring, and entry) of the Clean Air Act.

k. Each CAAPP permit shall include an emergency provision providing an affirmative defense of emergency to an action brought for noncompliance with technology-based emission limitations under a CAAPP permit if the following conditions are met through properly signed, contemporaneous operating logs, or other relevant evidence:

i. An emergency occurred and the permittee can identify the cause(s) of the emergency.

ii. The permitted facility was at the time being properly operated.

iii. The permittee submitted notice of the emergency to the Agency within 2 working days of the time when emission limitations were exceeded due to the emergency. This notice must contain a detailed description of the emergency, any steps taken to mitigate emissions, and corrective actions taken.

iv. During the period of the emergency the permittee took all reasonable steps to minimize levels of emissions that exceeded the emission limitations, standards, or requirements in the permit.

For purposes of this subsection, "emergency" means any situation arising from sudden and reasonably unforeseeable events beyond the control of the source, such as an act of God, that requires immediate corrective action to restore normal operation, and that causes the source to exceed a technology-based emission limitation under the permit, due to unavoidable increases in emissions attributable to the emergency. An emergency shall not include noncompliance to the extent caused by improperly designed equipment, lack of preventative maintenance, careless or improper operation, or operation error.

In any enforcement proceeding, the permittee seeking to establish the occurrence of an emergency has the burden of proof. This provision is in addition to any emergency or upset provision contained in any applicable requirement. This provision does not relieve a permittee of any reporting obligations under existing federal or state laws or regulations.

l. The Agency shall include in each permit issued under subsection 10 of this Section:

i. Terms and conditions for reasonably anticipated operating scenarios identified by the source in its application. The permit terms and conditions for each such operating scenario shall meet all applicable requirements and the requirements of this Section.

A. Under this subparagraph, the source must record in a log at the permitted facility a record of the scenario under which it is operating contemporaneously with making a change from one operating scenario to another.

B. The permit shield described in paragraph 7(j) of this Section shall extend to all terms and conditions under each such operating scenario.

ii. Where requested by an applicant, all terms and conditions allowing for trading of emissions increases and decreases between different emission units at the CAAPP source, to the extent that the applicable requirements provide for trading of such emissions increases and decreases without a case-by-case approval of each emissions trade. Such terms and conditions:
A. Shall include all terms required under this subsection to determine compliance;
   B. Must meet all applicable requirements;
   C. Shall extend the permit shield described in paragraph 7(j) of this Section to all terms and conditions that allow such increases and decreases in emissions.

m. The Agency shall specifically designate as not being federally enforceable under the Clean Air Act any terms and conditions included in the permit that are not specifically required under the Clean Air Act or federal regulations promulgated thereunder. Terms or conditions so designated shall be subject to all applicable state requirements, except the requirements of subsection 7 (other than this paragraph, paragraph q of subsection 7, subsections 8 through 11, and subsections 13 through 16 of this Section. The Agency shall, however, include such terms and conditions in the CAAPP permit issued to the source.

n. Each CAAPP permit issued under subsection 10 of this Section shall specify and reference the origin of and authority for each term or condition, and identify any difference in form as compared to the applicable requirement upon which the term or condition is based.

o. Each CAAPP permit issued under subsection 10 of this Section shall include provisions stating the following:
   i. Duty to comply. The permittee must comply with all terms and conditions of the CAAPP permit. Any permit noncompliance constitutes a violation of the Clean Air Act and the Act, and is grounds for any or all of the following: enforcement action; permit termination, revocation and reissuance, or modification; or denial of a permit renewal application.
   ii. Need to halt or reduce activity not a defense. It shall not be a defense for a permittee in an enforcement action that it would have been necessary to halt or reduce the permitted activity in order to maintain compliance with the conditions of this permit.
   iii. Permit actions. The permit may be modified, revoked, reopened, and reissued, or terminated for cause in accordance with the applicable subsections of Section 39.5 of this Act. The filing of a request by the permittee for a permit modification, revocation and reissuance, or termination, or of a notification of planned changes or anticipated noncompliance does not stay any permit condition.
   iv. Property rights. The permit does not convey any property rights of any sort, or any exclusive privilege.
   v. Duty to provide information. The permittee shall furnish to the Agency within a reasonable time specified by the Agency any information that the Agency may request in writing to determine whether cause exists for modifying, revoking and reissuing, or terminating the permit or to determine compliance with the permit. Upon request, the permittee shall also furnish to the Agency copies of records required to be kept by the permit or, for information claimed to be confidential, the permittee may furnish such records directly to USEPA along with a claim of confidentiality.
   vi. Duty to pay fees. The permittee must pay fees to the Agency consistent with the fee schedule approved pursuant to subsection 18 of this Section, and submit any information relevant thereto.
   vii. Emissions trading. No permit revision shall be required for increases in emissions allowed under any approved economic incentives, marketable permits, emissions trading, and other similar programs or processes for changes that are provided for in the permit and that are authorized by the applicable requirement.

p. Each CAAPP permit issued under subsection 10 of this Section shall contain the following elements with respect to compliance:
   i. Compliance certification, testing, monitoring, reporting, and record keeping requirements sufficient to assure compliance with the terms and conditions of the permit. Any document (including reports) required by a CAAPP permit shall contain a certification by a responsible official that meets the requirements of subsection 5 of this Section and applicable regulations.
   ii. Inspection and entry requirements that necessitate that, upon presentation of
credentials and other documents as may be required by law and in accordance with constitutional limitations, the permittee shall allow the Agency, or an authorized representative to perform the following:

A. Enter upon the permittee's premises where a CAAPP source is located or emissions-related activity is conducted, or where records must be kept under the conditions of the permit.

B. Have access to and copy, at reasonable times, any records that must be kept under the conditions of the permit.

C. Inspect at reasonable times any facilities, equipment (including monitoring and air pollution control equipment), practices, or operations regulated or required under the permit.

D. Sample or monitor any substances or parameters at any location:
   1. As authorized by the Clean Air Act, at reasonable times, for the purposes of assuring compliance with the CAAPP permit or applicable requirements; or
   2. As otherwise authorized by this Act.

iii. A schedule of compliance consistent with subsection 5 of this Section and applicable regulations.

iv. Progress reports consistent with an applicable schedule of compliance pursuant to paragraph 5(d) of this Section and applicable regulations to be submitted semiannually, or more frequently if the Agency determines that such more frequent submittals are necessary for compliance with the Act or regulations promulgated by the Board thereunder. Such progress reports shall contain the following:

A. Required dates for achieving the activities, milestones, or compliance required by the schedule of compliance and dates when such activities, milestones or compliance were achieved.

B. An explanation of why any dates in the schedule of compliance were not or will not be met, and any preventive or corrective measures adopted.

v. Requirements for compliance certification with terms and conditions contained in the permit, including emission limitations, standards, or work practices. Permits shall include each of the following:

A. The frequency (annually or more frequently as specified in any applicable requirement or by the Agency pursuant to written procedures) of submissions of compliance certifications.

B. A means for assessing or monitoring the compliance of the source with its emissions limitations, standards, and work practices.

C. A requirement that the compliance certification include the following:
   1. The identification of each term or condition contained in the permit that is the basis of the certification.
   2. The compliance status.
   3. Whether compliance was continuous or intermittent.
   4. The method(s) used for determining the compliance status of the source, both currently and over the reporting period consistent with subsection 7 of Section 39.5 of the Act.

D. A requirement that all compliance certifications be submitted to USEPA as well as to the Agency.

E. Additional requirements as may be specified pursuant to Sections 114(a)(3) and 504(b) of the Clean Air Act.

F. Other provisions as the Agency may require.

q. If the owner or operator of CAAPP source can demonstrate in its CAAPP application, including an application for a significant modification, that an alternative emission limit would be equivalent to that contained in the applicable Board regulations, the Agency shall include the alternative emission limit in the CAAPP permit, which shall supersede the emission limit set forth in the applicable Board regulations, and shall include conditions that insure that the resulting emission limit is quantifiable, accountable, enforceable, and based

8. Public Notice; Affected State Review.
   a. The Agency shall provide notice to the public, including an opportunity for public comment and a hearing, on each draft CAAPP permit for issuance, renewal or significant modification, subject to Sections 7(a) and 7.1 of this Act.
   b. The Agency shall prepare a draft CAAPP permit and a statement that sets forth the legal and factual basis for the draft CAAPP permit conditions, including references to the applicable statutory or regulatory provisions. The Agency shall provide this statement to any person who requests it.
   c. The Agency shall give notice of each draft CAAPP permit to the applicant and to any affected State on or before the time that the Agency has provided notice to the public, except as otherwise provided in this Act.
   d. The Agency, as part of its submittal of a proposed permit to USEPA (or as soon as possible after the submittal for minor permit modification procedures allowed under subsection 14 of this Section), shall notify USEPA and any affected State in writing of any refusal of the Agency to accept all of the recommendations for the proposed permit that an affected State submitted during the public or affected State review period. The notice shall include the Agency's reasons for not accepting the recommendations. The Agency is not required to accept recommendations that are not based on applicable requirements or the requirements of this Section.
   e. The Agency shall make available to the public any CAAPP permit application, compliance plan (including the schedule of compliance), CAAPP permit, and emissions or compliance monitoring report. If an owner or operator of a CAAPP source is required to submit information entitled to protection from disclosure under Section 7(a) or Section 7.1 of this Act, the owner or operator shall submit such information separately. The requirements of Section 7(a) or Section 7.1 of this Act shall apply to such information, which shall not be included in a CAAPP permit unless required by law. The contents of a CAAPP permit shall not be entitled to protection under Section 7(a) or Section 7.1 of this Act.
   f. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary, to implement this subsection.
9. USEPA Notice and Objection.
   a. The Agency shall provide to USEPA for its review a copy of each CAAPP application (including any application for permit modification), statement of basis as provided in paragraph 8(b) of this Section, proposed CAAPP permit, CAAPP permit, and, if the Agency does not incorporate any affected State's recommendations on a proposed CAAPP permit, a written statement of this decision and its reasons for not accepting the recommendations, except as otherwise provided in this Act or by agreement with USEPA. To the extent practicable, the preceding information shall be provided in computer readable format compatible with USEPA's national database management system.
   b. The Agency shall not issue the proposed CAAPP permit if USEPA objects in writing within 45 days of receipt of the proposed CAAPP permit and all necessary supporting information.
   c. If USEPA objects in writing to the issuance of the proposed CAAPP permit within the 45-day period, the Agency shall respond in writing and may revise and resubmit the proposed CAAPP permit in response to the stated objection, to the extent supported by the record, within 90 days after the date of the objection. Prior to submitting a revised permit to USEPA, the Agency shall provide the applicant and any person who participated in the public comment process, pursuant to subsection 8 of this Section, with a 10-day period to comment on any revision which the Agency is proposing to make to the permit in response to USEPA's objection in accordance with Agency procedures.
   d. Any USEPA objection under this subsection, according to the Clean Air Act, will include a statement of reasons for the objection and a description of the terms and conditions that must be in the permit, in order to adequately respond to the objections. Grounds for a USEPA objection include the failure of the Agency to: (1) submit the items and notices

New matter indicated by italics - deletions by strikeout.
required under this subsection; (2) submit any other information necessary to adequately review the proposed CAAPP permit; or (3) process the permit under subsection 8 of this Section except for minor permit modifications.

e. If USEPA does not object in writing to issuance of a permit under this subsection, any person may petition USEPA within 60 days after expiration of the 45-day review period to make such objection.

f. If the permit has not yet been issued and USEPA objects to the permit as a result of a petition, the Agency shall not issue the permit until USEPA’s objection has been resolved. The Agency shall provide a 10-day comment period in accordance with paragraph c of this subsection. A petition does not, however, stay the effectiveness of a permit or its requirements if the permit was issued after expiration of the 45-day review period and prior to a USEPA objection.

g. If the Agency has issued a permit after expiration of the 45-day review period and prior to receipt of a USEPA objection under this subsection in response to a petition submitted pursuant to paragraph e of this subsection, the Agency may, upon receipt of an objection from USEPA, revise and resubmit the permit to USEPA pursuant to this subsection after providing a 10-day comment period in accordance with paragraph c of this subsection. If the Agency fails to submit a revised permit in response to the objection, USEPA shall modify, terminate or revoke the permit. In any case, the source will not be in violation of the requirement to have submitted a timely and complete application.

h. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary, to implement this subsection.

a. The Agency shall issue a CAAPP permit, permit modification, or permit renewal if all of the following conditions are met:

i. The applicant has submitted a complete and certified application for a permit, permit modification, or permit renewal consistent with subsections 5 and 14 of this Section, as applicable, and applicable regulations.

ii. The applicant has submitted with its complete application an approvable compliance plan, including a schedule for achieving compliance, consistent with subsection 5 of this Section and applicable regulations.

iii. The applicant has timely paid the fees required pursuant to subsection 18 of this Section and applicable regulations.

iv. The Agency has received a complete CAAPP application and, if necessary, has requested and received additional information from the applicant consistent with subsection 5 of this Section and applicable regulations.

v. The Agency has complied with all applicable provisions regarding public notice and affected State review consistent with subsection 8 of this Section and applicable regulations.

vi. The Agency has provided a copy of each CAAPP application, or summary thereof, pursuant to agreement with USEPA and proposed CAAPP permit required under subsection 9 of this Section to USEPA, and USEPA has not objected to the issuance of the permit in accordance with the Clean Air Act and 40 CFR Part 70.

b. The Agency shall have the authority to deny a CAAPP permit, permit modification, or permit renewal if the applicant has not complied with the requirements of paragraphs (a)(i)-(a)(iv) of this subsection or if USEPA objects to its issuance.

c. i. Prior to denial of a CAAPP permit, permit modification, or permit renewal under this Section, the Agency shall notify the applicant of the possible denial and the reasons for the denial.

ii. Within such notice, the Agency shall specify an appropriate date by which the applicant shall adequately respond to the Agency's notice. Such date shall not exceed 15 days from the date the notification is received by the applicant. The Agency may grant a reasonable extension for good cause shown.

iii. Failure by the applicant to adequately respond by the date specified in the
notification or by any granted extension date shall be grounds for denial of the permit.

For purposes of obtaining judicial review under Sections 40.2 and 41 of this Act, the Agency shall provide to USEPA and each applicant, and, upon request, to affected States, any person who participated in the public comment process, and any other person who could obtain judicial review under Sections 40.2 and 41 of this Act, a copy of each CAAPP permit or notification of denial pertaining to that party.

d. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary, to implement this subsection.

11. General Permits.

a. The Agency may issue a general permit covering numerous similar sources, except for affected sources for acid deposition unless otherwise provided in regulations promulgated under Title IV of the Clean Air Act.

b. The Agency shall identify, in any general permit, criteria by which sources may qualify for the general permit.

c. CAAPP sources that would qualify for a general permit must apply for coverage under the terms of the general permit or must apply for a CAAPP permit consistent with subsection 5 of this Section and applicable regulations.

d. The Agency shall comply with the public comment and hearing provisions of this Section as well as the USEPA and affected State review procedures prior to issuance of a general permit.

e. When granting a subsequent request by a qualifying CAAPP source for coverage under the terms of a general permit, the Agency shall not be required to repeat the public notice and comment procedures. The granting of such request shall not be considered a final permit action for purposes of judicial review.

f. The Agency may not issue a general permit to cover any discrete emission unit at a CAAPP source if another CAAPP permit covers emission units at the source.

g. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary, to implement this subsection.

12. Operational Flexibility.

a. An owner or operator of a CAAPP source may make changes at the CAAPP source without requiring a prior permit revision, consistent with subparagraphs (a) (i) through (a) (iii) of this subsection, so long as the changes are not modifications under any provision of Title I of the Clean Air Act and they do not exceed the emissions allowable under the permit (whether expressed therein as a rate of emissions or in terms of total emissions), provided that the owner or operator of the CAAPP source provides USEPA and the Agency with written notification as required below in advance of the proposed changes, which shall be a minimum of 7 days, unless otherwise provided by the Agency in applicable regulations regarding emergencies. The owner or operator of a CAAPP source and the Agency shall each attach such notice to their copy of the relevant permit.

i. An owner or operator of a CAAPP source may make Section 502 (b) (10) changes without a permit revision, if the changes are not modifications under any provision of Title I of the Clean Air Act and the changes do not exceed the emissions allowable under the permit (whether expressed therein as a rate of emissions or in terms of total emissions).

A. For each such change, the written notification required above shall include a brief description of the change within the source, the date on which the change will occur, any change in emissions, and any permit term or condition that is no longer applicable as a result of the change.

B. The permit shield described in paragraph 7(j) of this Section shall not apply to any change made pursuant to this subparagraph.

ii. An owner or operator of a CAAPP source may trade increases and decreases in emissions in the CAAPP source, where the applicable implementation plan provides for such emission trades without requiring a permit revision. This provision is available in
those cases where the permit does not already provide for such emissions trading.

A. Under this subparagraph (a)(ii), the written notification required above shall include such information as may be required by the provision in the applicable implementation plan authorizing the emissions trade, including at a minimum, when the proposed changes will occur, a description of each such change, any change in emissions, the permit requirements with which the source will comply using the emissions trading provisions of the applicable implementation plan, and the pollutants emitted subject to the emissions trade. The notice shall also refer to the provisions in the applicable implementation plan with which the source will comply and provide for the emissions trade.

B. The permit shield described in paragraph 7(j) of this Section shall not apply to any change made pursuant to this subparagraph (a)(ii). Compliance with the permit requirements that the source will meet using the emissions trade shall be determined according to the requirements of the applicable implementation plan authorizing the emissions trade.

iii. If requested within a CAAPP application, the Agency shall issue a CAAPP permit which contains terms and conditions, including all terms required under subsection 7 of this Section to determine compliance, allowing for the trading of emissions increases and decreases at the CAAPP source solely for the purpose of complying with a federally-enforceable emissions cap that is established in the permit independent of otherwise applicable requirements. The owner or operator of a CAAPP source shall include in its CAAPP application proposed replicable procedures and permit terms that ensure the emissions trades are quantifiable and enforceable. The permit shall also require compliance with all applicable requirements.

A. Under this subparagraph (a)(iii), the written notification required above shall state when the change will occur and shall describe the changes in emissions that will result and how these increases and decreases in emissions will comply with the terms and conditions of the permit.

B. The permit shield described in paragraph 7(j) of this Section shall extend to terms and conditions that allow such increases and decreases in emissions.

b. An owner or operator of a CAAPP source may make changes that are not addressed or prohibited by the permit, other than those which are subject to any requirements under Title IV of the Clean Air Act or are modifications under any provisions of Title I of the Clean Air Act, without a permit revision, in accordance with the following requirements:

(i) Each such change shall meet all applicable requirements and shall not violate any existing permit term or condition;

(ii) Sources must provide contemporaneous written notice to the Agency and USEPA of each such change, except for changes that qualify as insignificant under provisions adopted by the Agency or the Board. Such written notice shall describe each such change, including the date, any change in emissions, pollutants emitted, and any applicable requirement that would apply as a result of the change;

(iii) The change shall not qualify for the shield described in paragraph 7(j) of this Section; and

(iv) The permittee shall keep a record describing changes made at the source that result in emissions of a regulated air pollutant subject to an applicable Clean Air Act requirement, but not otherwise regulated under the permit, and the emissions resulting from those changes.

c. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary to implement this subsection.

13. Administrative Permit Amendments.

a. The Agency shall take final action on a request for an administrative permit amendment within 60 days of receipt of the request. Neither notice nor an opportunity for public and affected State comment shall be required for the Agency to incorporate such revisions, provided it designates the permit revisions as having been made pursuant to this
subsection.

b. The Agency shall submit a copy of the revised permit to USEPA.

c. For purposes of this Section the term "administrative permit amendment" shall be defined as: a permit revision that can accomplish one or more of the changes described below:

i. Corrects typographical errors;

ii. Identifies a change in the name, address, or phone number of any person identified in the permit, or provides a similar minor administrative change at the source;

iii. Requires more frequent monitoring or reporting by the permittee;

iv. Allows for a change in ownership or operational control of a source where the Agency determines that no other change in the permit is necessary, provided that a written agreement containing a specific date for transfer of permit responsibility, coverage, and liability between the current and new permittees has been submitted to the Agency;

v. Incorporates into the CAAPP permit the requirements from preconstruction review permits authorized under a USEPA-approved program, provided the program meets procedural and compliance requirements substantially equivalent to those contained in this Section;

vi. (Blank) Incorporates into the CAAPP permit revised limitations or other requirements resulting from the application of an approved economic incentives rule, a marketable permits rule or generic emissions trading rule, where these rules have been approved by USEPA and require changes thereunder to meet procedural requirements substantially equivalent to those specified in this Section; or

vii. Any other type of change which USEPA has determined as part of the approved CAAPP permit program to be similar to those included in this subsection.

d. The Agency shall, upon taking final action granting a request for an administrative permit amendment, allow coverage by the permit shield in paragraph 7(j) of this Section for administrative permit amendments made pursuant to subparagraph (c)(v) of this subsection which meet the relevant requirements for significant permit modifications.

e. Permit revisions and modifications, including administrative amendments and automatic amendments (pursuant to Sections 408(b) and 403(d) of the Clean Air Act or regulations promulgated thereunder), for purposes of the acid rain portion of the permit shall be governed by the regulations promulgated under Title IV of the Clean Air Act. Owners or operators of affected sources for acid deposition shall have the flexibility to amend their compliance plans as provided in the regulations promulgated under Title IV of the Clean Air Act.

f. The CAAPP source may implement the changes addressed in the request for an administrative permit amendment immediately upon submittal of the request.

g. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary, to implement this subsection.

14. Permit Modifications.

a. Minor permit modification procedures.

i. The Agency shall review a permit modification using the "minor permit" modification procedures only for those permit modifications that:

A. Do not violate any applicable requirement;

B. Do not involve significant changes to existing monitoring, reporting, or recordkeeping requirements in the permit;

C. Do not require a case-by-case determination of an emission limitation or other standard, or a source-specific determination of ambient impacts, or a visibility or increment analysis;

D. Do not seek to establish or change a permit term or condition for which there is no corresponding underlying requirement and which avoids an applicable requirement to which the source would otherwise be subject. Such terms and conditions include:

New matter indicated by italics - deletions by strikeout.
1. A federally enforceable emissions cap assumed to avoid classification as a modification under any provision of Title I of the Clean Air Act; and
2. An alternative emissions limit approved pursuant to regulations promulgated under Section 112(i)(5) of the Clean Air Act;
E. Are not modifications under any provision of Title I of the Clean Air Act; and
F. Are not required to be processed as a significant modification.

ii. Notwithstanding subparagraphs (a)(i) and (b)(ii) of this subsection, minor permit modification procedures may be used for permit modifications involving the use of economic incentives, marketable permits, emissions trading, and other similar approaches, to the extent that such minor permit modification procedures are explicitly provided for in an applicable implementation plan or in applicable requirements promulgated by USEPA.

iii. An applicant requesting the use of minor permit modification procedures shall meet the requirements of subsection 5 of this Section and shall include the following in its application:
A. A description of the change, the emissions resulting from the change, and any new applicable requirements that will apply if the change occurs;
B. The source's suggested draft permit;
C. Certification by a responsible official, consistent with paragraph 5(e) of this Section and applicable regulations, that the proposed modification meets the criteria for use of minor permit modification procedures and a request that such procedures be used; and
D. Completed forms for the Agency to use to notify USEPA and affected States as required under subsections 8 and 9 of this Section.

iv. Within 5 working days of receipt of a complete permit modification application, the Agency shall notify USEPA and affected States of the requested permit modification in accordance with subsections 8 and 9 of this Section. The Agency promptly shall send any notice required under paragraph 8(d) of this Section to USEPA.

v. The Agency may not issue a final permit modification until after the 45-day review period for USEPA or until USEPA has notified the Agency that USEPA will not object to the issuance of the permit modification, whichever comes first, although the Agency can approve the permit modification prior to that time. Within 90 days of the Agency's receipt of an application under the minor permit modification procedures or 15 days after the end of USEPA's 45-day review period under subsection 9 of this Section, whichever is later, the Agency shall:
A. Issue the permit modification as proposed;
B. Deny the permit modification application;
C. Determine that the requested modification does not meet the minor permit modification criteria and should be reviewed under the significant modification procedures; or
D. Revise the draft permit modification and transmit to USEPA the new proposed permit modification as required by subsection 9 of this Section.

vi. Any CAAPP source may make the change proposed in its minor permit modification application immediately after it files such application. After the CAAPP source makes the change allowed by the preceding sentence, and until the Agency takes any of the actions specified in subparagraphs (a)(v)(A) through (a)(v)(C) of this subsection, the source must comply with both the applicable requirements governing the change and the proposed permit terms and conditions. During this time period, the source need not comply with the existing permit terms and conditions it seeks to modify. If the source fails to comply with its proposed permit terms and conditions during this time period, the existing permit terms and conditions which it seeks to modify may be enforced against it.

vii. The permit shield under subparagraph 7(j) of this Section may not extend to
viii. If a construction permit is required, pursuant to Section 39(a) of this Act and regulations thereunder, for a change for which the minor permit modification procedures are applicable, the source may request that the processing of the construction permit application be consolidated with the processing of the application for the minor permit modification. In such cases, the provisions of this Section, including those within subsections 5, 8, and 9, shall apply and the Agency shall act on such applications pursuant to subparagraph 14(a)(v). The source may make the proposed change immediately after filing its application for the minor permit modification. Nothing in this subparagraph shall otherwise affect the requirements and procedures applicable to construction permits.

b. Group Processing of Minor Permit Modifications.
   i. Where requested by an applicant within its application, the Agency shall process groups of a source's applications for certain modifications eligible for minor permit modification processing in accordance with the provisions of this paragraph (b).
   ii. Permit modifications may be processed in accordance with the procedures for group processing, for those modifications:
      A. Which meet the criteria for minor permit modification procedures under subparagraph 14(a)(i) of this Section; and
      B. That collectively are below 10 percent of the emissions allowed by the permit for the emissions unit for which change is requested, 20 percent of the applicable definition of major source set forth in subsection 2 of this Section, or 5 tons per year, whichever is least.
   iii. An applicant requesting the use of group processing procedures shall meet the requirements of subsection 5 of this Section and shall include the following in its application:
      A. A description of the change, the emissions resulting from the change, and any new applicable requirements that will apply if the change occurs.
      B. The source's suggested draft permit.
      C. Certification by a responsible official consistent with paragraph 5(e) of this Section, that the proposed modification meets the criteria for use of group processing procedures and a request that such procedures be used.
      D. A list of the source's other pending applications awaiting group processing, and a determination of whether the requested modification, aggregated with these other applications, equals or exceeds the threshold set under subparagraph (b)(ii)(B) of this subsection.
      E. Certification, consistent with paragraph 5(e), that the source has notified USEPA of the proposed modification. Such notification need only contain a brief description of the requested modification.
      F. Completed forms for the Agency to use to notify USEPA and affected states as required under subsections 8 and 9 of this Section.
   iv. On a quarterly basis or within 5 business days of receipt of an application demonstrating that the aggregate of a source's pending applications equals or exceeds the threshold level set forth within subparagraph (b)(ii)(B) of this subsection, whichever is earlier, the Agency shall promptly notify USEPA and affected States of the requested permit modifications in accordance with subsections 8 and 9 of this Section. The Agency shall send any notice required under paragraph 8(d) of this Section to USEPA.
   v. The provisions of subparagraph (a)(v) of this subsection shall apply to modifications eligible for group processing, except that the Agency shall take one of the actions specified in subparagraphs (a)(v)(A) through (a)(v)(D) of this subsection within 180 days of receipt of the application or 15 days after the end of USEPA's 45-day review period under subsection 9 of this Section, whichever is later.
   vi. The provisions of subparagraph (a)(vi) of this subsection shall apply to modifications for group processing.
   vii. The provisions of paragraph 7(j) of this Section shall not apply to modifications...
eligible for group processing.

c. Significant Permit Modifications.
   i. Significant modification procedures shall be used for applications requesting
      significant permit modifications and for those applications that do not qualify as either
      minor permit modifications or as administrative permit amendments.
   ii. Every significant change in existing monitoring permit terms or conditions and
      every relaxation of reporting or recordkeeping requirements shall be considered
      significant. A modification shall also be considered significant if in the judgment of the
      Agency action on an application for modification would require decisions to be made
      on technically complex issues. Nothing herein shall be construed to preclude the
      permittee from making changes consistent with this Section that would render existing
      permit compliance terms and conditions irrelevant.
   iii. Significant permit modifications must meet all the requirements of this Section,
      including those for applications (including completeness review), public participation,
      review by affected States, and review by USEPA applicable to initial permit issuance
      and permit renewal. The Agency shall take final action on significant permit
      modifications within 9 months after receipt of a complete application.

d. The Agency shall have the authority to adopt procedural rules, in accordance with the
   Illinois Administrative Procedure Act, as the Agency deems necessary, to implement this
   subsection.

15. Reopenings for Cause by the Agency.

   a. Each issued CAAPP permit shall include provisions specifying the conditions under
      which the permit will be reopened prior to the expiration of the permit. Such revisions shall
      be made as expeditiously as practicable. A CAAPP permit shall be reopened and revised
      under any of the following circumstances, in accordance with procedures adopted by the
      Agency:
      i. Additional requirements under the Clean Air Act become applicable to a major
         CAAPP source for which 3 or more years remain on the original term of the permit.
         Such a reopening shall be completed not later than 18 months after the promulgation of
         the applicable requirement. No such revision is required if the effective date of the
         requirement is later than the date on which the permit is due to expire.
      ii. Additional requirements (including excess emissions requirements) become
         applicable to an affected source for acid deposition under the acid rain program. Excess
         emissions offset plans shall be deemed to be incorporated into the permit upon approval
         by USEPA.
      iii. The Agency or USEPA determines that the permit contains a material mistake
         or that inaccurate statements were made in establishing the emissions standards,
         limitations, or other terms or conditions of the permit.
      iv. The Agency or USEPA determines that the permit must be revised or revoked
         to assure compliance with the applicable requirements.

   b. In the event that the Agency determines that there are grounds for revoking a CAAPP
      permit, for cause, consistent with paragraph a of this subsection, it shall file a petition before
      the Board setting forth the basis for such revocation. In any such proceeding, the Agency
      shall have the burden of establishing that the permit should be revoked under the standards
      set forth in this Act and the Clean Air Act. Any such proceeding shall be conducted pursuant
      to the Board's procedures for adjudicatory hearings and the Board shall render its decision
      within 120 days of the filing of the petition. The Agency shall take final action to revoke and
      reissue a CAAPP permit consistent with the Board's order.

   c. Proceedings regarding a reopened CAAPP permit shall follow the same procedures
      as apply to initial permit issuance and shall affect only those parts of the permit for which
      cause to reopen exists.

   d. Reopenings under paragraph (a) of this subsection shall not be initiated before a notice
      of such intent is provided to the CAAPP source by the Agency at least 30 days in advance
      of the date that the permit is to be reopened, except that the Agency may provide a shorter
      time period in the case of an emergency.

e. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary, to implement this subsection.

16. Reopenings for Cause by USEPA.

a. When USEPA finds that cause exists to terminate, modify, or revoke and reissue a CAAPP permit pursuant to subsection 15 of this Section, and thereafter notifies the Agency and the permittee of such finding in writing, the Agency shall forward to USEPA and the permittee a proposed determination of termination, modification, or revocation and reissuance as appropriate, in accordance with paragraph b of this subsection. The Agency's proposed determination shall be in accordance with the record, the Clean Air Act, regulations promulgated thereunder, this Act and regulations promulgated thereunder. Such proposed determination shall not affect the permit or constitute a final permit action for purposes of this Act or the Administrative Review Law. The Agency shall forward to USEPA such proposed determination within 90 days after receipt of the notification from USEPA. If additional time is necessary to submit the proposed determination, the Agency shall request a 90-day extension from USEPA and shall submit the proposed determination within 180 days of receipt of notification from USEPA.

b. i. Prior to the Agency's submittal to USEPA of a proposed determination to terminate or revoke and reissue the permit, the Agency shall file a petition before the Board setting forth USEPA's objection, the permit record, the Agency's proposed determination, and the justification for its proposed determination. The Board shall conduct a hearing pursuant to the rules prescribed by Section 32 of this Act, and the burden of proof shall be on the Agency.

ii. After due consideration of the written and oral statements, the testimony and arguments that shall be submitted at hearing, the Board shall issue and enter an interim order for the proposed determination, which shall set forth all changes, if any, required in the Agency's proposed determination. The interim order shall comply with the requirements for final orders as set forth in Section 33 of this Act. Issuance of an interim order by the Board under this paragraph, however, shall not affect the permit status and does not constitute a final action for purposes of this Act or the Administrative Review Law.

iii. The Board shall cause a copy of its interim order to be served upon all parties to the proceeding as well as upon USEPA. The Agency shall submit the proposed determination to USEPA in accordance with the Board's Interim Order within 180 days after receipt of the notification from USEPA.

c. USEPA shall review the proposed determination to terminate, modify, or revoke and reissue the permit within 90 days of receipt.

i. When USEPA reviews the proposed determination to terminate or revoke and reissue and does not object, the Board shall, within 7 days of receipt of USEPA's final approval, enter the interim order as a final order. The final order may be appealed as provided by Title XI of this Act. The Agency shall take final action in accordance with the Board's final order.

ii. When USEPA reviews such proposed determination to terminate or revoke and reissue and objects, the Agency shall submit USEPA's objection and the Agency's comments and recommendation on the objection to the Board and permittee. The Board shall review its interim order in response to USEPA's objection and the Agency's comments and recommendation and issue a final order in accordance with Sections 32 and 33 of this Act. The Agency shall, within 90 days after receipt of such objection, respond to USEPA's objection in accordance with the Board's final order.

iii. When USEPA reviews such proposed determination to modify and objects, the Agency shall, within 90 days after receipt of the objection, resolve the objection and modify the permit in accordance with USEPA's objection, based upon the record, the Clean Air Act, regulations promulgated thereunder, this Act, and regulations promulgated thereunder.

d. If the Agency fails to submit the proposed determination pursuant to paragraph a of
this subsection or fails to resolve any USEPA objection pursuant to paragraph c of this subsection, USEPA will terminate, modify, or revoke and reissue the permit.

e. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary, to implement this subsection.

17. Title IV; Acid Rain Provisions.

a. The Agency shall act on initial CAAPP applications for affected sources for acid deposition in accordance with this Section and Title V of the Clean Air Act and regulations promulgated thereunder, except as modified by Title IV of the Clean Air Act and regulations promulgated thereunder. The Agency shall issue initial CAAPP permits to the affected sources for acid deposition which shall become effective no earlier than January 1, 1995, and which shall terminate on December 31, 1999, in accordance with this Section. Subsequent CAAPP permits issued to affected sources for acid deposition shall be issued for a fixed term of 5 years. Title IV of the Clean Air Act and regulations promulgated thereunder, including but not limited to 40 C.F.R. Part 72, as now or hereafter amended, are applicable to and enforceable under this Act.

b. A designated representative of an affected source for acid deposition shall submit a timely and complete Phase II acid rain permit application and compliance plan to the Agency, not later than January 1, 1996, that meets the requirements of Titles IV and V of the Clean Air Act and regulations. The Agency shall act on the Phase II acid rain permit application and compliance plan in accordance with this Section and Title V of the Clean Air Act and regulations promulgated thereunder, except as modified by Title IV of the Clean Air Act and regulations promulgated thereunder. The Agency shall issue the Phase II acid rain permit to an affected source for acid deposition no later than December 31, 1997, which shall become effective on January 1, 2000, in accordance with this Section, except as modified by Title IV and regulations promulgated thereunder; provided that the designated representative of the source submitted a timely and complete Phase II permit application and compliance plan to the Agency that meets the requirements of Title IV and V of the Clean Air Act and regulations.

c. Each Phase II acid rain permit issued in accordance with this subsection shall have a fixed term of 5 years. Except as provided in paragraph b above, the Agency shall issue or deny a Phase II acid rain permit within 18 months of receiving a complete Phase II permit application and compliance plan.

d. A designated representative of a new unit, as defined in Section 402 of the Clean Air Act, shall submit a timely and complete Phase II acid rain permit application and compliance plan that meets the requirements of Titles IV and V of the Clean Air Act and its regulations. The Agency shall act on the new unit's Phase II acid rain permit application and compliance plan in accordance with this Section and Title V of the Clean Air Act and its regulations, except as modified by Title IV of the Clean Air Act and its regulations. The Agency shall reopen the new unit's CAAPP permit for cause to incorporate the approved Phase II acid rain permit in accordance with this Section. The Phase II acid rain permit for the new unit shall become effective no later than the date required under Title IV of the Clean Air Act and its regulations.

e. A designated representative of an affected source for acid deposition shall submit a timely and complete Title IV NOx permit application to the Agency, not later than January 1, 1998, that meets the requirements of Titles IV and V of the Clean Air Act and its regulations. The Agency shall reopen the Phase II acid rain permit for cause and incorporate the approved NOx provisions into the Phase II acid rain permit not later than January 1, 1999, in accordance with this Section, except as modified by Title IV of the Clean Air Act and regulations promulgated thereunder. Such reopening shall not affect the term of the Phase II acid rain permit.

f. The designated representative of the affected source for acid deposition shall renew the initial CAAPP permit and Phase II acid rain permit in accordance with this Section and Title V of the Clean Air Act and regulations promulgated thereunder, except as modified by Title IV of the Clean Air Act and regulations promulgated thereunder.
g. In the case of an affected source for acid deposition for which a complete Phase II acid rain permit application and compliance plan are timely received under this subsection, the complete permit application and compliance plan, including amendments thereto, shall be binding on the owner, operator and designated representative, all affected units for acid deposition at the affected source, and any other unit, as defined in Section 402 of the Clean Air Act, governed by the Phase II acid rain permit application and shall be enforceable as an acid rain permit for purposes of Titles IV and V of the Clean Air Act, from the date of submission of the acid rain permit application until a Phase II acid rain permit is issued or denied by the Agency.

h. The Agency shall not include or implement any measure which would interfere with or modify the requirements of Title IV of the Clean Air Act or regulations promulgated thereunder.

i. Nothing in this Section shall be construed as affecting allowances or USEPA's decision regarding an excess emissions offset plan, as set forth in Title IV of the Clean Air Act or regulations promulgated thereunder.

i. No permit revision shall be required for increases in emissions that are authorized by allowances acquired pursuant to the acid rain program, provided that such increases do not require a permit revision under any other applicable requirement.

ii. No limit shall be placed on the number of allowances held by the source. The source may not, however, use allowances as a defense to noncompliance with any other applicable requirement.

iii. Any such allowance shall be accounted for according to the procedures established in regulations promulgated under Title IV of the Clean Air Act.

j. To the extent that the federal regulations promulgated under Title IV, including but not limited to 40 C.F.R. Part 72, as now or hereafter amended, are inconsistent with the federal regulations promulgated under Title V, the federal regulations promulgated under Title IV shall take precedence.

k. The USEPA may intervene as a matter of right in any permit appeal involving a Phase II acid rain permit provision or denial of a Phase II acid rain permit.

l. It is unlawful for any owner or operator to violate any terms or conditions of a Phase II acid rain permit issued under this subsection, to operate any affected source for acid deposition except in compliance with a Phase II acid rain permit issued by the Agency under this subsection, or to violate any other applicable requirements.

m. The designated representative of an affected source for acid deposition shall submit to the Agency the data and information submitted quarterly to USEPA, pursuant to 40 CFR 75.64, concurrently with the submission to USEPA. The submission shall be in the same electronic format as specified by USEPA.

n. The Agency shall act on any petition for exemption of a new unit or retired unit, as those terms are defined in Section 402 of the Clean Air Act, from the requirements of the acid rain program in accordance with Title IV of the Clean Air Act and its regulations.

o. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary to implement this subsection.

a. For each 12 month period after the date on which the USEPA approves or conditionally approves the CAAPP, but in no event prior to January 1, 1994, a source subject to this Section or excluded under subsection 1.1 or paragraph 3(c) of this Section, shall pay a fee as provided in this part (a) of this subsection 18. However, a source that has been excluded from the provisions of this Section under subsection 1.1 or paragraph 3(c) of this Section because the source emits less than 25 tons per year of any combination of regulated air pollutants shall pay fees in accordance with paragraph (1) of subsection (b) of Section 9.6.

i. The fee for a source allowed to emit less than 100 tons per year of any combination of regulated air pollutants shall be $1,000 per year.

ii. The fee for a source allowed to emit 100 tons or more per year of any...
combination of regulated air pollutants, except for those regulated air pollutants excluded in paragraph 18(f) of this subsection, shall be as follows:

A. The Agency shall assess an annual fee of $13.50 per ton for the allowable emissions of all regulated air pollutants at that source during the term of the permit. These fees shall be used by the Agency and the Board to fund the activities required by Title V of the Clean Air Act including such activities as may be carried out by other State or local agencies pursuant to paragraph (d) of this subsection. The amount of such fee shall be based on the information supplied by the applicant in its complete CAAPP permit application or in the CAAPP permit if the permit has been granted and shall be determined by the amount of emissions that the source is allowed to emit annually, provided however, that no source shall be required to pay an annual fee in excess of $100,000. The Agency shall provide as part of the permit application form required under subsection 5 of this Section a separate fee calculation form which will allow the applicant to identify the allowable emissions and calculate the fee for the term of the permit. In no event shall the Agency raise the amount of allowable emissions requested by the applicant unless such increases are required to demonstrate compliance with terms of a CAAPP permit.

Notwithstanding the above, any applicant may seek a change in its permit which would result in increases in allowable emissions due to an increase in the hours of operation or production rates of an emission unit or units and such a change shall be consistent with the construction permit requirements of the existing State permit program, under Section 39(a) of this Act and applicable provisions of this Section. Where a construction permit is required, the Agency shall expeditiously grant such construction permit and shall, if necessary, modify the CAAPP permit based on the same application.

B. Except for the first year of the CAAPP, the applicant or permittee may pay the fee annually or semiannually for those fees greater than $5,000. However, any applicant paying a fee equal to or greater than $100,000 shall pay the full amount on July 1, for the subsequent fiscal year, or pay 50% of the fee on July 1 and the remaining 50% by the next January 1. The Agency may change any annual billing date upon reasonable notice, but shall prorate the new bill so that the permittee or applicant does not pay more than its required fees for the fee period for which payment is made.

b. (Blank). For fiscal year 1999 and each fiscal year thereafter, to the extent that permit fees collected and deposited in the CAA Permit Fund during that fiscal year exceed 115% of the actual expenditures (excluding permit fee reimbursements) from the CAA Permit Fund for that fiscal year (including lapse period spending), the excess shall be reimbursed to the permittees in proportion to their original fee payments. Such reimbursements shall be made during the next fiscal year and may be made in the form of a credit against that fiscal year's permit fee.

c. There shall be created a CAA Fee Panel of 5 persons. The Panel shall:

i. If it deems necessary on an annual basis, render advisory opinions to the Agency and the General Assembly regarding the appropriate level of Title V Clean Air Act fees for the next fiscal year. Such advisory opinions shall be based on a study of the operations of the Agency and any other entity requesting appropriations from the CAA Permit Fund. This study shall recommend changes in the fee structure, if warranted. The study will be based on the ability of the Agency or other entity to effectively utilize the funds generated as well as the entity's conformance with the objectives and measurable benchmarks identified by the Agency as justification for the prior year's fee. Such advisory opinions shall be submitted to the appropriation committees no later than April 15th of each year.

ii. Not be compensated for their services, but shall receive reimbursement for their expenses.

iii. Be appointed as follows: 4 members by the Director of the Agency from a list of no more than 8 persons, submitted by representatives of associations who represent
facilities subject to the provisions of this subsection and the Director of the Agency or designee.

d. There is hereby created in the State Treasury a special fund to be known as the "CAA Permit Fund". All Funds collected by the Agency pursuant to this subsection shall be deposited into the Fund. The General Assembly shall appropriate monies from this Fund to the Agency and to the Board to carry out their obligations under this Section. The General Assembly may also authorize monies to be granted by the Agency from this Fund to other State and local agencies which perform duties related to the CAAPP. Interest generated on the monies deposited in this Fund shall be returned to the Fund. The General Assembly may appropriate up to the sum of $25,000 to the Agency from the CAA Permit Fund for use by the Panel in carrying out its responsibilities under this subsection.

e. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary to implement this subsection.

f. For purposes of this subsection, the term "regulated air pollutant" shall have the meaning given to it under subsection 1 of this Section but shall exclude the following:

i. carbon monoxide;

ii. any Class I or II substance which is a regulated air pollutant solely because it is listed pursuant to Section 602 of the Clean Air Act; and

iii. any pollutant that is a regulated air pollutant solely because it is subject to a standard or regulation under Section 112(r) of the Clean Air Act based on the emissions allowed in the permit effective in that calendar year, at the time the applicable bill is generated; and

iv. during the years 1995 through 1999 inclusive, any emissions from affected sources for acid deposition under Section 408(c)(4) of the Clean Air Act.

a. In the event that the USEPA fails to promulgate in a timely manner a standard pursuant to Section 112(d) of the Clean Air Act, the Agency shall have the authority to issue permits, pursuant to Section 112(j) of the Clean Air Act and regulations promulgated thereunder, which contain emission limitations which are equivalent to the emission limitations that would apply to a source if an emission standard had been promulgated in a timely manner by USEPA pursuant to Section 112(d). Provided, however, that the owner or operator of a source shall have the opportunity to submit to the Agency a proposed emission limitation which it determines to be equivalent to the emission limitations that would apply to such source if an emission standard had been promulgated in a timely manner by USEPA. If the Agency refuses to include the emission limitation proposed by the owner or operator in a CAAPP permit, the owner or operator may petition the Board to establish whether the emission limitation proposal submitted by the owner or operator provides for emission limitations which are equivalent to the emission limitations that would apply to the source if the emission standard had been promulgated by USEPA in a timely manner. The Board shall determine whether the emission limitation proposed by the owner or operator or an alternative emission limitation proposed by the Agency provides for the level of control required under Section 112 of the Clean Air Act, or shall otherwise establish an appropriate emission limitation, pursuant to Section 112 of the Clean Air Act.

b. Any Board proceeding brought under paragraph (a) or (e) of this subsection shall be conducted according to the Board's procedures for adjudicatory hearings and the Board shall render its decision within 120 days of the filing of the petition. Any such decision shall be subject to review pursuant to Section 41 of this Act. Where USEPA promulgates an applicable emission standard prior to the issuance of the CAAPP permit, the Agency shall include in the permit the promulgated standard, provided that the source shall have the compliance period provided under Section 112(i) of the Clean Air Act. Where USEPA promulgates an applicable standard subsequent to the issuance of the CAAPP permit, the Agency shall revise such permit upon the next renewal to reflect the promulgated standard, providing a reasonable time for the applicable source to comply with the standard, but no longer than 8 years after the date on which the source is first required to comply with the

emissions limitation established under this subsection.

c. The Agency shall have the authority to implement and enforce complete or partial emission standards promulgated by USEPA pursuant to Section 112(d), and standards promulgated by USEPA pursuant to Sections 112(f), 112(h), 112(m), and 112(n), and may accept delegation of authority from USEPA to implement and enforce Section 112(l) and requirements for the prevention and detection of accidental releases pursuant to Section 112(r) of the Clean Air Act.

d. The Agency shall have the authority to issue permits pursuant to Section 112(i)(5) of the Clean Air Act.

e. The Agency has the authority to implement Section 112(g) of the Clean Air Act consistent with the Clean Air Act and federal regulations promulgated thereunder. If the Agency refuses to include the emission limitations proposed in an application submitted by an owner or operator for a case-by-case maximum achievable control technology (MACT) determination, the owner or operator may petition the Board to determine whether the emission limitation proposed by the owner or operator or an alternative emission limitation proposed by the Agency provides for a level of control required by Section 112 of the Clean Air Act, or to otherwise establish an appropriate emission limitation under Section 112 of the Clean Air Act.

a. For purposes of this subsection:

"Program" is the Small Business Stationary Source Technical and Environmental Compliance Assistance Program created within this State pursuant to Section 507 of the Clean Air Act and guidance promulgated thereunder, to provide technical assistance and compliance information to small business stationary sources;

"Small Business Assistance Program" is a component of the Program responsible for providing sufficient communications with small businesses through the collection and dissemination of information to small business stationary sources; and

"Small Business Stationary Source" means a stationary source that:

1. is owned or operated by a person that employs 100 or fewer individuals;
2. is a small business concern as defined in the "Small Business Act";
3. is not a major source as that term is defined in subsection 2 of this Section;
4. does not emit 50 tons or more per year of any regulated air pollutant; and
5. emits less than 75 tons per year of all regulated pollutants.

b. The Agency shall adopt and submit to USEPA, after reasonable notice and opportunity for public comment, as a revision to the Illinois state implementation plan, plans for establishing the Program.

c. The Agency shall have the authority to enter into such contracts and agreements as the Agency deems necessary to carry out the purposes of this subsection.

d. The Agency may establish such procedures as it may deem necessary for the purposes of implementing and executing its responsibilities under this subsection.

e. There shall be appointed a Small Business Ombudsman (hereinafter in this subsection referred to as "Ombudsman") to monitor the Small Business Assistance Program. The Ombudsman shall be a nonpartisan designated official, with the ability to independently assess whether the goals of the Program are being met.

f. The State Ombudsman Office shall be located in an existing Ombudsman office within the State or in any State Department.

g. There is hereby created a State Compliance Advisory Panel (hereinafter in this subsection referred to as "Panel") for determining the overall effectiveness of the Small Business Assistance Program within this State.

h. The selection of Panel members shall be by the following method:

1. The Governor shall select two members who are not owners or representatives of owners of small business stationary sources to represent the general public;
2. The Director of the Agency shall select one member to represent the Agency; and
3. The State Legislature shall select four members who are owners or representatives of owners of small business stationary sources. Both the majority and minority
leadership in both Houses of the Legislature shall appoint one member of the panel.
i. Panel members should serve without compensation but will receive full reimbursement
for expenses including travel and per diem as authorized within this State.
j. The Panel shall select its own Chair by a majority vote. The Chair may meet and
consult with the Ombudsman and the head of the Small Business Assistance Program in
planning the activities for the Panel.
21. Temporary Sources.
a. The Agency may issue a single permit authorizing emissions from similar operations
by the same source owner or operator at multiple temporary locations, except for sources
which are affected sources for acid deposition under Title IV of the Clean Air Act.
b. The applicant must demonstrate that the operation is temporary and will involve at
least one change of location during the term of the permit.
c. Any such permit shall meet all applicable requirements of this Section and applicable
regulations, and include conditions assuring compliance with all applicable requirements at
all authorized locations and requirements that the owner or operator notify the Agency at

Effective July 1, 2001.

PUBLIC ACT 92-0028
(Senate Bill No. 0284)

AN ACT relating to schools.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Section 18-8.05 as follows:

Sec. 18-8.05. Basis for apportionment of general State financial aid and supplemental general State aid to the common schools for the 1998-1999 and subsequent school years.

(A) General Provisions.

New matter indicated by italics - deletions by strikeout.
(1) The provisions of this Section apply to the 1998-1999 and subsequent school years. The system of general State financial aid provided for in this Section is designed to assure that, through a combination of State financial aid and required local resources, the financial support provided each pupil in Average Daily Attendance equals or exceeds a prescribed per pupil Foundation Level. This formula approach imputes a level of per pupil Available Local Resources and provides for the basis to calculate a per pupil level of general State financial aid that, when added to Available Local Resources, equals or exceeds the Foundation Level. The amount of per pupil general State financial aid for school districts, in general, varies in inverse relation to Available Local Resources. Per pupil amounts are based upon each school district's Average Daily Attendance as that term is defined in this Section.

(2) In addition to general State financial aid, school districts with specified levels or concentrations of pupils from low income households are eligible to receive supplemental general State financial aid grants as provided pursuant to subsection (H). The supplemental State aid grants provided for school districts under subsection (H) shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section.

(3) To receive financial assistance under this Section, school districts are required to file claims with the State Board of Education, subject to the following requirements:

(a) Any school district which fails for any given school year to maintain school as required by law, or to maintain a recognized school is not eligible to file for such school year any claim upon the Common School Fund. In case of nonrecognition of one or more attendance centers in a school district otherwise operating recognized schools, the claim of the district shall be reduced in the proportion which the Average Daily Attendance in the attendance center or centers bear to the Average Daily Attendance in the school district. A "recognized school" means any public school which meets the standards as established for recognition by the State Board of Education. A school district or attendance center not having recognition status at the end of a school term is entitled to receive State aid payments due upon a legal claim which was filed while it was recognized.

(b) School district claims filed under this Section are subject to Sections 18-9, 18-10, and 18-12, except as otherwise provided in this Section.

(c) If a school district operates a full year school under Section 10-19.1, the general State aid to the school district shall be determined by the State Board of Education in accordance with this Section as near as may be applicable.

(d) (Blank).

(4) Except as provided in subsections (H) and (L), the board of any district receiving any of the grants provided for in this Section may apply those funds to any fund so received for which that board is authorized to make expenditures by law.

School districts are not required to exert a minimum Operating Tax Rate in order to qualify for assistance under this Section.

(5) As used in this Section the following terms, when capitalized, shall have the meaning ascribed herein:

(a) "Average Daily Attendance": A count of pupil attendance in school, averaged as provided for in subsection (C) and utilized in deriving per pupil financial support levels.

(b) "Available Local Resources": A computation of local financial support, calculated on the basis of Average Daily Attendance and derived as provided pursuant to subsection (D).

(c) "Corporate Personal Property Replacement Taxes": Funds paid to local school districts pursuant to "An Act in relation to the abolition of ad valorem personal property tax and the replacement of revenues lost thereby, and amending and repealing certain Acts and parts of Acts in connection therewith", certified August 14, 1979, as amended (Public Act 81-1st S.S.-1).

(d) "Foundation Level": A prescribed level of per pupil financial support as provided for in subsection (B).

(e) "Operating Tax Rate": All school district property taxes extended for all purposes, except Bond and Interest, Summer School, Rent, Capital Improvement, and Vocational
Education Building purposes.

(B) Foundation Level.

(1) The Foundation Level is a figure established by the State representing the minimum level of per pupil financial support that should be available to provide for the basic education of each pupil in Average Daily Attendance. As set forth in this Section, each school district is assumed to exert a sufficient local taxing effort such that, in combination with the aggregate of general State financial aid provided the district, an aggregate of State and local resources are available to meet the basic education needs of pupils in the district.

(2) For the 1998-1999 school year, the Foundation Level of support is $4,225. For the 1999-2000 school year, the Foundation Level of support is $4,325. For the 2000-2001 school year, the Foundation Level of support is $4,425.

(3) For the 2001-2002 school year and each school year thereafter, the Foundation Level of support is $4,425 or such greater amount as may be established by law by the General Assembly.

(C) Average Daily Attendance.

(1) For purposes of calculating general State aid pursuant to subsection (E), an Average Daily Attendance figure shall be utilized. The Average Daily Attendance figure for formula calculation purposes shall be the monthly average of the actual number of pupils in attendance of each school district, as further averaged for the best 3 months of pupil attendance for each school district. In compiling the figures for the number of pupils in attendance, school districts and the State Board of Education shall, for purposes of general State aid funding, conform attendance figures to the requirements of subsection (F).

(2) The Average Daily Attendance figures utilized in subsection (E) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated.

(D) Available Local Resources.

(1) For purposes of calculating general State aid pursuant to subsection (E), a representation of Available Local Resources per pupil, as that term is defined and determined in this subsection, shall be utilized. Available Local Resources per pupil shall include a calculated dollar amount representing local school district revenues from local property taxes and from Corporate Personal Property Replacement Taxes, expressed on the basis of pupils in Average Daily Attendance.

(2) In determining a school district's revenue from local property taxes, the State Board of Education shall utilize the equalized assessed valuation of all taxable property of each school district as of September 30 of the previous year. The equalized assessed valuation utilized shall be obtained and determined as provided in subsection (G).

(3) For school districts maintaining grades kindergarten through 12, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 3.00%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades kindergarten through 8, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 2.30%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades 9 through 12, local property tax revenues per pupil shall be the applicable equalized assessed valuation of the district multiplied by 1.05%, and divided by the district's Average Daily Attendance figure.

(4) The Corporate Personal Property Replacement Taxes paid to each school district during the calendar year 2 years before the calendar year in which a school year begins, divided by the Average Daily Attendance figure for that district, shall be added to the local property tax revenues per pupil as derived by the application of the immediately preceding paragraph (3). The sum of these per pupil figures for each school district shall constitute Available Local Resources as that term is utilized in subsection (E) in the calculation of general State aid.

(E) Computation of General State Aid.

(1) For each school year, the amount of general State aid allotted to a school district shall be computed by the State Board of Education as provided in this subsection.

(2) For any school district for which Available Local Resources per pupil is less than the product of 0.93 times the Foundation Level, general State aid for that district shall be calculated as an amount equal to the Foundation Level minus Available Local Resources, multiplied by the
Average Daily Attendance of the school district.

(3) For any school district for which Available Local Resources per pupil is equal to or greater than the product of 0.93 times the Foundation Level and less than the product of 1.75 times the Foundation Level, the general State aid per pupil shall be a decimal proportion of the Foundation Level derived using a linear algorithm. Under this linear algorithm, the calculated general State aid per pupil shall decline in direct linear fashion from 0.07 times the Foundation Level for a school district with Available Local Resources equal to the product of 0.93 times the Foundation Level, to 0.05 times the Foundation Level for a school district with Available Local Resources equal to the product of 1.75 times the Foundation Level. The allocation of general State aid for school districts subject to this paragraph 3 shall be the calculated general State aid per pupil figure multiplied by the Average Daily Attendance of the school district.

(4) For any school district for which Available Local Resources per pupil equals or exceeds the product of 1.75 times the Foundation Level, the general State aid for the school district shall be calculated as the product of $218 multiplied by the Average Daily Attendance of the school district.

(5) The amount of general State aid allocated to a school district for the 1999-2000 school year meeting the requirements set forth in paragraph (4) of subsection (G) shall be increased by an amount equal to the general State aid that would have been received by the district for the 1998-1999 school year by utilizing the Extension Limitation Equalized Assessed Valuation as calculated in paragraph (4) of subsection (G) less the general State aid allotted for the 1998-1999 school year. This amount shall be deemed a one time increase, and shall not affect any future general State aid allocations.

(F) Compilation of Average Daily Attendance.

(1) Each school district shall, by July 1 of each year, submit to the State Board of Education, on forms prescribed by the State Board of Education, attendance figures for the school year that began in the preceding calendar year. The attendance information so transmitted shall identify the average daily attendance figures for each month of the school year, except that any days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

Except as otherwise provided in this Section, days of attendance by pupils shall be counted only for sessions of not less than 5 clock hours of school work per day under direct supervision of: (i) teachers, or (ii) non-teaching personnel or volunteer personnel when engaging in non-teaching duties and supervising in those instances specified in subsection (a) of Section 10-22.34 and paragraph 10 of Section 34-18, with pupils of legal school age and in kindergarten and grades 1 through 12.

Days of attendance by tuition pupils shall be accredited only to the districts that pay the tuition to a recognized school.

(2) Days of attendance by pupils of less than 5 clock hours of school shall be subject to the following provisions in the compilation of Average Daily Attendance.

(a) Pupils regularly enrolled in a public school for only a part of the school day may be counted on the basis of 1/6 day for every class hour of instruction of 40 minutes or more attended pursuant to such enrollment.

(b) Days of attendance may be less than 5 clock hours on the opening and closing of the school term, and upon the first day of pupil attendance, if preceded by a day or days utilized as an institute or teachers' workshop.

(c) A session of 4 or more clock hours may be counted as a day of attendance upon certification by the regional superintendent, and approved by the State Superintendent of Education to the extent that the district has been forced to use daily multiple sessions.

(d) A session of 3 or more clock hours may be counted as a day of attendance (1) when the remainder of the school day or at least 2 hours in the evening of that day is utilized for an in-service training program for teachers, up to a maximum of 5 days per school year of which a maximum of 4 days of such 5 days may be used for parent-teacher conferences, provided a district conducts an in-service training program for teachers which has been approved by the State Superintendent of Education; or, in lieu of 4 such days, 2 full days may be used, in which event each such day may be counted as a day of attendance; and (2) when days in addition to those provided in item (1) are scheduled by a school pursuant to
its school improvement plan adopted under Article 34 or its revised or amended school improvement plan adopted under Article 2, provided that (i) such sessions of 3 or more clock hours are scheduled to occur at regular intervals, (ii) the remainder of the school days in which such sessions occur are utilized for in-service training programs or other staff development activities for teachers, and (iii) a sufficient number of minutes of school work under the direct supervision of teachers are added to the school days between such regularly scheduled sessions to accumulate not less than the number of minutes by which such sessions of 3 or more clock hours fall short of 5 clock hours. Any full days used for the purposes of this paragraph shall not be considered for computing average daily attendance. Days scheduled for in-service training programs, staff development activities, or parent-teacher conferences may be scheduled separately for different grade levels and different attendance centers of the district.

(e) A session of not less than one clock hour of teaching hospitalized or homebound pupils on-site or by telephone to the classroom may be counted as 1/2 day of attendance, however these pupils must receive 4 or more clock hours of instruction to be counted for a full day of attendance.

(f) A session of at least 4 clock hours may be counted as a day of attendance for first grade pupils, and pupils in full day kindergartens, and a session of 2 or more hours may be counted as 1/2 day of attendance by pupils in kindergartens which provide only 1/2 day of attendance.

(g) For children with disabilities who are below the age of 6 years and who cannot attend 2 or more clock hours because of their disability or immaturity, a session of not less than one clock hour may be counted as 1/2 day of attendance; however for such children whose educational needs so require a session of 4 or more clock hours may be counted as a full day of attendance.

(h) A recognized kindergarten which provides for only 1/2 day of attendance by each pupil shall not have more than 1/2 day of attendance counted in any one day. However, kindergartens may count 2 1/2 days of attendance in any 5 consecutive school days. When a pupil attends such a kindergarten for 2 half days on any one school day, the pupil shall have the following day as a day absent from school, unless the school district obtains permission in writing from the State Superintendent of Education. Attendance at kindergartens which provide for a full day of attendance by each pupil shall be counted the same as attendance by first grade pupils. Only the first year of attendance in one kindergarten shall be counted, except in case of children who entered the kindergarten in their fifth year whose educational development requires a second year of kindergarten as determined under the rules and regulations of the State Board of Education.

(G) Equalized Assessed Valuation Data.

(1) For purposes of the calculation of Available Local Resources required pursuant to subsection (D), the State Board of Education shall secure from the Department of Revenue the value as equalized or assessed by the Department of Revenue of all taxable property of every school district, together with (i) the applicable tax rate used in extending taxes for the funds of the district as of September 30 of the previous year and (ii) the limiting rate for all school districts subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law. This equalized assessed valuation, as adjusted further by the requirements of this subsection, shall be utilized in the calculation of Available Local Resources.

(2) The equalized assessed valuation in paragraph (1) shall be adjusted, as applicable, in the following manner:

(a) For the purposes of calculating State aid under this Section, with respect to any part of a school district within a redevelopment project area in respect to which a municipality has adopted tax increment allocation financing pursuant to the Tax Increment Allocation Redevelopment Act, Sections 11-74.4-1 through 11-74.4-11 of the Illinois Municipal Code or the Industrial Jobs Recovery Law, Sections 11-74.6-1 through 11-74.6-50 of the Illinois Municipal Code, no part of the current equalized assessed valuation of real property located in any such project area which is attributable to an increase above the total initial equalized assessed valuation of such property shall be used as part of the equalized assessed valuation.

of the district, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Increment Allocation Redevelopment Act or in Section 11-74.6-35 of the Industrial Jobs Recovery Law. For the purpose of the equalized assessed valuation of the district, the total initial equalized assessed valuation or the current equalized assessed valuation, whichever is lower, shall be used until such time as all redevelopment project costs have been paid.

(b) The real property equalized assessed valuation for a school district shall be adjusted by subtracting from the real property value as equalized or assessed by the Department of Revenue for the district an amount computed by dividing the amount of any abatement of taxes under Section 18-170 of the Property Tax Code by 3.00% for a district maintaining grades kindergarten through 12, by 2.30% for a district maintaining grades kindergarten through 8, or by 1.05% for a district maintaining grades 9 through 12 and adjusted by an amount computed by dividing the amount of any abatement of taxes under subsection (a) of Section 18-165 of the Property Tax Code by the same percentage rates for district type as specified in this subparagraph (b).

(3) For the 1999-2000 school year and each school year thereafter, if a school district meets all of the criteria of this subsection (G)(3), the school district's Available Local Resources shall be calculated under subsection (D) using the district's Extension Limitation Equalized Assessed Valuation as calculated under this subsection (G)(3).

For purposes of this subsection (G)(3) the following terms shall have the following meanings:

"Budget Year": The school year for which general State aid is calculated and awarded under subsection (E).

"Base Tax Year": The property tax levy year used to calculate the Budget Year allocation of general State aid.

"Preceding Tax Year": The property tax levy year immediately preceding the Base Tax Year.

"Base Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Base Tax Year multiplied by the limiting rate as calculated by the County Clerk and defined in the Property Tax Extension Limitation Law.

"Preceding Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Preceding Tax Year multiplied by the Operating Tax Rate as defined in subsection (A).

"Extension Limitation Ratio": A numerical ratio, certified by the County Clerk, in which the numerator is the Base Tax Year's Tax Extension and the denominator is the Preceding Tax Year's Tax Extension.

"Operating Tax Rate": The operating tax rate as defined in subsection (A).

If a school district is subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law, and if the Available Local Resources of that school district as calculated pursuant to subsection (D) using the Base Tax Year are less than the product of 1.75 times the Foundation Level for the Budget Year, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation of that district. For the 1999-2000 school year, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the district's 1996 Equalized Assessed Valuation and the district's Extension Limitation Ratio. For the 2000-2001 school year and each school year thereafter, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the last calculated Extension Limitation Equalized Assessed Valuation and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of a school district as calculated under this subsection (G)(3) is less than the district's equalized assessed valuation as calculated pursuant to subsections (G)(1) and (G)(2), then for purposes of calculating the district's general State aid for the Budget Year pursuant to subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources under subsection (D).

(4) For the purposes of calculating general State aid for the 1999-2000 school year only, if a school district experienced a triennial reassessment on the equalized assessed valuation used in
calculating its general State financial aid apportionment for the 1998-1999 school year, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation that would have been used to calculate the district's 1998-1999 general State aid. This amount shall equal the product of the equalized assessed valuation used to calculate general State aid for the 1997-1998 school year and the district's Extension Limitation Equalized Assessed Valuation of the school district as calculated under this paragraph (4) is less than the district's equalized assessed valuation utilized in calculating the district's 1998-1999 general State aid allocation, then for purposes of calculating the district's general State aid pursuant to paragraph (5) of subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources.

(5) For school districts having a majority of their equalized assessed valuation in any county except Cook, DuPage, Kane, Lake, McHenry, or Will, if the amount of general State aid allocated to the school district for the 1999-2000 school year under the provisions of subsection (E), (H), and (J) of this Section is less than the amount of general State aid allocated to the district for the 1998-1999 school year under these subsections, then the general State aid of the district for the 1999-2000 school year only shall be increased by the difference between these amounts. The total payments made under this paragraph (5) shall not exceed $14,000,000. Claims shall be prorated if they exceed $14,000,000.

(H) Supplemental General State Aid.

(1) In addition to the general State aid a school district is allotted pursuant to subsection (E), qualifying school districts shall receive a grant, paid in conjunction with a district's payments of general State aid, for supplemental general State aid based upon the concentration level of children from low-income households within the school district. Supplemental State aid grants provided for school districts under this subsection shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section. For purposes of this subsection, the term "Low-Income Concentration Level" shall be the low-income eligible pupil count from the most recently available federal census divided by the Average Daily Attendance of the school district. If, however, (i) the percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count of a high school district with fewer than 400 students exceeds by 75% or more the percentage change in the total low-income eligible pupil count of contiguous elementary school districts, whose boundaries are coterminous with the high school district, or (ii) a high school district within 2 counties and serving 5 elementary school districts, whose boundaries are coterminous with the high school district, has a percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count and there is a percentage increase in the total low-income eligible pupil count of a majority of the elementary school districts in excess of 50% from the 2 most recent federal censuses, then the high school district's low-income eligible pupil count from the earlier federal census shall be the number used as the low-income eligible pupil count for the high school district, for purposes of this subsection (H). The changes made to this paragraph (1) by this amendatory Act of the 92nd General Assembly shall apply to supplemental general State aid grants paid in fiscal year 1999 and in each fiscal year thereafter and to any State aid payments made in fiscal year 1994 through fiscal year 1998 pursuant to subsection 1(n) of Section 18-8 of this Code (which was repealed on July 1, 1998), and any high school district that is affected by this amendatory Act of the 92nd General Assembly is entitled to a recomputation of its supplemental general State aid grant or State aid paid in any of those fiscal years. This recomputation shall not be affected by any other funding.

(2) Supplemental general State aid pursuant to this subsection shall be provided as follows:

(a) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for any school year shall be $800 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for the 1998-1999 school year shall be $1,100 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for the 1998-99 school year shall be $1,500 multiplied by the low income eligible pupil count.
(d) For any school district with a Low Income Concentration Level of 60% or more, the grant for the 1998-99 school year shall be $1,900 multiplied by the low income eligible pupil count.

(e) For the 1999-2000 school year, the per pupil amount specified in subparagraphs (b), (c), and (d) immediately above shall be increased to $1,243, $1,600, and $2,000, respectively.

(f) For the 2000-2001 school year, the per pupil amounts specified in subparagraphs (b), (c), and (d) immediately above shall be $1,273, $1,640, and $2,050, respectively.

(3) School districts with an Average Daily Attendance of more than 1,000 and less than 50,000 that qualify for supplemental general State aid pursuant to this subsection shall submit a plan to the State Board of Education prior to October 30 of each year for the use of the funds resulting from this grant of supplemental general State aid for the improvement of instruction in which priority is given to meeting the education needs of disadvantaged children. Such plan shall be submitted in accordance with rules and regulations promulgated by the State Board of Education.

(4) School districts with an Average Daily Attendance of 50,000 or more that qualify for supplemental general State aid pursuant to this subsection shall be required to distribute from funds available pursuant to this Section, no less than $261,000,000 in accordance with the following requirements:

(a) The required amounts shall be distributed to the attendance centers within the district in proportion to the number of pupils enrolled at each attendance center who are eligible to receive free or reduced-price lunches or breakfasts under the federal Child Nutrition Act of 1966 and under the National School Lunch Act during the immediately preceding school year.

(b) The distribution of these portions of supplemental and general State aid among attendance centers according to these requirements shall not be compensated for or contravened by adjustments of the total of other funds appropriated to any attendance centers, and the Board of Education shall utilize funding from one or several sources in order to fully implement this provision annually prior to the opening of school.

(c) Each attendance center shall be provided by the school district a distribution of noncategorical funds and other categorical funds to which an attendance center is entitled under law in order that the general State aid and supplemental general State aid provided by application of this subsection supplements rather than supplants the noncategorical funds and other categorical funds provided by the school district to the attendance centers.

(d) Any funds made available under this subsection that by reason of the provisions of this subsection are not required to be allocated and provided to attendance centers may be used and appropriated by the board of the district for any lawful school purpose.

(e) Funds received by an attendance center pursuant to this subsection shall be used by the attendance center at the discretion of the principal and local school council for programs to improve educational opportunities at qualifying schools through the following programs and services: early childhood education, reduced class size or improved adult to student classroom ratio, enrichment programs, remedial assistance, attendance improvement, and other educationally beneficial expenditures which supplement the regular and basic programs as determined by the State Board of Education. Funds provided shall not be expended for any political or lobbying purposes as defined by board rule.

(f) Each district subject to the provisions of this subdivision (H)(4) shall submit an acceptable plan to meet the educational needs of disadvantaged children, in compliance with the requirements of this paragraph, to the State Board of Education prior to July 15 of each year. This plan shall be consistent with the decisions of local school councils concerning the school expenditure plans developed in accordance with part 4 of Section 34-2.3. The State Board shall approve or reject the plan within 60 days after its submission. If the plan is rejected, the district shall give written notice of intent to modify the plan within 15 days of the notification of rejection and then submit a modified plan within 30 days after the date of the written notice of intent to modify. Districts may amend approved plans pursuant to rules promulgated by the State Board of Education.

Upon notification by the State Board of Education that the district has not submitted
plan prior to July 15 or a modified plan within the time period specified herein, the State aid funds affected by that plan or modified plan shall be withheld by the State Board of Education until a plan or modified plan is submitted.

If the district fails to distribute State aid to attendance centers in accordance with an approved plan, the plan for the following year shall allocate funds, in addition to the funds otherwise required by this subsection, to those attendance centers which were underfunded during the previous year in amounts equal to such underfunding.

For purposes of determining compliance with this subsection in relation to the requirements of attendance center funding, each district subject to the provisions of this subsection shall submit as a separate document by December 1 of each year a report of expenditure data for the prior year in addition to any modification of its current plan. If it is determined that there has been a failure to comply with the expenditure provisions of this subsection regarding contravention or supplanting, the State Superintendent of Education shall, within 60 days of receipt of the report, notify the district and any affected local school council. The district shall within 45 days of receipt of that notification inform the State Superintendent of Education of the remedial or corrective action to be taken, whether by amendment of the current plan, if feasible, or by adjustment in the plan for the following year. Failure to provide the expenditure report or the notification of remedial or corrective action in a timely manner shall result in a withholding of the affected funds.

The State Board of Education shall promulgate rules and regulations to implement the provisions of this subsection. No funds shall be released under this subdivision (H)(4) to any district that has not submitted a plan that has been approved by the State Board of Education.

(I) General State Aid for Newly Configured School Districts.

(1) For a new school district formed by combining property included totally within 2 or more previously existing school districts, for its first year of existence the general State aid and supplemental general State aid calculated under this Section shall be computed for the new district and for the previously existing districts for which property is totally included within the new district. If the computation on the basis of the previously existing districts is greater, a supplementary payment equal to the difference shall be made for the first 4 years of existence of the new district.

(2) For a school district which annexes all of the territory of one or more entire other school districts, for the first year during which the change of boundaries attributable to such annexation becomes effective for all purposes as determined under Section 7-9 or 7A-8, the general State aid and supplemental general State aid calculated under this Section shall be computed for the annexing district as constituted after the annexation and for the annexing and each annexed district as constituted prior to the annexation; and if the computation on the basis of the annexing and annexed districts as constituted prior to the annexation is greater, a supplementary payment equal to the difference shall be made for the first 4 years of existence of the new district.

(3) For 2 or more school districts which annex all of the territory of one or more entire other school districts, and for 2 or more community unit districts which result upon the division (pursuant to petition under Section 11A-2) of one or more other unit school districts into 2 or more parts and which together include all of the parts into which such other unit school district or districts are so divided, for the first year during which the change of boundaries attributable to such annexation or division becomes effective for all purposes as determined under Section 7-9 or 11A-10, as the case may be, the general State aid and supplemental general State aid calculated under this Section shall be computed for each annexing or resulting district as constituted after the annexation or division and for each annexing and annexed district, or for each resulting and divided district, as constituted prior to the annexation or division; and if the aggregate of the general State aid and supplemental general State aid as so computed for the annexing or resulting districts as constituted after the annexation or division is less than the aggregate of the general State aid and supplemental general State aid as so computed for the annexing and annexed districts, or for the resulting and divided districts, as constituted prior to the annexation or division, then a supplementary payment equal to the difference shall be made and allocated between or among the annexing or resulting districts, as constituted upon such annexation or division, for the first 4 years of their existence. The total difference payment shall be allocated between or among the annexing or resulting districts in the same ratio as the pupil
enrollment from that portion of the annexed or divided district or districts which is annexed to or included in each such annexing or resulting district bears to the total pupil enrollment from the entire annexed or divided district or districts, as such pupil enrollment is determined for the school year last ending prior to the date when the change of boundaries attributable to the annexation or division becomes effective for all purposes. The amount of the total difference payment and the amount thereof to be allocated to the annexing or resulting districts shall be computed by the State Board of Education on the basis of pupil enrollment and other data which shall be certified to the State Board of Education, on forms which it shall provide for that purpose, by the regional superintendent of schools for each educational service region in which the annexing and annexed districts, or resulting and divided districts are located.

(3.5) Claims for financial assistance under this subsection (I) shall not be recomputed except as expressly provided under this Section.

(4) Any supplementary payment made under this subsection (I) shall be treated as separate from all other payments made pursuant to this Section.

(J) Supplementary Grants in Aid.

(1) Notwithstanding any other provisions of this Section, the amount of the aggregate general State aid in combination with supplemental general State aid under this Section for which each school district is eligible shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-98 school year, pursuant to the provisions of that Section as it was then in effect. If a school district qualifies to receive a supplementary payment made under this subsection (J), the amount of the aggregate general State aid in combination with supplemental general State aid under this Section which that district is eligible to receive for each school year shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-1998 school year, pursuant to the provisions of that Section as it was then in effect.

(2) If, as provided in paragraph (1) of this subsection (J), a school district is to receive aggregate general State aid in combination with supplemental general State aid under this Section for the 1998-99 school year and any subsequent school year that in any such school year is less than the amount of the aggregate State aid figures as described in paragraph (1), a supplementary payment that is equal to the amount of the difference in the aggregate State aid figures as described in paragraph (1).

(3) (Blank).

(K) Grants to Laboratory and Alternative Schools.

In calculating the amount to be paid to the governing board of a public university that operates a laboratory school under this Section or to any alternative school that is operated by a regional superintendent of schools, the State Board of Education shall require by rule such reporting requirements as it deems necessary.

As used in this Section, "laboratory school" means a public school which is created and operated by a public university and approved by the State Board of Education. The governing board of a public university which receives funds from the State Board under this subsection (K) may not increase the number of students enrolled in its laboratory school from a single district, if that district is already sending 50 or more students, except under a mutual agreement between the school board of a student's district of residence and the university which operates the laboratory school. A laboratory school may not have more than 1,000 students, excluding students with disabilities in a special education program.

As used in this Section, "alternative school" means a public school which is created and operated by a Regional Superintendent of Schools and approved by the State Board of Education. Such alternative schools may offer courses of instruction for which credit is given in regular school programs, courses to prepare students for the high school equivalency testing program or vocational and occupational training. A regional superintendent of schools may contract with a school district or a public community college district to operate an alternative school. An alternative school serving more than one educational service region may be established by the regional superintendents of
schools of the affected educational service regions. An alternative school serving more than one educational service region may be operated under such terms as the regional superintendents of schools of those educational service regions may agree.

Each laboratory and alternative school shall file, on forms provided by the State Superintendent of Education, an annual State aid claim which states the Average Daily Attendance of the school's students by month. The best 3 months' Average Daily Attendance shall be computed for each school. The general State aid entitlement shall be computed by multiplying the applicable Average Daily Attendance by the Foundation Level as determined under this Section.

(L) Payments, Additional Grants in Aid and Other Requirements.

(1) For a school district operating under the financial supervision of an Authority created under Article 34A, the general State aid otherwise payable to that district under this Section, but not the supplemental general State aid, shall be reduced by an amount equal to the budget for the operations of the Authority as certified by the Authority to the State Board of Education, and an amount equal to such reduction shall be paid to the Authority created for such district for its operating expenses in the manner provided in Section 18-11. The remainder of general State school aid for any such district shall be paid in accordance with Article 34A when that Article provides for a disposition other than that provided by this Article.

(2) (Blank).

(3) Summer school. Summer school payments shall be made as provided in Section 18-4.3.

(M) Education Funding Advisory Board.

The Education Funding Advisory Board, hereinafter in this subsection (M) referred to as the "Board", is hereby created. The Board shall consist of 5 members who are appointed by the Governor, by and with the advice and consent of the Senate. The members appointed shall include representatives of education, business, and the general public. One of the members so appointed shall be designated by the Governor at the time the appointment is made as the chairperson of the Board. The initial members of the Board may be appointed any time after the effective date of this amendatory Act of 1997. The regular term of each member of the Board shall be for 4 years from the third Monday of January of the year in which the term of the member's appointment is to commence, except that of the 5 initial members appointed to serve on the Board, the member who is appointed as the chairperson shall serve for a term that commences on the date of his or her appointment and expires on the third Monday of January, 2002, and the remaining 4 members, by lots drawn at the first meeting of the Board that is held after all 5 members are appointed, shall determine 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2001, and 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2000. All members appointed to serve on the Board shall serve until their respective successors are appointed and confirmed. Vacancies shall be filled in the same manner as original appointments. If a vacancy in membership occurs at a time when the Senate is not in session, the Governor shall make a temporary appointment until the next meeting of the Senate, when he or she shall appoint, by and with the advice and consent of the Senate, a person to fill that membership for the unexpired term. If the Senate is not in session when the initial appointments are made, those appointments shall be made as in the case of vacancies.

The Education Funding Advisory Board shall be deemed established, and the initial members appointed by the Governor to serve as members of the Board shall take office, on the date that the Governor makes his or her appointment of the fifth initial member of the Board, whether those initial members are then serving pursuant to appointment and confirmation or pursuant to temporary appointments that are made by the Governor as in the case of vacancies.

The State Board of Education shall provide such staff assistance to the Education Funding Advisory Board as is reasonably required for the proper performance by the Board of its responsibilities.

For school years after the 2000-2001 school year, the Education Funding Advisory Board, in consultation with the State Board of Education, shall make recommendations as provided in this subsection (M) to the General Assembly for the foundation level under subdivision (B)(3) of this Section and for the supplemental general State aid grant level under subsection (H) of this Section for districts with high concentrations of children from poverty. The recommended foundation level

shall be determined based on a methodology which incorporates the basic education expenditures of low-spending schools exhibiting high academic performance. The Education Funding Advisory Board shall make such recommendations to the General Assembly on January 1 of odd numbered years, beginning January 1, 2001.

(N) (Blank).

(O) References.

(1) References in other laws to the various subdivisions of Section 18-8 as that Section existed before its repeal and replacement by this Section 18-8.05 shall be deemed to refer to the corresponding provisions of this Section 18-8.05, to the extent that those references remain applicable.

(2) References in other laws to State Chapter 1 funds shall be deemed to refer to the supplemental general State aid provided under subsection (H) of this Section.

PUBLIC ACT 92-0029
(Senate Bill No. 0377)

AN ACT with respect to schools.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The School Code is amended by changing Section 18-8.05 as follows:
(105 ILCS 5/18-8.05)
Sec. 18-8.05. Basis for apportionment of general State financial aid and supplemental general State aid to the common schools for the 1998-1999 and subsequent school years.
(A) General Provisions.

(1) The provisions of this Section apply to the 1998-1999 and subsequent school years. The system of general State financial aid provided for in this Section is designed to assure that, through a combination of State financial aid and required local resources, the financial support provided each pupil in Average Daily Attendance equals or exceeds a prescribed per pupil Foundation Level. This formula approach imputes a level of per pupil Available Local Resources and provides for the basis to calculate a per pupil level of general State financial aid that, when added to Available Local Resources, equals or exceeds the Foundation Level. The amount of per pupil general State financial aid for school districts, in general, varies in inverse relation to Available Local Resources. Per pupil amounts are based upon each school district's Average Daily Attendance as that term is defined in this Section.

(2) In addition to general State financial aid, school districts with specified levels or concentrations of pupils from low income households are eligible to receive supplemental general State financial aid grants as provided pursuant to subsection (H). The supplemental State aid grants provided for school districts under subsection (H) shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section.

(3) To receive financial assistance under this Section, school districts are required to file claims with the State Board of Education, subject to the following requirements:

(a) Any school district which fails for any given school year to maintain school as required by law, or to maintain a recognized school is not eligible to file for such school year any claim upon the Common School Fund. In case of nonrecognition of one or more attendance centers in a school district otherwise operating recognized schools, the claim of the district shall be reduced in the proportion which the Average Daily Attendance in the attendance center or centers bear to the Average Daily Attendance in the school district. A

New matter indicated by italics - deletions by strikeout.
"recognized school" means any public school which meets the standards as established for recognition by the State Board of Education. A school district or attendance center not having recognition status at the end of a school term is entitled to receive State aid payments due upon a legal claim which was filed while it was recognized.

(b) School district claims filed under this Section are subject to Sections 18-9, 18-10, and 18-12, except as otherwise provided in this Section.

(c) If a school district operates a full year school under Section 10-19.1, the general State aid to the school district shall be determined by the State Board of Education in accordance with this Section as near as may be applicable.

(d) (Blank).

(4) Except as provided in subsections (H) and (L), the board of any district receiving any of the grants provided for in this Section may apply those funds to any fund so received for which that board is authorized to make expenditures by law.

School districts are not required to exert a minimum Operating Tax Rate in order to qualify for assistance under this Section.

(5) As used in this Section the following terms, when capitalized, shall have the meaning ascribed herein:

(a) "Average Daily Attendance": A count of pupil attendance in school, averaged as provided for in subsection (C) and utilized in deriving per pupil financial support levels.

(b) "Available Local Resources": A computation of local financial support, calculated on the basis of Average Daily Attendance and derived as provided pursuant to subsection (D).

(c) "Corporate Personal Property Replacement Taxes": Funds paid to local school districts pursuant to "An Act in relation to the abolition of ad valorem personal property tax and the replacement of revenues lost thereby, and amending and repealing certain Acts and parts of Acts in connection therewith", certified August 14, 1979, as amended (Public Act 81-1st S.S.-1).

(d) "Foundation Level": A prescribed level of per pupil financial support as provided for in subsection (B).

(e) "Operating Tax Rate": All school district property taxes extended for all purposes, except Bond and Interest, Summer School, Rent, Capital Improvement, and Vocational Education Building purposes.

(B) Foundation Level.

1 The Foundation Level is a figure established by the State representing the minimum level of per pupil financial support that should be available to provide for the basic education of each pupil in Average Daily Attendance. As set forth in this Section, each school district is assumed to exert a sufficient local taxing effort such that, in combination with the aggregate of general State financial aid provided the district, an aggregate of State and local resources are available to meet the basic education needs of pupils in the district.

2 For the 1998-1999 school year, the Foundation Level of support is $4,225. For the 1999-2000 school year, the Foundation Level of support is $4,325. For the 2000-2001 school year, the Foundation Level of support is $4,425.

3 For the 2001-2002 school year and each school year thereafter, the Foundation Level of support is $4,425 or such greater amount as may be established by law by the General Assembly.

(C) Average Daily Attendance.

1 For purposes of calculating general State aid pursuant to subsection (E), an Average Daily Attendance figure shall be utilized. The Average Daily Attendance figure for formula calculation purposes shall be the monthly average of the actual number of pupils in attendance of each school district, as further averaged for the best 3 months of pupil attendance for each school district. In compiling the figures for the number of pupils in attendance, school districts and the State Board of Education shall, for purposes of general State aid funding, conform attendance figures to the requirements of subsection (F).

2 The Average Daily Attendance figures utilized in subsection (E) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated.
(D) Available Local Resources.

(1) For purposes of calculating general State aid pursuant to subsection (E), a representation of Available Local Resources per pupil, as that term is defined and determined in this subsection, shall be utilized. Available Local Resources per pupil shall include a calculated dollar amount representing local school district revenues from local property taxes and from Corporate Personal Property Replacement Taxes, expressed on the basis of pupils in Average Daily Attendance.

(2) In determining a school district's revenue from local property taxes, the State Board of Education shall utilize the equalized assessed valuation of all taxable property of each school district as of September 30 of the previous year. The equalized assessed valuation utilized shall be obtained and determined as provided in subsection (G).

(3) For school districts maintaining grades kindergarten through 12, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 3.00%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades kindergarten through 8, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 2.30%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades 9 through 12, local property tax revenues per pupil shall be the applicable equalized assessed valuation of the district multiplied by 1.05%, and divided by the district's Average Daily Attendance figure.

(4) The Corporate Personal Property Replacement Taxes paid to each school district during the calendar year 2 years before the calendar year in which a school year begins, divided by the Average Daily Attendance figure for that district, shall be added to the local property tax revenues per pupil as derived by the application of the immediately preceding paragraph (3). The sum of these per pupil figures for each school district shall constitute Available Local Resources as that term is utilized in subsection (E) in the calculation of general State aid.

(E) Computation of General State Aid.

(1) For each school year, the amount of general State aid allotted to a school district shall be computed by the State Board of Education as provided in this subsection.

(2) For any school district for which Available Local Resources per pupil is less than the product of 0.93 times the Foundation Level, general State aid for that district shall be calculated as an amount equal to the Foundation Level minus Available Local Resources, multiplied by the Average Daily Attendance of the school district.

(3) For any school district for which Available Local Resources per pupil is equal to or greater than the product of 0.93 times the Foundation Level and less than the product of 1.75 times the Foundation Level, the general State aid per pupil shall be a decimal proportion of the Foundation Level derived using a linear algorithm. Under this linear algorithm, the calculated general State aid per pupil shall decline in direct linear fashion from 0.07 times the Foundation Level for a school district with Available Local Resources equal to the product of 0.93 times the Foundation Level, to 0.05 times the Foundation Level for a school district with Available Local Resources equal to the product of 1.75 times the Foundation Level. The allocation of general State aid for school districts subject to this paragraph 3 shall be the calculated general State aid per pupil figure multiplied by the Average Daily Attendance of the school district.

(4) For any school district for which Available Local Resources per pupil equals or exceeds the product of 1.75 times the Foundation Level, the general State aid for the school district shall be calculated as the product of $218 multiplied by the Average Daily Attendance of the school district.

(5) The amount of general State aid allocated to a school district for the 1999-2000 school year meeting the requirements set forth in paragraph (4) of subsection (G) shall be increased by an amount equal to the general State aid that would have been received by the district for the 1998-1999 school year by utilizing the Extension Limitation Equalized Assessed Valuation as calculated in paragraph (4) of subsection (G) less the general State aid allotted for the 1998-1999 school year. This amount shall be deemed a one time increase, and shall not affect any future general State aid allocations.

(F) Compilation of Average Daily Attendance.

(1) Each school district shall, by July 1 of each year, submit to the State Board of Education, on forms prescribed by the State Board of Education, attendance figures for the school year that
began in the preceding calendar year. The attendance information so transmitted shall identify the average daily attendance figures for each month of the school year, except that any days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

Except as otherwise provided in this Section, days of attendance by pupils shall be counted only for sessions of not less than 5 clock hours of school work per day under direct supervision of: (i) teachers, or (ii) non-teaching personnel or volunteer personnel when engaging in non-teaching duties and supervising in those instances specified in subsection (a) of Section 10-22.34 and paragraph 10 of Section 34-18, with pupils of legal school age and in kindergarten and grades 1 through 12.

Days of attendance by tuition pupils shall be accredited only to the districts that pay the tuition to a recognized school.

(2) Days of attendance by pupils of less than 5 clock hours of school shall be subject to the following provisions in the compilation of Average Daily Attendance.

(a) Pupils regularly enrolled in a public school for only a part of the school day may be counted on the basis of 1/6 day for every class hour of instruction of 40 minutes or more attended pursuant to such enrollment, unless a pupil is enrolled in a block-schedule format of 80 minutes or more of instruction, in which case the pupil may be counted on the basis of the proportion of minutes of school work completed each day to the minimum number of minutes that school work is required to be held that day.

(b) Days of attendance may be less than 5 clock hours on the opening and closing of the school term, and upon the first day of pupil attendance, if preceded by a day or days utilized as an institute or teachers' workshop.

(c) A session of 4 or more clock hours may be counted as a day of attendance upon certification by the regional superintendent, and approved by the State Superintendent of Education to the extent that the district has been forced to use daily multiple sessions.

(d) A session of 3 or more clock hours may be counted as a day of attendance (1) when the remainder of the school day or at least 2 hours in the evening of that day is utilized for an in-service training program for teachers, up to a maximum of 5 days per school year of which a maximum of 4 days of such 5 days may be used for parent-teacher conferences, provided a district conducts an in-service training program for teachers which has been approved by the State Superintendent of Education; or, in lieu of 4 such days, 2 full days may be used, in which event each such day may be counted as a day of attendance; and (2) when days in addition to those provided in item (1) are scheduled by a school pursuant to its school improvement plan adopted under Article 34 or its revised or amended school improvement plan adopted under Article 2, provided that (i) such sessions of 3 or more clock hours are scheduled to occur at regular intervals, (ii) the remainder of the school days in which such sessions occur are utilized for in-service training programs or other staff development activities for teachers, and (iii) a sufficient number of minutes of school work under the direct supervision of teachers are added to the school days between such regularly scheduled sessions to accumulate not less than the number of minutes by which such sessions of 3 or more clock hours fall short of 5 clock hours. Any full days used for the purposes of this paragraph shall not be considered for computing average daily attendance. Days scheduled for in-service training programs, staff development activities, or parent-teacher conferences may be scheduled separately for different grade levels and different attendance centers of the district.

(e) A session of not less than one clock hour of teaching hospitalized or homebound pupils on-site or by telephone to the classroom may be counted as 1/2 day of attendance, however these pupils must receive 4 or more clock hours of instruction to be counted for a full day of attendance.

(f) A session of at least 4 clock hours may be counted as a day of attendance for first grade pupils, and pupils in full day kindergartens, and a session of 2 or more hours may be counted as 1/2 day of attendance by pupils in kindergartens which provide only 1/2 day of attendance.

(g) For children with disabilities who are below the age of 6 years and who cannot attend
2 or more clock hours because of their disability or immaturity, a session of not less than one clock hour may be counted as 1/2 day of attendance; however for such children whose educational needs so require a session of 4 or more clock hours may be counted as a full day of attendance.

(h) A recognized kindergarten which provides for only 1/2 day of attendance by each pupil shall not have more than 1/2 day of attendance counted in any one day. However, kindergartens may count 2 1/2 days of attendance in any 5 consecutive school days. When a pupil attends such a kindergarten for 2 half days on any one school day, the pupil shall have the following day as a day absent from school, unless the school district obtains permission in writing from the State Superintendent of Education. Attendance at kindergartens which provide for a full day of attendance by each pupil shall be counted the same as attendance by first grade pupils. Only the first year of attendance in one kindergarten shall be counted, except in case of children who entered the kindergarten in their fifth year whose educational development requires a second year of kindergarten as determined under the rules and regulations of the State Board of Education.

(G) Equalized Assessed Valuation Data.

(1) For purposes of the calculation of Available Local Resources required pursuant to subsection (D), the State Board of Education shall secure from the Department of Revenue the value as equalized or assessed by the Department of Revenue of all taxable property of every school district, together with (i) the applicable tax rate used in extending taxes for the funds of the district as of September 30 of the previous year and (ii) the limiting rate for all school districts subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law.

This equalized assessed valuation, as adjusted further by the requirements of this subsection, shall be utilized in the calculation of Available Local Resources.

(2) The equalized assessed valuation in paragraph (1) shall be adjusted, as applicable, in the following manner:

(a) For the purposes of calculating State aid under this Section, with respect to any part of a school district within a redevelopment project area in respect to which a municipality has adopted tax increment allocation financing pursuant to the Tax Increment Allocation Redevelopment Act, Sections 11-74.4-1 through 11-74.4-11 of the Illinois Municipal Code or the Industrial Jobs Recovery Law, Sections 11-74.6-1 through 11-74.6-50 of the Illinois Municipal Code, no part of the current equalized assessed valuation of real property located in any such project area which is attributable to an increase above the total initial equalized assessed valuation of such property shall be used as part of the equalized assessed valuation of the district, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Increment Allocation Redevelopment Act or in Section 11-74.6-35 of the Industrial Jobs Recovery Law. For the purpose of the equalized assessed valuation of the district, the total initial equalized assessed valuation or the current equalized assessed valuation, whichever is lower, shall be used until such time as all redevelopment project costs have been paid.

(b) The real property equalized assessed valuation for a school district shall be adjusted by subtracting from the real property value as equalized or assessed by the Department of Revenue for the district an amount computed by dividing the amount of any abatement of taxes under Section 18-170 of the Property Tax Code by 3.00% for a district maintaining grades kindergarten through 12, by 2.30% for a district maintaining grades kindergarten through 8, or by 1.05% for a district maintaining grades 9 through 12 and adjusted by an amount computed by dividing the amount of any abatement of taxes under subsection (a) of Section 18-165 of the Property Tax Code by the same percentage rates for district type as specified in this subparagraph (b).

(3) For the 1999-2000 school year and each school year thereafter, if a school district meets all of the criteria of this subsection (G)(3), the school district's Available Local Resources shall be calculated under subsection (D) using the district's Extension Limitation Equalized Assessed Valuation as calculated under this subsection (G)(3).

For purposes of this subsection (G)(3) the following terms shall have the following meanings:

New matter indicated by italics - deletions by strikeout.
"Budget Year": The school year for which general State aid is calculated and awarded under subsection (E).
"Base Tax Year": The property tax levy year used to calculate the Budget Year allocation of general State aid.
"Preceding Tax Year": The property tax levy year immediately preceding the Base Tax Year.
"Base Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Base Tax Year multiplied by the limiting rate as calculated by the County Clerk and defined in the Property Tax Extension Limitation Law.
"Preceding Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Preceding Tax Year multiplied by the Operating Tax Rate as defined in subsection (A).
"Extension Limitation Ratio": A numerical ratio, certified by the County Clerk, in which the numerator is the Base Tax Year's Tax Extension and the denominator is the Preceding Tax Year's Tax Extension.
"Operating Tax Rate": The operating tax rate as defined in subsection (A).

If a school district is subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law, and if the Available Local Resources of that school district as calculated pursuant to subsection (D) using the Base Tax Year are less than the product of 1.75 times the Foundation Level for the Budget Year, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation of that district. For the 1999-2000 school year, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the district's 1996 Equalized Assessed Valuation and the district's Extension Limitation Ratio. For the 2000-2001 school year and each school year thereafter, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the last calculated Extension Limitation Equalized Assessed Valuation and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of a school district as calculated under this subsection (G)(3) is less than the district's equalized assessed valuation as calculated pursuant to subsections (G)(1) and (G)(2), then for purposes of calculating the district's general State aid for the Budget Year pursuant to subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources.

(4) For the purposes of calculating general State aid for the 1999-2000 school year only, if a school district experienced a triennial reassessment on the equalized assessed valuation used in calculating its general State financial aid apportionment for the 1998-1999 school year, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation that would have been used to calculate the district's 1998-1999 general State aid. This amount shall equal the product of the equalized assessed valuation used to calculate general State aid for the 1997-1998 school year and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of the school district as calculated under this paragraph (4) is less than the district's equalized assessed valuation utilized in calculating the district's 1998-1999 general State aid allocation, then for purposes of calculating the district's general State aid pursuant to paragraph (5) of subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources.

(5) For school districts having a majority of their equalized assessed valuation in any county except Cook, DuPage, Kane, Lake, McHenry, or Will, if the amount of general State aid allocated to the school district for the 1999-2000 school year under the provisions of subsection (E), (H), and (J) of this Section is less than the amount of general State aid allocated to the district for the 1998-1999 school year under these subsections, then the general State aid of the district for the 1999-2000 school year only shall be increased by the difference between these amounts. The total payments made under this paragraph (5) shall not exceed $14,000,000. Claims shall be prorated if they exceed $14,000,000.

(H) Supplemental General State Aid.

(1) In addition to the general State aid a school district is allotted pursuant to subsection (E), qualifying school districts shall receive a grant, paid in conjunction with a district's payments of...
general State aid, for supplemental general State aid based upon the concentration level of children from low-income households within the school district. Supplemental State aid grants provided for school districts under this subsection shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section. For purposes of this subsection, the term "Low-Income Concentration Level" shall be the low-income eligible pupil count from the most recently available federal census divided by the Average Daily Attendance of the school district. If, however, the percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count of a high school district with fewer than 400 students exceeds by 75% or more the percentage change in the total low-income eligible pupil count of contiguous elementary school districts, whose boundaries are coterminous with the high school district, the high school district's low-income eligible pupil count from the earlier federal census shall be the number used as the low-income eligible pupil count for the high school district, for purposes of this subsection (H).

(2) Supplemental general State aid pursuant to this subsection shall be provided as follows:

(a) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for any school year shall be $800 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for the 1998-1999 school year shall be $1,100 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for the 1998-99 school year shall be $1,500 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of 60% or more, the grant for the 1998-99 school year shall be $1,900 multiplied by the low income eligible pupil count.

(e) For the 1999-2000 school year, the per pupil amount specified in subparagraphs (b), (c), and (d) immediately above shall be increased to $1,243, $1,600, and $2,000, respectively.

(f) For the 2000-2001 school year, the per pupil amounts specified in subparagraphs (b), (c), and (d) immediately above shall be $1,273, $1,640, and $2,050, respectively.

(3) School districts with an Average Daily Attendance of more than 1,000 and less than 50,000 that qualify for supplemental general State aid pursuant to this subsection shall submit a plan to the State Board of Education prior to October 30 of each year for the use of the funds resulting from this grant of supplemental general State aid for the improvement of instruction in which priority is given to meeting the education needs of disadvantaged children. Such plan shall be submitted in accordance with rules and regulations promulgated by the State Board of Education.

(4) School districts with an Average Daily Attendance of 50,000 or more that qualify for supplemental general State aid pursuant to this subsection shall be required to distribute from funds available pursuant to this Section, no less than $261,000,000 in accordance with the following requirements:

(a) The required amounts shall be distributed to the attendance centers within the district in proportion to the number of pupils enrolled at each attendance center who are eligible to receive free or reduced-price lunches or breakfasts under the federal Child Nutrition Act of 1966 and under the National School Lunch Act during the immediately preceding school year.

(b) The distribution of these portions of supplemental and general State aid among attendance centers according to these requirements shall not be compensated for or contravened by adjustments of the total of other funds appropriated to any attendance centers, and the Board of Education shall utilize funding from one or several sources in order to fully implement this provision annually prior to the opening of school.

(c) Each attendance center shall be provided by the school district a distribution of noncategorical funds and other categorical funds to which an attendance center is entitled under law in order that the general State aid and supplemental general State aid provided by application of this subsection supplements rather than supplants the noncategorical funds and...
other categorical funds provided by the school district to the attendance centers.

(d) Any funds made available under this subsection that by reason of the provisions of this subsection are not required to be allocated and provided to attendance centers may be used and appropriated by the board of the district for any lawful school purpose.

(e) Funds received by an attendance center pursuant to this subsection shall be used by the attendance center at the discretion of the principal and local school council for programs to improve educational opportunities at qualifying schools through the following programs and services: early childhood education, reduced class size or improved adult to student classroom ratio, enrichment programs, remedial assistance, attendance improvement, and other educationally beneficial expenditures which supplement the regular and basic programs as determined by the State Board of Education. Funds provided shall not be expended for any political or lobbying purposes as defined by board rule.

(f) Each district subject to the provisions of this subdivision (H)(4) shall submit an acceptable plan to meet the educational needs of disadvantaged children, in compliance with the requirements of this paragraph, to the State Board of Education prior to July 15 of each year. This plan shall be consistent with the decisions of local school councils concerning the school expenditure plans developed in accordance with part 4 of Section 34-2.3. The State Board shall approve or reject the plan within 60 days after its submission. If the plan is rejected, the district shall give written notice of intent to modify the plan within 15 days of the notification of rejection and then submit a modified plan within 30 days after the date of the written notice of intent to modify. Districts may amend approved plans pursuant to rules promulgated by the State Board of Education.

Upon notification by the State Board of Education that the district has not submitted a plan prior to July 15 or a modified plan within the time period specified herein, the State aid funds affected by that plan or modified plan shall be withheld by the State Board of Education until a plan or modified plan is submitted.

If the district fails to distribute State aid to attendance centers in accordance with an approved plan, the plan for the following year shall allocate funds, in addition to the funds otherwise required by this subsection, to those attendance centers which were underfunded during the previous year in amounts equal to such underfunding.

For purposes of determining compliance with this subsection in relation to the requirements of attendance center funding, each district subject to the provisions of this subsection shall submit as a separate document by December 1 of each year a report of expenditure data for the prior year in addition to any modification of its current plan. If it is determined that there has been a failure to comply with the expenditure provisions of this subsection regarding contravention or supplanting, the State Superintendent of Education shall, within 60 days of receipt of the report, notify the district and any affected local school council. The district shall within 45 days of receipt of that notification inform the State Superintendent of Education of the remedial or corrective action to be taken, whether by amendment of the current plan, if feasible, or by adjustment in the plan for the following year. Failure to provide the expenditure report or the notification of remedial or corrective action in a timely manner shall result in a withholding of the affected funds.

The State Board of Education shall promulgate rules and regulations to implement the provisions of this subsection. No funds shall be released under this subdivision (H)(4) to any district that has not submitted a plan that has been approved by the State Board of Education.

(I) General State Aid for Newly Configured School Districts.

(1) For a new school district formed by combining property included totally within 2 or more previously existing school districts, for its first year of existence the general State aid and supplemental general State aid calculated under this Section shall be computed for the new district and for the previously existing districts for which property is totally included within the new district. If the computation on the basis of the previously existing districts is greater, a supplementary payment equal to the difference shall be made for the first 4 years of existence of the new district.

(2) For a school district which annexes all of the territory of one or more entire other school districts, for the first year during which the change of boundaries attributable to such annexation becomes effective for all purposes as determined under Section 7-9 or 7A-8, the general State aid and

supplemental general State aid calculated under this Section shall be computed for the annexing district as constituted after the annexation and for the annexing and each annexed district as constituted prior to the annexation; and if the computation on the basis of the annexing and annexed districts as constituted prior to the annexation is greater, a supplementary payment equal to the difference shall be made for the first 4 years of existence of the annexing school district as constituted upon such annexation.

(3) For 2 or more school districts which annex all of the territory of one or more entire other school districts, and for 2 or more community unit districts which result upon the division (pursuant to petition under Section 11A-2) of one or more other unit school districts into 2 or more parts and which together include all of the parts into which such other unit school district or districts are so divided, for the first year during which the change of boundaries attributable to such annexation or division becomes effective for all purposes as determined under Section 7-9 or 11A-10, as the case may be, the general State aid and supplemental general State aid calculated under this Section shall be computed for each annexing or resulting district as constituted after the annexation or division and for each annexing and annexed district, or for each resulting and divided district, as constituted prior to the annexation or division; and if the aggregate of the general State aid and supplemental general State aid as so computed for the annexing or resulting districts as constituted after the annexation or division is less than the aggregate of the general State aid and supplemental general State aid as so computed for the annexing and annexed districts, or for the resulting and divided districts, as constituted prior to the annexation or division, then a supplementary payment equal to the difference shall be made between or among the annexing or resulting districts, or included in each such annexing or resulting district bears to the total pupil enrollment from the entire annexed or divided district or districts, as such pupil enrollment is determined for the school year last ending prior to the date when the change of boundaries attributable to the annexation or division becomes effective for all purposes. The amount of the total difference payment and the amount thereof to be allocated to the annexing or resulting districts shall be computed by the State Board of Education on the basis of pupil enrollment and other data which shall be certified to the State Board of Education, on forms which it shall provide for that purpose, by the regional superintendent of schools for each educational service region in which the annexing and annexed districts, or resulting and divided districts are located.

(3.5) Claims for financial assistance under this subsection (I) shall not be recomputed except as expressly provided under this Section.

(4) Any supplementary payment made under this subsection (I) shall be treated as separate from all other payments made pursuant to this Section.

(J) Supplementary Grants in Aid.

(1) Notwithstanding any other provisions of this Section, the amount of the aggregate general State aid in combination with supplemental general State aid under this Section for which each school district is eligible shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-98 school year, pursuant to the provisions of that Section as it was then in effect. If a school district qualifies to receive a supplementary payment made under this subsection (J), the amount of the aggregate general State aid in combination with supplemental general State aid under this Section which that district is eligible to receive for each school year shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-1998 school year, pursuant to the provisions of that Section as it was then in effect.

(2) If, as provided in paragraph (1) of this subsection (J), a school district is to receive aggregate general State aid in combination with supplemental general State aid under this Section for the 1998-99 school year and any subsequent school year that in any such school year is less than the amount of the aggregate general State aid entitlement that the district received for the 1997-98 school year, the school district shall also receive, from a separate appropriation made for purposes...
of this subsection (J), a supplementary payment that is equal to the amount of the difference in the aggregate State aid figures as described in paragraph (1).

(3) (Blank).

(K) Grants to Laboratory and Alternative Schools.

In calculating the amount to be paid to the governing board of a public university that operates a laboratory school under this Section or to any alternative school that is operated by a regional superintendent of schools, the State Board of Education shall require by rule such reporting requirements as it deems necessary.

As used in this Section, "laboratory school" means a public school which is created and operated by a public university and approved by the State Board of Education. The governing board of a public university which receives funds from the State Board under this subsection (K) may not increase the number of students enrolled in its laboratory school from a single district, if that district is already sending 50 or more students, except under a mutual agreement between the school board of a student's district of residence and the university which operates the laboratory school. A laboratory school may not have more than 1,000 students, excluding students with disabilities in a special education program.

As used in this Section, "alternative school" means a public school which is created and operated by a Regional Superintendent of Schools and approved by the State Board of Education. Such alternative schools may offer courses of instruction for which credit is given in regular school programs, courses to prepare students for the high school equivalency testing program or vocational and occupational training. A regional superintendent of schools may contract with a school district or a public community college district to operate an alternative school. An alternative school serving more than one educational service region may be established by the regional superintendents of schools of the affected educational service regions. An alternative school serving more than one educational service region may be operated under such terms as the regional superintendents of schools of those educational service regions may agree.

Each laboratory and alternative school shall file, on forms provided by the State Superintendent of Education, an annual State aid claim which states the Average Daily Attendance of the school's students by month. The best 3 months' Average Daily Attendance shall be computed for each school. The general State aid entitlement shall be computed by multiplying the applicable Average Daily Attendance by the Foundation Level as determined under this Section.

(L) Payments, Additional Grants in Aid and Other Requirements.

(1) For a school district operating under the financial supervision of an Authority created under Article 34A, the general State aid otherwise payable to that district under this Section, but not the supplemental general State aid, shall be reduced by an amount equal to the budget for the operations of the Authority as certified by the Authority to the State Board of Education, and an amount equal to such reduction shall be paid to the Authority created for such district for its operating expenses in the manner provided in Section 18-11. The remainder of general State school aid for any such district shall be paid in accordance with Article 34A when that Article provides for a disposition other than that provided by this Article.

(2) (Blank).

(3) Summer school. Summer school payments shall be made as provided in Section 18-4.3.

(M) Education Funding Advisory Board.

The Education Funding Advisory Board, hereinafter in this subsection (M) referred to as the "Board", is hereby created. The Board shall consist of 5 members who are appointed by the Governor, by and with the advice and consent of the Senate. The members appointed shall include representatives of education, business, and the general public. One of the members so appointed shall be designated by the Governor at the time the appointment is made as the chairperson of the Board. The initial members of the Board may be appointed any time after the effective date of this amendatory Act of 1997. The regular term of each member of the Board shall be for 4 years from the third Monday of January of the year in which the term of the member's appointment is to commence, except that of the 5 initial members appointed to serve on the Board, the member who is appointed as the chairperson shall serve for a term that commences on the date of his or her appointment and expires on the third Monday of January, 2002, and the remaining 4 members, by lots drawn at the first meeting of the Board that is held after all 5 members are appointed, shall determine 2 of their

number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2001, and 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2000. All members appointed to serve on the Board shall serve until their respective successors are appointed and confirmed. Vacancies shall be filled in the same manner as original appointments. If a vacancy in membership occurs at a time when the Senate is not in session, the Governor shall make a temporary appointment until the next meeting of the Senate, when he or she shall appoint, by and with the advice and consent of the Senate, a person to fill that membership for the unexpired term. If the Senate is not in session when the initial appointments are made, those appointments shall be made as in the case of vacancies.

The Education Funding Advisory Board shall be deemed established, and the initial members appointed by the Governor to serve as members of the Board shall take office, on the date that the Governor makes his or her appointment of the fifth initial member of the Board, whether those initial members are then serving pursuant to appointment and confirmation or pursuant to temporary appointments that are made by the Governor as in the case of vacancies.

The State Board of Education shall provide such staff assistance to the Education Funding Advisory Board as is reasonably required for the proper performance by the Board of its responsibilities.

For school years after the 2000-2001 school year, the Education Funding Advisory Board, in consultation with the State Board of Education, shall make recommendations as provided in this subsection (M) to the General Assembly for the foundation level under subdivision (B)(3) of this Section and for the supplemental general State aid grant level under subsection (H) of this Section for districts with high concentrations of children from poverty. The recommended foundation level shall be determined based on a methodology which incorporates the basic education expenditures of low-spending schools exhibiting high academic performance. The Education Funding Advisory Board shall make such recommendations to the General Assembly on January 1 of odd numbered years, beginning January 1, 2001.

(O) References.

(1) References in other laws to the various subdivisions of Section 18-8 as that Section existed before its repeal and replacement by this Section 18-8.05 shall be deemed to refer to the corresponding provisions of this Section 18-8.05, to the extent that those references remain applicable.

(2) References in other laws to State Chapter 1 funds shall be deemed to refer to the supplemental general State aid provided under subsection (H) of this Section.

PUBLIC ACT 92-0030
(Senate Bill No. 0539)

AN ACT regarding taxes.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Motor Fuel Tax Law is amended by changing Sections 2b, 4e, 5a, 6a, 8, 13, 13a.6, and 15 and by adding Sections 1.27, 1.28, and 1.29 as follows:

(35 ILCS 505/1.27 new)

Sec. 1.27. "Power take-off equipment" means any accessory that is mounted onto or designed as an integral part of a transmission of a motor vehicle that is registered for highway purposes whereby the accessory allows power to be transferred outside the transmission to a shaft or driveline

and the power is used for a purpose other than propelling the motor vehicle.

(35 ILCS 505/1.28 new)
Sec. 1.28. "Semitrailer" means every vehicle without motive power, other than a pole trailer, designed for carrying persons or property and for being drawn by a motor vehicle and so constructed that some part of its weight and that of its load rests upon or is carried by another vehicle.

(35 ILCS 505/1.29 new)
Sec. 1.29. "Research and development" means basic and applied research in the engineering, designing, development, or testing of prototypes or new products. "Research and development" does not include manufacturing quality control, any product testing by consumers, market research, sales promotion, sales service, or other non-technological activities or technical services.

(35 ILCS 505/2b) (from Ch. 120, par. 418b)
Sec. 2b. In addition to the tax collection and reporting responsibilities imposed elsewhere in this Act, a person who is required to pay the tax imposed by Section 2a of this Act shall pay the tax to the Department by return showing all fuel purchased, acquired or received and sold, distributed or used during the preceding calendar month including losses of fuel as the result of evaporation or shrinkage due to temperature variations, and such other reasonable information as the Department may require. Losses of fuel as the result of evaporation or shrinkage due to temperature variations may not exceed 1% one percent of the total gallons in storage at the beginning of the month, plus the receipts of gallonage during the month, minus the gallonage remaining in storage at the end of the month. Any loss reported that is in excess of this amount shall be subject to the tax imposed by Section 2a of this Law. On and after July 1, 2001, for each 6-month period January through June, net losses of fuel for each category of fuel that is required to be reported on a return as the result of evaporation or shrinkage due to temperature variations may not exceed 1% of the total gallons in storage at the beginning of each January, plus the receipts of gallonage each January through June, minus the gallonage remaining in storage at the end of each June. On and after July 1, 2001, for each 6-month period July through December, net losses of fuel for each category of fuel that is required to be reported on a return as the result of evaporation or shrinkage due to temperature variations may not exceed 1% of the total gallons in storage at the beginning of each July, plus the receipts of gallonage each July through December, minus the gallonage remaining in storage at the end of each December. Any net loss reported that is in excess of this amount shall be subject to the tax imposed by Section 2a of this Law. For purposes of this Section, "net loss" means the number of gallons gained through temperature variations minus the number of gallons lost through temperature variations or evaporation for each of the respective 6-month periods.

The return shall be prescribed by the Department and shall be filed between the 1st and 20th days of each calendar month. The Department may, in its discretion, combine the returns filed under this Section, Section 5, and Section 5a of this Act. The return must be accompanied by appropriate computer-generated magnetic media supporting schedule data in the format required by the Department, unless, as provided by rule, the Department grants an exception upon petition of a taxpayer. If the return is filed timely, the seller shall take a discount of 2% which is allowed to reimburse the seller for the expenses incurred in keeping records, preparing and filing returns, collecting and remitting the tax and supplying data to the Department on request. The 2% discount, however, shall be applicable only to the amount of payment which accompanies a return that is filed timely in accordance with this Section.

(35 ILCS 505/4e)

(35 ILCS 505/5) (from Ch. 120, par. 421)
Sec. 5. Except as hereinafter provided, a person holding a valid unrevoked license to act as a distributor of motor fuel shall, between the 1st and 20th days of each calendar month, make return to the Department, showing an itemized statement of the number of invoiced gallons of motor fuel of the types specified in this Section which were purchased, acquired or received during the preceding calendar month; the amount of such motor fuel produced, refined, compounded,
manufactured, blended, sold, distributed, and used by the licensed distributor during the preceding calendar month; the amount of such motor fuel lost or destroyed during the preceding calendar month; and the amount of such motor fuel on hand at the close of business for such month; and such other reasonable information as the Department may require. If a distributor's only activities with respect to motor fuel are either: (1) production of alcohol in quantities of less than 10,000 proof gallons per year or (2) blending alcohol in quantities of less than 10,000 proof gallons per year which such distributor has produced, he shall file returns on an annual basis with the return for a given year being due by January 20 of the following year. Distributors whose total production of alcohol (whether blended or not) exceeds 10,000 proof gallons per year, based on production during the preceding (calendar) year or as reasonably projected by the Department if one calendar year's record of production cannot be established, shall file returns between the 1st and 20th days of each calendar month as hereinabove provided.

The types of motor fuel referred to in the preceding paragraph are: (A) All products commonly or commercially known or sold as gasoline (including casing-head and absorption or natural gasoline), gasohol, motor benzol or motor benzene regardless of their classification or uses; and (B) all combustible gases which exist in a gaseous state at 60 degrees Fahrenheit and at 14.7 pounds per square inch absolute including, but not limited to, liquefied petroleum gases used for highway purposes; and (C) special fuel. Only those quantities of combustible gases (example (B) above) which are used or sold by the distributor to be used to propel motor vehicles on the public highways, or which are delivered into the bulk storage facilities of a bulk user, or which are delivered into a storage tank that is located at a facility that has withdrawal facilities which are readily accessible to and are capable of dispensing combustible gases into the fuel supply tanks of motor vehicles, shall be subject to return. For the purposes of this Act, liquefied petroleum gases shall mean and include any material having a vapor pressure not exceeding that allowed for commercial propane composed predominantly of the following hydrocarbons, either by themselves or as mixtures: Propane, Propylene, Butane (normal butane or iso-butane) and Butylene (including isomers).

In case of a sale of special fuel to someone other than a licensed distributor, or a licensed supplier, for a use other than in motor vehicles, the distributor shall show in his return the amount of invoiced gallons sold and the name and address of the purchaser in addition to any other information the Department may require.

In case of a sale of special fuel to someone other than a licensed distributor, or a licensed supplier, for a use other than in motor vehicles, the distributor shall show in his return the amount of invoiced gallons sold and the name and address of the purchaser in addition to any other information the Department may require.

All special fuel sold or used for non-highway purposes must have a dye added in accordance with Section 4d of this Law.

In case of a tax-free sale, as provided in Section 6, of motor fuel which the distributor is required by this Section to include in his return to the Department, the distributor in his return shall show: (1) If the sale is made to another licensed distributor the amount sold and the name, address and license number of the purchasing distributor; (2) if the sale is made to a person where delivery is made outside of this State the name and address of such purchaser and the point of delivery together with the date and amount delivered; (3) if the sale is made to the Federal Government or its instrumentalities the amount sold; (4) if the sale is made to a municipal corporation owning and operating a local transportation system for public service in this State the name and address of such purchaser, and the amount sold, as evidenced by official forms of exemption certificates properly executed and furnished by such purchaser; (5) if the sale is made to a privately owned public utility owning and operating 2-axle vehicles designed and used for transporting more than 7 passengers, which vehicles are used as common carriers in general transportation of passengers, are not devoted to any specialized purpose and are operated entirely within the territorial limits of a single municipality or of any group of contiguous municipalities or in a close radius thereof, and the operations of which are subject to the regulations of the Illinois Commerce Commission, then the name and address of such purchaser and the amount sold as evidenced by official forms of exemption certificates properly executed and furnished by the purchaser; (6) if the product sold is special fuel and if the sale is made to a licensed supplier under conditions which qualify the sale for tax exemption under Section 6 of this Act, the amount sold and the name, address and license number of the purchaser; and (7) if a sale of special fuel is made to someone other than a licensed distributor, or a licensed supplier, for a use other than in motor vehicles, by making a specific notation thereof on the invoice or sales slip covering such sales and obtaining such supporting documentation as may be required by the Department.
All special fuel sold or used for non-highway purposes must have a dye added in accordance with Section 4d of this Law.

A person whose license to act as a distributor of motor fuel has been revoked shall make a return to the Department covering the period from the date of the last return to the date of the revocation of the license, which return shall be delivered to the Department not later than 10 days from the date of the revocation or termination of the license of such distributor; the return shall in all other respects be subject to the same provisions and conditions as returns by distributors licensed under the provisions of this Act.

The records, waybills and supporting documents kept by railroads and other common carriers in the regular course of business shall be prima facie evidence of the contents and receipt of cars or tanks covered by those records, waybills or supporting documents.

If the Department has reason to believe and does believe that the amount shown on the return as purchased, acquired, received, sold, used, lost or destroyed is incorrect, or that an amount of motor fuel of the types required by the second paragraph of this Section to be reported to the Department has not been correctly reported the Department shall fix an amount for such receipt, sales, use, loss or destruction according to its best judgment and information, which amount so fixed by the Department shall be prima facie correct. All returns shall be made on forms prepared and furnished by the Department, and shall contain such other information as the Department may reasonably require. The return must be accompanied by appropriate computer-generated magnetic media supporting schedule data in the format required by the Department, unless, as provided by rule, the Department grants an exception upon petition of a taxpayer. All licensed distributors shall report all losses of motor fuel sustained on account of fire, theft, spillage, spoilage, leakage, or any other provable cause when filing the return for the period during which the loss occurred. The mere making of the report does not assure the allowance of the loss as a reduction in tax liability. Losses of motor fuel as the result of evaporation or shrinkage due to temperature variations may not exceed 1% of the total gallons in storage at the beginning of the month, plus the receipts of gallonage during the month, minus the gallonage remaining in storage at the end of the month. Any loss reported that is in excess of 1% shall be subject to the tax imposed by Section 2 of this Law. On and after July 1, 2001, for each 6-month period January through June, net losses of motor fuel (for each category of motor fuel that is required to be reported on a return) as the result of evaporation or shrinkage due to temperature variations may not exceed 1% of the total gallons in storage at the beginning of each January, plus the receipts of gallonage each January through June, minus the gallonage remaining in storage at the end of each June. On and after July 1, 2001, for each 6-month period July through December, net losses of motor fuel (for each category of motor fuel that is required to be reported on a return) as the result of evaporation or shrinkage due to temperature variations may not exceed 1% of the total gallons in storage at the beginning of each July, plus the receipts of gallonage each July through December, minus the gallonage remaining in storage at the end of each December. Any net loss reported that is in excess of this amount shall be subject to the tax imposed by Section 2 of this Law. For purposes of this Section, "net loss" means the number of gallons gained through temperature variations minus the number of gallons lost through temperature variations or evaporation for each of the respective 6-month periods.

Sec. 5a. A person holding a valid unrevoked license to act as a supplier of special fuel shall, between the 1st and 20th days of each calendar month, make return to the Department showing an itemized statement of the number of invoiced gallons of special fuel acquired, received, purchased, sold, or used during the preceding calendar month; the amount of special fuel sold, distributed, and used by the licensed supplier during the preceding calendar month; the amount of special fuel lost or destroyed during the preceding calendar month; and the amount of special fuel on hand at the close of business for the preceding calendar month; and such other reasonable information as the Department may require.

A person whose license to act as a supplier of special fuel has been revoked shall make a return to the Department covering the period from the date of the last return to the date of the revocation of the license, which return shall be delivered to the Department not later than 10 days from the date of the revocation or termination of the license of such supplier. The return shall in all
other respects be subject to the same provisions and conditions as returns by suppliers licensed under this Act.

The records, waybills and supporting documents kept by railroads and other common carriers in the regular course of business shall be prima facie evidence of the contents and receipt of cars or tanks covered by those records, waybills or supporting documents.

If the Department has reason to believe and does believe that the amount shown on the return as purchased, acquired, sold, used, or lost is incorrect, or that an amount of special fuel of the type required by the 1st paragraph of this Section to be reported to the Department by suppliers has not been correctly reported as a purchase, receipt, sale, use, or loss the Department shall fix an amount for such purchase, receipt, sale, use, or loss according to its best judgment and information, which amount so fixed by the Department shall be prima facie correct. All licensed suppliers shall report all losses of special fuel sustained on account of fire, theft, spillage, spoilage, leakage, or any other provable cause when filing the return for the period during which the loss occurred. The mere making of the report does not assure the allowance of the loss as a reduction in tax liability. Losses of special fuel as the result of evaporation or shrinkage due to temperature variations may not exceed 1% of the total gallons in storage at the beginning of the month, plus the receipts of gallonage during the month, minus the gallonage remaining in storage at the end of the month.

Any loss reported that is in excess of 1% shall be subject to the tax imposed by Section 2 of this Law. On and after July 1, 2001, for each 6-month period January through June, net losses of special fuel (for each category of special fuel that is required to be reported on a return) as the result of evaporation or shrinkage due to temperature variations may not exceed 1% of the total gallons in storage at the beginning of each January, plus the receipts of gallonage each January through June, minus the gallonage remaining in storage at the end of each June. On and after July 1, 2001, for each 6-month period July through December, net losses of special fuel (for each category of special fuel that is required to be reported on a return) as the result of evaporation or shrinkage due to temperature variations may not exceed 1% of the total gallons in storage at the beginning of each July, plus the receipts of gallonage each July through December, minus the gallonage remaining in storage at the end of each December. Any net loss reported that is in excess of this amount shall be subject to the tax imposed by Section 2 of this Law. For purposes of this Section, "net loss" means the number of gallons gained through temperature variations minus the number of gallons lost through temperature variations or evaporation for each of the respective 6-month periods.

In case of a sale of special fuel to someone other than a licensed distributor or licensed supplier for a use other than in motor vehicles, the supplier shall show in his return the amount of invoiced gallons sold and the name and address of the purchaser in addition to any other information the Department may require.

All special fuel sold or used for non-highway purposes must have a dye added in accordance with Section 4d of this Law.

All returns shall be made on forms prepared and furnished by the Department and shall contain such other information as the Department may reasonably require. The return must be accompanied by appropriate computer-generated magnetic media supporting schedule data in the format required by the Department, unless, as provided by rule, the Department grants an exception upon petition of a taxpayer.

In case of a tax-free sale, as provided in Section 6a, of special fuel which the supplier is required by this Section to include in his return to the Department, the supplier in his return shall show: (1) If the sale of special fuel is made to the Federal Government or its instrumentalities; (2) if the sale of special fuel is made to a municipal corporation owning and operating a local transportation system for public service in this State, the name and address of such purchaser and the amount sold, as evidenced by official forms of exemption certificates properly executed and furnished by such purchaser; (3) if the sale of special fuel is made to a privately owned public utility owning and operating 2-axle vehicles designed and used for transporting more than 7 passengers, which vehicles are used as common carriers in general transportation of passengers, are not devoted to any specialized purpose and are operated entirely within the territorial limits of a single municipality or of any group of contiguous municipalities or in a close radius thereof, and the operations of which are subject to the regulations of the Illinois Commerce Commission, then the

name and address of such purchaser and the amount sold, as evidenced by official forms of
exemption certificates properly executed and furnished by such purchaser; (4) if the product sold is
special fuel and if the sale is made to a licensed supplier or to a licensed distributor under conditions
which qualify the sale for tax exemption under Section 6a of this Act, the amount sold and the name,
address and license number of such purchaser; (5) if a sale of special fuel is made to a person where
delivery is made outside of this State, the name and address of such purchaser and the point of
delivery together with the date and amount of invoiced gallons delivered; and (6) if a sale of special
fuel is made to someone other than a licensed distributor or a licensed supplier, for a use other than
in motor vehicles, by making a specific notation thereof on the invoice or sales slip covering that sale
and obtaining such supporting documentation as may be required by the Department.

All special fuel sold or used for non-highway purposes must have a dye added in accordance
with Section 4d of this Law.

(35 ILCS 505/6a) (from Ch. 120, par. 422a)

Sec. 6a. Collection of tax; suppliers. A supplier, other than a licensed distributor, who sells
or distributes any special fuel, which he is required by Section 5a to report to the Department when
filing a return, shall (except as hereinafter provided) collect at the time of such sale and distribution,
the amount of tax imposed under this Act on all such special fuel sold and distributed, and at the time
of making a return, the supplier shall pay to the Department the amount so collected less a discount
of 2% which is allowed to reimburse the supplier for the expenses incurred in keeping records,
preparing and filing returns, collecting and remitting the tax and supplying data to the Department
on request, and shall also pay to the Department an amount equal to the amount that would be
collectible as a tax in the event of a sale thereof on all such special fuel used by said supplier during
the period covered by the return. However, no payment shall be made based upon dyed diesel fuel
used by said supplier for non-highway purposes. The 2% discount shall only be applicable to the
amount of tax payment which accompanies a return which is filed timely in accordance with Section
5(a) of this Act. In each subsequent sale of special fuel on which the amount of tax imposed under
this Act has been collected as provided in this Section, the amount so collected shall be added to the
selling price, so that the amount of tax is paid ultimately by the user of the special fuel. However, no
collection or payment shall be made in the case of the sale or use of any special fuel to the extent to
which such sale or use of motor fuel may not, under the Constitution and statutes of the United
States, be made the subject of taxation by this State.

A person whose license to act as supplier of special fuel has been revoked shall, at the time
of making a return, also pay to the Department an amount equal to the amount that would be
collectible as a tax in the event of a sale thereof on all special fuel, which he is required by the 1st
paragraph of Section 5a to report to the Department in making a return.

A supplier may make tax-free sales of special fuel, with respect to which he is otherwise
required to collect the tax, when the motor fuel is delivered from a dispensing facility that has
withdrawal facilities capable of dispensing special fuel into the fuel supply tanks of motor vehicles
only as specified in the following items 1, 2, and 3. A supplier may make tax-free sales of special

(35 ILCS 505/8) (from Ch. 120, par. 424)

Sec. 8. Except as provided in Section 8a, subdivision (h)(1) of Section 12a, Section 13a, subdivision (h)(1) of Section 12a, Section 13a.6, and items 13, 14, 15, and 16 of Section 15, all money received by the Department under this Act, including payments made to the Department by member jurisdictions participating in the International Fuel Tax Agreement, shall be deposited in a special fund in the State treasury, to be known as the "Motor Fuel Tax Fund", and shall be used as follows:

(a) 2 1/2 cents per gallon of the tax collected on special fuel under paragraph (b) of Section 2 and Section 13a of this Act shall be transferred to the State Construction Account Fund in the State Treasury;

(b) $420,000 shall be transferred each month to the State Boating Act Fund to be used by the Department of Natural Resources for the purposes specified in Article X of the Boat Registration and Safety Act;

(c) $2,250,000 shall be transferred each month to the Grade Crossing Protection Fund to be used as follows: not less than $6,000,000 each fiscal year shall be used for the construction or reconstruction of rail highway grade separation structures; beginning with fiscal year 1997 and ending in fiscal year 2000, $1,500,000, beginning with fiscal year 2001 and ending in fiscal year 2003, $2,250,000, and $750,000 in fiscal year 2004 and each fiscal year thereafter shall be transferred to the Transportation Regulatory Fund and shall be accounted for as part of the rail carrier portion of such funds and shall be used to pay the cost of administration of the Illinois Commerce Commission's railroad safety program in connection with its duties under subsection (3) of Section 18c-7401 of the Illinois Vehicle Code, with the remainder to be used by the Department of Transportation upon order of the Illinois Commerce Commission, to pay that part of the cost apportioned by such Commission to the State to cover the interest of the public in the use of highways, roads, streets, or pedestrian walkways in the county highway system, township and district road system, or municipal street system as defined in the Illinois Highway Code, as the same may from time to time be amended, for separation of grades, for installation, construction or reconstruction of crossing protection or reconstruction, alteration, relocation including construction or improvement of any existing highway necessary for access to property or improvement of any grade crossing including the necessary highway approaches thereto of any railroad across the highway or public road, or for the installation, construction, reconstruction, or maintenance of a pedestrian walkway over or under a railroad right-of-way, as provided for in and in accordance with Section 18c-7401 of the Illinois Vehicle Code. The Commission shall not order more than $2,000,000 per year in Grade Crossing Protection Fund moneys for pedestrian walkways. In entering orders for projects for which payments from the Grade Crossing Protection Fund will be made, the Commission shall account for expenditures authorized by the orders on a cash rather than an accrual basis. For purposes of this requirement an "accrual basis" assumes that the total cost of the project is expended in the fiscal year in which the order is entered, while a "cash basis" allocates the cost of the project among fiscal years as expenditures are actually made. To meet the requirements of this subsection, the Illinois Commerce Commission shall develop annual and 5-year project plans of rail crossing capital improvements that will be paid for with moneys from the Grade Crossing Protection Fund. The annual project plan shall identify projects for the succeeding fiscal year and the 5-year
The project plan shall identify projects for the 5 directly succeeding fiscal years. The Commission shall submit the annual and 5-year project plans for this Fund to the Governor, the President of the Senate, the Senate Minority Leader, the Speaker of the House of Representatives, and the Minority Leader of the House of Representatives on the first Wednesday in April of each year;

(d) of the amount remaining after allocations provided for in subsections (a), (b) and (c), a sufficient amount shall be reserved to pay all of the following:

1. the costs of the Department of Revenue in administering this Act;
2. the costs of the Department of Transportation in performing its duties imposed by the Illinois Highway Code for supervising the use of motor fuel tax funds apportioned to municipalities, counties and road districts;
3. refunds provided for in Section 13 of this Act and under the terms of the International Fuel Tax Agreement referenced in Section 14a;
4. from October 1, 1985 until June 30, 1994, the administration of the Vehicle Emissions Inspection Law, which amount shall be certified monthly by the Environmental Protection Agency to the State Comptroller and shall promptly be transferred by the State Comptroller and Treasurer from the Motor Fuel Tax Fund to the Vehicle Inspection Fund, and for the period July 1, 1994 through June 30, 2000, one-twelfth of $25,000,000 each month, and for the period July 1, 2000 through June 30, 2006, one-twelfth of $30,000,000 each month, for the administration of the Vehicle Emissions Inspection Law of 1995, to be transferred by the State Comptroller and Treasurer from the Motor Fuel Tax Fund into the Vehicle Inspection Fund;
5. amounts ordered paid by the Court of Claims; and
6. payment of motor fuel use taxes due to member jurisdictions under the terms of the International Fuel Tax Agreement. The Department shall certify these amounts to the Comptroller by the 15th day of each month; the Comptroller shall cause orders to be drawn for such amounts, and the Treasurer shall administer those amounts on or before the last day of each month;

(e) after allocations for the purposes set forth in subsections (a), (b), (c) and (d), the remaining amount shall be apportioned as follows:

1. Until January 1, 2000, 58.4%, and beginning January 1, 2000, 45.6% shall be deposited as follows:
   (A) 37% into the State Construction Account Fund, and
   (B) 63% into the Road Fund, $1,250,000 of which shall be reserved each month for the Department of Transportation to be used in accordance with the provisions of Sections 6-901 through 6-906 of the Illinois Highway Code;  
2. Until January 1, 2000, 41.6%, and beginning January 1, 2000, 54.4% shall be transferred to the Department of Transportation to be distributed as follows:
   (A) 49.10% to the municipalities of the State,
   (B) 16.74% to the counties of the State having 1,000,000 or more inhabitants,
   (C) 18.27% to the counties of the State having less than 1,000,000 inhabitants,
   (D) 15.89% to the road districts of the State.

As soon as may be after the first day of each month the Department of Transportation shall allot to each municipality its share of the amount apportioned to the several municipalities which shall be in proportion to the population of such municipalities as determined by the last preceding municipal census if conducted by the Federal Government or Federal census. If territory is annexed to any municipality subsequent to the time of the last preceding census the corporate authorities of such municipality may cause a census to be taken of such annexed territory and the population so ascertained for such territory shall be added to the population of the municipality as determined by the last preceding census for the purpose of determining the allotment for that municipality. If the population of any municipality was not determined by the last Federal census preceding any apportionment, the apportionment to such municipality shall be in accordance with any census taken by such municipality. Any municipal census used in accordance with this Section shall be certified to the Department of Transportation by the clerk of such municipality, and the accuracy thereof shall be subject to approval of the Department which may make such corrections as it ascertains to be necessary.

New matter indicated by italics - deletions by strikeout.
As soon as may be after the first day of each month the Department of Transportation shall allot to each county its share of the amount apportioned to the several counties of the State as herein provided. Each allotment to the several counties having less than 1,000,000 inhabitants shall be in proportion to the amount of motor vehicle license fees received from the residents of such counties, respectively, during the preceding calendar year. The Secretary of State shall, on or before April 15 of each year, transmit to the Department of Transportation a full and complete report showing the amount of motor vehicle license fees received from the residents of each county, respectively, during the preceding calendar year. The Department of Transportation shall, each month, use for allotment purposes the last such report received from the Secretary of State.

As soon as may be after the first day of each month, the Department of Transportation shall allot to the several counties their share of the amount apportioned for the use of road districts. The allotment shall be apportioned among the several counties in the State in the proportion which the total mileage of township or district roads in the respective counties bears to the total mileage of all township and district roads in the State. Funds allotted to the respective counties for the use of road districts therein shall be allocated to the several road districts in the county in the proportion which the total mileage of such township or district roads in the respective road districts bears to the total mileage of all such township or district roads in the county. After July 1 of any year, no allocation shall be made for any road district unless it levied a tax for road and bridge purposes in an amount which will require the extension of such tax against the taxable property in any such road district at a rate of not less than either .08% of the value thereof, based upon the assessment for the year immediately prior to the year in which such tax was levied and as equalized by the Department of Revenue or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less. If any road district has levied a special tax for road purposes pursuant to Sections 6-601, 6-602 and 6-603 of the Illinois Highway Code, and such tax was levied in an amount which would require extension at a rate of not less than .08% of the value of the taxable property thereof, as equalized or assessed by the Department of Revenue, or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less, such levy shall, however, be deemed a proper compliance with this Section and shall qualify such road district for an allotment under this Section. If a township has transferred to the road and bridge fund money which, when added to the amount of any tax levy of the road district would be the equivalent of a tax levy requiring extension at a rate of at least .08%, or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less, such transfer, together with any such tax levy, shall be deemed a proper compliance with this Section and shall qualify the road district for an allotment under this Section.

In counties in which a property tax extension limitation is imposed under the Property Tax Extension Limitation Law, road districts may retain their entitlement to a motor fuel tax allotment if, at the time the property tax extension limitation was imposed, the road district was levying a road and bridge tax at a rate sufficient to entitle it to a motor fuel tax allotment and continues to levy the maximum allowable amount after the imposition of the property tax extension limitation. Any road district may in all circumstances retain its entitlement to a motor fuel tax allotment if it levied a road and bridge tax in an amount that will require the extension of the tax against the taxable property in the road district at a rate of not less than 0.08% of the assessed value of the property, based upon the assessment for the year immediately preceding the year in which the tax was levied and as equalized by the Department of Revenue or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less.

As used in this Section the term "road district" means any road district, including a county unit road district, provided for by the Illinois Highway Code; and the term "township or district road" means any road in the township and district road system as defined in the Illinois Highway Code. For the purposes of this Section, "road district" also includes park districts, forest preserve districts and conservation districts organized under Illinois law and "township or district road" also includes such roads as are maintained by park districts, forest preserve districts and conservation districts. The Department of Transportation shall determine the mileage of all township and district roads for the purposes of making allotments and allocations of motor fuel tax funds for use in road districts.

Payment of motor fuel tax moneys to municipalities and counties shall be made as soon as
possible after the allotment is made. The treasurer of the municipality or county may invest these funds until their use is required and the interest earned by these investments shall be limited to the same uses as the principal funds.

Sec. 13. Refund of tax paid. Any person other than a distributor or supplier, who loses motor fuel through any cause or uses motor fuel (upon which he has paid the amount required to be collected under Section 2 of this Act) for any purpose other than operating a motor vehicle upon the public highways or waters, shall be reimbursed and repaid the amount so paid.

Any person who purchases motor fuel in Illinois and uses that motor fuel in another state and that other state imposes a tax on the use of such motor fuel shall be reimbursed and repaid the amount of Illinois tax paid under Section 2 of this Act on the motor fuel used in such other state. Reimbursement and repayment shall be made by the Department upon receipt of adequate proof of taxes paid to another state and the amount of motor fuel used in that state.

Claims for such reimbursement must be made to the Department of Revenue, duly verified by the claimant (or by the claimant's legal representative if the claimant has died or become a person under legal disability), upon forms prescribed by the Department. The claim must state such facts relating to the purchase, importation, manufacture or production of the motor fuel by the claimant as the Department may deem necessary, and the time when, and the circumstances of its loss or the specific purpose for which it was used (as the case may be), together with such other information as the Department may reasonably require. No claim based upon idle time shall be allowed.

Claims for full reimbursement for taxes paid on or before December 31, 1999 must be filed not later than one year after the date on which the tax was paid by the claimant. If, however, a claim for such reimbursement otherwise meeting the requirements of this Section is filed more than one year but less than 2 years after that date, the claimant shall be reimbursed at the rate of 80% of the amount to which he would have been entitled if his claim had been timely filed.

Claims for full reimbursement for taxes paid on or after January 1, 2000 must be filed not later than 2 years after the date on which the tax was paid by the claimant.

The Department may make such investigation of the correctness of the facts stated in such claims as it deems necessary. When the Department has approved any such claim, it shall pay to the claimant (or to the claimant's legal representative, as such if the claimant has died or become a person under legal disability) the reimbursement provided in this Section, out of any moneys appropriated to it for that purpose.

Any distributor or supplier who has paid the tax imposed by Section 2 of this Act upon motor fuel lost or used by such distributor or supplier for any purpose other than operating a motor vehicle upon the public highways or waters may file a claim for credit or refund to recover the amount so paid. Such claims shall be filed on forms prescribed by the Department. Such claims shall be made to the Department, duly verified by the claimant (or by the claimant's legal representative if the claimant has died or become a person under legal disability), upon forms prescribed by the Department. The claim shall state such facts relating to the purchase, importation, manufacture or production of the motor fuel by the claimant as the Department may deem necessary and the time when the loss or nontaxable use occurred, and the circumstances of its loss or the specific purpose for which it was used (as the case may be), together with such other information as the Department may reasonably require. Claims must be filed not later than one year after the date on which the tax was paid by the claimant.

The Department may make such investigation of the correctness of the facts stated in such claims as it deems necessary. When the Department approves a claim, the Department shall issue a refund or credit memorandum as requested by the taxpayer, to the distributor or supplier who made the payment for which the refund or credit is being given or, if the distributor or supplier has died or become incompetent, to such distributor's or supplier's legal representative, as such. The amount of such credit memorandum shall be credited against any tax due or to become due under this Act from the distributor or supplier who made the payment for which credit has been given.

Any credit or refund that is allowed under this Section shall bear interest at the rate and in

the manner specified in the Uniform Penalty and Interest Act.

In case the distributor or supplier requests and the Department determines that the claimant is entitled to a refund, such refund shall be made only from such appropriation as may be available for that purpose. If it appears unlikely that the amount appropriated would permit everyone having a claim allowed during the period covered by such appropriation to elect to receive a cash refund, the Department, by rule or regulation, shall provide for the payment of refunds in hardship cases and shall define what types of cases qualify as hardship cases.

In any case in which there has been an erroneous refund of tax payable under this Section, a notice of tax liability may be issued at any time within 3 years from the making of that refund, or within 5 years from the making of that refund if it appears that any part of the refund was induced by fraud or the misrepresentation of material fact. The amount of any proposed assessment set forth by the Department shall be limited to the amount of the erroneous refund.

If no tax is due and no proceeding is pending to determine whether such distributor or supplier is indebted to the Department for tax, the credit memorandum so issued may be assigned and set over by the lawful holder thereof, subject to reasonable rules of the Department, to any other licensed distributor or supplier who is subject to this Act, and the amount thereof applied by the Department against any tax due or to become due under this Act from such assignee.

If the payment for which the distributor's or supplier's claim is filed is held in the protest fund of the State Treasury during the pendency of the claim for credit proceedings pursuant to the order of the court in accordance with Section 2a of the State Officers and Employees Money Disposition Act and if it is determined by the Department or by the final order of a reviewing court under the Administrative Review Law that the claimant is entitled to all or a part of the credit claimed, the claimant, instead of receiving a credit memorandum from the Department, shall receive a cash refund from the protest fund as provided for in Section 2a of the State Officers and Employees Money Disposition Act.

If any person ceases to be licensed as a distributor or supplier while still holding an unused credit memorandum issued under this Act, such person may, at his election (instead of assigning the credit memorandum to a licensed distributor or licensed supplier under this Act), surrender such unused credit memorandum to the Department and receive a refund of the amount to which such person is entitled.

For claims based upon taxes paid on or before December 31, 2000, a no claim based upon the use of undyed diesel fuel shall not be allowed except (i) if allowed under the following paragraph or (ii) for undyed diesel fuel used by a commercial vehicle, as that term is defined in Section 1-111.8 of the Illinois Vehicle Code, for any purpose other than operating the commercial vehicle upon the public highways and unlicensed commercial vehicles operating on private property. Claims shall be limited to commercial vehicles that are operated for both highway purposes and any purposes other than operating such vehicles upon the public highways.

For claims based upon taxes paid on or after January 1, 2000, a claim based upon the use of undyed diesel fuel shall not be allowed except (i) if allowed under the preceding paragraph or (ii) for claims for the following:

1. Undyed diesel fuel used (i) in a manufacturing process, as defined in Section 2-45 of the Retailers' Occupation Tax Act, wherein the undyed diesel fuel becomes a component part of a product or by-product, other than fuel or motor fuel, when the use of dyed diesel fuel in that manufacturing process results in a product that is unsuitable for its intended use or (ii) for testing machinery and equipment in a manufacturing process, as defined in Section 2-45 of the Retailers' Occupation Tax Act, wherein the testing takes place on private property.

2. Undyed diesel fuel used by a manufacturer on private property in the research and development, as defined in Section 1.29, of machinery or equipment intended for manufacture.

3. Undyed diesel fuel used by a single unit self-propelled agricultural fertilizer implement, designed for on and off road use, equipped with flotation tires and specially adapted for the application of plant food materials or agricultural chemicals.

4. Undyed diesel fuel used by a commercial motor vehicle for any purpose other than operating the commercial motor vehicle upon the public highways. Claims shall be limited
to commercial motor vehicles that are operated for both highway purposes and any purposes other than operating such vehicles upon the public highways.

(5) Undyed diesel fuel used by a unit of local government in its operation of an airport if the undyed diesel fuel is used directly in airport operations on airport property.

(6) Undyed diesel fuel used by refrigeration units that are permanently mounted to a semitrailer, as defined in Section 1.28 of this Law, wherein the refrigeration units have a fuel supply system dedicated solely for the operation of the refrigeration units.

(7) Undyed diesel fuel used by power take-off equipment as defined in Section 1.27 of this Law.

Any person who has paid the tax imposed by Section 2 of this Law upon undyed diesel fuel that is unintentionally mixed with dyed diesel fuel and who owns or controls the mixture of undyed diesel fuel and dyed diesel fuel may file a claim for refund to recover the amount paid. The amount of undyed diesel fuel unintentionally mixed must equal 500 gallons or more. Any claim for refund of unintentionally mixed undyed diesel fuel and dyed diesel fuel shall be supported by documentation showing the date and location of the unintentional mixing, the number of gallons involved, the disposition of the mixed diesel fuel, and any other information that the Department may reasonably require. Any unintentional mixture of undyed diesel fuel and dyed diesel fuel shall be sold or used only for non-highway purposes.

The Department shall promulgate regulations establishing specific limits on the amount of undyed diesel fuel that may be claimed for refund.

For purposes of claims for refund, "loss" means the reduction of motor fuel resulting from fire, theft, spillage, spoilage, leakage, or any other provable cause, but does not include a reduction resulting from evaporation or shrinkage due to temperature variations.

(b) If a commercial motor vehicle is found to be operating in Illinois without a valid motor fuel use tax license and without properly displaying decals required by Section 13a.4 or without a valid single trip permit when required by Section 13a.5 of this Act or a valid 30-day International Fuel Tax Agreement temporary permit, the person required to obtain a license or permit under Section 13a.4 or 13a.5 of this Law must pay a minimum of $1,000 as a penalty. For each subsequent occurrence, the person must pay a minimum of $2,000 as a penalty.

All penalties received under this Section shall be deposited into the Tax Compliance and Administration Fund.

Improper use of the motor fuel use tax license, single trip permit, or decals provided for in this Section may be cause for revocation of the license.

For purposes of this Section, "motor fuel use tax license" means (i) a motor fuel use tax license issued by the Department or by any member jurisdiction under the International Fuel Tax Agreement, or (ii) a valid 30-day International Fuel Tax Agreement temporary permit.

For purposes of this Section, dyed diesel fuel means any dyed diesel fuel whether or not dyed pursuant to Section 4d of this Law.

Any person aggrieved by any action of the Department under item 13, 14, 15, or 16 of this Section may protest the action by making a written request for a hearing within 60 days of the original action. If the hearing is not requested in writing within 60 days, the original action is final.

Section 10. The Environmental Impact Fee Law is amended by changing Section 315 as follows:

(415 ILCS 125/315)
Sec. 315. Fee on receivers of fuel for sale or use; collection and reporting. A person that is required to pay the fee imposed by this Law shall pay the fee to the Department by return showing all fuel purchased, acquired, or received and sold, distributed or used during the preceding calendar month, including losses of fuel as the result of evaporation or shrinkage due to temperature variations, and such other reasonable information as the Department may require. Losses of fuel as the result of evaporation or shrinkage due to temperature variations may not exceed 1% of the total gallons in storage at the beginning of the month, plus the receipts of gallonage during the month, minus the gallonage remaining in storage at the end of the month. Any loss reported that is in excess of this amount shall be subject to the fee imposed by Section 310 of this Law. On and after July 1, 2001, for each 6-month period January through June, net losses of fuel (for each category of fuel that is required to be reported on a return) as the result of evaporation or shrinkage due to temperature variations may not exceed 1% of the total gallons in storage at the beginning of each January, plus the receipts of gallonage each January through June, minus the gallonage remaining in storage at the end of each January. On and after July 1, 2001, for each 6-month period July through December, net losses of fuel (for each category of fuel that is required to be reported on a return) as the result of evaporation or shrinkage due to temperature variations may not exceed 1% of the...
total gallons in storage at the beginning of each July, plus the receipts of gallonage each July through December, minus the gallonage remaining in storage at the end of each December. Any net loss reported that is in excess of this amount shall be subject to the fee imposed by Section 310 of this Law. For purposes of this Section, "net loss" means the number of gallons gained through temperature variations minus the number of gallons lost through temperature variations or evaporation for each of the respective 6-month periods.

The return shall be prescribed by the Department and shall be filed between the 1st and 20th days of each calendar month. The Department may, in its discretion, combine the return filed under this Law with the return filed under Section 2b of the Motor Fuel Tax Law. If the return is timely filed, the receiver may take a discount of 2% to reimburse himself for the expenses incurred in keeping records, preparing and filing returns, collecting and remitting the fee, and supplying data to the Department on request. However, the 2% discount applies only to the amount of the fee payment that accompanies a return that is timely filed in accordance with this Section.

PUBLIC ACT 92-0031
(Senate Bill No. 0608)

AN ACT in relation to public aid.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Illinois Public Aid Code is amended by changing Section 5-5.4 as follows:
(305 ILCS 5/5-5.4) (from Ch. 23, par. 5-5.4)
Sec. 5-5.4. Standards of Payment - Department of Public Aid. The Department of Public Aid shall develop standards of payment of skilled nursing and intermediate care services in facilities providing such services under this Article which:

(1) Provides for the determination of a facility's payment for skilled nursing and intermediate care services on a prospective basis. The amount of the payment rate for all nursing facilities certified under the medical assistance program shall be prospectively established annually on the basis of historical, financial, and statistical data reflecting actual costs from prior years, which shall be applied to the current rate year and updated for inflation, except that the capital cost element for newly constructed facilities shall be based upon projected budgets. The annually established payment rate shall take effect on July 1 in 1984 and subsequent years. Rate increases shall be provided annually thereafter on July 1 in 1984 and on each subsequent July 1 in the following years, except that no rate increase and no update for inflation shall be provided on or after July 1, 1994 and before July 1, 2001, unless specifically provided for in this Section.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age

New matter indicated by italics - deletions by strikeout.
22 facilities, the rates taking effect on July 1, 1998 shall include an increase of 3%. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Skilled Nursing facilities or Intermediate Care facilities, the rates taking effect on July 1, 1998 shall include an increase of 3% plus $1.10 per resident-day, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on July 1, 1999 shall include an increase of 1.6% plus $3.00 per resident-day, as defined by the Department. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Skilled Nursing facilities or Intermediate Care facilities, the rates taking effect on July 1, 1999 shall include an increase of 1.6% and, for services provided on or after October 1, 1999, shall be increased by $4.00 per resident-day, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on July 1, 2000 shall include an increase of 2.5% per resident-day, as defined by the Department. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Skilled Nursing facilities or Intermediate Care facilities, the rates taking effect on July 1, 2000 shall include an increase of 2.5% per resident-day, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the rates taking effect on July 1, 2001, and each subsequent year thereafter, shall be computed using the most recent cost reports on file with the Department of Public Aid no later than April 1, 2000 updated for inflation to January 1, 2001. For rates effective July 1, 2001 only, rates shall be the greater of the rate computed for July 1, 2001 or the rate effective on June 30, 2001.

Rates established effective each July 1 shall govern payment for services rendered throughout that fiscal year, except that rates established on July 1, 1996 shall be increased by 6.8% for services provided on or after January 1, 1997. Such rates will be based upon the rates calculated for the year beginning July 1, 1990, and for subsequent years thereafter until June 30, 2001 shall be based on the facility cost reports for the facility fiscal year ending at any point in time during the previous calendar year, updated to the midpoint of the rate year. The cost report shall be on file with the Department no later than April 1 of the current rate year. Should the cost report not be on file by April 1, the Department shall base the rate on the latest cost report filed by each skilled care facility and intermediate care facility, updated to the midpoint of the current rate year. In determining rates for services rendered on and after July 1, 1985, fixed time shall not be computed at less than zero. The Department shall not make any alterations of regulations which would reduce any component of the Medicaid rate to a level below what that component would have been utilizing in the rate effective on July 1, 1984.

(2) Shall take into account the actual costs incurred by facilities in providing services for recipients of skilled nursing and intermediate care services under the medical assistance program.

(3) Shall take into account the medical and psycho-social characteristics and needs of the patients.

(4) Shall take into account the actual costs incurred by facilities in meeting licensing and certification standards imposed and prescribed by the State of Illinois, any of its political subdivisions or municipalities and by the U.S. Department of Health and Human Services pursuant to Title XIX of the Social Security Act.

The Department of Public Aid shall develop precise standards for payments to reimburse nursing facilities for any utilization of appropriate rehabilitative personnel for the provision of rehabilitative services which is authorized by federal regulations, including reimbursement for services provided by qualified therapists or qualified assistants, and which is in accordance with accepted professional practices. Reimbursement also may be made for utilization of other supportive personnel under appropriate supervision.

(805 ILCS 5/8.75) (from Ch. 32, par. 8.75)
Sec. 8.75. Indemnification of officers, directors, employees and agents; insurance.
(a) A corporation may indemnify any person who was or is a party, or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation) by reason of the fact that he or she is or was a director, officer, employee or agent of the corporation, or who is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit or proceeding, if such person acted in good faith and in a manner he or she reasonably believed to be in, or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which he or she reasonably believed to be in or not opposed to the best interests of the corporation or, with respect to any criminal action or proceeding, that the person had reasonable cause to believe that his or her conduct was unlawful.
(b) A corporation may indemnify any person who was or is a party, or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that such person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees) actually and reasonably incurred by such person in connection with the defense or settlement of such action or suit, if such person acted in good faith and in a manner he or she reasonably believed to be in, or not opposed to, the best interests of the corporation, provided that no indemnification shall be made with respect to any claim, issue, or matter as to which such person has been adjudged to have been liable to the corporation, unless, and only to the extent that the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability, but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such
expenses as the court shall deem proper.

(c) To the extent that a present or former director, officer or employee of a corporation has been successful, on the merits or otherwise, in the defense of any action, suit or proceeding referred to in subsections (a) and (b), or in defense of any claim, issue or matter therein, such person shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by such person in connection therewith, if the person acted in good faith and in a manner he or she reasonably believed to be in, or not opposed to, the best interests of the corporation.

(d) Any indemnification under subsections (a) and (b) (unless ordered by a court) shall be made by the corporation only as authorized in the specific case, upon a determination that indemnification of the present or former director, officer, employee or agent is proper in the circumstances because he or she has met the applicable standard of conduct set forth in subsections (a) or (b). Such determination shall be made with respect to a person who is a director or officer at the time of the determination: (1) by the majority vote of the directors who are not parties to such action, suit or proceeding, even though less than a quorum, (2) by a committee of the directors designated by a majority vote of the directors, even though less than a quorum, (3) if there are no such directors, or if the directors so direct, or (2) if such a quorum is not obtainable, or, even if obtainable, if a quorum of disinterested directors so directs; by independent legal counsel in a written opinion, or (4) by the shareholders.

(e) Expenses (including attorney's fees) incurred by an officer or director in defending a civil or criminal action, suit or proceeding may be paid by the corporation in advance of the final disposition of such action, suit or proceeding upon receipt of an undertaking by or on behalf of the officer, employee or agent to repay such amount if it shall ultimately be determined that such person is not entitled to be indemnified by the corporation as authorized in this Section. Such expenses (including attorney's fees) incurred by former directors and officers or other employees and agents may be so paid on such terms and conditions, if any, as the corporation deems appropriate.

(f) The indemnification and advancement of expenses provided by or granted under the other subsections of this Section shall not be deemed exclusive of any other rights to which those seeking indemnification or advancement of expenses may be entitled under any by-law, agreement, vote of shareholders or disinterested directors, or otherwise, both as to action in his or her official capacity and as to action in another capacity while holding such office.

(g) A corporation may purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the corporation, or who is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against any liability asserted against such person and incurred by such person in any such capacity or arising out of his or her status as such, whether or not the corporation would have the power to indemnify such person against such liability under the provisions of this Section.

(h) If a corporation indemnifies or advances expenses to a director or officer under subsection (b) of this Section, the corporation shall report the indemnification or advance in writing to the shareholders with or before the notice of the next shareholders meeting.

(i) For purposes of this Section, references to "the corporation" shall include, in addition to the surviving corporation, any merging corporation (including any corporation having merged with a merging corporation) absorbed in a merger which, if its separate existence had continued, would have had the power and authority to indemnify its directors, officers, and employees or agents, so that any person who was a director, officer, employee or agent of such merging corporation, or was serving at the request of such merging corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, shall stand in the same position under the provisions of this Section with respect to the surviving corporation as such person would have with respect to such merging corporation if its separate existence had continued.

(j) For purposes of this Section, references to "other enterprises" shall include employee benefit plans; references to "fines" shall include any excise taxes assessed on a person with respect to an employee benefit plan; and references to "serving at the request of the corporation" shall include any service as a director, officer, employee or agent of the corporation which imposes duties
on, or involves services by such director, officer, employee, or agent with respect to an employee
benefit plan, its participants, or beneficiaries. A person who acted in good faith and in a manner he
or she reasonably believed to be in the best interests of the participants and beneficiaries of an
employee benefit plan shall be deemed to have acted in a manner "not opposed to the best interest
of the corporation" as referred to in this Section.

(k) The indemnification and advancement of expenses provided by or granted under this
Section shall, unless otherwise provided when authorized or ratified, continue as to a person who has
cess to be a director, officer, employee, or agent and shall inure to the benefit of the heirs,
executors, and administrators of that person.

(l) The changes to this Section made by this amendatory Act of the 92nd General Assembly
apply only to actions commenced on or after the effective date of this amendatory Act of the 92nd
General Assembly.

reported pursuant to this subsection shall have no effect for any purpose under this Act with respect
to a taxable year ending before the report is filed.

(e) Nothing in this Section shall be construed to forbid any reduction in paid-in capital to be
effected under Section 9.05 of this Act.

Sec. 15.70. Basis for computation of franchise taxes payable by foreign corporations.

(a) The basis for the initial franchise tax payable by a foreign corporation shall be the amount represented in this State, determined in accordance with the provisions of this Section, of its paid-in capital as disclosed by its application for a certificate of authority to transact business in this State.

(b) The basis for an additional franchise tax payable by a corporation, except in the case of a statutory merger, shall be the increased amount represented in this State, determined in accordance with the provisions of this Section, of its paid-in capital as disclosed by any report of issuance of additional shares, or of an increase in paid-in capital without the issuance of shares, or of an exchange or reclassification of shares, or of cumulative changes in paid-in capital.

(c) Whenever a foreign corporation shall be a party to a statutory merger and shall be the surviving corporation, the basis for an additional franchise tax shall be the increased amount represented in this State, determined in accordance with the provisions of this Section, of the paid-in capital of the surviving corporation immediately after the merger over the aggregate of the amounts represented in this State of the paid-in capital of the merged corporations; provided, however, the basis for a further additional franchise tax payable by the surviving corporation shall be determined in accordance with the provisions of this Section, on the paid-in capital of each of the merged corporations from its taxable year end to the next succeeding anniversary month or, in the case of a corporation that has established an extended filing month, the extended filing month of the surviving corporation; however if the taxable year ends within the 2 month period immediately preceding the anniversary month or, in the case of a corporation that has established an extended filing month, the extended filing month of the surviving corporation, the tax shall be computed to the anniversary or, extended filing month of the surviving corporation in the next succeeding calendar year.

(d) The basis for the annual franchise tax payable by a foreign corporation shall be the amount represented in this State, determined in accordance with the provisions of this Section, of its paid-in capital on the last day of the third month preceding the anniversary month or, in the case of a corporation that has established an extended filing month, on the last day of the corporation's fiscal year preceding the extended filing month.

(e) The amount represented in this State of the paid-in capital of a foreign corporation shall be that proportion of its paid-in capital that the sum of (1) the value of its property located in this State and (2) the gross amount of business transacted by it at or from places of business in this State bears to the sum of (1) the value of all of its property, wherever located, and (2) the gross amount of its business, wherever transacted, except as follows:

(1) If the corporation elects in its annual report in any year to pay its franchise tax upon its entire paid-in capital, all franchise taxes accruing against the corporation for that taxable year shall be computed accordingly until the corporation elects otherwise in an annual report for a subsequent year.

(2) If the corporation fails to file its annual report in any year within the time prescribed by this Act, the proportion of its paid-in capital represented in this State shall be deemed to be its entire paid-in capital, unless its annual report is thereafter filed and its franchise taxes are thereafter adjusted by the Secretary of State in accordance with the provisions of this Act, in which case the proportion shall likewise be adjusted to the same proportion that would have prevailed if the corporation had filed its annual report within the time prescribed by this Act.

1991 or on or prior to the last day of the third month preceding the corporation's anniversary month in 1991, the amount of the paid-in capital represented in this State of the surviving corporation immediately after the merger, until the filing of the next annual report of such corporation, shall be deemed to be that proportion of the paid-in capital of the surviving corporation that the aggregate amounts represented in this State of the sum of the paid-in capital of the merged corporations, separately determined, bore to the total of the sum of the paid-in capital of all of the merged corporations immediately prior to the merger.

(f) For increases in paid-in capital that occur either prior to January 1, 1991 or on or prior to the last day of the third month preceding the corporation's anniversary month in 1991, the proportion represented in this State of the paid-in capital of a foreign corporation shall be determined from information contained in the latest annual report of the corporation on file on the date the particular increase in paid-in capital is shown to have been made, or, if no annual report was on file on the date of the increase, from information contained in its application for a certificate of authority to transact business in this State, or, in case of a merger that becomes effective either prior to January 1, 1991 or on or prior to the last day of the third month preceding the surviving corporation's anniversary month in 1991, from information contained in the report of the surviving corporation of the amount of its paid-in capital following the merger. For changes in paid-in capital that occur after both December 31, 1990 and the last day of such third month, the proportion represented in this State of the paid-in capital of a corporation shall be determined from information contained in the latest annual report of the corporation for the taxable period in which the particular increase in paid-in capital is shown to have been made or, if no annual report was on file on the date of the increase, from information contained in its application for certificate of authority to transact business in Illinois.

(g) No basis under this Section may consist of any redeemable preference shares sold to the United States Secretary of Transportation under Sections 505 and 506 of Public Law 94-210.

(a) A corporation may indemnify any person who was or is a party, or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation) by reason of the fact that he or she is or was a director, officer, employee or agent of the corporation, or who is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees) actually and reasonably incurred by such person in connection with such action, suit or proceeding, if such person acted in good faith and in a manner he or she reasonably believed to be in, or not opposed to, the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which he or she reasonably believed to be in or not opposed to the best interests of the corporation or, with respect to any criminal action or proceeding, that the person had reasonable cause to believe that his or her conduct was unlawful.

(b) A corporation may indemnify any person who was or is a party, or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that such person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees) actually and reasonably incurred by such person in connection with the defense or settlement of such action or suit, if such person acted in good faith and in a manner he or she reasonably believed to be in, or not opposed to, the best interests of the corporation, provided that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable for negligence or misconduct in the performance of his or her duty to the corporation, unless, and only to the extent that the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability, but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses as the court shall deem proper.

(c) To the extent that a present or former director, officer or employee or agent of a corporation has been successful, on the merits or otherwise, in the defense of any action, suit or proceeding referred to in subsections (a) and (b), or in defense of any claim, issue or matter therein, such person shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by such person in connection therewith, if that person acted in good faith and in a manner he or she reasonably believed to be in, or not opposed to, the best interests of the corporation.

(d) Any indemnification under subsections (a) and (b) (unless ordered by a court) shall be made by the corporation only as authorized in the specific case, upon a determination that indemnification of the present or former director, officer, employee or agent is proper in the circumstances because he or she has met the applicable standard of conduct set forth in subsections (a) or (b). Such determination shall be made with respect to a person who is a director or officer at the time of the determination: (1) by the majority vote of the directors who are (1) by the board of directors by a majority vote of a quorum consisting of directors who were not parties to such action, suit or proceeding, even though less than a quorum, (2) by a committee of the directors designated by a majority vote of the directors, even through less than a quorum, (3) if there are no such directors, or if the directors so direct, or (2) if such a quorum is not obtainable, or even if obtainable, if a quorum of disinterested directors so directs, by independent legal counsel in a written opinion, or (4) by the members entitled to vote, if any.

(e) Expenses (including attorney's fees) incurred by an officer or director in defending a civil or criminal action, suit or proceeding may be paid by the corporation in advance of the final disposition of such action, suit or proceeding, as authorized by the board of directors in the specific case, upon receipt of an undertaking by or on behalf of the director or officer, employee or agent to
repay such amount, unless it shall ultimately be determined that such person he or she is entitled to be indemnified by the corporation as authorized in this Section. Such expenses (including attorney's fees) incurred by former directors and officers or other employees and agents may be so paid on such terms and conditions, if any, as the corporation deems appropriate.

(f) The indemnification provided by the Section shall not be deemed exclusive of any other rights to which those seeking indemnification may be entitled under any bylaw, agreement, vote of members or disinterested directors, or otherwise, both as to action in his or her official capacity and as to action in another capacity while holding such office, and shall continue as to a person who has ceased to be a director, officer, employee or agent, and shall inure to the benefit of the heirs, executors and administrators of such a person.

(g) A corporation may purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the corporation, or who is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against any liability asserted against such person and incurred by such person in any such capacity, or arising out of his or her status as such, whether or not the corporation would have the power to indemnify such person against such liability under the provisions of this Section.

(h) In the case of a corporation with members entitled to vote, if a corporation indemnifies or advances expenses under subsection (b) of this Section to a director or; officer, employee or agent, the corporation shall report the indemnification or advance in writing to the members entitled to vote with or before the notice of the next meeting of the members entitled to vote.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Nursing and Advanced Practice Nursing Act is amended by changing Section 10-30 as follows:
(225 ILCS 65/10-30)
Sec. 10-30. Qualifications for licensure.
(a) Each applicant who successfully meets the requirements of this Section shall be entitled to licensure as a Registered Nurse or Licensed Practical Nurse, whichever is applicable.
(b) An applicant for licensure by examination to practice as a registered nurse or licensed practical nurse shall:
(1) submit a completed written application, on forms provided by the Department and fees as established by the Department;
(2) for registered nurse licensure, have completed an approved professional nursing education program of not less than 2 academic years and have graduated from the program; for licensed practical nurse licensure, have completed an approved practical nursing education program of not less than one academic year and have graduated from the program;
(3) have not violated the provisions of Section 10-45 of this Act. The Department may take into consideration any felony conviction of the applicant, but such a conviction shall not operate as an absolute bar to licensure;
(4) meet all other requirements as established by rule;
(5) pay, either to the Department or its designated testing service, a fee covering the cost of providing the examination. Failure to appear for the examination on the scheduled date at the time and place specified after the applicant's application for examination has been received and acknowledged by the Department or the designated testing service shall result in the forfeiture of the examination fee.
If an applicant neglects, fails, or refuses to take an examination or fails to pass an examination for a license under this Act within 3 years after filing the application, the application shall be denied. However, the applicant may make a new application accompanied by the required fee and provide evidence of meeting the requirements in force at the time of the new application.
An applicant who has never been licensed previously in any jurisdiction that utilizes a Department-approved examination and who has taken and failed to pass the examination within 3 years after filing the application must submit proof of successful completion of a Department-authorized nursing education program or recompletion of an approved registered nursing program or licensed practical nursing program, as appropriate, prior to re-application. An applicant shall have one year from the date of notification of successful completion of the examination to apply to the Department for a license. If an applicant fails to apply within one year, the applicant shall be required to again take and pass the examination unless licensed in another jurisdiction of the United States within one year of passing the examination.

New matter indicated by italics - deletions by strikeout.
(c) An applicant for licensure who is a registered professional nurse or a licensed practical nurse licensed by examination under the laws of another state or territory of the United States shall:

(1) submit a completed written application, on forms supplied by the Department, and fees as established by the Department;
(2) for registered nurse licensure, have completed an approved professional nursing education program of not less than 2 academic years and have graduated from the program;
for licensed practical nurse licensure, have completed an approved practical nursing education program of not less than one academic year and have graduated from the program;
(3) submit verification of licensure status directly from the United States jurisdiction of licensure;
(4) have passed the examination authorized by the Department;
(5) meet all other requirements as established by rule.

(d) All applicants for licensure pursuant to this Section who are graduates of nursing educational programs in a country other than the United States or its territories must submit to the Department certification of successful completion of the Commission of Graduates of Foreign Nursing Schools (CGFNS) examination. An applicant, who is unable to provide appropriate documentation to satisfy CGFNS of her or his educational qualifications for the CGFNS examination, shall be required to pass an examination to test competency in the English language which shall be prescribed by the Department, if the applicant is determined by the Board to be educationally prepared in nursing. The Board shall make appropriate inquiry into the reasons for any adverse determination by CGFNS before making its own decision.

An applicant licensed in another state or territory who is applying for licensure and has received her or his education in a country other than the United States or its territories shall be exempt from the completion of the Commission of Graduates of Foreign Nursing Schools (CGFNS) examination if the applicant meets all of the following requirements:

(2) holds an active, unencumbered license in another state; and
(3) has been actively practicing for a minimum of 2 years in another state.

(e) (Blank).

No applicant shall be issued a license as a registered nurse or practical nurse under this Section unless he or she has passed the examination authorized by the Department within 3 years of completion and graduation from an approved nursing education program, unless such applicant submits proof of successful completion of a Department-authorized remedial nursing education program or recompletion of an approved registered nursing program or licensed practical nursing program, as appropriate.

(f) Pending the issuance of a license under subsection (b) of this Section, the Department may grant an applicant a temporary license to practice nursing as a registered nurse or as a licensed practical nurse if the Department is satisfied that the applicant holds an active, unencumbered license in good standing in another jurisdiction. If the applicant holds more than one current active license, or one or more active temporary licenses from other jurisdictions, the Department shall not issue a temporary license until it is satisfied that each current active license held by the applicant is unencumbered. The temporary license, which shall be issued no later than 14 working days following receipt by the Department of an application for the temporary license, shall be granted upon the submission of the following to the Department:

(1) a signed and completed application for licensure under subsection (a) of this Section as a registered nurse or a licensed practical nurse;
(2) proof of a current, active license in at least one other jurisdiction and proof that each current active license or temporary license held by the applicant is unencumbered;
(3) a signed and completed application for a temporary license; and
(4) the required permit fee.

(g) The Department may refuse to issue an applicant a temporary license authorized pursuant to this Section if, within 14 working days following its receipt of an application for a temporary license, the Department determines that:

(1) the applicant has been convicted of a crime under the laws of a jurisdiction of the United States: (i) which is a felony; or (ii) which is a misdemeanor directly related to the practice of the profession, within the last 5 years;
(2) within the last 5 years the applicant has had a license or permit related to the practice of nursing revoked, suspended, or placed on probation by another jurisdiction, if at least one of the grounds for revoking, suspending, or placing on probation is the same or substantially equivalent to grounds in Illinois; or
(3) it intends to deny licensure by endorsement.
For purposes of this Section, an "unencumbered license" means a license against which no disciplinary action has been taken or is pending and for which all fees and charges are paid and current.

(h) The Department may revoke a temporary license issued pursuant to this Section if:

(2) it determines that within the last 5 years the applicant has had a license or permit related to the practice of nursing revoked, suspended, or placed on probation by another jurisdiction, if at least one of the grounds for revoking, suspending, or placing on probation is the same or substantially equivalent to grounds in Illinois; or
(3) it determines that it intends to deny licensure by endorsement.
A temporary license or renewed temporary license shall expire (i) upon issuance of an Illinois license or (ii) upon notification that the Department intends to deny licensure by endorsement. A temporary license shall expire 6 months from the date of issuance. Further renewal may be granted by the Department in hardship cases, as defined by rule. However, a temporary license shall automatically expire upon issuance of the Illinois license or upon notification that the Department intends to deny licensure, whichever occurs first. No extensions shall be granted beyond the 6-month period unless approved by the Director. Notification by the Department under this Section shall be by certified or registered mail.

PUBLIC ACT 92-0043
(House Bill No. 2436)

AN ACT concerning higher education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Nursing Education Scholarship Law is amended by changing Sections 2, 3, 4, 5, 6, 7, and 9 as follows:
(110 ILCS 975/2) (from Ch. 144, par. 2752)

The General Assembly finds and hereby declares that the provision of a higher education leading to an associate degree in nursing, an associate degree in applied sciences in nursing, a hospital-based diploma in hospital-based nursing, program diploma, completion of a practical nursing education program, and a baccalaureate degree in nursing, or a certificate in practical nursing for persons of this State who desire such an education
is important to the health, welfare and security of this State and Nation, and consequently is an important public purpose. Section 20. The Higher Education Student Assistance Act is amended by changing Sections 35, 113, and 145 as follows:

(110 ILCS 947/35)

Sec. 35. Monetary award program.

(a) The Commission shall, each year, receive and consider applications for grant assistance under this Section. Subject to a separate appropriation for such purposes, an applicant is eligible for a grant under this Section when the Commission finds that the applicant:

(1) is a resident of this State and a citizen or permanent resident of the United States; and

(2) in the absence of grant assistance, will be deterred by financial considerations from completing an educational program at the qualified institution of his or her choice.

(b) The Commission shall award renewals only upon the student's application and upon the Commission's finding that the applicant:

(1) has remained a student in good standing;

(2) remains a resident of this State; and

(3) is in a financial situation that continues to warrant assistance.

(c) All grants shall be applicable only to tuition and necessary fee costs for 2 semesters or 3 quarters in an academic year. Requests for summer term assistance will be made separately and shall be considered on an individual basis according to Commission policy. Each student who is awarded a grant under this Section and is enrolled in summer school classes shall be eligible for a summer school grant. The summer school grant amount shall not exceed the lesser of 50 percent of the maximum annual grant amount authorized by this Section or the actual cost of tuition and fees at the institution at which the student is enrolled at least part-time. For the regular academic year, the Commission shall determine the grant amount for each full-time and part-time student, which shall be the smallest of the following amounts:

(1) $4,968 $4,740 for 2 semesters or 3 quarters of full-time undergraduate enrollment or $2,484 $2,370 for 2 semesters or 3 quarters of part-time undergraduate enrollment, or such lesser amount as the Commission finds to be available; or

(2) the amount which equals the 2 semesters or 3 quarters tuition and other necessary fees required generally by the institution of all full-time undergraduate students, or in the case of part-time students an amount of tuition and fees for 2 semesters or 3 quarters which shall not exceed one-half the amount of tuition and necessary fees generally charged to full-time undergraduate students by the institution; or

(3) such amount as the Commission finds to be appropriate in view of the applicant's
financial resources.
"Tuition and other necessary fees" as used in this Section include the customary charge for
instruction and use of facilities in general, and the additional fixed fees charged for specified
purposes, which are required generally of nongrant recipients for each academic period for which the
grant applicant actually enrolls, but do not include fees payable only once or breakage fees and other
contingent deposits which are refundable in whole or in part. The Commission may prescribe, by rule
not inconsistent with this Section, detailed provisions concerning the computation of tuition and other
necessary fees.

(d) No applicant, including those presently receiving scholarship assistance under this Act,
is eligible for monetary award program consideration under this Act after receiving a baccalaureate
degree or the equivalent of 10 semesters or 15 quarters of award payments. The Commission shall
determine when award payments for part-time enrollment or interim or summer terms shall be
counted as a partial semester or quarter of payment.

(e) The Commission, in determining the number of grants to be offered, shall take into
consideration past experience with the rate of grant funds unclaimed by recipients. The Commission
shall notify applicants that grant assistance is contingent upon the availability of appropriated funds.

(f) The Commission may request appropriations for deposit into the Monetary Award
Program Reserve Fund. Monies deposited into the Monetary Award Program Reserve Fund may be
expended exclusively for one purpose: to make Monetary Award Program grants to eligible students.
Amounts on deposit in the Monetary Award Program Reserve Fund may not exceed 2% of the
current annual State appropriation for the Monetary Award Program.

The purpose of the Monetary Award Program Reserve Fund is to enable the Commission
each year to assure as many students as possible of their eligibility for a Monetary Award Program
grant and to do so before commencement of the academic year. Moneys deposited in this Reserve
Fund are intended to enhance the Commission's management of the Monetary Award Program,
minimizing the necessity, magnitude, and frequency of adjusting award amounts and ensuring that
the annual Monetary Award Program appropriation can be fully utilized.

(g) The Commission shall determine the eligibility of and make grants to applicants enrolled
at qualified for-profit institutions in accordance with the criteria set forth in this Section. The
eligibility of applicants enrolled at such for-profit institutions shall be limited as follows:

(1) Beginning with the academic year 1997, only to eligible first-time freshmen and
first-time transfer students who have attained an associate degree.

(2) Beginning with the academic year 1998, only to eligible freshmen students, transfer
students who have attained an associate degree, and students who receive a grant under
paragraph (1) for the academic year 1997 and whose grants are being renewed for the
academic year 1998.

(3) Beginning with the academic year 1999, to all eligible students.

Sec. 113. Federal Student Loan Fund; Student Loan Operating Fund; Federal Reserve Recall
Fund. The Commission shall create the Federal Student Loan Fund, the Student Loan Operating
Fund, and the Federal Reserve Recall Fund. At the request of the Commission's Executive Director,

Loan Fund into the Federal Student Loan Fund, the Student Loan Operating Fund, and the Federal
Reserve Recall Fund. On or before August 31, 2000, the Commission's Executive Director shall
request the Comptroller to transfer all funds from the Student Assistance Commission Student
Loan Fund into any of the following funds: the Federal Student Loan Fund, the Student Loan Operating
Fund, or the Federal Reserve Recall Fund. On September 1, 2000, the Student Assistance
Commission Student Loan Fund is abolished. Any future liabilities of this abolished fund shall be
assignable to the appropriate fund created as one of its successors. At the request of the Commission's

The Commission shall not have outstanding at any one time bonds in an aggregate principal amount exceeding $3,500,000,000, excluding bonds issued to refund the bonds of the Commission.

The Commission is authorized to use the proceeds from the sale of bonds issued pursuant to this Act to fund the reserves created therefor, including a reserve for interest coming due on the bonds for one year following the issuance of the bonds, as provided in the resolution or resolutions authorizing the bonds and to pay the necessary expenses of issuing the bonds, including but not limited to, legal, printing, and consulting fees.

(b) The Commission has power, and is authorized from time to time, to issue refunding bonds (1) to refund unpaid matured bonds; (2) to refund unpaid matured coupons evidencing interest upon its unpaid matured bonds; and (3) to refund interest at the coupon rate upon its unpaid matured bonds that has accrued since the maturity of those bonds. The refunding bonds may be exchanged for the bonds to be refunded on a par for par basis of the bonds, interest coupons, and interest not represented by coupons, if any, or may be sold at not less than par or may be exchanged in part and sold in part; and the proceeds received at any such sale shall be used to pay the bonds, interest coupons, and interest not represented by coupons, if any. Bonds and interest coupons which have been received in exchange or paid shall be cancelled and the obligation for interest, not represented by coupons which have been discharged, shall be evidenced by a written acknowledgement of the exchange or payment thereof.

(c) The Commission has power, and is authorized from time to time, to also issue refunding bonds under this Section, to refund bonds at or prior to their maturity or which by their terms are subject to redemption before maturity, or both, in an amount necessary to refund (1) the principal amount of the bonds to be refunded, (2) the interest to accrue up to and including the maturity date or dates thereof, and (3) the applicable redemption premiums, if any. Those refunding bonds may be exchanged for not less than an equal principal amount of bonds to be refunded or may be sold and the proceeds received at the sale thereof (excepting the accrued interest received) used to complete such refunding, including the payment of the costs of issuance thereof.

(d) The bonds shall be authorized by resolution of the Commission and may be issued in one or more series, may bear such date or dates, may be in such denomination or denominations, may mature at such time or times not exceeding 40 years from the respective dates thereof, may mature in such amount or amounts, may bear interest at such rate or rates, may be in such form either coupon or registered as to principal only or as to both principal and interest, may carry such registration privileges (including the conversion of a fully registered bond to a coupon bond or bonds and the conversion of a coupon bond to a fully registered bond), may be executed in such manner, may be made payable in such medium of payment, at such place or places within or without the State, and may be subject to such terms of redemption prior to their expressed maturity, with or without premium, as the resolution or other resolutions may provide. Proceeds from the sale of the bonds may be invested as the resolution or resolutions and as the Commission from time to time may provide. All bonds issued under this Act shall be sold in the manner and at such price as the Commission may deem to be in the best interest of the public. The resolution may provide that the bonds be executed with one manual signature and that other signatures may be printed, lithographed or engraved thereon.

The Commission shall not be authorized to create and the bonds shall not in any event constitute State debt of the State of Illinois within the meaning of the Constitution or statutes of the State of Illinois, and the same shall be so stated upon the face of each bond. The source of payment for the bonds shall be stated on the face of each bond.

The issuance of bonds under this Act is in all respects for the benefit of the People of the State of Illinois, and in consideration thereof the bonds issued pursuant to this Act and the income therefrom shall be free from all taxation by the State or its political subdivisions, except for estate, transfer, and inheritance taxes. For purposes of Section 250 of the Illinois Income Tax Act, the exemption of the income from bonds issued under this Act shall terminate after all of the bonds have been paid. The amount of such income that shall be added and then subtracted on the Illinois income
tax return of a taxpayer, pursuant to Section 203 of the Illinois Income Tax Act, from federal adjusted gross income or federal taxable income in computing Illinois base income shall be the interest net of any bond premium amortization.

Sec. 5-167.1. Automatic increase in annuity; retirement from service after September 1, 1967.

(a) A policeman who retires from service after September 1, 1967 with at least 20 years of service credit shall, upon either the first of the month following the first anniversary of his date of retirement if he is age 60 (age 55 if born before January 1, 1950) or over on that anniversary date, or upon the first of the month following his attainment of age 60 (age 55 if born before January 1, 1950) if it occurs after the first anniversary of his retirement date, have his then fixed and payable monthly annuity increased by 1 1/2% and such first fixed annuity as granted at retirement increased by an additional 1 1/2% in January of each year thereafter up to a maximum increase of 30%. Beginning January 1, 1983 for policemen born before January 1, 1930, and beginning January 1, 1988 for policemen born on or after January 1, 1930 but before January 1, 1940, and beginning January 1, 1996 for policemen born on or after January 1, 1940 but before January 1, 1945, and beginning January 1, 2000 for policemen born on or after January 1, 1945 but before January 1, 1950, such increases shall be 3% and such policemen shall not be subject to the 30% maximum increase.

Any policeman born before January 1, 1945 who qualifies for a minimum annuity and retires after September 1, 1967 but has not received the initial increase under this subsection before January 1, 1996 is entitled to receive the initial increase under this subsection on (1) January 1, 1996, (2) the first anniversary of the date of retirement, or (3) attainment of age 55, whichever occurs last. The changes to this Section made by Public Act 89-12, this amendatory Act of 1995 apply beginning January 1, 1996 and without regard to whether the policeman or annuitant terminated service before the effective date of that amendatory Act of 1995.

Any policeman born before January 1, 1950 who qualifies for a minimum annuity and retires after September 1, 1967 but has not received the initial increase under this subsection before January 1, 2000 is entitled to receive the initial increase under this subsection on (1) January 1, 2000, (2) the first anniversary of the date of retirement, or (3) attainment of age 55, whichever occurs last. The changes to this Section made by this amendatory Act of the 92nd General Assembly apply without regard to whether the policeman or annuitant terminated service before the effective date of this amendatory Act.

(b) Subsection (a) of this Section is not applicable to an employee receiving a term annuity.

(c) To help defray the cost of such increases in annuity, there shall be deducted, beginning September 1, 1967, from each payment of salary to a policeman, 1/2 of 1% of each salary payment concurrently with and in addition to the salary deductions otherwise made for annuity purposes.

The city, in addition to the contributions otherwise made by it for annuity purposes under other provisions of this Article, shall make matching contributions concurrently with such salary deductions.

Each such 1/2 of 1% deduction from salary and each such contribution by the city of 1/2 of 1% of salary shall be credited to the Automatic Increase Reserve, to be used to defray the cost of the 1 1/2% annuity increase provided by this Section. Any balance in such reserve as of the beginning of each calendar year shall be credited with interest at the rate of 3% per annum.

Such deductions from salary and city contributions shall continue while the policeman is in service.

The salary deductions provided in this Section are not subject to refund, except to the policeman himself, in any case in which a policeman withdraws prior to qualification for minimum annuity and applies for refund or applies for annuity, and also where a term annuity becomes payable. In such cases, the total of such salary deductions shall be refunded to the policeman, without interest, and charged to the Automatic Increase Reserve.

In computing service for any of the purposes of this Article, no credit shall be given for any period during which a policeman was not rendering active service because of his discharge from the service, unless proceedings to test the legality of the discharge are filed in a court of competent jurisdiction within one year from the date of discharge and a final judgment is entered therein declaring the discharge illegal.

No overtime or extra service shall be included in computing service of a policeman and not more than one year or a fractional part thereof of service shall be allowed for service rendered during any calendar year.

Sec. 13-302. Computation of retirement annuity.
(a) Computation of annuity. An employee who withdraws from service on or after July 1, 1989 and who has met the age and service requirements and other conditions for eligibility set forth in Section 13-301 of this Article is entitled to receive a retirement annuity for life equal to 2.2% of average final salary for each of the first 20 years of service, and 2.4% of average final salary for each year of service in excess of 20. The retirement annuity shall not exceed 80% of average final salary.

than 30 years of service, the annuity computed above shall be reduced by 1/2 of 1% for each full month between the date the annuity begins and attainment of age 60, or each full month by which the employee's service is less than 30 years, whichever is less. However, where the employee first enters service after June 13, 1997 the effective date of this amendatory Act of 1997 and does not have at least 10 years of service exclusive of credit under Article 20, the annuity computed above shall be reduced by 1/2 of 1% for each full month between the date the annuity begins and attainment of age 60.

(c) (Blank). Early retirement without discount. An employee who has attained age 50 and retires after December 31, 1987 and before June 30, 1997, and who retires within 6 months of the last day for which retirement contributions were required, may elect at the time of application to make a one-time employee contribution to the Fund and thereby avoid the early retirement reduction specified in subsection (b). The exercise of the election shall also obligate the employer to make a one-time nonrefundable contribution to the Fund:

The one-time employee and employer contributions shall be a percentage of the retiring employee's last full-time annual salary, calculated as the total amount paid during the last 260 work days immediately prior to the date of withdrawal, or if not full-time then the full-time equivalent, and based on the employee's age and service at retirement. The employee contribution rate shall be 7% multiplied by the lesser of the following 2 numbers: (1) the number of years, or portion thereof, that the employee is less than age 60; or (2) the number of years, or portion thereof, that the employee's service is less than 30 years. The employer contribution shall be at the rate of 20% for each year, or portion thereof, that the participant is less than age 60.

Upon receipt of the application, the Board shall determine the corresponding employee and employer contributions. The annuity shall not be payable under this subsection until both the required contributions have been received by the Fund. However, the date the contributions are received shall not be considered in determining the effective date of retirement.

The number of employees who may retire under this Section in any year may be limited at the option of the District to a specified percentage of those eligible, not lower than 30%, with the right to participate to be allocated among those applying on the basis of seniority in the service of the employer.

An employee who has terminated employment and subsequently re-enters service shall not be entitled to early retirement without discount under this subsection unless the employee continues in service for at least 4 years after re-entry.

(c-1) Early retirement without discount; retirement after June 29, 1997. An employee who (i) has attained age 55 (age 50 if the employee first entered service before June 13, 1997) the effective date of this amendatory Act of 1997), (ii) has at least 10 years of service exclusive of credit under Article 20, (iii) retires after June 29, 1997 and before January 1, 2003, and (iv) retires within 6 months of the last day for which retirement contributions were required, may elect at the time of application to make a one-time employee contribution to the Fund and thereby avoid the early retirement reduction specified in subsection (b). The exercise of the election shall also obligate the employer to make a one-time nonrefundable contribution to the Fund.

The one-time employee and employer contributions shall be a percentage of the retiring employee's highest full-time annual salary, calculated as the total amount of salary included in the highest 26 consecutive pay periods as used in the average final salary calculation, and based on the employee's age and service at retirement. The employee rate shall be 7% multiplied by the lesser of the following 2 numbers: (1) the number of years, or portion thereof, that the employee is less than age 60; or (2) the number of years, or portion thereof, that the employee's service is less than 30 years. The employer contribution shall be at the rate of 20% for each year, or portion thereof, that the participant is less than age 60.

Upon receipt of the application, the Board shall determine the corresponding employee and employer contributions. The annuity shall not be payable under this subsection until both the required contributions have been received by the Fund. However, the date the contributions are received shall not be considered in determining the effective date of retirement.

The number of employees who may retire under this Section in any year may be limited at the option of the District to a specified percentage of those eligible, not lower than 30%, with the right to participate to be allocated among those applying on the basis of seniority in the service of

the employer.

An employee who has terminated employment and subsequently re-enters service shall not be entitled to early retirement without discount under this subsection unless the employee continues in service for at least 4 years after re-entry.

(d) Annual increase. Except for employees retiring and receiving a term annuity, an employee who retires on or after July 1, 1985 but before the effective date of this amendatory Act of the 92nd General Assembly shall, upon the first payment date following the first anniversary of the date of retirement, have the monthly annuity increased by 3% of the amount of the monthly annuity fixed at the date of retirement. Except for employees retiring and receiving a term annuity, an employee who retires on or after the effective date of this amendatory Act of the 92nd General Assembly shall, on the first day of the month in which the first anniversary of the date of retirement occurs, have the monthly annuity increased by 3% of the amount of the monthly annuity fixed at the date of retirement. The monthly annuity shall be increased by an additional 3% on the same date each year thereafter. Beginning January 1, 1993, all annual increases payable under this subsection (or any predecessor provision, regardless of the date of retirement) shall be calculated at the rate of 3% of the monthly annuity payable at the time of the increase, including any increases previously granted under this Article.

Any employee who (i) retired before July 1, 1985 with at least 10 years of creditable service, (ii) is receiving a retirement annuity under this Article, other than a term annuity, and (iii) has not received any annual increase under this subsection, shall begin receiving the annual increases provided under this subsection (d) beginning on the next annuity payment date following the effective date of this amendatory Act of 1997.

(e) Minimum retirement annuity. Beginning January 1, 1993, the minimum monthly retirement annuity shall be $500 for any annuitant having at least 10 years of service under this Article, other than a term annuitant or an annuitant who began receiving the annuity before attaining age 60. Any such annuitant who is receiving a monthly annuity of less than $500 shall have the annuity increased to $500 on that date.

Beginning January 1, 1993, the minimum monthly retirement annuity shall be $250 for any annuitant (other than a term or reciprocal annuitant or an annuitant under subsection (d) of Section 13-301) having less than 10 years of service under this Article, and for any annuitant (other than a term annuitant) having at least 10 years of service under this Article who began receiving the annuity before attaining age 60. Any such annuitant who is receiving a monthly annuity of less than $250 shall have the annuity increased to $250 on that date.

Beginning on the first day of the month following the month in which this amendatory Act of the 92nd General Assembly takes effect (and without regard to whether the annuitant was in service on or after that effective date), the minimum monthly retirement annuity for any annuitant having at least 10 years of service, other than an annuitant whose annuity is subject to an early retirement discount, shall be $500 plus $25 for each year of service in excess of 10, not to exceed $750 for an annuitant with 20 or more years of service. In the case of a reciprocal annuity, this minimum shall apply only if the annuitant has at least 10 years of service under this Article, and the amount of the minimum annuity shall be reduced by the sum of all the reciprocal annuities payable to the annuitant by other participating systems under Article 20 of this Code.

Notwithstanding any other provision of this subsection, beginning on the first annuity payment date following the effective date of this amendatory Act of the 92nd General Assembly, an employee who retired before August 23, 1989 with at least 10 years of service under this Article but before attaining age 60 (regardless of whether the retirement annuity was subject to an early retirement discount) shall be entitled to the same minimum monthly retirement annuity under this subsection as an employee who retired with at least 10 years of service under this Article and after attaining age 60.

(40 ILCS 5/13-306) (from Ch. 108 1/2, par. 13-306)

(a) Computation of the annuity. The surviving spouse's annuity shall be equal to 60% of the retirement annuity earned and accrued to the credit of the deceased employee, whether death occurs while in service or after withdrawal, plus 1% for each year of total service of the employee to a
maximum of 85%; provided, however, that if the employee's death arises out of and in the course of the employee's service to the employer and is compensable under either the Illinois Workers' Compensation Act or Illinois Workers' Occupational Diseases Act, the surviving spouse's annuity is payable regardless of the employee's length of service and shall be not less than 50% of the employee's salary at the date of death.

For any death in service the early retirement discount required under Section 13-302(b) shall not be applied in computing the retirement annuity upon which is based the surviving spouse's annuity.

(b) Reciprocal service. For any employee or annuitant who retires on or after July 1, 1985 and whose death occurs after January 1, 1991, having at least 15 years of service with the employer under this Article, and who was eligible at the time of death or elected at the time of retirement to have his or her retirement annuity calculated as provided in Section 20-131 of this Code, the surviving spouse benefit shall be calculated as of the date of the employee's death as indicated in subsection (a) as a percentage of the employee's total benefit as if all service had been with the employer. That benefit shall then be reduced by the amounts payable by each of the reciprocal funds as of the date of death so that the total surviving spouse benefit at that date will be equal to the benefit which would have been payable had all service been with the employer under this Article.

(c) Discount for age differential. The annuity for a surviving spouse shall be discounted by 0.25% for each full month that the spouse is younger than the employee as of the date of withdrawal from service or death in service to a maximum discount of 60% of the surviving spouse annuity as calculated under subsections (a), (b), and (e) of this Section. The discount shall be reduced by 10% for each full year the marriage has been in continuous effect as of the date of withdrawal or death in service. There shall be no discount if the marriage has been in continuous effect for 10 full years or more at the time of withdrawal or death in service.

(d) Annual increase. On the first day of each calendar month in which there occurs an anniversary of the employee's date of retirement or date of death, whichever occurred first, the surviving spouse's annuity, other than a term annuity under Section 13-307, shall be increased by an amount equal to 3% of the amount of the annuity. Beginning January 1, 1993, all annual increases payable under this subsection (or any predecessor provision of this Article) shall be calculated at the rate of 3% of the monthly annuity payable at the time of the increase, including any increases previously granted under this Article.

Beginning January 1, 1993, surviving spouse annuitants whose deceased spouse died, retired or withdrew from service before August 23, 1989 with at least 10 years of service under this Article shall be eligible for the annual increases provided under this subsection.

(e) Minimum surviving spouse's annuity.

(1) Beginning January 1, 1993, the minimum monthly surviving spouse's annuity shall be $500 for any annuitant whose deceased spouse had at least 10 years of service under this Article, other than a surviving spouse who is a term annuitant or whose deceased spouse began receiving a retirement annuity under this Article before attainment of age 60. Any such surviving spouse annuitant who is receiving a monthly annuity of less than $500 shall have the annuity increased to $500 on that date.

Beginning January 1, 1993, the minimum monthly surviving spouse's annuity shall be $250 for any annuitant (other than a term or reciprocal annuitant or an annuitant survivor under subsection (d) of Section 13-301) whose deceased spouse had less than 10 years of service under this Article, and for any annuitant (other than a term annuitant) whose deceased spouse had at least 10 years of service under this Article and began receiving a retirement annuity under this Article before attainment of age 60. Any such surviving spouse annuitant who is receiving a monthly annuity of less than $250 shall have the annuity increased to $250 on that date.

(2) Beginning on the first day of the month following the month in which this amendatory Act of the 92nd General Assembly takes effect (and without regard to whether the deceased spouse was in service on or after that effective date), the minimum monthly surviving spouse's annuity for any annuitant whose deceased spouse had at least 10 years of service shall be the greater of the following:

(A) An amount equal to $500, plus $25 for each year of the deceased spouse's service in excess of 10, not to exceed $750 for an annuitant whose deceased spouse had 20 or more

New matter indicated by italics - deletions by strikeout.
years of service. This subdivision (A) is not applicable if the deceased spouse received a retirement annuity that was subject to an early retirement discount.

(B) An amount equal to (i) 50% of the retirement annuity earned and accrued to the credit of the deceased spouse at the time of death, plus (ii) the amount of any annual increases applicable to the surviving spouse's annuity (including the amount of any reversionary annuity) under subsection (d) before the effective date of this amendatory Act of the 92nd General Assembly. In any case in which a refund of excess contributions for the surviving spouse's annuity has been paid by the Fund and the surviving spouse's annuity is increased due to the application of this subdivision (B), the amount of that refund shall be recovered by the Fund as an offset against the amount of the increase in annuity arising from the application of this subdivision (B).

In the case of a reciprocal annuity, the minimum annuity calculated under this subdivision (e)(2) shall apply only if the deceased spouse of the annuitant had at least 10 years of service under this Article, and the amount of the minimum annuity shall be reduced by the sum of all the reciprocal annuities payable to the annuitant by other participating systems under Article 20 of this Code.

The minimum annuity calculated under this subdivision (e)(2) is in addition to the amount of any reversionary annuity that may be payable.

(3) Beginning on the first day of the month following the month in which this amendatory Act of the 92nd General Assembly takes effect (and without regard to whether the deceased spouse was in service on or after that effective date), any surviving spouse who is receiving a term annuity under Section 13-307 or any predecessor provision of this Article may have that term annuity recalculated and converted to a minimum surviving spouse annuity under this subsection (e).

(4) Notwithstanding any other provision of this subsection, beginning on the first annuity payment date following the effective date of this amendatory Act of the 92nd General Assembly, an annuitant whose deceased spouse retired before August 23, 1989 with at least 10 years of service under this Article but before attaining age 60 (regardless of whether the retirement annuity was subject to an early retirement discount) shall be entitled to the same minimum monthly surviving spouse's annuity under this subsection as an annuitant whose deceased spouse retired with at least 10 years of service under this Article and after attaining age 60.

(5) The minimum annuity provided under this subsection (e) shall be subject to the age discount provided under subsection (c) of this Section.

Sec. 13-308. Child's annuity.

(a) Eligibility. A child's annuity shall be provided for each unmarried child under the age of 18 years whose employee parent dies while in service, or whose deceased parent is an annuitant or former employee with at least 10 years of creditable service who did not take a refund of employee contributions.

For purposes of this Section, "employee" includes a former employee, and "child" means the issue of an employee, or a child adopted by an employee if the proceedings for adoption were instituted at least one year prior to the employee's death.

Payments shall cease when a child attains the age of 18 years or marries, whichever first occurs. The annuity shall not be payable unless the employee has been employed as an employee for at least 36 months from the date of the employee's original entry into service (at least 24 months in the case of an employee who first entered service before the effective date of this amendatory Act of 1997) and at least 12 months from the date of the employee's latest re-entry into service; provided, however, that if death arises out of and in the course of service to the employer and is compensable under either the Illinois Workers' Compensation Act or Illinois Workers' Occupational Diseases Act, the annuity is payable regardless of the employee's length of service.

(b) Amount. A child's annuity shall be $500 per month for one child and $350 per month for each additional child, up to a maximum of $2,500 per month for all children of the employee, as provided in this Section, if a parent of the child is living. The child's annuity shall be $1,000 per month for one child, and $500 per month for each additional child, up to a maximum of $2,500 for all children of the employee, when neither parent is alive. The total amount payable to all children of the employee shall be divided equally among those children. Any child's annuity

which commenced prior to the effective date of this amendatory Act of the 92nd General Assembly shall be increased upon the first day of the month following the month in which the effective date occurs, to the amount set forth herein.

(c) Payment. A child's annuity shall be paid to the child's parent or other person who shall be providing for the child without requiring formal letters of guardianship, unless another person shall be appointed by a court of law as guardian.

Sec. 14-104. Service for which contributions permitted. Contributions provided for in this Section shall cover the period of service granted. Except as otherwise provided in this Section, the contributions shall be based upon the employee's compensation and contribution rate in effect on the date he last became a member of the System; provided that for all employment prior to January 1, 1969 the contribution rate shall be that in effect for a noncovered employee on the date he last became a member of the System. Except as otherwise provided in this Section, contributions permitted under this Section shall include regular interest from the date an employee last became a member of the System to the date of payment.

These contributions must be paid in full before retirement either in a lump sum or in installment payments in accordance with such rules as may be adopted by the board.

(a) Any member may make contributions as required in this Section for any period of service, subsequent to the date of establishment, but prior to the date of membership.

(b) Any employee who had been previously excluded from membership because of age at entry and subsequently became eligible may elect to make contributions as required in this Section for the period of service during which he was ineligible.

(c) An employee of the Department of Insurance who, after January 1, 1944 but prior to becoming eligible for membership, received salary from funds of insurance companies in the process of rehabilitation, liquidation, conservation or dissolution, may elect to make contributions as required in this Section for such service.

(d) Any employee who rendered service in a State office to which he was elected, or rendered service in the elective office of Clerk of the Appellate Court prior to the date he became a member, may make contributions for such service as required in this Section. Any member who served by appointment of the Governor under the Civil Administrative Code of Illinois and did not participate in this System may make contributions as required in this Section for such service.

service credit under the same conditions.

(f) An employee of the Department of Labor of the State of Illinois who performed services for and under the supervision of that Department prior to January 1, 1944 but who was compensated for those services directly by federal funds and not by a warrant of the Auditor of Public Accounts paid by the State Treasurer may establish credit for such employment by making the contributions required in this Section. An employee of the Department of Agriculture of the State of Illinois, who performed services for and under the supervision of that Department prior to June 1, 1963, but was compensated for those services directly by federal funds and not paid by a warrant of the Auditor of Public Accounts paid by the State Treasurer, and who did not contribute to any other public employee retirement system for such service, may establish credit for such employment by making the contributions required in this Section.

Upon making the contributions required by this Section, the member shall be granted the creditable service that would have been received if the waiver had not been executed.

(h) Until May 1, 1990, an employee who was employed on a full-time basis by a regional planning commission for at least 5 continuous years may establish creditable service for such employment by making the contributions required under this Section, provided that any credits earned by the employee in the commission's retirement plan have been terminated.

(j) By paying the contributions otherwise required under this Section, plus an amount determined by the Board to be equal to the employer's normal cost of the benefit plus interest, but with all of the interest calculated from the date the employee last became a member of the System or November 19, 1991, whichever is later, to the date of payment, an employee may establish service credit for a period of up to 2 years spent in active military service for which he does not qualify for credit under Section 14-105, provided that (1) he was not dishonorably discharged from such military service, and (2) the amount of service credit established by a member under this subsection (j), when added to the amount of military service credit granted to the member under subsection (b) of Section 14-105, shall not exceed 5 years. The change in the manner of calculating interest under this subsection (j) made by this amendatory Act of the 92nd General Assembly applies to credit purchased by an employee on or after its effective date and does not entitle any person to a refund of contributions or interest already paid.

(k) An employee who was employed on a full-time basis by the Illinois State's Attorneys Association Statewide Appellate Assistance Service LEAA-ILEC grant project prior to the time that project became the State's Attorneys Appellate Service Commission, now the Office of the State's Attorneys Appellate Prosecutor, an agency of State government, may establish creditable service for not more than 60 months service for such employment by making contributions required under this Section.

A member may establish service credit under this subsection for more than one period of authorized leave, and in that case the total period of service credit established by the member under this subsection may exceed one year. In determining the contributions required for establishing service credit under this subsection, the interest shall be calculated from the beginning of the leave of absence to the date of payment.

(m) Any person who rendered contractual services to a member of the General Assembly as a worker in the member's district office may establish creditable service for up to 3 years of those contractual services by making the contributions required under this Section. PUBLIC ACT 92-0058
(Senate Bill No. 0138)

AN ACT concerning drug treatment.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 1. Short title. This Act may be cited as the Drug Court Treatment Act.
Section 5. Purposes. The General Assembly recognizes that the use and abuse of drugs has a dramatic effect on the criminal justice system in the State of Illinois. There is a critical need for a criminal justice system program that will reduce the incidence of drug use, drug addiction, and crimes committed as a result of drug use and drug addiction. It is the intent of the General Assembly to create specialized drug courts with the necessary flexibility to meet the drug problems in the State of Illinois.
Section 10. Definitions. As used in this Act:
"Drug court", "drug court program", or "program" means an immediate and highly structured judicial intervention process for substance abuse treatment of eligible defendants that brings together substance abuse professionals, local social programs, and intensive judicial monitoring in accordance with the nationally recommended 10 key components of drug courts.
"Drug court professional" means a judge, prosecutor, defense attorney, probation officer, or treatment provider involved with the drug court program.
"Pre-adjudicatory drug court program" means a program that allows the defendant, with the consent of the prosecution, to expedite the defendant's criminal case before conviction or before filing of a criminal case and requires successful completion of the drug court program as part of the agreement.
"Post-adjudicatory drug court program" means a program in which the defendant has admitted guilt or has been found guilty and agrees, along with the prosecution, to enter a drug court program as part of the defendant's sentence.
"Combination drug court program" means a drug court program that includes a pre-adjudicatory drug court program and a post-adjudicatory drug court program.

(b) A defendant shall be excluded from a drug court program if any of one of the following apply:
   (1) The crime is a crime of violence as set forth in clause (4) of this subsection (b).
   (2) The defendant denies his or her use of or addiction to drugs.
   (3) The defendant does not demonstrate a willingness to participate in a treatment program.
   (4) The defendant has been convicted of a crime of violence within the past 10 years excluding incarceration time, including but not limited to: first degree murder, second degree murder, predatory criminal sexual assault of a child, aggravated criminal sexual assault, criminal sexual assault, armed robbery, aggravated arson, arson, aggravated kidnaping, kidnaping, aggravated battery resulting in great bodily harm or permanent disability, stalking, aggravated stalking, or any offense involving the discharge of a firearm.
   (5) The defendant has previously completed or has been discharged from a drug court program.

Section 25. Procedure.
(a) The court shall order an eligibility screening and an assessment of the defendant by an agent designated by the State of Illinois to provide assessment services for the Illinois Courts. An assessment need not be ordered if the court finds a valid assessment related to the present charge pending against the defendant has been completed within the previous 60 days.
(b) The judge shall inform the defendant that if the defendant fails to meet the conditions of the drug court program, eligibility to participate in the program may be revoked and the defendant may be sentenced or the prosecution continued as provided in the Unified Code of Corrections for the crime charged.
(c) The defendant shall execute a written agreement as to his or her participation in the program and shall agree to all of the terms and conditions of the program, including but not limited to the possibility of sanctions or incarceration for failing to abide or comply with the terms of the program.
(d) In addition to any conditions authorized under the Pretrial Services Act and Section 5-6-3 of the Unified Code of Corrections, the court may order the defendant to complete substance abuse treatment in an outpatient, inpatient, residential, or jail-based custodial treatment program. Any period of time a defendant shall serve in a jail-based treatment program may not be reduced by the accumulation of good time or other credits and may be for a period of up to 120 days.
(e) The drug court program shall include a regimen of graduated requirements and rewards and sanctions, including but not limited to: fines, fees, costs, restitution, incarceration of up to 180 days, individual and group therapy, drug analysis testing, close monitoring by the court at a minimum of once every 30 days and supervision of progress, educational or vocational counseling as appropriate, and other requirements necessary to fulfill the drug court program.

Section 30. Substance abuse treatment.

Section 35. Violation; termination; discharge.
(a) If the court finds from the evidence presented including but not limited to the reports or proffers of proof from the drug court professionals that:
   (1) the defendant is not performing satisfactorily in the assigned program;
   (2) the defendant is not benefitting from education, treatment, or rehabilitation;

New matter indicated by italics - deletions by strikeout.
(3) the defendant has engaged in criminal conduct rendering him or her unsuitable for the program; or
(4) the defendant has otherwise violated the terms and conditions of the program or his or her sentence or is for any reason unable to participate; the court may impose reasonable sanctions under prior written agreement of the defendant, including but not limited to imprisonment or dismissal of the defendant from the program and the court may reinstate criminal proceedings against him or her or proceed under Section 5-6-4 of the Unified Code of Corrections for a violation of probation, conditional discharge, or supervision hearing.
(b) Upon successful completion of the terms and conditions of the program, the court may dismiss the original charges against the defendant or successfully terminate the defendant's sentence or otherwise discharge him or her from any further proceedings against him or her in the original prosecution.

Sec. 45-45. Small businesses.
(a) Set-asides. The chief procurement officer has authority to designate as small business set-asides a fair proportion of construction, supply, and service contracts for award to small businesses in Illinois. Advertisements for bids or offers for those contracts shall specify designation as small business set-asides. In awarding the contracts, only bids or offers from qualified small businesses shall be considered.
(b) Small business. "Small business" means a business that is independently owned and operated and that is not dominant in its field of operation. The chief procurement officer shall establish a detailed definition by rule, using in addition to the foregoing criteria other criteria, including the number of employees and the dollar volume of business. When computing the size status of a bidder, annual sales and receipts of the bidder and all of its affiliates shall be included. The maximum number of employees and the maximum dollar volume that a small business may have under the rules promulgated by the chief procurement officer may vary from industry to industry to the extent necessary to reflect differing characteristics of those industries, subject to the following limitations:
   (1) No wholesale business is a small business if its annual sales for its most recently completed fiscal year exceed $7,500,000.
   (2) No retail business or business selling services is a small business if its annual sales and receipts exceed $1,500,000.
   (3) No manufacturing business is a small business if it employs more than 250 persons.
   (4) No construction business is a small business if its annual sales and receipts exceed $10,000,000.
(c) Fair proportion. For the purpose of subsection (a), for State agencies of the executive branch, a fair proportion of construction contracts shall be no less than 25% nor more than 40% of the annual total contracts for construction.
(d) Withdrawal of designation. A small business set-aside designation may be withdrawn by the purchasing agency when deemed in the best interests of the State. Upon withdrawal, all bids or offers shall be rejected, and the bidders or offerors shall be notified of the reason for rejection. The contract shall then be awarded in accordance with this Code without the designation of small business set-aside.
(e) Small business specialist. The chief procurement officer shall designate a State purchasing officer who will be responsible for engaging an experienced contract negotiator to serve as its small business specialist, whose duties shall include:
   (1) Compiling and maintaining a comprehensive bidders list of small businesses. In this duty, he or she shall cooperate with the Federal Small Business Administration in locating potential sources for various products and services.
   (2) Assisting small businesses in complying with the procedures for bidding on State contracts.
   (3) Examining requests from State agencies for the purchase of property or services to help determine which invitations to bid are to be designated small business set-asides.
   (4) Making recommendations to the chief procurement officer for the simplification of specifications and terms in order to increase the opportunities for small business participation.
   (5) Assisting in investigations by purchasing agencies to determine the responsibility of bidders on small business set-asides.
(f) Small business annual report. The State purchasing officer designated under subsection (e) shall annually before December 1 report in writing to the General Assembly concerning the awarding
of contracts to small businesses. The report shall include the total value of awards made in the preceding fiscal year under the designation of small business set-aside. The report shall also include the total value of awards made to businesses owned by minorities, females, and persons with disabilities, as defined in the Business Enterprise for Minorities, Females, and Persons with Disabilities Act, in the preceding fiscal year under the designation of small business set-aside.

The requirement for reporting to the General Assembly shall be satisfied by filing copies of the report as required by Section 3.1 of the General Assembly Organization Act.

PUBLIC ACT 92-0064
(Senate Bill No. 0376)

AN ACT in relation to education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The School Code is amended by changing Sections 2-3.13a and 10-22.6 as follows:
(105 ILCS 5/2-3.13a) (from Ch. 122, par. 2-3.13a)
Sec. 2-3.13a. Scholastic records; transferring students. The State Board of Education shall
establish and implement rules requiring all of the public schools and all private or nonpublic
elementary and secondary schools located in this State, whenever any such school has a student who
is transferring to any other public elementary or secondary school located in this or in any other state,
to forward within 10 days of notice of the student's transfer an unofficial record of that student's grades
to the school to which such student is transferring. Each public school at the same time also shall forward to the school to which the student is transferring the remainder of the student's school student records as required by the Illinois School Student Records Act. In addition, if a student is transferring from a public school, whether located in this or any other state, from which the student has been suspended or expelled for knowingly possessing in a school building or on school grounds a weapon as defined in the Gun Free Schools Act (20 U.S.C. 8921 et seq.), for knowingly possessing, selling, or delivering in a school building or on school grounds a controlled substance or cannabis, or for battering a staff member of the school, and if the period of suspension or expulsion has not expired at the time the student attempts to transfer into another public school in the same or any other school district: (i) any school student records required to be transferred shall include the date and duration of the period of suspension or expulsion; and (ii) with the exception of transfers into the Department of Corrections school district, the student shall not be permitted to attend class in the public school into which he or she is transferring until the student has served the entire period of the suspension or expulsion imposed by the school from which the student is transferring, provided that the school board may approve the placement of the student in an alternative school program established under Article 13A of this Code Act. A school district may adopt a policy providing that if a student is suspended or expelled for any reason from any public or private school in this or any other state, the student must complete the entire term of the suspension or expulsion before being admitted into the school district. This policy may allow placement of the student in an alternative school program established under Article 13A of this Code, if available, for the remainder of the suspension or expulsion. Each public school and each private or nonpublic elementary or secondary school in this State shall within 10 days after the student has paid all of his or her outstanding fines and fees and at its own expense forward an official transcript of the scholastic records of each student transferring from that school in strict accordance with the provisions of this Section and the rules established by the State Board of Education as herein provided.

The State Board of Education shall develop a one-page standard form that Illinois school districts are required to provide to any student who is moving out of the school district and that contains the information about whether or not the student is "in good standing" and whether or not his or her medical records are up-to-date and complete. As used in this Section, "in good standing" means that the student is not being disciplined by a suspension or expulsion, but is entitled to attend classes. No school district is required to admit a new student who is transferring from another Illinois school district unless he or she can produce the standard form from the student's previous school district enrollment. No school district is required to admit a new student who is transferring from an out-of-state public school unless the parent or guardian of the student certifies in writing that the student is not currently serving a suspension or expulsion imposed by the school from which the student is transferring.

(105 ILCS 5/10-22.6) (from Ch. 122, par. 10-22.6)

Sec. 10-22.6. Suspension or expulsion of pupils; school searches.

(a) To expel pupils guilty of gross disobedience or misconduct, and no action shall lie against them for such expulsion. Expulsion shall take place only after the parents have been requested to appear at a meeting of the board, or with a hearing officer appointed by it, to discuss their child's behavior. Such request shall be made by registered or certified mail and shall state the time, place and purpose of the meeting. The board, or a hearing officer appointed by it, at such meeting shall state the reasons for dismissal and the date on which the expulsion is to become effective. If a hearing officer is appointed by the board he shall report to the board a written summary of the evidence heard at the meeting and the board may take such action thereon as it finds appropriate.

(b) To suspend or by regulation to authorize the superintendent of the district or the principal, assistant principal, or dean of students of any school to suspend pupils guilty of gross disobedience or misconduct, or to suspend pupils guilty of gross disobedience or misconduct on the school bus from riding the school bus, and no action shall lie against them for such suspension. The board may by regulation authorize the superintendent of the district or the principal, assistant principal, or dean of students of any school to suspend pupils guilty of such acts for a period not to exceed 10 school days. If a pupil is suspended due to gross disobedience or misconduct on a school bus, the board may
suspend the pupil in excess of 10 school days for safety reasons. Any suspension shall be reported immediately to the parents or guardian of such pupil along with a full statement of the reasons for such suspension and a notice of their right to a review, a copy of which shall be given to the school board. Upon request of the parents or guardian the school board or a hearing officer appointed by it shall review such action of the superintendent or principal, assistant principal, or dean of students. At such review the parents or guardian of the pupil may appear and discuss the suspension with the board or its hearing officer. If a hearing officer is appointed by the board he shall report to the board a written summary of the evidence heard at the meeting. After its hearing or upon receipt of the written report of its hearing officer, the board may take such action as it finds appropriate.

(c) The Department of Human Services shall be invited to send a representative to consult with the board at such meeting whenever there is evidence that mental illness may be the cause for expulsion or suspension.

(d) The board may expel a student for a definite period of time not to exceed 2 calendar years, as determined on a case by case basis. A student who is determined to have brought a weapon to school, any school-sponsored activity or event, or any activity or event which bears a reasonable relationship to school shall be expelled for a period of not less than one year, except that the expulsion period may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case by case basis.

(e) To maintain order and security in the schools, school authorities may inspect and search places and areas such as lockers, desks, parking lots, and other school property and equipment owned or controlled by the school, as well as personal effects left in those places and areas by students, without notice to or the consent of the student, and without a search warrant. As a matter of public policy, the General Assembly finds that students have no reasonable expectation of privacy in these places and areas or in their personal effects left in these places and areas.

(f) Suspension or expulsion may include suspension or expulsion from school and all school activities and a prohibition from being present on school grounds.

(g) A school district may adopt a policy providing that if a student is suspended or expelled for any reason from any public or private school in this or any other state, the student must complete the entire term of the suspension or expulsion before being admitted into the school district. This policy may allow placement of the student in an alternative school program established under Article 13A of this Code, if available, for the remainder of the suspension or expulsion. This subsection (g) applies to all school districts, including special charter districts and districts organized under Article 34 of this Code.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Illinois Vehicle Code is amended by changing Sections 2-124, 3-402.2, and 3-824 as follows:
(625 ILCS 5/2-124) (from Ch. 95 1/2, par. 2-124)

(a) Audits. The Secretary of State or employees and agents designated by him, may audit the books, records, tax returns, reports, and any and all other pertinent records or documents of any person licensed or registered, or required to be licensed or registered, under any provisions of this Act, for the purpose of determining whether such person has not paid any fees or taxes required to be paid to the Secretary of State and due to the State of Illinois. (c) Special Audits. If the Secretary of State is not satisfied with the books, records and documents made available for an audit, or if the Secretary of State is unable to determine therefrom whether any fees or taxes are due to the State of Illinois, or if there is cause to believe that the person audited has declined or refused to supply the books, records and documents necessary to determine whether a deficiency exists, the Secretary of State may either seek a court order for production of any and all books, records and documents he deems relevant and material, or, in his discretion, the

New matter indicated by italics - deletions by strikeout.
Secretary of State may instead give written notice to such person requiring him to produce any and all books, records and documents necessary to properly audit and determine whether any fees or taxes are due to the State of Illinois. If such person fails, refuses or declines to comply with either the court order or written notice within the time specified, the Secretary of State shall then order a special audit at the expense of the person affected. Upon completion of the special audit, the Secretary of State shall determine if any fees or taxes required to be paid under this Act have not been paid, and make an assessment of any deficiency based upon the books, records and documents available to him, and in an assessment, he may rely upon records of other persons having an operation similar to that of the person audited specially. A person audited specially and subject to a court order and in default thereof, shall in addition, be subject to any penalty or punishment imposed by the court entering the order.

(d) Deficiency; Audit Costs. When a deficiency is found and any fees or taxes required to be paid under this Act have not been paid to the State of Illinois, the Secretary of State may impose an audit fee of $50 per day, or $25 per half-day, per auditor, plus in the case of out-of-state travel, transportation expenses incurred by the auditor or auditors. Where more than one person is audited on the same out-of-state trip, the additional transportation expenses may be apportioned. The actual costs of a special audit shall be imposed upon the person audited.

(e) Interest. When a deficiency is found and any fees or taxes required to be paid under this Act have not been paid to the State of Illinois, the amount of the deficiency, if greater than $100 for all registration years examined, shall also bear interest at the rate of 1/2 of 1% per month or fraction thereof, from the date when the fee or tax due should have been paid under the provisions of this Act, subject to a maximum of 6% per annum.

(f) Willful Negligence. When a deficiency is determined by the Secretary to be caused by the willful neglect or negligence of the person audited, an additional 10% penalty, that is 10% of the amount of the deficiency or assessment, shall be imposed, and the 10% penalty shall bear interest at the rate of 1/2 of 1% on and after the 30th day after the penalty is imposed until paid in full.

(g) Fraud or Evasion. When a deficiency is determined by the Secretary to be caused by fraud or willful evasion of the provisions of this Act, an additional penalty, that is 20% of the amount of the deficiency or assessment, shall be imposed, and the 20% penalty shall bear interest at the rate of 1/2 of 1% on and after the 30th day after the penalty is imposed until paid in full.

(h) Notice. The Secretary of State shall give written notice to any person audited, of the amount of any deficiency found or assessment made, of the costs of an audit or special audit, and of the penalty imposed, and payment shall be made within 30 days of the date of the notice unless such person petitions for a hearing.

However, except in the case of fraud or willful evasion, or the inaccessibility of books and records for audit or with the express consent of the person audited, no notice of a deficiency or assessment shall be issued by the Secretary for more than 3 registration years. This limitation shall commence on any January 1 as to calendar year registrations and on any July 1 as to fiscal year registrations. This limitation shall not apply for any period during which the person affected has declined or refuses to make his books and records available for audit, nor during any period of time in which an Order of any Court has the effect of enjoining or restraining the Secretary from making an audit or issuing a notice. Notwithstanding, each person licensed under the International Registration Plan and audited by this State or any member jurisdiction shall follow the assessment and refund procedures as adopted and amended by the International Registration Plan members. The Secretary of State shall have the final decision as to which registrants may be subject to the netting of audit fees as outlined in the International Registration Plan. Persons audited may be subject to a review process to determine the final outcome of the audit finding. This process shall follow the adopted procedure as outlined in the International Registration Plan. All decisions by the IRP designated tribunal shall be binding.

(i) Every person subject to licensing or registration and audit under the provisions of this Chapter shall retain all pertinent licensing and registration documents, books, records, tax returns, reports and all supporting records and documents for a period of 4 years.

(j) Hearings. Any person receiving written notice of a deficiency or assessment may, within 30 days after the date of the notice, petition for a hearing before the Secretary of State or his duly appointed hearing officer to contest the audit in whole or in part, and the petitioner shall
simultaneously file a certified check or money order, or certificate of deposit, or a surety bond approved by the Secretary in the amount of the deficiency or assessment. Hearings shall be held pursuant to the provisions of Section 2-118 of this Act.

(k) Judgments. The Secretary of State may enforce any notice of deficiency or assessment pursuant to the provisions of Section 3-831 of this Act.

"Emergency Management" means the efforts of the State and the political subdivisions to develop, plan, analyze, conduct, provide, implement and maintain programs for disaster mitigation, preparedness, response and recovery.

"Emergency Management Services and Disaster Agency" means the agency by this name, by the name Emergency Management Agency, or by any other name that is established by ordinance within a political subdivision to coordinate the emergency management program within that political subdivision and with private organizations, other political subdivisions, the State and federal governments.

"Emergency Services" means the coordination of functions by the State and its political subdivision, other than functions for which military forces are primarily responsible, as may be necessary or proper to prevent, minimize, repair, and alleviate injury and damage resulting from any natural or technological causes. These functions include, without limitation, fire fighting services, police services, emergency aviation services, medical and health services, rescue, engineering, warning services, communications, radiological, chemical and other special weapons defense, evacuation of persons from stricken or threatened areas, emergency assigned functions of plant protection, temporary restoration of public utility services and other functions related to civilian protection, together with all other activities necessary or incidental to protecting life or property.

"Exercise" means a planned event realistically simulating a disaster, conducted for the purpose of evaluating the political subdivision's coordinated emergency management capabilities, including, but not limited to, testing the emergency operations plan.

"Illinois Emergency Management Agency" means the agency established by this Act within the executive branch of State Government responsible for coordination of the overall emergency management program of the State and with private organizations, political subdivisions, and the federal government. Sec. 179A-5. Purpose.
This Article is adopted to provide a basis for the creation of protected cells by a domestic insurer as one means of accessing alternative sources of capital and achieving the benefits of insurance securitization. Investors in fully funded insurance securitization transactions provide funds that are available to pay the insurer's insurance obligations or to repay the investors or both. The creation of protected cells is intended to be a means to achieve more efficiencies in conducting insurance securitizations. Insurance securitization has been developed as a means of accessing alternative sources of capital and diversifying credit risk in order to enhance an insurance company's ability to both assume risk and stabilize underwriting results.

Under the terms of the typical debt instrument underlying an insurance securitization transaction, prepaid principal is repaid to the investor on a specified maturity date with interest, unless a trigger event occurs. The insurance securitization proceeds secure both the protected cell company's obligations under specified contracts of insurance if a trigger event occurs, as well as the protected cell insurance company's obligation to repay the insurance securitization investors' debt instrument if a trigger event does not occur. Traditionally, Insurance securitization transactions have been
performed through alien companies in order to utilize efficiencies available to alien companies that are not currently available to domestic companies. This Article is adopted in order to create more efficiency in conducting insurance securitization, to allow domestic companies easier access to alternative sources of capital, and to promote the benefits of insurance securitization generally. (Source: P.A. 91-278, eff. 7-23-99.)

Sec. 179A-10. Definitions.

"Domestic company" means an insurance company domiciled in the State of Illinois.

"Fully funded" means that, with respect to any exposure attributed to a protected cell, the market value of the protected cell assets, on the date on which the insurance securitization is effected, equals or exceeds the maximum possible exposure attributable to the protected cell with respect to those exposures.

"General account" means the assets and liabilities of a protected cell company other than protected cell assets and protected cell liabilities.

"Indemnity trigger" means a transaction term by which relief of the issuer's obligation to repay investors is triggered by its incurring suffering a specified level of losses under its policies of insurance or reinsurance contracts.

"Insurance securitization" means the entering into of debt instruments supported in full by cash or readily marketable securities with investors by a domestic company where repayment of principal or interest, or both, to investors pursuant to the transaction terms is contingent upon the occurrence or nonoccurrence of an event with respect to which the domestic company is exposed to loss under policies or contracts of insurance or reinsurance it has issued.

"Market value" has the meaning given that term in Article VIII of this Code (Investments of Domestic Companies).

"Non-indemnity trigger" means a transaction term by which relief of the issuer's obligation to repay investors is triggered solely by some event or condition other than the individual protected cell company incurring a specified level of losses under its insurance or reinsurance contracts.

"Protected cell" means an identified pool of assets and liabilities of a domestic company segregated and insulated by means of this Article from the remainder of the company's assets and liabilities.

"Protected cell account" means a specifically identified bank or custodial account established by a protected cell company for the purpose of legally segregating the protected cell assets of one protected cell from the protected cell assets of other protected cells and from the assets of the protected cell company's general account.

"Protected cell assets" means all assets, contract rights, and general intangibles identified with and attributable to a specific protected cell of a protected cell company, including assets physically segregated in a protected cell account.

"Protected cell company" means a domestic company that has one or more protected cells.

"Protected cell company insurance securitization" means the issuance of debt instruments, the proceeds from which support the exposures attributed to the protected cell, by a protected cell company where repayment of principal or interest, or both, to investors pursuant to the transaction terms is contingent upon the occurrence or nonoccurrence of an event with respect to which the protected cell company is exposed to loss under insurance or reinsurance contracts it has issued.

"Protected cell liabilities" means all liabilities and other obligations identified with and attributable to a specific protected cell of a protected cell company. Protected cell liabilities include liabilities representing the insurance obligations of the protected cell as well as obligations of the protected cell arising out of any insurance securitization transactions of the protected cell.

(Source: P.A. 91-278, eff. 7-23-99.)

(a) A domestic company may, with the prior written approval by the Director of a plan of operation submitted by the domestic company with respect to each protected cell, establish one or more protected cells in connection with an insurance securitization. Upon the written approval by the
Director of the plan of operation, which shall include, but not be limited to, the specific business and investment guidelines objectives of the protected cell, the protected cell company may, in accordance with the approved plan of operation, attribute to the protected cell amounts both reflective of insurance obligations with respect to its insurance business and obligations relating to the insurance securitization and assets to fund those obligations. A protected cell shall have its own distinct name or designation, which shall include the words "protected cell". The protected cell company shall transfer all assets attributable to a protected cell to one or more separately established and identified protected cell accounts bearing the name or designation of that protected cell. Protected cell assets shall be held in the protected cell accounts for the purpose of satisfying the obligations of that protected cell.

(b) All sales, exchanges, transfers, or other attributions of assets and liabilities between a protected cell and the general account shall be in accordance with the plan of operation approved by the Director. or shall be otherwise approved by the Director. Unless otherwise approved by the Director, no sale, exchange, transfer, or sale, exchange, transfer, or other attribution of assets or liabilities may be made by a protected cell company between the protected cell company's general account and one or more of its protected cells. unless, in the case of an attribution to a protected cell, the attribution is made solely to establish the protected cell or, in the case of an attribution from a protected cell to the company's general account, the attribution is made solely to support the company's insurance obligations that are the subject of the business of the protected cell. Any sale, exchange, transfer, or other attribution of assets and liabilities between the general account and a protected cell or from investors in the form of principal on a debt instrument issued by a protected cell company shall be in cash or in readily marketable securities with established market values unless otherwise approved in advance in writing by the Director.

(c) The creation of a protected cell does not create, in respect of that protected cell, a legal person separate from the protected cell company. Amounts attributed to a protected cell under this Article, including assets transferred to a protected cell account, are owned by the protected cell company and the protected cell company may not be, nor hold itself out to be, a trustee with respect to those protected cell assets of that protected cell account. Notwithstanding the foregoing, the company may allow for a security interest to attach to protected cell assets or a protected cell account when in favor of a creditor of the protected cell and otherwise allowed under applicable law.

(d) This Article shall not be construed to prohibit the protected cell company from contracting with or arranging for an investment advisor, commodity trading advisor, or other third party to manage the protected cell assets of a protected cell, provided that all remuneration, expenses, and other compensation of the third party advisor or manager are payable from the protected cell assets of that protected cell and not from the protected cell assets of other protected cells or the assets of the protected cell company's general account.

(e) A domestic company that is a protected cell company shall establish such administrative and accounting procedures as are necessary to properly identify the one or more protected cells of the protected cell company and the protected cell assets and protected cell liabilities attributable to the protected cells therein. It shall be the duty of the directors of a protected cell company to:

1. keep protected cell assets and protected cell liabilities separate and separately identifiable from the assets and liabilities of the protected cell company's general account, and
2. keep protected cell assets and protected cell liabilities attributable to one protected cell separate and separately identifiable from protected cell assets and protected cell liabilities attributable to other protected cells.

If this Section is violated Notwithstanding the foregoing, the remedy of tracing shall be applicable to protected cell assets when commingled with protected cell assets of other protected cells or the assets of the protected cell company's general account. The remedy of tracing shall not be construed as an exclusive remedy.

(f) The protected cell company shall, when establishing a protected cell, attribute to the protected cell assets with a value at least equal to the reserves and other insurance liabilities attributed to that protected cell. (Source: P.A. 91-278, eff. 7-23-99.) (215 ILCS 5/179A-20)
Sec. 179A-20. Use and operation of protected cells.
(a) The protected cell assets of any protected cell may not be charged with liabilities arising out of any other business the protected cell company may conduct. All contracts or other documentation reflecting protected cell liabilities shall clearly indicate that only the assets of the protected cell are available for the satisfaction of those obligations. All contracts or other documentation pertaining to the protected cell shall contain provisions identifying the protected cell to which the transaction will be attributed. In addition, the contracts or other documentation shall clearly disclose that the assets of that protected cell, and only those assets, are available to pay the obligations of that protected cell. Notwithstanding the foregoing, and subject to the provisions of this Article and any other applicable law or rule, the failure to include such language in the contracts or other documentation effecting such transaction shall not be used as the sole basis by creditors, reinsurers, or other claimants to circumvent the provisions of this Article.
(b) The income, gains, and losses, realized or unrealized, from protected cell assets and protected cell liabilities must be credited to or charged against the protected cell without regard to other income, gains, or losses of the protected cell company, including income, gains, or losses of other protected cells. Amounts attributed to a protected cell shall not be used as the sole basis by creditors, reinsurers, or other claimants to circumvent the provisions of this Article.
(c) Unless otherwise approved by the Director, protected cell assets may be valued at their market value on the date of valuation, or if there is no readily available market, then as provided in the contract or the rules or other written documentation applicable to the protected cell.
(d) A protected cell company shall, in respect of any of its protected cells, engage in fully funded indemnity-triggered insurance securitization to support in full the protected cell exposures attributable to that protected cell. A protected cell company may not use insurance securitization that is not indemnity-triggered to support the obligations of a protected cell to the general account. An insurance securitization that is not indemnity-triggered may qualify as an insurance securitization under the terms of this Article only after the Director adopts rules addressing the methods of: (i) funding the portion of the risk that is not indemnity based, (ii) accounting, and disclosure, (iii) risk-based capital treatment, and (iv) assessing risk associated with such securitizations, and does not support in full the protected cell obligations of a protected cell shall be prohibited absent specific permission by the Director in accordance with the authority granted under Section 179A-40 and the guidance of the National Association of Insurance Commissioners, as such guidance is developed. A protected cell company may not engage in a non-indemnity triggered insurance securitization transaction that is not fully funded, whether indemnity triggered or not indemnity triggered, is prohibited. Protected cell assets may be used to pay interest or other consideration on any outstanding debt or other obligation attributable to that protected cell, and nothing in this subsection shall be construed or interpreted to prevent a protected cell company from entering into a swap agreement or other transaction for the account of the protected cell that has the effect of guaranteeing such interest or other consideration.
(e) In all cases in which a protected cell company engages in an insurance securitizations transaction, the contracts or other documentation financial instrument effecting such transaction shall contain provisions identifying the protected cell to which the transaction will be attributed. In addition, the contracts or other documentation financial instrument shall clearly disclose that the assets of that protected cell, and only those assets, are available to pay the obligations of that protected cell. Notwithstanding the foregoing, and subject to the provisions of this Article and any other applicable law or rule, the failure to include such language in the contracts or other documentation financial instrument shall not be used as the sole basis by creditors, reinsurers, or other claimants to circumvent the provisions of this Article.
(f) A protected cell company may attribute to a protected cell account only the insurance obligations relating to the protected cell company's general account. A protected cell company may not issue insurance or reinsurance contracts directly to policyholders or reinsureds or have any obligation to the policyholders or reinsureds of the protected cell company's general account.
(g) At the cessation of business of a protected cell, the protected cell company shall voluntarily close out or wind up the protected cell account in accordance with a plan approved by the Director.

Protected cell assets are available only to creditors of a protected cell company after all protected cell liabilities have been extinguished or otherwise provided for in accordance with the plan of operation relating to that protected cell.

(b) When an obligation of a protected cell company to a person arises from a transaction, or is otherwise imposed, in respect of a protected cell:

(1) that obligation of the protected cell company shall extend only to the protected cell assets attributable to that protected cell, and the person shall, in respect of that obligation, be entitled to have recourse only to the protected cell assets attributable to that protected cell; and

(2) that obligation of the protected cell company shall not extend to the protected cell assets of any other protected cell or the assets of the company's general account, and that person shall not, in respect of that obligation, be entitled to have recourse to the protected cell assets of any other protected cell or the assets of the company's general account.

(c) When an obligation of a protected cell company relates solely to the general account, the obligation of the protected cell company shall extend only to, and that creditor shall, in respect of that obligation, be entitled to have recourse only to, the assets of the protected cell company's general account.

(d) A protected cell shall only be authorized to assume an insurance obligation directly from the company's general account, and under no circumstances shall a protected cell be authorized to issue insurance or reinsurance policies or contracts directly to policyholders or reinsureds or have any obligation to the policyholders of the company's general account. The activities, assets, and obligations relating to a protected cell are not subject to the provisions of Article XXXIII 1/2 (Illinois Life and Health Guaranty Association Law) or Article XXXIV (Illinois Insurance Guaranty Fund), and neither a protected cell nor a protected cell company protected cells shall not be assessed by or otherwise be required to contribute to any guaranty fund or guaranty association in this State with respect to the activities, assets, or obligations of a protected cell. Nothing in this subsection shall affect the activities or obligations of a company's general account.

by veteran organizations. This Article establishes procedures that ensure this tribute on behalf of a
grateful citizenry to honor deceased veterans in recognition of their service to the State of Illinois and
to the United States of America. The rendering of military funeral honors is the ceremonial paying
of respects and final demonstration of gratitude to those who, in times of war and peace, have
faithfully defended freedom.

(20 ILCS 1805/28.2 new)
Sec. 28.2. Administration. The Adjutant General of Illinois, as Director of the Department of
Military Affairs, shall administer the Military Funeral Honors Program.

(20 ILCS 1805/28.3 new)
Sec. 28.3. State funeral honors. The funeral honors entitlement established by this Article may
be provided to an eligible veteran only if (i) a request for military funeral honors has been made on
behalf of the deceased veteran to federal authorities and (ii) military funeral honors are not to be
provided by federal authorities, regardless of the reason. Governors are entitled to funeral honors
without a federal request.

(20 ILCS 1805/28.4 new)

to be in the active service of the State for all purposes except for pay, and the provisions of Sections
52, 53, 54, 55, and 56 of the Military Code of Illinois apply if a member of the Illinois National Guard
is injured or disabled in the course of those duties.
(b) The Adjutant General may provide support for other authorized providers who volunteer
to participate in a funeral honors detail conducted on behalf of the Governor. This support is limited
to transportation, reimbursement for transportation, expenses, materials, and training.

(20 ILCS 1805/28.8 new)

must adopt appropriate rules to implement this program.

(20 ILCS 1805/28.9 new)
Sec. 28.9. Availability of funds. Nothing in this Article establishes any entitlement to military

If requested by a member company, the Director may exempt or defer the assessment of any member company, if the assessment

Sec. 537.7. Investigation of claims; disposition.
(a) The Fund shall investigate claims brought against the Fund and adjust, compromise, settle, and pay covered claims to the extent of the Fund's obligation and deny all other claims and may review settlements, releases and judgments to which the insolvent company or its insureds were parties to determine the extent to which such settlements, releases and judgments may be properly contested.

In addition, with respect to covered claims arising from a judgment under a decision, verdict, or finding based on the default of the insolvent insurer or its failure to defend, upon application by the Fund, either on its own behalf or on behalf of an insured, the court shall set aside the judgment, order, decision, verdict, or finding, and the Fund shall be permitted to defend against the claim on the merits.

The sheriff shall make appointments from those persons certified by the Commission as qualified for appointment. If the sheriff rejects any person so certified, the sheriff shall notify the Commission in writing of such rejection.

The Department shall establish eligibility standards for such services taking into consideration the unique economic and social needs of the population for whom they are to be provided. Such eligibility standards may be based on the recipient's ability to pay for services; provided, however, that any portion of a person's income that is equal to or less than the "protected income" level shall not be considered by the Department in determining eligibility. The "protected income" level shall be determined by the Department, shall never be less than the federal poverty standard, and shall be adjusted each year to reflect changes in the Consumer Price Index For All Urban Consumers as determined by the United States Department of Labor. Additionally, in determining the amount and nature of services for which a person may qualify, consideration shall not be given to the value of cash, property or other assets held in the name of the person's spouse pursuant to a written agreement dividing marital property into equal but separate shares or pursuant to a transfer of the person's interest in a home to his spouse, provided that the spouse's share of the marital property is not made available to the person seeking such services.

The services shall be provided to eligible persons to prevent unnecessary or premature institutionalization, to the extent that the cost of the services, together with the other personal maintenance expenses of the persons, are reasonably related to the standards established for care in a group facility appropriate to their condition. These non-institutional services, pilot projects or experimental facilities may be provided as part of or in addition to those authorized by federal law or those funded and administered by the Illinois Department on Aging.

Personal care attendants shall be paid:

The Department shall execute, relative to the nursing home prescreening project, as authorized by Section 4.03 of the Illinois Act on the Aging, written inter-agency agreements with the Department on Aging and the Department of Public Aid, to effect the following: (i) intake procedures and common eligibility criteria for those persons who are receiving non-institutional services; and (ii) the establishment and development of non-institutional services in areas of the State where they are not currently available or are undeveloped. On and after July 1, 1996, all nursing home prescreenings for individuals 18 through 59 years of age shall be conducted by the Department.

The Department is authorized to establish a system of recipient cost-sharing for services provided under this Section. The cost-sharing shall be based upon the recipient's ability to pay for services, but in no case shall the recipient's share exceed the actual cost of the services provided. Protected income shall not be considered by the Department in its determination of the recipient's ability to pay a share of the cost of services. The level of cost-sharing shall be adjusted each year to reflect changes in the "protected income" level. The Department shall deduct from the recipient's share of the cost of services any money expended by the recipient for disability-related expenses.

The Department, or the Department's authorized representative, shall recover the amount of moneys expended for services provided to or in behalf of a person under this Section by a claim against the person's estate or against the estate of the person's surviving spouse, but no recovery may be had until after the death of the surviving spouse, if any, and then only at such time when there is
no surviving child who is under age 21, blind, or permanently and totally disabled. This paragraph, however, shall not bar recovery, at the death of the person, of moneys for services provided to the person or in behalf of the person under this Section to which the person was not entitled; provided that such recovery shall not be enforced against any real estate while it is occupied as a homestead by the surviving spouse or other dependent, if no claims by other creditors have been filed against the estate, or, if such claims have been filed, they remain dormant for failure of prosecution or failure of the claimant to compel administration of the estate for the purpose of payment. This paragraph shall not bar recovery from the estate of a spouse, under Sections 1915 and 1924 of the Social Security Act and Section 5-4 of the Illinois Public Aid Code, who precedes a person receiving services under this Section in death. All moneys for services paid to or in behalf of the person under this Section shall be claimed for recovery from the deceased spouse's estate. "Homestead", as used in this paragraph, means the dwelling house and contiguous real estate occupied by a surviving spouse or relative, as defined by the rules and regulations of the Illinois Department of Public Aid, regardless of the value of the property.

The Department and the Department on Aging shall cooperate in the development and submission of an annual report on programs and services provided under this Section. Such joint report shall be filed with the Governor and the General Assembly on or before March 30 each year.

The requirement for reporting to the General Assembly shall be satisfied by filing copies of the report with the Speaker, the Minority Leader and the Clerk of the House of Representatives and the President, the Minority Leader and the Secretary of the Senate and the Legislative Research Unit, as required by Section 3.1 of the General Assembly Organization Act, and filing additional copies with the State Government Report Distribution Center for the General Assembly as required under paragraph (t) of Section 7 of the State Library Act.

(g) To establish such subdivisions of the Department as shall be desirable and assign to the various subdivisions the responsibilities and duties placed upon the Department by law.

(h) To cooperate and enter into any necessary agreements with the Department of Employment Security for the provision of job placement and job referral services to clients of the Department, including job service registration of such clients with Illinois Employment Security offices and making job listings maintained by the Department of Employment Security available to such clients.

(i) To possess all powers reasonable and necessary for the exercise and administration of the powers, duties and responsibilities of the Department which are provided for by law.

(j) To establish a procedure whereby new providers of personal care attendant services shall submit vouchers to the State for payment two times during their first month of employment and one time per month thereafter. In no case shall the Department pay personal care attendants an hourly wage that is less than the federal minimum wage.

(k) To provide adequate notice to providers of chore and housekeeping services informing them that they are entitled to an interest payment on bills which are not promptly paid pursuant to Section 3 of the State Prompt Payment Act.

(l) To establish, operate and maintain a Statewide Housing Clearinghouse of information on available, government subsidized housing accessible to disabled persons and available privately owned housing accessible to disabled persons. The information shall include but not be limited to the location, rental requirements, access features and proximity to public transportation of available housing. The Clearinghouse shall consist of at least a computerized database for the storage and retrieval of information and a separate or shared toll free telephone number for use by those seeking information from the Clearinghouse. Department offices and personnel throughout the State shall also assist in the operation of the Statewide Housing Clearinghouse. Cooperation with local, State and federal housing managers shall be sought and extended in order to frequently and promptly update the Clearinghouse's information.

(m) To assure that the names and case records of persons who received or are receiving services from the Department, including persons receiving vocational rehabilitation, home services, or other services, and those attending one of the Department's schools or other supervised facility shall be confidential and not be open to the general public. Those case records and reports or the information contained in those records and reports shall be disclosed by the Director only to proper law enforcement officials, individuals authorized by a court, the General Assembly or any committee

Section 5. The School Code is amended by changing Section 18-3 as follows:
(105 ILCS 5/18-3) (from Ch. 122, par. 18-3)
Sec. 18-3. Tuition of children from orphanages and children's homes.
When the children from any home for orphans, dependent, abandoned or maladjusted children maintained by any organization or association admitting to such home children from the State in general or when children residing in a school district wherein the State of Illinois maintains and operates any welfare or penal institution on property owned by the State of Illinois, which contains houses, housing units or housing accommodations within a school district, attend grades kindergarten through 12 of the public schools maintained by that school district, the State Superintendent of Education shall direct the State Comptroller to pay a specified amount sufficient to pay the annual tuition cost of such children who attended such public schools during the regular school year ending on June 30 or the summer term for that school year, and the Comptroller shall pay the amount after receipt of a voucher submitted by the State Superintendent of Education.
The amount of the tuition for such children attending the public schools of the district shall be determined by the State Superintendent of Education by multiplying the number of such children in average daily attendance in such schools by 1.2 times the total annual per capita cost of administering the schools of the district. Such total annual per capita cost shall be determined by totaling all expenses of the school district in the educational, operations and maintenance, bond and interest, transportation, Illinois municipal retirement, and rent funds for the school year preceding the filing of such tuition claims less expenditures not applicable to the regular K-12 program, less offsetting revenues from State sources except those from the common school fund, less offsetting revenues from federal sources except those from federal impaction aid, less student and community service revenues, plus a depreciation allowance; and dividing such total by the average daily attendance for the year.

3. The total number of children attending the schools of the district;

5. The computed amount of the tuition payment claimed as due.

If the allowance is insufficient to pay the tuition in full the State Superintendent of Education shall direct the Comptroller to pay to the district the difference between the total tuition charged and the amount of the allowance.

Whenever the facilities of a school district in which such house, housing units or housing accommodations are located, are limited, pupils may be assigned by that district to the schools of any adjacent district to the limit of the facilities of the adjacent district to properly educate such pupils as shall be determined by the school board of the adjacent district, and the State Superintendent of Education shall direct the Comptroller to pay a specified amount sufficient to pay the annual tuition of the children so assigned to and attending public schools in the adjacent districts and the Comptroller shall draw his warrant upon the State Treasurer for the payment of such amount for the benefit of the adjacent school districts in the same manner as for districts in which the houses, housing units or housing accommodations are located.

The school district shall certify to the State Superintendent of Education the report of claims due for such tuition payments on or before July 31. Failure on the part of the school board to certify its claim on July 31 shall constitute a forfeiture by the district of its right to the payment of any such tuition claim for the school year just ended. The State Superintendent of Education shall direct the Comptroller to pay to the district, on or before August 15, the amount due the district for the school year in accordance with the calculation of the claim as set forth in this Section.

Claims for tuition for children from any home for orphans or dependent, abandoned, or maladjusted children beginning with the 1993-1994 school year shall be paid on a current year basis. On September 30, December 31, and March 31, the State Board of Education shall voucher payments for districts with those students based on an estimated cost calculated from the prior year's claim. Final claims for those students for the regular school term and summer term must be received at the State Board of Education by July 31 following the end of the regular school year. Final claims for those students shall be vouchered by August 15. During fiscal year 1994 both the 1992-1993 school year and the 1993-1994 school year shall be paid in order to change the cycle of payment from a reimbursement basis to a current year funding basis of payment. However, notwithstanding any other provisions of this Section or the School Code, beginning with fiscal year 1994 and each fiscal year thereafter, if the amount appropriated for any fiscal year is less than the amount required for purposes of this Section, the amount required to eliminate any insufficient reimbursement for each district claim under this Section shall be reimbursed on August 30 of the next fiscal year. Payments required to eliminate any insufficiency for prior fiscal year claims shall be made before any claims are paid for the current fiscal year.

If a school district makes a claim for reimbursement under Section 18-4 or 14-7.03 it shall not include in any claim filed under this Section children residing on the property of State institutions included in its claim under Section 18-4 or 14-7.03.

Any child who is not a resident of Illinois who is placed in a child welfare institution, private facility, State operated program, orphanage or children's home shall have the payment for his educational tuition and any related services assured by the placing agent.

In order to provide services appropriate to allow a student under the legal guardianship or custodianship of the State to participate in local school district educational programs, costs may be incurred in appropriate cases by the district that are in excess of 1.2 times the district per capita tuition charge allowed under the provisions of this Section. In the event such excess costs are incurred, they must be documented in accordance with cost rules established under the authority of this Section and may then be claimed for reimbursement under this Section.

Planned services for students eligible for this funding must be a collaborative effort between the appropriate State agency or the student's group home or institution and the local school district.

(House Bill No. 0915)

AN ACT in relation to taxes.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Downstate Forest Preserve District Act is amended by changing Section 13.1

New matter indicated by italics - deletions by strikeout.
as follows:

(70 ILCS 805/13.1) (from Ch. 96 1/2, par. 6324)

Sec. 13.1. After the first Monday in October and by the first Monday in December in each year, the board shall levy the general taxes for the district by general categories for the next fiscal year. A certified copy of the levy ordinance shall be filed with the county clerk by the last Tuesday in December each year.

In forest preserve districts with a population of less than 3,000,000, the amount of taxes levied for general corporate purposes for a fiscal year may not exceed the rate of .06% of the value, as equalized or assessed by the Department of Revenue, of the taxable property therein. In addition, in forest preserve districts having a population of 100,000 or more but less than 3,000,000, the board may levy taxes for constructing, restoring reconditioning, reconstructing and acquiring improvements and for the development of the forests and lands of such district, the amount of which tax each fiscal year shall be extended at a rate not to exceed .025% of the assessed value of all taxable property as equalized by the Department of Revenue.

All such taxes and rates are exclusive of the taxes required for the payment of the principal of and interest on bonds, and exclusive of taxes levied for employees' annuity and benefit purposes.

The rate of tax levied for general corporate purposes in a forest preserve district may not be increased by virtue of this amendatory Act of 1977 unless the board first adopts a resolution authorizing such increase and publishes notice thereof in a newspaper having general circulation in the district at least once not less than 45 days prior to the effective date of the increase. The notice shall include a statement of (1) the specific number of voters required to sign a petition requesting that the question of the adoption of the resolution be submitted to the electors of the district; (2) the time in which the petition must be filed; and (3) the date of the prospective referendum. The Secretary of the district shall provide a petition form to any individual requesting one. If, no later than 30 days after the publication of such notice, petitions signed by voters of the district equal to 10% or more of the registered voters of the district, as determined by reference to the number of voters registered at the next preceding general election, and residing in the district are presented to the board expressing opposition to the increase, the proposition must first be certified by the board to the proper election officials, who shall submit the proposition to the legal voters of the district at an election in accordance with the general election law and approved by a majority of those voting on the proposition.

The rate of the tax levied for general corporate purposes in a forest preserve district may be increased, up to the maximum rate identified in this Section, by the Board by a resolution calling for the submission of the question of increasing the rate to the voters of the district in accordance with the general election law. The question must be in substantially the following form:

"Shall (name of district) be authorized to establish its general corporate tax rate at (insert rate) on the equalized assessed value on taxable property located within the district for its general purposes, including education, outdoor recreation, maintenance, operations, public safety at the forest preserves, trails, and other properties of the district (and, optionally, insert any other lawful purposes or programs determined by the Board)."

The ballot must have printed on it, but not as part of the proposition submitted, the following:

"The approximate impact of the proposed increase on the owner of a single-family home having a market value of (insert value) would be (insert amount) in the first year of the increase if the increase is fully implemented." The ballot may have printed on it, but not as part of the proposition, one or both of the following: "The last tax rate extended for the purposes of the district was (insert rate). The last rate increase approved for the purposes of the district was in (insert year)." No other information needs to be included on the ballot.

"The votes must be recorded as "Yes" or "No".

If a majority of the electors voting on the question vote in the affirmative, the district may thereafter levy the tax.

(ii) A broker's license shall be required of a person within this State, other than a retail licensee, who, for a fee or commission, promotes, solicits, or accepts orders for alcoholic liquor, for use or consumption and not for resale, to be shipped from this State and delivered to residents outside of this State by an express company, common carrier, or contract carrier. This Section does not apply to any person who promotes, solicits, or accepts orders for wine as specifically authorized in Section 6-29 of this Act.

A broker's license under this subsection (1) shall not entitle the holder to buy or sell any alcoholic liquors for his own account or to take or deliver title to such alcoholic liquors.

This subsection (1) shall not apply to distributors, employees of distributors, or employees of a manufacturer who has registered the trademark, brand or name of the alcoholic liquor pursuant to Section 6-9 of this Act, and who regularly sells such alcoholic liquor in the State of Illinois only to its registrants thereunder.

Any agent, representative, or person subject to registration pursuant to subsection (a-1) of this Section shall not be eligible to receive a broker's license.

(m) A non-resident dealer's license shall permit such licensee to ship into and warehouse alcoholic liquor into this State from any point outside of this State, and to sell such alcoholic liquor to Illinois licensed foreign importers and importing distributors and to no one else in this State; provided that said non-resident dealer shall register with the Illinois Liquor Control Commission each and every brand of alcoholic liquor which it proposes to sell to Illinois licensees during the license period; and further provided that it shall comply with all of the provisions of Section 6-9 hereof with respect to registration of such Illinois licensees as may be granted the right to sell such brands at wholesale.

(n) A brew pub license shall allow the licensee to manufacture beer only on the premises specified in the license, to make sales of the beer manufactured on the premises to importing distributors, distributors, and to non-licensees for use and consumption, to store the beer upon the premises, and to sell and offer for sale at retail from the licensed premises, provided that a brew pub licensee shall not sell for off-premises consumption more than 50,000 gallons per year.

(o) A caterer retailer license shall allow the holder to serve alcoholic liquors as an incidental part of a food service that serves prepared meals which excludes the serving of snacks as the primary meal, either on or off-site whether licensed or unlicensed.

(p) An auction liquor license shall allow the licensee to sell and offer for sale at auction wine and spirits for use or consumption, or for resale by an Illinois liquor licensee in accordance with provisions of this Act. An auction liquor license will be issued to a person and it will permit the auction liquor licensee to hold the auction anywhere in the State. An auction liquor license must be obtained for each auction at least 14 days in advance of the auction date.

(q) A special use permit license shall allow an Illinois licensed retailer to transfer a portion of its alcoholic liquor inventory from its retail licensed premises to the premises specified in the license hereby created, and to sell or offer for sale at retail, only in the premises specified in the license hereby created, the transferred alcoholic liquor for use or consumption, but not for resale in any form. A special use permit license may be granted for the following time periods: one day or less; 2 or more days to a maximum of 15 days per location in any 12 month period. An applicant for the special use permit license must also submit with the application proof satisfactory to the State Commission that

(235 ILCS 5/6-9) (from Ch. 43, par. 126)

Sec. 6-9. Registration of trade marks; sale within geographical area; delivery to authorized persons. The Legislature hereby finds and declares that for purposes of ensuring the preservation and enhancement of interbrand competition in the alcoholic liquor industry within the State, ensuring that importation and distribution of alcoholic liquor in the State will be subject to thorough and inexpensive monitoring by the State, reducing the importation of illicit or untaxed alcoholic liquor into the State, excluding misbranded alcoholic liquor products from the State, providing incentives to distributors to service and sell to larger numbers of retail licensees in the geographic area where such distributors are engaged in business, and reducing the amount of spoiled and overaged alcoholic liquor products sold to consumers, it is necessary to restrict the purchase of alcoholic liquors at wholesale in the State to those persons selected by the manufacturer, distributor, importing distributor or foreign importer who owns or controls the trade mark, brand or name of the alcoholic liquor products sold to such persons, and to restrict the geographic area or areas within which such persons sell such alcoholic liquor at wholesale, as provided in this Section.

Each manufacturer, non-resident dealer, distributor, importing distributor, or foreign importer who owns or controls the trade mark, brand or name of any alcoholic liquor shall register with the State Commission, in the Chicago office, on or before the effective date, the name of each person to whom such manufacturer, non-resident dealer, distributor, importing distributor, or foreign importer grants the right to sell at wholesale in this State any such alcoholic liquor, specifying the particular trade mark, brand or name of alcoholic liquor as to which such right is granted, the geographical area or areas for which such right is granted and the period of time for which such rights are granted to such person. Each manufacturer, non-resident dealer, distributor or importing distributor, or foreign importer who is required to register under this Section must furnish a copy of the registration statement at the time of appointment to the person who has been granted the right to sell alcoholic liquor at wholesale. However, if a person who has been appointed the right to sell alcoholic liquor at wholesale does not receive a copy of the registration statement as required under this Section, such person may file a registration statement with the State Commission, provided that the person furnishes a copy of that registration statement to the manufacturer, non-resident dealer, distributor, importing distributor, or foreign importer within 30 days of filing the registration statement. The registration statement shall state:

(1) the name of the person appointed;
(2) the name of the manufacturer, non-resident dealer, distributor, importing distributor, or foreign importer from whom the person received the right to sell alcoholic liquor;
(3) the particular trade mark, brand, or name of alcoholic liquor as to which the right to sell at wholesale is granted; and
(4) the geographical areas for which the right to sell at wholesale is granted.

Such manufacturer, non-resident dealer, distributor, importing distributor, or foreign importer may grant the right to sell at wholesale any trade mark, brand or name of any alcoholic liquor in any geographical area to more than one person. If the registration is received after the effective date, the Commission shall treat the date the registration was received in the Chicago office as the effective date. Such registration shall be made on a form prescribed by the State Commission and the State Commission may require such registration to be on a form provided by it.

No such registration shall be made by any other person in any other manner than as is provided in this Section and only those persons registered by the manufacturer, non-resident dealer, distributor, importing distributor or foreign importer, shall have the right to sell at wholesale in this State, the brand of alcoholic liquor specified on the registration form.

However, a licensed Illinois distributor who has not been registered to sell a brand of alcoholic liquor, but for a period of 2 years prior to November 8, 1979 has been engaged in the purchase of a brand for resale from a licensed Illinois distributor who has the right to sell that brand at wholesale, may continue to purchase and resell the brand at wholesale, and may purchase from the same
distributor and resell at wholesale any new brands of the same manufacturer, provided that:

(1) Within 60 days after November 8, 1979 he identifies the brand which he so purchased to the State Commission and the Commission within 30 days thereafter verifies that the purchases have occurred;

(2) Thereafter, he notifies the State Commission in writing of any brands of the same manufacturer which he wishes to purchase from the same distributor that were not available for distribution on or before November 8, 1979, and that the Commission within 30 days verifies that the brand is a new brand of the same manufacturer, and that the same licensed Illinois distributor has the right to sell the new brand at wholesale;

(3) His licensed business address is within the geographical area for which the licensed Illinois distributor from whom the purchases are made has the right to sell said brand or brands of alcoholic liquor; and

(4) His sales are made within the geographical area for which the licensed Illinois distributor from whom the purchases are made has the right to sell the brand or brands of alcoholic liquor and only to retail licensees whose licensed premises are located within the aforementioned geographical area.

No person to whom such right is granted shall sell at wholesale in this State any alcoholic liquor bearing such trade mark, brand or name outside of the geographical area for which such person holds such selling right, as registered with the State Commission, nor shall he sell such alcoholic liquor within such geographical area to a retail licensee if the premises specified in such retailer's license are located outside such geographical area. Any licensed Illinois distributor who has not been granted the right to sell any alcoholic liquor at wholesale and is purchasing alcoholic liquor from a person who has been granted the right to sell at wholesale may sell and deliver only to retail licensees whose licensed premises are within the same geographical area as the person who has been granted the right to sell at wholesale.

No manufacturer, importing distributor, distributor, non-resident dealer, or foreign importer shall sell or deliver any package containing alcoholic liquor manufactured or distributed by him for resale, unless the person to whom such package is sold or delivered is authorized to receive such package in accordance with the provisions of this Act.

Sec. 13-109. Safety test prior to application for license - Subsequent tests - Repairs - Retest.

(a) Except as otherwise provided in Chapter 13, each second division vehicle and medical transport vehicle, except those vehicles other than school buses or medical transport vehicles owned or operated by a municipal corporation or political subdivision having a population of 1,000,000 or more inhabitants which are subjected to safety tests imposed by local ordinance or resolution, operated in whole or in part over the highways of this State, and each vehicle designed to carry 15 or fewer passengers operated by a contract carrier transporting employees in the course of their employment on a highway of this State, shall be subjected to the safety test provided for in Chapter 13 of this Code. Tests shall be conducted at an official testing station within 6 months prior to the application for registration as provided for in this Code. Subsequently each vehicle shall be subject to tests at least every 6 months, and in the case of school buses at least every 6 months or 10,000 miles whichever occurs first, and according to schedules established by rules and regulations promulgated by the Department. Any component subject to regular inspection which is damaged in a reportable accident must be reinspected before the bus is returned to service.

(b) The Department shall also conduct periodic nonscheduled inspections of school buses, of buses registered as charitable vehicles and of religious organization buses. If such inspection reveals that a vehicle is not in substantial compliance with the rules promulgated by the Department, the Department shall remove the Certificate of Safety from the vehicle, and shall place the vehicle out-of-service. A bright orange, triangular decal shall be placed on an out-of-service vehicle where the Certificate of Safety has been removed. The vehicle must pass a safety test at an official testing station before it is again placed in service.

(c) If the violation is not substantial a bright yellow, triangular sticker shall be placed next to the Certificate of Safety at the time the nonscheduled inspection is made. The Department shall reinspect the vehicle after 3 working days to determine that the violation has been corrected and remove the yellow, triangular decal. If the violation is not corrected within 3 working days, the Department shall place the vehicle out-of-service in accordance with procedures in subsection (b).

(d) If a violation is not substantial and does not directly affect the safe operation of the vehicle, the Department shall issue a warning notice requiring correction of the violation. Such correction shall be accomplished as soon as practicable and a report of the correction shall be made to the Department within 30 days in a manner established by the Department. If the Department has not been advised that the corrections have been made, and the violations still exist, the Department shall place the vehicle out-of-service in accordance with procedures in subsection (b).

(e) The Department is authorized to promulgate regulations to implement its program of nonscheduled inspections. Causing or allowing the operation of an out-of-service vehicle with passengers or unauthorized removal of an out-of-service sticker is a Class 3 felony. Causing or allowing the operation of a vehicle with a 3-day sticker for longer than 3 days with the sticker attached or the unauthorized removal of a 3-day sticker is a Class C misdemeanor.

(f) If a second division vehicle, or medical transport vehicle, or vehicle operated by a contract carrier as provided in subsection (a) of this Section is in safe mechanical condition, as determined pursuant to Chapter 13, the operator of the official testing station must at once issue to the second division vehicle or medical transport vehicle a certificate of safety, in the form and manner prescribed by the Department, which shall be affixed to the vehicle by the certified safety tester who performed the safety tests. The owner of the second division vehicle or medical transport vehicle or the contract carrier shall at all times display the Certificate of Safety on the second division vehicle, or medical transport vehicle, or vehicle operated by a contract carrier in the manner prescribed by the Department.

(g) If a test shows that a second division vehicle, or medical transport vehicle, or vehicle operated by a contract carrier is not in safe mechanical condition as provided in this Section, it shall not be operated on the highways until it has been repaired and submitted to a retest at an official testing station. If the owner or contract carrier submits the second division vehicle or medical transport vehicle to a retest at a different official testing station from that where it failed to pass the
first test, he shall present to the operator of the second station the report of the original test, and shall
notify the Department in writing, giving the name and address of the original testing station and the
defects which prevented the issuance of a Certificate of Safety, and the name and address of the
second official testing station making the retest.

Section 99. Effective date. This Act takes effect upon becoming law.

AN ACT concerning agriculture.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Sustainable Agriculture Act is amended by changing Sections 2 and 5 as follows:
(505 ILCS 135/2) (from Ch. 5, par. 2652)
Sec. 2. Findings. It is the intent of this Act to provide for funding of the developmental research program that serves production agriculture in Illinois. Illinois is blessed with some of the richest agricultural soils and the most favorable agricultural climate of any land area in the world of similar size. An economically competitive production agriculture in Illinois is essential to sustaining Illinois farmers plus a vast infrastructure of the State's input, processing, distribution and marketing industries and financial institutions and provides the economic base for many rural communities and municipalities.

Production agriculture in Illinois faces rapidly growing competition for international markets, for which the basis of competition is cost of production. In order to compete effectively, agricultural producers in Illinois must be the early and most effective adapters of new productivity-enhancing, cost-cutting and quality-improving technology.

In addition, in order to sustain a high level of agricultural production into the twenty-first century and beyond, it is critical to determine the optimum methods for production agriculture which result in the best return for the farm and best preserves the environment and the farmland of Illinois.

The Illinois Agricultural Experiment Station's Office of Research and research farm system are essential to conducting research that tests and compares promising new agricultural practices

and products, selecting those that are most appropriate for Illinois, tailoring them to the specific agricultural conditions of Illinois and generating information that helps Illinois farmers assemble them into effective farming systems, thus achieving competitive advantages for Illinois.

Tremendous numbers of new practices and products are becoming available because of increased public and private research around the world, and this rate of development will increase in the future, requiring a much stronger and more sophisticated adaptive research program. Research conducted in the research farm system permits Illinois to capture the economic benefits of worldwide agricultural research and product development.

The State's investment in utilization and marketing research will have little benefit for the present and future of Illinois unless Illinois farmers are the low-cost producers of the raw materials for new food and non-food uses, use production methods which preserve the farmland and guarantee future productivity, and employ some of the utilization and marketing technologies which can be implemented on Illinois farms as efficient production practices.

It is the duty of the Committee to seek sources of funding for projects described in Section 4. These sources may be private or public, or federal, State, or local, or designated for agricultural, environmental, or other related purposes. The Committee shall act in an advisory capacity to the Department of Agriculture in program administration and funding recommendations.

The Department of Agriculture may accept funds from any public or private source for the purposes specified in Section 3. Sec. 3-11. Fraudulent transfer of real property.
A transfer of any legal or equitable interest in real property, whether vested, contingent, or inchoate, by a person who is or has been a recipient, including any such transfers prior to application which would have initially disqualified the person as provided in Section 3-1.3, shall, under any of the following conditions, be deemed prima facie fraudulent as to the Illinois Department.

1. Where the deed or assignment has not been recorded or registered by the grantee, trustee, or assignee.

2. When the deed or assignment, even though recorded or registered, fails to state the consideration.

3. When the consideration for the deed or assignment, even though recorded or registered, is not paid.

4. When the consideration for the deed or assignment, even though recorded or registered, does not approximate the fair, cash market value.

The Attorney General, upon request of the Illinois Department, shall file suit to rescind any such transfer or assignment of real property. Any aid furnished under this Article, or under Articles V, VII, or VII-A of the 1949 Code shall be recoverable in any such proceeding from such person or from his estate.

(305 ILCS 5/4-1) (from Ch. 23, par. 4-1)
Sec. 4-1. Eligibility requirements. Financial aid in meeting basic maintenance requirements for a livelihood compatible with health and well-being shall be given under this Article to or in behalf of families with dependent children who meet the eligibility conditions of Sections 4-1.1 through 4-1.11. Persons who meet the eligibility criteria authorized under this Article shall be treated equally, provided that nothing in this Article shall be construed to create an entitlement to a particular grant or service level or to aid in amounts not authorized under this Code, nor construed to limit the authority of the General Assembly to change the eligibility requirements or provisions respecting assistance amounts.

The Illinois Department shall advise every applicant for and recipient of aid under this Article of (i) the requirement that all recipients move toward self-sufficiency and (ii) the value and benefits of employment. As a condition of eligibility for that aid, every person who applies for aid under this Article on or after the effective date of this amendatory Act of 1995 shall prepare and submit, as part of the application or subsequent redetermination, a personal plan for achieving employment and self-sufficiency. The plan shall incorporate the individualized assessment and employability plan set out in subsections (d), (f), and (g) of Section 9A-8. The plan may be amended as the recipient's needs change. The assessment process to develop the plan shall include questions that screen for domestic violence issues and steps needed to address these issues may be part of the plan. If the individual indicates that he or she is a victim of domestic violence, he or she may also be referred to an available domestic violence program. Failure of the client to follow through on the personal plan for employment and self-sufficiency may be a basis for sanction under Section 4-21. The Illinois Department may implement this paragraph through the use of emergency rules in accordance with Section 5-45 of the Illinois Administrative Procedure Act. For purposes of the Illinois Administrative Procedure Act, the adoption of rules to implement this paragraph shall be considered an emergency and necessary for the public interest, safety, and welfare.

The eligibility of persons who, on the effective date of this Code, are receiving aid under Article VI of the 1949 Code, for aid under this Article, and the continuity of their grants, shall not be affected by the enactment of this Code.

(305 ILCS 5/4-1.1) (from Ch. 23, par. 4-1.1)
Sec. 4-1.1. Child age eligibility.
(a) Every assistance unit must include a child, except as provided in subsections (b) and (c). The child or children must have already been born and be under age 18, or, if age 18, must be a full-time student in a secondary school or the equivalent level of vocational or technical training.
(b) Grants shall be provided for assistance units consisting exclusively of a pregnant woman with no dependent child, and may include her husband if living with her, if the pregnancy has been determined by medical diagnosis, to the extent that federal law permits and federal matching funds are available.
(c) Grants may be provided for assistance units consisting of only adults if all the children living with those adults are disabled and receive Supplemental Security Income.

(305 ILCS 5/4-1.2a) (from Ch. 23, par. 4-1.2a)
Sec. 4-1.2a. Residents of public institutions. Residents of municipal, county, state or national institutions for persons with mental illness or persons with a developmental disability or for the tuberculous, or residents of a home or other institution maintained by such governmental bodies when not in need of institutional care because of sickness, convalescence, infirmity, or chronic illness, and inmates of penal or correctional institutions maintained by such governmental bodies, may qualify for aid under this Article only after they have ceased to be residents or inmates, but they may apply in advance of their discharge. Applications received from residents scheduled for discharge from such institutions shall be processed by the Department in an expeditious manner. For persons whose applications are approved, the earliest date of eligibility shall be the date of release from the institution.

A person shall not be deemed a resident of a State institution for persons with mental illness or persons with a developmental disability within the meaning of this Section if he or she has been conditionally discharged by the Department of Mental Health and Developmental Disabilities or the Department of Human Services (acting as successor to the Department of Mental Health and Developmental Disabilities) and is no longer residing in the institution.

Recipients of benefits under this Article who become residents of such institutions shall be permitted a period of up to 30 days in such institutions without suspension or termination of eligibility. Benefits for which such person is eligible shall be restored, effective on the date of discharge or release, for persons who are residents of institutions. Within a reasonable time after the discharge of a person who was a resident of an institution, the Department shall redetermine the eligibility of such person.

The Department shall provide for procedures to expedite the determination of incapacity or ability to engage in employment of persons scheduled to be discharged from facilities operated by the Department.

If federal law or regulations governing grants under this Article permit the inclusion of persons who are residents of institutions designated in this Section beyond the period authorized herein, the Illinois Department, upon a determination that the appropriations for public aid are sufficient for such purpose, and upon approval of the Governor, may provide by general and uniform rule for the waiver of the provisions of this Section which would otherwise disqualify such person for aid under this Article.

(305 ILCS 5/4-1.2c)
Sec. 4-1.2c. Residence of child who is pregnant or a parent.
(a) Notwithstanding any other provision of this Code, no aid shall be paid under this Article on behalf of a person under age 18 who has never married and who has a child or is pregnant, unless that person resides with a parent, legal guardian, or other adult relative or in a foster home, maternity home, or other adult-supervised living arrangement.
(b) The Illinois Department may make an exception to the requirement of subsection (a) as authorized under the federal Family Support Act of 1988 or in any of the following circumstances:

(1) The person has no living parent or legal guardian, or the parent's or legal guardian's whereabouts are unknown.

(2) The Illinois Department determines that the physical health or safety of the person or
the person's child would be jeopardized.

(3) The person has lived apart from the parent or legal guardian for a period of at least one year before the child's birth or before applying for aid under this Article.

(c) (Blank). The Illinois Department may implement this Section through the use of emergency rules in accordance with Section 5-45 of the Illinois Administrative Procedure Act. For purposes of the Illinois Administrative Procedure Act, the adoption of rules to implement this Section shall be considered an emergency and necessary for the public interest, safety, and welfare.

(305 ILCS 5/4-1.6) (from Ch. 23, par. 4-1.6)

Sec. 4-1.6. Need. Income available to the family as defined by the Illinois Department by rule, or to the child in the case of a child removed from his or her home, when added to contributions in money, substance or services from other sources, including income available from parents absent from the home or from a stepparent, contributions made for the benefit of the parent or other persons necessary to provide care and supervision to the child, and contributions from legally responsible relatives, must be insufficient to equal the grant amount established by Department regulation for such a person.

In considering income to be taken into account, consideration shall be given to any expenses reasonably attributable to the earning of such income. The Illinois Department may also, subject to such limitations as may be prescribed by federal law or regulation, permit all or any portion of earned or other income to be set aside for the future identifiable needs of a child. If federal law or regulations permit or require exemption of other income of recipients, The Illinois Department may provide by rule and regulation for the exemptions thus permitted or required. The eligibility of any applicant for or recipient of public aid under this Article is not affected by the payment of any grant under the "Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act" or any distributions or items of income described under subparagraph (X) of paragraph (2) of subsection (a) of Section 203 of the Illinois Income Tax Act.

The Illinois Department may, by rule, set forth criteria under which an assistance unit is ineligible for cash assistance under this Article for a specified number of months due to the receipt of a lump sum payment.

(305 ILCS 5/4-1.10) (from Ch. 23, par. 4-1.10)

Sec. 4-1.10. Acceptance of Assignment to Job Search, Training and Work Programs. An individual for whom the job search, training and work programs established under Article IXA are applicable must accept assignment to such programs. The Illinois Department shall seek a waiver of federal law and regulations to operate a job search program, under which every person determined eligible for aid under this Article who has a high school education or its equivalent or a prior work history as defined by rule and whose youngest child is at least 5 years of age but less than 13 years of age shall be required to participate in a job search program until employment is secured or for 6 months after the date of approval, whichever is less. This Section shall be operative only to the extent that it does not conflict with the Federal Social Security Act, or any other federal law or federal regulation governing the receipt of federal grants for aid provided under this Article. The Illinois Department and the local governmental unit shall determine, pursuant to rules and regulations, sanctions for persons failing to comply with the requirements under this Section. However, no participant shall be sanctioned for failure to satisfy job search requirements before a full assessment of the participant's job readiness and employability, except that for those persons subject to the job search program operated under this Section an assessment as defined by rule at the time of intake will meet the assessment requirement. No participant shall be sanctioned for failure to satisfy the minimum number of employer contacts if the participant made a good faith effort.

The Illinois Department may implement the changes made by this amendatory Act of 1995 through the use of emergency rules in accordance with Section 5-45 of the Illinois Administrative Procedure Act. For purposes of the Illinois Administrative Procedure Act, the adoption of rules to implement these changes shall be considered an emergency and necessary for the public interest, safety, and welfare.

(Source: P.A. 89-6, eff. 3-6-95.)
Sec. 4-2. Amount of aid.

(a) The amount and nature of financial aid shall be determined in accordance with the grant amounts, rules and regulations of the Illinois Department. Due regard shall be given to the self-sufficiency requirements of the family and to the income, money contributions and other support and resources available, from whatever source. Beginning July 1, 1992, the supplementary grants previously paid under this Section shall no longer be paid. However, the amount and nature of any financial aid is not affected by the payment of any grant under the "Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act" or any distributions or items of income described under subparagraph (X) of paragraph (2) of subsection (a) of Section 203 of the Illinois Income Tax Act. The aid shall be sufficient, when added to all other income, money contributions and support to provide the family with a grant in the amount established by Department regulation.

(b) The Illinois Department may conduct special projects, which may be known as Grant Diversion Projects, under which recipients of financial aid under this Article are placed in jobs and their grants are diverted to the employer who in turn makes payments to the recipients in the form of salary or other employment benefits. The Illinois Department shall by rule specify the terms and conditions of such Grant Diversion Projects. Such projects shall take into consideration and be coordinated with the programs administered under the Illinois Emergency Employment Development Act.

(c) The amount and nature of the financial aid for a child requiring care outside his own home shall be determined in accordance with the rules and regulations of the Illinois Department, with due regard to the needs and requirements of the child in the foster home or institution in which he has been placed.

(d) If the Department establishes grants for family units consisting exclusively of a pregnant woman with no dependent child or including her husband if living with her, the grant amount for such a unit shall be equal to the grant amount for an assistance unit consisting of one adult, or 2 persons if the husband is included. Other than as herein described, an unborn child shall not be counted in determining the size of an assistance unit or for calculating grants.

Payments for basic maintenance requirements of a child or children and the relative with whom the child or children are living shall be prescribed, by rule, by the Illinois Department.

These grants may be increased in the following circumstances:

1. If the child is living with both parents or with persons standing in the relationship of parents, and if the grant is necessitated because of the unemployment or insufficient earnings of the parent or parents and neither parent is receiving benefits under "The Unemployment Compensation Act", approved June 30, 1937, as amended, the maximum may be increased by not more than $25.

2. If a child is age 13 or over, the maximum may be increased by not more than $15.

The allowances provided under Article IX for recipients participating in the training and rehabilitation programs shall be in addition to the maximum payments established in this Section.

Grants under this Article shall not be supplemented by General Assistance provided under Article VI.

(e) Grants shall be paid to the parent or other person with whom the child or children are living, except for such amount as is paid in behalf of the child or his parent or other relative to other persons or agencies pursuant to this Code or the rules and regulations of the Illinois Department.

(f) An assistance unit, receiving financial aid under this Article or temporarily ineligible to receive aid under this Article under a penalty imposed by the Illinois Department for failure to comply with the eligibility requirements or that voluntarily requests termination of financial assistance under this Article and becomes subsequently eligible for assistance within 9 months, shall not receive any increase in the amount of aid solely on account of the birth of a child; except that an increase is not prohibited when the birth is (i) of a child of a pregnant woman who became eligible for aid under this Article during the pregnancy, or (ii) of a child born within 10 months after the date of implementation of this subsection, or (iii) of a child conceived after a family became ineligible for assistance due to income or marriage and at least 3 months of ineligibility expired before any reapplication for
assistance. This subsection does not, however, prevent a unit from receiving a general increase in the amount of aid that is provided to all recipients of aid under this Article.

The Illinois Department is authorized to transfer funds, and shall use any budgetary savings attributable to not increasing the grants due to the births of additional children, to supplement existing funding for employment and training services for recipients of aid under this Article IV. The Illinois Department shall target, to the extent the supplemental funding allows, employment and training services to the families who do not receive a grant increase after the birth of a child. In addition, the Illinois Department shall provide, to the extent the supplemental funding allows, such families with up to 24 months of transitional child care pursuant to Illinois Department rules. All remaining supplemental funds shall be used for employment and training services or transitional child care support.

In making the transfers authorized by this subsection, the Illinois Department shall first determine, pursuant to regulations adopted by the Illinois Department for this purpose, the amount of savings attributable to not increasing the grants due to the births of additional children. Transfers may be made from General Revenue Fund appropriations for distributive purposes authorized by Article IV of this Code only to General Revenue Fund appropriations for employability development services including operating and administrative costs and related distributive purposes under Article IXA of this Code. The Director, with the approval of the Governor, shall certify the amount and affected line item appropriations to the State Comptroller.

The Illinois Department shall apply for all waivers of federal law and regulations necessary to implement this subsection; implementation of this subsection is contingent on the Illinois Department receiving all necessary federal waivers. The Illinois Department may implement this subsection through the use of emergency rules in accordance with Section 5-45 of the Illinois Administrative Procedure Act. For purposes of the Illinois Administrative Procedure Act, the adoption of rules to implement this subsection shall be considered an emergency and necessary for the public interest, safety, and welfare.

Nothing in this subsection shall be construed to prohibit the Illinois Department from using funds under this Article IV to provide assistance in the form of vouchers that may be used to pay for goods and services deemed by the Illinois Department, by rule, as suitable for the care of the child such as diapers, clothing, school supplies, and cribs.

(g) (Blank).

(h) Notwithstanding any other provision of this Code, the Illinois Department is authorized to reduce payment levels used to determine cash grants under this Article after December 31 of any fiscal year if the Illinois Department determines that the caseload upon which the appropriations for the current fiscal year are based have increased by more than 5% and the appropriation is not sufficient to ensure that cash benefits under this Article do not exceed the amounts appropriated for those cash benefits. Reductions in payment levels may be accomplished by emergency rule under Section 5-45 of the Illinois Administrative Procedure Act, except that the limitation on the number of emergency rules that may be adopted in a 24-month period shall not apply and the provisions of Sections 5-115 and 5-125 of the Illinois Administrative Procedure Act shall not apply. Increases in payment levels shall be accomplished only in accordance with Section 5-40 of the Illinois Administrative Procedure Act. Before any rule to increase payment levels promulgated under this Section shall become effective, a joint resolution approving the rule must be adopted by a roll call vote by a majority of the members elected to each chamber of the General Assembly.

Sec. 4-8. Mismanagement of assistance grant.

(a) If the County Department has reason to believe that the money payment for basic maintenance is not being used, or may not be used, in the best interests of the child and the family and that there is present or potential damage to the standards of health and well-being that the grant is intended to assure, the County Department shall provide the parent or other relative with the counseling and guidance services with respect to the use of the grant and the management of other funds available to the family as may be required to assure use of the grant in the best interests of the child and family. The Illinois Department shall by rule prescribe criteria which shall constitute

evidence of grant mismanagement. The criteria shall include but not be limited to the following:

(1) A determination that a child in the assistance unit is not receiving proper and necessary support or other care for which assistance is being provided under this Code.

(2) A record establishing that the parent or relative has been found guilty of public assistance fraud under Article VIII-A.

(3) A determination by an appropriate person, entity, or agency that the parent or other relative requires treatment for alcohol or substance abuse, mental health services, or other special care or treatment.

The Department shall at least consider non-payment of rent for two consecutive months as evidence of grant mismanagement by a parent or relative of a recipient who is responsible for making rental payments for the housing or shelter of the child or family, unless the Department determines that the non-payment is necessary for the protection of the health and well-being of the recipient. The County Department shall advise the parent or other relative grantee that continued mismanagement will result in the application of one of the sanctions specified in this Section.

The Illinois Department shall consider irregular school attendance by children of school age grades 1 through 8, as evidence of lack of proper and necessary support or care. The Department may extend this consideration to children in grades higher than 8.

The Illinois Department shall develop preventive programs in collaboration with school and social service networks to encourage school attendance of children receiving assistance under Article IV. To the extent that Illinois Department and community resources are available, the programs shall serve families whose children in grades 1 through 8 are not attending school regularly, as defined by the school. The Department may extend these programs to families whose children are in grades higher than 8. The programs shall include referrals from the school to a social service network, assessment and development of a service plan by one or more network representatives, and the Illinois Department's encouragement of the family to follow through with the service plan. Families that fail to follow the service plan as determined by the service provider, shall be subject to the protective payment provisions of this Section and Section 4-9 of this Code.

Families for whom a protective payment plan has been in effect for at least 3 months and whose school children continue to regularly miss school shall be subject to sanction under Section 4-21. The sanction shall continue until the children demonstrate satisfactory attendance, as defined by the school. To the extent necessary to implement this Section, the Illinois Department shall seek appropriate waivers of federal requirements from the U.S. Department of Health and Human Services.

The Illinois Department may implement the amendatory changes to this Section made by this amendatory Act of 1995 through the use of emergency rules in accordance with the provisions of Section 5-45 of the Illinois Administrative Procedure Act. For purposes of the Illinois Administrative Procedure Act, the adoption of rules to implement the amendatory changes to this Section made by this amendatory Act of 1995 shall be deemed an emergency and necessary for the public interest, safety, and welfare.

(b) In areas of the State where clinically appropriate substance abuse treatment capacity is available, if the local office has reason to believe that a caretaker relative is experiencing substance abuse, the local office shall refer the caretaker relative to a licensed treatment provider for assessment. If the assessment indicates that the caretaker relative is experiencing substance abuse, the local office shall require the caretaker relative to comply with all treatment recommended by the assessment. If the caretaker relative refuses without good cause, as determined by rules of the Illinois Department, to submit to the assessment or treatment, the caretaker relative shall be ineligible for assistance, and the local office shall take one or more of the following actions:

(i) If there is another family member or friend who is ensuring that the family's needs are being met, that person, if willing, shall be assigned as protective payee.

(ii) If there is no family member or close friend to serve as protective payee, the local office shall provide for a protective payment to a substitute payee as provided in Section 4-9. The Department also shall determine whether a referral to the Department of Children and Family Services is warranted and, if appropriate, shall make the referral.

(iii) The Department shall contact the individual who is thought to be experiencing substance abuse and explain why the protective payee has been assigned and refer the
individual to treatment.

(c) This subsection (c) applies to cases other than those described in subsection (b). If the efforts to correct the mismanagement of the grant have failed, the County Department, in accordance with the rules and regulations of the Illinois Department, shall initiate one or more of the following actions:

1. Provide for a protective payment to a substitute payee, as provided in Section 4-9. This action may be initiated for any assistance unit containing a child determined to be neglected by the Department of Children and Family Services under the Abused and Neglected Child Reporting Act, and in any case involving a record of public assistance fraud.
2. Provide for issuance of all or part of the grant in the form of disbursing orders. This action may be initiated in any case involving a record of public assistance fraud, or upon the request of a substitute payee designated under Section 4-9.
3. File a petition under the Juvenile Court Act of 1987 for an Order of Protection under Section 2-25, 2-26, 3-26, 3-27, 4-23, 4-24, 5-730, or 5-735 of that Act.
4. Institute a proceeding under the Juvenile Court Act of 1987 for the appointment of a guardian or legal representative for the purpose of receiving and managing the public aid grant.
5. If the mismanagement of the grant, together with other factors, has rendered the home unsuitable for the best welfare of the child, file a neglect petition under the Juvenile Court Act of 1987, requesting the removal of the child or children.

Sec. 4-17. Targeted jobs TANF Demonstration project: employment.

(a) The Illinois Department shall seek a waiver of federal law and regulations to allow the Illinois Department to operate a targeted jobs TANF AFDC demonstration project under which individuals whose youngest child is 13 years of age or older shall be required to seek and accept employment. Cash assistance for these individuals shall be limited to 24 months unless the individual is working, as defined by rule, or is participating in a pay-after-performance program. Excluded from the work requirement based on criteria to be established by rule. After 24 months of assistance without work, the individual shall be ineligible for assistance for a period of 24 months. An individual who does not cooperate with the job search, education, or work requirements shall be subject to sanctions to be defined by rule. The addition to the household of a child under 13 years of age or the birth of a child more than 10 months after enrollment into the targeted jobs TANF project time-limited demonstration shall not extend the period of eligibility.

(b) (Blank). Furthermore, the Illinois Department shall seek an additional waiver of federal law and regulations under which, for cases in this demonstration, an assistance unit (other than an assistance unit consisting exclusively of a pregnant woman with no child) receiving financial aid under this Article, or a family unit that is temporarily ineligible for aid under this Article, may be excluded from the work requirement based on criteria to be established by rule. After 24 months of assistance without work, the individual shall be ineligible for assistance for a period of 24 months. An individual who does not cooperate with the job search, education, or work requirements shall be subject to sanctions to be defined by rule. The addition to the household of a child under 13 years of age or the birth of a child more than 10 months after enrollment into the targeted jobs TANF project time-limited demonstration shall not extend the period of eligibility.

(c) (Blank). The Illinois Department shall report to the General Assembly on or before January 1, 1996 as to the status of the request for federal waivers and the status of the proposed implementation of this demonstration project.

Sec. 6-1. Eligibility requirements. Financial aid in meeting basic maintenance requirements shall be given under this Article to or in behalf of persons who meet the eligibility conditions of Sections 6-1.1 through 6-1.10. In addition, each unit of local government subject to this Article shall provide persons receiving financial aid in meeting basic maintenance requirements with financial aid for either (a) necessary treatment, care, and supplies required because of illness or disability, or (b) acute medical treatment, care, and supplies only. If a local governmental unit elects to provide

New matter indicated by italics - deletions by strikeout.
financial aid for acute medical treatment, care, and supplies only, the general types of acute medical treatment, care, and supplies for which financial aid is provided shall be specified in the general assistance rules of the local governmental unit, which rules shall provide that financial aid is provided, at a minimum, for acute medical treatment, care, or supplies necessitated by a medical condition for which prior approval or authorization of medical treatment, care, or supplies is not required by the general assistance rules of the Illinois Department. Nothing in this Article shall be construed to permit the granting of financial aid where the purpose of such aid is to obtain an abortion, induced miscarriage or induced premature birth unless, in the opinion of a physician, such procedures are necessary for the preservation of the life of the woman seeking such treatment, or except an induced premature birth intended to produce a live viable child and such procedure is necessary for the health of the mother or her unborn child.

Until August 1, 1969, children who require care outside their own homes, where no other sources of funds or insufficient funds are available to provide the necessary care, are included among persons eligible for aid under this Article. After July 31, 1969, the Department of Children and Family Services shall have the responsibility of providing child welfare services to such children, as provided in Section 5 of "An Act creating the Department of Children and Family Services, codifying its powers and duties, and repealing certain Acts and Sections herein named", approved June 4, 1963, as amended.

In cities, villages and incorporated towns of more than 500,000 population, the Illinois Department may establish a separate program under this Article. The 2 programs shall be differentiated, but the placement of persons under both programs shall be based upon their ability or inability to engage in employment in accordance with the rules and regulations promulgated by the Illinois Department. In establishing rules and regulations for determining whether a person is able to engage in employment, the Illinois Department may establish rules different than those set out under Section 11-20. In determining need and the amount of aid under Sections 6-1.2 and 6-2 for the 2 programs, the Illinois Department may establish different standards for the 2 programs based upon the specific needs of the different populations to be served by the 2 programs. The Illinois Department may enter into contracts with entities to establish work or training related projects under the program established for persons determined to be able to engage in employment.

Sec. 6-1.2. Need. Income available to the person, when added to contributions in money, substance, or services from other sources, including contributions from legally responsible relatives, must be insufficient to equal the grant amount established by Department regulation (or by local governmental unit in units which do not receive State funds) for such a person.
In determining income to be taken into account:

(1) The first $75 of earned income in income assistance units comprised exclusively of one adult person shall be disregarded, and for not more than 3 months in any 12 consecutive months that portion of earned income beyond the first $75 that is the difference between the standard of assistance and the grant amount, shall be disregarded.

(2) For income assistance units not comprised exclusively of one adult person, when authorized by rules and regulations of the Illinois Department, a portion of earned income, not to exceed the first $25 a month plus 50% of the next $75, may be disregarded for the purpose of stimulating and aiding rehabilitative effort and self-support activity.

"Earned income" means money earned in self-employment or wages, salary, or commission for personal services performed as an employee. The eligibility of any applicant for or recipient of public aid under this Article is not affected by the payment of any grant under the "Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act", any refund or payment of the federal Earned Income Tax Credit, or any distributions or items of income described under subparagraph (X) of paragraph (2) of subsection (a) of Section 203 of the Illinois Income Tax Act.

If federal laws or regulations applicable to persons receiving assistance under Articles III or IV of this Code permit or require the exemption of earned income in excess of the foregoing limitation on earned income exemptions or permit or require the exemption of certain other income and resources, the Illinois Department, may, by rule, authorize comparable exemptions in determining

Residents of public institutions. Residents of municipal, county, state or national institutions for persons with mental illness or persons with a developmental disability or for the tuberculous, or residents of a home or other institution maintained by such governmental bodies when not in need of institutional care because of sickness, convalescence, infirmity, or chronic illness, and inmates of penal or correctional institutions maintained by such governmental bodies, may qualify for aid under this Article only after they have ceased to be residents or inmates, but they may apply in advance of their discharge. Applications received from residents scheduled for discharge from such institutions shall be processed by the Department in an expeditious manner. For persons whose applications are approved, the earliest date of eligibility shall be the date of release from the institution.

A person shall not be deemed a resident of a state institution for persons with mental illness or persons with a developmental disability within the meaning of this Section if he has been conditionally discharged by the Department of Mental Health and Developmental Disabilities or the Department of Human Services (acting as successor to the Department of Mental Health and Developmental Disabilities) and is no longer residing in the institution.

Recipients of benefits under this Article who become residents of such institutions shall be permitted a period of up to 30 days in such institutions without suspension or termination of eligibility. Benefits for which such person is eligible shall be restored, effective on the date of discharge or release, for persons who are residents of institutions. Within a reasonable time after the discharge of a person who was a resident of an institution, the Department shall redetermine the eligibility of such person.

The Department shall provide for procedures to expedite the determination of ability to engage in employment of persons scheduled to be discharged from facilities operated by the Department.

If federal law or regulations governing grants under this Article permit the inclusion of persons who are residents of institutions designated in this Section beyond the period authorized herein, the Illinois Department, upon a determination that the appropriations for public aid are sufficient for such purpose, and upon approval of the Governor, may provide by general and uniform rule for the waiver of the provisions of this Section which would otherwise disqualify such person for aid under this Article.

Amount of aid. The amount and nature of General Assistance for basic maintenance requirements shall be determined in accordance with local budget standards for local governmental units which do not receive State funds. For local governmental units which do receive State funds, the amount and nature of General Assistance for basic maintenance requirements shall be determined in accordance with the standards, rules and regulations of the Illinois Department. Beginning July 1, 1992, the supplementary grants previously paid under this Section shall no longer be paid. However, the amount and nature of any financial aid is not affected by the payment of any grant under the Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act or any distributions or items of income described under subparagraph (X) of paragraph (2) of subsection (a) of Section 203 of the Illinois Income Tax Act. Due regard shall be given to the requirements and the conditions existing in each case, and to the income, money contributions and other support and resources available, from whatever source. In local governmental units which do not receive State funds, the grant shall be sufficient when added to all other income, money contributions and support in excess of any excluded income or resources, to provide the person with a grant in the amount established for such a person by the local governmental unit based upon standards meeting basic maintenance requirements. In local governmental units which do receive State funds, the grant shall be sufficient when added to all other income, money contributions and support in excess of any excluded income or resources, to provide the person with a grant in the amount established for such a person by Department regulation based upon standards providing a livelihood compatible with
health and well-being, as directed by Section 12-4.11 of this Code.

The Illinois Department may conduct special projects, which may be known as Grant Diversion Projects, under which recipients of financial aid under this Article are placed in jobs and their grants are diverted to the employer who in turn makes payments to the recipients in the form of salary or other employment benefits. The Illinois Department shall by rule specify the terms and conditions of such Grant Diversion Projects. Such projects shall take into consideration and be coordinated with the programs administered under the Illinois Emergency Employment Development Act.

The allowances provided under Article IX for recipients participating in the training and rehabilitation programs shall be in addition to such maximum payment.

Payments may also be made to provide persons receiving basic maintenance support with necessary treatment, care and supplies required because of illness or disability or with acute medical treatment, care, and supplies. Payments for necessary or acute medical care under this paragraph may be made to or in behalf of the person. Obligations incurred for such services but not paid for at the time of a recipient's death may be paid, subject to the rules and regulations of the Illinois Department, after the death of the recipient.

Sec. 6-11. State funded General Assistance.
(a) Effective July 1, 1992, all State funded General Assistance and related medical benefits shall be governed by this Section. Other parts of this Code or other laws related to General Assistance shall remain in effect to the extent they do not conflict with the provisions of this Section. If any other part of this Code or other laws of this State conflict with the provisions of this Section, the provisions of this Section shall control.

(b) State funded General Assistance shall consist of 2 separate programs. One program shall be for adults with no children and shall be known as State Transitional Assistance. The other program shall be for families with children and for pregnant women and shall be known as State Family and Children Assistance.

(c) (1) To be eligible for State Transitional Assistance on or after July 1, 1992, an individual must be ineligible for assistance under any other Article of this Code, must be determined chronically needy, and must be one of the following:

   (A) age 18 or over or
   (B) married and living with a spouse, regardless of age.

   (2) The Illinois Department or the local governmental unit shall determine whether individuals are chronically needy as follows:

   (A) Individuals who have applied for Supplemental Security Income (SSI) and are awaiting a decision on eligibility for SSI who are determined disabled by the Illinois Department using the SSI standard shall be considered chronically needy, except that individuals whose disability is based solely on substance addictions (drug abuse and alcoholism) and whose disability would cease were their addictions to end shall be eligible only for medical assistance and shall not be eligible for cash assistance under the State Transitional Assistance program.

   (B) If an individual has been denied SSI due to a finding of "not disabled" (either at the Administrative Law Judge level or above, or at a lower level if that determination was not appealed), the Illinois Department shall adopt that finding and the individual shall not be eligible for State Transitional Assistance or any related medical benefits. Such an individual may not be determined disabled by the Illinois Department for a period of 12 months, unless the individual shows that there has been a substantial change in his or her medical condition or that there has been a substantial change in other factors, such as age or work experience, that might change the determination of disability.

   (C) The Illinois Department, by rule, may specify other categories of individuals as chronically needy; nothing in this Section, however, shall be deemed to require the inclusion of any specific category other than as specified in paragraphs (A) and (B).

(3) For individuals in State Transitional Assistance, medical assistance shall be provided in
an amount and nature determined by the Illinois Department of Public Aid by rule. The amount and nature of medical assistance provided need not be the same as that provided under paragraph (4) of subsection (d) of this Section, and nothing in this paragraph (3) shall be construed to require the coverage of any particular medical service. In addition, the amount and nature of medical assistance provided may be different for different categories of individuals determined chronically needy.

(4) The Illinois Department shall determine, by rule, those assistance recipients under Article VI who shall be subject to employment, training, or education programs including Earnfare, the content of those programs, and the penalties for failure to cooperate in those programs.

(5) The Illinois Department shall, by rule, establish further eligibility requirements, including but not limited to residence, need, and the level of payments.

(d) (1) To be eligible for State Family and Children Assistance, a family unit must be ineligible for assistance under any other Article of this Code and must contain a child who is:

(A) under age 18 or

(B) age 18 and a full-time student in a secondary school or the equivalent level of vocational or technical training, and who may reasonably be expected to complete the program before reaching age 19.

Those children shall be eligible for State Family and Children Assistance.

(2) The natural or adoptive parents of the child living in the same household may be eligible for State Family and Children Assistance.

(3) A pregnant woman whose pregnancy has been verified shall be eligible for income maintenance assistance under the State Family and Children Assistance program.

(4) The amount and nature of medical assistance provided under the State Family and Children Assistance program shall be determined by the Illinois Department of Public Aid by rule. The amount and nature of medical assistance provided need not be the same as that provided under paragraph (3) of subsection (c) of this Section, and nothing in this paragraph (4) shall be construed to require the coverage of any particular medical service.

(5) The Illinois Department shall, by rule, establish further eligibility requirements, including but not limited to residence, need, and the level of payments.

(e) A local governmental unit that chooses to participate in a General Assistance program under this Section shall provide funding in accordance with Section 12-21.13 of this Act. Local governmental funds used to qualify for State funding may only be expended for clients eligible for assistance under this Section 6-11 and related administrative expenses.

(f) In order to qualify for State funding under this Section, a local governmental unit shall be subject to the supervision and the rules and regulations of the Illinois Department.

(g) Notwithstanding any other provision in this Code, the Illinois Department is authorized to reduce payment levels used to determine cash grants provided to recipients of State Transitional Assistance at any time within a Fiscal Year in order to ensure that cash benefits for State Transitional Assistance do not exceed the amounts appropriated for those cash benefits. Changes in payment levels may be accomplished by emergency rule under Section 5-45 of the Illinois Administrative Procedure Act, except that the limitation on the number of emergency rules that may be adopted in a 24-month period shall not apply and the provisions of Sections 5-115 and 5-125 of the Illinois Administrative Procedure Act shall not apply. This provision shall also be applicable to any reduction in payment levels made upon implementation of this amendatory Act of 1995.

Sec. 9-1. Declaration of Purpose. It is the purpose of this Article to aid applicants for and recipients of public aid under Articles III, IV, V, and VI and VII, to increase their capacities for self-support, self-care, and responsible citizenship, and to assist them in maintaining and strengthening family life. If authorized pursuant to Section 9-8, this Article may be extended to former and potential recipients and to persons whose income does not exceed the standard established to determine eligibility for aid as a medically indigent person under Article V. The Department, with the written consent of the Governor, may also:

(a) extend this Article to individuals and their families with income closely related to national indices of poverty who have special needs resulting from institutionalization of a family member or
conditions that may lead to institutionalization or who live in impoverished areas or in facilities
developed to serve persons of low income;
(b) establish, where indicated, schedules of payment for service provided based on ability to pay;
(c) provide for the coordinated delivery of the services described in this Article and related
services offered by other public or private agencies or institutions, and cooperate with the Illinois
Department on Aging to enable it to properly execute and fulfill its duties pursuant to the provisions
of Section 4.01 of the "Illinois Act on the Aging", as now or hereafter amended;
(d) provide in-home care services, such as chore and housekeeping services or homemaker
services, to recipients of public aid under Articles IV and VI, the scope and eligibility criteria for such
services to be determined by rule; and
(e) contract with other State agencies for the purchase of social service under Title XX of the
Social Security Act, such services to be provided pursuant to such other agencies' enabling legislation.
(f) cooperate with the Illinois Department of Public Aid to provide services to public aid
recipients for the treatment and prevention of alcoholism and substance abuse.

Sec. 9-5. Educational programs; vocational training and retraining. The Illinois Department,
the County Departments, and local governmental units shall cooperate with all public or private
education and vocational training or retraining agencies or facilities operating within this State, or
making their services available to residents of this State, to the end that there may be developed all
necessary education and vocational training or retraining services and facilities required to improve
the skills of persons receiving aid under Articles III, V, and VI of the Social Security Act, for whom jobs are not
immediately available, or which will provide education, training, and experience for persons who lack
the skills required for employment opportunities as are or may become available. The education,
training, or retraining services and facilities shall assure that persons receiving this assistance who are
subject to participation shall become enrolled in, and attend, programs that will lead to graduation
from high school or the equivalent when the Illinois Department determines these programs will be
beneficial to the person in obtaining employment.
Participants in any educational or vocational training program shall be provided with an extra
allowance towards the costs of their participation.

(305 ILCS 5/9-6) (from Ch. 23, par. 9-6)
Sec. 9-6. Job Search, Training and Work Programs. The Illinois Department and local
governmental units shall initiate, promote and develop job search, training and work programs which
will provide employment for and contribute to the training and experience of persons receiving aid
under Articles III, V, and VI of the Social Security Act.
The job search, training and work programs shall be designed to preserve and improve the
work habits and skills of recipients for whom jobs are not otherwise immediately available and to
provide training and experience for recipients who lack the skills required for such employment
opportunities as are or may become available. The Illinois Department and local governmental unit
shall determine by rule those classes of recipients who shall be subject to participation in such
programs. If made subject to participation, every applicant for or recipient of public aid who is
determined to be "able to engage in employment", as defined by the Department or local governmental
unit pursuant to rules and regulations, for whom unsubsidized jobs are not otherwise immediately
available shall be required to participate in any program established under this Section.
The Illinois Department shall establish with the Director of Central Management Services an
outreach and training program designed to encourage and assist recipients participating in job search,
training and work programs to participate in open competitive examinations for trainee and other entry
level positions to maximize opportunities for placement on open competitive eligible listings and
referral to State agencies for employment consideration.
The Department shall provide payment for transportation, day-care and Workers' Compensation costs which occur for recipients as a result of participating in job search, training and work programs as described in this Section. The Department may decline to initiate such programs.
in areas where eligible recipients would be so few in number as to not economically justify such programs; and in this event the Department shall not require persons in such areas to participate in any job search, training, or work programs whatsoever as a condition of their continued receipt of, or application for, aid.

The programs may include, but shall not be limited to, service in child care centers, in preschool programs as teacher aides and in public health programs as home visitors and health aides; the maintenance of or services required in connection with public offices, buildings and grounds; state, county and municipal hospitals, forest preserves, parks, playgrounds, streets and highways, and other governmental maintenance or construction directed toward environmental improvement; and similar facilities.

The Illinois Department or local governmental units may enter into agreements with local taxing bodies and private not-for-profit organizations, agencies and institutions to provide for the supervision and administration of job search, work and training projects authorized by this Section. Such agreements shall stipulate the requirements for utilization of recipients in such projects. In addition to any other requirements dealing with the administration of these programs, the Department shall assure, pursuant to rules and regulations, that:

(a) Recipients may not displace regular employees.
(b) The maximum number of hours of mandatory work is 8 hours per day and 40 hours per week, not to exceed 120 hours per month.
(c) The maximum number of hours per month shall be determined by dividing the recipient's benefits by the federal minimum wage, rounded to the lowest full hour. "Recipient's benefits" in this subsection includes: (i) both cash assistance and food stamps provided to the entire assistance unit or household by the Illinois Department where the job search, work and training program is administered by the Illinois Department and, where federal programs are involved, includes all such cash assistance and food stamps provided to the greatest extent allowed by federal law; or (ii) includes only cash assistance provided to the entire assistance unit by the local governmental unit where the job search, work and training program is administered by the local governmental unit.
(d) The recipient shall be provided or compensated for transportation to and from the work location.
(e) Appropriate terms regarding recipient compensation are met.

Local taxing bodies and private not-for-profit organizations, agencies and institutions which utilize recipients in job search, work and training projects authorized by this Section are urged to include such recipients in the formulation of their employment policies.

Unless directly paid by an employing local taxing body or not-for-profit agency, a recipient participating in a work project who meets all requirements set forth by the Illinois Department shall receive credit towards his or her monthly assistance benefits for work performed based upon the applicable minimum wage rate. Where a recipient is paid directly by an employing agency, the Illinois Department or local governmental unit shall provide for payment to such employing entity the appropriate amount of assistance benefits to which the recipient would otherwise be entitled under this Code.

The Illinois Department or its designee, including local governmental units, may enter into agreements with the agencies or institutions providing work under programs established hereunder for payment to each such employer (hereinafter called "public service employer") of all or a portion of the wages to be paid to persons for the work performed and other appropriate costs.

If the number of persons receiving aid under Article VI is insufficient to justify the establishment of job search, training and work programs on a local basis by a local governmental unit, or if for other good cause the establishment of a local program is impractical or unwarranted, the local governmental unit shall cooperate with other local governmental units, with civic and non-profit community agencies, and with the Illinois Department in developing a program or programs which will jointly serve the participating governmental units and agencies.

Wherever feasible the Illinois Department may make job search, training and work programs established by it for persons receiving aid under Articles III, V and VII available also to recipients under Article VI.

New matter indicated by italics - deletions by strikeout.
A local governmental unit receiving State funds shall refer all recipients able to engage in
employment to such job search, training and work programs as are established, whether within or
without the governmental unit, and as are accessible to persons receiving aid from the governmental
unit. The Illinois Department shall withhold allocation of state funds to any governmental unit which
fails or refuses to make such referrals.

Participants in job search, training and work programs shall be required to maintain current
registration for regular employment under Section 11-10 and to accept any bona fide offer of regular
employment. They shall likewise be required to accept education, work and training opportunities
available to them under other provisions of this Code or Federal law. The Illinois Department or local
governmental unit shall provide by rule for periodic review of the circumstances of each participant
to determine the feasibility of his placement in regular employment or other work, education and
training opportunities.

Moneys made available for public aid purposes under Articles III, IV, V, VI, and VII may
be expended to pay public service employers all or a portion of the wages of public service employees
and other appropriate costs, to provide necessary supervisory personnel and equipment, to purchase
Workers' Compensation Insurance or to pay Workers' Compensation claims, and to provide
transportation to and from work sites.

The Department shall provide through rules and regulations for sanctions against applicants
and recipients of aid under this Code who fail to cooperate with the regulations and requirements
established pursuant to this Section. Such sanctions may include the loss of eligibility to receive aid
under Article VI of this Code for up to 3 months.

The Department, in cooperation with a local governmental unit, may maintain a roster of
persons who are required to participate in a local job search, training and work program. In such cases,
the roster shall be available for inspection by employers for the selection of possible workers.

In addition to the programs authorized by this Section, the Illinois Department is authorized
to administer any job search, training or work projects in conjunction with the Federal Food Stamp
Program, either under this Section or under other regulations required by the Federal government.

The Illinois Department may also administer pilot programs to provide job search, training
and work programs to unemployed parents of children receiving support services under Article X of
this Code.

Beginning January 1, 1994, the Illinois Department shall conduct an ongoing longitudinal
study of the Department's JOBS programs operated under the federal Family Support Act and the
Social Security Act. The study shall examine the impact of the JOBS programs and supportive
services upon the participants' level of self-sufficiency, skills, earnings, and welfare dependency in
the short and long term. In conducting this study, the Department shall utilize the data collected by
the Department to fulfill its responsibilities under Section 9-6.01 of this Code and under 42 U.S.C.
Sec. 687 and their implementing regulations, in addition to data from the case files of the participants
in the study. The Department shall select a statistically valid random sample of cases in its JOBS
program and follow these cases from the date of their initial enrollment in one of the JOBS programs
to the date on which they have not received cash assistance under Article IV of this Code for at least
24 consecutive months. To the extent that information or data necessary to fulfill the requirements of
this Section is available to or in the possession or control of other State agencies, those agencies, at
the request of the Department, shall collect the requested data or information and forward it to the
Department. The Department shall consult with the Social Services Advisory Council in arriving at
the specific elements of the longitudinal study, the particular data to be included in the study, and the
contents of the reports that the Department shall prepare based upon the study. The Department shall
collect at least the following categories of data from the cases in the study sample: demographics,
employment history, welfare history, JOBS participation history, child care and other supportive
service utilization history, child support status and child support enforcement history, and Medicaid
usage history. The Department shall report the results of the study to the General Assembly on or
before January 1, 1997 and each year thereafter along with recommendations for changes in the JOBS
programs' structure or funding based on the study's findings. The Department shall create a data base
that includes all of the information collected for the study. The data base shall be available to the
public upon request. The Department may assign individual identifying codes to the cases in the study.

If in accord with Federal law and regulations governing grants to this State for public aid purposes, the Department may require recipients to attend a housing education program. Sec. 9A-13. Work activity; anti-displacement provisions.
(a) As used in this Section "work activity" means any workfare, earnfare, pay-after-performance, work-off-the-grant, work experience, or other activity under Section Sections 9A-9-9A-12; or any other Section of this Code in which a recipient of public assistance performs work for any employer as a condition of receiving the public assistance, and the employer does not pay wages for the work; or as any grant diversion, wage supplementation, or similar program in which the public assistance grant is provided to the employer as a subsidy for the wages of any recipient in its workforce.

(b) An employer may not utilize a work activity participant if such utilization would result in:

(1) the displacement or partial displacement of current employees, including but not limited to a reduction in hours of non-overtime or overtime work, wages, or employment benefits; or

(2) the filling of a position that would otherwise be a promotional opportunity for current employees; or

(3) the filling of a position created by or causing termination, layoff, a hiring freeze, or a reduction in the workforce; or

Sec. 11-3. Assignment and attachment of aid prohibited. Except as provided below in this Section and in Section 11-3.3, all financial aid given under Articles III, IV, V, and VI and VII and money payments for child care services provided by a child care provider under Articles IX and IXA shall not be subject to assignment, sale, attachment, garnishment, or otherwise. Provided, however, that a medical vendor may use his right to receive vendor payments as collateral for loans from financial institutions so long as such arrangements do not constitute any activity prohibited under Section 1902(a)(32) of the Social Security Act and regulations promulgated thereunder, or any other applicable laws or regulations. Provided further, however, that a medical or other vendor or a service provider may assign, reassign, sell, pledge or grant a security interest in any such financial aid, vendor payments or money payments or grants which he has a right to receive to the Illinois Health Facilities Authority, in connection with any financing program undertaken by the Illinois Health Facilities Authority, or to the Illinois Development Finance Authority, in connection with any financing program undertaken by the Illinois Development Finance Authority. Each Authority may utilize a trustee or agent to accept, accomplish, effectuate or realize upon any such assignment, reassignment, sale, pledge or grant on that Authority's behalf. Provided further, however, that nothing herein shall prevent the Illinois Department from collecting any assessment, fee, interest or penalty due under Article V-A, V-B, V-C, or V-E by withholding financial aid as payment of such assessment, fee, interest, or penalty. Any alienation in contravention of this statute does not diminish and does not
affect the validity, legality or enforceability of any underlying obligations for which such alienation may have been made as collateral between the parties to the alienation. This amendatory Act shall be retroactive in application and shall pertain to obligations existing prior to its enactment.

Applicants or recipients of aid may, at any time within 60 days after the decision of the County Department or local governmental unit, as the case may be, appeal a decision denying or terminating aid, or granting aid in an amount which is deemed inadequate, or changing, cancelling, revoking or suspending grants as provided in Section 11-16, or determining to make a protective payment under the provisions of Sections 3-5a or 4-9, or a decision by an administrative review board to impose administrative safeguards as provided in Section 8A-8. An appeal shall also lie when an application is not acted upon within the time period after filing of the application as provided by rule of the Illinois Department.

If an appeal is not made, the action of the County Department or local governmental unit shall be final.

In any appeal involving a local governmental unit whose supervisor of general assistance is a member of the Committee, such supervisor shall not act as a member of the Committee for the purposes of such appeal. The township whose action, inaction, or decision is being appealed shall bear the expenses related to the appeal as determined by the Cook County Townships Public Aid Committee. A township supervisor's compensation for general assistance or township related duties shall not be considered an expense related to the appeal except for expenses related to service on the Committee.

(3) In counties described in paragraph (2) appeals of persons from a city, village or
incorporated town of more than 500,000 population shall be to the Illinois Department of Public Aid in accordance with and subject to the provisions of Section 12-21.3.

(4) In counties not under township organization, appeals shall be to the County Board of Commissioners which shall for this purpose be the Public Aid Committee of the County.

In counties designated in paragraph (1) the Chairman or President of the County Board shall appoint, with the advice and consent of the county board, one or more alternate members of the Public Aid Committee. All regular and alternate members shall be Supervisors of General Assistance. In any appeal involving a local governmental unit whose Supervisor of General Assistance is a member of the Committee, he shall be replaced for that appeal by an alternate member designated by the Chairman or President of the County Board, with the advice and consent of the county board. In these counties not more than 3 of the 5 regular appointees shall be members of the same political party unless the political composition of the Supervisors of the General Assistance precludes such a limitation. In these counties at least one member of the Public Aid Committee shall be a person knowledgeable in the area of general assistance and the regulations of the Illinois Department pertaining thereto. If no member of the Committee possesses such knowledge, the Illinois Department shall designate an employee of the Illinois Department having such knowledge to be present at the Committee hearings to advise the Committee.

In every county the County Board shall provide facilities for the conduct of hearings on appeals under Article VI. All expenses incident to such hearings shall be borne by the county except that in counties under township organization in which the governing authority is a Board of Commissioners (1) the salary and other expenses of the Commissioner of Appeals shall be paid from General Assistance funds available for administrative purposes, and (2) all expenses incident to such hearings shall be borne by the township and the per diem and traveling expenses of the township supervisors serving on the Public Aid Committee shall be fixed and paid by their respective townships. In all other counties the members of the Public Aid Committee shall receive the compensation and expenses provided by law for attendance at meetings of the County Board.

In appeals under Article VI involving a governmental unit receiving State funds, the Public Aid Committee and the Commissioner of Appeals shall be bound by the rules and regulations of the Illinois Department which are relevant to the issues on appeal, and shall file such reports concerning appeals as the Illinois Department requests.

An appeal shall be without cost to the appellant and shall be made, at the option of the appellant, either upon forms provided and prescribed by the Illinois Department or, for appeals to a Public Aid Committee, upon forms prescribed by the County Board; or an appeal may be made by calling a toll-free number provided for that purpose by the Illinois Department and providing the necessary information. The Illinois Department may assist County Boards or a Commissioner of Appeals in the preparation of appeal forms, or upon request of a County Board or Commissioner of Appeals may furnish such forms. County Departments and local governmental units shall render all possible aid to persons desiring to make an appeal. The provisions of Sections 11-8.1 to 11-8.7, inclusive, shall apply to all such appeals.

Sec. 11-8.7. Judicial review. The provisions of the Administrative Review Law, as amended, and the rules adopted pursuant thereto, shall apply to and govern all proceedings for the judicial review of final administrative decisions of the Illinois Department on appeals by applicants or recipients under Articles III, IV, or V or VII. The term "administrative decision" is defined as in Section 3-101 of the Code of Civil Procedure.

(Source: P.A. 82-783.)

Sec. 11-9. Protection of records - Exceptions. For the protection of applicants and recipients, the Illinois Department, the county departments and local governmental units and their respective officers and employees are prohibited, except as hereinafter provided, from disclosing the contents of any records, files, papers and communications, except for purposes directly connected with the administration of public aid under this Code.

New matter indicated by italics - deletions by strikeout.
In any judicial proceeding, except a proceeding directly concerned with the administration of programs provided for in this Code, such records, files, papers and communications, and their contents shall be deemed privileged communications and shall be disclosed only upon the order of the court, where the court finds such to be necessary in the interest of justice.

The Illinois Department shall establish and enforce reasonable rules and regulations governing the custody, use and preservation of the records, papers, files, and communications of the Illinois Department, the county departments and local governmental units receiving State or Federal funds or aid. The governing body of other local governmental units shall in like manner establish and enforce rules and regulations governing the same matters.

The contents of case files pertaining to recipients under Articles IV, V, and VI shall be made available without subpoena or formal notice to the officers of any court, to all law enforcing agencies, and to such other persons or agencies as from time to time may be authorized by any court. In particular, the contents of those case files shall be made available upon request to a law enforcement agency for the purpose of determining the current address of a recipient with respect to whom an arrest warrant is outstanding. Information shall also be disclosed to the Illinois State Scholarship Commission pursuant to an investigation or audit by the Illinois State Scholarship Commission of a delinquent student loan or monetary award.

This Section does not prevent the Illinois Department and local governmental units from reporting to appropriate law enforcement officials the desertion or abandonment by a parent of a child, as a result of which financial aid has been necessitated under Articles IV, V, or VI, or VII, or reporting to appropriate law enforcement officials instances in which a mother under age 18 has a child out of wedlock and is an applicant for or recipient of aid under any Article of this Code. The Illinois Department may provide by rule for the county departments and local governmental units to initiate proceedings under the Juvenile Court Act of 1987 to have children declared to be neglected when they deem such action necessary to protect the children from immoral influences present in their home or surroundings.

This Section does not preclude the full exercise of the powers of the Board of Public Aid Commissioners to inspect records and documents, as provided for all advisory boards pursuant to Section 5-505 of the Departments of State Government Law (20 ILCS 5/5-505).

This Section does not preclude exchanges of information among the Illinois Department of Public Aid, the Department of Human Services (as successor to the Department of Public Aid), and the Illinois Department of Revenue for the purpose of verifying sources and amounts of income and for other purposes directly connected with the administration of this Code and of the Illinois Income Tax Act.

The provisions of this Section and of Section 11-11 as they apply to applicants and recipients of public aid under Article Articles III, IV and V shall be operative only to the extent that they do not conflict with any Federal law or regulation governing Federal grants to this State for such programs.

The Illinois Department of Public Aid and the Department of Human Services (as successor to the Illinois Department of Public Aid) shall enter into an inter-agency agreement with the Department of Children and Family Services to establish a procedure by which employees of the Department of Children and Family Services may have immediate access to records, files, papers, and communications (except medical, alcohol or drug assessment or treatment, mental health, or any other medical records) of the Illinois Department, county departments, and local governmental units receiving State or federal funds or aid, if the Department of Children and Family Services determines the information is necessary to perform its duties under the Abused and Neglected Child Reporting Act, the Child Care Act of 1969, and the Children and Family Services Act.

Applications for aid under Article VI shall be filed in writing with the local

Each applicant shall provide information as to the amount of property, real and personal, owned by him or her within the period of time preceding the application as required under Sections 3-1.3, 4-1.11, and 5-2.1 of this Code. The applicant shall also furnish information concerning all income, money contributions, and other support from any source, and the beneficiary and the amount or cash surrender or loan value of all insurance policies held by himself or herself or any member of his family for whom aid is requested.

(2) An application, in all instances to be in writing, may be filed in behalf of a person considered to be in need of financial aid under Articles III, IV, or VI or VII only if the person

(a) has been adjudged to be under legal disability; or

(b) is unable because of minority or physical or mental disability, to execute the application; or

(c) in the case of need for funeral and burial, died before an application was filed and the application is filed not more than 30 days after the person's death, excluding the day on which the death occurred.

Applications in behalf of persons specified in (a) and (b) shall be filed by the applicant's legal guardian or, if a guardian has not been appointed or the applicant has no legal guardian or the guardian is not available, by a relative or other person, acceptable under the rules of the Illinois Department, who is able to furnish the required information. Applications in behalf of persons specified in (c) shall be filed by any next of kin of the deceased who is not under legal disability or, if there are no such next of kin or they are unknown or unavailable, by a person, acceptable under the rules of the Illinois Department, who is able to furnish the required information.

(3) The application shall contain a written declaration to be signed by the applicant, or in behalf of the applicant by a person qualified under paragraph (2), in substantially the following form, the parenthetical references being applicable to an application filed by a person in behalf of the applicant:

"I declare under penalties of perjury that I have examined this form and all accompanying statements or documents pertaining to the income and resources of myself (the applicant) or any member of my family (the applicant's family) included in this application for aid, or pertaining to any other matter having bearing upon my (the applicant's) eligibility for aid, and to the best of my knowledge and belief the information supplied is true, correct, and complete".

(4) If an application for financial aid is filed for a family, and any person in that family is under 18 years of age, the application shall be accompanied by the following for each such person under 18 years of age:

(i) a copy of the person's birth certificate, or

(ii) other reliable proof, as determined by the Department, of the person's identity and age.

The Illinois Department shall provide information to all families, orally by an intake worker and in writing when the application is filed, about the availability and location of immunization services.

Sec. 11-17. Duplication or supplementation of aid prohibited-Exceptions. Except (1) for Medical Assistance provided under Article V, or (2) when necessary to accomplish the purposes of this Code, where not inconsistent therewith, and subject to the rules of the Illinois Department, a person receiving aid under any one of Articles III, IV, or VI or VII of this Code shall not at the same time receive aid under any other of such Articles or any other financial aid from the State, any political subdivision thereof, or any municipal corporation therein.

Sec. 11-20. Employment registration; duty to accept employment. This Section applies to employment and training programs other than those for recipients of assistance under Article IV.

(1) Each applicant or recipient and dependent member of the family age 16 or over who is able to engage in employment and who is unemployed, or employed for less than the full working time for the occupation in which he or she is engaged, shall maintain a current registration for employment or
additional employment with the system of free public employment offices maintained in this State by the State Department of Employment Security under the Public Employment Office Act and shall utilize the job placement services and other facilities of such offices unless the Illinois Department otherwise provides by rule for programs administered by the Illinois Department.

(2) Every person age 16 or over shall be deemed "able to engage in employment", as that term is used herein, unless (a) the person has an illness certified by the attending practitioner as precluding his or her engagement in employment of any type for a time period stated in the practitioner's certification; or (b) the person has a medically determinable physical or mental impairment, disease or loss of indefinite duration and of such severity that he or she cannot perform labor or services in any type of gainful work which exists in the national economy, including work adjusted for persons with physical or mental handicap; or (c) the person is among the classes of persons exempted by paragraph 5 of this Section. A person described in clauses (a), (b) or (c) of the preceding sentence shall be classified as "temporarily unemployable". The Illinois Department shall provide by rule for periodic review of the circumstances of persons classified as "temporarily unemployable".

(3) The Illinois Department shall provide through rules and regulations for sanctions against applicants and recipients of aid under this Code who fail or refuse to cooperate, without good cause, as defined by rule of the Illinois Department, to accept a bona fide offer of employment in which he or she is able to engage either in the community of the person's residence or within reasonable commuting distance therefrom.

The Illinois Department may provide by rule for the grant or continuation of aid for a temporary period, if federal law or regulation so permits or requires, to a person who refuses employment without good cause if he or she accepts counseling or other services designed to increase motivation and incentives for accepting employment.

(4) Without limiting other criteria which the Illinois Department may establish, it shall be good cause of refusal if

(a) the wage does not meet applicable minimum wage requirements,
(b) there being no applicable minimum wage as determined in (a), the wage is certified by the Illinois Department of Labor as being less than that which is appropriate for the work to be performed, or
(c) acceptance of the offer involves a substantial threat to the health or safety of the person or any of his or her dependents.

(5) The requirements of registration and acceptance of employment shall not apply (a) to a parent or other person needed at home to provide personal care and supervision to a child or children unless, in accordance with the rules and regulations of the Illinois Department, suitable arrangements have been or can be made for such care and supervision during the hours of the day the parent or other person is out of the home because of employment; (b) to a person age 16 or over in regular attendance in school, as defined in Section 4-1.1; or (c) to a person whose presence in the home on a substantially continuous basis is required because of the illness or incapacity of another member of the household.

The Illinois Department may implement a demonstration project limited to one county of less than 3 million population that would require registration for and acceptance of employment by parents or another person needed at home to provide personal care and supervision to a child or children age 3 and over, as allowed by federal law and subject to rules and regulations of the Illinois Department, provided suitable arrangements have been or can be made for such care and supervision during the hours of the day the parents or other person are out of the home because of employment. Such arrangements must meet standards and requirements established under the Child Care Act of 1969, as now or hereafter amended. Such requirements shall not apply to parents or another caretaker with a child or children at home under the age of 3.

(305 ILCS 5/11-22) (from Ch. 23, par. 11-22)

Sec. 11-22. Charge upon claims and causes of action for injuries. The Illinois Department shall have a charge upon all claims, demands and causes of action for injuries to an applicant for or recipient of financial aid under Articles III, IV, and V and VH for the total amount of medical assistance provided the recipient from the time of injury to the date of recovery upon such claim, demand or cause of action. In addition, if the applicant or recipient was employable, as defined by the
Department, at the time of the injury, the Department shall also have a charge upon any such claims, demands and causes of action for the total amount of aid provided to the recipient and his dependents, including all cash assistance and medical assistance only to the extent includable in the claimant's action, from the time of injury to the date of recovery upon such claim, demand or cause of action. Any definition of "employable" adopted by the Department shall apply only to persons above the age of compulsory school attendance. Local governmental units shall have like charges for injuries to an applicant or recipient under Article VII.

If the injured person was employable at the time of the injury and is provided aid under Articles III, IV, or V or VII and any dependent or member of his family is provided aid under Article VI, or vice versa, both the Illinois Department and the local governmental unit shall have a charge upon such claims, demands and causes of action for the aid provided to the injured person and any dependent member of his family, including all cash assistance, medical assistance and food stamps, from the time of the injury to the date of recovery.

"Recipient", as used herein, means the grantee of record and any persons whose needs are included in the financial aid provided to the grantee of record or otherwise met by grants under the appropriate Article of this Code for which such person is eligible.

In each case, the notice shall be served by certified mail or registered mail, upon the party or parties against whom the applicant or recipient has a claim, demand or cause of action. The notice shall claim the charge and describe the interest the Illinois Department, the local governmental unit, or the county, has in the claim, demand, or cause of action. The charge shall attach to any verdict or judgment entered and to any money or property which may be recovered on account of such claim, demand, cause of action or suit from and after the time of the service of the notice.

On petition filed by the Illinois Department, or by the local governmental unit or county if either is claiming a charge, or by the recipient, or by the defendant, the court, on written notice to all interested parties, may adjudicate the rights of the parties and enforce the charge. The court may approve the settlement of any claim, demand or cause of action either before or after a verdict, and nothing in this Section shall be construed as requiring the actual trial or final adjudication of any claim, demand or cause of action upon which the Illinois Department, the local governmental unit or county has charge. The court may determine what portion of the recovery shall be paid to the injured person and what portion shall be paid to the Illinois Department, the local governmental unit or county having a charge against the recovery. In making this determination, the court shall conduct an evidentiary hearing and shall consider competent evidence pertaining to the following matters:

1. the amount of the charge sought to be enforced against the recovery when expressed as a percentage of the gross amount of the recovery; the amount of the charge sought to be enforced against the recovery when expressed as a percentage of the amount obtained by subtracting from the gross amount of the recovery the total attorney's fees and other costs incurred by the recipient incident to the recovery; and whether the Department, unit of local government or county seeking to enforce the charge against the recovery should as a matter of fairness and equity bear its proportionate share of the fees and costs incurred to generate the recovery from which the charge is sought to be satisfied;

2. the amount, if any, of the attorney's fees and other costs incurred by the recipient incident to the recovery and paid by the recipient up to the time of recovery, and the amount of such fees and costs remaining unpaid at the time of recovery;

3. the total hospital, doctor and other medical expenses incurred for care and treatment of the injury to the date of recovery therefor, the portion of such expenses theretofore paid by the recipient, by insurance provided by the recipient, and by the Department, unit of local government and county seeking to enforce a charge against the recovery, and the amount of such previously incurred expenses which remain unpaid at the time of recovery and by whom such incurred, unpaid expenses are to be paid;

4. whether the recovery represents less than substantially full recompense for the injury and the hospital, doctor and other medical expenses incurred to the date of recovery for the care and treatment of the injury, so that reduction of the charge sought to be enforced against the recovery would not likely result in a double recovery or unjust enrichment to the recipient;

5. the age of the recipient and of persons dependent for support upon the recipient, the
nature and permanency of the recipient's injuries as they affect not only the future employability and education of the recipient but also the reasonably necessary and foreseeable future material, maintenance, medical, rehabilitative and training needs of the recipient, the cost of such reasonably necessary and foreseeable future needs, and the resources available to meet such needs and pay such costs;

(6) the realistic ability of the recipient to repay in whole or in part the charge sought to be enforced against the recovery when judged in light of the factors enumerated above.

The burden of producing evidence sufficient to support the exercise by the court of its discretion to reduce the amount of a proven charge sought to be enforced against the recovery shall rest with the party seeking such reduction.

The court may reduce and apportion the Illinois Department's lien proportionate to the recovery of the claimant. The court may consider the nature and extent of the injury, economic and noneconomic loss, settlement offers, comparative negligence as it applies to the case at hand, hospital costs, physician costs, and all other appropriate costs. The Illinois Department shall pay its pro rata share of the attorney fees based on the Illinois Department's lien as it compares to the total settlement agreed upon. This Section shall not affect the priority of an attorney's lien under the Attorneys Lien Act. The charges of the Illinois Department described in this Section, however, shall take priority over all other liens and charges existing under the laws of the State of Illinois with the exception of the attorney's lien under said statute.

Whenever the Department or any unit of local government has a statutory charge under this Section against a recovery for damages incurred by a recipient because of its advancement of any assistance, such charge shall not be satisfied out of any recovery until the attorney's claim for fees is satisfied, irrespective of whether or not an action based on recipient's claim has been filed in court.

This Section shall be inapplicable to any claim, demand or cause of action arising under (a) the Workers' Compensation Act or the predecessor Workers' Compensation Act of June 28, 1913, (b) the Workers' Occupational Diseases Act or the predecessor Workers' Occupational Diseases Act of March 16, 1936; and (c) the Wrongful Death Act.

(305 ILCS 5/11-22a) (from Ch. 23, par. 11-22a)

Sec. 11-22a. Right of Subrogation. To the extent of the amount of medical assistance provided by the Department to or on behalf of a recipient under Article V or Articles V, VI or VII, the Department shall be subrogated to any right of recovery such recipient may have under the terms of any private or public health care coverage or casualty coverage, including coverage under the "Workers' Compensation Act", approved July 9, 1951, as amended, or the "Workers' Occupational Diseases Act", approved July 9, 1951, as amended, without the necessity of assignment of claim or other authorization to secure the right of recovery to the Department. To enforce its subrogation right, the Department may (i) intervene or join in an action or proceeding brought by the recipient, his or her guardian, personal representative, estate, dependents, or survivors against any person or public or private entity that may be liable; (ii) institute and prosecute legal proceedings against any person or public or private entity that may be liable for the cost of such services; or (iii) institute and prosecute legal proceedings, to the extent necessary to reimburse the Illinois Department for its costs, against any noncustodial parent who (A) is required by court or administrative order to provide insurance or other coverage of the cost of health care services for a child eligible for medical assistance under this Code and (B) has received payment from a third party for the costs of those services but has not used the payments to reimburse either the other parent or the guardian of the child or the provider of the services.

Sec. 12-2. County departments of public aid. The County Departments of Public Aid, under the supervision and direction of the Illinois Department and subject to its rules and regulations, shall locally administer the programs provided by Articles III, IV, and V and VII of this Code and shall provide the social services and utilize the rehabilitative facilities authorized in Articles IX and IXA in respect to persons served through Articles III, IV, and V and VII. They shall also discharge such other duties as may be required.
Sec. 12-3. Local governmental units. As provided in Article VI, local governmental units shall provide funds for and administer the programs provided in that Article subject, where so provided, to the supervision of the Illinois Department. Local governmental units shall also provide the social services and utilize the rehabilitative facilities authorized in Article IX for persons served through Article VI, and shall discharge such other duties as may be required by this Code or other laws of this State.

In counties not under township organization, the county shall provide funds for and administer such programs.

In counties under township organization (including any such counties in which the governing authority is a board of commissioners) the various towns other than those towns lying entirely within the corporate limits of any city, village or incorporated town having a population of more than 500,000 inhabitants shall provide funds for and administer such programs.

Cities, villages, and incorporated towns having a population of more than 500,000 inhabitants shall provide funds for public aid purposes under Article VI but the County Department of Human Services Public Aid of the county in which any such municipality is located shall administer the program for such municipality.

Incorporated towns which have superseded civil townships shall provide funds for and administer the public aid program provided by Article VI.

In counties of less than 3 million population having a County Veterans Assistance Commission in which there has been levied a tax as authorized by Section 5-2006 of the Counties Code for the purpose of providing assistance to military veterans and their families, the County Veterans Assistance Commission shall administer the programs provided by Article VI for such military veterans and their families as seek aid through the County Veterans Assistance Commission.

Sec. 12-4.4. Administration of federally-aided programs. Direct County Departments of Public Aid in the administration of the federally funded food stamp program, programs to aid refugees and Articles III, IV, and V and VII of this Code. The Illinois Department of Human Services may also, upon its own motion, review any decision made by a County Department and consider any application upon which a decision has not been made by the County Department within 30 days. It may require a County Department to transmit its files and all papers and documents pertaining to any applicant or recipient.

Beginning July 1, 1992, or upon approval by the Food and Nutrition Service of the United States Department of Agriculture, The Illinois Department of Human Services shall operate a Food Stamp Employment and Training (FSE&T) program in compliance with federal law. The FSE&T program will have an Earnfare component. The Earnfare component shall be available in selected geographic areas based on criteria established by the Illinois Department of Human Services by rule. Participants in Earnfare will, to the extent resources allow, earn their assistance. Participation in the Earnfare program is voluntary, except when ordered by a court of competent jurisdiction. Eligibility for Earnfare may be limited to only 6 months out of any 12 consecutive month period. Clients are not entitled to be placed in an Earnfare slot. Earnfare slots shall be made available only as resources permit. Earnfare shall be available to persons receiving food stamps who meet eligibility criteria established by the Illinois Department of Human Services by rule. The Illinois Department may, by rule, extend the Earnfare Program to clients who do not receive food stamps. Receipt of food stamps is not an eligibility requirement of Earnfare when a court of competent jurisdiction orders an individual to participate in the Earnfare Program. To the extent resources permit, the Earnfare program will allow participants to engage in work-related activities to earn monthly financial assistance payments and to improve participants' employability in order for them to succeed in obtaining employment. The Illinois Department of Human Services may enter into contracts with other public agencies including State agencies, with local governmental units, and with not-for-profit community based organizations to carry out the elements of the Program that the Department of Human Services

The Earnfare Program shall contain the following elements:

(1) To the extent resources allow and slots exist, the Illinois Department of Human Services shall refer recipients of food stamp assistance who meet eligibility criteria, as established by rule. Receipt of food stamps is not an eligibility requirement of Earnfare when a court of competent jurisdiction orders an individual to participate in the Earnfare Program.

(2) Persons participating in Earnfare shall engage in employment assigned activities equal to the amount of the food stamp benefits divided by the federal minimum wage and subsequently shall earn minimum wage assistance for each additional hour of performance in Earnfare activity. Earnfare participants shall be offered the opportunity to earn up to $154. The Department of Human Services may establish a higher amount by rule provided resources permit. If a court of competent jurisdiction orders an individual to participate in the Earnfare program, hours engaged in employment assigned activities shall first be applied for a $50 payment made to the custodial parent as a support obligation. If the individual receives food stamps, the individual shall engage in employment assigned activities equal to the amount of the food stamp benefits divided by the federal minimum wage and subsequently shall earn minimum wage assistance for each additional hour of performance in Earnfare activity.

(3) To the extent appropriate slots are available, the Illinois Department of Human Services shall assign Earnfare participants to Earnfare activities based on an assessment of the person's age, literacy, education, educational achievement, job training, work experience, and recent institutionalization, whenever these factors are known to the Department of Human Services or to the contractor and are relevant to the individual's success in carrying out the assigned activities and in ultimately obtaining employment.

(4) The Department of Human Services shall consider the participant's preferences and personal employment goals in making assignments to the extent administratively possible and to the extent that resources allow.

(5) The Department of Human Services may enter into cooperative agreements with local governmental units (which may, in turn, enter into agreements with not-for-profit community based organizations): with other public, including State, agencies; directly with not-for-profit community based organizations, and with private employers to create Earnfare activities for program participants.

(6) To the extent resources permit, the Department of Human Services shall provide the Earnfare participants with the costs of transportation in looking for work and in getting to and from the assigned Earnfare job site and initial expenses of employment.

(7) All income and asset limitations of the Federal Food Stamp Program will govern continued Earnfare participation, except that court ordered participants shall participate for 6 months unless the court orders otherwise.

(8) Earnfare participants shall not displace or substitute for regular, full time or part time employees, regardless of whether or not the employee is currently working, on a leave of absence or in a position or similar position where a layoff has taken place or the employer has terminated the employment of any regular employee or otherwise reduced its workforce with the effect of filling the vacancy so created with a participant subsidized under this program, or is or has been involved in a labor dispute between a labor organization and the sponsor.

(9) Persons who fail to cooperate with the FSE&T program shall become ineligible for food stamp assistance according to Food Stamp regulations, and for Earnfare participation. Failure to participate in Earnfare for all of the hours assigned is not a failure to cooperate unless so established by the employer pursuant to Department of Human Services rules. If a person who is ordered by a court of competent jurisdiction to participate in the Earnfare Program fails to cooperate with the Program, the person shall be referred to the court for failure to comply with the court order.

If the Illinois Department has reason to believe that the amounts submitted by any county are excessive, it may require appropriate officials of the county to appear before it and substantiate the amounts to the satisfaction of the Department.

The Illinois Department shall review these amounts and shall determine and allocate to the several counties the amounts necessary to supplement local funds actually available for public aid purposes. There shall be a yearly reconciliation of amounts allocated to the local governmental units by the Illinois Department to supplement local funds.

If, because of circumstances beyond the local governmental unit's control, such as a sudden caseload increase or an unexpected increase in the administrative expenses, a local governmental unit has insufficient local funds actually available to furnish assistance or pay administrative expenses, the Illinois Department shall provide a special allocation of funds to the local governmental unit to meet the need. In calculating the need for a special allocation, the Illinois Department shall take into consideration the amount of funds legally available from the taxes levied by the local governmental unit for public aid purposes and any available unobligated balances.

If a local governmental unit has not received State funds for public aid purposes for at least 84 consecutive months immediately prior to its request for State funds, the Illinois Department shall not consider as a legally available resource of the governmental unit public aid funds, or the proceeds of public aid taxes and tax anticipation warrants which may have been transferred or expended during
such period for other purposes.

Except as hereinafter provided, State allocations shall be paid to the County Treasurer for disbursement to local governmental units as certified by the Illinois Department. Until January 1, 1974, moneys allocated by the Illinois Department for General Assistance purposes in a city, village or incorporated town of more than 500,000 population and moneys received from the Treasurer of the municipality from taxes levied for General Assistance purposes in the municipality and other moneys and funds designated in Section 11-43-2 of the Illinois Municipal Code shall be paid into the special fund established by the County Treasurer of the county in which the municipality is located and retained for disbursement by the Director of the County Department of Public Aid serving as Supervisor of General Assistance for the municipality.

On January 1, 1974, or as soon thereafter as is feasible but not later than January 1, 1975, the County Treasurer shall transfer to the Special Purposes Trust Fund established by Section 12-10 of this Code all State and municipal moneys remaining in or due to the special fund of the County Treasury. After December 31, 1973, but not later than June 30, 1979, State allocations and municipal funds for General Assistance purposes in such a municipality, and other moneys and funds designated by Section 11-43-2 of the Illinois Municipal Code, shall be paid into the Special Purposes Trust Fund and disbursed as provided in Section 12-10. State and municipal moneys paid into the Special Purposes Trust Fund under the foregoing provision shall be used exclusively for (1) furnishing General Assistance within the municipality; (2) the payment of administrative costs; and (3) the payment of warrants issued against and in anticipation of taxes levied by the municipality for General Assistance purposes, and the accrued interest thereon. After June 30, 1979, moneys and funds designated by Section 11-43-2 of the Illinois Municipal Code, shall be paid into the General Revenue Fund as reimbursement for appropriated funds disbursed as provided in Section 12-18.4 of this Code.

AN ACT concerning pharmaceuticals.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

New matter indicated by italics - deletions by strikeout.
Section 5. The Pharmacy Practice Act of 1987 is amended by changing Section 25 as follows:
(225 ILCS 85/25) (from Ch. 111, par. 4145)

Sec. 25. No person shall compound, or sell or offer for sale, or cause to be compounded, sold or offered for sale any medicine or preparation under or by a name recognized in the United States Pharmacopoeia National Formulary, for internal or external use, which differs from the standard of strength, quality or purity as determined by the test laid down in the United States Pharmacopoeia National Formulary official at the time of such compounding, sale or offering for sale. Nor shall any person compound, sell or offer for sale, or cause to be compounded, sold, or offered for sale, any drug, medicine, poison, chemical or pharmaceutical preparation, the strength or purity of which shall fall below the professed standard of strength or purity under which it is sold. If the physician or other authorized prescriber, when transmitting an oral or written prescription, does not prohibit drug product selection, a different brand name or nonbrand name drug product of the same generic name may be dispensed by the pharmacist, provided that the selected drug has a unit price less than the drug product specified in the prescription and provided that the selection is permitted, is not subject to review at a hearing by the Technical Advisory Council, is not subject to a hearing in accordance with this Section, or is not specifically prohibited by the current Drug Product Selection Formulary issued by the Department of Public Health pursuant to Section 3.14 of the Illinois Food, Drug and Cosmetics Act, as amended. A generic drug determined to be therapeutically equivalent by the United States Food and Drug Administration (FDA) shall be available for substitution in Illinois in accordance with this Act and the Illinois Food, Drug and Cosmetic Act, provided that each manufacturer submits a notification containing product technical bioequivalence information as a prerequisite to product substitution when they have completed all required testing to support FDA product approval and, in any event, the information shall be submitted no later than 60 days prior to product substitution in the State. If the Technical Advisory Council finds that a generic drug product may have issues related to the practice of medicine or the practice of pharmacy, the Technical Advisory Council shall review the generic drug product to hold a hearing at its next regularly scheduled Technical Advisory Council meeting. Following the Technical Advisory Council's review and initial recommendation that a generic drug product not be included in the Illinois Formulary, a determination that an issue exists related to the practice of medicine or the practice of pharmacy, the hearing shall be conducted in accordance with the rules of the Department of Public Health and Article 10 of the Illinois Administrative Procedure Act if requested by the manufacturer. The Technical Advisory Council shall make its recommendation to the Department of Public Health within 20 business days after the public hearing. If the Department of Public Health, on the recommendation of the Technical Advisory Council, determines that, based upon a preponderance of the evidence, the drug is not bioequivalent, not therapeutically equivalent, or could cause clinically significant harm to the health or safety of patients receiving that generic drug, the Department of Public Health may prohibit the generic drug from substitution in the State. A decision by the Department of Public Health to prohibit a drug product from substitution shall constitute a final administrative decision within the meaning of Section 22.2 of the Illinois Food, Drug and Cosmetic Act and Section 3-101 of the Code of Civil Procedure, and shall be subject to judicial review pursuant to the provisions of Article III of the Administrative Review Law. A decision to prohibit a generic drug from substitution must be accompanied by a written detailed explanation of the basis for the decision. On the prescription forms of prescribers, shall be placed a signature line and the words "may substitute" and "may not substitute". The prescriber, in his or her own handwriting, shall place a mark beside either the "may substitute" or "may not substitute" alternatives to guide the pharmacist in the dispensing of the prescription. A prescriber placing a mark beside the "may substitute" alternative or failing in his or her own handwriting to place a mark beside either alternative authorizes drug product selection in accordance with this Act. Preprinted or rubber stamped marks, or other deviations from the above prescription format shall not be permitted. The prescriber shall sign the form in his or her own handwriting to authorize the issuance of the prescription. When a person presents a prescription to be dispensed, the pharmacist to whom it is presented may inform the person if the pharmacy has available a different brand name or nonbrand name of the same generic drug prescribed and the price of the different brand name or nonbrand name of the drug product. If the person presenting the prescription is the one to whom the drug is to be administered, the pharmacist may dispense the prescription with the brand prescribed or a different brand name or nonbrand name product of the same generic name...
that has been permitted by the Department of Public Health, if the drug is of lesser unit cost and the patient is informed and agrees to the selection and the pharmacist shall enter such information into the pharmacy record. If the person presenting the prescription is someone other than the one to whom the drug is to be administered the pharmacist shall not dispense the prescription with a brand other than the one specified in the prescription unless the pharmacist has the written or oral authorization to select brands from the person to whom the drug is to be administered or a parent, legal guardian or spouse of that person.

In every case in which a selection is made as permitted by the Illinois Food, Drug and Cosmetic Act, the pharmacist shall indicate on the pharmacy record of the filled prescription the name or other identification of the manufacturer of the drug which has been dispensed.

The selection of any drug product by a pharmacist shall not constitute evidence of negligence if the selected nonlegend drug product was of the same dosage form and each of its active ingredients did not vary by more than 1 percent from the active ingredients of the prescribed, brand name, nonlegend drug product or if the selected legend drug product was included in the Illinois Drug Product Selection Formulary current at the time the prescription was dispensed. Failure of a prescribing physician to specify that drug product selection is prohibited does not constitute evidence of negligence unless that practitioner has reasonable cause to believe that the health condition of the patient for whom the physician is prescribing warrants the use of the brand name drug product and not another.

The Department is authorized to employ an analyst or chemist of recognized or approved standing whose duty it shall be to examine into any claimed adulteration, illegal substitution, improper selection, alteration, or other violation hereof, and report the result of his investigation, and if such report justify such action the Department shall cause the offender to be prosecuted.

Section 10. The Illinois Food, Drug and Cosmetic Act is amended by changing Section 3.14 as follows:

(410 ILCS 620/3.14) (from Ch. 56 1/2, par. 503.14)

Sec. 3.14. Dispensing or causing to be dispensed a different drug in place of the drug or brand of drug ordered or prescribed without the express permission of the person ordering or prescribing. However, this Section does not prohibit the interchange of different brands of the same generically equivalent drug product, when the drug products are not required to bear the legend "Caution: Federal law prohibits dispensing without prescription", provided that the same dosage form is dispensed and there is no greater than 1% variance in the stated amount of each active ingredient of the drug products. Nothing in this Section shall prohibit the selection of different brands of the same generic drug, based upon a drug formulary listing which is developed, maintained, and issued by the Department of Public Health under which drug product selection is permitted, is not subject to review at a meeting of the hearing review process for the Technical Advisory Council, is not subject to a hearing in accordance with this Section, or is not specifically prohibited. A generic drug determined to be therapeutically equivalent by the United States Food and Drug Administration (FDA) shall be available for substitution in Illinois in accordance with this Act and the Pharmacy Practice Act of 1987, provided that each manufacturer submits a notification containing product technical bioequivalence information as a prerequisite to product substitution when they have completed all required testing to support FDA product approval and, in any event, the information shall be submitted no later than 60 days prior to product substitution in the State. If the Technical Advisory Council finds that a generic drug product may have issues related to the practice of medicine or the practice of pharmacy, the Technical Advisory Council shall hold a hearing at its next regularly scheduled Technical Advisory Council meeting. Following the Technical Advisory Council's review and initial recommendation that a generic drug product not be included in the Illinois Formulary, a determination that an issue exists related to the practice of medicine or the practice of pharmacy, the hearing shall be conducted in accordance with the Department's Rules of Practice and Procedure in Administrative Hearings (77 Ill. Admin. Code 100) and Article 10 of the Illinois Administrative Procedure Act if requested by the manufacturer. The Technical Advisory Council shall make its recommendation to the Department of Public Health within 20 business days after the public hearing. If the Department of Public Health, on the recommendation of the Technical Advisory Council, determines that, based upon a preponderance of the evidence, the drug is not
bioequivalent, not therapeutically equivalent, or could cause clinically significant harm to the health or safety of patients receiving that generic drug, the Department of Public Health may prohibit the generic drug from substitution in the State. A decision by the Department to prohibit a drug product from substitution shall constitute a final administrative decision within the meaning of Section 22.2 of the Illinois Food, Drug and Cosmetic Act and Section 3-101 of the Code of Civil Procedure, and shall be subject to judicial review pursuant to the provisions of Article III of the Administrative Review Law. A decision to prohibit a generic drug from substitution must be accompanied by a written detailed explanation of the basis for the decision. Determination of products which may be selected shall be recommended by a Technical Advisory Council of the Department, selected by the Director of Public Health, which council shall consist of 7 persons including 2 physicians, 2 pharmacists, 2 pharmacologists and one other prescriber who have special knowledge of generic drugs and formulary. Technical Advisory Council members shall serve without pay, and shall be appointed for a 3 year term and until their successors are appointed and qualified. The procedures for operation of the Drug Product Selection Program shall be promulgated by the Director, however the actual list of products prohibited or approved for drug product selection need not be promulgated. The Technical Advisory Council shall take cognizance of federal studies, the U.S. Pharmacopoeia - National Formulary, or other recognized authoritative sources, and shall advise the Director of any necessary modifications. Drug products previously approved by the Technical Advisory Council for generic interchange may be substituted in the State of Illinois without further review subject to the conditions of approval in the State of Illinois prior to the effective date of this amendatory Act of the 91st General Assembly.

Timely notice of revisions to the formulary shall be furnished at no charge to all pharmacies by the Department. Single copies of the drug formulary shall be made available at no charge upon request to licensed prescribers, student pharmacists, and pharmacists practicing pharmacy in this State under a reciprocal license. The Department shall offer subscriptions to the drug formulary and its revisions to other interested parties at a reasonable charge to be established by rule. Before the Department makes effective any additions to or deletions from the procedures for operation of the Drug Product Selection Program under this Section, the Department shall file proposed rules to amend the procedures for operation of the program under Section 5-40 of the Illinois Administrative Procedure Act. The Department shall issue necessary rules and regulations for the implementation of this Section.

Section 99. Effective date. This Act takes effect upon becoming law.
Passed in the General Assembly May 1, 2001.

PUBLIC ACT 92-0113
(House Bill No. 3332)

AN ACT in relation to agrichemicals.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Environmental Protection Act is amended by changing Section 14.6 as follows:
(415 ILCS 5/14.6) (from Ch. 111 1/2, par. 1014.6)
Sec. 14.6. Agrichemical facilities.
(a) Notwithstanding the provisions of Section 14.4, groundwater protection for storage and related handling of pesticides and fertilizers at a facility for the purpose of commercial application or at a central location for the purpose of distribution to retail sales outlets may be provided by adherence to the provisions of this Section. For any such activity to be subject to this Section, the following action must be taken by an owner or operator:
(1) with respect to agrichemical facilities, as defined by the Illinois Pesticide Act, the Illinois Fertilizer Act and regulations adopted thereunder, file a written notice of intent to be subject to the provisions of this Section with the Department of Agriculture by January 1, 1993, or within 6 months after the date on which a maximum setback zone is established or a regulated recharge area regulation is adopted that affects such a facility;

New matter indicated by italics - deletions by strikeout.
(2) with respect to lawn care facilities that are subject to the wash water containment area provisions of the Lawn Care Products Application and Notice Act and its regulations, file a written notice of intent to be subject to the provisions of this Section with the Department of Agriculture by January 1, 1993, or within 6 months after the date on which a maximum setback zone is established or a regulated recharge area regulation is adopted that affects such a facility;

(3) with respect to a central distribution location that is not an agrichemical facility, certify intent to be subject to the provisions of this Section on the appropriate license or renewal application form submitted to the Department of Agriculture; or

(4) with respect to any other affected facility, certify intent to be subject to the provisions of this Section on the appropriate renewal application forms submitted to the Department of Agriculture or other appropriate agency.

An owner or operator of a facility that takes the action described in this subsection shall be subject to the provisions of this Section and shall not be regulated under the provisions of Section 14.4, except as provided in subsection (d) of this Section and unless a regulatory program is not in effect by January 1, 1994, pursuant to subsection (b) or (c) of this Section. The Department of Agriculture or other appropriate agency shall provide copies of the written notices and certifications to the Agency. For the purposes of this subsection, the term "commercial application" shall not include the use of pesticides or fertilizers in a manner incidental to the primary business activity.

(b) The Agency and Department of Agriculture shall cooperatively develop a program for groundwater protection for designated facilities or sites consistent with the activities specified in subsection (a) of this Section. In developing such a program, the Agency and the Department of Agriculture shall consult with affected interests and take into account relevant information. Based on such agreed program, the Department of Agriculture shall adopt appropriate regulatory requirements by January 1, 1994, for the designated facilities or sites and administer a program. At a minimum, the following considerations must be adequately addressed as part of such program:

(1) a facility review process, using available information when appropriate, to determine those sites where groundwater monitoring will be implemented;

(2) requirements for groundwater quality monitoring for sites identified under item (1);

(3) reporting, response, and operating practices for the types of designated facilities; and

(4) requirements for closure or discontinuance of operations.

(c) The Agency may enter into a written agreement with any State agency to operate a cooperative program for groundwater protection for designated facilities or sites consistent with the activities specified in subparagraph (4) of subsection (a) of this Section. Such State agency shall adopt appropriate regulatory requirements for the designated facilities or sites and necessary procedures and practices to administer the program.

(d) The Agency shall ensure that any facility that is subject to this Section is in compliance with applicable provisions as specified in subsection (b) or (c) of this Section. To fulfill this responsibility, the Agency may rely on information provided by another State agency or other information that is obtained on a direct basis. If a facility is not in compliance with the applicable provisions, or a deficiency in the execution of a program affects such a facility, the Agency may so notify the facility of this condition and shall provide 30 days for a written response to be filed. The response may describe any actions taken by the owner which relate to the condition of noncompliance. If the response is deficient or untimely, the Agency shall serve notice upon the owner that the facility is subject to the applicable provisions of Section 14.4 of this Act and regulations adopted thereunder.

(e) After January 1, 1993, and before January 1, 1994, an owner or operator of a facility that is subject to the provisions of this Section may withdraw the notice given under subsection (a) of this Section by filing a written withdrawal statement with the Department of Agriculture. Within 45 days after such filing and after consultation with the Agency, the Department of Agriculture shall provide written confirmation to the owner or operator that the facility is no longer subject to the provisions of this Section and must comply with the applicable provisions of Section 14.4 within 90 days after receipt of the confirmation. The Department of Agriculture shall provide copies of the written confirmations to the Agency.

(f) After January 1, 1994, and before one year after the date on which a maximum setback zone is established or a regulated recharge area regulation is adopted that affects a facility subject to

New matter indicated by italics - deletions by strikeout.
the provisions of this Section, an owner or operator of such a facility may withdraw the notice given under subsection (a) of this Section by filing a written withdrawal statement with the Department of Agriculture. Within 45 days after such filing and after consultation with the Agency, the Department of Agriculture shall provide written confirmation to the owner or operator that the facility is no longer subject to the provisions of this Section and must comply with the applicable provisions of Section 14.4 within 90 days after receipt of the confirmation. The Department of Agriculture shall provide copies of the written confirmations to the Agency.

(g) On or after the effective date of this amendatory Act of 1994, an owner or operator of an agrichemical facility that is subject to the provisions of Section 14.4 and regulations adopted thereunder solely because of the presence of an on-site potable water supply well that is not a non-community water supply may file a written notice with the Department of Agriculture by January 1, 1995 declaring the facility to be subject to the provisions of this Section. When that action is taken, the regulatory requirements of subsection (b) of this Section shall be applicable beginning January 1, 1995. During the period from January 1, 1993 through December 31, 1994, any facility described in this subsection shall not be subject to regulation under Section 14.4 of this Act. Beginning on January 1, 1995, such facilities shall be subject to either Section 14.4 or this Section depending on the action taken under this subsection. An owner or operator of an agrichemical facility that is subject to this Section because a written notice was filed under this subsection shall do all of the following:

1. File a facility review report with the Department of Agriculture on or before February 28, 1995 consistent with the regulatory requirements of subsection (b) of this Section.
2. Implement an approved monitoring program within 120 days of receipt of the Department of Agriculture's determination or a notice to proceed from the Department of Agriculture. The monitoring program shall be consistent with the requirements of subsection (b) of this Section.
3. Implement applicable operational and management practice requirements and submit a permit application or modification to meet applicable structural provisions consistent with those in subsection (b) of this Section on or before July 1, 1995 and complete construction of applicable structural requirements on or before January 1, 1996.

Notwithstanding the provisions of this subsection, an owner or operator of an agrichemical facility that is subject to the provisions of Section 14.4 and regulations adopted thereunder solely because of the presence of an on-site private potable water supply well may file a written notice with the Department of Agriculture before January 1, 1995 requesting a release from the provisions of Section 14.4 and this Section. Upon receipt of a request for release, the Department of Agriculture shall conduct a site visit to confirm the private potable use of the on-site well. If private potable use is confirmed, the Department shall provide written notice to the owner or operator of the agrichemical facility that the facility is released from compliance with the provisions of Section 14.4 and this Section. If private potable use is not confirmed, the Department of Agriculture shall provide written notice to the owner or operator that a release cannot be given. No action in this subsection shall be precluded by the on-site non-potable use of water from an on-site private potable water supply well.

Sec. 19.3. Agrichemical Facility Response Action Program.
(a) It is the policy of the State of Illinois that an Agrichemical Facility Response Action Program be implemented to reduce potential agrichemical pesticide pollution and minimize environmental degradation risk potential at these sites. In this Section, "agrichemical facility" means a site where agrichemicals are stored or handled, or both, in preparation for end use. "Agrichemical facility" does not include basic manufacturing or central distribution sites utilized only for wholesale purposes. As used in this Section, "agrichemical" means pesticides or commercial fertilizers at an agrichemical facility.

The program shall provide guidance for assessing the threat of soil agrichemical pesticide contaminants to groundwater and recommending which sites need to establish a voluntary corrective action program.

The program shall establish appropriate site-specific soil cleanup objectives, which shall be based on the potential for the agrichemical pesticide contaminants to move from the soil to groundwater and the potential of the specific soil agrichemical pesticide contaminants to cause an exceedence of a Class I or Class III groundwater quality standard or a health advisory level. The Department shall use the information found and procedures developed in the Agrichemical Facility Site Contamination Study or other appropriate physical evidence to establish the soil agrichemical pesticide contaminant levels of concern to groundwater in the various hydrological settings to establish site-specific cleanup objectives.

No remediation of a site may be recommended unless (i) the agrichemical pesticide contamination level in the soil exceeds the site-specific cleanup objectives or (ii) the agrichemical pesticide contaminant level in the soil exceeds levels where physical evidence and risk evaluation indicates probability of the site causing an exceedence of a groundwater quality standard.

When a remediation plan must be carried out over a number of years due to limited financial resources of the owner or operator of the agrichemical facility, those soil agrichemical pesticide contaminated areas that have the greatest potential to adversely impact vulnerable Class I groundwater aquifers and adjacent potable water wells shall receive the highest priority rating and be remediated first.

(b) The Agrichemical Facility Response Action Program Board ("the Board") is created. The Board members shall consist of the following:

(1) The Director or the Director's designee.
(2) One member who represents pesticide manufacturers.
(3) Two members who represent retail agrichemical dealers.
(4) One member who represents agrichemical distributors.
(5) One member who represents active farmers.
(6) One member at large.

The public members of the Board shall be appointed by the Governor for terms of 2 years. Those persons on the Board who represent pesticide manufacturers, agrichemical dealers, agrichemical distributors, and farmers shall be selected from recommendations made by the associations whose membership reflects those specific areas of interest. The members of the Board shall be appointed within 90 days after the effective date of this amendatory Act of 1995. Vacancies on the Board shall be filled within 30 days. The Board may fill any membership position vacant for a period exceeding 30 days.

The members of the Board shall be paid no compensation, but shall be reimbursed for their expenses incurred in performing their duties. If a civil proceeding is commenced against a Board member arising out of an act or omission occurring within the scope of the Board member's
performance of his or her duties under this Section, the State, as provided by rule, shall indemnify the Board member for any damages awarded and court costs and attorney's fees assessed as part of a final and unreversed judgement, or shall pay the judgment, unless the court or jury finds that the conduct or inaction that gave rise to the claim or cause of action was intentional, willful or wanton misconduct and was not intended to serve or benefit interests of the State.

The chairperson of the Board shall be selected by the Board from among the public members.

(c) The Board has the authority to do the following:
   (1) Cooperate with the Department and review and approve an agrichemical facility remediation program as outlined in the handbook or manual as set forth in subdivision (d)(8) of this Section.
   (2) Review and give final approval to each agrichemical facility corrective action plan.
   (3) Approve any changes to an agrichemical facility's corrective action plan that may be necessary.
   (4) Upon completion of the corrective action plan, recommend to the Department that the site-specific cleanup objectives have been met and that a notice of closure be issued by the Department stating that no further remedial action is required to remedy the past agrichemical pesticide contamination.
   (5) When a soil agrichemical pesticide contaminant assessment confirms that remedial action is not required in accordance with the Agrichemical Facility Response Action Program, recommend that a notice of closure be issued by the Department stating that no further remedial action is required to remedy the past agrichemical pesticide contamination.
   (6) Periodically review the Department's administration of the Agrichemical Incident Response Trust Fund and actions taken with respect to the Fund. The Board shall also provide advice to the Interagency Committee on Pesticides regarding the proper handling of agrichemical incidents at agrichemical facilities in Illinois.

(d) The Director has the authority to do the following:
   (1) When requested by the owner or operator of an agrichemical facility, may investigate the agrichemical facility site contamination.
   (2) After completion of the investigation under subdivision (d)(1) of this Section, recommend to the owner or operator of an agrichemical facility that a voluntary assessment be made of the soil agrichemical pesticide contaminant when there is evidence that the evaluation of risk indicates that groundwater could be adversely impacted.
   (3) Review and make recommendations on any corrective action plan submitted by the owner or operator of an agrichemical facility to the Board for final approval.
   (4) On approval by the Board, issue an order to the owner or operator of an agrichemical facility that has filed a voluntary corrective action plan that the owner or operator may proceed with that plan.
   (5) Provide remedial project oversight, monitor remedial work progress, and report to the Board on the status of remediation projects.
   (6) Provide staff to support the activities of the Board.
   (7) Take appropriate action on the Board's recommendations regarding policy needed to carry out the Board's responsibilities under this Section.
   (8) In cooperation with the Board, incorporate the following into a handbook or manual: the procedures for site assessment; pesticide constituents of concern and associated parameters; guidance on remediation techniques, land application, and corrective action plans; and other information or instructions that the Department may find necessary.
   (9) Coordinate preventive response actions at agrichemical facilities pursuant to the Groundwater Quality Standards adopted pursuant to Section 8 of the Illinois Groundwater Protection Act to mitigate resource groundwater impairment.

Upon completion of the corrective action plan and upon recommendation of the Board, the Department shall issue a notice of closure stating that site-specific cleanup objectives have been met and no further remedial action is required to remedy the past agrichemical pesticide contamination.

When a soil agrichemical pesticide contaminant assessment confirms that remedial action is not required in accordance with the Agrichemical Facility Response Action Program and upon the recommendation of the Board, a notice of closure shall be issued by the Department stating that no
further remedial action is required to remedy the past agrichemical pesticide contamination.

(e) Upon receipt of notification of an agrichemical pesticide contaminant in groundwater pursuant to the Groundwater Quality Standards, the Department shall evaluate the severity of the agrichemical pesticide contamination and shall submit to the Environmental Protection Agency an informational notice characterizing it as follows:

(1) An agrichemical pesticide contaminant in Class I or Class III groundwater has exceeded the levels of a standard adopted pursuant to the Illinois Groundwater Protection Act or a health advisory established by the Illinois Environmental Protection Agency or the United States Environmental Protection Agency; or

(2) An agrichemical pesticide has been detected at a level that requires preventive notification pursuant to a standard adopted pursuant to the Illinois Groundwater Protection Act.

(f) When agrichemical pesticide contamination is characterized as in subdivision (e)(1) of this Section, a facility may elect to participate in the Agrichemical Facility Response Action Program. In these instances, the scope of the corrective action plans developed, approved, and completed under this program shall be limited to the soil agrichemical pesticide contamination present at the site unless implementation of the plan is coordinated with the Illinois Environmental Protection Agency as follows:

(1) Upon receipt of notice of intent to include groundwater in an action by a facility, the Department shall also notify the Illinois Environmental Protection Agency.

(2) Upon receipt of the corrective action plan, the Department shall coordinate a joint review of the plan with the Illinois Environmental Protection Agency.

(3) The Illinois Environmental Protection Agency may provide a written endorsement of the corrective action plan.

(4) The Illinois Environmental Protection Agency may approve a groundwater management zone for a period of 5 years after the implementation of the corrective action plan to allow for groundwater impairment mitigation results.

(5) The Department, in cooperation with the Illinois Environmental Protection Agency, shall recommend a proposed corrective action plan to the Board for final approval to proceed with remediation. The recommendation shall be based on the joint review conducted under subdivision (f)(2) of this Section and the status of any endorsement issued under subdivision (f)(3) of this Section.

(6) The Department, in cooperation with the Illinois Environmental Protection Agency, shall provide remedial project oversight, monitor remedial work progress, and report to the Board on the status of the remediation project.

(7) The Department shall, upon completion of the corrective action plan and recommendation of the Board, issue a notice of closure stating that no further remedial action is required to remedy the past agrichemical pesticide contamination.

(g) When an owner or operator of an agrichemical facility initiates a soil contamination assessment on the owner's or operator's own volition and independent of any requirement under this Section 19.3, information contained in that assessment may be held as confidential information by the owner or operator of the facility.
