Such obligations may be issued in one or more series bearing interest at such rate or rates as the corporate authorities of the municipality shall determine by ordinance. Such obligations shall bear such date or dates, mature at such time or times not exceeding 20 years from their respective dates, be in such denomination, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, contain such covenants, terms and conditions, and be subject to redemption as such ordinance shall provide. Obligations issued pursuant to this Act may be sold at public or private sale at such price as shall be determined by the corporate authorities of the municipalities. No referendum approval of the electors shall be required as a condition to the issuance of obligations pursuant to this Division except as provided in this Section.

In the event the municipality authorizes issuance of obligations pursuant to the authority of this Division secured by the full faith and credit of the municipality, which obligations are other than obligations which may be issued under home rule powers provided by Article VII, Section 6 of the Illinois Constitution, or pledges taxes pursuant to (b) or (c) of the second paragraph of this section, the ordinance authorizing the issuance of such obligations or pledging such taxes shall be published within 10 days after such ordinance has been passed in one or more newspapers, with general circulation within such municipality. The publication of the ordinance shall be accompanied by a notice of (1) the specific number of voters required to sign a petition requesting the question of the issuance of such obligations or pledging taxes to be submitted to the electors; (2) the time in which such petition must be filed; and (3) the date of the prospective referendum. The municipal clerk shall provide a petition form to any individual requesting one.

If no petition is filed with the municipal clerk, as hereinafter provided in this Section, within 30 days after the publication of the ordinance, the ordinance shall be in effect. But, if within that 30 day period a petition is filed with the municipal clerk, signed by electors in the municipality numbering 10% or more of the number of registered voters in the municipality, asking that the question of issuing obligations using full faith and credit of the municipality as security for the cost of paying for redevelopment project costs, or of pledging taxes for the payment of such obligations, or both, be submitted to the electors of the municipality, the corporate authorities of the municipality shall call a special election in the manner provided by law to vote upon that question, or, if a general, State or municipal election is to be held within a period of not less than 30 or more than 90 days from the date such petition is filed, shall submit the question at the next general, State or municipal election. If it appears upon the canvass of the election by the corporate authorities that a majority of electors voting upon the question voted in favor thereof, the ordinance shall be in effect, but if a majority of the electors voting upon the question are not in favor thereof, the ordinance shall not take effect.

The ordinance authorizing the obligations may provide that the obligations shall contain a recital that they are issued pursuant to this Division, which recital shall be conclusive evidence of their validity and of the regularity of their issuance.

In the event the municipality authorizes issuance of obligations pursuant to this Section secured by the full faith and credit of the municipality, the ordinance authorizing the obligations may provide for the levy and collection of a direct annual tax upon all taxable property within the municipality sufficient to pay the principal thereof and interest thereon as it matures, which levy may be in addition to and exclusive of the maximum of all other taxes authorized to be levied by the
municipality, which levy, however, shall be abated to the extent that monies from other sources are available for payment of the obligations and the municipality certifies the amount of said monies available to the county clerk.

A certified copy of such ordinance shall be filed with the county clerk of each county in which any portion of the municipality is situated, and shall constitute the authority for the extension and collection of the taxes to be deposited in the special tax allocation fund.

A municipality may also issue its obligations to refund in whole or in part, obligations theretofore issued by such municipality under the authority of this Act, whether at or prior to maturity, provided however, that the last maturity of the refunding obligations shall not be expressed to mature later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the twenty-third calendar year after the year in which the ordinance approving the redevelopment project area is adopted if the ordinance was adopted on or after January 15, 1981, and not later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-fifth calendar year after the year in which the ordinance approving the redevelopment project area is adopted (A) if the ordinance was adopted before January 15, 1981, or (B) if the ordinance was adopted in December 1983, April 1984, July 1985, or December 1989, or (C) if the ordinance was adopted in December, 1987 and the redevelopment project is located within one mile of Midway Airport, or (D) if the ordinance was adopted before January 1, 1987 by a municipality in Mason County, or (E) if the municipality is subject to the Local Government Financial Planning and Supervision Act or the Financially Distressed City Law, or (F) if the ordinance was adopted in December 1984 by the Village of Rosemont, or (G) if the ordinance was adopted on December 31, 1986 by a municipality located in Clinton County for which at least $250,000 of tax increment bonds were authorized on June 17, 1997, or if the ordinance was adopted on December 31, 1986 by a municipality with a population in 1990 of less than 3,600 that is located in a county with a population in 1990 of less than 34,000 and for which at least $250,000 of tax increment bonds were authorized on June 17, 1997, or (H) if the ordinance was adopted on October 5, 1982 by the City of Kankakee, or (I) if the ordinance was adopted on December 29, 1986 by East St. Louis, or if the ordinance was adopted on November 12, 1991 by the Village of Sauget, or (J) if the ordinance was adopted on February 11, 1985 by the City of Rock Island, or (K) if the ordinance was adopted before December 18, 1986 by the City of Moline, or (L) if the ordinance was adopted in September 1988 by Sauk Village, or (M) if the ordinance was adopted in October 1993 by Sauk Village, or (N) if the ordinance was adopted on December 29, 1986 by the City of Galva, or (O) if the ordinance was adopted in March 1991 by the City of Centreville and, for redevelopment project areas for which bonds were issued before July 29, 1991, in connection with a redevelopment project in the area within the State Sales Tax Boundary and which were extended by municipal ordinance under subsection (n) of Section 11-74.4-3, the last maturity of the refunding obligations shall not be expressed to mature later than the date on which the redevelopment project area is terminated or December 31, 2013, whichever date occurs first.

In the event a municipality issues obligations under home rule powers or other legislative authority the proceeds of which are pledged to pay for redevelopment project costs, the municipality may, if it has followed the procedures in conformance with this division, retire said obligations from funds in the special tax allocation fund in amounts and in such manner as if such obligations had been issued pursuant to the provisions of this division.

All obligations heretofore or hereafter issued pursuant to this Act shall not be regarded as indebtedness of the municipality issuing such obligations or any other taxing district for the purpose of any limitation imposed by law.

Sec. 11-74.4-8a. (1) Until June 1, 1988, a municipality which has adopted tax increment allocation financing prior to January 1, 1987, may by ordinance (1) authorize the Department of Revenue, subject to appropriation, to annually certify and cause to be paid from the Illinois Tax Increment Fund to such municipality for deposit in the municipality's special tax allocation fund an
amount equal to the Net State Sales Tax Increment and (2) authorize the Department of Revenue to annually notify the municipality of the amount of the Municipal Sales Tax Increment which shall be deposited by the municipality in the municipality's special tax allocation fund. Provided that for purposes of this Section no amendments adding additional area to the redevelopment project area which has been certified as the State Sales Tax Boundary shall be taken into account if such amendments are adopted by the municipality after January 1, 1987. If an amendment is adopted which decreases the area of a State Sales Tax Boundary, the municipality shall update the list required by subsection (3)(a) of this Section. The Retailers' Occupation Tax liability, Use Tax liability, Service Occupation Tax liability and Service Use Tax liability for retailers and servicemen located within the disconnected area shall be excluded from the base from which tax increments are calculated and the revenue from any such retailer or serviceman shall not be included in calculating incremental revenue payable to the municipality. A municipality adopting an ordinance under this subsection (1) of this Section for a redevelopment project area which is certified as a State Sales Tax Boundary shall not be entitled to payments of State taxes authorized under subsection (2) of this Section for the same redevelopment project area. Nothing herein shall be construed to prevent a municipality from receiving payment of State taxes authorized under subsection (2) of this Section for a separate redevelopment project area that does not overlap in any way with the State Sales Tax Boundary receiving payments of State taxes pursuant to subsection (1) of this Section.

A certified copy of such ordinance shall be submitted by the municipality to the Department of Commerce and Community Affairs and the Department of Revenue not later than 30 days after the effective date of the ordinance. Upon submission of the ordinances, and the information required pursuant to subsection 3 of this Section, the Department of Revenue shall promptly determine the amount of such taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located in the redevelopment project area during the base year, and shall certify all the foregoing "initial sales tax amounts" to the municipality within 60 days of submission of the list required of subsection (3)(a) of this Section.

If a retailer or serviceman with a place of business located within a redevelopment project area also has one or more other places of business within the municipality but outside the redevelopment project area, the retailer or serviceman shall, upon request of the Department of Revenue, certify to the Department of Revenue the amount of taxes paid pursuant to the Retailers' Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, the Service Occupation Tax Act and the Municipal Service Occupation Tax Act at each place of business which is located within the redevelopment project area in the manner and for the periods of time requested by the Department of Revenue.

When the municipality determines that a portion of an increase in the aggregate amount of taxes paid by retailers and servicemen under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, or the Service Occupation Tax Act is the result of a retailer or serviceman initiating retail or service operations in the redevelopment project area by such retailer or serviceman with a resulting termination of retail or service operations by such retailer or serviceman at another location in Illinois in the standard metropolitan statistical area of such municipality, the Department of Revenue shall be notified that the retailers occupation tax liability, use tax liability, service occupation tax liability, or service use tax liability from such retailer's or serviceman's terminated operation shall be included in the base Initial Sales Tax Amounts from which the State Sales Tax Increment is calculated for purposes of State payments to the affected municipality; provided, however, for purposes of this paragraph "termination" shall mean a closing of a retail or service operation which is directly related to the opening of the same retail or service operation in a redevelopment project area which is included within a State Sales Tax Boundary, but it shall not include retail or service operations closed for reasons beyond the control of the retailer or serviceman, as determined by the Department.

If the municipality makes the determination referred to in the prior paragraph and notifies the Department and if the relocation is from a location within the municipality, the Department, at the request of the municipality, shall adjust the certified aggregate amount of taxes that constitute the Municipal Sales Tax Increment paid by retailers and servicemen on transactions at places of business located within the State Sales Tax Boundary during the base year using the same procedures as are employed to make the adjustment referred to in the prior paragraph. The adjusted Municipal Sales Tax...
Increment calculated by the Department shall be sufficient to satisfy the requirements of subsection (1) of this Section.

When a municipality which has adopted tax increment allocation financing in 1986 determines that a portion of the aggregate amount of taxes paid by retailers and servicemen under the Retailers Occupation Tax Act, Use Tax Act, Service Use Tax Act, or Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act, includes revenue of a retailer or serviceman which terminated retailer or service operations in 1986, prior to the adoption of tax increment allocation financing, the Department of Revenue shall be notified by such municipality that the retailers' occupation tax liability, use tax liability, service occupation tax liability or service use tax liability, from such retailer's or serviceman's terminated operations shall be excluded from the Initial Sales Tax Amounts for such taxes. The revenue from any such retailer or serviceman which is excluded from the base year under this paragraph, shall not be included in calculating incremental revenues if such retailer or serviceman reestabishes such business in the redevelopment project area.

For State fiscal year 1992, the Department of Revenue shall budget, and the Illinois General Assembly shall appropriate from the Illinois Tax Increment Fund in the State treasury, an amount not to exceed $18,000,000 to pay to each eligible municipality the Net State Sales Tax Increment to which such municipality is entitled.

Beginning on January 1, 1993, each municipality's proportional share of the Illinois Tax Increment Fund shall be determined by adding the annual Net State Sales Tax Increment and the annual Net Utility Tax Increment to determine the Annual Total Increment. The ratio of the Annual Total Increment of each municipality to the Annual Total Increment for all municipalities, as most recently calculated by the Department, shall determine the proportional shares of the Illinois Tax Increment Fund to be distributed to each municipality.

Beginning in October, 1993, and each January, April, July and October thereafter, the Department of Revenue shall certify to the Treasurer and the Comptroller the amounts payable quarterly during the fiscal year to each municipality under this Section. The Comptroller shall promptly then draw warrants, ordering the State Treasurer to pay such amounts from the Illinois Tax Increment Fund in the State treasury.

The Department of Revenue shall utilize the same periods established for determining State Sales Tax Increment to determine the Municipal Sales Tax Increment for the area within a State Sales Tax Boundary and certify such amounts to such municipal treasurer who shall transfer such amounts to the special tax allocation fund.

The provisions of this subsection (1) do not apply to additional municipal retailers' occupation or service occupation taxes imposed by municipalities using their home rule powers or imposed pursuant to Sections 8-11-1.3, 8-11-1.4 and 8-11-1.5 of this Act. A municipality shall not receive from the State any share of the Illinois Tax Increment Fund unless such municipality deposits all its Municipal Sales Tax Increment and the local incremental real property tax revenues, as provided herein, into the appropriate special tax allocation fund. If, however, a municipality has extended the estimated dates of completion of the redevelopment project and retirement of obligations to finance redevelopment project costs by municipal ordinance to December 31, 2013 under subsection (n) of Section 11-74.4-3, then that municipality shall continue to receive from the State a share of the Illinois Tax Increment Fund so long as the municipality deposits, from any funds available, excluding funds in the special tax allocation fund, an amount equal to the municipal share of the real property tax increment revenues into the special tax allocation fund during the extension period. The amount to be deposited by the municipality in each of the tax years affected by the extension to December 31, 2013 shall be equal to the municipal share of the property tax increment deposited into the special tax allocation fund by the municipality for the most recent year that the property tax increment was distributed. A municipality located within an economic development project area created under the County Economic Development Project Area Property Tax Allocation Act which has abated any portion of its property taxes which otherwise would have been deposited in its special tax allocation fund shall not receive from the State the Net Sales Tax Increment.

(2) A municipality which has adopted tax increment allocation financing with regard to an industrial park or industrial park conservation area, prior to January 1, 1988, may by ordinance authorize the Department of Revenue to annually certify and pay from the Illinois Tax Increment Fund...
to such municipality for deposit in the municipality's special tax allocation fund an amount equal to the Net State Utility Tax Increment. Provided that for purposes of this Section no amendments adding additional area to the redevelopment project area shall be taken into account if such amendments are adopted by the municipality after January 1, 1988. Municipalities adopting an ordinance under this subsection (2) of this Section for a redevelopment project area shall not be entitled to payment of State taxes authorized under subsection (1) of this Section for the same redevelopment project area which is within a State Sales Tax Boundary. Nothing herein shall be construed to prevent a municipality from receiving payment of State taxes authorized under subsection (1) of this Section for a separate redevelopment project area within a State Sales Tax Boundary that does not overlap in any way with the redevelopment project area receiving payments of State taxes pursuant to subsection (2) of this Section.

A certified copy of such ordinance shall be submitted to the Department of Commerce and Community Affairs and the Department of Revenue not later than 30 days after the effective date of the ordinance.

When a municipality determines that a portion of an increase in the aggregate amount of taxes paid by industrial or commercial facilities under the Public Utilities Act, is the result of an industrial or commercial facility initiating operations in the redevelopment project area with a resulting termination of such operations by such industrial or commercial facility at another location in Illinois, the Department of Revenue shall be notified by such municipality that such industrial or commercial facility's liability under the Public Utility Tax Act shall be included in the base from which tax increments are calculated for purposes of State payments to the affected municipality.

After receipt of the calculations by the public utility as required by subsection (4) of this Section, the Department of Revenue shall annually budget and the Illinois General Assembly shall annually appropriate from the General Revenue Fund through State Fiscal Year 1989, and thereafter from the Illinois Tax Increment Fund, an amount sufficient to pay to each eligible municipality the amount of incremental revenue attributable to State electric and gas taxes as reflected by the charges imposed on persons in the project area to which such municipality is entitled by comparing the preceding calendar year with the base year as determined by this Section. Beginning on January 1, 1993, each municipality's proportional share of the Illinois Tax Increment Fund shall be determined by adding the annual Net State Utility Tax Increment and the annual Net Utility Tax Increment to determine the Annual Total Increment. The ratio of the Annual Total Increment of each municipality to the Annual Total Increment for all municipalities, as most recently calculated by the Department, shall determine the proportional shares of the Illinois Tax Increment Fund to be distributed to each municipality.

A municipality shall not receive any share of the Illinois Tax Increment Fund from the State unless such municipality imposes the maximum municipal charges authorized pursuant to Section 9-221 of the Public Utilities Act and deposits all municipal utility tax incremental revenues as certified by the public utilities, and all local real estate tax increments into such municipality's special tax allocation fund.

(3) Within 30 days after the adoption of the ordinance required by either subsection (1) or subsection (2) of this Section, the municipality shall transmit to the Department of Commerce and Community Affairs and the Department of Revenue the following:

(a) if applicable, a certified copy of the ordinance required by subsection (1) accompanied by a complete list of street names and the range of street numbers of each street located within the redevelopment project area for which payments are to be made under this Section in both the base year and in the year preceding the payment year; and the addresses of persons registered with the Department of Revenue; and, the name under which each such retailer or serviceman conducts business at that address, if different from the corporate name; and the Illinois Business Tax Number of each such person (The municipality shall update this list in the event of a revision of the redevelopment project area, or the opening or closing or name change of any street or part thereof in the redevelopment project area, or if the Department of Revenue informs the municipality of an addition or deletion pursuant to the monthly updates given by the Department.);

(b) if applicable, a certified copy of the ordinance required by subsection (2) accompanied by a complete list of street names and range of street numbers of each street located within
the redevelopment project area, the utility customers in the project area, and the utilities
serving the redevelopment project areas;
(c) certified copies of the ordinances approving the redevelopment plan and designating
the redevelopment project area;
(d) a copy of the redevelopment plan as approved by the municipality;
(e) an opinion of legal counsel that the municipality had complied with the requirements
of this Act; and
(f) a certification by the chief executive officer of the municipality that with regard to a
redevelopment project area: (1) the municipality has committed all of the municipal tax
increment created pursuant to this Act for deposit in the special tax allocation fund, (2) the
redevelopment projects described in the redevelopment plan would not be completed without
the use of State incremental revenues pursuant to this Act, (3) the municipality will pursue
the implementation of the redevelopment plan in an expeditious manner, (4) the incremental
revenues created pursuant to this Section will be exclusively utilized for the development of
the redevelopment project area, and (5) the increased revenue created pursuant to this Section
shall be used exclusively to pay redevelopment project costs as defined in this Act.
(4) The Department of Revenue upon receipt of the information set forth in paragraph (b) of
subsection (3) shall immediately forward such information to each public utility furnishing natural gas
or electricity to buildings within the redevelopment project area. Upon receipt of such information,
each public utility shall promptly:
(a) provide to the Department of Revenue and the municipality separate lists of the names
and addresses of persons within the redevelopment project area receiving natural gas or
electricity from such public utility. Such list shall be updated as necessary by the public
utility. Each month thereafter the public utility shall furnish the Department of Revenue and
the municipality with an itemized listing of charges imposed pursuant to Sections 9-221 and
9-222 of the Public Utilities Act on persons within the redevelopment project area.
(b) determine the amount of charges imposed pursuant to Sections 9-221 and 9-222 of the
Public Utilities Act on persons in the redevelopment project area during the base year, both
as a result of municipal taxes on electricity and gas and as a result of State taxes on electricity
and gas and certify such amounts both to the municipality and the Department of Revenue;
and
(c) determine the amount of charges imposed pursuant to Sections 9-221 and 9-222 of the
Public Utilities Act on persons in the redevelopment project area on a monthly basis during
the base year, both as a result of State and municipal taxes on electricity and gas and certify
such separate amounts both to the municipality and the Department of Revenue.
After the determinations are made in paragraphs (b) and (c), the public utility shall monthly
during the existence of the redevelopment project area notify the Department of Revenue and the
municipality of any increase in charges over the base year determinations made pursuant to paragraphs
(b) and (c).
(5) The payments authorized under this Section shall be deposited by the municipal treasurer
in the special tax allocation fund of the municipality, which for accounting purposes shall identify the
sources of each payment as: municipal receipts from the State retailers occupation, service occupation,
use and service use taxes; and municipal public utility taxes charged to customers under the Public
Utilities Act and State public utility taxes charged to customers under the Public Utilities Act.
(6) Before the effective date of this amendatory Act of the 91st General Assembly, any
municipality receiving payments authorized under this Section for any redevelopment project area or
area within a State Sales Tax Boundary within the municipality shall submit to the Department of
Revenue and to the taxing districts which are sent the notice required by Section 6 of this Act annually
within 180 days after the close of each municipal fiscal year the following information for the
immediately preceding fiscal year:
(a) Any amendments to the redevelopment plan, the redevelopment project area, or the
State Sales Tax Boundary.
(b) Audited financial statements of the special tax allocation fund.
(c) Certification of the Chief Executive Officer of the municipality that the municipality
has complied with all of the requirements of this Act during the preceding fiscal year.

New matter indicated by italics - deletions by strikeout.
(d) An opinion of legal counsel that the municipality is in compliance with this Act.
(e) An analysis of the special tax allocation fund which sets forth:
   (1) the balance in the special tax allocation fund at the beginning of the fiscal year;
   (2) all amounts deposited in the special tax allocation fund by source;
   (3) all expenditures from the special tax allocation fund by category of permissible
      redevelopment project cost; and
   (4) the balance in the special tax allocation fund at the end of the fiscal year including
      a breakdown of that balance by source. Such ending balance shall be designated as
      surplus if it is not required for anticipated redevelopment project costs or to pay debt
      service on bonds issued to finance redevelopment project costs, as set forth in Section
      11-74.4-7 hereof.
(f) A description of all property purchased by the municipality within the redevelopment
   project area including:
   1. Street address
   2. Approximate size or description of property
   3. Purchase price
   4. Seller of property.
(g) A statement setting forth all activities undertaken in furtherance of the objectives of
   the redevelopment plan, including:
   1. Any project implemented in the preceding fiscal year
   2. A description of the redevelopment activities undertaken
   3. A description of any agreements entered into by the municipality with regard to
      the disposition or redevelopment of any property within the redevelopment project area
      or the area within the State Sales Tax Boundary.
(h) With regard to any obligations issued by the municipality:
   1. copies of bond ordinances or resolutions
   2. copies of any official statements
   3. an analysis prepared by financial advisor or underwriter setting forth: (a) nature
      and term of obligation; and (b) projected debt service including required reserves and
      debt coverage.
(i) A certified audit report reviewing compliance with this statute performed by an
   independent public accountant certified and licensed by the authority of the State of Illinois.
   The financial portion of the audit must be conducted in accordance with Standards for Audits
   of Governmental Organizations, Programs, Activities, and Functions adopted by the
   Comptroller General of the United States (1981), as amended. The audit report shall contain
   a letter from the independent certified public accountant indicating compliance or
   noncompliance with the requirements of subsection (q) of Section 11-74.4-3. If the audit
   indicates that expenditures are not in compliance with the law, the Department of Revenue
   shall withhold State sales and utility tax increment payments to the municipality until
   compliance has been reached, and an amount equal to the ineligible expenditures has been
   returned to the Special Tax Allocation Fund.
(6.1) After July 29, 1988 and before the effective date of this amendatory Act of the 91st
   General Assembly, any funds which have not been designated for use in a specific development
   project in the annual report shall be designated as surplus. No funds may be held in the Special Tax
   Allocation Fund for more than 36 months from the date of receipt unless the money is required for
   payment of contractual obligations for specific development project costs. If held for more than 36
   months in violation of the preceding sentence, such funds shall be designated as surplus. Any funds
   designated as surplus must first be used for early redemption of any bond obligations. Any funds
   designated as surplus which are not disposed of as otherwise provided in this paragraph, shall be
   distributed as surplus as provided in Section 11-74.4-7.
(7) Any appropriation made pursuant to this Section for the 1987 State fiscal year shall not
   exceed the amount of $7 million and for the 1988 State fiscal year the amount of $10 million. The
   amount which shall be distributed to each municipality shall be the incremental revenue to which each
   municipality is entitled as calculated by the Department of Revenue, unless the requests of the
   municipality exceed the appropriation, then the amount to which each municipality shall be entitled

shall be prorated among the municipalities in the same proportion as the increment to which the municipality would be entitled bears to the total increment which all municipalities would receive in the absence of this limitation, provided that no municipality may receive an amount in excess of 15% of the appropriation. For the 1987 Net State Sales Tax Increment payable in Fiscal Year 1989, no municipality shall receive more than 7.5% of the total appropriation; provided, however, that any of the appropriation remaining after such distribution shall be prorated among municipalities on the basis of their pro rata share of the total increment. Beginning on January 1, 1993, each municipality's proportional share of the Illinois Tax Increment Fund shall be determined by adding the annual Net State Sales Tax Increment and the annual Net Utility Tax Increment to determine the Annual Total Increment. The ratio of the Annual Total Increment of each municipality to the Annual Total Increment for all municipalities, as most recently calculated by the Department, shall determine the proportional shares of the Illinois Tax Increment Fund to be distributed to each municipality.

(7.1) No distribution of Net State Sales Tax Increment to a municipality for an area within a State Sales Tax Boundary shall exceed in any State Fiscal Year an amount equal to 3 times the sum of the Municipal Sales Tax Increment, the real property tax increment and deposits of funds from other sources, excluding state and federal funds, as certified by the city treasurer to the Department of Revenue for an area within a State Sales Tax Boundary. After July 29, 1988, for those municipalities which issue bonds between June 1, 1988 and 3 years from July 29, 1988 to finance redevelopment projects within the area in a State Sales Tax Boundary, the distribution of Net State Sales Tax Increment during the 16th through 20th years from the date of issuance of the bonds shall not exceed in any State Fiscal Year an amount equal to 2 times the sum of the Municipal Sales Tax Increment, the real property tax increment and deposits of funds from other sources, excluding State and federal funds.

(8) Any person who knowingly files or causes to be filed false information for the purpose of increasing the amount of any State tax incremental revenue commits a Class A misdemeanor.

(9) The following procedures shall be followed to determine whether municipalities have complied with the Act for the purpose of receiving distributions after July 1, 1989 pursuant to subsection (1) of this Section 11-74.4-8a.

(a) The Department of Revenue shall conduct a preliminary review of the redevelopment project areas and redevelopment plans pertaining to those municipalities receiving payments from the State pursuant to subsection (1) of Section 8a of this Act for the purpose of determining compliance with the following standards:

(1) For any municipality with a population of more than 12,000 as determined by the 1980 U.S. Census: (a) the redevelopment project area, or in the case of a municipality which has more than one redevelopment project area, each such area, must be contiguous and the total of all such areas shall not comprise more than 25% of the area within the municipal boundaries nor more than 20% of the equalized assessed value of the municipality; (b) the aggregate amount of 1985 taxes in the redevelopment project area, or in the case of a municipality which has more than one redevelopment project area, the total of all such areas, shall be not more than 25% of the total base year taxes paid by retailers and servicemen on transactions at places of business located within the municipality under the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act. Redevelopment project areas created prior to 1986 are not subject to the above standards if their boundaries were not amended in 1986.

(2) For any municipality with a population of 12,000 or less as determined by the 1980 U.S. Census: (a) the redevelopment project area, or in the case of a municipality which has more than one redevelopment project area, each such area, must be contiguous and the total of all such areas shall not comprise more than 35% of the area within the municipal boundaries nor more than 30% of the equalized assessed value of the municipality; (b) the aggregate amount of 1985 taxes in the redevelopment project area, or in the case of a municipality which has more than one redevelopment project area, the total of all such areas, shall be not more than 35% of the total base year taxes paid by retailers and servicemen on transactions at places of business located within the municipality under the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act. Redevelopment project areas created prior to 1986 are not subject to the above standards if their boundaries were not amended in 1986.
Tax Act, and the Service Occupation Tax Act. Redevelopment project areas created prior to 1986 are not subject to the above standards if their boundaries were not amended in 1986.

(3) Such preliminary review of the redevelopment project areas applying the above standards shall be completed by November 1, 1988, and on or before November 1, 1988, the Department shall notify each municipality by certified mail, return receipt requested that either (1) the Department requires additional time in which to complete its preliminary review; or (2) the Department is issuing either (a) a Certificate of Eligibility or (b) a Notice of Review. If the Department notifies a municipality that it requires additional time to complete its preliminary investigation, it shall complete its preliminary investigation no later than February 1, 1989, and by February 1, 1989 shall issue to each municipality either (a) a Certificate of Eligibility or (b) a Notice of Review. A redevelopment project area for which a Certificate of Eligibility has been issued shall be deemed a "State Sales Tax Boundary."

(4) The Department of Revenue shall also issue a Notice of Review if the Department has received a request by November 1, 1988 to conduct such a review from taxpayers in the municipality, local taxing districts located in the municipality or the State of Illinois, or if the redevelopment project area has more than 5 retailers and has had growth in State sales tax revenue of more than 15% from calendar year 1985 to 1986.

(b) For those municipalities receiving a Notice of Review, the Department will conduct a secondary review consisting of: (i) application of the above standards contained in subsection (9)(a)(1)(a) and (b) or (9)(a)(2)(a) and (b), and (ii) the definitions of blighted and conservation area provided for in Section 11-74.4-3. Such secondary review shall be completed by July 1, 1989.

Upon completion of the secondary review, the Department will issue (a) a Certificate of Eligibility or (b) a Preliminary Notice of Deficiency. Any municipality receiving a Preliminary Notice of Deficiency may amend its redevelopment project area to meet the standards and definitions set forth in this paragraph (b). This amended redevelopment project area shall become the "State Sales Tax Boundary" for purposes of determining the State Sales Tax Increment.

(c) If the municipality advises the Department of its intent to comply with the requirements of paragraph (b) of this subsection outlined in the Preliminary Notice of Deficiency, within 120 days of receiving such notice from the Department, the municipality shall submit documentation to the Department of the actions it has taken to cure any deficiencies. Thereafter, within 30 days of the receipt of the documentation, the Department shall either issue a Certificate of Eligibility or a Final Notice of Deficiency. If the municipality fails to advise the Department of its intent to comply or fails to submit adequate documentation of such cure of deficiencies the Department shall issue a Final Notice of Deficiency that provides that the municipality is ineligible for payment of the Net State Sales Tax Increment.

(d) If the Department issues a final determination of ineligibility, the municipality shall have 30 days from the receipt of determination to protest and request a hearing. Such hearing shall be conducted in accordance with Sections 10-25, 10-35, 10-40, and 10-50 of the Illinois Administrative Procedure Act. The decision following the hearing shall be subject to review under the Administrative Review Law.

(e) Any Certificate of Eligibility issued pursuant to this subsection 9 shall be binding only on the State for the purposes of establishing municipal eligibility to receive revenue pursuant to subsection (1) of this Section 11-74.4-8a.

(f) It is the intent of this subsection that the periods of time to cure deficiencies shall be in addition to all other periods of time permitted by this Section, regardless of the date by which plans were originally required to be adopted. To cure said deficiencies, however, the municipality shall be required to follow the procedures and requirements pertaining to amendments, as provided in Sections 11-74.4-5 and 11-74.4-6 of this Act.

(10) If a municipality adopts a State Sales Tax Boundary in accordance with the provisions of subsection (9) of this Section, such boundaries shall subsequently be utilized to determine Revised

Initial Sales Tax Amounts and the Net State Sales Tax Increment; provided, however, that such revised State Sales Tax Boundary shall not have any effect upon the boundary of the redevelopment project area established for the purposes of determining the ad valorem taxes on real property pursuant to Sections 11-74.4-7 and 11-74.4-8 of this Act nor upon the municipality's authority to implement the redevelopment plan for that redevelopment project area. For any redevelopment project area with a smaller State Sales Tax Boundary within its area, the municipality may annually elect to deposit the Municipal Sales Tax Increment for the redevelopment project area in the special tax allocation fund and shall certify the amount to the Department prior to receipt of the Net State Sales Tax Increment. Any municipality required by subsection (9) to establish a State Sales Tax Boundary for one or more of its redevelopment project areas shall submit all necessary information required by the Department concerning such boundary and the retailers therein, by October 1, 1989, after complying with the procedures for amendment set forth in Sections 11-74.4-5 and 11-74.4-6 of this Act. Net State Sales Tax Increment produced within the State Sales Tax Boundary shall be spent only within that area. However expenditures of all municipal property tax increment and municipal sales tax increment in a redevelopment project area are not required to be spent within the smaller State Sales Tax Boundary within such redevelopment project area.

(11) The Department of Revenue shall have the authority to issue rules and regulations for purposes of this Section. and regulations for purposes of this Section.

(12) If, under Section 5.4.1 of the Illinois Enterprise Zone Act, a municipality determines that property that lies within a State Sales Tax Boundary has an improvement, rehabilitation, or renovation that is entitled to a property tax abatement, then that property along with any improvements, rehabilitation, or renovations shall be immediately removed from any State Sales Tax Boundary. The municipality that made the determination shall notify the Department of Revenue within 30 days after the determination. Once a property is removed from the State Sales Tax Boundary because of the existence of a property tax abatement resulting from an enterprise zone, then that property shall not be permitted to be amended into a State Sales Tax Boundary.

AN ACT in relation to highways.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Highway Code is amended by changing Sections 6-201.7 and 6-508 as follows:

(605 ILCS 5/6-201.7) (from Ch. 121, par. 6-201.7)

Sec. 6-201.7. Construct, maintain and repair and be responsible for the construction, maintenance and repair of roads within the district, let contracts, employ labor and purchase material and machinery therefor, subject to the limitations provided in this Code. No contract shall be let for the construction or repair of any road or part thereof in excess of the amount of $10,000, nor shall any material, machinery or other appliances to be used in road construction or maintenance of roads in excess of such amount be purchased, nor shall several contracts each for an amount of $10,000 or less be let for the construction or repair of any road or part thereof when such construction or repair is in reality part of one project costing more than $10,000, nor shall any material, machinery or other appliance to be used therein be purchased under several contracts each for an amount of $10,000 or less, if such purchases are essentially one transaction amounting to more than $10,000, without the written approval of the county superintendent of highways in the case of road districts other than consolidated township road districts or without the written approval of the highway board of auditors in the case of consolidated township road districts.

Except for professional services, when the cost of construction, materials, supplies, new machinery or equipment exceeds $5,000, or $10,000 in case of a district having a population of 10,000 or more, the contract for such construction, materials, supplies, machinery or equipment shall be let, after the above written approval is obtained, to the lowest responsible bidder after advertising for bids at least once, and at least 10 days prior to the time set for the opening of such bids, in a newspaper published within the township or road district, or, if no newspaper is published within the township or road district then in one published within the county, or, if no newspaper is published within the county then in a newspaper having general circulation within the township or road district, but, in case of an emergency, such contract may be let without advertising for bids upon the approval of the County Superintendent of Highways expressing in writing the existence of such emergency and, in the case of consolidated township road districts, upon the approval of the highway board of auditors. For purposes of this Section "new machinery or equipment" shall be defined as that which has been previously untitled or that which shows fewer than 200 hours on its operating clock and that is accompanied by a new equipment manufacturer's warranty.

(605 ILCS 5/6-508) (from Ch. 121, par. 6-508)

Sec. 6-508. (a) For the purpose of constructing or repairing bridges, culverts, drainage structures or grade separations, including approaches thereto, at the joint expense of a county and a road district and obtaining aid from the county as provided in Section 5-501 of this Code, there may be included in the annual tax levies provided for in Section 6-501 of this Code a tax of not to exceed .05% of the value of all the taxable property in the road district, as equalized or assessed by the Department of Revenue, which tax shall be in addition to and may be in excess of the maximum levy and may be extended at a rate in addition to and in excess of the tax rate for road purposes authorized under Section 6-501 of this Code.

Such tax, when collected, shall constitute and be held by the treasurer of the district as a separate fund to be expended for the construction or repair of bridges, culverts, drainage structures or grade separations, including approaches thereto, at the joint expense of the county and the road district. The highway commissioner shall separately specify in the certificate required by Section 6-501 the amount necessary to be raised by taxation for the purpose of constructing or repairing bridges, culverts, drainage structures or grade separations, including approaches thereto, at the joint expense of the county and the road district. Upon the approval by the county board of the amount so

certified as provided in Section 6-501 of this Code, the county clerk shall extend the same against the taxable property of the road district, provided the amount thus approved shall not be extended at a rate in excess of .05% of value, as equalized or assessed by the Department of Revenue.

When any improvement project for which a tax may be levied under this Section has been ordered as provided in Section 5-501 and the estimated cost of such project to the road district is in excess of the amount that will be realized from the annual tax levy authorized by this Section when extended and collected, then the road district may accumulate the proceeds of such tax for such number of years as may be necessary to acquire the funds necessary to pay the district's share of the cost of such project. In counties in which a property tax extension limitation is imposed under the Property Tax Extension Limitation Law and the imposition of the property tax extension limitation prevents a road district from levying taxes for road purposes at the required rate, a road district may retain its eligibility if, at the time the property tax extension limitation was imposed, the road district was levying at the required rate and continues to levy the maximum allowable amount after the imposition of the property tax extension limitation. It shall not be a valid objection to any subsequent tax levy made under this Section that there remains unexpended money arising from a preceding levy of a prior year because of the accumulation provided for in this Section.

The rate limitation imposed by this Section may be increased for a 10 year period to up to 0.25% of the value of all the taxable property in the road district, as equalized or assessed by the Department of Revenue if the proposition for the increased tax rate is submitted under Sections 6-504 and 6-505 and receives a majority of all ballots cast on the proposition at the election held under Section 6-505.

(b) All surplus funds remaining in the hands of the treasurer of the road district after the completion of any construction or repairing of bridges, culverts, drainage structures or grade separations, including approaches thereto, under this Section, shall be turned over at the request of the highway commissioner, with the written consent of the county superintendent, to the regular road fund of the road district. Upon such request, no further levy under this Section is to be extended by the county clerk unless the proposition authorizing such further levy is submitted under Sections 6-504 and 6-505 and receives a majority of all ballots cast on the proposition at the election held under Section 6-505.

(c) The moneys from this tax may also be used for construction and maintenance of bridges, culverts and other drainage facilities, or grade separations, including approaches thereto, on, under, or over the district roads, without joint county funds being involved and without limitation as to size of project, but only if adequate funds are available for all projects for which the road district has petitioned the county for joint participation. If the project size is over $5,000, the road district commissioner shall also obtain the permission of the county engineer.

**PUBLIC ACT 92-0269**

(Doctor Act No. 1712)

AN ACT concerning school funding.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Section 18-8.05 as follows:

(105 ILCS 5/18-8.05)

Sec. 18-8.05. Basis for apportionment of general State financial aid and supplemental general State aid to the common schools for the 1998-1999 and subsequent school years.

(A) General Provisions.

(1) The provisions of this Section apply to the 1998-1999 and subsequent school years. The system of general State financial aid provided for in this Section is designed to assure that, through a combination of State financial aid and required local resources, the financial support provided each pupil in Average Daily Attendance equals or exceeds a prescribed per pupil Foundation Level. This formula approach imputes a level of per pupil Available Local Resources and provides for the basis

New matter indicated by italics - deletions by strikeout.
to calculate a per pupil level of general State financial aid that, when added to Available Local Resources, equals or exceeds the Foundation Level. The amount of per pupil general State financial aid for school districts, in general, varies in inverse relation to Available Local Resources. Per pupil amounts are based upon each school district's Average Daily Attendance as that term is defined in this Section.

(2) In addition to general State financial aid, school districts with specified levels or concentrations of pupils from low income households are eligible to receive supplemental general State financial aid grants as provided pursuant to subsection (H). The supplemental State aid grants provided for school districts under subsection (H) shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section.

(3) To receive financial assistance under this Section, school districts are required to file claims with the State Board of Education, subject to the following requirements:

(a) Any school district which fails for any given school year to maintain school as required by law, or to maintain a recognized school is not eligible to file for such school year any claim upon the Common School Fund. In case of nonrecognition of one or more attendance centers in a school district otherwise operating recognized schools, the claim of the district shall be reduced in the proportion which the Average Daily Attendance in the attendance center or centers bear to the Average Daily Attendance in the school district. A "recognized school" means any public school which meets the standards as established for recognition by the State Board of Education. A school district or attendance center not having recognition status at the end of a school term is entitled to receive State aid payments due upon a legal claim which was filed while it was recognized.

(b) School district claims filed under this Section are subject to Sections 18-9, 18-10, and 18-12, except as otherwise provided in this Section.

(c) If a school district operates a full year school under Section 10-19.1, the general State aid to the school district shall be determined by the State Board of Education in accordance with this Section as near as may be applicable.

(d) (Blank).

(4) Except as provided in subsections (H) and (L), the board of any district receiving any of the grants provided for in this Section may apply those funds to any fund so received for which that board is authorized to make expenditures by law.

School districts are not required to exert a minimum Operating Tax Rate in order to qualify for assistance under this Section.

(5) As used in this Section the following terms, when capitalized, shall have the meaning ascribed herein:

(a) "Average Daily Attendance": A count of pupil attendance in school, averaged as provided for in subsection (C) and utilized in deriving per pupil financial support levels.

(b) "Available Local Resources": A computation of local financial support, calculated on the basis of Average Daily Attendance and derived as provided pursuant to subsection (D).

(c) "Corporate Personal Property Replacement Taxes": Funds paid to local school districts pursuant to "An Act in relation to the abolition of ad valorem personal property tax and the replacement of revenues lost thereby, and amending and repealing certain Acts and parts of Acts in connection therewith", certified August 14, 1979, as amended (Public Act 81-1st S.S.-1).

(d) "Foundation Level": A prescribed level of per pupil financial support as provided for in subsection (B).

(e) "Operating Tax Rate": All school district property taxes extended for all purposes, except Bond and Interest, Summer School, Rent, Capital Improvement, and Vocational Education Building purposes.

(B) Foundation Level.

(1) The Foundation Level is a figure established by the State representing the minimum level of per pupil financial support that should be available to provide for the basic education of each pupil in Average Daily Attendance. As set forth in this Section, each school district is assumed to exert a sufficient local taxing effort such that, in combination with the aggregate of general State financial aid...
aid provided the district, an aggregate of State and local resources are available to meet the basic education needs of pupils in the district.

(2) For the 1998-1999 school year, the Foundation Level of support is $4,225. For the 1999-2000 school year, the Foundation Level of support is $4,325. For the 2000-2001 school year, the Foundation Level of support is $4,425.

(3) For the 2001-2002 school year and each school year thereafter, the Foundation Level of support is $4,425 or such greater amount as may be established by law by the General Assembly.

(C) Average Daily Attendance.

(1) For purposes of calculating general State aid pursuant to subsection (E), an Average Daily Attendance figure shall be utilized. The Average Daily Attendance figure for formula calculation purposes shall be the monthly average of the actual number of pupils in attendance of each school district, as further averaged for the best 3 months of pupil attendance for each school district. In compiling the figures for the number of pupils in attendance, school districts and the State Board of Education shall, for purposes of general State aid funding, conform attendance figures to the requirements of subsection (F).

(2) The Average Daily Attendance figures utilized in subsection (E) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated.

(D) Available Local Resources.

(1) For purposes of calculating general State aid pursuant to subsection (E), a representation of Available Local Resources per pupil, as that term is defined and determined in this subsection, shall be utilized. Available Local Resources per pupil shall include a calculated dollar amount representing local school district revenues from local property taxes and from Corporate Personal Property Replacement Taxes, expressed on the basis of pupils in Average Daily Attendance.

(2) In determining a school district's revenue from local property taxes, the State Board of Education shall utilize the equalized assessed valuation of all taxable property of each school district as of September 30 of the previous year. The equalized assessed valuation utilized shall be obtained and determined as provided in subsection (G).

(3) For school districts maintaining grades kindergarten through 12, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 3.00%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades kindergarten through 8, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 2.30%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades 9 through 12, local property tax revenues per pupil shall be the applicable equalized assessed valuation of the district multiplied by 1.05%, and divided by the district's Average Daily Attendance figure.

(4) The Corporate Personal Property Replacement Taxes paid to each school district during the calendar year 2 years before the calendar year in which a school year begins, divided by the Average Daily Attendance figure for that district, shall be added to the local property tax revenues per pupil as derived by the application of the immediately preceding paragraph (3). The sum of these per pupil figures for each school district shall constitute Available Local Resources as that term is utilized in subsection (E) in the calculation of general State aid.

(E) Computation of General State Aid.

(1) For each school year, the amount of general State aid allotted to a school district shall be computed by the State Board of Education as provided in this subsection.

(2) For any school district for which Available Local Resources per pupil is less than the product of 0.93 times the Foundation Level, general State aid for that district shall be calculated as an amount equal to the Foundation Level minus Available Local Resources, multiplied by the Average Daily Attendance of the school district.

(3) For any school district for which Available Local Resources per pupil is equal to or greater than the product of 0.93 times the Foundation Level and less than the product of 1.75 times the Foundation Level, the general State aid per pupil shall be a decimal proportion of the Foundation Level derived using a linear algorithm. Under this linear algorithm, the calculated general State aid per pupil shall decline in direct linear fashion from 0.07 times the Foundation Level for a school
district with Available Local Resources equal to the product of 0.93 times the Foundation Level, to
0.05 times the Foundation Level for a school district with Available Local Resources equal to the
product of 1.75 times the Foundation Level. The allocation of general State aid for school districts
subject to this paragraph 3 shall be the calculated general State aid per pupil figure multiplied by the
Average Daily Attendance of the school district.

(4) For any school district for which Available Local Resources per pupil equals or exceeds
the product of 1.75 times the Foundation Level, the general State aid for the school district shall be
calculated as the product of $218 multiplied by the Average Daily Attendance of the school district.

(5) The amount of general State aid allocated to a school district for the 1999-2000 school
year meeting the requirements set forth in paragraph (4) of subsection (G) shall be increased by an
amount equal to the general State aid that would have been received by the district for the 1998-1999
school year by utilizing the Extension Limitation Equalized Assessed Valuation as calculated in
paragraph (4) of subsection (G) less the general State aid allotted for the 1998-1999 school year. This
amount shall be deemed a one time increase, and shall not affect any future general State aid
allocations.

(F) Compilation of Average Daily Attendance.

(1) Each school district shall, by July 1 of each year, submit to the State Board of Education,
on forms prescribed by the State Board of Education, attendance figures for the school year that began
in the preceding calendar year. The attendance information so transmitted shall identify the average
daily attendance figures for each month of the school year, except that any days of attendance in
August shall be added to the month of September and any days of attendance in June shall be added
to the month of May.

Except as otherwise provided in this Section, days of attendance by pupils shall be counted
only for sessions of not less than 5 clock hours of school work per day under direct supervision of:
(i) teachers, or (ii) non-teaching personnel or volunteer personnel when engaging in non-teaching
duties and supervising in those instances specified in subsection (a) of Section 10-22.34 and paragraph
10 of Section 34-18, with pupils of legal school age and in kindergarten and grades 1 through 12.

Days of attendance by tuition pupils shall be accredited only to the districts that pay the tuition
to a recognized school.

(2) Days of attendance by pupils of less than 5 clock hours of school shall be subject to the
following provisions in the compilation of Average Daily Attendance.

(a) Pupils regularly enrolled in a public school for only a part of the school day may be
 counted on the basis of 1/6 day for every class hour of instruction of 40 minutes or more
 attended pursuant to such enrollment.

(b) Days of attendance may be less than 5 clock hours on the opening and closing of the
 school term, and upon the first day of pupil attendance, if preceded by a day or days utilized
 as an institute or teachers' workshop.

(c) A session of 4 or more clock hours may be counted as a day of attendance upon
 certification by the regional superintendent, and approved by the State Superintendent of
 Education to the extent that the district has been forced to use daily multiple sessions.

(d) A session of 3 or more clock hours may be counted as a day of attendance (1) when
 the remainder of the school day or at least 2 hours in the evening of that day is utilized for an
 in-service training program for teachers, up to a maximum of 5 days per school year of which
 a maximum of 4 days of such 5 days may be used for parent-teacher conferences, provided
 a district conducts an in-service training program for teachers which has been approved by
 the State Superintendent of Education; or, in lieu of 4 such days, 2 full days may be used, in
 which event each such day may be counted as a day of attendance; and (2) when days in
 addition to those provided in item (1) are scheduled by a school pursuant to its school
 improvement plan adopted under Article 34 or its revised or amended school improvement
 plan adopted under Article 2, provided that (i) such sessions of 3 or more clock hours are
 scheduled to occur at regular intervals, (ii) the remainder of the school days in which such
 sessions occur are utilized for in-service training programs or other staff development
 activities for teachers, and (iii) a sufficient number of minutes of school work under the direct
 supervision of teachers are added to the school days between such regularly scheduled
 sessions to accumulate not less than the number of minutes by which such sessions of 3 or
more clock hours fall short of 5 clock hours. Any full days used for the purposes of this paragraph shall not be considered for computing average daily attendance. Days scheduled for in-service training programs, staff development activities, or parent-teacher conferences may be scheduled separately for different grade levels and different attendance centers of the district.

(e) A session of not less than one clock hour of teaching hospitalized or homebound pupils on-site or by telephone to the classroom may be counted as 1/2 day of attendance, however these pupils must receive 4 or more clock hours of instruction to be counted for a full day of attendance.

(f) A session of at least 4 clock hours may be counted as a day of attendance for first grade pupils, and pupils in full day kindergartens, and a session of 2 or more hours may be counted as 1/2 day of attendance by pupils in kindergartens which provide only 1/2 day of attendance.

(g) For children with disabilities who are below the age of 6 years and who cannot attend 2 or more clock hours because of their disability or immaturity, a session of not less than one clock hour may be counted as 1/2 day of attendance; however for such children whose educational needs so require a session of 4 or more clock hours may be counted as a full day of attendance.

(h) A recognized kindergarten which provides for only 1/2 day of attendance by each pupil shall not have more than 1/2 day of attendance counted in any one day. However, kindergartens may count 2 1/2 days of attendance in any 5 consecutive school days. When a pupil attends such a kindergarten for 2 half days on any one school day, the pupil shall have the following day as a day absent from school, unless the school district obtains permission in writing from the State Superintendent of Education. Attendance at kindergartens which provide for a full day of attendance by each pupil shall be counted the same as attendance by first grade pupils. Only the first year of attendance in one kindergarten shall be counted, except in case of children who entered the kindergarten in their fifth year whose educational development requires a second year of kindergarten as determined under the rules and regulations of the State Board of Education.

(G) Equalized Assessed Valuation Data.

(1) For purposes of the calculation of Available Local Resources required pursuant to subsection (D), the State Board of Education shall secure from the Department of Revenue the value as equalized or assessed by the Department of Revenue of all taxable property of every school district, together with (i) the applicable tax rate used in extending taxes for the funds of the district as of September 30 of the previous year and (ii) the limiting rate for all school districts subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law.

This equalized assessed valuation, as adjusted further by the requirements of this subsection, shall be utilized in the calculation of Available Local Resources.

(2) The equalized assessed valuation in paragraph (1) shall be adjusted, as applicable, in the following manner:

(a) For the purposes of calculating State aid under this Section, with respect to any part of a school district within a redevelopment project area in respect to which a municipality has adopted tax increment allocation financing pursuant to the Tax Increment Allocation Redevelopment Act, Sections 11-74.4-1 through 11-74.4-11 of the Illinois Municipal Code or the Industrial Jobs Recovery Law, Sections 11-74.6-1 through 11-74.6-50 of the Illinois Municipal Code, no part of the current equalized assessed valuation of real property located in any such project area which is attributable to an increase above the total initial equalized assessed valuation of such property shall be used as part of the equalized assessed valuation of the district, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Increment Allocation Redevelopment Act or in Section 11-74.6-35 of the Industrial Jobs Recovery Law. For the purpose of the equalized assessed valuation of the district, the total initial equalized assessed valuation or the current equalized assessed valuation, whichever is lower, shall be used until such time as all redevelopment project costs have been paid.

(b) The real property equalized assessed valuation for a school district shall be adjusted
by subtracting from the real property value as equalized or assessed by the Department of Revenue for the district an amount computed by dividing the amount of any abatement of taxes under Section 18-170 of the Property Tax Code by 3.00% for a district maintaining grades kindergarten through 12, by 2.30% for a district maintaining grades kindergarten through 8, or by 1.05% for a district maintaining grades 9 through 12 and adjusted by an amount computed by dividing the amount of any abatement of taxes under subsection (a) of Section 18-165 of the Property Tax Code by the same percentage rates for district type as specified in this subparagraph (b).

(3) For the 1999-2000 school year and each school year thereafter, if a school district meets all of the criteria of this subsection (G)(3), the school district's Available Local Resources shall be calculated under subsection (D) using the district's Extension Limitation Equalized Assessed Valuation as calculated under this subsection (G)(3).

For purposes of this subsection (G)(3) the following terms shall have the following meanings:

"Budget Year": The school year for which general State aid is calculated and awarded under subsection (E).

"Base Tax Year": The property tax levy year used to calculate the Budget Year allocation of general State aid.

"Preceding Tax Year": The property tax levy year immediately preceding the Base Tax Year.

"Base Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Base Tax Year multiplied by the limiting rate as calculated by the County Clerk and defined in the Property Tax Extension Limitation Law.

"Preceding Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Preceding Tax Year multiplied by the Operating Tax Rate as defined in subsection (A).

"Extension Limitation Ratio": A numerical ratio, certified by the County Clerk, in which the numerator is the Base Tax Year's Tax Extension and the denominator is the Preceding Tax Year's Tax Extension.

"Operating Tax Rate": The operating tax rate as defined in subsection (A).

If a school district is subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law, and if the Available Local Resources of that school district as calculated pursuant to subsection (D) using the Base Tax Year are less than the product of 1.75 times the Foundation Level for the Budget Year, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation of that district. For the 1999-2000 school year, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the district's 1996 Equalized Assessed Valuation and the district's Extension Limitation Ratio. For the 2000-2001 school year and each school year thereafter, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the Equalized Assessed Valuation last used in the calculation of general State aid, the district's Extension Limitation Ratio, and the district's Extension Limitation Equalized Assessed Valuation and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of a school district as calculated under this subsection (G)(3) is less than the district's equalized assessed valuation as calculated pursuant to subsections (G)(1) and (G)(2), then for purposes of calculating the district's general State aid for the Budget Year pursuant to subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources under subsection (D).

(4) For the purposes of calculating general State aid for the 1999-2000 school year only, if a school district experienced a triennial reassessment on the equalized assessed valuation used in calculating its general State financial aid apportionment for the 1998-1999 school year, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation that would have been used to calculate the district's 1998-1999 general State aid. This amount shall equal the product of the equalized assessed valuation used to calculate general State aid for the 1997-1998 school year and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of the school district as calculated under this paragraph (4) is less than the district's equalized assessed valuation utilized in calculating the district's 1998-1999 general State aid
allocation, then for purposes of calculating the district's general State aid pursuant to paragraph (5) of subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources.

(5) For school districts having a majority of their equalized assessed valuation in any county except Cook, DuPage, Kane, Lake, McHenry, or Will, if the amount of general State aid allocated to the school district for the 1999-2000 school year under the provisions of subsection (E), (H), and (J) of this Section is less than the amount of general State aid allocated to the district for the 1998-1999 school year under these subsections, then the general State aid of the district for the 1999-2000 school year only shall be increased by the difference between these amounts. The total payments made under this paragraph (5) shall not exceed $14,000,000. Claims shall be prorated if they exceed $14,000,000.

(H) Supplemental General State Aid.

(1) In addition to the general State aid a school district is allotted pursuant to subsection (E), qualifying school districts shall receive a grant, paid in conjunction with a district's payments of general State aid, for supplemental general State aid based upon the concentration level of children from low-income households within the school district. Supplemental State aid grants provided for school districts under this subsection shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section. For purposes of this subsection, the term "Low-Income Concentration Level" shall be the low-income eligible pupil count from the most recently available federal census divided by the Average Daily Attendance of the school district. If, however, the percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count of a high school district with fewer than 400 students exceeds by 75% or more the percentage change in the total low-income eligible pupil count of contiguous elementary school districts, whose boundaries are coterminous with the high school district, the high school district's low-income eligible pupil count from the earlier federal census shall be the number used as the low-income eligible pupil count for the high school district, for purposes of this subsection (H).

(2) Supplemental general State aid pursuant to this subsection shall be provided as follows:

(a) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for any school year shall be $800 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for the 1998-1999 school year shall be $1,100 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for the 1998-99 school year shall be $1,500 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of 60% or more, the grant for the 1998-99 school year shall be $1,900 multiplied by the low income eligible pupil count.

(e) For the 1999-2000 school year, the per pupil amount specified in subparagraphs (b), (c), and (d) immediately above shall be increased to $1,243, $1,600, and $2,000, respectively.

(f) For the 2000-2001 school year, the per pupil amounts specified in subparagraphs (b), (c), and (d) immediately above shall be $1,273, $1,640, and $2,050, respectively.

(3) School districts with an Average Daily Attendance of more than 1,000 and less than 50,000 that qualify for supplemental general State aid pursuant to this subsection shall submit a plan to the State Board of Education prior to October 30 of each year for the use of the funds resulting from this grant of supplemental general State aid for the improvement of instruction in which priority is given to meeting the education needs of disadvantaged children. Such plan shall be submitted in accordance with rules and regulations promulgated by the State Board of Education.

(4) School districts with an Average Daily Attendance of 50,000 or more that qualify for supplemental general State aid pursuant to this subsection shall be required to distribute from funds available pursuant to this Section, no less than $261,000,000 in accordance with the following requirements:

(a) The required amounts shall be distributed to the attendance centers within the district in proportion to the number of pupils enrolled at each attendance center who are eligible to

New matter indicated by italics - deletions by strikeout.
receive free or reduced-price lunches or breakfasts under the federal Child Nutrition Act of 1966 and under the National School Lunch Act during the immediately preceding school year.

(b) The distribution of these portions of supplemental and general State aid among attendance centers according to these requirements shall not be compensated for or contravened by adjustments of the total of other funds appropriated to any attendance centers, and the Board of Education shall utilize funding from one or several sources in order to fully implement this provision annually prior to the opening of school.

(c) Each attendance center shall be provided by the school district a distribution of noncategorical funds and other categorical funds to which an attendance center is entitled under law in order that the general State aid and supplemental general State aid provided by application of this subsection supplements rather than supplants the noncategorical funds and other categorical funds provided by the school district to the attendance centers.

(d) Any funds made available under this subsection that by reason of the provisions of this subsection are not required to be allocated and provided to attendance centers may be used and appropriated by the board of the district for any lawful school purpose.

(e) Funds received by an attendance center pursuant to this subsection shall be used by the attendance center at the discretion of the principal and local school council for programs to improve educational opportunities at qualifying schools through the following programs and services: early childhood education, reduced class size or improved adult to student classroom ratio, enrichment programs, remedial assistance, attendance improvement, and other educationally beneficial expenditures which supplement the regular and basic programs as determined by the State Board of Education. Funds provided shall not be expended for any political or lobbying purposes as defined by board rule.

(f) Each district subject to the provisions of this subdivision (H)(4) shall submit an acceptable plan to meet the educational needs of disadvantaged children, in compliance with the requirements of this paragraph, to the State Board of Education prior to July 15 of each year. This plan shall be consistent with the decisions of local school councils concerning the school expenditure plans developed in accordance with part 4 of Section 34-2.3. The State Board shall approve or reject the plan within 60 days after its submission. If the plan is rejected, the district shall give written notice of intent to modify the plan within 15 days of the notification of rejection and then submit a modified plan within 30 days after the date of the written notice of intent to modify. Districts may amend approved plans pursuant to rules promulgated by the State Board of Education.

Upon notification by the State Board of Education that the district has not submitted a plan prior to July 15 or a modified plan within the time period specified herein, the State aid funds affected by that plan or modified plan shall be withheld by the State Board of Education until a plan or modified plan is submitted.

If the district fails to distribute State aid to attendance centers in accordance with an approved plan, the plan for the following year shall allocate funds, in addition to the funds otherwise required by this subsection, to those attendance centers which were underfunded during the previous year in amounts equal to such underfunding.

For purposes of determining compliance with this subsection in relation to the requirements of attendance center funding, each district subject to the provisions of this subsection shall submit as a separate document by December 1 of each year a report of expenditure data for the prior year in addition to any modification of its current plan. If it is determined that there has been a failure to comply with the expenditure provisions of this subsection regarding contravention or supplanting, the State Superintendent of Education shall, within 60 days of receipt of the report, notify the district and any affected local school council. The district shall, within 45 days of receipt of that notification, inform the State Superintendent of Education of the remedial or corrective action to be taken, whether by amendment of the current plan, if feasible, or by adjustment in the plan for the following year. Failure to provide the expenditure report or the notification of remedial or corrective action in a timely manner shall result in a withholding of the affected funds.

The State Board of Education shall promulgate rules and regulations to implement the provisions of this subsection. No funds shall be released under this subdivision (H)(4) to any
district that has not submitted a plan that has been approved by the State Board of Education.

(I) General State Aid for Newly Configured School Districts.

(1) For a new school district formed by combining property included totally within 2 or more previously existing school districts, for its first year of existence the general State aid and supplemental general State aid calculated under this Section shall be computed for the new district and for the previously existing districts for which property is totally included within the new district. If the computation on the basis of the previously existing districts is greater, a supplementary payment equal to the difference shall be made for the first 4 years of existence of the new district.

(2) For a school district which annexes all of the territory of one or more entire other school districts, for the first year during which the change of boundaries attributable to such annexation becomes effective for all purposes as determined under Section 7-9 or 7A-8, the general State aid and supplemental general State aid calculated under this Section shall be computed for the annexing district as constituted after the annexation and for the annexing and each annexed district as constituted prior to the annexation; and if the computation on the basis of the annexing and annexed districts as constituted prior to the annexation is greater, a supplementary payment equal to the difference shall be made for the first 4 years of existence of the annexing school district as constituted upon such annexation.

(3) For 2 or more school districts which annex all of the territory of one or more entire other school districts, and for 2 or more community unit districts which result upon the division (pursuant to petition under Section 11A-2) of one or more other unit school districts into 2 or more parts and which together include all of the parts into which such other unit school district or districts are so divided, for the first year during which the change of boundaries attributable to such annexation or division becomes effective for all purposes as determined under Section 7-9 or 11A-10, as the case may be, the general State aid and supplemental general State aid calculated under this Section shall be computed for each annexing or resulting district as constituted after the annexation or division and for each annexing and annexed district, or for each resulting and divided district, as constituted prior to the annexation or division; and if the aggregate of the general State aid and supplemental general State aid as so computed for the annexing or resulting districts as constituted after the annexation or division is less than the aggregate of the general State aid and supplemental general State aid as so computed for the annexing and annexed districts, or for the resulting and divided districts, as constituted prior to the annexation or division, then a supplementary payment equal to the difference shall be made and allocated between or among the annexing or resulting districts, as constituted upon such annexation or division, for the first 4 years of their existence. The total difference payment shall be allocated between or among the annexing or resulting districts in the same ratio as the pupil enrollment from that portion of the annexed or divided district or districts which is annexed to or included in each such annexing or resulting district bears to the total pupil enrollment from the entire annexed or divided district or districts, as such pupil enrollment is determined for the school year last ending prior to the date when the change of boundaries attributable to the annexation or division becomes effective for all purposes. The amount of the total difference payment and the amount thereof to be allocated to the annexing or resulting districts shall be computed by the State Board of Education on the basis of pupil enrollment and other data which shall be certified to the State Board of Education, on forms which it shall provide for that purpose, by the regional superintendent of schools for each educational service region in which the annexing and annexed districts, or resulting and divided districts are located.

(3.5) Claims for financial assistance under this subsection (I) shall not be recomputed except as expressly provided under this Section.

(2) If, as provided in paragraph (1) of this subsection (J), a school district is to receive aggregate general State aid in combination with supplemental general State aid under this Section for the 1998-99 school year and any subsequent school year that in any such school year is less than the amount of the aggregate general State aid entitlement that the district received for the 1997-98 school year, the school district shall also receive, from a separate appropriation made for purposes of this subsection (J), a supplementary payment that is equal to the amount of the difference in the aggregate State aid figures as described in paragraph (1).

(K) Grants to Laboratory and Alternative Schools.

In calculating the amount to be paid to the governing board of a public university that operates a laboratory school under this Section or to any alternative school that is operated by a regional superintendent of schools, the State Board of Education shall require by rule such reporting requirements as it deems necessary.

A laboratory school may not have more than 1,000 students, excluding students with disabilities in a special education program.

As used in this Section, "alternative school" means a public school which is created and operated by a Regional Superintendent of Schools and approved by the State Board of Education. Such alternative schools may offer courses of instruction for which credit is given in regular school programs, courses to prepare students for the high school equivalency testing program or vocational and occupational training. A regional superintendent of schools may contract with a school district or a public community college district to operate an alternative school. An alternative school serving more than one educational service region may be established by the regional superintendents of schools of the affected educational service regions. An alternative school serving more than one educational service region may be operated under such terms as the regional superintendents of schools of those educational service regions may agree.

Each laboratory and alternative school shall file, on forms provided by the State Superintendent of Education, an annual State aid claim which states the Average Daily Attendance of the school's students by month. The best 3 months' Average Daily Attendance shall be computed for each school. The general State aid entitlement shall be computed by multiplying the applicable Average Daily Attendance by the Foundation Level as determined under this Section.

(L) Payments, Additional Grants in Aid and Other Requirements.

(1) For a school district operating under the financial supervision of an Authority created under Article 34A, the general State aid otherwise payable to that district under this Section, but not the supplemental general State aid, shall be reduced by an amount equal to the budget for the operations of the Authority as certified by the Authority to the State Board of Education, and an amount equal to such reduction shall be paid to the Authority created for such district for its operating expenses in the manner provided in Section 18-11. The remainder of general State school aid for any such district shall be paid in accordance with Article 34A when that Article provides for a disposition other than that provided by this Article.

A motor vehicle dealer, if it has not suffered any loss of money or property, may obtain permanent equitable relief if it can be shown that the unfair act or practice may have the effect of causing such loss of money or property. Where the franchisee or dealer substantially prevails the court or arbitration panel or Motor Vehicle Review Board shall award attorney's fees and assess costs, including expert witness fees and other expenses incurred by the dealer in the litigation, so long as such fees and costs are reasonable, against the opposing party. Moreover, for the purposes of the award of attorney's fees, expert witness fees, and costs whenever the franchisee or dealer is seeking injunctive or other relief, the franchisee or dealer may be considered to have prevailed when a judgment is entered in its favor, when a final administrative decision is entered in its favor and affirmed, if subject to judicial review, when a consent order is entered into, or when the manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division, wholesale branch or division, or any officer, agent or other representative thereof ceases the conduct, act or practice which is alleged to be in violation of any
Section of this Act.

The changes to this Section made by this amendatory Act of the 92nd General Assembly (i) apply only to causes of action accruing on or after its effective date and (ii) are intended to provide only an additional venue for dispute resolution without changing any substantive rights under this Act.

(815 ILCS 710/29)

Sec. 29. Procedures for hearing on protest. Upon receipt of a timely notice of protest filed with the Motor Vehicle Review Board under paragraph (e) of subsection (d) or paragraph (6), (8), or (10) of subsection (c) of Section 4, 5, 6, 7, 9, 10.1, 11, or and Section 12 of this Act, the Motor Vehicle Review Board shall enter an order fixing a date (within 60 days of the date of the order), time, the place of a hearing and send by certified mail, return receipt requested, a copy of the order to the manufacturer and the objecting dealer or dealers. Subject to Section 10-20 of the Illinois Administrative Procedure Act, the Board shall designate a hearing officer who shall conduct the hearing. All administrative hearing officers shall be attorneys licensed to practice law in this State.

At the time and place fixed in the Board's order, the Board or its duly authorized agent, the hearing officer, shall proceed to hear the protest, and all parties to the protest shall be afforded an opportunity to present in person or by counsel, statements, testimony, evidence, and argument as may be pertinent to the issues. The hearing officer may continue the hearing date by agreement of the parties, or upon a finding of good cause, but in no event shall the hearing be rescheduled more than 90 days after the Board's initial order.

Upon any hearing, the Board or its duly authorized agent, the hearing officer, may administer oaths to witnesses and issue subpoenas for the attendance of witnesses or other persons and the production of relevant documents, records, and other evidence and may require examination thereon. For purposes of discovery, the Board or its designated hearing officer may, if deemed appropriate and proper under the circumstances, authorize the parties to engage in such discovery procedures as are provided for in civil actions in Section 2-1003 of the Code of Civil Procedure. Discovery shall be completed no later than 15 days prior to commencement of the proceeding or hearing. Enforcement of discovery procedures shall be as provided in the regulations. Subpoenas issued shall be served in the same manner as subpoenas issued out of the circuit courts. The fees of subpoenaed witnesses under this Act for attendance and travel shall be the same as fees of witnesses before the circuit courts of this State, such fees to be paid when the witness is excused from further attendance, provided the witness is subpoenaed at the instance of the Board or an agent authorized by the Board; and payment of fees shall be made and audited in the same manner as other expenses of the Board. Whenever a subpoena is issued at the request of a party to a proceeding, complainant, or respondent, as the case may be, the Board may require that the cost of service of the subpoena and the fee of same shall be borne by the party at whose instance the witness is summoned, and the Board shall have power, in its discretion, to require a deposit to cover the cost of service and witness fees and the payment of the legal witness fee and mileage to the witness served with the subpoena. In any protest before the Board, the Board or its designated hearing officer may order a mandatory settlement conference. The failure of a party to appear, to be prepared, or to have authority to settle the matter may result in any or all of the following:

New matter indicated by italics - deletions by strikeout.
(a) The Board or its designated hearing officer may suspend all proceedings before the Board in the matter until compliance.

(b) The Board or its designated hearing officer may dismiss the proceedings or any part thereof before the Board with or without prejudice.

(c) The Board or its designated hearing officer may require all of the Board's costs to be paid by the party at fault.

Any circuit court of this State, upon application of the Board, or an officer or agent designated by the Board for the purpose of conducting any hearing, may, in its discretion, compel the attendance of witnesses, the production of books, papers, accounts, or documents, and giving of testimony before the Board or before any officer or agent designated for the purpose of conducting the hearing. Failure to obey the order may be punished by the circuit court as contempt.

A party may conduct cross-examination required for a full and fair disclosure of the facts.

Within 20 days of the date of the hearing, the hearing officer shall issue his or her proposed decision to the Board and shall, by certified mail, return receipt requested, serve the proposed decision upon the parties, with an opportunity afforded to each party to file exceptions and present a brief to the Board within 10 days of their receipt of the proposed decision. The proposed decision shall contain a statement of the reasons for the decision and each issue of fact or law necessary to the proposed decision. The Board shall then issue its final order which, if applicable, shall include the award of attorney's fees, expert witness fees, and an assessment of costs, including other expenses incurred in the litigation, if permitted under this Act, so long as such fees and costs are reasonable.

In a hearing on a protest filed under paragraph (6) of subsection (d) or paragraph (6), (8), or (10), or (11) of Section 4 or Section 12 of this Act, the manufacturer shall have the burden of proof to establish that there is good cause for the franchiser to: grant or establish an additional franchise or relocate an existing franchise; cancel, terminate, refuse to extend or renew a franchise or selling agreement; or change or modify the obligations of the motor vehicle dealer as a condition to offering a renewal, replacement, or succeeding franchise or selling agreement or refuse to honor succession to ownership or refuse to approve a proposed transfer or sale. The determination whether good cause exists shall be made under Section 12 of this Act.

The Board shall record the testimony and preserve a record of all proceedings at the hearing by proper means of recordation. The notice required to be given by the manufacturer and notice of protest by the dealer or other party, the notice of hearing, and all other documents in the nature of pleadings, motions, and rulings, all evidence, offers of proof, objections, and rulings thereon, the transcript of testimony, the report of findings or proposed decision of the hearing officer, and the orders of the Board shall constitute the record of the proceedings. The Board shall furnish a transcript of the record to any person interested in the hearing upon payment of the actual cost thereof.

New matter indicated by italics - deletions by strikeout.
Sec. 13. Waste fees.

(a) The Department shall collect a fee from each generator of low-level radioactive wastes in this State. Except as provided in subsections (b), (c), and (d), the amount of the fee shall be $50.00 or the following amount, whichever is greater:

1. $1 per cubic foot of waste shipped for storage, treatment or disposal if storage of the waste for shipment occurred prior to September 7, 1984;
2. $2 per cubic foot of waste stored for shipment if storage of the waste occurs on or after September 7, 1984, but prior to October 1, 1985;
3. $3 per cubic foot of waste stored for shipment if storage of the waste occurs on or after October 1, 1985;
4. $2 per cubic foot of waste shipped for storage, treatment or disposal if storage of the waste for shipment occurs on or after September 7, 1984 but prior to October 1, 1985, provided that no fee has been collected previously for storage of the waste;
5. $3 per cubic foot of waste shipped for storage, treatment or disposal if storage of the waste for shipment occurs on or after October 1, 1985, provided that no fees have been collected previously for storage of the waste.

Such fees shall be collected annually or as determined by the Department and shall be deposited in the low-level radioactive waste funds as provided in Section 14 of this Act. Notwithstanding any other provision of this Act, no fee under this Section shall be collected from a generator for waste generated incident to manufacturing before December 31, 1980, and shipped for disposal outside of this State before December 31, 1992, as part of a site reclamation leading to license termination.

(b) Each nuclear power reactor in this State for which an operating license has been issued by the Nuclear Regulatory Commission shall not be subject to the fee required by subsection (a) with respect to (1) waste stored for shipment if storage of the waste occurs on or after January 1, 1986; and (2) waste shipped for storage, treatment or disposal if storage of the waste for shipment occurs on or after January 1, 1986. In lieu of the fee, each reactor shall be required to pay an annual fee as provided in this subsection of $90,000 for the treatment, storage and disposal of low-level radioactive waste. Beginning with State fiscal year 1986 and through State fiscal year 1997, fees shall be due and payable on January 1st of each year. For State fiscal year 1998 and all subsequent State fiscal years, fees shall be due and payable on July 1 of each fiscal year. The fee due on July 1, 1997 shall be payable on that date, or within 10 days after the effective date of this amendatory Act of 1997, whichever is later.

After September 15, 1987, for each nuclear power reactor for which an operating license is issued after January 1, the owner of each such reactor shall be required to pay for the year in which the operating license is issued a prorated fee equal to $246.57 multiplied by the number of days in the year during which the nuclear power reactor will be licensed. The prorated fee shall be due and payable 30 days after the operating license is issued.

The owner of any nuclear power reactor that has an operating license issued by the Nuclear Regulatory Commission for any portion of State fiscal year 1998 shall continue to pay an annual fee of $90,000 for the treatment, storage, and disposal of low-level radioactive waste through State fiscal year 2002. The fee shall be due and payable on July 1 of each fiscal year. The fee due on July 1, 1998 shall be payable on that date, or within 10 days after the effective date of this amendatory Act of 1998, whichever is later. If the balance in the Low-Level Radioactive Waste Facility Development and Operation Fund falls below $500,000, as of the end of any fiscal year after fiscal year 2002, the Department is authorized to assess by rule, after notice and a hearing, an additional annual fee to be paid by the owners of nuclear power reactors for which operating licenses have been issued by the Nuclear Regulatory Commission. The additional annual fee shall be payable on the date or dates specified by rule and shall not exceed $30,000 per operating reactor per year.

(c) In each of State fiscal years 1988, 1989 and 1990, in addition to the fee imposed in subsections (b) and (d), the owner of each nuclear power reactor in this State for which an operating license has been issued by the Nuclear Regulatory Commission shall pay a fee of $408,000. If an operating license is issued during one of those 3 fiscal years, the owner shall pay a prorated amount of the fee equal to $1,117.80 multiplied by the number of days in the fiscal year during which the nuclear power reactor was licensed.

New matter indicated by italics - deletions by strikeout.
The fee shall be due and payable as follows: in fiscal year 1988, $204,000 shall be paid on October 1, 1987 and $102,000 shall be paid on each of January 1, 1988 and April 1, 1988; in fiscal year 1989, $102,000 shall be paid on each of July 1, 1988, October 1, 1988, January 1, 1989 and April 1, 1989; and in fiscal year 1990, $102,000 shall be paid on each of July 1, 1989, October 1, 1989, January 1, 1990 and April 1, 1990. If the operating license is issued during one of the 3 fiscal years, the owner shall be subject to those payment dates, and their corresponding amounts, on which the owner possesses an operating license and, on June 30 of the fiscal year of issuance of the license, whatever amount of the prorated fee remains outstanding.

All of the amounts collected by the Department under this subsection (c) shall be deposited into the Low-Level Radioactive Waste Facility Development and Operation Fund created under subsection (a) of Section 14 of this Act and expended, subject to appropriation, for the purposes provided in that subsection.

(d) In addition to the fees imposed in subsections (b) and (c), the owners of nuclear power reactors in this State for which operating licenses have been issued by the Nuclear Regulatory Commission shall pay the following fees for each such nuclear power reactor: for State fiscal year 1989, $325,000 payable on October 1, 1988, $162,500 payable on January 1, 1989, and $162,500 payable on April 1, 1989; for State fiscal year 1990, $162,500 payable on July 1, $300,000 payable on October 1, $300,000 payable on January 1 and $300,000 payable on April 1; for State fiscal year 1991, either (1) $150,000 payable on July 1, $650,000 payable on September 1, $675,000 payable on January 1, and $275,000 payable on April 1, or (2) $150,000 on July 1, $130,000 on the first day of each month from August through December, $225,000 on the first day of each month from January through March and $92,000 on the first day of each month from April through June; for State fiscal year 1992, $260,000 payable on July 1, $900,000 payable on September 1, $300,000 payable on October 1, $150,000 payable on January 1, and $100,000 payable on April 1; for State fiscal year 1993, $100,000 payable on July 1, $230,000 payable on August 1 or within 10 days after July 31, 1992, whichever is later, and $355,000 payable on October 1; for State fiscal year 1994, $100,000 payable on July 1, $75,000 payable on October 1 and $75,000 payable on April 1; for State fiscal year 1995, $100,000 payable on July 1, $75,000 payable on October 1, and $75,000 payable on April 1, for State fiscal year 1996, $100,000 payable on July 1, $75,000 payable on October 1, and $75,000 payable on April 1. The owner of any nuclear power reactor that has an operating license issued by the Nuclear Regulatory Commission for any portion of State fiscal year 1998 shall pay an annual fee of $30,000 through State fiscal year 2003. For State fiscal year 2004 and subsequent fiscal years, the owner of any nuclear power reactor that has an operating license issued by the Nuclear Regulatory Commission shall pay an annual fee of $30,000 per reactor, provided that the fee shall not apply to a nuclear power reactor with regard to which the owner notified the Nuclear Regulatory Commission during State fiscal year 1998 that the nuclear power reactor permanently ceased operations. The fee shall be due and payable on July 1 of each fiscal year. The fee due on July 1, 1998 shall be payable on that date, or within 10 days after the effective date of this amendatory Act of 1998, whichever is later. The fee due on July 1, 1997 shall be payable on that date or within 10 days after the effective date of this amendatory Act of 1997, whichever is later. If the payments under this subsection for fiscal year 1993 due on January 1, 1993, or on April 1, 1993, or both, were due before the effective date of this amendatory Act of the 87th General Assembly, then those payments are waived and need not be made.

All of the amounts collected by the Department under this subsection (d) shall be deposited into the Low-Level Radioactive Waste Facility Development and Operation Fund created pursuant to subsection (a) of Section 14 of this Act and expended, subject to appropriation, for the purposes provided in that subsection.

All payments made by licensees under this subsection (d) for fiscal year 1992 that are not appropriated and obligated by the Department above $1,750,000 per reactor in fiscal year 1992, shall be credited to the licensees making the payments to reduce the per reactor fees required under this subsection (d) for fiscal year 1993.

(e) The Department shall promulgate rules and regulations establishing standards for the collection of the fees authorized by this Section. The regulations shall include, but need not be limited to:

(1) the records necessary to identify the amounts of low-level radioactive wastes
produced;
(2) the form and submission of reports to accompany the payment of fees to the Department; and
(3) the time and manner of payment of fees to the Department, which payments shall not be more frequent than quarterly.

(f) Any operating agreement entered into under subsection (b) of Section 5 of this Act between the Department and any disposal facility contractor shall, subject to the provisions of this Act, authorize the contractor to impose upon and collect from persons using the disposal facility fees designed and set at levels reasonably calculated to produce sufficient revenues (1) to pay all costs and expenses properly incurred or accrued in connection with, and properly allocated to, performance of the contractor's obligations under the operating agreement, and (2) to provide reasonable and appropriate compensation or profit to the contractor under the operating agreement. For purposes of this subsection (f), the term "costs and expenses" may include, without limitation, (i) direct and indirect costs and expenses for labor, services, equipment, materials, insurance and other risk management costs, interest and other financing charges, and taxes or fees in lieu of taxes; (ii) payments to or required by the United States, the State of Illinois or any agency or department thereof, the Central Midwest Interstate Low-Level Radioactive Waste Compact, and subject to the provisions of this Act, any unit of local government; (iii) amortization of capitalized costs with respect to the disposal facility and its development, including any capitalized reserves; and (iv) payments with respect to reserves, accounts, escrows or trust funds required by law or otherwise provided for under the operating agreement.

(j-5) Prior to commencement of facility operations, the Department shall adopt rules providing for the establishment and collection of fees and charges with respect to the use of the disposal facility as provided in subsection (f) of this Section.

(k) The regional disposal facility shall be subject to ad valorem real estate taxes lawfully imposed by units of local government and school districts with jurisdiction over the facility. No other local government tax, surtax, fee or other charge on activities at the regional disposal facility shall be allowed except as authorized by the Department.

(l) The Department shall have the power, in the event that acceptance of waste for disposal at the regional disposal facility is suspended, delayed or interrupted, to impose emergency fees on the generators of low-level radioactive waste. The Department shall deposit all of the receipts of any fees collected under this subsection into the Low-Level Radioactive Waste Facility Development and Operation Fund created under subsection (b) of Section 14. Emergency fees may be used to mitigate the impacts of the suspension or interruption of acceptance of waste for disposal. The requirements for rulemaking in the Illinois Administrative Procedure Act shall not apply to the imposition of emergency fees under this subsection.

(m) The Department shall promulgate any other rules and regulations as may be necessary to implement this Section.

2. monitoring, inspecting, and other procedures required for the proper closure, decommissioning, and post-closure care of the regional disposal facility;
3. taking any remedial actions necessary to protect human health and the environment from releases or threatened releases of wastes from the regional disposal facility;
4. the purchase of facility and third-party liability insurance necessary during the institutional control period of the regional disposal facility;
5. mitigating the impacts of the suspension or interruption of the acceptance of waste for disposal;
6. compensating any person suffering any damages or losses to a person or property caused by a release from the regional disposal facility as provided for in Section 15; and
7. fulfillment of obligations under a community agreement under Section 12.1.

On or before March 1 of each year, the Department shall deliver to the Governor, the
President and Minority Leader of the Senate, the Speaker and Minority Leader of the House, and each of the generators that have contributed during the preceding State fiscal year to the Fund a financial statement, certified and verified by the Director, which details all receipts and expenditures from the Fund during the preceding State fiscal year. PUBLIC ACT 92-0278
(Senate Bill No. 0298)

AN ACT concerning taxation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Property Tax Code is amended by adding Division 4 to Article 11 and by adding Sections 11-130, 11-135, 11-140, 11-145, 11-150, 11-155, 11-160, 11-165, and 11-170 as follows:

(35 ILCS 200/Art. 11, Div. 4 heading new)

DIVISION 4. REGIONAL WATER TREATMENT FACILITIES

(35 ILCS 200/11-130 new)

Sec. 11-130. Legislative findings. The General Assembly finds that it is the policy of this State to ensure and encourage the availability of safe potable water for our cities, villages, towns, and rural residents and that it has become increasingly difficult and cost prohibitive for smaller cities, towns, and villages to construct, maintain, or operate, to current standards, water treatment facilities. It is the further finding of the General Assembly that regional treatment facilities capable of supplying several cities, villages, towns, public water districts, public water commissions, and rural water companies with treated water offer a viable economic solution to this concern and it should be the policy of the State to encourage the construction and operation of regional water treatment facilities capable of providing treated, potable water to cities, villages, towns, public water districts, public water commissions, and rural water companies, thereby relieving the burden on those entities and their citizens from constructing and maintaining their own individual treatment facilities.

(35 ILCS 200/11-135 new)

Sec. 11-135. Definitions. For purposes of this Division 4:
"Department" means the Illinois Department of Revenue.
"Not for profit corporation" means an Illinois corporation organized and existing under the General Not For Profit Corporation Act of 1986 in good standing with the State and having been granted status as an exempt organization under Section 501(c) of the Internal Revenue Code, or any successor or similar provision of the Internal Revenue Code.
"Public water district" means a water district organized and existing under the Public Water District Act.
"Qualifying water treatment facility" means a water treatment facility that is owned by a not for profit corporation whose members consist exclusively of one or more incorporated city, village, or town of this State, and any number of public water districts, any number of public water
commissions, or any number of rural water companies and that sells potable water to the corporation’s members on a mutual or cooperative and not for profit basis.

"Rural water company" means a not for profit corporation whose primary purpose is to own, maintain, and operate a potable water distribution system distributing water to residences, farms, or businesses exclusively in the State of Illinois and not otherwise served by any city, village, town, public water district, or public water commission.

"Water treatment facility" means a plant or facility whose primary function is to treat raw water and to produce potable water for distribution, together with all other real and personal property reasonably necessary to collect, treat, or distribute the water.

(35 ILCS 200/11-140 new)
Sec. 11-140. Valuation policy. Qualifying water treatment facilities shall be valued for purposes of computing the assessed valuation on the basis of 33 1/3% of the fair cash value.

(35 ILCS 200/11-145 new)
Sec. 11-145. Method of valuation for qualifying water treatment facilities. To determine 33 1/3% of the fair cash value of any qualifying water treatment facility in assessing the facility, the Department shall take into consideration the probable net value that could be realized by the owner if the facility were removed and sold at a fair, voluntary sale, giving due account to the expense of removal, site restoration, and transportation. The net value shall be considered to be 33 1/3% of fair cash value.

(35 ILCS 200/11-150 new)
Sec. 11-150. Exclusion of for-profit water treatment facilities. In no event shall the valuation set forth in this Division 4 be available to a water treatment facility that sells water "for profit".

(35 ILCS 200/11-155 new)
Sec. 11-155. Certification and assessment authority. For tax purposes, a qualifying water treatment facility shall be certified as such by the Director of Natural Resources and shall be assessed by the Department of Revenue.

(35 ILCS 200/11-160 new)
Sec. 11-160. Approval procedure. Application for approval as a qualifying water treatment facility shall be filed with the Department of Natural Resources in the manner and form prescribed by the Director of National Resources. The application shall contain appropriate and available descriptive information concerning anything claimed to be entitled to tax treatment as defined in this Division 4. If it is found that the facility meets the definition, the Director of Natural Resources, or his or her duly authorized designee, shall enter a finding and issue a certificate that requires tax treatment as a qualifying water treatment facility. The effective date of a certificate shall be on January 1 preceding the date of certification or preceding the date construction or installation of the facility commences, whichever is later.

(35 ILCS 200/11-165 new)
Sec. 11-165. Judicial review; qualifying water treatment facilities. Any applicant or holder aggrieved by the issuance, refusal to issue, denial, revocation, modification, or restriction of a qualifying water treatment facility certificate may appeal the finding and order of the Department of Natural Resources under the Administrative Review Law.

(35 ILCS 200/11-170 new)
Sec. 11-170. Procedures for assessment; qualifying water treatment facilities. Proceedings for assessment or reassessment of property certified to be a qualifying water treatment facility shall be conducted in accordance with procedural rules adopted by the Department, in conformity with this Code.

Section 99. Effective date. This Act takes effect on January 1, 2002.
Effective January 1, 2002.

PUBLIC ACT 92-0279
(Senate Bill No. 0372)

AN ACT concerning environmental protection.

New matter indicated by italics - deletions by strikeout.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Environmental Protection Act is amended by changing Section 9.9 and adding
Section 9.10 as follows:
(415 ILCS 5/9.9)
Sec. 9.9. Nitrogen oxides trading system.
(a) The General Assembly finds:
(1) That USEPA has issued a Final Rule published in the Federal Register on October 27,
1998, entitled “Finding of Significant Contribution and Rulemaking for Certain States in the
Ozone Transport Assessment Group Region for Purposes of Reducing Regional Transport of
Ozone”, hereinafter referred to as the "NOx SIP Call", compliance with which will require
reducing emissions of nitrogen oxides ("NOx");
(2) That reducing emissions of NOx in the State helps the State to meet the national
ambient air quality standard for ozone;
(3) That emissions trading is a cost-effective means of obtaining reductions of NOx
emissions.
(b) The Agency shall propose and the Board shall adopt regulations to implement an interstate
NOx trading program (hereinafter referred to as the "NOx Trading Program") as provided for in 40
CFR Part 96, including incorporation by reference of appropriate provisions of 40 CFR Part 96 and
regulations to address 40 CFR Section 96.4(b), Section 96.55(c), Subpart E, and Subpart I. In addition,
the Agency shall propose and the Board shall adopt regulations to implement NOx emission reduction
programs for cement kilns and stationary internal combustion engines.
(c) Allocations of NOx allowances to large electric generating units ("EGUs") and large
non-electric generating units ("non-EGUs"), as defined by 40 CFR Part 96.4(a), shall not exceed the
State's trading budget for those source categories to be included in the State Implementation Plan for
NOx.
(d) In adopting regulations to implement the NOx Trading Program, the Board shall:
(1) assure that the economic impact and technical feasibility of NOx emissions reductions
under the NOx Trading Program are considered relative to the traditional regulatory control
requirements in the State for EGUs and non-EGUs;
(2) provide that emission units, as defined in Section 39.5(1) of this Act, may opt into the
NOx Trading Program;
(3) provide for voluntary reductions of NOx emissions from emission units, as defined
in Section 39.5(1) of this Act, not otherwise included under paragraph (c) or (d)(2) of this
Section to provide additional allowances to EGUs and non-EGUs to be allocated by the
Agency. The regulations shall further provide that such voluntary reductions are verifiable,
quantifiable, permanent, and federally enforceable;
(4) provide that the Agency allocate to non-EGUs allowances that are designated in the
rule, unless the Agency has been directed to transfer the allocations to another unit subject to
the requirements of the NOx Trading Program, and that upon shutdown of a non-EGU, the
unit may transfer or sell the NOx allowances that are allocated to such unit; and
(5) provide that the Agency shall set aside annually a number of allowances, not to exceed
5% of the total EGU trading budget, to be made available to new EGUs.
(A) Those EGUs that commence commercial operation, as defined in 40 CFR Section
96.2, at a time that is more than half way through the control period in 2003 shall
return to the Agency any allowances that were issued to it by the Agency and were not
used for compliance in 2004.
(B) The Agency may charge EGUs that commence commercial operation, as defined
in 40 CFR Section 96.2, on or after January 1, 2003, for the allowances it issues to them.
(e) The Agency may adopt procedural rules, as necessary, to implement the regulations
promulgated by the Board pursuant to subsections (b) and (d) and to implement subsection (i) of this
Section.
(f) Notwithstanding any provisions in subparts T, U, and W of Section 217 of Title 35 of the
Illinois Administrative Code to the contrary, compliance with the regulations promulgated by the
Board pursuant to subsections (b) and (d) of this Section is required by May 31, 2004. The regulations
promulgated by the Board pursuant to subsections (b) and (d) of this Section shall not be enforced

New matter indicated by italics - deletions by strikeout.
until the later of May 1, 2003, or the first day of the control season subsequent to the calendar year
in which all of the other states subject to the provisions of the NOx SIP Call that are located in USEPA
Region V or that are contiguous to Illinois have adopted regulations to implement NOx trading
programs and other required reductions of NOx emissions pursuant to the NOx SIP Call, and such
regulations have received final approval by USEPA as part of the respective states' SIPs for ozone;
or a final FIP for ozone promulgated by USEPA is effective for such other states.

(g) To the extent that a court of competent jurisdiction finds a provision of 40 CFR Part 96
invalid, the corresponding Illinois provision shall be stayed until such provision of 40 CFR Part 96
is found to be valid or is re-promulgated. To the extent that USEPA or any court of competent
jurisdiction stays the applicability of any provision of the NOx SIP Call to any person or circumstance
relating to Illinois, during the period of that stay, the effectiveness of the corresponding Illinois
provision shall be stayed. To the extent that the invalidity of the particular requirement or application
does not affect other provisions or applications of the NOx SIP Call pursuant to 40 CFR 51.121 or the
NOx trading program pursuant to 40 CFR Part 96 or 40 CFR Part 97, this Section, and rules or
regulations promulgated hereunder, will be given effect without the invalid provisions or applications.

(h) Notwithstanding any other provision of this Act, any source or other authorized person
that participates in the NOx Trading Program shall be eligible to exchange NOx allowances with other
sources in accordance with this Section and with regulations promulgated by the Board or the Agency.

(i) There is hereby created within the State Treasury an interest-bearing special fund to be
known as the NOx Trading System Fund, which shall be used and administered by the Agency for the
purposes stated below:

1. To accept funds from persons who purchase NOx allowances from the Agency;
2. To disburse the proceeds of the NOx allowances sales pro-rata to the owners or
operators of the EGUs that received allowances from the Agency but not from the Agency's
set-aside, in accordance with regulations that may be promulgated by the Agency; and
3. To finance the reasonable costs incurred by the Agency in the administration of the
NOx Trading System.

415 ILCS 5/9.10 new
Sec. 9.10. Fossil fuel-fired electric generating plants.
(a) The General Assembly finds and declares that:

1. fossil fuel-fired electric generating plants are a significant source of air emissions in
this State and have become the subject of a number of important new studies of their effects
on the public health;
2. existing state and federal policies, that allow older plants that meet federal standards
to operate without meeting the more stringent requirements applicable to new plants, are
being questioned on the basis of their environmental impacts and the economic distortions
such policies cause in a deregulated energy market;
3. fossil fuel-fired electric generating plants are, or may be, affected by a number of
regulatory programs, some of which are under review or development on the state and
national levels, and to a certain extent the international level, including the federal acid rain
program, tropospheric ozone, mercury and other hazardous pollutant control requirements,
regional haze, and global warming;
4. scientific uncertainty regarding the formation of certain components of regional haze
and the air quality modeling that predict impacts of control measures requires careful
consideration of the timing of the control of some of the pollutants from these facilities,
particularly sulfur dioxides and nitrogen oxides that each interact with ammonia and other
substances in the atmosphere;
5. the development of energy policies to promote a safe, sufficient, reliable, and
affordable energy supply on the state and national levels is being affected by the on-going
deregulation of the power generation industry and the evolving energy markets;
6. the Governor's formation of an Energy Cabinet and the development of a State energy
policy calls for actions by the Agency and the Board that are in harmony with the energy
needs and policy of the State, while protecting the public health and the environment;
7. Illinois coal is an abundant resource and an important component of Illinois' economy

New matter indicated by italics - deletions by strikeout.
whose use should be encouraged to the greatest extent possible consistent with protecting the public health and the environment;

(8) renewable forms of energy should be promoted as an important element of the energy and environmental policies of the State and that it is a goal of the State that at least 5% of the State's energy production and use be derived from renewable forms of energy by 2010 and at least 15% from renewable forms of energy by 2020;

(9) efforts on the state and federal levels are underway to consider the multiple environmental regulations affecting electric generating plants in order to improve the ability of government and the affected industry to engage in effective planning through the use of multi-pollutant strategies; and

(10) these issues, taken together, call for a comprehensive review of the impact of these facilities on the public health, considering also the energy supply, reliability, and costs, the role of renewable forms of energy, and the developments in federal law and regulations that may affect any state actions, prior to making final decisions in Illinois.

(b) Taking into account the findings and declarations of the General Assembly contained in subsection (a) of this Section, the Agency shall, before September 30, 2004, but not before September 30, 2003, issue to the House and Senate Committees on Environment and Energy findings that address the potential need for the control or reduction of emissions from fossil fuel-fired electric generating plants, including the following provisions:

(1) reduction of nitrogen oxide emissions, as appropriate, with consideration of maximum annual emissions rate limits or establishment of an emissions trading program and with consideration of the developments in federal law and regulations that may affect any State action, prior to making final decisions in Illinois;

(2) reduction of sulfur dioxide emissions, as appropriate, with consideration of maximum annual emissions rate limits or establishment of an emissions trading program and with consideration of the developments in federal law and regulations that may affect any State action, prior to making final decisions in Illinois;

(3) incentives to promote renewable sources of energy consistent with item (8) of subsection (a) of this Section;

(4) reduction of mercury as appropriate, consideration of the availability of control technology, industry practice requirements, or incentive programs, or some combination of these approaches that are sufficient to prevent unacceptable local impacts from individual facilities and with consideration of the developments in federal law and regulations that may affect any State action, prior to making final decisions in Illinois; and

(5) establishment of a banking system, consistent with the United States Department of Energy's voluntary reporting system, for certifying credits for voluntary offsets of emissions of greenhouse gases, as identified by the United States Environmental Protection Agency, or other voluntary reductions of greenhouse gases. Such reduction efforts may include, but are not limited to, carbon sequestration, technology-based control measures, energy efficiency measures, and the use of renewable energy sources.

The Agency shall consider the impact on the public health, considering also energy supply, reliability and costs, the role of renewable forms of energy, and developments in federal law and regulations that may affect any state actions, prior to making final decisions in Illinois.

(c) Nothing in this Section is intended to or should be interpreted in a manner to limit or restrict the authority of the Illinois Environmental Protection Agency to propose, or the Illinois Pollution Control Board to adopt, any regulations applicable or that may become applicable to the facilities covered by this Section that are required by federal law.

(d) The Agency may file proposed rules with the Board to effectuate its findings provided to the Senate Committee on Environment and Energy and the House Committee on Environment and Energy in accordance with subsection (b) of this Section. Any such proposal shall not be submitted sooner than 90 days after the issuance of the findings provided for in subsection (b) of this Section. The Board shall take action on any such proposal within one year of the Agency's filing of the proposed rules.

(e) This Section shall apply only to those electrical generating units that are subject to the provisions of Subpart W of Part 217 of Title 35 of the Illinois Administrative Code, as promulgated...

Sec. 11. Types of Dental Licenses. The Department shall have the authority to issue the following types of licenses:

(a) General licenses. The Department shall issue a license authorizing practice as a dentist to any person who qualifies for a license under this Act.

(b) Specialty licenses. The Department shall issue a license authorizing practice as a specialist in any particular branch of dentistry to any dentist who has complied with the requirements established for that particular branch of dentistry at the time of making application. The Department shall establish additional requirements of any dentist who announces or holds himself or herself out to the public as a specialist or as being specially qualified in any particular branch of dentistry.

No dentist shall announce or hold himself or herself out to the public as a specialist or as being specially qualified in any particular branch of dentistry unless he or she is licensed to practice in that specialty of dentistry.

The fact that any dentist shall announce by card, letterhead or any other form of communication using terms as "Specialist," "Practice Limited To" or "Limited to Specialty of" with the name of the branch of dentistry practiced as a specialty, or shall use equivalent words or phrases to announce the same, shall be prima facie evidence that the dentist is holding himself or herself out to the public as a specialist.

(c) Temporary training licenses. Persons who wish to pursue specialty or other advanced clinical educational programs in an approved dental school or a hospital situated in this State, or persons who wish to pursue programs of specialty training in dental public health in public agencies in this State, may receive without examination, in the discretion of the Department, a temporary training license. In order to receive a temporary training license under this subsection, an applicant shall furnish satisfactory proof to the Department that:

(1) The applicant is at least 21 years of age and is of good moral character. In determining moral character under this Section, the Department may take into consideration any felony conviction of the applicant, but such a conviction shall not operate as bar to licensure;

(2) The applicant has been accepted or appointed for specialty or residency training by an approved hospital situated in this State, by an approved dental school situated in this State, or by a public health agency in this State the training programs of which are recognized and approved by the Department. The applicant shall indicate the beginning and ending dates of the period for which he or she has been accepted or appointed;

(3) The applicant is a graduate of a dental school or college approved and in good standing in the judgment of the Department. The Department may consider diplomas or certifications of education, or both, accompanied by transcripts of course work and credits.
awarded to determine if an applicant has graduated from a dental school or college approved and in good standing. The Department may also consider diplomas or certifications of education, or both, accompanied by transcripts of course work and credits awarded in determining whether a dental school or college is approved and in good standing.

Temporary training licenses issued under this Section shall be valid only for the duration of the period of residency or specialty training and may be extended or renewed as prescribed by rule. The holder of a valid temporary training license shall be entitled thereby to perform acts as may be prescribed by and incidental to his or her program of residency or specialty training; but he or she shall not be entitled to engage in the practice of dentistry in this State.

A temporary training license may be revoked by the Department upon proof that the holder has engaged in the practice of dentistry in this State outside of his or her program of residency or specialty training, or if the holder shall fail to supply the Department, within 10 days of its request, with information as to his or her current status and activities in his or her specialty training program.

(d) Restricted faculty licenses. Persons who have received full-time appointments to teach dentistry at an approved dental school or hospital situated in this State may receive without examination, in the discretion of the Department, a restricted faculty license. In order to receive a restricted faculty license an applicant shall furnish satisfactory proof to the Department that:
(1) The applicant is at least 21 years of age, is of good moral character and is licensed to practice dentistry in another state or country; and
(2) The applicant has a full-time appointment to teach dentistry at an approved dental school or hospital situated in this State.

Restricted faculty licenses issued under this Section shall be valid only for a period of 2 5 years and may not be extended or renewed. The holder of a valid restricted faculty license may perform acts as may be required prescribed by his or her teaching of dentistry, but may not otherwise engage in the practice of dentistry in this State. In addition, the holder of a restricted faculty license may practice general dentistry or in his or her area of speciality, but only in a clinic or office affiliated with the dental school. Any restricted faculty license issued to a faculty member under this Section shall terminate immediately and automatically, without any further action by the Department, if the holder ceases to be a faculty member at an approved dental school or hospital in this State.

The Department may revoke a restricted faculty license for a violation of this Act or its rules or regulations.

A restricted faculty license may be revoked by the Department upon proof that the holder thereof has engaged in the practice of dentistry in this State outside of his teaching of dentistry, or if the holder fails to supply the Department, within 10 days of its request, with information as to his current status and activities in his teaching program.

(e) Inactive status. Any person who holds one of the licenses under subsection (a) or (b) of Section 11 or under Section 12 of this Act may elect, upon payment of the required fee, to place his or her license on an inactive status and shall, subject to the rules of the Department, be excused from the payment of renewal fees until he or she notifies the Department in writing of his or her desire to resume active status.

Any licensee requesting restoration from inactive status shall be required to pay the current renewal fee and upon payment the Department shall be required to restore his or her license, as provided in Section 16 of this Act.

Any licensee whose license is in an inactive status shall not practice in the State of Illinois.

(f) Certificates of Identification. In addition to the licenses authorized by this Section, the Department shall deliver to each dentist a certificate of identification in a form specified by the Department.

Sec. 45. Advertising. The purpose of this Section is to authorize and regulate the advertisement by dentists of information which is intended to provide the public with a sufficient basis upon which to make an informed selection of dentists while protecting the public from false or misleading advertisements which would detract from the fair and rational selection process.

New matter indicated by italics - deletions by strikeout.
Any dentist may advertise the availability of dental services in the public media or on the
premises where such dental services are rendered. Such advertising shall be limited to the following
information:
(a) The dental services available;
(b) Publication of the dentist's name, title, office hours, address and telephone;
(c) Information pertaining to his or her area of specialization, including appropriate board
certification or limitation of professional practice;
(d) Information on usual and customary fees for routine dental services offered, which
information shall include notification that fees may be adjusted due to complications or unforeseen
circumstances;
(e) Announcement of the opening of, change of, absence from, or return to business;
(f) Announcement of additions to or deletions from professional dental staff;
(g) The issuance of business or appointment cards;
(h) Other information about the dentist, dentist's practice or the types of dental services which
the dentist offers to perform which a reasonable person might regard as relevant in determining
whether to seek the dentist's services. However, any advertisement which announces the availability
of endodontics, pediatric dentistry, periodontics, prosthodontics, orthodontics and dentofacial
orthopedics, oral and maxillofacial surgery, or oral and maxillofacial radiology by a general dentist
or by a licensed specialist who is not licensed in that specialty shall include a disclaimer stating that
the dentist does not hold a license in that specialty.

It is unlawful for any dentist licensed under this Act:
(1) To use testimonials or claims of superior quality of care to entice the public;
(2) To advertise in any way to practice dentistry without causing pain;
(3) To pay a fee to any dental referral service or other third party who advertises a dental
referral service, unless all advertising of the dental referral service makes it clear that dentists
are paying a fee for that referral service; or
(4) To advertise or offer gifts as an inducement to secure dental patronage. Dentists may
advertise or offer free examinations or free dental services; it shall be unlawful, however, for
any dentist to charge a fee to any new patient for any dental service provided at the time that
such free examination or free dental services are provided.

This Act does not authorize the advertising of dental services when the offeror of such
services is not a dentist. Nor shall the dentist use statements which contain false, fraudulent, deceptive
or misleading material or guarantees of success, statements which play upon the vanity or fears of the
public, or statements which promote or produce unfair competition.
A dentist shall be required to keep a copy of all advertisements for a period of 3 years. All
advertisements in the dentist's possession shall indicate the accurate date and place of publication.
The Department shall adopt rules to carry out the intent of this Section.

   (B) the defendant is willing to participate in a court approved plan including but not limited to the defendant's:
      (i) removal from the household;
      (ii) restricted contact with the victim;
      (iii) continued financial support of the family;
      (iv) restitution for harm done to the victim; and
      (v) compliance with any other measures that the court may deem appropriate;

and

(2) the court orders the defendant to pay for the victim's counseling services, to the extent that the court finds, after considering the defendant's income and assets, that the defendant is financially capable of paying for such services, if the victim was under 18 years of age at the time the offense was committed and requires counseling as a result of the offense.

Probation may be revoked or modified pursuant to Section 5-6-4; except where the court determines at the hearing that the defendant violated a condition of his or her probation restricting contact with the victim or other family members or commits another offense with the victim or other family members, the court shall revoke the defendant's probation and impose a term of imprisonment.

For the purposes of this Section, "family member" and "victim" shall have the meanings ascribed to them in Section 12-12 of the Criminal Code of 1961.

(f) This Article shall not deprive a court in other proceedings to order a forfeiture of property, to suspend or cancel a license, to remove a person from office, or to impose any other civil penalty.

(g) Whenever a defendant is convicted of an offense under Sections 11-14, 11-15, 11-15.1, 11-16, 11-17, 11-18, 11-18.1, 11-19, 11-19.1, 11-19.2, 12-13, 12-14, 12-14.1, 12-15 or 12-16 of the Criminal Code of 1961, the defendant shall undergo medical testing to determine whether the defendant has any sexually transmissible disease, including a test for infection with human immunodeficiency virus (HIV) or any other identified causative agent of acquired immunodeficiency syndrome (AIDS). Any such medical test shall be performed only by appropriately licensed medical practitioners and may include an analysis of any bodily fluids as well as an examination of the defendant's person. Except as otherwise provided by law, the results of such test shall be kept strictly confidential by all medical personnel involved in the testing and must be personally delivered in a sealed envelope to the judge of the court in which the conviction was entered for the judge's inspection in camera. Acting in accordance with the best interests of the victim and the public, the judge shall have the discretion to determine to whom, if anyone, the results of the testing may be revealed. The court shall notify the defendant of the test results. The court shall also notify the victim if requested by the victim, and if the victim is under the age of 15 and if requested by the victim's parents or legal guardian, the court shall notify the victim's parents or legal guardian of the test results. The court shall provide information on the availability of HIV testing and counseling at Department of Public Health facilities to all parties to whom the results of the testing are revealed and shall direct the State's Attorney to provide the information to the victim when possible. A State's Attorney may petition the court to obtain the results of any HIV test administered under this Section, and the court shall grant the disclosure if the State's Attorney shows it is relevant in order to prosecute a charge of criminal transmission of HIV under Section 12-16.2 of the Criminal Code of 1961 against the defendant. The court shall order that the cost of any such test shall be paid by the county and may be taxed as costs against the convicted defendant.

(g-5) When an inmate is tested for an airborne communicable disease, as determined by the Illinois Department of Public Health including but not limited to tuberculosis, the results of the test shall be personally delivered by the warden or his or her designee in a sealed envelope to the judge of the court in which the inmate must appear for the judge's inspection in camera if requested by the judge. Acting in accordance with the best interests of those in the courtroom, the judge shall have the discretion to determine what if any precautions need to be taken to prevent transmission of the disease in the courtroom.

(h) Whenever a defendant is convicted of an offense under Section 1 or 2 of the Hypodermic Syringes and Needles Act, the defendant shall undergo medical testing to determine whether the
defendant has been exposed to human immunodeficiency virus (HIV) or any other identified causative agent of acquired immunodeficiency syndrome (AIDS). Except as otherwise provided by law, the results of such test shall be kept strictly confidential by all medical personnel involved in the testing and must be personally delivered in a sealed envelope to the judge of the court in which the conviction was entered for the judge's inspection in camera. Acting in accordance with the best interests of the public, the judge shall have the discretion to determine to whom, if anyone, the results of the testing may be revealed. The court shall notify the defendant of a positive test showing an infection with the human immunodeficiency virus (HIV). The court shall provide information on the availability of HIV testing and counseling at Department of Public Health facilities to all parties to whom the results of the testing are revealed and shall direct the State's Attorney to provide the information to the victim when possible. A State's Attorney may petition the court to obtain the results of any HIV test administered under this Section, and the court shall grant the disclosure if the State's Attorney shows it is relevant in order to prosecute a charge of criminal transmission of HIV under Section 12-16.2 of the Criminal Code of 1961 against the defendant. The court shall order that the cost of any such test shall be paid by the county and may be taxed as costs against the convicted defendant.

(j) In cases when prosecution for any violation of Section 11-6, 11-8, 11-9, 11-11, 11-14, 11-15, 11-15.1, 11-16, 11-17, 11-17.1, 11-18, 11-18.1, 11-19, 11-19.1, 11-19.2, 11-20, 11-21, 12-13, 12-14, 12-14.1, 12-15, or 12-16 of the Criminal Code of 1961, any violation of the Illinois Controlled Substances Act, or any violation of the Cannabis Control Act results in conviction, a disposition of court supervision, or an order of probation granted under Section 10 of the Cannabis Control Act or Section 410 of the Illinois Controlled Substance Act of a defendant, the court shall determine whether the defendant is employed by a facility or center as defined under the Child Care Act of 1969, a public or private elementary or secondary school, or otherwise works with children under 18 years of age on a daily basis. When a defendant is so employed, the court shall order the Clerk of the Court to send a copy of the judgment of conviction or order of supervision or probation to the defendant's employer by certified mail. If the employer of the defendant is a school, the Clerk of the Court shall direct the mailing of a copy of the judgment of conviction or order of supervision or probation to the appropriate regional superintendent of schools. If a defendant fails to complete the educational training required by his or her sentence during the term of incarceration, the Prisoner Review Board shall, as a condition of mandatory supervised release, require the defendant, at his or her own expense, to pursue a course of study toward a high school diploma or passage of the GED test. The Prisoner Review Board shall revoke the mandatory supervised release of a defendant who wilfully fails to comply with this subsection (j-5) upon his or her release from confinement in a penal institution while serving a mandatory supervised release term; however, the inability of the defendant after making a good faith effort to obtain financial aid or pay for the educational training shall not be deemed a wilful failure to comply. The Prisoner Review Board shall recommit the defendant whose mandatory supervised release term has been revoked under this subsection (j-5) as provided in Section 3-3-9. This subsection (j-5) does not apply to a defendant who has a high school diploma or has successfully passed the GED test. This subsection (j-5) does not apply to a defendant who is determined by the court to be developmentally disabled or otherwise mentally incapable of completing the educational or vocational program.

(k) A court may not impose a sentence or disposition for a felony or misdemeanor that requires the defendant to be implanted or injected with or to use any form of birth control.

(l) (A) Except as provided in paragraph (C) of subsection (l), whenever a defendant, who is an alien as defined by the Immigration and Nationality Act, is convicted of any felony or misdemeanor offense, the court after sentencing the defendant may, upon motion of the State's Attorney, hold sentence in abeyance and remand the defendant to the custody of the Attorney General of the United States or his or her designated agent to be deported when:

(1) a final order of deportation has been issued against the defendant pursuant to proceedings under the Immigration and Nationality Act, and

(2) the deportation of the defendant would not deprecate the seriousness of the defendant's conduct and would not be inconsistent with the ends of justice.

Otherwise, the defendant shall be sentenced as provided in this Chapter V.

(B) If the defendant has already been sentenced for a felony or misdemeanor offense, or has been placed on probation under Section 10 of the Cannabis Control Act or Section 410 of the Illinois Controlled Substances Act, the court may, upon motion of the State's Attorney to suspend the sentence imposed, commit the defendant to the custody of the Attorney General of the United States or his or her designated agent when:

(1) a final order of deportation has been issued against the defendant pursuant to proceedings under the Immigration and Nationality Act, and

(2) the deportation of the defendant would not deprecate the seriousness of the defendant's conduct and would not be inconsistent with the ends of justice.

(C) This subsection (l) does not apply to offenders who are subject to the provisions of paragraph (2) of subsection (a) of Section 3-6-3.

(D) Upon motion of the State's Attorney, if a defendant sentenced under this Section returns to the jurisdiction of the United States, the defendant shall be recommitted to the custody of the county from which he or she was sentenced. Thereafter, the defendant shall be brought before the sentencing court, which may impose any sentence that was available under Section 5-5-3 at the time of initial sentencing. In addition, the defendant shall not be eligible for additional good conduct credit for meritorious service as provided under Section 3-6-6.

(m) A person convicted of criminal defacement of property under Section 21-1.3 of the Criminal Code of 1961, in which the property damage exceeds $300 and the property damaged is a school building, shall be ordered to perform community service that may include cleanup, removal, or painting over the defacement.

AN ACT to amend the Illinois Vehicle Code by changing Section 18c-7402 and adding Section 18c-7402.1.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Vehicle Code is amended by changing Section 18c-7402 and adding Section 18c-7402.1 as follows:

(625 ILCS 5/18c-7402) (from Ch. 95 1/2, par. 18c-7402)

Sec. 18c-7402. Safety Requirements for Railroad Operations.

(1) Obstruction of Crossings.

(a) Obstruction of Emergency Vehicles. Every railroad shall be operated in such a manner as to minimize obstruction of emergency vehicles at crossings. Where such obstruction occurs and the train crew is aware of the obstruction, the train crew shall immediately take any action, consistent with safe operating procedure, necessary to remove the obstruction. In the Chicago and St. Louis switching districts, every railroad dispatcher or other person responsible for the movement of railroad equipment in a specific area who receives notification that railroad equipment is obstructing the movement of an emergency vehicle at crossings shall immediately take action, consistent with safe operating procedure, necessary to remove the obstruction.

New matter indicated by italics - deletions by strikeout.
any crossing within such area shall immediately notify the train crew through use of existing communication facilities. Upon notification, the train crew shall take immediate action in accordance with this paragraph.

(b) Obstruction of Highway at Grade Crossing Prohibited. It is unlawful for a rail carrier to permit any train, railroad car or engine to obstruct public travel at a railroad-highway grade crossing for a period in excess of 10 minutes, except where such train or railroad car is continuously moving or cannot be moved by reason of circumstances over which the rail carrier has no reasonable control.

In a county with a population of greater than 1,000,000, as determined by the most recent federal census, during the hours of 7:00 a.m. through 9:00 a.m. and 4:00 p.m. through 6:00 p.m. it is unlawful for a rail carrier to permit any single train or railroad car to obstruct public travel at a railroad-highway grade crossing in excess of a total of 10 minutes during a 30 minute period, except where the train or railroad car cannot be moved by reason or circumstances over which the rail carrier has no reasonable control. Under no circumstances will a moving train be stopped for the purposes of issuing a citation related to this Section.

However, no employee acting under the rules or orders of the rail carrier or its supervisory personnel may be prosecuted for a violation of this subsection (b).

(c) Punishment for Obstruction of Grade Crossing. Any rail carrier violating paragraph (b) of this subsection shall be guilty of a petty offense and fined not less than $200 nor more than $500 if the duration of the obstruction is in excess of 10 minutes but no longer than 15 minutes. If the duration of the obstruction exceeds 15 minutes the violation shall be a business offense and the following fines shall be imposed: if the duration of the obstruction is in excess of 15 minutes but no longer than 20 minutes, the fine shall be $500; if the duration of the obstruction is in excess of 20 minutes but no longer than 25 minutes, the fine shall be $700; if the duration of the obstruction is in excess of 25 minutes, but no longer than 30 minutes, the fine shall be $900; if the duration of the obstruction is in excess of 30 minutes but no longer than 35 minutes, the fine shall be $1,000; if the duration of the obstruction is in excess of 35 minutes, the fine shall be $1,000 plus an additional $500 for each 5 minutes of obstruction in excess of 25 minutes of obstruction.

(2) Other Operational Requirements.

(a) Bell and Whistle-Crossings. Every rail carrier shall cause a bell, and a whistle or horn to be placed and kept on each locomotive, and shall cause the same to be rung or sounded by the engineer or fireman, at the distance of a least 1,320 feet, from the place where the railroad crosses or intersects any public highway, and shall be kept ringing or sounding until the highway is reached; provided that at crossings where the Commission shall by order direct, only after a hearing has been held to determine the public is reasonably and sufficiently protected, the rail carrier may be excused from giving warning provided by this paragraph.

(a-5) The requirements of paragraph (a) of this subsection (2) regarding ringing a bell and sounding a whistle or horn do not apply at a railroad crossing that has a permanently installed automated audible warning device authorized by the Commission under Section 18c-7402.1 that sounds automatically when an approaching train is at least 1,320 feet from the crossing and that keeps sounding until the lead locomotive has crossed the highway. The engineer or fireman may ring the bell or sound the whistle or horn at a railroad crossing that has a permanently installed audible warning device.

(b) Speed Limits. Each rail carrier shall operate its trains in compliance with speed limits set by the Commission. The Commission may set train speed limits only where such limits are necessitated by extraordinary circumstances effecting the public safety, and shall maintain such train speed limits in effect only for such time as the extraordinary circumstances prevail.

The Commission and the Department of Transportation shall conduct a study of the relation between train speeds and railroad-highway grade crossing safety. The Commission shall report the findings of the study to the General Assembly no later than January 5, 1997.

(c) Special Speed Limit; Pilot Project. The Commission and the Board of the Commuter Rail Division of the Regional Transportation Authority shall conduct a pilot project in the Village of Fox River Grove, the site of the fatal school bus accident at a railroad crossing on October 25, 1995, in order to improve railroad crossing safety. For this project, the
Commission is directed to set the maximum train speed limit for Regional Transportation Authority trains at 50 miles per hour at intersections on that portion of the intrastate rail line located in the Village of Fox River Grove. If the Regional Transportation Authority deliberately fails to comply with this maximum speed limit, then any entity, governmental or otherwise, that provides capital or operational funds to the Regional Transportation Authority shall appropriately reduce or eliminate that funding. The Commission shall report to the Governor and the General Assembly on the results of this pilot project in January 1999, January 2000, and January 2001. The Commission shall also submit a final report on the pilot project to the Governor and the General Assembly in January 2001. The provisions of this subsection (c), other than this sentence, are inoperative after February 1, 2001.

(3) Report and Investigation of Rail Accidents.

(a) Reports. Every rail carrier shall report to the Commission, by the speediest means possible, whether telephone, telegraph, or otherwise, every accident involving its equipment, track, or other property which resulted in loss of life to any person. In addition, such carriers shall file a written report with the Commission. Reports submitted under this paragraph shall be strictly confidential, shall be specifically prohibited from disclosure, and shall not be admissible in any administrative or judicial proceeding relating to the accidents reported.

(b) Investigations. The Commission may investigate all railroad accidents reported to it or of which it acquires knowledge independent of reports made by rail carriers, and shall have the power, consistent with standards and procedures established under the Federal Railroad Safety Act, as amended, to enter such temporary orders as will minimize the risk of future accidents pending notice, hearing, and final action by the Commission.

(625 ILCS 5/18c-7402.1 new)

Sec. 18c-7402.1. Pilot projects; automated audible warning devices.

(a) The General Assembly finds and declares that, for the communities of the State that are traversed by railroads, there is a growing need to mitigate train horn noise without compromising the safety of the public. Therefore, after applications are filed and approved by the Commission, the Commission shall authorize pilot projects in the counties of Cook, DuPage, Lake, and Will to test the utility and safety of stationary automated audible warning devices as an alternative to trains having to sound their horns as they approach highway-rail crossings.

(b) In light of the pending proposed ruling by the Federal Railroad Administration on the use of locomotive horns at all highway-rail crossings across the nation, it is in the best interest of the State for the Commission to expedite the pilot projects in order to contribute data to the federal rulemaking process regarding the possible inclusion of stationary automated warning devices in the counties of Cook, DuPage, Lake, and Will as a safety measure option to the proposed federal rule.

(c) The Commission shall adopt rules for implementing the pilot projects in the counties of Cook, DuPage, Lake, and Will.

(740 ILCS 45/10.2 new)
Sec. 10.2. Emergency awards.
(a) If it appears, prior to taking action on an application, that the claim is one for which compensation is probable, and undue hardship will result to the applicant if immediate payment is not made, the Attorney General may recommend and the Court may make an emergency award of compensation to the applicant, pending a final decision in the case, provided the amount of emergency compensation does not exceed $2,000. The amount of emergency compensation for funeral and burial expenses may not exceed $1,000. The amount of emergency compensation shall be deducted from any final award made as a result of the claim. The full amount of the emergency award if no final award is made shall be repaid by the applicant to the State of Illinois.
(b) Emergency award applicants must satisfy all requirements under Section 6.1 of this Act.
(740 ILCS 45/17) (from Ch. 70, par. 87)
Sec. 17. (a) Subrogation. The Court of Claims may award compensation on the condition that the applicant subrogate to the State his rights to collect damages from the assailant or any third party who may be liable in damages to the applicant. In such a case the Attorney General may, on behalf of the State, bring an action against an assailant or third party for money damages, but must first notify the applicant and give him an opportunity to participate in the prosecution of the action. The excess of the amount recovered in such action over the amount of the compensation offered and accepted or awarded under this Act plus costs of the action and attorneys' fees actually incurred shall be paid to the applicant.
(b) Nothing in this Act affects the right of the applicant to seek civil damages from the assailant and any other party, but that applicant must give written notice to the Attorney General of the making of a claim or the filing of an action for such damages. Failure to notify the Attorney
General of such claims and actions at the time they are instituted or at the time an application is filed is a willful omission of fact and the applicant thereby becomes subject to the provisions of Section 20 of this Act.

(c) The State has a charge for the amount of compensation paid under this Act upon all claims or causes of action against an assailant and any other party to recover for the injuries or death of a victim which were the basis for that payment of compensation. At the time compensation is ordered to be paid under this Act, the Court of Claims shall give written notice of this charge to the applicant. The charge attaches to any verdict or judgment entered and to any money or property which is recovered on account of the claim or cause of action against the assailant or any other party after the notice is given. On petition filed by the Attorney General on behalf of the State or by the applicant, the circuit court, on written notice to all interested parties, shall adjudicate the right of the parties and enforce the charge. This subsection does not affect the priority of a lien under "AN ACT creating attorney's lien and for enforcement of same", filed June 16, 1909, as amended.

(d) Where compensation is awarded under this Act and the person receiving same also receives any sum required to be, and that has not been deducted under Section 10.1, he shall refund to the State the amount of compensation paid to him which would have been deducted at the time the award was made.

(e) An amount not to exceed 25% of all money recovered under subsections (b) or (c) of this Section shall be placed in the Violent Crime Victims Assistance Fund to assist with costs related to recovery efforts. "Recovery efforts" means those activities that are directly attributable to obtaining restitution, civil suit recoveries, and other reimbursements.

Sec. 18. Claims against awards.

(a) An award is not subject to enforcement, attachment, garnishment, or other process, except that an award is not exempt from a claim of a creditor to the extent that he or she provided products, services, or accommodations the costs of which are included in the award.

(b) An assignment or agreement to assign a right to compensation for loss accruing in the future is unenforceable, except:

(1) an assignment of a right to compensation for work loss to secure payment of maintenance or child support; or

(2) an assignment of a right to compensation to the extent of the cost of products, services, or accommodations necessitated by the injury or death on which the claim is based and are provided or to be provided by the assignee.

(c) The court may order that all or a portion of an award be paid jointly to the applicant and another person or solely and directly to another person to the extent that such other person has provided products, services or accommodations, the costs of which are included in the award. The provisions of this amendatory Act of 1994 apply to all pending claims in existence on the effective date of this amendatory Act of 1994.

(d) If an award under subsection (c) of this Section is offset by the Comptroller, pursuant to the Uncollected State Claims Act, the intended individual or entity must credit the applicant's or victim's account for the amount ordered by the Court of Claims, and the intended individual or entity is prohibited from pursuing payment from the applicant or victim for any portion that is offset. The Comptroller shall provide notice as provided in Section 10.05 of the State Comptroller Act.

Section 5. Definitions. For the purposes of this Act, unless the context indicates otherwise:

"Companion animal" or "animal" means a deceased animal that had a companion or pet relationship with an owner at the time of the animal's death.

"Provider of companion animal cremation services" or "provider" means a person, company, or other entity engaging in the business of cremating deceased companion animals in Illinois.

"Cremation remains" means the material remaining after the cremation of an animal, which may include ashes, skeletal remains, and other residue resulting from the incineration process, and may be pulverized or otherwise processed by the provider of cremation services.

"Individually partitioned cremation" means a cremation process in which either (i) only one companion animal at a time is cremated in the incinerator or (ii) more than one companion animal is cremated in the incinerator at the same time, but each of the animals is completely separated from the others by partitions during the cremation process; and in which the commingling of significant amounts of cremation remains from different animals is unlikely to occur.

"Communal cremation" means a cremation process in which companion animals are cremated together without effective partitions or separation during the cremation process, and in which the commingling of significant amounts of cremation remains from different animals is likely or certain to occur.

"Commingling of significant amounts of cremation remains from different animals" means that specific cremation remains cannot be attributed to a particular animal, or that the cremation remains attributed to one companion animal contain more than 1% by weight of cremation remains from one or more other companion animals. The presence, in the cremation remains of a companion animal, of the remains of any creature that was contained within the body of that animal at the time of cremation (including parasites, insects, and food or creatures eaten by that companion animal) does not constitute "commingling" for the purposes of this Act.

A person or business entity is deemed to refer animal owners or bring business to a provider "on a regular basis" if the person or entity (i) has an ongoing contractual or agency relationship with the provider relating to the cremation of companion animals, (ii) receives any compensation or consideration from the provider or animal owners relating to the cremation of companion animals by the provider, or (iii) refers or brings to the provider the business of more than 5 animal owners in an average month.

Section 10. Written explanation of services.

(a) A provider of companion animal cremation services must prepare a written explanation of the services offered, which may but need not be in the form of a brochure.

The written explanation of services must include a detailed explanation of each service offered. For each type or level of cremation service offered, the written explanation of services shall disclose the specific services to be provided.

If any part of the deceased companion animal will be removed, used, or sold by the provider before or after the cremation, the written explanation of services must disclose that fact.

(b) The written explanation of services must not include any false or misleading information.

A written explanation of services is misleading if:

(1) it fails to include a detailed explanation of the cremation services offered or fails to include, for each type or level of cremation service offered, any of the disclosures required under subsection (a);

(2) it uses the term "private" or "individual" with respect to any communal cremation procedure or with respect to an individually partitioned cremation procedure that will cremate more than one companion animal at the same time;

(3) it uses the term "individually partitioned" or "separate" with respect to a communal cremation process; or

(4) it includes any text, picture, illustration, or combination thereof, or uses any layout, typography, or color scheme, in a way that is likely to lead a person of normal intelligence to misunderstand the nature of the services to be provided or to fail to read or understand certain parts of the written explanation of services.

(c) A provider of companion animal cremation services shall provide the written explanation of services, without charge:

(1) to the owner of each deceased animal with whom the provider agrees to provide
cremation services, or the person making cremation arrangements on the owner's behalf;

(2) to all veterinarians, pet shops, and other persons or entities known to the provider who refer animal owners or bring deceased animals to the provider on a regular basis, in quantities sufficient for distribution by those persons or entities to the animal owners whose business is being referred or brought to the provider;

(3) to the Office of the Attorney General, at least annually; and

(4) to any other person upon request.

(d) The preparation or distribution by a provider of a written explanation of services that the provider knows or should know to be false or misleading constitutes a business offense, punishable by a fine of at least $1,001 but not more than $1,500 for a first offense and at least $2,000 but not more than $2,500 for each subsequent offense.

A knowing failure to prepare or distribute a written explanation of services as required by this Section constitutes a business offense, punishable by a fine of at least $1,001 but not more than $1,500 for a first offense and at least $2,000 but not more than $2,500 for each subsequent offense.

Section 15. Persons referring or bringing business to a provider.

(a) A veterinarian, pet shop, or other person or business entity that refers owners of deceased animals, or persons making arrangements on an owner's behalf, to a provider on a regular basis shall make available a copy of the provider's written explanation of services to the animal owner, or person making arrangements on the owner's behalf, at the time of the referral.

(b) A veterinarian, pet shop, or other person or business entity that accepts deceased companion animals for cremation through services obtained from a provider on a regular basis shall make available a copy of the provider's written explanation of services to each animal owner, or person making arrangements on the owner's behalf, from whom a deceased companion animal is accepted.

(c) It is sufficient for compliance with this Section that a copy of the written explanation of services is given to the animal owner, or the person making arrangements on the owner's behalf, at the time the services are offered.

(d) Publishing or otherwise disseminating advertising for a provider of companion animal cremation services does not, in itself, constitute referring or bringing business to that provider for the purposes of this Section.

Section 20. Certification; penalty for false certification.

(a) Whenever a provider of companion animal cremation services undertakes to provide services that include the return of the cremation remains of the cremated animal, the provider shall include a certification along with the returned cremation remains, declaring to the best of the provider's knowledge and belief that, except as otherwise specifically indicated in the certificate, the cremation and any other services specified were provided in accordance with the representations of the provider in the applicable portions of the provider's written explanation of services.

(b) To knowingly make a false certification under subsection (a) is a business offense, punishable by a fine of at least $1,001 but not more than $1,500 for a first offense and at least $2,000 but not more than $2,500 for each subsequent offense.

Section 95. The Consumer Fraud and Deceptive Business Practices Act is amended by adding Section 2KK as follows:

(815 ILCS 505/2KK new)

Sec. 2KK. Animal cremation services. It is an unlawful practice within the meaning of this Act for a provider of companion animal cremation services (1) to fail to prepare or distribute a written explanation of services as required by the Companion Animal Cremation Act; (2) to prepare or distribute a written explanation of services under that Act that the provider knows or should know to be false or misleading; or (3) to knowingly make a false certification under Section 20 of that Act.

(740 ILCS 180/2.1) (from Ch. 70, par. 2.1)
Sec. 2.1. In the event that the only asset of the deceased estate is a cause of action arising under this Act, and no petition for letters of office for his or her estate has been filed, the court, upon motion of any person who would be entitled to a recovery under this Act, and after such notice to the party’s heirs or legatees as the court directs, and without opening of an estate, may appoint a special administrator for the deceased party for the purpose of prosecuting or defending the action. If there is more than one special administrator appointed and one of the administrators is a corporation qualified to act as a representative of the estate of a decedent and if the compensation of the attorney or attorneys representing the special administrators is solely determined under a contingent fee arrangement, then upon petition and approval by the court, the special administrator which is a corporation shall not participate in or have any duty to review the prosecution of the action, to participate in or review the appropriateness of any settlement of the action, or to participate in or review any determination of the appropriateness of any fees awarded to the attorney or attorneys employed in the prosecution of the action.
If a judgment is entered or the action is settled in favor of the special administrator, he or she shall distribute the proceeds as provided by law, except that if proceeds in excess of $5,000 are distributable to a minor or person under legal disability, the court shall allow disbursements and fees to the special administrator and his or her attorney and the balance shall be administered and distributed under the supervision of the probate division of the court if the circuit court has a probate division.

(House Bill No. 2301)

AN ACT in relation to families.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Illinois Marriage and Dissolution of Marriage Act is amended by changing Section 510 as follows:
(750 ILCS 5/510) (from Ch. 40, par. 510)
Sec. 510. Modification and termination of provisions for maintenance, support, educational expenses, and property disposition.
(a) Except as otherwise provided in paragraph (f) of Section 502 and in subsection (d), clause (3) of Section 505.2, the provisions of any judgment respecting maintenance or support may be modified only as to installments accruing subsequent to due notice by the moving party of the filing

of the motion for modification and, with respect to maintenance, only upon a showing of a substantial
change in circumstances. An order for child support may be modified as follows:
(1) upon a showing of a substantial change in circumstances; and
(2) without the necessity of showing a substantial change in circumstances, as follows:
   (A) upon a showing of an inconsistency of at least 20%, but no less than $10 per
       month, between the amount of the existing order and the amount of child support that
       results from application of the guidelines specified in Section 505 of this Act unless the
       inconsistency is due to the fact that the amount of the existing order resulted from a
       deviation from the guideline amount and there has not been a change in the circumstances
       that resulted in that deviation; or
   (B) Upon a showing of a need to provide for the health care needs of the child under
       the order through health insurance or other means. In no event shall the eligibility for or
       receipt of medical assistance be considered to meet the need to provide for the child's
       health care needs.

The provisions of subparagraph (a)(2)(A) shall apply only in cases in which a party is
receiving child and spouse support services from the Illinois Department of Public Aid under Article
X of the Illinois Public Aid Code, and only when at least 36 months have elapsed since the order for
child support was entered or last modified.

(b) The provisions as to property disposition may not be revoked or modified, unless the court
finds the existence of conditions that justify the reopening of a judgment under the laws of this State.
(c) Unless otherwise agreed by the parties in a written agreement set forth in the judgment or
otherwise approved by the court, the obligation to pay future maintenance is terminated upon the death
of either party, or the remarriage of the party receiving maintenance, or if the party receiving
maintenance cohabits with another person on a resident, continuing conjugal basis.
(d) Unless otherwise agreed in writing or expressly provided in a judgment, provisions for the
support of a child are terminated by emancipation of the child, except as otherwise provided herein,
but not by the death of a parent obligated to support or educate the child. An existing obligation to pay
for support or educational expenses, or both, is not terminated by the death of a parent. When a parent
obligated to pay support or educational expenses, or both, dies, the amount of support or educational
expenses, or both, may be enforced, modified, revoked or commuted to a lump sum payment, as equity
may require, and that determination may be provided for at the time of the dissolution of the marriage
or thereafter.
(e) The right to petition for support or educational expenses, or both, under Sections 505 and
513 is not extinguished by the death of a parent. Upon a petition filed before or after a parent's death,
the court may award sums of money out of the decedent's estate for the child's support or educational
expenses, or both, as equity may require. The time within which a claim may be filed against the estate
of a decedent under Sections 505 and 513 and subsection (d) and this subsection shall be governed
by the provisions of the Probate Act of 1975, as a barrable, noncontingent claim.
(f) A petition to modify or terminate child support, custody, or visitation shall not delay any
child support enforcement litigation or supplementary proceeding on behalf of the obligee, including,
but not limited to, a petition for a rule to show cause, for non-wage garnishment, or for a restraining
order.

AN ACT in relation to criminal law.

Section 5. The Unified Code of Corrections is amended by changing Section 3-6-2 as follows:
(730 ILCS 5/3-6-2) (from Ch. 38, par. 1003-6-2)
Sec. 3-6-2. Institutions and Facility Administration.
(a) Each institution and facility of the Department shall be administered by a chief administrative officer appointed by the Director. A chief administrative officer shall be responsible for all persons assigned to the institution or facility. The chief administrative officer shall administer the programs of the Department for the custody and treatment of such persons.
(b) The chief administrative officer shall have such assistants as the Department may assign.
(c) The Director or Assistant Director shall have the emergency powers to temporarily transfer individuals without formal procedures to any State, county, municipal or regional correctional or detention institution or facility in the State, subject to the acceptance of such receiving institution or facility, or to designate any reasonably secure place in the State as such an institution or facility and to make transfers thereto. However, transfers made under emergency powers shall be reviewed as soon as practicable under Article 8, and shall be subject to Section 5-905 of the Juvenile Court Act of 1987. This Section shall not apply to transfers to the Department of Human Services which are provided for under Section 3-8-5 or Section 3-10-5.
(d) The Department shall provide educational programs for all committed persons so that all persons have an opportunity to attain the achievement level equivalent to the completion of the twelfth grade in the public school system in this State. Other higher levels of attainment shall be encouraged and professional instruction shall be maintained wherever possible. The Department may establish programs of mandatory education and may establish rules and regulations for the administration of such programs. A person committed to the Department who, during the period of his or her incarceration, participates in an educational program provided by or through the Department and through that program is awarded or earns the number of hours of credit required for the award of an associate, baccalaureate, or higher degree from a community college, college, or university located

in Illinois shall reimburse the State, through the Department, for the costs incurred by the State in providing that person during his or her incarceration with the education that qualifies him or her for the award of that degree. The costs for which reimbursement is required under this subsection shall be determined and computed by the Department under rules and regulations that it shall establish for that purpose. However, interest at the rate of 6% per annum shall be charged on the balance of those costs from time to time remaining unpaid, from the date of the person's parole, mandatory supervised release, or release constituting a final termination of his or her commitment to the Department until paid.

(e) A person committed to the Department who becomes in need of medical or surgical treatment but is incapable of giving consent thereto shall receive such medical or surgical treatment by the chief administrative officer consenting on the person's behalf. Before the chief administrative officer consents, he or she shall obtain the advice of one or more physicians licensed to practice medicine in all its branches in this State. If such physician or physicians advise:

1. that immediate medical or surgical treatment is required relative to a condition threatening to cause death, damage or impairment to bodily functions, or disfigurement; and
2. that the person is not capable of giving consent to such treatment; the chief administrative officer may give consent for such medical or surgical treatment, and such consent shall be deemed to be the consent of the person for all purposes, including, but not limited to, the authority of a physician to give such treatment.

(f) In the event that the person requires medical care and treatment at a place other than the institution or facility, the person may be removed therefrom under conditions prescribed by the Department. The Department shall require the committed person receiving medical or dental services on a non-emergency basis to pay a $2 co-payment to the Department for each visit for medical or dental services. The amount of each co-payment shall be deducted from the committed person's individual account. A committed person who has a chronic illness, as defined by Department rules and regulations, shall be exempt from the $2 co-payment for treatment of the chronic illness. A committed person who is indigent is exempt from the $2 co-payment and is entitled to receive medical or dental services on the same basis as a committed person who is financially able to afford the co-payment. Notwithstanding any other provision in this subsection (f) to the contrary, any person committed to any facility operated by the Juvenile Division, as set forth in subsection (b) of Section 3-2-5 of this Code, is exempt from the co-payment requirement for the duration of confinement in those facilities.

(g) Any person having sole custody of a child at the time of commitment or any woman giving birth to a child after her commitment, may arrange through the Department of Children and Family Services for suitable placement of the child outside of the Department of Corrections. The Director of the Department of Corrections may determine that there are special reasons why the child should continue in the custody of the mother until the child is 6 years old.

(h) The Department may provide Family Responsibility Services which may consist of, but not be limited to the following:

1. family advocacy counseling;
2. parent self-help group;
3. parenting skills training;
4. parent and child overnight program;
5. parent and child reunification counseling, either separately or together, preceding the inmate's release; and
6. a prerelease reunification staffing involving the family advocate, the inmate and the child's counselor, or both and the inmate.

(i) Prior to the release of any inmate who has a documented history of intravenous drug use, and upon the receipt of that inmate's written informed consent, the Department shall provide for the testing of such inmate for infection with human immunodeficiency virus (HIV) and any other identified causative agent of acquired immunodeficiency syndrome (AIDS). The testing provided under this subsection shall consist of an enzyme-linked immunosorbent assay (ELISA) test or such other test as may be approved by the Illinois Department of Public Health. If the test result is positive, the Western Blot Assay or more reliable confirmatory test shall be administered. All inmates tested
in accordance with the provisions of this subsection shall be provided with pre-test and post-test counseling. Notwithstanding any provision of this subsection to the contrary, the Department shall not be required to conduct the testing and counseling required by this subsection unless sufficient funds to cover all costs of such testing and counseling are appropriated for that purpose by the General Assembly.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Sec. 10. Credit union records; member financial records.

(2) A photostatic or photographic reproduction of any credit union records shall be admissible as evidence of transactions with the credit union.
(3) (a) For the purpose of this Section, the term "financial records" means any original, any copy, or any summary of (1) a document granting signature authority over an account, (2) a statement, ledger card or other record on any account which shows each transaction in or with respect to that account, (3) a check, draft or money order drawn on a financial institution or other entity or issued and payable by or through a financial institution or other entity, or (4) any other item containing information pertaining to any relationship established in the ordinary course of business between a credit union and its member, including financial statements or other financial information provided by the member.
(b) This Section does not prohibit:

(11) The furnishing of information pursuant to any other statute which by its terms or by regulations promulgated thereunder requires the disclosure of financial records other than by subpoena, summons, warrant or court order.
(12) The furnishing of information in accordance with the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996. Any credit union governed by this Act shall enter into an agreement for data exchanges with a State agency provided the State agency pays to the credit union a reasonable fee not to exceed its actual cost incurred. A credit union providing information in accordance with this item shall not be liable to any account holder or other person for any disclosure of information to a State agency, for encumbering or surrendering any assets held by the credit union in response to a lien or order to withhold and deliver issued by a State agency, or for any other action taken pursuant to this item, including individual or mechanical errors, provided the action does not constitute gross negligence or willful misconduct. In the case of a grand jury subpoena, a credit union shall not mail a copy of a subpoena to any person pursuant to this subsection if the subpoena was issued by a grand jury under the Statewide Grand Jury Act or notifying the person would constitute a violation of the federal Right to Financial Privacy Act of 1978.

(e)(1) Any officer or employee of a credit union who knowingly and wilfully furnishes financial records in violation of this Section is guilty of a business offense and upon conviction thereof shall be fined not more than $1,000.

division of pension benefits in just proportions under this Section is enforceable under Section 1-119 of the Illinois Pension Code.

The value of pension benefits in a retirement system subject to the Illinois Pension Code shall be determined in accordance with the valuation procedures established by the retirement system.

The recognition of pension benefits as marital property and the division of those benefits pursuant to a Qualified Illinois Domestic Relations Order shall not be deemed to be a diminishment, alienation, or impairment of those benefits. The division of pension benefits is an allocation of property in which each spouse has a species of common ownership.

(3) For purposes of distribution of property under this Section, all stock options granted to either spouse after the marriage and before a judgment of dissolution of marriage or declaration of invalidity of marriage, whether vested or non-vested or whether their value is ascertainable, are presumed to be marital property. This presumption of marital property is overcome by a showing that the stock options were acquired by a method listed in subsection (a) of this Section. The court shall allocate stock options between the parties at the time of the judgment of dissolution of marriage or declaration of invalidity of marriage recognizing that the value of the stock options may not be then determinable and that the actual division of the options may not occur until a future date. In making the allocation between the parties, the court shall consider, in addition to the factors set forth in subsection (d) of this Section, the following:

(i) All circumstances underlying the grant of the stock option including but not limited to whether the grant was for past, present, or future efforts, or any combination thereof.

(ii) The length of time from the grant of the option to the time the option is exercisable.

(c) Commingled marital and non-marital property shall be treated in the following manner, unless otherwise agreed by the spouses:

(1) When marital and non-marital property are commingled by contributing one estate of property into another resulting in a loss of identity of the contributed property, the classification of the contributed property is transmuted to the estate receiving the contribution, subject to the provisions of paragraph (2) of this subsection; provided that if marital and non-marital property are commingled into newly acquired property resulting in a loss of identity of the contributing estates, the commingled property shall be deemed transmuted to marital property, subject to the provisions of paragraph (2) of this subsection.

(2) When one estate of property makes a contribution to another estate of property, or when a spouse contributes personal effort to non-marital property, the contributing estate shall be reimbursed from the estate receiving the contribution notwithstanding any transmutation; provided, that no such reimbursement shall be made with respect to a contribution which is not retraceable by clear and convincing evidence, or was a gift, or, in the case of a contribution of personal effort of a spouse to non-marital property, unless the effort is significant and results in substantial appreciation of the non-marital property. Personal effort of a spouse shall be deemed a contribution by the marital estate. The court may provide for reimbursement out of the marital property to be divided or by imposing a lien against the non-marital property which received the contribution.

(d) In a proceeding for dissolution of marriage or declaration of invalidity of marriage, or in a proceeding for disposition of property following dissolution of marriage by a court which lacked personal jurisdiction over the absent spouse or lacked jurisdiction to dispose of the property, the court shall assign each spouse's non-marital property to that spouse. It also shall divide the marital property without regard to marital misconduct in just proportions considering all relevant factors, including:

(1) the contribution of each party to the acquisition, preservation, or increase or decrease in value of the marital or non-marital property, including the contribution of a spouse as a homemaker or to the family unit;

(2) the dissipation by each party of the marital or non-marital property;

(3) the value of the property assigned to each spouse;

(4) the duration of the marriage;

(5) the relevant economic circumstances of each spouse when the division of property is to become effective, including the desirability of awarding the family home, or the right to live therein for reasonable periods, to the spouse having custody of the children;

(6) any obligations and rights arising from a prior marriage of either party;

New matter indicated by italics - deletions by strikeout.
(7) any antenuptial agreement of the parties;
(8) the age, health, station, occupation, amount and sources of income, vocational skills, employability, estate, liabilities, and needs of each of the parties;
(9) the custodial provisions for any children;
(10) whether the apportionment is in lieu of or in addition to maintenance;
(11) the reasonable opportunity of each spouse for future acquisition of capital assets and income; and
(12) the tax consequences of the property division upon the respective economic circumstances of the parties.

(e) Each spouse has a species of common ownership in the marital property which vests at the time dissolution proceedings are commenced and continues only during the pendency of the action. Any such interest in marital property shall not encumber that property so as to restrict its transfer, assignment or conveyance by the title holder unless such title holder is specifically enjoined from making such transfer, assignment or conveyance.

(f) In a proceeding for dissolution of marriage or declaration of invalidity of marriage or in a proceeding for disposition of property following dissolution of marriage by a court that lacked personal jurisdiction over the absent spouse or lacked jurisdiction to dispose of the property, the court, in determining the value of the marital and non-marital property for purposes of dividing the property, shall value the property as of the date of trial or some other date as close to the date of trial as is practicable.

(g) The court if necessary to protect and promote the best interests of the children may set aside a portion of the jointly or separately held estates of the parties in a separate fund or trust for the support, maintenance, education, and general welfare of any minor, dependent, or incompetent child of the parties. In making a determination under this subsection, the court may consider, among other things, the conviction of a party of any of the offenses set forth in Section 12-3.3, 12-4, 12-4.1, 12-4.2, 12-4.3, 12-13, 12-14, 12-14.1, 12-15, or 12-16 of the Criminal Code of 1961 if the victim is a child of one or both of the parties, and there is a need for, and cost of, care, healing and counseling for the child who is the victim of the crime.

(h) Unless specifically directed by a reviewing court, or upon good cause shown, the court shall not on remand consider any increase or decrease in the value of any "marital" or "non-marital" property occurring since the assessment of such property at the original trial or hearing, but shall use only that assessment made at the original trial or hearing.

(i) The court may make such judgments affecting the marital property as may be just and may enforce such judgments by ordering a sale of marital property, with proceeds therefrom to be applied as determined by the court.

(j) After proofs have closed in the final hearing on all other issues between the parties (or in conjunction with the final hearing, if all parties so stipulate) and before judgment is entered, a party's petition for contribution to fees and costs incurred in the proceeding shall be heard and decided, in accordance with the following provisions:

(1) A petition for contribution, if not filed before the final hearing on other issues between the parties, shall be filed no later than 30 days after the closing of proofs in the final hearing or within such other period as the court orders.

(2) Any award of contribution to one party from the other party shall be based on the criteria for division of marital property under this Section 503 and, if maintenance has been awarded, on the criteria for an award of maintenance under Section 504.

(3) The filing of a petition for contribution shall not be deemed to constitute a waiver of the attorney-client privilege between the petitioning party and current or former counsel; and such a waiver shall not constitute a prerequisite to a hearing for contribution. If either party's presentation on contribution, however, includes evidence within the scope of the attorney-client privilege, the disclosure or disclosures shall be narrowly construed and shall not be deemed by the court to constitute a general waiver of the privilege as to matters beyond the scope of the presentation.

(4) No finding on which a contribution award is based or denied shall be asserted against counsel or former counsel for purposes of any hearing under subsection (c) or (e) of Section 508.

New matter indicated by italics - deletions by strikeout.
(5) A contribution award (payable to either the petitioning party or the party's counsel, or jointly, as the court determines) may be in the form of either a set dollar amount or a percentage of fees and costs (or a portion of fees and costs) to be subsequently agreed upon by the petitioning party and counsel or, alternatively, thereafter determined in a hearing pursuant to subsection (c) of Section 508 or previously or thereafter determined in an independent proceeding under subsection (e) of Section 508.

(6) The changes to this Section 503 made by this amendatory Act of 1996 apply to cases pending on or after June 1, 1997, except as otherwise provided in Section 508.

(e) The development and implementation of formal interagency agreements, and the entry into such agreements, between the lead agency and (i) the Department of Public Aid, (ii) the University of Illinois Division of Specialized Care for Children, and (iii) other relevant State agencies that:

1) define the financial responsibility of each agency for paying for early intervention services (consistent with existing State and federal law and rules, including the requirement that early intervention funds be used as the payor of last resort), a hierarchical order of payment as among the agencies for early intervention services that are covered under or may be paid by programs in other agencies, and procedures for direct billing, collecting reimbursements for payments made, and resolving service and payment disputes; and

2) include all additional components necessary to ensure meaningful cooperation and coordination.

(325 ILCS 20/11) (from Ch. 23, par. 4161)

Sec. 11. Individualized Family Service Plans.

(a) Each eligible infant or toddler and that infant's or toddler's family shall receive:

1) (a) timely, comprehensive, multidisciplinary assessment of the unique needs of each eligible infant and toddler, and assessment of the concerns and priorities of the families to appropriately assist them in meeting their needs and identify services to meet those needs; and

2) (b) a written Individualized Family Service Plan developed by a multidisciplinary team which includes the parent or guardian. The individualized family service plan shall be based on the multidisciplinary team's assessment of the resources, priorities, and concerns of the family and its identification of the supports and services necessary to enhance the family's capacity to meet the developmental needs of the infant or toddler, and shall include the identification of services appropriate to meet those needs, including the frequency, intensity, and method of delivering services. During and as part of the initial development of the individualized family services plan, and any periodic reviews of the plan, the multidisciplinary team shall consult the lead agency's therapy guidelines and its designated experts, if any, to help determine appropriate services and the frequency and intensity of those services. All services in the individualized family services plan must be justified by the multidisciplinary assessment of the unique strengths and needs of the infant or toddler and must be appropriate to meet those needs. At the periodic reviews, the team shall determine whether modification or revision of the outcomes or services is necessary.

(b) The Individualized Family Service Plan shall be evaluated once a year and the family shall be provided a review of the Plan at 6 month intervals or more often where appropriate based on infant or toddler and family needs.

(c) The evaluation and initial assessment and initial Plan meeting must be held within 45 days
after the initial contact with the early intervention services system. With parental consent, early intervention services may commence before the completion of the comprehensive assessment and development of the Plan.

(d) Parents must be informed that, at their discretion, early intervention services shall be provided to each eligible infant and toddler in the natural environment, which may include the home or other community settings. Parents shall make the final decision to accept or decline early intervention services. A decision to decline such services shall not be a basis for administrative determination of parental fitness, or other findings or sanctions against the parents. Parameters of the Plan shall be set forth in rules.

(e) The regional intake offices shall explain to each family, orally and in writing, all of the following:

1. That the early intervention program will pay for all early intervention services set forth in the individualized family service plan that are not covered or paid under the family's public or private insurance plan or policy and not eligible for payment through any other third party payor.

2. That services will not be delayed due to any rules or restrictions under the family's insurance plan or policy.

3. That the family may request, with appropriate documentation supporting the request, a determination of an exemption from private insurance use under Section 13.25.

4. That responsibility for co-payments or co-insurance under a family's private insurance plan or policy will be transferred to the lead agency's central billing office.

5. That families will be responsible for payments of family fees, which will be based on a sliding scale according to income, and that these fees are payable to the central billing office, and that if the family encounters a catastrophic circumstance, as defined under subsection (f) of Section 13 of this Act, making it unable to pay the fees, the lead agency may, upon proof of inability to pay, waive the fees.

(f) The individualized family service plan must state whether the family has private insurance coverage and, if the family has such coverage, must have attached to it a copy of the family's insurance identification card or otherwise include all of the following information:

1. The name, address, and telephone number of the insurance carrier.

2. The contract number and policy number of the insurance plan.

3. The name, address, and social security number of the primary insured.

4. The beginning date of the insurance benefit year.

(g) A copy of the individualized family service plan must be provided to each enrolled provider who is providing early intervention services to the child who is the subject of that plan.

(325 ILCS 20/13) (from Ch. 23, par. 4163)

Sec. 13. Funding and Fiscal Responsibility.

(a) The lead agency and every other participating State agency may receive and expend funds appropriated by the General Assembly to implement the early intervention services system as required by this Act.

(b) The lead agency and each participating State agency shall identify and report on an annual basis to the Council the State agency funds utilized for the provision of early intervention services to eligible infants and toddlers.

(c) Funds provided under Section 633 of the Individuals with Disabilities Education Act (20 United States Code 1433) and State funds designated or appropriated for early intervention services or programs may not be used to satisfy a financial commitment for services which would have been paid for from another public or private source but for the enactment of this Act, except whenever considered necessary to prevent delay in receiving appropriate early intervention services by the eligible infant or toddler or family in a timely manner. Funds provided under Section 633 of the Individuals with Disabilities Education Act and State funds designated or appropriated for early intervention services or programs may be used by the lead agency to pay the provider of services (A) pending reimbursement from the appropriate State agency or (B) if (i) the claim for payment is denied in whole or in part by a public or private source, or would be denied under the written terms of the public program or plan or private plan, or (ii) use of private insurance for the service has been
exempted under Section 13.25. Payment under item (B)(i) may be made based on a pre-determination telephone inquiry supported by written documentation of the denial supplied thereafter by the insurance carrier.

(d) Nothing in this Act shall be construed to permit the State to reduce medical or other assistance available or to alter eligibility under Title V and Title XIX of the Social Security Act relating to the Maternal Child Health Program and Medicaid for eligible infants and toddlers in this State.

(e) The lead agency shall create a central billing office to receive and dispense all relevant State and federal resources, as well as local government or independent resources available, for early intervention services. This office shall assure that maximum federal resources are utilized and that providers receive funds with minimal duplications or interagency reporting and with consolidated audit procedures.

(f) The lead agency shall, by rule, may also create a system of payments by families, including a schedule of fees. No fees, however, may be charged for: implementing child find, evaluation and assessment, service coordination, administrative and coordination activities related to the development, review, and evaluation of Individualized Family Service Plans, or the implementation of procedural safeguards and other administrative components of the statewide early intervention system.

The system of payments, called family fees, shall be structured on a sliding scale based on family income. The family's coverage or lack of coverage under a public or private insurance plan or policy shall not be a factor in determining the amount of the family fees.

Each family's fee obligation shall be established annually, and shall be paid by families to the central billing office in installments. At the written request of the family, the fee obligation shall be adjusted prospectively at any point during the year upon proof of a change in family income or family size. The inability of the parents of an eligible child to pay family fees due to catastrophic circumstances or extraordinary expenses shall not result in the denial of services to the child or the child's family. A family must document its extraordinary expenses or other catastrophic circumstances by showing one of the following: (i) out-of-pocket medical expenses in excess of 15% of gross income; (ii) a fire, flood, or other disaster causing a direct out-of-pocket loss in excess of 15% of gross income; or (iii) other catastrophic circumstances causing out-of-pocket losses in excess of 15% of gross income. The family must present proof of loss to its service coordinator, who shall document it, and the lead agency shall determine whether the fees shall be reduced, forgiven, or suspended within 10 business days after the family's request.

(g) To ensure that early intervention funds are used as the payor of last resort for early intervention services, the lead agency shall determine at the point of early intervention intake, and again at any periodic review of eligibility thereafter or upon a change in family circumstances, whether the family is eligible for or enrolled in any program for which payment is made directly or through public or private insurance for any or all of the early intervention services made available under this Act. The lead agency shall establish procedures to ensure that payments are made either directly from these public and private sources instead of from State or federal early intervention funds, or as reimbursement for payments previously made from State or federal early intervention funds.

(325 ILCS 20/13.5 new)

Sec. 13.5. Other programs.

(a) When an application or a review of eligibility for early intervention services is made, and at any eligibility redetermination thereafter, the family shall be asked if it is currently enrolled in Medicaid, KidCare, or the Title V program administered by the University of Illinois Division of Specialized Care for Children. If the family is enrolled in any of these programs, that information shall be put on the individualized family service plan and entered into the computerized case management system, and shall require that the individualized family services plan of a child who has been found eligible for services through the Division of Specialized Care for Children state that the child is enrolled in that program. For those programs in which the family is not enrolled, a preliminary eligibility screen shall be conducted simultaneously for (i) medical assistance (Medicaid) under Article V of the Illinois Public Aid Code, (ii) children's health insurance program (Medicaid) benefits under the Children's Health Insurance Program Act, and (iii) Title V maternal and child

health services provided through the Division of Specialized Care for Children of the University of Illinois.

(b) For purposes of determining family fees under subsection (f) of Section 13 and determining eligibility for the other programs and services specified in items (i) through (iii) of subsection (a), the lead agency shall develop and use, within 60 days after the effective date of this amendatory Act of the 92nd General Assembly, with the cooperation of the Department of Public Aid and the Division of Specialized Care for Children of the University of Illinois, a screening device that provides sufficient information for the early intervention regional intake entities or other agencies to establish eligibility for those other programs and shall, in cooperation with the Illinois Department of Public Aid and the Division of Specialized Care for Children, train the regional intake entities on using the screening device.

(c) When a child is determined eligible for and enrolled in the early intervention program and has been found to at least meet the threshold income eligibility requirements for Medicaid or KidCare, the regional intake entity shall complete a KidCare/Medicaid application with the family and forward it to the Illinois Department of Public Aid's KidCare Unit for a determination of eligibility.

(d) With the cooperation of the Department of Public Aid, the lead agency shall establish procedures that ensure the timely and maximum allowable recovery of payments for all early intervention services and allowable administrative costs under Article V of the Illinois Public Aid Code and the Children's Health Insurance Program Act and shall include those procedures in the interagency agreement required under subsection (e) of Section 5 of this Act.

(e) For purposes of making referrals for final determinations of eligibility for KidCare benefits under the Children's Health Insurance Program Act and for medical assistance under Article V of the Illinois Public Aid Code, the lead agency shall require each early intervention regional intake entity to enroll as a "KidCare agent" in order for the entity to complete the KidCare application as authorized under Section 22 of the Children's Health Insurance Program Act.

(f) For purposes of early intervention services that may be provided by the Division of Specialized Care for Children of the University of Illinois (DSCC), the lead agency shall establish procedures whereby the early intervention regional intake entities may determine whether children enrolled in the early intervention program may also be eligible for those services, and shall develop, within 60 days after the effective date of this amendatory Act of the 92nd General Assembly, (i) the inter-agency agreement required under subsection (e) of Section 5 of this Act, establishing that early intervention funds are to be used as the payor of last resort when services required under an individualized family services plan may be provided to an eligible child through the DSCC, and (ii) training guidelines for the regional intake entities and providers that explain eligibility and billing procedures for services through DSCC.

(g) The lead agency shall require that an individual applying for or renewing enrollment as a provider of services in the early intervention program state whether or not he or she is also enrolled as a DSCC provider. This information shall be noted next to the name of the provider on the computerized roster of Illinois early intervention providers, and regional intake entities shall make every effort to refer families eligible for DSCC services to these providers.

Sec. 13.10. Private health insurance; assignment. The lead agency shall determine, at the point of new applications for early intervention services, and for all children enrolled in the early intervention program, at the regional intake offices, whether the child is insured under a private health insurance plan or policy. An application for early intervention services shall serve as a right to assignment of the right of recovery against a private health insurance plan or policy for any covered early intervention services that may be billed to the family's insurance carrier and that are provided to a child covered under the plan or policy.

Sec. 13.15. Billing of insurance carrier.

(a) Subject to the restrictions against private insurance use on the basis of material risk of loss of coverage, as determined under Section 13.25, each enrolled provider who is providing a family with early intervention services shall bill the child's insurance carrier for each unit of early intervention service for which coverage may be available. The lead agency may exempt from the requirement of this paragraph any early intervention service that it has deemed not to be covered by.
insurance plans. When the service is not exempted, providers who receive a denial of payment on the basis that the service is not covered under any circumstance under the plan are not required to bill that carrier for that service again until the following insurance benefit year. That explanation of benefits denying the claim, once submitted to the central billing office, shall be sufficient to meet the requirements of this paragraph as to subsequent services billed under the same billing code provided to that child during that insurance benefit year. Any time limit on a provider's filing of a claim for payment with the central billing office that is imposed through a policy, procedure, or rule of the lead agency shall be suspended until the provider receives an explanation of benefits or other final determination of the claim it files with the child's insurance carrier.

(b) In all instances when an insurance carrier has been billed for early intervention services, whether paid in full, paid in part, or denied by the carrier, the provider must provide the central billing office, within 90 days after receipt, with a copy of the explanation of benefits form and other information in the manner prescribed by the lead agency.

(c) When the insurance carrier has denied the claim or paid an amount for the early intervention service billed that is less than the current State rate for early intervention services, the provider shall submit the explanation of benefits with a claim for payment, and the lead agency shall pay the provider the difference between the sum actually paid by the insurance carrier for each unit of service provided under the individualized family service plan and the current State rate for early intervention services. The State shall also pay the family's co-payment or co-insurance under its plan, but only to the extent that those payments plus the balance of the claim do not exceed the current State rate for early intervention services. The provider may under no circumstances bill the family for the difference between its charge for services and that which has been paid by the insurance carrier or by the State.

Sec. 13.20. Families with insurance coverage.

(a) Families of children with insurance coverage, whether public or private, shall incur no greater or less direct out-of-pocket expenses for early intervention services than families who are not insured.

(b) Managed care plans.

(1) Use of managed care network providers. When a family's insurance coverage is through a managed care arrangement with a network of providers that includes one or more types of early intervention specialists who provide the services set forth in the family's individualized family service plan, the regional intake entity shall require the family to use those network providers, but only to the extent that:

(A) the network provider is immediately available to receive the referral and to begin providing services to the child;

(B) the network provider is enrolled as a provider in the Illinois early intervention system and fully credentialed under the current policy or rule of the lead agency;

(C) the network provider can provide the services to the child in the manner required in the individualized service plan;

(D) the family would not have to travel more than an additional 15 miles or an additional 30 minutes to the network provider than it would have to travel to a non-network provider who is available to provide the same service; and

(E) the family's managed care plan does not allow for billing (even at a reduced rate or reduced percentage of the claim) for early intervention services provided by non-network providers.

(2) Transfers from non-network to network providers. If a child has been receiving services from a non-network provider and the regional intake entity determines, at the time of enrollment in the early intervention program or at any point thereafter, that the family is enrolled in a managed care plan, the regional intake entity shall require the family to transfer to a network provider within 45 days after that determination, but within no more than 60 days after the effective date of this amendatory Act of the 92nd General Assembly, if:

(A) all the requirements of subdivision (b)(1) of this Section have been met; and

(B) the child is less than 26 months of age.

(3) Waivers. The lead agency may fully or partially waive the network enrollment

requirements of subdivision (b)(1) of this Section and the transfer requirements of subdivision (b)(2) of this Section as to a particular region, or narrower geographic area, if it finds that the managed care plans in that area are not allowing further enrollment of early intervention providers and it finds that referrals or transfers to network providers could cause an overall shortage of early intervention providers in that region of the State or could cause delays in families securing the early intervention services set forth in individualized family services plans.

(4) The lead agency, in conjunction with any entities with which it may have contracted for the training and credentialing of providers, the local interagency council for early intervention, the regional intake entity, and the enrolled providers in each region who wish to participate, shall cooperate in developing a matrix and action plan that (A) identifies both (i) which early intervention providers and which fully credentialed early intervention providers are members of the managed care plans that are used in the region by families with children in the early intervention program, and (ii) which early intervention services, with what restrictions, if any, are covered under those plans, (B) identifies which credentialed specialists are members of which managed care plans in the region, and (C) identifies the various managed care plans to early intervention providers, encourages their enrollment in the area plans, and provides them with information on how to enroll. These matrices shall be complete no later than 7 months after the effective date of this amendatory Act of the 92nd General Assembly, and shall be provided to the Early Intervention Legislative Advisory Committee at that time. The lead agency shall work with networks that may have closed enrollment to additional providers to encourage their admission of early intervention providers, and shall report to the Early Intervention Legislative Advisory Committee on the initial results of these efforts no later than February 1, 2002.

Sec. 13.25. Private insurance; exemption.
(a) The lead agency shall establish procedures for a family, whose child is eligible to receive early intervention services, to apply for an exemption restricting the use of its private insurance plan or policy based on material risk of loss of coverage as authorized under subsection (c) of this Section.

(b) The lead agency shall make a final determination on a request for an exemption within 10 business days after its receipt of a written request for an exemption at the regional intake entity. During that 10 days, no claims may be filed against the insurance plan or policy. If the exemption is granted, it shall be noted on the individualized family service plan, and the family and the providers serving the family shall be notified in writing of the exemption.

(c) An exemption may be granted on the basis of material risk of loss of coverage only if the family submits documentation with its request for an exemption that establishes (i) that the insurance plan or policy covering the child is an individually purchased plan or policy and has been purchased by a head of a household that is not eligible for a group medical insurance plan, (ii) that the policy or plan has a lifetime cap that applies to one or more specific types of early intervention services specified in the family's individualized family service plan, and that coverage could be exhausted during the period covered by the individualized family service plan, or (iii) proof of another risk that the lead agency, in its discretion, may have additionally established and defined as a ground for exemption by rule.

(d) An exemption under this Section based on material risk of loss of coverage may apply to all early intervention services and all plans or policies insuring the child, may be limited to one or more plans or policies, or may be limited to one or more types of early intervention services in the child’s individualized family services plan.

(4) that offer no fewer than 20 contact hours per year of course work, (5) that are held in no fewer
than 5 separate locales throughout the State, and (6) that give enrollment priority to early intervention
providers who do not meet the experience, education, or continuing education requirements necessary
to be fully credentialed early intervention providers; and

5 separate locales throughout the State each on the following topics:

(2) The role of the regional intake entities; service coordination; program eligibility
determinations; family fees; Medicaid, KidCare, and Division of Specialized Care

Sec. 8. Registration of dealers, limited Canadian dealers, salespersons, investment advisers,
and investment adviser representatives.

A. Except as otherwise provided in this subsection A, every dealer, limited Canadian dealer,
salesperson, investment adviser, and investment adviser representative shall be registered as such with
the Secretary of State. No dealer or salesperson need be registered as such when offering or selling
securities in transactions believed in good faith to be exempted by subsection A, B, C, D, E, G, H, I,
J, K, M, O, P, Q, R or S of Section 4 of this Act, provided that such dealer or salesperson is not
regularly engaged in the business of offering or selling securities in reliance upon the exemption set
forth in subsection G or M of Section 4 of this Act. No dealer, issuer or controlling person shall
employ a salesperson unless such salesperson is registered as such with the Secretary of State or is
employed for the purpose of offering or selling securities solely in transactions believed in good faith
to be exempted by subsection A, B, C, D, E, G, H, I, J, K, L, M, O, P, Q, R or S of Section 4 of this
Act; provided that such salesperson need not be registered when effecting transactions in this State
limited to those transactions described in Section 15(h)(2) of the Federal 1934 Act or engaging in the
offer or sale of securities in respect of which he or she has beneficial ownership and is a controlling
person. The Secretary of State may, by rule, regulation or order and subject to such terms, conditions,
and fees as may be prescribed in such rule, regulation or order, exempt from the registration
requirements of this Section 8 any investment adviser, if the Secretary of State shall find that such
registration is not necessary in the public interest by reason of the small number of clients or otherwise
limited character of operation of such investment adviser.

B. An application for registration as a dealer or limited Canadian dealer, executed, verified,
or authenticated by or on behalf of the applicant, shall be filed with the Secretary of State, in such
form as the Secretary of State may by rule, regulation or order prescribe, setting forth or accompanied
by:

(1) The name and address of the applicant, the location of its principal business office and
all branch offices, if any, and the date of its organization;

(b) A list setting forth the name, residence and business address and a 10 year occupational statement of each principal of the applicant and a statement describing briefly any civil or criminal proceedings of which fraud is an essential element pending against any such principal and the facts concerning any conviction of any such principal of a felony, or of any misdemeanor of which fraud is an essential element;

(5) If the applicant is a corporation: a list of its officers and directors setting forth the residence and business address of each; a 10-year occupational statement of each such officer or director; and a statement describing briefly any civil or criminal proceedings of which fraud is an essential element pending against each such officer or director and the facts concerning any conviction of any officer or director of a felony, or of any misdemeanor of which fraud is an essential element;

(6) If the applicant is a sole proprietorship, a partnership, limited liability company, an unincorporated association or any similar form of business organization: the name, residence and business address of the proprietor or of each partner, member, officer, director, trustee or manager; the limitations, if any, of the liability of each such individual; a 10-year occupational statement of each such individual; a statement describing briefly any civil or criminal proceedings of which fraud is an essential element pending against each such individual and the facts concerning any conviction of any such individual of a felony, or of any misdemeanor of which fraud is an essential element;

(7) Such additional information as the Secretary of State may by rule or regulation prescribe as necessary to determine the applicant's financial responsibility, business repute and qualification to act as a dealer.

(8) (a) No applicant shall be registered or re-registered as a dealer or limited Canadian dealer under this Section unless and until each principal of the dealer has passed an examination conducted by the Secretary of State or a self-regulatory organization of securities dealers or similar person, which examination has been designated by the Secretary of State by rule, regulation or order to be satisfactory for purposes of determining whether the applicant has sufficient knowledge of the securities business and laws relating thereto to act as a registered dealer. Any dealer who was registered on September 30, 1963, and has continued to be so registered; and any principal of any registered dealer, who was acting in such capacity on and continuously since September 30, 1963; and any individual who has previously passed a securities dealer examination administered by the Secretary of State or any examination designated by the Secretary of State to be satisfactory for purposes of determining whether the applicant has sufficient knowledge of the securities business and laws relating thereto to act as a registered dealer by rule, regulation or order, shall not be required to pass an examination in order to continue to act in such capacity. The Secretary of State may by order waive the examination requirement for any principal of an applicant for registration under this subsection B who has had such experience or education relating to the securities business as may be determined by the Secretary of State to be the equivalent of such examination. Any request for such a waiver shall be filed with the Secretary of State in such form as may be prescribed by rule or regulation.

(b) Unless an applicant is a member of the body corporate known as the Securities Investor Protection Corporation established pursuant to the Act of Congress of the United States known as the Securities Investor Protection Act of 1970, as amended, a member of an association of dealers registered as a national securities association pursuant to Section 15A of the Federal 1934 Act, or a member of a self-regulatory organization or stock exchange in Canada which the Secretary of State has designated by rule or order, an applicant shall not
be registered or re-registered unless and until there is filed with the Secretary of State
evidence that such applicant has in effect insurance or other equivalent protection for each
client's cash or securities held by such applicant, and an undertaking that such applicant will
continually maintain such insurance or other protection during the period of registration or
re-registration. Such insurance or other protection shall be in a form and amount reasonably
prescribed by the Secretary of State by rule or regulation.

(9) The application for the registration of a dealer or limited Canadian dealer shall be
accompanied by a filing fee and a fee for each branch office in this State, in each case in the
amount established pursuant to Section 11a of this Act, which fees shall not be returnable in
any event.

(10) The Secretary of State shall notify the dealer or limited Canadian dealer by written
notice (which may be by electronic or facsimile transmission) of the effectiveness of the
registration as a dealer in this State.

(11) Any change which renders no longer accurate any information contained in any
application for registration or re-registration of a dealer or limited Canadian dealer shall be
reported to the Secretary of State within 10 business days after the occurrence of such change;
but in respect to assets and liabilities only materially adverse changes need be reported.

C. Any registered dealer, limited Canadian dealer, issuer, or controlling person desiring to
register a salesperson shall file an application with the Secretary of State, in such form as the Secretary
of State may by rule or regulation prescribe, which the salesperson is required by this Section to
provide to the dealer, issuer, or controlling person, executed, verified, or authenticated by the
salesperson setting forth or accompanied by:

(1) the name, residence and business address of the salesperson;
(2) whether any federal or State license or registration as dealer, limited Canadian dealer,

withdrawn, barred, limited, or otherwise adversely affected in a similar manner or whether
the salesperson has ever been censured or expelled;
(3) the nature of employment with, and names and addresses of, employers of the
salesperson for the 10 years immediately preceding the date of application;

element pending against the salesperson, and whether the salesperson has ever been convicted
of a felony, or of any misdemeanor of which fraud is an essential element;
(5) such additional information as the Secretary of State may by rule, regulation or order
prescribe as necessary to determine the salesperson's business repute and qualification to act
as a salesperson; and
(6) no individual shall be registered or re-registered as a salesperson under this Section
unless and until such individual has passed an examination conducted by the Secretary of
State or a self-regulatory organization of securities dealers or similar person, which
examination has been designated by the Secretary of State by rule, regulation or order to be
satisfactory for purposes of determining whether the applicant has sufficient knowledge of
the securities business and laws relating thereto to act as a registered salesperson.

Any salesperson who was registered prior to September 30, 1963, and has continued to
be so registered, and any individual who has passed a securities salesperson examination
administered by the Secretary of State or an examination designated by the Secretary of State
by rule, regulation or order to be satisfactory for purposes of determining whether the
applicant has sufficient knowledge of the securities business and laws relating thereto to act
as a registered salesperson, shall not be required to pass an examination in order to continue
to act as a salesperson. The Secretary of State may by order waive the examination
requirement for any applicant for registration under this subsection C who has had such
experience or education relating to the securities business as may be determined by the
Secretary of State to be the equivalent of such examination. Any request for such a waiver
shall be filed with the Secretary of State in such form as may be prescribed by rule, regulation
or order.

(7) The application for registration of a salesperson shall be accompanied by a filing fee
and a Securities Audit and Enforcement Fund fee, each in the amount established pursuant

to Section 11a of this Act, which shall not be returnable in any event.

(8) Any change which renders no longer accurate any information contained in any application for registration or re-registration as a salesperson shall be reported to the Secretary of State within 10 business days after the occurrence of such change. If the activities are terminated which rendered an individual a salesperson for the dealer, issuer or controlling person, the dealer, issuer or controlling person, as the case may be, shall notify the Secretary of State, in writing, within 30 days of the salesperson's cessation of activities, using the appropriate termination notice form.

(9) A registered salesperson may transfer his or her registration under this Section 8 for the unexpired term thereof from one registered dealer or limited Canadian dealer to another by the giving of notice of the transfer by the new registered dealer or limited Canadian dealer to the Secretary of State in such form and subject to such conditions as the Secretary of State shall by rule or regulation prescribe. The new registered dealer or limited Canadian dealer shall promptly file an application for registration of such salesperson as provided in this subsection C, accompanied by the filing fee prescribed by paragraph (7) of this subsection C.

C-5. Except with respect to federal covered investment advisers whose only clients are investment companies as defined in the Federal 1940 Act, other investment advisers, federal covered investment advisers, or any similar person which the Secretary of State may prescribe by rule or order, a federal covered investment adviser shall file with the Secretary of State, prior to acting as a federal covered investment adviser in this State, such documents as have been filed with the Securities and Exchange Commission as the Secretary of State by rule or order may prescribe. The notification of a federal covered investment adviser shall be accompanied by a notification filing fee established pursuant to Section 11a of this Act, which shall not be returnable in any event. Every person acting as a federal covered investment adviser in this State shall file a notification filing and pay an annual notification filing fee established pursuant to Section 11a of this Act, which is not returnable in any event. The failure to file any such notification shall constitute a violation of subsection D of Section 12 of this Act, subject to the penalties enumerated in Section 14 of this Act. Until October 10, 1999 or other date as may be legally permissible, a federal covered investment adviser who fails to file the notification or refuses to pay the fees as required by this subsection shall register as an investment adviser with the Secretary of State under Section 8 of this Act. The civil remedies provided for in subsection A of Section 13 of this Act and the civil remedies of rescission and appointment of receiver, conservator, ancillary receiver, or ancillary conservator provided for in subsection F of Section 13 of this Act shall not be available against any person by reason of the failure to file any such notification or to pay the notification fee or on account of the contents of any such notification.

D. An application for registration as an investment adviser, executed, verified, or authenticated by or on behalf of the applicant, shall be filed with the Secretary of State, in such form as the Secretary of State may by rule or regulation prescribe, setting forth or accompanied by:

(1) The name and form of organization under which the investment adviser engages or intends to engage in business; the state or country and date of its organization; the location of the adviser's principal business office and branch offices, if any; the names and addresses of the adviser's principal, partners, officers, directors, and persons performing similar functions or, if the investment adviser is an individual, of the individual; and the number of the adviser's employees who perform investment advisory functions;

(7) (a) A statement as to whether the investment adviser is engaged or is to engage primarily in the business of rendering investment supervisory services; and

(2) If the Secretary of State shall find that any person has violated subsection C, D, E, F, G, H, I, J, or K of Section 12 of this Act, the Secretary of State may by written order temporarily or permanently prohibit or suspend the person from offering or selling any securities, any mineral investment contract, or any mineral deferred delivery contract in this State, provided that any person who is the subject of an order of permanent prohibition may petition the Secretary of State for a hearing to present evidence of rehabilitation or change in circumstances justifying the amendment or termination of the order of permanent prohibition.

(4) In addition to any other sanction or remedy contained in this subsection E, the Secretary of State, after finding that any provision of this Act has been violated, may impose a fine as provided by rule, regulation or order not to exceed $10,000 for each violation of this Act, and may issue an order of public censure against the violator, and may charge as costs of investigation all reasonable expenses, including attorney's fees and witness fees.

Such notice shall state the date and time and place of the hearing and shall contain a brief statement of the proposed action of the Secretary of State and the grounds for the proposed action. A failure to appear at the hearing or otherwise respond to the allegations set forth in the notice of hearing shall constitute an admission of any facts alleged therein and shall constitute sufficient basis to enter an order.

(2) Anything herein contained to the contrary notwithstanding, the Secretary of State may temporarily prohibit or suspend, for a maximum period of 90 days, by an order effective immediately, the offer or sale or registration of securities, the registration of a dealer, salesperson, investment adviser, or investment adviser representative, or the offer or sale of securities by any person, or the business of rendering investment advice, without the notice and prior hearing in this subsection prescribed, if the Secretary of State shall in his or her opinion, based on credible evidence, deem it necessary to prevent an imminent violation of this Act or to prevent losses to investors which the Secretary of State reasonably believes will occur as a result of a prior violation of this Act.

Immediately after taking action without such notice and hearing, the Secretary of State shall deliver a copy of the temporary order to the respondent named therein by personal service or registered mail or certified mail, return receipt requested. The temporary order shall set forth the grounds for the action and shall advise that the respondent may request a hearing as soon as reasonably practicable, that the request for a hearing will not stop the effectiveness of the temporary order and that respondent's failure to request a hearing within 30 days after the date of the entry of the temporary order shall constitute an admission of any facts alleged therein and shall constitute sufficient basis to make the temporary order final. Any provision of this paragraph (2) to the contrary notwithstanding, the Secretary of State may not pursuant to the provisions of this paragraph (2) suspend the registration of a dealer, limited Canadian dealer, salesperson, investment adviser, or investment adviser representative based upon sub-paragraph (n) of paragraph (l) of subsection E of Section 8 of this Act or revoke the registration of securities or revoke the registration of any dealer, salesperson, investment adviser representative, or investment adviser.

(4) When the Secretary of State finds that an application for registration as a dealer, salesperson or investment adviser should be denied, the Secretary of State may enter an order denying the registration. Immediately after taking such action, the Secretary of State shall deliver a copy of the order to the respondent named therein by personal service or registered mail or certified mail, return receipt requested. The order shall state the grounds for the action and that the matter will be set for hearing upon written request filed with the Secretary of State within 30 days after the receipt of the request by the respondent. The respondent's failure to request a hearing within 30 days after receipt of the order shall constitute an admission of any facts alleged therein and shall make the order final. If a hearing is held, the Secretary of State shall affirm, vacate, or modify the order.

(5) The findings and decision of the Secretary of State upon the conclusion of each final hearing held pursuant to this subsection shall be set forth in a written order signed on behalf of the Secretary of State by his or her designee and shall be filed as a public record. All hearings shall be held before a person designated by the Secretary of State, and appropriate records thereof shall be kept.

(6) Notwithstanding the foregoing, the Secretary of State, after notice and opportunity for hearing, may at his or her discretion enter into an agreed settlement, stipulation or consent order with a respondent in accordance with the provisions of the Illinois Administrative Procedure Act. The provisions of the agreed settlement, stipulation or consent order shall have the full force and effect of an order issued by the Secretary of State.

The provisions of the agreed settlement, stipulation, or consent order shall have the full force and effect of an order issued by the Secretary of State.

(6) The action of the Secretary of State in denying, suspending, or revoking the registration of a business opportunity, in prohibiting or suspending a person from offering or selling business opportunities, in prohibiting or suspending the offer or sale of business opportunities, in imposing any fine for violation of this Law, or in issuing any order shall be subject to judicial review under the Administrative Review Law which shall apply to and govern every action for the judicial review of final actions or decisions of the Secretary of State under this Law.

county in which he is appointed, the following:

(1) $22,000 for each assistant state's attorney in counties with one or more State correctional institutions with a total average daily inmate population in excess of 2,000, on the basis of 2 assistant state's attorneys when the total average daily inmate population exceeds 2,000 but is less than 4,000; and 3 assistant state's attorneys when such population exceeds 4,000; with reimbursement to be based on actual services rendered.
(2) $15,000 per year for one assistant state's attorney in counties having one or more correctional institutions with a total average daily inmate population of between 750 and 2,000 inmates, with reimbursement to be based on actual services rendered.
(3) A maximum of $12,000 per year for one assistant state's attorney in counties having less than 750 inmates, with reimbursement to be based on actual services rendered.

Upon application of the county governing authority and certification of the State's Attorney, the Director of Corrections may, in his discretion and subject to appropriation, increase the amount of salary reimbursement to a county in the event special circumstances require the county to incur extraordinary salary expenditures as a result of services performed in connection with State correctional institutions in that county.

In determining whether or not to increase the amount of salary reimbursement, the Director shall consider, among other matters:

(1) the nature of the services rendered;
(2) the results or dispositions obtained;

New matter indicated by italics - deletions by strikeout.
Such salaries shall be paid to the state's attorney and the assistant state's attorney in equal monthly installments by such county out of the county treasury provided that the State of Illinois shall reimburse each county monthly from the state treasury the amount of such salary. This Section shall not prevent the payment of such additional compensation to the state's attorney or assistant state's attorney of any county, out of the treasury of that county as may be provided by law.

(g) For purposes of this Section, "State mental health institution" means any institution under the jurisdiction of the Department of Human Services that is listed in Section 4 of the Mental Health and Developmental Disabilities Administrative Act.

For purposes of this Section, "State correctional institution" means any facility of the Department of Corrections including adult facilities, juvenile facilities, pre-release centers, community correction centers, and work camps.

For purposes of this Section, "State university" means the University of Illinois, Southern Illinois University, Chicago State University, Eastern Illinois University, Governors State University, Illinois State University, Northeastern Illinois University, Northern Illinois University, Western Illinois University, and any public community college which has established a program of interinstitutional cooperation with one of the foregoing institutions whereby a student, after earning an associate degree from the community college, pursues a course of study at the community college campus leading to a baccalaureate degree from the foregoing institution (also known as a "2 Plus 2" degree program).

(h) A number of assistant state's attorneys shall be appointed in each county that chooses to participate, as provided in this subsection, for the prosecution of alcohol-related traffic offenses. Each county shall receive monthly a subsidy for payment of the salaries and benefits of these assistant state's attorneys from State funds appropriated to the county for that purpose. The amounts of subsidies provided by this subsection shall be adjusted for inflation each July 1 using the Consumer Price Index of the Bureau of Labor Statistics of the U.S. Department of Labor.

When a county chooses to participate in the subsidy program described in this subsection (h), the number of assistant state's attorneys who are prosecuting alcohol-related traffic offenses must increase according to the subsidy provided in this subsection. These appointed assistant state's attorneys shall be in addition to any other assistant state's attorneys assigned to those cases on the effective date of this amendatory Act of the 91st General Assembly, and may not replace those assistant state's attorneys. In counties where the state's attorney is the sole prosecutor, this subsidy shall be used to provide an assistant state's attorney to prosecute alcohol-related traffic offenses along with the state's attorney. In counties where the state's attorney is the sole prosecutor, and in counties where a judge presides over cases involving a variety of misdemeanors, including alcohol-related traffic matters, assistant state's attorneys appointed and subsidized by this subsection (h) may also prosecute the different misdemeanor cases at the direction of the state's attorney.

Assistant state's attorneys shall be appointed under this subsection in the following number and counties shall receive the following annual subsidies:

1. In counties with fewer than 30,000 inhabitants, one at $35,000.
2. In counties with 30,000 or more but fewer than 100,000 inhabitants, one at $45,000.
3. In counties with 100,000 or more but fewer than 300,000 inhabitants, 2 at $45,000 each.
4. In counties, other than Cook County, with 300,000 or more inhabitants, 4 at $50,000 each.

The amounts appropriated under this Section must be segregated by population classification and disbursed monthly.

If in any year the amount appropriated for the purposes of this subsection (h) is insufficient to pay all of the subsidies specified in this subsection, the amount appropriated shall first be prorated by the population classifications of this subsection (h) and then among the counties choosing to participate within each of those classifications. If any of the appropriated moneys for each population classification remain at the end of a fiscal year, the remainder of the moneys may be allocated to participating counties that were not fully funded during the course of the year. Nothing in this subsection prohibits 2 or more State's attorneys from combining their subsidies to appoint a joint assistant State's attorney to prosecute alcohol-related traffic offenses in multiple counties. Nothing in this subsection prohibits a State's attorney from appointing an assistant State's attorney by contract.

(765 ILCS 225/2) (from Ch. 133, par. 102)
Sec. 2. The system of plane coordinates which has been established by the United States Department of Commerce, National Oceanic and Atmospheric Administration, National Ocean Service, National Geodetic Survey for defining and stating the positions or locations of points on the surface of the earth within the State of Illinois is hereinafter to be known and designated as the "Illinois Coordinate System".

(765 ILCS 225/5) (from Ch. 133, par. 105)
Sec. 5. The plane coordinates of a point on the earth's surface, used in expressing the position or location of that point in the appropriate zone of this system, consists of 2 distances, expressed in units of U.S. survey feet and decimals of a foot. One of these distances, known as the "x-coordinate", gives the position in an east-and-west direction; the other, known as the "y-coordinate", gives the position in a north-and-south direction. These coordinates depend upon and conform to the coordinates, on the Illinois Coordinate System, of the monumented survey triangulation and traverse stations of the United States National Geodetic Survey within the State of Illinois, as those coordinates have been determined by that survey.

(765 ILCS 225/7) (from Ch. 133, par. 107)
Sec. 7. For purposes of more precisely defining the Illinois Coordinate System the following definitions by the United States National Geodetic Ocean Survey are adopted:

The Illinois Coordinate System, East Zone, is based on the transverse Mercator projection of the North American Datum of 1983 (NAD 83) or the Clarke spheroid of 1866 (North American Datum of 1927) (NAD 27), having a central meridian of eighty-eight degrees and twenty minutes West (88° -20'W.) of Greenwich on which meridian the scale is set at one part in 40,000 too small. The origin of coordinates is at the intersection of the meridian eighty-eight degrees and twenty minutes West (88° -20'W.) of Greenwich and thirty-six degrees and forty minutes North (36° -40'N.) latitude. The origin is given the coordinates \(x = 300,000\) meters (984,250.000 feet) and \(y = 0\) meters for NAD 83 and \(x = 500,000\) feet and \(y = 0\) feet for the NAD 27.

The Illinois Coordinate System, West Zone, is based on the transverse Mercator projection of the North American Datum of 1983 (NAD 83) or the Clarke spheroid of 1866 North American Datum of 1927 (NAD 27), having a central meridian of ninety degrees and ten minutes West (90° -10'W.) of Greenwich, on which meridian the scale is set at one part in 17,000 too small. The origin of coordinates is at the intersection of the meridian ninety degrees and ten minutes West (90° -10'W.) of Greenwich and thirty-six degrees and forty minutes North (36° -40'N.) latitude. The origin is given the coordinates \(x = 700,000\) meters (2,296,583.333 feet) and \(y = 0\) meters for NAD 83 and \(x = 500,000\) feet and \(y = 0\) feet for the NAD 27.

The position of the Illinois Coordinate System is as marked on the ground by monumented survey triangulation or traverse stations established in conformity with standards adopted by the United States National Geodetic Ocean Survey for second and higher order first-order and second-order work, whose geodetic positions have been rigidly adjusted on the North American Datum (NAD 1927 or NAD 1983, or both), and whose coordinates have been computed on the system herein defined. Any such stations may be used for establishing a survey connection with the Illinois Coordinate System.

Act of 1987, any minor adjudicated delinquent for an offense which if committed by an adult would constitute a violation of the Cannabis Control Act, the Illinois Controlled Substances Act or the Steroid Control Act shall be assessed a criminal laboratory analysis fee of $100 $50 for each adjudication. Upon verified petition of the minor, the court may suspend payment of all or part of the fee if it finds that the minor does not have the ability to pay the fee. The parent, guardian or legal custodian of the minor may pay some or all of such fee on the minor's behalf.

(d) All criminal laboratory analysis fees provided for by this Section shall be collected by the clerk of the court and forwarded to the appropriate crime laboratory fund as provided in subsection (f).

(e) Crime laboratory funds shall be established as follows:

(1) Any unit of local government which maintains a crime laboratory may establish a crime laboratory fund within the office of the county or municipal treasurer.

(2) Any combination of units of local government which maintains a crime laboratory may establish a crime laboratory fund within the office of the treasurer of the county where the crime laboratory is situated.

(3) The State Crime Laboratory Fund is hereby created as a special fund in the State Treasury.

(f) The analysis fee provided for in subsections (b) and (c) of this Section shall be forwarded to the office of the treasurer of the unit of local government that performed the analysis if that unit of local government has established a crime laboratory fund, or to the State Crime Laboratory Fund if the analysis was performed by a laboratory operated by the Illinois State Police. If the analysis was performed by a crime laboratory funded by a combination of units of local government, the analysis fee shall be forwarded to the treasurer of the county where the crime laboratory is situated if a crime laboratory fund has been established in that county. If the unit of local government or combination of units of local government has not established a crime laboratory fund, then the analysis fee shall be forwarded to the State Crime Laboratory Fund. The clerk of the circuit court may retain the amount of $10 $5 from each collected analysis fee to offset administrative costs incurred in carrying out the clerk's responsibilities under this Section.

(g) Fees deposited into a crime laboratory fund created pursuant to paragraphs (1) or (2) of subsection (e) of this Section shall be in addition to any allocations made pursuant to existing law and shall be designated for the exclusive use of the crime laboratory. These uses may include, but are not limited to, the following:

(1) costs incurred in providing analysis for controlled substances in connection with criminal investigations conducted within this State;

(2) purchase and maintenance of equipment for use in performing analyses; and

(3) continuing education, training and professional development of forensic scientists regularly employed by these laboratories.

(h) Fees deposited in the State Crime Laboratory Fund created pursuant to paragraph (3) of subsection (d) of this Section shall be used by State crime laboratories as designated by the Director of State Police. These funds shall be in addition to any allocations made pursuant to existing law and shall be designated for the exclusive use of State crime laboratories. These uses may include those enumerated in subsection (g) of this Section.

Sec. 9. Appointment; qualifications.
(a) Except as otherwise provided in this Section, the appointment of Department of State Police officers shall be made from those applicants who have been certified by the Board as being qualified for appointment. All persons so appointed shall, at the time of their appointment, be not less than 21 years of age, or 20 years of age and have successfully completed 2 years of law enforcement studies at an accredited college or university. Any person appointed subsequent to successful completion of 2 years of such law enforcement studies shall not have power of arrest, nor shall he be permitted to carry firearms, until he reaches 21 years of age. In addition, all persons so certified for appointment shall be of sound mind and body, be of good moral character, be citizens of the United States, have no criminal records, possess such prerequisites of training, education and experience as the Board may from time to time prescribe, and shall be required to pass successfully such mental and physical tests and examinations as may be prescribed by the Board. Preference shall be given in such appointments to persons who have honorably served in the military or naval services of the United States. All appointees shall serve a probationary period of 12 months from the date of appointment and during that period may be discharged at the will of the Director. However, the Director may in his or her sole discretion extend the probationary period of an officer up to an additional 6 months when to do so is deemed in the best interest of the Department.

(b) Notwithstanding the other provisions of this Act, after July 1, 1977 and before July 1, 1980, the Director of State Police may appoint and promote not more than 20 persons having special qualifications as special agents as he deems necessary to carry out the Department's objectives. Any such appointment or promotion shall be ratified by the Board.

(c) During the 90 days following the effective date of this amendatory Act of 1995, the Director of State Police may appoint up to 25 persons as State Police officers. These appointments shall be made in accordance with the requirements of this subsection (c) and any additional criteria that may be established by the Director, but are not subject to any other requirements of this Act. The Director may specify the initial rank for each person appointed under this subsection.

All appointments under this subsection (c) shall be made from personnel certified by the Board. A person certified by the Board and appointed by the Director under this subsection must have been employed by the Illinois Commerce Commission on November 30, 1994 in a job title subject to the Personnel Code and in a position for which the person was eligible to earn "eligible creditable service" as a "noncovered employee", as those terms are defined in Article 14 of the Illinois Pension Code.

Persons appointed under this subsection (c) shall thereafter be subject to the same requirements and procedures as other State police officers. A person appointed under this subsection must serve a probationary period of 12 months from the date of appointment, during which he or she may be discharged at the will of the Director.

This subsection (c) does not affect or limit the Director's authority to appoint other State Police officers under subsection (a) of this Section.

AN ACT in relation to child care.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Child Care Act of 1969 is amended by changing Section 2.17 as follows:

Sec. 2.17. "Foster family home" means a facility for child care in residences of families who receive no more than 8 children unrelated to them, unless all the children are of common parentage, or residences of relatives who receive no more than 8 related children placed by the Department, unless the children are of common parentage, for the purpose of providing family care and training for the children on a full-time basis, except the Director of Children and Family Services, pursuant to Department regulations, may waive the limit of 8 children unrelated to an adoptive family for good cause and only to facilitate an adoptive placement. The family's or relative's own children, under 18 years of age, shall be included in determining the maximum number of children served. For purposes of this Section, a "relative" includes any person, 21 years of age or over, other than the parent, who (i) is currently related to the child in any of the following ways by blood or adoption: grandparent, sibling, great-grandparent, uncle, aunt, nephew, niece, first cousin, great-uncle, or great-aunt; or (ii) is the spouse of such a relative; or (iii) is a child's step-father, step-mother, or adult step-brother or step-sister; "relative" also includes a person related in any of the foregoing ways to a sibling of a child, even though the person is not related to the child, when the child and its sibling are placed together with that person. The term "foster family home" includes homes receiving children from any State-operated institution for child care; or from any agency established by a municipality or other political subdivision of the State of Illinois authorized to provide care for children outside their own homes. The term "foster family home" does not include an "adoption-only home" as defined in Section 2.23 of this Act. The types of foster family homes are defined as follows:

(a) "Boarding home" means a foster family home which receives payment for regular full-time care of a child or children.
(b) "Free home" means a foster family home other than an adoptive home which does not receive payments for the care of a child or children.
(c) "Adoptive home" means a foster family home which receives a child or children for the purpose of adopting the child or children.
(d) "Work-wage home" means a foster family home which receives a child or children who pay part or all of their board by rendering some services to the family not prohibited by the Child Labor Law or by standards or regulations of the Department prescribed under this Act. The child or children may receive a wage in connection with the services rendered the foster family.
(e) "Agency-supervised home" means a foster family home under the direct and regular supervision of a licensed child welfare agency, of the Department of Children and Family Services, of a circuit court, or of any other State agency which has authority to place children in child care facilities, and which receives no more than 8 children, unless of common parentage, who are placed and are regularly supervised by one of the specified agencies.
(f) "Independent home" means a foster family home, other than an adoptive home, which receives no more than 4 children, unless of common parentage, directly from parents, or other legally responsible persons, by independent arrangement and which is not subject to direct and regular supervision of a specified agency except as such supervision pertains to licensing by the Department.

PUBLIC ACT 92-0320
(Senate Bill No. 0840)

AN ACT concerning minors.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Juvenile Court Act of 1987 is amended by changing Section 2-28 as follows:
(705 ILCS 405/2-28) (from Ch. 37, par. 802-28)
Sec. 2-28. Court review.
(1) The court may require any legal custodian or guardian of the person appointed under this Act to report periodically to the court or may cite him into court and require him or his agency, to make a full and accurate report of his or its doings in behalf of the minor. The custodian or guardian, within 10 days after such citation, shall make the report, either in writing verified by affidavit or orally under oath in open court, or otherwise as the court directs. Upon the hearing of the report the court may remove the custodian or guardian and appoint another in his stead or restore the minor to the custody of his parents or former guardian or custodian. However, custody of the minor shall not be restored to any parent, guardian or legal custodian in any case in which the minor is found to be neglected or abused under Section 2-3 or dependent under Section 2-4 of this Act, unless the minor can be cared for at home without endangering the minor's health or safety and it is in the best interests of the minor, and if such neglect, abuse, or dependency is found by the court under paragraph (1) of Section 2-21 of this Act to have come about due to the acts or omissions or both of such parent, guardian or legal custodian, until such time as an investigation is made as provided in paragraph (5) and a hearing is held on the issue of the fitness of such parent, guardian or legal custodian to care for the minor and the court enters an order that such parent, guardian or legal custodian is fit to care for the minor.
(2) The first permanency hearing shall be conducted by the judge. Subsequent permanency hearings may be heard by a judge or by hearing officers appointed or approved by the court in the manner set forth in Section 2-28.1 of this Act. The initial hearing shall be held (a) within 12 months from the date temporary custody was taken, (b) if the parental rights of both parents have been terminated in accordance with the procedure described in subsection (5) of Section 2-21, within 30 days of the order for termination of parental rights and appointment of a guardian with power to consent to adoption, or (c) in accordance with subsection (2) of Section 2-13.1. Subsequent permanency hearings shall be held every 6 months or more frequently if necessary in the court's
determination following the initial permanency hearing, in accordance with the standards set forth in this Section, until the court determines that the plan and goal have been achieved. Once the plan and goal have been achieved, if the minor remains in substitute care, the case shall be reviewed at least every 6 months thereafter, subject to the provisions of this Section, unless the minor is placed in the guardianship of a suitable relative or other person and the court determines that further monitoring by the court does not further the health, safety or best interest of the child and that this is a stable permanent placement. The permanency hearings must occur within the time frames set forth in this subsection and may not be delayed in anticipation of a report from any source or due to the agency's failure to timely file its written report (this written report means the one required under the next paragraph and does not mean the service plan also referred to in that paragraph).

The public agency that is the custodian or guardian of the minor, or another agency responsible for the minor's care, shall ensure that all parties to the permanency hearings are provided a copy of the most recent service plan prepared within the prior 6 months at least 14 days in advance of the hearing. If not contained in the plan, the agency shall also include a report setting forth (i) any special physical, psychological, educational, medical, emotional, or other needs of the minor or his or her family that are relevant to a permanency or placement determination and (ii) for any minor age 16 or over, a written description of the programs and services that will enable the minor to prepare for independent living. The agency's written report must detail what progress or lack of progress the parent has made in correcting the conditions requiring the child to be in care; whether the child can be returned home without jeopardizing the child's health, safety, and welfare; and if not, what permanency goal is recommended to be in the best interests of the child, and why the other permanency goals are not appropriate. The caseworker must appear and testify at the permanency hearing. If a permanency hearing has not previously been scheduled by the court, the moving party shall move for the setting of a permanency hearing and the entry of an order within the time frames set forth in this subsection.

At the permanency hearing, the court shall determine the future status of the child. The court shall set one of the following permanency goals:

(A) The minor will be returned home by a specific date within 5 months.

(B) The minor will be in short-term care with a continued goal to return home within a period not to exceed one year, where the progress of the parent or parents is substantial giving particular consideration to the age and individual needs of the minor.

(B-1) The minor will be in short-term care with a continued goal to return home pending a status hearing. When the court finds that a parent has not made reasonable efforts or reasonable progress to date, the court shall identify what actions the parent and the Department must take in order to justify a finding of reasonable efforts or reasonable progress and shall set a status hearing to be held not earlier than 9 months from the date of adjudication nor later than 11 months from the date of adjudication during which the parent's progress will again be reviewed.

(C) The minor will be in substitute care pending court determination on termination of parental rights.

(D) Adoption, provided that parental rights have been terminated or relinquished.

(E) The guardianship of the minor will be transferred to an individual or couple on a permanent basis provided that goals (A) through (D) have been ruled out.

(F) The minor over age 15½ will be in substitute care pending independence.

(G) The minor will be in substitute care because he or she cannot be provided for in a home environment due to developmental disabilities or mental illness or because he or she is a danger to self or others, provided that goals (A) through (D) have been ruled out.

In selecting any permanency goal, the court shall indicate in writing the reasons the goal was selected and why the preceding goals were ruled out. Where the court has selected a permanency goal other than (A), (B), or (B-1), the Department of Children and Family Services shall not provide further reunification services, but shall provide services consistent with the goal selected.

The court shall set a permanency goal that is in the best interest of the child. The court's determination shall include the following factors:

(1) Age of the child.

(2) Options available for permanence.
(3) Current placement of the child and the intent of the family regarding adoption.
(4) Emotional, physical, and mental status or condition of the child.
(5) Types of services previously offered and whether or not the services were successful and, if not successful, the reasons the services failed.
(6) Availability of services currently needed and whether the services exist.
(7) Status of siblings of the minor.

The court shall consider (i) the permanency goal contained in the service plan, (ii) the appropriateness of the services contained in the plan and whether those services have been provided, (iii) whether reasonable efforts have been made by all the parties to the service plan to achieve the goal, and (iv) whether the plan and goal have been achieved. All evidence relevant to determining these questions, including oral and written reports, may be admitted and may be relied on to the extent of their probative value.

If the goal has been achieved, the court shall enter orders that are necessary to conform the minor's legal custody and status to those findings.

If, after receiving evidence, the court determines that the services contained in the plan are not reasonably calculated to facilitate achievement of the permanency goal, the court shall put in writing the factual basis supporting the determination and enter specific findings based on the evidence. The court also shall enter an order for the Department to develop and implement a new service plan or to implement changes to the current service plan consistent with the court's findings. The new service plan shall be filed with the court and served on all parties within 45 days of the date of the order. The court shall continue the matter until the new service plan is filed. Unless otherwise specifically authorized by law, the court is not empowered under this subsection (2) or under subsection (3) to order specific placements, specific services, or specific service providers to be included in the plan.

A guardian or custodian appointed by the court pursuant to this Act shall file updated case plans with the court every 6 months.

Rights of wards of the court under this Act are enforceable against any public agency by complaints for relief by mandamus filed in any proceedings brought under this Act.

(3) Following the permanency hearing, the court shall enter a written order that includes the determinations required under subsection (2) of this Section and sets forth the following:

(a) The future status of the minor, including the permanency goal, and any order necessary to conform the minor's legal custody and status to such determination; or

(b) If the permanency goal of the minor cannot be achieved immediately, the specific reasons for continuing the minor in the care of the Department of Children and Family Services or other agency for short term placement, and the following determinations:

(i) (Blank).

(ii) Whether the services required by the court and by any service plan prepared within the prior 6 months have been provided and (A) if so, whether the services were reasonably calculated to facilitate the achievement of the permanency goal or (B) if not provided, why the services were not provided.

(iii) Whether the minor's placement is necessary, and appropriate to the plan and goal, recognizing the right of minors to the least restrictive (most family-like) setting available and in close proximity to the parents' home consistent with the health, safety, best interest and special needs of the minor and, if the minor is placed out-of-State, whether the out-of-State placement continues to be appropriate and consistent with the health, safety, and best interest of the minor.

(iv) (Blank).

(v) (Blank).

Any order entered pursuant to this subsection (3) shall be immediately appealable as a matter of right under Supreme Court Rule 304(b)(1).

(4) The minor or any person interested in the minor may apply to the court for a change in custody of the minor and the appointment of a new custodian or guardian of the person or for the restoration of the minor to the custody of his parents or former guardian or custodian.

When return home is not selected as the permanency goal:

(a) The Department, the minor, or the current foster parent or relative caregiver seeking
private guardianship may file a motion for private guardianship of the minor. Appointment of a guardian under this Section requires approval of the court.

(b) The State's Attorney may file a motion to terminate parental rights of any parent who has failed to make reasonable efforts to correct the conditions which led to the removal of the child or reasonable progress toward the return of the child, as defined in subdivision (D)(m) of Section 1 of the Adoption Act or for whom any other unfitness ground for terminating parental rights as defined in subdivision (D) of Section 1 of the Adoption Act exists.

Custody of the minor shall not be restored to any parent, guardian or legal custodian in any case in which the minor is found to be neglected or abused under Section 2-3 or dependent under Section 2-4 of this Act, unless the minor can be cared for at home without endangering his or her health or safety and it is in the best interest of the minor, and if such neglect, abuse, or dependency is found by the court under paragraph (1) of Section 2-21 of this Act to have come about due to the acts or omissions or both of such parent, guardian or legal custodian, until such time as an investigation is made as provided in paragraph (5) and a hearing is held on the issue of the health, safety and best interest of the minor and the fitness of such parent, guardian or legal custodian to care for the minor and the court enters an order that such parent, guardian or legal custodian is fit to care for the minor. In the event that the minor has attained 18 years of age and the guardian or custodian petitions the court for an order terminating his guardianship or custody, guardianship or custody shall terminate automatically 30 days after the receipt of the petition unless the court orders otherwise. No legal custodian or guardian of the person may be removed without his consent until given notice and an opportunity to be heard by the court.

When the court orders a child restored to the custody of the parent or parents, the court shall order the parent or parents to cooperate with the Department of Children and Family Services and comply with the terms of an after-care plan, or risk the loss of custody of the child and possible termination of their parental rights. The court may also enter an order of protective supervision in accordance with Section 2-24.

(5) Whenever a parent, guardian, or legal custodian files a motion for restoration of custody of the minor, and the minor was adjudicated neglected, abused, or dependent as a result of physical abuse, the court shall cause to be made an investigation as to whether the movant has ever been charged with or convicted of any criminal offense which would indicate the likelihood of any further physical abuse to the minor. Evidence of such criminal convictions shall be taken into account in determining whether the minor can be cared for at home without endangering his or her health or safety and fitness of the parent, guardian, or legal custodian.

(a) Any agency of this State or any subdivision thereof shall co-operate with the agent of the court in providing any information sought in the investigation.

(35 ILCS 130/3) (from Ch. 120, par. 453.3)

Sec. 3. Affixing tax stamp; remitting tax to the Department. Payment of the taxes imposed by Section 2 of this Act shall (except as hereinafter provided) be evidenced by revenue tax stamps affixed to each original package of cigarettes. Each distributor of cigarettes, before delivering or causing to be delivered any original package of cigarettes in this State to a purchaser, shall firmly affix a proper stamp or stamps to each such package, or (in case of manufacturers of cigarettes in original packages which are contained inside a sealed transparent wrapper) shall imprint the required language on the original package of cigarettes beneath such outside wrapper, as hereinafter provided.

No stamp or imprint may be affixed to, or made upon, any package of cigarettes unless that package complies with all requirements of the federal Cigarette Labeling and Advertising Act, 15 U.S.C. 1331 and following, for the placement of labels, warnings, or any other information upon a package of cigarettes that is sold within the United States. Under the authority of Section 6, the Department shall revoke the license of any distributor that is determined to have violated this paragraph. A person may not affix a stamp on a package of cigarettes, cigarette papers, wrappers, or tubes if that individual package has been marked for export outside the United States with a label or notice in compliance with Section 290.185 of Title 27 of the Code of Federal Regulations. It is not a defense to a proceeding for violation of this paragraph that the label or notice has been removed, mutilated, obliterated, or altered in any manner.

The Department, or any person authorized by the Department, shall sell such stamps only to persons holding valid licenses as distributors under this Act. The Department may refuse to sell stamps to any person who does not comply with the provisions of this Act.

Prior to December 1, 1985, the Department shall allow a distributor 21 days in which to make final payment of the amount to be paid for such stamps, by allowing the distributor to make payment for the stamps at the time of purchasing them with a draft which shall be in such form as the Department prescribes, and which shall be payable within 21 days thereafter: Provided that such distributor has filed with the Department, and has received the Department's approval of, a bond, which is in addition to the bond required under Section 4 of this Act, payable to the Department in an amount equal to 80% of such distributor's average monthly tax liability to the Department under this Act during the preceding calendar year or $500,000, whichever is less. The Bond shall be joint and several and shall be in the form of a surety company bond in such form as the Department prescribes, or it may be in the form of a bank certificate of deposit or bank letter of credit. The bond shall be conditioned upon the distributor's payment of amount of any 21-day draft which the Department accepts from that distributor for the delivery of stamps to that distributor under this Act. The distributor's failure to pay any such draft, when due, shall also make such distributor automatically liable to the Department for a penalty equal to 25% of the amount of such draft.

On and after December 1, 1985, the Department shall allow a distributor 30 days in which to make final payment of the amount to be paid for such stamps, by allowing the distributor to make payment for the stamps at the time of purchasing them with a draft which shall be in such form as the Department prescribes, and which shall be payable within 30 days thereafter, and beginning on January 1, 2003 and thereafter, the draft shall be payable by means of electronic funds transfer: Provided that such distributor has filed with the Department, and has received the Department's approval of, a bond, which is in addition to the bond required under Section 4 of this Act, payable to the Department in an amount equal to 150% of such distributor's average monthly tax liability to the Department under this Act during the preceding calendar year or $750,000, whichever is less, except that as to bonds filed on or after January 1, 1987, such additional bond shall be in an amount equal to 100% of such distributor's average monthly tax liability under this Act during the preceding calendar year or $750,000, whichever is less. The bond shall be joint and several and shall be in the form of a surety company bond in such form as the Department prescribes, or it may be in the form of a bank certificate of deposit or bank letter of credit. The bond shall be conditioned upon the distributor's payment of the amount of any 30-day draft which the Department accepts from that distributor for the delivery of stamps to that distributor under this Act. The distributor's failure to pay any such draft, when due, shall also make such distributor automatically liable to the Department for a penalty equal to 25% of the amount of such draft.

Every prior continuous compliance taxpayer shall be exempt from all requirements under this Section concerning the furnishing of such bond, as defined in this Section, as a condition precedent to his being authorized to engage in the business licensed under this Act. This exemption shall continue for each such taxpayer until such time as he may be determined by the Department to be delinquent in the filing of any returns, or is determined by the Department (either through the Department's issuance of a final assessment which has become final under the Act, or by the taxpayer's filing of a return which admits tax to be due that is not paid) to be delinquent or deficient in the paying of any tax under this Act, at which time that taxpayer shall become subject to the bond requirements of this Section and, as a condition of being allowed to continue to engage in the business licensed under this Act, shall be required to furnish bond to the Department in such form as provided in this Section. Such taxpayer shall furnish such bond for a period of 2 years, after which, if the taxpayer has not been delinquent in the filing of any returns, or delinquent or deficient in the paying of any tax under this Act, the Department may reinstate such person as a prior continuance compliance taxpayer. Any taxpayer who fails to pay an admitted or established liability under this Act may also be required to post bond or other acceptable security with the Department guaranteeing the payment of such admitted or established liability.

Any person aggrieved by any decision of the Department under this Section may, within the time allowed by law, protest and request a hearing, whereupon the Department shall give notice and shall hold a hearing in conformity with the provisions of this Act and then issue its final administrative decision in the matter to such person. In the absence of such a protest filed within the time allowed by law, the Department's decision shall become final without any further determination being made or notice given.

The Department shall discharge any surety and shall release and return any bond or security deposited, assigned, pledged, or otherwise provided to it by a taxpayer under this Section within 30 days after:

(1) Such taxpayer becomes a prior continuous compliance taxpayer; or
(2) Such taxpayer has ceased to collect receipts on which he is required to remit tax to the Department, has filed a final tax return, and has paid to the Department an amount sufficient to discharge his remaining tax liability as determined by the Department under this Act. The Department shall make a final determination of the taxpayer's outstanding tax liability as expeditiously as possible after his final tax return has been filed. If the Department cannot make such final determination within 45 days after receiving the final tax return, within such period it shall so notify the taxpayer, stating its reasons therefor.

The Department may authorize distributors to affix revenue tax stamps by imprinting tax meter stamps upon original packages of cigarettes. The Department shall adopt rules and regulations relating to the imprinting of such tax meter stamps as will result in payment of the proper taxes as herein imposed. No distributor may affix revenue tax stamps to original packages of cigarettes by imprinting tax meter stamps thereon unless such distributor has first obtained permission from the Department to employ this method of affixation. The Department shall regulate the use of tax meters and may, to assure the proper collection of the taxes imposed by this Act, revoke or suspend the privilege, theretofore granted by the Department to any distributor, to imprint tax meter stamps upon original packages of cigarettes.

Illinois cigarette manufacturers who place their cigarettes in original packages which are contained inside a sealed transparent wrapper, and similar out-of-State cigarette manufacturers who elect to qualify and are accepted by the Department as distributors under Section 4b of this Act, shall pay the taxes imposed by this Act by remitting the amount thereof to the Department by the 5th day of each month covering cigarettes shipped or otherwise delivered in Illinois to purchasers during the preceding calendar month. Such manufacturers of cigarettes in original packages which are contained inside a sealed transparent wrapper, before delivering such cigarettes or causing such cigarettes to be delivered in this State to purchasers, shall evidence their obligation to remit the taxes due with respect to such cigarettes by imprinting language to be prescribed by the Department on each original package of such cigarettes underneath the sealed transparent outside wrapper of such original package, in such place thereon and in such manner as the Department may designate. Such imprinted language shall acknowledge the manufacturer's payment of or liability for the tax imposed by this Act with respect to the distribution of such cigarettes.
Sec. 4. Distributor's license. No person may engage in business as a distributor of cigarettes in this State within the meaning of the first 2 definitions of distributor in Section 1 of this Act without first having obtained a license therefor from the Department. Application for license shall be made to the Department in form as furnished and prescribed by the Department. Each applicant for a license under this Section shall furnish to the Department on the form signed and verified by the applicant the following information:

(a) The name and address of the applicant;

(b) The address of the location at which the applicant proposes to engage in business as a distributor of cigarettes in this State;

(c) Such other additional information as the Department may lawfully require by its rules and regulations.

The annual license fee payable to the Department for each distributor's license shall be $250. The purpose of such annual license fee is to defray the cost, to the Department, of coding, serializing or coding and serializing cigarette tax stamps. Each applicant for license shall pay such fee to the Department at the time of submitting his application for license to the Department.

Every applicant who is required to procure a distributor's license shall file with his application a joint and several bond. Such bond shall be executed to the Department of Revenue, with good and sufficient surety or sureties residing or licensed to do business within the State of Illinois, in the amount of $2,500, conditioned upon the true and faithful compliance by the licensee with all of the provisions of this Act. Such bond, or a reissue thereof, or a substitute therefor, shall be kept in effect during the entire period covered by the license. A separate application for license shall be made, a separate annual license fee paid, and a separate bond filed, for each place of business at which a person who is required to procure a distributor's license under this Section proposes to engage in business as a distributor in Illinois under this Act.

The following are ineligible to receive a distributor's license under this Act:

(1) a person who is not of good character and reputation in the community in which he resides;

(2) a person who has been convicted of a felony under any Federal or State law, if the Department, after investigation and a hearing, if requested by the applicant, determines that such person has not been sufficiently rehabilitated to warrant the public trust;

(3) a corporation, if any officer, manager or director thereof, or any stockholder or stockholders owning in the aggregate more than 5% of the stock of such corporation, would not be eligible to receive a license under this Act for any reason.

The Department, upon receipt of an application, license fee and bond in proper form, from a person who is eligible to receive a distributor's license under this Act, shall issue to such applicant a license in form as prescribed by the Department, which license shall permit the applicant to which it is issued to engage in business as a distributor at the place shown in his application. All licenses issued by the Department under this Act shall be valid for not to exceed one year after issuance unless sooner revoked, canceled or suspended as provided in this Act. No license issued under this Act is transferable or assignable. Such license shall be conspicuously displayed in the place of business conducted by the licensee in Illinois under such license.

Any person aggrieved by any decision of the Department under this Section may, within 20 days after notice of the decision, protest and request a hearing. Upon receiving a request for a hearing, the Department shall give notice to the person requesting the hearing of the time and place fixed for the hearing and shall hold a hearing in conformity with the provisions of this Act and then issue its final administrative decision in the matter to that person. In the absence of a protest and request for a hearing within 20 days, the Department's decision shall become final without any further determination being made or notice given.

Sec. 5. Printing tax stamps. The Department shall adopt the design or designs of the tax stamps or alternative tax indicia and shall procure the printing of such stamps or alternative tax indicia in such amounts and denominations as it deems necessary to provide for the affixation of the
proper amount of tax stamps or alternative tax indicia to each original package of cigarettes. (Source: Laws 1943, vol. 1, p. 1063.)

Sec. 9. Returns; remittance. Every distributor who is required to procure a license under this Act, but who is not a manufacturer of cigarettes in original packages which are contained in a sealed transparent wrapper, shall, on or before the 15th day of each calendar month, file a return with the Department, showing the quantity of cigarettes manufactured during the preceding calendar month, the quantity of cigarettes brought into this State or caused to be brought into this State from outside this State during the preceding calendar month without authorized evidence on the original packages of such cigarettes underneath the sealed transparent wrapper thereof that the tax liability imposed by this Act has been assumed by the out-of-State seller of such cigarettes, the quantity of cigarettes purchased tax-paid during the preceding calendar month either within or outside this State, and the quantity of cigarettes sold or otherwise disposed of during the preceding calendar month. Such return shall be filed upon forms furnished and prescribed by the Department and shall contain such other information as the Department may reasonably require. The Department may promulgate rules to require that the distributor's return be accompanied by appropriate computer-generated magnetic media supporting schedule data in the format required by the Department, unless, as provided by rule, the Department grants an exception upon petition of a distributor.

Illinois manufacturers of cigarettes in original packages which are contained inside a sealed transparent wrapper shall file a return by the 5th day of each month covering the preceding calendar month. Each such return shall be accompanied by the appropriate remittance for tax as provided in the last paragraph of Section 3 of this Act. Each such return shall show the quantity of such cigarettes manufactured during the period covered by the return, the quantity of cigarettes sold or otherwise disposed of during the period covered by the return and such other information as the Department may lawfully require. Such returns shall be filed on forms prescribed and furnished by the Department. Each such return shall be accompanied by a copy of each invoice rendered by such manufacturer to any purchaser to whom such manufacturer delivered cigarettes (or caused cigarettes to be delivered) during the period covered by the return. The Department may promulgate rules to require that the manufacturer's return be accompanied by appropriate computer-generated magnetic media supporting schedule data in the format required by the Department, unless, as provided by rule, the Department grants an exception upon petition of a manufacturer. Sec. 9a. Examination and correction of returns.
(1) As soon as practicable after any return is filed, the Department shall examine such return and shall correct such return according to its best judgment and information, which return so corrected by the Department shall be prima facie correct and shall be prima facie evidence of the correctness of the amount of tax due, as shown therein. Instead of requiring the distributor to file an amended return, the Department may simply notify the distributor of the correction or corrections it has made. Proof of such correction by the Department may be made at any hearing before the Department or in any legal proceeding by a reproduced copy of the Department's record relating thereto in the name of the Department under the certificate of the Director of Revenue. Such reproduced copy shall, without further proof, be admitted into evidence before the Department or in any legal proceeding and shall be prima facie proof of the correctness of the amount of tax due, as shown therein. If the Department finds that any amount of tax is due from the distributor, the Department shall issue the distributor a notice of tax liability for the amount of tax claimed by the Department to be due, together with a penalty in an amount determined in accordance with Sections 3-3, 3-5 and 3-6 of the Uniform Penalty and Interest Act. If, in administering the provisions of this Act, comparison of a return or returns of a distributor with the books, records and inventories of such distributor discloses a deficiency which cannot be allocated by the Department to a particular month or months, the Department shall issue the distributor a notice of tax liability for the amount of tax claimed by the Department to be due for a given period, but without any obligation upon the Department to allocate such deficiency to any particular month or months, together with a penalty in an amount determined in accordance with Sections 3-3, 3-5 and 3-6 of the Uniform Penalty and Interest Act, under which circumstances the aforesaid notice of tax liability shall be prima facie correct and shall be prima facie evidence of the

correctness of the amount of tax due, as shown therein; and proof of such correctness may be made in accordance with, and the admissibility of a reproduced copy of such notice of tax liability shall be governed by, all the provisions of this Act applicable to corrected returns. If any distributor filing any return dies or becomes a person under legal disability at any time before the Department issues its notice of tax liability, such notice shall be issued to the administrator, executor or other legal representative, as such, of such distributor.

(2) If, within 60 days after such notice of tax liability, the distributor or his or her legal representative files a protest to such notice of tax liability and requests a hearing thereon, the Department shall give notice to such distributor or legal representative of the time and place fixed for such hearing, and shall hold a hearing in conformity with the provisions of this Act, and pursuant thereto shall issue a final assessment to such distributor or legal representative for the amount found to be due as a result of such hearing. If a protest to the notice of tax liability and a request for a hearing thereon is not filed within 60 days after such notice of tax liability, such notice of tax liability shall become final without the necessity of a final assessment being issued and shall be deemed to be a final assessment.

(3) In case of failure to pay the tax, or any portion thereof, or any penalty provided for in this Act, when due, the Department may bring suit to recover the amount of such tax, or portion thereof, or penalty; or, if the taxpayer dies or becomes incompetent, by filing claim thereof against his estate; provided that no such action with respect to any tax, or portion thereof, or penalty, shall be instituted more than 2 years after the cause of action accrues, except with the consent of the person from whom such tax or penalty is due.

After the expiration of the period within which the person assessed may file an action for judicial review under the Administrative Review Law without such an action being filed, a certified copy of the final assessment or revised final assessment of the Department may be filed with the Circuit Court of the county in which the taxpayer has his or her principal place of business, or of Sangamon County in those cases in which the taxpayer does not have his principal place of business in this State. The certified copy of the final assessment or revised final assessment shall be accompanied by a certification which recites facts that are sufficient to show that the Department complied with the jurisdictional requirements of the Law in arriving at its final assessment or its revised final assessment and that the taxpayer had his or her opportunity for an administrative hearing and for judicial review, whether he availed himself or herself of either or both of these opportunities or not. If the court is satisfied that the Department complied with the jurisdictional requirements of the Law in arriving at its final assessment or its revised final assessment and that the taxpayer had his or her opportunity for an administrative hearing and for judicial review, whether he or she availed himself or herself of either or both of these opportunities or not, the court shall enter judgment in favor of the Department and against the taxpayer for the amount shown to be due by the final assessment or the revised final assessment, and such judgment shall be filed of record in the court. Such judgment shall bear the rate of interest set in the Uniform Penalty and Interest Act, but otherwise shall have the same effect as other judgments. The judgment may be enforced, and all laws applicable to sales for the enforcement of a judgment shall be applicable to sales made under such judgments. The Department shall file the certified copy of its assessment, as herein provided, with the Circuit Court within 2 years after such assessment becomes final except when the taxpayer consents in writing to an extension of such filing period.

If, when the cause of action for a proceeding in court accrues against a person, he or she is out of the State, the action may be commenced within the times herein limited, after his or her coming into or return to the State; and if, after the cause of action accrues, he or she departs from and remains out of the State, the time of his or her absence is no part of the time limited for the commencement of the action; but the foregoing provisions concerning absence from the State shall not apply to any case in which, at the time the cause of action accrues, the party against whom the cause of action accrues is not a resident of this State. The time within which a court action is to be commenced by the Department hereunder shall not run while the taxpayer is a debtor in any proceeding under the Federal Bankruptcy Act nor thereafter until 90 days after the Department is notified by such debtor of being discharged in bankruptcy.

No claim shall be filed against the estate of any deceased person or a person under legal disability for any tax or penalty or part of either except in the manner prescribed and within the time
limited by the Probate Act of 1975, as amended.

The remedies provided for herein shall not be exclusive, but all remedies available to creditors for the collection of debts shall be available for the collection of any tax or penalty due hereunder. The collection of tax or penalty by any means provided for herein shall not be a bar to any prosecution under this Act.

The certificate of the Director of the Department to the effect that a tax or amount required to be paid by this Act has not been paid, that a return has not been filed, or that information has not been supplied pursuant to the provisions of this Act, shall be prima facie evidence thereof.

All of the provisions of Sections 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5i and 5j of the Retailers' Occupation Tax Act, which are not inconsistent with this Act, and Section 3-7 of the Uniform Penalty and Interest Act shall apply, as far as practicable, to the subject matter of this Act to the same extent as if such provisions were included herein. References in such incorporated Sections of the "Retailers' Occupation Tax Act" to retailers, to sellers or to persons engaged in the business of selling tangible personal property shall mean distributors when used in this Act.

Sec. 9b. Failure to file return; penalty; protest. In case any person who is required to file a return under this Act fails to file such return, the Department shall determine the amount of tax due from him according to its best judgment and information, which amount so fixed by the Department shall be prima facie correct and shall be prima facie evidence of the correctness of the amount of tax due, as shown in such determination. Proof of such determination by the Department may be made at any hearing before the Department or in any legal proceeding by a reproduced copy of the Department's record relating thereto in the name of the Department under the certificate of the Director of Revenue. Such reproduced copy shall, without further proof, be admitted into evidence before the Department or in any legal proceeding and shall be prima facie proof of the correctness of the amount of tax due, as shown therein. The Department shall issue such person a notice of tax liability for the amount of tax claimed by the Department to be due, together with a penalty in an amount determined in accordance with Sections 3-3, 3-5 and 3-6 of the Uniform Penalty and Interest Act. If such person or the legal representative of such person, within 60 days after such notice, files a protest to such notice of tax liability and requests a hearing thereon, the Department shall give notice to such person or the legal representative of such person of the time and place fixed for such hearing and shall hold a hearing in conformity with the provisions of this Act, and pursuant thereto shall issue a final assessment to such person or to the legal representative of such person for the amount found to be due as a result of such hearing. If a protest to the notice of tax liability and a request for a hearing thereon is not filed within 60 days after such notice of tax liability, such notice of tax liability shall become final without the necessity of a final assessment being issued and shall be deemed to be a final assessment.

Sec. 18c. Possession of not less than 10 and not more than 100 original packages not tax stamped or improperly tax stamped; penalty. With the exception of licensed distributors, anyone possessing not less than 10 and not more than 100 packages of cigarettes contained in original packages that are not tax stamped as required by this Act, or that are improperly tax stamped, is liable to pay to the Department, for deposit into the Tax Compliance and Administration Fund, a penalty of $10 for each such package of cigarettes, unless reasonable cause can be established by the person upon whom the penalty is imposed. Reasonable cause shall be determined in each situation in accordance with rules adopted by the Department.

Sec. 24. Punishment for sale or possession of unstamped packages.

(a) Any person other than a licensed distributor who sells, offers for sale, or has in his possession with intent to sell or offer for sale, more than 100 original packages, not tax stamped or tax imprinted underneath the sealed transparent wrapper of such original package in accordance with this Act, shall be guilty of a Class 4 felony.

(a-5) Any person other than a licensed distributor who sells, offers for sale, or has in his possession with intent to sell or offer for sale, 100 or fewer original packages, not tax stamped or tax
imprinted underneath the sealed transparent wrapper of the original package in accordance with this Act, is guilty of a Class A misdemeanor for the first offense and a Class 4 felony for each subsequent offense.

(b) Any distributor who sells an original package of cigarettes, not tax stamped or tax imprinted underneath the sealed transparent wrapper of such original package in accordance with this Act, except when the sale is made under such circumstances that the tax imposed by this Act may not legally be levied because of the Constitution or laws of the United States, shall be guilty of a Class 3 felony.

Section 10. The Cigarette Use Tax Act is amended by changing Sections 3, 4, 11, 12, 13, 13a, and 30 and by adding Section 25b as follows:

(35 ILCS 135/3) (from Ch. 120, par. 453.33)

Sec. 3. Stamp payment. The tax hereby imposed shall be collected by a distributor maintaining a place of business in this State or a distributor authorized by the Department pursuant to Section 7 hereof to collect the tax, and the amount of the tax shall be added to the price of the cigarettes sold by such distributor. Collection of the tax shall be evidenced by a stamp or stamps affixed to each original package of cigarettes or by an authorized substitute for such stamp imprinted on each original package of such cigarettes underneath the sealed transparent outside wrapper of such original package, except as hereinafter provided. Each distributor who is required or authorized to collect the tax herein imposed, before delivering or causing to be delivered any original packages of cigarettes in this State to any purchaser, shall firmly affix a proper stamp or stamps to each such package, or (in the case of manufacturers of cigarettes in original packages which are contained inside a sealed transparent wrapper) shall imprint the required language on the original package of cigarettes beneath such outside wrapper as hereinafter provided. Such stamp or stamps need not be affixed to the original package of any cigarettes with respect to which the distributor is required or authorized to employ a like tax imprint by virtue of the Cigarette Tax Act, however, and no tax imprint need be placed underneath the sealed transparent wrapper of an original package of cigarettes with respect to which the distributor is required or authorized to employ a like tax imprint by virtue of the Cigarette Tax Act.

No stamp or imprint may be affixed to, or made upon, any package of cigarettes unless that package complies with all requirements of the federal Cigarette Labeling and Advertising Act, 15 U.S.C. 1331 and following, for the placement of labels, warnings, or any other information upon a package of cigarettes that is sold within the United States. Under the authority of Section 6, the Department shall revoke the license of any distributor that is determined to have violated this paragraph. A person may not affix a stamp on a package of cigarettes, cigarette papers, wrappers, or tubes if that individual package has been marked for export outside the United States with a label or notice in compliance with Section 290.185 of Title 27 of the Code of Federal Regulations. It is not a defense to a proceeding for violation of this paragraph that the label or notice has been removed, mutilated, obliterated, or altered in any manner.

Stamps, when required hereunder, shall be purchased from the Department, or any person authorized by the Department, by distributors. The Department may refuse to sell stamps to any person who does not comply with the provisions of this Act.

Prior to December 1, 1985, the Department shall allow a distributor 21 days in which to make final payment of the amount to be paid for such stamps, by allowing the distributor to make payment for the stamps at the time of purchasing them with a draft which shall be in such form as the Department prescribes, and which shall be payable within 21 days thereafter: Provided that such distributor has filed with the Department, and has received the Department's approval of, a bond, which is in addition to the bond required under Section 4 of this Act, payable to the Department in an amount equal to 80% of such distributor's average monthly tax liability to the Department under this Act during the preceding calendar year or $500,000, whichever is less. The bond shall be joint and several and shall be in the form of a surety company bond in such form as the Department prescribes, or it may be in the form of a bank certificate of deposit or bank letter of credit. The bond shall be conditioned upon the distributor's payment of the amount of any 21-day draft which the Department accepts from that distributor for the delivery of stamps to that distributor under this Act. The distributor's failure to pay any such draft, when due, shall also make such distributor automatically liable to the Department for a penalty equal to 25% of the amount of such draft.

New matter indicated by italics - deletions by strikeout.
On and after December 1, 1985, the Department shall allow a distributor 30 days in which to make final payment of the amount to be paid for such stamps, by allowing the distributor to make payment for the stamps at the time of purchasing them with a draft which shall be in such form as the Department prescribes, and which shall be payable within 30 days thereafter, and beginning on January 1, 2003 and thereafter, the draft shall be payable by means of electronic funds transfer:

Provided that such distributor has filed with the Department, and has received the Department's approval of, a bond, which is in addition to the bond required under Section 4 of this Act, payable to the Department in an amount equal to 150% of such distributor's average monthly tax liability to the Department under this Act during the preceding calendar year or $750,000, whichever is less, except that as to bonds filed on or after January 1, 1987, such additional bond shall be in an amount equal to 100% of such distributor's average monthly tax liability under this Act during the preceding calendar year or $750,000, whichever is less. The bond shall be joint and several and shall be in the form of a surety company bond in such form as the Department prescribes, or it may be in the form of a bank certificate of deposit or bank letter of credit. The bond shall be conditioned upon the distributor's payment of the amount of any 30-day draft which the Department accepts from that distributor for the delivery of stamps to that distributor under this Act. The distributor's failure to pay any such draft, when due, shall also make such distributor automatically liable to the Department for a penalty equal to 25% of the amount of such draft.

Every prior continuous compliance taxpayer shall be exempt from all requirements under this Section concerning the furnishing of such bond, as defined in this Section, as a condition precedent to his being authorized to engage in the business licensed under this Act. This exemption shall continue for each such taxpayer until such time as he may be determined by the Department to be delinquent in the filing of any returns, or is determined by the Department (either through the Department's issuance of a final assessment which has become final under the Act, or by the taxpayer's filing of a return which admits tax to be due that is not paid) to be delinquent or deficient in the paying of any tax under this Act, at which time that taxpayer shall become subject to the bond requirements of this Section and, as a condition of being allowed to continue to engage in the business licensed under this Act, shall be required to furnish bond to the Department in such form as provided in this Section. Such taxpayer shall furnish such bond for a period of 2 years, after which, if the taxpayer has not been delinquent in the filing of any returns, or delinquent or deficient in the paying of any tax under this Act, the Department may reinstate such person as a prior continuance compliance taxpayer.

Any taxpayer who fails to pay an admitted or established liability under this Act may also be required to post bond or other acceptable security with the Department guaranteeing the payment of such admitted or established liability.

Any person aggrieved by any decision of the Department under this Section may, within the time allowed by law, protest and request a hearing, whereupon the Department shall give notice and shall hold a hearing in conformity with the provisions of this Act and then issue its final administrative decision in the matter to such person. In the absence of such a protest filed within the time allowed by law, the Department's decision shall become final without any further determination being made or notice given.

The Department shall discharge any surety and shall release and return any bond or security deposited, assigned, pledged, or otherwise provided to it by a taxpayer under this Section within 30 days after:

1. Such Taxpayer becomes a prior continuous compliance taxpayer; or
2. Such taxpayer has ceased to collect receipts on which he is required to remit tax to the Department, has filed a final tax return, and has paid to the Department an amount sufficient to discharge his remaining tax liability as determined by the Department under this Act. The Department shall make a final determination of the taxpayer's outstanding tax liability as expeditiously as possible after his final tax return has been filed. If the Department cannot make such final determination within 45 days after receiving the final tax return, within such period it shall so notify the taxpayer, stating its reasons therefor.

At the time of purchasing such stamps from the Department when purchase is required by this Act, or at the time when the tax which he has collected is remitted by a distributor to the Department without the purchase of stamps from the Department when that method of remitting the tax that has been collected is required or authorized by this Act, the distributor shall be allowed a discount during
any year commencing July 1 and ending the following June 30 in accordance with the schedule set out hereinbelow, from the amount to be paid by him to the Department for such stamps, or to be paid by him to the Department on the basis of monthly remittances (as the case may be), to cover the cost, to such distributor, of collecting the tax herein imposed by affixing such stamps to the original packages of cigarettes sold by such distributor or by placing tax imprints underneath the sealed transparent wrapper of original packages of cigarettes sold by such distributor (as the case may be): (1) Prior to December 1, 1985, a discount equal to 1-2/3% of the amount of the tax up to and including the first $700,000 paid hereunder by such distributor to the Department during any such year; 1-1/3% of the next $700,000 of tax or any part thereof, paid hereunder by such distributor to the Department during any such year; 1% of the next $700,000 of tax, or any part thereof, paid hereunder by such distributor to the Department during any such year; and 2/3 of 1% of the amount of any additional tax paid hereunder by such distributor to the Department during any such year or (2) On and after December 1, 1985, a discount equal to 1.75% of the amount of the tax payable under this Act up to and including the first $3,000,000 paid hereunder by such distributor to the Department during any such year and 1.5% of the amount of any additional tax paid hereunder by such distributor to the Department during any such year.

Two or more distributors that use a common means of affixing revenue tax stamps or that are owned or controlled by the same interests shall be treated as a single distributor for the purpose of computing the discount.

Cigarette manufacturers who are distributors under this Act, and who place their cigarettes in original packages which are contained inside a sealed transparent wrapper, shall be required to remit the tax which they are required to collect under this Act to the Department by remitting the amount thereof to the Department by the 5th day of each month, covering cigarettes shipped or otherwise delivered to points in Illinois to purchasers during the preceding calendar month, but a distributor need not remit to the Department the tax so collected by him from purchasers under this Act to the extent to which such distributor is required to remit the tax imposed by the Cigarette Tax Act to the Department with respect to the same cigarettes. All taxes upon cigarettes under this Act are a direct tax upon the retail consumer and shall conclusively be presumed to be precollected for the purpose of convenience and facility only. Distributors who are manufacturers of cigarettes in original packages which are contained inside a sealed transparent wrapper, before delivering such cigarettes or causing such cigarettes to be delivered in this State to purchasers, shall evidence their obligation to collect and remit the tax due with respect to such cigarettes by imprinting language to be prescribed by the Department on each original package of such cigarettes underneath the sealed transparent outside wrapper of such original package, in such place thereon and in such manner as the Department may prescribe; provided (as stated hereinbefore) that this requirement does not apply when such distributor is required or authorized by the Cigarette Tax Act to place the tax imprint provided for in the last paragraph of Section 3 of that Act underneath the sealed transparent wrapper of such original package of cigarettes. Such imprinted language shall acknowledge the manufacturer's collection and payment of or liability for the tax imposed by this Act with respect to such cigarettes.

The Department shall adopt the design or designs of the tax stamps and shall procure the printing of such stamps in such amounts and denominations as it deems necessary to provide for the affixation of the proper amount of tax stamps to each original package of cigarettes.

Where tax stamps are required, the Department may authorize distributors to affix revenue tax stamps by imprinting tax meter stamps upon original packages of cigarettes. The Department shall adopt rules and regulations relating to the imprinting of such tax meter stamps as will result in payment of the proper taxes as herein imposed. No distributor may affix revenue tax stamps to original packages of cigarettes by imprinting meter stamps thereon unless such distributor has first obtained permission from the Department to employ this method of affixation. The Department shall regulate the use of tax meters and may, to assure the proper collection of the taxes imposed by this Act, revoke or suspend the privilege, theretofore granted by the Department to any distributor, to imprint tax meter stamps upon original packages of cigarettes.

The tax hereby imposed and not paid pursuant to this Section shall be paid to the Department directly by any person using such cigarettes within this State, pursuant to Section 12 hereof.

(35 ILCS 135/4) (from Ch. 120, par. 453.34)
Sec. 4. Distributor's license. A distributor maintaining a place of business in this State, if required to procure a license or allowed to obtain a permit as a distributor under the Cigarette Tax Act, need not obtain an additional license or permit under this Act, but shall be deemed to be sufficiently licensed or registered by virtue of his being licensed or registered under the Cigarette Tax Act.

Every distributor maintaining a place of business in this State, if not required to procure a license or allowed to obtain a permit as a distributor under the Cigarette Tax Act, shall make a verified application to the Department (upon a form prescribed and furnished by the Department) for a license to act as a distributor under this Act. In completing such application, the applicant shall furnish such information as the Department may reasonably require.

The annual license fee payable to the Department for each distributor's license shall be $250. The purpose of such annual license fee is to defray the cost, to the Department, of coding, serializing or coding and serializing cigarette tax stamps. The applicant for license shall pay such fee to the Department at the time of submitting the application for license to the Department.

Such applicant shall file, with his application, a joint and several bond. Such bond shall be executed to the Department of Revenue, with good and sufficient surety or sureties residing or licensed to do business within the State of Illinois, in the amount of $2,500, conditioned upon the true and faithful compliance by the licensee with all of the provisions of this Act. Such bond, or a reissue thereof, or a substitute thereof, shall be kept in effect during the entire period covered by the license. A separate application for license shall be made, a separate annual license fee paid, and a separate bond filed, for each place of business at or from which the applicant proposes to act as a distributor under this Act and for which the applicant is not required to procure a license or allowed to obtain a permit as a distributor under the Cigarette Tax Act.

The following are ineligible to receive a distributor's license under this Act:

(1) a person who is not of good character and reputation in the community in which he resides;

(2) a person who has been convicted of a felony under any Federal or State law, if the Department, after investigation and a hearing, if requested by the applicant, determines that such person has not been sufficiently rehabilitated to warrant the public trust;

(3) a corporation, if any officer, manager or director thereof, or any stockholder or stockholders owning in the aggregate more than 5% of the stock of such corporation, would not be eligible to receive a license hereunder for any reason.

Upon approval of such application and bond and payment of the required annual license fee, the Department shall issue a license to the applicant. Such license shall permit the applicant to engage in business as a distributor at or from the place shown in his application. All licenses issued by the Department under this Act shall be valid for not to exceed one year after issuance unless sooner revoked, canceled or suspended as in this Act provided. No license issued under this Act is transferable or assignable. Such license shall be conspicuously displayed at the place of business for which it is issued.

Any person aggrieved by any decision of the Department under this Section may, within 20 days after notice of the decision, protest and request a hearing. Upon receiving a request for a hearing, the Department shall give notice to the person requesting the hearing of the time and place fixed for the hearing and shall hold a hearing in conformity with the provisions of this Act and then issue its final administrative decision in the matter to that person. In the absence of a protest and request for a hearing within 20 days, the Department's decision shall become final without any further determination being made or notice given.

Sec. 11. Return by distributor or manufacturer. Every distributor, who is required or authorized to collect tax under this Act, but who is not a manufacturer of cigarettes in original packages which are contained in a sealed transparent wrapper, shall, on or before the 15th day of each calendar month, file a return with the Department, showing such information as the Department may reasonably require. The Department may promulgate rules to require that the distributor's return be accompanied by appropriate computer-generated magnetic media supporting schedule data in the format required by the Department, unless, as provided by rule, the Department grants an exception upon petition of a distributor.
Illinois manufacturers of cigarettes in original packages which are contained inside a sealed transparent wrapper shall file a return by the 5th day of each month covering the preceding calendar month. Each such return shall be accompanied by the appropriate remittance for tax as provided in Section 3 of this Act. Each such return shall disclose such information as the Department may lawfully require. Each such return shall be accompanied by a copy of each invoice rendered by such manufacturer to any purchaser to whom such manufacturer delivered cigarettes (or caused cigarettes to be delivered) during the period covered by the return. The Department may promulgate rules to require that the manufacturer's return be accompanied by appropriate computer-generated magnetic media supporting schedule data in the format required by the Department, unless, as provided by rule, the Department grants an exception upon petition of a manufacturer.

No distributor shall be required to return information to the extent to which the reporting of such information would be a duplication of such distributor's reporting of information in any return which he is required to file with the Department under the Cigarette Tax Act. Returns shall be filed on forms prescribed by the Department.

Sec. 12. Declaration of possession of cigarettes on which tax not paid.
(a) When cigarettes are acquired for use in this State by a person (including a distributor as well as any other person), who did not pay the tax herein imposed to a distributor, the such person, within 30 days after acquiring the such cigarettes, shall file with the Department a return declaring the possession of the such cigarettes and shall transmit with the return to the Department the tax imposed by this Act.
(b) On receipt of the return and payment of the tax as required by paragraph (a), the Department may issue a receipt to the person paying the tax and shall furnish the such person with a suitable tax stamp to be affixed to the package of cigarettes upon which the tax has been paid if the Department determines that the cigarettes still exist.
(c) The return and receipt referred to in paragraph paragraphs (a) and (b) shall contain the name and address of the person possessing the cigarettes involved, the location of the such cigarettes and the quantity, brand name, place, and date of the acquisition of the such cigarettes.

(35 ILCS 135/13) (from Ch. 120, par. 453.43)
Sec. 13. Examination and correction of return. As soon as practicable after any return is filed, the Department shall examine such return and shall correct such return according to its best judgment and information, which return so corrected by the Department shall be prima facie correct and shall be prima facie evidence of the correctness of the amount of tax due, as shown therein. Proof of such correction by the Department may be made at any hearing before the Department or in any legal proceeding by a reproduced copy of the Department's record relating thereto in the name of the Department under the certificate of the Director of Revenue. Such reproduced copy shall, without further proof, be admitted into evidence before the Department or in any legal proceeding and shall be prima facie proof of the correctness of the amount of tax due, as shown therein. If the tax as fixed by the Department is greater than the amount of the tax due under the return as filed, the Department shall issue the person filing such return a notice of tax liability for the amount of tax claimed by the Department to be due, together with a penalty in an amount determined in accordance with Sections 3-3, 3-5 and 3-6 of the Uniform Penalty and Interest Act. If, in administering the provisions of this Act, comparison of a return or returns of a distributor with the books, records and inventories of such distributor discloses a deficiency which cannot be allocated by the Department to a particular month or months, the Department shall issue the distributor a notice of tax liability for the amount of tax claimed by the Department to be due for a given period, but without any obligation upon the Department to allocate such deficiency to any particular month or months, together with a penalty in an amount determined in accordance with Sections 3-3, 3-5 and 3-6 of the Uniform Penalty and Interest Act, under which circumstances the aforesaid notice of tax liability shall be prima facie correct and shall be prima facie evidence of the correctness of the amount of tax due, as shown therein; and proof of such correctness may be made in accordance with, and the admissibility of a reproduced copy of such notice of tax liability shall be governed by, all the provisions of this Act applicable to corrected returns.
If any person filing any return dies or becomes a person under legal disability at any time before the Department issues its notice of tax liability, such notice shall be issued to the administrator, executor or other legal representative, as such, of such person.

If within 60 days after such notice of tax liability, the person to whom such notice is issued or his legal representative files a protest to such notice of tax liability and requests a hearing thereon, the Department shall give notice to such person or legal representative of the time and place fixed for such hearing, and shall hold a hearing in conformity with the provisions of this Act, and pursuant thereto shall issue a final assessment to such person or legal representative for the amount found to be due as a result of such hearing. If a protest to the notice of tax liability and a request for a hearing thereon is not filed within 60 days after such notice of tax liability, such notice of tax liability shall become final without the necessity of a final assessment being issued and shall be deemed to be a final assessment.

Sec. 13a. Failure to file return. In case any person who is required to file a return under this Act fails to file such return, the Department shall determine the amount of tax due from him according to its best judgment and information, which amount so fixed by the Department shall be prima facie correct and shall be prima facie evidence of the correctness of the amount of tax due, as shown in such determination. Proof of such determination by the Department may be made at any hearing before the Department or in any legal proceeding by a reproduced copy of the Department's record relating thereto in the name of the Department under the certificate of the Director of Revenue. Such reproduced copy shall, without further proof, be admitted into evidence before the Department or in any legal proceeding and shall be prima facie proof of the correctness of the amount of tax due, as shown therein. The Department shall issue such person a notice of tax liability for the amount of tax claimed by the Department to be due, together with a penalty in an amount determined in accordance with Sections 3-3, 3-5 and 3-6 of the Uniform Penalty and Interest Act. If such person or the legal representative of such person, within 60 days after such notice, files a protest to such notice of tax liability and requests a hearing thereon, the Department shall give notice to such person or the legal representative of such person of the time and place fixed for such hearing, and shall hold a hearing in conformity with the provisions of this Act, and pursuant thereto shall issue a final assessment to such person or to the legal representative of such person for the amount found to be due as a result of such hearing. If a protest to the notice of tax liability and a request for a hearing thereon is not filed within 60 days after such notice of tax liability, such notice of tax liability shall become final without the necessity of a final assessment being issued and shall be deemed to be a final assessment.

Section 5. The Non-Resident Contractor Bond Act is repealed.
Approved August 9, 2001.
Effective January 1, 2002.

PUBLIC ACT 92-0324
(Senate Bill No. 0868)

AN ACT in relation to workers' compensation.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Workers' Compensation Act is amended by changing Section 4 as follows: (820 ILCS 305/4) (from Ch. 48, par. 138.4)
Sec. 4. (a) Any employer, including but not limited to general contractors and their subcontractors, who shall come within the provisions of Section 3 of this Act, and any other employer who shall elect to provide and pay the compensation provided for in this Act shall:
   (1) File with the Commission annually an application for approval as a self-insurer which shall include a current financial statement, and annually, thereafter, an application for renewal of self-insurance, which shall include a current financial statement. Said application and financial statement shall be signed and sworn to by the president or vice president and secretary or assistant secretary of the employer if it be a corporation, or by all of the partners, if it be a copartnership, or by the owner if it be neither a copartnership nor a corporation. All initial applications and all applications for renewal of self-insurance must be submitted at
least 60 days prior to the requested effective date of self-insurance. An employer may elect to provide and pay compensation as provided for in this Act as a member of a group workers' compensation pool under Article V 3/4 of the Illinois Insurance Code. If an employer becomes a member of a group workers' compensation pool, the employer shall not be relieved of any obligations imposed by this Act.

If the sworn application and financial statement of any such employer does not satisfy the Commission of the financial ability of the employer who has filed it, the Commission shall require such employer to,

(2) Furnish security, indemnity or a bond guaranteeing the payment by the employer of the compensation provided for in this Act, provided that any such employer whose application and financial statement shall not have satisfied the commission of his or her financial ability and who shall have secured his liability in part by excess liability insurance shall be required to furnish to the Commission security, indemnity or bond guaranteeing his or her payment up to the effective limits of the excess coverage, or

(3) Insure his entire liability to pay such compensation in some insurance carrier authorized, licensed, or permitted to do such insurance business in this State. Every policy of an insurance carrier, insuring the payment of compensation under this Act shall cover all the employees and the entire compensation liability of the insured: Provided, however, that any employer may insure his or her compensation liability with 2 or more insurance carriers or may insure a part and qualify under subsection 1, 2, or 4 for the remainder of his or her liability to pay such compensation, subject to the following two provisions:

Firstly, the entire compensation liability of the employer to employees working at or from one location shall be insured in one such insurance carrier or shall be self-insured, and

Secondly, the employer shall submit evidence satisfactorily to the Commission that his or her entire liability for the compensation provided for in this Act will be secured. Any provisions in any policy, or in any endorsement attached thereto, attempting to limit or modify in any way, the liability of the insurance carriers issuing the same except as otherwise provided herein shall be wholly void.

Nothing herein contained shall apply to policies of excess liability carriage secured by employers who have been approved by the Commission as self-insurers, or

(4) Make some other provision, satisfactory to the Commission, for the securing of the payment of compensation provided for in this Act, and

(5) Upon becoming subject to this Act and thereafter as often as the Commission may in writing demand, file with the Commission in form prescribed by it evidence of his or her compliance with the provision of this Section.

(a-1) Regardless of its state of domicile or its principal place of business, an employer shall make payments to its insurance carrier or group self-insurance fund, where applicable, based upon the premium rates of the situs where the work or project is located in Illinois if:

(A) the employer is engaged primarily in the building and construction industry; and

(B) subdivision (a)(3) of this Section applies to the employer or the employer is a member of a group self-insurance plan as defined in subsection (1) of Section 4a.

The Industrial Commission shall impose a penalty upon an employer for violation of this subsection (a-1) if:

(i) the employer is given an opportunity at a hearing to present evidence of its compliance with this subsection (a-1); and

(ii) after the hearing, the Commission finds that the employer failed to make payments upon the premium rates of the situs where the work or project is located in Illinois.

The penalty shall not exceed $1,000 for each day of work for which the employer failed to make payments upon the premium rates of the situs where the work or project is located in Illinois, but the total penalty shall not exceed $50,000 for each project or each contract under which the work was performed.

Any penalty under this subsection (a-1) must be imposed not later than one year after the expiration of the applicable limitation period specified in subsection (d) of Section 6 of this Act. Penalties imposed under this subsection (a-1) shall be deposited into the Industrial Commission...
Operations Fund, a special fund that is created in the State treasury. Subject to appropriation, moneys in the Fund shall be used solely for the operations of the Industrial Commission.

(b) The sworn application and financial statement, or security, indemnity or bond, or amount of insurance, or other provisions, filed, furnished, carried, or made by the employer, as the case may be, shall be subject to the approval of the Commission.

Deposits under escrow agreements shall be cash, negotiable United States government bonds or negotiable general obligation bonds of the State of Illinois. Such cash or bonds shall be deposited in escrow with any State or National Bank or Trust Company having trust authority in the State of Illinois.

Upon the approval of the sworn application and financial statement, security, indemnity or bond or amount of insurance, filed, furnished or carried, as the case may be, the Commission shall send to the employer written notice of its approval thereof. The certificate of compliance by the employer with the provisions of subparagraphs (2) and (3) of paragraph (a) of this Section shall be delivered by the insurance carrier to the Industrial Commission within five days after the effective date of the policy so certified. The insurance so certified shall cover all compensation liability occurring during the time that the insurance is in effect and no further certificate need be filed in case such insurance is renewed, extended or otherwise continued by such carrier. The insurance so certified shall not be cancelled or in the event that such insurance is not renewed, extended or otherwise continued, such insurance shall not be terminated until at least 10 days after receipt by the Industrial Commission of notice of the cancellation or termination of said insurance; provided, however, that if the employer has secured insurance from another insurance carrier, or has otherwise secured the payment of compensation in accordance with this Section, and such insurance or other security becomes effective prior to the expiration of the 10 days, cancellation or termination may, at the option of the insurance carrier indicated in such notice, be effective as of the effective date of such other insurance or security.

(c) Whenever the Commission shall find that any corporation, company, association, aggregation of individuals, reciprocal or interinsurers exchange, or other insurer effecting workers' compensation insurance in this State shall be insolvent, financially unsound, or unable to fully meet all payments and liabilities assumed or to be assumed for compensation insurance in this State, or shall practice a policy of delay or unfairness toward employees in the adjustment, settlement, or payment of benefits due such employees, the Commission may after reasonable notice and hearing order and direct that such corporation, company, association, aggregation of individuals, reciprocal or interinsurers exchange, or insurer, shall from and after a date fixed in such order discontinue the writing of any such workers' compensation insurance in this State. Subject to such modification of the order as the Commission may later make on review of the order, as herein provided, it shall thereupon be unlawful for any such corporation, company, association, aggregation of individuals, reciprocal or interinsurers exchange, or insurer to effect any workers' compensation insurance in this State. A copy of the order shall be served upon the Director of Insurance by registered mail. Whenever the Commission finds that any service or adjustment company used or employed by a self-insured employer or by an insurance carrier to process, adjust, investigate, compromise or otherwise handle claims under this Act, has practiced or is practicing a policy of delay or unfairness toward employees in the adjustment, settlement or payment of benefits due such employees, the Commission may after reasonable notice and hearing order and direct that such service or adjustment company shall from and after a date fixed in such order be prohibited from processing, adjusting, investigating, compromising or otherwise handling claims under this Act.

Whenever the Commission finds that any self-insured employer has practiced or is practicing delay or unfairness toward employees in the adjustment, settlement or payment of benefits due such employees, the Commission may, after reasonable notice and hearing, order and direct that after a date fixed in the order such self-insured employer shall be disqualified to operate as a self-insurer and shall be required to insure his entire liability to pay compensation in some insurance carrier authorized, licensed and permitted to do such insurance business in this State, as provided in subparagraph 3 of paragraph (a) of this Section.

All orders made by the Commission under this Section shall be subject to review by the courts, said review to be taken in the same manner and within the same time as provided by Section 19 of this Act for review of awards and decisions of the Commission, upon the party seeking the review filing with the clerk of the court to which said review is taken a bond in an amount to be fixed

and approved by the court to which the review is taken, conditioned upon the payment of all compensation awarded against the person taking said review pending a decision thereof and further conditioned upon such other obligations as the court may impose. Upon the review the Circuit Court shall have power to review all questions of fact as well as of law. The penalty hereinafter provided for in this paragraph shall not attach and shall not begin to run until the final determination of the order of the Commission.

(d) Upon a finding by the Commission, after reasonable notice and hearing, of the knowing and willful failure or refusal of an employer to comply with any of the provisions of paragraph (a) of this Section or the failure or refusal of an employer, service or adjustment company, or an insurance carrier to comply with any order of the Industrial Commission pursuant to paragraph (c) of this Section disqualifying him or her to operate as a self insurer and requiring him or her liability, the Commission may assess a civil penalty of up to $500 per day for each day of such failure or refusal after the effective date of this amendatory Act of 1989. The minimum penalty under this Section shall be the sum of $10,000. Each day of such failure or refusal shall constitute a separate offense. The Commission may assess the civil penalty personally and individually against the corporate officers and directors of a corporate employer, the partners of an employer partnership, and the members of an employer limited liability company, after a finding of a knowing and willful refusal or failure of each such named corporate officer, director, partner, or member to comply with this Section. The liability for the assessed penalty shall be against the named employer first, and if the named employer fails or refuses to pay the penalty to the Commission within 30 days after the final order of the Commission, then the named corporate officers, directors, partners, or members who have been found to have knowingly and willfully refused or failed to comply with this Section shall be liable for the unpaid penalty or any unpaid portion of the penalty. All penalties collected under this Section shall be deposited in the Industrial Commission Operations Fund.

Upon the failure or refusal of any employer, service or adjustment company or insurance carrier to comply with the provisions of this Section and with the orders of the Commission under this Section, or the order of the court on review after final adjudication, the Commission may bring a civil action to recover the amount of the penalty in Cook County or in Sangamon County in which litigation the Commission shall be represented by the Attorney General. The Commission shall send notice of its finding of non-compliance and assessment of the civil penalty to the Attorney General. It shall be the duty of the Attorney General within 30 days after receipt of the notice, to institute prosecutions and promptly prosecute all reported violations of this Section.

(e) This Act shall not affect or disturb the continuance of any existing insurance, mutual aid, benefit, or relief association or department, whether maintained in whole or in part by the employer or whether maintained by the employees, the payment of benefits of such association or department being guaranteed by the employer or by some person, firm or corporation for him or her. Provided, the employer contributes to such association or department an amount not less than the full compensation herein provided, exclusive of the cost of the maintenance of such association or department and without any expense to the employee. This Act shall not prevent the organization and maintaining under the insurance laws of this State of any benefit or insurance company for the purpose of insuring against the compensation provided for in this Act, the expense of which is maintained by the employer. This Act shall not prevent the organization or maintaining under the insurance laws of this State of any voluntary mutual aid, benefit or relief association among employees for the payment of additional accident or sick benefits.

(f) No existing insurance, mutual aid, benefit or relief association or department shall, by reason of anything herein contained, be authorized to discontinue its operation without first discharging its obligations to any and all persons carrying insurance in the same or entitled to relief or benefits therein.

(g) Any contract, oral, written or implied, of employment providing for relief benefit, or insurance or any other device whereby the employee is required to pay any premium or premiums for insurance against the compensation provided for in this Act shall be null and void. Any employer withholding from the wages of any employee any amount for the purpose of paying any such premium shall be guilty of a Class B misdemeanor.

In the event the employer does not pay the compensation for which he or she is liable, then an insurance company, association or insurer which may have insured such employer against such

liability shall become primarily liable to pay to the employee, his or her personal representative or beneficiary the compensation required by the provisions of this Act to be paid by such employer. The insurance carrier may be made a party to the proceedings in which the employer is a party and an award may be entered jointly against the employer and the insurance carrier.

(h) It shall be unlawful for any employer, insurance company or service or adjustment company to interfere with, restrain or coerce an employee in any manner whatsoever in the exercise of the rights or remedies granted to him or her by this Act or to discriminate, attempt to discriminate, or threaten to discriminate against an employee in any way because of his or her exercise of the rights or remedies granted to him or her by this Act.

It shall be unlawful for any employer, individually or through any insurance company or service or adjustment company, to discharge or to threaten to discharge, or to refuse to rehire or recall to active service in a suitable capacity an employee because of the exercise of his or her rights or remedies granted to him or her by this Act.

(i) If an employer elects to obtain a life insurance policy on his employees, he may also elect to apply such benefits in satisfaction of all or a portion of the death benefits payable under this Act, in which case, the employer's compensation premium shall be reduced accordingly.

(j) Within 45 days of receipt of an initial application or application to renew self-insurance privileges the Self-Insurers Advisory Board shall review and submit for approval by the Chairman of the Commission recommendations of disposition of all initial applications to self-insure and all applications to renew self-insurance privileges filed by private self-insurers pursuant to the provisions of this Section and Section 4a-9 of this Act. Each private self-insurer shall submit with its initial and renewal applications the application fee required by Section 4a-4 of this Act.

The Chairman of the Commission shall promptly act upon all initial applications and applications for renewal in full accordance with the recommendations of the Board or, should the Chairman disagree with any recommendation of disposition of the Self-Insurer's Advisory Board, he shall within 30 days of receipt of such recommendation provide to the Board in writing the reasons supporting his decision. The Chairman shall also promptly notify the employer of his decision within 15 days of receipt of the recommendation of the Board.

If an employer is denied a renewal of self-insurance privileges pursuant to application it shall retain said privilege for 120 days after receipt of a notice of cancellation of the privilege from the Chairman of the Commission.

All orders made by the Chairman under this Section shall be subject to review by the courts, such review to be taken in the same manner and within the same time as provided by subsection (f) of Section 19 of this Act for review of awards and decisions of the Commission, upon the party seeking the review filing with the clerk of the court to which such review is taken a bond in an amount to be fixed and approved by the court to which the review is taken, conditioned upon the payment of all compensation awarded against the person taking such review pending a decision thereof and further conditioned upon such other obligations as the court may impose. Upon the review the Circuit Court shall have power to review all questions of fact as well as of law.

At the end of one year a vendor who has been terminated may apply for reinstatement to the program. Upon proper application to be reinstated such vendor may be deemed eligible by the Director providing that such vendor meets the
requirements for eligibility under this Code. If such vendor is deemed not eligible for reinstatement, he shall be barred from again applying for reinstatement for one year from the date his application for reinstatement is denied.

A vendor whose termination from participation in the Illinois medical assistance program under Article V was based solely on an action by a governmental entity other than the Illinois Department may, upon reinstatement by that governmental entity or upon reversal of the termination, apply for rescission of the termination from participation in the Illinois medical assistance program. Upon proper application for rescission, the vendor may be deemed eligible by the Director if the vendor meets the requirements for eligibility under this Code.

If a vendor has been terminated and reinstated to the medical assistance program under Article V and the vendor is terminated a second or subsequent time from the medical assistance program, the vendor shall be barred from participation for at least 2 years. At the end of 2 years, a vendor who has been terminated may apply for reinstatement to the program. Upon application to be reinstated, the vendor may be deemed eligible if the vendor meets the requirements for eligibility under this Code. If the vendor is deemed not eligible for reinstatement, the vendor shall be barred from again applying for reinstatement for 2 years from the date the vendor's application for reinstatement is denied.

(E) The Illinois Department may recover money improperly or erroneously paid, or overpayments, either by setoff, crediting against future billings or by requiring direct repayment to the Illinois Department.

(F) The Illinois Department may withhold payments to any vendor during the pendency of any proceeding under this Section except that if a final administrative decision has not been issued within 120 days of the initiation of such proceedings, unless delay has been caused by the vendor, payments can no longer be withheld, provided, however, that the 120 day limit may be extended if said extension is mutually agreed to by the Illinois Department and the vendor. The Illinois Department shall state by rule with as much specificity as practicable the conditions under which payments will not be withheld during the pendency of any proceeding under this Section. Payments may be denied for bills submitted with service dates occurring during the pendency of a proceeding where the final administrative decision is to terminate eligibility to participate in the medical assistance program. The Illinois Department shall state by rule with as much specificity as practicable the conditions under which payments will not be denied for such bills.

(F-5) The Illinois Department may temporarily withhold payments to a vendor if any of the following individuals have been indicted or otherwise charged under a law of the United States or this or any other state with a felony offense that is based on alleged fraud or willful misrepresentation on the part of the individual related to (i) the medical assistance program under Article V of this Code, (ii) a medical assistance program provided in another state which is of the kind provided under Article V of this Code, (iii) the Medicare program under Title XVIII of the Social Security Act, or (iv) the provision of health care services:

(1) If the vendor is a corporation: an officer of the corporation or an individual who owns, either directly or indirectly, 5% or more of the shares of stock or other evidence of ownership of the corporation.

(2) If the vendor is a sole proprietorship: the owner of the sole proprietorship.

(3) If the vendor is a partnership: a partner in the partnership.

(4) If the vendor is any other business entity authorized by law to transact business in this State: an officer of the entity or an individual who owns, either directly or indirectly, 5% or more of the evidences of ownership of the entity.

If the Illinois Department withholds payments to a vendor under this subsection, the Department shall not release those payments to the vendor while any criminal proceeding related to the indictment or charge is pending unless the Department determines that there is good cause to release the payments before completion of the proceeding. If the indictment or charge results in the individual's conviction, the Illinois Department shall retain all withheld payments, which shall be considered forfeited to the Department. If the indictment or charge does not result in the individual's conviction, the Illinois Department shall release to the vendor all withheld payments.

(G) The provisions of the Administrative Review Law, as now or hereafter amended, and the rules adopted pursuant thereto, shall apply to and govern all proceedings for the judicial review of final administrative decisions of the Illinois Department under this Section. The term "administrative
decision" is defined as in Section 3-101 of the Code of Civil Procedure.

(H) Nothing contained in this Code shall in any way limit or otherwise impair the authority or power of any State agency responsible for licensing of vendors.

(I) Based on a finding of noncompliance on the part of a nursing home with any requirement for certification under Title XVIII or XIX of the Social Security Act (42 U.S.C. Sec. 1395 et seq. or 42 U.S.C. Sec. 1396 et seq.), the Illinois Department may impose one or more of the following remedies after notice to the facility:

1. Termination of the provider agreement.
2. Temporary management.
3. Denial of payment for new admissions.
4. Civil money penalties.
5. Closure of the facility in emergency situations or transfer of residents, or both.
7. Denial of all payments when the Health Care Finance Administration has imposed this sanction.

The Illinois Department shall by rule establish criteria governing continued payments to a nursing facility subsequent to termination of the facility's provider agreement if, in the sole discretion of the Illinois Department, circumstances affecting the health, safety, and welfare of the facility's residents require those continued payments. The Illinois Department may condition those continued payments on the appointment of temporary management, sale of the facility to new owners or operators, or other arrangements that the Illinois Department determines best serve the needs of the facility's residents.

Except in the case of a facility that has a right to a hearing on the finding of noncompliance before an agency of the federal government, a facility may request a hearing before a State agency on any finding of noncompliance within 60 days after the notice of the intent to impose a remedy. Except in the case of civil money penalties, a request for a hearing shall not delay imposition of the penalty. The choice of remedies is not appealable at a hearing. The level of noncompliance may be challenged only in the case of a civil money penalty. The Illinois Department shall provide by rule for the State agency that will conduct the evidentiary hearings.

The Illinois Department may collect interest on unpaid civil money penalties.

The Illinois Department may adopt all rules necessary to implement this subsection (I).

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Children and Family Services Act is amended by changing Section 7 as follows:

(20 ILCS 505/7) (from Ch. 23, par. 5007)
Sec. 7. Placement of children; considerations.
(a) In placing any child under this Act, the Department shall place such child, as far as possible, in the care and custody of some individual holding the same religious belief as the parents of the child, or with some child care facility which is operated by persons of like religious faith as the parents of such child.

(b) In placing a child under this Act, the Department may place a child with a relative if the Department has reason to believe that the relative will be able to adequately provide for the child's safety and welfare. The Department may not place a child with a relative, with the exception of certain circumstances which may be waived as defined by the Department in rules, if the results of a check of the Law Enforcement Agency Data System (LEADS) identifies a prior criminal conviction of the
relative or any adult member of the relative's household for any of the following offenses under the Criminal Code of 1961:

(1) murder;
(1.1) solicitation of murder;
(1.2) solicitation of murder for hire;

The Department shall consider the individual needs of the child and the capacity of the prospective foster or adoptive parents to meet
the needs of the child. The Department shall make special efforts for the diligent recruitment of potential foster and adoptive families that reflect the ethnic and racial diversity of the children for whom foster and adoptive homes are needed. "Special efforts" shall include contacting and working with community organizations and religious organizations and may include contracting with those organizations, utilizing local media and other local resources, and conducting outreach activities.

PUBLIC ACT 92-0329

(Senate Bill No. 1058)
AN ACT in relation to probation and pretrial services fees.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Juvenile Court Act of 1987 is amended by changing Sections 3-21, 3-24, 4-18, 4-21, and 5-305 as follows:

(705 ILCS 405/3-21) (from Ch. 37, par. 803-21)
Sec. 3-21. Continuance under supervision. (1) The court may enter an order of continuance under supervision (a) upon an admission or stipulation by the appropriate respondent or minor respondent of the facts supporting the petition and before proceeding to findings and adjudication, or after hearing the evidence at the adjudicatory hearing but before noting in the minutes of proceedings a finding of whether or not the minor is a person requiring authoritative intervention; and (b) in the absence of objection made in open court by the minor, his parent, guardian, custodian, responsible relative, defense attorney or the State's Attorney.

(2) If the minor, his parent, guardian, custodian, responsible relative, defense attorney or State's Attorney, objects in open court to any such continuance and insists upon proceeding to findings and adjudication, the court shall so proceed.

(3) Nothing in this Section limits the power of the court to order a continuance of the hearing for the production of additional evidence or for any other proper reason.

(4) When a hearing where a minor is alleged to be a minor requiring authoritative intervention is continued pursuant to this Section, the court may permit the minor to remain in his home subject to such conditions concerning his conduct and supervision as the court may require by order.

(5) If a petition is filed charging a violation of a condition of the continuance under supervision, the court shall conduct a hearing. If the court finds that such condition of supervision has not been fulfilled the court may proceed to findings and adjudication and disposition. The filing of a petition for violation of a condition of the continuance under supervision shall toll the period of continuance under supervision until the final determination of the charge, and the term of the continuance under supervision shall not run until the hearing and disposition of the petition for violation; provided where the petition alleges conduct that does not constitute a criminal offense, the hearing must be held within 15 days of the filing of the petition unless a delay in such hearing has been occasioned by the minor, in which case the delay shall continue the tolling of the period of continuance under supervision for the period of such delay.

(6) The court must impose upon a minor under an order of continuance under supervision or an order of disposition under this Article III, as a condition of the order, a fee of $25 for each month or partial month of supervision with a probation officer. If the court determines the inability of the minor, or the parent, guardian, or legal custodian of the minor to pay the fee, the court may impose a lesser fee. The court may not impose the fee on a minor who is made a ward of the State under this Act. The fee may be imposed only upon a minor who is actively supervised by the probation and court services department. The fee must be collected by the clerk of the circuit court. The clerk of the circuit court must pay all monies collected from this fee to the county treasurer for deposit into the probation and court services fund under Section 15.1 of the Probation and Probation Officers Act.
(Source: P.A. 85-601.)

(705 ILCS 405/3-24) (from Ch. 37, par. 803-24)
Sec. 3-24. Kinds of dispositional orders.

(1) The following kinds of orders of disposition may be made in respect to wards of the court:
A minor found to be requiring authoritative intervention under Section 3-3 may be (a) committed to the Department of Children and Family Services, subject to Section 5 of the Children and Family Services Act; (b) placed under supervision and released to his or her parents, guardian or legal custodian; (c) placed in accordance with Section 3-28 with or without also being placed under supervision. Conditions of supervision may be modified or terminated by the court if it deems that the best interests of the minor and the public will be served thereby; (d) ordered partially or completely emancipated in accordance with the provisions of the Emancipation of Mature Minors Act; or (e) subject to having his or her driver's license or driving privilege suspended for such time as determined by the Court but only until he or she attains 18 years of age.

(2) Any order of disposition may provide for protective supervision under Section 3-25 and may include an order of protection under Section 3-26.
(3) Unless the order of disposition expressly so provides, it does not operate to close proceedings on the pending petition, but is subject to modification until final closing and discharge of the proceedings under Section 3-32.

(4) In addition to any other order of disposition, the court may order any person found to be a minor requiring authoritative intervention under Section 3-3 to make restitution, in monetary or non-monetary form, under the terms and conditions of Section 5-5-6 of the Unified Code of Corrections, except that the "presentence hearing" referred to therein shall be the dispositional hearing for purposes of this Section. The parent, guardian or legal custodian of the minor may pay some or all of such restitution on the minor's behalf.

(5) Any order for disposition where the minor is committed or placed in accordance with Section 3-28 shall provide for the parents or guardian of the estate of such minor to pay to the legal custodian or guardian of the person of the minor such sums as are determined by the custodian or guardian of the person of the minor as necessary for the minor's needs. Such payments may not exceed the maximum amounts provided for by Section 9.1 of the Children and Family Services Act.

(6) Whenever the order of disposition requires the minor to attend school or participate in a program of training, the truant officer or designated school official shall regularly report to the court if the minor is a chronic or habitual truant under Section 26-2a of the School Code.

(7) The court must impose upon a minor under an order of continuance under supervision or an order of disposition under this Article III, as a condition of the order, a fee of $25 for each month or partial month of supervision with a probation officer. If the court determines the inability of the minor, or the parent, guardian, or legal custodian of the minor to pay the fee, the court may impose a lesser fee. The court may not impose the fee on a minor who is made a ward of the State under this Act. The fee may be imposed only upon a minor who is actively supervised by the probation and court services department. The fee must be collected by the clerk of the circuit court. The clerk of the circuit court must pay all moneys collected from this fee to the county treasurer for deposit into the probation and court services fund under Section 13.1 of the Probation and Probation Officers Act.

(2) If the minor, his parent, guardian, custodian, responsible relative, defense attorney or State's Attorney, objects in open court to any such continuance and insists upon proceeding to findings and adjudication, the court shall so proceed.

(3) Nothing in this Section limits the power of the court to order a continuance of the hearing for the production of additional evidence or for any other proper reason.

(4) When a hearing is continued pursuant to this Section, the court may permit the minor to remain in his home subject to such conditions concerning his conduct and supervision as the court may require by order.

(5) If a petition is filed charging a violation of a condition of the continuance under supervision, the court shall conduct a hearing. If the court finds that such condition of supervision has not been fulfilled the court may proceed to findings and adjudication and disposition. The filing of a petition for violation of a condition of the continuance under supervision shall toll the period of continuance under supervision until the final determination of the charge, and the term of the continuance under supervision shall not run until the hearing and disposition of the petition for violation; provided where the petition alleges conduct that does not constitute a criminal offense, the hearing must be held within 15 days of the filing of the petition unless a delay in such hearing has been occasioned by the minor, in which case the delay shall continue the tolling of the period of continuance under supervision for the period of such delay.

(6) The court must impose upon a minor under an order of continuance under supervision or an order of disposition under this Article IV, as a condition of the order, a fee of $25 for each month
or partial month of supervision with a probation officer. If the court determines the inability of the minor, or the parent, guardian, or legal custodian of the minor to pay the fee, the court may impose a lesser fee. The court may not impose the fee on a minor who is made a ward of the State under this Act. The fee may be imposed only upon a minor who is actively supervised by the probation and court services department. The fee must be collected by the clerk of the circuit court. The clerk of the circuit court must pay all monies collected from this fee to the county treasurer for deposit into the probation and court services fund under Section 15.1 of the Probation and Probation Officers Act. (705 ILCS 405/5-305)  
Sec. 5-305. Probation adjustment.

(1) The court may authorize the probation officer to confer in a preliminary conference with a minor who is alleged to have committed an offense, his or her parent, guardian or legal custodian,
the victim, the juvenile police officer, the State's Attorney, and other interested persons concerning
the advisability of filing a petition under Section 5-520, with a view to adjusting suitable cases without
the filing of a petition as provided for in this Article, the probation officer should schedule a
conference promptly except when the State's Attorney insists on court action or when the minor has
indicated that he or she will demand a judicial hearing and will not comply with a probation
adjustment.

(1-b) In any case of a minor who is in custody, the holding of a probation adjustment
conference does not operate to prolong temporary custody beyond the period permitted by Section
5-415.

(2) This Section does not authorize any probation officer to compel any person to appear at
any conference, produce any papers, or visit any place.

(3) No statement made during a preliminary conference in regard to the offense that is the
subject of the conference may be admitted into evidence at an adjudicatory hearing or at any
proceeding against the minor under the criminal laws of this State prior to his or her conviction under
those laws.

(4) When a probation adjustment is appropriate, the probation officer shall promptly formulate
a written, non-judicial adjustment plan following the initial conference.

(5) Non-judicial probation adjustment plans include but are not limited to the following:
   (a) up to 6 months informal supervision within the family;
   (b) up to 12 months informal supervision with a probation officer involved which may
       include any conditions of probation provided in Section 5-713;
   (c) up to 6 months informal supervision with release to a person other than a parent;
   (d) referral to special educational, counseling, or other rehabilitative social or educational
       programs;
   (e) referral to residential treatment programs;
   (f) participation in a public or community service program or activity; and
   (g) any other appropriate action with the consent of the minor and a parent.

(6) The factors to be considered by the probation officer in formulating a non-judicial
probation adjustment plan shall be the same as those limited in subsection (4) of Section 5-405.

(7) Beginning January 1, 2000, the probation officer who imposes a probation adjustment plan
shall assure that information about an offense which would constitute a felony if committed by an
adult, and may assure that information about a misdemeanor offense, is transmitted to the Department
of State Police.

Sec. 110-10. Conditions of bail bond.
(a) If a person is released prior to conviction, either upon payment of bail security or on his
or her own recognizance, the conditions of the bail bond shall be that he or she will:
   (1) Appear to answer the charge in the court having jurisdiction on a day certain and
       thereafter as ordered by the court until discharged or final order of the court;
   (2) Submit himself or herself to the orders and process of the court;
   (3) Not depart this State without leave of the court;
   (4) Not violate any criminal statute of any jurisdiction;
   (5) At a time and place designated by the court, surrender all firearms in his or her
       possession to a law enforcement officer designated by the court to take custody of and
       impound the firearms when the offense the person has been charged with is a forcible felony,
       stalking, aggravated stalking, domestic battery, any violation of either the Illinois Controlled
       Substances Act or the Cannabis Control Act that is classified as a Class 2 or greater felony,
       or any felony violation of Article 24 of the Criminal Code of 1961; the court may, however,
       forgo the imposition of this condition when the circumstances of the case clearly do not
       warrant it or when its imposition would be impractical; all legally possessed firearms shall
       be returned to the person upon that person completing a sentence for a conviction on a
       misdemeanor domestic battery, upon the charges being dismissed, or if the person is found

not guilty, unless the finding of not guilty is by reason of insanity; and

(6) At a time and place designated by the court, submit to a psychological evaluation when the person has been charged with a violation of item (4) of subsection (a) of Section 24-1 of the Criminal Code of 1961 and that violation occurred in a school or in any conveyance owned, leased, or contracted by a school to transport students to or from school or a school-related activity, or on any public way within 1,000 feet of real property comprising any school.

Psychological evaluations ordered pursuant to this Section shall be completed promptly and made available to the State, the defendant, and the court. As a further condition of bail under these circumstances, the court shall order the defendant to refrain from entering upon the property of the school, including any conveyance owned, leased, or contracted by a school to transport students to or from school or a school-related activity, or on any public way within 1,000 feet of real property comprising any school. Upon receipt of the psychological evaluation, either the State or the defendant may request a change in the conditions of bail, pursuant to Section 110-6 of this Code. The court may change the conditions of bail to include a requirement that the defendant follow the recommendations of the psychological evaluation, including undergoing psychiatric treatment. The conclusions of the psychological evaluation and any statements elicited from the defendant during its administration are not admissible as evidence of guilt during the course of any trial on the charged offense, unless the defendant places his or her mental competency in issue.

(b) The court may impose other conditions, such as the following, if the court finds that such conditions are reasonably necessary to assure the defendant's appearance in court, protect the public from the defendant, or prevent the defendant's unlawful interference with the orderly administration of justice:

(2) Refrain from possessing a firearm or other dangerous weapon;

(12) Observe any curfew ordered by the court;
(13) Remain in the custody of such designated person or organization agreeing to supervise his release. Such third party custodian shall be responsible for notifying the court if the defendant fails to observe the conditions of release which the custodian has agreed to monitor, and shall be subject to contempt of court for failure so to notify the court;
(14) Be placed under direct supervision of the Pretrial Services Agency, Probation Department or Court Services Department in a pretrial bond home supervision capacity with or without the use of an approved electronic monitoring device subject to Article 8A of Chapter V of the Unified Code of Corrections;
(14.1) The court shall impose upon a defendant who is charged with any alcohol, cannabis or controlled substance violation and is placed under direct supervision of the Pretrial Services Agency, Probation Department or Court Services Department in a pretrial bond home supervision capacity with the use of an approved monitoring device, as a condition of such bail bond, a fee that represents costs incidental to the electronic monitoring for each day of such bail supervision ordered by the court, unless after determining the inability of the defendant to pay the fee, the court assesses a lesser fee or no fee as the case may be. The fee shall be collected by the clerk of the circuit court. The clerk of the circuit court shall pay all
monies collected from this fee to the county treasurer for deposit in the substance abuse services fund under Section 5-1086.1 of the Counties Code;

The fee shall be collected by the clerk of the circuit court. The clerk of the circuit court shall pay all monies collected from this fee to the county treasurer who shall use the monies collected to defray the costs of corrections. The county treasurer shall deposit the fee collected in the county working cash fund under Section 6-27001 or Section 6-29002 of the Counties Code, as the case may be;

(14.3) The Chief Judge of the Judicial Circuit may establish reasonable fees to be paid by a person receiving pretrial services while under supervision of a pretrial services agency, probation department, or court services department. Reasonable fees may be charged for pretrial services including, but not limited to, pretrial supervision, diversion programs, electronic monitoring, victim impact services, drug and alcohol testing, and victim mediation services. The person receiving pretrial services may be ordered to pay all costs incidental to pretrial services in accordance with his or her ability to pay those costs;

(15) Comply with the terms and conditions of an order of protection issued by the court under the Illinois Domestic Violence Act of 1986 or an order of protection issued by the court of another state, tribe, or United States territory;

(16) Under Section 110-6.5 comply with the conditions of the drug testing program; and

(17) Such other reasonable conditions as the court may impose.

(c) When a person is charged with an offense under Section 12-13, 12-14, 12-14.1, 12-15 or 12-16 of the "Criminal Code of 1961", involving a victim who is a minor under 18 years of age living in the same household with the defendant at the time of the offense, in granting bail or releasing the defendant on his own recognizance, the judge shall impose conditions to restrict the defendant's access to the victim which may include, but are not limited to conditions that he will:

1. Vacate the Household.
2. Make payment of temporary support to his dependents.
3. Refrain from contact or communication with the child victim, except as ordered by the court.

(d) When a person is charged with a criminal offense and the victim is a family or household member as defined in Article 112A, conditions shall be imposed at the time of the defendant's release on bond that restrict the defendant's access to the victim. Unless provided otherwise by the court, the restrictions shall include requirements that the defendant do the following:

(1) refrain from contact or communication with the victim for a minimum period of 72 hours following the defendant's release; and
(2) refrain from entering or remaining at the victim's residence for a minimum period of 72 hours following the defendant's release.

(e) Local law enforcement agencies shall develop standardized bond forms for use in cases involving family or household members as defined in Article 112A, including specific conditions of bond as provided in subsection (d). Failure of any law enforcement department to develop or use those forms shall in no way limit the applicability and enforcement of subsections (d) and (f).

(f) If the defendant is admitted to bail after conviction the conditions of the bail bond shall be that he will, in addition to the conditions set forth in subsections (a) and (b) hereof:

(1) Duly prosecute his appeal;
(2) Appear at such time and place as the court may direct;
(3) Not depart this State without leave of the court;

The agency may charge a reasonable fee for providing the copies to cover postage and handling costs.

Section 5. The Property Tax Code is amended by changing Sections 15-5, 15-10, and 15-40
as follows:

(35 ILCS 200/15-5)
Sec. 15-5. Creation of exemptions. Any person wishing to claim an exemption for the first
time, other than a homestead exemption under Sections 15-165 through 15-180, shall file an

Owners of 5 or more such exempt parcels within a county may file a single annual affidavit in lieu of an affidavit for each parcel. The assessment officer, upon request, shall furnish an affidavit form to the owners, in which the owner may state whether there has been any change in the ownership or use of the property or status of the owner or resident as of January 1 of that year. of the child, or with some child care facility which is operated by persons of like religious faith as the
parents of such child.
(b) In placing a child under this Act, the Department may place a child with a relative if the
Department has reason to believe that the relative will be able to adequately provide for the child's
safety and welfare. The Department may not place a child with a relative, with the exception of certain
circumstances which may be waived as defined by the Department in rules, if the results of a check
of the Law Enforcement Agency Data System (LEADS) identifies a prior criminal conviction of the
relative or any adult member of the relative's household for any of the following offenses under the
Criminal Code of 1961:
(1) murder;

(10) aggravated sexual abuse;
(11) heinous battery;
(12) aggravated battery with a firearm;
(13) tampering with food, drugs, or cosmetics;

(17) vehicular invasion;
(18) criminal transmission of HIV;
(19) criminal neglect of an elderly or disabled person;
(20) child abandonment;
(21) endangering the life or health of a child;
(22) ritual mutilation;
(23) ritualized abuse of a child;
(24) an offense in any other state the elements of which are similar and bear a substantial relationship to any of the foregoing offenses.

For the purpose of this subsection, "relative" shall include any person, 21 years of age or over, other than the parent, who (i) is currently related to the child in any of the following ways by blood or adoption: grandparent, sibling, great-grandparent, uncle, aunt, nephew, niece, first cousin, great-uncle, or great-aunt; or (ii) is the spouse of such a relative; or (iii) is the child's step-father, step-mother, or adult step-brother or step-sister; "relative" also includes a person related in any of the foregoing ways to a sibling of a child, even though the person is not related to the child, when the child and its sibling are placed together with that person. A relative with whom a child is placed pursuant to this subsection may, but is not required to, apply for licensure as a foster family home pursuant to the Child Care Act of 1969; provided, however, that as of July 1, 1995, foster care payments shall be made only to licensed foster family homes pursuant to the terms of Section 5 of this Act.

(c) In placing a child under this Act, the Department shall ensure that the child's health, safety, and best interests are met in making a family foster care placement. The Department shall consider the individual needs of the child and the capacity of the prospective foster or adoptive parents to meet the needs of the child. When a child must be placed outside his or her home and cannot be immediately returned to his or her parents or guardian, a comprehensive, individualized assessment shall be performed of that child at which time the needs of the child shall be determined. Only if race, color, or national origin is identified as a legitimate factor in advancing the child's best interests shall it be considered. Race, color, or national origin shall not be routinely considered in making a placement decision. The Department shall make special efforts for the diligent recruitment of potential foster and adoptive families that reflect the ethnic and racial diversity of the children for whom foster and adoptive homes are needed. "Special efforts" shall include contacting and working with community organizations and religious organizations and may include contracting with those organizations, utilizing local media and other local resources, and conducting outreach activities.

(c-1) At the time of placement, the Department shall consider concurrent planning, as described in subsection (l-1) of Section 5, so that permanency may occur at the earliest opportunity. Consideration should be given so that if reunification fails or is delayed, the placement made is the best available placement to provide permanency for the child.

(d) The Department may accept gifts, grants, offers of services, and other contributions to use in making special recruitment efforts.

(e) The Department in placing children in adoptive or foster care homes may not, in any policy or practice relating to the placement of children for adoption or foster care, discriminate against any child or prospective adoptive or foster parent on the basis of race.

(2) A plan for training adoptive and foster families of minority children.

(3) A plan for employing social workers in adoption and foster care. The plan shall include staffing goals and objectives.

(4) A plan for ensuring that adoption and foster care workers attend training offered or approved by the Department regarding the State's goal of encouraging cultural diversity and the needs of special needs children.

(5) A plan that includes policies and procedures for determining for each child requiring placement outside of his or her home, and who cannot be immediately returned to his or her parents or guardian, the placement needs of that child. In the rare instance when an individualized assessment identifies, documents, and substantiates that race, color, or national origin is a factor that needs to be considered in advancing a particular child's best interests, it shall be considered in making a placement.

Sec. 35.6. State-wide Foster parent state-wide toll-free telephone number.

(a) There shall be a State-wide, toll-free telephone number for any person foster parents, whether or not mandated by law, to report to the Inspector General of the Department, suspected misconduct, malfeasance, misfeasance, or violations of rules, procedures, or laws by Department employees, service providers, or contractors that is detrimental to the best interest of children receiving care, services, or training from or who were committed to the Department as allowed under Section 5 of this Act. Immediately upon receipt of a telephone call regarding suspected abuse or neglect of children, the Inspector General shall refer the call to the Child Abuse and Neglect Hotline or to the State Police as mandated by the Abused and Neglected Child Reporting Act and Section 35.5 of this Act. A mandated reporter shall not be relieved of his or her duty to report incidents to the Child Abuse and Neglect Hotline referred to in this subsection. The Inspector General shall also establish rules and procedures for evaluating reports of suspected misconduct and violation of rules and for conducting an investigation of such reports.

(b) The Inspector General shall prepare and maintain written records from the reporting source that shall contain the following information to the extent known at the time the report is made: (1) the names and addresses of the child and the person responsible for the child's welfare; (2) the nature of the misconduct and the detriment cause to the child's best interest; (3) the names of the persons or agencies responsible for the alleged misconduct. Any investigation conducted by the Inspector General pursuant to such information shall not duplicate and shall be separate from the investigation mandated by the Abused and Neglected Child Reporting Act. However, the Inspector General may include the results of such investigation in reports compiled under this Section. At the request of the reporting agent, the Inspector General shall keep the identity of the reporting agent strictly confidential from the operation of the Department, until the Inspector General shall determine what recommendations shall be made with regard to discipline or sanction of the Department employee, service provider, or contractor, with the exception of suspected child abuse or neglect which shall be handled consistent with the Abused and Neglected Child Reporting Act and Section 35.5 of this Act. The Department shall take whatever steps are necessary to assure that a person making a report in good faith under this Section is not adversely affected solely on the basis of having made such report.

AN ACT concerning the regulation of professions.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Illinois Plumbing License Law is amended by changing Sections 1, 2, 3, 8, 20, and
29.5 and by adding Section 13.1 as follows:

Sec. 1. Purpose. It has been established by scientific evidence that improper plumbing can
result in the introduction of pathogenic organisms into the potable water supply, result in the escape
of toxic gases into the environment, and result in potentially lethal disease and epidemic. It is further
found that minimum numbers of plumbing facilities and fixtures are necessary for the comfort and
convenience of workers and persons in public places.

New matter indicated by italics - deletions by strikeout.
Consistent with its duty to safeguard the health of the people of this State, the General Assembly therefore declares that the regulation of plumbing and the plumbing trade is necessary for the protection of the public health, convenience, and welfare. The General Assembly therefore declares that individuals who plan, inspect, install, alter, extend, repair and maintain plumbing systems shall be individuals of proven skill. Further, the General Assembly declares that a guide for the minimum control and number of plumbing materials and fixtures, the design of plumbing systems, and the construction and installation methods of plumbing systems is essential for the protection of public health and convenience. In order to insure plumbing skill and to authoritatively establish what shall be good plumbing practice, this Act provides for the licensing of plumbers and registration of plumbing contractors and for the promulgation of a Minimum Plumbing Code of standards by the Department; This Act is therefore declared to be essential to the public interest.

The Prisoner Review Board shall recommit the defendant whose mandatory supervised release term has been revoked under this subsection (j-5) as provided in Section 3-3-9. This subsection (j-5) does not apply to a defendant who has a high school diploma or has successfully passed the GED test. Section 99. Effective date. This Act takes effect upon becoming law.

PUBLIC ACT 92-0341
(House Bill No. 3095)

AN ACT in relation to aeronautics.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Airport Authorities Act is amended by changing Section 17.2 as follows:

(70 ILCS 5/17.2) (from Ch. 15 1/2, par. 68.17b)
Sec. 17.2. Whenever a township disconnects from a Metropolitan Airport Authority as provided in Section 17.1, such township and the municipalities within such township shall be paid upon such terms as may be agreed upon by their corporate authorities and the board of commissioners of the Metropolitan Airport Authority, but in no event shall any such township or municipality be paid in excess of its investment or for any funds advanced to such Metropolitan Airport Authority or any pre-existing airport authority it has acquired, or otherwise paid or expended, either directly or indirectly, by the State or federal governments for the acquisition of the land used for any such existing airport improvement or facility or for any bonded indebtedness owed by the Metropolitan Airport Authority or the pre-existing airport authority. The terms of payment shall provide for payment in full within not more than 20 years from the date of such agreement.

In case the amount and terms of payment are not so determined by agreement, the board of commissioners of the Authority shall cause a description of such airport and such existing improvements and facilities to be made, together with an estimate of the previous actual expenditures of the pre-existing authority therefor, less any existing bonded indebtedness of the pre-existing authority, and shall tender payment of the total amount so estimated in writing to such township and municipalities in the proportions specified below. Such tender shall provide for payment by the Authority of the amount tendered within 5 years from the date thereof, and any part of the sum remaining unpaid after 12 months from that date shall bear interest at a rate not to exceed the maximum rate authorized by the Bond Authorization Act, as amended at the time of the making of the contract.

In case such tender is not accepted in writing by the corporate authorities of such township and municipalities within 30 days after it is made, the Authority by its board of commissioners shall file a petition in the circuit court of the county in which the airport facilities of the Authority are located, naming such township and municipalities respondents thereto, setting forth a description of
such airport, airport improvements and facilities, the estimated amount of such previous expenditures by the pre-existing authority, the amount of bonded indebtedness owed by the pre-existing authority, the fact of such tender having been made and the date thereof, and praying that there be determined by the circuit court the true amount of such prior expenditures by the pre-existing authority. A copy of the petition shall be served upon the presiding officer of the township and each municipality within 5 days after the filing of such petition, and upon presentation to the court of proof of such service, the petition shall be set for hearing within not less than 10 nor more than 20 days. Such hearing may be continued from time to time upon the request of the petitioner or the respondents, and at the hearing thereon, the presiding judge of the circuit court shall consider such evidence as may be submitted by the parties and shall determine the amount of such actual previous expenditures made and the actual amount of bonded indebtedness owed, and shall determine the amount to be paid to the township and to each included municipality. The amount so determined shall be conclusive as between the parties, and shall be paid by the Metropolitan Airport Authority within 5 years after the entry of the order making such determination, and any part of the sum remaining unpaid after 12 months from the entry of the order shall bear interest at a rate not to exceed the maximum rate authorized by the Bond Authorization Act, as amended at the time of the making of the contract. When paid, the sum shall be accepted by the township or municipality as full payment for such airport and existing improvements and facilities.

The moneys payable by the Metropolitan Airport Authority under this Section shall be apportioned between the township and its included municipalities on the basis of population as determined by the most recent 1980 federal decennial census. The portion of each included municipality shall be computed on the basis of the ratio of the population of the municipality to the total population of the township. The township’s portion shall be computed on the basis of the ratio of the population of the unincorporated areas of the township to the total population of the township.

The moneys apportioned to any township shall be used exclusively for the purposes stated in Sections 6-701.1 through 6-701.9 of the Illinois Highway Code, and the moneys apportioned to any municipality shall be used exclusively for the purposes stated in Sections 7-202.1 through 7-202.22 of the Illinois Highway Code.

With respect to instruments for the payment of money issued under this Section either before, on, or after the effective date of this amendatory Act of 1989, it is and always has been the intention of the General Assembly (i) that the Omnibus Bond Acts are and always have been supplementary grants of power to issue instruments in accordance with the Omnibus Bond Acts, regardless of any provision of this Act that may appear to be or to have been more restrictive than those Acts, (ii) that the provisions of this Section are not a limitation on the supplementary authority granted by the Omnibus Bond Acts, and (iii) that instruments issued under this Section within the supplementary authority granted by the Omnibus Bond Acts are not invalid because of any provision of this Act that may appear to be or to have been more restrictive than those Acts.

To this end, the Department is empowered to confer with or to hold joint hearings with any federal aeronautical agency, and the municipalities and other political subdivisions of this State and other states, in connection with any matter relating to aeronautics, and to avail itself of the cooperation, services, records, and facilities of such agencies, municipalities, and other political subdivisions, federal or otherwise, as fully as may be practicable, in the administration and enforcement of the laws of this State pertaining to
aeronautics. The Department shall reciprocate by furnishing to such agencies, municipalities and other political subdivisions, federal or otherwise, its cooperation, services, records and facilities, in so far as may be practicable.

It shall report to the appropriate federal agency all accidents in aeronautics in this State of which it is informed and may preserve, protect and prevent the removal of any aircraft, or the component parts thereof, involved in an accident being investigated by it until a federal agency institutes an investigation, and shall report to the appropriate federal agency all refusals by it to register federal licenses, certificates or permits and all revocations of certificates of registration, and the reasons therefor, and all penalties of which it has knowledge imposed upon airmen for violations of the laws of this State pertaining to aeronautics or for violations of the rules, rulings, regulations, orders or decisions of the Department.

Sec. 31. State airport plan and State airways system. The Department may designate, design, and establish, expand or modify a State airport plan and a State airways system which will best serve the interests of the State, with due regard for the following factors; the present and future needs of foreign, inter-state and intra-state air commerce and air transportation; the present and future needs of foreign, inter-state and intra-state private flying; the existing and contemplated air navigation facilities, including those owned or controlled or to be owned or controlled by the Federal Government; the then current national airport plan and federal airways system; and the avoidance of unnecessary or unreasonable interference or conflict, on the part of airports, airport plans and restricted landing areas, with existing important or essential facilities, or buildings devoted to the public use. The Department may chart such State airport plan and State airways system and arrange for publication and distribution of maps, charts, notices and bulletins relating thereto, as may be required in the public interest. To the extent practicable, the State airport plan and the State airways system shall be integrated with or supplementary to and coordinated in design and operation with the National airport plan and the Federal airways system, as the same may be revised from time to time.

The State airport plan and State airways system may include all types of air navigation facilities, whether publicly or privately owned, provided such facilities conform to federal safety standards.

(Source: Laws 1945, p. 335.)

Sec. 34. Financial assistance to municipalities and others. The owners and operators of an airport receiving financial assistance must ensure that the public will not be deprived of its rightful, fair, equal, and uniform use of the airport during its full useful life. For the purposes of this paragraph, the full useful life of an airport is not less than 20 years after the financial assistance is received by the owners and operators of the airport. "Value-added" means the processing, packaging, or otherwise enhancing the value of farm and agricultural products or by-products produced in Illinois.

Section 10. Legislative findings.

(a) The General Assembly finds that in this State the following conditions exist:

(1) There exists an inadequate supply of funds at interest rates sufficiently low to enable persons engaged in agriculture in this State to pursue agricultural or agribusiness operations at present levels.

(2) The inability to pursue agricultural operations lessens the supply of agricultural commodities available to fulfill the needs of the citizens of this State.

(3) The inability to continue operations decreases available employment in the agricultural sector of the State and results in unemployment and its attendant problems.

(4) These conditions prevent the acquisition of an adequate capital stock of farm equipment and machinery, much of which is manufactured in this State, therefore impairing the productivity of agricultural land and causing unemployment or lack of appropriate increase in employment in that manufacturing.

(5) These conditions are conducive to consolidation of acreage of agricultural land with fewer individuals living and farming on the traditional family farm.

(6) These conditions result in a loss in population, unemployment, and movement of persons from rural to urban areas accompanied by added costs to communities for creation of new public facilities and services.

(7) There have been recurrent shortages of funds from private market sources at reasonable rates of interest.

(8) The ordinary operations of private enterprise have not in the past corrected these conditions.

(9) There is a need for value-added products and processing in this State.

(10) A stable supply of adequate funds for agricultural financing is required to encourage family farmers and agribusiness in an orderly and sustained manner and to reduce the problems described in this Section.

(b) The General Assembly determines and declares that there exist conditions in the State that require the Department to issue grants on behalf of the State for the acquisition and development of agricultural facilities and value-added products and processing.

Section 15. Illinois AgriFIRST Program Requirements.

(a) The Department shall review grant requests for the Illinois AgriFIRST Grant Program that are submitted to the Department. The Department, in reviewing the applications, must consider, but is not limited to considering the following criteria:

(1) The project has a reasonable assurance of enhancing the value of agricultural products or will expand agribusiness in Illinois.

(2) Preliminary market and feasibility research has been conducted by the applicant or others and there is a reasonable assurance of a potential market.

(3) The applicant has demonstrated the ability to manage the business or commercialize the idea.

(4) There is favorable community support for the project.

(5) There are favorable recommendations from local economic development groups, university-based technical specialists, or other qualified service providers.

(6) The applicant demonstrates a personal commitment and a commercialization development plan.

(7) There is an adequate and realistic budget projection.

(8) The application meets the eligibility requirements and the project costs are eligible under this Act.

New matter indicated by italics - deletions by strikeout.
(9) The applicant has established a need for the grant.
(10) The economic impact of the project on the State's agriculture and agribusiness sector.
(b) The Department may impose additional or lesser requirements for the grant. Preference for grants shall be given to, but is not limited to, the following:
(1) Proposals for industrial and nonfood production processes using Illinois agricultural products.
(2) Proposals for food, feed, and fiber products that use Illinois agricultural products and add to the value of Illinois agricultural products.
(3) Research proposals that have not been duplicated by other research efforts.
(4) Proposals that demonstrate that the applicant has invested his or her own funds, time, and or other valued consideration in the project.
(5) Proposals that are reasonably expected to result in a viable commercial application.
(6) Proposals that have a positive economic impact on the State's agriculture and agribusiness sector.

Section 20. Report. The Director must file with the Governor, the State Treasurer, the Secretary of the Senate, and the Clerk of the House of Representatives, by March 1 of each year, a written report covering the activities of the Department for the previous calendar year. The report is a public record and must be available for inspection at the offices of the Department during normal business hours. The report must include a complete list of (i) all applications for grants under the Illinois AgriFIRST Grant Program during the calendar year; (ii) all persons that have received any form of financial assistance from the Department during the calendar year; and (iii) the nature and amount of all financial assistance.

Section 25. Powers of the Department. The Department has the following powers, together with all powers incidental to or necessary for the discharge of those powers:
(1) To grant its moneys to one or more persons to be used by those persons to pay the costs of technical assistance and feasibility studies and acquiring, constructing, reconstructing, or improving agricultural facilities for the purpose of adding value to Illinois agricultural commodities. Grants must be on any terms and conditions that the Department determines.
(2) To grant its moneys to any agribusiness which operates or will operate a facility located in Illinois for the purposes of adding value to Illinois agricultural commodities. Grants must be on any terms and conditions as the Department requires.
(3) To contract with lenders or others for the origination of or the servicing of the grants made by the Department.
(4) To receive and accept, from any source, aid or contributions of money, property, labor, or other items of value for furtherance of any of its purposes, subject to any conditions not inconsistent with this Act or the laws of this State pertaining to the contributions, including, but not limited to, gifts, guarantees, or grants from any department, agency, or instrumentality of the United States of America.
(5) To collect any fees and charges in connection with its grants, advances, servicing, and other activities that it determines.
(6) To appoint, employ, contract with, and provide for the compensation of any employees and agents, including, but not limited to, engineers, attorneys, management consultants, fiscal advisers, and agricultural, silvicultural, and aquacultural experts, that business of the Department requires.
(7) To make, enter into, and execute any contracts, agreements, and other instruments with any person, including but not limited to, any federal, State, or local governmental agency and to take any other actions that may be necessary or convenient to accomplish any purpose for which this authority was granted to the Department or to exercise any power expressly granted under this Act.
(8) To establish funds for financial surety and escrow accounts.
(9) To adopt any necessary rules that are consistent with this Act.

Section 30. Liability. The Director, any Department employee, or any authorized person executing grants is not personally liable on the grants and is not subject to any personal liability or accountability by reason of the issuance of the grants.

Section 35. Illinois AgriFIRST Program.
(a) The Department must develop and administer an Illinois AgriFIRST Program to enhance the value of Illinois agriculture products or by-products through grants to current and potential processors. Qualifying persons and agribusinesses must be located in Illinois and must process, package, or otherwise enhance the value of farm products or by-products produced in Illinois.

The recipient of a grant under this Section must provide a minimum percentage, as determined by the Department, of the total cost of the processing project, with the balance of the project's total cost available from other sources. Other sources include, but are not limited to, commercial and private lenders, leasing companies, and grants. The recipient's match may be in cash, cash-equivalent investments, or bonds, irrevocable letters of credit, or any combination thereof. A grant under this Section may provide (i) up to 75% of the cost for technical assistance to develop a project to enhance the value of agricultural products or to expand agribusiness in Illinois but not to exceed $25,000, (ii) up to 50% of the cost of undertaking feasibility studies, competitive assessments, and consulting or productivity services that the Department determines may result in the enhancement of value-added agricultural products, and (iii) on and after July 1, 2003, up to 10% of the project's total capital construction cost not to exceed $5,000,000, including, but not limited to, (A) purchasing land, (B) purchasing, constructing, or refurbishing buildings, (C) purchasing or refurbishing machinery or equipment, (D) installation, (E) repairs, (F) labor, and (G) working capital. Notwithstanding any other provision of this Section, the grant moneys may not be used for the purpose of compliance with the provisions of the Livestock Management Facilities Act.

Grant applications must be made on forms provided by and in accordance with procedures established by the Department. At a minimum, an applicant must be an Illinois resident, as defined by Department rule, and must provide the names, addresses, and occupations of all project owners, the project address, relevant credit and financial information (including, but not limited to, assets and liabilities), and any other information deemed necessary by the Department for review of the grant application.

(b) All requests for the waiver of any requirements in this Section must be made in writing to the Department. A grant award is subject to modification or alteration under, but is not limited to, the following conditions:

(1) The grant award is subject to any modifications that may be required by changes in State law or regulations. The Department shall notify the recipient in writing of any amendment to the regulations and the effective date of those amendments.

(2) If either the Department or the recipient requests to modify the terms of the grant award other than as set forth in paragraph (1), written notice of the proposed modification shall be given to the other party. No modification shall take effect unless agreed to in writing by both the Department and the recipient.

(c) The Illinois AgriFIRST Program Fund is created as a special appropriated fund within the State treasury. Appropriations and moneys from any public or private source may be deposited into the Fund. The Fund shall be used for the purposes of the Illinois AgriFIRST Program Act of 2001. Repayments of grants made under this Section shall be deposited into the Fund.

Section 40. Project reporting. The grantee of a funded project shall submit to the Department periodic reports, as specified in the grant agreement, outlining progress, timeline, and budget compliance. Deviations from the agreement may result in the withholding of further funding or in a grant default. A final written report, describing the work performed, results obtained, and economic impact is required within 30 days after a project is completed. The grantee shall also provide a financial report and return any unused funds to the Department consistent with the Illinois Grant Funds Recovery Act. Grantees may be required to submit to the Department the following information: employment reports, federal tax returns or financial statements, and other information as requested by the Department where economic or business conditions may be necessary to determine conformance with grant conditions. The Department may require the financial statements be compiled, reviewed, or audited by an independent accountant at the expense of the grantee at any time for 3 years following the completion of the grant.

Section 45. Certification. The Department may develop and implement organic, identity preserved, and value-added certification processes and programs that guarantee a buyer that the certified Illinois products have traits and qualities that warrant a premium price or an increase in added value. The Department may adopt rules setting certification and licensing standards for persons to

certify products under this Section.

Section 50. Market access. The Department may (i) identify international and domestic consumer preferences, (ii) identify the new markets those preferences indicate, particularly for value-added products, (iii) identify preserved products, (iv) underwrite demonstrations on foreign soils, and (v) provide market analyses and trend projections to farmers and other interested persons.

Section 55. Default or termination of grant agreement. If the recipient of a grant violates any of the terms of the grant agreement, the Department shall send a written notice to the recipient that he or she is in default and be given the opportunity to correct the violations.

(a) If the violation is not corrected within 10 days after receipt of the notification, the Director may take, but is not limited to, one or more of the following actions:

(1) Declare due and payable the amount of the grant and cease additional grant payments not yet made to the grantee.

(2) Take any other action considered appropriate to protect the interest of the project.

(b) The Department may determine that a recipient has failed to faithfully perform the terms and conditions of the scope of work of the project when:

(1) The Department has notified the recipient in writing of the existence of circumstances such as repeated failure to submit required reports, misapplication of grant funds, failure to match Department funds, evidence of fraud and abuse, repeated failure to meet performance timelines or standards, or failure to resolve negotiated points of the agreement.

(2) The recipient fails to develop and implement a corrective action plan within 30 calendar days of the Department's notice.

(c) A grant may be terminated under, but termination is not limited to, any of the following circumstances:

(1) In the absence of State funding for a specific year, all grants that year will be terminated in full. In the event of a partial loss of State funding, the Department may make proportionate cuts to all recipients.

(2) If the Department determines that the recipient has failed to comply with the terms and conditions of the grant agreement, the Department may terminate the grant in whole, or in part, at any time before the date of completion.

(3) The Department may terminate the grant in whole, or in part, when the Department determines that the continuation of the project would not produce beneficial results commensurate with the further expenditures of funds.

(4) The recipient may refuse or elect not to complete the grant agreement and terminate the grant. The recipient shall notify the Department within 10 days after the date upon which performance ceases. The Department may declare due and payable the amount of the grant and may cease additional grant payments not yet made to the grantee.

(d) Any money collected from the default or termination of a grant shall be placed into the Fund and expended for the purposes of this Act.

Section 60. State agriculture planning agency. The Department is the State agriculture planning agency. The Department may accept and use planning grants or other financial assistance from the federal government (i) for statewide comprehensive planning work, including research and coordination activity directly related to agriculture needs; and (ii) for State and interstate comprehensive planning and research and coordination activity related to that planning. All such grants shall be subject to the terms and conditions prescribed by the federal government.

Section 65. Construction. This Act is necessary for the welfare of this State and must be liberally construed to effect its purposes.

Section 805. The State Finance Act is amended by adding Section 5.545 as follows:

AN ACT concerning local government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Counties Code is amended by changing Sections 5-1121 and 5-12017 as follows:
(55 ILCS 5/5-1121)
Sec. 5-1121. Demolition, repair, or enclosure.
(a) The county board of each county may demolish, repair, or enclose or cause the demolition, repair, or enclosure of dangerous and unsafe buildings or uncompleted and abandoned buildings within the territory of the county, but outside the territory of any municipality, and may remove or cause the removal of garbage, debris, and other hazardous, noxious, or unhealthy substances or materials from those buildings. If a township within the county makes a formal request to the county board as provided in Section 85-50 of the Township Code that the county board commence specified proceedings under this Section with respect to property located within the township but outside the territory of any municipality, then, at the next regular county board meeting occurring at least 10 days after the formal request is made to the county board, the county board shall either commence the requested proceedings or decline to do so (either formally or by failing to act on the request) and shall notify the township board making the request of the county board's decision. In any county having adopted, by referendum or otherwise, a county health department as provided by Division 5-25 of the Counties Code or its predecessor, the county board of any such county may upon a formal request by the city, village, or incorporated town demolish, repair or cause the demolition or repair of dangerous and unsafe buildings or uncompleted and abandoned buildings within the territory of any city, village, or incorporated town having a population of less than 50,000.

The county board shall apply to the circuit court of the county in which the building is located (i) for an order authorizing action to be taken with respect to a building if the owner or owners of the building, including the lien holders of record, after at least 15 days' written notice by mail to do so, have failed to commence proceedings to put the building in a safe condition or to demolish it or (ii) for an order requiring the owner or owners of record to demolish, repair, or enclose the building or to remove garbage, debris, and other hazardous, noxious, or unhealthy substances or materials from the building. It is not a defense to the cause of action that the building is boarded up or otherwise enclosed, although the court may order the defendant to have the building boarded up or otherwise enclosed. Where, upon diligent search, the identity or whereabouts of the owner or owners of the building, including the lien holders of record, is not ascertainable, notice mailed to the person or persons in whose name the real estate was last assessed and the posting of such notice upon the premises sought to be demolished or repaired is sufficient notice under this Section.

The hearing upon the application to the circuit court shall be expedited by the court and shall be given precedence over all other suits.

The cost of the demolition, repair, enclosure, or removal incurred by the county, by an intervenor, or by a lien holder of record, including court costs, attorney's fees, and other costs related to the enforcement of this Section, is recoverable from the owner or owners of the real estate or the previous owner or both if the property was transferred during the 15 day notice period and is a lien on the real estate; the lien is superior to all prior existing liens and encumbrances, except taxes, if, within 180 days after the repair, demolition, enclosure, or removal, the county, the lien holder of record, or the intervenor who incurred the cost and expense shall file a notice of lien for the cost and expense incurred in the office of the recorder in the county in which the real estate is located or in the office of the registrar of titles of the county if the real estate affected is registered under the Registered Titles (Torrens) Act.

The notice must consist of a sworn statement setting out (1) a description of the real estate sufficient for its identification, (2) the amount of money representing the cost and expense incurred, and (3) the date or dates when the cost and expense was incurred by the county, the lien holder of record, or the intervenor. Upon payment of the cost and expense by the owner of or persons interested...
in the property after the notice of lien has been filed, the lien shall be released by the county, the person in whose name the lien has been filed, or the assignee of the lien, and the release may be filed of record as in the case of filing notice of lien. Unless the lien is enforced under subsection (b), the lien may be enforced by foreclosure proceedings as in the case of mortgage foreclosures under Article XV of the Code of Civil Procedure or mechanics' lien foreclosures. An action to foreclose this lien may be commenced at any time after the date of filing of the notice of lien. The costs of foreclosure incurred by the county, including court costs, reasonable attorney's fees, advances to preserve the property, and other costs related to the enforcement of this subsection, plus statutory interest, are a lien on the real estate and are recoverable by the county from the owner or owners of the real estate.

All liens arising under this subsection (a) shall be assignable. The assignee of the lien shall have the same power to enforce the lien as the assigning party, except that the lien may not be enforced under subsection (b).

If the appropriate official of any county determines that any dangerous and unsafe building or uncompleted and abandoned building within its territory fulfills the requirements for an action by the county under the Abandoned Housing Rehabilitation Act, the county may petition under that Act in a proceeding brought under this subsection.

(b) In any case where a county has obtained a lien under subsection (a), the county may enforce the lien under this subsection (b) in the same proceeding in which the lien is authorized.

A county desiring to enforce a lien under this subsection (b) shall petition the court to retain jurisdiction for foreclosure proceedings under this subsection. Notice of the petition shall be served, by certified or registered mail, on all persons who were served notice under subsection (a). The court shall conduct a hearing on the petition not less than 15 days after the notice is served. If the court determines that the requirements of this subsection (b) have been satisfied, it shall grant the petition and retain jurisdiction over the matter until the foreclosure proceeding is completed. The costs of foreclosure incurred by the county, including court costs, reasonable attorneys' fees, advances to preserve the property, and other costs related to the enforcement of this subsection, plus statutory interest, are a lien on the real estate and are recoverable by the county from the owner or owners of the real estate. If the court denies the petition, the county may enforce the lien in a separate action as provided in subsection (a).

All persons designated in Section 15-1501 of the Code of Civil Procedure as necessary parties in a mortgage foreclosure action shall be joined as parties before issuance of an order of foreclosure. Persons designated in Section 15-1501 of the Code of Civil Procedure as permissible parties may also be joined as parties in the action.

The provisions of Article XV of the Code of Civil Procedure applicable to mortgage foreclosures shall apply to the foreclosure of a lien under this subsection (b), except to the extent that those provisions are inconsistent with this subsection. For purposes of foreclosures of liens under this subsection, however, the redemption period described in subsection (b) of Section 15-1603 of the Code of Civil Procedure shall end 60 days after the date of entry of the order of foreclosure.

(c) In addition to any other remedy provided by law, the county board of any county may petition the circuit court to have property declared abandoned under this subsection (c) if:

(1) the property has been tax delinquent for 2 or more years or bills for water service for the property have been outstanding for 2 or more years;
(2) the property is unoccupied by persons legally in possession; and
(3) the property contains a dangerous or unsafe building.

All persons having an interest of record in the property, including tax purchasers and beneficial owners of any Illinois land trust having title to the property, shall be named as defendants in the petition and shall be served with process. In addition, service shall be had under Section 2-206 of the Code of Civil Procedure as in other cases affecting property.

The county, however, may proceed under this subsection in a proceeding brought under subsection (a). Notice of the petition shall be served by certified or registered mail on all persons who were served notice under subsection (a).

If the county proves that the conditions described in this subsection exist and the owner of record of the property does not enter an appearance in the action, or, if title to the property is held by an Illinois land trust, if neither the owner of record nor the owner of the beneficial interest of the trust enters an appearance, the court shall declare the property abandoned.

New matter indicated by italics - deletions by strikeout.
If that determination is made, notice shall be sent by certified or registered mail to all persons having an interest of record in the property, including tax purchasers and beneficial owners of any Illinois land trust having title to the property, stating that title to the property will be transferred to the county unless, within 30 days of the notice, the owner of record enters an appearance in the action, or unless any other person having an interest in the property files with the court a request to demolish the dangerous or unsafe building or to put the building in safe condition.

If the owner of record enters an appearance in the action within the 30 day period, the court shall vacate its order declaring the property abandoned. In that case, the county may amend its complaint in order to initiate proceedings under subsection (a).

If a request to demolish or repair the building is filed within the 30 day period, the court shall grant permission to the requesting party to demolish the building within 30 days or to restore the building to safe condition within 60 days after the request is granted. An extension of that period for up to 60 additional days may be given for good cause. If more than one person with an interest in the property files a timely request, preference shall be given to the person with the lien or other interest of the highest priority.

If the requesting party proves to the court that the building has been demolished or put in a safe condition within the period of time granted by the court, the court shall issue a quitclaim judicial deed for the property to the requesting party, conveying only the interest of the owner of record, upon proof of payment to the county of all costs incurred by the county in connection with the action, including but not limited to court costs, attorney's fees, administrative costs, the costs, if any, associated with building enclosure or removal, and receiver's certificates. The interest in the property so conveyed shall be subject to all liens and encumbrances on the property. In addition, if the interest is conveyed to a person holding a certificate of purchase for the property under the Property Tax Code, the conveyance shall be subject to the rights of redemption of all persons entitled to redeem under that Act, including the original owner of record.

If no person with an interest in the property files a timely request or if the requesting party fails to demolish the building or put the building in safe condition within the time specified by the court, the county may petition the court to issue a judicial deed for the property to the county. A conveyance by judicial deed shall operate to extinguish all existing ownership interests in, liens on, and other interest in the property, including tax liens.

(d) Each county may use the provisions of this subsection to expedite the removal of certain buildings that are a continuing hazard to the community in which they are located.

If a residential building is 2 stories or less in height as defined by the county's building code, and the official designated to be in charge of enforcing the county's building code determines that the building is open and vacant and an immediate and continuing hazard to the community in which the building is located, then the official shall be authorized to post a notice not less than 2 feet by 2 feet in size on the front of the building. The notice shall state that unless the building is demolished, repaired, or enclosed, and unless any garbage, debris, and other hazardous, noxious, or unhealthy substances or materials are removed so that an immediate and continuing hazard to the community no longer exists, then the building may be demolished, repaired, or enclosed, or any garbage, debris, and other hazardous, noxious, or unhealthy substances or materials may be removed, by the county.

Not later than 30 days following the posting of the notice, the county shall do both of the following:

(1) Cause to be sent, by certified mail, return receipt requested, a notice to all owners of record of the property, the beneficial owners of any Illinois land trust having title to the property, and all lienholders of record in the property, stating the intent of the county to demolish, repair, or enclose the building or remove any garbage, debris, or other hazardous, noxious, or unhealthy substances or materials if that action is not taken by the owner or owners.

(2) Cause to be published, in a newspaper published or circulated in the county where the building is located, a notice setting forth (i) the permanent tax index number and the address of the building, (ii) a statement that the property is open and vacant and constitutes an immediate and continuing hazard to the community, and (iii) a statement that the county intends to demolish, repair, or enclose the building or remove any garbage, debris, or other hazardous, noxious, or unhealthy substances or materials if that action is not taken by the owner or owners.
hazardous, noxious, or unhealthy substances or materials if the owner or owners or lienholders of record fail to do so. This notice shall be published for 3 consecutive days.

A person objecting to the proposed actions of the county board may file his or her objection in an appropriate form in a court of competent jurisdiction.

If the building is not demolished, repaired, or enclosed, or the garbage, debris, or other hazardous, noxious, or unhealthy substances or materials are not removed, within 30 days of mailing the notice to the owners of record, the beneficial owners of any Illinois land trust having title to the property, and all lienholders of record in the property, or within 30 days of the last day of publication of the notice, whichever is later, the county board shall have the power to demolish, repair, or enclose the building or to remove any garbage, debris, or other hazardous, noxious, or unhealthy substances or materials.

The county may proceed to demolish, repair, or enclose a building or remove any garbage, debris, or other hazardous, noxious, or unhealthy substances or materials under this subsection within a 120-day period following the date of the mailing of the notice if the appropriate official determines that the demolition, repair, enclosure, or removal of any garbage, debris, or other hazardous, noxious, or unhealthy substances or materials is necessary to remedy the immediate and continuing hazard. If, however, before the county proceeds with any of the actions authorized by this subsection, any person has sought a hearing under this subsection before a court and has served a copy of the complaint on the chief executive officer of the county, then the county shall not proceed with the demolition, repair, enclosure, or removal of garbage, debris, or other substances until the court determines that that action is necessary to remedy the hazard and issues an order authorizing the county to do so.

Following the demolition, repair, or enclosure of a building, or the removal of garbage, debris, or other hazardous, noxious, or unhealthy substances or materials under this subsection, the county may file a notice of lien against the real estate for the cost of the demolition, repair, enclosure, or removal within 180 days after the repair, demolition, enclosure, or removal occurred, for the cost and expense incurred, in the office of the recorder in the county in which the real estate is located or in the office of the registrar of titles of the county if the real estate affected is registered under the Registered Titles (Torrens) Act. The notice of lien shall consist of a sworn statement setting forth (i) a description of the real estate, such as the address or other description of the property, sufficient for its identification; (ii) the expenses incurred by the county in undertaking the remedial actions authorized under this subsection; (iii) the date or dates the expenses were incurred by the county; (iv) a statement by the official responsible for enforcing the building code that the building was open and vacant and constituted an immediate and continuing hazard to the community; (v) a statement by the official that the required sign was posted on the building, that notice was sent by certified mail to the owners of record, and that notice was published in accordance with this subsection; and (vi) a statement as to when and where the notice was published. The lien authorized by this subsection may thereafter be released or enforced by the county as provided in subsection (a).

(e) In any case where a county has obtained a lien under subsection (a), the county may also bring an action for a money judgment against the owner or owners of the real estate in the amount of the lien in the same manner as provided for bringing causes of action in Article II of the Code of Civil Procedure and, upon obtaining a judgment, file a judgment lien against all of the real estate of the owner or owners and enforce that lien as provided for in Article XII of the Code of Civil Procedure.

Sec. 5-12017. Violations. In case any building or structure is erected, constructed, reconstructed, altered, repaired, converted or maintained or any building, structure or land is used in violation of this Division or of any ordinance, resolution or other regulation made under authority conferred thereby, the proper authorities of the county or of the township in which the building, structure, or land is located, or any person the value or use of whose property is or may be affected by such violation, in addition to other remedies, may institute any appropriate action or proceedings in the circuit court to prevent such unlawful erection, construction, reconstruction, alteration, repair, conversion, maintenance or use, to restrain, correct, or abate such violation, to prevent the occupancy of said building, structure or land or to prevent any illegal act, conduct, business, or use in or about such premises.

Any person who violates the terms of any ordinance adopted under the authority of this

Section 10. The Township Code is amended by adding Section 85-50 as follows:

(60 ILCS 1/85-50 new)

Sec. 85-50. Demolition, repair, or enclosure of buildings.

(a) The township board of any township may formally request the county board to commence specified proceedings with respect to property located within the township but outside the territory of any municipality as provided in Section 5-1121 of the Counties Code. If the county board declines the request as provided in Section 5-1121 of the Counties Code, the township may exercise its powers under this Section.

(b) The township board of each township may demolish, repair, or enclose or cause the demolition, repair, or enclosure of dangerous and unsafe buildings or uncompleted and abandoned buildings within the territory of the township and may remove or cause the removal of garbage, debris, and other hazardous, noxious, or unhealthy substances or materials from those buildings.

The township board shall apply to the circuit court of the county in which the building is located (i) for an order authorizing action to be taken with respect to a building if the owner or owners of the building, including the lien holders of record, after at least 15 days' written notice by mail to do so, have failed to commence proceedings to put the building in a safe condition or to demolish it or (ii) for an order requiring the owner or owners of record to demolish, repair, or enclose the building or to remove garbage, debris, and other hazardous, noxious, or unhealthy substances or materials from the building. It is not a defense to the cause of action that the building is boarded up or otherwise enclosed, although the court may order the defendant to have the building boarded up or otherwise enclosed. Where, upon diligent search, the identity or whereabouts of the owner or owners of the building, including the lien holders of record, is not ascertainable, notice mailed to the person or persons in whose name the real estate was last assessed and the posting of the notice upon the premises sought to be demolished or repaired is sufficient notice under this Section.

The hearing upon the application to the circuit court shall be expedited by the court and shall be given precedence over all other suits.

The cost of the demolition, repair, enclosure, or removal incurred by the township, by an intervenor, or by a lien holder of record, including court costs, attorney's fees, and other costs related to the enforcement of this Section, is recoverable from the owner or owners of the real estate or the previous owner or both if the property was transferred during the 15-day notice period and is a lien on the real estate if, within 180 days after the repair, demolition, enclosure, or removal, the township, the lien holder of record, or the intervenor who incurred the cost and expense shall file a notice of lien for the cost and expense incurred in the office of the recorder in the county in which the real estate is located or in the office of the registrar of titles of the county if the real estate affected is registered under the Registered Titles (Torrens) Act. The lien becomes effective at the time of filing.

The notice must consist of a sworn statement setting out (1) a description of the real estate sufficient for its identification, (2) the amount of money representing the cost and expense incurred, and (3) the date or dates when the cost and expense was incurred by the township, the lien holder of record, or the intervenor. Upon payment of the cost and expense by the owner or persons interested in the property after the notice of lien has been filed, the lien shall be released by the township, the person in whose name the lien has been filed, or the assignee of the lien, and the release may be filed of record as in the case of filing notice of lien. Unless the lien is enforced under subsection (c), the lien may be enforced by foreclosure proceedings as in the case of mortgage foreclosures under Article XV of the Code of Civil Procedure or mechanics' lien foreclosures. An action to foreclose this lien may be commenced at any time after the date of filing of the notice of lien. The costs of foreclosure incurred by the township, including court costs, reasonable attorney's fees, advances to preserve the property, and other costs related to the enforcement of this subsection, plus statutory interest, are a lien on the real estate and are recoverable by the township from the owner or owners of the real estate.

All liens arising under this subsection (b) shall be assignable. The assignee of the lien shall have the same power to enforce the lien as the assigning party, except that the lien may not be enforced under subsection (c).
(c) In any case where a township has obtained a lien under subsection (b), the township may enforce the lien under this subsection (c) in the same proceeding in which the lien is authorized.

A township desiring to enforce a lien under this subsection (c) shall petition the court to retain jurisdiction for foreclosure proceedings under this subsection. Notice of the petition shall be served, by certified or registered mail, on all persons who were served notice under subsection (b). The court shall conduct a hearing on the petition not less than 15 days after the notice is served. If the court determines that the requirements of this subsection (c) have been satisfied, it shall grant the petition and retain jurisdiction over the matter until the foreclosure proceeding is completed. The costs of foreclosure incurred by the township, including court costs, reasonable attorneys' fees, advances to preserve the property, and other costs related to the enforcement of this subsection, plus statutory interest, are a lien on the real estate and are recoverable by the township from the owner or owners of the real estate. If the court denies the petition, the township may enforce the lien in a separate action as provided in subsection (b).

All persons designated in Section 15-1501 of the Code of Civil Procedure as necessary parties in a mortgage foreclosure action shall be joined as parties before issuance of an order of foreclosure. Persons designated in Section 15-1501 of the Code of Civil Procedure as permissible parties may also be joined as parties in the action.

The provisions of Article XV of the Code of Civil Procedure applicable to mortgage foreclosures shall apply to the foreclosure of a lien under this subsection (c), except to the extent that those provisions are inconsistent with this subsection. For purposes of foreclosures of liens under this subsection, however, the redemption period described in subsection (c) of Section 15-1603 of the Code of Civil Procedure shall end 60 days after the date of entry of the order of foreclosure.

(d) In addition to any other remedy provided by law, the township board of any township may petition the circuit court to have property declared abandoned under this subsection (d) if:

1. the property has been tax delinquent for 2 or more years or bills for water service for the property have been outstanding for 2 or more years;
2. the property is unoccupied by persons legally in possession; and
3. the property contains a dangerous or unsafe building.

All persons having an interest of record in the property, including tax purchasers and beneficial owners of any Illinois land trust having title to the property, shall be named as defendants in the petition and shall be served with process. In addition, service shall be had under Section 2-206 of the Code of Civil Procedure as in other cases affecting property.

The township, however, may proceed under this subsection in a proceeding brought under subsection (b). Notice of the petition shall be served by certified or registered mail on all persons who were served notice under subsection (b).

If the township proves that the conditions described in this subsection exist and the owner of record of the property does not enter an appearance in the action, or, if title to the property is held by an Illinois land trust, if neither the owner of record nor the owner of the beneficial interest of the trust enters an appearance, the court shall declare the property abandoned.

If that determination is made, notice shall be sent by certified or registered mail to all persons having an interest of record in the property, including tax purchasers and beneficial owners of any Illinois land trust having title to the property, stating that title to the property will be transferred to the township unless, within 30 days of the notice, the owner of record enters an appearance in the action, or unless any other person having an interest in the property files with the court a request to demolish the dangerous or unsafe building or to put the building in safe condition.

If the owner of record enters an appearance in the action within the 30-day period, the court shall vacate its order declaring the property abandoned. In that case, the township may amend its complaint in order to initiate proceedings under subsection (b).

If a request to demolish or repair the building is filed within the 30-day period, the court shall grant permission to the requesting party to demolish the building within 30 days or to restore the building to safe condition within 60 days after the request is granted. An extension of that period for up to 60 additional days may be given for good cause. If more than one person with an interest in the property files a timely request, preference shall be given to the person with the lien or other interest of the highest priority.

If the requesting party proves to the court that the building has been demolished or put in a
safe condition within the period of time granted by the court, the court shall issue a quitclaim judicial deed for the property to the requesting party, conveying only the interest of the owner of record, upon proof of payment to the township of all costs incurred by the township in connection with the action, including but not limited to court costs, attorney's fees, administrative costs, the costs, if any, associated with building enclosure or removal, and receiver's certificates. The interest in the property so conveyed shall be subject to all liens and encumbrances on the property. In addition, if the interest is conveyed to a person holding a certificate of purchase for the property under the Property Tax Code, the conveyance shall be subject to the rights of redemption of all persons entitled to redeem under that Act, including the original owner of record.

If no person with an interest in the property files a timely request or if the requesting party fails to demolish the building or put the building in safe condition within the time specified by the court, the township may petition the court to issue a judicial deed for the property to the county. A conveyance by judicial deed shall operate to extinguish all existing ownership interests in, liens on, and other interest in the property, including tax liens.

(e) This Section applies only to requests made by townships under subsection (a) before January 1, 2006 and proceedings to implement or enforce this Section with respect to matters related to or arising from those requests.

(3) the person is unable or unwilling to respond in a manner which indicates the person's refusal or consent.

(d) A gift of all or part of a body authorizes any examination necessary to assure medical acceptability of the gift for the purposes intended.

(e) The rights of the donee created by the gift are paramount to the rights of others except as provided by Section 8 (d).

(f) If no gift has been executed under this Section, then no part of the decedent's body may be used for any purpose specified in Section 4 of this Act, except in accordance with the Organ Donation Request Act or the Corneal Transplant Act.

Sec. 2. Notification; consent; definitions.

(a) When, based upon generally accepted medical standards, an inpatient in a general acute care hospital with more than 100 beds is a suitable candidate for organ or tissue donation and such
patient has not made an anatomical gift of all or any part of his or her body pursuant to Section 5 of the Uniform Anatomical Gift Act, the hospital administrator, or his or her designated representative, shall, if the candidate is suitable for the donation of organs at the time of or after notification of death, notify the hospital's federally designated organ procurement agency. The organ procurement agency shall request a consent for organ donation according to the priority and conditions established in subsection (b). In the case of a candidate suitable for donation of tissue only, the hospital administrator or his or her designated representative or tissue bank shall, at the time of or shortly after notification of death, request a consent for tissue donation according to the priority need conditions established in subsection (b). Alternative procedures for requesting consent may be implemented by mutual agreement between a hospital and a federally designated organ procurement agency or tissue bank.

(b) In making a request for organ or tissue donation, the hospital administrator or his or her designated representative or the hospital's federally designated organ procurement agency or tissue bank shall request any of the following persons, in the order of priority stated in items (1) through (9) below, when persons in prior classes are not available and in the absence of (i) actual notice of contrary intentions by the decedent, (ii) actual notice of opposition by any member within the same priority class, and (iii) reason to believe that an anatomical gift is contrary to the decedent's religious beliefs, to consent to the gift of all or any part of the decedent's body for any purpose specified in Section 4 of the Uniform Anatomical Gift Act:

(1) the decedent's agent under a power of attorney for health care which provides specific direction regarding organ donation under the Powers of Attorney for Health Care Law;
(2) the decedent's surrogate decision maker under the Health Care Surrogate Act;
(3) the decedent's spouse;
(4) either of the decedent's parents;
(5) any of the decedent's adult brothers or sisters;
(6) any adult grandchild of the decedent;
(7) the guardian of the decedent's estate; decedent at the time of his or her death;
(8) the decedent's surrogate decision maker under the Health Care Surrogate Act;
(9) any person authorized or under obligation to dispose of the body.

(c) If (1) the hospital administrator, or his or her designated representative, the organ procurement agency, or the tissue bank has actual notice of opposition to the gift by the decedent or any person in the highest priority class in which an available person can be found, or (2) there is reason to believe that an anatomical gift is contrary to the decedent's religious beliefs, or (3) the Director of Public Health has adopted a rule signifying his determination that the need for organs and tissues for donation has been adequately met, then such gift of all or any part of the decedent's body shall not be requested. If a donation is requested, consent or refusal may only be obtained from the person or persons in the highest priority class available. If the hospital administrator, or his or her designated representative, the designated organ procurement agency, or the tissue bank is unable to obtain consent from any of the persons named in items (1) through (9) of subsection (b) of this Section, the decedent's body shall not be used for an anatomical gift unless a valid anatomical gift document was executed under the Uniform Anatomical Gift Act or the Corneal Transplant Act.

(d) For the purposes of this Act, a person will not be considered "available" for the giving of consent or refusal if:

(1) the existence of the person is unknown to the hospital administrator or designee, organ procurement agency, or tissue bank and is not readily ascertainable through the examination of the decedent's hospital records and the questioning of any persons who are available for giving consent;
(2) the administrator or designee, organ procurement agency, or tissue bank has unsuccessfully attempted to contact the person by telephone or in any other reasonable manner;
(3) the person is unable or unwilling to respond in a manner which indicates the person's refusal or consent.

(e) For the purposes of this Act, "federally designated organ procurement agency" means the organ procurement agency designated by the Secretary of the U.S. Department of Health and Human Services for the service area in which a hospital is located; except that in the case of a hospital located...
in a county adjacent to Wisconsin which currently contracts with an organ procurement agency located in Wisconsin that is not the organ procurement agency designated by the U.S. Secretary of Health and Human Services for the service area in which the hospital is located, if the hospital applies for a waiver pursuant to 42 USC 1320b-8(a), it may designate an organ procurement agency located in Wisconsin to be thereafter deemed its federally designated organ procurement agency for the purposes of this Act.

(f) For the purposes of this Act, "tissue bank" means any facility or program operating in Illinois that is certified by the American Association of Tissue Banks or the Eye Bank Association of America and is involved in procuring, furnishing, donating, or distributing corneas, bones, or other human tissue for the purpose of injecting, transfusing, or transplanting any of them into the human body. "Tissue bank" does not include a licensed blood bank.

For the purposes of this Act, "tissue" does not include organs.

(g) Nothing in this amendatory Act of 1995 alters any agreements or affiliations between tissue banks and hospitals.

Section 99. Effective date. This Act takes effect on January 1, 2002.

Effective January 1, 2002.

AN ACT concerning transportation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

ARTICLE 5.

Section 5-1. Short title. This Article may be cited as the Dixon Railroad Relocation Authority Law.

Section 5-5. Legislative declaration. The General Assembly declares that the welfare, health, prosperity, and moral and general well being of the people of the State are, in large measure, dependent upon the sound and orderly development of municipal areas. The City of Dixon has become and will increasingly be the hub of transportation from all parts of the region. Motor vehicle traffic, pedestrian travel, and the safety of both motorists and pedestrians are substantially aggravated by the location of a railroad spur line running through the City of Dixon. The presence of the railroad spur line in the City of Dixon is detrimental to the orderly expansion of industry and commerce and to progress of the region. To alleviate this situation it is necessary to relocate the railroad, to acquire property for relocation of the railroad or highways, and to create an agency to facilitate and accomplish that relocation.

New matter indicated by italics - deletions by strikeout.
Section 5-10. Creation; duration. There is created a body politic and corporate and a unit of local government named the Dixon Railroad Relocation Authority, embracing Lee County. The Authority shall continue in existence until the accomplishment of its objective, the relocation of the railroad spur line running through the City of Dixon or until the Authority officially resolves that it is impossible or economically unfeasible to fulfill that objective.

Section 5-15. Acquisition of property. The Authority shall have the power to acquire by gift, purchase, or legacy the fee simple title to real property located within the boundaries of the Authority, including temporary and permanent easements, as well as reversionary interests in the streets, alleys and other public places and personal property, required for its purposes, and title thereto shall be taken in the corporate name of the Authority. Any such property that is already devoted to a public use may nevertheless be acquired, provided that no property belonging to the United States of America or the State of Illinois may be acquired without the consent of such governmental unit. No property devoted to a public use belonging to a corporation subject to the jurisdiction of the Illinois Commerce Commission may be acquired without a prior finding by the Illinois Commerce Commission that the taking would not result in the imposition of an undue burden on intrastate commerce. All land and appurtenances thereto, acquired or owned by the Authority, are to be deemed acquired or owned for a public use or public purpose.

Section 5-20. Sale or exchange of property. The Authority shall have the power to sell, transfer, exchange, vacate or assign property acquired for the purposes of this Act as it shall deem appropriate.

Section 5-25. Acceptance of grants, loans, and appropriations. The Authority shall have the power to apply for and accept grants, loans, advances, and appropriations from the Federal Government and from the State of Illinois or any agency or instrumentality thereof to be used for the purposes of the Authority, and to enter into any agreement in relation to such grants, loans, advances, and appropriations. The Authority may also accept from the State, any State agency, department or commission, any county or other political subdivision, any municipal corporation, any railroad, or any school authorities, or jointly therefrom, grants of funds or services for any of the purposes of this Article. The Authority shall be treated as a rail carrier subject to the Illinois Commerce Commission's jurisdiction and eligible to receive money from the Grade Crossing Protection Fund or any fund of the State or other source available for purposes of promoting safety and separation of at-grade railroad crossings or highway improvements.

Section 5-30. Borrowing money and issuance of bonds. The Authority may incur debt and borrow money from time to time and, in evidence thereof, may issue and sell bonds in such amounts as the Authority may determine, to provide funds for carrying out the purposes of this Article and to pay all costs and expenses incident thereto, and to refund and refinance, from time to time, bonds so issued and sold, as often as may be deemed to be advantageous by the Authority.

Section 5-35. Taxing powers. The Authority shall not have the power to levy real property taxes for any purpose whatsoever.

Section 5-40. Board; composition; qualification; compensation and expenses. The Authority shall be governed by a board consisting of 5 members. The members of the Authority shall serve without compensation, but may be reimbursed for actual expenses incurred by them in the performance of duties prescribed by the Authority. However, any member of the Authority who serves as secretary or treasurer may receive compensation for services as that officer.

Section 5-45. Appointments; tenure; oaths; vacancies. The members of the Authority shall be appointed by the Governor, who shall give notice of the member's selection to each other member within 10 days after selection and before the member's entering upon the duties of office. Three of the members shall be appointed by the Governor from a list of 4 candidates provided by the mayor of the City of Dixon, and 2 of the members shall be appointed by the Governor from a list of 3 candidates provided by the chairman of the county board of Lee County. Each member of the Authority shall take and subscribe to the constitutional oath of office and file it with the Secretary of State. If a vacancy occurs by death, resignation, or otherwise, the vacancy shall be filled by the Governor. All appointments of members shall be for a 3-year term. Each member shall continue to serve an additional 3-year term unless that member is replaced by appointment within 60 days of the end of his or her term.

Section 5-50. Removal of members. The Governor may remove from office any Authority member...
member immediately in case of incompetency, neglect of duty, or malfeasance of office, or otherwise upon 15 days written notice to the other members. Absence from any 3 consecutive regular meetings of the Authority shall be deemed neglect of duty.

Section 5-55. Organization; chairperson and temporary Secretary. As soon as possible after the appointment of the initial members, the Authority shall organize for the transaction of business, select a chairperson and a temporary secretary from its own number, and adopt bylaws to govern its proceedings. The initial chairperson and successors shall be elected by the Authority from time to time from among the members. The Authority may act through its members by entering into an agreement that a member act on the Authority's behalf, in which instance the act or performance directed shall be deemed to be exclusively of, for, and by the Authority and not the individual act of the member or its represented person.

Section 5-60. Meetings; quorum; resolutions. Regular meetings of the Authority shall be held at least quarterly, the time and place of those meetings to be fixed by the Authority. Special meetings may be called by the chairperson or by any 3 members of the Authority by giving notice thereof in writing, stating the time, place, and purpose of the meeting. The notice shall be served by special delivery letter deposited in the mail at least 48 hours before the meeting. A majority of the members of the Authority shall constitute a quorum for the transaction of business. All action of the Authority shall be by resolution and, except as otherwise provided in this Article, the affirmative vote of at least a majority shall be necessary for the adoption of any resolution. The chairperson shall be entitled to vote on any and all matters coming before the Authority.

Section 5-65. Secretary and treasurer; oaths; bond of treasurer. The Authority may appoint a secretary and a treasurer, who need not be members of the Authority, to hold office during the pleasure of the Authority, and fix their duties and compensation. Before entering upon the duties of their respective offices, they shall take and subscribe to the constitutional oath of office, and the treasurer shall execute a bond with corporate sureties to be approved by the Authority. The bond shall be payable to the Authority in whatever penal sum may be directed by the Authority conditioned upon the faithful performance of the duties of the office and the payment of all money received by the treasurer according to law and the orders of the Authority. The Authority may, at any time, require a new bond for the treasurer in such penal sum as may then be determined by the Authority.

Section 5-70. Deposit and withdrawal of funds; signatures. All funds deposited by the treasurer in any bank or savings and loan association shall be placed in the name of the Authority and shall be withdrawn or paid out only by check or draft upon the bank or savings and loan association, signed by the treasurer and countersigned by the chairperson of the Authority. Subject to prior approval of the designations by a majority of the Authority, the chairperson may designate any other member or any officer of the Authority to affix the signature of the treasurer to any Authority check or draft for payment of salaries or wages and for payment of any other obligation of not more than $2,500.

No bank or savings and loan association shall receive public funds as permitted by this Section unless it has complied with the requirements established under Section 6 of the Public Funds Investment Act.

Section 5-75. Delivery of check after executing officer ceases to hold office. If any officer whose signature appears upon any check or draft issued pursuant to this Article ceases to hold office before the delivery of the check or draft to the payee, the officer's signature nevertheless shall be valid and sufficient for all purposes with the same effect as if the officer had remained in office until delivery of the check or draft.

Section 5-80. Rules. The Authority may make all rules proper or necessary to carry into effect the powers granted to it. The rules shall be consistent with the guidelines, objectives, and project scope as set out by the Illinois Commerce Commission.

Section 5-85. Fiscal year. The Authority shall designate its fiscal year.

Section 5-90. Reports and financial statements. Within 60 days after the end of its fiscal year, the Authority shall cause to be prepared by a certified public accountant a complete and detailed report and financial statement of the operations and assets and liabilities as related to the Dixon railroad relocation project. A reasonably sufficient number of copies of the report shall be prepared for distribution to persons interested, upon request, and a copy of the report shall be filed with the Illinois Commerce Commission and with the county clerk of Lee County.
Section 5-95. Construction. Nothing in this Article shall be construed to confer upon the Authority the right, power, or duty to order or enforce the abandonment of any present property of the railroads or the use in substitution therefor of any property acquired for the railroads in the absence of a contract duly executed by the railroads and the Authority setting forth the terms and conditions upon which relocation of the right of way and physical facilities of the railroads is to be accomplished. No such contract shall be or become enforceable until the provisions of the contract have been approved or authorized by the Illinois Commerce Commission.

Section 5-100. Existing contracts, obligations, and liabilities. No contract, obligation, or liability whatever of the railroads to pay any money into the State treasury, nor any lien of the State upon or right to tax property of the railroads, shall be released, suspended, modified, altered, remitted, or in any manner diminished or impaired by the contract with the Authority, and any such charter provisions applicable to the property on which the railroads are now located shall be deemed in full force and effect with respect to any property on which the railroads are relocated in substitution therefor pursuant to the provisions of this Act or any such contract with the Authority pursuant thereto. Notwithstanding, upon order of the Illinois Commerce Commission, the Authority shall succeed to and assume the performance and actions of the represented persons under the terms of the order and amending orders previously entered relative to the Dixon railroad relocation project and consistent with the objectives of the Authority.

Section 5-105. Severability. The provisions of this Act are severable under Section 1.31 of the Statute on Statutes.

Section 10-5. The 25th Avenue Railroad Relocation and Development Authority Act is amended by changing the title of the Act and Sections 1, 5, 10, 40, 45, 60, and 90 as follows:

(70 ILCS 1920/Act title)

Sec. 5. Legislative declaration. The General Assembly declares that the welfare, health, prosperity, and moral and general well being of the people of the State are, in large measure, dependent upon the sound and orderly development of municipal areas. The Village of Bellwood, the Village of Maywood, and the Village of Melrose Park, by reason of the location therein of 25th Avenue and the First Avenue vicinity between Lake Street on the North, Oak Street on the South, the Des Plaines River on the East, and Fifth Avenue on the West and its use for vehicular travel in access to the entire west metropolitan Chicago area, including municipalities in 2 counties, as well as commercial and industrial growth patterns and accessibility to O'Hare International Airport, Midway Airport, manufacturing, and freight related facilities, have become and will increasingly be the hub of transportation from all parts of the region and throughout the west metropolitan area. Motor vehicle traffic, pedestrian travel, and the safety of both motorists and pedestrians are substantially aggravated by the location of a major railroad right of way that divides the Village of Bellwood and the Village of Melrose Park. Additionally, certain development opportunities may exist in the project area that would stabilize and enhance the tax base of existing communities, maintain and revitalize existing commerce and industry, create opportunities for intersurface modal transportation efficiencies, and promote comprehensive planning within and between communities. The presence of the railroad right of way at the 25th Avenue grade crossing is detrimental to the orderly expansion of industry and commerce and to progress of the region. To alleviate this situation it is necessary to relocate the railroad tracks and right of way on 25th Avenue and First Avenue, to separate the grades at crossings, to acquire property for relocation or submergence of the railroad or highways, to create an agency to facilitate and accomplish that relocation, and to direct infrastructure and development improvements in the 25th Avenue vicinity between St. Charles Road and Lake Street and the First Avenue vicinity between Lake Street on the North, Oak Street on the South, the Des Plaines River on the East, and Fifth Avenue on the West.

Additionally, certain development opportunities may exist in the West Cook County region from Harlem Avenue on the East to I-294 on the West and from Grand Avenue on the North to 31st Street on the South that would stabilize and enhance the tax base of existing communities, maintain and revitalize existing commerce and industry, create opportunities for modal transportation efficiencies, and promote comprehensive planning within and between communities.

(70 ILCS 1920/10)

Sec. 10. Creation; duration. There is created a body politic and corporate, a unit of local government, named the West Cook 25th Avenue Railroad Relocation and Development Authority, embracing that portion of Proviso Township embracing that portion of the Village of Bellwood and the Village of Melrose Park from St. Charles Road on the South to Lake Street on the North, and from the Indiana Harbor Belt Railroad on the West to 22nd Avenue on the East, Cook County, Illinois and the Village of Maywood, Cook County, Illinois. The Authority shall continue in existence until the accomplishment of its objective, the relocation of the railroad tracks and 25th Avenue, the grade separation of railroads from the right of way and at-grade crossing closures within the Village of Bellwood and the Village of Melrose Park, the grade separation of railroads from the right-of-way and at grade crossing in the First Avenue vicinity between Lake Street, Oak Street, the Des Plaines River, and Fifth Avenue, and the establishment of a transit-oriented intersurface modal development facility in the project area, or until the Authority officially resolves that it is impossible or economically unfeasible to fulfill that objective.

(70 ILCS 1920/40)

Sec. 40. Board; composition; qualification; compensation and expenses. The Authority shall be governed by a board consisting of 5 members. The members of the Authority shall serve without compensation, but may be reimbursed for actual expenses incurred by them in the performance of duties prescribed by the Authority. However, any member of the Authority who serves as secretary or treasurer may receive compensation for services as that officer.

(70 ILCS 1920/45)

Sec. 45. Appointments; tenure; oaths; vacancies. The members of the Authority shall be appointed by the Governor, who shall give notice of the member's selection to each other member within 10 days after selection and before the member's entering upon the duties of office. Two of the members shall be recommended to the Governor from a list of 3 candidates provided by the village president of the Village of Bellwood, 2 of the members shall be recommended to the Governor from a list of 3 candidates provided by the village president of the Village of Maywood, and 2 of the members shall be recommended to the Governor from a list of 3 candidates provided by the village president of the Village of Melrose Park. The office of chairman shall rotate annually and shall represent the Village of Bellwood, the Village of Melrose Park, the Village of Maywood, and the Governor's appointments, respectively, for each of the 3 years of the term of office. Each representative member of the Authority shall take and subscribe to the constitutional oath of office and file it with the Secretary of State. If a vacancy occurs by death, resignation, or otherwise, the vacancy shall be filled by the appropriate selecting party. All appointments of members shall be for a 3-year term. Each member shall continue to serve an additional 3-year term unless that member is replaced by appointment within 60 days of the end of his or her term.

Sec. 60. Meetings; quorum; resolutions. Regular meetings of the Authority shall be held at least quarterly, the time and place of those meetings to be fixed by the Authority. Special meetings may be called by the Chair or by any 4 members of the Authority by giving notice thereof in writing, stating the time, place, and purpose of the meeting. The notice shall be served by special delivery letter deposited in the mails at least 48 hours before the meeting. A majority of the members of the Authority shall constitute a quorum for the transaction of business. All action of the Authority shall be by resolution and, except as otherwise provided in this Act, the affirmative vote of at least a majority shall be necessary for the adoption of any resolution. The Chair shall be entitled to vote on any and all matters coming before the Authority.

licensed or certified by the Department of Human Services (as successor to the Department of Mental Health and Developmental Disabilities) or that is funded by the Department of Human Services (as successor to the Department of Mental Health and Developmental Disabilities) and is not licensed or certified by any agency of the State. At the specific, written request of an agency of the State other than the Department of Human Services (as successor to the Department of Mental Health and Developmental Disabilities), the Inspector General may cooperate in investigating reports of abuse and neglect of persons with mental illness or persons with developmental disabilities. The Inspector General shall have no supervision over or involvement in routine, programmatic, licensure, or certification operations of the Department of Human Services or any of its funded agencies.

The Inspector General shall promulgate rules establishing minimum requirements for reporting allegations of abuse and neglect and initiating, conducting, and completing investigations. The promulgated rules shall clearly set forth that in instances where 2 or more State agencies could investigate an allegation of abuse or neglect, the Inspector General shall not conduct an investigation that is redundant to an investigation conducted by another State agency. The rules shall establish criteria for determining, based upon the nature of the allegation, the appropriate method of investigation, which may include, but need not be limited to, site visits, telephone contacts, or requests for written responses from agencies. The rules shall also clarify how the Office of the Inspector General shall interact with the licensing unit of the Department of Human Services in investigations of allegations of abuse or neglect. Any allegations or investigations of reports made pursuant to this Act shall remain confidential until a final report is completed. The resident or patient who allegedly was abused or neglected and his or her legal guardian shall be informed by the facility or agency of the report of alleged abuse or neglect. Final reports regarding unsubstantiated or unfounded allegations shall remain confidential, except that final reports may be disclosed pursuant to Section 6 of this Act.

The Inspector General shall be appointed for a term of 4 years.

(b) The Inspector General shall within 24 hours after receiving a report of suspected abuse or neglect determine whether the evidence indicates that any possible criminal act has been committed. If he determines that a possible criminal act has been committed, or that special expertise is required in the investigation, he shall immediately notify the Department of State Police. The Department of State Police shall investigate any report indicating a possible murder, rape, or other felony. All investigations conducted by the Inspector General shall be conducted in a manner designed to ensure the preservation of evidence for possible use in a criminal prosecution.

(b-5) The Inspector General shall make a determination to accept or reject a preliminary report of the investigation of alleged abuse or neglect based on established investigative procedures. The facility or agency may request clarification or reconsideration based on additional information. For cases where the allegation of abuse or neglect is substantiated, the Inspector General shall require the facility or agency to submit a written response. The written response from a facility or agency shall address in a concise and reasoned manner the actions that the agency or facility will take or has taken to protect the resident or patient from abuse or neglect, prevent reoccurrences, and eliminate problems identified and shall include implementation and completion dates for all such action.

(c) The Inspector General shall, within 10 calendar days after the transmittal date of a completed investigation where abuse or neglect is substantiated or administrative action is recommended, provide a complete report on the case to the Secretary of Human Services and to the agency in which the abuse or neglect is alleged to have happened. The complete report shall include a written response from the agency or facility operated by the State to the Inspector General that addresses in a concise and reasoned manner the actions that the agency or facility will take or has taken to protect the resident or patient from abuse or neglect, prevent reoccurrences, and eliminate problems identified and shall include implementation and completion dates for all such action. The Secretary of Human Services shall accept or reject the response and establish how the Department will determine whether the facility or program followed the approved response. The Secretary may require Department personnel to visit the facility or agency for training, technical assistance, programmatic, licensure, or certification purposes. Administrative action, including sanctions, may be applied should the Secretary reject the response or should the facility or agency fail to follow the approved response. The facility or agency shall inform the resident or patient and the legal guardian whether the reported allegation was substantiated, unsubstantiated, or unfounded. There shall be an appeals process for any person or agency that is subject to any action based on a recommendation or recommendations.
(d) The Inspector General may recommend to the Departments of Public Health and Human Services sanctions to be imposed against mental health and developmental disabilities facilities under the jurisdiction of the Department of Human Services for the protection of residents, including appointment of on-site monitors or receivers, transfer or relocation of residents, and closure of units. The Inspector General may seek the assistance of the Attorney General or any of the several State's attorneys in imposing such sanctions.

(e) The Inspector General shall establish and conduct periodic training programs for Department employees concerning the prevention and reporting of neglect and abuse.

(f) The Inspector General shall at all times be granted access to any mental health or developmental disabilities facility operated by the Department, shall establish and conduct unannounced site visits to those facilities at least once annually, and shall be granted access, for the purpose of investigating a report of abuse or neglect, to any facility or program funded by the Department that is subject under the provisions of this Section to investigation by the Inspector General for a report of abuse or neglect.

(g) Nothing in this Section shall limit investigations by the Department of Human Services that may otherwise be required by law or that may be necessary in that Department's capacity as the central administrative authority responsible for the operation of State mental health and developmental disability facilities.

Except in a criminal proceeding in which the recipient, who is accused in that proceeding, raises the defense of insanity, no record or communication between a therapist and a recipient shall be deemed relevant for purposes of this subsection, except the fact of treatment, the cost of services and the ultimate diagnosis unless the party seeking disclosure of the communication clearly establishes in the trial court a compelling need for its production. However, for purposes of this Act, in any action brought or defended under the Illinois Marriage and Dissolution of Marriage Act, or in any action in which pain and suffering is an element of the claim, mental condition shall not be deemed to be introduced merely by making such claim and shall be deemed to be introduced only if the recipient or a witness on his behalf first testifies concerning the record or communication.

(2) Records or communications may be disclosed in a civil proceeding after the recipient's death when the recipient's physical or mental condition has been introduced as an element of a claim or defense by any party claiming or defending through or as a beneficiary of the recipient, provided the court finds, after in camera examination of the evidence, that it is relevant, probative, and otherwise clearly admissible; that other satisfactory evidence is not available regarding the facts sought to be established by such evidence; and that disclosure is more important to the interests of substantial justice than protection from any injury which disclosure is likely to cause.

(3) In the event of a claim made or an action filed by a recipient, or, following the recipient's death, by any party claiming as a beneficiary of the recipient for injury caused in the course of providing services to such recipient, the therapist and other persons whose actions are alleged to have been the cause of injury may disclose pertinent records and communications to an attorney or attorneys engaged to render advice about and to provide representation in connection with such matter and to persons working under the supervision of such attorney or attorneys, and may testify as to such records or communication in any administrative, judicial or discovery proceeding for the purpose of preparing and presenting a defense against such claim or action.

(4) Records and communications made to or by a therapist in the course of examination ordered by a court for good cause shown may, if otherwise relevant and admissible, be disclosed in a civil, criminal, or administrative proceeding in which the recipient is a party or in appropriate pretrial proceedings, provided such court has found that the recipient has been as adequately and as effectively as possible informed before submitting to such examination that such records and communications would not be considered confidential or privileged. Such records and communications shall be admissible only as to issues involving the recipient's physical or mental condition and only to the extent that these are germane to such proceedings.

(5) Records and communications may be disclosed in a proceeding under the Probate Act of 1975, to determine a recipient's competency or need for guardianship, provided that the disclosure is made only with respect to that issue.

(6) Records and communications may be disclosed when such are made during treatment.
which the recipient is ordered to undergo to render him fit to stand trial on a criminal charge, provided that the disclosure is made only with respect to the issue of fitness to stand trial.

(7) Records and communications of the recipient may be disclosed in any civil or administrative proceeding involving the validity of or benefits under a life, accident, health or disability insurance policy or certificate, or Health Care Service Plan Contract, insuring the recipient, but only if and to the extent that the recipient's mental condition, or treatment or services in connection therewith, is a material element of any claim or defense of any party, provided that information sought or disclosed shall not be redisclosed except in connection with the proceeding in which disclosure is made.

(8) Records or communications may be disclosed when such are relevant to a matter in issue in any action brought under this Act and proceedings preliminary thereto, provided that any information so disclosed shall not be utilized for any other purpose nor be redisclosed except in connection with such action or preliminary proceedings.

(10) Records and communications of a deceased recipient may be disclosed to a coroner conducting a preliminary investigation into the recipient's death under Section 3-3013 of the Counties Code. However, records and communications of the deceased recipient disclosed in an investigation shall be limited solely to the deceased recipient's records and communications relating to the factual circumstances of the incident being investigated in a mental health facility.

The request shall state the purpose for which disclosure is sought.

The facility shall notify the recipient, or his guardian, and therapist in writing of any disclosure request under this subsection within 5 business days after such request. Such notification shall also inform the recipient, or guardian, and therapist of their right to object to the disclosure within 10 business days after receipt of the notification and shall include the name, address and telephone number of the committee, commission or subcommittee member or staff person with whom an objection shall be filed. If no objection has been filed within 15 business days after the request for disclosure, the facility shall disclose the records and communications to the committee, commission or subcommittee. Public Act 92-360
(House Bill No. 3204)

An act in relation to the regulation of professions.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Illinois Architecture Practice Act of 1989 is amended by changing Sections 5, 6, and 14 as follows:
(225 ILCS 305/5) (from Ch. 111, par. 1305)
Sec. 5. Architect defined; Acts constituting practice. An architect is a person who is qualified by education, training, experience, and examination, and who is licensed under the laws of this State, to practice architecture.

The practice of architecture within the meaning and intent of this Act includes the offering or furnishing of professional services, such as consultation, environmental analysis, feasibility studies, programming, planning, aesthetic and structural design, technical submissions construction documents consisting of drawings and specifications and other documents required in the construction process, administration of construction contracts, project representation, and construction management, in connection with the construction of any private or public building, building structure, building project, or addition to or alteration or restoration thereof.
(Source: P.A. 86-702.)

(225 ILCS 305/6) (from Ch. 111, par. 1306)
Sec. 6. Technical submissions Construction documents. All technical submissions construction documents intended for use in construction in the State of Illinois shall be prepared and administered in accordance with standards of reasonable professional skill and diligence. Care shall be taken to reflect the requirements of State statutes and, where applicable, county and municipal building ordinances in such submissions documents. In recognition that architects are licensed for the protection of the public health, safety and welfare, submissions documents shall be of such quality and scope, and be so administered, as to conform to professional standards.

Technical submissions Construction documents are the designs, drawings and specifications which establish the scope of the architecture to be constructed, the standard of quality for materials, workmanship, equipment, and construction systems, and the studies and other technical reports and calculations prepared in the course of the practice of architecture.
(Source: P.A. 86-702.)

(225 ILCS 305/14) (from Ch. 111, par. 1314)
Sec. 14. Display of license; Seal. Every holder of a license as a licensed architect shall display it in a conspicuous place in the principal office of the architect.

Every licensed architect shall have a reproducible seal, or facsimile, the print of which shall contain the name of the architect, the license number, and the words "Licensed Architect, State of Illinois". The licensed architect shall affix the signature, current date, date of license expiration and seal to the first sheet of any bound set or loose sheets of technical submissions construction documents utilized as contract documents between the parties to the contract or prepared for the review and approval of any governmental or public authority having jurisdiction by that licensed architect or under that licensed architect's responsible direct supervision and control. The sheet of technical submissions construction documents in which the seal is affixed shall indicate those documents or parts thereof for which the seal shall apply. The seal and dates may be electronically affixed. The signature must be in the original handwriting of the licensee. Signatures generated by computer shall not be permitted. All technical submissions construction documents issued by any corporation, partnership, professional service corporation, or professional design firm as registered under this Act shall contain the corporate or assumed business name and design firm registration number, in addition to any other seal requirements as set forth in this Section.

"Responsible control" means that amount of control over and detailed professional knowledge of the content of technical submissions during their preparation as is ordinarily exercised by
architects applying the required professional standard of care. Merely reviewing or reviewing and correcting the technical submissions or any portion thereof prepared by those not in the regular employment of the office where the architect is resident without control over the content of such work throughout its preparation does not constitute responsible control.

An architect licensed under the laws of this jurisdiction shall not sign and seal technical submissions that were not prepared by or under the responsible control of the architect except that:

(1) the architect may sign and seal those portions of the technical submissions that were prepared by or under the responsible control of persons who hold a license under this Act, and who shall have signed and sealed the documents, if the architect has reviewed in whole or in part such portions and has either coordinated their preparation or integrated them into his or her work;

(2) the architect may sign and seal portions of the professional work that are not required by this Act to be prepared by or under the responsible control of an architect if the architect has reviewed and adopted in whole or in part such portions and has integrated them into his or her work; and

(3) a partner or corporate officer of a professional design firm registered in Illinois who is licensed under the architecture licensing laws of this State, and who has professional knowledge of the content of the technical submissions and intends to be responsible for the adequacy of the technical submissions, may sign and seal technical submissions that are prepared by or under the responsible control of architects who are licensed in this State and who are in the regular employment of the professional design firm.

The architect exercising responsible control under which the documents or portions of the documents were prepared shall be identified on the documents or portions of the documents by name and Illinois license number.

Any licensed architect who signs and seals technical submissions not prepared by that architect but prepared under the architect's responsible control by persons not regularly employed in the office where the architect is resident shall maintain and make available to the board upon request for at least 5 years following such signing and sealing, adequate and complete records demonstrating the nature and extent of the architect's control over and detailed professional knowledge of such technical submissions throughout their preparation.

"Direct supervision and control" means that the architect has exerted sufficient personal supervision, control, and review of the activities of those employed to perform architectural work to ensure that the construction documents produced by those so employed and sealed by the architect meet the standards of reasonable professional skill and diligence and are of no lesser quality than if they had been produced personally by the architect. The architect is obligated to have detailed professional knowledge of the construction documents the architect seals and to have exercised professional judgement in all architectural matters embodied in those construction documents. Merely reviewing the construction documents produced by others, even if they are licensed, does not constitute "direct supervision and control" by the architect unless the architect has actually exercised the supervision and control over the preparation of the construction documents provided for in this Section.

(c) The hospital shall send the letter of notification within 72 hours after a confirmed diagnosis of any of the communicable diseases listed by the Department pursuant to subsection (b), except confirmed diagnoses of Acquired Immunodeficiency Syndrome (AIDS). If there is a confirmed diagnosis of AIDS, the hospital shall send the letter of notification only if the police officers, firefighters, emergency medical technicians, paramedics or ambulance personnel have indicated on the ambulance run sheet that a reasonable possibility exists that they have had blood or body fluid contact with the patient, or if hospital personnel providing the notification have reason to know of a possible exposure.

PUBLIC ACT 92-0364
(Senate Bill No. 0390)

AN ACT in relation to health care surrogates.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Health Care Surrogate Act is amended by changing Section 25 as follows:
(755 ILCS 40/25) (from Ch. 110 1/2, par. 851-25)
Sec. 25. Surrogate decision making.
(a) When a patient lacks decisional capacity, the health care provider must make a reasonable inquiry as to the availability and authority of a health care agent under the Powers of Attorney for Health Care Law. When no health care agent is authorized and available, the health care provider must make a reasonable inquiry as to the availability of possible surrogates listed in items (1) through (4) of this subsection. For purposes of this Section, a reasonable inquiry includes, but is not limited to, identifying a member of the patient's family or other health care agent by examining the patient's personal effects or medical records. If a family member or other health care agent is identified, an attempt to contact that person by telephone must be made within 24 hours after a determination by the provider that the patient lacks decisional capacity. No person shall be liable for civil damages or subject to professional discipline based on a claim of violating a patient's right to confidentiality as a result of making a reasonable inquiry as to the availability of a patient's family member or health care agent, except for willful or wanton misconduct.

The surrogate decision makers, as identified by the attending physician, are then authorized to make decisions as follows: (i) for patients who lack decisional capacity and do not have a qualifying condition, medical treatment decisions may be made in accordance with subsection (b-5) of Section 20; and (ii) for patients who lack decisional capacity and have a qualifying condition, medical treatment decisions including whether to forgo life-sustaining treatment on behalf of the patient may

New matter indicated by italics - deletions by strikeout.
be made without court order or judicial involvement in the following order of priority:
   (1) the patient's guardian of the person;
   (2) the patient's spouse;
   (3) any adult son or daughter of the patient;
   (4) either parent of the patient;
   (5) any adult brother or sister of the patient;
   (6) any adult grandchild of the patient;
   (7) a close friend of the patient;
   (8) the patient's guardian of the estate.

The health care provider shall have the right to rely on any of the above surrogates if the provider believes after reasonable inquiry that neither a health care agent under the Powers of Attorney for Health Care Law nor a surrogate of higher priority is available.

Where there are multiple surrogate decision makers at the same priority level in the hierarchy, it shall be the responsibility of those surrogates to make reasonable efforts to reach a consensus as to their decision on behalf of the patient regarding the forgoing of life-sustaining treatment. If 2 or more surrogates who are in the same category and have equal priority indicate to the attending physician that they disagree about the health care matter at issue, a majority of the available persons in that category (or the parent with custodial rights) shall control, unless the minority (or the parent without custodial rights) initiates guardianship proceedings in accordance with the Probate Act of 1975. No health care provider or other person is required to seek appointment of a guardian.

(b) After a surrogate has been identified, the name, address, telephone number, and relationship of that person to the patient shall be recorded in the patient's medical record.

(c) Any surrogate who becomes unavailable for any reason may be replaced by applying the provisions of Section 25 in the same manner as for the initial choice of surrogate.

(d) In the event an individual of a higher priority to an identified surrogate becomes available and willing to be the surrogate, the individual with higher priority may be identified as the surrogate. In the event an individual in a higher, a lower, or the same priority level or a health care provider seeks to challenge the priority of or the life-sustaining treatment decision of the recognized surrogate decision maker, the challenging party may initiate guardianship proceedings in accordance with the Probate Act of 1975.

(e) The surrogate decision maker shall have the same right as the patient to receive medical information and medical records and to consent to disclosure.

Section 99. Effective date. This Act takes effect upon becoming law.

AN ACT concerning schools.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The School Code is amended by changing Sections 5-22 and 32-4 as follows:
(105 ILCS 5/5-22) (from Ch. 122, par. 5-22)
Sec. 5-22. Sales of school sites, buildings or other real estate. When in the opinion of the school board, a school site, or portion thereof, building, or site with building thereon, or any other real estate of the district, has become unnecessary or unsuitable or inconvenient for a school, or unnecessary for the uses of the district, the school board, by a resolution adopted by at least two-thirds of the board members, may sell or direct that the property be sold in the manner provided in the Local Government Property Transfer Act, or in the manner herein provided. Unless legal title to the land is held by the school board, the school board shall forthwith notify the trustees of schools or other school officials having legal title to such land of the terms upon which they desire the property to be sold. If the property is to be sold to another unit of local government or school district, the school board, trustees of schools, or other school officials having legal title to the land shall proceed in the manner

provided in the Local Government Property Transfer Act. In all other cases, except if the property is to be sold to a tenant that has leased the property for 10 or more years and that tenant is a non-profit agency, the school board, trustees of schools, or other school officials having legal title to the land shall, within 60 days after adoption of the resolution (if the school board holds legal title to the land), or within 60 days after the trustees of school or other school officials having legal title receive the notice (if the school board does not hold legal title to the land), sell the property at public sale, by auction or sealed bids, after first giving notice of the time, place, and terms thereof by notice published once each week for 3 successive weeks prior to the date of the sale if sale is by auction, or prior to the final date of acceptance of bids if sale is by sealed bids, in a newspaper published in the district or, if no such newspaper is published in the district, then in a newspaper published in the county and having a general circulation in the district; however, if territory containing a school site, building, or site with building thereon, is detached from the school district of which it is a part after proceedings have been commenced under this Section for the sale of that school site, building, or site with building thereon, but before the sale is held, then the school board, trustees of schools, or other school officials having legal title shall not advertise or sell that school site, building, or site with building thereon, pursuant to those proceedings. The notices may be in the following form:

NOTICE OF SALE

Notice is hereby given that on (insert date), the (here insert title of the school board, trustees of school, or other school officials holding legal title) of (county) (Township No. ...., Range No. .... P.M. ....) will sell at public sale (use applicable alternative) (at ........ (state location of sale which shall be within the district), at .... ..M.,) (by taking sealed bids which shall be accepted until .... ..M., on (insert date), at (here insert location where bids will be accepted which shall be within the district) which bids will be opened at .... ..M. on (insert date) at (here insert location where bids will be opened which shall be within the district)) the following described property: (here describe the property), which sale will be made on the following terms to-wit: (here insert terms of sale)

....
 ....
 ....

(Here insert title of school officials holding legal title)

For purposes of determining "terms of sale" under this Section, the General Assembly declares by this clarifying and amendatory Act of 1983 that "terms of sale" are not limited to sales for cash only but include contracts for deed, mortgages, and such other seller financed terms as may be specified by the school board.

If a school board specifies a reasonable minimum selling price and that price is not met or if no bids are received, the school board may adopt a resolution determining or directing that the services of a licensed real estate broker be engaged to sell the property for a commission not to exceed 7%, contingent on the sale of the property within 120 days. If legal title to the property is not held by the school board, the trustees of schools or other school officials having legal title shall, upon receipt of the resolution, engage the services of a licensed real estate broker as directed in the resolution. The board may accept a written offer equal to or greater than the established minimum selling price for the described property. The services of a licensed real estate broker may be utilized to seek a buyer. If the board lowers the minimum selling price on the described property, the public sale procedures set forth in this Section must be followed. The board may raise the minimum selling price without repeating the public sale procedures.

In the case of a sale of property to a tenant that has leased the property for 10 or more years and that is a non-profit agency, an appraisal is required prior to the sale. If the non-profit agency purchases the property for less than the appraised value and subsequently sells the property, the agency may retain only a percentage of the profits that is proportional to the percentage of the appraisal, plus any improvements made by the agency while the agency was the owner, that the agency paid in the initial sale. The remaining portion of the profits made by the non-profit agency shall revert to the school district.

The deed of conveyance shall be executed by the president and clerk or secretary of the school board, trustees of schools, or other school officials having legal title to the land, and the proceeds paid to the school treasurer for the benefit of the district; provided, that the proceeds of any such sale on

the island of Kaskasia shall be paid to the State Treasurer for the use of the district and shall be dispersed by him in the same manner as income from the Kaskasia Commons permanent school fund. The school board shall use the proceeds from the sale first to pay the principal and interest on any outstanding bonds on the property being sold, and after all such bonds have been retired, the remaining proceeds from the sale next shall be used by the school board to meet any urgent district needs as determined under Sections 2-3.12 and 17-2.11 and then for any other authorized purpose and for deposit into any district fund. But whenever the school board of any school district determines that any schoolhouse site with or without a building thereon is of no further use to the district, and agrees with the school board of any other school district within the boundaries of which the site is situated, upon the sale thereof to that district, and agrees upon the price to be paid therefor, and the site is selected by the purchasing district in the manner required by law, then after the payment of the compensation the school board, township trustees, or other school officials having legal title to the land of the schools shall, by proper instrument in writing, convey the legal title of the site to the school board of the purchasing district, or to the trustees of schools for the use of the purchasing district, in accordance with law. The provisions of this Section shall not apply to any sale made pursuant to Section 5-23 or Section 5-24 or Section 32-4.

(105 ILCS 5/32-4) (from Ch. 122, par. 32-4)
Sec. 32-4. Powers of board.
The board of inspectors referred to in Section 32-2.11 may, in addition to the powers conferred upon it by special law and the applicable provisions of this Act, employ teachers, janitors and such other employees as it deems necessary and fix the amount of their compensation; buy or lease sites for schoolhouses, with the necessary grounds; build, erect, lease or purchase buildings suitable for school purposes; repair and improve buildings and furnish them with the necessary supplies, fixtures, apparatus, libraries and fuel; and may lease school property, when not needed for school purposes, for a term of not longer than 99 years from the date of the granting of the lease. All such leases shall provide for revaluation privileges at least once in every 20 years.

In case the school board and the lessee cannot agree on revaluation and a new rent, the same shall be determined in the following manner: 3 arbitrators shall be appointed, 1 by the school board, 1 by the lessee, and 1 by the arbitrators appointed by the school board and the lessee. The 3 arbitrators, or a majority of them, shall fix and determine the revaluation and the new rent and their decision or a decision of a majority of them shall be final.

When, in the opinion of the school board, a school site, building, or site with building thereon, or any other real estate of the district, has become unnecessary or unsuitable or inconvenient for a school, or unnecessary for the uses of the district and the school board decides to sell the same, unless the property is to be sold to a tenant that has leased the property for 10 or more years and that tenant is a non-profit agency, the school board shall give notice of the sale stating the time and place the sale is to be held, the terms of the sale and a description of the property to be sold. The notice shall be published in a newspaper of general circulation published in the district, or if none, in the county in which the district is situated, such notice to be published once each week for 3 successive weeks, and the first publication to be at least 30 days prior to the day the sale is to be held. Unless the school board holds legal title to the property, the school board shall notify the trustees of schools of the terms upon which the school board desires the property to be conveyed. The school board or trustees of schools holding legal title to the property shall convey the property in accordance with the terms fixed by the school board. The deed of conveyance shall be executed by the president and secretary or clerk of the school board or trustees of the school holding legal title to the property and the proceeds if any shall be paid to the school treasurer for the benefit of the district.

In the case of a sale of property to a tenant that has leased the property for 10 or more years and that is a non-profit agency, an appraisal is required prior to the sale. If the non-profit agency purchases the property for less than the appraised value and subsequently sells the property, the agency may retain only a percentage of the profits that is proportional to the percentage of the appraisal, plus any improvements made by the agency while the agency was the owner, that the agency paid in the initial sale. The remaining portion of the profits made by the non-profit agency shall revert to the school district.

(Senate Bill No. 0598)

AN ACT concerning library districts.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Public Library District Act of 1991 is amended by changing Section 15-85 as follows:

(75 ILCS 16/15-85)

Sec. 15-85. Automatic disconnection from district.

(a) Any territory within a public library district that is or has been annexed to a municipality (where that municipality maintains a public library) is, by operation of law, disconnected from the public library district as of the January first next after the territory is annexed.

(b) A disconnection by operation of law under this Section does not occur if, within 60 days after the annexation, the public library district files with the appropriate circuit court a petition alleging that the disconnection will cause the territory remaining in the district to be noncontiguous or that the loss of assessed valuation by reason of the disconnection will impair the ability of the district to render fully adequate library service to the territory remaining in the district.

(c) When a petition is filed under subsection (b), the court shall set it for hearing. At the hearing, the district has the burden of proving the truth of the allegations in its petition. In determining whether to grant the petition, the court may consider at least the following factors:

(i) whether disconnection will cause the territory remaining in the district to be noncontiguous;

(ii) whether the loss of assessed valuation by reason of the disconnection will impair the ability of the district to render fully adequate library service to the territory remaining in the district;

(iii) the convenience of the residents of the annexed territory and whether a plan exists enabling the residents of the annexed territory to use either the public library district facilities or the library facilities of the city, village, or incorporated town to which the territory has been annexed; and

(iv) whether the city, village, or incorporated town has annexed any other territory within the district within the preceding 2 years and the cumulative effect of those annexations on the financial viability of the district.

The Court may consider comments by the Illinois State Library, the annexing municipality and its public library, and the library system or systems to which the affected libraries belong. This does not create a right of intervention in these parties.

(d) After the hearing, the Court may grant the relief it deems appropriate, including, but not limited to, any of the following: (i) denial of the disconnection; (ii) disconnection of the territory from the public library district; (iii) disconnection of the territory from the public library district in parts over a specific period of time not to exceed 5 years; (iv) court approval of a voluntary agreement between the parties that provides for the sharing of real estate tax revenues from the annexed territory for a limited period of time not to exceed 5 years unless extended by mutual agreement of the parties; or (v) submission of the question of disconnection of the territory to the electors of the annexed territory at a referendum to be held at the next general election in accordance with the general election

law. The proposition at such a referendum shall be in substantially the following form:

Shall (describe annexed territory) be disconnected from (name of public library district)?

If a referendum is held, the result of the election shall be entered of record in the Court. If a majority of votes cast upon the question in the annexed territory are for disconnection of the annexed territory from the public library district, the territory shall be disconnected from the public library district.

(e) If there are any general obligation bonds of the public library district outstanding and unpaid at the time the territory is disconnected from the public library district by operation of this Section, the disconnected territory shall remain liable for its proportionate share of that bonded indebtedness, and the public library district may continue to levy and extend taxes upon the taxable property in the territory for the purpose of amortizing the bonds until sufficient funds to retire the bonds have been collected.

(f) The county clerk must extend taxes to pay the principal of and interest on any general obligation bonds issued to refund any bond described in subsection (e), as provided in the bond ordinances on file in the office of the county clerk, against all taxable property in the district, including taxable property that was in the district on the date that the bonds being refunded were issued; provided, however, that (i) the net interest rate on the refunding bonds may not exceed the net interest rate on the refunded bonds, (ii) the final maturity date of the refunding bonds may not extend beyond the final maturity date of the refunded bonds, and (iii) the debt service payable on the refunding bonds in any year may not exceed the debt service that would have been payable on the refunded bonds in that year. This subsection is inoperative after June 30, 2002.

(215 ILCS 125/6-3) (from Ch. 111 1/2, par. 1418.3)

Sec. 6-3. Scope. This Article applies to direct individual contracts, group contracts and certificates issued thereunder, or any other evidence of coverage, each of which provides for coverage under a health care plan, and has been issued by organizations licensed to transact health maintenance organization business in this State under the Health Maintenance Organization Act, but not to any business of such organization not transacted under its health maintenance organization certificate of authority. This Article does not apply to (i) a managed care community network providing or arranging health care services under contract with the State exclusively to persons who are enrolled in the integrated health care program established under Section 5-16.3 of the Illinois Public Aid Code or (ii) a managed care community network owned, operated, or governed by a county provider as New matter indicated by italics - deletions by strikeout.
Section 25. The Health Care Worker Self-Referral Act is amended by changing Section 20 as follows:

(225 ILCS 47/20)
Sec. 20. Prohibited referrals and claims for payment.
(a) A health care worker shall not refer a patient for health services to an entity outside the health care worker's office or group practice in which the health care worker is an investor, unless the health care worker directly provides health services within the entity and will be personally involved with the provision of care to the referred patient.
(b) Pursuant to Board determination that the following exception is applicable, a health care worker may invest in and refer to an entity, whether or not the health care worker provides direct services within said entity, if there is a demonstrated need in the community for the entity and alternative financing is not available. For purposes of this subsection (b), "demonstrated need" in the community for the entity may exist if (1) there is no facility of reasonable quality that provides medically appropriate service, (2) use of existing facilities is onerous or creates too great a hardship for patients, (3) the entity is formed to own or lease medical equipment which replaces obsolete or otherwise inadequate equipment in or under the control of a hospital located in a federally designated health manpower shortage area, or (4) such other standards as established, by rule, by the Board. "Community" shall be defined as a metropolitan area for a city, and a county for a rural area. In addition, the following provisions must be met to be exempt under this Section:

(1) Individuals who are not in a position to refer patients to an entity are given a bona fide opportunity to also invest in the entity on the same terms as those offered a referring health care worker; and
(2) No health care worker who invests shall be required or encouraged to make referrals to the entity or otherwise generate business as a condition of becoming or remaining an investor; and
(3) The entity shall market or furnish its services to referring health care worker investors and other investors on equal terms; and
(4) The entity shall not loan funds or guarantee any loans for health care workers who are in a position to refer to an entity; and
(5) The income on the health care worker's investment shall be tied to the health care worker's equity in the facility rather than to the volume of referrals made; and
(6) Any investment contract between the entity and the health care worker shall not include any covenant or non-competition clause that prevents a health care worker from investing in other entities; and
(7) When making a referral, a health care worker must disclose his investment interest in an entity to the patient being referred to such entity. If alternative facilities are reasonably available, the health care worker must provide the patient with a list of alternative facilities. The health care worker shall inform the patient that they have the option to use an alternative facility other than one in which the health care worker has an investment interest and the patient will not be treated differently by the health care worker if the patient chooses to use another entity. This shall be applicable to all health care worker investors, including those who provide direct care or services for their patients in entities outside their office practices; and
(8) If a third party payor requests information with regard to a health care worker's investment interest, the same shall be disclosed; and
(9) The entity shall establish an internal utilization review program to ensure that investing health care workers provided appropriate or necessary utilization; and
(10) If a health care worker's financial interest in an entity is incompatible with a referred patient's interest, the health care worker shall make alternative arrangements for the patient's care.

The Board shall make such a determination for a health care worker within 90 days of a completed written request. Failure to make such a determination within the 90 day time frame shall mean that no alternative is practical based upon the facts set forth in the completed written request.
(c) It shall not be a violation of this Act for a health care worker to refer a patient for health services to a publicly traded entity in which he or she has an investment interest provided that:

(1) the entity is listed for trading on the New York Stock Exchange or on the American Stock Exchange, or is a national market system security traded under an automated inter-dealer quotation system operated by the National Association of Securities Dealers; and

(2) the entity had, at the end of the corporation's most recent fiscal year, total net assets of at least $30,000,000 related to the furnishing of health services; and

(3) any investment interest obtained after the effective date of this Act is traded on the exchanges listed in paragraph 1 of subsection (c) of this Section after the entity became a publicly traded corporation; and

(4) the entity markets or furnishes its services to referring health care worker investors and other health care workers on equal terms; and

(5) all stock held in such publicly traded companies, including stock held in the predecessor privately held company, shall be of one class without preferential treatment as to status or remuneration; and

(6) the entity does not loan funds or guarantee any loans for health care workers who are in a position to be referred to an entity; and

(7) the income on the health care worker's investment is tied to the health care worker's equity in the entity rather than to the volume of referrals made; and

(8) the investment interest does not exceed 1/2 of 1% of the entity's total equity.

(d) Any hospital licensed under the Hospital Licensing Act shall not discriminate against or otherwise penalize a health care worker for compliance with this Act.

(e) Any health care worker or other entity shall not enter into an arrangement or scheme seeking to make referrals to another health care worker or entity based upon the condition that the health care worker or entity will make referrals with an intent to evade the prohibitions of this Act by inducing patient referrals which would be prohibited by this Section if the health care worker or entity made the referral directly.

(f) If compliance with the need and alternative investor criteria is not practical, the health care worker shall identify to the patient reasonably available alternative facilities. The Board shall, by rule, designate when compliance is "not practical".

(g) Health care workers may request from the Board that it render an advisory opinion that a referral to an existing or proposed entity under specified circumstances does or does not violate the provisions of this Act. The Board's opinion shall be presumptively correct. Failure to render such an advisory opinion within 90 days of a completed written request pursuant to this Section shall create a rebuttable presumption that a referral described in the completed written request is not or will not be a violation of this Act.

(h) Notwithstanding any provision of this Act to the contrary, a health care worker may refer a patient, who is a member of a health maintenance organization "HMO" licensed in this State, for health services to an entity, outside the health care worker's office or group practice, in which the health care worker is an investor, provided that any such referral is made pursuant to a contract with the HMO. Furthermore, notwithstanding any provision of this Act to the contrary, a health care worker may refer an enrollee of a "managed care community network", as defined in subsection (b) of Section 5-16.3 of the Illinois Public Aid Code, for health services to an entity, outside the health care worker's office or group practice, in which the health care worker is an investor, provided that any such referral is made pursuant to a contract with the managed care community network.

Section 30. The Illinois Public Aid Code is amended by changing Sections 5-11, 5-16.9, 5-16.11, 15-2, 15-3, 15-4, and 15-5 as follows:

(305 ILCS 5/5-11) (from Ch. 23, par. 5-11)
Sec. 5-11. Co-operative arrangements; contracts with other State agencies, health care and rehabilitation organizations, and fiscal intermediaries.

(a) The Illinois Department may enter into co-operative arrangements with State agencies responsible for administering or supervising the administration of health services and vocational rehabilitation services to the end that there may be maximum utilization of such services in the provision of medical assistance.
The Illinois Department shall, not later than June 30, 1993, enter into one or more co-operative arrangements with the Department of Mental Health and Developmental Disabilities providing that the Department of Mental Health and Developmental Disabilities will be responsible for administering or supervising all programs for services to persons in community care facilities for persons with developmental disabilities, including but not limited to intermediate care facilities, that are supported by State funds or by funding under Title XIX of the federal Social Security Act. The responsibilities of the Department of Mental Health and Developmental Disabilities under these agreements are transferred to the Department of Human Services as provided in the Department of Human Services Act.

The Department may also contract with such State health and rehabilitation agencies and other public or private health care and rehabilitation organizations to act for it in supplying designated medical services to persons eligible therefor under this Article. Any contracts with health services or health maintenance organizations shall be restricted to organizations which have been certified as being in compliance with standards promulgated pursuant to the laws of this State governing the establishment and operation of health services or health maintenance organizations. The Department may also contract with insurance companies or other corporate entities serving as fiscal intermediaries in this State for the Federal Government in respect to Medicare payments under Title XVIII of the Federal Social Security Act to act for the Department in paying medical care suppliers. The provisions of Section 9 of "An Act in relation to State finance", approved June 10, 1919, as amended, notwithstanding, such contracts with State agencies, other health care and rehabilitation organizations, or fiscal intermediaries may provide for advance payments.

(b) For purposes of this subsection (b), "managed care community network" means an entity, other than a health maintenance organization, that is owned, operated, or governed by providers of health care services within this State and that provides or arranges primary, secondary, and tertiary managed health care services under contract with the Illinois Department exclusively to persons participating in programs administered by the Illinois Department.

The Illinois Department may certify managed care community networks, including managed care community networks owned, operated, managed, or governed by State-funded medical schools, as risk-bearing entities eligible to contract with the Illinois Department as Medicaid managed care organizations. The Illinois Department may contract with those managed care community networks to furnish health care services to or arrange those services for individuals participating in programs administered by the Illinois Department. The rates for those provider-sponsored organizations may be determined on a prepaid, capitated basis. A managed care community network may choose to contract with the Illinois Department to provide only pediatric health care services. The Illinois Department shall by rule adopt the criteria, standards, and procedures by which a managed care community network may be permitted to contract with the Illinois Department and shall consult with the Department of Insurance in adopting these rules.

A county provider as defined in Section 15-1 of this Code may contract with the Illinois Department to provide primary, secondary, or tertiary managed health care services as a managed care community network without the need to establish a separate entity and shall be deemed a managed care community network for purposes of this Code only to the extent it provides services to participating individuals. A county provider is entitled to contract with the Illinois Department with respect to any contracting region located in whole or in part within the county. A county provider is not required to accept enrollees who do not reside within the county.

In order to (i) accelerate and facilitate the development of integrated health care in contracting areas outside counties with populations in excess of 3,000,000 and counties adjacent to those counties and (ii) maintain and sustain the high quality of education and residency programs coordinated and associated with local area hospitals, the Illinois Department may develop and implement a demonstration program from managed care community networks owned, operated, managed, or governed by State-funded medical schools. The Illinois Department shall prescribe by rule the criteria, standards, and procedures for effecting this demonstration program.

A managed care community network that contracts with the Illinois Department to furnish health care services to or arrange those services for enrollees participating in programs administered by the Illinois Department shall do all of the following:

(1) Provide that any provider affiliated with the managed care community network may

New matter indicated by italics - deletions by strikeout.
also provide services on a fee-for-service basis to Illinois Department clients not enrolled in such managed care entities.

(2) Provide client education services as determined and approved by the Illinois Department, including but not limited to (i) education regarding appropriate utilization of health care services in a managed care system, (ii) written disclosure of treatment policies and restrictions or limitations on health services, including, but not limited to, physical services, clinical laboratory tests, hospital and surgical procedures, prescription drugs and biologics, and radiological examinations, and (iii) written notice that the enrollee may receive from another provider those covered services that are not provided by the managed care community network.

(3) Provide that enrollees within the system may choose the site for provision of services and the panel of health care providers.

(4) Not discriminate in enrollment or disenrollment practices among recipients of medical services or enrollees based on health status.

(5) Provide a quality assurance and utilization review program that meets the requirements established by the Illinois Department in rules that incorporate those standards set forth in the Health Maintenance Organization Act.

(6) Issue a managed care community network identification card to each enrollee upon enrollment. The card must contain all of the following:

(A) The enrollee's health plan.

(B) The name and telephone number of the enrollee's primary care physician or the site for receiving primary care services.

(C) A telephone number to be used to confirm eligibility for benefits and authorization for services that is available 24 hours per day, 7 days per week.

(7) Ensure that every primary care physician and pharmacy in the managed care community network meets the standards established by the Illinois Department for accessibility and quality of care. The Illinois Department shall arrange for and oversee an evaluation of the standards established under this paragraph (7) and may recommend any necessary changes to these standards.

(8) Provide a procedure for handling complaints that meets the requirements established by the Illinois Department in rules that incorporate those standards set forth in the Health Maintenance Organization Act.

(9) Maintain, retain, and make available to the Illinois Department records, data, and information, in a uniform manner determined by the Illinois Department, sufficient for the Illinois Department to monitor utilization, accessibility, and quality of care.

(10) Provide that the pharmacy formulary used by the managed care community network and its contract providers be no more restrictive than the Illinois Department's pharmaceutical program on the effective date of this amendatory Act of 1998 and as amended after that date. The Illinois Department shall contract with an entity or entities to provide external peer-based quality assurance review for the managed health care programs administered by the Illinois Department. The entity shall be representative of Illinois physicians licensed to practice medicine in all its branches and have statewide geographic representation in all specialties of medical care that are provided in managed health care programs administered by the Illinois Department. The entity may not be a third party payer and shall maintain offices in locations around the State in order to provide service and continuing medical education to physician participants within those managed health care programs administered by the Illinois Department. The review process shall be developed and conducted by Illinois physicians licensed to practice medicine in all its branches. In consultation with the entity, the Illinois Department may contract with other entities for professional peer-based quality assurance review of individual categories of services other than services provided, supervised, or coordinated by physicians licensed to practice medicine in all its branches. The Illinois Department shall establish, by rule, criteria to avoid conflicts of interest in the conduct of quality assurance activities consistent with professional peer-review standards. All quality assurance activities shall be coordinated by the Illinois Department.

Each managed care community network must demonstrate its ability to bear the financial risk
of serving individuals under this program. The Illinois Department shall by rule adopt standards for assessing the solvency and financial soundness of each managed care community network. Any solvency and financial standards adopted for managed care community networks shall be no more restrictive than the solvency and financial standards adopted under Section 1856(a) of the Social Security Act for provider-sponsored organizations under Part C of Title XVIII of the Social Security Act.

The Illinois Department may implement the amendatory changes to this Code made by this amendatory Act of 1998 through the use of emergency rules in accordance with Section 5-45 of the Illinois Administrative Procedure Act. For purposes of that Act, the adoption of rules to implement these changes is deemed an emergency and necessary for the public interest, safety, and welfare.

(c) Not later than June 30, 1996, the Illinois Department shall enter into one or more cooperative arrangements with the Department of Public Health for the purpose of developing a single survey for nursing facilities, including but not limited to facilities funded under Title XVIII or Title XIX of the federal Social Security Act or both, which shall be administered and conducted solely by the Department of Public Health. The Departments shall test the single survey process on a pilot basis, with both the Departments of Public Aid and Public Health represented on the consolidated survey team. The pilot will sunset June 30, 1997. After June 30, 1997, unless otherwise determined by the Governor, a single survey shall be implemented by the Department of Public Health which would not preclude staff from the Department of Public Aid from going on-site to nursing facilities to perform necessary audits and reviews which shall not replicate the single State agency survey required by this Act. This Section shall not apply to community or intermediate care facilities for persons with developmental disabilities.

(d) Nothing in this Code in any way limits or otherwise impairs the authority or power of the Illinois Department to enter into a negotiated contract pursuant to this Section with a managed care community network or a health maintenance organization, as defined in the Health Maintenance Organization Act, that provides for termination or nonrenewal of the contract without cause, upon notice as provided in the contract, and without a hearing.

(305 ILCS 5/5-16.9)

Sec. 5-16.9. Woman's health care provider. The medical assistance program is subject to the provisions of Section 356r of the Illinois Insurance Code. The Illinois Department shall adopt rules to implement the requirements of Section 356r of the Illinois Insurance Code in the medical assistance program including managed care components defined in Section 5-16.3.

(305 ILCS 5/5-16.11)

Sec. 5-16.11. Uniform standards applied to managed care entities. (305 ILCS 5/15-2) (from Ch. 23, par. 15-2)

(a) There is created in the State Treasury the County Provider Trust Fund. Interest earned by the Fund shall be credited to the Fund. The Fund shall not be used to replace any funds appropriated to the Medicaid program by the General Assembly.

(b) The Fund is created solely for the purposes of receiving, investing, and distributing monies in accordance with this Article XV. The Fund shall consist of:

(1) All monies collected or received by the Illinois Department under Section 15-3 of this Code;

(c) Disbursements from the Fund shall be by warrants drawn by the State Comptroller upon receipt of vouchers duly executed and certified by the Illinois Department and shall be made only:

Sec. 15-3. Intergovernmental Transfers.

(a) Each qualifying county shall make an annual intergovernmental transfer to the Illinois Department in an amount equal to 71.7% of the difference between the total payments made by the Illinois Department to such county provider for hospital services under Titles XIX and XXI of the Social Security Act or pursuant to Section 5-11 or 5-16.3 of this Code in each fiscal year ending June 30 (or fraction thereof during the fiscal year ending June 30, 1993) and $108,800,000 (or fraction thereof), except that the annual intergovernmental transfer shall not exceed the total payments made by the Illinois Department to such county provider for hospital services under this Code or pursuant to Section 5-16.3 of this Code, less the sum of (i) 50% of payments reimbursable under the Social Security Act at a rate of 50% and (ii) 65% of payments reimbursable under the Social Security Act at a rate of 65%, in each fiscal year ending June 30 (or fraction thereof).

(b) The payment schedule for the intergovernmental transfer made hereunder shall be established by intergovernmental agreement between the Illinois Department and the applicable county, which agreement shall at a minimum provide:

(2) For periodic payments no less frequently than monthly to the county provider for supplemental disproportionate share payments hereunder based on a federally approved State Medical Assistance Plan.

(3) For calculation of the intergovernmental transfer payment to be made by the county equal to 71.7% of the difference between the amount of the periodic payment and the base amount; provided, however, that if the periodic payment for any period is less than the base amount for such period, the base amount for the succeeding period (and any successive period if necessary) shall be increased by the amount of such shortfall.

(4) For an intergovernmental transfer methodology which obligates the Illinois Department to notify the county and county provider in writing of each impending periodic payment and the intergovernmental transfer payment attributable thereto and which obligates the Comptroller to release the periodic payment to the county provider within one working day of receipt of the intergovernmental transfer payment from the county.

Sec. 15-4. Contractual assumption of certain expenses. Hospitals may, at their election, by written agreement between the counties owning and operating the hospitals and the Illinois Department, assume specified expenses of the operation of the Illinois Department associated with the determination of eligibility, direct payment of which expenses by the Illinois Department would qualify as public funds expended by the Illinois Department for the Illinois Medical Assistance Program or other health care programs administered by the Illinois Department. The Illinois Department shall open an adequately staffed special on-site office or offices at facilities designated by the county for the purpose of assisting the county in ensuring that all eligible individuals are enrolled in the Illinois Medical Assistance Program and, to the extent that enrollment into the integrated health care program established under Section 5-16.3 of this Code is conducted at local public assistance offices in the county, for the purpose of enrollment of persons into any managed health care entity operated by the county. The enrollment process shall meet the requirements of subsection (c) of Section 5-16.3. Each such agreement, executed in accordance with Section 3 of the Intergovernmental Cooperation Act, shall describe the operational expenses to be assumed in sufficient detail to permit the Illinois Department to certify upon such written obligation or performance thereunder that the hospital's compliance with the terms of the agreement will amount to the commitment of public funds eligible for the federal financial participation or other federal funding called for in Title XIX or Title XXI of the Social Security Act.

Sec. 15-5. Disbursements from the Fund.

(a) The monies in the Fund shall be disbursed only as provided in Section 15-2 of this Code and as follows:

(1) To pay the county hospitals' inpatient reimbursement rate based on actual costs, trended forward annually by an inflation index and supplemented by teaching, capital, and other direct and indirect costs, according to a State plan approved by the federal government. Effective October 1, 1992, the inpatient reimbursement rate (including any disproportionate or supplemental disproportionate share payments) for hospital services provided by county operated facilities within the County shall be no less than the reimbursement rates in effect on June 1, 1992, except that this minimum shall be adjusted as of July 1, 1992 and each July 1 thereafter by the annual percentage change in the per diem cost of inpatient hospital services as reported in the most recent annual Medicaid cost report.

(2) To pay county hospitals and county operated outpatient facilities for outpatient services based on a federally approved methodology to cover the maximum allowable costs per patient visit. Effective October 1, 1992, the outpatient reimbursement rate for outpatient services provided by county hospitals and county operated outpatient facilities shall be no less than the reimbursement rates in effect on June 1, 1992, except that this minimum shall be adjusted as of July 1, 1992 and each July 1 thereafter by the annual percentage change in the per diem cost of inpatient hospital services as reported in the most recent annual Medicaid cost report.

(3) To pay the county hospitals' disproportionate share payments as established by the Illinois Department under Section 5-5.02 of this Code. Effective October 1, 1992, the disproportionate share payments for hospital services provided by county operated facilities within the County shall be no less than the reimbursement rates in effect on June 1, 1992, except that this minimum shall be adjusted as of July 1, 1992 and each July 1 thereafter by the annual percentage change in the per diem cost of inpatient hospital services as reported in the most recent annual Medicaid cost report.

(3.5) To pay county providers for services provided pursuant to Section 5-11 or 5-16.3 of this Code.

(4) To reimburse the county providers for expenses contractually assumed pursuant to Section 15-4 of this Code.

(5) To pay the Illinois Department its necessary administrative expenses relative to the Fund and other amounts agreed to, if any, by the county providers in the agreement provided for in subsection (c).
(6) To pay the county hospitals' supplemental disproportionate share payments, hereby authorized, as specified in the agreement provided for in subsection (c) and according to a federally approved State plan. Effective October 1, 1992, the supplemental disproportionate share payments for hospital services provided by county operated facilities within the County shall be no less than the reimbursement rates in effect on June 1, 1992, except that this minimum shall be adjusted as of July 1, 1992 and each July 1 thereafter by the annual percentage change in the per diem cost of inpatient hospital services as reported in the most recent annual Medicaid cost report.

(b) The Illinois Department shall promptly seek all appropriate amendments to the Illinois State Plan to effect the foregoing payment methodology.

(c) The Illinois Department shall implement the changes made by Article 3 of this amendatory Act of 1992 beginning October 1, 1992. All terms and conditions of the disbursement of monies from the Fund not set forth expressly in this Article shall be set forth in the agreement executed under the Intergovernmental Cooperation Act so long as those terms and conditions are not inconsistent with this Article or applicable federal law. The Illinois Department shall report in writing to the Hospital Service Procurement Advisory Board and the Health Care Cost Containment Council by October 15, 1992, the terms and conditions of all such initial agreements and, where no such initial agreement has yet been executed with a qualifying county, the Illinois Department's reasons that each such initial agreement has not been executed. Copies and reports of amended agreements following the initial agreements shall likewise be filed by the Illinois Department with the Hospital Service Procurement Advisory Board and the Health Care Cost Containment Council within 30 days following their execution. The foregoing filing obligations of the Illinois Department are informational only, to allow the Board and Council, respectively, to better perform their public roles, except that the Board or Council may, at its discretion, advise the Illinois Department in the case of the failure of the Illinois Department to reach agreement with any qualifying county by the required date.

(d) The payments provided for herein are intended to cover services rendered on and after July 1, 1991, and any agreement executed between a qualifying county and the Illinois Department pursuant to this Section may relate back to that date, provided the Illinois Department obtains federal approval. Any changes in payment rates resulting from the provisions of Article 3 of this amendatory Act of 1992 are intended to apply to services rendered on or after October 1, 1992, and any agreement executed between a qualifying county and the Illinois Department pursuant to this Section may be effective as of that date.

(e) If one or more hospitals file suit in any court challenging any part of this Article XV, payments to hospitals from the Fund under this Article XV shall be made only to the extent that sufficient monies are available in the Fund and only to the extent that any monies in the Fund are not prohibited from disbursement and may be disbursed under any order of the court.

(f) All payments under this Section are contingent upon federal approval of changes to the State plan, if that approval is required.

The list shall include only those persons who are in arrears in an amount greater than $5,000 (or such greater amount as established by the Department by rule). Failure to include the statement in the order for support does not affect the validity of the order or the accrual of interest as provided in this Section.

Section 10. The Illinois Marriage and Dissolution of Marriage Act is amended by changing Section 505 as follows:
(750 ILCS 5/505) (from Ch. 40, par. 505)

New matter indicated by italics - deletions by strikeout.
Sec. 505. Child support; contempt; penalties.
(a) In a proceeding for dissolution of marriage, legal separation, declaration of invalidity of marriage, a proceeding for child support following dissolution of the marriage by a court which lacked personal jurisdiction over the absent spouse, a proceeding for modification of a previous order for child support under Section 510 of this Act, or any proceeding authorized under Section 501 or 601 of this Act, the court may order either or both parents owing a duty of support to a child of the marriage to pay an amount reasonable and necessary for his support, without regard to marital misconduct. The duty of support owed to a minor child includes the obligation to provide for the reasonable and necessary physical, mental and emotional health needs of the child.

(1) The Court shall determine the minimum amount of support by using the following guidelines:

<table>
<thead>
<tr>
<th>Number of Children</th>
<th>Percent of Supporting Party's Net Income</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>20%</td>
</tr>
<tr>
<td>2</td>
<td>25%</td>
</tr>
<tr>
<td>3</td>
<td>32%</td>
</tr>
<tr>
<td>4</td>
<td>40%</td>
</tr>
<tr>
<td>5</td>
<td>45%</td>
</tr>
<tr>
<td>6 or more</td>
<td>50%</td>
</tr>
</tbody>
</table>

(2) The above guidelines shall be applied in each case unless the court makes a finding that application of the guidelines would be inappropriate, after considering the best interests of the child in light of evidence including but not limited to one or more of the following relevant factors:
(a) the financial resources and needs of the child;
(b) the financial resources and needs of the custodial parent;
(c) the standard of living the child would have enjoyed had the marriage not been dissolved;
(d) the physical and emotional condition of the child, and his educational needs; and
(e) the financial resources and needs of the non-custodial parent.

If the court deviates from the guidelines, the court's finding shall state the amount of support that would have been required under the guidelines, if determinable. The court shall include the reason or reasons for the variance from the guidelines.

(3) "Net income" is defined as the total of all income from all sources, minus the following deductions:
(a) Federal income tax (properly calculated withholding or estimated payments);
(b) State income tax (properly calculated withholding or estimated payments);
(c) Social Security (FICA payments);
(d) Mandatory retirement contributions required by law or as a condition of employment;
(e) Union dues;
(f) Dependent and individual health/hospitalization insurance premiums;
(g) Prior obligations of support or maintenance actually paid pursuant to a court order;
(h) Expenditures for repayment of debts that represent reasonable and necessary expenses for the production of income, medical expenditures necessary to preserve life or health, reasonable expenditures for the benefit of the child and the other parent, exclusive of gifts. The court shall reduce net income in determining the minimum amount of support to be ordered only for the period that such payments are due and shall enter an order containing provisions for its self-executing modification upon termination of such payment period.

(4) In cases where the court order provides for health/hospitalization insurance coverage pursuant to Section 505.2 of this Act, the premiums for that insurance, or that portion of the premiums for which the supporting party is responsible in the case of insurance provided through an employer's health insurance plan where the employer pays a portion of the premiums, shall be subtracted from net income in determining the minimum amount of
support to be ordered.

(4.5) In a proceeding for child support following dissolution of the marriage by a court that lacked personal jurisdiction over the absent spouse, and in which the court is requiring payment of support for the period before the date an order for current support is entered, there is a rebuttable presumption that the supporting party's net income for the prior period was the same as his or her net income at the time the order for current support is entered.

(5) If the net income cannot be determined because of default or any other reason, the court shall order support in an amount considered reasonable in the particular case. The final order in all cases shall state the support level in dollar amounts. However, if the court finds that the child support amount cannot be expressed exclusively as a dollar amount because all or a portion of the payor's net income is uncertain as to source, time of payment, or amount, the court may order a percentage amount of support in addition to a specific dollar amount and enter such other orders as may be necessary to determine and enforce, on a timely basis, the applicable support ordered.

(6) If (i) the non-custodial parent was properly served with a request for discovery of financial information relating to the non-custodial parent's ability to provide child support, (ii) the non-custodial parent failed to comply with the request, despite having been ordered to do so by the court, and (iii) the non-custodial parent is not present at the hearing to determine support despite having received proper notice, then any relevant financial information concerning the non-custodial parent's ability to provide child support that was obtained pursuant to subpoena and proper notice shall be admitted into evidence without the need to establish any further foundation for its admission.

(a-5) In an action to enforce an order for support based on the respondent's failure to make support payments as required by the order, notice of proceedings to hold the respondent in contempt for that failure may be served on the respondent by personal service or by regular mail addressed to the respondent's last known address. The respondent's last known address may be determined from records of the clerk of the court, from the Federal Case Registry of Child Support Orders, or by any other reasonable means.

(b) Failure of either parent to comply with an order to pay support shall be punishable as in other cases of contempt. In addition to other penalties provided by law the Court may, after finding the parent guilty of contempt, order that the parent be:

1. placed on probation with such conditions of probation as the Court deems advisable;
2. sentenced to periodic imprisonment for a period not to exceed 6 months; provided, however, that the Court may permit the parent to be released for periods of time during the day or night to:
   A. work;
   B. conduct a business or other self-employed occupation.

The Court may further order any part or all of the earnings of a parent during a sentence of periodic imprisonment paid to the Clerk of the Circuit Court or to the parent having custody or to the guardian having custody of the minor children of the sentenced parent for the support of said minor children until further order of the Court.

If there is a unity of interest and ownership sufficient to render no financial separation between a non-custodial parent and another person or persons or business entity, the court may pierce the ownership veil of the person, persons, or business entity to discover assets of the non-custodial parent held in the name of that person, those persons, or that business entity. The following circumstances are sufficient to authorize a court to order discovery of the assets of a person, persons, or business entity and to compel the application of any discovered assets toward payment on the judgment for support:

1. the non-custodial parent and the person, persons, or business entity maintain records together.
2. the non-custodial parent and the person, persons, or business entity fail to maintain an arms length relationship between themselves with regard to any assets.
3. the non-custodial parent transfers assets to the person, persons, or business entity with the intent to perpetrate a fraud on the custodial parent.

With respect to assets which are real property, no order entered under this paragraph shall
affect the rights of bona fide purchasers, mortgagees, judgment creditors, or other lien holders who acquire their interests in the property prior to the time a notice of lis pendens pursuant to the Code of Civil Procedure or a copy of the order is placed of record in the office of the recorder of deeds for the county in which the real property is located.

The court may also order in cases where the parent is 90 days or more delinquent in payment of support or has been adjudicated in arrears in an amount equal to 90 days obligation or more, that the parent's Illinois driving privileges be suspended until the court determines that the parent is in compliance with the order of support. The court may also order that the parent be issued a family financial responsibility driving permit that would allow limited driving privileges for employment and medical purposes in accordance with Section 7-702.1 of the Illinois Vehicle Code. The clerk of the circuit court shall certify the order suspending the driving privileges of the parent or granting the issuance of a family financial responsibility driving permit to the Secretary of State on forms prescribed by the Secretary. Upon receipt of the authenticated documents, the Secretary of State shall suspend the parent's driving privileges until further order of the court and shall, if ordered by the court, subject to the provisions of Section 7-702.1 of the Illinois Vehicle Code, issue a family financial responsibility driving permit to the parent.

In addition to the penalties or punishment that may be imposed under this Section, any person whose conduct constitutes a violation of Section 15 of the Non-Support Punishment Act may be prosecuted under that Act, and a person convicted under that Act may be sentenced in accordance with that Act. The sentence may include but need not be limited to a requirement that the person perform community service under Section 50 of that Act or participate in a work alternative program under Section 50 of that Act. A person may not be required to participate in a work alternative program under Section 50 of that Act if the person is currently participating in a work program pursuant to Section 505.1 of this Act.

A support obligation, or any portion of a support obligation, which becomes due and remains unpaid for 30 days or more shall accrue simple interest at the rate of 9% per annum. An order for support entered or modified on or after January 1, 2002 shall contain a statement that a support obligation required under the order, or any portion of a support obligation required under the order, that becomes due and remains unpaid for 30 days or more shall accrue simple interest at the rate of 9% per annum. Failure to include the statement in the order for support does not affect the validity of the order or the accrual of interest as provided in this Section.

(c) A one-time charge of 20% is imposable upon the amount of past-due child support owed on July 1, 1988 which has accrued under a support order entered by the court. The charge shall be imposed in accordance with the provisions of Section 10-21 of the Illinois Public Aid Code and shall be enforced by the court upon petition.

(d) Any new or existing support order entered by the court under this Section shall be deemed to be a series of judgments against the person obligated to pay support thereunder, each such judgment to be in the amount of each payment or installment of support and each such judgment to be deemed entered as of the date the corresponding payment or installment becomes due under the terms of the support order. Each such judgment shall have the full force, effect and attributes of any other judgment of this State, including the ability to be enforced. A lien arises by operation of law against the real and personal property of the noncustodial parent for each installment of overdue support owed by the noncustodial parent.

(e) When child support is to be paid through the clerk of the court in a county of 1,000,000 inhabitants or less, the order shall direct the obligor to pay to the clerk, in addition to the child support payments, all fees imposed by the county board under paragraph (3) of subsection (u) of Section 27.1 of the Clerks of Courts Act. Unless paid in cash or pursuant to an order for withholding, the payment of the fee shall be by a separate instrument from the support payment and shall be made to the order of the Clerk.

(f) All orders for support, when entered or modified, shall include a provision requiring the obligor to notify the court and, in cases in which a party is receiving child and spouse services under Article X of the Illinois Public Aid Code, the Illinois Department of Public Aid, within 7 days, (i) of the name and address of any new employer of the obligor, (ii) whether the obligor has access to health insurance coverage through the employer or other group coverage and, if so, the policy name and number and the names of persons covered under the policy, and (iii) of any new residential or mailing
address or telephone number of the non-custodial parent. In any subsequent action to enforce a support order, upon a sufficient showing that a diligent effort has been made to ascertain the location of the non-custodial parent, service of process or provision of notice necessary in the case may be made at the last known address of the non-custodial parent in any manner expressly provided by the Code of Civil Procedure or this Act, which service shall be sufficient for purposes of due process.

(g) An order for support shall include a date on which the current support obligation terminates. The termination date shall be no earlier than the date on which the child covered by the order will attain the age of majority or is otherwise emancipated. The order for support shall state that the termination date does not apply to any arrearage that may remain unpaid on that date. Nothing in this subsection shall be construed to prevent the court from modifying the order.

(h) An order entered under this Section shall include a provision requiring the obligor to report to the obligee and to the clerk of court within 10 days each time the obligor obtains new employment, and each time the obligor's employment is terminated for any reason. The report shall be in writing and shall, in the case of new employment, include the name and address of the new employer. Failure to report new employment or the termination of current employment, if coupled with nonpayment of support for a period in excess of 60 days, is indirect criminal contempt. For any obligor arrested for failure to report new employment bond shall be set in the amount of the child support that should have been paid during the period of unreported employment. An order entered under this Section shall also include a provision requiring the obligor and obligee parents to advise each other of a change in residence within 5 days of the change except when the court finds that the physical, mental, or emotional health of a party or that of a minor child, or both, would be seriously endangered by disclosure of the party's address.

Section 15. The Non-Support Punishment Act is amended by changing Section 20 as follows:

(750 ILCS 16/20)
Sec. 20. Entry of order for support; income withholding.
(a) In a case in which no court or administrative order for support is in effect against the defendant:

(1) at any time before the trial, upon motion of the State's Attorney, or of the Attorney General if the action has been instituted by his office, and upon notice to the defendant, or at the time of arraignment or as a condition of postponement of arraignment, the court may enter such temporary order for support as may seem just, providing for the support or maintenance of the spouse or child or children of the defendant, or both, pendente lite; or

(2) before trial with the consent of the defendant, or at the trial on entry of a plea of guilty, or after conviction, instead of imposing the penalty provided in this Act, or in addition thereto, the court may enter an order for support, subject to modification by the court from time to time as circumstances may require, directing the defendant to pay a certain sum for maintenance of the spouse, or for support of the child or children, or both.

(b) The court shall determine the amount of child support by using the guidelines and standards set forth in subsection (a) of Section 505 and in Section 505.2 of the Illinois Marriage and Dissolution of Marriage Act.

If (i) the non-custodial parent was properly served with a request for discovery of financial information relating to the non-custodial parent's ability to provide child support, (ii) the non-custodial parent failed to comply with the request, despite having been ordered to do so by the court, and (iii) the non-custodial parent is not present at the hearing to determine support despite having received proper notice, then any relevant financial information concerning the non-custodial parent's ability to provide support that was obtained pursuant to subpoena and proper notice shall be admitted into evidence without the need to establish any further foundation for its admission.

(c) The court shall determine the amount of maintenance using the standards set forth in Section 504 of the Illinois Marriage and Dissolution of Marriage Act.

(d) The court may, for violation of any order under this Section, punish the offender as for a contempt of court, but no pendente lite order shall remain in effect longer than 4 months, or after the discharge of any panel of jurors summoned for service thereafter in such court, whichever is sooner.

(e) Any order for support entered by the court under this Section shall be deemed to be a series of judgments against the person obligated to pay support under the judgments, each such judgment to be in the amount of each payment or installment of support and each judgment to be deemed entered as of the date the corresponding payment or installment becomes due under the terms of the support order. Each judgment shall have the full force, effect, and attributes of any other judgment of this State, including the ability to be enforced. Each judgment is subject to modification or termination only in accordance with Section 510 of the Illinois Marriage and Dissolution of Marriage Act. A lien arises by operation of law against the real and personal property of the noncustodial parent for each installment of overdue support owed by the noncustodial parent.

(f) An order for support entered under this Section shall include a provision requiring the obligor to report to the obligee and to the clerk of the court within 10 days each time the obligor obtains new employment, and each time the obligor's employment is terminated for any reason. The report shall be in writing and shall, in the case of new employment, include the name and address of the new employer.

Failure to report new employment or the termination of current employment, if coupled with nonpayment of support for a period in excess of 60 days, is indirect criminal contempt. For any obligor arrested for failure to report new employment, bond shall be set in the amount of the child support that should have been paid during the period of unreported employment.

An order for support entered under this Section shall also include a provision requiring the obligor and obligee parents to advise each other of a change in residence within 5 days of the change except when the court finds that the physical, mental, or emotional health of a party or of a minor child, or both, would be seriously endangered by disclosure of the party's address.

(g) An order for support entered or modified in a case in which a party is receiving child and spouse support services under Article X of the Illinois Public Aid Code shall include a provision requiring the noncustodial parent to notify the Illinois Department of Public Aid, within 7 days, of the name and address of any new employer of the noncustodial parent, whether the noncustodial parent has access to health insurance coverage through the employer or other group coverage and, if so, the policy name and number and the names of persons covered under the policy.

(h) In any subsequent action to enforce an order for support entered under this Act, upon sufficient showing that diligent effort has been made to ascertain the location of the noncustodial parent, service of process or provision of notice necessary in that action may be made at the last known address of the noncustodial parent, in any manner expressly provided by the Code of Civil Procedure or in this Act, which service shall be sufficient for purposes of due process.

An order for support entered or modified on or after January 1, 2002 shall contain a statement that a support obligation required under the order, or any portion of a support obligation required under the order, that becomes due and remains unpaid for 30 days or more shall accrue simple interest at the rate of 9% per annum. Failure to include the statement in the order for support does not affect the validity of the order or the accrual of interest as provided in this Section.

(i) Depravity. Conviction of any one of the following crimes shall create a presumption that a parent is depraved which can be overcome only by clear and convincing evidence: (1) first degree murder in violation of paragraph 1 or 2 of subsection (a) of Section 9-1 of the Criminal Code of 1961 or conviction of second degree murder in violation of subsection (a) of Section 9-2 of the Criminal Code of 1961 of a parent of the child to be adopted; (2) first degree murder or second degree murder of any child in violation of the Criminal Code of 1961; (3) attempt or conspiracy to commit first degree murder or second degree murder of any child in violation of the Criminal Code of 1961; (4) solicitation to commit murder of any child, solicitation to commit murder of any child for hire, or solicitation to commit second degree murder of any child in violation of the Criminal Code of 1961; or (5) aggravated criminal sexual assault in violation of Section 12-14(b)(1) of the Criminal Code of 1961.

(j) Open and notorious adultery or fornication.

(j-1) (Blank).

(k) Habitual drunkenness or addiction to drugs, other than those prescribed by a physician, for at least one year immediately prior to the commencement of the unfitness proceeding.

There is a rebuttable presumption that a parent is unfit under this subsection with respect to any child to which that parent gives birth where there is a confirmed test result that at birth the child's blood, urine, or meconium contained any amount of a controlled substance as defined in subsection (f) of Section 102 of the Illinois Controlled Substances Act or metabolites of such substances, the presence of which in the newborn infant was not the result of medical treatment administered to the mother or the newborn infant; and the biological mother of this child is the biological mother of at least one other child who was adjudicated a neglected minor under subsection (c) of Section 2-3 of the Juvenile Court Act of 1987.

(l) Failure to demonstrate a reasonable degree of interest, concern or responsibility as to the welfare of a new born child during the first 30 days after its birth.

(m) Failure by a parent (i) to make reasonable efforts to correct the conditions that were the basis for the removal of the child from the parent, or (ii) to make reasonable progress toward the return of the child to the parent within 9 months after an adjudication of neglected or abused minor under Section 2-3 of the Juvenile Court Act of 1987 or dependent minor under Section 2-4 of that Act, or (iii) to make reasonable progress toward the return of the child to the parent during any 9-month period after the end of the initial 9-month period following the adjudication of neglected or abused minor under Section 2-3 of the Juvenile Court Act of 1987 or dependent minor under Section 2-4 of that Act. If a service plan has been established as required under Section 8.2 of the Abused and Neglected Child Reporting Act to correct the conditions that were the basis for the removal of the child from the parent and if those services were available, then, for purposes of this Act, "failure to make reasonable progress toward the return of the child to the parent" includes (I) the parent's failure to substantially fulfill his or her obligations under the service plan and correct the conditions that brought the child into care within 9 months after the adjudication under Section 2-3 or 2-4 of the Juvenile Court Act of 1987 and (II) the parent's failure to substantially fulfill his or her obligations under the service plan and correct the conditions that brought the child into care during any 9-month period after the end of the initial 9-month period following the adjudication under Section 2-3 or 2-4 of the Juvenile Court Act of 1987.

(m-1) Pursuant to the Juvenile Court Act of 1987, a child has been in foster care for 15
months out of any 22 month period which begins on or after the effective date of this amendatory Act of 1998 unless the child's parent can prove by a preponderance of the evidence that it is more likely than not that it will be in the best interests of the child to be returned to the parent within 6 months of the date on which a petition for termination of parental rights is filed under the Juvenile Court Act of 1987. The 15 month time limit is tolled during any period for which there is a court finding that the appointed custodian or guardian failed to make reasonable efforts to reunify the child with his or her family, provided that (i) the finding of no reasonable efforts is made within 60 days of the period when reasonable efforts were not made or (ii) the parent filed a motion requesting a finding of no reasonable efforts within 60 days of the period when reasonable efforts were not made. For purposes of this subdivision (m-1), the date of entering foster care is the earlier of: (i) the date of a judicial finding at an adjudicatory hearing that the child is an abused, neglected, or dependent minor; or (ii) 60 days after the date on which the child is removed from his or her parent, guardian, or legal custodian.

(n) Evidence of intent to forgo his or her parental rights, whether or not the child is a ward of the court, (1) as manifested by his or her failure for a period of 12 months: (i) to visit the child, (ii) to communicate with the child or agency, although able to do so and not prevented from doing so by an agency or by court order, or (iii) to maintain contact with or plan for the future of the child, although physically able to do so, or (2) as manifested by the father's failure, where he and the mother of the child were unmarried to each other at the time of the child's birth, (i) to commence legal proceedings to establish his paternity under the Illinois Parentage Act of 1984 or the law of the jurisdiction of the child's birth within 30 days of being informed, pursuant to Section 12a of this Act, that he is the father or the likely father of the child or, after being so informed where the child is not yet born, within 30 days of the child's birth, or (ii) to make a good faith effort to pay a reasonable amount of the expenses related to the birth of the child and to provide a reasonable amount for the financial support of the child, the court to consider in its determination all relevant circumstances, including the financial condition of both parents; provided that the ground for termination provided in this subparagraph (n)(2)(ii) shall only be available where the petition is brought by the mother or the husband of the mother.

Contact or communication by a parent with his or her child that does not demonstrate affection and concern does not constitute reasonable contact and planning under subdivision (n). In the absence of evidence to the contrary, the ability to visit, communicate, maintain contact, pay expenses and plan for the future shall be presumed. The subjective intent of the parent, whether expressed or otherwise, unsupported by evidence of the foregoing parental acts manifesting that intent, shall not preclude a determination that the parent has intended to forgo his or her parental rights. In making this determination, the court may consider but shall not require a showing of diligent efforts by an authorized agency to encourage the parent to perform the acts specified in subdivision (n).

It shall be an affirmative defense to any allegation under paragraph (2) of this subsection that the father's failure was due to circumstances beyond his control or to impediments created by the mother or any other person having legal custody. Proof of that fact need only be by a preponderance of the evidence.

(o) Repeated or continuous failure by the parents, although physically and financially able, to provide the child with adequate food, clothing, or shelter.

(p) Inability to discharge parental responsibilities supported by competent evidence from a psychiatrist, licensed clinical social worker, or clinical psychologist of mental impairment, mental illness or mental retardation as defined in Section 1-116 of the Mental Health and Developmental Disabilities Code, or developmental disability as defined in Section 1-106 of that Code, and there is sufficient justification to believe that the inability to discharge parental responsibilities shall extend beyond a reasonable time period. However, this subdivision (p) shall not be construed so as to permit a licensed clinical social worker to conduct any medical diagnosis to determine mental illness or mental impairment.

(q) The parent has been criminally convicted of aggravated battery, heinous battery, or attempted murder of any child.

New matter indicated by italics - deletions by strikeout.
(r) The child is in the temporary custody or guardianship of the Department of Children and Family Services, the parent is incarcerated as a result of criminal conviction at the time the petition or motion for termination of parental rights is filed, prior to incarceration the parent had little or no contact with the child or provided little or no support for the child, and the parent's incarceration will prevent the parent from discharging his or her parental responsibilities for the child for a period in excess of 2 years after the filing of the petition or motion for termination of parental rights.

(s) The child is in the temporary custody or guardianship of the Department of Children and Family Services, the parent is incarcerated at the time the petition or motion for termination of parental rights is filed, the parent has been repeatedly incarcerated as a result of criminal convictions, and the parent's repeated incarceration has prevented the parent from discharging his or her parental responsibilities for the child.

(t) A finding that at birth the child's blood, urine, or meconium contained any amount of a controlled substance as defined in subsection (f) of Section 102 of the Illinois Controlled Substances Act, or a metabolite of a controlled substance, with the exception of controlled substances or metabolites of such substances, the presence of which in the newborn infant was the result of medical treatment administered to the mother or the newborn infant, and that the biological mother of this child is the biological mother of at least one other child who was adjudicated a neglected minor under subsection (c) of Section 2-3 of the Juvenile Court Act of 1987, after which the biological mother had the opportunity to enroll in and participate in a clinically appropriate substance abuse counseling, treatment, and rehabilitation program.

(2) To adopt such rules and regulations consistent with the provisions of this Act which shall be necessary to carry on its functions and duties to the end that the health, safety and welfare of the People of the State of Illinois shall be protected and temperance in the consumption of alcoholic liquors shall be fostered and promoted and to distribute copies of such rules and regulations to all licensees affected thereby.

PUBLIC ACT 92-0379
(House Bill No. 0512)

AN ACT concerning mineral rights.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Code of Civil Procedure is amended by changing Section 17-101 as follows:
(735 ILCS 5/17-101) (from Ch. 110, par. 17-101)
Sec. 17-101. Compelling partition. When lands, tenements, or hereditaments are held in joint
tenancy or tenancy in common, whether such right or title is derived by purchase, legacy or descent,
or whether any or all of the claimants are minors or adults, any one or more of the persons interested
therein may compel a partition thereof by a verified complaint in the circuit court of the county where
the premises or part of the premises are situated. If lands, tenements or hereditaments held in joint
tenancy or tenancy in common are situated in 2 or more counties, the venue may be in any one of such
counties, and the circuit court of any such county first acquiring jurisdiction shall retain sole and
exclusive jurisdiction. Ownership of an interest in the surface of lands, tenements, or hereditaments
by a co-owner of an interest in minerals underlying the surface does not prevent partition of the
mineral estate. This amendatory Act of the 92nd General Assembly is a declaration of existing law
and is intended to remove any possible conflicts or ambiguities, thereby confirming existing law
pertinent to the partition of interests in minerals and applies to all actions for the partition of minerals
now pending or filed on or after the effective date of this amendatory Act of the 92nd General
Assembly. Nothing in this amendatory Act of the 92nd General Assembly shall be construed as
allowing an owner of a mineral interest in coal to mine and remove the coal by the surface method
of mining without first obtaining the consent of all of the owners of the surface to the mining and
removal of coal by the surface method of mining.

carrier, or contract carrier nor any representative, agent, or employee on behalf of an express
company, common carrier, or contract carrier that carries or transports alcoholic liquor for delivery
within this State shall knowingly give or knowingly deliver to a residential address any shipping
container clearly labeled as containing alcoholic liquor and labeled as requiring signature of an adult
of at least 21 years of age to any person in this State under the age of 21 years. An express company,
common carrier, or contract carrier that carries or transports such alcoholic liquor for delivery within
this State shall obtain a signature at the time of delivery acknowledging receipt of the alcoholic liquor
by an adult who is at least 21 years of age. At no time while delivering alcoholic beverages within this
State may any representative, agent, or employee of an express company, common carrier, or contract
carrier that carries or transports alcoholic liquor for delivery within this State deliver the alcoholic
liquor to a residential address without the acknowledgment of the consignee and without first
obtaining a signature at the time of the delivery by an adult who is at least 21 years of age. A

subsection (a) by delivering alcoholic liquor without the acknowledgment of the consignor and without first obtaining a signature at the time of the delivery by an adult who is at least 21 years of age is guilty of a business offense for which the express company, common carrier, or contract carrier that transports alcoholic liquor within this State shall be fined not more than $1,001 for a first offense, not more than $5,000 for a second offense, and not more than $10,000 for a third or subsequent offense. An express company, common carrier, or contract carrier shall be held vicariously liable for the actions of its representatives, agents, or employees. For purposes of this Act, in addition to other methods authorized by law, an express company, common carrier, or contract carrier shall be considered served with process when a representative, agent, or employee alleged to have violated this Act is personally served. Each shipment of alcoholic liquor delivered in violation of this item (ii) of this subsection (a) constitutes a separate offense. (iii) No person, after purchasing or otherwise obtaining alcoholic liquor, shall sell, give, or deliver such alcoholic liquor to another person under the age of 21 years, except in the performance of a religious ceremony or service. Except as otherwise provided in item (ii), any express company, common carrier, or contract carrier that transports alcoholic liquor within this State that person who violates the provisions of item (i), (ii), or (iii) of this paragraph of this subsection (a) is guilty of a Class A misdemeanor and the person's sentence shall include, but shall not be limited to, a fine of not less than $500.

If a licensee or officer, associate, member, representative, agent, or employee of the licensee, or a representative, agent, or employee of an express company, common carrier, or contract carrier that carries or transports alcoholic liquor for delivery within this State, is prosecuted under this paragraph of this subsection (a) for selling, giving, or delivering alcoholic liquor to a person under the age of 21 years, the person under 21 years of age who attempted to buy or receive the alcoholic liquor may be prosecuted pursuant to Section 6-20 of this Act, unless the person under 21 years of age was acting under the authority of a law enforcement agency, the Illinois Liquor Control Commission, or a local liquor control commissioner pursuant to a plan or action to investigate, patrol, or conduct any similar enforcement action.

For the purpose of preventing the violation of this Section, any licensee, or his agent or employee, or a representative, agent, or employee of an express company, common carrier, or contract carrier that carries or transports alcoholic liquor for delivery within this State, may refuse to sell, deliver, or serve alcoholic beverages to any person who is unable to produce adequate written evidence of identity and of the fact that he or she is over the age of 21 years.

Proof that the defendant-licensee, or his employee or agent, or the representative, agent, or employee of the express company, common carrier, or contract carrier that carries or transports alcoholic liquor for delivery within this State demanded, was shown and reasonably relied upon such written evidence in any transaction forbidden by this Section is an affirmative defense in any criminal prosecution therefor to any proceedings for the suspension or revocation of any license based thereon. It shall not, however, be an affirmative defense if the agent or employee accepted the written evidence knowing it to be false or fraudulent. If a false or fraudulent Illinois driver's license or Illinois identification card is presented by a person less than 21 years of age to a licensee or the licensee's agent or employee for the purpose of ordering, purchasing, attempting to purchase, or otherwise obtaining or attempting to obtain the serving of any alcoholic beverage, the law enforcement officer or agency investigating the incident shall, upon the conviction of the person who presented the fraudulent license or identification, make a report of the matter to the Secretary of State on a form provided by the Secretary of State.

This Section does not apply to possession by a person under the age of 21 years making a delivery of an alcoholic beverage in pursuance of the order of his or her parent or in pursuance of his or her employment.

(a-1) It is unlawful for any parent or guardian to permit his or her residence to be used by an invitee of the parent's child or the guardian's ward, if the invitee is under the age of 21, in a manner that constitutes a violation of this Section. A parent or guardian is deemed to have permitted his or her residence to be used in violation of this Section if he or she knowingly authorizes, enables, or permits such use to occur by failing to control access to either the residence or the alcoholic liquor maintained in the residence. Nothing in this subsection (a-1) shall be construed to prohibit the giving of alcoholic liquor to a person under the age of 21 years in the performance of a religious ceremony or service.

(b) Except as otherwise provided in this Section whoever violates this Section shall, in addition to other penalties provided for in this Act, be guilty of a Class A misdemeanor.

2. the possession or consumption of the alcohol by the person under 21 is not otherwise permitted by this Act; and
3. the person occupying the residence knows that the person under the age of 21 leaves the residence in an intoxicated condition.

(d) Any person who rents a hotel or motel room from the proprietor or agent thereof for the purpose of or with the knowledge that such room shall be used for the consumption of alcoholic liquor by persons under the age of 21 years shall be guilty of a Class A misdemeanor.

Section 5. The State Prompt Payment Act is amended by changing Sections 1, 3-2, 3-3, 4, and 5 and by adding Section 3-4 as follows:

New matter indicated by italics - deletions by strikeout.
Sec. 1. This Act applies to any State official or agency authorized to provide for payment from State funds, by virtue of any appropriation of the General Assembly, for goods or services furnished to the State.

as the fee set forth in Section 500-135 is paid and education requirements for resident individual producers are met by the due date.

(1) Before each license renewal, an insurance producer must satisfactorily complete at least 30 hours of course study in accordance with rules prescribed by the Director. The Director may not approve a course of study unless the course provides for classroom, seminar, or self-study instruction methods. A course given in a combination instruction method of classroom or seminar and self-study shall be deemed to be a self-study course unless the classroom or seminar certified hours meets or exceeds two-thirds of total hours certified for the course. The self-study material used in the combination course must be directly related to and complement the classroom portion of the course in order to be considered for credit. An instruction method other than classroom or seminar shall be considered as self-study methodology. Self-study credit hours require the successful completion of an examination covering the self-study material. The examination may not be self-evaluated. However, if the self-study material is completed through the use of an approved computerized interactive format whereby the computer validates the success of the self-study material, no additional examination is required. The self-study credit hours contained in a certified course shall be considered classroom hours when at least two-thirds of the hours are given as classroom or seminar instruction.

(2) An insurance producer license automatically terminates when an insurance producer fails to successfully meet the requirements of item (1) of subsection (b) of this Section. The producer must complete the course in advance of the renewal date to allow the education provider time to report the credit to the Department.

(c) A provider of a pre-licensing or continuing education course required by Section 500-30 and this Section must pay a registration fee and a course certification fee for each course being certified as provided by Section 500-135.

(d) An individual insurance producer who allows his or her license to lapse may, within 12 months after the due date of the renewal fee, be issued a license without the necessity of passing a written examination. However, a penalty in the amount of double the unpaid renewal fee shall be required after the due date.

(e) A licensed insurance producer who is unable to comply with license renewal procedures due to military service may request a waiver of those procedures.

(f) The license must contain the licensee's name, address, and personal identification number, the date of issuance, the lines of authority, the expiration date, and any other information the Director deems necessary.

(g) Licensees must inform the Director by any means acceptable to the Director of a change of address within 30 days after the change.

(h) In order to assist in the performance of the Director's duties, the Director may contract with a non-governmental entity including the National Association of Insurance Commissioners (NAIC), or any affiliates or subsidiaries that the NAIC oversees, to perform any ministerial functions, including collection of fees, related to producer licensing that the Director and the non-governmental entity may deem appropriate.

Sec. 500-40. Nonresident licensing.

(a) Unless denied a license pursuant to Section 500-70, a nonresident person shall receive a nonresident producer license if:

(1) the person is currently licensed as a resident and in good standing in his or her home state;

(2) the person has submitted the proper request for a license and has paid the fees required by Section 500-135;

(3) the person has submitted or transmitted to the Director the application for a license that the person submitted to his or her home state or, instead of that application, a completed Uniform Application; and

(4) the person's home state awards nonresident producer licenses to residents of this State on the same basis.

(b) The Director may verify the producer's licensing status through the Producer Database.
maintained by the National Association of Insurance Commissioners or its affiliates or subsidiaries or by obtaining certification from the public official having supervision of insurance in the applicant's state of residence that the applicant has passed the written examination for the class of insurance applied for.

(c) A nonresident producer who moves from one state to another state or a resident producer who moves from this State to another state must file a change of address and provide certification from the new resident state within 30 days after the change of legal residence. No fee or license application is required.

(d) Notwithstanding any other provision of this Article, a person licensed as a surplus lines producer in his or her home state shall receive a nonresident surplus lines producer license pursuant to subsection (a) of this Section. Except as provided in subsection (a), nothing in this Section supersedes any provision of Section 445 of this Code.

(e) Notwithstanding any other provision of this Article, a person licensed as a limited lines producer in his or her home state shall receive a nonresident limited lines producer license, pursuant to subsection (a) of this Section, granting the same scope of authority as granted under the license issued by the producer's home state. For the purposes of this subsection, limited line insurance is any authority granted by the home state that restricts the authority of the license to less than the total authority prescribed in the associated major lines pursuant to items (1) through (5) of subsection (a) of Section 500-35.

Sec. 500-45. Exemption from examination.

(a) An individual who applies for an insurance producer license in this State who was previously licensed for the same lines of authority in another state shall not be required to complete any pre-licensing education or examination. This exemption is only available if the person is currently licensed in that state or if the application is received within 90 days after the cancellation of the applicant's previous license and if the prior state issues a certification that, at the time of cancellation, the applicant was in good standing in that state or the state's Producer Database records, maintained by the National Association of Insurance Commissioners, its affiliates, or subsidiaries indicate that the producer is or was licensed in good standing for the line of authority requested.

(b) A person licensed as an insurance producer in another state who moves to this State must make application within 90 days after establishing legal residence to become a resident licensee pursuant to Section 500-30. A pre-licensing education or examination is not required of that person to obtain any line of authority previously held in the prior state except when the Director determines otherwise by rule.

Sec. 500-50. Insurance producers; examination statistics.

(a) The use of examinations for the purpose of determining qualifications of persons to be licensed as insurance producers has a direct and far-reaching effect on persons seeking those licenses, on insurance companies, and on the public. It is in the public interest and it will further the public welfare to insure that examinations for licensing do not have the effect of unlawfully discriminating against applicants for licensing as insurance producers on the basis of race, color, national origin, or sex.

(b) As used in this Section, the following words have the meanings given in this subsection.

Examinee. "Examinee" means a person who takes an examination.

Part. "Part" means a portion of an examination for which a score is calculated.

Test form. "Test form" means the test booklet or instrument used for a part of an examination.

The Director must advise all examinees that they are not required to provide this information, that they will not be penalized for not doing so, and that the Director will use the information provided exclusively for research and statistical purposes and to improve the quality and fairness of the examinations.
(d) No later than May 1 of each year, the Director must prepare, publicly announce, and publish an Examination Report of summary statistical information relating to each examination administered during the preceding calendar year. Each Examination Report shall show with respect to each examination:

The Director is not required to report separate statistical information for any group or subgroup comprising fewer than 50 examinees.
(e) The Director must obtain a regular analysis of the data collected under this Section, and any other relevant information, for purposes of the development of new test forms. The analysis shall continue the implementation of the item selection methodology as recommended in the Final Report of the Illinois Insurance Producer's Licensing Examination Advisory Committee dated November 19, 1991, and filed with the Department unless some other methodology is determined by the Director to be as effective in minimizing differences between white and minority examinee pass-fail rates.
(f) The Director has the discretion to set cutoff scores for the examinations, provided that scaled scores on test forms administered after July 1, 1993, shall be made comparable to scaled scores on test forms administered in 1991 by use of professionally acceptable methods so as to minimize changes in passing rates related to the presence or absence of or changes in equating or scaling equations or methods or content outlines. Each calendar year, the scaled cutoff score for each part of each examination shall fluctuate by no more than the standard error of measurement from the scaled cutoff score employed during the preceding year.
(g) No later than May 1, 2003 and no later than May 1 of every fourth year thereafter, the Director must release to the public and make generally available one representative test form and set of answer keys for each part of each examination.

The Director may by order revoke a temporary license if the interest of insureds or the public are endangered. A temporary license may not continue after the owner or the personal representative disposes of the business.

(c) Before any temporary insurance producer license is issued, there must be filed with the Director a written application by the person desiring the license in the form, with the supplements, and containing the information that the Director requires. License fees, as provided for in Section 500-135, must be paid upon the issuance of the original temporary insurance producer license, but not for any renewal thereof.

A copy of the memorandum must be maintained by any producer who collects or receives the service fee or any portion of the service fee. If the compensation or service fee exceeds 10% of the premium amount or potential premium amount of the contract or policy, the memorandum shall include the signature of the insured or prospective insured acknowledging the compensation or service fee.

(f) Notwithstanding any other provision of this Section or any rule adopted by the Director, a car rental limited line producer pursuant to this Section is not required to treat moneys collected from renters purchasing insurance when renting vehicles as funds received in a fiduciary capacity, provided that the charges for coverage shall be itemized and be ancillary to a rental transaction.

(g) The sale of insurance not in conjunction with a rental transaction shall not be permitted.

(h) A car rental limited line producer under this Section may not advertise, represent, or otherwise hold itself or any of its employees out as licensed insurers, insurance producers, insurance agents, or insurance brokers.

(i) Direct commissions may not be paid to rental car company employees by the insurer or the customer purchasing insurance products. The rental car company may include insurance products in an overall employee performance compensation incentive program.

Sec. 500-110. Regulatory examinations.

(a) The Director may examine any applicant for or holder of an insurance producer license, limited line producer license or temporary insurance producer license or any business entity.

(b) All persons being examined, as well as their officers, directors, insurance producers, limited lines producers, and temporary insurance producers must provide to the Director convenient and free access, at all reasonable hours at their offices, to all books, records, documents, and other papers relating to the persons' insurance business affairs. The officers, directors, insurance producers, limited lines producers, temporary insurance producers, and employees must facilitate and aid the Director in the examinations as much as it is in their power to do so.

(c) The Director may designate an examiner or examiners to conduct any examination under this Section. The Director or his or her designee may administer oaths and examine under oath any individual relative to the business of the person being examined.

(d) The examiners designated by the Director under this Section may make reports to the Director. A report alleging substantive violations of this Article or any rules prescribed by the Director must be in writing and be based upon facts ascertained from the books, records, documents,
papers, and other evidence obtained by the examiners or from sworn or affirmed testimony of or written affidavits from the person's officers, directors, insurance producers, limited lines producer, temporary insurance producers, or employees or other individuals, as given to the examiners. The report of an examination must be verified by the examiners.

(e) If a report is made, the Director must either deliver a duplicate of the report to the person being examined or send the duplicate by certified or registered mail to the person's address of record. The Director shall afford the person an opportunity to demand a hearing with reference to the facts and other evidence contained in the report. The person may request a hearing within 14 calendar days after he or she receives the duplicate of the examination report by giving the Director written notice of that request, together with a written statement of the person's objections to the report. The Director must, if requested to do so, conduct a hearing in accordance with Sections 402 and 403 of this Code. The Director must issue a written order based upon the examination report and upon the hearing, if a hearing is held, within 90 days after the report is filed, or within 90 days after the hearing if a hearing is held. If the report is refused or otherwise undeliverable, or a hearing is not requested in a timely fashion, the right to a hearing is waived. After the hearing or the expiration of the time period in which a person may request a hearing, if the examination reveals that the person is operating in violation of any law, rule, or prior order, the Director in the written order may require the person to take any action the Director considers necessary or appropriate in accordance with the report or examination hearing. The order is subject to review under the Administrative Review Law.

(f) The Director may adopt reasonable rules to further the purposes of this Section.

(g) A person who violates or aids and abets any violation of a written order issued under this Section shall be guilty of a business offense and his or her license may be revoked or suspended pursuant to Section 500-70 of this Article and he or she may be subjected to a civil penalty of not more than $10,000.

Sec. 500-115. Financial responsibilities.
(a) Any money that an insurance producer, limited line producer, temporary insurance producer, business entity, or surplus line producer receives for soliciting, negotiating, effecting, procuring, renewing, continuing, or binding policies of insurance shall be held in a fiduciary capacity and shall not be misappropriated, converted, or improperly withheld. An insurance company that delivers to any insurance producer in this State a policy or contract for insurance pursuant to the application or request of an insurance producer, authorizes the producer to collect or receive on its behalf payment of any premium that is due on the policy or contract for insurance at the time of its issuance or delivery and any premium that becomes due on the policy or contract not more than 90 days thereafter.

(b) An insurer that issues a policy of insurance shall be deemed to have received payment of the premium if the insured paid any insurance producer requesting the coverage. The insurer shall be responsible to the insured for any return premium.

(c) In the case of open accounts receivable with the balance payable to an insurance producer within a specified period of 90 days or less, where the balance is not fully paid within that period, a late charge not exceeding 1.5% per month may be added by the insurance producer to the unpaid balance to induce payment of the premium.

(d) If an insurance producer or surplus line producer knowingly misappropriates or converts to his or her own use or illegally withholds fiduciary moneys in the amount of $150 or less, he or she is guilty of a Class A misdemeanor for a first offense and a Class 4 felony for subsequent conversions, misappropriations, and withholdings of that nature. Sec. 500-120. Conflicts of interest; inactive status.
(a) A person, partnership, association, or corporation licensed by the Department who, due to employment with any unit of government that would cause a conflict of interest with the holding of that license, notifies the Director in writing on forms prescribed by the Department and, subject to rules of the Department, makes payment of applicable licensing renewal fees, may elect to place the license on an inactive status.
(b) A licensee whose license is on inactive status may have the license restored by making application to the Department on such form as may be prescribed by the Department. The application must be accompanied with a fee of $50 plus the current applicable license fee.

(c) A license may be placed on inactive status for a 2-year period, and upon request, the inactive status may be extended for a successive 2-year period not to exceed a cumulative 4-year inactive period. After a license has been on inactive status for 4 years or more, the licensee must meet all of the standards required of a new applicant before the license may be restored to active status.

(d) If requests for inactive status are not renewed as set forth in subsection (c), the license will be taken off the inactive status and the license will lapse immediately.

(215 ILCS 5/500-125 new)
Sec. 500-125. Controlled business.
(a) An insurance producer license may not be granted or extended to any person if the Director has reasonable cause to believe:

(1) that during either of the 2 calendar years immediately preceding the extension date of the license the aggregate amount of premiums on insurance represented by controlled business exceeded the aggregate amount of premiums on all other insurance business of the licensee; or

(2) that during the 12-month period immediately following the issuance or extension of the license, if so issued or extended, the aggregate amount of premiums on controlled business would exceed the aggregate amount of premiums on all other insurance business of the applicant or licensee.

(a) An insurance producer who places insurance either directly or indirectly with an insurer with which the insurance producer does not have an agent contact must maintain in force while licensed a bond in favor of the people of the State of Illinois executed by an authorized surety company and payable to any party injured under the terms of the bond. The bond shall be continuous in form and in the amount of $2,500 or 5% of the premiums brokered in the previous calendar year, whichever is greater, but not to exceed $50,000 total aggregate liability. The bond shall be conditioned upon full accounting and due payment to the person or company entitled thereto, of funds coming into the insurance producer's possession as an incident to insurance transactions under the license or surplus line insurance transactions under the license as a surplus line producer.

(b) Authorized insurance producers of a business entity may meet the requirements of this Section with a bond in the name of the business entity, continuous in form, and in the amounts set forth in subsection (a) of this Section. Insurance producers may meet the requirements of this Section with a bond in the name of an association. An individual producer remains responsible for assuring that a producer bond is in effect and is for the correct amount. The association must have been in existence for 5 years, have common membership, and been formed for a purpose other than obtaining a bond.

(c) The surety may cancel the bond and be released from further liability thereunder upon 30 days' written notice in advance to the principal. The cancellation does not affect any liability incurred or accrued under the bond before the termination of the 30-day period.

(d) The producer's license may be revoked if the producer acts without a bond that is required under this Section.

(e) If a party injured under the terms of the bond requests the producer to provide the name of the surety and the bond number, the producer must provide the information within 3 working days after receiving the request.

(f) An association may meet the requirements of this Section for all of its members with a bond in the name of the association that is continuous in form and in the amounts set forth in subsection (a) of this Section.

Sec. 500-140. Injunctive relief. A person required to be licensed under this Article but failing
to obtain a valid and current license under this Article constitutes a public nuisance. The Director
may report the failure to obtain a license to the Attorney General, whose duty it is to apply forthwith
by complaint on relation of the Director in the name of the people of the State of Illinois, for injunctive
relief in the circuit court of the county where the failure to obtain a license occurred to enjoin that
person from failing to obtain a license. Upon the filing of a verified petition in the court, the court,
if satisfied by affidavit or otherwise that the person is required to have a license and does not have
a valid and current license, may enter a temporary restraining order without notice or bond, enjoining
the defendant from acting in any capacity that requires such license. A copy of the verified complaint
shall be served upon the defendant, and the proceedings shall thereafter be conducted as in other civil
cases. If it is established that the defendant has been, or is engaged in any unlawful practice, the court
may enter an order or judgment perpetually enjoining the defendant from further engaging in such
practice. In all proceedings brought under this Section, the court, in its discretion, may apportion
the costs among the parties, including the cost of filing the complaint, service of process, witness fees and
expenses, court reporter charges, and reasonable attorney fees. In case of the violation of any
injunctive order entered under the provisions of this Section, the court may summarily try and punish
the offender for contempt of court. The injunctive relief available under this Section is in addition to
and not in lieu of all other penalties and remedies provided in this Code.

PUBLIC ACT 92-0390
(Senate Bill No. 0104)
AN ACT in relation to coal.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 1. Short title. This Act may be cited as the Coal Rights Act.
Section 5. Purpose. In recognition of the fact that an estate of a joint owner in coal can be
enjoyed only by mining, removing, and selling the products of the coal, and that the mining, removal,
and sale of coal by one joint owner therefore constitutes the use and not the destruction of the common
estate, the purpose of this Act is to clarify the rights of joint owners of coal in this State, to promote
and preserve the value of coal reserves in the State, and to maximize the recovery of coal through the
orderly and efficient development of coal reserves for the benefit of all joint owners in a fair and
 equitable manner.
Section 10. Definitions. As used in this Act:
"Joint owner" means a person or entity that is a joint tenant, a tenant in common, or a tenant
by the entirety.
"Coal owner" means a person or entity vested with a whole or undivided fee simple interest
or other freehold interest in the coal estate, but "coal owner" does not include a person or entity with

a leasehold or any other lesser estate.

Section 15. Venue. Proceedings under this Act must be brought in the circuit court of the county in which coal lands sought to be affected, or the major portion of those lands, is located.

Section 20. Joint owners; trusts.
(a) If the title to coal is owned by joint tenants, tenants in common, or tenants by the entirety, whether the title is derived by purchase, legacy, or descent, any coal owner or owners vested with at least a one-half interest in the coal under the lands, or any coal lessee of the coal owner or owners, upon proper petition, shall be authorized to mine and remove coal from the land in the manner provided in this Act, provided, however, that a petition shall not be authorized under this Act for the mining and removal of coal by the surface method of mining unless all of the owners of the surface consent to the mining and removal of coal by the surface method of mining.

This Act affects only coal owners, as defined in Section 10 of this Act, and does not affect the rights of surface owners, except to the extent that they may also be coal owners.

(b) The circuit court of the county in which the coal lands or the major portion of those lands lie has the power to declare a trust in those lands, appoint a trustee for all persons owning an interest in the coal who are not plaintiffs, and authorize the trustee to sell, execute, and deliver a valid lease on those lands on behalf of all of the defendants on terms and conditions approved by the circuit court for the purposes provided in this Act. The lease shall continue in full force and effect after the termination of the trust unless the lease has previously expired by its own terms.

Section 25. Proceedings for appointment of trustee. Proceedings for the appointment of a trustee may be instituted by any person or persons (i) vested in fee simple with at least an undivided one-half interest in the coal sought to be developed or (ii) vested with a valid and subsisting coal lease, the lessor of which is a person defined in subdivision (i).

Section 30. Procedure.
(a) The person or persons seeking to impress a trust upon a coal interest for the purpose of leasing and developing it shall join as the defendant or defendants all persons, other than the plaintiff or plaintiffs, having a legal interest in the coal. All parties not in being who might have some contingent or future interest in the coal and all persons, whether in being or not in being, having any interest, whether present, future, or contingent, in the coal interest sought to be leased shall be fully bound by the proceedings.

(b) A verified petition shall be filed specifically setting forth the following:
(1) The request of the plaintiff or plaintiffs that a trustee be appointed to execute a lease granting the plaintiff or plaintiffs the right to mine and remove coal from the subject lands.
(2) The legal description of the lands.
(3) The interest of the plaintiff or plaintiffs in the coal underlying the lands.
(4) The apparent interest of the defendant or defendants in the coal underlying the lands.
(5) That the plaintiff or plaintiffs are willing to purchase a mineral lease covering the interest of the defendant or defendants and that the existence of these unleased mineral interests is detrimental to and impairs the enjoyment of the interest of the plaintiff or plaintiffs.

(c) If in any action there are persons who would be unknown parties as defined in Section 2-413 of the Code of Civil Procedure, those persons may be made defendants to the action in the same manner and with the same effect as provided in the Code of Civil Procedure. The defendant or defendants shall be given notice of the pendency of the action by publication as provided in the Code of Civil Procedure.

(d) The court shall appoint a guardian ad litem for any party to the proceeding who is a ward and is not represented by a guardian.

(e) If it appears that any person not in being, upon coming into being, is or may become or may claim to be entitled to any interest in the property sought to be leased, the court shall appoint a guardian ad litem to appear for and represent the interest in the proceeding and to defend the proceeding on behalf of the person not in being, and any judgment or order rendered in the proceeding is as effectual for all purposes as though the person were in being and were a party to the proceeding.

(f) The court shall take evidence and hear testimony as to the matters set forth in the petition. The court shall determine the prevailing terms of similar coal leases obtained in the vicinity of the lands described in the petition, including, but not limited to, length of primary term, bonus moneys,
delay rentals, royalty rates, and other forms of lease payments. If, upon taking evidence and hearing testimony, it appears that the material allegations of the petition are true and that there has been compliance with the notice provisions of this Act, the court shall enter an order determining the interest of each defendant in the coal sought to be leased. The court shall also appoint a trustee for the purpose of executing in favor of the plaintiff or plaintiffs a coal lease covering the interest of the defendant or defendants. The judgment appointing the trustee and authorizing the execution of the lease shall specify the minimum terms which may be accepted by the trustee. Those terms shall be substantially consistent with the terms of other similar coal leases obtained in the vicinity as determined by the court. The terms of the coal lease shall also be substantially consistent with the terms of other existing leases, if any, covering the remaining coal interests in the lands described in the petition. The lands to be covered by the coal lease shall be contiguous. To the extent that any of the lands described in the petition are not contiguous to other lands in the petition, those lands shall be the subject of separate coal leases. The court shall determine a reasonable fee to be paid to the trustee and that fee, together with the reasonable attorney's fees and costs of the proceeding incurred by the trustee, shall be paid by the plaintiff or plaintiffs.

(g) The plaintiff or plaintiffs shall forthwith furnish the court with a report of proceedings of the evidence received and testimony taken at the hearing on the petition, and the report of proceedings shall be filed and made a part of the case record.

(h) In all suits under this Act, the court may investigate and determine all questions of conflicting or controverted titles, remove clouds from the title to the coal, and establish and confirm the title to the coal or the right to mine and remove coal from any of the lands.

(i) An action filed under this Act may be joined with an action under the Severed Mineral Interest Act.

Section 35. Coal leases; report by trustee. The trustee shall enter into negotiations with the plaintiff or plaintiffs and shall execute a coal lease in favor of the plaintiff or plaintiffs covering the interest of the defendant or defendants. The terms of the coal lease shall be in accordance with the findings and judgment of the court. The trustee shall forthwith prepare and file a report of sale of the coal lease stating the terms of the lease and the payments received for the lease and give notice to all parties appearing of record. If the court finds that the sale was in accordance with its judgment, the sale shall be confirmed by court order and the court shall order the trust terminated and the trustee and his or her bond discharged.

Section 40. Payment. All moneys due to the defendant or defendants under the lease executed by the trustee shall be paid by the plaintiff or plaintiffs directly to the defendant or defendants.

Section 45. Binding effect of lease. The sale of and execution of any coal lease under this Act is binding in all respects as to all of the interest in the coal and the right to mine and remove the coal owned by the defendant or defendants to the action in the same manner as if the defendant or defendants had personally signed and delivered the lease. The lease shall be binding upon the heirs, legatees, personal representatives, successors, and assigns of the defendant or defendants.

Section 50. Incapacity of trustee; subsequent proceedings.

(a) In the event of the death or resignation of the trustee or the refusal or inability of the trustee to act, the court, upon its own motion or upon the motion of the plaintiff or plaintiffs, shall appoint a successor trustee.

(b) After the entry of the initial judgment authorizing a lease, all subsequent proceedings pertaining to the lands and the coal interest involved in the initial litigation, including subsequent leasing proceedings or proceedings by the trustee requesting authority to execute and deliver additional documents pertaining to a coal lease, shall be commenced and prosecuted in the same case as the proceedings for the initial lease. The acting trustee at the time of any subsequent proceedings shall act as the trustee in those proceedings. The court shall retain continuing authority and jurisdiction to conduct the subsequent proceedings.

Section 55. Costs. All court costs incident to the proceedings authorized under this Act shall be paid by the plaintiff or plaintiffs.

Section 60. Construction. This Act shall be liberally construed so that any lease issued under this Act conveys merchantable title.

Section 99. Effective date. This Act takes effect upon becoming law.

PUBLIC ACT 92-0393
(Senate Bill No. 0417)

AN ACT in relation to alcoholic liquor.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Liquor Control Act of 1934 is amended by changing Section 8-2 as follows:
(235 ILCS 5/8-2) (from Ch. 43, par. 159)
Sec. 8-2. It is the duty of each manufacturer with respect to alcoholic liquor produced or imported by such manufacturer, or purchased tax-free by such manufacturer from another manufacturer or importing distributor, and of each importing distributor as to alcoholic liquor purchased by such importing distributor from foreign importers or from anyone from any point in the United States outside of this State or purchased tax-free from another manufacturer or importing distributor, to pay the tax imposed by Section 8-1 to the Department of Revenue on or before the 15th day of the calendar month following the calendar month in which such alcoholic liquor is sold or used by such manufacturer or by such importing distributor other than in an authorized tax-free manner or to pay that tax electronically as provided in this Section.

Each manufacturer and each importing distributor shall make payment under one of the following methods: (1) on or before the 15th day of each calendar month, file in person or by United States first-class mail, postage pre-paid, with the Department of Revenue, on forms prescribed and furnished by the Department, a report in writing in such form as may be required by the Department in order to compute, and assure the accuracy of, the tax due on all taxable sales and uses of alcoholic liquor occurring during the preceding month. Payment of the tax in the amount disclosed by the report shall accompany the report or, (2) on or before the 15th day of each calendar month, electronically file with the Department of Revenue, on forms prescribed and furnished by the Department, an electronic report in such form as may be required by the Department in order to compute, and assure the accuracy of, the tax due on all taxable sales and uses of alcoholic liquor occurring during the
An electronic payment of the tax in the amount disclosed by the report shall accompany the report. A manufacturer or distributor who files an electronic report and electronically pays the tax imposed pursuant to Section 8-1 to the Department of Revenue on or before the 15th day of the calendar month following the calendar month in which such alcoholic liquor is sold or used by that manufacturer or importing distributor other than in an authorized tax-free manner shall pay to the Department the amount of the tax imposed pursuant to Section 8-1, less a discount of 1.75% or $1,250 per return, whichever is less, which is allowed to reimburse the manufacturer or importing distributor for the expenses incurred in keeping and maintaining records, preparing and filing the electronic returns, remitting the tax, and supplying data to the Department upon request.

The Department may, if it deems it necessary in order to insure the payment of the tax imposed by this Article, require returns to be made more frequently than and covering periods of less than a month. Such return shall contain such further information as the Department may reasonably require.

It shall be presumed that all alcoholic liquors acquired or made by any importing distributor or manufacturer have been sold or used by him in this State and are the basis for the tax imposed by this Article unless proven, to the satisfaction of the Department, that such alcoholic liquors are (1) still in the possession of such importing distributor or manufacturer, or (2) prior to the termination of possession have been lost by theft or through unintentional destruction, or (3) that such alcoholic liquors are otherwise exempt from taxation under this Act.

The Department may require any foreign importer to file monthly information returns, by the 15th day of the month following the month which any such return covers, if the Department determines this to be necessary to the proper performance of the Department's functions and duties under this Act. Such return shall contain such information as the Department may reasonably require.

Every manufacturer and importing distributor shall also file, with the Department, a bond in an amount not less than $1,000 and not to exceed $100,000 on a form to be approved by, and with a surety or sureties satisfactory to, the Department. Such bond shall be conditioned upon the manufacturer or importing distributor paying to the Department all monies becoming due from such manufacturer or importing distributor under this Article. The Department shall fix the penalty of such bond in each case, taking into consideration the amount of alcoholic liquor expected to be sold and used by such manufacturer or importing distributor, and the penalty fixed by the Department shall be sufficient, in the Department's opinion, to protect the State of Illinois against failure to pay any amount due under this Article, but the amount of the penalty fixed by the Department shall not exceed twice the amount of tax liability of a monthly return, nor shall the amount of such penalty be less than $1,000. The Department shall notify the Commission of the Department's approval or disapproval of any such manufacturer's or importing distributor's bond, or of the termination or cancellation of any such bond, or of the Department's direction to a manufacturer or importing distributor that he must file additional bond in order to comply with this Section. The Commission shall not issue a license to any applicant for a manufacturer's or importing distributor's license unless the Commission has received a notification from the Department showing that such applicant has filed a satisfactory bond with the Department hereunder and that such bond has been approved by the Department. Failure by any licensed manufacturer or importing distributor to keep a satisfactory bond in effect with the Department or to furnish additional bond to the Department, when required hereunder by the Department to do so, shall be grounds for the revocation or suspension of such manufacturer's or importing distributor's license by the Commission. If a manufacturer or importing distributor fails to pay any amount due under this Article, his bond with the Department shall be deemed forfeited, and the Department may institute a suit in its own name on such bond.

After notice and opportunity for a hearing the State Commission may revoke or suspend the license of any manufacturer or importing distributor who fails to comply with the provisions of this Section. Notice of such hearing and the time and place thereof shall be in writing and shall contain a statement of the charges against the licensee. Such notice may be given by United States registered or certified mail with return receipt requested, addressed to the person concerned at his last known address and shall be given not less than 7 days prior to the date fixed for the hearing. An order revoking or suspending a license under the provisions of this Section may be reviewed in the manner provided in Section 7-10 of this Act. No new license shall be granted to a person whose license has been revoked for a violation of this Section or, in case of suspension, shall such suspension be

terminated until he has paid to the Department all taxes and penalties which he owes the State under the provisions of this Act.

Every manufacturer or importing distributor who has, as verified by the Department, continuously complied with the conditions of the bond under this Act for a period of 2 years shall be considered to be a prior continuous compliance taxpayer. In determining the consecutive period of time for qualification as a prior continuous compliance taxpayer, any consecutive period of time of qualifying compliance immediately prior to the effective date of this amendatory Act of 1987 shall be credited to any manufacturer or importing distributor.

Every prior continuous compliance taxpayer shall be exempt from the bond requirements of this Act until the Department has determined the taxpayer to be delinquent in the filing of any return or deficient in the payment of any tax under this Act. Any taxpayer who fails to pay an admitted or established liability under this Act may also be required to post bond or other acceptable security with the Department guaranteeing the payment of such admitted or established liability.

The Department shall discharge any surety and shall release and return any bond or security deposit assigned, pledged or otherwise provided to it by a taxpayer under this Section within 30 days after: (1) such taxpayer becomes a prior continuous compliance taxpayer; or (2) such taxpayer has ceased to collect receipts on which he is required to remit tax to the Department, has filed a final tax return, and has paid to the Department an amount sufficient to discharge his remaining tax liability as determined by the Department under this Act.

PUBLIC ACT 92-0395
(Senate Bill No. 0800)

AN ACT concerning highways.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Illinois Highway Code is amended by changing Section 6-501 as follows:
(605 ILCS 5/6-501) (from Ch. 121, par. 6-501)
Sec. 6-501. (a) Findings and purpose. The General Assembly finds:

(1) That the financial conditions of the Township and District road systems of the State of Illinois have suffered adversely as a result of changes in law concerning assessed valuation of property for tax purposes. That as a result of the changes beginning in 1945, the rates of permissible levy were first halved to accommodate full fair value, but never restored when subsequent law change established the legal assessed valuation at 50% of fair market value as equalized by the Department of Revenue.

(2) Townships and district road systems, as a result of the decreased financial support,
have suffered a decline in ability to maintain or improve roads and bridges in a safe condition to permit the normal and ordinary use of its highway system. In many instances bridges have been closed and detours required because of impossible road conditions resulting in hardships for school districts in transporting pupils and for farms in moving products to market.

(3) Further, cost for maintenance and improvements have risen faster than the valuations of property, the base of financial support.

(4) To solve these problems, this Act makes changes in rates of taxation -- returning Townships and District road systems to their approximate financial viability prior to 1945.

(b) The highway commissioner for each road district in each county not under township organization shall on or before the third Tuesday in December of each year determine and certify to the county board the amount necessary to be raised by taxation for road purposes and for the salaries of elected road district officials in the road district.

Should any highway commissioner during the last year of his term of office for any reason not file the certificate in the office of the county clerk, as required by this Section, in time for presentation to the regular September meeting of the county board, the clerk shall present in lieu thereof a certificate equal in amount to that presented for the preceding year.

In every such county the certificate shall be filed in the office of the county clerk and by that official presented to the county board at the regular September meeting for the consideration of the board. The amount so certified if approved by the county board, or the part thereof as the county board does approve, shall be extended by the county clerk as road taxes against the taxable property of the district.

(c) The highway commissioner in each road district in each county having adopted township organization shall in accordance with the Illinois Municipal Budget Law at least 30 days prior to the public meeting required by this paragraph, each year prepare or cause to be prepared a tentative budget and appropriation ordinance and file the same with the clerk of the township or consolidated township road district, as the case may be, who shall make the tentative budget and appropriation ordinance conveniently available to the public inspection for at least 30 days prior to final action. One public hearing shall be held. This public hearing shall be held on or before the last day of the first quarter of the fiscal year before the township board of trustees or the highway board of trustees, as the case may be. Notice of the hearing shall be given by publication in a newspaper published in the road district at least 30 days prior to the time of the hearing. If there is no newspaper published in the road district, notice of the public hearing shall be given by posting notices in 5 of the most public places in the district. It shall be the duty of the clerk of the road district to arrange for the public hearing. The township board of trustees or highway board of trustees, as the case may be, at the public hearing shall adopt the tentative budget and appropriation ordinance, or any part as the board of trustees deem necessary.

On or before the last Tuesday in December the township board of trustees or highway board of trustees or road district commissioner, as the case may be, shall levy and certify to the county clerk the amount necessary to be raised by taxation for road purposes and the road district commissioner shall levy and certify to the county clerk the amount necessary to be raised by taxation for the salaries of elected road district officials in the road district, as determined by the highway commissioner.

The amount so certified shall be extended by the county clerk as road taxes against the taxable property of the district.

On or after October 10, 1991, a road district commissioner whose district is located in a county not under township organization may not levy separately a tax for salaries of elected road district officials unless the tax has been first approved by a majority of the electors voting on the question at a referendum conducted in accordance with the general election law. The question submitted to the electors at the referendum shall be in substantially the following form: "Shall the road district commissioner be authorized to levy an annual tax for the salaries of elected road district officials under Section 6-501 of the Illinois Highway Code?"

Except as is otherwise permitted by this Code and when the road district commissioner establishes the tax rate for the salaries of elected road district officials, the county clerk shall not extend taxes for road purposes against the taxable property in any road district at rates in excess of the following:

New matter indicated by italics - deletions by strikeout.
(1) in a road district comprised of a single township in a county having township organization, at a rate in excess of .125% of the value, as equalized or assessed by the Department of Revenue; unless before the last Tuesday in December annually the highway commissioner of the township road district shall have secured the consent in writing of a majority of the members of the township board of trustees to the extension of a greater rate, in which case the rate shall not exceed that approved by a majority of the members of the township board of trustees, but in no case shall it exceed .165% of the value, as equalized or assessed by the Department. Once approved by the township board of trustees, the rate shall remain in effect until changed by the township board of trustees;

(2) in a consolidated township road district, at a rate in excess of .175% of the value, as equalized or assessed by the Department of Revenue;

(3) in a road district in a county not having township organization, at a rate in excess of .165% of the value, as equalized or assessed by the Department of Revenue.

However, road districts that have higher tax rate limitations on a permanent basis for road purposes on July 1, 1967, than the limitations herein provided, may continue to levy the road taxes at the higher limitations, and the county clerk shall extend the taxes at not to exceed the higher limitations.

If the amount of taxes levied by the township board of trustees or the highway board of trustees or approved by the county board in any case is in excess of the amount that may be extended the county clerk shall reduce the amount so that the rate extended shall be no greater than authorized by law. However, the tax shall not be reduced or scaled in any manner whatever by reason of the levy and extension by the county clerk of any tax to pay the principal or interest, or both, of any bonds issued by a road district.

The taxes, when collected, shall be held by the treasurer of the district as the regular road fund of the district.

Notwithstanding any other provision of law, for a period of time ending 18 years after the effective date of this amendatory Act of 1994, a road district or consolidated road district may accumulate up to 50% of the taxes collected from a subdivision under this Section for improvements of nondedicated roads within the subdivision from which and for which the taxes were collected. These nondedicated roads will become a part of the township and district road system if the roads meet the criteria established by the counties in which the roads are located. The total accumulations under this provision may not exceed 10% of the total funds held by the district for road purposes. This provision applies only to townships within counties adjacent to a county with a population of 3,000,000 or more and only with respect to subdivisions whose plats were filed or recorded before July 23, 1959.

Any road district may accumulate funds for the purpose of acquiring, constructing, repairing and improving buildings and procuring land in relation to the building and for the purpose of procuring road maintenance apparatus and equipment, and for the construction of roads, and may annually levy taxes for the purposes in excess of its current requirements for other purposes, subject to the tax rate limitations provided in this Section, provided a proposition to accumulate funds for the purposes is first submitted to and approved by the electors of the district. The proposition shall be certified to the proper election officials by the district clerk upon the direction of the highway commissioner, and the election officials shall submit the proposition at a regular election. Notice and conduct of the referendum shall be in accordance with the general election law. The proposition shall be in substantially the following form:

Shall........ road district accumulate funds in the amount of $......... for........years YES for the purpose of acquiring, constructing, repairing and improving buildings and procuring land therefor, and for procuring road maintenance apparatus and equipment and for the construction of roads? NO

New matter indicated by italics - deletions by strikeout.
If a majority of the electors voting on the proposition vote in favor of it, the road district may use a portion of the funds levied, subject to the tax rate limitations provided in this Section, for the purposes for which accumulation was authorized. It shall not be a valid objection to any subsequent tax levy made under this Section, that there remains unexpended money arising from the levy of a prior year because of an accumulation permitted by this Section and provided for in the budget for that prior year.

Section 99. Effective date. This Act takes effect upon becoming law.

AN ACT in relation to unemployment insurance.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Unemployment Insurance Act is amended by changing Sections 500 and 703 as follows:

(820 ILCS 405/500) (from Ch. 48, par. 420)
Sec. 500. Eligibility for benefits. An unemployed individual shall be eligible to receive benefits with respect to any week only if the Director finds that:

A. He has registered for work at and thereafter has continued to report at an employment office in accordance with such regulations as the Director may prescribe, except that the Director may, by regulation, waive or alter either or both of the requirements of this subsection as to individuals attached to regular jobs, and as to such other types of cases or situations with respect to which he finds that compliance with such requirements would be oppressive or inconsistent with the purposes of this Act, provided that no such regulation shall conflict with Section 400 of this Act.

B. He has made a claim for benefits with respect to such week in accordance with such regulations as the Director may prescribe.

C. He is able to work, and is available for work; provided that during the period in question he was actively seeking work and he has certified such. Whenever requested to do so by the Director, the individual shall, in the manner the Director prescribes by regulation, inform the Department of the places at which he has sought work during the period in question. Nothing in this subsection shall limit the Director's approval of alternate methods of demonstrating an active search for work based on regular reporting to a trade union office.

1. If an otherwise eligible individual is unable to work or is unavailable for work on any normal workday of the week, he shall be eligible to receive benefits with respect to such week reduced by one-fifth of his weekly benefit amount for each day of such inability to work or unavailability for work. For the purposes of this paragraph, an individual who reports on a day subsequent to his designated report day shall be deemed unavailable for work on his report day if his failure to report on that day is without good cause, and on each intervening day, if any, on which his failure to report is without good cause. As used in the preceding sentence, "report day" means the day which has been designated for the individual to report to file his claim for benefits with respect to any week. This paragraph shall not be construed so as to effect any change in the status of part-time workers as defined in Section 407.

2. An individual shall be considered to be unavailable for work on days listed as whole holidays in "An Act to revise the law in relation to promissory notes, bonds, due bills and other instruments in writing," approved March 18, 1874, as amended; on days which are holidays in his religion or faith, and on days which are holidays according to the custom of his trade or occupation, if his failure to work on such day is a result of the holiday. In determining the claimant's eligibility for benefits and the amount to be paid him, with respect to the week in which such holiday occurs, he shall have attributed to him as additional

New matter indicated by italics - deletions by strikeout.
earnings for that week an amount equal to one-fifth of his weekly benefit amount for each normal work day on which he does not work because of a holiday of the type above enumerated.

3. An individual shall be deemed unavailable for work if, after his separation from his most recent employing unit, he has removed himself to and remains in a locality where opportunities for work are substantially less favorable than those in the locality he has left.

4. An individual shall be deemed unavailable for work with respect to any week which occurs in a period when his principal occupation is that of a student in attendance at, or on vacation from, a public or private school.

5. Notwithstanding any other provisions of this Act, an individual shall not be deemed unavailable for work or to have failed actively to seek work, nor shall he be ineligible for benefits by reason of the application of the provisions of Section 603, with respect to any week, because he is enrolled in and is in regular attendance at a training course approved for him by the Director:

(a) but only if, with respect to that week, the individual presents, upon request, to the claims adjudicator referred to in Section 702 a statement executed by a responsible person connected with the training course, certifying that the individual was in full-time attendance at such course during the week. The Director may approve such course for an individual only if he finds that (1) reasonable work opportunities for which the individual is fitted by training and experience do not exist in his locality; (2) the training course relates to an occupation or skill for which there are, or are expected to be in the immediate future, reasonable work opportunities in his locality; (3) the training course is offered by a competent and reliable agency, educational institution, or employing unit; (4) the individual has the required qualifications and aptitudes to complete the course successfully; and (5) the individual is not receiving and is not eligible (other than because he has claimed benefits under this Act) for subsistence payments or similar assistance under any public or private retraining program: Provided, that the Director shall not disapprove such course solely by reason of clause (5) if the subsistence payment or similar assistance is subject to reduction by an amount equal to any benefits payable to the individual under this Act in the absence of the clause. In the event that an individual's weekly unemployment compensation benefit is less than his certified training allowance, that person shall be eligible to receive his entire unemployment compensation benefits, plus such supplemental training allowances that would make an applicant's total weekly benefit identical to the original certified training allowance.

(b) The Director shall have the authority to grant approval pursuant to subparagraph (a) above prior to an individual's formal admission into a training course. Requests for approval shall not be made more than 30 days prior to the actual starting date of such course. Requests shall be made at the appropriate unemployment office. Notwithstanding any other provision to the contrary, the Director shall approve a course for an individual if the course is provided to the individual under Title III of the federal Job Training Partnership Act.

(c) The Director shall for purposes of paragraph C have the authority to issue a blanket approval of training programs implemented pursuant to the federal Workforce Investment Act of 1998 Comprehensive Employment and Training Act and the Job Training Partnership Act if both the training program and the criteria for an individual's participation in such training meet the requirements of this paragraph C.

(d) Notwithstanding the requirements of subparagraph (a), the Director shall have the authority to issue blanket approval of training programs implemented under the terms of a collective bargaining agreement.

6. Notwithstanding any other provisions of this Act, an individual shall not be deemed unavailable for work or to have failed actively to seek work, nor shall he be ineligible for benefits, by reason of the application of the provisions of Section 603 with respect to any week because he is in training approved under Section 236 (a)(1) of the federal Trade Act of 1974, nor shall an individual be ineligible for benefits under the provisions of Section 601 by reason of leaving work voluntarily to enter such training if the work left is not of a
substantially equal or higher skill level than the individual's past adversely affected employment as defined under the federal Trade Act of 1974 and the wages for such work are less than 80% of his average weekly wage as determined under the federal Trade Act of 1974.

D. If his benefit year begins prior to July 6, 1975 or subsequent to January 2, 1982, he has been unemployed for a waiting period of 1 week during such benefit year. If his benefit year begins on or after July 6, 1975, but prior to January 3, 1982, and his unemployment continues for more than three weeks during such benefit year, he shall be eligible for benefits with respect to each week of such unemployment, including the first week thereof. An individual shall be deemed to be unemployed within the meaning of this subsection while receiving public assistance as remuneration for services performed on work projects financed from funds made available to governmental agencies for such purpose. No week shall be counted as a week of unemployment for the purposes of this subsection:

1. Unless it occurs within the benefit year which includes the week with respect to which he claims payment of benefits, provided that, for benefit years beginning prior to January 3, 1982, this requirement shall not interrupt the payment of benefits for consecutive weeks of unemployment; and provided further that the week immediately preceding a benefit year, if part of one uninterrupted period of unemployment which continues into such benefit year, shall be deemed (for the purposes of this subsection only and with respect to benefit years beginning prior to January 3, 1982, only) to be within such benefit year, as well as within the preceding benefit year, if the unemployed individual would, except for the provisions of the first paragraph and paragraph 1 of this subsection and of Section 605, be eligible for and entitled to benefits for such week.

2. If benefits have been paid with respect thereto.

3. Unless the individual was eligible for benefits with respect thereto except for the requirements of this subsection and of Section 605.

E. With respect to any benefit year beginning prior to January 3, 1982, he has been paid during his base period wages for insured work not less than the amount specified in Section 500E of this Act as amended and in effect on October 5, 1980. With respect to any benefit year beginning on or after January 3, 1982, he has been paid during his base period wages for insured work equal to not less than $1,600, provided that he has been paid wages for insured work equal to at least $440 during that part of his base period which does not include the calendar quarter in which the wages paid to him were highest.

F. During that week he has participated in reemployment services to which he has been referred, including but not limited to job search assistance services, pursuant to a profiling system established by the Director by rule in conformity with Section 303(j)(1) of the federal Social Security Act, unless the Director determines that:

1. the individual has completed such services; or

2. there is justifiable cause for the claimant's failure to participate in such services.

This subsection F is added by this amendatory Act of 1995 to clarify authority already provided under subsections A and C in connection with the unemployment insurance claimant profiling system required under subsections (a)(10) and (j)(1) of Section 303 of the federal Social Security Act as a condition of federal funding for the administration of the Unemployment Insurance Act.

(820 ILCS 405/703) (from Ch. 48, par. 453)

Sec. 703. Reconsideration of findings or determinations.

The claims adjudicator may reconsider his finding at any time within thirteen weeks after the close of the benefit year. He may reconsider his determination at any time within one year after the last day of the week for which the determination was made, except that if the issue is whether or not, by reason of a back pay award made by any governmental agency or pursuant to arbitration proceedings, or by reason of a payment of wages wrongfully withheld by an employing unit, an individual has received wages for a week with respect to which he or she has received benefits or if the issue is whether or not the claimant misstated his earnings for the week, such reconsidered determination may be made at any time within two years after the last day of the week. No finding

or determination shall be reconsidered at any time after appeal therefrom has been taken pursuant to
the provisions of Section 800, except where a case has been remanded to the claims adjudicator by
a Referee, the Director or the Board of Review, and except, further, that if an issue as to whether or
not the claimant misstated his earnings is newly discovered, the determination may be reconsidered
after and notwithstanding the fact that the decision upon the appeal has become final. Notice of such
reconsidered determination or reconsidered finding shall be promptly given to the parties entitled to
notice of the original determination or finding, as the case may be, in the same manner as is prescribed
therefor, and such reconsidered determination or reconsidered finding shall be subject to appeal in the
same manner and shall be given the same effect as is provided for an original determination or finding.

(a) The General Assembly finds that:
(1) During the last decade, considerable expertise in pollution prevention, sophisticated
emissions monitoring and tracking techniques, compliance auditing methods, stakeholder
involvement, and innovative approaches to control pollution have been developed.
(2) Substantial opportunities exist to reduce the amount of or prevent adverse impacts
from emissions or discharges of pollutants or wastes through the use of innovative and cost
effective measures not currently recognized by or allowed under existing environmental laws,
rules, and regulations.
(3) There are persons regulated under this Act who have demonstrated excellence and
leadership in environmental compliance or stewardship or pollution prevention and, through
the implementation of innovative measures, who can achieve further reductions in emissions
or discharges of pollutants or wastes or continued environmental stewardship.
(4) Current environmental laws and regulations have, in some instances, resulted in
burdensome transactional requirements that are unnecessarily costly and complex for
regulated entities and have proven to be frustrating to the public that is concerned about
environmental protection.
(5) The goals of environmental protection will be best served by promoting and
evaluating the efforts of those persons who are ready to achieve measurable and verifiable
pollution reductions in excess of the otherwise applicable statutory and regulatory
requirements or who can demonstrate real environmental risk reduction, promote pollution
prevention, foster superior environmental compliance by other persons regulated under this
Act, and who can improve stakeholder involvement in environmental decision making.
(6) The United States Environmental Protection Agency is operating a pilot program
entitled "Regulatory Reinvention (XL) Pilot Project," 60 Federal Register 27282 (May 23,
1995) (Federal XL Program), to allow members of the regulated community the flexibility
to develop alternative strategies that will replace specific regulatory requirements on the
condition that they produce greater environmental benefits, reduce administrative burdens,
and enhance public participation. There should be a process that allows a proposal accepted
under the Federal XL Program to be implemented at the State level if the proposal achieves
one or more of the purposes of this Section and is acceptable to the Agency.
(7) A process for implementing and evaluating innovative environmental measures on a
pilot project basis should be developed and implemented in this State.

New matter indicated by italics - deletions by strikeout.
(b) It is the purpose of this Section to create a voluntary pilot program by which the Agency may enter into Environmental Management System Agreements with persons regulated under this Act to implement innovative environmental measures not otherwise recognized or allowed under existing laws and regulations of this State if those measures:

(1) achieve emissions reductions or reductions in discharges or wastes beyond the otherwise applicable statutory and regulatory requirements through pollution prevention or other suitable means; or

(2) achieve real environmental risk reduction or foster environmental compliance by other persons regulated under this Act in a manner that is clearly superior to the existing regulatory system.

These Agreements may include proposals accepted under the Federal XL Program, provided the proposals achieve one or more purposes of subsection (b)(1) or (2) of this Section and are acceptable to the Agency.

(c) This program is a voluntary pilot program. Participation is at the discretion of the Agency, and any decision by the Agency to reject an initial proposal under this Section is not appealable. The Agency's authority to execute initial Agreements under this Section shall terminate on December 31, 2001. An initial Agreement may be renewed for appropriate time 5-year periods after December 31, 2001 if the Agency finds the Agreement continues to meet applicable requirements and the purposes of this Section.

(d) The Agency shall develop and make publicly available a program guidance document regarding participation in the pilot program. A draft document shall be distributed for review and comment by interested parties and a final document shall be completed by December 1, 1996. At a minimum, this document shall include the following:

(1) The approximate number of projects that the Agency envisions being part of the pilot program.

(2) The types of projects and facilities that the Agency believes would be most useful to be a part of the pilot program.

(3) A description of potentially useful environmental management systems, such as ISO 14000.

(4) A description of suitable Environmental Performance Plans, including appropriate provisions or opportunities for promoting pollution prevention and sustainable development.

(5) A description of practices and procedures to ensure that performance is measurable and verifiable.

(6) A characterization of less-preferred practices that can generate adverse consequences such as multi-media pollutant transfers.

(7) A description of suitable practices for productive stakeholder involvement in project development and implementation that may include, but need not be limited to, consensus-based decision making and appropriate technical assistance.

(e) The Agency has the authority to develop and distribute written guidance, fact sheets, or other documents that explain, summarize, or describe programs operated under this Act or regulations. The written guidance, fact sheets, or other documents shall not be considered rules and shall not be subject to the Illinois Administrative Procedure Act.

(a) On or before December 31, 2001, The Agency may enter into an initial Environmental Management System Agreement with any person regulated under this Act to implement innovative environmental measures that relate to or involve provisions of this Act, even if one or more of the terms of such an Agreement would be inconsistent with an otherwise applicable statute or regulation of this State. Participation in this program is limited to those persons who have submitted an Environmental Management System Agreement that is acceptable to the Agency and who are not currently subject to enforcement action under this Act.

(b) The Agency may adopt rules to implement this Section if less than 6 Agreements are executed, but shall adopt rules to implement this Section if 6 or more Agreements are executed. Without limiting the generality of this authority, those regulations may, among other things:
(1) Specify the criteria an applicant must meet to participate in this program.
(2) Specify the minimum contents of a proposed Environmental Management System Agreement, including, without limitation, the following:

   (E) requiring identification of how a participant will demonstrate ongoing compliance with the terms of its Environmental Management System Agreement, which may include an evaluation of a participant's performance under the Environmental Management System Agreement by a third party acceptable to the Agency. Compliance with the Agreement shall be determined not less than annually.
(3) Specify the procedures for review by the Agency of Environmental Management System Agreements.
(4) Specify the procedures for public participation in, including notice of and comment on, Environmental Management System Agreements and stakeholder involvement in design and implementation of specific projects that are undertaken.
(5) Specify the procedures for voluntary termination of an Environmental Management System Agreement.
(6) Specify the type of performance guarantee to be provided by an applicant for participation in this program. The nature of the performance guarantee shall be directly related to the complexity of and environmental risk associated with the proposed Environmental Management System Agreement.
(c) The Agency shall propose by December 31, 1996, and the Board shall promulgate, criteria and procedures for involuntary termination of Environmental Management System Agreements. The Board shall complete such rulemaking no later than 180 days after receipt of the Agency's proposal.
(d) On or before December 31, 2001, the Agency may enter into initial Environmental Management System Agreements prior to adopting rules under this Section, if the proposals for the Agreements have been accepted under the Federal XL Program, in accordance with the following:
   (1) An applicant shall submit, in writing, a proposed Environmental Management System Agreement to the Director of the Agency.
   (2) The Agency shall have 120 days to review a proposed Environmental Management System Agreement.
   (3) The Agency's failure to notify an applicant in writing that it has accepted a proposal shall be deemed a rejection.
   (4) A rejection of a proposed Environmental Management System Agreement by the Agency shall not be appealable.
   (5) The Agency shall provide notice to the public, including an opportunity for public comment and hearing in accordance with the procedures set forth in 35 Ill. Adm. Code Part 164, on each proposal accepted by the Agency under this subsection (d). The Agency shall provide such notice, including an opportunity for public comment and hearing, prior to executing an Environmental Management System Agreement.
   (6) Prior to promulgation of rules under Section 52.3-2(c), each Agreement shall specify the terms and conditions under which the Agency may terminate the Agreement.
   (7) Each Agreement shall provide for appropriate stakeholder involvement in a manner that is conducive to productive participation, equitable decision making and open exchange of information in developing and implementing the Agreement.

Sec. 30. Surety bond.

(a) An applicant for a license shall post and a licensee must maintain with the Director a bond or bonds issued by corporations qualified to do business as surety companies in this State.

(b) The applicant or licensee shall post a bond in the amount of the greater of $100,000 or an amount equal to the daily average of outstanding payment instruments for the preceding 12 months or operational history, whichever is shorter, up to a maximum amount of $2,000,000. When the amount of the required bond exceeds $1,000,000, the applicant or licensee may, in the alternative, post a bond in the amount of $1,000,000 plus a dollar for dollar increase in the net worth of the applicant or licensee over and above the amount required in Section 20, up to a total amount of $2,000,000.

(c) The bond must be in a form satisfactory to the Director and shall run to the State of Illinois for the benefit of any claimant against the applicant or licensee with respect to the receipt, handling, transmission, and payment of money by the licensee or authorized seller in connection with the licensed operations. A claimant damaged by a breach of the conditions of a bond shall have a right to action upon the bond for damages suffered thereby and may bring suit directly on the bond, or the Director may bring suit on behalf of the claimant.

The compensation, if any, of the custodian must be paid by the pledging applicant or licensee.

(e) (Blank). The bonds and securities so pledged may, with the approval of the Director, be exchanged for other bonds or securities. No bond or security may be sold or transferred by the
Director except on order of the circuit court or as otherwise provided. As long as the applicant or licensee pledging the bonds or securities remains solvent and in good standing under this Act, it shall be permitted to receive from the Director the interest and dividends on the deposit.

(f) After receiving a license, the licensee must maintain the required bond or deposit of securities until 5 years after it ceases to do business in this State unless all outstanding payment instruments are eliminated or the provisions under the Uniform Disposition of Unclaimed Property Act have become operative and are adhered to by the licensee. Notwithstanding this provision, however, the amount required to be maintained may be reduced to the extent that the amount of the licensee's payment instruments outstanding in this State are reduced.

(g) If the Director at any time reasonably determines that the required bond or deposit of securities is insecure, deficient in amount, or exhausted in whole or in part, he may in writing require the filing of a new or supplemental bond or other security in order to secure compliance with this Act and may demand compliance with the requirement within 30 days following service on the licensee.

Sec. 92. Receivership.

(a) If the Director determines that a licensee is insolvent or is violating this Act, he or she may appoint a receiver. Under the direction of the Director, the receiver shall, for the purpose of receivership, take possession of and title to the books, records, and assets of the licensee. The Director may require the receiver to provide security in an amount the Director deems proper. Upon appointment of the receiver, the Director shall have published, once each week for 4 consecutive weeks in a newspaper having a general circulation in the community, a notice informing all persons who have claims against the licensee to present them to the receiver. Within 10 days after the receiver takes possession, the licensee may apply to the Circuit Court of Sangamon County to enjoin further proceedings. The receiver may operate the business until the Director determines that possession should be restored to the licensee or that the business should be liquidated.

(b) If the Director determines that a business in receivership should be liquidated, he or she shall direct the Attorney General to file a complaint in the Circuit Court of the county in which the business is located, in the name of the People of the State of Illinois, for the orderly liquidation and dissolution of the business and for an injunction restraining the licensee and its officers and directors from continuing the operation of the business. Within 30 days after the day the Director determines that the business should be liquidated, the receiver shall file with the Director and with the clerk of the court that has charge of the liquidation a correct list of all creditors, as shown by the licensee's books and records, who have not presented their claims. The list shall state the amount of the claim after allowing all just credits, deductions, and set-offs as shown by the licensee's books. These claims shall be deemed proven unless some interested party files an objection within the time fixed by the Director or court that has charge of the liquidation.

(c) The General Assembly finds and declares that debt management services provide important and vital services to Illinois citizens. It is therefore declared to be the policy of this State that customers who receive these services must be protected from interruptions of services. To carry out this policy and to insure that customers of a licensee are protected if it is determined that a business in receivership should be liquidated, the Director shall make a distribution of moneys collected by the receiver in the following order of priority:

(1) Allowed claims for the actual necessary expenses of the receivership of the business being liquidated, including:

(A) reasonable receiver's fees and receiver's attorney's fees approved by the Director;

(B) all expenses of any preliminary or other examinations into the condition of the receivership;

New matter indicated by italics - deletions by strikeout.
(C) all expenses incurred by the Director that are incident to possession and control of any property or records of the licensee's business; and

(D) reasonable expenses incurred by the Director as the result of business agreements or contractual arrangements necessary to ensure that the services of the licensee are delivered to the community without interruption. These business agreements or contractual arrangements may include, but are not limited to, agreements made by the Director, or by the receiver with the approval of the Director, with banks, bonding companies, and other types of financial institutions.

(2) Allowed unsecured claims for wages or salaries, excluding vacation, severance, and sick leave pay earned by employees within 90 days before the appointment of a receiver.

(3) Allowed unsecured claims of any tax, and interest and penalty on the tax.

(4) Allowed unsecured claims, other than a kind specified in items (1), (2), and (3) of this subsection, filed with the Director within the time the Director fixes for filing claims.

(5) Allowed unsecured claims, other than a kind specified in items (1), (2), and (3) of this subsection, filed with the Director after the time fixed for filing claims by the Director.

(6) Allowed creditor claims asserted by an owner, member, or stockholder of the business in liquidation.

(7) After one year from the final dissolution of the licensee's business, all assets not used to satisfy allowed claims shall be distributed pro rata to the owner, owners, members, or stockholders of the business.

The Director shall pay all claims of equal priority according to the schedule established in this subsection and shall not pay claims of lower priority until all higher priority claims are satisfied. If insufficient assets are available to meet all claims of equal priority, those assets shall be distributed pro rata among those claims. All unclaimed assets of a licensee and the licensee's business shall be deposited with the Director to be paid out when proper claims are presented to the Director.

(d) Upon the order of the circuit court of the county in which the business being liquidated is located, the receiver may sell or compound any bad or doubtful debt, and on like order may sell the personal property of the business on such terms as the court approves. The receiver shall succeed to whatever rights or remedies the unsecured creditors of the business may have against the owner or owners, operators, stockholders, directors, members, managers, or officers, arising out of their claims against the licensee's business, but nothing contained in this Section shall prevent those creditors from filing their claims in the liquidation proceeding. The receiver may enforce those rights or remedies in any court of competent jurisdiction.

(e) At the close of a receivership, the receiver shall turn over to the Director all books of account and ledgers of the business for preservation. The Director shall hold all records of receiverships received at any time for a period of 2 years after the close of the receivership. The records may be destroyed at the termination of the 2-year period. All expenses of the receivership including, but not limited to, reasonable receiver's and attorney's fees approved by the Director, all expenses of any preliminary or other examinations into the condition of the licensee's business or the receivership, and all expenses incident to the possession and control of any property or records of the business incurred by the Director shall be paid out of the assets of the licensee's business. These expenses shall be paid before all other claims.

(f) Upon the filing of a complaint by the Attorney General for the orderly liquidation and dissolution of a licensee's business, as provided in this Act, all pending suits and actions upon unsecured claims against the business shall abate. Nothing contained in this Act, however, prevents these claimants from filing their claims in the liquidation proceeding. If a suit or an action is instituted or maintained by the receiver on any bond or policy of insurance issued pursuant to the requirements of this Act, the bonding or insurance company sued shall not have the right to interplead or maintain any counterclaim based upon subrogation, upon any express or implied agreement of, or right to, indemnity or exoneration, or upon any other express or implied agreement with, or right against, the licensee's business. Nothing contained in this Act prevents the bonding or insurance company from filing this type of claim in the liquidation proceeding.

(g) A licensee may not terminate its affairs and close up its business unless it has first deposited with the Director an amount of money equal to all of its debts, liabilities, and lawful demands against it including the costs and expenses of a proceeding under this Section, surrendered
to the Director its license, and filed with the Director a statement of termination signed by the licensee containing a pronouncement of intent to close up its business and liquidate its liabilities and containing a sworn list itemizing in full all of its debts, liabilities, and lawful demands against it. Corporate licensees must attach to, and make a part of the statement of termination, a copy of a resolution providing for the termination and closing up of the licensee's affairs, certified by the secretary of the licensee and duly adopted at a shareholders' meeting by the holders of at least two-thirds of the outstanding shares entitled to vote at the meeting. Upon the filing with the Director of a statement of termination, the Director shall cause notice of that action to be published once each week for 3 consecutive weeks in a public newspaper of general circulation published in the city or village where the business is located, and if no newspaper is published in that place, then in a public newspaper of general circulation nearest to that city or village. The publication shall give notice that the debts, liabilities, and lawful demands against the business will be redeemed by the Director upon demand in writing made by the owner thereof, at any time within 3 years after the date of first publication. After the expiration of the 3-year period, the Director shall return to the person or persons designated in the statement of termination to receive repayment, and in the proportion specified in that statement, any balance of money remaining in his or her possession after first deducting all unpaid costs and expenses incurred in connection with a proceeding under this Section. The Director shall receive for his or her services, exclusive of costs and expenses, 2% of any amount up to $5,000 and 1% of any amount in excess of $5,000 deposited with him or her under this Section by any business. Nothing contained in this Section shall affect or impair the liability of any bonding or insurance company on any bond or insurance policy issued under this Act relating to the business.

PUBLIC ACT 92-0401
(Senate Bill No. 0915)

AN ACT concerning park districts.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Park District Code is amended by changing Section 10-7 as follows:
(70 ILCS 1205/10-7) (from Ch. 105, par. 10-7)
Sec. 10-7. Sale, lease, or exchange of realty.
(a) Any park district owning and holding any real estate is authorized (1) to sell or lease that property to the State of Illinois, with the State’s consent, or another unit of Illinois State or local government for public use, (2) to give the property to the State of Illinois if the property is contiguous to a State park, or (3) to lease that property upon the terms and at the price that the board determines for a period not to exceed 99 years to any corporation organized under the laws of this State, and provided that the grantee or lessee must covenant to hold and maintain the property for public park or recreational purposes unless the park district obtains other real property of substantially the same size or larger and of substantially the same or greater suitability for park purposes without additional cost to the park district. In the case of property given or sold under this subsection after the effective date of this amendatory Act of the 92nd General Assembly for which this covenant is required, the conveyance must provide that ownership of the property automatically reverts to the grantor if the grantee knowingly violates the required covenant by allowing all or any part of the property to be used for purposes other than park or recreational purposes. Real estate given, sold, or leased to the State of Illinois under this subsection (1) must be 50 acres or more in size, (2) may not be located within the territorial limits of a municipality, and (3) may not be the site of a known environmental liability or hazard.

(b) Any park district owning or holding any real estate is authorized to convey such property to a nongovernmental entity in exchange for other real property of substantially equal or greater value as determined by 2 appraisals of the property and of substantially the same or greater suitability for
park purposes without additional cost to such district.

Prior to such exchange with a nongovernmental entity the park board shall hold a public meeting in order to consider the proposed conveyance. Notice of such meeting shall be published not less than three times (the first and last publication being not less than 10 days apart) in a newspaper of general circulation within the park district. If there is no such newspaper, then such notice shall be posted in not less than 3 public places in said park district and such notice shall not become effective until 10 days after said publication or posting.

(c) Notwithstanding any other provision of this Act, this subsection (c) shall apply only to park districts that serve territory within a municipality having more than 40,000 inhabitants and within a county having more than 260,000 inhabitants and bordering the Mississippi River. Any park district owning or holding real estate is authorized to sell that property to any not-for-profit corporation organized under the laws of this State upon the condition that the corporation uses the property for public park or recreational programs for youth. The park district shall have the right of re-entry for breach of condition subsequent. If the corporation stops using the property for these purposes, the property shall revert back to ownership of the park district. Any temporary suspension of use caused by the construction of improvements on the property for public park or recreational programs for youth is not a breach of condition subsequent.

Prior to the sale of the property to a not-for-profit corporation, the park board shall hold a public meeting to consider the proposed sale. Notice of the meeting shall be published not less than 3 times (the first and last publication being not less than 10 days apart) in a newspaper of general circulation within the park district. If there is no such newspaper, then the notice shall be posted in not less than 3 public places in the park district. The notice shall be published or posted at least 10 days before the meeting. A resolution to approve the sale of the property to a not-for-profit corporation requires adoption by a majority of the park board.

(d) Real estate, not subject to such covenant or which has not been conveyed and replaced as provided in this Section, may be conveyed in the manner provided by Sections 10-7a to 10-7d hereof, inclusive.

(e) In addition to any other power provided in this Section, any park district owning or holding real estate that the board deems is not required for park or recreational purposes may lease such real estate to any individual or entity and may collect rents therefrom. Such lease shall not exceed 2 and one-half times the term of years provided for in Section 8-15 governing installment purchase contracts.

(f) Notwithstanding any other provision of law, if (i) the real estate that a park district with a population of 3,000 or less transfers by lease, license, development agreement, or other means to any private entity is greater than 70% of the district's total property and (ii) the current use of the real estate will be substantially altered by that private entity, the real estate may be conveyed only in the manner provided for in Sections 10-7a, 10-7b, and 10-7c.

Section 99. Effective date. This Act takes effect upon becoming law.
AN ACT concerning taxation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Municipal Code is amended by changing Sections 11-74.4-3 and 11-74.4-7 as follows:

(65 ILCS 5/11-74.4-3) (from Ch. 24, par. 11-74.4-3)

Sec. 11-74.4-3. Definitions. The following terms, wherever used or referred to in this Division 74.4 shall have the following respective meanings, unless in any case a different meaning clearly appears from the context.

(a) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "blighted area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "blighted area" means any improved or vacant area within the boundaries of a redevelopment project area located within the territorial limits of the municipality where:

(1) If improved, industrial, commercial, and residential buildings or improvements are detrimental to the public safety, health, or welfare because of a combination of 5 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the improved part of the redevelopment project area:

(A) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(B) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(C) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(D) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(E) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(F) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(G) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(H) Inadequate utilities. Underground and overhead utilities such as storm sewers and
storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(I) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: (i) the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and (ii) the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(J) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(K) Environmental clean-up. The proposed redevelopment project area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(L) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(M) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(2) If vacant, the sound growth of the redevelopment project area is impaired by a combination of 2 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) Obsolete platting of vacant land that results in parcels of limited or narrow size or configurations of parcels of irregular size or shape that would be difficult to develop on a planned basis and in a manner compatible with contemporary standards and requirements, or platting that failed to create rights-of-ways for streets or alleys or that created inadequate right-of-way widths for streets, alleys, or other public rights-of-way or that omitted easements for public utilities.

(B) Diversity of ownership of parcels of vacant land sufficient in number to retard or impede the ability to assemble the land for development.

New matter indicated by italics - deletions by strikeout.
(C) Tax and special assessment delinquencies exist or the property has been the subject of tax sales under the Property Tax Code within the last 5 years.

(D) Deterioration of structures or site improvements in neighboring areas adjacent to the vacant land.

(E) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(F) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(3) If vacant, the sound growth of the redevelopment project area is impaired by one of the following factors that (i) is present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) is reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) The area consists of one or more unused quarries, mines, or strip mine ponds.

(B) The area consists of unused railyards, rail tracks, or railroad rights-of-way.

(C) The area, prior to its designation, is subject to chronic flooding that adversely impacts on real property in the area as certified by a registered professional engineer or appropriate regulatory agency.

(D) The area consists of an unused or illegal disposal site containing earth, stone, building debris, or similar materials that were removed from construction, demolition, excavation, or dredge sites.

(E) Prior to November 1, 1999, the area is not less than 50 nor more than 100 acres and 75% of which is vacant (notwithstanding that the area has been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area), and the area meets at least one of the factors itemized in paragraph (1) of this subsection, the area has been designated as a town or village center by ordinance or comprehensive plan adopted prior to January 1, 1982, and the area has not been developed for that designated purpose.

(F) The area qualified as a blighted improved area immediately prior to becoming vacant, unless there has been substantial private investment in the immediately surrounding area.

(b) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "conservation area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "conservation area" means any improved area within the boundaries of a redevelopment project area located within the territorial limits of the municipality in which 50% or more of the structures in the area have an age of 35 years or more. Such an area is not yet a blighted area but because of a combination of 3 or more of the following factors is detrimental to the public safety, health, morals or welfare and such an area may become a blighted area:

(1) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(2) Obsolescence. The condition or process of falling into disuse. Structures have become
ill-suited for the original use.

(3) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(4) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(5) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(6) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(7) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence or inadequacy of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(8) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(9) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and the presence of multiple buildings on a single parcel. (10) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(11) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(12) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or
underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(13) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years for which information is available.

(c) "Industrial park" means an area in a blighted or conservation area suitable for use by any manufacturing, industrial, research or transportation enterprise, of facilities to include but not be limited to factories, mills, processing plants, assembly plants, packing plants, fabricating plants, industrial distribution centers, warehouses, repair overhaul or service facilities, freight terminals, research facilities, test facilities or railroad facilities.

(d) "Industrial park conservation area" means an area within the boundaries of a redevelopment project area located within the territorial limits of a municipality that is a labor surplus municipality or within 1 1/2 miles of the territorial limits of a municipality that is a labor surplus municipality if the area is annexed to the municipality; which area is zoned as industrial no later than at the time the municipality by ordinance designates the redevelopment project area, and which area includes both vacant land suitable for use as an industrial park and a blighted area or conservation area contiguous to such vacant land.

(e) "Labor surplus municipality" means a municipality in which, at any time during the 6 months before the municipality by ordinance designates an industrial park conservation area, the unemployment rate was over 6% and was also 100% or more of the national average unemployment rate for that same time as published in the United States Department of Labor Bureau of Labor Statistics publication entitled "The Employment Situation" or its successor publication. For the purpose of this subsection, if unemployment rate statistics for the municipality are not available, the unemployment rate in the municipality shall be deemed to be the same as the unemployment rate in the principal county in which the municipality is located.

(f) "Municipality" shall mean a city, village or incorporated town.

(g) "Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located in a State Sales Tax Boundary during the calendar year 1985.

(g-1) "Revised Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located within the State Sales Tax Boundary revised pursuant to Section 11-74.4-8a(9) of this Act.

(h) "Municipal Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid to a municipality from the Local Government Tax Fund arising from sales by retailers and servicemen within the redevelopment project area or State Sales Tax Boundary, as the case may be, for as long as the redevelopment project area or State Sales Tax Boundary, as the case may be, exist and above the aggregate amount of taxes as certified by the Illinois Department of Revenue and paid under the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act by retailers and servicemen, on transactions at places of business located in the redevelopment project area or State Sales Tax Boundary, as the case may be, during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall determine the Initial Sales Tax Amounts for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amounts". For purposes of
determining the Municipal Sales Tax Increment, the Department of Revenue shall for each period subtract from the amount paid to the municipality from the Local Government Tax Fund arising from sales by retailers and servicemen on transactions located in the redevelopment project area or the State Sales Tax Boundary, as the case may be, the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act. For the State Fiscal Year 1989, this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, to June 30, 1989, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending June 30 to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts, as the case may be.

(i) "Net State Sales Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; and (c) 40% of all amounts in excess of $500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary. If, however, a municipality established a tax increment financing district in a county with a population in excess of 3,000,000 before January 1, 1986, and the municipality entered into a contract or issued bonds after January 1, 1986, but before December 31, 1986, to finance redevelopment project costs within a State Sales Tax Boundary, then the Net State Sales Tax Increment means, for the fiscal years beginning July 1, 1990, and July 1, 1991, 100% of the State Sales Tax Increment annually generated within a State Sales Tax Boundary; and notwithstanding any other provision of this Act, for those fiscal years the Department of Revenue shall distribute to those municipalities 100% of their Net State Sales Tax Increment before any distribution to any other municipality and regardless of whether or not those other municipalities will receive 100% of their Net State Sales Tax Increment. For Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a State Sales Tax Boundary, the Net State Sales Tax Increment shall be calculated as follows: By multiplying the Net State Sales Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter.

Municipalities that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991, or that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988, shall continue to receive their proportional share of the Illinois Tax Increment Fund distribution until the date on which the redevelopment project is completed or terminated, or the date on which the bonds are retired or the contracts are completed, whichever date occurs first. Refunding of any bonds issued prior to July 29, 1991, shall not alter the Net State Sales Tax Increment.

(j) "State Utility Tax Increment Amount" means an amount equal to the aggregate increase in State electric and gas tax charges imposed on owners and tenants, other than residential customers, of properties located within the redevelopment project area under Section 9-222 of the Public Utilities Act, over and above the aggregate of such charges as certified by the Department of Revenue and paid by owners and tenants, other than residential customers, of properties within the redevelopment.
project area during the base year, which shall be the calendar year immediately prior to the year of the adoption of the ordinance authorizing tax increment allocation financing.

(k) "Net State Utility Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Utility Tax Increment annually generated by a redevelopment project area; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of the State Utility Tax Increment annually generated by a redevelopment project area; and (c) 40% of all amounts in excess of $500,000 of State Utility Tax Increment annually generated by a redevelopment project area. For the State Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a redevelopment project area, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for the State Fiscal Year 2008 and thereafter.

Municipalities that issue bonds in connection with the redevelopment project during the period from June 1, 1988 until 3 years after the effective date of this Amendatory Act of 1988 shall receive the Net State Utility Tax Increment, subject to appropriation, for 15 State Fiscal Years after the issuance of such bonds. For the 16th through the 20th State Fiscal Years after issuance of the bonds, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in year 16; 80% in year 17; 70% in year 18; 60% in year 19; and 50% in year 20. Refunding of any bonds issued prior to June 1, 1988, shall not alter the revised Net State Utility Tax Increment payments set forth above.

(l) "Obligations" mean bonds, loans, debentures, notes, special certificates or other evidence of indebtedness issued by the municipality to carry out a redevelopment project or to refund outstanding obligations.

(m) "Payment in lieu of taxes" means those estimated tax revenues from real property in a redevelopment project area derived from real property that has been acquired by a municipality which according to the redevelopment project or plan is to be used for a private use which taxing districts would have received had a municipality not acquired the real property and adopted tax increment allocation financing and which would result from levies made after the time of the adoption of tax increment allocation financing to the time the current equalized value of real property in the redevelopment project area exceeds the total initial equalized value of real property in said area.

(n) "Redevelopment plan" means the comprehensive program of the municipality for development or redevelopment intended by the payment of redevelopment project costs to reduce or eliminate those conditions the existence of which qualified the redevelopment project area as a "blighted area" or "conservation area" or combination thereof or "industrial park conservation area," and thereby to enhance the tax bases of the taxing districts which extend into the redevelopment project area. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting. Each redevelopment plan shall set forth in writing the program to be undertaken to accomplish the objectives and shall include but not be limited to:

(A) an itemized list of estimated redevelopment project costs;
(B) evidence indicating that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise;
(C) an assessment of any financial impact of the redevelopment project area on or any increased demand for services from any taxing district affected by the plan and any program to address such financial impact or increased demand;
(D) the sources of funds to pay costs;
(E) the nature and term of the obligations to be issued;
(F) the most recent equalized assessed valuation of the redevelopment project area;

New matter indicated by italics - deletions by strikeout.
(G) an estimate as to the equalized assessed valuation after redevelopment and the general land uses to apply in the redevelopment project area;

(H) a commitment to fair employment practices and an affirmative action plan;

(I) if it concerns an industrial park conservation area, the plan shall also include a general description of any proposed developer, user and tenant of any property, a description of the type, structure and general character of the facilities to be developed, a description of the type, class and number of new employees to be employed in the operation of the facilities to be developed; and

(J) if property is to be annexed to the municipality, the plan shall include the terms of the annexation agreement.

The provisions of items (B) and (C) of this subsection (n) shall not apply to a municipality that before March 14, 1994 (the effective date of Public Act 88-537) had fixed, either by its corporate authorities or by a commission designated under subsection (k) of Section 11-74.4-4, a time and place for a public hearing as required by subsection (a) of Section 11-74.4-5. No redevelopment plan shall be adopted unless a municipality complies with all of the following requirements:

(1) The municipality finds that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of the redevelopment plan.

(2) The municipality finds that the redevelopment plan and project conform to the comprehensive plan for the development of the municipality as a whole, or, for municipalities with a population of 100,000 or more, regardless of when the redevelopment plan and project was adopted, the redevelopment plan and project either: (i) conforms to the strategic economic development or redevelopment plan issued by the designated planning authority of the municipality, or (ii) includes land uses that have been approved by the planning commission of the municipality.

(3) The redevelopment plan establishes the estimated dates of completion of the redevelopment project and retirement of obligations issued to finance redevelopment project costs. Those dates shall not be later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the twenty-third calendar year after the year in which the ordinance approving the redevelopment project area is adopted if the ordinance was adopted on or after January 1, 1981; and not later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-fifth calendar year after the year in which the ordinance approving the redevelopment project area is adopted:

(A) if the ordinance was adopted before January 15, 1981, or

(B) if the ordinance was adopted in December 1983, April 1984, July 1985, or December 1989, or

(C) if the ordinance was adopted in December 1987 and the redevelopment project is located within one mile of Midway Airport, or

(D) if the ordinance was adopted before January 1, 1987 by a municipality in Mason County, or

(E) if the municipality is subject to the Local Government Financial Planning and Supervision Act or the Financially Distressed City Law, or

(F) if the ordinance was adopted in December 1984 by the Village of Rosemont, or

(G) if the ordinance was adopted on December 31, 1986 by a municipality located in Clinton County for which at least $250,000 of tax increment bonds were authorized on June 17, 1997, or if the ordinance was adopted on December 31, 1986 by a municipality with a population in 1990 of less than 3,600 that is located in a county with a population in 1990 of less than 34,000 and for which at least $250,000 of tax increment bonds were authorized on June 17, 1997, or

(H) if the ordinance was adopted on October 5, 1982 by the City of Kankakee, or if the ordinance was adopted on December 29, 1986 by East St. Louis, or

(I) if the ordinance was adopted on November 12, 1991 by the Village of Sauget, or
(J) if the ordinance was adopted on February 11, 1985 by the City of Rock Island, or
(K) if the ordinance was adopted before December 18, 1986 by the City of Moline,
or
(L) if the ordinance was adopted on January 23, 1991 by the City of East St. Louis.

However, for redevelopment project areas for which bonds were issued before July 29, 1991, or for which contracts were entered into before June 1, 1988, in connection with a redevelopment project in the area within the State Sales Tax Boundary, the estimated dates of completion of the redevelopment project and retirement of obligations to finance redevelopment project costs may be extended by municipal ordinance to December 31, 2013. The extension allowed by this amendatory Act of 1993 shall not apply to real property tax increment allocation financing under Section 11-74.4-8.

A municipality may by municipal ordinance amend an existing redevelopment plan to conform to this paragraph (3) as amended by Public Act 91-478, which municipal ordinance may be adopted without further hearing or notice and without complying with the procedures provided in this Act pertaining to an amendment to or the initial approval of a redevelopment plan and project and designation of a redevelopment project area.

Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were adopted on or after December 16, 1986 and for which at least $8 million worth of municipal bonds were authorized on or after December 19, 1989 but before January 1, 1990; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were established on or after December 1, 1981 but before January 1, 1982 and for which at least $1,500,000 worth of tax increment revenue bonds were authorized on or after September 30, 1990 but before July 1, 1991; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

(3.5) The municipality finds, in the case of an industrial park conservation area, also that the municipality is a labor surplus municipality and that the implementation of the redevelopment plan will reduce unemployment, create new jobs and by the provision of new facilities enhance the tax base of the taxing districts that extend into the redevelopment project area.

(4) If any incremental revenues are being utilized under Section 8(a)(1) or 8(a)(2) of this Act in redevelopment project areas approved by ordinance after January 1, 1986, the municipality finds: (a) that the redevelopment project area would not reasonably be developed without the use of such incremental revenues, and (b) that such incremental revenues will be exclusively utilized for the development of the redevelopment project area.

(5) On and after November 1, 1999, if the redevelopment plan will not result in displacement of residents from inhabited units, and the municipality certifies in the plan that displacement will not result from the plan, a housing impact study need not be performed. If, however, the redevelopment plan would result in the displacement of residents from 10 or more inhabited residential units, or if the redevelopment project area contains 75 or more inhabited residential units and no certification is made, then the municipality shall prepare, as part of the separate feasibility report required by subsection (a) of Section 11-74.4-5, a housing impact study.

Part I of the housing impact study shall include (i) data as to whether the residential units are single family or multi-family units, (ii) the number and type of rooms within the units, if that information is available, (iii) whether the units are inhabited or uninhabited, as determined not less than 45 days before the date that the ordinance or resolution required by
subsection (a) of Section 11-74.4-5 is passed, and (iv) data as to the racial and ethnic composition of the residents in the inhabited residential units. The data requirement as to the racial and ethnic composition of the residents in the inhabited residential units shall be deemed to be fully satisfied by data from the most recent federal census.

Part II of the housing impact study shall identify the inhabited residential units in the proposed redevelopment project area that are to be or may be removed. If inhabited residential units are to be removed, then the housing impact study shall identify (i) the number and location of those units that will or may be removed, (ii) the municipality's plans for relocation assistance for those residents in the proposed redevelopment project area whose residences are to be removed, (iii) the availability of replacement housing for those residents whose residences are to be removed, and shall identify the type, location, and cost of the housing, and (iv) the type and extent of relocation assistance to be provided.

(6) On and after November 1, 1999, the housing impact study required by paragraph (5) shall be incorporated in the redevelopment plan for the redevelopment project area.

(7) On and after November 1, 1999, no redevelopment plan shall be adopted, nor an existing plan amended, nor shall residential housing that is occupied by households of low-income and very low-income persons in currently existing redevelopment project areas be removed after November 1, 1999 unless the redevelopment plan provides, with respect to inhabited housing units that are to be removed for households of low-income and very low-income persons, affordable housing and relocation assistance not less than that which would be provided under the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and the regulations under that Act, including the eligibility criteria. Affordable housing may be either existing or newly constructed housing. For purposes of this paragraph (7), "low-income households", "very low-income households", and "affordable housing" have the meanings set forth in the Illinois Affordable Housing Act. The municipality shall make a good faith effort to ensure that this affordable housing is located in or near the redevelopment project area within the municipality.

(8) On and after November 1, 1999, if, after the adoption of the redevelopment plan for the redevelopment project area, any municipality desires to amend its redevelopment plan to remove more inhabited residential units than specified in its original redevelopment plan, that increase in the number of units to be removed shall be deemed to be a change in the nature of the redevelopment plan as to require compliance with the procedures in this Act pertaining to the initial approval of a redevelopment plan.

(o) "Redevelopment project" means any public and private development project in furtherance of the objectives of a redevelopment plan. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting.

(p) "Redevelopment project area" means an area designated by the municipality, which is not less in the aggregate than 1 1/2 acres and in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as an industrial park conservation area or a blighted area or a conservation area, or a combination of both blighted areas and conservation areas.

(q) "Redevelopment project costs" mean and include the sum total of all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to a redevelopment plan and a redevelopment project. Such costs include, without limitation, the following:

(1) Costs of studies, surveys, development of plans, and specifications, implementation and administration of the redevelopment plan including but not limited to staff and professional service costs for architectural, engineering, legal, financial, planning or other services, provided however that no charges for professional services may be based on a percentage of the tax increment collected; except that on and after November 1, 1999 (the effective date of Public Act 91-478), no contracts for professional services, excluding architectural and engineering services, may be entered into if the terms of the contract extend.
beyond a period of 3 years. In addition, "redevelopment project costs" shall not include lobbying expenses. After consultation with the municipality, each tax increment consultant or advisor to a municipality that plans to designate or has designated a redevelopment project area shall inform the municipality in writing of any contracts that the consultant or advisor has entered into with entities or individuals that have received, or are receiving, payments financed by tax increment revenues produced by the redevelopment project area with respect to which the consultant or advisor has performed, or will be performing, service for the municipality. This requirement shall be satisfied by the consultant or advisor before the commencement of services for the municipality and thereafter whenever any other contracts with those individuals or entities are executed by the consultant or advisor:

(1.5) After July 1, 1999, annual administrative costs shall not include general overhead or administrative costs of the municipality that would still have been incurred by the municipality if the municipality had not designated a redevelopment project area or approved a redevelopment plan;

(1.6) The cost of marketing sites within the redevelopment project area to prospective businesses, developers, and investors;

(2) Property assembly costs, including but not limited to acquisition of land and other property, real or personal, or rights or interests therein, demolition of buildings, site preparation, site improvements that serve as an engineered barrier addressing ground level or below ground environmental contamination, including, but not limited to parking lots and other concrete or asphalt barriers, and the clearing and grading of land;

(3) Costs of rehabilitation, reconstruction or repair or remodeling of existing public or private buildings, fixtures, and leasehold improvements; and the cost of replacing an existing public building if pursuant to the implementation of a redevelopment project the existing public building is to be demolished to use the site for private investment or devoted to a different use requiring private investment;

(4) Costs of the construction of public works or improvements, except that on and after November 1, 1999, redevelopment project costs shall not include the cost of constructing a new municipal public building principally used to provide offices, storage space, or conference facilities or vehicle storage, maintenance, or repair for administrative, public safety, or public works personnel and that is not intended to replace an existing public building as provided under paragraph (3) of subsection (q) of Section 11-74.4-3 unless either (i) the construction of the new municipal building implements a redevelopment project that was included in a redevelopment plan that was adopted by the municipality prior to November 1, 1999 or (ii) the municipality makes a reasonable determination in the redevelopment plan, supported by information that provides the basis for that determination, that the new municipal building is required to meet an increase in the need for public safety purposes anticipated to result from the implementation of the redevelopment plan;

(5) Costs of job training and retraining projects, including the cost of "welfare to work" programs implemented by businesses located within the redevelopment project area;

(6) Financing costs, including but not limited to all necessary and incidental expenses related to the issuance of obligations and which may include payment of interest on any obligations issued hereunder including interest accruing during the estimated period of construction of any redevelopment project for which such obligations are issued and for not exceeding 36 months thereafter and including reasonable reserves related thereto;

(7) To the extent the municipality by written agreement accepts and approves the same, all or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred within a taxing district in furtherance of the objectives of the redevelopment plan and project.

(7.5) For redevelopment project areas designated (or redevelopment project areas amended to add or increase the number of tax-increment-financing assisted housing units) on or after November 1, 1999, an elementary, secondary, or unit school district's increased costs attributable to assisted housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure
improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act, and which costs shall be paid by the municipality from the Special Tax Allocation Fund when the tax increment revenue is received as a result of the assisted housing units and shall be calculated annually as follows:

(A) for foundation districts, excluding any school district in a municipality with a population in excess of 1,000,000, by multiplying the district's increase in attendance resulting from the net increase in new students enrolled in that school district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by the most recently available per capita tuition cost as defined in Section 10-20.12a of the School Code less any increase in general State aid as defined in Section 18-8.05 of the School Code attributable to these added new students subject to the following annual limitations:

(i) for unit school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 25% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act;
(ii) for elementary school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 17% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and
(iii) for secondary school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 8% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act.

(B) For alternate method districts, flat grant districts, and foundation districts with a district average 1995-96 Per Capita Tuition Charge equal to or more than $5,900, excluding any school district with a population in excess of 1,000,000, by multiplying the district's increase in attendance resulting from the net increase in new students enrolled in that school district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by the most recently available per capita tuition cost as defined in Section 10-20.12a of the School Code less any increase in general state aid as defined in Section 18-8.05 of the School Code attributable to these added new students subject to the following annual limitations:

(i) for unit school districts, no more than 40% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act;
(ii) for elementary school districts, no more than 27% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and
(iii) for secondary school districts, no more than 13% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act.

(C) For any school district in a municipality with a population in excess of 1,000,000, the following restrictions shall apply to the reimbursement of increased costs under this paragraph (7.5):

(i) no increased costs shall be reimbursed unless the school district certifies that each of the schools affected by the assisted housing project is at or over its student capacity;
(ii) the amount reimbursable shall be reduced by the value of any land
donated to the school district by the municipality or developer, and by the value of
any physical improvements made to the schools by the municipality or developer;
and

(iii) the amount reimbursed may not affect amounts otherwise obligated by
the terms of any bonds, notes, or other funding instruments, or the terms of any
redevelopment agreement.

Any school district seeking payment under this paragraph (7.5) shall, after July 1 and
before September 30 of each year, provide the municipality with reasonable evidence to
support its claim for reimbursement before the municipality shall be required to approve
or make the payment to the school district. If the school district fails to provide the
information during this period in any year, it shall forfeit any claim to reimbursement for
that year. School districts may adopt a resolution waiving the right to all or a portion of
the reimbursement otherwise required by this paragraph (7.5). By acceptance of this
reimbursement the school district waives the right to directly or indirectly set aside,
modify, or contest in any manner the establishment of the redevelopment project area or
projects;

(8) Relocation costs to the extent that a municipality determines that relocation costs shall
be paid or is required to make payment of relocation costs by federal or State law or in order
to satisfy subparagraph (7) of subsection (n);

(9) Payment in lieu of taxes;

(10) Costs of job training, retraining, advanced vocational education or career education,
including but not limited to courses in occupational, semi-technical or technical fields leading
directly to employment, incurred by one or more taxing districts, provided that such costs (i)
are related to the establishment and maintenance of additional job training, advanced
vocational education or career education programs for persons employed or to be employed
by employers located in a redevelopment project area; and (ii) when incurred by a taxing
district or taxing districts other than the municipality, are set forth in a written agreement by
or among the municipality and the taxing district or taxing districts, which agreement
describes the program to be undertaken, including but not limited to the number of employees
to be trained, a description of the training and services to be provided, the number and type
of positions available or to be available, itemized costs of the program and sources of funds
to pay for the same, and the term of the agreement. Such costs include, specifically, the
payment by community college districts of costs pursuant to Sections 3-37, 3-38, 3-40 and
3-40.1 of the Public Community College Act and by school districts of costs pursuant to
Sections 10-22.20a and 10-23.3a of The School Code;

(11) Interest cost incurred by a redeveloper related to the construction, renovation or
rehabilitation of a redevelopment project provided that:

(A) such costs are to be paid directly from the special tax allocation fund established
pursuant to this Act;

(B) such payments in any one year may not exceed 30% of the annual interest costs
incurred by the redeveloper with regard to the redevelopment project during that year;

(C) if there are not sufficient funds available in the special tax allocation fund to
make the payment pursuant to this paragraph (11) then the amounts so due shall accrue
and be payable when sufficient funds are available in the special tax allocation fund;

(D) the total of such interest payments paid pursuant to this Act may not exceed 30%
of the total (i) cost paid or incurred by the redeveloper for the redevelopment project plus
(ii) redevelopment project costs excluding any property assembly costs and any relocation
costs incurred by a municipality pursuant to this Act; and

(E) the cost limits set forth in subparagraphs (B) and (D) of paragraph (11) shall be
modified for the financing of rehabilitated or new housing units for low-income
households and very low-income households, as defined in Section 3 of the Illinois
Affordable Housing Act. The percentage of 75% shall be substituted for 30% in
subparagraphs (B) and (D) of paragraph (11).

(F) Instead of the eligible costs provided by subparagraphs (B) and (D) of paragraph
(11), as modified by this subparagraph, and notwithstanding any other provisions of this

Act to the contrary, the municipality may pay from tax increment revenues up to 50% of
the cost of construction of new housing units to be occupied by low-income households
and very low-income households as defined in Section 3 of the Illinois Affordable
Housing Act. The cost of construction of those units may be derived from the proceeds
of bonds issued by the municipality under this Act or other constitutional or statutory
authority or from other sources of municipal revenue that may be reimbursed from tax
increment revenues or the proceeds of bonds issued to finance the construction of that
housing.

The eligible costs provided under this subparagraph (F) of paragraph (11) shall be an
eligible cost for the construction, renovation, and rehabilitation of all low and very
low-income housing units, as defined in Section 3 of the Illinois Affordable Housing Act,
within the redevelopment project area. If the low and very low-income units are part of
a residential redevelopment project that includes units not affordable to low and very
low-income households, only the low and very low-income units shall be eligible for
benefits under subparagraph (F) of paragraph (11). The standards for maintaining the
occupancy by low-income households and very low-income households, as defined in
Section 3 of the Illinois Affordable Housing Act, of those units constructed with eligible
costs made available under the provisions of this subparagraph (F) of paragraph (11) shall
be established by guidelines adopted by the municipality. The responsibility for annually
documenting the initial occupancy of the units by low-income households and very
low-income households, as defined in Section 3 of the Illinois Affordable Housing Act,
shall be that of the then current owner of the property. For ownership units, the guidelines
will provide, at a minimum, for a reasonable recapture of funds, or other appropriate
methods designed to preserve the original affordability of the ownership units. For rental
units, the guidelines will provide, at a minimum, for the affordability of rent to low and
very low-income households. As units become available, they shall be rented to
income-eligible tenants. The municipality may modify these guidelines from time to time;
the guidelines, however, shall be in effect for as long as tax increment revenue is being
used to pay for costs associated with the units or for the retirement of bonds issued to
finance the units or for the life of the redevelopment project area, whichever is later.

(11.5) If the redevelopment project area is located within a municipality with a population
of more than 100,000, the cost of day care services for children of employees from
low-income families working for businesses located within the redevelopment project area
and all or a portion of the cost of operation of day care centers established by redevelopment
project area businesses to serve employees from low-income families working in businesses
located in the redevelopment project area. For the purposes of this paragraph, "low-income
families" means families whose annual income does not exceed 80% of the municipal, county,
or regional median income, adjusted for family size, as the annual income and municipal,
county, or regional median income are determined from time to time by the United States
Department of Housing and Urban Development.

(12) Unless explicitly stated herein the cost of construction of new privately-owned
buildings shall not be an eligible redevelopment project cost.

(13) After November 1, 1999 (the effective date of Public Act 91-478), none of the
redevelopment project costs enumerated in this subsection shall be eligible redevelopment
project costs if those costs would provide direct financial support to a retail entity initiating
operations in the redevelopment project area while terminating operations at another Illinois
location within 10 miles of the redevelopment project area but outside the boundaries of the
redevelopment project area municipality. For purposes of this paragraph, termination means
a closing of a retail operation that is directly related to the opening of the same operation or
like retail entity owned or operated by more than 50% of the original ownership in a
redevelopment project area, but it does not mean closing an operation for reasons beyond the
control of the retail entity, as documented by the retail entity, subject to a reasonable finding
by the municipality that the current location contained inadequate space, had become
economically obsolete, or was no longer a viable location for the retailer or serviceman.
If a special service area has been established pursuant to the Special Service Area Tax Act or

Special Service Area Tax Law, then any tax increment revenues derived from the tax imposed pursuant to the Special Service Area Tax Act or Special Service Area Tax Law may be used within the redevelopment project area for the purposes permitted by that Act or Law as well as the purposes permitted by this Act.

(r) "State Sales Tax Boundary" means the redevelopment project area or the amended redevelopment project area boundaries which are determined pursuant to subsection (9) of Section 11-74.4-8a of this Act. The Department of Revenue shall certify pursuant to subsection (9) of Section 11-74.4-8a the appropriate boundaries eligible for the determination of State Sales Tax Increment.

(s) "State Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid by retailers and servicemen, other than retailers and servicemen subject to the Public Utilities Act, on transactions at places of business located within a State Sales Tax Boundary pursuant to the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act, except such portion of such increase that is paid into the State and Local Sales Tax Reform Fund, the Local Government Distributive Fund, the Local Government Tax Fund and the County and Mass Transit District Fund, for as long as State participation exists, over and above the Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for such taxes as certified by the Department of Revenue and paid under those Acts by retailers and servicemen on transactions at places of business located within the State Sales Tax Boundary during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing, less 3.0% of such amounts generated under the Retailers' Occupation Tax Act, Use Tax Act and Service Use Tax Act and the Service Occupation Tax Act, which sum shall be appropriated to the Department of Revenue to cover its costs of administering and enforcing this Section. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall compute the Initial Sales Tax Amount for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amount". For purposes of determining the State Sales Tax Increment the Department of Revenue shall for each period subtract from the tax amounts received from retailers and servicemen on transactions located in the State Sales Tax Boundary, the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or Revised Initial Sales Tax Amounts for the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act and the Service Occupation Tax Act. For the State Fiscal Year 1989 this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, until June 30, 1989, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending on June 30, to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts. Municipalities intending to receive a distribution of State Sales Tax Increment must report a list of retailers to the Department of Revenue by October 31, 1988 and by July 31, of each year thereafter.

(t) "Taxing districts" means counties, townships, cities and incorporated towns and villages, school, road, park, sanitary, mosquito abatement, forest preserve, public health, fire protection, river conservancy, tuberculosis sanitarium and any other municipal corporations or districts with the power to levy taxes.

(u) "Taxing districts' capital costs" means those costs of taxing districts for capital improvements that are found by the municipal corporate authorities to be necessary and directly result from the redevelopment project.

(v) As used in subsection (a) of Section 11-74.4-3 of this Act, "vacant land" means any parcel

or combination of parcels of real property without industrial, commercial, and residential buildings which has not been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area, unless the parcel is included in an industrial park conservation area or the parcel has been subdivided; provided that if the parcel was part of a larger tract that has been divided into 3 or more smaller tracts that were accepted for recording during the period from 1950 to 1990, then the parcel shall be deemed to have been subdivided, and all proceedings and actions of the municipality taken in that connection with respect to any previously approved or designated redevelopment project area or amended redevelopment project area are hereby validated and hereby declared to be legally sufficient for all purposes of this Act. For purposes of this Section and only for land subject to the subdivision requirements of the Plat Act, land is subdivided when the original plat of the proposed Redevelopment Project Area or relevant portion thereof has been properly certified, acknowledged, approved, and recorded or filed in accordance with the Plat Act and a preliminary plat, if any, for any subsequent phases of the proposed Redevelopment Project Area or relevant portion thereof has been properly approved and filed in accordance with the applicable ordinance of the municipality.

(w) "Annual Total Increment" means the sum of each municipality's annual Net Sales Tax Increment and each municipality's annual Net Utility Tax Increment. The ratio of the Annual Total Increment of each municipality to the Annual Total Increment for all municipalities, as most recently calculated by the Department, shall determine the proportional shares of the Illinois Tax Increment Fund to be distributed to each municipality.

(65 ILCS 5/11-74.4-7) (from Ch. 24, par. 11-74.4-7)

Sec. 11-74.4-7. Obligations secured by the special tax allocation fund set forth in Section 11-74.4-8 for the redevelopment project area may be issued to provide for redevelopment project costs. Such obligations, when so issued, shall be retired in the manner provided in the ordinance authorizing the issuance of such obligations by the receipts of taxes levied as specified in Section 11-74.4-9 against the taxable property included in the area, by revenues as specified by Section 11-74.4-8a and other revenue designated by the municipality. A municipality may in the ordinance pledge all or any part of the funds in and to be deposited in the special tax allocation fund created pursuant to Section 11-74.4-8 to the payment of the redevelopment project costs and obligations. Any pledge of funds in the special tax allocation fund shall provide for distribution to the taxing districts and to the Illinois Department of Revenue of moneys not required, pledged, earmarked, or otherwise designated for payment and securing of the obligations and anticipated redevelopment project costs and such excess funds shall be calculated annually and deemed to be "surplus" funds. In the event a municipality only applies or pledges a portion of the funds in the special tax allocation fund for the payment or securing of anticipated redevelopment project costs or of obligations, any such funds remaining in the special tax allocation fund after complying with the requirements of the application or pledge, shall also be calculated annually and deemed "surplus" funds. All surplus funds in the special tax allocation fund shall be distributed annually within 180 days after the close of the municipality's fiscal year by being paid by the municipal treasurer to the County Collector, to the Department of Revenue and to the municipality in direct proportion to the tax incremental revenue received as a result of an increase in the equalized assessed value of property in the redevelopment project area, tax incremental revenue received from the State and tax incremental revenue received from the municipality, but not to exceed as to each such source the total incremental revenue received from that source. The County Collector shall thereafter make distribution to the respective taxing districts in the same manner and proportion as the most recent distribution by the county collector to the affected districts of real property taxes from real property in the redevelopment project area.

Without limiting the foregoing in this Section, the municipality may in addition to obligations secured by the special tax allocation fund pledge for a period not greater than the term of the obligations towards payment of such obligations any part or any combination of the following: (a) net revenues of all or part of any redevelopment project; (b) taxes levied and collected on any or all property in the municipality; (c) the full faith and credit of the municipality; (d) a mortgage on part or all of the redevelopment project; or (e) any other taxes or anticipated receipts that the municipality may lawfully pledge.

Such obligations may be issued in one or more series bearing interest at such rate or rates as the corporate authorities of the municipality shall determine by ordinance. Such obligations shall bear such date or dates, mature at such time or times not exceeding 20 years from their respective dates, be in such denomination, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, contain such covenants, terms and conditions, and be subject to redemption as such ordinance shall provide. Obligations issued pursuant to this Act may be sold at public or private sale at such price as shall be determined by the corporate authorities of the municipalities. No referendum approval of the electors shall be required as a condition to the issuance of obligations pursuant to this Division except as provided in this Section.

In the event the municipality authorizes issuance of obligations pursuant to the authority of this Division secured by the full faith and credit of the municipality, which obligations are other than obligations which may be issued under home rule powers provided by Article VII, Section 6 of the Illinois Constitution, or pledges taxes pursuant to (b) or (c) of the second paragraph of this section, the ordinance authorizing the issuance of such obligations or pledging such taxes shall be published within 10 days after such ordinance has been passed in one or more newspapers, with general circulation within such municipality. The publication of the ordinance shall be accompanied by a notice of (1) the specific number of voters required to sign a petition requesting the question of the issuance of such obligations or pledging taxes to be submitted to the electors; (2) the time in which such petition must be filed; and (3) the date of the prospective referendum. The municipal clerk shall provide a petition form to any individual requesting one.

If no petition is filed with the municipal clerk, as hereinafter provided in this Section, within 30 days after the publication of the ordinance, the ordinance shall be in effect. But, if within that 30 day period a petition is filed with the municipal clerk, signed by electors in the municipality numbering 10% or more of the number of registered voters in the municipality, asking that the question of issuing obligations using full faith and credit of the municipality as security for the cost of paying for redevelopment project costs, or of pledging taxes for the payment of such obligations, or both, be submitted to the electors of the municipality, the corporate authorities of the municipality shall call a special election in the manner provided by law to vote upon that question, or, if a general, State or municipal election is to be held within a period of not less than 30 or more than 90 days from the date such petition is filed, shall submit the question at the next general, State or municipal election. If it appears upon the canvass of the election by the corporate authorities that a majority of electors voting upon the question voted in favor thereof, the ordinance shall be in effect, but if a majority of the electors voting upon the question are not in favor thereof, the ordinance shall not take effect.

The ordinance authorizing the obligations may provide that the obligations shall contain a recital that they are issued pursuant to this Division, which recital shall be conclusive evidence of their validity and of the regularity of their issuance.

In the event the municipality authorizes issuance of obligations pursuant to this Section secured by the full faith and credit of the municipality, the ordinance authorizing the obligations may provide for the levy and collection of a direct annual tax upon all taxable property within the municipality sufficient to pay the principal thereof and interest thereon as it matures, which levy may be in addition to and exclusive of the maximum of all other taxes authorized to be levied by the municipality, which levy, however, shall be abated to the extent that monies from other sources are available for payment of the obligations and the municipality certifies the amount of said monies available to the county clerk.

A certified copy of such ordinance shall be filed with the county clerk of each county in which any portion of the municipality is situated, and shall constitute the authority for the extension and collection of the taxes to be deposited in the special tax allocation fund.

A municipality may also issue its obligations to refund in whole or in part, obligations theretofore issued by such municipality under the authority of this Act, whether at or prior to maturity, provided however, that the last maturity of the refunding obligations shall not be expressed to mature later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the twenty-third calendar year after the year in which the ordinance approving the redevelopment project area is adopted if the ordinance was adopted on or after January 15, 1981, and not later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection

(b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-fifth calendar year after the year in which the ordinance approving the redevelopment project area is adopted (A) if the ordinance was adopted before January 15, 1981, or (B) if the ordinance was adopted in December 1983, April 1984, July 1985, or December 1989, or (C) if the ordinance was adopted in December, 1987 and the redevelopment project is located within one mile of Midway Airport, or (D) if the ordinance was adopted before January 1, 1987 by a municipality in Mason County, or (E) if the municipality is subject to the Local Government Financial Planning and Supervision Act or the Financially Distressed City Law, or (F) if the ordinance was adopted in December 1984 by the Village of Rosmone, or (G) if the ordinance was adopted on December 31, 1986 by a municipality located in Clinton County for which at least $250,000 of tax increment bonds were authorized on June 17, 1997, or if the ordinance was adopted on December 31, 1986 by a municipality with a population in 1990 of less than 3,600 that is located in a county with a population in 1990 of less than 34,000 and for which at least $250,000 of tax increment bonds were authorized on June 17, 1997, or (H) if the ordinance was adopted on October 5, 1982 by the City of Kankakee, or (I) if the ordinance was adopted on December 29, 1986 by East St. Louis, or if the ordinance was adopted on November 12, 1991 by the Village of Sauget, or (J) if the ordinance was adopted on February 11, 1985 by the City of Rock Island, or (K) if the ordinance was adopted before December 18, 1986 by the City of Moline, or (L) if the ordinance was adopted on January 23, 1991 by the City of East St. Louis and, for redevelopment project areas for which bonds were issued before July 29, 1991, in connection with a redevelopment project in the area within the State Sales Tax Boundary and which were extended by municipal ordinance under subsection (n) of Section 11-74.4-3, the last maturity of the refunding obligations shall not be expressed to mature later than the date on which the redevelopment project area is terminated or December 31, 2013, whichever date occurs first.

In the event a municipality issues obligations under home rule powers or other legislative authority the proceeds of which are pledged to pay for redevelopment project costs, the municipality may, if it has followed the procedures in conformance with this division, retire said obligations from funds in the special tax allocation fund in amounts and in such manner as if such obligations had been issued pursuant to the provisions of this division.
