Sec. 5-8-4. Concurrent and Consecutive Terms of Imprisonment.

New matter indicated by italics - deletions by strikeout.

When a term of imprisonment is imposed on a defendant by an Illinois circuit court and the defendant is subsequently sentenced to a term of imprisonment by another state or by a district court of the United States, the Illinois circuit court which imposed the sentence may order that the Illinois sentence be made concurrent with the sentence imposed by the other state or district court of the United States. The defendant must apply to the circuit court within 30 days after the defendant's sentence imposed by the other state or district of the United States is finalized. The court shall not impose consecutive sentences for offenses which were committed as part of a single course of conduct during which there was no substantial change in the nature of the criminal objective, unless:

(i) one of the offenses for which defendant was convicted was first degree murder or a Class X or Class 1 felony and the defendant inflicted severe bodily injury, or

(b) The court shall not impose a consecutive sentence except as provided for in subsection (a) unless, having regard to the nature and circumstances of the offense and the history and character of the defendant, it is of the opinion that such a term is required to protect the public from further criminal conduct by the defendant, the basis for which the court shall set forth in the record; except that no such finding or opinion is required when multiple sentences of imprisonment are imposed on a defendant for offenses that were not committed as part of a single course of conduct during which there was no substantial change in the nature of the criminal objective, unless:

(c) (1) For sentences imposed under law in effect prior to February 1, 1978 the aggregate maximum of consecutive sentences shall not exceed the maximum term authorized under Section 5-8-1 for the 2 most serious felonies involved. The aggregate minimum period of consecutive sentences shall not exceed the highest minimum term authorized under Section 5-8-1 for the 2 most serious felonies involved. When sentenced only for misdemeanors, a defendant shall not be consecutively sentenced to more than the maximum for one Class A misdemeanor.

(2) For sentences imposed under the law in effect on or after February 1, 1978, the aggregate of consecutive sentences for offenses that were committed as part of a single course of conduct during which there was no substantial change in the nature of the criminal objective shall not exceed the sum of the maximum terms authorized under Section 5-8-2 for the 2 most serious felonies involved, but no such limitation shall apply for offenses that were not committed as part of a single course of conduct during which there was no substantial change in the nature of the criminal objective. aggregate of the imposed determinate sentences for felonies plus the aggregate of the imposed determinate sentences for misdemeanors subject to paragraph (c) of this Section;

(2) the parole or mandatory supervised release term shall be as provided in paragraph (e) of Section 5-8-1 of this Code for the most serious of the offenses involved;

(3) the minimum period of imprisonment shall be the aggregate of the minimum and determinate periods of imprisonment imposed by the court, subject to paragraph (c) of this Section; and

(4) the offender shall be awarded credit against the aggregate maximum term and the aggregate minimum term of imprisonment for all time served in an institution since the commission of the offense or offenses and as a consequence thereof at the rate specified in Section 3-6-3 of this Code.

(f) A sentence of an offender committed to the Department of Corrections at the time of the commission of the offense shall be served consecutive to the sentence under which he is held by the Department of Corrections. However, in case such offender shall be sentenced to punishment by death, the sentence shall be executed at such time as the court may fix without regard to the sentence under which such offender may be held by the Department.

(g) A sentence under Section 3-6-4 for escape or attempted escape shall be served consecutive to the terms under which the offender is held by the Department of Corrections.

(h) If a person charged with a felony commits a separate felony while on pre-trial release or in pretrial detention in a county jail facility or county detention facility, the sentences imposed upon conviction of these felonies shall be served consecutively regardless of the order in which the judgments of conviction are entered.

(i) If a person admitted to bail following conviction of a felony commits a separate felony while free on bond or if a person detained in a county jail facility or county detention facility following conviction of a felony commits a separate felony while in detention, any sentence following conviction of the separate felony shall be consecutive to that of the original sentence for which the defendant was on bond or detained.

All eggs designated for sale off the premises where the flock is located, such as at farmers' markets, and at retail or for institutional use must be candled and graded and held in a place or room in which the temperature may not exceed 45 degrees Fahrenheit after processing. Nest run eggs shall be held at 60 degrees Fahrenheit or less at all times. During transportation, the egg temperature may not exceed 45 degrees Fahrenheit.

Hatcheries buying eggs for hatching purposes from producers under contract may sell their surplus eggs to a licensed packer or handler provided that the hatchery shall keep records which indicate the number of cases sold, the date of sale and the name and address of the packer or handler making the purchase.

All eggs candled or candled and graded outside the State must meet Federal standards before they can be sold or offered for sale in the State. No eggs may be offered for sale for consumer use after the original 30-day candling date. All eggs candled or candled and graded must be recandled and regraded if not sold at retail within 30 days of the original candling date.

Each container of eggs offered for sale or sold at wholesale or retail must be labeled in accordance with the standards established by the Department showing grade, size, packer identification, and candling packing date, and may be labeled with an expiration date, or other similar language as specified by USDA standards, that is not later than 30 days from after the candling packing date for grade A eggs and not later than 15 days after the candling date for grade AA eggs. The date of candling and an expiration date not later than 30 days after the date of packing must appear in lettering on the container in which the eggs are offered for sale. All advertising of shell eggs for sale at retail for a stated price shall contain the grade and size of the eggs. The information contained in such advertising shall not be misleading or deceptive. In cases of food-borne disease outbreaks in which eggs are identified as the source of the disease, all eggs from the flocks from which those disease-causing eggs came shall be identified with a producer identification or flock code number to control the movement of those eggs.

Sec. 10. Inspection fee. The Director shall set, by regulation, a per case inspection fee which shall cover the administrative and inspection costs of the program required by the Act. In no case shall the rate exceed 6¢ per each 30 dozen eggs or fraction thereof.

The inspection fee as set shall be imposed upon eggs bearing a designated size and grade sold or offered for sale in Illinois. The first handler in Illinois who packed and sold the eggs must pay the prescribed inspection fee on those eggs. If eggs are shipped into Illinois, the handler who invoiced the eggs to Illinois must pay the fee. The fee shall be paid by the handler at the point of candling and grading. When the handler sells the eggs, the inspection fee shall be charged in addition to the sale price of the eggs and shall be remitted to the seller by the purchaser. Each sales invoice shall indicate the amount of inspection fee for the transaction. Eggs sold and shipped out of the State of Illinois by Illinois packers are exempt from the inspection fee.

The inspection fee shall be paid only once on the same quantity of eggs so long as those eggs maintain their identity by remaining in their original case, carton or package. All inspection fees shall be paid into the "Agricultural Master Fund" to the credit of a special account designated as the "Auxiliary Egg Inspection Fund". All amounts credited to the "Auxiliary Egg Inspection Fund" shall be used for the enforcement of the provisions of this Act. Sec. 15. Samples; packing methods. The Department shall prescribe methods in conformity with the United States Department of Agriculture specifications for selecting samples of lots, cases or containers of eggs or egg products which shall be reasonably calculated to produce fair representations of the entire lots or cases and containers sampled. Any sample taken shall be prima facie evidence in any court in this State of the true condition of the entire lot, case or container of eggs or egg products in the examination of which the sample was taken.

It shall be unlawful for any handler or retailer to pack eggs into consumer-size containers other than during the original candling and grading operations unless:

(a) The loose eggs to be so transferred are in master case stamped no more than 5 days previous indicating that the size and quality have been verified.

(b) The process of transferring is done in a licensed establishment.

(c) (Blank).

(d) The loose eggs to be transferred are reprocessed in the same manner as nest-run eggs and each egg is recandled for quality and regraded for size in an establishment recognized as a competent grading facility by the Director or his authorized representative.

(e) (Blank) The retail location shall be granted written permission to repack eggs and shall comply with the following requirements:

(1) A retailer shall only repackage clean and sound shell eggs which originated from properly labeled consumer-size containers that have been damaged or their contents damaged. The repackaged egg container shall also be labeled "Grade B Medium" and contain a statement indicating that "some of the eggs may be

(3) The labeling on the consumer-size container used for the repackaged eggs shall meet the type and lettering size requirements as required on the original consumer-size containers. The additional labeling information required on repacked egg containers shall be in bold face type with lettering no less than 1/8 inch in height.

(4) The Department shall grant written permission to repackage eggs at the retail level when an application is made by a retailer.

If procedures described in paragraph (a) or (b) of this Section are executed, the mandatory labeling as it appears on the master cases with respect to name, address, grade, size and candling date must be identical to the labeling on the consumer-size containers into which the eggs are transferred except that the name and address may be changed, provided that the words "packed for", "packed by" or words of similar import do not appear.

(605 ILCS 5/10-102.1 new)

Sec. 10-102.1. Transfer of McKinley Bridge.

(a) Findings. The General Assembly makes the following findings:

(1) The McKinley Bridge, which spans the Mississippi River between Venice, Illinois and St. Louis, Missouri, has historically played an important role in the regional highway transportation system by carrying as many as 15,000 vehicles per day over the Mississippi River, with the majority of that traffic during rush hour.

(2) The City of Venice, Illinois has owned and operated the McKinley Bridge as a toll bridge since 1958.

(3) The City of Venice has not been able to collect sufficient toll revenue from the McKinley Bridge to meet the cost of operating it.

(4) The McKinley Bridge has deteriorated to the point that the Illinois Department of Transportation closed it to vehicular traffic due to safety concerns on October 30, 2001.

(5) The City of Venice wants to transfer the McKinley Bridge to the State of Illinois and the State of Missouri.

(6) The City of Venice does not have the financial resources to defease outstanding toll revenue bonds and repair the McKinley Bridge to a structurally sound condition.

(b) Transfer of funds. The Department shall determine the sum of the amounts owing on all outstanding bonds relating to the McKinley Bridge and certify that sum to the Comptroller. The Comptroller shall transfer 50% of that sum or $2,100,000, whichever is less, from the Road Fund to the McKinley Bridge Fund, which is hereby created as a special fund in the State Treasury. All amounts not expended by the Department as provided in this Section shall be retransferred to the Road Fund.

(c) Payment by Department. Subject to appropriation, moneys in the McKinley Bridge Fund may be used by the Department for the purpose of paying or reimbursing up to 50% of the sum of the amounts necessary to defease all outstanding bonds relating to the McKinley Bridge.

(d) Transfer of bridge. Upon the payment of all outstanding bonds, the release of all liens, and the payment or release of all debts and other encumbrances relating to the McKinley Bridge, the City of Venice, or the current owner or owners, shall convey the McKinley Bridge and all associated improvements, including approaches and roadways, to the Department and the Missouri Department of Transportation, jointly. The Department may not acquire the McKinley Bridge until all of the outstanding bonds have been paid in full, all of the liens have been released, and all other debts and encumbrances relating to the McKinley Bridge have been paid in full or otherwise extinguished. Notwithstanding any provision in Section 10-102 or any other provision of this Code to the contrary, the Department may acquire the McKinley Bridge pursuant to this Section regardless of whether

it or its approaches are structurally sound and in a good state of repair.

(e) Intergovernmental agreements. The Department is authorized to enter into agreements with units of local government within this State, with the State of Missouri, and with units of local government in Missouri, and to enter into any other agreements necessary or appropriate to carry out the provisions of this Section.

Section 5. The Use Tax Act is amended by changing Section 3-55 as follows:
(35 ILCS 105/3-55) (from Ch. 120, par. 439.3-55)
Sec. 3-55. Multistate exemption. The tax imposed by this Act does not apply to the use of tangible personal property in this State under the following circumstances:
(a) The use, in this State, of tangible personal property acquired outside this State by a nonresident individual and brought into this State by the individual for his or her own use while temporarily within this State or while passing through this State.
(b) The use, in this State, of tangible personal property by an interstate carrier for hire as rolling stock moving in interstate commerce or by lessors under a lease of one year or longer executed or in effect at the time of purchase of tangible personal property by interstate carriers for-hire for use as rolling stock moving in interstate commerce as long as so used by the interstate carriers for-hire, and equipment operated by a telecommunications provider, licensed as a common carrier by the Federal Communications Commission, which is permanently installed in or affixed to aircraft moving in interstate commerce.
(c) The use, in this State, by owners, lessors, or shippers of tangible personal property that is utilized by interstate carriers for hire for use as rolling stock moving in interstate commerce as long as so used by the interstate carriers for hire, and equipment operated by a telecommunications provider, licensed as a common carrier by the Federal Communications Commission, which is permanently installed in or affixed to aircraft moving in interstate commerce.
(d) The use, in this State, of tangible personal property that is acquired outside this State and caused to be brought into this State by a person who has already paid a tax in another State in respect to the sale, purchase, or use of that property, to the extent of the amount of the tax properly due and paid in the other State.
(e) The temporary storage, in this State, of tangible personal property that is acquired outside this State and that, after being brought into this State and stored here temporarily, is...
used solely outside this State or is physically attached to or incorporated into other tangible personal property that is used solely outside this State, or is altered by converting, fabricating, manufacturing, printing, processing, or shaping, and, as altered, is used solely outside this State.

The issuance of the drive-away driveaway decal permit or having the out-of-state registration plates to be transferred shall be prima facie evidence that the motor vehicle will not be titled in this State.

(i) Beginning July 1, 1999, the use, in this State, of fuel acquired outside this State and brought into this State in the fuel supply tanks of locomotives engaged in freight hauling and passenger service for interstate commerce. This subsection is exempt from the provisions of Section 3-90.

The Director of Revenue shall, pursuant to rules adopted in accordance with the Illinois Administrative Procedure Act, issue a permit to any taxpayer in good standing with the Department who is eligible for the exemption under this subsection (j). (625 ILCS 5/3-403) (from Ch. 95 1/2, par. 3-403)
Sec. 3-403. Trip and Short-term permits.
(a) The Secretary of State may issue a short-term permit to operate a nonregistered first or second division vehicle within the State of Illinois for a period of not more than 75 days. (f) Any permit under this Section is subject to suspension or revocation under this Act, and in addition, any such permit is subject to suspension or revocation should the Secretary of State determine that the vehicle identified in any permit should be properly registered in Illinois. Sec. 3-603. Application for drive-away driveaway decal permits.

(a) A dealer who has sold a vehicle of a type otherwise required to be registered under this Act to a nonresident of this State who does not have currently valid registration in his home state, may provide for the operation of such vehicle without registration from the place of sale to the place of destination outside of the State of Illinois, by issuing a drive-away permit in the manner prescribed by the Secretary of State endorsing the date of sale on a driveaway decal permit containing the dealer's name, address and license number and by affixing the permit decal to such vehicle in the manner prescribed by the Secretary of State in Section 3-413. Any vehicle being operated pursuant to a drive-away driveaway decal permit may not be used for any other purpose and such permits shall be effective only for a period of 7 40 days from the date of sale.

defendant to have the building boarded up or otherwise enclosed. Where, upon diligent search, the identity or whereabouts of the owner or owners of the building, including the lien holders of record, is not ascertainable, notice mailed to the person or persons in whose name the real estate was last assessed is sufficient notice under this Section.

The hearing upon the application to the circuit court shall be expedited by the court and shall be given precedence over all other suits. Any person entitled to bring an action under subsection (b) shall have the right to intervene in an action brought under this Section.

The cost of the demolition, repair, enclosure, or removal incurred by the municipality, by an intervenor, or by a lien holder of record, including court costs, attorney's fees, and other costs related to the enforcement of this Section, is recoverable from the owner or owners of the real estate or the previous owner or both if the property was transferred during the 15 day notice period and is a lien on the real estate; the lien is superior to all prior existing liens and encumbrances, except taxes, if, within 180 days after the repair, demolition, enclosure, or removal, the municipality, the lien holder of record, or the intervenor who incurred the cost and expense shall file a notice of lien for the cost and expense incurred in the office of the recorder in the county in which the real estate is located or in the office of the registrar of titles of the county if the real estate affected is registered under the Registered Titles (Torrens) Act.

The notice must consist of a sworn statement setting out (1) a description of the real estate sufficient for its identification, (2) the amount of money representing the cost and expense incurred, and (3) the date or dates when the cost and expense was incurred by the municipality, the lien holder of record, or the intervenor. Upon payment of the cost and expense by the owner or persons interested in the property after the notice of lien has been filed, the lien shall be released by the municipality, the person in whose name the lien has been filed, or the assignee of the lien, and the release may be filed of record as in the case of filing notice of lien. Unless the lien is enforced under subsection (c), the lien may be enforced by foreclosure proceedings as in the case of mortgage foreclosures under Article XV of the Code of Civil Procedure or mechanics' lien foreclosures. An action to foreclose this lien may be commenced at any time after the date of filing of the notice of lien. The costs of foreclosure incurred by the municipality, including court costs, reasonable attorney's fees, advances to preserve the property, and other costs related to the enforcement of this subsection, plus statutory interest, are a lien on the real estate and are recoverable by the municipality from the owner or owners of the real estate.

All liens arising under this subsection (a) shall be assignable. The assignee of the lien shall have the same power to enforce the lien as the assigning party, except that the lien may not be enforced under subsection (c).

If the appropriate official of any municipality determines that any dangerous and unsafe building or uncompleted and abandoned building within its territory fulfills the requirements for an action by the municipality under the Abandoned Housing Rehabilitation Act, the municipality may petition under that Act in a proceeding brought under this subsection.

(b) Any owner or tenant of real property within 1200 feet in any direction of any

dangerous or unsafe building located within the territory of a municipality with a population of 500,000 or more may file with the appropriate municipal authority a request that the municipality apply to the circuit court of the county in which the building is located for an order permitting the demolition, removal of garbage, debris, and other noxious or unhealthy substances and materials from, or repair or enclosure of the building in the manner prescribed in subsection (a) of this Section. If the municipality fails to institute an action in circuit court within 90 days after the filing of the request, the owner or tenant of real property within 1200 feet in any direction of the building may institute an action in circuit court seeking an order compelling the owner or owners of record to demolish, remove garbage, debris, and other noxious or unhealthy substances and materials from, repair or enclose or to cause to be demolished, have garbage, debris, and other noxious or unhealthy substances and materials removed from, repaired, or enclosed the building in question. A private owner or tenant who institutes an action under the preceding sentence shall not be required to pay any fee to the clerk of the circuit court. The cost of repair, removal, demolition, or enclosure shall be borne by the owner or owners of record of the building. In the event the owner or owners of record fail to demolish, remove garbage, debris, and other noxious or unhealthy substances and materials from, repair, or enclose the building within 90 days of the date the court entered its order, the owner or tenant who instituted the action may request that the court join the municipality as a party to the action. The court may order the municipality to demolish, remove materials from, repair, or enclose the building, or cause that action to be taken upon the request of any owner or tenant who instituted the action or upon the municipality's request. The municipality may file, and the court may approve, a plan for rehabilitating the building in question. A court order authorizing the municipality to demolish, remove materials from, repair, or enclose a building, or cause that action to be taken, shall not preclude the court from adjudging the owner or owners of record of the building in contempt of court due to the failure to comply with the order to demolish, remove garbage, debris, and other noxious or unhealthy substances and materials from, repair, or enclose the building.

If a municipality or a person or persons other than the owner or owners of record pay the cost of demolition, removal of garbage, debris, and other noxious or unhealthy substances and materials, repair, or enclosure pursuant to a court order, the cost, including court costs, attorney's fees, and other costs related to the enforcement of this subsection, is recoverable from the owner or owners of the real estate and is a lien on the real estate; the lien is superior to all prior existing liens and encumbrances, except taxes, if, within 180 days after the repair, removal, demolition, or enclosure, the municipality or the person or persons who paid the costs of demolition, removal, repair, or enclosure shall file a notice of lien of the cost and expense incurred in the office of the recorder in the county in which the real estate is located or in the office of the registrar of the county if the real estate affected is registered under the Registered Titles (Torrens) Act. The notice shall be in a form as is provided in subsection (a). An owner or tenant who institutes an action in circuit court seeking an order to compel the owner or owners of record to demolish, remove materials from, repair, or enclose any dangerous or unsafe building, or to cause that action to be taken under this subsection may recover court costs and reasonable attorney's fees for instituting the action from the owner.

or owners of record of the building. Upon payment of the costs and expenses by the owner of or a person interested in the property after the notice of lien has been filed, the lien shall be released by the municipality or the person in whose name the lien has been filed or his or her assignee, and the release may be filed of record as in the case of filing a notice of lien. Unless the lien is enforced under subsection (c), the lien may be enforced by foreclosure proceedings as in the case of mortgage foreclosures under Article XV of the Code of Civil Procedure or mechanics' lien foreclosures. An action to foreclose this lien may be commenced at any time after the date of filing of the notice of lien. The costs of foreclosure incurred by the municipality, including court costs, reasonable attorneys' fees, advances to preserve the property, and other costs related to the enforcement of this subsection, plus statutory interest, are a lien on the real estate and are recoverable by the municipality from the owner or owners of the real estate.

All liens arising under the terms of this subsection (b) shall be assignable. The assignee of the lien shall have the same power to enforce the lien as the assigning party, except that the lien may not be enforced under subsection (c).

(c) In any case where a municipality has obtained a lien under subsection (a), (b), or (f), the municipality may enforce the lien under this subsection (c) in the same proceeding in which the lien is authorized.

A municipality desiring to enforce a lien under this subsection (c) shall petition the court to retain jurisdiction for foreclosure proceedings under this subsection. Notice of the petition shall be served, by certified or registered mail, on all persons who were served notice under subsection (a), (b), or (f). The court shall conduct a hearing on the petition not less than 15 days after the notice is served. If the court determines that the requirements of this subsection (c) have been satisfied, it shall grant the petition and retain jurisdiction over the matter until the foreclosure proceeding is completed. The costs of foreclosure incurred by the municipality, including court costs, reasonable attorneys' fees, advances to preserve the property, and other costs related to the enforcement of this subsection, plus statutory interest, are a lien on the real estate and are recoverable by the municipality from the owner or owners of the real estate. If the court denies the petition, the municipality may enforce the lien in a separate action as provided in subsection (a), (b), or (f).

All persons designated in Section 15-1501 of the Code of Civil Procedure as necessary parties in a mortgage foreclosure action shall be joined as parties before issuance of an order of foreclosure. Persons designated in Section 15-1501 of the Code of Civil Procedure as permissible parties may also be joined as parties in the action.

The provisions of Article XV of the Code of Civil Procedure applicable to mortgage foreclosures shall apply to the foreclosure of a lien under this subsection (c), except to the extent that those provisions are inconsistent with this subsection. For purposes of foreclosures of liens under this subsection, however, the redemption period described in subsection (b) of Section 15-1603 of the Code of Civil Procedure shall end 60 days after the date of entry of the order of foreclosure.

(d) In addition to any other remedy provided by law, the corporate authorities of any municipality may petition the circuit court to have property declared abandoned under this

subsection (d) if:

(1) the property has been tax delinquent for 2 or more years or bills for water service for the property have been outstanding for 2 or more years;
(2) the property is unoccupied by persons legally in possession; and
(3) the property contains a dangerous or unsafe building.

All persons having an interest of record in the property, including tax purchasers and beneficial owners of any Illinois land trust having title to the property, shall be named as defendants in the petition and shall be served with process. In addition, service shall be had under Section 2-206 of the Code of Civil Procedure as in other cases affecting property.

The municipality, however, may proceed under this subsection in a proceeding brought under subsection (a) or (b). Notice of the petition shall be served by certified or registered mail on all persons who were served notice under subsection (a) or (b).

If the municipality proves that the conditions described in this subsection exist and the owner of record of the property does not enter an appearance in the action, or, if title to the property is held by an Illinois land trust, if neither the owner of record nor the owner of the beneficial interest of the trust enters an appearance, the court shall declare the property abandoned.

If that determination is made, notice shall be sent by certified or registered mail to all persons having an interest of record in the property, including tax purchasers and beneficial owners of any Illinois land trust having title to the property, stating that title to the property will be transferred to the municipality unless, within 30 days of the notice, the owner of record enters an appearance in the action, or unless any other person having an interest in the property files with the court a request to demolish the dangerous or unsafe building or to put the building in safe condition.

If the owner of record enters an appearance in the action within the 30 day period, the court shall vacate its order declaring the property abandoned. In that case, the municipality may amend its complaint in order to initiate proceedings under subsection (a).

If a request to demolish or repair the building is filed within the 30 day period, the court shall grant permission to the requesting party to demolish the building within 30 days or to restore the building to safe condition within 60 days after the request is granted. An extension of that period for up to 60 additional days may be given for good cause. If more than one person with an interest in the property files a timely request, preference shall be given to the person with the lien or other interest of the highest priority.

If the requesting party proves to the court that the building has been demolished or put in a safe condition within the period of time granted by the court, the court shall issue a quitclaim judicial deed for the property to the requesting party, conveying only the interest of the owner of record, upon proof of payment to the municipality of all costs incurred by the municipality in connection with the action, including but not limited to court costs, attorney's fees, administrative costs, the costs, if any, associated with building enclosure or removal, and receiver's certificates. The interest in the property so conveyed shall be subject to all liens and encumbrances on the property. In addition, if the interest is conveyed to a person holding a certificate of purchase for the property under the Property Tax Code, the

conveyance shall be subject to the rights of redemption of all persons entitled to redeem under that Act, including the original owner of record.

If no person with an interest in the property files a timely request or if the requesting party fails to demolish the building or put the building in safe condition within the time specified by the court, the municipality may petition the court to issue a judicial deed for the property to the municipality. A conveyance by judicial deed shall operate to extinguish all existing ownership interests in, liens on, and other interest in the property, including tax liens, and shall extinguish the rights and interests of any and all holders of a bona fide certificate of purchase of the property for delinquent taxes. Any such bona fide certificate of purchase holder shall be entitled to a sale in error as prescribed under Section 21-310 of the Property Tax Code.

(e) Each municipality may use the provisions of this subsection to expedite the removal of certain buildings that are a continuing hazard to the community in which they are located.

If a residential or commercial building is 3 stories or less in height as defined by the municipality's building code, and the corporate official designated to be in charge of enforcing the municipality's building code determines that the building is open and vacant and an immediate and continuing hazard to the community in which the building is located, then the official shall be authorized to post a notice not less than 2 feet by 2 feet in size on the front of the building. The notice shall be dated as of the date of the posting and shall state that unless the building is demolished, repaired, or enclosed, and unless any garbage, debris, and other hazardous, noxious, or unhealthy substances or materials are removed so that an immediate and continuing hazard to the community no longer exists, then the building may be demolished, repaired, or enclosed, or any garbage, debris, and other hazardous, noxious, or unhealthy substances or materials may be removed, by the municipality.

Not later than 30 days following the posting of the notice, the municipality shall do all of the following:

1. Cause to be sent, by certified mail, return receipt requested, a Notice to Remediate to all owners of record of the property, the beneficial owners of any Illinois land trust having title to the property, and all lienholders of record in the property, stating the intent of the municipality to demolish, repair, or enclose the building or remove any garbage, debris, or other hazardous, noxious, or unhealthy substances or materials if that action is not taken by the owner or owners.

2. Cause to be published, in a newspaper published or circulated in the municipality where the building is located, a notice setting forth (i) the permanent tax index number and the address of the building, (ii) a statement that the property is open and vacant and constitutes an immediate and continuing hazard to the community, and (iii) a statement that the municipality intends to demolish, repair, or enclose the building or remove any garbage, debris, or other hazardous, noxious, or unhealthy substances or materials if the owner or owners or lienholders of record fail to do so. This notice shall be published for 3 consecutive days.

3. Cause to be recorded the Notice to Remediate mailed under paragraph (1)

in the office of the recorder in the county in which the real estate is located or in the office of the registrar of titles of the county if the real estate is registered under the Registered Title (Torrens) Act.

Any person or persons with a current legal or equitable interest in the property objecting to the proposed actions of the corporate authorities may file his or her objection in an appropriate form in a court of competent jurisdiction.

If the building is not demolished, repaired, or enclosed, or the garbage, debris, or other hazardous, noxious, or unhealthy substances or materials are not removed, within 30 days of mailing the notice to the owners of record, the beneficial owners of any Illinois land trust having title to the property, and all lienholders of record in the property, or within 30 days of the last day of publication of the notice, whichever is later, the corporate authorities shall have the power to demolish, repair, or enclose the building or to remove any garbage, debris, or other hazardous, noxious, or unhealthy substances or materials.

The municipality may proceed to demolish, repair, or enclose a building or remove any garbage, debris, or other hazardous, noxious, or unhealthy substances or materials under this subsection within a 120-day period following the date of the mailing of the notice if the appropriate official determines that the demolition, repair, enclosure, or removal of any garbage, debris, or other hazardous, noxious, or unhealthy substances or materials is necessary to remedy the immediate and continuing hazard. If, however, before the municipality proceeds with any of the actions authorized by this subsection, any person with a legal or equitable interest in the property has sought a hearing under this subsection before a court and has served a copy of the complaint on the chief executive officer of the municipality, then the municipality shall not proceed with the demolition, repair, enclosure, or removal of garbage, debris, or other substances until the court determines that that action is necessary to remedy the hazard and issues an order authorizing the municipality to do so. If the court dismisses the action for want of prosecution, the municipality must send the objector a copy of the dismissal order and a letter stating that the demolition, repair, enclosure, or removal of garbage, debris, or other substances will proceed unless, within 30 days after the copy of the order and the letter are mailed, the objector moves to vacate the dismissal and serves a copy of the motion on the chief executive officer of the municipality. Notwithstanding any other law to the contrary, if the objector does not file a motion and give the required notice, if the motion is denied by the court, or if the action is again dismissed for want of prosecution, then the dismissal is with prejudice and the demolition, repair, enclosure, or removal may proceed forthwith.

Following the demolition, repair, or enclosure of a building, or the removal of garbage, debris, or other hazardous, noxious, or unhealthy substances or materials under this subsection, the municipality may file a notice of lien against the real estate for the cost of the demolition, repair, enclosure, or removal within 180 days after the repair, demolition, enclosure, or removal occurred, for the cost and expense incurred, in the office of the recorder in the county in which the real estate is located or in the office of the registrar of titles of the county if the real estate affected is registered under the Registered Titles (Torrens) Act; this lien has priority over the interests of those parties named in the Notice to

Remeeded mail under paragraph (1), but not over the interests of third party purchasers or encumbrancers for value who obtained their interests in the property before obtaining actual or constructive notice of the lien. The notice of lien shall consist of a sworn statement setting forth (i) a description of the real estate, such as the address or other description of the property, sufficient for its identification; (ii) the expenses incurred by the municipality in undertaking the remedial actions authorized under this subsection; (iii) the date or dates the expenses were incurred by the municipality; (iv) a statement by the corporate official responsible for enforcing the building code that the building was open and vacant and constituted an immediate and continuing hazard to the community; (v) a statement by the corporate official that the required sign was posted on the building, that notice was sent by certified mail to the owners of record, and that notice was published in accordance with this subsection; and (vi) a statement as to when and where the notice was published. The lien authorized by this subsection may thereafter be released or enforced by the municipality as provided in subsection (a).

(f) The corporate authorities of each municipality may remove or cause the removal of, or otherwise environmentally remediate hazardous substances and petroleum products on, in, or under any abandoned and unsafe property within the territory of a municipality. In addition, where preliminary evidence indicates the presence or likely presence of a hazardous substance or a petroleum product or a release or a substantial threat of a release of a hazardous substance or a petroleum product on, in, or under the property, the corporate authorities of the municipality may inspect the property and test for the presence or release of hazardous substances and petroleum products. In any county having adopted by referendum or otherwise a county health department as provided by Division 5-25 of the Counties Code or its predecessor, the county board of that county may exercise the above-described powers with regard to property within the territory of any city, village, or incorporated town having less than 50,000 population.

For purposes of this subsection (f):

(1) "property" or "real estate" means all real property, whether or not improved by a structure;

(2) "abandoned" means;

(A) the property has been tax delinquent for 2 or more years;

(B) the property is unoccupied by persons legally in possession; and

(3) "unsafe" means property that presents an actual or imminent threat to public health and safety caused by the release of hazardous substances; and

(4) "hazardous substances" means the same as in Section 3.14 of the Environmental Protection Act.

The corporate authorities shall apply to the circuit court of the county in which the property is located (i) for an order allowing the municipality to enter the property and inspect and test substances on, in, or under the property; or (ii) for an order authorizing the corporate authorities to take action with respect to remediation of the property if conditions on the property, based on the inspection and testing authorized in paragraph (i), indicate the presence of hazardous substances or petroleum products. Remediation shall be deemed
complete for purposes of paragraph (ii) above when the property satisfies Tier I, II, or III remediation objectives for the property's most recent usage, as established by the Environmental Protection Act, and the rules and regulations promulgated thereunder. Where, upon diligent search, the identity or whereabouts of the owner or owners of the property, including the lien holders of record, is not ascertainable, notice mailed to the person or persons in whose name the real estate was last assessed is sufficient notice under this Section.

The court shall grant an order authorizing testing under paragraph (i) above upon a showing of preliminary evidence indicating the presence or likely presence of a hazardous substance or a petroleum product or a release of or a substantial threat of a release of a hazardous substance or a petroleum product on, in, or under abandoned property. The preliminary evidence may include, but is not limited to, evidence of prior use, visual site inspection, or records of prior environmental investigations. The testing authorized by paragraph (i) above shall include any type of investigation which is necessary for an environmental professional to determine the environmental condition of the property, including but not limited to performance of soil borings and groundwater monitoring. The court shall grant a remediation order under paragraph (ii) above where testing of the property indicates that it fails to meet the applicable remediation objectives. The hearing upon the application to the circuit court shall be expedited by the court and shall be given precedence over all other suits.

The cost of the inspection, testing, or remediation incurred by the municipality or by a lien holder of record, including court costs, attorney's fees, and other costs related to the enforcement of this Section, is a lien on the real estate; except that in any instances where a municipality incurs costs of inspection and testing but finds no hazardous substances or petroleum products on the property that present an actual or imminent threat to public health and safety, such costs are not recoverable from the owners nor are such costs a lien on the real estate. The lien is superior to all prior existing liens and encumbrances, except taxes and any lien obtained under subsection (a) or (e), if, within 180 days after the completion of the inspection, testing, or remediation, the municipality or the lien holder of record who incurred the cost and expense shall file a notice of lien for the cost and expense incurred in the office of the recorder in the county in which the real estate is located or in the office of the registrar of titles of the county if the real estate affected is registered under the Registered Titles (Torrens) Act.

The notice must consist of a sworn statement setting out (i) a description of the real estate sufficient for its identification, (ii) the amount of money representing the cost and expense incurred, and (iii) the date or dates when the cost and expense was incurred by the municipality or the lien holder of record. Upon payment of the lien amount by the owner of or persons interested in the property after the notice of lien has been filed, a release of lien shall be issued by the municipality, the person in whose name the lien has been filed, or the assignee of the lien, and the release may be filed of record as in the case of filing notice of lien.

The lien may be enforced under subsection (c) or by foreclosure proceedings as in the

New matter indicated by italics - deletions by strikeout.
case of mortgage foreclosures under Article XV of the Code of Civil Procedure or mechanics' lien foreclosures; provided that where the lien is enforced by foreclosure under subsection (c) or under either statute, the municipality may not proceed against the other assets of the owner or owners of the real estate for any costs that otherwise would be recoverable under this Section but that remain unsatisfied after foreclosure except where such additional recovery is authorized by separate environmental laws. An action to foreclose this lien may be commenced at any time after the date of filing of the notice of lien. The costs of foreclosure incurred by the municipality, including court costs, reasonable attorney's fees, advances to preserve the property, and other costs related to the enforcement of this subsection, plus statutory interest, are a lien on the real estate.

All liens arising under this subsection (f) shall be assignable. The assignee of the lien shall have the same power to enforce the lien as the assigning party, except that the lien may not be enforced under subsection (c).

(g) In any case where a municipality has obtained a lien under subsection (a), the municipality may also bring an action for a money judgment against the owner or owners of the real estate in the amount of the lien in the same manner as provided for bringing causes of action in Article II of the Code of Civil Procedure and, upon obtaining a judgment, file a judgment lien against all of the real estate of the owner or owners and enforce that lien as provided for in Article XII of the Code of Civil Procedure.

(House Bill No. 5255)

AN ACT regarding vehicles.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Illinois Vehicle Code is amended by changing Sections 13A-115 and 13B-25 as follows:

(625 ILCS 5/13A-115) (from Ch. 95 1/2, par. 13A-115)
Sec. 13A-115. Effectiveness. This Chapter is repealed on January 1, 2003 shall cease to be effective when the continuation of the program has been implemented under Chapter 13B.

(625 ILCS 5/13B-25)
Sec. 13B-25. Performance of inspections.
(a) The inspection of vehicles required under this Chapter shall be performed only:
(i) by inspectors who have been certified by the Agency after successfully completing a

course of training and successfully passing a written test; (ii) at official inspection stations or official on-road inspection sites established under this Chapter; and (iii) with equipment that has been approved by the Agency for these inspections.

(b) Except as provided in subsections (c) and (d), the inspection shall consist of (i) a loaded mode exhaust gas analysis; (ii) an evaporative system integrity test; (iii) an on-board computer diagnostic system check; and (iv) a verification that all required emission-related recall repairs have been made under Title 40, Section 51.370 of the Code of Federal Regulations; and may also include an evaporative system purge test. The owner of the vehicle or the owner’s agent shall be entitled to an emission inspection certificate issued by an inspector only if all required tests are passed at the time of the inspection.

(c) A steady-state idle exhaust gas analysis may be substituted for the loaded mode exhaust gas analysis and the evaporative purge system test in the following cases:

(1) On any vehicle of model year 1980 or older.
(2) On any heavy duty vehicle with a manufacturer gross vehicle weight rating in excess of 8,500 pounds.
(3) On any vehicle for which loaded mode testing is not possible due to vehicle design or configuration.

(d) The procedures contained in subsections (d)(1) and (d)(2) of this Section shall be followed on model year 1996 and newer vehicles equipped with OBD on-board computer diagnostic equipment, as required.

(1) Beginning on July 1, 2002, and continuing through December 31, 2003, such vehicles shall be given a complete on-board diagnostic test consistent with the requirements of paragraphs (d)(1)(A) through (d)(1)(D) of this Section.

(A) If the vehicle meets the standards set for the complete on-board computer diagnostic test, neither the loaded mode exhaust gas analysis nor the idle exhaust gas analysis shall be performed; however, all other elements of the test contained in subsection (b) of this Section shall be performed.

(B) If, however, the vehicle fails to meet the standard for the complete on-board computer diagnostic test, it shall be given the loaded mode exhaust gas analysis or the idle exhaust gas analysis, as required, and all other elements of the test contained in subsection (b) of this Section, unless the owner of the vehicle chooses to avoid the loaded mode exhaust gas analysis or idle exhaust gas analysis and proceed directly under paragraph (d)(1)(C) of this Section. For those vehicles that fail to meet the standard for the complete on-board computer diagnostic test, the owner of the vehicle must be informed that he or she has the option to have the vehicle tested using the less stringent loaded mode exhaust gas analysis or the idle exhaust gas analysis, as appropriate, for one test cycle.

(C) If the vehicle fails to meet the standard for the complete on-board computer diagnostic test and the standard for the loaded mode exhaust gas analysis or the idle exhaust gas analysis, as required, or the owner of the vehicle has chosen to avoid the loaded mode exhaust gas analysis or idle
exhaust gas analysis and proceed directly under this paragraph, the vehicle must be repaired to pass either the complete on-board computer diagnostic test or the loaded mode exhaust gas analysis or idle exhaust gas analysis, as required, and all other elements of the test contained in subsection (b) of this Section.

(D) The on-board computer diagnostic test shall not be a required element of the inspection mandated by this Section for such vehicles for which on-board computer diagnostic testing is not possible due to the vehicle's originally certified design or its design as modified in accordance with federal law and regulations, or for vehicles with known on-board diagnostic communications or software problems, as determined by the Agency. In such cases, all other elements of the inspection required under this Section shall be performed on such vehicles, including the exhaust gas analysis as specified in subsection (b) of this Section.

By April 15, 2003, the Agency shall submit to the General Assembly a report detailing the effectiveness of the use of the on-board computer diagnostic test. The report shall include the number of failures, the reason for each failure, the number of vehicle damage complaints, and the average wait time at the test stations.

(2) Beginning on January 1, 2004, such vehicles shall be given a complete on-board diagnostic test consistent with the requirements of paragraphs (d)(2)(A) and (d)(2)(B) of this Section.

(A) The loaded mode exhaust gas analysis specified in subsection (b) of this Section shall not be performed on such vehicles for which the on-board computer diagnostic test specified in subsection (h) of this Section can be performed. All other elements of the inspection required for such vehicles shall be performed in accordance with the provisions of this Section.

(B) The on-board computer diagnostic test shall not be a required element of the inspection mandated by this Section for such vehicles for which on-board computer diagnostic testing is not possible due to the vehicle's originally certified design or its design as modified in accordance with federal law and regulations, or for vehicles with known on-board diagnostic communications or software problems, as determined by the Agency. In such cases, all other elements of the inspection required under this Section shall be performed on such vehicles, including the exhaust gas analysis as specified in subsection (b) of this Section.

A steady-state idle gas analysis may also be substituted for the new procedures specified in subsection (b) in inspections conducted in calendar year 1995 on any vehicle of model year 1990 or older.

(e) The exhaust gas analysis shall consist of a test of an exhaust gas sample to determine whether the quantities of exhaust gas pollutants emitted by the vehicle meet the standards set for vehicles of that type under Section 13B-20. A vehicle shall be deemed to have passed this portion of the inspection if the evaluation of the exhaust gas sample

indicates that the quantities of exhaust gas pollutants emitted by the vehicle do not exceed the standards set for vehicles of that type under Section 13B-20 or an inspector certifies that the vehicle qualifies for a waiver of the exhaust gas pollutant standards under Section 13B-30.

(f) The evaporative system integrity test shall consist of a procedure to determine if leaks exist in all or a portion of the vehicle fuel evaporation emission control system. A vehicle shall be deemed to have passed this test if it meets the criteria that the Board may adopt for an evaporative system integrity test.

(g) The evaporative system purge test shall consist of a procedure to verify the purging of vapors stored in the evaporative canister. A vehicle shall be deemed to have passed this test if it meets the criteria that the Board may adopt for an evaporative system purge test.

(h) The on-board computer diagnostic test shall consist of accessing the vehicle's on-board computer system, if so equipped, and reading any stored diagnostic codes that may be present. The vehicle shall be deemed to have passed this test if the codes observed did not exceed standards set for vehicles of that type under Section 13B-20.

AN ACT in relation to alcoholic liquor.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Liquor Control Act of 1934 is amended by changing Section 6-16 as follows:

(235 ILCS 5/6-16) (from Ch. 43, par. 131)

Sec. 6-16. Prohibited sales and possession.

(a) (i) No licensee nor any officer, associate, member, representative, agent, or employee of such licensee shall sell, give, or deliver alcoholic liquor to any person under the age of 21 years or to any intoxicated person, except as provided in Section 6-16.1. (ii) No express company, common carrier, or contract carrier nor any representative, agent, or employee on behalf of an express company, common carrier, or contract carrier that carries or transports alcoholic liquor for delivery within this State shall knowingly give or knowingly deliver to a residential address any shipping container clearly labeled as containing alcoholic liquor and labeled as requiring signature of an adult of at least 21 years of age to any person in this State under the age of 21 years. An express company, common carrier, or contract carrier that carries or transports such alcoholic liquor for delivery within this State shall obtain a signature at the time of delivery acknowledging receipt of the alcoholic liquor by an adult who is at least 21 years of age. At no time while delivering alcoholic beverages within this State may any representative, agent, or employee of an express company, common carrier, or contract carrier that carries or transports alcoholic liquor for delivery within this State...
State deliver the alcoholic liquor to a residential address without the acknowledgment of the consignee and without first obtaining a signature at the time of the delivery by an adult who is at least 21 years of age. A signature of a person on file with the express company, common carrier, or contract carrier does not constitute acknowledgement of the consignee. Any express company, common carrier, or contract carrier that transports alcoholic liquor for delivery within this State that violates this item (ii) of this subsection (a) by delivering alcoholic liquor without the acknowledgment of the consignee and without first obtaining a signature at the time of the delivery by an adult who is at least 21 years of age is guilty of a business offense for which the express company, common carrier, or contract carrier that transports alcoholic liquor within this State shall be fined not more than $1,001 for a first offense, not more than $5,000 for a second offense, and not more than $10,000 for a third or subsequent offense. An express company, common carrier, or contract carrier shall be held vicariously liable for the actions of its representatives, agents, or employees. For purposes of this Act, in addition to other methods authorized by law, an express company, common carrier, or contract carrier shall be considered served with process when a representative, agent, or employee alleged to have violated this Act is personally served. Each shipment of alcoholic liquor delivered in violation of this item (ii) of this subsection (a) constitutes a separate offense. (iii) No person, after purchasing or otherwise obtaining alcoholic liquor, shall sell, give, or deliver such alcoholic liquor to another person under the age of 21 years, except in the performance of a religious ceremony or service. Except as otherwise provided in item (ii), any express company, common carrier, or contract carrier that transports alcoholic liquor within this State that violates the provisions of item (i), (ii), or (iii) of this paragraph of this subsection (a) is guilty of a Class A misdemeanor and the sentence shall include, but shall not be limited to, a fine of not less than $500. Any person who violates the provisions of item (iii) of this paragraph of this subsection (a) is guilty of a Class 4 felony if a death occurs as the result of the violation.

If a licensee or officer, associate, member, representative, agent, or employee of the licensee, or a representative, agent, or employee of an express company, common carrier, or contract carrier that carries or transports alcoholic liquor for delivery within this State, is prosecuted under this paragraph of this subsection (a) for selling, giving, or delivering alcoholic liquor to a person under the age of 21 years, the person under 21 years of age who attempted to buy or receive the alcoholic liquor may be prosecuted pursuant to Section 6-20 of this Act, unless the person under 21 years of age was acting under the authority of a law enforcement agency, the Illinois Liquor Control Commission, or a local liquor control commissioner pursuant to a plan or action to investigate, patrol, or conduct any similar enforcement action.

For the purpose of preventing the violation of this Section, any licensee, or his agent or employee, or a representative, agent, or employee of an express company, common carrier, or contract carrier that carries or transports alcoholic liquor for delivery within this State,
shall refuse to sell, deliver, or serve alcoholic beverages to any person who is unable to produce adequate written evidence of identity and of the fact that he or she is over the age of 21 years, if requested by the licensee, agent, employee, or representative.

Adequate written evidence of age and identity of the person is a document issued by a federal, state, county, or municipal government, or subdivision or agency thereof, including, but not limited to, a motor vehicle operator's license, a registration certificate issued under the Federal Selective Service Act, or an identification card issued to a member of the Armed Forces. Proof that the defendant-licensee, or his employee or agent, or the representative, agent, or employee of the express company, common carrier, or contract carrier that carries or transports alcoholic liquor for delivery within this State demanded, was shown and reasonably relied upon such written evidence in any transaction forbidden by this Section is an affirmative defense in any criminal prosecution therefor or to any proceedings for the suspension or revocation of any license based thereon. It shall not, however, be an affirmative defense if the agent or employee accepted the written evidence knowing it to be false or fraudulent. If a false or fraudulent Illinois driver's license or Illinois identification card is presented by a person less than 21 years of age to a licensee or the licensee's agent or employee for the purpose of ordering, purchasing, attempting to purchase, or otherwise obtaining or attempting to obtain the serving of any alcoholic beverage, the law enforcement officer or agency investigating the incident shall, upon the conviction of the person who presented the fraudulent license or identification, make a report of the matter to the Secretary of State on a form provided by the Secretary of State.

However, no agent or employee of the licensee or employee of an express company, common carrier, or contract carrier that carries or transports alcoholic liquor for delivery within this State shall be disciplined or discharged for selling or furnishing liquor to a person under 21 years of age if the agent or employee demanded and was shown, before furnishing liquor to a person under 21 years of age, adequate written evidence of age and identity of the person issued by a federal, state, county or municipal government, or subdivision or agency thereof, including but not limited to a motor vehicle operator's license, a registration certificate issued under the Federal Selective Service Act, or an identification card issued to a member of the Armed Forces. This paragraph, however, shall not apply if the agent or employee accepted the written evidence knowing it to be false or fraudulent.

Any person who sells, gives, or furnishes to any person under the age of 21 years any false or fraudulent written, printed, or photostatic evidence of the age and identity of such person or who sells, gives or furnishes to any person under the age of 21 years evidence of age and identification of any other person is guilty of a Class A misdemeanor and the person's sentence shall include, but shall not be limited to, a fine of not less than $500.

Any person under the age of 21 years who presents or offers to any licensee, his agent or employee, any written, printed or photostatic evidence of age and identity that is false, fraudulent, or not actually his or her own for the purpose of ordering, purchasing, attempting to purchase or otherwise procuring or attempting to procure, the serving of any alcoholic beverage, who falsely states in writing that he or she is at least 21 years of age when receiving alcoholic liquor from a representative, agent, or employee of an express company,
common carrier, or contract carrier, or who has in his or her possession any false or fraudulent written, printed, or photostatic evidence of age and identity, is guilty of a Class A misdemeanor and the person's sentence shall include, but shall not be limited to, the following: a fine of not less than $500 and at least 25 hours of community service. If possible, any community service shall be performed for an alcohol abuse prevention program.

Any person under the age of 21 years who has any alcoholic beverage in his or her possession on any street or highway or in any public place or in any place open to the public is guilty of a Class A misdemeanor. This Section does not apply to possession by a person under the age of 21 years making a delivery of an alcoholic beverage in pursuance of the order of his or her parent or in pursuance of his or her employment.

(a-1) It is unlawful for any parent or guardian to permit his or her residence to be used by an invitee of the parent's child or the guardian's ward, if the invitee is under the age of 21, in a manner that constitutes a violation of this Section. A parent or guardian is deemed to have permitted his or her residence to be used in violation of this Section if he or she knowingly authorizes, enables, or permits such use to occur by failing to control access to either the residence or the alcoholic liquor maintained in the residence. Any person who violates this subsection (a-1) is guilty of a Class A misdemeanor and the person's sentence shall include, but shall not be limited to, a fine of not less than $500. Nothing in this subsection (a-1) shall be construed to prohibit the giving of alcoholic liquor to a person under the age of 21 years in the performance of a religious ceremony or service.

(b) Except as otherwise provided in this Section whoever violates this Section shall, in addition to other penalties provided for in this Act, be guilty of a Class A misdemeanor.

(c) Any person shall be guilty of a Class A misdemeanor where he or she knowingly permits a gathering at a residence which he or she occupies of two or more persons where any one or more of the persons is under 21 years of age and the following factors also apply:

(1) the person occupying the residence knows that any such person under the age of 21 is in possession of or is consuming any alcoholic beverage; and

(2) the possession or consumption of the alcohol by the person under 21 is not otherwise permitted by this Act; and

(3) the person occupying the residence knows that the person under the age of 21 leaves the residence in an intoxicated condition.

For the purposes of this subsection (c) where the residence has an owner and a tenant or lessee, there is a rebuttable presumption that the residence is occupied only by the tenant or lessee.

(d) Any person who rents a hotel or motel room from the proprietor or agent thereof for the purpose of or with the knowledge that such room shall be used for the consumption of alcoholic liquor by persons under the age of 21 years shall be guilty of a Class A misdemeanor.

(e) Except as otherwise provided in this Act, any person who has alcoholic liquor in his or her possession on public school district property on school days or at events on public school district property when children are present is guilty of a petty offense, unless the

(15 ILCS 335/4) (from Ch. 124, par. 24)

Sec. 4. Identification Card.

(a) The Secretary of State shall issue a standard Illinois Identification Card to any natural person who is a resident of the State of Illinois who applies for such card, or renewal thereof, or who applies for a standard Illinois Identification Card upon release as a committed person on parole, mandatory supervised release, final discharge, or pardon from the Department of Corrections by submitting an identification card issued by the Department of Corrections under Section 3-14-1 of the Unified Code of Corrections, together with the prescribed fees. The card shall be prepared and supplied by the Secretary of State and shall include a photograph of the applicant. The applicant, upon receipt of a card and prior to its use for any purpose, shall affix his signature thereon in the space provided therefor. The Illinois Identification Card may be used for identification purposes in any lawful situation only by the person to whom it was issued. As used in this Act, "photograph" means any color photograph or digitally produced and captured image of an applicant for an identification card. As used in this Act, "signature" means the name of a person as written by that person and captured in a manner acceptable to the Secretary of State.

(b) The Secretary of State shall issue a special Illinois Identification Card, which shall be known as an Illinois Disabled Person Identification Card, to any natural person who is a resident of the State of Illinois, who is a disabled person as defined in Section 4A of this Act, who applies for such card, or renewal thereof. The Secretary of State shall charge no fee to issue such card. The card shall be prepared and supplied by the Secretary of State, and shall include a photograph of the applicant, a designation indicating that the card is an Illinois Disabled Person Identification Card, and shall include a comprehensible designation of the type and classification of the applicant's disability as set out in Section 4A of this Act. If a mark is used in lieu of a signature, such mark shall be affixed to the card in the presence of two witnesses who attest to the authenticity of the mark. The Illinois Disabled Person Identification Card may be used for identification purposes in any lawful situation by the person to whom it was issued.

The Illinois Disabled Person Identification Card may be used as adequate documentation of disability in lieu of a physician's determination of disability or any other documentation of disability whenever any State law requires that a disabled person provide such documentation of disability, however an Illinois Disabled Person Identification Card shall not qualify the cardholder to participate in any program or to receive any benefit which is not available to all persons with like disabilities. Notwithstanding any other provisions of
law, an Illinois Disabled Person Identification Card, or evidence that the Secretary of State has issued an Illinois Disabled Person Identification Card, shall not be used by any person other than the person named on such card to prove that the person named on such card is a disabled person or for any other purpose unless the card is used for the benefit of the person named on such card, and the person named on such card consents to such use at the time the card is so used.

When medical information is contained on an Illinois Disabled Person Identification Card, the Office of the Secretary of State shall not be liable for any actions taken based upon that medical information.

(c) Beginning January 1, 1986, the Secretary of State shall provide that each original or renewal Illinois Identification Card or Illinois Disabled Person Identification Card issued to a person under the age of 21, shall be of a distinct nature from those Illinois Identification Cards or Illinois Disabled Person Identification Cards issued to individuals 21 years of age or older. The applicant, upon receipt of such card and prior to its use for any purpose, shall have affixed thereon in the space provided therefor his signature or mark.

A brochure explaining this method of executing an anatomical gift document shall be given to each applicant or licensee. The brochure shall advise the applicant or licensee that he or she is under no compulsion to execute a document of gift, and that he or she may wish to consult with family, friends or clergy before doing so. The Secretary of State may undertake additional efforts, including education and awareness activities, to promote organ and tissue donation.

(e-1) The Secretary shall provide that each driver's license issued to a person under the age of 21 displays the date upon which the person becomes 18 years of age and the date upon which the person becomes 21 years of age.

(f) The Secretary of State shall inform all Illinois licensed commercial motor vehicle operators of the requirements of the Uniform Commercial Driver License Act, Article V of this Chapter, and shall make provisions to insure that all drivers, seeking to obtain a commercial driver's license, be afforded an opportunity prior to April 1, 1992, to obtain the license. The Secretary is authorized to extend driver's license expiration dates, and assign specific times, dates and locations where these commercial driver's tests shall be conducted. Any applicant, regardless of the current expiration date of the applicant's driver's license, may be subject to any assignment by the Secretary. Failure to comply with the Secretary's assignment may result in the applicant's forfeiture of an opportunity to receive a commercial driver's license prior to April 1, 1992.

Sec. 6. Eligibility, Conditions of Participation, and Energy Assistance.

(a) Any person who is a resident of the State of Illinois and whose household income is not greater than an amount determined annually by the Department, in consultation with the Policy Advisory Council, may apply for assistance pursuant to this Act in accordance with regulations promulgated by the Department. In setting the annual eligibility level, the Department shall consider the amount of available funding and may not set a limit higher than 150% of the federal nonfarm poverty level as established by the federal Office of Management and Budget.

(b) Applicants who qualify for assistance pursuant to subsection (a) of this Section shall, subject to appropriation from the General Assembly and subject to availability of funds to the Department, receive energy assistance as provided by this Act. The Department, upon receipt of monies authorized pursuant to this Act for energy assistance, shall commit funds for each qualified applicant in an amount determined by the Department. In determining the amounts of assistance to be provided to or on behalf of a qualified applicant, the Department shall ensure that the highest amounts of assistance go to households with the greatest energy costs in relation to household income. The Department shall include factors such as energy costs, household size, household income, and region of the State when determining individual household benefits. In setting assistance levels, the Department shall attempt to provide assistance to approximately the same number of households who participated in the 1991 Residential Energy Assistance Partnership Program. Such assistance levels shall be adjusted annually on the basis of funding availability and energy costs. In promulgating rules for the administration of this Section the Department shall assure that a minimum of 1/3 of funds available for benefits to eligible households with the lowest incomes are made available to households who are eligible for public assistance and that elderly and disabled households are offered a priority one-month application period.

(c) If the applicant is not a customer of an energy provider for winter energy services or an applicant for such service, such applicant shall receive a direct energy assistance payment in an amount established by the Department for all such applicants under this Act; provided, however, that such an applicant must have rental expenses for housing greater than 30% of household income.

(d) If the applicant is a customer of an energy provider, such applicant shall receive energy assistance in an amount established by the Department for all such applicants under this Act, such amount to be paid by the Department to the energy provider supplying winter energy service to such applicant. Such applicant shall:

(i) make all reasonable efforts to apply to any other appropriate source of public energy assistance; and

(ii) sign a waiver permitting the Department to receive income information from any public or private agency providing income or energy assistance and from any employer, whether public or private.

(e) Any qualified applicant pursuant to this Section may receive or have paid on such applicant's behalf an emergency assistance payment to enable such applicant to obtain access to winter energy services. Any such payments shall be made in accordance with regulations of the Department.

(f) The Department may, if sufficient funds are available, provide additional benefits to certain qualified applicants:

(i) for the reduction of past due amounts owed to energy providers; and

(ii) to assist the household in responding to excessively high summer temperatures or energy costs. Households containing elderly members, children, a person with a disability, or a person with a medical need for conditioned air shall receive priority for receipt of such benefits.

Sec. 7. State Weatherization Plan and Program.

(a) The Department shall, after consultation with the Policy Advisory Council, prepare and promulgate an annual State Weatherization Plan beginning in the year this Act becomes effective. To the extent practicable, such Plan shall provide for targeting use of both State and federal weatherization funds to the households of eligible applicants pursuant to this Act whose ratios of energy costs to income are the highest. The State Weatherization Plan shall include but need not be limited to the following:

(1) a description of the demographic characteristics and energy use patterns of people eligible for assistance pursuant to this Act;

(2) the methodology used by the Department in targeting weatherization funds;

(3) a description of anticipated activity and results for the year covered by the Plan, including an estimate of energy cost savings expected to be realized by the weatherization program; and

(4) every third year, beginning in 2002, an evaluation of results from the weatherization program in the year preceding the plan year, including the effect of State Weatherization Program investments on energy consumption and cost in the population eligible for assistance pursuant to this Act, and the effect of targeted weatherization investments on the costs of the energy assistance program authorized by this Act.

(b) The Department shall implement the State Weatherization Plan by rule through a program which provides targeted weatherization assistance to eligible applicants for energy assistance pursuant to this Act. The Department may enter into such contracts and other arrangements with local agencies as may be necessary for the purpose of administering the

(1) The reports issued pursuant to this Section shall be limited to, information concerning the effects of the policies authorized by this Act on (1) the ability of eligible applicants to obtain and maintain adequate and affordable winter energy services and (2) changes in the costs and prices of winter energy services for people who do not receive energy assistance pursuant to this Act.

(2) The Department of Natural Resources shall by September 30, 2002, in consultation with the Policy Advisory Council, determine the kinds of numerical and other information needed to conduct the evaluations required under this Section, and shall advise the Policy Advisory Council of such information needs in a timely manner. (c) On or before December 31 of each year in 2004, 2006, and 2007, the Department shall, in consultation with the Council, prepare and submit evaluation reports to the Governor and the General Assembly outlining the effects of the program designed under this Act on the following as it relates to the propriety of continuing the program:

1. The definition of an eligible low income residential customer;
2. Access of low income residential customers to essential energy services;
3. Past due amounts owed to utilities by low income persons in Illinois;
4. Appropriate measures to encourage energy conservation, efficiency, and responsibility among low income residential customers;
5. The activities of the Department in the development and implementation of energy assistance and related policies and programs, which characterizes progress toward meeting the objectives and requirements of this Act, and which recommends any statutory changes which might be needed to further such progress.

(d) The Department shall by September 30, 2002 in consultation with the Council determine the kinds of numerical and other information needed to conduct the evaluations required by this Section.
(e) The Illinois Commerce Commission shall require each public utility providing heating or electric service to compile and submit any numerical and other information needed by the Department of Natural Resources to meet its reporting obligations.

(305 ILCS 20/13)

(a) The Supplemental Low-Income Energy Assistance Fund is hereby created as a special fund in the State Treasury. The Supplemental Low-Income Energy Assistance Fund is authorized to receive, by statutory deposit, the moneys collected pursuant to this Section. Subject to appropriation, the Department shall use moneys from the Supplemental Low-Income Energy Assistance Fund for payments to electric or gas public utilities, municipal electric or gas utilities, and electric cooperatives on behalf of their customers who are participants in the program authorized by Section 4 of this Act, for the provision of weatherization services and for administration of the Supplemental Low-Income Energy Assistance Fund. The yearly expenditures for weatherization may not exceed 10% of the amount collected during the year pursuant to this Section. In determining which customers will participate in the weatherization component, the Department shall target weatherization for those customers with the greatest energy burden, that is the lowest income and greatest utility bills. The yearly administrative expenses of the Supplemental Low-Income Energy Assistance Fund may not exceed 10% of the amount collected during that year pursuant to this Section.

(b) Notwithstanding the provisions of Section 16-111 of the Public Utilities Act but subject to subsection (k) of this Section, each public utility, electric cooperative, as defined in Section 3.4 of the Electric Supplier Act, and municipal utility, as referenced in Section 3-105 of the Public Utilities Act, that is engaged in the delivery of electricity or the distribution of natural gas within the State of Illinois shall, effective January 1, 1998, assess each of its customer accounts a monthly Energy Assistance Charge for the Supplemental Low-Income Energy Assistance Fund. The delivering public utility, municipal electric or gas utility, or electric or gas cooperative for a self-assessing purchaser remains subject to the collection of the fee imposed by this Section. The monthly charge shall be as follows:

(1) $0.40 per month on each account for residential electric service;
(2) $0.40 per month on each account for residential gas service;
(3) $4 per month on each account for non-residential electric service which had less than 10 megawatts of peak demand during the previous calendar year;
(4) $4 per month on each account for non-residential gas service which had distributed to it less than 4,000,000 therms of gas during the previous calendar year;
(5) $300 per month on each account for non-residential electric service which had 10 megawatts or greater of peak demand during the previous calendar year; and
(6) $300 per month on each account for non-residential gas service which had 4,000,000 or more therms of gas distributed to it during the previous calendar year.

purposes delivered to a dwelling of 2 or fewer units which is billed under a residential rate, or electric utility service for household purposes delivered to a dwelling unit or units which is billed under a residential rate and is registered by a separate meter for each dwelling unit;

(2) "residential gas service" means gas utility service for household purposes distributed to a dwelling of 2 or fewer units which is billed under a residential rate, or gas utility service for household purposes distributed to a dwelling unit or units which is billed under a residential rate and is registered by a separate meter for each dwelling unit;

(3) "non-residential electric service" means electric utility service which is not residential electric service; and

(4) "non-residential gas service" means gas utility service which is not residential gas service.

(d) At least 45 days prior to the date on which it must begin assessing Energy Assistance Charges, each public utility engaged in the delivery of electricity or the distribution of natural gas shall file with the Illinois Commerce Commission tariffs incorporating the Energy Assistance Charge in other charges stated in such tariffs.

(e) The Energy Assistance Charge assessed by electric and gas public utilities shall be considered a charge for public utility service.

(f) By the 20th day of the month following the month in which the charges imposed by the Section were collected, each public utility, municipal utility, and electric cooperative shall remit to the Department of Revenue all moneys received as payment of the Energy Assistance Charge on a return prescribed and furnished by the Department of Revenue showing such information as the Department of Revenue may reasonably require. If a customer makes a partial payment, a public utility, municipal utility, or electric cooperative may elect either: (i) to apply such partial payments first to amounts owed to the utility or cooperative for its services and then to payment for the Energy Assistance Charge or (ii) to apply such partial payments on a pro-rata basis between amounts owed to the utility or cooperative for its services and to payment for the Energy Assistance Charge.

(g) The Department of Revenue shall deposit into the Supplemental Low-Income Energy Assistance Fund all moneys remitted to it in accordance with subsection (f) of this Section.

(h) (Blank). If as of June 30, 2002 the program authorized by Section 4 of this Act has not been replaced by a new energy assistance program which is in operation, then the General Assembly shall review the program; provided however, that after that date, any public utility, municipal utility, or electric cooperative shall continue to assess an Energy Assistance Charge which was originally assessed on or before June 30, 2002 and which remains unpaid.

On or before December 31, 2002, the Department shall prepare a report for the General Assembly on the expenditure of funds appropriated from the Low-Income Energy Assistance Block Grant Fund for the program authorized under Section 4 of this Act.

(i) The Department of Revenue may establish such rules as it deems necessary to
implement this Section.

(j) The Department of Commerce and Community Affairs may establish such rules as it deems necessary to implement this Section.

(k) The charges imposed by this Section shall only apply to customers of municipal electric or gas utilities and electric or gas cooperatives if the municipal electric or gas utility or electric or gas cooperative makes an affirmative decision to impose the charge. If a municipal electric or gas utility or an electric cooperative makes an affirmative decision to impose the charge provided by this Section, the municipal electric or gas utility or electric cooperative shall inform the Department of Revenue in writing of such decision when it begins to impose the charge. If a municipal electric or gas utility or electric or gas cooperative does not assess this charge, the Department may not use funds from the Supplemental Low-Income Energy Assistance Fund to provide benefits to its customers under the program authorized by Section 4 of this Act.

In its use of federal funds under this Act, the Department may not cause a disproportionate share of those federal funds to benefit customers of systems which do not assess the charge provided by this Section.

This Section is repealed effective December 31, 2007 unless renewed by action of the General Assembly. The General Assembly shall consider the results of the evaluations described in Section 8 in its deliberations.

Section 20. The Public Utilities Act is amended by changing Sections 8-207, 16-108, and 16-111 as follows:

(220 ILCS 5/8-207) (from Ch. 111 2/3, par. 8-207)

Sec. 8-207. Any former residential customer whose gas or electric service was used to provide or control the primary source of space heating in the dwelling and whose service is disconnected for nonpayment of a bill or a deposit from December 1 of the prior winter's heating season through April 1 of the current heating season shall be eligible for reconnection and a deferred payment arrangement under the provisions of this Section, subject to the following limitations:

A utility shall not be required to reconnect service to, and enter into a deferred payment arrangement with, a former customer under the provisions of this Section (1) except between November 1 and April 1 of the current heating season for former customers who do not have applications pending for the program described in Section 6 of the Energy Assistance Act of 1989, and except between October 1 and April 1 of the current heating season for all former customers who do have applications pending for the program described in Section 6 of the Energy Assistance Act of 1989 and who provide proof of application to the utility, (2) in 2 consecutive years, (3) unless that former customer has paid at least 33 1/3% of the amount billed for utility service rendered by that utility subsequent to December 1 of the prior year, or (4) in any instance where the utility can show there has been tampering with the utility's wires, pipes, meters (including locking devices), or other service equipment and further shows that the former customer enjoyed the benefit of utility service obtained in the aforesaid manner.

The terms and conditions of any deferred payment arrangements established by the utility and a former customer shall take into consideration the following factors, based upon information available from current utility records or provided by the former customer:

(1) the amount past due;
(2) the former customer's ability to pay;
(3) the former customer's payment history;
(4) the reasons for the accumulation of the past due amounts; and
(5) any other relevant factors relating to the former customer's circumstances.

After the former customer's eligibility has been established in accordance with the first paragraph of this Section and, upon the establishment of a deferred payment agreement, the former customer shall pay 1/3 of the amount past due (including reconnecting charge, if any) and 1/3 of any deposit required by the utility.

Upon the payment of 1/3 of the amount past due and 1/3 of any deposit required by the utility, the former customer's service shall be reconnected as soon as possible. The company and the former customer shall agree to a payment schedule for the remaining balances which will reasonably allow the former customer to make the payments on the remainder of the deposit and the past due balance while paying current bills during the winter heating season. However, the utility is not obliged to make payment arrangements extending beyond the following November. The utility shall allow the former customer a minimum of 4 months in which to retire the past due balance and 3 months in which to pay the remainder

of the deposit. The former customer shall also be informed that payment on the amounts past due and the deposit, if any, plus the current bills must be paid by the due date or the customer may face termination of service pursuant to this Section and Section 8-206.

The Commission shall develop rules to govern the reconnection of a former customer who demonstrates a financial inability to meet the requirement of 1/3 of the amount past due and 1/3 of any deposit requested by the utility. The Commission's rules shall establish a means by which the former customer's utility service may be reconnected through the payment of a reasonable amount and upon entering into a deferred payment agreement.

Any payment agreement made shall be in writing, with a copy provided to the former customer. The renegotiation and reinstatement of a customer and the establishment of a budget payment plan shall be pursuant to rules established by the Commission.

Not later than September 15 of each year, every gas and electric utility shall conduct a survey of all former residential customers whose gas or electric service was used to provide or control the primary source of space heating in the dwelling and whose gas or electric service was terminated for nonpayment of a bill or deposit from December 1 of the previous year to September 15 of that year and where service at that premises has not been restored. Not later than October 1 of each year the utility shall notify each of these former customers that the gas or electric service will be restored by the company for the coming heating season if the former customer contacts the utility and makes arrangements with the utility for reconnection of service under the conditions set forth in this Section. A utility shall notify the former customer or an adult member of the household by personal visit, telephone contact or mailing of a letter by first class mail to the last known address of that former customer. The utility shall keep records which would indicate the date, form and the results of such contact.

Each gas and electric utility which has former customers affected by this Section shall file reports with the Commission providing such information as the Commission may deem appropriate. The Commission shall notify each gas and electric utility prior to August 1 of each year concerning the information which is to be included in the report for that year.

In no event shall any actions taken by a utility in compliance with this Section be deemed to abrogate or in any way interfere with the utility's rights to pursue the normal collection processes otherwise available to it.

The Commission shall promulgate rules to implement this Section.

(220 ILCS 5/16-108)
Sec. 16-108. Recovery of costs associated with the provision of delivery services.
(a) An electric utility shall file a delivery services tariff with the Commission at least 210 days prior to the date that it is required to begin offering such services pursuant to this Act. An electric utility shall provide the components of delivery services that are subject to the jurisdiction of the Federal Energy Regulatory Commission at the same prices, terms and conditions set forth in its applicable tariff as approved or allowed into effect by that Commission. The Commission shall otherwise have the authority pursuant to Article IX to review, approve, and modify the prices, terms and conditions of those components of

delivery services not subject to the jurisdiction of the Federal Energy Regulatory Commission, including the authority to determine the extent to which such delivery services should be offered on an unbundled basis. In making any such determination the Commission shall consider, at a minimum, the effect of additional unbundling on (i) the objective of just and reasonable rates, (ii) electric utility employees, and (iii) the development of competitive markets for electric energy services in Illinois.

(b) The Commission shall enter an order approving, or approving as modified, the delivery services tariff no later than 30 days prior to the date on which the electric utility must commence offering such services. The Commission may subsequently modify such tariff pursuant to this Act.

(c) The electric utility's tariffs shall define the classes of its customers for purposes of delivery services charges. Delivery services shall be priced and made available to all retail customers electing delivery services in each such class on a nondiscriminatory basis regardless of whether the retail customer chooses the electric utility, an affiliate of the electric utility, or another entity as its supplier of electric power and energy. Charges for delivery services shall be cost based, and shall allow the electric utility to recover the costs of providing delivery services through its charges to its delivery service customers that use the facilities and services associated with such costs. Such costs shall include the costs of owning, operating and maintaining transmission and distribution facilities. The Commission shall also be authorized to consider whether, and if so to what extent, the following costs are appropriately included in the electric utility's delivery services rates: (i) the costs of that portion of generation facilities used for the production and absorption of reactive power in order that retail customers located in the electric utility's service area can receive electric power and energy from suppliers other than the electric utility, and (ii) the costs associated with the use and redispach of generation facilities to mitigate constraints on the transmission or distribution system in order that retail customers located in the electric utility's service area can receive electric power and energy from suppliers other than the electric utility. Nothing in this subsection shall be construed as directing the Commission to allocate any of the costs described in (i) or (ii) that are found to be appropriately included in the electric utility's delivery services rates to any particular customer group or geographic area in setting delivery services rates.

(d) The Commission shall establish charges, terms and conditions for delivery services that are just and reasonable and shall take into account customer impacts when establishing such charges. In establishing charges, terms and conditions for delivery services, the Commission shall take into account voltage level differences. A retail customer shall have the option to request to purchase electric service at any delivery service voltage reasonably and technically feasible from the electric facilities serving that customer's premises provided that there are no significant adverse impacts upon system reliability or system efficiency. A retail customer shall also have the option to request to purchase electric service at any point of delivery that is reasonably and technically feasible provided that there are no significant adverse impacts on system reliability or efficiency. Such requests shall not be unreasonably denied.

(e) Electric utilities shall recover the costs of installing, operating or maintaining facilities for the particular benefit of one or more delivery services customers, including without limitation any costs incurred in complying with a customer's request to be served at a different voltage level, directly from the retail customer or customers for whose benefit the costs were incurred, to the extent such costs are not recovered through the charges referred to in subsections (c) and (d) of this Section.

(f) An electric utility shall be entitled but not required to implement transition charges in conjunction with the offering of delivery services pursuant to Section 16-104. If an electric utility implements transition charges, it shall implement such charges for all delivery services customers and for all customers described in subsection (h), but shall not implement transition charges for power and energy that a retail customer takes from cogeneration or self-generation facilities located on that retail customer's premises, if such facilities meet the following criteria:

(i) the cogeneration or self-generation facilities serve a single retail customer and are located on that retail customer's premises (for purposes of this subparagraph and subparagraph (ii), an industrial or manufacturing retail customer and a third party contractor that is served by such industrial or manufacturing customer through such retail customer's own electrical distribution facilities under the circumstances described in subsection (vi) of the definition of "alternative retail electric supplier" set forth in Section 16-102, shall be considered a single retail customer);

(ii) the cogeneration or self-generation facilities either (A) are sized pursuant to generally accepted engineering standards for the retail customer's electrical load at that premises (taking into account standby or other reliability considerations related to that retail customer's operations at that site) or (B) if the facility is a cogeneration facility located on the retail customer's premises, the retail customer is the thermal host for that facility and the facility has been designed to meet that retail customer's thermal energy requirements resulting in electrical output beyond that retail customer's electrical demand at that premises, comply with the operating and efficiency standards applicable to "qualifying facilities" specified in title 18 Code of Federal Regulations Section 292.205 as in effect on the effective date of this amendatory Act of 1999;

(iii) the retail customer on whose premises the facilities are located either has an exclusive right to receive, and corresponding obligation to pay for, all of the electrical capacity of the facility, or in the case of a cogeneration facility that has been designed to meet the retail customer's thermal energy requirements at that premises, an identified amount of the electrical capacity of the facility, over a minimum 5-year period; and

(iv) if the cogeneration facility is sized for the retail customer's thermal load at that premises but exceeds the electrical load, any sales of excess power or energy are made only at wholesale, are subject to the jurisdiction of the Federal Energy Regulatory Commission, and are not for the purpose of circumventing the provisions of this subsection (f).

If a generation facility located at a retail customer's premises does not meet the above criteria, an electric utility implementing transition charges shall implement a transition charge until December 31, 2006 for any power and energy taken by such retail customer from such facility as if such power and energy had been delivered by the electric utility. Provided, however, that an industrial retail customer that is taking power from a generation facility that does not meet the above criteria but that is located on such customer's premises will not be subject to a transition charge for the power and energy taken by such retail customer from such generation facility if the facility does not serve any other retail customer and either was installed on behalf of the customer and for its own use prior to January 1, 1997, or is both predominantly fueled by byproducts of such customer's manufacturing process at such premises and sells or offers an average of 300 megawatts or more of electricity produced from such generation facility into the wholesale market. Such charges shall be calculated as provided in Section 16-102, and shall be collected on each kilowatt-hour delivered under a delivery services tariff to a retail customer from the date the customer first takes delivery services until December 31, 2006 except as provided in subsection (h) of this Section. Provided, however, that an electric utility, other than an electric utility providing service to at least 1,000,000 customers in this State on January 1, 1999, shall be entitled to petition for entry of an order by the Commission authorizing the electric utility to implement transition charges for an additional period ending no later than December 31, 2008. The electric utility shall file its petition with supporting evidence no earlier than 16 months, and no later than 12 months, prior to December 31, 2006. The Commission shall hold a hearing on the electric utility's petition and shall enter its order no later than 8 months after the petition is filed. The Commission shall determine whether and to what extent the electric utility shall be authorized to implement transition charges for an additional period. The Commission may authorize the electric utility to implement transition charges for some or all of the additional period, and shall determine the mitigation factors to be used in implementing such transition charges; provided, that the Commission shall not authorize mitigation factors less than 110% of those in effect during the 12 months ended December 31, 2006. In making its determination, the Commission shall consider the following factors: the necessity to implement transition charges for an additional period in order to maintain the financial integrity of the electric utility; the prudence of the electric utility's actions in reducing its costs since the effective date of this amendatory Act of 1997; the ability of the electric utility to provide safe, adequate and reliable service to retail customers in its service area; and the impact on competition of allowing the electric utility to implement transition charges for the additional period.

(g) The electric utility shall file tariffs that establish the transition charges to be paid by each class of customers to the electric utility in conjunction with the provision of delivery services. The electric utility's tariffs shall define the classes of its customers for purposes of calculating transition charges. The electric utility's tariffs shall provide for the calculation of transition charges on a customer-specific basis for any retail customer whose average monthly maximum electrical demand on the electric utility's system during the 6 months with the customer's highest monthly maximum electrical demands equals or exceeds 3.0

megawatts for electric utilities having more than 1,000,000 customers, and for other electric utilities for any customer that has an average monthly maximum electrical demand on the electric utility's system of one megawatt or more, and (A) for which there exists data on the customer's usage during the 3 years preceding the date that the customer became eligible to take delivery services, or (B) for which there does not exist data on the customer's usage during the 3 years preceding the date that the customer became eligible to take delivery services, if in the electric utility's reasonable judgment there exists comparable usage information or a sufficient basis to develop such information, and further provided that the electric utility can require customers for which an individual calculation is made to sign contracts that set forth the transition charges to be paid by the customer to the electric utility pursuant to the tariff.

(h) An electric utility shall also be entitled to file tariffs that allow it to collect transition charges from retail customers in the electric utility's service area that do not take delivery services but that take electric power or energy from an alternative retail electric supplier or from an electric utility other than the electric utility in whose service area the customer is located. Such charges shall be calculated, in accordance with the definition of transition charges in Section 16-102, for the period of time that the customer would be obligated to pay transition charges if it were taking delivery services, except that no deduction for delivery services revenues shall be made in such calculation, and usage data from the customer's class shall be used where historical usage data is not available for the individual customer. The customer shall be obligated to pay such charges on a lump sum basis on or before the date on which the customer commences to take service from the alternative retail electric supplier or other electric utility, provided, that the electric utility in whose service area the customer is located shall offer the customer the option of signing a contract pursuant to which the customer pays such charges ratably over the period in which the charges would otherwise have applied.

(i) An electric utility shall be entitled to add to the bills of delivery services customers charges pursuant to Sections 9-221, 9-222 (except as provided in Section 9-222.1), and Section 16-114 of this Act, Section 5-5 of the Electricity Infrastructure Maintenance Fee Law, Section 6-5 of the Renewable Energy, Energy Efficiency, and Coal Resources Development Law of 1997, and Section 13 of the Energy Assistance Act of 1989.

(j) If a retail customer that obtains electric power and energy from cogeneration or self-generation facilities installed for its own use on or before January 1, 1997, subsequently takes service from an alternative retail electric supplier or an electric utility other than the electric utility in whose service area the customer is located for any portion of the customer's electric power and energy requirements formerly obtained from those facilities (including that amount purchased from the utility in lieu of such generation and not as standby power purchases, under a cogeneration displacement tariff in effect as of the effective date of this amendatory Act of 1997), the transition charges otherwise applicable pursuant to subsections (f), (g), or (h) of this Section shall not be applicable in any year to that portion of the customer's electric power and energy requirements formerly obtained from those facilities, provided, that for purposes of this subsection (j), such portion shall not exceed the average

Sec. 16-111. Rates and restructuring transactions during mandatory transition period.
(a) During the mandatory transition period, notwithstanding any provision of Article IX of this Act, and except as provided in subsections (b), (d), (e), and (f) of this Section, the Commission shall not (i) initiate, authorize or order any change by way of increase (other than in connection with a request for rate increase which was filed after September 1, 1997 but prior to October 15, 1997, by an electric utility serving less than 12,500 customers in this State), (ii) initiate or, unless requested by the electric utility, authorize or order any change by way of decrease, restructuring or unbundling (except as provided in Section 16-109A), in the rates of any electric utility that were in effect on October 1, 1996, or (iii) in any order approving any application for a merger pursuant to Section 7-204 that was pending as of May 16, 1997, impose any condition requiring any filing for an increase, decrease, or change in, or other review of, an electric utility's rates or enforce any such condition of any such order; provided, however, that this subsection shall not prohibit the Commission from:

(1) approving the application of an electric utility to implement an alternative to rate of return regulation or a regulatory mechanism that rewards or penalizes the electric utility through adjustment of rates based on utility performance, pursuant to Section 9-244;

(2) authorizing an electric utility to eliminate its fuel adjustment clause and adjust its base rate tariffs in accordance with subsection (b), (d), or (f) of Section 9-220 of this Act, to fix its fuel adjustment factor in accordance with subsection (c) of Section 9-220 of this Act, or to eliminate its fuel adjustment clause in accordance with subsection (e) of Section 9-220 of this Act;

(3) ordering into effect tariffs for delivery services and transition charges in accordance with Sections 16-104 and 16-108, for real-time pricing in accordance with Section 16-107, or the options required by Section 16-110 and subsection (n) of 16-112, allowing a billing experiment in accordance with Section 16-106, or modifying delivery services tariffs in accordance with Section 16-109; or

(4) ordering or allowing into effect any tariff to recover charges pursuant to Sections 9-201.5, 9-220.1, 9-221, 9-222 (except as provided in Section 9-222.1), 16-108, and 16-114 of this Act, Section 5-5 of the Electricity Infrastructure Maintenance Fee Law, Section 6-5 of the Renewable Energy, Energy Efficiency, and Coal Resources Development Law of 1997, and Section 13 of the Energy Assistance Act of 1989.

(b) Notwithstanding the provisions of subsection (a), each Illinois electric utility serving more than 12,500 customers in Illinois shall file tariffs (i) reducing, effective August 1, 1998, each component of its base rates to residential retail customers by 15% from the base rates in effect immediately prior to January 1, 1998 and (ii) if the public utility provides

electric service to (A) more than 500,000 customers but less than 1,000,000 customers in this State on January 1, 1999, reducing, effective May 1, 2002, each component of its base rates to residential retail customers by an additional 5% from the base rates in effect immediately prior to January 1, 1998, or (B) at least 1,000,000 customers in this State on January 1, 1999, reducing, effective October 1, 2001, each component of its base rates to residential retail customers by an additional 5% from the base rates in effect immediately prior to January 1, 1998. Provided, however, that (A) if an electric utility's average residential retail rate is less than or equal to the average residential retail rate for a group of Midwest Utilities (consisting of all investor-owned electric utilities with annual system peaks in excess of 1000 megawatts in the States of Illinois, Indiana, Iowa, Kentucky, Michigan, Missouri, Ohio, and Wisconsin), based on data reported on Form 1 to the Federal Energy Regulatory Commission for calendar year 1995, then it shall only be required to file tariffs (i) reducing, effective August 1, 1998, each component of its base rates to residential retail customers by 5% from the base rates in effect immediately prior to January 1, 1998, (ii) reducing, effective October 1, 2000, each component of its base rates to residential retail customers by the lesser of 5% of the base rates in effect immediately prior to January 1, 1998 or the percentage by which the electric utility's average residential retail rate exceeds the average residential retail rate of the Midwest Utilities, based on data reported on Form 1 to the Federal Energy Regulatory Commission for calendar year 1999, and (iii) reducing, effective October 1, 2002, each component of its base rates to residential retail customers by an additional amount equal to the lesser of 5% of the base rates in effect immediately prior to January 1, 1998 or the percentage by which the electric utility's average residential retail rate exceeds the average residential retail rate of the Midwest Utilities, based on data reported on Form 1 to the Federal Energy Regulatory Commission for calendar year 2001; and (B) if the average residential retail rate of an electric utility serving between 150,000 and 250,000 retail customers in this State on January 1, 1995 is less than or equal to 90% of the average residential retail rate for the Midwest Utilities, based on data reported on Form 1 to the Federal Energy Regulatory Commission for calendar year 1995, then it shall only be required to file tariffs (i) reducing, effective August 1, 1998, each component of its base rates to residential retail customers by 2% from the base rates in effect immediately prior to January 1, 1998; (ii) reducing, effective October 1, 2000, each component of its base rates to residential retail customers by 2% from the base rate in effect immediately prior to January 1, 1998; and (iii) reducing, effective October 1, 2002, each component of its base rates to residential retail customers by 1% from the base rates in effect immediately prior to January 1, 1998. Provided, further, that any electric utility for which a decrease in base rates has been or is placed into effect between October 1, 1996 and the dates specified in the preceding sentences of this subsection, other than pursuant to the requirements of this subsection, shall be entitled to reduce the amount of any reduction or reductions in its base rates required by this subsection by the amount of such other decrease. The tariffs required under this subsection shall be filed 45 days in advance of the effective date. Notwithstanding anything to the contrary in Section 9-220 of this Act, no restatement of base rates in conjunction with the elimination of a fuel adjustment clause under that Section shall result in a lesser decrease

in base rates than customers would otherwise receive under this subsection had the electric utility's fuel adjustment clause not been eliminated.

(c) Any utility reducing its base rates by 15% on August 1, 1998 pursuant to subsection (b) shall include the following statement on its bills for residential customers from August 1 through December 31, 1998: "Effective August 1, 1998, your rates have been reduced by 15% by the Electric Service Customer Choice and Rate Relief Law of 1997 passed by the Illinois General Assembly.". Any utility reducing its base rates by 5% on August 1, 1998, pursuant to subsection (b) shall include the following statement on its bills for residential customers from August 1 through December 31, 1998: "Effective August 1, 1998, your rates have been reduced by 5% by the Electric Service Customer Choice and Rate Relief Law of 1997 passed by the Illinois General Assembly.".

Any utility reducing its base rates by 2% on August 1, 1998 pursuant to subsection (b) shall include the following statement on its bills for residential customers from August 1 through December 31, 1998: "Effective August 1, 1998, your rates have been reduced by 2% by the Electric Service Customer Choice and Rate Relief Law of 1997 passed by the Illinois General Assembly.".

(d) During the mandatory transition period, but not before January 1, 2000, and notwithstanding the provisions of subsection (a), an electric utility may request an increase in its base rates if the electric utility demonstrates that the 2-year average of its earned rate of return on common equity, calculated as its net income applicable to common stock divided by the average of its beginning and ending balances of common equity using data reported in the electric utility's Form 1 report to the Federal Energy Regulatory Commission but adjusted to remove the effects of accelerated depreciation or amortization or other transition or mitigation measures implemented by the electric utility pursuant to subsection (g) of this Section and the effect of any refund paid pursuant to subsection (e) of this Section, is below the 2-year average for the same 2 years of the monthly average yields of 30-year U.S. Treasury bonds published by the Board of Governors of the Federal Reserve System in its weekly H.15 Statistical Release or successor publication. The Commission shall review the electric utility's request, and may review the justness and reasonableness of all rates for tariffed services, in accordance with the provisions of Article IX of this Act, provided that the Commission shall consider any special or negotiated adjustments to the revenue requirement agreed to between the electric utility and the other parties to the proceeding. In setting rates under this Section, the Commission shall exclude the costs and revenues that are associated with competitive services and any billing or pricing experiments conducted under Section 16-106.

(e) For the purposes of this subsection (e) all calculations and comparisons shall be performed for the Illinois operations of multijurisdictional utilities. During the mandatory transition period, notwithstanding the provisions of subsection (a), if the 2-year average of an electric utility's earned rate of return on common equity, calculated as its net income applicable to common stock divided by the average of its beginning and ending balances of common equity using data reported in the electric utility's Form 1 report to the Federal Energy Regulatory Commission but adjusted to remove the effect of any refund paid under
this subsection (e), and further adjusted to include the annual amortization of any difference between the consideration received by an affiliated interest of the electric utility in the sale of an asset which had been sold or transferred by the electric utility to the affiliated interest subsequent to the effective date of this amendatory Act of 1997 and the consideration for which such asset had been sold or transferred to the affiliated interest, with such difference to be amortized ratably from the date of the sale by the affiliated interest to December 31, 2006, exceeds the 2-year average of the Index for the same 2 years by 1.5 or more percentage points, the electric utility shall make refunds to customers beginning the first billing day of April in the following year in the manner described in paragraph (3) of this subsection. For purposes of this subsection (e), the "Index" shall be the sum of (A) the average for the 12 months ended September 30 of the monthly average yields of 30-year U.S. Treasury bonds published by the Board of Governors of the Federal Reserve System in its weekly H.15 Statistical Release or successor publication for each year 1998 through 2004, and (B) (i) 4.00 percentage points for each of the 12-month periods ending September 30, 1998 through September 30, 1999 or 8.00 percentage points if the electric utility's average residential retail rate is less than or equal to 90% of the average residential retail rate for the "Midwest Utilities", as that term is defined in subsection (b) of this Section, based on data reported on Form 1 to the Federal Energy Regulatory Commission for calendar year 1995, and the electric utility served between 150,000 and 250,000 retail customers on January 1, 1995, (ii) 7.00 percentage points for each of the 12-month periods ending September 30, 2000 through September 30, 2004 if the electric utility was providing service to at least 1,000,000 customers in this State on January 1, 1999, or 9.00 percentage points if the electric utility's average residential retail rate is less than or equal to 90% of the average residential retail rate for the "Midwest Utilities", as that term is defined in subsection (b) of this Section, based on data reported on Form 1 to the Federal Energy Regulatory Commission for calendar year 1995 and the electric utility served between 150,000 and 250,000 retail customers in this State on January 1, 1995, (iii) 11.00 percentage points for each of the 12-month periods ending September 30, 2000 through September 30, 2004, but only if the electric utility's average residential retail rate is less than or equal to 90% of the average residential retail rate for the "Midwest Utilities", as that term is defined in subsection (b) of this Section, based on data reported on Form 1 to the Federal Energy Regulatory Commission for calendar year 1995, the electric utility served between 150,000 and 250,000 retail customers in this State on January 1, 1995, and the electric utility offers delivery services on or before June 1, 2000 to retail customers whose annual electric energy use comprises 33% of the kilowatt hour sales to that group of retail customers that are classified under Division D, Groups 20 through 39 of the Standard Industrial Classifications set forth in the Standard Industrial Classification Manual published by the United States Office of Management and Budget, excluding the kilowatt hour sales to those customers that are eligible for delivery services pursuant to Section 16-104(a)(1)(i), and offers delivery services to its remaining retail customers classified under Division D, Groups 20 through 39 on or before October 1, 2000, and, provided further, that the electric utility commits not to petition pursuant to Section 16-108(f) for entry of an order by the Commission authorizing the electric utility to

implement transition charges for an additional period after December 31, 2006, or (iv) 5.00 percentage points for each of the 12-month periods ending September 30, 2000 through September 30, 2004 for all other electric utilities or 7.00 percentage points for such utilities for each of the 12-month periods ending September 30, 2000 through September 30, 2004 for any such utility that commits not to petition pursuant to Section 16-108(f) for entry of an order by the Commission authorizing the electric utility to implement transition charges for an additional period after December 31, 2006.

(1) For purposes of this subsection (e), "excess earnings" means the difference between (A) the 2-year average of the electric utility's earned rate of return on common equity, less (B) the 2-year average of the sum of (i) the Index applicable to each of the 2 years and (ii) 1.5 percentage points; provided, that "excess earnings" shall never be less than zero.

(2) On or before March 31 of each year 2000 through 2005 each electric utility shall file a report with the Commission showing its earned rate of return on common equity, calculated in accordance with this subsection, for the preceding calendar year and the average for the preceding 2 calendar years.

(3) If an electric utility has excess earnings, determined in accordance with paragraphs (1) and (2) of this subsection, the refunds which the electric utility shall pay to its customers beginning the first billing day of April in the following year shall be calculated and applied as follows:

(i) The electric utility's excess earnings shall be multiplied by the average of the beginning and ending balances of the electric utility's common equity for the 2-year period in which excess earnings occurred.

(ii) The result of the calculation in (i) shall be multiplied by 0.50 and then divided by a number equal to 1 minus the electric utility's composite federal and State income tax rate.

(iii) The result of the calculation in (ii) shall be divided by the sum of the electric utility's projected total kilowatt-hour sales to retail customers plus projected kilowatt-hours to be delivered to delivery services customers over a one year period beginning with the first billing date in April in the succeeding year to determine a cents per kilowatt-hour refund factor.

(iv) The cents per kilowatt-hour refund factor calculated in (iii) shall be credited to the electric utility's customers by applying the factor on the customer's monthly bills to each kilowatt-hour sold or delivered until the total amount calculated in (ii) has been paid to customers.

(f) During the mandatory transition period, an electric utility may file revised tariffs reducing the price of any tariffed service offered by the electric utility for all customers taking that tariffed service, which shall be effective 7 days after filing.

(g) During the mandatory transition period, an electric utility may, without obtaining any approval of the Commission other than that provided for in this subsection and notwithstanding any other provision of this Act or any rule or regulation of the Commission that would require such approval:

(1) implement a reorganization, other than a merger of 2 or more public utilities as defined in Section 3-105 or their holding companies;

(2) retire generating plants from service;

(3) sell, assign, lease or otherwise transfer assets to an affiliated or unaffiliated entity and as part of such transaction enter into service agreements, power purchase agreements, or other agreements with the transferee; provided, however, that the prices, terms and conditions of any power purchase agreement must be approved or allowed into effect by the Federal Energy Regulatory Commission; or

(4) use any accelerated cost recovery method including accelerated depreciation, accelerated amortization or other capital recovery methods, or record reductions to the original cost of its assets.

In order to implement a reorganization, retire generating plants from service, or sell, assign, lease or otherwise transfer assets pursuant to this Section, the electric utility shall comply with subsections (c) and (d) of Section 16-128, if applicable, and subsection (k) of this Section, if applicable, and provide the Commission with at least 30 days notice of the proposed reorganization or transaction, which notice shall include the following information:

(i) a complete statement of the entries that the electric utility will make on its books and records of account to implement the proposed reorganization or transaction together with a certification from an independent certified public accountant that such entries are in accord with generally accepted accounting principles and, if the Commission has previously approved guidelines for cost allocations between the utility and its affiliates, a certification from the chief accounting officer of the utility that such entries are in accord with those cost allocation guidelines;

(ii) a description of how the electric utility will use proceeds of any sale, assignment, lease or transfer to retire debt or otherwise reduce or recover the costs of services provided by such electric utility;

(iii) a list of all federal approvals or approvals required from departments and agencies of this State, other than the Commission, that the electric utility has or will obtain before implementing the reorganization or transaction;

(iv) an irrevocable commitment by the electric utility that it will not, as a result of the transaction, impose any stranded cost charges that it might otherwise be allowed to charge retail customers under federal law or increase the transition charges that it is otherwise entitled to collect under this Article XVI; and

(v) if the electric utility proposes to sell, assign, lease or otherwise transfer a generating plant that brings the amount of net dependable generating capacity transferred pursuant to this subsection to an amount equal to or greater than 15% of the electric utility’s net dependable capacity as of the effective date of this amendatory Act of 1997, and enters into a power

purchase agreement with the entity to which such generating plant is sold, assigned, leased, or otherwise transferred, the electric utility also agrees, if its fuel adjustment clause has not already been eliminated, to eliminate its fuel adjustment clause in accordance with subsection (b) of Section 9-220 for a period of time equal to the length of any such power purchase agreement or successor agreement, or until January 1, 2005, whichever is longer; if the capacity of the generating plant so transferred and related power purchase agreement does not result in the elimination of the fuel adjustment clause under this subsection, and the fuel adjustment clause has not already been eliminated, the electric utility shall agree that the costs associated with the transferred plant that are included in the calculation of the rate per kilowatt-hour to be applied pursuant to the electric utility's fuel adjustment clause during such period shall not exceed the per kilowatt-hour cost associated with such generating plant included in the electric utility's fuel adjustment clause during the full calendar year preceding the transfer, with such limit to be adjusted each year thereafter by the Gross Domestic Product Implicit Price Deflator.

(vi) In addition, if the electric utility proposes to sell, assign, or lease, (A) either (1) an amount of generating plant that brings the amount of net dependable generating capacity transferred pursuant to this subsection to an amount equal to or greater than 15% of its net dependable capacity on the effective date of this amendatory Act of 1997, or (2) one or more generating plants with a total net dependable capacity of 1100 megawatts, or (B) transmission and distribution facilities that either (1) bring the amount of transmission and distribution facilities transferred pursuant to this subsection to an amount equal to or greater than 15% of the electric utility's total depreciated original cost investment in such facilities, or (2) represent an investment of $25,000,000 in terms of total depreciated original cost, the electric utility shall provide, in addition to the information listed in subparagraphs (i) through (v), the following information: (A) a description of how the electric utility will meet its service obligations under this Act in a safe and reliable manner and (B) the electric utility's projected earned rate of return on common equity, calculated in accordance with subsection (d) of this Section, for each year from the date of the notice through December 31, 2004 both with and without the proposed transaction. If the Commission has not issued an order initiating a hearing on the proposed transaction within 30 days after the date the electric utility's notice is filed, the transaction shall be deemed approved. The Commission may, after notice and hearing, prohibit the proposed transaction if it makes either or both of the following findings: (1) that the proposed transaction will render the electric utility unable to provide its tariffed services in a safe and reliable manner, or (2) that there is a strong likelihood that consummation of the proposed transaction will result

in the electric utility being entitled to request an increase in its base rates during the mandatory transition period pursuant to subsection (d) of this Section. Any hearing initiated by the Commission into the proposed transaction shall be completed, and the Commission's final order approving or prohibiting the proposed transaction shall be entered, within 90 days after the date the electric utility's notice was filed. Provided, however, that a sale, assignment, or lease of transmission facilities to an independent system operator that meets the requirements of Section 16-126 shall not be subject to Commission approval under this Section.

In any proceeding conducted by the Commission pursuant to this subparagraph (vi), intervention shall be limited to parties with a direct interest in the transaction which is the subject of the hearing and any statutory consumer protection agency as defined in subsection (d) of Section 9-102.1. Notwithstanding the provisions of Section 10-113 of this Act, any application seeking rehearing of an order issued under this subparagraph (vi), whether filed by the electric utility or by an intervening party, shall be filed within 10 days after service of the order.

The Commission shall not in any subsequent proceeding or otherwise, review such a reorganization or other transaction authorized by this Section, but shall retain the authority to allocate costs as stated in Section 16-111(i). An entity to which an electric utility sells, assigns, leases or transfers assets pursuant to this subsection (g) shall not, as a result of the transactions specified in this subsection (g), be deemed a public utility as defined in Section 3-105. Nothing in this subsection (g) shall change any requirement under the jurisdiction of the Illinois Department of Nuclear Safety including, but not limited to, the payment of fees. Nothing in this subsection (g) shall exempt a utility from obtaining a certificate pursuant to Section 8-406 of this Act for the construction of a new electric generating facility. Nothing in this subsection (g) is intended to exempt the transactions hereunder from the operation of the federal or State antitrust laws. Nothing in this subsection (g) shall require an electric utility to use the procedures specified in this subsection for any of the transactions specified herein. Any other procedure available under this Act may, at the electric utility's election, be used for any such transaction.

(h) During the mandatory transition period, the Commission shall not establish or use any rates of depreciation, which for purposes of this subsection shall include amortization, for any electric utility other than those established pursuant to subsection (c) of Section 5-104 of this Act or utilized pursuant to subsection (g) of this Section. Provided, however, that in any proceeding to review an electric utility's rates for tariffed services pursuant to Section 9-201, 9-202, 9-250 or 16-111(d) of this Act, the Commission may establish new rates of depreciation for the electric utility in the same manner provided in subsection (d) of Section 5-104 of this Act. An electric utility implementing an accelerated cost recovery method including accelerated depreciation, accelerated amortization or other capital recovery methods, or recording reductions to the original cost of its assets, pursuant to subsection (g) of this Section, shall file a statement with the Commission describing the accelerated cost

recovery method to be implemented or the reduction in the original cost of its assets to be recorded. Upon the filing of such statement, the accelerated cost recovery method or the reduction in the original cost of assets shall be deemed to be approved by the Commission as though an order had been entered by the Commission.

(i) Subsequent to the mandatory transition period, the Commission, in any proceeding to establish rates and charges for tariffed services offered by an electric utility, shall consider only (1) the then current or projected revenues, costs, investments and cost of capital directly or indirectly associated with the provision of such tariffed services; (2) collection of transition charges in accordance with Sections 16-102 and 16-108 of this Act; (3) recovery of any employee transition costs as described in Section 16-128 which the electric utility is continuing to incur, including recovery of any unamortized portion of such costs previously incurred or committed, with such costs to be equitably allocated among bundled services, delivery services, and contracts with alternative retail electric suppliers; and (4) recovery of the costs associated with the electric utility's compliance with decommissioning funding requirements; and shall not consider any other revenues, costs, investments or cost of capital of either the electric utility or of any affiliate of the electric utility that are not associated with the provision of tariffed services. In setting rates for tariffed services, the Commission shall equitably allocate joint and common costs and investments between the electric utility's competitive and tariffed services. In determining the justness and reasonableness of the electric power and energy component of an electric utility's rates for tariffed services subsequent to the mandatory transition period and prior to the time that the provision of such electric power and energy is declared competitive, the Commission shall consider the extent to which the electric utility's tariffed rates for such component for each customer class exceed the market value determined pursuant to Section 16-112, and, if the electric power and energy component of such tariffed rate exceeds the market value by more than 10% for any customer class, may establish such electric power and energy component at a rate equal to the market value plus 10%. In any such case, the Commission may also elect to extend the provisions of Section 16-111(e) for any period in which the electric utility is collecting transition charges, using information applicable to such period.

(j) During the mandatory transition period, an electric utility may elect to transfer to a non-operating income account under the Commission's Uniform System of Accounts either or both of (i) an amount of unamortized investment tax credit that is in addition to the ratable amount which is credited to the electric utility's operating income account for the year in accordance with Section 46(f)(2) of the federal Internal Revenue Code of 1986, as in effect prior to P.L. 101-508, or (ii) "excess tax reserves", as that term is defined in Section 203(e)(2)(A) of the federal Tax Reform Act of 1986, provided that (A) the amount transferred may not exceed the amount of the electric utility's assets that were created pursuant to Statement of Financial Accounting Standards No. 71 which the electric utility has written off during the mandatory transition period, and (B) the transfer shall not be effective until approved by the Internal Revenue Service. An electric utility electing to make such a transfer shall file a statement with the Commission stating the amount and timing of the transfer for which it intends to request approval of the Internal Revenue Service, along

with a copy of its proposed request to the Internal Revenue Service for a ruling. The Commission shall issue an order within 14 days after the electric utility's filing approving, subject to receipt of approval from the Internal Revenue Service, the proposed transfer.

(k) If an electric utility is selling or transferring to a single buyer 5 or more generating plants located in this State with a total net dependable capacity of 5000 megawatts or more pursuant to subsection (g) of this Section and has obtained a sale price or consideration that exceeds 200% of the book value of such plants, the electric utility must provide to the Governor, the President of the Illinois Senate, the Minority Leader of the Illinois Senate, the Speaker of the Illinois House of Representatives, and the Minority Leader of the Illinois House of Representatives no later than 15 days after filing its notice under subsection (g) of this Section or 5 days after the date on which this subsection (k) becomes law, whichever is later, a written commitment in which such electric utility agrees to expend $2 billion outside the corporate limits of any municipality with 1,000,000 or more inhabitants within such electric utility's service area, over a 6-year period beginning with the calendar year in which the notice is filed, on projects, programs, and improvements within its service area relating to transmission and distribution including, without limitation, infrastructure expansion, repair and replacement, capital investments, operations and maintenance, and vegetation management.

(625 ILCS 5/11-208.3) (from Ch. 95 1/2, par. 11-208.3)
Sec. 11-208.3. Administrative adjudication of violations of traffic regulations concerning the standing, parking, or condition of vehicles.

(a) Any municipality may provide by ordinance for a system of administrative adjudication of vehicular standing and parking violations and vehicle compliance violations as defined in this subsection. The administrative system shall have as its purpose the fair and efficient enforcement of municipal regulations through the administrative adjudication of violations of municipal ordinances regulating the standing and parking of vehicles, the condition and use of vehicle equipment, and the display of municipal wheel tax licenses within the municipality's borders. The administrative system shall only have authority to adjudicate civil offenses carrying fines not in excess of $250 that occur after the effective date of the ordinance adopting such a system under this Section. For purposes of this Section,
"compliance violation" means a violation of a municipal regulation governing the condition or use of equipment on a vehicle or governing the display of a municipal wheel tax license.

(b) Any ordinance establishing a system of administrative adjudication under this Section shall provide for:

(1) A traffic compliance administrator authorized to adopt, distribute and process parking and compliance violation notices and other notices required by this Section, collect money paid as fines and penalties for violation of parking and compliance ordinances, and operate an administrative adjudication system. The traffic compliance administrator also may make a certified report to the Secretary of State under Section 6-306.5.

(2) A parking, standing, or compliance violation notice that shall specify the date, time, and place of violation of a parking, standing, or compliance regulation; the particular regulation violated; the fine and any penalty that may be assessed for late payment, when so provided by ordinance; the vehicle make and state registration number; and the identification number of the person issuing the notice. With regard to municipalities with a population of 1 million or more, it shall be grounds for dismissal of a parking violation if the State registration number or vehicle make specified is incorrect. The violation notice shall state that the payment of the indicated fine, and of any applicable penalty for late payment, shall operate as a final disposition of the violation. The notice also shall contain information as to the availability of a hearing in which the violation may be contested on its merits. The violation notice shall specify the time and manner in which a hearing may be had.

(3) Service of the parking, standing, or compliance violation notice by affixing the original or a facsimile of the notice to an unlawfully parked vehicle or by handing the notice to the operator of a vehicle if he or she is present. A person authorized by ordinance to issue and serve parking, standing, and compliance violation notices shall certify as to the correctness of the facts entered on the violation notice by signing his or her name to the notice at the time of service or in the case of a notice produced by a computerized device, by signing a single certificate to be kept by the traffic compliance administrator attesting to the correctness of all notices produced by the device while it was under his or her control. The original or a facsimile of the violation notice or, in the case of a notice produced by a computerized device, a printed record generated by the device showing the facts entered on the notice, shall be retained by the traffic compliance administrator, and shall be a record kept in the ordinary course of business. A parking, standing, or compliance violation notice issued, signed and served in accordance with this Section, or a copy of the notice, or the computer generated record shall be prima facie correct and shall be prima facie evidence of the correctness of the facts shown on the notice. The notice, or copy, or computer generated record shall be admissible in any subsequent administrative or legal proceedings.

(4) An opportunity for a hearing for the registered owner of the vehicle cited in the parking, standing, or compliance violation notice in which the owner may
contest the merits of the alleged violation, and during which formal or technical rules of evidence shall not apply; provided, however, that under Section 11-1306 of this Code the lessee of a vehicle cited in the violation notice likewise shall be provided an opportunity for a hearing of the same kind afforded the registered owner. The hearings shall be recorded, and the person conducting the hearing on behalf of the traffic compliance administrator shall be empowered to administer oaths and to secure by subpoena both the attendance and testimony of witnesses and the production of relevant books and papers. Persons appearing at a hearing under this Section may be represented by counsel at their expense. The ordinance may also provide for internal administrative review following the decision of the hearing officer.

(5) Service of additional notices, sent by first class United States mail, postage prepaid, to the address of the registered owner of the cited vehicle as recorded with the Secretary of State or, under Section 11-1306 of this Code, to the lessee of the cited vehicle at the last address known to the lessor of the cited vehicle at the time of lease. The service shall be deemed complete as of the date of deposit in the United States mail. The notices shall be in the following sequence and shall include but not be limited to the information specified herein:

(i) A second notice of violation. This notice shall specify the date and location of the violation cited in the parking, standing, or compliance violation notice, the particular regulation violated, the vehicle make and state registration number, the fine and any penalty that may be assessed for late payment when so provided by ordinance, the availability of a hearing in which the violation may be contested on its merits, and the time and manner in which the hearing may be had. The notice of violation shall also state that failure either to pay the indicated fine and any applicable penalty, or to appear at a hearing on the merits in the time and manner specified, will result in a final determination of violation liability for the cited violation in the amount of the fine or penalty indicated, and that, upon the occurrence of a final determination of violation liability for the failure, and the exhaustion of, or failure to exhaust, available administrative or judicial procedures for review, any unpaid fine or penalty will constitute a debt due and owing the municipality.

(ii) A notice of final determination of parking, standing, or compliance violation liability. This notice shall be sent following a final determination of parking, standing, or compliance violation liability and the conclusion of judicial review procedures taken under this Section. The notice shall state that the unpaid fine or penalty is a debt due and owing the municipality. The notice shall contain warnings that failure to pay any fine or penalty due and owing the municipality within the time specified may result in the municipality’s filing of a petition in the Circuit Court to have the unpaid fine or penalty rendered a judgment as provided by this Section, or

New matter indicated by italics - deletions by strikeout.
may result in suspension of the person's drivers license for failure to pay fines or penalties for 10 or more parking violations under Section 6-306.5.

(6) A Notice of impending drivers license suspension. This notice shall be sent to the person liable for any fine or penalty that remains due and owing on 10 or more parking violations. The notice shall state that failure to pay the fine or penalty owing within 45 days of the notice's date will result in the municipality notifying the Secretary of State that the person is eligible for initiation of suspension proceedings under Section 6-306.5 of this Code. The notice shall also state that the person may obtain a photostatic copy of an original ticket imposing a fine or penalty by sending a self addressed, stamped envelope to the municipality along with a request for the photostatic copy. The notice of impending drivers license suspension shall be sent by first class United States mail, postage prepaid, to the address recorded with the Secretary of State.

(7) Final determinations of violation liability. A final determination of violation liability shall occur following failure to pay the fine or penalty after a hearing officer's determination of violation liability and the exhaustion of or failure to exhaust any administrative review procedures provided by ordinance. Where a person fails to appear at a hearing to contest the alleged violation in the time and manner specified in a prior mailed notice, the hearing officer's determination of violation liability shall become final: (A) upon denial of a timely petition to set aside that determination, or (B) upon expiration of the period for filing the petition without a filing having been made.

(8) A petition to set aside a determination of parking, standing, or compliance violation liability that may be filed by a person owing an unpaid fine or penalty. The petition shall be filed with and ruled upon by the traffic compliance administrator in the manner and within the time specified by ordinance. The grounds for the petition may be limited to: (A) the person not having been the owner or lessee of the cited vehicle on the date the violation notice was issued, (B) the person having already paid the fine or penalty for the violation in question, and (C) excusable failure to appear at or request a new date for a hearing. With regard to municipalities with a population of 1 million or more, it shall be grounds for dismissal of a parking violation if the State registration number or vehicle make specified is incorrect. After the determination of parking, standing, or compliance violation liability has been set aside upon a showing of just cause, the registered owner shall be provided with a hearing on the merits for that violation.

(9) Procedures for non-residents. Procedures by which persons who are not residents of the municipality may contest the merits of the alleged violation without attending a hearing.

(10) A schedule of civil fines for violations of vehicular standing, parking, and compliance regulations enacted by ordinance pursuant to this Section, and a schedule of penalties for late payment of the fines, provided, however, that the total amount of the fine and penalty for any one violation shall not exceed $250.

(11) Other provisions as are necessary and proper to carry into effect the
powers granted and purposes stated in this Section.

(c) Any municipality establishing vehicular standing, parking, and compliance
regulations under this Section may also provide by ordinance for a program of vehicle
immobilization for the purpose of facilitating enforcement of those regulations. The program
of vehicle immobilization shall provide for immobilizing any eligible vehicle upon the public
way by presence of a restraint in a manner to prevent operation of the vehicle. Any ordinance
establishing a program of vehicle immobilization under this Section shall provide:

(1) Criteria for the designation of vehicles eligible for immobilization. A
vehicle shall be eligible for immobilization when the registered owner of the vehicle
has accumulated the number of unpaid final determinations of parking, standing, or
compliance violation liability as determined by ordinance.

(2) A notice of impending vehicle immobilization and a right to a hearing to
challenge the validity of the notice by disproving liability for the unpaid final
determinations of parking, standing, or compliance violation liability listed on the
notice.

(3) The right to a prompt hearing after a vehicle has been immobilized or
subsequently towed without payment of the outstanding fines and penalties on
parking, standing, or compliance violations for which final determinations have been
issued. An order issued after the hearing is a final administrative decision within the
meaning of Section 3-101 of the Code of Civil Procedure.

(4) A post immobilization and post-towing notice advising the registered
owner of the vehicle of the right to a hearing to challenge the validity of the
impoundment.

(d) Judicial review of final determinations of parking, standing, and compliance
violations and final administrative decisions issued after hearings regarding vehicle
immobilization and impoundment made under this Section shall be subject to the provisions
of the Administrative Review Law.

(e) Any fine, penalty, or part of any fine or any penalty remaining unpaid after the
exhaustion of, or the failure to exhaust, administrative remedies created under this Section
and the conclusion of any judicial review procedures shall be a debt due and owing the
municipality and, as such, may be collected in accordance with applicable law. Payment in
full of any fine or penalty resulting from a standing, parking, or compliance violation shall
constitute a final disposition of that violation.

(f) After the expiration of the period within which judicial review may be sought for
a final determination of parking, standing, or compliance violation, the municipality may
commence a proceeding in the Circuit Court for purposes of obtaining a judgment on the
final determination of violation. Nothing in this Section shall prevent a municipality from
consolidating multiple final determinations of parking, standing, or compliance violation
against a person in a proceeding. Upon commencement of the action, the municipality shall
file a certified copy of the final determination of parking, standing, or compliance violation,
which shall be accompanied by a certification that recites facts sufficient to show that the

final determination of violation was issued in accordance with this Section and the applicable municipal ordinance. Service of the summons and a copy of the petition may be by any method provided by Section 2-203 of the Code of Civil Procedure or by certified mail, return receipt requested, provided that the total amount of fines and penalties for final determinations of parking, standing, or compliance violations does not exceed $2500. If the court is satisfied that the final determination of parking, standing, or compliance violation was entered in accordance with the requirements of this Section and the applicable municipal ordinance, and that the registered owner or the lessee, as the case may be, had an opportunity for an administrative hearing and for judicial review as provided in this Section, the court shall render judgment in favor of the municipality and against the registered owner or the lessee for the amount indicated in the final determination of parking, standing, or compliance violation, plus costs. The judgment shall have the same effect and may be enforced in the same manner as other judgments for the recovery of money.

nurses who have a written collaborative agreement with a collaborating physician which authorizes them to perform health examinations, or physician assistants who have been delegated the performance of health examinations by their supervising physician shall be responsible for the performance of the health examinations, other than dental examinations and vision and hearing screening, and shall sign all report forms required by subsection (4) of this Section that pertain to those portions of the health examination for which the physician, advanced practice nurse, or physician assistant is responsible. If a registered nurse performs any part of a health examination, then a physician licensed to practice medicine in all of its branches must review and sign all required report forms. Licensed dentists shall perform all dental examinations and shall sign all report forms required by subsection (4) of this Section that pertain to the dental examinations. Physicians licensed to practice medicine in all its branches, or licensed optometrists, shall perform all vision exams required by school authorities and shall sign all report forms required by subsection (4) of this Section that pertain to the vision exam. Vision and hearing screening tests, which shall not be considered examinations as that term is used in this Section, shall be conducted in accordance with rules and regulations of the Department of Public Health, and by individuals whom the Department of Public Health has certified.

(3) Every child shall, at or about the same time as he or she receives a health examination required by subsection (1) of this Section, present to the local school proof of having received such immunizations against preventable communicable diseases as the Department of Public Health shall require by rules and regulations promulgated pursuant to this Section and the Communicable Disease Prevention Act.

(4) The individuals conducting the health examination shall record the fact of having conducted the examination, and such additional information as required, on uniform forms which the Department of Public Health and the State Board of Education shall prescribe for statewide use. The examiner shall summarize on the report form any condition that he or she suspects indicates a need for special services. The individuals confirming the administration of required immunizations shall record as indicated on the form that the immunizations were administered.

(5) If a child does not submit proof of having had either the health examination or the immunization as required, then the child shall be examined or receive the immunization, as the case may be, and present proof by October 15 of the current school year, or by an earlier date of the current school year established by a school district. To establish a date before October 15 of the current school year for the health examination or immunization as required, a school district must give notice of the requirements of this Section 60 days prior to the earlier established date. If for medical reasons one or more of the required immunizations must be given after October 15 of the current school year, or after an earlier established date of the current school year, then the child shall present, by October 15, or by the earlier established date, a schedule for the administration of the immunizations and a statement of the medical reasons causing the delay, both the schedule and the statement being issued by the physician, advanced practice nurse, physician assistant, registered nurse, or local health department that will be responsible for administration of the remaining required
immunizations. If a child does not comply by October 15, or by the earlier established date of the current school year, with the requirements of this subsection, then the local school authority shall exclude that child from school until such time as the child presents proof of having had the health examination as required and presents proof of having received those required immunizations which are medically possible to receive immediately. During a child's exclusion from school for noncompliance with this subsection, the child's parents or legal guardian shall be considered in violation of Section 26-1 and subject to any penalty imposed by Section 26-10.

(6) Every school shall report to the State Board of Education by November 15, in the manner which that agency shall require, the number of children who have received the necessary immunizations and the health examination as required, indicating, of those who have not received the immunizations and examination as required, the number of children who are exempt from health examination and immunization requirements on religious or medical grounds as provided in subsection (8). This reported information shall be provided to the Department of Public Health by the State Board of Education.

(7) Upon determining that the number of pupils who are required to be in compliance with subsection (5) of this Section is below 90% of the number of pupils enrolled in the school district, 10% of each State aid payment made pursuant to Section 18-8 to the school district for such year shall be withheld by the regional superintendent until the number of students in compliance with subsection (5) is the applicable specified percentage or higher.

(8) Parents or legal guardians who object to health examinations or any part thereof, or to immunizations, on religious grounds shall not be required to submit their children or wards to the examinations or immunizations to which they so object if such parents or legal guardians present to the appropriate local school authority a signed statement of objection, detailing the grounds for the objection. If the physical condition of the child is such that any one or more of the immunizing agents should not be administered, the examining physician, advanced practice nurse, or physician assistant responsible for the performance of the health examination shall endorse that fact upon the health examination form. Exempting a child from the health examination does not exempt the child from participation in the program of physical education training provided in Sections 27-5 through 27-7 of this Code.

If the plan provides for areas of rescue assistance, the plan must provide that these areas are to be identified by signs that state "Area of Rescue Assistance" and display the international symbol of accessibility. Lettering must be permanent and must comply with Americans with Disabilities Act Accessibility Guidelines.

(f) Each plan must include recommended procedures to be followed by building employees, tenants, or guests to assist persons with disabilities in need of emergency evacuation assistance.

Section 20. Implementation.

(a) The plan must be made available to local law enforcement and fire safety personnel upon request.

(b) The plan must provide the names of and contact information regarding any building personnel to be contacted by law enforcement or fire safety personnel in the event of an emergency requiring implementation of the plan.

(c) The plan must provide for dissemination or availability of the appropriate evacuation procedures portions of the plan to building employees, tenants, or guests.

PUBLIC ACT 92-0708
(Senate Bill No. 1664)

AN ACT concerning mental health and developmental disabilities.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Mental Health and Developmental Disabilities Confidentiality Act is amended by changing Section 10 as follows:

(740 ILCS 110/10) (from Ch. 91 1/2, par. 810)

Sec. 10. (a) Except as provided herein, in any civil, criminal, administrative, or legislative proceeding, or in any proceeding preliminary thereto, a recipient, and a therapist on behalf and in the interest of a recipient, has the privilege to refuse to disclose and to prevent the disclosure of the recipient's record or communications.

(1) Records and communications may be disclosed in a civil, criminal or administrative proceeding in which the recipient introduces his mental condition or any aspect of his services received for such condition as an element of his claim or defense, if and only to the extent the court in which the proceedings have been brought, or, in the case of an administrative proceeding, the court to which an appeal or other action for review of an administrative determination may be taken, finds, after in camera examination of testimony or other evidence, that it is relevant, probative, not unduly prejudicial or inflammatory, and otherwise clearly admissible;

that other satisfactory evidence is demonstrably unsatisfactory as evidence of the facts sought to be established by such evidence; and that disclosure is more important to the interests of substantial justice than protection from injury to the therapist-recipient relationship or to the recipient or other whom disclosure is likely to harm. Except in a criminal proceeding in which the recipient, who is accused in that proceeding, raises the defense of insanity, no record or communication between a therapist and a recipient shall be deemed relevant for purposes of this subsection, except the fact of treatment, the cost of services and the ultimate diagnosis unless the party seeking disclosure of the communication clearly establishes in the trial court a compelling need for its production. However, for purposes of this Act, in any action brought or defended under the Illinois Marriage and Dissolution of Marriage Act, or in any action in which pain and suffering is an element of the claim, mental condition shall not be deemed to be introduced merely by making such claim and shall be deemed to be introduced only if the recipient or a witness on his behalf first testifies concerning the record or communication.

(2) Records or communications may be disclosed in a civil proceeding after the recipient's death when the recipient's physical or mental condition has been introduced as an element of a claim or defense by any party claiming or defending through or as a beneficiary of the recipient, provided the court finds, after in camera examination of the evidence, that it is relevant, probative, and otherwise clearly admissible; that other satisfactory evidence is not available regarding the facts sought to be established by such evidence; and that disclosure is more important to the interests of substantial justice than protection from any injury which disclosure is likely to cause.

(3) In the event of a claim made or an action filed by a recipient, or, following the recipient's death, by any party claiming as a beneficiary of the recipient for injury caused in the course of providing services to such recipient, the therapist and other persons whose actions are alleged to have been the cause of injury may disclose pertinent records and communications to an attorney or attorneys engaged to render advice about and to provide representation in connection with such matter and to persons working under the supervision of such attorney or attorneys, and may testify as to such records or communication in any administrative, judicial or discovery proceeding for the purpose of preparing and presenting a defense against such claim or action.

may receive the payments of tuition and other necessary fees provided by the scholarship or grant, for credit against the student's obligation for such tuition and fees, and for no other purpose, and shall be contractually obligated:

(1) to provide facilities and instruction to the student on the same terms as to other students generally;

(2) to provide the notices and information described in this Act; and to maintain records and documents which demonstrate the eligibility of the students for whom scholarships and grants are claimed.

(b) If, in the course of any academic period, any student enrolled in any institution pursuant to a scholarship or grant awarded under this Act for any reason ceases to be a student in good standing, the institution shall promptly give written notice to the Commission concerning that change of status and the reason therefor. For purposes of this Section, a student does not cease to be a student in good standing merely because he or she is not classified as a full-time student. In any case, a student must be enrolled for at least 6 semester or 6 quarter hours for the term to maintain any eligibility for grant benefits under subsection (c) of Section 35.

(c) A student to whom a renewal scholarship or grant has been awarded may either re-enroll in the institution which he or she attended during the preceding year, or enroll in any other qualified institution of higher learning; and in either event, the institution accepting the student for enrollment or re-enrollment shall notify the Commission of that acceptance and may receive payments and shall be contractually obligated as provided with respect to a first-year scholarship or grant.

(d) The Commission shall administer the scholarship and grant accounts and related records of each student who is attending an institution of higher learning under financial assistance awarded pursuant to this Act, and at each proper time shall certify to the State Comptroller, in the manner prescribed by law, the current payment to be made to the institution on account of such financial assistance, in accordance with an appropriate certificate from the institution. The Commission may require the participating institution of higher learning to perform specific eligibility evaluation procedures as a condition of participation.

(e) The Commission shall conduct on-site audits of educational institutions participating in Commission administered programs. When institutions have claimed and received funds on behalf of ineligible recipients, the Commission may adjust subsequent institutional payments to recover those funds.

(f) The Commission may shall, upon the request of any institution which received payment for scholarship and grant awards for each of the last 5 years, certify to the Comptroller an advance payment for the current term to be made to the institution on account of such financial assistance in an amount not to exceed 75% of announced awards for the institution for such financial assistance for the current term, adjusted for attrition over the last 5 years. For the purposes of this Section, "attrition" is the number of announced award winners enrolled on the 10th class day as a percentage of the total announced awards. The request for an advance payment for the current term shall not be submitted until 10 class days...
after the last day for registration for that term. Upon appropriate certification from the institution presented for each payment period, after the standard tuition and mandatory fees have been established for all students for the term of payment and the award recipient has enrolled, the Commission shall certify to the State Comptroller the balance of the current payment to be made to the institution on account of such financial assistance. If an advance payment received by an institution exceeds the payment to which that institution is entitled, the Commission shall reduce subsequent payments to that institution for later terms within the same academic year as the overpayment by an amount equal to the overpayment; if the reduction cannot be made, the institution shall refund the overpayment to the Commission. The Commission may deny or reduce the advance payment provided to any institution under this Section if it has reason to believe that the advance payment for the current term may exceed the full payment the institution is entitled to receive for such assistance for that term.

(c) If no compensation is payable under paragraphs (a) or (b) of this Section and the employee leaves surviving any child or children who are not entitled to compensation under the foregoing paragraph (a) but who at the time of the accident were nevertheless in any manner dependent upon the earnings of the employee, or leaves surviving a parent or parents who at the time of the accident were partially dependent upon the earnings of the employee, then there shall be paid to such dependent or dependents for a period of 8 years weekly compensation payments at such proportion of the applicable rate if the employee had left surviving a widow or widower as such dependency bears to total dependency. In the event of the death of any such beneficiary the share of such beneficiary shall be divided equally among the surviving beneficiaries and in the event of the death of the last such beneficiary all rights hereunder shall be extinguished.

Upon a finding by the Commission, after reasonable notice and hearing, that any employer has willfully and knowingly failed to pay the proper amounts into the Second Injury Fund or the Rate Adjustment Fund required by this Section or if such payments are not made within the time periods prescribed by this Section, the employer shall, in addition to such payments, pay a penalty of 20% of the amount required to be paid or $2,500, whichever is greater, for each year or part thereof of such failure to pay. This penalty shall only apply to obligations of an employer to the Second Injury Fund or the Rate Adjustment Fund accruing after the effective date of this amendatory Act of 1989. All or part of such a penalty may be waived by the Commission for good cause shown.

Any obligations of an employer to the Second Injury Fund and Rate Adjustment Fund accruing prior to the effective date of this amendatory Act of 1989 shall be paid in full by such employer within 5 years of the effective date of this amendatory Act of 1989, with at least one-fifth of such obligation to be paid during each year following the effective date of this amendatory Act of 1989. If the Commission finds, following reasonable notice and hearing, that an employer has failed to make timely payment of any obligation accruing under the preceding sentence, the employer shall, in addition to all other payments required by this Section, be liable for a penalty equal to 20% of the overdue obligation or $2,500, whichever is greater, for each year or part thereof that obligation is overdue. All or part of such a penalty may be waived by the Commission for good cause shown.

The Director shall verify to the Chairman that the amounts paid by each insurance company are accurate as best as the Director can determine from the records available to the Director. The Chairman shall verify that the amounts paid by each self-insurer are accurate as best as the Chairman can determine from records available to the Chairman. The Chairman may require each self-insurer to provide information concerning the total compensation payments made upon which contributions to the Second Injury Fund and the Rate Adjustment Fund are predicated and any additional information establishing that such payments have been made into these funds. Any deficiencies in payments noted by the Director or Chairman shall be subject to the penalty provisions of this Act.

awards by paragraph (g) of Section 19 of this Act and take the necessary steps to collect the award.

Any person, corporation or organization who has paid or become liable for the payment of burial expenses of the deceased employee may in his or its own name institute proceedings before the Commission for the collection thereof.

For the purpose of administration, receipts and disbursements, the Special Fund provided for in paragraph (f) of this Section shall be administered jointly with the Special Fund provided for in Section 7, paragraph (f) of the Workers' Occupational Diseases Act.

(g) All compensation, except for burial expenses provided in this Section to be paid in case accident results in death, shall be paid in installments equal to the percentage of the average earnings as provided for in Section 8, paragraph (b) of this Act, at the same intervals at which the wages or earnings of the employees were paid. If this is not feasible, then the installments shall be paid weekly. Such compensation may be paid in a lump sum upon petition as provided in Section 9 of this Act. However, in addition to the benefits provided by Section 9 of this Act where compensation for death is payable to the deceased's widow, widower or to the deceased's widow, widower and one or more children, and where a partial lump sum is applied for by such beneficiary or beneficiaries within 18 months after the deceased's death, the Commission may, in its discretion, grant a partial lump sum of not to exceed 100 weeks of the compensation capitalized at their present value upon the basis of interest calculated at 3% per annum with annual rests, upon a showing that such partial lump sum is for the best interest of such beneficiary or beneficiaries.

(h) In case the injured employee is under 16 years of age at the time of the accident and is illegally employed, the amount of compensation payable under paragraphs (a), (b), (c), (d) and (f) of this Section shall be increased 50%.

Nothing herein contained repeals or amends the provisions of the Child Labor Law relating to the employment of minors under the age of 16 years.

However, where an employer has on file an employment certificate issued pursuant to the Child Labor Law or work permit issued pursuant to the Federal Fair Labor Standards Act, as amended, or a birth certificate properly and duly issued, such certificate, permit or birth certificate is conclusive evidence as to the age of the injured minor employee for the purposes of this Section only.

(i) Whenever the dependents of a deceased employee are aliens not residing in the United States, Mexico or Canada, the amount of compensation payable is limited to the beneficiaries described in paragraphs (a), (b) and (c) of this Section and is 50% of the compensation provided in paragraphs (a), (b) and (c) of this Section, except as otherwise provided by treaty.

In a case where any of the persons who would be entitled to compensation is living at any place outside of the United States, then payment shall be made to the personal representative of the deceased employee. The distribution by such personal representative to the persons entitled shall be made to such persons and in such manner as the Commission orders.

(B) Brownfields Site Restoration Program.

(a) (1) The Agency, with the assistance of the Department of Commerce and Community Affairs, must establish and administer a program for the payment of remediation costs to be known as the Brownfields Site Restoration Program. The Agency, through the Program, shall provide Remediation Applicants with financial assistance for the investigation and remediation of abandoned or underutilized properties. The investigation and remediation shall be performed in accordance with this Title XVII of this Act.

(2) For each State fiscal year in which funds are made available to the Agency for payment under this subsection (B), the Agency must, subject to the availability of funds, allocate 20% of the funds to be available to Remediation Applicants within counties with populations over 2,000,000. The remaining funds must be made available to all other Remediation Applicants in the State.

(3) The Agency must not approve payment in excess of $750,000 to a Remediation Applicant for remediation costs incurred at a remediation site. Eligibility must be determined based on a minimum capital investment in the redevelopment of the site, and payment amounts must not exceed the net economic benefit to the State of the remediation project. In addition to these limitations, the total payment to be made to an applicant must not exceed an amount equal to 20% of the capital investment at the site.

submit to the Agency its proposed remediation costs. The Agency shall make a pre-application assessment, which is not to be binding upon the Department of Commerce and Community Affairs or upon future review of the project, relating only to whether the Agency has adequate funding to reimburse the applicant for the remediation costs if the applicant is found to be eligible for reimbursement of remediation costs. If the Agency determines that it is likely to have adequate funding to reimburse the applicant for remediation costs, the Remediation Applicant may then submit to the Department of Commerce and Community Affairs an application for review of eligibility. The Department must review the eligibility application to determine whether the Remediation Applicant is eligible for the payment. The application must be on forms prescribed and provided by the Department of Commerce and Community Affairs. At a minimum, the application must include the following:

1. Information identifying the Remediation Applicant and the site for which the payment is being sought and the date of acceptance into the Site Remediation Program.

2. Information demonstrating that the site for which the payment is being sought is abandoned or underutilized property. "Abandoned property" means real property previously used for, or that has the potential to be used for, commercial or industrial purposes that reverted to the ownership of the State, a county or municipal government, or an agency thereof, through donation, purchase, tax delinquency, foreclosure, default, or settlement, including conveyance by deed in lieu of foreclosure; or privately owned property that has been vacant for a period of not less than 3 years from the time an application is made to the Department of Commerce and Community Affairs. "Underutilized property" means real property of which less than 35% of the commercially usable space of the property and improvements thereon are used for their most commercially profitable and economically productive uses.

3. Information demonstrating that remediation of the site for which the payment is being sought will result in a net economic benefit to the State of Illinois. The "net economic benefit" must be determined based on factors including, but not limited to, the capital investment, the number of jobs created, the number of jobs retained if it is demonstrated the jobs would otherwise be lost, capital improvements, the number of construction-related jobs, increased sales, material purchases, other increases in service and operational expenditures, and other factors established by the Department of Commerce and Community Affairs. Priority must be given to sites located in areas with high levels of poverty, where the unemployment rate exceeds the State average, where an enterprise zone exists, or where the area is otherwise economically depressed as determined by the Department of Commerce and Community Affairs.

If the application is approved or approved with modifications, the Department of Commerce and Community Affairs' letter must also include its determination of the "net economic benefit" of the remediation project and the maximum amount of the payment to be made available to the applicant for remediation costs. The payment by the Agency under this subsection (B) must not exceed the "net economic benefit" of the remediation project, as determined by the Department of Commerce and Community Affairs.

(e) An application for a review of remediation costs must not be submitted to the Agency unless the Department of Commerce and Community Affairs has determined the Remediation Applicant is eligible under subdivision (B)(d). If the Department of Commerce and Community Affairs has determined that a Remediation Applicant is eligible under subdivision (B)(d), the Remediation Applicant may submit an application for payment to the Agency under this subsection (B). Except as provided in subdivision (B)(f), an application for review of remediation costs must not be submitted until a No Further Remediation Letter has been issued by the Agency and recorded in the chain of title for the site in accordance with Section 58.10. The Agency must review the application to determine whether the costs submitted are remediation costs and whether the costs incurred are reasonable. The application must be on forms prescribed and provided by the Agency. At a minimum, the application must include the following:

1. Information identifying the Remediation Applicant and the site for which the payment is being sought and the date of acceptance of the site into the Site Remediation Program.

2. A copy of the No Further Remediation Letter with official verification that the letter has been recorded in the chain of title for the site and a demonstration that the site for which the application is submitted is the same site as the one for which the No Further Remediation Letter is issued.

3. A demonstration that the release of the regulated substances of concern for which the No Further Remediation Letter was issued was not caused or contributed to in any material respect by the Remediation Applicant. The Agency must make determinations as to reimbursement availability consistent with rules adopted by the Pollution Control Board for the administration and enforcement of Section 58.9 of this Act.

4. A copy of the Department of Commerce and Community Affairs' letter approving eligibility, including the net economic benefit of the remediation project.

(7) A demonstration that the costs submitted for review were incurred by the Remediation Applicant who received the No Further Remediation Letter.

(8) An application fee in the amount set forth in subdivision (B)(j) for each site for which review of remediation costs is requested.

(9) Any other information deemed appropriate by the Agency.

(f) An application for review of remediation costs may be submitted to the Agency prior to the issuance of a No Further Remediation Letter if the Remediation Applicant has a Remedial Action Plan approved by the Agency under the terms of which the Remediation Applicant will remediate groundwater for more than one year. The Agency must review the application to determine whether the costs submitted are remediation costs and whether the costs incurred are reasonable. The application must be on forms prescribed and provided by the Agency. At a minimum, the application must include the following:

(1) Information identifying the Remediation Applicant and the site for which the payment is being sought and the date of acceptance of the site into the Site Remediation Program.

(2) A copy of the Agency letter approving the Remedial Action Plan.

(3) A demonstration that the release of the regulated substances of concern for which the Remedial Action Plan was approved was not caused or contributed to in any material respect by the Remediation Applicant. The Agency must make determinations as to reimbursement availability consistent with rules adopted by the Pollution Control Board for the administration and enforcement of Section 58.9 of this Act.

(4) A copy of the Department of Commerce and Community Affairs’ letter approving eligibility, including the net economic benefit of the remediation project.

(5) An itemization and documentation, including receipts, of the remediation costs incurred.

(6) A demonstration that the costs incurred are remediation costs as defined in this Act and rules adopted under this Act.

(7) A demonstration that the costs submitted for review were incurred by the Remediation Applicant who received approval of the Remediation Action Plan.

(8) An application fee in the amount set forth in subdivision (B)(j) for each site for which review of remediation costs is requested.

(9) Any other information deemed appropriate by the Agency.

(g) For a Remediation Applicant seeking a payment under subdivision (B)(f), until the Agency issues a No Further Remediation Letter for the site, no more than 75% of the allowed payment may be claimed by the Remediation Applicant. The remaining 25% may be claimed following the issuance by the Agency of a No Further Remediation Letter for the site. For a Remediation Applicant seeking a payment under subdivision (B)(e), until the
Agency issues a No Further Remediation Letter for the site, no payment may be claimed by the Remediation Applicant.

(h) (1) Within 60 days after receipt by the Agency of an application meeting the requirements of subdivision (B)(e) or (B)(f), the Agency must issue a letter to the applicant approving, disapproving, or modifying the remediation costs submitted in the application. If an application is disapproved or approved with modification of remediation costs, then the Agency’s letter must set forth the reasons for the disapproval or modification.

(2) If a preliminary review of a budget plan has been obtained under subdivision (B)(i), the Remediation Applicant may submit, with the application and supporting documentation under subdivision (B)(e) or (B)(f), a copy of the Agency’s final determination accompanied by a certification that the actual remediation costs incurred for the development and implementation of the Remedial Action Plan are equal to or less than the costs approved in the Agency’s final determination on the budget plan. The certification must be signed by the Remediation Applicant and notarized. Based on that submission, the Agency is not required to conduct further review of the costs incurred for development and implementation of the Remedial Action Plan and may approve costs as submitted.

(3) Within 35 days after receipt of an Agency letter disapproving or modifying an application for approval of remediation costs, the Remediation Applicant may appeal the Agency’s decision to the Board in the manner provided for the review of permits in Section 40 of this Act.

(i) (1) A Remediation Applicant may obtain a preliminary review of estimated remediation costs for the development and implementation of the Remedial Action Plan by submitting a budget plan along with the Remedial Action Plan. The budget plan must be set forth on forms prescribed and provided by the Agency and must include, but is not limited to, line item estimates of the costs associated with each line item (such as personnel, equipment, and materials) that the Remediation Applicant anticipates will be incurred for the development and implementation of the Remedial Action Plan. The Agency must review the budget plan along with the Remedial Action Plan to determine whether the estimated costs submitted are remediation costs and whether the costs estimated for the activities are reasonable.

(2) If the Remedial Action Plan is amended by the Remediation Applicant or as a result of Agency action, the corresponding budget plan must be revised accordingly and resubmitted for Agency review.

(3) The budget plan must be accompanied by the applicable fee as set forth in subdivision (B)(j).

(4) Submittal of a budget plan must be deemed an automatic 60-day waiver of the Remedial Action Plan review deadlines set forth in this subsection (B) and rules adopted under this subsection (B).

(5) Within the applicable period of review, the Agency must issue a letter to the Remediation Applicant approving, disapproving, or modifying the estimated remediation costs submitted.

AN ACT in relation to military affairs.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Military Code of Illinois is amended by adding Article V-A and changing the heading of Article VII as follows:

(20 ILCS 1805/Art. V-A heading new)

ARTICLE V-A. NATIONAL GUARD EMPLOYMENT RIGHTS

(20 ILCS 1805/30.1 new)

Sec. 30.1. Article short title. This Article may be cited as the Illinois National Guard Employment Rights Law.

(20 ILCS 1805/30.5 new)

Sec. 30.5. Public policy. As a guide to the interpretation and application of this Article, the public policy of the State is declared as follows:

The United States has provided for the reemployment rights of members of the Reserve Components of the armed forces, and of the National Guard of the states, while serving in duty or training statuses pursuant to Title 10 or 32 of the United States Code, by enacting the Uniformed Services Employment and Reemployment Rights Act, codified at Title 38, United States Code, Chapter 43. The Uniformed Services Employment and Reemployment Rights Act, however, does not provide any such protection to members of the National Guard serving the states, including the State of Illinois, in a State Active Duty status pursuant to orders of the Governor.

The United States has also provided relief from certain civil obligations for personnel of the United States armed forces serving on federal active duty under Title 10 of the United States Code, by enacting the Soldiers' and Sailors' Civil Relief Act of 1940, codified at Title 50 Appendix, United States Code, Sections 501-591. Members of the National Guard serving other than in such a federal active duty status under Title 10 of the United States Code, however, are not subject to, nor do they receive the protections of, the Soldiers' and Sailors' Civil Relief Act of 1940.

As a constituent commonwealth of the United States, and in accordance with the constitutions of the United States and of the State of Illinois, the State of Illinois must provide for the defense of its citizens and territory against domestic and foreign threats, and the Illinois National Guard is an essential part of the State's ability to meet such threats. It is therefore declared to be the policy of the State of Illinois (i) to ensure the readiness of members of the National Guard to execute missions assigned by appropriate federal or State authorities by guaranteeing adequate protections of their right to return to civilian employment upon completion of State Active Duty and (ii) to grant members of the National Guard relief from certain civil obligations while performing periods of training or duty under Title 32 of the United States Code and State Active Duty.

Sec. 30.10. Definitions. In this Article:
"National Guard" has the definition provided by federal law at 10 U.S.C. 101(c).
"Illinois National Guard" has the definition provided in Sections 5 and 7 of this Code.
"Federal active duty under Title 10 of the United States Code" means active federal service of members of the National Guard pursuant to any provision of Chapter 1209 of Title 10 of the United States Code.
"Training or duty under Title 32 of the United States Code" means active or inactive National Guard training or duty performed pursuant to Chapter 5 of Title 32 of the United States Code and pursuant to the orders of the Governor.
"State Active Duty" means National Guard duty performed in the active service of any state or United States territory or commonwealth in accordance with that jurisdiction's laws and pursuant to the orders of the Governor concerned. It does not refer to active duty performed pursuant to Chapter 5 of Title 32 of the United States Code and pursuant to the orders of the Governor.
"Political subdivision" means any unit of local government or school district.
(20 ILCS 1805/30.15 new)
Sec. 30.15. National Guard; State Active Duty; reemployment rights.
(a) Any member of the National Guard ("a member") employed by a private employer in the State of Illinois or by the State of Illinois or any political subdivision of the State whose absence from a position of employment is necessitated by reason of being called to State Active Duty, whether or not voluntary, shall be entitled to reemployment rights and benefits and other employment benefits under this Article if:
(1) the member (or an appropriate officer of the National Guard in which the service is performed) has given advance written or oral notice of the service, if reasonably possible;
(2) the member reports to, or submits an application for reemployment to, the employer in accordance with the provisions of subsection (e); and
(3) the character of the member's service on State Active Duty was honorable, under honorable conditions, or otherwise characterized as satisfactory.
(b) No notice is required under subsection (a) if precluded by military necessity, or if the giving of the notice is not reasonably possible, under all relevant circumstances. A written determination of military necessity for the purposes of this subsection shall be made by the Adjutant General of Illinois and shall not be subject to judicial review.
(c) An employer is not required to reemploy a member under this Section if:
(1) the employer's circumstances have so changed as to make such reemployment impossible or unreasonable, or if reemployment would impose an undue hardship on the employer; or
(2) the employment from which the member leaves to serve in the National Guard on State Active Duty is for a brief, nonrecurrent period and there is no reasonable expectation that the employment will continue indefinitely or for a significant period.

New matter indicated by italics - deletions by strikeout.
(d) In any proceeding involving an issue of whether (i) any reemployment referred to in subsection (c) is impossible or unreasonable because of a change in an employer's circumstances; (ii) any accommodation, training, or effort referred to in subdivision (c)(1) would impose an undue hardship on the employer; or (iii) the employment referred to in subdivision (c)(2) is for a brief, nonrecurrent period and there is no reasonable expectation that the employment will continue indefinitely or for a significant period, the employer has the burden of proving the impossibility or unreasonableness, the undue hardship, or the brief or nonrecurrent nature of the employment without a reasonable expectation of continuing indefinitely or for a significant period.

(e) Subject to subsection (f), a member referred to in subsection (a) shall, upon completion of a period of State Active Duty, notify the employer referred to in subsection (a) of the member's intent to return to a position of employment with the employer as follows:

(1) In the case of a member whose period of State Active Duty was less than 31 days, by reporting to the employer:
   (A) not later than the beginning of the first full regularly scheduled work period on the first full calendar day following completion of the period of State Active Duty and the expiration of 8 hours after a period allowing for safe transportation of the member from the place of that duty to the member's residence; or
   (B) as soon as possible after the expiration of the 8-hour period referred to in paragraph (A), if reporting within that period is impossible or unreasonable through no fault of the member.

(2) In the case of a member whose period of State Active Duty was more than 30 days but less than 180 days, by submitting an application for reemployment with the employer not less than 14 days after completion of the period of State Active Duty, or if submitting the application within that period is impossible or unreasonable through no fault of the member, the next full calendar day when submission of the application becomes possible.

(3) In the case of a member whose period of State Active Duty was 180 days or more, by submitting an application for reemployment with the employer not later than 90 days after completion of the period of service.

(f) A member who is hospitalized for, or convalescing from, an illness or injury incurred in, or aggravated during, the performance of a period of State Active Duty shall, at the end of the period that is necessary for the member to recover from the illness or injury, report to the member's employer or submit an application for reemployment with the employer. The period of recovery shall not exceed 2 years, except that the 2-year period shall be extended by the minimum time required to accommodate the circumstances beyond the member's control which make reporting within the 2-year period impossible or unreasonable.

(g) A member who fails to report or apply for employment or reemployment within the appropriate period specified in this Section shall not automatically forfeit his or her rights and benefits under subsection (a), but shall be subject to the conduct rules, established

policy, and general practices of the employer pertaining to explanations and discipline with respect to absence from scheduled work.

(h) A member who submits an application for reemployment in accordance with this Article shall, upon the request of the employer, provide to the employer documentation to establish that:

(1) the member's application is timely; and
(2) the character of the member's service was honorable, under honorable conditions, or otherwise satisfactory.

The failure of a member to provide documentation as prescribed in this subsection may not be the basis for denying reemployment if the failure occurs because the documentation does not exist or is not readily available at the time of the employer's request. If, after reemployment, documentation becomes available that establishes that the member does not meet one or more of the requirements in paragraph (1) or (2), the employer may terminate the member's employment in accordance with the conduct rules, established policy, and general practices of the employer pertaining to explanation and discipline with respect to absence from scheduled work. An employer may not delay or attempt to defeat a reemployment obligation by demanding documentation that does not exist or is not then readily available.

(i) Except as otherwise provided by this subsection, a member entitled to reemployment under this Article, upon completion of a period of State Active Duty, shall be promptly reemployed in the position of employment which he or she left with the same increases in status, seniority, and wages that were earned during his or her period of State Active Duty by employees in like positions who were on the job at the time the returning member entered State Active Duty, or to a position of like seniority, status, and pay, unless the employer's circumstances have so changed as to make it impossible or unreasonable to do so.

If at the time of requesting reemployment, the member is no longer physically, mentally, or otherwise qualified or able to perform the duties of the position of employment which he or she left due to disability acquired incident to his or her service in State Active Duty, but is qualified and able to perform the duties of any other position in the employ of the employer, then the member shall be restored to that other position, the duties of which he or she is qualified and able to perform and that will provide him or her with like seniority, status, and pay, or the nearest approximation thereof consistent with the circumstances of the case.

If a member enters State Active Duty and the position of employment which he or she left is filled by one or more employees who are also members of the National Guard and who later enter State Active Duty, the members shall, upon release from State Active Duty, be given preference in the matter of reemployment in the order in which they entered State Active Duty, and the employer shall not be required to retain more than one of them in his or her employ.

(j) Except as otherwise provided in this Section, each member in the employ of a private employer or of the State of Illinois or a political subdivision of the State who, for the

purpose of entering State Active Duty, has left or leaves that employment but who has been rejected for State Active Duty for lack of proper qualifications, shall be restored by the employer (i) to the position of employment which the member left with the same seniority, status, and wage increases that an employee who was employed in that position at the time the member left to enter State Active Duty earned during the time the member was absent from employment because of his or her attempt to enter State Active Duty or (ii) to a position of like seniority, status, and pay, provided that at the time of the rejection for State Active Duty the member is qualified to perform the duties of the position of employment which he or she left and has made application for reemployment within the time period specified in subsection (e) after receiving official notice of the rejection for State Active Duty.

(20 ILCS 1805/30.20 new)
Sec. 30.20. Reemployment; benefits.

(a) Any member of the National Guard who is reemployed or seeks reemployment to a position of employment in accordance with the provisions of this Article, shall be considered as having been on furlough or leave of absence during his or her State Active Duty and shall be so reemployed without loss of seniority and shall be entitled to participate in insurance or other benefits offered by the employer pursuant to established rules and practices relating to employees on furlough or leave of absence in effect with the employer at the time the member entered State Active Duty. The member shall not be discharged from the position without cause within one year after reemployment.

(b) If an employer provides health insurance, an exclusion or waiting period may not be imposed in connection with coverage of a health or physical condition of a member entitled to participate in that insurance under this Section, or a health or physical condition of any other person who is covered by the insurance by reason of the coverage of that member, if: (i) the condition arose before or during that member's period of State Active Duty; (ii) an exclusion or waiting period would not have been imposed for the condition during a period of coverage resulting from participation by that member in the insurance; and (iii) the condition of that member has not been determined to be service connected.

(20 ILCS 1805/30.25 new)
Sec. 30.25. Stay of prosecution. During and for a period of 14 days after a period of training or duty in excess of 29 days either under Title 32 of the United States Code or under State Active Duty, a court having jurisdiction over the enforcement of any civil obligation or liability, the prosecution of any civil suit or proceeding, or the entry or enforcement of any civil order, writ, judgment, or decree may stay, postpone, or suspend the matter if the court determines that a person's failure to meet the obligation is the direct result of that period of training or duty. The stay, postponement, or suspension of proceedings does not in any way modify any condition, obligation, term, or liability agreed upon or incurred by a person in military service including but not limited to accrued interest, late fees, or penalties. No stay, postponement, or suspension shall be provided regarding any written agreement entered into, or debt that is incurred, by the person during or after his or her period of training or duty either under Title 32 of the United States Code or under State Active Duty.

Sec. 30.30. School attendance and tuition. Any person in federal active duty under Title 10 of the United States Code, or in training or duty under Title 32 of the United States Code, or in State Active Duty, pursuant to the orders of the Governor has the right to receive a full monetary credit or refund for funds paid to any Illinois public university, college, or community college if the person is placed into a period of military service with the State of Illinois pursuant to the orders of the Governor and is unable to attend the university or college for a period of 7 or more days. Withdrawal from the course shall not impact upon the final grade point average of the person. If any person who has been enrolled in any Illinois public university, college, or community college is unable to process his or her enrollment for the upcoming term, he or she shall have any and all late penalties and or charges set aside, including any and all late processing fees for books, lab fees, and all items that were not in place because the person was engaged in military service and was unable to enroll in the courses at the appropriate time. The rights set forth in this Section are in addition to any rights afforded to persons in military service with the State of Illinois pursuant to the orders of the Governor under the policies of an Illinois public university, college, or community college.

The nature of any change shall be stated in the affidavit. Failure to file an affidavit shall, in the discretion of the assessment officer, constitute cause to terminate the exemption of that property, notwithstanding any other provision of this Code. Owners of 5 or more such exempt parcels within a county may file a single annual affidavit in lieu of an affidavit for each parcel. The assessment officer, upon request, shall furnish an affidavit form to the owners, in which the owner may state whether there has been any change in the ownership or use of the property or status of the owner or resident as of January 1 of that year. The owner of 5 or more exempt parcels shall list all the properties giving the same information for each parcel as required of owners who file individual affidavits.

The registry may consist of a single record or a combination of records maintained in paper or electronic form and may include copies of records kept by the county treasurer for other purposes, all to be used as the county clerk deems appropriate to carry out the purposes of this Section. The information in the registry shall be made available to the public.

(b) The county clerk of each county is authorized to promulgate reasonable rules, procedures, and forms for purposes of creating and maintaining the registry and for access to the registry information by members of the public. Any registered owner of a certificate of purchase may update the registration at any time without charge by submitting to the county clerk any lawful change of name, address, or telephone number.

(d) If notice is required to be given to the owner of the certificate of purchase in any proceeding, whether judicial or administrative, affecting a tax sale conducted under any provision of this Code, the notice may be directed to the most recent owner of the certificate of purchase appearing in the county clerk's registry under this Section. Any notice that has been directed as provided in this Section shall be conclusively presumed to be properly directed to the owner of the certificate of purchase for all purposes related to the proceeding in which the notice is given. No objection or assertion by any assignee of a certificate of purchase in any proceeding shall be heard on grounds that a notice to the tax purchaser was misrepresented, unless that assignee's current and lawful name, address, and telephone number were submitted to the county clerk's registry at the time of the notice in question.

(e) The county clerk may assess an automation fee of no more than $10 to be paid by the owner of the certificate of purchase for each assignment of the certificate that is registered under this Section. AN ACT concerning local funds.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Local Governmental and Governmental Employees Tort Immunity Act is amended by changing Section 9-107 as follows:
(745 ILCS 10/9-107) (from Ch. 85, par. 9-107)
Sec. 9-107. Policy; tax levy.
(a) The General Assembly finds that the purpose of this Section is to provide an extraordinary tax for funding expenses relating to tort liability, insurance, and risk management programs. Thus, the tax has been excluded from various limitations otherwise applicable to tax levies. Notwithstanding the extraordinary nature of the tax authorized by this Section, however, it has become apparent that some units of local government are using the tax revenue to fund expenses more properly paid from general operating funds. These uses of the revenue are inconsistent with the limited purpose of the tax authorization.

Therefore, the General Assembly declares, as a matter of policy, that (i) the use of the tax revenue authorized by this Section for purposes not expressly authorized under this Act

New matter indicated by italics - deletions by strikeout.
is improper and (ii) the provisions of this Section shall be strictly construed consistent with this declaration and the Act's express purposes.

(b) A local public entity may annually levy or have levied on its behalf taxes upon all taxable property within its territory at a rate that will produce a sum that will be sufficient to: (i) pay the cost of insurance, individual or joint self-insurance (including reserves thereon), including all operating and administrative costs and expenses directly associated therewith, claims services and risk management directly attributable to loss prevention and loss reduction, legal services directly attributable to the insurance, self-insurance, or joint self-insurance program, and educational, inspectional, and supervisory services directly relating to loss prevention and loss reduction, participation in a reciprocal insurer as provided in Sections 72, 76, and 81 of the Illinois Insurance Code, or participation in a reciprocal insurer, all as provided in settlements or judgments under Section 9-102, including all costs and reserves directly attributable to being a member of an insurance pool, under Section 9-103; (ii) pay the costs of and principal and interest on bonds issued under Section 9-105; (iii) pay judgments and settlements under Section 9-104; and (iv) discharge obligations under Section 34-18.1 of The School Code, as now or hereafter amended, and to pay the cost of risk management programs. Provided it complies with any other applicable statutory requirements, the local public entity may self-insure and establish reserves for expected losses for any property damage or for any liability or loss for which the local public entity is authorized to levy or have levied on its behalf taxes for the purchase of insurance or the payment of judgments or settlements under this Section. The decision of the board to establish a reserve shall be based on reasonable actuarial or insurance underwriting evidence and subject to the limits and reporting provisions in Section 9-103.

If a school district was a member of a joint-self-health-insurance cooperative that had more liability in outstanding claims than revenue to pay those claims, the school board of that district may by resolution make a one-time transfer from any fund in which tort immunity moneys are maintained to the fund or funds from which payments to a joint-self-health-insurance cooperative can be or have been made of an amount not to exceed the amount of the liability claim that the school district owes to the joint-self-health-insurance cooperative or that the school district paid within the 2 years immediately preceding the effective date of this amendatory Act of the 92nd General Assembly.

Funds raised pursuant to this Section shall only be used for the purposes specified in this Act, including protection against and reduction of any liability or loss described hereinabove and under Federal or State common or statutory law, the Workers' Compensation Act, the Workers' Occupational Diseases Act and the Unemployment Insurance Act. Funds raised pursuant to this Section may be invested in any manner in which other funds of local public entities may be invested under Section 2 of the Public Funds Investment Act. Interest on such funds shall be used only for purposes for which the funds can be used or, if surplus, must be used for abatement of property taxes levied by the local taxing entity.

A local public entity may enter into intergovernmental contracts with a term of not
to exceed 12 years for the provision of joint self-insurance which contracts may include an obligation to pay a proportional share of a general obligation or revenue bond or other debt instrument issued by a local public entity which is a party to the intergovernmental contract and is authorized by the terms of the contract to issue the bond or other debt instrument. Funds due under such contracts shall not be considered debt under any constitutional or statutory limitation and the local public entity may levy or have levied on its behalf taxes to pay for its proportional share under the contract. Funds raised pursuant to intergovernmental contracts for the provision of joint self-insurance may only be used for the payment of any cost, liability or loss against which a local public entity may protect itself or self-insure pursuant to Section 9-103 or for the payment of which such entity may levy a tax pursuant to this Section, including tort judgments or settlements, costs associated with the issuance, retirement or refinancing of the bonds or other debt instruments, the repayment of the principal or interest of the bonds or other debt instruments, the costs of the administration of the joint self-insurance fund, consultant, and risk care management programs or the costs of insurance. Any surplus returned to the local public entity under the terms of the intergovernmental contract shall be used only for purposes set forth in subsection (a) of Section 9-103 and Section 9-107 or for abatement of property taxes levied by the local taxing entity.

Any tax levied under this Section shall be levied and collected in like manner with the general taxes of the entity and shall be exclusive of and in addition to the amount of tax that entity is now or may hereafter be authorized to levy for general purposes under any statute which may limit the amount of tax which that entity may levy for general purposes. The county clerk of the county in which any part of the territory of the local taxing entity is located, in reducing tax levies under the provisions of any Act concerning the levy and extension of taxes, shall not consider any tax provided for by this Section as a part of the general tax levy for the purposes of the entity nor include such tax within any limitation of the percent of the assessed valuation upon which taxes are required to be extended for such entity.

With respect to taxes levied under this Section, either before, on, or after the effective date of this amendatory Act of 1994:

(1) Those taxes are excepted from and shall not be included within the rate limitation imposed by law on taxes levied for general corporate purposes by the local public entity authorized to levy a tax under this Section.

(2) Those taxes that a local public entity has levied in reliance on this Section and that are excepted under paragraph (1) from the rate limitation imposed by law on taxes levied for general corporate purposes by the local public entity are not invalid because of any provision of the law authorizing the local public entity's tax levy for general corporate purposes that may be construed or may have been construed to restrict or limit those taxes levied, and those taxes are hereby validated. This validation of taxes levied applies to all cases pending on or after the effective date of this amendatory Act of 1994.

(3) Paragraphs (1) and (2) do not apply to a hospital organized under Article...
170 or 175 of the Township Code, under the Town Hospital Act, or under the Township Non-Sectarian Hospital Act and do not give any authority to levy taxes on behalf of such a hospital in excess of the rate limitation imposed by law on taxes levied for general corporate purposes. A hospital organized under Article 170 or 175 of the Township Code, under the Town Hospital Act, or under the Township Non-Sectarian Hospital Act is not prohibited from levying taxes in support of tort liability bonds if the taxes do not cause the hospital's aggregate tax rate from exceeding the rate limitation imposed by law on taxes levied for general corporate purposes.

Revenues derived from such tax shall be paid to the treasurer of the local taxing entity as collected and used for the purposes of this Section and of Section 9-102, 9-103, 9-104 or 9-105, as the case may be. If payments on account of such taxes are insufficient during any year to meet such purposes, the entity may issue tax anticipation warrants against the current tax levy in the manner provided by statute.

certificate renewed.

(d) The State Board of Education in consultation with the State Teacher Certification Board shall conduct a pilot administration of the tests by administering the test to students completing teacher education programs in the 1986-87 school year for the purpose of determining the effect and impact of testing candidates for certification.

Beginning with the 2002-2003 academic year, a student may not enroll in a teacher preparation program at a recognized teacher training institution until he or she has passed the basic skills test.

Beginning with the 2004-2005 academic year, a preservice education teacher may not student teach until he or she has passed the subject matter test in the discipline in which he or she will student teach.

(e) The rules and regulations developed to implement the required test of basic skills and subject matter knowledge shall include the requirements of subsections (a), (b), and (c) and shall include specific regulations to govern test selection; test validation and determination of a passing score; administration of the tests; frequency of administration; applicant fees; frequency of applicants’ taking the tests; the years for which a score is valid; and, waiving certain additional tests for additional certificates to individuals who have satisfactorily passed the test of basic skills and subject matter knowledge as required in subsection (a). The State Board of Education shall provide, by rule, specific policies that assure uniformity in the difficulty level of each form of the basic skills test and each subject matter knowledge test from test-to-test and year-to-year. The State Board of Education shall also set a passing score for the tests.

(f) The State Teacher Certification Board may issue a nonrenewable temporary certificate between July 1, 1988 and August 31, 1988 to individuals who have taken the tests of basic skills and subject matter knowledge prescribed by this Section but have not received such test scores by August 31, 1988. Such temporary certificates shall expire on December 31, 1988.

(g) Beginning February 15, 2000, the State Board of Education, in consultation with the State Teacher Certification Board, shall implement and administer a new system of certification for teachers in the State of Illinois. The State Board of Education, in consultation with the State Teacher Certification Board, shall design and implement a system of examinations and various other criteria which shall be required prior to the issuance of Initial Teaching Certificates and Standard Teaching Certificates. These examinations and indicators shall be based on national and State professional teaching standards, as determined by the State Board of Education, in consultation with the State Teacher Certification Board. The State Board of Education may adopt any and all regulations necessary to implement and administer this Section.

(h) The State Board of Education shall report to the Illinois General Assembly and the Governor with recommendations for further changes and improvements to the teacher certification system no later than July 1, 1999 and on an annual basis until July 1, 2001.

(2) If the owner or operator intends to seek payment from the Fund, prior to conducting any physical soil classification and groundwater investigation activities required by statute or regulation, the owner or operator shall submit to the Agency for the Agency's approval or modification a physical soil classification and groundwater investigation budget which includes, but is not limited to, an accounting of all costs associated with the implementation and completion of the physical soil classification and groundwater investigation plan.

(3) Within 30 days of completion of the physical soil classification or groundwater investigation report the owner or operator shall submit to the Agency:

(A) all physical soil classification and groundwater investigation results; and

(B) a certification by a Licensed Professional Engineer or Licensed Professional Geologist of the site's classification as High Priority, Low Priority, or No Further Action in accordance with subsection (b) of this Section as High Priority, Low Priority, or No Further Action.

(b) Site Classification.

(1) After evaluation of the physical soil classification and groundwater investigation results, when required, and general site information, the site shall be classified as "No Further Action", "Low Priority", or "High Priority" based on the requirements of this Section. Site classification shall be determined by a Licensed Professional Engineer or Licensed Professional Geologist in accordance with the requirements of this Title and the Licensed Professional Engineer or Licensed Professional Geologist shall submit a certification to the Agency of the site classification. The Agency has the authority to audit site classifications and reject or modify any site classification inconsistent with the requirements of this Title.

(2) Sites shall be classified as No Further Action if the criteria in subparagraph (A) are satisfied:

(ii) A site evaluation under the direction of a Licensed Professional Engineer or Licensed Professional Geologist verifies the physical soil classification conditions are consistent with those indicated on the Illinois Geological Survey Circular (1984) titled "Potential for Contamination of Shallow Aquifers in Illinois," by Berg, Richard C., et al.; and

(iii) The conditions identified in subsections (b) (3)(B), (C), (D), and (E) do not exist.

(B) Groundwater investigation monitoring may be required to confirm that a site meets the criteria of a No Further Action site. The Board shall
adopt rules setting forth the criteria under which the Agency may exercise its discretionary authority to require investigations and the minimum field requirements for conducting investigations.

(3) Sites shall be classified as High Priority if any of the following are met:
   (A) The site is located in an area designated A1, A2, A3, A4, A5, AX, B1, B2, BX, C1, C2, C3, C4, or C5 on the Illinois Geological Survey Circular (1984) titled "Potential for Contamination of Shallow Aquifers in Illinois," by Berg, Richard C., et al.; a site evaluation under the direction of a Licensed Professional Engineer or Licensed Professional Geologist verifies the physical soil classifications conditions are consistent with those indicated on the Illinois Geological Survey Circular (1984) entitled "Potential for Contamination of Shallow Aquifers in Illinois," by Berg, Richard C., et al.; and the results of the physical soil classification and groundwater investigation indicate that an applicable indicator contaminant groundwater quality standard or groundwater objective has been exceeded at the property boundary line or 200 feet from the excavation, whichever is less as a consequence of the underground storage tank release.
   (B) The underground storage tank is within the minimum or maximum setback zone of a potable water supply well or regulated recharge area of a potable water supply well.
   (C) There is evidence that, through natural or manmade pathways, migration of petroleum or vapors threaten human health or human safety or may cause explosions in basements, crawl spaces, utility conduits, storm or sanitary sewers, vaults or other confined spaces.
   (D) Class III special resource groundwater exists within 200 feet of the excavation.
   (E) A surface water body is adversely affected by the presence of a visible sheen or free product layer as the result of an underground storage tank release.

(4) Sites shall be classified as Low Priority if all of the following are met:
   (A) The site does not meet any of the criteria for classification as a High Priority Site.

investigation do not indicate an applicable indicator contaminant groundwater quality standard or groundwater objective has been exceeded at the property boundary line or 200 feet from the underground storage tank, whichever is less.

(5) In the event the results of the physical soil classification and any required groundwater investigation reveal that the actual site geologic characteristics are different than those indicated by the Illinois Geological Survey Circular (1984) titled "Potential for Contamination of Shallow Aquifers in Illinois" by Berg, Richard C., et al., classification of the site shall be determined using the actual site geologic characteristics.

(c) Corrective Action.

(1) High Priority Site.

(A) Prior to performance of any corrective action, beyond that required by Section 57.6 and subsection (a) of Section 57.7 of this Act, the owner or operator shall prepare and submit to the Agency for the Agency's approval or modification a corrective action plan designed to mitigate any threat to human health, human safety or the environment resulting from the underground storage tank release.

(B) If the owner or operator intends to seek payment from the Fund, prior to performance of any corrective action beyond that required by Section 57.6 and subsection (a) of Section 57.7, the owner or operator shall submit to the Agency for the Agency's approval or modification a corrective action plan budget which includes, but is not limited to, an accounting of all costs associated with the implementation and completion of the corrective action plan.

(C) The corrective action plan shall do all of the following:

(i) Provide that applicable indicator contaminant groundwater quality standards or groundwater objectives will not be exceeded in groundwater at the property boundary line or 200 feet from the excavation, whichever is less, or other level if approved by the Agency, for any contaminant identified in the groundwater investigation after complete performance of the corrective action plan.

(ii) Provide that Class III special resource groundwater quality standards for Class III special resource groundwater within 200 feet of the excavation will not be exceeded as a result of the underground storage tank release for any indicator contaminant identified in the groundwater investigation after complete performance of the
corrective action plan.

(iii) Remediate threats due to the presence or migration, through natural or manmade pathways, of petroleum in concentrations sufficient to harm human health or human safety or to cause explosions in basements, crawl spaces, utility conduits, storm or sanitary sewers, vaults or other confined spaces.

(iv) Remediate threats to a potable water supply.

(v) Remediate threats to a surface water body.

(D) Within 30 days of completion of the corrective action, the owner or operator shall submit to the Agency such a completion report that includes a description of the corrective action plan and a description of the corrective action work performed and all analytical or sampling results derived from performance of the corrective action plan.

(E) The Agency shall issue to the owner or operator a no further remediation letter in accordance with Section 57.10 if all of the following are met:

(i) The corrective action completion report demonstrates that:
(a) applicable indicator contaminant groundwater quality standards or groundwater objectives are not exceeded at the property boundary line or 200 feet from the excavation, whichever is less, as a result of the underground storage tank release for any indicator contaminant identified in the groundwater investigation; (b) Class III special use resource groundwater quality standards, for Class III special use resource groundwater within 200 feet of the underground storage tank, are not exceeded as a result of the underground storage tank release for any contaminant identified in the groundwater investigation; (c) the underground storage tank release does not threaten human health or human safety due to the presence or migration, through natural or manmade pathways, of petroleum or hazardous substances in concentrations sufficient to harm human health or human safety or to cause explosions in basements, crawl spaces, utility conduits, storm or sanitary sewers, vaults or other confined spaces; (d) the underground storage tank release does not threaten any surface water body; and (e) the underground storage tank release does not threaten any potable water supply.

(ii) The owner or operator submits to the Agency a certification from a Licensed Professional Engineer that the work described in the approved corrective action plan has been completed and that the information presented in the corrective action completion report is accurate and complete.

(2) Low Priority Site.

(A) Corrective action at a low priority site must include groundwater...
monitoring consistent with part (B) of this paragraph (2).

(B) Prior to implementation of groundwater monitoring, the owner or operator shall prepare and submit to the Agency a groundwater monitoring plan and, if the owner or operator intends to seek payment under this Title, an associated budget which includes, at a minimum, all of the following:

(i) Placement of groundwater monitoring wells at the property line, or at 200 feet from the excavation which ever is closer, designed to provide the greatest likelihood of detecting migration of groundwater contamination.

(ii) Quarterly groundwater sampling for a period of one year, semi-annual sampling for the second year and annual groundwater sampling for one subsequent year for all indicator contaminants identified during the groundwater investigation.

(iii) The annual submittal to the Agency of a summary of groundwater sampling results.

(C) If at any time groundwater sampling results indicate a confirmed exceedence of applicable indicator contaminant groundwater quality standards or groundwater objectives as a result of the underground storage tank release, the site may be reclassified as a High Priority Site by the Agency at any time before the Agency's final approval of a Low Priority groundwater monitoring completion report. Agency review and approval shall be in accordance with paragraph (4) of subsection (c) of this Section. If the owner or operator elects to appeal an Agency action to disapprove, modify, or reject by operation of law a Low Priority groundwater monitoring completion report, the Agency shall indicate to the Board in conjunction with such appeal whether it intends to reclassify the site as High Priority. If a site is reclassified as a High Priority Site, the owner or operator shall submit a corrective action plan and budget to the Agency within 120 days of the confirmed exceedence and shall initiate compliance with all corrective action requirements for a High Priority Site.

(D) If, throughout the implementation of the groundwater monitoring plan, the groundwater sampling results do not confirm an exceedence of applicable indicator contaminant groundwater quality standards or groundwater objectives as a result of the underground storage tank release, the owner or operator shall submit to the Agency a certification of a Licensed Professional Engineer or Licensed Professional Geologist so stating.

(E) Unless the Agency takes action under subsection (b)(2)(C) to reclassify a site as high priority, upon receipt of a certification by a Licensed Professional Engineer or Licensed Professional Geologist submitted pursuant to paragraph (2) of subsection (c) of this Section, the Agency shall issue to the owner or operator a no further remediation letter in accordance with Section 57.10.

New matter indicated by italics - deletions by strikeout.
(3) No Further Action Site.

(A) No Further Action sites require no remediation beyond that required in Section 57.6 and subsection (a) of this Section if the owner or operator has submitted to the Agency a certification by a Licensed Professional Engineer or Licensed Professional Geologist that the site meets all of the criteria for classification as No Further Action in subsection (b) of this Section.

(B) Unless the Agency takes action to reject or modify a site classification under subsection (b) of this Section or the site classification is rejected by operation of law under item (4)(B) of subsection (c) of this Section, upon receipt of a certification by a Licensed Professional Engineer or Licensed Professional Geologist submitted pursuant to part (A) of paragraph (3) of subsection (c) of this Section, the Agency shall issue to the owner or operator a no further remediation letter in accordance with Section 57.10.

(4) Agency review and approval.

(A) Agency approval of any plan and associated budget, as described in this item (4), shall be considered final approval for purposes of seeking and obtaining payment from the Underground Storage Tank Fund if the costs associated with the completion of any such plan are less than or equal to the amounts approved in such budget.

(B) In the event the Agency fails to approve, disapprove, or modify any plan or report submitted pursuant to this Title in writing within 120 days of the receipt by the Agency, the plan or report shall be considered to be rejected by operation of law for purposes of this Title and rejected for purposes of payment from the Leaking Underground Storage Tank Fund.

(i) For purposes of those plans as identified in subparagraph (E) of this subsection (c)(4), the Agency's review may be an audit procedure. Such review or audit shall be consistent with the procedure for such review or audit as promulgated by the Board under item (7) of subsection (b) of Section 57.14. The Agency has the authority to establish an auditing program to verify compliance of such plans with the provisions of this Title.

(ii) For purposes of those plans submitted pursuant to Part (E) of this paragraph (4) for which payment from the Fund is not being sought, the Agency need not take action on such plan until 120 days after it receives the corrective action completion report required under Section 57(c)(1)(D). In the event the Agency approved the plan, it shall proceed under the provisions of Section 57(c)(4).

(C) In approving any plan submitted pursuant to Part (E) of this paragraph (4), the Agency shall determine, by a procedure promulgated by the Board under item (7) of subsection (b) of Section 57.14, that the costs...
associated with the plan are reasonable, will be incurred in the performance of corrective action, and will not be used for corrective action activities in excess of those required to meet the minimum requirements of this title.

(D) For any plan or report received after the effective date of this amendatory Act of 1993, any action by the Agency to disapprove or modify a plan submitted pursuant to this Title shall be provided to the owner or operator in writing within 120 days of the receipt by the Agency or, in the case of a corrective action plan for which payment is not being sought, within 120 days of receipt of the corrective action completion report, and shall be accompanied by:

(i) an explanation of the Sections of this Act which may be violated if the plans were approved;
(ii) an explanation of the provisions of the regulations, promulgated under this Act, which may be violated if the plan were approved;
(iii) an explanation of the specific type of information, if any, which the Agency deems the applicant did not provide the Agency; and
(iv) a statement of specific reasons why the Act and the regulations might not be met if the plan were approved.

Any action by the Agency to disapprove or modify a plan or report or the rejection of any plan or report by operation of law shall be subject to appeal to the Board in accordance with the procedures of Section 40. If the owner or operator elects to incorporate modifications required by the Agency rather than appeal, an amended plan shall be submitted to the Agency within 35 days of receipt of the Agency's written notification.

(E) For purposes of this Title, the term "plan" shall include:

(i) Any physical soil classification and groundwater investigation plan submitted pursuant to item (1)(A) of subsection (a) of this Section, or budget under item (2) of subsection (a) of this Section;
(ii) Any groundwater monitoring plan or budget submitted pursuant to subsection (c)(2)(B) of this Section;
(iii) Any corrective action plan submitted pursuant to subsection (c)(1)(A) of this Section; or
(iv) Any corrective action plan budget submitted pursuant to subsection (c)(1)(B) of this Section.

(d) For purposes of this Title, the term "indicator contaminant" shall mean, unless and until the Board promulgates regulations to the contrary, the following: (i) if an underground storage tank contains gasoline, the indicator parameter shall be BTEX and Benzene; (ii) if the tank contained petroleum products consisting of middle distillate or heavy ends, then the indicator parameter shall be determined by a scan of PNA’s taken from the location where

contamination is most likely to be present; and (iii) if the tank contained used oil, then the indicator contaminant shall be those chemical constituents which indicate the type of petroleum stored in an underground storage tank. All references in this Title to groundwater objectives shall mean Class I groundwater standards or objectives as applicable.

(e) (1) Notwithstanding the provisions of this Section, an owner or operator may proceed to conduct physical soil classification, groundwater investigation, site classification or other corrective action prior to the submittal or approval of an otherwise required plan. If the owner or operator elects to so proceed, an applicable plan shall be filed with the Agency at any time. Such plan shall detail the steps taken to determine the type of corrective action which was necessary at the site along with the corrective action taken or to be taken, in addition to costs associated with activities to date and anticipated costs.

(2) Upon receipt of a plan submitted after activities have commenced at a site, the Agency shall proceed to review in the same manner as required under this Title. In the event the Agency disapproves all or part of the costs, the owner or operator may appeal such decision to the Board. The owner or operator shall not be eligible to be reimbursed for such disapproved costs unless and until the Board determines that such costs were eligible for payment.

Sec. 57.8. Underground Storage Tank Fund; payment; options for State payment; deferred correction election to commence corrective action upon availability of funds. If an owner or operator is eligible to access the Underground Storage Tank Fund pursuant to an Office of State Fire Marshal eligibility/deductible final determination letter issued in accordance with Section 57.9, the owner or operator may submit a complete application for final or partial payment to the Agency for activities taken in response to a confirmed release. An owner or operator may submit a request for partial or final payment regarding a site no more frequently than once every 90 days.

(a) Payment after completion of corrective action measures. The owner or operator may submit an application for payment for activities performed at a site after completion of the requirements of Sections 57.6 and 57.7, or after completion of any other required activities at the underground storage tank site.

(1) In the case of any approved plan and budget for which payment is being sought, the Agency shall make a payment determination within 120 days of receipt of the application. Such determination shall be considered a final decision. The Agency's review shall be limited to generally accepted auditing and accounting practices. In no case shall the Agency conduct additional review of any plan which was completed within the budget, beyond auditing for adherence to the corrective action measures in the proposal. If the Agency fails to approve the payment application within 120 days, such application shall be deemed approved by operation of law and the Agency shall proceed to reimburse the owner or operator the amount

requested in the payment application. However, in no event shall the Agency reimburse the owner or operator an amount greater than the amount approved in the plan.

(2) If sufficient funds are available in the Underground Storage Tank Fund, the Agency shall, within 60 days, forward to the Office of the State Comptroller a voucher in the amount approved under the payment application.

(3) In the case of insufficient funds, the Agency shall form a priority list for payment and shall notify persons in such priority list monthly of the availability of funds and when payment shall be made. Payment shall be made to the owner or operator at such time as sufficient funds become available for the costs associated with corrective action and costs expended for activities performed where no proposal is required, if applicable. Such priority list shall be available to any owner or operator upon request. Priority for payment shall be determined by the date the Agency receives a complete request for partial or final payment. Upon receipt of notification from the Agency that the requirements of this Title have been met, the Comptroller shall make payment to the owner or operator of the amount approved by the Agency, if sufficient money exists in the Fund. If there is insufficient money in the Fund, then payment shall not be made. If the owner or operator appeals a final Agency payment determination and it is determined that the owner or operator is eligible for payment or additional payment, the priority date for the payment or additional payment shall be the same as the priority date assigned to the original request for partial or final payment.

(4) Any deductible, as determined pursuant to the Office of the State Fire Marshal's eligibility and deductibility final determination in accordance with Section 57.9, shall be subtracted from any payment invoice paid to an eligible owner or operator. Only one deductible shall apply per underground storage tank site.

(5) In the event that costs are or will be incurred in addition to those approved by the Agency, or after payment, the owner or operator may submit successive plans containing amended budgets. The requirements of Section 57.7 shall apply to any amended plans.

(6) For purposes of this Section, a complete application shall consist of:

(A) A certification from a Licensed Professional Engineer or Licensed Professional Geologist as required under this Title and acknowledged by the owner or operator.

(B) A statement of the amount approved in the plan and the amount actually sought for payment along with a certified statement that the amount so sought shall be expended in conformance with the approved budget.

(C) A copy of the Office of the State Fire Marshal's eligibility and deductibility determination.

(D) Proof that approval of the payment requested will not result in the limitations set forth in subsection (g) of this Section being exceeded.

(E) A federal taxpayer identification number and legal status

New matter indicated by italics - deletions by strikeout.
(b) Commencement of corrective action upon availability of funds. The Board shall adopt regulations setting forth procedures based on risk to human health or the environment under which the owner or operator who has received approval for any budget plan submitted pursuant to Section 57.7, and who is eligible for payment from the Underground Storage Tank Fund pursuant to an Office of the State Fire Marshal eligibility and deductibility determination, may elect to defer site classification, low priority groundwater monitoring, or remediation activities until funds are available in an amount equal to the amount approved in the budget plan. The regulations shall establish criteria based on risk to human health or the environment to be used for determining on a site-by-site basis whether deferral is appropriate. The regulations also shall establish the minimum investigatory requirements for determining whether the risk based criteria are present at a site considering deferral and procedures for the notification of owners or operators of insufficient funds, Agency review of request for deferral, notification of Agency final decisions, returning deferred sites to active status, and earmarking of funds for payment.

(c) When the owner or operator requests indemnification for payment of costs incurred as a result of a release of petroleum from an underground storage tank, if the owner or operator has satisfied the requirements of subsection (a) of this Section, the Agency shall forward a copy of the request to the Attorney General. The Attorney General shall review and approve the request for indemnification if:

1. there is a legally enforceable judgment entered against the owner or operator and such judgment was entered due to harm caused by a release of petroleum from an underground storage tank and such judgment was not entered as a result of fraud; or
2. a settlement with a third party due to a release of petroleum from an underground storage tank is reasonable.

(d) Notwithstanding any other provision of this Title, the Agency shall not approve payment to an owner or operator from the Fund for costs of corrective action or indemnification incurred during a calendar year in excess of the following aggregate amounts based on the number of petroleum underground storage tanks owned or operated by such owner or operator in Illinois.

1. Costs incurred in excess of the aggregate amounts set forth in paragraph (1) of this subsection shall not be eligible for payment in subsequent years.
2. For purposes of this subsection, requests submitted by any of the agencies, departments, boards, committees or commissions of the State of Illinois shall be acted upon as claims from a single owner or operator.
3. For purposes of this subsection, owner or operator includes (i) any subsidiary, parent, or joint stock company of the owner or operator and (ii) any company owned by any parent, subsidiary, or joint stock company of the owner or

(e) Costs of corrective action or indemnification incurred by an owner or operator which have been paid to an owner or operator under a policy of insurance, another written agreement, or a court order are not eligible for payment under this Section. An owner or operator who receives payment under a policy of insurance, another written agreement, or a court order shall reimburse the State to the extent such payment covers costs for which payment was received from the Fund. Any monies received by the State under this subsection (e) shall be deposited into the Fund.

(C) If the objectives were determined using a site specific risk assessment procedure, whether the procedure used is nationally recognized and accepted, whether the calculations were accurately performed, and whether the site specific data reflect actual site conditions.

(3) Remedial Action Plans and related activities: Whether the plan will result in compliance with this Title, and rules adopted under it and attainment of the applicable remediation objectives. In making the determination, the following factors shall be considered:

(A) The likelihood that the plan will result in the attainment of the applicable remediation objectives;

(B) Whether the activities proposed are consistent with generally accepted engineering practices; and

(C) The management of risk relative to any remaining contamination, including but not limited to, provisions for the long-term enforcement, operation, and maintenance of institutional and engineering controls, if relied on.

At a minimum, the rules shall detail the types of services the Agency may provide in response to requests under subdivision (b) (1) of this Section and the recordkeeping it will utilize in documenting to the RA the costs incurred by the Agency in providing such services. Until the Board adopts the rules, the Agency may continue to offer services of the type offered under subsections (m) and (n) of Section 22.2 of this Act prior to their repeal.

Sec. 3. Affixing tax stamp; remitting tax to the Department. Payment of the taxes imposed by Section 2 of this Act shall (except as hereinafter provided) be evidenced by revenue tax stamps affixed to each original package of cigarettes. Each distributor of cigarettes, before delivering or causing to be delivered any original package of cigarettes in this State to a purchaser, shall firmly affix a proper stamp or stamps to each such package, or (in case of manufacturers of cigarettes in original packages which are contained inside a

sealed transparent wrapper) shall imprint the required language on the original package of cigarettes beneath such outside wrapper, as hereinafter provided.

No stamp or imprint may be affixed to, or made upon, any package of cigarettes unless that package complies with all requirements of the federal Cigarette Labeling and Advertising Act, 15 U.S.C. 1331 and following, for the placement of labels, warnings, or any other information upon a package of cigarettes that is sold within the United States. Under the authority of Section 6, the Department shall revoke the license of any distributor that is determined to have violated this paragraph. A person may not affix a stamp on a package of cigarettes, cigarette papers, wrappers, or tubes if that individual package has been marked for export outside the United States with a label or notice in compliance with Section 290.185 of Title 27 of the Code of Federal Regulations. It is not a defense to a proceeding for violation of this paragraph that the label or notice has been removed, mutilated, obliterated, or altered in any manner.

The Department, or any person authorized by the Department, shall sell such stamps only to persons holding valid licenses as distributors under this Act. The Department may refuse to sell stamps to any person who does not comply with the provisions of this Act.

Prior to December 1, 1985, the Department shall allow a distributor 21 days in which to make final payment of the amount to be paid for such stamps, by allowing the distributor to make payment for the stamps at the time of purchasing them with a draft which shall be in such form as the Department prescribes, and which shall be payable within 21 days thereafter: Provided that such distributor has filed with the Department, and has received the Department's approval of, a bond, which is in addition to the bond required under Section 4 of this Act, payable to the Department in an amount equal to 80% of such distributor's average monthly tax liability to the Department under this Act during the preceding calendar year or $500,000, whichever is less. The Bond shall be joint and several and shall be in the form of a surety company bond in such form as the Department prescribes, or it may be in the form of a bank certificate of deposit or bank letter of credit. The bond shall be conditioned upon the distributor's payment of amount of any 21-day draft which the Department accepts from that distributor for the delivery of stamps to that distributor under this Act. The distributor's failure to pay any such draft, when due, shall also make such distributor automatically liable to the Department for a penalty equal to 25% of the amount of such draft.

On and after December 1, 1985, the Department shall allow a distributor 30 days in which to make final payment of the amount to be paid for such stamps, by allowing the distributor to make payment for the stamps at the time of purchasing them with a draft which shall be in such form as the Department prescribes, and which shall be payable within 30 days thereafter, and beginning on January 1, 2003 and thereafter, the draft shall be payable by means of electronic funds transfer: Provided that such distributor has filed with the Department, and has received the Department's approval of, a bond, which is in addition to the bond required under Section 4 of this Act, payable to the Department in an amount equal to 150% of such distributor's average monthly tax liability to the Department under this Act during the preceding calendar year or $750,000, whichever is less, except that as to bonds

filed on or after January 1, 1987, such additional bond shall be in an amount equal to 100% of such distributor's average monthly tax liability under this Act during the preceding calendar year or $750,000, whichever is less. The bond shall be joint and several and shall be in the form of a surety company bond in such form as the Department prescribes, or it may be in the form of a bank certificate of deposit or bank letter of credit. The bond shall be conditioned upon the distributor's payment of the amount of any 30-day draft which the Department accepts from that distributor for the delivery of stamps to that distributor under this Act. The distributor's failure to pay any such draft, when due, shall also make such distributor automatically liable to the Department for a penalty equal to 25% of the amount of such draft.

Every prior continuous compliance taxpayer shall be exempt from all requirements under this Section concerning the furnishing of such bond, as defined in this Section, as a condition precedent to his being authorized to engage in the business licensed under this Act. This exemption shall continue for each such taxpayer until such time as he may be determined by the Department to be delinquent in the filing of any returns, or is determined by the Department (either through the Department's issuance of a final assessment which has become final under the Act, or by the taxpayer's filing of a return which admits tax to be due that is not paid) to be delinquent or deficient in the paying of any tax under this Act, at which time that taxpayer shall become subject to the bond requirements of this Section and, as a condition of being allowed to continue to engage in the business licensed under this Act, shall be required to furnish bond to the Department in such form as provided in this Section. Such taxpayer shall furnish such bond for a period of 2 years, after which, if the taxpayer has not been delinquent in the filing of any returns, or delinquent or deficient in the paying of any tax under this Act, the Department may reinstate such person as a prior continuance compliance taxpayer. Any taxpayer who fails to pay an admitted or established liability under this Act may also be required to post bond or other acceptable security with the Department guaranteeing the payment of such admitted or established liability.

Any person aggrieved by any decision of the Department under this Section may, within the time allowed by law, protest and request a hearing, whereupon the Department shall give notice and shall hold a hearing in conformity with the provisions of this Act and then issue its final administrative decision in the matter to such person. In the absence of such a protest filed within the time allowed by law, the Department's decision shall become final without any further determination being made or notice given.

The Department shall discharge any surety and shall release and return any bond or security deposited, assigned, pledged, or otherwise provided to it by a taxpayer under this Section within 30 days after:

(1) Such taxpayer becomes a prior continuous compliance taxpayer; or
(2) Such taxpayer has ceased to collect receipts on which he is required to remit tax to the Department, has filed a final tax return, and has paid to the Department an amount sufficient to discharge his remaining tax liability as determined by the Department under this Act. The Department shall make a final determination of the taxpayer's outstanding tax liability as expeditiously as possible after his final tax return has been filed. If the
Department cannot make such final determination within 45 days after receiving the final tax return, within such period it shall so notify the taxpayer, stating its reasons therefor.

The Department may authorize distributors to affix revenue tax stamps by imprinting tax meter stamps upon original packages of cigarettes. The Department shall adopt rules and regulations relating to the imprinting of such tax meter stamps as will result in payment of the proper taxes as herein imposed. No distributor may affix revenue tax stamps to original packages of cigarettes by imprinting tax meter stamps thereon unless such distributor has first obtained permission from the Department to employ this method of affixation. The Department shall regulate the use of tax meters and may, to assure the proper collection of the taxes imposed by this Act, revoke or suspend the privilege, theretofore granted by the Department to any distributor, to imprint tax meter stamps upon original packages of cigarettes.

Illinois cigarette manufacturers who place their cigarettes in original packages which are contained inside a sealed transparent wrapper, and similar out-of-State cigarette manufacturers who elect to qualify and are accepted by the Department as distributors under Section 4b of this Act, shall pay the taxes imposed by this Act by remitting the amount thereof to the Department by the 5th day of each month covering cigarettes shipped or otherwise delivered in Illinois to purchasers during the preceding calendar month. Such manufacturers of cigarettes in original packages which are contained inside a sealed transparent wrapper, before delivering such cigarettes or causing such cigarettes to be delivered in this State to purchasers, shall evidence their obligation to remit the taxes due with respect to such cigarettes by imprinting language to be prescribed by the Department on each original package of such cigarettes underneath the sealed transparent outside wrapper of such original package, in such place thereon and in such manner as the Department may designate. Such imprinted language shall acknowledge the manufacturer’s payment of or liability for the tax imposed by this Act with respect to the distribution of such cigarettes.

A distributor shall not affix, or cause to be affixed, any stamp or imprint to a package of cigarettes, as provided for in this Section, if the tobacco product manufacturer, as defined in Section 10 of the Tobacco Product Manufacturers’ Escrow Act, that made or sold the cigarettes has failed to become a participating manufacturer, as defined in subdivision (a)(1) of Section 15 of the Tobacco Product Manufacturers’ Escrow Act, or has failed to create a qualified escrow fund for any cigarettes manufactured by the tobacco product manufacturer and sold in this State or otherwise failed to bring itself into compliance with subdivision (a)(2) of Section 15 of the Tobacco Product Manufacturers’ Escrow Act.

Sec. 6. Revocation, cancellation, or suspension of license. The Department may, after notice and hearing as provided for by this Act, revoke, cancel or suspend the license of any distributor for the violation of any provision of this Act, or for noncompliance with any provision herein contained, or for any noncompliance with any lawful rule or regulation promulgated by the Department under Section 8 of this Act, or because the licensee is determined to be ineligible for a distributor’s license for any one or more of the reasons

provided for in Section 4 of this Act. However, no such license shall be revoked, cancelled or suspended, except after a hearing by the Department with notice to the distributor, as aforesaid, and affording such distributor a reasonable opportunity to appear and defend, and any distributor aggrieved by any decision of the Department with respect thereto may have the determination of the Department judicially reviewed, as herein provided.

*The Department may revoke, cancel, or suspend the license of any distributor for a violation of the Tobacco Product Manufacturers’ Escrow Enforcement Act as provided in Section 20 of that Act.*

Any distributor aggrieved by any decision of the Department under this Section may, within 20 days after notice of the decision, protest and request a hearing. Upon receiving a request for a hearing, the Department shall give notice in writing to the distributor requesting the hearing that contains a statement of the charges preferred against the distributor and that states the time and place fixed for the hearing. The Department shall hold the hearing in conformity with the provisions of this Act and then issue its final administrative decision in the matter to the distributor. In the absence of a protest and request for a hearing within 20 days, the Department's decision shall become final without any further determination being made or notice given.

No license so revoked, as aforesaid, shall be reissued to any such distributor within a period of 6 months after the date of the final determination of such revocation. No such license shall be reissued at all so long as the person who would receive the license is ineligible to receive a distributor's license under this Act for any one or more of the reasons provided for in Section 4 of this Act.

The Department upon complaint filed in the circuit court may by injunction restrain any person who fails, or refuses, to comply with any of the provisions of this Act from acting as a distributor of cigarettes in this State.

Section 910. The Cigarette Use Tax Act is amended by changing Sections 3 and 6 as follows:

(35 ILCS 135/3) (from Ch. 120, par. 453.33)

Sec. 3. Stamp payment. The tax hereby imposed shall be collected by a distributor maintaining a place of business in this State or a distributor authorized by the Department pursuant to Section 7 hereof to collect the tax, and the amount of the tax shall be added to the price of the cigarettes sold by such distributor. Collection of the tax shall be evidenced by a stamp or stamps affixed to each original package of cigarettes or by an authorized substitute for such stamp imprinted on each original package of such cigarettes underneath the sealed transparent outside wrapper of such original package, except as hereinafter provided. Each distributor who is required or authorized to collect the tax herein imposed, before delivering or causing to be delivered any original packages of cigarettes in this State to any purchaser, shall firmly affix a proper stamp or stamps to each such package, or (in the case of manufacturers of cigarettes in original packages which are contained inside a sealed transparent wrapper) shall imprint the required language on the original package of cigarettes beneath such outside wrapper as hereinafter provided. Such stamp or stamps need not be
affixed to the original package of any cigarettes with respect to which the distributor is required to affix a like stamp or stamps by virtue of the Cigarette Tax Act, however, and no tax imprint need be placed underneath the sealed transparent wrapper of an original package of cigarettes with respect to which the distributor is required or authorized to employ a like tax imprint by virtue of the Cigarette Tax Act.

No stamp or imprint may be affixed to, or made upon, any package of cigarettes unless that package complies with all requirements of the federal Cigarette Labeling and Advertising Act, 15 U.S.C. 1331 and following, for the placement of labels, warnings, or any other information upon a package of cigarettes that is sold within the United States. Under the authority of Section 6, the Department shall revoke the license of any distributor that is determined to have violated this paragraph. A person may not affix a stamp on a package of cigarettes, cigarette papers, wrappers, or tubes if that individual package has been marked for export outside the United States with a label or notice in compliance with Section 290.185 of Title 27 of the Code of Federal Regulations. It is not a defense to a proceeding for violation of this paragraph that the label or notice has been removed, mutilated, obliterated, or altered in any manner.

Stamps, when required hereunder, shall be purchased from the Department, or any person authorized by the Department, by distributors. The Department may refuse to sell stamps to any person who does not comply with the provisions of this Act.

Prior to December 1, 1985, the Department shall allow a distributor 21 days in which to make final payment of the amount to be paid for such stamps, by allowing the distributor to make payment for the stamps at the time of purchasing them with a draft which shall be in such form as the Department prescribes, and which shall be payable within 21 days thereafter: Provided that such distributor has filed with the Department, and has received the Department's approval of, a bond, which is in addition to the bond required under Section 4 of this Act, payable to the Department in an amount equal to 80% of such distributor's average monthly tax liability to the Department under this Act during the preceding calendar year or $500,000, whichever is less. The bond shall be joint and several and shall be in the form of a surety company bond in such form as the Department prescribes, or it may be in the form of a bank certificate of deposit or bank letter of credit. The bond shall be conditioned upon the distributor's payment of the amount of any 21-day draft which the Department accepts from that distributor for the delivery of stamps to that distributor under this Act. The distributor's failure to pay any such draft, when due, shall also make such distributor automatically liable to the Department for a penalty equal to 25% of the amount of such draft.

On and after December 1, 1985, the Department shall allow a distributor 30 days in which to make final payment of the amount to be paid for such stamps, by allowing the distributor to make payment for the stamps at the time of purchasing them with a draft which shall be in such form as the Department prescribes, and which shall be payable within 30 days thereafter, and beginning on January 1, 2003 and thereafter, the draft shall be payable by means of electronic funds transfer: Provided that such distributor has filed with the Department, and has received the Department's approval of, a bond, which is in addition to
the bond required under Section 4 of this Act, payable to the Department in an amount equal to 150% of such distributor's average monthly tax liability to the Department under this Act during the preceding calendar year or $750,000, whichever is less, except that as to bonds filed on or after January 1, 1987, such additional bond shall be in an amount equal to 100% of such distributor's average monthly tax liability under this Act during the preceding calendar year or $750,000, whichever is less. The bond shall be joint and several and shall be in the form of a surety company bond in such form as the Department prescribes, or it may be in the form of a bank certificate of deposit or bank letter of credit. The bond shall be conditioned upon the distributor's payment of the amount of any 30-day draft which the Department accepts from that distributor for the delivery of stamps to that distributor under this Act. The distributor's failure to pay any such draft, when due, shall also make such distributor automatically liable to the Department for a penalty equal to 25% of the amount of such draft.

Every prior continuous compliance taxpayer shall be exempt from all requirements under this Section concerning the furnishing of such bond, as defined in this Section, as a condition precedent to his being authorized to engage in the business licensed under this Act. This exemption shall continue for each such taxpayer until such time as he may be determined by the Department to be delinquent in the filing of any returns, or is determined by the Department (either through the Department's issuance of a final assessment which has become final under the Act, or by the taxpayer's filing of a return which admits tax to be due that is not paid) to be delinquent or deficient in the paying of any tax under this Act, at which time that taxpayer shall become subject to the bond requirements of this Section and, as a condition of being allowed to continue to engage in the business licensed under this Act, shall be required to furnish bond to the Department in such form as provided in this Section. Such taxpayer shall furnish such bond for a period of 2 years, after which, if the taxpayer has not been delinquent in the filing of any returns, or delinquent or deficient in the paying of any tax under this Act, the Department may reinstate such person as a prior continuance compliance taxpayer. Any taxpayer who fails to pay an admitted or established liability under this Act may also be required to post bond or other acceptable security with the Department guaranteeing the payment of such admitted or established liability.

Any person aggrieved by any decision of the Department under this Section may, within the time allowed by law, protest and request a hearing, whereupon the Department shall give notice and shall hold a hearing in conformity with the provisions of this Act and then issue its final administrative decision in the matter to such person. In the absence of such a protest filed within the time allowed by law, the Department's decision shall become final without any further determination being made or notice given.

The Department shall discharge any surety and shall release and return any bond or security deposited, assigned, pledged, or otherwise provided to it by a taxpayer under this Section within 30 days after:

(1) such Taxpayer becomes a prior continuous compliance taxpayer; or
(2) such taxpayer has ceased to collect receipts on which he is required to remit tax to the Department, has filed a final tax return, and has paid to the Department.
Department an amount sufficient to discharge his remaining tax liability as determined by the Department under this Act. The Department shall make a final determination of the taxpayer's outstanding tax liability as expeditiously as possible after his final tax return has been filed. If the Department cannot make such final determination within 45 days after receiving the final tax return, within such period it shall so notify the taxpayer, stating its reasons therefor.

At the time of purchasing such stamps from the Department when purchase is required by this Act, or at the time when the tax which he has collected is remitted by a distributor to the Department without the purchase of stamps from the Department when that method of remitting the tax that has been collected is required or authorized by this Act, the distributor shall be allowed a discount during any year commencing July 1 and ending the following June 30 in accordance with the schedule set out hereinbelow, from the amount to be paid by him to the Department for such stamps, or to be paid by him to the Department on the basis of monthly remittances (as the case may be), to cover the cost, to such distributor, of collecting the tax herein imposed by affixing such stamps to the original packages of cigarettes sold by such distributor or by placing tax imprints underneath the sealed transparent wrapper of original packages of cigarettes sold by such distributor (as the case may be): (1) Prior to December 1, 1985, a discount equal to 1-2/3% of the amount of the tax up to and including the first $700,000 paid hereunder by such distributor to the Department during any such year; 1-1/3% of the next $700,000 of tax or any part thereof, paid hereunder by such distributor to the Department during any such year; 1% of the next $700,000 of tax, or any part thereof, paid hereunder by such distributor to the Department during any such year; and 2/3 of 1% of the amount of any additional tax paid hereunder by such distributor to the Department during any such year or (2) On and after December 1, 1985, a discount equal to 1.75% of the amount of the tax payable under this Act up to and including the first $3,000,000 paid hereunder by such distributor to the Department during any such year and 1.5% of the amount of any additional tax paid hereunder by such distributor to the Department during any such year.

Two or more distributors that use a common means of affixing revenue tax stamps or that are owned or controlled by the same interests shall be treated as a single distributor for the purpose of computing the discount.

Cigarette manufacturers who are distributors under this Act, and who place their cigarettes in original packages which are contained inside a sealed transparent wrapper, shall be required to remit the tax which they are required to collect under this Act to the Department by remitting the amount thereof to the Department by the 5th day of each month, covering cigarettes shipped or otherwise delivered to points in Illinois to purchasers during the preceding calendar month, but a distributor need not remit to the Department the tax so collected by him from purchasers under this Act to the extent to which such distributor is required to remit the tax imposed by the Cigarette Tax Act to the Department with respect to the same cigarettes. All taxes upon cigarettes under this Act are a direct tax upon the retail consumer and shall conclusively be presumed to be precollected for the purpose of convenience and facility only. Distributors who are manufacturers of cigarettes in original

packages which are contained inside a sealed transparent wrapper, before delivering such cigarettes or causing such cigarettes to be delivered in this State to purchasers, shall evidence their obligation to collect and remit the tax due with respect to such cigarettes by imprinting language to be prescribed by the Department on each original package of such cigarettes underneath the sealed transparent outside wrapper of such original package, in such place thereon and in such manner as the Department may prescribe; provided (as stated hereinbefore) that this requirement does not apply when such distributor is required or authorized by the Cigarette Tax Act to place the tax imprint provided for in the last paragraph of Section 3 of that Act underneath the sealed transparent wrapper of such original package of cigarettes. Such imprinted language shall acknowledge the manufacturer's collection and payment of or liability for the tax imposed by this Act with respect to such cigarettes.

The Department shall adopt the design or designs of the tax stamps and shall procure the printing of such stamps in such amounts and denominations as it deems necessary to provide for the affixation of the proper amount of tax stamps to each original package of cigarettes. Where tax stamps are required, the Department may authorize distributors to affix revenue tax stamps by imprinting tax meter stamps upon original packages of cigarettes. The Department shall adopt rules and regulations relating to the imprinting of such tax meter stamps as will result in payment of the proper taxes as herein imposed. No distributor may affix revenue tax stamps to original packages of cigarettes by imprinting meter stamps thereon unless such distributor has first obtained permission from the Department to employ this method of affixation. The Department shall regulate the use of tax meters and may, to assure the proper collection of the taxes imposed by this Act, revoke or suspend the privilege, theretofore granted by the Department to any distributor, to imprint tax meter stamps upon original packages of cigarettes.

The tax hereby imposed and not paid pursuant to this Section shall be paid to the Department directly by any person using such cigarettes within this State, pursuant to Section 12 hereof.

A distributor shall not affix, or cause to be affixed, any stamp or imprint to a package of cigarettes, as provided for in this Section, if the tobacco product manufacturer, as defined in Section 10 of the Tobacco Product Manufacturers' Escrow Act, that made or sold the cigarettes has failed to become a participating manufacturer, as defined in subdivision (a)(1) of Section 15 of the Tobacco Product Manufacturers' Escrow Act, or has failed to create a qualified escrow fund for any cigarettes manufactured by the tobacco product manufacturer and sold in this State or otherwise failed to bring itself into compliance with subdivision (a)(2) of Section 15 of the Tobacco Product Manufacturers' Escrow Act.

 provision herein contained, or for any non-compliance with any lawful rule or regulation promulgated by the Department under Section 21 of this Act, or because the licensee is determined to be ineligible for a distributor's license for any one or more of the reasons provided for in Section 4 of this Act. However, no such license shall be revoked, canceled or suspended, except after a hearing by the Department with notice to the distributor, as aforesaid, and affording such distributor a reasonable opportunity to appear and defend, and any distributor aggrieved by any decision of the Department with respect thereto may have the determination of the Department judicially reviewed, as herein provided.

_The Department may revoke, cancel, or suspend the license of any distributor for a violation of the Tobacco Product Manufacturers' Escrow Enforcement Act as provided in Section 20 of that Act._

Any distributor aggrieved by any decision of the Department under this Section may, within 20 days after notice of the decision, protest and request a hearing. Upon receiving a request for a hearing, the Department shall give notice in writing to the distributor requesting the hearing that contains a statement of the charges preferred against the distributor and that states the time and place fixed for the hearing. The Department shall hold the hearing in conformity with the provisions of this Act and then issue its final administrative decision in the matter to the distributor. In the absence of a protest and request for a hearing within 20 days, the Department's decision shall become final without any further determination being made or notice given.

No license so revoked, shall be reissued to any such distributor within a period of 6 months after the date of the final determination of such revocation. No such license shall be reissued at all so long as the person who would receive the license is ineligible to receive a distributor's license under this Act for any one or more of the reasons provided for in Section 4 of this Act.

The Department upon complaint filed in the circuit court may by injunction restrain any person who fails, or refuses, to comply with this Act from acting as a distributor of cigarettes in this State.

Section 915. The Tobacco Products Tax Act of 1995 is amended by changing Sections 10-20 and 10-25 as follows:

(35 ILCS 143/10-20)

Sec. 10-20. Licenses. It shall be unlawful for any person to engage in business as a distributor of tobacco products within the meaning of this Act without first having obtained a license to do so from the Department. Application for that license shall be made to the Department in a form prescribed and furnished by the Department. Each applicant for a license shall furnish to the Department on a form, signed and verified by the applicant, the following information:

(1) The name of the applicant.

(2) The address of the location at which the applicant proposes to engage in business as a distributor of tobacco products.

(3) Other information the Department may reasonably require.

New matter indicated by italics - deletions by strikeout.
Except as otherwise provided in this Section, every applicant who is required to procure a distributor's license shall file with his or her application a joint and several bond. The bond shall be executed to the Department of Revenue, with good and sufficient surety or sureties residing or licensed to do business within the State of Illinois, conditioned upon the true and faithful compliance by the licensee with all of the provisions of this Act. The Department shall fix the amount of the bond for each applicant, taking into consideration the amount of money expected to become due from the applicant under this Act. The amount of bond required by the Department shall be an amount that, in its opinion, will protect the State of Illinois against failure to pay the amount that may become due from the applicant under this Act, but the amount of the security required by the Department shall not exceed 3 times the amount of the applicant's average monthly tax liability, or $50,000, whichever amount is lower. The bond, a reissue, or a substitute shall be kept in full force and effect during the entire period covered by the license. A separate application for license shall be made, and bond filed, for each place of business at which a person who is required to procure a distributor's license proposes to engage in business as a distributor under this Act.

The Department, upon receipt of an application and bond in proper form, shall issue to the applicant a license, in a form prescribed by the Department, which shall permit the applicant to whom it is issued to engage in business as a distributor at the place shown on his or her application. The license shall be issued by the Department without charge or cost to the applicant. No license issued under this Act is transferable or assignable. The license shall be conspicuously displayed in the place of business conducted by the licensee under the license.

The bonding requirement in this Section does not apply to an applicant for a distributor's license who is already bonded under the Cigarette Tax Act or the Cigarette Use Tax Act. Licenses issued by the Department under this Act shall be valid for a period not to exceed one year after issuance unless sooner revoked, canceled, or suspended as provided in this Act.

No license shall be issued to any person who is in default to the State of Illinois for moneys due under this Act or any other tax Act administered by the Department.

The Department may, in its discretion, upon application, authorize the payment of the tax imposed under Section 10-10 by any distributor or manufacturer not otherwise subject to the tax imposed under this Act who, to the satisfaction of the Department, furnishes adequate security to ensure payment of the tax. The distributor or manufacturer shall be issued, without charge, a license to remit the tax. When so authorized, it shall be the duty of the distributor or manufacturer to remit the tax imposed upon the wholesale price of tobacco products sold or otherwise disposed of to retailers or consumers located in this State, in the same manner and subject to the same requirements as any other distributor or manufacturer licensed under this Act.

The Department may revoke, suspend, or cancel the license of a distributor of roll-your-own tobacco (as that term is used in Section 10 of the Tobacco Product Manufacturers' Escrow Act) under this Act if the tobacco product manufacturer, as defined in Section 10 of the Tobacco Product Manufacturers' Escrow Act, that made or sold the

roll-your-own tobacco has failed to become a participating manufacturer, as defined in subdivision (a)(1) of Section 15 of the Tobacco Product Manufacturers’ Escrow Act, or has failed to create a qualified escrow fund for any roll-your-own tobacco manufactured by the tobacco product manufacturer and sold in this State or otherwise failed to bring itself into compliance with subdivision (a)(2) of Section 15 of the Tobacco Product Manufacturers’ Escrow Act.

Any person aggrieved by any decision of the Department under this Section may, within 20 days after notice of that decision, protest and request a hearing, whereupon the Department must give notice to that person of the time and place fixed for the hearing and must hold a hearing in conformity with the provisions of this Act and then issue its final administrative decision in the matter to that person. In the absence of such a protest within 20 days, the Department's decision becomes final without any further determination being made or notice given.

(35 ILCS 143/10-25)

Sec. 10-25. License actions. The Department may, after notice and a hearing, revoke, cancel, or suspend the license of any distributor who violates any of the provisions of this Act. The notice shall specify the alleged violation or violations upon which the revocation, cancellation, or suspension proceeding is based.

The Department may revoke, cancel, or suspend the license of any distributor for a violation of the Tobacco Product Manufacturers' Escrow Enforcement Act as provided in Section 20 of that Act.

The Department may, by application to any circuit court, obtain an injunction restraining any person who engages in business as a distributor of tobacco products without a license (either because his or her license has been revoked, canceled, or suspended or because of a failure to obtain a license in the first instance) from engaging in that business until that person, as if that person were a new applicant for a license, complies with all of the conditions, restrictions, and requirements of Section 10-20 of this Act and qualifies for and obtains a license. Refusal or neglect to obey the order of the court may result in punishment for contempt.

Section 5. The Mental Health and Developmental Disabilities Confidentiality Act is amended by changing Section 12 as follows:

(740 ILCS 110/12) (from Ch. 91 1/2, par. 812)

Sec. 12. (a) If the United States Secret Service or the Department of State Police requests information from a mental health or developmental disability facility, as defined in Section 1-107 and 1-114 of the Mental Health and Developmental Disabilities Code, relating to a specific recipient and the facility director determines that disclosure of such information may be necessary to protect the life of, or to prevent the infliction of great bodily harm to, a public official, or a person under the protection of the United States Secret Service, only the following information may be disclosed: the recipient's name, address, and age and the date of any admission to or discharge from a facility; and any information which would indicate whether or not the recipient has a history of violence or presents a danger of violence to the person under protection. Any information so disclosed shall be used for investigative purposes only and shall not be publicly disseminated. Any person participating in good faith in the disclosure of such information in accordance with this provision shall have immunity from any liability, civil, criminal or otherwise, if such information is disclosed relying upon the representation of an officer of the United States Secret Service or the Department of State Police that a person is under the protection of the United States Secret Service or is a public official.

For the purpose of this subsection (a), the term "public official" means the Governor, Lieutenant Governor, Attorney General, Secretary of State, State Comptroller, State Treasurer or member of the General Assembly. The term shall also include the spouse, child or children of a public official.

(b) The Department of Human Services (acting as successor to the Department of Mental Health and Developmental Disabilities) and all private hospitals are required, as hereafter described in this subsection, to furnish the Department of State Police only such information as may be required for the sole purpose of determining whether an individual who may be or may have been a patient is disqualified because of that status from receiving or retaining a Firearm Owner’s Identification Card under subsection (e) of Section 8 of the Firearm Owners Identification Card Act. All private hospitals shall, in the form and manner required by the Department, provide such information as shall be necessary for the Department to comply with the reporting requirements to the Department of State Police. Such information shall be furnished within 30 days after admission to a private hospital. Any such information disclosed under this subsection shall remain privileged and confidential, and shall not be redisclosed nor utilized for any other purpose. The method of requiring the providing of such information shall guarantee that no information is released beyond what is necessary for this purpose. In addition, the information disclosed shall be provided by the Department within the time period established by Section 24-3 of the Criminal Code of 1961 regarding the delivery of firearms. The method used shall be sufficient to provide the necessary information within the prescribed time period, which may include periodically providing lists to the Department of Human Services or any private hospital of Firearm Owner’s Identification Card applicants on which the Department or hospital shall indicate

the identities of those individuals who are to its knowledge disqualified from having a Firearm Owner's Identification Card for reasons described herein. The Department may provide for a centralized source of information for the State on this subject under its jurisdiction.

Any person, institution, or agency, under this Act, participating in good faith in the reporting or disclosure of records and communications otherwise in accordance with this provision or with rules, regulations or guidelines issued by the Department shall have immunity from any liability, civil, criminal or otherwise, that might result by reason of the action. For the purpose of any proceeding, civil or criminal, arising out of a report or disclosure in accordance with this provision, the good faith of any person, institution, or agency so reporting or disclosing shall be presumed. The full extent of the immunity provided in this subsection (b) shall apply to any person, institution or agency that fails to make a report or disclosure in the good faith belief that the report or disclosure would violate federal regulations governing the confidentiality of alcohol and drug abuse patient records implementing 42 U.S.C. 290dd-3 and 290ee-3.

For purposes of this subsection (b) only, the following terms shall have the meaning prescribed:

(1) "Hospital" means only that type of institution which is providing full-time residential facilities and treatment for in-patients and excludes institutions, such as community clinics, which only provide treatment to out-patients.

(2) "Patient" shall mean only a person who is an in-patient or resident of any hospital, not an out-patient or client seen solely for periodic consultation.

(c) Upon the request of a peace officer who takes a person into custody and transports such person to a mental health or developmental disability facility pursuant to Section 3-606 or 4-404 of the Mental Health and Developmental Disabilities Code or who transports a person from such facility, a facility director shall furnish said peace officer the name, address, age and name of the nearest relative of the person transported to or from the mental health or developmental disability facility. In no case shall the facility director disclose to the peace officer any information relating to the diagnosis, treatment or evaluation of the person's mental or physical health.

For the purposes of this subsection (c), the terms "mental health or developmental disability facility", "peace officer" and "facility director" shall have the meanings ascribed to them in the Mental Health and Developmental Disabilities Code.

(d) Upon the request of a peace officer or prosecuting authority who is conducting a bona fide investigation of a criminal offense, or attempting to apprehend a fugitive from justice, a facility director may disclose whether a person is present at the facility. Upon request of a peace officer or prosecuting authority who has a valid forcible felony warrant issued, a facility director shall disclose: (1) whether the person who is the subject of the warrant is present at the facility and (2) the date of that person's discharge or future discharge from the facility. The requesting peace officer or prosecuting authority must furnish a case number and the purpose of the investigation or an outstanding arrest warrant at the time of the request. Any person, institution, or agency participating in good faith in
disclosing such information in accordance with this subsection (d) is immune from any liability, civil, criminal or otherwise, that might result by reason of the action.

Sec. 8-11-1.3. Non-Home Rule Municipal Retailers' Occupation Tax Act. The corporate authorities of a non-home rule municipality may impose a tax upon all persons engaged in the business of selling tangible personal property, other than on an item of tangible personal property which is titled and registered by an agency of this State's Government, at retail in the municipality at the rate of 1/2 of 1% for expenditure on public infrastructure or for property tax relief or both as defined in Section 8-11-1.2 if approved by referendum as provided in Section 8-11-1.1, of the gross receipts from such sales made in the course of such business. pursuant to this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The certificate of registration which is issued by the Department to a retailer under the Retailers’ Occupation Tax Act shall permit such retailer to engage in a business which is taxable under any ordinance or resolution enacted pursuant to this Section without registering separately with the Department under such ordinance or resolution or under this Section. The Department shall have full power to administer and enforce this Section; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided, and to determine all rights to credit memoranda, arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this Section, the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1, 1a, 1a-1, 1d, 1e, 1f, 1i, 1j, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 2c, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 12 and 13 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act as fully as if those provisions were set forth herein.

No municipality may impose a tax under this Section unless the municipality also imposes a tax at the same rate under Section 8-11-1.4 of this Code.

Persons subject to any tax imposed pursuant to the authority granted in this Section may reimburse themselves for their seller's tax liability hereunder by separately stating such tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which sellers are required to collect under the Use Tax Act, pursuant to such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in such notification from the Department. Such refund shall be paid by the State Treasurer out of the non-home rule municipal retailers’ occupation tax fund.

The Department shall forthwith pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected hereunder. On or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named municipalities, the municipalities to be those from which retailers have paid taxes or penalties hereunder to the Department during the second preceding calendar month. The amount to be paid to each municipality shall be the amount (not including credit memoranda) collected hereunder during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts which were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of such municipality, and not including any amount which the

Department determines is necessary to offset any amounts which were payable to a different taxing body but were erroneously paid to the municipality. Within 10 days after receipt, by the Comptroller, of the disbursement certification to the municipalities, provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in such certification.

For the purpose of determining the local governmental unit whose tax is applicable, a retail sale, by a producer of coal or other mineral mined in Illinois, is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the Federal Constitution as a sale in interstate or foreign commerce.

Nothing in this Section shall be construed to authorize a municipality to impose a tax upon the privilege of engaging in any business which under the constitution of the United States may not be made the subject of taxation by this State.

When certifying the amount of a monthly disbursement to a municipality under this Section, the Department shall increase or decrease such amount by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a misallocation is discovered.

The Department of Revenue shall implement this amendatory Act of the 91st General Assembly so as to collect the tax on and after January 1, 2002.

As used in this Section, "municipal" and "municipality" means a city, village or incorporated town, including an incorporated town which has superseded a civil township.

The tax imposed may not be more than 1/2 of 1% and may be imposed only in 1/4% increments. The tax may not be imposed on the sale of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances, and insulin, urine testing materials, syringes, and needles used by diabetics. No municipality may impose a tax under this Section unless the municipality also imposes a tax at the same rate under Section 8-11-1.3 of this Code.

Persons subject to any tax imposed pursuant to the authority granted in this Section may reimburse themselves for their serviceman's tax liability hereunder by separately stating such tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which servicemen are authorized to collect under the Service Use Tax Act, pursuant to such bracket schedules as the Department may prescribe.

Within 10 days after receipt, by the Comptroller, of the disbursement certification to the municipalities and the General Revenue Fund, provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in such certification.

The Department of Revenue shall implement this amendatory Act of the 91st General Assembly so as to collect the tax on and after January 1, 2002.

   (1) knows of it;
   (2) has received a notification of it; or
   (3) has reason to know it exists from all of the facts known to the person at the time in question.
(c) A person notifies or gives a notification to another by taking steps reasonably required to inform the other person in ordinary course, whether or not the other person learns of it.
(d) A person receives a notification when the notification:
   (1) comes to the person's attention; or
   (2) is duly delivered at the person's place of business or at any other place held out by the person as a place for receiving communications.
(e) Except as otherwise provided in subsection (f), a person other than an individual knows, has notice, or receives a notification of a fact for purposes of a particular transaction when the individual conducting the transaction knows, has notice, or receives a notification of the fact, or in any event when the fact would have been brought to the individual's attention if the person had exercised reasonable diligence. The person exercises reasonable diligence if it maintains reasonable routines for communicating significant information to the individual conducting the transaction and there is reasonable compliance with the routines. Reasonable diligence does not require an individual acting for the person to communicate information unless the communication is part of the individual's regular duties or the individual has reason to know of the transaction and that the transaction would be materially affected by the information.
(f) A partner's knowledge, notice, or receipt of a notification of a fact relating to the partnership is effective immediately as knowledge by, notice to, or receipt of a notification by the partnership, except in the case of a fraud on the partnership committed by or with the consent of that partner.

to provide copies of statements to all of the partners;

(2) unreasonably restrict the right of access to books and records under Section 403(b);

(3) eliminate or reduce a partner’s fiduciary duties, but may:
   (i) identify specific types or categories of activities that do not violate these duties, if not manifestly unreasonable; and
   (ii) specify the number or percentage of partners that may authorize or ratify, after full disclosure of all material facts, a specific act or transaction that otherwise would violate these duties;

(4) eliminate or reduce the obligation of good faith and fair dealing under Section 404(d), but the partnership agreement may prescribe the standards by which the performance of the obligation is to be measured, if the standards are not manifestly unreasonable;

(5) vary the power to dissociate as a partner under Section 602(a), except to require the notice under Section 601(1) to be in writing;

(b) If an obligation to pay interest arises under this Act and the rate is not specified, the rate is that specified in Section 4 of the Interest Act.

Section 105. Execution, filing, and recording of statements.

(a) A statement may be filed in the office of the Secretary of State. A certified copy of a statement that is filed in an office in another State may be filed in the office of the Secretary of State. Either filing has the effect provided in this Act with respect to partnership property located in or transactions that occur in this State.

(b) A certified copy of a statement that has been filed in the office of the Secretary of State and recorded in the office for recording transfers of real property has the effect provided for recorded statements in this Act. A recorded statement that is not a certified copy of a statement filed in the office of the Secretary of State does not have the effect provided for recorded statements in this Act.

(c) A statement filed by a partnership must be executed by at least 2 partners. Other statements must be executed by a partner or other person authorized by this Act. An individual who executes a statement as, or on behalf of, a partner or other person named as a partner in a statement shall personally declare under penalty of perjury that the contents of

the statement are accurate.

(d) A person authorized by this Act to file a statement may amend or cancel the statement by filing an amendment or cancellation that names the partnership, identifies the statement, and states the substance of the amendment or cancellation.

(e) A person who files a statement pursuant to this Section shall promptly send a copy of the statement to every nonfiling partner and to any other person named as a partner in the statement. Failure to send a copy of a statement to a partner or other person does not limit the effectiveness of the statement as to a person not a partner.

(f) The Secretary of State may collect a fee for filing or providing a certified copy of a statement as provided in Section 108. The officer responsible for recording transfers of real property may collect a fee for recording a statement.

Section 106. Governing law.

(b) The law of this State governs relations among the partners and between the partners and the partnership and the liability of partners for an obligation of a limited liability partnership.

Section 107. Partnership subject to amendment or repeal of Act. A partnership governed by this Act is subject to any amendment to or repeal of this Act.

(b) The Secretary of State shall charge and collect:

(1) for furnishing a copy or certified copy of any document, instrument, or paper relating to a registered limited liability partnership, $1 per page, but not less than $25, and $25 for the certificate and for affixing the seal to the certificate;

(2) for the transfer of information by computer process media to any purchaser, fees established by rule;

(3) for filing a statement of partnership authority, $25;

(4) for filing a statement of denial, $25;

(5) for filing a statement of dissociation, $25;

(6) for filing a statement of dissolution, $100;

(7) for filing a statement of merger, $100;

(8) for filing a statement of qualification for a limited liability partnership organized under the laws of this State, $100 for each partner, but in no event shall the fee be less than $200 or exceed $5,000;

(9) for filing a statement of foreign qualification, $500;

(11) for filing a renewal statement for a foreign limited liability partnership, $300.
(12) for filing an amendment or cancellation of a statement, $25;
(13) for filing a statement of withdrawal, $100;
(14) for the purposes of changing the registered agent name or registered office, or both, $25.

(c) All fees collected pursuant to this Act shall be deposited into the Division of Corporations Limited Liability Partnership Fund.

d) There is hereby continued in the State treasury a special fund to be known as the Division of Corporations Limited Liability Partnership Fund. Moneys deposited into the Fund shall, subject to appropriation, be used by the Business Services Division of the Office of the Secretary of State to administer the responsibilities of the Secretary of State under this Act. The balance of the Fund at the end of any fiscal year shall not exceed $200,000, and any amount in excess thereof shall be transferred to the General Revenue Fund.

Section 109. Illinois Administrative Procedure Act. The Illinois Administrative Procedure Act is expressly adopted and incorporated in Articles 10 and 11 of this Act as if all of the provisions of the Illinois Administrative Procedure Act were included in Articles 10 and 11 of this Act, except that the provisions of subsection (c) of Section 10-65 of the Illinois Administrative Procedure Act, which provides that at a hearing the licensee has the right to show compliance with all lawful requirements for retention, continuation, or renewal of the license, is specifically excluded, and for the purposes of this Act, the notice required under Section 10-25 of the Illinois Administrative Procedure Act is deemed sufficient when mailed to the last known address of a party.

ARTICLE 2
NATURE OF PARTNERSHIP

Section 201. Partnership as entity.
(a) A partnership is an entity distinct from its partners.
(b) A limited liability partnership continues to be the same entity that existed before the filing of a statement of qualification under Section 1001 of this Act.

Section 202. Formation of partnership.
(a) Except as otherwise provided in subsection (b), the association of 2 or more persons to carry on as co-owners a business for profit forms a partnership, whether or not the persons intend to form a partnership.
(b) An association formed under a statute other than this Act, a predecessor statute, or a comparable statute of another jurisdiction is not a partnership under this Act.
(c) In determining whether a partnership is formed, the following rules apply:
1) Joint tenancy, tenancy in common, tenancy by the entirety, joint property, common property, or part ownership does not by itself establish a partnership, even if the co-owners share profits made by the use of the property.
(2) The sharing of gross returns does not by itself establish a partnership, even if the persons sharing them have a joint or common right or interest in property from which the returns are derived.

(3) A person who receives a share of the profits of a business is presumed to be a partner in the business, unless the profits were received in payment:
   (i) of a debt by installments or otherwise;
   (ii) for services as an independent contractor or of wages or other compensation to an employee;
   (iii) of rent;
   (iv) of an annuity or other retirement or health benefit to a beneficiary, representative, or designee of a deceased or retired partner;
   (v) of interest or other charge on a loan, even if the amount of payment varies with the profits of the business, including a direct or indirect present or future ownership of the collateral, or rights to income, proceeds, or increase in value derived from the collateral; or
   (vi) for the sale of the goodwill of a business or other property by installments or otherwise.

Section 203. Partnership property. Property acquired by a partnership is property of the partnership and not of the partners individually.

Section 204. When property is partnership property.
(a) Property is partnership property if acquired in the name of:
   (1) the partnership; or
   (2) one or more partners with an indication in the instrument transferring title to the property of the person's capacity as a partner or of the existence of a partnership but without an indication of the name of the partnership.
(b) Property is acquired in the name of the partnership by a transfer to:
   (1) the partnership in its name; or
   (2) one or more partners in their capacity as partners in the partnership, if the name of the partnership is indicated in the instrument transferring title to the property.
(c) Property is presumed to be partnership property if purchased with partnership assets, even if not acquired in the name of the partnership or of one or more partners with an indication in the instrument transferring title to the property of the person's capacity as a partner or of the existence of a partnership.
(d) Property acquired in the name of one or more of the partners, without an indication in the instrument transferring title to the property of the person's capacity as a partner or of the existence of a partnership and without use of partnership assets, is presumed to be separate property, even if used for partnership purposes.

ARTICLE 3
RELATIONS OF PARTNERS TO PERSONS DEALING WITH PARTNERSHIP

Section 301. Partner agent of partnership. Subject to the effect of a statement of
partnership authority under Section 303 of this Act:

(1) Each partner is an agent of the partnership for the purpose of its business. An act of a partner, including the execution of an instrument in the partnership name, for apparently carrying on in the ordinary course the partnership business or business of the kind carried on by the partnership binds the partnership, unless the partner had no authority to act for the partnership in the particular matter and the person with whom the partner was dealing knew or had received a notification that the partner lacked authority.

(2) An act of a partner which is not apparently for carrying on in the ordinary course the partnership business or business of the kind carried on by the partnership binds the partnership only if the act was authorized by the other partners.

Section 302. Transfer of partnership property.
(a) Partnership property may be transferred as follows:

(1) Subject to the effect of a statement of partnership authority under Section 303 of this Act, partnership property held in the name of the partnership may be transferred by an instrument of transfer executed by a partner in the partnership name.

(2) Partnership property held in the name of one or more partners with an indication in the instrument transferring the property to them of their capacity as partners or of the existence of a partnership, but without an indication of the name of the partnership, may be transferred by an instrument of transfer executed by the persons in whose name the property is held.

(3) Partnership property held in the name of one or more persons other than the partnership, without an indication in the instrument transferring the property to them of their capacity as partners or of the existence of a partnership, may be transferred by an instrument of transfer executed by the persons in whose name the property is held.

(b) A partnership may recover partnership property from a transferee only if it proves that execution of the instrument of initial transfer did not bind the partnership under Section 301 and:

(1) as to a subsequent transferee who gave value for property transferred under subsection (a)(1) and (2) of this Section, proves that the subsequent transferee knew or had received a notification that the person who executed the instrument of initial transfer lacked authority to bind the partnership; or

(2) as to a transferee who gave value for property transferred under subsection (a)(3), proves that the transferee knew or had received a notification that the property was partnership property and that the person who executed the instrument of initial transfer lacked authority to bind the partnership.

(c) A partnership may not recover partnership property from a subsequent transferee if the partnership would not have been entitled to recover the property, under subsection (b), from any earlier transferee of the property.

(d) If a person holds all of the partners' interests in the partnership, all of the

partnership property vests in that person. The person may execute a document in the name of the partnership to evidence vesting of the property in that person and may file or record the document.

Section 303. Statement of partnership authority.
(a) A partnership may file a statement of partnership authority, which:
   (1) must include:
      (i) the name of the partnership;
      (ii) the street address of its chief executive office and of one office in this State, if there is one;
      (iii) the names and mailing addresses of all of the partners or of an agent appointed and maintained by the partnership for the purpose of subsection (b); and
      (iv) the names of the partners authorized to execute an instrument transferring real property held in the name of the partnership; and
   (2) may state the authority, or limitations on the authority, of some or all of the partners to enter into other transactions on behalf of the partnership and any other matter.
(b) If a statement of partnership authority names an agent, the agent shall maintain a list of the names and mailing addresses of all of the partners and make it available to any person on request for good cause shown.
(c) If a filed statement of partnership authority is executed pursuant to Section 105(c) and states the name of the partnership but does not contain all of the other information required by subsection (a) of this Section, the statement nevertheless operates with respect to a person not a partner as provided in subsections (d) and (e).
(d) Except as otherwise provided in subsection (g) of this Section, a filed statement of partnership authority supplements the authority of a partner to enter into transactions on behalf of the partnership as follows:
   (1) Except for transfers of real property, a grant of authority contained in a filed statement of partnership authority is conclusive in favor of a person who gives value without knowledge to the contrary, so long as and to the extent that a limitation on that authority is not then contained in another filed statement. A filed cancellation of a limitation on authority revives the previous grant of authority.
   (2) A grant of authority to transfer real property held in the name of the partnership contained in a certified copy of a filed statement of partnership authority recorded in the office for recording transfers of that real property is conclusive in favor of a person who gives value without knowledge to the contrary, so long as and to the extent that a certified copy of a filed statement containing a limitation on that authority is not then of record in the office for recording transfers of that real property. The recording in the office for recording transfers of that real property of a certified copy of a filed cancellation of a limitation on authority revives the previous grant of authority.
(e) A person not a partner is deemed to know of a limitation on the authority of a

partner to transfer real property held in the name of the partnership if a certified copy of the filed statement containing the limitation on authority is of record in the office for recording transfers of that real property.

(f) Except as otherwise provided in subsections (d) and (e) of this Section and Sections 704 and 805 of this Act, a person not a partner is not deemed to know of a limitation on the authority of a partner merely because the limitation is contained in a filed statement.

(g) Unless earlier canceled, a filed statement of partnership authority is canceled by operation of law 5 years after the date on which the statement, or the most recent amendment, was filed with the Secretary of State.

Section 304. Statement of denial. A partner or other person named as a partner in a filed statement of partnership authority or in a list maintained by an agent pursuant to Section 303(b) may file a statement of denial stating the name of the partnership and the fact that is being denied, which may include denial of a person's authority or status as a partner. A statement of denial is a limitation on authority as provided in Section 303(d) and (e).

Section 305. Partnership liable for partner's actionable conduct.

(a) A partnership is liable for loss or injury caused to a person, or for a penalty incurred, as a result of a wrongful act or omission, or other actionable conduct, of a partner acting in the ordinary course of business of the partnership or with authority of the partnership.

(b) If, in the course of the partnership's business or while acting with authority of the partnership, a partner receives or causes the partnership to receive money or property of a person not a partner, and the money or property is misapplied by a partner, the partnership is liable for the loss.

Section 306. Partner's liability.

(a) Except as otherwise provided in subsections (b) and (c) of this Section, all partners are liable jointly and severally for all obligations of the partnership unless otherwise agreed by the claimant or provided by law.

(b) A person admitted as a partner into an existing partnership is not personally liable for any partnership obligation incurred before the person's admission as a partner.

(c) An obligation of a partnership incurred while the partnership is a limited liability partnership, whether arising in contract, tort, or otherwise, is solely the obligation of the partnership. A partner is not personally liable, directly or indirectly, by way of contribution or otherwise, for such an obligation solely by reason of being or so acting as a partner. This subsection applies notwithstanding anything inconsistent in the partnership agreement that existed immediately before the vote required to become a limited liability partnership under Section 1001(b) of this Act.

Section 307. Actions by and against partnership and partners.

(a) A partnership may sue and be sued in the name of the partnership.

(b) An action may be brought against the partnership and, to the extent not inconsistent with Section 306 of this Act, any or all of the partners in the same action or in separate actions.

New matter indicated by italics - deletions by strikeout.
(c) A judgment against a partnership is not by itself a judgment against a partner. A judgment against a partnership may not be satisfied from a partner's assets unless there is also a judgment against the partner.

(d) A judgment creditor of a partner may not levy execution against the assets of the partner to satisfy a judgment based on a claim against the partnership unless the partner is personally liable for the claim under Section 306 and:

1. A judgment based on the same claim has been obtained against the partnership and a writ of execution on the judgment has been returned unsatisfied in whole or in part;
2. The partnership is a debtor in bankruptcy;
3. The partner has agreed that the creditor need not exhaust partnership assets;
4. A court grants permission to the judgment creditor to levy execution against the assets of a partner based on a finding that partnership assets subject to execution are clearly insufficient to satisfy the judgment, that exhaustion of partnership assets is excessively burdensome, or that the grant of permission is an appropriate exercise of the court's equitable powers; or
5. Liability is imposed on the partner by law or contract independent of the existence of the partnership.

(e) This Section applies to any partnership liability or obligation resulting from a representation by a partner or purported partner under Section 308 of this Act.

Section 308. Liability of purported partner.

(a) If a person, by words or conduct, purports to be a partner, or consents to being represented by another as a partner, in a partnership or with one or more persons not partners, the purported partner is liable to a person to whom the representation is made, if that person, relying on the representation, enters into a transaction with the actual or purported partnership. If the representation, either by the purported partner or by a person with the purported partner's consent, is made in a public manner, the purported partner is liable to a person who relies upon the purported partnership even if the purported partner is not aware of being held out as a partner to the claimant. If partnership liability results, the purported partner is liable with respect to that liability as if the purported partner were a partner. If no partnership liability results, the purported partner is liable with respect to that liability jointly and severally with any other person consenting to the representation.

(b) If a person is thus represented to be a partner in an existing partnership, or with one or more persons not partners, the purported partner is an agent of persons consenting to the representation to bind them to the same extent and in the same manner as if the purported partner were a partner, with respect to persons who enter into transactions in reliance upon the representation. If all of the partners of the existing partnership consent to the representation, a partnership act or obligation results. If fewer than all of the partners of the existing partnership consent to the representation, the person acting and the partners consenting to the representation are jointly and severally liable.

(c) A person is not liable as a partner merely because the person is named by another
in a statement of partnership authority.

(d) A person does not continue to be liable as a partner merely because of a failure to file a statement of dissociation or to amend a statement of partnership authority to indicate the partner's dissociation from the partnership.

(e) Except as otherwise provided in subsections (a) and (b) of this Section, persons who are not partners as to each other are not liable as partners to other persons.

ARTICLE 4
RELATIONS OF PARTNERS TO EACH OTHER AND TO PARTNERSHIP

Section 401. Partner's rights and duties.
(a) Each partner is deemed to have an account that is:

(1) credited with an amount equal to the money plus the value of any other property, net of the amount of any liabilities, the partner contributes to the partnership and the partner's share of the partnership profits; and
(2) charged with an amount equal to the money plus the value of any other property, net of the amount of any liabilities, distributed by the partnership to the partner and the partner's share of the partnership losses.

(b) Each partner is entitled to an equal share of the partnership profits and is chargeable with a share of the partnership losses in proportion to the partner's share of the profits.

(c) A partnership shall reimburse a partner for payments made and indemnify a partner for liabilities incurred by the partner in the ordinary course of the business of the partnership or for the preservation of its business or property.

(d) A partnership shall reimburse a partner for an advance to the partnership beyond the amount of capital the partner agreed to contribute.

(e) A payment or advance made by a partner which gives rise to a partnership obligation under subsection (c) or (d) of this Section constitutes a loan to the partnership which accrues interest from the date of the payment or advance.

(f) Each partner has equal rights in the management and conduct of the partnership business.

(g) A partner may use or possess partnership property only on behalf of the partnership.

(h) A partner is not entitled to remuneration for services performed for the partnership, except for reasonable compensation for services rendered in winding up the business of the partnership.

(i) A person may become a partner only with the consent of all of the partners.

(j) A difference arising as to a matter in the ordinary course of business of a partnership may be decided by a majority of the partners. An act outside the ordinary course of business of a partnership and an amendment to the partnership agreement may be undertaken only with the consent of all of the partners.

(k) This Section does not affect the obligations of a partnership to other persons under Section 301 of this Act.

New matter indicated by italics - deletions by strikeout.
Section 402. Distributions in kind. A partner has no right to receive, and may not be required to accept, a distribution in kind.

Section 403. Partner's rights and duties with respect to information.
(a) A partnership shall keep its books and records, if any, at its chief executive office.
(b) A partnership shall provide partners and their agents and attorneys access to its books and records. It shall provide former partners and their agents and attorneys access to books and records pertaining to the period during which they were partners. The right of access provides the opportunity to inspect and copy books and records during ordinary business hours. A partnership may impose a reasonable charge, covering the costs of labor and material, for copies of documents furnished.
(c) Each partner and the partnership shall furnish to a partner, and to the legal representative of a deceased partner or partner under legal disability:
   (1) without demand, any information concerning the partnership's business and affairs reasonably required for the proper exercise of the partner's rights and duties under the partnership agreement or this Act; and
   (2) on demand, any other information concerning the partnership's business and affairs, except to the extent the demand or the information demanded is unreasonable or otherwise improper under the circumstances.

Section 404. General standards of partner's conduct.
(a) The fiduciary duties a partner owes to the partnership and the other partners include the duty of loyalty and the duty of care set forth in subsections (b) and (c) of this Section.
(b) A partner's duty of loyalty to the partnership and the other partners includes the following:
   (1) to account to the partnership and hold as trustee for it any property, profit, or benefit derived by the partner in the conduct and winding up of the partnership business or derived from a use by the partner of partnership property, including the appropriation of a partnership opportunity;
   (2) to act fairly when a partner deals with the partnership in the conduct or winding up of the partnership business as or on behalf of a party having an interest adverse to the partnership; and
   (3) to refrain from competing with the partnership in the conduct of the partnership business before the dissolution of the partnership.
(c) A partner's duty of care to the partnership and the other partners in the conduct and winding up of the partnership business is limited to refraining from engaging in grossly negligent or reckless conduct, intentional misconduct, or a knowing violation of law.
(d) A partner shall discharge his or her duties to the partnership and the other partners under this Act or under the partnership agreement and exercise any rights consistent with the obligation of good faith and fair dealing.
(e) A partner does not violate a duty or obligation under this Act or under the partnership agreement merely because the partner's conduct furthers the partner's own interest.

New matter indicated by italics - deletions by strikeout.
(f) This Section applies to a person winding up the partnership business as the personal or legal representative of the last surviving partner as if the person were a partner.

Section 405. Actions by partnership and partners.
(a) A partnership may maintain an action against a partner for a breach of the partnership agreement, or for the violation of a duty to the partnership, causing harm to the partnership.
(b) A partner may maintain an action against the partnership or another partner for legal or equitable relief, with or without an accounting as to partnership business, to:
   (1) enforce the partner's rights under the partnership agreement;
   (2) enforce the partner's rights under this Act, including:
      (i) the partner's rights under Section 401, 403, or 404;
      (ii) the partner's right on dissociation to have the partner's interest in the partnership purchased pursuant to Section 701 or enforce any other right under Article 6 or 7; or
      (iii) the partner's right to compel a dissolution and winding up of the partnership business under or enforce any other right under Article 8; or
   (3) enforce the rights and otherwise protect the interests of the partner, including rights and interests arising independently of the partnership relationship.
(c) The accrual of, and any time limitation on, a right of action for a remedy under this Section is governed by other law. A right to an accounting upon a dissolution and winding up does not revive a claim barred by law.

Section 406. Continuation of partnership beyond definite term or particular undertaking.
(a) If a partnership for a definite term or particular undertaking is continued, without an express agreement, after the expiration of the term or completion of the undertaking, the rights and duties of the partners remain the same as they were at the expiration or completion, so far as is consistent with a partnership at will.
(b) If the partners, or those of them who habitually acted in the business during the term or undertaking, continue the business without any settlement or liquidation of the partnership, they are presumed to have agreed that the partnership will continue.

ARTICLE 5
TRANSFEREES AND CREDITORS OF PARTNER
Section 501. Partner not co-owner of partnership property. A partner is not a co-owner of partnership property and has no interest in partnership property which can be transferred, either voluntarily or involuntarily.

Section 502. Partner's transferable interest in partnership. The only transferable interest of a partner in the partnership is the partner's share of the profits and losses of the partnership and the partner's right to receive distributions. The interest is personal property.

Section 503. Transfer of partner's transferable interest.
(a) A transfer, in whole or in part, of a partner's transferable interest in the partnership:
   (1) is permissible;

(2) does not by itself cause the partner's dissociation or a dissolution and winding up of the partnership business; and
(3) does not, as against the other partners or the partnership, entitle the transferee, during the continuance of the partnership, to participate in the management or conduct of the partnership business, to require access to information concerning partnership transactions, or to inspect or copy the partnership books or records.

(b) A transferee of a partner's transferable interest in the partnership has a right:
   (1) to receive, in accordance with the transfer, distributions to which the transferor would otherwise be entitled;
   (2) to receive upon the dissolution and winding up of the partnership business, in accordance with the transfer, the net amount otherwise distributable to the transferor; and

(d) Upon transfer, the transferor retains the rights and duties of a partner other than the interest in distributions transferred.

(e) A partnership need not give effect to a transferee's rights under this Section until it has notice of the transfer.

(f) A transfer of a partner's transferable interest in the partnership in violation of a restriction on transfer contained in the partnership agreement is ineffective as to a person having notice of the restriction at the time of transfer.

Section 504. Partner's transferable interest subject to charging order.
(a) On application by a judgment creditor of a partner or of a partner's transferee, a court having jurisdiction may charge the transferable interest of the judgment debtor to satisfy the judgment. The court may appoint a receiver of the share of the distributions due or to become due to the judgment debtor in respect of the partnership and make all other orders, directions, accounts, and inquiries the judgment debtor might have made or which the circumstances of the case may require.

(b) A charging order constitutes a lien on the judgment debtor's transferable interest in the partnership. The court may order a foreclosure of the interest subject to the charging order at any time. The purchaser at the foreclosure sale has the rights of a transferee.

(c) At any time before foreclosure, an interest charged may be redeemed:
   (1) by the judgment debtor;
   (2) with property other than partnership property, by one or more of the other partners; or
   (3) with partnership property, by one or more of the other partners with the consent of all of the partners whose interests are not so charged.

ARTICLE 7
PARTNER'S DISSOCIATION WHEN BUSINESS NOT WOUND UP
Section 701. Purchase of dissociated partner's interest.
(a) If a partner is dissociated from a partnership without resulting in a dissolution and winding up of the partnership business under Section 801 of this Act, the partnership shall cause the dissociated partner's interest in the partnership to be purchased for a buyout price determined pursuant to subsection (b) of this Section.

(b) The buyout price of a dissociated partner's interest is the amount that would have been distributable to the dissocia
ting partner under Section 807(b) if, on the date of dissociation, the assets of the partnership were sold at a price equal to the greater of the liquidation value or the value based on a sale of the entire business as a going concern without the dissociated partner and the partnership were wound up as of that date. Interest must be paid from the date of dissociation to the date of payment.

(c) Damages for wrongful dissociation under Section 602(b), and all other amounts owing, whether or not presently due, from the dissociated partner to the partnership, must be offset against the buyout price. Interest must be paid from the date the amount owed becomes due to the date of payment.

(d) A partnership shall indemnify a dissociated partner whose interest is being purchased against all partnership liabilities, whether incurred before or after the dissociation, except liabilities incurred by an act of the dissociated partner under Section 702.

(e) If no agreement for the purchase of a dissociated partner's interest is reached within 120 days after a written demand for payment, the partnership shall pay, or cause to be paid, in cash to the dissociated partner the amount the partnership estimates to be the buyout price and accrued interest, reduced by any offsets and accrued interest under subsection (c).

(f) If a deferred payment is authorized under subsection (h), the partnership may tender a written offer to pay the amount it estimates to be the buyout price and accrued interest, reduced by any offsets under subsection (c), stating the time of payment, the amount and type of security for payment, and the other terms and conditions of the obligation.

(g) The payment or tender required by subsection (e) or (f) must be accompanied by the following:

New matter indicated by italics - deletions by strikeout.
(1) a statement of partnership assets and liabilities as of the date of
dissociation;
(2) the latest available partnership balance sheet and income statement, if any;
(3) an explanation of how the estimated amount of the payment was
calculated; and
(4) written notice that the payment is in full satisfaction of the obligation to
purchase unless, within 120 days after the written notice, the dissociated partner
commences an action to determine the buyout price, any offsets under subsection (c),
or other terms of the obligation to purchase.
(h) A partner who wrongfully dissociates before the expiration of a definite term or
the completion of a particular undertaking is not entitled to payment of any portion of the
buyout price until the expiration of the term or completion of the undertaking, unless the
partner establishes to the satisfaction of the court that earlier payment will not cause undue
hardship to the business of the partnership. A deferred payment must be adequately secured
and bear interest.
(i) A dissociated partner may maintain an action against the partnership, pursuant to
Section 405(b)(2)(ii), to determine the buyout price of that partner's interest, any offsets
under subsection (c), or other terms of the obligation to purchase. The action must be
commenced within 120 days after the partnership has tendered payment or an offer to pay
or within one year after written demand for payment if no payment or offer to pay is
tendered. The court shall determine the buyout price of the dissociated partner's interest, any
offset due under subsection (c) of this Section, and accrued interest, and enter judgment for
any additional payment or refund. If deferred payment is authorized under subsection (h), the
court shall also determine the security for payment and other terms of the obligation to
purchase. The court may assess reasonable attorney's fees and the fees and expenses of
appraisers or other experts for a party to the action, in amounts the court finds equitable,
against a party that the court finds acted arbitrarily, vexatiously, or not in good faith. The
finding may be based on the partnership's failure to tender payment or an offer to pay or to
comply with subsection (g).
Section 702. Dissociated partner's power to bind and liability to partnership.
(a) For 2 years after a partner dissociates without resulting in a dissolution and
winding up of the partnership business, the partnership, including a surviving partnership
under Article 9 of this Act, is bound by an act of the dissociated partner which would have
bound the partnership under Section 301 before dissociation only if at the time of entering
into the transaction the other party:
(1) reasonably believed that the dissociated partner was then a partner;
(2) did not have notice of the partner's dissociation; and
(3) is not deemed to have had knowledge under Section 303(e) or notice
under Section 704(c).
(b) A dissociated partner is liable to the partnership for any damage caused to the
partnership arising from an obligation incurred by the dissociated partner after dissociation
for which the partnership is liable under subsection (a) of this Section.

New matter indicated by italics - deletions by strikeout.
Section 703. Dissociated partner's liability to other persons.

(a) A partner's dissociation does not of itself discharge the partner's liability for a partnership obligation incurred before dissociation. A dissociated partner is not liable for a partnership obligation incurred after dissociation, except as otherwise provided in subsection (b) of this Section.

(b) A partner who dissociates without resulting in a dissolution and winding up of the partnership business is liable as a partner to the other party in a transaction entered into by the partnership, or a surviving partnership under Article 9 of this Act, within 2 years after the partner's dissociation, only if the partner is liable for the obligation under Section 306 and at the time of entering into the transaction the other party:

(1) reasonably believed that the dissociated partner was then a partner;
(2) did not have notice of the partner's dissociation; and
(3) is not deemed to have had knowledge under Section 303(e) or notice under Section 704(c).

(c) By agreement with the partnership creditor and the partners continuing the business, a dissociated partner may be released from liability for a partnership obligation.

(d) A dissociated partner is released from liability for a partnership obligation if a partnership creditor, with notice of the partner's dissociation but without the partner's consent, agrees to a material alteration in the nature or time of payment of a partnership obligation.

Section 704. Statement of dissociation.

(a) A dissociated partner or the partnership may file a statement of dissociation stating the name of the partnership and that the partner is dissociated from the partnership.

(b) A statement of dissociation is a limitation on the authority of a dissociated partner for the purposes of Section 303(d) and (e).

(c) For the purposes of Sections 702(a)(3) and 703(b)(3) of this Act, a person not a partner is deemed to have notice of the dissociation 90 days after the statement of dissociation is filed.

Section 705. Continued use of partnership name. Continued use of a partnership name, or a dissociated partner's name as part thereof, by partners continuing the business does not of itself make the dissociated partner liable for an obligation of the partners or the partnership continuing the business.

(ii) the express will of all of the partners to wind up the partnership business; or
(iii) the expiration of the term or the completion of the undertaking;
(3) an event agreed to in the partnership agreement resulting in the winding up of the partnership business;

(5) on application by a partner, a judicial determination that:
   (i) the economic purpose of the partnership is likely to be unreasonably frustrated;
   (ii) another partner has engaged in conduct relating to the partnership business which makes it not reasonably practicable to carry on the business in partnership with that partner; or
   (iii) it is not otherwise reasonably practicable to carry on the partnership business in conformity with the partnership agreement; or
(6) on application by a transferee of a partner's transferable interest, a judicial determination that it is equitable to wind up the partnership business:

   (ii) at any time, if the partnership was a partnership at will at the time of the transfer or entry of the charging order that gave rise to the transfer.

Section 802. Partnership continues after dissolution.
(a) Subject to subsection (b) of this Section, a partnership continues after dissolution only for the purpose of winding up its business. The partnership is terminated when the winding up of its business is completed.
    (b) At any time after the dissolution of a partnership and before the winding up of its business is completed, all of the partners, including any dissociating partner other than a wrongfully dissociating partner, may waive the right to have the partnership's business wound up and the partnership terminated. In that event:

(1) the partnership resumes carrying on its business as if dissolution had never occurred, and any liability incurred by the partnership or a partner after the dissolution and before the waiver is determined as if dissolution had never occurred; and

(2) the rights of a third party accruing under Section 804(1) of this Act or arising out of conduct in reliance on the dissolution before the third party knew or received a notification of the waiver may not be adversely affected.

Section 803. Right to wind up partnership business.
(a) After dissolution, a partner who has notwrongfully dissociated may participate in winding up the partnership's business, but on application of any partner, partner's legal representative, or transferee, the appropriate court, for good cause shown, may order judicial supervision of the winding up.
(b) The legal representative of the last surviving partner may wind up a partnership's business.
(c) A person winding up a partnership's business may preserve the partnership business or property as a going concern for a reasonable time, prosecute and defend actions and proceedings, whether civil, criminal, or administrative, settle and close the partnership's business, dispose of and transfer the partnership's property, discharge the partnership's liabilities, distribute the assets of the partnership pursuant to Section 807, settle disputes by mediation or arbitration, and perform other necessary acts.

Section 804. Partner's power to bind partnership after dissolution. Subject to Section 805 of this Act, a partnership is bound by a partner's act after dissolution that:
(1) is appropriate for winding up the partnership business; or
(2) would have bound the partnership under Section 301 before dissolution, if the other party to the transaction did not have notice of the dissolution.

Section 805. Statement of dissolution.
(a) After dissolution, a partner who has not wrongfully dissociated may file a statement of dissolution stating the name of the partnership and that the partnership has dissolved and is winding up its business.
(b) A statement of dissolution cancels a filed statement of partnership authority for the purposes of Section 303(d) and is a limitation on authority for the purposes of Section 303(e).
(c) For the purposes of Sections 301 and 804, a person not a partner is deemed to have notice of the dissolution and the limitation on the partners' authority as a result of the statement of dissolution 90 days after it is filed.
(d) After filing and, if appropriate, recording a statement of dissolution, a dissolved partnership may file and, if appropriate, record a statement of partnership authority which will operate with respect to a person not a partner as provided in Section 303(d) and (e) in any transaction, whether or not the transaction is appropriate for winding up the partnership business.

Section 806. Partner's liability to other partners after dissolution.

Any surplus must be applied to pay in cash the net amount distributable to partners in accordance with their right to distributions under subsection (b) of this Section.

(b) Each partner is entitled to a settlement of all partnership accounts upon winding up the partnership business. In settling accounts among the partners, profits and losses that result from the liquidation of the partnership assets must be credited and charged to the partners' accounts. The partnership shall make a distribution to a partner in an amount equal to any excess of the credits over the charges in the partner's account. (c) A limitation on personal liability of a partner is not waived solely by transacting business in this State without a statement of foreign qualification.

(d) If a foreign limited liability partnership transacts business in this State without a statement of foreign qualification, the Secretary of State is its agent for service of process with respect to a right of action arising out of the transaction of business in this State.

In the case of any type of tax return required to be filed more frequently than annually, when the failure to file the tax return on or before the date prescribed for filing (including any extensions) is shown to be nonfraudulent and has not occurred in the 2 years immediately preceding the failure to file on the prescribed due date, the penalty imposed by Section 3-3(a-10) shall be abated.

(b) This subsection is applicable before January 1, 1998. A penalty of 15% of the tax shown on the return or the tax required to be shown due on the return shall be imposed for failure to pay:

(1) the tax shown due on the return on or before the due date prescribed for payment of that tax, an amount of underpayment of estimated tax, or an amount that is reported in an amended return other than an amended return timely filed as required by subsection (b) of Section 506 of the Illinois Income Tax Act (penalty for late payment or nonpayment of admitted liability); or

(2) the full amount of any tax required to be shown due on a return and which is not shown (penalty for late payment or nonpayment of additional liability), within 30 days after a notice of arithmetic error, notice and demand, or a final assessment is issued by the Department. In the case of a final assessment arising following a protest and hearing, the 30-day period shall not begin until all proceedings in court for review of the final assessment have terminated or the period for obtaining a review has expired without proceedings for a review having been instituted. In the case of a notice of tax liability that becomes a final assessment without a protest and hearing, the penalty provided in this paragraph (2) shall be imposed at the expiration of the period provided for the filing of a protest.

(b-5) This subsection is applicable to returns due on and after January 1, 1998 and on or before December 31, 2000. A penalty of 20% of the tax shown on the return or the tax required to be shown due on the return shall be imposed for failure to pay:

(1) the tax shown due on the return on or before the due date prescribed for payment of that tax, an amount of underpayment of estimated tax, or an amount that is reported in an amended return other than an amended return timely filed as required by subsection (b) of Section 506 of the Illinois Income Tax Act (penalty for late payment or nonpayment of admitted liability); or

(2) the full amount of any tax required to be shown due on a return and which is not shown (penalty for late payment or nonpayment of additional liability), within 30 days after a notice of arithmetic error, notice and demand, or a final assessment is issued by the Department. In the case of a final assessment arising following a protest and hearing, the 30-day period shall not begin until all proceedings in court for review of the final assessment have terminated or the period for obtaining a review has expired without proceedings for a review having been instituted. of the period provided for the filing of a protest.

(b-10) This subsection (b-10) is applicable to returns due on and after January 1, 2001. A penalty shall be imposed for failure to pay:

(1) the tax shown due on a return on or before the due date prescribed for payment of that tax, an amount of underpayment of estimated tax, or an amount that is reported in an amended return other than an amended return timely filed as required by subsection (b) of Section 506 of the Illinois Income Tax Act (penalty for late payment or nonpayment of admitted liability). The amount of penalty imposed under this subsection (b-10)(1) shall be 2% of any amount that is paid no later than 30 days after the due date, 5% of any amount that is paid later than 30 days after the due date and not later than 90 days after the due date, 10% of any amount that is paid later than 90 days after the due date and not later than 180 days after the due date, and 15% of any amount that is paid later than 180 days after the due date. If notice and demand is made for the payment of any amount of tax due and if the amount due is paid within 30 days after the date of the notice and demand, then the penalty for late payment or nonpayment of admitted liability under this subsection (b-10)(1) on the amount so paid shall not accrue for the period after the date of the notice and demand.

(2) the full amount of any tax required to be shown due on a return and that is not shown (penalty for late payment or nonpayment of additional liability), within 30 days after a notice of arithmetic error, notice and demand, or a final assessment is issued by the Department. In the case of a final assessment arising following a protest and hearing, the 30-day period shall not begin until all proceedings in court for review of the final assessment have terminated or the period for obtaining a review has expired without proceedings for a review having been instituted. The amount of penalty imposed under this subsection (b-10)(2) shall be 20% of any amount that is not paid within the 30-day period. In the case of a notice of tax liability that becomes a final assessment without a protest and hearing, the penalty provided in this subsection (b-10)(2) shall be imposed at the expiration of the period provided for the filing of a protest.

(c) For purposes of the late payment penalties, the basis of the penalty shall be the tax shown or required to be shown on a return, whichever is applicable, reduced by any part of the tax which is paid on time and by any credit which was properly allowable on the date the return was required to be filed.

(d) A penalty shall be applied to the tax required to be shown even if that amount is less than the tax shown on the return.

(e) This subsection (e) is applicable to returns due before January 1, 2001. If both a subsection (b)(1) or (b-5)(1) penalty and a subsection (b)(2) or (b-5)(2) penalty are assessed against the same return, the subsection (b)(2) or (b-5)(2) penalty shall be assessed against only the additional tax found to be due.

(e-5) This subsection (e-5) is applicable to returns due on and after January 1, 2001. If both a subsection (b-10)(1) penalty and a subsection (b-10)(2) penalty are assessed against
the same return, the subsection (b-10)(2) penalty shall be assessed against only the additional tax found to be due.

(f) If the taxpayer has failed to file the return, the Department shall determine the correct tax according to its best judgment and information, which amount shall be prima facie evidence of the correctness of the tax due.

(g) The time within which to file a return or pay an amount of tax due without imposition of a penalty does not extend the time within which to file a protest to a notice of tax liability or a notice of deficiency.

(h) No return shall be determined to be unprocessable because of the omission of any information requested on the return pursuant to Section 2505-575 of the Department of Revenue Law (20 ILCS 2505/2505-575).

Upon the execution of the search warrant, the peace officer, or officer or employee of the Department, executing the search warrant shall make due return of the warrant to the court issuing the warrant, together with an inventory of the property taken under the warrant. The court must then issue process against the owner of the property if the owner is known; otherwise, process must be issued against the person in whose possession the property is found, if that person is known. In case of inability to serve process upon the owner or the person in possession of the property at the time of its seizure, notice of the proceedings before the court must be given in the same manner as required by the law governing cases of attachment. Upon the return of the process duly served or upon the posting or publishing of notice made, as appropriate, the court or jury, if a jury is demanded, shall proceed to determine whether or not the property so seized was held or possessed in violation of this Act. If a violation is found, judgment shall be entered confiscating the property and forfeiting it to the State and ordering its delivery to the Department. Notwithstanding any provision of the law to the contrary, the General Assembly hereby authorizes the use of such funds for the purposes set forth in this Section.

These provisions do not apply to funds classified by the Comptroller as federal trust funds or State trust funds. The Audit Expense Fund may receive transfers from those trust funds only as directed herein, except where prohibited by the terms of the trust fund agreement. The Auditor General shall notify the trustees of those funds of the estimated cost of the audit to be incurred under the Illinois State Auditing Act for the fund. The trustees of those funds shall direct the State Comptroller and Treasurer to transfer the estimated amount to the Audit Expense Fund.

The Auditor General may bill entities that are not subject to the above transfer provisions, including private entities, related organizations and entities whose funds are locally-held, for the cost of audits, studies, and investigations incurred on their behalf. Any revenues received under this provision shall be deposited into the Audit Expense Fund.

In the event that moneys on deposit in any fund are unavailable, by reason of deficiency or any other reason preventing their lawful transfer, the State Comptroller shall order transferred and the State Treasurer shall transfer the amount deficient or otherwise unavailable from the General Revenue Fund for deposit into the Audit Expense Fund.

On or before December 1, 1992, and each December 1 thereafter, the Auditor General shall notify the Bureau of the Budget of the amount estimated to be necessary to pay for audits, studies, and investigations in accordance with the Illinois State Auditing Act during the next succeeding fiscal year for each State fund for which a transfer or reimbursement is anticipated.

Beginning with fiscal year 1994 and during each fiscal year thereafter, the Auditor General may direct the State Comptroller and Treasurer to transfer moneys from funds authorized by the General Assembly for that fund. In the event funds, including federal and State trust funds but excluding the General Revenue Fund, are transferred, during fiscal year 1994 and during each fiscal year thereafter, in excess of the amount to pay actual costs attributable to audits, studies, and investigations as permitted or required by the Illinois State Auditing Act or specific action of the General Assembly, the Auditor General shall, on September 30, or as soon thereafter as is practicable, direct the State Comptroller and Treasurer to transfer the excess amount back to the fund from which it was originally transferred.

PUBLIC ACT 92-0749
(House Bill No. 2370)

AN ACT in relation to public employee benefits.
Be it enacted by the People of the State of Illinois, represented in the General
Assembly:
Section 5. The Illinois Pension Code is amended by changing Sections 15-135,
15-145, 15-146, and 15-153.3 and adding Section 15-167.3 as follows:
(40 ILCS 5/15-135) (from Ch. 108 1/2, par. 15-135)
Sec. 15-135. Retirement annuities - Conditions.
(a) A participant who retires in one of the following specified years with the specified
amount of service is entitled to a retirement annuity at any age under the retirement program
applicable to the participant:
35 years if retirement is in 1997 or before;
34 years if retirement is in 1998;
33 years if retirement is in 1999;
32 years if retirement is in 2000;
31 years if retirement is in 2001;
30 years if retirement is in 2002 or later;
35 years if retirement is in 2003 or later.
A participant with 8 or more years of service after September 1, 1941, is entitled to
a retirement annuity on or after attainment of age 55.
A participant with at least 5 but less than 8 years of service after September 1, 1941,
is entitled to a retirement annuity on or after attainment of age 62.
A participant who has at least 25 years of service in this system as a police officer or

(b) The annuity payment period shall begin on the date specified by the participant

than $10 per month.
(Source: P.A. 90-65, eff. 7-7-97; 90-766, eff. 8-14-98.)

(40 ILCS 5/15-145) (from Ch. 108 1/2, par. 15-145)
Sec. 15-145. Survivors insurance benefits; conditions and amounts.

(a) The survivors insurance benefits provided under this Section shall be payable to
the eligible survivors of a participant covered under the traditional benefit package upon the
death of (1) a participating employee with at least 1 1/2 years of service, (2) a participant who
terminated employment with at least 10 years of service, and (3) an annuitant in receipt of
a retirement annuity or disability retirement annuity under this Article.

Service under the State Employees' Retirement System of Illinois, the Teachers' Retirement System of the State of Illinois and the Public School Teachers' Pension and Retirement Fund of Chicago shall be considered in determining eligibility for survivors benefits under this Section.

If by law, a function of a governmental unit, as defined by Section 20-107, is
transferred in whole or in part to an employer, and an employee transfers employment from
this governmental unit to such employer within 6 months after the transfer of this function,
the service credits in the governmental unit's retirement system which have been validated
under Section 20-109 shall be considered in determining eligibility for survivors benefits
under this Section.

(b) A surviving spouse of a deceased participant, or of a deceased annuitant who did
not take a refund or additional annuity consisting of accumulated survivors insurance
contributions, shall receive a survivors annuity of 30% of the final rate of earnings. Payments
shall begin on the day following the participant's or annuitant's death or the date the surviving
spouse attains age 50, whichever is later, and continue until the death of the surviving
spouse. The annuity shall be payable to the surviving spouse prior to attainment of age 50
if the surviving spouse has in his or her care a deceased participant's or annuitant's dependent
unmarried child under age 18 (under age 22 if a full-time student) who is eligible for a
survivors annuity.

Remarriage of a surviving spouse prior to attainment of age 55 that occurs before the
effective date of this amendatory Act of the 91st General Assembly shall disqualify him or
her for the receipt of a survivors annuity until July 6, 2000.

A surviving spouse whose survivors annuity has been terminated due to remarriage
may apply for reinstatement of that annuity. The reinstated annuity shall begin to accrue on
July 6, 2000, except that if, on July 6, 2000, the annuity is payable to an eligible surviving
child or parent, payment of the annuity to the surviving spouse shall not be reinstated until
the annuity is no longer payable to any eligible surviving child or parent. The reinstated
annuity shall include any one-time or annual increases received prior to the date of
termination, as well as any increases that would otherwise have accrued from the date of
termination to the date of reinstatement. An eligible surviving spouse whose expectation of
receiving a survivors annuity was lost due to remarriage before attainment of age 50 shall
also be entitled to reinstatement under this subsection, but the resulting survivors annuity
shall not begin to accrue sooner than upon the surviving spouse's attainment of age 50.

New matter indicated by italics - deletions by strikeout.
The changes made to this subsection by this amendatory Act of the 92nd General Assembly (pertaining to remarriage prior to age 55 or 50) apply without regard to whether the deceased participant or annuitant was in service on or after the effective date of this amendatory Act.

(c) Each dependent unmarried child under age 18 (under age 22 if a full-time student) of a deceased participant, or of a deceased annuitant who did not take a refund or additional annuity consisting of accumulated survivors insurance contributions, shall receive a survivors annuity equal to the sum of (1) 20% of the final rate of earnings, and (2) 10% of the final rate of earnings divided by the number of children entitled to this benefit. Payments shall begin on the day following the participant's or annuitant's death and continue until the child marries, dies, or attains age 18 (age 22 if a full-time student). If the child is in the care of a surviving spouse who is eligible for survivors insurance benefits, the child's benefit shall be paid to the surviving spouse.

Each unmarried child over age 18 of a deceased participant or of a deceased annuitant who had a survivor's insurance beneficiary at the time of his or her retirement, and who was dependent upon the participant or annuitant by reason of a physical or mental disability which began prior to the date the child attained age 18 (age 22 if a full-time student), shall receive a survivor's annuity equal to the sum of (1) 20% of the final rate of earnings, and (2) 10% of the final rate of earnings divided by the number of children entitled to survivors benefits. Payments shall begin on the day following the participant's or annuitant's death and continue until the child marries, dies, or is no longer disabled. If the child is in the care of a surviving spouse who is eligible for survivors insurance benefits, the child's benefit may be paid to the surviving spouse. For the purposes of this Section, disability means inability to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment that can be expected to result in death or that has lasted or can be expected to last for a continuous period of at least one year.

(d) Each dependent parent of a deceased participant, or of a deceased annuitant who did not take a refund or additional annuity consisting of accumulated survivors insurance contributions, shall receive a survivors annuity equal to the sum of (1) 20% of final rate of earnings, and (2) 10% of final rate of earnings divided by the number of parents who qualify for the benefit. Payments shall begin when the parent reaches age 55 or the day following the participant's or annuitant's death, whichever is later, and continue until the parent dies. Remarriage of a parent prior to attainment of age 55 shall disqualify the parent for the receipt of a survivors annuity.

(e) In addition to the survivors annuity provided above, each survivors insurance beneficiary shall, upon death of the participant or annuitant, receive a lump sum payment of $1,000 divided by the number of such beneficiaries.

(f) The changes made in this Section by Public Act 81-712 pertaining to survivors annuities in cases of remarriage prior to age 55 shall apply to each survivors insurance beneficiary who remarries after June 30, 1979, regardless of the date that the participant or annuitant terminated his employment or died.

The change made to this Section by this amendatory Act of the 91st General
Assembly, pertaining to remarriage prior to age 55, applies without regard to whether the deceased participant or annuitant was in service on or after the effective date of this amendatory Act of the 91st General Assembly.

(g) On January 1, 1981, any person who was receiving a survivors annuity on or before January 1, 1971 shall have the survivors annuity then being paid increased by 1% for each full year which has elapsed from the date the annuity began. Section 5. Purposes. The practice of electrology in the State of Illinois is hereby declared to affect the public health, safety, and welfare and to be subject to regulation and control in the public interest.

The application shall include evidence of passage of an examination recognized by the Department.

(1) Has applied in writing on the prescribed forms and has paid the required fees.

(2) Has not violated any of the provisions of Section 75 of this Act or the rules promulgated under this Act. The Department shall take into consideration any felony conviction of the applicant, but a conviction shall not operate as an absolute bar to licensure.

Section 32. Social Security number on license application. In addition to any other information required to be contained in the application, every application for an original, renewal, or restored license under this Act shall include the applicant's social security number.

Section 33. Grandfather provision. For a period of 12 months after the filing of the original administrative rules adopted under this Act, the Department may issue a license to

Section 35. Powers and duties of the Department.

(a) The Department shall exercise the powers and duties prescribed by the Civil Administrative Code of Illinois for the administration of licensing Acts and shall exercise any other powers and duties necessary for effectuating the purposes of this Act.

(b) The Department may adopt rules consistent with the provisions of this Act for its administration and enforcement and may prescribe forms that shall be issued in connection with this Act. The rules may include but are not limited to standards and criteria for licensure, professional conduct, and discipline.

Section 40. Administrative Procedure Act. The Illinois Administrative Procedure Act is hereby expressly adopted and incorporated in this Act as if all of the provisions of the Illinois Administrative Procedure Act where included in this Act, except that the provision of paragraph (c) of Section 10-65 of the Illinois Administrative Procedure Act, which provides that at hearings the licensee has the right to show compliance with all lawful requirements for retention, continuation, or renewal of the license, is specifically excluded. For the purposes of this Act, the notice required under Section 10-25 of the Illinois Administrative Procedure Act is considered to be sufficient when mailed to the last known address of the party.

Section 50. Issuance of license. Upon the satisfactory completion of the application and examination procedures, and compliance with the applicable rules of the Department, the Department shall issue an electrologist license to the qualifying applicant.

Section 55. Endorsement. Pursuant to the rules of the Department, upon payment of the required fee, an applicant who has been licensed in another state that has substantially the same requirements as those required for licensure under the provisions of this Act may be granted a license as an electrologist.

Section 60. Renewal; armed service duty. The expiration date and renewal period for each license issued under this Act shall be set by rule. Renewal shall be conditioned on paying the required fee and meeting other requirements as may be established by rule. All renewal applicants shall provide proof of having met the continuing education requirements approved by the Department consisting of the equivalent of 30 hours of continuing education every 24 months. The continuing education requirement may be waived in part or in whole for such good cause, including but not limited to illness or hardship, as may be determined by rule.

Any electrologist who has permitted a license to expire or who has a license on inactive status may have the license restored by submitting an application to the Department, filing proof acceptable to the Department of fitness to have the license restored, and paying the required fees. Proof of fitness may include sworn evidence certifying to active lawful
practice in another jurisdiction.

The Department shall determine, by an evaluation process established by rule, a person's fitness for restoration of a license and shall establish procedures and requirements for restoration.

Any electrologist whose license expired while (i) on active duty with the Armed Forces of the United States, or the State Militia called into service or training, or (ii) in training or education under the supervision of the United States preliminary to induction into the military service, may have the license restored without paying any lapsed renewal fees if, within 2 years after honorable termination of service, training or education, the licensee furnishes the Department with satisfactory evidence to the effect that the licensee has been so engaged and that the service, training, or education has been so terminated.

Section 65. Inactive status. Any electrologist who notifies the Department in writing on forms prescribed by the Department may elect to place a license on inactive status and shall, subject to rules of the Department, be excused from payment of renewal fees until the Department is notified in writing of the intention to restore the license.

An electrologist requesting restoration from inactive status shall be required to pay the current renewal fee and shall be required to follow procedures to restore the license as provided in Section 60 of this Act.

An electrologist whose license is on inactive status shall not practice in the State of Illinois.

A licensee who engages in practice with a lapsed license or a license on inactive status shall be considered to be practicing without a license, which shall be grounds for discipline under Section 75 of this Act.

Section 70. Fees; returned checks.

(a) The Department shall provide by rule for a schedule of fees for the administration and enforcement of this Act, including but not limited to original licensure, renewal, and restoration. The fees shall be nonrefundable.

(b) All fees collected under this Act shall be deposited into the General Professions Dedicated Fund and shall be appropriated to the Department for the ordinary and contingent expenses of the Department in the administration of this Act.

(c) A person who delivers a check or other payment to the Department that is returned to the Department unpaid by the financial institution upon which it is drawn shall pay to the Department, in addition to the amount already owed to the Department, a fine of $50. The fines imposed by this Section are in addition to any other discipline provided under this Act for unlicensed practice or practice on a nonrenewed license. The Department shall notify the person that fees and fines shall be paid to the Department by certified check or money order within 30 calendar days of the notification. If, after the expiration of 30 days from the date of the notification, the person has failed to submit the necessary remittance, the Department shall automatically terminate the license or deny the application without a hearing. If the person seeks a license after termination or denial, he or she shall apply to the Department for restoration or issuance of the license and pay all fees and fines due to the Department. The Department may establish a fee for the processing of an application for restoration of a
license to defray the expenses of processing the application. The Director may waive the fines due under this Section in individual cases if the Director finds that the fines would be unreasonable or unnecessarily burdensome.

Section 75. Grounds for discipline.

(a) The Department may refuse to issue or renew and may revoke or suspend a license under this Act, and may place on probation, censure, reprimand, or take other disciplinary action with regard to any licensee under this Act, as the Department may consider proper, including the issuance of fines not to exceed $5,000 for each violation, for one or any combination of the following causes:

   (1) Material misstatement in furnishing information to the Department.
   (2) Violation of this Act or its rules.
   (3) Conviction of any felony under the laws of any U.S. jurisdiction, any misdemeanor an essential element of which is dishonesty, or any crime that is directly related to the practice of the profession.
   (4) Making any misrepresentation for the purpose of obtaining a license.
   (5) Aiding or assisting another person in violating any provision of this Act or its rules.
   (6) Failing to provide information within 60 days in response to a written request made by the Department.
   (7) Engaging in dishonorable, unethical, or unprofessional conduct of a character likely to deceive, defraud, or harm the public.
   (8) Habitual or excessive use or addiction to alcohol, narcotics, stimulants, or any other chemical agent or drug that results in an electrologist's inability to practice with reasonable judgement, skill, or safety.
   (9) Discipline by another U.S. jurisdiction or foreign nation if at least one of the grounds for discipline is the same as or substantially equivalent to any of those set forth in this Act.
   (10) Directly or indirectly giving to or receiving from any person, firm, corporation, partnership, or association any fee, commission, rebate, or other form of compensation for any professional services not actually or personally rendered.
   (11) A finding by the Department that the licensee, after having his or her license placed on probationary status, has violated the terms of probation.
   (12) Abandonment of a patient.
   (13) Willfully making or filing false records or reports in the licensee's practice, including, but not limited to, false records filed with State agencies or departments.
   (14) Physical illness, including, but not limited to, deterioration through the aging process or loss of motor skill that results in the inability to practice the profession with reasonable judgment, skill, or safety.
   (15) Gross negligence in his or her practice under this Act.
   (16) Use of fraud, deception, or any unlawful means in applying for and securing a license as an electrologist.

New matter indicated by italics - deletions by strikeout.
(17) Immoral conduct in the commission of any act, such as sexual abuse, sexual misconduct, or sexual exploitation, related to the licensee's practice.

(18) Failure to comply with standards of sterilization and sanitation as defined in the rules of the Department.

(b) The Department may refuse to issue or renew or may suspend the license of any person who fails to file a return, to pay the tax, penalty or interest shown in a filed return, or to pay any final assessment of the tax, penalty, or interest as required by any tax Act administered by the Illinois Department of Revenue until the requirements of the tax Act are satisfied.

(c) The determination by a circuit court that a licensee is subject to involuntary admission or judicial admission as provided in the Mental Health and Developmental Disabilities Code operates as an automatic suspension. The suspension will end only upon a finding by a court that the patient is no longer subject to involuntary admission or judicial admission, the issuance of an order so finding and discharging the patient, and the recommendation of the Committee to the Director that the licensee be allowed to resume his or her practice.

(d) In enforcing this Section, the Department upon a showing of a possible violation may compel any person licensed to practice under this Act or who has applied for licensure or certification pursuant to this Act to submit to a mental or physical examination, or both, as required by and at the expense of the Department. The examining physicians shall be those specifically designated by the Department. The Department may order the examining physician to present testimony concerning this mental or physical examination of the licensee or applicant. No information shall be excluded by reason of any common law or statutory privilege relating to communications between the licensee or applicant and the examining physician. The person to be examined may have, at his or her own expense, another physician of his or her choice present during all aspects of the examination. Failure of any person to submit to a mental or physical examination, when directed, shall be grounds for suspension of a license until the person submits to the examination if the Department finds, after notice and hearing, that the refusal to submit to the examination was without reasonable cause.

If the Department finds an individual unable to practice because of the reasons set forth in this Section, the Department may require that individual to submit to care, counseling, or treatment by physicians approved or designated by the Department, as a condition, term, or restriction for continued, reinstated, or renewed licensure to practice; or, in lieu of care, counseling, or treatment, the Department may file a complaint to immediately suspend, revoke, or otherwise discipline the license of the individual.

Any person whose license was granted, continued, reinstated, renewed, disciplined or supervised subject to such terms, conditions or restrictions, and who fails to comply with such terms, conditions or restrictions, shall be referred to the Director for a determination as to whether the person shall have his or her license suspended immediately, pending a hearing by the Department.

In instances in which the Director immediately suspends a person's license under this

Section, a hearing on that person's license must be convened by the Department within 15 days after the suspension and completed without appreciable delay. The Department shall have the authority to review the subject person's record of treatment and counseling regarding the impairment, to the extent permitted by applicable federal statutes and regulations safeguarding the confidentiality of medical records.

A person licensed under this Act and affected under this Section shall be afforded an opportunity to demonstrate to the Department that he or she can resume practice in compliance with acceptable and prevailing standards under the provisions of his or her license.

Section 85. Violations; injunctions.
(a) If any person violates any provision of this Act, the Director may, in the name of the People of the State of Illinois through the Attorney General of the State of Illinois or the State's Attorney of any county in which the action is brought, petition for an order enjoining the violation or for an order enforcing compliance with this Act. Upon the filing of a verified petition in court, the court may issue a temporary restraining order, without notice or bond, and may preliminarily and permanently enjoin the violation. If it is established that the person has violated or is violating the injunction, the Court may punish the offender for contempt of court. Proceedings under this Section shall be in addition to, and not in lieu of, all other remedies and penalties provided by this Act.

(b) If a person practices as an electrologist or holds himself or herself out as an electrologist without being licensed under the provisions of this Act, then any licensed electrologist, any interested party, or any person injured thereby may, in addition to the Director, petition for relief as provided in subsection (a) of this Section.

(c) Whenever, in the opinion of the Department, a person violates any provision of this Act, the Department may issue a rule to show cause why an order to cease and desist should not be entered against that person. The rule shall clearly set forth the grounds relied upon by the Department and shall provide a period of 7 days after the date of the rule to file an answer to the satisfaction of the Department. Failure to file an answer to the satisfaction of the Department shall cause an order to cease and desist to be issued immediately.

Section 90. Investigations; notice and hearing.
(a) The Department may investigate the actions of an applicant or a person holding or claiming to hold a license.

(b) Before refusing to issue or renew a license or disciplining a licensed electrologist pursuant to Section 75 of this Act, the Department shall notify in writing the applicant or the licensee of the nature of the charges and that a hearing will be held on the date designated, which shall be at least 30 days after the date of the notice. The Department shall direct the applicant or licensee to file a written answer to the Department under oath within 20 days after the service of the notice and inform the applicant or licensee that failure to file an answer will result in default being taken against the applicant or licensee and that the license may be suspended, revoked, placed on probationary status, or other disciplinary action may be taken, including limiting the scope, nature, or extent of business as the Director may deem proper. Written notice may be served by personal delivery or certified or registered mail sent

to the respondent at the most recent address on record with the Department.

If the applicant or licensee fails to file an answer after receiving notice, the license may, in the discretion of the Department, be suspended, revoked, or placed on probationary status, or the Department may take whatever disciplinary action it deems proper including imposing a civil penalty, without a hearing if the act or acts charged constitute sufficient ground for such action under this Act.

At the time and place fixed in the notice, the Department shall proceed to hear the charges, and the parties or their counsel shall be accorded ample opportunity to present such statements, testimony, evidence, and argument as may be pertinent to the charges or to their defense. The Department may continue a hearing from time to time.

Section 95. Stenographer; transcript. The Department, at its expense, shall preserve a record of all proceedings at the formal hearing of any case involving the refusal to issue or renew a license or the discipline of a licensed electrologist. The notice of hearing, complaint, and all other documents in the nature of pleadings, written motions filed in the proceedings, the transcript of testimony, the report of the hearing officer, and the order of the Department shall be the record of the proceeding.

Section 100. Required testimony. Upon application of the Department or its designee, or of the person against whom proceedings pursuant to Section 75 of this Act are pending, any circuit court may enter an order requiring the attendance of witnesses and their testimony, and the production of documents, paper, files, books, and records in connection with any hearing or investigation. The court may compel obedience to its order by proceedings for contempt.

Section 105. Subpoena power; oaths. The Department has power to subpoena and bring before it any person in this State and to take testimony either orally, by deposition, or both, with the same fees and mileage and in the same manner as prescribed by law in judicial proceedings in civil cases in circuit courts of this State.

The Director and hearing officers may administer oaths to witnesses at any hearing that the Department is authorized to conduct under this Act and any other oaths required or authorized to be administered by the Department.

Section 110. Findings and recommendations. At the conclusion of the hearing, the hearing officer shall present to the Director a written report of its findings and recommendations. The report shall contain a finding of whether or not the accused applicant or licensee violated this Act or failed to comply with the conditions required in this Act. The hearing officer shall specify the nature of the violation or failure to comply, and shall make its recommendations to the Director.

The report of the findings and recommendations of the hearing officer shall be the basis for the Department's order of refusal or for the granting of licensure unless the Director determines that the hearing officer's report is contrary to the manifest weight of the evidence, in which case the Director may issue an order in contravention of the hearing officer's report. The finding is not admissible in evidence against the applicant or licensee in a criminal prosecution brought for the violation of this Act, but the hearing and finding are not a bar to a criminal prosecution brought for the violation of this Act.

New matter indicated by italics - deletions by strikeout.
Section 115. Hearing officer. The Director has the authority to appoint an attorney duly licensed to practice law in this State to serve as the hearing officer in an action for refusal to issue or renew a license or for the discipline of a licensed electrologist. The hearing officer shall have full authority to conduct the hearing. The hearing officer shall report his or her findings and recommendations to the Director.

Section 120. Motion for rehearing. In any case involving the refusal to issue or renew a license, or the discipline of a licensee, a copy of the hearing officer’s report shall be served upon the respondent by the Department, either personally or as provided in this Act for the service of the notice of hearing. Within 20 days after service, the respondent may present to the Department a motion in writing for a rehearing which shall specify the particular grounds for rehearing. If no motion for rehearing is filed, then upon the expiration of the time specified for filing a motion, or if a motion for rehearing is denied, then upon denial, the Director may enter an order in accordance with the recommendation of the hearing officer. If the respondent orders from the reporting service, and pays for a transcript of the record within the time for filing a motion for rehearing, the 20-day period within which a motion may be filed shall commence upon the delivery of the transcript to the respondent.

Section 125. Rehearing on order of Director. Whenever the Director is not satisfied that substantial justice has been done in the revocation, suspension, or refusal to issue or renew a license, the Director may order a rehearing.

Section 130. Order or certified copy as prima facie proof. An order or a certified copy thereof, over the seal of the Department and purporting to be signed by the Director, shall be prima facie proof:

(1) that the signature is the genuine signature of the Director; and
(2) that the Director is duly appointed and qualified.

This proof may be rebutted.

Section 135. License restoration. At any time after the suspension or revocation of a license the Department may restore it to the accused person, unless after an investigation and a hearing the Department determines that restoration is not in the public interest.

The civil penalty shall be assessed by the Department after a hearing is held in accordance with the provisions set forth in this Act regarding the provision of a hearing for the discipline of a licensee.
(b) The Department has the authority and power to investigate any and all unlicensed activity.
(c) The civil penalty shall be paid within 60 days after the effective date of the order imposing the civil penalty. The order shall constitute a judgment and may be filed and execution had thereon in the same manner as any judgment from any court of record.

Section 165. Deposit of fees and fines. All of the fees and fines collected under this Act shall be deposited into the General Professions Dedicated Fund.

Section 5. The Illinois Vehicle Code is amended by changing Section 3-117.1 as follows:

(625 ILCS 5/3-117.1) (from Ch. 95 1/2, par. 3-117.1)

Sec. 3-117.1. When junking certificates or salvage certificates must be obtained.
(a) Except as provided in Chapter 4 of this Code, a person who possesses a junk vehicle shall within 15 days cause the certificate of title, salvage certificate, certificate of purchase, or a similarly acceptable out of state document of ownership to be surrendered to the Secretary of State along with an application for a junking certificate, except as provided in Section 3-117.2, whereupon the Secretary of State shall issue to such a person a junking certificate, which shall authorize the holder thereof to possess, transport, or, by an endorsement, transfer ownership in such junked vehicle, and a certificate of title shall not again be issued for such vehicle.

(7) The printed name and legible signature of the person accepting delivery of the vehicle, junk vehicle or vehicle cowl.

The Secretary of State may certify a junking manifest in a form prescribed by the Secretary of State that reflects those vehicles for which junking certificates have been applied or issued. A junking manifest may be issued to any person and it shall constitute evidence of ownership for the vehicle listed upon it. A junking manifest may be transferred only to a person licensed under Section 5-301 of this Code as a scrap processor. A junking manifest will allow the transportation of those vehicles to a scrap processor prior to receiving the junk certificate from the Secretary of State.

(b) An application for a salvage certificate shall be submitted to the Secretary of State in any of the following situations:

(1) When an insurance company makes a payment of damages on a total loss claim for a vehicle, the insurance company shall be deemed to be the owner of such vehicle and the vehicle shall be considered to be salvage except that ownership of (i) a vehicle that has incurred only hail damage that does not affect the operational safety of the vehicle or (ii) any vehicle 9 model years of age or older may, by agreement between the registered owner and the insurance company, be retained by the registered owner of such vehicle. The salvage certificate or junking certificate issued by the Secretary of State under this Section shall be free of any lien that existed against the vehicle prior to the time the vehicle was acquired by the applicant under this Code.

(3) A vehicle which has been repossessed by a lienholder shall be considered to be salvage only when the repossessed vehicle, on the date of repossession by the lienholder, has sustained damage by collision, fire, theft, rust corrosion, or other means so that the cost of repairing such damage, including labor, would be greater than 33 1/3% of its fair market value without such damage. If the lienholder determines that such vehicle is damaged in excess of 33 1/3% of such fair market value, the lienholder shall, before sale, transfer or assignment of the vehicle, make application for a salvage certificate, and shall submit with such application the proper fee and evidence of possession. If the facts required to be shown in subsection (f) of Section 3-114 are satisfied, the Secretary of State shall issue a salvage certificate in the name of the lienholder making the application. In any case wherein the vehicle repossessed is not damaged in excess of 33 1/3% of its fair market value, the lienholder shall comply with the requirements of subsections (f), (f-5), and (f-10) of Section 3-114, except that the affidavit of repossession made by or on behalf of the lienholder shall also contain an affirmation under penalty of perjury that the vehicle on the date of sale is not damaged in excess of 33 1/3% of its fair market value. If the facts required to be shown in subsection (f) of Section 3-114 are satisfied, the Secretary of State shall issue a certificate of title as set forth in Section 3-116 of this Code. The Secretary of State may by rule or regulation require photographs to be submitted.

(4) A vehicle which is a part of a fleet of more than 5 commercial vehicles registered in this State or any other state or registered proportionately among several states shall be considered to be salvage when such vehicle has sustained damage by collision, fire, theft, rust, corrosion or similar means so that the cost of repairing such damage, including labor, would be greater than 33 1/3% of the fair market value of the vehicle without such damage. If the owner of a fleet vehicle desires to sell, transfer, or assign his interest in such vehicle to a person within this State other than an insurance company licensed to do business within this State, and the owner determines that such vehicle, at the time of the proposed sale, transfer or assignment is damaged in excess of 33 1/3% of its fair market value, the owner shall, before such sale, transfer or assignment, make application for a salvage certificate. The application shall contain with it evidence of possession of the vehicle. If the fleet vehicle at the time of its sale, transfer, or assignment is not damaged in excess of 33 1/3% of its fair market value, the owner shall so state in a written affirmation on a form prescribed by the Secretary of State by rule or regulation. The Secretary of State may by rule or regulation require photographs to be submitted. Upon sale, transfer or assignment of the fleet vehicle the owner shall mail the affirmation to the
Secretary of State.

(5) A vehicle that has been submerged in water to the point that rising water has reached over the door sill and has entered the passenger or trunk compartment is a "flood vehicle". A flood vehicle shall be considered to be salvage only if the vehicle has sustained damage so that the cost of repairing the damage, including labor, would be greater than 33 1/3% of the fair market value of the vehicle without that damage. The salvage certificate issued under this Section shall indicate the word "flood", and the word "flood" shall be conspicuously entered on subsequent titles for the vehicle. A person who possesses or acquires a flood vehicle that is not damaged in excess of 33 1/3% of its fair market value shall make application for title in accordance with Section 3-116 of this Code, designating the vehicle as "flood" in a manner prescribed by the Secretary of State. The certificate of title issued shall indicate the word "flood", and the word "flood" shall be conspicuously entered on subsequent titles for the vehicle.

(c) Any person who without authority acquires, sells, exchanges, gives away, transfers or destroys or offers to acquire, sell, exchange, give away, transfer or destroy the certificate of title to any vehicle which is a junk or salvage vehicle shall be guilty of a Class 3 felony.

(d) Any person who knowingly fails to surrender to the Secretary of State a certificate of title, salvage certificate, certificate of purchase or a similarly acceptable out-of-state document of ownership as required under the provisions of this Section is guilty of a Class A misdemeanor for a first offense and a Class 4 felony for a subsequent offense; except that a person licensed under this Code who violates paragraph (5) of subsection (b) of this Section is guilty of a business offense and shall be fined not less than $1,000 nor more than $5,000 for a first offense and is guilty of a Class 4 felony for a second or subsequent violation.

(e) Any vehicle which is salvage or junk may not be driven or operated on roads and highways within this State. A violation of this subsection is a Class A misdemeanor. A salvage vehicle displaying valid special plates issued under Section 3-601(b) of this Code, which is being driven to or from an inspection conducted under Section 3-308 of this Code, is exempt from the provisions of this subsection. A salvage vehicle for which a short term permit has been issued under Section 3-307 of this Code is exempt from the provisions of this subsection for the duration of the permit.

(c) Public Information and Education. Develop programs aimed at improving the relationship between communities and their disabled residents; prepare and disseminate public information and educational materials on the prevention of developmental disabilities, mental illness, and alcohol or drug dependence, and on available treatment and habilitation services for persons with these disabilities.

(d) Quality Assurance. Promulgate minimum program standards, rules and regulations to insure that Department funded services maintain acceptable quality and assure enforcement of these standards through regular monitoring of services and through program evaluation; this applies except where this responsibility is explicitly given by law to another State agency.

(d-5) Accreditation requirements for providers of mental health and substance abuse treatment services. Except when the federal or State statutes authorizing a program, or the federal regulations implementing a program, are to the contrary, accreditation shall be accepted by the Department in lieu of the Department's facility or program certification or licensure on site review requirements and shall be accepted as a substitute for the Department's administrative and program monitoring requirements, except as required by subsection (d-10), in the case of:

(1) Any organization from which the Department purchases mental health or substance abuse services and that is accredited under any of the following: the Comprehensive Accreditation Manual for Behavioral Health Care (Joint Commission on Accreditation of Healthcare Organizations (JCAHO)); the Comprehensive Accreditation Manual for Hospitals (JCAHO); the Standards Manual for the Council on Accreditation for Children and Family Services (Council on Accreditation for Children and Family Services (COA)); or the Standards Manual for Organizations Serving People with Disabilities (the Rehabilitation Accreditation Commission (CARF)).

(2) Any mental health facility or program licensed or certified by the Department, or any substance abuse service licensed by the Department, that is accredited under any of the following: the Comprehensive Accreditation Manual for Behavioral Health Care (JCAHO); the Comprehensive Accreditation Manual for Hospitals (JCAHO); the Standards Manual for the Council on Accreditation for Children and Family Services (COA); or the Standards Manual for Organizations Serving People with Disabilities (CARF).

the Standards Manual for Organizations Serving People with Disabilities (CARF); or the National Committee for Quality Assurance. A provider organization that is part of an accredited network shall be afforded the same rights under this subsection.

(d-10) For mental health and substance abuse services, the Department may develop standards or promulgate rules that establish additional standards for monitoring and licensing accredited programs, services, and facilities that the Department has determined are not covered by the accreditation standards and processes. These additional standards for monitoring and licensing accredited programs, services, and facilities and the associated monitoring must not duplicate the standards and processes already covered by the accrediting bodies.

(d-15) The Department shall be given proof of compliance with fire and health safety standards, which must be submitted as required by rule.

(d-20) The Department, by accepting the survey or inspection of an accrediting organization, does not forfeit its rights to perform inspections at any time, including contract monitoring to ensure that services are provided in accordance with the contract. The Department reserves the right to monitor a provider of mental health and substance abuse treatment services when the survey or inspection of an accrediting organization has established any deficiency in the accreditation standards and processes.

(d-25) On and after the effective date of this amendatory Act of the 92nd General Assembly, the accreditation requirements of this Section apply to contracted organizations that are already accredited.

(e) Program Evaluation. Develop a system for conducting evaluation of the effectiveness of community services, according to preestablished performance standards; evaluate the extent to which performance according to established standards aids in achieving the goals of this Act; evaluation data also shall be used for quality assurance purposes as as for planning activities.

(f) Research. Conduct research in order to increase understanding of mental illness, developmental disabilities and alcohol and drug dependence.

(g) Technical Assistance. Provide technical assistance to provider agencies receiving funds or serving clients in order to assist these agencies in providing appropriate, quality services; also provide assistance and guidance to other State agencies and local governmental bodies serving the disabled in order to strengthen their efforts to provide appropriate community services; and assist provider agencies in accessing other available funding, including federal, State, local, third-party and private resources.

(h) Placement Process. Promote the appropriate placement of clients in community services through the development and implementation of client assessment and diagnostic instruments to assist in identifying the individual's service needs; client assessment instruments also can be utilized for purposes of program evaluation; whenever possible, assure that placements in State-operated facilities are referrals from community agencies.

(i) Interagency Coordination. Assume leadership in promoting cooperation among State health and human service agencies to insure that a comprehensive, coordinated community services system is in place; to insure disabled persons access to needed services;

and to insure continuity of care and allow clients to move among service settings as their needs change; also work with other agencies to establish effective prevention programs.

(House Bill No. 5851)

AN ACT concerning public utilities.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Public Utilities Act is amended by changing Section 16-119A as follows:

(220 ILCS 5/16-119A)
Sec. 16-119A. Functional separation.
(a) Within 90 days after the effective date of this amendatory Act of 1997, the Commission shall open a rulemaking proceeding to establish standards of conduct for every electric utility described in subsection (b). To create efficient competition between suppliers of generating services and sellers of such services at retail and wholesale, the rules shall allow all customers of a public utility that distributes electric power and energy to purchase electric power and energy from the supplier of their choice in accordance with the provisions of Section 16-104. In addition, the rules shall address relations between providers of any 2 services described in subsection (b) to prevent undue discrimination and promote efficient competition. Provided, however, that a proposed rule shall not be published prior to May 15, 1999.

(b) The Commission shall also have the authority to investigate the need for, and adopt rules requiring, functional separation between the generation services and the delivery services of those electric utilities whose principal service area is in Illinois as necessary to meet the objective of creating efficient competition between suppliers of generating services and sellers of such services at retail and wholesale. After January 1, 2003, the Commission shall also have the authority to investigate the need for, and adopt rules requiring, functional separation between an electric utility's competitive and non-competitive services.

(b-5) If there is a change in ownership of a majority of the voting capital stock of an electric utility or the ownership or control of any entity that owns or controls a majority of the voting capital stock of an electric utility, the electric utility shall have the right to file with the Commission a new plan. The newly filed plan shall supersede any plan previously approved by the Commission pursuant to this Section for that electric utility, subject to

Commission approval. This subsection only applies to the extent that the Commission rules for the functional separation of delivery services and generation services provide an electric utility with the ability to select from 2 or more options to comply with this Section. The electric utility may file its revised plan with the Commission up to one calendar year after the conclusion of the sale, purchase, or any other transfer of ownership described in this subsection. In all other respects, an electric utility must comply with the Commission rules in effect under this Section. The Commission may promulgate rules to implement this subsection. This subsection shall have no legal effect after January 1, 2005.

(c) In establishing or considering the need for rules under subsections (a) and (b), the Commission shall take into account the effects on the cost and reliability of service and the obligation of the utility to provide bundled service under this Act. The Commission shall adopt rules that are a cost effective means to ensure compliance with this Section.

(d) Nothing in this Section shall be construed as imposing any requirements or obligations that are in conflict with federal law.

(20 ILCS 3505/7.91 new)
Sec. 7.91. Energy Efficiency Revolving Loan Fund; findings and declaration of policy. It is hereby found and declared that market restructuring in the electric power industry has created an urgent need to provide financial incentives for the improvement of energy efficiency. (b) The loan repayment period shall be no longer than 8 years.

PUBLIC ACT 92-0758
(Senate Bill No. 1851)

AN ACT in relation to business transactions.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Motor Vehicle Franchise Act is amended by changing Section 5 as follows:

(815 ILCS 710/5) (from Ch. 121 1/2, par. 755)
Sec. 5. Delivery and preparation obligations; damage disclosures. Every manufacturer shall specify in writing to the dealer the delivery and preparation obligations of its motor vehicle dealers prior to delivery of new motor vehicles to retail buyers. A copy of the delivery and preparation obligations of its motor vehicle dealers and a schedule of the compensation to be paid to its motor vehicle dealers for the work and services they shall be required to perform in connection with such delivery and preparation obligations shall be presented to the dealer and the obligations specified therein shall constitute any such dealer's only predelivery obligations as between such dealer and such manufacturer. The compensation as set forth on said schedule shall be reasonable.

New matter indicated by italics - deletions by strikeout.
A manufacturer, factory branch, distributor, distributor branch, or wholesaler of new motor vehicles sold or transferred to a motor vehicle dealer in this State shall disclose to the motor vehicle dealer, in writing, before delivery of a vehicle to the motor vehicle dealer all in-transit, post-manufacture, or other damage to the vehicle that was sustained or incurred by the motor vehicle at any time after the manufacturing process was complete but before delivery of the vehicle to the dealer. This disclosure is not required when the cost to repair does not exceed 6% of the manufacturer's suggested retail price of the vehicle based upon the dealer's actual retail repair cost, including labor, parts, and materials if the damage is repaired or retail estimate to repair if the vehicle is not repaired. New motor vehicles that are repaired may be sold as new and shall be fully warranted by the manufacturer.

For purposes of this Section, "manufacturer's suggested retail price" means the retail price of the new motor vehicle suggested by the manufacturer including the retail delivered price suggested by the manufacturer for each separately priced accessory or item of optional equipment physically attached to the new motor vehicle at the time of delivery.

Whenever a new motor vehicle sustains or incurs any in-transit, post-manufacture, or other damage at any time after the manufacturing process is complete, but before delivery of the vehicle to the motor vehicle dealer, the dealer may within a reasonable period of time after delivery of the motor vehicle notify the manufacturer or distributor of that damage and either:

(1) revoke acceptance of the delivery of the new motor vehicle whereby ownership of the motor vehicle shall revert to the manufacturer, and the dealer shall incur no obligations, financial, or otherwise for that new motor vehicle; or
(2) request authorization from the manufacturer to repair the damage sustained or incurred by the new motor vehicle. If the manufacturer refuses or fails to authorize repair of the damage within 3 days of the request by the dealer, the dealer may then revoke acceptance of the delivery of the new motor vehicle; ownership shall revert to the manufacturer; and the dealer shall incur no obligations, financial, or otherwise for that new motor vehicle.

A motor vehicle dealer shall disclose to the purchaser before delivery of the new motor vehicle, in writing, any damage that the dealer has actual knowledge was sustained or incurred by the motor vehicle at any time after the manufacturing process was complete but before delivery of the vehicle to the purchaser. This disclosure is not required when the cost to repair does not exceed 6% of the manufacturer's suggested retail price of the vehicle based upon the dealer's actual retail repair cost, including labor, parts, and materials if the damage is repaired or the retail estimate to repair the vehicle if it is not repaired.

Damage to glass, tires, bumpers, video and telephonic components, and in-dash audio equipment is not to be considered in determining the cost of repair if replaced with the manufacturer's original equipment.

If disclosure is not required under this Section, a purchaser may not revoke or rescind a sales contract due to the fact the new vehicle was damaged and repaired before completion of the sale. In that circumstance, nondisclosure does not constitute a misrepresentation or omission of fact.

New matter indicated by italics - deletions by strikeout.
A manufacturer, factory branch, distributor, distributor branch, or wholesaler of new motor vehicles shall, notwithstanding the terms of any franchise agreement, indemnify and hold harmless the motor vehicle dealer obtaining a new motor vehicle from the manufacturer, factory branch, distributor, distributor branch, or wholesaler from and against any liability, including reasonable attorney's fees, expert witness fees, court costs, and other expenses incurred in the litigation, so long as such fees and costs are reasonable, that the motor vehicle dealer may be subjected to by the purchaser of the vehicle because of damage to the motor vehicle that occurred before delivery of the vehicle to the dealer and that was not disclosed in writing to the dealer prior to delivery of the vehicle. This indemnity obligation of the manufacturer, factory branch, distributor, distributor branch, or wholesaler applies regardless of whether the damage falls below the 6% threshold under this Section. The failure of the manufacturer, factory branch, distributor, distributor branch, or wholesaler to indemnify and hold harmless the motor vehicle dealer is a violation of this Section.

Each individual and entity must be disclosed by name and address and by a description of the interest held, including the percentage interest in the land held by the individual or entity. The statement must be verified, subject to penalty of perjury, by the individual who holds the greatest percentage of beneficial interest in the land.

(e) Recordation. The Authority must file the statement of record with the recorder of each county in which any part of the land is located within 3 business days after the statement is filed with the Authority.

(f) Agreements and understandings void. Any agreement or understanding in violation of this Act is void.

(2)(i) the criteria specified in subsection (1)(b) of Section 131.8 of the Illinois Insurance Code shall not apply and (ii) the Director, in making his determination with respect to the merger, consolidation, or other acquisition of control, need not take into account the effect on competition of the merger, consolidation, or other acquisition of control;

(3) the Director shall have the power to require the following information:
   (A) certification by an independent actuary of the adequacy of the reserves of the Health Maintenance Organization sought to be acquired;
   (B) pro forma financial statements reflecting the combined balance sheets of the acquiring company and the Health Maintenance Organization sought to be acquired as of the end of the preceding year and as of a date 90 days prior to the acquisition, as well as pro forma financial statements reflecting projected combined operation for a period of 2 years;
   (C) a pro forma business plan detailing an acquiring party's plans with respect to the operation of the Health Maintenance Organization sought to be acquired for a period of not less than 3 years; and
   (D) such other information as the Director shall require.

The Health Maintenance Organization and the group or enrollment unit may agree that the profitable or unprofitable experience may be calculated taking into account the refund period and the immediately preceding 2 plan years.

AN ACT concerning mortgages.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short Title. This Act may be cited as the Mortgage Certificate of Release Act.

Section 5. Definitions. As used in this Act:

"Mortgage" means a mortgage or mortgage lien on an interest in one-to-four family residential real property in this State given to secure a loan in the original principal amount of less than $500,000. Trust deeds are not included.

"Mortgagee" means either: (i) the grantee of a mortgage; or (ii) if a mortgage has been assigned of record, the last person to whom the mortgage has been assigned of record.

"Mortgage servicer" means the last person to whom a mortgagor or the mortgagor's successor in interest has been instructed by a mortgagee to send payments on a loan secured by a mortgage. A person transmitting a payoff statement is the mortgage servicer for the mortgage described in the payoff statement.

"Mortgagor" means the grantor of a mortgage.

"Notice of intention to file certificate of release" means a statement from a title insurance company or title insurance agent to the person to whom payment of the loan secured by the mortgage was made in accordance with the payoff statement of the intention to record a certificate of release.

"Payoff statement" means a statement for the amount of the (i) unpaid balance of a loan secured by a mortgage, including principal, interest, and any other charges due under or secured by the mortgage; and (ii) interest on a per day basis for the unpaid balance.

"Record" means to deliver the certificate of release for recording with the county recorder.

"Title insurance agent" has the same meaning ascribed to it as in Section 3 of the Title Insurance Act.

"Title insurance company" has the same meaning ascribed to it as in Section 3 of the Title Insurance Act.

Section 10. Content and delivery of notice of intention to file certificate of release.

(a) The notice of intention to file a certificate of release shall state that if the title insurance company or title insurance agent does not receive from the mortgagee or mortgage servicer or its successor in interest either a release or a written objection to the issuance of a certificate of release pursuant to subsection (c) of this Section, a certificate of release may be delivered for recording to the recorder of each county in which the mortgage is recorded. A notice of intention to file a certificate of release should be in a form and include content that substantially complies with Section 65 of this Act. The notice of intention shall include a copy of the closing statement or HUD-1 form and the payoff check or a copy of it, or a copy of the wire transfer order.

New matter indicated by italics - deletions by strikeout.
(b) The notice of intention to file a certificate of release shall be sent by certified mail, return receipt requested, with postage prepaid, or by another service providing receipted delivery, no sooner than the day of closing and no later than 30 days after receipt of payment. The notice shall be delivered to the location identified in the payoff statement or as otherwise directed in writing by the mortgagee or mortgage servicer or its successor in interest. The notice may be sent with the payment, and need not be sent separately.

(c) Within 90 days after receipt of the notice of intention to file a certificate of release, the mortgagee or mortgage servicer or its successor in interest may issue a release or may object in writing to the issuance of a certificate of release, and by doing so shall prevent the title insurance company or title insurance agent from executing and recording a certificate of release pursuant to this Act. Any written objection submitted by the mortgagee or mortgage servicer or its successor in interest shall state the reason for which the release or certificate of release should not be issued. The written objection shall be sent to the title insurance company or title insurance agent by certified mail, return receipt requested, with postage prepaid, or by another service providing receipted delivery. A title insurance company or title insurance agent shall not cause a certificate of release to be recorded pursuant to this Section if the title insurance company or title insurance agent receives a written objection from the mortgagee or mortgage servicer or its successor in interest.

Section 15. Certificate of release. An officer or duly appointed agent of a title insurance company may, on behalf of a mortgagor or a person who has acquired from a mortgagor title to all or part of the property described in the mortgage, execute a certificate of release that complies with the requirements of this Act and record the certificate of release with the recorder of each county in which the mortgage is recorded, provided that payment of the loan secured by the mortgage was made in accordance with a written payoff statement furnished by the mortgagee or mortgage servicer, that a satisfaction or release of the mortgage has not previously been recorded, and that a notice of intention to file a certificate of release was sent in accordance with Section 10.

Section 20. Contents of certificate of release. A certificate of release executed under this Act must contain substantially all of the following:

(a) The name of the mortgagor, the name of the original mortgagee, and, if applicable, the mortgage servicer at the date of the mortgage, the date of recording, and the volume and page or document number or other official recording designation in the real property records where the mortgage is recorded, together with similar information for the last recorded assignment of the mortgage.

(b) A statement that the mortgage was paid in accordance with the written payoff statement received from the mortgagee or mortgage servicer and there is no objection from the mortgagee or mortgage servicer or its successor in interest.

(c) A statement that the person executing the certificate of release is an officer or a duly appointed agent of a title insurance company authorized and licensed to transact the business of insuring titles to interests in real property in this State pursuant to subsections (2) and (3) of Section 3 of the Title Insurance Act.

(d) A statement that the certificate of release is made on behalf of the mortgagor or

a person who acquired title from the mortgagor to all or a part of the property described in the mortgage.

(e) A statement that the mortgagee or mortgage servicer provided a written payoff statement.

Section 25. Execution. A certificate of release authorized by Section 15 must be executed and acknowledged as required by law, as in the case of a deed, and may be executed by an officer or a duly appointed agent of a title insurance company. The agent must be a currently registered title insurance agent of the title insurance company.

Section 30. Appointment of title insurance agent.

(a) The appointment of a title insurance agent must be executed and acknowledged as required by law, as in the case of a deed, and must state all of the following:

(1) the identity of the title insurance company as the principal;

(2) the identity of the person, partnership, limited partnership, limited liability company, limited liability partnership, or corporation authorized to act as title insurance agent to execute and record certificates of release provided for in this Act on behalf of the title insurance company;

(3) that the title insurance agent has the full authority to execute and record certificates of release provided for in this Act on behalf of the title insurance company;

(4) the term of appointment of the title insurance agent; and

(5) that the title insurance agent has consented to and accepts the terms of the appointment.

(b) The delegation to a title insurance agent by a title insurance company shall not relieve the title insurance company of any liability for actual damages as provided in Section 40.

(c) A title insurance company may create an instrument, executed by an officer of that company and acknowledged in the same manner as a deed, appointing one or more title insurance agents authorized to issue certificates of release under this Act. This instrument shall designate the county or counties in which it is to be effective and shall be recorded with the recorder in each of those counties, either as an original instrument or by recording a copy certified by the recorder of one of the counties. A separate appointment of title insurance agent shall not be necessary for each certificate of release. The appointment of an agent may be re-recorded where necessary to establish authority of the agent, but the authority shall continue until a revocation of appointment is recorded in the office of the recorder where the appointment of title insurance agent was recorded or on the date, if any, in the recorded appointment document.

Section 35. Effect of recording certificate of release. For purposes of releasing the lien of the mortgage, a certificate of release containing the information and statements provided for in Section 20 and executed as provided in Section 25 is prima facie evidence of the facts contained therein, and upon being recorded with the recorder, shall constitute a release of the lien of the mortgage described in the certificate of release. The title insurance company or title insurance agent recording the certificate of release may use the recording

fee collected for the recording of a release or satisfaction of the mortgage to effect the recording of the certificate of release.

Section 40. Wrongful or erroneous certificate of release. Recording of a wrongful or erroneous certificate of release by a title insurance company or its title insurance agent shall not relieve the mortgagor or the mortgagor's successors or assignees from any personal liability on the loan or other obligations secured by the mortgage. In addition to any other remedy provided by law, a title insurance company executing or recording a certificate of release under this Act that has actual knowledge that the information and statements contained therein are false is liable to the mortgagee for actual damages sustained due to the recording of the certificate of release. The prevailing party in any action or proceeding seeking actual damages due to the recording of a certificate of release shall be entitled to the recovery of reasonable attorneys fees and costs incurred in that action or proceeding.

Section 45. Recording. If a mortgage is recorded in more than one county and a certificate of release is recorded in one of them, a certified copy of the certificate of release may be recorded in another county with the same effect as the original. In all cases, the certificate of release shall be entered and indexed where satisfactions or releases of mortgage are entered and indexed.

(1) The following records pertaining to new or used vehicles shall be kept:

   (D) the name and address of the person from whom the vehicle was acquired and, if that person is a dealer, the Illinois or out-of-state dealer license number of such person;
   (E) the signature of the person making the inspection of a used vehicle as required under subsection (d) of this Section, if applicable;
   (F) the purchase price of the vehicle, if applicable;
   (G) the date of the disposition of the vehicle;
   (H) the name and address of the person to whom the vehicle was disposed, and if that person is a dealer, the Illinois or out-of-State dealer's license number of that dealer;
   (I) the uniform invoice number reflecting the disposition of the vehicle, if applicable; and
   (J) The sale price of the vehicle, if applicable.

(2) (A) The following records pertaining to used essential parts other than quarter panels and transmissions of vehicles of the first division shall be kept:
   (i) the year, make, model, color and type of such part;
   (ii) the vehicle's manufacturer's identification number, derivative number, or, if applicable, the Secretary of State or Illinois Department of State Police identification number of such part;

   (v) the uniform invoice number or out-of-state bill of sale number reflecting the acquisition of such part;
   (vi) the stock number assigned to the essential part by the licensee, if applicable;

New matter indicated by italics - deletions by strikeout.
(vii) the date of the disposition of such part;
(viii) the name and address of the person to whom such part was disposed of and, if that person is a dealer, the Illinois or out-of-state dealer license number of that person;
(ix) the uniform invoice number reflecting the disposition of such part.

(B) Inspections of all essential parts shall be conducted in accordance with Section 5-402.1.

(C) A separate entry containing all of the information required to be recorded in subparagraph (A) of paragraph (2) of subsection (a) of this Section shall be made for each separate essential part. Separate entries shall be made regardless of whether the part was a large purchase acquisition. In addition, a separate entry shall be made for each part acquired for immediate sale or transfer, or for placement into the overall inventory or stock to be disposed of at a later time, or for use on a vehicle to be materially altered by the licensee, or acquired for any other purpose or reason. Failure to make a separate entry for each essential part acquired or disposed of, or a failure to record any of the specific information required to be recorded concerning the acquisition or disposition of each essential part as set forth in subparagraph (A) of paragraph (2) of subsection (a) shall constitute a failure to keep records.

(D) The vehicle's manufacturer's identification number or Secretary of State or Illinois Department of State Police identification number for the essential part shall be ascertained and recorded even if such part is acquired from a person or dealer located in a State, territory, or country which does not require that such information be recorded. If the vehicle's manufacturer's identification number or Secretary of State or Illinois Department of State Police identification number for an essential part cannot be obtained, that part shall not be acquired by the licensee or any of his agents or employees. If such part or parts were physically acquired by the licensee or any of his agents or employees while the licensee or agent or employee was outside this State, that licensee or agent or employee was outside the State, that licensee, agent or employee shall not bring such essential part into this State or cause it to be brought into this State. (E) The records of essential parts required to be kept by this Section shall apply to all hulks, chassis, frames or cowls, regardless of the age of those essential parts. The records required to be kept by this Section for essential parts other than hulks, chassis, frames or cowls, shall apply only to those essential parts which are 6 model years of age or newer. In determining the model year of such an essential part it may be presumed that the identification number of the vehicle from which the essential part came or the identification number affixed to the essential part itself

New matter indicated by italics - deletions by strikeout.
acquired by the licensee denotes the model year of that essential part. This presumption, however, shall not apply if the gross appearance of the essential part does not correspond to the year, make or model of either the identification number of the vehicle from which the essential part is alleged to have come or the identification number which is affixed to the essential part itself. To determine whether an essential part is 6 years of age or newer within this paragraph, the model year of the essential part shall be subtracted from the calendar year in which the essential part is acquired or disposed of by the licensee. If the remainder is 6 or less, the record of the acquisition or disposition of that essential part shall be kept as required by this Section.

(F) The requirements of paragraph (2) of subsection (a) of this Section shall not apply to the disposition of an essential part other than a cowl which has been damaged or altered to a state in which it can no longer be returned to a usable condition and which is being sold or transferred to a scrap processor or for delivery to a scrap processor.

(3) the following records for vehicles on which junking certificates are obtained shall be kept:

(A) the year, make, model, style and color of the vehicle;

(B) the vehicle's manufacturer's identification number or, if applicable, the Secretary of State or Illinois Department of State Police identification number;

(G) the name and address of the person to whom the junking certificate has been assigned, if applicable, and if that person is a dealer, the Illinois or out-of-state dealer license number of that dealer;

(H) if the vehicle or any part of the vehicle is dismantled for its parts to be disposed of in any way, or if such parts are to be used by the licensee to materially alter a vehicle, those essential parts shall be recorded in the record book for essential parts and the entries required by paragraph (2) of subsection (a) shall be made.

(4) The following records for rebuilt vehicles shall be kept:

(A) the year, make, model, style and color of the vehicle;

(B) the vehicle's manufacturer's identification number of the vehicle or, if applicable, the Secretary of State or Illinois Department of State Police identification number;

(C) the date the vehicle was acquired;

New matter indicated by italics - deletions by strikeout.
(D) the name and address of the person from whom the vehicle was acquired, and if that person is a dealer, the Illinois or out-of-state dealer license number of that person;

(E) the salvage certificate number for the vehicle;

(F) the newly issued certificate of title number for the vehicle;

(G) the date of disposition of the vehicle;

(H) the name and address of the person to whom the vehicle was disposed, and if a dealer, the Illinois or out-of-state dealer license number of that dealer;

(I) The sale price of the vehicle.

(a-1) A person licensed or required to be licensed under Section 5-101 or Section 5-102 of this Code who issues temporary registration permits as permitted by this Code and by rule must electronically file the registration with the Secretary and must maintain records of the registration in the manner prescribed by the Secretary.

(b) A failure to make separate entries for each vehicle acquired, disposed of, or assigned, or a failure to record any of the specific information required to be recorded concerning the acquisition or disposition of each vehicle as set forth in paragraphs (1), (3) and (4) of subsection (a) shall constitute a failure to keep records.

(c) All entries relating to the acquisition of a vehicle or essential part required by subsection (a) of this Section shall be recorded no later than the close of business on the seventh calendar day following such acquisition. All entries relating to the disposition of a vehicle or an essential part shall be made at the time of such disposition. If the vehicle or essential part was disposed of on the same day as its acquisition or the day thereafter, the entries relating to the acquisition of the vehicle or essential part shall be made at the time of the disposition of the vehicle or essential part. Failure to make the entries required in or at the times prescribed by this subsection following the acquisition or disposition of such vehicle or essential part shall constitute a failure to keep records.

(d) Every person licensed or required to be licensed shall, before accepting delivery of a used vehicle, inspect the vehicle to determine whether the manufacturer's public vehicle identification number has been defaced, destroyed, falsified, removed, altered, or tampered with in any way. If the person making the inspection determines that the manufacturer's public vehicle identification number has been altered, removed, defaced, destroyed, falsified or tampered with he shall not acquire that vehicle but instead shall promptly notify law enforcement authorities of his finding.

(e) The information required to be kept in subsection (a) of this Section shall be kept in a manner prescribed by rule or regulation of the Secretary of State.

(f) Every person licensed or required to be licensed shall have in his possession a separate certificate of title, salvage certificate, junking certificate, certificate of purchase, uniform invoice, out-of-state bill of sale or other acceptable documentary evidence of his right to the possession of every vehicle or essential part.

(g) Every person licensed or required to be licensed as a transporter under Section 5-201 shall maintain for 3 years, in such form as the Secretary of State may by rule or regulation prescribe, at his principal place of business a record of every vehicle transported
by him, including numbers of or other marks of identification thereof, the names and addresses of persons from whom and to whom the vehicle was delivered and the dates of delivery.

(h) No later than 15 days prior to going out of business, selling the business, or transferring the ownership of the business, the licensee shall notify the Secretary of State that he is going out of business or that he is transferring the ownership of the business. Failure to notify under this paragraph shall constitute a failure to keep records.

(i) (Blank) Any person who knowingly fails to keep the records required by this Section or who knowingly violates this Section shall be guilty of a Class 2 felony. Each violation shall constitute a separate and distinct offense and a separate count may be brought in the same indictment or information for each vehicle or each essential part of a vehicle for which a record was not kept as required by this Section.

(j) A person who knowingly fails to comply with the provisions of this Section or knowingly fails to obey, observe, or comply with any order of the Secretary or any law enforcement agency issued in accordance with this Section is guilty of a Class B misdemeanor for the first violation and a Class A misdemeanor for the second and subsequent violations. Each violation constitutes a separate and distinct offense and a separate count may be brought in the same indictment or information for each vehicle or each essential part of a vehicle for which a record was not kept as required by this Section.

(k) Any person convicted of failing to keep the records required by this Section with intent to conceal the identity or origin of a vehicle or its essential parts or with intent to defraud the public in the transfer or sale of vehicles or their essential parts is guilty of a Class 2 felony. Each violation constitutes a separate and distinct offense and a separate count may be brought in the same indictment or information for each vehicle or essential part of a vehicle for which a record was not kept as required by this Section.

(l) A person may not be criminally charged with or convicted of both a knowing failure to comply with this Section and a knowing failure to comply with any order, if both offenses involve the same record keeping violation.

(m) The Secretary shall adopt rules necessary for implementation of this Section, which may include the imposition of administrative fines.

(35 ILCS 120/5k) (from Ch. 120, par. 444k)

Sec. 5k. Building materials exemption. Each retailer who makes a qualified sale of building materials to be incorporated into real estate in an enterprise zone established by a county or municipality under the Illinois Enterprise Zone Act by remodeling, rehabilitation or new construction, may deduct receipts from such sales when calculating the tax imposed by this Act. For purposes of this Section, "qualified sale" means a sale of building materials that will be incorporated into real estate as part of a building project for which a Certificate of Eligibility for Sales Tax Exemption has been issued by the administrator of the enterprise zone in which the building project is located. To document the exemption allowed under this Section, the retailer must obtain from the purchaser a copy of the Certificate of Eligibility for Sales Tax Exemption issued by the administrator of the enterprise zone into which the building materials will be incorporated. (3) the name of the enterprise zone in which that real estate is located;

(4) a description of the building materials being purchased; and

(5) the purchaser's signature and date of purchase.

The ordinance, however, may neither require nor prohibit the purchase of building materials from any retailer or class of retailers in order to qualify for the exemption allowed under this Section.

The corporate authorities of any municipality or county that adopts an ordinance or resolution imposing or changing any limitation on the enterprise zone exemption for building materials shall transmit to the Department of Revenue on or not later than 5 days after publication, as provided by law, a certified copy of the ordinance or resolution imposing or changing those limitations, whereupon the Department of Revenue shall proceed to administer and enforce those limitations effective the first day of the second calendar month next following date of receipt by the Department of the certified ordinance or resolution. (g) The vendor; a person with management responsibility for a vendor; an officer or person owning, either directly or indirectly, 5% or more of the shares of stock or other evidences of ownership in a corporate vendor; an owner of a sole proprietorship which is a vendor; or a partner in a partnership which is a vendor, either:

(h) The direct or indirect ownership of the vendor (including the ownership of a vendor that is a sole proprietorship, a partner's interest in a vendor that is a partnership, or ownership of 5% or more of the shares of stock or other evidences of ownership in a corporate vendor) has been transferred by an individual who is terminated or barred from participating as a vendor to the individual's spouse, child, brother, sister, parent, grandparent, grandchild, uncle, aunt, niece, nephew, cousin, or relative by marriage.

(A-5) The Illinois Department may deny, suspend, or terminate the eligibility of any person, firm, corporation, association, agency, institution, or other legal entity to participate as a vendor of goods or services to recipients under the medical assistance program under Article V if, after reasonable notice and opportunity for a hearing, the Illinois Department finds that the vendor; a person with management responsibility for a vendor; an officer or person owning, either directly or indirectly, 5% or more of the shares of stock or other evidences of ownership in a corporate vendor; an owner of a sole proprietorship that is a vendor; or a partner in a partnership that is a vendor has been convicted of a felony offense based on fraud or willful misrepresentation related to any of the following:

(1) The medical assistance program under Article V of this Code.

(2) A medical assistance program in another state that is of the same kind as the program of medical assistance provided under Article V of this Code.

(3) The Medicare program under Title XVIII of the Social Security Act.

(4) The provision of health care services.

(B) The Illinois Department shall deny, suspend or terminate the eligibility of any person, firm, corporation, association, agency, institution or other legal entity to participate
as a vendor of goods or services to recipients under the medical assistance program under Article V:

(1) if such vendor is not properly licensed;
(2) within 30 days of the date when such vendor's professional license, certification or other authorization has been refused renewal or has been revoked, suspended or otherwise terminated; or
(3) if such vendor has been convicted of a violation of this Code, as provided in Article VIIIA.

(C) Upon termination of a vendor of goods or services from participation in the medical assistance program authorized by this Article, a person with management responsibility for such vendor during the time of any conduct which served as the basis for that vendor’s termination is barred from participation in the medical assistance program.

Upon termination of a corporate vendor, the officers and persons owning, directly or indirectly, 5% or more of the shares of stock or other evidences of ownership in the vendor during the time of any conduct which served as the basis for that vendor's termination are barred from participation in the medical assistance program. A person who owns, directly or indirectly, 5% or more of the shares of stock or other evidences of ownership in a terminated corporate vendor may not transfer his or her ownership interest in that vendor to his or her spouse, child, brother, sister, parent, grandparent, grandchild, uncle, aunt, niece, nephew, cousin, or relative by marriage.

Upon termination of a sole proprietorship or partnership, the owner or partners during the time of any conduct which served as the basis for that vendor's termination are barred from participation in the medical assistance program. The owner of a terminated vendor that is a sole proprietorship, and a partner in a terminated vendor that is a partnership, may not transfer his or her ownership or partnership interest in that vendor to his or her spouse, child, brother, sister, parent, grandparent, grandchild, uncle, aunt, niece, nephew, cousin, or relative by marriage.

Rules adopted by the Illinois Department to implement these provisions shall specifically include a definition of the term "management responsibility" as used in this Section. Such definition shall include, but not be limited to, typical job titles, and duties and descriptions which will be considered as within the definition of individuals with management responsibility for a provider.

(D) If a vendor has been suspended from the medical assistance program under Article V of the Code, the Director may require that such vendor correct any deficiencies which served as the basis for the suspension. The Director shall specify in the suspension order a specific period of time, which shall not exceed one year from the date of the order, during which a suspended vendor shall not be eligible to participate. At the conclusion of the period of suspension the Director shall reinstate such vendor, unless he finds that such vendor has not corrected deficiencies upon which the suspension was based.

If a vendor has been terminated from the medical assistance program under Article V, such vendor shall be barred from participation for at least one year, except that if a vendor has been terminated based on a conviction of a violation of Article VIIIA or a conviction of

New matter indicated by italics - deletions by strikeout.
a felony based on fraud or a willful misrepresentation related to (i) the medical assistance program under Article V, (ii) a medical assistance program in another state that is of the kind provided under Article V, (iii) the Medicare program under Title XVIII of the Social Security Act, or (iv) the provision of health care services, then the vendor shall be barred from participation for 5 years or for the length of the vendor's sentence for that conviction, whichever is longer. At the end of one year a vendor who has been terminated may apply for reinstatement to the program. Upon proper application to be reinstated such vendor may be deemed eligible by the Director providing that such vendor meets the requirements for eligibility under this Code. If such vendor is deemed not eligible for reinstatement, he shall be barred from again applying for reinstatement for one year from the date his application for reinstatement is denied.

A vendor whose termination from participation in the Illinois medical assistance program under Article V was based solely on an action by a governmental entity other than the Illinois Department may, upon reinstatement by that governmental entity or upon reversal of the termination, apply for rescission of the termination from participation in the Illinois medical assistance program. Upon proper application for rescission, the vendor may be deemed eligible by the Director if the vendor meets the requirements for eligibility under this Code.

If a vendor has been terminated and reinstated to the medical assistance program under Article V and the vendor is terminated a second or subsequent time from the medical assistance program, the vendor shall be barred from participation for at least 2 years, except that if a vendor has been terminated a second time based on a conviction of a violation of Article VIII A or a conviction of a felony based on fraud or a willful misrepresentation related to (i) the medical assistance program under Article V, (ii) a medical assistance program in another state that is of the kind provided under Article V, (iii) the Medicare program under Title XVIII of the Social Security Act, or (iv) the provision of health care services, then the vendor shall be barred from participation for life. At the end of 2 years, a vendor who has been terminated may apply for reinstatement to the program. Upon application to be reinstated, the vendor may be deemed eligible if the vendor meets the requirements for eligibility under this Code. If the vendor is deemed not eligible for reinstatement, the vendor shall be barred from again applying for reinstatement for 2 years from the date the vendor's application for reinstatement is denied.

(E) The Illinois Department may recover money improperly or erroneously paid, or overpayments, either by setoff, crediting against future billings or by requiring direct repayment to the Illinois Department.

If the Department of Public Aid establishes through an administrative hearing that the overpayments resulted from the vendor willfully making, or causing to be made, a false statement or misrepresentation of a material fact in connection with billings and payments under the medical assistance program under Article V, the Department may recover interest on the amount of the overpayments at the rate of 5% per annum. For purposes of this paragraph, "willfully" means that a person makes a statement or representation with actual knowledge that it was false, or makes a statement or representation with knowledge of facts

or information that would cause one to be aware that the statement or representation was false when made.

(F) The Illinois Department may withhold payments to any vendor during the pendency of any proceeding under this Section except that if a final administrative decision has not been issued within 120 days of the initiation of such proceedings, unless delay has been caused by the vendor, payments can no longer be withheld; provided, however, that the 120-day limit may be extended if said extension is mutually agreed to by the Illinois Department and the vendor. The Illinois Department shall state by rule with as much specificity as practicable the conditions under which payments will not be withheld during the pendency of any proceeding under this Section. Payments may be denied for bills submitted with service dates occurring during the pendency of a proceeding where the final administrative decision is to terminate eligibility to participate in the medical assistance program. The Illinois Department shall state by rule with as much specificity as practicable the conditions under which payments will not be denied for such bills. The Department of Public Aid shall state by rule a process and criteria by which a vendor may request full or partial release of payments withheld under this subsection. The Department must complete a proceeding under this Section in a timely manner.

(F-5) The Illinois Department may temporarily withhold payments to a vendor if any of the following individuals have been indicted or otherwise charged under a law of the United States or this or any other state with a felony offense that is based on alleged fraud or willful misrepresentation on the part of the individual related to (i) the medical assistance program under Article V of this Code, (ii) a medical assistance program provided in another state which is of the kind provided under Article V of this Code, (iii) the Medicare program under Title XVIII of the Social Security Act, or (iv) the provision of health care services:

1. If the vendor is a corporation: an officer of the corporation or an individual who owns, either directly or indirectly, 5% or more of the shares of stock or other evidence of ownership of the corporation.
2. If the vendor is a sole proprietorship: the owner of the sole proprietorship.
3. If the vendor is a partnership: a partner in the partnership.
4. If the vendor is any other business entity authorized by law to transact business in this State: an officer of the entity or an individual who owns, either directly or indirectly, 5% or more of the evidences of ownership of the entity.

If the Illinois Department withholds payments to a vendor under this subsection, the Department shall not release those payments to the vendor while any criminal proceeding related to the indictment or charge is pending unless the Department determines that there is good cause to release the payments before completion of the proceeding. If the indictment or charge results in the individual's conviction, the Illinois Department shall retain all withheld payments, which shall be considered forfeited to the Department. If the indictment or charge does not result in the individual's conviction, the Illinois Department shall release to the vendor all withheld payments.

(G) The provisions of the Administrative Review Law, as now or hereafter amended, and the rules adopted pursuant thereto, shall apply to and govern all proceedings for the

judicial review of final administrative decisions of the Illinois Department under this Section. The term "administrative decision" is defined as in Section 3-101 of the Code of Civil Procedure.

(G-5) Non-emergency transportation.

(1) Notwithstanding any other provision in this Section, for non-emergency transportation vendors, the Department may terminate the vendor from participation in the medical assistance program prior to an evidentiary hearing but after reasonable notice and opportunity to respond as established by the Department by rule.

(2) Vendors of non-emergency medical transportation services, as defined by the Department by rule, shall submit to a fingerprint-based criminal background check on current and future information available in the State system and current information available through the Federal Bureau of Investigation's system by submitting all necessary fees and information in the form and manner prescribed by the Department of State Police. The following individuals shall be subject to the check:

(A) In the case of a vendor that is a corporation, every shareholder who owns, directly or indirectly, 5% or more of the outstanding shares of the corporation.

(B) In the case of a vendor that is a partnership, every partner.

(C) In the case of a vendor that is a sole proprietorship, the sole proprietor.

(D) Each officer or manager of the vendor.

Each such vendor shall be responsible for payment of the cost of the criminal background check.

(3) Vendors of non-emergency medical transportation services may be required to post a surety bond. The Department shall establish, by rule, the criteria and requirements for determining when a surety bond must be posted and the value of the bond.

(4) The Department, or its agents, may refuse to accept requests for non-emergency transportation authorizations, including prior-approval and post-approval requests, for a specific non-emergency transportation vendor if:

(A) the Department has initiated a notice of termination of the vendor from participation in the medical assistance program; or

(B) the Department has issued notification of its withholding of payments pursuant to subsection (F-5) of this Section; or

(C) the Department has issued a notification of its withholding of payments due to reliable evidence of fraud or willful misrepresentation pending investigation.

(H) Nothing contained in this Code shall in any way limit or otherwise impair the authority or power of any State agency responsible for licensing of vendors.

(I) Based on a finding of noncompliance on the part of a nursing home with any

requirement for certification under Title XVIII or XIX of the Social Security Act (42 U.S.C. Sec. 1395 et seq. or 42 U.S.C. Sec. 1396 et seq.), the Illinois Department may impose one or more of the following remedies after notice to the facility:

1. Termination of the provider agreement.
2. Temporary management.
3. Denial of payment for new admissions.
4. Civil money penalties.
5. Closure of the facility in emergency situations or transfer of residents, or both.
7. Denial of all payments when the Health Care Finance Administration has imposed this sanction.

The Illinois Department shall by rule establish criteria governing continued payments to a nursing facility subsequent to termination of the facility's provider agreement if, in the sole discretion of the Illinois Department, circumstances affecting the health, safety, and welfare of the facility's residents require those continued payments. The Illinois Department may condition those continued payments on the appointment of temporary management, sale of the facility to new owners or operators, or other arrangements that the Illinois Department determines best serve the needs of the facility's residents.

Except in the case of a facility that has a right to a hearing on the finding of noncompliance before an agency of the federal government, a facility may request a hearing before a State agency on any finding of noncompliance within 60 days after the notice of the intent to impose a remedy. Except in the case of civil money penalties, a request for a hearing shall not delay imposition of the penalty. The choice of remedies is not appealable at a hearing. The level of noncompliance may be challenged only in the case of a civil money penalty. The Illinois Department shall provide by rule for the State agency that will conduct the evidentiary hearings.

The Illinois Department may collect interest on unpaid civil money penalties.

The Illinois Department may adopt all rules necessary to implement this subsection (I).

(55 ILCS 85/4) (from Ch. 34, par. 7004)

Sec. 4. Establishment of economic development project area; ordinance; joint review board; notice; hearing; changes in economic development plan; annual reporting requirements. Economic development project areas shall be established as follows:

(a) The corporate authorities of Whiteside County, with more than 200,000 and less than 300,000 inhabitants and which is adjacent to the Mississippi River, may by ordinance propose the establishment of an economic development project area and fix a time and place for a public hearing, and shall submit a certified copy of the ordinance as adopted to the Department.

(b) Any county which adopts an ordinance which fixes a date, time and place for a public hearing shall convene a joint review board as hereinafter provided. Not less than 45 days prior to the date fixed for the public hearing, the county shall give notice by mailing to the chief executive officer of each affected taxing district having taxable property included in the proposed economic development project area that such chief executive officer or his designee is invited to participate in a joint review board. The designee shall serve at the discretion of the chief executive officer of the taxing district for a term not to exceed 2 years. Such notice shall advise each chief executive officer of the date, time and place of the first meeting of such joint review board, which shall occur not less than 30 days prior to the date of the public hearing. Such notice by mail shall be given by depositing such notice in the United States Postal Service by certified mail.

At or prior to the first meeting of such joint review board the county shall furnish to any member of such joint review board copies of the proposed economic development plan and any related documents which such member shall reasonably request. A majority of the members of such joint review board present at any meeting shall constitute a quorum. Additional meetings may be called by any member of a joint review board upon the giving of notice not less than 72 hours prior to the date of any additional meeting to all members of the joint review board. The joint review board shall review such information and material as its members reasonably deem relevant to the county's proposals to approve economic development plans and economic development projects and to designate economic development project areas. The county shall provide such information and material promptly upon the request of the joint review board and may also provide administrative support and facilities as the joint review board may reasonably require.

Within 30 days of its first meeting, a joint review board shall provide the county with a written report of its review of any proposal to approve an economic development plan and
economic development project and to designate an economic development project area. Such written report shall include such information and advisory, nonbinding recommendations as a majority of the members of the joint review board shall deem relevant. Written reports of joint review boards may include information and advisory, nonbinding recommendations provided by a minority of the members thereof. Any joint review board which does not provide such written report within such 30-day period shall be deemed to have recommended that the county proceed with a proposal to approve an economic development plan and economic development project and to designate an economic development project area.

(c) Notice of the public hearing shall be given by publication and mailing.

(1) Notice by publication shall be given by publication at least twice, the first publication to be not more than 30 nor less than 10 days prior to the hearing in a newspaper of general circulation within the taxing districts having property in the proposed economic development project area. Notice by mailing shall be given by depositing such notice together with a copy of the proposed economic development plan in the United States Postal Service by certified mail addressed to the person or persons in whose name the general taxes for the last preceding year were paid on each lot, block, tract, or parcel of land lying within the proposed economic development project area. The notice shall be mailed not less than 10 days prior to the dates set for the public hearing. In the event taxes for the last preceding year were not paid, the notice shall also be sent to the persons last listed on the tax rolls within the preceding 3 years as the owners of the property.

(2) The notices issued pursuant to this Section shall include the following:

In addition to the other requirements under this subsection (c), the notice shall include an invitation to the Department and each taxing district to submit comments to the county concerning the subject matter of the hearing prior to the date of the hearing.

(d) At the public hearing any interested person, the Department or any affected taxing district may file written objections with the county clerk and may be heard orally with respect
to any issues embodied in the notice. The county shall hear and determine all alternate
proposals or bids for any proposed conveyance, lease, mortgage or other disposition of land
and all protests and objections at the hearing, and the hearing may be adjourned to another
date without further notice other than a motion to be entered upon the minutes fixing the time
and place of the adjourned hearing. Public hearings with regard to an economic development
plan, economic development project area, or economic development project may be held
simultaneously.

(e) At the public hearing, or at any time prior to the adoption by the county of an
ordinance approving an economic development plan, the county may make changes in the
economic development plan. Changes which (1) alter the exterior boundaries of the proposed
economic development project area, (2) substantially affect the general land uses established
in the proposed economic development plan, (3) substantially change the nature of the
proposed economic development plan, (4) change the general description of any proposed
developer, user or tenant of any property to be located or improved within the economic
development project area, or (5) change the description of the type, class and number of

within the economic development project area shall be made only after review by joint
review board, notice and hearing pursuant to the procedures set forth in this Section. Changes
which do not (1) alter the exterior boundaries of a proposed economic development project
area, (2) substantially affect the general land uses established in the proposed plan, (3)
substantially change the nature of the proposed economic development plan, (4) change the
general description of any proposed developer, user or tenant of any property to be located
or improved within the economic development project area, or (5) change the description of
the type, class and number of employees to be employed in the operation of the facilities to
be developed or improved within the economic development project area may be made
without further notice or hearing, provided that the county shall give notice of its changes by
mail to the Department and to each affected taxing district and by publication in a newspaper
or newspapers of general circulation with the affected taxing districts. Such notice by mail
and by publication shall each occur not later than 10 days following the adoption by
ordinance of such changes.

(f) At any time within 90 days of the final adjournment of the public hearing, a county
may, by ordinance, approve the economic development plan, establish the economic
development project area, and authorize property tax allocation financing for such economic
development project area. Any ordinance adopted which approves the economic
development plan shall contain findings that the economic development project is reasonably
expected to create or retain not less than $500,000 full-time equivalent jobs, that private
investment in an amount not less than $25,000,000 $50,000,000 is reasonably expected to
occur in the economic development project area, that the economic development project will
encourage the increase of commerce and industry within the State, thereby reducing the evils
attendant upon unemployment and increasing opportunities for personal income, and that the
economic development project will increase or maintain the property, sales and income tax
bases of the county and of the State. The ordinance shall also state that the economic

Any ordinance adopted which establishes an economic development project area shall contain the boundaries of such area by legal description and, where possible, by street location. Any ordinance adopted which authorizes property tax allocation financing shall provide that the ad valorem taxes, if any, arising from the levies upon taxable real property in such economic development project area by taxing districts and tax rates determined in the manner provided in subsection (b) of Section 6 of this Act each year after the effective date of the ordinance until economic development project costs and all county obligations financing economic development project costs incurred under this Act have been paid shall be divided as follows:

(1) That portion of taxes levied upon each taxable lot, block, tract or parcel of real property which is attributable to the lower of the current equalized assessed value or the initial equalized assessed value of each such taxable lot, block, tract or parcel of real property in the economic development project area shall be allocated to, and when collected, shall be paid by the county collector to the respective affected taxing districts in the manner required by law in the absence of the adoption of property tax allocation financing.

(2) That portion, if any, of such taxes which is attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract or parcel of real property in the economic development project area over and above the initial equalized assessed value of each property in the economic development project area shall be allocated to and when collected shall be paid to the county treasurer who shall deposit those taxes into a special fund called the special tax allocation fund of the county for the purpose of paying economic development project costs and obligations incurred in the payment thereof.

(g) After a county has by ordinance approved an economic development plan and established an economic development project area, the plan may be amended and the boundaries of the area may be altered only as herein provided. Amendments which (1) alter the exterior boundaries of an economic development project area, (2) substantially affect the general land uses established pursuant to the economic development plan, (3) substantially change the nature of the economic development plan, (4) change the general description of any proposed developer, user, or tenant of any property to be located or improved within the economic development project area, or (5) change the description of the type, class and number of employees to be employed in the operation of the facilities to be developed or improved shall be made only after review by a joint review board, notice and hearing pursuant to the procedures set forth in this Section. Amendments which do not (1) alter the exterior boundaries of an economic development project area, (2) substantially affect the general land uses established in the economic development plan, (3) substantially change the nature of the economic development plan, (4) change the description of any proposed developer, user, or tenant of any property to be located or improved within the economic development project area, or (5) change the description of the type, class and number of employees to be employed in the operation of the facilities to be developed or improved.
within the economic development project area may be made without further hearing or notice, provided that the county shall give notice of any amendment by mail to the Department and to each taxing district and by publication in a newspaper or newspapers of general circulation within the affected taxing districts. Such notices by mail and by publication shall each occur not later than 10 days following the adoption by ordinance of such amendments.

(h) After the adoption of an ordinance adopting property tax allocation financing for an economic development project area, the county shall annually report to each taxing district having taxable property within such economic development project area (i) any increase or decrease in the equalized assessed value of the real property located within such economic development project area above or below the initial equalized assessed value of such real property, (ii) that portion, if any, of the ad valorem taxes arising from the levies upon taxable real property in such economic development project area by the taxing districts which is attributable to the increase in the current equalized assessed valuation of each lot, block, tract or parcel of real property in the economic development project area over and above the initial equalized value of each property and which has been allocated to the county in the current year, and (iii) such other information as the county may deem relevant.

(i) The county shall give notice by mail as provided in this Section and shall reconvene the joint review board not less than annually for each of the 2 years following its adoption of an ordinance adopting property tax allocation financing for an economic development project area and not less than once in each 3-year period thereafter. Sec. 5. Submission to Department; certification by Department.

(a) The county shall submit certified copies of any ordinances adopted approving a proposed economic development plan, establishing an economic development project area, and authorizing tax increment allocation financing to the Department, together with (1) a map of the economic development project area, (2) a copy of the economic development plan as approved, (3) an analysis, and any supporting documents and statistics, demonstrating that the economic development project is reasonably expected to create or retain not less than 500 full-time equivalent jobs and that private investment in the amount of not less than $25,000,000 $50,000,000 is reasonably expected to occur in the economic development project area, (4) an estimate of the economic impact of the economic development plan and the use of property tax allocation financing upon the revenues of the county and the affected taxing districts, (5) a record of all public hearings held in connection with the establishment of the economic development project area, and (6) such other information as the Department by regulation may require.

(b) Upon receipt of an application from a county the Department shall review the application to determine whether the economic development project area qualifies as an economic development project area under this Act. At its discretion, the Department may

accept or reject the application or may request such additional information as it deems necessary or advisable to aid its review. If any such area is found to be qualified to be an economic development project area, the Department shall approve and certify such economic development project area and shall provide written notice of its approval and certification to the county and to the county clerk. In determining whether an economic development project area shall be approved and certified, the Department shall consider (1) whether, without public intervention, the State would suffer substantial economic dislocation, such as relocation of a commercial business or industrial or manufacturing facility to another state, territory or country, or would not otherwise benefit from private investment offering substantial employment opportunities and economic growth, and (2) the impact on the revenues of the county and the affected taxing districts of the use of tax increment allocation financing in connection with the economic development project.

(c) On or before July 1, 2006, the Department shall submit to the General Assembly a report detailing the number of economic development project areas it has approved and certified, the number and type of jobs created or retained therein, the aggregate amount of private investment therein, the impact in the revenues of counties and affected taxing districts of the use of property tax allocation financing therein, and such additional information as the Department may determine to be relevant. AN ACT concerning schools.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

New matter indicated by italics - deletions by strikeout.
Section 5. The School Code is amended by changing Sections 10-20.28 and 34-18.14 as follows:

(105 ILCS 5/10-20.28) (from Ch. 122, par. 10-20.28)
Sec. 10-20.28. Cellular radio telecommunication devices prohibition.
(a) The General Assembly finds and declares that the educational development of all persons to the limits of their capacities is a fundamental goal of the people of this State and that to achieve such goal it is essential to provide a safe and secure learning environment within the public schools. While recognizing that cellular radio telecommunication devices may be used for inappropriate activities during school hours and on school property and may, on occasion, cause disruption to the classroom environment, the General Assembly also recognizes that the use of cellular radio telecommunication devices can decrease the response time of officials to emergency situations. In addition, cellular radio telecommunication devices allow parents an additional and timely method of contacting their children should an emergency situation arise. Therefore, it is the purpose and intention of the General Assembly in enacting this legislation to (i) reduce the occurrence of inappropriate and disruptive activities during school hours and on school property occurring through the use of cellular radio telecommunication devices and (ii) increase the safety of students and school personnel during school hours and on school property.

(b) The school board may establish appropriate rules and disciplinary procedures governing the use or possession of cellular radio telecommunication devices by a student while in a school or on school property, during regular school hours, or at any other time. To prohibit the use or possession of any cellular radio telecommunication device by any pupil while such pupil is in any school building or on any school property, during regular school hours or at any other time, and to by rule provide for the imposition of appropriate discipline upon any pupil who violates such prohibition. Exceptions may be made by the school board with the approval of the school principal.

The plan of correction may contain related comments or documentation provided by the licensee that may refute findings in the report, that explain extenuating circumstances that the facility could not reasonably have prevented, or that indicate methods and timetables for correction of deficiencies described in the report. A licensee has 10 days after the date of the inspection, survey, or evaluation to submit a plan of correction.

Each notice of violation shall be prepared in writing and shall specify the nature of the violation and the statutory provision or rule alleged to have been violated. The notice shall inform the licensee of any action the Department may take under the Act, including the requirement of a plan of correction under Section 50, or licensure action under Section 60. The Director or his designee shall also inform the licensee of the right to a hearing under Section 60.

Section 50. Plan of correction.

(b) If the Department rejects a plan of correction, it shall send notice of the rejection and the reason for the rejection to the licensee. The facility shall have 10 days after receipt of the notice of rejection to submit a modified plan. If the modified plan is not timely submitted, or if the modified plan is rejected, the facility shall follow a plan of correction imposed by the Department.

(c) If a facility desires to contest any Department action under this Section it shall send a written request for a hearing under Section 60 to the Department within 10 days of receipt of the notice of the contested action. The Department shall commence the hearing as provided in Section 60. Whenever possible, all actions of the Department under this Section arising out of a single violation shall be contested and determined at a single hearing. Issues decided as the result of the hearing process may not be reheard at subsequent hearings under this Act, but such determinations may be used as grounds for other administrative action by the Department pursuant to this Act.

(a) Notice of all administrative actions taken under this Act shall be effected by registered mail, certified mail, or personal service and shall set forth the particular reasons for the proposed action and provide the applicant or licensee with an opportunity to request a hearing. If a hearing request is not received within 10 days after receipt of the notice of administrative action, the right to a hearing is waived.

(b) The procedure governing hearings authorized by this Section shall be in accordance with rules promulgated by the Department consistent with this Act. A hearing shall be conducted by the Director or by an individual designated in writing by the Director as administrative law judge. A full and complete record shall be kept of all proceedings, including notice of hearing, complaint, and all other documents in the nature of pleadings, written motions filed in the proceedings, and the report and orders of the Director and administrative law judge. All testimony shall be reported but need not be transcribed unless the decision is appealed pursuant to Section 70 of this Act. Any interested party may obtain a copy or copies of the transcript on payment of the cost of preparing such copy or copies.

A subpoena or subpoena duces tecum issued under this Section shall be served in the same manner as a subpoena issued by a court.

A copy of the findings of fact and decision of the Director shall be served upon the applicant or licensee in person, by registered mail or by certified mail in the same manner as the service of the notice of hearing. The Department shall adopt rules for determining the fines for violations.

if the facility is not in operation at the time application is made, the Department shall issue
a probationary license. A probationary license shall be valid for 120 days unless sooner

has made substantial progress toward meeting those requirements, the license may be
renewed once for a period not to exceed 120 days from the expiration date of the initial
probationary license.

(c) The license granted to the transferee shall be subject to any plan of correction
submitted by the previous owner and approved by the Department and any conditions
contained in a conditional license issued to the previous owner. If there are outstanding
violations and no approved plan of correction has been implemented, the Department may
issue a conditional license and plan of correction as provided in this Act.
(d) The transferor shall remain liable for all penalties assessed against the facility that
are imposed for violations occurring prior to transfer of ownership.

Section 105. Access to information. The following information is subject to

(Senate Bill No. 1830)

AN ACT concerning telephone solicitation.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 1. Short title. This Act may be cited as the Restricted Call Registry Act.
Section 5. Definitions. As used in this Act:
(a) "Residential subscriber" means a person or spouse who has subscribed to either residential telephone service from a local exchange company or public mobile services, as defined by Section 13-214 of the Public Utilities Act, a guardian of the person or the person's spouse, or an individual who has power of attorney from or an authorized agent of the person or the person's spouse.
(b) "Established business relationship" means the existence of an oral or written transaction, agreement, contract, or other legal state of affairs involving a person or entity and an existing customer under which both parties have a course of conduct or established pattern of activity for commercial or mercantile purposes and for the benefit or profit of both parties. A pattern of activity does not necessarily mean multiple previous contacts. The established business relationship must exist between the existing customer and the person or entity directly, and does not extend to any related business entity or other business organization of the person or entity or related to the person or entity or the person or entity's agent including but not limited to a parent corporation, subsidiary partnership, company or other corporation or affiliate.
(c) "Existing customer" means an individual who has either:

(1) to any residential subscriber with that subscriber's prior express invitation or permission when a voluntary 2-way communication between a person or entity and a residential subscriber has occurred with or without an exchange of consideration. A telephone solicitation is presumed not to be made at the express request of a subscriber if one of the following occurs, as applicable:

(A) The telephone solicitation is made 30 business days after the last date on which the subscriber contacted a business with the purpose of inquiring about the potential purchase of goods or services.

(B) The telephone solicitation is made 30 business days after the last date on which the subscriber consented to be contacted.

(C) The telephone solicitation is made 30 business days after a product or service becomes available where the subscriber has made a request to the business for that product or service that is not then available, and requests a call when the product or service becomes available;

(2) by or on behalf of any person or entity with whom a residential subscriber has an established business relationship which has not been terminated in writing by either party and which is related to the nature of the established business relationship;

(3) by or on behalf of any person or entity with whom a residential subscriber is an existing customer, unless the customer has stated to the person or entity or the person or entity's agent that he or she no longer wishes to receive the telemarketing sales calls of the person or entity, or unless the nature of the call is unrelated to the established business relationship with the existing customer;

(4) by or on behalf of an organization that is exempt from federal income taxation under Section 501(c) of the Internal Revenue Code, but only if the person making the telephone solicitation immediately discloses all of the following information upon making contact with the consumer:

(6) until July 1, 2005, by or on behalf of any entity over which the Federal Communications Commission or the Illinois Commerce Commission has regulatory authority to the extent that, subject to that authority, the entity is required to maintain a license, permit, or certificate to sell or provide telecommunications service, as defined in Section 13-203 of the Public Utilities Act, while the entity is engaged in telephone solicitation for inter-exchange telecommunications service, as defined in Section 13-205 of the Public Utilities Act, or local exchange telecommunications service, as defined in Section 13-204 of the Public Utilities Act or to the extent, subject to the regulatory authority of the Federal Communications Commission, the entity is defined by Title 47 Section 522(5) of the United States Code, or providers of information services as defined by Title 47 Section 153(20) of the United States Code.

Section 20. Registry; establishment and maintenance.

(a) The Illinois Commerce Commission shall establish and provide for the operation of a Restricted Call Registry, which shall contain a list of the telephone numbers of residential subscribers who do not wish to receive telephone solicitation calls. The Illinois Commerce Commission may contract with a private vendor to establish and maintain the Registry if the contract requires the vendor to provide the Registry in a printed hard copy format, in an electronic format, and in any other format prescribed by the Illinois Commerce Commission. Any person or entity conducting telephone solicitation calls as defined by Section 5(e) of this Act within the State of Illinois shall purchase the Restricted Call Registry and updates exclusively from the Illinois Commerce Commission. The rules shall include, at a minimum, methods by which any person or entity desiring to make telephone solicitation calls may obtain access to the Registry to avoid calling the telephone numbers of residential subscribers included in

New matter indicated by italics - deletions by strikeout.
(c) The fee for obtaining the Registry and updates shall be set forth in rules adopted by the Illinois Commerce Commission. The fee may not exceed $1,000 annually and may not exceed the costs incurred by the Commission in the preparation, maintenance, production, and distribution of the Registry. All copies requested in a printed hard copy format shall be assessed a per page fee to be determined by rules adopted by the Illinois Commerce Commission.

(d) The Illinois Commerce Commission shall update the Registry and make information in the Registry available on a quarterly basis in an electronic format that can be sorted by individual fields and, if deemed appropriate by the Illinois Commerce Commission, in one or more other formats.

(e) If the Federal Communications Commission or Federal Trade Commission establishes a single national database of telephone numbers of subscribers who object to receiving telephone solicitations, which restricts both inter-state and intra-state calls and at a minimum covers all telephone solicitations covered by this Act, this State shall discontinue the Registry.

(f) Information in the Registry is confidential and shall be afforded reasonable privacy protection except as necessary for compliance with Sections 10 and 25 and this Section or in a proceeding or action under Section 35 or 40. The information is not a public record under the Freedom of Information Act.

(g) The Illinois Commerce Commission shall periodically obtain subscription listings of residential subscribers in this State who have arranged to be included in any national do-not-call list and add those names to the Registry.

(h) A person or entity that obtains the Registry shall not use the Registry for any purpose other than to comply with this Act. These unlawful purposes include, but are not limited to, causing a subscriber to participate in and be included in the Registry without the subscriber's knowledge or consent, selling or leasing the Registry to a person other than a telephone solicitor, selling or leasing by a telephone solicitor of the Registry, and a telephone solicitor, either directly or indirectly, persuading a subscriber with whom it has an established business relationship to place his or her telephone number in the Registry, if the solicitation has the effect of preventing competitors from contacting that solicitor's customers.

(i) No person or entity that sells, leases, exchanges, or rents telephone solicitation lists, except for directory assistance and telephone directories sold by telephone companies or their affiliates, shall include in those lists those telephone numbers that appear in the current Registry.

Section 25. Enrollment.

The Commission may adopt rules and procedures governing the acceptance of payment by credit card and may enter into such agreements as necessary to accept payment by credit card.

(d) A residential subscriber’s telephone number shall be deleted from the Registry upon the residential subscriber’s written request.

(e) Enrollment in the Registry is effective from the start of the quarter following the date of enrollment for a term of 5 years or until the residential subscriber disconnects or changes his or her telephone number, unless the subscriber complies with the notice provision contained in this Section, whichever occurs first. The residential subscriber shall be permitted to extend their enrollment for additional 5 year periods and shall not be subject to any fee for this extension. The residential subscriber is responsible for notifying the Illinois Commerce Commission of any changes in his or her telephone number. The Illinois Commerce Commission shall use its best efforts to notify enrolled residential subscribers before the end of the 5-year enrollment term of the option to extend their enrollment. Residential subscribers who do not indicate their desire to extend their enrollment before the end of the 5-year term shall be given a one quarter grace period before being removed from the Registry.

Section 30. Public notification. The Illinois Commerce Commission shall work with local exchange telecommunications companies to disseminate to their customers information about the availability of and instructions for requesting educational literature from the Illinois Commerce Commission. The Illinois Commerce Commission may enter into agreements with those companies for the dissemination of the educational literature. Telecommunications companies shall disseminate the educational literature at least once per year in a message contained in customers’ bills or a notice in the information section of all telephone directories distributed to customers and shall include on their website a link to the ICC’s web page for the Registry. The Illinois Commerce Commission shall include, on its Internet web site, information to customers regarding their right to be included in the Registry and the various methods, including notice to the Illinois Commerce Commission, of being included in the Registry. The Illinois Commerce Commission shall have this literature developed for dissemination to the public no later than March 1, 2003.

Each individual violation of Section 10 of this Act shall be

(1) whether the offense was knowing or willful;
(2) whether the entity committing the offense has a prior history of non-compliance with this Act;
(3) the offender's relative ability to pay a penalty;
(4) whether the offender has or has not cooperated with the Commission in pursuing the investigation; and
(5) such other special, mitigating or aggravating circumstances as the Commission may find to exist.

(c) Any proceeding conducted under this Section is subject to the Illinois Administrative Procedure Act.

(d) Nothing in this Section may be construed to restrict any right that any person may have under any other law or at common law.

(e) No action or proceeding may be brought under this Section:

(1) more than one year after the person bringing the action knew or should have known of the occurrence of the alleged violation; or
(2) more than one year after the termination of any proceeding or action arising out of the same violation or violations by the State of Illinois, whichever is later.

(f) The remedies, duties, prohibitions, and penalties in this Act are not exclusive and are in addition to all other causes of action, remedies, and penalties provided by law.

(g) There is created in the State Treasury a special fund to be known as the Restricted Call Registry Fund. All fees and fines collected in the administration and enforcement of this Act shall be deposited into the Fund. Moneys in the Fund shall, subject to appropriation, be used by the Illinois Commerce Commission for implementation, administration, and enforcement of this Act.

(3) Each administrator who is subject to the requirements of this subsection (c-10) but who is not serving as a district or regional superintendent, a director of a cooperative program or special education program, or a director of a State-operated school must submit his or her administrative certificate renewal plan for review to the superintendent of the employing school district or to the director of the cooperative or special education program or State-operated school (or to the superintendent's or director's designee). Each district or regional superintendent, director of a cooperative program or special education program, or director of a State-operated school must submit his or her administrative certificate renewal plan for review to a review panel comprised of peers established by the regional superintendent of schools for the geographic area where the certificate holder is employed as an administrator.

(4) If the certificate holder's plan does not conform to the requirements of this subsection (c-10), the reviewer or review panel must notify the certificate holder, who must revise the administrative certificate renewal plan. A certificate holder who is not a regional superintendent of schools may appeal that determination to the regional superintendent of schools for the geographic area where the certificate holder is employed as an administrator. A certificate holder who is a regional superintendent of schools may appeal that determination to the State Superintendent of Education. The regional superintendent of schools or the State Superintendent of Education (or the regional superintendent's or State Superintendent's designee) shall facilitate any modification of the plan, if necessary, to make it acceptable.

(7) The regional superintendent of schools shall review and validate the verification form for a certificate holder. Based on compliance with all of the requirements for renewal, the regional superintendent of schools shall forward a recommendation for renewal or non-renewal to the State Superintendent of Education and shall notify the certificate holder of the recommendation. The State Superintendent of Education shall review the recommendation to renew or non-renew and shall notify, in writing, the certificate holder of a decision denying renewal of his or her certificate. Any decision regarding non-renewal of an administrative certificate may be appealed to the State Teacher Certification Board. The State Board of Education, in consultation with the State Teacher Certification Board, shall adopt rules to implement this subsection (c-10).

With respect to this period, the 100 hours of continuing professional development and 5 activities per validity period specified in clause (A) of paragraph (2) of subsection (c-10) of this Section shall instead be deemed to mean 20 hours of continuing professional development and one activity per year of the certificate’s validity or remaining validity and the 36 continuing professional development hours specified in clause (B) of paragraph (2) of subsection (c-10) of this Section shall instead be deemed to mean completion of at least one course per year of the certificate’s validity or remaining validity. If the certificate has 3 or fewer years of validity or 3 or fewer years of validity remaining, the certificate holder is not subject to the requirements for submission and approval of plans for continuing professional development described in paragraphs (1) through (4) of subsection (c-10) of this Section with respect to that period of the certificate’s validity.

(c-20) The State Board of Education, in consultation with the State Teacher Certification Board, shall develop procedures for implementing this Section and shall administer the renewal of administrative certificates. Furthermore, if a certificate holder is employed and performs teaching services on a part-time basis for all or a portion of the certificate's 5-year period of validity, the number of continuing professional development units needed to renew the certificate as Valid and Active shall be reduced by 50% for the amount of time the certificate holder has been employed and performed teaching services on a part-time basis. Furthermore, if a certificate holder is employed and performs teaching services on a part-time basis for all or a portion of the certificate's 5-year period of validity, the number of continuing professional development units needed to renew the certificate as Valid and Active shall be reduced by 50% for the amount of time the certificate holder has been employed and performed teaching services on a part-time basis. Part-time shall be defined as less than 50% of the school day or school term.

(2) Each Valid and Active Standard Teaching Certificate holder shall develop a certificate renewal plan for satisfying the continuing professional development requirement provided for in subsection (c) of Section 21-2 of this Code. Certificate holders with multiple certificates shall develop a certificate renewal plan that addresses only that certificate or those certificates that are required of his or her certificated teaching position, if the certificate holder is employed and performing services in an Illinois public or State-operated elementary school, secondary school, or cooperative or joint agreement with a governing body or board of control, or that certificate or those certificates most closely related to his or her teaching position, if the certificate holder is employed in a charter school. A certificate renewal plan must include a description of how these goals are to be achieved and an explanation of selected continuing professional development activities to be completed, each of which must meet one or more of the continuing professional development purposes specified in this paragraph (2). The plan shall identify potential activities and include projected timelines for those activities that will assure completion of the plan before the expiration of the 5-year validity of the Standard Teaching Certificate. Except as otherwise provided in this subsection (e), at least 50% of continuing professional development units must relate to purposes (A) and (B) set forth in this paragraph (2): the advancement of a certificate holder's knowledge and skills as a teacher consistent with the Illinois Professional Teaching Standards and the Illinois Content Area Standards in the certificate holder's areas of certification, endorsement, or teaching assignment in order to keep the certificate holder current in those areas and the development of a certificate holder's knowledge and skills in the State priorities that exist at the time the certificate renewal plan is developed.
