AN ACT concerning banks.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Banking Act is amended by changing Sections 32 and 35.1 as follows:

(205 ILCS 5/32) (from Ch. 17, par. 339)

Sec. 32. Basic loaning limits. The liabilities outstanding at one time to a state bank of a person for money borrowed, including the liabilities of a partnership or joint venture in the liabilities of the several members thereof, shall not exceed 25% of the amount of the unimpaired capital and unimpaired surplus of the bank.

The liabilities to any state bank of a person may exceed 25% of the unimpaired capital and unimpaired surplus of the bank, provided that (i) the excess amount from time to time outstanding is fully secured by readily marketable collateral having a market value, as determined by reliable and continuously available quotations, at least equal to the excess amount outstanding; and (ii) the total liabilities shall not exceed 30% of the unimpaired capital and unimpaired surplus of the bank.

The following shall not be considered as money borrowed within the meaning of this Section:

(1) The purchase or discount of bills of exchange drawn in good faith against actually existing values.

(2) The purchase or discount of commercial or business paper actually owned by the person negotiating the same.

(3) The purchase of or loaning money in exchange for evidences of indebtedness which shall be secured by mortgage or trust deed upon productive real estate the value of which, as ascertained by the oath of 2 qualified appraisers, neither of whom shall be an officer, director, or employee of the bank or of any subsidiary or affiliate of the bank, is double the amount of the principal debt secured at the time of the original purchase of evidence of indebtedness or loan of money and which is still double the amount of the principal debt secured at the time of any renewal of the indebtedness or loan, and which mortgage or trust deed is shown, either by a guaranty policy of a title guaranty company approved by the Commissioner or by a registrar's certificate of title in any county having adopted the provisions of the Registered Titles (Torrens) Act, or by the opinion of an attorney-at-law, to be a first lien upon the real estate therein described, and real estate shall not be deemed to be encumbered within the meaning of this subsection (3) by reason of the existence of instruments reserving rights-of-way, sewer rights and rights in wells, building restrictions or other restrictive covenants, nor by reason of the fact it is subject to lease under which rents or profits are reserved by the owners.

(4) The purchase of marketable investment securities.

(5) The liability to a state bank of a person who is an accommodation party to, or guarantor of payment for, any evidence of indebtedness of another person who obtains a loan from or discounts paper with or sells paper to the state bank; but the total liability to a state bank of a person as an accommodation party or guarantor of payment in respect of such evidences of indebtedness shall not exceed 25% of the amount of the unimpaired capital and unimpaired surplus of the bank; provided however that the liability of an accommodation party to paper excepted under subsection 2 of this Section shall not be included in the computation of this limitation.

The total liabilities of any one person, for money borrowed, or otherwise, shall not exceed 25% of the deposits of the bank, and those total liabilities shall at no time exceed 50% of the amount of the unimpaired capital and unimpaired surplus of the bank. Absent an actual unremedied breach, the obligation or responsibility for breach of warranties or representations, express or implied, of a person transferring negotiable or non-negotiable paper to a bank without recourse and without guaranty of payment, shall not be included in determining the amount of liabilities of the person to the bank for borrowed money or otherwise; and in the event of and to the extent of an unremedied breach, the amount remaining unpaid for principal and interest on the paper in respect of which the unremedied breach exists shall thereafter for the purpose of determining whether subsequent transactions giving rise to additional liability of the person to the state bank for borrowed money or otherwise are within the limitations of Sections 32 through 34 of this Act, be included in computing the amount of liabilities of the person for borrowed money or otherwise.

The liability of a person to a state bank on account of acceptances made or issued by the state bank on behalf of the person shall be included in the computation of the total liabilities of the person for money borrowed except to the extent the acceptances grow out of transactions of the character described in subsection (6) of Section 34 of this Act and are otherwise within the limitations of that subsection; provided nevertheless that any such excepted acceptances acquired by the state bank which accepted the same shall be included in the computation of the liabilities of the person to the state bank for money borrowed.

The limitations and restrictions set forth in paragraphs (a), (b) and (c) above shall apply and be complied with even though such owning and leasing is carried on by the bank, in whole or in part, through the medium of a subsidiary as permitted by paragraph (12) of Section 5 of this Act.

In the event a state bank acquires by purchase or discount a lease, or the sums due and to become due thereunder, of personal property made by a lessor other than the bank or such a subsidiary, paragraph (b) of this Section 35.1 shall also apply to the obligation of the lessee under such lease.

Sec. 3.135. Coal combustion by-product; CCB. 3.94: "Coal combustion by-product" (CCB) means coal combustion waste when used beneficially for any of the following purposes:

(1) The extraction or recovery of material compounds contained within CCB.

(2) The use of CCB as a raw ingredient or mineral filler in the manufacture of cement; concrete and concrete mortars; concrete products including block, pipe and precast/prestressed components; asphalt or cement based roofing shingles; plastic products including pipes and fittings; paints and metal alloys.

(3) CCB used in conformance with the specifications and under the approval of the Department of Transportation.

(4) Bottom ash used as antiskid material, athletic tracks, or foot paths.

(5) Use as a substitute for lime (CaO and MgO) in the lime modification of soils providing the CCB meets the Illinois Department of Transportation ("IDOT") specifications for byproduct limes.

(6) CCB used as a functionally equivalent substitute for agricultural lime as a soil conditioner.

(7) Bottom ash used in non-IDOT pavement base, pipe bedding, or foundation backfill.

(8) Structural fill, when used in an engineered application or combined with cement, sand, or water to produce a controlled strength fill material and covered with 12 inches of soil unless infiltration is prevented by the material itself or other cover material.

(9) Mine subsidence, mine fire control, mine sealing, and mine reclamation.

(10) Except to the extent that the uses are otherwise authorized by law without such restrictions, uses (7) through (9) shall be subject to the following conditions:

(A) CCB shall not have been mixed with hazardous waste prior to use;

(B) CCB shall not exceed Class I Groundwater Standards for metals when tested utilizing test method ASTM D3987-85;

(C) Unless otherwise exempted, users of CCB shall provide notification to the Agency for each project utilizing CCB documenting the quantity of CCB utilized and certification of compliance with conditions (A) and (B). Notification shall not
be required for pavement base, parking lot base, or building base projects utilizing less than 10,000 tons, flowable fill/grout projects utilizing less than 1,000 cubic yards or other applications utilizing less than 100 tons;

(D) Fly ash shall be applied in a manner that minimizes the generation of airborne particles and dust using techniques such as moisture conditioning, granulating, inground application, or other demonstrated method; and

(E) CCB is not to be accumulated speculatively. CCB is not accumulated speculatively if during the calendar year, the CCB used is equal to 75% of the CCB by weight or volume accumulated at the beginning of the period.

To encourage and promote the utilization of CCB in productive and beneficial applications, the Agency may make a written determination that coal-combustion waste is CCB when used in a manner other than that specified in this Section if the use has been shown to have no adverse environmental impact greater than the beneficial uses specified, in consultation with the Department of Mines and Minerals, the Illinois Clean Coal Institute, the Department of Transportation, and such other agencies as may be appropriate.

Sec. 9.2. Sulfur dioxide emission standards.
(a) (Blank.) The Agency shall review all Illinois sulfur dioxide emission standards for existing fuel combustion stationary emission sources located within the Chicago, St. Louis (Illinois), and Peoria major metropolitan areas and, if appropriate following such review, propose amendments to such standards to the Board by July 1, 1980, or within 90 days of receipt of the initial reports required pursuant to Section 6.1 of this Act, whichever is later. The standards proposed by the Agency shall be designed to enhance the use of Illinois coal, consistent with the need to attain and maintain the National Ambient Air Quality Standards for sulfur dioxide and particulate matter.

(b) In granting any alternative emission standard or variance relating to sulfur dioxide emissions from a coal-burning stationary source, the Board may require the use of Illinois coal as a condition of such alternative standard or variance, provided that the Board determines that Illinois coal of the proper quality is available and competitive in price; such determination shall include consideration of the cost of pollution control equipment and the economic impact on the Illinois coal mining industry.

(b) (Blank.) Within 120 days after the effective date of this amendatory Act of 1981, the Board shall adopt interim rules pursuant to the Illinois Administrative Procedure Act for the standards of issuance of permits to sources under Section 39.1, provided, that processing of permits under Section 39.1 is of vital benefit to the State, and may proceed immediately upon the effective date of this amendatory Act of 1981. (415 ILCS 5/9.4) (from Ch. 111 1/2, par. 1009.4)

Sec. 9.4. Municipal waste incineration emission standards.

(a) The General Assembly finds:

(1) That air pollution from municipal waste incineration may constitute a threat to public health, welfare and the environment. The amounts and kinds of pollutants depend on the nature of the waste stream, operating conditions of the incinerator, and the effectiveness of emission controls. Under normal operating conditions, municipal waste incinerators produce pollutants such as organic compounds, metallic compounds and acid gases which may be a threat to public health, welfare and the environment.

(2) That a combustion and flue-gas control system, which is properly designed, operated and maintained, can substantially reduce the emissions of organic materials, metallic compounds and acid gases from municipal waste incineration.

(b) It is the purpose of this Section to insure that emissions from new municipal waste incineration facilities which burn a total of 25 tons or more of municipal waste per day are adequately controlled.

Such facilities shall be subject to emissions limits and operating standards based upon the application of Best Available Control Technology, as determined by the Agency, for emissions of the following categories of pollutants:

(1) particulate matter, sulfur dioxide and nitrogen oxides;
(2) acid gases;
(3) heavy metals; and
(4) organic materials.

New matter indicated by italics - deletions by strikeout.
(c) The Agency shall issue permits, pursuant to Section 39, to new municipal waste incineration facilities only if the Agency finds that such facilities are designed, constructed and operated so as to comply with the requirements prescribed by this Section.

Prior to adoption of Board regulations under subsection (d) of this Section the Agency may issue permits for the construction of new municipal waste incineration facilities. The Agency determination of Best Available Control Technology shall be based upon consideration of the specific pollutants named in subsection (d), and emissions of particulate matter, sulfur dioxide and nitrogen oxides.

Nothing in this Section shall limit the applicability of any other Sections of this Act, or of other standards or regulations adopted by the Board, to municipal waste incineration facilities. In issuing such permits, the Agency may prescribe those conditions necessary to assure continuing compliance with the emission limits and operating standards determined pursuant to subsection (b); such conditions may include the monitoring and reporting of emissions.

(d) Within one year after July 1, 1986 the effective date of this amendatory Act of 1985, the Board shall adopt regulations pursuant to Title VII of this Act, which define the terms in items (2), (3) and (4) of subsection (b) of this Section which are to be used by the Agency in making its determination pursuant to this Section. The provisions of Section 27(b) of this Act shall not apply to this rulemaking.

Such regulations shall be written so that the categories of pollutants include, but need not be limited to, the following specific pollutants:

(1) hydrogen chloride in the definition of acid gases;
(2) arsenic, cadmium, mercury, chromium, nickel and lead in the definition of heavy metals; and
(3) polychlorinated dibenzo-p-dioxins, polychlorinated dibenzofurans and polynuclear aromatic hydrocarbons in the definition of organic materials.

(e) For the purposes of this Section, the term "Best Available Control Technology" means an emission limitation (including a visible emission standard) based on the maximum degree of pollutant reduction which the Agency, on a case-by-case basis, taking into account energy, environmental and economic impacts, determines is achievable through the application of production processes or available methods, systems and techniques, including fuel cleaning or treatment or innovative fuel combustion techniques. If the Agency determines that technological or economic limitations on the application of measurement methodology to a particular class of sources would make the imposition of an emission standard not feasible, it may instead prescribe a design, equipment, work practice or operational standard, or combination thereof, to require the application of best available control technology. Such standard shall, to the degree possible, set forth the emission reduction achievable by implementation of such design, equipment, work practice or operation and shall provide for compliance by means which achieve equivalent results.

(f) "Municipal waste incineration" means the burning of municipal waste or fuel derived therefrom in a combustion apparatus designed to burn municipal waste that may produce electricity or steam as a by-product. A "new municipal waste incinerator" is an
incinerator initially permitted for development or construction after January 1, 1986.

(g) The provisions of this Section shall not apply to industrial incineration facilities that burn waste generated at the same site.

Sec. 12. Actions prohibited. No person shall:

(a) Cause or threaten or allow the discharge of any contaminants into the environment in any State so as to cause or tend to cause water pollution in Illinois, either alone or in combination with matter from other sources, or so as to violate regulations or standards adopted by the Pollution Control Board under this Act.

(b) Construct, install, or operate any equipment, facility, vessel, or aircraft capable of causing or contributing to water pollution, or designed to prevent water pollution, of any type designated by Board regulations, without a permit granted by the Agency, or in violation of any conditions imposed by such permit.

(c) Increase the quantity or strength of any discharge of contaminants into the waters, or construct or install any sewer or sewage treatment facility or any new outlet for contaminants into the waters of this State, without a permit granted by the Agency.

(d) Deposit any contaminants upon the land in such place and manner so as to create a water pollution hazard.

(e) Sell, offer, or use any article in any area in which the Board has by regulation forbidden its sale, offer, or use for reasons of water pollution control.

(f) Cause, threaten or allow the discharge of any contaminant into the waters of the State, as defined herein, including but not limited to, waters to any sewage works, or into any well or from any point source within the State, without an NPDES permit for point source discharges issued by the Agency under Section 39(b) of this Act, or in violation of any term or condition imposed by such permit, or in violation of any NPDES permit filing requirement established under Section 39(b), or in violation of any regulations adopted by the Board or of any order adopted by the Board with respect to the NPDES program.

No permit shall be required under this subsection and under Section 39(b) of this Act for any discharge for which a permit is not required under the Federal Water Pollution Control Act, as now or hereafter amended, and regulations pursuant thereto.

For all purposes of this Act, a permit issued by the Administrator of the United States Environmental Protection Agency under Section 402 of the Federal Water Pollution Control Act, as now or hereafter amended, shall be deemed to be a permit issued by the Agency pursuant to Section 39(b) of this Act. However, this shall not apply to the exclusion from the requirement of an operating permit provided under Section 13(b)(i).

Compliance with the terms and conditions of any permit issued under Section 39(b) of this Act shall be deemed compliance with this subsection except that it shall not be deemed compliance with any standard or effluent limitation imposed for a toxic pollutant injurious to human health.

In any case where a permit has been timely applied for pursuant to Section 39(b) of this Act but final administrative disposition of such application has not been made, it shall
not be a violation of this subsection to discharge without such permit unless the complainant proves that final administrative disposition has not been made because of the failure of the applicant to furnish information reasonably required or requested in order to process the application. For purposes of this provision, until implementing requirements have been established by the Board and the Agency, all applications deemed filed with the Administrator of the United States Environmental Protection Agency pursuant to the provisions of the Federal Water Pollution Control Act, as now or hereafter amended, shall be deemed filed with the Agency.

(g) Cause, threaten or allow the underground injection of contaminants without a UIC permit issued by the Agency under Section 39(d) of this Act, or in violation of any term or condition imposed by such permit, or in violation of any regulations or standards adopted by the Board or of any order adopted by the Board with respect to the UIC program.

No permit shall be required under this subsection and under Section 39(d) of this Act for any underground injection of contaminants for which a permit is not required under Part C of the Safe Drinking Water Act (P.L. 93-523), as amended, unless a permit is authorized or required under regulations adopted by the Board pursuant to Section 13 of this Act.

(h) Introduce contaminants into a sewage works from any nondomestic source except in compliance with the regulations and standards adopted by the Board under this Act.

(a) (Blank.) The Department, in cooperation with the Environmental Protection Agency and the Department of Public Health, shall complete a study of groundwater quality in Illinois. Such study, at a minimum, shall include a compilation of currently available data on groundwater quality and a limited amount of taking of new water samples from existing wells to fill in major data gaps to provide a preliminary assessment of current levels of contamination of the groundwaters in the State by hazardous substances, and an identification of the location of critical underground resources such as recharge zones and high water tables. Such study shall give priority to the assessment of groundwater quality near hazardous waste facilities and shall include recommendations on priorities for future studies and research necessary to administer a groundwater protection program. The Agency and the Department of Public Health and any other State agency shall provide to the Department any information relating to groundwater quality necessary to complete the study. The Department shall complete its study by July 1, 1985 and shall report its findings to the Pollution Control Board, the Agency, the General Assembly and the Governor.

(b) The Agency shall establish a Statewide groundwater monitoring network. Such network shall include a sufficient number of testing wells to assess the current levels of contamination in the groundwaters of the State and to detect any future degradation of groundwater resources. The monitoring network shall give special emphasis to critical groundwater areas and to locations near hazardous waste disposal facilities. To the extent possible, the network shall utilize existing publicly or privately operated drinking water or monitoring wells.
(c) (Blank.) By January 1, 1986, the Agency shall formulate a groundwater protection plan. Such plan shall identify critical groundwaters that have been or are particularly susceptible to contamination by hazardous substances and probable sources of such contamination, and shall recommend the steps to be taken to prevent the degradation of the water quality of such areas. Such plan may also recommend the establishment of a system of classifying groundwaters based on their quality and use and for the establishment of groundwater quality standards. The Agency shall hold at least 3 public hearings, each at a different location within the State, before finalizing the plan. By January 1, 1986, the Agency shall report on its plan to the Governor, the General Assembly and the Pollution Control Board, along with recommendations for any legislation, regulations or administrative changes necessary to implement the groundwater protection plan.

(d) (Blank.) Following the completion of the groundwater quality study and the groundwater protection plan, the Pollution Control Board shall conduct public hearings on the results and recommendations as provided in Title VII of this Act. Upon conclusion of such hearings, the Board shall publish its findings and conclusions on the areas covered by the study and the plan and the testimony received.

(415 ILCS 5/14.1) (from Ch. 111 1/2, par. 1014.1)
Sec. 14.1. Community water supply; minimum setback zone. A minimum setback zone is established for the location of each new community water supply well as follows:
(a) No new community water supply well may be located within 200 feet of any potential primary or potential secondary source or any potential route.
(b) No new community water supply well deriving water from fractured or highly permeable bedrock or from an unconsolidated and unconfined sand and gravel formation may be located within 400 feet of any potential primary or potential secondary source or any potential route. Such 400 foot setback is not applicable to any new community water supply well where the potential primary or potential secondary source is located within a site for which certification is currently in effect pursuant to Section 14.5.
(c) Nothing in this Section shall affect any location and construction requirement imposed in Section 6 of the "Illinois Water Well Construction Code", approved August 20, 1965, as amended, and the regulations promulgated thereunder.
(d) For the purposes of this Section, a community water supply well is "new" if it is constructed after September 24, 1987, the effective date of this Section.
(e) Nothing in this Section shall affect the minimum distance requirements for new community water supply wells relative to common sources of sanitary pollution as specified by rules adopted under Section 17 of this Act.

(415 ILCS 5/14.2) (from Ch. 111 1/2, par. 1014.2)
Sec. 14.2. New potential source or route; minimum setback zone. A minimum setback zone is established for the location of each new potential source or new potential route as follows:
(a) Except as provided in subsections (b), (c) and (h) of this Section, no new potential

route or potential primary source or potential secondary source may be placed within 200 feet of any existing or permitted community water supply well or other potable water supply well.

(b) The owner of a new potential primary source or a potential secondary source or a potential route may secure a waiver from the requirement of subsection (a) of this Section for a potable water supply well other than a community water supply well. A written request for a waiver shall be made to the owner of the water well and the Agency. Such request shall identify the new or proposed potential source or potential route, shall generally describe the possible effect of such potential source or potential route upon the water well and any applicable technology-based controls which will be utilized to minimize the potential for contamination, and shall state whether, and under what conditions, the requestor will provide an alternative potable water supply. Waiver may be granted by the owner of the water well no less than 90 days after receipt of the request unless prior to such time the Agency notifies the well owner that it does not concur with the request.

The Agency shall not concur with any such request which fails to accurately describe reasonably foreseeable effects of the potential source or potential route upon the water well or any applicable technology-based controls. Such notification by the Agency shall be in writing, and shall include a statement of reasons for the nonconcurrency. Waiver of the minimum setback zone established under subsection (a) of this Section shall extinguish the water well owner's rights under Section 6b of the Illinois Water Well Construction Code but shall not preclude enforcement of any law regarding water pollution. If the owner of the water well has not granted a waiver within 120 days after receipt of the request or the Agency has notified the owner that it does not concur with the request, the owner of a potential source or potential route may file a petition for an exception with the Board and the Agency pursuant to subsection (c) of this Section.

No waiver under this Section is required where the potable water supply well is part of a private water system as defined in the Illinois Groundwater Protection Act, and the owner of such well will also be the owner of a new potential secondary source or a potential route. In such instances, a prohibition of 75 feet shall apply and the owner shall notify the Agency of the intended action so that the Agency may provide information regarding the potential hazards associated with location of a potential secondary source or potential route in close proximity to a potable water supply well.

(c) The Board may grant an exception from the setback requirements of this Section and subsection (e) of Section 14.3 to the owner of a new potential route, a new potential primary source other than landfilling or land treating, or a new potential secondary source. The owner seeking an exception with respect to a community water supply well shall file a petition with the Board and the Agency. The owner seeking an exception with respect to a potable water supply well other than a community water supply well shall file a petition with the Board and the Agency, and set forth therein the circumstances under which a waiver has been sought but not obtained pursuant to subsection (b) of this Section. A petition shall be accompanied by proof that the owner of each potable water supply well for which setback requirements would be affected by the requested exception has been notified and been provided with a copy of the petition. A petition shall set forth such facts as may be required

to support an exception, including a general description of the potential impacts of such potential source or potential route upon groundwaters and the affected water well, and an explanation of the applicable technology-based controls which will be utilized to minimize the potential for contamination of the potable water supply well.

The Board shall grant an exception, whenever it is found upon presentation of adequate proof, that compliance with the setback requirements of this Section would pose an arbitrary and unreasonable hardship upon the petitioner, that the petitioner will utilize the best available technology controls economically achievable to minimize the likelihood of contamination of the potable water supply well, that the maximum feasible alternative setback will be utilized, and that the location of such potential source or potential route will not constitute a significant hazard to the potable water supply well.

Not later than January 1, 1988, the Board shall adopt procedural rules governing requests for exceptions under this subsection. The rulemaking provisions of Title VII of this Act and of Section 5-35 of the Illinois Administrative Procedure Act shall not apply to such rules. A decision made by the Board pursuant to this subsection shall constitute a final determination.

The granting of an exception by the Board shall not extinguish the water well owner’s rights under Section 6b of the Illinois Water Well Construction Code in instances where the owner has elected not to provide a waiver pursuant to subsection (b) of this Section.

(d) Except as provided in subsections (c) and (h) of this Section, and Section 14.5, no new potential route or potential primary source or potential secondary source may be placed within 400 feet of any existing or permitted community water supply well deriving water from an unconfined shallow fractured or highly permeable bedrock formation or from an unconsolidated and unconfined sand and gravel formation. The Agency shall notify, not later than January 1, 1988, the owner and operator of each existing well which is afforded this setback protection and shall maintain a directory of all community water supply wells to which the 400 foot minimum setback zone applies.

(e) The minimum setback zones established under subsections (a) and (b) of this Section shall not apply to new common sources of sanitary pollution as specified pursuant to Section 17 and the regulations adopted thereunder by the Agency; however, no such common sources may be located within the applicable minimum distance from a community water supply well specified by such regulations.

(f) Nothing in this Section shall be construed as limiting the power of any county or municipality to adopt ordinances which are consistent with but not more stringent than the prohibitions herein.

(g) Nothing in this Section shall preclude any arrangement under which the owner or operator of a new source or route does the following:

1. purchases an existing water supply well and attendant property with the intent of eventually abandoning or totally removing the well;

2. replaces an existing water supply well with a new water supply of substantially equivalent quality and quantity as a precondition to locating or constructing such source or route;

(3) implements any other arrangement which is mutually agreeable with the owner of a water supply well; or

(4) modifies the on-site storage capacity at an agrichemical facility such that the volume of pesticide storage does not exceed 125% of the available capacity in existence on April 1, 1990, or the volume of fertilizer storage does not exceed 150% of the available capacity in existence on April 1, 1990; provided that a written endorsement for an agrichemical facility permit is in effect under Section 39.4 of this Act and the maximum feasible setback is maintained. This on-site storage capacity includes mini-bulk pesticides, package agrichemical storage areas, liquid or dry fertilizers, and liquid or dry pesticides.

(h) A new potential route, which is an excavation for stone, sand or gravel and which becomes active on lands which were acquired or were being held as mineral reserves prior to September 24, 1987, shall only be subject to the setback requirements of subsections (a) and (d) of this Section with respect to any community water supply well, non-community water system well, or semi-private water system well in existence prior to January 1, 1988. (415 ILCS 5/14.3) (from Ch. 111 1/2, par. 1014.3)

Sec. 14.3. Community water supply; maximum setback zone. A maximum setback zone may be established for a community water supply well as follows:

(a) Owners of community water supplies which utilize any water well, or any county or municipality served by any community water supply well, may determine the lateral area of influence of the well under normal operational conditions. The Agency shall adopt procedures by which such determinations may be made including, where appropriate, pumping tests and estimation techniques.

(b) Where the results of any determination made pursuant to subsection (a) of this Section disclose that the distance from the well to the outermost boundary of the lateral area of influence of the well under normal operational conditions exceeds the radius of the minimum setback zone established for that well pursuant to Section 14.2, any county or municipality served by such water supply may in writing request the Agency to review and confirm the technical adequacy of such determination. The Agency shall, within 90 days of the request, notify the county or municipality whether the determination is technically adequate for describing the outer boundary of drawdown of the affected groundwater by the well under normal operational conditions. Any action by the Agency hereunder shall be in writing and shall constitute a final determination of the Agency.

(c) Upon receipt of Agency confirmation of the technical adequacy of such determination, the county or municipality may, after notice and opportunity for comment, adopt an ordinance setting forth the location of each affected well and specifying the boundaries of a maximum setback zone, which boundaries may be irregular. In no event, however, shall any portion of such a boundary be in excess of 1,000 feet from the wellhead, except as provided by subsection (f) of this Section. Such ordinance shall include the area within the applicable minimum setback zone and shall incorporate requirements which are consistent with but not more stringent than the prohibitions of this Act and the regulations.
promulgated by the Board under Section 14.4, except as provided by subsection (f) of this Section. Upon adoption, the county or municipality shall provide a copy of the ordinance to the Agency. Any county or municipality which fails to adopt such an ordinance within 2 years of receipt of Agency confirmation of technical adequacy may not proceed under the authority of this Section without obtaining a new confirmation of the technical adequacy pursuant to subsection (b) of this Section.

(d) After July 1, 1989, and upon written notice to the county or municipality, the Agency may propose to the Board a regulation establishing a maximum setback zone for any well subject to this Section. Such proposal shall be based upon all reasonably available hydrogeologic information, include the justification for expanding the zone of wellhead protection, and specify the boundaries of such zone, no portion of which boundaries shall be in excess of 1,000 feet from the wellhead. Such justification may include the need to protect a sole source of public water supply or a highly vulnerable source of groundwater, or an Agency finding that the presence of potential primary or potential secondary sources or potential routes represents a significant hazard to the public health or the environment. The Agency may proceed with the filing of such a proposal unless the county or municipality, within 30 days of the receipt of the written notice, files a written request for a conference with the Agency. Upon receipt of such a request, the Agency shall schedule a conference to be held within 90 days thereafter. At the conference, the Agency shall inform the county or municipality regarding the proposal. Within 30 days after the conference, the affected unit of local government may provide written notice to the Agency of its intent to establish a maximum setback zone in lieu of the Agency acting on a proposal. Upon receipt of such a notice of intent, the Agency may not file a proposal with the Board for a period of 6 months. Rulemaking proceedings initiated by the Agency under this subsection shall be conducted by the Board pursuant to Title VII of this Act, except that subsection (b) of Section 27 shall not apply.

Nothing in this Section shall be construed as limiting the general authority of the Board to promulgate regulations pursuant to Title VII of this Act. Nothing in this subsection shall limit the right of any person to participate in rulemaking proceedings conducted by the Board under this subsection.

(e) Except as provided in subsection (c) of Section 14.2, no new potential primary source shall be placed within the maximum setback zone established for any community water supply well pursuant to subsection (c) or (d) of this Section. Nothing in this subsection shall be construed as limiting the power of any county or municipality to adopt ordinances which are consistent with but not more stringent than the prohibition as stated herein.

(f) If an active community water supply well is withdrawing groundwater from within the alluvial deposits and is located within 1000 feet of public waters, the boundaries of a maximum setback zone adopted by ordinance pursuant to subsection (c) may be established to a distance of 2,500 feet from the wellhead. No new potential route shall be placed, operated or utilized within the maximum setback zone established for any community water supply well pursuant to this subsection. Restrictions provided in subsection (e) shall not be applied beyond 1,000 feet from the wellhead for maximum setback zones adopted pursuant

to this subsection. An ordinance which creates a maximum setback zone as described by this subsection shall also be consistent with subsections (a), (b) and (c) of this Section, including incorporation of requirements which are consistent with but no more stringent than the prohibitions of this amendatory Act of 1989. For purposes of this subsection, the term "public waters" means public waters as defined in Section 18 of the Rivers, Lakes, and Streams Act, An Act in relation to the regulation of the rivers, lakes and streams of the State of Illinois, approved June 10, 1911, as now or hereafter amended. 

(Source: P.A. 86-125.)

(415 ILCS 5/14.4) (from Ch. 111 1/2, par. 1014.4)

(a) No later than January 1, 1989, the Agency, after consultation with the Interagency Coordinating Committee on Groundwater and the Groundwater Advisory Council, shall propose regulations to the Board prescribing standards and requirements for the following activities:

(1) landfilling, land treating, surface impounding or piling of special waste and other wastes which could cause contamination of groundwater and which are generated on the site, other than hazardous, livestock and landscape waste, and construction and demolition debris;

(2) storage of special waste in an underground storage tank for which federal regulatory requirements for the protection of groundwater are not applicable;

(3) storage and related handling of pesticides and fertilizers at a facility for the purpose of commercial application;

(4) storage and related handling of road oils and de-icing agents at a central location; and

(5) storage and related handling of pesticides and fertilizers at a central location for the purpose of distribution to retail sales outlets.

In preparing such regulation, the Agency shall provide as it deems necessary for more stringent provisions for those activities enumerated in this subsection which are not already in existence. Any activity for which such standards and requirements are proposed may be referred to as a new activity. For the purposes of this Section, the term "commercial application" shall not include the use of pesticides or fertilizers in a manner incidental to the primary business activity.

(b) No later than October 1, 1993, the Board shall promulgate appropriate regulations for existing activities. In promulgating these regulations, the Board shall, in addition to the factors set forth in Title VII of this Act, consider the following:

(1) appropriate programs for water quality monitoring;

(2) reporting, recordkeeping and remedial response measures;

(3) appropriate technology-based measures for pollution control; and

(4) requirements for closure or discontinuance of operations.

Such regulations as are promulgated pursuant to this subsection shall be for the express purpose of protecting groundwaters. The applicability of such regulations shall be limited to any existing activity which is located:

New matter indicated by italics - deletions by strikeout.
(A) within a setback zone regulated by this Act, other than an activity located on the same site as a non-community water system well and for which the owner is the same for both the activity and the well; or
(B) within a regulated recharge area as delineated by Board regulation, provided that:
   (i) the boundary of the lateral area of influence of a community water supply well located within the recharge area includes such activity therein;
   (ii) the distance from the wellhead of the community water supply to the activity does not exceed 2500 feet; and
   (iii) the community water supply well was in existence prior to January 1, 1988.

In addition, the Board shall ensure that the promulgated regulations are consistent with and not pre-emptive of the certification system provided by Section 14.5. Pursuant to this amendatory Act of 1992, the Board shall modify the regulations adopted under this subsection to provide an exception for existing activities subject to Section 14.6. In taking this action, the Board shall proceed in an expeditious manner to prevent affected activities from being in noncompliance on or after January 1, 1993.

(c) Concurrently with the action mandated by subsection (a), the Agency shall evaluate, with respect to the protection of groundwater, the adequacy of existing federal and State regulations regarding the disposal of hazardous waste and the offsite disposal of special and municipal wastes. The Agency shall then propose, as it deems necessary, additional regulations for such new disposal activities as may be necessary to achieve a level of groundwater protection that is consistent with the regulations proposed under subsection (a) of this Section.

(d) Following receipt of proposed regulations submitted by the Agency pursuant to subsection (a) of this Section, the Board shall promulgate appropriate regulations for new activities. In promulgating these regulations, the Board shall, in addition to the factors set forth in Title VII of this Act, consider the following:
   (1) appropriate programs for water quality monitoring, including, where appropriate, notification limitations to trigger preventive response activities;
   (2) design practices and technology-based measures appropriate for minimizing the potential for groundwater contamination;
   (3) reporting, recordkeeping and remedial response measures; and
   (4) requirements for closure or discontinuance of operations.

Such regulations as are promulgated pursuant to this subsection shall be for the express purpose of protecting groundwaters. The applicability of such regulations shall be limited to any new activity which is to be located within a setback zone regulated by this Act, or which is to be located within a regulated recharge area as delineated by Board regulation. In addition, the Board shall ensure that the promulgated regulations are consistent with and not pre-emptive of the certification system provided by Section 14.5. Pursuant to this amendatory Act of 1992, the Board shall modify the regulations adopted under this subsection to provide an exception for new activities subject to Section 14.6. In taking this

New matter indicated by italics - deletions by strikeout.
action, the Board shall proceed in an expeditious manner to prevent affected activities from being in noncompliance on or after January 1, 1993.

(e) Nothing in this Section shall be construed as prohibiting any person for whom regulations are promulgated by the Board pursuant to subsection (b) or (c) of this Section, from proposing and obtaining, concurrently with the regulations proposed by the Agency pursuant to subsection (a) of this Section, a rule specific to individual persons or sites pursuant to Title VII of this Act which codifies alternative groundwater protection methods that provide substantially equivalent protection for community water supplies.

(f) Nothing in this Section shall be construed as limiting the power of any county or municipality to adopt ordinances, which are consistent with but not more stringent than the regulations adopted by the Board pursuant to this Section, for application of standards and requirements within such setback zones as are provided by this Act.

(g) The Agency shall prepare a groundwater protection regulatory agenda for submittal to the Interagency Coordinating Committee on Groundwater and the Groundwater Advisory Council. In preparing this agenda, the Agency shall consider situations where gaps may exist in federal or State regulatory protection for groundwater, or where further refinements could be necessary to achieve adequate protection of groundwater.

(h) Nothing in this Section shall be construed as limiting the general authority of the Board to promulgate regulations pursuant to Title VII of this Act.

(i) The Board's rulemaking with respect to subsection (a)(3) of this Section shall take into account the relevant aspects of the Department of Agriculture's Part 255 regulations which specify containment rules for agrichemical facilities.

Sec. 14.6. Agrichemical facilities.

(a) Notwithstanding the provisions of Section 14.4, groundwater protection for storage and related handling of pesticides and fertilizers at a facility for the purpose of commercial application or at a central location for the purpose of distribution to retail sales outlets may be provided by adherence to the provisions of this Section. For any such activity to be subject to this Section, the following action must be taken by an owner or operator:

(1) with respect to agrichemical facilities, as defined by the Illinois Pesticide Act, the Illinois Fertilizer Act and regulations adopted thereunder, file a written notice of intent to be subject to the provisions of this Section with the Department of Agriculture by January 1, 1993, or within 6 months after the date on which a maximum setback zone is established or a regulated recharge area regulation is adopted that affects such a facility;

(2) with respect to lawn care facilities that are subject to the containment area provisions of the Lawn Care Products Application and Notice Act and its regulations, file a written notice of intent to be subject to the provisions of this Section with the Department of Agriculture by January 1, 1993, or within 6 months after the date on which a maximum setback zone is established or a regulated recharge area regulation is adopted that affects such a facility;

New matter indicated by italics - deletions by strikeout.
(3) with respect to a central distribution location that is not an agrichemical facility, certify intent to be subject to the provisions of this Section on the appropriate license or renewal application form submitted to the Department of Agriculture; or
(4) with respect to any other affected facility, certify intent to be subject to the provisions of this Section on the appropriate renewal application forms submitted to the Department of Agriculture or other appropriate agency.

An owner or operator of a facility that takes the action described in this subsection shall be subject to the provisions of this Section and shall not be regulated under the provisions of Section 14.4, except as provided in subsection (d) of this Section and unless a regulatory program is not in effect by January 1, 1994, pursuant to subsection (b) or (c) of this Section. The Department of Agriculture or other appropriate agency shall provide copies of the written notices and certifications to the Agency. For the purposes of this subsection, the term "commercial application" shall not include the use of pesticides or fertilizers in a manner incidental to the primary business activity.

(b) The Agency and Department of Agriculture shall cooperatively develop a program for groundwater protection for designated facilities or sites consistent with the activities specified in subsection (a) of this Section. In developing such a program, the Agency and the Department of Agriculture shall consult with affected interests and take into account relevant information. Based on such agreed program, the Department of Agriculture shall adopt appropriate regulatory requirements by January 1, 1994, for the designated facilities or sites and administer a program. At a minimum, the following considerations must be adequately addressed as part of such program:

(1) a facility review process, using available information when appropriate, to determine those sites where groundwater monitoring will be implemented;
(2) requirements for groundwater quality monitoring for sites identified under item (1);
(3) reporting, response, and operating practices for the types of designated facilities; and
(4) requirements for closure or discontinuance of operations.

(c) The Agency may enter into a written agreement with any State agency to operate a cooperative program for groundwater protection for designated facilities or sites consistent with the activities specified in subparagraph (4) of subsection (a) of this Section. Such State agency shall adopt appropriate regulatory requirements for the designated facilities or sites and necessary procedures and practices to administer the program.

(d) The Agency shall ensure that any facility that is subject to this Section is in compliance with applicable provisions as specified in subsection (b) or (c) of this Section. To fulfill this responsibility, the Agency may rely on information provided by another State agency or other information that is obtained on a direct basis. If a facility is not in compliance with the applicable provisions, or a deficiency in the execution of a program affects such a facility, the Agency may so notify the facility of this condition and shall provide 30 days for a written response to be filed. The response may describe any actions taken by the owner which relate to the condition of noncompliance. If the response is

deficient or untimely, the Agency shall serve notice upon the owner that the facility is subject to the applicable provisions of Section 14.4 of this Act and regulations adopted thereunder.

(e) (Blank.) After January 1, 1993, and before January 1, 1994, an owner or operator of a facility that is subject to the provisions of this Section may withdraw the notice given under subsection (a) of this Section by filing a written withdrawal statement with the Department of Agriculture. Within 45 days after such filing and after consultation with the Agency, the Department of Agriculture shall provide written confirmation to the owner or operator that the facility is no longer subject to the provisions of this Section and must comply with the applicable provisions of Section 14.4 within 90 days after receipt of the confirmation. The Department of Agriculture shall provide copies of the written confirmations to the Agency.

(f) After January 1, 1994, and before one year after the date on which a maximum setback zone is established or a regulated recharge area regulation is adopted that affects a facility subject to the provisions of this Section, an owner or operator of such a facility may withdraw the notice given under subsection (a) of this Section by filing a written withdrawal statement with the Department of Agriculture. Within 45 days after such filing and after consultation with the Agency, the Department of Agriculture shall provide written confirmation to the owner or operator that the facility is no longer subject to the provisions of this Section and must comply with the applicable provisions of Section 14.4 within 90 days after receipt of the confirmation. The Department of Agriculture shall provide copies of the written confirmations to the Agency.

(g) On or after August 11, the effective date of this amendatory Act of 1994, an owner or operator of an agrichemical facility that is subject to the provisions of Section 14.4 and regulations adopted thereunder solely because of the presence of an on-site potable water supply well that is not a non-community water supply may file a written notice with the Department of Agriculture by January 1, 1995 declaring the facility to be subject to the provisions of this Section. When that action is taken, the regulatory requirements of subsection (b) of this Section shall be applicable beginning January 1, 1995. During the period from January 1, 1993 through December 31, 1994, any facility described in this subsection shall not be subject to regulation under Section 14.4 of this Act. Beginning on January 1, 1995, such facilities shall be subject to either Section 14.4 or this Section depending on the action taken under this subsection. An owner or operator of an agrichemical facility that is subject to this Section because a written notice was filed under this subsection shall do all of the following:

(1) File a facility review report with the Department of Agriculture on or before February 28, 1995 consistent with the regulatory requirements of subsection (b) of this Section.

(2) Implement an approved monitoring program within 120 days of receipt of the Department of Agriculture's determination or a notice to proceed from the Department of Agriculture. The monitoring program shall be consistent with the requirements of subsection (b) of this Section.

(3) Implement applicable operational and management practice requirements
and submit a permit application or modification to meet applicable structural provisions consistent with those in subsection (b) of this Section on or before July 1, 1995 and complete construction of applicable structural requirements on or before January 1, 1996.

Notwithstanding the provisions of this subsection, an owner or operator of an agrichemical facility that is subject to the provisions of Section 14.4 and regulations adopted thereunder solely because of the presence of an on-site private potable water supply well may file a written notice with the Department of Agriculture before January 1, 1995 requesting a release from the provisions of Section 14.4 and this Section. Upon receipt of a request for release, the Department of Agriculture shall conduct a site visit to confirm the private potable use of the on-site well. If private potable use is confirmed, the Department shall provide written notice to the owner or operator that a release cannot be given. No action in this subsection shall be precluded by the on-site non-potable use of water from an on-site private potable water supply well.

Sec. 17. Rules; chlorination requirements.

(a) The Board may adopt regulations governing the location, design, construction, and continuous operation and maintenance of public water supply installations, changes or additions which may affect the continuous sanitary quality, mineral quality, or adequacy of the public water supply, pursuant to Title VII of this Act.

(b) The Agency shall exempt from any mandatory chlorination requirement of the Board any community water supply which meets all of the following conditions:

1. The population of the community served is not more than 5,000;
2. Has as its only source of raw water one or more properly constructed wells into confined geologic formations not subject to contamination;
3. Has no history of persistent or recurring contamination, as indicated by sampling results which show violations of finished water quality requirements, for the most recent five-year period;
4. Does not provide any raw water treatment other than fluoridation;
5. Has an active program approved by the Agency to educate water supply consumers on preventing the entry of contaminants into the water system;
6. Has a certified operator of the proper class, or if it is an exempt community public water supply, has a registered person responsible in charge of operation of the public water supply;
7. Submits samples for microbiological analysis at twice the frequency specified in the Board regulations; and
8. A unit of local government seeking to exempt its public water supply from the chlorination requirement under this subsection (b) on or after September 9, the effective date of this amendatory Act of 1983 shall be required to receive the approval of the voters of such unit.

local government. The proposition to exempt the community water supply from the mandatory chlorination requirement shall be placed on the ballot if the governing body of the local government adopts an ordinance or resolution directing the clerk of the local government to place such question on the ballot. The clerk shall cause the election officials to place the proposition on the ballot at the next election at which such proposition may be voted upon if a certified copy of the adopted ordinance or resolution is filed in his office at least 90 days before such election. The proposition shall also be placed on the ballot if a petition containing the signatures of at least 10% of the eligible voters residing in the local government is filed with the clerk at least 90 days before the next election at which the proposition may be voted upon. The proposition shall be in substantially the following form:

--------------------------------------------------------------------------------------------
Shall the community water supply of ..... (specify the unit of local government) be exempt from the mandatory chlorination requirement of the State of Illinois?
--------------------------------------------------------------------------------------------

If the majority of the voters of the local government voting therein vote in favor of the proposition, the community water supply of that local government shall be exempt from the mandatory chlorination requirement, provided that the other requirements under this subsection (b) are met. If the majority of the vote is against such proposition, the community water supply may not be exempt from the mandatory chlorination requirement.

Agency decisions regarding exemptions under this subsection may be appealed to the Board pursuant to the provisions of Section 40(a) of this Act.

(c) Any supply showing contamination in its distribution system (including finished water storage) may be required to chlorinate until the Agency has determined that the source of contamination has been removed and all traces of contamination in the distribution system have been eliminated. Standby chlorination equipment may be required by the Agency if a supply otherwise exempt from chlorination shows frequent or gross episodes of contamination.

(415 ILCS 5/19.10)
Sec. 19.10. Re-enactment of Title IV-A; findings; purpose; validation.
(a) The General Assembly finds and declares that:

(1) Title IV-A (consisting of Sections 19.1 through 19.9) was first added to the Environmental Protection Act by Article III of Public Act 85-1135, effective September 1, 1988. In its original form, Title IV-A created the Water Pollution Control Revolving Fund and authorized the Illinois Environmental Protection Agency to establish a program for providing units of local government with low-cost loans to be used to construct wastewater treatment works. The loans are paid from the Revolving Fund, which consists primarily of a combination of federal grant...

money, State matching money, and money that has been repaid on past loans.

(2) In 1995, Title IV-A was amended by Public Act 89-27, effective January 1, 1997, which created the Loan Support Program and made other changes. The Loan Support Program provides financing for certain administrative costs of the Agency. It specifically includes the costs of developing a loan program for public water supply projects.

(3) Title IV-A was amended by Public Act 90-121, effective July 17, 1997, which changed the name of the Water Pollution Control Revolving Fund to the Water Revolving Fund and created the Public Water Supply Loan Program. Under this program, the Agency is authorized to make low-interest loans to units of local government for the construction of public water supply facilities.

(4) Title IV-A has also been amended by Public Act 86-671, effective September 1, 1989; P.A. 86-820, effective September 7, 1989; and P.A. 90-372, effective July 1, 1998.

(5) Article III, Section 6, of Public Act 85-1135 amended the Build Illinois Bond Act. Among other changes to that Act, P.A. 85-1135 authorized the deposit of up to $70,000,000 into the Water Pollution Control Revolving Fund to be used for the Title IV-A loan program.

(6) Article III of Public Act 85-1135 also added Section 5.237 to the State Finance Act. This Section added the Water Pollution Control Revolving Fund to the list of special funds in the State Treasury. The Section was renumbered as Section 5.238 by a revisory bill, Public Act 85-1440, effective February 1, 1989. Although the name of the Fund was changed by Public Act 90-121, that Act did not make the corresponding change in Section 5.238.

(7) Over the 10 years that it has administered Title IV-A programs, the Agency has entered into loan agreements with hundreds of units of local government and provided hundreds of millions of dollars of financial assistance for water pollution control projects. There are currently many active Title IV-A loans in the disbursement phase and many more that are in the process of being repaid. The Agency continues to receive many new applications each year.

(8) Public Act 85-1135, which created Title IV-A, also contained provisions relating to tax reform and State bonds.

(9) On August 26, 1998, the Cook County Circuit Court entered an order in the case of Oak Park Arms Associates v. Whitley (No. 92 L 51045), in which it found that Public Act 85-1135 violates the single subject clause of the Illinois Constitution (Article IV, Section 8(d)). As of the time this amendatory Act of 1999 was prepared, the order declaring P.A. 85-1135 invalid has been vacated but the case is subject to appeal.

(10) The projects funded under Title IV-A affect the vital areas of wastewater and sewage disposal and drinking water supply and are important for the continued health, safety, and welfare of the people of this State.

(b) It is the purpose of this amendatory Act of 1999 (Public Act 91-52) to prevent or
minimize any disruption to the programs administered under Title IV-A that may result from challenges to the constitutional validity of Public Act 85-1135.

(c) This amendatory Act of 1999 (P.A. 91-52) re-enacts Title IV-A of the Environmental Protection Act as it has been amended. This re-enactment is intended to ensure the continuation of the programs administered under that Title and, if necessary, to recreate them. The material in Sections 19.1 through 19.9 is shown as existing text (i.e., without underscoring) because, as of the time this amendatory Act of 1999 was prepared, the order declaring P.A. 85-1135 invalid has been vacated. Section 19.7 has been omitted because it was repealed by Public Act 90-372, effective July 1, 1998.

Section 4.1 is added to the Build Illinois Bond Act to re-authorize the deposit of funds into the Water Pollution Control Revolving Fund.

Section 5.238 of the State Finance Act is both re-enacted and amended to reflect the current name of the Water Revolving Fund.

(d) The re-enactment of Title IV-A of the Environmental Protection Act by this amendatory Act of 1999 (P.A. 91-52) is intended to remove any question as to the validity or content of Title IV-A; it is not intended to supersede any other Public Act that amends the text of a Section as set forth in this amendatory Act. This re-enactment is not intended, and shall not be construed, to imply that Public Act 85-1135 is invalid or to limit or impair any legal argument concerning (1) whether the Agency has express or implied authority to administer loan programs in the absence of Title IV-A, or (2) whether the provisions of Title IV-A were substantially re-enacted by P.A. 89-27 or 90-121.

(e) All otherwise lawful actions taken before June 30, 1999 (the effective date of P.A. 91-52) this amendatory Act of 1999 by any employee, officer, agency, or unit of State or local government or by any other person or entity, acting in reliance on or pursuant to Title IV-A of the Environmental Protection Act, as set forth in Public Act 85-1135 or as subsequently amended, are hereby validated.

(f) All otherwise lawful obligations arising out of loan agreements entered into before June 30, 1999 (the effective date of P.A. 91-52) this amendatory Act of 1999 by the State or by any employee, officer, agency, or unit of State or local government, acting in reliance on or pursuant to Title IV-A of the Environmental Protection Act, as set forth in Public Act 85-1135 or as subsequently amended, are hereby validated and affirmed.

(g) All otherwise lawful deposits into the Water Pollution Control Revolving Fund made before June 30, 1999 (the effective date of P.A. 91-52) this amendatory Act of 1999 in accordance with Section 4 of the Build Illinois Bond Act, as set forth in Public Act 85-1135 or as subsequently amended, and the use of those deposits for the purposes of Title IV-A of the Environmental Protection Act, are hereby validated.

(h) This amendatory Act of 1999 (P.A. 91-52) applies, without limitation, to actions pending on or after the effective date of this amendatory Act.

(415 ILCS 5/21) (from Ch. 111 1/2, par. 1021)

Sec. 21. Prohibited acts. No person shall:

(a) Cause or allow the open dumping of any waste.
(b) Abandon, dump, or deposit any waste upon the public highways or other public property, except in a sanitary landfill approved by the Agency pursuant to regulations adopted by the Board.

(c) Abandon any vehicle in violation of the "Abandoned Vehicles Amendment to the Illinois Vehicle Code", as enacted by the 76th General Assembly.

(d) Conduct any waste-storage, waste-treatment, or waste-disposal operation:

(1) without a permit granted by the Agency or in violation of any conditions imposed by such permit, including periodic reports and full access to adequate records and the inspection of facilities, as may be necessary to assure compliance with this Act and with regulations and standards adopted thereunder; provided, however, that, except for municipal solid waste landfill units that receive waste on or after October 9, 1993, no permit shall be required for (i) any person conducting a waste-storage, waste-treatment, or waste-disposal operation for wastes generated by such person's own activities which are stored, treated, or disposed within the site where such wastes are generated, or (ii) a facility located in a county with a population over 700,000, operated and located in accordance with Section 22.38 of this Act, and used exclusively for the transfer, storage, or treatment of general construction or demolition debris;

(2) in violation of any regulations or standards adopted by the Board under this Act; or

(3) which receives waste after August 31, 1988, does not have a permit issued by the Agency, and is (i) a landfill used exclusively for the disposal of waste generated at the site, (ii) a surface impoundment receiving special waste not listed in an NPDES permit, (iii) a waste pile in which the total volume of waste is greater than 100 cubic yards or the waste is stored for over one year, or (iv) a land treatment facility receiving special waste generated at the site; without giving notice of the operation to the Agency by January 1, 1989, or 30 days after the date on which the operation commences, whichever is later, and every 3 years thereafter. The form for such notification shall be specified by the Agency, and shall be limited to information regarding: the name and address of the location of the operation; the type of operation; the types and amounts of waste stored, treated or disposed of on an annual basis; the remaining capacity of the operation; and the remaining expected life of the operation.

Item (3) of this subsection (d) shall not apply to any person engaged in agricultural activity who is disposing of a substance that constitutes solid waste, if the substance was acquired for use by that person on his own property, and the substance is disposed of on his own property in accordance with regulations or standards adopted by the Board.

This subsection (d) shall not apply to hazardous waste.

(e) Dispose, treat, store or abandon any waste, or transport any waste into this State for disposal, treatment, storage or abandonment, except at a site or facility which meets the requirements of this Act and of regulations and standards thereunder.

(f) Conduct any hazardous waste-storage, hazardous waste-treatment or hazardous
waste-disposal operation:

(1) without a RCRA permit for the site issued by the Agency under subsection (d) of Section 39 of this Act, or in violation of any condition imposed by such permit, including periodic reports and full access to adequate records and the inspection of facilities, as may be necessary to assure compliance with this Act and with regulations and standards adopted thereunder; or

(2) in violation of any regulations or standards adopted by the Board under this Act; or

(3) in violation of any RCRA permit filing requirement established under standards adopted by the Board under this Act; or

(4) in violation of any order adopted by the Board under this Act.

Notwithstanding the above, no RCRA permit shall be required under this subsection or subsection (d) of Section 39 of this Act for any person engaged in agricultural activity who is disposing of a substance which has been identified as a hazardous waste, and which has been designated by Board regulations as being subject to this exception, if the substance was acquired for use by that person on his own property and the substance is disposed of on his own property in accordance with regulations or standards adopted by the Board.

(g) Conduct any hazardous waste-transportation operation:

(1) without registering with and obtaining a permit from the Agency in accordance with the Uniform Program implemented under subsection (l-5) of Section 22.2; or

(2) in violation of any regulations or standards adopted by the Board under this Act.

(h) Conduct any hazardous waste-recycling or hazardous waste-reclamation or hazardous waste-reuse operation in violation of any regulations, standards or permit requirements adopted by the Board under this Act.

(i) Conduct any process or engage in any act which produces hazardous waste in violation of any regulations or standards adopted by the Board under subsections (a) and (c) of Section 22.4 of this Act.

(j) Conduct any special waste transportation operation in violation of any regulations, standards or permit requirements adopted by the Board under this Act. However, sludge from a water or sewage treatment plant owned and operated by a unit of local government which (1) is subject to a sludge management plan approved by the Agency or a permit granted by the Agency, and (2) has been tested and determined not to be a hazardous waste as required by applicable State and federal laws and regulations, may be transported in this State without a special waste hauling permit, and the preparation and carrying of a manifest shall not be required for such sludge under the rules of the Pollution Control Board. The unit of local government which operates the treatment plant producing such sludge shall file a semiannual report with the Agency identifying the volume of such sludge transported during the reporting period, the hauler of the sludge, and the disposal sites to which it was transported. This subsection (j) shall not apply to hazardous waste.

(k) Fail or refuse to pay any fee imposed under this Act.

(l) Locate a hazardous waste disposal site above an active or inactive shaft or tunneled mine or within 2 miles of an active fault in the earth's crust. In counties of population less than 225,000 no hazardous waste disposal site shall be located (1) within 1 1/2 miles of the corporate limits as defined on June 30, 1978, of any municipality without the approval of the governing body of the municipality in an official action; or (2) within 1000 feet of an existing private well or the existing source of a public water supply measured from the boundary of the actual active permitted site and excluding existing private wells on the property of the permit applicant. The provisions of this subsection do not apply to publicly-owned sewage works or the disposal or utilization of sludge from publicly-owned sewage works.

(m) Transfer interest in any land which has been used as a hazardous waste disposal site without written notification to the Agency of the transfer and to the transferee of the conditions imposed by the Agency upon its use under subsection (g) of Section 39.

(n) Use any land which has been used as a hazardous waste disposal site except in compliance with conditions imposed by the Agency under subsection (g) of Section 39.

(o) Conduct a sanitary landfill operation which is required to have a permit under subsection (d) of this Section, in a manner which results in any of the following conditions:

(1) refuse in standing or flowing waters;
(2) leachate flows entering waters of the State;
(3) leachate flows exiting the landfill confines (as determined by the boundaries established for the landfill by a permit issued by the Agency);
(4) open burning of refuse in violation of Section 9 of this Act;
(5) uncovered refuse remaining from any previous operating day or at the conclusion of any operating day, unless authorized by permit;
(6) failure to provide final cover within time limits established by Board regulations;
(7) acceptance of wastes without necessary permits;
(8) scavenging as defined by Board regulations;
(9) deposition of refuse in any unpermitted portion of the landfill;
(10) acceptance of a special waste without a required manifest;
(11) failure to submit reports required by permits or Board regulations;
(12) failure to collect and contain litter from the site by the end of each operating day;
(13) failure to submit any cost estimate for the site or any performance bond or other security for the site as required by this Act or Board rules.

The prohibitions specified in this subsection (o) shall be enforceable by the Agency either by administrative citation under Section 31.1 of this Act or as otherwise provided by this Act. The specific prohibitions in this subsection do not limit the power of the Board to establish regulations or standards applicable to sanitary landfills.

(p) In violation of subdivision (a) of this Section, cause or allow the open dumping of any waste in a manner which results in any of the following occurrences at the dump site:

(1) litter;

(2) scavenging;
(3) open burning;
(4) deposition of waste in standing or flowing waters;
(5) proliferation of disease vectors;
(6) standing or flowing liquid discharge from the dump site;
(7) deposition of:
   (i) general construction or demolition debris as defined in Section 3.160(a) of this Act; or
   (ii) clean construction or demolition debris as defined in Section 3.160(b) of this Act.

The prohibitions specified in this subsection (p) shall be enforceable by the Agency either by administrative citation under Section 31.1 of this Act or as otherwise provided by this Act. The specific prohibitions in this subsection do not limit the power of the Board to establish regulations or standards applicable to open dumping.

(q) Conduct a landscape waste composting operation without an Agency permit, provided, however, that no permit shall be required for any person:
   (1) conducting a landscape waste composting operation for landscape wastes generated by such person's own activities which are stored, treated or disposed of within the site where such wastes are generated; or
   (2) applying landscape waste or composted landscape waste at agronomic rates; or
   (3) operating a landscape waste composting facility on a farm, if the facility meets all of the following criteria:
      (A) the composting facility is operated by the farmer on property on which the composting material is utilized, and the composting facility constitutes no more than 2% of the property's total acreage, except that the Agency may allow a higher percentage for individual sites where the owner or operator has demonstrated to the Agency that the site's soil characteristics or crop needs require a higher rate;
      (B) the property on which the composting facility is located, and any associated property on which the compost is used, is principally and diligently devoted to the production of agricultural crops and is not owned, leased or otherwise controlled by any waste hauler or generator of nonagricultural compost materials, and the operator of the composting facility is not an employee, partner, shareholder, or in any way connected with or controlled by any such waste hauler or generator;
      (C) all compost generated by the composting facility is applied at agronomic rates and used as mulch, fertilizer or soil conditioner on land actually farmed by the person operating the composting facility, and the finished compost is not stored at the composting site for a period longer than 18 months prior to its application as mulch, fertilizer, or soil conditioner;
      (D) the owner or operator, by January 1, 1990 (or the January 1

each year thereafter, (i) registers the site with the Agency, (ii) reports to
the Agency on the volume of composting material received and used at the site,
(iii) certifies to the Agency that the site complies with the requirements set
forth in subparagraphs (A), (B) and (C) of this paragraph (q)(3), and (iv)
certifies to the Agency that all composting material was placed more than 200
feet from the nearest potable water supply well, was placed outside the
boundary of the 10-year floodplain or on a part of the site that is
floodproofed, was placed at least 1/4 mile from the nearest residence (other
than a residence located on the same property as the facility) and there are not
more than 10 occupied non-farm residences within 1/2 mile of the boundaries
of the site on the date of application, and was placed more than 5 feet above
the water table.

For the purposes of this subsection (q), "agronomic rates" means the application of
not more than 20 tons per acre per year, except that the Agency may allow a higher rate for
individual sites where the owner or operator has demonstrated to the Agency that the site's
soil characteristics or crop needs require a higher rate.

(r) Cause or allow the storage or disposal of coal combustion waste unless:
   (1) such waste is stored or disposed of at a site or facility for which a permit
       has been obtained or is not otherwise required under subsection (d) of this Section;
or
   (2) such waste is stored or disposed of as a part of the design and reclamation
       of a site or facility which is an abandoned mine site in accordance with the
       Abandoned Mined Lands and Water Reclamation Act; or
   (3) such waste is stored or disposed of at a site or facility which is operating
       under NPDES and Subtitle D permits issued by the Agency pursuant to regulations
       adopted by the Board for mine-related water pollution and permits issued pursuant
to the Federal Surface Mining Control and Reclamation Act of 1977 (P.L. 95-87) or
the rules and regulations thereunder or any law or rule or regulation adopted by the
State of Illinois pursuant thereto, and the owner or operator of the facility agrees to
accept the waste; and either
       (i) such waste is stored or disposed of in accordance with requirements applicable to refuse disposal under regulations adopted by the
           Board for mine-related water pollution and pursuant to NPDES and Subtitle
           D permits issued by the Agency under such regulations; or
       (ii) the owner or operator of the facility demonstrates all of the
           following to the Agency, and the facility is operated in accordance with the
demonstration as approved by the Agency: (1) the disposal area will be
           covered in a manner that will support continuous vegetation, (2) the facility
           will be adequately protected from wind and water erosion, (3) the pH will be
           maintained so as to prevent excessive leaching of metal ions, and (4)
           adequate containment or other measures will be provided to protect surface

water and groundwater from contamination at levels prohibited by this Act, the Illinois Groundwater Protection Act, or regulations adopted pursuant thereto.

Notwithstanding any other provision of this Title, the disposal of coal combustion waste pursuant to item (2) or (3) of this subdivision (r) shall be exempt from the other provisions of this Title V, and notwithstanding the provisions of Title X of this Act, the Agency is authorized to grant experimental permits which include provision for the disposal of wastes from the combustion of coal and other materials pursuant to items (2) and (3) of this subdivision (r).

(s) After April 1, 1989, offer for transportation, transport, deliver, receive or accept special waste for which a manifest is required, unless the manifest indicates that the fee required under Section 22.8 of this Act has been paid.

(t) Cause or allow a lateral expansion of a municipal solid waste landfill unit on or after October 9, 1993, without a permit modification, granted by the Agency, that authorizes the lateral expansion.

(u) Conduct any vegetable by-product treatment, storage, disposal or transportation operation in violation of any regulation, standards or permit requirements adopted by the Board under this Act. However, no permit shall be required under this Title V for the land application of vegetable by-products conducted pursuant to Agency permit issued under Title III of this Act to the generator of the vegetable by-products. In addition, vegetable by-products may be transported in this State without a special waste hauling permit, and without the preparation and carrying of a manifest.

(v) (Blank).

(w) Conduct any generation, transportation, or recycling of construction or demolition debris, clean or general, or uncontaminated soil generated during construction, remodeling, repair, and demolition of utilities, structures, and roads that is not commingled with any waste, without the maintenance of documentation identifying the hauler, generator, place of origin of the debris or soil, the weight or volume of the debris or soil, and the location, owner, and operator of the facility where the debris or soil was transferred, disposed, recycled, or treated. This documentation must be maintained by the generator, transporter, or recycler for 3 years. This subsection (w) shall not apply to (1) a permitted pollution control facility that transfers or accepts construction or demolition debris, clean or general, or uncontaminated soil for final disposal, recycling, or treatment, (2) a public utility (as that term is defined in the Public Utilities Act) or a municipal utility, or (3) the Illinois Department of Transportation; but it shall apply to an entity that contracts with a public utility, a municipal utility, or the Illinois Department of Transportation. The terms "generation" and "recycling" as used in this subsection do not apply to clean construction or demolition debris when (i) used as fill material below grade outside of a setback zone if covered by sufficient uncontaminated soil to support vegetation within 30 days of the completion of filling or if covered by a road or structure, (ii) solely broken concrete without protruding metal bars is used for erosion control, or (iii) milled asphalt or crushed concrete is used as aggregate in construction of the shoulder of a roadway. The terms "generation" and

"recycling", as used in this subsection, do not apply to uncontaminated soil that is not commingled with any waste when (i) used as fill material below grade or contoured to grade, or (ii) used at the site of generation.

Sec. 21.3. Environmental reclamation lien.
(a) All costs and damages for which a person is liable to the State of Illinois under Section 22.2 and Section 22.18 shall constitute an environmental reclamation lien in favor of the State of Illinois upon all real property and rights to such property which:

(1) belong to such person; and

(2) are subject to or affected by a removal or remedial action under Section 22.2 or preventive action, corrective action or enforcement action under Section 22.18.

(b) An environmental reclamation lien shall continue until the liability for the costs and damages, or a judgment against the person arising out of such liability, is satisfied.

(c) An environmental reclamation lien shall be effective upon the filing by the Agency of a Notice of Environmental Reclamation Lien with the recorder or the registrar of titles of the county in which the real property lies. The Agency shall not file an environmental reclamation lien, and no such lien shall be valid, unless the Agency has sent notice pursuant to subsection (q) or (v) of Section 4 of this Act to owners of the real property. Nothing in this Section shall be construed to give the Agency's lien a preference over the rights of any bona fide purchaser or mortgagee or other lienholder (not including the United States when holding an unfiled lien) arising prior to the filing of a notice of environmental reclamation lien in the office of the recorder or registrar of titles of the county in which the property subject to the lien is located. For purposes of this Section, the term "bona fide" shall not include any mortgage of real or personal property or any other credit transaction that results in the mortgagee or the holder of the security acting as trustee for unsecured creditors of the liable person mentioned in the notice of lien who executed such chattel or real property mortgage or the document evidencing such credit transaction. Such lien shall be inferior to the lien of general taxes, special assessments and special taxes heretofore or hereafter levied by any political subdivision of this State.

(d) The environmental reclamation lien shall not exceed the amount of expenditures as itemized on the Affidavit of Expenditures attached to and filed with the Notice of Environmental Reclamation Lien. The Affidavit of Expenditures may be amended if additional costs or damages are incurred.

(e) Upon filing of the Notice of Environmental Reclamation Lien a copy with attachments shall be served upon the owners of the real property. Notice of such service shall be served on all lienholders of record as of the date of filing.

(f) Within 120 days after the effective date of this Section or within 60 days after initiating response or remedial action at the site under Section 22.2 or 22.18, the Agency shall file a Notice of Response Action in Progress. The Notice shall be filed with the recorder...
or registrar of titles of the county in which the real property lies.

(g) In addition to any other remedy provided by the laws of this State, the Agency may foreclose in the circuit court an environmental reclamation lien on real property for any costs or damages imposed under Section 22.2 or Section 22.18 to the same extent and in the same manner as in the enforcement of other liens. The process, practice and procedure for such foreclosure shall be the same as provided in Article XV of the Code of Civil Procedure. Nothing in this Section shall affect the right of the State of Illinois to bring an action against any person to recover all costs and damages for which such person is liable under Section 22.2 or Section 22.18.

(h) Any liability to the State under Section 22.2 or Section 22.18 shall constitute a debt to the State. Interest on such debt shall begin to accrue at a rate of 12% per annum from the date of the filing of the Notice of Environmental Reclamation Lien under paragraph (c). Accrued interest shall be included as a cost incurred by the State of Illinois under Section 22.2 or Section 22.18.

(i) "Environmental reclamation lien" means a lien established under this Section.

(415 ILCS 5/21.5) (from Ch. 111 1/2, par. 1021.5)

Sec. 21.5. Toxic packaging reduction.

(a) For the purposes of this Section, the following terms have the meanings ascribed to them in this subsection:

"Distributor" means any person, firm, or corporation that takes title to goods purchased for resale.

"Package" means a container providing a direct means of marketing, protecting, or handling a product, and includes a product unit package, an intermediate package, or a shipping container as defined by ASTM D996. "Package" shall also include such unsealed consumer product receptacles as carrying cases, crates, cups, pails, rigid foil and other trays, wrappers and wrapping films, bags, and tubs.

"Packaging component" means any individual assembled part of a package including, but not limited to, any interior or exterior blocking, bracing, cushioning, weatherproofing, coatings, closure, ink, and labeling; except that coatings shall not include a thin tin layer applied to base steel or sheet steel during manufacturing of the steel or package.

(b) Beginning July 1, 1994, no package or packaging component may be offered for sale or promotional purposes in this State, by its manufacturer or distributor, if the package itself or any packaging component includes any ink, dye, pigment, adhesive, stabilizer, or other additive that contains lead, cadmium, mercury or hexavalent chromium that has been intentionally introduced during manufacturing or distribution.

(c) Beginning July 1, 1994, no product may be offered for sale or for promotional purposes in this State by its manufacturer or distributor in Illinois in a package that includes, in the package itself or in any of its packaging components, any ink, dye, pigment, adhesive, stabilizer, or other additive that contains lead, cadmium, mercury or hexavalent chromium
that has been intentionally introduced during manufacturing or distribution.

(d) No package or packaging component, and no product in a package, may be offered for sale or promotional purposes in this State if the sum of the concentration levels of lead, cadmium, mercury, or hexavalent chromium present in the package or packaging component, but not intentionally introduced by the manufacturer or distributor, exceeds the following limits:

1. 600 parts per million by weight (0.06%) beginning July 1, 1994.
2. 250 parts per million by weight (0.025%) beginning July 1, 1995.
3. 100 parts per million by weight (0.01%) beginning July 1, 1996.

(e) The following packages and packaging components are not subject to this Section:

1. Those packages or packaging components with a code indicating a date of manufacture before July 1, 1994.
2. Those packages or packaging components for which an exemption has been granted by the Agency under subsection (f).
3. Until July 1, 1998, packages and packaging components that would not exceed the maximum contaminant levels set forth in subsection (d) of this Section but for the addition of post consumer materials.
4. Those packages or packaging components used to contain wine or distilled spirits that have been bottled before July 1, 1994.
5. Packaging components, including but not limited to strapping, seals, fasteners, and other industrial packaging components intended to protect, secure, close, unitize or provide pilferage protection for any product destined for commercial use.
6. Those packages used in transporting, protecting, safe handling or functioning of radiographic film.

(f) The Agency may grant an exemption from the requirements of this Section for a package or packaging component to which lead, cadmium, mercury, or hexavalent chromium has been added in the manufacturing, forming, printing, or distribution process in order to comply with health or safety requirements of federal law or because there is not a feasible alternative. These exemptions shall be granted, upon application of the manufacturer of the package or packaging component, for a period of 2 years and are renewable for periods of 2 years. If the Agency denies a request for exemption, or fails to take final action on a request within 180 days, the applicant may seek review from the Board in the same manner as in the case of a permit denial. Any other party to the Agency proceeding may seek review in the manner provided in subsection (c) of Section 40.

For the purposes of this subsection, a use for which there is no feasible alternative is one in which the regulated substance is essential to the protection, safe handling, or function of the package's contents.

The Agency may enter into reciprocal agreements with other states that have adopted similar restrictions on toxic packaging and may accept exemptions to those restrictions granted by such states. Prior to taking such action, the Agency shall provide for public notice in the Environmental Register and for a 30-day comment period.

(g) Beginning July 1, 1994, a certificate of compliance stating that a package or packaging component is in compliance with the requirements of this Section shall be furnished by its manufacturer or supplier to its distributor, or shall be maintained by the manufacturer in Illinois if the manufacturer is also the distributor. If compliance is achieved only under the exemption provided in subdivision (e)(2) or (e)(3), the certificate shall state the specific basis upon which the exemption is claimed. The certificate of compliance shall be signed by an authorized official of the manufacturer or supplier. The certificate can be for the entire class, type, or category of packaging or a particular product regulated under this Act, and a certificate need not be provided or maintained for each individual package, packaging component, or packaging for a product. The manufacturer or distributor in Illinois shall retain the certificate of compliance for as long as the package or packaging component is in use. A copy of the certificate of compliance shall be kept on file by the manufacturer or supplier of the package or packaging component. Certificates of compliance, or copies thereof, shall be furnished to the Agency upon its request and to members of the public in accordance with subsection (i).

If the manufacturer or supplier of the package or packaging component reformulates or creates a new package or packaging component, the manufacturer or supplier shall provide an amended or new certificate of compliance for the reformulated or new package or packaging component.

(h) (Blank.) The Agency shall review the effectiveness of this Section no later than January 1, 1996, and shall provide a report based upon that review to the Governor and the General Assembly. The report shall contain a recommendation whether to continue the recycling exemption provided in subdivision (e)(3) of this Section and a description of the nature of the substitutes used in lieu of lead, mercury, cadmium, and hexavalent chromium.

(i) Any request from a member of the public for any certificate of compliance from the manufacturer or supplier of a package or packaging component shall be:

(1) made in writing and transmitted by registered mail with a copy provided to the Agency;

(2) specific as to the package or packaging component information requested; and

(3) responded to by the manufacturer or supplier within 60 days.

(j) The provisions of this Section shall not apply to any glass or ceramic product used as packaging that is intended to be reusable or refillable, and where the lead and cadmium from the product do not exceed the Toxicity Characteristic Leachability Procedures of leachability of lead and cadmium as set forth by the U.S. Environmental Protection Agency.

from any source for deposit into the Fund.

(b) (1) On and after January 1, 1989, the Agency shall collect from the owner or operator of each of the following sites a fee in the amount of:

(A) 6 cents per gallon or $12.12 per cubic yard of hazardous waste disposed for 1989, 7.5 cents per gallon or $15.15 per cubic yard for 1990 and 9 cents per gallon or $18.18 per cubic yard thereafter, if the hazardous waste disposal site is located off the site where such waste was produced. The maximum amount payable under this subdivision (A) with respect to the hazardous waste generated by a single generator and deposited in monofills is $20,000 for 1989, $25,000 for 1990, and $30,000 per year thereafter. If, as a result of the use of multiple monofills, waste fees in excess of the maximum are assessed with respect to a single waste generator, the generator may apply to the Agency for a credit.

(B) 6 cents per gallon or $12.12 per cubic yard of hazardous waste disposed for 1989, 7.5 cents per gallon or $15.15 per cubic yard for 1990 and 9 cents or $18.18 per cubic yard thereafter, if the hazardous waste disposal site is located on the site where such waste was produced, provided however the maximum amount of fees payable under this paragraph (B) is $20,000 for 1989, $25,000 for 1990 and $30,000 per year thereafter for each such hazardous waste disposal site.

(C) If the hazardous waste disposal site is an underground injection well, $6,000 per year if not more than 10,000,000 gallons per year are injected, $15,000 per year if more than 10,000,000 gallons but not more than 50,000,000 gallons per year are injected, and $27,000 per year if more than 50,000,000 gallons per year are injected.

(D) 2 cents per gallon or $4.04 per cubic yard for 1989, 2.5 cents per gallon or $5.05 per cubic yard for 1990, and 3 cents per gallon or $6.06 per cubic yard thereafter of hazardous waste received for treatment at a hazardous waste treatment site, if the hazardous waste treatment site is located off the site where such waste was produced and if such hazardous waste treatment site is owned, controlled and operated by a person other than the generator of such waste. After treatment at such hazardous waste treatment site, the waste shall not be subject to any other fee imposed by this subsection (b). For purposes of this subsection (b), the term "treatment" is defined as in Section 3.505 but shall not include recycling, reclamation or reuse.

(2) The General Assembly shall annually appropriate to the Fund such amounts as it deems necessary to fulfill the purposes of this Act.

(3) The Agency shall have the authority to accept, receive, and administer on behalf of the State any moneys made available to the State from any source for the purposes of the Hazardous Waste Fund set forth in subsection (d) of this Section.

match towards federal expenditures for response action at sites which are listed on the National Priorities List; provided, however, that this shall not apply to additional monies appropriated to the Fund by the General Assembly, nor shall it apply in the event that the Director finds that revenues in the Hazardous Waste Fund must be used to address conditions which create or may create an immediate danger to the environment or public health or to the welfare of the people of the State of Illinois.

(5) Notwithstanding the other provisions of this subsection (b), sludge from a publicly-owned sewage works generated in Illinois, coal mining wastes and refuse generated in Illinois, bottom boiler ash, flyash and flue gas desulphurization sludge from public utility electric generating facilities located in Illinois, and bottom boiler ash and flyash from all incinerators which process solely municipal waste shall not be subject to the fee.

(6) For the purposes of this subsection (b), "monofill" means a facility, or a unit at a facility, that accepts only wastes bearing the same USEPA hazardous waste identification number, or compatible wastes as determined by the Agency.

(c) The Agency shall establish procedures, not later than January 1, 1984, relating to the collection of the fees authorized by this Section. Such procedures shall include, but not be limited to: (1) necessary records identifying the quantities of hazardous waste received or disposed; (2) the form and submission of reports to accompany the payment of fees to the Agency; and (3) the time and manner of payment of fees to the Agency, which payments shall not be more often than quarterly.

(d) Beginning July 1, 1996, the Agency shall deposit all such receipts in the State Treasury to the credit of the Hazardous Waste Fund, except as provided in subsection (e) of this Section. All monies in the Hazardous Waste Fund shall be used by the Agency for the following purposes:

(1) Taking whatever preventive or corrective action is necessary or appropriate, in circumstances certified by the Director, including but not limited to removal or remedial action whenever there is a release or substantial threat of a release of a hazardous substance or pesticide; provided, the Agency shall expend no more than $1,000,000 on any single incident without appropriation by the General Assembly.

(2) To meet any requirements which must be met by the State in order to obtain federal funds pursuant to the Comprehensive Environmental Response, Compensation and Liability Act of 1980, (P.L. 96-510).

(3) In an amount up to 30% of the amount collected as fees provided for in this Section, for use by the Agency to conduct groundwater protection activities, including providing grants to appropriate units of local government which are addressing protection of underground waters pursuant to the provisions of this Act.

(4) To fund the development and implementation of the model pesticide collection program under Section 19.1 of the Illinois Pesticide Act.

Agency employees for services provided in reviewing the performance of response actions pursuant to Title XVII of this Act.

(6) In an amount up to 15% of the fees collected annually under subsection (b) of this Section, for use by the Agency for administration of the provisions of this Section.

(e) The Agency shall deposit 10% of all receipts collected under subsection (b) of this Section, but not to exceed $200,000 per year, in the State Treasury to the credit of the Hazardous Waste Research Fund established by this Act. Pursuant to appropriation, all monies in such Fund shall be used by the Department of Natural Resources for the purposes set forth in this subsection.

The Department of Natural Resources may enter into contracts with business, industrial, university, governmental or other qualified individuals or organizations to assist in the research and development intended to recycle, reduce the volume of, separate, detoxify or reduce the hazardous properties of hazardous wastes in Illinois. Monies in the Fund may also be used by the Department of Natural Resources for technical studies, monitoring activities, and educational and research activities which are related to the protection of underground waters. Monies in the Hazardous Waste Research Fund may be used to administer the Illinois Health and Hazardous Substances Registry Act. Monies in the Hazardous Waste Research Fund shall not be used for any sanitary landfill or the acquisition or construction of any facility. This does not preclude the purchase of equipment for the purpose of public demonstration projects. The Department of Natural Resources shall adopt guidelines for cost sharing, selecting, and administering projects under this subsection.

(f) Notwithstanding any other provision or rule of law, and subject only to the defenses set forth in subsection (j) of this Section, the following persons shall be liable for all costs of removal or remedial action incurred by the State of Illinois or any unit of local government as a result of a release or substantial threat of a release of a hazardous substance or pesticide:

(1) the owner and operator of a facility or vessel from which there is a release or substantial threat of release of a hazardous substance or pesticide;

(2) any person who at the time of disposal, transport, storage or treatment of a hazardous substance or pesticide owned or operated the facility or vessel used for such disposal, transport, treatment or storage from which there was a release or substantial threat of a release of any such hazardous substance or pesticide;

(3) any person who by contract, agreement, or otherwise has arranged with another party or entity for transport, storage, disposal or treatment of hazardous substances or pesticides owned, controlled or possessed by such person at a facility owned or operated by another party or entity from which facility there is a release or substantial threat of a release of such hazardous substances or pesticides; and

(4) any person who accepts or accepted any hazardous substances or pesticides for transport to disposal, storage or treatment facilities or sites from which there is a release or a substantial threat of a release of a hazardous substance or pesticide.

Any monies received by the State of Illinois pursuant to this subsection (f) shall be deposited in the State Treasury to the credit of the Hazardous Waste Fund.

In accordance with the other provisions of this Section, costs of removal or remedial action incurred by a unit of local government may be recovered in an action before the Board brought by the unit of local government under subsection (i) of this Section. Any monies so recovered shall be paid to the unit of local government.

(g)(1) No indemnification, hold harmless, or similar agreement or conveyance shall be effective to transfer from the owner or operator of any vessel or facility or from any person who may be liable for a release or substantial threat of a release under this Section, to any other person the liability imposed under this Section. Nothing in this Section shall bar any agreement to insure, hold harmless or indemnify a party to such agreements for any liability under this Section.

(2) Nothing in this Section, including the provisions of paragraph (g)(1) of this Section, shall bar a cause of action that an owner or operator or any other person subject to liability under this Section, or a guarantor, has or would have, by reason of subrogation or otherwise against any person.

(h) For purposes of this Section:

(1) The term "facility" means:

(A) any building, structure, installation, equipment, pipe or pipeline including but not limited to any pipe into a sewer or publicly owned treatment works, well, pit, pond, lagoon, impoundment, ditch, landfill, storage container, motor vehicle, rolling stock, or aircraft; or

(B) any site or area where a hazardous substance has been deposited, stored, disposed of, placed, or otherwise come to be located.

(2) The term "owner or operator" means:

(A) any person owning or operating a vessel or facility;

(B) in the case of an abandoned facility, any person owning or operating the abandoned facility or any person who owned, operated, or otherwise controlled activities at the abandoned facility immediately prior to such abandonment;

(C) in the case of a land trust as defined in Section 2 of the Land Trustee as Creditor Act, the person owning the beneficial interest in the land trust;

(D) in the case of a fiduciary (other than a land trustee), the estate, trust estate, or other interest in property held in a fiduciary capacity, and not the fiduciary. For the purposes of this Section, "fiduciary" means a trustee, executor, administrator, guardian, receiver, conservator or other person holding a facility or vessel in a fiduciary capacity;

(E) in the case of a "financial institution", meaning the Illinois Housing Development Authority and that term as defined in Section 2 of the Illinois Banking Act, that has acquired ownership, operation, management, or control of a vessel or facility through foreclosure or under the terms of a

security interest held by the financial institution or under the terms of an
extension of credit made by the financial institution only if the financial institution takes possession of the vessel or facility and the financial institution exercises actual, direct, and continual or recurrent managerial control in the operation of the vessel or facility that causes a release or substantial threat of a release of a hazardous substance or pesticide resulting in removal or remedial action;

(F) In the case of an owner of residential property, the owner if the
owner is a person other than an individual, or if the owner is an individual who owns more than 10 dwelling units in Illinois, or if the owner, or an agent, representative, contractor, or employee of the owner, has caused, contributed to, or allowed the release or threatened release of a hazardous substance or pesticide. The term "residential property" means single family residences of one to 4 dwelling units, including accessory land, buildings, or improvements incidental to those dwellings that are exclusively used for the residential use. For purposes of this subparagraph (F), the term "individual" means a natural person, and shall not include corporations, partnerships, trusts, or other non-natural persons.

(G) In the case of any facility, title or control of which was conveyed
due to bankruptcy, foreclosure, tax delinquency, abandonment, or similar means to a unit of State or local government, any person who owned, operated, or otherwise controlled activities at the facility immediately beforehand.

(H) The term "owner or operator" does not include a unit of State or
local government which acquired ownership or control through bankruptcy, tax delinquency, abandonment, or other circumstances in which the government acquires title by virtue of its function as sovereign. The exclusion provided under this paragraph shall not apply to any State or local government which has caused or contributed to the release or threatened release of a hazardous substance from the facility, and such a State or local government shall be subject to the provisions of this Act in the same manner and to the same extent, both procedurally and substantively, as any nongovernmental entity, including liability under Section 22.2(f).

(i) The costs and damages provided for in this Section may be imposed by the Board in an action brought before the Board in accordance with Title VIII of this Act, except that Section 33(c) of this Act shall not apply to any such action.

(j) (1) There shall be no liability under this Section for a person otherwise liable who can establish by a preponderance of the evidence that the release or substantial threat of release of a hazardous substance and the damages resulting therefrom were caused solely by:

defendant, or other than one whose act or omission occurs in connection with a contractual relationship, existing directly or indirectly, with the defendant (except where the sole contractual arrangement arises from a published tariff and acceptance for carriage by a common carrier by rail), if the defendant establishes by a preponderance of the evidence that (i) he exercised due care with respect to the hazardous substance concerned, taking into consideration the characteristics of such hazardous substance, in light of all relevant facts and circumstances, and (ii) he took precautions against foreseeable acts or omissions of any such third party and the consequences that could foreseeably result from such acts or omissions; or

(D) any combination of the foregoing paragraphs.

(2) There shall be no liability under this Section for any release permitted by State or federal law.

(3) There shall be no liability under this Section for damages as a result of actions taken or omitted in the course of rendering care, assistance, or advice in accordance with this Section or the National Contingency Plan pursuant to the Comprehensive Environmental Response, Compensation and Liability Act of 1980 (P.L. 96-510) or at the direction of an on-scene coordinator appointed under such plan, with respect to an incident creating a danger to public health or welfare or the environment as a result of any release of a hazardous substance or a substantial threat thereof. This subsection shall not preclude liability for damages as the result of gross negligence or intentional misconduct on the part of such person. For the purposes of the preceding sentence, reckless, willful, or wanton misconduct shall constitute gross negligence.

(4) There shall be no liability under this Section for any person (including, but not limited to, an owner of residential property who applies a pesticide to the residential property or who has another person apply a pesticide to the residential property) for response costs or damages as the result of the storage, handling and use, or recommendation for storage, handling and use, of a pesticide consistent with:

(A) its directions for storage, handling and use as stated in its label or labeling;

(B) its warnings and cautions as stated in its label or labeling; and

(C) the uses for which it is registered under the Federal Insecticide, Fungicide and Rodenticide Act and the Illinois Pesticide Act.

(4.5) There shall be no liability under subdivision (f)(1) of this Section for response costs or damages as the result of a release of a pesticide from an agrichemical facility site if the Agency has received notice from the Department of Agriculture pursuant to Section 19.3 of the Illinois Pesticide Act, the owner or operator of the agrichemical facility is proceeding with a corrective action plan under the Agrichemical Facility Response Action Program implemented under that Section, and the Agency has provided a written endorsement of a corrective action plan.

(4.6) There shall be no liability under subdivision (f)(1) of this Section for response costs or damages as the result of a substantial threat of a release of a pesticide from an agrichemical facility site if the Agency has received notice from the Department of...
Agriculture pursuant to Section 19.3 of the Illinois Pesticide Act and the owner or operator of the agrichemical facility is proceeding with a corrective action plan under the Agrichemical Facility Response Action Program implemented under that Section.

(5) Nothing in this subsection (j) shall affect or modify in any way the obligations or liability of any person under any other provision of this Act or State or federal law, including common law, for damages, injury, or loss resulting from a release or substantial threat of a release of any hazardous substance or for removal or remedial action or the costs of removal or remedial action of such hazardous substance.

(6)(A) The term "contractual relationship", for the purpose of this subsection includes, but is not limited to, land contracts, deeds or other instruments transferring title or possession, unless the real property on which the facility concerned is located was acquired by the defendant after the disposal or placement of the hazardous substance on, in, or at the facility, and one or more of the circumstances described in clause (i), (ii), or (iii) of this paragraph is also established by the defendant by a preponderance of the evidence:

(i) At the time the defendant acquired the facility the defendant did not know and had no reason to know that any hazardous substance which is the subject of the release or threatened release was disposed of on, in or at the facility.

(ii) The defendant is a government entity which acquired the facility by escheat, or through any other involuntary transfer or acquisition, or through the exercise of eminent domain authority by purchase or condemnation.

(iii) The defendant acquired the facility by inheritance or bequest.

In addition to establishing the foregoing, the defendant must establish that he has satisfied the requirements of subparagraph (C) of paragraph (l) of this subsection (j).

(B) To establish the defendant had no reason to know, as provided in clause (i) of subparagraph (A) of this paragraph, the defendant must have undertaken, at the time of acquisition, all appropriate inquiry into the previous ownership and uses of the property consistent with good commercial or customary practice in an effort to minimize liability. For purposes of the preceding sentence, the court shall take into account any specialized knowledge or experience on the part of the defendant, the relationship of the purchase price to the value of the property if uncontaminated, commonly known or reasonably ascertainable information about the property, the obviousness of the presence or likely presence of contamination at the property, and the ability to detect such contamination by appropriate inspection.

(C) Nothing in this paragraph (6) or in subparagraph (C) of paragraph (1) of this subsection shall diminish the liability of any previous owner or operator of such facility who would otherwise be liable under this Act. Notwithstanding this paragraph (6), if the defendant obtained actual knowledge of the release or threatened release of a hazardous substance at such facility when the defendant owned the real property and then subsequently transferred ownership of the property to another person without disclosing such knowledge, such defendant shall be treated as liable under subsection (f) of this Section and no defense under subparagraph (C) of paragraph (1) of this subsection shall be available to such defendant.
(D) Nothing in this paragraph (6) shall affect the liability under this Act of a defendant who, by any act or omission, caused or contributed to the release or threatened release of a hazardous substance which is the subject of the action relating to the facility.

(E) (i) Except as provided in clause (ii) of this subparagraph (E), a defendant who has acquired real property shall have established a rebuttable presumption against all State claims and a conclusive presumption against all private party claims that the defendant has made all appropriate inquiry within the meaning of subdivision (6)(B) of this subsection (j) if the defendant proves that immediately prior to or at the time of the acquisition:

(I) the defendant obtained a Phase I Environmental Audit of the real property that meets or exceeds the requirements of this subparagraph (E), and the Phase I Environmental Audit did not disclose the presence or likely presence of a release or a substantial threat of a release of a hazardous substance or pesticide at, on, to, or from the real property; or

(II) the defendant obtained a Phase II Environmental Audit of the real property that meets or exceeds the requirements of this subparagraph (E), and the Phase II Environmental Audit did not disclose the presence or likely presence of a release or a substantial threat of a release of a hazardous substance or pesticide at, on, to, or from the real property.

(ii) No presumption shall be created under clause (i) of this subparagraph (E), and a defendant shall be precluded from demonstrating that the defendant has made all appropriate inquiry within the meaning of subdivision (6)(B) of this subsection (j), if:

(I) the defendant fails to obtain all Environmental Audits required under this subparagraph (E) or any such Environmental Audit fails to meet or exceed the requirements of this subparagraph (E);

(II) a Phase I Environmental Audit discloses the presence or likely presence of a release or a substantial threat of a release of a hazardous substance or pesticide at, on, to, or from real property, and the defendant fails to obtain a Phase II Environmental Audit;

(III) a Phase II Environmental Audit discloses the presence or likely presence of a release or a substantial threat of a release of a hazardous substance or pesticide at, on, to, or from the real property;

(IV) the defendant fails to maintain a written compilation and explanatory summary report of the information reviewed in the course of each Environmental Audit under this subparagraph (E); or

(V) there is any evidence of fraud, material concealment, or material misrepresentation by the defendant of environmental conditions or of related information discovered during the course of an Environmental Audit.

(iii) For purposes of this subparagraph (E), the term "environmental professional" means an individual (other than a practicing attorney) who, through academic training, occupational experience, and reputation (such as engineers, industrial hygienists, or geologists) can objectively conduct one or more aspects of an Environmental Audit and who either:

(I) maintains at the time of the Environmental Audit and for at least one year thereafter at least $500,000 of environmental consultants' professional liability insurance coverage issued by an insurance company licensed to do business in Illinois; or

(II) is an Illinois licensed professional engineer or an Illinois licensed industrial hygienist.

An environmental professional may employ persons who are not environmental professionals to assist in the preparation of an Environmental Audit if such persons are under the direct supervision and control of the environmental professional.

(iv) For purposes of this subparagraph (E), the term "real property" means any interest in any parcel of land, and shall not be limited to the definition of the term "real property" contained in the Responsible Property Transfer Act of 1988. For purposes of this subparagraph (E), the term "real property" includes, but is not limited to, buildings, fixtures, and improvements.

(v) For purposes of this subparagraph (E), the term "Phase I Environmental Audit" means an investigation of real property, conducted by environmental professionals, to discover the presence or likely presence of a release or a substantial threat of a release of a hazardous substance or pesticide at, on, or from real property, and whether a release or a substantial threat of a release of a hazardous substance or pesticide has occurred or may occur at, on, or from the real property. The investigation shall include a review of at least each of the following sources of information concerning the current and previous ownership and use of the real property:

(I) Recorded chain of title documents regarding the real property, including all deeds, easements, leases, restrictions, and covenants for a period of 50 years.

(II) Aerial photographs that may reflect prior uses of the real property and that are reasonably obtainable through State, federal, or local government agencies or bodies.

(III) Recorded environmental cleanup liens, if any, against the real property that have arisen pursuant to this Act or federal statutes.

(IV) Reasonably obtainable State, federal, and local government records of sites or facilities at, on, or near the real property to discover the presence or likely presence of a hazardous substance or pesticide, and whether a release or a substantial threat of a release of a hazardous substance or pesticide has occurred or may occur at, on, or from the real property. Such government records shall include, but not be limited to: reasonably obtainable State, federal, and local government investigation reports for those sites or facilities; reasonably obtainable State, federal, and local government records of activities likely to cause or contribute to a release or a threatened release of a hazardous substance or pesticide at, on, or from the real property, including landfill and other treatment, storage, and disposal location records, underground storage tank records, hazardous waste transporter and generator records, and spill reporting records; and other reasonably obtainable State, federal, and local government environmental records that report incidents or activities that

are likely to cause or contribute to a release or a threatened release of a hazardous substance or pesticide at, on, to, or from the real property. In order to be deemed "reasonably obtainable" as required herein, a copy or reasonable facsimile of the record must be obtainable from the government agency by request and upon payment of a processing fee, if any, established by the government agency. The Agency is authorized to establish a reasonable fee for processing requests received under this subparagraph (E) for records. All fees collected by the Agency under this clause (v)(IV) shall be deposited into the Environmental Protection Permit and Inspection Fund in accordance with Section 22.8.

Notwithstanding any other law, if the fee is paid, commencing on the effective date of this amendatory Act of 1993 and until one year after the effective date of this amendatory Act of 1993, the Agency shall use its best efforts to process a request received under this subparagraph (E) as expeditiously as possible. Notwithstanding any other law, commencing one year after the effective date of this amendatory Act of 1993, if the fee is paid, the Agency shall process a request received under this subparagraph (E) for records within 30 days of the receipt of such request.

(V) A visual site inspection of the real property and all facilities and improvements on the real property and a visual inspection of properties immediately adjacent to the real property, including an investigation of any use, storage, treatment, spills from use, or disposal of hazardous substances, hazardous wastes, solid wastes, or pesticides. If the person conducting the investigation is denied access to any property adjacent to the real property, the person shall conduct a visual inspection of that adjacent property from the property to which the person does have access and from public rights-of-way.

(VI) A review of business records for activities at or on the real property for a period of 50 years.

(vi) For purposes of subparagraph (E), the term "Phase II Environmental Audit" means an investigation of real property, conducted by environmental professionals, subsequent to a Phase I Environmental Audit. If the Phase I Environmental Audit discloses the presence or likely presence of a hazardous substance or a pesticide or a release or a substantial threat of a release of a hazardous substance or pesticide:

(I) In or to soil, the defendant, as part of the Phase II Environmental Audit, shall perform a series of soil borings sufficient to determine whether there is a presence or likely presence of a hazardous substance or pesticide and whether there is or has been a release or a substantial threat of a release of a hazardous substance or pesticide at, on, to, or from the real property.

(II) In or to groundwater, the defendant, as part of the Phase II Environmental Audit, shall: review information regarding local geology, water well locations, and locations of waters of the State as may be obtained from State, federal, and local government records, including but not limited to the United States Geological Service, the State Geological Survey Division of the Department of Natural

Resources, and the State Water Survey Division of the Department of Natural Resources; and perform groundwater monitoring sufficient to determine whether there is a presence or likely presence of a hazardous substance or pesticide, and whether there is or has been a release or a substantial threat of a release of a hazardous substance or pesticide at, on, to, or from the real property.

(III) On or to media other than soil or groundwater, the defendant, as part of the Phase II Environmental Audit, shall perform an investigation sufficient to determine whether there is a presence or likely presence of a hazardous substance or pesticide, and whether there is or has been a release or a substantial threat of a release of a hazardous substance or pesticide at, on, to, or from the real property.

(vii) The findings of each Environmental Audit prepared under this subparagraph (E) shall be set forth in a written audit report. Each audit report shall contain an affirmation by the defendant and by each environmental professional who prepared the Environmental Audit that the facts stated in the report are true and are made under a penalty of perjury as defined in Section 32-2 of the Criminal Code of 1961. It is perjury for any person to sign an audit report that contains a false material statement that the person does not believe to be true.

(viii) The Agency is not required to review, approve, or certify the results of any Environmental Audit. The performance of an Environmental Audit shall in no way entitle a defendant to a presumption of Agency approval or certification of the results of the Environmental Audit.

The presence or absence of a disclosure document prepared under the Responsible Property Transfer Act of 1988 shall not be a defense under this Act and shall not satisfy the requirements of subdivision (6)(A) of this subsection (j).

(7) No person shall be liable under this Section for response costs or damages as the result of a pesticide release if the Agency has found that a pesticide release occurred based on a Health Advisory issued by the U.S. Environmental Protection Agency or an action level developed by the Agency, unless the Agency notified the manufacturer of the pesticide and provided an opportunity of not less than 30 days for the manufacturer to comment on the technical and scientific justification supporting the Health Advisory or action level.

(8) No person shall be liable under this Section for response costs or damages as the result of a pesticide release that occurs in the course of a farm pesticide collection program operated under Section 19.1 of the Illinois Pesticide Act, unless the release results from gross negligence or intentional misconduct.

(k) If any person who is liable for a release or substantial threat of release of a hazardous substance or pesticide fails without sufficient cause to provide removal or remedial action upon or in accordance with a notice and request by the Agency or upon or in accordance with any order of the Board or any court, such person may be liable to the State for punitive damages in an amount at least equal to, and not more than 3 times, the amount of any costs incurred by the State of Illinois as a result of such failure to take such removal or remedial action. The punitive damages imposed by the Board shall be in addition to any costs recovered from such person pursuant to this Section and in addition to any other
penalty or relief provided by this Act or any other law.

Any monies received by the State pursuant to this subsection (k) shall be deposited in the Hazardous Waste Fund.

(l) Beginning January 1, 1988, the Agency shall annually collect a $250 fee for each Special Waste Hauling Permit Application and, in addition, shall collect a fee of $20 for each waste hauling vehicle identified in the annual permit application and for each vehicle which is added to the permit during the annual period. The Agency shall deposit 85% of such fees collected under this subsection in the State Treasury to the credit of the Hazardous Waste Research Fund; and shall deposit the remaining 15% of such fees collected in the State Treasury to the credit of the Environmental Protection Permit and Inspection Fund. The majority of such receipts which are deposited in the Hazardous Waste Research Fund pursuant to this subsection shall be used by the Department of Natural Resources for activities which relate to the protection of underground waters. Persons engaged in the offsite transportation of hazardous waste by highway and participating in the Uniform Program under subsection (l-5) are not required to file a Special Waste Hauling Permit Application.

(l-5) (1) As used in this subsection:

"Base state" means the state selected by a transporter according to the procedures established under the Uniform Program.

"Base state agreement" means an agreement between participating states electing to register or permit transporters.

"Participating state" means a state electing to participate in the Uniform Program by entering into a base state agreement.

"Transporter" means a person engaged in the offsite transportation of hazardous waste by highway.

"Uniform application" means the uniform registration and permit application form prescribed under the Uniform Program.

"Uniform Program" means the Uniform State Hazardous Materials Transportation Registration and Permit Program established in the report submitted and amended pursuant to 49 U.S.C. Section 5119(b), as implemented by the Agency under this subsection.

"Vehicle" means any self-propelled motor vehicle, except a truck tractor without a trailer, designed or used for the transportation of hazardous waste subject to the hazardous waste manifesting requirements of 40 U.S.C. Section 6923(a)(3).

(2) Beginning July 1, 1998, the Agency shall implement the Uniform State Hazardous Materials Transportation Registration and Permit Program. On and after that date, no person shall engage in the offsite transportation of hazardous waste by highway without registering and obtaining a permit under the Uniform Program. A transporter with its principal place of business in Illinois shall register with and obtain a permit from the Agency. A transporter that designates another participating state in the Uniform Program as its base state shall likewise register with and obtain a permit from that state before transporting hazardous waste in Illinois.

(3) Beginning July 1, 1998, the Agency shall annually collect no more than
a $250 processing and audit fee from each transporter of hazardous waste who has filed a uniform application and, in addition, the Agency shall annually collect an apportioned vehicle registration fee of $20. The amount of the apportioned vehicle registration fee shall be calculated consistent with the procedures established under the Uniform Program.

All moneys received by the Agency from the collection of fees pursuant to the Uniform Program shall be deposited into the Hazardous Waste Transporter account hereby created within the Environmental Protection Permit and Inspection Fund. Moneys remaining in the account at the close of the fiscal year shall not lapse to the General Revenue Fund. The State Treasurer may receive money or other assets from any source for deposit into the account. The Agency may expend moneys from the account, upon appropriation, for the implementation of the Uniform Program, including the costs to the Agency of fee collection and administration. In addition, funds not expended for the implementation of the Uniform Program may be utilized for emergency response and cleanup activities related to hazardous waste transportation that are initiated by the Agency.

Whenever the amount of the Hazardous Waste Transporter account exceeds by 115% the amount annually appropriated by the General Assembly, the Agency shall credit participating transporters an amount, proportionately based on the amount of the vehicle fee paid, equal to the excess in the account, and shall determine the need to reduce the amount of the fee charged transporters in the subsequent fiscal year by the amount of the credit.

(4) (A) The Agency may propose and the Board shall adopt rules as necessary to implement and enforce the Uniform Program. The Agency is authorized to enter into agreements with other agencies of this State as necessary to carry out administrative functions or enforcement of the Uniform Program.

(B) The Agency shall recognize a Uniform Program registration as valid for one year from the date a notice of registration form is issued and a permit as valid for 3 years from the date issued or until a transporter fails to renew its registration, whichever occurs first.

(C) The Agency may inspect or examine any motor vehicle or facility operated by a transporter, including papers, books, records, documents, or other materials to determine if a transporter is complying with the Uniform Program. The Agency may also conduct investigations and audits as necessary to determine if a transporter is entitled to a permit or to make suspension or revocation determinations consistent with the standards of the Uniform Program.

(5) The Agency may enter into agreements with federal agencies, national repositories, or other participating states as necessary to allow for the reciprocal registration and permitting of transporters pursuant to the Uniform Program. The agreements may include procedures for determining a base state, the collection and distribution of registration fees, dispute resolution, the exchange of information for reporting and enforcement purposes, and other provisions necessary to fully implement, administer, and enforce the Uniform Program.

Sec. 22.2b. Limit of liability for prospective purchasers of real property.

(a) The State of Illinois may grant a release of liability that provides that a person is not potentially liable under subsection (f) of Section 22.2 of this Act as a result of a release or a threatened release of a hazardous substance or pesticide if:

1. The person performs the response actions to remove or remedy all releases or threatened releases of a hazardous substance or pesticide at an identified area or at identified areas of the property in accordance with a response action plan approved by the Agency under this Section;
2. The person did not cause, allow, or contribute to the release or threatened release of a hazardous substance or pesticide through any act or omission;
3. The person requests, in writing, that the Agency provide review and evaluation services under subsection (m) of Section 22.2 of this Act and the Agency agrees to provide the review and evaluation services; and
4. The person is not otherwise liable under subsection (f) of Section 22.2 under, and complies with, regulations adopted by the Agency under subsection (e).

(b) The Agency may approve a response action plan under this Section, including but not limited to a response action plan that does not require the removal or remedy of all releases or threatened releases of hazardous substances or pesticides, if the person described under subsection (a) proves:

1. The response action will prevent or mitigate immediate and significant risk of harm to human life and health and the environment;
2. Activities at the property will not cause, allow, contribute to, or aggravate the release or threatened release of a hazardous substance or pesticide;
3. Due consideration has been given to the effect that activities at the property will have on the health of those persons likely to be present at the property;
4. Irrevocable access to the property is given to the State of Illinois and its authorized representatives;
5. The person is financially capable of performing the proposed response action; and
6. The person complies with regulations adopted by the Agency under subsection (e).

(c) The limit of liability granted by the State of Illinois under this Section does not apply to any person:

1. Who is potentially liable under subsection (f) of Section 22.2 of this Act for any costs of removal or remedial action incurred by the State of Illinois or any unit of local government as a result of the release or substantial threat of a release of a hazardous substance or pesticide that was the subject of the response action plan.
approved by the Agency under this Section.

(2) Who agrees to perform the response action contained in a response action plan approved by the Agency under this Section and fails to perform in accordance with the approved response action plan.

(3) Whose willful and wanton conduct contributes to a release or threatened release of a hazardous substance or pesticide.

(4) Whose negligent conduct contributes to a release or threatened release of a hazardous substance or pesticide.

(5) Who is seeking a construction or development permit for a new municipal waste incinerator or other new waste-to-energy facility.

(d) If a release or threatened release of a hazardous substance or pesticide occurs within the area identified in the response action plan approved by the Agency under this Section and such release or threatened release is not specifically identified in the response action plan, for any person to whom this Section applies, the numeric cleanup level established by the Agency in the response action plan shall also apply to the release or threatened release not specifically identified in the response action plan if the response action plan has a numeric cleanup level for the hazardous substance or pesticide released or threatened to be released. Nothing in this subsection (d) shall limit the authority of the Agency to require, for any person to whom this Section does not apply, a numeric cleanup level that differs from the numeric cleanup level established in the response action plan approved by the Agency under this Section.

(e) The Agency may adopt regulations relating to this Section. The regulations may include, but are not limited to, both of the following:

(1) Requirements and procedures for a response action plan.

(2) Additional requirements that a person must meet in order not to be liable under subsection (f) of Section 22.2.

Sec. 22.9. Special waste determinations.

(a) (Blank.) The Department shall complete a study of the benefits and feasibility of establishing a system of classifying and regulating special wastes according to their degree of hazard. Such study shall include, at a minimum, an assessment of the degree of hazard of the special waste streams produced in the State, alternative systems for classifying these wastes according to their degree of hazard and an evaluation of the benefits of assessing hazardous waste fees and developing storage, treatment and disposal standards based on such classes of wastes. The Department shall report to the Governor, the General Assembly and the Pollution Control Board with the results of such study no later than July 1, 1985.

(b) Following the completion of the Department's study, but Not later than December 1, 1990, the Pollution Control Board shall, pursuant to Title VII of the Act, adopt regulations that establish standards and criteria for classifying special wastes according to the degree of hazard or an alternative method.

(c) The Board shall adopt regulations by December 1, 1990, establishing the

standards and criteria by which the Agency may determine upon written request by any
person that a waste or class of waste is not special waste.

(d) (Blank.) Until such time as the regulations required in subsection (c) of this
Section are effective, any person may request the Agency to determine that a waste is not a
special waste. Within 60 days of receipt of a written request, the Agency shall make a final
determination, which shall be based on whether the waste would pose a present or potential
threat to human health or to the environment or if such waste has inherent properties which
make disposal of such waste in a landfill difficult to manage by normal means:

(e) (Blank.) If the Agency denies a request made pursuant to subsection (c) or (d) of
this Section or if the Agency fails to act within 60 days after receipt of such request, the
requestor may seek review before the Board pursuant to Section 40 as if the Agency had
denied an application for a permit.

(f) The determinations to be made under subsection (c) subsections (c), (d) and (e)
of this Section shall not apply to hazardous waste.

Sec. 22.15. Solid Waste Management Fund; fees.
(a) There is hereby created within the State Treasury a special fund to be known as
the "Solid Waste Management Fund" constituted from the fees collected by the State
pursuant to this Section and from repayments of loans made from the Fund for solid waste
projects. Moneys received by the Department of Commerce and Community Affairs in
repayment of loans made pursuant to the Illinois Solid Waste Management Act shall be
deposited into the Solid Waste Management Revolving Loan Fund.

(b) On and after January 1, 1987, the Agency shall assess and collect a fee in the
amount set forth herein from the owner or operator of each sanitary landfill permitted or
required to be permitted by the Agency to dispose of solid waste if the sanitary landfill is
located off the site where such waste was produced and if such sanitary landfill is owned,
controlled, and operated by a person other than the generator of such waste. The Agency
shall deposit all fees collected into the Solid Waste Management Fund. If a site is contiguous
to one or more landfills owned or operated by the same person, the volumes permanently
disposed of by each landfill shall be combined for purposes of determining the fee under this
subsection.

1 If more than 150,000 cubic yards of non-hazardous solid waste is
permanently disposed of at a site in a calendar year, the owner or operator shall either
pay a fee of 45 cents per cubic yard (60› per cubic yard from January 1, 1989 through
December 31, 1993); or, alternatively, the owner or operator may weigh the quantity
of the solid waste permanently disposed of with a device for which certification has
been obtained under the Weights and Measures Act and pay a fee of 95 cents per ton
($1.27 per ton from January 1, 1989 through December 31, 1993) of solid waste
permanently disposed of. An owner or operator that is subject to any fee, tax, or
surcharge imposed under the authority of subsection (j) of this Section on September
26, 1991, with respect to fees due to the Agency under this paragraph after December

31, 1991 and before January 1, 1994, shall deduct from the amount paid to the Agency the amount by which the fee paid under subsection (j) exceeds 45 cents per cubic yard or 95 cents per ton. In no case shall the fee collected or paid by the owner or operator under this paragraph exceed $1.05 per cubic yard or $2.22 per ton.

(2) If more than 100,000 cubic yards of non-hazardous waste is permanently disposed of at a site in a calendar year, the owner or operator shall pay a fee of $25,000 ($33,350 in 1989, 1990 and 1991).

(3) If more than 50,000 cubic yards of non-hazardous solid waste is permanently disposed of at a site in a calendar year, the owner or operator shall pay a fee of $11,300 ($15,500 in 1989, 1990 and 1991).

(4) If more than 10,000 cubic yards of non-hazardous solid waste is permanently disposed of at a site in a calendar year, the owner or operator shall pay a fee of $3,450 ($4,650 in 1989, 1990 and 1991).

(5) If not more than 10,000 cubic yards of non-hazardous solid waste is permanently disposed of at a site in a calendar year, the owner or operator shall pay a fee of $500 ($650 in 1989, 1990 and 1991).

(c) (Blank.) From January 1, 1987 through December 31, 1988, the fee set forth in this Section shall not apply to:

(1) Solid waste which is hazardous waste;
(2) Any landfill which is permitted by the Agency to receive only demolition or construction debris or landscape waste; or
(3) The following wastes:
   (A) Foundry sand;
   (B) Coal combustion by-product, including scrubber waste and fluidized bed boiler waste which does not contain metal cleaning waste;
   (C) Slag from the manufacture of iron and steel;
   (D) Pollution Control Waste;
   (E) Wastes from recycling, reclamation or reuse processes designed to remove any contaminant from wastes so as to render such wastes reusable, provided that the process renders at least 50% of the waste reusable;
   (F) Non-hazardous solid waste that is received at a sanitary landfill after January 1, 1987 and recycled through a process permitted by the Agency.

(d) The Agency shall establish rules relating to the collection of the fees authorized by this Section. Such rules shall include, but not be limited to:

(1) necessary records identifying the quantities of solid waste received or disposed;
(2) the form and submission of reports to accompany the payment of fees to the Agency;
(3) the time and manner of payment of fees to the Agency, which payments shall not be more often than quarterly; and
(4) procedures setting forth criteria establishing when an owner or operator

may measure by weight or volume during any given quarter or other fee payment period.

(e) Pursuant to appropriation, all monies in the Solid Waste Management Fund shall be used by the Agency and the Department of Commerce and Community Affairs for the purposes set forth in this Section and in the Illinois Solid Waste Management Act, including for the costs of fee collection and administration, and through June 30, 1989, by the University of Illinois for research consistent with the Illinois Solid Waste Management Act.

(f) The Agency is authorized to enter into such agreements and to promulgate such rules as are necessary to carry out its duties under this Section and the Illinois Solid Waste Management Act.

(g) On the first day of January, April, July, and October of each year, beginning on July 1, 1996, the State Comptroller and Treasurer shall transfer $500,000 from the Solid Waste Management Fund to the Hazardous Waste Fund. Moneys transferred under this subsection (g) shall be used only for the purposes set forth in item (1) of subsection (d) of Section 22.2.

(h) The Agency is authorized to provide financial assistance to units of local government for the performance of inspecting, investigating and enforcement activities pursuant to Section 4(r) at nonhazardous solid waste disposal sites.

(i) The Agency is authorized to support the operations of an industrial materials exchange service, and to conduct household waste collection and disposal programs.

(j) A unit of local government, as defined in the Local Solid Waste Disposal Act, in which a solid waste disposal facility is located may establish a fee, tax, or surcharge with regard to the permanent disposal of solid waste. All fees, taxes, and surcharges collected under this subsection shall be utilized for solid waste management purposes, including long-term monitoring and maintenance of landfills, planning, implementation, inspection, enforcement and other activities consistent with the Solid Waste Management Act and the Local Solid Waste Disposal Act, or for any other environment-related purpose, including but not limited to an environment-related public works project, but not for the construction of a new pollution control facility other than a household hazardous waste facility. However, the total fee, tax or surcharge imposed by all units of local government under this subsection (j) upon the solid waste disposal facility shall not exceed:

1. $45 per cubic yard ($60 per cubic yard beginning January 1, 1992) if more than 150,000 cubic yards of non-hazardous solid waste is permanently disposed of at the site in a calendar year, unless the owner or operator weighs the quantity of the solid waste received with a device for which certification has been obtained under the Weights and Measures Act, in which case the fee shall not exceed $95 per ton ($127 per ton beginning January 1, 1992) of solid waste permanently disposed of.
2. $25,000 ($33,350 beginning in 1992) if more than 100,000 cubic yards, but not more than 150,000 cubic yards, of non-hazardous waste is permanently disposed of at the site in a calendar year.
3. $11,300 ($15,500 beginning in 1992) if more than 50,000 cubic yards, but not more than 100,000 cubic yards, of non-hazardous solid waste is permanently disposed of at the site in a calendar year.

disposed of at the site in a calendar year.

(4) $3,450 ($4,650 beginning in 1992) if more than 10,000 cubic yards, but not more than 50,000 cubic yards, of non-hazardous solid waste is permanently disposed of at the site in a calendar year.

(5) $500 ($650 beginning in 1992) if not more than 10,000 cubic yards of non-hazardous solid waste is permanently disposed of at the site in a calendar year.

The corporate authorities of the unit of local government may use proceeds from the fee, tax, or surcharge to reimburse a highway commissioner whose road district lies wholly or partially within the corporate limits of the unit of local government for expenses incurred in the removal of nonhazardous, nonfluid municipal waste that has been dumped on public property in violation of a State law or local ordinance.

A county or Municipal Joint Action Agency that imposes a fee, tax, or surcharge under this subsection may use the proceeds thereof to reimburse a municipality that lies wholly or partially within its boundaries for expenses incurred in the removal of nonhazardous, nonfluid municipal waste that has been dumped on public property in violation of a State law or local ordinance.

If the fees are to be used to conduct a local sanitary landfill inspection or enforcement program, the unit of local government must enter into a written delegation agreement with the Agency pursuant to subsection (r) of Section 4. The unit of local government and the Agency shall enter into such a written delegation agreement within 60 days after the establishment of such fees, or August 23, 1988, whichever is later. For the year commencing January 1, 1989, and thereafter, the Agency shall conduct an audit of the expenditures made by units of local government from the funds granted by the Agency to the units of local government for purposes of local sanitary landfill inspection and enforcement programs, to ensure that the funds have been expended for the prescribed purposes under the grant.

The fees, taxes or surcharges collected under this subsection (j) shall be placed by the unit of local government in a separate fund, and the interest received on the moneys in the fund shall be credited to the fund. The monies in the fund may be accumulated over a period of years to be expended in accordance with this subsection.

A unit of local government, as defined in the Local Solid Waste Disposal Act, shall prepare and distribute to the Agency, in April of each year, a report that details spending plans for monies collected in accordance with this subsection. The report will at a minimum include the following:

(1) The total monies collected pursuant to this subsection.
(2) The most current balance of monies collected pursuant to this subsection.
(3) An itemized accounting of all monies expended for the previous year pursuant to this subsection.
(4) An estimation of monies to be collected for the following 3 years pursuant to this subsection.
(5) A narrative detailing the general direction and scope of future expenditures for one, 2 and 3 years.

The exemptions granted under Sections 22.16 and 22.16a, and under subsections (c) and (k) of this Section, shall be applicable to any fee, tax or surcharge imposed under this subsection (j); except that the fee, tax or surcharge authorized to be imposed under this subsection (j) may be made applicable by a unit of local government to the permanent disposal of solid waste after December 31, 1986, under any contract lawfully executed before June 1, 1986 under which more than 150,000 cubic yards (or 50,000 tons) of solid waste is to be permanently disposed of, even though the waste is exempt from the fee imposed by the State under subsection (b) of this Section pursuant to an exemption granted under Section 22.16.

(k) In accordance with the findings and purposes of the Illinois Solid Waste Management Act, beginning January 1, 1989 the fee under subsection (b) and the fee, tax or surcharge under subsection (j) shall not apply to:

1. Waste which is hazardous waste; or
2. Waste which is pollution control waste; or
3. Waste from recycling, reclamation or reuse processes which have been approved by the Agency as being designed to remove any contaminant from wastes so as to render such wastes reusable, provided that the process renders at least 50% of the waste reusable; or
4. Non-hazardous solid waste that is received at a sanitary landfill and composted or recycled through a process permitted by the Agency; or
5. Any landfill which is permitted by the Agency to receive only demolition or construction debris or landscape waste.

Sec. 22.16. Fee exemptions.
(a) The Agency shall grant exemptions from the fee requirements of Section 22.15 of this Act for permanent disposal or transport of solid waste meeting all of the following criteria:

1. permanent disposal of the solid waste is pursuant to a written contract between the owner or operator of the sanitary landfill and some other person, or transport of the solid waste is pursuant to a written contract between the transporter and some other person;
2. the contract for permanent disposal or transport of solid waste was lawfully executed on or before December 31, 1986, and by its express terms continues beyond January 1, 1987, or was lawfully executed during 1987 or 1988 and by its express terms continues beyond January 1, 1989;
3. the contract for permanent disposal or transport of solid waste establishes a fixed fee or compensation, does not allow the operator or transporter to pass the fee through to another party, and does not allow voluntary cancellation or re-negotiation of the compensation or fee during the term of the contract; and
4. the contract was lawfully executed on or before December 31, 1986 and

has not been amended at any time after that date, or was lawfully executed during 1987 or 1988 and has not been amended on or after January 1, 1989.

(b) Exemptions granted under this Section shall cause the solid waste received by an owner or operator of a sanitary landfill pursuant to a contract exempted under this Section to be disregarded in calculating the volume or weight of solid waste permanently disposed of during a calendar year under Section 22.15 of this Act.

(c) (Blank.) Applications for exemptions under this Section may be granted retroactively. Applications for retroactive or prospective exemptions must be submitted with proof of satisfaction of all criteria for granting the exemption, and must be received by the Agency before March 1, 1989.

(d) It shall be the duty of an owner or operator of a sanitary landfill to keep accurate records and to prove to the satisfaction of the Agency the volume or weight of solid waste received under an exemption during a calendar year.

(e) Exemptions under this Section shall expire upon the expiration, renewal or amendment of the exempted contract, whichever occurs first.

Sec. 22.16a. Additional fee exemptions.

(a) In accordance with the findings and purposes of the Illinois Solid Waste Management Act, the Agency shall grant exemptions from the fee requirements of Section 22.15 of this Act for solid waste meeting all of the following criteria:

(1) the waste is non-putrescible and homogeneous and does not contain free liquids;

(2) combustion of the waste would not provide practical energy recovery or practical reduction in volume; and

(3) the applicant for exemption demonstrates that it is not technologically and economically reasonable to recycle or reuse the waste.

(b) Exemptions granted under this Section shall cause the solid waste exempted under subsection (a) which is permanently disposed of by an owner or operator of a sanitary landfill to be disregarded in calculating the volume or weight of solid waste permanently disposed of during a calendar year under Section 22.15 of this Act.

(c) Applications for exemptions under this Section must be submitted on forms provided by the Agency for such purpose, together with proof of satisfaction of all criteria for granting the exemption. For applications received before March 1, 1989, exemptions issued under subsection (a) shall be effective as of January 1, 1989. For applications received on or after March 1, 1989, exemptions issued under subsection (a) shall be effective beginning with the next calendar quarter following issuance of the exemption.

(d) If the Agency denies a request made pursuant to subsection (a), the applicant may seek review before the Board pursuant to Section 40 as if the Agency had denied an application for a permit. If the Agency fails to act within 90 days after receipt of an application, the request shall be deemed granted until such time as the Agency has taken final action.
(e) It shall be the duty of an owner or operator of a sanitary landfill to keep accurate records and to prove to the satisfaction of the Agency the volume or weight of solid waste received under an exemption during a calendar year.

(b) Beginning July 1, 1990, no person may knowingly put landscape waste into a container intended for collection or disposal at a landfill, unless such container is biodegradable.

(c) Beginning July 1, 1990, no owner or operator of a sanitary landfill shall accept landscape waste for final disposal, except that landscape waste separated from municipal waste may be accepted by a sanitary landfill if (1) the landfill provides and maintains for that purpose separate landscape waste composting facilities and composts all landscape waste, and (2) the composted waste is utilized, by the operators of the landfill or by any other person, as part of the final vegetative cover for the landfill or for such other uses as soil conditioning material, or the landfill has received an Agency permit to use source separated and processed landscape waste as an alternative daily cover and the landscape waste is processed at a site, other than the sanitary landfill, that has received an Agency permit before July 30, the effective date of this amendatory Act of 1997 to process landscape waste. (1) accept for recycling used lead-acid batteries from customers, at the point of transfer, in a quantity equal to the number of new batteries purchased; and

(2) post in a conspicuous place a written notice at least 8.5 by 11 inches in size that includes the universal recycling symbol and the following statements: "DO NOT put motor vehicle batteries in the trash."; "Recycle your used batteries."; and "State law requires us to accept motor vehicle batteries for recycling, in exchange for new batteries purchased.".

(b) Any person selling lead-acid batteries at retail in this State may either charge a
recycling fee on each new lead-acid battery sold for which the customer does not return a used battery to the retailer, or provide a recycling credit to each customer who returns a used battery for recycling at the time of purchasing a new one.

(c) Beginning September 1, 1990, no lead-acid battery retailer may dispose of a used lead-acid battery except by delivering it (1) to a battery wholesaler or its agent, (2) to a battery manufacturer, (3) to a collection or recycling facility, or (4) to a secondary lead smelter permitted by either a state or federal environmental agency.

(d) Any person selling lead-acid batteries at wholesale or offering lead-acid batteries for sale at wholesale shall accept for recycling used lead-acid batteries from customers, at the point of transfer, in a quantity equal to the number of new batteries purchased. Such used batteries shall be disposed of as provided in subsection (c).

(e) A person who accepts used lead-acid batteries for recycling pursuant to subsection (a) or (d) shall not allow such batteries to accumulate for periods of more than 90 days.

(f) Beginning September 1, 1990, no person may knowingly cause or allow:

1. the placing of a lead-acid battery into any container intended for collection and disposal at a municipal waste sanitary landfill; or
2. the disposal of any lead-acid battery in any municipal waste sanitary landfill or incinerator.

(g) The Department of Commerce and Community Affairs shall identify and assist in developing alternative processing and recycling options for used batteries.

(h) For the purpose of this Section:

"Lead-acid battery" means a battery containing lead and sulfuric acid that has a nominal voltage of at least 6 volts and is intended for use in motor vehicles.

"Motor vehicle" includes automobiles, vans, trucks, tractors, motorcycles and motorboats.

(i) (Blank.) The Department shall study the problems associated with household batteries that are processed or disposed of as part of mixed solid waste, and shall develop and implement a pilot project to collect and recycle used household batteries. The Department shall report its findings to the Governor and the General Assembly, together with any recommendations for legislation, by November 1, 1991.

(j) Knowing violation of this Section shall be a petty offense punishable by a fine of $100.

Sec. 22.23a. Fluorescent and high intensity discharge lamps.

(a) As used in this Section, "fluorescent or high intensity discharge lamp" means a lighting device that contains mercury and generates light through the discharge of electricity either directly or indirectly through a fluorescent coating, including a mercury vapor, high pressure sodium, or metal halide lamp containing mercury, lead, or cadmium.

(b) No person may knowingly cause or allow the disposal of any fluorescent or high intensity discharge lamp in any municipal waste incinerator beginning July 1, 1997. This Section does not apply to lamps generated by households.

New matter indicated by italics - deletions by strikeout.
(c) (1) Hazardous fluorescent and high intensity discharge lamps are hereby designated as a category of universal waste subject to the streamlined hazardous waste rules set forth in Title 35 of the Illinois Administrative Code, Subtitle G, Chapter I, Subchapter c, Part 733 ("Part 733"). Within 60 days of August 19, 1997 (the effective date of Public Act 90-502) this amendatory Act of 1997 the Agency shall propose, and within 180 days of receipt of the Agency's proposal the Board shall adopt, rules that reflect this designation and that prescribe procedures and standards for the management of hazardous fluorescent and high intensity discharge lamps as universal waste.

(2) If the United States Environmental Protection Agency adopts streamlined hazardous waste regulations pertaining to the management of fluorescent and high intensity discharge lamps, or otherwise exempts those lamps from regulation as hazardous waste, the Board shall adopt an equivalent rule in accordance with Section 7.2 of this Act within 180 days of adoption of the federal regulation. The equivalent Board rule may serve as an alternative to the rules adopted under subdivision (1) of this subsection.

(d) (Blank.) Until the Board adopts rules pursuant to subsection (c), fluorescent and high intensity discharge lamps shall be managed in accordance with existing laws and regulations or under the following conditions:

(1) after being removed from service, the generator stores the lamps in a safe manner that minimizes the chance of breakage;

(2) no lamps are stored longer than 6 months from the time they are removed from service;

(3) the generator delivers the lamps to a licensed hauler that will deliver the lamps to a recycler; and

(4) the lamps are transported in a safe manner that minimizes the chance of breakage.

(e) (Blank.) The Agency shall study the problem associated with used fluorescent and high intensity discharge lamps that are processed or disposed of as part of mixed solid waste; and shall identify possible collection and recycling systems for used fluorescent and high intensity discharge lamps. The Agency shall report its findings to the General Assembly and the Governor by January 1, 1998.

Sec. 22.27. Alternative Daily Cover for Sanitary Landfills.

(a) The Agency shall investigate alternative materials to soil as daily cover at sanitary landfills, including chemical foam, grit and nonputrescible residuals from solid waste recycling facilities, shredded tire material, hydromulch produced from newsprint or other wastepaper, and finished compost. The investigation shall include a comparative cost analysis of each alternative material to soil, environmental suitability of each material, and any potential savings in landfill capacity resulting from the use of an alternative cover material. The Agency shall report to the General Assembly by September 1, 1992, on the
feasibility of alternative materials for daily cover at sanitary landfills. If the Agency determines that any or all chemical foams provides a cover material that is as good as, or better than, the traditional soil cover commonly used in this State, the Agency shall certify that material as meeting the requirements of this Section. If the Agency determines that any alternative materials other than chemical foams adequately satisfies daily cover requirements at sanitary landfills, it shall permit use of such materials at such facilities. The Department shall cooperate with the Agency in the conduct of the investigation and report required by this subsection (a) of this Section.

(b) In complying with the daily cover requirements imposed on sanitary landfills by Board regulation, the operator of a sanitary landfill may use any foam that has been certified by the Agency under this Section in place of a soil cover.

Sec. 22.33. Compost quality standards.

(a) By January 1, 1994, the Agency shall develop and make recommendations to the Board concerning (i) performance standards for landscape waste compost facilities and (ii) testing procedures and standards for the end-product compost produced by landscape waste compost facilities.

The Agency, in cooperation with the Department, shall appoint a Technical Advisory Committee for the purpose of developing these recommendations. Among other things, the Committee shall evaluate environmental and safety considerations, compliance costs, and regulations adopted in other states and countries. The Committee shall have balanced representation and shall include members representing academia, the composting industry, the Department of Agriculture, the landscaping industry, environmental organizations, municipalities, and counties.

Performance standards for landscape waste compost facilities shall at a minimum include:

(1) the management of odor;
(2) the management of surface water;
(3) contingency planning for handling end-product compost material that does not meet requirements of subsection (b);
(4) plans for intended purposes of end-use product; and
(5) a financial assurance plan necessary to restore the site as specified in Agency permit.

(b) By December 1, 1997, the Board shall adopt:

(1) performance standards for landscape waste compost facilities; and
(2) testing procedures and standards for the end-product compost produced by landscape waste compost facilities.

The Board shall evaluate the merits of different standards for end-product compost applications.

(c) On-site composting that is used solely for the purpose of composting landscape waste generated on-site and that will not be offered for off-site sale or use is exempt from
any standards promulgated under subsections (a) and (b). Subsection (b)(2) shall not apply
to end-product compost used as daily cover or vegetative amendment in the final layer.
Subsection (b) applies to any end-product compost offered for sale or use in Illinois.

Sec. 22.40. Municipal solid waste landfill rules.
(a) In accordance with Sec. 7.2, the Board shall adopt rules that are identical in
substance to federal regulations or amendments thereto promulgated by the Administrator
of the United States Environmental Protection Agency to implement Sections 4004 and 4010
of the Resource Conservation and Recovery Act of 1976 (P.L. 94-580) insofar as those
regulations relate to a municipal solid waste landfill unit program. The Board may
consolidate into a single rulemaking under this Section all such federal regulations adopted
within a period of time not to exceed 6 months. Where the federal regulations authorize the
State to adopt alternative standards, schedules, or procedures to the standards, schedules, or
procedures contained in the federal regulations, the Board may adopt alternative standards,
schedules, or procedures under subsection (b) or retain existing Board rules that establish
alternative standards, schedules, or procedures that are not inconsistent with the federal
regulations. The Board may consolidate into a single rulemaking under this Section all such
federal regulations adopted within a period of time not to exceed 6 months.

The provisions and requirements of Title VII of this Act shall not apply to rules
adopted under this subsection (a). Section 5-35 of the Illinois Administrative Procedure Act
relating to the procedures for rulemaking shall not apply to regulations adopted under this
subsection (a).

(b) The Board may adopt regulations relating to a State municipal solid waste landfill
program that are not inconsistent with the Resource Conservation and Recovery Act of 1976
(P.L. 94-580), or regulations adopted thereunder. Rules adopted under this subsection shall
be adopted in accordance with the provisions and requirements of Title VII of this Act and
the procedures for rulemaking in Section 5-35 of the Illinois Administrative Procedure Act.

(c) (Blank.) Notwithstanding action by the Board, and effective October 9, 1993, only
for those facilities meeting the conditions of 40 C.F.R. 258.1(e)(2) or 40 C.F.R. 258.1(e)(3),
the deadlines established in subsections (d)(1) and (t), as added by Public Act 88-496, of
Section 21 and subsections (a.5), (a.10), and (b) of Section 22.17 of this Act are extended to
those new dates established in regulations promulgated by the United States Environmental
Protection Agency at 58 Federal Register 51536 (October 1, 1993); provided, however, no
deadline for receipt of solid waste is extended past October 9, 1994.

With respect to those facilities that qualify for an extension in accordance with the
provisions of 40 C.F.R. 258.1(e)(3), the Agency shall determine that the facilities are needed
to receive flood related waste from a federally designated area within a major disaster area
declared by the President during the summer of 1993 pursuant to 42 U.S.C. 5121 et seq.

Sec. 22.44. Subtitle D management fees.
(a) There is created within the State treasury a special fund to be known as the "Subtitle D Management Fund" constituted from the fees collected by the State under this Section.
(b) On and after January 1, 1994, the Agency shall assess and collect a fee in the amount set forth in this subsection from the owner or operator of each sanitary landfill permitted or required to be permitted by the Agency to dispose of solid waste if the sanitary landfill is located off the site where the waste was produced and if the sanitary landfill is owned, controlled, and operated by a person other than the generator of the waste. The Agency shall deposit all fees collected under this subsection into the Subtitle D Management Fund. If a site is contiguous to one or more landfills owned or operated by the same person, the volumes permanently disposed of by each landfill shall be combined for purposes of determining the fee under this subsection.

(1) If more than 150,000 cubic yards of non-hazardous solid waste is permanently disposed of at a site in a calendar year, the owner or operator shall either pay a fee of 5.5 cents per cubic yard or, alternatively, the owner or operator may weigh the quantity of the solid waste permanently disposed of with a device for which certification has been obtained under the Weights and Measures Act and pay a fee of 12 cents per ton of waste permanently disposed of.

(2) If more than 100,000 cubic yards, but not more than 150,000 cubic yards, of non-hazardous waste is permanently disposed of at a site in a calendar year, the owner or operator shall pay a fee of $3,825.

(3) If more than 50,000 cubic yards, but not more than 100,000 cubic yards, of non-hazardous solid waste is permanently disposed of at a site in a calendar year, the owner or operator shall pay a fee of $1,700.

(4) If more than 10,000 cubic yards, but not more than 50,000 cubic yards, of non-hazardous solid waste is permanently disposed of at a site in a calendar year, the owner or operator shall pay a fee of $530.

(5) If not more than 10,000 cubic yards of non-hazardous solid waste is permanently disposed of at a site in a calendar year, the owner or operator shall pay a fee of $110.

(c) The fee under subsection (b) shall not apply to any of the following:

(1) Hazardous waste.

(2) Pollution control waste.

(3) Waste from recycling, reclamation, or reuse processes that have been approved by the Agency as being designed to remove any contaminant from wastes

so as to render the wastes reusable, provided that the process renders at least 50% of the waste reusable.

(4) Non-hazardous solid waste that is received at a sanitary landfill and composted or recycled through a process permitted by the Agency.

(5) Any landfill that is permitted by the Agency to receive only demolition or construction debris or landscape waste.

(d) The Agency shall establish rules relating to the collection of the fees authorized by this Section. These rules shall include, but not be limited to the following:

(1) Necessary records identifying the quantities of solid waste received or disposed.

(2) The form and submission of reports to accompany the payment of fees to the Agency.

(3) The time and manner of payment of fees to the Agency, which payments shall not be more often than quarterly.

(4) Procedures setting forth criteria establishing when an owner or operator may measure by weight or volume during any given quarter or other fee payment period.

(e) Fees collected under this Section shall be in addition to any other fees collected under any other Section.

(f) The Agency shall not refund any fee paid to it under this Section.

(g) Pursuant to appropriation, all moneys in the Subtitle D Management Fund shall be used by the Agency to administer the United States Environmental Protection Agency's Subtitle D Program provided in Sections 4004 and 4010 of the Resource Conservation and Recovery Act of 1976 (P.L. 94-580) as it relates to a municipal solid waste landfill program in Illinois and to fund a delegation of inspecting, investigating, and enforcement functions, within the municipality only, pursuant to subsection (r) of Section 4 of this Act to a municipality having a population of more than 1,000,000 inhabitants. The Agency shall execute a delegation agreement pursuant to subsection (r) of Section 4 of this Act with a municipality having a population of more than 1,000,000 inhabitants within 90 days of September 13, the effective date of this amendatory Act of 1993 and shall on an annual basis distribute from the Subtitle D Management Fund to that municipality no less than $150,000.

Sec. 22.45. Subtitle D management fee exemptions; pre-existing contracts.

(a) The Agency shall grant exemptions from the fee requirements of Section 22.44 of this Act for permanent disposal or transport of solid waste meeting all of the following criteria:

(1) Permanent disposal of the solid waste is pursuant to a written contract between the owner or operator of the sanitary landfill and some other person, or transport of the solid waste is pursuant to a written contract between the transporter and some other person.

(2) The contract for permanent disposal or transport of solid waste was

lawfully executed on or before September 13, the effective date of this amendatory Act of 1993 and by its express terms continues beyond January 1, 1994.

(3) The contract for permanent disposal or transport of solid waste establishes a fixed fee or compensation, does not allow the operator or transporter to pass the fee through to another party, and does not allow voluntary cancellation or renegotiation of the compensation or fee during the term of the contract.

(4) The contract was lawfully executed on or before September 13, the effective date of this amendatory Act of 1993 and has not been amended at any time after that date.

(b) Exemptions granted under this Section shall cause the solid waste received by an owner or operator of a sanitary landfill pursuant to a contract exempted under this Section to be disregarded in calculating the volume or weight of solid waste permanently disposed of during a calendar year under Section 22.44 of this Act.

(c) An owner or operator of a sanitary landfill shall keep accurate records and prove, to the satisfaction of the Agency, the volume or weight of solid waste received under an exemption during a calendar year.

(d) Exemptions under this Section shall expire upon the expiration, renewal, or amendment of the exempted contract, whichever occurs first.

(e) For the purposes of this Section, the term "some other person" shall only include persons that are independent operating entities. For purposes of this Section, a person is not an independent operating entity if:

   (1) the person has any officers or directors that are also officers or directors of the sanitary landfill or transporter;

   (2) the person is a parent corporation, subsidiary, or affiliate of the owner or operator of the sanitary landfill or transporter; or

   (3) the person and the owner or operator of the sanitary landfill or transporter are owned by the same entity.

Sec. 22.47. School district hazardous educational waste collection.

(a) The Agency shall develop, implement, and fund (through appropriations for that purpose from the General Revenue Fund) a program to collect school district hazardous educational waste from school districts and schools in the State. The program shall provide for the availability for collection, transportation, and appropriate management of hazardous educational wastes for each school district or school by private contractors at least every 3 years.

(b) A school district or school may participate in a hazardous educational waste collection program by:

   (1) Notifying the Agency of the hazardous educational wastes used by the school district or school and including the following information:

      (A) Waste types.

      (B) Waste volumes.

New matter indicated by italics - deletions by strikeout.
(C) Number of containers.
(D) Condition of containers.
(E) Location of containers.

(2) Maintaining wastes in the original containers, if practical.
(3) Labeling each container if contents are known.
(4) Following Agency instructions on waste segregation, preparation, or delivery for subsequent handling.

(c) The Agency shall accept applications from school districts or schools throughout the year. The Agency shall designate waste haulers throughout the State qualified to remove school district hazardous waste at the request of a school district or school. By March 1 and September 1 of each year the Agency shall prepare a schedule of school districts or schools that have been selected for collections over the next 6 months. The selections shall be based on the waste types and volumes, geographic distribution, order of application, and expected costs balanced by available resources. The Agency shall notify each selected school or school district of the date of collection and instruction on waste preparation.

(d) For purposes of this Section "hazardous educational waste" means a waste product that could pose a hazard during normal storage, transportation, or disposal generated from an instructional curriculum including laboratory wastes, expired chemicals, unstable compounds, and toxic or flammable materials. "Hazardous educational waste" does not include wastes generated as a result of building, grounds, or vehicle maintenance, asbestos abatement, lead paint abatement, or other non-curriculum activities.

(e) (Blank.) By January 1, 1997, the agency shall submit a report to the General Assembly on the status of the school district hazardous educational waste collection program detailing the amounts, types, and locations of wastes collected, costs of the program, evaluation of the program, and recommendations for future legislative actions.

(f) The Agency is authorized to use funds from the Solid Waste Management Fund to implement this Section.

Sec. 22.48. Non-special waste certification; effect on permit.

(a) An industrial process waste or pollution control waste not within the exception set forth in subdivision (2) of subsection (c) of Section 3.475 of this Act must be managed as special waste unless the generator first certifies in a signed, dated, written statement that the waste is outside the scope of the categories listed in subdivision (1) of subsection (c) of Section 3.475 of this Act.

(b) All information used to determine that the waste is not a special waste shall be attached to the certification. The information shall include but not be limited to:

1. the means by which the generator has determined that the waste is not a hazardous waste;
2. the means by which the generator has determined that the waste is not a liquid;
3. if the waste undergoes testing, the analytic results obtained from testing,
signed and dated by the person responsible for completing the analysis;
(4) if the waste does not undergo testing, an explanation as to why no testing is needed;
(5) a description of the process generating the waste; and
(6) relevant Material Data Safety Sheets.

(c) Certification made pursuant to this Section shall be effective from the date signed until there is a change in the generator, in the raw materials used, or in the process generating the waste.

(d) Certification made pursuant to this Section, with the requisite attachments, shall be maintained by the certifying generator while effective and for at least 3 years following a change in the generator, a change in the raw materials used, or a change in or termination of the process generating the waste. The generator shall provide a copy of the certification, upon request by the Agency, the waste hauler, or the operator of the facility receiving the waste for storage, treatment, or disposal, to the party requesting the copy. If the Agency believes that the waste that is the subject of the certification has been inaccurately certified to, the Agency may require the generator to analytically test the waste for the constituent believed to be present and provide the Agency with a copy of the analytic results.

(e) A person who knowingly and falsely certifies that a waste is not special waste is subject to the penalties set forth in subdivision (6) of subsection (h) of Section 44 of this Act.

(f) To the extent that a term or condition of an existing permit requires the permittee to manage as special waste a material that is made a non-special waste under Public Act 90-502 this amendatory Act of 1997, that term or condition is hereby superseded, and the permittee may manage that material as a non-special waste, even if the material is identified in the permit as part of a particular waste stream rather than identified specifically as a special waste.

On or before January 1, 1989, and after providing an opportunity for public comment, the Agency shall submit to the Governor a list of toxic chemicals and facilities not currently covered under that Act which it believes may pose a threat to public health and the environment in Illinois. Within 60 days thereafter, the Governor shall either petition the Administrator of the United States Environmental Protection Agency to modify the lists of chemicals and facilities currently covered pursuant to Section 313 according to the Agency’s recommendations, or refer the matter back to the Agency for further consideration in accordance with his written recommendations for change.

(Section scheduled to be repealed on December 31, 2002.)
Sec. 28.5. Clean Air Act rules; fast-track.

New matter indicated by italics - deletions by strikeout.
(a) This Section shall apply solely to the adoption of rules proposed by the Agency and required to be adopted by the State under the Clean Air Act as amended by the Clean Air Act Amendments of 1990 (CAAA).

(b) This Section is repealed on December 31, 2007.

(c) For purposes of this Section, a "fast-track" rulemaking proceeding is a proceeding to promulgate a rule that the CAAA requires to be adopted. For purposes of this Section, "requires to be adopted" refers only to those regulations or parts of regulations for which the United States Environmental Protection Agency is empowered to impose sanctions against the State for failure to adopt such rules. All fast-track rules must be adopted under procedures set forth in this Section, unless another provision of this Act specifies the method for adopting a specific rule.

(d) When the CAAA requires rules other than identical in substance rules to be adopted, upon request by the Agency, the Board shall adopt rules under fast-track rulemaking requirements.

(e) The Agency shall submit its fast-track rulemaking proposal in the following form:

(1) The Agency shall file the rule in a form that meets the requirements of the Illinois Administrative Procedure Act and regulations promulgated thereunder.

(2) The cover sheet of the proposal shall prominently state that the rule is being proposed under this Section.

(3) The proposal shall clearly identify the provisions and portions of the federal statute, regulations, guidance, policy statement, or other documents upon which the rule is based.

(4) The supporting documentation for the rule shall summarize the basis of the rule.

(5) The Agency shall describe in general the alternative selected and the basis for the alternative.

(6) The Agency shall file a summary of economic and technical data upon which it relied in drafting the rule.

(7) The Agency shall provide a list of any documents upon which it directly relied in drafting the rule or upon which it intends to rely at the hearings and shall provide such documents to the Board. Additionally, the Agency shall make such documents available at an appropriate location for inspection and copying at the expense of the interested party.

(8) The Agency shall include in its submission a description of the geographical area to which the rule is intended to apply, a description of the process or processes affected, an identification by classes of the entities expected to be affected, and a list of sources expected to be affected by the rule to the extent known to the Agency.

(f) Within 14 days of receipt of the proposal, the Board shall file the rule for first notice under the Illinois Administrative Procedure Act and shall schedule all required hearings on the proposal and cause public notice to be given in accordance with the Illinois Administrative Procedure Act and the CAAA.

New matter indicated by italics - deletions by strikeout.
(g) The Board shall set 3 hearings on the proposal, each of which shall be scheduled to continue from day to day, excluding weekends and State and federal holidays, until completed. The Board shall require the written submission of all testimony at least 10 days before a hearing, with simultaneous service to all participants of record in the proceeding as of 15 days prior to hearing, unless a waiver is granted by the Board for good cause. In order to further expedite the hearings, presubmitted testimony shall be accepted into the record without the reading of the testimony at hearing, provided that the witness swears to the testimony and is available for questioning, and the Board shall make every effort to conduct the proceedings expeditiously and avoid duplication and extraneous material.

(1) The first hearing shall be held within 55 days of receipt of the rule and shall be confined to testimony by and questions of the Agency's witnesses concerning the scope, applicability, and basis of the rule. Within 7 days after the first hearing, any person may request that the second hearing be held.

(A) If, after the first hearing, the Agency and affected entities are in agreement on the rule, the United States Environmental Protection Agency has not informed the Board of any unresolved objection to the rule, and no other interested party contests the rule or asks for the opportunity to present additional evidence, the Board may cancel the additional hearings. When the Board adopts the final order under these circumstances, it shall be based on the Agency's proposal as agreed to by the parties.

(B) If, after the first hearing, the Agency and affected entities are in agreement upon a portion of the rule, the United States Environmental Protection Agency has not informed the Board of any unresolved objections to that agreed portion of the rule, and no other interested party contests that agreed portion of the rule or asks for the opportunity to present additional evidence, the Board shall proceed to the second hearing, as provided in paragraph (2) of subsection (g) of this Section, but the hearing shall be limited in scope to the unresolved portion of the proposal. When the Board adopts the final order under these circumstances, it shall be based on such portion of the Agency's proposal as agreed to by the parties.

(2) The second hearing shall be scheduled to commence within 30 days of the first day of the first hearing and shall be devoted to presentation of testimony, documents, and comments by affected entities and all other interested parties.

(3) The third hearing shall be scheduled to commence within 14 days after the first day of the second hearing and shall be devoted solely to any Agency response to the material submitted at the second hearing and to any response by other parties. The third hearing shall be cancelled if the Agency indicates to the Board that it does not intend to introduce any additional material.

(h) In any fast-track rulemaking proceeding, the Board shall accept evidence and comments on the economic impact of any provision of the rule and shall consider the economic impact of the rule based on the record. The Board may order an economic impact study in a manner that will not prevent adoption of the rule within the time required by

subsection (o) of this Section.

(i) In all fast-track rulemakings under this Section, the Board shall take into account factors set forth in subsection (a) of Section 27 of this Act.

(j) The Board shall adopt rules in the fast-track rulemaking docket under the requirements of this Section that the CAAA requires to be adopted, and may consider a non-required rule in a second docket that shall proceed under Title VII of this Act.

(k) The Board is directed to take whatever measures are available to it to complete fast-track rulemaking as expeditiously as possible consistent with the need for careful consideration. These measures shall include, but not be limited to, having hearings transcribed on an expedited basis.

(l) Following the hearings, the Board shall close the record 14 days after the availability of the transcript.

(m) The Board shall not revise or otherwise change an Agency fast-track rulemaking proposal without agreement of the Agency until after the end of the hearing and comment period. Any revisions to an Agency proposal shall be based on the record of the proceeding.

(n) All rules adopted by the Board under this Section shall be based solely on the record before it.

(o) The Board shall complete a fast-track rulemaking by adopting a second notice order no later than 130 days after receipt of the proposal if no third hearing is held and no later than 150 days if the third hearing is held. If the order includes a rule, the Illinois Board shall file the rule for second notice under the Illinois Administrative Procedure Act within 5 days after adoption of the order.

(p) Upon receipt of a statement of no objection to the rule from the Joint Committee on Administrative Rules, the Board shall adopt the final order and submit the rule to the Secretary of State for publication and certification within 21 days.

Sec. 31. Notice; complaint; hearing.

(a) (1) Within 180 days of becoming aware of an alleged violation of the Act or any rule adopted under the Act or of a permit granted by the Agency or condition of the permit, the Agency shall issue and serve, by certified mail, upon the person complained against a written notice informing that person that the Agency has evidence of the alleged violation. At a minimum, the written notice shall contain:

(A) notification to the person complained against of the requirement to submit a written response addressing the violations alleged and the option

to meet with appropriate agency personnel to resolve any alleged violations that could lead to the filing of a formal complaint;

(B) a detailed explanation by the Agency of the violations alleged;

(C) an explanation by the Agency of the actions that the Agency believes may resolve the alleged violations, including an estimate of a reasonable time period for the person complained against to complete the suggested resolution; and

(D) an explanation of any alleged violation that the Agency believes cannot be resolved without the involvement of the Office of the Illinois Attorney General or the State's Attorney of the county in which the alleged violation occurred and the basis for the Agency's belief.

(2) A written response to the violations alleged shall be submitted to the Agency, by certified mail, within 45 days of receipt of notice by the person complained against, unless the Agency agrees to an extension. The written response shall include:

(A) information in rebuttal, explanation or justification of each alleged violation;

(B) a proposed Compliance Commitment Agreement that includes specified times for achieving each commitment and which may consist of a statement indicating that the person complained against believes that compliance has been achieved; and

(C) a request for a meeting with appropriate Agency personnel if a meeting is desired by the person complained against.

(3) If the person complained against fails to respond in accordance with the requirements of subdivision (2) of this subsection (a), the failure to respond shall be considered a waiver of the requirements of this subsection (a) and nothing in this Section shall preclude the Agency from proceeding pursuant to subsection (b) of this Section.

(4) A meeting requested pursuant to subdivision (2) of this subsection (a) shall be held without a representative of the Office of the Illinois Attorney General or the State's Attorney of the county in which the alleged violation occurred, within 60 days of receipt of notice by the person complained against, unless the Agency agrees to a postponement. At the meeting, the Agency shall provide an opportunity for the person complained against to respond to each alleged violation, suggested resolution, and suggested implementation time frame, and to suggest alternate resolutions.

(5) If a meeting requested pursuant to subdivision (2) of this subsection (a) is held, the person complained against shall, within 21 days following the meeting or within an extended time period as agreed to by the Agency, submit by certified mail to the Agency a written response to the alleged violations. The written response shall include:

(A) additional information in rebuttal, explanation or justification of
each alleged violation;

(B) a proposed Compliance Commitment Agreement that includes specified times for achieving each commitment and which may consist of a statement indicating that the person complained against believes that compliance has been achieved; and

(C) a statement indicating that, should the person complained against so wish, the person complained against chooses to rely upon the initial written response submitted pursuant to subdivision (2) of this subsection (a).

(6) If the person complained against fails to respond in accordance with the requirements of subdivision (5) of this subsection (a), the failure to respond shall be considered a waiver of the requirements of this subsection (a) and nothing in this Section shall preclude the Agency from proceeding pursuant to subsection (b) of this Section.

(7) Within 30 days of the Agency's receipt of a written response submitted by the person complained against pursuant to subdivision (2) of this subsection (a), if a meeting is not requested, or subdivision (5) of this subsection (a), if a meeting is held, or within a later time period as agreed to by the Agency and the person complained against, the Agency shall issue and serve, by certified mail, upon the person complained against a written notice informing the person of its acceptance, rejection, or proposed modification to the proposed Compliance Commitment Agreement as contained within the written response.

(8) Nothing in this subsection (a) is intended to require the Agency to enter into Compliance Commitment Agreements for any alleged violation that the Agency believes cannot be resolved without the involvement of the Office of the Attorney General or the State's Attorney of the county in which the alleged violation occurred, for, among other purposes, the imposition of statutory penalties.

(9) The Agency's failure to respond to a written response submitted pursuant to subdivision (2) of this subsection (a), if a meeting is not requested, or subdivision (5) of this subsection (a), if a meeting is held, within 30 days, or within the time period otherwise agreed to in writing by the Agency and the person complained against, shall be deemed an acceptance by the Agency of the proposed Compliance Commitment Agreement for the violations alleged in the written notice issued under subdivision (1) of this subsection (a) as contained within the written response.

(10) If the person complained against complies with the terms of a Compliance Commitment Agreement accepted pursuant to this subsection (a), the Agency shall not refer the alleged violations which are the subject of the Compliance Commitment Agreement to the Office of the Illinois Attorney General or the State's Attorney of the county in which the alleged violation occurred. However, nothing in this subsection is intended to preclude the Agency from continuing negotiations with the person complained against or from proceeding pursuant to the provisions of subsection (b) of this Section for alleged violations which remain the subject of disagreement between the Agency and the person complained against following
fulfillment of the requirements of this subsection (a).

(11) Nothing in this subsection (a) is intended to preclude the person complained against from submitting to the Agency, by certified mail, at any time, notification that the person complained against consents to waiver of the requirements of subsections (a) and (b) of this Section.

(b) For alleged violations that remain the subject of disagreement between the Agency and the person complained against following fulfillment of the requirements of subsection (a) of this Section, and as a precondition to the Agency's referral or request to the Office of the Illinois Attorney General or the State's Attorney of the county in which the alleged violation occurred for legal representation regarding an alleged violation that may be addressed pursuant to subsection (c) or (d) of this Section or pursuant to Section 42 of this Act, the Agency shall issue and serve, by certified mail, upon the person complained against a written notice informing that person that the Agency intends to pursue legal action. Such notice shall notify the person complained against of the violations to be alleged and offer the person an opportunity to meet with appropriate Agency personnel in an effort to resolve any alleged violations that could lead to the filing of a formal complaint. The meeting with Agency personnel shall be held within 30 days of receipt of notice served pursuant to this subsection upon the person complained against, unless the Agency agrees to a postponement or the person notifies the Agency that he or she will not appear at a meeting within the 30 day time period. Nothing in this subsection is intended to preclude the Agency from following the provisions of subsection (c) or (d) of this Section or from requesting the legal representation of the Office of the Illinois Attorney General or the State's Attorney of the county in which the alleged violations occurred for alleged violations which remain the subject of disagreement between the Agency and the person complained against after the provisions of this subsection are fulfilled.

(c) (1) For alleged violations which remain the subject of disagreement between the Agency and the person complained against following waiver, pursuant to subdivision (10) of subsection (a) of this Section, or fulfillment of the requirements of subsections (a) and (b) of this Section, the Office of the Illinois Attorney General or the State's Attorney of the county in which the alleged violation occurred shall issue and serve upon the person complained against a written notice, together with a formal complaint, which shall specify the provision of the Act or the rule or regulation or permit or term or condition thereof under which such person is said to be in violation, and a statement of the manner in, and the extent to which such person is said to violate the Act or such rule or regulation or permit or term or condition thereof and shall require the person so complained against to answer the charges of such formal complaint at a hearing before the Board at a time not less than 21 days after the date of notice by the Board, except as provided in Section 34 of this Act. Such complaint shall be accompanied by a notification to the defendant that financing may be available, through the Illinois Environmental Facilities Financing Act, to correct such violation. A copy of such notice of such hearings shall also be sent to any person that has complained to the Agency respecting the respondent
within the six months preceding the date of the complaint, and to any person in the county in which the offending activity occurred that has requested notice of enforcement proceedings; 21 days notice of such hearings shall also be published in a newspaper of general circulation in such county. The respondent may file a written answer, and at such hearing the rules prescribed in Sections 32 and 33 of this Act shall apply. In the case of actual or threatened acts outside Illinois contributing to environmental damage in Illinois, the extraterritorial service-of-process provisions of Sections 2-208 and 2-209 of the Code of Civil Procedure shall apply.

With respect to notices served pursuant to this subsection (c)(1) which involve hazardous material or wastes in any manner, the Agency shall annually publish a list of all such notices served. The list shall include the date the investigation commenced, the date notice was sent, the date the matter was referred to the Attorney General, if applicable, and the current status of the matter.

(2) Notwithstanding the provisions of subdivision (1) of this subsection (c), whenever a complaint has been filed on behalf of the Agency or by the People of the State of Illinois, the parties may file with the Board a stipulation and proposal for settlement accompanied by a request for relief from the requirement of a hearing pursuant to subdivision (1). Unless the Board, in its discretion, concludes that a hearing will be held, the Board shall cause notice of the stipulation, proposal and request for relief to be published and sent in the same manner as is required for hearing pursuant to subdivision (1) of this subsection. The notice shall include a statement that any person may file a written demand for hearing within 21 days after receiving the notice. If any person files a timely written demand for hearing, the Board shall deny the request for relief from a hearing and shall hold a hearing in accordance with the provisions of subdivision (1).

(3) Notwithstanding the provisions of subdivision (1) of this subsection (c), if the Agency becomes aware of a violation of this Act arising from, or as a result of, voluntary pollution prevention activities, the Agency shall not proceed with the written notice required by subsection (a) of this Section unless:

(A) the person fails to take corrective action or eliminate the reported violation within a reasonable time; or

(B) the Agency believes that the violation poses a substantial and imminent danger to the public health or welfare or the environment. For the purposes of this item (B), "substantial and imminent danger" means a danger with a likelihood of serious or irreversible harm.

(d) Any person may file with the Board a complaint, meeting the requirements of subsection (c) of this Section, against any person allegedly violating this Act or any rule or regulation thereunder or any permit or term or condition thereof. The complainant shall immediately serve a copy of such complaint upon the person or persons named therein. Unless the Board determines that such complaint is duplicative or frivolous, it shall schedule a hearing and serve written notice thereof upon the person or persons named therein, in accord with subsection (c) of this Section.

(e) In hearings before the Board under this Title the burden shall be on the Agency or other complainant to show either that the respondent has caused or threatened to cause air or water pollution or that the respondent has violated or threatens to violate any provision of this Act or any rule or regulation of the Board or permit or term or condition thereof. If such proof has been made, the burden shall be on the respondent to show that compliance with the Board's regulations would impose an arbitrary or unreasonable hardship.

(f) The provisions of this Section shall not apply to administrative citation actions commenced under Section 31.1 of this Act.

Sec. 39. Issuance of permits; procedures.

(a) When the Board has by regulation required a permit for the construction, installation, or operation of any type of facility, equipment, vehicle, vessel, or aircraft, the applicant shall apply to the Agency for such permit and it shall be the duty of the Agency to issue such a permit upon proof by the applicant that the facility, equipment, vehicle, vessel, or aircraft will not cause a violation of this Act or of regulations hereunder. The Agency shall adopt such procedures as are necessary to carry out its duties under this Section. In granting permits the Agency may impose such conditions as may be necessary to accomplish the purposes of this Act, and as are not inconsistent with the regulations promulgated by the Board hereunder. Except as otherwise provided in this Act, a bond or other security shall not be required as a condition for the issuance of a permit. If the Agency denies any permit under this Section, the Agency shall transmit to the applicant within the time limitations of this Section specific, detailed statements as to the reasons the permit application was denied. Such statements shall include, but not be limited to the following:

(i) the Sections of this Act which may be violated if the permit were granted;
(ii) the provision of the regulations, promulgated under this Act, which may be violated if the permit were granted;
(iii) the specific type of information, if any, which the Agency deems the applicant did not provide the Agency; and
(iv) a statement of specific reasons why the Act and the regulations might not be met if the permit were granted.

If there is no final action by the Agency within 90 days after the filing of the application for permit, the applicant may deem the permit issued; except that this time period shall be extended to 180 days when (1) notice and opportunity for public hearing are required by State or federal law or regulation, (2) the application which was filed is for any permit to develop a landfill subject to issuance pursuant to this subsection, or (3) the application that was filed is for a MSWLF unit required to issue public notice under subsection (p) of Section 39. The 90-day and 180-day time periods for the Agency to take final action do not apply to NPDES permit applications under subsection (b) of this Section, to RCRA permit applications under subsection (d) of this Section, or to UIC permit applications under subsection (e) of this Section.

The Agency shall publish notice of all final permit determinations for development

permits for MSWLF units and for significant permit modifications for lateral expansions for existing MSWLF units one time in a newspaper of general circulation in the county in which the unit is or is proposed to be located.

After January 1, 1994 and until July 1, 1998, operating permits issued under this Section by the Agency for sources of air pollution permitted to emit less than 25 tons per year of any combination of regulated air pollutants, as defined in Section 39.5 of this Act, shall be required to be renewed only upon written request by the Agency consistent with applicable provisions of this Act and regulations promulgated hereunder. Such operating permits shall expire 180 days after the date of such a request. The Board shall revise its regulations for the existing State air pollution operating permit program consistent with this provision by January 1, 1994.

After June 30, 1998, operating permits issued under this Section by the Agency for sources of air pollution that are not subject to Section 39.5 of this Act and are not required to have a federally enforceable State operating permit shall be required to be renewed only upon written request by the Agency consistent with applicable provisions of this Act and its rules. Such operating permits shall expire 180 days after the date of such a request. Before July 1, 1998, the Board shall revise its rules for the existing State air pollution operating permit program consistent with this paragraph and shall adopt rules that require a source to demonstrate that it qualifies for a permit under this paragraph.

(b) The Agency may issue NPDES permits exclusively under this subsection for the discharge of contaminants from point sources into navigable waters, all as defined in the Federal Water Pollution Control Act, as now or hereafter amended, within the jurisdiction of the State, or into any well.

All NPDES permits shall contain those terms and conditions, including but not limited to schedules of compliance, which may be required to accomplish the purposes and provisions of this Act.

The Agency may issue general NPDES permits for discharges from categories of point sources which are subject to the same permit limitations and conditions. Such general permits may be issued without individual applications and shall conform to regulations promulgated under Section 402 of the Federal Water Pollution Control Act, as now or hereafter amended.

The Agency may include, among such conditions, effluent limitations and other requirements established under this Act, Board regulations, the Federal Water Pollution Control Act, as now or hereafter amended, and regulations pursuant thereto, and schedules for achieving compliance therewith at the earliest reasonable date.

The Agency shall adopt filing requirements and procedures which are necessary and appropriate for the issuance of NPDES permits, and which are consistent with the Act or regulations adopted by the Board, and with the Federal Water Pollution Control Act, as now or hereafter amended, and regulations pursuant thereto.

The Agency, subject to any conditions which may be prescribed by Board regulations, may issue NPDES permits to allow discharges beyond deadlines established by this Act or by regulations of the Board without the requirement of a variance, subject to the Federal

Water Pollution Control Act, as now or hereafter amended, and regulations pursuant thereto.

(c) Except for those facilities owned or operated by sanitary districts organized under the Metropolitan Water Reclamation District Act, no permit for the development or construction of a new pollution control facility may be granted by the Agency unless the applicant submits proof to the Agency that the location of the facility has been approved by the County Board of the county if in an unincorporated area, or the governing body of the municipality when in an incorporated area, in which the facility is to be located in accordance with Section 39.2 of this Act.

In the event that siting approval granted pursuant to Section 39.2 has been transferred to a subsequent owner or operator, that subsequent owner or operator may apply to the Agency for, and the Agency may grant, a development or construction permit for the facility for which local siting approval was granted. Upon application to the Agency for a development or construction permit by that subsequent owner or operator, the permit applicant shall cause written notice of the permit application to be served upon the appropriate county board or governing body of the municipality that granted siting approval for that facility and upon any party to the siting proceeding pursuant to which siting approval was granted. In that event, the Agency shall conduct an evaluation of the subsequent owner or operator's prior experience in waste management operations in the manner conducted under subsection (i) of Section 39 of this Act.

Beginning August 20, 1993, if the pollution control facility consists of a hazardous or solid waste disposal facility for which the proposed site is located in an unincorporated area of a county with a population of less than 100,000 and includes all or a portion of a parcel of land that was, on April 1, 1993, adjacent to a municipality having a population of less than 5,000, then the local siting review required under this subsection (c) in conjunction with any permit applied for after that date shall be performed by the governing body of that adjacent municipality rather than the county board of the county in which the proposed site is located; and for the purposes of that local siting review, any references in this Act to the county board shall be deemed to mean the governing body of that adjacent municipality; provided, however, that the provisions of this paragraph shall not apply to any proposed site which was, on April 1, 1993, owned in whole or in part by another municipality.

In the case of a pollution control facility for which a development permit was issued before November 12, 1981, if an operating permit has not been issued by the Agency prior to August 31, 1989 for any portion of the facility, then the Agency may not issue or renew any development permit nor issue an original operating permit for any portion of such facility unless the applicant has submitted proof to the Agency that the location of the facility has been approved by the appropriate county board or municipal governing body pursuant to Section 39.2 of this Act.

After January 1, 1994, if a solid waste disposal facility, any portion for which an operating permit has been issued by the Agency, has not accepted waste disposal for 5 or more consecutive calendars years, before that facility may accept any new or additional waste for disposal, the owner and operator must obtain a new operating permit under this Act for that facility unless the owner and operator have applied to the Agency for a permit

authorizing the temporary suspension of waste acceptance. The Agency may not issue a new operation permit under this Act for the facility unless the applicant has submitted proof to the Agency that the location of the facility has been approved or re-approved by the appropriate county board or municipal governing body under Section 39.2 of this Act after the facility ceased accepting waste.

Except for those facilities owned or operated by sanitary districts organized under the Metropolitan Water Reclamation District Act, and except for new pollution control facilities governed by Section 39.2, and except for fossil fuel mining facilities, the granting of a permit under this Act shall not relieve the applicant from meeting and securing all necessary zoning approvals from the unit of government having zoning jurisdiction over the proposed facility.

Before beginning construction on any new sewage treatment plant or sludge drying site to be owned or operated by a sanitary district organized under the Metropolitan Water Reclamation District Act for which a new permit (rather than the renewal or amendment of an existing permit) is required, such sanitary district shall hold a public hearing within the municipality within which the proposed facility is to be located, or within the nearest community if the proposed facility is to be located within an unincorporated area, at which information concerning the proposed facility shall be made available to the public, and members of the public shall be given the opportunity to express their views concerning the proposed facility.

The Agency may issue a permit for a municipal waste transfer station without requiring approval pursuant to Section 39.2 provided that the following demonstration is made:

(1) the municipal waste transfer station was in existence on or before January 1, 1979 and was in continuous operation from January 1, 1979 to January 1, 1993;
(2) the operator submitted a permit application to the Agency to develop and operate the municipal waste transfer station during April of 1994;
(3) the operator can demonstrate that the county board of the county, if the municipal waste transfer station is in an unincorporated area, or the governing body of the municipality, if the station is in an incorporated area, does not object to resumption of the operation of the station; and
(4) the site has local zoning approval.

(d) The Agency may issue RCRA permits exclusively under this subsection to persons owning or operating a facility for the treatment, storage, or disposal of hazardous waste as defined under this Act.

All RCRA permits shall contain those terms and conditions, including but not limited to schedules of compliance, which may be required to accomplish the purposes and provisions of this Act. The Agency may include among such conditions standards and other requirements established under this Act, Board regulations, the Resource Conservation and Recovery Act of 1976 (P.L. 94-580), as amended, and regulations pursuant thereto, and may include schedules for achieving compliance therewith as soon as possible. The Agency shall require that a performance bond or other security be provided as a condition for the issuance of a RCRA permit.

In the case of a permit to operate a hazardous waste or PCB incinerator as defined in subsection (k) of Section 44, the Agency shall require, as a condition of the permit, that the operator of the facility perform such analyses of the waste to be incinerated as may be necessary and appropriate to ensure the safe operation of the incinerator.

The Agency shall adopt filing requirements and procedures which are necessary and appropriate for the issuance of RCRA permits, and which are consistent with the Act or regulations adopted by the Board, and with the Resource Conservation and Recovery Act of 1976 (P.L. 94-580), as amended, and regulations pursuant thereto.

The applicant shall make available to the public for inspection all documents submitted by the applicant to the Agency in furtherance of an application, with the exception of trade secrets, at the office of the county board or governing body of the municipality. Such documents may be copied upon payment of the actual cost of reproduction during regular business hours of the local office. The Agency shall issue a written statement concurrent with its grant or denial of the permit explaining the basis for its decision.

(e) The Agency may issue UIC permits exclusively under this subsection to persons owning or operating a facility for the underground injection of contaminants as defined under this Act.

All UIC permits shall contain those terms and conditions, including but not limited to schedules of compliance, which may be required to accomplish the purposes and provisions of this Act. The Agency may include among such conditions standards and other requirements established under this Act, Board regulations, the Safe Drinking Water Act (P.L. 93-523), as amended, and regulations pursuant thereto, and may include schedules for achieving compliance therewith. The Agency shall require that a performance bond or other security be provided as a condition for the issuance of a UIC permit.

The Agency shall adopt filing requirements and procedures which are necessary and appropriate for the issuance of UIC permits, and which are consistent with the Act or regulations adopted by the Board, and with the Safe Drinking Water Act (P.L. 93-523), as amended, and regulations pursuant thereto.

The applicant shall make available to the public for inspection, all documents submitted by the applicant to the Agency in furtherance of an application, with the exception of trade secrets, at the office of the county board or governing body of the municipality. Such documents may be copied upon payment of the actual cost of reproduction during regular business hours of the local office. The Agency shall issue a written statement concurrent with its grant or denial of the permit explaining the basis for its decision.

(f) In making any determination pursuant to Section 9.1 of this Act:

(1) The Agency shall have authority to make the determination of any question required to be determined by the Clean Air Act, as now or hereafter amended, this Act, or the regulations of the Board, including the determination of the Lowest Achievable Emission Rate, Maximum Achievable Control Technology, or Best Available Control Technology, consistent with the Board's regulations, if any.

(2) The Agency shall, after conferring with the applicant, give written notice to the applicant of its proposed decision on the application including the terms and

conditions of the permit to be issued and the facts, conduct or other basis upon which the Agency will rely to support its proposed action.

(3) Following such notice, the Agency shall give the applicant an opportunity for a hearing in accordance with the provisions of Sections 10-25 through 10-60 of the Illinois Administrative Procedure Act.

(g) The Agency shall include as conditions upon all permits issued for hazardous waste disposal sites such restrictions upon the future use of such sites as are reasonably necessary to protect public health and the environment, including permanent prohibition of the use of such sites for purposes which may create an unreasonable risk of injury to human health or to the environment. After administrative and judicial challenges to such restrictions have been exhausted, the Agency shall file such restrictions of record in the Office of the Recorder of the county in which the hazardous waste disposal site is located.

(h) A hazardous waste stream may not be deposited in a permitted hazardous waste site unless specific authorization is obtained from the Agency by the generator and disposal site owner and operator for the deposit of that specific hazardous waste stream. The Agency may grant specific authorization for disposal of hazardous waste streams only after the generator has reasonably demonstrated that, considering technological feasibility and economic reasonableness, the hazardous waste cannot be reasonably recycled for reuse, nor incinerated or chemically, physically or biologically treated so as to neutralize the hazardous waste and render it nonhazardous. In granting authorization under this Section, the Agency may impose such conditions as may be necessary to accomplish the purposes of the Act and are consistent with this Act and regulations promulgated by the Board hereunder. If the Agency refuses to grant authorization under this Section, the applicant may appeal as if the Agency refused to grant a permit, pursuant to the provisions of subsection (a) of Section 40 of this Act. For purposes of this subsection (h), the term "generator" has the meaning given in Section 3.205 3.12 of this Act, unless: (1) the hazardous waste is treated, incinerated, or partially recycled for reuse prior to disposal, in which case the last person who treats, incinerates, or partially recycles the hazardous waste prior to disposal is the generator; or (2) the hazardous waste is from a response action, in which case the person performing the response action is the generator. This subsection (h) does not apply to any hazardous waste that is restricted from land disposal under 35 Ill. Adm. Code 728.

(i) Before issuing any RCRA permit or any permit for a waste storage site, sanitary landfill, waste disposal site, waste transfer station, waste treatment facility, waste incinerator, or any waste-transportation operation, the Agency shall conduct an evaluation of the prospective owner's or operator's prior experience in waste management operations. The Agency may deny such a permit if the prospective owner or operator or any employee or officer of the prospective owner or operator has a history of:

(1) repeated violations of federal, State, or local laws, regulations, standards, or ordinances in the operation of waste management facilities or sites; or

(2) conviction in this or another State of any crime which is a felony under the laws of this State, or conviction of a felony in a federal court; or

(3) proof of gross carelessness or incompetence in handling, storing,
processing, transporting or disposing of waste.

(j) The issuance under this Act of a permit to engage in the surface mining of any resources other than fossil fuels shall not relieve the permittee from its duty to comply with any applicable local law regulating the commencement, location or operation of surface mining facilities.

(k) A development permit issued under subsection (a) of Section 39 for any facility or site which is required to have a permit under subsection (d) of Section 21 shall expire at the end of 2 calendar years from the date upon which it was issued, unless within that period the applicant has taken action to develop the facility or the site. In the event that review of the conditions of the development permit is sought pursuant to Section 40 or 41, or permittee is prevented from commencing development of the facility or site by any other litigation beyond the permittee's control, such two-year period shall be deemed to begin on the date upon which such review process or litigation is concluded.

(l) No permit shall be issued by the Agency under this Act for construction or operation of any facility or site located within the boundaries of any setback zone established pursuant to this Act, where such construction or operation is prohibited.

(m) The Agency may issue permits to persons owning or operating a facility for composting landscape waste. In granting such permits, the Agency may impose such conditions as may be necessary to accomplish the purposes of this Act, and as are not inconsistent with applicable regulations promulgated by the Board. Except as otherwise provided in this Act, a bond or other security shall not be required as a condition for the issuance of a permit. If the Agency denies any permit pursuant to this subsection, the Agency shall transmit to the applicant within the time limitations of this subsection specific, detailed statements as to the reasons the permit application was denied. Such statements shall include but not be limited to the following:

1. the Sections of this Act that may be violated if the permit were granted;
2. the specific regulations promulgated pursuant to this Act that may be violated if the permit were granted;
3. the specific information, if any, the Agency deems the applicant did not provide in its application to the Agency; and
4. a statement of specific reasons why the Act and the regulations might be violated if the permit were granted.

If no final action is taken by the Agency within 90 days after the filing of the application for permit, the applicant may deem the permit issued. Any applicant for a permit may waive the 90 day limitation by filing a written statement with the Agency.

The Agency shall issue permits for such facilities upon receipt of an application that includes a legal description of the site, a topographic map of the site drawn to the scale of 200 feet to the inch or larger, a description of the operation, including the area served, an estimate of the volume of materials to be processed, and documentation that:

1. the facility includes a setback of at least 200 feet from the nearest potable water supply well;
2. the facility is located outside the boundary of the 10-year floodplain or the

site will be floodproofed;

(3) the facility is located so as to minimize incompatibility with the character of the surrounding area, including at least a 200 foot setback from any residence, and in the case of a facility that is developed or the permitted composting area of which is expanded after November 17, 1991, the composting area is located at least 1/8 mile from the nearest residence (other than a residence located on the same property as the facility);

(4) the design of the facility will prevent any compost material from being placed within 5 feet of the water table, will adequately control runoff from the site, and will collect and manage any leachate that is generated on the site;

(5) the operation of the facility will include appropriate dust and odor control measures, limitations on operating hours, appropriate noise control measures for shredding, chipping and similar equipment, management procedures for composting, containment and disposal of non-compostable wastes, procedures to be used for terminating operations at the site, and recordkeeping sufficient to document the amount of materials received, composted and otherwise disposed of; and

(6) the operation will be conducted in accordance with any applicable rules adopted by the Board.

The Agency shall issue renewable permits of not longer than 10 years in duration for the composting of landscape wastes, as defined in Section 3.155 of this Act, based on the above requirements.

The operator of any facility permitted under this subsection (m) must submit a written annual statement to the Agency on or before April 1 of each year that includes an estimate of the amount of material, in tons, received for composting.

(n) The Agency shall issue permits jointly with the Department of Transportation for the dredging or deposit of material in Lake Michigan in accordance with Section 18 of the Rivers, Lakes, and Streams Act.

(o) (Blank.) From September 4, 1990 until December 31, 1993, no permit shall be issued by the Agency for the development or construction of any new facility intended to be used for the incineration of any hazardous waste. This subsection shall not apply to facilities intended for use for combustion of potentially infectious medical waste, for use as part of a State or federally designated clean-up action, or for use solely for the conduct of research and the development and demonstration of technologies for the incineration of hazardous waste.

(p) (1) Any person submitting an application for a permit for a new MSWLF unit or for a lateral expansion under subsection (t) of Section 21 of this Act for an existing MSWLF unit that has not received and is not subject to local siting approval under Section 39.2 of this Act shall publish notice of the application in a newspaper of general circulation in the county in which the MSWLF unit is or is proposed to be located. The notice must be published at least 15 days before submission of the permit application to the Agency. The notice shall state the name and address of the applicant, the location of the MSWLF unit or proposed MSWLF unit, the nature and size of the MSWLF unit or proposed MSWLF unit, the nature of the activity proposed, the probable life of the proposed activity, the date the permit
application will be submitted, and a statement that persons may file written comments with the Agency concerning the permit application within 30 days after the filing of the permit application unless the time period to submit comments is extended by the Agency.

When a permit applicant submits information to the Agency to supplement a permit application being reviewed by the Agency, the applicant shall not be required to reissue the notice under this subsection.

(2) The Agency shall accept written comments concerning the permit application that are postmarked no later than 30 days after the filing of the permit application, unless the time period to accept comments is extended by the Agency.

(3) Each applicant for a permit described in part (1) of this subsection shall file a copy of the permit application with the county board or governing body of the municipality in which the MSWLF unit is or is proposed to be located at the same time the application is submitted to the Agency. The permit application filed with the county board or governing body of the municipality shall include all documents submitted to or to be submitted to the Agency, except trade secrets as determined under Section 7.1 of this Act. The permit application and other documents on file with the county board or governing body of the municipality shall be made available for public inspection during regular business hours at the office of the county board or the governing body of the municipality and may be copied upon payment of the actual cost of reproduction.

(415 ILCS 5/39.2) (from Ch. 111 1/2, par. 1039.2)
Sec. 39.2. Local siting review.
(a) The county board of the county or the governing body of the municipality, as determined by paragraph (c) of Section 39 of this Act, shall approve or disapprove the request for local siting approval for each pollution control facility which is subject to such review. An applicant for local siting approval shall submit sufficient details describing the proposed facility to demonstrate compliance, and local siting approval shall be granted only if the proposed facility meets the following criteria:

(i) the facility is necessary to accommodate the waste needs of the area it is intended to serve;

(ii) the facility is so designed, located and proposed to be operated that the public health, safety and welfare will be protected;

(iii) the facility is located so as to minimize incompatibility with the character of the surrounding area and to minimize the effect on the value of the surrounding property;

(iv) (A) for a facility other than a sanitary landfill or waste disposal site, the facility is located outside the boundary of the 100 year flood plain or the site is flood-proofed; (B) for a facility that is a sanitary landfill or waste disposal site, the facility is located outside the boundary of the 100-year floodplain, or if the facility is a facility described in subsection (b)(3) of Section 22.19a, the site is flood-proofed;

(v) the plan of operations for the facility is designed to minimize the danger
to the surrounding area from fire, spills, or other operational accidents;

(vi) the traffic patterns to or from the facility are so designed as to minimize the impact on existing traffic flows;

(vii) if the facility will be treating, storing or disposing of hazardous waste, an emergency response plan exists for the facility which includes notification, containment and evacuation procedures to be used in case of an accidental release;

(viii) if the facility is to be located in a county where the county board has adopted a solid waste management plan consistent with the planning requirements of the Local Solid Waste Disposal Act or the Solid Waste Planning and Recycling Act, the facility is consistent with that plan; and

(ix) if the facility will be located within a regulated recharge area, any applicable requirements specified by the Board for such areas have been met.

The county board or the governing body of the municipality may also consider as evidence the previous operating experience and past record of convictions or admissions of violations of the applicant (and any subsidiary or parent corporation) in the field of solid waste management when considering criteria (ii) and (v) under this Section.

(b) No later than 14 days prior to a request for site location approval, the applicant shall cause written notice of such request to be served either in person or by registered mail, return receipt requested, on the owners of all property within the subject area not solely owned by the applicant, and on the owners of all property within 250 feet in each direction of the lot line of the subject property, said owners being such persons or entities which appear from the authentic tax records of the County in which such facility is to be located; provided, that the number of all feet occupied by all public roads, streets, alleys and other public ways shall be excluded in computing the 250 feet requirement; provided further, that in no event shall this requirement exceed 400 feet, including public streets, alleys and other public ways.

Such written notice shall also be served upon members of the General Assembly from the legislative district in which the proposed facility is located and shall be published in a newspaper of general circulation published in the county in which the site is located.

Such notice shall state the name and address of the applicant, the location of the proposed site, the nature and size of the development, the nature of the activity proposed, the probable life of the proposed activity, the date when the request for site approval will be submitted, and a description of the right of persons to comment on such request as hereafter provided.

(c) An applicant shall file a copy of its request with the county board of the county or the governing body of the municipality in which the proposed site is located. The request shall include (i) the substance of the applicant's proposal and (ii) all documents, if any, submitted as of that date to the Agency pertaining to the proposed facility, except trade secrets as determined under Section 7.1 of this Act. All such documents or other materials on file with the county board or governing body of the municipality shall be made available for public inspection at the office of the county board or the governing body of the

municipality and may be copied upon payment of the actual cost of reproduction.

Any person may file written comment with the county board or governing body of the municipality concerning the appropriateness of the proposed site for its intended purpose. The county board or governing body of the municipality shall consider any comment received or postmarked not later than 30 days after the date of the last public hearing.

(d) At least one public hearing is to be held by the county board or governing body of the municipality no sooner than 90 days but no later than 120 days after the date on which it received from receipt of the request for site approval. No later than 14 days prior to such hearing, notice shall be published in a newspaper of general circulation published in the county of the proposed site, and delivered by certified mail to all members of the General Assembly from the district in which the proposed site is located, to the governing authority of every municipality contiguous to the proposed site or contiguous to the municipality in which the proposed site is to be located, to the county board of the county where the proposed site is to be located, if the proposed site is located within the boundaries of a municipality, and to the Agency. Members or representatives of the governing authority of a municipality contiguous to the proposed site or contiguous to the municipality in which the proposed site is to be located and, if the proposed site is located in a municipality, members or representatives of the county board of a county in which the proposed site is to be located may appear at and participate in public hearings held pursuant to this Section. The public hearing shall develop a record sufficient to form the basis of appeal of the decision in accordance with Section 40.1 of this Act. The fact that a member of the county board or governing body of the municipality has publicly expressed an opinion on an issue related to a site review proceeding shall not preclude the member from taking part in the proceeding and voting on the issue.

(e) Decisions of the county board or governing body of the municipality are to be in writing, specifying the reasons for the decision, such reasons to be in conformance with subsection (a) of this Section. In granting approval for a site the county board or governing body of the municipality may impose such conditions as may be reasonable and necessary to accomplish the purposes of this Section and as are not inconsistent with regulations promulgated by the Board. Such decision shall be available for public inspection at the office of the county board or governing body of the municipality and may be copied upon payment of the actual cost of reproduction. If there is no final action by the county board or governing body of the municipality within 180 days after the date on which it received filing of the request for site approval, the applicant may deem the request approved.

At any time prior to completion by the applicant of the presentation of the applicant's factual evidence and an opportunity for cross-questioning by the county board or governing body of the municipality and any participants, the applicant may file not more than one amended application upon payment of additional fees pursuant to subsection (k); in which case the time limitation for final action set forth in this subsection (e) shall be extended for an additional period of 90 days.

If, prior to making a final local siting decision, a county board or governing body of a municipality has negotiated and entered into a host agreement with the local siting

applicant, the terms and conditions of the host agreement, whether written or oral, shall be
disclosed and made a part of the hearing record for that local siting proceeding. In the case
of an oral agreement, the disclosure shall be made in the form of a written summary jointly
prepared and submitted by the county board or governing body of the municipality and the
siting applicant and shall describe the terms and conditions of the oral agreement.

(e-5) Siting approval obtained pursuant to this Section is transferable and may be
transferred to a subsequent owner or operator. In the event that siting approval has been
transferred to a subsequent owner or operator, that subsequent owner or operator assumes
and takes subject to any and all conditions imposed upon the prior owner or operator by the
county board of the county or governing body of the municipality pursuant to subsection (e).
However, any such conditions imposed pursuant to this Section may be modified by
agreement between the subsequent owner or operator and the appropriate county board or
governing body. Further, in the event that siting approval obtained pursuant to this Section
has been transferred to a subsequent owner or operator, that subsequent owner or operator
assumes all rights and obligations and takes the facility subject to any and all terms and
conditions of any existing host agreement between the prior owner or operator and the
appropriate county board or governing body.

(f) A local siting approval granted under this Section shall expire at the end of 2
calendar years from the date upon which it was granted, unless the local siting approval
granted under this Section is for a sanitary landfill operation, in which case the approval shall
expire at the end of 3 calendar years from the date upon which it was granted, and unless
within that period the applicant has made application to the Agency for a permit to develop
the site. In the event that the local siting decision has been appealed, such expiration period
shall be deemed to begin on the date upon which the appeal process is concluded.

Except as otherwise provided in this subsection, upon the expiration of a
development permit under subsection (k) of Section 39, any associated local siting approval
granted for the facility under this Section shall also expire.

If a first development permit for a municipal waste incineration facility expires under
subsection (k) of Section 39 after September 30, 1989 due to circumstances beyond the
control of the applicant, any associated local siting approval granted for the facility under this
Section may be used to fulfill the local siting approval requirement upon application for a
second development permit for the same site, provided that the proposal in the new
application is materially the same, with respect to the criteria in subsection (a) of this
Section, as the proposal that received the original siting approval, and application for the
second development permit is made before January 1, 1990.

(g) The siting approval procedures, criteria and appeal procedures provided for in this
Act for new pollution control facilities shall be the exclusive siting procedures and rules and
appeal procedures for facilities subject to such procedures. Local zoning or other local land
use requirements shall not be applicable to such siting decisions.

(h) Nothing in this Section shall apply to any existing or new pollution control facility
located within the corporate limits of a municipality with a population of over 1,000,000.

(i) (Blank.) The Department shall make a study of technical considerations relating

to the siting of new pollution control facilities. Such study shall include, but need not be limited to, a determination of the geologic and hydrologic conditions in the State most suitable for the siting of such facilities, the establishment of a data base on such conditions in Illinois, and recommendations for the establishment of technical guidelines and criteria to be used in making such siting decisions. The Department shall report such study and recommendations to the General Assembly, the Governor, the Board and the public no later than October 1, 1984.

The Board shall adopt regulations establishing the geologic and hydrologic siting criteria necessary to protect usable groundwater resources which are to be followed by the Agency in its review of permit applications for new pollution control facilities. Such regulations, insofar as they apply to new pollution control facilities authorized to store, treat or dispose of any hazardous waste, shall be at least as stringent as the requirements of the Resource Conservation and Recovery Act and any State or federal regulations adopted pursuant thereto.

(j) Any new pollution control facility which has never obtained local siting approval under the provisions of this Section shall be required to obtain such approval after a final decision on an appeal of a permit denial.

(k) A county board or governing body of a municipality may charge applicants for siting review under this Section a reasonable fee to cover the reasonable and necessary costs incurred by such county or municipality in the siting review process.

(l) The governing Authority as determined by subsection (c) of Section 39 of this Act may request the Department of Transportation to perform traffic impact studies of proposed or potential locations for required pollution control facilities.

(m) An applicant may not file a request for local siting approval which is substantially the same as a request which was disapproved pursuant to a finding against the applicant under any of criteria (i) through (ix) of subsection (a) of this Section within the preceding 2 years.

(n) In any review proceeding of a decision of the county board or governing body of a municipality made pursuant to the local siting review process, the petitioner in the review proceeding shall pay to the county or municipality the cost of preparing and certifying the record of proceedings. Should the petitioner in the review proceeding fail to make payment, the provisions of Section 3-109 of the Code of Civil Procedure shall apply.

In the event the petitioner is a citizens' group that participated in the siting proceeding and is so located as to be affected by the proposed facility, such petitioner shall be exempt from paying the costs of preparing and certifying the record.

(o) Notwithstanding any other provision of this Section, a transfer station used exclusively for landscape waste, where landscape waste is held no longer than 24 hours from the time it was received, is not subject to the requirements of local siting approval under this Section, but is subject only to local zoning approval.

Sec. 39.3. Hazardous waste facilities.

(a) The provisions of this Section apply to any application for a permit under the Solid Waste Rules of the Board's Rules and Regulations to develop a new pollution control facility for the disposal of hazardous waste, and to any application to modify the development of an existing site or facility which would allow the disposal of hazardous waste for the first time. The requirements of this Section are in addition to any other procedures as may be required by law.

(b) Any application for a permit under this Section shall be made to the Agency, and shall be accompanied by proof that notice of the application has been served upon the Attorney General, the State's Attorney and the Chairman of the County Board of the county in which the facility is proposed to be located, each member of the General Assembly from the legislative district in which the facility is proposed to be located, and the clerk of each municipality, any portion of which is within three miles of the boundary of the facility. Upon the request of any person upon whom notice is required to be served, the applicant shall promptly furnish a copy of the application to the person making the request.

(c) (i) Not more than 90 days after receipt of a complete application for a permit under this Section, the Agency shall give public notice of its preliminary determination to either issue or deny the permit, and shall give notice of the opportunity for a public hearing on that preliminary determination under this Section. Upon the request of the permit applicant, or of any other person who is admitted as a party pursuant to subsection (d), the Agency shall schedule a public hearing pursuant to subsection (e).

(ii) The Agency notice shall be published in a newspaper of general circulation in the county in which the site is proposed to be located, and shall be served upon the Attorney General, the State's Attorney and the Chairman of the County Board of the county in which the facility is proposed to be located, each member of the General Assembly from the legislative district in which the facility is proposed to be located, and the clerk of each municipality, any portion of which is within three miles of the boundary of the facility.

(iii) The contents, form, and manner of service of the Agency notice shall conform to the requirements of Section 10-25 of the Illinois Administrative Procedure Act.

(d) Within 60 days after the date of the Agency notice required by subsection (c) of this Section, any person who may be adversely affected by an Agency decision on the permit application may petition the Agency to intervene before the Agency as a party. The petition to intervene shall contain a short and plain statement identifying the petitioner and stating the petitioner's interest. The petitioner shall serve the petition upon the applicant for the permit and upon any other persons who have petitioned to intervene. Unless the Agency determines that the petition is duplicative or frivolous, it shall admit the petitioner as a party.

(e) (i) Not less than 60 days nor more than 180 days after the date of the Agency notice required by subsection (c) of this Section, the Agency shall commence the public hearing required by this Section.

(ii) The public hearing and other proceedings required by this Section shall be conducted in accordance with the provisions concerning contested cases of the Illinois

Administrative Procedure Act.

(iii) The public hearing required by this Section may, with the concurrence of the Agency, the permit applicant and the County Board of the county or the governing body of the municipality, be conducted jointly with the public hearing required by Section 39.2 of this Act.

(iv) All documents submitted to the Agency in connection with the public hearing shall be reproduced and filed at the office of the county board or governing body of the municipality and may be copied upon payment of the actual cost of reproduction.

(f) Within sixty days of the completion of the public hearing required by this Section the Agency shall render a final decision either granting or denying the permit.

(g) The Agency shall adopt such procedural rules as may be necessary and appropriate to carry out its duties under this Section which are not inconsistent with the requirements of this Section. In adopting such procedural rules the Agency shall follow the requirements concerning rulemaking of the Illinois Administrative Procedure Act.

(h) This Section shall not apply to permits issued by the Agency pursuant to authority delegated from the United States pursuant to the Resource Conservation and Recovery Act of 1976, P.L. 94-580, as amended, or the Safe Drinking Water Act, P.L. 93-523, as amended.

Sec. 40. Appeal of permit denial.

(a) (1) If the Agency refuses to grant or grants with conditions a permit under Section 39 of this Act, the applicant may, within 35 days after the date on which the Agency served its decision on the applicant, petition for a hearing before the Board to contest the decision of the Agency. However, the 35-day period for petitioning for a hearing may be extended for an additional period of time not to exceed 90 days by written notice provided to the Board from the applicant and the Agency within the initial appeal period. The Board shall give 21 day notice to any person in the county where is located the facility in issue who has requested notice of enforcement proceedings and to each member of the General Assembly in whose legislative district that installation or property is located; and shall publish that 21 day notice in a newspaper of general circulation in that county. The Agency shall appear as respondent in such hearing. At such hearing the rules prescribed in Section 32 and subsection (a) of Section 33 of this Act shall apply, and the burden of proof shall be on the petitioner. If, however, the Agency issues an NPDES permit that imposes limits which are based upon a criterion or denies a permit based upon application of a criterion, then the Agency shall have the burden of going forward with the basis for the derivation of those limits or criterion which were derived under the Board's rules.

(2) Except as provided in paragraph (a)(3), if there is no final action by the Board within 120 days after the date on which it received the petition, the petitioner may deem the permit issued under this Act, provided, however, that that period of 120 days shall not run for any period of time, not to exceed 30 days, during which the Board is without sufficient membership to constitute the quorum required by subsection (a) of Section 5 of this Act, and provided further that such 120 day period shall not be stayed for lack of quorum beyond 30
days regardless of whether the lack of quorum exists at the beginning of such 120 day period or occurs during the running of such 120 day period.

(3) Paragraph (a)(2) shall not apply to any permit which is subject to subsection (b), (d) or (e) of Section 39. If there is no final action by the Board within 120 days after the date on which it received the petition, the petitioner shall be entitled to an Appellate Court order pursuant to subsection (d) of Section 41 of this Act.

(b) If the Agency grants a RCRA permit for a hazardous waste disposal site, a third party, other than the permit applicant or Agency, may, within 35 days after the date on which the Agency issued its decision, petition the Board for a hearing to contest the issuance of the permit. Unless the Board determines that such petition is duplicative or frivolous, or that the petitioner is so located as to not be affected by the permitted facility, the Board shall hear the petition in accordance with the terms of subsection (a) of this Section and its procedural rules governing denial appeals, such hearing to be based exclusively on the record before the Agency. The burden of proof shall be on the petitioner. The Agency and the permit applicant shall be named co-respondents.

The provisions of this subsection do not apply to the granting of permits issued for the disposal or utilization of sludge from publicly-owned sewage works.

(c) Any party to an Agency proceeding conducted pursuant to Section 39.3 of this Act may petition as of right to the Board for review of the Agency's decision within 35 days from the date of issuance of the Agency's decision, provided that such appeal is not duplicative or frivolous. However, the 35-day period for petitioning for a hearing may be extended by the applicant for a period of time not to exceed 90 days by written notice provided to the Board from the applicant and the Agency within the initial appeal period. If another person with standing to appeal wishes to obtain an extension, there must be a written notice provided to the Board by that person, the Agency, and the applicant, within the initial appeal period. The decision of the Board shall be based exclusively on the record compiled in the Agency proceeding. In other respects the Board's review shall be conducted in accordance with subsection (a) of this Section and the Board's procedural rules governing permit denial appeals.

(d) In reviewing the denial or any condition of a permit issued by the Agency pursuant to rules and regulations adopted under subsection (c) of Section 9.1 of this Act, the decision of the Board shall be based exclusively on the record before the Agency including the record of the hearing, if any, held pursuant to paragraph (f)(3) of Section 39 unless the parties agree to supplement the record. The Board shall, if it finds the Agency is in error, make a final determination as to the substantive limitations of the permit including a final determination of Lowest Achievable Emission Rate or Best Available Control Technology.

(e) (1) If the Agency grants or denies a permit under subsection (b) of Section 39 of this Act, a third party, other than the permit applicant or Agency, may petition the Board within 35 days from the date of issuance of the Agency's decision, for a hearing to contest the decision of the Agency.

(2) A petitioner shall include the following within a petition submitted under subdivision (1) of this subsection:

New matter indicated by italics - deletions by strikeout.
(A) a demonstration that the petitioner raised the issues contained within the petition during the public notice period or during the public hearing on the NPDES permit application, if a public hearing was held; and
(B) a demonstration that the petitioner is so situated as to be affected by the permitted facility.
(3) If the Board determines that the petition is not duplicative or frivolous and contains a satisfactory demonstration under subdivision (2) of this subsection, the Board shall hear the petition (i) in accordance with the terms of subsection (a) of this Section and its procedural rules governing permit denial appeals and (ii) exclusively on the basis of the record before the Agency. The burden of proof shall be on the petitioner. The Agency and permit applicant shall be named co-respondents.
(f) Any person who files a petition to contest the issuance of a permit by the Agency shall pay a filing fee.

Sec. 40.1. Appeal of siting approval.
(a) If the county board or the governing body of the municipality, as determined by paragraph (c) of Section 39 of this Act, refuses to grant or grants with conditions approval under Section 39.2 of this Act, the applicant may, within 35 days after the date on which the local siting authority disapproved or conditionally approved siting, petition for a hearing before the Board to contest the decision of the county board or the governing body of the municipality. The Board shall publish 21 day notice of the hearing on the appeal in a newspaper of general circulation published in that county. The county board or governing body of the municipality shall appear as respondent in such hearing, and such hearing shall be based exclusively on the record before the county board or the governing body of the municipality. At such hearing the rules prescribed in Sections 32 and 33 (a) of this Act shall apply, and the burden of proof shall be on the petitioner; however, no new or additional evidence in support of or in opposition to any finding, order, determination or decision of the appropriate county board or governing body of the municipality shall be heard by the Board. In making its orders and determinations under this Section the Board shall include in its consideration the written decision and reasons for the decision of the county board or the governing body of the municipality, the transcribed record of the hearing held pursuant to subsection (d) of Section 39.2, and the fundamental fairness of the procedures used by the county board or the governing body of the municipality in reaching its decision. The Board shall transmit a copy of its decision to the office of the county board or governing body of the municipality where it shall be available for public inspection and copied upon payment of the actual cost of reproduction. If there is no final action by the Board within 120 days after the date on which it received the petition, the petitioner may deem the site location approved; provided, however, that that period of 120 days shall not run for any period of time, not to exceed 30 days, during which the Board is without sufficient membership to constitute the quorum required by subsection (a) of Section 5 of this Act, and provided

further, that such 120 day period shall not be stayed for lack of quorum beyond 30 days regardless of whether the lack of quorum exists at the beginning of such 120 day period or occurs during the running of such 120 day period.

(b) If the county board or the governing body of the municipality as determined by paragraph (c) of Section 39 of this Act, grants approval under Section 39.2 of this Act, a third party other than the applicant who participated in the public hearing conducted by the county board or governing body of the municipality may, within 35 days after the date on which the local siting authority granted siting approval, petition the Board for a hearing to contest the approval of the county board or the governing body of the municipality. Unless the Board determines that such petition is duplicative or frivolous, or that the petitioner is so located as to not be affected by the proposed facility, the Board shall hear the petition in accordance with the terms of subsection (a) of this Section and its procedural rules governing denial appeals, such hearing to be based exclusively on the record before county board or the governing body of the municipality. The burden of proof shall be on the petitioner. The county board or the governing body of the municipality and the applicant shall be named as co-respondents.

The Board shall transmit a copy of its decision to the office of the county board or governing body of the municipality where it shall be available for public inspection and may be copied upon payment of the actual cost of reproduction.

Sec. 40.2. Application of review process.

(a) Subsection (a) of Section 40 does not apply to any permit which is subject to Section 39.5. If the Agency refuses to grant or grants with conditions a CAAPP permit, makes a determination of incompleteness regarding a submitted CAAPP application, or fails to act on an application for a CAAPP permit, permit renewal, or permit revision within the time specified in paragraph 5(j) of Section 39.5 of this Act, the applicant, any person who participated in the public comment process pursuant to subsection 8 of Section 39.5 of this Act, or any other person who could obtain judicial review of a hearing before the Board pursuant to Section 41(a) of this Act, may, within 35 days after final permit action, petition for a hearing before the Board to contest the decision of the Agency. However, the 35-day period for petitioning for a hearing may be extended by the applicant for an additional period of time not to exceed 90 days by written notice provided to the Board from the applicant and the Agency within the initial appeal period. If another person with standing to appeal wishes to obtain an extension, there must be a written notice provided to the Board by that person, the Agency, and the applicant, within the initial appeal period. Notwithstanding the preceding requirements, petitions for a hearing before the Board under this subsection may be filed after the 35-day period, only if such petitions are based solely on grounds arising after the 35-day period expires. Such petitions shall be filed within 35 days after the new grounds for review arise. If the final permit action being challenged is the
Agency's failure to take final action, a petition for a hearing before the Board shall be filed before the Agency denies or issues the final permit.

The Agency shall appear as respondent in such hearing. At such hearing the rules prescribed in Sections 32 and 33(a) of this Act shall apply, and the burden of proof shall be on the petitioner.

(b) The Agency's failure to take final action within 90 days of receipt of an application requesting minor permit modification procedures (or 180 days for modifications subject to group processing requirements), pursuant to subsection 14 of Section 39.5, will be subject to this Section and Section 41 of this Act.

(c) If there is no final action by the Board within 120 days after the date on which it received the petition, the permit shall not be deemed issued; rather, the petitioner shall be entitled to an Appellate Court order pursuant to Section 41(d) of this Act. The period of 120 days shall not run for any period of time, not to exceed 30 days, during which the Board is without sufficient membership to constitute the quorum required by subsection (a) of Section 5 of this Act; the 120 day period shall not be stayed for lack of quorum beyond 30 days, regardless of whether the lack of quorum exists at the beginning of the 120 day period or occurs during the running of the 120 day period.

(d) Any person who files a petition to contest the final permit action by the Agency under this Section shall pay a filing fee.

(e) The Agency shall notify USEPA, in writing, of any petition for hearing brought under this Section involving a provision or denial of a Phase II acid rain permit within 30 days of the filing of the petition. USEPA may intervene as a matter of right in any such hearing. The Agency shall notify USEPA, in writing, of any determination or order in a hearing brought under this Section that interprets, voids, or otherwise relates to any portion of a Phase II acid rain permit.

Sec. 45. Injunctive and other relief.

(a) No existing civil or criminal remedy for any wrongful action shall be excluded or impaired by this Act. Nothing in this Act shall be construed to limit or supersede the provisions of the Illinois Oil and Gas Act and the powers therein granted to prevent the intrusion of water into oil, gas or coal strata and to prevent the pollution of fresh water supplies by oil, gas or salt water or oil field wastes, except that water quality standards as set forth by the Pollution Control Board apply to and are effective within the areas covered by and affected by permits issued by the Department of Natural Resources. However, if the Department of Natural Resources fails to act upon any complaint within a period of 10 working days following the receipt of a complaint by the Department, the Environmental Protection Agency may proceed under the provisions of this Act.

(b) Any person adversely affected in fact by a violation of this Act, any rule or regulation adopted under this Act, or any permit or term or condition of a permit, or of regulations adopted thereunder or of any rules or regulations made or adopted under this Act, may sue for injunctive relief against such violation. However, except as provided in subsection (d), no action shall be brought under this Section until 30

days after the plaintiff has been denied relief by the Board in a proceeding brought under subsection (d) of Section 31 of this Act. The prevailing party shall be awarded costs and reasonable attorneys' fees.

(c) Nothing in Section 39.4 of this Act shall limit the authority of the Agency to proceed with enforcement under the provisions of this Act for violations of terms and conditions of an endorsed agrichemical facility permit, an endorsed lawncare containment permit, or this Act or regulations hereunder caused or threatened by an agrichemical facility or a lawncare wash water containment area, provided that prior notice is given to the Department of Agriculture which provides that Department an opportunity to respond as appropriate.

(d) If the State brings an action under this Act against a person with an interest in real property upon which the person is alleged to have allowed open dumping or open burning by a third party in violation of this Act, which action seeks to compel the defendant to remove the waste or otherwise clean up the site, the defendant may, in the manner provided by law for third-party complaints, bring in as a third-party defendant a person who with actual knowledge caused or contributed to the illegal open dumping or open burning, or who is or may be liable for all or part of the removal and cleanup costs. The court may include any of the parties which it determines to have, with actual knowledge, allowed, caused or contributed to the illegal open dumping or open burning in any order that it may issue to compel removal of the waste and cleanup of the site, and may apportion the removal and cleanup costs among such parties, as it deems appropriate. However, a person may not seek to recover any fines or civil penalties imposed upon him under this Act from a third-party defendant in an action brought under this subsection.

(415 ILCS 5/55) (from Ch. 111 1/2, par. 1055)
Sec. 55. Prohibited activities.
(a) No person shall:
(1) Cause or allow the open dumping of any used or waste tire.
(2) Cause or allow the open burning of any used or waste tire.
(3) Except at a tire storage site which contains more than 50 used tires, cause or allow the storage of any used tire unless the tire is altered, reprocessed, converted, covered, or otherwise prevented from accumulating water.
(4) Cause or allow the operation of a tire storage site except in compliance with Board regulations.
(5) Abandon, dump or dispose of any used or waste tire on private or public property, except in a sanitary landfill approved by the Agency pursuant to regulations adopted by the Board.
(6) Fail to submit required reports, tire removal agreements, or Board regulations.
(b) (Blank.) Beginning July 1, 1994 through December 31, 1994, no person shall knowingly mix any whole used or waste tire with municipal waste, and no owner or operator of a sanitary landfill shall accept any whole used or waste tire for final disposal, except that such tires when separated from other waste may be accepted if: (1) the sanitary landfill provides and maintains a means for shredding, slitting or chopping such tires and so treats all such tires prior to disposal; and (2) the sanitary landfill implements a program to actively seek alternative uses for the tire scraps so as to minimize the need for on-site disposal, including at a minimum participation in the Illinois Industrial Materials Exchange Service to communicate the availability of the tire scraps, and consultation with the Department of Commerce and Community Affairs regarding the status of regional marketing of tire scraps to facilities for reuse, reprocessing, or converting. Such alternative uses may also include on-site practices such as lining of roadways with tire scraps.
(b-1) Beginning January 1, 1995, no person shall knowingly mix any used or waste tire, either whole or cut, with municipal waste, and no owner or operator of a sanitary landfill shall accept any used or waste tire for final disposal; except that used or waste tires, when separated from other waste, may be accepted if: (1) the sanitary landfill provides and maintains a means for shredding, slitting, or chopping whole tires and so treats whole tires and, if approved by the Agency in a permit issued under this Act, uses the used or waste tires for alternative uses, which may include on-site practices such as lining of roadways with tire scraps, alternative daily cover, or use in a leachate collection system or (2) the sanitary landfill, by its notification to the Illinois Industrial Materials Exchange Service, makes available the used or waste tire to an appropriate facility for reuse, reprocessing, or converting, including use as an alternate energy fuel. If, within 30 days after notification to
the Illinois Industrial Materials Exchange Service of the availability of waste tires, no specific request for the used or waste tires is received by the sanitary landfill, and the sanitary landfill determines it has no alternative use for those used or waste tires, the sanitary landfill may dispose of slit, chopped, or shredded used or waste tires in the sanitary landfill. In the event the physical condition of a used or waste tire makes shredding, slitting, chopping, reuse, reprocessing, or other alternative use of the used or waste tire impractical or infeasible, then the sanitary landfill, after authorization by the Agency, may accept the used or waste tire for disposal.

Sanitary landfills and facilities for reuse, reprocessing, or converting, including use as alternative fuel, shall (i) notify the Illinois Industrial Materials Exchange Service of the availability of and demand for used or waste tires and (ii) consult with the Department of Commerce and Community Affairs regarding the status of marketing of waste tires to facilities for reuse.

(c) On or before January 1, 1990, any person who operates a tire storage site or a tire disposal site which contains more than 50 used or waste tires shall give notice of such activity to the Agency. Any person engaging in such activity for the first time after January 1, 1990, shall give notice to the Agency within 30 days after the date of commencement of the activity. The form of such notice shall be specified by the Agency and shall be limited to information regarding the following:

1. the name and address of the owner and operator;
2. the name, address and location of the operation;
3. the type of operations involving used and waste tires (storage, disposal, conversion or processing); and
4. the number of used and waste tires present at the location.

(d) Beginning January 1, 1992, no person shall cause or allow the operation of:

1. a tire storage site which contains more than 50 used tires, unless the owner or operator, by January 1, 1992 (or the January 1 following commencement of operation, whichever is later) and January 1 of each year thereafter, (i) registers the site with the Agency, (ii) certifies to the Agency that the site complies with any applicable standards adopted by the Board pursuant to Section 55.2, (iii) reports to the Agency the number of tires accumulated, the status of vector controls, and the actions taken to handle and process the tires, and (iv) pays the fee required under subsection (b) of Section 55.6; or
2. a tire disposal site, unless the owner or operator (i) has received approval from the Agency after filing a tire removal agreement pursuant to Section 55.4, or (ii) has entered into a written agreement to participate in a consensual removal action under Section 55.3.

The Agency shall provide written forms for the annual registration and certification required under this subsection (d).

(e) No person shall cause or allow the storage, disposal, treatment or processing of any used or waste tire in violation of any regulation or standard adopted by the Board.

(f) No person shall arrange for the transportation of used or waste tires away from the

site of generation with a person known to openly dump such tires.

(g) No person shall engage in any operation as a used or waste tire transporter except in compliance with Board regulations.

(h) No person shall cause or allow the combustion of any used or waste tire in an enclosed device unless a permit has been issued by the Agency authorizing such combustion pursuant to regulations adopted by the Board for the control of air pollution and consistent with the provisions of Section 9.4 of this Act.

(i) No person shall cause or allow the use of pesticides to treat tires except as prescribed by Board regulations.

(j) No person shall fail to comply with the terms of a tire removal agreement approved by the Agency pursuant to Section 55.4.

(d) Beginning July 1, 1992, cause or allow the delivery or transfer of any potentially infectious medical waste for transport unless:

(1) the transporter has a permit issued by the Agency to transport potentially infectious medical waste, or the transporter is exempt from the permit requirement set forth in subsection (f)(1).

(2) a potentially infectious medical waste manifest is completed for the waste if a manifest is required under subsection (h).

(e) Cause or allow the acceptance of any potentially infectious medical waste for purposes of transport, storage, treatment, or transfer except in accordance with Board regulations:

(1) Board regulations; or

violation of emission standards established for these incinerators under Section 129 of the Clean Air Act (42 USC 7429), as amended.

(B) (k) In making its orders and determinations relative to penalties, if any, to be imposed for violating subdivision (A)(a) of this Section 56.1(a) of this Act, the Board, in addition to the factors in Sections 33(c) and 42(h) of this Act, or the Court shall take into consideration whether the owner or operator of the landfill reasonably relied on written statements from the person generating or treating the waste that the waste is not potentially infectious medical waste.

(a) No later than July 1, 1993, the Board shall adopt regulations in accordance with Title VII of this Act prescribing design and operating standards and criteria for all potentially infectious medical waste treatment, storage, and transfer facilities. At a minimum, these regulations shall require treatment of potentially infectious medical waste at a facility that:

(1) eliminates the infectious potential of the waste;
(2) prevents compaction and rupture of containers during handling operations;
(3) disposes of treatment residuals in accordance with this Act and regulations adopted thereunder;

(B) a request for payment of costs associated with eligible early action costs as provided in Section 57.6(b). However, for purposes of payment for early action costs, fill materials shall not be removed in an amount in excess of 4 feet from the outside dimensions of the tank.

(2) If the owner or operator intends to seek payment from the Fund, prior to conducting any physical soil classification and groundwater investigation activities required by statute or regulation, the owner or operator shall submit to the Agency for the Agency's approval or modification a physical soil classification and groundwater investigation budget which includes, but is not limited to, an accounting of all costs associated with the implementation and completion of the physical soil classification and groundwater investigation plan.

(3) Within 30 days of completion of the physical soil classification or groundwater investigation report the owner or operator shall submit to the Agency:

(A) all physical soil classification and groundwater investigation results; and

(B) a certification by a Licensed Professional Engineer of the site's classification as High Priority, Low Priority, or No Further Action in accordance with subsection (b) of this Section as High Priority, Low Priority, or No Further Action.

(b) Site Classification.
(1) After evaluation of the physical soil classification and groundwater investigation results, when required, and general site information, the site shall be classified as "No Further Action", "Low Priority", or "High Priority" based on the requirements of this Section. Site classification shall be determined by a Licensed Professional Engineer in accordance with the requirements of this Title and the Licensed Professional Engineer shall submit a certification to the Agency of the site classification. The Agency has the authority to audit site classifications and reject or modify any site classification inconsistent with the requirements of this Title.

(2) Sites shall be classified as No Further Action if the criteria in subparagraph (A) are satisfied:

(iii) The conditions identified in subsections (b)(3)(B), (C), (D), and (E) do not exist.

(B) Groundwater investigation monitoring may be required to confirm that a site meets the criteria of a No Further Action site. The Board shall adopt rules setting forth the criteria under which the Agency may exercise its discretionary authority to require investigations and the minimum field requirements for conducting investigations.

(3) Sites shall be classified as High Priority if any of the following are met:

(A) The site is located in an area designated A1, A2, A3, A4, A5, AX, B1, B2, BX, C1, C2, C3, C4, or C5 on the Illinois Geological Survey Circular (1984) titled "Potential for Contamination of Shallow Aquifers in Illinois," by Berg, Richard C., et al.; a site evaluation under the direction of a Licensed Professional Engineer verifies the physical soil classification conditions are consistent with those indicated on the Illinois Geological Survey Circular (1984) entitled "Potential for Contamination of Shallow Aquifers in Illinois," by Berg, Richard C., et al.; and the results of the physical soil classification and groundwater investigation indicate that an applicable indicator contaminant groundwater quality standard or groundwater objective has been exceeded at the property boundary line or 200 feet from the excavation, whichever is less as a consequence of the underground storage tank release.

(B) The underground storage tank is within the minimum or maximum setback zone of a potable water supply well or regulated recharge area of a potable water supply well.

(C) There is evidence that, through natural or manmade pathways,
migration of petroleum or vapors threaten human health or human safety or may cause explosions in basements, crawl spaces, utility conduits, storm or sanitary sewers, vaults or other confined spaces.

(D) Class III special resource groundwater exists within 200 feet of the excavation.

(E) A surface water body is adversely affected by the presence of a visible sheen or free product layer as the result of an underground storage tank release.

(4) Sites shall be classified as Low Priority if all of the following are met:
   (A) The site does not meet any of the criteria for classification as a High Priority Site.
   (ii) a site evaluation under the direction of a Licensed Professional Engineer verifies the physical soil classification conditions are consistent with those indicated on the Illinois Geological Survey Circular (1984) titled "Potential for Contamination of Shallow Aquifers in Illinois," by Berg, Richard C., et al.; and
   (iii) the results of the physical soil classification and groundwater investigation do not indicate an applicable indicator contaminant groundwater quality standard or groundwater objective has been exceeded at the property boundary line or 200 feet from the underground storage tank, whichever is less.

(5) In the event the results of the physical soil classification and any required groundwater investigation reveal that the actual site geologic characteristics are different than those indicated by the Illinois Geological Survey Circular (1984) titled "Potential for Contamination of Shallow Aquifers in Illinois" by Berg, Richard C., et al., classification of the site shall be determined using the actual site geologic characteristics.

(c) Corrective Action.

(1) High Priority Site.

   (A) Prior to performance of any corrective action, beyond that required by Section 57.6 and subsection (a) of Section 57.7 of this Act, the owner or operator shall prepare and submit to the Agency for the Agency's approval or modification a corrective action plan designed to mitigate any threat to human health, human safety or the environment resulting from the
underground storage tank release.

(B) If the owner or operator intends to seek payment from the Fund, prior to performance of any corrective action beyond that required by Section 57.6 and subsection (a) of Section 57.7, the owner or operator shall submit to the Agency for the Agency's approval or modification a corrective action plan budget which includes, but is not limited to, an accounting of all costs associated with the implementation and completion of the corrective action plan.

(C) The corrective action plan shall do all of the following:

(i) Provide that applicable indicator contaminant groundwater quality standards or groundwater objectives will not be exceeded in groundwater at the property boundary line or 200 feet from the excavation, whichever is less, or other level if approved by the Agency, for any contaminant identified in the groundwater investigation after complete performance of the corrective action plan.

(ii) Provide that Class III special resource groundwater quality standards for Class III special resource groundwater within 200 feet of the excavation will not be exceeded as a result of the underground storage tank release for any indicator contaminant identified in the groundwater investigation after complete performance of the corrective action plan.

(iii) Remediate threats due to the presence or migration, through natural or manmade pathways, of petroleum in concentrations sufficient to harm human health or human safety or to cause explosions in basements, crawl spaces, utility conduits, storm or sanitary sewers, vaults or other confined spaces.

(iv) Remediate threats to a potable water supply.

(v) Remediate threats to a surface water body.

(D) Within 30 days of completion of the corrective action, the owner or operator shall submit to the Agency such a completion report that includes a description of the corrective action plan and a description of the corrective action work performed and all analytical or sampling results derived from performance of the corrective action plan.

(E) The Agency shall issue to the owner or operator a no further remediation letter in accordance with Section 57.10 if all of the following are met:

(i) The corrective action completion report demonstrates that:

(a) applicable indicator contaminant groundwater quality standards or groundwater objectives are not exceeded at the property boundary line or 200 feet from the excavation, whichever is less, as a result of the underground storage tank release for any indicator contaminant

New matter indicated by italics - deletions by strikeout.
identified in the groundwater investigation; (b) Class III special use resource groundwater quality standards, for Class III special use resource groundwater within 200 feet of the underground storage tank, are not exceeded as a result of the underground storage tank release for any contaminant identified in the groundwater investigation; (c) the underground storage tank release does not threaten human health or human safety due to the presence or migration, through natural or manmade pathways, of petroleum or hazardous substances in concentrations sufficient to harm human health or human safety or to cause explosions in basements, crawl spaces, utility conduits, storm or sanitary sewers, vaults or other confined spaces; (d) the underground storage tank release does not threaten any surface water body; and (e) the underground storage tank release does not threaten any potable water supply.

(ii) The owner or operator submits to the Agency a certification from a Licensed Professional Engineer that the work described in the approved corrective action plan has been completed and that the information presented in the corrective action completion report is accurate and complete.

(2) Low Priority Site.

(A) Corrective action at a low priority site must include groundwater monitoring consistent with part (B) of this paragraph (2).

(B) Prior to implementation of groundwater monitoring, the owner or operator shall prepare and submit to the Agency a groundwater monitoring plan and, if the owner or operator intends to seek payment under this Title, an associated budget which includes, at a minimum, all of the following:

(i) Placement of groundwater monitoring wells at the property line, or at 200 feet from the excavation which ever is closer, designed to provide the greatest likelihood of detecting migration of groundwater contamination.

(ii) Quarterly groundwater sampling for a period of one year, semi-annual sampling for the second year and annual groundwater sampling for one subsequent year for all indicator contaminants identified during the groundwater investigation.

(iii) The annual submittal to the Agency of a summary of groundwater sampling results.

(C) If at any time groundwater sampling results indicate a confirmed exceedence of applicable indicator contaminant groundwater quality standards or groundwater objectives as a result of the underground storage tank release, the site may be reclassified as a High Priority Site by the Agency at any time before the Agency's final approval of a Low Priority groundwater monitoring completion report. Agency review and approval shall be in

accordance with paragraph (4) of subsection (c) of this Section. If the owner or operator elects to appeal an Agency action to disapprove, modify, or reject by operation of law a Low Priority groundwater monitoring completion report, the Agency shall indicate to the Board in conjunction with such appeal whether it intends to reclassify the site as High Priority. If a site is reclassified as a High Priority Site, the owner or operator shall submit a corrective action plan and budget to the Agency within 120 days of the confirmed exceedence and shall initiate compliance with all corrective action requirements for a High Priority Site.

(D) If, throughout the implementation of the groundwater monitoring plan, the groundwater sampling results do not confirm an exceedence of applicable indicator contaminant groundwater quality standards or groundwater objectives as a result of the underground storage tank release, the owner or operator shall submit to the Agency a certification of a Licensed Professional Engineer so stating.

(E) Unless the Agency takes action under subsection (b)(2)(C) to reclassify a site as high priority, upon receipt of a certification by a Licensed Professional Engineer submitted pursuant to paragraph (2) of subsection (c) of this Section, the Agency shall issue to the owner or operator a no further remediation letter in accordance with Section 57.10.

(3) No Further Action Site.

(A) No Further Action sites require no remediation beyond that required in Section 57.6 and subsection (a) of this Section if the owner or operator has submitted to the Agency a certification by a Licensed Professional Engineer that the site meets all of the criteria for classification as No Further Action in subsection (b) of this Section.

(B) Unless the Agency takes action to reject or modify a site classification under subsection (b) of this Section or the site classification is rejected by operation of law under item (4)(B) of subsection (c) of this Section, upon receipt of a certification by a Licensed Professional Engineer submitted pursuant to part (A) of paragraph (3) of subsection (c) of this Section, the Agency shall issue to the owner or operator a no further remediation letter in accordance with Section 57.10.

(4) Agency review and approval.

(A) Agency approval of any plan and associated budget, as described in this item (4), shall be considered final approval for purposes of seeking and obtaining payment from the Underground Storage Tank Fund if the costs associated with the completion of any such plan are less than or equal to the amounts approved in such budget.

(B) In the event the Agency fails to approve, disapprove, or modify any plan or report submitted pursuant to this Title in writing within 120 days of the receipt by the Agency, the plan or report shall be considered to be

rejected by operation of law for purposes of this Title and rejected for purposes of payment from the Leaking Underground Storage Tank Fund.

(i) For purposes of those plans as identified in subparagraph (E) of this subsection (c)(4), the Agency’s review may be an audit procedure. Such review or audit shall be consistent with the procedure for such review or audit as promulgated by the Board under item (7) of subsection (b) of Section 57.14. The Agency has the authority to establish an auditing program to verify compliance of such plans with the provisions of this Title.

(ii) For purposes of those plans submitted pursuant to Part (E) (iii) of this paragraph (4) for which payment from the Fund is not being sought, the Agency need not take action on such plan until 120 days after it receives the corrective action completion report required under Section 57(c)(1)(D). In the event the Agency approved the plan, it shall proceed under the provisions of Section 57(c)(4).

(C) In approving any plan submitted pursuant to Part (E) of this paragraph (4), the Agency shall determine, by a procedure promulgated by the Board under item (7) of subsection (b) of Section 57.14, that the costs associated with the plan are reasonable, will be incurred in the performance of corrective action, and will not be used for corrective action activities in excess of those required to meet the minimum requirements of this title.

(D) For any plan or report received after September 13, the effective date of this amendatory Act of 1993, any action by the Agency to disapprove or modify a plan submitted pursuant to this Title shall be provided to the owner or operator in writing within 120 days of the receipt by the Agency or, in the case of a corrective action plan for which payment is not being sought, within 120 days of receipt of the corrective action completion report, and shall be accompanied by:

(i) an explanation of the Sections of this Act which may be violated if the plans were approved;

(ii) an explanation of the provisions of the regulations, promulgated under this Act, which may be violated if the plan were approved;

(iii) an explanation of the specific type of information, if any, which the Agency deems the applicant did not provide the Agency; and

(iv) a statement of specific reasons why the Act and the regulations might not be met if the plan were approved.

Any action by the Agency to disapprove or modify a plan or report or the rejection of any plan or report by operation of law shall be subject to appeal to the Board in accordance with the procedures of Section 40. If the owner or operator elects to incorporate modifications required by the Agency

rather than appeal, an amended plan shall be submitted to the Agency within 35 days of receipt of the Agency's written notification.

(E) For purposes of this Title, the term "plan" shall include:

(i) Any physical soil classification and groundwater investigation plan submitted pursuant to item (1)(A) of subsection (a) of this Section, or budget under item (2) of subsection (a) of this Section;

(ii) Any groundwater monitoring plan or budget submitted pursuant to subsection (c)(2)(B) of this Section;

(iii) Any corrective action plan submitted pursuant to subsection (c)(1)(A) of this Section; or

(iv) Any corrective action plan budget submitted pursuant to subsection (c)(1)(B) of this Section.

(d) For purposes of this Title, the term "indicator contaminant" shall mean, unless and until the Board promulgates regulations to the contrary, the following: (i) if an underground storage tank contains gasoline, the indicator parameter shall be BTEX and Benzene; (ii) if the tank contained petroleum products consisting of middle distillate or heavy ends, then the indicator parameter shall be determined by a scan of PNA's taken from the location where contamination is most likely to be present; and (iii) if the tank contained used oil, then the indicator contaminant shall be those chemical constituents which indicate the type of petroleum stored in an underground storage tank. All references in this Title to groundwater objectives shall mean Class I groundwater standards or objectives as applicable.

(e) (1) Notwithstanding the provisions of this Section, an owner or operator may proceed to conduct physical soil classification, groundwater investigation, site classification or other corrective action prior to the submittal or approval of an otherwise required plan. If the owner or operator elects to so proceed, an applicable plan shall be filed with the Agency at any time. Such plan shall detail the steps taken to determine the type of corrective action which was necessary at the site along with the corrective action taken or to be taken, in addition to costs associated with activities to date and anticipated costs.

(2) Upon receipt of a plan submitted after activities have commenced at a site, the Agency shall proceed to review in the same manner as required under this Title. In the event the Agency disapproves all or part of the costs, the owner or operator may appeal such decision to the Board. The owner or operator shall not be eligible to be reimbursed for such disapproved costs unless and until the Board determines that such costs were eligible for payment.

Sec. 57.8. Underground Storage Tank Fund; payment; options for State payment; deferred correction election to commence corrective action upon availability of funds. If an owner or operator is eligible to access the Underground Storage Tank Fund pursuant to an Office of State Fire Marshal eligibility/deductible final determination letter issued in

accordance with Section 57.9, the owner or operator may submit a complete application for final or partial payment to the Agency for activities taken in response to a confirmed release. An owner or operator may submit a request for partial or final payment regarding a site no more frequently than once every 90 days.

(a) Payment after completion of corrective action measures. The owner or operator may submit an application for payment for activities performed at a site after completion of the requirements of Sections 57.6 and 57.7, or after completion of any other required activities at the underground storage tank site.

(1) In the case of any approved plan and budget for which payment is being sought, the Agency shall make a payment determination within 120 days of receipt of the application. Such determination shall be considered a final decision. The Agency's review shall be limited to generally accepted auditing and accounting practices. In no case shall the Agency conduct additional review of any plan which was completed within the budget, beyond auditing for adherence to the corrective action measures in the proposal. If the Agency fails to approve the payment application within 120 days, such application shall be deemed approved by operation of law and the Agency shall proceed to reimburse the owner or operator the amount requested in the payment application. However, in no event shall the Agency reimburse the owner or operator an amount greater than the amount approved in the plan.

(2) If sufficient funds are available in the Underground Storage Tank Fund, the Agency shall, within 60 days, forward to the Office of the State Comptroller a voucher in the amount approved under the payment application.

(3) In the case of insufficient funds, the Agency shall form a priority list for payment and shall notify persons in such priority list monthly of the availability of funds and when payment shall be made. Payment shall be made to the owner or operator at such time as sufficient funds become available for the costs associated with corrective action and costs expended for activities performed where no proposal is required, if applicable. Such priority list shall be available to any owner or operator upon request. Priority for payment shall be determined by the date the Agency receives a complete request for partial or final payment. Upon receipt of notification from the Agency that the requirements of this Title have been met, the Comptroller shall make payment to the owner or operator of the amount approved by the Agency, if sufficient money exists in the Fund. If there is insufficient money in the Fund, then payment shall not be made. If the owner or operator appeals a final Agency payment determination and it is determined that the owner or operator is eligible for payment or additional payment, the priority date for the payment or additional payment shall be the same as the priority date assigned to the original request for partial or final payment.

(4) Any deductible, as determined pursuant to the Office of the State Fire Marshal's eligibility and deductibility final determination in accordance with Section 57.9, shall be subtracted from any payment invoice paid to an eligible owner or

operator. Only one deductible shall apply per underground storage tank site.

(5) In the event that costs are or will be incurred in addition to those approved by the Agency, or after payment, the owner or operator may submit successive plans containing amended budgets. The requirements of Section 57.7 shall apply to any amended plans.

(6) For purposes of this Section, a complete application shall consist of:

(A) A certification from a Licensed Professional Engineer as required under this Title and acknowledged by the owner or operator.

(B) A statement of the amount approved in the plan and the amount actually sought for payment along with a certified statement that the amount so sought shall be expended in conformance with the approved budget.

(C) A copy of the Office of the State Fire Marshal's eligibility and deductibility determination.

(D) Proof that approval of the payment requested will not result in the limitations set forth in subsection (g) of this Section being exceeded.

(E) A federal taxpayer identification number and legal status disclosure certification on a form prescribed and provided by the Agency.

(b) Commencement of corrective action upon availability of funds. The Board shall adopt regulations setting forth procedures based on risk to human health or the environment under which the owner or operator who has received approval for any budget plan submitted pursuant to Section 57.7, and who is eligible for payment from the Underground Storage Tank Fund pursuant to an Office of the State Fire Marshal eligibility and deductibility determination, may elect to defer site classification, low priority groundwater monitoring, or remediation activities until funds are available in an amount equal to the amount approved in the budget plan. The regulations shall establish criteria based on risk to human health or the environment to be used for determining on a site-by-site basis whether deferral is appropriate. The regulations also shall establish the minimum investigatory requirements for determining whether the risk based criteria are present at a site considering deferral and procedures for the notification of owners or operators of insufficient funds, Agency review of request for deferral, notification of Agency final decisions, returning deferred sites to active status, and earmarking of funds for payment.

(c) When the owner or operator requests indemnification for payment of costs incurred as a result of a release of petroleum from an underground storage tank, if the owner or operator has satisfied the requirements of subsection (a) of this Section, the Agency shall forward a copy of the request to the Attorney General. The Attorney General shall review and approve the request for indemnification if:

(1) there is a legally enforceable judgment entered against the owner or operator and such judgment was entered due to harm caused by a release of petroleum from an underground storage tank and such judgment was not entered as a result of fraud; or

(2) a settlement with a third party due to a release of petroleum from an underground storage tank is reasonable.

New matter indicated by italics - deletions by strikeout.
(d) Notwithstanding any other provision of this Title, the Agency shall not approve payment to an owner or operator from the Fund for costs of corrective action or indemnification incurred during a calendar year in excess of the following aggregate amounts based on the number of petroleum underground storage tanks owned or operated by such owner or operator in Illinois.

(1) Costs incurred in excess of the aggregate amounts set forth in paragraph (1) of this subsection shall not be eligible for payment in subsequent years.

(2) For purposes of this subsection, requests submitted by any of the agencies, departments, boards, committees or commissions of the State of Illinois shall be acted upon as claims from a single owner or operator.

(3) For purposes of this subsection, owner or operator includes (i) any subsidiary, parent, or joint stock company of the owner or operator and (ii) any company owned by any parent, subsidiary, or joint stock company of the owner or operator.

(e) Costs of corrective action or indemnification incurred by an owner or operator which have been paid to an owner or operator under a policy of insurance, another written agreement, or a court order are not eligible for payment under this Section. An owner or operator who receives payment under a policy of insurance, another written agreement, or a court order shall reimburse the State to the extent such payment covers costs for which payment was received from the Fund. Any monies received by the State under this subsection (e) shall be deposited into the Fund.

(f) (Blank.) Until the Board adopts regulations pursuant to Section 57.14, handling charges are eligible for payment only if they are equal to or less than the amount determined by the following table:

(2) for costs of indemnification of such owner or operator in an amount in excess of $1,000,000 per occurrence.

(h) Payment of any amount from the Fund for corrective action or indemnification shall be subject to the State acquiring by subrogation the rights of any owner, operator, or
other person to recover the costs of corrective action or indemnification for which the Fund has compensated such owner, operator, or person from the person responsible or liable for the release.

(i) If the Agency refuses to pay or authorizes only a partial payment, the affected owner or operator may petition the Board for a hearing in the manner provided for the review of permit decisions in Section 40 of this Act.

(j) Costs of corrective action or indemnification incurred by an owner or operator prior to July 28, 1989, shall not be eligible for payment or reimbursement under this Section.

(k) The Agency shall not pay costs of corrective action or indemnification incurred before providing notification of the release of petroleum in accordance with the provisions of this Title.

(l) Corrective action does not include legal defense costs. Legal defense costs include legal costs for seeking payment under this Title unless the owner or operator prevails before the Board in which case the Board may authorize payment of legal fees.

(m) The Agency may apportion payment of costs for plans submitted under Section 57.7(c)(4)(E)(iii) if:

(1) the owner or operator was deemed eligible to access the Fund for payment of corrective action costs for some, but not all, of the underground storage tanks at the site; and

(2) the owner or operator failed to justify all costs attributable to each underground storage tank at the site.

If an application is disapproved or approved with modification of remediation costs, the Agency's letter shall set forth the reasons for the disapproval or modification and state the amount of the remediation costs, if any, to be applied toward the Environmental Remediation Tax Credit.

If a preliminary review of a budget plan has been obtained under subsection (d), the Remediation Applicant may submit, with the application and supporting documentation under subsection (b), a copy of the Agency's final determination accompanied by a certification that the actual remediation costs incurred for the development and implementation of the Remedial Action Plan are equal to or less than the costs approved in the Agency's final determination on the budget plan. The certification shall be signed by the Remediation Applicant and notarized. Based on that submission, the Agency shall not be required to conduct further review of the costs incurred for development and implementation of the Remedial Action Plan and may approve costs as submitted.

Within 35 days after receipt of an Agency letter disapproving or modifying an application for approval of remediation costs, the Remediation Applicant may appeal the Agency's decision to the Board in the manner provided for the review of permits in Section 40 of this Act.

(d) (1) A Remediation Applicant may obtain a preliminary review of estimated remediation costs for the development and implementation of the Remedial Action Plan by submitting a budget plan along with the Remedial Action Plan. The budget plan shall be set forth on forms prescribed and provided by the Agency and shall include but shall not be limited to line item estimates of the costs associated

with each line item (such as personnel, equipment, and materials) that the Remediation Applicant anticipates will be incurred for the development and implementation of the Remedial Action Plan. The Agency shall review the budget plan along with the Remedial Action Plan to determine whether the estimated costs submitted are remediation costs and whether the costs estimated for the activities are reasonable.

(2) If the Remedial Action Plan is amended by the Remediation Applicant or as a result of Agency action, the corresponding budget plan shall be revised accordingly and resubmitted for Agency review.

(3) The budget plan shall be accompanied by the applicable fee as set forth in subsection (e).

(4) Submittal of a budget plan shall be deemed an automatic 60-day waiver of the Remedial Action Plan review deadlines set forth in this Section and its rules.

(5) Within the applicable period of review, the Agency shall issue a letter to the Remediation Applicant approving, disapproving, or modifying the estimated remediation costs submitted in the budget plan. If a budget plan is disapproved or approved with modification of estimated remediation costs, the Agency's letter shall set forth the reasons for the disapproval or modification.

(6) Within 35 days after receipt of an Agency letter disapproving or modifying a budget plan, the Remediation Applicant may appeal the Agency's decision to the Board in the manner provided for the review of permits in Section 40 of this Act.

(e) The fees for reviews conducted under this Section are in addition to any other fees or payments for Agency services rendered pursuant to the Site Remediation Program and shall be as follows:

(1) The fee for an application for review of remediation costs shall be $1,000 for each site reviewed.

(2) The fee for the review of the budget plan submitted under subsection (d) shall be $500 for each site reviewed.

(3) In the case of a Remediation Applicant submitting for review total remediation costs of $100,000 or less for a site located within an enterprise zone (as set forth in paragraph (i) of subsection (l) of Section 201 of the Illinois Income Tax Act), the fee for an application for review of remediation costs shall be $250 for each site reviewed. For those sites, there shall be no fee for review of a budget plan under subsection (d).

The application fee shall be made payable to the State of Illinois, for deposit into the Hazardous Waste Fund.

Pursuant to appropriation, the Agency shall use the fees collected under this subsection for development and administration of the review program.

(f) The Agency shall have the authority to enter into any contracts or agreements that may be necessary to carry out its duties and responsibilities under this Section.

(g) Within 6 months after July 21, the effective date of this amendatory Act of 1997,
the Agency shall propose rules prescribing procedures and standards for its administration of this Section. Within 6 months after receipt of the Agency's proposed rules, the Board shall adopt on second notice, pursuant to Sections 27 and 28 of this Act and the Illinois Administrative Procedure Act, rules that are consistent with this Section. Prior to the effective date of rules adopted under this Section, the Agency may conduct reviews of applications under this Section and the Agency is further authorized to distribute guidance documents on costs that are eligible or ineligible as remediation costs.

No later than 2 months after July 7, 2000, the effective date of this amendatory Act of the 91st General Assembly, the Agency, after consideration of the recommendations of the Regulations and Site Remediation Advisory Committee, shall propose rules creating an instrument to be known as the Environmental Land Use Control (ELUC). Within 6 months after receipt of the Agency's proposed rules, the Board shall adopt, pursuant to Sections 27 and 28 of this Act, rules creating the ELUC that establish land use limitations or obligations on the use of real property when necessary to manage risk to human health or the environment arising from contamination left in place pursuant to the procedures set forth in Section 58.5 of this Act or 35 Ill. Adm. Code 742. The rules shall include provisions addressing establishment, content, recording, duration, and enforcement of ELUCs.

Section 25. The Illinois Municipal Code is amended by changing Section 11-31-1 as follows:

Sec. 11-31-1. Demolition, repair, enclosure, or remediation.
(a) The corporate authorities of each municipality may demolish, repair, or enclose or cause the demolition, repair, or enclosure of dangerous and unsafe buildings or uncompleted and abandoned buildings within the territory of the municipality and may remove or cause the removal of garbage, debris, and other hazardous, noxious, or unhealthy substances or materials from those buildings. In any county having adopted by referendum or otherwise a county health department as provided by Division 5-25 of the Counties Code or its predecessor, the county board of that county may exercise those powers with regard to dangerous and unsafe buildings or uncompleted and abandoned buildings within the territory of any city, village, or incorporated town having less than 50,000 population.

The corporate authorities shall apply to the circuit court of the county in which the building is located (i) for an order authorizing action to be taken with respect to a building if the owner or owners of the building, including the lien holders of record, after at least 15 days' written notice by mail so to do, have failed to put the building in a safe condition or to demolish it or (ii) for an order requiring the owner or owners of record to demolish, repair, or enclose the building or to remove garbage, debris, and other hazardous, noxious, or unhealthy substances or materials from the building. It is not a defense to the cause of action

that the building is boarded up or otherwise enclosed, although the court may order the
defendant to have the building boarded up or otherwise enclosed. Where, upon diligent
search, the identity or whereabouts of the owner or owners of the building, including the lien
holders of record, is not ascertainable, notice mailed to the person or persons in whose name
the real estate was last assessed is sufficient notice under this Section.

The hearing upon the application to the circuit court shall be expedited by the court
and shall be given precedence over all other suits. Any person entitled to bring an action
under subsection (b) shall have the right to intervene in an action brought under this Section.

The cost of the demolition, repair, enclosure, or removal incurred by the municipality,
by an intervenor, or by a lien holder of record, including court costs, attorney's fees, and other
costs related to the enforcement of this Section, is recoverable from the owner or owners of
the real estate or the previous owner or both if the property was transferred during the 15 day
notice period and is a lien on the real estate; the lien is superior to all prior existing liens and
encumbrances, except taxes, if, within 180 days after the repair, demolition, enclosure, or
removal, the municipality, the lien holder of record, or the intervenor who incurred the cost
and expense shall file a notice of lien for the cost and expense incurred in the office of the
recorder of the county in which the real estate is located or in the office of the registrar of
titles of the county if the real estate affected is registered under the Registered Titles
(Torrens) Act.

The notice must consist of a sworn statement setting out (1) a description of the real
estate sufficient for its identification, (2) the amount of money representing the cost and
expense incurred, and (3) the date or dates when the cost and expense was incurred by the
municipality, the lien holder of record, or the intervenor. Upon payment of the cost and
expense by the owner of or persons interested in the property after the notice of lien has been
filed, the lien shall be released by the municipality, the person in whose name the lien has
been filed, or the assignee of the lien, and the release may be filed of record as in the case of
filing notice of lien. Unless the lien is enforced under subsection (c), the lien may be
enforced by foreclosure proceedings as in the case of mortgage foreclosures under Article
XV of the Code of Civil Procedure or mechanics' lien foreclosures. An action to foreclose
this lien may be commenced at any time after the date of filing of the notice of lien. The costs
of foreclosure incurred by the municipality, including court costs, reasonable attorney's fees,
advances to preserve the property, and other costs related to the enforcement of this
subsection, plus statutory interest, are a lien on the real estate and are recoverable by the
municipality from the owner or owners of the real estate.

All liens arising under this subsection (a) shall be assignable. The assignee of the lien
shall have the same power to enforce the lien as the assigning party, except that the lien may
not be enforced under subsection (c).

If the appropriate official of any municipality determines that any dangerous and
unsafe building or uncompleted and abandoned building within its territory fulfills the
requirements for an action by the municipality under the Abandoned Housing Rehabilitation
Act, the municipality may petition under that Act in a proceeding brought under this
subsection.

(b) Any owner or tenant of real property within 1200 feet in any direction of any dangerous or unsafe building located within the territory of a municipality with a population of 500,000 or more may file with the appropriate municipal authority a request that the municipality apply to the circuit court of the county in which the building is located for an order permitting the demolition, removal of garbage, debris, and other noxious or unhealthy substances and materials from, or repair or enclosure of the building in the manner prescribed in subsection (a) of this Section. If the municipality fails to institute an action in circuit court within 90 days after the filing of the request, the owner or tenant of real property within 1200 feet in any direction of the building may institute an action in circuit court seeking an order compelling the owner or owners of record to demolish, remove garbage, debris, and other noxious or unhealthy substances and materials from, repair or enclose or to cause to be demolished, have garbage, debris, and other noxious or unhealthy substances and materials removed from, repaired, or enclosed the building in question. A private owner or tenant who institutes an action under the preceding sentence shall not be required to pay any fee to the clerk of the circuit court. The cost of repair, removal, demolition, or enclosure shall be borne by the owner or owners of record of the building. In the event the owner or owners of record fail to demolish, remove garbage, debris, and other noxious or unhealthy substances and materials from, repair, or enclose the building within 90 days of the date the court entered its order, the owner or tenant who instituted the action may request that the court join the municipality as a party to the action. The court may order the municipality to demolish, remove materials from, repair, or enclose the building, or cause that action to be taken upon the request of any owner or tenant who instituted the action or upon the municipality's request. The municipality may file, and the court may approve, a plan for rehabilitating the building in question. A court order authorizing the municipality to demolish, remove materials from, repair, or enclose a building, or cause that action to be taken, shall not preclude the court from adjudging the owner or owners of record of the building in contempt of court due to the failure to comply with the order to demolish, remove garbage, debris, and other noxious or unhealthy substances and materials from, repair, or enclose the building.

If a municipality or a person or persons other than the owner or owners of record pay the cost of demolition, removal of garbage, debris, and other noxious or unhealthy substances and materials, repair, or enclosure pursuant to a court order, the cost, including court costs, attorney's fees, and other costs related to the enforcement of this subsection, is recoverable from the owner or owners of the real estate and is a lien on the real estate; the lien is superior to all prior existing liens and encumbrances, except taxes, if, within 180 days after the repair, removal, demolition, or enclosure, the municipality or the person or persons who paid the costs of demolition, removal, repair, or enclosure shall file a notice of lien of the cost and expense incurred in the office of the recorder in the county in which the real estate is located or in the office of the registrar of the county if the real estate affected is registered under the Registered Titles (Torrens) Act. The notice shall be in a form as is provided in subsection (a). An owner or tenant who institutes an action in circuit court seeking an order to compel the owner or owners of record to demolish, remove materials from, repair, or enclose any dangerous or unsafe building, or to cause that action to be taken under this subsection may
recover court costs and reasonable attorney's fees for instituting the action from the owner or owners of record of the building. Upon payment of the costs and expenses by the owner of or a person interested in the property after the notice of lien has been filed, the lien shall be released by the municipality or the person in whose name the lien has been filed or his or her assignee, and the release may be filed of record as in the case of filing a notice of lien. Unless the lien is enforced under subsection (c), the lien may be enforced by foreclosure proceedings as in the case of mortgage foreclosures under Article XV of the Code of Civil Procedure or mechanics' lien foreclosures. An action to foreclose this lien may be commenced at any time after the date of filing of the notice of lien. The costs of foreclosure incurred by the municipality, including court costs, reasonable attorneys' fees, advances to preserve the property, and other costs related to the enforcement of this subsection, plus statutory interest, are a lien on the real estate and are recoverable by the municipality from the owner or owners of the real estate.

All liens arising under the terms of this subsection (b) shall be assignable. The assignee of the lien shall have the same power to enforce the lien as the assigning party, except that the lien may not be enforced under subsection (c).

(c) In any case where a municipality has obtained a lien under subsection (a), (b), or (f), the municipality may enforce the lien under this subsection (c) in the same proceeding in which the lien is authorized.

A municipality desiring to enforce a lien under this subsection (c) shall petition the court to retain jurisdiction for foreclosure proceedings under this subsection. Notice of the petition shall be served, by certified or registered mail, on all persons who were served notice under subsection (a), (b), or (f). The court shall conduct a hearing on the petition not less than 15 days after the notice is served. If the court determines that the requirements of this subsection (c) have been satisfied, it shall grant the petition and retain jurisdiction over the matter until the foreclosure proceeding is completed. The costs of foreclosure incurred by the municipality, including court costs, reasonable attorneys' fees, advances to preserve the property, and other costs related to the enforcement of this subsection, plus statutory interest, are a lien on the real estate and are recoverable by the municipality from the owner or owners of the real estate. If the court denies the petition, the municipality may enforce the lien in a separate action as provided in subsection (a), (b), or (f).

All persons designated in Section 15-1501 of the Code of Civil Procedure as necessary parties in a mortgage foreclosure action shall be joined as parties before issuance of an order of foreclosure. Persons designated in Section 15-1501 of the Code of Civil Procedure as permissible parties may also be joined as parties in the action.

The provisions of Article XV of the Code of Civil Procedure applicable to mortgage foreclosures shall apply to the foreclosure of a lien under this subsection (c), except to the extent that those provisions are inconsistent with this subsection. For purposes of foreclosures of liens under this subsection, however, the redemption period described in subsection (b) of Section 15-1603 of the Code of Civil Procedure shall end 60 days after the date of entry of the order of foreclosure.

(d) In addition to any other remedy provided by law, the corporate authorities of any
municipality may petition the circuit court to have property declared abandoned under this subsection (d) if:

1. the property has been tax delinquent for 2 or more years or bills for water service for the property have been outstanding for 2 or more years;
2. the property is unoccupied by persons legally in possession; and
3. the property contains a dangerous or unsafe building.

All persons having an interest of record in the property, including tax purchasers and beneficial owners of any Illinois land trust having title to the property, shall be named as defendants in the petition and shall be served with process. In addition, service shall be had under Section 2-206 of the Code of Civil Procedure as in other cases affecting property.

The municipality, however, may proceed under this subsection in a proceeding brought under subsection (a) or (b). Notice of the petition shall be served by certified or registered mail on all persons who were served notice under subsection (a) or (b).

If the municipality proves that the conditions described in this subsection exist and the owner of record of the property does not enter an appearance in the action, or, if title to the property is held by an Illinois land trust, if neither the owner of record nor the owner of the beneficial interest of the trust enters an appearance, the court shall declare the property abandoned.

If that determination is made, notice shall be sent by certified or registered mail to all persons having an interest of record in the property, including tax purchasers and beneficial owners of any Illinois land trust having title to the property, stating that title to the property will be transferred to the municipality unless, within 30 days of the notice, the owner of record enters an appearance in the action, or unless any other person having an interest in the property files with the court a request to demolish the dangerous or unsafe building or to put the building in safe condition.

If the owner of record enters an appearance in the action within the 30 day period, the court shall vacate its order declaring the property abandoned. In that case, the municipality may amend its complaint in order to initiate proceedings under subsection (a).

If a request to demolish or repair the building is filed within the 30 day period, the court shall grant permission to the requesting party to demolish the building within 30 days or to restore the building to safe condition within 60 days after the request is granted. An extension of that period for up to 60 additional days may be given for good cause. If more than one person with an interest in the property files a timely request, preference shall be given to the person with the lien or other interest of the highest priority.

If the requesting party proves to the court that the building has been demolished or put in a safe condition within the period of time granted by the court, the court shall issue a quitclaim judicial deed for the property to the requesting party, conveying only the interest of the owner of record, upon proof of payment to the municipality of all costs incurred by the municipality in connection with the action, including but not limited to court costs, attorney's fees, administrative costs, the costs, if any, associated with building enclosure or removal, and receiver's certificates. The interest in the property so conveyed shall be subject to all liens and encumbrances on the property. In addition, if the interest is conveyed to a person

holding a certificate of purchase for the property under the Property Tax Code, the conveyance shall be subject to the rights of redemption of all persons entitled to redeem under that Act, including the original owner of record.

If no person with an interest in the property files a timely request or if the requesting party fails to demolish the building or put the building in safe condition within the time specified by the court, the municipality may petition the court to issue a judicial deed for the property to the municipality. A conveyance by judicial deed shall operate to extinguish all existing ownership interests in, liens on, and other interest in the property, including tax liens, and shall extinguish the rights and interests of any and all holders of a bona fide certificate of purchase of the property for delinquent taxes. Any such bona fide certificate of purchase holder shall be entitled to a sale in error as prescribed under Section 21-310 of the Property Tax Code.

(e) Each municipality may use the provisions of this subsection to expedite the removal of certain buildings that are a continuing hazard to the community in which they are located.

If a residential or commercial building is 3 stories or less in height as defined by the municipality's building code, and the corporate official designated to be in charge of enforcing the municipality's building code determines that the building is open and vacant and an immediate and continuing hazard to the community in which the building is located, then the official shall be authorized to post a notice not less than 2 feet by 2 feet in size on the front of the building. The notice shall be dated as of the date of the posting and shall state that unless the building is demolished, repaired, or enclosed, and unless any garbage, debris, and other hazardous, noxious, or unhealthy substances or materials are removed so that an immediate and continuing hazard to the community no longer exists, then the building may be demolished, repaired, or enclosed, or any garbage, debris, and other hazardous, noxious, or unhealthy substances or materials may be removed, by the municipality.

Not later than 30 days following the posting of the notice, the municipality shall do all of the following:

(1) Cause to be sent, by certified mail, return receipt requested, a Notice to Remediate to all owners of record of the property, the beneficial owners of any Illinois land trust having title to the property, and all lienholders of record in the property, stating the intent of the municipality to demolish, repair, or enclose the building or remove any garbage, debris, or other hazardous, noxious, or unhealthy substances or materials if that action is not taken by the owner or owners.

(2) Cause to be published, in a newspaper published or circulated in the municipality where the building is located, a notice setting forth (i) the permanent tax index number and the address of the building, (ii) a statement that the property is open and vacant and constitutes an immediate and continuing hazard to the community, and (iii) a statement that the municipality intends to demolish, repair, or enclose the building or remove any garbage, debris, or other hazardous, noxious, or unhealthy substances or materials if the owner or owners or lienholders of record fail to do so. This notice shall be published for 3 consecutive days.
(3) Cause to be recorded the Notice to RemEDIATE mailed under paragraph (1) in the office of the recorder in the county in which the real estate is located or in the office of the registrar of titles of the county if the real estate is registered under the Registered Title (Torrens) Act.

Any person or persons with a current legal or equitable interest in the property objecting to the proposed actions of the corporate authorities may file his or her objection in an appropriate form in a court of competent jurisdiction.

If the building is not demolished, repaired, or enclosed, or the garbage, debris, or other hazardous, noxious, or unhealthy substances or materials are not removed, within 30 days of mailing the notice to the owners of record, the beneficial owners of any Illinois land trust having title to the property, and all lienholders of record in the property, or within 30 days of the last day of publication of the notice, whichever is later, the corporate authorities shall have the power to demolish, repair, or enclose the building or to remove any garbage, debris, or other hazardous, noxious, or unhealthy substances or materials.

The municipality may proceed to demolish, repair, or enclose a building or remove any garbage, debris, or other hazardous, noxious, or unhealthy substances or materials under this subsection within a 120-day period following the date of the mailing of the notice if the appropriate official determines that the demolition, repair, enclosure, or removal of any garbage, debris, or other hazardous, noxious, or unhealthy substances or materials is necessary to remedy the immediate and continuing hazard. If, however, before the municipality proceeds with any of the actions authorized by this subsection, any person with a legal or equitable interest in the property has sought a hearing under this subsection before a court and has served a copy of the complaint on the chief executive officer of the municipality, then the municipality shall not proceed with the demolition, repair, enclosure, or removal of garbage, debris, or other substances until the court determines that that action is necessary to remedy the hazard and issues an order authorizing the municipality to do so.

Following the demolition, repair, or enclosure of a building, or the removal of garbage, debris, or other hazardous, noxious, or unhealthy substances or materials under this subsection, the municipality may file a notice of lien against the real estate for the cost of the demolition, repair, enclosure, or removal within 180 days after the repair, demolition, enclosure, or removal occurred, for the cost and expense incurred, in the office of the recorder in the county in which the real estate is located or in the office of the registrar of titles of the county if the real estate affected is registered under the Registered Titles (Torrens) Act; this lien has priority over the interests of those parties named in the Notice to RemEDIATE mailed under paragraph (1), but not over the interests of third party purchasers or encumbrancers for value who obtained their interests in the property before obtaining actual or constructive notice of the lien. The notice of lien shall consist of a sworn statement setting forth (i) a description of the real estate, such as the address or other description of the property, sufficient for its identification; (ii) the expenses incurred by the municipality in undertaking the remedial actions authorized under this subsection; (iii) the date or dates the expenses were incurred by the municipality; (iv) a statement by the corporate official responsible for enforcing the building code that the building was open and vacant and

New matter indicated by italics - deletions by strikeout.
constituted an immediate and continuing hazard to the community; (v) a statement by the corporate official that the required sign was posted on the building, that notice was sent by certified mail to the owners of record, and that notice was published in accordance with this subsection; and (vi) a statement as to when and where the notice was published. The lien authorized by this subsection may thereafter be released or enforced by the municipality as provided in subsection (a).

(f) The corporate authorities of each municipality may remove or cause the removal of, or otherwise environmentally remediate hazardous substances and petroleum products on, in, or under any abandoned and unsafe property within the territory of a municipality. In addition, where preliminary evidence indicates the presence or likely presence of a hazardous substance or a petroleum product or a release or a substantial threat of a release of a hazardous substance or a petroleum product on, in, or under the property, the corporate authorities of the municipality may inspect the property and test for the presence or release of hazardous substances and petroleum products. In any county having adopted by referendum or otherwise a county health department as provided by Division 5-25 of the Counties Code or its predecessor, the county board of that county may exercise the above-described powers with regard to property within the territory of any city, village, or incorporated town having less than 50,000 population.

For purposes of this subsection (f):

(1) "property" or "real estate" means all real property, whether or not improved by a structure;
(2) "abandoned" means;

(A) the property has been tax delinquent for 2 or more years;
(B) the property is unoccupied by persons legally in possession; and
(3) "unsafe" means property that presents an actual or imminent threat to public health and safety caused by the release of hazardous substances; and
(4) "hazardous substances" means the same as in Section 3.215 of the Environmental Protection Act.

The corporate authorities shall apply to the circuit court of the county in which the property is located (i) for an order allowing the municipality to enter the property and inspect and test substances on, in, or under the property; or (ii) for an order authorizing the corporate authorities to take action with respect to remediation of the property if conditions on the property, based on the inspection and testing authorized in paragraph (i), indicate the presence of hazardous substances or petroleum products. Remediation shall be deemed complete for purposes of paragraph (ii) above when the property satisfies Tier I, II, or III remediation objectives for the property's most recent usage, as established by the Environmental Protection Act, and the rules and regulations promulgated thereunder. Where, upon diligent search, the identity or whereabouts of the owner or owners of the property, including the lien holders of record, is not ascertainable, notice mailed to the person or persons in whose name the real estate was last assessed is sufficient notice under this Section.

The court shall grant an order authorizing testing under paragraph (i) above upon a
showing of preliminary evidence indicating the presence or likely presence of a hazardous substance or a petroleum product or a release of or a substantial threat of a release of a hazardous substance or a petroleum product on, in, or under abandoned property. The preliminary evidence may include, but is not limited to, evidence of prior use, visual site inspection, or records of prior environmental investigations. The testing authorized by paragraph (i) above shall include any type of investigation which is necessary for an environmental professional to determine the environmental condition of the property, including but not limited to performance of soil borings and groundwater monitoring. The court shall grant a remediation order under paragraph (ii) above where testing of the property indicates that it fails to meet the applicable remediation objectives. The hearing upon the application to the circuit court shall be expedited by the court and shall be given precedence over all other suits.

The cost of the inspection, testing, or remediation incurred by the municipality or by a lien holder of record, including court costs, attorney's fees, and other costs related to the enforcement of this Section, is a lien on the real estate; except that in any instances where a municipality incurs costs of inspection and testing but finds no hazardous substances or petroleum products on the property that present an actual or imminent threat to public health and safety, such costs are not recoverable from the owners nor are such costs a lien on the real estate. The lien is superior to all prior existing liens and encumbrances, except taxes and any lien obtained under subsection (a) or (e), if, within 180 days after the completion of the inspection, testing, or remediation, the municipality or the lien holder of record who incurred the cost and expense shall file a notice of lien for the cost and expense incurred in the office of the recorder in the county in which the real estate is located or in the office of the registrar of titles of the county if the real estate affected is registered under the Registered Titles (Torrens) Act.

The notice must consist of a sworn statement setting out (i) a description of the real estate sufficient for its identification, (ii) the amount of money representing the cost and expense incurred, and (iii) the date or dates when the cost and expense was incurred by the municipality or the lien holder of record. Upon payment of the lien amount by the owner of or persons interested in the property after the notice of lien has been filed, a release of lien shall be issued by the municipality, the person in whose name the lien has been filed, or the assignee of the lien, and the release may be filed of record as in the case of filing notice of lien.

The lien may be enforced under subsection (c) or by foreclosure proceedings as in the case of mortgage foreclosures under Article XV of the Code of Civil Procedure or mechanics' lien foreclosures; provided that where the lien is enforced by foreclosure under subsection (c) or under either statute, the municipality may not proceed against the other assets of the owner or owners of the real estate for any costs that otherwise would be recoverable under this Section but that remain unsatisfied after foreclosure except where such additional recovery is authorized by separate environmental laws. An action to foreclose this lien may be commenced at any time after the date of filing of the notice of lien. The costs of foreclosure incurred by the municipality, including court costs, reasonable attorney's fees,
advances to preserve the property, and other costs related to the enforcement of this subsection, plus statutory interest, are a lien on the real estate.

All liens arising under this subsection (f) shall be assignable. The assignee of the lien shall have the same power to enforce the lien as the assigning party, except that the lien may not be enforced under subsection (c).

(g) In any case where a municipality has obtained a lien under subsection (a), the municipality may also bring an action for a money judgment against the owner or owners of the real estate in the amount of the lien in the same manner as provided for bringing causes of action in Article II of the Code of Civil Procedure and, upon obtaining a judgment, file a judgment lien against all of the real estate of the owner or owners and enforce that lien as provided for in Article XII of the Code of Civil Procedure.

(70 ILCS 410/19) (from Ch. 96 1/2, par. 7129)
Sec. 19. Landfills.
(a) No land that is owned or acquired by a conservation district may be used for the development or operation of any new pollution control facility, as those terms are defined in Section 3.330 3.32 of the Environmental Protection Act.

(b) A conservation district may not transfer any land or interest in land owned or acquired by the district to any other entity which the district has reason to know intends to construct, expand or operate thereon any sanitary landfill or regulated waste treatment, disposal or storage facility or develop or operate thereon any new pollution control facility, as that term is defined in Section 3.330 3.32 of the Environmental Protection Act. A conservation district that wishes to transfer any land or interest in land owned or acquired by the district to any other entity must impose, as a condition of the transfer, a covenant prohibiting the development thereon or operation of any new pollution control facility, as that term is defined in Section 3.330 3.32 of the Environmental Protection Act.

Section 40. The Public Utilities Act is amended by changing Section 8-403.1 as follows:

(220 ILCS 5/8-403.1) (from Ch. 111 2/3, par. 8-403.1)
Sec. 8-403.1. Electricity purchased from qualified solid waste energy facility; tax credit; distributions for economic development.

(a) It is hereby declared to be the policy of this State to encourage the development of alternate energy production facilities in order to conserve our energy resources and to provide for their most efficient use.

(b) For the purpose of this Section and Section 9-215.1, "qualified solid waste energy facility" means a facility determined by the Illinois Commerce Commission to qualify as such under the Local Solid Waste Disposal Act, to use methane gas generated from landfills as its primary fuel, and to possess characteristics that would enable it to qualify as a cogeneration or small power production facility under federal law.

(c) In furtherance of the policy declared in this Section, the Illinois Commerce Commission shall require electric utilities to enter into long-term contracts to purchase electricity from qualified solid waste energy facilities located in the electric utility's service area, for a period beginning on the date that the facility begins generating electricity and having a duration of not less than 10 years in the case of facilities fueled by landfill-generated methane, or 20 years in the case of facilities fueled by methane generated from a landfill owned by a forest preserve district. The purchase rate contained in such contracts shall be equal to the average amount per kilowatt-hour paid from time to time by the unit or units of local government in which the electricity generating facilities are located, excluding amounts paid for street lighting and pumping service.

(d) Whenever a public utility is required to purchase electricity pursuant to subsection (c) above, it shall be entitled to credits in respect of its obligations to remit to the State taxes it has collected under the Electricity Excise Tax Law equal to the amounts, if any, by which payments for such electricity exceed (i) the then current rate at which the utility must purchase the output of qualified facilities pursuant to the federal Public Utility Regulatory Policies Act of 1978, less (ii) any costs, expenses, losses, damages or other amounts incurred by the utility, or for which it becomes liable, arising out of its failure to obtain such electricity from such other sources. The amount of any such credit shall, in the first instance, be determined by the utility, which shall make a monthly report of such credits to the Illinois Commerce Commission and, on its monthly tax return, to the Illinois Department of Revenue. Under no circumstances shall a utility be required to purchase electricity from a qualified solid waste energy facility at the rate prescribed in subsection (c) of this Section if such purchase would result in estimated tax credits that exceed, on a monthly basis, the utility's estimated obligation to remit to the State taxes it has collected under the Electricity

Excise Tax Law. The owner or operator shall negotiate facility operating conditions with the purchasing utility in accordance with that utility's posted standard terms and conditions for small power producers. If the Department of Revenue disputes the amount of any such credit, such dispute shall be decided by the Illinois Commerce Commission. Whenever a qualified solid waste energy facility has paid or otherwise satisfied in full the capital costs or indebtedness incurred in developing and implementing the qualified facility, the qualified facility shall reimburse the Public Utility Fund and the General Revenue Fund in the State treasury for the actual reduction in payments to those Funds caused by this subsection (d) in a manner to be determined by the Illinois Commerce Commission and based on the manner in which revenues for those Funds were reduced.

(e) The Illinois Commerce Commission shall not require an electric utility to purchase electricity from any qualified solid waste energy facility which is owned or operated by an entity that is primarily engaged in the business of producing or selling electricity, gas, or useful thermal energy from a source other than one or more qualified solid waste energy facilities.

(f) This Section does not require an electric utility to construct additional facilities unless those facilities are paid for by the owner or operator of the affected qualified solid waste energy facility.

(g) The Illinois Commerce Commission shall require that: (1) electric utilities use the electricity purchased from a qualified solid waste energy facility to displace electricity generated from nuclear power or coal mined and purchased outside the boundaries of the State of Illinois before displacing electricity generated from coal mined and purchased within the State of Illinois, to the extent possible, and (2) electric utilities report annually to the Commission on the extent of such displacements.

(h) Nothing in this Section is intended to cause an electric utility that is required to purchase power hereunder to incur any economic loss as a result of its purchase. All amounts paid for power which a utility is required to purchase pursuant to subparagraph (c) shall be deemed to be costs prudently incurred for purposes of computing charges under rates authorized by Section 9-220 of this Act. Tax credits provided for herein shall be reflected in charges made pursuant to rates so authorized to the extent such credits are based upon a cost which is also reflected in such charges.

(i) Beginning in February 1999 and through January 2009, each qualified solid waste energy facility that sells electricity to an electric utility at the purchase rate described in subsection (c) shall file with the Department of Revenue on or before the 15th of each month a form, prescribed by the Department of Revenue, that states the number of kilowatt hours of electricity for which payment was received at that purchase rate from electric utilities in Illinois during the immediately preceding month. This form shall be accompanied by a payment from the qualified solid waste energy facility in an amount equal to six-tenths of a mill ($0.0006) per kilowatt hour of electricity stated on the form. Beginning on the effective date of this amendatory Act of the 92nd General Assembly, a qualified solid waste energy facility must file the form required under this subsection (i) before the 15th of each month regardless of whether the facility received any payment in the previous month. Payments

received by the Department of Revenue shall be deposited into the Municipal Economic Development Fund, a trust fund created outside the State treasury. The State Treasurer may invest the moneys in the Fund in any investment authorized by the Public Funds Investment Act, and investment income shall be deposited into and become part of the Fund. Moneys in the Fund shall be used by the State Treasurer as provided in subsection (j). The obligation of a qualified solid waste energy facility to make payments into the Municipal Economic Development Fund shall terminate upon either: (1) expiration or termination of a facility's contract to sell electricity to an electric utility at the purchase rate described in subsection (c); or (2) entry of an enforceable, final, and non-appealable order by a court of competent jurisdiction that Public Act 89-448 is invalid. Payments by a qualified solid waste energy facility into the Municipal Economic Development Fund do not relieve the qualified solid waste energy facility of its obligation to reimburse the Public Utility Fund and the General Revenue Fund for the actual reduction in payments to those Funds as a result of credits received by electric utilities under subsection (d).

A qualified solid waste energy facility that fails to timely file the requisite form and payment as required by this subsection (i) shall be subject to penalties and interest in conformance with the provisions of the Illinois Uniform Penalty and Interest Act.

Every qualified solid waste energy facility subject to the provisions of this subsection (i) shall keep and maintain records and books of its sales pursuant to subsection (c), including payments received from those sales and the corresponding tax payments made in accordance with this subsection (i), and for purposes of enforcement of this subsection (i) all such books and records shall be subject to inspection by the Department of Revenue or its duly authorized agents or employees.

When a qualified solid waste energy facility fails to file the form or make the payment required under this subsection (i), the Department of Revenue, to the extent that it is practical, may enforce the payment obligation in a manner consistent with Section 5 of the Retailers' Occupation Tax Act, and if necessary may impose and enforce a tax lien in a manner consistent with Sections 5a, 5b, 5c, 5d, 5e, 5f, 5g, and 5i of the Retailers' Occupation Tax Act. No tax lien may be imposed or enforced, however, unless a qualified solid waste energy facility fails to make the payment required under this subsection (i). Only to the extent necessary and for the purpose of enforcing this subsection (i), the Department of Revenue may secure necessary information from a qualified solid waste energy facility in a manner consistent with Section 10 of the Retailers' Occupation Tax Act.

All information received by the Department of Revenue in its administration and enforcement of this subsection (i) shall be confidential in a manner consistent with Section 11 of the Retailers' Occupation Tax Act. The Department of Revenue may adopt rules to implement the provisions of this subsection (i).

For purposes of implementing the maximum aggregate distribution provisions in subsections (j) and (k), when a qualified solid waste energy facility makes a late payment to the Department of Revenue for deposit into the Municipal Economic Development Fund, that payment and deposit shall be attributed to the month and corresponding quarter in which the payment should have been made, and the Treasurer shall make retroactive distributions.

or refunds, as the case may be, whenever such late payments so require.

(j) The State Treasurer, without appropriation, must make distributions immediately after January 15, April 15, July 15, and October 15 of each year, up to maximum aggregate distributions of $500,000 for the distributions made in the 4 quarters beginning with the April distribution and ending with the January distribution, from the Municipal Economic Development Fund to each city, village, or incorporated town that has within its boundaries an incinerator that: (1) uses or, on the effective date of Public Act 90-813, used municipal waste as its primary fuel to generate electricity; (2) was determined by the Illinois Commerce Commission to qualify as a qualified solid waste energy facility prior to the effective date of Public Act 89-448; and (3) commenced operation prior to January 1, 1998. Total distributions in the aggregate to all qualified cities, villages, and incorporated towns in the 4 quarters beginning with the April distribution and ending with the January distribution shall not exceed $500,000. The amount of each distribution shall be determined pro rata based on the population of the city, village, or incorporated town compared to the total population of all cities, villages, and incorporated towns eligible to receive a distribution. Distributions received by a city, village, or incorporated town must be held in a separate account and may be used only to promote and enhance industrial, commercial, residential, service, transportation, and recreational activities and facilities within its boundaries, thereby enhancing the employment opportunities, public health and general welfare, and economic development within the community, including administrative expenditures exclusively to further these activities. These funds, however, shall not be used by the city, village, or incorporated town, directly or indirectly, to purchase, lease, operate, or in any way subsidize the operation of any incinerator, and these funds shall not be paid, directly or indirectly, by the city, village, or incorporated town to the owner, operator, lessee, shareholder, or bondholder of any incinerator. Moreover, these funds shall not be used to pay attorneys fees in any litigation relating to the validity of Public Act 89-448. Nothing in this Section prevents a city, village, or incorporated town from using other corporate funds for any legitimate purpose. For purposes of this subsection, the term "municipal waste" has the meaning ascribed to it in Section 3.290 of the Environmental Protection Act.

(k) If maximum aggregate distributions of $500,000 under subsection (j) have been made after the January distribution from the Municipal Economic Development Fund, then the balance in the Fund shall be refunded to the qualified solid waste energy facilities that made payments that were deposited into the Fund during the previous 12-month period. The refunds shall be prorated based upon the facility's payments in relation to total payments for that 12-month period.

(l) Beginning January 1, 2000, and each January 1 thereafter, each city, village, or incorporated town that received distributions from the Municipal Economic Development Fund, continued to hold any of those distributions, or made expenditures from those distributions during the immediately preceding year shall submit to a financial and compliance and program audit of those distributions performed by the Auditor General at no cost to the city, village, or incorporated town that received the distributions. The audit should be completed by June 30 or as soon thereafter as possible. The audit shall be submitted to the

State Treasurer and those officers enumerated in Section 3-14 of the Illinois State Auditing Act. If the Auditor General finds that distributions have been expended in violation of this Section, the Auditor General shall refer the matter to the Attorney General. The Attorney General may recover, in a civil action, 3 times the amount of any distributions illegally expended. For purposes of this subsection, the terms "financial audit," "compliance audit", and "program audit" have the meanings ascribed to them in Sections 1-13 and 1-15 of the Illinois State Auditing Act.

AN ACT concerning nuclear safety.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Nuclear Safety Preparedness Act is amended by changing Sections 4 and 7 as follows:

(420 ILCS 5/4) (from Ch. 111 1/2, par. 4304)

Sec. 4. Nuclear accident plans; fees. Persons engaged within this State in the production of electricity utilizing nuclear energy, the operation of nuclear test and research reactors, the chemical conversion of uranium, or the transportation, storage or possession of spent nuclear fuel or high-level radioactive waste shall pay fees to cover the cost of establishing plans and programs to deal with the possibility of nuclear accidents. Except as provided below, the fees shall be used exclusively to fund those Departmental and local government activities defined as necessary by the Director to implement and maintain the plans and programs authorized by this Act. Local governments incurring expenses attributable to implementation and maintenance of the plans and programs authorized by this Act may apply to the Department for compensation for those expenses, and upon approval by the Director of applications submitted by local governments, the Department shall compensate local governments from fees collected under this Section. Compensation for local governments shall include $250,000 in any year through fiscal year 1993, $275,000 in fiscal year 1994 and fiscal year 1995, $300,000 in fiscal year 1996, $400,000 in fiscal year 1997, and $450,000 in fiscal year 1998 and thereafter. Appropriations to the Department of Nuclear Safety for compensation to local governments from the Nuclear Safety Emergency Preparedness Fund provided for in this Section shall not exceed $650,000 per State fiscal year. Expenditures from these appropriations shall not exceed, in a single State fiscal year, the annual compensation amount made available to local governments under this Section, unexpended funds made available for local government compensation in the previous fiscal year, and funds recovered under the Illinois Grant Funds Recovery Act during previous fiscal years.
Notwithstanding any other provision of this Act, the expenditure limitation for fiscal year 1998 shall include the additional $100,000 made available to local governments for fiscal year 1997 under this amendatory Act of 1997. Any funds within these expenditure limitations, including the additional $100,000 made available for fiscal year 1997 under this amendatory Act of 1997, that remain unexpended at the close of business on June 30, 1997, and on June 30 of each succeeding year, shall be excluded from the calculations of credits under subparagraph (3) of this Section. The Department shall, by rule, determine the method for compensating local governments under this Section. In addition, a portion of the fees collected may be appropriated to the Illinois Emergency Management Agency for activities associated with preparing and implementing plans to deal with the effects of nuclear accidents. The appropriation shall not exceed $500,000 in any year preceding fiscal year 1996; the appropriation shall not exceed $625,000 in fiscal year 1996, $725,000 in fiscal year 1997, and $775,000 in fiscal year 1998 and thereafter. The fees shall consist of the following:

1. A one-time charge of $590,000 per nuclear power station in this State to be paid by the owners of the stations.

2. An additional charge of $240,000 per nuclear power station for which a fee under subparagraph (1) was paid before June 30, 1982.

3. Through June 30, 1982, an annual fee of $75,000 per year for each nuclear power reactor for which an operating license has been issued by the NRC, and after June 30, 1982, and through June 30, 1984 an annual fee of $180,000 per year for each nuclear power reactor for which an operating license has been issued by the NRC, and after June 30, 1984, and through June 30, 1991, an annual fee of $400,000 for each nuclear power reactor for which an operating license has been issued by the NRC, to be paid by the owners of nuclear power reactors operating in this State. Within 120 days after the end of the State fiscal year, the Department shall determine, from the records of the Office of the Comptroller, the balance in the Nuclear Safety Emergency Preparedness Fund. When the balance in the fund, less any fees collected under this Section prior to their being due and payable for the succeeding fiscal year or years, exceeds $400,000 at the close of business on June 30, 1993, 1994, 1995, 1996, 1997, and 1998, or exceeds $500,000 at the close of business on June 30, 1999 and June 30 of each succeeding year, the excess shall be credited to the owners of nuclear power reactors who are assessed fees under this subparagraph. Credits shall be applied against the fees to be collected under this subparagraph for the subsequent fiscal year. Each owner shall receive as a credit that amount of the excess which corresponds proportionately to the amount the owner contributed to all fees collected under this subparagraph in the fiscal year that produced the excess.
(3.5) The owner of a nuclear power reactor that notifies the Nuclear Regulatory Commission that the nuclear power reactor has permanently ceased operations during State fiscal year 1998 shall pay the following fees for each such nuclear power reactor: $1,368,000 for State fiscal year 1999 and $1,404,000 for State fiscal year 2000.

(b) Any enlisted person or any company grade officer, including warrant officers, First and Second Lieutenants, and Captains in the Army and Air National Guard, who has served at least one year in the Illinois National Guard and who possesses all necessary entrance requirements shall, upon application and proper proof, be awarded a grant to the State-controlled university or community college of his or her choice, consisting of exemption from tuition and fees for not more than the equivalent of 4 years of full-time enrollment in relation to his or her course of study at that State controlled university or community college while he or she is a member of the Illinois National Guard. If the recipient of any grant awarded under this Section ceases to be a member of the Illinois National Guard while enrolled in a course of study under that grant, the grant shall be terminated as of the date membership in the Illinois National Guard ended, and the recipient shall be permitted to complete the school term in which he or she is then enrolled only upon payment of tuition and other fees allocable to the part of the term then remaining. If the recipient of the grant fails to complete his or her military service obligations or requirements for satisfactory participation, the Department of Military Affairs shall require the recipient to repay the amount of the grant received, prorated according to the fraction of the service obligation not completed, and, if applicable, reasonable collection fees. The Department of Military Affairs may adopt rules relating to its collection activities for repayment of the grant under this Section. Unsatisfactory participation shall be defined by rules adopted by the Department of Military Affairs. Repayments shall be deposited in the National Guard Grant Fund. AN ACT in relation to child support.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 2. The Children and Family Services Act is amended by changing Section 9.1 as follows:

(20 ILCS 505/9.1) (from Ch. 23, par. 5009.1)

Sec. 9.1. The parents or guardians of the estates of children accepted for care and training under the Juvenile Court Act or the Juvenile Court Act of 1987, or through a voluntary placement agreement with the parents or guardians shall be liable for the payment to the Department, or to a licensed or approved child care facility designated by the Department of sums representing charges for the care and training of those children at a rate to be determined by the Department. The Department shall establish a standard by which shall be measured the ability of parents or guardians to pay for the care and training of their children, and shall implement the standard by rules governing its application. The standard and the rules shall take into account ability to pay as measured by annual income and family size. Medical or other treatment provided on behalf of the family may also be taken into account in determining ability to pay if the Department concludes that such treatment is appropriate.

In addition, the Department may provide by rule for referral of Title IV-E foster care maintenance cases to the Department of Public Aid for child support enforcement services under Title IV-D of the Social Security Act. The Department shall consider "good cause" as defined in regulations promulgated under Title IV-A of the Social Security Act, among other criteria, when determining whether to refer a case and, upon referral, the parent or guardian of the estate of a child who is receiving Title IV-E foster care maintenance payments shall be deemed to have made an assignment to the Department of any and all rights, title and interest in any support obligation on behalf of a child. The rights to support assigned to the Department shall constitute an obligation owed the State by the person who is responsible for providing the support, and shall be collectible under all applicable processes.

The acceptance of children for services or care shall not be limited or conditioned in any manner on the financial status or ability of parents or guardians to make such payments.

(Source: P.A. 85-1209; 86-1311.)

Section 5. The Illinois Public Aid Code is amended by changing Sections 9-6, 10-1, 10-3, 10-3.1, 10-4, 10-7, 10-8, 10-8.1, 10-10, 10-10.1, 10-10.4, 10-11, 10-11.1, 10-12.1, 10-13, 10-14, 10-14.1, 10-15, 10-17.2, 10-17.7, 10-26, and 12-8 as follows:

(305 ILCS 5/9-6) (from Ch. 23, par. 9-6)

Sec. 9-6. Job Search, Training and Work Programs. The Illinois Department and local governmental units shall initiate, promote and develop job search, training and work programs which will provide employment for and contribute to the training and experience of persons receiving aid under Articles III, V, and VI.

New matter indicated by italics - deletions by strikeout.
The job search, training and work programs shall be designed to preserve and improve the work habits and skills of recipients for whom jobs are not otherwise immediately available and to provide training and experience for recipients who lack the skills required for such employment opportunities as are or may become available. The Illinois Department and local governmental unit shall determine by rule those classes of recipients who shall be subject to participation in such programs. If made subject to participation, every applicant for or recipient of public aid who is determined to be "able to engage in employment", as defined by the Department or local governmental unit pursuant to rules and regulations, for whom unsubsidized jobs are not otherwise immediately available shall be required to participate in any program established under this Section.

The Illinois Department shall establish with the Director of Central Management Services an outreach and training program designed to encourage and assist recipients participating in job search, training and work programs to participate in open competitive examinations for trainee and other entry level positions to maximize opportunities for placement on open competitive eligible listings and referral to State agencies for employment consideration.

The Department shall provide payment for transportation, day-care and Workers' Compensation costs which occur for recipients as a result of participating in job search, training and work programs as described in this Section. The Department may decline to initiate such programs in areas where eligible recipients would be so few in number as to not economically justify such programs; and in this event the Department shall not require persons in such areas to participate in any job search, training, or work programs whatsoever as a condition of their continued receipt of, or application for, aid.

The programs may include, but shall not be limited to, service in child care centers, in preschool programs as teacher aides and in public health programs as home visitors and health aides; the maintenance of or services required in connection with public offices, buildings and grounds; state, county and municipal hospitals, forest preserves, parks, playgrounds, streets and highways, and other governmental maintenance or construction directed toward environmental improvement; and similar facilities.

The Illinois Department or local governmental units may enter into agreements with local taxing bodies and private not-for-profit organizations, agencies and institutions to provide for the supervision and administration of job search, work and training projects authorized by this Section. Such agreements shall stipulate the requirements for utilization of recipients in such projects. In addition to any other requirements dealing with the administration of these programs, the Department shall assure, pursuant to rules and regulations, that:

(a) Recipients may not displace regular employees.
(b) The maximum number of hours of mandatory work is 8 hours per day and 40 hours per week, not to exceed 120 hours per month.
(c) The maximum number of hours per month shall be determined by dividing the recipient's benefits by the federal minimum wage, rounded to the lowest full hour. "Recipient's benefits" in this subsection includes: (i) both cash assistance and food

New matter indicated by italics - deletions by strikeout.
stamps provided to the entire assistance unit or household by the Illinois Department where the job search, work and training program is administered by the Illinois Department and, where federal programs are involved, includes all such cash assistance and food stamps provided to the greatest extent allowed by federal law; or
(ii) includes only cash assistance provided to the entire assistance unit by the local governmental unit where the job search, work and training program is administered by the local governmental unit.

(d) The recipient shall be provided or compensated for transportation to and from the work location.

(e) Appropriate terms regarding recipient compensation are met.

Local taxing bodies and private not-for-profit organizations, agencies and institutions which utilize recipients in job search, work and training projects authorized by this Section are urged to include such recipients in the formulation of their employment policies.

Unless directly paid by an employing local taxing body or not-for-profit agency, a recipient participating in a work project who meets all requirements set forth by the Illinois Department shall receive credit towards his or her monthly assistance benefits for work performed based upon the applicable minimum wage rate. Where a recipient is paid directly by an employing agency, the Illinois Department or local governmental unit shall provide for payment to such employing entity the appropriate amount of assistance benefits to which the recipient would otherwise be entitled under this Code.

The Illinois Department or its designee, including local governmental units, may enter into agreements with the agencies or institutions providing work under programs established hereunder for payment to each such employer (hereinafter called "public service employer") of all or a portion of the wages to be paid to persons for the work performed and other appropriate costs.

If the number of persons receiving aid under Article VI is insufficient to justify the establishment of job search, training and work programs on a local basis by a local governmental unit, or if for other good cause the establishment of a local program is impractical or unwarranted, the local governmental unit shall cooperate with other local governmental units, with civic and non-profit community agencies, and with the Illinois Department in developing a program or programs which will jointly serve the participating governmental units and agencies.

A local governmental unit receiving State funds shall refer all recipients able to engage in employment to such job search, training and work programs as are established, whether within or without the governmental unit, and as are accessible to persons receiving aid from the governmental unit. The Illinois Department shall withhold allocation of state funds to any governmental unit which fails or refuses to make such referrals.

Participants in job search, training and work programs shall be required to maintain current registration for regular employment under Section 11-10 and to accept any bona fide offer of regular employment. They shall likewise be required to accept education, work and training opportunities available to them under other provisions of this Code or Federal law. The Illinois Department or local governmental unit shall provide by rule for periodic review
of the circumstances of each participant to determine the feasibility of his placement in regular employment or other work, education and training opportunities.

Moneys made available for public aid purposes under Articles IV and VI may be expended to pay public service employers all or a portion of the wages of public service employees and other appropriate costs, to provide necessary supervisory personnel and equipment, to purchase Workers' Compensation Insurance or to pay Workers' Compensation claims, and to provide transportation to and from work sites.

The Department shall provide through rules and regulations for sanctions against applicants and recipients of aid under this Code who fail to cooperate with the regulations and requirements established pursuant to this Section. Such sanctions may include the loss of eligibility to receive aid under Article VI of this Code for up to 3 months.

The Department, in cooperation with a local governmental unit, may maintain a roster of persons who are required to participate in a local job search, training and work program. In such cases, the roster shall be available for inspection by employers for the selection of possible workers.

In addition to the programs authorized by this Section, the Illinois Department is authorized to administer any job search, training or work projects in conjunction with the Federal Food Stamp Program, either under this Section or under other regulations required by the Federal government.

The Illinois Department may also administer pilot programs to provide job search, training and work programs to unemployed parents of children receiving child support enforcement services under Article X of this Code.

Sec. 10-1. Declaration of Public Policy - Persons Eligible for Child and Spouse Support Enforcement Services - Fees for Non-Applicants and Non-Recipients.) It is the intent of this Code that the financial aid and social welfare services herein provided supplement rather than supplant the primary and continuing obligation of the family unit for self-support to the fullest extent permitted by the resources available to it. This primary and continuing obligation applies whether the family unit of parents and children or of husband and wife remains intact and resides in a common household or whether the unit has been broken by absence of one or more members of the unit. The obligation of the family unit is particularly applicable when a member is in necessitous circumstances and lacks the means of a livelihood compatible with health and well-being.

It is the purpose of this Article to provide for locating an absent parent or spouse, for determining his financial circumstances, and for enforcing his legal obligation of support, if he is able to furnish support, in whole or in part. The Illinois Department of Public Aid shall give priority to establishing, enforcing and collecting the current support obligation, and then to past due support owed to the family unit, except with respect to collections effected through the intercept programs provided for in this Article.

The child and spouse support enforcement services provided hereunder shall be furnished dependents of an absent parent or spouse who are applicants for or recipients of

financial aid under this Code. It is not, however, a condition of eligibility for financial aid that there be no responsible relatives who are reasonably able to provide support. Nor, except as provided in Sections 4-1.7 and 10-8, shall the existence of such relatives or their payment of support contributions disqualify a needy person for financial aid.

By accepting financial aid under this Code, a spouse or a parent or other person having custody of a child shall be deemed to have made assignment to the Illinois Department for aid under Articles III, IV, V and VII or to a local governmental unit for aid under Article VI of any and all rights, title, and interest in any support obligation up to the amount of financial aid provided. The rights to support assigned to the Illinois Department of Public Aid or local governmental unit shall constitute an obligation owed the State or local governmental unit by the person who is responsible for providing the support, and shall be collectible under all applicable processes.

The Illinois Department of Public Aid shall also furnish the child and spouse support enforcement services established under this Article in behalf of persons who are not applicants for or recipients of financial aid under this Code in accordance with the requirements of Title IV, Part D of the Social Security Act. The Department may establish a schedule of reasonable fees, to be paid for the services provided and may deduct a collection fee, not to exceed 10% of the amount collected, from such collection. The Illinois Department of Public Aid shall cause to be published and distributed publications reasonably calculated to inform the public that individuals who are not recipients of or applicants for public aid under this Code are eligible for the child and spouse support enforcement services under this Article X. Such publications shall set forth an explanation, in plain language, that the child and spouse support enforcement services program is independent of any public aid program under the Code and that the receiving of child and spouse support enforcement services in no way implies that the person receiving such services is receiving public aid.

(305 ILCS 5/10-3) (from Ch. 23, par. 10-3)

Sec. 10-3. Standard and Regulations for Determining Ability to Support. The Illinois Department shall establish a standard by which shall be measured the ability of responsible relatives to provide support, and shall implement the standard by rules governing its application. The standard and the rules shall take into account the buying and consumption patterns of self-supporting persons of modest income, present or future contingencies having direct bearing on maintenance of the relative's self-support status and fulfillment of his obligations to his immediate family, and any unusual or exceptional circumstances including estrangement or other personal or social factors, that have a bearing on family relationships and the relative's ability to meet his support obligations. The standard shall be recomputed periodically to reflect changes in the cost of living and other pertinent factors.

In addition to the standard, the Illinois Department may establish guidelines to be used exclusively to measure the ability of responsible relatives to provide support on behalf of applicants for or recipients of financial aid under Article IV of this Act and other persons who are given access to the child and spouse support enforcement services of this Article as

provided in Section 10-1. In such case, the Illinois Department shall base the guidelines upon the applicable provisions of Sections 504, 505 and 505.2 of the Illinois Marriage and Dissolution of Marriage Act, as amended, and shall implement such guidelines by rules governing their application.

The term "administrative administration enforcement unit", when used in this Article, means local governmental units or the Child and Spouse Support Unit established under Section 10-3.1 when exercising the powers designated in this Article. The administrative enforcement unit shall apply the standard or guidelines, rules and procedures provided for by this Section and Sections 10-4 through 10-8 in determining the ability of responsible relatives to provide support for applicants for or recipients of financial aid under this Code, except that the administrative enforcement unit may apply such standard or guidelines, rules and procedures at its discretion with respect to those applicants for or recipients of financial aid under Article IV and other persons who are given access to the child and spouse support enforcement services of this Article as provided by Section 10-1.

Sec. 10-3.1. Child and Spouse Support Unit. The Illinois Department shall establish within its administrative staff a Child and Spouse Support Unit to search for and locate absent parents and spouses liable for the support of persons resident in this State and to exercise the support enforcement powers and responsibilities assigned the Department by this Article. The unit shall cooperate with all law enforcement officials in this State and with the authorities of other States in locating persons responsible for the support of persons resident in other States and shall invite the cooperation of these authorities in the performance of its duties.

In addition to other duties assigned the Child and Spouse Support Unit by this Article, the Unit may refer to the Attorney General or units of local government with the approval of the Attorney General, any actions under Sections 10-10 and 10-15 for judicial enforcement of the support liability. The Child and Spouse Support Unit shall act for the Department in referring to the Attorney General support matters requiring judicial enforcement under other laws. If requested by the Attorney General to so act, as provided in Section 12-16, attorneys of the Unit may assist the Attorney General or themselves institute actions in behalf of the Illinois Department under the Revised Uniform Reciprocal Enforcement of Support Act; under the Illinois Parentage Act of 1984; under the Non-Support of Spouse and Children Act; under the Non-Support Punishment Act; or under any other law, State or Federal, providing for support of a spouse or dependent child.

The Illinois Department shall also have the authority to enter into agreements with local governmental units or individuals, with the approval of the Attorney General, for the collection of moneys owing because of the failure of a parent to make child support payments for any child receiving services under this Article. Such agreements may be on a contingent fee basis, but such contingent fee shall not exceed 25% of the total amount collected.

An attorney who provides representation pursuant to this Section shall represent the Illinois Department exclusively. Regardless of the designation of the plaintiff in an action

brought pursuant to this Section, an attorney-client relationship does not exist for purposes of that action between that attorney and (i) an applicant for or recipient of child and spouse support enforcement services or (ii) any other party to the action other than the Illinois Department. Nothing in this Section shall be construed to modify any power or duty (including a duty to maintain confidentiality) of the Child and Spouse Support Unit or the Illinois Department otherwise provided by law.

The Illinois Department may also enter into agreements with local governmental units for the Child and Spouse Support Unit to exercise the investigative and enforcement powers designated in this Article, including the issuance of administrative orders under Section 10-11, in locating responsible relatives and obtaining support for persons applying for or receiving aid under Article VI. Payments for defrayment of administrative costs and support payments obtained shall be deposited into the DHS Recoveries Trust Fund. Support payments shall be paid over to the General Assistance Fund of the local governmental unit at such time or times as the agreement may specify.

With respect to those cases in which it has support enforcement powers and responsibilities under this Article, the Illinois Department may provide by rule for periodic or other review of each administrative and court order for support to determine whether a modification of the order should be sought. The Illinois Department shall provide for and conduct such review in accordance with any applicable federal law and regulation.

As part of its process for review of orders for support, the Illinois Department, through written notice, may require the responsible relative to disclose his or her Social Security Number and past and present information concerning the relative's address, employment, gross wages, deductions from gross wages, net wages, bonuses, commissions, number of dependent exemptions claimed, individual and dependent health insurance coverage, and any other information necessary to determine the relative's ability to provide support in a case receiving child and spouse support enforcement services under this Article X.

The Illinois Department may send a written request for the same information to the relative's employer. The employer shall respond to the request for information within 15 days after the date the employer receives the request. If the employer willfully fails to fully respond within the 15-day period, the employer shall pay a penalty of $100 for each day that the response is not provided to the Illinois Department after the 15-day period has expired. The penalty may be collected in a civil action which may be brought against the employer in favor of the Illinois Department.

A written request for information sent to an employer pursuant to this Section shall consist of (i) a citation of this Section as the statutory authority for the request and for the employer's obligation to provide the requested information, (ii) a returnable form setting forth the employer's name and address and listing the name of the employee with respect to whom information is requested, and (iii) a citation of this Section as the statutory authority authorizing the employer to withhold a fee of up to $20 from the wages or income to be paid to each responsible relative for providing the information to the Illinois Department within the 15-day period. If the employer is withholding support payments from the responsible

relative's income pursuant to an order for withholding, the employer may withhold the fee provided for in this Section only after withholding support as required under the order. Any amounts withheld from the responsible relative’s income for payment of support and the fee provided for in this Section shall not be in excess of the amounts permitted under the federal Consumer Credit Protection Act.

In a case receiving child and spouse support enforcement services, the Illinois Department may request and obtain information from a particular employer under this Section no more than once in any 12-month period, unless the information is necessary to conduct a review of a court or administrative order for support at the request of the person receiving child and spouse support enforcement services.

The Illinois Department shall establish and maintain an administrative unit to receive and transmit to the Child and Spouse Support Unit information supplied by persons applying for or receiving child and spouse support enforcement services under Section 10-1. In addition, the Illinois Department shall address and respond to any alleged deficiencies that persons receiving or applying for services from the Child and Spouse Support Unit may identify concerning the Child and Spouse Support Unit's provision of child and spouse support enforcement services. Within 60 days after an action or failure to act by the Child and Spouse Support Unit that affects his or her case, a recipient of or applicant for child and spouse support enforcement services under Article X of this Code may request an explanation of the Unit's handling of the case. At the requestor's option, the explanation may be provided either orally in an interview, in writing, or both. If the Illinois Department fails to respond to the request for an explanation or fails to respond in a manner satisfactory to the applicant or recipient within 30 days from the date of the request for an explanation, the applicant or recipient may request a conference for further review of the matter by the Office of the Administrator of the Child and Spouse Support Unit. A request for a conference may be submitted at any time within 60 days after the explanation has been provided by the Child and Spouse Support Unit or within 60 days after the time for providing the explanation has expired.

The applicant or recipient may request a conference concerning any decision denying or terminating child or spouse support enforcement services under Article X of this Code, and the applicant or recipient may also request a conference concerning the Unit's failure to provide services or the provision of services in an amount or manner that is considered inadequate. For purposes of this Section, the Child and Spouse Support Unit includes all local governmental units or individuals with whom the Illinois Department has contracted under Section 10-3.1.

Upon receipt of a timely request for a conference, the Office of the Administrator shall review the case. The applicant or recipient requesting the conference shall be entitled, at his or her option, to appear in person or to participate in the conference by telephone. The applicant or recipient requesting the conference shall be entitled to be represented and to be afforded a reasonable opportunity to review the Illinois Department's file before or at the conference. At the conference, the applicant or recipient requesting the conference shall be afforded an opportunity to present all relevant matters in support of his or her claim.

Sec. 10-4. Notification of Support Obligation. The administrative enforcement unit within the authorized area of its operation shall notify each responsible relative of an applicant or recipient, or responsible relatives of other persons given access to the child support enforcement services of this Article, of his legal obligation to support and shall request such information concerning his financial status as may be necessary to determine whether he is financially able to provide such support, in whole or in part. In cases involving a child born out of wedlock, the notification shall include a statement that the responsible relative has been named as the biological father of the child identified in the notification.

In the case of applicants, the notification shall be sent as soon as practical after the filing of the application. In the case of recipients, the notice shall be sent at such time as may be established by rule of the Illinois Department.

The notice shall be accompanied by the forms or questionnaires provided in Section 10-5. It shall inform the relative that he may be liable for reimbursement of any support furnished from public aid funds prior to determination of the relative's financial circumstances, as well as for future support. In the alternative, when support is sought on behalf of applicants for or recipients of financial aid under Article IV of this Code and other persons who are given access to the child and spouse support enforcement services of this Article as provided in Section 10-1, the notice shall inform the relative that the relative may be required to pay support for a period before the date an administrative support order is entered, as well as future support.

Neither the mailing nor receipt of such notice shall be deemed a jurisdictional requirement for the subsequent exercise of the investigative procedures undertaken by an administrative enforcement unit or the entry of any order or determination of paternity or support or reimbursement by the administrative enforcement unit; except that notice shall be served by certified mail addressed to the responsible relative at his or her last known address, return receipt requested, or by any method provided by law for service of summons, in cases where a determination of paternity or support by default is sought on behalf of applicants for or recipients of financial aid under Article IV of this Act and other persons who are given access to the child and spouse support enforcement services of this Article as provided in Section 10-1.

Sec. 10-7. Notice of support due.

(a) When an administrative enforcement unit has determined that a responsible relative is financially able to contribute to the support of an applicant or recipient, the responsible relative shall be notified by mailing him a copy of the determination by United States registered or certified mail, advising him of his legal obligation to make support payments for such period or periods of time, definite in duration or indefinite, as the circumstances require. The notice shall direct payment as provided in Section 10-8. Where applicable, the determination and notice may include a demand for reimbursement for emergency aid granted an applicant or recipient during the period between the application and determination of the relative’s obligation for support and for aid granted during any subsequent period the responsible relative was financially able to provide support but failed or refused to do so.

(b) In the alternative, when support is sought on behalf of applicants for or recipients of financial aid under Article IV of this Act and other persons who are given access to the child and spouse support enforcement services of this Article as provided in Section 10-1, the administrative enforcement unit shall not be required to send the notice and may enter an administrative order immediately under the provisions of Section 10-11. The order shall be based upon the determination made under the provisions of Section 10-6 or, in instances of default, upon the needs of the persons for whom support is sought. In addition to requiring payment of future support, the administrative order may require payment of support for a period before the date the order is entered. The amount of support to be paid for the prior period shall be determined under the guidelines established by the Illinois Department pursuant to Section 10-3. The order shall direct payment as provided in Section 10-10.

Sec. 10-8. Support Payments - Partial Support - Full Support. The notice to responsible relatives issued pursuant to Section 10-7 shall direct payment (a) to the Illinois Department in cases of applicants and recipients under Articles III, IV, V and VII, (b) except as provided in Section 10-3.1, to the local governmental unit in the case of a applicants and recipients under Article VI, and (c) to the Illinois Department in cases of non-applicants and non-recipients given access to the child and spouse support enforcement services of this Article, as provided by Section 10-1. However, if the support payments by responsible relatives are sufficient to meet needs of a recipient in full, including current and anticipated medical needs, and the Illinois Department or the local governmental unit, as the case may be, has reasonable grounds to believe that such needs will continue to be provided in full by the responsible relatives, the relatives may be directed to make subsequent support payments to the needy person or to some person or agency in his behalf and the recipient shall be removed from the rolls. In such instance the recipient also shall be notified by registered or certified mail of the action taken. If a recipient removed from the rolls requests the Illinois Department to continue to collect the support payments in his behalf, the Department, at its
option, may do so and pay amounts so collected to the person. The Department may provide for deducting any costs incurred by it in making the collection from the amount of any recovery made and pay only the net amount to the person.

Payments under this Section to the Illinois Department pursuant to the Child Support Enforcement Program established by Title IV-D of the Social Security Act shall be paid into the Child Support Enforcement Trust Fund. All payments under this Section to the Illinois Department of Human Services shall be deposited in the DHS Recoveries Trust Fund. Disbursements from these funds shall be as provided in Sections 12-9.1 and 12-10.2 of this Code. Payments received by a local governmental unit shall be deposited in that unit’s General Assistance Fund.

To the extent the provisions of this Section are inconsistent with the requirements pertaining to the State Disbursement Unit under Sections 10-10.4 and 10-26 of this Code, the requirements pertaining to the State Disbursement Unit shall apply.

Sec. 10-8.1. Temporary order for child support. Notwithstanding any other law to the contrary, pending the outcome of an administrative determination of parentage, the Illinois Department shall issue a temporary order for child support, upon motion by a party and a showing of clear and convincing evidence of paternity. In determining the amount of the temporary child support award, the Illinois Department shall use the guidelines and standards set forth in subsection (a) of Section 505 and in Section 505.2 of the Illinois Marriage and Dissolution of Marriage Act.

Any new or existing support order entered by the Illinois Department under this Section shall be deemed to be a series of judgments against the person obligated to pay support thereunder, each such judgment to be in the amount of each payment or installment of support and each judgment to be deemed entered as of the date the corresponding payment or installment becomes due under the terms of the support order. Each such judgment shall have the full force, effect, and attributes of any other judgment of this State, including the ability to be enforced. Any such judgment is subject to modification or termination only in accordance with Section 510 of the Illinois Marriage and Dissolution of Marriage Act. A lien arises by operation of law against the real and personal property of the noncustodial parent for each installment of overdue support owed by the noncustodial parent.

All orders for support entered or modified in a case in which a party is receiving child and spouse support enforcement services under this Article X shall include a provision requiring the non-custodial parent to notify the Illinois Department, within 7 days, (i) of the name, address, and telephone number of any new employer of the non-custodial parent, (ii) whether the non-custodial parent has access to health insurance coverage through the employer or other group coverage, and, if so, the policy name and number and the names of persons covered under the policy, and (iii) of any new residential or mailing address or telephone number of the non-custodial parent.

An order for support shall include a date on which the current support obligation terminates. The termination date shall be no earlier than the date on which the child covered by the order will attain the age of majority or is otherwise emancipated. The order for support shall state that the termination date does not apply to any arrearage that may remain unpaid on that date. Nothing in this paragraph shall be construed to prevent the Illinois Department from modifying the order.

Sec. 10-10. Court enforcement; applicability also to persons who are not applicants or recipients. Except where the Illinois Department, by agreement, acts for the local governmental unit, as provided in Section 10-3.1, local governmental units shall refer to the State's Attorney or to the proper legal representative of the governmental unit, for judicial enforcement as herein provided, instances of non-support or insufficient support when the dependents are applicants or recipients under Article VI. The Child and Spouse Support Unit established by Section 10-3.1 may institute in behalf of the Illinois Department any actions under this Section for judicial enforcement of the support liability when the dependents are (a) applicants or recipients under Articles III, IV, V or VII; (b) applicants or recipients in a local governmental unit when the Illinois Department, by agreement, acts for the unit; or (c) non-applicants or non-recipients who are receiving child support enforcement services under this Article X, as provided in Section 10-1. Where the Child and Spouse Support Unit has exercised its option and discretion not to apply the provisions of Sections 10-3 through 10-8, the failure by the Unit to apply such provisions shall not be a bar to bringing an action under this Section.

Action shall be brought in the circuit court to obtain support, or for the recovery of aid granted during the period such support was not provided, or both for the obtainment of support and the recovery of the aid provided. Actions for the recovery of aid may be taken separately or they may be consolidated with actions to obtain support. Such actions may be brought in the name of the person or persons requiring support, or may be brought in the name of the Illinois Department or the local governmental unit, as the case requires, in behalf of such persons.

The court may enter such orders for the payment of moneys for the support of the person as may be just and equitable and may direct payment thereof for such period or periods of time as the circumstances require, including support for a period before the date the order for support is entered. The order may be entered against any or all of the defendant responsible relatives and may be based upon the proportionate ability of each to contribute to the person's support.

The Court shall determine the amount of child support (including child support for a period before the date the order for child support is entered) by using the guidelines and standards set forth in subsection (a) of Section 505 and in Section 505.2 of the Illinois

Marriage and Dissolution of Marriage Act. For purposes of determining the amount of child support to be paid for a period before the date the order for child support is entered, there is a rebuttable presumption that the responsible relative's net income for that period was the same as his or her net income at the time the order is entered.

If (i) the responsible relative was properly served with a request for discovery of financial information relating to the responsible relative's ability to provide child support, (ii) the responsible relative failed to comply with the request, despite having been ordered to do so by the court, and (iii) the responsible relative is not present at the hearing to determine support despite having received proper notice, then any relevant financial information concerning the responsible relative's ability to provide child support that was obtained pursuant to subpoena and proper notice shall be admitted into evidence without the need to establish any further foundation for its admission.

An order entered under this Section shall include a provision requiring the obligor to report to the obligee and to the clerk of court within 10 days each time the obligor obtains new employment, and each time the obligor's employment is terminated for any reason. The report shall be in writing and shall, in the case of new employment, include the name and address of the new employer. Failure to report new employment or the termination of current employment, if coupled with nonpayment of support for a period in excess of 60 days, is indirect criminal contempt. For any obligor arrested for failure to report new employment bond shall be set in the amount of the child support that should have been paid during the period of unreported employment. An order entered under this Section shall also include a provision requiring the obligor and obligee parents to advise each other of a change in residence within 5 days of the change except when the court finds that the physical, mental, or emotional health of a party or that of a minor child, or both, would be seriously endangered by disclosure of the party's address.

The Court shall determine the amount of maintenance using the standards set forth in Section 504 of the Illinois Marriage and Dissolution of Marriage Act.

Any new or existing support order entered by the court under this Section shall be deemed to be a series of judgments against the person obligated to pay support thereunder, each such judgment to be in the amount of each payment or installment of support and each such judgment to be deemed entered as of the date the corresponding payment or installment becomes due under the terms of the support order. Each such judgment shall have the full force, effect and attributes of any other judgment of this State, including the ability to be enforced. Any such judgment is subject to modification or termination only in accordance with Section 510 of the Illinois Marriage and Dissolution of Marriage Act. A lien arises by operation of law against the real and personal property of the noncustodial parent for each installment of overdue support owed by the noncustodial parent.

When an order is entered for the support of a minor, the court may provide therein for reasonable visitation of the minor by the person or persons who provided support pursuant to the order. Whoever willfully refuses to comply with such visitation order or willfully interferes with its enforcement may be declared in contempt of court and punished therefor.
Except where the local governmental unit has entered into an agreement with the Illinois Department for the Child and Spouse Support Unit to act for it, as provided in Section 10-3.1, support orders entered by the court in cases involving applicants or recipients under Article VI shall provide that payments thereunder be made directly to the local governmental unit. Orders for the support of all other applicants or recipients shall provide that payments thereunder be made directly to the Illinois Department. In accordance with federal law and regulations, the Illinois Department may continue to collect current maintenance payments or child support payments, or both, after those persons cease to receive public assistance and until termination of services under Article X. The Illinois Department shall pay the net amount collected to those persons after deducting any costs incurred in making the collection or any collection fee from the amount of any recovery made. In both cases the order shall permit the local governmental unit or the Illinois Department, as the case may be, to direct the responsible relative or relatives to make support payments directly to the needy person, or to some person or agency in his behalf, upon removal of the person from the public aid rolls or upon termination of services under Article X.

If the notice of support due issued pursuant to Section 10-7 directs that support payments be made directly to the needy person, or to some person or agency in his behalf, and the recipient is removed from the public aid rolls, court action may be taken against the responsible relative hereunder if he fails to furnish support in accordance with the terms of such notice.

Actions may also be brought under this Section in behalf of any person who is in need of support from responsible relatives, as defined in Section 2-11 of Article II who is not an applicant for or recipient of financial aid under this Code. In such instances, the State’s Attorney of the county in which such person resides shall bring action against the responsible relatives hereunder. If the Illinois Department, as authorized by Section 10-1, extends the child support enforcement services provided by this Article to spouses and dependent children who are not applicants or recipients under this Code, the Child and Spouse Support Unit established by Section 10-3.1 shall bring action against the responsible relatives hereunder and any support orders entered by the court in such cases shall provide that payments thereunder be made directly to the Illinois Department.

Whenever it is determined in a proceeding to establish or enforce a child support or maintenance obligation that the person owing a duty of support is unemployed, the court may order the person to seek employment and report periodically to the court with a diary, listing or other memorandum of his or her efforts in accordance with such order. Additionally, the court may order the unemployed person to report to the Department of Employment Security for job search services or to make application with the local Job Training Partnership Act provider for participation in job search, training or work programs and where the duty of support is owed to a child receiving child support enforcement services under this Article X, the court may order the unemployed person to report to the Illinois Department for participation in job search, training or work programs established under Section 9-6 and Article IXA of this Code.

Whenever it is determined that a person owes past-due support for a child receiving assistance under this Code, the court shall order at the request of the Illinois Department:

1. that the person pay the past-due support in accordance with a plan approved by the court; or
2. if the person owing past-due support is unemployed, is subject to such a plan, and is not incapacitated, that the person participate in such job search, training, or work programs established under Section 9-6 and Article IXA of this Code as the court deems appropriate.

A determination under this Section shall not be administratively reviewable by the procedures specified in Sections 10-12, and 10-13 to 10-13.10. Any determination under these Sections, if made the basis of court action under this Section, shall not affect the de novo judicial determination required under this Section.

A one-time charge of 20% is imposable upon the amount of past-due child support owed on July 1, 1988 which has accrued under a support order entered by the court. The charge shall be imposed in accordance with the provisions of Section 10-21 of this Code and shall be enforced by the court upon petition.

All orders for support, when entered or modified, shall include a provision requiring the non-custodial parent to notify the court and, in cases in which a party is receiving child and spouse support enforcement services under this Article X, the Illinois Department, within 7 days, (i) of the name, address, and telephone number of any new employer of the non-custodial parent, (ii) whether the non-custodial parent has access to health insurance coverage through the employer or other group coverage and, if so, the policy name and number and the names of persons covered under the policy, and (iii) of any new residential or mailing address or telephone number of the non-custodial parent. In any subsequent action to enforce a support order, upon a sufficient showing that a diligent effort has been made to ascertain the location of the non-custodial parent, service of process or provision of notice necessary in the case may be made at the last known address of the non-custodial parent.

An order for support shall include a date on which the current support obligation terminates. The termination date shall be no earlier than the date on which the child covered by the order will attain the age of majority or is otherwise emancipated. The order for support shall state that the termination date does not apply to any arrearage that may remain unpaid on that date. Nothing in this paragraph shall be construed to prevent the court from modifying the order.

Upon notification in writing or by electronic transmission from the Illinois Department to the clerk of the court that a person who is receiving support payments under this Section is receiving services under the Child Support Enforcement Program established by Title IV-D of the Social Security Act, any support payments subsequently received by the clerk of the court shall be transmitted in accordance with the instructions of the Illinois Department until the Illinois Department gives notice to the clerk of the court to cease the transmittal. After providing the notification authorized under this paragraph, the Illinois Department shall not issue or renew a support order for the child covered by a support order entered by the Illinois Department that is being enforced under this Section.

Payments under this Section to the Illinois Department pursuant to the Child Support Enforcement Program established by Title IV-D of the Social Security Act shall be paid into the Child Support Enforcement Trust Fund. All payments under this Section to the Illinois Department of Human Services shall be deposited in the DHS Recoveries Trust Fund. The imposition of such fee shall be in accordance with provisions of Title IV, Part D, of the Social Security Act and regulations duly promulgated thereunder. The fee shall be payable to the clerk of the circuit court for transmittal to the Illinois Department and shall continue until child support enforcement services are terminated by the Department.

Sec. 10-11. Administrative Orders. In lieu of actions for court enforcement of support under Section 10-10, the Child and Spouse Support Unit of the Illinois Department, in accordance with the rules of the Illinois Department, may issue an administrative order requiring the responsible relative to comply with the terms of the determination and notice of support due, determined and issued under Sections 10-6 and 10-7. The Unit may also enter an administrative order under subsection (b) of Section 10-7. The administrative order shall be served upon the responsible relative by United States registered or certified mail. In cases in which the responsible relative appeared at the office of the Child and Spouse Support Unit in response to the notice of support obligation issued under Section 10-4, however, or in cases of default in which the notice was served on the responsible relative by certified mail, return receipt requested, or by any method provided by law for service of summons, the administrative determination of paternity or administrative support order may be sent to the responsible relative by ordinary mail addressed to the responsible relative's last known address.

If a responsible relative or a person receiving child and spouse support enforcement services under this Article fails to petition the Illinois Department for release from or modification of the administrative order, as provided in Section 10-12 or Section 10-12.1, the order shall become final and there shall be no further administrative or judicial remedy. Likewise a decision by the Illinois Department as a result of an administrative hearing, as provided in Sections 10-13 to 10-13.10, shall become final and enforceable if not judicially reviewed under the Administrative Review Law, as provided in Section 10-14.

Any new or existing support order entered by the Illinois Department under this Section shall be deemed to be a series of judgments against the person obligated to pay support thereunder, each such judgment to be in the amount of each payment or installment of support and each such judgment to be deemed entered as of the date the corresponding payment or installment becomes due under the terms of the support order. Each such judgment shall have the full force, effect and attributes of any other judgment of this State, including the ability to be enforced. Any such judgment is subject to modification or termination only in accordance with Section 510 of the Illinois Marriage and Dissolution of Marriage Act. A lien arises by operation of law against the real and personal property of the noncustodial parent for each installment of overdue support owed by the noncustodial parent.

An order entered under this Section shall include a provision requiring the obligor to report to the obligee and to the clerk of court within 10 days each time the obligor obtains new employment, and each time the obligor's employment is terminated for any reason. The report shall be in writing and shall, in the case of new employment, include the name and address of the new employer. Failure to report new employment or the termination of current employment, if coupled with nonpayment of support for a period in excess of 60 days, is

indirect criminal contempt. For any obligor arrested for failure to report new employment bond shall be set in the amount of the child support that should have been paid during the period of unreported employment. An order entered under this Section shall also include a provision requiring the obligor and obligee parents to advise each other of a change in residence within 5 days of the change except when the court finds that the physical, mental, or emotional health of a party or that of a minor child, or both, would be seriously endangered by disclosure of the party’s address.

A one-time charge of 20% is imposable upon the amount of past-due child support owed on July 1, 1988, which has accrued under a support order entered by the Illinois Department under this Section. The charge shall be imposed in accordance with the provisions of Section 10-21 and shall be enforced by the court in a suit filed under Section 10-15.

Section 7. The Vital Records Act is amended by changing Section 12 as follows:

(410 ILCS 535/12) (from Ch. 111 1/2, par. 73-12)
Sec. 12. Live births; place of registration.
(1) Each live birth which occurs in this State shall be registered with the local or subregistrar of the district in which the birth occurred as provided in this Section, within 7 days after the birth. When a birth occurs on a moving conveyance, the city, village, township, or road district in which the child is first removed from the conveyance shall be considered the place of birth and a birth certificate shall be filed in the registration district in which the place is located.
(2) When a birth occurs in an institution, the person in charge of the institution or his designated representative shall obtain and record all the personal and statistical particulars relative to the parents of the child that are required to properly complete the live birth certificate; shall secure the required personal signatures on the hospital worksheet; shall prepare the certificate from this worksheet; and shall file the certificate with the local registrar. The institution shall retain the hospital worksheet permanently or as otherwise specified by rule. The physician in attendance shall verify or provide the date of birth and medical information required by the certificate, within 24 hours after the birth occurs.
(3) When a birth occurs outside an institution, the certificate shall be prepared and filed by one of the following in the indicated order of priority:
(a) The physician in attendance at or immediately after the birth, or in the absence of such a person,
(b) Any other person in attendance at or immediately after the birth, or in the

absence of such a person,

(c) The father, the mother, or in the absence of the father and the inability of the mother, the person in charge of the premises where the birth occurred.

(4) Unless otherwise provided in this Act, if the mother was not married to the father of the child at either the time of conception or the time of birth, the name of the father shall be entered on the child's birth certificate only if the mother and the person to be named as the father have signed an acknowledgment of parentage in accordance with subsection (5).

Unless otherwise provided in this Act, if the mother was married at the time of conception or birth and the presumed father (that is, the mother's husband) is not the biological father of the child, the name of the biological father shall be entered on the child's birth certificate only if, in accordance with subsection (5), (i) the mother and the person to be named as the father have signed an acknowledgment of parentage and (ii) the mother and presumed father have signed a denial of paternity.

(5) Upon the birth of a child to an unmarried woman, or upon the birth of a child to a woman who was married at the time of conception or birth and whose husband is not the biological father of the child, the institution at the time of birth and the local registrar or county clerk after the birth shall do the following:

(a) Provide (i) an opportunity for the child's mother and father to sign an acknowledgment of parentage and (ii) if the presumed father is not the biological father, an opportunity for the mother and presumed father to sign a denial of paternity. The signing and witnessing of the acknowledgment of parentage or, if the presumed father of the child is not the biological father, the acknowledgment of parentage and denial of paternity conclusively establishes a parent and child relationship in accordance with Sections 5 and 6 of the Illinois Parentage Act of 1984.

The Illinois Department of Public Aid shall furnish the acknowledgment of parentage and denial of paternity form to institutions, county clerks, and State and local registrars' offices. The form shall include instructions to send the original signed and witnessed acknowledgment of parentage and denial of paternity to the Illinois Department of Public Aid.

(b) Provide the following documents, furnished by the Illinois Department of Public Aid, to the child's mother, biological father, and (if the person presumed to be the child's father is not the biological father) presumed father for their review at the time the opportunity is provided to establish a parent and child relationship:

(i) An explanation of the implications of, alternatives to, legal consequences of, and the rights and responsibilities that arise from signing an acknowledgment of parentage and, if necessary, a denial of paternity, including an explanation of the parental rights and responsibilities of child support, visitation, custody, retroactive support, health insurance coverage, and payment of birth expenses.

(ii) An explanation of the benefits of having a child's parentage established and the availability of parentage establishment and child support

enforcement services.

(iii) A request for an application for child support enforcement services from the Illinois Department of Public Aid.

(iv) Instructions concerning the opportunity to speak, either by telephone or in person, with staff of the Illinois Department of Public Aid who are trained to clarify information and answer questions about paternity establishment.

(v) Instructions for completing and signing the acknowledgment of parentage.

(c) Provide an oral explanation of the documents and instructions set forth in subdivision (5)(b), including an explanation of the implications of, alternatives to, legal consequences of, and the rights and responsibilities that arise from signing an acknowledgment of parentage and, if necessary, a denial of paternity. The oral explanation may be given in person or through the use of video or audio equipment.

(6) The institution, State or local registrar, or county clerk shall provide an opportunity for the child's father or mother to sign a rescission of parentage. The signing and witnessing of the rescission of parentage voids the acknowledgment of parentage and nullifies the presumption of paternity if executed and filed with the Illinois Department of Public Aid within the time frame contained in Section 5 of the Illinois Parentage Act of 1984. The Illinois Department of Public Aid shall furnish the rescission of parentage form to institutions, county clerks, and State and local registrars' offices. The form shall include instructions to send the original signed and witnessed rescission of parentage to the Illinois Department of Public Aid.

(7) An acknowledgment of paternity signed pursuant to Section 6 of the Illinois Parentage Act of 1984 may be challenged in court only on the basis of fraud, duress, or material mistake of fact, with the burden of proof upon the challenging party. Pending outcome of a challenge to the acknowledgment of paternity, the legal responsibilities of the signatories shall remain in full force and effect, except upon order of the court upon a showing of good cause.

(8) When the process for acknowledgment of parentage as provided for under subsection (5) establishes the paternity of a child whose certificate of birth is on file in another state, the Illinois Department of Public Aid shall forward a copy of the acknowledgment of parentage, the denial of paternity, if applicable, and the rescission of parentage, if applicable, to the birth record agency of the state where the child's certificate of birth is on file.

(9) In the event the parent-child relationship has been established in accordance with subdivision (a)(1) of Section 6 of the Parentage Act of 1984, the names of the biological mother and biological father so established shall be entered on the child's birth certificate, and the names of the surrogate mother and surrogate mother's husband, if any, shall not be on the birth certificate.

(a) Duties. In any proceedings involving the support, custody, visitation, education, parentage, property interest, or general welfare of a minor or dependent child, the court may, on its own motion or that of any party, and subject to the terms or specifications the court determines, appoint an attorney to serve in one of the following capacities:

The child's representative shall have the same power and authority to take part in the conduct of the litigation as does an attorney for a party and shall possess all the powers of investigation and recommendation as does a guardian ad litem. The child's representative shall consider, but not be bound by, the expressed wishes of the child. A child's representative shall have received training in child advocacy or shall possess such experience as determined to be equivalent to such training by the chief judge of the circuit where the child's

representative has been appointed. The child's representative shall not disclose confidential communications made by the child, except as required by law or by the Rules of Professional Conduct. The child's representative shall not be called as a witness regarding the issues set forth in this subsection.

During the proceedings the court may appoint an additional attorney to serve in another of the capacities described in subdivisions (a)(1), (a)(2), or (a)(3) on its own motion or that of a party only for good cause shown and when the reasons for the additional appointment are set forth in specific findings.

(b) Fees and costs. The court shall enter an order as appropriate for costs, fees, and disbursements, including a retainer, when the attorney, guardian ad litem, or child's representative is appointed, and thereafter as necessary. Such orders shall require payment by either or both parents, by any other party or source, or from the marital estate or the child's separate estate. The court may not order payment by the Illinois Department of Public Aid in cases in which the Department is providing child and spouse support enforcement services under Article X of the Illinois Public Aid Code. Unless otherwise ordered by the court at the time fees and costs are approved, all fees and costs payable to an attorney, guardian ad litem, or child's representative under this Section are by implication deemed to be in the nature of support of the child and are within the exceptions to discharge in bankruptcy under 11 U.S.C.A. 523. The provisions of Sections 501 and 508 of this Act shall apply to fees and costs for attorneys appointed under this Section.

(a) As used in this Section:
"Order for support", "obligor", "obligee", and "payor" mean those terms as defined in the Income Withholding for Support Act, except that "order for support" shall not mean orders providing for spousal maintenance under which there is no child support obligation.

(b) notwithstanding any other provision of this Act to the contrary, each order for support entered or modified on or after October 1, 1999 shall require that support payments be made to the State Disbursement Unit established under Section 10-26 of the Illinois Public Aid Code if:

(1) a party to the order is receiving child and spouse support enforcement services under Article X of the Illinois Public Aid Code; or

(2) no party to the order is receiving child and spouse support enforcement services, but the support payments are made through income withholding.

(c) Support payments shall be made to the State Disbursement Unit if:

(1) the order for support was entered before October 1, 1999, and a party to the order is receiving child and spouse support enforcement services under Article X of the Illinois Public Aid Code; or

(2) no party to the order is receiving child and spouse support enforcement services, and the support payments are being made through income withholding.

(c-5) If no party to the order is receiving child and spouse support enforcement services.

services under Article X of the Illinois Public Aid Code, and the support payments are not made through income withholding, then support payments shall be made as directed by the order for support.

(c-10) At any time, and notwithstanding the existence of an order directing payments to be made elsewhere, the Department of Public Aid may provide notice to the obligor and, where applicable, to the obligor's payor:

(1) to make support payments to the State Disbursement Unit if:

   (A) a party to the order for support is receiving child support enforcement services under Article X of the Illinois Public Aid Code; or

   (B) no party to the order for support is receiving child support enforcement services under Article X of the Illinois Public Aid Code, but the support payments are made through income withholding; or

(2) to make support payments to the State Disbursement Unit of another state upon request of another state's Title IV-D child support enforcement agency, in accordance with the requirements of Title IV, Part D of the Social Security Act and regulations promulgated under that Part D.

The Department of Public Aid shall provide a copy of the notice to the obligee and to the clerk of the circuit court. Within 15 days after the effective date of this amendatory Act of the 91st General Assembly, the Illinois Department shall provide written notice to the clerk of the circuit court, the obligor, and, where applicable, the obligor's payor to make payments to the State Disbursement Unit if:

(1) the order for support was entered before October 1, 1999, and a party to the order is receiving child and spouse support services under Article X of the Illinois Public Aid Code; or

(2) no party to the order is receiving child and spouse support services, and the support payments are being made through income withholding.

(c-15) Within 15 days after the effective date of this amendatory Act of the 91st General Assembly, the clerk of the circuit court shall provide written notice to the obligor to make payments directly to the clerk of the circuit court if no party to the order is receiving child and spouse support enforcement services under Article X of the Illinois Public Aid Code, the support payments are not made through income withholding, and the order for support requires support payments to be made directly to the clerk of the circuit court. The clerk shall provide a copy of the notice to the obligee.

(c-20) If the State Disbursement Unit receives a support payment that was not appropriately made to the Unit under this Section, the Unit shall immediately return the payment to the sender, including, if possible, instructions detailing where to send the support payment.

(d) The notices required under subsections (c-10) and (c-15) may be sent by ordinary mail, certified mail, return receipt requested, facsimile transmission, or other electronic process, or may be served upon the obligor or payor using any method provided by law for service of a summons. The Illinois Department of Public Aid shall provide a copy of the notice to the obligee and to the clerk of the court.
Sec. 510. Modification and termination of provisions for maintenance, support, educational expenses, and property disposition.

(a) Except as otherwise provided in paragraph (f) of Section 502 and subsection (b)(3), clause (3) of Section 505.2, the provisions of any judgment respecting maintenance or support may be modified only as to installments accruing subsequent to due notice by the moving party of the filing of the motion for modification and, with respect to maintenance, only upon a showing of a substantial change in circumstances. An order for child support may be modified as follows:

(1) upon a showing of a substantial change in circumstances; and

(2) without the necessity of showing a substantial change in circumstances, as follows:

(A) upon a showing of an inconsistency of at least 20%, but no less than $10 per month, between the amount of the existing order and the amount of child support that results from application of the guidelines specified in Section 505 of this Act unless the inconsistency is due to the fact that the amount of the existing order resulted from a deviation from the guideline amount and there has not been a change in the circumstances that resulted in that deviation; or

(B) Upon a showing of a need to provide for the health care needs of the child under the order through health insurance or other means. In no event shall the eligibility for or receipt of medical assistance be considered to meet the need to provide for the child's health care needs.

The provisions of subparagraph (a)(2)(A) shall apply only in cases in which a party is receiving child and spouse support enforcement services from the Illinois Department of Public Aid under Article X of the Illinois Public Aid Code, and only when at least 36 months have elapsed since the order for child support was entered or last modified.

(b) The provisions as to property disposition may not be revoked or modified, unless the court finds the existence of conditions that justify the reopening of a judgment under the laws of this State.

(c) Unless otherwise agreed by the parties in a written agreement set forth in the judgment or otherwise approved by the court, the obligation to pay future maintenance is terminated upon the death of either party, or the remarriage of the party receiving maintenance, or if the party receiving maintenance cohabits with another person on a resident, continuing conjugal basis.

(d) Unless otherwise agreed in writing or expressly provided in a judgment, provisions for the support of a child are terminated by emancipation of the child, except as otherwise provided herein, but not by the death of a parent obligated to support or educate the child. An existing obligation to pay for support or educational expenses, or both, is not terminated by the death of a parent. When a parent obligated to pay support or educational expenses, or both, dies, the amount of support or educational expenses, or both, may be

enforced, modified, revoked or commuted to a lump sum payment, as equity may require, and that determination may be provided for at the time of the dissolution of the marriage or thereafter.

(e) The right to petition for support or educational expenses, or both, under Sections 505 and 513 is not extinguished by the death of a parent. Upon a petition filed before or after a parent's death, the court may award sums of money out of the decedent's estate for the child's support or educational expenses, or both, as equity may require. The time within which a claim may be filed against the estate of a decedent under Sections 505 and 513 and subsection (d) and this subsection shall be governed by the provisions of the Probate Act of 1975, as a barrable, noncontingent claim.

(f) A petition to modify or terminate child support, custody, or visitation shall not delay any child support enforcement litigation or supplementary proceeding on behalf of the obligee, including, but not limited to, a petition for a rule to show cause, for non-wage garnishment, or for a restraining order.

Sec. 516. Public Aid collection fee. In all cases instituted by the Illinois Department of Public Aid on behalf of a child or spouse, other than one receiving a grant of financial aid under Article IV of The Illinois Public Aid Code, on whose behalf an application has been made and approved for child support enforcement services as provided by Section 10-1 of that Code, the court shall impose a collection fee on the individual who owes a child or spouse support obligation in an amount equal to 10% of the amount so owed as long as such collection is required by federal law, which fee shall be in addition to the support obligation. The imposition of such fee shall be in accordance with provisions of Title IV, Part D, of the Social Security Act and regulations duly promulgated thereunder. The fee shall be payable to the clerk of the circuit court for transmittal to the Illinois Department of Public Aid and shall continue until child support enforcement services are terminated by that Department.

(750 ILCS 5/709) (from Ch. 40, par. 709)
Sec. 709. Mandatory child support payments to clerk.
(a) As of January 1, 1982, child support orders entered in any county covered by this subsection shall be made pursuant to the provisions of Sections 709 through 712 of this Act. For purposes of these Sections, the term "child support payment" or "payment" shall include any payment ordered to be made solely for the purpose of the support of a child or children or any payment ordered for general support which includes any amount for support of any child or children.

The provisions of Sections 709 through 712 shall be applicable to any county with a population of 2 million or more and to any other county which notifies the Supreme Court of its desire to be included within the coverage of these Sections and is certified pursuant to Supreme Court Rules.

The effective date of inclusion, however, shall be subject to approval of the application for reimbursement of the costs of the support program by the Department of

Public Aid as provided in Section 712.

(b) In any proceeding for a dissolution of marriage, legal separation, or declaration of invalidity of marriage, or in any supplementary proceedings in which a judgment or modification thereof for the payment of child support is entered on or after January 1, 1982, in any county covered by Sections 709 through 712, and the person entitled to payment is receiving a grant of financial aid under Article IV of the Illinois Public Aid Code or has applied and qualified for child support enforcement services under Section 10-1 of that Code, the court shall direct: (1) that such payments be made to the clerk of the court and (2) that the parties affected shall each thereafter notify the clerk of any change of address or change in other conditions that may affect the administration of the order, including the fact that a party who was previously not on public aid has become a recipient of public aid, within 10 days of such change. All notices sent to the obligor's last known address on file with the clerk shall be deemed sufficient to proceed with enforcement pursuant to the provisions of Sections 709 through 712.

In all other cases, the court may direct that payments be made to the clerk of the court.

(c) Except as provided in subsection (d) of this Section, the clerk shall disburse the payments to the person or persons entitled thereto under the terms of the order or judgment.

(d) The court shall determine, prior to the entry of the support order, if the party who is to receive the support is presently receiving public aid or has a current application for public aid pending and shall enter the finding on the record.

If the person entitled to payment is a recipient of aid under the Illinois Public Aid Code, the clerk, upon being informed of this fact by finding of the court, by notification by the party entitled to payment, by the Illinois Department of Public Aid or by the local governmental unit, shall make all payments to: (1) the Illinois Department of Public Aid if the person is a recipient under Article III, IV, or V of the Code or (2) the local governmental unit responsible for his or her support if the person is a recipient under Article VI or VII of the Code. In accordance with federal law and regulations, the Illinois Department of Public Aid may continue to collect current maintenance payments or child support payments, or both, after those persons cease to receive public assistance and until termination of services under Article X of the Illinois Public Aid Code. The Illinois Department of Public Aid shall pay the net amount collected to those persons after deducting any costs incurred in making the collection or any collection fee from the amount of any recovery made. Upon termination of public aid payments to such a recipient or termination of services under Article X of the Illinois Public Aid Code, the Illinois Department of Public Aid or the appropriate local governmental unit shall notify the clerk in writing or by electronic transmission that all subsequent payments are to be sent directly to the person entitled thereto.

Upon notification in writing or by electronic transmission from the Illinois Department of Public Aid to the clerk of the court that a person who is receiving support payments under this Section is receiving services under the Child Support Enforcement Program established by Title IV-D of the Social Security Act, any support payments subsequently received by the clerk of the court shall be transmitted in accordance with the
instructions of the Illinois Department of Public Aid until the Department gives notice to the clerk of the court to cease the transmittal. After providing the notification authorized under this paragraph, the Illinois Department of Public Aid shall be entitled as a party to notice of any further proceedings in the case. The clerk of the court shall file a copy of the Illinois Department of Public Aid's notification in the court file. The failure of the clerk to file a copy of the notification in the court file shall not, however, affect the Illinois Department of Public Aid's right to receive notice of further proceedings.

Payments under this Section to the Illinois Department of Public Aid pursuant to the Child Support Enforcement Program established by Title IV-D of the Social Security Act shall be paid into the Child Support Enforcement Trust Fund. All payments under this Section to the Illinois Department of Human Services shall be deposited in the DHS Recoveries Trust Fund. Disbursements from these funds shall be as provided in the Illinois Public Aid Code. Payments received by a local governmental unit shall be deposited in that unit's General Assistance Fund.

(e) Any order or judgment may be amended by the court, upon its own motion or upon the motion of either party, to conform with the provisions of Sections 709 through 712, either as to the requirement of making payments to the clerk or, where payments are already being made to the clerk, as to the statutory fees provided for under Section 711.

(f) The clerk may invest in any interest bearing account or in any securities, monies collected for the benefit of a payee, where such payee cannot be found; however, the investment may be only for the period until the clerk is able to locate and present the payee with such monies. The clerk may invest in any interest bearing account, or in any securities, monies collected for the benefit of any other payee; however, this does not alter the clerk's obligation to make payments to the payee in a timely manner. Any interest or capital gains accrued shall be for the benefit of the county and shall be paid into the special fund established in subsection (b) of Section 711.

(g) The clerk shall establish and maintain a payment record of all monies received and disbursed and such record shall constitute prima facie evidence of such payment and non-payment, as the case may be.

(h) For those cases in which child support is payable to the clerk of the circuit court for transmittal to the Illinois Department of Public Aid by order of court or upon notification by the Illinois Department of Public Aid, the clerk shall transmit all such payments, within 4 working days of receipt, to insure that funds are available for immediate distribution by the Department to the person or entity entitled thereto in accordance with standards of the Child Support Enforcement Program established under Title IV-D of the Social Security Act. The clerk shall notify the Department of the date of receipt and amount thereof at the time of transmittal. Where the clerk has entered into an agreement of cooperation with the Department to record the terms of child support orders and payments made thereunder directly into the Department's automated data processing system, the clerk shall account for, transmit and otherwise distribute child support payments in accordance with such agreement in lieu of the requirements contained herein.

(i) To the extent the provisions of this Section are inconsistent with the requirements
pertaining to the State Disbursement Unit under Section 507.1 of this Act and Section 10-26 of the Illinois Public Aid Code, the requirements pertaining to the State Disbursement Unit shall apply.

(750 ILCS 5/710) (from Ch. 40, par. 710)
Sec. 710. Enforcement; Penalties.

(a) In counties certified as included under the provisions of Sections 709 through 712 and whose application for reimbursement is approved, there shall be instituted a child support enforcement program to be conducted by the clerk of the circuit court and the state's attorney of the county. The program is to be limited to enforcement of child support orders entered pursuant to this Act.

The child support enforcement program is to be conducted only on behalf of dependent children included in a grant of financial aid under Article IV of The Illinois Public Aid Code and parties who apply and qualify for child support enforcement services pursuant to Section 10-1 of such Code.

Nothing in this Section shall be construed to prohibit the establishment of a child support enforcement program by the clerk of the circuit court in cooperation with the State's Attorney of the county.

(b) In the event of a delinquency in payment, as determined from the record maintained by the clerk in a county covered by the child support enforcement program, such clerk shall notify both the party obligated to make the payment, hereinafter called the payor, and the recipient of such payment, hereinafter called the payee, of such delinquency and that if the amount then due and owing is not remitted in the time period required by circuit court rules, the matter will be referred to the state's attorney for enforcement proceedings. Upon failure of the payor to remit as required, the clerk shall refer the matter to the state's attorney, except as provided by rule of the circuit court.

(c) Upon referral from the clerk, the state's attorney shall promptly initiate enforcement proceedings against the payor. Legal representation by the state's attorney shall be limited to child support and shall not extend to visitation, custody, property or other matters; however, if the payor properly files pleadings raising such matters during the course of the child support hearing and the court finds that it has jurisdiction of such matters, the payee shall be granted the opportunity to obtain a continuance in order to secure representation for those other matters, and the court shall not delay entry of an appropriate support order pending the disposition of such other matters.

If the state's attorney does not commence enforcement proceedings within 30 days, the clerk shall inform the court which, upon its own motion, shall appoint counsel for purposes of enforcement. The fees and expenses of such counsel shall be paid by the payor and shall not be paid by the State.

Nothing in this Section shall be construed to prevent a payee from instituting independent enforcement proceedings or limit the remedies available to payee in such proceedings. However, absent the exercise under this provision of a private right of enforcement, enforcement shall be as otherwise provided in this Section.

New matter indicated by italics - deletions by strikeout.
(d) At the time any support order is entered, the payee shall be informed of the procedure used for enforcement and shall be given the address and telephone number both of the clerk and of the Child and Spouse Support Unit as provided in Section 712. The payee shall be informed that, if no action is taken within 2 months of any complaint to the clerk, payee may contact the Unit to seek assistance in obtaining enforcement.

(e) Upon a finding that payor is in default and that such non-payment is for a period of two months and that such non-payment is without good cause, the court shall order the payor to pay a sum equal to 2% of the arrearage as a penalty along with his payment. The court may further assess against the payor any fees and expenses incurred in the enforcement of any order or the reasonable value thereof and may impose any penalty otherwise available to it in a case of contempt.

All penalties, fees and expenses assessed against the payor pursuant to this subsection are to cover the expenses of enforcement, are to be paid to the clerk and are to be placed by him in the special fund provided for in Section 711.

(f) Any person not covered by the child support enforcement program may institute private and independent proceedings to enforce payment of support.

Sec. 7. Prosecutions by Attorney General. In addition to enforcement proceedings by the several State's Attorneys, a proceeding for the enforcement of this Act may be instituted and prosecuted by the Attorney General in cases referred by the Illinois Department of Public Aid involving persons receiving child and spouse support enforcement services under Article X of the Illinois Public Aid Code. Before referring a case to the Attorney General for enforcement under this Act, the Department of Public Aid shall notify the person receiving child and spouse support enforcement services under Article X of the Illinois Public Aid Code of the Department's intent to refer the case to the Attorney General under this Section for prosecution.

Sec. 20. Entry of order for support; income withholding.
(a) In a case in which no court or administrative order for support is in effect against the defendant:

(1) at any time before the trial, upon motion of the State's Attorney, or of the Attorney General if the action has been instituted by his office, and upon notice to the defendant, or at the time of arraignment or as a condition of postponement of arraignment, the court may enter such temporary order for support as may seem just, providing for the support or maintenance of the spouse or child or children of the defendant, or both, pendente lite; or

plea of guilty, or after conviction, instead of imposing the penalty provided in this Act, or in addition thereto, the court may enter an order for support, subject to modification by the court from time to time as circumstances may require, directing the defendant to pay a certain sum for maintenance of the spouse, or for support of the child or children, or both.

(b) The court shall determine the amount of child support by using the guidelines and standards set forth in subsection (a) of Section 505 and in Section 505.2 of the Illinois Marriage and Dissolution of Marriage Act.

If (i) the non-custodial parent was properly served with a request for discovery of financial information relating to the non-custodial parent's ability to provide child support, (ii) the non-custodial parent failed to comply with the request, despite having been ordered to do so by the court, and (iii) the non-custodial parent is not present at the hearing to determine support despite having received proper notice, then any relevant financial information concerning the non-custodial parent's ability to provide support that was obtained pursuant to subpoena and proper notice shall be admitted into evidence without the need to establish any further foundation for its admission.

(c) The court shall determine the amount of maintenance using the standards set forth in Section 504 of the Illinois Marriage and Dissolution of Marriage Act.

(d) The court may, for violation of any order under this Section, punish the offender as for a contempt of court, but no pendente lite order shall remain in effect longer than 4 months, or after the discharge of any panel of jurors summoned for service thereafter in such court, whichever is sooner.

(e) Any order for support entered by the court under this Section shall be deemed to be a series of judgments against the person obligated to pay support under the judgments, each such judgment to be in the amount of each payment or installment of support and each judgment to be deemed entered as of the date the corresponding payment or installment becomes due under the terms of the support order. Each judgment shall have the full force, effect, and attributes of any other judgment of this State, including the ability to be enforced. Each judgment is subject to modification or termination only in accordance with Section 510 of the Illinois Marriage and Dissolution of Marriage Act. A lien arises by operation of law against the real and personal property of the noncustodial parent for each installment of overdue support owed by the noncustodial parent.

(f) An order for support entered under this Section shall include a provision requiring the obligor to report to the obligee and to the clerk of the court within 10 days each time the obligor obtains new employment, and each time the obligor's employment is terminated for any reason. The report shall be in writing and shall, in the case of new employment, include the name and address of the new employer.

Failure to report new employment or the termination of current employment, if coupled with nonpayment of support for a period in excess of 60 days, is indirect criminal contempt. For any obligor arrested for failure to report new employment, bond shall be set in the amount of the child support that should have been paid during the period of unreported employment.
An order for support entered under this Section shall also include a provision requiring the obligor and obligee parents to advise each other of a change in residence within 5 days of the change except when the court finds that the physical, mental, or emotional health of a party or of a minor child, or both, would be seriously endangered by disclosure of the party's address.

(g) An order for support entered or modified in a case in which a party is receiving child and spouse support enforcement services under Article X of the Illinois Public Aid Code shall include a provision requiring the noncustodial parent to notify the Illinois Department of Public Aid, within 7 days, of the name and address of any new employer of the noncustodial parent, whether the noncustodial parent has access to health insurance coverage through the employer or other group coverage and, if so, the policy name and number and the names of persons covered under the policy.

(h) In any subsequent action to enforce an order for support entered under this Act, upon sufficient showing that diligent effort has been made to ascertain the location of the noncustodial parent, service of process or provision of notice necessary in that action may be made at the last known address of the noncustodial parent, in any manner expressly provided by the Code of Civil Procedure or in this Act, which service shall be sufficient for purposes of due process.

(i) An order for support shall include a date on which the current support obligation terminates. The termination date shall be no earlier than the date on which the child covered by the order will attain the age of majority or is otherwise emancipated. The order for support shall state that the termination date does not apply to any arrearage that may remain unpaid on that date. Nothing in this subsection shall be construed to prevent the court from modifying the order.

(j) A support obligation, or any portion of a support obligation, which becomes due and remains unpaid for 30 days or more shall accrue simple interest at the rate of 9% per annum. An order for support entered or modified on or after January 1, 2002 shall contain a statement that a support obligation required under the order, or any portion of a support obligation required under the order, that becomes due and remains unpaid for 30 days or more shall accrue simple interest at the rate of 9% per annum. Failure to include the statement in the order for support does not affect the validity of the order or the accrual of interest as provided in this Section.

Sec. 25. Payment of support to State Disbursement Unit; clerk of the court.

(a) As used in this Section, "order for support", "obligor", "obligee", and "payor" mean those terms as defined in the Income Withholding for Support Act.

(b) Each order for support entered or modified under Section 20 of this Act shall require that support payments be made to the State Disbursement Unit established under the Illinois Public Aid Code, under the following circumstances:

(1) when a party to the order is receiving child and spouse support enforcement services under Article X of the Illinois Public Aid Code; or
(2) when no party to the order is receiving child and spouse support enforcement services, but the support payments are made through income withholding.

(c) When no party to the order is receiving child and spouse support enforcement services, and payments are not being made through income withholding, the court shall order the obligor to make support payments to the clerk of the court.

(d) At any time, and notwithstanding the existence of an order directing payments to be made elsewhere, the Department of Public Aid may provide notice to the obligor and, where applicable, to the obligor's payor:

(1) to make support payments to the State Disbursement Unit if:

(A) a party to the order for support is receiving child support enforcement services under Article X of the Illinois Public Aid Code; or

(B) no party to the order for support is receiving child support enforcement services under Article X of the Illinois Public Aid Code, but the support payments are made through income withholding; or

(2) to make support payments to the State Disbursement Unit of another state upon request of another state's Title IV-D child support enforcement agency, in accordance with the requirements of Title IV, Part D of the Social Security Act and regulations promulgated under that Part D.

The Department of Public Aid shall provide a copy of the notice to the obligee and to the clerk of the circuit court. In the case of an order for support entered by the court under this Act before a party commenced receipt of child and spouse support services, upon receipt of these services by a party the Illinois Department of Public Aid shall provide notice to the obligor to send any support payments he or she makes personally to the State Disbursement Unit until further direction of the Department. The Department shall provide a copy of the notice to the obligee and to the clerk of the court.

(e) If a State Disbursement Unit as specified by federal law has not been created in Illinois upon the effective date of this Act, then, until the creation of a State Disbursement Unit as specified by federal law, the following provisions regarding payment and disbursement of support payments shall control and the provisions in subsections (a), (b), (c), and (d) shall be inoperative. Upon the creation of a State Disbursement Unit as specified by federal law, this subsection (e) shall be inoperative and the payment and disbursement provisions of subsections (a), (b), (c), and (d) shall control, and this subsection (e) shall be inoperative to the extent that it conflicts with those subsections.

(1) In cases in which an order for support is entered under Section 20 of this Act, the court shall order that maintenance and support payments be made to the clerk of the court for remittance to the person or agency entitled to receive the payments. However, the court in its discretion may direct otherwise where exceptional circumstances so warrant.

(2) The court shall direct that support payments be sent by the clerk to (i) the Illinois Department of Public Aid if the person in whose behalf payments are made is receiving aid under Articles III, IV, or V of the Illinois Public Aid Code, or child
and spouse support enforcement services under Article X of the Code, or (ii) to the local governmental unit responsible for the support of the person if he or she is a recipient under Article VI of the Code. In accordance with federal law and regulations, the Illinois Department of Public Aid may continue to collect current maintenance payments or child support payments, or both, after those persons cease to receive public assistance and until termination of services under Article X of the Illinois Public Aid Code. The Illinois Department shall pay the net amount collected to those persons after deducting any costs incurred in making the collection or any collection fee from the amount of any recovery made. The order shall permit the Illinois Department of Public Aid or the local governmental unit, as the case may be, to direct that support payments be made directly to the spouse, children, or both, or to some person or agency in their behalf, upon removal of the spouse or children from the public aid rolls or upon termination of services under Article X of the Illinois Public Aid Code; and upon such direction, the Illinois Department or the local governmental unit, as the case requires, shall give notice of such action to the court in writing or by electronic transmission.

(3) The clerk of the court shall establish and maintain current records of all moneys received and disbursed and of delinquencies and defaults in required payments. The court, by order or rule, shall make provision for the carrying out of these duties.

(4) Upon notification in writing or by electronic transmission from the Illinois Department of Public Aid to the clerk of the court that a person who is receiving support payments under this Section is receiving services under the Child Support Enforcement Program established by Title IV-D of the Social Security Act, any support payments subsequently received by the clerk of the court shall be transmitted in accordance with the instructions of the Illinois Department of Public Aid until the Department gives notice to cease the transmittal. After providing the notification authorized under this paragraph, the Illinois Department of Public Aid shall be a party and entitled to notice of any further proceedings in the case. The clerk of the court shall file a copy of the Illinois Department of Public Aid's notification in the court file. The failure of the clerk to file a copy of the notification in the court file shall not, however, affect the Illinois Department of Public Aid's rights as a party or its right to receive notice of further proceedings.

(5) Payments under this Section to the Illinois Department of Public Aid pursuant to the Child Support Enforcement Program established by Title IV-D of the Social Security Act shall be paid into the Child Support Enforcement Trust Fund. All other payments under this Section to the Illinois Department of Public Aid shall be deposited in the Public Assistance Recoveries Trust Fund. Disbursements from these funds shall be as provided in the Illinois Public Aid Code. Payments received by a local governmental unit shall be deposited in that unit's General Assistance Fund.

(6) For those cases in which child support is payable to the clerk of the circuit court for transmittal to the Illinois Department of Public Aid by order of court or

Sec. 35. Fine; release of defendant on probation; violation of order for support; forfeiture of recognizance.
(a) Whenever a fine is imposed it may be directed by the court to be paid, in whole or in part, to the spouse, ex-spouse, or if the support of a child or children is involved, to the custodial parent, to the clerk, probation officer, or to the Illinois Department of Public Aid if a recipient of child and spouse support enforcement services under Article X of the Illinois Public Aid Code is involved as the case requires, to be disbursed by such officers or agency under the terms of the order.

(b) The court may also relieve the defendant from custody on probation for the period fixed in the order or judgment upon his or her entering into a recognizance, with or without surety, in the sum as the court orders and approves. The condition of the recognizance shall be such that if the defendant makes his or her personal appearance in court whenever ordered to do so by the court, during such period as may be so fixed, and further complies with the terms of the order for support, or any subsequent modification of the order, then the recognizance shall be void; otherwise it will remain in full force and effect.

(c) If the court is satisfied by testimony in open court, that at any time during the period of one year the defendant has violated the terms of the order for support, it may proceed with the trial of the defendant under the original charge, or sentence him or her under the original conviction, or enforce the suspended sentence, as the case may be. In case of forfeiture of recognizance, and enforcement of recognizance by execution, the sum so recovered may, in the discretion of the court, be paid, in whole or in part, to the spouse, ex-spouse, or if the support of a child or children is involved, to the custodial parent, to the clerk, or to the Illinois Department of Public Aid if a recipient of child and spouse support enforcement services under Article X of the Illinois Public Aid Code is involved as the case requires, to be disbursed by the clerk or the Department under the terms of the order.

(750 ILCS 28/22 new)
Sec. 22. Use of National Medical Support Notice to enforce health insurance coverage.

(a) Notwithstanding the provisions of subdivision (c)(4) of Section 20, when an order for support is being enforced by the Title IV-D Agency under this Act, any requirement for health insurance coverage to be provided through an employer, including withholding of premiums from the income of the obligor, shall be enforced through use of a National Medical Support Notice instead of through provisions in an income withholding notice.

(b) A National Medical Support Notice may be served on the employer in the manner and under the circumstances provided for serving an income withholding notice under this Act, except that an order for support that requires an income withholding notice on the obligor becoming delinquent in paying the order for support, as provided under subdivision (a)(2) of Section 20, shall not prevent immediate service of a National Medical Support Notice by the Title IV-D Agency. The Title IV-D Agency may serve a National Medical Support Notice on an employer in conjunction with service of an income withholding notice. Service of an income withholding notice is not a condition for service of a National Medical Support Notice, however.

(c) At the time of service of a National Medical Support Notice on the employer, the Title IV-D Agency shall serve a copy of the Notice on the obligor by ordinary mail addressed to the obligor's last known address. The Title IV-D Agency shall file a copy of the National Medical Support Notice, together with proofs of service on the employer and the obligor, with the clerk of the circuit court.

(d) Within 20 business days after the date of a National Medical Support Notice, an employer served with the Notice shall transfer the severable notice to plan administrator to the appropriate group health plan providing any health insurance coverage for which the child is eligible. As required in the part of the National Medical Support Notice directed to the employer, the employer shall withhold any employee premium necessary for coverage of the child and shall send any amount withheld directly to the plan. The employer shall commence the withholding no later than the next payment of income that occurs 14 days after the date of the Notice.
following the date the National Medical Support Notice was mailed, sent by facsimile or other electronic means, or placed for personal delivery to or service on the employer.

Notwithstanding the requirement to withhold premiums from the obligor's income, if the plan administrator informs the employer that the child is enrolled in an option under the plan for which the employer has determined that the obligor's premium exceeds the amount that may be withheld from the obligor's income due to the withholding limitation or prioritization contained in Section 35 of this Act, the employer shall complete the appropriate item in the part of the National Medical Support Notice directed to the employer according to the instructions in the Notice and shall return that part to the Title IV-D Agency.

(e) If one of the following circumstances exists, an employer served with a National Medical Support Notice shall complete the part of the Notice directed to the employer in accordance with the instructions in the Notice and shall return that part to the Title IV-D Agency within 20 business days after the date of the Notice:

(1) The employer does not maintain or contribute to plans providing dependent or family health insurance coverage.

(2) The obligor is among a class of employees that is not eligible for family health insurance coverage under any group health plan maintained by the employer or to which the employer contributes.

(3) Health insurance coverage is not available because the obligor is no longer employed by the employer.

(f) The administrator of a health insurance plan to whom an employer has transferred the severable notice to plan administrator part of a National Medical Support Notice shall complete that part with the health insurance coverage information required under the instructions in the Notice and shall return that part to the Title IV-D Agency within 40 business days after the date of the Notice.

(g) The obligor may contest withholding under this Section based only on a mistake of fact and may contest withholding by filing a petition with the clerk of the circuit court within 20 days after service of a copy of the National Medical Support Notice on the obligor. The obligor must serve a copy of the petition on the Title IV-D Agency at the address stated in the National Medical Support Notice. The National Medical Support Notice, including the requirement to withhold any required premium, shall continue to be binding on the employer until the employer is served with a court order resolving the contest or until notified by the Title IV-D Agency.

(h) Whenever the obligor is no longer receiving income from the employer, the employer shall return a copy of the National Medical Support Notice to the Title IV-D Agency and shall provide information for the purpose of enforcing health insurance coverage under this Section.

(i) The Title IV-D Agency shall promptly notify the employer when there is no longer a current order for health insurance coverage in effect which the Title IV-D Agency is responsible for enforcing.

(j) Unless stated otherwise in this Section, all of the provisions of this Act relating

New matter indicated by italics - deletions by strikeout.
to income withholding for support shall pertain to income withholding for health insurance coverage under a National Medical Support Notice, including but not limited to the duties of the employer and obligor, and the penalties contained in Section 35 and Section 50. In addition, an employer who willfully fails to transfer the severable notice to plan administrator part of a National Medical Support Notice to the appropriate group health plan providing health insurance coverage for which the child is eligible, within 20 business days after the date of the Notice, is liable for the full amount of medical expenses incurred by or on behalf of the child which would have been paid or reimbursed by the health insurance coverage had the severable notice to plan administrator part of the Notice been timely transferred to the group health insurance plan. This penalty may be collected in a civil action that may be brought against the employer in favor of the obligee or the Title IV-D Agency.

(k) To the extent that any other State or local law may be construed to limit or prevent compliance by an employer or health insurance plan administrator with the requirements of this Section and federal law and regulations pertaining to the National Medical Support Notice, that State or local law shall not apply.

(l) As the Title IV-D Agency, the Department of Public Aid shall adopt any rules necessary for use of and compliance with the National Medical Support Notice.

(750 ILCS 28/35)
Sec. 35. Duties of payor.

(a) It shall be the duty of any payor who has been served with an income withholding notice to deduct and pay over income as provided in this Section. The payor shall deduct the amount designated in the income withholding notice, as supplemented by any notice provided pursuant to subsection (f) of Section 45, beginning no later than the next payment of income which is payable or creditable to the obligor that occurs 14 days following the date the income withholding notice was mailed, sent by facsimile or other electronic means, or placed for personal delivery to or service on the payor. The payor may combine all amounts withheld for the benefit of an obligee or public office into a single payment and transmit the payment with a listing of obligors from whom withholding has been effected. The payor shall pay the amount withheld to the State Disbursement Unit within 7 business days after the date the amount would (but for the duty to withhold income) have been paid or credited to the obligor. If the payor knowingly fails to pay any amount withheld to the State Disbursement Unit within 7 business days after the date the amount would have been paid or credited to the obligor, the payor shall pay a penalty of $100 for each day that the withheld amount is not paid to the State Disbursement Unit after the period of 7 business days has expired. The failure of a payor, on more than one occasion, to pay amounts withheld to the State Disbursement Unit within 7 business days after the date the amount would have been paid or credited to the obligor creates a presumption that the payor knowingly failed to pay over the amounts. This penalty may be collected in a civil action which may be brought against the payor in favor of the obligee or public office. A finding of a payor's nonperformance within the time required under this Act must be documented by a certified mail return receipt showing the date the income withholding notice was served on the payor. For purposes of

this Act, a withheld amount shall be considered paid by a payor on the date it is mailed by
the payor, or on the date an electronic funds transfer of the amount has been initiated by the
payor, or on the date delivery of the amount has been initiated by the payor. For each
deduction, the payor shall provide the State Disbursement Unit, at the time of transmittal,
with the date the amount would (but for the duty to withhold income) have been paid or
credited to the obligor.

After June 30, 2000, every payor that has 250 or more employees shall use electronic
funds transfer to pay all amounts withheld under this Section. During the year 2001 and
during each year thereafter, every payor that has fewer than 250 employees and that withheld
income under this Section pursuant to 10 or more income withholding notices during
December of the preceding year shall use electronic funds transfer to pay all amounts
withheld under this Section.

Upon receipt of an income withholding notice requiring that a minor child be named
as a beneficiary of a health insurance plan available through an employer or labor union or
trade union, the employer or labor union or trade union shall immediately enroll the minor
child as a beneficiary in the health insurance plan designated by the income withholding
notice. The employer shall withhold any required premiums and pay over any amounts so
withheld and any additional amounts the employer pays to the insurance carrier in a timely
manner. The employer or labor union or trade union shall mail to the obligee, within 15 days
of enrollment or upon request, notice of the date of coverage, information on the dependent
coverage plan, and all forms necessary to obtain reimbursement for covered health expenses,
such as would be made available to a new employee. When an order for dependent coverage
is in effect and the insurance coverage is terminated or changed for any reason, the employer
or labor union or trade union shall notify the obligee within 10 days of the termination or
change date along with notice of conversion privileges.

For withholding of income, the payor shall be entitled to receive a fee not to exceed
$5 per month to be taken from the income to be paid to the obligor.

(b) Whenever the obligor is no longer receiving income from the payor, the payor
shall return a copy of the income withholding notice to the obligee or public office and shall
provide information for the purpose of enforcing this Act.

(c) Withholding of income under this Act shall be made without regard to any prior
or subsequent garnishments, attachments, wage assignments, or any other claims of creditors.
Withholding of income under this Act shall not be in excess of the maximum amounts
permitted under the federal Consumer Credit Protection Act. Income available for
withholding shall be applied first to the current support obligation, then to any premium
required for employer, labor union, or trade union-related health insurance coverage
ordered under the order for support, and then to payments required on past-due support
obligations. If there is insufficient available income remaining to pay the full amount of the
required health insurance premium after withholding of income for the current support
obligation, then the remaining available income shall be applied to payments required on
past-due support obligations. If the payor has been served with more than one income
withholding notice pertaining to the same obligor, the payor shall allocate income available

for withholding on a proportionate share basis, giving priority to current support payments. If there is any income available for withholding after withholding for all current support obligations, the payor shall allocate the income to past due support payments ordered in cases in which cash assistance under the Illinois Public Aid Code is not being provided to the obligee and then to past due support payments ordered in cases in which cash assistance under the Illinois Public Aid Code is being provided to the obligee, both on a proportionate share basis. A payor who complies with an income withholding notice that is regular on its face shall not be subject to civil liability with respect to any individual, any agency, or any creditor of the obligor for conduct in compliance with the notice.

(d) No payor shall discharge, discipline, refuse to hire or otherwise penalize any obligor because of the duty to withhold income.

Sec. 13.1. Temporary order for child support. Notwithstanding any other law to the contrary, pending the outcome of a judicial determination of parentage, the court shall issue a temporary order for child support, upon motion by a party and a showing of clear and convincing evidence of paternity. In determining the amount of the temporary child support award, the court shall use the guidelines and standards set forth in subsection (a) of Section 505 and in Section 505.2 of the Illinois Marriage and Dissolution of Marriage Act.

Any new or existing support order entered by the court under this Section shall be deemed to be a series of judgments against the person obligated to pay support thereunder, each such judgment to be in the amount of each payment or installment of support and each judgment to be deemed entered as of the date the corresponding payment or installment becomes due under the terms of the support order. Each such judgment shall have the full force, effect, and attributes of any other judgment of this State, including the ability to be enforced. Any such judgment is subject to modification or termination only in accordance with Section 510 of the Illinois Marriage and Dissolution of Marriage Act. A lien arises by operation of law against the real and personal property of the noncustodial parent for each installment of overdue support owed by the noncustodial parent.

All orders for support, when entered or modified, shall include a provision requiring the non-custodial parent to notify the court, and in cases in which a party is receiving child and spouse support enforcement services under Article X of the Illinois Public Aid Code, the Illinois Department of Public Aid, within 7 days, (i) of the name, address, and telephone number of any new employer of the non-custodial parent, (ii) whether the non-custodial parent has access to health insurance coverage through the employer or other group coverage, and, if so, the policy name and number and the names of persons covered under the policy, and (iii) of any new residential or mailing address or telephone number of the non-custodial parent.

In determining custody, joint custody, or visitation, the court shall apply the relevant standards of the Illinois Marriage and Dissolution of Marriage Act. Specifically, in determining the amount of any child support award, the court shall use the guidelines and standards set forth in subsection (a) of Section 505 and in Section 505.2 of the Illinois Marriage and Dissolution of Marriage Act. For purposes of Section 505 of the Illinois Marriage and Dissolution of Marriage Act, "net income" of the non-custodial parent shall include any benefits available to that person under the Illinois Public Aid Code or from other federal, State or local government-funded programs. The court shall, in any event and regardless of the amount of the non-custodial parent's net income, in its judgment order the non-custodial parent to pay child support to the custodial parent in a minimum amount of not less than $10 per month. In an action brought within 2 years after a child's birth, the judgment or order may direct either parent to pay the reasonable expenses incurred by either parent related to the mother's pregnancy and the delivery of the child. The judgment or order shall contain the father's social security number, which the father shall disclose to the court; however, failure to include the father's social security number on the judgment or order does not invalidate the judgment or order.

(2) If a judgment of parentage contains no explicit award of custody, the establishment of a support obligation or of visitation rights in one parent shall be considered a judgment granting custody to the other parent. If the parentage judgment contains no such provisions, custody shall be presumed to be with the mother; however, the presumption shall not apply if the father has had physical custody for at least 6 months prior to the date that the mother seeks to enforce custodial rights.

(b) The court shall order all child support payments, determined in accordance with such guidelines, to commence with the date summons is served. The level of current periodic

support payments shall not be reduced because of payments set for the period prior to the date of entry of the support order. The Court may order any child support payments to be made for a period prior to the commencement of the action. In determining whether and the extent to which the payments shall be made for any prior period, the court shall consider all relevant facts, including the factors for determining the amount of support specified in the Illinois Marriage and Dissolution of Marriage Act and other equitable factors including but not limited to:

(1) The father's prior knowledge of the fact and circumstances of the child's birth.
(2) The father's prior willingness or refusal to help raise or support the child.
(3) The extent to which the mother or the public agency bringing the action previously informed the father of the child's needs or attempted to seek or require his help in raising or supporting the child.
(4) The reasons the mother or the public agency did not file the action earlier.
(5) The extent to which the father would be prejudiced by the delay in bringing the action.

For purposes of determining the amount of child support to be paid for any period before the date the order for current child support is entered, there is a rebuttable presumption that the father's net income for the prior period was the same as his net income at the time the order for current child support is entered.

If (i) the non-custodial parent was properly served with a request for discovery of financial information relating to the non-custodial parent's ability to provide child support, (ii) the non-custodial parent failed to comply with the request, despite having been ordered to do so by the court, and (iii) the non-custodial parent is not present at the hearing to determine support despite having received proper notice, then any relevant financial information concerning the non-custodial parent's ability to provide child support that was obtained pursuant to subpoena and proper notice shall be admitted into evidence without the need to establish any further foundation for its admission.

(c) Any new or existing support order entered by the court under this Section shall be deemed to be a series of judgments against the person obligated to pay support thereunder, each judgment to be in the amount of each payment or installment of support and each such judgment to be deemed entered as of the date the corresponding payment or installment becomes due under the terms of the support order. Each judgment shall have the full force, effect and attributes of any other judgment of this State, including the ability to be enforced. A lien arises by operation of law against the real and personal property of the noncustodial parent for each installment of overdue support owed by the noncustodial parent.

(d) If the judgment or order of the court is at variance with the child's birth certificate, the court shall order that a new birth certificate be issued under the Vital Records Act.

(e) On request of the mother and the father, the court shall order a change in the child's name. After hearing evidence the court may stay payment of support during the period of the father's minority or period of disability.

(f) If, upon a showing of proper service, the father fails to appear in court, or

otherwise appear as provided by law, the court may proceed to hear the cause upon testimony of the mother or other parties taken in open court and shall enter a judgment by default. The court may reserve any order as to the amount of child support until the father has received notice, by regular mail, of a hearing on the matter.

(g) A one-time charge of 20% is imposable upon the amount of past-due child support owed on July 1, 1988 which has accrued under a support order entered by the court. The charge shall be imposed in accordance with the provisions of Section 10-21 of the Illinois Public Aid Code and shall be enforced by the court upon petition.

(h) All orders for support, when entered or modified, shall include a provision requiring the non-custodial parent to notify the court and, in cases in which party is receiving child and spouse support enforcement services under Article X of the Illinois Public Aid Code, the Illinois Department of Public Aid, within 7 days, (i) of the name and address of any new employer of the non-custodial parent, (ii) whether the non-custodial parent has access to health insurance coverage through the employer or other group coverage and, if so, the policy name and number and the names of persons covered under the policy, and (iii) of any new residential or mailing address or telephone number of the non-custodial parent. In any subsequent action to enforce a support order, upon a sufficient showing that a diligent effort has been made to ascertain the location of the non-custodial parent, service of process or provision of notice necessary in the case may be made at the last known address of the non-custodial parent in any manner expressly provided by the Code of Civil Procedure or this Act, which service shall be sufficient for purposes of due process.

(i) An order for support shall include a date on which the current support obligation terminates. The termination date shall be no earlier than the date on which the child covered by the order will attain the age of majority or is otherwise emancipated. The order for support shall state that the termination date does not apply to any arrearage that may remain unpaid on that date. Nothing in this subsection shall be construed to prevent the court from modifying the order.

(j) An order entered under this Section shall include a provision requiring the obligor to report to the obligee and to the clerk of court within 10 days each time the obligor obtains new employment, and each time the obligor's employment is terminated for any reason. The report shall be in writing and shall, in the case of new employment, include the name and address of the new employer. Failure to report new employment or the termination of current employment, if coupled with nonpayment of support for a period in excess of 60 days, is indirect criminal contempt. For any obligor arrested for failure to report new employment bond shall be set in the amount of the child support that should have been paid during the period of unreported employment. An order entered under this Section shall also include a provision requiring the obligor and obligee parents to advise each other of a change in residence within 5 days of the change except when the court finds that the physical, mental, or emotional health of a party or that of a minor child, or both, would be seriously endangered by disclosure of the party's address.

Sec. 15.1. (a) Whenever it is determined in a proceeding to establish or enforce a child support obligation that the person owing a duty of support is unemployed, the court may order the person to seek employment and report periodically to the court with a diary, listing or other memorandum of his or her efforts in accordance with such order. Additionally, the court may order the unemployed person to report to the Department of Employment Security for job search services or to make application with the local Job Training Partnership Act provider for participation in job search, training or work programs and where the duty of support is owed to a child receiving child support enforcement services under Article X of the Illinois Public Aid Code, as amended, the court may order the unemployed person to report to the Illinois Department of Public Aid for participation in job search, training or work programs established under Section 9-6 and Article IXA of that Code.

(b) Whenever it is determined that a person owes past-due support for a child, and the child is receiving assistance under the Illinois Public Aid Code, the court shall order the following at the request of the Illinois Department of Public Aid:

(1) that the person pay the past-due support in accordance with a plan approved by the court; or
(2) if the person owing past-due support is unemployed, is subject to such a plan, and is not incapacitated, that the person participate in such job search, training, or work programs established under Section 9-6 and Article IXA of the Illinois Public Aid Code as the court deems appropriate.

Sec. 18. Right to Counsel; Free Transcript on Appeal.
(a) Any party may be represented by counsel at all proceedings under this Act.
(a-5) In any proceedings involving the support, custody, visitation, education, parentage, property interest, or general welfare of a minor or dependent child, the court may, on its own motion or that of any party, and subject to the terms or specifications the court determines, appoint an attorney to serve in one of the following capacities:
(1) as an attorney to represent the child;
(2) as a guardian ad litem to address issues the court delineates;
(3) as a child's representative whose duty shall be to advocate what the representative finds to be in the best interests of the child after reviewing the facts and circumstances of the case. The child's representative shall have the same power and authority to take part in the conduct of the litigation as does an attorney for a party and shall possess all the powers of investigation and recommendation as does a guardian ad litem. The child's representative shall consider, but not be bound by, the expressed wishes of the child. A child's representative shall have received training in child advocacy or shall possess such experience as determined to be equivalent to such training by the chief judge of the circuit where the child's representative has been appointed. The child's representative shall not disclose...
confidential communications made by the child, except as required by law or by the Rules of Professional Conduct. The child's representative shall not be called as a witness regarding the issues set forth in this subsection.

During the proceedings the court may appoint an additional attorney to serve in another of the capacities described in subdivisions (1), (2), or (3) of the preceding paragraph on its own motion or that of a party only for good cause shown and when the reasons for the additional appointment are set forth in specific findings.

The court shall enter an order as appropriate for costs, fees, and disbursements, including a retainer, when the attorney, guardian ad litem, or child's representative is appointed, and thereafter as necessary. Such orders shall require payment by either or both parents, by any other party or source, or from the marital estate or the child's separate estate. The court may not order payment by the Illinois Department of Public Aid in cases in which the Department is providing child and spouse support enforcement services under Article X of the Illinois Public Aid Code. Unless otherwise ordered by the court at the time fees and costs are approved, all fees and costs payable to an attorney, guardian ad litem, or child's representative under this Section are by implication deemed to be in the nature of support of the child and are within the exceptions to discharge in bankruptcy under 11 U.S.C.A. 523. The provisions of Sections 501 and 508 of this Act shall apply to fees and costs for attorneys appointed under this Section.

(b) Upon the request of a mother or child seeking to establish the existence of a father and child relationship, the State's Attorney shall represent the mother or child in the trial court. If the child is an applicant for or a recipient of assistance as defined in Section 2-6 of "The Illinois Public Aid Code", approved April 11, 1967, as amended, or has applied to the Illinois Department of Public Aid for services under Article X of such Code, the Department may file a complaint in the child's behalf under this Act. The Department shall refer the complaint to the Public Aid Claims Enforcement Division of the Office of the Attorney General as provided in Section 12-16 of "The Illinois Public Aid Code" for enforcement by the Attorney General. Legal representation by the State's Attorney or the Attorney General shall be limited to the establishment and enforcement of an order for support, and shall not extend to visitation, custody, property or other matters. If visitation, custody, property or other matters are raised by a party and considered by the court in any proceeding under this Act, the court shall provide a continuance sufficient to enable the mother or child to obtain representation for such matters.

(c) The Court may appoint counsel to represent any indigent defendant in the trial court, except that this representation shall be limited to the establishment of a parent and child relationship and an order for support, and shall not extend to visitation, custody, property, enforcement of an order for support, or other matters. If visitation, custody, property or other matters are raised by a party and considered by the court in any proceeding under this Act, the court shall provide a continuance sufficient to enable the defendant to obtain representation for such matters.

(d) The court shall furnish on request of any indigent party a transcript for purposes of appeal.

(1) to make support payments to the State Disbursement Unit if:
   (A) a party to the order for support is receiving child support enforcement services under Article X of the Illinois Public Aid Code; or
   (B) no party to the order for support is receiving child support enforcement services under Article X of the Illinois Public Aid Code, but the support payments are made through income withholding; or
(2) to make support payments to the State Disbursement Unit of another state upon request of another state's Title IV-D child support enforcement agency, in accordance with the requirements of Title IV, Part D of the Social Security Act and regulations promulgated under that Part D.

The Department of Public Aid shall provide a copy of the notice to the obligee and to the clerk of the circuit court. The clerk shall provide a copy of the notice to the obligee.

(c-20) If the State Disbursement Unit receives a support payment that was not appropriately made to the Unit under this Section, the Unit shall immediately return the payment to the sender, including, if possible, instructions detailing where to send the support payments.

(d) The notices required under subsections (c-10) and (c-15) may be sent by ordinary mail, certified mail, return receipt requested, facsimile transmission, or other electronic process, or may be served upon the obligor or payor using any method provided by law for service of a summons. The Illinois Department of Public Aid shall provide a copy of the notice to the obligee and to the clerk of the court.

The imposition of such fee shall be in accordance with provisions of Title IV, Part D, of the Social Security Act and regulations duly promulgated thereunder. The fee shall be payable to the clerk of the circuit court for transmittal to the Illinois Department of Public Aid and shall continue until support services are terminated by that Department.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Sections 2-3.12 and 3-14.20 as follows:

(105 ILCS 5/2-3.12) (from Ch. 122, par. 2-3.12)

Sec. 2-3.12. School building code. To prepare for school boards with the advice of the Department of Public Health, the Capital Development Board, and the State Fire Marshal a school building code that will conserve the health and safety and general welfare of the pupils and school personnel and others who use public school facilities.

The document known as "Efficient and Adequate Standards for the Construction of Schools" applies only to temporary school facilities, new school buildings, and additions to existing schools whose construction contracts are awarded after July 1, 1965. On or before July 1, 1967, each school board shall have its school district buildings that were constructed prior to January 1, 1955, surveyed by an architect or engineer licensed in the State of Illinois as to minimum standards necessary to conserve the health and safety of the pupils enrolled in the school buildings of the district. Buildings constructed between January 1, 1955 and July 1, 1965, not owned by the State of Illinois, shall be surveyed by an architect or engineer licensed in the State of Illinois beginning 10 years after acceptance of the completed building by the school board. Buildings constructed between January 1, 1955 and July 1, 1955 and previously exempt under the provisions of Section 35-27 shall be surveyed prior to July 1, 1977 by an architect or engineer licensed in the State of Illinois. The architect or engineer, using the document known as "Building Specifications for Health and Safety in Public Schools" as a guide, shall make a report of the findings of the survey to the school board, giving priority in that report to fire safety problems and recommendations thereon if any such problems exist. The school board of each district so surveyed and receiving a report of needed recommendations to be made to improve standards of safety and health of the pupils enrolled has until July 1, 1970, or in case of buildings not owned by the State of Illinois and completed between January 1, 1955 and July 1, 1965 or in the case of buildings previously exempt under the provisions of Section 35-27 has a period of 3 years after the survey is commenced, to effectuate those recommendations, giving first attention to the recommendations in the survey report having priority status, and is authorized to levy the tax provided for in Section 17-2.11, according to the provisions of that Section, to make such improvements. School boards unable to effectuate those recommendations prior to July 1, 1970, on July 1, 1980 in the case of buildings previously exempt under the provisions of Section 35-27, may petition the State Superintendent of Education upon the recommendation of the Regional Superintendent for an extension of time. The extension of time may be granted by the State Superintendent of Education for a period of one year, but may be extended from year to year provided substantial progress, in the opinion of the State

Superintendent of Education, is being made toward compliance. However, for fire protection issues, only one one-year extension may be made, and no other provision of this Code or an applicable code may supersede this requirement. For routine inspections, fire officials shall provide written notice to the principal of the school to schedule a mutually agreed upon time for the fire safety check. However, no more than 2 routine inspections may be made in a calendar year.

Within 2 years after the effective date of this amendatory Act of 1983, and every 10 years thereafter, or at such other times as the State Board of Education deems necessary or the regional superintendent so orders, each school board subject to the provisions of this Section shall again survey its school buildings and effectuate any recommendations in accordance with the procedures set forth herein. An architect or engineer licensed in the State of Illinois is required to conduct the surveys under the provisions of this Section and shall make a report of the findings of the survey titled "safety survey report" to the school board. The school board shall approve the safety survey report, including any recommendations to effectuate compliance with the code, and submit it to the Regional Superintendent. The Regional Superintendent shall render a decision regarding approval or denial and submit the safety survey report to the State Superintendent of Education. The State Superintendent of Education shall approve or deny the report including recommendations to effectuate compliance with the code and, if approved, issue a certificate of approval. Upon receipt of the certificate of approval, the Regional Superintendent shall issue an order to effect any approved recommendations included in the report. Items in the report shall be prioritized. Urgent items shall be considered as those items related to life safety problems that present an immediate hazard to the safety of students. Required items shall be considered as those items that are necessary for a safe environment but present less of an immediate hazard to the safety of students. Urgent and required items shall reference a specific rule in the code authorized by this Section that is currently being violated or will be violated within the next 12 months if the violation is not remedied. The school board of each district so surveyed and receiving a report of needed recommendations to be made to maintain standards of safety and health of the pupils enrolled shall effectuate the correction of urgent items as soon as achievable to ensure the safety of the students, but in no case more than one year after the date of the State Superintendent of Education's approval of the recommendation. Required items shall be corrected in a timely manner, but in no case more than 5 years from the date of the State Superintendent of Education's approval of the recommendation. Once each year the school board shall submit a report of progress on completion of any recommendations to effectuate compliance with the code. For each year that the school board does not effectuate any or all approved recommendations, it shall petition the Regional Superintendent and the State Superintendent of Education detailing what work was completed in the previous year and a work plan for completion of the remaining work. If in the judgement of the Regional Superintendent and the State Superintendent of Education substantial progress has been made and just cause has been shown by the school board, the petition for a one year extension of time may be approved.

As soon as practicable, but not later than 2 years after the effective date of this
amendatory Act of 1992, the State Board of Education shall combine the document known as "Efficient and Adequate Standards for the Construction of Schools" with the document known as "Building Specifications for Health and Safety in Public Schools" together with any modifications or additions that may be deemed necessary. The combined document shall be known as the "Health/Life Safety Code for Public Schools" and shall be the governing code for all facilities that house public school students or are otherwise used for public school purposes, whether such facilities are permanent or temporary and whether they are owned, leased, rented, or otherwise used by the district. Facilities owned by a school district but that are not used to house public school students or are not used for public school purposes shall be governed by separate provisions within the code authorized by this Section.

The 10 year survey cycle specified in this Section shall continue to apply based upon the standards contained in the "Health/Life Safety Code for Public Schools", which shall specify building standards for buildings that are constructed prior to the effective date of this amendatory Act of 1992 and for buildings that are constructed after that date.

The "Health/Life Safety Code for Public Schools" shall be the governing code for public schools; however, the provisions of this Section shall not preclude inspection of school premises and buildings pursuant to Section 9 of the Fire Investigation Act, provided that the provisions of the "Health/Life Safety Code for Public Schools", or such predecessor document authorized by this Section as may be applicable are used, and provided that those inspections are coordinated with the Regional Superintendent having jurisdiction over the public school facility. Nothing in this Section shall be construed to prohibit a local fire department, fire protection district, or the Office of the State Fire Marshal from conducting a fire safety check in a public school. Upon being notified by a fire official that corrective action must be taken to resolve a violation, the school board shall take corrective action within one year. However, violations that present imminent danger must be addressed immediately.

Any agency having jurisdiction beyond the scope of the applicable document authorized by this Section may issue a lawful order to a school board to effectuate recommendations, and the school board receiving the order shall certify to the Regional Superintendent and the State Superintendent of Education when it has complied with the order.

The State Board of Education is authorized to adopt any rules that are necessary relating to the administration and enforcement of the provisions of this Section. The code authorized by this Section shall apply only to those school districts having a population of less than 500,000 inhabitants. (Source: P.A. 89-397, eff. 8-20-95; 90-811, eff. 1-26-99.)

PUBLIC ACT 92-0594
(Senate Bill No. 2098)

AN ACT concerning citizen assistance.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Senior Pharmaceutical Assistance Act.

Section 5. Findings. The General Assembly finds:

(1) Senior citizens identify pharmaceutical assistance as the single most critical factor to their health, well-being, and continued independence.

(2) The State of Illinois currently operates 2 pharmaceutical assistance programs that benefit seniors: (i) the program of pharmaceutical assistance under the Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act and (ii) the Aid to the Aged, Blind, or Disabled program under the Illinois Public Aid Code. The State has been given authority to establish a third program, SeniorRx Care, through a federal Medicaid waiver.

(3) Each year, numerous pieces of legislation are filed seeking to establish additional pharmaceutical assistance benefits for seniors or to make changes to the existing programs.

(4) Establishment of a pharmaceutical assistance review committee will ensure proper coordination of benefits, diminish the likelihood of duplicative benefits, and ensure that the best interests of seniors are served.

(5) In addition to the State pharmaceutical assistance programs, several private entities, such as drug manufacturers and pharmacies, also offer prescription drug discount

or coverage programs.

(6) Many seniors are unaware of the myriad of public and private programs available to them.

(7) Establishing a pharmaceutical clearinghouse with a toll-free hot-line and local outreach workers will educate seniors about the vast array of options available to them and enable seniors to make an educated and informed choice that is best for them.

(8) Estimates indicate that almost one-third of senior citizens lack prescription drug coverage. The federal government, states, and the pharmaceutical industry each have a role in helping these uninsured seniors gain access to life-saving medications.

(9) The State of Illinois has recognized its obligation to assist Illinois' neediest seniors in purchasing prescription medications, and it is now time for pharmaceutical manufacturers to recognize their obligation to make their medications affordable to seniors.

Section 10. Definitions. In this Act:

"Manufacturer" includes:

(1) An entity that is engaged in (a) the production, preparation, propagation, compounding, conversion, or processing of prescription drug products (i) directly or indirectly by extraction from substances of natural origin, (ii) independently by means of chemical synthesis, or (iii) by combination of extraction and chemical synthesis; or (b) the packaging, repackaging, labeling or re-labelling, or distribution of prescription drug products.

(2) The entity holding legal title to or possession of the national drug code number for the covered prescription drug.

The term does not include a wholesale distributor of drugs, drugstore chain organization, or retail pharmacy licensed by the State.

"Prescription drug" means a drug that may be dispensed only upon prescription by an authorized prescriber and that is approved for safety and effectiveness as a prescription drug under Section 505 or 507 of the Federal Food, Drug and Cosmetic Act.

Section 15. The Illinois Act on the Aging is amended by changing Section 4.02 as follows:

(20 ILCS 105/4.02) (from Ch. 23, par. 6104.02)

Sec. 4.02. The Department shall establish a program of services to prevent unnecessary institutionalization of persons age 60 and older in need of long term care or who are established as persons who suffer from Alzheimer's disease or a related disorder under the Alzheimer's Disease Assistance Act, thereby enabling them to remain in their own homes or in other living arrangements. Such preventive services, which may be coordinated with other programs for the aged and monitored by area agencies on aging in cooperation with the Department, may include, but are not limited to, any or all of the following:

(a) home health services;
(b) home nursing services;
(c) homemaker services;
(d) chore and housekeeping services;
(e) day care services;
(f) home-delivered meals;
(g) education in self-care;
(h) personal care services;
(i) adult day health services;
(j) habilitation services;
(k) respite care;
(l) other nonmedical social services that may enable the person to become self-supporting; or
(m) clearinghouse for information provided by senior citizen home owners who want to rent rooms to or share living space with other senior citizens.

The Department shall establish eligibility standards for such services taking into consideration the unique economic and social needs of the target population for whom they are to be provided. Such eligibility standards shall be based on the recipient's ability to pay for services; provided, however, that in determining the amount and nature of services for which a person may qualify, consideration shall not be given to the value of cash, property or other assets held in the name of the person's spouse pursuant to a written agreement dividing marital property into equal but separate shares or pursuant to a transfer of the person's interest in a home to his spouse, provided that the spouse's share of the marital property is not made available to the person seeking such services.

Beginning July 1, 2002, the Department shall require as a condition of eligibility that all applicants and recipients apply for medical assistance under Article V of the Illinois Public Aid Code in accordance with rules promulgated by the Department.

The Department shall, in conjunction with the Department of Public Aid, seek appropriate amendments under Sections 1915 and 1924 of the Social Security Act. The purpose of the amendments shall be to extend eligibility for home and community based services under Sections 1915 and 1924 of the Social Security Act to persons who transfer to
or for the benefit of a spouse those amounts of income and resources allowed under Section 1924 of the Social Security Act. Subject to the approval of such amendments, the Department shall extend the provisions of Section 5-4 of the Illinois Public Aid Code to persons who, but for the provision of home or community-based services, would require the level of care provided in an institution, as is provided for in federal law. Those persons no longer found to be eligible for receiving noninstitutional services due to changes in the eligibility criteria shall be given 60 days notice prior to actual termination. Those persons receiving notice of termination may contact the Department and request the determination be appealed at any time during the 60 day notice period. With the exception of the lengthened notice and time frame for the appeal request, the appeal process shall follow the normal procedure. In addition, each person affected regardless of the circumstances for discontinued eligibility shall be given notice and the opportunity to purchase the necessary services through the Community Care Program. If the individual does not elect to purchase services, the Department shall advise the individual of alternative services. The target population identified for the purposes of this Section are persons age 60 and older with an identified service need. Priority shall be given to those who are at imminent risk of institutionalization. The services shall be provided to eligible persons age 60 and older to the extent that the cost of the services together with the other personal maintenance expenses of the persons are reasonably related to the standards established for care in a group facility appropriate to the person's condition. These non-institutional services, pilot projects or experimental facilities may be provided as part of or in addition to those authorized by federal law or those funded and administered by the Department of Human Services. The Departments of Human Services, Public Aid, Public Health, Veterans' Affairs, and Commerce and Community Affairs and other appropriate agencies of State, federal and local governments shall cooperate with the Department on Aging in the establishment and development of the non-institutional services. The Department shall require an annual audit from all chore/housekeeping and homemaker vendors contracting with the Department under this Section. The annual audit shall assure that each audited vendor’s procedures are in compliance with Department’s financial reporting guidelines requiring a 27% administrative cost split and a 73% employee wages and benefits cost split. The audit is a public record under the Freedom of Information Act. The Department shall execute, relative to the nursing home prescreening project, written inter-agency agreements with the Department of Human Services and the Department of Public Aid, to effect the following: (1) intake procedures and common eligibility criteria for those persons who are receiving non-institutional services; and (2) the establishment and development of non-institutional services in areas of the State where they are not currently available or are undeveloped. On and after July 1, 1996, all nursing home prescreenings for individuals 60 years of age or older shall be conducted by the Department.

The Department is authorized to establish a system of recipient copayment for services provided under this Section, such copayment to be based upon the recipient's ability to pay but in no case to exceed the actual cost of the services provided. Additionally, any portion of a person's income which is equal to or less than the federal poverty standard shall not be considered by the Department in determining the copayment. The level of such copayment shall be based upon the need for those persons age 60 and older who are assessed as being at imminent risk of institutionalization.
copayment shall be adjusted whenever necessary to reflect any change in the officially
designated federal poverty standard.

The Department, or the Department's authorized representative, shall recover the
amount of moneys expended for services provided to or in behalf of a person under this
Section by a claim against the person's estate or against the estate of the person's surviving
spouse, but no recovery may be had until after the death of the surviving spouse, if any, and
then only at such time when there is no surviving child who is under age 21, blind, or
permanently and totally disabled. This paragraph, however, shall not bar recovery, at the
death of the person, of moneys for services provided to the person or in behalf of the person
under this Section to which the person was not entitled; provided that such recovery shall not
be enforced against any real estate while it is occupied as a homestead by the surviving
spouse or other dependent, if no claims by other creditors have been filed against the estate,
or, if such claims have been filed, they remain dormant for failure of prosecution or failure
of the claimant to compel administration of the estate for the purpose of payment. This
paragraph shall not bar recovery from the estate of a spouse, under Sections 1915 and 1924
of the Social Security Act and Section 5-4 of the Illinois Public Aid Code, who precedes a
person receiving services under this Section in death. All moneys for services paid to or in
behalf of the person under this Section shall be claimed for recovery from
the deceased spouse's
estate.

"Homestead", as used in this paragraph, means the dwelling house and
contiguous real estate occupied by a surviving spouse or relative, as defined
by the rules and regulations of the Illinois Department of Public Aid, regardless
of the value of the property.

The Department shall develop procedures to enhance availability of services on
evenings, weekends, and on an emergency basis to meet the respite needs of caregivers.
Procedures shall be developed to permit the utilization of services in successive blocks of
24 hours up to the monthly maximum established by the Department. Workers providing
these services shall be appropriately trained.

Beginning on the effective date of this Amendatory Act of 1991, no person may
perform chore/housekeeping and homemaker services under a program authorized by this
Section unless that person has been issued a certificate of pre-service to do so by his or her
employing agency. Information gathered to effect such certification shall include (i) the
person’s name, (ii) the date the person was hired by his or her current employer, and (iii) the
training, including dates and levels. Persons engaged in the program authorized by this
Section before the effective date of this amendatory Act of 1991 shall be issued a certificate
of all pre- and in-service training from his or her employer upon submitting the necessary
information. The employing agency shall be required to retain records of all staff pre- and
in-service training, and shall provide such records to the Department upon request and upon
termination of the employer's contract with the Department. In addition, the employing
agency is responsible for the issuance of certifications of in-service training completed to
their employees.

The Department is required to develop a system to ensure that persons working as
homemakers and chore housekeepers receive increases in their wages when the federal
minimum wage is increased by requiring vendors to certify that they are meeting the federal

minimum wage statute for homemakers and chore housekeepers. An employer that cannot ensure that the minimum wage increase is being given to homemakers and chore housekeepers shall be denied any increase in reimbursement costs.

The Department on Aging and the Department of Human Services shall cooperate in the development and submission of an annual report on programs and services provided under this Section. Such joint report shall be filed with the Governor and the General Assembly on or before September 30 each year.

The requirement for reporting to the General Assembly shall be satisfied by filing copies of the report with the Speaker, the Minority Leader and the Clerk of the House of Representatives and the President, the Minority Leader and the Secretary of the Senate and the Legislative Research Unit, as required by Section 3.1 of the General Assembly Organization Act and filing such additional copies with the State Government Report Distribution Center for the General Assembly as is required under paragraph (t) of Section 7 of the State Library Act.

Those persons previously found eligible for receiving non-institutional services whose services were discontinued under the Emergency Budget Act of Fiscal Year 1992, and who do not meet the eligibility standards in effect on or after July 1, 1992, shall remain ineligible on and after July 1, 1992. Those persons previously not required to cost-share and who were required to cost-share effective March 1, 1992, shall continue to meet cost-share requirements on and after July 1, 1992. Beginning July 1, 1992, all clients will be required to meet eligibility, cost-share, and other requirements and will have services discontinued or altered when they fail to meet these requirements.

The amount of tuition for such children shall be determined by the actual cost of maintaining such classes, using the per capita cost formula set forth in Section 14-7.01, such program and cost to be pre-approved by the State Superintendent of Education.

On forms prepared by the State Superintendent of Education, the district shall certify to the regional superintendent the following:

(1) The name of the home or State residential unit with the name of the owner or proprietor and address of those maintaining it;

(2) That no service charges or other payments authorized by law were collected in lieu of taxes therefrom or on account thereof during either of the calendar years included in the school year for which claim is being made;

Payments authorized by law, including State or federal grants for education of children included in this Section, shall be deducted in determining the tuition amount.

Nothing in this Act shall be construed so as to prohibit reimbursement for the tuition

Private facilities shall provide adequate space at the facility for special education classes provided by a school district or joint agreement for children with disabilities who are residents of the facility at no cost to the school district or joint agreement upon request of the school district or joint agreement. If such a private facility provides space at no cost to the district or joint agreement for special education classes provided to children with disabilities who are residents of the facility, the district or joint agreement shall not include any costs for the use of those facilities in its claim for reimbursement.

Reimbursement for tuition may include the cost of providing summer school programs for children with severe and profound disabilities served under this Section. Claims for that reimbursement shall be filed by November 1 and shall be paid on or before December 15 from appropriations made for the purposes of this Section.

The State Board of Education shall establish such rules and regulations as may be necessary to implement the provisions of this Section.

Claims filed on behalf of programs operated under this Section housed in a jail or detention center shall be on an individual student basis only for eligible students with disabilities. These claims shall be in accordance with applicable rules.

Each district claiming reimbursement for individual students shall have the eligibility of those students verified by the State Board of Education. On September 30, December 31, and March 31, the State Board of Education shall voucher payments for individual students based upon an estimated cost calculated from the prior year's claim. Final claims for individual students for the regular school term must be received at the State Board of Education by July 15. Claims for individual students received after July 15 shall not be honored. Final claims for individual students shall be vouchered by August 30.

However, notwithstanding any other provisions of this Section or the School Code, beginning with fiscal year 1994 and each fiscal year thereafter through fiscal year 2002, if the amount appropriated for any fiscal year is less than the amount required for purposes of this Section, the amount required to eliminate any insufficient reimbursement for each district claim under this Section shall be reimbursed on August 30 of the next fiscal year, and the payments required to eliminate any insufficiency for prior fiscal year claims

shall be made before any claims are paid for the current fiscal year. *Notwithstanding any other provision of this Section or this Code, beginning with fiscal year 2003, total reimbursement under this Section in any fiscal year is limited to the amount appropriated for that purpose for that fiscal year, and if the amount appropriated for any fiscal year is less than the amount required for purposes of this Section, the insufficiency shall be apportioned pro rata among the school districts seeking reimbursement.*

The claim of a school district otherwise eligible to be reimbursed in accordance with Section 14-12.01 for the 1976-77 school year but for this amendatory Act of 1977 shall not be paid unless the district ceases to maintain such classes for one entire school year.

If a school district's current reimbursement payment for the 1977-78 school year only is less than the prior year's reimbursement payment owed, the district shall be paid the amount of the difference between the payments in addition to the current reimbursement payment, and the amount so paid shall be subtracted from the amount of prior year's reimbursement payment owed to the district.

Regional superintendents may operate special education classes for children from orphanages, foster family homes, children's homes or State housing units located within the educational services region upon consent of the school board otherwise so obligated. In electing to assume the powers and duties of a school district in providing and maintaining such a special education program, the regional superintendent may enter into joint agreements with other districts and may contract with public or private schools or the orphanage, foster family home, children's home or State housing unit for provision of the special education program. The regional superintendent exercising the powers granted under this Section shall claim the reimbursement authorized by this Section directly from the State Board of Education.

Any child who is not a resident of Illinois who is placed in a child welfare institution, private facility, foster family home, State operated program, orphanage or children's home shall have the payment for his educational tuition and any related services assured by the placing agent.

Commencing July 1, 1992, for each disabled student who is placed residentially by a State agency or the courts for care or custody or both care and custody, welfare, medical or mental health treatment or both medical and mental health treatment, rehabilitation, and protection, whether placed there on, before, or after July 1, 1992, the costs for educating the student are eligible for reimbursement under this Section providing the placing agency or court has notified the appropriate school district authorities of the status of student residency where applicable prior to or upon placement.

The district of residence of the parent, guardian, or disabled student as defined in Sections 14-1.11 and 14-1.11a is responsible for the actual costs of the student's special education program and is eligible for reimbursement under this Section when placement is made by a State agency or the courts. Payments shall be made by the resident district to the district wherein the facility is located no less than once per quarter unless otherwise agreed to in writing by the parties.

When a dispute arises over the determination of the district of residence, the district
or districts may appeal the decision in writing to the State Superintendent of Education. The decision of the State Superintendent of Education shall be final.

In the event a district does not make a tuition payment to another district that is providing the special education program and services, the State Board of Education shall immediately withhold 125% of the then remaining annual tuition cost from the State aid or categorical aid payment due to the school district that is determined to be the resident school district. All funds withheld by the State Board of Education shall immediately be forwarded to the school district where the student is being served.

When a child eligible for services under this Section 14-7.03 must be placed in a nonpublic facility, that facility shall meet the programmatic requirements of Section 14-7.02 and its regulations, and the educational services shall be funded only in accordance with this Section 14-7.03.

(105 ILCS 5/18-3) (from Ch. 122, par. 18-3)

Sec. 18-3. Tuition of children from orphanages and children’s homes.

When the children from any home for orphans, dependent, abandoned or maladjusted children maintained by any organization or association admitting to such home children from the State in general or when children residing in a school district wherein the State of Illinois maintains and operates any welfare or penal institution on property owned by the State of Illinois, which contains houses, housing units or housing accommodations within a school district, attend grades kindergarten through 12 of the public schools maintained by that school district, the State Superintendent of Education shall direct the State Comptroller to pay a specified amount sufficient to pay the annual tuition cost of such children who attended such public schools during the regular school year ending on June 30 or the summer term for that school year, and the Comptroller shall pay the amount after receipt of a voucher submitted by the State Superintendent of Education.

The amount of the tuition for such children attending the public schools of the district shall be determined by the State Superintendent of Education by multiplying the number of such children in average daily attendance in such schools by 1.2 times the total annual per capita cost of administering the schools of the district. Such total annual per capita cost shall be determined by totaling all expenses of the school district in the educational, operations and maintenance, bond and interest, transportation, Illinois municipal retirement, and rent funds for the school year preceding the filing of such tuition claims less expenditures not applicable to the regular K-12 program, less offsetting revenues from State sources except those from the common school fund, less offsetting revenues from federal sources except those from federal impaction aid, less student and community service revenues, plus a depreciation allowance; and dividing such total by the average daily attendance for the year.

Annually on or before June 30 the superintendent of the district upon forms prepared by the State Superintendent of Education shall certify to the regional superintendent the following:

1. The name of the home and of the organization or association maintaining

it; or the legal description of the real estate upon which the house, housing units, or housing accommodations are located and that no taxes or service charges or other payments authorized by law to be made in lieu of taxes were collected therefrom or on account thereof during either of the calendar years included in the school year for which claim is being made;

2. The number of children from the home or living in such houses, housing units or housing accommodations and attending the schools of the district;

3. The total number of children attending the schools of the district;

4. The per capita tuition charge of the district; and

5. The computed amount of the tuition payment claimed as due.

Whenever the persons in charge of such home for orphans, dependent, abandoned or maladjusted children have received from the parent or guardian of any such child or by virtue of an order of court a specific allowance for educating such child, such persons shall pay to the school board in the district where the child attends school such amount of the allowance as is necessary to pay the tuition required by such district for the education of the child. If the allowance is insufficient to pay the tuition in full the State Superintendent of Education shall direct the Comptroller to pay to the district the difference between the total tuition charged and the amount of the allowance.

Whenever the facilities of a school district in which such house, housing units or housing accommodations are located, are limited, pupils may be assigned by that district to the schools of any adjacent district to the limit of the facilities of the adjacent district to properly educate such pupils as shall be determined by the school board of the adjacent district, and the State Superintendent of Education shall direct the Comptroller to pay a specified amount sufficient to pay the annual tuition of the children so assigned to and attending public schools in the adjacent districts and the Comptroller shall draw his warrant upon the State Treasurer for the payment of such amount for the benefit of the adjacent school districts in the same manner as for districts in which the houses, housing units or housing accommodations are located.

The school district shall certify to the State Superintendent of Education the report of claims due for such tuition payments on or before July 31. Failure on the part of the school board to certify its claim on July 31 shall constitute a forfeiture by the district of its right to the payment of any such tuition claim for the school year. The State Superintendent of Education shall direct the Comptroller to pay to the district, on or before August 15, the amount due the district for the school year in accordance with the calculation of the claim as set forth in this Section.

Claims for tuition for children from any home for orphans or dependent, abandoned, or maladjusted children beginning with the 1993-1994 school year shall be paid on a current year basis. On September 30, December 31, and March 31, the State Board of Education shall voucher payments for districts with those students based on an estimated cost calculated from the prior year’s claim. Final claims for those students for the regular school term and summer term must be received at the State Board of Education by July 31 following the end of the regular school year. Final claims for those students shall be vouchered by August 15.

New matter indicated by italics - deletions by strikeout.
During fiscal year 1994 both the 1992-1993 school year and the 1993-1994 school year shall be paid in order to change the cycle of payment from a reimbursement basis to a current year funding basis of payment. However, notwithstanding any other provisions of this Section or the School Code, beginning with fiscal year 1994 and each fiscal year thereafter through fiscal year 2002, if the amount appropriated for any fiscal year is less than the amount required for purposes of this Section, the amount required to eliminate any insufficient reimbursement for each district claim under this Section shall be reimbursed on August 30 of the next fiscal year, and the payments required to eliminate any insufficiency for prior fiscal year claims shall be made before any claims are paid for the current fiscal year. Notwithstanding any other provision of this Section or this Code, beginning with fiscal year 2003, total reimbursement under this Section in any fiscal year is limited to the amount appropriated for that purpose for that fiscal year, and if the amount appropriated for any fiscal year is less than the amount required for purposes of this Section, the insufficiency shall be apportioned pro rata among the school districts seeking reimbursement.

If a school district makes a claim for reimbursement under Section 18-4 or 14-7.03 it shall not include in any claim filed under this Section children residing on the property of State institutions included in its claim under Section 18-4 or 14-7.03.

Any child who is not a resident of Illinois who is placed in a child welfare institution, private facility, State operated program, orphanage or children's home shall have the payment for his educational tuition and any related services assured by the placing agent.

In order to provide services appropriate to allow a student under the legal guardianship or custodianship of the State to participate in local school district educational programs, costs may be incurred in appropriate cases by the district that are in excess of 1.2 times the district per capita tuition charge allowed under the provisions of this Section. In the event such excess costs are incurred, they must be documented in accordance with cost rules established under the authority of this Section and may then be claimed for reimbursement under this Section.

Planned services for students eligible for this funding must be a collaborative effort between the appropriate State agency or the student's group home or institution and the local school district.

For the purpose of qualifying for the annual increases provided in Section 5-167.1, a policeman whose retirement annuity is calculated under this Section shall be deemed to qualify for a minimum annuity.

Sec. 5-144. Death from injury in the performance of acts of duty; compensation annuity and supplemental annuity.

(a) Beginning January 1, 1986, and without regard to whether or not the annuity in question began before that date, if the annuity for the widow of a policeman whose death, on or after January 1, 1940, results from injury incurred in the performance of an act or acts of duty, is not equal to the sum hereinafter stated, "compensation annuity" equal to the difference between the annuity and an amount equal to 75% of the policeman's salary attached to the position he held by certification and appointment as a result of competitive civil service examination that would ordinarily have been paid to him as though he were in active discharge of his duties shall be payable to the widow until the policeman, had he lived, would have attained age 63. The total amount of the widow's annuity and children's awards payable to the family of such policeman shall not exceed the amounts stated in Section 5-152.

The provisions of this Section, as amended by Public Act 84-1104, including the reference to the date upon which the deceased policeman would have attained age 63, shall apply to all widows of policemen whose death occurs on or after January 1, 1940 due to injury incurred in the performance of an act of duty, regardless of whether such death occurred prior to September 17, 1969. For those widows of policemen that died prior to September 17, 1969, who became eligible for compensation annuity by the action of Public Act 84-1104, such compensation annuity shall begin and be calculated from January 1, 1986. The provisions of this amendatory Act of 1987 are intended to restate and clarify the intent of Public Act 84-1104, and do not make any substantive change.

(b) Upon termination of the compensation annuity, "supplemental annuity" shall become payable to the widow, equal to the difference between the annuity for the widow and an amount equal to 75% of the annual salary (including all salary increases and longevity raises) that the policeman would have been receiving when he attained age 63 if the policeman had continued in service at the same rank (whether career service or exempt) that he last held in the police department. The increase in supplemental annuity resulting from this amendatory Act of the 92nd General Assembly applies without regard to whether the deceased policeman was in service on or after the effective date of this amendatory Act and is payable from July 1, 2002 or January 1, 1996 or the date upon which the supplemental annuity begins, whichever is later.

(c) Neither compensation nor supplemental annuity shall be paid unless the death of the policeman was a direct result of the injury, or the injury was of such character as to prevent him from subsequently resuming service as a policeman; nor shall compensation or

supplemental annuity be paid unless the widow was the wife of the policeman when the injury occurred.

Sec. 5-167.5. Group health benefit.
(a) For the purposes of this Section: (1) "annuitant" means a person receiving an age and service annuity, a prior service annuity, a widow's annuity, a widow's prior service annuity, or a minimum annuity, under Article 5, 6, 8 or 11, by reason of previous employment by the City of Chicago (hereinafter, in this Section, "the city"); (2) "Medicare Plan annuitant" means an annuitant described in item (1) who is eligible for Medicare benefits; and (3) "non-Medicare Plan annuitant" means an annuitant described in item (1) who is not eligible for Medicare benefits.

(b) The city shall offer group health benefits to annuitants and their eligible dependents through June 30, 2003 2002. The basic city health care plan available as of June 30, 1988 (hereinafter called the basic city plan) shall cease to be a plan offered by the city, except as specified in subparagraphs (4) and (5) below, and shall be closed to new enrollment or transfer of coverage for any non-Medicare Plan annuitant as of June 27, the effective date of this amendatory Act of 1997. The city shall offer non-Medicare Plan annuitants and their eligible dependents the option of enrolling in its Annuitant Preferred Provider Plan and may offer additional plans for any annuitant. The city may amend, modify, or terminate any of its additional plans at its sole discretion. If the city offers more than one annuitant plan, the city shall allow annuitants to convert coverage from one city annuitant plan to another, except the basic city plan, during times designated by the city, which periods of time shall occur at least annually. For the period dating from June 27, the effective date of this amendatory Act of 1997 through June 30, 2003 2002, monthly premium rates may be increased for annuitants during the time of their participation in non-Medicare plans, except as provided in subparagraphs (1) through (4) of this subsection.

(1) For non-Medicare Plan annuitants who retired prior to January 1, 1988, the annuitant's share of monthly premium for non-Medicare Plan coverage only shall not exceed the highest premium rate chargeable under any city non-Medicare Plan annuitant coverage as of December 1, 1996.

(2) For non-Medicare Plan annuitants who retire on or after January 1, 1988, the annuitant's share of monthly premium for non-Medicare Plan coverage only shall be the rate in effect on December 1, 1996, with monthly premium increases to take effect no sooner than April 1, 1998 at the lower of (i) the premium rate determined pursuant to subsection (g) or (ii) 10% of the immediately previous month's rate for similar coverage.

(3) In no event shall any non-Medicare Plan annuitant's share of monthly premium for non-Medicare Plan coverage exceed 10% of the annuitant's monthly annuity.

(4) Non-Medicare Plan annuitants who are enrolled in the basic city plan as of July 1, 1998 may remain in the basic city plan, if they so choose, on the condition

that they are not entitled to the caps on rates set forth in subparagraphs (1) through (3), and their premium rate shall be the rate determined in accordance with subsections (c) and (g).

(5) Medicare Plan annuitants who are currently enrolled in the basic city plan for Medicare eligible annuitants may remain in that plan, if they so choose, through June 30, 2003. Annuitants shall not be allowed to enroll in or transfer into the basic city plan for Medicare eligible annuitants on or after July 1, 1999. The city shall continue to offer annuitants a supplemental Medicare Plan for Medicare eligible annuitants through June 30, 2003, and the city may offer additional plans to Medicare eligible annuitants in its sole discretion. All Medicare Plan annuitant monthly rates shall be determined in accordance with subsections (c) and (g).

(c) The city shall pay 50% of the aggregated costs of the claims or premiums, whichever is applicable, as determined in accordance with subsection (g), of annuitants and their dependents under all health care plans offered by the city. The city may reduce its obligation by application of price reductions obtained as a result of financial arrangements with providers or plan administrators.

(d) From January 1, 1993 until June 30, 2003, the board shall pay to the city on behalf of each of the board's annuitants who chooses to participate in any of the city's plans the following amounts: up to a maximum of $75 per month for each such annuitant who is not qualified to receive medicare benefits, and up to a maximum of $45 per month for each such annuitant who is qualified to receive medicare benefits.

The payments described in this subsection shall be paid from the tax levy authorized under Section 5-168; such amounts shall be credited to the reserve for group hospital care and group medical and surgical plan benefits, and all payments to the city required under this subsection shall be charged against it.

(e) The city's obligations under subsections (b) and (c) shall terminate on June 30, 2003, except with regard to covered expenses incurred but not paid as of that date. This subsection shall not affect other obligations that may be imposed by law.

(f) The group coverage plans described in this Section are not and shall not be construed to be pension or retirement benefits for purposes of Section 5 of Article XIII of the Illinois Constitution of 1970.

(g) For each annuitant plan offered by the city, the aggregate cost of claims, as reflected in the claim records of the plan administrator, shall be estimated by the city, based upon a written determination by a qualified independent actuary to be appointed and paid by the city and the board. If the estimated annual cost for each annuitant plan offered by the city is more than the estimated amount to be contributed by the city for that plan pursuant to subsections (b) and (c) during that year plus the estimated amounts to be paid pursuant to subsection (d) and by the other pension boards on behalf of other participating annuitants, the difference shall be paid by all annuitants participating in the plan, except as provided in subsection (b). The city, based upon the determination of the independent actuary, shall set the monthly amounts to be paid by the participating annuitants. The board may deduct the amounts to be paid by its annuitants from the participating annuitants' monthly annuities.

New matter indicated by italics - deletions by strikeout.
If it is determined from the city's annual audit, or from audited experience data, that the total amount paid by all participating annuitants was more or less than the difference between (1) the cost of providing the group health care plans, and (2) the sum of the amount to be paid by the city as determined under subsection (c) and the amounts paid by all the pension boards, then the independent actuary and the city shall account for the excess or shortfall in the next year's payments by annuitants, except as provided in subsection (b).

(h) An annuitant may elect to terminate coverage in a plan at the end of any month, which election shall terminate the annuitant's obligation to contribute toward payment of the excess described in subsection (g).

(i) The city shall advise the board of all proposed premium increases for health care at least 75 days prior to the effective date of the change, and any increase shall be prospective only.

annuity payment date following the first anniversary of the date of retirement, or upon the first annuity payment date following attainment of age 60, whichever occurs later, have his then fixed and payable monthly annuity increased by 3%, and such annuity shall be increased by an additional 3% of the original fixed annuity on the same date each year thereafter. Beginning in January of 1999, such increases shall be at the rate of 3% of the currently payable monthly annuity, including any increases previously granted under this Article.

(a-5) Notwithstanding the provisions of subsection (a), upon the first annuity payment date following (1) the third anniversary of retirement, (2) the attainment of age 53, or (3) the date 60 days after the effective date of this amendatory Act of the 92nd General Assembly, whichever occurs latest, the monthly pension of an employee who retires on annuity prior to the attainment of age 60 who has not received an increase under subsection (a) shall be increased by 3%, and such annuity shall be increased by an additional 3% of the current payable monthly annuity, including such increases previously granted under this Article, on the same date each year thereafter. The increases provided under this subsection are in lieu of the increases provided in subsection (a).

(b) Subsections (a) and (a-5) are not applicable to an employee retiring and receiving a term annuity, as herein defined, nor to any otherwise qualified employee who retires before he makes employee contributions (at the 1/2 of 1% rate as provided in this Act) for this additional annuity for not less than the equivalent of one full year. Such employee, however, shall make arrangement to pay to the fund a balance of such 1/2 of 1% contributions, based on his final salary, as will bring such 1/2 of 1% contributions, computed without interest, to the equivalent of or completion of one year's contributions.

Beginning with January, 1960, each employee shall contribute by means of salary deductions 1/2 of 1% of each salary payment, concurrently with and in addition to the employee contributions otherwise made for annuity purposes.

Each such additional contribution shall be credited to an account in the prior service annuity reserve, to be used, together with city contributions, to defray the cost of the specified annuity increments. Any balance in such account at the beginning of each calendar year shall be credited with interest at the rate of 3% per annum.

Such additional employee contributions are not refundable, except to an employee who withdraws and applies for refund under this Article, and in cases where a term annuity becomes payable. In such cases his contributions shall be refunded, without interest, and charged to such account in the prior service annuity reserve.

(b) An employee who withdraws after July 1, 1957, at age 60 or over, with 20 or more years of service, for whom the age and service and prior service annuity combined, is less than the amount stated in this paragraph, shall, from the date of withdrawal, instead of such annuities, be entitled to receive an annuity for life equal to 1 2/3% for each year of service, of the highest average annual salary for any 5 consecutive years within the last 10 years of service immediately preceding the date of withdrawal; provided, that in the case of any employee who withdraws on or after July 1, 1971, such employee age 60 or over with 20 or more years of service, shall receive an annuity for life equal to 1.67% for each of the first 10 years of service; 1.90% for each of the next 10 years of service; 2.10% for each year of service in excess of 20 but not exceeding 30; and 2.30% for each year of service in excess of 30, based on the highest average annual salary for any 4 consecutive years within the last 10 years of service immediately preceding the date of withdrawal.

An employee who withdraws after July 1, 1957 and before January 1, 1988, with 20 or more years of service, before age 60 years is entitled to annuity, to begin not earlier than upon attained age of 55 years, if under such age at withdrawal, as computed in the last preceding paragraph, reduced 0.25% for each full month or fractional part thereof that his attained age when annuity is to begin is less than 60 if the employee was born before January 1, 1936, or 0.5% for each such month if the employee was born on or after January 1, 1936.

Any employee born before January 1, 1936, who withdraws with 20 or more years of service, and any employee with 20 or more years of service who withdraws on or after January 1, 1988, may elect to receive, in lieu of any other employee annuity provided in this Section, an annuity for life equal to 1.80% for each of the first 10 years of service, 2.00% for each of the next 10 years of service, 2.20% for each year of service in excess of 20 but not exceeding 30, and 2.40% for each year of service in excess of 30, of the highest average annual salary for any 4 consecutive years within the last 10 years of service immediately preceding the date of withdrawal, to begin not earlier than upon attained age of 55 years, if under such age at withdrawal, reduced 0.25% for each full month or fractional part thereof that his attained age when annuity is to begin is less than 60; except that an employee retiring on or after January 1, 1988, at age 55 or over but less than age 60, having at least 35 years of service, or an employee retiring on or after July 1, 1990, at age 55 or over but less than age 60, having at least 30 years of service, or an employee retiring on or after the effective date of this amendatory Act of 1997, at age 55 or over but less than age 60, having at least 25 years of service, shall not be subject to the reduction in retirement annuity because of retirement below age 60.
However, in the case of an employee who retired on or after January 1, 1985 but before January 1, 1988, at age 55 or older and with at least 35 years of service, and who was subject under this subsection (b) to the reduction in retirement annuity because of retirement below age 60, that reduction shall cease to be effective January 1, 1991, and the retirement annuity shall be recalculated accordingly.

Any employee who withdraws on or after July 1, 1990, with 20 or more years of service, may elect to receive, in lieu of any other employee annuity provided in this Section, an annuity for life equal to 2.20% for each year of service if withdrawal is before 60 days after the effective date of this amendatory Act of the 92nd General Assembly, or 2.40% for each year of service if withdrawal is 60 days after the effective date of this amendatory Act of the 92nd General Assembly or later, of the highest average annual salary for any 4 consecutive years within the last 10 years of service immediately preceding the date of withdrawal, to begin not earlier than upon attained age of 55 years, if under such age at withdrawal, reduced 0.25% for each full month or fractional part thereof that his attained age when annuity is to begin is less than 60; except that an employee retiring at age 55 or over but less than age 60, having at least 30 years of service, shall not be subject to the reduction in retirement annuity because of retirement below age 60.

Any employee who withdraws on or after the effective date of this amendatory Act of 1997 with 20 or more years of service may elect to receive, in lieu of any other employee annuity provided in this Section, an annuity for life equal to 2.20%; for each year of service, if withdrawal is before 60 days after the effective date of this amendatory Act of the 92nd General Assembly, or 2.40% for each year of service if withdrawal is 60 days after the effective date of this amendatory Act of the 92nd General Assembly or later, of the highest average annual salary for any 4 consecutive years within the last 10 years of service immediately preceding the date of withdrawal, to begin not earlier than upon attainment of age 55 (age 50 if the employee has at least 30 years of service), reduced 0.25% for each full month or remaining fractional part thereof that the employee's attained age when annuity is to begin is less than 60; except that an employee retiring at age 50 or over with at least 30 years of service or at age 55 or over with at least 25 years of service shall not be subject to the reduction in retirement annuity because of retirement below age 60.

The maximum annuity payable under part (a) and (b) of this Section shall not exceed 70% of highest average annual salary in the case of an employee who withdraws prior to July 1, 1971, and 75% if withdrawal takes place on or after July 1, 1971 and prior to 60 days after the effective date of this amendatory Act of the 92nd General Assembly, or 80% if withdrawal is 60 days after the effective date of this amendatory Act of the 92nd General Assembly or later. For the purpose of the minimum annuity provided in this Section $1,500 is considered the minimum annual salary for any year; and the maximum annual salary for the computation of such annuity is $4,800 for any year before 1953, $6000 for the years 1953 to 1956, inclusive, and the actual annual salary, as salary is defined in this Article, for any year thereafter.

To preserve rights existing on December 31, 1959, for participants and contributors on that date to the fund created by the Court and Law Department Employees' Annuity Act,
who became participants in the fund provided for on January 1, 1960, the maximum annual salary to be considered for such persons for the years 1955 and 1956 is $7,500.

(c) For an employee receiving disability benefit, his salary for annuity purposes under paragraphs (a) and (b) of this Section, for all periods of disability benefit subsequent to the year 1956, is the amount on which his disability benefit was based.

(d) An employee with 20 or more years of service, whose entire disability benefit credit period expires before attainment of age 55 while still disabled for service, is entitled upon withdrawal to the larger of (1) the minimum annuity provided above, assuming he is then age 55, and reducing such annuity to its actuarial equivalent as of his attained age on such date or (2) the annuity provided from his age and service and prior service annuity credits.

(e) The minimum annuity provisions do not apply to any former municipal employee receiving an annuity from the fund who re-enters service as a municipal employee, unless he renders at least 3 years of additional service after the date of re-entry.

(f) An employee in service on July 1, 1947, or who became a contributor after July 1, 1947 and before attainment of age 70, who withdraws after age 65, with less than 20 years of service for whom the annuity has been fixed under this Article shall, instead of the annuity so fixed, receive an annuity as follows:

   Such amount as he could have received had the accumulated amounts for annuity been improved with interest at the effective rate to the date of his withdrawal, or to attainment of age 70, whichever is earlier, and had the city contributed to such earlier date for age and service annuity the amount that it would have contributed had he been under age 65, after the date his annuity was fixed in accordance with this Article, and assuming his annuity were computed from such accumulations as of his age on such earlier date. The annuity so computed shall not exceed the annuity which would be payable under the other provisions of this Section if the employee was credited with 20 years of service and would qualify for annuity thereunder.

(g) Instead of the annuity provided in this Article, an employee having attained age 65 with at least 15 years of service who withdraws from service on or after July 1, 1971 and whose annuity computed under other provisions of this Article is less than the amount provided under this paragraph, is entitled to a minimum annuity for life equal to 1% of the highest average annual salary, as salary is defined and limited in this Section for any 4 consecutive years within the last 10 years of service for each year of service, plus the sum of $25 for each year of service. The annuity shall not exceed 60% of such highest average annual salary.

(g-1) Instead of any other retirement annuity provided in this Article, an employee who has at least 10 years of service and withdraws from service on or after January 1, 1999 may elect to receive a retirement annuity for life, beginning no earlier than upon attainment of age 60, equal to 2.2% if withdrawal is before 60 days after the effective date of this amendatory Act of the 92nd General Assembly or 2.4% if withdrawal is 60 days after the effective date of this amendatory Act of the 92nd General Assembly or later, of final average salary for each year of service, subject to a maximum of 75% of final average salary if

withdrawal is before 60 days after the effective date of this amendatory Act of the 92nd General Assembly, or 80% if withdrawal is 60 days after the effective date of this amendatory Act of the 92nd General Assembly or later. For the purpose of calculating this annuity, "final average salary" means the highest average annual salary for any 4 consecutive years in the last 10 years of service.

(h) The minimum annuities provided under this Section shall be paid in equal monthly installments.

(i) The amendatory provisions of part (b) and (g) of this Section shall be effective July 1, 1971 and apply in the case of every qualifying employee withdrawing on or after July 1, 1971.

(j) The amendatory provisions of this amendatory Act of 1985 (P.A. 84-23) relating to the discount of annuity because of retirement prior to attainment of age 60, and to the retirement formula, for those born before January 1, 1936, shall apply only to qualifying employees withdrawing on or after July 18, 1985.

(k) Beginning on January 1, 1999, the minimum amount of employee's annuity shall be $850 per month for life for the following classes of employees, without regard to the fact that withdrawal occurred prior to the effective date of this amendatory Act of 1998:

1. any employee annuitant alive and receiving a life annuity on the effective date of this amendatory Act of 1998, except a reciprocal annuity;
2. any employee annuitant alive and receiving a term annuity on the effective date of this amendatory Act of 1998, except a reciprocal annuity;
3. any employee annuitant alive and receiving a reciprocal annuity on the effective date of this amendatory Act of 1998, whose service in this fund is at least 5 years;
4. any employee annuitant withdrawing after age 60 on or after the effective date of this amendatory Act of 1998, with at least 10 years of service in this fund.

The increases granted under items (1), (2) and (3) of this subsection (k) shall not be limited by any other Section of this Act.

The widow (otherwise eligible for widow's annuity under other Sections of this Article 8) of an employee hereinafter described, who retires from service or dies while in the service subsequent to the effective date of this amendatory provision, and for which widow the amount of widow's annuity and widow's prior service annuity combined, fixed or provided for such widow under other provisions of this Article is less than the amount provided in this Section, shall, from and after the date her otherwise provided annuity would begin, in lieu of such otherwise provided widow's and widow's prior service annuity, be entitled to the following indicated amount of annuity:

(a) The widow of any employee who dies while in service on or after the date on which he attains age 60 if the death occurs before July 1, 1990, or on or after the date on which he attains age 55 if the death occurs on or after July 1, 1990, with at least 20 years of service, or on or after the date on which he attains age 50 if the death occurs on or after the

Except as provided in subsection (k), this widow's annuity shall not, however, exceed the sum of $500 a month if the employee's death in service occurs before January 23, 1987. The widow's annuity shall not be limited to a maximum dollar amount if the employee's death in service occurs on or after January 23, 1987.

If the employee dies in service before July 1, 1990, and if such widow of such described employee shall not be 60 or more years of age on such date of death, the amount provided in the immediately preceding paragraph for a widow 60 or more years of age, shall, in the case of such younger widow, be reduced by 0.25% for each month that her then attained age is less than 60 years if the employee was born before January 1, 1936 or dies in service on or after January 1, 1988, or by 0.5% for each month that her then attained age is less than 60 years if the employee was born on or after July 1, 1936 and dies in service before January 1, 1988.

If the employee dies in service on or after July 1, 1990, and if the widow of the employee has not attained age 55 on or before the employee's date of death, the amount otherwise provided in this subsection (a) shall be reduced by 0.25% for each month that her then attained age is less than 55 years; except that if the employee dies in service on or after January 1, 1998 at age 50 or over with at least 30 years of service or at age 55 or over with at least 25 years of service, there shall be no reduction due to the widow's age if she has attained age 50 on or before the employee's date of death, and if the widow has not attained age 50 on or before the employee's date of death the amount otherwise provided in this subsection (a) shall be reduced by 0.25% for each month that her then attained age is less than 50 years.

(b) The widow of any employee who dies subsequent to the date of his retirement on annuity, and who so retired on or after the date on which he attained the age of 60 or more years if retirement occurs before July 1, 1990, or on or after the date on which he attained age 55 if retirement occurs on or after July 1, 1990, with at least 20 years of service, or on or after the date on which he attained age 50 if the retirement occurs on or after the effective date of this amendatory Act of 1997 with at least 30 years of service, shall be entitled to an annuity equal to one-half of the amount of annuity which her deceased husband received as of the date of his retirement on annuity, conditional upon such widow having attained the age of 60 or more years on the date of her husband's retirement on annuity if retirement occurs before July 1, 1990, or age 55 or more if retirement occurs on or after July 1, 1990, or age 50 or more if the retirement on annuity occurs on or after January 1, 1998 and the employee is age 50 or over with at least 30 years of service or age 55 or over with at least 25 years of

service. Except as provided in subsection (k), this widow’s annuity shall not, however, exceed the sum of $500 a month if the employee's death occurs before January 23, 1987. The widow’s annuity shall not be limited to a maximum dollar amount if the employee’s death occurs on or after January 23, 1987, regardless of the date of retirement; provided that, if retirement was before January 23, 1987, the employee or eligible spouse repays the excess spouse refund with interest at the effective rate from the date of refund to the date of repayment.

If the date of the employee’s retirement on annuity is before July 1, 1990, and if such widow of such described employee shall not have attained such age of 60 or more years on such date of her husband's retirement on annuity, the amount provided in the immediately preceding paragraph for a widow 60 or more years of age on the date of her husband's retirement on annuity, shall, in the case of such then younger widow, be reduced by 0.25% for each month that her then attained age was less than 60 years if the employee was born before January 1, 1936 or withdraws from service on or after January 1, 1988, or by 0.5% for each month that her then attained age is less than 60 years if the employee was born on or after January 1, 1936 and withdraws from service before January 1, 1988.

If the date of the employee’s retirement on annuity is on or after July 1, 1990, and if the widow of the employee has not attained age 55 by the date of the employee's retirement on annuity, the amount otherwise provided in this subsection (b) shall be reduced by 0.25% for each month that her then attained age is less than 55 years; except that if the employee retires on annuity on or after January 1, 1998 at age 50 or over with at least 30 years of service or at age 55 or over with at least 25 years of service, there shall be no reduction due to the widow’s age if she has attained age 50 on or before the employee's date of death, and if the widow has not attained age 50 on or before the employee's date of death the amount otherwise provided in this subsection (b) shall be reduced by 0.25% for each month that her then attained age is less than 50 years.

(c) The foregoing provisions relating to minimum annuities for widows shall not apply to the widow of any former municipal employee receiving an annuity from the fund on August 9, 1965 or on the effective date of this amendatory provision, who re-enters service as a municipal employee, unless such employee renders at least 3 years of additional service after the date of re-entry.

(d) In computing the amount of annuity which the husband specified in the foregoing paragraphs (a) and (b) of this Section would have been entitled to receive, or received, such amount shall be the annuity to which such husband would have been, or was entitled, before reduction in the amount of his annuity for the purposes of the voluntary optional reversionary annuity provided for in Section Sec: 8-139 of this Article, if such option was elected.

(e) (Blank).

(f) (Blank).

(g) The amendatory provisions of this amendatory Act of 1985 relating to annuity discount because of age for widows of employees born before January 1, 1936, shall apply only to qualifying widows of employees withdrawing or dying in service on or after July 18, 1985.

(h) Beginning on January 1, 1999, the minimum amount of widow's annuity shall be $800 per month for life for the following classes of widows, without regard to the fact that the death of the employee occurred prior to the effective date of this amendatory Act of 1998:

(1) any widow annuitant alive and receiving a life annuity on the effective date of this amendatory Act of 1998, except a reciprocal annuity;

(2) any widow annuitant alive and receiving a term annuity on the effective date of this amendatory Act of 1998, except a reciprocal annuity;

(3) any widow annuitant alive and receiving a reciprocal annuity on the effective date of this amendatory Act of 1998, whose employee spouse's service in this fund was at least 5 years;

(4) the widow of an employee with at least 10 years of service in this fund who dies after retirement, if the retirement occurred prior to the effective date of this amendatory Act of 1998;

(5) the widow of an employee with at least 10 years of service in this fund who dies after retirement, if withdrawal occurs on or after the effective date of this amendatory Act of 1998;

(6) the widow of an employee who dies in service with at least 5 years of service in this fund, if the death in service occurs on or after the effective date of this amendatory Act of 1998.

The increases granted under items (1), (2), (3) and (4) of this subsection (h) shall not be limited by any other Section of this Act.

(i) The widow of an employee who retired or died in service on or after January 1, 1985 and before July 1, 1990, at age 55 or older, and with at least 35 years of service credit, shall be entitled to have her widow's annuity increased, effective January 1, 1991, to an amount equal to 50% of the retirement annuity that the deceased employee received on the date of retirement, or would have been eligible to receive if he had retired on the day preceding the date of his death in service, provided that if the widow had not attained age 60 by the date of the employee's retirement or death in service, the amount of the annuity shall be reduced by 0.25% for each month that her then attained age was less than age 60 if the employee's retirement or death in service occurred on or after January 1, 1988, or by 0.5% for each month that her attained age is less than age 60 if the employee's retirement or death in service occurred prior to January 1, 1988. However, in cases where a refund of excess contributions for widow's annuity has been paid by the Fund, the increase in benefit provided by this subsection (i) shall be contingent upon repayment of the refund to the Fund with interest at the effective rate from the date of refund to the date of payment.

(j) If a deceased employee is receiving a retirement annuity at the time of death and that death occurs on or after June 27, 1997, the widow may elect to receive, in lieu of any other annuity provided under this Article, 50% of the deceased employee's retirement annuity at the time of death reduced by 0.25% for each month that the widow's age on the date of death is less than 55; except that if the employee dies on or after January 1, 1998 and withdrew from service on or after June 27, 1997 at age 50 or over with at least 30 years of service or at age 55 or over with at least 25 years of service, there shall be no reduction due

to the widow's age if she has attained age 50 on or before the employee's date of death, and if the widow has not attained age 50 on or before the employee's date of death the amount otherwise provided in this subsection (j) shall be reduced by 0.25% for each month that her age on the date of death is less than 50 years. However, in cases where a refund of excess contributions for widow's annuity has been paid by the Fund, the benefit provided by this subsection (j) is contingent upon repayment of the refund to the Fund with interest at the effective rate from the date of refund to the date of payment.

(k) For widows of employees who died before January 23, 1987 after retirement on annuity or in service, the maximum dollar amount limitation on widow's annuity shall cease to apply, beginning with the first annuity payment after the effective date of this amendatory Act of 1997; except that if a refund of excess contributions for widow's annuity has been paid by the Fund, the increase resulting from this subsection (k) shall not begin before the refund has been repaid to the Fund, together with interest at the effective rate from the date of the refund to the date of repayment.

(l) In lieu of any other annuity provided in this Article, an eligible spouse of an employee who dies in service at least 60 days after the effective date of this amendatory Act of the 92nd General Assembly with at least 10 years of service shall be entitled to an annuity of 50% of the minimum formula annuity earned and accrued to the credit of the employee at the date of death. For the purposes of this subsection, the minimum formula annuity earned and accrued to the credit of the employee is equal to 2.40% for each year of service of the highest average annual salary for any 4 consecutive years within the last 10 years of service immediately preceding the date of death, up to a maximum of 80% of the highest average annual salary. This annuity shall not be reduced due to the age of the employee or spouse. In addition to any other eligibility requirements under this Article, the spouse is eligible for this annuity only if the marriage was in effect for 10 full years or more.

Sec. 8-161. Ordinary disability benefit. An employee while under age 65 and prior to January 1, 1979, or while under age 70 and after January 1, 1979, who becomes disabled after the effective date as the result of any cause other than injury incurred in the performance of duty, shall be entitled to ordinary disability benefit during such disability, after the first 30 days thereof.

The first payment shall be made not later than one month after the benefit is granted and each subsequent payment shall be made not later than one month after the last preceding payment.

The disability benefit prescribed herein shall cease when the first of the following dates shall occur and the employee, if still disabled, shall thereafter be entitled to such annuity as is otherwise provided in this Article:

(a) the date disability ceases.
(b) the date the disabled employee attains age 65 for disability commencing prior to January 1, 1979.
(c) the date the disabled employee attains age 65 for disability commencing prior to attainment of age 60 in the service and after January 1, 1979.
(d) the date the disabled employee attains the age of 70 for disability commencing after attainment of age 60 in the service and after January 1, 1979.
(e) the date the payments of the benefit shall exceed in the aggregate, throughout the employee's service, a period equal to 1/4 of the total service rendered prior to the date of disability but in no event more than 5 years. In computing such total service any period during which the employee received ordinary disability benefit shall be excluded.

Any employee whose ordinary disability benefit was terminated after January 1, 1979 by reason of his attainment of age 65 and who continues disabled after age 65 may elect before July 1, 1986 to have such benefits resumed beginning at the time of such termination and continuing until termination is required under this Section as amended by this amendatory Act of 1985. The amount payable to any employee for such resumed benefit for any period shall be reduced by the amount of any retirement annuity paid to such employee under this Article for the same period of time or by any refund paid in lieu of annuity.

Ordinary disability benefit shall be 50% of the employee's salary at the date of disability.

For ordinary disability benefits paid before January 1, 2001, before any payment, an amount equal to less the sum ordinarily deducted from salary for all annuity purposes for such period for which the ordinary disability benefit is made shall be deducted from such payment and credited to the employee as a deduction from salary for that period. The sums so deducted shall be credited to the employee and shall be regarded, for annuity and refund purposes, as an amount contributed by him.

For ordinary disability benefits paid on or after January 1, 2001, the fund shall credit sums equal to the amounts ordinarily contributed by an employee for annuity purposes for any period during which the employee receives ordinary disability, and those sums shall be deemed for annuity purposes and purposes of Section 8-173 as amounts contributed by him.

the employee. These amounts credited for annuity purposes shall not be credited for refund purposes.

If a participating employee is eligible for a disability benefit under the federal Social Security Act, the amount of ordinary disability benefit under this Section attributable to employment with the Chicago Housing Authority or the Public Building Commission of the city shall be reduced, but not to less than $10 per month, by the amount that the employee would be eligible to receive as a disability benefit under the federal Social Security Act, whether or not that federal benefit is based on service as a covered employee under this Article. The reduction shall be effective as of the month the employee is eligible for the social security disability benefit. The Board may make this reduction pending determination of eligibility for the social security disability benefit, if it appears to the Board that the employee may be eligible, and make an appropriate adjustment if necessary after eligibility for the social security disability benefit is determined. If the employee's social security disability benefit is reduced or terminated because of a refusal to accept rehabilitation services under the federal Rehabilitation Act of 1973 or the federal Social Security Act or because the employee is receiving a workers' compensation benefit, the ordinary disability benefit under this Section shall be reduced as if the employee were receiving the full social security disability benefit.

The amount of ordinary disability benefit shall not be reduced by reason of any increase in the amount of social security disability benefit that takes effect after the month of the initial reduction under this Section, other than an increase resulting from a correction in the employee's wage records.

basic city plan, during times designated by the city, which periods of time shall occur at least annually. For the period dating from June 27, the effective date of this amendatory Act of 1997 through June 30, 2003, 2002, monthly premium rates may be increased for annuitants during the time of their participation in non-Medicare plans, except as provided in subparagraphs (1) through (4) of this subsection.

(1) For non-Medicare Plan annuitants who retired prior to January 1, 1988, the annuitant's share of monthly premium for non-Medicare Plan coverage only shall not exceed the highest premium rate chargeable under any city non-Medicare Plan annuitant coverage as of December 1, 1996.

(2) For non-Medicare Plan annuitants who retire on or after January 1, 1988, the annuitant's share of monthly premium for non-Medicare Plan coverage only shall be the rate in effect on December 1, 1996, with monthly premium increases to take effect no sooner than April 1, 1998 at the lower of (i) the premium rate determined pursuant to subsection (g) or (ii) 10% of the immediately previous month's rate for similar coverage.

(3) In no event shall any non-Medicare Plan annuitant's share of monthly premium for non-Medicare Plan coverage exceed 10% of the annuitant's monthly annuity.

(4) Non-Medicare Plan annuitants who are enrolled in the basic city plan as of July 1, 1998 may remain in the basic city plan, if they so choose, on the condition that they are not entitled to the caps on rates set forth in subparagraphs (1) through (3), and their premium rate shall be the rate determined in accordance with subsections (c) and (g).

(5) Medicare Plan annuitants who are currently enrolled in the basic city plan for Medicare eligible annuitants may remain in that plan, if they so choose, through June 30, 2003, 2002. Annuitants shall not be allowed to enroll in or transfer into the basic city plan for Medicare eligible annuitants on or after July 1, 1999. The city shall continue to offer annuitants a supplemental Medicare Plan for Medicare eligible annuitants through June 30, 2003, 2002, and the city may offer additional plans to Medicare eligible annuitants in its sole discretion. All Medicare Plan annuitant monthly rates shall be determined in accordance with subsections (c) and (g).

(c) The city shall pay 50% of the aggregated costs of the claims or premiums, whichever is applicable, as determined in accordance with subsection (g), of annuitants and their dependents under all health care plans offered by the city. The city may reduce its obligation by application of price reductions obtained as a result of financial arrangements with providers or plan administrators.

(d) From January 1, 1993 until June 30, 2003, 2002, the board shall pay to the city on behalf of each of the board's annuitants who chooses to participate in any of the city's plans the following amounts: up to a maximum of $75 per month for each such annuitant who is not qualified to receive medicare benefits, and up to a maximum of $45 per month for each such annuitant who is qualified to receive medicare benefits.

board is authorized to pay to the board of education on behalf of each person who chooses to participate in the board of education's plan the amounts specified in this subsection (d) during the years indicated. For the period January 1, 1988 through August 23, the effective date of this amendatory Act of 1989, the board shall pay to the board of education annuitants who participate in the board of education's health benefits plan for annuitants the following amounts: $10 per month to each annuitant who is not qualified to receive medicare benefits, and $14 per month to each annuitant who is qualified to receive medicare benefits.

The payments described in this subsection shall be paid from the tax levy authorized under Section 8-189; such amounts shall be credited to the reserve for group hospital care and group medical and surgical plan benefits, and all payments to the city required under this subsection shall be charged against it.

(e) The city's obligations under subsections (b) and (c) shall terminate on June 30, 2003, except with regard to covered expenses incurred but not paid as of that date. This subsection shall not affect other obligations that may be imposed by law.

(f) The group coverage plans described in this Section are not and shall not be construed to be pension or retirement benefits for purposes of Section 5 of Article XIII of the Illinois Constitution of 1970.

(g) For each annuitant plan offered by the city, the aggregate cost of claims, as reflected in the claim records of the plan administrator, shall be estimated by the city, based upon a written determination by a qualified independent actuary to be appointed and paid by the city and the board. If the estimated annual cost for each annuitant plan offered by the city is more than the estimated amount to be contributed by the city for that plan pursuant to subsections (b) and (c) during that year plus the estimated amounts to be paid pursuant to subsection (d) and by the other pension boards on behalf of other participating annuitants, the difference shall be paid by all annuitants participating in the plan, except as provided in subsection (b). The city, based upon the determination of the independent actuary, shall set the monthly amounts to be paid by the participating annuitants. The board may deduct the amounts to be paid by its annuitants from the participating annuitants' monthly annuities.

If it is determined from the city's annual audit, or from audited experience data, that the total amount paid by all participating annuitants was more or less than the difference between (1) the cost of providing the group health care plans, and (2) the sum of the amount to be paid by the city as determined under subsection (c) and the amounts paid by all the pension boards, then the independent actuary and the city shall account for the excess or shortfall in the next year's payments by annuitants, except as provided in subsection (b).

(h) An annuitant may elect to terminate coverage in a plan at the end of any month, which election shall terminate the annuitant's obligation to contribute toward payment of the excess described in subsection (g).

(i) The city shall advise the board of all proposed premium increases for health care at least 75 days prior to the effective date of the change, and any increase shall be prospective only.

1. An employee, without regard to length of service, who withdraws before age 55, and any employee with less than 10 years of service who withdraws before age 60, shall be entitled to a refund of the accumulated sums to his credit, as of the date of withdrawal, for age and service annuity and widow's annuity from amounts contributed by him, including interest credited and including amounts contributed for him for age and service and widow's annuity purposes by the city while receiving duty disability benefits; provided that such amounts contributed by the city after December 31, 1981, while the employee is receiving duty disability benefits, and amounts credited to the employee for annuity purposes by the fund after December 31, 2000, while the employee is receiving ordinary disability benefits, shall not be credited for refund purposes. If he is a present employee he shall also be entitled to a refund of the accumulations from any sums contributed by him, and applied to any municipal pension fund superseded by this fund.

2. Upon receipt of the refund, the employee surrenders and forfeits all rights to any annuity or other benefits, for himself and for any other persons who might have benefited through him; provided that he may have such period of service counted in computing the term of his service if he becomes an employee before age 65, excepting as limited by the provisions of paragraph (a) (3) of Section 8-232 of this Article relating to the basis of computing the term of service.

3. Any such employee shall retain such right to a refund of such amounts when he shall apply for same until he re-enters the service or until the amount of annuity shall have been fixed as provided in this Article. Thereafter, no such right shall exist in the case of any such employee.

4. Any such municipal employee who shall have served 10 or more years and who shall not withdraw the amounts aforesaid to which he shall have a right of refund shall have a right to annuity as stated in this Article.

5. Any such municipal employee who shall have served less than 10 years and who shall not withdraw the amounts to which he shall have a right to refund shall have a right to have all such amounts and all other amounts to his credit for annuity purposes on date of his withdrawal from service retained to his credit and improved by interest while he shall be out of the service at the rate of 3 1/2% or 3% per annum (whichever rate shall apply under the provisions of Section 8-155 of this Article) and used for annuity purposes for his benefit and the benefit of any person who may have any right to annuity through him because of his service, according to the provisions of this Article in the event that he shall subsequently re-enter the service and complete the number of years of service necessary to attain a right to annuity; but such sum shall be improved by interest to his credit while he shall be out of the service only until he shall have become 65 years of age.

contributed by him.

The widow of any employee, eligible for annuity upon the death of her husband, whose widow's annuity would amount to less than $800 a month for life, may, in lieu of widow's annuity, elect to receive a refund of the accumulated contributions for annuity purposes, based on the amounts contributed by her deceased employee husband, but reduced by any amounts theretofore paid to him in the form of an annuity or refund out of such accumulated contributions.

Accumulated contributions shall mean the amounts - including the interest credited thereon - contributed by the employee for age and service and widow's annuity to the date of his withdrawal or death, whichever first occurs, including any amounts contributed for him as salary deductions while receiving duty disability benefits, and, if not otherwise included, any accumulations from sums contributed by him and applied to any pension fund superseded by this fund; provided that such amounts contributed by the city after December 31, 1981 while the employee is receiving duty disability benefits and amounts credited to the employee for annuity purposes by the fund after December 31, 2000 while the employee is receiving ordinary disability shall not be included.

The acceptance of such refund in lieu of widow's annuity, on the part of a widow, shall not deprive a child or children of the right to receive a child's annuity as provided for in Sections 8-158 and 8-159 of this Article, and neither shall the payment of a child's annuity in the case of such refund to a widow reduce the amount herein set forth as refundable to such widow electing a refund in lieu of widow's annuity.

(a) An employee or former employee of the Public Building Commission of the city who has established credit under the Fund with regard to service to an employer other than the Public Building Commission of the city may contribute to the Fund and receive credit for all periods of full-time employment with the Public Building Commission created by the employing city occurring prior to 60 days after the effective date of this amendatory Act, except for those periods for which the employee retains a right to credit in another public pension fund or retirement system established under this Code. Such service credit shall be paid for and granted on the same basis and under the same conditions as are applicable in the case of employees who make payment for past service under Section 8-230, provided that the person must also pay the corresponding employer contributions, and further provided that the contributions and service credit are permitted under Section 415 of the Internal Revenue Code of 1986. The contributions shall be based on the salary actually received by the person from the Commission for that employment.

(b) A person establishing service credit under subsection (a) or electing to participate in the Fund under subsection (d) may, at the same time, reinstate service credit that was terminated through receipt of a refund by repaying to the Fund the amount of the refund plus interest at the effective rate from the date of the refund to the date of repayment.

An employee who participates in this Fund with respect to Public Building Commission employment shall not, with respect to the same period of employment, participate in any other pension plan for employees of the Commission for which contributions are made by the Commission, except that this provision shall not prevent an employee from making elective contributions to a plan of deferred compensation during that period. An election under this subsection (d), once made, is irrevocable. Participation under this subsection shall be on the same basis and under the same conditions as are applicable in the case of participating employees of the city. Employee contributions shall be based on the salary actually received by the employee for that employment. Employer contributions shall be paid by the Public Building Commission rather than the city, at a rate to be determined by the Retirement Board.

(40 ILCS 5/8-243.2) (from Ch. 108 1/2, par. 8-243.2)
Sec. 8-243.2. Alternative annuity for city officers.
(a) For the purposes of this Section and Sections 8-243.1 and 8-243.3, "city officer" means the city clerk, the city treasurer, or an alderman of the city elected by vote of the people, while serving in that capacity or as provided in subsection (f), who has elected to participate in the Fund.
(b) Any elected city officer, while serving in that capacity or as provided in subsection (f), may elect to establish alternative credits for an alternative annuity by electing in writing to make additional optional contributions in accordance with this Section and the procedures established by the board. Such elected city officer may discontinue making the additional optional contributions by notifying the Fund in writing in accordance with this Section and procedures established by the board.

Additional optional contributions for the alternative annuity shall be as follows:

(1) For service after the option is elected, an additional contribution of 3% of salary shall be contributed to the Fund on the same basis and under the same conditions as contributions required under Sections 8-174 and 8-182.

(2) For service before the option is elected, an additional contribution of 3% of the salary for the applicable period of service, plus interest at the effective rate from the date of service to the date of payment. All payments for past service must be paid in full before credit is given. No additional optional contributions may be made for any period of service for which credit has been previously forfeited by acceptance of a refund, unless the refund is repaid in full with interest at the effective rate from the date of refund to the date of repayment.

(c) In lieu of the retirement annuity otherwise payable under this Article, any city officer elected by vote of the people who (1) has elected to participate in the Fund and make additional optional contributions in accordance with this Section, and (2) has attained age 55 with at least 10 years of service credit, or has attained age 60 with at least 8 years of service credit, may elect to have his retirement annuity computed as follows: 3% of the participant's salary at the time of termination of service for each of the first 8 years of service credit, plus 4% of such salary for each of the next 4 years of service credit, plus 5% of such salary for each year of service credit in excess of 12 years, subject to a maximum of 80% of such salary. To the extent such elected city officer has made additional optional contributions with respect to only a portion of his years of service credit, his retirement annuity will first be determined in accordance with this Section to the extent such additional optional...
contributions were made, and then in accordance with the remaining Sections of this Article to the extent of years of service credit with respect to which additional optional contributions were not made.

(d) In lieu of the disability benefits otherwise payable under this Article, any city officer elected by vote of the people who (1) has elected to participate in the Fund, and (2) has become permanently disabled and as a consequence is unable to perform the duties of his office, and (3) was making optional contributions in accordance with this Section at the time the disability was incurred, may elect to receive a disability annuity calculated in accordance with the formula in subsection (c). For the purposes of this subsection, such elected city officer shall be considered permanently disabled only if: (i) disability occurs while in service as an elected city officer and is of such a nature as to prevent him from reasonably performing the duties of his office at the time; and (ii) the board has received a written certification by at least 2 licensed physicians appointed by it stating that such officer is disabled and that the disability is likely to be permanent.

(e) Refunds of additional optional contributions shall be made on the same basis and under the same conditions as provided under Sections 8-168, 8-170 and 8-171. Interest shall be credited at the effective rate on the same basis and under the same conditions as for other contributions. Optional contributions shall be accounted for in a separate Elected City Officer Optional Contribution Reserve. Optional contributions under this Section shall be included in the amount of employee contributions used to compute the tax levy under Section 8-173.

(f) The effective date of this plan of optional alternative benefits and contributions shall be July 1, 1990, or the date upon which approval is received from the U.S. Internal Revenue Service, whichever is later.

The plan of optional alternative benefits and contributions shall not be available to any former city officer or employee receiving an annuity from the Fund on the effective date of the plan, unless he re-enters service as an elected city officer and renders at least 3 years of additional service after the date of re-entry. However, a person who holds office as a city officer on June 1, 1995 or April 30, 1991 may elect to participate in the plan, to transfer credits into the Fund from other Articles of this Code, and to make the contributions required for prior service, until 30 days after the effective date of the amendatory Act of the 92nd General Assembly the plan takes effect, notwithstanding the ending of his term of office prior to that effective date; in the event that the person is already receiving an annuity from this Fund or any other Article of this Code at the time of making this election, the annuity shall be recalculated to include any increase resulting from participation in the plan, with such increase taking effect on the effective date of the election plan.

Sec. 9-121.16. Contractual service to the Retirement Board. A person who has rendered continuous contractual services (other than legal or actuarial services) to the Retirement Board for a period of at least 5 years may establish creditable service in the Fund for up to 10 years of those services by making written application to the Board before July 1, 2003 and paying to the Fund an amount to be determined by the Board, equal to the employee contributions that would have been required if those services had been performed as an employee.

For the purposes of calculating the required payment, the Board may determine the applicable salary equivalent based on the compensation received by the person for performing those contractual services. The salary equivalent calculated under this Section shall not be used for determining final average salary under Section 9-134 or any other provisions of this Code.

Sec. 9-134. Minimum annuity - Additional provisions.

(a) An employee who withdraws after July 1, 1957 at age 60 or more with 20 or more years of service, for whom the amount of age and service and prior service annuity combined is less than the amount stated in this Section from the date of withdrawal, instead of all annuities otherwise provided in this Article, is entitled to receive an annuity for life of an amount equal to $2/3% for each year of service, of his highest average annual salary for any 5 consecutive years within the last 10 years of service immediately preceding the date of withdrawal; provided that in the case of any employee who withdraws on or after July 1, 1971, such employee age 60 or over with 20 or more years of service, or who withdraws on or after January 1, 1982 and on or after attainment of age 65 with 10 or more years of service, shall instead receive an annuity for life equal to 1.67% for each of the first 10 years of service; 1.90% for each of the next 10 years of service; 2.10% for each year of service in excess of 20 but not exceeding 30; and 2.30% for each year of service in excess of 30, based on the highest average annual salary for any 4 consecutive years within the last 10 years of service immediately preceding the date of withdrawal.

An employee who withdraws on or after July 1, 1996 but before August 1, 1996, at age 55 or over with 8 or more years of service, may elect, in lieu of any other employee annuity provided in this Section, to receive an annuity for life equal to 2.20% for each of the first 20 years of service, and 2.40% for each year of service in excess of 20, based on the highest average annual salary for any 4 consecutive years within the last 10 years of service immediately preceding the date of withdrawal, but the annuity shall be reduced by 0.25% for each full month or fractional part thereof that the annuitant’s attained age when the annuity is to begin is less than age 60, unless the annuitant has at least 30 years of service.

The maximum annuity under this paragraph (a) shall not exceed 70% of highest average annual salary for any 5 consecutive years within the last 10 years of service in the case of an employee who withdraws prior to July 1, 1971, and 75% of the highest average annual salary for any 4 consecutive years within the last 10 years of service immediately preceding the date of withdrawal if withdrawal takes place on or after July 1, 1971 and prior to January 1, 1988, and 80% of the highest average annual salary for any 4 consecutive years within the last 10 years of service immediately preceding the date of withdrawal if withdrawal takes place on or after January 1, 1988. paragraph (a) to receive an annuity for life equal to 2.00% for each year of service, based on the highest average annual salary for any 4 consecutive years within the last 10 years of service immediately preceding the date of withdrawal. An employee who withdraws on or after July 1, 1985, but prior to January 1, 1988, with 10 or more years of service, but before age 60, is entitled to elect such annuity, to begin not earlier than age 55, but the annuity shall be reduced 0.5% for each full month or fractional part thereof that his attained age when the annuity is to begin is less than 60, to the end that the total reduction at age 55 shall be 30%; except that an employee retiring at age 55 or over but less than age 60, having at least 30 years of service, shall not be subject to the reduction in retirement annuity because of retirement below age 60.

An employee who withdraws on or after January 1, 1988, at age 60 or over with 10 or more years of service, may elect, in lieu of the benefit in paragraph (a), to receive an annuity for life equal to 2.20% for each of the first 20 years of service, and 2.4% for each year of service in excess of 20, based on the highest average annual salary for any 4 consecutive years within the last 10 years of service immediately preceding the date of withdrawal. An employee who withdraws on or after January 1, 1988, with 10 or more years of service, but before age 60, is entitled to elect such annuity, to begin not earlier than age 50, but the annuity shall be reduced 0.5% for each full month or fractional part thereof that his attained age when the annuity is to begin is less than 60, to the end that the total reduction at age 50 shall be 60%, except that an employee retiring at age 50 or over but less than age 60, having at least 30 years of service, shall not be subject to the reduction in retirement annuity because of retirement below age 60.

An employee who withdraws on or after June 30, 2002 with 10 or more years of service may elect, in lieu of any other retirement annuity provided under this Article, to receive an annuity for life, beginning no earlier than upon attainment of age 50, equal to 2.40% of his or her highest average annual salary for any 4 consecutive years within the last 10 years of service immediately preceding withdrawal, for each year of service. If the employee has less than 30 years of service, the annuity shall be reduced by 0.5% for each full month or remaining fraction thereof that the employee's attained age when the annuity is to begin is less than 60.

The maximum annuity under this paragraph (b) shall not exceed 75% of the highest average annual salary for any 4 consecutive years within the last 10 years of service immediately preceding the date of withdrawal if withdrawal occurs prior to January 1, 1988, or 80% of the highest average annual salary for any 4 consecutive years within the last 10 years of service immediately preceding the date of withdrawal if withdrawal takes place on or after January 1, 1988.

The provisions of this paragraph (b) do not apply to any former County employee receiving an annuity from the fund, who re-enters service as a County employee, unless he renders at least 3 years of additional service after the date of re-entry.

(c) For an employee receiving disability benefit, the salary for annuity purposes under paragraph (a) or (b) of this Section shall, for all periods of disability benefit subsequent to the year 1956, be the amount on which his disability benefit was based.

New matter indicated by italics - deletions by strikeout.
(d) A county employee with 20 or more years of service, whose entire disability benefit credit period expires before attainment of age 50 (age 55 if expiration occurs before January 1, 1988), while still disabled for service is entitled upon withdrawal to the larger of:

1) The minimum annuity provided above, assuming that he is then age 50 (age 55 if expiration occurs before January 1, 1988), and reducing such annuity to its actuarial equivalent at his attained age on such date, or

2) the annuity provided from his age and service and prior service annuity credits.

(e) The minimum annuity provisions above do not apply to any former county employee receiving an annuity from the fund, who re-enters service as a county employee, unless he renders at least 3 years of additional service after the date of re-entry.

(f) Any employee in service on July 1, 1947, or who enters service thereafter before attaining age 65 and withdraws after age 65 with less than 10 years of service for whom the annuity has been fixed under the foregoing Sections of this Article, shall, instead of the annuity so fixed, receive an annuity as follows:

Such amount as he could have received had the accumulated amounts for annuity been improved with interest at the effective rate to the date of withdrawal, or to attainment of age 70, whichever is earlier, and had the county contributed to such earlier date for age and service annuity the amount that it would have contributed had he been under age 65, after the date his annuity was fixed in accordance with this Article, and assuming his annuity were computed from such accumulations as of his age on such earlier date. However those employees who before July 1, 1953, made additional contributions in accordance with this Article, the annuity so computed under this paragraph shall not exceed the annuity which would be payable under the other provisions of this Section if the employee concerned was credited with 20 years of service and would qualify for annuity thereunder.

(g) Instead of the annuity provided in this or any other Section of this Article, an employee having attained age 65 with at least 15 years of service may elect to receive a minimum annual annuity for life equal to 1% of the highest average annual salary for any 4 consecutive years within the last 10 years of service immediately preceding retirement for each year of service, plus the sum of $25 for each year of service provided that no such minimum annual annuity may be greater than 60% of such highest average annual salary.

(h) The annuity is payable in equal monthly installments.

(i) If, by operation of law, a function of a governmental unit, as defined by Section 20-107 of this Code, is transferred in whole or in part to the county in which this Article 9 is created as set forth in Section 9-101, and employees of the governmental unit are transferred as a class to such county, the earnings credits in the retirement system covering the governmental unit which have been validated under Section 20-109 of this Code shall be considered in determining the highest average annual salary for purposes of this Section 9-134.

(j) The annuity being paid to an employee annuitant on July 1, 1988, shall be increased on that date by 1% for each full year that has elapsed from the date the annuity began.
(k) Notwithstanding anything to the contrary in this Article 9, Section 20-131 shall not apply to an employee who withdraws on or after January 1, 1988, but prior to attaining age 55. Therefore, no employee shall be entitled to elect to have the alternative formula previously set forth in Section 20-122 prior to the amendatory Act of 1975 apply to any annuity, the payment of which commenced after January 1, 1988, but prior to such employee's attainment of age 55.

New matter indicated by italics - deletions by strikeout.
(a) The widow of any employee who dies while in the service on or after the date on which he attains the age of 60 or more years with at least 20 years of service, or 10 or more years of service if death occurs on or after attainment of age 65 and on or after January 1, 1982, shall be entitled to an annuity equal to one-half of the amount of annuity which her deceased husband would have been entitled to receive had he withdrawn from the service on the day immediately preceding the date of his death, conditional upon such widow having attained the age of 60 or more years on such date. Such amount of widow's annuity shall not, however, exceed the sum of $500 a month if death in service occurs before July 1, 1985.

If such widow of such described employee shall not be 60 or more years of age on such date of death, the amount provided in the immediately preceding paragraph for a widow 60 or more years of age, shall, in the case of such younger widow, be reduced by 1/2 of 1 per cent for each month that her then attained age is less than 60 years; except that such younger widow of an employee who dies while in service on or after July 1, 1985 with at least 30 years of service, shall not be subject to the reduction in widow's annuity because of her age less than 60 on the date of the employee's death.

(b) The widow, of any employee who dies subsequent to the date of his retirement on annuity, and who so retired on or after the date on which he attained the age of 60 or more years with at least 20 years of service, or 10 or more years of service if retirement occurs on or after attainment of age 65 and on or after January 1, 1982, shall be entitled to an annuity equal to one-half of the amount of annuity which her deceased husband received as of the date of his retirement on annuity, conditional upon such widow having attained the age of 60 or more years on the date of her husband's retirement on annuity. Such amount of widow's annuity shall not, however, exceed the sum of $500 a month if the death occurs before the effective date of this amendatory Act of 1991.

If such widow of such described employee shall not have attained such age of 60 or more years on such date of her husband's retirement on annuity, the amount provided in the immediately preceding paragraph for a widow 60 or more years of age on the date of her husband's retirement on annuity, shall, in the case of such then younger widow, be reduced by 1/2 of 1 per cent for each month that her then attained age was less than 60 years; except that such younger widow of an employee retiring on or after July 1, 1985 with at least 30 years of service, shall not be subject to the reduction in widow's annuity because of her age less than 60 on the date of the employee's retirement.

(c) The foregoing provisions relating to minimum annuities for widows shall not apply to the widow of any former county employee receiving an annuity from the Fund on June 11, 1965, who re-enters service as a county employee, unless such employee renders at least 3 years of additional service after the date of re-entry.

who retires on or after January 1, 1984 but prior to July 1, 1985 with at least 30 years of service, shall be entitled to an annuity equal to one-half of the amount of annuity which her deceased husband would have received had he retired immediately prior to his death or one-half the amount of the originally granted retirement annuity, whichever is applicable. Such widow's annuity will be reduced 0.5% for each month that the widow's attained age is less than age 60 on the date of the employee's death in service or retirement if the employee's death in service or retirement is before January 1, 1988; except that such younger widow of an employee with at least 30 years of service shall not be subject to the reduction in widow's annuity because of her age less than 60 on the date of the employee's death in service or retirement.

The widow of an employee who dies in service on or after January 1, 1988, or retires on or after January 1, 1988 with at least 10 years of service, shall be entitled to an annuity equal to 1/2 of the amount of annuity which her deceased husband would have received had he retired immediately prior to his death or 1/2 of the amount of the annuity which her deceased husband received as of the date of his death, whichever is applicable. Such widow's annuity shall be reduced 0.5% for each month that the widow's attained age is less than age 60 on the date of the employee's death if employee's death in service or retirement is after January 1, 1988; except that such younger widow of an employee with at least 30 years of service shall not be subject to the reduction in widow's annuity because of her age on the date of the employee's death.

In lieu of any other annuity provided by this Article, the widow of an employee who dies in service on or after January 1, 1992, or retires on or after January 1, 1992 with at least 10 years of service, shall be entitled to an annuity equal to 1/2 of the amount of annuity which her deceased husband would have received had he retired immediately prior to his death or 1/2 of the amount of the annuity which her deceased husband received as of the date of his death, whichever is applicable. Such widow's annuity shall be reduced 0.5% for each month that the widow's attained age is less than age 55 on the date of the employee's death; except that such younger widow of an employee with at least 30 years of service shall not be subject to the reduction in widow's annuity because of her age on the date of the employee's death.

In lieu of any other annuity provided by this Article, the widow of an employee who dies in service on or after January 1, 1992 but before January 1, 1993 at age 55 or over with at least 5 but less than 10 years of service, shall be entitled to an annuity equal to half of the amount of annuity which her deceased husband would have received had he retired immediately prior to his death or half of the amount of the annuity which her deceased husband received as of the date of his death, whichever is applicable. This widow's annuity shall be reduced 0.5% for each month that the widow's attained age is less than 60 on the date of the employee's death.

However, in the case of an employee dying in service, the amount of widow's annuity shall not be less than 10% of the highest average annual salary for any 4 consecutive years within the last 10 years of service immediately preceding the date of withdrawal. The maximum amount of annuity under this paragraph shall not be limited to a dollar maximum.

New matter indicated by italics - deletions by strikeout.
The provisions of this paragraph shall not apply to the widow of any former County employee receiving an annuity from the fund who re-enters service as a County employee, unless such employee renders at least 3 years of additional service after the date of re-entry.

(f) An annuity being paid to a surviving spouse on July 1, 1988, shall be increased on that date by 1% for each full year that has elapsed from the date the annuity began.

(g) In lieu of any other annuity provided under this Article, if the deceased employee was receiving a retirement annuity at the time of his death and that death occurs on or after January 1, 1993, the widow's annuity shall be 50% of the deceased employee's retirement annuity at the time of death, reduced by 0.5% for each month that the widow's age on the date of death is less than 55, except that the reduction does not apply if the deceased employee had at least 30 years of service.

(h) In lieu of any other annuity provided under this Article, the widow of an employee who dies in service on or after July 1, 2002 or has at least 10 years of service and dies on or after July 1, 2002 while receiving an annuity shall be entitled to a widow's annuity equal to 65% of the amount of annuity which her deceased husband would have received had he retired immediately prior to his death or 65% of the amount of the annuity which her deceased husband received as of the date of his death, whichever is applicable. This widow's annuity shall be reduced by 0.5% for each month that the widow's age on the date of the employee's death is less than 55, unless the deceased husband had at least 30 years of service.

(c) Additional optional benefits shall accrue for all periods of eligible service for which additional contributions are paid in full. The additional benefit shall consist of an additional 1% for each year of service for which optional contributions have been paid, based on the highest average annual salary for any 4 consecutive years within the last 10 years of service immediately preceding the date of withdrawal, to be added to the employee retirement annuity benefits as otherwise computed under this Article. The calculation of these additional benefits shall be subject to the same terms and conditions as are used in the calculation of retirement annuity under Section 9-134. The additional benefit shall be included in the calculation of the automatic annual increase in annuity, and in the calculation of widow's annuity, where applicable. However no additional benefits will be granted which produce a total annuity greater than the applicable maximum established for that type of annuity in this Article, and additional benefits shall not apply to any benefit computed under Section 9-128.1.

(f) An employee may receive service credit for annuity purposes for accumulated sick leave as of the date of the employee's withdrawal from service, not
to exceed a total of 180 days, provided that the amount of such accumulated sick leave is certified by the County Comptroller to the Board and the employee pays an amount equal to 8.5% (9% for members of the County Police Department who are eligible to receive an annuity under Section 9-128.1) of the amount that would have been paid had such accumulated sick leave been paid at the employee's final rate of salary. The service credit granted for such accumulated sick leave shall not change the employee's date of withdrawal for the purpose of computing the effective date of the annuity.

(3) In computing the term of service of an employee on or after the effective date for ordinary disability benefit purposes, the following periods of time shall be counted as periods of service:

(5) An employee described in subsection (e) of Section 9-108 shall receive credit for child's annuity and ordinary disability benefit for the period of time for which he was credited with service in the fund from which he was involuntarily separated through class or group transfer; provided, that no such credit shall be allowed to the extent that it results in a duplication of credits or benefits, and neither shall such credit be allowed to the extent that it was or may be forfeited by the application for and acceptance of a refund from the fund from which the employee was transferred.

(6) Overtime or extra service shall not be included in computing service. Not more than 1 year of service shall be allowed for service rendered during any calendar year.

Sec. 11-134. Minimum annuities.

(a) An employee whose withdrawal occurs after July 1, 1957 at age 60 or over, with 20 or more years of service, (as service is defined or computed in Section 11-216), for whom the age and service and prior service annuity combined is less than the amount stated in this Section, shall, from and after the date of withdrawal, in lieu of all annuities otherwise provided in this Article, be entitled to receive an annuity for life of an amount equal to 1 2/3% for each year of service, of the highest average annual salary for any 5 consecutive years within the last 10 years of service immediately preceding the date of withdrawal; provided, that in the case of any employee who withdraws on or after July 1, 1971, such employee age 60 or over with 20 or more years of service, shall be entitled to instead receive an annuity for life equal to 1.67% for each of the first 10 years of service; 1.90% for each of the next 10 years of service; 2.10% for each year of service in excess of 20 but not exceeding 30; and 2.30% for each year of service in excess of 30, based on the highest average annual salary for any 4 consecutive years within the last 10 years of service immediately preceding the date of withdrawal.

An employee who withdraws after July 1, 1957 and before January 1, 1988, with 20 or more years of service, before age 60, shall be entitled to an annuity, to begin not earlier than age 55, if under such age at withdrawal, as computed in the last preceding paragraph, reduced 0.25% if the employee was born before January 1, 1936, or 0.5% if the employee was born on or after January 1, 1936, for each full month or fractional part thereof that his attained age when annuity is to begin is less than 60.

Any employee born before January 1, 1936 who withdraws with 20 or more years of service, and any employee with 20 or more years of service who withdraws on or after January 1, 1988, may elect to receive, in lieu of any other employee annuity provided in this Section, an annuity for life equal to 1.80% for each of the first 10 years of service, 2.00% for each of the next 10 years of service, 2.20% for each year of service in excess of 20, but not exceeding 30, and 2.40% for each year of service in excess of 30, of the highest average annual salary for any 4 consecutive years within the last 10 years of service immediately preceding the date of withdrawal, to begin not earlier than upon attained age of 55 years, if under such age at withdrawal, reduced 0.25% for each full month or fractional part thereof that his attained age when annuity is to begin is less than 60; except that an employee retiring on or after January 1, 1988, at age 55 or over but less than age 60, having at least 35 years

of service, or an employee retiring on or after July 1, 1990, at age 55 or over but less than age 60, having at least 30 years of service, or an employee retiring on or after the effective date of this amendatory Act of 1997, at age 55 or over but less than age 60, having at least 25 years of service, shall not be subject to the reduction in retirement annuity because of retirement below age 60.

However, in the case of an employee who retired on or after January 1, 1985 but before January 1, 1988, at age 55 or older and with at least 35 years of service, and who was subject under this subsection (a) to the reduction in retirement annuity because of retirement below age 60, that reduction shall cease to be effective January 1, 1991, and the retirement annuity shall be recalculated accordingly. Any employee who withdraws on or after July 1, 1990, with 20 or more years of service, may elect to receive, in lieu of any other employee annuity provided in this Section, an annuity for life equal to 2.20% for each year of service if withdrawal is before 60 days after the effective date of this amendatory Act of the 92nd General Assembly, or 2.40% for each year of service if withdrawal is 60 days after the effective date of this amendatory Act of the 92nd General Assembly or later, of the highest average annual salary for any 4 consecutive years within the last 10 years of service immediately preceding the date of withdrawal, to begin not earlier than upon attained age of 55 years, if under such age at withdrawal, reduced 0.25% for each full month or fractional part thereof that his attained age when annuity is to begin is less than 60; except that an employee retiring at age 55 or over but less than age 60, having at least 30 years of service, shall not be subject to the reduction in retirement annuity because of retirement below age 60.

Any employee who withdraws on or after the effective date of this amendatory Act of 1997 with 20 or more years of service may elect to receive, in lieu of any other employee annuity provided in this Section, an annuity for life equal to 2.20%, for each year of service if withdrawal is before 60 days after the effective date of this amendatory Act of the 92nd General Assembly, or 2.40% for each year of service if withdrawal is 60 days after the effective date of this amendatory Act of the 92nd General Assembly or later, of the highest average annual salary for any 4 consecutive years within the last 10 years of service immediately preceding the date of withdrawal, to begin not earlier than upon attainment of age 55 (age 50 if the employee has at least 30 years of service), reduced 0.25% for each full month or remaining fractional part thereof that the employee's attained age when annuity is to begin is less than 60; except that an employee retiring at age 50 or over with at least 30 years of service or at age 55 or over with at least 25 years of service shall not be subject to the reduction in retirement annuity because of retirement below age 60.

The maximum annuity payable under this paragraph (a) of this Section shall not exceed 70% of highest average annual salary in the case of an employee who withdraws prior to July 1, 1971, 75% if withdrawal takes place on or after July 1, 1971, and prior to 60 days after the effective date of this amendatory Act of the 92nd General Assembly, or 80% if withdrawal is 60 days after the effective date of this amendatory Act of the 92nd General Assembly or later. For the purpose of the minimum annuity provided in said paragraphs $1,500 shall be considered the minimum annual salary for any year; and the maximum

annual salary to be considered for the computation of such annuity shall be $4,800 for any year prior to 1953, $6,000 for the years 1953 to 1956, inclusive, and the actual annual salary, as salary is defined in this Article, for any year thereafter.

(b) For an employee receiving disability benefit, his salary for annuity purposes under this Section shall, for all periods of disability benefit subsequent to the year 1956, be the amount on which his disability benefit was based.

(c) An employee with 20 or more years of service, whose entire disability benefit credit period expires prior to attainment of age 55 while still disabled for service, shall be entitled upon withdrawal to the larger of (1) the minimum annuity provided above assuming that he is then age 55, and reducing such annuity to its actuarial equivalent at his attained age on such date, or (2) the annuity provided from his age and service and prior service annuity credits.

(d) The minimum annuity provisions as aforesaid shall not apply to any former employee receiving an annuity from the fund, and who re-enters service as an employee, unless he renders at least 3 years of additional service after the date of re-entry.

(e) An employee in service on July 1, 1947, or who became a contributor after July 1, 1947 and prior to July 1, 1950, or who shall become a contributor to the fund after July 1, 1950 prior to attainment of age 70, who withdraws after age 65 with less than 20 years of service, for whom the annuity has been fixed under the foregoing Sections of this Article shall, in lieu of the annuity so fixed, receive an annuity as follows:

Such amount as he could have received had the accumulated amounts for annuity been improved with interest at the effective rate to the date of his withdrawal, or to attainment of age 70, whichever is earlier, and had the city contributed to such earlier date for age and service annuity the amount that would have been contributed had he been under age 65, after the date his annuity was fixed in accordance with this Article, and assuming his annuity were computed from such accumulations as of his age on such earlier date. The annuity so computed shall not exceed the annuity which would be payable under the other provisions of this Section if the employee was credited with 20 years of service and would qualify for annuity thereunder.

(f) In lieu of the annuity provided in this or in any other Section of this Article, an employee having attained age 65 with at least 15 years of service who withdraws from service on or after July 1, 1971 and whose annuity computed under other provisions of this Article is less than the amount provided under this paragraph shall be entitled to receive a minimum annual annuity for life equal to 1% of the highest average annual salary for any 4 consecutive years within the last 10 years of service immediately preceding retirement for each year of his service plus the sum of $25 for each year of service. Such annual annuity shall not exceed the maximum percentages stated under paragraph (a) of this Section of such highest average annual salary.

(f-1) Instead of any other retirement annuity provided in this Article, an employee who has at least 10 years of service and withdraws from service on or after January 1, 1999 may elect to receive a retirement annuity for life, beginning no earlier than upon attainment of age 60, equal to 2.2% if withdrawal is before 60 days after the effective date of this
amendatory Act of the 92nd General Assembly or 2.4% for each year of service if withdrawal is 60 days after the effective date of this amendatory Act of the 92nd General Assembly or later, of final average salary for each year of service, subject to a maximum of 75% of final average salary if withdrawal is before 60 days after the effective date of this amendatory Act of the 92nd General Assembly, or 80% if withdrawal is 60 days after the effective date of this amendatory Act of the 92nd General Assembly or later. For the purpose of calculating this annuity, "final average salary" means the highest average annual salary for any 4 consecutive years in the last 10 years of service.

(g) Any annuity payable under the preceding subsections of this Section 11-134 shall be paid in equal monthly installments.

(h) The amendatory provisions of part (a) and (f) of this Section shall be effective July 1, 1971 and apply in the case of every qualifying employee withdrawing on or after July 1, 1971.

(i) The amendatory provisions of this amendatory Act of 1985 relating to the discount of annuity because of retirement prior to attainment of age 60 and increasing the retirement formula for those born before January 1, 1936, shall apply only to qualifying employees withdrawing on or after August 16, 1985.

(j) Beginning on January 1, 1999, the minimum amount of employee's annuity shall be $850 per month for life for the following classes of employees, without regard to the fact that withdrawal occurred prior to the effective date of this amendatory Act of 1998:

(1) any employee annuitant alive and receiving a life annuity on the effective date of this amendatory Act of 1998, except a reciprocal annuity;

(2) any employee annuitant alive and receiving a term annuity on the effective date of this amendatory Act of 1998, except a reciprocal annuity;

(3) any employee annuitant alive and receiving a reciprocal annuity on the effective date of this amendatory Act of 1998, whose service in this fund is at least 5 years;

(4) any employee annuitant withdrawing after age 60 on or after the effective date of this amendatory Act of 1998, with at least 10 years of service in this fund.

The increases granted under items (1), (2) and (3) of this subsection (j) shall not be limited by any other Section of this Act.

Sec. 11-134.1. Automatic increase in annuity.

(a) An employee who retired or retires from service after December 31, 1963, and before January 1, 1987, having attained age 60 or more, shall, in the month of January of the year following the year in which the first anniversary of retirement occurs, have the amount of his then fixed and payable monthly annuity increased by 1 1/2%, and such first fixed annuity as granted at retirement increased by a further 1 1/2% in January of each year thereafter. Beginning with January of the year 1972, such increases shall be at the rate of 2% in lieu of the aforesaid specified 1 1/2%. Beginning January, 1984, such increases shall be at the rate of 3%. Beginning in January of 1999, such increases shall be at the rate of 3% of
the currently payable monthly annuity, including any increases previously granted under this Article. An employee who retires on annuity after December 31, 1963 and before January 1, 1987, but prior to age 60, shall receive such increases beginning with January of the year immediately following the year in which he attains the age of 60 years.

An employee who retires from service on or after January 1, 1987 shall, upon the first annuity payment date following the first anniversary of the date of retirement, or upon the first annuity payment date following attainment of age 60, whichever occurs later, have his then fixed and payable monthly annuity increased by 3%, and such annuity shall be increased by an additional 3% of the original fixed annuity on the same date each year thereafter. Beginning in January of 1999, such increases shall be at the rate of 3% of the currently payable monthly annuity, including any increases previously granted under this Article.

(a-5) Notwithstanding the provisions of subsection (a), upon the first annuity payment date following (1) the third anniversary of retirement, (2) the attainment of age 53, or (3) the date 60 days after the effective date of this amendatory Act of the 92nd General Assembly, whichever occurs latest, the monthly pension of an employee who retires on annuity prior to the attainment of age 60 who has not received an increase under subsection (a) shall be increased by 3%, and such annuity shall be increased by an additional 3% of the current payable monthly annuity, including such increases previously granted under this Article, on the same date each year thereafter. The increases provided under this subsection are in lieu of the increases provided in subsection (a).

(b) The foregoing provision is not applicable to an employee retiring and receiving a term annuity, as defined in this Article, nor to any otherwise qualified employee who retires before he shall have made employee contributions (at the 1/2 of 1% rate as hereinafter provided) for the purposes of this additional annuity for not less than the equivalent of one full year. Such employee, however, shall make arrangement to pay to the fund a balance of such 1/2 of 1% contributions, based on his final salary, as will bring such 1/2 of 1% contributions, computed without interest, to the equivalent of or completion of one year’s contributions.

Beginning with the month of January, 1964, each employee shall contribute by means of salary deductions 1/2 of 1% of each salary payment, concurrently with and in addition to the employee contributions otherwise made for annuity purposes.

Each such additional employee contribution shall be credited to an account in the prior service annuity reserve, to be used, together with city contributions, to defray the cost of the specified annuity increments. Any balance as of the beginning of each calendar year existing in such account shall be credited with interest at the rate of 3% per annum.

Such employee contributions shall not be subject to refund, except to an employee who resigns or is discharged and applies for refund under this Article, and also in cases where a term annuity becomes payable.

In such cases the employee contributions shall be refunded him, without interest, and charged to the aforementioned account in the prior service annuity reserve.

The widow otherwise eligible for widow's annuity under other Sections of this Article 11, of an employee hereinafter described, who retires from service or dies while in the service subsequent to the effective date of this amendatory provision, and for which widow the amount of widow's annuity and widow's prior service annuity combined, fixed or provided for such widow under other provisions of said Article 11 is less than the amount hereinafter provided in this section, shall, from and after the date her otherwise provided annuity would begin, in lieu of such otherwise provided widow's and widow's prior service annuity, be entitled to the following indicated amount of annuity:

(a) The widow of any employee who dies while in service on or after the date on which he attains age 60 if the death occurs before July 1, 1990, or on or after the date on which he attains age 55 if the death occurs on or after July 1, 1990, with at least 20 years of service, or on or after the date on which he attains age 50 if the death occurs on or after the effective date of this amendatory Act of 1997 with at least 30 years of service, shall be entitled to an annuity equal to one-half of the amount of annuity which her deceased husband would have been entitled to receive had he withdrawn from the service on the day immediately preceding the date of his death, conditional upon such widow having attained age 60 on or before such date if the death occurs before July 1, 1990, or age 55 if the death occurs on or after July 1, 1990, or age 50 if the death occurs on or after January 1, 1998 and the employee is age 50 or over with at least 30 years of service or age 55 or over with at least 25 years of service. Except as provided in subsection (j), the widow's annuity shall not, however, exceed the sum of $500 a month if the employee's death in service occurs before January 23, 1987. The widow's annuity shall not be limited to a maximum dollar amount if the employee's death in service occurs on or after January 23, 1987.

If the employee dies in service on or after July 1, 1990, and if such widow of such described employee shall not be 60 or more years of age on such date of death, the amount provided in the immediately preceding paragraph for a widow 60 or more years of age, shall, in the case of such younger widow, be reduced by 0.25% for each month that her then attained age is less than 60 years if the employee was born before January 1, 1936, or dies in service on or after January 1, 1988, or 0.5% for each month that her then attained age is less than 60 years if the employee was born on or after January 1, 1936 and dies in service before January 1, 1988.

If the employee dies in service on or after January 1, 1998, and if the widow of the employee has not attained age 55 on or before the employee's date of death, the amount otherwise provided in this subsection (a) shall be reduced by 0.25% for each month that her then attained age is less than 55 years; except that if the employee dies in service on or after January 1, 1998 at age 50 or over with at least 30 years of service or at age 55 or over with at least 25 years of service, there shall be no reduction due to the widow's age if she has attained age 50 on or before the employee's date of death, and if the widow has not attained age 50 on or before the employee's date of death the amount otherwise provided in this subsection (a) shall be reduced by 0.25% for each month that her then attained age is less than 50 years.

(b) The widow of any employee who dies subsequent to the date of his retirement on annuity, and who so retired on or after the date on which he attained age 60 if retirement occurs before July 1, 1990, or on or after the date on which he attained age 55 if retirement occurs on or after July 1, 1990, with at least 20 years of service, or on or after the date on which he attained age 50 if the retirement occurs on or after the effective date of this amendatory Act of 1997 with at least 30 years of service, shall be entitled to an annuity equal to one-half of the amount of annuity which her deceased husband received as of the date of his retirement on annuity, conditional upon such widow having attained age 60 on or before the date of her husband's retirement on annuity if retirement occurs before July 1, 1990, or age 55 if retirement occurs on or after July 1, 1990, or age 50 if the retirement on annuity occurs on or after January 1, 1998 and the employee is age 50 or over with at least 30 years of service or age 55 or over with at least 25 years of service. Except as provided in subsection (j), this widow's annuity shall not, however, exceed the sum of $500 a month if the employee's death occurs before January 23, 1987. If the date of the employee's retirement on annuity is before July 1, 1990, and if such widow of such described employee shall not have attained such age of 60 or more years on such date of her husband's retirement on annuity, the amount provided in the immediately preceding paragraph for a widow 60 or more years of age on the date of her husband's retirement on annuity, shall, in the case of such then younger widow, be reduced by 0.25% for each month that her then attained age was less than 60 years if the employee was born before January 1, 1936, or withdraws from service on or after January 1, 1988, or 0.5% for each month that her then attained age was less than 60 years if the employee was born on or after January 1, 1936 and withdraws from service before January 1, 1988.

If the date of the employee's retirement on annuity is on or after July 1, 1990, and if the widow of the employee has not attained age 55 by the date of the employee's retirement on annuity, the amount otherwise provided in this subsection (b) shall be reduced by 0.25% for each month that her then attained age is less than 55 years; except that if the employee retires on annuity on or after January 1, 1998 at age 50 or over with at least 30 years of service or at age 55 or over with at least 25 years of service, there shall be no reduction due to the widow's age if she has attained age 50 on or before the employee's date of death, and if the widow has not attained age 50 on or before the employee's date of death the amount otherwise provided in this subsection (b) shall be reduced by 0.25% for each month that her then attained age is less than 50 years.

(c) The foregoing provisions relating to minimum annuities for widows shall not apply to the widow of any former employee receiving an annuity from the fund on August 2, 1965 or on the effective date of this amendatory provision, who re-enters service as a former employee, unless such employee renders at least 3 years of additional service after the date of re-entry.

(g) Beginning on January 1, 1999, the minimum amount of widow's annuity shall be $800 per month for life for the following classes of widows, without regard to the fact that the death of the employee occurred prior to the effective date of this amendatory Act of 1998:

6. the widow of an employee who dies in service with at least 5 years of service in this fund, if the death in service occurs on or after the effective date of this amendatory Act of 1998.

The increases granted under items (1), (2), (3) and (4) of this subsection (g) shall not be limited by any other Section of this Act.

(h) The widow of an employee who retired or died in service on or after January 1, 1985 and before July 1, 1990, at age 55 or older, and with at least 35 years of service credit, shall be entitled to have her widow's annuity increased, effective January 1, 1991, to an amount equal to 50% of the retirement annuity that the deceased employee received on the date of retirement, or would have been eligible to receive if he had retired on the day preceding the date of his death in service, provided that if the widow had not attained age 60 by the date of the employee's retirement or death in service, the amount of the annuity shall be reduced by 0.25% for each month that her then attained age was less than age 60 if the employee's retirement or death in service occurred on or after January 1, 1988, or by 0.5% for each month that her attained age is less than age 60 if the employee's retirement or death in service occurred prior to January 1, 1988. However, in cases where a refund of excess contributions for widow's annuity has been paid by the Fund, the increase in benefit provided by this subsection (h) shall be contingent upon repayment of the refund to the Fund with interest at the effective rate from the date of refund to the date of payment.

(i) If a deceased employee is receiving a retirement annuity at the time of death and that death occurs on or after June 27, 1997, the widow may elect to receive, in lieu of any other annuity provided under this Article, 50% of the deceased employee's retirement annuity at the time of death reduced by 0.25% for each month that the widow's age on the date of death is less than 55; except that if the employee dies on or after January 1, 1998 and withdrew from service on or after June 27, 1997 at age 50 or over with at least 30 years of service or at age 55 or over with at least 25 years of service, there shall be no reduction due to the widow's age if she has attained age 50 on or before the employee's date of death, and if the widow has not attained age 50 on or before the employee's date of death the amount otherwise provided in this subsection (i) shall be reduced by 0.25% for each month that her age on the date of death is less than 50 years. However, in cases where a refund of excess contributions for widow's annuity has been paid by the Fund, the benefit provided by this subsection (i) is contingent upon repayment of the refund to the Fund with interest at the effective rate from the date of refund to the date of payment.

(j) For widows of employees who died before January 23, 1987 after retirement on annuity or in service, the maximum dollar amount limitation on widow's annuity shall cease to apply, beginning with the first annuity payment after the effective date of this amendatory Act of 1997; except that if a refund of excess contributions for widow's annuity has been paid by the Fund, the increase resulting from this subsection (j) shall not begin before the refund has been repaid to the Fund, together with interest at the effective rate from the date of the refund to the date of repayment.

(k) In lieu of any other annuity provided in this Article, an eligible spouse of an employee who dies in service at least 60 days after the effective date of this amendatory Act of the 92nd General Assembly with at least 10 years of service shall be entitled to an annuity of 50% of the minimum formula annuity earned and accrued to the credit of the employee at the date of death. For the purposes of this subsection, the minimum formula annuity earned and accrued to the credit of the employee is equal to 2.40% for each year of service of the highest average annual salary for any 4 consecutive years within the last 10 years of service immediately preceding the date of death, up to a maximum of 80% of the highest average annual salary. This annuity shall not be reduced due to the age of the employee or spouse. In addition to any other eligibility requirements under this Article, the spouse is eligible for this annuity only if the marriage was in effect for 10 full years or more.

(a) A "Child's Annuity" shall be payable monthly after the death of an employee parent to an unmarried child until the child's attainment of age 18 or marriage, whichever event shall first occur, under the following conditions, if the child was born or in esse before the employee attained age 65, and before he withdrew from service:

(1) upon death resulting from injury incurred in the performance of an act of duty;

(2) upon death in service from any cause other than injury incurred in the
performance of duty, if the employee has at least 4 years of service after the date of his original entry into service, and at least 2 years after the date of his latest re-entry;

(2) upon death of an employee who withdraws from service after age 55 (or after age 50 with at least 30 years of service if withdrawal is on or after June 27, 1997) and who has entered upon or is eligible for annuity.

Payment shall be made as provided in Section 11-124.

(b) After July 24, 1967, an adopted child shall be entitled to the same child's annuity benefits provided for natural children in this Article, if:

Sec. 11-156. Ordinary disability benefit. An employee, while under age 65 and prior to January 1, 1979, or while under age 70 and after January 1, 1979, who becomes disabled after the effective date as the result of any cause other than injury incurred in the performance of any act or acts of duty, shall be entitled to ordinary disability benefit during such disability, after the first 30 days thereof.

The disability benefit prescribed herein shall cease when the first of the following dates shall occur and the employee, if still disabled, shall thereafter be entitled to such annuity as is otherwise provided in this Article:

(a) the date disability ceases.
(b) the date the disabled employee attains age 65 for disability commencing prior to January 1, 1979.
(c) the date the disabled employee attains 65 for disability commencing prior to attainment of age 60 in the service and after January 1, 1979.
(d) the date the disabled employee attains the age of 70 for disability commencing after attainment of age 60 in the service and after January 1, 1979.
(e) the date the payments of the benefit shall exceed in the aggregate, throughout the employee's service, a period equal to 1/4 of the total service rendered prior to the date of disability but in no event more than 5 years. In computing such total the following periods shall be excluded:

(i) Any period during which the employee received ordinary disability benefit;
(ii) Any period of absence from duty, whether caused by layoff, leave of absence or suspension of employment, or any other reason, unless the board, upon satisfactory evidence, finds that the disability resulted from a cause which existed or occurred prior to such period of absence. No employee who becomes disabled and whose disability begins during absence from duty (other than while on vacation with pay) shall have any right to ordinary disability benefit, except as herein provided, until he recovers from such disability and performs the duties of his position in the service for at least 15 consecutive days, Sundays and holidays excepted, after such recovery.

New matter indicated by italics - deletions by strikeout.
The first payment shall be made not later than one month after the benefit is granted and each subsequent payment shall be made not later than one month after the last preceding payment.

Ordinary disability benefit shall be 50% of the employee's salary at the date of disability.

For ordinary disability benefits paid before January 1, 2001, before any payment, an amount equal to the sum ordinarily deducted from salary for all annuity purposes for such period for which the ordinary disability benefit is made shall be deducted from such payment and credited to the employee as a deduction from salary for that period. The sums so deducted shall be credited to the employee and shall be regarded, for annuity and refund purposes, as an amount contributed by him.

For ordinary disability benefits paid on or after January 1, 2001, the fund shall credit sums equal to the amounts ordinarily contributed by an employee for annuity purposes for any period during which the employee receives ordinary disability, and those sums shall be deemed for annuity purposes and purposes of Section 11-169 as amounts contributed by the employee. These amounts credited for annuity purposes shall not be credited for refund purposes.

Any employee whose ordinary disability benefit was terminated after January 1, 1979 by reason of his attainment of age 65 and who continues disabled after age 65 may elect before July 1, 1986 to have such benefits resumed beginning at the time of such termination and continuing until termination is required under this Section as amended by this amendatory Act of 1985. The amount payable to any employee for such resumed benefit for any period shall be reduced by the amount of any retirement annuity paid to such employee under this Article for the same period of time or by refund paid in lieu of annuity.

Sec. 11-160.1. Group health benefit.

(a) For the purposes of this Section: (1) "annuitant" means a person receiving an age and service annuity, a prior service annuity, a widow's annuity, a widow's prior service annuity, or a minimum annuity, under Article 5, 6, 8 or 11, by reason of previous employment by the City of Chicago (hereinafter, in this Section, "the city"); (2) "Medicare Plan annuitant" means an annuitant described in item (1) who is eligible for Medicare benefits; and (3) "non-Medicare Plan annuitant" means an annuitant described in item (1) who is not eligible for Medicare benefits.

(b) The city shall offer group health benefits to annuitants and their eligible dependents through June 30, 2002. The basic city health care plan available as of June 30, 1988 (hereinafter called the basic city plan) shall cease to be a plan offered by the city, except as specified in subparagraphs (4) and (5) below, and shall be closed to new enrollment or transfer of coverage for any non-Medicare Plan annuitant as of June 27, the effective date of this amendatory Act of 1997. The city shall offer non-Medicare Plan annuitants and their eligible dependents the option of enrolling in its Annuitant Preferred Provider Plan and may offer additional plans for any annuitant. The city may amend, modify, or terminate any of its

additional plans at its sole discretion. If the city offers more than one annuitant plan, the city shall allow annuitants to convert coverage from one city annuitant plan to another, except the basic city plan, during times designated by the city, which periods of time shall occur at least annually. For the period dating from June 27, the effective date of this amendatory Act of 1997 through June 30, 2003, monthly premium rates may be increased for annuitants during the time of their participation in non-Medicare plans, except as provided in subparagraphs (1) through (4) of this subsection.

(1) For non-Medicare Plan annuitants who retired prior to January 1, 1988, the annuitant's share of monthly premium for non-Medicare Plan coverage only shall not exceed the highest premium rate chargeable under any city non-Medicare Plan annuitant coverage as of December 1, 1996.

(2) For non-Medicare Plan annuitants who retire on or after January 1, 1988, the annuitant's share of monthly premium for non-Medicare Plan coverage only shall be the rate in effect on December 1, 1996, with monthly premium increases to take effect no sooner than April 1, 1998 at the lower of (i) the premium rate determined pursuant to subsection (g) or (ii) 10% of the immediately previous month's rate for similar coverage.

(3) In no event shall any non-Medicare Plan annuitant's share of monthly premium for non-Medicare Plan coverage exceed 10% of the annuitant's monthly annuity.

(4) Non-Medicare Plan annuitants who are enrolled in the basic city plan as of July 1, 1998 may remain in the basic city plan, if they so choose, on the condition that they are not entitled to the caps on rates set forth in subparagraphs (1) through (3), and their premium rate shall be the rate determined in accordance with subsections (c) and (g).

(5) Medicare Plan annuitants who are currently enrolled in the basic city plan for Medicare eligible annuitants may remain in that plan, if they so choose, through June 30, 2003. Annuitants shall not be allowed to enroll in or transfer into the basic city plan for Medicare eligible annuitants on or after July 1, 1999. The city shall continue to offer annuitants a supplemental Medicare Plan for Medicare eligible annuitants through June 30, 2003, and the city may offer additional plans to Medicare eligible annuitants in its sole discretion. All Medicare Plan annuitant monthly rates shall be determined in accordance with subsections (c) and (g).

(c) The city shall pay 50% of the aggregated costs of the claims or premiums, whichever is applicable, as determined in accordance with subsection (g), of annuitants and their dependents under all health care plans offered by the city. The city may reduce its obligation by application of price reductions obtained as a result of financial arrangements with providers or plan administrators.

(d) From January 1, 1993 until June 30, 2003, the board shall pay to the city on behalf of each of the board's annuitants who chooses to participate in any of the city's plans the following amounts: up to a maximum of $75 per month for each such annuitant who is not qualified to receive medicare benefits, and up to a maximum of $45 per month for each

such annuitant who is qualified to receive medicare benefits.

The payments described in this subsection shall be paid from the tax levy authorized under Section 11-178; such amounts shall be credited to the reserve for group hospital care and group medical and surgical plan benefits, and all payments to the city required under this subsection shall be charged against it.

(e) The city's obligations under subsections (b) and (c) shall terminate on June 30, 2003, except with regard to covered expenses incurred but not paid as of that date. This subsection shall not affect other obligations that may be imposed by law.

(f) The group coverage plans described in this Section are not and shall not be construed to be pension or retirement benefits for purposes of Section 5 of Article XIII of the Illinois Constitution of 1970.

(g) For each annuitant plan offered by the city, the aggregate cost of claims, as reflected in the claim records of the plan administrator, shall be estimated by the city, based upon a written determination by a qualified independent actuary to be appointed and paid by the city and the board. If the estimated annual cost for each annuitant plan offered by the city is more than the estimated amount to be contributed by the city for that plan pursuant to subsections (b) and (c) during that year plus the estimated amounts to be paid pursuant to subsection (d) and by the other pension boards on behalf of other participating annuitants, the difference shall be paid by all annuitants participating in the plan, except as provided in subsection (b). The city, based upon the determination of the independent actuary, shall set the monthly amounts to be paid by the participating annuitants. The board may deduct the amounts to be paid by its annuitants from the participating annuitants' monthly annuities.

If it is determined from the city's annual audit, or from audited experience data, that the total amount paid by all participating annuitants was more or less than the difference between (1) the cost of providing the group health care plans, and (2) the sum of the amount to be paid by the city as determined under subsection (c) and the amounts paid by all the pension boards, then the independent actuary and the city shall account for the excess or shortfall in the next year's payments by annuitants, except as provided in subsection (b).

(h) An annuitant may elect to terminate coverage in a plan at the end of any month, which election shall terminate the annuitant's obligation to contribute toward payment of the excess described in subsection (g).

(i) The city shall advise the board of all proposed premium increases for health care at least 75 days prior to the effective date of the change, and any increase shall be prospective only.

lieu of employee contributions during duty disability; provided that such amounts contributed by the city after December 31, 1983 while the employee is receiving duty disability benefits and amounts credited to the employee for annuity purposes by the fund after December 31, 2000 while the employee is receiving ordinary disability benefits shall not be credited for refund purposes.

The board may in its discretion withhold payment of refund for a period not to exceed 6 months from the date of withdrawal. Interest at the effective rate shall be paid on any such refund withheld during such withheld period not to exceed 6 months.

(2) Upon receipt of the refund, the employee surrenders and forfeits all rights to any annuity or other benefits, for himself and for any other persons who might have benefited through him; provided that he may have such period of service counted in computing the term of his service for age and service annuity purposes only if he becomes an employee before age 65.

(3) An employee who does not receive a refund shall have all amounts to his credit for annuity purposes on the date of his withdrawal improved by interest only until he becomes age 65, while out of service, at the effective rate, for his benefit and the benefit of any person who may have any right to annuity through him if he re-enters the service and attains a right to annuity.

(4) Any such employee shall retain such right to refund of such amounts when he shall apply for same, until he re-enters the service or until the amount of annuity to which he shall have a right shall have been fixed as provided in this Article. Thereafter, no such right shall exist in the case of any such employee.

Sec. 11-167. Refunds in lieu of annuity. In lieu of an annuity, an employee who withdraws, and whose annuity would amount to less than $800 a month for life may elect to receive a refund of the total sum accumulated to his credit from employee contributions for annuity purposes.

The widow of any employee, eligible for annuity upon the death of her husband, whose annuity would amount to less than $800 a month for life, may, in lieu of a widow's annuity, elect to receive a refund of the accumulated contributions for annuity purposes, based on the amounts contributed by her deceased employee husband, but reduced by any amounts theretofore paid to him in the form of an annuity or refund out of such accumulated contributions.

Accumulated contributions shall mean the amounts including interest credited thereon contributed by the employee for age and service and widow's annuity to the date of his withdrawal or death, whichever first occurs, and including the accumulations from any amounts contributed for him as salary deductions while receiving duty disability benefits; provided that such amounts contributed by the city after December 31, 1983 while the employee is receiving duty disability benefits and amounts credited to the employee for annuity purposes by the fund after December 31, 2000 while the employee is receiving ordinary disability benefits.

The acceptance of such refund in lieu of widow's annuity, on the part of a widow, shall not deprive a child or children of the right to receive a child's annuity as provided for in Sections 11-153 and 11-154 of this Article, and neither shall the payment of a child's annuity in the case of such refund to a widow reduce the amount herein set forth as refundable to such widow electing a refund in lieu of widow's annuity.

(b) Withdrawal on or after attainment of minimum retirement age qualifications and prior to age 60.

(1) Any employee, upon withdrawal from service on or after attainment of age 55 (age 50 if the employee first entered service before June 13, the effective date of this amendatory Act of 1997) but prior to age 60 and having at least 10 years of service, is entitled to a retirement annuity as of the date of withdrawal or, at the option of the employee, at any time thereafter.

(2) Any employee who withdraws on or after attainment of age 55 (age 50 if the employee first entered service before June 13, the effective date of this amendatory Act of 1997) and prior to age 60 having at least 5 years but less than 10 years of service is entitled to a retirement annuity upon attainment of age 62, subject to the other requirements of this Article.

(c) Withdrawal prior to minimum retirement age. Any employee, upon withdrawal from service prior to age 55 (age 50 if the employee first entered service before June 13, the effective date of this amendatory Act of 1997) and having at least 10 years of service, shall become entitled to a retirement annuity upon attainment of age 55 (age 50 if the employee first entered service before June 13, the effective date of this amendatory Act of 1997) or, at the option of the employee, at any time thereafter, subject to the other requirements of this Article.

(40 ILCS 5/13-302) (from Ch. 108 1/2, par. 13-302)
Sec. 13-302. Computation of retirement annuity.
(a) Computation of annuity. An employee who withdraws from service on or after July 1, 1989 and who has met the age and service requirements and other conditions for eligibility set forth in Section 13-301 of this Article is entitled to receive a retirement annuity for life equal to 2.2% of average final salary for each of the first 20 years of service, and 2.4% of average final salary for each year of service in excess of 20. The retirement annuity shall not exceed 80% of average final salary.

(b) Early retirement discount. If an employee retires prior to attainment of age 60 with less than 30 years of service, the annuity computed above shall be reduced by 1/2 of 1% for each full month between the date the annuity begins and attainment of age 60, or each full month by which the employee's service is less than 30 years, whichever is less. However, where the employee first enters service after June 13, 1997 and does not have at least 10 years of service exclusive of credit under Article 20, the annuity computed above shall be reduced by 1/2 of 1% for each full month between the date the annuity begins and attainment of age 60.

(c) Rule of 80 - Early retirement without discount. For an employee who retires on or after January 1, 2003 but on or before December 31, 2007, if the employee is eligible for a retirement annuity under Section 13-301 and has at least 10 years of service exclusive of credit under Article 20 and if at the date of withdrawal the employee’s age when added to the number of years of his or her creditable service equals at least 80, the early retirement discount in subsection (b) of this Section does not apply. For purposes of this Rule of 80, portions of years shall be considered in whole months.

An employee who has terminated employment with the employer under this Article prior to the effective date of this amendatory Act of the 92nd General Assembly and subsequently re-enters service must remain in service with the employer under this Article for at least 2 years after re-entry during the period beginning on January 1, 2003 and ending on December 31, 2007 to be entitled to early retirement without discount under this subsection (c).

In the case of an employee who retires under the terms of Article 20, eligibility for early retirement without discount under this subsection (c) shall be based upon the employee’s age and service credit at the time of withdrawal from the final fund.

(c-1) Early retirement without discount; retirement after June 29, 1997 and before
January 1, 2003. An employee who (i) has attained age 55 (age 50 if the employee first entered service before June 13, 1997), (ii) has at least 10 years of service exclusive of credit under Article 20, (iii) retires after June 29, 1997 and before January 1, 2003, and (iv) retires within 6 months of the last day for which retirement contributions were required, may elect at the time of application to make a one-time employee contribution to the Fund and thereby avoid the early retirement reduction specified in subsection (b). The exercise of the election shall also obligate the employer to make a one-time nonrefundable contribution to the Fund.

The one-time employee and employer contributions shall be a percentage of the retiring employee's highest full-time annual salary, calculated as the total amount of salary included in the highest 26 consecutive pay periods as used in the average final salary calculation, and based on the employee's age and service at retirement. The employee rate shall be 7% multiplied by the lesser of the following 2 numbers: (1) the number of years, or portion thereof, that the employee is less than age 60; or (2) the number of years, or portion thereof, that the employee's service is less than 30 years. The employer contribution shall be at the rate of 20% for each year, or portion thereof, that the participant is less than age 60.

Upon receipt of the application, the Board shall determine the corresponding employee and employer contributions. The annuity shall not be payable under this subsection until both the required contributions have been received by the Fund. However, the date the contributions are received shall not be considered in determining the effective date of retirement.

The number of employees who may retire under this Section in any year may be limited at the option of the District to a specified percentage of those eligible, not lower than 30%, with the right to participate to be allocated among those applying on the basis of seniority in the service of the employer.

An employee who has terminated employment and subsequently re-enters service shall not be entitled to early retirement without discount under this subsection unless the employee continues in service for at least 4 years after re-entry.

(d) Annual increase. Except for employees retiring and receiving a term annuity, an employee who retires on or after July 1, 1985 but before July 12, 2001, the effective date of this amendatory Act of the 92nd General Assembly shall, upon the first payment date following the first anniversary of the date of retirement, have the monthly annuity increased by 3% of the amount of the monthly annuity fixed at the date of retirement. Except for employees retiring and receiving a term annuity, an employee who retires on or after July 12, 2001, the effective date of this amendatory Act of the 92nd General Assembly shall, on the first day of the month in which the first anniversary of the date of retirement occurs, have the monthly annuity increased by 3% of the amount of the monthly annuity fixed at the date of retirement. The monthly annuity shall be increased by an additional 3% on the same date each year thereafter. Beginning January 1, 1993, all annual increases payable under this subsection (or any predecessor provision, regardless of the date of retirement) shall be calculated at the rate of 3% of the monthly annuity payable at the time of the increase, including any increases previously granted under this Article.

service, (ii) is receiving a retirement annuity under this Article, other than a term annuity, and (iii) has not received any annual increase under this subsection, shall begin receiving the annual increases provided under this subsection (d) beginning on the next annuity payment date following June 13, effective date of this amendatory Act of 1997.

(e) Minimum retirement annuity. Beginning January 1, 1993, the minimum monthly retirement annuity shall be $500 for any annuitant having at least 10 years of service under this Article, other than a term annuitant or an annuitant who began receiving the annuity before attaining age 60. Any such annuitant who is receiving a monthly annuity of less than $500 shall have the annuity increased to $500 on that date.

Beginning January 1, 1993, the minimum monthly retirement annuity shall be $250 for any annuitant (other than a term or reciprocal annuitant or an annuitant under subsection (d) of Section 13-301) having less than 10 years of service under this Article, and for any annuitant (other than a term annuitant) having at least 10 years of service under this Article who began receiving the annuity before attaining age 60. Any such annuitant who is receiving a monthly annuity of less than $250 shall have the annuity increased to $250 on that date.

Beginning on the first day of the month following the month in which this amendatory Act of the 92nd General Assembly takes effect (and without regard to whether the annuitant was in service on or after that effective date), the minimum monthly retirement annuity for any annuitant having at least 10 years of service, other than an annuitant whose annuity is subject to an early retirement discount, shall be $500 plus $25 for each year of service in excess of 10, not to exceed $750 for an annuitant with 20 or more years of service. In the case of a reciprocal annuity, this minimum shall apply only if the annuitant has at least 10 years of service under this Article, and the amount of the minimum annuity shall be reduced by the sum of all the reciprocal annuities payable to the annuitant by other participating systems under Article 20 of this Code.

Notwithstanding any other provision of this subsection, beginning on the first annuity payment date following July 12, 2001 the effective date of this amendatory Act of the 92nd General Assembly, an employee who retired before August 23, 1989 with at least 10 years of service under this Article but before attaining age 60 (regardless of whether the retirement annuity was subject to an early retirement discount) shall be entitled to the same minimum monthly retirement annuity under this subsection as an employee who retired with at least 10 years of service under this Article and after attaining age 60.

the plan established under this Section.

(b) Additional optional contributions for the additional optional benefits shall be as follows:

(1) For service after the option is elected, an additional contribution of 3% of salary shall be contributed to the Fund on the same basis and under the same conditions as contributions required under Section 13-502.

(2) For service before the option is elected, an additional contribution of 3% of the salary for the applicable period of service, plus interest at the annual rate as shall from time to time be determined by the Board, compounded annually from the date of service to the date of payment. All payments for past service must be paid in full before credit is given. A person who has withdrawn from service may pay the additional contribution for past service at any time within 30 days after withdrawal from service, so long as payment is made in full before the retirement annuity commences. No additional optional contributions may be made for any period of service for which credit has been previously forfeited by acceptance of a refund, unless the refund is repaid in full with interest at the rate specified in Section 13-603, from the date of refund to the date of repayment. Nothing herein may be construed to allow an additional optional contribution to be made on the account of a deceased employee.

(c) Additional optional benefit shall accrue for all periods of eligible service for which additional contributions are paid in full. The additional benefit shall consist of an additional 1% of average final salary for each year of service for which optional contributions have been paid, to be added to the employee's retirement annuity as otherwise computed under this Article. The calculation of these additional benefits shall be subject to the same terms and conditions as are used in the calculation of the retirement annuity under this Article. The additional benefit shall be included in the calculation of the automatic annual increase in annuity under Section 13-302(d), and in the calculation of surviving spouse's annuity where applicable. However, no additional benefits will be granted which produce a total annuity greater than the applicable maximum established for that type of annuity in this Article. The total additional optional benefit that may be received under this Section is 15% of average final salary.

(d) Refunds of additional optional contributions shall be made on the same basis and under the same conditions as provided under Section 13-601.

(e) Optional contributions shall be accounted for in a separate Optional Contribution Reserve.

(f) The tax levy computed under Section 13-503 shall be based on employee contributions including the amount of optional additional employee contributions.

(g) Service eligible under this Section may include only service as an employee as defined in Section 13-204, and subject to Section 13-401 and 13-402. No service granted under Section 13-801 or 13-802 shall be eligible for optional service credit. No optional service credit may be established for any military service, or for any service under any other Article of this Code. Optional service credit may be established for any period of disability

paid from this Fund, if the employee makes additional optional contributions for such period of disability.

(h) This plan of optional benefits and contributions shall not apply to service prior to withdrawal rendered by any former employee who re-enters service unless such employee renders not less than 36 consecutive months of additional service after the date of re-entry.

(i) The effective date of this optional plan of additional benefits and contributions shall be the date upon which approval was received from the Internal Revenue Service, July 31, 1987.

(j) This plan of additional benefits and contributions shall expire December 31, 2002. No additional contributions may be made after that date, and no additional benefits will accrue after that date.

(k) The maximum optional benefits for current and prior service for which an employee can make contributions in a single year shall be limited to 15 years of service in 1997 and before; 9 years of service in 1998; 6 years of service in 1999; and 3 years of service in 2000, 2001, and 2002. No person may establish additional optional benefits under this Section for more than 15 years of service.

(40 ILCS 5/13-304.1 new)

(a) While this plan is in effect, an employee may establish optional additional credit toward additional benefits for eligible service by making an irrevocable written election to make additional contributions as authorized in this Section. An employee may begin to make additional contributions under this Section, via payroll deduction, no earlier than the first pay period of the calendar year in which the employee fulfills the 10-year service requirement described in subsection (g). The additional contributions of 4% of salary shall be paid to the Fund on the same basis and under the same conditions as contributions required under Section 13-502.

(b) For service before an irrevocable option is elected, but within the same calendar year, an additional contribution may be made of 4% of the salary for the applicable period of service, plus interest from the date of service to the date of contribution at a rate equal to the higher of 8% per annum or the actuarial investment return assumption used in the Fund's most recent annual actuarial statement. All payments for past service must be paid within the calendar year in which the service was earned; except that a person who has withdrawn from service and is eligible for a retirement annuity under Section 13-301 may pay the additional contribution for past service within the calendar year of withdrawal within the 30 days after withdrawal from service, as long as payment is made in full before the retirement annuity commences and before December 31, 2007. Nothing in this Section may be construed to allow an additional optional contribution to be made on the account of a deceased employee.

(c) The maximum additional benefit for current service for which an employee may make contributions under this Section in a single year is limited to one year of service in
each of 2003, 2004, 2005, 2006, and 2007. The total additional benefit that may be accumulated under this Section, including any additional benefit accumulated under a prior optional benefit plan, is 12% of average final salary at retirement.

The additional benefit shall accrue for all periods of eligible service for which additional contributions have been paid in full in accordance with this Section, subject to the applicable limitations on maximum annuity.

The additional benefit shall consist of an additional 1% of average final salary for each year of service for which optional contributions have been paid, to be added to the employee’s retirement annuity as otherwise computed under this Article. The calculation of these additional benefits shall be subject to the same terms and conditions as are used in the calculation of the retirement annuity under this Article. The additional benefit shall be included in the calculation of the automatic annual increase in annuity under Section 13-302(d) and in the calculation of surviving spouse’s annuity, where applicable. However, no additional benefit may be granted which produces a total annuity greater than the applicable maximum established for that type of annuity in this Article.

(d) Refunds of additional optional contributions made in accordance with the provisions and limitations of this Section shall be made on the same basis and under the same conditions as are provided under Section 13-601. Any refund of contributions that exceed the limits specified in this Section shall be made in accordance with established Fund policy.

(e) The additional contributions shall be accounted for in a separate Optional Contribution Reserve.

(f) The tax levy computed under Section 13-503 shall be based on employee contributions and the amount of optional additional employee contributions, as provided in that Section.

(g) The service eligible for optional additional contributions under this Section is limited to service as an employee as defined in Section 13-204, and subject to Sections 13-401 and 13-402, but excluding service credited under subsections 13-401(a)4 and 13-401(d). Service granted under Section 13-801 or 13-802 is not eligible for optional additional contributions. Eligible service is further limited to service rendered during or after the calendar year in which the employee reaches 10 years of service as defined under Section 13-402, exclusive of any credit under Article 20.

Service eligible for optional additional contributions under this Section includes any period of disability paid from this Fund that would have been eligible service if the employee were in active service rather than disabled. The additional contributions for a period of disability shall be calculated as 4% of the salary that the employee would have received if he or she had been in active service during the applicable period of disability, plus interest at a rate equal to the higher of 8% per annum or the actuarial investment return assumption used in the Fund’s most recent annual actuarial statement, compounded annually, from the date of the service to the date of payment. The contribution must be paid to the Fund no later than 3 months after the employee returns to service from disability, and in any event prior to December 31, 2007.

New matter indicated by italics - deletions by strikeout.
(h) The minimum period for which an employee may make an irrevocable election to make additional contributions shall be 26 consecutive pay periods, unless the employee first accumulates the maximum optional credit as described in subsection (c) of this Section. The maximum period for which an employee may make irrevocable elections for additional contributions shall be from the date of election through the last pay period eligible for contributions under this Section.

(i) This plan of additional benefits and contributions expires on December 31, 2007. No additional contributions may be made after that date, and no additional benefits will accrue after that date.

(40 ILCS 5/13-502) (from Ch. 108 1/2, par. 13-502)

Sec. 13-502. Employee contributions; deductions from salary.

(a) Retirement annuity and child's annuity. There shall be deducted from each payment of salary an amount equal to 7 1/2% of salary as the employee's contribution for the retirement annuity, including annual increases therefore and child's annuity.

(b) Surviving spouse's annuity. There shall be deducted from each payment of salary an amount equal to 1 1/2% of salary as the employee's contribution for the surviving spouse's annuity and annual increases therefor.

(c) Pickup of employee contributions. The Employer may pick up employee contributions required under subsections (a) and (b) of this Section. If contributions are picked up they shall be treated as Employer contributions in determining tax treatment under the United States Internal Revenue Code, and shall not be included as gross income of the employee until such time as they are distributed. The Employer shall pay these employee contributions from the same source of funds used in paying salary to the employee. The Employer may pick up these contributions by a reduction in the cash salary of the employee or by an offset against a future salary increase or by a combination of a reduction in salary and offset against a future salary increase. If employee contributions are picked up they shall be treated for all purposes of this Article 13, including Sections 13-503 and 13-601, in the same manner and to the same extent as employee contributions made prior to the date picked up.

(d) Subject to the requirements of federal law, the Employer shall pick up optional contributions that the employee has elected to pay to the Fund under Section 13-304.1, and the contributions so picked up shall be treated as employer contributions for the purposes of determining federal tax treatment. The Employer shall pick up the contributions by a reduction in the cash salary of the employee and shall pay the contributions from the same fund that is used to pay earnings to the employee. The Employer shall, however, continue to withhold federal and State income taxes based upon contributions made under Section 13-304.1 until the Internal Revenue Service or the federal courts rule that pursuant to Section 414(h) of the U.S. Internal Revenue Code of 1986, as amended, these contributions shall not be included as gross income of the employee until such time as they are distributed or made available.

(e) Each employee is deemed to consent and agree to the deductions from compensation provided for in this Article.

Sec. 13-503. Tax levy. The Water Reclamation District shall annually levy a tax upon all the taxable real property within the District at a rate which, when extended, will produce a sum that (i) when added to the amounts deducted from the salaries of employees, interest income on investments, and other income, will be sufficient to meet the requirements of the Fund on an actuarially funded basis, but (ii) shall not exceed an amount equal to the total amount of contributions by the employees to the Fund made in the calendar year 2 years prior to the year for which the tax is levied, multiplied by 2.19, except that the amount of employee contributions made on or after January 1, 2003 towards the purchase of additional optional benefits under Section 13-304.1 shall only be multiplied by 1.00. The tax shall be levied and collected in the same manner as the general taxes of the District.

The tax shall be exclusive of and in addition to the amount of tax the District is now or may hereafter be authorized to levy for general purposes under the Metropolitan Water Reclamation District Act or under any other laws which may limit the amount of tax for general purposes. The county clerk of any county, in reducing tax levies as may be authorized by law, shall not consider any such tax as a part of the general tax levy for District purposes, and shall not include the same in any limitation of the percent of the assessed valuation upon which taxes are required to be extended.

Revenues derived from the tax shall be paid to the Fund for the benefit of the Fund. If the funds available for the purposes of this Article are insufficient during any year to meet the requirements of this Article, the District may issue tax anticipation warrants or notes, as provided by law, against the current tax levy.

The Board shall submit annually to the Board of Commissioners of the District an estimate of the amount required to be raised by taxation for the purposes of the Fund. The Board of Commissioners shall review the estimate and determine the tax to be levied for such purposes.

Sec. 14-105.7. Transfer to Article 9 fund.

(a) Until July 1, 2003 1998, any active or inactive member of the System who has established creditable service under paragraph (i) of Section 14-104 (relating to contractual service to the General Assembly) and is an active or former contributor to the pension fund established under Article 9 of this Code may apply to the Board for transfer of all of his or her creditable service accumulated under this System to the Article 9 fund. The creditable service shall be transferred forthwith. Payment by this System to the Article 9 fund shall be made at the same time and shall consist of:

(1) the amounts accumulated to the credit of the applicant for that service, including regular interest, on the books of the System on the date of transfer; plus
(2) employer contributions in an amount equal to the amount determined under item (1).

Participation in this System as to the credits transferred under this Section terminates on the
date of transfer.

(b) Any person transferring credit under this Section may reinstate credits and creditable service terminated upon receipt of a refund, by paying to the System, before July 1, 2003, the amount of the refund plus regular interest from the date of refund to the date of payment.

(c) The changes to this Section and Section 9-121.15 made by this amendatory Act of the 92nd General Assembly apply without regard to whether the person is in active service, under this System or the Article 9 Fund, on or after the effective date of this amendatory Act.

(40 ILCS 5/15-112) (from Ch. 108 1/2, par. 15-112)

Sec. 15-112. Final rate of earnings. "Final rate of earnings": For an employee who is paid on an hourly basis or who receives an annual salary in installments during 12 months of each academic year, the average annual earnings during the 48 consecutive calendar month period ending with the last day of final termination of employment or the 4 consecutive academic years of service in which the employee’s earnings were the highest, whichever is greater. For any other employee, the average annual earnings during the 4 consecutive academic years of service in which his or her earnings were the highest. For an employee with less than 48 months or 4 consecutive academic years of service, the average earnings during his or her entire period of service. The earnings of an employee with more than 36 months of service prior to the date of becoming a participant are, for such period, considered equal to the average earnings during the last 36 months of such service. For an employee on leave of absence with pay, or on leave of absence without pay who makes contributions during such leave, earnings are assumed to be equal to the basic compensation on the date the leave began. For an employee on disability leave, earnings are assumed to be equal to the basic compensation on the date disability occurs or the average earnings during the 24 months immediately preceding the month in which disability occurs, whichever is greater.

For a participant who retires on or after the effective date of this amendatory Act of 1997 with at least 20 years of service as a firefighter or police officer under this Article, the final rate of earnings shall be the annual rate of earnings received by the participant on his or her last day as a firefighter or police officer under this Article, if that is greater than the final rate of earnings as calculated under the other provisions of this Section.

If a participant is an employee for at least 6 months during the academic year in which his or her employment is terminated, the annual final rate of earnings shall be 25% of the sum of (1) the annual basic compensation for that year, and (2) the amount earned during the 36 months immediately preceding that year, if this is greater than the final rate of earnings as calculated under the other provisions of this Section.

In the determination of the final rate of earnings for an employee, that part of an employee's earnings for any academic year beginning after June 30, 1997, which exceeds the employee's earnings with that employer for the preceding year by more than 20 percent shall be excluded; in the event that an employee has more than one employer this limitation shall be calculated separately for the earnings with each employer. In making such calculation,
only the basic compensation of employees shall be considered, without regard to vacation or overtime or to contracts for summer employment.

The following are not considered as earnings in determining final rate of earnings: severance or separation pay, retirement pay, payment for in lieu of unused sick leave and payments from an employer for the period used in determining final rate of earnings for any purpose other than services rendered, leave of absence or vacation granted during that period, and vacation of up to 56 work days allowed upon termination of employment; except that, if the benefit has been collectively bargained between the employer and the recognized collective bargaining agent pursuant to the Illinois Educational Labor Relations Act, payment received during a period of up to 2 academic years for unused sick leave may be considered as earnings in accordance with the applicable collective bargaining agreement, subject to the 20% increase limitation of this Section. Any unused sick leave considered as earnings under this Section shall not be taken into account in calculating service credit under Section 15-113.4.

Intermittent periods of service shall be considered as consecutive in determining final rate of earnings.

(40 ILCS 5/17-106) (from Ch. 108 1/2, par. 17-106)

Sec. 17-106. Contributor, member or teacher. "Contributor", "member" or "teacher": All members of the teaching force of the city, including principals, assistant principals, the general superintendent of schools, deputy superintendents of schools, associate superintendents of schools, assistant and district superintendents of schools, members of the Board of Examiners, all other persons whose employment requires a teaching certificate issued under the laws governing the certification of teachers, any educational, administrative, professional, or other staff employed in a charter school operating in compliance with the Charter Schools Law who is certified under the law governing the certification of teachers, and employees of the Board, but excluding persons contributing concurrently to any other public employee pension system in Illinois for the same employment or receiving retirement pensions under another Article of this Code for that same employment, persons employed on an hourly basis, and persons receiving pensions from the Fund who are employed temporarily by an Employer for 150 days or less in any school year and not on an annual basis.

In the case of a person who has been making contributions and otherwise participating in this Fund prior to the effective date of this amendatory Act of the 91st General Assembly, and whose right to participate in the Fund is established or confirmed by this amendatory Act, such prior participation in the Fund, including all contributions previously made and service credits previously earned by the person, are hereby validated.

The changes made to this Section and Section 17-149 by this amendatory Act of the 92nd General Assembly apply without regard to whether the person was in service on or after the effective date of this amendatory Act, notwithstanding Sections 1-103.1 and 17-157.

(40 ILCS 5/17-119.1)
Sec. 17-119.1. Optional increase in retirement annuity.

(a) A member of the Fund may qualify for the augmented rate under subdivision (b)(3) of Section 17-116 for all years of creditable service earned before July 1, 1998 by making the optional contribution specified in subsection (b); except that a member who retires on or after July 1, 1998 with at least 30 years of creditable service at retirement qualifies for the augmented rate without making any contribution under subsection (b). Any member who retires on or after July 1, 1998 and before the effective date of this amendatory Act of the 92nd General Assembly with at least 30 years of creditable service shall be paid a lump sum equal to the amount he or she would have received under the augmented rate minus the amount he or she actually received. A member may not elect to qualify for the augmented rate for only a portion of his or her creditable service earned before July 1, 1998.

(b) The contribution shall be an amount equal to 1.0% of the member's highest salary rate in the 4 consecutive school years immediately prior to but not including the school year in which the application occurs, multiplied by the number of years of creditable service earned by the member before July 1, 1998 or 20, whichever is less. This contribution shall be reduced by 1.0% of that salary rate for every 3 full years of creditable service earned by the member after June 30, 1998. The contribution shall be further reduced at the rate of 25% of the contribution (as reduced for service after June 30, 1998) for each year of the member's total creditable service in excess of 34 years. The contribution shall not in any event exceed 20% of that salary rate.

The member shall pay to the Fund the amount of the contribution as calculated at the time of application under this Section. The amount of the contribution determined under this subsection shall be recalculated at the time of retirement, and if the Fund determines that the amount paid by the member exceeds the recalculated amount, the Fund shall refund the difference to the member with regular interest from the date of payment to the date of refund.

The contribution required by this subsection shall be paid in one of the following ways or in a combination of the following ways that does not extend over more than 5 years:

(i) in a lump sum on or before the date of retirement;
(ii) in substantially equal installments over a period of time not to exceed 5 years, as a deduction from salary in accordance with Section 17-130.2;
(iii) if the member becomes an annuitant before June 30, 2003; in substantially equal monthly installments over a 24-month period, by a deduction from the annuitant's monthly benefit.

(c) If the member fails to make the full contribution under this Section in a timely fashion, the payments made under this Section shall be refunded to the member, without interest. If the member (including a member who has become an annuitant) dies before making the full contribution, the payments made under this Section shall be refunded to the member's designated beneficiary if there is no survivor's or children's pension benefit payable. If there is a survivor's or children's benefit payable, then all payments made under this Section shall be retained by the Fund and all such survivor's or children's benefits payable shall be calculated as if all contributions required under this Section have been paid in full.

New matter indicated by italics - deletions by strikeout.
(d) For purposes of this Section and subsection (b) of Section 17-116, optional creditable service established by a member shall be deemed to have been earned at the time of the employment or other qualifying event upon which the service is based, rather than at the time the credit was established in this Fund.

(e) The contributions required under this Section are the responsibility of the teacher and not the teacher's employer. However, an employer of teachers may, after the effective date of this amendatory Act of 1998, specifically agree, through collective bargaining or otherwise, to make the contributions required by this Section on behalf of those teachers.

(40 ILCS 5/17-121) (from Ch. 108 1/2, par. 17-121)
Sec. 17-121. Survivor's and Children's pensions - Eligibility.

(a) A surviving spouse of a teacher shall be entitled to a survivor's pension only if the surviving spouse was married to the teacher contributor for at least one year immediately prior to the teacher's death or retirement, whichever first occurs, and also on the date of the last termination of his service.

The changes made to this subsection (a) by this amendatory Act of the 92nd General Assembly apply (i) only to the surviving spouse of a person who dies on or after the effective date of this amendatory Act, and only if the amount of any refund of contributions for survivor's pension is repaid with interest in accordance with subsection (f), and (ii) notwithstanding Section 17-157 and without regard to whether the deceased person was in service on or after the effective date of this amendatory Act.

(b) If the surviving spouse is under age 50 and there are no eligible minor children born to or legally adopted by the contributor and his or her surviving spouse, payment of the survivor's pension shall begin when the surviving spouse attains age 50.

(c) Beginning January 1, 2003, the remarriage of a surviving spouse at any age does not terminate his or her survivor's pension.

A surviving spouse whose survivor's pension (or expectation of a survivor's pension upon attainment of age 50) was terminated before January 1, 2003 due to remarriage and who applies for reinstatement of that pension and repays the amount of any refund of contributions for survivor's pension with interest in accordance with subsection (f) shall be entitled to have the survivor's pension (or expectation of a survivor's pension upon attainment of age 50) reinstated. The reinstated pension shall begin to accrue on the first day of the month following the month in which the application and repayment, if any, are received by the Fund, but in no event sooner than January 1, 2003 and, if subsection (b) applies, no sooner than upon attainment of age 50. The reinstated pension shall include any one-time or annual increases in the survivor's pension received prior to the date of termination, but not any increases that would otherwise have accrued from the date of termination to the date of reinstatement.

This subsection (c) applies notwithstanding Section 17-157 and without regard to whether the deceased teacher was in service on or after the effective date of this amendatory Act of the 92nd General Assembly.

(d) Except as provided in subsection (c), remarriage of the surviving spouse prior to
September 1, 1983 while in receipt of a survivor's pension shall permanently terminate payment thereof, regardless of any subsequent change in marital status; however, beginning September 1, 1983, remarriage of a surviving spouse after attainment of age 55 shall not terminate the survivor's pension.

A surviving spouse whose pension was terminated on or after September 1, 1983 due to remarriage after attainment of age 55, and who applies for reinstatement of that pension before January 1, 1990, shall be entitled to have the pension reinstated effective January 1, 1990.

(e) A surviving spouse of a member or annuitant under this Fund who is also a dependent beneficiary under the provisions of Section 16-140 is eligible for a reciprocal survivor's pension, provided that any refund of survivor's pension contributions is repaid to the Fund and application is made within 30 days after the effective date of this amendatory Act of the 92nd General Assembly.

(f) If a refund of contributions for survivor's pension has been paid, a person choosing to establish or reestablish the right to receive a survivor's pension pursuant to the changes made to this Section by this amendatory Act of the 92nd General Assembly must first repay to the Fund the amount of the refund of contributions for survivor's pension, together with interest thereon at the rate of 5% per year, compounded annually, from the date of the refund to the date of repayment.

No more than 36 1/2 months of sick leave or maternity or paternity leave credit may be allowed any person during the entire term of service. Sabbatical leave credit shall be limited to the time the person on leave without salary under an Employer's rules is allowed to engage in an activity for which he receives salary or compensation.

(3) For time spent prior to September 6, 1948, on sabbatical leaves of absence or sick leaves for which salaries were paid, teachers desiring service credit therefor shall pay the required contributions at the maximum applicable rates in effect during such periods.

(4) For service with teacher or labor organizations authorized by special leaves of absence, for which no payroll deductions are made by an Employer, teachers desiring service credit therefor shall contribute to the Fund upon the basis of the actual salary received from such organizations at the percentage rates in effect during such periods for certified positions with such Employer. To the extent the actual salary exceeds the regular salary, which shall be defined as the salary rate, as calculated by the Board, in effect for the teacher's regular position in teaching service on September 1, 1983 or on the effective date of the leave with the organization, whichever is later, the organization shall pay to the Fund the employer's normal cost as set by the Board on the increment.

(5) For time spent in the military service, teachers entitled to and desiring credit therefor shall contribute the amount required for each year of service or fraction thereof at the rates in force (a) at the date of appointment, or (b) on return to teaching service as a regularly certified teacher, as the case may be; provided such rates shall not be less than $450 per year of service. These conditions shall apply unless an Employer elects to and does pay into the Fund the amount which would have been due from such person had he been employed as a teacher during such time. In the case of credit for military service not during the pension period, the teacher must also pay to the Fund an amount determined by the Board to be equal to the employer's normal cost of the benefits accrued from such service, plus interest thereon at 5% per year, compounded annually, from the date of appointment to the date of payment.

The changes to this Section made by Public Act 87-795 shall apply not only to persons who on or after its effective date are in service under the Fund, but also to persons whose status as a teacher terminated prior to that date, whether or not the person is an annuitant on that date. In the case of an annuitant who applies for credit allowable under this Section for a period of military service that did not immediately follow employment, and who has made the required contributions for such credit, the annuity shall be recalculated to include the additional service credit, with the increase taking effect on the date the Fund received written notification of the annuitant's intent to purchase the credit, if payment of all the required contributions is made within 60 days of such notice, or else on the first annuity payment date following the
date of payment of the required contributions. In calculating the automatic annual increase for an annuity that has been recalculated under this Section, the increase attributable to the additional service allowable under this amendatory Act of 1991 shall be included in the calculation of automatic annual increases accruing after the effective date of the recalculation.

The total credit for military service shall not exceed 5 years, except that any teacher who on July 1, 1963, had validated credit for more than 5 years of military service shall be entitled to the total amount of such credit.

(6) A maximum of 244 unused sick days credited to his account by an Employer on the date of termination of employment. Members, upon verification of unused sick days, may add this service time to total creditable service.

(7) In all cases where time spent on leave is creditable and no payroll deductions therefor are made by an Employer, persons desiring service credit shall make the required contributions directly to the Fund.

(8) For time lost without pay due to layoff and curtailment of the school term from June 6 through June 21, 1976, as provided in item (e) of the first paragraph of this Section, persons who were contributors on the days immediately preceding such layoff shall receive credit upon paying to the Fund a contribution based on the rates of compensation and employee contributions in effect at the time of such layoff, together with an additional amount equal to 12.2% of the compensation computed for such period of layoff, plus interest on the entire amount at 5% per annum from January 1, 1978 to the date of payment. If such contribution is paid, salary for pension purposes for any year in which such a layoff occurred shall include the compensation recognized for purposes of computing that contribution.

(9) For time spent after June 30, 1982, as a nonsalaried member of the Board of Education, if required to resign from an administrative or teaching position in order to qualify as a member of the Board of Education, an administrator or teacher desiring credit therefor shall pay the required contributions at the rates and salaries in effect during such periods as though the member were in service.

Effective September 1, 1974, the interest charged for validation of service described in paragraphs (2) through (5) of this Section shall be compounded annually at a rate of 5% commencing one year after the termination of the leave or return to service.

a temporary and non-annual basis for not more than 150 days during any school year or on

than 150 days' employment, the pensioner shall be deemed to have returned to service on the
first day of employment as a pensioner substitute. The pensioner shall reimburse the Fund
for pension payments received after the return to service and shall pay to the Fund the
participant's contributions prescribed in Section 17-130 of this Article:

(c) If the date of re-employment on a permanent or annual basis occurs within 5
school months after the date of previous retirement, exclusive of any vacation period, the
member shall be deemed to have been out of service only temporarily and not permanently
retired. Such person shall be entitled to pension payments for the time he could have been
employed as a teacher and received salary, but shall not be entitled to pension for or during
the summer vacation prior to his return to service.

When the member again retires on pension, the time of service and the money
contributed by him during re-employment shall be added to the time and money previously
credited. Such person must acquire 3 consecutive years of additional contributing service
before he may retire again on a pension at a rate and under conditions other than those in
force or attained at the time of his previous retirement.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Article 1

Section 1-1. Short title. This Act may be cited as the FY2003 Budget Implementation (State Finance) Act.

Section 1-5. Purpose. It is the purpose of this Act to make changes relating to State finance that are necessary to implement the State's FY2003 budget.

Article 5

Section 5-5. The State Employees Group Insurance Act of 1971 is amended by changing Section 8 as follows:

(5 ILCS 375/8) (from Ch. 127, par. 528)
Sec. 8. Eligibility.
(a) Each member eligible under the provisions of this Act and any rules and regulations promulgated and adopted hereunder by the Director shall become immediately eligible and covered for all benefits available under the programs. Members electing coverage for eligible dependents shall have the coverage effective immediately, provided that the election is properly filed in accordance with required filing dates and procedures specified by the Director.

1. Every member originally eligible to elect dependent coverage, but not electing it during the original eligibility period, may subsequently obtain dependent coverage only in the event of a qualifying change in status, special enrollment, special circumstance as defined by the Director, or during the annual Benefit Choice Period.

2. Members described above being transferred from previous coverage towards which the State has been contributing shall be transferred regardless of preexisting conditions, waiting periods, or other requirements that might jeopardize claim payments to which they would otherwise have been entitled.

3. Eligible and covered members that are eligible for coverage as dependents except for the fact of being members shall be transferred to, and covered under, dependent status regardless of preexisting conditions, waiting periods, or other requirements that might jeopardize claim payments to which they would otherwise have been entitled upon cessation of member status and the election of dependent coverage by a member eligible to elect that coverage.

(b) New employees shall be immediately insured for the basic group life insurance and covered by the program of health benefits on the first day of active State service. Optional coverages or benefits, if elected during the relevant eligibility period, will become effective on the date of employment. Optional coverages or benefits applied for after the eligibility period will be effective, subject to satisfactory evidence of insurability when

applicable, or other necessary qualifications, pursuant to the requirements of the applicable benefit program, unless there is a change in status that would confer new eligibility for change of enrollment under rules established supplementing this Act, in which event application must be made within the new eligibility period.

(c) As to the group health benefits program contracted to begin or continue after June 30, 1973, each retired employee shall become immediately eligible and covered for all benefits available under that program. Retired employees may elect coverage for eligible dependents and shall have the coverage effective immediately, provided that the election is properly filed in accordance with required filing dates and procedures specified by the Director.

Where husband and wife are both eligible members, each shall be enrolled as a member and coverage on their eligible dependent children, if any, may be under the enrollment and election of either.

Regardless of other provisions herein regarding late enrollment or other qualifications, as appropriate, the Director may periodically authorize open enrollment periods for each of the benefit programs at which time each member may elect enrollment or change of enrollment without regard to age, sex, health, or other qualification under the conditions as may be prescribed in rules and regulations supplementing this Act. Special open enrollment periods may be declared by the Director for certain members only when special circumstances occur that affect only those members.

(d) Beginning with fiscal year 2003 and for all subsequent years, eligible members may elect not to participate in the program of health benefits as defined in this Act. The election must be made during the annual benefit choice period, subject to the conditions in this subsection.

(1) Members must furnish proof of health benefit coverage, either comprehensive major medical coverage or comprehensive managed care plan, from a source other than the Department of Central Management Services in order to elect not to participate in the program.

(2) Members may re-enroll in the Department of Central Management Services program of health benefits upon showing a qualifying change in status, as defined in the U.S. Internal Revenue Code, without evidence of insurability and with no limitations on coverage for pre-existing conditions, provided that there was not a break in coverage of more than 63 days.

(3) Members may also re-enroll in the program of health benefits during any annual benefit choice period, without evidence of insurability.

(4) Members who elect not to participate in the program of health benefits shall be furnished a written explanation of the requirements and limitations for the election not to participate in the program and for re-enrolling in the program. The explanation shall also be included in the annual benefit choice options booklets furnished to members.

(a) Transfers among line item appropriations from the same treasury fund for the objects specified in this Section may be made in the manner provided in this Section when the balance remaining in one or more such line item appropriations is insufficient for the purpose for which the appropriation was made.

No transfers may be made from one agency to another agency, nor may transfers be made from one institution of higher education to another institution of higher education. Transfers may be made only among the objects of expenditure enumerated in this Section, except that no funds may be transferred from any appropriation for personal services, from any appropriation for State contributions to the State Employees' Retirement System, from any separate appropriation for employee retirement contributions paid by the employer, nor from any appropriation for State contribution for employee group insurance. Further, if an agency receives a separate appropriation for employee retirement contributions paid by the employer, any transfer by that agency into an appropriation for personal services must be accompanied by a corresponding transfer into the appropriation for employee retirement contributions paid by the employer, in an amount sufficient to meet the employer share of the employee contributions required to be remitted to the retirement system.

The officer responsible for approval shall certify that the transfer is necessary to carry out the programs and purposes for which the appropriations were made by the General Assembly and shall transmit to the State Comptroller a certified copy of the approval which shall set forth the specific amounts transferred so that the Comptroller may change his records accordingly. (35 ILCS 105/9) (from Ch. 120, par. 439.9)

Sec. 9. Except as to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, each retailer required or authorized to collect the tax imposed by this Act shall pay to the Department the amount of such tax (except as otherwise provided) at the time when he is required to file his return for the period during which such tax was collected, less a discount of 2.1% prior to January 1, 1990, and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the retailer for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return. A retailer need not remit that part of any tax collected by him to the extent that he is required to remit and does remit the tax imposed by the Retailers' Occupation Tax Act, with respect to the sale of the same property.

Such return shall be filed on forms prescribed by the Department and shall furnish such information as the Department may reasonably require.

5. The amount of tax due;
5-5. The signature of the taxpayer; and

The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month. Before October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $9,000, or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $10,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $10,000 threshold stated above, then such taxpayer may petition the Department for change in such taxpayer's reporting status. On and after October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $20,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $20,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. The Department shall change such taxpayer's reporting status unless it finds that such change is seasonal in nature and not likely to be long term. If any such quarter monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the quarter monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

If any such payment provided for in this Section exceeds the taxpayer's liabilities under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, as shown by an original monthly return, the Department shall issue to the taxpayer a credit memorandum no later than 30 days after the date of payment, which memorandum may be submitted by the taxpayer to the Department in payment of tax liability subsequently to be remitted by the taxpayer to the Department or be assigned by the taxpayer.
to a similar taxpayer under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations to be prescribed by the Department, except that if such excess payment is shown on an original monthly return and is made after December 31, 1986, no credit memorandum shall be issued, unless requested by the taxpayer. If no such request is made, the taxpayer may credit such excess payment against tax liability subsequently to be remitted by the taxpayer to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determines that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer's 2.1% or 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of the difference between the credit taken and that actually due, and the taxpayer shall be liable for penalties and interest on such difference.

If the retailer is otherwise required to file a monthly return and if the retailer's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarterly basis, with the return for January, February, and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarterly and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a retailer may file his return, in the case of any retailer who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such retailer shall file a final return under this Act with the Department not more than one month after discontinuing such business.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, every retailer selling this kind of tangible personal property shall file, with the Department, upon a form to be prescribed and supplied by the Department, a separate return for each such item of tangible personal property which the retailer sells, except that if, in the same transaction, (i) a retailer of aircraft, watercraft, motor vehicles or trailers transfers more than one aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft, motor vehicle or trailer retailer for the purpose of resale or (ii) a retailer of aircraft, watercraft, motor vehicles, or trailers transfers more than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying rolling stock as provided in Section 3-55 of this Act, then that seller may report
the transfer of all the aircraft, watercraft, motor vehicles or trailers involved in that transaction to the Department on the same uniform invoice-transaction reporting return form. For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

The transaction reporting return in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of the Illinois Vehicle Code and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 2 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold; such other information as is required in Section 5-402 of the Illinois Vehicle Code, and such other information as the Department may reasonably require.

The transaction reporting return in the case of watercraft and aircraft must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 2 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale, a sufficient identification of the property sold, and such other information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days after the date of delivery of the item that is being sold, but may be filed by the retailer at any time sooner than that if he chooses to do so. The transaction reporting return and tax remittance or proof of exemption from the tax that is imposed by this Act may be transmitted to the Department by way of the State agency with which, or State officer with whom, the tangible personal property must be titled or registered (if titling or registration is required) if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the purchaser's name, a tax receipt (or a certificate of exemption if the Department is satisfied that the
particular sale is tax exempt) which such purchaser may submit to the agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a user, who has paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the transaction reporting return filed and the payment of tax or proof of exemption made to the Department before the retailer is willing to take these actions and such user has not paid the tax to the retailer, such user may certify to the fact of such delay by the retailer, and may (upon the Department being satisfied of the truth of such certification) transmit the information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules to carry out the mandate of this paragraph.

Where a retailer collects the tax with respect to the selling price of tangible personal property which he sells and the purchaser thereafter returns such tangible personal property and the retailer refunds the selling price thereof to the purchaser, such retailer shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the retailer may deduct the amount of the tax so refunded by him to the purchaser from any other use tax which such retailer may be required to pay or remit to the Department, as shown by such return, if the amount of the tax to be deducted was previously remitted to the Department by such retailer. If the retailer has not previously remitted the amount of such tax to the Department, he is entitled to no deduction under this Act upon refunding such tax to the purchaser.

Any retailer filing a return under this Section shall also include (for the purpose of paying tax thereon) the total tax covered by such return upon the selling price of tangible personal property purchased by him at retail from a retailer, but as to which the tax imposed by this Act was not collected from the retailer filing such return, and such retailer shall remit the amount of such tax to the Department when filing such return.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable retailers, who are required to file returns hereunder and also under the Retailers' Occupation Tax Act, to furnish all the return information required by both Acts on the one form.
Where the retailer has more than one business registered with the Department under separate registration under this Act, such retailer may not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund, a special fund in the State Treasury which is hereby created, the net revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics.

Beginning January 1, 1990, each month the Department shall pay into the County and Mass Transit District Fund 4% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund, a special fund in the State Treasury, 20% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property, other than tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning August 1, 2000, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund 16% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as defined in Section 3 of the Retailers' Occupation Tax Act), an amount equal to the difference shall be

If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act, but not in excess of the sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers’ Occupation Tax Act into the McCormick Place Expansion Project Fund in the specified fiscal years.

cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendment thereto hereafter enacted, each month the Department shall pay into the Local Government Distributive Fund .4% of the net revenue realized for the preceding month from the 5% general rate, or .4% of 80% of the net revenue realized for the preceding month from the 6.25% general rate, as the case may be, on the selling price of tangible personal property which amount shall, subject to appropriation, be distributed as provided in Section 2 of the State Revenue Sharing Act. No payments or distributions pursuant to this paragraph shall be made if the tax imposed by this Act on photoprocessing products is declared unconstitutional, or if the proceeds from such tax are unavailable for distribution because of litigation.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund and the Local Government Distributive Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund, the Local Government Distributive Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Community Affairs Law of the Civil Administrative Code of Illinois.

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for
overpayment of liability.

For greater simplicity of administration, manufacturers, importers and wholesalers whose products are sold at retail in Illinois by numerous retailers, and who wish to do so, may assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the retailers who are affected do not make written objection to the Department to this arrangement.

Section 5-22. The Service Use Tax Act is amended by changing Section 9 as follows:

(35 ILCS 110/9) (from Ch. 120, par. 439.39)

Sec. 9. Each serviceman required or authorized to collect the tax herein imposed shall pay to the Department the amount of such tax (except as otherwise provided) at the time when he is required to file his return for the period during which such tax was collected, less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the serviceman for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. A serviceman need not remit that part of any tax collected by him to the extent that he is required to pay and does pay the tax imposed by the Service Occupation Tax Act with respect to his sale of service involving the incidental transfer by him of the same property.

Except as provided hereinafter in this Section, on or before the twentieth day of each calendar month, such serviceman shall file a return for the preceding calendar month in accordance with reasonable Rules and Regulations to be promulgated by the Department. Such return shall be filed on a form prescribed by the Department and shall contain such information as the Department may reasonably require.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in business as a serviceman in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
5-5. The signature of the taxpayer; and
6. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand

for signature by the Department, the return shall be considered valid and any amount shown
to be due on the return shall be deemed assessed.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of
$150,000 or more shall make all payments required by rules of the Department by electronic
funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax
liability of $100,000 or more shall make all payments required by rules of the Department
by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average
monthly tax liability of $50,000 or more shall make all payments required by rules of the
Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an
annual tax liability of $200,000 or more shall make all payments required by rules of the
Department by electronic funds transfer. The term "annual tax liability" shall be the sum
of the taxpayer's liabilities under this Act, and under all other State and local occupation and
use tax laws administered by the Department, for the immediately preceding calendar year.
The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this
Act, and under all other State and local occupation and use tax laws administered by the
Department, for the immediately preceding calendar year divided by 12. Beginning on
October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b)
of Section 2505-210 of the Department of Revenue Law shall make all payments required
by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all
taxpayers required to make payments by electronic funds transfer. All taxpayers required to
make payments by electronic funds transfer shall make those payments for a minimum of one
year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make
payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any
taxpayers authorized to voluntarily make payments by electronic funds transfer shall make
those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of
electronic funds transfer and the requirements of this Section.

If the serviceman is otherwise required to file a monthly return and if the serviceman's
average monthly tax liability to the Department does not exceed $200, the Department may
authorize his returns to be filed on a quarterly basis, with the return for January, February
and March of a given year being due by April 20 of such year; with the return for
April, May and June of a given year being due by July 20 of such year; with the return for

the return for October, November and December of a given year being due by January 20 of
the following year.

If the serviceman is otherwise required to file a monthly or quarterly return and if the
serviceman's average monthly tax liability to the Department does not exceed $50, the
Department may authorize his returns to be filed on an annual basis, with the return for a
given year being due by January 20 of the following year.

Such quarterly and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a serviceman may file his return, in the case of any serviceman who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such serviceman shall file a final return under this Act with the Department not more than 1 month after discontinuing such business.

Where a serviceman collects the tax with respect to the selling price of property which he sells and the purchaser thereafter returns such property and the serviceman refunds the selling price thereof to the purchaser, such serviceman shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the serviceman may deduct the amount of the tax so refunded by him to the purchaser from any other Service Use Tax, Service Occupation Tax, retailers’ occupation tax or use tax which such serviceman may be required to pay or remit to the Department, as shown by such return, provided that the amount of the tax to be deducted shall previously have been remitted to the Department by such serviceman. If the serviceman shall not previously have remitted the amount of such tax to the Department, he shall be entitled to no deduction hereunder upon refunding such tax to the purchaser.

Any serviceman filing a return hereunder shall also include the total tax upon the selling price of tangible personal property purchased for use by him as an incident to a sale of service, and such serviceman shall remit the amount of such tax to the Department when filing such return.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable servicemen, who are required to file returns hereunder and also under the Service Occupation Tax Act, to furnish all the return information required by both Acts on the one form.

Where the serviceman has more than one business registered with the Department under separate registration hereunder, such serviceman shall not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Community Affairs Law of the Civil Administrative Code of Illinois.

All remaining moneys received by the Department pursuant to this Act shall be paid into the General Revenue Fund of the State Treasury.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

Section 5-23. The Service Occupation Tax Act is amended by changing Section 9 as follows:

(35 ILCS 115/9) (from Ch. 120, par. 439.109)

Sec. 9. Each serviceman required or authorized to collect the tax herein imposed shall pay to the Department the amount of such tax at the time when he is required to file his return for the period during which such tax was collectible, less a discount of 2.1% prior to January 1, 1990, and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the serviceman for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request.

Where such tangible personal property is sold under a conditional sales contract, or under any other form of sale wherein the payment of the principal sum, or a part thereof, is extended beyond the close of the period for which the return is filed, the serviceman, in collecting the tax may collect, for each tax return period, only the tax applicable to the part of the selling price actually received during such tax return period.

Except as provided hereinafter in this Section, on or before the twentieth day of each calendar month, such serviceman shall file a return for the preceding calendar month in accordance with reasonable rules and regulations to be promulgated by the Department of Revenue. Such return shall be filed on a form prescribed by the Department and shall contain such information as the Department may reasonably require.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in business as a serviceman in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
5-5. The signature of the taxpayer; and
6. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

A serviceman may accept a Manufacturer's Purchase Credit certification from a purchaser in satisfaction of Service Use Tax as provided in Section 3-70 of the Service Use Tax Act if the purchaser provides the appropriate documentation as required by Section 3-70 of the Service Use Tax Act. A Manufacturer's Purchase Credit certification, accepted by a serviceman as provided in Section 3-70 of the Service Use Tax Act, may be used by that serviceman to satisfy Service Occupation Tax liability in the amount claimed in the certification, not to exceed 6.25% of the receipts subject to tax from a qualifying purchase.

If the serviceman's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the serviceman's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a serviceman may file his return, in the case of any serviceman who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such serviceman shall file a final return under this Act with the Department not more than 1 month after discontinuing such business.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Where a serviceman collects the tax with respect to the selling price of tangible personal property which he sells and the purchaser thereafter returns such tangible personal property and the serviceman refunds the selling price thereof to the purchaser, such serviceman shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the serviceman may deduct the amount of the tax so refunded by him to the purchaser from any other Service Occupation Tax, Service Use Tax, Retailers' Occupation Tax or Use Tax which such serviceman may be required to pay or remit to the Department, as shown by such return, provided that the amount of the tax to be deducted shall previously have been remitted to the Department by such serviceman. If the serviceman shall not previously have remitted the amount of such tax to the Department, he shall be entitled to no deduction hereunder upon refunding such tax to the purchaser.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable servicemen, who are required to file returns hereunder and also under the Retailers' Occupation Tax Act, the Use Tax Act or the Service Use Tax Act, to furnish all the return information required by all said Acts on the one form.

Where the serviceman has more than one business registered with the Department under separate registrations hereunder, such serviceman shall file separate returns for each
registered business.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund the revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics.

Beginning January 1, 1990, each month the Department shall pay into the County and Mass Transit District Fund 4% of the revenue realized for the preceding month from the 6.25% general rate.

Beginning August 1, 2000, each month the Department shall pay into the County and Mass Transit District Fund 20% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund 16% of the revenue realized for the preceding month from the 6.25% general rate on transfers of tangible personal property.

Beginning August 1, 2000, each month the Department shall pay into the Local Government Tax Fund 80% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as defined in Section 3 of the Retailers' Occupation Tax Act), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Account in the Build Illinois Fund during such month and (2) the amount transferred during such month to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year; and, further

provided, that the amounts payable into the Build Illinois Fund under this clause (b) shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget. If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act, but not in excess of the sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers’ Occupation Tax Act into the McCormick Place Expansion Project Fund in the specified fiscal years.

SUBJECT TO PAYMENT OF AMOUNTS INTO THE BUILD ILLINOIS FUND AND THE MCCORMICK PLACE EXPANSION PROJECT FUND PURSUANT TO THE PRECEDING PARAGRAPHS OR IN ANY AMENDMENT THERETO HEREAFTER ENACTED, EACH MONTH THE DEPARTMENT SHALL PAY INTO THE LOCAL GOVERNMENT DISTRIBUTIVE FUND 0.4% OF THE NET REVENUE REALIZED FOR THE PRECEDING MONTH FROM THE 5% GENERAL RATE OR 0.4% OF 80% OF THE NET REVENUE REALIZED FOR THE PRECEDING MONTH FROM THE 6.25% GENERAL RATE, AS THE CASE MAY BE, ON THE SELLING PRICE OF TANGIBLE PERSONAL PROPERTY WHICH AMOUNT SHALL, SUBJECT TO APPROPRIATION, BE DISTRIBUTED AS PROVIDED IN SECTION 2 OF THE
State Revenue Sharing Act. No payments or distributions pursuant to this paragraph shall be made if the tax imposed by this Act on photoprocessing products is declared unconstitutional, or if the proceeds from such tax are unavailable for distribution because of litigation.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund and the Local Government Distributive Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund and the Local Government Distributive Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Community Affairs Law of the Civil Administrative Code of Illinois.

Remaining moneys received by the Department pursuant to this Act shall be paid into the General Revenue Fund of the State Treasury.

The Department may, upon separate written notice to a taxpayer, require the taxpayer to prepare and file with the Department on a form prescribed by the Department within not less than 60 days after receipt of the notice an annual information return for the tax year specified in the notice. Such annual return to the Department shall include a statement of gross receipts as shown by the taxpayer's last Federal income tax return. If the total receipts of the business as reported in the Federal income tax return do not agree with the gross receipts reported to the Department of Revenue for the same period, the taxpayer shall attach to his annual return a schedule showing a reconciliation of the 2 amounts and the reasons for the difference. The taxpayer's annual return to the Department shall also disclose the cost of goods sold by the taxpayer during the year covered by such return, opening and closing inventories of such goods for such year, cost of goods used from stock or taken from stock and given away by the taxpayer during such year, payroll information of the taxpayer's business during such year and any additional reasonable information which the Department deems would be helpful in determining the accuracy of the monthly, quarterly or annual returns filed by such taxpayer as hereinbefore provided for in this Section.

If the annual information return required by this Section is not filed when and as required, the taxpayer shall be liable as follows:

(i) Until January 1, 1994, the taxpayer shall be liable for a penalty equal to 1/6 of 1% of the tax due from such taxpayer under this Act during the period to be covered by the annual return for each month or fraction of a month until such return

is filed as required, the penalty to be assessed and collected in the same manner as any other penalty provided for in this Act.

(ii) On and after January 1, 1994, the taxpayer shall be liable for a penalty as described in Section 3-4 of the Uniform Penalty and Interest Act.

The chief executive officer, proprietor, owner or highest ranking manager shall sign the annual return to certify the accuracy of the information contained therein. Any person who willfully signs the annual return containing false or inaccurate information shall be guilty of perjury and punished accordingly. The annual return form prescribed by the Department shall include a warning that the person signing the return may be liable for perjury.

The foregoing portion of this Section concerning the filing of an annual information return shall not apply to a serviceman who is not required to file an income tax return with the United States Government.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, it shall be permissible for manufacturers, importers and wholesalers whose products are sold by numerous servicemen in Illinois, and who wish to do so, to assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the servicemen who are affected do not make written objection to the Department to this arrangement.

2. His residence address and the address of his principal place of business and the address of the principal place of business (if that is a different address) from which he engages in the business of selling tangible personal property at retail in this State;

from services furnished, by him during such preceding calendar month or quarter;

10. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand
for signature by the Department, the return shall be considered valid and any amount shown
to be due on the return shall be deemed assessed.

Each return shall be accompanied by the statement of prepaid tax issued pursuant to
Section 2e for which credit is claimed.

A retailer may accept a Manufacturer's Purchase Credit certification from a purchaser
in satisfaction of Use Tax as provided in Section 3-85 of the Use Tax Act if the purchaser
provides the appropriate documentation as required by Section 3-85 of the Use Tax Act. A
Manufacturer's Purchase Credit certification, accepted by a retailer as provided in Section
3-85 of the Use Tax Act, may be used by that retailer to satisfy Retailers’ Occupation Tax
liability in the amount claimed in the certification, not to exceed 6.25% of the receipts
subject to tax from a qualifying purchase.

The Department may require returns to be filed on a quarterly basis. If so required,
a return for each calendar quarter shall be filed on or before the twentieth day of the calendar
month following the end of such calendar quarter. The taxpayer shall also file a return with
the Department for each of the first two months of each calendar quarter, on or before the
twentieth day of the following calendar month, stating:

1. The name of the seller;

2. The address of the principal place of business from which he engages in the
business of selling tangible personal property at retail in this State;

3. The total amount of taxable receipts received by him during the preceding
calendar month from sales of tangible personal property by him during such
preceding calendar month, including receipts from charge and time sales, but less all

6. Such other reasonable information as the Department may require.

If a total amount of less than $1 is payable, refundable or creditable, such amount
shall be disregarded if it is less than 50 cents and shall be increased to $1 if it is 50 cents or
more.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Any amount which is required to be shown or reported on any return or other document under this Act shall, if such amount is not a whole-dollar amount, be increased to the nearest whole-dollar amount in any case where the fractional part of a dollar is 50 cents or more, and decreased to the nearest whole-dollar amount where the fractional part of a dollar is less than 50 cents.

If the retailer is otherwise required to file a monthly return and if the retailer's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarterly basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly return and if the
retailer's average monthly tax liability with the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a retailer may file his return, in the case of any retailer who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such retailer shall file a final return under this Act with the Department not more than one month after discontinuing such business.

Where the same person has more than one business registered with the Department under separate registrations under this Act, such person may not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, every retailer selling this kind of tangible personal property shall file, with the Department, upon a form to be prescribed and supplied by the Department, a separate return for each such item of tangible personal property which the retailer sells, except that if, in the same transaction, (i) a retailer of aircraft, watercraft, motor vehicles or trailers transfers more than one aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft, motor vehicle retailer or trailer retailer for the purpose of resale or (ii) a retailer of aircraft, watercraft, motor vehicles, or trailers transfers more than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying rolling stock as provided in Section 2-5 of this Act, then that seller may report the transfer of all aircraft, watercraft, motor vehicles or trailers involved in that transaction to the Department on the same uniform invoice-transaction reporting return form. For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

Any retailer who sells only motor vehicles, watercraft, aircraft, or trailers that are required to be registered with an agency of this State, so that all retailers' occupation tax liability is required to be reported, and is reported, on such transaction reporting returns and who is not otherwise required to file monthly or quarterly returns, need not file monthly or quarterly returns. However, those retailers shall be required to file returns on an annual basis.

The transaction reporting return, in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of The Illinois Vehicle Code and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the
amount of tax due from the retailer with respect to such transaction; the amount of tax
collected from the purchaser by the retailer on such transaction (or satisfactory evidence that
such tax is not due in that particular instance, if that is claimed to be the fact); the place and
date of the sale; a sufficient identification of the property sold; such other information as is
required in Section 5-402 of The Illinois Vehicle Code, and such other information as the
Department may reasonably require.

The transaction reporting return in the case of watercraft or aircraft must show the
name and address of the seller; the name and address of the purchaser; the amount of the
selling price including the amount allowed by the retailer for traded-in property, if any; the
amount allowed by the retailer for the traded-in tangible personal property, if any, to the
extent to which Section 1 of this Act allows an exemption for the value of traded-in property;
the balance payable after deducting such trade-in allowance from the total selling price; the
amount of tax due from the retailer with respect to such transaction; the amount of tax
collected from the purchaser by the retailer on such transaction (or satisfactory evidence that
such tax is not due in that particular instance, if that is claimed to be the fact); the place and
date of the sale, a sufficient identification of the property sold, and such other information
as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days after the day of
delivery of the item that is being sold, but may be filed by the retailer at any time sooner than
that if he chooses to do so. The transaction reporting return and tax remittance or proof of
exemption from the Illinois use tax may be transmitted to the Department by way of the State
agency with which, or State officer with whom the tangible personal property must be titled
or registered (if titling or registration is required) if the
Department and such agency or State
officer determine that this procedure will expedite the processing of applications for title or
registration.

With each such transaction reporting return, the retailer shall remit the proper amount
of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case),
to the Department or its agents, whereupon the Department shall issue, in the purchaser's
name, a use tax receipt (or a certificate of exemption if the Department is satisfied that the
particular sale is tax exempt) which such purchaser may submit to the agency with which,
or State officer with whom, he must title or register the tangible personal property that is
involved (if titling or registration is required) in support of such purchaser's application for
an Illinois certificate or other evidence of title or registration to such tangible personal
property.

No retailer's failure or refusal to remit tax under this Act precludes a user, who has
paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of
title or registration (if titling or registration is required) upon satisfying the Department that
such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt
appropriate rules to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the transaction reporting
return filed and the payment of the tax or proof of exemption made to the Department before
the retailer is willing to take these actions and such user has not paid the tax to the retailer,

such user may certify to the fact of such delay by the retailer and may (upon the Department being satisfied of the truth of such certification) transmit the information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or exemption determination, in which event the transaction reporting return and tax remittance (if a tax payment was required) shall be credited by the Department to the proper retailer's account with the Department, but without the 2.1% or 1.75% discount provided for in this Section being allowed. When the user pays the tax directly to the Department, he shall pay the tax in the same amount and in the same form in which it would be remitted if the tax had been remitted to the Department by the retailer.

Refunds made by the seller during the preceding return period to purchasers, on account of tangible personal property returned to the seller, shall be allowed as a deduction under subdivision 5 of his monthly or quarterly return, as the case may be, in case the seller had theretofore included the receipts from the sale of such tangible personal property in a return filed by him and had paid the tax imposed by this Act with respect to such receipts.

Where the seller is a corporation, the return filed on behalf of such corporation shall be signed by the president, vice-president, secretary or treasurer or by the properly accredited agent of such corporation.

Where the seller is a limited liability company, the return filed on behalf of the limited liability company shall be signed by a manager, member, or properly accredited agent of the limited liability company.

Except as provided in this Section, the retailer filing the return under this Section shall, at the time of filing such return, pay to the Department the amount of tax imposed by this Act less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the retailer for the expenses incurred in keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. Any prepayment made pursuant to Section 2d of this Act shall be included in the amount on which such 2.1% or 1.75% discount is computed. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was $10,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. On and after October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was $20,000 or more during the

preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payment to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to January 1, 1985, each payment shall be in an amount equal to 1/4 of the taxpayer's actual liability for the month or an amount set by the Department not to exceed 1/4 of the average monthly liability of the taxpayer to the Department for the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability in such 4 quarter period). If the month during which such tax liability is incurred begins on or after January 1, 1985 and prior to January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1987 and prior to January 1, 1988, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1988, and prior to January 1, 1989, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1989, and prior to January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1996, and prior to January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year or 100% of the taxpayer's actual liability for the quarter monthly reporting period. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month. Before October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of $10,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $9,000, or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $10,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $10,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. On and after October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of $20,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly
liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $20,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $20,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. The Department shall change such taxpayer's reporting status unless it finds that such change is seasonal in nature and not likely to be long term. If any such quarter monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due as a payment and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the quarter monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

The provisions of this paragraph apply before October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes which average in excess of $25,000 per month during the preceding 2 complete calendar quarters, shall file a return with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to the effective date of this amendatory Act of 1985, each payment shall be in an amount not less than 22.5% of the taxpayer's actual liability under Section 2d. If the month during which such tax liability is incurred begins on or after January 1, 1986, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding calendar year. If the month during which such tax liability is incurred begins on or after January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until such taxpayer's average monthly prepaid tax collections during the preceding 2 complete calendar quarters is $25,000 or less. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

The provisions of this paragraph apply on and after October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has
collected prepaid taxes that average in excess of $20,000 per month during the preceding 4 complete calendar quarters shall file a return with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which the liability is incurred. Each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of the quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until the taxpayer's average monthly prepaid tax collections during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarters is less than $20,000. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

If any payment provided for in this Section exceeds the taxpayer's liabilities under this Act, the Use Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, as shown on an original monthly return, the Department shall, if requested by the taxpayer, issue to the taxpayer a credit memorandum no later than 30 days after the date of payment. The credit evidenced by such credit memorandum may be assigned by the taxpayer to a similar taxpayer under this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations to be prescribed by the Department. If no such request is made, the taxpayer may credit such excess payment against tax liability subsequently to be remitted to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determined that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer's 2.1% and 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of the difference between the credit taken and that actually due, and that taxpayer shall be liable for penalties and interest on such difference.

If a retailer of motor fuel is entitled to a credit under Section 2d of this Act which exceeds the taxpayer's liability to the Department under this Act for the month which the taxpayer is filing a return, the Department shall issue the taxpayer a credit memorandum for the excess.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund, a special fund in the State treasury which is hereby created, the net revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine

testing materials, syringes and needles used by diabetics.

Beginning January 1, 1990, each month the Department shall pay into the County and Mass Transit District Fund, a special fund in the State treasury which is hereby created, 4% of the net revenue realized for the preceding month from the 6.25% general rate.

Beginning August 1, 2000, each month the Department shall pay into the County and Mass Transit District Fund 20% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund 16% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Beginning August 1, 2000, each month the Department shall pay into the Local Government Tax Fund 80% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to this Act, Section 9 of the Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as hereinafter defined), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; the "Annual Specified Amount" means the amounts specified below for fiscal years 1986 through 1993:

less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year. The amounts payable into the Build Illinois Fund under clause (b) of the first sentence in this paragraph shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget.

If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the first sentence of this paragraph and shall reduce the amount otherwise payable for such fiscal year pursuant to that clause (b). The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act, but not in excess of sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers’ Occupation Tax Act into the McCormick Place Expansion Project Fund in the specified fiscal years.

Each fiscal year thereafter that bonds are outstanding under Section 13.2 of the Metropolitan Pier and Exposition Authority Act, but not after fiscal year 2042.

Beginning July 20, 1993 and in each month of each fiscal year thereafter, one-eighth of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority for that fiscal year, less the amount deposited into the McCormick Place Expansion Project Fund by the State Treasurer in the respective month under subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act, plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund.
Expansion Project Fund pursuant to the preceding paragraphs or in any amendment thereto hereafter enacted, each month the Department shall pay into the Local Government Distributive Fund 0.4% of the net revenue realized for the preceding month from the 5% general rate or 0.4% of 80% of the net revenue realized for the preceding month from the 6.25% general rate, as the case may be, on the selling price of tangible personal property which amount shall, subject to appropriation, be distributed as provided in Section 2 of the State Revenue Sharing Act. No payments or distributions pursuant to this paragraph shall be made if the tax imposed by this Act on photoprocessing products is declared unconstitutional, or if the proceeds from such tax are unavailable for distribution because of litigation.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund, and the Local Government Distributive Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund, and the Local Government Distributive Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Community Affairs Law of the Civil Administrative Code of Illinois.

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

The Department may, upon separate written notice to a taxpayer, require the taxpayer to prepare and file with the Department on a form prescribed by the Department within not less than 60 days after receipt of the notice an annual information return for the tax year specified in the notice. Such annual return to the Department shall include a statement of gross receipts as shown by the retailer's last Federal income tax return. If the total receipts of the business as reported in the Federal income tax return do not agree with the gross receipts reported to the Department of Revenue for the same period, the retailer shall attach to his annual report a schedule showing a reconciliation of the two amounts and the reasons for the difference. The retailer's annual return to the Department shall also disclose the cost of goods sold by the retailer during the year covered by such return, opening and closing inventories of such goods for such year, costs of goods used from stock or taken from stock and given away by the retailer during such year, payroll information of the retailer's business
during such year and any additional reasonable information which the Department deems would be helpful in determining the accuracy of the monthly, quarterly or annual returns filed by such retailer as provided for in this Section.

If the annual information return required by this Section is not filed when and as required, the taxpayer shall be liable as follows:

(i) Until January 1, 1994, the taxpayer shall be liable for a penalty equal to 1/6 of 1% of the tax due from such taxpayer under this Act during the period to be covered by the annual return for each month or fraction of a month until such return is filed as required, the penalty to be assessed and collected in the same manner as any other penalty provided for in this Act.

(ii) On and after January 1, 1994, the taxpayer shall be liable for a penalty as described in Section 3-4 of the Uniform Penalty and Interest Act.

The chief executive officer, proprietor, owner or highest ranking manager shall sign the annual return to certify the accuracy of the information contained therein. Any person who willfully signs the annual return containing false or inaccurate information shall be guilty of perjury and punished accordingly. The annual return form prescribed by the Department shall include a warning that the person signing the return may be liable for perjury.

The provisions of this Section concerning the filing of an annual information return do not apply to a retailer who is not required to file an income tax return with the United States Government.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, manufacturers, importers and wholesalers whose products are sold at retail in Illinois by numerous retailers, and who wish to do so, may assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the retailers who are affected do not make written objection to the Department to this arrangement.

Any person who promotes, organizes, provides retail selling space for concessionaires or other types of sellers at the Illinois State Fair, DuQuoin State Fair, county fairs, local fairs, art shows, flea markets and similar exhibitions or events, including any transient merchant as defined by Section 2 of the Transient Merchant Act of 1987, is required to file a report with the Department providing the name of the merchant's business, the name of the person or persons engaged in merchant's business, the permanent address and Illinois Retailers Occupation Tax Registration Number of the merchant, the dates and location of the event and other reasonable information that the Department may require. The report must be filed not
later than the 20th day of the month next following the month during which the event with retail sales was held. Any person who fails to file a report required by this Section commits a business offense and is subject to a fine not to exceed $250.

Any person engaged in the business of selling tangible personal property at retail as a concessionaire or other type of seller at the Illinois State Fair, county fairs, art shows, flea markets and similar exhibitions or events, or any transient merchants, as defined by Section 2 of the Transient Merchant Act of 1987, may be required to make a daily report of the amount of such sales to the Department and to make a daily payment of the full amount of tax due. The Department shall impose this requirement when it finds that there is a significant risk of loss of revenue to the State at such an exhibition or event. Such a finding shall be based on evidence that a substantial number of concessionaires or other sellers who are not residents of Illinois will be engaging in the business of selling tangible personal property at retail at the exhibition or event, or other evidence of a significant risk of loss of revenue to the State. The Department shall notify concessionaires and other sellers affected by the imposition of this requirement. In the absence of notification by the Department, the concessionaires and other sellers shall file their returns as otherwise required in this Section.

8. Such other reasonable information as the Department may require.

If the operator's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 30 of such year; with the return for April, May and June of a given year being due by July 31 of such year; with the return for July, August and September of a given year being due by October 31 of such year, and with the return for October, November and December of a given year being due by January 31 of the following year.

If the operator's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 31 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which an operator may file his return, in the case of any operator who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such operator shall file a final return under this Act with the Department not more than 1 month after discontinuing such business.

Where the same person has more than 1 business registered with the Department under separate registrations under this Act, such person shall not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

In his return, the operator shall determine the value of any consideration other than money received by him in connection with the renting, leasing or letting of rooms in the course of his business and he shall include such value in his return. Such determination shall be subject to review and revision by the Department in the manner hereinafter provided for the correction of returns.

Where the operator is a corporation, the return filed on behalf of such corporation shall be signed by the president, vice-president, secretary or treasurer or by the properly accredited agent of such corporation.

The person filing the return herein provided for shall, at the time of filing such return, pay to the Department the amount of tax herein imposed. The operator filing the return under this Section shall, at the time of filing such return, pay to the Department the amount of tax imposed by this Act less a discount of 2.1% or $25 per calendar year, whichever is greater, which is allowed to reimburse the operator for the expenses incurred in keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request.

There shall be deposited in the Build Illinois Fund in the State Treasury for each State fiscal year 40% of the amount of total net proceeds from the tax imposed by subsection (a) of Section 3. Of the remaining 60%, $5,000,000 shall be deposited in the Illinois Sports Facilities Fund and credited to the Subsidy Account each fiscal year by making monthly deposits in the amount of 1/8 of $5,000,000 plus cumulative deficiencies in such deposits for

prior months, and an additional $8,000,000 shall be deposited in the Illinois Sports Facilities Fund and credited to the Advance Account each fiscal year by making monthly deposits in the amount of 1/8 of $8,000,000 plus any cumulative deficiencies in such deposits for prior months; provided, that for fiscal years ending after June 30, 2001, the amount to be so deposited into the Illinois Sports Facilities Fund and credited to the Advance Account each fiscal year shall be increased from $8,000,000 to the then applicable Advance Amount and the required monthly deposits beginning with July 2001 shall be in the amount of 1/8 of the then applicable Advance Amount plus any cumulative deficiencies in those deposits for prior months. (The deposits of the additional $8,000,000 or the then applicable Advance Amount, as applicable, during each fiscal year shall be treated as advances of funds to the Illinois Sports Facilities Authority for its corporate purposes to the extent paid to the Authority or its trustee and shall be repaid into the General Revenue Fund in the State Treasury by the State Treasurer on behalf of the Authority pursuant to Section 19 of the Illinois Sports Facilities Authority Act, as amended. If in any fiscal year the full amount of the then applicable Advance Amount is not repaid into the General Revenue Fund, then the deficiency shall be paid from the amount in the Local Government Distributive Fund that would otherwise be allocated to the City of Chicago under the State Revenue Sharing Act.)

For purposes of the foregoing paragraph, the term "Advance Amount" means, for fiscal year 2002, $22,179,000, and for subsequent fiscal years through fiscal year 2032, 105.615% of the Advance Amount for the immediately preceding fiscal year, rounded up to the nearest $1,000.

Of the remaining 60% of the amount of total net proceeds from the tax imposed by subsection (a) of Section 3 after all required deposits in the Illinois Sports Facilities Fund, the amount equal to 8% of the net revenue realized from the Hotel Operators' Occupation Tax Act plus an amount equal to 8% of the net revenue realized from any tax imposed under Section 4.05 of the Chicago World's Fair-1992 Authority Act during the preceding month shall be deposited in the Local Tourism Fund each month for purposes authorized by Section 605-705 of the Department of Commerce and Community Affairs Law (20 ILCS 605/605-705) in the Local Tourism Fund, and beginning August 1, 1999 the amount equal to 4.5% 6% of the net revenue realized from the Hotel Operators' Occupation Tax Act during the preceding month shall be deposited into the International Tourism Fund for the purposes authorized in Section 46.6d of the Civil Administrative Code of Illinois. "Net revenue realized for a month" means the revenue collected by the State under that Act during the previous month less the amount paid out during that same month as refunds to taxpayers for overpayment of liability under that Act.

After making all these deposits, all other proceeds of the tax imposed under subsection (a) of Section 3 shall be deposited in the General Revenue Fund in the State Treasury. All moneys received by the Department from the additional tax imposed under subsection (b) of Section 3 shall be deposited into the Build Illinois Fund in the State Treasury.

less than 60 days after receipt of the notice an annual information return for the tax year specified in the notice. Such annual return to the Department shall include a statement of gross receipts as shown by the operator's last State income tax return. If the total receipts of the business as reported in the State income tax return do not agree with the gross receipts reported to the Department for the same period, the operator shall attach to his annual information return a schedule showing a reconciliation of the 2 amounts and the reasons for the difference. The operator's annual information return to the Department shall also disclose payroll information of the operator's business during the year covered by such return and any additional reasonable information which the Department deems would be helpful in determining the accuracy of the monthly, quarterly or annual tax returns by such operator as hereinbefore provided for in this Section.

If the annual information return required by this Section is not filed when and as required the taxpayer shall be liable for a penalty in an amount determined in accordance with Section 3-4 of the Uniform Penalty and Interest Act until such return is filed as required, the penalty to be assessed and collected in the same manner as any other penalty provided for in this Act.

The chief executive officer, proprietor, owner or highest ranking manager shall sign the annual return to certify the accuracy of the information contained therein. Any person who willfully signs the annual return containing false or inaccurate information shall be guilty of perjury and punished accordingly. The annual return form prescribed by the Department shall include a warning that the person signing the return may be liable for perjury.

The foregoing portion of this Section concerning the filing of an annual information return shall not apply to an operator who is not required to file an income tax return with the United States Government.

Sec. 5-42. Procedure for determining proper tax jurisdiction.
(a) Tax jurisdiction information provided by a municipality upon written request from a telecommunications retailer. For purposes of this subsection (a), "telecommunications retailer" does not include retailers providing Commercial Mobile Radio Service as the term is used in the Mobile Telecommunications Sourcing Act.

(1) A municipality may provide, within 30 days following receipt of a written request from a telecommunications retailer, the following:

(A) A list containing each street name, known street name aliases, street address number ranges, applicable directionals, and zip codes associated with each street name, for all street addresses located within the municipality. For a range of street address numbers located within a municipality that consists only of odd or even street numbers, the list must specify whether the street numbers in the range are odd or even. The list shall be alphabetical, except that numbered streets shall be in numerical sequence.

(B) A list containing each postal zip code and all the city names associated therewith for all zip codes assigned to geographic areas located

entirely within the municipality, including zip codes assigned to rural route boxes.

(C) A sequential list containing all rural route box number ranges and the city names and zip codes associated therewith, for all rural route boxes located within the municipality, except that rural route boxes with postal zip codes entirely within the municipality that are included on the list furnished under paragraph (B) need not be duplicated.

(D) The lists shall be printed. If a list is available through another medium, however, the municipality shall, upon request, furnish the list through such medium in addition to or in lieu of the printed lists. The municipality shall be responsible for updating the lists as changes occur and for furnishing this information to all telecommunications retailers affected by the changes. Each update shall specify an effective date, which shall be the next ensuing January 1, April 1, July 1, or October 1; shall be furnished to the telecommunications retailer not less than 60 days prior to the effective date; and shall identify the additions, deletions, and other changes to the preceding version of the list. If the information is received less than 60 days prior to the effective date of the change, the telecommunications retailer has until the next ensuing January 1, April 1, July 1, or October 1 to make the appropriate changes.

Nothing in this subsection (a) shall prevent a municipality from providing a telecommunications retailer with the information set forth in this subdivision (a)(1) in the absence of a written request from the telecommunications retailer.

(2) The telecommunications retailer shall be responsible for charging the tax to the service addresses contained in the lists requested under subdivision (a)(1) that include all of the elements required by this Section. If a service address is not included in the list or if no list is provided, the telecommunications retailer shall be held harmless from situsing errors provided it uses a reasonable methodology to assign the service address or addresses to a local tax jurisdiction. The telecommunications retailer shall be held harmless for any tax overpayments or underpayments (including penalty or interest) resulting from written information provided by the municipality or, in the case of disputes, the Department. If a municipality is aware of a situsing error in a telecommunications retailer's records, the municipality may file a written notification to the telecommunications retailer at an address specified by the telecommunications retailer describing the street address or addresses that are incorrect and, if known, the affected customer name or names and account number or numbers. If another jurisdiction is claiming the same street address or addresses that are the subject of the notification, the telecommunications retailer must notify the Department as specified in subdivision (a)(3) of this Section, otherwise, the telecommunications retailer shall make such correction to its records within 90 days.

(3) If it is determined from the lists or updates furnished under subdivision
(a)(1) that more than one municipality claims the same address or group of addresses, the telecommunications retailer shall notify the Department within 60 days of discovering the discrepancy. After notification and until resolution, the telecommunications retailer will continue its prior tax treatment and will be held harmless for any tax, penalty, and interest in the event the prior tax treatment is wrong. Upon resolution, the Department will notify the telecommunications retailer in a written form describing the resolution. Upon receipt of the resolution, the telecommunications retailer has until the next ensuing January 1, April 1, July 1, or October 1 to make the change.

(4) Municipalities shall notify any telecommunications retailer that has previously requested a list under subdivision (a)(1) of this Section of any annexations, de-annexations, or other boundary changes at least 60 days after the effective date of such changes. The notification shall contain each street name, known street name aliases, street address number ranges, applicable directionals, and zip codes associated with each street name, for all street addresses for which a change has occurred. The notice shall be mailed to an address designated by the telecommunications retailer. The telecommunications retailer has until the next ensuing January 1, April 1, July 1, or October 1 to make the changes described in such notification.

(b) The safe harbor provisions, Sections 40 and 45 of the Mobile Telecommunications Sourcing Conformity Act, shall apply to any telecommunications retailer electing to employ enhanced zip codes (zip+4) to assign each street address, address range, rural route box, or rural route box range in their service area to a specific municipal tax jurisdiction, except as provided under subdivision (c)(5). A telecommunications retailer shall make its election as prescribed by rules adopted by the Department.

(c) Persons who believe that they are improperly being charged a tax imposed under this Act because their service address is assigned to the wrong taxing jurisdiction shall file a written complaint with their telecommunications (mobile or non-mobile) retailer. The written complaint shall include the street address for her or his place of primary use for mobile telecommunications service or the service address for non-mobile telecommunications, the name and address of the telecommunications retailer who is collecting the tax imposed by this Act, the account name and number for which the person seeks a correction of the tax assignment, a description of the error asserted by that person, an estimated amount of tax claimed to have been incorrectly paid, the time period for which that amount of tax applies, and any other information that the telecommunications retailer may reasonably require to process the request. For purposes of this Section, the terms "place of primary use" and "mobile telecommunications service" shall have the same meanings as those terms are defined in the Mobile Telecommunications Sourcing Conformity Act.

Within 60 days after receiving the complaint under this subsection (c), the telecommunications retailer shall review its records, the written complaint, any information submitted by the affected municipality or municipalities, and the electronic database, if existing, or enhanced zip code used pursuant to Section 25 or 40 of the Mobile

Telecommunications Sourcing Conformity Act to determine the customer's taxing jurisdiction. If this review shows that the amount of tax, assignment of place of primary use or service address, or taxing jurisdiction is in error, the telecommunications retailer shall correct the error and refund or credit the amount of tax erroneously collected from the customer for the period still available for the filing of a claim for credit or refund by the telecommunications retailer under this Act. If this review shows that the amount of tax, assignment of place of primary use or service address, or taxing jurisdiction is correct, the telecommunications retailer shall provide a written explanation to the person from whom the notice was received.

(1) If the person is dissatisfied with the response from the telecommunications retailer, the customer may request a written determination from the Department on a form prescribed by the Department. The request shall contain the same information as was provided to the telecommunications retailer. The Department shall review the request for determination and make all reasonable efforts to determine if such person's place of primary use for mobile telecommunications service or the service address for non-mobile telecommunications is located within the jurisdictional boundaries of the municipality for which the person is being charged tax under this Act. Upon request by the Department, municipalities that have imposed a tax under this Act shall have 30 days to provide information to the Department regarding such requests for determination via certified mail.

(2) Within 90 days after receipt of a request for determination under subdivision (c)(1) of this Section, the Department shall issue a letter of determination to the person stating whether that person's place of primary use for mobile telecommunications service or the service address for non-mobile telecommunications is located within the jurisdictional boundaries of the municipality for which the person is being charged tax under this Act or naming the proper municipality, if different. The Department shall also list in the letter of determination, if the municipality has provided that information to the Department, the Department's findings as to the limit of the jurisdictional boundary (street address range) for the municipality in relation to the street address listed in the request for a letter of determination. A copy of such letter of determination shall be provided by the Department to the telecommunications retailer listed on the request for determination. The copy shall be sent via mail to an address designated by the telecommunications retailer.

(3) If the municipality or municipalities fail to respond as set forth in subdivision (c)(1), then the complaining person will no longer be subject to the tax imposed under this Act. The Department shall notify the relevant telecommunications retailer in writing of the automatic determination and also list its findings as to the street address listed in the request for a letter of determination. Upon receipt of the notice of automatic determination, the telecommunications retailer shall correct its records and refund or credit the amount of tax determined to have been paid by such person for the period still available for the filing of a claim for credit or refund by
the telecommunications retailer under this Act. A copy of the letter of determination shall be provided by the Department to the telecommunications retailer listed on the request for determination at an address designated by the telecommunications retailer.

(4) If the telecommunications retailer receives a copy of the letter of determination from the Department described in subdivision (c)(2) of this Section that states that such person’s place of primary use for mobile telecommunications service or the service address for non-mobile telecommunications is not located within the jurisdictional boundaries of the municipality for which that person is being charged tax under this Act and that provides the correct tax jurisdiction for the particular street address, the telecommunications retailer shall correct the error and refund or credit the amount of tax determined to have been paid in error by such person up to the period still available for the filing of a claim for credit or refund by the telecommunications retailer under this Act. The telecommunications retailer shall retain such copy of the letter of determination in its books and records and shall be held harmless for any tax, penalty, or interest due as a result of its reliance on such determination. If the Department subsequently receives information that discloses that such service addresses or places of primary use on that street are within the jurisdictional boundaries of a municipality other than the one specified in the previous letter, the Department shall notify the telecommunications retailer and the telecommunications customer in writing that the telecommunications retailer is to begin collecting tax for a specified municipality on the accounts associated with those service addresses or places of primary use. Notification to begin collecting tax on such accounts sent by the Department to the telecommunications retailers on or after October 1 and prior to January 1 shall be effective the following April 1. Notification to begin collecting tax on such accounts sent by the Department to the telecommunications retailers on or after January 1 and prior to April 1 shall be effective the following July 1. Notification to begin collecting tax on such accounts sent by the Department to the telecommunications retailers on or after April 1 and prior to July 1 shall be effective the following October 1. Notification to begin collecting tax on such accounts sent by the Department to the telecommunications retailers on or after July 1 and prior to October 1 shall be effective the following January 1.

(5) If the telecommunications retailer receives a copy of the letter of determination from the Department described in subdivisions (c)(2), (c)(3), or (c)(4) of this Section that states that such person’s place of primary use for mobile telecommunications service or the service address for non-mobile telecommunications is not located within the jurisdictional boundaries of the municipality for which that person is being charged tax under this Act and the telecommunications retailer fails to correct the error and refund or credit the appropriate amount of tax paid in error within the time period prescribed in subdivisions (c)(3) and (c)(4), the telecommunications retailer shall not be held

harmless for any tax, penalty, or interest due the Department as a result of the error.

(6) The procedures in this subsection (c) shall be the first course of remedy available to customers seeking correction of assignment of service address, place of primary use, taxing jurisdiction, an amount of tax paid erroneously, or other compensation for taxes, charges, or fees erroneously collected by a telecommunications retailer. No cause of action based upon a dispute arising from these taxes, charges, or fees shall accrue until a customer has reasonably exercised the rights and procedures set forth in this subsection (c). If a customer is not satisfied after exercising the rights and following the procedures set forth in this subsection (c), the customer shall have the normal cause of action available under the law to recover any tax, penalty, or interest from the telecommunications retailer.

(d) The provisions of this Section shall not apply to a municipality that directly receives collected tax revenue from a retailer pursuant to subsection (b) of Section 5-40. A municipality that receives tax revenue pursuant to subsection (b) of Section 5-40 for telecommunications other than mobile telecommunications service, as that term is defined in the Mobile Telecommunications Sourcing Conformity Act, shall establish a procedure to remedy the complaints of persons who believe they are being improperly taxed, which should consider the requirements set forth in subsection (c) of this Section.

Section 10. The Mobile Telecommunications Sourcing Conformity Act is amended by changing Section 80 as follows:

(35 ILCS 638/80)

 Sec. 80. Customers' procedures and remedies for correcting taxes and fees.

(a) If a customer believes that he or she is being charged an improper amount of tax or is not subject to a tax imposed under the Simplified Municipal Telecommunications Tax Act for a telecommunications service covered by the term "mobile telecommunications" under this Act, he or she shall follow the procedures outlined in subsection (c) of Section 5-42 of the Simplified Municipal Telecommunications Tax Act. The procedures outlined in subsection (c) of Section 5-42 of the Simplified Municipal Telecommunications Tax Act shall also apply to the home service provider, the Department, and municipalities.

(b) Nothing in subsection (a) shall apply to a municipality that directly receives collected tax revenue from a retailer under subsection (b) of Section 5-40 of the Simplified Municipal Telecommunications Tax Act for a telecommunications service covered by the term "mobile telecommunications service" under this Act. In lieu of subsection (a), a customer may seek relief under subsection (c) only if a municipality directly receives collected tax revenue from a retailer under subsection (b) of Section 5-40 of the Simplified Municipal Telecommunications Tax Act for a telecommunications service covered by the term "mobile telecommunications service" under this Act.

(c) For municipalities covered under subsection (b) of Section 5-40 of the Simplified Municipal Telecommunications Tax Act, if a customer believes that an amount of tax or assignment of place of primary use or taxing jurisdiction included on a billing is erroneous, the customer shall notify the home service provider in writing. The customer shall include

Within 60 days after receiving a notice under this subsection (c) (a), the home service provider shall review its records and the electronic database or enhanced zip code used pursuant to Section 25 or 40 to determine the customer's taxing jurisdiction. If this review shows that the amount of tax, assignment of place of primary use, or taxing jurisdiction is in error, the home service provider shall correct the error and refund or credit the amount of tax erroneously collected from the customer for a period of up to 2 years. If this review shows that the amount of tax, assignment of place of primary use, or taxing jurisdiction is correct, the home service provider shall provide a written explanation to the customer. (b) If the customer is dissatisfied with the response of the home service provider under this Section, the customer may seek a correction or refund or both from the municipality that directly receives collected tax revenue from a retailer pursuant to subsection (b) of Section 5-40 of the Simplified Municipal Telecommunications Tax Act for a telecommunications service covered by the term "mobile telecommunications service" under this Act taxing jurisdiction affected.

(d) (e) The procedures set forth in subsections (b) and (c) in this Section shall be the first course of remedy available to customers seeking correction of assignment of place of primary use or taxing jurisdiction or a refund of or other compensation for taxes, charges, and fees erroneously collected by the home service provider, and no cause of action based upon a dispute arising from these taxes, charges, or fees shall accrue until a customer has reasonably exercised the rights and procedures set forth in this Section.

were paid by a corporation that conducts business operations in a federally designated Foreign Trade Zone or Sub-Zone and that is designated a High Impact Business located in Illinois; provided that dividends eligible for the deduction provided in subparagraph (K) of paragraph (2) of this subsection shall not be eligible for the deduction provided under this subparagraph (M);

(N) An amount equal to the amount of the deduction used to compute the federal income tax credit for restoration of substantial amounts held under claim of right for the taxable year pursuant to Section 1341 of the Internal Revenue Code of 1986;

(O) For taxable years 2001 and thereafter, for the taxable year in which the bonus depreciation deduction (30% of the adjusted basis of the qualified property) is taken on the taxpayer's federal income tax return under subsection (k) of Section 168 of the Internal Revenue Code and for each applicable taxable year thereafter, an amount equal to "x", where:

1) "y" equals the amount of the depreciation deduction taken on the taxpayer's federal income tax return on property for which the bonus depreciation deduction (30% of the adjusted basis of the qualified property) was taken in any year under subsection (k) of Section 168 of the Internal Revenue Code, but not including the bonus depreciation deduction; and

2) "x" equals "y" multiplied by 30 and then divided by 70 (or "y" multiplied by 0.429).

The aggregate amount deducted under this subparagraph in all taxable years for any one piece of property may not exceed the amount of the bonus depreciation deduction (30% of the adjusted basis of the qualified property) taken on that property on the taxpayer's federal income tax return under subsection (k) of Section 168 of the Internal Revenue Code; and

(P) If the taxpayer reports a capital gain or loss on the taxpayer's federal income tax return for the taxable year based on a sale or transfer of property for which the taxpayer was required in any taxable year to make an addition modification under subparagraph (D-5), then an amount equal to that addition modification.

The taxpayer is allowed to take the deduction under this subparagraph only once with respect to any one piece of property.

(e) Gross income; adjusted gross income; taxable income.

1) In general. Subject to the provisions of paragraph (2) and subsection (b)(3), for purposes of this Section and Section 803(e), a taxpayer's gross income, adjusted gross income, or taxable income for the taxable year shall mean the amount of gross income, adjusted gross income or taxable income properly reportable for federal income tax purposes for the taxable year under the provisions of the Internal Revenue Code. Taxable income may be less than zero. However, for taxable years ending on or after December 31, 1986, net operating loss carryforwards from taxable
years ending prior to December 31, 1986, may not exceed the sum of federal taxable income for the taxable year before net operating loss deduction, plus the excess of addition modifications over subtraction modifications for the taxable year. For taxable years ending prior to December 31, 1986, taxable income may never be an amount in excess of the net operating loss for the taxable year as defined in subsections (c) and (d) of Section 172 of the Internal Revenue Code, provided that when taxable income of a corporation (other than a Subchapter S corporation), trust, or estate is less than zero and addition modifications, other than those provided by subparagraph (E) of paragraph (2) of subsection (b) for corporations or subparagraph (E) of paragraph (2) of subsection (c) for trusts and estates, exceed subtraction modifications, an addition modification must be made under those subparagraphs for any other taxable year to which the taxable income less than zero (net operating loss) is applied under Section 172 of the Internal Revenue Code or under subparagraph (E) of paragraph (2) of this subsection (e) applied in conjunction with Section 172 of the Internal Revenue Code.

(2) Special rule. For purposes of paragraph (1) of this subsection, the taxable income properly reportable for federal income tax purposes shall mean:

(A) Certain life insurance companies. In the case of a life insurance company subject to the tax imposed by Section 801 of the Internal Revenue Code, life insurance company taxable income, plus the amount of distribution from pre-1984 policyholder surplus accounts as calculated under Section 815a of the Internal Revenue Code;

(B) Certain other insurance companies. In the case of mutual insurance companies subject to the tax imposed by Section 831 of the Internal Revenue Code, insurance company taxable income;

(C) Regulated investment companies. In the case of a regulated investment company subject to the tax imposed by Section 852 of the Internal Revenue Code, investment company taxable income;

(D) Real estate investment trusts. In the case of a real estate investment trust subject to the tax imposed by Section 857 of the Internal Revenue Code, real estate investment trust taxable income;

(E) Consolidated corporations. In the case of a corporation which is a member of an affiliated group of corporations filing a consolidated income tax return for the taxable year for federal income tax purposes, taxable income determined as if such corporation had filed a separate return for federal income tax purposes for the taxable year and each preceding taxable year for which it was a member of an affiliated group. For purposes of this subparagraph, the taxpayer's separate taxable income shall be determined as if the election provided by Section 243(b) (2) of the Internal Revenue Code had been in effect for all such years;

(F) Cooperatives. In the case of a cooperative corporation or association, the taxable income of such organization determined in

accordance with the provisions of Section 1381 through 1388 of the Internal Revenue Code;

(G) Subchapter S corporations. In the case of: (i) a Subchapter S corporation for which there is in effect an election for the taxable year under Section 1362 of the Internal Revenue Code, the taxable income of such corporation determined in accordance with Section 1363(b) of the Internal Revenue Code, except that taxable income shall take into account those items which are required by Section 1363(b)(1) of the Internal Revenue Code to be separately stated; and (ii) a Subchapter S corporation for which there is in effect a federal election to opt out of the provisions of the Subchapter S Revision Act of 1982 and have applied instead the prior federal Subchapter S rules as in effect on July 1, 1982, the taxable income of such corporation determined in accordance with the federal Subchapter S rules as in effect on July 1, 1982; and

(H) Partnerships. In the case of a partnership, taxable income determined in accordance with Section 703 of the Internal Revenue Code, except that taxable income shall take into account those items which are required by Section 703(a)(1) to be separately stated but which would be taken into account by an individual in calculating his taxable income.

(f) Valuation limitation amount.

(1) In general. The valuation limitation amount referred to in subsections (a)

(2) (G), (c) (2) (I) and (d)(2) (E) is an amount equal to:

(A) The sum of the pre-August 1, 1969 appreciation amounts (to the extent consisting of gain reportable under the provisions of Section 1245 or 1250 of the Internal Revenue Code) for all property in respect of which such gain was reported for the taxable year; plus

(B) The lesser of (i) the sum of the pre-August 1, 1969 appreciation amounts (to the extent consisting of capital gain) for all property in respect of which such gain was reported for federal income tax purposes for the taxable year, or (ii) the net capital gain for the taxable year, reduced in either case by any amount of such gain included in the amount determined under subsection (a) (2) (F) or (c) (2) (H).

(2) Pre-August 1, 1969 appreciation amount.

(A) If the fair market value of property referred to in paragraph (1) was readily ascertainable on August 1, 1969, the pre-August 1, 1969 appreciation amount for such property is the lesser of (i) the excess of such fair market value over the taxpayer's basis (for determining gain) for such property on that date (determined under the Internal Revenue Code as in effect on that date), or (ii) the total gain realized and reportable for federal income tax purposes in respect of the sale, exchange or other disposition of such property.

(B) If the fair market value of property referred to in paragraph (1)
was not readily ascertainable on August 1, 1969, the pre-August 1, 1969 appreciation amount for such property is that amount which bears the same ratio to the total gain reported in respect of the property for federal income tax purposes for the taxable year, as the number of full calendar months in that part of the taxpayer's holding period for the property ending July 31, 1969 bears to the number of full calendar months in the taxpayer's entire holding period for the property.

(C) The Department shall prescribe such regulations as may be necessary to carry out the purposes of this paragraph.

(g) Double deductions. Unless specifically provided otherwise, nothing in this Section shall permit the same item to be deducted more than once.

(h) Legislative intention. Except as expressly provided by this Section there shall be no modifications or limitations on the amounts of income, gain, loss or deduction taken into account in determining gross income, adjusted gross income or taxable income for federal income tax purposes for the taxable year, or in the amount of such items entering into the computation of base income and net income under this Act for such taxable year, whether in respect of property values as of August 1, 1969 or otherwise.

PUBLIC ACT 92-0604
(Senate Bill No. 1983)

AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Sections 2-3.64, 10-17a, 14C-4, and 18-8.05 and adding Sections 10-21.3a and 34-18.23 as follows:

(105 ILCS 5/2-3.64) (from Ch. 122, par. 2-3-64)
Sec. 2-3.64. State goals and assessment.
(a) Beginning in the 1998-1999 school year, the State Board of Education shall establish standards and periodically, in collaboration with local school districts, conduct studies of student performance in the learning areas of fine arts and physical development/health. Beginning with the 1998-1999 school year, the State Board of Education shall annually test: (i) all pupils enrolled in the 3rd, 5th, and 8th grades in English language arts (reading, writing, and English grammar) and mathematics; and (ii) all pupils enrolled in the 4th and 7th grades in the biological and physical sciences and the social sciences (history, geography, civics, economics, and government). The State Board of Education shall establish the academic standards that are to be applicable to pupils who are subject to State tests under this Section beginning with the 1998-1999 school year. However, the State Board of Education shall not establish any such standards in final form without first providing opportunities for public participation and local input in the development of the final academic standards. Those opportunities shall include a well-publicized period of public comment, public hearings throughout the State, and opportunities to file written

New matter indicated by italics - deletions by strikeout.
Beginning with the 1998-99 school year and thereafter, the State tests will identify pupils in the 3rd grade or 5th grade who do not meet the State standards. If, by performance on the State tests or local assessments or by teacher judgment, a student's performance is determined to be 2 or more grades below current placement, the student shall be provided a remediation program developed by the district in consultation with a parent or guardian. Such remediation programs may include, but shall not be limited to, increased or concentrated instructional time, a remedial summer school program of not less than 90 hours, improved instructional approaches, tutorial sessions, retention in grade, and modifications to instructional materials. Each pupil for whom a remediation program is developed under this subsection shall be required to enroll in and attend whatever program the district determines is appropriate for the pupil. Districts may combine students in remediation programs where appropriate and may cooperate with other districts in the design and delivery of those programs. The parent or guardian of a student required to attend a remediation program under this Section shall be given written notice of that requirement by the school district a reasonable time prior to commencement of the remediation program that the student is to attend. The State shall be responsible for providing school districts with the new and additional funding, under Section 2-3.51.5 or by other or additional means, that is required to enable the districts to operate remediation programs for the pupils who are required to enroll in and attend those programs under this Section. Every individualized educational program as described in Article 14 shall identify if the State test or components thereof are appropriate for that student. For those pupils for whom the State tests or components thereof are not appropriate, the State Board of Education shall develop rules and regulations governing the administration of alternative tests prescribed within each student's individualized educational program which are appropriate to the disability of each student. All pupils who are in a State approved transitional bilingual education program or transitional program of instruction shall participate in the State tests. Any student who has been enrolled in a State approved bilingual education program less than 3 academic years shall be exempted if the student's lack of English as determined by an English language proficiency test would keep the student from understanding the test, and that student's district shall have an alternative test program in place for that student. The State Board of Education shall appoint a task force of concerned parents, teachers, school administrators and other professionals to assist in identifying such alternative tests. Reasonable accommodations as prescribed by the State Board of Education shall be provided for individual students in the testing procedure. All test procedures prescribed by the State Board of Education shall require: (i) that each test used for State and local student testing under this Section identify by name the pupil taking the test; (ii) that the name of the pupil taking the test be placed on the test at the time the test is taken; (iii) that the results or scores of each test taken under this Section by a pupil of the school district be reported to that district and identify by name the pupil who received the reported results or scores; and (iv) that the results or scores of each test taken under this Section be made available to the parents of the pupil. In addition, beginning with the 2000-2001 school year and in each school year thereafter, the highest scores and performance levels attained by a student on the Prairie State Achievement
Examination administered under subsection (c) of this Section shall become part of the student's permanent record and shall be entered on the student's transcript pursuant to regulations that the State Board of Education shall promulgate for that purpose in accordance with Section 3 and subsection (e) of Section 2 of the Illinois School Student Records Act. Beginning with the 1998-1999 school year and in every school year thereafter, scores received by students on the State assessment tests administered in grades 3 through 8 shall be placed into students' temporary records. The State Board of Education shall establish a common month in each school year for which State testing shall occur to meet the objectives of this Section. However, if the schools of a district are closed and classes are not scheduled during any week that is established by the State Board of Education as the week of the month when State testing under this Section shall occur, the school district may administer the required State testing at any time up to 2 weeks following the week established by the State Board of Education for the testing, so long as the school district gives the State Board of Education written notice of its intention to deviate from the established schedule by December 1 of the school year in which falls the week established by the State Board of Education for the testing. The maximum time allowed for all actual testing required under this subsection during the school year shall not exceed 25 hours as allocated among the required tests by the State Board of Education.

(a-5) All tests administered pursuant to this Section shall be academically based. For the purposes of this Section "academically based tests" shall mean tests consisting of questions and answers that are measurable and quantifiable to measure the knowledge, skill, and ability of students in the subject matters covered by tests. The scoring of academically based tests shall be reliable, valid, unbiased and shall meet the guidelines for test development and use prescribed by the American Psychological Association, the National Council of Measurement and Evaluation, and the American Educational Research Association. Academically based tests shall not include assessments or evaluations of attitudes, values, or beliefs, or testing of personality, self-esteem, or self-concept. Nothing in this amendatory Act is intended, nor shall it be construed, to nullify, supersede, or contradict the legislative intent on academic testing expressed during the passage of HB 1005/P.A. 90-296.

Beginning in the 1998-1999 school year, the State Board of Education may, on a pilot basis, include in the State assessments in reading and math at each grade level tested no more than 2 short answer questions, where students have to respond in brief to questions or prompts or show computations, rather than select from alternatives that are presented. In the first year that such questions are used, scores on the short answer questions shall not be reported on an individual student basis but shall be aggregated for each school building in which the tests are given. State-level, school, and district scores shall be reported both with and without the results of the short answer questions so that the effect of short answer questions is clearly discernible. Beginning in the second year of this pilot program, scores on the short answer questions shall be reported both on an individual student basis and on a school building basis in order to monitor the effects of teacher training and curriculum improvements on score results.

New matter indicated by italics - deletions by strikeout.
The State Board of Education shall not continue the use of short answer questions in the math and reading assessments, or extend the use of such questions to other State assessments, unless this pilot project demonstrates that the use of short answer questions results in a statistically significant improvement in student achievement as measured on the State assessments for math and reading and is justifiable in terms of cost and student performance.

(b) It shall be the policy of the State to encourage school districts to continuously test pupil proficiency in the fundamental learning areas in order to: (i) provide timely information on individual students' performance relative to State standards that is adequate to guide instructional strategies; (ii) improve future instruction; and (iii) complement the information provided by the State testing system described in this Section. Each district's school improvement plan must address specific activities the district intends to implement to assist pupils who by teacher judgment and test results as prescribed in subsection (a) of this Section demonstrate that they are not meeting State standards or local objectives. Such activities may include, but shall not be limited to, summer school, extended school day, special homework, tutorial sessions, modified instructional materials, other modifications in the instructional program, reduced class size or retention in grade. To assist school districts in testing pupil proficiency in reading in the primary grades, the State Board shall make optional reading inventories for diagnostic purposes available to each school district that requests such assistance. Districts that administer the reading inventories may develop remediation programs for students who perform in the bottom half of the student population. Those remediation programs may be funded by moneys provided under the School Safety and Educational Improvement Block Grant Program established under Section 2-3.51.5. Nothing in this Section shall prevent school districts from implementing testing and remediation policies for grades not required under this Section.

(c) Beginning with the 2000-2001 school year, each school district that operates a high school program for students in grades 9 through 12 shall annually administer the Prairie State Achievement Examination established under this subsection to its students as set forth below. The Prairie State Achievement Examination shall be developed by the State Board of Education to measure student performance in the academic areas of reading, writing, mathematics, science, and social sciences. The State Board of Education shall establish the academic standards that are to apply in measuring student performance on the Prairie State Achievement Examination including the minimum examination score in each area that will qualify a student to receive a Prairie State Achievement Award from the State in recognition of the student's excellent performance. Each school district that is subject to the requirements of this subsection (c) shall afford all students 2 opportunities to take the Prairie State Achievement Examination beginning as late as practical during the second semester of grade 11, but in no event before March 1. The State Board of Education shall annually notify districts of the weeks during which these test administrations shall be required to occur. Every individualized educational program as described in Article 14 shall identify if the Prairie State Achievement Examination or components thereof are appropriate for that student. Each student, exclusive of a student whose individualized educational program

New matter indicated by italics - deletions by strikeout.
developed under Article 14 identifies the Prairie State Achievement Examination as inappropriate for the student, shall be required to take the examination in grade 11. For each academic area the State Board of Education shall establish the score that qualifies for the Prairie State Achievement Award on that portion of the examination. Any student who fails to earn a qualifying score for a Prairie State Achievement Award in any one or more of the academic areas on the initial test administration or who wishes to improve his or her score on any portion of the examination shall be permitted to retake such portion or portions of the examination during grade 12. Districts shall inform their students of the timelines and procedures applicable to their participation in every yearly administration of the Prairie State Achievement Examination. Students receiving special education services whose individualized educational programs identify the Prairie State Achievement Examination as inappropriate for them nevertheless shall have the option of taking the examination, which shall be administered to those students in accordance with standards adopted by the State Board of Education to accommodate the respective disabilities of those students. A student who successfully completes all other applicable high school graduation requirements but fails to receive a score on the Prairie State Achievement Examination that qualifies the student for receipt of a Prairie State Achievement Award shall nevertheless qualify for the receipt of a regular high school diploma.

(d) Beginning with the 2002-2003 school year, all schools in this State that are part of the sample drawn by the National Center for Education Statistics, in collaboration with their school districts and the State Board of Education, shall administer the biennial State academic assessments of 4th and 8th grade reading and mathematics under the National Assessment of Educational Progress carried out under Section 411(b)(2) of the National Education Statistics Act of 1994 (20 U.S.C. 9010) if the Secretary of Education pays the costs of administering the assessments.

It shall be the policy of the State of Illinois that each school district in this State, including special charter districts and special school districts, special school districts subject to the provisions of Article 34, shall submit to parents, taxpayers of such district, the Governor, the General Assembly, and the State Board of Education a school report card assessing the performance of its schools and students. The report card shall be an index of school performance measured against statewide and local standards and will provide information to make prior year comparisons and to set future year targets through the school improvement plan.

(2) Reporting Requirements. Each school district shall prepare a report card in accordance with the guidelines set forth in this Section which describes the performance of its students by school attendance centers and by district and the district's use of financial resources. Such report card shall be presented at a regular school board meeting subject to applicable notice requirements, posted on the school district's Internet web site, if the district maintains an Internet web site, and such report cards shall be made available to a newspaper of general circulation serving the district, and, upon request, shall be sent home to a parent

In addition, each school district shall submit the completed report card to the office of the district's Regional Superintendent which shall make copies available to any individuals requesting them.

The report card shall be completed and disseminated prior to October 31 in each school year. The report card shall contain, but not be limited to, actual local school attendance center, school district and statewide data indicating the present performance of the school, the State norms and the areas for planned improvement for the school and school district.

The parental involvement component of the report card shall include the percentage of students whose parents or guardians have had one or more personal contacts with the students' teachers during the school year concerning the students' education, and such other information, commentary, and suggestions as the school district desires. For the purposes of this paragraph, "personal contact" includes, but is not limited to, parent-teacher conferences, parental visits to school, school visits to home, telephone conversations, and written correspondence. Any request by a parent or guardian to transfer his or her child from one attendance center to another within the school district pursuant to Section 1116 of the federal Elementary and Secondary Education Act of 1965 (20 U.S.C. Sec. 6317) must be made no later than 30 days after the parent or guardian receives notice of the right to transfer pursuant to that law. A student may not transfer to any of the following attendance centers, except by change in residence if the policy authorizes enrollment based on residence in an attendance area or unless approved by the board on an individual basis:

(1) An attendance center that exceeds or as a result of the transfer would exceed its attendance capacity.

(2) An attendance center for which the board has established academic criteria for enrollment if the student does not meet the criteria, provided that the transfer must be permitted if the attendance center serving the student's grade that has not been identified for school improvement, corrective action, or restructuring under Section 1116 of the federal Elementary and Secondary Education Act of 1965 (20 U.S.C. Said notice shall further inform the parents that they have the absolute right, if they so wish, to withdraw their child from a program in transitional bilingual education in the manner as hereinafter provided.

The notice shall be in writing in English and in the language of which the child of the parents so notified possesses a primary speaking ability.

Any parent whose child has been enrolled in a program in transitional bilingual education shall have the absolute right, either at the time of the original notification of enrollment or at the close of any semester thereafter, to immediately withdraw his child from said program by providing written notice of such desire to the school authorities of the school in which his child is enrolled or to the school district in which his child resides; provided that no withdrawal shall be permitted unless such parent is informed in a conference with school district officials of the nature of the program.

Sec. 18-8.05. Basis for apportionment of general State financial aid and supplemental general State aid to the common schools for the 1998-1999 and subsequent school years. (A) General Provisions.

(1) The provisions of this Section apply to the 1998-1999 and subsequent school years. The system of general State financial aid provided for in this Section is designed to assure that, through a combination of State financial aid and required local resources, the financial support provided each pupil in Average Daily Attendance equals or exceeds a prescribed per pupil Foundation Level. This formula approach imputes a level of per pupil Available Local Resources and provides for the basis to calculate a per pupil level of general State financial aid that, when added to Available Local Resources, equals or exceeds the Foundation Level. The amount of per pupil general State financial aid for school districts, in general, varies in inverse relation to Available Local Resources. Per pupil amounts are based upon each school district's Average Daily Attendance as that term is defined in this Section.

(2) In addition to general State financial aid, school districts with specified levels or concentrations of pupils from low income households are eligible to receive supplemental...
general State financial aid grants as provided pursuant to subsection (H). The supplemental State aid grants provided for school districts under subsection (H) shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section.

(3) To receive financial assistance under this Section, school districts are required to file claims with the State Board of Education, subject to the following requirements:
   (a) Any school district which fails for any given school year to maintain school as required by law, or to maintain a recognized school is not eligible to file for such school year any claim upon the Common School Fund. In case of nonrecognition of one or more attendance centers in a school district otherwise operating recognized schools, the claim of the district shall be reduced in the proportion which the Average Daily Attendance in the attendance center or centers bear to the Average Daily Attendance in the school district. A "recognized school" means any public school which meets the standards as established for recognition by the State Board of Education. A school district or attendance center not having recognition status at the end of a school term is entitled to receive State aid payments due upon a legal claim which was filed while it was recognized.
   (b) School district claims filed under this Section are subject to Sections 18-9, 18-10, and 18-12, except as otherwise provided in this Section.
   (c) If a school district operates a full year school under Section 10-19.1, the general State aid to the school district shall be determined by the State Board of Education in accordance with this Section as near as may be applicable.
   (d) (Blank).

(4) Except as provided in subsections (H) and (L), the board of any district receiving any of the grants provided for in this Section may apply those funds to any fund so received for which that board is authorized to make expenditures by law.

School districts are not required to exert a minimum Operating Tax Rate in order to qualify for assistance under this Section.

(5) As used in this Section the following terms, when capitalized, shall have the meaning ascribed herein:
   (a) "Average Daily Attendance": A count of pupil attendance in school, averaged as provided for in subsection (C) and utilized in deriving per pupil financial support levels.
   (b) "Available Local Resources": A computation of local financial support, calculated on the basis of Average Daily Attendance and derived as provided pursuant to subsection (D).
   (c) "Corporate Personal Property Replacement Taxes": Funds paid to local school districts pursuant to "An Act in relation to the abolition of ad valorem personal property tax and the replacement of revenues lost thereby, and amending and repealing certain Acts and parts of Acts in connection therewith", certified August 14, 1979, as amended (Public Act 81-1st S.S.-1).
   (d) "Foundation Level": A prescribed level of per pupil financial support as
provided for in subsection (B).

(e) "Operating Tax Rate": All school district property taxes extended for all purposes, except Bond and Interest, Summer School, Rent, Capital Improvement, and Vocational Education Building purposes.

(B) Foundation Level.

(1) The Foundation Level is a figure established by the State representing the minimum level of per pupil financial support that should be available to provide for the basic education of each pupil in Average Daily Attendance. As set forth in this Section, each school district is assumed to exert a sufficient local taxing effort such that, in combination with the aggregate of general State financial aid provided the district, an aggregate of State and local resources are available to meet the basic education needs of pupils in the district.

(2) For the 1998-1999 school year, the Foundation Level of support is $4,225. For the 1999-2000 school year, the Foundation Level of support is $4,325. For the 2000-2001 school year, the Foundation Level of support is $4,425.

(3) For the 2001-2002 school year and each school year thereafter, the Foundation Level of support is $4,560 or such greater amount as may be established by law by the General Assembly.

(C) Average Daily Attendance.

(1) For purposes of calculating general State aid pursuant to subsection (E), an Average Daily Attendance figure shall be utilized. The Average Daily Attendance figure for formula calculation purposes shall be the monthly average of the actual number of pupils in attendance of each school district, as further averaged for the 3 months of pupil attendance for each school district. In compiling the figures for the number of pupils in attendance, school districts and the State Board of Education shall, for purposes of general State aid funding, conform attendance figures to the requirements of subsection (F).

(2) The Average Daily Attendance figures utilized in subsection (E) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated or the average of the attendance data for the 3 preceding school years, whichever is greater. The Average Daily Attendance figures utilized in subsection (H) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated.

(D) Available Local Resources.

(1) For purposes of calculating general State aid pursuant to subsection (E), a representation of Available Local Resources per pupil, as that term is defined and determined in this subsection, shall be utilized. Available Local Resources per pupil shall include a calculated dollar amount representing local school district revenues from local property taxes and from Corporate Personal Property Replacement Taxes, expressed on the basis of pupils in Average Daily Attendance.

(2) In determining a school district's revenue from local property taxes, the State Board of Education shall utilize the equalized assessed valuation of all taxable property of each school district as of September 30 of the previous year. The equalized assessed valuation utilized shall be obtained and determined as provided in subsection (G).

New matter indicated by italics - deletions by strikeout.
(3) For school districts maintaining grades kindergarten through 12, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 3.00%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades kindergarten through 8, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 2.30%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades 9 through 12, local property tax revenues per pupil shall be the applicable equalized assessed valuation of the district multiplied by 1.05%, and divided by the district's Average Daily Attendance figure.

(4) The Corporate Personal Property Replacement Taxes paid to each school district during the calendar year 2 years before the calendar year in which a school year begins, divided by the Average Daily Attendance figure for that district, shall be added to the local property tax revenues per pupil as derived by the application of the immediately preceding paragraph (3). The sum of these per pupil figures for each school district shall constitute Available Local Resources as that term is utilized in subsection (E) in the calculation of general State aid.

(E) Computation of General State Aid.

(1) For each school year, the amount of general State aid allotted to a school district shall be computed by the State Board of Education as provided in this subsection.

(2) For any school district for which Available Local Resources per pupil is less than the product of 0.93 times the Foundation Level, general State aid for that district shall be calculated as an amount equal to the Foundation Level minus Available Local Resources, multiplied by the Average Daily Attendance of the school district.

(3) For any school district for which Available Local Resources per pupil is equal to or greater than the product of 0.93 times the Foundation Level and less than the product of 1.75 times the Foundation Level, the general State aid per pupil shall be a decimal proportion of the Foundation Level derived using a linear algorithm. Under this linear algorithm, the calculated general State aid per pupil shall decline in direct linear fashion from 0.07 times the Foundation Level for a school district with Available Local Resources equal to the product of 0.93 times the Foundation Level, to 0.05 times the Foundation Level for a school district with Available Local Resources equal to the product of 1.75 times the Foundation Level. The allocation of general State aid for school districts subject to this paragraph 3 shall be the calculated general State aid per pupil figure multiplied by the Average Daily Attendance of the school district.

(4) For any school district for which Available Local Resources per pupil equals or exceeds the product of 1.75 times the Foundation Level, the general State aid for the school district shall be calculated as the product of $218 multiplied by the Average Daily Attendance of the school district.

(5) The amount of general State aid allocated to a school district for the 1999-2000 school year meeting the requirements set forth in paragraph (4) of subsection (G) shall be increased by an amount equal to the general State aid that would have been received by the district for the 1998-1999 school year by utilizing the Extension Limitation Equalized Valuation.
Assessed Valuation as calculated in paragraph (4) of subsection (G) less the general State aid allotted for the 1998-1999 school year. This amount shall be deemed a one time increase, and shall not affect any future general State aid allocations.

(F) Compilation of Average Daily Attendance.

(1) Each school district shall, by July 1 of each year, submit to the State Board of Education, on forms prescribed by the State Board of Education, attendance figures for the school year that began in the preceding calendar year. The attendance information so transmitted shall identify the average daily attendance figures for each month of the school year, except that any days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

Except as otherwise provided in this Section, days of attendance by pupils shall be counted only for sessions of not less than 5 clock hours of school work per day under direct supervision of: (i) teachers, or (ii) non-teaching personnel or volunteer personnel when engaging in non-teaching duties and supervising in those instances specified in subsection (a) of Section 10-22.34 and paragraph 10 of Section 34-18, with pupils of legal school age and in kindergarten and grades 1 through 12.

Days of attendance by tuition pupils shall be accredited only to the districts that pay the tuition to a recognized school.

(2) Days of attendance by pupils of less than 5 clock hours of school shall be subject to the following provisions in the compilation of Average Daily Attendance.

(a) Pupils regularly enrolled in a public school for only a part of the school day may be counted on the basis of 1/6 day for every class hour of instruction of 40 minutes or more attended pursuant to such enrollment, unless a pupil is enrolled in a block-schedule format of 80 minutes or more of instruction, in which case the pupil may be counted on the basis of the proportion of minutes of school work completed each day to the minimum number of minutes that school work is required to be held that day.

(b) Days of attendance may be less than 5 clock hours on the opening and closing of the school term, and upon the first day of pupil attendance, if preceded by a day or days utilized as an institute or teachers’ workshop.

(c) A session of 4 or more clock hours may be counted as a day of attendance upon certification by the regional superintendent, and approved by the State Superintendent of Education to the extent that the district has been forced to use daily multiple sessions.

(d) A session of 3 or more clock hours may be counted as a day of attendance (1) when the remainder of the school day or at least 2 hours in the evening of that day is utilized for an in-service training program for teachers, up to a maximum of 5 days per school year of which a maximum of 4 days of such 5 days may be used for parent-teacher conferences, provided a district conducts an in-service training program for teachers which has been approved by the State Superintendent of Education; or, in lieu of 4 such days, 2 full days may be used, in which event each such day may be counted as a day of attendance; and (2) when days in addition to

those provided in item (1) are scheduled by a school pursuant to its school improvement plan adopted under Article 34 or its revised or amended school improvement plan adopted under Article 2, provided that (i) such sessions of 3 or more clock hours are scheduled to occur at regular intervals, (ii) the remainder of the school days in which such sessions occur are utilized for in-service training programs or other staff development activities for teachers, and (iii) a sufficient number of minutes of school work under the direct supervision of teachers are added to the school days between such regularly scheduled sessions to accumulate not less than the number of minutes by which such sessions of 3 or more clock hours fall short of 5 clock hours. Any full days used for the purposes of this paragraph shall not be considered for computing average daily attendance. Days scheduled for in-service training programs, staff development activities, or parent-teacher conferences may be scheduled separately for different grade levels and different attendance centers of the district.

(e) A session of not less than one clock hour of teaching hospitalized or homebound pupils on-site or by telephone to the classroom may be counted as 1/2 day of attendance, however these pupils must receive 4 or more clock hours of instruction to be counted for a full day of attendance.

(f) A session of at least 4 clock hours may be counted as a day of attendance for first grade pupils, and pupils in full day kindergartens, and a session of 2 or more hours may be counted as 1/2 day of attendance by pupils in kindergartens which provide only 1/2 day of attendance.

(g) For children with disabilities who are below the age of 6 years and who cannot attend 2 or more clock hours because of their disability or immaturity, a session of not less than one clock hour may be counted as 1/2 day of attendance; however for such children whose educational needs so require a session of 4 or more clock hours may be counted as a full day of attendance.

(h) A recognized kindergarten which provides for only 1/2 day of attendance by each pupil shall not have more than 1/2 day of attendance counted in any one day. However, kindergartens may count 2 1/2 days of attendance in any 5 consecutive school days. When a pupil attends such a kindergarten for 2 half days on any one school day, the pupil shall have the following day as a day absent from school, unless the school district obtains permission in writing from the State Superintendent of Education. Attendance at kindergartens which provide for a full day of attendance by each pupil shall be counted the same as attendance by first grade pupils. Only the first year of attendance in one kindergarten shall be counted, except in case of children who entered the kindergarten in their fifth year whose educational development requires a second year of kindergarten as determined under the rules and regulations of the State Board of Education.

(G) Equalized Assessed Valuation Data.

(1) For purposes of the calculation of Available Local Resources required pursuant to subsection (D), the State Board of Education shall secure from the Department of Revenue

New matter indicated by italics - deletions by strikeout.
the value as equalized or assessed by the Department of Revenue of all taxable property of every school district, together with (i) the applicable tax rate used in extending taxes for the funds of the district as of September 30 of the previous year and (ii) the limiting rate for all school districts subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law.

This equalized assessed valuation, as adjusted further by the requirements of this subsection, shall be utilized in the calculation of Available Local Resources.

(2) The equalized assessed valuation in paragraph (1) shall be adjusted, as applicable, in the following manner:

(a) For the purposes of calculating State aid under this Section, with respect to any part of a school district within a redevelopment project area in respect to which a municipality has adopted tax increment allocation financing pursuant to the Tax Increment Allocation Redevelopment Act, Sections 11-74.4-1 through 11-74.4-11 of the Illinois Municipal Code or the Industrial Jobs Recovery Law, Sections 11-74.6-1 through 11-74.6-50 of the Illinois Municipal Code, no part of the current equalized assessed valuation of real property located in any such project area which is attributable to an increase above the total initial equalized assessed valuation of such property shall be used as part of the equalized assessed valuation of the district, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Increment Allocation Redevelopment Act or in Section 11-74.6-35 of the Industrial Jobs Recovery Law. For the purpose of the equalized assessed valuation of the district, the total initial equalized assessed valuation or the current equalized assessed valuation, whichever is lower, shall be used until such time as all redevelopment project costs have been paid.

(b) The real property equalized assessed valuation for a school district shall be adjusted by subtracting from the real property value as equalized or assessed by the Department of Revenue for the district an amount computed by dividing the amount of any abatement of taxes under Section 18-170 of the Property Tax Code by 3.00% for a district maintaining grades kindergarten through 12, by 2.30% for a district maintaining grades kindergarten through 8, or by 1.05% for a district maintaining grades 9 through 12 and adjusted by an amount computed by dividing the amount of any abatement of taxes under subsection (a) of Section 18-165 of the Property Tax Code by the same percentage rates for district type as specified in this subparagraph (b).

(3) For the 1999-2000 school year and each school year thereafter, if a school district meets all of the criteria of this subsection (G)(3), the school district's Available Local Resources shall be calculated under subsection (D) using the district's Extension Limitation Equalized Assessed Valuation as calculated under this subsection (G)(3).

For purposes of this subsection (G)(3) the following terms shall have the following meanings:

"Budget Year": The school year for which general State aid is calculated and awarded under subsection (E). "Base Tax Year": The property tax levy year used to
calculate the Budget Year allocation of general State aid.

"Preceding Tax Year": The property tax levy year immediately preceding the Base Tax Year.

"Base Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Base Tax Year multiplied by the limiting rate as calculated by the County Clerk and defined in the Property Tax Extension Limitation Law.

"Preceding Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Preceding Tax Year multiplied by the Operating Tax Rate as defined in subsection (A).

"Extension Limitation Ratio": A numerical ratio, certified by the County Clerk, in which the numerator is the Base Tax Year's Tax Extension and the denominator is the Preceding Tax Year's Tax Extension.

"Operating Tax Rate": The operating tax rate as defined in subsection (A).

If a school district is subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation of that district. For the 1999-2000 school year, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the district's 1996 Equalized Assessed Valuation and the district's Extension Limitation Ratio. For the 2000-2001 school year and each school year thereafter, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the Equalized Assessed Valuation last used in the calculation of general State aid and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of a school district as calculated under this subsection (G)(3) is less than the district's equalized assessed valuation as calculated pursuant to subsections (G)(1) and (G)(2), then for purposes of calculating the district's general State aid for the Budget Year pursuant to subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources under subsection (D).

(4) For the purposes of calculating general State aid for the 1999-2000 school year only, if a school district experienced a triennial reassessment on the equalized assessed valuation used in calculating its general State financial aid apportionment for the 1998-1999 school year, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation that would have been used to calculate the district's 1998-1999 general State aid. This amount shall equal the product of the equalized assessed valuation used to calculate general State aid for the 1997-1998 school year and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of the school district as calculated under this paragraph (4) is less than the district's equalized assessed valuation utilized in calculating the district's 1998-1999 general State aid allocation, then for purposes of calculating the district's general State aid pursuant to paragraph (5) of subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the

New matter indicated by italics - deletions by strikeout.
(5) For school districts having a majority of their equalized assessed valuation in any county except Cook, DuPage, Kane, Lake, McHenry, or Will, if the amount of general State aid allocated to the school district for the 1999-2000 school year under the provisions of subsection (E), (H), and (J) of this Section is less than the amount of general State aid allocated to the district for the 1998-1999 school year under these subsections, then the general State aid of the district for the 1999-2000 school year only shall be increased by the difference between these amounts. The total payments made under this paragraph (5) shall not exceed $14,000,000. Claims shall be prorated if they exceed $14,000,000.

(H) Supplemental General State Aid.

(1) In addition to the general State aid a school district is allotted pursuant to subsection (E), qualifying school districts shall receive a grant, paid in conjunction with a district's payments of general State aid, for supplemental general State aid based upon the concentration level of children from low-income households within the school district. Supplemental State aid grants provided for school districts under this subsection shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section. For purposes of this subsection, the term "Low-Income Concentration Level" shall be the low-income eligible pupil count from the most recently available federal census divided by the Average Daily Attendance of the school district. If, however, (i) the percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count of a high school district with fewer than 400 students exceeds by 75% or more the percentage change in the total low-income eligible pupil count of contiguous elementary school districts, whose boundaries are coterminous with the high school district, or (ii) a high school district within 2 counties and serving 5 elementary school districts, whose boundaries are coterminous with the high school district, has a percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count and there is a percentage increase in the total low-income eligible pupil count of a majority of the elementary school districts in excess of 50% from the 2 most recent federal censuses, then the high school district's low-income eligible pupil count from the earlier federal census shall be the number used as the low-income eligible pupil count for the high school district, for purposes of this subsection (H). The changes made to this paragraph (1) by Public Act 92-28 this amendatory Act of the 92nd General Assembly shall apply to supplemental general State aid grants paid in fiscal year 1999 and in each fiscal year thereafter and to any State aid payments made in fiscal year 1994 through fiscal year 1998 pursuant to subsection 1(n) of Section 18-8 of this Code (which was repealed on July 1, 1998), and any high school district that is affected by Public Act 92-28 this amendatory Act of the 92nd General Assembly is entitled to a recomputation of its supplemental general State aid grant or State aid paid in any of those fiscal years. This recomputation shall not be affected by any other funding.

(2) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 1998-1999, 1999-2000, and 2000-2001 school years only:

(a) For any school district with a Low Income Concentration Level of at least

New matter indicated by italics - deletions by strikeout.
20% and less than 35%, the grant for any school year shall be $800 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for the 1998-1999 school year shall be $1,100 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for the 1998-99 school year shall be $1,500 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of 60% or more, the grant for the 1998-99 school year shall be $1,900 multiplied by the low income eligible pupil count.

(e) For the 1999-2000 school year, the per pupil amount specified in subparagraphs (b), (c), and (d) immediately above shall be increased to $1,243, $1,600, and $2,000, respectively.

(f) For the 2000-2001 school year, the per pupil amounts specified in subparagraphs (b), (c), and (d) immediately above shall be $1,273, $1,640, and $2,050, respectively.

(2.5) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2002-2003 school year and each school year thereafter:

(a) For any school district with a Low Income Concentration Level of less than 10%, the grant for each school year shall be $355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 10% and less than 20%, the grant for each school year shall be $675 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for each school year shall be $1,330 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for each school year shall be $1,362 multiplied by the low income eligible pupil count.

(e) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for each school year shall be $1,680 multiplied by the low income eligible pupil count.

(f) For any school district with a Low Income Concentration Level of 60% or more, the grant for each school year shall be $2,080 multiplied by the low income eligible pupil count.

(3) School districts with an Average Daily Attendance of more than 1,000 and less than 50,000 that qualify for supplemental general State aid pursuant to this subsection shall submit a plan to the State Board of Education prior to October 30 of each year for the use of the funds resulting from this grant of supplemental general State aid for the improvement of instruction in which priority is given to meeting the education needs of disadvantaged students.
children. Such plan shall be submitted in accordance with rules and regulations promulgated by the State Board of Education.

(4) School districts with an Average Daily Attendance of 50,000 or more that qualify for supplemental general State aid pursuant to this subsection shall be required to distribute from funds available pursuant to this Section, no less than $261,000,000 in accordance with the following requirements:

(a) The required amounts shall be distributed to the attendance centers within the district in proportion to the number of pupils enrolled at each attendance center who are eligible to receive free or reduced-price lunches or breakfasts under the federal Child Nutrition Act of 1966 and under the National School Lunch Act during the immediately preceding school year.

(b) The distribution of these portions of supplemental and general State aid among attendance centers according to these requirements shall not be compensated for or contravened by adjustments of the total of other funds appropriated to any attendance centers, and the Board of Education shall utilize funding from one or several sources in order to fully implement this provision annually prior to the opening of school.

(c) Each attendance center shall be provided by the school district a distribution of noncategorical funds and other categorical funds to which an attendance center is entitled under law in order that the general State aid and supplemental general State aid provided by application of this subsection supplements rather than supplants the noncategorical funds and other categorical funds provided by the school district to the attendance centers.

(d) Any funds made available under this subsection that by reason of the provisions of this subsection are not required to be allocated and provided to attendance centers may be used and appropriated by the board of the district for any lawful school purpose.

(e) Funds received by an attendance center pursuant to this subsection shall be used by the attendance center at the discretion of the principal and local school council for programs to improve educational opportunities at qualifying schools through the following programs and services: early childhood education, reduced class size or improved adult to student classroom ratio, enrichment programs, remedial assistance, attendance improvement, and other educationally beneficial expenditures which supplement the regular and basic programs as determined by the State Board of Education. Funds provided shall not be expended for any political or lobbying purposes as defined by board rule.

(f) Each district subject to the provisions of this subdivision (H)(4) shall submit an acceptable plan to meet the educational needs of disadvantaged children, in compliance with the requirements of this paragraph, to the State Board of Education prior to July 15 of each year. This plan shall be consistent with the decisions of local school councils concerning the school expenditure plans developed in accordance with part 4 of Section 34-2.3. The State Board shall approve or reject

New matter indicated by italics - deletions by strikeout.
the plan within 60 days after its submission. If the plan is rejected, the district shall give written notice of intent to modify the plan within 15 days of the notification of rejection and then submit a modified plan within 30 days after the date of the written notice of intent to modify. Districts may amend approved plans pursuant to rules promulgated by the State Board of Education.

Upon notification by the State Board of Education that the district has not submitted a plan prior to July 15 or a modified plan within the time period specified herein, the State aid funds affected by that plan or modified plan shall be withheld by the State Board of Education until a plan or modified plan is submitted.

If the district fails to distribute State aid to attendance centers in accordance with an approved plan, the plan for the following year shall allocate funds, in addition to the funds otherwise required by this subsection, to those attendance centers which were underfunded during the previous year in amounts equal to such underfunding.

For purposes of determining compliance with this subsection in relation to the requirements of attendance center funding, each district subject to the provisions of this subsection shall submit as a separate document by December 1 of each year a report of expenditure data for the prior year in addition to any modification of its current plan. If it is determined that there has been a failure to comply with the expenditure provisions of this subsection regarding contravention or supplanting, the State Superintendent of Education shall, within 60 days of receipt of the report, notify the district and any affected local school council. The district shall within 45 days of receipt of that notification inform the State Superintendent of Education of the remedial or corrective action to be taken, whether by amendment of the current plan, if feasible, or by adjustment in the plan for the following year. Failure to provide the expenditure report or the notification of remedial or corrective action in a timely manner shall result in a withholding of the affected funds.

The State Board of Education shall promulgate rules and regulations to implement the provisions of this subsection. No funds shall be released under this subdivision (H)(4) to any district that has not submitted a plan that has been approved by the State Board of Education.

(I) General State Aid for Newly Configured School Districts.

(1) For a new school district formed by combining property included totally within 2 or more previously existing school districts, for its first year of existence the general State aid and supplemental general State aid calculated under this Section shall be computed for the new district and for the previously existing districts for which property is totally included within the new district. If the computation on the basis of the previously existing districts is greater, a supplementary payment equal to the difference shall be made for the first 4 years of existence of the new district.

(2) For a school district which annexes all of the territory of one or more entire other school districts, for the first year during which the change of boundaries attributable to such annexation becomes effective for all purposes as determined under Section 7-9 or 7A-8, the

general State aid and supplemental general State aid calculated under this Section shall be computed for the annexing district as constituted after the annexation and for each annexed district as constituted prior to the annexation; and if the computation on the basis of the annexing and annexed districts as constituted prior to the annexation is greater, a supplementary payment equal to the difference shall be made for the first 4 years of existence of the annexing school district as constituted upon such annexation.

(3) For 2 or more school districts which annex all of the territory of one or more entire other school districts, and for 2 or more community unit districts which result upon the division (pursuant to petition under Section 11A-2) of one or more other unit school districts into 2 or more parts and which together include all of the parts into which such other unit school district or districts are so divided, for the first year during which the change of boundaries attributable to such annexation or division becomes effective for all purposes as determined under Section 7-9 or 11A-10, as the case may be, the general State aid and supplemental general State aid calculated under this Section shall be computed for each annexing or resulting district as constituted after the annexation or division and for each annexing and annexed district, or for each resulting and divided district, as constituted prior to the annexation or division; and if the aggregate of the general State aid and supplemental general State aid as computed for the annexing or resulting districts as constituted after the annexation or division is less than the aggregate of the general State aid and supplemental general State aid as computed for the annexing and annexed districts, or for the resulting and divided districts, as constituted prior to the annexation or division, then a supplementary payment equal to the difference shall be made and allocated between or among the annexing or resulting districts, as constituted upon such annexation or division, for the first 4 years of their existence. The total difference payment shall be allocated between or among the annexing or resulting districts in the same ratio as the pupil enrollment from that portion of the annexed or divided district or districts which is annexed to or included in each such annexing or resulting district bears to the total pupil enrollment from the entire annexed or divided district or districts, as such pupil enrollment is determined for the school year ending prior to the date when the change of boundaries attributable to the annexation or division becomes effective for all purposes. The amount of the total difference payment and the amount thereof to be allocated to the annexing or resulting districts shall be computed by the State Board of Education on the basis of pupil enrollment and other data which shall be certified to the State Board of Education, on forms which it shall provide for that purpose, by the regional superintendent of schools for each educational service region in which the annexing and annexed districts, or resulting and divided districts are located.

(3.5) Claims for financial assistance under this subsection (1) shall not be recomputed except as expressly provided under this Section.

(4) Any supplementary payment made under this subsection (1) shall be treated as separate from all other payments made pursuant to this Section.

If a school district qualifies to receive a supplementary payment made under this subsection (J), the amount of the aggregate general State aid in combination with supplemental general State aid under this Section which that district is eligible to receive for each school year shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-1998 school year, pursuant to the provisions of that Section as it was then in effect.

(2) If, as provided in paragraph (1) of this subsection (J), a school district is to receive aggregate general State aid in combination with supplemental general State aid under this Section for the 1998-99 school year and any subsequent school year that in any such school year is less than the amount of the aggregate general State aid entitlement that the district received for the 1997-98 school year, the school district shall also receive, from a separate appropriation made for purposes of this subsection (J), a supplementary payment that is equal to the amount of the difference in the aggregate State aid figures as described in paragraph (1).

(K) Grants to Laboratory and Alternative Schools.

In calculating the amount to be paid to the governing board of a public university that operates a laboratory school under this Section or to any alternative school that is operated by a regional superintendent of schools, the State Board of Education shall require by rule such reporting requirements as it deems necessary.

As used in this Section, "laboratory school" means a public school which is created and operated by a public university and approved by the State Board of Education. The governing board of a public university which receives funds from the State Board under this subsection (K) may not increase the number of students enrolled in its laboratory school from a single district, if that district is already sending 50 or more students, except under a mutual agreement between the school board of a student's district of residence and the university which operates the laboratory school. A laboratory school may not have more than 1,000 students, excluding students with disabilities in a special education program.

As used in this Section, "alternative school" means a public school which is created and operated by a Regional Superintendent of Schools and approved by the State Board of Education. Such alternative schools may offer courses of instruction for which credit is given in regular school programs, courses to prepare students for the high school equivalency testing program or vocational and occupational training. A regional superintendent of schools may contract with a school district or a public community college district to operate an alternative school. An alternative school serving more than one educational service region may be established by the regional superintendents of schools of the affected educational service regions. An alternative school serving more than one educational service region may
be operated under such terms as the regional superintendents of schools of those educational service regions may agree.

Each laboratory and alternative school shall file, on forms provided by the State Superintendent of Education, an annual State aid claim which states the Average Daily Attendance of the school's students by month. The best 3 months' Average Daily Attendance shall be computed for each school. The general State aid entitlement shall be computed by multiplying the applicable Average Daily Attendance by the Foundation Level as determined under this Section.

(L) Payments, Additional Grants in Aid and Other Requirements.

(1) For a school district operating under the financial supervision of an Authority created under Article 34A, the general State aid otherwise payable to that district under this Section, but not the supplemental general State aid, shall be reduced by an amount equal to the budget for the operations of the Authority as certified by the Authority to the State Board of Education, and an amount equal to such reduction shall be paid to the Authority created for such district for its operating expenses in the manner provided in Section 18-11. The remainder of general State school aid for any such district shall be paid in accordance with Article 34A when that Article provides for a disposition other than that provided by this Article.

All members appointed to serve on the Board shall serve until their respective successors are appointed and confirmed. Vacancies shall be filled in the same manner as original appointments. If a vacancy in membership occurs at a time when the Senate is not in session, the Governor shall make a temporary appointment until the next meeting of the
Senate, when he or she shall appoint, by and with the advice and consent of the Senate, a person to fill that membership for the unexpired term. If the Senate is not in session when the initial appointments are made, those appointments shall be made as in the case of vacancies.

The Education Funding Advisory Board shall be deemed established, and the initial members appointed by the Governor to serve as members of the Board shall take office, on the date that the Governor makes his or her appointment of the fifth initial member of the Board, whether those initial members are then serving pursuant to appointment and confirmation or pursuant to temporary appointments that are made by the Governor as in the case of vacancies.

The State Board of Education shall provide such staff assistance to the Education Funding Advisory Board as is reasonably required for the proper performance by the Board of its responsibilities.

Sec. 9. Reports and examinations.

(1) Credit unions shall report to the Department on forms supplied by the Department, in accordance with a schedule published by the Department annually on or before the first day of February in each year on forms supplied by the Department. A recapitulation of the Annual Reports shall be compiled and published annually by the Department, for the use of the General Assembly, credit unions, various educational institutions and other interested parties. A credit union which fails to file any report when due shall pay to the Department a late filing fee of $5.00 for each day the report is overdue as prescribed by rule. The Director may extend the time for filing a report.

(2) The Director may require special examinations of and special financial reports from a credit union or a credit union organization in which a credit union loans, invests, or delegates substantially all managerial duties and responsibilities when he determines that such examinations and reports are necessary to enable the Department to determine the safety of a credit union's operation or its solvency. The cost to the Department of the aforesaid special examinations shall be borne by the credit union being examined as prescribed by rule.

(3) All credit unions incorporated under this Act shall be examined at least biennially by the Department or, at the discretion of the Director, by a public accountant registered by the Department of Professional Regulation. The examiners shall have full access to, and may compel the production of, all the books, papers, securities and accounts of any credit union. A special examination shall be made by the Department or by a public accountant approved by the Department upon written request of 5 or more members, who guarantee the expense of the same. Any credit union refusing to submit to an examination when ordered by the Department shall be reported to the Attorney General, who shall institute proceedings to have its charter revoked. If the Director determines that the examination of a credit union is to be conducted by a public accountant registered by the Department of Professional Regulation and the examination is done in conjunction with the credit union's external independent audit of financial statements, the requirements of this Section and subsection (3) of Section 34 shall be deemed met.

(4) A copy of the completed report of examination and a review comment letter, if any, citing exceptions revealed during the examination, shall be submitted to the credit union by the Department. A detailed report stating the corrective actions taken by the Board of Directors on each exception set forth in the review comment letter shall be filed with the Department within 40 days after the date of the review comment letter, or as otherwise directed by the Department. Confidential supervisory information shall not include any information or record routinely prepared by a credit union and maintained in the ordinary course of business or any information or record that is required to be made publicly available pursuant to State or federal law or rule.

(2) Confidential supervisory information is privileged from discovery and shall only be disclosed under the circumstances and for the purposes set forth in this Section.

(3) Relevant confidential supervisory information may be disclosed under a statute that by its terms or by rules promulgated thereunder requires the disclosure of confidential supervisory information other than by subpoena, summons, warrant, or court order; to the appropriate law enforcement authorities when the Director or the credit union reasonably believes the credit union, which the Director has caused to be examined, has been a victim of a crime; to other agencies or entities having a legitimate regulatory interest; to the credit union's board, officers, retained professionals, and insurers; to persons seeking to merge with or purchase all or part of the assets of the credit union; and where disclosure is otherwise required for the benefit of the credit union. Disclosure of confidential supervisory information to these persons does not constitute a waiver of the legal privilege otherwise available with respect to the information.

(4) A person to whom confidential supervisory information is disclosed shall not further disseminate confidential supervisory information.

(5) (a) Any person upon whom a demand for production of confidential supervisory information is made, whether by subpoena, order, or other judicial or administrative process, must withhold production of the confidential supervisory information and must notify the Director of the demand, at which time the Director is authorized to intervene for the purpose of enforcing the limitations of this Section or seeking the withdrawal or termination of the attempt to compel production of the confidential supervisory information.

(c) Any court order that compels disclosure of confidential supervisory information may be immediately appealed by the Director, and the order shall be automatically stayed pending the outcome of the appeal.

In any cause or proceeding in which any records may be called in question or be demanded from any credit union, a showing of the expiration of the period so prescribed shall be sufficient excuse for failure to produce them.

corporate trustee. If a corporate trustee is a bank or trust company, shares may be issued to the corporate trustee only if such bank or trust company is organized under the laws of the State of Illinois or is a nationally chartered bank located principally in the State of Illinois. An individual trustee shall be a member of the credit union unless the person establishing the trust in respect to which such shares are issued or each beneficiary of the trust is a member of the credit union and the name of each beneficiary is disclosed to the credit union. Shares may also be issued in the name of an individual or corporate representative under the Illinois Probate Act of 1975 for or in respect to a member of a credit union. Shares may also be issued in trust under the Illinois Funeral or Burial Funds Act, for or in respect to a member of a credit union, to a trustee licensed under said Act. Any credit union which issues shares in trust as provided in this Section must be insured by the NCUA or another approved insurer. No trustee or beneficiary, unless a member in his own right, shall be permitted to vote, obtain loans, hold office or be required to pay an entrance or membership fee. (a) All contributions of funds are initially made to a share account in the credit union;

(b) Any subsequent transfer of funds to other assets is solely at the direction of the member and the credit union performs only custodial duties, exercises no investment discretion and provides no investment advice with respect to plan assets;

Sec. 61. Suspension.

New matter indicated by italics - deletions by strikeout.
(1) If the Director determines that any credit union is bankrupt, insolvent, impaired or that it has willfully violated this Act, or is operating in an unsafe or unsound manner, he shall issue an order temporarily suspending the credit union's operations for not more than 60 days. The Board of Directors shall be given notice by registered or certified mail of such suspension, which notice shall include the reasons for such suspension and a list of specific violations of the Act. The Director shall also notify the members of the Credit Union Board of Advisors of any suspension. The Director may assess to the credit union a penalty, not to exceed the regulatory examination fee as set forth in this Act, to offset costs incurred in determining the condition of the credit union's books and records.

(2) Upon receipt of such suspension notice, the credit union shall cease all operations, except those authorized by the Director, or the Director may appoint a Manager-Trustee to operate the credit union during the suspension period. The Board of Directors shall, within 10 days of the receipt of the suspension notice, file with the Director a reply to the suspension notice by submitting a corrective plan of action or a request for formal hearing on said action pursuant to the Department's rules and regulations.

(3) Upon receipt from the suspended credit union of evidence that the conditions causing the order of suspension have been corrected, and after determining that the proposed corrective plan of action submitted is factual, the Director shall revoke the suspension notice, permit the credit union to resume normal operations, and notify the Board of Credit Union Advisors of such action.

(4) If the Director determines that the proposed corrective plan of action will not correct such conditions, he may take possession and control of the credit union. The Director may permit the credit union to operate under his direction and control and may appoint a Manager-Trustee to manage its affairs until such time as the condition requiring such action has been remedied, or in the case of insolvency or danger of insolvency where an emergency requiring expeditious action exists, the Director may involuntarily merge the credit union without the vote of the suspended credit union's Board of Directors or members (hereafter involuntary merger) subject to rules promulgated by the Director. No credit union shall be required to serve as a surviving credit union in any involuntary merger. Upon the request of the Director, a credit union by a vote of a majority of its Board of Directors may elect to serve as a surviving credit union in an involuntary merger. If the Director determines that the suspended credit union should be liquidated, he may appoint a Liquidating Agent and require of that person such bond and security as he considers proper.

(5) Upon receipt of a request for a formal hearing, the Director shall conduct proceedings pursuant to rules and regulations of the Department. The credit union may request the appropriate court to stay execution of such action. Involuntary liquidation or involuntary merger may not be ordered prior to the conclusion of suspension procedures outlined in this Section.

(6) If, within the suspension period, the credit union fails to answer the suspension notice or fails to request a formal hearing, or both, the Director may then (i) involuntarily merge the credit union if the credit union is insolvent or in danger of insolvency and an emergency requiring expeditious action exists or (ii) revoke the credit union's charter.

Section 5. The Illinois Pension Code is amended by changing Sections 8-137, 8-138, 11-134, and 11-134.1 as follows:

(40 ILCS 5/8-137) (from Ch. 108 1/2, par. 8-137)
Sec. 8-137. Automatic increase in annuity.
(a) An employee who retired or retires from service after December 31, 1959 and before January 1, 1987, having attained age 60 or more, shall, in January of the year after the year in which the first anniversary of retirement occurs, have the amount of his then fixed and payable monthly annuity increased by 1 1/2%, and such first fixed annuity as granted at retirement increased by a further 1 1/2% in January of each year thereafter. Beginning with January of the year 1972, such increases shall be at the rate of 2% in lieu of the aforesaid specified 1 1/2%, and beginning with January of the year 1984 such increases shall be at the rate of 3%. Beginning in January of 1999, such increases shall be at the rate of 3% of the currently payable monthly annuity, including any increases previously granted under this Article. An employee who retires on annuity after December 31, 1959 and before January 1, 1987, but before age 60, shall receive such increases beginning in January of the year after the year in which he attains age 60.

An employee who retires from service on or after January 1, 1987 shall, upon the first annuity payment date following the first anniversary of the date of retirement, or upon the first annuity payment date following attainment of age 60, whichever occurs later, have his then fixed and payable monthly annuity increased by 3%, and such annuity shall be increased by an additional 3% of the original fixed annuity on the same date each year thereafter. Beginning in January of 1999, such increases shall be at the rate of 3% of the currently payable monthly annuity, including any increases previously granted under this Article.

(a-5) Notwithstanding the provisions of subsection (a), upon the first annuity payment date following (1) the third anniversary of retirement, (2) the attainment of age 53, or (3) January 1, 2002, whichever occurs latest, the monthly annuity of an employee who retires on annuity prior to the attainment of age 60 and has not received an increase under subsection (a) shall be increased by 3%, and the annuity shall be increased by an additional 3% of the current payable monthly annuity, including any increases previously granted

under this Article, on the same date each year thereafter. The increases provided under this subsection are in lieu of the increases provided in subsection (a).

(b) Subsections (a) and (a-5) are The foregoing provision is not applicable to an employee retiring and receiving a term annuity, as herein defined, nor to any otherwise qualified employee who retires before he makes employee contributions (at the 1/2 of 1% rate as provided in this Act) for this additional annuity for not less than the equivalent of one full year. Such employee, however, shall make arrangement to pay to the fund a balance of such 1/2 of 1% contributions, based on his final salary, as will bring such 1/2 of 1% contributions, computed without interest, to the equivalent of or completion of one year's contributions.

Beginning with January, 1960, each employee shall contribute by means of salary deductions 1/2 of 1% of each salary payment, concurrently with and in addition to the employee contributions otherwise made for annuity purposes.

Each such additional contribution shall be credited to an account in the prior service annuity reserve, to be used, together with city contributions, to defray the cost of the specified annuity increments. Any balance in such account at the beginning of each calendar year shall be credited with interest at the rate of 3% per annum.

Such additional employee contributions are not refundable, except to an employee who withdraws and applies for refund under this Article, and in cases where a term annuity becomes payable. In such cases his contributions shall be refunded, without interest, and charged to such account in the prior service annuity reserve.

years of service immediately preceding the date of withdrawal; provided, that in the case of
any employee who withdraws on or after July 1, 1971, such employee age 60 or over with
20 or more years of service, shall receive an annuity for life equal to 1.67% for each of the
first 10 years of service; 1.90% for each of the next 10 years of service; 2.10% for each year
of service in excess of 20 but not exceeding 30; and 2.30% for each year of service in excess
of 30, based on the highest average annual salary for any 4 consecutive years within the last
10 years of service immediately preceding the date of withdrawal.

An employee who withdraws after July 1, 1957 and before January 1, 1988, with 20
or more years of service, before age 60 years is entitled to annuity, to begin not earlier than
upon attained age of 55 years, if under such age at withdrawal, as computed in the last
preceding paragraph, reduced 0.25% for each full month or fractional part thereof that his
attained age when annuity is to begin is less than 60 if the employee was born before January
1, 1936, or 0.5% for each such month if the employee was born on or after January 1, 1936.

Any employee born before January 1, 1936, who withdraws with 20 or more years
of service, and any employee with 20 or more years of service who withdraws on or after

each of the next 10 years of service, 2.20% for each year of service in excess of 20 but not
exceeding 30, and 2.40% for each year of service in excess of 30, of the highest average
annual salary for any 4 consecutive years within the last 10 years of service immediately
preceding the date of withdrawal, to begin not earlier than upon attained age of 55 years, if
under such age at withdrawal, reduced 0.25% for each full month or fractional part thereof
that his attained age when annuity is to begin is less than 60; except that an employee retiring
on or after January 1, 1988, at age 55 or over but less than age 60, having at least 35 years
of service, or an employee retiring on or after July 1, 1990, at age 55 or over but less than age
60, having at least 30 years of service, or an employee retiring on or after the effective date
of this amendatory Act of 1997, at age 55 or over but less than age 60, having at least 25
years of service, shall not be subject to the reduction in retirement annuity because of
retirement below age 60.

However, in the case of an employee who retired on or after January 1, 1985 but
before January 1, 1988, at age 55 or older and with at least 35 years of service, and who was
subject under this subsection (b) to the reduction in retirement annuity because of retirement
below age 60, that reduction shall cease to be effective January 1, 1991, and the retirement
annuity shall be recalculated accordingly.

Any employee who withdraws on or after July 1, 1990, with 20 or more years of
service, may elect to receive, in lieu of any other employee annuity provided in this Section,
an annuity for life equal to 2.20% for each year of service if withdrawal is before January
1, 2002, or 2.40% for each year of service if withdrawal is on or after January 1, 2002, of

that an employee retiring at age 55 or over but less than age 60, having at least 30 years of service, shall not be subject to the reduction in retirement annuity because of retirement below age 60.

Any employee who withdrawing on or after the effective date of this amendatory Act of 1997 with 20 or more years of service may elect to receive, in lieu of any other employee annuity provided in this Section, an annuity for life equal to 2.20%; for each year of service, if withdrawal is before January 1, 2002, or 2.40% for each year of service if withdrawal is on or after January 1, 2002, of the highest average annual salary for any 4 consecutive years within the last 10 years of service immediately preceding the date of withdrawal, to begin not earlier than upon attainment of age 55 (age 50 if the employee has at least 30 years of service), reduced 0.25% for each full month or remaining fractional part thereof that the employee's attained age when annuity is to begin is less than 60; except that an employee retiring at age 50 or over with at least 30 years of service or at age 55 or over with at least 25 years of service shall not be subject to the reduction in retirement annuity because of retirement below age 60.

The maximum annuity payable under part (a) and (b) of this Section shall not exceed 70% of highest average annual salary in the case of an employee who withdraws prior to July 1, 1971, and 75% if withdrawal takes place on or after July 1, 1971 and prior to January 1, 2002, or 80% if withdrawal takes place on or after January 1, 2002. For the purpose of the minimum annuity provided in this Section $1,500 is considered the minimum annual salary for any year; and the maximum annual salary for the computation of such annuity is $4,800 for any year before 1953, $6000 for the years 1953 to 1956, inclusive, and the actual annual salary, as salary is defined in this Article, for any year thereafter.

To preserve rights existing on December 31, 1959, for participants and contributors on that date to the fund created by the Court and Law Department Employees' Annuity Act, who became participants in the fund provided for on January 1, 1960, the maximum annual salary to be considered for such persons for the years 1955 and 1956 is $7,500.

(c) For an employee receiving disability benefit, his salary for annuity purposes under paragraphs (a) and (b) of this Section, for all periods of disability benefit subsequent to the year 1956, is the amount on which his disability benefit was based.

(d) An employee with 20 or more years of service, whose entire disability benefit credit period expires before attainment of age 55 while still disabled for service, is entitled upon withdrawal to the larger of (1) the minimum annuity provided above, assuming he is then age 55, and reducing such annuity to its actuarial equivalent as of his attained age on such date or (2) the annuity provided from his age and service and prior service annuity credits.

(e) The minimum annuity provisions do not apply to any former municipal employee receiving an annuity from the fund who re-enters service as a municipal employee, unless he renders at least 3 years of additional service after the date of re-entry.

(f) An employee in service on July 1, 1947, or who became a contributor after July 1, 1947 and before attainment of age 70, who withdraws after age 65, with less than 20 years of service for whom the annuity has been fixed under this Article shall, instead of the annuity

Such amount as he could have received had the accumulated amounts for annuity been improved with interest at the effective rate to the date of his withdrawal, or to attainment of age 70, whichever is earlier, and had the city contributed to such earlier date for age and service annuity the amount that it would have contributed had he been under age 65, after the date his annuity was fixed in accordance with this Article, and assuming his annuity were computed from such accumulations as of his age on such earlier date. The annuity so computed shall not exceed the annuity which would be payable under the other provisions of this Section if the employee was credited with 20 years of service and would qualify for annuity thereunder.

(g) Instead of the annuity provided in this Article, an employee having attained age 65 with at least 15 years of service who withdraws from service on or after July 1, 1971 and whose annuity computed under other provisions of this Article is less than the amount provided under this paragraph, is entitled to a minimum annuity for life equal to 1% of the highest average annual salary, as salary is defined and limited in this Section for any 4 consecutive years within the last 10 years of service for each year of service, plus the sum of $25 for each year of service. The annuity shall not exceed 60% of such highest average annual salary.

(g-1) Instead of any other retirement annuity provided in this Article, an employee who has at least 10 years of service and withdraws from service on or after January 1, 1999 may elect to receive a retirement annuity for life, beginning no earlier than upon attainment of age 60, equal to 2.2% if withdrawal is before January 1, 2002, or 2.4% if withdrawal is on or after January 1, 2002, of final average salary for each year of service, subject to a maximum of 75% of final average salary if withdrawal is before January 1, 2002, or 80% if withdrawal is on or after January 1, 2002. For the purpose of calculating this annuity, "final average salary" means the highest average annual salary for any 4 consecutive years in the last 10 years of service.

(h) The minimum annuities provided under this Section shall be paid in equal monthly installments.

(i) The amendatory provisions of part (b) and (g) of this Section shall be effective July 1, 1971 and apply in the case of every qualifying employee withdrawing on or after July 1, 1971.

(j) The amendatory provisions of this amendatory Act of 1985 (P.A. 84-23) relating to the discount of annuity because of retirement prior to attainment of age 60, and to the retirement formula, for those born before January 1, 1936, shall apply only to qualifying employees withdrawing on or after July 18, 1985.

(j-1) The changes made to this Section by this amendatory Act of the 92nd General Assembly (increasing the retirement formula to 2.4% per year of service and increasing the maximum to 80%) apply to persons who withdraw from service on or after January 1, 2002, regardless of whether that withdrawal takes place before the effective date of this amendatory Act. In the case of a person who withdraws from service on or after January 1, 2002 but begins to receive a retirement annuity before the effective date of this amendatory

1. any employee annuitant alive and receiving a life annuity on the effective date of this amendatory Act of 1998, except a reciprocal annuity;
2. any employee annuitant alive and receiving a term annuity on the effective date of this amendatory Act of 1998, except a reciprocal annuity;
3. any employee annuitant alive and receiving a reciprocal annuity on the effective date of this amendatory Act of 1998, whose service in this fund is at least 5 years;
4. any employee annuitant withdrawing after age 60 on or after the effective date of this amendatory Act of 1998, with at least 10 years of service in this fund.

The annuity so computed shall not exceed the annuity which would be payable under the other provisions of this Section if the employee was credited with 20 years of service and would qualify for annuity thereunder.

(f) In lieu of the annuity provided in this or in any other Section of this Article, an employee having attained age 65 with at least 15 years of service who withdraws from service on or after July 1, 1971 and whose annuity computed under other provisions of this Article is less than the amount provided under this paragraph shall be entitled to receive a minimum annual annuity for life equal to 1% of the highest average annual salary for any 4 consecutive years within the last 10 years of service immediately preceding retirement for each year of his service plus the sum of $25 for each year of service. For the purpose of calculating this annuity, "final average salary" means the highest average annual salary for any 4 consecutive years in the last 10 years of service.

(g) Any annuity payable under the preceding subsections of this Section 11-134 shall be paid in equal monthly installments.

(h) The amendatory provisions of part (a) and (f) of this Section shall be effective July 1, 1971 and apply in the case of every qualifying employee withdrawing on or after July 1, 1971.

(h-1) The changes made to this Section by this amendatory Act of the 92nd General Assembly (increasing the retirement formula to 2.4% per year of service and increasing the maximum to 80%) apply to persons who withdraw from service on or after January 1, 2002, regardless of whether that withdrawal takes place before the effective date of this amendatory Act. In the case of a person who withdraws from service on or after January 1, 2002 but begins to receive a retirement annuity before the effective date of this amendatory Act, the annuity shall be recalculated, with the increase resulting from this amendatory Act accruing from the date the retirement annuity began.

These bonds shall be authorized by an ordinance without submission thereof to the electors of the Hospital District, shall mature at such time not to exceed 40 years from the date of issue, and bear such rate of interest not to exceed the greater of (i) the maximum rate authorized by the Bond Authorization Act, as amended at the time of the making of the contract, or (ii) 9% per annum, payable annually or semiannually, as the corporate authorities may determine, and may be sold by the corporate authorities in such manner as they deem best in the public interest. However, such bonds shall be sold at such price that the interest cost of the proceeds therefrom will not exceed the greater of (i) the maximum rate authorized by the Bond Authorization Act, as amended at the time of the making of the contract, or (ii) 9% per annum if issued on or after

the effective date of this amendatory Act, based on the average maturity of such bonds and computed according to standard tables of bond values. No member of the Board or hospital administration shall have any personal economic interest in any bonds issued in accordance with this Section.

The corporate authorities of any such Hospital District availing itself of the provisions of this Section shall adopt an ordinance describing in a general way the building, buildings, or facilities, or additions or extensions thereto, to be constructed, reconstructed, repaired, remodeled, extended, equipped or improved, and the site or sites to be acquired. Such ordinance shall set out the estimated cost of such construction, reconstruction, repair, remodeling, extension, equipment, improvement or acquisition and fix the amount of revenue bonds proposed to be issued, the maturity, interest rate, and all details in respect thereof, including any provision for redemption prior to maturity, with or without premium, and upon such notice as may be provided by the ordinance. Such ordinance may also contain such provisions and covenants which shall be part of the contract between the Hospital District and the holders of such bonds as may be considered necessary and advisable as to the operation, maintenance, and management of the hospital or hospitals, the establishment and maintenance of sinking funds, reserve funds, and other special funds, including construction funds, the fixing and collection of rents, fees and charges for the use of the facilities of the hospital or hospitals sufficient to produce revenue adequate to maintain such funds and to pay the bonds at maturity and accruing interest thereon, the issuance thereafter of additional bonds payable from the revenues derived from the hospital or hospitals, the kind and amount of insurance, including use and occupancy insurance, if any, to be carried, the cost of which shall be payable only from the revenues derived from the hospital or hospitals and such other covenants deemed necessary or desirable to assure the successful operation and maintenance of the hospital or hospitals and the prompt payment of the principal of and interest upon the bonds so authorized.

Revenue bonds issued under this Section shall be signed by the chairman and secretary of the Board or such other officers as the Board may by ordinance direct to sign such bonds, and shall be payable from revenue derived from the operation of the hospital or hospitals. These bonds may not in any event constitute an indebtedness of the Hospital District within the meaning of any constitutional provision or limitation. It shall be plainly written or printed on the face of each bond that the bond has been issued under the provisions of this Section, that the bond, including the interest thereon, is payable from the revenue pledged to the payment thereof, and that it does not constitute an indebtedness or obligation of the Hospital District within the meaning of any constitutional or statutory limitation or provision. No holder of any such revenue bond may compel any exercise of the taxing power of the Hospital District to pay such bond or interest thereon.

The District may not issue any bonds under this Section unless a public hearing, with adequate notice to the public, is held prior to the issuance of the bonds. Notice of the hearing giving the purpose, time and place of the hearing shall be published at least once, not more than 30 nor less than 15 days before the hearing, in one or more newspapers published in the district, and if there is none, in a newspaper published in the county and having general

circulation in the district.

With respect to instruments for the payment of money issued under this Section either before, on, or after the effective date of this amendatory Act of 1989, it is and always has been the intention of the General Assembly (i) that the Omnibus Bond Acts are and always have been supplementary grants of power to issue instruments in accordance with the Omnibus Bond Acts, regardless of any provision of this Act that may appear to be or to have been more restrictive than those Acts, (ii) that the provisions of this Section are not a limitation on the supplementary authority granted by the Omnibus Bond Acts, and (iii) that instruments issued under this Section within the supplementary authority granted by the Omnibus Bond Acts are not invalid because of any provision of this Act that may appear to be or to have been more restrictive than those Acts.

(b) In addition to any criminal penalties imposed, the Department of Natural Resources shall suspend the watercraft operation privileges of any person convicted of a felony under this Section for a period of 3 years.

(B) 1. Any person who operates any watercraft upon the waters of this State shall be deemed to have given consent to a chemical test or tests of blood, breath or urine for the purpose of determining the alcohol, other drug, or combination thereof content of such person's blood if arrested for any offense of subsection (A) above. The test or tests shall be administered at the direction of the arresting officer.

2. Any person who is dead, unconscious or who is otherwise in a condition rendering such person incapable of refusal, shall be deemed not to have withdrawn the consent provided above.

3. A person requested to submit to a test as provided above shall be verbally advised by the law enforcement officer requesting the test that a refusal to submit to the test will result in suspension of such person's privilege to operate a watercraft. Following this warning, if a person under arrest refuses upon the request of a law enforcement officer to submit to a test designated by the officer, none shall be given, but the law enforcement officer shall file with the clerk of the circuit court for the county in which the arrest was made, a sworn statement naming the person refusing to take and complete the test or tests requested under the provisions of this Section. Such sworn statement shall identify the arrested person, such person's current residence address and shall specify that a refusal by such person to take the test or tests was made. Such sworn statement shall include a statement that the arresting officer had reasonable cause to believe the person was operating the watercraft within the State while under the influence of alcohol, other drug, or combination thereof and that such test or tests were made as an incident to and following the lawful arrest for an offense as defined in this Section or a similar provision of a local ordinance, and that the person after being arrested for an offense arising out of acts alleged to
have been committed while so operating a watercraft refused to submit to and complete a test or tests as requested by the law enforcement officer.

The clerk shall thereupon notify such person in writing that the person's privilege to operate a watercraft will be suspended unless, within 28 days from the date of mailing of the notice, such person shall request in writing a hearing thereon; if the person desires a hearing, such person shall file a complaint in the circuit court for and in the county in which such person was arrested for such hearing. Such hearing shall proceed in the court in the same manner as other civil proceedings, shall cover only the issues of whether the person was placed under arrest for an offense as defined in this Section or a similar provision of a local ordinance as evidenced by the issuance of a uniform citation; whether the arresting officer had reasonable grounds to believe that such person was operating a watercraft while under the influence of alcohol, other drug, or combination thereof; and whether such person refused to submit and complete the test or tests upon the request of the law enforcement officer. Whether the person was informed that such person's privilege to operate a watercraft would be suspended if such person refused to submit to the test or tests shall not be an issue.

If the court finds against the person on the issues before the court, the clerk shall immediately notify the Department of Natural Resources of the court's decision, and the Department shall suspend the watercraft operation privileges of the person for at least 2 years.

4. A person must submit to each test offered by the law enforcement officer in order to comply with the implied consent provisions of this Section.

5. The provisions of Section 11-501.2 of the Illinois Vehicle Code, as amended, concerning the certification and use of chemical tests apply to the use of such tests under this Section.

(C) Upon the trial of any civil or criminal action or proceeding arising out of acts alleged to have been committed by any person while operating a watercraft while under the influence of alcohol, the concentration of alcohol in the person's blood or breath at the time alleged as shown by analysis of a person's blood, urine, breath, or other bodily substance shall give rise to the presumptions specified in subdivisions 1, 2, and 3 of subsection (b) of Section 11-501.2 of the Illinois Vehicle Code. The foregoing provisions of this subsection (C) shall not be construed as limiting the introduction of any other relevant evidence bearing upon the question whether the person was under the influence of alcohol.

(D) If a person under arrest refuses to submit to a chemical test under the provisions of this Section, evidence of refusal shall be admissible in any civil or criminal action or proceeding arising out of acts alleged to have been committed while the person under the influence of alcohol, or other drugs, or combination of both was operating a watercraft.

(E) The owner of any watercraft or any person given supervisory authority over a watercraft, may not knowingly permit a watercraft to be operated by any person under the influence of alcohol, other drug, or combination thereof.

(F) Whenever any person is convicted of a violation of this Section, the court shall
notify the Division of Law Enforcement of the Department of Natural Resources, to provide the Department with the records essential for the performance of the Department's duties to monitor and enforce any order of suspension or revocation concerning the privilege to operate a watercraft.

(G) No person who has been arrested and charged for violating paragraph 1 of subsection (A) of this Section shall operate any watercraft within this State for a period of 6 hours after such arrest.

(4) being convicted of a crime that has a substantial relationship to his or her practice or an essential element of which is misstatement, fraud, or dishonesty, being convicted in this or another state of any crime that is a felony under the laws of Illinois or of that state, or being convicted of a felony in a federal court, unless the licensee demonstrates that he or she has been sufficiently rehabilitated to warrant the public trust;

(5) performing any service in a grossly negligent manner or permitting any licensed employee to perform services in a grossly negligent manner, regardless of whether actual damage or damage to the public is established;

(6) being a habitual drunk or having a habitual addiction to the use of morphine, cocaine, controlled substances, or other habit-forming drugs;

(7) willfully receiving compensation, directly or indirectly, for any professional service not actually rendered;

(11) performing and charging for services without having authorization to do so from the member of the public being served; or

(12) failing to comply with any provision of this Act or the rules adopted under this Act.

Section 70. Complaints. All complaints concerning violations regarding licensees or unlicensed activity shall be received and logged by the State Fire Marshal.

Section 75. Formal charges; hearings.

(a) Following the investigative process, the State Fire Marshal may file formal charges against the licensee. The formal charges shall, at a minimum, inform the licensee of the facts that comprise the basis of the charge and that are specific enough to enable the licensee to defend himself or herself.

(b) Each licensee whose conduct is the subject of a formal charge that seeks to impose disciplinary action against the licensee shall be served notice of the formal charge at least 30 days before the date of the hearing, which shall be presided over by a hearing officer authorized by the State Fire Marshal. Service shall be considered to have been given if the notice was personally received by the licensee or if the notice was sent by certified mail, return receipt requested, to the licensee at the licensee's last known address as listed with the State Fire Marshal.

(c) The notice of formal charges shall inform the licensee (i) of the time, date, and place of the hearing; (ii) that the licensee shall appear personally at the hearing and may be represented by counsel; (iii) that the licensee shall have the right to produce witnesses and evidence in his or her behalf and shall have the right to cross-examine witnesses and examine evidence produced against him or her; (iv) that the hearing could result in disciplinary action being taken against his or her license; (v) that rules for the conduct of these hearings exist and it may be in the licensee's best interest to obtain a copy; (vi) that a hearing officer authorized by the State Fire Marshal shall preside at the hearing and following the conclusion of the hearing shall make findings of fact, conclusions of law, and recommendations to the State Fire Marshal as to what disciplinary action, if any, should be imposed on the licensee; and (vii) that the State Fire Marshal may continue the hearing.

(d) The hearing officer authorized by the State Fire Marshal shall hear the evidence produced in support of the formal charges and any contrary evidence produced by the licensee. At the conclusion of the hearing, the hearing officer shall make findings of fact, conclusions of law, and recommendations and submit them to the State Fire Marshal and to all parties to the proceeding. Submission to the licensee shall be considered as having been made if done in a similar fashion as service of the notice of formal charges. Within 20 days after such service, any party to the proceeding may present to the State Fire Marshal a motion, in writing, for a rehearing that specifies the grounds for rehearing.

(e) The State Fire Marshal, following the time allowed for filing a motion for rehearing, shall review the hearing officer's findings of fact, conclusions of law, and
recommendations and any motions filed subsequent to the findings, conclusions, and recommendations. After reviewing this information, the State Fire Marshal may hear oral arguments, prior to issuing an order. The report of findings of fact, conclusions of law, and recommendations of the hearing officer shall be the basis for the State Fire Marshal's order.

If the State Fire Marshal finds that substantial justice was not done, he or she may issue an order in contravention to the findings of fact, conclusions of law, and recommendations of the hearing officer. The finding is not admissible in evidence against the person in a criminal prosecution brought for the violation of this Act.

(f) All proceedings pursuant to this Section are matters of public record and shall be preserved.

Section 80. Sanctions.
(a) The State Fire Marshal shall impose any of the following sanctions, singly or in combination, when he or she finds that a licensee is guilty of any offense described in Section 65:

(1) revocation;
(2) suspension for any period of time;
(3) reprimand or censure;
(4) placement on probationary status and requirement that the licensee submit any of the following:
   (A) report regularly to the State Fire Marshal upon matters that are the basis of the probation;
   (B) continue or renew professional education until a satisfactory degree of skill has been attained in those areas that are the basis of the probation; or
   (C) any other reasonable requirements or restrictions as are proper;
(5) refusal to issue, renew, or restore; or
(6) revocation of probation that has been granted and imposition of any other discipline in this subsection (a) when the requirements of probation have not been fulfilled or have been violated.

(b) The State Fire Marshal may summarily suspend a license under this Act, without a hearing, simultaneously with the filing of a formal complaint and notice for a hearing, if the State Fire Marshal finds that the continued operations of the individual would constitute an immediate danger to the public. In the event the State Fire Marshal suspends a license under this subsection, a hearing by the hearing officer designated by the State Fire Marshal shall be held within 20 days after the suspension begins, unless continued at the request of the licensee.

(c) Disposition may be made of any formal complaint by consent order between the State Fire Marshal and the licensee.

(d) The State Fire Marshal shall reinstate a license to good standing under this Act, upon recommendation to the State Fire Marshal, after a hearing before the hearing officer authorized by the State Fire Marshal. The State Fire Marshal shall be satisfied that the applicant's renewed practice is not contrary to the public interest.
(e) The State Fire Marshal may conduct hearings and issue cease and desist orders to persons who engage in activities prohibited by this Act without having a valid license, certificate, or registration. Any person in violation of a cease and desist order entered by the State Fire Marshal shall be subject to all of the remedies provided by law and, in addition, shall be subject to a civil penalty payable to the party injured by the violation.

(f) The State Fire Marshal shall seek to achieve consistency in the application of the foregoing sanctions and consent orders and significant departure from prior decisions involving similar conduct shall be explained in the State Fire Marshal's orders.

(g) Upon the suspension or revocation of a license issued under this Act, a licensee shall surrender the license to the State Fire Marshal and, upon failure to do so, the State Fire Marshal shall seize the same.

(g-5) Any person, business, or corporation whose license has been revoked under the provisions of this Act is prohibited, for a period of 2 years from the date of revocation, from owning more than 7 1/2% of a business or corporation licensed under this Act.

(h) The State Fire Marshal may refuse to issue or may suspend the license of any person who fails to file a return, to pay the tax, penalty, or interest shown in a filed return, or to pay any final assessment of tax, penalty, or interest, as required by any tax Act administered by the Illinois Department of Revenue, until the time that the requirements of any such tax Act are satisfied.

Section 85. Depositions; witnesses; judicial review.

(a) The State Fire Marshal has the power to subpoena and bring before him or her any person in this State and to take testimony either orally or by deposition, or both, with the same fees and mileage and in the same manner as is prescribed by law for judicial proceedings in civil cases. The State Fire Marshal and the hearing officer approved by the State Fire Marshal have the power to administer oaths at any hearing that the State Fire Marshal is authorized to conduct.

(b) A circuit court, upon the application of the licensee or the State Fire Marshal, may order the attendance of witnesses and the production of relevant books and papers in any hearing conducted pursuant to this Act. The court may compel obedience to its order by proceedings for contempt.

(c) The State Fire Marshal, at the Office's expense, shall provide a stenographer or a mechanical recording device to record the testimony and preserve a record of all proceedings at the hearing of any case wherein a license may be revoked, suspended, placed on probationary status, or other disciplinary action taken with regard to the license. The notice of hearing, the complaint, and all other documents in the nature of pleadings and written motions filed in the proceedings, the transcript of testimony, the report of the hearing officer, and the orders of the State Fire Marshal constitute the record of the proceedings. The State Fire Marshal shall furnish a transcript of the record to any interested person upon payment of the costs of copying and transmitting the record.

(d) All final administrative decisions of the State Fire Marshal are subject to judicial review pursuant to the provisions of the Administrative Review Law and the rules adopted pursuant thereto. Proceedings for judicial review shall be commenced in the Circuit Court

of the county in which the party applying for review resides. If the party applying for review is not a resident of Illinois, the venue shall be in Sangamon County. The State Fire Marshal shall not be required to certify any record to the court, file any answer in court, or otherwise appear in any court in a judicial review proceeding, unless there is filed in the court with the complaint a receipt from the State Fire Marshal acknowledging payment of the costs of furnishing and certifying the record, which costs shall be computed at the cost of preparing such record. Exhibits shall be certified without cost. Failure on the part of the licensee to file the receipt in court shall be grounds for dismissal of the action.

During all judicial proceedings incident to disciplinary action, the sanctions imposed upon the accused by the State Fire Marshal shall remain in effect, unless the court feels justice requires a stay of the order.

Section 90. Order; prima facie proof. An order or a certified copy of an order, bearing the seal of the State Fire Marshal and purporting to be signed by the State Fire Marshal, is prima facie proof that:

(1) the signature is that of the State Fire Marshal;
(2) the State Fire Marshal is qualified to act; and
(3) the hearing officer is qualified to act on behalf of the State Fire Marshal.

Such proof may be rebutted.

Section 95. Publication of records. The State Fire Marshal shall, upon request, publish a list of the names and addresses of all licensees under the provisions of this Act.

Section 100. Criminal penalties. A person who violates any of the provisions of this Act shall be guilty of a Class A misdemeanor for the first offense and shall be guilty of a Class 4 felony for a second or subsequent offense.

Section 105. Home rule. The regulation and licensing of petroleum equipment contractors are exclusive powers and functions of the State. A home rule unit may not regulate or license petroleum equipment contractors. This Section is a denial and limitation of home rule powers and functions under subsection (h) of Section 6 of Article VII of the Illinois Constitution. However, nothing in this Act shall limit the authority of the Office of the State Fire Marshal and a municipality with a population over 500,000 to enter into contracts pursuant to paragraph (b) of subsection (2) of Section 2 of the Gasoline Storage Act.

Section 900. The Regulatory Sunset Act is amended by adding Section 4.22 as follows:

State Fire Marshal under this Act shall be concurrent with that of municipalities and other political subdivisions. The Office of the State Fire Marshal has power to promulgate, pursuant to the Illinois Administrative Procedure Act, reasonable rules and regulations governing the keeping, storage, transportation, sale or use of gasoline and volatile oils; including rules requiring that underground storage tank contractors file a bond or a certificate of insurance with the State Fire Marshal, and rules governing the dismantling of abandoned bulk storage plants. Nothing in this Act shall relieve any person, corporation, or other entity from complying with any zoning ordinance of a municipality or home rule unit enacted pursuant to Section 11-13-1 of the Illinois Municipal Code or any ordinance enacted pursuant to Section 11-8-4 of the Illinois Municipal Code.

(b) The rulemaking power shall include the power to promulgate rules providing for the issuance and revocation of permits allowing the self service dispensing of motor fuels as such term is defined in the Motor Fuel Tax Law in retail service stations or any other place of business where motor fuels are dispensed into the fuel tanks of motor vehicles, internal combustion engines or portable containers. Such rules shall specify the requirements that must be met both prior and subsequent to the issuance of such permits in order to insure the safety and welfare of the general public. The operation of such service stations without a permit shall be unlawful. The Office of the State Fire Marshal shall revoke such permit if the self service operation of such a service station is found to pose a significant risk to the safety and welfare of the general public.

(c) However, except in any county with a population of 1,000,000 or more, the Office of the State Fire Marshal shall not have the authority to prohibit the operation of a service station solely on the basis that it is an unattended self-service station which utilizes key or card operated self-service motor fuel dispensing devices. Nothing in this paragraph shall prohibit the Office of the State Fire Marshal from adopting reasonable rules and regulations governing the safety of self-service motor fuel dispensing devices.

(d) The State Fire Marshal shall not prohibit the dispensing or delivery of flammable or combustible motor vehicle fuels directly into the fuel tanks of vehicles from tank trucks, tank wagons, or other portable tanks. The State Fire Marshal shall adopt rules (i) for the issuance of permits for the dispensing of motor vehicle fuels in the manner described in this paragraph (d), (ii) that establish fees for permits and inspections, and provide for those fees to be deposited into the Fire Prevention Fund, (iii) that require the dispensing of motor fuel in the manner described in this paragraph (d) to meet conditions consistent with nationally recognized standards such as those of the National Fire Protection Association, and (iv) that restrict the dispensing of motor vehicle fuels in the manner described in this paragraph (d) to the following:

(A) agriculture sites for agricultural purposes,

(B) construction sites for refueling construction equipment used at the construction site,

(C) sites used for the parking, operation, or maintenance of a commercial vehicle fleet, but only if the site is located in a county with 3,000,000 or more inhabitants or a county contiguous to a county with 3,000,000 or more inhabitants

and the site is not normally accessible to the public, and

(D) sites used for the refueling of police, fire, or emergency medical services vehicles or other vehicles that are owned, leased, or operated by (or operated under contract with) the State, a unit of local government, or a school district, or any agency of the State and that are not normally accessible to the public.

(2) (a) The Office of the State Fire Marshal shall adopt rules and regulations regarding underground storage tanks and associated piping and no municipality or other political subdivision shall adopt or enforce any ordinances or regulations regarding such underground tanks and piping other than those which are identical to the rules and regulations of the Office of the State Fire Marshal. It is declared to be the law of this State, pursuant to paragraphs (h) and (i) of Section 6 of Article VII of the Illinois Constitution, that the establishment and enforcement of standards regarding underground storage tanks and associated piping within the jurisdiction of the Office of the State Fire Marshal is an exclusive State function which may not be exercised concurrently by a home rule unit except as expressly permitted in this Act.

(b) The Office of the State Fire Marshal may enter into written contracts with municipalities of over 500,000 in population to enforce the rules and regulations adopted under this subsection.

(3) (a) The Office of the State Fire Marshal shall have authority over underground storage tanks which contain, have contained, or are designed to contain petroleum, hazardous substances and regulated substances as those terms are used in Subtitle I of the Hazardous and Solid Waste Amendments of 1984 (P.L. 98-616), as amended by the Superfund Amendments and Reauthorization Act of 1986 (P.L. 99-499). The Office shall have the power with regard to underground storage tanks to require any person who tests, installs, repairs, replaces, relines, or removes any underground storage tank system containing, formerly containing, or which is designed to contain petroleum or other regulated substances to be certified to perform that activity, to obtain a permit to install, repair, replace, reline, or remove the particular tank system, to pay an annual certification fee of $100 per year, and to pay a fee set by the Office of $100 per site for a permit to install, repair, replace, reline, upgrade, test, or remove any portion of an underground storage tank system. All persons who do repairs above grade level for themselves need not pay a fee or be certified. All fees received by the Office from certification and permits shall be deposited in the Fire Prevention Fund for the exclusive use of the Office in administering the Underground Storage Tank program.

(b) (i) Within 120 days after the promulgation of regulations or amendments thereto by the Administrator of the United States Environmental Protection Agency to implement Section 9003 of Subtitle I of the Hazardous and Solid Waste Amendments of 1984 (P.L. 98-616) of the Resource Conservation and Recovery Act of 1976 (P.L. 95-580), as amended, the Office of the State Fire Marshal shall adopt regulations or amendments thereto which are identical in substance. The rulemaking provisions of Section 5-35 of the Illinois Administrative Procedure Act shall not apply to regulations or amendments thereto adopted pursuant to this subparagraph (i).

New matter indicated by italics - deletions by strikeout.
(ii) The Office of the State Fire Marshal may adopt additional regulations relating to an underground storage tank program that are not inconsistent with and at least as stringent as Section 9003 of Subtitle I of the Hazardous and Solid Waste Amendments of 1984 (P.L. 98-616) of the Resource Conservation and Recovery Act of 1976 (P.L. 94-580), as amended, or regulations adopted thereunder. Except as provided otherwise in subparagraph (i) of this paragraph (b), the Office of the State Fire Marshal shall not adopt regulations relating to corrective action at underground storage tanks. Regulations adopted pursuant to this subsection shall be adopted in accordance with the procedures for rulemaking in Section 5-35 of the Illinois Administrative Procedure Act.

(c) The Office of the State Fire Marshal shall require any person, corporation or other entity who tests an underground tank or its piping or cathodic protection for another, except a lessor for his or her lessee, to register with the Office, and pay an annual registration fee of $100, to be deposited in the Fire Prevention Fund, and to report the results of such test to the Office.

(d) In accordance with constitutional limitations, the Office shall have authority to enter at all reasonable times upon any private or public property for the purpose of:
   (i) Inspecting and investigating to ascertain possible violations of this Act, of regulations thereunder or of permits or terms or conditions thereof; or
   (ii) In accordance with the provisions of this Act, taking whatever emergency action, that is necessary or appropriate, to assure that the public health or safety is not threatened whenever there is a release or a substantial threat of a release of petroleum or a regulated substance from an underground storage tank.

(e) The Office of the State Fire Marshal may issue an Administrative Order to any person who it reasonably believes has violated the rules and regulations governing underground storage tanks, including the installation, repair, leak detection, cathodic protection tank testing, removal or release notification. Such an order shall be served by registered or certified mail or in person. Any person served with such an order may appeal such order by submitting in writing any such appeal to the Office within 10 days of the date of receipt of such order. The Office shall conduct an administrative hearing governed by the Illinois Administrative Procedure Act and enter an order to sustain, modify or revoke such order. Any appeal from such order shall be to the circuit court of the county in which the violation took place and shall be governed by the Administrative Review Law.

(f) The Office of the State Fire Marshal shall not require the removal of an underground tank system taken out of operation before January 2, 1974, except in the case in which the office of the State Fire Marshal has determined that a release from the underground tank system poses a current or potential threat to human health and the environment. In that case, and upon receipt of an Order from the Office of the State Fire Marshal, the owner or operator of the nonoperational underground tank system shall assess the excavation zone and close the system in accordance with regulations promulgated by the Office of the State Fire Marshal.

(4) (a) The Office of the State Fire Marshal shall adopt rules and regulations regarding aboveground storage tanks and associated piping and no municipality or other
polITICAL SUBDIVISION SHALl ADOPT OR ENFORCE ANY ORDINANCES OR REGULATIONS REGARDING SUCH ABOVEGROUND TANKS AND PIPING OTHER THAN THOSE WHICH ARE IDENTICAL TO THE RULES AND REGULATIONS OF THE OFFICE OF THE STATE FIRE MARSHAL UNLESS, IN THE INTEREST OF FIRE SAFETY, THE OFFICE OF THE STATE FIRE MARSHAL DELEGATES SUCH AUTHORITY TO MUNICIPALITIES, POLITICAL SUBDIVISIONS OR HOME RULE UNITS. IT IS DECLARED TO BE THE LAW OF THIS STATE, PERSUANT TO PARAGRAPHS (H) AND (I) OF SECTION 6 OF ARTICLE VII OF THE ILLINOIS CONSTITUTION, THAT THE ESTABLISHMENT OF STANDARDS REGARDING ABOVEGROUND STORAGE TANKS AND ASSOCIATED PIPING WITHIN THE JURISDICTION OF THE OFFICE OF THE STATE FIRE MARSHAL IS AN EXCLUSIVE STATE FUNCTION WHICH MAY NOT BE EXERCISED CONCURRENTLY BY A HOME RULE UNIT EXCEPT AS EXPRESSLY PERMITTED IN THIS ACT.

(b) THE OFFICE OF THE STATE FIRE MARSHAL SHALL ENFORCE ITS RULES AND REGULATIONS CONCERNING ABOVEGROUND STORAGE TANKS AND ASSOCIATED PIPING; HOWEVER, MUNICIPALITIES MAY ENFORCE ANY OF THEIR ZONING ORDINANCES OR ZONING REGULATIONS REGARDING ABOVEGROUND TANKS. THE OFFICE OF THE STATE FIRE MARSHAL MAY ISSUE AN ADMINISTRATIVE ORDER TO ANY OWNER OF AN ABOVEGROUND STORAGE TANK AND ASSOCIATED PIPING IT REASONABLY BELIEVES TO BE IN VIOLATION OF SUCH RULES AND REGULATIONS TO REMEDY OR REMOVE ANY SUCH VIOLATION. SUCH AN ORDER SHALL BE SERVED BY REGISTERED OR CERTIFIED MAIL OR IN PERSON. ANY PERSON SERVED WITH SUCH AN ORDER MAY APPEAL SUCH ORDER BY SUBMITTING IN WRITING ANY SUCH APPEAL TO THE OFFICE WITHIN 10 DAYS OF THE DATE OF RECEIPT OF SUCH ORDER. THE OFFICE SHALL CONDUCT AN ADMINISTRATIVE HEARING GOVERNED BY THE ILLINOIS ADMINISTRATIVE PROCEDURE ACT AND ENTER AN ORDER TO SUSTAIN, MODIFY OR REVOKE SUCH ORDER. ANY APPEAL FROM SUCH ORDER SHALL BE TO THE CIRCUIT COURT OF THE COUNTY IN WHICH THE VIOLATION TOOK PLACE AND SHALL BE GOVERNED BY THE ADMINISTRATIVE REVIEW LAW.

Section 10. The Illinois Vehicle Code is amended by changing Section 11-605 as follows:
(625 ILCS 5/11-605) (from Ch. 95 1/2, par. 11-605)
Sec. 11-605. Special speed limit while passing schools or while traveling through highway construction or maintenance zones.
(a) For the purpose of this Section, "school" means the following entities:

   (3) A public, private, or religious nursery school.

On a school day when school children are present and so close thereto that a potential hazard exists because of the close proximity of the motorized traffic, no person shall drive a motor vehicle at a speed in excess of 20 miles per hour while passing a school zone or while traveling upon any public thoroughfare where children pass going to and from school.

For the purpose of this Section a school day shall begin at seven ante meridian and shall conclude at four post meridian.

(b) No person shall operate a motor vehicle in a construction or maintenance zone at a speed in excess of the posted speed limit when workers are present and so close to the moving traffic that a potential hazard exists because of the motorized traffic.

(c) Nothing in this Chapter shall prohibit the use of electronic speed-detecting devices within 500 feet of signs within a special school speed zone or a construction or maintenance zone indicating such zone, as defined in this Section, nor shall evidence obtained thereby be inadmissible in any prosecution for speeding provided the use of such device shall apply only to the enforcement of the speed limit in such special school speed zone or a construction or maintenance zone.

(d) For the purpose of this Section, a construction or maintenance zone is an area in which the Department, Toll Highway Authority, or local agency has determined that the preexisting established speed limit through a highway construction or maintenance project is greater than is reasonable or safe with respect to the conditions expected to exist in the construction or maintenance zone and has posted a lower speed limit with a highway construction or maintenance zone special speed limit sign.

Highway construction or maintenance zone special speed limit signs shall be of a design approved by the Department. The signs shall give proper due warning that a construction or maintenance zone is being approached and shall indicate the maximum speed limit in effect. The signs shall also state the amount of the minimum fine for a violation when workers are present.

The resolution shall set forth facts demonstrating the need for the borrowing or line of credit, state the amount to be borrowed, establish a maximum interest rate limit not to exceed that set forth in subsection (b) of this Section, and provide a date by which the borrowed funds shall be repaid. The resolution shall direct the relevant officials to make arrangements to set apart and hold the taxes, as received, that will be used to repay the borrowing. In addition, the resolution may authorize the relevant officials to make partial repayments of the borrowing as the taxes become available and may contain any other terms, restrictions, or limitations not inconsistent with the provisions of this Section.

Section 5. The Illinois Municipal Code is amended by changing Sections 11-74.4-3, 11-74.4-4.1, 11-74.4-5, and 11-74.4-7 as follows:

(65 ILCS 5/11-74.4-3) (from Ch. 24, par. 11-74.4-3)

Sec. 11-74.4-3. Definitions. The following terms, wherever used or referred to in this Division 74.4 shall have the following respective meanings, unless in any case a different meaning clearly appears from the context.

(a) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "blighted area" shall have the meaning set forth in this Section prior to that date. On and after November 1, 1999, "blighted area" means any improved or vacant area within the boundaries of a redevelopment project area located within the territorial limits of the municipality where:

(1) If improved, industrial, commercial, and residential buildings or improvements are detrimental to the public safety, health, or welfare because of a combination of 5 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the improved part of the redevelopment project area:

(A) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(B) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(C) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(D) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(E) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

New matter indicated by italics - deletions by strikeout.
(F) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(G) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(H) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(I) Excessive land coverage and overcongregating of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: (i) the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and (ii) the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(J) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(K) Environmental clean-up. The proposed redevelopment project area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of
hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(L) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(M) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(2) If vacant, the sound growth of the redevelopment project area is impaired by a combination of 2 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) Obsolete platting of vacant land that results in parcels of limited or narrow size or configurations of parcels of irregular size or shape that would be difficult to develop on a planned basis and in a manner compatible with contemporary standards and requirements, or platting that failed to create rights-of-ways for streets or alleys or that created inadequate right-of-way widths for streets, alleys, or other public rights-of-way or that omitted easements for public utilities.

(B) Diversity of ownership of parcels of vacant land sufficient in number to retard or impede the ability to assemble the land for development.

(C) Tax and special assessment delinquencies exist or the property has been the subject of tax sales under the Property Tax Code within the last 5 years.

(D) Deterioration of structures or site improvements in neighboring areas adjacent to the vacant land.

New matter indicated by italics - deletions by strikeout.
(E) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(F) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(3) If vacant, the sound growth of the redevelopment project area is impaired by one of the following factors that (i) is present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) is reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) The area consists of one or more unused quarries, mines, or strip mine ponds.

(B) The area consists of unused railyards, rail tracks, or railroad rights-of-way.

(C) The area, prior to its designation, is subject to chronic flooding that adversely impacts on real property in the area as certified by a registered professional engineer or appropriate regulatory agency.

(D) The area consists of an unused or illegal disposal site containing earth, stone, building debris, or similar materials that were removed from construction, demolition, excavation, or dredge sites.

(E) Prior to November 1, 1999, the area is not less than 50 nor more than 100 acres and 75% of which is vacant (notwithstanding that the area has been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area), and the area meets at least one of the factors itemized in paragraph (1) of this subsection, the area has been designated as a town or village center by ordinance or comprehensive plan adopted prior to January 1, 1982, and the area has not been developed for that designated purpose.

(F) The area qualified as a blighted improved area immediately prior to becoming vacant, unless there has been substantial private investment in

the immediately surrounding area.

(b) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "conservation area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "conservation area" means any improved area within the boundaries of a redevelopment project area located within the territorial limits of the municipality in which 50% or more of the structures in the area have an age of 35 years or more. Such an area is not yet a blighted area but because of a combination of 3 or more of the following factors is detrimental to the public safety, health, morals or welfare and such an area may become a blighted area:

(1) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(2) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(3) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(4) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(5) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(6) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(7) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence or inadequacy of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(8) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(9) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(10) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(11) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area’s development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(12) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(c) "Industrial park" means an area in a blighted or conservation area suitable for use by any manufacturing, industrial, research or transportation enterprise, of facilities to include but not be limited to factories, mills, processing plants, assembly plants, packing plants, fabricating plants, industrial distribution centers, warehouses, repair overhaul or service facilities, freight terminals, research facilities, test facilities or railroad facilities.

(d) "Industrial park conservation area" means an area within the boundaries of a redevelopment project area located within the territorial limits of a municipality that is a labor surplus municipality or within 1 1/2 miles of the territorial limits of a municipality that is a labor surplus municipality if the area is annexed to the municipality; which area is zoned as industrial no later than at the time the municipality by ordinance designates the redevelopment project area, and which area includes both vacant land suitable for use as an industrial park and a blighted area or conservation area contiguous to such vacant land.

(e) "Labor surplus municipality" means a municipality in which, at any time during the 6 months before the municipality by ordinance designates an industrial park conservation area, the unemployment rate was over 6% and was also 100% or more of the national average unemployment rate for that same time as published in the United States Department of Labor Bureau of Labor Statistics publication entitled "The Employment Situation" or its successor publication. For the purpose of this subsection, if unemployment rate statistics for the municipality are not available, the unemployment rate in the municipality shall be deemed to be the same as the unemployment rate in the principal county in which the municipality is located.

(f) "Municipality" shall mean a city, village or incorporated town.

(g) "Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located in a State Sales Tax Boundary during the calendar year 1985.

Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act by retailers and servicemen, on transactions at places of business located in the redevelopment project area or State Sales Tax Boundary, as the case may be, during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall determine the Initial Sales Tax Amounts for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amounts". For purposes of determining the Municipal Sales Tax Increment, the Department of Revenue shall for each period subtract from the amount paid to the municipality from the Local Government Tax Fund arising from sales by retailers and servicemen on transactions located in the redevelopment project area or the State Sales Tax Boundary, as the case may be, the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act. For the State Fiscal Year 1989, this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, to June 30, 1989, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending June 30 to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts, as the case may be.

(i) "Net State Sales Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; and (c) 40% of all amounts in excess of $500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary. If, however, a municipality established a tax increment financing district in a county with a population in excess of 3,000,000 before January 1, 1986, and the municipality entered into a contract or issued bonds after January 1, 1986, but before December 31, 1986, to finance redevelopment project costs within a State Sales Tax Boundary, then the Net State Sales Tax Increment means, for the fiscal years beginning July
1, 1990, and July 1, 1991, 100% of the State Sales Tax Increment annually generated within a State Sales Tax Boundary; and notwithstanding any other provision of this Act, for those fiscal years the Department of Revenue shall distribute to those municipalities 100% of their Net State Sales Tax Increment before any distribution to any other municipality and regardless of whether or not those other municipalities will receive 100% of their Net State Sales Tax Increment. For Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a State Sales Tax Boundary, the Net State Sales Tax Increment shall be calculated as follows: By multiplying the Net State Sales Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter.

Municipalities that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991, or that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988, shall continue to receive their proportional share of the Illinois Tax Increment Fund distribution until the date on which the redevelopment project is completed or terminated. If, however, a municipality that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991 retires the bonds prior to June 30, 2007 or a municipality that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988 completes the contracts prior to June 30, 2007, then so long as the redevelopment project is not completed or is not terminated, the Net State Sales Tax Increment shall be calculated, beginning on the date on which the bonds are retired or the contracts are completed, as follows: By multiplying the Net State Sales Tax Increment by 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter. Refunding of any bonds issued prior to July 29, 1991, shall not alter the Net State Sales Tax Increment.

(j) "State Utility Tax Increment Amount" means an amount equal to the aggregate increase in State electric and gas tax charges imposed on owners and tenants, other than residential customers, of properties located within the redevelopment project area under Section 9-222 of the Public Utilities Act, over and above the aggregate of such charges as certified by the Department of Revenue and paid by owners and tenants, other than residential customers, of properties within the redevelopment project area during the base year, which shall be the calendar year immediately prior to the year of the adoption of the ordinance authorizing tax increment allocation financing.

(k) "Net State Utility Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Utility Tax Increment annually generated by a redevelopment project.
area; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of the State Utility Tax Increment annually generated by a redevelopment project area; and (c) 40% of all amounts in excess of $500,000 of State Utility Tax Increment annually generated by a redevelopment project area. For the State Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a redevelopment project area, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for the State Fiscal Year 2008 and thereafter.

Municipalities that issue bonds in connection with the redevelopment project during the period from June 1, 1988 until 3 years after the effective date of this Amendatory Act of 1988 shall receive the Net State Utility Tax Increment, subject to appropriation, for 15 State Fiscal Years after the issuance of such bonds. For the 16th through the 20th State Fiscal Years after issuance of the bonds, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in year 16; 80% in year 17; 70% in year 18; 60% in year 19; and 50% in year 20. Refunding of any bonds issued prior to June 1, 1988, shall not alter the revised Net State Utility Tax Increment payments set forth above.

1. "Obligations" mean bonds, loans, debentures, notes, special certificates or other evidence of indebtedness issued by the municipality to carry out a redevelopment project or to refund outstanding obligations.

2. "Payment in lieu of taxes" means those estimated tax revenues from real property in a redevelopment project area derived from real property that has been acquired by a municipality which according to the redevelopment project or plan is to be used for a private use which taxing districts would have received had a municipality not acquired the real property and adopted tax increment allocation financing and which would result from levies made after the time of the adoption of tax increment allocation financing to the time the current equalized value of real property in the redevelopment project area exceeds the total initial equalized value of real property in said area.

3. "Redevelopment plan" means the comprehensive program of the municipality for development or redevelopment intended by the payment of redevelopment project costs to reduce or eliminate those conditions the existence of which qualified the redevelopment project area as a "blighted area" or "conservation area" or combination thereof or "industrial park conservation area," and thereby to enhance the tax bases of the taxing districts which extend into the redevelopment project area. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose.

(A) an itemized list of estimated redevelopment project costs;
(B) evidence indicating that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise;

The provisions of items (B) and (C) of this subsection (n) shall not apply to a municipality that before March 14, 1994 (the effective date of Public Act 88-537) had fixed, either by its corporate authorities or by a commission designated under subsection (k) of Section 11-74.4-4, a time and place for a public hearing as required by subsection (a) of Section 11-74.4-5. No redevelopment plan shall be adopted unless a municipality complies with all of the following requirements:

(1) The municipality finds that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of the redevelopment plan.

(2) The municipality finds that the redevelopment plan and project conform to the comprehensive plan for the development of the municipality as a whole, or, for municipalities with a population of 100,000 or more, regardless of when the redevelopment plan and project was adopted, the redevelopment plan and project either: (i) conforms to the strategic economic development or redevelopment plan issued by the designated planning authority of the municipality, or (ii) includes land

(3) The redevelopment plan establishes the estimated dates of completion of the redevelopment project and retirement of obligations issued to finance redevelopment project costs. Those dates shall not be later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the twenty-third calendar year after the year in which the ordinance approving the redevelopment project area is adopted if the ordinance was adopted on or after January 15, 1981, and not later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-fifth calendar year after the year in which the ordinance approving the redevelopment project area is adopted:

However, for redevelopment project areas for which bonds were issued before July 29, 1991, or for which contracts were entered into before June 1, 1988, in connection with a redevelopment project in the area within the State Sales Tax Boundary, the estimated dates of completion of the redevelopment project and retirement of obligations to finance redevelopment project costs may be extended by municipal ordinance to December 31, 2013. The extension allowed by this amendatory Act of 1993 shall not apply to real property tax increment allocation financing under Section 11-74.4-8.

A municipality may by municipal ordinance amend an existing redevelopment plan to conform to this paragraph (3) as amended by Public Act 91-478, which municipal ordinance may be adopted without further hearing or notice and without complying with the procedures provided in this Act pertaining to an amendment to or the initial approval of a redevelopment plan and project and designation of a redevelopment project area.

Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were adopted on or after December 16, 1986 and for which at least $8 million worth of municipal bonds were authorized on or after December 19, 1989 but before January 1, 1990; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an

ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were established on or after December 1, 1981 but before January 1, 1982 and for which at least $1,500,000 worth of tax increment revenue bonds were authorized on or after September 30, 1990 but before July 1, 1991; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

(3.5) The municipality finds, in the case of an industrial park conservation area, also that the municipality is a labor surplus municipality and that the implementation of the redevelopment plan will reduce unemployment, create new jobs and by the provision of new facilities enhance the tax base of the taxing districts that extend into the redevelopment project area.

(4) If any incremental revenues are being utilized under Section 8(a)(1) or 8(a)(2) of this Act in redevelopment project areas approved by ordinance after January 1, 1986, the municipality finds: (a) that the redevelopment project area would not reasonably be developed without the use of such incremental revenues, and (b) that such incremental revenues will be exclusively utilized for the development of the redevelopment project area.

(5) On and after November 1, 1999; If the redevelopment plan will not result in displacement of 10 or more residents from 10 or more inhabited residential units, and the municipality certifies in the plan that such displacement will not result from the plan, a housing impact study need not be performed. If, however, the redevelopment plan would result in the displacement of residents from 10 or more inhabited residential units, or if the redevelopment project area contains 75 or more inhabited residential units and no certification is made, then the municipality shall prepare, as part of the separate feasibility report required by subsection (a) of Section 11-74.4-5, a housing impact study.

Part I of the housing impact study shall include (i) data as to whether the residential units are single family or multi-family units, (ii) the number and type of rooms within the units, if that information is available, (iii) whether the units are inhabited or uninhabited, as determined not less than 45 days before the date that the ordinance or resolution required by subsection (a) of Section 11-74.4-5 is passed, and (iv) data as to the racial and ethnic composition of the residents in the inhabited residential units. The data requirement as to the racial and ethnic composition of the residents in the inhabited residential units shall be deemed to be fully satisfied by data from the most recent federal census.

New matter indicated by italics - deletions by strikeout.
Part II of the housing impact study shall identify the inhabited residential units in the proposed redevelopment project area that are to be or may be removed. If inhabited residential units are to be removed, then the housing impact study shall identify (i) the number and location of those units that will or may be removed, (ii) the municipality’s plans for relocation assistance for those residents in the proposed redevelopment project area whose residences are to be removed, (iii) the availability of replacement housing for those residents whose residences are to be removed, and shall identify the type, location, and cost of the housing, and (iv) the type and extent of relocation assistance to be provided.

(6) On and after November 1, 1999, the housing impact study required by paragraph (5) shall be incorporated in the redevelopment plan for the redevelopment project area.

(7) On and after November 1, 1999, no redevelopment plan shall be adopted, nor an existing plan amended, nor shall residential housing that is occupied by households of low-income and very low-income persons in currently existing redevelopment project areas be removed after November 1, 1999 unless the redevelopment plan provides, with respect to inhabited housing units that are to be removed for households of low-income and very low-income persons, affordable housing and relocation assistance not less than that which would be provided under the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and the regulations under that Act, including the eligibility criteria. Affordable housing may be either existing or newly constructed housing. For purposes of this paragraph (7), "low-income households", "very low-income households", and "affordable housing" have the meanings set forth in the Illinois Affordable Housing Act. The municipality shall make a good faith effort to ensure that this affordable housing is located in or near the redevelopment project area within the municipality.

(8) On and after November 1, 1999, if, after the adoption of the redevelopment plan for the redevelopment project area, any municipality desires to amend its redevelopment plan to remove more inhabited residential units than specified in its original redevelopment plan, that change shall be made in accordance with the procedures in subsection (c) of Section 11-74.4-5 increase in the number of units to be removed shall be deemed to be a change in the nature of the redevelopment plan as to require compliance with the procedures in this Act pertaining to the initial approval of a redevelopment plan.

(9) For redevelopment project areas designated prior to November 1, 1999, the redevelopment plan may be amended without further joint review board meeting or hearing, provided that the municipality shall give notice of any such changes by mail to each affected taxing district and registrant on the interested party registry, to authorize the municipality to expend tax increment revenues for redevelopment project costs defined by paragraphs (5) and (7.5), subparagraphs (E) and (F) of paragraph (11), and paragraph (11.5) of subsection (q) of Section 11-74.4-3, so long
as the changes do not increase the total estimated redevelopment project costs set out in the redevelopment plan by more than 5% after adjustment for inflation from the date the plan was adopted.

(o) "Redevelopment project" means any public and private development project in furtherance of the objectives of a redevelopment plan. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting.

(p) "Redevelopment project area" means an area designated by the municipality, which is not less in the aggregate than 1 1/2 acres and in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as an industrial park conservation area or a blighted area or a conservation area, or a combination of both blighted areas and conservation areas.

(q) "Redevelopment project costs" mean and include the sum total of all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to a redevelopment plan and a redevelopment project. Such costs include, without limitation, the following:

(1) Costs of studies, surveys, development of plans, and specifications, implementation and administration of the redevelopment plan including but not limited to staff and professional service costs for architectural, engineering, legal, financial, planning or other services, provided however that no charges for professional services may be based on a percentage of the tax increment collected; except that on and after November 1, 1999 (the effective date of Public Act 91-478), no contracts for professional services, excluding architectural and engineering services, may be entered into if the terms of the contract extend beyond a period of 3 years. In addition, "redevelopment project costs" shall not include lobbying expenses. After consultation with the municipality, each tax increment consultant or advisor to a municipality that plans to designate or has designated a redevelopment project area shall inform the municipality in writing of any contracts that the consultant or advisor has entered into with entities or individuals that have received, or are receiving, payments financed by tax increment revenues produced by the redevelopment project area with respect to which the consultant or advisor has performed, or will be performing, service for the municipality. This requirement shall be satisfied by the consultant or advisor before the commencement of services for the municipality and thereafter whenever any other contracts with those individuals or entities are executed by the consultant or advisor;

(1.5) After July 1, 1999, annual administrative costs shall not include general overhead or administrative costs of the municipality that would still have been incurred by the municipality if the municipality had not designated a redevelopment

(3) Costs of rehabilitation, reconstruction or repair or remodeling of existing public or private buildings, fixtures, and leasehold improvements; and the cost of replacing an existing public building if pursuant to the implementation of a redevelopment project the existing public building is to be demolished to use the site for private investment or devoted to a different use requiring private investment;

(4) Costs of the construction of public works or improvements, except that on and after November 1, 1999, redevelopment project costs shall not include the cost of constructing a new municipal public building principally used to provide offices, storage space, or conference facilities or vehicle storage, maintenance, or repair for administrative, public safety, or public works personnel and that is not intended to replace an existing public building as provided under paragraph (3) of subsection (q) of Section 11-74.4-3 unless either (i) the construction of the new municipal building implements a redevelopment project that was included in a redevelopment plan that was adopted by the municipality prior to November 1, 1999 or (ii) the municipality makes a reasonable determination in the redevelopment plan, supported by information that provides the basis for that determination, that the new municipal building is required to meet an increase in the need for public safety purposes anticipated to result from the implementation of the redevelopment plan;

(5) Costs of job training and retraining projects, including the cost of "welfare to work" programs implemented by businesses located within the redevelopment project area;

(6) Financing costs, including but not limited to all necessary and incidental expenses related to the issuance of obligations and which may include payment of interest on any obligations issued hereunder including interest accruing during the estimated period of construction of any redevelopment project for which such obligations are issued and for not exceeding 36 months thereafter and including reasonable reserves related thereto;

(7) To the extent the municipality by written agreement accepts and approves the same, all or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred within a taxing district in furtherance of the objectives of the redevelopment plan and project.

(A) for foundation districts, excluding any school district in a municipality with a population in excess of 1,000,000, by multiplying the district's increase in attendance resulting from the net increase in new students enrolled in that school district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by the most recently available per capita tuition cost as defined in Section 10-20.12a of the School Code less any increase in general State aid as defined in Section 18-8.05 of the School Code attributable to these added new students subject to the following annual limitations:
