EFFECTIVE DATES OF PUBLIC ACTS

1970 CONSTITUTION, ARTICLE IV

"§ 10. Effective Date of Laws
The General Assembly shall provide by law for a uniform effective date for laws passed prior to July 1 of a calendar year. The General Assembly may provide for a different effective date in any law passed prior to July 1. A bill passed after June 30 shall not become effective prior to July 1 of the next calendar year unless the General Assembly by the vote of three-fifths of the members elected to each house provides for an earlier effective date."

5 ILLINOIS COMPILED STATUTES CHAPTER 75

75/1. Effective Date of Laws
"§1 (a) A bill passed after June 30 of a calendar year shall become effective on July 1 of the next calendar year unless the General Assembly by a vote of three-fifths of the members elected to each house provides for an earlier effective date in the terms of the bill or unless the General Assembly provides for a later effective date in the terms of the bill; provided that if the effective date provided in the terms of the bill is prior to the date the bill becomes a law then the date the bill becomes a law shall be the effective date."1 (a) A bill passed prior to July 1 of a calendar year that does not provide for an effective date in the terms of the bill shall become effective on January 1 of the following year, or upon its becoming a law, whichever is later.

(b) A bill passed prior to July 1 of a calendar year that does provide for an effective date in the terms of the bill shall become effective on that date if that date is the same as or subsequent to the date the bill becomes a law; provided that if the effective date provided in the terms of the bill is prior to the date the bill becomes a law then the date the bill becomes a law shall be the effective date."

75/2. Special Effective Dates
"§2 A bill passed after June 30 of a calendar year shall become effective on July 1 of the next calendar year unless the General Assembly by a vote of three-fifths of the members elected to each house provides for an earlier effective date in the terms of the bill or unless the General Assembly provides for a later effective date in the terms of the bill; provided that if the effective date provided in the terms of the bill is prior to the date the bill becomes a law then the date the bill becomes a law shall be the effective date.

AN ACT concerning police officers.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Police Training Act is amended by changing Section 8.2 and by adding Section 10.2 as follows:

(50 ILCS 705/8.2)
Sec. 8.2. Part-time police officers.
(a) A person hired to serve as a part-time police officer must obtain from the Board a certificate (i) attesting to his or her successful completion of the part-time police training course; (ii) attesting to his or her satisfactory completion of a training program of similar content and number of hours that has been found acceptable by the Board under the provisions of this Act; or (iii) attesting to the Board’s determination that the part-time police training course is unnecessary because of the person’s extensive prior law enforcement experience. A person hired on or after the effective date of this amendatory Act of the 92nd General Assembly must obtain this certificate within 18 months after the initial date of hire as a probationary part-time police officer in the State of Illinois. The probationary part-time police officer must be enrolled and accepted into a Board-approved course within 6 months after active employment by any department in the State. A person hired on or after January 1, 1996 and before the effective date of this amendatory Act of the 92nd General Assembly must obtain this certificate within 18 months after the date of hire. A person hired before January 1, 1996 must obtain this certificate within 24 months after the effective date of this amendatory Act of 1995.

The employing agency may seek a waiver from the Board extending the period for compliance. A waiver shall be issued only for good and justifiable reasons, and the probationary part-time police officer may not practice as a part-time police officer during the waiver period and may not extend the initial period by more than 90 days. If training is required and not completed within the applicable time period, as extended by any waiver that may be granted, then the officer must forfeit his or her position.

(b) (Blank).

(c) The part-time police training course referred to in this Section shall be of similar content and the same number of hours as the courses for full-time officers and shall be provided by Mobile Team In-Service Training Units under the Intergovernmental Law Enforcement Officer’s In-Service Training Act or by another approved program or facility in a manner prescribed by the Board.

(d) For the purposes of this Section, the Board shall adopt rules defining what constitutes employment on a part-time basis.

New matter indicated by italics - deletions by strikeout.
(a) On and after the effective date of this amendatory Act of the 92nd General Assembly, an applicant for employment as a peace officer shall authorize an investigation to determine if the applicant has been convicted of any criminal offense that disqualifies the person as a peace officer.

(b) No law enforcement agency may knowingly employ a person unless (i) a criminal background investigation of that person has been completed and (ii) that investigation reveals no convictions of offenses specified in subsection (a) of Section 6.1 of this Act.

Section 10. The Illinois Municipal Code is amended by changing Section 10-2.1-6 as follows:

(65 ILCS 5/10-2.1-6) (from Ch. 24, par. 10-2.1-6)
Sec. 10-2.1-6. Examination of applicants; disqualifications.

(a) All applicants for a position in either the fire or police department of the municipality shall be under 35 years of age, shall be subject to an examination that shall be public, competitive, and open to all applicants (unless the council or board of trustees by ordinance limit applicants to electors of the municipality, county, state or nation) and shall be subject to reasonable limitations as to residence, health, habits, and moral character. The municipality may not charge or collect any fee from an applicant who has met all prequalification standards established by the municipality for any such position.

(b) Residency requirements in effect at the time an individual enters the fire or police service of a municipality (other than a municipality that has more than 1,000,000 inhabitants) cannot be made more restrictive for that individual during his period of service for that municipality, or be made a condition of promotion, except for the rank or position of Fire or Police Chief.

(c) No person with a record of misdemeanor convictions except those under Sections 11-6, 11-7, 11-9, 11-14, 11-15, 11-17, 11-18, 11-19, 12-2, 12-6, 12-15, 14-4, 16-1, 21.1-3, 24-3.1, 24-5, 25-1, 28-3, 31-1, 31-4, 31-6, 31-7, 32-1, 32-2, 32-3, 32-4, 32-8, and subsections (1), (6) and (8) of Section 24-1 of the Criminal Code of 1961 or arrested for any cause but not convicted on that cause shall be disqualified from taking the examination to qualify for a position in the fire department on grounds of habits or moral character.

(d) The age limitation in subsection (a) does not apply (i) to any person previously employed as a policeman or fireman in a regularly constituted police or fire department of (I) any municipality or (II) a fire protection district whose obligations were assumed by a municipality under Section 21 of the Fire Protection District Act, (ii) to any person who has served a municipality as a regularly enrolled volunteer fireman for 5 years immediately preceding the time that municipality begins to use full time firemen to provide all or part of its fire protection service, or (iii) to any person who has served as an auxiliary policeman under Section 3.1-30-20 for at least 5 years and is under 40 years of age, or (iv) to any person who has served as a deputy under Section 3-6008 of the Counties Code and otherwise meets necessary training requirements.

(e) Applicants who are 20 years of age and who have successfully completed 2 years of law enforcement studies at an accredited college or university may be considered for appointment to active duty with the police department. An applicant described in this

subsection (e) who is appointed to active duty shall not have power of arrest, nor shall the applicant be permitted to carry firearms, until he or she reaches 21 years of age.

(f) Applicants who are 18 years of age and who have successfully completed 2 years of study in fire techniques, amounting to a total of 4 high school credits, within the cadet program of a municipality may be considered for appointment to active duty with the fire department of any municipality.

(g) The council or board of trustees may by ordinance provide that persons residing outside the municipality are eligible to take the examination.

(h) The examinations shall be practical in character and relate to those matters that will fairly test the capacity of the persons examined to discharge the duties of the positions to which they seek appointment. No person shall be appointed to the police or fire department if he or she does not possess a high school diploma or an equivalent high school education. A board of fire and police commissioners may, by its rules, require police applicants to have obtained an associate's degree or a bachelor's degree as a prerequisite for employment. The examinations shall include tests of physical qualifications and health. No person shall be appointed to the police or fire department if he or she has suffered the amputation of any limb unless the applicant's duties will be only clerical or as a radio operator. No applicant shall be examined concerning his or her political or religious opinions or affiliations. The examinations shall be conducted by the board of fire and police commissioners of the municipality as provided in this Division 2.1.

(i) No person who is classified by his local selective service draft board as a conscientious objector, or who has ever been so classified, may be appointed to the police department.

(j) No person shall be appointed to the police or fire department unless he or she is a person of good character and not an habitual drunkard, gambler, or a person who has been convicted of a felony or a crime involving moral turpitude. No person, however, shall be disqualified from appointment to the fire department because of his or her record of misdemeanor convictions except those under Sections 11-6, 11-7, 11-9, 11-14, 11-15, 11-17, 11-18, 11-19, 12-2, 12-6, 12-15, 14-4, 16-1, 21.1-3, 24-3.1, 24-5, 25-1, 28-3, 31-1, 31-4, 31-6, 31-7, 32-1, 32-2, 32-3, 32-4, 32-8, and subsections (1), (6) and (8) of Section 24-1 of the Criminal Code of 1961 or arrest for any cause without conviction on that cause. Any such person who is in the department may be removed on charges brought and after a trial as provided in this Division 2.1.

On and after December 15, 1997, in addition to any other tax imposed by this Act, a tax is imposed upon any person engaged in business as a retailer of cigarettes at the rate of 7 mills per cigarette sold or otherwise disposed of in the course of such business. All of the moneys received by the Department of Revenue pursuant to this Act and the Cigarette Use Tax Act from the additional taxes imposed by this amendatory Act of 1997, shall be paid each month into the Common School Fund. On and after July 1, 2002, in addition to any other tax imposed by this Act, a tax is imposed upon any person engaged in business as a retailer of cigarettes at the rate of 20.0 mills per cigarette sold or otherwise disposed of in the course of such business in this State. The payment of such taxes shall be evidenced by a stamp affixed to each original package of cigarettes, or an authorized substitute for such stamp imprinted on each original package of such cigarettes underneath the sealed transparent outside wrapper of such original package, as hereinafter provided. However, such taxes are not imposed upon any activity in such business in interstate commerce or otherwise, which activity may not under the Constitution and statutes of the United States be made the subject of taxation by this State.

Beginning on the effective date of this amendatory Act of the 92nd General Assembly 1998, all of the moneys received by the Department of Revenue pursuant to this Act and the Cigarette Use Tax Act, other than the moneys that are dedicated to the Metropolitan Fair and Exposition Authority Reconstruction Fund and the Common School Fund, shall be distributed each month as follows: first, there shall be paid into the General Revenue Fund an amount which, when added to the amount paid into the Common School Fund for that month, equals $33,300,000; then, from the moneys remaining, if any amounts required to be paid into the General Revenue Fund in previous months remain unpaid, those amounts shall be paid into the General Revenue Fund; then, beginning on April 1, 2003, from the moneys remaining, $5,000,000 per month shall be paid into the School Infrastructure Fund; then, if any amounts required to be paid into the School Infrastructure Fund in previous months remain unpaid, those amounts shall be paid into the School Infrastructure Fund; then the moneys remaining, if any, shall be paid into the Long-Term Care Provider Fund. To the extent that more than $25,000,000 has been paid into the General Revenue Fund and Common School Fund per month for the period of July 1, 1993 through the effective date of this amendatory Act of 1994 from combined receipts of the Cigarette Tax Act and the

Cigarette Use Tax Act, notwithstanding the distribution provided in this Section, the Department of Revenue is hereby directed to adjust the distribution provided in this Section to increase the next monthly payments to the Long Term Care Provider Fund by the amount paid to the General Revenue Fund and Common School Fund in excess of $25,000,000 per month and to decrease the next monthly payments to the General Revenue Fund and Common School Fund by that same excess amount.

When any tax imposed herein terminates or has terminated, distributors who have bought stamps while such tax was in effect and who therefore paid such tax, but who can show, to the Department's satisfaction, that they sold the cigarettes to which they affixed such stamps after such tax had terminated and did not recover the tax or its equivalent from purchasers, shall be allowed by the Department to take credit for such absorbed tax against subsequent tax stamp purchases from the Department by such distributor.

The impact of the tax levied by this Act is imposed upon the retailer and shall be prepaid or pre-collected by the distributor for the purpose of convenience and facility only, and the amount of the tax shall be added to the price of the cigarettes sold by such distributor. Collection of the tax shall be evidenced by a stamp or stamps affixed to each original package of cigarettes, as hereinafter provided.

Each distributor shall collect the tax from the retailer at or before the time of the sale, shall affix the stamps as hereinafter required, and shall remit the tax collected from retailers to the Department, as hereinafter provided. Any distributor who fails to properly collect and pay the tax imposed by this Act shall be liable for the tax. Any distributor having cigarettes to which stamps have been affixed in his possession for sale on the effective date of this amendatory Act of 1989 shall not be required to pay the additional tax imposed by this amendatory Act of 1989 on such stamped cigarettes. Any distributor having cigarettes to which stamps have been affixed in his possession for sale at 12:01 a.m. on the effective date of this amendatory Act of 1993, is required to pay the additional tax imposed by this amendatory Act of 1993 on such stamped cigarettes. This payment, less the discount provided in subsection (b), shall be due when the distributor first makes a purchase of cigarette tax stamps after the effective date of this amendatory Act of 1993, or on the first due date of a return under this Act after the effective date of this amendatory Act of 1993, whichever occurs first. Any distributor having cigarettes to which stamps have been affixed in his possession for sale on December 15, 1997 shall not be required to pay the additional tax imposed by this amendatory Act of 1997 on such stamped cigarettes.

Any distributor having cigarettes to which stamps have been affixed in his or her possession for sale on July 1, 2002 shall not be required to pay the additional tax imposed by this amendatory Act of the 92nd General Assembly on those stamped cigarettes.

The amount of the Cigarette Tax imposed by this Act shall be separately stated, apart from the price of the goods, by both distributors and retailers, in all advertisements, bills and sales invoices.

(b) The distributor shall be required to collect the taxes provided under paragraph (a) hereof, and, to cover the costs of such collection, shall be allowed a discount during any year commencing July 1st and ending the following June 30th in accordance with the schedule

set out hereinbelow, which discount shall be allowed at the time of purchase of the stamps when purchase is required by this Act, or at the time when the tax is remitted to the Department without the purchase of stamps from the Department when that method of paying the tax is required or authorized by this Act. Prior to December 1, 1985, a discount equal to 1 2/3% of the amount of the tax up to and including the first $700,000 paid hereunder by such distributor to the Department during any such year; 1 1/3% of the next $700,000 of tax or any part thereof, paid hereunder by such distributor to the Department during any such year; 1% of the next $700,000 of tax, or any part thereof, paid hereunder by such distributor to the Department during any such year, and 2/3 of 1% of the amount of any additional tax paid hereunder by such distributor to the Department during any such year shall apply. On and after December 1, 1985, a discount equal to 1.75% of the amount of the tax payable under this Act up to and including the first $3,000,000 paid hereunder by such distributor to the Department during any such year and 1.5% of the amount of any additional tax paid hereunder by such distributor to the Department during any such year shall apply.

Two or more distributors that use a common means of affixing revenue tax stamps or that are owned or controlled by the same interests shall be treated as a single distributor for the purpose of computing the discount.

(c) The taxes herein imposed are in addition to all other occupation or privilege taxes imposed by the State of Illinois, or by any political subdivision thereof, or by any municipal corporation.

Sec. 3. Affixing tax stamp; remitting tax to the Department. Payment of the taxes imposed by Section 2 of this Act shall (except as hereinafter provided) be evidenced by revenue tax stamps affixed to each original package of cigarettes. Each distributor of cigarettes, before delivering or causing to be delivered any original package of cigarettes in this State to a purchaser, shall firmly affix a proper stamp or stamps to each such package, or (in case of manufacturers of cigarettes in original packages which are contained inside a sealed transparent wrapper) shall imprint the required language on the original package of cigarettes beneath such outside wrapper, as hereinafter provided.

No stamp or imprint may be affixed to, or made upon, any package of cigarettes unless that package complies with all requirements of the federal Cigarette Labeling and Advertising Act, 15 U.S.C. 1331 and following, for the placement of labels, warnings, or any other information upon a package of cigarettes that is sold within the United States. Under the authority of Section 6, the Department shall revoke the license of any distributor that is determined to have violated this paragraph. A person may not affix a stamp on a package of cigarettes, cigarette papers, wrappers, or tubes if that individual package has been marked for export outside the United States with a label or notice in compliance with Section 290.185 of Title 27 of the Code of Federal Regulations. It is not a defense to a proceeding for violation of this paragraph that the label or notice has been removed, mutilated, obliterated, or altered in any manner.

The Department, or any person authorized by the Department, shall sell such stamps

only to persons holding valid licenses as distributors under this Act. The Department may refuse to sell stamps to any person who does not comply with the provisions of this Act. Beginning on the effective date of this amendatory Act of the 92nd General Assembly and through June 30, 2002, persons holding valid licenses as distributors may purchase cigarette tax stamps up to an amount equal to 115% of the distributor's average monthly cigarette tax stamp purchases over the 12 calendar months prior to the effective date of this amendatory Act of the 92nd General Assembly.

Prior to December 1, 1985, the Department shall allow a distributor 21 days in which to make final payment of the amount to be paid for such stamps, by allowing the distributor to make payment for the stamps at the time of purchasing them with a draft which shall be in such form as the Department prescribes, and which shall be payable within 21 days thereafter: Provided that such distributor has filed with the Department, and has received the Department's approval of, a bond, which is in addition to the bond required under Section 4 of this Act, payable to the Department in an amount equal to 80% of such distributor's average monthly tax liability to the Department under this Act during the preceding calendar year or $500,000, whichever is less. The Bond shall be joint and several and shall be in the form of a surety company bond in such form as the Department prescribes, or it may be in the form of a bank certificate of deposit or bank letter of credit. The bond shall be conditioned upon the distributor's payment of amount of any 21-day draft which the Department accepts from that distributor for the delivery of stamps to that distributor under this Act. The distributor's failure to pay any such draft, when due, shall also make such distributor automatically liable to the Department for a penalty equal to 25% of the amount of such draft.

On and after December 1, 1985, the Department shall allow a distributor 30 days in which to make final payment of the amount to be paid for such stamps, by allowing the distributor to make payment for the stamps at the time of purchasing them with a draft which shall be in such form as the Department prescribes, and which shall be payable within 30 days thereafter, and beginning on January 1, 2003 and thereafter, the draft shall be payable by means of electronic funds transfer: Provided that such distributor has filed with the Department, and has received the Department's approval of, a bond, which is in addition to the bond required under Section 4 of this Act, payable to the Department in an amount equal to 150% of such distributor's average monthly tax liability to the Department under this Act during the preceding calendar year or $750,000, whichever is less, except that as to bonds filed on or after January 1, 1987, such additional bond shall be in an amount equal to 100% of such distributor's average monthly tax liability under this Act during the preceding calendar year or $750,000, whichever is less. The bond shall be joint and several and shall be in the form of a surety company bond in such form as the Department prescribes, or it may be in the form of a bank certificate of deposit or bank letter of credit. The bond shall be conditioned upon the distributor's payment of the amount of any 30-day draft which the Department accepts from that distributor for the delivery of stamps to that distributor under this Act. The distributor's failure to pay any such draft, when due, shall also make such distributor automatically liable to the Department for a penalty equal to 25% of the amount

of such draft.

Every prior continuous compliance taxpayer shall be exempt from all requirements under this Section concerning the furnishing of such bond, as defined in this Section, as a condition precedent to his being authorized to engage in the business licensed under this Act. This exemption shall continue for each such taxpayer until such time as he may be determined by the Department to be delinquent in the filing of any returns, or is determined by the Department (either through the Department's issuance of a final assessment which has become final under the Act, or by the taxpayer's filing of a return which admits tax to be due that is not paid) to be delinquent or deficient in the paying of any tax under this Act, at which time that taxpayer shall become subject to the bond requirements of this Section and, as a condition of being allowed to continue to engage in the business licensed under this Act, shall be required to furnish bond to the Department in such form as provided in this Section. Such taxpayer shall furnish such bond for a period of 2 years, after which, if the taxpayer has not been delinquent in the filing of any returns, or delinquent or deficient in the paying of any tax under this Act, the Department may reinstate such person as a prior continuance compliance taxpayer. Any taxpayer who fails to pay an admitted or established liability under this Act may also be required to post bond or other acceptable security with the Department guaranteeing the payment of such admitted or established liability.

Any person aggrieved by any decision of the Department under this Section may, within the time allowed by law, protest and request a hearing, whereupon the Department shall give notice and shall hold a hearing in conformity with the provisions of this Act and then issue its final administrative decision in the matter to such person. In the absence of such a protest filed within the time allowed by law, the Department's decision shall become final without any further determination being made or notice given.

The Department shall discharge any surety and shall release and return any bond or security deposited, assigned, pledged, or otherwise provided to it by a taxpayer under this Section within 30 days after:

(1) Such taxpayer becomes a prior continuous compliance taxpayer; or

(2) Such taxpayer has ceased to collect receipts on which he is required to remit tax to the Department, has filed a final tax return, and has paid to the Department an amount sufficient to discharge his remaining tax liability as determined by the Department under this Act. The Department shall make a final determination of the taxpayer's outstanding tax liability as expeditiously as possible after his final tax return has been filed. If the Department cannot make such final determination within 45 days after receiving the final tax return, within such period it shall so notify the taxpayer, stating its reasons therefor.

The Department may authorize distributors to affix revenue tax stamps by imprinting tax meter stamps upon original packages of cigarettes. The Department shall adopt rules and regulations relating to the imprinting of such tax meter stamps as will result in payment of the proper taxes as herein imposed. No distributor may affix revenue tax stamps to original packages of cigarettes by imprinting tax meter stamps thereon unless such distributor has first obtained permission from the Department to employ this method of affixation. The Department shall regulate the use of tax meters and may, to assure the proper collection of

the taxes imposed by this Act, revoke or suspend the privilege, theretofore granted by the Department to any distributor, to imprint tax meter stamps upon original packages of cigarettes.

Illinois cigarette manufacturers who place their cigarettes in original packages which are contained inside a sealed transparent wrapper, and similar out-of-State cigarette manufacturers who elect to qualify and are accepted by the Department as distributors under Section 4b of this Act, shall pay the taxes imposed by this Act by remitting the amount thereof to the Department by the 5th day of each month covering cigarettes shipped or otherwise delivered in Illinois to purchasers during the preceding calendar month. Such manufacturers of cigarettes in original packages which are contained inside a sealed transparent wrapper, before delivering such cigarettes or causing such cigarettes to be delivered in this State to purchasers, shall evidence their obligation to remit the taxes due with respect to such cigarettes by imprinting language to be prescribed by the Department on each original package of such cigarettes underneath the sealed transparent outside wrapper of such original package, in such place thereon and in such manner as the Department may designate. Such imprinted language shall acknowledge the manufacturer's payment of or liability for the tax imposed by this Act with respect to the distribution of such cigarettes. When any tax imposed herein terminates or has terminated, distributors who have bought stamps while such tax was in effect and who therefore paid such tax, but who can show, to the Department's satisfaction, that they sold the cigarettes to which they affixed such stamps after such tax had terminated and did not recover the tax or its equivalent from purchasers, shall be allowed by the Department to take credit for such absorbed tax against subsequent tax stamp purchases from the Department by such distributors.

When the word "tax" is used in this Act, it shall include any tax or tax rate imposed by this Act and shall mean the singular of "tax" or the plural "taxes" as the context may require.

Any distributor having cigarettes to which stamps have been affixed in his possession for sale on the effective date of this amendatory Act of 1989 shall not be required to pay the additional tax imposed by this amendatory Act of 1989 on such stamped cigarettes. Any distributor having cigarettes to which stamps have been affixed in his or her possession for sale at 12:01 a.m. on the effective date of this amendatory Act of 1993, is required to pay the additional tax imposed by this amendatory Act of 1993 on such stamped cigarettes. Once a distributor tenders payment of the additional tax to the Department, the distributor may purchase stamps from the Department. Sec. 3. Stamp payment. The tax hereby imposed shall be collected by a distributor maintaining a place of business in this State or a distributor authorized by the Department pursuant to Section 7 hereof to collect the tax, and the amount of the tax shall be added to the price of the cigarettes sold by such distributor. Collection of the tax shall be evidenced by a stamp or stamps affixed to each original package of cigarettes or by an authorized substitute for such stamp imprinted on each original package of such cigarettes underneath the sealed transparent outside wrapper of such original package, except as hereinafter provided. Each distributor who is required or authorized to collect the tax herein imposed, before delivering or causing to be delivered any original packages of cigarettes in this State to any purchaser, shall firmly affix a proper stamp or stamps to each such package, or (in the case of manufacturers of cigarettes in original packages which are contained inside a sealed transparent wrapper) shall imprint the required language on the original package of cigarettes beneath such outside wrapper as hereinafter provided. Such stamp or stamps need not be affixed to the original package of any cigarettes with respect to which the distributor is required to affix a like stamp or stamps by virtue of the Cigarette Tax Act, however, and no tax imprint need be placed underneath the sealed transparent wrapper of an original package of cigarettes with respect to which the distributor is required or authorized to employ a like tax imprint by virtue of the Cigarette Tax Act.

No stamp or imprint may be affixed to, or made upon, any package of cigarettes unless that package complies with all requirements of the federal Cigarette Labeling and Advertising Act, 15 U.S.C. 1331 and following, for the placement of labels, warnings, or any

other information upon a package of cigarettes that is sold within the United States. Under the authority of Section 6, the Department shall revoke the license of any distributor that is determined to have violated this paragraph. It is not a defense to a proceeding for violation of this paragraph that the label or notice has been removed, mutilated, obliterated, or altered in any manner.

Stamps, when required hereunder, shall be purchased from the Department, or any person authorized by the Department, by distributors. The Department may refuse to sell stamps to any person who does not comply with the provisions of this Act. Beginning on the effective date of this amendatory Act of the 92nd General Assembly and through June 30, 2002, persons holding valid licenses as distributors may purchase cigarette tax stamps up to an amount equal to 115% of the distributor's average monthly cigarette tax stamp purchases over the 12 calendar months prior to the effective date of this amendatory Act of the 92nd General Assembly.

Prior to December 1, 1985, the Department shall allow a distributor 21 days in which to make final payment of the amount to be paid for such stamps, by allowing the distributor to make payment for the stamps at the time of purchasing them with a draft which shall be in such form as the Department prescribes, and which shall be payable within 21 days thereafter: Provided that such distributor has filed with the Department, and has received the Department's approval of, a bond, which is in addition to the bond required under Section 4 of this Act, payable to the Department in an amount equal to 80% of such distributor's average monthly tax liability to the Department under this Act during the preceding calendar year or $500,000, whichever is less. The bond shall be joint and several and shall be in the form of a surety company bond in such form as the Department prescribes, or it may be in the form of a bank certificate of deposit or bank letter of credit. The bond shall be conditioned upon the distributor's payment of the amount of any 21-day draft which the Department accepts from that distributor for the delivery of stamps to that distributor under this Act. The distributor's failure to pay any such draft, when due, shall also make such distributor automatically liable to the Department for a penalty equal to 25% of the amount of such draft.

On and after December 1, 1985, the Department shall allow a distributor 30 days in which to make final payment of the amount to be paid for such stamps, by allowing the distributor to make payment for the stamps at the time of purchasing them with a draft which shall be in such form as the Department prescribes, and which shall be payable within 30 days thereafter, and beginning on January 1, 2003 and thereafter, the draft shall be payable by means of electronic funds transfer: Provided that such distributor has filed with the Department, and has received the Department's approval of, a bond, which is in addition to the bond required under Section 4 of this Act, payable to the Department in an amount equal to 150% of such distributor's average monthly tax liability to the Department under this Act during the preceding calendar year or $750,000, whichever is less, except that as to bonds

filed on or after January 1, 1987, such additional bond shall be in an amount equal to 100% of such distributor's average monthly tax liability under this Act during the preceding calendar year or $750,000, whichever is less. The bond shall be joint and several and shall be in the form of a surety company bond in such form as the Department prescribes, or it may be in the form of a bank certificate of deposit or bank letter of credit. The bond shall be conditioned upon the distributor's payment of the amount of any 30-day draft which the Department accepts from that distributor for the delivery of stamps to that distributor under this Act. The distributor's failure to pay any such draft, when due, shall also make such distributor automatically liable to the Department for a penalty equal to 25% of the amount of such draft.

Every prior continuous compliance taxpayer shall be exempt from all requirements under this Section concerning the furnishing of such bond, as defined in this Section, as a condition precedent to his being authorized to engage in the business licensed under this Act. This exemption shall continue for each such taxpayer until such time as he may be determined by the Department to be delinquent in the filing of any returns, or is determined by the Department (either through the Department's issuance of a final assessment which has become final under the Act, or by the taxpayer's filing of a return which admits tax to be due that is not paid) to be delinquent or deficient in the paying of any tax under this Act, at which time that taxpayer shall become subject to the bond requirements of this Section and, as a condition of being allowed to continue to engage in the business licensed under this Act, shall be required to furnish bond to the Department in such form as provided in this Section. Such taxpayer shall furnish such bond for a period of 2 years, after which, if the taxpayer has not been delinquent in the filing of any returns, or delinquent or deficient in the paying of any tax under this Act, the Department may reinstate such person as a prior continuance compliance taxpayer. Any taxpayer who fails to pay an admitted or established liability under this Act may also be required to post bond or other acceptable security with the Department guaranteeing the payment of such admitted or established liability.

Any person aggrieved by any decision of the Department under this Section may, within the time allowed by law, protest and request a hearing, whereupon the Department shall give notice and shall hold a hearing in conformity with the provisions of this Act and then issue its final administrative decision in the matter to such person. In the absence of such a protest filed within the time allowed by law, the Department's decision shall become final without any further determination being made or notice given.

The Department shall discharge any surety and shall release and return any bond or security deposited, assigned, pledged, or otherwise provided to it by a taxpayer under this Section within 30 days after:

1. such Taxpayer becomes a prior continuous compliance taxpayer; or
2. such taxpayer has ceased to collect receipts on which he is required to remit tax to the Department, has filed a final tax return, and has paid to the Department an amount sufficient to discharge his remaining tax liability as determined by the Department under this Act. The Department shall make a final determination of the taxpayer's outstanding tax liability as expeditiously as possible.
after his final tax return has been filed. If the Department cannot make such final determination within 45 days after receiving the final tax return, within such period it shall so notify the taxpayer, stating its reasons therefor.

At the time of purchasing such stamps from the Department when purchase is required by this Act, or at the time when the tax which he has collected is remitted by a distributor to the Department without the purchase of stamps from the Department when that method of remitting the tax that has been collected is required or authorized by this Act, the distributor shall be allowed a discount during any year commencing July 1 and ending the following June 30 in accordance with the schedule set out hereinbelow, from the amount to be paid by him to the Department for such stamps, or to be paid by him to the Department on the basis of monthly remittances (as the case may be), to cover the cost, to such distributor, of collecting the tax herein imposed by affixing such stamps to the original packages of cigarettes sold by such distributor or by placing tax imprints underneath the sealed transparent wrapper of original packages of cigarettes sold by such distributor (as the case may be): (1) Prior to December 1, 1985, a discount equal to 1-2/3% of the amount of the tax up to and including the first $700,000 paid hereunder by such distributor to the Department during any such year; 1-1/3% of the next $700,000 of tax or any part thereof, paid hereunder by such distributor to the Department during any such year; 1% of the next $700,000 of tax, or any part thereof, paid hereunder by such distributor to the Department during any such year; and 2/3 of 1% of the amount of any additional tax paid hereunder by such distributor to the Department during any such year or (2) On and after December 1, 1985, a discount equal to 1.75% of the amount of the tax payable under this Act up to and including the first $3,000,000 paid hereunder by such distributor to the Department during any such year and 1.5% of the amount of any additional tax paid hereunder by such distributor to the Department during any such year.

Two or more distributors that use a common means of affixing revenue tax stamps or that are owned or controlled by the same interests shall be treated as a single distributor for the purpose of computing the discount.

Cigarette manufacturers who are distributors under this Act, and who place their cigarettes in original packages which are contained inside a sealed transparent wrapper, shall be required to remit the tax which they are required to collect under this Act to the Department by remitting the amount thereof to the Department by the 5th day of each month, covering cigarettes shipped or otherwise delivered to points in Illinois to purchasers during the preceding calendar month, but a distributor need not remit to the Department the tax so collected by him from purchasers under this Act to the extent to which such distributor is required to remit the tax imposed by the Cigarette Tax Act to the Department with respect to the same cigarettes. All taxes upon cigarettes under this Act are a direct tax upon the retail consumer and shall conclusively be presumed to be precollected for the purpose of convenience and facility only. Distributors who are manufacturers of cigarettes in original packages which are contained inside a sealed transparent wrapper, before delivering such cigarettes or causing such cigarettes to be delivered in this State to purchasers, shall evidence their obligation to collect and remit the tax due with respect to such cigarettes by imprinting
language to be prescribed by the Department on each original package of such cigarettes underneath the sealed transparent outside wrapper of such original package, in such place thereon and in such manner as the Department may prescribe; provided (as stated hereinbefore) that this requirement does not apply when such distributor is required or authorized by the Cigarette Tax Act to place the tax imprint provided for in the last paragraph of Section 3 of that Act underneath the sealed transparent wrapper of such original package of cigarettes. Such imprinted language shall acknowledge the manufacturer's collection and payment of or liability for the tax imposed by this Act with respect to such cigarettes.

The Department shall adopt the design or designs of the tax stamps and shall procure the printing of such stamps in such amounts and denominations as it deems necessary to provide for the affixation of the proper amount of tax stamps to each original package of cigarettes.

Where tax stamps are required, the Department may authorize distributors to affix revenue tax stamps by imprinting tax meter stamps upon original packages of cigarettes. The Department shall adopt rules and regulations relating to the imprinting of such tax meter stamps as will result in payment of the proper taxes as herein imposed. No distributor may affix revenue tax stamps to original packages of cigarettes by imprinting meter stamps thereon unless such distributor has first obtained permission from the Department to employ this method of affixation. The Department shall regulate the use of tax meters and may, to assure the proper collection of the taxes imposed by this Act, revoke or suspend the privilege, theretofore granted by the Department to any distributor, to imprint tax meter stamps upon original packages of cigarettes.

The tax hereby imposed and not paid pursuant to this Section shall be paid to the Department directly by any person using such cigarettes within this State, pursuant to Section 12 hereof.

AN ACT concerning public utilities.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Public Utilities Act is amended by changing Sections 9-220, 16-102, and 16-111 and adding Section 16-111.3 as follows:

Sec. 9-220. Rate changes based on changes in fuel costs.
(a) Notwithstanding the provisions of Section 9-201, the Commission may authorize the increase or decrease of rates and charges based upon changes in the cost of fuel used in the generation or production of electric power, changes in the cost of purchased power, or changes in the cost of purchased gas through the application of fuel adjustment clauses or purchased gas adjustment clauses. The Commission may also authorize the increase or decrease of rates and charges based upon expenditures or revenues resulting from the purchase or sale of emission allowances created under the federal Clean Air Act Amendments of 1990, through such fuel adjustment clauses, as a cost of fuel. For the purposes of this paragraph, cost of fuel used in the generation or production of electric power shall include the amount of any fees paid by the utility for the implementation and operation of a process for the desulfurization of the flue gas when burning high sulfur coal at any location within the State of Illinois irrespective of the attainment status designation of such location; but shall not include transportation costs of coal (i) except to the extent that for contracts entered into on and after the effective date of this amendatory Act of 1997, the cost of the coal, including transportation costs, constitutes the lowest cost for adequate and reliable fuel supply reasonably available to the public utility in comparison to the cost, including transportation costs, of other adequate and reliable sources of fuel supply reasonably available to the public utility, or (ii) except as otherwise provided in the next 3 sentences of this paragraph. Such costs of fuel shall, when requested by a utility or at the conclusion of the utility's next general electric rate proceeding, whichever shall first occur, include transportation costs of coal purchased under existing coal purchase contracts. For purposes of this paragraph "existing coal purchase contracts" means contracts for the purchase of coal in effect on the effective date of this amendatory Act of 1991, as such contracts may thereafter be amended, but only to the extent that any such amendment does not increase the aggregate quantity of coal to be purchased under such contract. Nothing herein shall authorize an electric utility to recover through its fuel adjustment clause any amounts of transportation costs of coal that were included in the revenue requirement used to set base rates in its most recent general rate proceeding. Cost shall be based upon uniformly applied accounting principles. Annually, the Commission shall initiate public hearings to determine whether the clauses reflect actual costs of fuel, gas, power, or coal transportation purchased to determine whether such purchases were prudent, and to reconcile any amounts collected with the actual costs of fuel, power, gas, or coal transportation.

prudently purchased. In each such proceeding, the burden of proof shall be upon the utility to establish the prudence of its cost of fuel, power, gas, or coal transportation purchases and costs. The Commission shall issue its final order in each such annual proceeding for an electric utility by December 31 of the year immediately following the year to which the proceeding pertains, provided, that the Commission shall issue its final order with respect to such annual proceeding for the years 1996 and earlier by December 31, 1998.

(b) A public utility providing electric service, other than a public utility described in subsections (e) or (f) of this Section, may at any time during the mandatory transition period file with the Commission proposed tariff sheets that eliminate the public utility's fuel adjustment clause and adjust the public utility's base rate tariffs by the amount necessary for the base fuel component of the base rates to recover the public utility's average fuel and power supply costs per kilowatt-hour for the 2 most recent years for which the Commission has issued final orders in annual proceedings pursuant to subsection (a), where the average fuel and power supply costs per kilowatt-hour shall be calculated as the sum of the public utility's prudent and allowable fuel and power supply costs as found by the Commission in the 2 proceedings divided by the public utility's actual jurisdictional kilowatt-hour sales for those 2 years. Notwithstanding any contrary or inconsistent provisions in Section 9-201 of this Act, in subsection (a) of this Section or in any rules or regulations promulgated by the Commission pursuant to subsection (g) of this Section, the Commission shall review and shall by order approve, or approve as modified, the proposed tariff sheets within 60 days after the date of the public utility's filing. The Commission may modify the public utility's proposed tariff sheets only to the extent the Commission finds necessary to achieve conformance to the requirements of this subsection (b). During the 5 years following the date of the Commission's order, but in any event no earlier than January 1, 2007 2005, a public utility whose fuel adjustment clause has been eliminated pursuant to this subsection shall not file proposed tariff sheets seeking, or otherwise petition the Commission for, reinstatement of a fuel adjustment clause.

(c) Notwithstanding any contrary or inconsistent provisions in Section 9-201 of this Act, in subsection (a) of this Section or in any rules or regulations promulgated by the Commission pursuant to subsection (g) of this Section, a public utility providing electric service, other than a public utility described in subsection (e) or (f) of this Section, may at any time during the mandatory transition period file with the Commission proposed tariff sheets that establish the rate per kilowatt-hour to be applied pursuant to the public utility's fuel adjustment clause at the average value for such rate during the preceding 24 months, provided that such average rate results in a credit to customers' bills, without making any revisions to the public utility's base rate tariffs. The proposed tariff sheets shall establish the fuel adjustment rate for a specific time period of at least 3 years but not more than 5 years, provided that the terms and conditions for any reinstatement earlier than 5 years shall be set forth in the proposed tariff sheets and subject to modification or approval by the Commission. The Commission shall review and shall by order approve the proposed tariff sheets if it finds that the requirements of this subsection are met. The Commission shall not conduct the annual hearings specified in the last 3 sentences of subsection (a) of this Section.

for the utility for the period that the factor established pursuant to this subsection is in effect.

(d) A public utility providing electric service, or a public utility providing gas service may file with the Commission proposed tariff sheets that eliminate the public utility's fuel or purchased gas adjustment clause and adjust the public utility's base rate tariffs to provide for recovery of power supply costs or gas supply costs that would have been recovered through such clause; provided, that the provisions of this subsection (d) shall not be available to a public utility described in subsections (e) or (f) of this Section to eliminate its fuel adjustment clause. Notwithstanding any contrary or inconsistent provisions in Section 9-201 of this Act, in subsection (a) of this Section, or in any rules or regulations promulgated by the Commission pursuant to subsection (g) of this Section, the Commission shall review and shall by order approve, or approve as modified in the Commission's order, the proposed tariff sheets within 240 days after the date of the public utility's filing. The Commission's order shall approve rates and charges that the Commission, based on information in the public utility's filing or on the record if a hearing is held by the Commission, finds will recover the reasonable, prudent and necessary jurisdictional power supply costs or gas supply costs incurred or to be incurred by the public utility during a 12 month period found by the Commission to be appropriate for these purposes, provided, that such period shall be either (i) a 12 month historical period occurring during the 15 months ending on the date of the public utility's filing, or (ii) a 12 month future period ending no later than 15 months following the date of the public utility's filing. The public utility shall include with its tariff filing information showing both (1) its actual jurisdictional power supply costs or gas supply costs for a 12 month historical period conforming to (i) above and (2) its projected jurisdictional power supply costs or gas supply costs for a future 12 month period conforming to (ii) above. If the Commission's order requires modifications in the tariff sheets filed by the public utility, the public utility shall have 7 days following the date of the order to notify the Commission whether the public utility will implement the modified tariffs or elect to continue its fuel or purchased gas adjustment clause in force as though no order had been entered. The Commission's order shall provide for any reconciliation of power supply costs or gas supply costs, as the case may be, and associated revenues through the date that the public utility's fuel or purchased gas adjustment clause is eliminated. During the 5 years following the date of the Commission's order, a public utility whose fuel or purchased gas adjustment clause has been eliminated pursuant to this subsection shall not file proposed tariff sheets seeking, or otherwise petition the Commission for, reinstatement or adoption of a fuel or purchased gas adjustment clause. Nothing in this subsection (d) shall be construed as limiting the Commission's authority to eliminate a public utility's fuel adjustment clause or purchased gas adjustment clause in accordance with any other applicable provisions of this Act.

(e) Notwithstanding any contrary or inconsistent provisions in Section 9-201 of this Act, in subsection (a) of this Section, or in any rules promulgated by the Commission pursuant to subsection (g) of this Section, a public utility providing electric service to more than 1,000,000 customers in this State may, within the first 6 months after the effective date of this amendatory Act of 1997, file with the Commission proposed tariff sheets that

eliminate, effective January 1, 1997, the public utility's fuel adjustment clause without adjusting its base rates, and such tariff sheets shall be effective upon filing. To the extent the application of the fuel adjustment clause had resulted in net charges to customers after January 1, 1997, the utility shall also file a tariff sheet that provides for a refund stated on a per kilowatt-hour basis of such charges over a period not to exceed 6 months; provided however, that such refund shall not include the proportional amounts of taxes paid under the Use Tax Act, Service Use Tax Act, Service Occupation Tax Act, and Retailers' Occupation Tax Act on fuel used in generation. The Commission shall issue an order within 45 days after the date of the public utility's filing approving or approving as modified such tariff sheet. If the fuel adjustment clause is eliminated pursuant to this subsection, the Commission shall not conduct the annual hearings specified in the last 3 sentences of subsection (a) of this Section for the utility for any period after December 31, 1996 and prior to any reinstatement of such clause. A public utility whose fuel adjustment clause has been eliminated pursuant to this subsection shall not file a proposed tariff sheet seeking, or otherwise petition the Commission for, reinstatement of the fuel adjustment clause prior to January 1, 2007.

(f) Notwithstanding any contrary or inconsistent provisions in Section 9-201 of this Act, in subsection (a) of this Section, or in any rules or regulations promulgated by the Commission pursuant to subsection (g) of this Section, a public utility providing electric service to more than 500,000 customers but fewer than 1,000,000 customers in this State may, within the first 6 months after the effective date of this amendatory Act of 1997, file with the Commission proposed tariff sheets that eliminate, effective January 1, 1997, the public utility's fuel adjustment clause and adjust its base rates by the amount necessary for the base fuel component of the base rates to recover 91% of the public utility's average fuel and power supply costs for the 2 most recent years for which the Commission, as of January 1, 1997, has issued final orders in annual proceedings pursuant to subsection (a), where the average fuel and power supply costs per kilowatt-hour shall be calculated as the sum of the public utility's prudent and allowable fuel and power supply costs as found by the Commission in the 2 proceedings divided by the public utility's actual jurisdictional kilowatt-hour sales for those 2 years, provided, that such tariff sheets shall be effective upon filing. To the extent the application of the fuel adjustment clause had resulted in net charges to customers after January 1, 1997, the utility shall also file a tariff sheet that provides for a refund stated on a per kilowatt-hour basis of such charges over a period not to exceed 6 months. Provided however, that such refund shall not include the proportional amounts of taxes paid under the Use Tax Act, Service Use Tax Act, Service Occupation Tax Act, and Retailers' Occupation Tax Act on fuel used in generation. The Commission shall issue an order within 45 days after the date of the public utility's filing approving or approving as modified such tariff sheet. If the fuel adjustment clause is eliminated pursuant to this subsection, the Commission shall not conduct the annual hearings specified in the last 3 sentences of subsection (a) of this Section for the utility for any period after December 31, 1996 and prior to any reinstatement of such clause. A public utility whose fuel adjustment clause has been eliminated pursuant to this subsection shall not file a proposed tariff sheet seeking, or otherwise petition the Commission for, reinstatement of the fuel adjustment

provided, however, that this subsection shall not prohibit the Commission from:

(1) approving the application of an electric utility to implement an alternative to rate of return regulation or a regulatory mechanism that rewards or penalizes the electric utility through adjustment of rates based on utility performance, pursuant to Section 9-244;

(2) authorizing an electric utility to eliminate its fuel adjustment clause and adjust its base rate tariffs in accordance with subsection (b), (d), or (f) of Section 9-220 of this Act, to fix its fuel adjustment factor in accordance with subsection (c) of Section 9-220 of this Act, or to eliminate its fuel adjustment clause in accordance with subsection (e) of Section 9-220 of this Act;

(3) ordering into effect tariffs for delivery services and transition charges in accordance with Sections 16-104 and 16-108, for real-time pricing in accordance with Section 16-107, or the options required by Section 16-110 and subsection (n) of 16-112, allowing a billing experiment in accordance with Section 16-106, or modifying delivery services tariffs in accordance with Section 16-109; or

of all investor-owned electric utilities with annual system peaks in excess of 1000 megawatts in the States of Illinois, Indiana, Iowa, Kentucky, Michigan, Missouri, Ohio, and Wisconsin, based on data reported on Form 1 to the Federal Energy Regulatory Commission for calendar year 1995, then it shall only be required to file tariffs (i) reducing, effective August 1, 1998, each component of its base rates to residential retail customers by 5% from the base rates in effect immediately prior to January 1, 1998, (ii) reducing, effective October 1, 2000, each component of its base rates to residential retail customers by the lesser of 5% of the base rates in effect immediately prior to January 1, 1998 or the percentage by which the electric utility's average residential retail rate exceeds the average residential retail rate of the Midwest Utilities, based on data reported on Form 1 to the Federal Energy Regulatory Commission for calendar year 1999, and (iii) reducing, effective October 1, 2002, each component of its base rates to residential retail customers by an additional amount equal to the lesser of 5% of the base rates in effect immediately prior to January 1, 1998 or the percentage by which the electric utility's average residential retail rate exceeds the average residential retail rate of the Midwest Utilities, based on data reported on Form 1 to the Federal Energy Regulatory Commission for calendar year 2001; and (B) if the average residential retail rate of an electric utility serving between 150,000 and 250,000 retail customers in this State on January 1, 1995 is less than or equal to 90% of the average residential retail rate for the Midwest Utilities, based on data reported on Form 1 to the Federal Energy Regulatory Commission for calendar year 1995, then it shall only be required to file tariffs (i) reducing, effective August 1, 1998, each component of its base rates to residential retail customers by 2% from the base rates in effect immediately prior to January 1, 1998; (ii) reducing, effective October 1, 2000, each component of its base rates to residential retail customers by 2% from the base rate in effect immediately prior to January 1, 1998; and (iii) reducing, effective October 1, 2002, each component of its base rates to residential retail customers by 1% from the base rates in effect immediately prior to January 1, 1998. Provided, further, that any electric utility for which a decrease in base rates has been or is placed into effect between October 1, 1996 and the dates specified in the preceding sentences of this subsection, other than pursuant to the requirements of this subsection, shall be entitled to reduce the amount of any reduction or reductions in its base rates required by this subsection by the amount of such other decrease. The tariffs required under this subsection shall be filed 45 days in advance of the effective date. Notwithstanding anything to the contrary in Section 9-220 of this Act, no restatement of base rates in conjunction with the elimination of a fuel adjustment clause under that Section shall result in a lesser decrease in base rates than customers would otherwise receive under this subsection had the electric utility's fuel adjustment clause not been eliminated.

(c) Any utility reducing its base rates by 15% on August 1, 1998 pursuant to subsection (b) shall include the following statement on its bills for residential customers from August 1 through December 31, 1998: "Effective August 1, 1998, your rates have been reduced by 15% by the Electric Service Customer Choice and Rate Relief Law of 1997 passed by the Illinois General Assembly.". Any utility reducing its base rates by 5% on August 1, 1998, pursuant to subsection (b) shall include the following statement on its bills

for residential customers from August 1 through December 31, 1998: "Effective August 1, 1998, your rates have been reduced by 5% by the Electric Service Customer Choice and Rate Relief Law of 1997 passed by the Illinois General Assembly.".

Any utility reducing its base rates by 2% on August 1, 1998 pursuant to subsection (b) shall include the following statement on its bills for residential customers from August 1 through December 31, 1998: "Effective August 1, 1998, your rates have been reduced by 2% by the Electric Service Customer Choice and Rate Relief Law of 1997 passed by the Illinois General Assembly.".

(d) During the mandatory transition period, but not before January 1, 2000, and notwithstanding the provisions of subsection (a), an electric utility may request an increase in its base rates if the electric utility demonstrates that the 2-year average of its earned rate of return on common equity, calculated as its net income applicable to common stock divided by the average of its beginning and ending balances of common equity using data reported in the electric utility's Form 1 report to the Federal Energy Regulatory Commission but adjusted to remove the effects of accelerated depreciation or amortization or other transition or mitigation measures implemented by the electric utility pursuant to subsection (g) of this Section and the effect of any refund paid pursuant to subsection (e) of this Section, is below the 2-year average for the same 2 years of the monthly average yields of 30-year U.S. Treasury bonds published by the Board of Governors of the Federal Reserve System in its weekly H.15 Statistical Release or successor publication. The Commission shall review the electric utility's request, and may review the justness and reasonableness of all rates for tariffed services, in accordance with the provisions of Article IX of this Act, provided that the Commission shall consider any special or negotiated adjustments to the revenue requirement agreed to between the electric utility and the other parties to the proceeding. In setting rates under this Section, the Commission shall exclude the costs and revenues that are associated with competitive services and any billing or pricing experiments conducted under Section 16-106.

(e) For the purposes of this subsection (e) all calculations and comparisons shall be performed for the Illinois operations of multijurisdictional utilities. During the mandatory transition period, notwithstanding the provisions of subsection (a), if the 2-year average of an electric utility's earned rate of return on common equity, calculated as its net income applicable to common stock divided by the average of its beginning and ending balances of common equity using data reported in the electric utility's Form 1 report to the Federal Energy Regulatory Commission but adjusted to remove the effect of any refund paid under this subsection (e), and further adjusted to include the annual amortization of any difference between the consideration received by an affiliated interest of the electric utility in the sale of an asset which had been sold or transferred by the electric utility to the affiliated interest subsequent to the effective date of this amendatory Act of 1997 and the consideration for which such asset had been sold or transferred to the affiliated interest, with such difference to be amortized ratably from the date of the sale by the affiliated interest to December 31, 2006, exceeds the 2-year average of the Index for the same 2 years by 1.5 or more percentage points, the electric utility shall make refunds to customers beginning the first billing day of
April in the following year in the manner described in paragraph (3) of this subsection. For purposes of this subsection (e), the "Index" shall be the sum of (A) the average for the 12 months ended September 30 of the monthly average yields of 30-year U.S. Treasury bonds published by the Board of Governors of the Federal Reserve System in its weekly H.15 Statistical Release or successor publication for each year 1998 through 2006, and (B) (i) 4.00 percentage points for each of the 12-month periods ending September 30, 1998 through September 30, 1999 or 8.00 percentage points if the electric utility's average residential retail rate is less than or equal to 90% of the average residential retail rate for the "Midwest Utilities", as that term is defined in subsection (b) of this Section, based on data reported on Form 1 to the Federal Energy Regulatory Commission for calendar year 1995, and the electric utility served between 150,000 and 250,000 retail customers on January 1, 1995, (ii) 7.00 percentage points for each of the 12-month periods ending September 30, 2000 through September 30, 2006 if the electric utility was providing service to at least 1,000,000 customers in this State on January 1, 1999, or 9.00 percentage points if the electric utility's average residential retail rate is less than or equal to 90% of the average residential retail rate for the "Midwest Utilities", as that term is defined in subsection (b) of this Section, based on data reported on Form 1 to the Federal Energy Regulatory Commission for calendar year 1995 and the electric utility served between 150,000 and 250,000 retail customers in this State on January 1, 1995, (iii) 11.00 percentage points for each of the 12-month periods ending September 30, 2000 through September 30, 2006, but only if the electric utility's average residential retail rate is less than or equal to 90% of the average residential retail rate for the "Midwest Utilities", as that term is defined in subsection (b) of this Section, based on data reported on Form 1 to the Federal Energy Regulatory Commission for calendar year 1995, the electric utility served between 150,000 and 250,000 retail customers in this State on January 1, 1995, and the electric utility offers delivery services on or before June 1, 2000 to retail customers whose annual electric energy use comprises 33% of the kilowatt hour sales to that group of retail customers that are classified under Division D, Groups 20 through 39 of the Standard Industrial Classifications set forth in the Standard Industrial Classification Manual published by the United States Office of Management and Budget, excluding the kilowatt hour sales to those customers that are eligible for delivery services pursuant to Section 16-104(a)(1)(i), and, provided further, that the electric utility commits not to petition pursuant to Section 16-108(f) for entry of an order by the Commission authorizing the electric utility to implement transition charges for an additional period after December 31, 2006, or (iv) 5.00 percentage points for each of the 12-month periods ending September 30, 2000 through September 30, 2006 for all other electric utilities or 7.00 percentage points for such utilities for each of the 12-month periods ending September 30, 2000 through September 30, 2006 for any such utility that commits not to petition pursuant to Section 16-108(f) for entry of an order by the Commission authorizing the electric utility to implement transition charges for an additional period after December 31, 2006 or 11.00 percentage points for each of the 12-month periods ending September 30, 2005 and September 30, 2006 for each
electric utility providing service to fewer than 6,500, or between 75,000 and 150,000, electric retail customers in this State on January 1, 1995 if such utility commits not to petition pursuant to Section 16-108(f) for entry of an order by the Commission authorizing the electric utility to implement transition charges for an additional period after December 31, 2006.

(1) For purposes of this subsection (e), "excess earnings" means the difference between (A) the 2-year average of the electric utility's earned rate of return on common equity, less (B) the 2-year average of the sum of (i) the Index applicable to each of the 2 years and (ii) 1.5 percentage points; provided, that "excess earnings" shall never be less than zero.

(2) On or before March 31 of each year 2000 through 2005 each electric utility shall file a report with the Commission showing its earned rate of return on common equity, calculated in accordance with this subsection, for the preceding calendar year and the average for the preceding 2 calendar years.

(3) If an electric utility has excess earnings, determined in accordance with paragraphs (1) and (2) of this subsection, the refunds which the electric utility shall pay to its customers beginning the first billing day of April in the following year shall be calculated and applied as follows:

(i) The electric utility's excess earnings shall be multiplied by the average of the beginning and ending balances of the electric utility's common equity for the 2-year period in which excess earnings occurred.

(ii) The result of the calculation in (i) shall be multiplied by 0.50 and then divided by a number equal to 1 minus the electric utility's composite federal and State income tax rate.

(iii) The result of the calculation in (ii) shall be divided by the sum of the electric utility's projected total kilowatt-hour sales to retail customers plus projected kilowatt-hours to be delivered to delivery services customers over a one year period beginning with the first billing date in April in the succeeding year to determine a cents per kilowatt-hour refund factor.

(iv) The cents per kilowatt-hour refund factor calculated in (iii) shall be credited to the electric utility's customers by applying the factor on the customer's monthly bills to each kilowatt-hour sold or delivered until the total amount calculated in (ii) has been paid to customers.

(f) During the mandatory transition period, an electric utility may file revised tariffs reducing the price of any tariffed service offered by the electric utility for all customers taking that tariffed service, which shall be effective 7 days after filing.

(g) During the mandatory transition period, an electric utility may, without obtaining any approval of the Commission other than that provided for in this subsection and notwithstanding any other provision of this Act or any rule or regulation of the Commission that would require such approval:

(1) implement a reorganization, other than a merger of 2 or more public utilities as defined in Section 3-105 or their holding companies;

(2) retire generating plants from service;
(3) sell, assign, lease or otherwise transfer assets to an affiliated or unaffiliated entity and as part of such transaction enter into service agreements, power purchase agreements, or other agreements with the transferee; provided, however, that the prices, terms and conditions of any power purchase agreement must be approved or allowed into effect by the Federal Energy Regulatory Commission; or
(4) use any accelerated cost recovery method including accelerated depreciation, accelerated amortization or other capital recovery methods, or record reductions to the original cost of its assets.

In order to implement a reorganization, retire generating plants from service, or sell, assign, lease or otherwise transfer assets pursuant to this Section, the electric utility shall comply with subsections (c) and (d) of Section 16-128, if applicable, and subsection (k) of this Section, if applicable, and provide the Commission with at least 30 days notice of the proposed reorganization or transaction, which notice shall include the following information:

(i) a complete statement of the entries that the electric utility will make on its books and records of account to implement the proposed reorganization or transaction together with a certification from an independent certified public accountant that such entries are in accord with generally accepted accounting principles and, if the Commission has previously approved guidelines for cost allocations between the utility and its affiliates, a certification from the chief accounting officer of the utility that such entries are in accord with those cost allocation guidelines;
(ii) a description of how the electric utility will use proceeds of any sale, assignment, lease or transfer to retire debt or otherwise reduce or recover the costs of services provided by such electric utility;
(iii) a list of all federal approvals or approvals required from departments and agencies of this State, other than the Commission, that the electric utility has or will obtain before implementing the reorganization or transaction;
(iv) an irrevocable commitment by the electric utility that it will not, as a result of the transaction, impose any stranded cost charges that it might otherwise be allowed to charge retail customers under federal law or increase the transition charges that it is otherwise entitled to collect under this Article XVI; and
(v) if the electric utility proposes to sell, assign, lease or otherwise transfer a generating plant that brings the amount of net dependable generating capacity transferred pursuant to this subsection to an amount equal to or greater than 15% of the electric utility's net dependable capacity as of the effective date of this amendatory Act of 1997, and enters into a power purchase agreement with the entity to which such generating plant is sold, assigned, leased, or otherwise transferred, the electric utility also agrees, if its

fuel adjustment clause has not already been eliminated, to eliminate its fuel adjustment clause in accordance with subsection (b) of Section 9-220 for a period of time equal to the length of any such power purchase agreement or successor agreement, or until January 1, 2005, whichever is longer; if the capacity of the generating plant so transferred and related power purchase agreement does not result in the elimination of the fuel adjustment clause under this subsection, and the fuel adjustment clause has not already been eliminated, the electric utility shall agree that the costs associated with the transferred plant that are included in the calculation of the rate per kilowatt-hour to be applied pursuant to the electric utility's fuel adjustment clause during such period shall not exceed the per kilowatt-hour cost associated with such generating plant included in the electric utility's fuel adjustment clause during the full calendar year preceding the transfer, with such limit to be adjusted each year thereafter by the Gross Domestic Product Implicit Price Deflator.

(vi) In addition, if the electric utility proposes to sell, assign, or lease, (A) either (1) an amount of generating plant that brings the amount of net dependable generating capacity transferred pursuant to this subsection to an amount equal to or greater than 15% of its net dependable capacity on the effective date of this amendatory Act of 1997, or (2) one or more generating plants with a total net dependable capacity of 1100 megawatts, or (B) transmission and distribution facilities that either (1) bring the amount of transmission and distribution facilities transferred pursuant to this subsection to an amount equal to or greater than 15% of the electric utility's total depreciated original cost investment in such facilities, or (2) represent an investment of $25,000,000 in terms of total depreciated original cost, the electric utility shall provide, in addition to the information listed in subparagraphs (i) through (v), the following information: (A) a description of how the electric utility will meet its service obligations under this Act in a safe and reliable manner and (B) the electric utility's projected earned rate of return on common equity, calculated in accordance with subsection (d) of this Section, for each year from the date of the notice through December 31, 2006 2004 both with and without the proposed transaction. If the Commission has not issued an order initiating a hearing on the proposed transaction within 30 days after the date the electric utility's notice is filed, the transaction shall be deemed approved. The Commission may, after notice and hearing, prohibit the proposed transaction if it makes either or both of the following findings: (1) that the proposed transaction will render the electric utility unable to provide its tariffed services in a safe and reliable manner, or (2) that there is a strong likelihood that consummation of the proposed transaction will result in the electric utility being entitled to request an increase in its base rates during the mandatory transition period pursuant to

subsection (d) of this Section. Any hearing initiated by the Commission into the proposed transaction shall be completed, and the Commission's final order approving or prohibiting the proposed transaction shall be entered, within 90 days after the date the electric utility's notice was filed. Provided, however, that a sale, assignment, or lease of transmission facilities to an independent system operator that meets the requirements of Section 16-126 shall not be subject to Commission approval under this Section.

In any proceeding conducted by the Commission pursuant to this subparagraph (vi), intervention shall be limited to parties with a direct interest in the transaction which is the subject of the hearing and any statutory consumer protection agency as defined in subsection (d) of Section 9-102.1. Notwithstanding the provisions of Section 10-113 of this Act, any application seeking rehearing of an order issued under this subparagraph (vi), whether filed by the electric utility or by an intervening party, shall be filed within 10 days after service of the order.

The Commission shall not in any subsequent proceeding or otherwise, review such a reorganization or other transaction authorized by this Section, but shall retain the authority to allocate costs as stated in Section 16-111(i). An entity to which an electric utility sells, assigns, leases or transfers assets pursuant to this subsection (g) shall not, as a result of the transactions specified in this subsection (g), be deemed a public utility as defined in Section 3-105. Nothing in this subsection (g) shall change any requirement under the jurisdiction of the Illinois Department of Nuclear Safety including, but not limited to, the payment of fees. Nothing in this subsection (g) shall exempt a utility from obtaining a certificate pursuant to Section 8-406 of this Act for the construction of a new electric generating facility. Nothing in this subsection (g) is intended to exempt the transactions hereunder from the operation of the federal or State antitrust laws. Nothing in this subsection (g) shall require an electric utility to use the procedures specified in this subsection for any of the transactions specified herein. Any other procedure available under this Act may, at the electric utility's election, be used for any such transaction.

(h) During the mandatory transition period, the Commission shall not establish or use any rates of depreciation, which for purposes of this subsection shall include amortization, for any electric utility other than those established pursuant to subsection (c) of Section 5-104 of this Act or utilized pursuant to subsection (g) of this Section. Provided, however, that in any proceeding to review an electric utility's rates for tariffed services pursuant to Section 9-201, 9-202, 9-250 or 16-111(d) of this Act, the Commission may establish new rates of depreciation for the electric utility in the same manner provided in subsection (d) of Section 5-104 of this Act. An electric utility implementing an accelerated cost recovery method including accelerated depreciation, accelerated amortization or other capital recovery methods, or recording reductions to the original cost of its assets, pursuant to subsection (g) of this Section, shall file a statement with the Commission describing the accelerated cost recovery method to be implemented or the reduction in the original cost of its assets to be recorded. Upon the filing of such statement, the accelerated cost recovery method or the

reduction in the original cost of assets shall be deemed to be approved by the Commission as though an order had been entered by the Commission.

(i) Subsequent to the mandatory transition period, the Commission, in any proceeding to establish rates and charges for tariffed services offered by an electric utility, shall consider only (1) the then current or projected revenues, costs, investments and cost of capital directly or indirectly associated with the provision of such tariffed services; (2) collection of transition charges in accordance with Sections 16-102 and 16-108 of this Act; (3) recovery of any employee transition costs as described in Section 16-128 which the electric utility is continuing to incur, including recovery of any unamortized portion of such costs previously incurred or committed, with such costs to be equitably allocated among bundled services, delivery services, and contracts with alternative retail electric suppliers; and (4) recovery of the costs associated with the electric utility's compliance with decommissioning funding requirements; and shall not consider any other revenues, costs, investments or cost of capital of either the electric utility of or of any affiliate of the electric utility that are not associated with the provision of tariffed services. In setting rates for tariffed services, the Commission shall equitably allocate joint and common costs and investments between the electric utility's competitive and tariffed services. In determining the justness and reasonableness of the electric power and energy component of an electric utility's rates for tariffed services subsequent to the mandatory transition period and prior to the time that the provision of such electric power and energy is declared competitive, the Commission shall consider the extent to which the electric utility's tariffed rates for such component for each customer class exceed the market value determined pursuant to Section 16-112, and, if the electric power and energy component of such tariffed rate exceeds the market value by more than 10% for any customer class, may establish such electric power and energy component at a rate equal to the market value plus 10%. In any such case, the Commission may also elect to extend the provisions of Section 16-111(e) for any period in which the electric utility is collecting transition charges, using information applicable to such period.

(j) During the mandatory transition period, an electric utility may elect to transfer to a non-operating income account under the Commission's Uniform System of Accounts either or both of (i) an amount of unamortized investment tax credit that is in addition to the ratable amount which is credited to the electric utility's operating income account for the year in accordance with Section 46(f)(2) of the federal Internal Revenue Code of 1986, as in effect prior to P.L. 101-508, or (ii) "excess tax reserves", as that term is defined in Section 203(e)(2)(A) of the federal Tax Reform Act of 1986, provided that (A) the amount transferred may not exceed the amount of the electric utility's assets that were created pursuant to Statement of Financial Accounting Standards No. 71 which the electric utility has written off during the mandatory transition period, and (B) the transfer shall not be effective until approved by the Internal Revenue Service. An electric utility electing to make such a transfer shall file a statement with the Commission stating the amount and timing of the transfer for which it intends to request approval of the Internal Revenue Service, along with a copy of its proposed request to the Internal Revenue Service for a ruling. The Commission shall issue an order within 14 days after the electric utility's filing approving,
subject to receipt of approval from the Internal Revenue Service, the proposed transfer.

(k) If an electric utility is selling or transferring to a single buyer 5 or more generating plants located in this State with a total net dependable capacity of 5000 megawatts or more pursuant to subsection (g) of this Section and has obtained a sale price or consideration that exceeds 200% of the book value of such plants, the electric utility must provide to the Governor, the President of the Illinois Senate, the Minority Leader of the Illinois Senate, the Speaker of the Illinois House of Representatives, and the Minority Leader of the Illinois House of Representatives no later than 15 days after filing its notice under subsection (g) of this Section or 5 days after the date on which this subsection (k) becomes law, whichever is later, a written commitment in which such electric utility agrees to expend $2 billion outside the corporate limits of any municipality with 1,000,000 or more inhabitants within such electric utility's service area, over a 6-year period beginning with the calendar year in which the notice is filed, on projects, programs, and improvements within its service area relating to transmission and distribution including, without limitation, infrastructure expansion, repair and replacement, capital investments, operations and maintenance, and vegetation management.

Sec. 16-111.3. Transition period earnings calculations. At such time as the Board of Governors of the Federal Reserve System ceases to include the monthly average yields of 30-year U.S. Treasury bonds in its weekly H.15 Statistical Release or successor publication, the Monthly Treasury Long-Term Average Rates (25 years and above) published by the Board of Governors of the Federal Reserve System in its weekly H.15 Statistical Release or successor publication shall instead be used to establish a rate for the purpose of calculating the Index defined in subsection (e) of Section 16-111 of this Act, and at such time, such Monthly Treasury Long-Term Average Rates (25 years and above) shall also be used in place of the monthly average yields of 30-year U.S. Treasury bonds in the rate of return calculation required by subsection (d) of Section 16-111. An electric utility shall also remove the effects, if any, of any impairment due to the application of Statement of Financial Accounting Standards No. 142, which was issued in June 2001, when making the calculations required by this Section or by subsections (d) and (e) of Section 16-111.

Sec. 9-111. Condominium property.
(a) As to property subject to the provisions of the "Condominium Property Act", approved June 20, 1963, as amended, when the action is based upon the failure of an owner of a unit therein to pay when due his or her proportionate share of the common expenses of the property, or of any other expenses lawfully agreed upon or the amount of any unpaid fine, and if the court finds that the expenses or fines are due to the plaintiff, the plaintiff shall be entitled to the possession of the whole of the premises claimed, and judgment in favor of the plaintiff shall be entered for the possession thereof and for the amount found due by the court including interest and late charges, if any, together with reasonable attorney's fees, if any, and for the plaintiff's costs. The awarding of reasonable attorney's fees shall be pursuant to the standards set forth in subsection (b) of this Section 9-111. The court shall, by order, stay the enforcement of the judgment for possession for a period of not less than 60 days from the date of the judgment and may stay the enforcement of the judgment for a period not to exceed 180 days from such date. Any judgment for money or any rent assignment under subsection (b) of Section 9-104.2 is not subject to this stay. The judgment for possession is not subject to an exemption of homestead under Part 9 of Article XII of this Code. If at any time, either during or after the period of stay, the defendant pays such expenses found due by the court, and costs, and reasonable attorney's fees as fixed by the court, and the defendant is not in arrears on his or her share of the common expenses for the period subsequent to that covered by the judgment, the defendant may file a motion to vacate the judgment in the court in which the judgment was entered, and, if the court, upon the hearing of such motion, is satisfied that the default in payment of the proportionate share of expenses has been cured, and if the court finds that the premises are not presently let by the board of managers as provided in Section 9-111.1 of this Act, the judgment shall be vacated. If the premises are being let by the board of managers as provided in Section 9-111.1 of this Act, when any judgment is sought to be vacated, the court shall vacate the judgment effective concurrent with the expiration of the lease term. Unless defendant files such motion to vacate in the court or the judgment is otherwise stayed, enforcement of the judgment may proceed immediately upon the expiration of the period of stay and all rights of the defendant to possession of his or her unit shall cease and determine until the date that the judgment may thereafter be vacated in accordance with the foregoing provisions, and notwithstanding payment of the amount of any money judgment if the unit owner or occupant is in arrears for the period after the date of entry of the judgment as provided in this Section.    (ii) the reasonableness of the hourly rate for the work performed;
   (iii) the reasonableness of the amount of time expended for the work performed; and
   (iv) the amount in controversy and the nature of the action.

PUBLIC ACT 92-0541
(House Bill No. 5607)

AN ACT concerning insurance.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Insurance Code is amended by changing Section 229.4 as follows:

(215 ILCS 5/229.4) (from Ch. 73, par. 841.4)

Sec. 229.4. Standard Non-forfeiture Law for Individual Deferred Annuities.

(1) No contract of annuity issued on or after the operative date of this Section except as stated in subsection (11) shall be delivered or issued for delivery in this State unless it contains in substance the following provisions or corresponding provisions which in the opinion of the Director are at least as favorable to the contract holder upon cessation of

payment of considerations under the contract:

(a) That upon cessation of payment of considerations under a contract, the company will grant a paid-up annuity benefit on a plan stipulated in the contract of such value as is specified in subsections (3), (4), (5), (6) and (8).

(b) If a contract provides for a lump sum settlement at maturity, or at any other time, that upon surrender of the contract at or prior to the commencement of any annuity payments, the company will pay in lieu of any paid-up annuity benefit a cash surrender benefit of such amount as is specified in subsections (3), (4), (6) and (8). The company shall reserve the right to defer the payment of such cash surrender benefit for a period of 6 months after demand therefor with surrender of the contract.

(c) A statement of the mortality table, if any, and interest rates used in calculating any minimum paid-up annuity, cash surrender or death benefits that are guaranteed under the contract, together with sufficient information to determine the amount of such benefits.

(d) A statement that any paid-up annuity, cash surrender or death benefits that may be available under the contract are not less than the minimum benefits required by any statute of the state in which the contract is delivered and an explanation of the manner in which such benefits are altered by the existence of any additional amounts credited by the company to the contract, any indebtedness to the company on the contract or any prior withdrawals from or partial surrenders of the contract.

Notwithstanding the requirements of this subsection, any deferred annuity contract may provide that if no considerations have been received under a contract for a period of 2 full years and the portion of the paid-up annuity benefit at maturity on the plan stipulated in the contract arising from considerations paid prior to such period would be less than $20.00 monthly, the company may at its option terminate such contract by payment in cash of the present value of such portion of the paid-up annuity benefit, calculated on the basis of the mortality table, if any, and interest rate specified in the contract for determining the paid-up annuity benefit, and by such payment shall be relieved of any further obligation under such contract.

(2) The minimum values as specified in subsections (3), (4), (5), (6) and (8) of any paid-up annuity, cash surrender or death benefits available under an annuity contract shall be based upon minimum nonforfeiture amounts as defined in this subsection.

(a) With respect to contracts providing for flexible considerations, the minimum nonforfeiture amount at any time at or prior to the commencement of any annuity payments shall be equal to an accumulation up to such time at a rate of interest of 3% per annum of percentages of the net considerations, as hereinafter defined, paid prior to such time, decreased by the sum of (i) any prior withdrawals from or partial surrenders of the contract accumulated at a rate of interest of 3% per annum and (ii) the amount of any indebtedness to the company on the contract, including interest due and accrued, and increased by any existing additional amounts credited by the company to the contract.

The net considerations for a given contract year used to define the minimum

nonforfeiture amount shall be an amount not less than zero and shall be equal to the corresponding gross considerations credited to the contract during that contract year less an annual contract charge of $30.00 and less a collection charge of $1.25 per consideration credited to the contract during that contract year. The percentages of net considerations shall be 65% of the net consideration for the first contract year and 87 1/2% of the net considerations for the second and later contract years. Notwithstanding the provisions of the preceding sentence, the percentage shall be 65% of the portion of the total net consideration for any renewal contract year which exceeds by not more than two times the sum of those portions of the net considerations in all prior contract years for which the percentage was 65%.

(a-5) Notwithstanding the provisions of paragraph (a) of this subsection, the minimum nonforfeiture amount for any contract issued on or after July 1, 2002 and before July 1, 2005 shall be based on a rate of interest of 1.5% per annum.

(b) With respect to contracts providing for fixed scheduled considerations, minimum nonforfeiture amounts shall be calculated on the assumption that considerations are paid annually in advance and shall be defined as for contracts with flexible considerations which are paid annually, with two exceptions:

(i) The portion of the net consideration for the first contract year to be accumulated shall be the sum of 65% of the net consideration for the first contract year plus 22 1/2% of the excess of the net consideration for the first contract year over the lesser of the net considerations for the second and third contract years.

(ii) The annual contract charge shall be the lesser of (A) $30.00 or (B) 10% of the gross annual consideration.

(c) With respect to contracts providing for a single consideration, minimum nonforfeiture amounts shall be defined as for contracts with flexible considerations except that the percentage of net consideration used to determine the minimum nonforfeiture amount shall be equal to 90% and the net consideration shall be the gross consideration less a contract charge of $75.00.

(3) Any paid-up annuity benefit available under a contract shall be such that its present value on the date annuity payments are to commence is at least equal to the minimum nonforfeiture amount on that date. Such present value shall be computed using the mortality table, if any, and the interest rate specified in the contract for determining the minimum paid-up annuity benefits guaranteed in the contract.

(4) For contracts which provide cash surrender benefits, such cash surrender benefits available prior to maturity shall not be less than the present value as of the date of surrender of that portion of the maturity value of the paid-up annuity benefit which would be provided under the contract at maturity arising from considerations paid prior to the time of cash surrender reduced by the amount appropriate to reflect any prior withdrawals from or partial surrenders of the contract, such present value being calculated on the basis of an interest rate not more than 1% higher than the interest rate specified in the contract for accumulating the net considerations to determine such maturity value, decreased by the amount of any

indebtedness to the company on the contract, including interest due and accrued, and increased by any existing additional amounts credited by the company to the contract. In no event shall any cash surrender benefit be less than the minimum nonforfeiture amount at that time. The death benefit under such contracts shall be at least equal to the cash surrender benefit.

(5) For contracts which do not provide cash surrender benefits, the present value of any paid-up annuity benefit available as a nonforfeiture option at any time prior to maturity shall not be less than the present value of that portion of the maturity value of the paid-up benefit provided under the contract arising from considerations paid prior to the time of the contract is surrendered in exchange for, or changed to, a deferred paid-up annuity, such present value being calculated for the period prior to the maturity date on the basis of the interest rate specified in the contract for accumulating the net considerations to determine such maturity value, and increased by any existing additional amounts credited by the company to the contract. For contracts which do not provide any death benefits prior to the commencement of any annuity payments, such present values shall be calculated on the basis of such interest rate and the mortality table specified in the contract for determining the maturity value of the paid-up annuity benefit. However, in no event shall the present value of a paid-up annuity benefit be less than the minimum nonforfeiture amount at that time.

(6) For the purpose of determining the benefits calculated under subsections (4) and (5), in the case of annuity contracts under which an election may be made to have annuity payments commence at optional maturity dates, the maturity date shall be deemed to be the latest date for which election shall be permitted by the contract, but shall not be deemed to be later than the anniversary of the contract next following the annuitant’s seventieth birthday or the tenth anniversary of the contract, whichever is later.

(7) Any contract which does not provide cash surrender benefits or does not provide death benefits at least equal to the minimum nonforfeiture amount prior to the commencement of any annuity payments shall include a statement in a prominent place in the contract that such benefits are not provided.

(8) Any paid-up annuity, cash surrender or death benefits available at any time, other than on the contract anniversary under any contract with fixed scheduled considerations, shall be calculated with allowance for the lapse of time and the payment of any scheduled considerations beyond the beginning of the contract year in which cessation of payment of considerations under the contract occurs.

(9) For any contract which provides, within the same contract by rider or supplemental contract provision, both annuity benefits and life insurance benefits that are in excess of the greater of cash surrender benefits or a return of the gross considerations with interest, the minimum nonforfeiture benefits shall be equal to the sum of the minimum nonforfeiture benefits for the annuity portion and the minimum nonforfeiture benefits, if any, for the life insurance portion computed as if each portion were a separate contract. Notwithstanding the provisions of subsections (3), (4), (5), (6) and (8), additional benefits payable (a) in the event of total and permanent disability, (b) as reversionary annuity or deferred reversionary annuity benefits, or (c) as other policy benefits additional to life benefits.
insurance, endowment, and annuity benefits, and considerations for all such additional benefits, shall be disregarded in ascertaining the minimum nonforfeiture amounts, paid-up annuity, cash surrender and death benefits that may be required by this section. The inclusion of such additional benefits shall not be required in any paid-up benefits, unless such additional benefits separately would require minimum nonforfeiture amounts, paid-up annuity, cash surrender and death benefits.

(10) After the effective date of this Section, any company may file with the Director a written notice of its election to comply with the provisions of this Section after a specified date before the second anniversary of the effective date of this Section. After the filing of such notice, then upon such specified date, which shall be the operative date of this section for such company, this Section shall become operative with respect to annuity contracts thereafter issued by such company. If a company makes no such election, the operative date of this section for such company shall be the second anniversary of the effective date of this Section.

(11) This Section shall not apply to any reinsurance, group annuity purchased under a retirement plan or plan of deferred compensation established or maintained by an employer (including a partnership or sole proprietorship) or by an employee organization, or by both, other than a plan providing individual retirement accounts or individual retirement annuities under Section 408 of the Internal Revenue Code, as now or hereafter amended, premium deposit fund, variable annuity, investment annuity, immediate annuity, any deferred annuity contract after annuity payments have commenced, or reversionary annuity, nor to any contract which shall be delivered outside this State through an agent or other representative of the company issuing the contract.

When a board of education faces financial difficulties, continued operation of the public school system is threatened.

(3) To promote the financial integrity of districts, as defined in this Article, it is necessary to provide for the creation of school finance authorities with the powers necessary to promote sound financial management and to ensure the continued operation of the public schools.

(b) It is the purpose of this Article to provide a secure financial basis for the continued operation of public schools. The intention of the General Assembly, in creating this Article, is to establish procedures, provide powers, and impose restrictions to ensure the financial and educational integrity of the public schools, while leaving principal responsibility for the educational policies of public schools to the boards of education within the State, consistent with the requirements for satisfying the public policy and purpose set forth in this Article.

(b) The Authority may indemnify any member, officer, employee, or agent who was or is a party or is threatened to be made a party to any threatened, pending, or completed action, suit, or proceeding, whether civil, criminal, administrative, or investigative, by reason of the fact that he or she was a member, officer, employee, or agent of the Authority, against expenses (including attorney's fees, judgments, fines, and amounts paid in settlement actually and reasonably incurred by him or her in connection with the action, suit, or proceeding) if he or she acted in good faith and in a manner that he or she reasonably believed to be in or not opposed to the best interests of the Authority and, with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful. Any member, officer, employee, or agent against whom any action, suit, or proceeding is brought may employ his or her own attorney to appear on his or her behalf.

The right to indemnification accorded by this Section shall not limit any other right to indemnification to which the member, officer, employee, or agent may be entitled. Sec. 57.5. Underground Storage Tanks; removal; repair; abandonment.  
(a) Notwithstanding the eligibility or the level of deductibility of an owner or operator under the Underground Storage Tank Fund, any owner or operator of an Underground Storage Tank may seek to remove or abandon such tank under the provisions of this Title. In order to be reimbursed under Section 57.8, the owner or operator must comply with the provisions of this Title. In no event will an owner or operator be reimbursed for any costs which exceed the minimum requirements necessary to comply with this Title.  
(b) Removal or abandonment of an Underground Storage Tank must be carried out in accordance with regulations adopted by the Office of State Fire Marshal.  
(c) The Office of the State Fire Marshal or a designated agent shall have an inspector on site at the time of removal, abandonment, or such other times the Office of State Fire Marshal deems appropriate. At such time, the inspector shall, upon preliminary excavation of the tank site, render an opinion as to whether a release of petroleum has occurred and, if so, the owner or operator shall report the known or suspected release to the Illinois Emergency Management Agency. The owner or operator shall determine whether or not a release has occurred in conformance with the regulations adopted by the Board and the Office of the State Fire Marshal. Except that if the opinion of the Office of the State Fire Marshal inspector is that a release of petroleum has occurred and the owner or operator has reported the release to the Illinois Emergency Management Agency within 24 hours of removal of the tank, no such determination is required under this subsection. In the event the owner or operator confirms the presence of a release of petroleum, the owner or operator shall comply with Section 57.6. The inspector shall provide the owner or operator, or a designated agent, with an "Eligibility and Deductibility Determination" form. The Office of the State Fire Marshal shall provide on-site assistance to the owner or operator or a designated agent with regard to the eligibility and deductibility procedures as provided in Section 57.9. If the Office of the State Fire Marshal is not on site, the Office of the State Fire Marshal shall provide the owner or operator with an "Eligibility and Deductibility
Determination” form within 15 days after receiving notice that the confirmed release was reported by the owner or operator.

(d) In the event that a release of petroleum is confirmed under subsection (c) of this Section, the owner or operator may elect to backfill the preliminary excavation and proceed under Section 57.6.

(e) In the event that an Underground Storage Tank is found to be ineligible for payment from the Underground Storage Tank Fund, the owner or operator shall proceed under Sections 57.6 and 57.7.

(f) In the event that no release of petroleum is confirmed, the owner or operator shall proceed to complete the removal of the underground storage tank, and when appropriate, dispose of the tank and backfill the excavation or, in the alternate, abandon the underground storage tank in place. Either option shall be in accordance with regulations adopted by the Office of the State Fire Marshal. The owner or operator shall certify to the Office of the State Fire Marshal that the tank removal or abandonment was conducted in accordance with all applicable rules and regulations, and the Office of the State Fire Marshal shall then issue a certificate of removal or abandonment to the owner or operator. If the Office of the State Fire Marshal fails to issue a certificate of removal or abandonment within 30 days of receipt of the certification, the certification shall be considered rejected by operation of law and a final action appealable to the Board. Nothing in this Title shall prohibit the Office of the State Fire Marshal from making an independent inspection of the site and challenging the veracity of the owner or operator certification.

(g) The owner or operator of an underground storage tank taken out of operation before January 2, 1974, or an underground storage tank used exclusively to store heating oil for consumptive use on the premises where stored and which serves other than a farm or residential unit shall not be required to remove or abandon in place such underground storage tank except in the case in which the Office of the State Fire Marshal has determined that a release from the underground storage tank poses a current or potential threat to human health and the environment. In that case, and upon receipt of an order from the Office of the State Fire Marshal, the owner or operator of such underground storage tank shall conduct removal and, if necessary, site investigation and corrective action in accordance with this Title and regulations promulgated by the Office of State Fire Marshal and the Board.

(h) In the event that a release of petroleum occurred between September 13, 1993, and August 1, 1994, for which the Office of the State Fire Marshal issued a certificate of removal or abandonment based on its determination of "no release" or "minor release," and the Office of the State Fire Marshal subsequently has rescinded that determination and required a report of a confirmed release to the Illinois Emergency Management Agency, the owner or operator may be eligible for reimbursement for the costs of site investigation and corrective action incurred on or after the date of the release but prior to the notification of the Illinois Emergency Management Agency. The date of the release shall be the date of the initial inspection by the Office of the State Fire Marshal as recorded in its inspection log. Eligibility and deductibility shall be determined in accordance with this Title, the owner or operator must comply with the provisions of this Act and its rules, and in no case shall the
owner or operator be reimbursed for costs exceeding the minimum requirements of this Act and its rules.

Sec. 57.6. Underground storage tanks; early action.

(a) Owners and operators of underground storage tanks shall, in response to all confirmed releases, comply with all applicable statutory and regulatory reporting and response requirements.

(b) Notwithstanding any other corrective action taken, an owner or operator may, at a minimum, and prior to submission of any plans to the Agency, remove the tank system or abandon the underground storage tank in place, in accordance with the regulations promulgated by the Office of the State Fire Marshal. The owner or operator may also remove visibly contaminated fill material and any groundwater in the excavation which exhibits a sheen. For purposes of payment for early action costs, however, fill material shall not be removed in an amount in excess of 4 feet from the outside dimensions of the tank.

Sec. 57.7. Leaking underground storage tanks; site investigation physical soil classification, groundwater investigation, site classification, and corrective action.

(a) Site investigation.

(1) For any site investigation activities required by statute or rule, the owner or operator shall submit to the Agency for approval a site investigation plan designed to determine the nature, concentration, direction of movement, rate of movement, and extent of the contamination as well as the significant physical features of the site and surrounding area that may affect contaminant transport and risk to human health and safety and the environment.

(2) Any owner or operator intending to seek payment from the Fund shall submit to the Agency for approval a site investigation budget that includes, but is not limited to, an accounting of all costs associated with the implementation and completion of the site investigation plan.

(3) Remediation objectives for the applicable indicator contaminants shall be determined using the tiered approach to corrective action objectives rules adopted by the Board pursuant to this Title and Title XVII of this Act. For the purposes of this Title, "Contaminant of Concern" or "Regulated Substance of Concern" in the rules means the applicable indicator contaminants set forth in subsection (d) of this Section and the rules adopted thereunder.

(4) Upon the Agency's approval of a site investigation plan, or as otherwise directed by the Agency, the owner or operator shall conduct a site investigation in accordance with the plan.

(2) If any of the applicable indicator contaminants exceed the remediation objectives approved for the site, within 30 days after the Agency approves the site investigation completion report the owner or operator shall submit to the Agency for approval a corrective action plan designed to mitigate any threat to human health, human safety, or the environment resulting from the underground storage tank release. The plan shall describe the selected remedy and evaluate its ability and effectiveness to achieve the remediation objectives approved for the site. At a minimum, the report shall include all of the following:

for the site, as well as any other requirements of the plan, have been achieved.

(6) If within 4 years after the approval of any corrective action plan the applicable remediation objectives have not been achieved and the owner or operator has not submitted a corrective action completion report, the owner or operator must submit a status report for Agency review. The status report must include, but is not limited to, a description of the remediation activities taken to date, the effectiveness of the method of remediation being used, the likelihood of meeting the applicable remediation objectives using the current method of remediation, and the date the applicable remediation objectives are expected to be achieved.

(7) If the Agency determines any approved corrective action plan will not achieve applicable remediation objectives within a reasonable time, based upon the method of remediation and site specific circumstances, the Agency may require the owner or operator to submit to the Agency for approval a revised corrective action plan. If the owner or operator intends to seek payment from the Fund, the owner or operator must also submit a revised budget.

(a) Physical soil classification and groundwater investigation:

(1) Prior to conducting any physical soil classification and groundwater investigation activities required by statute or regulation, the owner or operator shall prepare and submit to the Agency for the Agency's approval or modification:

(b) Site Classification:

(1) After evaluation of the physical soil classification and groundwater investigation results, when required, and general site information, the site shall be classified as "No Further Action", "Low Priority", or "High Priority" based on the requirements of this Section. Site classification shall be determined by a Licensed Professional Engineer in accordance with the requirements of this Title and the Licensed Professional Engineer shall submit a certification to the Agency of the site classification. The Agency has the authority to audit site classifications and reject or modify any site classification inconsistent with the requirements of this Title.

(2) Sites shall be classified as No Further Action if the criteria in subparagraph (A) are satisfied:

(iii) The conditions identified in subsections (b)(3)(B), (C), (D), and (E) do not exist.

(B) Groundwater investigation monitoring may be required to confirm that a site meets the criteria of a No Further Action site. The Board shall adopt rules setting forth the criteria under which the Agency may exercise its discretionary authority to require investigations and the minimum field requirements for conducting investigations.

(3) Sites shall be classified as High Priority if any of the following are met:

(A) The site is located in an area designated A1, A2, A3, A4, A5, AX, B1, B2, BX, C1, C2, C3, C4, or C5 on the Illinois Geological Survey Circular (1984) titled "Potential for Contamination of Shallow Aquifers in Illinois," by Berg, Richard C., et al.; a site evaluation under the direction of a Licensed Professional Engineer verifies the physical soil classification conditions are consistent with those indicated on the Illinois Geological Survey Circular (1984) titled "Potential for Contamination of Shallow Aquifers in Illinois," by Berg, Richard C., et al.; and the results of the physical soil classification and groundwater investigation—indicate—that an applicable indicator contaminant groundwater quality standard or groundwater objective has been exceeded at the property boundary line or 200 feet from the excavation, whichever is less as a consequence of the underground storage tank release.

(B) The underground storage tank is within the minimum or maximum setback zone of a potable water supply well or regulated recharge...
area of a potable water supply well.

(C) There is evidence that, through natural or manmade pathways, migration of petroleum or vapors threaten human health or human safety or may cause explosions in basements, crawl spaces, utility conduits, storm or sanitary sewers, vaults or other confined spaces.

(D) Class III special resource groundwater exists within 200 feet of the excavation.

(E) A surface water body is adversely affected by the presence of a visible sheen or free product layer as the result of an underground storage tank release.

(4) Sites shall be classified as Low Priority if all of the following are met:

(A) The site does not meet any of the criteria for classification as a High Priority Site.

(ii) a site evaluation under the direction of a Licensed Professional Engineer verifies the physical soil classification conditions are consistent with those indicated on the Illinois Geological Survey Circular (1984) titled "Potential for Contamination of Shallow Aquifers in Illinois," by Berg, Richard C., et al.; and

(iii) the results of the physical soil classification and groundwater investigation do not indicate an applicable indicator contaminant groundwater quality standard or groundwater objective has been exceeded at the property boundary line or 200 feet from the underground storage tank, whichever is less.

(5) In the event the results of the physical soil classification and any required groundwater investigation reveal that the actual site geologic characteristics are different than those indicated by the Illinois Geological Survey Circular (1984) titled "Potential for Contamination of Shallow Aquifers in Illinois" by Berg, Richard C., et al., classification of the site shall be determined using the actual site geologic characteristics.

(c) Corrective Action:

(1) High Priority Site:

approval or modification a corrective action plan designed to mitigate any threat to human health, human safety or the environment resulting from the underground storage tank release:

(B) If the owner or operator intends to seek payment from the Fund, prior to performance of any corrective action beyond that required by Section 57.6 and subsection (a) of Section 57.7, the owner or operator shall submit to the Agency for the Agency’s approval or modification a corrective action plan budget which includes, but is not limited to, an accounting of all costs associated with the implementation and completion of the corrective action plan:

(i) Provide that applicable indicator contaminant groundwater quality standards or groundwater objectives will not be exceeded in groundwater at the property boundary line or 200 feet from the excavation, whichever is less, or other level if approved by the Agency, for any contaminant identified in the groundwater investigation after complete performance of the corrective action plan:

(ii) Provide that Class III special resource groundwater quality standards for Class III special resource groundwater within 200 feet of the excavation will not be exceeded as a result of the underground storage tank release for any indicator contaminant identified in the groundwater investigation after complete performance of the corrective action plan:

(iii) Remediate threats due to the presence or migration, through natural or manmade pathways, of petroleum in concentrations sufficient to harm human health or human safety or to cause explosions in basements, crawl spaces, utility conduits, storm or sanitary sewers, vaults or other confined spaces:

(iv) Remediate threats to a potable water supply:

(v) Remediate threats to a surface water body:

(D) Within 30 days of completion of the corrective action, the owner or operator shall submit to the Agency such a completion report that includes a description of the corrective action plan and a description of the corrective action work performed and all analytical or sampling results derived from performance of the corrective action plan:

(E) The Agency shall issue to the owner or operator a no further remediation letter in accordance with Section 57.10 if all of the following are met:

line or 200 feet from the excavation, whichever is less, as a result of
the underground storage tank release for any indicator contaminant
identified in the groundwater investigation; (b) Class III special use
resource groundwater quality standards, for Class III special use
resource groundwater within 200 feet of the underground storage
tank, are not exceeded as a result of the underground storage tank
release for any contaminant identified in the groundwater
investigation; (c) the underground storage tank release does not
threaten human health or human safety due to the presence or
migration, through natural or manmade pathways, of petroleum or
hazardous substances in concentrations sufficient to harm human
health or human safety or to cause explosions in basements, crawl
spaces, utility conduits, storm or sanitary sewers, vaults or other
confined spaces; (d) the underground storage tank release does not
threaten any surface water body; and (e) the underground storage tank
release does not threaten any potable water supply.

(ii) The owner or operator submits to the Agency a
certification from a Licensed Professional Engineer that the work
described in the approved corrective action plan has been completed
and that the information presented in the corrective action completion
report is accurate and complete.

(2) Low Priority Site:

(A) Corrective action at a low priority site must include groundwater
monitoring consistent with part (B) of this paragraph (2).

(B) Prior to implementation of groundwater monitoring, the owner or
operator shall prepare and submit to the Agency a groundwater monitoring
plan and, if the owner or operator intends to seek payment under this Title,
an associated budget which includes, at a minimum, all of the following:

(i) Placement of groundwater monitoring wells at the property
line, or at 200 feet from the excavation which ever is closer, designed
to provide the greatest likelihood of detecting migration of
groundwater contamination:

(ii) Quarterly groundwater sampling for a period of one year,
semi-annual sampling for the second year and annual groundwater
sampling for one subsequent year for all indicator contaminants
identified during the groundwater investigation:

(iii) The annual submittal to the Agency of a summary of
groundwater sampling results:

(C) If at any time groundwater sampling results indicate a confirmed
exceedence of applicable indicator contaminant groundwater quality
standards or groundwater objectives as a result of the underground storage
tank release, the site may be reclassified as a High Priority Site by the Agency

New matter indicated by italics - deletions by strikeout.
at any time before the Agency's final approval of a Low Priority groundwater monitoring completion report. Agency review and approval shall be in accordance with paragraph (4) of subsection (c) of this Section. If the owner or operator elects to appeal an Agency action to disapprove, modify, or reject by operation of law a Low Priority groundwater monitoring completion report, the Agency shall indicate to the Board in conjunction with such appeal whether it intends to reclassify the site as High Priority. If a site is reclassified as a High Priority Site, the owner or operator shall submit a corrective action plan and budget to the Agency within 120 days of the confirmed exceedence and shall initiate compliance with all corrective action requirements for a High Priority Site.

(D) If, throughout the implementation of the groundwater monitoring plan, the groundwater sampling results do not confirm an exceedence of applicable indicator contaminant groundwater quality standards or groundwater objectives as a result of the underground storage tank release, the owner or operator shall submit to the Agency a certification of a Licensed Professional Engineer so stating:

(E) Unless the Agency takes action under subsection (b)(2)(C) to reclassify a site as high priority, upon receipt of a certification by a Licensed Professional Engineer submitted pursuant to paragraph (2) of subsection (c) of this Section, the Agency shall issue to the owner or operator a no further remediation letter in accordance with Section 57.10.

(3) No Further Action Site:

(A) No Further Action sites require no remediation beyond that required in Section 57.6 and subsection (a) of this Section if the owner or operator has submitted to the Agency a certification by a Licensed Professional Engineer that the site meets all of the criteria for classification as No Further Action in subsection (b) of this Section.

(B) Unless the Agency takes action to reject or modify a site classification under subsection (b) of this Section or the site classification is rejected by operation of law under item (4)(B) of subsection (c) of this Section, upon receipt of a certification by a Licensed Professional Engineer submitted pursuant to part (A) of paragraph (3) of subsection (c) of this Section, the Agency shall issue to the owner or operator a no further remediation letter in accordance with Section 57.10.

(c) (4) Agency review and approval.

(1) (A) Agency approval of any plan and associated budget, as described in this subsection (c) item (4), shall be considered final approval for purposes of seeking and obtaining payment from the Underground Storage Tank Fund if the costs associated with the completion of any such plan are less than or equal to the amounts approved in such budget.

(2) (B) In the event the Agency fails to approve, disapprove, or modify any
plan or report submitted pursuant to this Title in writing within 120 days of the receipt by the Agency, the plan or report shall be considered to be rejected by operation of law for purposes of this Title and rejected for purposes of payment from the Leaking Underground Storage Tank Fund.

(A) (i) For purposes of those plans as identified in paragraph (5) subparagraph (E) of this subsection (c)(c)(4), the Agency's review may be an audit procedure. Such review or audit shall be consistent with the procedure for such review or audit as promulgated by the Board under item (7) of subsection (b) of Section 57.14. The Agency has the authority to establish an auditing program to verify compliance of such plans with the provisions of this Title.

(B) (ii) For purposes of corrective action those plans submitted pursuant to subsection (b) of this Section Part (E) (iii) of this paragraph (4) for which payment from the Fund is not being sought, the Agency need not take action on such plan until 120 days after it receives the corrective action completion report required under subsection (b) of this Section Section 57(c)(1)(D). In the event the Agency approved the plan, it shall proceed under the provisions of this subsection (c) Section 57(c)(4).

(3) (c) In approving any plan submitted pursuant to subsection (a) or (b) of this Section Part (E) of this paragraph (4), the Agency shall determine, by a procedure promulgated by the Board under item (7) of subsection (b) of Section 57.14, that the costs associated with the plan are reasonable, will be incurred in the performance of site investigation or corrective action, and will not be used for site investigation or corrective action activities in excess of those required to meet the minimum requirements of this Title.

(4) (D) For any plan or report received after the effective date of this amendatory Act of 2002 1993, any action by the Agency to disapprove or modify a plan submitted pursuant to this Title shall be provided to the owner or operator in writing within 120 days of the receipt by the Agency or, in the case of a site investigation plan or corrective action plan for which payment is not being sought, within 120 days of receipt of the site investigation completion report or corrective action completion report, respectively, and shall be accompanied by:

(A) (i) an explanation of the Sections of this Act which may be violated if the plans were approved;

(B) (ii) an explanation of the provisions of the regulations, promulgated under this Act, which may be violated if the plan were approved;

(C) (iii) an explanation of the specific type of information, if any, which the Agency deems the applicant did not provide the Agency; and

(D) (iv) a statement of specific reasons why the Act and the regulations might not be met if the plan were approved.

Any action by the Agency to disapprove or modify a plan or report or the

rejection of any plan or report by operation of law shall be subject to appeal to the Board in accordance with the procedures of Section 40. If the owner or operator elects to incorporate modifications required by the Agency rather than appeal, an amended plan shall be submitted to the Agency within 35 days of receipt of the Agency's written notification.

(5) For purposes of this Title, the term "plan" shall include:

(A) Any site investigation plan submitted pursuant to subsection (a) of this Section;

(B) Any site investigation budget submitted pursuant to subsection (a) of this Section;

(i) Any physical soil classification and groundwater investigation plan submitted pursuant to item (1)(A) of subsection (a) of this Section, or budget under item (2) of subsection (a) of this Section;

(ii) Any groundwater monitoring plan or budget submitted pursuant to subsection (c)(2)(B) of this Section;

(C) Any corrective action plan submitted pursuant to subsection (b) (e)(1)(A) of this Section; or

(D) Any corrective action plan budget submitted pursuant to subsection (b) (e)(1)(B) of this Section.

(d) For purposes of this Title, the term "indicator contaminant" shall mean, unless and until the Board promulgates regulations to the contrary, the following: (i) if an underground storage tank contains gasoline, the indicator parameter shall be BTEX and Benzene; (ii) if the tank contained petroleum products consisting of middle distillate or heavy ends, then the indicator parameter shall be determined by a scan of PNA's taken from the location where contamination is most likely to be present; and (iii) if the tank contained used oil, then the indicator contaminant shall be those chemical constituents which indicate the type of petroleum stored in an underground storage tank. All references in this Title to groundwater objectives shall mean Class I groundwater standards or objectives as applicable.

(e) (1) Notwithstanding the provisions of this Section, an owner or operator may proceed to conduct site investigation or physical soil classification, groundwater investigation, site classification or other corrective action prior to the submittal or approval of an otherwise required plan. If the owner or operator elects to so proceed, an applicable plan shall be filed with the Agency at any time. Such plan shall detail the steps taken to determine the type of site investigation or corrective action which was necessary at the site along with the site investigation or corrective action taken or to be taken, in addition to costs associated with activities to date and anticipated costs.

(2) Upon receipt of a plan submitted after activities have commenced at a site, the Agency shall proceed to review in the same manner as required under this Title. In the event the Agency disapproves all or part of the costs, the owner or operator may appeal such decision to the Board. The owner or operator shall not be eligible
to be reimbursed for such disapproved costs unless and until the Board determines that such costs were eligible for payment.

(f) All investigations, plans, and reports conducted or prepared under this Section shall be conducted or prepared under the supervision of a licensed professional engineer and in accordance with the requirements of this Title.

Sec. 57.8. Underground Storage Tank Fund; payment; options for State payment; deferred correction election to commence corrective action upon availability of funds. If an owner or operator is eligible to access the Underground Storage Tank Fund pursuant to an Office of State Fire Marshal eligibility/deductible final determination letter issued in accordance with Section 57.9, the owner or operator may submit a complete application for final or partial payment to the Agency for activities taken in response to a confirmed release. An owner or operator may submit a request for partial or final payment regarding a site no more frequently than once every 90 days.

(a) Payment after completion of corrective action measures. The owner or operator may submit an application for payment for activities performed at a site after completion of the requirements of Sections 57.6 and 57.7, or after completion of any other required activities at the underground storage tank site.

(1) In the case of any approved plan and budget for which payment is being sought, the Agency shall make a payment determination within 120 days of receipt of the application. Such determination shall be considered a final decision. The Agency's review shall be limited to generally accepted auditing and accounting practices. In no case shall the Agency conduct additional review of any plan which was completed within the budget, beyond auditing for adherence to the corrective action measures in the proposal. If the Agency fails to approve the payment application within 120 days, such application shall be deemed approved by operation of law and the Agency shall proceed to reimburse the owner or operator the amount requested in the payment application. However, in no event shall the Agency reimburse the owner or operator an amount greater than the amount approved in the plan.

(2) If sufficient funds are available in the Underground Storage Tank Fund, the Agency shall, within 60 days, forward to the Office of the State Comptroller a voucher in the amount approved under the payment application.

(3) In the case of insufficient funds, the Agency shall form a priority list for payment and shall notify persons in such priority list monthly of the availability of funds and when payment shall be made. Payment shall be made to the owner or operator at such time as sufficient funds become available for the costs associated with site investigation and corrective action and costs expended for activities performed where no proposal is required, if applicable. Such priority list shall be available to any owner or operator upon request. Priority for payment shall be determined by the date the Agency receives a complete request for partial or final payment.

payment. Upon receipt of notification from the Agency that the requirements of this Title have been met, the Comptroller shall make payment to the owner or operator of the amount approved by the Agency, if sufficient money exists in the Fund. If there is insufficient money in the Fund, then payment shall not be made. If the owner or operator appeals a final Agency payment determination and it is determined that the owner or operator is eligible for payment or additional payment, the priority date for the payment or additional payment shall be the same as the priority date assigned to the original request for partial or final payment.

(4) Any deductible, as determined pursuant to the Office of the State Fire Marshal's eligibility and deductibility final determination in accordance with Section 57.9, shall be subtracted from any payment invoice paid to an eligible owner or operator. Only one deductible shall apply per underground storage tank site.

(5) In the event that costs are or will be incurred in addition to those approved by the Agency, or after payment, the owner or operator may submit successive plans containing amended budgets. The requirements of Section 57.7 shall apply to any amended plans.

(6) For purposes of this Section, a complete application shall consist of:

(A) A certification from a Licensed Professional Engineer as required under this Title and acknowledged by the owner or operator.

(B) A statement of the amounts approved in the budget plan and the amounts actually sought for payment along with a certified statement by the owner or operator that the amounts so sought were expended in conformance with the approved budget.

(C) A copy of the Office of the State Fire Marshal's eligibility and deductibility determination.

(D) Proof that approval of the payment requested will not result in the limitations set forth in subsection (g) of this Section being exceeded.

(E) A federal taxpayer identification number and legal status disclosure certification on a form prescribed and provided by the Agency.

(b) Commencement of site investigation or corrective action upon availability of funds. The Board shall adopt regulations setting forth procedures based on risk to human health or the environment under which the owner or operator who has received approval for any budget plan submitted pursuant to Section 57.7, and who is eligible for payment from the Underground Storage Tank Fund pursuant to an Office of the State Fire Marshal eligibility and deductibility determination, may elect to defer site investigation or corrective action classification, low priority groundwater monitoring, or remediation activities until funds are available in an amount equal to the amount approved in the budget plan. The regulations shall establish criteria based on risk to human health or the environment to be used for determining on a site-by-site basis whether deferral is appropriate. The regulations also shall establish the minimum investigatory requirements for determining whether the risk based criteria are present at a site considering deferral and procedures for the notification of owners or operators of insufficient funds, Agency review of request for deferral, notification

(c) When the owner or operator requests indemnification for payment of costs incurred as a result of a release of petroleum from an underground storage tank, if the owner or operator has satisfied the requirements of subsection (a) of this Section, the Agency shall forward a copy of the request to the Attorney General. The Attorney General shall review and approve the request for indemnification if:

(1) there is a legally enforceable judgment entered against the owner or operator and such judgment was entered due to harm caused by a release of petroleum from an underground storage tank and such judgment was not entered as a result of fraud; or

(2) a settlement with a third party due to a release of petroleum from an underground storage tank is reasonable.

(d) Notwithstanding any other provision of this Title, the Agency shall not approve payment to an owner or operator from the Fund for costs of corrective action or indemnification incurred during a calendar year in excess of the following aggregate amounts based on the number of petroleum underground storage tanks owned or operated by such owner or operator in Illinois.

(2) For purposes of this subsection, requests submitted by any of the agencies, departments, boards, committees or commissions of the State of Illinois shall be acted upon as claims from a single owner or operator.

(3) For purposes of this subsection, owner or operator includes (i) any subsidiary, parent, or joint stock company of the owner or operator and (ii) any company owned by any parent, subsidiary, or joint stock company of the owner or operator.

(e) Costs of corrective action or indemnification incurred by an owner or operator which have been paid to an owner or operator under a policy of insurance, another written agreement, or a court order are not eligible for payment under this Section. 2. for costs of indemnification of such owner or operator in an amount in excess of $1,500,000 per occurrence.

(h) Payment of any amount from the Fund for corrective action or indemnification shall be subject to the State acquiring by subrogation the rights of any owner, operator, or other person to recover the costs of corrective action or indemnification for which the Fund has compensated such owner, operator, or person from the person responsible or liable for the release.

(i) If the Agency refuses to pay or authorizes only a partial payment, the affected owner or operator may petition the Board for a hearing in the manner provided for the review of permit decisions in Section 40 of this Act.

(j) Costs of corrective action or indemnification incurred by an owner or operator prior to July 28, 1989, shall not be eligible for payment or reimbursement under this Section.

(k) The Agency shall not pay costs of corrective action or indemnification incurred before providing notification of the release of petroleum in accordance with the provisions of this Title.

(l) Corrective action does not include legal defense costs. Legal defense costs include legal costs for seeking payment under this Title unless the owner or operator prevails before the Board in which case the Board may authorize payment of legal fees.

(m) The Agency may apportion payment of costs for plans submitted under Section 57.7(c)(4)(E)(iii) if:

1. the owner or operator was deemed eligible to access the Fund for payment of corrective action costs for some, but not all, of the underground storage tanks at the site; and

2. the owner or operator failed to justify all costs attributable to each underground storage tank at the site.

(n) The Agency shall not pay costs associated with a corrective action plan incurred after the Agency provides notification to the owner or operator pursuant to item (7) of subsection (b) of Section 57.7 that a revised corrective action plan is required. Costs associated with any subsequently approved corrective action plan shall be eligible for reimbursement if they meet the requirements of this Title.

Sec. 1405. Financing Benefits for Employees of Local Governments. A. 1. For the year 1978 and for each calendar year thereafter, contributions shall accrue and become payable, pursuant to Section 1400, by each governmental entity (other than the State of Illinois and its wholly owned instrumentalities) referred to in clause (B) of Section 211.1, upon the wages paid by such entity with respect to employment after 1977, unless the entity elects to make payments in lieu of contributions pursuant to the provisions of subsection B. Notwithstanding the provisions of Sections 1500 to 1510, inclusive, a governmental entity which has not made such election shall, for liability for contributions incurred prior to January 1, 1984, pay contributions equal to 1 percent with respect to wages for insured work paid during each such calendar year or portion of such year as may be applicable. As used in this subsection, the word "wages", defined in Section 234, is subject to all of the provisions of Section 235.

2. An Indian tribe for which service is exempted from the federal unemployment tax under Section 3306(c)(7) of the Federal Unemployment Tax Act may elect to make payments in lieu of contributions in the same manner and subject to the same conditions as provided in this Section with regard to governmental entities, except as otherwise provided in paragraphs 7, 8, and 9 of subsection B.

B. Any governmental entity subject to subsection A may elect to make payments in lieu of contributions, in amounts equal to the amounts of regular and extended benefits paid to individuals, for any weeks which begin on or after the effective date of the election, on the

basis of wages for insured work paid to them by the entity during the effective period of such election. Notwithstanding the preceding provisions of this subsection and the provisions of subsection D of Section 1404, with respect to benefit years beginning prior to July 1, 1989, any adjustment after September 30, 1989 to the base period wages paid to the individual by any employer shall not affect the ratio for determining payments in lieu of contributions of a governmental entity which has elected to make payments in lieu of contributions. Provided, however, that with respect to benefit years beginning on or after July 1, 1989, the governmental entity shall be required to make payments equal to 100% of regular benefits, including dependents' allowances, and 100% of extended benefits, including dependents' allowances, paid to an individual with respect to benefit years beginning during the effective period of the election, but only if the governmental entity: (a) is the last employer as provided in Section 1502.1 and (b) paid to the individual receiving benefits, wages for insured work during his base period. If the governmental entity described in this paragraph meets the requirements of (a) but not (b), with respect to benefit years beginning on or after July 1, 1989, it shall be required to make payments in an amount equal to 50% of regular benefits, including dependents' allowances, and 50% of extended benefits, including dependents' allowances, paid to an individual with respect to benefit years beginning during the effective period of the election.

1. Any such governmental entity which becomes an employer on January 1, 1978 pursuant to Section 205 may elect to make payments in lieu of contributions for not less than one calendar year beginning with January 1, 1978, provided that it files its written election with the Director not later than January 31, 1978.

2. A governmental entity newly created after January 1, 1978, may elect to make payments in lieu of contributions for a period of not less than one calendar year beginning as of the first day with respect to which it would, in the absence of its election, incur liability for the payment of contributions, provided that it files its written election with the Director not later than 30 days immediately following the end of the calendar quarter in which it has been created.

3. A governmental entity which has incurred liability for the payment of contributions for at least 2 calendar years, and is not delinquent in such payment and in the payment of any interest or penalties which may have accrued, may elect to make payments in lieu of contributions beginning January 1 of any calendar year, provided that it files its written election with the Director prior to such January 1, and provided, further, that such election shall be for a period of not less than 2 calendar years.

4. An election to make payments in lieu of contributions shall not terminate any liability incurred by a governmental entity for the payment of contributions, interest or penalties with respect to any calendar quarter which ends prior to the effective period of the election.

5. The termination by a governmental entity of the effective period of its election to make payments in lieu of contributions, and the filing of and subsequent action upon written notices of termination of election, shall be governed by the provisions of paragraphs 5 and 6 of Section 1404A, pertaining to nonprofit organizations.

New matter indicated by italics - deletions by strikeout.
6. With respect to benefit years beginning prior to July 1, 1989, wages paid to an individual during his base period by a governmental entity which elects to make payments in lieu of contributions for less than full time work, performed during the same weeks in the base period during which the individual had other insured work, shall not be subject to payments in lieu of contribution (upon such employer's request pursuant to the regulation of the Director) so long as the employer continued after the end of the base period, and continues during the applicable benefit year, to furnish such less than full time work to the individual on the same basis and in substantially the same amount as during the base period. If the individual is paid benefits with respect to a week (in the applicable benefit year) after the employer has ceased to furnish the work hereinabove described, the governmental entity shall be liable for payments in lieu of contributions with respect to the benefits paid to the individual after the date on which the governmental entity ceases to furnish the work.

7. An Indian tribe may elect to make payments in lieu of contributions for calendar year 2003, provided that it files its written election with the Director not later than January 31, 2003, and provided further that it is not delinquent in the payment of any contributions, interest, or penalties.

8. Failure of an Indian tribe to make a payment in lieu of contributions, or a payment of interest or penalties due under this Act, within 90 days after the Department serves notice of the finality of a determination and assessment shall cause the Indian tribe to lose the option of making payments in lieu of contributions, effective as of the calendar year immediately following the date on which the Department serves the notice. Notice of the loss of the option to make payments in lieu of contributions may be protested in the same manner as a determination and assessment under Section 2200 of this Act.

9. An Indian tribe that, pursuant to paragraph 8, loses the option of making payments in lieu of contributions may again elect to make payments in lieu of contributions for a calendar year if: (a) the Indian tribe has incurred liability for the payment of contributions for at least one calendar year since losing the option pursuant to paragraph 8, (b) the Indian tribe is not delinquent in the payment of any liabilities under the Act, including interest or penalties, and (c) the Indian tribe files its written election with the Director not later than January 31 of the year with respect to which it is making the election.

C. As soon as practicable following the close of each calendar quarter, the Director shall mail to each governmental entity which has elected to make payments in lieu of contributions a Statement of the amount due from it for all the regular and extended benefits paid during the calendar quarter, together with the names of its workers or former workers and the amounts of benefits paid to each of them during the calendar quarter with respect to benefit years beginning prior to July 1, 1989, on the basis of wages for insured work paid to them by the governmental entity; or, with respect to benefit years beginning after June 30, 1989, if such governmental entity was the last employer as provided in Section 1502.1 with respect to a benefit year beginning during the effective period of the election. All of the provisions of subsection B of Section 1404 pertaining to nonprofit organizations, not inconsistent with the preceding sentence, shall be applicable to payments in lieu of contributions by a governmental entity.

New matter indicated by italics - deletions by strikeout.
D. The provisions of subsections C through F, inclusive, of Section 1404, pertaining to nonprofit organizations, shall be applicable to each governmental entity which has elected to make payments in lieu of contributions.

E. 1. If an Indian tribe fails to pay any liability under this Act (including assessments of interest or penalty) within 90 days after the Department issues a notice of the finality of a determination and assessment, the Director shall immediately notify the United States Internal Revenue Service and the United States Department of Labor.

2. Notices of payment and reporting delinquencies to Indian tribes shall include information that failure to make full payment within the prescribed time frame:
   a. will cause the Indian tribe to lose the exemption provided by Section 3306(c)(7) of the Federal Unemployment Tax Act with respect to the federal unemployment tax;
   b. will cause the Indian tribe to lose the option to make payments in lieu of contributions.

Section 5. The Illinois Insurance Code is amended by changing Section 1001 and adding Section 1023.5 as follows:

(215 ILCS 5/1001) (from Ch. 73, par. 1065.701)

Sec. 1001. Purpose. The purpose of this Article is to establish standards for the collection, use and disclosure of information gathered in connection with insurance transactions by insurance institutions, agents or insurance-support organizations; to maintain a balance between the need for information by those conducting the business of insurance and the public's need for fairness in insurance information practices, including the need to minimize intrusiveness; to establish a regulatory mechanism to enable natural persons to ascertain what information is being or has been collected about them in connection with insurance transactions; and to enable insurance applicants and policyholders to obtain the reasons for any adverse underwriting decision. Further, this Article shall grant the Director the authority to enforce Title V of the Gramm-Leach-Bliley Act (Public Law 106-102, 106th Congress).

Sec. 1023.5. Federal privacy protections.

(A) In addition to the requirements of this Article, licensees shall comply with the privacy protection provisions of Title V of the federal Gramm-Leach-Bliley Act (Public Law 106-102, 106th Congress).

(B) The Director shall have authority to enforce the requirements of the privacy protection provisions of Title V of the federal Gramm-Leach-Bliley Act, employing powers granted to him under this Article and this Code.

(C) The Director shall make reasonable rules as may be necessary to make effective the privacy provisions of Title V of the federal Gramm-Leach-Bliley Act (Public Law 106-102, 106th Congress).

(D) For purposes of this Section, "licensee" means all insurers, insurance producers, and other persons licensed or required to be licensed, authorized or required to be authorized, registered or required to be registered, or domiciled, pursuant to this Code or any other insurance law of this State administered by the Department. "Licensee" also includes unauthorized insurers who accept business placed through a licensed surplus line producer in this State, but only in regard to the surplus line placements placed pursuant to Section 445 of this Code. However, this Section does not apply to "service contract providers" as defined by the Service Contract Act.

Emergency Telephone System if one existed.

(b) For the purposes of this Act, no telecommunications carrier providing facilities-based local exchange telecommunications service prior to January 1, 1986 shall be required to offer or provide sophisticated 9-1-1 system features such as selective call routing in any area where that carrier's local switching facility does not have the capability to do so.

(c) For the purposes of this Act, "telecommunication carrier" does not include a cellular or other mobile communication carrier.

(d) Where multiple voice grade communication channels are connected to a telecommunication carrier's public switched network through a private branch exchange service (PBX), there shall be determined to be one network connection for each trunk line capable of transporting either the subscriber's inter-premises traffic to the public switched network or the subscriber's 9-1-1 calls to the public agency. Where multiple voice grade communication channels are connected to a telecommunication carrier's public switched network through centrex type service, the number of network connections shall be equal to the number of PBX trunk equivalents for the subscriber's service, as determined by reference to any generally applicable exchange access service tariff filed by the subscriber's telecommunications carrier with the Commission. This subsection is not intended to make any change in the meaning of this Section, but is intended to remove possible ambiguity, thereby confirming the intent of paragraph (a) as it existed prior to and following the effective date of this amendatory Act of 2002.

(50 ILCS 750/15.3) (from Ch. 134, par. 45.3)

Sec. 15.3. (a) The corporate authorities of any municipality or any county may, subject to the limitations of subsections (c), (d), and (h), and in addition to any tax levied pursuant to Section 8-11-2 of the Illinois Municipal Code, impose a monthly surcharge on billed subscribers of network connection provided by telecommunication carriers engaged in the business of transmitting messages by means of electricity originating within the corporate limits of the municipality or county imposing the surcharge at a rate per network connection determined in accordance with subsection (c). Provided, however, that where multiple voice grade communications channels are connected between the subscriber's premises and a public switched network through private branch exchange (PBX) or centrex type service, a municipality imposing a surcharge at a rate per network connection, as determined in accordance with this Act, shall impose 5 such surcharges per network connection, as determined in accordance with subsections (a) and (d) of Section 2.12 of this Act. A municipality may enter into an intergovernmental agreement with any county in which it is partially located, when the county has adopted an ordinance to impose a surcharge as provided in subsection (c), to include that portion of the municipality lying outside the county in that county's surcharge referendum. If the county's surcharge referendum is approved, the portion of the municipality identified in the intergovernmental agreement shall automatically be disconnected from the county in which it lies and connected to the county which approved the referendum for purposes of a surcharge on telecommunications carriers.

New matter indicated by italics - deletions by strikeout.
(b) For purposes of computing the surcharge imposed by subsection (a), the network connections to which the surcharge shall apply shall be those in-service network connections, other than those network connections assigned to the municipality or county, where the service address for each such network connection or connections is located within the corporate limits of the municipality or county levying the surcharge. The "service address" shall mean the location of the primary use of the network connection or connections. With respect to network connections provided for use with pay telephone services for which there is no billed subscriber, the telecommunications carrier providing the network connection shall be deemed to be its own billed subscriber for purposes of applying the surcharge.

(c) Upon the passage of an ordinance to impose a surcharge under this Section the clerk of the municipality or county shall certify the question of whether the surcharge may be imposed to the proper election authority who shall submit the public question to the electors of the municipality or county in accordance with the general election law, provided that such question shall not be submitted at a consolidated primary election. The public question shall be in substantially the following form:

-------------------------------------------------------------
Shall the county (or city, village or incorporated town) of.....impose a surcharge of up to... per month per network connection, which surcharge will be added to the monthly bill you receive for telephone or telecommunications charges, for the purpose of installing (or improving) a 9-1-1 Emergency Telephone System?
-------------------------------------------------------------

If a majority of the votes cast upon the public question are in favor thereof, the surcharge shall be imposed.

However, if a Joint Emergency Telephone System Board is to be created pursuant to an intergovernmental agreement under Section 15.4, the ordinance to impose the surcharge shall be subject to the approval of a majority of the total number of votes cast upon the public question by the electors of all of the municipalities or counties, or combination thereof, that are parties to the intergovernmental agreement.

The referendum requirement of this subsection (c) shall not apply to any municipality with a population over 500,000 or to any county in which a proposition as to whether a sophisticated 9-1-1 Emergency Telephone System should be installed in the county, at a cost not to exceed a specified monthly amount per network connection, has previously been approved by a majority of the electors of the county voting on the proposition at an election conducted before the effective date of this amendatory Act of 1987.

(d) A county may not impose a surcharge, unless requested by a municipality, in any incorporated area which has previously approved a surcharge as provided in subsection (c) or in any incorporated area where the corporate authorities of the municipality have

previously entered into a binding contract or letter of intent with a telecommunications carrier to provide sophisticated 9-1-1 service through municipal funds.

(e) A municipality or county may at any time by ordinance change the rate of the surcharge imposed under this Section if the new rate does not exceed the rate specified in the referendum held pursuant to subsection (c).

(f) The surcharge authorized by this Section shall be collected from the subscriber by the telecommunications carrier providing the subscriber the network connection as a separately stated item on the subscriber's bill.

(g) The amount of surcharge collected by the telecommunications carrier shall be paid to the particular municipality or county or Joint Emergency Telephone System Board not later than 30 days after the surcharge is collected, net of any network or other 9-1-1 or sophisticated 9-1-1 system charges then due the particular telecommunications carrier, as shown on an itemized bill. The telecommunications carrier collecting the surcharge shall also be entitled to deduct 3% of the gross amount of surcharge collected to reimburse the telecommunications carrier for the expense of accounting and collecting the surcharge.

(h) Except as expressly provided in subsection (a) of this Section, a municipality with a population over 500,000 may not impose a monthly surcharge in excess of $1.25 per network connection.

(i) Any municipality or county or joint emergency telephone system board that has imposed a surcharge pursuant to this Section prior to the effective date of this amendatory Act of 1990 shall hereafter impose the surcharge in accordance with subsection (b) of this Section.

(j) The corporate authorities of any municipality or county may issue, in accordance with Illinois law, bonds, notes or other obligations secured in whole or in part by the proceeds of the surcharge described in this Section. Notwithstanding any change in law subsequent to the issuance of any bonds, notes or other obligations secured by the surcharge, every municipality or county issuing such bonds, notes or other obligations shall be authorized to impose the surcharge as though the laws relating to the imposition of the surcharge in effect at the time of issuance of the bonds, notes or other obligations were in full force and effect until the bonds, notes or other obligations are paid in full. The State of Illinois pledges and agrees that it will not limit or alter the rights and powers vested in municipalities and counties by this Section to impose the surcharge so as to impair the terms of or affect the security for bonds, notes or other obligations secured in whole or in part with the proceeds of the surcharge described in this Section.

(k) Any surcharge collected by or imposed on a telecommunications carrier pursuant to this Section shall be held to be a special fund in trust for the municipality, county or Joint Emergency Telephone Board imposing the surcharge. Except for the 3% deduction provided in subsection (g) above, the special fund shall not be subject to the claims of creditors of the telecommunications carrier.

For mobile telecommunications services, if a surcharge is imposed it shall be imposed based upon the municipality or county that encompasses the customer's place of primary use as defined in the Mobile Telecommunications Sourcing Conformity Act. A municipality may enter into an intergovernmental agreement with any county in which it is partially located, when the county has adopted an ordinance to impose a surcharge as provided in subsection (c), to include that portion of the municipality lying outside the county in that county's surcharge referendum. PUBLIC ACT 92-0558
(House Bill No. 5785)

AN ACT concerning townships.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Township Code is amended by changing Section 235-20 as follows:

(60 ILCS 1/235-20)
Sec. 235-20. General assistance tax.
(a) The township board may raise money by taxation deemed necessary to be expended to provide general assistance in the township to persons needing that assistance as

provided in the Illinois Public Aid Code, including persons eligible for assistance under the Military Veterans Assistance Act, where that duty is provided by law. The tax for each fiscal year shall not be more than 0.10% of value, or more than an amount approved at a referendum held under this Section, as equalized or assessed by the Department of Revenue, and shall in no case exceed the amount needed in the township for general assistance. The board may decrease the maximum tax rate by ordinance.

(b) Except as otherwise provided in this subsection, if the board desires to increase the maximum tax rate, it shall order a referendum on that proposition to be held at an election in accordance with the general election law. The board shall certify the proposition to the proper election officials, who shall submit the proposition to the voters at an election in accordance with the general election law. If a majority of the votes cast on the proposition is in favor of the proposition, the board may annually levy the tax at a rate not exceeding the higher rate approved by the voters at the election. If, however, the board has decreased the maximum tax rate under subsection (a), then it may, at any time after the decrease, increase the maximum tax rate, by ordinance, to a rate less than or equal to the maximum tax rate immediately prior to the board's ordinance to decrease the rate.

(c) If a city, village, or incorporated town having a population of more than 500,000 is located within or partially within a township, then the entire amount of the tax levied by the township for the purpose of providing general assistance under this Section on property lying within that city, village, or incorporated town, less the amount allowed for collecting the tax, shall be paid over by the treasurer of the township to the treasurer of the city, village, or incorporated town to be appropriated and used by the city, village, or incorporated town for the relief and support of persons needing general assistance residing in that portion of the city, village, or incorporated town located within the township in accordance with the Illinois Public Aid Code.

(d) Any taxes levied for general assistance before or after this Section takes effect may also be used for the payment of warrants issued against and in anticipation of those taxes and accrued interest on those warrants and may also be used to pay the cost of administering that assistance.

(e) In any township with a population of less than 500,000 that receives no State funding for the general assistance program and that has not issued anticipation warrants or otherwise borrowed monies for the administration of the general assistance program during the township's previous 3 fiscal years of operation, a one time transfer of monies from the township's general assistance fund may be made to the general township fund pursuant to action by the township board. This transfer may occur only to the extent that the amount of monies remaining in the general assistance fund after the transfer is equal to the greater of (i) the amount of the township's expenditures in the previous fiscal year for general assistance or (ii) an amount equal to 0.10% of the last known total equalized value of all taxable property in the township. The transfer shall be completed no later than the end of fiscal year 1992. No township that has certified a new levy or an increase in the levy under this Section during calendar year 1990 may transfer monies under this subsection. No action on the transfer of monies under this subsection shall be taken by the township board except at a
t township board meeting. No monies transferred under this subsection shall be considered in determining whether the township qualifies for State funds to supplement local funds for public aid purposes under Section 12-21.13 of the Illinois Public Aid Code.

PUBLIC ACT 92-0559  
(Senate Bill No. 1638)

AN ACT in relation to drug courts.  
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Juvenile Drug Court Treatment Act.  

Section 5. Purposes. The General Assembly recognizes that the use and abuse of drugs has a dramatic effect on the juvenile justice system in the State of Illinois. There is a critical need for a juvenile justice system program that will reduce the incidence of drug use, drug addiction, and crimes committed as a result of drug use and drug addiction. It is the intent of the General Assembly to create specialized drug courts with the necessary flexibility to meet the drug problems in the State of Illinois.  

Section 10. Definitions. As used in this Act:

"Drug court", "drug court program", or "program" means an immediate and highly structured judicial intervention process for substance abuse treatment of eligible minors that brings together substance abuse professionals, local social programs, and intensive judicial monitoring in accordance with the nationally recommended 10 key components of drug courts.  

"Drug court professional" means a judge, prosecutor, defense attorney, probation officer, or treatment provider involved with the drug court program.  

"Pre-adjudicatory drug court program" means a program that allows the minor, with the consent of the prosecution, to expedite the minor's delinquency case and requires successful completion of the drug court program as part of the agreement.  

"Post-adjudicatory drug court program" means a program in which the minor has admitted guilt or has been found guilty and agrees, along with the prosecution, to enter a drug court program as part of the minor's disposition.  

"Combination drug court program" means a drug court program that includes a pre-adjudicatory drug court program and a post-adjudicatory drug court program.  

Section 15. Authorization. The Chief Judge of each judicial circuit may establish a drug court program for minors including the format under which it operates under this Act.  

Section 20. Eligibility.  

New matter indicated by italics - deletions by strikeout.
(a) A minor may be admitted into a drug court program only upon the agreement of the prosecutor and the minor and with the approval of the court.

(b) A minor shall be excluded from a drug court program if any of one of the following apply:

(1) The crime is a crime of violence as set forth in clause (4) of this subsection (b).

(2) The minor denies his or her use of or addiction to drugs.

(3) The minor does not demonstrate a willingness to participate in a treatment program.

(4) The minor has been adjudicated delinquent for a crime of violence within the past 10 years excluding incarceration time, including but not limited to: first degree murder, second degree murder, predatory criminal sexual assault of a child, criminal sexual assault, armed robbery, aggravated arson, arson, aggravated kidnapping, kidnapping, aggravated battery resulting in great bodily harm or permanent disability, stalking, aggravated stalking, or any offense involving the discharge of a firearm.

Section 25. Procedure.

(a) The court shall order an eligibility screening and an assessment of the minor by an agent designated by the State of Illinois to provide assessment services for the Illinois Courts. An assessment need not be ordered if the court finds a valid assessment related to the present charge pending against the minor has been completed within the previous 60 days.

(b) The judge shall inform the minor that if the minor fails to meet the conditions of the drug court program, eligibility to participate in the program may be revoked and the minor may be sentenced or the prosecution continued as provided in the Juvenile Court Act of 1987 for the crime charged.

(c) The minor shall execute a written agreement as to his or her participation in the program and shall agree to all of the terms and conditions of the program, including but not limited to the possibility of sanctions or incarceration for failing to abide or comply with the terms of the program.

(d) In addition to any conditions authorized under Sections 5-505, 5-710, and 5-715, the court may order the minor to complete substance abuse treatment in an outpatient, inpatient, residential, or detention-based custodial treatment program. Any period of time a minor shall serve in a detention-based treatment program may not be reduced by the accumulation of good time or other credits and may be for a period of up to 120 days.

(e) The drug court program shall include a regimen of graduated requirements and rewards and sanctions, including but not limited to: fines, costs, restitution, public service employment, incarceration of up to 120 days, individual and group therapy, drug analysis testing, close monitoring by the court at a minimum of once every 30 days and supervision of progress, educational or vocational counseling as appropriate, and other requirements necessary to fulfill the drug court program.

Section 30. Substance abuse treatment.

(a) The drug court program shall maintain a network of substance abuse treatment
programs representing a continuum of graduated substance abuse treatment options commensurate with the needs of minors.

(b) Any substance abuse treatment program to which minors are referred must meet all of the rules and governing programs in Parts 2030 and 2060 of Title 77 of the Illinois Administrative Code.

(c) The drug court program may, at its discretion, employ additional services or interventions, as it deems necessary on a case by case basis.

Section 35. Violation; termination; discharge.

(a) If the court finds from the evidence presented including but not limited to the reports or proffers of proof from the drug court professionals that:

1. the minor is not performing satisfactorily in the assigned program;
2. the minor is not benefitting from education, treatment, or rehabilitation;
3. the minor has engaged in criminal conduct rendering him or her unsuitable for the program; or
4. the minor has otherwise violated the terms and conditions of the program or his or her dispositional order or is for any reason unable to participate;

the court may impose reasonable sanctions under prior written agreement of the minor, including but not limited to imprisonment or dismissal of the minor from the program and the court may reinstate juvenile proceedings against him or her or proceed under Section 5-720 of the Juvenile Court Act of 1987 for a violation of probation, conditional discharge, or supervision hearing.

(b) Upon successful completion of the terms and conditions of the program by the minor, the court may dismiss the original charges against the minor or successfully terminate the minor's sentence or otherwise discharge him or her from any further proceedings against him or her in the original prosecution.

Section 105. The Juvenile Court Act of 1987 is amended by changing Section 1-5 as follows:

(705 ILCS 405/1-5) (from Ch. 37, par. 801-5)

Sec. 1-5. Rights of parties to proceedings.

1. Except as provided in this Section and paragraph (2) of Sections 2-22, 3-23, 4-20, 5-610 or 5-705, the minor who is the subject of the proceeding and his parents, guardian, legal custodian or responsible relative who are parties respondent have the right to be present, to be heard, to present evidence material to the proceedings, to cross-examine witnesses, to examine pertinent court files and records and also, although proceedings under this Act are not intended to be adversary in character, the right to be represented by counsel. At the request of any party financially unable to employ counsel, with the exception of a foster parent permitted to intervene under this Section, the court shall appoint the Public Defender or such other counsel as the case may require. Counsel appointed for the minor and any indigent party shall appear at all stages of the trial court proceeding, and such appointment shall continue through the permanency hearings and termination of parental rights proceedings subject to withdrawal or substitution pursuant to Supreme Court Rules or the Code of Civil Procedure. Following the dispositional hearing, the court may require

appointed counsel, other than counsel for the minor or counsel for the guardian ad litem, to withdraw his or her appearance upon failure of the party for whom counsel was appointed under this Section to attend any subsequent proceedings.

No hearing on any petition or motion filed under this Act may be commenced unless the minor who is the subject of the proceeding is represented by counsel. Each adult respondent shall be furnished a written "Notice of Rights" at or before the first hearing at which he or she appears.

(1.5) The Department shall maintain a system of response to inquiry made by parents or putative parents as to whether their child is under the custody or guardianship of the Department; and if so, the Department shall direct the parents or putative parents to the appropriate court of jurisdiction, including where inquiry may be made of the clerk of the court regarding the case number and the next scheduled court date of the minor’s case. Effective notice and the means of accessing information shall be given to the public on a continuing basis by the Department.

(2) (a) Though not appointed guardian or legal custodian or otherwise made a party to the proceeding, any current or previously appointed foster parent or relative caregiver, or representative of an agency or association interested in the minor has the right to be heard by the court, but does not thereby become a party to the proceeding.

In addition to the foregoing right to be heard by the court, any current foster parent or relative caregiver of a minor and the agency designated by the court or the Department of Children and Family Services as custodian of the minor who is alleged to be or has been adjudicated an abused or neglected minor under Section 2-3 or a dependent minor under Section 2-4 of this Act has the right to and shall be given adequate notice at all stages of any hearing or proceeding under this Act.

Any foster parent or relative caregiver who is denied his or her right to be heard under this Section may bring a mandamus action under Article XIV of the Code of Civil Procedure against the court or any public agency to enforce that right. The mandamus action may be brought immediately upon the denial of those rights but in no event later than 30 days after the foster parent has been denied the right to be heard.

(b) If after an adjudication that a minor is abused or neglected as provided under Section 2-21 of this Act and a motion has been made to restore the minor to any parent, guardian, or legal custodian found by the court to have caused the neglect or to have inflicted the abuse on the minor, a foster parent may file a motion to intervene in the proceeding for the sole purpose of requesting that the minor be placed with the foster parent, provided that the foster parent (i) is the current foster parent of the minor or (ii) has previously been a foster parent for the minor for one year or more, has a foster care license or is eligible for a license, and is not the subject of any findings of abuse or neglect of any child. The juvenile court may only enter orders placing a minor with a specific foster parent under this subsection (2)(b) and nothing in this Section shall be construed to confer any jurisdiction or authority on the juvenile court to issue any other orders requiring the appointed guardian or custodian of a minor to place the minor in a designated foster home or facility. This Section is not intended to encompass any matters that are within the scope or determinable under the
administrative and appeal process established by rules of the Department of Children and Family Services under Section 5(o) of the Children and Family Services Act. Nothing in this Section shall relieve the court of its responsibility, under Section 2-14(a) of this Act to act in a just and speedy manner to reunify families where it is the best interests of the minor and the child can be cared for at home without endangering the child's health or safety and, if reunification is not in the best interests of the minor, to find another permanent home for the minor. Nothing in this Section, or in any order issued by the court with respect to the placement of a minor with a foster parent, shall impair the ability of the Department of Children and Family Services, or anyone else authorized under Section 5 of the Abused and Neglected Child Reporting Act, to remove a minor from the home of a foster parent if the Department of Children and Family Services or the person removing the minor has reason to believe that the circumstances or conditions of the minor are such that continuing in the residence or care of the foster parent will jeopardize the child's health and safety or present an imminent risk of harm to that minor's life.

(c) If a foster parent has had the minor who is the subject of the proceeding under Article II in his or her home for more than one year on or after July 3, 1994 and if the minor's placement is being terminated from that foster parent's home, that foster parent shall have standing and intervenor status except in those circumstances where the Department of Children and Family Services or anyone else authorized under Section 5 of the Abused and Neglected Child Reporting Act has removed the minor from the foster parent because of a reasonable belief that the circumstances or conditions of the minor are such that continuing in the residence or care of the foster parent will jeopardize the child's health or safety or presents an imminent risk of harm to the minor's life.

(d) The court may grant standing to any foster parent if the court finds that it is in the best interest of the child for the foster parent to have standing and intervenor status.

(3) Parties respondent are entitled to notice in compliance with Sections 2-15 and 2-16, 3-17 and 3-18, 4-14 and 4-15 or 5-525 and 5-530, as appropriate. At the first appearance before the court by the minor, his parents, guardian, custodian or responsible relative, the court shall explain the nature of the proceedings and inform the parties of their rights under the first 2 paragraphs of this Section.

If the child is alleged to be abused, neglected or dependent, the court shall admonish the parents that if the court declares the child to be a ward of the court and awards custody or guardianship to the Department of Children and Family Services, the parents must cooperate with the Department of Children and Family Services, comply with the terms of the service plans, and correct the conditions that require the child to be in care, or risk termination of their parental rights.

Upon an adjudication of wardship of the court under Sections 2-22, 3-23, 4-20 or 5-705, the court shall inform the parties of their right to appeal therefrom as well as from any other final judgment of the court.

When the court finds that a child is an abused, neglected, or dependent minor under Section 2-21, the court shall admonish the parents that the parents must cooperate with the Department of Children and Family Services, comply with the terms of the service plans, and

correct the conditions that require the child to be in care, or risk termination of their parental rights.

When the court declares a child to be a ward of the court and awards guardianship to the Department of Children and Family Services under Section 2-22, the court shall admonish the parents, guardian, custodian, or responsible relative that the parents must cooperate with the Department of Children and Family Services, comply with the terms of the service plans, and correct the conditions that require the child to be in care, or risk termination of their parental rights.

(4) No sanction may be applied against the minor who is the subject of the proceedings by reason of his refusal or failure to testify in the course of any hearing held prior to final adjudication under Section 2-22, 3-23, 4-20 or 5-705.

(5) In the discretion of the court, the minor may be excluded from any part or parts of a dispositional hearing and, with the consent of the parent or parents, guardian, counsel or a guardian ad litem, from any part or parts of an adjudicatory hearing.

(6) The general public except for the news media and the victim shall be excluded from any hearing and, except for the persons specified in this Section only persons, including representatives of agencies and associations, who in the opinion of the court have a direct interest in the case or in the work of the court shall be admitted to the hearing. However, the court may, for the minor's safety and protection and for good cause shown, prohibit any person or agency present in court from further disclosing the minor's identity. Nothing in this subsection (6) prevents the court from allowing other juveniles to be present or to participate in a court session being held under the Juvenile Drug Court Treatment Act.

(7) A party shall not be entitled to exercise the right to a substitution of a judge without cause under subdivision (a)(2) of Section 2-1001 of the Code of Civil Procedure in a proceeding under this Act if the judge is currently assigned to a proceeding involving the alleged abuse, neglect, or dependency of the minor's sibling or half sibling and that judge has made a substantive ruling in the proceeding involving the minor's sibling or half sibling.

specifications. Final approval of the plans and specifications for compliance with design and construction standards shall be obtained from the Department before the alteration, addition, or new construction is begun.

(b) The Department shall inform an applicant in writing within 10 working days after receiving drawings and specifications and the required fee, if any, from the applicant whether the applicant's submission is complete or incomplete. Failure to provide the applicant with this notice within 10 working days shall result in the submission being deemed complete for purposes of initiating the 60-day review period under this Section. If the submission is incomplete, the Department shall inform the applicant of the deficiencies with the submission in writing. If the submission is complete and the required fee, if any, has been paid, the Department shall approve or disapprove drawings and specifications submitted to the Department no later than 60 days following receipt by the Department. The drawings and specifications shall be of sufficient detail, as provided by Department rule, to enable the Department to render a determination of compliance with design and construction standards under this Act. If the Department finds that the drawings are not of sufficient detail for it to render a determination of compliance, the plans shall be determined to be incomplete and shall not be considered for purposes of initiating the 60-day review period. If a submission of drawings and specifications is incomplete, the applicant may submit additional information. The 60-day review period shall not commence until the Department determines that a submission of drawings and specifications is complete or the submission is deemed complete. If the Department has not approved or disapproved the drawings and specifications within 60 days, the construction, major alteration, or addition shall be deemed approved. If the drawings and specifications are disapproved, the Department shall state in writing, with specificity, the reasons for the disapproval. The entity submitting the drawings and specifications may submit additional information in response to the written comments from the Department or request a reconsideration of the disapproval. A final decision of approval or disapproval shall be made within 45 days of the receipt of the additional information or reconsideration request. If denied, the Department shall state the specific reasons for the denial.

(c) The Department shall provide written approval for occupancy pursuant to subsection (g) and shall not issue a violation to a facility as a result of a licensure or complaint survey based upon the facility's physical structure if:

(1) the Department reviewed and approved or deemed approved the drawing and specifications for compliance with design and construction standards;
(2) the construction, major alteration, or addition was built as submitted;
(3) the law or rules have not been amended since the original approval; and
(4) the conditions at the facility indicate that there is a reasonable degree of safety provided for the patients.

(d) The Department shall charge the following fees in connection with its reviews conducted before June 30, 2004 under this Section:

(3) If the estimated dollar value of the major alteration, addition, or new construction is greater than $100,000 but less than $500,000, the fee shall be established by the Department pursuant to rules that reflect the reasonable and direct cost of the Department in conducting the architectural reviews required under this Section. The estimated dollar value of the major construction subject to review under this Section shall be annually readjusted to reflect the increase in construction costs due to inflation, the greater of $2,400 or 1.2% of that value.

(4) If the estimated dollar value of the alteration, addition, or new construction is $500,000 or more but less than $1,000,000, the fee shall be the greater of $6,000 or 0.96% of that value.

(5) If the estimated dollar value of the alteration, addition, or new construction is $1,000,000 or more but less than $5,000,000, the fee shall be the greater of $9,600 or 0.22% of that value.

(6) If the estimated dollar value of the alteration, addition, or new construction is $5,000,000 or more, the fee shall be the greater of $11,000 or 0.11% of that value, but shall not exceed $40,000.

The fees provided in this subsection (d) shall not apply to major construction projects involving facility changes that are required by Department rule amendments.

The fees provided in this subsection (d) shall also not apply to major construction projects if 51% or more of the estimated cost of the project is attributed to capital equipment. For major construction projects where 51% or more of the estimated cost of the project is attributed to capital equipment, the Department shall by rule establish a fee that is reasonably related to the cost of reviewing the project.

The Department shall not commence the facility plan review process under this Section until the applicable fee has been paid.

(e) All fees received by the Department under this Section shall be deposited into the Health Facility Plan Review Fund, a special fund created in the State treasury. All fees paid by hospitals under subsection (d) shall be used only to cover the direct and reasonable costs relating to the Department’s review of hospital projects under this Section. Moneys shall be appropriated from that Fund to the Department only to pay the costs of conducting reviews under this Section. None of the moneys in the Health Facility Plan Review Fund shall be used to reduce the amount of General Revenue Fund moneys appropriated to the Department for facility plan reviews conducted pursuant to this Section.

(2) On and after the effective date of this amendatory Act of 1997 and before October 1, 1997, an applicant may submit or resubmit drawings and specifications to the Department and pay the fees provided in subsection (d). If an applicant pays the fees provided in subsection (d) under this paragraph (2), the provisions of subsection (b) shall apply with regard to those drawings and specifications.

(g) The Department shall conduct an on-site inspection of the completed project no
later than 30 days after notification from the applicant that the project has been completed and all certifications required by the Department have been received and accepted by the Department. The Department shall provide written approval for occupancy to the applicant within 5 working days of the Department's final inspection, provided the applicant has demonstrated substantial compliance as defined by Department rule. Occupancy of new major construction is prohibited until Department approval is received, unless the Department has not acted within the time frames provided in this subsection (g), in which case the construction shall be deemed approved. Occupancy shall be authorized after any required health inspection by the Department has been conducted.

(h) The Department shall establish, by rule, a procedure to conduct interim on-site review of large or complex construction projects.

(i) The Department shall establish, by rule, an expedited process for emergency repairs or replacement of like equipment.

(j) Nothing in this Section shall be construed to apply to maintenance, upkeep, or renovation that does not affect the structural integrity of the building, does not add beds or services over the number for which the facility is licensed, and provides a reasonable degree of safety for the patients.

(a-5) Assets information form.

(1) The Department shall develop a form, which shall be used by the Department to obtain information from all committed persons regarding assets of the persons.

(2) In order to enable the Department to determine the financial status of the committed person, the form shall provide for obtaining the age and marital status of a committed person, the number and ages of children of the person, the number and ages of other dependents, the type and value of real estate, the type and value of personal property, cash and bank accounts, the location of any lock boxes, the type and value of investments, pensions and annuities and any other personality of significant cash value, including but not limited to jewelry, artwork and collectables, and all medical or dental insurance policies covering the committed person. The form may also provide for other information deemed pertinent by the Department in the investigation of a committed person's assets.

(3) Upon being developed, the form shall be submitted to each committed person as of the date the form is developed and to every committed person who thereafter is sentenced to imprisonment under the jurisdiction of the Department. (4) Every committed person shall complete the form or provide for completion of the form and the committed person shall swear under oath or affirm that to the best of his or her knowledge the information provided is complete and accurate.

(b) Expenses. The rate at which sums to be charged for the expenses incurred by a committed convicted person committed to Department correctional institutions or facilities for his or her confinement incarceration shall be computed by the Department as the average per capita cost per day for all inmates of that institution or facility for that fiscal year. The average per capita cost per day shall be computed by the Department based on the average per capita cost per day for the operation of that institution or facility for the fiscal year immediately preceding the period of incarceration for which the rate is being calculated. The Department shall establish rules and regulations providing for the computation of the above costs, and shall determine the average per capita cost per day for each of its institutions or facilities for each fiscal year. The Department shall have the power to modify its rules and regulations, so as to provide for the most accurate and most current average per capita cost per day computation. Where the committed convicted person is placed in a facility outside the Department, the Department may pay the actual cost of services in that facility, and may collect reimbursement for the entire amount paid from the committed convicted person receiving those services.

(c) Records. The records of the Department, including, but not limited to, those relating to: the average per capita cost per day for a particular institution or facility for a particular year, and the calculation of the average per capita cost per day; the average daily population of a particular Department correctional institution or facility for a particular year; the specific placement of a particular committed convicted person in various Department correctional institutions or facilities for various periods of time; and the record of transactions of a particular committed convicted person's trust account under Section 3-4-3 of this Act; may be proved in any legal proceeding, by a reproduced copy thereof or by a computer printout of Department records, under the certificate of the Director. If reproduced copies are used, the Director must certify that those are true and exact copies of the records on file with the Department. If computer printouts of records of the Department are offered as proof, the Director must certify that those computer printouts are true and exact representations of records properly entered into standard electronic computing equipment, in the regular course of the Department's business, at or reasonably near the time of the occurrence of the facts recorded, from trustworthy and reliable information. The reproduced copy or computer printout shall, without further proof, be admitted into evidence in any legal proceeding, and shall be prima facie correct and prima facie evidence of the accuracy of the information contained therein.

(d) Authority. The Director, or the Director's designee, may, when he or she knows or reasonably believes that a committed convicted person committed to the Department correctional institutions or facilities, or the estate of that person, has assets which may be used to satisfy all or part of a judgment rendered under this Act, or when he or she knows or reasonably believes that a committed convicted person committed to the Department correctional institutions or facilities is engaged in gang-related activity and has a substantial sum of money or other assets, provide for the forwarding to the Attorney General of a report on the committed person and that report shall contain a completed form under subsection (a-5) together with all other information available concerning the assets of the committed person and an estimate of the total expenses for that committed person, and authorize the Attorney General to institute proceedings to require the persons, or the estates of the persons, to reimburse the Department for the expenses incurred by their incarceration. The Attorney General, upon authorization of the Director, or the Director's designee, shall institute actions on behalf of the Department and pursue claims on the Department's behalf in probate and bankruptcy proceedings, to recover from committed convicted persons committed to Department correctional facilities the expenses incurred by their confinement. For purposes of this subsection (d), "gang-related" activity has the meaning ascribed to it in Section 10 of the Illinois Streetgang Terrorism Omnibus Prevention Act.

(e) Scope and limitations.

(1) No action under this Section shall be initiated more than 2 years after the release or death of the committed convicted person in question.

(2) The death of a convicted person, by execution or otherwise, while committed to a Department correctional institution or facility shall not act as a bar to any action or proceeding under this Section.

New matter indicated by italics - deletions by strikeout.
(3) The assets of a committed convicted person, for the purposes of this Section, shall include any property, tangible or intangible, real or personal, belonging to or due to a committed or formerly committed person including income or payments to the person from social security, worker's compensation, veteran's compensation, pension benefits, or from any other source whatsoever and any and all assets and property of whatever character held in the name of the person, held for the benefit of the person, or payable or otherwise deliverable to the person. Any trust, or portion of a trust, of which a convicted person is a beneficiary, shall be construed as an asset of the person, to the extent that benefits thereunder are required to be paid to the person, or shall in fact be paid to the person. At the time of a legal proceeding by the Attorney General under this Section, if it appears that the committed person has any assets which ought to be subjected to the claim of the Department under this Section, the court may issue an order requiring any person, corporation, or other legal entity possessed or having custody of those assets to appropriate any of the assets or a portion thereof toward reimbursing the Department as provided for under this Section. No provision of this Section shall be construed in violation of any State or federal limitation on the collection of money judgments.

(4) Nothing in this Section shall preclude the Department from applying federal benefits that are specifically provided for the care and treatment of a committed convicted person toward the cost of care provided by a State facility or private agency.

Sec. 14-108.3. Early retirement incentives.

(a) To be eligible for the benefits provided in this Section, a person must:

(1) be a member of this System who, on any day during June, 2002, is (i) in active payroll status in a position of employment with a department and an active contributor to this System with respect to that employment, and terminates that employment before the retirement annuity under this Article begins, or (ii) on layoff status from such a position with a right of re-employment or recall to service, or (iii) receiving benefits under Section 14-123, 14-123.1 or 14-124, but only if the member has not been receiving those benefits for a continuous period of more than 2 years as of the date of application;

(2) not have received any retirement annuity under this Article beginning earlier than August 1, 2002;

(3) file with the Board on or before December 31, 2002 a written application requesting the benefits provided in this Section;

(4) terminate employment under this Article no later than December 31, 2002 (or the date established under subsection (d), if applicable);

(5) by the date of termination of service, have at least 8 years of creditable service under this Article, without the use of any creditable service established under this Section;

(6) by the date of termination of service, have at least 5 years of membership service earned while an employee under this Article, which may include military service for which credit is established under Section 14-105(b), service during the qualifying period for which credit is established under Section 14-104(a), and service for which credit has been established by repaying a refund under Section 14-130, but shall not include service for which any other optional service credit has been established; and

(7) not receive any early retirement benefit under Section 16-133.3 of this Code.

(b) An eligible person may establish up to 5 years of creditable service under this Article, in increments of one month, by making the contributions specified in subsection (c). In addition, for each month of creditable service established under this Section, a person's age at retirement shall be deemed to be one month older than it actually is.

The creditable service established under this Section may be used for all purposes under this Article and the Retirement Systems Reciprocal Act, except for the computation of final average compensation under Section 14-103.12 or the determination of compensation under this or any other Article of this Code.

The age enhancement established under this Section may not be used to enable any person to begin receiving a retirement annuity calculated under Section 14-110 before actually attaining age 50 (without any age enhancement under this Section). The age

New matter indicated by italics - deletions by strikeout.
enhancement established under this Section may be used for all other purposes under this Article (including calculation of a proportionate annuity payable by this System under the Retirement Systems Reciprocal Act), except for purposes of the level income option in Section 14-112, the reversionary annuity under Section 14-113, and the required distributions under Section 14-121.1.

The age enhancement established under this Section may be used in determining benefits payable under Article 16 of this Code under the Retirement Systems Reciprocal Act, if the person has at least 5 years of service credit in the Article 16 system that was earned while participating in that system as a teacher (as defined in Section 16-106) employed by a department (as defined in Section 14-103.04). Age enhancement established under this Section shall not otherwise be used in determining benefits payable under other Articles of this Code under the Retirement Systems Reciprocal Act.

(c) For all creditable service established under this Section, a person must pay to the System an employee contribution to be determined by the System, based on the member's rate of compensation on June 1, 2002 (or the last date before June 1, 2002 for which a rate can be determined) and the retirement contribution rate in effect on June 1, 2002 for the member (or for members with the same social security and alternative formula status as the member).

If the member receives a lump sum payment for accumulated vacation, sick leave and personal leave upon withdrawal from service, and the net amount of that lump sum payment is at least as great as the amount of the contribution required under this Section, the entire contribution must be paid by the employee by payroll deduction. If there is no such lump sum payment, or if it is less than the contribution required under this Section, the member shall make an initial payment by payroll deduction, equal to the net amount of the lump sum payment for accumulated vacation, sick leave, and personal leave, and have the remaining amount due treated as a reduction from the retirement annuity in 24 equal monthly installments beginning in the month in which the retirement annuity takes effect. The required contribution may be paid as a pre-tax deduction from earnings. For federal and Illinois tax purposes, the monthly amount by which the annuitant's benefit is reduced shall not be treated as a contribution by the annuitant, but rather as a reduction of the annuitant's monthly benefit.

(c-5) The reduction in retirement annuity provided in subsection (c) of Section 14-108 does not apply to the annuity of a person who retires under this Section. A person who has received any age enhancement or creditable service under this Section may begin to receive an unreduced retirement annuity upon attainment of age 55 with at least 25 years of creditable service (including any age enhancement and creditable service established under this Section).

(d) In order to ensure that the efficient operation of State government is not jeopardized by the simultaneous retirement of large numbers of key personnel, the director or other head of a department may, for key employees of that department, extend the December 31, 2002 deadline for terminating employment under this Article established in subdivision (a)(4) of this Section to a date not later than April 30, 2003 by so notifying the System in writing by December 31, 2002.

New matter indicated by italics - deletions by strikeout.
(e) Notwithstanding Section 14-111, a person who has received any age enhancement or creditable service under this Section and who reenters service under this Article (or as an employee of a department under Article 16) other than as a temporary employee thereby forfeits that age enhancement and creditable service and is entitled to a refund of the contributions made pursuant to this Section.

(f) The System shall determine the amount of the increase in unfunded accrued liability resulting from the granting of early retirement incentives under this Section and shall report that amount to the Governor and the Pension Laws Commission on or before November 15, 2003. The increase in liability reported under this subsection (f) shall not be included in the calculation of the required State contribution under Section 14-131.

(g) The System shall determine the amount of the annual State contribution necessary to amortize on a level dollar-payment basis, over a period of 10 years at 8.5% interest, compounded annually, an amount equal to the increase in unfunded accrued liability determined under subsection (f) minus $70,000,000. The System shall certify the amount of this annual State contribution to the Governor, the State Comptroller, the Bureau of the Budget, and the Pension Laws Commission on or before November 15, 2003.

In addition to the contributions otherwise required under this Article, the State shall appropriate and pay to the System (1) an amount equal to $70,000,000 in State fiscal year 2004 and (2) in each of State fiscal years 2005 through 2013, an amount equal to the annual State contribution certified by the System under this subsection (g).

(h) The Pension Laws Commission shall determine and report to the General Assembly, on or before January 1, 2004 and annually thereafter through the year 2013, its estimate of (1) the annual amount of payroll savings likely to be realized by the State as a result of the early retirement of persons receiving early retirement incentives under this Section and (2) the net annual savings or cost to the State from the program of early retirement incentives created under this Section.

The System, the Department of Central Management Services, the Bureau of the Budget, and all other departments shall provide to the Commission any assistance that the Commission may request with respect to its reports under this Section. The Commission may require departments to provide it with any information that it deems necessary or useful with respect to its reports under this Section, including without limitation information about (1) the final earnings of former department employees who elected to receive benefits under this Section, (2) the earnings of current department employees holding the positions vacated by persons who elected to receive benefits under this Section, and (3) positions vacated by persons who elected to receive benefits under this Section that have not yet been refilled.

(i) The changes made to this Section by this amendatory Act of the 92nd General Assembly do not apply to persons who retired under this Section on or before May 1, 1992.

(a) To be eligible for the benefits provided in this Section, a person must:

(1) be a member of this System who, on any day during May, 1991, is (i) in active payroll status in a position of employment with a department, or (ii) on layoff status from such a position with a right of re-employment or recall to service, or (iii) on leave of absence from such a position, but only if the member on leave has not

been receiving benefits under Section 14-123, 14-123.1 or 14-124 for a continuous period of 2 years or more as of the date of application;

(2) have not retired under this Article;

(3) file with the Board before December 1, 1991, a written application requesting the benefits provided in this Section;

(4) establish eligibility to receive a retirement annuity under this Article (for which purpose any age enhancement or creditable service received under this Section may be used) and elect to receive the retirement annuity beginning not earlier than the first day of the month following the month in which this amendatory Act of 1991 takes effect, and not later than January 1, 1992 (or the date established under subsection (c) if applicable);

(5) have attained age 50 or accumulated 30 or more years of creditable service (without the use of any age enhancement or creditable service received under this Section) by December 31, 1991.

(b) An eligible person may establish up to 5 years of creditable service under this Article, in increments of one month, by making the contributions specified in subsection (c). In addition, for each month of creditable service established under this Section, a person's age at retirement shall be deemed to be one month older than it actually is.

The creditable service established under this Section may be used for all purposes under this Article and the Retirement Systems Reciprocal Act, except for the computation of final average compensation under Section 14-103.12, or the determination of compensation under this or any other Article of this Code.

The age enhancement established under this Section may be used for all purposes under this Article (including calculation of a proportionate annuity payable by this System under the Retirement Systems Reciprocal Act), except for purposes of the level income option in Section 14-112, the reversionary annuity under Section 14-113, and the required distributions under Section 14-121.1. However, age enhancement established under this Section shall not be used in determining benefits payable under other Articles of this Code under the Retirement Systems Reciprocal Act.

(c) For all creditable service established under this Section, a person must pay to the System an employee contribution to be determined by the System, based on the member's final rate of compensation and one-half of the retirement contribution rate in effect for the member on the date of withdrawal.

If the member receives a lump sum payment for accumulated vacation, sick leave and personal leave upon withdrawal from service, and the net amount of that lump sum payment is at least as great as the amount of the contribution required under this Section, the entire contribution (or so much of it as does not exceed the contribution limitations of Section 415 of the Internal Revenue Code of 1986) must be paid by the employee before the retirement annuity may become payable. If there is no such lump sum payment, or if it is less than the contribution required under this Section the member may either pay the entire contribution before the retirement annuity becomes payable, or may instead make an initial payment before the retirement annuity becomes payable, equal to the net amount of the lump sum...
payment for accumulated vacation, sick leave and personal leave (or so much of it as does not exceed the contribution limitations of Section 415 of the Internal Revenue Code of 1986), and have the remaining amount due deducted from the retirement annuity in 24 equal monthly installments beginning in January of 1992 or in the month in which the retirement annuity takes effect, whichever is later.

However, if the net amount of the lump sum payment for accumulated vacation, sick leave and personal leave equals or exceeds the contribution required under this Section, but the required contribution exceeds an applicable contribution limitation contained in Section 415 of the Internal Revenue Code of 1986, then the amount of the contribution in excess of the Section 415 limitation shall instead be paid by the annuitant in January of 1992 or in the month in which the retirement annuity takes effect, whichever is later. If this additional amount is not paid as required, the retirement annuity shall be suspended until the required contribution is received.

(d) In the event that the age enhancement or creditable service received under this Section result in a retirement benefit that exceeds any applicable benefit limitation contained in Section 415 of the Internal Revenue Code of 1986, the amount of the retirement benefit that exceeds the Section 415 limitation shall not be paid for any period to which the limitation is applicable. If no contributions are otherwise due in 1992 and 1993 under subsection (c) from an annuitant whose retirement benefits are subject to limitation under this subsection, then 10% of the contribution otherwise required under subsection (e) to be paid before the retirement annuity becomes payable shall instead be contributed to the System by the annuitant in January of 1993.

(e) In order to ensure that the public health and safety are not jeopardized by the simultaneous retirement of large numbers of critical personnel, the Director of State Police (for State police officers under the Department of State Police) and the Director of Corrections (for security staff at adult and juvenile institutions under the Department of Corrections) may extend the January 1, 1992 deadline for the effective date of a retirement annuity established in subdivision (a)(4) of this Section to a date not later than May 1, 1992, by so notifying the System in writing no later than December 31, 1991.

In order to ensure that the efficient operation of the courts of this State is not jeopardized by the simultaneous retirement of large numbers of court reporters, the Chief Justice of the Illinois Supreme Court may, for official court reporters employed in the courts of this State, extend the January 1, 1992 deadline for the effective date of a retirement annuity established in subdivision (a)(4) of this Section to a date not later than May 1, 1992, by so notifying the System in writing no later than December 31, 1991.

(f) Notwithstanding Section 14-111, an annuitant who has received any age enhancement or creditable service under this Section and who reenters service under this Article other than as a temporary employee shall thereby forfeit such age enhancement and creditable service, and become entitled to a refund of the contributions made pursuant to this Section.

(a) To be eligible for the benefits provided in this Section, a person must:

   (2) not have received any retirement annuity under this Article beginning earlier than August 1, 2002;
   (3) file with the Board on or before December 31, 2002 a written application requesting the benefits provided in this Section;
   (4) terminate employment under this Article no later than December 31, 2002 (or the date established under subsection (d), if applicable);
   (5) by the date of termination of service, have at least 8 years of creditable service under this Article, without the use of any creditable service established under this Section;
   (6) by the date of termination of service, have at least 5 years of service credit earned while participating in the System as a teacher employed by a department; and
   (7) not receive any early retirement benefit under Section 14-108.3 of this Code.

For the purposes of this Section, "department" means a department as defined in Section 14-103.04 that employs a teacher as defined in this Article.

(b) An eligible person may establish up to 5 years of creditable service under this Article by making the contributions specified in subsection (c). In addition, for each period of creditable service established under this Section, a person's age at retirement shall be deemed to be enhanced by an equivalent period.

The creditable service established under this Section may be used for all purposes under this Article and the Retirement Systems Reciprocal Act, except for the computation of final average salary, the determination of salary or compensation under this Article or any other Article of this Code, or the determination of eligibility for or the computation of benefits under Section 16-133.2.

The age enhancement established under this Section may be used for all purposes under this Article (including calculation of a proportionate annuity payable by this System under the Retirement Systems Reciprocal Act), except for purposes of a retirement annuity under Section 16-133(a)(A), a reversionary annuity under Section 16-136, the required distributions under Section 16-142.3, and the determination of eligibility for or the computation of benefits under Section 16-133.2. Age enhancement established under this Section may be used in determining benefits payable under Article 14 of this Code under the Retirement Systems Reciprocal Act (subject to the limitations on the use of age enhancement provided in Section 14-108.3); age enhancement established under this Section shall not be
used in determining benefits payable under other Articles of this Code under the Retirement Systems Reciprocal Act.

(c) For all creditable service established under this Section, a person must pay to the System an employee contribution to be determined by the System, equal to 9.0% of the member’s highest annual salary rate that would be used in the determination of the average salary for retirement annuity purposes if the member retired immediately after withdrawal, for each year of creditable service established under this Section.

If the member receives a lump sum payment for accumulated vacation, sick leave, and personal leave upon withdrawal from service, and the net amount of that lump sum payment is at least as great as the amount of the contribution required under this Section, the entire contribution must be paid by the employee by payroll deduction. If there is no such lump sum payment, or if it is less than the contribution required under this Section, the member shall make an initial payment by payroll deduction, equal to the net amount of the lump sum payment for accumulated vacation, sick leave, and personal leave, and have the remaining amount due treated as a reduction from the retirement annuity in 24 equal monthly installments beginning in the month in which the retirement annuity takes effect. The required contribution may be paid as a pre-tax deduction from earnings.

(d) In order to ensure that the efficient operation of State government is not jeopardized by the simultaneous retirement of large numbers of key personnel, the director or other head of a department may, for key employees of that department, extend the December 31, 2002 deadline for terminating employment under this Article established in subdivision (a)(4) of this Section to a date not later than April 30, 2003 by so notifying the System in writing by December 31, 2002.

(e) A person who has received any age enhancement or creditable service under this Section and who reenters contributing service under this Article or Article 14 shall thereby forfeit that age enhancement and creditable service, and become entitled to a refund of the contributions made pursuant to this Section.

(f) The System shall determine the amount of the increase in unfunded accrued liability resulting from the granting of early retirement incentives under this Section and shall report that amount to the Governor and the Pension Laws Commission on or before November 15, 2003. The increase in liability reported under this subsection (f) shall not be included in the calculation of the required State contribution under Section 16-158.

(g) The System shall determine the amount of the annual State contribution necessary to amortize on a level dollar-payment basis, over a period of 10 years at 8.5% interest, compounded annually, an amount equal to the increase in unfunded accrued liability determined under subsection (f) minus $1,000,000. The System shall certify the amount of this annual State contribution to the Governor, the State Comptroller, the Bureau of the Budget, and the Pension Laws Commission on or before November 15, 2003.

In addition to the contributions otherwise required under this Article, the State shall appropriate and pay to the System (1) an amount equal to $1,000,000 in State fiscal year 2004 and (2) in each of State fiscal years 2005 through 2013, an amount equal to the annual State contribution certified by the System under this subsection (g).
(h) The Pension Laws Commission shall determine and report to the General Assembly, on or before January 1, 2004 and annually thereafter through the year 2013, its estimate of (1) the annual amount of payroll savings likely to be realized by the State as a result of the early retirement of persons receiving early retirement incentives under this Section and (2) the net annual savings or cost to the State from the program of early retirement incentives created under this Section.

The System, the Department of Central Management Services, the Bureau of the Budget, and all other departments shall provide to the Commission any assistance that the Commission may request with respect to its reports under this Section. The Commission may require departments to provide it with any information that it deems necessary or useful with respect to its reports under this Section, including without limitation information about (1) the final earnings of former department employees who elected to receive benefits under this Section, (2) the earnings of current department employees holding the positions vacated by persons who elected to receive benefits under this Section, and (3) positions vacated by persons who elected to receive benefits under this Section that have not yet been refilled.

(i) The changes made to this Section by this amendatory Act of the 92nd General Assembly do not apply to persons who retired under this Section on or before May 1, 1992.

(a) To be eligible for the benefits provided in this Section, a member must:

(1) be a member of this System who, on any day during May, 1991, is (i) in active payroll status as a full-time teacher employed by the Department of Rehabilitation Services, the Department of Corrections, the Department of Mental Health and Developmental Disabilities, the Teachers' Retirement System of the State of Illinois, the State Board of Education, or the Illinois Purchased Care Review Board, or (ii) on layoff status from such a position with a right of re-employment or recall to service, or (iii) on a leave of absence from such a position, but only if the member on leave has not been receiving benefits under Section 16-149 or 16-149.1 for a continuous period of 2 years or more as of the date of application;

(2) have never previously received a retirement annuity under this Article or Article 14, 15 or 17;

(3) file with the Board before December 1, 1991, a written application requesting the benefits provided in this Section;

(4) be eligible no later than January 1, 1992, to receive a retirement annuity under this Article (for which purpose any age enhancement or creditable service received under this Section may be used) and elect to receive the retirement annuity beginning not earlier than the first day of the month following the month in which this amendatory Act of 1991 takes effect, and not later than January 1, 1992;

(5) have attained age 50 (without the use of any age enhancement received under this Section) by December 31, 1991;

(6) have at least 5 years of creditable service under this System or any of the participating systems under the Retirement Systems Reciprocal Act (without the use of any creditable service received under this Section) by the effective date of the retirement annuity; and

New matter indicated by italics - deletions by strikeout.
(7) have paid all applicable contributions as required by this Section; however, the date such contributions are received by the System shall not be considered in determining the effective date of retirement.

(b) An eligible person may establish up to 5 years of creditable service under this Article by making the contributions specified in subsection (c). In addition, for each period of creditable service established under this Section a person shall have his or her age at retirement deemed enhanced by an equivalent period.

The creditable service established under this Section may be used for all purposes under this Article and the Retirement Systems Reciprocal Act, except for the computation of final average salary, the determination of salary or compensation under this or any other Article of the Code, or the determination of eligibility for and the computation of benefits under Section 16-133.2 of this Article.

The age enhancement established under this Section may be used for all purposes under this Article (including calculation of a proportionate annuity payable by this System under the Retirement Systems Reciprocal Act), except for purposes of a reversionary annuity under Section 16-136, the retirement annuity under Section 16-133(a)(A), the required distributions under Section 16-142.3, and the determination of eligibility for and the computation of benefits under Section 16-133.2 of this Article. However, age enhancement established under this Section shall not be used in determining benefits payable under other Articles of this Code under the Retirement Systems Reciprocal Act.

(c) For all creditable service established under this Section, a member must pay to the System an employee contribution consisting of 4% of the member's highest annual salary rate used in the determination of the average salary for retirement annuity purposes for each year creditable service has been increased under this Section.

If the member receives a lump sum payment for accumulated vacation, sick leave and personal leave upon withdrawal from service, and the net amount of that lump sum payment is at least as great as the amount of the contribution required under this Section, the entire contribution must be paid by the employee before the retirement annuity may become payable. If there is no such lump sum payment, or if it is less than the contribution required under this Section, the member may either pay the entire contribution before the retirement annuity becomes payable, or may instead make an initial payment before the retirement annuity becomes payable, equal to the net amount of the lump sum payment for accumulated vacation, sick leave and personal leave, and have the remaining amount due deducted from the retirement annuity in 24 equal monthly installments beginning in January of 1992.

(d) An annuitant who has received any age enhancement or creditable service under this Section and who re-enters contributing service under this Article or Article 14, 15 or 17, shall thereby forfeit such age enhancement and creditable service, and upon re-retirement the annuity shall be recomputed. Upon forfeiting creditable service under this subsection, a person shall be entitled to a refund of the contribution paid under this Section.

PUBLIC ACT 92-0568
(House Bill No. 3776)

AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Sections 1D-1, 14-7.02, 14-7.02a, 14-13.01, and 29-5 as follows:
(105 ILCS 5/1D-1)
Sec. 1D-1. Block grant funding.
(a) For fiscal year 1996 and each fiscal year thereafter, the State Board of Education shall award to a school district having a population exceeding 500,000 inhabitants a general education block grant and an educational services block grant, determined as provided in this Section, in lieu of distributing to the district separate State funding for the programs described in subsections (b) and (c). The provisions of this Section, however, do not apply to any federal funds that the district is entitled to receive. In accordance with Section 2-3.32, all block grants are subject to an audit. Therefore, block grant receipts and block grant expenditures shall be recorded to the appropriate fund code for the designated block grant.
(b) The general education block grant shall include the following programs: REI Initiative, Summer Bridges, Preschool At Risk, K-6 Comprehensive Arts, School Improvement Support, Urban Education, Scientific Literacy, Substance Abuse Prevention,
Second Language Planning, Staff Development, Outcomes and Assessment, K-6 Reading Improvement, Truants' Optional Education, Hispanic Programs, Agriculture Education, Gifted Education, Parental Education, Prevention Initiative, Report Cards, and Criminal Background Investigations. Notwithstanding any other provision of law, all amounts paid under the general education block grant from State appropriations to a school district in a city having a population exceeding 500,000 inhabitants shall be appropriated and expended by the board of that district for any of the programs included in the block grant or any of the board's lawful purposes.

(c) The educational services block grant shall include the following programs: Bilingual, Regular and Vocational Transportation, State Lunch and Free Breakfast Program, Special Education (Personnel, Extraordinary, Transportation, Orphanage, Private Tuition), Summer School, Educational Service Centers, and Administrator's Academy. This subsection (c) does not relieve the district of its obligation to provide the services required under a program that is included within the educational services block grant. It is the intention of the General Assembly in enacting the provisions of this subsection (c) to relieve the district of the administrative burdens that impede efficiency and accompany single-program funding. The General Assembly encourages the board to pursue mandate waivers pursuant to Section 2-3.25g.

(d) For fiscal year 1996 and each fiscal year thereafter, the amount of the district's block grants shall be determined as follows: (i) with respect to each program that is included within each block grant, the district shall receive an amount equal to the same percentage of the current fiscal year appropriation made for that program as the percentage of the appropriation received by the district from the 1995 fiscal year appropriation made for that program, and (ii) the total amount that is due the district under the block grant shall be the aggregate of the amounts that the district is entitled to receive for the fiscal year with respect to each program that is included within the block grant that the State Board of Education shall award the district under this Section for that fiscal year. In the case of the Summer Bridges program, the amount of the district's block grant shall be equal to 44% of the amount of the current fiscal year appropriation made for that program.

(e) The district is not required to file any application or other claim in order to receive the block grants to which it is entitled under this Section. The State Board of Education shall make payments to the district of amounts due under the district's block grants on a schedule determined by the State Board of Education.

(f) A school district to which this Section applies shall report to the State Board of Education on its use of the block grants in such form and detail as the State Board of Education may specify.

(g) This paragraph provides for the treatment of block grants under Article 1C for purposes of calculating the amount of block grants for a district under this Section. Those block grants under Article 1C are, for this purpose, treated as included in the amount of appropriation for the various programs set forth in paragraph (b) above. The appropriation in each current fiscal year for each block grant under Article 1C shall be treated for these purposes as appropriations for the individual program included in that block grant. The
proportion of each block grant so allocated to each such program included in it shall be the proportion which the appropriation for that program was of all appropriations for such purposes now in that block grant, in fiscal 1995.

Payments to the school district under this Section with respect to each program for which payments to school districts generally, as of the date of this amendatory Act of the 92nd General Assembly, are on a reimbursement basis shall continue to be made to the district on a reimbursement basis, pursuant to the provisions of this Code governing those programs.

(h) Notwithstanding any other provision of law, any school district receiving a block grant under this Section may classify all or a portion of the funds that it receives in a particular fiscal year from any block grant authorized under this Code or from general State aid pursuant to Section 18-8.05 of this Code (other than supplemental general State aid) as funds received in connection with any funding program for which it is entitled to receive funds from the State in that fiscal year (including, without limitation, any funding program referred to in subsection (c) of this Section), regardless of the source or timing of the receipt. The district may not classify more funds as funds received in connection with the funding program than the district is entitled to receive in that fiscal year for that program. Any classification by a district must be made by a resolution of its board of education. The resolution must identify the amount of any block grant or general State aid to be classified under this subsection (h) and must specify the funding program to which the funds are to be treated as received in connection therewith. This resolution is controlling as to the classification of funds referenced therein. A certified copy of the resolution must be sent to the State Superintendent of Education. The resolution shall still take effect even though a copy of the resolution has not been sent to the State Superintendent of Education in a timely manner. No classification under this subsection (h) by a district shall affect the total amount or timing of money the district is entitled to receive under this Code. No classification under this subsection (h) by a district shall affect any requirements that otherwise would apply with respect to the block grant as provided in this Section, including any accounting of funds by source, reporting expenditures by original source and purpose, reporting requirements, or requirements of provision of services.

(105 ILCS 5/14-7.02) (from Ch. 122, par. 14-7.02)

Sec. 14-7.02. Children attending private schools, public out-of-state schools, public school residential facilities or private special education facilities. The General Assembly recognizes that non-public schools or special education facilities provide an important service in the educational system in Illinois.

If because of his or her disability the special education program of a district is unable to meet the needs of a child and the child attends a non-public school or special education facility, a public out-of-state school or a special education facility owned and operated by a county government unit that provides special educational services required by the child and is in compliance with the appropriate rules and regulations of the State Superintendent of

Education, the school district in which the child is a resident shall pay the actual cost of tuition for special education and related services provided during the regular school term and during the summer school term if the child's educational needs so require, excluding room, board and transportation costs charged the child by that non-public school or special education facility, public out-of-state school or county special education facility, or $4,500 per year, whichever is less, and shall provide him any necessary transportation. "Nonpublic special education facility" shall include a residential facility, within or without the State of Illinois, which provides special education and related services to meet the needs of the child by utilizing private schools or public schools, whether located on the site or off the site of the residential facility.

The State Board of Education shall promulgate rules and regulations for determining when placement in a private special education facility is appropriate. Such rules and regulations shall take into account the various types of services needed by a child and the availability of such services to the particular child in the public school. In developing these rules and regulations the State Board of Education shall consult with the Advisory Council on Education of Children with Disabilities and hold public hearings to secure recommendations from parents, school personnel, and others concerned about this matter.

The State Board of Education shall also promulgate rules and regulations for transportation to and from a residential school. Transportation to and from home to a residential school more than once each school term shall be subject to prior approval by the State Superintendent in accordance with the rules and regulations of the State Board.

A school district making tuition payments pursuant to this Section is eligible for reimbursement from the State for the amount of such payments actually made in excess of the district per capita tuition charge for students not receiving special education services. Such reimbursement shall be approved in accordance with Section 14-12.01 and each district shall file its claims, computed in accordance with rules prescribed by the State Board of Education, on forms prescribed by the State Superintendent of Education. Data used as a basis of reimbursement claims shall be for the preceding regular school term and summer school term. Each school district shall transmit its claims to the State Board of Education on or before August 15. The State Board of Education, before approving any such claims, shall determine their accuracy and whether they are based upon services and facilities provided under approved programs. Upon approval the State Board shall cause vouchers to be prepared showing the amount due for payment of reimbursement claims to school districts, for transmittal to the State Comptroller on the 30th day of September, December, and March, respectively, and the final voucher, no later than June 20. If the money appropriated by the General Assembly for such purpose for any year is insufficient, it shall be apportioned on the basis of the claims approved.

No child shall be placed in a special education program pursuant to this Section if the tuition cost for special education and related services increases more than 10 percent over the tuition cost for the previous school year or exceeds $4,500 per year unless such costs have been approved by the Illinois Purchased Care Review Board. The Illinois Purchased Care Review Board shall consist of the following persons, or their designees: the Directors

of Children and Family Services, Public Health, Public Aid, and the Bureau of the Budget; the Secretary of Human Services; the State Superintendent of Education; and such other persons as the Governor may designate. The Review Board shall establish rules and regulations for its determination of allowable costs and payments made by local school districts for special education, room and board, and other related services provided by non-public schools or special education facilities and shall establish uniform standards and criteria which it shall follow.

The Review Board shall establish uniform definitions and criteria for accounting separately by special education, room and board and other related services costs. The Board shall also establish guidelines for the coordination of services and financial assistance provided by all State agencies to assure that no otherwise qualified disabled child receiving services under Article 14 shall be excluded from participation in, be denied the benefits of or be subjected to discrimination under any program or activity provided by any State agency.

The Review Board shall review the costs for special education and related services provided by non-public schools or special education facilities and shall approve or disapprove such facilities in accordance with the rules and regulations established by it with respect to allowable costs.

The State Board of Education shall provide administrative and staff support for the Review Board as deemed reasonable by the State Superintendent of Education. This support shall not include travel expenses or other compensation for any Review Board member other than the State Superintendent of Education.

The Review Board shall seek the advice of the Advisory Council on Education of Children with Disabilities on the rules and regulations to be promulgated by it relative to providing special education services.

If a child has been placed in a program in which the actual per pupil costs of tuition for special education and related services based on program enrollment, excluding room, board and transportation costs, exceed $4,500 and such costs have been approved by the Review Board, the district shall pay such total costs which exceed $4,500. A district making such tuition payments in excess of $4,500 pursuant to this Section shall be responsible for reimbursement from the State for the amount of such payments actually made in excess of the districts per capita tuition charge for students not receiving special education services.

If a child has been placed in an approved individual program and the tuition costs including room and board costs have been approved by the Review Board, then such room and board costs shall be paid by the appropriate State agency subject to the provisions of Section 14-8.01 of this Act. Room and board costs not provided by a State agency other than the State Board of Education shall be provided by the State Board of Education on a current basis. In no event, however, shall the State's liability for funding of these tuition costs begin until after the legal obligations of third party payors have been subtracted from such costs. If the money appropriated by the General Assembly for such purpose for any year is

insufficient, it shall be apportioned on the basis of the claims approved. Each district shall submit estimated claims to the State Superintendent of Education. Upon approval of such claims, the State Superintendent of Education shall direct the State Comptroller to make payments on a monthly basis. The frequency for submitting estimated claims and the method of determining payment shall be prescribed in rules and regulations adopted by the State Board of Education. Such current state reimbursement shall be reduced by an amount equal to the proceeds which the child or child's parents are eligible to receive under any public or private insurance or assistance program. Nothing in this Section shall be construed as relieving an insurer or similar third party from an otherwise valid obligation to provide or to pay for services provided to a disabled child.

If it otherwise qualifies, a school district is eligible for the transportation reimbursement under Section 14-13.01 and for the reimbursement of tuition payments under this Section whether the non-public school or special education facility, public out-of-state school or county special education facility, attended by a child who resides in that district and requires special educational services, is within or outside of the State of Illinois. However, a district is not eligible to claim transportation reimbursement under this Section unless the district certifies to the State Superintendent of Education that the district is unable to provide special educational services required by the child for the current school year.

Nothing in this Section authorizes the reimbursement of a school district for the amount paid for tuition of a child attending a non-public school or special education facility, public out-of-state school or county special education facility unless the school district certifies to the State Superintendent of Education that the special education program of that district is unable to meet the needs of that child because of his disability and the State Superintendent of Education finds that the school district is in substantial compliance with Section 14-4.01.

Any educational or related services provided, pursuant to this Section in a non-public school or special education facility or a special education facility owned and operated by a county government unit shall be at no cost to the parent or guardian of the child. However, current law and practices relative to contributions by parents or guardians for costs other than educational or related services are not affected by this amendatory Act of 1978.

Reimbursement for children attending public school residential facilities shall be made in accordance with the provisions of this Section.

**Notwithstanding any other provision of law, any school district receiving a payment under this Section or under Section 14-7.02a, 14-13.01, or 29-5 of this Code may classify all or a portion of the funds that it receives in a particular fiscal year or from general State aid pursuant to Section 18-8.05 of this Code as funds received in connection with any funding program for which it is entitled to receive funds from the State in that fiscal year (including, without limitation, any funding program referenced in this Section), regardless of the source or timing of the receipt. The district may not classify more funds as funds received in connection with the funding program than the district is entitled to receive in that fiscal year for that program. Any classification by a district must be made by a resolution of its board of education. The resolution must identify the amount of any payments or**
general State aid to be classified under this paragraph and must specify the funding program to which the funds are to be treated as received in connection therewith. This resolution is controlling as to the classification of funds referenced therein. A certified copy of the resolution must be sent to the State Superintendent of Education. The resolution shall still take effect even though a copy of the resolution has not been sent to the State Superintendent of Education in a timely manner. No classification under this paragraph by a district shall affect the total amount or timing of money the district is entitled to receive under this Code. No classification under this paragraph by a district shall in any way relieve the district from or affect any requirements that otherwise would apply with respect to that funding program, including any accounting of funds by source, reporting expenditures by original source and purpose, reporting requirements, or requirements of providing services.

Sec. 14-7.02a. Children requiring extraordinary special education services and facilities. A school district providing for a child requiring extraordinary special education services because of the nature of his disability is eligible for reimbursement from the State if the cost of educating that child is computed, as set forth in Section 14-7.01, to be in excess of one and one-half times the district per capita tuition charge for the prior year. Such costs beyond one per capita tuition charge shall be reimbursed, up to a maximum of $2,000.

A child is deemed to require extraordinary special education services and facilities under the following conditions:

1) the school district has determined that the child requires extraordinary special education facilities pursuant to the multidisciplinary case study and the individualized education program;

2) the school district maintains adequate cost accounting to document the per capita cost of special education; and

3) the school district submits approval and claim data annually for each eligible child.

Extraordinary special education services provided on a one-half day basis shall only be reimbursed at a rate of one-half the amount otherwise provided herein.

Notwithstanding any other provision of law, any school district receiving a payment under this Section or under Section 14-7.02, 14-13.01, or 29-5 of this Code may classify all or a portion of the funds that it receives in a particular fiscal year or from general State aid pursuant to Section 18-8.05 of this Code as funds received in connection with any funding program for which it is entitled to receive funds from the State in that fiscal year (including, without limitation, any funding program referenced in this Section), regardless of the source or timing of the receipt. Reimbursement for furnishing special educational facilities in a recognized school to the type of children defined in Section 14-1.02 shall be paid to the school districts in accordance with Section 14-12.01 for each school year ending June 30 by the State Comptroller out of any money in the treasury appropriated for such purposes on the presentation of vouchers by the State Board of Education.

The reimbursement shall be limited to funds expended for construction and maintenance of special education facilities designed and utilized to house instructional programs, diagnostic services, other special education services for children with disabilities and reimbursement as provided in Section 14-13.01. There shall be no reimbursement for construction and maintenance of any administrative facility separated from special education facilities designed and utilized to house instructional programs, diagnostic services and other special education services for children with disabilities.

(a) For children who have not been identified as eligible for special education and for eligible children with physical disabilities, including all eligible children whose placement has been determined under Section 14-8.02 in hospital or home instruction, 1/2 of the teacher's salary but not more than $1,000 annually per child or $8,000 per teacher for the 1985-1986 school year and thereafter, whichever is less. Children to be included in any reimbursement under this paragraph must regularly receive a minimum of one hour of instruction each school day, or in lieu thereof a minimum of 5 hours of instruction in each school week in order to qualify for full reimbursement under this Section. If the attending physician for such a child has certified that the child should not receive as many as 5 hours of instruction in a school week, however, reimbursement under this paragraph on account of that child shall be computed proportionate to the actual hours of instruction per week for that child divided by 5.

(b) For children described in Section 14-1.02, 4/5 of the cost of transportation for each such child, whom the State Superintendent of Education determined in advance requires special transportation service in order to take advantage of special educational facilities. (h) For necessary non-certified employees working in any class or program for children defined in this Article, 1/2 of the salary paid or $2,800 annually per employee, whichever is less.

The State Board of Education shall set standards and prescribe rules for determining the allocation of reimbursement under this section on less than a full time basis and for less than a school year.

Notwithstanding any other provision of law, any school district receiving a payment under this Section or under Section 14-7.02, 14-7.02a, or 29-5 of this Code may classify all or a portion of the funds that it receives in a particular fiscal year or from general State aid pursuant to Section 18-8.05 of this Code as funds received in connection with any funding program for which it is entitled to receive funds from the State in that fiscal year (including, without limitation, any funding program referenced in this Section), regardless of the source or timing of the receipt. (105 ILCS 5/29-5) (from Ch. 122, par. 29-5)

Sec. 29-5. Reimbursement by State for transportation. Any school district, maintaining a school, transporting resident pupils to another school district's vocational program, offered through a joint agreement approved by the State Board of Education, as provided in Section 10-22.22 or transporting its resident pupils to a school which meets the standards for recognition as established by the State Board of Education which provides transportation meeting the standards of safety, comfort, convenience, efficiency and operation prescribed by the State Board of Education for resident pupils in kindergarten or any of grades 1 through 12 who: (a) reside at least 1 1/2 miles as measured by the customary route of travel, from the school attended; or (b) reside in areas where conditions are such that walking constitutes a hazard to the safety of the child when determined under Section 29-3; and (c) are transported to the school attended from pick-up points at the beginning of the school day and back again at the close of the school day or transported to and from their assigned attendance centers during the school day, shall be reimbursed by the State as hereinafter provided in this Section.

The State will pay the cost of transporting eligible pupils less the assessed valuation in a dual school district maintaining secondary grades 9 to 12 inclusive times a qualifying rate of .05%; in elementary school districts maintaining grades K to 8 times a qualifying rate of .06%; in unit districts maintaining grades K to 12 times a qualifying rate of .07%. To be eligible to receive reimbursement in excess of 4/5 of the cost to transport eligible pupils, a school district shall have a Transportation Fund tax rate of at least .12%. If a school district does not have a .12% Transportation Fund tax rate, the amount of its claim in excess of 4/5 of the cost of transporting pupils shall be reduced by the sum arrived at by subtracting the Transportation Fund tax rate from .12% and multiplying that amount by the districts equalized or assessed valuation, provided, that in no case shall said reduction result in reimbursement of less than 4/5 of the cost to transport eligible pupils.

The minimum amount to be received by a district is $16 times the number of eligible pupils transported.

Any such district transporting resident pupils during the school day to an area vocational school or another school district's vocational program more than 1 1/2 miles from the school attended, as provided in Sections 10-22.20a and 10-22.22, shall be reimbursed by the State for 4/5 of the cost of transporting eligible pupils.

School day means that period of time which the pupil is required to be in attendance.
If a pupil is at a location within the school district other than his residence for child care purposes at the time for transportation to school, that location may be considered for purposes of determining the 1 1/2 miles from the school attended.

Claims for reimbursement that include children who attend any school other than a public school shall show the number of such children transported.

Claims for reimbursement under this Section shall not be paid for the transportation of pupils for whom transportation costs are claimed for payment under other Sections of this Act.

The allowable direct cost of transporting pupils for regular, vocational, and special education pupil transportation shall be limited to the sum of the cost of physical examinations required for employment as a school bus driver; the salaries of full or part-time drivers and school bus maintenance personnel; employee benefits excluding Illinois municipal retirement payments, social security payments, unemployment insurance payments and workers' compensation insurance premiums; expenditures to independent carriers who operate school buses; payments to other school districts for pupil transportation services; pre-approved contractual expenditures for computerized bus scheduling; the cost of gasoline, oil, tires, and other supplies necessary for the operation of school buses; the cost of converting buses' gasoline engines to more fuel efficient engines or to engines which use alternative energy sources; the cost of travel to meetings and workshops conducted by the regional superintendent or the State Superintendent of Education pursuant to the standards established by the Secretary of State under Section 6-106 of the Illinois Vehicle Code to improve the driving skills of school bus drivers; the cost of maintenance of school buses including parts and materials used; expenditures for leasing transportation vehicles, except interest and service charges; the cost of insurance and licenses for transportation vehicles; expenditures for the rental of transportation equipment; plus a depreciation allowance of 20% for 5 years for school buses and vehicles approved for transporting pupils to and from school and a depreciation allowance of 10% for 10 years for other transportation equipment so used.

In addition to the above allowable costs school districts shall also claim all transportation supervisory salary costs, including Illinois municipal retirement payments, and all transportation related building and building maintenance costs without limitation.

Special education allowable costs shall also include expenditures for the salaries of attendants or aides for that portion of the time they assist special education pupils while in transit and expenditures for parents and public carriers for transporting special education pupils when pre-approved by the State Superintendent of Education.

Indirect costs shall be included in the reimbursement claim for districts which own and operate their own school buses. Such indirect costs shall include administrative costs, or any costs attributable to transporting pupils from their attendance centers to another school building for instructional purposes. No school district which owns and operates its own school buses may claim reimbursement for indirect costs which exceed 5% of the total allowable direct costs for pupil transportation.

The State Board of Education shall prescribe uniform regulations for determining the

above standards and shall prescribe forms of cost accounting and standards of determining reasonable depreciation. Such depreciation shall include the cost of equipping school buses with the safety features required by law or by the rules, regulations and standards promulgated by the State Board of Education, and the Department of Transportation for the safety and construction of school buses provided, however, any equipment cost reimbursed by the Department of Transportation for equipping school buses with such safety equipment shall be deducted from the allowable cost in the computation of reimbursement under this Section in the same percentage as the cost of the equipment is depreciated.

On or before July 10, annually, the board clerk or the secretary of the district shall certify to the regional superintendent of schools upon forms prescribed by the State Superintendent of Education the district's claim for reimbursement for the year ended on June 30 next preceding. The regional superintendent of schools shall check all transportation claims to ascertain compliance with the prescribed standards and upon his approval shall certify not later than July 25 to the State Superintendent of Education the regional report of claims for reimbursements. The State Superintendent of Education shall check and approve the claims and prepare the vouchers showing the amounts due for district reimbursement claims. Beginning with the 1977 fiscal year, the State Superintendent of Education shall prepare and transmit the first 3 vouchers to the Comptroller on the 30th day of September, December and March, respectively, and the final voucher, no later than June 15.

If the amount appropriated for transportation reimbursement is insufficient to fund total claims for any fiscal year, the State Board of Education shall reduce each school district's allowable costs and flat grant amount proportionately to make total adjusted claims equal the total amount appropriated.

For purposes of calculating claims for reimbursement under this Section for any school year beginning July 1, 1998, or thereafter, the equalized assessed valuation for a school district used to compute reimbursement shall be computed in the same manner as it is computed under paragraph (2) of subsection (G) of Section 18-8.05.

All reimbursements received from the State shall be deposited into the district's transportation fund or into the fund from which the allowable expenditures were made.

Notwithstanding any other provision of law, any school district receiving a payment under this Section or under Section 14-7.02, 14-7.02a, or 14-13.01 of this Code may classify all or a portion of the funds that it receives in a particular fiscal year or from general State aid pursuant to Section 18-8.05 of this Code as funds received in connection with any funding program for which it is entitled to receive funds from the State in that fiscal year (including, without limitation, any funding program referenced in this Section), regardless of the source or timing of the receipt. The district may not classify more funds as funds received in connection with the funding program than the district is entitled to receive in that fiscal year for that program. Any classification by a district must be made by a resolution of its board of education. The resolution must identify the amount of any payments or general State aid to be classified under this paragraph and must specify the funding program to which the funds are to be treated as received in connection therewith. This resolution is

controlling as to the classification of funds referenced therein. A certified copy of the resolution must be sent to the State Superintendent of Education. The resolution shall still take effect even though a copy of the resolution has not been sent to the State Superintendent of Education in a timely manner. No classification under this paragraph by a district shall affect the total amount or timing of money the district is entitled to receive under this Code. No classification under this paragraph by a district shall in any way relieve the district from or affect any requirements that otherwise would apply with respect to that funding program, including any accounting of funds by source, reporting expenditures by original source and purpose, reporting requirements, or requirements of providing services.

Any school district with a population of not more than 500,000 must deposit all funds received under this Article into the transportation fund and use those funds for the provision of transportation services.

PUBLIC ACT 92-0569
(House Bill No. 4037)

AN ACT concerning higher education student assistance.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Higher Education Student Assistance Act is amended by adding Section 65.70 as follows:

(110 ILCS 947/65.70 new)

Sec. 65.70. Optometric Education Scholarship Program.

(a) The General Assembly finds and declares that the provision of graduate education leading to a doctoral degree in optometry for persons of this State who desire such an education is important to the health and welfare of this State and Nation and, consequently, is an important public purpose. Many qualified potential optometrists are deterred by financial considerations from pursuing their optometric education with consequent irreparable loss to the State and Nation of talents vital to health and welfare. A program of scholarships, repayment of which may be excused if the individual practices professional optometry in this State, will enable such individuals to attend qualified public or private institutions of their choice in the State.

(b) Beginning with the 2003-2004 academic year, the Commission shall, each year, consider applications for scholarship assistance under this Section. An applicant is eligible for a scholarship under this Section if the Commission finds that the applicant is:

1) a United States citizen or eligible noncitizen;
2) a resident of Illinois; and

New matter indicated by italics - deletions by strikeout.
(3) enrolled on a full-time basis in a public or private college of optometry located in this State that awards a doctorate degree in optometry and is approved by the Department of Professional Regulation.

(c) Each year the Commission shall award 10 scholarships under this Section among applicants qualified pursuant to subsection (b). Two of these scholarships each shall be awarded to eligible applicants enrolled in their first year, second year, third year, and fourth year. The remaining 2 scholarships shall be awarded to any level of student. The Commission shall receive funding for the scholarships through appropriations from the Optometric Licensing and Disciplinary Board Fund. If in any year the number of qualified applicants exceeds the number of scholarships to be awarded, the Commission shall give priority in awarding scholarships to students demonstrating exceptional merit and who are in financial need. A scholarship shall be in the amount of $5,000 each year applicable to tuition and fees.

(d) The total amount of scholarship assistance awarded by the Commission under this Section to an individual in any given fiscal year, when added to other financial assistance awarded to that individual for that year, shall not exceed the cost of attendance at the institution at which the student is enrolled.

(e) A recipient may receive up to 8 semesters or 12 quarters of scholarship assistance under this Section.

(f) Subject to a separate appropriation made for such purposes, payment of any scholarship awarded under this Section shall be determined by the Commission. All scholarship funds distributed in accordance with this Section shall be paid to the institution on behalf of the recipients. Scholarship funds are applicable toward 2 semesters or 3 quarters of enrollment within an academic year.

(g) The Commission shall administer the Optometric Education Scholarship Program established by this Section and shall make all necessary and proper rules not inconsistent with this Section for its effective implementation.

(h) Prior to receiving scholarship assistance for any academic year, each recipient of a scholarship awarded under this Section shall be required by the Commission to sign an agreement under which the recipient pledges that, within the one-year period following the termination of the academic program for which the recipient was awarded a scholarship, the recipient shall practice in this State as a licensed optometrist under the Illinois Optometric Practice Act of 1987 for a period of not less than one year for each year of scholarship assistance awarded under this Section. Each recipient shall, upon request of the Commission, provide the Commission with evidence that he or she is fulfilling or has fulfilled the terms of the practice agreement provided for in this subsection.

(i) If a recipient of a scholarship awarded under this Section fails to fulfill the practice obligation set forth in subsection (h) of this Section, the Commission shall require the recipient to repay the amount of the scholarships received, prorated according to the fraction of the obligation not completed, plus interest at a rate of 5% and, if applicable, reasonable collection fees. The Commission is authorized to establish rules relating to its collection activities for repayment of scholarships under this Section.
(j) A recipient of a scholarship awarded by the Commission under this Section shall not be in violation of the agreement entered into pursuant to subsection (h) if the recipient (i) is serving as a member of the armed services of the United States; (ii) is enrolled in a residency program following graduation at an approved institution; (iii) is temporarily totally disabled, as established by sworn affidavit of a qualified physician; or (iii) cannot fulfill the employment obligation due to his or her death, disability, or incompetency, as established by sworn affidavit of a qualified physician. No claim for repayment may be filed against the estate of such a decedent or incompetent. Any extension of the period during which the employment requirement must be fulfilled shall be subject to limitations of duration as established by the Commission.

Section 10. The Illinois Optometric Practice Act of 1987 is amended by changing Section 20 as follows:

(225 ILCS 80/20) (from Ch. 111, par. 3920)
(Section scheduled to be repealed on January 1, 2007)
Sec. 20. Fund. All moneys received by the Department pursuant to this Act shall be deposited in the Optometric Licensing and Disciplinary Board Fund, which is hereby created as a special fund in the State Treasury, and shall be used only for the administration of this Act, including: (a) by the Board in the exercise of its powers and performance of its duties, as such use is made by the Department with full consideration of all recommendations of the Board; (b) for costs directly related to license renewal of persons licensed under this Act; and (c) for direct and allocable indirect costs related to the public purposes of the Department of Professional Regulation. Subject to appropriation, moneys in the Optometric Licensing and Disciplinary Board Fund may be used for the Optometric Education Scholarship Program administered by the Illinois Student Assistance Commission pursuant to Section 65.70 of the Higher Education Student Assistance Act.

Moneys in the Fund may be transferred to the Professions Indirect Cost Fund as authorized under Section 2105-300 of the Department of Professional Regulation Law (20 ILCS 2105/2105-300).

Money in the Optometric Licensing and Disciplinary Board Fund may be invested and reinvested, with all earnings received from such investment to be deposited in the Optometric Licensing and Disciplinary Board Fund and used for the same purposes as fees deposited in such fund.

Any monies in the Optometric Examining and Disciplinary Board Fund on the effective date of this Act shall be transferred to the Optometric Licensing and Disciplinary Board Fund.

Any obligations of the Optometric Examining and Disciplinary Board Fund unpaid on the effective date of this Act shall be paid from the Optometric Licensing and Disciplinary Board Fund.

PUBLIC ACT 92-0571
(House Bill No. 4936)

AN ACT in relation to criminal law.

Whereas: The interstate compact for the supervision of Parolees and Probationers was established in 1937, it is the earliest corrections "compact" established among the states and has not been amended since its adoption over 62 years ago;

Whereas: This compact is the only vehicle for the controlled movement of adult parolees and probationers across state lines, and it currently has jurisdiction over more than a quarter of a million offenders;

Whereas: The complexities of the compact have become more difficult to administer, and many jurisdictions have expanded supervision expectations to include currently unregulated practices such as victim input, victim notification requirements and sex offender registration;

Whereas: After hearings, national surveys, and a detailed study by a task force appointed by the National Institute of Corrections, the overwhelming recommendation has been to amend the document to bring about an effective management capacity that addresses

public safety concerns and offender accountability;

Whereas: Upon the adoption of this Interstate Compact for Adult Offender Supervision, it is the intention of the legislature to repeal the previous Interstate Compact for the Supervision of Parolees and Probationers on the effective date of this Compact; therefore

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Interstate Compact for Adult Offender Supervision.

Section 5. Interstate Compact for Adult Offender Supervision. The Governor of this State is hereby authorized and directed to enter into a compact on behalf of this State with any of the United States legally joining therein in the form substantially as follows:

ARTICLE I: PURPOSE

(a) The compacting states to this Interstate Compact recognize that each state is responsible for the supervision of adult offenders in the community who are authorized pursuant to the Bylaws and Rules of this compact to travel across state lines both to and from each compacting state in such a manner as to: track the location of offenders, transfer supervision authority in an orderly and efficient manner, and when necessary return offenders to the originating jurisdictions. The compacting states also recognize that Congress, by enacting the Crime Control Act, 4 U.S.C. Section 112 (1965), has authorized and encouraged compacts for cooperative efforts and mutual assistance in the prevention of crime.

(b) It is the purpose of this compact and the Interstate Commission created hereunder, through means of joint and cooperative action among the compacting states: to provide the framework for the promotion of public safety and protect the rights of victims through the control and regulation of the interstate movement of offenders in the community; to provide for the effective tracking, supervision, and rehabilitation of these offenders by the sending and receiving states; and to equitably distribute the costs, benefits and obligations of the compact among the compacting states.

(c) In addition, this compact will: create an Interstate Commission which will establish uniform procedures to manage the movement between states of adults placed under community supervision and released to the community under the jurisdiction of courts, paroling authorities, corrections or other criminal justice agencies which will promulgate rules to achieve the purpose of this compact; ensure an opportunity for input and timely notice to victims and to jurisdictions where defined offenders are authorized to travel or to relocate across state lines; establish a system of uniform data collection, access to information on active cases by authorized criminal justice officials, and regular reporting of Compact activities to heads of state councils, state executive, judicial, and legislative branches and criminal justice administrators; monitor compliance with rules governing interstate movement of offenders and initiate interventions to address and correct non-compliance; and coordinate training and education regarding regulations of interstate movement of offenders for officials involved in such activity.

(d) The compacting states recognize that there is no "right" of any offender to live in
another state and that duly accredited officers of a sending state may at all times enter a receiving state and there apprehend and retake any offender under supervision subject to the provisions of this compact and Bylaws and Rules promulgated hereunder. It is the policy of the compacting states that the activities conducted by the Interstate Commission created herein are the formation of public policies and are therefore public business.
