(c) If the court determines after a hearing that there is probable cause to believe that the person named in the petition is a sexually violent person, the court shall order that the person be taken into custody if he or she is not in custody and shall order the person to be transferred within a reasonable time to an appropriate facility for an evaluation as to whether the person is a sexually violent person. If the person who is named in the petition refuses to speak to, communicate with, or otherwise fails to cooperate with the examining evaluator from the Department of Human Services or the Department of Corrections, that
person may only introduce evidence and testimony from any expert or professional person who is retained or court-appointed to conduct an examination of the person that results from a review of the records and may not introduce evidence resulting from an examination of the person. Any evaluation conducted under this Section shall be by an evaluator approved by the Sex Offender Management Board and conducted in conformance with the standards developed under the Sex Offender Management Board Act. Notwithstanding the provisions of Section 10 of the Mental Health and Developmental Disabilities Confidentiality Act, all evaluations conducted pursuant to this Act and all Illinois Department of Corrections treatment records shall be admissible at all proceedings held pursuant to this Act, including the probable cause hearing and the trial.

If the court determines that probable cause does not exist to believe that the person is a sexually violent person, the court shall dismiss the petition.

(d) The Department shall promulgate rules that provide the qualifications for persons conducting evaluations under subsection (c) of this Section.

(e) If the person named in the petition claims or appears to be indigent, the court shall, prior to the probable cause hearing under subsection (b) of this Section, appoint counsel.

(725 ILCS 207/40)
Sec. 40. Commitment.
(a) If a court or jury determines that the person who is the subject of a petition under Section 15 of this Act is a sexually violent person, the court shall order the person to be committed to the custody of the Department for control, care and treatment until such time as the person is no longer a sexually violent person.

(b) (1) The court shall enter an initial commitment order under this Section pursuant to a hearing held as soon as practicable after the judgment is entered that the person who is the subject of a petition under Section 15 is a sexually violent person. If the court lacks sufficient information to make the determination required by paragraph (b)(2) of this Section immediately after trial, it may adjourn the hearing and order the Department to conduct a predisposition investigation or a supplementary mental examination, or both, to assist the court in framing the commitment order. A supplementary mental examination under this Section shall be conducted in accordance with Section 3-804 of the Mental Health and Developmental Disabilities Code.

(2) An order for commitment under this Section shall specify either institutional care in a secure facility, as provided under Section 50 of this Act, or conditional release. In determining whether commitment shall be for institutional care in a secure facility or for conditional release, the court shall consider the nature and circumstances of the behavior that was the basis of the allegation in the petition under paragraph (b)(1) of Section 15, the person's mental history and present mental condition, where the person will live, how the person will support
himself or herself, and what arrangements are available to ensure that the person has access to and will participate in necessary treatment. All treatment, whether in institutional care, in a secure facility, or while on conditional release, shall be conducted in conformance with the standards developed under the Sex Offender Management Board Act and conducted by a treatment provider approved by the Board. The Department shall arrange for control, care and treatment of the person in the least restrictive manner consistent with the requirements of the person and in accordance with the court's commitment order.

(3) If the court finds that the person is appropriate for conditional release, the court shall notify the Department. The Department shall prepare a plan that identifies the treatment and services, if any, that the person will receive in the community. The plan shall address the person's need, if any, for supervision, counseling, medication, community support services, residential services, vocational services, and alcohol or other drug abuse treatment. The Department may contract with a county health department, with another public agency or with a private agency to provide the treatment and services identified in the plan. The plan shall specify who will be responsible for providing the treatment and services identified in the plan. The plan shall be presented to the court for its approval within 60 days after the court finding that the person is appropriate for conditional release, unless the Department and the person to be released request additional time to develop the plan. The conditional release program operated under this Section is not subject to the provisions of the Mental Health and Developmental Disabilities Confidentiality Act.

(4) An order for conditional release places the person in the custody and control of the Department. A person on conditional release is subject to the conditions set by the court and to the rules of the Department. Before a person is placed on conditional release by the court under this Section, the court shall so notify the municipal police department and county sheriff for the municipality and county in which the person will be residing. The notification requirement under this Section does not apply if a municipal police department or county sheriff submits to the court a written statement waiving the right to be notified. If the Department alleges that a released person has violated any condition or rule, or that the safety of others requires that conditional release be revoked, he or she may be taken into custody under the rules of the Department.

At any time during which the person is on conditional release, if the Department determines that the person has violated any condition or rule, or that the safety of others requires that conditional release be revoked, the Department may request the Attorney General or State's Attorney to request the court to issue an emergency ex parte order directing any law enforcement officer to take the person into custody and transport the person to the county jail. The Department

may request, or the Attorney General or State's Attorney may request independently of the Department, that a petition to revoke conditional release be filed. When a petition is filed, the court may order the Department to issue a notice to the person to be present at the Department or other agency designated by the court, order a summons to the person to be present, or order a body attachment for all law enforcement officers to take the person into custody and transport him or her to the county jail, hospital, or treatment facility. The Department shall submit a statement showing probable cause of the detention and a petition to revoke the order for conditional release to the committing court within 48 hours after the detention. The court shall hear the petition within 30 days, unless the hearing or time deadline is waived by the detained person. Pending the revocation hearing, the Department may detain the person in a jail, in a hospital or treatment facility. The State has the burden of proving by clear and convincing evidence that any rule or condition of release has been violated, or that the safety of others requires that the conditional release be revoked. If the court determines after hearing that any rule or condition of release has been violated, or that the safety of others requires that conditional release be revoked, it may revoke the order for conditional release and order that the released person be placed in an appropriate institution until the person is discharged from the commitment under Section 65 of this Act or until again placed on conditional release under Section 60 of this Act.

(5) An order for conditional release places the person in the custody, care, and control of the Department. The court shall order the person be subject to the following rules of conditional release, in addition to any other conditions ordered, and the person shall be given a certificate setting forth the conditions of conditional release. These conditions shall be that the person:

(A) not violate any criminal statute of any jurisdiction;
(B) report to or appear in person before such person or agency as directed by the court and the Department;
(C) refrain from possession of a firearm or other dangerous weapon;
(D) not leave the State without the consent of the court or, in circumstances in which the reason for the absence is of such an emergency nature, that prior consent by the court is not possible without the prior notification and approval of the Department;
(E) at the direction of the Department, notify third parties of the risks that may be occasioned by his or her criminal record or sexual offending history or characteristics, and permit the supervising officer or agent to make the notification requirement;

New matter indicated by italics - deletions by strikeout
(F) attend and fully participate in assessment, treatment, and behavior monitoring including, but not limited to, medical, psychological or psychiatric treatment specific to sexual offending, drug addiction, or alcoholism, to the extent appropriate to the person based upon the recommendation and findings made in the Department evaluation or based upon any subsequent recommendations by the Department;

(G) waive confidentiality allowing the court and Department access to assessment or treatment results or both;

(H) work regularly at a Department approved occupation or pursue a course of study or vocational training and notify the Department within 72 hours of any change in employment, study, or training;

(I) not be employed or participate in any volunteer activity that involves contact with children, except under circumstances approved in advance and in writing by the Department officer;

(K) financially support his or her dependents and provide the Department access to any requested financial information;

   (i) remain within the interior premises of the place designated for his or her confinement during the hours designated by the Department;

   (ii) admit any person or agent designated by the Department into the offender's place of confinement at any time for purposes of verifying the person's compliance with the condition of his or her confinement;

   (iii) if deemed necessary by the Department, be placed on an electronic monitoring device;

(M) comply with the terms and conditions of an order of protection issued by the court pursuant to the Illinois Domestic Violence Act of 1986. A copy of the order of protection shall be transmitted to the Department by the clerk of the court;

(N) refrain from entering into a designated geographic area except upon terms the Department finds appropriate. The terms may include consideration of the purpose of the entry, the time of day,
others accompanying the person, and advance approval by the Department;

(O) refrain from having any contact, including written or oral communications, directly or indirectly, with certain specified persons including, but not limited to, the victim or the victim's family, and report any incidental contact with the victim or the victim's family to the Department within 72 hours; refrain from entering onto the premises of, traveling past, or loitering near the victim's residence, place of employment, or other places frequented by the victim;

(P) refrain from having any contact, including written or oral communications, directly or indirectly, with particular types of persons, including but not limited to members of street gangs, drug users, drug dealers, or prostitutes;

(Q) refrain from all contact, direct or indirect, personally, by telephone, letter, or through another person, with minor children without prior identification and approval of the Department;

(R) refrain from having in his or her body the presence of alcohol or any illicit drug prohibited by the Cannabis Control Act or the Illinois Controlled Substances Act, unless prescribed by a physician, and submit samples of his or her breath, saliva, blood, or urine for tests to determine the presence of alcohol or any illicit drug;

(S) not establish a dating, intimate, or sexual relationship with a person without prior written notification to the Department;

(T) neither possess or have under his or her control any material that is pornographic, sexually oriented, or sexually stimulating, or that depicts or alludes to sexual activity or depicts minors under the age of 18, including but not limited to visual, auditory, telephonic, electronic media, or any matter obtained through access to any computer or material linked to computer access use;

(Z) not possess or have under his or her control certain specified items of contraband related to the incidence of sexually offending items including video or still camera items or children's toys;

(AA) provide a written daily log of activities as directed by the Department;

(BB) comply with all other special conditions that the Department may impose that restrict the person from high-risk situations and limit access or potential victims.

(6) A person placed on conditional release and who during the term undergoes mandatory drug or alcohol testing or is assigned to be placed on an approved electronic monitoring device may be ordered to pay all costs incidental to the mandatory drug or alcohol testing and all costs incidental to the approved electronic monitoring in accordance with the person's ability to pay those costs. The Department may establish reasonable fees for the cost of maintenance, testing, and incidental expenses related to the mandatory drug or alcohol testing and all costs incidental to approved electronic monitoring.

Sec. 55. Periodic reexamination; report.

(a) If a person has been committed under Section 40 of this Act and has not been discharged under Section 65 of this Act, the Department shall conduct an examination of his or her mental condition within 6 months after an initial commitment under Section 40 and then at least once every 12 months from the completion of the last evaluation for the purpose of determining whether the person has made sufficient progress to be conditionally released or discharged. At the time of a reexamination under this Section, the person who has been committed may retain or, if he or she is indigent and so requests, the court may appoint a qualified expert or a professional person to examine him or her.

(b) Any examiner conducting an examination under this Section shall prepare a written report of the examination no later than 30 days after the date of the examination. The examiner shall place a copy of the report in the person's health care records and shall provide a copy of the report to the court that committed the person under Section 40. The examination shall be conducted in conformance with the standards developed under the Sex Offender Management Board Act and by an evaluator approved by the Board.
(c) Notwithstanding subsection (a) of this Section, the court that committed a person under Section 40 may order a reexamination of the person at any time during the period in which the person is subject to the commitment order.

(d) Petitions for discharge after reexamination must follow the procedure outlined in Section 65 of this Act.

Sec. 60. Petition for conditional release.

(a) Any person who is committed for institutional care in a secure facility or other facility under Section 40 of this Act may petition the committing court to modify its order by authorizing conditional release if at least 6 months have elapsed since the initial commitment order was entered, the most recent release petition was denied or the most recent order for conditional release was revoked. The director of the facility at which the person is placed may file a petition under this Section on the person's behalf at any time.

(b) If the person files a timely petition without counsel, the court shall serve a copy of the petition on the Attorney General or State's Attorney, whichever is applicable and, subject to paragraph (c)(1) of Section 25 of this Act, appoint counsel. If the person petitions through counsel, his or her attorney shall serve the Attorney General or State's Attorney, whichever is applicable.

(c) Within 20 days after receipt of the petition, the court shall appoint one or more examiners having the specialized knowledge determined by the court to be appropriate, who shall examine the mental condition of the person and furnish a written report of the examination to the court within 30 days after appointment. The examiners shall have reasonable access to the person for purposes of examination and to the person's past and present treatment records and patient health care records. If any such examiner believes that the person is appropriate for conditional release, the examiner shall report on the type of treatment and services that the person may need while in the community on conditional release. The State has the right to have the person evaluated by experts chosen by the State. Any examination or evaluation conducted under this Section shall be in conformance with the standards developed under the Sex Offender Management Board Act and conducted by an evaluator approved by the Board. The court shall set a probable cause hearing as soon as practical after the examiner's report is filed. If the court determines at the probable cause hearing that cause exists to believe that it is not substantially probable that the person will engage in acts of sexual violence if on release or conditional release, the court shall set a hearing on the issue.

(d) The court, without a jury, shall hear the petition within 30 days after the report of the court-appointed examiner is filed with the court, unless the petitioner waives this time limit. The court shall grant the petition unless the State proves by clear and convincing evidence that the person has not made sufficient progress to be conditionally

released. In making a decision under this subsection, the court must consider the nature and circumstances of the behavior that was the basis of the allegation in the petition under paragraph (b)(1) of Section 15 of this Act, the person's mental history and present mental condition, where the person will live, how the person will support himself or herself and what arrangements are available to ensure that the person has access to and will participate in necessary treatment.

(e) Before the court may enter an order directing conditional release to a less restrictive alternative it must find the following: (1) the person will be treated by a Department approved treatment provider, (2) the treatment provider has presented a specific course of treatment and has agreed to assume responsibility for the treatment and will report progress to the Department on a regular basis, and will report violations immediately to the Department, consistent with treatment and supervision needs of the respondent, (3) housing exists that is sufficiently secure to protect the community, and the person or agency providing housing to the conditionally released person has agreed in writing to accept the person, to provide the level of security required by the court, and immediately to report to the Department if the person leaves the housing to which he or she has been assigned without authorization, (4) the person is willing to or has agreed to comply with the treatment provider, the Department, and the court, and (5) the person has agreed or is willing to agree to comply with the behavioral monitoring requirements imposed by the court and the Department.

(f) If the court finds that the person is appropriate for conditional release, the court shall notify the Department. The Department shall prepare a plan that identifies the treatment and services, if any, that the person will receive in the community. The plan shall address the person's need, if any, for supervision, counseling, medication, community support services, residential services, vocational services, and alcohol or other drug abuse treatment. The Department may contract with a county health department, with another public agency or with a private agency to provide the treatment and services identified in the plan. The plan shall specify who will be responsible for providing the treatment and services identified in the plan. The plan shall be presented to the court for its approval within 60 days after the court finding that the person is appropriate for conditional release, unless the Department and the person to be released request additional time to develop the plan.

(g) The provisions of paragraph (b)(4) of Section 40 of this Act apply to an order for conditional release issued under this Section.

Sec. 65. Petition for discharge; procedure.

(a)(1) If the Secretary determines at any time that a person committed under this Act is no longer a sexually violent person, the Secretary shall authorize the person to petition the committing court for discharge. The person shall file the petition with the court.

and serve a copy upon the Attorney General or the State's Attorney's office that filed the petition under subsection (a) of Section 15 of this Act, whichever is applicable. The court, upon receipt of the petition for discharge, shall order a hearing to be held within 45 days after the date of receipt of the petition.

(2) At a hearing under this subsection, the Attorney General or State's Attorney, whichever filed the original petition, shall represent the State and shall have the right to have the petitioner examined by an expert or professional person of his or her choice. The examination shall be conducted in conformance with the standards developed under the Sex Offender Management Board Act and by an evaluator approved by the Board. The committed person or the State may elect to have the hearing before a jury. The State has the burden of proving by clear and convincing evidence that the petitioner is still a sexually violent person.

(3) If the court or jury is satisfied that the State has not met its burden of proof under paragraph (a)(2) of this Section, the petitioner shall be discharged from the custody or supervision of the Department. If the court is satisfied that the State has met its burden of proof under paragraph (a)(2), the court may proceed under Section 40 of this Act to determine whether to modify the petitioner's existing commitment order.

(b)(1) A person may petition the committing court for discharge from custody or supervision without the Secretary's approval. At the time of an examination under subsection (a) of Section 55 of this Act, the Secretary shall provide the committed person with a written notice of the person's right to petition the court for discharge over the Secretary's objection. The notice shall contain a waiver of rights. The Secretary shall forward the notice and waiver form to the court with the report of the Department's examination under Section 55 of this Act. If the person does not affirmatively waive the right to petition, the court shall set a probable cause hearing to determine whether facts exist that warrant a hearing on whether the person is still a sexually violent person. If a person does not file a petition for discharge, yet fails to waive the right to petition under this Section, then the probable cause hearing consists only of a review of the reexamination reports and arguments on behalf of the parties. The committed person has a right to have an attorney represent him or her at the probable cause hearing, but the person is not entitled to be present at the probable cause hearing. The probable cause hearing under this Section must be held within 45 days of the filing of the reexamination report under Section 55 of this Act.

(2) If the court determines at the probable cause hearing under paragraph (b)(1) of this Section that probable cause exists to believe that the committed person is no longer a sexually violent person, then the court shall set a hearing on the issue. At a hearing under this Section, the committed person is entitled to be present and to the benefit of the protections afforded to the person under Section 25 of this Act. The committed person or the State may elect to have a hearing under this Section before a jury. A verdict of a jury under this Section is not valid unless it is unanimous. The Attorney General or State's
Attorney, whichever filed the original petition, shall represent the State at a hearing under this Section. The State has the right to have the committed person evaluated by experts chosen by the State. The examination shall be conducted in conformance with the standards developed under the Sex Offender Management Board Act and by an evaluator approved by the Board. At the hearing, the State has the burden of proving by clear and convincing evidence that the committed person is still a sexually violent person.

(3) If the court or jury is satisfied that the State has not met its burden of proof under paragraph (b)(2) of this Section, the person shall be discharged from the custody or supervision of the Department. If the court or jury is satisfied that the State has met its burden of proof under paragraph (b)(2) of this Section, the court may proceed under Section 40 of this Act to determine whether to modify the person's existing commitment order.

(730 ILCS 5/3-6-2) (from Ch. 38, par. 1003-6-2)
Sec. 3-6-2. Institutions and Facility Administration.

(a) Each institution and facility of the Department shall be administered by a chief administrative officer appointed by the Director. A chief administrative officer shall be responsible for all persons assigned to the institution or facility. The chief administrative officer shall administer the programs of the Department for the custody and treatment of such persons.

(b) The chief administrative officer shall have such assistants as the Department may assign.

(c) The Director or Assistant Director shall have the emergency powers to temporarily transfer individuals without formal procedures to any State, county, municipal or regional correctional or detention institution or facility in the State, subject to the acceptance of such receiving institution or facility, or to designate any reasonably secure place in the State as such an institution or facility and to make transfers thereto. However, transfers made under emergency powers shall be reviewed as soon as practicable under Article 8, and shall be subject to Section 5-905 of the Juvenile Court Act of 1987. This Section shall not apply to transfers to the Department of Human Services which are provided for under Section 3-8-5 or Section 3-10-5.

(d) The Department shall provide educational programs for all committed persons so that all persons have an opportunity to attain the achievement level equivalent to the completion of the twelfth grade in the public school system in this State. Other higher levels of attainment shall be encouraged and professional instruction shall be maintained wherever possible. The Department may establish programs of mandatory education and may establish rules and regulations for the administration of such programs. A person committed to the Department who, during the period of his or her incarceration,
participates in an educational program provided by or through the Department and through that program is awarded or earns the number of hours of credit required for the award of an associate, baccalaureate, or higher degree from a community college, college, or university located in Illinois shall reimburse the State, through the Department, for the costs incurred by the State in providing that person during his or her incarceration with the education that qualifies him or her for the award of that degree. The costs for which reimbursement is required under this subsection shall be determined and computed by the Department under rules and regulations that it shall establish for that purpose. However, interest at the rate of 6% per annum shall be charged on the balance of those costs from time to time remaining unpaid, from the date of the person's parole, mandatory supervised release, or release constituting a final termination of his or her commitment to the Department until paid.

(e) A person committed to the Department who becomes in need of medical or surgical treatment but is incapable of giving consent thereto shall receive such medical or surgical treatment by the chief administrative officer consenting on the person's behalf. Before the chief administrative officer consents, he or she shall obtain the advice of one or more physicians licensed to practice medicine in all its branches in this State. If such physician or physicians advise:

(1) that immediate medical or surgical treatment is required relative to a condition threatening to cause death, damage or impairment to bodily functions, or disfigurement; and

(2) that the person is not capable of giving consent to such treatment; the chief administrative officer may give consent for such medical or surgical treatment, and such consent shall be deemed to be the consent of the person for all purposes, including, but not limited to, the authority of a physician to give such treatment.

(f) In the event that the person requires medical care and treatment at a place other than the institution or facility, the person may be removed therefrom under conditions prescribed by the Department. The Department shall require the committed person receiving medical or dental services on a non-emergency basis to pay a $2 co-payment to the Department for each visit for medical or dental services. The amount of each co-payment shall be deducted from the committed person's individual account. A committed person who has a chronic illness, as defined by Department rules and regulations, shall be exempt from the $2 co-payment for treatment of the chronic illness. A committed person shall not be subject to a $2 co-payment for follow-up visits ordered by a physician, who is employed by, or contracts with, the Department. A committed person who is indigent is exempt from the $2 co-payment and is entitled to receive medical or dental services on the same basis as a committed person who is financially able to afford the co-payment. Notwithstanding any other provision in this subsection (f) to the contrary, any person committed to any facility operated by the Juvenile Division, as set forth in subsection (b) of
Section 3-2-5 of this Code, is exempt from the co-payment requirement for the duration of confinement in those facilities.

(g) Any person having sole custody of a child at the time of commitment or any woman giving birth to a child after her commitment, may arrange through the Department of Children and Family Services for suitable placement of the child outside of the Department of Corrections. The Director of the Department of Corrections may determine that there are special reasons why the child should continue in the custody of the mother until the child is 6 years old.

(h) The Department may provide Family Responsibility Services which may consist of, but not be limited to the following:

1. family advocacy counseling;
2. parent self-help group;
3. parenting skills training;

Sec. 5-3-1. Presentence Investigation. A defendant shall not be sentenced for a felony before a written presentence report of investigation is presented to and considered by the court.

However, in cases other than felony sex offenses as defined in the Sex Offender Management Board Act, the court need not order a presentence report of investigation where both parties agree to the imposition of a specific sentence, provided there is a finding made for the record as to the defendant's history of delinquency or criminality, including any previous sentence to a term of probation, periodic imprisonment, conditional discharge, or imprisonment.

(3) the effect the offense committed has had upon the victim or victims thereof, and any compensatory benefit that various sentencing alternatives would confer on such victim or victims;

(4) information concerning the defendant's status since arrest, including his record if released on his own recognizance, or the defendant's achievement record if released on a conditional pre-trial supervision program;

If the court determines that such an examination should be made, it shall issue an order that the defendant submit to examination at such time and place as designated by the court and that such examination be conducted by a physician, psychologist or psychiatrist designated by the court. Such an examination may be conducted in a court clinic if so ordered by the court. The cost of such examination shall be paid by the county in which the trial is held.

(e) Nothing in this Section shall cause the defendant to be held without bail or to have his bail revoked for the purpose of preparing the presentence report or making an examination.
Sec. 5-4-1. Sentencing Hearing.

(a) Except when the death penalty is sought under hearing procedures otherwise specified, after a determination of guilt, a hearing shall be held to impose the sentence. However, prior to the imposition of sentence on an individual being sentenced for an offense based upon a charge for a violation of Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance, the individual must undergo a professional evaluation to determine if an alcohol or other drug abuse problem exists and the extent of such a problem. Programs conducting these evaluations shall be licensed by the Department of Human Services. However, if the individual is not a resident of Illinois, the court may, in its discretion, accept an evaluation from a program in the state of such individual's residence. The court may in its sentencing order approve an eligible defendant for placement in a Department of Corrections impact incarceration program as provided in Section 5-8-1.1 or 5-8-1.3. At the hearing the court shall:

1. Consider the evidence, if any, received upon the trial;
2. Consider any presentence reports;
3. Consider the financial impact of incarceration based on the financial impact statement filed with the clerk of the court by the Department of Corrections;
4. Consider evidence and information offered by the parties in aggravation and mitigation;
5. Hear arguments as to sentencing alternatives;
6. Afford the defendant the opportunity to make a statement in his own behalf;
7. Afford the victim of a violent crime or a violation of Section 11-501 of the Illinois Vehicle Code, or a similar provision of a local ordinance, or a qualified individual affected by a violation of Section 405, 405.1, 405.2, or 407 of the Illinois Controlled Substances Act, committed by the defendant the opportunity to make a statement concerning the impact on the victim and to offer evidence in aggravation or mitigation; provided that the statement and evidence offered in aggravation or mitigation must first be prepared in writing in conjunction with the State's Attorney before it may be presented orally at the hearing. Any sworn testimony offered by the victim is subject to the defendant's right to cross-examine. All statements and evidence offered under this paragraph shall become part of the record of the court. For the purpose of this paragraph (7), "qualified individual" means any person who (i) lived or worked within the territorial jurisdiction where the offense took place when the offense took place; and (ii) is familiar with various public places within the territorial jurisdiction where the offense took place when the offense took place. For the purposes of
this paragraph (7), "qualified individual" includes any peace officer, or any
member of any duly organized State, county, or municipal peace unit assigned to
the territorial jurisdiction where the offense took place when the offense took
place; and

(8) in cases of reckless homicide afford the victim's spouse, guardians,
parents or other immediate family members an opportunity to make oral
statements; and:

(9) in cases involving a felony sex offense as defined under the Sex
Offender Management Board Act, consider the results of the sex offender
evaluation conducted pursuant to Section 5-3-2 of this Act.

(b) All sentences shall be imposed by the judge based upon his independent
assessment of the elements specified above and any agreement as to sentence reached by
the parties. The judge who presided at the trial or the judge who accepted the plea of guilty
shall impose the sentence unless he is no longer sitting as a judge in that court. Where the
judge does not impose sentence at the same time on all defendants who are convicted as a
result of being involved in the same offense, the defendant or the State's Attorney may
advise the sentencing court of the disposition of any other defendants who have been
sentenced.

(c) In imposing a sentence for a violent crime or for an offense of operating or
being in physical control of a vehicle while under the influence of alcohol, any other drug
or any combination thereof, or a similar provision of a local ordinance, when such offense
resulted in the personal injury to someone other than the defendant, the trial judge shall
specify on the record the particular evidence, information, factors in mitigation and
aggravation or other reasons that led to his sentencing determination. The full verbatim
record of the sentencing hearing shall be filed with the clerk of the court and shall be a
public record.

(c-1) In imposing a sentence for the offense of aggravated kidnapping for
ransom, home invasion, armed robbery, aggravated vehicular hijacking, aggravated
discharge of a firearm, or armed violence with a category I weapon or category II weapon,
the trial judge shall make a finding as to whether the conduct leading to conviction for the
offense resulted in great bodily harm to a victim, and shall enter that finding and the basis
for that finding in the record.

(c-2) If the defendant is sentenced to prison, other than when a sentence of
natural life imprisonment or a sentence of death is imposed, at the time the sentence is
imposed the judge shall state on the record in open court the approximate period of time
the defendant will serve in custody according to the then current statutory rules and
regulations for early release found in Section 3-6-3 and other related provisions of this
Code. This statement is intended solely to inform the public, has no legal effect on the
defendant's actual release, and may not be relied on by the defendant on appeal.

The judge's statement, to be given after pronouncing the sentence, other than when the sentence is imposed for one of the offenses enumerated in paragraph (a)(3) of Section 3-6-3, shall include the following:

"The purpose of this statement is to inform the public of the actual period of time this defendant is likely to spend in prison as a result of this sentence. The actual period of prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. In this case, assuming the defendant receives all of his or her good conduct credit, the period of estimated actual custody is ... years and ... months, less up to 180 days additional good conduct credit for meritorious service. If the defendant, because of his or her own misconduct or failure to comply with the institutional regulations, does not receive those credits, the actual time served in prison will be longer. The defendant may also receive an additional one-half day good conduct credit for each day of participation in vocational, industry, substance abuse, and educational programs as provided for by Illinois statute."

When the sentence is imposed for one of the offenses enumerated in paragraph (a)(3) of Section 3-6-3, other than when the sentence is imposed for one of the offenses enumerated in paragraph (a)(2) of Section 3-6-3 committed on or after June 19, 1998, and other than when the sentence is imposed for reckless homicide as defined in subsection (e) of Section 9-3 of the Criminal Code of 1961 if the offense was committed on or after January 1, 1999, and other than when the sentence is imposed for aggravated arson if the offense was committed on or after the effective date of this amendatory Act of the 92nd General Assembly, the judge's statement, to be given after pronouncing the sentence, shall include the following:

"The purpose of this statement is to inform the public of the actual period of time this defendant is likely to spend in prison as a result of this sentence. The actual period of prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. In this case, assuming the defendant receives all of his or her good conduct credit, the period of estimated actual custody is ... years and ... months, less up to 90 days additional good conduct credit for meritorious service. If the defendant, because of his or her own misconduct or failure to comply with the institutional regulations, does not receive those credits, the actual time served in prison will be longer. The defendant may also receive an additional one-half day good conduct credit for each day of participation in vocational, industry, substance abuse, and educational programs as provided for by Illinois statute."

When the sentence is imposed for one of the offenses enumerated in paragraph (a)(2) of Section 3-6-3, other than first degree murder, and the offense was committed on or after June 19, 1998, and when the sentence is imposed for reckless homicide as defined in subsection (e) of Section 9-3 of the Criminal Code of 1961 if the offense was committed on or after January 1, 1999, and when the sentence is imposed for aggravated arson if the offense was committed on or after the effective date of this amendatory Act of the 92nd
General Assembly, the judge's statement, to be given after pronouncing the sentence, shall include the following:

"The purpose of this statement is to inform the public of the actual period of time this defendant is likely to spend in prison as a result of this sentence. The actual period of prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. In this case, the defendant is entitled to no more than 4 1/2 days of good conduct credit for each month of his or her sentence of imprisonment. Therefore, this defendant will serve at least 85% of his or her sentence. Assuming the defendant receives 4 1/2 days credit for each month of his or her sentence, the period of estimated actual custody is ... years and ... months. If the defendant, because of his or her own misconduct or failure to comply with the institutional regulations receives lesser credit, the actual time served in prison will be longer."

When a sentence of imprisonment is imposed for first degree murder and the offense was committed on or after June 19, 1998, the judge's statement, to be given after pronouncing the sentence, shall include the following:

"The purpose of this statement is to inform the public of the actual period of time this defendant is likely to spend in prison as a result of this sentence. The actual period of prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. In this case, the defendant is not entitled to good conduct credit. Therefore, this defendant will serve 100% of his or her sentence."

(d) When the defendant is committed to the Department of Corrections, the State's Attorney shall and counsel for the defendant may file a statement with the clerk of the court to be transmitted to the department, agency or institution to which the defendant is committed to furnish such department, agency or institution with the facts and circumstances of the offense for which the person was committed together with all other factual information accessible to them in regard to the person prior to his commitment relative to his habits, associates, disposition and reputation and any other facts and circumstances which may aid such department, agency or institution during its custody of such person. The clerk shall within 10 days after receiving any such statements transmit a copy to such department, agency or institution and a copy to the other party, provided, however, that this shall not be cause for delay in conveying the person to the department, agency or institution to which he has been committed.

(e) The clerk of the court shall transmit to the department, agency or institution, if any, to which the defendant is committed, the following:

(1) the sentence imposed;
(2) any statement by the court of the basis for imposing the sentence;

(5) all statements filed under subsection (d) of this Section;
(6) any medical or mental health records or summaries of the defendant;
(7) the municipality where the arrest of the offender or the commission of the offense has occurred, where such municipality has a population of more than 25,000 persons;
(8) all statements made and evidence offered under paragraph (7) of subsection (a) of this Section; and
(9) all additional matters which the court directs the clerk to transmit.

Unless the court orders otherwise, the particular times and conditions of release shall be determined by the Department of Corrections, the sheriff, or the Superintendent of the house of corrections, who is administering the program.

(b) A sentence of periodic imprisonment may be imposed to permit the defendant to:

(2) work;
(3) conduct a business or other self-employed occupation including housekeeping;
(4) attend to family needs;
(5) attend an educational institution, including vocational education;

(e) When the court imposes a sentence of periodic imprisonment, it shall state:

   (h) All fees and costs imposed under this Section for any violation of Chapters 3, 4, 6, and 11 of the Illinois Vehicle Code, or a similar provision of a local ordinance, and any violation of the Child Passenger Protection Act, or a similar provision of a local ordinance, shall be collected and disbursed by the circuit clerk as provided under Section 27.5 of the Clerks of Courts Act.

EXECUTIVE ETHICS COMMISSION AND EXECUTIVE INSPECTORS GENERAL

Sec. 20-5. Executive Ethics Commission.

(a) The Executive Ethics Commission is created.

(b) The Executive Ethics Commission shall consist of 9 commissioners. The Governor shall appoint 5 commissioners, and the Attorney General, Secretary of State, Comptroller, and Treasurer shall each appoint one commissioner. Appointments shall be made by and with the advice and consent of the Senate by three-fifths of the elected members concurring by record vote. Any nomination not acted upon by the Senate within
60 session days of the receipt thereof shall be deemed to have received the advice and consent of the Senate. If, during a recess of the Senate, there is a vacancy in an office of commissioner, the appointing authority shall make a temporary appointment until the next meeting of the Senate when the appointing authority shall make a nomination to fill that office. No person rejected for an office of commissioner shall, except by the Senate's request, be nominated again for that office at the same session of the Senate or be appointed to that office during a recess of that Senate. No more than 5 commissioners may be of the same political party.

The terms of the initial commissioners shall commence upon qualification. Four initial appointees of the Governor, as designated by the Governor, shall serve terms running through June 30, 2007. One initial appointee of the Governor, as designated by the Governor, and the initial appointees of the Attorney General, Secretary of State, Comptroller, and Treasurer shall serve terms running through June 30, 2008. The initial appointments shall be made within 60 days after the effective date of this Act.

After the initial terms, commissioners shall serve for 4-year terms commencing on July 1 of the year of appointment and running through June 30 of the fourth following year. Commissioners may be reappointed to one or more subsequent terms.

Vacancies occurring other than at the end of a term shall be filled by the appointing authority only for the balance of the term of the commissioner whose office is vacant.

Terms shall run regardless of whether the position is filled.

c) The appointing authorities shall appoint commissioners who have experience holding governmental office or employment and shall appoint commissioners from the general public. A person is not eligible to serve as a commissioner if that person (i) has been convicted of a felony or a crime of dishonesty or moral turpitude, (ii) is, or was within the preceding 12 months, engaged in activities that require registration under the Lobbyist Registration Act, (iii) is related to the appointing authority, or (iv) is a State officer or employee.

d) The Executive Ethics Commission shall have jurisdiction over all officers and employees of State agencies other than the General Assembly, the Senate, the House of Representatives, the President and Minority Leader of the Senate, the Speaker and Minority Leader of the House of Representatives, the Senate Operations Commission, the legislative support services agencies, and the Office of the Auditor General. The jurisdiction of the Commission is limited to matters arising under this Act.

e) The Executive Ethics Commission must meet, either in person or by other technological means, at least monthly and as often as necessary. At the first meeting of the Executive Ethics Commission, the commissioners shall choose from their number a chairperson and other officers that they deem appropriate. The terms of officers shall be for 2 years commencing July 1 and running through June 30 of the second following year. Meetings shall be held at the call of the chairperson or any 3 commissioners. Official
action by the Commission shall require the affirmative vote of 5 commissioners, and a quorum shall consist of 5 commissioners. Commissioners shall receive compensation in an amount equal to the compensation of members of the State Board of Elections and may be reimbursed for their reasonable expenses actually incurred in the performance of their duties.

(f) No commissioner or employee of the Executive Ethics Commission may during his or her term of appointment or employment:
   (1) become a candidate for any elective office;
   (2) hold any other elected or appointed public office except for appointments on governmental advisory boards or study commissions or as otherwise expressly authorized by law;
   (3) be actively involved in the affairs of any political party or political organization; or
   (4) actively participate in any campaign for any elective office.

(g) An appointing authority may remove a commissioner only for cause.

(h) The Executive Ethics Commission shall appoint an Executive Director. The compensation of the Executive Director shall be as determined by the Commission or by the Compensation Review Board, whichever amount is higher. The Executive Director of the Executive Ethics Commission may employ and determine the compensation of staff, as appropriations permit.

(93 HB3412enr. Sec. 20-10 new)

Sec. 20-10. Offices of Executive Inspectors General.

(a) Five independent Offices of the Executive Inspector General are created, one each for the Governor, the Attorney General, the Secretary of State, the Comptroller, and the Treasurer. Each Office shall be under the direction and supervision of an Executive Inspector General and shall be a fully independent office with separate appropriations.

(b) The Governor, Attorney General, Secretary of State, Comptroller, and Treasurer shall each appoint an Executive Inspector General, without regard to political affiliation and solely on the basis of integrity and demonstrated ability. Appointments shall be made by and with the advice and consent of the Senate by three-fifths of the elected members concurring by record vote. Any nomination not acted upon by the Senate within 60 session days of the receipt thereof shall be deemed to have received the advice and consent of the Senate. If, during a recess of the Senate, there is a vacancy in an office of Executive Inspector General, the appointing authority shall make a temporary appointment until the next meeting of the Senate when the appointing authority shall make a nomination to fill that office. No person rejected for an office of Executive Inspector General shall, except by the Senate’s request, be nominated again for that office at the same session of the Senate or be appointed to that office during a recess of that Senate.

Nothing in this Article precludes the appointment by the Governor, Attorney General, Secretary of State, Comptroller, or Treasurer of any other inspector general

The Governor, Attorney General, Secretary of State, Comptroller, and Treasurer each may appoint an existing inspector general as the Executive Inspector General required by this Article, provided that such an inspector general is not prohibited by law, rule, jurisdiction, qualification, or interest from serving as the Executive Inspector General required by this Article. The term of each initial Executive Inspector General shall commence upon qualification and shall run through June 30, 2008. The initial appointments shall be made within 60 days after the effective date of this Act.

After the initial term, each Executive Inspector General shall serve for 5-year terms commencing on July 1 of the year of appointment and running through June 30 of the fifth following year. An Executive Inspector General may be reappointed to one or more subsequent terms.

A vacancy occurring other than at the end of a term shall be filled by the appointing authority only for the balance of the term of the Executive Inspector General whose office is vacant.

Terms shall run regardless of whether the position is filled.

(c) The Executive Inspector General appointed by the Attorney General shall have jurisdiction over the Attorney General and all officers and employees of, and vendors and others doing business with, State agencies within the jurisdiction of the Attorney General. The Executive Inspector General appointed by the Secretary of State shall have jurisdiction over the Secretary of State and all officers and employees of, and vendors and others doing business with, State agencies within the jurisdiction of the Secretary of State. The Executive Inspector General appointed by the
Governor shall have jurisdiction over the Governor, the Lieutenant Governor, and all officers and employees of, and vendors and others doing business with, executive branch State agencies under the jurisdiction of the Executive Ethics Commission and not within the jurisdiction of the Attorney General, the Secretary of State, the Comptroller, or the Treasurer.

The jurisdiction of each Executive Inspector General is to investigate allegations of fraud, waste, abuse, mismanagement, misconduct, nonfeasance, misfeasance, malfeasance, or violations of this Act or violations of other related laws and rules.

(d) The minimum compensation for each Executive Inspector General shall be determined by the Executive Ethics Commission. The actual compensation for each Executive Inspector General shall be determined by the appointing executive branch constitutional officer and must be at or above the minimum compensation level set by the Executive Ethics Commission. Subject to Section 20-45 of this Act, each Executive Inspector General has full authority to organize his or her Office of the Executive Inspector General, including the employment and determination of the compensation of staff, such as deputies, assistants, and other employees, as appropriations permit. A separate appropriation shall be made for each Office of Executive Inspector General.

(e) No Executive Inspector General or employee of the Office of the Executive Inspector General may, during his or her term of appointment or employment:

(e-2) The requirements of item (3) of subsection (e-1) may be waived by the Executive Ethics Commission.

(f) An Executive Inspector General may be removed only for cause and may be removed only by the appointing constitutional officer. At the time of the removal, the
appointing constitutional officer must report to the Executive Ethics Commission the justification for the removal.

1) To promulgate rules governing the performance of its duties and the exercise of its powers and governing the investigations of the Executive Inspectors General. It is declared to be in the public interest, safety, and welfare that the Commission adopt emergency rules under the Illinois Administrative Procedure Act to initially perform its duties under this subsection.

2) To conduct administrative hearings and rule on matters brought before the Commission only upon the receipt of pleadings filed by an Executive Inspector General and not upon its own prerogative, but may appoint special Executive Inspectors General as provided in Section 20-21. response to information reported to the Executive Inspector General as provided in this Section and not upon his or her own prerogative. Allegations may not be made anonymously. An investigation may not be initiated more than one year after the most recent act of the alleged violation or of a series of alleged violations except where there is reasonable cause to believe that fraudulent concealment has occurred. To constitute fraudulent concealment sufficient to toll this limitations period, there must be an affirmative act or representation calculated to prevent discovery of the fact that a violation has occurred. The Executive Inspector General shall have the discretion to determine the appropriate means of investigation as permitted by law.

(2) To request information relating to an investigation from any person when the Executive Inspector General deems that information necessary in conducting an investigation.

(3) To issue subpoenas to compel the attendance of witnesses for the purposes of testimony and production of documents and other items for inspection and copying and to make service of those subpoenas and subpoenas issued under item (7) of Section 20-15.

(6) To assist and coordinate the ethics officers for State agencies under the jurisdiction of the Executive Inspector General and to work with those ethics officers.

(7) To participate in or conduct, when appropriate, multi-jurisdictional investigations.

(a) The Executive Ethics Commission, on its own initiative and by majority vote, may appoint special Executive Inspectors General (i) to investigate alleged violations of this Act if an investigation by the Inspector General was not concluded within 6 months after its initiation, where the Commission finds that the Inspector General's reasons under Section 20-65 for failing to complete the investigation are insufficient and (ii) to accept referrals from the Commission of allegations made pursuant to this Act concerning an Executive Inspector General or employee of an Office of an Executive Inspector General and to investigate those allegations.

(b) A special Executive Inspector General must have the same qualifications as an Executive Inspector General appointed under Section 20-10.
(c) The Commission’s appointment of a special Executive Inspector General must be in writing and must specify the duration and purpose of the appointment.

(d) A special Executive Inspector General shall have the same powers and duties with respect to the purpose of his or her appointment as an Executive Inspector General appointed under Section 20-10.

(e) A special Executive Inspector General shall report the findings of his or her investigation to the Commission.

(1) act as liaisons between the State agency and the appropriate Executive Inspector General and between the State agency and the Executive Ethics Commission;

(2) review statements of economic interest and disclosure forms of officers, senior employees, and contract monitors before they are filed with the Secretary of State; and

(3) provide guidance to officers and employees in the interpretation and implementation of this Act, which the officer or employee may in good faith rely upon. Such guidance shall be based, wherever possible, upon legal precedent in court decisions, opinions of the Attorney General, and the findings and opinions of the Executive Ethics Commission.

(93 HB3412enr. Sec. 20-35 new)

Sec. 20-35. Administrative subpoena; compliance. A person duly subpoenaed for testimony, documents, or other items who neglects or refuses to testify or produce documents or other items under the requirements of the subpoena shall be subject to punishment as may be determined by a court of competent jurisdiction. Nothing in this Section limits or alters a person’s existing rights or protections under State or federal law.

(93 HB3412enr. Sec. 20-40 new)

Sec. 20-40. Collective bargaining agreements. Any investigation or inquiry by an Executive Inspector General or any agent or representative of an Executive Inspector General must be conducted with awareness of the provisions of a collective bargaining agreement that applies to the employees of the relevant State agency and with an awareness of the rights of the employees as set forth by State and federal law and applicable judicial decisions. Any recommendation for discipline or any action taken against any State employee pursuant to this Act must comply with the provisions of the collective bargaining agreement that applies to the State employee.
Sec. 20-45. Standing; representation.

(a) Only an Executive Inspector General may bring actions before the Executive Ethics Commission.

(b) The Attorney General shall represent an Executive Inspector General in all proceedings before the Commission. Whenever the Attorney General is sick or absent, or unable to attend, or is interested in any matter or proceeding under this Act, upon the filing of a petition under seal by any person with standing, the Supreme Court (or any other court of competent jurisdiction as designated and determined by rule of the Supreme Court) may appoint some competent attorney to prosecute or defend that matter or proceeding, and the attorney so appointed shall have the same power and authority in relation to that matter or proceeding as the Attorney General would have had if present and attending to the same.

(c) Attorneys representing an Inspector General in proceedings before the Executive Ethics Commission, except an attorney appointed under subsection (b), shall be appointed or retained by the Attorney General, shall be under the supervision, direction, and control of the Attorney General, and shall serve at the pleasure of the Attorney General. The compensation of any attorneys appointed or retained in accordance with this subsection or subsection (b) shall be paid by the appropriate Office of the Executive Inspector General.

Sec. 20-50. Investigation reports; complaint procedure.

(a) If an Executive Inspector General, upon the conclusion of an investigation, determines that reasonable cause exists to believe that a violation has occurred, then the Executive Inspector General shall issue a summary report of the investigation. The report shall be delivered to the appropriate ultimate jurisdictional authority and to the head of each State agency affected by or involved in the investigation, if appropriate.

(b) The summary report of the investigation shall include the following:

1. A description of any allegations or other information received by the Executive Inspector General pertinent to the investigation.

2. A description of any alleged misconduct discovered in the course of the investigation.

3. Recommendations for any corrective or disciplinary action to be taken in response to any alleged misconduct described in the report, including but not limited to discharge.

4. Other information the Executive Inspector General deems relevant to the investigation or resulting recommendations.

(c) Not less than 30 days after delivery of the summary report of an investigation under subsection (a), if the Executive Inspector General desires to file a petition for leave to file a complaint, the Executive Inspector General shall notify the Commission and the
Attorney General. If the Attorney General determines that reasonable cause exists to believe that a violation has occurred, then the Executive Inspector General, represented by the Attorney General, may file with the Executive Ethics Commission a petition for leave to file a complaint. The petition shall set forth the alleged violation and the grounds that exist to support the petition. The petition for leave to file a complaint must be filed with the Commission within 18 months after the most recent act of the alleged violation or of a series of alleged violations except where there is reasonable cause to believe that fraudulent concealment has occurred. To constitute fraudulent concealment sufficient to toll this limitations period, there must be an affirmative act or representation calculated to prevent discovery of the fact that a violation has occurred. If a petition for leave to file a complaint is not filed with the Commission within 6 months after notice by the Inspector General to the Commission and the Attorney General, then the Commission may set a meeting of the Commission at which the Attorney General shall appear and provide a status report to the Commission.

(d) A copy of the petition must be served on all respondents named in the complaint and on each respondent's ultimate jurisdictional authority in the same manner as process is served under the Code of Civil Procedure.

(e) A respondent may file objections to the petition for leave to file a complaint within 30 days after notice of the petition has been served on the respondent.

(f) The Commission shall meet, either in person or by telephone, in a closed session to review the sufficiency of the complaint. If the Commission finds that complaint is sufficient, the Commission shall grant the petition for leave to file the complaint. The Commission shall issue notice to the Executive Inspector General and all respondents of the Commission's ruling on the sufficiency of the complaint. If the complaint is deemed to sufficiently allege a violation of this Act, then the Commission shall notify the parties and shall include a hearing date scheduled within 4 weeks after the date of the notice, unless all of the parties consent to a later date. If the complaint is deemed not to sufficiently allege a violation, then the Commission shall send by certified mail, return receipt requested, a notice to the parties of the decision to dismiss the complaint.

Personal care attendants and personal assistants shall not be considered public employees for any purposes not specifically provided for in this amendatory Act of the 93rd General Assembly, including but not limited to, purposes of vicarious liability in tort and purposes of statutory retirement or health insurance benefits. Personal care attendants and personal assistants shall not be covered by the State Employees Group Insurance Act of 1971 (5 ILCS 375/).

Inspectors General, the Legislative Ethics Commission, the Office of the Legislative Inspector General, the Office of the Auditor General's Inspector General, and educational employers or employers as defined in the Illinois Educational Labor Relations Act, except with respect to a state university in its employment of firefighters and peace officers. County boards and county sheriffs shall be designated as joint or co-employers of county peace officers appointed under the authority of a county sheriff. Nothing in this subsection (o) shall be construed to prevent the State Panel or the Local Panel from determining that employers are joint or co-employers.

(p) "Security employee" means an employee who is responsible for the supervision and control of inmates at correctional facilities. The term also includes other non-security employees in bargaining units having the majority of employees being responsible for the supervision and control of inmates at correctional facilities.

(q) "Short-term employee" means an employee who is employed for less than 2 consecutive calendar quarters during a calendar year and who does not have a reasonable assurance that he or she will be rehired by the same employer for the same service in a subsequent calendar year.

(r) "Supervisor" is an employee whose principal work is substantially different from that of his or her subordinates and who has authority, in the interest of the employer, to hire, transfer, suspend, lay off, recall, promote, discharge, direct, reward, or discipline employees, to adjust their grievances, or to effectively recommend any of those actions, if the exercise of that authority is not of a merely routine or clerical nature, but requires the consistent use of independent judgment. Except with respect to police employment, the term "supervisor" includes only those individuals who devote a preponderance of their employment time to exercising that authority, State supervisors notwithstanding. In addition, in determining supervisory status in police employment, rank shall not be determinative. The Board shall consider, as evidence of bargaining unit inclusion or exclusion, the common law enforcement policies and relationships between police officer ranks and certification under applicable civil service law, ordinances, personnel codes, or Division 2.1 of Article 10 of the Illinois Municipal Code, but these factors shall not be the sole or predominant factors considered by the Board in determining police supervisory status.

Notwithstanding the provisions of the preceding paragraph, in determining supervisory status in fire fighter employment, no fire fighter shall be excluded as a supervisor who has established representation rights under Section 9 of this Act. Further, in new fire fighter units, employees shall consist of fire fighters of the rank of company officer and below. If a company officer otherwise qualifies as a supervisor under the preceding paragraph, however, he or she shall not be included in the fire fighter unit. If there is no rank between that of chief and the highest company officer, the employer may designate a position on each shift as a Shift Commander, and the persons occupying those
positions shall be supervisors. All other ranks above that of company officer shall be supervisors.

(s) (1) "Unit" means a class of jobs or positions that are held by employees whose collective interests may suitably be represented by a labor organization for collective bargaining. Except with respect to non-State fire fighters and paramedics employed by fire departments and fire protection districts, non-State peace officers, and peace officers in the Department of State Police, a bargaining unit determined by the Board shall not include both employees and supervisors, or supervisors only, except as provided in paragraph (2) of this subsection (s) and except for bargaining units in existence on July 1, 1984 (the effective date of this Act). With respect to non-State fire fighters and paramedics employed by fire departments and fire protection districts, non-State peace officers, and peace officers in the Department of State Police, a bargaining unit determined by the Board shall not include both supervisors and nonsupervisors, or supervisors only, except as provided in paragraph (2) of this subsection (s) and except for bargaining units in existence on January 1, 1986 (the effective date of this amendatory Act of 1985). A bargaining unit determined by the Board to contain peace officers shall contain no employees other than peace officers unless otherwise agreed to by the employer and the labor organization or labor organizations involved. Notwithstanding any other provision of this Act, a bargaining unit, including a historical bargaining unit, containing sworn peace officers of the Department of Natural Resources (formerly designated the Department of Conservation) shall contain no employees other than such sworn peace officers upon the effective date of this amendatory Act of 1990 or upon the expiration date of any collective bargaining agreement in effect upon the effective date of this amendatory Act of 1990 covering both such sworn peace officers and other employees.

(2) Notwithstanding the exclusion of supervisors from bargaining units as provided in paragraph (1) of this subsection (s), a public employer may agree to permit its supervisory employees to form bargaining units and may bargain with those units. This Act shall apply if the public employer chooses to bargain under this subsection.

Statements must also be filed as follows:

(a) A candidate for elective office shall file his statement not later than the end of the period during which he can take the action necessary under the laws of this State to attempt to qualify for nomination, election, or retention to such office if he has not filed a statement in relation to the same unit of government within a year preceding such action.

The Secretary of State may employ such employees and consultants as he considers necessary to carry out his duties hereunder, and may prescribe their duties, fix their compensation, and provide for reimbursement of their expenses.

All statements of economic interests filed under this Section shall be available for examination and copying by the public at all reasonable times. Not later than 12 months after the effective date of this amendatory Act of the 93rd General Assembly, beginning with statements filed in calendar year 2004, the Secretary of State shall make statements of economic interests filed with the Secretary available for inspection and copying via the Secretary's website. (d) The bonds shall be authorized by resolution of the Commission and may be issued in one or more series, may bear such date or dates, may be in such denomination or denominations, may mature at such time or times not exceeding 40 years from the respective dates thereof, may mature in such amount or amounts, may bear interest at such rate or rates, may be in such form either coupon or registered as to principal only or as to both principal and interest, may carry such registration privileges (including the conversion of a fully registered bond to a coupon bond or bonds and the conversion of a coupon bond to a fully registered bond), may be executed in such manner, may be made payable in such medium of payment, at such place or places within or without the State, and may be subject to such terms of redemption prior to their expressed maturity, with or without premium, as the resolution or other resolutions may provide. Proceeds from the sale of the bonds may be invested as the resolution or resolutions and as the Commission from time to time may provide. AN ACT in relation to vehicles.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Vehicle Code is amended by changing Section 11-602 as follows:

(625 ILCS 5/11-602) (from Ch. 95 1/2, par. 11-602)

Sec. 11-602. Alteration of limits by Department. Whenever the Department determines, upon the basis of an engineering and traffic investigation concerning any highway for which the Department has maintenance responsibility, that a maximum speed limit prescribed in Section 11-601 of this Chapter is greater or less than is reasonable or safe with respect to the conditions found to exist at any intersection or other place on such highway or along any part or zone thereof, the Department shall determine and declare a reasonable and safe absolute maximum speed limit applicable to such intersection or place, or along such part or zone. However, such limit shall not exceed 65 miles per hour, or 55 miles per hour for a second division vehicle designed or used for the carrying of a gross weight of 8,001 pounds or more (including the weight of the vehicle and maximum load), on a highway or street which is especially designed for through traffic and to, from, or over which owners of or persons having an interest in abutting property or other persons have no right or easement, or only a limited right or easement, of access, crossing, light, air, or view, and shall not exceed 55 miles per hour on any other highway. Where a highway under the Department’s jurisdiction is contiguous to school property, the Department may, at the school district’s request, set a reduced maximum speed limit for student safety purposes in the portion of the highway that faces the school property and in the portions of the highway that extend one-quarter mile in each direction from the opposite ends of the school property. A limit determined and declared as provided in this Section becomes effective, and suspends the applicability of the limit prescribed in Section 11-601 of this Chapter, when appropriate signs giving notice of the limit are erected at such intersection or other place, or along such part or zone of the highway. Electronic speed-detecting devices shall not be used within 500 feet beyond any such sign in the direction of travel; if so used in violation hereof, evidence obtained thereby shall be inadmissible in any prosecution for speeding. However, nothing in this Section prohibits the use of such electronic speed-detecting devices within 500 feet of a sign within a special school speed zone indicating such zone, conforming to the requirements of Section 11-605 of this Act, nor shall evidence obtained thereby be inadmissible in any prosecution for speeding provided the use of such device shall apply only to the enforcement of the speed limit in such special school speed zone.

AN ACT in relation to taxes.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Park District Code is amended by changing Section 5-1 as follows:
(70 ILCS 1205/5-1) (from Ch. 105, par. 5-1)
Sec. 5-1. Each Park District has the power to levy and collect taxes on all the taxable property in the district for all corporate purposes. The commissioners may accumulate funds for the purposes of building repairs and improvements and may annually levy taxes for such purposes in excess of current requirements for its other purposes but subject to the tax rate limitation as herein provided. All general taxes proposed by the board to be levied upon the taxable property within the district shall be levied by ordinance. A certified copy of such levy ordinance shall be filed with the county clerk of the county in which the same is to be collected not later than the last Tuesday in December in each year. The county clerk shall extend such tax; provided, the aggregate amount of taxes levied for any one year, exclusive of the amount levied for the payment of the principal and interest on bonded indebtedness of the district and taxes authorized by special referenda, shall not exceed, except as otherwise provided in this Section, the rate of .10%, or the rate limitation in effect on July 1, 1967, whichever is greater, of the value, as equalized or assessed by the Department of Revenue.
Notwithstanding any other provision of this Section, a park district board of a park district lying wholly within one county is authorized to increase property taxes under this Section for corporate purposes for any one year so long as the increase is offset by a like property tax levy reduction in one or more of the park district's funds. At the time that such park district files its levy with the county clerk, it shall also certify to the county clerk that the park district has complied with and is authorized to act under this Section 5-1 of the Park District Code. In no instance shall the increase either exceed or result in a reduction to the extension limitation to which any park district is subject under Section 18-195 of the Property Tax Code.

Any funds on hand at the end of the fiscal year that are not pledged for or allocated to a particular purpose may, by action of the board of commissioners, be transferred to a capital improvement fund and accumulated therein, but the total amount accumulated in

Section 5. The Northeastern Illinois University Law is amended by changing Section 25-15 as follows:

(110 ILCS 680/25-15)

Sec. 25-15. Membership; terms; vacancies. The Board shall consist of 9 voting members who are residents of this State and are appointed by the Governor, by and with the advice and consent of the Senate, and one voting member who is a student at Northeastern Illinois University. The student member shall be elected by a campus-wide election of all students of the University. The student member shall serve a term of one year beginning on July 1 of each year, except that the student member initially selected under this amendatory Act of the 91st General Assembly shall serve a term beginning on the date of his or her selection and expiring on the next succeeding June 30. A student member may serve only for one term. To be eligible to remain as a student member of the Board, the student member must be a resident of this State, must have and maintain a grade point average that is equivalent to at least 2.5 on a 4.0 scale, and must be a full time undergraduate student enrolled at all times during his or her term of office except for that part of the term which follows the completion of the last full regular semester of an academic year and precedes the first full regular semester of the succeeding academic year at the university (sometimes commonly referred to as the summer session or summer school). If a student member serving on the Board fails to continue to meet or maintain the residency, minimum grade point average, or enrollment requirement established by this Section, his or her membership on the Board shall be deemed to have terminated by operation of law. If any member of the Board appointed by the Governor fails to continue to meet or maintain the residency requirement established by this Section, he or she shall resign membership on the Board within 30 days thereafter and, failing submission of this resignation, his or her membership on the Board shall be deemed to have terminated by operation of law. Of the members first appointed by the Governor, 4 shall be appointed for terms to expire on the third Monday in January, 1999 and until their successors are appointed and qualified, and 3 shall be appointed for terms to expire on the third Monday in January, 2001 and until their successors are appointed and qualified. The 2 additional members appointed by the Governor, by and with the advice and consent of the Senate, under this amendatory Act of the 91st General Assembly, shall not be from the same political party and shall be appointed for terms to expire on the third Monday in January, 2003 and until their successors are appointed and qualified. Any vacancy in membership existing on January 1, 1999 shall be filled by appointment by the Governor, with the advice and consent of the Senate, for a term to expire on the third Monday in January, 2003. If the Senate is not in session on the effective date of this Article, or if a vacancy in an appointive membership occurs at a time when the Senate is not in session, the Governor shall make temporary appointments to fill the vacancy. Members with these temporary appointments shall be deemed qualified to serve upon appointment and shall continue to serve until the next meeting of the Senate when the Governor shall appoint persons to fill such

memberships, by and with the advice and consent of the Senate, for the remainder of their respective terms. No more than 5 of the members appointed by the Governor shall be affiliated with the same political party. Each member appointed by the Governor must be a resident of this State. A failure to meet or maintain this residency requirement constitutes a resignation from and creates a vacancy in the Board. Upon the expiration of the terms of members appointed by the Governor for other than temporary appointments, their respective successors shall be appointed, by and with the advice and consent of the Senate, for terms of 6 years from the third Monday in January of each odd-numbered year. Any members appointed to the Board shall continue to serve in such capacity until their successors are appointed and qualified.

Sec. 2. Examinations. The University shall appoint a Board of Examiners that shall determine the qualifications of persons applying for certificates and shall make rules for and conduct examinations for determining the qualifications.
The Board shall consist of 9 examiners, at least 7 of whom shall be certified public accountants in this State who have been residents of this State for at least 5 years immediately preceding their appointment. One shall be either an accountant of the grade herein described or an attorney licensed and residing in this State and one shall be a certified public accountant who is an active or retired educator residing in this State. The term of office of each examiner shall be 3 years, except that upon the enactment of this amendatory Act of 1993, those members currently serving on the Board shall continue to serve the duration of their terms, one additional examiner shall be appointed for a term of one year, one additional examiner for a term of 2 years, and 2 additional examiners for a

Any Board member who has served as a member for 6 consecutive years shall not be eligible for reappointment until 2 years after the end of the term in which the sixth consecutive year of service occurred.

Information regarding educational requirements, the application process, the examination, and fees shall be available on the Board's Internet web site as well as in printed documents available from the Board's office. The time and place of holding the examinations shall be determined by the Board and shall be duly advertised by the Board.

The examination shall test the applicant's knowledge of accounting, auditing, and other related subjects, if any, as the Board may deem advisable. Prior to implementation of a computer-based examination, a candidate must be examined in all subjects except that a candidate who has passed in 2 or more subjects and who attained a minimum grade in each subject failed as may be established by Board regulations shall have the right to be re-examined in the remaining subjects at one or more of the next 6 succeeding examinations. Upon implementation of a computer-based examination, a candidate shall be required to pass all sections of the examination in order to qualify for a certificate. A candidate may take the required test sections individually and in any order, as long as the examination is taken within a timeframe established by Board rule.

The Board may in certain cases waive or defer any of the requirements of this Section regarding the circumstances in which the various Sections of the examination must be passed upon a showing that, by reasons of circumstances beyond the applicant's control, the applicant was unable to meet the requirement.

Applicants may also be required to pass an examination on the rules of professional conduct, as determined by Board rule to be appropriate.

The examinations shall be given at least twice a year.

Any application, document or other information filed by or concerning an applicant and any examination grades of an applicant shall be deemed confidential and shall not be disclosed to anyone without the prior written permission of the applicant, except that it is hereby deemed in the public interest that the names and addresses only of all applicants shall be a public record and be released as public information. Nothing herein shall prevent the Board from making public announcement of the names of persons receiving certificates under this Act.

The Board shall adopt all necessary and reasonable rules and regulations for the effective administration of the Sections of this Act for which it is charged with administering. Without limiting the foregoing, the Board shall adopt and prescribe rules and regulations for a fair and wholly and impartial method of determining the qualifications of applicants for examination and for a fair and wholly and impartial method of examination of persons under Section 2 and may establish rules for subjects conditioned and for the transfer of credits from other jurisdictions with respect to subjects passed.

The self-managed plan shall take effect as specified in the plan, but in no event earlier than July 1, 2002 or the date of its approval by the U.S. Internal Revenue Service, whichever occurs later.

The self-managed plan shall include a plan document and shall provide for the adoption of such rules and procedures as are necessary or desirable for the administration of the self-managed plan. Consistent with fiduciary duty to the participants and beneficiaries of the self-managed plan, it may provide for delegation of suitable aspects of plan administration to companies authorized to do business in this State.

(c) Selection of service providers and funding vehicles. The principal administrator of the self-managed plan shall solicit proposals to provide administrative services and funding vehicles for the self-managed plan from insurance and annuity companies and mutual fund companies, banks, trust companies, or other financial institutions authorized to do business in this State. In reviewing the proposals received and approving and contracting with no fewer than 2 and no more than 7 companies, the principal administrator shall consider, among other things, the following criteria:

(1) the nature and extent of the benefits that would be provided to the participants;
(2) the reasonableness of the benefits in relation to the premium charged;
(3) the suitability of the benefits to the needs and interests of the participating employees and the employer;
(4) the ability of the company to provide benefits under the contract and the financial stability of the company; and
(5) the efficacy of the contract in the recruitment and retention of employees.

New matter indicated by italics - deletions by strikeout
The principal administrator shall periodically review each approved company. A company may continue to provide administrative services and funding vehicles for the self-managed plan only so long as it continues to be an approved company under contract with the principal administrator.

(d) Employee Direction. Employees who are participating in the program must be allowed to direct the transfer of their account balances among the various investment options offered, subject to applicable contractual provisions. The participant shall not be deemed a fiduciary by reason of providing such investment direction. A person who is a fiduciary shall not be liable for any loss resulting from such investment direction and shall not be deemed to have breached any fiduciary duty by acting in accordance with that direction. The self-managed plan does not guarantee any of the investments in the employee's account balances.

(e) Participation. An eligible employee must make a written election in accordance with the provisions of Section 3-109.2 and the procedures established under the self-managed plan. Participation in the self-managed plan by an eligible employee who elects to participate in the self-managed plan shall begin on the first day of the first pay period following the later of the date the employee's election is filed with the fund or the employer, but in no event sooner than the effective date of the self-managed plan.

A police officer who has elected to participate in the self-managed plan under this Section must continue participation while employed in an eligible position, and may not participate in any other retirement program administered by the municipality while employed as a police officer by that municipality. Participation in the self-managed plan under this Section shall constitute membership in an Article 3 pension fund.

(f) No Duplication of Service Credit. Notwithstanding any other provision of this Article, a police officer may not purchase or receive service or service credit applicable to any other retirement program administered by a fund under this Article for any period during which the police officer was a participant in the self-managed plan established under this Section.

(g) Contributions. The self-managed plan shall be funded by contributions from participants in the self-managed plan and employer contributions as provided in this Section.

The contribution rate for a participant in the self-managed plan under this Section shall be a minimum of 10% of his or her salary. This required contribution shall be made as an "employer pick-up" under Section 414(h) of the Internal Revenue Code of 1986 or any successor Section thereof. An employee may make additional contributions to the self-managed plan in accordance with the terms of the plan.

The self-managed plan shall provide for employer contributions to be credited to each self-managed plan participant at a rate of 10% of the participating employee's salary, less the amount of the employer contribution used to provide disability benefits for the
employee. The amounts so credited shall be paid into the participant's self-managed plan accounts in the manner prescribed by the plan.

An amount of employer contribution, not exceeding 1.5% of the participating employee's salary, shall be used for the purpose of providing disability benefits to the participating employee. Prior to the beginning of each plan year under the self-managed plan, the principal administrator shall determine, as a percentage of salary, the amount of employer contributions to be allocated during that plan year for providing disability benefits for employees in the self-managed plan.

(h) Vesting; Withdrawal; Return to Service. A participant in the self-managed plan becomes fully vested in the employer contributions credited to his or her account in the self-managed plan on the earliest to occur of the following:

(1) completion of 6 years of service with the municipality; or
(2) the death of the participating employee while employed by the municipality, if the participant has completed at least 1.5 years of service.

A participant in the self-managed plan who receives a distribution of his or her vested amounts from the self-managed plan upon or after termination of employment shall forfeit all service credit and accrued rights in the fund of his or her employer; if subsequently re-employed, the participant shall be considered a new employee. If a former participant again becomes a participating employee and continues as such for at least 2 years, all such rights, service credit, and previous status as a participant shall be restored upon repayment of the amount of the distribution without interest.

(i) Benefit amounts. If a participating employee who is fully vested in employer contributions terminates employment, the participating employee shall be entitled to a benefit which is based on the account values attributable to both employer and employee contributions and any investment return thereon.

If a participating employee who is not fully vested in employer contributions terminates employment, the employee shall be entitled to a benefit based on the account values attributable to the employee's contributions and any investment return thereon, plus the following percentage of employer contributions and any investment return thereon: 20% after the second year; 40% after the third year; 60% after the fourth year; 80% after the fifth year; and 100% after the sixth year. The remainder of employer contributions and investment return thereon shall be forfeited. Any employer contributions that are forfeited shall be held in escrow by the company investing those contributions and shall be used as directed by the municipality for future allocations of employer contributions or for the restoration of amounts previously forfeited by former participants who again become participating employees.

Sec. 14-108.3. Early retirement incentives.

(a) To be eligible for the benefits provided in this Section, a person must:

New matter indicated by italics - deletions by strikeout
(1) be a member of this System who, on any day during June, 2002, is (i) in active payroll status in a position of employment with a department and an active contributor to this System with respect to that employment, and terminates that employment before the retirement annuity under this Article begins, or (ii) on layoff status from such a position with a right of re-employment or recall to service, or (iii) receiving benefits under Section 14-123, 14-123.1 or 14-124, but only if the member has not been receiving those benefits for a continuous period of more than 2 years as of the date of application;

(2) not have received any retirement annuity under this Article beginning earlier than August 1, 2002;

(3) file with the Board on or before December 31, 2002 a written application requesting the benefits provided in this Section;

(4) terminate employment under this Article no later than December 31, 2002 (or the date established under subsection (d), if applicable);

(5) by the date of termination of service, have at least 8 years of creditable service under this Article, without the use of any creditable service established under this Section;

(6) by the date of termination of service, have at least 5 years of membership service earned while an employee under this Article, which may include military service for which credit is established under Section 14-105(b), service during the qualifying period for which credit is established under Section 14-104(a), and service for which credit has been established by repaying a refund under Section 14-130, but shall not include service for which any other optional service credit has been established; and

(7) not receive any early retirement benefit under Section 16-133.3 of this Code.

(b) An eligible person may establish up to 5 years of creditable service under this Article, in increments of one month, by making the contributions specified in subsection (c). In addition, for each month of creditable service established under this Section, a person's age at retirement shall be deemed to be one month older than it actually is.

The creditable service established under this Section may be used for all purposes under this Article and the Retirement Systems Reciprocal Act, except for the computation of final average compensation under Section 14-103.12 or the determination of compensation under this or any other Article of this Code.

The age enhancement established under this Section may not be used to enable any person to begin receiving a retirement annuity calculated under Section 14-110 before actually attaining age 50 (without any age enhancement under this Section). The age enhancement established under this Section may be used for all other purposes under this Article (including calculation of a proportionate annuity payable by this System under the Retirement Systems Reciprocal Act), except for purposes of the level income option in...
Section 14-112, the reversionary annuity under Section 14-113, and the required distributions under Section 14-121.1.

The age enhancement established under this Section may be used in determining benefits payable under Article 16 of this Code under the Retirement Systems Reciprocal Act, if the person has at least 5 years of service credit in the Article 16 system that was earned while participating in that system as a teacher (as defined in Section 16-106) employed by a department (as defined in Section 14-103.04). Age enhancement established under this Section shall not otherwise be used in determining benefits payable under other Articles of this Code under the Retirement Systems Reciprocal Act.

(c) For all creditable service established under this Section, a person must pay to the System an employee contribution to be determined by the System, based on the member's rate of compensation on June 1, 2002 (or the last date before June 1, 2002 for which a rate can be determined) and the retirement contribution rate in effect on June 1, 2002 for the member (or for members with the same social security and alternative formula status as the member).

If the member receives a lump sum payment for accumulated vacation, sick leave and personal leave upon withdrawal from service, and the net amount of that lump sum payment is at least as great as the amount of the contribution required under this Section, the entire contribution must be paid by the employee by payroll deduction. If there is no such lump sum payment, or if it is less than the contribution required under this Section, the member shall make an initial payment by payroll deduction, equal to the net amount of the lump sum payment for accumulated vacation, sick leave, and personal leave, and have the remaining amount due treated as a reduction from the retirement annuity in 24 equal monthly installments beginning in the month in which the retirement annuity takes effect. The required contribution may be paid as a pre-tax deduction from earnings. For federal and Illinois tax purposes, the monthly amount by which the annuitant's benefit is reduced shall not be treated as a contribution by the annuitant, but rather as a reduction of the annuitant's monthly benefit.

(c-5) The reduction in retirement annuity provided in subsection (c) of Section 14-108 does not apply to the annuity of a person who retires under this Section. A person who has received any age enhancement or creditable service under this Section may begin to receive an unreduced retirement annuity upon attainment of age 55 with at least 25 years of creditable service (including any age enhancement and creditable service established under this Section).

(d) In order to ensure that the efficient operation of State government is not jeopardized by the simultaneous retirement of large numbers of key personnel, the director or other head of a department may, for key employees of that department, extend the December 31, 2002 deadline for terminating employment under this Article established in subdivision (a)(4) of this Section to a date not later than April 30, 2003 by so notifying the System in writing by December 31, 2002.

New matter indicated by italics - deletions by strikeout
(e) Notwithstanding Section 14-111, a person who has received any age enhancement or creditable service under this Section and who reenters service under this Article (or as an employee of a department under Article 16) other than as a temporary employee thereby forfeits that age enhancement and creditable service and is entitled to a refund of the contributions made pursuant to this Section.

(f) The System shall determine the amount of the increase in unfunded accrued liability resulting from the granting of early retirement incentives under this Section and shall report that amount to the Governor and the Pension Laws Commission (or its successor, the Economic and Fiscal Commission) on or before November 15, 2003. The increase in liability reported under this subsection (f) shall not be included in the calculation of the required State contribution under Section 14-131.

(g) The System shall determine the amount of the annual State contribution necessary to amortize on a level dollar-payment basis, over a period of 10 years at 8.5% interest, compounded annually, an amount equal to the increase in unfunded accrued liability determined under subsection (f) minus $70,000,000. The System shall certify the amount of this annual State contribution to the Governor, the State Comptroller, the Governor's Office of Management and Budget (formerly Bureau of the Budget), and the Pension Laws Commission (or its successor, the Economic and Fiscal Commission) on or before November 15, 2003.

In addition to the contributions otherwise required under this Article, the State shall appropriate and pay to the System (1) an amount equal to $70,000,000 in State fiscal year 2004 and (2) in each of State fiscal years 2005 through 2013, an amount equal to the annual State contribution certified by the System under this subsection (g).

(h) The Pension Laws Commission (or its successor, the Economic and Fiscal Commission) shall determine and report to the General Assembly, on or before January 1, 2004 and annually thereafter through the year 2013, its estimate of (1) the annual amount of payroll savings likely to be realized by the State as a result of the early retirement of persons receiving early retirement incentives under this Section and (2) the net annual savings or cost to the State from the program of early retirement incentives created under this Section.

The System, the Department of Central Management Services, the Governor's Office of Management and Budget (formerly Bureau of the Budget), and all other departments shall provide to the Commission any assistance that the Commission may request with respect to its reports under this Section. The Commission may require departments to provide it with any information that it deems necessary or useful with respect to its reports under this Section, including without limitation information about (1) the final earnings of former department employees who elected to receive benefits under this Section, (2) the earnings of current department employees holding the positions vacated by persons who elected to receive benefits under this Section, and (3) positions

(40 ILCS 5/15-158.3)

Sec. 15-158.3. Reports on cost reduction; effect on retirement at any age with 30 years of service.

(a) On or before November 15, 2001 and on or before November 15th of each year thereafter, the Board shall have the System's actuary prepare a report showing, on a fiscal year by fiscal year basis, the actual rate of participation in the self-managed plan authorized by Section 15-158.2, (i) by employees of the System's covered higher educational institutions who were hired on or after the implementation date of the self-managed plan and (ii) by other System participants.

The actuary's report must also quantify the extent to which employee optional retirement plan participation has reduced the State's required contributions to the System, expressed both in dollars and as a percentage of covered payroll, in relation to what the State's contributions to the System would have been (1) if the self-managed plan had not been implemented, and (2) if 45% of employees of the System's covered higher educational institutions who were hired on or after the implementation date of the self-managed plan had elected to participate in the self-managed plan and 10% of other System participants had transferred to the self-managed plan following its implementation.

(b) On or before November 15th of 2001 and on or before November 15th of each year thereafter, the Illinois Board of Higher Education, in conjunction with the Bureau of the Budget (now Governor's Office of Management and Budget) shall prepare a report showing, on a fiscal year by fiscal year basis, the amount by which the costs associated with compensable sick leave have been reduced as a result of the termination of compensable sick leave accrual on and after January 1, 1998 by employees of higher education institutions who are participants in the System.

(c) On or before November 15 of 2001 and on or before November 15th of each year thereafter, the Department of Central Management Services shall prepare a report showing, on a fiscal year by fiscal year basis, the amount by which the State's cost for health insurance coverage under the State Employees Group Insurance Act of 1971 for retirees of the State's universities and their survivors has declined as a result of requiring some of those retirees and survivors to contribute to the cost of their basic health insurance. These year-by-year reductions in cost must be quantified both in dollars and as a level percentage of payroll covered by the System.

(d) The reports required under subsections (a), (b), and (c) shall be disseminated to the Board, the Pension Laws Commission (until it ceases to exist), the Illinois Economic and Fiscal Commission, the Illinois Board of Higher Education, and the Governor.

New matter indicated by italics - deletions by strikeout
(e) The reports required under subsections (a), (b), and (c) shall be taken into account by the Pension Laws Commission (or its successor, the Economic and Fiscal Commission) in making any recommendation to extend by legislation beyond December 31, 2002 the provision that allows a System participant to retire at any age with 30 or more years of service as authorized in Section 15-135. If that provision is extended beyond December 31, 2002, and if the most recent report under subsection (a) indicates that actual State contributions to the System for the period during which the self-managed plan has been in operation have exceeded the projected State contributions under the assumptions in clause (2) of subsection (a), then any extension of the provision beyond December 31, 2002 must require that the System's higher educational institutions and agencies cover any funding deficiency through an annual payment to the System out of appropriate resources of their own.

Sec. 16-133.3. Early retirement incentives for State employees.

(a) To be eligible for the benefits provided in this Section, a person must:

(1) be a member of this System who, on any day during June, 2002, is (i) in active payroll status as a full-time teacher employed by a department and an active contributor to this System with respect to that employment, or (ii) on layoff status from such a position with a right of re-employment or recall to service, or (iii) receiving a disability benefit under Section 16-149 or 16-149.1, but only if the member has not been receiving that benefit for a continuous period of more than 2 years as of the date of application;

(2) not have received any retirement annuity under this Article beginning earlier than August 1, 2002;

(3) file with the Board on or before December 31, 2002 a written application requesting the benefits provided in this Section;

(4) terminate employment under this Article no later than December 31, 2002 (or the date established under subsection (d), if applicable);

(5) by the date of termination of service, have at least 8 years of creditable service under this Article, without the use of any creditable service established under this Section;

(6) by the date of termination of service, have at least 5 years of service credit earned while participating in the System as a teacher employed by a department; and

(7) not receive any early retirement benefit under Section 14-108.3 of this Code.

For the purposes of this Section, "department" means a department as defined in Section 14-103.04 that employs a teacher as defined in this Article.
(b) An eligible person may establish up to 5 years of creditable service under this Article by making the contributions specified in subsection (c). In addition, for each period of creditable service established under this Section, a person's age at retirement shall be deemed to be enhanced by an equivalent period.

The creditable service established under this Section may be used for all purposes under this Article and the Retirement Systems Reciprocal Act, except for the computation of final average salary, the determination of salary or compensation under this Article or any other Article of this Code, or the determination of eligibility for or the computation of benefits under Section 16-133.2.

The age enhancement established under this Section may be used for all purposes under this Article (including calculation of a proportionate annuity payable by this System under the Retirement Systems Reciprocal Act), except for purposes of a retirement annuity under Section 16-133(a)(A), a reversionary annuity under Section 16-136, the required distributions under Section 16-142.3, and the determination of eligibility for or the computation of benefits under Section 16-133.2. Age enhancement established under this Section may be used in determining benefits payable under Article 14 of this Code under the Retirement Systems Reciprocal Act (subject to the limitations on the use of age enhancement provided in Section 14-108.3); age enhancement established under this Section shall not be used in determining benefits payable under other Articles of this Code under the Retirement Systems Reciprocal Act.

(c) For all creditable service established under this Section, a person must pay to the System an employee contribution to be determined by the System, equal to 9.0% of the member's highest annual salary rate that would be used in the determination of the average salary for retirement annuity purposes if the member retired immediately after withdrawal, for each year of creditable service established under this Section.

If the member receives a lump sum payment for accumulated vacation, sick leave, and personal leave upon withdrawal from service, and the net amount of that lump sum payment is at least as great as the amount of the contribution required under this Section, the entire contribution must be paid by the employee by payroll deduction. If there is no such lump sum payment, or if it is less than the contribution required under this Section, the member shall make an initial payment by payroll deduction, equal to the net amount of the lump sum payment for accumulated vacation, sick leave, and personal leave, and have the remaining amount due treated as a reduction from the retirement annuity in 24 equal monthly installments beginning in the month in which the retirement annuity takes effect. The required contribution may be paid as a pre-tax deduction from earnings.

(d) In order to ensure that the efficient operation of State government is not jeopardized by the simultaneous retirement of large numbers of key personnel, the director or other head of a department may, for key employees of that department, extend the December 31, 2002 deadline for terminating employment under this Article established in
subdivision (a)(4) of this Section to a date not later than April 30, 2003 by so notifying the System in writing by December 31, 2002.

(e) A person who has received any age enhancement or creditable service under this Section and who reenters contributing service under this Article or Article 14 shall thereby forfeit that age enhancement and creditable service, and become entitled to a refund of the contributions made pursuant to this Section.

(f) The System shall determine the amount of the increase in unfunded accrued liability resulting from the granting of early retirement incentives under this Section and shall report that amount to the Governor and the Pension Laws Commission (or its successor, the Economic and Fiscal Commission) on or before November 15, 2003. The increase in liability reported under this subsection (f) shall not be included in the calculation of the required State contribution under Section 16-158.

(g) The System shall determine the amount of the annual State contribution necessary to amortize on a level dollar-payment basis, over a period of 10 years at 8.5% interest, compounded annually, an amount equal to the increase in unfunded accrued liability determined under subsection (f) minus $1,000,000. The System shall certify the amount of this annual State contribution to the Governor, the State Comptroller, the Governor's Office of Management and Budget (formerly Bureau of the Budget), and the Pension Laws Commission (or its successor, the Economic and Fiscal Commission) on or before November 15, 2003.

In addition to the contributions otherwise required under this Article, the State shall appropriate and pay to the System (1) an amount equal to $1,000,000 in State fiscal year 2004 and (2) in each of State fiscal years 2005 through 2013, an amount equal to the annual State contribution certified by the System under this subsection (g).

(h) The Pension Laws Commission (or its successor, the Economic and Fiscal Commission) shall determine and report to the General Assembly, on or before January 1, 2004 and annually thereafter through the year 2013, its estimate of (1) the annual amount of payroll savings likely to be realized by the State as a result of the early retirement of persons receiving early retirement incentives under this Section and (2) the net annual savings or cost to the State from the program of early retirement incentives created under this Section.

The System, the Department of Central Management Services, the Governor's Office of Management and Budget (formerly Bureau of the Budget), and all other departments shall provide to the Commission any assistance that the Commission may request with respect to its reports under this Section. The Commission may require departments to provide it with any information that it deems necessary or useful with respect to its reports under this Section, including without limitation information about (1) the final earnings of former department employees who elected to receive benefits under this Section, (2) the earnings of current department employees holding the positions vacated by persons who elected to receive benefits under this Section, and (3) positions

Notwithstanding any other provision of this Code, the Illinois Department may not require, as a condition of payment for any laboratory test authorized under this Article, that a physician's handwritten signature appear on the laboratory test order form. The Illinois Department may, however, impose other appropriate requirements regarding laboratory test order documentation.

The Illinois Department of Public Aid shall provide the following services to persons eligible for assistance under this Article who are participating in education, training or employment programs operated by the Department of Human Services as successor to the Department of Public Aid:

Neither the Illinois Department of Public Aid nor the Department of Human Services shall sanction the recipient solely on the basis of her substance abuse.

The Illinois Department shall establish such regulations governing the dispensing of health services under this Article as it shall deem appropriate. In formulating these regulations the Illinois Department shall consult with and give substantial weight to the recommendations offered by the Citizens Assembly/Council on Public Aid. The Department should seek the advice of formal professional advisory committees appointed by the Director of the Illinois Department for the purpose of providing regular advice on policy and administrative matters, information dissemination and educational activities for medical and health care providers, and consistency in procedures to the Illinois Department.

Physician services must include prenatal and obstetrical care. 1. Physicians participating in a Partnership and providing certain services, which shall be determined by the Illinois Department, to persons in areas covered by the Partnership may receive an additional surcharge for such services.

2. The Department may elect to consider and negotiate financial incentives to encourage the development of Partnerships and the efficient delivery of medical care.

(3) Persons receiving medical services through Partnerships may receive medical and case management services above the level usually offered through the medical assistance program.

Medical providers shall be required to meet certain qualifications to participate in Partnerships to ensure the delivery of high quality medical services. These qualifications shall be determined by rule of the Illinois Department and may be higher than qualifications for participation in the medical assistance program. Partnership sponsors may prescribe reasonable additional qualifications for participation by medical providers, only with the prior written approval of the Illinois Department.

Nothing in this Section shall limit the free choice of practitioners, hospitals, and other providers of medical services by clients. In order to ensure patient freedom of choice, the Illinois Department shall immediately promulgate all rules and take all other necessary actions so that provided services may be accessed from therapeutically certified optometrists to the full extent of the Illinois Optometric Practice Act of 1987 without discriminating between service providers.

The Department shall apply for a waiver from the United States Health Care Financing Administration to allow for the implementation of Partnerships under this Section.

The Illinois Department shall require health care providers to maintain records that document the medical care and services provided to recipients of Medical Assistance under this Article. The rules and regulations shall require that proof of the receipt of prescription drugs, dentures, prosthetic devices and eyeglasses by eligible persons under this Section accompany each claim for reimbursement submitted by the dispenser of such medical services. No such claims for reimbursement shall be approved for payment by the Illinois Department without such proof of receipt, unless the Illinois Department shall have put into effect and shall be operating a system of post-payment audit and review which shall, on a sampling basis, be deemed adequate by the Illinois Department to assure that such drugs, dentures, prosthetic devices and eyeglasses for which payment is being made are actually being received by eligible recipients. Within 90 days after the effective date of this amendatory Act of 1984, the Illinois Department shall establish a current list of acquisition costs for all prosthetic devices and any other items recognized as medical equipment and supplies reimbursable under this Article and shall update such list on a quarterly basis,
except that the acquisition costs of all prescription drugs shall be updated no less frequently than every 30 days as required by Section 5-5.12.

The rules and regulations of the Illinois Department shall require that a written statement including the required opinion of a physician shall accompany any claim for reimbursement for abortions, or induced miscarriages or premature births. This statement shall indicate what procedures were used in providing such medical services.

The Illinois Department shall require all dispensers of medical services, other than an individual practitioner or group of practitioners, desiring to participate in the Medical Assistance program established under this Article to disclose all financial, beneficial, ownership, equity, surety or other interests in any and all firms, corporations, partnerships, associations, business enterprises, joint ventures, agencies, institutions or other legal entities providing any form of health care services in this State under this Article.

The Illinois Department may require that all dispensers of medical services desiring to participate in the medical assistance program established under this Article disclose, under such terms and conditions as the Illinois Department may by rule establish, all inquiries from clients and attorneys regarding medical bills paid by the Illinois Department, which inquiries could indicate potential existence of claims or liens for the Illinois Department.

Enrollment of a vendor that provides non-emergency medical transportation, defined by the Department by rule, shall be conditional for 180 days. During that time, the Department of Public Aid may terminate the vendor's eligibility to participate in the medical assistance program without cause. That termination of eligibility is not subject to the Department's hearing process.

The Illinois Department shall establish policies, procedures, standards and criteria by rule for the acquisition, repair and replacement of orthotic and prosthetic devices and durable medical equipment. Such rules shall provide, but not be limited to, the following services: (1) immediate repair or replacement of such devices by recipients without medical authorization; and (2) rental, lease, purchase or lease-purchase of durable medical equipment in a cost-effective manner, taking into consideration the recipient's medical prognosis, the extent of the recipient's needs, and the requirements and costs for maintaining such equipment. Such rules shall enable a recipient to temporarily acquire and use alternative or substitute devices or equipment pending repairs or replacements of any device or equipment previously authorized for such recipient by the Department. Rules under clause (2) above shall not provide for purchase or lease-purchase of durable medical equipment or supplies used for the purpose of oxygen delivery and respiratory care.

The Department shall execute, relative to the nursing home prescreening project, written inter-agency agreements with the Department of Human Services and the Department on Aging, to effect the following: (i) intake procedures and common eligibility criteria for those persons who are receiving non-institutional services; and (ii) the

The Illinois Department shall report annually to the General Assembly, no later than the second Friday in April of 1979 and each year thereafter, in regard to:

(a) actual statistics and trends in utilization of medical services by public aid recipients;
(b) actual statistics and trends in the provision of the various medical services by medical vendors;

Sec. 5-5.5, Elements of Payment Rate.
(a) The Department of Public Aid shall develop a prospective method for determining payment rates for skilled nursing and intermediate care services in nursing facilities composed of the following cost elements:

(1) Standard Services, with the cost of this component being determined by taking into account the actual costs to the facilities of these services subject to cost ceilings to be defined in the Department's rules.

New matter indicated by italics - deletions by strikeout
(2) Resident Services, with the cost of this component being determined by taking into account the actual costs, needs and utilization of these services, as derived from an assessment of the resident needs in the nursing facilities. The Department shall adopt rules governing reimbursement for resident services as listed in Section 5-1.1. Surveys or assessments of resident needs under this Section shall include a review by the facility of the results of such assessments and a discussion of issues in dispute with authorized survey staff, unless the facility elects not to participate in such a review process. Surveys or assessments of resident needs under this Section may be conducted semi-annually and payment rates relating to resident services may be changed on a semi-annual basis. The Illinois Department shall initiate a project, either on a pilot basis or Statewide, to reimburse the cost of resident services based on a methodology which utilizes an assessment of resident needs to determine the level of reimbursement. This methodology shall be different from the payment criteria for resident services utilized by the Illinois Department on July 1, 1981. On March 1, 1982, and each year thereafter, until such time when the Illinois Department adopts the methodology used in such project for use statewide or the Illinois Department reports to the Citizens Assembly/Council on Public Aid that the methodology did not meet the Department's goals and objectives and therefore is ceasing such project, the Illinois Department shall report to the General Assembly on the implementation and progress of such project. The report shall include:

(A) A statement of the Illinois Department's goals and objectives for such project;
(B) A description of such project, including the number and type of nursing facilities involved in the project;
(C) A description of the methodology used in such project;
(D) A description of the Illinois Department's application of the methodology;
(E) A statement on the methodology's effect on the quality of care given to residents in the sample nursing facilities; and
(F) A statement on the cost of the methodology used in such project and a comparison of this cost with the cost of the current payment criteria.

(3) Ancillary Services, with the payment rate being developed for each individual type of service. Payment shall be made only when authorized under procedures developed by the Department of Public Aid.

(4) Nurse's Aide Training, with the cost of this component being determined by taking into account the actual cost to the facilities of such training.

(5) Real Estate Taxes, with the cost of this component being determined by taking into account the figures contained in the most currently available cost reports (with no imposition of maximums) updated to the midpoint of the current rate year

New matter indicated by italics - deletions by strikeout
for long term care services rendered between July 1, 1984 and June 30, 1985, and
with the cost of this component being determined by taking into account the actual
1983 taxes for which the nursing homes were assessed (with no imposition of
maximums) updated to the midpoint of the current rate year for long term care
services rendered between July 1, 1985 and June 30, 1986.

(b) In developing a prospective method for determining payment rates for skilled
nursing and intermediate care services in nursing facilities, the Department of Public Aid
shall consider the following cost elements:

(1) Reasonable capital cost determined by utilizing incurred interest rate and
the current value of the investment, including land, utilizing composite rates, or by
utilizing such other reasonable cost related methods determined by the Department.
However, beginning with the rate reimbursement period effective July 1, 1987, the
Department shall be prohibited from establishing, including, and implementing any
depreciation factor in calculating the capital cost element.

(2) Profit, with the actual amount being produced and accruing to the
providers in the form of a return on their total investment, on the basis of their
ability to economically and efficiently deliver a type of service. The method of
payment may assure the opportunity for a profit, but shall not guarantee or establish
a specific amount as a cost.

(c) The Illinois Department may implement the amendatory changes to this Section
made by this amendatory Act of 1991 through the use of emergency rules in accordance
with the provisions of Section 5.02 of the Illinois Administrative Procedure Act. For
purposes of the Illinois Administrative Procedure Act, the adoption of rules to implement
the amendatory changes to this Section made by this amendatory Act of 1991 shall be
deemed an emergency and necessary for the public interest, safety and welfare.

(d) No later than January 1, 2001, the Department of Public Aid shall file with the
Joint Committee on Administrative Rules, pursuant to the Illinois Administrative
Procedure Act, a proposed rule, or a proposed amendment to an existing rule, regarding
payment for appropriate services, including assessment, care planning, discharge planning,
and treatment provided by nursing facilities to residents who have a serious mental illness.

Sec. 5-15. (a) The Illinois Department is authorized to contract with community
based organizations serving low income communities for a three year period to
demonstrate how and the extent to which preventive health programs can decrease
utilization of medical care services and/or improve health status.

(b) As used in this Section (1) a community based organization is an organization
established as a not-for-profit corporation under laws of the State of Illinois which serves a

(d) Contractors shall maintain strict confidentiality of information released by the Illinois Department by following guidelines established by the Illinois Department, which shall require that recipients sign a release for any further use or disclosure of such information.

(e) The Illinois Department shall report to the Citizens Assembly/Council on Public Aid annually on the costs and benefits of preventive health care projects.

If in accord with Federal law and regulations governing grants to this State for public aid purposes, the Department may require recipients to attend a housing education program. (2) other persons and families who request the services and whose economic, personal or social situation is such as to make it likely that without counseling, training or other services financial aid could reasonably be expected to be required within 6 months.

The services may be continued for such time as may be necessary to overcome the conditions which may result in dependency upon financial aid but each case shall be

reviewed at least quarterly to assure that the services are not continued beyond a reasonable period of time.

Section 4. Authority to Issue Revenue Bonds.
A. The Department shall have the continuing power to borrow money for the purpose of carrying out the following:

1. To reduce or avoid the need to borrow or obtain a federal advance under Section 1201, et seq., of the Social Security Act (42 U.S.C. Section 1321), as amended, or any similar federal law; or

2. To refinance a previous advance received by the Department with respect to the payment of Benefits; or

3. To refinance, purchase, redeem, refund, advance refund or defease (including, any combination of the foregoing) any outstanding Bonds issued pursuant to this Act; or

4. To fund a surplus in Illinois' account in the Unemployment Trust Fund of the United States Treasury.

Paragraphs 1, 2 and 4 are inoperative on and after January 1, 2010.

B. As evidence of the obligation of the Department to repay money borrowed for the purposes set forth in Section 4A above, the Department may issue and dispose of its interest bearing revenue Bonds and may also, from time-to-time, issue and dispose of its interest bearing revenue Bonds to purchase, redeem, refund, advance refund or defease (including, any combination of the foregoing) any Bonds at maturity or pursuant to redemption provisions or at any time before maturity. The Director, in consultation with the Department's Employment Security Advisory Board, shall have the power to direct that the Bonds be issued. Bonds may be issued in one or more series and under terms and conditions as needed in furtherance of the purposes of this Act. The Illinois Finance Authority shall provide any technical, legal, or administrative services if and when requested by the Director and the Employment Security Advisory Board with regard to the issuance of Bonds. Such Bonds shall be issued in the name of the State of Illinois for the benefit of the Department and shall be executed by the Director. In case any Director whose signature appears on any Bond ceases (after attaching his or her signature) to hold that office, her or his signature shall nevertheless be valid and effective for all purposes.

C. No Bonds shall be issued without the Director's written certification that, based upon a reasonable financial analysis, the issuance of Bonds is reasonably expected to:

(i) Result in a savings to the State as compared to the cost of borrowing or obtaining an advance under Section 1201, et seq., Social Security Act (42 U.S.C. Section 1321), as amended, or any similar federal law;

(ii) Result in terms which are advantageous to the State through refunding, advance refunding or other similar restructuring of outstanding Bonds; or

(iii) Allow the State to avoid an anticipated deficiency in the State's account in the Unemployment Trust Fund of the United States Treasury by
funding a surplus in the State's account in the Unemployment Trust Fund of the United States Treasury.

D. All such Bonds shall be payable from Fund Building Receipts. Bonds may also be paid from (i) to the extent allowable by law, from monies in the State's account in the Unemployment Trust Fund of the United States Treasury; and (ii) to the extent allowable by law, a federal advance under Section 1201, et seq., of the Social Security Act (42 U.S.C. Section 1321); and (iii) proceeds of Bonds and receipts from related credit and exchange agreements to the extent allowed by this Act and applicable legal requirements.

E. The maximum principal amount of the Bonds, when combined with the outstanding principal of all other Bonds issued pursuant to this Act, shall not at any time exceed $1,400,000,000, excluding all of the outstanding principal of any other Bonds issued pursuant to this Act for which payment has been irrevocably provided by refunding or other manner of defeasance. It is the intent of this Act that the outstanding Bond authorization limits provided for in this Section 4E shall be revolving in nature, such that the amount of Bonds outstanding that are not refunded or otherwise defeased shall be included in determining the maximum amount of Bonds authorized to be issued pursuant to the Act.

F. Such Bonds and refunding Bonds issued pursuant to this Act may bear such date or dates, may mature at such time or times not exceeding 10 years from their respective dates of issuance, and may bear interest at such rate or rates not exceeding the maximum rate authorized by the Bond Authorization Act, as amended and in effect at the time of the issuance of the Bonds.

G. The Department may enter into a Credit Agreement pertaining to the issuance of the Bonds, upon terms which are not inconsistent with this Act and any other laws, provided that the term of such Credit Agreement shall not exceed the term of the Bonds, plus any time period necessary to cure any defaults under such Credit Agreement.

H. Interest earnings paid to holders of the Bonds shall not be exempt from income taxes imposed by the State.

I. While any Bond Obligations are outstanding or anticipated to come due as a result of Bonds expected to be issued in either or both of the 2 immediately succeeding calendar quarters, the Department shall collect and deposit Fund Building Receipts into the Master Bond Fund in an amount necessary to satisfy the Required Fund Building Receipts Amount prior to expending Fund Building Receipts for any other purpose. The Required Fund Building Receipts Amount shall be that amount necessary to ensure the marketability of the Bonds, which shall be specified in the Bond Sale Order executed by the Director in connection with the issuance of the Bonds.

J. Holders of the Bonds shall have a first and priority claim on all Fund Building Receipts in the Master Bond Fund in parity with all other holders of the Bonds, provided that such claim may be subordinated to the provider of any Credit Agreement for any of the Bonds.
K. To the extent that Fund Building Receipts in the Master Bond Fund are not otherwise needed to satisfy the requirements of this Act and the instruments authorizing the issuance of the Bonds, such monies shall be used by the Department, in such amounts as determined by the Director to do either or both of the following:

1. To purchase, refinance, redeem, refund, advance refund or defease (or any combination of the foregoing) outstanding Bonds, to the extent such action is legally available and does not impair the tax exempt status of any of the Bonds which are, in fact, exempt from Federal income taxation; or

2. As a deposit in the State's account in the Unemployment Trust Fund of the United States Treasury.

L. The Director shall determine the method of sale, type of bond, bond form, redemption provisions and other terms of the Bonds that, in the Director's judgment, best achieve the purposes of this Act and effect the borrowing at the lowest practicable cost, provided that those determinations are not inconsistent with this Act or other applicable legal requirements. Those determinations shall be set forth in a document entitled "Bond Sale Order" acceptable, in form and substance, to the attorney or attorneys acting as bond counsel for the Bonds in connection with the rendering of opinions necessary for the issuance of the Bonds and executed by the Director.

Section 5. Bond Proceeds.

A. The proceeds of any Bonds issued pursuant to this Act, including investment income thereon, shall be held in trust in the Master Bond Fund for the following purpose and in such amounts as determined by the Director:

1. Paying the principal and interest on any outstanding federal advance received by the Department under Section 1201, et seq., of the Social Security Act (42 U.S.C. Section 1321), as amended, or any similar federal law;

2. Being deposited into the State's account in the Unemployment Trust Fund of the United States Treasury for the purpose of: (i) avoiding anticipated deficiencies in that account or (ii) funding a surplus in that account, when doing either (i) or (ii) will result in a savings to the State or employers or both;

3. Paying the costs of issuing or refinancing any such Bonds;

4. Providing an appropriate reserve for any such Bonds to the extent that the Department determines that an appropriate reserve is warranted; and

5. Paying capitalized interest on the Bonds for the period determined necessary by the Department, not to exceed 2 years.

B. Excess Bond proceeds remaining available after the payments and deposits required pursuant to Section 5A1 through 5A5 above have been made, may be used in the following manner as determined by the Director:

1. To purchase, redeem or defease outstanding Bonds, to the extent such action is legally available and does not impair the tax-exempt status of any of the Bonds which are, in fact, tax-exempt; or

New matter indicated by italics - deletions by strikeout
2. To pay any scheduled interest payment or payments due on any outstanding Bonds; or

3. Deposited in the State's account in the Unemployment Trust Fund of the United States Treasury.

Section 6. Bonds Not A Pledge of the State.

A. Any Bonds issued under this Act, and any related Credit Agreement, are not a pledge of the faith and credit or moral obligation of the State or any State agency or political subdivision of the State. All Bonds, Bond Obligations and payment obligations deriving from any Credit Agreement are payable solely as provided in Section 4D.

B. Any Bonds and any related Credit Agreement issued under this Act must contain a conspicuous statement to the effect that:

1. Neither the State, nor any State agency, political corporation, or political subdivision of the State, is obligated to pay the principal of or interest on the Bonds except as provided by this Act; and

2. Neither the faith and credit of the State or any State agency, political corporation, or political subdivision of the State, nor the moral obligation of any of them, is pledged to the payment of the principal of or interest on the Bonds.

Section 7. State Not to Impair Bond Obligations. While Bonds under this Act are outstanding, the State irrevocably pledges and covenants that it shall not:

A. Take action to limit or restrict the rights of the Department to fulfill its responsibilities to pay Bond Obligations, Bond Administrative Expenses or otherwise comply with instruments entered by the Department pertaining to the issuance of the Bonds;

B. In any way impair the rights and remedies of the holders of the Bonds until the Bonds are fully discharged; or

C. Reduce:

Sec. 701. Requirement and Amount of Withholding.

(a) In General. Every employer maintaining an office or transacting business within this State and required under the provisions of the Internal Revenue Code to withhold a tax on:

(1) compensation paid in this State (as determined under Section 304(a)(2)(B) to an individual; or

(2) payments described in subsection (b) shall deduct and withhold from such compensation for each payroll period (as defined in Section 3401 of the Internal Revenue Code) an amount equal to the amount by which such individual's compensation exceeds the proportionate part of this withholding exemption (computed as provided in Section 702) attributable to the payroll period for which such compensation is payable multiplied by a percentage equal to the percentage tax rate for individuals provided in subsection (b) of Section 201.

(b) Payment to Residents. Any payment (including compensation) to a resident by a payor maintaining an office or transacting business within this State (including any agency, officer, or employee of this State or of any political subdivision of this State) and on which withholding of tax is required under the provisions of the Internal Revenue Code shall be deemed to be compensation paid in this State by an employer to an employee for the purposes of Article 7 and Section 601(b)(1) to the extent such payment is included in the recipient's base income and not subjected to withholding by another state. Notwithstanding any other provision to the contrary, no amount shall be withheld from unemployment insurance benefit payments made to an individual pursuant to the Unemployment Insurance Act unless the individual has voluntarily elected the withholding pursuant to rules promulgated by the Director of Employment Security.

(c) Special Definitions. (d) Reciprocal Exemption. All reciprocal agreements shall be subject to the requirements of Section 2505-575 of the Department of Revenue Law (20 ILCS 2505/2505-575).

Sec. 401. Weekly Benefit Amount - Dependents' Allowances.

A. With respect to any week beginning prior to April 24, 1983, an individual's weekly benefit amount shall be an amount equal to the weekly benefit amount as defined in this Act as in effect on November 30, 1982.

B. 1. With respect to any week beginning on or after April 24, 1983 and before January 3, 1988, an individual's weekly benefit amount shall be 48% of his prior average weekly wage, rounded (if not already a multiple of one dollar) to the next higher dollar; provided, however, that the weekly benefit amount cannot exceed the maximum weekly benefit amount, and cannot be less than 15% of the statewide average weekly wage, rounded (if not already a multiple of one dollar) to the next higher dollar. However, the weekly benefit amount for an individual who has established a benefit year beginning before April 24, 1983, shall be determined, for weeks beginning on or after April 24, 1983 claimed with respect to that benefit year, as provided under this Act as in effect on November 30, 1982. With respect to any week beginning on or after January 3, 1988 and before January 1, 1993, an individual's weekly benefit amount shall be 49% of his prior average weekly wage, rounded (if not already a multiple of one dollar) to the next higher dollar; provided, however, that the weekly benefit amount cannot exceed the maximum weekly benefit amount, and cannot be less than $51. With respect to any week beginning on or after January 3, 1993 and during a benefit year beginning before January 4, 2004, an individual's weekly benefit amount shall be 49.5% of his prior average weekly wage, rounded (if not already a multiple of one dollar) to the next higher dollar; provided, however, that the weekly benefit amount cannot exceed the maximum weekly benefit amount and cannot be less than $51. With respect to any benefit year beginning on or after January 4, 2004 and before January 6, 2008, an individual's weekly benefit amount shall
be 48% of his or her prior average weekly wage, rounded (if not already a multiple of one dollar) to the next higher dollar; provided, however, that the weekly benefit amount cannot exceed the maximum weekly benefit amount and cannot be less than $51. With respect to any benefit year beginning on or after January 6, 2008, an individual's weekly benefit amount shall be 47% of his or her prior average weekly wage, rounded (if not already a multiple of one dollar) to the next higher dollar; provided, however, that the weekly benefit amount cannot exceed the maximum weekly benefit amount and cannot be less than $51.

2. For the purposes of this subsection:

With respect to any week beginning on or after April 24, 1983, an individual's "prior average weekly wage" means the total wages for insured work paid to that individual during the 2 calendar quarters of his base period in which such total wages were highest, divided by 26. If the quotient is not already a multiple of one dollar, it shall be rounded to the nearest dollar; however if the quotient is equally near 2 multiples of one dollar, it shall be rounded to the higher multiple of one dollar.

"Determination date" means June 1, 1982, December 1, 1982 and December 1 of each succeeding calendar year thereafter. However, if as of June 30, 1982, or any June 30 thereafter, the net amount standing to the credit of this State's account in the unemployment trust fund (less all outstanding advances to that account, including advances pursuant to Title XII of the federal Social Security Act) is greater than $100,000,000, "determination date" shall mean December 1 of that year and June 1 of the succeeding year. Notwithstanding the preceding sentence, for the purposes of this Act only, there shall be no June 1 determination date in any year after 1986.

"Determination period" means, with respect to each June 1 determination date, the 12 consecutive calendar months ending on the immediately preceding December 31 and, with respect to each December 1 determination date, the 12 consecutive calendar months ending on the immediately preceding June 30.

"Benefit period" means the 12 consecutive calendar month period beginning on the first day of the first calendar month immediately following a determination date, except that, with respect to any calendar year in which there is a June 1 determination date, "benefit period" shall mean the 6 consecutive calendar month period beginning on the first day of the first calendar month immediately following the preceding December 1 determination date and the 6 consecutive calendar month period beginning on the first day of the first calendar month immediately following the June 1 determination date. Notwithstanding the foregoing sentence, the 6 calendar months beginning January 1, 1982 and ending June 30, 1982 shall be deemed a benefit period with respect to which the determination date shall be June 1, 1981.

"Gross wages" means all the wages paid to individuals during the determination period immediately preceding a determination date for insured work, and reported to the Director by employers prior to the first day of the third calendar month preceding that date.

New matter indicated by italics - deletions by strikeout
"Covered employment" for any calendar month means the total number of individuals, as determined by the Director, engaged in insured work at mid-month.

"Average monthly covered employment" means one-twelfth of the sum of the covered employment for the 12 months of a determination period.

"Statewide average annual wage" means the quotient, obtained by dividing gross wages by average monthly covered employment for the same determination period, rounded (if not already a multiple of one cent) to the nearest cent.

"Statewide average weekly wage" means the quotient, obtained by dividing the statewide average annual wage by 52, rounded (if not already a multiple of one cent) to the nearest cent. Notwithstanding any provisions of this Section to the contrary, the statewide average weekly wage for the benefit period beginning July 1, 1982 and ending December 31, 1982 shall be the statewide average weekly wage in effect for the immediately preceding benefit period plus one-half of the result obtained by subtracting the statewide average weekly wage for the immediately preceding benefit period from the statewide average weekly wage for the benefit period beginning July 1, 1982 and ending December 31, 1982 as such statewide average weekly wage would have been determined but for the provisions of this paragraph. Notwithstanding any provisions of this Section to the contrary, the statewide average weekly wage for the benefit period beginning April 24, 1983 and ending January 31, 1984 shall be $321 and for the benefit period beginning February 1, 1984 and ending December 31, 1986 shall be $335, and for the benefit period beginning January 1, 1987, and ending December 31, 1987, shall be $350, except that for an individual who has established a benefit year beginning before April 24, 1983, the statewide average weekly wage used in determining benefits, for any week beginning on or after April 24, 1983, claimed with respect to that benefit year, shall be $334.80, except that, for the purpose of determining the minimum weekly benefit amount under subsection B(1) for the benefit period beginning January 1, 1987, and ending December 31, 1987, the statewide average weekly wage shall be $335; for the benefit periods January 1, 1988 through December 31, 1988, January 1, 1989 through December 31, 1989, and January 1, 1990 through December 31, 1990, the statewide average weekly wage shall be $359, $381, and $406, respectively. Notwithstanding the preceding sentences of this paragraph, for the benefit period of calendar year 1991, the statewide average weekly wage shall be $406 plus (or minus) an amount equal to the percentage change in the statewide average weekly wage, as computed in accordance with the preceding sentences of this paragraph, between the benefit periods of calendar years 1989 and 1990, multiplied by $406; and, for the benefit periods of calendar years 1992 through 2003 and calendar year 2005 and each calendar year thereafter, the statewide average weekly wage, shall be the statewide average weekly wage, as determined in accordance with this sentence, for the immediately preceding benefit period plus (or minus) an amount equal to the percentage change in the statewide average weekly wage, as computed in accordance with the preceding sentences of this paragraph, between the 2 immediately preceding benefit periods, multiplied by the

statewide average weekly wage, as determined in accordance with this sentence, for the immediately preceding benefit period. For the benefit period of 2004, the statewide average weekly wage shall be $600. Provided however, that for any benefit period after December 31, 1990, if 2 of the following 3 factors occur, then the statewide average weekly wage shall be the statewide average weekly wage in effect for the immediately preceding benefit period: (a) the average contribution rate for all employers in this State for the calendar year 2 years prior to the benefit period, as a ratio of total contribution payments (including payments in lieu of contributions) to total wages reported by employers in this State for that same period is 0.2% greater than the national average of this ratio, the foregoing to be determined in accordance with rules promulgated by the Director; (b) the balance in this State's account in the unemployment trust fund, as of March 31 of the prior calendar year, is less than $250,000,000; or (c) the number of first payments of initial claims, as determined in accordance with rules promulgated by the Director, for the one year period ending on June 30 of the prior year, has increased more than 25% over the average number of such payments during the 5 year period ending that same June 30, and provided further that if (a), (b) and (c) occur, then the statewide average weekly wage, as determined in accordance with the preceding sentence, shall be 10% less than it would have been but for these provisions. If the reduced amount, computed in accordance with the preceding sentence, is not already a multiple of one dollar, it shall be rounded to the nearest dollar. The 10% reduction in the statewide average weekly wage in the preceding sentence shall not be in effect for more than 2 benefit periods of any 5 consecutive benefit periods. This 10% reduction shall not be cumulative from year to year. Neither the freeze nor the reduction shall be considered in the determination of subsequent years' calculations of statewide average weekly wage. However, for purposes of the Workers' Compensation Act, the statewide average weekly wage will be computed using June 1 and December 1 determination dates of each calendar year and such determination shall not be subject to the limitation of $321, $335, $350, $359, $381, $406 or the statewide average weekly wage as computed in accordance with the preceding sentence of this paragraph.

With respect to any week beginning on or after April 24, 1983 and before January 3, 1988, "maximum weekly benefit amount" means 48% of the statewide average weekly wage, rounded (if not already a multiple of one dollar) to the nearest dollar, provided however, that the maximum weekly benefit amount for an individual who has established a benefit year beginning before April 24, 1983, shall be determined, for weeks beginning on or after April 24, 1983 claimed with respect to that benefit year, as provided under this Act as amended and in effect on November 30, 1982, except that the statewide average weekly wage used in such determination shall be $334.80.

With respect to any week beginning after January 2, 1988 and before January 1, 1993, "maximum weekly benefit amount" with respect to each week beginning within a benefit period means 49% of the statewide average weekly wage, rounded (if not already a multiple of one dollar) to the next higher dollar.

With respect to any week beginning on or after January 3, 1993 and during a benefit year beginning before January 4, 2004, "maximum weekly benefit amount" with respect to each week beginning within a benefit period means 49.5% of the statewide average weekly wage, rounded (if not already a multiple of one dollar) to the next higher dollar.

With respect to any benefit year beginning on or after January 4, 2004 and before January 6, 2008, "maximum weekly benefit amount" with respect to each week beginning within a benefit period means 48% of the statewide average weekly wage, rounded (if not already a multiple of one dollar) to the next higher dollar.

With respect to any benefit year beginning on or after January 6, 2008, "maximum weekly benefit amount" with respect to each week beginning within a benefit period means 47% of the statewide average weekly wage, rounded (if not already a multiple of one dollar) to the next higher dollar.

C. With respect to any week beginning on or after April 24, 1983 and before January 3, 1988, an individual to whom benefits are payable with respect to any week shall, in addition to such benefits, be paid, with respect to such week, as follows: in the case of an individual with a nonworking spouse, 7% of his prior average weekly wage, rounded (if not already a multiple of one dollar) to the higher dollar; provided, that the total amount payable to the individual with respect to a week shall not exceed 55% of the statewide average weekly wage, rounded (if not already a multiple of one dollar) to the nearest dollar; and in the case of an individual with a dependent child or dependent children, 14.4% of his prior average weekly wage, rounded (if not already a multiple of one dollar) to the higher dollar; provided, that the total amount payable to the individual with respect to a week shall not exceed 62.4% of the statewide average weekly wage, rounded (if not already a multiple of one dollar) to the next higher dollar with respect to the benefit period beginning January 1, 1987 and ending December 31, 1987, and otherwise to the nearest dollar. However, for an individual with a nonworking spouse or with a dependent child or children who has established a benefit year beginning before April 24, 1983, the amount of additional benefits payable on account of the nonworking spouse or dependent child or children shall be determined, for weeks beginning on or after April 24, 1983 claimed with respect to that benefit year, as provided under this Act as in effect on November 30, 1982, except that the statewide average weekly wage used in such determination shall be $334.80.

aforesaid period, members of the same household; and who, on the first day of such week (a) is under 18 years of age, or (b) is, and has been during the immediately preceding 90 days, unable to work because of illness or other disability: provided, that no person who has been determined to be a child of an individual who has been allowed benefits with respect to a week in the individual's benefit year shall be deemed to be a child of the other parent, and no other person shall be determined to be a child of such other parent, during the remainder of that benefit year.

"Nonworking spouse" means the lawful husband or wife of an individual claiming benefits under this Act, for whom more than one-half the cost of support has been supplied by the individual for at least 90 consecutive days (or for the duration of the marital relationship if it has existed for less than 90 days) immediately preceding any week with respect to which the individual has filed a claim, but only if the nonworking spouse is currently ineligible to receive benefits under this Act by reason of the provisions of Section 500E.

An individual who was obligated by law to provide for the support of a child or of a nonworking spouse for the aforesaid period of 90 consecutive days, but was prevented by illness or injury from doing so, shall be deemed to have provided more than one-half the cost of supporting the child or nonworking spouse for that period.

Sec. 601. Voluntary leaving. A. An individual shall be ineligible for benefits for the week in which he has left work voluntarily without good cause attributable to the employing unit and, thereafter, until he has become reemployed and has had earnings equal to or in excess of his current weekly benefit amount in each of four calendar weeks which are either for services in employment, or have been or will be reported pursuant to the provisions of the Federal Insurance Contributions Act by each employing unit for which such services are performed and which submits a statement certifying to that fact.

B. The provisions of this Section shall not apply to an individual who has left work voluntarily:

1. Because he is deemed physically unable to perform his work by a licensed and practicing physician, or has left work voluntarily upon the advice of a licensed and practicing physician that assistance is necessary for the purpose of caring for his spouse, child, or parent who is in poor physical health and such assistance will not allow him to perform the usual and customary duties of his employment, and he has notified the employing unit of the reasons for his absence;

2. To accept other bona fide work and, after such acceptance, the individual is either not unemployed in each of 2 weeks, or earns remuneration for such work equal to at least twice his current weekly benefit amount;

Sexual harassment means (1) unwelcome sexual advances, requests for sexual favors, sexually motivated physical contact or other conduct or communication which is made a term or condition of the employment or (2) the employee's submission to or rejection of such conduct or communication which is the basis for decisions affecting employment, or (3) when such conduct or communication has the purpose or effect of substantially interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment and the employer knows or should know of the existence of the harassment and fails to take timely and appropriate action;

5. Which he had accepted after separation from other work, and the work which he left voluntarily would be deemed unsuitable under the provisions of Section 603;

6. (a) Because the individual left work due to circumstances resulting from the individual being a victim of domestic violence as defined in Section 103 of the Illinois Domestic Violence Act of 1986; and provided, such individual has made reasonable efforts to preserve the employment.

For the purposes of this paragraph 6, the individual shall be treated as being a victim of domestic violence if the individual provides the following:

(i) written notice to the employing unit of the reason for the individual's voluntarily leaving; and

(ii) to the Department provides:

(A) an order of protection or other documentation of equitable relief issued by a court of competent jurisdiction; or

(B) a police report or criminal charges documenting the domestic violence; or

(C) medical documentation of the domestic violence; or

(D) evidence of domestic violence from a counselor, social worker, health worker or domestic violence shelter worker.

(b) If the individual does not meet the provisions of subparagraph (a), the individual shall be held to have voluntarily terminated employment for the purpose of determining the individual's eligibility for benefits pursuant to subsection A.

(c) Notwithstanding any other provision to the contrary, evidence of domestic violence experienced by an individual, including the individual's statement and corroborating evidence, shall not be disclosed by the Department unless consent for disclosure is given by the individual.

Sec. 1502.1. Employer's benefit charges.

A. Benefit charges which result from payments to any claimant made on or after July 1, 1989 shall be charged:

1. For benefit years beginning prior to July 1, 1989, to each employer who paid wages to the claimant during his base period;

2. For benefit years beginning on or after July 1, 1989 but before January 1, 1993, to the later of:

   a. the last employer prior to the beginning of the claimant's benefit year:

      ii. for whom the claimant performed services in employment, on each of 30 days whether or not such days are consecutive, provided that the wages for such services were earned during the period from the beginning of the claimant's base period to the beginning of the claimant's benefit year; but that employer shall not be charged if:

         (1) the claimant's last separation from that employer was a voluntary leaving without good cause, as the term is used in Section 601A or under the circumstances described in paragraphs 1 and 2 of Section 601B; or

         (2) the claimant's last separation from that employer was a discharge for misconduct or a felony or theft connected with his work from that employer, as these terms are used in Section 602; or

b. the single employer who pays wages to the claimant that allow him to requalify for benefits after disqualification under Section 601, 602 or 603, if:

i. the disqualifying event occurred prior to the beginning of the claimant's benefit year, and

ii. the requalification occurred after the beginning of the claimant's benefit year, and

Section 612 if he has or had had base period wages from the
employers to which that Section applies (but only for the
period of ineligibility or potential ineligibility); or
b. the single employer who pays wages to the claimant that allow
him to requalify for benefits after disqualification under Section 601, 602,
or 603, even if the 30 day requirement given in this paragraph is not
satisfied; but the requalifying employer shall not be charged if the claimant
is held ineligible with respect to that requalifying employer under Section
601, 602, or 603.

B. Whenever a claimant is ineligible pursuant to Section 614 on the basis of wages

Sec. 1505. Adjustment of state experience factor. The state experience factor shall
be adjusted in accordance with the following provisions:

A. This subsection shall apply to each calendar year prior to 1980 for which a state

credit of this State's account in the unemployment trust fund as of June 30 of the calendar

year immediately preceding the calendar year for which the state experience factor is being
determined falls below $450,000,000, the state experience factor for the succeeding
calendar year shall be increased 1 percent absolute.

For every $7,000,000 (or fraction thereof) by which the amount standing to the
credit of this State's account in the unemployment trust fund as of June 30 of the calendar
year immediately preceding the calendar year for which the state experience factor is being
determined exceeds $450,000,000, the state experience factor for the succeeding year shall
be reduced 1 percent absolute.

B. This subsection shall apply to the calendar years 1980 through 1987, for which
the state experience factor is being determined.

For every $12,000,000 (or fraction thereof) by which the amount standing to the
credit of this State's account in the unemployment trust fund as of June 30 of the calendar
year immediately preceding the calendar year for which the state experience factor is being
determined falls below $750,000,000, the state experience factor for the succeeding calendar year shall be increased 1 percent absolute.

For every $12,000,000 (or fraction thereof) by which the amount standing to the
credit of this State's account in the unemployment trust fund as of June 30 of the calendar
year immediately preceding the calendar year for which the state experience factor is being
determined exceeds $750,000,000, the state experience factor for the succeeding year shall
be reduced 1 percent absolute.

C. This subsection shall apply to the calendar year 1988 and each calendar year
thereafter, for which the state experience factor is being determined.

1. For every $50,000,000 (or fraction thereof) by which the adjusted trust
fund balance falls below the target balance set forth in this subsection
$750,000,000, the state experience factor for the succeeding year shall be increased
one percent absolute.

For every $50,000,000 (or fraction thereof) by which the adjusted trust fund
balance exceeds the target balance set forth in this subsection $750,000,000, the
state experience factor for the succeeding year shall be decreased by one percent
absolute.

The target balance in each calendar year prior to 2003 is $750,000,000. The
target balance in calendar year 2003 is $920,000,000. The target balance in
calendar year 2004 is $960,000,000. The target balance in calendar year 2005 and
each calendar year thereafter is $1,000,000,000.

2. For the purposes of this subsection:
"Net trust fund balance" is the amount standing to the credit of this State's
account in the unemployment trust fund as of June 30 of the calendar year
immediately preceding the year for which a state experience factor is being
determined.

New matter indicated by italics - deletions by strikeout
"Adjusted trust fund balance" is the net trust fund balance minus the sum of the benefit reserves for fund building for July 1, 1987 through June 30 of the year prior to the year for which the state experience factor is being determined. The adjusted trust fund balance shall not be less than zero. If the preceding calculation results in a number which is less than zero, the amount by which it is less than zero shall reduce the sum of the benefit reserves for fund building for subsequent years.

For the purpose of determining the state experience factor for 1989 and for each calendar year thereafter, the following "benefit reserves for fund building" shall apply for each state experience factor calculation in which that 12 month period is applicable:

a. For the 12 month period ending on June 30, 1988, the "benefit reserve for fund building" shall be 8/104th of the total benefits paid from January 1, 1988 through June 30, 1988.

b. For the 12 month period ending on June 30, 1989, the "benefit reserve for fund building" shall be the sum of:
   i. 8/104ths of the total benefits paid from July 1, 1988 through December 31, 1988, plus
   ii. 4/108ths of the total benefits paid from January 1, 1989 through June 30, 1989.

c. For the 12 month period ending on June 30, 1990, the "benefit reserve for fund building" shall be 4/108ths of the total benefits paid from July 1, 1989 through December 31, 1989.

d. For 1992 and for each calendar year thereafter, the "benefit reserve for fund building" for the 12 month period ending on June 30, 1991 and for each subsequent 12 month period shall be zero.

3. Notwithstanding the preceding provisions of this subsection, for calendar years 1988 through 2003, the state experience factor shall not be increased or decreased by more than 15 percent absolute.

D. Notwithstanding the provisions of subsection C, the adjusted state experience factor:

1. Shall be 111 percent for calendar year 1988;
2. Shall not be less than 75 percent nor greater than 135 percent for calendar years 1989 through 2003; and shall not be less than 75% nor greater than 150% for calendar year 2004 and each calendar year thereafter;
3. Shall not be decreased by more than 5 percent absolute for any calendar year, beginning in calendar year 1989 and through calendar year 1992, by more than 6% absolute for calendar years 1993 through 1995, and by more than 10% absolute for calendar years 1999 through 2003 and by more than 12% absolute for calendar year 2004 and each calendar year thereafter, from the adjusted state experience factor.

experience factor of the calendar year preceding the calendar year for which the adjusted state experience factor is being determined;

4. Shall not be increased by more than 15% absolute for calendar year 1993, by more than 14% absolute for calendar years 1994 and 1995, and by more than 10% absolute for calendar years 1999 through 2003 and by more than 16% absolute for calendar year 2004 and each calendar year thereafter, from the adjusted state experience factor for the calendar year preceding the calendar year for which the adjusted state experience factor is being determined;

E. The amount standing to the credit of this State's account in the unemployment trust fund as of June 30 shall be deemed to include as part thereof (a) any amount receivable on that date from any Federal governmental agency, or as a payment in lieu of contributions under the provisions of Sections 1403 and 1405 B and paragraph 2 of Section 302C, in reimbursement of benefits paid to individuals, and (b) amounts credited by the Secretary of the Treasury of the United States to this State's account in the unemployment trust fund pursuant to Section 903 of the Federal Social Security Act, as amended, including any such amounts which have been appropriated by the General Assembly in accordance with the provisions of Section 2100 B for expenses of administration, except any amounts which have been obligated on or before that date pursuant to such appropriation.

For each employer whose contribution rate for 2010 and any calendar year thereafter would, in the absence of this Section, be 0.2% or higher, a contribution rate which is the sum of such rate and a fund building rate equal to the sum of the rate adjustment applicable to that year pursuant to Section 1400.1, plus the fund building rate in effect pursuant to this Section for the immediately preceding calendar year. Notwithstanding any provision to the contrary, the fund building rate in effect for any calendar year after calendar year 2009 shall not be less than 0.4% or greater than 0.55%.

Notwithstanding the preceding paragraphs of this Section or any other provision of this Act, except for the provisions contained in Section 1500 pertaining to rates applicable to employers classified under the Standard Industrial Code, or another classification system sanctioned by the United States Department of Labor and prescribed by the Director by rule, no employer whose total wages for insured work paid by him during any calendar quarter in 1988 and any calendar year thereafter are less than $50,000 shall pay contributions at a rate with respect to such quarter which exceeds the following: with respect to calendar year 1988, 5%; with respect to 1989 and any calendar year thereafter, 5.4%.

Notwithstanding the preceding paragraph of this Section, or any other provision of this Act, no employer's contribution rate with respect to calendar years 1993 through 1995 shall exceed 5.4% if the employer ceased operations at an Illinois manufacturing facility in 1991 and remained closed at that facility during all of 1992, and the employer in 1993 commits to invest at least $5,000,000 for the purpose of resuming operations at that facility, and the employer rehires during 1993 at least 250 of the individuals employed by it at that facility during the one year period prior to the cessation of its operations, provided that, within 30 days after the effective date of this amendatory Act of 1993, the employer makes application to the Department to have the provisions of this paragraph apply to it. The immediately preceding sentence shall be null and void with respect to an employer which by December 31, 1993 has not satisfied the rehiring requirement specified by this paragraph or which by December 31, 1994 has not made the investment specified by this paragraph. All payments attributable to the fund building rate established pursuant to this Section with respect to the fourth quarter of calendar year 2003, the first quarter of calendar year 2004 and any calendar quarter thereafter as of the close of which there are either bond obligations outstanding pursuant to the Illinois Unemployment Insurance Trust Fund Financing Act, or bond obligations anticipated to be outstanding as of either or both of the 2 immediately succeeding calendar quarters, shall be directed for deposit into the Master Bond Fund.

B. Notwithstanding any other provision of this Act, for the second quarter of 1991, the contribution rate of each employer as determined in accordance with Sections 1500, 1506.1, and subsection A of this Section shall be equal to the sum of such rate and 0.1%; provided that this subsection shall not apply to any employer whose rate computed under Section 1506.1 for such quarter is between 5.1% and 5.3%, inclusive, and who qualifies for
the 5.4% rate ceiling imposed by the last paragraph of subsection A for such quarter. All payments made pursuant to this subsection shall be deposited in the Employment Security Administrative Fund established under Section 2103.1 and used for the administration of this Act.

C. Payments received by the Director which are insufficient to pay the total contributions due under the Act shall be first applied to satisfy the amount due pursuant to subsection B.

C-1. Payments received by the Director with respect to the fourth quarter of calendar year 2003, the first quarter of calendar year 2004 and any calendar quarter thereafter as of the close of which there are either bond obligations outstanding pursuant to the Illinois Unemployment Insurance Trust Fund Financing Act, or bond obligations anticipated to be outstanding as of either or both of the 2 immediately succeeding calendar quarters, shall, to the extent they are insufficient to pay the total amount due under the Act with respect to the quarter, be first applied to satisfy the amount due with respect to that quarter and attributable to the fund building rate established pursuant to this Section. Notwithstanding any other provision to the contrary, with respect to an employer whose contribution rate with respect to a quarter subject to this subsection would have exceeded 5.4% but for the 5.4% rate ceiling imposed pursuant to subsection A, the amount due from the employer with respect to that quarter and attributable to the fund building rate established pursuant to subsection A shall equal the amount, if any, by which the amount due and attributable to the 5.4% rate exceeds the amount that would have been due and attributable to the employer's rate determined pursuant to Sections 1500 and 1506.1, without regard to the fund building rate established pursuant to subsection A.

D. All provisions of this Act applicable to the collection or refund of any contribution due under this Act shall be applicable to the collection or refund of amounts due pursuant to subsection B and amounts directed pursuant to this Section for deposit into the Master Bond Fund to the extent they would not otherwise be considered as contributions.

(820 ILCS 405/1507) (from Ch. 48, par. 577)
Sec. 1507. Contribution rates of successor and predecessor employing units.

A. Whenever any employing unit succeeds to substantially all of the employing enterprises of another employing unit, then in determining contribution rates for any calendar year, the experience rating record of the predecessor prior to the succession shall be transferred to the successor and thereafter it shall not be treated as the experience rating record of the predecessor, except as provided in subsection B. For the purposes of this Section, such experience rating record shall consist of all years during which liability for the payment of contributions was incurred by the predecessor prior to the succession, all benefit wages based upon wages paid by the predecessor prior to the succession, all benefit charges based on separations from, or reductions in work initiated by, benefits paid by the
predecessor prior to the succession, and all wages for insured work paid by the predecessor prior to the succession. This amendatory Act of the 93rd General Assembly is intended to be a continuation of prior law.

B. The provisions of this subsection shall be applicable only to the determination of contribution rates for the calendar year 1956 and for each calendar year thereafter. Whenever any employing unit has succeeded to substantially all of the employing enterprises of another employing unit, but the predecessor employing unit has retained a distinct severable portion of its employing enterprises or whenever any employing unit has succeeded to a distinct severable portion which is less than substantially all of the employing enterprises of another employing unit, the successor employing unit shall acquire the experience rating record attributable to the portion to which it has succeeded, and the predecessor employing unit shall retain the experience rating record attributable to the portion which it has retained, if--

1. It files a written application for such experience rating record which is joined in by the employing unit which is then entitled to such experience rating record; and

2. The joint application contains such information as the Director shall by regulation prescribe which will show that such experience rating record is identifiable and segregable and, therefore, capable of being transferred; and

3. The joint application is filed prior to whichever of the following dates is the latest: (a) July 1, 1956; (b) one year after the date of the succession; or (c) the date that the rate determination of the employing unit which has applied for such experience rating record has become final for the calendar year immediately following the calendar year in which the succession occurs. The filing of a timely joint application shall not affect any rate determination which has become final, as provided by Section 1509.

If all of the foregoing requirements are met, then the Director shall transfer such experience rating record to the employing unit which has applied therefor, and it shall not be treated as the experience rating record of the employing unit which has joined in the application.

Whenever any employing unit is reorganized into two or more employing units, and any of such employing units are owned or controlled by the same interests which owned or controlled the predecessor prior to the reorganization, and the provisions of this subsection become applicable thereto, then such affiliated employing units during the period of their affiliation shall be treated as a single employing unit for the purpose of determining their rates of contributions.

C. For the calendar year in which a succession occurs which results in the total or partial transfer of a predecessor's experience rating record, the contribution rates of the parties thereto shall be determined in the following manner:

New matter indicated by italics - deletions by strikeout
1. If any of such parties had a contribution rate applicable to it for that calendar year, it shall continue with such contribution rate.

2. If any successor had no contribution rate applicable to it for that calendar year, and only one predecessor is involved, then the contribution rate of the successor shall be the same as that of its predecessor.

3. If any successor had no contribution rate applicable to it for that calendar year, and two or more predecessors are involved, then the contribution rate of the successor shall be computed, on the combined experience rating records of the predecessors or on the appropriate part of such records if any partial transfer is involved, as provided in Sections 1500 to 1507, inclusive.

4. Notwithstanding the provisions of paragraphs 2 and 3 of this subsection, if any succession occurs prior to the calendar year 1956 and the successor acquires part of the experience rating record of the predecessor as provided in subsection B of this Section, then the contribution rate of that successor for the calendar year in which such succession occurs shall be 2.7 percent.

Sec. 2100. Handling of funds - Bond - Accounts.

A. All contributions and payments in lieu of contributions collected under this Act, including but not limited to fund building receipts, together with any interest thereon; all penalties collected pursuant to this Act; any property or securities acquired through the use thereof; all moneys advanced to this State's account in the unemployment trust fund pursuant to the provisions of Title XII of the Social Security Act, as amended; all moneys directed for transfer from the Master Bond Fund to this State's account in the unemployment trust fund received from the federal tax avoidance surcharge established by Section 1506.4; all moneys received from the Federal government as reimbursements pursuant to Section 204 of the Federal-State Extended Unemployment Compensation Act of 1970, as amended; all moneys credited to this State's account in the unemployment trust fund pursuant to Section 903 of the Federal Social Security Act, as amended; and all earnings of such property or securities and any interest earned upon any such moneys shall be paid or turned over to and held by the Director, as ex-officio custodian of the clearing...
account, the unemployment trust fund account and the benefit account, and by the State Treasurer, as ex-officio custodian of the special administrative account, separate and apart from all public moneys or funds of this State, as hereinafter provided. Such moneys shall be administered by the Director exclusively for the purposes of this Act.

No such moneys shall be paid or expended except upon the direction of the Director in accordance with such regulations as he shall prescribe pursuant to the provisions of this Act.

The State Treasurer shall be liable on his general official bond for the faithful performance of his duties in connection with the moneys in the special administrative account provided for under this Act. Such liability on his official bond shall exist in addition to the liability upon any separate bond given by him. All sums recovered for losses sustained by the account shall be deposited in that account.

The Director shall be liable on his general official bond for the faithful performance of his duties in connection with the moneys in the clearing account, the benefit account and unemployment trust fund account provided for under this Act. Such liability on his official bond shall exist in addition to the liability upon any separate bond given by him. All sums recovered for losses sustained by any one of the accounts shall be deposited in the account that sustained such loss.

The Treasurer shall maintain for such moneys a special administrative account. The Director shall maintain for such moneys 3 separate accounts: a clearing account, a benefit account and an unemployment trust fund account. All moneys payable under this Act (except moneys requisitioned from this State's account in the unemployment trust fund and deposited in the benefit account), including but not limited to moneys directed for transfer from the Master Bond Fund to this State's account in the unemployment trust fund, upon receipt thereof by the Director, shall be immediately deposited in the clearing account; provided, however, that, except as is otherwise provided in this Section, interest and penalties shall not be deemed a part of the clearing account but shall be transferred immediately upon clearance thereof to the special administrative account.

After clearance thereof, all other moneys in the clearing account shall be immediately deposited by the Director with the Secretary of the Treasury of the United States of America to the credit of the account of this State in the unemployment trust fund, established and maintained pursuant to the Federal Social Security Act, as amended, except fund building receipts, which shall be deposited into the Master Bond Fund. The benefit account shall consist of all moneys requisitioned from this State's account in the unemployment trust fund. The moneys in the benefit account shall be expended in accordance with regulations prescribed by the Director and solely for the payment of benefits, refunds of contributions, interest and penalties under the provisions of the Act, the payment of health insurance in accordance with Section 410 of this Act, and the transfer or payment of funds to any Federal or State agency pursuant to reciprocal arrangements entered into by the Director under the provisions of Section 2700E, except that moneys
credited to this State's account in the unemployment trust fund pursuant to Section 903 of the Federal Social Security Act, as amended, shall be used exclusively as provided in subsection B. For purposes of this Section only, to the extent allowed by applicable legal requirements, the payment of benefits includes but is not limited to the payment of principal on any bonds issued pursuant to the Illinois Unemployment Insurance Trust Fund Financing Act, exclusive of any interest or administrative expenses in connection with the bonds. The Director shall, from time to time, requisition from the unemployment trust fund such amounts, not exceeding the amounts standing to the State's account therein, as he deems necessary solely for the payment of such benefits, refunds, and funds, for a reasonable future period. The Director, as ex-officio custodian of the benefit account, which shall be kept separate and apart from all other public moneys, shall issue his checks for the payment of such benefits, refunds, health insurance and funds solely from the moneys so received into the benefit account. However, after January 1, 1987, no check shall be drawn on such benefit account unless at the time of drawing there is sufficient money in the account to pay the check. The Director shall retain in the clearing account an amount of interest and penalties equal to the amount of interest and penalties to be refunded from the benefit account. After clearance thereof, the amount so retained shall be immediately deposited by the Director, as are all other moneys in the clearing account, with the Secretary of the Treasury of the United States. If, at any time, an insufficient amount of interest and penalties is available for retention in the clearing account, no refund of interest or penalties shall be made from the benefit account until a sufficient amount is available for retention and is so retained, or until the State Treasurer, upon the direction of the Director, transfers to the Director a sufficient amount from the special administrative account, for immediate deposit in the benefit account.

Any balance of moneys requisitioned from the unemployment trust fund which remains unclaimed or unpaid in the benefit account after the expiration of the period for which such sums were requisitioned shall either be deducted from estimates of and may be utilized for authorized expenditures during succeeding periods, or, in the discretion of the Director, shall be redeposited with the Secretary of the Treasury of the United States to the credit of the State's account in the unemployment trust fund.

Moneys in the clearing, benefit and special administrative accounts shall not be commingled with other State funds but they shall be deposited as required by law and maintained in separate accounts on the books of a savings and loan association or bank.

No bank or savings and loan association shall receive public funds as permitted by this Section, unless it has complied with the requirements established pursuant to Section 6 of "An Act relating to certain investments of public funds by public agencies", approved July 23, 1943, as now or hereafter amended.

B. Moneys credited to the account of this State in the unemployment trust fund by the Secretary of the Treasury of the United States pursuant to Section 903 of the Social Security Act may be requisitioned from this State's account and used as authorized by
Section 903. Any interest required to be paid on advances under Title XII of the Social Security Act shall be paid in a timely manner and shall not be paid, directly or indirectly, by an equivalent reduction in contributions or payments in lieu of contributions from amounts in this State's account in the unemployment trust fund. Such moneys may be requisitioned and used for the payment of expenses incurred for the administration of this Act, but only pursuant to a specific appropriation by the General Assembly and only if the expenses are incurred and the moneys are requisitioned after the enactment of an appropriation law which:

1. Specifies the purpose or purposes for which such moneys are appropriated and the amount or amounts appropriated therefor;
2. Limits the period within which such moneys may be obligated to a period ending not more than 2 years after the date of the enactment of the appropriation law; and
3. Limits the amount which may be obligated during any fiscal year to an amount which does not exceed the amount by which (a) the aggregate of the amounts transferred to the account of this State pursuant to Section 903 of the Social Security Act exceeds (b) the aggregate of the amounts used by this State pursuant to this Act and charged against the amounts transferred to the account of this State.

For purposes of paragraph (3) above, amounts obligated for administrative purposes pursuant to an appropriation shall be chargeable against transferred amounts at the exact time the obligation is entered into. The appropriation, obligation, and expenditure or other disposition of money appropriated under this subsection shall be accounted for in accordance with standards established by the United States Secretary of Labor.

Moneys appropriated as provided herein for the payment of expenses of administration shall be requisitioned by the Director as needed for the payment of obligations incurred under such appropriation. Upon requisition, such moneys shall be deposited with the State Treasurer, who shall hold such moneys, as ex-officio custodian thereof, in accordance with the requirements of Section 2103 and, upon the direction of the Director, shall make payments therefrom pursuant to such appropriation. Moneys so deposited shall, until expended, remain a part of the unemployment trust fund and, if any will not be expended, shall be returned promptly to the account of this State in the unemployment trust fund.

C. The Governor is authorized to apply to the United States Secretary of Labor for an advance or advances to this State's account in the unemployment trust fund pursuant to the conditions set forth in Title XII of the Federal Social Security Act, as amended. The amount of any such advance may be repaid from this State's account in the unemployment trust fund provided that if the federal penalty tax avoidance surcharge established by Section 1506.4 is in effect for that year, any outstanding advance shall first be repaid from...
amounts in this State's account in the unemployment trust fund which were received from such surcharge by November 9 of each year.

Sec. 7. To receive and provide the highest possible quality of humane and rehabilitative care and treatment to all persons admitted or committed or transferred in accordance with law to the facilities, divisions, programs, and services under the jurisdiction of the Department. No resident of another state shall be received or retained to the exclusion of any resident of this State. No resident of another state shall be received or retained to the exclusion of any resident of this State. All recipients of 17 years of age and under in residence in a Department facility other than a facility for the care of the mentally retarded shall be housed in quarters separated from older recipients except for: (a) recipients who are placed in medical-surgical units because of physical illness; and (b) recipients between 13 and 18 years of age who need temporary security measures.

All recipients in a Department facility shall be given a dental examination by a licensed dentist or registered dental hygienist at least once every 18 months and shall be assigned to a dentist for such dental care and treatment as is necessary.

All medications administered to recipients shall be administered only by those persons who are legally qualified to do so by the laws of the State of Illinois. Medication shall not be prescribed until a physical and mental examination of the recipient has been completed. If, in the clinical judgment of a physician, it is necessary to administer medication to a recipient before the completion of the physical and mental examination, he may prescribe such medication but he must file a report with the facility director setting

forth the reasons for prescribing such medication within 24 hours of the prescription. A copy of the report shall be part of the recipient's record.

No later than January 1, 2005, the Department shall adopt a model protocol and forms for recording all patient diagnosis, care, and treatment at each State-operated facility for the mentally ill and developmentally disabled under the jurisdiction of the Department. The model protocol and forms shall be used by each facility unless the Department determines that equivalent alternatives justify an exemption.

Every facility under the jurisdiction of the Department shall maintain a copy of each report of suspected abuse or neglect of the patient. Copies of those reports shall be made available to the State Auditor General in connection with his biennial program audit of the facility as required by Section 3-2 of the Illinois State Auditing Act.

No later than January 1 2004, the Department shall report to the Governor and the General Assembly whether each State-operated facility for the mentally ill and developmentally disabled under the jurisdiction of the Department and all services provided in those facilities comply with all of the applicable standards adopted by the Social Security Administration under Subchapter XVIII (Medicare) of the Social Security Act (42 U.S.C. 1395-1395ccc), if the facility and services may be eligible for federal financial participation under that federal law. For those facilities that do comply, the report shall indicate what actions need to be taken to ensure continued compliance. For those facilities that do not comply, the report shall indicate what actions need to be taken to bring each facility into compliance.

(20 ILCS 1705/15) (from Ch. 91 1/2, par. 100-15)

Sec. 15. Before any person is released from a facility operated by the State pursuant to an absolute discharge or a conditional discharge from hospitalization under this Act, the facility director of the facility in which such person is hospitalized shall determine that such person is not currently in need of hospitalization and:

(a) is able to live independently in the community; or

(b) requires further oversight and supervisory care for which arrangements have been made with responsible relatives or supervised residential program approved by the Department; or

(c) requires further personal care or general oversight as defined by the Nursing Home Care Act, for which placement arrangements have been made with a suitable family home or other licensed facility approved by the Department under this Section; or

(d) requires community mental health services for which arrangements have been made with a community mental health provider in accordance with criteria, standards, and procedures promulgated by rule.

Such determination shall be made in writing and shall become a part of the facility record of such absolutely or conditionally discharged person. When the determination

indicates that the condition of the person to be granted an absolute discharge or a conditional discharge is described under subparagraph (c) or (d) of this Section, the name and address of the continuing care facility or home to which such person is to be released shall be entered in the facility record. Where a discharge from a mental health facility is made under subparagraph (c), the Department shall assign the person so discharged to an existing community based not-for-profit agency for participation in day activities suitable to the person's needs, such as but not limited to social and vocational rehabilitation, and other recreational, educational and financial activities unless the community based not-for-profit agency is unable unqualified to accept such assignment. Subject to specific appropriation, where the clientele or services to existing clientele of any not-for-profit agency increases as a result of assignments under this amendatory Act of the 93rd General Assembly 1977 by more than 3% over the prior year, the Department shall fully reimburse such agency for the reasonable increased costs of providing services to such persons in excess of such 3% increase. The Department shall keep written records detailing how many persons have been assigned to a community based not-for-profit agency and how many persons were not so assigned because the community based agency was unable to accept the assignments, in accordance with criteria, standards, and procedures promulgated by rule. Whenever a community based agency is found to be unable to accept the assignments, the name of the agency and the reason for the finding shall be included in the report.

Insofar as desirable in the interests of the former recipient, the facility, program or home in which the discharged person is to be placed shall be located in or near the community in which the person resided prior to hospitalization or in the community in which the person's family or nearest next of kin presently reside. Placement of the discharged person in facilities, programs or homes located outside of this State shall not be made by the Department unless there are no appropriate facilities, programs or homes available within this State. Out-of-state placements shall be subject to return of recipients so placed upon the availability of facilities, programs or homes within this State to accommodate these recipients, except where placement in a contiguous state results in locating a recipient in a facility or program closer to the recipient's home or family. If an appropriate facility or program becomes available equal to or closer to the recipient's home or family, the recipient shall be returned to and placed at the appropriate facility or program within this State.

To place any person who is under a program of the Department at board in a suitable family home or in such other facility or program as the Department may consider desirable. The Department may place in licensed nursing homes, sheltered care homes, or homes for the aged those persons whose behavioral manifestations and medical and nursing care needs are such as to be substantially indistinguishable from persons already living in such facilities. Prior to any placement by the Department under this Section, a determination shall be made by the personnel of the Department, as to the capability and

New matter indicated by italics - deletions by strikeout
suitability of such facility to adequately meet the needs of the person to be discharged. When specialized programs are necessary in order to enable persons in need of supervised living to develop and improve in the community, the Department shall place such persons only in specialized residential care facilities which shall meet Department standards including restricted admission policy, special staffing and programming for social and vocational rehabilitation, in addition to the requirements of the appropriate State licensing agency. The Department shall not place any new person in a facility the license of which has been revoked or not renewed on grounds of inadequate programming, staffing, or medical or adjunctive services, regardless of the pendency of an action for administrative review regarding such revocation or failure to renew. Before the Department may transfer any person to a licensed nursing home, sheltered care home or home for the aged or place any person in a specialized residential care facility the Department shall notify the person to be transferred, or a responsible relative of such person, in writing, at least 30 days before the proposed transfer, with respect to all the relevant facts concerning such transfer, except in cases of emergency when such notice is not required. If either the person to be transferred or a responsible relative of such person objects to such transfer, in writing to the Department, at any time after receipt of notice and before the transfer, the facility director of the facility in which the person was a recipient shall immediately schedule a hearing at the facility with the presence of the facility director, the person who objected to such proposed transfer, and a psychiatrist who is familiar with the record of the person to be transferred. Such person to be transferred or a responsible relative may be represented by such counsel or interested party as he may appoint, who may present such testimony with respect to the proposed transfer. Testimony presented at such hearing shall become a part of the facility record of the person-to-be-transferred. The record of testimony shall be held in the person-to-be-transferred’s record in the central files of the facility. If such hearing is held a transfer may only be implemented, if at all, in accordance with the results of such hearing. Within 15 days after such hearing the facility director shall deliver his findings based on the record of the case and the testimony presented at the hearing, by registered or certified mail, to the parties to such hearing. The findings of the facility director shall be deemed a final administrative decision of the Department. For purposes of this Section, "case of emergency" means those instances in which the health of the person to be transferred is imperiled and the most appropriate mental health care or medical care is available at a licensed nursing home, sheltered care home or home for the aged or a specialized residential care facility.

Prior to placement of any person in a facility under this Section the Department shall ensure that an appropriate training plan for staff is provided by the facility. Said training may include instruction and demonstration by Department personnel qualified in the area of mental illness or mental retardation, as applicable to the person to be placed. Training may be given both at the facility from which the recipient is transferred and at the facility receiving the recipient, and may be available on a continuing basis subsequent to
placement. In a facility providing services to former Department recipients, training shall be available as necessary for facility staff. Such training will be on a continuing basis as the needs of the facility and recipients change and further training is required.

The Department shall not place any person in a facility which does not have appropriately trained staff in sufficient numbers to accommodate the recipient population already at the facility. As a condition of further or future placements of persons, the Department shall require the employment of additional trained staff members at the facility where said persons are to be placed. The Secretary, or his or her designate, shall establish written guidelines for placement of persons in facilities under this Act. The Department shall keep written records detailing which facilities have been determined to have staff who have been appropriately trained by the Department and all training which it has provided or required under this Section.

Bills for the support for a person boarded out shall be payable monthly out of the proper maintenance funds and shall be audited as any other accounts of the Department. If a person is placed in a facility or program outside the Department, the Department may pay the actual costs of residence, treatment or maintenance in such facility and may collect such actual costs or a portion thereof from the recipient or the estate of a person placed in accordance with this Section.

Other than those placed in a family home the Department shall cause all persons who are placed in a facility, as defined by the Nursing Home Care Act, or in designated community living situations or programs, to be visited at least once during the first month following placement, and once every month thereafter for the first year following placement when indicated, but at least quarterly. After the first year, the Department shall determine at what point the appropriate licensing entity for the facility or designated community living situation or program will assume the responsibility of ensuring that appropriate services are being provided to the resident. Once that responsibility is assumed, the Department may discontinue such visits. If a long term care facility has periodic care plan conferences, the visitor may participate in those conferences, if such participation is approved by the resident or the resident's guardian. Visits shall be made by qualified and trained Department personnel, or their designee, in the area of mental health or developmental disabilities applicable to the person visited, and shall be made on a more frequent basis when indicated. The Department may not use as designee any personnel connected with or responsible to the representatives of any facility in which persons who have been transferred under this Section are placed. In the course of such visit there shall be consideration of the following areas, but not limited thereto: effects of transfer on physical and mental health of the person, sufficiency of nursing care and medical coverage required by the person, sufficiency of staff personnel and ability to provide basic care for the person, social, recreational and programmatic activities available for the person, and other appropriate aspects of the person's environment.

New matter indicated by italics - deletions by strikeout
A report containing the above observations shall be made to the Department, to the licensing agency, and to any other appropriate agency subsequent to each visitation. The report shall contain recommendations to improve the care and treatment of the resident, as necessary, which shall be reviewed by the facility's interdisciplinary team and the resident or the resident's legal guardian. At the conclusion of one year following absolute or conditional discharge, or a longer period of time if required by the Department, the Department may terminate the visitation requirements of this Section as to a person placed in accordance with this Section, by filing a written statement of termination setting forth reasons to substantiate the termination of visitations in the person's file, and sending a copy thereof to the person, and to his guardian or next of kin.

Upon the complaint of any person placed in accordance with this Section or any responsible citizen or upon discovery that such person has been abused, neglected, or improperly cared for, or that the placement does not provide the type of care required by the recipient's current condition, the Department immediately shall investigate, and determine if the well-being, health, care, or safety of any person is affected by any of the above occurrences, and if any one of the above occurrences is verified, the Department shall remove such person at once to a facility of the Department or to another facility outside the Department, provided such person's needs can be met at said facility. The Department may also provide any person placed in accordance with this Section who is without available funds, and who is permitted to engage in employment outside the facility, such sums for the transportation, and other expenses as may be needed by him until he receives his wages for such employment.

The Department shall promulgate rules and regulations governing the purchase of care for persons who are wards of or who are receiving services from the Department. Such rules and regulations shall apply to all monies expended by any agency of the State of Illinois for services rendered by any person, corporate entity, agency, governmental agency or political subdivision whether public or private outside of the Department whether payment is made through a contractual, per-diem or other arrangement. No funds shall be paid to any person, corporation, agency, governmental entity or political subdivision without compliance with such rules and regulations.

The rules and regulations governing purchase of care shall describe categories and types of service deemed appropriate for purchase by the Department.

Any provider of services under this Act may elect to receive payment for those services, and the Department is authorized to arrange for that payment, by means of direct deposit transmittals to the service provider's account maintained at a bank, savings and loan association, or other financial institution. The financial institution shall be approved by the Department, and the deposits shall be in accordance with rules and regulations adopted by the Department.

Section 10. The Abused and Neglected Long Term Care Facility Residents Reporting Act is amended by changing Sections 6.2, 6.3, 6.4, 6.5, 6.6, 6.7, and 6.8 as follows:

(210 ILCS 30/6.2) (from Ch. 111 1/2, par. 4166.2)
(Section scheduled to be repealed on January 1, 2004) Sec. 6.2. Inspector General.
(a) The Governor shall appoint, and the Senate shall confirm, an Inspector General. The Inspector General shall be appointed for a term of 4 years and who shall function within the Department of Human Services and report to the Secretary of Human Services and the Governor. The Inspector General shall function independently within the Department of Human Services with respect to the operations of the office, including the performance of investigations and issuance of findings and recommendations. The appropriation for the Office of Inspector General shall be separate from the overall appropriation for the Department of Human Services. The Inspector General shall investigate reports of suspected abuse or neglect (as those terms are defined in Section 3 of this Act) of patients or residents in any mental health or developmental disabilities facility operated by the Department of Human Services and shall have authority to investigate and take immediate action on reports of abuse or neglect of recipients, whether patients or residents, in any mental health or developmental disabilities facility or program that is licensed or certified by the Department of Human Services (as successor to the Department of Mental Health and Developmental Disabilities) or that is funded by the Department of Human Services (as successor to the Department of Mental Health and Developmental Disabilities) and is not licensed or certified by any agency of the State. At the specific, written request of an agency of the State other than the Department of Human Services (as successor to the Department of Mental Health and Developmental Disabilities), the Inspector General may cooperate in investigating reports of abuse and neglect of persons with mental illness or persons with developmental disabilities. The Inspector General shall have no supervision over or involvement in routine, programmatic, licensure, or certification operations of the Department of Human Services or any of its funded agencies.

The Inspector General shall promulgate rules establishing minimum requirements for reporting allegations of abuse and neglect and initiating, conducting, and completing investigations. The promulgated rules shall clearly set forth that in instances where 2 or more State agencies could investigate an allegation of abuse or neglect, the Inspector General shall not conduct an investigation that is redundant to an investigation conducted by another State agency. The rules shall establish criteria for determining, based upon the nature of the allegation, the appropriate method of investigation, which may include, but need not be limited to, site visits, telephone contacts, or requests for written responses from agencies. The rules shall also clarify how the Office of the Inspector General shall interact with the licensing unit of the Department of Human Services in investigations of allegations of abuse or neglect. Any allegations or investigations of reports made pursuant
to this Act shall remain confidential until a final report is completed. The resident or patient who allegedly was abused or neglected and his or her legal guardian shall be informed by the facility or agency of the report of alleged abuse or neglect. Final reports regarding unsubstantiated or unfounded allegations shall remain confidential, except that final reports may be disclosed pursuant to Section 6 of this Act.

The Inspector General shall be appointed for a term of 4 years.

When the Office of the Inspector General has substantiated a case of abuse or neglect, the Inspector General shall include in the final report any mitigating or aggravating circumstances that were identified during the investigation. Upon determination that a report of neglect is substantiated, the Inspector General shall then determine whether such neglect rises to the level of egregious neglect.

(b) The Inspector General shall within 24 hours after receiving a report of suspected abuse or neglect determine whether the evidence indicates that any possible criminal act has been committed. If he determines that a possible criminal act has been committed, or that special expertise is required in the investigation, he shall immediately notify the Department of State Police. The Department of State Police shall investigate any report indicating a possible murder, rape, or other felony. All investigations conducted by the Inspector General shall be conducted in a manner designed to ensure the preservation of evidence for possible use in a criminal prosecution.

(b-5) The Inspector General shall make a determination to accept or reject a preliminary report of the investigation of alleged abuse or neglect based on established investigative procedures. Notice of the Inspector General's determination must be given to the person who claims to be the victim of the abuse or neglect, to the person or persons alleged to have been responsible for abuse or neglect, and to the facility or agency. The facility or agency or the person or persons alleged to have been responsible for the abuse or neglect and the person who claims to be the victim of the abuse or neglect may request clarification or reconsideration based on additional information. For cases where the allegation of abuse or neglect is substantiated, the Inspector General shall require the facility or agency to submit a written response. The written response from a facility or agency shall address in a concise and reasoned manner the actions that the agency or facility will take or has taken to protect the resident or patient from abuse or neglect, prevent recurrences, and eliminate problems identified and shall include implementation and completion dates for all such action.

(c) The Inspector General shall, within 10 calendar days after the transmittal date of a completed investigation where abuse or neglect is substantiated or administrative action is recommended, provide a complete report on the case to the Secretary of Human Services and to the agency in which the abuse or neglect is alleged to have happened. The complete report shall include a written response from the agency or facility operated by the State to the Inspector General that addresses in a concise and reasoned manner the actions that the agency or facility will take or has taken to protect the resident or patient from abuse or

New matter indicated by italics - deletions by strikeout
neglect, prevent reoccurrences, and eliminate problems identified and shall include implementation and completion dates for all such action. The Secretary of Human Services shall accept or reject the response and establish how the Department will determine whether the facility or program followed the approved response. The Secretary may require Department personnel to visit the facility or agency for training, technical assistance, programmatic, licensure, or certification purposes. Administrative action, including sanctions, may be applied should the Secretary reject the response or should the facility or agency fail to follow the approved response. Within 30 days after the Secretary has approved a response, the facility or agency making the response shall provide an implementation report to the Inspector General on the status of the corrective action implemented. Within 60 days after the Secretary has approved the response, the facility or agency shall send notice of the completion of the corrective action or shall send an updated implementation report. The facility or agency shall continue sending updated implementation reports every 60 days until the facility or agency sends a notice of the completion of the corrective action. The Inspector General shall review any implementation plan that takes more than 120 days. The Inspector General shall monitor compliance through a random review of completed corrective actions. This monitoring may include, but need not be limited to, site visits, telephone contacts, or requests for written documentation from the facility or agency to determine whether the facility or agency is in compliance with the approved response. The facility or agency shall inform the resident or patient and the legal guardian whether the reported allegation was substantiated, unsubstantiated, or unfounded. There shall be an appeals process for any person or agency that is subject to any action based on a recommendation or recommendations.

(d) The Inspector General may recommend to the Departments of Public Health and Human Services sanctions to be imposed against mental health and developmental disabilities facilities under the jurisdiction of the Department of Human Services for the protection of residents, including appointment of on-site monitors or receivers, transfer or relocation of residents, and closure of units. The Inspector General may seek the assistance of the Attorney General or any of the several State's attorneys in imposing such sanctions. Whenever the Inspector General issues any recommendations to the Secretary of Human Services, the Secretary shall provide a written response.

(e) The Inspector General shall establish and conduct periodic training programs for Department of Human Services employees concerning the prevention and reporting of neglect and abuse.

(f) The Inspector General shall at all times be granted access to any mental health or developmental disabilities facility operated by the Department of Human Services, shall establish and conduct unannounced site visits to those facilities at least once annually, and shall be granted access, for the purpose of investigating a report of abuse or neglect, to the records of the Department of Human Services and to any facility or program funded by the

Department of Human Services that is subject under the provisions of this Section to investigation by the Inspector General for a report of abuse or neglect.

(g) Nothing in this Section shall limit investigations by the Department of Human Services that may otherwise be required by law or that may be necessary in that Department's capacity as the central administrative authority responsible for the operation of State mental health and developmental disability facilities.

(g-5) After notice and an opportunity for a hearing that is separate and distinct from the Office of the Inspector General's appeals process as implemented under subsection (c) of this Section, the Inspector General shall report to the Department of Public Health's nurse aide registry under Section 3-206.01 of the Nursing Home Care Act the identity of individuals against whom there has been a substantiated finding of physical or sexual abuse or egregious neglect of a service recipient.

Nothing in this subsection shall diminish or impair the rights of a person who is a member of a collective bargaining unit pursuant to the Illinois Public Labor Relations Act or pursuant to any federal labor statute. An individual who is a member of a collective bargaining unit as described above shall not be reported to the Department of Public Health's nurse aide registry until the exhaustion of that individual's grievance and arbitration rights, or until 3 months after the initiation of the grievance process, whichever occurs first, provided that the Department of Human Services' hearing under subsection (c), that is separate and distinct from the Office of the Inspector General's appeals process, has concluded. Notwithstanding anything hereinafter or previously provided, if an action taken by an employer against an individual as a result of the circumstances that led to a finding of physical or sexual abuse or egregious neglect is later overturned under a grievance or arbitration procedure provided for in Section 8 of the Illinois Public Labor Relations Act or under a collective bargaining agreement, the report must be removed from the registry.

The Department of Human Services shall promulgate or amend rules as necessary or appropriate to establish procedures for reporting to the registry, including the definition of egregious neglect, procedures for notice to the individual and victim, appeal and hearing procedures, and petition for removal of the report from the registry. The portion of the rules pertaining to hearings shall provide that, at the hearing, both parties may present written and oral evidence. The Department shall be required to establish by a preponderance of the evidence that the Office of the Inspector General's finding of physical or sexual abuse or egregious neglect warrants reporting to the Department of Public Health's nurse aide registry under Section 3-206.01 of the Nursing Home Care Act.

Notice to the individual shall include a clear and concise statement of the grounds on which the report to the registry is based and notice of the opportunity for a hearing to contest the report. The Department of Human Services shall provide the notice by certified mail to the last known address of the individual. The notice shall give the individual an opportunity to contest the report in a hearing before the Department of Human Services or to submit a written response to the findings instead of requesting a hearing. If the
individual does not request a hearing or if after notice and a hearing the Department of Human Services finds that the report is valid, the finding shall be included as part of the registry, as well as a brief statement from the reported individual if he or she chooses to make a statement. The Department of Public Health shall make available to the public information reported to the registry. In a case of inquiries concerning an individual listed in the registry, any information disclosed concerning a finding of abuse or neglect shall also include disclosure of the individual's brief statement in the registry relating to the reported finding or include a clear and accurate summary of the statement.

At any time after the report of the registry, an individual may petition the Department of Human Services for removal from the registry of the finding against him or her. Upon receipt of such a petition, the Department of Human Services shall conduct an investigation and hearing on the petition. Upon completion of the investigation and hearing, the Department of Human Services shall report the removal of the finding to the registry unless the Department of Human Services determines that removal is not in the public interest.

(h) This Section is repealed on January 1, 2004.

(Section scheduled to be repealed on January 1, 2004)

Sec. 6.3. Quality Care Board. There is created, within the Department of Human Services' Office of the Inspector General, a Quality Care Board to be composed of 7 members appointed by the Governor with the advice and consent of the Senate. One of the members shall be designated as chairman by the Governor. Of the initial appointments made by the Governor, 4 Board members shall each be appointed for a term of 4 years and 3 members shall each be appointed for a term of 2 years. Upon the expiration of each member's term, a successor shall be appointed for a term of 4 years. In the case of a vacancy in the office of any member, the Governor shall appoint a successor for the remainder of the unexpired term.

Members appointed by the Governor shall be qualified by professional knowledge or experience in the area of law, investigatory techniques, or in the area of care of the mentally ill or developmentally disabled. Two members appointed by the Governor shall be persons with a disability or a parent of a person with a disability. Members shall serve without compensation, but shall be reimbursed for expenses incurred in connection with the performance of their duties as members.

The Board shall meet quarterly, and may hold other meetings on the call of the chairman. Four members shall constitute a quorum. The Board may adopt rules and regulations it deems necessary to govern its own procedures.

Sec. 6.6. Subpoenas; testimony; penalty. The Inspector General shall have the power to subpoena witnesses and compel the production of books and papers pertinent to an investigation authorized by this Act, provided that the power to subpoena or to compel the production of books and papers shall not extend to the person or documents of a labor organization or its representatives insofar as the person or documents of a labor organization relate to the function of representing an employee subject to investigation under this Act. Mental health records of patients shall be confidential as provided under the Mental Health and Developmental Disabilities Confidentiality Act. The summaries shall not contain any confidential or identifying information concerning the subjects of the reports and investigations. The report shall also include a trend analysis of the number of reported allegations and their disposition, for each facility and Department-wide, for the most recent 3-year time period and a statement, for each facility, of the staffing-to-patient ratios. The ratios shall include only the number of direct care staff. The report shall also include detailed recommended administrative actions and matters for consideration by the General Assembly.

including but not limited to bed rails, lap belts, gait belts, and cushions, shall not be considered to be restraints for purposes of this Section; (ii) a chemical restraint is any drug used for discipline or convenience and not required to treat medical symptoms. The Department shall by rule, designate certain devices as restraints, including at least all those devices which have been determined to be restraints by the United States Department of Health and Human Services in interpretive guidelines issued for the purposes of administering Titles 18 and 19 of the Social Security Acts.

(b) Neither restraints nor confinements shall be employed for the purpose of punishment or for the convenience of any facility personnel. No restraints or confinements shall be employed except as ordered by a physician who documents the need for such restraints or confinements in the resident's clinical record. Each facility licensed under this Act must have a written policy to address the use of restraints and seclusion. The Department shall establish by rule the provisions that the policy must include, which, to the extent practicable, should be consistent with the requirements for participation in the federal Medicare program. Each policy shall include periodic review of the use of restraints.

(c) A restraint may be used only with the informed consent of the resident, the resident's guardian, or other authorized representative. A restraint may be used only for specific periods, if it is the least restrictive means necessary to attain and maintain the resident's highest practicable physical, mental or psychosocial well-being, including brief periods of time to provide necessary life-saving treatment. A restraint may be used only after consultation with appropriate health professionals, such as occupational or physical therapists, and a trial of less restrictive measures has led to the determination that the use of less restrictive measures would not attain or maintain the resident's highest practicable physical, mental or psychosocial well-being. However, if the resident needs emergency care, restraints may be used for brief periods to permit medical treatment to proceed unless the facility has notice that the resident has previously made a valid refusal of the treatment in question.

(d) A restraint may be applied only by a person trained in the application of the particular type of restraint.

(e) Whenever a period of use of a restraint is initiated, the resident shall be advised of his or her right to have a person or organization of his or her choosing, including the Guardianship and Advocacy Commission, notified of the use of the restraint. A recipient who is under guardianship may request that a person or organization of his or her choosing be notified of the restraint, whether or not the guardian approves the notice. If the resident so chooses, the facility shall make the notification within 24 hours, including any information about the period of time that the restraint is to be used. Whenever the Guardianship and Advocacy Commission is notified that a resident has been restrained, it shall contact the resident to determine the circumstances of the restraint and whether further action is warranted.

(f) Whenever a restraint is used on a resident whose primary mode of communication is sign language, the resident shall be permitted to have his or her hands free from restraint for brief periods each hour, except when this freedom may result in physical harm to the resident or others.

Sec. 2-106.1. Drug treatment.
(a) A resident shall not be given unnecessary drugs. An unnecessary drug is any drug used in an excessive dose, including in duplicative therapy; for excessive duration; without adequate monitoring; without adequate indications for its use; or in the presence of adverse consequences that indicate the drugs should be reduced or discontinued. The Department shall adopt, by rule, the standards for unnecessary drugs contained in interpretive guidelines issued by the United States Department of Health and Human Services for the purposes of administering titles 18 and 19 of the Social Security Act.

(b) Psychotropic medication shall not be prescribed without the informed consent of the resident, the resident's guardian, or other authorized representative. Specific program eligibility requirements with regard to disability, level of need, age, and other matters may be established by the Department by rule. The Department may set priorities for the provision of services and for determining the need and eligibility for services in accordance with available funding.

The term "administrative decision" is defined as in Section 3-101 of the Code of Civil Procedure. Attorney's fees and costs may be awarded to a prevailing complainant in any due process hearing or action for judicial review under this Act.

The right to a hearing under this item (11) is in addition to any other rights under federal, State, or local laws, however nothing in this Section shall be construed as requiring the establishment of a new due process hearing procedure if one already exists for a particular service or program.

Section 20. Implementation.

Section 5. The Illinois Credit Union Act is amended by changing Sections 15, 40, 46, 51, and 59 as follows:
(205 ILCS 305/15) (from Ch. 17, par. 4416)
Sec. 15. Membership defined.
(1) The membership of a credit union shall be limited to and consist of the subscribers to the articles of incorporation and such other persons within the common bond, as defined in this Act and as set forth in the credit union's articles of incorporation, as have been duly admitted members, have paid the required entrance fee or membership fee, or both, if any, have subscribed for one or more shares, and have paid the initial installment thereon, and have complied with such other requirements as the articles of incorporation or bylaws specify. The surviving spouse of a credit union member may, within 6 months of the member's death, become a member of

the credit union by paying the required entrance fee or membership fee or both, if any, by subscribing for one or more shares and paying the initial installment thereon, and by complying with such other requirements as the articles of incorporation or bylaws specify.

(2) Any member may withdraw from a credit union at any time upon giving notice of withdrawal as required by the bylaws.

(3) Any member may be expelled by a 2/3 vote of the members present at any regular or special meeting called to consider the matter, but only after an opportunity has been given to the member to be heard.

(4) A member who has caused a loss to the credit union, or who has failed to maintain one or more shares at the credit union, or violated Board policy applicable to members may be expelled by a majority vote of a quorum of directors if the board has adopted a policy providing for expulsion under those circumstances. In maintaining and enforcing a policy based on loss, the board may consider, without limitation, a member's failure to pay amounts due under a loan, failure to provide collected funds to cover withdrawals or personal share drafts or credit union drafts where the member is a remitter, or failure to pay fees or charges due the credit union. If a policy is adopted by the board pursuant to this subsection (4), written notice of the policy and the effective date of the policy shall be mailed to each member of the credit union at the member's current address appearing on the records of the credit union. The policy shall be mailed to members not fewer than 30 days prior to the effective date of the policy. In addition, new members shall be provided written notice of the policy prior to or upon applying for membership.

(5) All or any part of the amount paid on shares of a withdrawing member or expelled member with any declared dividends or interest on the date of withdrawal or expulsion must, after deducting all amounts due from the member to the credit union, be paid to him. The credit union may require not more than 60 days' written notice of intention to withdraw shares, but a notice of withdrawal does not entitle the member to any preferred or prior claim in the event of liquidation. Withdrawing or expelled members have no further rights in the credit union, but are not, by withdrawal or expulsion, released from any obligation they owe to the credit union.

(6) A member who has caused a loss to the credit union or has violated Board policy applicable to members may be denied any or all credit union services in accordance with board policy, however, members who are denied services shall be allowed to maintain a share account and to vote on all issues put to a vote of the membership.

Sec. 46. Loans and interest rate.

(1) A credit union may make loans to its members for such purpose and upon such security and terms, including rates of interest, as the Credit Committee, credit manager, or loan officer approves. Notwithstanding the provisions of any other law in connection with extensions of credit, a credit union may elect to contract for and receive interest and fees and other charges for extensions of credit subject only to the provisions of this Act and rules promulgated under this Act, except that extensions of credit secured by residential real estate shall be subject to the laws applicable thereto. The rates of interest to be charged on loans to members shall be set by the Board of Directors of each individual credit union and such rates may be less than, but may not exceed, the maximum rate set forth in this Section. A borrower may repay his loan prior to maturity, in whole or in part, without penalty. The credit contract may provide for the payment by the member and receipt by the credit union of all costs and disbursements, including reasonable attorney's fees and collection agency charges, incurred by the credit union to collect or enforce the debt in the event of a delinquency by the member, or in the event of a breach of any obligation of the member under the credit contract. A contingency or hourly arrangement established under an agreement entered into by a credit union with an attorney or collection agency to collect a loan of a member in default shall be presumed prima facie reasonable.

(2) Credit unions may make loans based upon the security of any interest or equity in real estate, subject to rules and regulations promulgated by the Director. In any contract or loan which is secured by a mortgage, deed of trust, or conveyance in the nature of a mortgage, on residential real estate, the interest which is computed, calculated, charged, or collected pursuant to such contract or loan, or pursuant to any regulation or rule promulgated pursuant to this Act, may not be computed, calculated, charged or collected for any period of time occurring after the date on which the total indebtedness, with the exception of late payment penalties, is paid in full.

For purposes of this subsection (2) of this Section 46, a prepayment shall mean the payment of the total indebtedness, with the exception of late payment penalties if incurred or charged, on any date before the date specified in the contract or loan agreement on which the total indebtedness shall be paid in full, or before the date on which all payments, if timely made, shall have been made. In the event of a prepayment of the indebtedness which is made on a date after the date on which interest on the indebtedness was last computed, calculated, charged, or collected but before the next date on which interest on the indebtedness was to be calculated, computed, charged, or collected, the lender may calculate, charge and collect interest on the indebtedness for the period which elapsed between the date on which the prepayment is made and the date on which interest on the
indebtedness was last computed, calculated, charged or collected at a rate equal to 1/360 of the annual rate for each day which so elapsed, which rate shall be applied to the indebtedness outstanding as of the date of prepayment. The lender shall refund to the borrower any interest charged or collected which exceeds that which the lender may charge or collect pursuant to the preceding sentence. The provisions of this amendatory Act of 1985 shall apply only to contracts or loans entered into on or after the effective date of this amendatory Act.

(3) Notwithstanding any other provision of this Act, a credit union authorized under this Act to make loans secured by an interest or equity in real estate may engage in making "reverse mortgage" loans to persons for the purpose of making home improvements or repairs, paying insurance premiums or paying real estate taxes on the homestead properties of such persons. If made, such loans shall be made on such terms and conditions as the credit union shall determine and as shall be consistent with the provisions of this Section and such rules and regulations as the Director shall promulgate hereunder. For purposes of this Section, a "reverse mortgage" loan shall be a loan extended on the basis of existing equity in homestead property and secured by a mortgage on such property. Such loans shall be repaid upon the sale of the property or upon the death of the owner or, if the property is in joint tenancy, upon the death of the last surviving joint tenant who had such an interest in the property at the time the loan was initiated, provided, however, that the credit union and its member may by mutual agreement, establish other repayment terms. A credit union, in making a "reverse mortgage" loan, may add deferred interest to principal or otherwise provide for the charging of interest or premiums on such deferred interest. "Homestead" property, for purposes of this Section, means the domicile and contiguous real estate owned and occupied by the mortgagor. The Director shall promulgate rules and regulations under this Section; provided that such rules and regulations need not be promulgated jointly with any other administrative agency of this State.

(4) Notwithstanding any other provisions of this Act, a credit union authorized under this Act to make loans secured by an interest or equity in real property may engage in making revolving credit loans secured by mortgages or deeds of trust on such real property or by security assignments of beneficial interests in land trusts.

For purposes of this Section, "revolving credit" has the meaning defined in Section 4.1 of the Interest Act.

Any mortgage or deed of trust given to secure a revolving credit loan may, and when so expressed therein shall, secure not only the existing indebtedness but also such future advances, whether such advances are obligatory or to be made at the option of the lender, or otherwise, as are made within twenty years from the date thereof, to the same extent as if such future advances were made on the date of the execution of such mortgage or deed of trust, although there may be no advance made at the time of execution of such mortgage or other instrument, and although there may be no indebtedness outstanding at the time any advance is made. The lien of such mortgage or deed of trust, as to third

persons without actual notice thereof, shall be valid as to all such indebtedness and future advances form the time said mortgage or deed of trust is filed for record in the office of the Recorder of Deeds or the Registrar of Titles of the county where the real property described therein is located. The total amount of indebtedness that may be so secured may increase or decrease from time to time, but the total unpaid balance so secured at any one time shall not exceed a maximum principal amount which must be specified in such mortgage or deed of trust, plus interest thereon, and any disbursements made for the payment of taxes, special assessments, or insurance on said real property, with interest on such disbursements.

Any such mortgage or deed of trust shall be valid and have priority over all subsequent liens and encumbrances, including statutory liens, except taxes and assessments levied on said real property.

(5) Compliance with federal or Illinois preemptive laws or regulations governing loans made by a credit union chartered under this Act shall constitute compliance with this Act.

Sec. 51. Other Loan Programs.

(1) Subject to such rules and regulations as the Director may promulgate, a credit union may participate in loans to credit union members jointly with other credit unions, corporations, or financial institutions. An originating credit union may originate loans only to its own members. A participating credit union that is not the originating lender may participate in loans made to its own members or to members of another participating credit union. "Originating lender" means the participating credit union with which the member contracts. A master participation agreement must be properly executed, and the agreement must include provisions for identifying, either through documents incorporated by reference or directly in the agreement, the participation loan or loans prior to their sale.

(2) Any credit union with assets of $500,000 or more may loan to its members under the State Scholarships Law or other scholarship programs which are subject to a federal or state law providing 100% repayment guarantee.

(3) A credit union may purchase the conditional sales contracts, notes and similar instruments which evidence an indebtedness of its members.

(4) With approval of the Board of Directors, a credit union may make loans, either on its own or jointly with other credit unions, corporations or financial institutions, to credit union organizations; provided, that the aggregate amount of all such loans outstanding shall not at any time exceed the greater of 3% 1% of the paid-in and unimpaired capital and surplus of the credit union or the amount authorized for federal credit unions.

Sec. 59. Investment of Funds. Funds not used in loans to members may be invested, pursuant to subsection (7) of Section 30 of this Act, and subject to Departmental rules and regulations:

(1) In securities, obligations or other instruments of or issued by or fully guaranteed as to principal and interest by the United States of America or any agency thereof or in any trust or trusts established for investing directly or collectively in the same;

(2) In obligations of any state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, and the several territories organized by Congress, or any political subdivision thereof; however, a credit union may not invest more than 10% of its unimpaired capital and surplus in the obligations of one issuer, exclusive of general obligations of the issuer, and investments in municipal securities must be limited to securities rated in one of the 4 highest rating categories by a nationally recognized statistical rating organization;

(3) In certificates of deposit or passbook type accounts issued by a state or national bank, mutual savings bank or savings and loan association; provided that such institutions have their accounts insured by the Federal Deposit Insurance Corporation or the Federal Savings and Loan Insurance Corporation; but provided, further, that a credit union's investment in an account in any one institution may exceed the insured limit on accounts;

(4) In shares, classes of shares or share certificates of other credit unions, including, but not limited to corporate credit unions; provided that such credit unions have their members' accounts insured by the NCUA or other approved insurers, and that if the members' accounts are so insured, a credit union's investment may exceed the insured limit on accounts;

(5) In shares of a cooperative society organized under the laws of this State or the laws of the United States in the total amount not exceeding 10% of the unimpaired capital and surplus of the credit union; provided that such investment shall first be approved by the Department;

(6) In obligations of the State of Israel, or obligations fully guaranteed by the State of Israel as to payment of principal and interest;

(7) In shares, stocks or obligations of other financial institutions in the total amount not exceeding 5% of the unimpaired capital and surplus of the credit union;

(8) In federal funds and bankers' acceptances;

(9) In shares or stocks of Credit Union Service Organizations in the total amount not exceeding the greater of 3% or 1% of the unimpaired capital and surplus of the credit union or the amount authorized for federal credit unions.

As used in this Section, "political subdivision" includes, but is not limited to, counties, townships, cities, villages, incorporated towns, school districts, educational service regions, special road districts, public water supply districts, fire protection districts, drainage districts, levee districts, sewer districts, housing authorities, park districts, and any
agency, corporation, or instrumentality of a state or its political subdivisions, whether now or hereafter created and whether herein specifically mentioned or not.

PUBLIC ACT 93-0641
(House Bill No. 2545)

AN ACT in relation to juvenile offenders, which may be referred to as the Redeploy Illinois Program amendments.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Probation and Probation Officers Act is amended by adding Section 16.1 as follows:

(730 ILCS 110/16.1 new)
Sec. 16.1. Redeploy Illinois Program.
(a) The purpose of this Section is to encourage the deinstitutionalization of juvenile offenders establishing pilot projects in counties or groups of counties that reallocate State funds from juvenile correctional confinement to local jurisdictions, which will establish a continuum of local, community-based sanctions and treatment alternatives for juvenile offenders who would be incarcerated if those local services and sanctions did not exist. The allotment of funds will be based on a formula that rewards local jurisdictions for the establishment or expansion of local alternatives to incarceration, and requires them to pay for utilization of incarceration as a sanction. This redeployment of funds shall be made in a manner consistent with the Juvenile Court Act of 1987 and the following purposes and policies:

(1) The juvenile justice system should protect the community, impose accountability to victims and communities for violations of law, and equip juvenile offenders with competencies to live responsibly and productively.
(2) Juveniles should be treated in the least restrictive manner possible while maintaining the safety of the community.
(3) A continuum of services and sanctions from least restrictive to most restrictive should be available in every community.

New matter indicated by italics - deletions by strikeout
(4) There should be local responsibility and authority for planning, organizing, and coordinating service resources in the community. People in the community can best choose a range of services which reflect community values and meet the needs of their own youth.

(5) Juveniles who pose a threat to the community or themselves need special care, including secure settings. Such services as detention, long-term incarceration, or residential treatment are too costly to provide in each community and should be coordinated and provided on a regional or Statewide basis.

(6) The roles of State and local government in creating and maintaining services to youth in the juvenile justice system should be clearly defined. The role of the State is to fund services, set standards of care, train service providers, and monitor the integration and coordination of services. The role of local government should be to oversee the provision of services.

(b) Each county or circuit participating in the pilot program must create a local plan demonstrating how it will reduce the county or circuit's utilization of secure confinement of juvenile offenders in the Illinois Department of Corrections or county detention centers by the creation or expansion of individualized services or programs that may include but are not limited to the following:

(1) Assessment and evaluation services to provide the juvenile justice system with accurate individualized case information on each juvenile offender including mental health, substance abuse, educational, and family information;

(2) Direct services to individual juvenile offenders including educational, vocational, mental health, substance abuse, supervision, and service coordination;

and

(3) Programs that seek to restore the offender to the community, such as victim offender panels, teen courts, competency building, enhanced accountability measures, restitution, and community service. The local plan must be directed in such a manner as to emphasize an individualized approach to providing services to juvenile offenders in an integrated community based system including probation as the broker of services. The plan must also detail the reduction in utilization of secure confinement. The local plan shall be limited to services and shall not include costs for:

(i) capital expenditures;

(ii) renovations or remodeling;

(iii) personnel costs for probation.

The local plan shall be submitted to the Department of Human Services.

(c) A county or group of counties may develop an agreement with the Department of Human Services to reduce their number of commitments of juvenile offenders, excluding minors sentenced based upon a finding of guilt of first degree murder or an offense which is a Class X forcible felony as defined in the Criminal Code of 1961, to the Department of

Corrections, and then use the savings to develop local programming for youth who would otherwise have been committed to the Department of Corrections. The county or group of counties shall agree to limit their commitments to 75% of the level of commitments from the average number of juvenile commitments for the past 3 years, and will receive the savings to redeploy for local programming for juveniles who would otherwise be held in confinement. The agreement shall set forth the following:

(1) a Statement of the number and type of juvenile offenders from the county who were held in secure confinement by the Illinois Department of Corrections or in county detention the previous year, and an explanation of which, and how many, of these offenders might be served through the proposed Redeploy Illinois Program for which the funds shall be used;

(2) a Statement of the service needs of currently confined juveniles;

(3) a Statement of the type of services and programs to provide for the individual needs of the juvenile offenders, and the research or evidence base that qualifies those services and programs as proven or promising practices;

(4) a budget indicating the costs of each service or program to be funded under the plan;

(5) a summary of contracts and service agreements indicating the treatment goals and number of juvenile offenders to be served by each service provider; and

(6) a Statement indicating that the Redeploy Illinois Program will not duplicate existing services and programs. Funds for this plan shall not supplant existing county funded programs.

(d) (Blank).

(e) The Department of Human Services shall be responsible for the following:

(1) Reviewing each Redeploy Illinois Program plan for compliance with standards established for such plans. A plan may be approved as submitted, approved with modifications, or rejected. No plan shall be considered for approval if the circuit or county is not in full compliance with all regulations, standards and guidelines pertaining to the delivery of basic probation services as established by the Supreme Court.

(2) Monitoring on a continual basis and evaluating annually both the program and its fiscal activities in all counties receiving an allocation under the Redeploy Illinois Program. Any program or service that has not met the goals and objectives of its contract or service agreement shall be subject to denial for funding in subsequent years. The Department of Human Services shall evaluate the effectiveness of the Redeploy Illinois Program in each circuit or county. In determining the future funding for the Redeploy Illinois Program under this Act, the evaluation shall include, as a primary indicator of success, a decreased number of confinement days for the county's juvenile offenders.

New matter indicated by italics - deletions by strikeout
(f) Any Redeploy Illinois Program allocations not applied for and approved by the Department of Human Services shall be available for redistribution to approved plans for the remainder of that fiscal year. Any county that invests local moneys in the Redeploy Illinois Program shall be given first consideration for any redistribution of allocations. Jurisdictions participating in Redeploy Illinois that exceed their agreed upon level of commitments to the Department of Corrections shall reimburse the Department of Corrections for each commitment above the agreed upon level.

(g) Implementation of Redeploy Illinois.

(1) Planning Phase.

(i) Redeploy Illinois Oversight Board. The Department of Human Services shall convene an oversight board to develop plans for a pilot Redeploy Illinois Program. The Board shall include, but not be limited to, designees from the Department of Corrections, the Administrative Office of Illinois Courts, the Illinois Juvenile Justice Commission, the Illinois Criminal Justice Information Authority, the Department of Children and Family Services, the State Board of Education, the Cook County State's Attorney, and a State's Attorney selected by the President of the Illinois State's Attorney's Association.

(ii) Responsibilities of the Redeploy Illinois Oversight Board. The Oversight Board shall:

(A) Identify jurisdictions to be invited in the initial pilot program of Redeploy Illinois.

(B) Develop a formula for reimbursement of local jurisdictions for local and community-based services utilized in lieu of commitment to the Department of Corrections, as well as for any charges for local jurisdictions for commitments above the agreed upon limit in the approved plan.

(C) Identify resources sufficient to support the administration and evaluation of Redeploy Illinois.

(D) Develop a process and identify resources to support on-going monitoring and evaluation of Redeploy Illinois.

(E) Develop a process and identify resources to support training on Redeploy Illinois.

(F) Report to the Governor and the General Assembly on an annual basis on the progress of Redeploy Illinois.

(iii) Length of Planning Phase. The planning phase may last up to, but may in no event last longer than, July 1, 2004.

(2) Pilot Phase. In the second phase of the Redeploy Illinois program, the Department of Human Services shall implement several pilot programs of Redeploy Illinois in counties or groups of counties as identified by the Oversight Board. Annual review of the Redeploy Illinois program by the Oversight Board shall include recommendations for future sites for Redeploy Illinois.

PUBLIC ACT 93-0643
(House Bill No. 3080)

AN ACT concerning assessor's compensation.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Property Tax Code is amended by changing Section 4-20 as follows:
(35 ILCS 200/4-20)
Sec. 4-20. Additional compensation based on performance.
Any assessor in counties with less than 3,000,000 but more than 50,000 inhabitants each year may petition the Department to receive additional compensation based on performance. To receive additional compensation, the official's assessment jurisdiction must meet the following criteria:
(1) the median level of assessment must be no more than 35 1/3% and no less than 31 1/3% of fair cash value of property in his or her assessment jurisdiction; and
(2) the coefficient of dispersion must not be greater than 15%.
For purposes of this Section, "coefficient of dispersion" means the average deviation of all assessments from the median level. For purposes of this Section, the number of inhabitants shall be determined by the latest federal decennial census. When the most recent census shows an increase in inhabitants to over 50,000 or a decrease to 50,000 or fewer, then the assessment year used to compute the coefficient of dispersion and the most recent year of the 3-year average level of assessments is the year that determines qualification for additional compensation. The Department will promulgate rules and regulations to determine whether an assessor meets these criteria.
Any assessor in a county of less than 50,000 or fewer inhabitants may petition the Department for consideration to receive additional compensation each year based on performance. In order to receive the additional compensation, the assessments in the official's assessment jurisdiction must meet the following criteria: (i) the median level of assessments must be no more than 35 1/3% and no less than 31 1/3% of fair cash value of

New matter indicated by italics - deletions by strikeout
property in his or her assessment jurisdiction; and (ii) the coefficient of dispersion must not be greater than 40% in 1994, 38% in 1995, 36% in 1996, 34% in 1997, 32% in 1998, and 30% in 1999 and every year thereafter.

Real estate transfer declarations used by the Department in annual sales-assessment ratio studies will be used to evaluate applications for additional compensation. The Department will audit other property to determine if the sales-assessment ratio study data is representative of the assessment jurisdiction. If the ratio study is found not representative, appraisals and other information may be utilized. If the ratio study is representative, upon certification by the Department, the assessor shall receive additional compensation of $3,000 for that year, to be paid out of funds appropriated to the Department.

As used in this Section, "assessor" means any township or multi-township assessor, or supervisor of assessments.

The Department of Public Aid shall develop the new payment methodology to meet the unique needs of Illinois nursing home residents while remaining subject to the appropriations provided by the General Assembly. A transition period from the payment methodology in effect on June 30, 2003 to the payment methodology in effect on July 1, 2003 shall be provided for a period not exceeding 2 years after implementation of the new payment methodology as follows:

New matter indicated by italics - deletions by strikeout
(A) For a facility that would receive a lower nursing component rate per patient day under the new system than the facility received effective on the date immediately preceding the date that the Department implements the new payment methodology, the nursing component rate per patient day for the facility shall be held at the level in effect on the date immediately preceding the date that the Department implements the new payment methodology until a higher nursing component rate of reimbursement is achieved by that facility.

(B) For a facility that would receive a higher nursing component rate per patient day under the payment methodology in effect on July 1, 2003 than the facility received effective on the date immediately preceding the date that the Department implements the new payment methodology, the nursing component rate per patient day for the facility shall be adjusted.

(C) Notwithstanding paragraphs (A) and (B), the nursing component rate per patient day for the facility shall be adjusted subject to appropriations provided by the General Assembly.

Rates established effective each July 1 shall govern payment for services rendered throughout that fiscal year, except that rates established on July 1, 1996 shall be increased by 6.8% for services provided on or after January 1, 1997. Such rates will be based upon the rates calculated for the year beginning July 1, 1990, and for subsequent years thereafter until June 30, 2001 shall be based on the facility cost reports for the facility fiscal year ending at any point in time during the previous calendar year, updated to the midpoint of the rate year. The cost report shall be on file with the Department no later than April 1 of the current rate year. Should the cost report not be on file by April 1, the Department shall base the rate on the latest cost report filed by each skilled care facility and intermediate care facility, updated to the midpoint of the current rate year. In determining rates for services rendered on and after July 1, 1985, fixed time shall not be computed at less than zero. The Department shall not make any alterations of regulations which would reduce any component of the Medicaid rate to a level below what that component would have been utilizing in the rate effective on July 1, 1984.

(2) Shall take into account the actual costs incurred by facilities in providing services for recipients of skilled nursing and intermediate care services under the medical assistance program.

(3) Shall take into account the medical and psycho-social characteristics and needs of the patients.

(4) Shall take into account the actual costs incurred by facilities in meeting licensing and certification standards imposed and prescribed by the State of Illinois, any of its political subdivisions or municipalities and by the U.S. Department of Health and Human Services pursuant to Title XIX of the Social Security Act.

The Department of Public Aid shall develop precise standards for payments to reimburse nursing facilities for any utilization of appropriate rehabilitative personnel for the provision of rehabilitative services which is authorized by federal regulations, including reimbursement for services provided by qualified therapists or qualified assistants, and which is in accordance with accepted professional practices. Reimbursement also may be made for utilization of other supportive personnel under appropriate supervision.

Sec. 5-168. Financing.
(a) Except as expressly provided in this Section, the city shall levy a tax annually upon all taxable property therein for the purpose of providing revenue for the fund. The tax shall be at a rate that will produce a sum which, when added to the amounts deducted from the policemen's salaries and the amounts deposited in accordance with subsection (g), is sufficient for the purposes of the fund.
For the years 1968 and 1969, the city council shall levy a tax annually at a rate on the dollar of the assessed valuation of all taxable property that will produce, when extended, not to exceed $9,700,000. Beginning with the year 1970 and each year thereafter the city council shall levy a tax annually at a rate on the dollar of the assessed valuation of all taxable property that will produce when extended an amount not to exceed the total amount of contributions by the policemen to the Fund made in the calendar year 2 years before the year for which the applicable annual tax is levied, multiplied by 1.40 for the tax levy year 1970; by 1.50 for the year 1971; by 1.65 for 1972; by 1.85 for 1973; by 1.90 for 1974; by 1.97 for 1975 through 1981; by 2.00 for 1982 and for each year thereafter.
(b) The tax shall be levied and collected in like manner with the general taxes of the city, and is in addition to all other taxes which the city is now or may hereafter be authorized to levy upon all taxable property therein, and is exclusive of and in addition to the amount of tax the city is now or may hereafter be authorized to levy for general purposes under any law which may limit the amount of tax which the city may levy for general purposes. The county clerk of the county in which the city is located, in reducing tax levies under Section 8-3-1 of the Illinois Municipal Code, shall not consider the tax herein authorized as a part of the general tax levy for city purposes, and shall not include the tax in any limitation of the percent of the assessed valuation upon which taxes are required to be extended for the city.
(c) On or before January 10 of each year, the board shall notify the city council of the requirement that the tax herein authorized be levied by the city council for that current year. The board shall compute the amounts necessary for the purposes of this fund to be credited to the reserves established and maintained within the fund; shall make an annual determination of the amount of the required city contributions; and shall certify the results thereof to the city council.
As soon as any revenue derived from the tax is collected it shall be paid to the city treasurer of the city and shall be held by him for the benefit of the fund in accordance with this Article.
(d) If the funds available are insufficient during any year to meet the requirements of this Article, the city may issue tax anticipation warrants against the tax levy for the current fiscal year.
(e) The various sums, including interest, to be contributed by the city, shall be taken from the revenue derived from such tax or otherwise as expressly provided in this Section.

Any moneys of the city derived from any source other than the tax herein authorized shall not be used for any purpose of the fund nor the cost of administration thereof, unless applied to make the deposit expressly authorized in this Section or the additional city contributions required under subsection (h).

(f) If it is not possible or practicable for the city to make its contributions at the time that salary deductions are made, the city shall make such contributions as soon as possible thereafter, with interest thereon to the time it is made.

(g) In lieu of levying all or a portion of the tax required under this Section in any year, the city may deposit with the city treasurer no later than March 1 of that year for the benefit of the fund, to be held in accordance with this Article, an amount that, together with the taxes levied under this Section for that year, is not less than the amount of the city contributions for that year as certified by the board to the city council. The deposit may be derived from any source legally available for that purpose, including, but not limited to, the proceeds of city borrowings. The making of a deposit shall satisfy fully the requirements of this Section for that year to the extent of the amounts so deposited. Amounts deposited under this subsection may be used by the fund for any of the purposes for which the proceeds of the tax levied under this Section may be used, including the payment of any amount that is otherwise required by this Article to be paid from the proceeds of that tax.

(h) In addition to the contributions required under the other provisions of this Article, by November 1 of the following specified years, the city shall deposit with the city treasurer for the benefit of the fund, to be held and used in accordance with this Article, the following specified amounts: $6,300,000 in 1999; $5,880,000 in 2000; $5,460,000 in 2001; $5,040,000 in 2002; and $4,620,000 in 2003; $4,200,000 in 2004; $3,780,000 in 2005; $3,360,000 in 2006; $2,940,000 in 2007; $2,520,000 in 2008; $2,100,000 in 2009; $1,680,000 in 2010; $1,260,000 in 2011; $840,000 in 2012; and $420,000 in 2013.

The additional city contributions required under this subsection are intended to decrease the unfunded liability of the fund and shall not decrease the amount of the city contributions required under the other provisions of this Article. The additional city contributions made under this subsection may be used by the fund for any of its lawful purposes.

(c) A wife or widow of a fireman who (1) has served 10 or more years, (2) dies out of service after he has withdrawn from service, and (3) has withdrawn or applied for refund of the sums to his credit for annuity to which he had a right to refund;

(e) A wife whose marriage was dissolved or widow of a fireman whose judgment of dissolution of marriage from her fireman husband is annulled, vacated or set aside by proceedings in court subsequent to the death of the fireman, unless (1) such proceedings are filed within 5 years after the date of the dissolution of marriage and within one year after the death of the fireman and (2) the board is made a party to the proceedings;

Sec. 6-143. Widow's remarriage.

New matter indicated by italics - deletions by strikeout
(a) Beginning on the effective date of this amendatory Act of the 93rd General Assembly, a widow's annuity shall no longer be subject to termination or suspension under this Section due to remarriage. Any widow's annuity that was previously terminated or suspended under this Section by reason of remarriage shall, upon application, be resumed as of the date of the application, but in no event sooner than the effective date of this amendatory Act. The resumption shall not be retroactive. This subsection (a) applies regardless of whether or not the deceased fireman was in service on or after the effective date of this amendatory Act.

(b) This subsection (b) does not apply on or after the effective date of this amendatory Act of the 93rd General Assembly.

Any annuity granted to a widow who remarries on or after December 31, 1989 shall be suspended when she remarries, unless (i) she remarries after attaining the age of 60 regardless of whether or not the deceased fireman was in service on or after the effective date of this amendatory Act of 1995 or (ii) she has been granted a Section 6-140 annuity as the widow of a fireman killed in performance of duty. An annuity suspended under this Section shall, upon application, be resumed if the subsequent marriage ends by dissolution of marriage, declaration of invalidity of marriage, or the death of the husband; this resumption shall not be retroactive.

If a widow remarries after attaining age 60 or after she has been granted an annuity under Section 6-140 and the remarriage takes place after December 31, 1989, regardless of whether or not the deceased fireman was in service on or after the effective date of this amendatory Act of 1995, the widow's annuity shall continue without interruption.

Any widow's annuity that was previously terminated by reason of remarriage prior to December 31, 1989 or suspended shall, upon application, be resumed, as of the date of the application, if the subsequent marriage ended by dissolution of marriage, declaration of invalidity of marriage, or the death of the husband, regardless of whether or not the deceased fireman was in service on the effective date of this amendatory Act of 1995; this resumption shall not be retroactive.

When a widow dies, if she has not received, in the form of an annuity, an amount equal to the accumulated employee contributions for widow's annuity, the difference between such accumulated contributions and the sum received by her, along with any part of the accumulated contributions for age and service annuity remaining in the fund at her death, shall be refunded to the fireman's children, in equal parts to each; except that if a child is less than age 18, the part of any such amount that is required to pay an annuity to the child shall be transferred to the child's annuity reserve. If no children or descendants thereof survive the fireman, the refund shall be paid to the estate of the fireman. In making refunds under this Section, no interest shall be considered upon either the total of annuity payments made or the amounts subject to refund.

(40 ILCS 5/6-151.1) (from Ch. 108 1/2, par. 6-151.1)
Sec. 6-151.1. The General Assembly finds and declares that service in the Fire Department requires that firemen, in times of stress and danger, must perform unusual tasks; that by reason of their occupation, firemen are subject to exposure to great heat and to extreme cold in certain seasons while in performance of their duties; that by reason of their employment firemen are required to work in the midst of and are subject to heavy smoke fumes; and carcinogenic, poisonous, toxic or chemical gases from fires; and that in the course of their rescue and paramedic duties firemen are exposed to disabling infectious diseases, including AIDS, hepatitis C, and stroke. The General Assembly further finds and declares that all the aforementioned conditions exist and arise out of or in the course of such employment.

Any active fireman who has completed 7 ten or more years of service and is unable to perform his duties in the Fire Department by reason of heart disease, tuberculosis, or any disease of the lungs or respiratory tract, AIDS, hepatitis C, or stroke resulting solely from his service as a fireman, shall be entitled to receive an occupational disease disability benefit during any period of such disability for which he does not have a right to receive salary.

Any active fireman who has completed 7 ten or more years of service and is unable to perform his duties in the fire department by reason of a disabling cancer, which develops or manifests itself during a period while the fireman is in the service of the department, shall be entitled to receive an occupational disease disability benefit during any period of such disability for which he does not have a right to receive salary. In order to receive this occupational disease disability benefit, the type of cancer involved must be a type which may be caused by exposure to heat, radiation or a known carcinogen as defined by the International Agency for Research on Cancer.

Any fireman who shall enter the service after the effective date of this amendatory Act shall be examined by one or more practicing physicians appointed by the Board, and if that said examination discloses impairment of the heart, lungs, or respiratory tract, or the existence of AIDS, hepatitis C, stroke, or any cancer, then the such fireman shall not be entitled to receive an occupational disease disability benefit unless and until a subsequent examination reveals no such impairment, AIDS, hepatitis C, stroke, or cancer.

The occupational disease disability benefit shall be 65% of the fireman's salary at the time of his removal from the Department payroll. However, beginning January 1, 1994, no occupational disease disability benefit that has been payable under this Section for at least 10 years shall be less than 50% of the current salary attached from time to time to the rank and grade held by the fireman at the time of his removal from the Department payroll, regardless of whether that removal occurred before the effective date of this amendatory Act of 1993.

Such fireman also shall have a right to receive child's disability benefit of $30 per month on account of each unmarried child who is less than 18 years of age or handicapped, dependent upon the fireman for support, and either the issue of the fireman or legally

adopted by him. The total amount of child's disability benefit payable to the fireman, when added to his occupational disease disability benefit, shall not exceed 75% of the amount of salary which he was receiving at the time of the grant of occupational disease disability benefit.

The first payment of occupational disease disability benefit or child's disability benefit shall be made not later than one month after the benefit is granted. Each subsequent payment shall be made not later than one month after the date of the latest payment.

Occupational disease disability benefit shall be payable during the period of the disability until the fireman reaches the age of compulsory retirement. Child's disability benefit shall be paid to such a fireman during the period of disability until such child or children attain age 18 or marry, whichever event occurs first; except that attainment of age 18 by a child who is so physically or mentally handicapped as to be dependent upon the fireman for support, shall not render the child ineligible for child's disability benefit. The fireman thereafter shall receive such annuity or annuities as are provided for him in accordance with other provisions of this Article.

Sec. 6-164. Automatic annual increase; retirement after September 1, 1959.
(a) A fireman qualifying for a minimum annuity who retires from service after September 1, 1959 shall, upon either the first of the month following the first anniversary of his date of retirement if he is age 60 (age 55 if born before January 1, 1955 or 1945) or over on that anniversary date, or upon the first of the month following his attainment of age 60 (age 55 if born before January 1, 1955 or 1945) if that occurs after the first anniversary of his retirement date, have his then fixed and payable monthly annuity increased by 1 1/2%, and such first fixed annuity as granted at retirement increased by an additional 1 1/2% in January of each year thereafter up to a maximum increase of 30%. Beginning July 1, 1982 for firemen born before January 1, 1930, and beginning January 1, 1990 for firemen born after December 31, 1929 and before January 1, 1940, and beginning January 1, 1996 for firemen born after December 31, 1939 but before January 1, 1945, and beginning January 1, 2004, for firemen born after December 31, 1944 but before January 1, 1955, such increases shall be 3% and such firemen shall not be subject to the 30% maximum increase.

subsection before January 1, 1996 is entitled to receive the initial increase under this subsection on (1) January 1, 1996, (2) the first anniversary of the date of retirement, or (3) attainment of age 55, whichever occurs last. The changes to this Section made by this amendatory Act of 1995 apply beginning January 1, 1996 and apply without regard to whether the fireman or annuitant terminated service before the effective date of this amendatory Act of 1995.

Any fireman born before January 1, 1955 who qualifies for a minimum annuity and retires after September 1, 1967 but has not received the initial increase under this subsection before January 1, 2004 is entitled to receive the initial increase under this subsection on (1) January 1, 2004, (2) the first anniversary of the date of retirement, or (3) attainment of age 55, whichever occurs last. The changes to this Section made by this amendatory Act of the 93rd General Assembly apply without regard to whether the fireman or annuitant terminated service before the effective date of this amendatory Act.

(b) Subsection (a) of this Section is not applicable to an employee receiving a term annuity.

(c) To help defray the cost of such increases in annuity, there shall be deducted, beginning September 1, 1959, from each payment of salary to a fireman, 1/8 of 1% of each such salary payment and an additional 1/8 of 1% beginning on September 1, 1961, and September 1, 1963, respectively, concurrently with and in addition to the salary deductions otherwise made for annuity purposes.

Each such additional 1/8 of 1% deduction from salary which shall, on September 1, 1963, result in a total increase of 3/8 of 1% of salary, shall be credited to the Automatic Increase Reserve, to be used, together with city contributions as provided in this Article, to defray the cost of the 1 1/2% annuity increments herein specified. Any balance in such reserve as of the beginning of each calendar year shall be credited with interest at the rate of 3% per annum.

The salary deductions provided in this Section are not subject to refund, except to the fireman himself, in any case in which a fireman withdraws prior to qualification for minimum annuity and applies for refund, or applies for annuity, and also where a term annuity becomes payable. In such cases, the total of such salary deductions shall be refunded to the fireman, without interest, and charged to the aforementioned reserve.

For the years prior to the year 1960, the tax rate shall be as provided for in the "Firemen's Annuity and Benefit Fund of the Illinois Municipal Code". The tax, from and after January 1, 1968 to and including the year 1971, shall not exceed .0863% of the value, as equalized or assessed by the Department of Revenue, of all taxable property in the city. Beginning with

the year 1972 and each year thereafter the city shall levy a tax annually at a rate on the dollar of the value, as equalized or assessed by the Department of Revenue of all taxable property within such city that will produce, when extended, not to exceed an amount equal to the total amount of contributions by the employees to the fund made in the calendar year 2 years prior to the year for which the annual applicable tax is levied, multiplied by 2.23 through the calendar year 1981, and by 2.26 for the year 1982 and for each year thereafter.

To provide revenue for the ordinary death benefit established by Section 6-150 of this Article, in addition to the contributions by the firemen for this purpose, the city council shall for the year 1962 and each year thereafter annually levy a tax, which shall be in addition to and exclusive of the taxes authorized to be levied under the foregoing provisions of this Section, upon all taxable property in the city, as equalized or assessed by the Department of Revenue, at such rate per cent of the value of such property as shall be sufficient to produce for each year the sum of $142,000.

The amounts produced by the taxes levied annually, together with the deposit expressly authorized in this Section, shall be sufficient, when added to the amounts deducted from the salaries of firemen and applied to the fund, to provide for the purposes of the fund.

(b) The taxes shall be levied and collected in like manner with the general taxes of the city, and shall be in addition to all other taxes which the city may levy upon all taxable property therein and shall be exclusive of and in addition to the amount of tax the city may levy for general purposes under Section 8-3-1 of the Illinois Municipal Code, approved May 29, 1961, as amended, or under any other law or laws which may limit the amount of tax which the city may levy for general purposes.

(c) The amounts of the taxes to be levied in each year shall be certified to the city council by the board.

(d) As soon as any revenue derived from such taxes is collected, it shall be paid to the city treasurer and held for the benefit of the fund, and all such revenue shall be paid into the fund in accordance with the provisions of this Article.

(e) If the funds available are insufficient during any year to meet the requirements of this Article, the city may issue tax anticipation warrants, against the tax levies herein authorized for the current fiscal year.

(f) The various sums, hereinafter stated, including interest, to be contributed by the city, shall be taken from the revenue derived from the taxes or otherwise as expressly provided in this Section. Except for defraying the cost of administration of the fund during the calendar year in which a city first attains a population of 500,000 and comes under the provisions of this Article and the first calendar year thereafter, any money of the city derived from any source other than these taxes or the sale of tax anticipation warrants shall not be used to provide revenue for the fund, nor to pay any part of the cost of administration thereof, unless applied to make the deposit expressly authorized in this Section or the additional city contributions required under subsection (h).

New matter indicated by italics - deletions by strikeout
(g) In lieu of levying all or a portion of the tax required under this Section in any year, the city may deposit with the city treasurer no later than March 1 of that year for the benefit of the fund, to be held in accordance with this Article, an amount that, together with the taxes levied under this Section for that year, is not less than the amount of the city contributions for that year as certified by the board to the city council. The deposit may be derived from any source legally available for that purpose, including, but not limited to, the proceeds of city borrowings. The making of a deposit shall satisfy fully the requirements of this Section for that year to the extent of the amounts so deposited. Amounts deposited under this subsection may be used by the fund for any of the purposes for which the proceeds of the taxes levied under this Section may be used, including the payment of any amount that is otherwise required by this Article to be paid from the proceeds of those taxes.

(h) In addition to the contributions required under the other provisions of this Article, by November 1 of the following specified years, the city shall deposit with the city treasurer for the benefit of the fund, to be held and used in accordance with this Article, the following specified amounts: $6,300,000 in 1999; $5,880,000 in 2000; $5,460,000 in 2001; $5,040,000 in 2002; and $4,620,000 in 2003; $4,200,000 in 2004; $3,780,000 in 2005; $3,360,000 in 2006; $2,940,000 in 2007; $2,520,000 in 2008; $2,100,000 in 2009; $1,680,000 in 2010; $1,260,000 in 2011; $840,000 in 2012; and $420,000 in 2013.

The additional city contributions required under this subsection are intended to decrease the unfunded liability of the fund and shall not decrease the amount of the city contributions required under the other provisions of this Article. The additional city contributions made under this subsection may be used by the fund for any of its lawful purposes.

Any fireman temporarily serving in a position or rank other than that to which he has received permanent appointment shall be considered, while so serving, as though he were in his permanent position or rank, except that no increase in any pension, annuity or other benefit hereunder shall accrue to him by virtue of any service performed by him subsequent to attaining the compulsory retirement age provided by law or ordinance.

This Section does not apply to any person certified to the fire department by the civil service commission of the city, during the period of probationary service.

A fireman who holds a position at the will of the Fire Commissioner or other appointing authority, whether or not such position is an "exempt" position, shall be deemed to hold a temporary position, and such employee’s contributions and benefits shall be based upon the employee’s permanent career service salary. For service in an exempt position above career service rank, benefit computations under this Article shall be based on the actual full salary attached to the exempt rank position held by the fireman if and only if:

(1) employee contributions have been paid on the actual full salary attached to the exempt rank position held by the fireman for all service on or after January 1, 1994 in an exempt position above career service rank;

(2) the fireman has held one or more exempt positions for at least 5 consecutive years (or, in the case of a fireman who retired due to attainment of compulsory retirement age before December 1, 2003, held one or more exempt positions for a consecutive period of at least 3 years and 9 months and made the payment required under subsection (c) for a period of at least 5 years) and has held the rank of battalion chief or field officer for at least 5 years (at least 3 years and 9 months in the case of a fireman who retired due to attainment of compulsory retirement age before December 1, 2003) during the exempt period; and

(3) the fireman was born before 1955.

(c) For service prior to the effective date of this amendatory Act of the 93rd General Assembly in an exempt position above career service rank for which contributions have been paid only on the salary attached to the fireman's permanent career service rank, a fireman may make the contributions required under subsection (b) by paying to the Fund before the later of the date of retirement or 6 months after the effective date of this amendatory Act, but in no event later than July 1, 2005, an amount equal to the difference between the employee contributions actually made for that service and the employee contributions that would have been made based on the actual full salary attached to the exempt rank position held by the fireman on or after January 1, 1994, plus interest thereon at the rate of 4% per year, compounded annually, from the date of the service to the date of payment (or to the date of retirement if retirement is before the effective date of this amendatory Act). In the case of a fireman who retired in an exempt rank position after January 1, 1994 and before January 1, 1999 and in the case of a fireman who retired due to attaining compulsory retirement age before December 1, 2003, the payment under this subsection (c) shall be for a period of at least 5 years.

If a fireman dies while eligible to make the contributions required under subsection (b) but before the contributions are paid, the fireman's widow may elect to make the contributions.

(d) Subsection (e) of Section 6-111 and the changes made to this Section by this amendatory Act of the 93rd General Assembly apply to a fireman who retires (or becomes disabled) on or after January 1, 1994. In the case of a benefit payable on the effective date of this amendatory Act, the resulting increase in benefit shall begin to accrue with the first benefit payment period commencing after the required contributions are paid.

(e) If a fireman or his survivors do not qualify to have benefits computed on the full amount of salary received for service in an exempt position as provided in subsection (b), benefits shall be computed on the basis of the salary attached to the permanent career service rank, and a refund of any employee contributions paid on the difference between the actual salary and the salary attached to the permanent career service rank shall be payable to the fireman upon termination of service, or to the fireman's widow or estate upon the fireman's death.

(f) The tax levy computed under Section 6-165 shall be based on employee contributions, including the payments of employee contributions under subsections (a), (b), and (c) of this Section 6-211.

(g) The city shall pay to the Fund on an annual basis, in addition to the usual city contributions, an amount at least equal to the sum of (1) the increase in normal cost resulting from subsection (e) of Section 6-111 and the changes made to this Section by this amendatory Act of the 93rd General Assembly, plus (2) amortization (over a period of 30 years from the effective date of this amendatory Act) of the initial unfunded liability resulting from subsection (e) of Section 6-111 and the changes made to this Section by this

amendatory Act of the 93rd General Assembly. The payment required under this subsection shall be no less than $400,000 per year. Payment shall begin with the first calendar year commencing after the effective date of this amendatory Act and shall be in addition to the tax levy otherwise calculated under Section 6-165. The city may increase that tax levy by the amount of the payment required under this subsection, or it may utilize any funds appropriated for this purpose.

Sec. 6-222. Administrative review.

(a) The provisions of the Administrative Review Law, and all amendments and modifications thereof and the rules adopted pursuant thereto shall apply to and govern all proceedings for the judicial review of final administrative decisions of the retirement board hereunder. The term "administrative decision" is as defined in Section 3-101 of the Code of Civil Procedure.

Sec. 8-137. Automatic increase in annuity.

(a) An employee who retired or retires from service after December 31, 1959 and before January 1, 1987, having attained age 60 or more, shall, in January of the year after the year in which the first anniversary of retirement occurs, have the amount of his then fixed and payable monthly annuity increased by 1 1/2%, and such first fixed annuity as granted at retirement increased by a further 1 1/2% in January of each year thereafter. Beginning with January of the year 1972, such increases shall be at the rate of 2% in lieu of the aforesaid specified 1 1/2%, and beginning with January of the year 1984 such increases shall be at the rate of 3%. Beginning in January of 1999, such increases shall be at the rate of 3% of the currently payable monthly annuity, including any increases previously granted under this Article. An employee who retires on annuity after December 31, 1959 and before January 1, 1987, but before age 60, shall receive such increases beginning in January of the year after the year in which he attains age 60.

An employee who retires from service on or after January 1, 1987 shall, upon the first annuity payment date following the first anniversary of the date of retirement, or upon the first annuity payment date following attainment of age 60, whichever occurs later, have

his then fixed and payable monthly annuity increased by 3%, and such annuity shall be increased by an additional 3% of the original fixed annuity on the same date each year thereafter. Beginning in January of 1999, such increases shall be at the rate of 3% of the currently payable monthly annuity, including any increases previously granted under this Article.

(a-5) Notwithstanding the provisions of subsection (a), upon the first annuity payment date following (1) the third anniversary of retirement, (2) the attainment of age 53, or (3) January 1, 2002, the date 60 days after the effective date of this amendatory Act of the 92nd General Assembly, whichever occurs latest, the monthly annuity of an employee who retires on annuity prior to the attainment of age 60 and who has not received an increase under subsection (a) shall be increased by 3%, and the such annuity shall be increased by an additional 3% of the current payable monthly annuity, including any such increases previously granted under this Article, on the same date each year thereafter. The increases provided under this subsection are in lieu of the increases provided in subsection (a).

(a-6) Notwithstanding the provisions of subsections (a) and (a-5), for all calendar years following the year in which this amendatory Act of the 93rd General Assembly takes effect, an increase in annuity under this Section that would otherwise take effect at any time during the year shall instead take effect in January of that year.

(b) Subsections (a), and (a-5), and (a-6) are not applicable to an employee retiring and receiving a term annuity, as herein defined, nor to any otherwise qualified employee who retires before he makes employee contributions (at the 1/2 of 1% rate as provided in this Act) for this additional annuity for not less than the equivalent of one full year. Such employee, however, shall make arrangement to pay to the fund a balance of such 1/2 of 1% contributions, based on his final salary, as will bring such 1/2 of 1% contributions, computed without interest, to the equivalent of or completion of one year's contributions.

Beginning with January, 1960, each employee shall contribute by means of salary deductions 1/2 of 1% of each salary payment, concurrently with and in addition to the employee contributions otherwise made for annuity purposes.

Each such additional contribution shall be credited to an account in the prior service annuity reserve, to be used, together with city contributions, to defray the cost of the specified annuity increments. Any balance in such account at the beginning of each calendar year shall be credited with interest at the rate of 3% per annum.

Such additional employee contributions are not refundable, except to an employee who withdraws and applies for refund under this Article, and in cases where a term annuity becomes payable. In such cases his contributions shall be refunded, without interest, and charged to such account in the prior service annuity reserve.

(2) have not previously retired under this Article;

(3) file with the Board on or before January 30, 2004, a written election requesting the benefits provided in this Section;

(4) withdraw from service on or after January 31, 2004 and on or before February 29, 2004 (or the date established under subsection (a-5), if applicable); and

(5) by the date of withdrawal or by February 29, 2004, whichever is earlier, have attained age 50 with at least 10 years of creditable service in this Fund, without including any creditable service established under this Section, and a total of at least 70 combined years of age and creditable service, without including any creditable service established under this Section, in one or more of the participating systems under the Retirement Systems Reciprocal Act.

A person is not eligible for the benefits provided in this Section if the person (i) elects to receive the alternative annuity for city officers under Section 8-243.2, or (ii) elects to receive a retirement annuity calculated under the alternative formula formerly set forth in Section 20-122.

(a-5) To ensure that the efficient operation of employers under this Article is not jeopardized by the simultaneous retirement of large numbers of critical personnel, each employer may, for its critical employees, extend the February 29, 2004 deadline for terminating employment under this Article established in subdivision (a)(4) of this Section to a date not later than May 31, 2004 by so notifying the Fund by January 31, 2004.

(b) An eligible employee may establish up to 5 years of creditable service under this Section, in increments of one month, by making the contributions specified in subsection (d). In addition, for each month of creditable service established under this Section, a person's age at retirement shall be deemed to be one month older than it actually is, except for determination of eligibility for automatic annual increases under Sections 8-137 and 8-137.1. Furthermore, an eligible employee must establish at least the amount of age and creditable service necessary to bring his or her age and total creditable service, including service in this Fund, service established under this Section, and service in any of the other participating systems under the Retirement Systems Reciprocal Act, to a minimum that will satisfy the requirements of Section 8-138.

The creditable service under this Section may be used for all purposes under this Article and the Retirement Systems Reciprocal Act, except for the computation of average

(c) An eligible employee shall be entitled to have his or her retirement annuity calculated in accordance with the formula provided in Section 8-138, except that the annuity shall not be subject to reduction because of withdrawal or commencement of the annuity before attainment of age 60.

(d) For each month of creditable service established under this Section, the employee must pay to the Fund an employee contribution, to be calculated by the Fund, equal to 4.25% of the member's monthly salary rate on October 15, 2003. The employee may elect to pay the entire contribution before the retirement annuity commences, or to have it deducted from the annuity over a period not longer than 24 months. If the retired employee dies before the contribution has been paid in full, the unpaid installments may be deducted from any annuity or other benefit payable to the employee's survivors.

All employee contributions paid under this Section shall not be deemed contributions made by employees for annuity purposes under Section 8-173, and shall be made and credited to a special reserve, without interest. Employee contributions paid under this Section may be refunded under the same terms and conditions as are applicable to other employee contributions for retirement annuity.

(e) Notwithstanding Section 8-165, an annuitant who reenters service under this Article after receiving a retirement annuity based on benefits provided under this Section thereby forfeits the right to continue to receive those benefits, and shall have his or her retirement annuity recalculated at the appropriate time without the benefits provided in this Section.

(f) No employer action in declaring an employee to be a critical employee pursuant to subsection (a-5) shall be construed as an impairment of any pension benefit or entitlement. No early retirement option or resultant benefit conferred under this Section shall, in any manner, vest for any employee until the earlier date of the employer's decision to release the employee from service or May 31, 2004.

(a) The widow of any employee who dies while in service on or after the date on which he attains age 60 if the death occurs on or after July 1, 1990, or on or after the date on which he attains age 55 if the death occurs on or after July 1, 1990, with at least 20 years of service, or on or after the date on which he attains age 50 if the death occurs on or after the effective date of this amendatory Act of 1997 with at least 30 years of service, shall be entitled to an annuity equal to one-half of the amount of annuity which her deceased husband would have been entitled to receive had he withdrawn from the service on the day immediately preceding the date of his death, conditional upon such widow having attained the age of 60 or more years on such date if the death occurs before July 1, 1990, or age 55 or more if the death occurs on or after July 1, 1990, or age 50 or more if the death occurs on or after January 1, 1998 and the employee is age 50 or over with at least 30 years of service or age 55 or over with at least 25 years of service. The widow's annuity shall not be limited to a maximum dollar amount if the employee's death in service occurs on or after January 23, 1987.

If the employee dies in service before July 1, 1990, and if such widow of such described employee shall not be 60 or more years of age on such date of death, the amount provided in the immediately preceding paragraph for a widow 60 or more years of age, shall, in the case of such younger widow, be reduced by 0.25% for each month that her then attained age is less than 60 years if the employee was born before January 1, 1936 or dies in service on or after January 1, 1988, or by 0.5% for each month that her then attained age is less than 50 years if the employee was born before January 1, 1936 or dies in service on or after January 1, 1988.

(6) the widow of an employee who dies in service with at least 5 years of service in this fund, if the death in service occurs on or after the effective date of this amendatory Act of 1998.

The increases granted under items (1), (2), (3) and (4) of this subsection (h) shall not be limited by any other Section of this Act.

(i) The widow of an employee who retired or died in service on or after January 1, 1985 and before July 1, 1990, at age 55 or older, and with at least 35 years of service credit, shall be entitled to have her widow's annuity increased, effective January 1, 1991, to an amount equal to 50% of the retirement annuity that the deceased employee received on the date of retirement, or would have been eligible to receive if he had retired on the day preceding the date of his death in service, provided that if the widow had not attained age 60 by the date of the employee's retirement or death in service, the amount of the annuity shall be reduced by 0.25% for each month that her then attained age was less than age 60 if the employee's retirement or death in service occurred on or after January 1, 1988, or by 0.5% for each month that her attained age is less than age 60 if the employee's retirement or death in service occurred prior to January 1, 1988. However, in cases where a refund of excess contributions for widow's annuity has been paid by the Fund, the increase in benefit provided by this subsection (i) shall be contingent upon repayment of the refund to the Fund with interest at the effective rate from the date of refund to the date of payment.

(j) If a deceased employee is receiving a retirement annuity at the time of death and that death occurs on or after June 27, 1997, the widow may elect to receive, in lieu of any other annuity provided under this Article, 50% of the deceased employee's retirement annuity at the time of death reduced by 0.25% for each month that the widow's age on the date of death is less than 55; except that if the employee dies on or after January 1, 1998 and withdrew from service on or after June 27, 1997 at age 50 or over with at least 30 years of service or at age 55 or over with at least 25 years of service, there shall be no reduction due to the widow's age if she has attained age 50 on or before the employee's date of death, and if the widow has not attained age 50 on or before the employee's date of death the amount otherwise provided in this subsection (j) shall be reduced by 0.25% for each month that her age on the date of death is less than 50 years. However, in cases where a refund of excess contributions for widow's annuity has been paid by the Fund, the benefit provided by this subsection (j) is contingent upon repayment of the refund to the Fund with interest at the effective rate from the date of refund to the date of payment.
(k) For widows of employees who died before January 23, 1987 after retirement on annuity or in service, the maximum dollar amount limitation on widow's annuity shall cease to apply, beginning with the first annuity payment after the effective date of this amendatory Act of 1997; except that if a refund of excess contributions for widow's annuity has been paid by the Fund, the increase resulting from this subsection (k) shall not begin before the refund has been repaid to the Fund, together with interest at the effective rate from the date of the refund to the date of repayment.

(l) In lieu of any other annuity provided in this Article, an eligible spouse of an employee who dies in service on or after January 1, 2002 (regardless of whether that death in service occurs prior to at least 60 days after the effective date of this amendatory Act of the 93rd General Assembly) with at least 10 years of service shall be entitled to an annuity of 50% of the minimum formula annuity earned and accrued to the credit of the employee at the date of death. For the purposes of this subsection, the minimum formula annuity earned and accrued to the credit of the employee is equal to 2.40% for each year of service of the highest average annual salary for any 4 consecutive years within the last 10 years of service immediately preceding the date of death, up to a maximum of 80% of the highest average annual salary. This annuity shall not be reduced due to the age of the employee or spouse. In addition to any other eligibility requirements under this Article, the spouse is eligible for this annuity only if the marriage was in effect for 10 full years or more.

credit restored must be used for a proportional annuity calculated in accordance with the Retirement Systems Reciprocal Act. If not so used, the restored service credit shall be forfeited and the amount of the repayment shall be refunded, without interest. Such rights shall not be restored, but the amount, including interest, repaid by him, but without any further interest otherwise normally credited, shall be refunded to him or to his widow, or in the manner provided by the refund provisions of this Article if no widow survives.

This Section applies also to any person who received a refund from any annuity and benefit fund or pension fund which was merged into and superseded by the annuity and benefit fund provided for in this Article on or after December 31, 1959. Upon repayment such person shall receive credit for all annuity purposes in the annuity and benefit fund provided for in this Article for the period of service covered by such refund.

The amount of refund repayment is considered as salary deductions for age and service annuity and widow's annuity purposes in the case of a male person. In the latter case the amount of refund repayment is allocated in the applicable proportion for age and service and widow's annuity purposes. Such person shall also be credited with city contributions for age and service annuity, and widow's annuity if a male employee, in the amount which would have been credited and accrued if such person had been a participant in and contributor to the annuity and benefit fund provided for in this Article during the period of such service on the basis of his salary during such period.

Sec. 8-174. Contributions for age and service annuities for present employees and future entrants. (a) Beginning on the effective date and prior to July 1, 1947, 3 1/4%; and beginning on July 1, 1947 and prior to July 1, 1953, 5%; and beginning July 1, 1953, and prior to January 1, 1972, 6%; and beginning January 1, 1972, 6-1/2% of each payment of the salary of each present employee and future entrant shall be contributed to the fund as a deduction from salary for age and service annuity.

Such deductions beginning on the effective date and prior to July 1, 1947 shall be made for a future entrant while he is in the service until he attains age 65 and for a present employee while he is in the service until the amount so deducted from his salary with the amount deducted from his salary or paid by him according to law to any municipal pension fund in force on the effective date with interest on both such amounts at 4% per annum equals the sum that would have been to his credit from sums deducted from his salary if deductions at the rate herein stated had been made during his entire service until he attained age 65 with interest at 4% per annum for the period subsequent to his attainment of age 65. Such deductions beginning July 1, 1947 shall be made and continued for employees while in the service.

(a) The employer may make and may incur an obligation to make contributions on behalf of its employees in an amount not to exceed the employee contributions required by Sections 8-137, 8-161, 8-174, 8-182 and 8-182.1 for all salary earned after December 31, 1981. If employee

contributions are made by the employer on behalf of its employees, they shall be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code; however, each city shall continue to withhold Federal and State income taxes based upon these contributions until the Internal Revenue Service or the Federal courts rule that pursuant to Section 414(h) of the United States Internal Revenue Code, these contributions shall not be included as gross income of the employee until such time as they are distributed or made available. The employer may make these contributions on behalf of its employees by a reduction in the cash salary of the employee or by an offset against a future salary increase or by a combination of a reduction in salary and offset against a future salary increase. The employer shall pay these employee contributions from the same source of funds used in paying salary to the employee or, if the employer is a Board of Education, it may also or alternatively pay such contributions in whole or in part from the proceeds of the pension contribution liability tax authorized by Section 34-60.1 of the School Code, as amended. If such a tax is levied with respect to any fiscal year of a Board of Education, that portion of the contributions to be paid by the Board of Education on behalf of its employees for that fiscal year from the proceeds of such a tax shall not be due and payable into the Fund until the collection, in the calendar year following the calendar year in which such levy was made, of the actual tax bills extending the second installment of real estate taxes for the Board of Education for that calendar year, pursuant to Section 21-30 of the Property Tax Code, and such Board of Education shall not be required to pay those contributions to be paid from the proceeds of such a tax into the Fund except as collected from the extension of the actual tax bills. If employee contributions are made by the employer on behalf of its employees, they shall be treated for all purposes of this Article 8, including Section 8-173, in the same manner and to the same extent as employee contributions made by employees and deducted from salary; provided, however, that contributions which are made by a Board of Education on behalf of its employees shall not be treated as a pension or retirement obligation of the Board of Education for purposes of Section 12 of "An Act in relation to State revenue sharing with local governmental entities", approved July 31, 1969, as amended. For purposes of Section 8-173, contributions made by a Board of Education on behalf of its employees shall be treated as contributions made by or on behalf of employees to the Fund for the fiscal year for which the Board of Education incurred the obligation to make such contributions.

(b) Subject to the requirements of federal law and the rules of the Board, the Fund may allow the employee to elect to have the employer make on behalf of the employee the optional contributions that the employee has elected to pay to the Fund, and the contributions so made on the employee's behalf shall be treated as employer contributions for the purpose of determining federal tax treatment. The employer shall make contributions on behalf of an employee by a reduction in the cash salary of the employee and shall pay contributions from the same source of funds that is used to pay earnings of the employee. The election to have the contributions made on the employee's behalf is
irrevocable, and the optional contributions may not thereafter be prepaid, by direct payment or otherwise.

If the provision authorizing the optional contribution requires payment by a stated date (rather than the date of withdrawal or retirement), the requirement will be deemed to have been satisfied if (i) on or before the stated date the employee executes a valid irrevocable election to have the contributions made on his or her behalf under this subsection, and (ii) the contributions made on his or her behalf are in fact paid to the Fund as provided in the election.

If employee contributions are made by the employer on the employee's behalf under this subsection, they shall be treated for all purposes of this Article 8, including Section 8-173, in the same manner and to the same extent as optional employee contributions made prior to the date made on the employee's behalf.

(2) have not previously retired under this Article;

(3) file with the Board on or before January 30, 2004, a written election requesting the benefits provided in this Section;

(4) withdraw from service on or after January 31, 2004 and on or before February 29, 2004 (or the date established under subsection (a-5), if applicable); and

(5) by the date of withdrawal or by January 31, 2004, whichever is earlier, have attained age 50 with at least 10 years of creditable service in this Fund, without including any creditable service established under this Section, and a total of at least 70 combined years of age and creditable service, without including any creditable service established under this Section, in one or more of the participating systems under the Retirement Systems Reciprocal Act.

A person is not eligible for the benefits provided in this Section if the person elects to receive a retirement annuity calculated under the alternative formula formerly set forth in Section 20-122.

(a-5) To ensure that the efficient operation of employers under this Article is not jeopardized by the simultaneous retirement of large numbers of critical personnel, each employer may, for its critical employees, extend the February 29, 2004 deadline for terminating employment under this Article established in subdivision (a)(4) of this Section to a date not later than May 31, 2004 by so notifying the Fund by January 31, 2004.

(b) An eligible employee may establish up to 5 years of creditable service under this Section, in increments of one month, by making the contributions specified in subsection (d). In addition, for each month of creditable service established under this Section, a person's age at retirement shall be deemed to be one month older than it actually is, except for determination of eligibility for automatic annual increases under Sections 11-134.1 and 11-134.3. Furthermore, an eligible employee must establish at least the amount of age and creditable service necessary to bring his or her age and total creditable service, including service in this Fund, service established under this Section, and service in any of the other participating systems under the Retirement Systems Reciprocal Act, to a minimum that will satisfy the requirements of Section 11-134.
The creditable service under this Section may be used for all purposes under this Article and the Retirement Systems Reciprocal Act, except for the computation of average annual salary and the determination of salary, earnings, or compensation under this or any other Article of this Code.

(c) An eligible employee shall be entitled to have his or her retirement annuity calculated in accordance with the formula provided in Section 11-134, except that the annuity shall not be subject to reduction because of withdrawal or commencement of the annuity before attainment of age 60.

(d) For each month of creditable service established under this Section, the employee must pay to the Fund an employee contribution, to be calculated by the Fund, equal to 4.25% of the member's monthly salary rate on October 15, 2003. The employee may elect to pay the entire contribution before the retirement annuity commences, or to have it deducted from the annuity over a period not longer than 24 months. If the retired employee dies before the contribution has been paid in full, the unpaid installments may be deducted from any annuity or other benefit payable to the employee's survivors.

All employee contributions paid under this Section shall not be deemed contributions made by employees for annuity purposes under Section 11-169, and shall be made and credited to a special reserve, without interest. Employee contributions paid under this Section may be refunded under the same terms and conditions as are applicable to other employee contributions for retirement annuity.

(e) Notwithstanding Section 11-161, an annuitant who reenters service under this Article after receiving a retirement annuity based on benefits provided under this Section thereby forfeits the right to continue to receive those benefits, and shall have his or her retirement annuity recalculated at the appropriate time without the benefits provided in this Section.

(f) No employer action in declaring an employee to be a critical employee pursuant to subsection (a-5) shall be construed as an impairment of any pension benefit or entitlement. No early retirement option or resultant benefit conferred under this Section shall, in any manner, vest for any employee until the earlier date of the employer's decision to release the employee from service or May 31, 2004.

Sec. 11-133.4. Early retirement incentive for employees who have earned maximum pension benefits.

(a) A person who is eligible for the benefits provided under Section 11-133.3 and who, if he or she had retired on or before February 29, 2004, would have been entitled to a pension equal to 80% of his or her highest average annual salary for any 4 consecutive years within the last 10 years of service immediately preceding February 29, 2004 without receiving the benefits provided in Section 11-133.3, may elect, by filing a written election with the Fund by January 30, 2004, to receive a lump sum from the Fund equal to 100% of his or her salary on February 29, 2004 or the date of withdrawal, whichever is earlier. To
be eligible to receive the benefit provided under this Section, the person must withdraw from service on or after January 31, 2004 and on or before February 29, 2004 (or the date established under subsection (b), if applicable). If a person elects to receive the benefit provided under this Section, his or her retirement annuity otherwise payable under Section 11-134 shall be reduced by an amount equal to the actuarial equivalent of the lump sum.

(b) To ensure that the efficient operation of employers under this Article is not jeopardized by the simultaneous retirement of large numbers of critical personnel, each employer may, for its critical employees, extend the February 29, 2004 deadline for terminating employment under this Article established in subdivision (a) of this Section to a date not later than May 31, 2004 by so notifying the Fund by January 31, 2004.

Sec. 11-134.1. Automatic increase in annuity.

(a) An employee who retired or retires from service after December 31, 1963, and before January 1, 1987, having attained age 60 or more, shall, in the month of January of the year following in which the first anniversary of retirement occurs, have the amount of his then fixed and payable monthly annuity increased by 1 1/2%, and such first fixed annuity as granted at retirement increased by a further 1 1/2% in January of each year thereafter. Beginning with January of the year 1972, such increases shall be at the rate of 2% in lieu of the aforesaid specified 1 1/2%. Beginning January, 1984, such increases shall be at the rate of 3%. Beginning in January of 1999, such increases shall be at the rate of 3% of the currently payable monthly annuity, including any increases previously granted under this Article. An employee who retires on annuity after December 31, 1963 and before January 1, 1987, but prior to age 60, shall receive such increases beginning with January of the year immediately following the year in which he attains the age of 60 years.

An employee who retires from service on or after January 1, 1987 shall, upon the first annuity payment date following the first anniversary of the date of retirement, or upon the first annuity payment date following attainment of age 60, whichever occurs later, have his then fixed and payable monthly annuity increased by 3%, and such annuity shall be increased by an additional 3% of the original fixed annuity on the same date each year thereafter. Beginning in January of 1999, such increases shall be at the rate of 3% of the currently payable monthly annuity, including any increases previously granted under this Article.

(a-5) Notwithstanding the provisions of subsection (a), upon the first annuity payment date following (1) the third anniversary of retirement, (2) the attainment of age 53, or (3) January 1, 2002, the date 60 days after the effective date of this amendatory Act of the 92nd General Assembly, whichever occurs latest, the monthly annuity of an employee who retires on annuity prior to the attainment of age 60 and who has not received an increase under subsection (a) shall be increased by 3%, and the such annuity shall be increased by an additional 3% of the current payable monthly annuity, including any such increases previously granted under this Article, on the same date each year thereafter. increases provided under this subsection are in lieu of the increases provided in subsection (a).

(a-6) Notwithstanding the provisions of subsections (a) and (a-5), for all calendar years following the year in which this amendatory Act of the 93rd General Assembly takes effect, an increase in annuity under this Section that would otherwise take effect at any time during the year shall instead take effect in January of that year.

(b) Subsections (a), and (a-5), and (a-6) are not applicable to an employee retiring and receiving a term annuity, as defined in this Article, nor to any otherwise qualified employee who retires before he shall have made employee contributions (at the 1/2 of 1% rate as hereinafter provided) for the purposes of this additional annuity for not less than the equivalent of one full year. Such employee, however, shall make arrangement to pay to the fund a balance of such 1/2 of 1% contributions, based on his final salary, as will bring such 1/2 of 1% contributions, computed without interest, to the equivalent of or completion of one year's contributions.

Beginning with the month of January, 1964, each employee shall contribute by means of salary deductions 1/2 of 1% of each salary payment, concurrently with and in addition to the employee contributions otherwise made for annuity purposes.

Each such additional employee contribution shall be credited to an account in the prior service annuity reserve, to be used, together with city contributions, to defray the cost of the specified annuity increments. Any balance as of the beginning of each calendar year existing in such account shall be credited with interest at the rate of 3% per annum.

Such employee contributions shall not be subject to refund, except to an employee who resigns or is discharged and applies for refund under this Article, and also in cases where a term annuity becomes payable.

In such cases the employee contributions shall be refunded him, without interest, and charged to the aforementioned account in the prior service annuity reserve.

Except as provided in subsection (j), the widow's annuity shall not, however, exceed the sum of $500 a month if the employee's death in service occurs before January 23, 1987. The widow's annuity shall not be limited to a maximum dollar amount if the employee's death in service occurs on or after January 23, 1987.

If the employee dies in service before July 1, 1990, and if such widow of such described employee shall not be 60 or more years of age on such date of death, the amount provided in the immediately preceding paragraph for a widow 60 or more years of age, shall, in the case of such younger widow, be reduced by 0.25% for each month that her then attained age is less than 60 years if the employee was born before January 1, 1936, or dies in service on or after January 1, 1988, or 0.5% for each month that her then attained age is less than 60 years if the employee was born on or after January 1, 1936 and dies in service before January 1, 1988.

5. the widow of an employee with at least 10 years of service in this fund who dies after retirement, if withdrawal occurs on or after the effective date of this amendatory Act of 1998;
6. the widow of an employee who dies in service with at least 5 years of service in this fund, if the death in service occurs on or after the effective date of this amendatory Act of 1998.

The increases granted under items (1), (2), (3) and (4) of this subsection (g) shall not be limited by any other Section of this Act.

(h) The widow of an employee who retired or died in service on or after January 1, 1985 and before July 1, 1990, at age 55 or older, and with at least 35 years of service credit, shall be entitled to have her widow's annuity increased, effective January 1, 1991, to an amount equal to 50% of the retirement annuity that the deceased employee received on the date of retirement, or would have been eligible to receive if he had retired on the day preceding the date of his death in service, provided that if the widow had not attained age 60 by the date of the employee's retirement or death in service, the amount of the annuity shall be reduced by 0.25% for each month that her attained age was less than age 60 if the employee's retirement or death in service occurred on or after January 1, 1988, or by 0.5% for each month that her attained age is less than age 60 if the employee's retirement or death in service occurred prior to January 1, 1988. However, in cases where a refund of excess contributions for widow's annuity has been paid by the Fund, the increase in benefit provided by this subsection (h) shall be contingent upon repayment of the refund to the Fund with interest at the effective rate from the date of refund to the date of payment.

(i) If a deceased employee is receiving a retirement annuity at the time of death and that death occurs on or after June 27, 1997, the widow may elect to receive, in lieu of any other annuity provided under this Article, 50% of the deceased employee's retirement annuity at the time of death reduced by 0.25% for each month that the widow's age on the
date of death is less than 55; except that if the employee dies on or after January 1, 1998 and withdrew from service on or after June 27, 1997 at age 50 or over with at least 30 years of service or at age 55 or over with at least 25 years of service, there shall be no reduction due to the widow's age if she has attained age 50 on or before the employee's date of death, and if the widow has not attained age 50 on or before the employee's date of death the amount otherwise provided in this subsection (i) shall be reduced by 0.25% for each month that her age on the date of death is less than 50 years. However, in cases where a refund of excess contributions for widow's annuity has been paid by the Fund, the benefit provided by this subsection (i) is contingent upon repayment of the refund to the Fund with interest at the effective rate from the date of refund to the date of payment.

(j) For widows of employees who died before January 23, 1987 after retirement on annuity or in service, the maximum dollar amount limitation on widow's annuity shall cease to apply, beginning with the first annuity payment after the effective date of this amendatory Act of 1997; except that if a refund of excess contributions for widow's annuity has been paid by the Fund, the increase resulting from this subsection (j) shall not begin before the refund has been repaid to the Fund, together with interest at the effective rate from the date of the refund to the date of repayment.

(k) In lieu of any other annuity provided in this Article, an eligible spouse of an employee who dies in service on or after January 1, 2002 (regardless of whether that death in service occurs prior to at least 60 days after the effective date of this amendatory Act of the 93rd General Assembly) with at least 10 years of service shall be entitled to an annuity of 50% of the minimum formula annuity earned and accrued to the credit of the employee at the date of death. For the purposes of this subsection, the minimum formula annuity earned and accrued to the credit of the employee is equal to 2.40% for each year of service of the highest average annual salary for any 4 consecutive years within the last 10 years of service immediately preceding the date of death, up to a maximum of 80% of the highest average annual salary. This annuity shall not be reduced due to the age of the employee or spouse. In addition to any other eligibility requirements under this Article, the spouse is eligible for this annuity only if the marriage was in effect for 10 full years or more.

Sec. 11-163. Restoration of rights. An employee who has withdrawn as a refund the amounts credited for annuity purposes, and who (i) re-enters service of the employer and serves for periods comprising at least 90 days 2 years after the date of the last refund paid to him or (ii) has completed at least 2 years of service under a participating system (as defined in the Retirement Systems Reciprocal Act) other than this Fund after the date of the last refund, shall have his annuity rights restored by making application to the board in writing for the privilege of re-instating such rights and by compliance with the following provisions:

New matter indicated by italics - deletions by strikeout
(a) After that 90 day or 2 year period, whichever applies, he shall repay in full to the Fund, while in service, in full all refunds received, together with interest at the effective rate from the application dates of such refund or refunds to the date of repayment. 

(b) If payment is not made in a single sum, repayment may be made in installments by deductions from salary or otherwise, in such manner and amounts as the board, by rule, may prescribe, with interest at the effective rate accruing on the unpaid balance employee may elect. The employee shall be credited with interest at the effective rate from the date of each installment until full repayment is made.

(c) If the employee withdraws from service or dies in service before full repayment is made, service credit shall be restored in accordance with Section 11-221.2(b).

(d) If the employee withdraws from service or dies in service or during the required 90 day or 2 year period, any repayments made shall be refunded, without interest thereon and in accordance with the refund provisions of this Article.

(e) If the employee repays the refund while participating in a participating system (as defined in the Retirement Systems Reciprocal Act) other than this Fund, the service credit restored must be used for a proportional annuity calculated in accordance with the Retirement Systems Reciprocal Act. If not so used, the restored service credit shall be forfeited and the amount of the repayment shall be refunded, without interest.

Sec. 11-167. Refunds in lieu of annuity. In lieu of an annuity, an employee who withdraws, and whose annuity would amount to less than $800 a month for life may elect to receive a refund of the total sum accumulated to his credit from employee contributions for annuity purposes.

The widow of any employee, eligible for annuity upon the death of her husband, whose annuity would amount to less than $800 a month for life, may, in lieu of a widow's annuity, elect to receive a refund of the accumulated contributions for annuity purposes, based on the amounts contributed by her deceased employee husband, but reduced by any amounts theretofore paid to him in the form of an annuity or refund out of such accumulated contributions.

Accumulated contributions shall mean the amounts including interest credited thereon contributed by the employee for age and service and widow's annuity to the date of his withdrawal or death, whichever first occurs, and including the accumulations from any amounts contributed for him as salary deductions while receiving duty disability benefits; provided that such amounts contributed by the city after December 31, 1983 while the employee is receiving duty disability benefits and amounts credited to the employee for

annuity purposes by the fund after December 31, 2000 while the employee is receiving ordinary disability benefits shall not be included.

The acceptance of such refund in lieu of widow's annuity, on the part of a widow, shall not deprive a child or children of the right to receive a child's annuity as provided for in Sections 11-153 and 11-154 of this Article, and neither shall the payment of a child's annuity in the case of such refund reduce the amount herein set forth as refundable to such widow electing a refund in lieu of widow's annuity.

Sec. 11-170.1. Pickup of employee contributions.

(a) The employer may pick up the employee contributions required by Sections 11-156, 11-170, 11-174 and 11-175.1 for salary earned after December 31, 1981. If employee contributions are not picked up, the amount that would have been picked up under this amendatory Act of 1980 shall continue to be deducted from salary. If contributions are picked up they shall be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code; however, the employer shall continue to withhold Federal and state income taxes based upon these contributions until the Internal Revenue Service or the Federal courts rule that pursuant to Section 414(h) of the United States Internal Revenue Code, these contributions shall not be included as gross income of the employee until such time as they are distributed or made available. The employer shall pay these employee contributions from the same source of funds which is used in paying salary to the employee. The employer may pick up these contributions by a reduction in the cash salary of the employee or by an offset against a future salary increase or by a combination of a reduction in salary and offset against a future salary increase. If employee contributions are picked up they shall be treated for all purposes of this Article 11, including Section 11-169, in the same manner and to the same extent as employee contributions made prior to the date picked up.

(b) Subject to the requirements of federal law and the rules of the Board, the Fund may allow the employee to elect to have the employer pick up the optional contributions that the employee has elected to pay to the Fund, and the contributions so picked up shall be treated as employer contributions for the purpose of determining federal tax treatment. The employer shall pick up the contributions by a reduction in the cash salary of the employee and shall pay contributions from the same source of funds that is used to pay earnings of the employee. The election to have the contributions picked up is irrevocable, and the optional contributions may not thereafter be prepaid, by direct payment or otherwise.

If the provision authorizing the optional contribution requires payment by a stated date (rather than the date of withdrawal or retirement), the requirement will be deemed to have been satisfied if (i) on or before the stated date the employee executes a valid
irrevocable election to have the contributions picked up under this subsection, and (ii) the picked-up contributions are in fact paid to the Fund as provided in the election.

If employee contributions are picked up under this subsection, they shall be treated for all purposes of this Article 11, including Section 11-169, in the same manner and to the same extent as optional employee contributions made prior to the date picked up.

Sec. 11-178. Contributions by city for prior service annuities and other benefits.
The city shall make contributions to provide prior service and widow's prior service annuities, and other annuities and benefits, as follows:
1. To credit to the city contribution reserve such amounts required from the city but not contributed by it for age and service and prior service annuities, and widow's annuities and widows' prior service annuities;
2. To meet such part of any minimum annuity as shall be in excess of the age and service annuity and prior service annuity, and to meet such part of any minimum widow's annuity in excess of the amount of widow's annuity and widow's prior service annuity;
3. To provide a sufficient balance in the investment and interest reserve to permit a transfer from that reserve to other reserves of the fund. Whenever the balance of the investment and interest reserve is not sufficient to permit a transfer from that reserve to any other reserve, the city shall contribute sums sufficient to make possible such transfer;
4. An amount equal to the difference between (1) the sum produced by the tax levy stated in Section 11-169 and (2) all sums required for the purposes of this Article 11 in accordance with the provisions of this Article 11 except those stated in this Section, shall be applied for purposes of this Section.

Provided that if in any year such total sums together with all other sums required during such year for the other purposes of the fund, are in excess of the total amount contributed by the city during such year, the sums required for purposes other than those stated in this section shall first be provided for. The balance shall then be applied for the purposes stated in this section.

All such contributions shall be credited to the prior service annuity reserve. When the balance of this reserve equals its liabilities (including in addition to all other liabilities, the present values of all annuities, present or prospective, according to the applicable mortality tables and rates of interest, but excluding any liabilities arising under Sections 11-133.3 and 11-133.4), the city shall cease to contribute the sum stated in this section.

If annexation of territory and the employment by the city of any person employed as a city laborer in any such territory at the time of annexation, after the city has ceased to contribute as herein provided, results in additional liabilities for prior service annuity and widow's prior service annuity for any such employee, contributions by the city for such purposes shall be resumed.
Notwithstanding any provision in this Section to the contrary, the city shall not make a contribution for credit established by an employee under subsection (b) of Section 11-133.3.

(5) have, by the date of withdrawal or by February 29, 2004, whichever is earlier, attained age 50 with at least 10 years of creditable service in one or more participating systems under the Retirement Systems Reciprocal Act, without including any creditable service established under this Section.

(a-5) To ensure that the efficient operation of employers under this Article is not jeopardized by the simultaneous retirement of large numbers of critical personnel, each employer may, for its critical employees, extend the February 29, 2004 deadline for terminating employment under this Article established in subdivision (a)(4) of this Section to a date not later than May 31, 2004 by so notifying the Fund by January 31, 2004.

(b) An eligible person may establish up to 5 years of creditable service under this Section, in increments of one month, by making the contributions specified in subsection (c). In addition, for each month of creditable service established under this Section, a person's age at retirement shall be deemed to be one month older than it actually is, except for purposes of determining age under item (5) of subsection (a).

The creditable service established under this Section may be used for all purposes under this Article and the Retirement Systems Reciprocal Act, except for the computation of highest average annual salary under Section 12-133 or the determination of salary under this or any other Article of this Code.

(c) For each month of creditable service established under this Section, the person must pay to the Fund an employee contribution to be determined by the Fund, equal to 4.50% of the person's monthly salary rate on the date of withdrawal from service. Employee contributions made under this Section may be refunded under the same terms and conditions as other employee contributions under this Article.

(d) A person who retires under the provisions of this Section shall be entitled to have his or her retirement annuity calculated under the provisions of Section 12-133, except that the retirement annuity shall not be subject to reduction for retirement under age 60.

(e) Notwithstanding Section 12-146 of this Article, an annuitant who reenters service under this Article after receiving a retirement annuity based on additional benefits provided under this Section thereby forfeits the right to continue to receive those benefits, and upon again retiring shall have his or her retirement annuity recalculated at the appropriate time without the additional benefits provided in this Section.

(f) No employer action in declaring an employee to be a critical employee pursuant to subsection (a-5) shall be construed as an impairment of any pension benefit or entitlement. No early retirement option or resultant benefit conferred under this Section shall, in any manner, vest for any employee until the earlier date of the employer's decision to release the employee from service or May 31, 2004.

PUBLIC ACT 93-0655
(House Bill No. 0576)

AN ACT in relation to police officers.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. If and only if Senate Bill 472 of the 93rd General Assembly becomes law by the override of the Governor's amendatory veto, the Illinois Police Training Act is amended by changing Section 6.1 as follows:

(50 ILCS 705/6.1)

Sec. 6.1. Decertification of full-time and part-time police officers.
(a) The Board must review police officer conduct and records to ensure that no police officer is certified or provided a valid waiver if that police officer has been convicted of a felony offense under the laws of this State or any other state which if committed in this State would be punishable as a felony. The Board must also ensure that no police officer is certified or provided a valid waiver if that police officer has been convicted on or after the effective date of this amendatory Act of 1999 of any misdemeanor specified in this Section or if convicted in any other state would be an offense similar to Section 11-6, 11-9.1, 11-14, 11-17, 11-19, 12-2, 12-15, 16-1, 17-1, 17-2, 28-3, 29-1, 31-1, 31-6, 31-7, 32-4a, or 32-7 of the Criminal Code of 1961 or to Section 5 or 5.2 of the

Cannabis Control Act. The Board must appoint investigators to enforce the duties conferred upon the Board by this Act.

(b) It is the responsibility of the sheriff or the chief executive officer of every local law enforcement agency or department within this State to report to the Board any arrest or conviction of any officer for an offense identified in this Section.

(c) It is the duty and responsibility of every full-time and part-time police officer in this State to report to the Board within 30 days, and the officer's sheriff or chief executive officer, of his or her arrest or conviction for an offense identified in this Section. Any full-time or part-time police officer who knowingly makes, submits, causes to be submitted, or files a false or untruthful report to the Board must have his or her certificate or waiver immediately decertified or revoked.

(d) Any person, or a local or State agency, or the Board is immune from liability for submitting, disclosing, or releasing information of arrests or convictions in this Section as long as the information is submitted, disclosed, or released in good faith and without malice. The Board has qualified immunity for the release of the information.

(e) Any full-time or part-time police officer with a certificate or waiver issued by the Board who is convicted of any offense described in this Section immediately becomes decertified or no longer has a valid waiver. The decertification and invalidity of waivers occurs as a matter of law. Failure of a convicted person to report to the Board his or her conviction as described in this Section or any continued law enforcement practice after receiving a conviction is a Class 4 felony.

(f) The Board's investigators are peace officers and have all the powers possessed by policemen in cities and by sheriff's, provided that the investigators may exercise those powers anywhere in the State, only after contact and cooperation with the appropriate local law enforcement authorities.

(g) The Board must request and receive information and assistance from any federal, state, or local governmental agency as part of the authorized criminal background investigation. The Department of State Police must process, retain, and additionally provide and disseminate information to the Board concerning criminal charges, arrests, convictions, and their disposition, that have been filed before, on, or after the effective date of this amendatory Act of the 91st General Assembly against a basic academy applicant, law enforcement applicant, or law enforcement officer whose fingerprint identification cards are on file or maintained by the Department of State Police. The Federal Bureau of Investigation must provide the Board any criminal history record information contained in its files pertaining to law enforcement officers or any applicant to a Board certified basic law enforcement academy as described in this Act based on fingerprint identification. The Board must make payment of fees to the Department of State Police for each fingerprint card submission in conformance with the requirements of paragraph 22 of Section 55a of the Civil Administrative Code of Illinois.
(h) A police officer who has been certified or granted a valid waiver shall also be
decertified or have his or her waiver revoked upon a determination by the Illinois Labor
Relations Board State Panel that he or she, while under oath, has knowingly and willfully
made false statements as to a material fact going to an element of the offense of murder. If
an appeal is filed, the determination shall be stayed.

(1) In the case of an acquittal on a charge of murder, a verified complaint
may be filed:

(A) by the defendant; or
(B) by a police officer with personal knowledge of perjured
testimony.

The complaint must allege that a police officer, while under oath, knowingly and willfully
made false statements as to a material fact going to an element of the offense of murder.
The verified complaint must be filed with the Executive Director of the Illinois Law
Enforcement Training Standards Board within 2 years of the judgment of acquittal.

(2) Within 30 days, the Executive Director of the Illinois Law Enforcement
Training Standards Board shall review the verified complaint and determine
whether the verified complaint is frivolous and without merit, or whether further
investigation is warranted. The Illinois Law Enforcement Training Standards
Board shall notify the officer and the Executive Director of the Illinois Labor
Relations Board State Panel of the filing of the complaint and any action taken
thereon. If the Executive Director of the Illinois Law Enforcement Training
Standards Board determines that the verified complaint is frivolous and without
merit, it shall be dismissed. The Executive Director of the Illinois Law Enforcement
Training Standards Board has sole discretion to make this determination and this
decision is not subject to appeal.

(i) If the Executive Director of the Illinois Law Enforcement Training Standards
Board determines that the verified complaint warrants further investigation, he or she shall
refer the matter to a task force of investigators created for this purpose. This task force
shall consist of 8 sworn police officers: 2 from the Illinois State Police, 2 from the City of
Chicago Police Department, 2 from county police departments, and 2 from municipal
police departments. These investigators shall have a minimum of 5 years of experience in
conducting criminal investigations. The investigators shall be appointed by the Executive
Director of the Illinois Law Enforcement Training Standards Board. Any officer or officers
acting in this capacity pursuant to this statutory provision will have statewide police
authority while acting in this investigative capacity. Their salaries and expenses for the
time spent conducting investigations under this paragraph shall be reimbursed by the
Illinois Law Enforcement Training Standards Board.

(j) Once the Executive Director of the Illinois Law Enforcement Training Standards
Board has determined that an investigation is warranted, the verified complaint shall be
assigned to an investigator or investigators. The investigator or investigators shall conduct
an investigation of the verified complaint and shall write a report of his or her findings. This report shall be submitted to the Executive Director of the Illinois Labor Relations Board State Panel.

Within 30 days, the Executive Director of the Illinois Labor Relations Board State Panel shall review the investigative report and determine whether sufficient evidence exists to conduct an evidentiary hearing on the verified complaint. If the Executive Director of the Illinois Labor Relations Board State Panel determines upon his or her review of the investigatory report that a hearing should not be conducted, the complaint shall be dismissed. This decision is in the Executive Director's sole discretion, and this dismissal may not be appealed.

If the Executive Director of the Illinois Labor Relations Board State Panel determines that there is sufficient evidence to warrant a hearing, a hearing shall be ordered on the verified complaint, to be conducted by an administrative law judge employed by the Illinois Labor Relations Board State Panel. The Executive Director of the Illinois Labor Relations Board State Panel shall inform the Executive Director of the Illinois Law Enforcement Training Standards Board and the person who filed the complaint of either the dismissal of the complaint or the issuance of the complaint for hearing. The Executive Director shall assign the complaint to the administrative law judge within 30 days of the decision granting a hearing.

(k) In the case of a finding of guilt on the offense of murder, if a new trial is granted on direct appeal, or a state post-conviction evidentiary hearing is ordered, based on a claim that a police officer, under oath, knowingly and willfully made false statements as to a material fact going to an element of the offense of murder, the Illinois Labor Relations Board State Panel shall hold a hearing to determine whether the officer should be decertified if an interested party requests such a hearing within 2 years of the court's decision. The complaint shall be assigned to an administrative law judge within 30 days so that a hearing can be scheduled.

At the hearing, the accused officer shall be afforded the opportunity to:

(1) Be represented by counsel of his or her own choosing;
(2) Be heard in his or her own defense;
(3) Produce evidence in his or her defense;
(4) Request that the Illinois Labor Relations Board State Panel compel the attendance of witnesses and production of related documents including but not limited to court documents and records.

Once a case has been set for hearing, the verified complaint shall be referred to the Department of Professional Regulation. That office shall prosecute the verified complaint at the hearing before the administrative law judge. The Department of Professional Regulation shall have the opportunity to produce evidence to support the verified complaint and to request the Illinois Labor Relations Board State Panel to compel the attendance of witnesses and the production of related documents, including, but not limited

to, court documents and records. The Illinois Labor Relations Board State Panel shall have the power to issue subpoenas requiring the attendance of and testimony of witnesses and the production of related documents including, but not limited to, court documents and records and shall have the power to administer oaths.

The administrative law judge shall have the responsibility of receiving into evidence relevant testimony and documents, including court records, to support or disprove the allegations made by the person filing the verified complaint and, at the close of the case, hear arguments. If the administrative law judge finds that there is not clear and convincing evidence to support the verified complaint that the police officer has, while under oath, knowingly and willfully made false statements as to a material fact going to an element of the offense of murder, the administrative law judge shall make a written recommendation of dismissal to the Illinois Labor Relations Board State Panel. If the administrative law judge finds that there is clear and convincing evidence that the police officer has, while under oath, knowingly and willfully made false statements as to a material fact that goes to an element of the offense of murder, the administrative law judge shall make a written recommendation so concluding to the Illinois Labor Relations Board State Panel. The hearings shall be transcribed. The Executive Director of the Illinois Law Enforcement Training Standards Board shall be informed of the administrative law judge's recommended findings and decision and the Illinois Labor Relations Board State Panel's subsequent review of the recommendation.

(l) An officer named in any complaint filed pursuant to this Act shall be indemnified for his or her reasonable attorney's fees and costs by his or her employer. These fees shall be paid in a regular and timely manner. The State, upon application by the public employer, shall reimburse the public employer for the accused officer's reasonable attorney's fees and costs. At no time and under no circumstances will the accused officer be required to pay his or her own reasonable attorney's fees or costs.

(m) The accused officer shall not be placed on unpaid status because of the filing or processing of the verified complaint until there is a final non-appealable order sustaining his or her guilt and his or her certification is revoked. Nothing in this Act, however, restricts the public employer from pursuing discipline against the officer in the normal course and under procedures then in place.

(n) The Illinois Labor Relations Board State Panel shall review the administrative law judge's recommended decision and order and determine by a majority vote whether or not there was clear and convincing evidence that the accused officer, while under oath, knowingly and willfully made false statements as to a material fact going to the offense of murder. Within 30 days of service of the administrative law judge's recommended decision and order, the parties may file exceptions to the recommended decision and order and briefs in support of their exceptions with the Illinois Labor Relations Board State Panel. The parties may file responses to the exceptions and briefs in support of the responses no later than 15 days after the service of the exceptions. If exceptions are filed by any of the parties.
parties, the Illinois Labor Relations Board State Panel shall review the matter and make a finding to uphold, vacate, or modify the recommended decision and order. If the Illinois Labor Relations Board State Panel concludes that there is clear and convincing evidence that the accused officer, while under oath, knowingly and willfully made false statements as to a material fact going to an element of the offense murder, the Illinois Labor Relations Board State Panel shall inform the Illinois Law Enforcement Training Standards Board and the Illinois Law Enforcement Training Standards Board shall revoke the accused officer's certification. If the accused officer appeals that determination to the Appellate Court, as provided by this Act, he or she may petition the Appellate Court to stay the revocation of his or her certification pending the court's review of the matter.

(o) None of the Illinois Labor Relations Board State Panel's findings or determinations shall set any precedent in any of its decisions decided pursuant to the Illinois Public Labor Relations Act by the Illinois Labor Relations Board State Panel or the courts.

(p) A party aggrieved by the final order of the Illinois Labor Relations Board State Panel may apply for and obtain judicial review of an order of the Illinois Labor Relations Board State Panel, in accordance with the provisions of the Administrative Review Law, except that such judicial review shall be afforded directly in the Appellate Court for the district in which the accused officer resides. Any direct appeal to the Appellate Court shall be filed within 35 days from the date that a copy of the decision sought to be reviewed was served upon the party affected by the decision.

(q) Interested parties. Only interested parties to the criminal prosecution in which the police officer allegedly, while under oath, knowingly and willfully made false statements as to a material fact going to an element of the offense of murder may file a verified complaint pursuant to this Section. For purposes of this Section, “interested parties” shall be limited to the defendant and any police officer who has personal knowledge that the police officer who is the subject of the complaint has, while under oath, knowingly and willfully made false statements as to a material fact going to an element of the offense of murder.

(r) Semi-annual reports. The Executive Director of the Illinois Labor Relations Board shall submit semi-annual reports to the Governor, President, and Minority Leader of the Senate, and to the Speaker and Minority Leader of the House of Representatives beginning on June 30, 2004, indicating:

(1) the number of verified complaints received since the date of the last report;
(2) the number of investigations initiated since the date of the last report;
(3) the number of investigations concluded since the date of the last report;

(h) A police officer who has been certified or granted a valid waiver may also be decertified or have his or her waiver revoked upon a determination by the Board that he or she, while under oath, has knowingly and willfully made false statements as to a material fact during a homicide proceeding. A determination may be made only after an investigation and hearing upon a verified complaint filed with the Illinois Law Enforcement Training Standards Board. No action may be taken by the Board regarding a complaint unless a majority of the members of the Board are present at the meeting at which the action is taken:

(1) The Board shall adopt rules governing the investigation and hearing of a verified complaint to assure the police officer due process and to eliminate conflicts of interest within the Board itself.

(2) Upon receipt of the initial verified complaint, the Board must make a finding within 30 days of receipt of the complaint as to whether sufficient evidence exists to support the complaint. The Board is empowered to investigate and dismiss the complaint if it finds, by a vote of a majority of the members present, that there is insufficient evidence to support it. Upon the initial filing, the sheriff or police chief, or other employing agency, of the accused officer may suspend, with or without pay, the accused officer pending a decision of the Board. Upon a Board finding of insufficient evidence, the police officer shall be reinstated with back pay, benefits, and seniority status as appropriate. The sheriff or police chief, or employing agency, shall take such necessary action as is ordered by the Board.

(3) If the Board finds, by a vote of a majority of the members present, that sufficient evidence exists to support the complaint, it shall authorize a hearing before an administrative law judge within 45 days of the Board’s finding, unless, based upon the complexity and extent of the allegations and charges, additional time is needed. In no event may a hearing before an administrative law judge take place later than 60 days after the Board’s finding:

(i) The Board shall have the power and authority to appoint administrative law judges on a contractual basis. The Administrative law judges must be attorneys licensed to practice law in the State of Illinois. The Board shall also adopt rules governing the appointment of administrative law judges and the conduct of hearings consistent with the requirements of this Section. The administrative law judge shall hear all evidence and prepare a written recommendation of his or her findings to the Board. At the hearing the accused police officer shall be afforded the opportunity to:

(1) Be represented by counsel;
(2) Be heard in his or her own defense;
(3) Produce evidence in his or her defense;

(4) Request that the Board compel the attendance of witnesses and production of court records and documents;

(j) Once a case has been set for hearing, the person who filed the verified complaint shall have the opportunity to produce evidence to support any charge against a police officer that he or she, while under oath, has knowingly and willfully made false statements as to a material fact during a homicide proceeding:

(I) The person who filed the verified complaint shall have the opportunity to be represented by counsel and shall produce evidence to support his or her charges;

(2) The person who filed the verified complaint may request the Board to compel the attendance of witnesses and production of court records and documents;

(k) The Board shall have the power to issue subpoenas requiring the attendance and testimony of witnesses and the production of court records and documents and shall have the power to administer oaths:

(l) The administrative law judge shall have the responsibility of receiving into evidence relevant testimony and documents, including court records, to support or disprove the allegations made by the person filing the verified complaint, and, at the close of the case, hear arguments. If the administrative law judge finds that there is not clear and convincing evidence to support the verified complaint that the police officer has, while under oath, knowingly and willfully made false statements as to a material fact during a homicide proceeding, the administrative law judge shall make a written recommendation of dismissal to the Board. If the administrative law judge finds that there is clear and convincing evidence to support the verified complaint that the police officer has, while under oath, knowingly and willfully made false statements as to a material fact during a homicide proceeding, the administrative law judge shall make a written recommendation of decertification to the Board.

(m) Any person, with the exception of the police officer who is the subject of the hearing, who is served by the Board with a subpoena to appear, testify or produce evidence and refuses to comply with the subpoena is guilty of a Class B misdemeanor. Any circuit court or judge, upon application by the Board, may compel compliance with a subpoena issued by the Board.

(n) Within 15 days of receiving the recommendation, the Board shall consider the recommendation of the administrative law judge and the record of the hearing at a Board meeting. If, by a two-thirds vote of the members present at the Board meeting, the Board finds that there is clear and convincing evidence that the police officer has, while under oath, knowingly and willfully made false statements as to a material fact during a homicide proceeding, the Board shall order that the police officer be decertified as a full-time or part-time police officer. If less than two thirds of the members present vote to decertify the police officer, the Board shall dismiss the complaint.

(o) The provisions of the Administrative Review Law shall govern all proceedings for the judicial review of any order rendered by the Board. The moving party shall pay the reasonable costs of preparing and certifying the record for review. If the moving party is the police officer and he or she prevails, the court may award the police officer actual costs incurred in all proceedings, including reasonable attorney fees. (p) If the police officer is decertified under subsection (h), the Board shall notify the defendant who was a party to the proceeding that resulted in the police officer's decertification and his or her attorney of the Board's decision. Notification shall be by certified mail, return receipt requested, sent to the party's last known address and to the party's attorney if any.

(q) Limitation of action:

(1) No complaint may be filed pursuant to this Section until after a verdict or other disposition is rendered in the underlying case or the underlying case is dismissed in the trial court.

(2) A complaint pursuant to this Section may not be filed more than 2 years after the final resolution of the case. For purposes of this Section, final resolution is defined as the trial court's ruling on the State post-conviction proceeding in the case in which it is alleged the police officer, while under oath, knowingly and willfully made false statements as to a material fact during a homicide proceeding. In the event a post-conviction petition is not filed, an action pursuant to this Section may not be commenced more than 2 years after the denial of a petition for certiorari to the United States Supreme Court, or if no petition for certiorari is filed, 2 years after the date such a petition should have been filed. In the event of an acquittal, no proceeding may be commenced pursuant to this Section more than 6 years after the date upon which judgment on the verdict of acquittal was entered.

(r) Interested parties. Only interested parties to the criminal prosecution in which the police officer allegedly, while under oath, knowingly and willfully made false statements as to a material fact during a homicide proceeding may file a verified complaint pursuant to this Section. For purposes of this Section, "interested parties" include the defendant and any police officer who has personal knowledge that the police officer who is
the subject of the complaint has, while under oath, knowingly and willfully made false statements as to a material fact during a homicide proceeding.

Section 10. If and only if Senate Bill 472 of the 93rd General Assembly becomes law by the override of the Governor's amendatory veto, the Code of Criminal Procedure of 1963 is amended by changing Section 107A-10 as follows:

(725 ILCS 5/107A-10)
Sec. 107A-10. Pilot study on sequential lineup procedures.

(a) Legislative intent. Because the goal of a police investigation is to apprehend the person or persons responsible for committing a crime, it is useful to conduct a pilot study in the field on the effectiveness of the sequential method for lineup procedures.

(b) Establishment of pilot jurisdictions. The Department of State Police shall select 3 police departments to participate in a one-year pilot study on the effectiveness of the sequential lineup method for photo and live lineup procedures. One such pilot jurisdiction shall be a police district within a police department in a municipality whose population is at least 500,000 residents; one such pilot jurisdiction shall be a police department in a municipality whose population is at least 100,000 but less than 500,000; and one such pilot jurisdiction shall be a police department in a municipality whose population is less than 100,000. All such pilot jurisdictions shall be selected no later than July 1, 2004.

(c) Sequential lineup procedures in pilot jurisdictions. For any offense alleged to have been committed in a pilot jurisdiction on or after July 1, 2004, selected lineup identification procedure shall be presented in the sequential method in which a witness is shown lineup participants one at a time, using the following procedures:

(1) The witness shall be requested to state whether the individual shown is the perpetrator of the crime prior to viewing the next lineup participant. Only one member of the lineup shall be a suspect and the remainder shall be "fillers" who are not suspects but fit the general description of the offender without the suspect unduly standing out;

(2) The lineup administrator shall be someone who is not aware of which member of the lineup is the suspect in the case; and

(3) Prior to presenting the lineup using the sequential method the lineup administrator shall:

   (A) Inform the witness that the perpetrator may or may not be among those shown, and the witness should not feel compelled to make an identification;

   (B) Inform the witness that he or she will view individuals one at a time and will be requested to state whether the individual shown is the perpetrator of the crime, prior to viewing the next lineup participant; and

   (C) Ask the witness to state in his or her own words how sure he or she is that the person identified is the actual offender. During the statement,
or as soon thereafter as reasonably possible, the witness's actual words shall be documented.

(d) Application. This Section applies to selected live lineups that are composed and presented at a police station and to selected photo lineups regardless of where presented; provided that this Section does not apply in police investigations in which a spontaneous identification is possible and no lineup procedure is being used. This Section does not affect the right to counsel afforded by the U.S. or Illinois Constitutions or State law at any stage of a criminal proceeding.

(e) Selection of lineups. The participating jurisdictions shall develop a protocol for the selection and administration of lineups which is practical, designed to elicit information for comparative evaluation purposes, and is consistent with objective scientific research methodology.

(f) Training and administrators. The Department of State Police shall offer training to police officers and any other appropriate personnel on the sequential method of conducting lineup procedures in the pilot jurisdictions and the requirements of this Section. The Department of State Police may seek funding for training and administration from the Illinois Criminal Justice Information Authority and the Illinois Law Enforcement Training Standards Board if necessary.

(g) Report on the pilot study. The Department of State Police shall gather information from each of the participating police departments selected as a pilot jurisdiction with respect to the effectiveness of the sequential method for lineup procedures and shall file a report of its findings with the Governor and the General Assembly no later than September 1, 2005.

AN ACT concerning taxes.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

New matter indicated by italics - deletions by strikeout
Section 5. The State Finance Act is amended by adding Sections 5.595 and 6z-59 as follows:

(30 ILCS 105/5.595 new)
Sec. 5.595. The Tax Recovery Fund.
(30 ILCS 105/6z-59 new)
Sec. 6z-59. The Tax Recovery Fund. There is created in the State treasury the Tax Recovery Fund. Through December 31, 2010, all moneys received from the rental, authorized under Section 2705-555 of the Department of Transportation Law of the Civil Administrative Code of Illinois, of land, buildings, or improvements on property held for development of an airport in Will County by the Department of Transportation shall be remitted to the State Treasurer for payment into the Tax Recovery Fund. Subject to appropriation, the moneys in the Fund shall be expended with the following priority: (1) to compensate taxing districts for leasehold taxes then (2) to the General Revenue Fund less any money necessary to pay maintenance and repair costs for that real property. The tax compensation shall be determined in accordance with Sections 9-195 and 15-55 of the Property Tax Code. Expenditures for these purposes may be made by Department of Transportation without regard to the fiscal year in which tax compensation liability and property maintenance and repair costs were incurred. Unexpended moneys in the Fund shall not be transferred or allocated by the Comptroller or Treasurer to any other fund nor shall the Governor authorize the transfer or allocation of those moneys to any other fund. After December 31, 2010, all moneys received from the rental, authorized under Section 2705-555 of the Department of Transportation Law of the Civil Administrative Code of Illinois, of land, buildings, or improvements on property held for the development of an airport in Will County by the Department of Transportation shall not be remitted to the Tax Recovery Fund but shall instead be paid to the General Revenue Fund. The balance remaining in the Tax Recovery Fund on December 31, 2010 shall first be expended to compensate taxing districts for leasehold taxes for the 2010 tax assessment year, and then transferred to the General Revenue Fund for the purpose of debt service on State bonds issued to provide funds for airport land acquisition in Will County.

Section 10. The Property Tax Code is amended by changing Section 15-55 as follows:

(35 ILCS 200/15-55)

The leased property shall be assessed to the lessee and the taxes thereon extended and billed to the lessee, and collected in the same manner as for property which is not

exempt. The lessee shall be liable for the taxes and no lien shall attach to the property of the State.

For the purposes of this Section, the word "leases" includes licenses, franchises, operating agreements and other arrangements under which private individuals, associations or corporations are granted the right to use property of the Illinois State Toll Highway Authority and includes all property of the Authority used by others without regard to the size of the leased parcel.

However, all property of every kind belonging to the State of Illinois, which is or may hereafter be leased to the Illinois Prairie Path Corporation, shall be exempt from all assessments, taxation or collection, despite the making of any such lease, if it is used for:

(a) conservation, nature trail or any other charitable, scientific, educational or recreational purposes with public benefit, including the preserving and aiding in the preservation of natural areas, objects, flora, fauna or biotic communities;
(b) the establishment of footpaths, trails and other protected areas;
(c) the conservation of the proper use of natural resources or the promotion of the study of plant and animal communities and of other phases of ecology, natural history and conservation;
(d) the promotion of education in the fields of nature, preservation and conservation; or
(e) similar public recreational activities conducted by the Illinois Prairie Path Corporation.

No lien shall attach to the property of the State. No tax liability shall become the obligation of or be enforceable against Illinois Prairie Path Corporation.

However, the fair market rent of each parcel of real property in Will County owned by the State of Illinois for the purpose of developing an airport by the Department of Transportation shall include the assessed value of leasehold tax. The lessee of each parcel of real property in Will County owned by the State of Illinois for the purpose of developing an airport by the Department of Transportation shall not be liable for the taxes thereon. In order for the State to compensate taxing districts for the leasehold tax under this paragraph the Will County Supervisor of Assessments shall certify, in writing, to the Department of Transportation, the amount of leasehold taxes extended for the 2002 property tax year for each such exempt parcel. The Department of Transportation shall pay to the Will County Treasurer, from the Tax Recovery Fund, on or before July 1 of each year, the amount of leasehold taxes for each such exempt parcel as certified by the Will County Supervisor of Assessments. The tax compensation shall terminate on December 31, 2010. It is the duty of the Department of Transportation to file with the Office of the Will County Supervisor of Assessments an affidavit stating the termination date for rental of each such parcel due to airport construction. The affidavit shall include the property identification number for each such parcel. In no instance shall tax compensation for property owned by the State be deemed delinquent or bear interest. In no instance shall a
lien attach to the property of the State. In no instance shall the State be required to pay leasehold tax compensation in excess of the Tax Recovery Fund's balance.

Public Act 81-1026 applies to all leases or agreements entered into or renewed on or after September 24, 1979.

The cost report shall be on file with the Department no later than April 1 of the current rate year. Should the cost report not be on file by April 1, the Department shall base the rate on the latest cost report filed by each skilled care facility and intermediate care facility, updated to the midpoint of the current rate year.

In determining rates for services rendered on and after July 1, 1985, fixed time shall not be computed at less than zero. The Department shall not make any alterations of regulations which would reduce any component of the Medicaid rate to a level below what that component would have been utilizing in the rate effective on July 1, 1984.

(2) Shall take into account the actual costs incurred by facilities in providing services for recipients of skilled nursing and intermediate care services under the medical assistance program.

(3) Shall take into account the medical and psycho-social characteristics and needs of the patients.

(4) Shall take into account the actual costs incurred by facilities in meeting licensing and certification standards imposed and prescribed by the State of Illinois, any of its political subdivisions or municipalities and by the U.S. Department of Health and Human Services pursuant to Title XIX of the Social Security Act.

The Department of Public Aid shall develop precise standards for payments to reimburse nursing facilities for any utilization of appropriate rehabilitative personnel for the provision of rehabilitative services which is authorized by federal regulations, including reimbursement for services provided by qualified therapists or qualified assistants, and which is in accordance with accepted professional practices. Reimbursement also may be made for utilization of other supportive personnel under appropriate supervision.

Sec. 5A-1. Definitions. As used in this Article, unless the context requires otherwise:

"Fund" means the Hospital Provider Fund.

"Hospital" means an institution, place, building, or agency located in this State that is subject to licensure by the Illinois Department of Public Health under the Hospital Licensing Act, whether public or private and whether organized for profit or not-for-profit.

"Hospital provider" means a person licensed by the Department of Public Health to conduct, operate, or maintain a hospital, regardless of whether the person is a Medicaid provider. For purposes of this paragraph, "person" means any political subdivision of the State, municipal corporation, individual, firm, partnership, corporation, company, limited liability company, association, joint stock association, or trust, or a receiver, executor, trustee, guardian, or other representative appointed by order of any court.

"Adjusted gross hospital revenue" shall be determined separately for each hospital conducted, operated, or maintained by a hospital provider, and means the hospital provider's total gross patient revenues less Medicare contractual allowances, but does not include gross patient revenue (and the portion of any Medicare contractual allowance related thereto) from skilled or intermediate long-term care services within the meaning of Title XVIII or XIX of the Social Security Act.

"Intergovernmental transfer payment" means the payments established under Section 15-3 of this Code, and includes without limitation payments payable under that Section for July, August, and September of 1992.

(305 ILCS 5/5A-2) (from Ch. 23, par. 5A-2)
Sec. 5A-2. Assessment; no local authorization to tax.
(a) Subject to Sections 5A-3 and 5A-10, an annual assessment on inpatient services is imposed on each hospital provider for State fiscal years 2004 and 2005 in an amount equal to the hospital's occupied bed days multiplied by $84.19.

The Department of Public Aid shall use the number of occupied bed days as reported by each hospital on the Annual Survey of Hospitals conducted by the Department of Public Health to calculate the hospital's annual assessment. If the sum of a hospital's occupied bed days is not reported on the Annual Survey of Hospitals, then the Department of Public Aid may obtain the sum of occupied bed days from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Department of Public Aid or its duly authorized agents and employees. For the privilege of engaging in the occupation of hospital provider, an assessment is imposed upon each hospital provider for the State fiscal year beginning on July 1, 1993 and ending on June 30, 1994, in an amount equal to 1.88% of the provider's adjusted gross hospital revenue for the most recent calendar year ending before the beginning of that State fiscal year.

Effective July 1, 1994 through June 30, 1996, an annual assessment is imposed upon each hospital provider in an amount equal to the provider's adjusted gross hospital revenue for the most recent calendar year ending before the beginning of that State fiscal year multiplied by the Provider's Savings Rate.

Effective July 1, 1996 through March 31, 1997, an assessment is imposed upon each hospital provider in an amount equal to three-fourths of the provider's adjusted gross hospital revenue for calendar year 1995 multiplied by the Provider's Savings Rate. No assessment shall be imposed on or after April 1, 1997.
Before July 1, 1995, the Provider's Savings Rate is 1.88% multiplied by a fraction, the numerator of which is the Maximum Section 5A-2 Contribution minus the Cigarette Tax Contribution, and the denominator of which is the Maximum Section 5A-2 Contribution. Effective July 1, 1995, the Provider's Savings Rate is 1.25% multiplied by a fraction, the numerator of which is the Maximum Section 5A-2 Contribution minus the Cigarette Tax Contribution, and the denominator of which is the Maximum Section 5A-2 Contribution.

The Cigarette Tax Contribution is the sum of the total amount deposited in the Hospital Provider Fund in the previous State fiscal year pursuant to Section 2(a) of the Cigarette Tax Act, plus the total amount deposited in the Hospital Provider Fund in the previous State fiscal year pursuant to Section 5A-3(c) of this Code.

The Maximum Section 5A-2 Contribution is the total amount of tax imposed by this Section in the previous State fiscal year on providers subject to this Act, multiplied by a fraction the numerator of which is adjusted gross hospital revenues reported to the Department by providers subject to this Act for the previous State fiscal year and the denominator of which is adjusted gross hospital revenues reported to the Department by providers subject to this Act for the State fiscal year immediately preceding the previous State fiscal year.

The Department shall notify hospital providers of the Provider's Savings Rate by mailing a notice to each provider's last known address as reflected by the records of the Illinois Department.

(b) Nothing in this amendatory Act of the 93rd General Assembly 1995 shall be construed to authorize any home rule unit or other unit of local government to license for revenue or to impose a tax or assessment upon hospital providers or the occupation of hospital provider, or a tax or assessment measured by the income or earnings of a hospital provider.

(c) As provided in Section 5A-14, this Section is repealed on July 1, 2005.

(b-20) A hospital provider whose hospital is licensed by the Department of Public Health as a rehabilitation hospital is exempt from the assessment imposed by Section 5A-2, unless the exemption is adjudged to be unconstitutional or otherwise invalid, in which case the hospital provider shall pay the assessment imposed by Section 5A-2.

(b-25) A hospital provider whose hospital (i) is not a psychiatric hospital, rehabilitation hospital, or children's hospital and (ii) has an average length of inpatient stay greater than 25 days is exempt from the assessment imposed by Section 5A-2, unless the exemption is adjudged to be unconstitutional or otherwise invalid, in which case the hospital provider shall pay the assessment imposed by Section 5A-2.

(c) (Blank). The Illinois Department is hereby authorized to enter into agreements with publicly owned or operated hospitals to make intergovernmental transfer payments to the Illinois Department. These payments shall be deposited into the Hospital Provider Fund, except that any payments arising under an agreement with a hospital organized under the University of Illinois Hospital Act shall be deposited into the University of Illinois Hospital Services Fund, if that Fund exists.

No installment payment of an assessment imposed by Section 5A-2 shall be due and payable, however, until after: (i) the hospital provider receives written notice from the Department of Public Aid that the payment methodologies to hospitals required under Section 5A-12 have been approved by the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services and the waiver under 42 CFR 433.68 for the assessment imposed by Section 5A-2 has been granted by the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services; and (ii) the hospital has received the payments required under Section 5A-12.

(b) The Illinois Department is authorized to establish delayed payment schedules for hospital providers that are unable to make installment payments when due under this Section due to financial difficulties, as determined by the Illinois Department.

(c) Notwithstanding any other provision in this Article, in the case of a person who ceases to conduct, operate, or maintain a hospital in respect of which the person is subject to assessment under this Article as a hospital provider, the assessment for the State fiscal year in which the cessation occurs shall be adjusted by multiplying the assessment computed under Section 5A-2 by a fraction, the numerator of which is the number of days months in the year during which the provider conducts, operates, or maintains the hospital and the denominator of which is 365 42. (a) To the extent practicable, the Illinois Department shall administer and enforce this Article and collect the assessments, interest, and penalty assessments imposed under this Article using procedures employed in its administration of this Code generally and, as it deems appropriate, in a manner similar to that in which the Department of Revenue administers and collects the retailers' occupation tax under the Retailers' Occupation Tax Act ("ROTA"). multiplied by the hospital's Medicaid outpatient charges multiplied by the quotient of 1 divided by the greater of 1.6% or the hospital's Medicaid outpatient utilization rate. The total payments under this subsection to a hospital may not exceed $6,750,000 annually.

For purposes of this subsection:
"Medicaid outpatient charges" means the charges for outpatient services provided to Medicaid patients for State fiscal year 2001 as submitted by the hospital on the UB-92 billing form or under the ambulatory procedure listing and adjudicated by the Department of Public Aid on or before September 12, 2003.

"Medicaid outpatient utilization rate" means a fraction, the numerator of which is the hospital's Medicaid outpatient charges and the denominator of which is the total number of the hospital's charges for outpatient services for the hospital's fiscal year ending in 2001.

(g) State outpatient service adjustment. In addition to rates paid for outpatient hospital services, the Department of Public Aid shall pay each Illinois hospital an amount equal to the product of 75.5% multiplied by the hospital's Medicaid outpatient services submitted to the Department on the UB-92 billing form for State fiscal year 2001 multiplied by the hospital's outpatient access fraction.

For purposes of this subsection, "outpatient access fraction" means a fraction, the numerator of which is the hospital's Medicaid payments for outpatient services for ambulatory procedure listing services submitted to the Department on the UB-92 billing form for State fiscal year 2001, and the denominator of which is the hospital's Medicaid outpatient services submitted to the Department on the UB-92 billing form for State fiscal year 2001.

The total payments under this subsection to a hospital may not exceed $3,000,000 annually.

(h) Rural hospital outpatient adjustment. In addition to rates paid for outpatient hospital services, the Department of Public Aid shall pay each Illinois rural hospital an amount equal to the product of $14,500,000 multiplied by the rural hospital outpatient adjustment fraction.

For purposes of this subsection, "rural hospital outpatient adjustment fraction" means a fraction, the numerator of which is the hospital's Medicaid visits for outpatient services for ambulatory procedure listing services submitted to the Department on the UB-92 billing form for State fiscal year 2001, and the denominator of which is the total Medicaid visits for outpatient services for ambulatory procedure listing services for all Illinois rural hospitals submitted to the Department on the UB-92 billing form for State fiscal year 2001.

For purposes of this subsection, "rural hospital" has the same meaning as in 89 Ill. Adm. Code 148.25, as in effect on September 30, 2003.

(i) Merged/closed hospital adjustment. If any hospital files a combined Medicaid cost report with another hospital after January 1, 2001, and if that hospital subsequently
closes, then except for the payments described in subsection (e), all payments described in the various subsections of this Section shall, before the application of the annual limitation amount specified in each such subsection, be multiplied by a fraction, the numerator of which is the number of occupied bed days attributable to the open hospital and the denominator of which is the sum of the number of occupied bed days of each open hospital and each closed hospital. For purposes of this subsection, "occupied bed days" has the same meaning as the term is defined in subsection (a) of Section 5A-2.

(j) For purposes of this Section, the terms "Medicaid days", "Medicaid charges", and "Medicaid services" do not include any days, charges, or services for which Medicare was liable for payment.

(k) As provided in Section 5A-14, this Section is repealed on July 1, 2005.

(305 ILCS 5/5A-13 new)
Sec. 5A-13. Emergency rulemaking. The Department of Public Aid may adopt rules necessary to implement this amendatory Act of the 93rd General Assembly through the use of emergency rulemaking in accordance with Section 5-45 of the Illinois Administrative Procedure Act. For purposes of that Act, the General Assembly finds that the adoption of rules to implement this amendatory Act of the 93rd General Assembly is deemed an emergency and necessary for the public interest, safety, and welfare.

PUBLIC ACT 93-0660
(Senate Bill No. 0867)

AN ACT in relation to the State Comptroller.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Budget Stabilization Act.

Section 5. Budget Stabilization Fund. The Budget Stabilization Fund is a special fund in the State treasury established for the purpose of reducing the need for future tax increases, maintaining the highest possible bond rating, reducing the need for short term borrowing, providing available resources to meet State obligations whenever casual deficits or failures in revenue occur, and providing the means of addressing budgetary shortfalls. In authorizing transfers from the Budget Stabilization Fund, whenever possible,
priority consideration should be given to meeting obligations for secondary and elementary education, child care, and other programs that may provide a direct benefit to children.

Section 10. Budget limitations.

(a) In addition to Section 50-5 of the State Budget Law of the Civil Administrative Code of Illinois, the General Assembly's appropriations and transfers or diversions as required by law from general funds shall not exceed 99.5% of the estimated general funds revenues for the fiscal year when revenue estimates of the State's general funds revenues exceed the prior fiscal year's estimated general funds revenues by more than 4%.

(b) The General Assembly's appropriations and transfers or diversions as required by law from general funds shall not exceed 99% of the estimated general funds revenues for the fiscal year when revenue estimates of the State's general funds revenues exceed the prior fiscal year's estimated general funds revenues by more than 4% for 2 or more consecutive fiscal years.

(c) For the purpose of this Act, "estimated general funds revenues" include, for each budget year, all taxes, fees, and other revenues expected to be deposited into the State's general funds, including recurring transfers from other State funds into the general funds.

Year-over-year comparisons used to determine the percentage growth factor of estimated general funds revenues shall exclude the sum of the following: (i) expected revenues resulting from new taxes or fees or from tax or fee increases during the first year of the change, (ii) expected revenues resulting from one-time receipts or non-recurring transfers in, (iii) expected proceeds resulting from borrowing, and (iv) increases in federal grants that must be completely appropriated based on the terms of the grants.

Section 15. Transfers to Budget Stabilization Fund. In furtherance of the State's objective for the Budget Stabilization Fund to have resources representing 5% of the State's annual general funds revenues:

(a) For each fiscal year when the General Assembly's appropriations and transfers or diversions as required by law from general funds do not exceed 99.5% of the estimated general funds revenues pursuant to subsection (a) of Section 10, the Comptroller shall transfer from the General Revenue Fund as provided by this Section a total amount equal to .5% of the estimated general funds revenues to the Budget Stabilization Fund.

(b) For each fiscal year when the General Assembly's appropriations and transfers or diversions as required by law from general funds do not exceed 99% of the estimated general funds revenues pursuant to subsection (b) of Section 10, the Comptroller shall transfer from the General Revenue Fund as provided by this Section a total amount equal to 1% of the estimated general funds revenues to the Budget Stabilization Fund.

(c) The Comptroller shall transfer 1/12 of the total amount to be transferred each fiscal year under this Section into the Budget Stabilization Fund on the first day of each month of that fiscal year or as soon thereafter as possible. The balance of the Budget

New matter indicated by italics - deletions by strikeout
Stabilization Fund shall not exceed 5% of the total of general funds revenues estimated for that fiscal year except as provided by subsection (d) of this Section.

(d) If the balance of the Budget Stabilization Fund exceeds 5% of the total general funds revenues estimated for that fiscal year, the additional transfers are not required unless there are outstanding liabilities under Section 25 of the State Finance Act from prior fiscal years. If there are such outstanding Section 25 liabilities, then the Comptroller shall continue to transfer 1/12 of the total amount identified for transfer to the Budget Stabilization Fund on the first day of each month of that fiscal year or as soon thereafter as possible to be reserved for those Section 25 liabilities. Nothing in this Act prohibits the General Assembly from appropriating additional moneys into the Budget Stabilization Fund.

(e) On or before August 31 of each fiscal year, the amount determined to be transferred to the Budget Stabilization Fund shall be reconciled to actual general funds revenues for that fiscal year. The final transfer for each fiscal year shall be adjusted so that the amount transferred is equal to the percentage specified in subsection (a) or (b) of Section 10 of this Act, as applicable, based on actual general funds revenues calculated consistently with subsection (c) of Section 10 of this Act for each fiscal year.

(f) For the fiscal year beginning July 1, 2006 and for each fiscal year thereafter, the budget proposal to the General Assembly shall identify liabilities incurred in a prior fiscal year under Section 25 of the State Finance Act and the budget proposal shall provide funding as allowable pursuant to subsection (d) of this Section, if applicable.

Section 90. The State Finance Act is amended by changing Section 6z-51 as follows:

(30 ILCS 105/6z-51)
Sec. 6z-51. Budget Stabilization Fund.
(a) The Budget Stabilization Fund, a special fund in the State Treasury, shall consist of moneys appropriated or transferred to that Fund, as provided in Section 6z-43 and as otherwise provided by law. All earnings on Budget Stabilization Fund investments shall be deposited into that Fund.

(b) The State Comptroller may direct the State Treasurer to transfer moneys from the Budget Stabilization Fund to the General Revenue Fund in order to meet 
cash flow deficits resulting from timing variations between disbursements and the receipt of funds within a fiscal year. Any moneys so borrowed shall be repaid by June 30 of the fiscal year in which they were borrowed.

Section 5. The School Code is amended by adding Section 2-3.25o as follows:

(105 ILCS 5/2-3.25o new)
Sec. 2-3.25o. Registration and recognition of non-public elementary and secondary schools.

(a) Findings. The General Assembly finds and declares (i) that the Constitution of the State of Illinois provides that a "fundamental goal of the People of the State is the educational development of all persons to the limits of their capacities" and (ii) that the educational development of every school student serves the public purposes of the State. In order to ensure that all Illinois students and teachers have the opportunity to enroll and work in State-approved educational institutions and programs, the State Board of Education shall provide for the voluntary registration and recognition of non-public elementary and secondary schools.

(b) Registration. All non-public elementary and secondary schools in the State of Illinois may voluntarily register with the State Board of Education on an annual basis. Registration shall be completed in conformance with procedures prescribed by the State Board of Education. Information required for registration shall include assurances of compliance (i) with federal and State laws regarding health examination and immunization, attendance, length of term, and nondiscrimination and (ii) with applicable fire and health safety requirements.

(c) Recognition. All non-public elementary and secondary schools in the State of Illinois may voluntarily seek the status of "Non-public School Recognition" from the State Board of Education. This status may be obtained by compliance with administrative guidelines and review procedures as prescribed by the State Board of Education. The guidelines and procedures must recognize that some of the aims and the financial bases of non-public schools are different from public schools and will not be identical to those for public schools, nor will they be more burdensome. The guidelines and procedures must also recognize the diversity of non-public schools and shall not impinge upon the noneducational relationships between those schools and their clientele.

(d) Public purposes. The provisions of this Section are in the public interest, for the public benefit, and serve secular public purposes.

(e) Definition. For purposes of this Section, a non-public school means any non-profit, non-home-based, and non-public elementary or secondary school that is in compliance with Title VI of the Civil Rights Act of 1964 and attendance at which satisfies the requirements of Section 26-1 of this Code.

Sec. 50-5. Governor to submit State budget. Expenditure estimates for the budgeted funds included in the State budget shall include the costs to be incurred by the State for the budgeted year, to be paid in the next fiscal year, excluding costs paid in the budgeted year which were carried over from the prior year, where the payment is authorized by Section 25 of the State Finance Act. For any budgeted fund for which expenditures are expected to exceed revenues in the current fiscal year, the deficit shall be considered as a use of funds in the budgeted fiscal year.

Revenues and expenditures shall also include transfers between funds that are based on revenues received or costs incurred during the budget year.

By March 15 of each year, the Economic and Fiscal Commission shall prepare revenue and fund transfer estimates in accordance with the requirements of this Section and report those estimates to the General Assembly and the Governor.

AN ACT relating to schools.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The School Code is amended by changing Section 29-5 as follows:
(105 ILCS 5/29-5) (from Ch. 122, par. 29-5)
Sec. 29-5. Reimbursement by State for transportation. Any school district, maintaining a school, transporting resident pupils to another school district's vocational program, offered through a joint agreement approved by the State Board of Education, as

provided in Section 10-22.22 or transporting its resident pupils to a school which meets the standards for recognition as established by the State Board of Education which provides transportation meeting the standards of safety, comfort, convenience, efficiency and operation prescribed by the State Board of Education for resident pupils in kindergarten or any of grades 1 through 12 who: (a) reside at least 1 1/2 miles as measured by the customary route of travel, from the school attended; or (b) reside in areas where conditions are such that walking constitutes a hazard to the safety of the child when determined under Section 29-3; and (c) are transported to the school attended from pick-up points at the beginning of the school day and back again at the close of the school day or transported to and from their assigned attendance centers during the school day, shall be reimbursed by the State as hereinafter provided in this Section.

The State will pay the cost of transporting eligible pupils less the assessed valuation in a dual school district maintaining secondary grades 9 to 12 inclusive times a qualifying rate of .05%; in elementary school districts maintaining grades K to 8 times a qualifying rate of .06%; in unit districts maintaining grades K to 12 times a qualifying rate of .07%. To be eligible to receive reimbursement in excess of 4/5 of the cost to transport eligible pupils, a school district shall have a Transportation Fund tax rate of at least .12%. If a school district does not have a .12% Transportation Fund tax rate, the amount of its claim in excess of 4/5 of the cost of transporting pupils shall be reduced by the sum arrived at by subtracting the Transportation Fund tax rate from .12% and multiplying that amount by the districts equalized or assessed valuation, provided, that in no case shall said reduction result in reimbursement of less than 4/5 of the cost to transport eligible pupils.

The minimum amount to be received by a district is $16 times the number of eligible pupils transported.

Any such district transporting resident pupils during the school day to an area vocational school or another school district's vocational program more than 1 1/2 miles from the school attended, as provided in Sections 10-22.20a and 10-22.22, shall be reimbursed by the State for 4/5 of the cost of transporting eligible pupils.

School day means that period of time which the pupil is required to be in attendance for instructional purposes.

If a pupil is at a location within the school district other than his residence for child care purposes at the time for transportation to school, that location may be considered for purposes of determining the 1 1/2 miles from the school attended.

Claims for reimbursement that include children who attend any school other than a public school shall show the number of such children transported.

Claims for reimbursement under this Section shall not be paid for the transportation of pupils for whom transportation costs are claimed for payment under other Sections of this Act.

New matter indicated by italics - deletions by strikeout
The allowable direct cost of transporting pupils for regular, vocational, and special education pupil transportation shall be limited to the sum of the cost of physical examinations required for employment as a school bus driver; the salaries of full or part-time drivers and school bus maintenance personnel; employee benefits excluding Illinois municipal retirement payments, social security payments, unemployment insurance payments and workers' compensation insurance premiums; expenditures to independent carriers who operate school buses; payments to other school districts for pupil transportation services; pre-approved contractual expenditures for computerized bus scheduling; the cost of gasoline, oil, tires, and other supplies necessary for the operation of school buses; the cost of converting buses' gasoline engines to more fuel efficient engines or to engines which use alternative energy sources; the cost of travel to meetings and workshops conducted by the regional superintendent or the State Superintendent of Education pursuant to the standards established by the Secretary of State under Section 6-106 of the Illinois Vehicle Code to improve the driving skills of school bus drivers; the cost of maintenance of school buses including parts and materials used; expenditures for leasing transportation vehicles, except interest and service charges; the cost of insurance and licenses for transportation vehicles; expenditures for the rental of transportation equipment; plus a depreciation allowance of 20% for 5 years for school buses and vehicles approved for transporting pupils to and from school and a depreciation allowance of 10% for 10 years for other transportation equipment so used. Each school year, if a school district has made expenditures to the Regional Transportation Authority or any of its service boards, a mass transit district, or an urban transportation district under an intergovernmental agreement with the district to provide for the transportation of pupils and if the public transit carrier received direct payment for services or passes from a school district within its service area during the 2000-2001 school year, then the allowable direct cost of transporting pupils for regular, vocational, and special education pupil transportation shall also include the expenditures that the district has made to the public transit carrier. In addition to the above allowable costs school districts shall also claim all transportation supervisory salary costs, including Illinois municipal retirement payments, and all transportation related building and building maintenance costs without limitation.

Special education allowable costs shall also include expenditures for the salaries of attendants or aides for that portion of the time they assist special education pupils while in transit and expenditures for parents and public carriers for transporting special education pupils when pre-approved by the State Superintendent of Education.

Indirect costs shall be included in the reimbursement claim for districts which own and operate their own school buses. Such indirect costs shall include administrative costs, or any costs attributable to transporting pupils from their attendance centers to another school building for instructional purposes. No school district which owns and operates its
own school buses may claim reimbursement for indirect costs which exceed 5% of the total allowable direct costs for pupil transportation.

The State Board of Education shall prescribe uniform regulations for determining the above standards and shall prescribe forms of cost accounting and standards of determining reasonable depreciation. Such depreciation shall include the cost of equipping school buses with the safety features required by law or by the rules, regulations and standards promulgated by the State Board of Education, and the Department of Transportation for the safety and construction of school buses provided, however, any equipment cost reimbursed by the Department of Transportation for equipping school buses with such safety equipment shall be deducted from the allowable cost in the computation of reimbursement under this Section in the same percentage as the cost of the equipment is depreciated.

On or before July 10, annually, the chief school administrator for the district shall certify to the regional superintendent of schools upon forms prescribed by the State Superintendent of Education the district's claim for reimbursement for the school year ended on June 30 next preceding. The regional superintendent of schools shall check all transportation claims to ascertain compliance with the prescribed standards and upon his approval shall certify not later than July 25 to the State Superintendent of Education the regional report of claims for reimbursements. The State Superintendent of Education shall check and approve the claims and prepare the vouchers showing the amounts due for district reimbursement claims. Beginning with the 1977 fiscal year, the State Superintendent of Education shall prepare and transmit the first 3 vouchers to the Comptroller on the 30th day of September, December and March, respectively, and the final voucher, no later than June 15.

If the amount appropriated for transportation reimbursement is insufficient to fund total claims for any fiscal year, the State Board of Education shall reduce each school district's allowable costs and flat grant amount proportionately to make total adjusted claims equal the total amount appropriated.

For purposes of calculating claims for reimbursement under this Section for any school year beginning July 1, 1998, or thereafter, the equalized assessed valuation for a school district used to compute reimbursement shall be computed in the same manner as it is computed under paragraph (2) of subsection (G) of Section 18-8.05.

All reimbursements received from the State shall be deposited into the district's transportation fund or into the fund from which the allowable expenditures were made.

Notwithstanding any other provision of law, any school district receiving a payment under this Section or under Section 14-7.02, 14-7.02a, or 14-13.01 of this Code may classify all or a portion of the funds that it receives in a particular fiscal year or from general State aid pursuant to Section 18-8.05 of this Code as funds received in connection

with any funding program for which it is entitled to receive funds from the State in that fiscal year (including, without limitation, any funding program referenced in this Section), regardless of the source or timing of the receipt. The district may not classify more funds as funds received in connection with the funding program than the district is entitled to receive in that fiscal year for that program. Any classification by a district must be made by a resolution of its board of education. The resolution must identify the amount of any payments or general State aid to be classified under this paragraph and must specify the funding program to which the funds are to be treated as received in connection therewith. All hiring and promotion are frozen. There will be no exceptions to this Executive Order without the express written permission of my office after submission of appropriate requests to my office. This Executive Order shall be effective immediately.

Issued by the Governor January 14, 2003.
Filed by the Secretary of State January 14, 2003.

EXECUTIVE ORDER MANDATING A FREEZE ON THE ACQUISITION OF STATE MOTOR VEHICLES AND THE IMPLEMENTATION OF A COMPREHENSIVE REVIEW OF POTENTIAL COST SAVINGS ASSOCIATED WITH STATE MOTOR VEHICLES

WHEREAS, the State of Illinois is firmly committed to preserving the State’s economic resources and regularly examining the State’s assets and expenditures;

WHEREAS, the necessity for such fiscal responsibility is particularly acute at this time given the State’s current budget deficit;

WHEREAS, the State expends significant resources acquiring, maintaining and operating a motor vehicle inventory of more than 13,000 State-owned motor vehicles;

WHEREAS, present circumstances warrant an examination of whether the State might currently own a surplus of motor vehicles and whether the State might utilize its motor vehicle fleet more cost effectively; and

WHEREAS, each agency is in a position to review and report the status of State-owned motor vehicles, as well each agency’s current need for those motor vehicles, and the Department of Central Management Services is in a position to assist the State by reviewing and making recommendations regarding the State’s motor vehicle fleet.

THEREFORE, I, Rod R. Blagojevich, Governor of Illinois, do hereby order the following immediate motor vehicle acquisition freeze and the following comprehensive review by each agency, department, bureau, office, board and commission under my jurisdiction, direction or control (which agencies, departments, bureaus, offices, boards and commissions are hereinafter individually referred to as an “agency,” and collectively referred to as “agencies”):
1. MOTOR VEHICLE ACQUISITION FREEZE: Effective immediately and continuing until such time as this Executive Order is revoked or superceded, each agency shall: (i) refrain from placing any order for, or entering into any agreement for, the purchase, lease or other acquisition of, any motor vehicle; and (ii) prior to the close of business on January 31, 2003, (a) identify each motor vehicle ordered by or for such agency that has not yet been delivered to such agency, which order might be canceled without the imposition of any penalty or other cost to the State, and (b) cancel each such cancelable motor vehicle order if it is in the best financial interests of the State to do so (it being understood that notice of any decision to not cancel such motor vehicle order shall be provided to the Governor's Office for my approval prior to such decision being finalized). The provisions of this Paragraph 1 shall apply to automobiles, cars, vans, mini-vans, limousines, sport utility vehicles, light trucks (including pick-up trucks) and any other motor vehicles designed primarily to transport people (each of the foregoing are hereinafter individually referred to in this Executive Order as a “motor vehicle,” and collectively referred to as “motor vehicles”), but shall not apply to any state police patrol car, ambulance, fire fighting, other emergency services vehicle, road clearing or road maintenance vehicle which in each case is necessary to assure the health, safety, defense and well-being of Illinois residents and visitors. There will be no exceptions to this Executive Order without any express written permission of my office after submission of appropriate requests to my office.

2. EXECUTIVE AGENCY REVIEW/REPORT: Each agency shall, within sixty (60) days after the effective date of this Executive Order, prepare and deliver to the Governor's Office, a thorough and comprehensive review of each motor vehicle utilized by such agency (including any official or employee thereof), and a report containing: (i) an inventory of each such motor vehicle, including its make, model and year; (ii) an examination of the need for each such motor vehicle; (iii) an identification of each motor vehicle that has been assigned by or to that agency, including the job title and classification of the position to whom such motor vehicle has been assigned and the purported reasons that a motor vehicle is necessary to be provided to a person holding a position with such job title and classification; (iv) an identification of the current location and use of each motor vehicle assigned or previously assigned to any official or employee of such agency who retired or otherwise withdrew from such agency during the one year period.
prior to the effective date of this Executive Order; (v) a proposal by such agency to reduce the number of motor vehicles utilized by it; and (vi) any other proposals by said agency to reduce the costs to the State of acquiring, maintaining and operating motor vehicles utilized by said agency.

3. **FLEET MANAGEMENT STUDY:** The Director of the Department of Central Management Services (for purposes of this Paragraph, the “Director”) shall, within 30 days after completion of the review contemplated by Paragraph 2 of this Executive Order, prepare and deliver to the Governor's Office, a thorough and comprehensive motor vehicle fleet management study, which shall include: (i) an analysis of the agency reports described in Paragraph 2 above; (ii) an analysis comparing the cost of motor vehicle leasing versus motor vehicle ownership and other potential means of reducing the costs to acquire, maintain and operate State motor vehicles; (iii) a proposal of guidelines or other recommendations for immediately determining an appropriate number and assignment of motor vehicles in the agencies; (iv) a proposal or other recommendation for disposing of motor vehicles, which the Director believes warrant disposal, and for maximizing the prices paid to the State for motor vehicles being sold or otherwise disposed of by the State; (v) a proposal or other recommendation of means by which agencies can reduce the number of State motor vehicles (such as increased use of video or teleconferencing) and by which such agencies can work to increase the fuel efficiency of agency motor vehicles; (vi) a proposal or other recommendation regarding uniform license plate identification (e.g., license plates starting with the letter “U”) or other means of ready identification of State owned motor vehicles (other than law enforcement or other motor vehicles for which such identification would be inappropriate); (vii) a proposal or other recommendation for the implementation of means to research and promote the cost effective use of alternative fuels in State owned motor vehicles; including particularly those utilizing Illinois agricultural products; and (viii) a proposal or other recommendation as to how, on an on-going basis, to reduce the size of the State’s motor vehicle fleet, to implement cost-effective motor vehicle acquisition and disposition practices and to effect other on-going cost savings relating to the State’s motor vehicle fleet.

4. **EFFECTIVE DATE:** This Executive Order shall be in full force and effect upon its filing with the Secretary of State.
WHEREAS, it is critically important that State officers, employees and appointees discharge their duties and responsibilities in a lawful and ethical manner; and

WHEREAS, there is no office in the Executive Branch charged with the comprehensive responsibility of receiving and investigating complaints of violations of any law, rule or regulation or abuse of authority or other forms of misconduct by officers, employees and appointees of each department, office, board or commission (hereinafter called “agency”) directly responsible to the Governor; and

These agencies may be temporarily reorganized or reconstituted, if necessary, under the Department of Central Management Services or another appropriate agency to facilitate the termination of their administration. In connection with winding up the affairs of the terminated agencies, the Director of Central Management Services shall determine whether consolidation of any functions of the terminated agencies with another agency is appropriate.

II. Affected Entities and Corresponding Enabling Authorities:
The entities listed in this Part II are abolished. The rights, powers, duties, and functions vested by law in these entities, or any office, division, council, committee, bureau, board, commission, officer, employee, or associated individual, person, or entity by the following Executive Orders, Acts, or Sections of the Acts, and all rights, powers,

III. Savings Clause:
A. The rights, powers, duties, and functions of the entities abolished by this Executive Order shall be vested in and shall continue to be exercised by the Department of Central Management Services or another appropriate agency to the extent necessary to effectuate the termination or winding up of affected administrative affairs. Each act done in the exercise of these rights, powers, and duties shall have the same legal effect as if done by the former agencies, and by the officers and employees of those agencies.
B. Every person shall be subject to the same obligations and duties and to the associated penalties, if any, and shall have the same rights arising from the exercise of these obligations and duties as if exercised subject to the former agency or the officers and employees of that agency.

D. This Executive Order shall not affect any act undertaken, ratified or cancelled or any right occurring or established or any action or proceeding commenced in an administrative, civil, or criminal case before this Executive Order takes effect, but these actions or proceedings may be prosecuted and continued by the Department of Central Management Services in cooperation with another agency, if necessary.
E. This Executive Order shall not affect the legality of any rules in the Illinois Administrative Code that are in force on the effective date of this
Executive Order, which rules have been duly adopted by the pertinent agencies. If necessary, however, the affected agencies shall propose, adopt, or repeal rules, rule amendments, and rule recodifications as appropriate to effectuate this Executive Order. These rule modifications shall coincide with, if applicable, the termination and winding up of the abolished agencies’ affairs.

F. Whenever any provision of any previous Executive Order or any Act provides for membership of an individual (or a designee) from an agency abolished by this Executive Order on any board, commission, authority, or other entity, the Director of Central Management Services, the head of another appropriate agency, or a Director’s designee shall serve in that place, if necessary. If more than one such agency member is required by law to serve on any board, commission, authority, or other entity, then an equivalent number of representatives of the Department of Central Management Services or another appropriate agency shall so serve, if necessary.

G. Any employees of agencies abolished by this Executive Order are transferred to the Department of Central Management Services or to another appropriate agency as determined by the Director of Central Management Services. All employees engaged in the performance of a function or in the administration of a law transferred by this Executive Order are transferred to the Department of Central Management Services. Personnel exercising rights, power, and duties in the abolished agencies are now transferred to the Department of Central Management Services. The rights of the employees, the State, and the transferring agencies under the Personnel Code or any collective bargaining agreement, or under any pension, retirement, or annuity plan, shall not be affected by this Executive Order. Personnel employed by the abolished agencies to perform functions that are not clearly classifiable within the areas referred to in this Executive Order shall be assigned and transferred to appropriate departments by the Director of Central Management Services.

H. All personnel records, documents, books, correspondence, papers, real and personal property, and other associated items in any way pertaining to the rights, powers, duties, and functions of the abolished agencies shall be delivered and transferred to the Department of Central Management Services, another appropriate agency, or the State Archives.

J. The unexpended balances of any appropriations or funds, grants,
donations, or other moneys available for use by the abolished agencies shall be transferred to the Department of Central Management Services or other appropriate agency and shall be expended for similar purposes for which the appropriations, funds, grants, or other moneys were originally made or given to those entities. If those purposes are no longer feasible, then the remaining balances shall be deposited into the General Revenue Fund.

IV. Severability:

If any provisions of this Executive Order or its application to any person or circumstance is held invalid, then the invalidity of that provision or application does not affect other provisions or applications of this Executive Order that can be given effect without the invalid provision or application.

V. Filing:

This Executive Order shall be filed with the Clerk of the House of Representatives and the Secretary of the Senate. In addition, this Executive Order shall be filed with (i) the Secretary of State for publishing in the Illinois Register and (ii) the Legislative Reference Bureau for preparation of a revisory bill effectuating these provisions.

VI. Further action:

The abolishment of these entities does not foreclose further action in that the Governor may review additional executive entities for abolishment and effectuate that abolishment by Executive Order.

VII. Effective Date:

With respect to the agencies identified in Items F and K of Section II hereof, this Executive Order is effective immediately. With respect to the remaining agencies identified in Section II hereof, this Executive Order is effective 60 days after delivery to the General Assembly, which delivery is executed by filing copies of the document with the Clerk of the House of Representatives and the Secretary of the Senate.

2003-8
EXECUTIVE ORDER ON COLLECTIVE BARGAINING BY PERSONAL CARE ASSISTANTS

WHEREAS, personal care assistants (“personal assistants”) provide service to Illinois citizens in need (“recipients”) as part of the Home Services Program under 20 ILCS 2405/3 and 89 Ill.Admin.Code section 676.10, et seq.; and

WHEREAS, in State of Illinois (Departments of Central Management Services & Rehabilitation Services), 2 PERI 2006 at 35 (1985), the State Labor Relations Board found that personal assistants are in a “unique” employment relationship and that the State was not “their ‘employer’ or, at least, their sole employer” under the Illinois Public
Labor Relations Act, 5 ILCS 315/1 et seq., and the Board therefore held that it lacked jurisdiction over the relationship between the State and the personal assistants; and

WHEREAS, the decision in State of Illinois left the Executive Branch with discretion over the organization of its relationship with personal assistants; and

WHEREAS, it is important to preserve the recipients’ control over the hiring, in-home supervision, and termination of personal assistants and, simultaneously, preserve the State’s ability to ensure efficient and effective delivery of personal care services and control the economic terms of the personal assistants’ employment under the Homes Services Program; and

WHEREAS, each recipient employs only one or two personal assistants and does not control the economic terms of their employment under the Homes Services Program and therefore cannot effectively address concerns common to all personal assistants; and

WHEREAS, the personal assistants work in the homes of recipients throughout Illinois and therefore cannot effectively voice their concerns about the organization of the Home Services program, their role in the program, or the terms and conditions of their employment under the Program without representation; and

WHEREAS, it is essential for the State to receive feedback from the personal assistants in order to effectively and efficiently deliver home services; and

WHEREAS, personal assistants are not State employees for purposes of eligibility to receive statutorily mandated benefits because the State does not hire, supervise or terminate the personal assistants; and

WHEREAS, the State has productively dealt with a representative of the personal assistants on an informal basis, and a system of collective bargaining has successfully been implemented with respect to similarly situated workers in other states.

THEREFORE, I hereby order the following:

I. The State shall recognize a representative designated by a majority of the personal assistants as the exclusive representative of all personal assistants, accord said representative all the rights and duties granted such representatives by the Illinois Public Labor Relations Act, 5 ILCS 315/1 et seq., and engage in collective bargaining with said representative concerning all terms and conditions of employment of personal assistants working under the Homes Services Program that are within the State’s control.

II. This Executive Order is not intended to and will not in any way alter the “unique” employment arrangement of personal assistants and recipients, nor will it in any way diminish the recipients’ control over the hiring, in-home supervision, and termination of personal assistants within the limits established by the Home Services Program.

This Executive Order 2003-8 shall take effect upon filing with the Secretary of State.

Issued by the Governor March 04, 2003.

Filed by the Secretary of State March 10, 2003.
WHEREAS, Article V, Section 11 of the Constitution of the State of Illinois, as implemented by the Executive Reorganization Implementation Act, 15 ILCS 15/1, authorizes the Governor, by executive order, to reorganize agencies directly responsible to the Governor by (a) the transfer of the whole or any part of any agency, or of the whole or any part of the functions thereof, to the jurisdiction and control of any other agency, (b) the consolidation or coordination of the whole or any part of any other agency, or of the whole or any part of the functions thereof, with the whole or any part of any other agency or the functions thereof, (c) the consolidation or coordination of any part of any agency or the functions thereof with any other part of the same agency or the functions thereof, (d) the abolition of the whole or any part of any agency which does not have, or upon the taking effect of such reorganization will not have, any functions, and (e) the establishment of a new agency to perform all or any part of the functions of an existing agency or agencies; and

WHEREAS, there are a number of existing executive agencies directly responsible to the Governor which have rights, powers, duties and responsibilities that involve, in significant part, the collection of proceeds, charges and other forms of revenue to the State of Illinois. Streamlining and consolidating the functions of certain of these agencies in a single agency offers the opportunity to realize significant cost savings, eliminate redundancy and simplify the organizational structure of the Executive Branch, improve accessibility and accountability, provide more efficient use of specialized expertise and facilities, reduce administrative support, and promote more effective sharing of best practices and state of the art technology, among other things; and

WHEREAS, the foregoing benefits can be achieved by transferring the functions of the Department of the Lottery to the Department of Revenue and then abolishing the Department of the Lottery, and by reassigning the Liquor Control Commission and the Illinois Racing Board to the Department of Revenue;

THEREFORE, pursuant to the powers vested in me by Article V, Section 11 of the Illinois Constitution, I hereby order:
I. TRANSFER

If more than one such commissioner/director is required by law to serve on any council, commission, board or other entity, an equivalent number of representatives of the Department of Revenue shall so serve.

C. The Illinois Liquor Control Commission and all the rights, powers and duties by law vested in the Illinois Liquor Control Commission, including the power to appoint investigators and hearing officers, are retained under the Commission except that clerks, other management and staff support or employees, and other resources necessary for the operation of the Liquor Control Commission shall be provided by the Department of Revenue. Services performed related to the oversight of the control, sale or disposition of alcoholic liquor will be under the supervision of the executive director of the Commission and the Commission. The secretary and the executive director of the Commission shall be appointed by the Governor. D. The Illinois Racing Board and all the rights, powers and duties by law vested in the Illinois Racing Board, including the power to appoint a director of mutuels and investigators, are retained under the Board except that state veterinarians and representatives, licensing personnel, state seasonal employees, other management and staff support or employees, and other resources necessary for the operation of the Illinois Racing Board shall be provided by the Department of Revenue. Services performed related to the oversight of the Illinois horse racing industry will be under the supervision of the executive director of the Board and the Board. The executive director of the Board shall be appointed by the Governor. The statutory powers, duties, rights and responsibilities of the Illinois Racing Board derive from the Illinois Horse Racing Act of 1975, 230 ILCS 5/1 et seq.

II. EFFECT OF TRANSFER

The secretary and the executive director of the Commission shall be appointed by the Governor.

D. The powers, duties, rights and responsibilities vested in the Illinois Racing Board shall not be affected by this Executive Order, except that state veterinarians and representatives, licensing personnel, state seasonal employees, other management and staff support or employees or other resources necessary to the operation of the Illinois Racing Board shall be provided by the Department of Revenue. Services performed related to the oversight of the Illinois horse racing industry will be under the supervision of the executive director of the Board and the Board. The executive director of the Board shall be appointed by the Governor.

E. The rights of the employees, the State and its agencies under the Personnel Code and applicable collective bargaining agreements or under any pension, retirement or annuity plan shall not be affected by this Executive Order. F. Any rules of the Department of the Lottery that are in full force on the effective date of this Executive Order and that have been duly adopted by the Department of the Lottery shall become the rules of the Department of Revenue. 2003-10
EXECUTIVE ORDER TO CONSOLIDATE FACILITIES MANAGEMENT, INTERNAL AUDITING AND STAFF LEGAL FUNCTIONS

WHEREAS, there is a need to increase efficiency and produce cost savings in the administration of state government; and

WHEREAS, there is currently no statewide agency coordinating certain common functions, such as real estate management, auditing and legal services; and

WHEREAS, the lack of coordination in managing facilities of the state results in leases and contracts on facilities that are overly expensive, and

WHEREAS, there are no statewide policies or procedures that coordinate the facilities management of differing agencies and thus no guarantee that facilities are being
managed efficiently or effectively; and

WHEREAS, agencies are using different standards and procedures for internal audits, resulting in the inability of agencies to share management knowledge and gain efficiencies; and

WHEREAS, there is a need for a statewide risk management structure for effective management control, proactive risk management, governance and ongoing business process improvement; and

WHEREAS, redundancy in legal functions across state agencies has led to inefficiencies in time for attorneys; and

WHEREAS, consolidating facilities management would, among other things, provide major cost savings to the State by allowing the State to take advantage of economies of scale and organize lease arrangements; and

WHEREAS, consolidating internal auditing functions would, among other things, allow the State to invest in “state of the art” auditing techniques, aid management in identifying solutions, reduce the need for administrative support, and allow for more efficient use of specialized expertise; and

WHEREAS, consolidating staff legal functions would, among other things, result in significant cost savings, higher quality legal work as attorneys are able to specialize, decreased litigation, and less costly legal contracts with outside counsel; and

WHEREAS, Article V, Section 11 of the Constitution of the State of Illinois authorizes the Governor to reassign functions among or reorganize executive agencies, which are directly responsible to him by means of an executive order; and

WHEREAS, Section 3.2 of the Executive Reorganization Implementation Act, 15 ILCS 15/3.2, provides that "Reorganization" includes the "transfer of . . . Functions" from one agency to another; and

THEREFORE, I hereby order:

If necessary, however, the affected agencies shall propose, adopt, or repeal rules, rule amendments, and rule recodifications as appropriate to effectuate this Executive Order.

IV. SEVERABILITY

If any provision of this Executive Order or its application to any person or circumstance is held invalid by any court of competent jurisdiction, this invalidity does not affect any other provision or application of this Executive Order which can be given effect without the invalid provision or application. Executive Order to Transfer Functions of the Department of Nuclear Safety to the Illinois Emergency Management Agency

WHEREAS, nuclear power generates a significant amount of electricity and is essential to the industry and economy of Illinois; and

WHEREAS, the threat of terrorist attacks in the United States is real, as witnessed by the events of September 11, 2001. The unfortunate threat of terrorism places nuclear facilities potentially at risk; and

WHEREAS, Illinois’ preparedness to respond to terrorist attacks is a priority of
the highest magnitude for the State; and

WHEREAS, any emergency response to a terrorist threat or other potential disaster involving nuclear power facilities necessitates centralized coordination and communication among various entities at the State level; and

WHEREAS, there are a number of existing executive agencies directly responsible to the Governor which have rights, powers, duties and responsibilities that involve, in significant part, the preparedness for and response to emergencies involving nuclear facilities and power. Streamlining and consolidating the functions of certain of these agencies in a single agency enables the State to realize more efficient communication and use of informational resources, and to provide more efficient use of specialized expertise and facilities. Consolidation also improves accessibility and accountability, eliminates redundancy, and simplifies the organizational structure of the Executive Branch, promoting more effective sharing of best practices and state of the art technology, among other things; and

WHEREAS, Article V, Section 11 of the Constitution of the State of Illinois, as implemented by the Executive Reorganization Implementation Act, 15 ILCS 15/1, authorizes the Governor, by executive order, to reorganize agencies directly responsible to the Governor by (a) the transfer of the whole or any part of any agency, or of the whole or any part of the functions thereof, to the jurisdiction and control of any other agency, (b) the consolidation or coordination of the whole or any part of any other agency, or of the whole or any part of the functions thereof, with the whole or any part of any other agency or the functions thereof, (c) the consolidation or coordination of any part of any agency or the functions thereof with any other part of the same agency or the functions thereof, (d) the abolition of the whole or any part of any agency which does not have, or upon the taking effect of such reorganization will not have, any functions, and (e) the establishment of a new agency to perform all or any part of the functions of an existing agency or agencies; and

WHEREAS, the foregoing benefits can be achieved by transferring the functions of the Department of Nuclear Safety to the Illinois Emergency Management Agency and then abolishing the Department of Nuclear Safety.

THEREFORE, pursuant to the powers vested in me by Article V, Section 11 of the Illinois Constitution, I hereby order the following:

I. TRANSFER
A. All the powers, duties, rights and responsibilities vested in the Department of Nuclear Safety shall be transferred to the Illinois Emergency Management Agency, effective July 1, 2003. C. Every officer of the Illinois Emergency Management Agency shall, for any offense, be subject to the same penalty or penalties, civil or criminal,
as are prescribed by existing law for the same offense by any officer whose powers or duties were transferred under this Executive Order.

The Governor may also invite and appoint representatives from the Illinois Institute for Rural Affairs of Western Illinois University; and the United States Departments of Housing and Urban Development and Agriculture. The Illinois General Assembly Speaker of the House of Representatives, the President of the Senate, and the minority leaders of the House of Representatives and the Senate may each appoint one representative to the Task Force. The Governor may appoint up to eighteen (18) housing experts to the Task Force, with proportional representation from urban, suburban and rural areas throughout the State. The Task Force shall be chaired by the Executive Director of the Illinois Housing Development Authority and shall be vice-chaired by a housing expert not from the government sector. The Task Force shall ensure that the Annual Comprehensive Housing Plan as adopted coordinates all housing policies within each State agency represented on the Task Force. The Task Force shall ensure that the Annual Comprehensive Housing Plan shall include, but not be limited to:

(1) Goals for the number and type of housing units to be constructed, preserved or rehabilitated each year for the underserved populations identified in Section I of this Order, based on available housing resources.
(2) Funding recommendations for housing construction, preservation, rehabilitation, and supportive services where necessary, related to the underserved populations identified in Section I of this Order, based on the Annual Comprehensive Housing Plan.
(3) Recommended State actions that promote the construction, preservation, and rehabilitation of affordable housing by private sector, not-for-profit, and government entities and address those practices that impede its

(b) The Task Force shall complete the Annual Comprehensive Housing Plan by December 31st of each year the Task Force is in existence and shall deliver the plan to the Governor and the General Assembly on that date or the first business day thereafter. Because of time constraints, the Annual Comprehensive Housing Plan formulated for the year 2004 will be modeled after the State’s 2004 Consolidated Plan (the “Consolidated Plan”) as required by United States Department of Housing and Urban Development (“HUD”). The Consolidated Plan is being filed with HUD in November of 2003 and will incorporate the various priorities set forth herein.

(c) The Task Force shall report on April 1st of each year the Task Force is in existence to the Governor and the General Assembly on progress made toward achieving the projected goals of the Annual Comprehensive Housing Plan during the previous 12 months and from the effective date of this Order.

(d) The Task Force shall have an Executive Committee made up of the following 12 members of the Task Force: the Chair, the Vice-Chair, the Governor’s Representative for Bond Cap, the Secretary of the Department of Human Services or his or her designee, the Director of the Department of Commerce and Economic Opportunity or his or her designee, and seven (7) housing experts from the Task Force as designated by the Governor. The Executive Committee shall have the following responsibilities:

(1) to oversee and structure the operations of the Task Force;

(2) to create necessary subcommittees and appoint subcommittee members, with the advice of the Task Force, as the Executive Committee deems necessary;

(3) to ensure adequate public input into the Annual Comprehensive Housing Plan;

(4) to involve, to the extent possible, appropriate representatives of the federal government, local governments and municipalities, public housing authorities, local continuum of care, for-profit and not-for-profit developers, supportive housing providers, business, labor, lenders and fair housing agencies;

(5) to coordinate, synthesize and prioritize the recommendations of the Task Force into the Annual Comprehensive Housing Plan and into the Annual Report;

(6) to draft the Annual Comprehensive Housing Plan and the Annual Report on behalf of the Task Force.

(e) A subcommittee of the Task Force (the “Intergovernmental Subcommittee”) shall be formed consisting of the following members or their designees: the Executive Director of the Illinois Housing Development Authority, the Secretary of the Department of Human Services, the Directors of the Department on Aging, the Department of Commerce and Economic Opportunity, the Department of Public Aid, the Department of
Public Health and the Department of Transportation, and the Governor’s Representative for Bond Cap. The Intergovernmental Subcommittee shall be chaired by the Executive Director of Illinois Housing Development Authority or his or her designee.

III. CREATION OF THE ILLINOIS HOUSING INITIATIVE

(a) The Illinois Housing Initiative (hereafter "the Initiative") is created for the period from the effective date of this Order through December 31, 2008. The purpose of the Initiative shall be to coordinate and streamline the allocation of available housing and supportive housing resources to make it more feasible to prioritize the development of housing for underserved populations in accordance with the Annual Comprehensive Housing Plan.

(b) The Governor directs the Intergovernmental Subcommittee to implement the Initiative by prioritizing the allocation of its resources to those priorities set forth by the Task Force in the Annual Comprehensive Housing Plan. The Intergovernmental Subcommittee shall determine a process to coordinate resources and funding allocations.

(c) As appropriate, the Illinois Housing Development Authority, in consultation with other members of the Intergovernmental Subcommittee, may coordinate the joint issuance of a Notice of Funding Availability (the “NOFA”) notifying potential applicants that funding is available for developments serving certain needs as identified by the Task Force in the Annual Comprehensive Housing Plan. The NOFA will indicate the target number and type of housing units to be constructed, rehabilitated or preserved for the underserved populations identified in Section I of this Order or as otherwise identified by the Task Force in its Annual Comprehensive Housing Plan. The NOFA shall include, but not be limited to:

(1) the funding for acquisition, construction, rehabilitation or preservation costs that may be available for each type of housing;
(2) the funding for operating cost subsidies, including any rental assistance, that may be available for each type of housing;
(3) the funding for supportive services that may be available, if appropriate, for each type of housing;
(4) the eligibility requirements for applicants;
(5) the relevant program guidelines;
(6) the selection criteria and process; and
(7) the conditions that must be met by applicants and selected respondents.

(d) Recommendations for funding decisions shall be made by the Intergovernmental Subcommittee and then submitted for approval to the respective Intergovernmental Subcommittee member’s agency director, secretary or board of directors, with whom ultimate authority for such an allocation of funds exists. Final funding decisions shall be made in accordance with applicable law.

(e) The Intergovernmental Subcommittee will report back to the Task Force on September 1st of each year the Task Force is in existence, identifying their progress in meeting the goals set forth by the Task Force in the Annual Comprehensive Housing Plan. In addition, each agency represented on the Intergovernmental Subcommittee shall
report back to the Task Force on September 1st of each year the Task Force is in existence on the results of its resource allocations based upon the Annual Comprehensive Housing Plan and the Illinois Housing Initiative process. The annual report submitted by each agency shall include both those resources allocated to the Illinois Housing Initiative as well as other resources identified by the Intergovernmental Subcommittee.

IV. IDENTIFICATION OF FUNDS AVAILABLE FOR HOUSING CONSTRUCTION, PRESERVATION, REHABILITATION, OPERATIONS AND SUPPORTIVE SERVICES

(a) For each year of this Executive Order, the Intergovernmental Subcommittee shall identify the total moneys available through the Initiative for housing construction, rehabilitation, preservation, as well as any operating/rental subsidies and supportive services where necessary. The Intergovernmental Subcommittee shall also report these identified total moneys to the Executive Committee in order to support the creation of the Annual Comprehensive Housing Plan. The funding sources may include, but are not limited to, a portion of the following federal and State funds as are available to the State and are not otherwise committed as of the effective date of this Executive Order:

1. State Affordable Housing Trust Fund;

(b) To the extent possible, the State shall encourage municipalities and other local jurisdictions, including public housing authorities, to construct, rehabilitate and/or preserve housing in their own communities for the underserved populations identified in Section I of this Order and to allocate some portion of their federal, State, or local moneys to the Illinois Housing Initiative.

DISASTER AREA - STATE OF ILLINOIS

Severe storms occurring throughout the State of Illinois have produced tornadoes, high winds and heavy rain repeatedly and frequently since July 4, 2003. This series of severe storms has caused extensive damage and destruction to homes, businesses, other structures and trees in numerous Illinois counties. Downed trees have broken electric power lines resulting in the loss of power in many of the impacted communities.

To protect public health and safety, the State of Illinois is assisting local governments in debris removal and clean-up operations. The massive debris removal and disposal effort is straining the tight budgets at both the State and local government level.

In the interest of responding to the threat imposed to public health and safety as a result of the series of severe storms, I hereby declare that a disaster exists within the State of Illinois, and specifically declare Cook, Hancock, Henry, Iroquois, McLean, Stark and Winnebago counties as disaster areas, pursuant to the provisions of Section 3305/7 of the Illinois Emergency Management Agency Act, 20 ILCS 3305/7.

This gubernatorial declaration of disaster will aid the Illinois Emergency Management Agency, Illinois Department of Transportation, Illinois Department of Corrections and other State agencies in assisting local governments in debris removal and other disaster recovery operations.

Issued by the Governor July 22, 2003.
2003-172
DISASTER AREA - STATE OF ILLINOIS

Tornadoes and severe storms moved through Logan County and continued into DeWitt County on May 30 and 31, 2003. Damage and destruction to homes, businesses, other structures and trees in these two central Illinois counties resulted in a major debris removal and clean-up effort. These severe storms were only the beginning of a series of severe storms, some producing tornadoes, which would continue to occur in numerous locations in the State throughout June and July.

To protect public health and safety, the State of Illinois assisted local governments in debris removal and clean-up operations through direct assistance from the Illinois Emergency Management Agency, Illinois Department of Transportation and Illinois Department of Corrections. The State effort to assist the two counties was conducted using the limited funds available at the end of the fiscal year. The massive debris removal and disposal efforts occurring throughout the State as a result of severe storms and tornadoes has strained the already tight State and local government budgets and continues to have a cumulative effect in the disaster counties.

In the interest of assisting local governments in completing their recovery efforts, I hereby declare DeWitt and Logan counties disaster areas, pursuant to the provisions of Section 3305/7 of the Illinois Emergency Management Agency Act, 20 ILCS 3305/7.

This gubernatorial declaration of disaster will authorize the Illinois Emergency Management Agency to provide additional assistance in the current fiscal year to local governments within DeWitt and Logan counties. It will also enable State agencies to assess the extraordinary costs associated with this disaster.

Issued by the Governor July 24, 2003.
Filed by the Secretary of State July 24, 2003.

2003-173
DISASTER AREA - STATE OF ILLINOIS

Severe storms producing high winds and torrential rain continued a month long impact in Illinois as northern Illinois was hit with severe weather on Sunday, July 27, 2003. These severe storms resulted in flash flooding causing the impoundment of water in residential and business areas. The torrential rains exceeded the capability of storm water drainage systems to remove runoff before basements were flooded.

To protect public health and safety, the State of Illinois is assisting local governments in assessing damages and identifying needs for State and other assistance to aid the local governments in recovering from the impact of this severe storm. The clean-up effort and response costs to local government have strained the limited budgets available for disaster recovery.

In the interest of responding to the threat imposed to public health and safety as a result of the latest system of severe storms to impact Illinois, I hereby declare Will
County a disaster area, pursuant to the provisions of Section 3305/7 of the Illinois Emergency Management Agency Act, 20 ILCS 3305/7.

This gubernatorial declaration of disaster will authorize the Illinois Emergency Management Agency to provide additional assistance and State agency resources to local governments within Will County. It will also enable State agencies to assess the extraordinary costs associated with this disaster.

Issued by the Governor August 01, 2003.
Filed by the Secretary of State August 01, 2003.
