E. Certification, consistent with paragraph 5(e), that the source has notified USEPA of the proposed modification. Such notification need only contain a brief description of the requested modification.

F. Completed forms for the Agency to use to notify USEPA and affected states as required under subsections 8 and 9 of this Section.

iv. On a quarterly basis or within 5 business days of receipt of an application demonstrating that the aggregate of a source's pending applications equals or exceeds the threshold level set forth within subparagraph (b)(ii)(B) of this subsection, whichever is earlier, the Agency shall promptly notify USEPA and affected States of the requested permit modifications in accordance with subsections 8 and 9 of this Section. The Agency shall send any notice required under paragraph 8(d) of this Section to USEPA.

v. The provisions of subparagraph (a)(v) of this subsection shall apply to modifications eligible for group processing, except that the Agency shall take one of the actions specified in subparagraphs (a)(v)(A) through (a)(v)(D) of this subsection within 180 days of receipt of the application or 15 days after the end of USEPA's 45-day review period under subsection 9 of this Section, whichever is later.

vi. The provisions of subparagraph (a)(vi) of this subsection shall apply to modifications for group processing.

vii. The provisions of paragraph 7(j) of this Section shall not apply to modifications eligible for group processing.

c. Significant Permit Modifications.

i. Significant modification procedures shall be used for applications requesting significant permit modifications and for those applications that do not qualify as either minor permit modifications or as administrative permit amendments.

ii. Every significant change in existing monitoring permit terms or conditions and every relaxation of reporting or recordkeeping requirements shall be considered significant. A modification shall also be considered

New matter indicated by italics - deletions by strikeout
significant if in the judgment of the Agency action on an application for modification would require decisions to be made on technically complex issues. Nothing herein shall be construed to preclude the permittee from making changes consistent with this Section that would render existing permit compliance terms and conditions irrelevant.

iii. Significant permit modifications must meet all the requirements of this Section, including those for applications (including completeness review), public participation, review by affected States, and review by USEPA applicable to initial permit issuance and permit renewal. The Agency shall take final action on significant permit modifications within 9 months after receipt of a complete application.

d. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary, to implement this subsection.

15. Reopenings for Cause by the Agency.

a. Each issued CAAPP permit shall include provisions specifying the conditions under which the permit will be reopened prior to the expiration of the permit. Such revisions shall be made as expeditiously as practicable. A CAAPP permit shall be reopened and revised under any of the following circumstances, in accordance with procedures adopted by the Agency:

i. Additional requirements under the Clean Air Act become applicable to a major CAAPP source for which 3 or more years remain on the original term of the permit. Such a reopening shall be completed not later than 18 months after the promulgation of the applicable requirement. No such revision is required if the effective date of the requirement is later than the date on which the permit is due to expire.

ii. Additional requirements (including excess emissions requirements) become applicable to an affected source for acid deposition under the acid rain program. Excess emissions offset plans shall be deemed to be incorporated into the permit upon approval by USEPA.

iii. The Agency or USEPA determines that the permit contains a material mistake or that inaccurate statements were made in establishing the emissions standards, limitations, or other terms or conditions of the permit.

iv. The Agency or USEPA determines that the permit must be revised or revoked to assure compliance with the applicable requirements.

b. In the event that the Agency determines that there are grounds for revoking a CAAPP permit, for cause, consistent with paragraph a of this subsection, it shall file a petition before the Board setting forth the basis for such revocation. In any such proceeding, the Agency shall have the burden of establishing that the permit should be revoked under the standards set forth in this Act and the Clean Air

New matter indicated by italics - deletions by strikeout
Act. Any such proceeding shall be conducted pursuant to the Board's procedures for adjudicatory hearings and the Board shall render its decision within 120 days of the filing of the petition. The Agency shall take final action to revoke and reissue a CAAPP permit consistent with the Board's order.

c. Proceedings regarding a reopened CAAPP permit shall follow the same procedures as apply to initial permit issuance and shall affect only those parts of the permit for which cause to reopen exists.

d. Reopenings under paragraph (a) of this subsection shall not be initiated before a notice of such intent is provided to the CAAPP source by the Agency at least 30 days in advance of the date that the permit is to be reopened, except that the Agency may provide a shorter time period in the case of an emergency.

e. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary, to implement this subsection.

16. Reopenings for Cause by USEPA.

a. When USEPA finds that cause exists to terminate, modify, or revoke and reissue a CAAPP permit pursuant to subsection 15 of this Section, and thereafter notifies the Agency and the permittee of such finding in writing, the Agency shall forward to USEPA and the permittee a proposed determination of termination, modification, or revocation and reissuance as appropriate, in accordance with paragraph b of this subsection. The Agency's proposed determination shall be in accordance with the record, the Clean Air Act, regulations promulgated thereunder, this Act and regulations promulgated thereunder. Such proposed determination shall not affect the permit or constitute a final permit action for purposes of this Act or the Administrative Review Law. The Agency shall forward to USEPA such proposed determination within 90 days after receipt of the notification from USEPA. If additional time is necessary to submit the proposed determination, the Agency shall request a 90-day extension from USEPA and shall submit the proposed determination within 180 days of receipt of notification from USEPA.

b. i. Prior to the Agency's submittal to USEPA of a proposed determination to terminate or revoke and reissue the permit, the Agency shall file a petition before the Board setting forth USEPA's objection, the permit record, the Agency's proposed determination, and the justification for its proposed determination. The Board shall conduct a hearing pursuant to the rules prescribed by Section 32 of this Act, and the burden of proof shall be on the Agency.

ii. After due consideration of the written and oral statements, the testimony and arguments that shall be submitted at hearing, the Board shall issue and enter an interim or order for the proposed determination, which shall set forth all changes, if any, required in the Agency's proposed

New matter indicated by italics - deletions by strikeout
determination. The interim order shall comply with the requirements for final orders as set forth in Section 33 of this Act. Issuance of an interim order by the Board under this paragraph, however, shall not affect the permit status and does not constitute a final action for purposes of this Act or the Administrative Review Law.

   iii. The Board shall cause a copy of its interim order to be served upon all parties to the proceeding as well as upon USEPA. The Agency shall submit the proposed determination to USEPA in accordance with the Board's Interim Order within 180 days after receipt of the notification from USEPA.

   c. USEPA shall review the proposed determination to terminate, modify, or revoke and reissue the permit within 90 days of receipt.

      i. When USEPA reviews the proposed determination to terminate or revoke and reissue and does not object, the Board shall, within 7 days of receipt of USEPA's final approval, enter the interim order as a final order. The final order may be appealed as provided by Title XI of this Act. The Agency shall take final action in accordance with the Board's final order.

      ii. When USEPA reviews such proposed determination to terminate or revoke and reissue and objects, the Agency shall submit USEPA's objection and the Agency's comments and recommendation on the objection to the Board and permittee. The Board shall review its interim order in response to USEPA's objection and the Agency's comments and recommendation and issue a final order in accordance with Sections 32 and 33 of this Act. The Agency shall, within 90 days after receipt of such objection, respond to USEPA's objection in accordance with the Board's final order.

      iii. When USEPA reviews such proposed determination to modify and objects, the Agency shall, within 90 days after receipt of the objection, resolve the objection and modify the permit in accordance with USEPA's objection, based upon the record, the Clean Air Act, regulations promulgated thereunder, this Act, and regulations promulgated thereunder.

   d. If the Agency fails to submit the proposed determination pursuant to paragraph a of this subsection or fails to resolve any USEPA objection pursuant to paragraph c of this subsection, USEPA will terminate, modify, or revoke and reissue the permit.

   e. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary, to implement this subsection.

17. Title IV; Acid Rain Provisions.

New matter indicated by italics - deletions by strikeout
a. The Agency shall act on initial CAAPP applications for affected sources for acid deposition in accordance with this Section and Title V of the Clean Air Act and regulations promulgated thereunder, except as modified by Title IV of the Clean Air Act and regulations promulgated thereunder. The Agency shall issue initial CAAPP permits to the affected sources for acid deposition which shall become effective no earlier than January 1, 1995, and which shall terminate on December 31, 1999, in accordance with this Section. Subsequent CAAPP permits issued to affected sources for acid deposition shall be issued for a fixed term of 5 years. Title IV of the Clean Air Act and regulations promulgated thereunder, including but not limited to 40 C.F.R. Part 72, as now or hereafter amended, are applicable to and enforceable under this Act.

b. A designated representative of an affected source for acid deposition shall submit a timely and complete Phase II acid rain permit application and compliance plan to the Agency, not later than January 1, 1996, that meets the requirements of Titles IV and V of the Clean Air Act and regulations. The Agency shall act on the Phase II acid rain permit application and compliance plan in accordance with this Section and Title V of the Clean Air Act and regulations promulgated thereunder, except as modified by Title IV of the Clean Air Act and regulations promulgated thereunder. The Agency shall issue the Phase II acid rain permit to an affected source for acid deposition no later than December 31, 1997, which shall become effective on January 1, 2000, in accordance with this Section, except as modified by Title IV and regulations promulgated thereunder; provided that the designated representative of the source submitted a timely and complete Phase II permit application and compliance plan to the Agency that meets the requirements of Title IV and V of the Clean Air Act and regulations.

c. Each Phase II acid rain permit issued in accordance with this subsection shall have a fixed term of 5 years. Except as provided in paragraph b above, the Agency shall issue or deny a Phase II acid rain permit within 18 months of receiving a complete Phase II permit application and compliance plan.

d. A designated representative of a new unit, as defined in Section 402 of the Clean Air Act, shall submit a timely and complete Phase II acid rain permit application and compliance plan that meets the requirements of Titles IV and V of the Clean Air Act and its regulations. The Agency shall act on the new unit's Phase II acid rain permit application and compliance plan in accordance with this Section and Title V of the Clean Air Act and its regulations, except as modified by Title IV of the Clean Air Act and its regulations. The Agency shall reopen the new unit's CAAPP permit for cause to incorporate the approved Phase II acid rain permit in accordance with this Section. The Phase II acid rain permit for the new unit shall become effective no later than the date required under Title IV of the Clean Air Act and its regulations.
e. A designated representative of an affected source for acid deposition shall submit a timely and complete Title IV NOx permit application to the Agency, not later than January 1, 1998, that meets the requirements of Titles IV and V of the Clean Air Act and its regulations. The Agency shall reopen the Phase II acid rain permit for cause and incorporate the approved NOx provisions into the Phase II acid rain permit not later than January 1, 1999, in accordance with this Section, except as modified by Title IV of the Clean Air Act and regulations promulgated thereunder. Such reopening shall not affect the term of the Phase II acid rain permit.

f. The designated representative of the affected source for acid deposition shall renew the initial CAAPP permit and Phase II acid rain permit in accordance with this Section and Title V of the Clean Air Act and regulations promulgated thereunder, except as modified by Title IV of the Clean Air Act and regulations promulgated thereunder.

g. In the case of an affected source for acid deposition for which a complete Phase II acid rain permit application and compliance plan are timely received under this subsection, the complete permit application and compliance plan, including amendments thereto, shall be binding on the owner, operator and designated representative, all affected units for acid deposition at the affected source, and any other unit, as defined in Section 402 of the Clean Air Act, governed by the Phase II acid rain permit application and shall be enforceable as an acid rain permit for purposes of Titles IV and V of the Clean Air Act, from the date of submission of the acid rain permit application until a Phase II acid rain permit is issued or denied by the Agency.

h. The Agency shall not include or implement any measure which would interfere with or modify the requirements of Title IV of the Clean Air Act or regulations promulgated thereunder.

i. Nothing in this Section shall be construed as affecting allowances or USEPA's decision regarding an excess emissions offset plan, as set forth in Title IV of the Clean Air Act or regulations promulgated thereunder.

   i. No permit revision shall be required for increases in emissions that are authorized by allowances acquired pursuant to the acid rain program, provided that such increases do not require a permit revision under any other applicable requirement.

   ii. No limit shall be placed on the number of allowances held by the source. The source may not, however, use allowances as a defense to noncompliance with any other applicable requirement.

   iii. Any such allowance shall be accounted for according to the procedures established in regulations promulgated under Title IV of the Clean Air Act.

New matter indicated by italics - deletions by strikeout
j. To the extent that the federal regulations promulgated under Title IV, including but not limited to 40 C.F.R. Part 72, as now or hereafter amended, are inconsistent with the federal regulations promulgated under Title V, the federal regulations promulgated under Title IV shall take precedence.

k. The USEPA may intervene as a matter of right in any permit appeal involving a Phase II acid rain permit provision or denial of a Phase II acid rain permit.

l. It is unlawful for any owner or operator to violate any terms or conditions of a Phase II acid rain permit issued under this subsection, to operate any affected source for acid deposition except in compliance with a Phase II acid rain permit issued by the Agency under this subsection, or to violate any other applicable requirements.

m. The designated representative of an affected source for acid deposition shall submit to the Agency the data and information submitted quarterly to USEPA, pursuant to 40 CFR 75.64, concurrently with the submission to USEPA. The submission shall be in the same electronic format as specified by USEPA.

n. The Agency shall act on any petition for exemption of a new unit or retired unit, as those terms are defined in Section 402 of the Clean Air Act, from the requirements of the acid rain program in accordance with Title IV of the Clean Air Act and its regulations.

o. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary to implement this subsection.

a. For each 12 month period after the date on which the USEPA approves or conditionally approves the CAAPP, but in no event prior to January 1, 1994, a source subject to this Section or excluded under subsection 1.1 or paragraph 3(c) of this Section, shall pay a fee as provided in this part (a) of this subsection 18. However, a source that has been excluded from the provisions of this Section under subsection 1.1 or paragraph 3(c) of this Section because the source emits less than 25 tons per year of any combination of regulated air pollutants shall pay fees in accordance with paragraph (1) of subsection (b) of Section 9.6.

i. The fee for a source allowed to emit less than 100 tons per year of any combination of regulated air pollutants shall be $1,800 $1,000 per year.

ii. The fee for a source allowed to emit 100 tons or more per year of any combination of regulated air pollutants, except for those regulated air pollutants excluded in paragraph 18(f) of this subsection, shall be as follows:

A. The Agency shall assess an annual fee of $18.00 $13.50 per ton for the allowable emissions of all regulated air pollutants at

New matter indicated by italics - deletions by strikeout
that source during the term of the permit. These fees shall be used by the Agency and the Board to fund the activities required by Title V of the Clean Air Act including such activities as may be carried out by other State or local agencies pursuant to paragraph (d) of this subsection. The amount of such fee shall be based on the information supplied by the applicant in its complete CAAPP permit application or in the CAAPP permit if the permit has been granted and shall be determined by the amount of emissions that the source is allowed to emit annually, provided however, that no source shall be required to pay an annual fee in excess of $250,000 $100,000.

The Agency shall provide as part of the permit application form required under subsection 5 of this Section a separate fee calculation form which will allow the applicant to identify the allowable emissions and calculate the fee for the term of the permit. In no event shall the Agency raise the amount of allowable emissions requested by the applicant unless such increases are required to demonstrate compliance with terms of a CAAPP permit.

Notwithstanding the above, any applicant may seek a change in its permit which would result in increases in allowable emissions due to an increase in the hours of operation or production rates of an emission unit or units and such a change shall be consistent with the construction permit requirements of the existing State permit program, under Section 39(a) of this Act and applicable provisions of this Section. Where a construction permit is required, the Agency shall expeditiously grant such construction permit and shall, if necessary, modify the CAAPP permit based on the same application.

B. The applicant or permittee may pay the fee annually or semiannually for those fees greater than $5,000. However, any applicant paying a fee equal to or greater than $100,000 shall pay the full amount on July 1, for the subsequent fiscal year, or pay 50% of the fee on July 1 and the remaining 50% by the next January 1. The Agency may change any annual billing date upon reasonable notice, but shall prorate the new bill so that the permittee or applicant does not pay more than its required fees for the fee period for which payment is made.

b. (Blank).
c. (Blank). There shall be created a CAA Fee Panel of 5 persons. The Panel shall:

i. If it deems necessary on an annual basis, render advisory opinions to the Agency and the General Assembly regarding the appropriate level of

New matter indicated by italics - deletions by strikeout
Title V Clean Air Act fees for the next fiscal year. Such advisory opinions shall be based on a study of the operations of the Agency and any other entity requesting appropriations from the CAA Permit Fund. This study shall recommend changes in the fee structure, if warranted. The study will be based on the ability of the Agency or other entity to effectively utilize the funds generated as well as the entity's conformance with the objectives and measurable benchmarks identified by the Agency as justification for the prior year's fee. Such advisory opinions shall be submitted to the appropriation committees no later than April 15th of each year.

ii. Not be compensated for their services, but shall receive reimbursement for their expenses.

iii. Be appointed as follows: 4 members by the Director of the Agency from a list of no more than 8 persons, submitted by representatives of associations who represent facilities subject to the provisions of this subsection and the Director of the Agency or designee.

d. There is hereby created in the State Treasury a special fund to be known as the "CAA Permit Fund". All Funds collected by the Agency pursuant to this subsection shall be deposited into the Fund. The General Assembly shall appropriate monies from this Fund to the Agency and to the Board to carry out their obligations under this Section. The General Assembly may also authorize monies to be granted by the Agency from this Fund to other State and local agencies which perform duties related to the CAAPP. Interest generated on the monies deposited in this Fund shall be returned to the Fund. The General Assembly may appropriate up to the sum of $25,000 to the Agency from the CAA Permit Fund for use by the Panel in carrying out its responsibilities under this subsection.

e. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary to implement this subsection.

f. For purposes of this subsection, the term "regulated air pollutant" shall have the meaning given to it under subsection 1 of this Section but shall exclude the following:

i. carbon monoxide;

ii. any Class I or II substance which is a regulated air pollutant solely because it is listed pursuant to Section 602 of the Clean Air Act; and

iii. any pollutant that is a regulated air pollutant solely because it is subject to a standard or regulation under Section 112(r) of the Clean Air Act based on the emissions allowed in the permit effective in that calendar year, at the time the applicable bill is generated.

New matter indicated by italics - deletions by strikeout
a. In the event that the USEPA fails to promulgate in a timely manner a standard pursuant to Section 112(d) of the Clean Air Act, the Agency shall have the authority to issue permits, pursuant to Section 112(j) of the Clean Air Act and regulations promulgated thereunder, which contain emission limitations which are equivalent to the emission limitations that would apply to a source if an emission standard had been promulgated in a timely manner by USEPA pursuant to Section 112(d). Provided, however, that the owner or operator of a source shall have the opportunity to submit to the Agency a proposed emission limitation which it determines to be equivalent to the emission limitations that would apply to such source if an emission standard had been promulgated in a timely manner by USEPA. If the Agency refuses to include the emission limitation proposed by the owner or operator in a CAAPP permit, the owner or operator may petition the Board to establish whether the emission limitation proposal submitted by the owner or operator provides for emission limitations which are equivalent to the emission limitations that would apply to the source if the emission standard had been promulgated by USEPA in a timely manner. The Board shall determine whether the emission limitation proposed by the owner or operator or an alternative emission limitation proposed by the Agency provides for the level of control required under Section 112 of the Clean Air Act, or shall otherwise establish an appropriate emission limitation, pursuant to Section 112 of the Clean Air Act.

b. Any Board proceeding brought under paragraph (a) or (e) of this subsection shall be conducted according to the Board's procedures for adjudicatory hearings and the Board shall render its decision within 120 days of the filing of the petition. Any such decision shall be subject to review pursuant to Section 41 of this Act. Where USEPA promulgates an applicable emission standard prior to the issuance of the CAAPP permit, the Agency shall include in the permit the promulgated standard, provided that the source shall have the compliance period provided under Section 112(i) of the Clean Air Act. Where USEPA promulgates an applicable standard subsequent to the issuance of the CAAPP permit, the Agency shall revise such permit upon the next renewal to reflect the promulgated standard, providing a reasonable time for the applicable source to comply with the standard, but no longer than 8 years after the date on which the source is first required to comply with the emissions limitation established under this subsection.

c. The Agency shall have the authority to implement and enforce complete or partial emission standards promulgated by USEPA pursuant to Section 112(d), and standards promulgated by USEPA pursuant to Sections 112(f), 112(h), 112(m), and 112(n), and may accept delegation of authority from USEPA to implement and enforce Section 112(l) and requirements for the prevention and detection of accidental releases pursuant to Section 112(r) of the Clean Air Act.

New matter indicated by italics - deletions by strikeout
d. The Agency shall have the authority to issue permits pursuant to Section 112(i)(5) of the Clean Air Act.

e. The Agency has the authority to implement Section 112(g) of the Clean Air Act consistent with the Clean Air Act and federal regulations promulgated thereunder. If the Agency refuses to include the emission limitations proposed in an application submitted by an owner or operator for a case-by-case maximum achievable control technology (MACT) determination, the owner or operator may petition the Board to determine whether the emission limitation proposed by the owner or operator or an alternative emission limitation proposed by the Agency provides for a level of control required by Section 112 of the Clean Air Act, or to otherwise establish an appropriate emission limitation under Section 112 of the Clean Air Act.

a. For purposes of this subsection:

"Program" is the Small Business Stationary Source Technical and Environmental Compliance Assistance Program created within this State pursuant to Section 507 of the Clean Air Act and guidance promulgated thereunder, to provide technical assistance and compliance information to small business stationary sources;

"Small Business Assistance Program" is a component of the Program responsible for providing sufficient communications with small businesses through the collection and dissemination of information to small business stationary sources; and

"Small Business Stationary Source" means a stationary source that:

1. is owned or operated by a person that employs 100 or fewer individuals;
2. is a small business concern as defined in the "Small Business Act";
3. is not a major source as that term is defined in subsection 2 of this Section;
4. does not emit 50 tons or more per year of any regulated air pollutant; and
5. emits less than 75 tons per year of all regulated pollutants.

b. The Agency shall adopt and submit to USEPA, after reasonable notice and opportunity for public comment, as a revision to the Illinois state implementation plan, plans for establishing the Program.

c. The Agency shall have the authority to enter into such contracts and agreements as the Agency deems necessary to carry out the purposes of this subsection.
d. The Agency may establish such procedures as it may deem necessary for the purposes of implementing and executing its responsibilities under this subsection.

e. There shall be appointed a Small Business Ombudsman (hereinafter in this subsection referred to as "Ombudsman") to monitor the Small Business Assistance Program. The Ombudsman shall be a nonpartisan designated official, with the ability to independently assess whether the goals of the Program are being met.

f. The State Ombudsman Office shall be located in an existing Ombudsman office within the State or in any State Department.

g. There is hereby created a State Compliance Advisory Panel (hereinafter in this subsection referred to as "Panel") for determining the overall effectiveness of the Small Business Assistance Program within this State.

h. The selection of Panel members shall be by the following method:

1. The Governor shall select two members who are not owners or representatives of owners of small business stationary sources to represent the general public;

2. The Director of the Agency shall select one member to represent the Agency; and

3. The State Legislature shall select four members who are owners or representatives of owners of small business stationary sources. Both the majority and minority leadership in both Houses of the Legislature shall appoint one member of the panel.

i. Panel members should serve without compensation but will receive full reimbursement for expenses including travel and per diem as authorized within this State.

j. The Panel shall select its own Chair by a majority vote. The Chair may meet and consult with the Ombudsman and the head of the Small Business Assistance Program in planning the activities for the Panel.

21. Temporary Sources.

a. The Agency may issue a single permit authorizing emissions from similar operations by the same source owner or operator at multiple temporary locations, except for sources which are affected sources for acid deposition under Title IV of the Clean Air Act.

b. The applicant must demonstrate that the operation is temporary and will involve at least one change of location during the term of the permit.

c. Any such permit shall meet all applicable requirements of this Section and applicable regulations, and include conditions assuring compliance with all applicable requirements at all authorized locations and requirements that the owner
or operator notify the Agency at least 10 days in advance of each change in location.

22. Solid Waste Incineration Units.
   a. A CAAPP permit for a solid waste incineration unit combusting municipal waste subject to standards promulgated under Section 129(e) of the Clean Air Act shall be issued for a period of 12 years and shall be reviewed every 5 years, unless the Agency requires more frequent review through Agency procedures.
   b. During the review in paragraph (a) of this subsection, the Agency shall fully review the previously submitted CAAPP permit application and corresponding reports subsequently submitted to determine whether the source is in compliance with all applicable requirements.
   c. If the Agency determines that the source is not in compliance with all applicable requirements it shall revise the CAAPP permit as appropriate.
   d. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary, to implement this subsection.

(415 ILCS 60/6) (from Ch. 5, par. 806)
Sec. 6. Registration.
1. Every pesticide which is distributed, sold, offered for sale within this State, delivered for transportation or transported in interstate commerce or between points within the State through any point outside the State, shall be registered with the Director or his designated agent, subject to provisions of this Act. Such registration shall be renewed annually with registrations expiring December 31 each year. Registration is not required if a pesticide is shipped from one plant or warehouse to another plant or warehouse by the same person and is used solely at such plant or warehouse as a constituent part to make a pesticide which is registered under provisions of this Act and FIFRA.

2. Registration applicant shall file a statement with the Director which shall include:

A. The name and address of the applicant and the name and address of the person whose name will appear on the label if different from the applicant's.

B. The name of the pesticide.

C. A copy of the labeling accompanying the pesticide under customary conditions of distribution, sale and use, including ingredient statement, direction for use, use classification, and precautionary or warning statements.

3. The Director may require the submission of complete formula data.

4. The Director may require a full description of tests made and the results thereof, upon which the claims are based, for any pesticide not registered pursuant to FIFRA, or on any pesticide under consideration to be classified for restricted use.

A. The Director will not consider data he required of the initial registrant of a pesticide in support of another applicants' registration unless the subsequent applicant has obtained written permission to use such data.

New matter indicated by italics - deletions by strikeout
B. In the case of renewal registration, the Director may accept a statement only with respect to information which is different from that furnished previously.

5. The Director may prescribe other requirements to support a pesticide registration by regulation.

6. For the years preceding the year 2004, any registrant desiring to register a pesticide product at any time during one year shall pay the annual registration fee of $100 per product registered for that applicant. For the years 2004 and thereafter, the annual product registration fee is $200 per product $\text{200 per product}$. In addition, for the years preceding the year 2004 any business registering a pesticide product at any time during one year shall pay the annual business registration fee of $250. For the years 2004 and thereafter, the annual business registration fee shall be $400 $\text{400}$. Each legal entity of the business shall pay the annual business registration fee.

Subsequent SLN registrations for a pesticide already registered shall be exempted from the registration fee.

A. All registration accepted and approved by the Director shall expire on the 31st day of December in any one year unless cancelled. Registration for a special local need may be granted for a specific period of time with the approval date and expiration date specified.

B. If a registration for special local need granted by the Director does not receive approval of the Administrator of USEPA, the registration shall expire on the date of the Administrator's disapproval.

7. Registrations approved and accepted by the Director and in effect on the 31st day of December, for which renewal application is made, shall continue in full force and effect until the Director notifies the registrant that the renewal has been approved and accepted or the registration is denied under this Act. Renewal registration forms will be provided to applicants by the Director.

8. If the renewal of a pesticide registration is not filed within 30 days of the date of expiration, a penalty late registration assessment of $300 $\text{300}$ per product shall apply in lieu of the normal annual product registration fee. The late registration assessment shall not apply if the applicant furnishes an affidavit certifying that no unregulated pesticide was distributed or sold during the period of registration. The late assessment is not a bar to prosecution for doing business without proper registry.

9. The Director may prescribe by regulation to allow pesticide use for a special local need, pursuant to FIFRA.

10. The Director may prescribe by regulation the provisions for and requirements of registering a pesticide intended for experimental use.

New matter indicated by italics - deletions by strikeout
11. The Director shall not make any lack of essentiality a criterion for denial of registration of any pesticide. Where 2 pesticides meet the requirements, one should not be registered in preference to the other.

12. It shall be the duty of the pesticide registrant to properly dispose of any pesticide the registration of which has been suspended, revoked or cancelled or which is otherwise not properly registered in the State.

(a) Audits. The Secretary of State or employees and agents designated by him, may audit the books, records, tax returns, reports, and any and all other pertinent records or documents of any person licensed or registered, or required to be licensed or registered, under any provisions of this Act, for the purpose of determining whether such person has not paid any fees or taxes required to be paid to the Secretary of State and due to the State of Illinois. (c) Special Audits. If the Secretary of State is not satisfied with the books, records and documents made available for an audit, or if the Secretary of State is unable to determine therefrom whether any fees or taxes are due to the State of Illinois, or if there is cause to believe that the person audited has declined or refused to supply the books, records and documents necessary to determine whether a deficiency exists, the Secretary of

State may either seek a court order for production of any and all books, records and documents he deems relevant and material, or, in his discretion, the Secretary of State may instead give written notice to such person requiring him to produce any and all books, records and documents necessary to properly audit and determine whether any fees or taxes are due to the State of Illinois. If such person fails, refuses or declines to comply with either the court order or written notice within the time specified, the Secretary of State shall then order a special audit at the expense of the person affected. Upon completion of the special audit, the Secretary of State shall determine if any fees or taxes required to be paid under this Act have not been paid, and make an assessment of any deficiency based upon the books, records and documents available to him, and in an assessment, he may rely upon records of other persons having an operation similar to that of the person audited specially. A person audited specially and subject to a court order and in default thereof, shall in addition, be subject to any penalty or punishment imposed by the court entering the order.

(d) Deficiency; Audit Costs. When a deficiency is found and any fees or taxes required to be paid under this Act have not been paid to the State of Illinois, the Secretary of State may impose an audit fee of $100 per day, or $50 per half-day, per auditor, plus in the case of out-of-state travel, transportation expenses incurred by the auditor or auditors. Where more than one person is audited on the same out-of-state trip, the additional transportation expenses may be apportioned. The actual costs of a special audit shall be imposed upon the person audited.

(e) Interest. When a deficiency is found and any fees or taxes required to be paid under this Act have not been paid to the State of Illinois, the amount of the deficiency, if greater than $100 for all registration years examined, shall also bear interest at the rate of 1/2 of 1% per month or fraction thereof, from the date when the fee or tax due should have been paid under the provisions of this Act, subject to a maximum of 6% per annum.

(f) Willful Negligence. When a deficiency is determined by the Secretary to be caused by the willful neglect or negligence of the person audited, an additional 10% penalty, that is 10% of the amount of the deficiency or assessment, shall be imposed, and the 10% penalty shall bear interest at the rate of 1/2 of 1% on and after the 30th day after the penalty is imposed until paid in full.

(g) Fraud or Evasion. When a deficiency is determined by the Secretary to be caused by fraud or willful evasion of the provisions of this Act, an additional penalty, that is 20% of the amount of the deficiency or assessment, shall be imposed, and the 20% penalty shall bear interest at the rate of 1/2 of 1% on and after the 30th day after the penalty is imposed until paid in full.

(h) Notice. The Secretary of State shall give written notice to any person audited, of the amount of any deficiency found or assessment made, of the costs of an audit or special audit, and of the penalty imposed, and payment shall be made within 30 days of the date of the notice unless such person petitions for a hearing.
However, except in the case of fraud or willful evasion, or the inaccessibility of books and records for audit or with the express consent of the person audited, no notice of a deficiency or assessment shall be issued by the Secretary for more than 3 registration years. This limitation shall commence on any January 1 as to calendar year registrations and on any July 1 as to fiscal year registrations. This limitation shall not apply for any period during which the person affected has declined or refuses to make his books and records available for audit, nor during any period of time in which an Order of any Court has the effect of enjoining or restraining the Secretary from making an audit or issuing a notice. Notwithstanding, each person licensed under the International Registration Plan and audited by this State or any member jurisdiction shall follow the assessment and refund procedures as adopted and amended by the International Registration Plan members. The Secretary of State shall have the final decision as to which registrants may be subject to the netting of audit fees as outlined in the International Registration Plan. Persons audited may be subject to a review process to determine the final outcome of the audit finding. This process shall follow the adopted procedure as outlined in the International Registration Plan. All decisions by the IRP designated tribunal shall be binding.

(i) Every person subject to licensing or registration and audit under the provisions of this Chapter shall retain all pertinent licensing and registration documents, books, records, tax returns, reports and all supporting records and documents for a period of 4 years.

(j) Hearings. Any person receiving written notice of a deficiency or assessment may, within 30 days after the date of the notice, petition for a hearing before the Secretary of State or his duly appointed hearing officer to contest the audit in whole or in part, and the petitioner shall simultaneously file a certified check or money order, or certificate of deposit, or a surety bond approved by the Secretary in the amount of the deficiency or assessment. Hearings shall be held pursuant to the provisions of Section 2-118 of this Act.

When a permitted user is "test driving" a new vehicle dealer's automobile, the new vehicle dealer's insurance shall be primary and the permitted user's insurance shall be secondary.

As used in this paragraph 6, a "permitted user" is a person who, with the permission of the new vehicle dealer or an employee of the new vehicle dealer, drives a vehicle owned and held for sale or lease by the new vehicle dealer which
the person is considering to purchase or lease, in order to evaluate the performance, reliability, or condition of the vehicle. (625 ILCS 5/5-102) (from Ch. 95 1/2, par. 5-102)
Sec. 5-102. Used vehicle dealers must be licensed.
(a) No person, other than a licensed new vehicle dealer, shall engage in the business of selling or dealing in, on consignment or otherwise, 5 or more used vehicles of any make
during the year (except house trailers as authorized by paragraph (j) of this Section and rebuilt salvage vehicles sold by their rebuilders to persons licensed under this Chapter), or act as an intermediary, agent or broker for any licensed dealer or vehicle purchaser (other than as a salesperson) or represent or advertise that he is so engaged or intends to so engage in such business unless licensed to do so by the Secretary of State under the provisions of this Section.

(b) An application for a used vehicle dealer's license shall be filed with the Secretary of State, duly verified by oath, in such form as the Secretary of State may by rule or regulation prescribe and shall contain:

1. The name and type of business organization established and additional places of business, if any, in this State.

2. If the applicant is a corporation, a list of its officers, directors, and shareholders having a ten percent or greater ownership interest in the corporation, setting forth the residence address of each; if the applicant is a sole proprietorship, a partnership, an unincorporated association, a trust, or any similar form of business organization, the names and residence address of the proprietor or of each partner, member, officer, director, trustee or manager.

3. A statement that the applicant has been approved for registration under the Retailers' Occupation Tax Act by the Department of Revenue. However, this requirement does not apply to a dealer who is already licensed hereunder with the Secretary of State, and who is merely applying for a renewal of his license. As evidence of this fact, the application shall be accompanied by a certification from the Department of Revenue showing that the Department has approved the applicant for registration under the Retailers' Occupation Tax Act.

4. A statement that the applicant has complied with the appropriate liability insurance requirement. A Certificate of Insurance in a solvent company authorized to do business in the State of Illinois shall be included with each application covering each location at which he proposes to act as a used vehicle dealer. The policy must provide liability coverage in the minimum amounts of $100,000 for bodily injury to, or death of, any person, $300,000 for bodily injury to, or death of, two or more persons in any one accident, and $50,000 for damage to property. Such policy shall expire not sooner than December 31 of the year for which the license was issued or renewed. The expiration of the insurance policy shall not terminate the liability under the policy arising during the period for which the policy was filed. Trailer and mobile home dealers are exempt from this requirement.

If the permitted user has a liability insurance policy that provides automobile liability insurance coverage of at least $100,000 for bodily injury to or the death of any person, $300,000 for bodily injury to or the death of any 2 or more persons in any one accident, and $50,000 for damage to property, then the permitted user's insurer shall be the primary insurer and the dealer's insurer shall be
the secondary insurer. If the permitted user does not have a liability insurance policy that provides automobile liability insurance coverage of at least $100,000 for bodily injury to or the death of any person, $300,000 for bodily injury to or the death of any 2 or more persons in any one accident, and $50,000 for damage to property, or does not have any insurance at all, then the dealer's insurer shall be the primary insurer and the permitted user's insurer shall be the secondary insurer.

When a permitted user is "test driving" a used vehicle dealer's automobile, the used vehicle dealer's insurance shall be primary and the permitted user's insurance shall be secondary.

As used in this paragraph 4, a "permitted user" is a person who, with the permission of the used vehicle dealer or an employee of the used vehicle dealer, drives a vehicle owned and held for sale or lease by the used vehicle dealer which the person is considering to purchase or lease, in order to evaluate the performance, reliability, or condition of the vehicle. The term "permitted user" also includes a person who, with the permission of the used vehicle dealer, drives a vehicle owned or held for sale or lease by the used vehicle dealer for loaner purposes while the user's vehicle is being repaired or evaluated.

As used in this paragraph 4, "test driving" occurs when a permitted user who, with the permission of the used vehicle dealer or an employee of the used vehicle dealer, drives a vehicle owned and held for sale or lease by a used vehicle dealer that the person is considering to purchase or lease, in order to evaluate the performance, reliability, or condition of the vehicle.

As used in this paragraph 4, "loaner purposes" means when a person who, with the permission of the used vehicle dealer, drives a vehicle owned or held for sale or lease by the used vehicle dealer while the user's vehicle is being repaired or evaluated.

5. An application for a used vehicle dealer's license shall be accompanied by the following license fees:

$1,000 $50 for applicant's established place of business, and $50 $25 for each additional place of business, if any, to which the application pertains; however, if the application is made after June 15 of any year, the license fee shall be $500 $25 for applicant's established place of business plus $25 $12.50 for each additional place of business, if any, to which the application pertains. License fees shall be refundable only in the event that the application is denied by the Secretary of State. Of the money received by the Secretary of State as license fees under this Section for the 2004 licensing year and thereafter, 95% shall be deposited into the General Revenue Fund.

6. A statement that the applicant's officers, directors, shareholders having a 10% or greater ownership interest therein, proprietor, partner, member, officer, director, trustee, manager or other principals in the business have not committed in
the past 3 years any one violation as determined in any civil, criminal or administrative proceedings of any one of the following Acts:
(A) The Anti Theft Laws of the Illinois Vehicle Code;

(G) Part 8 of Article XII of the Code of Civil Procedure; or
(H) The Consumer Fraud Act.

8. A bond or Certificate of Deposit in the amount of $20,000 for each location at which the applicant intends to act as a used vehicle dealer. The bond shall be for the term of the license, or its renewal, for which application is made, and shall expire not sooner than December 31 of the year for which the license was issued or renewed. The bond shall run to the People of the State of Illinois, with surety by a bonding or insurance company authorized to do business in this State. It shall be conditioned upon the proper transmittal of all title and registration fees and taxes (excluding taxes under the Retailers' Occupation Tax Act) accepted by the applicant as a used vehicle dealer.

9. Such other information concerning the business of the applicant as the Secretary of State may by rule or regulation prescribe.

10. A statement that the applicant understands Chapter 1 through Chapter 5 of this Code.

(c) Any change which renders no longer accurate any information contained in any application for a used vehicle dealer's license shall be amended within 30 days after the
occurrence of each change on such form as the Secretary of State may prescribe by rule or regulation, accompanied by an amendatory fee of $2.

(d) Anything in this Chapter to the contrary notwithstanding, no person shall be licensed as a used vehicle dealer unless such person maintains an established place of business as defined in this Chapter.

(e) The Secretary of State shall, within a reasonable time after receipt, examine an application submitted to him under this Section. Unless the Secretary makes a determination that the application submitted to him does not conform to this Section or that grounds exist for a denial of the application under Section 5-501 of this Chapter, he must grant the applicant an original used vehicle dealer's license in writing for his established place of business and a supplemental license in writing for each additional place of business in such form as he may prescribe by rule or regulation which shall include the following:

1. The name of the person licensed;
2. If a corporation, the name and address of its officers or if a sole proprietorship, a partnership, an unincorporated association or any similar form of business organization, the name and address of the proprietor or of each partner, member, officer, director, trustee or manager;
3. In case of an original license, the established place of business of the licensee;
4. In the case of a supplemental license, the established place of business of the licensee and the additional place of business to which such supplemental license pertains.

(f) The appropriate instrument evidencing the license or a certified copy thereof, provided by the Secretary of State shall be kept posted, conspicuously, in the established place of business of the licensee and in each additional place of business, if any, maintained by such licensee.

(g) Except as provided in subsection (h) of this Section, all used vehicle dealer's licenses granted under this Section expire by operation of law on December 31 of the calendar year for which they are granted unless sooner revoked or cancelled under Section 5-501 of this Chapter.

(h) A used vehicle dealer's license may be renewed upon application and payment of the fee required herein, and submission of proof of coverage by an approved bond under the "Retailers' Occupation Tax Act" or proof that applicant is not subject to such bonding requirements, as in the case of an original license, but in case an application for the renewal of an effective license is made during the month of December, the effective license shall remain in force until the application for renewal is granted or denied by the Secretary of State.

2. An institution, place, building, or agency required to be licensed pursuant to the Hospital Licensing Act;
3. Skilled and intermediate long term care facilities licensed under the Nursing Home Care Act;
4. Hospitals, nursing homes, ambulatory surgical treatment centers, or kidney disease treatment centers maintained by the State or any department or agency thereof;
5. Kidney disease treatment centers, including a free-standing hemodialysis unit; and
6. An institution, place, building, or room used for the performance of outpatient surgical procedures that is leased, owned, or operated by or on behalf of an out-of-state facility.

No federally owned facility shall be subject to the provisions of this Act, nor facilities used solely for healing by prayer or spiritual means.

No facility licensed under the Supportive Residences Licensing Act or the Assisted Living and Shared Housing Act shall be subject to the provisions of this Act.

A facility designated as a supportive living facility that is in good standing with the demonstration project established under Section 5-5.01a of the Illinois Public Aid Code shall not be subject to the provisions of this Act.

This Act does not apply to facilities granted waivers under Section 3-102.2 of the Nursing Home Care Act. However, if a demonstration project under that Act applies for a certificate of need to convert to a nursing facility, it shall meet the licensure and certificate of need requirements in effect as of the date of application.

This Act shall not apply to the closure of an entity or a portion of an entity licensed under the Nursing Home Care Act that elects to convert, in whole or in part, to an assisted living or shared housing establishment licensed under the Assisted Living and Shared Housing Establishment Act.

With the exception of those health care facilities specifically included in this Section, nothing in this Act shall be intended to include facilities operated as a part of the practice of a physician or other licensed health care professional, whether practicing in his individual capacity or within the legal structure of any partnership, medical or professional
corporation, or unincorporated medical or professional group. Further, this Act shall not apply to physicians or other licensed health care professional's practices where such practices are carried out in a portion of a health care facility under contract with such health care facility by a physician or by other licensed health care professionals, whether practicing in his individual capacity or within the legal structure of any partnership, medical or professional corporation, or unincorporated medical or professional groups. This Act shall apply to construction or modification and to establishment by such health care facility of such contracted portion which is subject to facility licensing requirements, irrespective of the party responsible for such action or attendant financial obligation.

"Capital Expenditure" means an expenditure: (A) made by or on behalf of a health care facility (as such a facility is defined in this Act); and (B) which under generally accepted accounting principles is not properly chargeable as an expense of operation and maintenance, or is made to obtain by lease or comparable arrangement any facility or part thereof or any equipment for a facility or part; and which exceeds the capital expenditure minimum.

For the purpose of this paragraph, the cost of any studies, surveys, designs, plans, working drawings, specifications, and other activities essential to the acquisition, improvement, expansion, or replacement of any plant or equipment with respect to which an expenditure is made shall be included in determining if such expenditure exceeds the capital expenditures minimum. Donations of equipment or facilities to a health care facility which if acquired directly by such facility would be subject to review under this Act shall be considered capital expenditures, and a transfer of equipment or facilities for less than fair market value shall be considered a capital expenditure for purposes of this Act if a transfer of the equipment or facilities at fair market value would be subject to review.

"Capital expenditure minimum" means $6,000,000, which shall be annually adjusted to reflect the increase in construction costs due to inflation, for major medical equipment and for all other capital expenditures; provided, however, that when a capital expenditure is for the construction or modification of a health and fitness center, "capital expenditure minimum" means the capital expenditure minimum for all other capital expenditures in effect on March 1, 2000, which shall be annually adjusted to reflect the increase in construction costs due to inflation.

"Non-clinical service area" means an area (i) for the benefit of the patients, visitors, staff, or employees of a health care facility and (ii) not directly related to the diagnosis, treatment, or rehabilitation of persons receiving services from the health care facility. The State Board shall be appointed by the Governor, with the advice and consent of the Senate. In making the appointments, the Governor shall give consideration to recommendations made by (1) the professional organizations concerned with hospital management for the hospital management appointment, (2) professional organizations concerned with long term care facility management for the long term care facility management appointment, (3) professional medical organizations for the physician appointment, (4) professional nursing organizations for the nurse appointment, and (5) professional organizations concerned with ambulatory surgical treatment centers for the ambulatory surgical treatment center appointment, and shall appoint as consumer members individuals familiar with community health needs but whose interest in the operation, construction or utilization of health care facilities are derived from factors other than those related to his profession, business, or economic gain, and who represent, so far as possible, different geographic areas of the State. Not more than 5 & of the appointments shall be of the same political party. No person shall be appointed as a State Board member if that person has served, after the effective date of this amendatory Act of the 93rd General

The Secretary of Human Services, the Director of Public Aid, and the Director of Public Health, or their designated representatives, shall serve as ex-officio, non-voting members of the State Board.

Of those members initially appointed by the Governor under this amendatory Act of the 93rd General Assembly, 3 shall serve for terms expiring July 1, 2004, 3 shall serve for terms expiring July 1, 2005, and 3 shall serve for terms expiring July 1, 2006. Thereafter, as voting members, each appointed member shall hold office for a term of 3 years provided; that any member appointed to fill a vacancy occurring prior to the expiration of the term for which his predecessor was appointed shall be appointed for the remainder of such term and the term of office of each successor shall commence on July 1 of the year in which his predecessor's term expires. Each member shall hold office until his successor is appointed and qualified.

State Board members, while serving on business of the State Board, shall receive actual and necessary travel and subsistence expenses while so serving away from their places of residence. A member of the State Board who experiences a significant financial hardship due to the loss of income on days of attendance at meetings or while otherwise engaged in the business of the State Board may be paid a hardship allowance, as determined by and subject to the approval of the Governor's Travel Control Board. In addition, while serving on business of the State Board, each member shall receive compensation of $150 per day, except that such compensation shall not exceed $7,500 in any one year for any member.

The Governor shall designate one of the members to serve as Chairman and the State Board shall provide for its own organization and procedures, including the selection of a Chairman and such other officers as deemed necessary. (b) The State Board shall establish by regulation the procedures and requirements regarding issuance of exemptions. An exemption shall be approved when information required by the Board by rule is submitted. Projects eligible for an exemption, rather than a permit, include, but are not limited to, change of ownership of a health care facility. (c) All applications shall be signed by the applicant and shall be verified by any 2 officers thereof.

Sec. 10. Presenting information relevant to the approval of a permit or certificate or in opposition to the denial of the application; notice of outcome and review proceedings.
When a motion by the State Board, to approve an application for a permit or a certificate of recognition, fails to pass, or when a motion to deny an application for a permit or a certificate of recognition is passed, the applicant or the holder of the permit, as the case may be, and such other parties as the State Board permits, will be given an opportunity to appear before the State Board and present such information as may be relevant to the approval of a permit or certificate or in opposition to the denial of the application.
Subsequent to an appearance by the applicant before the State Board or default of such opportunity to appear, a motion by the State Board to approve an application for a permit or a certificate of recognition which fails to pass or a motion to deny an application for a permit or a certificate of recognition which passes shall be considered denial of the application for a permit or certificate of recognition, as the case may be. Such action of denial or an action by the State Board to revoke a permit or a certificate of recognition shall be communicated to the applicant or holder of the permit or certificate of recognition. Such person or organization shall be afforded an opportunity for a hearing before a hearing officer, who is appointed by the Director State Board. A written notice of a request for such hearing shall be served upon the Chairman of the State Board within 30 days following notification of the decision of the State Board. The State Board shall schedule a hearing, and the Director Chairman shall appoint a hearing officer within 30 days thereafter. The hearing officer shall take actions necessary to ensure that the hearing is completed within a reasonable period of time, but not to exceed 90 days, except for delays or continuances agreed to by the person requesting the hearing. Following its

consideration of the report of the hearing, or upon default of the party to the hearing, the State Board shall make its final determination, specifying its findings and conclusions within 45 days of receiving the written report of the hearing. A copy of such determination shall be sent by certified mail or served personally upon the party.

A full and complete record shall be kept of all proceedings, including the notice of hearing, complaint, and all other documents in the nature of pleadings, written motions filed in the proceedings, and the report and orders of the State Board or hearing officer. All testimony shall be reported but need not be transcribed unless the decision is appealed in accordance with the Administrative Review Law, as now or hereafter amended. A copy or copies of the transcript may be obtained by any interested party on payment of the cost of preparing such copy or copies.

The State Board or hearing officer shall upon its own or his motion, or on the written request of any party to the proceeding who has, in the State Board's or hearing officer's opinion, demonstrated the relevancy of such request to the outcome of the proceedings, issue subpoenas requiring the attendance and the giving of testimony by witnesses, and subpoenas duces tecum requiring the production of books, papers, records, or memoranda. The fees of witnesses for attendance and travel shall be the same as the fees of witnesses before the circuit court of this State.

When the witness is subpoenaed at the instance of the State Board, or its hearing officer, such fees shall be paid in the same manner as other expenses of the Agency, and when the witness is subpoenaed at the instance of any other party to any such proceeding the State Board may, in accordance with the rules of the Agency, require that the cost of service of the subpoena or subpoena duces tecum and the fee of the witness be borne by the party at whose instance the witness is summoned. In such case, the State Board in its discretion, may require a deposit to cover the cost of such service and witness fees. A subpoena or subpoena duces tecum so issued shall be served in the same manner as a subpoena issued out of a court.

Any circuit court of this State upon the application of the State Board or upon the application of any other party to the proceeding, may, in its discretion, compel the attendance of witnesses, the production of books, papers, records, or memoranda and the giving of testimony before it or its hearing officer conducting an investigation or holding a hearing authorized by this Act, by an attachment for contempt, or otherwise, in the same manner as production of evidence may be compelled before the court.

To the extent practicable, the criteria, standards, and rules shall be based on objective criteria. In particular, the review of the criteria, standards, and rules shall consider:

1. Whether the criteria and standards reflect current industry standards and anticipated trends.
2. Whether the criteria and standards can be reduced or eliminated.
3. Whether criteria and standards can be developed to authorize the construction of unfinished space for future use when the ultimate need for such space can be reasonably projected.
4. Whether the criteria and standards take into account issues related to population growth and changing demographics in a community.
5. Whether facility-defined service and planning areas should be recognized.

Sec. 13. Investigation of applications for permits and certificates of recognition. The Agency or the State Board shall make or cause to be made such investigations as it or the State Board deems necessary in connection with an application for a permit or an application for a certificate of recognition, or in connection with a determination of whether or not construction or modification which has been commenced is in accord with the permit issued by the State Board or whether construction or modification has been commenced without a permit having been obtained. The State Board may issue subpoenas duces tecum requiring the production of records and may administer oaths to such witnesses.

Any circuit court of this State, upon the application of the State Board or upon the application of any party to such proceedings, may, in its discretion, compel the attendance of witnesses, the production of books, papers, records, or memoranda and the giving of testimony before the State Board, by a proceeding as for contempt, or otherwise, in the same manner as production of evidence may be compelled before the court.

The State Board shall require all health facilities operating in this State to provide such reasonable reports at such times and containing such information as is needed by it to

carry out the purposes and provisions of this Act. Prior to collecting information from health facilities, the State Board shall make reasonable efforts through a public process to consult with health facilities and associations that represent them to determine whether data and information requests will result in useful information for health planning, whether sufficient information is available from other sources, and whether data requested is routinely collected by health facilities and is available without retrospective record review. Data and information requests shall not impose undue paperwork burdens on health care facilities and personnel. Health facilities not complying with this requirement shall be reported to licensing, accrediting, certifying, or payment agencies as being in violation of State law. Health care facilities and other parties at interest shall have reasonable access, under rules established by the State Board, to all planning information submitted in accord with this Act pertaining to their area.

Section 10. The Hospital Licensing Act is amended by changing Sections 8, 8.5, and 9.3 and adding Sections 9.4 and 9.5 as follows:

(210 ILCS 85/8) (from Ch. 111 1/2, par. 149)

Sec. 8. Facility plan review; fees.

(a) Before commencing construction of new facilities or specified types of alteration or additions to an existing hospital involving major construction, as defined by rule by the Department, with an estimated cost greater than $100,000, architectural plans and specifications therefor shall be submitted by the licensee to the Department for review and approval. A hospital may submit architectural drawings and specifications for other construction projects for Department review according to subsection (b) that shall not be subject to fees under subsection (d). The Department must give a hospital that is planning to submit a construction project for review the opportunity to discuss its plans and specifications with the Department before the hospital formally submits the plans and specifications for Department review. Review of drawings and specifications shall be conducted by an employee of the Department meeting the qualifications established by the Department of Central Management Services class specifications for such an individual's position or by a person contracting with the Department who meets those class specifications. Final approval of the plans and specifications for compliance with design and construction standards shall be obtained from the Department before the alteration, addition, or new construction is begun.

(b) The Department shall inform an applicant in writing within 10 working days after receiving drawings and specifications and the required fee, if any, from the applicant whether the applicant's submission is complete or incomplete. Failure to provide the
applicant with this notice within 10 working days shall result in the submission being deemed complete for purposes of initiating the 60-day review period under this Section. If the submission is incomplete, the Department shall inform the applicant of the deficiencies with the submission in writing. If the submission is complete and the required fee, if any, has been paid, the Department shall approve or disapprove drawings and specifications submitted to the Department no later than 60 days following receipt by the Department. The drawings and specifications shall be of sufficient detail, as provided by Department rule, to enable the Department to render a determination of compliance with design and construction standards under this Act. If the Department finds that the drawings are not of sufficient detail for it to render a determination of compliance, the plans shall be determined to be incomplete and shall not be considered for purposes of initiating the 60-day review period. If a submission of drawings and specifications is incomplete, the applicant may submit additional information. The 60-day review period shall not commence until the Department determines that a submission of drawings and specifications is complete or the submission is deemed complete. If the Department has not approved or disapproved the drawings and specifications within 60 days, the construction, major alteration, or addition shall be deemed approved. If the drawings and specifications are disapproved, the Department shall state in writing, with specificity, the reasons for the disapproval. The entity submitting the drawings and specifications may submit additional information in response to the written comments from the Department or request a reconsideration of the disapproval. A final decision of approval or disapproval shall be made within 45 days of the receipt of the additional information or reconsideration request. If denied, the Department shall state the specific reasons for the denial and the applicant may elect to seek dispute resolution pursuant to Section 25 of the Illinois Building Commission Act, which the Department must participate in.

(c) The Department shall provide written approval for occupancy pursuant to subsection (g) and shall not issue a violation to a facility as a result of a licensure or complaint survey based upon the facility's physical structure if:

1. the Department reviewed and approved or deemed approved the drawing and specifications for compliance with design and construction standards;
2. the construction, major alteration, or addition was built as submitted;
3. the law or rules have not been amended since the original approval; and
4. the conditions at the facility indicate that there is a reasonable degree of safety provided for the patients.

(c-5) The Department shall not issue a violation to a facility if the inspected aspects of the facility were previously found to be in compliance with applicable standards, the relevant law or rules have not been amended, conditions at the facility reasonably protect the safety of its patients, and alterations or new hazards have not been identified.

(d) The Department shall charge the following fees in connection with its reviews conducted before June 30, 2004 under this Section:

New matter indicated by italics - deletions by strikeout
(3) If the estimated dollar value of the major construction is greater than $500,000, the fee shall be established by the Department pursuant to rules that reflect the reasonable and direct cost of the Department in conducting the architectural reviews required under this Section. The estimated dollar value of the major construction subject to review under this Section shall be annually readjusted to reflect the increase in construction costs due to inflation.

The fees provided in this subsection (d) shall not apply to major construction projects involving facility changes that are required by Department rule amendments or to projects related to homeland security.

The fees provided in this subsection (d) shall also not apply to major construction projects if 51% or more of the estimated cost of the project is attributed to capital equipment. For major construction projects where 51% or more of the estimated cost of the project is attributed to capital equipment, the Department shall by rule establish a fee that is reasonably related to the cost of reviewing the project.

Disproportionate share hospitals and rural hospitals shall only pay one-half of the fees required in this subsection (d). For the purposes of this subsection (d), (i) "disproportionate share hospital" means a hospital described in items (1) through (5) of subsection (b) of Section 5-5.02 of the Illinois Public Aid Code and (ii) "rural hospital" means a hospital that is (A) located outside a metropolitan statistical area or (B) located 15 miles or less from a county that is outside a metropolitan statistical area and is licensed to perform medical/surgical or obstetrical services and has a combined total bed capacity of 75 or fewer beds in these 2 service categories as of July 14, 1993, as determined by the Department.

The Department shall not commence the facility plan review process under this Section until the applicable fee has been paid.

(e) All fees received by the Department under this Section shall be deposited into the Health Facility Plan Review Fund, a special fund created in the State treasury. All fees paid by hospitals under subsection (d) shall be used only to cover the direct and reasonable costs relating to the Department's review of hospital projects under this Section. Moneys shall be appropriated from that Fund to the Department only to pay the costs of conducting reviews under this Section. None of the moneys in the Health Facility Plan Review Fund shall be used to reduce the amount of General Revenue Fund moneys appropriated to the Department for facility plan reviews conducted pursuant to this Section.

(f) (Blank).

(g) The Department shall conduct an on-site inspection of the completed project no later than 15 business days after notification from the applicant that the project has been completed and all certifications required by the Department have been received and accepted by the Department. The Department may extend this deadline only if a federally

mandated survey time frame takes precedence. The Department shall provide written approval for occupancy to the applicant within 5 working days of the Department's final inspection, provided the applicant has demonstrated substantial compliance as defined by Department rule. Occupancy of new major construction is prohibited until Department approval is received, unless the Department has not acted within the time frames provided in this subsection (g), in which case the construction shall be deemed approved. Occupancy shall be authorized after any required health inspection by the Department has been conducted.

(h) The Department shall establish, by rule, a procedure to conduct interim on-site review of large or complex construction projects.

(i) The Department shall establish, by rule, an expedited process for emergency repairs or replacement of like equipment.

(j) Nothing in this Section shall be construed to apply to maintenance, upkeep, or renovation that does not affect the structural integrity of the building, does not add beds or services over the number for which the facility is licensed, and provides a reasonable degree of safety for the patients.

Sec. 8.5. Waiver or alternative compliance of compliance with rules or standards for construction or physical plant. Upon application by a hospital, the Department may grant or renew a the waiver or alternative compliance methodology of the hospital's compliance with a construction or physical plant rule or standard, including without limitation rules and standards for (i) design and construction, (ii) engineering and maintenance of the physical plant, site, equipment, and systems (heating, cooling, electrical, ventilation, plumbing, water, sewer, and solid waste disposal), and (iii) fire and safety, and (iv) other rules or standards that may present a barrier to the development, adoption, or implementation of an innovation designed to improve patient care, for a period not to exceed the duration of the current license or, in the case of an application for license renewal, the duration of the renewal period. The waiver may be conditioned upon the hospital taking action prescribed by the Department as a measure equivalent to compliance. In determining whether to grant or renew a waiver, the Department shall consider the duration and basis for any current waiver with respect to the same rule or standard and the validity and effect upon patient health and safety of extending it on the same basis, the effect upon the health and safety of patients, the quality of patient care, the hospital's history of compliance with the rules and standards of this Act, and the hospital's attempts to comply with the particular rule or standard in question. The Department may provide, by rule, for the automatic renewal of waivers concerning construction or physical plant requirements upon the renewal of a license. The Department shall renew waivers relating to construction or physical plant standards issued pursuant to this Section at the
time of the indicated reviews, unless it can show why such waivers should not be extended for the following reasons:

(1) the condition of the physical plant has deteriorated or its use substantially changed so that the basis upon which the waiver was issued is materially different; or

(2) the hospital is renovated or substantially remodeled in such a way as to permit compliance with the applicable rules and standards without substantial increase in cost.

A copy of each waiver application and each waiver granted or renewed shall be on file with the Department and available for public inspection.

The Department shall advise hospitals of any applicable federal waivers about which it is aware and for which the hospital may apply.

In the event that the Department does not grant or renew a waiver of a rule or standard, the Department must notify the hospital in writing detailing the specific reasons for not granting or renewing the waiver and must discuss possible options, if any, the hospital could take to have the waiver approved.

This Section shall apply to both new and existing construction.

(210 ILCS 85/9.3)

Sec. 9.3. Informal dispute resolution. The Department must offer an opportunity for informal dispute resolution concerning the application of building codes for new and existing construction and related Department rules and standards before the advisory committee under subsection (b) of Section 2310-560 of the Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois. Participants in this process must include representatives from the Department, representatives of the hospital, and additional representatives deemed appropriate by both parties with expertise regarding the contested deficiencies and the management of health care facilities. If the Department does not resolve disputed deficiencies after the informal dispute resolution process, the Department must provide a written explanation to the hospital of why the deficiencies have not been removed from the statement of deficiencies.

(210 ILCS 85/9.4 new)

Sec. 9.4. Findings, conclusions, and citations. The Department must consider any factual information offered by the hospital during the survey, inspection, or investigation, at daily status briefings, and in the exit briefing required under Section 9.2 before making final findings and conclusions or issuing citations. The Department must document receipt of such information. The Department must provide the hospital with written notice of its findings and conclusions within 10 days of the exit briefing required under Section 9.2. This notice must provide the following information: (i) identification of all deficiencies and areas of noncompliance with applicable law; (ii) identification of the applicable statutes,
rules, codes, or standards that were violated; and (iii) the factual basis for each deficiency or violation.

(210 ILCS 85/9.5 new)

Sec. 9.5. Reviewer quality improvement. The Department must implement a reviewer performance improvement program for hospital survey, inspection, and investigation staff. The Department must also, on a quarterly basis, assess whether its surveyors, inspectors, and investigators: (i) apply the same protocols and criteria consistently to substantially similar situations; (ii) reach similar findings and conclusions when reviewing substantially similar situations; (iii) conduct surveys, inspections, or investigations in a professional manner; and (iv) comply with the provisions of this Act. The Department must also implement continuing education programs for its surveyors, inspectors, and investigators pursuant to the findings of the performance improvement program.

Section 99. Effective date. This Act takes effect upon becoming law.

PUBLIC ACT 93-0042
(Senate Bill No. 1701)

AN ACT in relation to public employee benefits.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Pension Code is amended by changing Sections 5-167.5, 6-142.2, 8-164.1, and 11-160.1 and adding Sections 8-164.2 and 11-160.2 as follows:

(40 ILCS 5/5-167.5) (from Ch. 108 1/2, par. 5-167.5)

Sec. 5-167.5. Payments to city Group health benefit.
(a) For the purposes of this Section, "city annuitant" means a person receiving an age and service annuity, a widow's annuity, a child's annuity, or a minimum annuity under this Article as a direct result of previous employment by the City of Chicago ("the city").
(b) The board shall pay to the city, on behalf of the board's city annuitants who participate in any of the city's health care plans, the following amounts:

(1) From July 1, 2003 through June 30, 2008, $85 per month for each such annuitant who is not eligible to receive Medicare benefits and $55 per month for each such annuitant who is eligible to receive Medicare benefits.

(2) From July 1, 2008 through June 30, 2013, $95 per month for each such annuitant who is not eligible to receive Medicare benefits and $65 per month for each such annuitant who is eligible to receive Medicare benefits.
The payments described in this subsection shall be paid from the tax levy authorized under Section 5-168; such amounts shall be credited to the reserve for group hospital care and group medical and surgical plan benefits, and all payments to the city required under this subsection shall be charged against it.

(c) The city health care plans referred to in this Section and the board's payments to the city under this Section are not and shall not be construed to be pension or retirement benefits for the purposes of Section 5 of Article XIII of the Illinois Constitution of 1970.

(a) For the purposes of this Section: (1) "annuitant" means a person receiving an age and service annuity, a prior service annuity, a widow's annuity, a widow's prior service annuity, or a minimum annuity, under Article 5, 6, 8 or 11, by reason of previous employment by the City of Chicago (hereinafter, in this Section, "the city"); (2) "Medicare Plan annuitant" means an annuitant described in item (1) who is eligible for Medicare benefits; and (3) "non-Medicare Plan annuitant" means an annuitant described in item (1) who is not eligible for Medicare benefits.

(b) The city shall offer group health benefits to annuitants and their eligible dependents through June 30, 2003. The basic city health care plan available as of June 30, 1988 (hereinafter called the basic city plan) shall cease to be a plan offered by the city, except as specified in subparagraphs (4) and (5) below, and shall be closed to new enrollment or transfer of coverage for any non-Medicare Plan annuitant as of June 27, 1997. The city shall offer non-Medicare Plan annuitants and their eligible dependents the option of enrolling in its Annuitant Preferred Provider Plan and may offer additional plans for any annuitant. The city may amend, modify, or terminate any of its additional plans at its sole discretion. If the city offers more than one annuitant plan, the city shall allow annuitants to convert coverage from one city-annuitant plan to another, except the basic city-plan, during times designated by the city, which periods of time shall occur at least annually. For the period dating from June 27, 1997 through June 30, 2003, monthly premium rates may be increased for annuitants during the time of their participation in non-Medicare plans; except as provided in subparagraphs (1) through (4) of this subsection.

(1) For non-Medicare Plan annuitants who retired prior to January 1, 1988, the annuitant's share of monthly premium for non-Medicare Plan coverage only shall not exceed the highest premium rate chargeable under any city non-Medicare Plan annuitant coverage as of December 1, 1996.

(2) For non-Medicare Plan annuitants who retire on or after January 1, 1988, the annuitant's share of monthly premium for non-Medicare Plan coverage only shall be the rate in effect on December 1, 1996, with monthly premium increases to take effect no sooner than April 1, 1998 at the lower of (i) the premium rate determined pursuant to subsection (g) or (ii) 10% of the immediately previous month's rate for similar coverage.
(3) In no event shall any non-Medicare Plan annuitant's share of monthly premium for non-Medicare Plan coverage exceed 10% of the annuitant's monthly annuity:

(4) Non-Medicare Plan annuitants who are enrolled in the basic city plan as of July 1, 1998 may remain in the basic city plan, if they so choose, on the condition that they are not entitled to the caps on rates set forth in subparagraphs (1) through (3), and their premium rate shall be the rate determined in accordance with subsections (c) and (g):

(5) Medicare Plan annuitants who are currently enrolled in the basic city plan for Medicare eligible annuitants may remain in that plan, if they so choose, through June 30, 2003. Annuitants shall not be allowed to enroll in or transfer into the basic city plan for Medicare eligible annuitants on or after July 1, 1999. The city shall continue to offer annuitants a supplemental Medicare Plan for Medicare eligible annuitants through June 30, 2003, and the city may offer additional plans to Medicare eligible annuitants in its sole discretion. All Medicare Plan annuitant monthly rates shall be determined in accordance with subsections (c) and (g):

(c) The city shall pay 50% of the aggregated costs of the claims or premiums, whichever is applicable, as determined in accordance with subsection (g), of annuitants and their dependents under all health care plans offered by the city. The city may reduce its obligation by application of price reductions obtained as a result of financial arrangements with providers or plan administrators.

(d) From January 1, 1993 until June 30, 2003, the board shall pay to the city on behalf of each of the board's annuitants who chooses to participate in any of the city's plans the following amounts: up to a maximum of $75 per month for each such annuitant who is not qualified to receive Medicare benefits, and up to a maximum of $45 per month for each such annuitant who is qualified to receive Medicare benefits.

The payments described in this subsection shall be paid from the tax levy authorized under Section 5-168; such amounts shall be credited to the reserve for group hospital care and group medical and surgical plan benefits, and all payments to the city required under this subsection shall be charged against it.

(e) The city's obligations under subsections (b) and (c) shall terminate on June 30, 2003, except with regard to covered expenses incurred but not paid as of that date. This subsection shall not affect other obligations that may be imposed by law:

(f) The group coverage plans described in this Section are not and shall not be construed to be pension or retirement benefits for purposes of Section 5 of Article XIII of the Illinois Constitution of 1970.

(g) For each annuitant plan offered by the city, the aggregate cost of claims, as reflected in the claim records of the plan administrator, shall be estimated by the city, based upon a written determination by a qualified independent actuary to be appointed and paid by the city and the board. If the estimated annual cost for each annuitant plan offered

by the city is more than the estimated amount to be contributed by the city for that plan pursuant to subsections (b) and (c) during that year plus the estimated amounts to be paid pursuant to subsection (d) and by the other pension boards on behalf of other participating annuitants; the difference shall be paid by all annuitants participating in the plan, except as provided in subsection (b). The city, based upon the determination of the independent actuary, shall set the monthly amounts to be paid by the participating annuitants. The board may deduct the amounts to be paid by its annuitants from the participating annuitants' monthly annuities.

If it is determined from the city's annual audit, or from audited experience data, that the total amount paid by all participating annuitants was more or less than the difference between (1) the cost of providing the group health-care plans, and (2) the sum of the amount to be paid by the city as determined under subsection (e) and the amounts paid by all the pension boards, then the independent actuary and the city shall account for the excess or shortfall in the next year's payments by annuitants, except as provided in subsection (b):

(h) An annuitant may elect to terminate coverage in a plan at the end of any month, which election shall terminate the annuitant's obligation to contribute toward payment of the excess described in subsection (g):

(i) The city shall advise the board of all proposed premium increases for health care at least 75 days prior to the effective date of the change, and any increase shall be prospective only.

(h) An annuitant may elect to terminate coverage in a plan at the end of any month, which election shall terminate the annuitant's obligation to contribute toward payment of the excess described in subsection (g):

(i) The city shall advise the board of all proposed premium increases for health care at least 75 days prior to the effective date of the change, and any increase shall be prospective only.

Except as otherwise provided by law, the results of such test shall be kept strictly confidential by all medical personnel involved in the testing and must be personally delivered in a sealed envelope to the judge of the court in which the conviction was entered for the judge's inspection in camera. Acting in accordance with the best interests of the public, the judge shall have the discretion to determine to whom, if anyone, the results of the testing may be revealed. The court shall notify the defendant of a positive test showing an infection with the human immunodeficiency virus (HIV). The court shall provide information on the availability of HIV testing and counseling at Department of Public Health facilities to all parties to whom the results of the testing are revealed and shall direct the State's Attorney to provide the information to the victim when possible. The Prisoner Review Board shall revoke the mandatory supervised release of a defendant who wilfully fails to comply with this subsection (j-5) upon his or her release from confinement in a penal institution while serving a mandatory supervised release term; however, the inability of the defendant after making a good faith effort to obtain financial aid or pay for the educational training shall not be deemed a wilful failure to comply. The Prisoner Review Board shall recommit the defendant whose mandatory supervised release term has been revoked under this subsection (j-5) as provided in Section 3-3-9. This subsection (j-5) does not apply to a defendant who has a high school diploma or has successfully passed the GED test. (C) This subsection (l) does not apply to offenders who are subject to the provisions of paragraph (2) of subsection (a) of Section 3-6-3.

(D) Upon motion of the State's Attorney, if a defendant sentenced under this Section returns to the jurisdiction of the United States, the defendant shall be recommitted to the custody of the county from which he or she was sentenced. (House Bill No. 1031)

AN ACT in relation to State employees.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The State Employees Group Insurance Act of 1971 is amended by changing Section 6 as follows:

(5 ILCS 375/6) (from Ch. 127, par. 526)
Sec. 6. Program of health benefits.

(a) The program of health benefits shall provide for protection against the financial costs of health care expenses incurred in and out of hospital including basic hospital-surgical-medical coverages. The program may include, but shall not be limited to, such supplemental coverages as out-patient diagnostic X-ray and laboratory expenses, prescription drugs, dental services, hearing evaluations, hearing aids, the dispensing and fitting of hearing aids, and similar group benefits as are now or may become available. However, nothing in this Act shall be construed to permit, on or after July 1, 1980, the non-contributory portion of any such program to include the expenses of obtaining an abortion, induced miscarriage or induced premature birth unless, in the opinion of a physician, such procedures are necessary for the preservation of the life of the woman seeking such treatment, or except an induced premature birth intended to produce a live viable child and such procedure is necessary for the health of the mother or the unborn child. The program may also include coverage for those who rely on treatment by prayer or spiritual means

alone for healing in accordance with the tenets and practice of a recognized religious denomination.

The program of health benefits shall be designed by the Director (1) to provide a reasonable relationship between the benefits to be included and the expected distribution of expenses of each such type to be incurred by the covered members and dependents, (2) to specify, as covered benefits and as optional benefits, the medical services of practitioners in all categories licensed under the Medical Practice Act of 1987, (3) to include reasonable controls, which may include deductible and co-insurance provisions, applicable to some or all of the benefits, or a coordination of benefits provision, to prevent or minimize unnecessary utilization of the various hospital, surgical and medical expenses to be provided and to provide reasonable assurance of stability of the program, and (4) to provide benefits to the extent possible to members throughout the State, wherever located, on an equitable basis. Notwithstanding any other provision of this Section or Act, for all members or dependents who are eligible for benefits under Social Security or the Railroad Retirement system or who had sufficient Medicare-covered government employment, the Department shall reduce benefits which would otherwise be paid by Medicare, by the amount of benefits for which the member or dependents are eligible under Medicare, except that such reduction in benefits shall apply only to those members or dependents who (1) first become eligible for such medicare coverage on or after the effective date of this amendatory Act of 1992; or (2) are Medicare-eligible members or dependents of a local government unit which began participation in the program on or after July 1, 1992; or (3) remain eligible for but no longer receive Medicare coverage which they had been receiving on or after the effective date of this amendatory Act of 1992.

Notwithstanding any other provisions of this Act, where a covered member or dependents are eligible for benefits under the federal Medicare health insurance program (Title XVIII of the Social Security Act as added by Public Law 89-97, 89th Congress), benefits paid under the State of Illinois program or plan will be reduced by the amount of benefits paid by Medicare. For members or dependents who are eligible for benefits under Social Security or the Railroad Retirement system or who had sufficient Medicare-covered government employment, benefits shall be reduced by the amount for which the member or dependent is eligible under Medicare, except that such reduction in benefits shall apply only to those members or dependents who (1) first become eligible for such Medicare coverage on or after the effective date of this amendatory Act of 1992; or (2) are Medicare-eligible members or dependents of a local government unit which began participation in the program on or after July 1, 1992; or (3) remain eligible for, but no longer receive Medicare coverage which they had been receiving on or after the effective date of this amendatory Act of 1992. Premiums may be adjusted, where applicable, to an amount deemed by the Director to be reasonably consistent with any reduction of benefits.

annuity under Section 2-119 of the Illinois Pension Code, shall pay the premiums for coverage, not exceeding the amount paid by the State for the non-contributory coverage for other members, under the group health benefits program under this Act. The Director shall determine the premiums to be paid by a member under this subsection (b).

PUBLIC ACT 93-0048
(House Bill No. 1235)

AN ACT in relation to schools.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Sections 34-2.3, 34-2.4, 34-2.4a, and 34-8.1 as follows:

(105 ILCS 5/34-2.3) (from Ch. 122, par. 34-2.3)

Sec. 34-2.3. Local school councils - Powers and duties.

Each local school council shall have and exercise, consistent with the provisions of this Article and the powers and duties of the board of education, the following powers and duties:

1. (A) To annually evaluate the performance of the principal of the attendance center using a Board approved principal evaluation form, which shall include the evaluation of (i) student academic improvement, as defined by the school improvement plan, (ii) student absenteeism rates at the school, (iii) instructional leadership, (iv) the effective implementation of programs, policies, or strategies to improve student academic achievement, (v) school management, and (vi) any other factors deemed relevant by the local school council, including, without limitation, the principal's communication skills and ability to create and maintain a student-centered learning environment, to develop opportunities for professional development, and to encourage parental involvement and community partnerships to achieve school improvement;

(B) to determine in the manner provided by subsection (c) of Section 34-2.2 and subdivision 1.5 of this Section whether the performance contract of the principal shall be renewed; and

(C) to directly select, in the manner provided by subsection (c) of Section 34-2.2, a new principal (including a new principal to fill a vacancy) -- without submitting any list of candidates for that position to the general superintendent as provided in paragraph 2 of this Section -- to serve under a 4 year performance contract; provided that (i) the determination...
of whether the principal's performance contract is to be renewed, based upon the evaluation required by subdivision 1.5 of this Section, shall be made no later than 150 days prior to the expiration of the current performance-based contract of the principal, (ii) in cases where such performance contract is not renewed -- a direct selection of a new principal -- to serve under a 4 year performance contract shall be made by the local school council no later than 45 days prior to the expiration of the current performance contract of the principal, and (iii) a selection by the local school council of a new principal to fill a vacancy under a 4 year performance contract shall be made within 90 days after the date such vacancy occurs. A Council shall be required, if requested by the principal, to provide in writing the reasons for the council's not renewing the principal's contract.

1.5. The local school council's determination of whether to renew the principal's contract shall be based on an evaluation to assess the educational and administrative progress made at the school during the principal's current performance-based contract. The local school council shall base its evaluation on (i) student academic improvement, as defined by the school improvement plan, (ii) student absenteeism rates at the school, (iii) instructional leadership, (iv) the effective implementation of programs, policies, or strategies to improve student academic achievement, (v) school management, and (vi) any other factors deemed relevant by the local school council, including, without limitation, the principal's communication skills and ability to create and maintain a student-centered learning environment, to develop opportunities for professional development, and to encourage parental involvement and community partnerships to achieve school improvement. If a local school council fails to renew the performance contract of a principal rated by the general superintendent, or his or her designee, in the previous years' evaluations as meeting or exceeding expectations, the principal, within 15 days after the local school council's decision not to renew the contract, may request a review of the local school council's principal non-retention decision by a hearing officer appointed by the American Arbitration Association. A local school council member or members or the general superintendent may support the principal's request for review. During the period of the hearing officer's review of the local school council's decision on whether or not to retain the principal, the local school council shall maintain all authority to search for and contract with a person to serve as interim or acting principal, or as the principal of the attendance center under a 4-year performance contract, provided that any performance contract entered into by the local school council shall be voidable or modified in accordance with the decision of the hearing officer. The principal may request review only once while at that attendance center. If a local school council renews the contract of a principal who failed to obtain a rating of "meets" or "exceeds expectations" in the general superintendent's evaluation for the previous year, the general superintendent, within 15 days after the local school council's decision to renew the contract, may request a review of the local school council's principal retention decision by a hearing officer appointed by the American Arbitration Association. The general superintendent may request a review only
once for that principal at that attendance center. All requests to review the retention or non-retention of a principal shall be submitted to the general superintendent, who shall, in turn, forward such requests, within 14 days of receipt, to the American Arbitration Association. The general superintendent shall send a contemporaneous copy of the request that was forwarded to the American Arbitration Association to the principal and to each local school council member and shall inform the local school council of its rights and responsibilities under the arbitration process, including the local school council’s right to representation and the manner and process by which the Board shall pay the costs of the council’s representation. If the local school council retains the principal and the general superintendent requests a review of the retention decision, the local school council and the general superintendent shall be considered parties to the arbitration, a hearing officer shall be chosen between those 2 parties pursuant to procedures promulgated by the State Board of Education, and the principal may retain counsel and participate in the arbitration. If the local school council does not retain the principal and the principal requests a review of the retention decision, the local school council and the principal shall be considered parties to the arbitration and a hearing officer shall be chosen between those 2 parties pursuant to procedures promulgated by the State Board of Education. The hearing shall begin (i) within 45 days after the initial request for review is submitted by the principal to the general superintendent or (ii) if the initial request for review is made by the general superintendent, within 45 days after that request is mailed to the American Arbitration Association. The hearing officer shall render a decision within 45 days after the hearing begins and within 90 days after the initial request for review. The Board shall contract with the American Arbitration Association for all of the hearing officer's reasonable and necessary costs. In addition, the Board shall pay any reasonable costs incurred by a local school council for representation before a hearing officer.

1.10. The hearing officer shall conduct a hearing, which shall include (i) a review of the principal's performance, evaluations, and other evidence of the principal's service at the school, (ii) reasons provided by the local school council for its decision, and (iii) documentation evidencing views of interested persons, including, without limitation, students, parents, local school council members, school faculty and staff, the principal, the general superintendent or his or her designee, and members of the community. The burden of proof in establishing that the local school council's decision was arbitrary and capricious shall be on the party requesting the arbitration, and this party shall sustain the burden by a preponderance of the evidence. The hearing officer shall set the local school council decision aside if that decision, in light of the record developed at the hearing, is arbitrary and capricious. The decision of the hearing officer may not be appealed to the Board or the State Board of Education. If the hearing officer decides that the principal shall be retained, the retention period shall not exceed 2 years.

2. In the event (i) the local school council does not renew the performance contract of the principal, or the principal fails to receive a satisfactory rating as provided in
subsection (h) of Section 34-8.3, or the principal is removed for cause during the term of his or her performance contract in the manner provided by Section 34-85, or a vacancy in the position of principal otherwise occurs prior to the expiration of the term of a principal's performance contract, and (ii) the local school council fails to directly select a new principal to serve under a 4 year performance contract, the local school council in such event shall submit to the general superintendent a list of 3 candidates -- listed in the local school council's order of preference -- for the position of principal, one of which shall be selected by the general superintendent to serve as principal of the attendance center. If the general superintendent fails or refuses to select one of the candidates on the list to serve as principal within 30 days after being furnished with the candidate list, the general superintendent shall select and place a principal on an interim basis (i) for a period not to exceed one year or (ii) until the local school council selects a new principal with 7 affirmative votes as provided in subsection (c) of Section 34-2.2, whichever occurs first. If the local school council fails or refuses to select and appoint a new principal, as specified by subsection (c) of Section 34-2.2, the general superintendent may select and appoint a new principal on an interim basis for an additional year or until a new contract principal is selected by the local school council. There shall be no discrimination on the basis of race, sex, creed, color or disability unrelated to ability to perform in connection with the submission of candidates for, and the selection of a candidate to serve as principal of an attendance center. No person shall be directly selected, listed as a candidate for, or selected to serve as principal of an attendance center (i) if such person has been removed for cause from employment by the Board or (ii) if such person does not hold a valid administrative certificate issued or exchanged under Article 21 and endorsed as required by that Article for the position of principal. A principal whose performance contract is not renewed as provided under subsection (c) of Section 34-2.2 may nevertheless, if otherwise qualified and certified as herein provided and if he or she has received a satisfactory rating as provided in subsection (h) of Section 34-8.3, be included by a local school council as one of the 3 candidates listed in order of preference on any candidate list from which one person is to be selected to serve as principal of the attendance center under a new performance contract. The initial candidate list required to be submitted by a local school council to the general superintendent in cases where the local school council does not renew the performance contract of its principal and does not directly select a new principal to serve under a 4 year performance contract shall be submitted not later than 30 days prior to the expiration of the current performance contract. In cases where the local school council fails or refuses to submit the candidate list to the general superintendent no later than 30 days prior to the expiration of the incumbent principal's contract, the general superintendent may appoint a principal on an interim basis for a period not to exceed one year, during which time the local school council shall be able to select a new principal with 7 affirmative votes as provided in subsection (c) of Section 34-2.2. In cases where a principal is removed for cause or a vacancy otherwise occurs in the position of principal

New matter indicated by italics - deletions by strikeout
and the vacancy is not filled by direct selection by the local school council, the candidate list shall be submitted by the local school council to the general superintendent within 90 days after the date such removal or vacancy occurs. In cases where the local school council fails or refuses to submit the candidate list to the general superintendent within 90 days after the date of the vacancy, the general superintendent may appoint a principal on an interim basis for a period of one year, during which time the local school council shall be able to select a new principal with 7 affirmative votes as provided in subsection (c) of Section 34-2.2.

2.5. Whenever a vacancy in the office of a principal occurs for any reason, the vacancy shall be filled in the manner provided by this Section by the selection of a new principal to serve under a 4 year performance contract.

3. To establish additional criteria to be included as part of the performance contract of its principal, provided that such additional criteria shall not discriminate on the basis of race, sex, creed, color or disability unrelated to ability to perform, and shall not be inconsistent with the uniform 4 year performance contract for principals developed by the board as provided in Section 34-8.1 of the School Code or with other provisions of this Article governing the authority and responsibility of principals.

4. To approve the expenditure plan prepared by the principal with respect to all funds allocated and distributed to the attendance center by the Board. The expenditure plan shall be administered by the principal. Notwithstanding any other provision of this Act or any other law, any expenditure plan approved and administered under this Section 34-2.3 shall be consistent with and subject to the terms of any contract for services with a third party entered into by the Chicago School Reform Board of Trustees or the board under this Act.

Via a supermajority vote of 7 members of the local school council or 8 members of a high school local school council, the Council may transfer allocations pursuant to Section 34-2.3 within funds; provided that such a transfer is consistent with applicable law and collective bargaining agreements.

Beginning in fiscal year 1991 and in each fiscal year thereafter, the Board may reserve up to 1% of its total fiscal year budget for distribution on a prioritized basis to schools throughout the school system in order to assure adequate programs to meet the needs of special student populations as determined by the Board. This distribution shall take into account the needs catalogued in the Systemwide Plan and the various local school improvement plans of the local school councils. Information about these centrally funded programs shall be distributed to the local school councils so that their subsequent planning and programming will account for these provisions.

Beginning in fiscal year 1991 and in each fiscal year thereafter, from other amounts available in the applicable fiscal year budget, the board shall allocate a lump sum amount to each local school based upon such formula as the board shall determine taking into account the special needs of the student body. The local school principal shall develop an

expenditure plan in consultation with the local school council, the professional personnel leadership advisory committee and with all other school personnel, which reflects the priorities and activities as described in the school's local school improvement plan and is consistent with applicable law and collective bargaining agreements and with board policies and standards; however, the local school council shall have the right to request waivers of board policy from the board of education and waivers of employee collective bargaining agreements pursuant to Section 34-8.1a.

The expenditure plan developed by the principal with respect to amounts available from the fund for prioritized special needs programs and the allocated lump sum amount must be approved by the local school council.

The lump sum allocation shall take into account the following principles:

a. Teachers: Each school shall be allocated funds equal to the amount appropriated in the previous school year for compensation for teachers (regular grades kindergarten through 12th grade) plus whatever increases in compensation have been negotiated contractually or through longevity as provided in the negotiated agreement. (2) more than one year after the termination of any proceeding or action arising out of the same violation or violations by the State of Illinois, whichever is later.
(f) The remedies, duties, prohibitions, and penalties in this Act are not exclusive and are in addition to all other causes of action, remedies, and penalties provided by law.
(g) There is created in the State Treasury a special fund to be known as the Restricted Call Registry Fund. All fees and fines collected in the administration and

than the healthcare professional or healthcare provider claiming or asserting such lien prior to the service of such notice of lien shall, to the extent of the payment so made, bar or prevent the creation of an enforceable lien. Service shall be made by registered or certified mail or in person.

(c) All health care professionals and health care providers holding liens under this Act with respect to a particular injured person shall share proportionate amounts within the statutory limitation set forth in subsection (a). The statutory limitations under this Section may be waived or otherwise reduced only by the lienholder. No individual licensed category of health care professional (such as physicians) or health care provider (such as hospitals) as set forth in Section 5, however, may receive more than one-third of the verdict, judgment, award, settlement, or compromise secured by or on behalf of the injured person on his or her claim or right of action. If the total amount of all liens under this Act meets or exceeds 40% of the verdict, judgment, award, settlement, or compromise, then:

(1) all the liens of health care professionals shall not exceed 20% of the verdict, judgment, award, settlement, or compromise; and

(2) all the liens of health care providers shall not exceed 20% of the verdict, judgment, award, settlement, or compromise;

provided, however, that health care services liens shall be satisfied to the extent possible for all health care professionals and health care providers by reallocating the amount unused within the aggregate total limitation of 40% for all health care services liens under this Act; and provided further that the amounts of liens under paragraphs (1) and (2) are subject to the one-third limitation under this subsection.

If the total amount of all liens under this Act meets or exceeds 40% of the verdict, judgment, award, settlement, or compromise, the total amount of all the liens of attorneys under the Attorneys Lien Act shall not exceed 30% of the verdict, judgment, award, settlement, or compromise. If an appeal is taken by any party to a suit based on the claim or cause of action, however, the attorney's lien shall not be affected or limited by the provisions of this Act.

(d) If services furnished by health care professionals and health care providers are billed at one all-inclusive rate, the total reasonable charges for those services shall be reasonably allocated among the health care professionals and health care providers and treated as separate liens for purposes of this Act, including the filing of separate lien notices. For services provided under an all-inclusive rate, the liens of health care professionals and health care providers may be asserted by the entity that bills the all-inclusive rate.

(e) Payments under the liens shall be made directly to the health care professionals and health care providers. For services provided under an all-inclusive rate, payments under liens shall be made directly to the entity that bills the all-inclusive rate.

Section 15. Notice of judgment or award. A judgment, award, settlement, or compromise secured by or on behalf of an injured person may not be satisfied without the

injured person or his or her authorized representative first giving notice of the judgment, award, settlement, or compromise to the health care professional or health care provider that rendered a service in the treatment, care, or maintenance of the injured person and that has served a lien notice pursuant to subsection (b) of Section 10. The notice shall be in writing and served upon the lien holder or, in the case of a lien holder operated entirely by a unit of local government, upon the individual or entity authorized to receive service under Section 2-211 of the Code of Civil Procedure.

Section 20. Items to which lien attaches. The lien of a health care professional or health care provider under this Act shall, from and after the time of the service of the lien notice, attach to any verdict, judgment, award, settlement, or compromise secured by or on behalf of the injured person. If the verdict, judgment, award, settlement, or compromise is to be paid over time by means of an annuity or otherwise, any lien under this Act shall be satisfied by the party obligated to compensate the injured person to the fullest extent permitted by Section 10 before the establishment of the annuity or other extended payment mechanism.

Section 25. Examination of health care records.
(a) Upon written request by medical authorization signed by the patient or the patient's representative, or by subpoena, any party to a pending court action against whom a claim is asserted for damages resulting from injuries shall be permitted to examine the records of any health care professional or health care provider concerning the health care professional's or health care provider's treatment, care, or maintenance of the injured person. Within 20 days after receiving a written request by medical authorization signed by the patient or the patient's representative, or by subpoena, a health care professional or health care provider claiming a lien under this Act must furnish to the requesting party, or file with the clerk of the court in which the action is pending, all of the following:

   (1) A written statement of the nature and extent of the injuries sustained by the injured person.

   (2) A written statement of the nature and extent of the treatment, care, or maintenance given to or furnished for the injured person by the health care professional or health care provider.

   (3) A written statement of the history, if any, as given by the injured person, insofar as shown by the health care records, as to the manner in which the injuries were received.

(b) If a health care professional or health care provider fails or refuses to give or file a written statement in conformity with and as required by subsection (a) after being so requested in writing in conformity with subsection (a), the lien of that health care professional or health care provider under this Act shall immediately become null and void.

Section 30. Adjudication of rights. On petition filed by the injured person or the health care professional or health care provider and on the petitioner's written notice to all
interested adverse parties, the circuit court shall adjudicate the rights of all interested
parties and enforce their liens.

Section 35. Liens created under prior law. A lien validly created under the Clinical
Psychologists Lien Act, the Dentists Lien Act, the Emergency Medical Services Personnel
Lien Act, Home Health Agency Lien Act, the Hospital Lien Act, the Optometrists Lien
Act, the Physical Therapist Lien Act, or the Physicians Lien Act remains in full force and
effect on and after July 1, 2003. Such a lien shall be enforceable according to, and
otherwise governed by, the provisions of the Act or Code under which it was created, as

Section 40. Attorney's lien. Nothing in this Act shall affect the priority of any
attorney's lien under the Attorneys Lien Act.

Section 45. Amounts not recovered under lien. Nothing in this Act shall be
construed as limiting the right of a health care professional or health care provider, or
attorney, to pursue collection, through all available means, of its reasonable charges for the
services it furnishes to an injured person. Notwithstanding any other provision of law, a
lien holder may seek payment of the amount of its reasonable charges that remain not paid
after the satisfaction of its lien under this Act.

Section 900. The Attorneys Lien Act is amended by changing Section 1 as follows:
(770 ILCS 5/1) (from Ch. 13, par. 14)
Sec. 1. Attorneys at law shall have a lien upon all claims, demands and causes of
action, including all claims for unliquidated damages, which may be placed in their hands
by their clients for suit or collection, or upon which suit or action has been instituted, for
the amount of any fee which may have been agreed upon by and between such attorneys
and their clients, or, in the absence of such agreement, for a reasonable fee, for the services
of such suits, claims, demands or causes of action, plus costs and expenses. In the case of a
claim, demand, or cause of action with respect to which the total amount of all liens under
the Health Care Services Lien Act meets or exceeds 40% of the sum paid or due the injured
person, the total amount of all liens under this Act shall not exceed 30% of the sum paid or
due the injured person. All attorneys shall share proportionate amounts within this
statutory limitation. If an appeal is taken by any party to a suit based on the claim or cause
of action, however, the attorney's lien shall not be affected or limited by the provisions of
this Act.

To enforce such lien, such attorneys shall serve notice in writing, which service
may be made by registered or certified mail, upon the party against whom their clients may
have such suits, claims or causes of action, claiming such lien and stating therein the
interest they have in such suits, claims, demands or causes of action. Such lien shall attach
to any verdict, judgment or order entered and to any money or property which may be
recovered, on account of such suits, claims, demands or causes of action, from and after the
time of service of the notice. On petition filed by such attorneys or their clients any court of

*On the effective date of this amendatory Act of the 93rd General Assembly, or as soon as practicable thereafter, the State Comptroller shall order transferred and the State Treasurer shall transfer $3,000,000 from the Communications Revolving Fund to the Emergency Public Health Fund to be used for the purposes specified in Section 55.6a of the Environmental Protection Act.*

Section 10. The Environmental Protection Act is amended by changing Sections 55 and 55.8 and adding Section 55.6a as follows:

(415 ILCS 5/55) (from Ch. 111 1/2, par. 1055)

Sec. 55. Prohibited activities.

(a) No person shall:

1. Cause or allow the open dumping of any used or waste tire.
2. Cause or allow the open burning of any used or waste tire.
3. Except at a tire storage site which contains more than 50 used tires, cause or allow the storage of any used tire unless the tire is altered, reprocessed, converted, covered, or otherwise prevented from accumulating water.
4. Cause or allow the operation of a tire storage site except in compliance with Board regulations.
5. Abandon, dump or dispose of any used or waste tire on private or public property, except in a sanitary landfill approved by the Agency pursuant to regulations adopted by the Board.
6. Fail to submit required reports, tire removal agreements, or Board regulations.

(b) (Blank.)

(b-1) Beginning January 1, 1995, no person shall knowingly mix any used or waste tire, either whole or cut, with municipal waste, and no owner or operator of a sanitary landfill shall accept any used or waste tire for final disposal; except that used or waste tires, when separated from other waste, may be accepted if: (1) the sanitary landfill provides and maintains a means for shredding, slitting, or chopping whole tires and so treats whole tires and, if approved by the Agency in a permit issued under this Act, uses the used or waste tires for alternative uses, which may include on-site practices such as lining of roadways with tire scraps, alternative daily cover, or use in a leachate collection system or (2) the sanitary landfill, by its notification to the Illinois Industrial Materials Exchange Service, makes available the used or waste tire to an appropriate facility for reuse, reprocessing, or
converting, including use as an alternate energy fuel. If, within 30 days after notification to the Illinois Industrial Materials Exchange Service of the availability of waste tires, no specific request for the used or waste tires is received by the sanitary landfill, and the sanitary landfill determines it has no alternative use for those used or waste tires, the sanitary landfill may dispose of slit, chopped, or shredded used or waste tires in the sanitary landfill. In the event the physical condition of a used or waste tire makes shredding, slitting, chopping, reuse, reprocessing, or other alternative use of the used or waste tire impractical or infeasible, then the sanitary landfill, after authorization by the Agency, may accept the used or waste tire for disposal.

Sanitary landfills and facilities for reuse, reprocessing, or converting, including use as alternative fuel, shall (i) notify the Illinois Industrial Materials Exchange Service of the availability of and demand for used or waste tires and (ii) consult with the Department of Commerce and Community Affairs regarding the status of marketing of waste tires to facilities for reuse.

(c) On or before January 1, 1990, Any person who sells new or used tires at retail or operates a tire storage site or a tire disposal site which contains more than 50 used or waste tires shall give notice of such activity to the Agency. Any person engaging in such activity for the first time after January 1, 1990, shall give notice to the Agency within 30 days after the date of commencement of the activity. The form of such notice shall be specified by the Agency and shall be limited to information regarding the following:

(1) the name and address of the owner and operator;
(2) the name, address and location of the operation;
(3) the type of operations involving used and waste tires (storage, disposal, conversion or processing); and
(4) the number of used and waste tires present at the location.

(d) Beginning January 1, 1992, no person shall cause or allow the operation of:

(1) a tire storage site which contains more than 50 used tires, unless the owner or operator, by January 1, 1992 (or the January 1 following commencement of operation, whichever is later) and January 1 of each year thereafter, (i) registers the site with the Agency, (ii) certifies to the Agency that the site complies with any applicable standards adopted by the Board pursuant to Section 55.2, (iii) reports to the Agency the number of tires accumulated, the status of vector controls, and the actions taken to handle and process the tires, and (iv) pays the fee required under subsection (b) of Section 55.6; or

(2) a tire disposal site, unless the owner or operator (i) has received approval from the Agency after filing a tire removal agreement pursuant to Section 55.4, or (ii) has entered into a written agreement to participate in a consensual removal action under Section 55.3.

The Agency shall provide written forms for the annual registration and certification required under this subsection (d).

(e) No person shall cause or allow the storage, disposal, treatment or processing of any used or waste tire in violation of any regulation or standard adopted by the Board.

(f) No person shall arrange for the transportation of used or waste tires away from the site of generation with a person known to openly dump such tires.

(g) No person shall engage in any operation as a used or waste tire transporter except in compliance with Board regulations.

(h) No person shall cause or allow the combustion of any used or waste tire in an enclosed device unless a permit has been issued by the Agency authorizing such combustion pursuant to regulations adopted by the Board for the control of air pollution and consistent with the provisions of Section 9.4 of this Act.

(i) No person shall cause or allow the use of pesticides to treat tires except as prescribed by Board regulations.

(j) No person shall fail to comply with the terms of a tire removal agreement approved by the Agency pursuant to Section 55.4.

Sec. 55.6a. Emergency Public Health Fund.

(a) Beginning on July 1, 2003, moneys in the Emergency Public Health Fund, subject to appropriation, shall be allocated annually as follows: (i) $200,000 to the Department of Natural Resources for the purposes described in Section 55.6(c)(6) and (ii) subject to subsection (b) of this Section, all remaining amounts to the Department of Public Health to be used to make vector control grants and surveillance grants to the Cook County Department of Public Health (for areas of the County excluding the City of Chicago), to the City of Chicago health department, and to other certified local health departments. These grants shall be used for expenses related to West Nile Virus and other vector-borne diseases. The amount of each grant shall be based on population and need as supported by information submitted to the Department of Public Health. For the purposes of this Section, need shall be determined by the Department based primarily upon surveillance data and the number of positive human cases of West Nile Virus and other vector-borne diseases occurring during the preceding year and current year in the county or municipality seeking the grant.

(b) Beginning on July 31, 2003, on the last day of each month, the State Comptroller shall order transferred and the State Treasurer shall transfer the fees collected in the previous month pursuant to item (1.5) of subsection (a) of Section 55.8 from the Emergency Public Health Fund to the Communications Revolving Fund. These transfers shall continue until the cumulative total of the transfers is $3,000,000.

Sec. 55.8. Tire retailers.

(a) Beginning July 1, 1992, any person selling new or used tires at retail or offering new or used tires for retail sale in this State shall:

New matter indicated by italics - deletions by strikeout
(1) collect from retail customers a fee of one dollar per new and used tire sold and delivered in this State to be paid to the Department of Revenue and deposited into the Used Tire Management Fund, less a collection allowance of 10 cents per tire to be retained by the retail seller and a collection allowance of 10 cents per tire to be retained by the Department of Revenue and paid into the General Revenue Fund;

(1.5) beginning on July 1, 2003, collect from retail customers an additional 50 cents per new or used tire sold and delivered in this State. The money collected from this fee shall be deposited into the Emergency Public Health Fund. This fee shall no longer be collected beginning on January 1, 2008.

(2) accept for recycling used tires from customers, at the point of transfer, in a quantity equal to the number of new tires purchased; and

(3) post in a conspicuous place a written notice at least 8.5 by 11 inches in size that includes the universal recycling symbol and the following statements: "DO NOT put used tires in the trash."; "Recycle your used tires."; and "State law requires us to accept used tires for recycling, in exchange for new tires purchased.".

(b) A person who accepts used tires for recycling under subsection (a) shall not allow the tires to accumulate for periods of more than 90 days.

(c) The requirements of subsection (a) of this Section do not apply to mail order sales nor shall the retail sale of a motor vehicle be considered to be the sale of tires at retail or offering of tires for retail sale. Instead of filing returns, retailers of tires may remit the tire user fee of $1.00 per tire to their suppliers of tires if the supplier of tires is a registered retailer of tires and agrees or otherwise arranges to collect and remit the tire fee to the Department of Revenue, notwithstanding the fact that the sale of the tire is a sale for resale and not a sale at retail. A tire supplier who enters into such an arrangement with a tire retailer shall be liable for the tax on all tires sold to the tire retailer and must (i) provide the tire retailer with a receipt that separately reflects the tire tax collected from the retailer on each transaction and (ii) accept used tires for recycling from the retailer's customers. The tire supplier shall be entitled to the collection allowance of 10 cents per tire.

The retailer of the tires must maintain in its books and records evidence that the appropriate fee was paid to the tire supplier and that the tire supplier has agreed to remit the fee to the Department of Revenue for each tire sold by the retailer. Otherwise, the tire retailer shall be directly liable for the fee on all tires sold at retail. Tire retailers paying the fee to their suppliers are not entitled to the collection allowance of 10 cents per tire.

(d) The requirements of subsection (a) of this Section shall apply exclusively to tires to be used for vehicles defined in Section 1-217 of the Illinois Vehicle Code, aircraft tires, special mobile equipment, and implements of husbandry.

(e) The requirements of paragraph (1) of subsection (a) do not apply to the sale of reprocessed tires. For purposes of this Section, "reprocessed tire" means a used tire that has
been recapped, retreaded, or regrooved and that has not been placed on a vehicle wheel rim.

Section 99. Effective date. This Act takes effect upon becoming law.

PUBLIC ACT 93-0053
(Senate Bill No. 0383)

AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The School Code is amended by changing Section 1D-1 and adding Section 2-3.51a as follows:
(105 ILCS 5/1D-1)
Sec. 1D-1. Block grant funding.
(a) For fiscal year 1996 and each fiscal year thereafter, the State Board of Education shall award to a school district having a population exceeding 500,000 inhabitants a general education block grant and an educational services block grant, determined as provided in this Section, in lieu of distributing to the district separate State funding for the programs described in subsections (b) and (c). The provisions of this Section, however, do not apply to any federal funds that the district is entitled to receive. In accordance with Section 2-3.32, all block grants are subject to an audit. Therefore, block grant receipts and block grant expenditures shall be recorded to the appropriate fund code for the designated block grant.
(b) The general education block grant shall include the following programs: REI Initiative, Summer Bridges, Preschool At Risk, K-6 Comprehensive Arts, School Improvement Support, Urban Education, Scientific Literacy, Substance Abuse Prevention, Second Language Planning, Staff Development, Outcomes and Assessment, K-6 Reading Improvement, 7-12 Continued Reading Improvement, Truants' Optional Education, Hispanic Programs, Agriculture Education, Gifted Education, Parental Education, Prevention Initiative, Report Cards, and Criminal Background Investigations. Notwithstanding any other provision of law, all amounts paid under the general education block grant from State appropriations to a school district in a city having a population exceeding 500,000 inhabitants shall be appropriated and expended by the board of that district for any of the programs included in the block grant or any of the board's lawful purposes.
(c) The educational services block grant shall include the following programs: Bilingual, Regular and Vocational Transportation, State Lunch and Free Breakfast Program, Special Education (Personnel, Extraordinary, Transportation, Orphanage, Private Tuition), Summer School, Educational Service Centers, and Administrator's Academy. This subsection (c) does not relieve the district of its obligation to provide the services required under a program that is included within the educational services block grant. It is the intention of the General Assembly in enacting the provisions of this subsection (c) to relieve the district of the administrative burdens that impede efficiency and accompany single-program funding. The General Assembly encourages the board to pursue mandate waivers pursuant to Section 2-3.25g.

(d) For fiscal year 1996 and each fiscal year thereafter, the amount of the district's block grants shall be determined as follows: (i) with respect to each program that is included within each block grant, the district shall receive an amount equal to the same percentage of the current fiscal year appropriation made for that program as the percentage of the appropriation received by the district from the 1995 fiscal year appropriation made for that program, and (ii) the total amount that is due the district under the block grant shall be the aggregate of the amounts that the district is entitled to receive for the fiscal year with respect to each program that is included within the block grant that the State Board of Education shall award the district under this Section for that fiscal year. In the case of the Summer Bridges program, the amount of the district's block grant shall be equal to 44% of the amount of the current fiscal year appropriation made for that program.

(e) The district is not required to file any application or other claim in order to receive the block grants to which it is entitled under this Section. The State Board of Education shall make payments to the district of amounts due under the district's block grants on a schedule determined by the State Board of Education.

(f) A school district to which this Section applies shall report to the State Board of Education on its use of the block grants in such form and detail as the State Board of Education may specify.

(g) This paragraph provides for the treatment of block grants under Article 1C for purposes of calculating the amount of block grants for a district under this Section. Those block grants under Article 1C are, for this purpose, treated as included in the amount of appropriation for the various programs set forth in paragraph (b) above. The appropriation in each current fiscal year for each block grant under Article 1C shall be treated for these purposes as appropriations for the individual program included in that block grant. The proportion of each block grant so allocated to each such program included in it shall be the proportion which the appropriation for that program was of all appropriations for such purposes now in that block grant, in fiscal 1995.

Payments to the school district under this Section with respect to each program for which payments to school districts generally, as of the date of this amendatory Act of the 92nd General Assembly, are on a reimbursement basis shall continue to be made to the

district on a reimbursement basis, pursuant to the provisions of this Code governing those programs.

(h) Notwithstanding any other provision of law, any school district receiving a block grant under this Section may classify all or a portion of the funds that it receives in a particular fiscal year from any block grant authorized under this Code or from general State aid pursuant to Section 18-8.05 of this Code (other than supplemental general State aid) as funds received in connection with any funding program for which it is entitled to receive funds from the State in that fiscal year (including, without limitation, any funding program referred to in subsection (c) of this Section), regardless of the source or timing of the receipt. The district may not classify more funds as funds received in connection with the funding program than the district is entitled to receive in that fiscal year for that program. Any classification by a district must be made by a resolution of its board of education. The resolution must identify the amount of any block grant or general State aid to be classified under this subsection (h) and must specify the funding program to which the funds are to be treated as received in connection therewith. This resolution is controlling as to the classification of funds referenced therein. A certified copy of the resolution must be sent to the State Superintendent of Education. The resolution shall still take effect even though a copy of the resolution has not been sent to the State Superintendent of Education in a timely manner. No classification under this subsection (h) by a district shall affect the total amount or timing of money the district is entitled to receive under this Code. No classification under this subsection (h) by a district shall in any way relieve the district from or affect any requirements that otherwise would apply with respect to the block grant as provided in this Section, including any accounting of funds by source, reporting expenditures by original source and purpose, reporting requirements, or requirements of provision of services.

Sec. 2-3.51a. Continued Reading Improvement Block Grant Program. To improve the reading and study skills of children from seventh through twelfth grade in school districts. The State Board of Education is authorized to administer a Continued Reading Improvement Block Grant Program. As used in this Section, "school district" includes those schools designated as laboratory schools.

(a) Funds for the Continued Reading Improvement Block Grant Program shall be distributed to school districts on the following basis: 70% of moneys shall be awarded on the prior year's best 3 months average daily attendance and 30% shall be distributed on the number of economically disadvantaged (E.C.I.A. Chapter I) pupils in the district, provided that the State Board may distribute an amount not to exceed 2% of the moneys appropriated for the Continued Reading Improvement Block Grant Program for the purpose of providing teacher training and re-training in the teaching of reading. Program funds shall be distributed to school districts in 2 semi-annual installments, one payment on
or before October 30 and one payment prior to April 30 of each year. The State Board shall adopt any rules necessary for the implementation of this program.

(b) Continued Reading Improvement Block Grant Program funds shall be used by school districts in the following manner to support students in grades 7 through 12 who are reading significantly below grade level:

(1) to continue direct reading instruction for grades 7 through 12, focusing on the application of reading skills for understanding informational text;
(2) to focus on and to commit time and resources to the reading of rich literature;
(3) to conduct intense vocabulary, spelling, and related writing programs that promote better understanding of language and words;
(4) to provide professional development based on scientifically based research and best practices and delivered by providers approved by the State Board of Education; and
(5) to increase the availability of reading specialists and teacher aides trained in research-based reading intervention or improvement practices or both.

(c) Continued Reading Improvement Block Grant Program funds shall be made available to each eligible school district submitting an approved application developed by the State Board, beginning with the 2003-2004 school year. Applications shall include a proposed assessment method or methods for measuring student reading skills. Such methods may include the reading portion of State tests. At the end of each school year the district shall report assessment results to the State Board. Districts not demonstrating performance progress using an approved assessment method shall not be eligible for funding in the third or subsequent years until such progress is established.

(d) The State Superintendent of Education, in cooperation with the school districts participating in the program, shall annually report to the leadership of the General Assembly on the results of the Continued Reading Improvement Block Grant Program and the progress being made on improving the reading skills of students in grades 7 through 12.

(e) Grants under the Continued Reading Improvement Block Grant Program shall be awarded provided there is an appropriation for the program, and funding levels for each district shall be prorated according to the amount of the appropriation. Funding for the program established under Section 2-3.51 of this Code shall not be reduced in order to fund the Continued Reading Improvement Block Grant Program.

AN ACT regarding schools.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Section 18-12 as follows:

(105 ILCS 5/18-12) (from Ch. 122, par. 18-12)

Sec. 18-12. Dates for filing State aid claims. The school board of each school district shall require teachers, principals, or superintendents to furnish from records kept by them such data as it needs in preparing and certifying under oath or affirmation to the regional superintendent its school district report of claims provided in Sections 18-8.05 through 18-10 as required on blanks to be provided by the State Superintendent of Education. The district claim shall be based on the latest available equalized assessed valuation and tax rates, as provided in Section 18-8.05 and shall use the average daily attendance as determined by the method outlined in Section 18-8.05 and shall be certified and filed with the regional superintendent by June 21 for districts with an official school calendar end date before June 15 or within 2 weeks following the official school calendar end date for districts with a school year end date of June 15 or later. The regional superintendent shall certify and file with the State Superintendent of Education district State aid claims by July 1 for districts with an official school calendar end date before June 15 or no later than July 15 for districts with an official school calendar end date of June 15 or later. Failure to so file by these deadlines constitutes a forfeiture of the right to receive payment by the State until such claim is filed and vouchedered for payment. The regional superintendent of schools shall certify the county report of claims by July 15; and the State Superintendent of Education shall voucher for payment those claims to the State Comptroller as provided in Section 18-11.

Except as otherwise provided in this Section, if any school district fails to provide the minimum school term specified in Section 10-19, the State aid claim for that year shall be reduced by the State Superintendent of Education in an amount equivalent to .56818% for each day less than the number of days required by this Code.

If the State Superintendent of Education determines that the failure to provide the minimum school term was occasioned by an act or acts of God, or was occasioned by conditions beyond the control of the school district which posed a hazardous threat to the health and safety of pupils, the State aid claim need not be reduced.

If the State Superintendent of Education determines that the failure to provide the minimum school term was due to a school being closed on or after September 11, 2001 for more than one-half day of attendance due to a bioterrorism or terrorism threat that was investigated by a law enforcement agency, the State aid claim shall not be reduced.
If, during any school day, (i) a school district has provided at least one clock hour of instruction but must close the schools due to adverse weather conditions or due to a condition beyond the control of the school district that poses a hazardous threat to the health and safety of pupils prior to providing the minimum hours of instruction required for a full day of attendance, or (ii) the school district must delay the start of the school day due to adverse weather conditions and this delay prevents the district from providing the minimum hours of instruction required for a full day of attendance, the partial day of attendance may be counted as a full day of attendance. The partial day of attendance and the reasons therefor shall be certified in writing within a month of the closing or delayed start by the local school district superintendent to the Regional Superintendent of Schools for forwarding to the State Superintendent of Education for approval.

If a school building is ordered to be closed by the school board, in consultation with a local emergency response agency, due to a condition that poses a hazardous threat to the health and safety of pupils, then the school district shall have a grace period of 4 days in which the general State aid claim shall not be reduced so that alternative housing of the pupils may be located.

No exception to the requirement of providing a minimum school term may be approved by the State Superintendent of Education pursuant to this Section unless a school district has first used all emergency days provided for in its regular calendar.

If the State Superintendent of Education declares that an energy shortage exists during any part of the school year for the State or a designated portion of the State, a district may operate the school attendance centers within the district 4 days of the week during the time of the shortage by extending each existing school day by one clock hour of school work, and the State aid claim shall not be reduced, nor shall the employees of that district suffer any reduction in salary or benefits as a result thereof. A district may operate all attendance centers on this revised schedule, or may apply the schedule to selected attendance centers, taking into consideration such factors as pupil transportation schedules and patterns and sources of energy for individual attendance centers.

No State aid claim may be filed for any district unless the district superintendent or secretary of the school board executes and files with the State Superintendent of Education, in the method on forms prescribed by the Superintendent, certification a sworn statement that the district has complied with the requirements of Section 10-22.5 in regard to the nonsegregation of pupils on account of color, creed, race, sex or nationality.

No State aid claim may be filed for any district unless the district superintendent or secretary of the school board executes and files with the State Superintendent of Education, in the method on forms prescribed by the Superintendent, a sworn statement that to the best of his or her knowledge or belief the employing or assigning personnel have complied with Section 24-4 in all respects.

Electronically submitted State aid claims shall be submitted by duly authorized district or regional individuals over a secure network that is password protected. The
electronic submission of a State aid claim must be accompanied with an affirmation that all of the provisions of Sections 18-8.05 through 18-10, 10-22.5, and 24-4 of this Code are met in all respects.

(15 ILCS 405/10.05) (from Ch. 15, par. 210.05)

Sec. 10.05. Deductions from warrants; statement of reason for deduction. Whenever any person shall be entitled to a warrant or other payment from the treasury or other funds held by the State Treasurer, on any account, against whom there shall be any account or claim in favor of the State, then due and payable, the Comptroller, upon notification thereof, shall ascertain the amount due and payable to the State, as aforesaid, and draw a warrant on the treasury or on other funds held by the State Treasurer, stating the amount for which the party was entitled to a warrant or other payment, the amount deducted therefrom, and on what account, and directing the payment of the balance; which warrant or payment as so drawn shall be entered on the books of the Treasurer, and such balance only shall be paid. The Comptroller may deduct the entire amount due and payable to the State or may deduct a portion of the amount due and payable to the State in accordance with the request of the notifying agency. No request from a notifying agency for an amount to be deducted under this Section from a wage or salary payment, or from a contractual payment to an individual for personal services, shall exceed 25% of the net amount of such payment. "Net amount" means that part of the earnings of an individual remaining after deduction of any amounts required by law to be withheld. For purposes of this provision, wage, salary or other payments for personal services shall not include final compensation payments for the value of accrued vacation, overtime or sick leave. Whenever the Comptroller draws a warrant or makes a payment involving a deduction ordered under this Section, the Comptroller shall notify the payee and the State agency that submitted the voucher of the reason for the deduction and he or she shall retain a record of such statement in his or her records. As used in this Section, an "account or claim in favor of the State" includes all amounts owing to "State agencies" as defined in Section 7 of this Act. However, the Comptroller shall not be required to accept accounts or claims owing to funds not held by the State Treasurer, where such accounts or claims do not exceed $50, nor shall the Comptroller deduct from funds held by the State Treasurer under the Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act or for payments to institutions from the Illinois Prepaid Tuition Trust Fund (unless the Trust Fund moneys are used for child support). The Comptroller and the Department of the Lottery shall enter into an interagency agreement to establish responsibility, duties, and procedures relating to deductions from lottery prizes awarded under Section 20.1 of the Illinois Lottery Law.

Sec. 35. Illinois Prepaid Tuition Trust Fund.

(a) The Illinois Prepaid Tuition Trust Fund is created as the repository of all moneys received by the Commission in conjunction with the Illinois prepaid tuition program. The Illinois Prepaid Tuition Trust Fund also shall be the official repository of all contributions, appropriations, interest and dividend payments, gifts, or other financial assets received by the Commission in connection with operation of the Illinois prepaid tuition program. All such moneys shall be deposited in the Illinois Prepaid Tuition Trust Fund and held by the State Treasurer as ex-officio custodian thereof, outside of the State Treasury, separate and apart from all public moneys or funds of this State.

   All interest or other earnings accruing or received on amounts in the Illinois Prepaid Tuition Trust Fund shall be credited to and retained by the Fund. Moneys, interest, or other earnings paid into the Fund shall not be transferred or allocated by the Commission, the State Treasurer, or the State Comptroller to any other fund, nor shall the Governor authorize any such transfer or allocation, while any contracts are outstanding.

   The State Comptroller shall not offset moneys paid to institutions from the Illinois Prepaid Tuition Trust Fund (unless the Trust Fund moneys are used for child support). In addition, no moneys, interest, or other earnings paid into the Fund shall be used, temporarily or otherwise, for interfund borrowing or be otherwise used or appropriated except as expressly authorized in this Act.

   The Illinois Prepaid Tuition Trust Fund and each individual participant account that may be created in that Fund in conjunction with the Illinois prepaid tuition program shall be subject to audit in the same manner as funds and accounts belonging to the State of Illinois and shall be protected by the official bond given by the State Treasurer.

   (b) The Commission from time to time shall direct the State Treasurer to invest moneys in the Illinois Prepaid Tuition Trust Fund that are not needed for immediate disbursement, in accordance with provisions of the investment plan approved by the Commission.

   (c) The Executive Director of the Commission shall, at such times and in such amounts as shall be necessary, prepare and send to the State Comptroller vouchers requesting payment from the Illinois Prepaid Tuition Trust Fund for: (i) tuition and fee payments to MAP-eligible institutions on behalf of qualified beneficiaries of Illinois prepaid tuition contracts, and (ii) payments associated with administration of the Illinois prepaid tuition program.
(d) The Governor shall indicate in a separate document submitted concurrent with each annual State budget the estimated amount of moneys in the Illinois Prepaid Tuition Trust Fund which shall be necessary and sufficient, during that State fiscal year, to discharge all obligations anticipated under Illinois prepaid tuition contracts. The Governor also shall indicate in a separate document submitted concurrent with each annual State budget the amount of moneys from the Illinois Prepaid Tuition Trust Fund necessary to cover anticipated expenses associated with administration of the program. The Commission shall obtain concurrence from a nationally recognized actuary as to all amounts necessary for the program to meet its obligations. These amounts shall be certified annually to the Governor by the Commission no later than January 30.

During the first 18 months of operation of the Illinois prepaid tuition program, the Governor shall request an appropriation to the Commission from general funds sufficient to pay for start-up costs associated with establishment of the program. This appropriation constitutes a loan that shall be repaid to the General Revenue Fund within 5 years by the Commission from prepaid tuition program contributions. Subsequent program administrative costs shall be provided from reasonable fees and charges equitably assessed to purchasers of prepaid tuition contracts.

(e) If the Commission determines that there are insufficient moneys in the Illinois Prepaid Tuition Trust Fund to pay contractual obligations in the next succeeding fiscal year, the Commission shall certify the amount necessary to meet these obligations to the Board of Higher Education, the Governor, the President of the Senate, and the Speaker of the House of Representatives. (110 ILCS 979/45)

Sec. 45. Illinois prepaid tuition contracts.

(a) The Commission may enter into an Illinois prepaid tuition contract with a purchaser under which the Commission contracts on behalf of the State to pay full tuition and mandatory fees at an Illinois public university or Illinois community college for a qualified beneficiary to attend the MAP-eligible institution to which the qualified beneficiary is admitted. Each contract shall contain terms, conditions, and provisions that
the Commission determines to be necessary for ensuring the educational objectives and sustainable financial viability of the Illinois prepaid tuition program.

(b) Each contract shall have one designated purchaser and one designated qualified beneficiary. Unless otherwise specified in the contract, the purchaser owns the contract and retains any tax liability for its assets only until the first distribution of benefits. Once a partial benefit of the contract has been disbursed, any tax liability attributable to the contract and its assets becomes a tax liability of the qualified beneficiary, unless otherwise specified in the contract. Contracts shall be purchased in units of 15 credit hours at any MAP-eligible institution.

(c) Without exception, benefits may be received by a qualified beneficiary of an Illinois prepaid tuition contract no earlier than 3 years from the date the contract is purchased.

(d) A prepaid tuition contract shall contain, but is not limited to, provisions for (i) refunds or withdrawals in certain circumstances, with or without interest or penalties; (ii) conversion of the contract at the time of distribution from accrued prepayment value at one type of MAP-eligible institution to the accrued prepayment value at a different type of MAP-eligible institution; (iii) portability of the accrued value of the prepayment value for use at an out-of-state higher education institution; (iv) transferability of the contract benefits within the qualified beneficiary's immediate family; and (v) a specified benefit period during which the contract may be redeemed.

(e) Each Illinois prepaid tuition contract also shall contain, at minimum, all of the following:

(1) The amount of payment or payments and the number of payments required from a purchaser on behalf of a qualified beneficiary.

(2) The terms and conditions under which purchasers shall remit payments, including, but not limited to, the date or dates upon which each payment shall be due.

(3) Provisions for late payment charges and for default.

(4) Provisions for penalty fees payable incident to an authorized withdrawal.

(5) The name, date of birth, and social security number of the qualified beneficiary on whose behalf the contract is drawn and the terms and conditions under which the contract may be transferred to another qualified beneficiary.

(6) The name and social security number of any person who may terminate the contract, together with terms that specify whether the contract may be terminated by the purchaser, the qualified beneficiary, a specific designated person, or any combination of these persons.

(7) The terms and conditions under which a contract may be terminated, the name and social security number of the person entitled to any refund due as a result of the termination of the contract pursuant to those terms and conditions, and the method for determining the amount of a refund.

New matter indicated by italics - deletions by strikeout
(8) The time limitations, if any, within which the qualified beneficiary must claim his or her benefits through the program.

(9) Other terms and conditions determined by the Commission to be appropriate.

(f) In addition to the contract provisions set forth in subsection (e), each Illinois prepaid tuition contract shall include:

(1) The number of credit hours contracted by the purchaser.

(2) The type of MAP-eligible institution and the prepaid tuition plan toward which the credit hours shall be applied.

(3) The explicit contractual obligation of the Commission to the qualified beneficiary to provide a specific number of credit hours of undergraduate instruction at a MAP-eligible institution, not to exceed the maximum median number of credit hours required for the conferment of a degree that corresponds to the plan purchased on behalf of the qualified beneficiary.

(g) The Commission shall indicate by rule the conditions under which refunds are payable to a contract purchaser. Generally, no refund shall exceed the amount paid into the Illinois Prepaid Tuition Trust Fund by the purchaser. In the event that a contract is converted from a Public University Plan described in subsection (j) of this Section to a Community College Plan described in subsection (k) of this Section, the refund amount shall be reduced by the amount transferred to the Illinois community college on behalf of the qualified beneficiary. Except where the Commission may otherwise rule, refunds may exceed the amount paid into the Illinois Prepaid Tuition Trust Fund only under the following circumstances:

(1) If the qualified beneficiary is awarded a grant or scholarship at a public institution of higher education, the terms of which duplicate the benefits included in the Illinois prepaid tuition contract, then moneys paid for the purchase of the contract shall be returned to the purchaser, upon request, in semester installments that coincide with the matriculation by the qualified beneficiary, in an amount equal to the current cost of tuition and mandatory fees at the MAP-eligible institution where the qualified beneficiary is enrolled.

(1.5) If the qualified beneficiary is awarded a grant or scholarship while enrolled at either a MAP-eligible nonpublic institution of higher education or an eligible public or private out-of-state higher education institution, the terms of which duplicate the benefits included in the Illinois prepaid tuition contract, then money paid for the purchase of the contract shall be returned to the purchaser, upon request, in semester installments that coincide with the matriculation by the qualified beneficiary. The amount paid shall not exceed the current average mean-weighted credit hour value of the registration fees purchased under the contract.

New matter indicated by italics - deletions by strikeout
(2) In the event of the death or total disability of the qualified beneficiary, moneys paid for the purchase of the Illinois prepaid tuition contract shall be returned to the purchaser together with all accrued earnings.

(3) If an Illinois prepaid tuition contract is converted from a Public University Plan to a Community College Plan, then the amount refunded shall be the value of the original Illinois prepaid tuition contract minus the value of the contract after conversion.

No refund shall be authorized under an Illinois prepaid tuition contract for any semester partially attended but not completed.

The Commission, by rule, shall set forth specific procedures for making contract payments in conjunction with grants and scholarships awarded to contract beneficiaries.

Moneys paid into or out of the Illinois Prepaid Tuition Trust Fund by or on behalf of the purchaser or the qualified beneficiary of an Illinois prepaid tuition contract are exempt from all claims of creditors of the purchaser or beneficiary, so long as the contract has not been terminated.

The State or any State agency, county, municipality, or other political subdivision, by contract or collective bargaining agreement, may agree with any employee to remit payments toward the purchase of Illinois prepaid tuition contracts through payroll deductions made by the appropriate officer or officers of the entity making the payments. Such payments shall be held and administered in accordance with this Act.

(h) Nothing in this Act shall be construed as a promise or guarantee that a qualified beneficiary will be admitted to a MAP-eligible institution or to a particular MAP-eligible institution, will be allowed to continue enrollment at a MAP-eligible institution after admission, or will be graduated from a MAP-eligible institution.

(i) The Commission shall develop and make prepaid tuition contracts available under a minimum of at least 2 independent plans to be known as the Public University Plan and the Community College Plan.

Contracts shall be purchased in units of 15 credit hours at either an Illinois public university or an Illinois community college. The minimum purchase amount per qualified beneficiary shall be one unit or 15 credit hours. The maximum purchase amount shall be 9 units (or 135 credit hours) for the Public University Plan and 4 units (or 60 credit hours) for the Community College Plan.

(j) Public University Plan. Through the Public University Plan, the Illinois prepaid tuition contract shall provide prepaid registration fees, which include full tuition costs as well as mandatory fees, for a specified number of undergraduate credit hours, not to exceed the maximum number of credit hours required for the conference of a baccalaureate degree. In determining the cost of participation in the Public University Plan, the Commission shall reference the combined mean-weighted current registration fees from all Illinois public universities.

New matter indicated by italics - deletions by strikeout
In the event that a qualified beneficiary for whatever reason chooses to attend an Illinois community college, the qualified beneficiary may convert the average number of credit hours required for the conference of an associate degree from the Public University Plan to the Community College Plan and may retain the remaining Public University Plan credit hours or may request a refund for prepaid credit hours in excess of those required for conference of an associate degree. In determining the amount of any refund, the Commission also shall recognize the current relative credit hour cost of the 2 plans when making any conversion.

Qualified beneficiaries shall bear the cost of any laboratory or other non-mandatory fees associated with enrollment in specific courses. Qualified beneficiaries who are not Illinois residents shall bear the difference in cost between in-state registration fees guaranteed by the prepaid tuition contract and tuition and other charges assessed upon out-of-state students by the MAP-eligible institution.

(k) Community College Plan. Through the Community College Plan, the Illinois prepaid tuition contract shall provide prepaid registration fees, which include full tuition costs as well as mandatory fees, for a specified number of undergraduate credit hours, not to exceed the maximum number of credit hours required for the conference of an associate degree. In determining the cost of participation in the Community College Plan, the Commission shall reference the combined mean-weighted current registration fees from all Illinois community colleges.

In the event that a qualified beneficiary for whatever reason chooses to attend an Illinois public university, the qualified beneficiary's prepaid tuition contract shall be converted for use at that Illinois public university by referencing the current average mean-weighted credit hour value of registration fees at Illinois community colleges relative to the corresponding value of registration fees at Illinois public universities.

Qualified beneficiaries shall bear the cost of any laboratory or other non-mandatory fees associated with enrollment in specific courses. Qualified beneficiaries who are not Illinois residents shall bear the difference in cost between in-state registration fees guaranteed by the prepaid tuition contract and tuition and other charges assessed upon out-of-state students by the MAP-eligible institution.

(l) A qualified beneficiary may apply the benefits of any Illinois prepaid tuition contract toward a nonpublic institution of higher education. In the event that a qualified beneficiary for whatever reason chooses to attend a nonpublic institution of higher education, the qualified beneficiary's prepaid tuition contract shall be converted for use at that nonpublic institution of higher education by referencing the current average mean-weighted credit hour value of registration fees purchased under the contract. The Commission shall transfer, or cause to have transferred, this amount, less a transfer fee, to the nonpublic institution on behalf of the beneficiary. In the event that the cost of registration charged to the beneficiary at the nonpublic institution of higher education is

New matter indicated by italics - deletions by strikeout
less than the aggregate value of the Illinois prepaid tuition contract, any remaining amount shall be transferred in subsequent semesters until the transfer value is fully depleted.

(m) A qualified beneficiary may apply the benefits of any Illinois prepaid tuition contract toward an eligible out-of-state college or university. Institutional eligibility for out-of-state colleges and universities shall be determined by the Commission, but in making those determinations the Commission shall recognize that the benefits of an Illinois prepaid tuition contract may not be used at any postsecondary educational institution that is both operated for-profit and located outside of Illinois. In the event that a qualified beneficiary for whatever reason chooses to attend an eligible out-of-state college or university, the qualified beneficiary's prepaid tuition contract shall be converted for use at that college or university by referencing the current average mean-weighted credit hour value of registration fees purchased under the contract. The Commission shall transfer, or cause to have transferred, this amount, less a transfer fee, to the college or university on behalf of the beneficiary. In the event that the cost of registration charged to the beneficiary at the eligible out-of-state college or university is less than the aggregate value of the Illinois prepaid tuition contract, any remaining amount shall be transferred in subsequent semesters until the transfer value is fully depleted.

(n) Illinois prepaid tuition contracts may be purchased either by lump sum or by installments. All installment contracts shall be for 5 years, except that contracts that purchase at least 120 credit hours may be payable, by installments, over a 10-year period. No penalty shall be assessed for early payment of installment contracts.

(o) The Commission shall annually adjust the price of new contracts, in accordance with the annual changes in registration fees at Illinois public universities and community colleges.

(b) The restrictions contained in this Section shall not apply if:

(1) the corporation's original articles of incorporation contains a provision expressly electing not to be governed by this Section;

(2) the corporation, by action of its board of directors, adopts an amendment to its by-laws within 90 days of the effective date of this amendatory Act of 1989, expressly electing not to be governed by this Section, which amendment shall not be further amended by the board of directors;

(3) the corporation, by action of its shareholders, adopts an amendment to its articles of incorporation or by-laws expressly electing not to be governed by this Section, provided that, in addition to any other vote required by law, such amendment to the articles of incorporation or by-laws must be approved by the affirmative vote of a majority of the shares entitled to vote. An amendment adopted pursuant to this paragraph shall be effective immediately in the case of a corporation that both (i) has never had a class of voting shares that falls within any of the categories set out in paragraph (4) of this subsection (b) and (ii) has not elected by a provision in its original articles of incorporation or any amendment thereto to be governed by this Section. In all other cases, an amendment adopted pursuant to this paragraph shall not be effective until 12 months after the adoption of such amendment and shall not apply to any business combination between such corporation and any person who became an interested shareholder of such corporation on or prior to such adoption. A by-law amendment adopted pursuant to this paragraph shall not be further amended by the board of directors;

(4) the corporation does not have a class of voting shares that is (i) listed on a national securities exchange, (ii) authorized for quotation on the NASDAQ Stock Market or (iii) held of record by more than 2,000 shareholders, unless any of the foregoing results from action taken, directly or indirectly, by an interested shareholder or from a transaction in which a person becomes an interested shareholder;

(5) a shareholder becomes an interested shareholder inadvertently and (i) as soon as practicable divests itself of ownership of sufficient shares so that the shareholder ceases to be an interested shareholder and (ii) would not, at any time within the 3 year period immediately prior to a business combination between the corporation and such shareholder, have been an interested shareholder but for the inadvertent acquisition of ownership;

(6) the business combination is proposed prior to the consummation or abandonment of and subsequent to the earlier of the public announcement or the notice required hereunder of a proposed transaction which (i) constitutes one of the transactions described in the second sentence of this paragraph; (ii) is with or by a person who either was not an interested shareholder during the previous 3 years or who became an interested shareholder with the approval of the corporation's board of directors or during the period described in paragraph (7) of this subsection (b); and (iii) is approved or not opposed by a majority of the members of the board of directors then in office (but not less than 1) who were directors prior to any person becoming an interested shareholder during the previous 3 years or were recommended for election or elected to succeed such directors by a majority of such directors. The proposed transactions referred to in the preceding sentence are limited to (x) a merger or consolidation of the corporation (except for a merger in respect of which, pursuant to subsection (c) of Section 11.20 of this Act, no vote of the shareholders of the corporation is required); (y) a sale, lease, exchange, mortgage, pledge, transfer or other disposition (in one transaction or a series of transactions), whether as part of a dissolution or otherwise, of assets of the corporation or of any direct or indirect majority-owned subsidiary of the corporation (other than to any direct or indirect wholly-owned subsidiary or to the corporation) having an aggregate market value equal to 50% or more of either the aggregate market value of all of the assets of the corporation determined on a consolidated basis or the aggregate market value of all the outstanding shares of the corporation; or (z) a proposed tender or exchange offer for 50% or more of the outstanding voting shares of the corporation. The corporation shall give not less than 20 days notice to all interested shareholders prior to the consummation of any of the transactions described in clauses (x) or (y) of the second sentence of this paragraph; or

(7) The business combination is with an interested shareholder who became an interested shareholder at a time when the restrictions contained in this Section did not apply by reason of any of the paragraphs (1) through (4) of this subsection (b), provided, however, that this paragraph (7) shall not apply if, at the time the interested shareholder became an interested shareholder, the corporation's articles of incorporation contained a provision authorized by the last sentence of this subsection (b). Notwithstanding paragraphs (1), (2), (3) and (4) of this subsection and subparagraph (A) of paragraph (5) of subsection (c), any domestic corporation may elect by a provision of its original articles of incorporation or any amendment thereto to be governed by this Section, provided that any such amendment to the articles of incorporation shall not apply to restrict a business combination between the corporation and an interested shareholder of the corporation if the interested shareholder became such prior to the effective date of the amendment.

PUBLIC ACT 93-0078
(House Bill No. 0056)

AN ACT in relation to criminal law.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Unified Code of Corrections is amended by changing Section 5-2-4 as follows:

(730 ILCS 5/5-2-4) (from Ch. 38, par. 1005-2-4)

Sec. 5-2-4. Proceedings after Acquittal by Reason of Insanity.

(a) After a finding or verdict of not guilty by reason of insanity under Sections 104-25, 115-3 or 115-4 of The Code of Criminal Procedure of 1963, the defendant shall be ordered to the Department of Human Services for an evaluation as to whether he is subject to involuntary admission or in need of mental health services. The order shall specify whether the evaluation shall be conducted on an inpatient or outpatient basis. If the evaluation is to be conducted on an inpatient basis, the defendant shall be placed in a secure setting unless the Court determines that there are compelling reasons why such placement is not necessary. After the evaluation and during the period of time required to determine the appropriate placement, the defendant shall remain in jail. Upon completion of the placement process the sheriff shall be notified and shall transport the defendant to the designated facility.

The Department shall provide the Court with a report of its evaluation within 30 days of the date of this order. The Court shall hold a hearing as provided under the Mental Health and Developmental Disabilities Code to determine if the individual is: (a) subject to involuntary admission; (b) in need of mental health services on an inpatient basis; (c) in need of mental health services on an outpatient basis; (d) a person not in need of mental health services. The Court shall enter its findings.

If the defendant is found to be subject to involuntary admission or in need of mental health services on an inpatient care basis, the Court shall order the defendant to the Department of Human Services. The defendant shall be placed in a secure setting unless the Court determines that there are compelling reasons why such placement is not necessary. Such defendants placed in a secure setting shall not be permitted outside the

facility's housing unit unless escorted or accompanied by personnel of the Department of Human Services or with the prior approval of the Court for unsupervised on-grounds privileges as provided herein. Any defendant placed in a secure setting pursuant to this Section, transported to court hearings or other necessary appointments off facility grounds by personnel of the Department of Human Services, may be placed in security devices or otherwise secured during the period of transportation to assure secure transport of the defendant and the safety of Department of Human Services personnel and others. These security measures shall not constitute restraint as defined in the Mental Health and Developmental Disabilities Code. If the defendant is found to be in need of mental health services, but not on an inpatient care basis, the Court shall conditionally release the defendant, under such conditions as set forth in this Section as will reasonably assure the defendant's satisfactory progress in treatment or rehabilitation and the safety of the defendant or others. If the Court finds the person not in need of mental health services, then the Court shall order the defendant discharged from custody.

(1) Definitions: For the purposes of this Section:

(A) "Subject to involuntary admission" means: a defendant has been found not guilty by reason of insanity; and

(i) who is mentally ill and who because of his mental illness is reasonably expected to inflict serious physical harm upon himself or another in the near future; or

(ii) who is mentally ill and who because of his illness is unable to provide for his basic physical needs so as to guard himself from serious harm.

(B) "In need of mental health services on an inpatient basis" means: a defendant who has been found not guilty by reason of insanity who is not subject to involuntary admission but who is reasonably expected to inflict serious physical harm upon himself or another and who would benefit from inpatient care or is in need of inpatient care.

(C) "In need of mental health services on an outpatient basis" means: a defendant who has been found not guilty by reason of insanity who is not subject to involuntary admission or in need of mental health services on an inpatient basis, but is in need of outpatient care, drug and/or alcohol rehabilitation programs, community adjustment programs, individual, group, or family therapy, or chemotherapy.

(D) "Conditional Release" means: the release from either the custody of the Department of Human Services or the custody of the Court of a person who has been found not guilty by reason of insanity under such conditions as the Court may impose which reasonably assure the defendant's satisfactory progress in treatment or habilitation and the safety of the defendant and others. The Court shall consider such terms and conditions which may include, but need not be

limited to, outpatient care, alcoholic and drug rehabilitation programs, community adjustment programs, individual, group, family, and chemotherapy, periodic checks with the legal authorities and/or the Department of Human Services. The Court may order the Department of Human Services to provide care to any person conditionally released under this Section. The Department may contract with any public or private agency in order to discharge any responsibilities imposed under this Section. The Department shall monitor the provision of services to persons conditionally released under this Section and provide periodic reports to the Court concerning the services and the condition of the defendant. Whenever a person is conditionally released pursuant to this Section, the State's Attorney for the county in which the hearing is held shall designate in writing the name, telephone number, and address of a person employed by him or her who shall be notified in the event that either the reporting agency or the Department decides that the conditional release of the defendant should be revoked or modified pursuant to subsection (i) of this Section. The person or facility rendering the outpatient care shall be required to periodically report to the Court on the progress of the defendant. Such conditional release shall be for a period of five years. However, unless the defendant, the person or facility rendering the treatment, therapy, program or outpatient care, the Department, or the State's Attorney may petition the Court for an extension of the conditional release period for an additional 5 three years. Upon receipt of such a petition, the Court shall hold a hearing consistent with the provisions of this paragraph (a) and paragraph (f) of this Section, shall determine whether the defendant should continue to be subject to the terms of conditional release, and shall enter an order either extending the defendant's period of conditional release for an additional 5 three year period or discharging the defendant. Additional 5-year periods of conditional release may be ordered following a hearing as provided in this Section. However, in no event shall the defendant's period of conditional release continue beyond the maximum period of commitment ordered by the court pursuant to paragraph (b) of this Section exceed eight years. These provisions for extension of conditional release shall only apply to defendants conditionally released on or after the effective date of this amendatory Act of the 93rd General Assembly July 1, 1979. However the extension provisions of Public Act 83-1449 apply only to defendants charged with a forcible felony.

(E) "Facility director" means the chief officer of a mental health or developmental disabilities facility or his or her designee or the supervisor of a program of treatment or habilitation or his or her designee. "Designee" may include a physician, clinical psychologist, social worker, or nurse, or clinical professional counselor.

New matter indicated by italics - deletions by strikeout
(b) If the Court finds the defendant subject to involuntary admission or in need of mental health services on an inpatient basis, the admission, detention, care, treatment or habilitation, treatment plans, review proceedings, including review of treatment and treatment plans, and discharge of the defendant after such order shall be under the Mental Health and Developmental Disabilities Code, except that the initial order for admission of a defendant acquitted of a felony by reason of insanity shall be for an indefinite period of time. Such period of commitment shall not exceed the maximum length of time that the defendant would have been required to serve, less credit for good behavior, before becoming eligible for release had he been convicted of and received the maximum sentence for the most serious crime for which he has been acquitted by reason of insanity. The Court shall determine the maximum period of commitment by an appropriate order. During this period of time, the defendant shall not be permitted to be in the community in any manner, including but not limited to off-grounds privileges, with or without escort by personnel of the Department of Human Services, unsupervised on-grounds privileges, discharge or conditional or temporary release, except by a plan as provided in this Section. In no event shall a defendant's continued unauthorized absence be a basis for discharge. Not more than 30 days after admission and every 60 days thereafter so long as the initial order remains in effect, the facility director shall file a treatment plan report with the court and forward a copy of the treatment plan report to the clerk of the court, the State's Attorney, and the defendant's attorney, if the defendant is represented by counsel, or to a person authorized by the defendant under the Mental Health and Developmental Disabilities Confidentiality Act to be sent a copy of the report. The report shall include an opinion as to whether the defendant is currently subject to involuntary admission, in need of mental health services on an inpatient basis, or in need of mental health services on an outpatient basis. The report shall also summarize the basis for those findings and provide a current summary of the following items from the treatment plan: (1) an assessment of the defendant's treatment needs, (2) a description of the services recommended for treatment, (3) the goals of each type of element of service, (4) an anticipated timetable for the accomplishment of the goals, and (5) a designation of the qualified professional responsible for the implementation of the plan. The report may also include unsupervised on-grounds privileges, off-grounds privileges (with or without escort by personnel of the Department of Human Services), home visits and participation in work programs, but only where such privileges have been approved by specific court order, which order may include such conditions on the defendant as the Court may deem appropriate and necessary to reasonably assure the defendant's satisfactory progress in treatment and the safety of the defendant and others.

(c) Every defendant acquitted of a felony by reason of insanity and subsequently found to be subject to involuntary admission or in need of mental health services shall be represented by counsel in all proceedings under this Section and under the Mental Health and Developmental Disabilities Code.
(1) The Court shall appoint as counsel the public defender or an attorney licensed by this State.

(2) Upon filing with the Court of a verified statement of legal services rendered by the private attorney appointed pursuant to paragraph (1) of this subsection, the Court shall determine a reasonable fee for such services. If the defendant is unable to pay the fee, the Court shall enter an order upon the State to pay the entire fee or such amount as the defendant is unable to pay from funds appropriated by the General Assembly for that purpose.

(d) When the facility director determines that:

(1) the defendant is no longer subject to involuntary admission or in need of mental health services on an inpatient basis; and

(2) the defendant may be conditionally released because he or she is still in need of mental health services or that the defendant may be discharged as not in need of any mental health services; or

(3) the defendant no longer requires placement in a secure setting;

the facility director shall give written notice to the Court, State's Attorney and defense attorney. Such notice shall set forth in detail the basis for the recommendation of the facility director, and specify clearly the recommendations, if any, of the facility director, concerning conditional release. Any recommendation for conditional release shall include an evaluation of the defendant's need for psychotropic medication, what provisions should be made, if any, to ensure that the defendant will continue to receive psychotropic medication following discharge, and what provisions should be made to assure the safety of the defendant and others in the event the defendant is no longer receiving psychotropic medication. Within 30 days of the notification by the facility director, the Court shall set a hearing and make a finding as to whether the defendant is:

(i) subject to involuntary admission; or

(ii) in need of mental health services in the form of inpatient care; or

(iii) in need of mental health services but not subject to involuntary admission or inpatient care; or

(iv) no longer in need of mental health services; or

(v) no longer requires placement in a secure setting.

Upon finding by the Court, the Court shall enter its findings and such appropriate order as provided in subsection (a) of this Section.

(e) A defendant admitted pursuant to this Section, or any person on his behalf, may file a petition for treatment plan review, transfer to a non-secure setting within the Department of Human Services or discharge or conditional release under the standards of this Section in the Court which rendered the verdict. Upon receipt of a petition for treatment plan review, transfer to a non-secure setting or discharge or conditional release, the Court shall set a hearing to be held within 120 days. Thereafter, no new petition may be filed for 120 days without leave of the Court.
The Court shall direct that notice of the time and place of the hearing be
served upon the defendant, the facility director, the State's Attorney, and the defendant's
attorney. If requested by either the State or the defense or if the Court feels it is
appropriate, an impartial examination of the defendant by a psychiatrist or clinical
psychologist as defined in Section 1-103 of the Mental Health and Developmental
Disabilities Code who is not in the employ of the Department of Human Services shall be
ordered, and the report considered at the time of the hearing.

The findings of the Court shall be established by clear and convincing
evidence. The burden of proof and the burden of going forth with the evidence rest with the
defendant or any person on the defendant's behalf when a hearing is held to review the
determination of the facility director that the defendant should be transferred to a non-
secure setting, discharged, or conditionally released or when a hearing is held to review a
petition filed by or on behalf of the defendant. The evidence shall be presented in open
Court with the right of confrontation and cross-examination.

Before the court orders that the defendant be discharged or conditionally
released, it shall order the facility director to establish a discharge plan that includes a
plan for the defendant's shelter, support, and medication. If appropriate, the court shall
order that the facility director establish a program to train the defendant in self-medication
under standards established by the Department of Human Services. If the Court finds that
the defendant is no longer in need of mental health services it shall order the facility
director to discharge the defendant. If the Court finds that the defendant is in need of
mental health services, and no longer in need of inpatient care, it shall order the facility
director to release the defendant under such conditions as the Court deems appropriate and
as provided by this Section. Such conditional release shall be imposed for a period of five
years and shall be subject to later modification by the Court as provided by this Section. If
the Court finds that the defendant is subject to involuntary admission or in need of mental
health services on an inpatient basis, it shall order the facility director not to discharge or
release the defendant in accordance with paragraph (b) of this Section.

If within the period of the defendant's conditional release the State's Attorney
determines that the defendant has not fulfilled the conditions of his or her release, the
State's Attorney may petition the Court to revoke or modify the conditional release of the
defendant. Upon the filing of such petition the defendant may be remanded to the custody
of the Department, or to any other mental health facility designated by the Department,
pending the resolution of the petition. Nothing in this Section shall prevent the emergency
admission of a defendant pursuant to Article VI of Chapter III of the Mental Health and
Developmental Disabilities Code or the voluntary admission of the defendant pursuant to
Article IV of Chapter III of the Mental Health and Developmental Disabilities Code. If the
Court determines, after hearing evidence, that the defendant has not fulfilled the conditions
of release, the Court shall order a hearing to be held consistent with the provisions of
paragraph (f) and (g) of this Section. At such hearing, if the Court finds that the defendant

New matter indicated by italics - deletions by strikeout
is subject to involuntary admission or in need of mental health services on an inpatient basis, it shall enter an order remanding him or her to the Department of Human Services or other facility. If the defendant is remanded to the Department of Human Services, he or she shall be placed in a secure setting unless the Court determines that there are compelling reasons that such placement is not necessary. If the Court finds that the defendant continues to be in need of mental health services but not on an inpatient basis, it may modify the conditions of the original release in order to reasonably assure the defendant's satisfactory progress in treatment and his or her safety and the safety of others in accordance with the standards established in paragraph (1) (D) of subsection (a). In no event shall such conditional release be longer than eight years. Nothing in this Section shall limit a Court's contempt powers or any other powers of a Court.

(j) An order of admission under this Section does not affect the remedy of habeas corpus.

(k) In the event of a conflict between this Section and the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Confidentiality Act, the provisions of this Section shall govern.

(l) This amendatory Act shall apply to all persons who have been found not guilty by reason of insanity and who are presently committed to the Department of Mental Health and Developmental Disabilities (now the Department of Human Services).

(m) The Clerk of the Court shall, after the entry of an order of transfer to a non-secure setting of the Department of Human Services or discharge or conditional release, transmit a certified copy of the order to the Department of Human Services, and the sheriff of the county from which the defendant was admitted. In cases where the arrest of the defendant or the commission of the offense took place in any municipality with a population of more than 25,000 persons, The Clerk of the Court shall also transmit a certified copy of the order of discharge or conditional release to the Illinois Department of State Police, to the proper law enforcement agency for the said municipality where the offense took place, and to the sheriff of the county into which the defendant is conditionally discharged. The Illinois Department of State Police shall maintain a centralized record of discharged or conditionally released defendants while they are under court supervision for access and use of appropriate law enforcement agencies provided the municipality has requested such notice in writing.

(105 ILCS 5/21-14) (from Ch. 122, par. 21-14)
Sec. 21-14. Registration and renewal of certificates.
(a) A limited four-year certificate or a certificate issued after July 1, 1955, shall be renewable at its expiration or within 60 days thereafter by the county superintendent of schools having supervision and control over the school where the teacher is teaching upon certified evidence of meeting the requirements for renewal as required by this Act and prescribed by the State Board of Education in consultation with the State Teacher Certification Board. An elementary supervisory certificate shall not be renewed at the end of the first four-year period covered by the certificate unless the holder thereof has filed certified evidence with the State Teacher Certification Board that he has a master's degree or that he has earned 8 semester hours of credit in the field of educational administration and supervision in a recognized institution of higher learning. The holder shall continue to
earn 8 semester hours of credit each four-year period until such time as he has earned a master's degree.

All certificates not renewed or registered as herein provided shall lapse after a period of 5 years from the expiration of the last year of registration. Such certificates may be reinstated for a one year period upon payment of all accumulated registration fees. Such reinstated certificates shall only be renewed: (1) by earning 5 semester hours of credit in a recognized institution of higher learning in the field of professional education or in courses related to the holder's contractual teaching duties; or (2) by presenting evidence of holding a valid regular certificate of some other type. Any certificate may be voluntarily surrendered by the certificate holder. A voluntarily surrendered certificate shall be treated as a revoked certificate.

(b) When those teaching certificates issued before February 15, 2000 are renewed for the first time after February 15, 2000, all such teaching certificates shall be exchanged for Standard Teaching Certificates as provided in subsection (c) of Section 21-2. All Initial and Standard Teaching Certificates, including those issued to persons who previously held teaching certificates issued before February 15, 2000, shall be renewable under the conditions set forth in this subsection (b).

Initial Teaching Certificates are nonrenewable and are valid for 4 years of teaching. Standard Teaching Certificates are renewable every 5 years as provided in subsection (c) of Section 21-2 and subsection (c) of this Section. For purposes of this Section, "teaching" is defined as employment and performance of services in an Illinois public or State-operated elementary school, secondary school, or cooperative or joint agreement with a governing body or board of control, in a certificated teaching position, or a charter school operating in compliance with the Charter Schools Law.

(c) In compliance with subsection (c) of Section 21-2 of this Code, which provides that a Standard Teaching Certificate may be renewed by the State Teacher Certification Board based upon proof of continuing professional development, the State Board of Education and the State Teacher Certification Board shall jointly:

1. establish a procedure for renewing Standard Teaching Certificates, which shall include but not be limited to annual timelines for the renewal process and the components set forth in subsections (d) through (k) of this Section;
2. establish the standards for certificate renewal;
3. approve the providers of continuing professional development activities;
4. determine the maximum credit for each category of continuing professional development activities, based upon recommendations submitted by a continuing professional development activity task force, which shall consist of 6 staff members from the State Board of Education, appointed by the State Superintendent of Education, and 6 teacher representatives, 3 of whom are
selected by the Illinois Education Association and 3 of whom are selected by the Illinois Federation of Teachers;
(5) designate the type and amount of documentation required to show that continuing professional development activities have been completed; and
(6) provide, on a timely basis to all Illinois teachers, certificate holders, regional superintendents of schools, school districts, and others with an interest in continuing professional development, information about the standards and requirements established pursuant to this subsection (c).

(d) Any Standard Teaching Certificate held by an individual employed and performing services in an Illinois public or State-operated elementary school, secondary school, or cooperative or joint agreement with a governing body or board of control in a certificated teaching position or a charter school in compliance with the Charter Schools Law must be maintained Valid and Active through certificate renewal activities specified in the certificate renewal procedure established pursuant to subsection (c) of this Section, provided that a holder of a Valid and Active certificate who is only employed on either a part-time basis or day-to-day basis as a substitute teacher shall pay only the required registration fee to renew his or her certificate and maintain it as Valid and Active. All other Standard Teaching Certificates held may be maintained as Valid and Exempt through the registration process provided for in the certificate renewal procedure established pursuant to subsection (c) of this Section. A Valid and Exempt certificate must be immediately activated, through procedures developed jointly by the State Board of Education and the State Teacher Certification Board, upon the certificate holder becoming employed and performing services in an Illinois public or State-operated elementary school, secondary school, or cooperative or joint agreement with a governing body or board of control in a certificated teaching position or a charter school operating in compliance with the Charter Schools Law. A holder of a Valid and Exempt certificate may activate his or her certificate through procedures provided for in the certificate renewal procedure established pursuant to subsection (c) of this Section.

(e)(1) A Standard Teaching Certificate that has been maintained as Valid and Active for the 5 years of the certificate's validity shall be renewed as Valid and Active upon the certificate holder: (i) completing an advanced degree from an approved institution in an education-related field; (ii) completing at least 8 semester hours of coursework as described in subdivision (B) of paragraph (3) of this subsection (e); (iii) earning at least 24 continuing education units as described in subdivision (C) of paragraph (3) of this subsection (e); (iv) completing the National Board for Professional Teaching Standards process as described in subdivision (D) of paragraph (3) of this subsection (e); or (v) earning 120 continuing professional development units ("CPDU") as described in subdivision (E) of paragraph (3) of this subsection (e). The maximum continuing professional development units for each continuing professional development activity identified in subdivisions (F) through (J) of paragraph (3) of this subsection (e) shall be

jointly determined by the State Board of Education and the State Teacher Certification Board. If, however, the certificate holder has maintained the certificate as Valid and Exempt for a portion of the 5-year period of validity, the number of continuing professional development units needed to renew the certificate as Valid and Active shall be proportionately reduced by the amount of time the certificate was Valid and Exempt. Furthermore, if a certificate holder is employed and performs teaching services on a part-time basis for all or a portion of the certificate's 5-year period of validity, the number of continuing professional development units needed to renew the certificate as Valid and Active shall be reduced by 50% for the amount of time the certificate holder has been employed and performed teaching services on a part-time basis. Part-time shall be defined as less than 50% of the school day or school term.

Notwithstanding any other requirements to the contrary, if a Standard Teaching Certificate has been maintained as Valid and Active for the 5 years of the certificate's validity and the certificate holder has completed his or her certificate renewal plan before July 1, 2002, the certificate shall be renewed as Valid and Active.

(2) Each Valid and Active Standard Teaching Certificate holder shall develop a certificate renewal plan for satisfying the continuing professional development requirement provided for in subsection (c) of Section 21-2 of this Code. Certificate holders with multiple certificates shall develop a certificate renewal plan that addresses only that certificate or those certificates that are required of his or her certificated teaching position, if the certificate holder is employed and performing services in an Illinois public or State-operated elementary school, secondary school, or cooperative or joint agreement with a governing body or board of control, or that certificate or those certificates most closely related to his or her teaching position, if the certificate holder is employed in a charter school. (B) Develop the certificate holder's knowledge and skills in areas determined to be critical for all Illinois teachers, as defined by the State Board of Education, known as "State priorities".

(C) Address the knowledge, skills, and goals of the certificate holder's local school improvement plan, if the teacher is employed in an Illinois public or State-operated elementary school, secondary school, or cooperative or joint agreement with a governing body or board of control.

Each local professional development committee shall consist of at least 3 classroom teachers; one superintendent or chief administrator of the school district, charter school, or cooperative or joint agreement or his or her designee; and one at-large member who shall be either (i) a parent, (ii) a member of the business community, (iii) a community member, or (iv) an administrator, with preference given to an individual chosen from among those persons listed in items (i), (ii), and (iii) in order to secure representation of an interest not already represented on the committee. Except in a school district in a city

If mutually agreed upon by the school district, charter school, or governing body or board of control of a cooperative or joint agreement and its exclusive representative, if any, additional members may be added to a local professional development committee, provided that a majority of members are classroom teachers. Except in a school district in a city having a population exceeding 500,000, if additional members are added to a local professional development committee, the maximum number of certificate renewal plans for which the committee shall annually be responsible may be increased by 50 plans for each additional member, unless otherwise mutually agreed upon by the school district, charter school, or governing body or board of control of a cooperative or joint agreement and its exclusive representative, if any. The members of a local professional development committee shall select a chairperson. Local professional development committee meetings shall be scheduled so as not to interfere with committee members' regularly scheduled teaching duties, except when otherwise permitted by the policies of or agreed to or approved by the school district, charter school, or governing body or board of control of a cooperative or joint agreement, or its designee.

The board of education or governing board shall convene the first meeting of the local professional development committee. All actions taken by the local professional development committee shall require that a majority of committee members be present, and no committee action may be taken unless 50% or more of those present are teacher members.
The State Board of Education and the State Teacher Certification Board shall jointly provide local professional development committee members with a training manual, and the members shall certify that they have received and read the manual.

Notwithstanding any other provisions of this subsection (f), for a teacher employed and performing services in a nonpublic or State-operated elementary or secondary school, all references to a local professional development committee shall mean the regional superintendent of schools of the regional office of education for the geographic area where the teaching is done.

(g)(1) Each regional superintendent of schools shall review and concur or nonconcur with each recommendation for renewal or nonrenewal of a Standard Teaching Certificate he or she receives from a local professional development committee or, if a certificate holder appeals the recommendation to the regional professional development review committee, the recommendation for renewal or nonrenewal he or she receives from a regional professional development review committee and, within 14 days of receipt of the recommendation, shall provide the State Teacher Certification Board with verification of the following, if applicable:

(D) the certificate holder has appealed his or her local professional development committee's recommendation of nonrenewal to the regional professional development review committee and the result of that appeal;

(E) the regional superintendent of schools has concurred or nonconcurred with the local professional development committee's or regional professional development review committee's recommendation to renew or nonrenew the certificate holder's Standard Teaching Certificate and made a recommendation to that effect; and

(F) the established registration fee for the Standard Teaching Certificate has been paid. At the same time the regional superintendent of schools provides the State Teacher Certification Board with the notice required by this subsection (g), he or she shall also notify the certificate holder in writing that this notice has been provided to the State Teacher Certification Board, provided that if the notice provided by the regional superintendent of schools to the State Teacher Certification Board includes a recommendation of certificate nonrenewal, the

Each regional superintendent of schools shall establish a regional professional development review committee or committees for the purpose of advising the regional superintendent of schools, upon request, and handling certificate holder appeals. This committee shall consist of at least 4 classroom teachers, one non-administrative certificated educational employee, 2 administrators, and one at-large member who shall be either (i) a parent, (ii) a member of the business community, (iii) a community member, or (iv) an administrator, with preference given to an individual chosen from among those persons listed in items (i), (ii), and (iii) in order to secure representation of an interest not already represented on the committee. The teacher and non-administrative certificated educational employee members of the review committee shall be selected by their exclusive representative, if any, and the administrators and at-large member shall be selected by the regional superintendent of schools. A regional superintendent of schools may add additional members to the committee, provided that the same proportion of teachers to administrators and at-large members on the committee is maintained. Any additional teacher and non-administrative certificated educational employee members shall be selected by their exclusive representative, if any. Vacancies in positions on a regional professional development review committee shall be filled in the same manner as the original selections. Committee members shall serve staggered 3-year terms. All individuals selected to serve on regional professional development review committees must be known to demonstrate the best practices in teaching or their respective field of practice.

The exclusive representative responsible for choosing the individuals that serve on a regional professional development review committee shall notify each school district, charter school, or governing body or board of control of a cooperative or joint agreement employing the individuals chosen to serve and provide their names to the appropriate regional superintendent of schools. Regional professional development review committee meetings shall be scheduled so as not to interfere with the committee members' regularly scheduled teaching duties, except when otherwise permitted by the policies of or agreed to or approved by the school district, charter school, or governing body or board of control of a cooperative or joint agreement, or its designee, provided that the school district, charter school, or governing body or board of control shall not unreasonably withhold permission for a committee member to attend regional professional development review committee meetings.

The composition of each committee shall be the same as for a regional professional development review committee, except that members of the committee shall be jointly appointed by the board of education and the exclusive representative. All other provisions of this Section concerning regional professional development review committees shall apply to these committees.

The regional professional development review committee may require information in addition to that received from a certificate holder's local professional development committee or request that the certificate holder appear before it, shall either concur or nonconcur with a local professional development committee's recommendation of nonrenewal, and shall forward to the regional superintendent of schools its recommendation of renewal or nonrenewal. All actions taken by the regional professional development review committee shall require a quorum and be by a simple majority of those present and voting. A record of all votes shall be maintained. The committee shall have 45 days from receipt of a certificate holder's appeal to make its recommendation to the regional superintendent of schools.

The State Board of Education and the State Teacher Certification Board shall jointly provide regional professional development review committee members with a training manual, and the members shall be required to attend one training seminar sponsored jointly by the State Board of Education and the State Teacher Certification Board.

(h)(1) The State Teacher Certification Board shall review the regional superintendent of schools' recommendations to renew or nonrenew Standard Teaching Certificates and notify certificate holders in writing whether their certificates have been renewed or nonrenewed within 90 days of receipt of the recommendations, unless a certificate holder has appealed a regional superintendent of schools' recommendation of nonrenewal, as provided in paragraph (2) of this subsection (h). The State Teacher Certification Board shall verify that the certificate holder has met the renewal criteria set forth in paragraph (1) of subsection (g) of this Section.

(2) Each certificate holder shall have the right to appeal a regional superintendent of school's recommendation to nonrenew his or her Standard Teaching Certificate to the State Teacher Certification Board, within 14 days of receipt of notice that the decision has been sent to the State Teacher Certification Board, which shall hold an appeal hearing within 60 days of receipt of the appeal. When such an appeal is taken, the certificate holder's Standard Teaching Certificate shall continue to be valid until the appeal is finally determined. The State Teacher Certification Board shall review the regional superintendent of school's recommendation, the regional professional development review committee's recommendation, if any, and the local professional development committee's recommendation and all relevant documentation to verify whether the certificate holder has
met the renewal criteria set forth in paragraph (1) of subsection (g) of this Section. The State Teacher Certification Board may request that the certificate holder appear before it. All actions taken by the State Teacher Certification Board shall require a quorum and be by a simple majority of those present and voting. A record of all votes shall be maintained. The State Teacher Certification Board shall notify the certificate holder in writing, within 7 days of completing the review, whether his or her Standard Teaching Certificate has been renewed or nonrenewed, provided that if the State Teacher Certification Board determines to nonrenew a certificate, the written notice provided to the certificate holder shall be by certified mail, return receipt requested. All certificate renewal or nonrenewal decisions of the State Teacher Certification Board are final and subject to administrative review, as set forth in Section 21-24 of this Code.

(i) Holders of Master Teaching Certificates shall meet the same requirements and follow the same procedures as holders of Standard Teaching Certificates, except that their renewal cycle shall be as set forth in subsection (d) of Section 21-2 of this Code.

A holder of a teaching certificate endorsed as a speech-language pathologist who has been granted the Certificate of Clinical Competence by the American Speech-Language Hearing Association may renew his or her Standard Teaching Certificate pursuant to the 10-year renewal cycle set forth in subsection (d) of Section 21-2 of this Code.

(j) Holders of Valid and Exempt Standard and Master Teaching Certificates who are not employed and performing services in an Illinois public or State-operated elementary school, secondary school, or cooperative or joint agreement with a governing body or board of control, in a certificated teaching position, may voluntarily activate their certificates by developing and submitting a certificate renewal plan to the regional superintendent of schools of the regional office of education for the geographic area where their teaching is done, who, or whose designee, shall approve the plan and serve as the certificate holder's local professional development committee. These certificate holders shall follow the same renewal criteria and procedures as all other Standard and Master Teaching Certificate holders, except that their continuing professional development plans shall not be required to reflect or address the knowledge, skills, and goals of a local school improvement plan.

(k) Each school district, charter school, or cooperative or joint agreement shall be paid an annual amount of not less than $1,000, as determined by a formula based on the number of Standard Teaching and Master Teaching Certificate holders, subject to renewal and established by rule, not to exceed $1,000,000 annually for all school districts, charter schools, and cooperatives or joint agreements, for administrative costs associated with conducting the meetings of the local professional development committee, as determined in consultation with the committee. The campaign must include information about the sources of folic acid.

PUBLIC ACT 93-0085
(House Bill No. 0293)

AN ACT in relation to senior citizens.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
   Section 5. The Illinois Act on the Aging is amended by changing Section 4.02 as follows:
      (20 ILCS 105/4.02) (from Ch. 23, par. 6104.02)
   Sec. 4.02. The Department shall establish a program of services to prevent unnecessary institutionalization of persons age 60 and older in need of long term care or who are established as persons who suffer from Alzheimer's disease or a related disorder under the Alzheimer's Disease Assistance Act, thereby enabling them to remain in their own homes or in other living arrangements. Such preventive services, which may be coordinated with other programs for the aged and monitored by area agencies on aging in cooperation with the Department, may include, but are not limited to, any or all of the following:

      (a) home health services;
      (b) home nursing services;
      (c) homemaker services;
      (d) chore and housekeeping services;

   New matter indicated by italics - deletions by strikeout
(e) day care services;
(f) home-delivered meals;
(g) education in self-care;
(h) personal care services;
(i) adult day health services;
(j) habilitation services;
(k) respite care;
(l) other nonmedical social services that may enable the person to become self-supporting; or

(m) clearinghouse for information provided by senior citizen home owners who want to rent rooms to or share living space with other senior citizens.

The Department shall establish eligibility standards for such services taking into consideration the unique economic and social needs of the target population for whom they are to be provided. Such eligibility standards shall be based on the recipient's ability to pay for services; provided, however, that in determining the amount and nature of services for which a person may qualify, consideration shall not be given to the value of cash, property or other assets held in the name of the person's spouse pursuant to a written agreement dividing marital property into equal but separate shares or pursuant to a transfer of the person's interest in a home to his spouse, provided that the spouse's share of the marital property is not made available to the person seeking such services.

Beginning July 1, 2002, the Department shall require as a condition of eligibility that all financially eligible applicants and recipients apply for medical assistance under Article V of the Illinois Public Aid Code in accordance with rules promulgated by the Department.

The Department shall, in conjunction with the Department of Public Aid, seek appropriate amendments under Sections 1915 and 1924 of the Social Security Act. The purpose of the amendments shall be to extend eligibility for home and community based services under Sections 1915 and 1924 of the Social Security Act to persons who transfer to or for the benefit of a spouse those amounts of income and resources allowed under Section 1924 of the Social Security Act. Subject to the approval of such amendments, the Department shall extend the provisions of Section 5-4 of the Illinois Public Aid Code to persons who, but for the provision of home or community-based services, would require the level of care provided in an institution, as is provided for in federal law. Those persons no longer found to be eligible for receiving noninstitutional services due to changes in the eligibility criteria shall be given 60 days notice prior to actual termination. Those persons receiving notice of termination may contact the Department and request the determination be appealed at any time during the 60 day notice period. With the exception of the lengthened notice and time frame for the appeal request, the appeal process shall follow the normal procedure. In addition, each person affected regardless of the circumstances for discontinued eligibility shall be given notice and the opportunity to purchase the necessary

services through the Community Care Program. If the individual does not elect to purchase services, the Department shall advise the individual of alternative services. The target population identified for the purposes of this Section are persons age 60 and older with an identified service need. Priority shall be given to those who are at imminent risk of institutionalization. The services shall be provided to eligible persons age 60 and older to the extent that the cost of the services together with the other personal maintenance expenses of the persons are reasonably related to the standards established for care in a group facility appropriate to the person's condition. These non-institutional services, pilot projects or experimental facilities may be provided as part of or in addition to those authorized by federal law or those funded and administered by the Department of Human Services. The Departments of Human Services, Public Aid, Public Health, Veterans' Affairs, and Commerce and Community Affairs and other appropriate agencies of State, federal and local governments shall cooperate with the Department on Aging in the establishment and development of the non-institutional services. The Department shall require an annual audit from all chore/housekeeping and homemaker vendors contracting with the Department under this Section. The annual audit shall assure that each audited vendor's procedures are in compliance with Department's financial reporting guidelines requiring a 27% administrative cost split and a 73% employee wages and benefits cost split. The audit is a public record under the Freedom of Information Act. The Department shall execute, relative to the nursing home prescreening project, written inter-agency agreements with the Department of Human Services and the Department of Public Aid, to effect the following: (1) intake procedures and common eligibility criteria for those persons who are receiving non-institutional services; and (2) the establishment and development of non-institutional services in areas of the State where they are not currently available or are undeveloped. On and after July 1, 1996, all nursing home prescreenings for individuals 60 years of age or older shall be conducted by the Department.

The Department is authorized to establish a system of recipient copayment for services provided under this Section, such copayment to be based upon the recipient's ability to pay but in no case to exceed the actual cost of the services provided. Additionally, any portion of a person's income which is equal to or less than the federal poverty standard shall not be considered by the Department in determining the copayment. The level of such copayment shall be adjusted whenever necessary to reflect any change in the officially designated federal poverty standard.

The Department, or the Department's authorized representative, shall recover the amount of moneys expended for services provided to or in behalf of a person under this Section by a claim against the person's estate or against the estate of the person's surviving spouse, but no recovery may be had until after the death of the surviving spouse, if any, and then only at such time when there is no surviving child who is under age 21, blind, or permanently and totally disabled. This paragraph, however, shall not bar recovery, at the death of the person, of moneys for services provided to the person or in behalf of the

New matter indicated by italics - deletions by strikeout
person under this Section to which the person was not entitled; provided that such recovery shall not be enforced against any real estate while it is occupied as a homestead by the surviving spouse or other dependent, if no claims by other creditors have been filed against the estate, or, if such claims have been filed, they remain dormant for failure of prosecution or failure of the claimant to compel administration of the estate for the purpose of payment. This paragraph shall not bar recovery from the estate of a spouse, under Sections 1915 and 1924 of the Social Security Act and Section 5-4 of the Illinois Public Aid Code, who precedes a person receiving services under this Section in death. All moneys for services paid to or in behalf of the person under this Section shall be claimed for recovery from the deceased spouse's estate. "Homestead", as used in this paragraph, means the dwelling house and contiguous real estate occupied by a surviving spouse or relative, as defined by the rules and regulations of the Illinois Department of Public Aid, regardless of the value of the property.

The Department shall develop procedures to enhance availability of services on evenings, weekends, and on an emergency basis to meet the respite needs of caregivers. Procedures shall be developed to permit the utilization of services in successive blocks of 24 hours up to the monthly maximum established by the Department. Workers providing these services shall be appropriately trained.

Beginning on the effective date of this Amendatory Act of 1991, no person may perform chore/housekeeping and homemaker services under a program authorized by this Section unless that person has been issued a certificate of pre-service to do so by his or her employing agency. Information gathered to effect such certification shall include (i) the person's name, (ii) the date the person was hired by his or her current employer, and (iii) the training, including dates and levels. Persons engaged in the program authorized by this Section before the effective date of this amendatory Act of 1991 shall be issued a certificate of all pre- and in-service training from his or her employer upon submitting the necessary information. The employing agency shall be required to retain records of all staff pre- and in-service training, and shall provide such records to the Department upon request and upon termination of the employer's contract with the Department. In addition, the employing agency is responsible for the issuance of certifications of in-service training completed to their employees.

The Department is required to develop a system to ensure that persons working as homemakers and chore housekeepers receive increases in their wages when the federal minimum wage is increased by requiring vendors to certify that they are meeting the federal minimum wage statute for homemakers and chore housekeepers. An employer that cannot ensure that the minimum wage increase is being given to homemakers and chore housekeepers shall be denied any increase in reimbursement costs.

The Department on Aging and the Department of Human Services shall cooperate in the development and submission of an annual report on programs and services provided

under this Section. Such joint report shall be filed with the Governor and the General Assembly on or before September 30 each year.

The requirement for reporting to the General Assembly shall be satisfied by filing copies of the report with the Speaker, the Minority Leader and the Clerk of the House of Representatives and the President, the Minority Leader and the Secretary of the Senate and the Legislative Research Unit, as required by Section 3.1 of the General Assembly Organization Act and filing such additional copies with the State Government Report Distribution Center for the General Assembly as is required under paragraph (t) of Section 7 of the State Library Act.

Those persons previously found eligible for receiving non-institutional services whose services were discontinued under the Emergency Budget Act of Fiscal Year 1992, and who do not meet the eligibility standards in effect on or after July 1, 1992, shall remain ineligible on and after July 1, 1992. Those persons previously not required to cost-share and who were required to cost-share effective March 1, 1992, shall continue to meet cost-share requirements on and after July 1, 1992. Beginning July 1, 1992, all clients will be required to meet eligibility, cost-share, and other requirements and will have services discontinued or altered when they fail to meet these requirements.

Upon payment in full of a fine, charge, or court cost which has previously been reported under this Section as unpaid, the clerk of the court shall present the owner driver with a signed receipt containing the seal of the court indicating that the fine, charge, or cost has been paid in full, and shall forward immediately to the Secretary of State a notice stating that the fine, charge, or cost has been paid in full.

(c) Notwithstanding the receipt of a report from the clerk as prescribed in subsection (a), nothing in this Section is intended to place any responsibility upon the Secretary of State to provide independent notice to the owner driver of any potential action to disallow the renewal, reissue, or reinstatement of the owner's driver's driving privileges.

93rd General Assembly

Pursuant to Article IV, Section 9(d) of the Illinois Constitution of 1970, I hereby veto and return several appropriation items included in House Bill 2671, entitled “AN ACT making appropriations,” having taken the actions set forth below.

This veto message reduces the total appropriation in HB 2671 by $54,012,809, including reduction and item vetoes for substantive programs of $11,308,100 and a reduction of $42,704,719 in technical changes for reappropriations based upon the items’ June 30, 2003 unspent balances (reducing the reappropriations for actual spending through June 30, 2003). Included in this veto message is a partial reduction in funds added by the General Assembly to the Illinois Community College Board and the Illinois Student Assistance Commission. Despite these reductions, the MAP program will increase $6,000,000 over the FY03 appropriation and the Community College Base Operating grants will increase by $3,708,100.

Section 99. Effective date. This Act takes effect on July 1, 2003.
Approved with reduced and vetoed amounts July 3, 2003.
Final General Assembly action on reduced and vetoed amounts:
The Items having been reduced by the Governor and returned to the House on November 4, 2003, and having been restored by the House on November 6, 2003 and the Senate on November 19, 2003, by the vote of the required Constitutional majority of the members elected to each House, the items have been restored as provided for under Article IV, Sections 9 and 10 of the Constitution of the State of Illinois.

PUBLIC ACT 93-0091
(House Bill No. 2700)

July 3, 2003

To the Honorable Members of the Illinois House of Representatives
93rd General Assembly

Pursuant to Article IV, Section 9(d) of the Illinois Constitution of 1970, I hereby veto and return several appropriation items included in House Bill 2700, entitled “AN ACT making appropriations,” having taken the actions set forth below.

This veto message reduces the total appropriation in House Bill 2700 by $1,242,563,311, including reduction and item vetoes for substantive programs of $158,816,500, a reduction of $721,780,554 in technical changes for reappropriations based upon the items' June 30, 2003 unspent balance (reducing the reappropriations for actual spending through June 30,

2003), and a reduction of $361,966,257 for errors and items for which provisions are included in SB 1239, which is still under review.

These reductions include savings from the office of the Comptroller. I commend Dan Hynes for volunteering to reduce his budget by 7.5 percent. That reduction will help us set aside more money for schools, for hospitals, for public safety – money that helps working people and makes their lives better. Dan Hynes has long demonstrated a strong commitment to fiscal discipline and integrity, and his decision to voluntarily reduce his budget in these tough times underscores that commitment.

**Item Vetoes**

I hereby veto the following appropriations items:
