(55 ILCS 5/3-6020) (from Ch. 34, par. 3-6020)
Sec. 3-6020. Contempt of court; damages. The disobedience of any sheriff to perform the command of any warrant, process, order or judgment legally issued to him or her, shall be deemed a contempt of the court that issued the same, and may be punished accordingly; and he or she shall be liable to the party aggrieved for all damages occasioned thereby. except to the minimum extent necessary to comply with the circuit rules of assignment where the claim is filed. Relief, whether based on one or more counts, may be requested in the alternative. Prayers for relief which the allegations of the pleadings do not sustain may be objected to on motion or in the answering pleading. In actions for injury to the person, any complaint filed which contains an ad damnum, except to the minimum extent necessary to comply with the circuit rules of assignment where the claim is filed, shall, on motion of a defendant or on the court's own motion, be dismissed without prejudice. Except in case of default, the prayer for relief does not limit the relief obtainable, but where other relief is sought the court shall, by proper orders, and upon terms that may be just, protect the adverse party against prejudice by reason of surprise. In case of default, if relief is sought, whether by amendment, counterclaim, or otherwise, beyond that prayed in the pleading to which the party is in default, notice shall be given the defaulted party as provided by rule.

Nothing in this Section shall be construed as prohibiting the defendant from requesting of the plaintiff by interrogatory the amount of damages which will be sought.

AN ACT in relation to criminal law.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Unified Code of Corrections is amended by changing Section 5-6-1 as follows:

(730 ILCS 5/5-6-1) (from Ch. 38, par. 1005-6-1)

Sec. 5-6-1. Sentences of Probation and of Conditional Discharge and Disposition of Supervision. The General Assembly finds that in order to protect the public, the criminal justice system must compel compliance with the conditions of probation by responding to violations with swift, certain and fair punishments and intermediate sanctions. The Chief Judge of each circuit shall adopt a system of structured, intermediate sanctions for violations of the terms and conditions of a sentence of probation, conditional discharge or disposition of supervision.

(a) Except where specifically prohibited by other provisions of this Code, the court shall impose a sentence of probation or conditional discharge upon an offender

New matter indicated by italics - deletions by strikeout
unless, having regard to the nature and circumstance of the offense, and to the history, character and condition of the offender, the court is of the opinion that:

(1) his imprisonment or periodic imprisonment is necessary for the protection of the public; or

(2) probation or conditional discharge would deprecate the seriousness of the offender's conduct and would be inconsistent with the ends of justice.

The court shall impose as a condition of a sentence of probation, conditional discharge, or supervision, that the probation agency may invoke any sanction from the list of intermediate sanctions adopted by the chief judge of the circuit court for violations of the terms and conditions of the sentence of probation, conditional discharge, or supervision, subject to the provisions of Section 5-6-4 of this Act.

(b) The court may impose a sentence of conditional discharge for an offense if the court is of the opinion that neither a sentence of imprisonment nor of periodic imprisonment nor of probation supervision is appropriate.

(c) The court may, upon a plea of guilty or a stipulation by the defendant of the facts supporting the charge or a finding of guilt, defer further proceedings and the imposition of a sentence, and enter an order for supervision of the defendant, if the defendant is not charged with: (i) a Class A misdemeanor, as defined by the following provisions of the Criminal Code of 1961: Sections 12-3.2; 12-15; 26-5; 31-1; 31-6; 31-7; subsections (b) and (c) of Section 21-1; paragraph (1) through (5), (8), (10), and (11) of subsection (a) of Section 24-1; and Section 1 of the Boarding Aircraft With Weapon Act; (ii) a Class A misdemeanor violation of Section 3.01, 3.03-1, or 4.01 of the Humane Care for Animals Act; or (iii) a felony. If the defendant is not barred from receiving an order for supervision as provided in this subsection, the court may enter an order for supervision after considering the circumstances of the offense, and the history, character and condition of the offender, if the court is of the opinion that:

(1) the offender is not likely to commit further crimes;

(2) the defendant and the public would be best served if the defendant were not to receive a criminal record; and

(3) in the best interests of justice an order of supervision is more appropriate than a sentence otherwise permitted under this Code.

(d) The provisions of paragraph (c) shall not apply to a defendant charged with violating Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance when the defendant has previously been:

(1) convicted for a violation of Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance or any similar law or ordinance of another state; or

The court shall consider the statement of the prosecuting authority with regard to the standards set forth in this Section.

(e) The provisions of paragraph (c) shall not apply to a defendant charged with violating Section 16A-3 of the Criminal Code of 1961 if said defendant has within the last 5 years been:

(g) Except as otherwise provided in paragraph (i) of this Section, the provisions of paragraph (c) shall not apply to a defendant charged with violating Section 3-707, 3-708, 3-710, or 5-401.3 of the Illinois Vehicle Code or a similar provision of a local ordinance if the defendant has within the last 5 years been:

PUBLIC ACT 93-0394
(Senate Bill No. 0211)

AN ACT in relation to criminal law.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Criminal Code of 1961 is amended by adding Section 17-1b as follows:
(720 ILCS 5/17-1b new)

Sec. 17-1b. State's Attorney's bad check diversion program.

New matter indicated by italics - deletions by strikeout
(a) In this Section:
"Offender" means a person charged with, or for whom probable cause exists to charge the person with, deceptive practices.
"Pretrial diversion" means the decision of a prosecutor to refer an offender to a diversion program on condition that the criminal charges against the offender will be dismissed after a specified period of time, or the case will not be charged, if the offender successfully completes the program.
"Restitution" means all amounts payable to a victim of deceptive practices under the bad check diversion program created under this Section, including the amount of the check and any transaction fees payable to a victim as set forth in subsection (g) but does not include amounts recoverable under Section 3-806 of the Uniform Commercial Code and Section 17-1a of this Code.

(b) A State's Attorney may create within his or her office a bad check diversion program for offenders who agree to voluntarily participate in the program instead of undergoing prosecution. The program may be conducted by the State's Attorney or by a private entity under contract with the State's Attorney. If the State's Attorney contracts with a private entity to perform any services in operating the program, the entity shall operate under the supervision, direction, and control of the State's Attorney. Any private entity providing services under this Section is not a "collection agency" as that term is defined under the Collection Agency Act.

(c) If an offender is referred to the State's Attorney, the State's Attorney may determine whether the offender is appropriate for acceptance in the program. The State's Attorney may consider, but shall not be limited to consideration of, the following factors:
(1) the amount of the check that was drawn or passed;
(2) prior referrals of the offender to the program;
(3) whether other charges of deceptive practices are pending against the offender;
(4) the evidence presented to the State's Attorney regarding the facts and circumstances of the incident;
(5) the offender's criminal history; and
(6) the reason the check was dishonored by the financial institution.

(d) The bad check diversion program may require an offender to do one or more of the following:
(i) pay for, at his or her own expense, and successfully complete an educational class held by the State's Attorney or a private entity under contract with the State's Attorney;
(ii) make full restitution for the offense;
(iii) pay a per-check administrative fee as set forth in this Section.

(e) If an offender is diverted to the program, the State's Attorney shall agree in writing not to prosecute the offender upon the offender's successful completion of the
program conditions. The State's Attorney's agreement to divert the offender shall specify the offenses that will not be prosecuted by identifying the checks involved in the transactions.

(f) The State's Attorney, or private entity under contract with the State's Attorney, may collect a fee from an offender diverted to the State's Attorney's bad check diversion program. This fee may be deposited in a bank account maintained by the State's Attorney for the purpose of depositing fees and paying the expenses of the program. The State's Attorney may require that the fee be paid directly to a private entity that administers the program under a contract with the State's Attorney. The amount of the administrative fees collected by the State's Attorney under the program may not exceed $35 per check. The county board may, however, by ordinance, increase the fees allowed by this Section if the increase is justified by an acceptable cost study showing that the fees allowed by this Section are not sufficient to cover the cost of providing the service.

(g) (1) The private entity shall be required to maintain adequate general liability insurance of $1,000,000 per occurrence as well as adequate coverage for potential loss resulting from employee dishonesty. The State's Attorney may require a surety bond payable to the State's Attorney if in the State's Attorney's opinion it is determined that the private entity is not adequately insured or funded.

(2) (A) Each private entity that has a contract with the State's Attorney to conduct a bad check diversion program shall at all times maintain a separate bank account in which all moneys received from the offenders participating in the program shall be deposited, referred to as a "Trust Account", except that negotiable instruments received may be forwarded directly to a victim of the deceptive practice committed by the offender if that procedure is provided for by a writing executed by the victim. Moneys received shall be so deposited within 5 business days after posting to the private entity's books of account. There shall be sufficient funds in the trust account at all times to pay the victims the amount due them.

(B) The trust account shall be established in a bank, savings and loan association, or other recognized depository which is federally or State insured or otherwise secured as defined by rule. If the account is interest bearing, the private entity shall pay to the victim interest earned on funds on deposit after the 60th day.

(C) Each private entity shall keep on file the name of the bank, savings and loan association, or other recognized depository in which each trust account is maintained, the name of each trust account, and the names of the persons authorized to withdraw funds from each account. The private entity, within 30 days of the time of a change of depository or person authorized to make withdrawal, shall update its files to reflect that change. An examination and audit of a private entity's trust accounts may be made.
by the State's Attorney as the State's Attorney deems appropriate. A trust account financial report shall be submitted annually on forms acceptable to the State's Attorney.

(3) The State's Attorney may cancel a contract entered into with a private entity under this Section for any one or any combination of the following causes:

(A) Conviction of the private entity or the principals of the private entity of any crime under the laws of any U.S. jurisdiction which is a felony, a misdemeanor an essential element of which is dishonesty, or of any crime which directly relates to the practice of the profession.

(B) A determination that the private entity has engaged in conduct prohibited in item (4).

(4) The State's Attorney may determine whether the private entity has engaged in the following prohibited conduct:

(A) Using or threatening to use force or violence to cause physical harm to an offender, his or her family, or his or her property.

(B) Threatening the seizure, attachment, or sale of an offender's property where such action can only be taken pursuant to court order without disclosing that prior court proceedings are required.

(C) Disclosing or threatening to disclose information adversely affecting an offender's reputation for creditworthiness with knowledge the information is false.

(D) Initiating or threatening to initiate communication with an offender's employer unless there has been a default of the payment of the obligation for at least 30 days and at least 5 days prior written notice, to the last known address of the offender, of the intention to communicate with the employer has been given to the employee, except as expressly permitted by law or court order.

(E) Communicating with the offender or any member of the offender's family at such a time of day or night and with such frequency as to constitute harassment of the offender or any member of the offender's family. For purposes of this clause (E) the following conduct shall constitute harassment:

(i) Communicating with the offender or any member of his or her family at any unusual time or place or a time or place known or which should be known to be inconvenient to the offender. In the absence of knowledge of circumstances to the contrary, a private entity shall assume that the convenient time for communicating with a consumer is after 8 o'clock a.m. and before 9 o'clock p.m. local time at the offender's residence.

(ii) The threat of publication or publication of a list of offenders who allegedly refuse to pay restitution, except by the State's Attorney.

(iii) The threat of advertisement or advertisement for sale of any restitution to coerce payment of the restitution.

(iv) Causing a telephone to ring or engaging any person in telephone conversation repeatedly or continuously with intent to annoy, abuse, or harass any person at the called number.

(v) Using profane, obscene or abusive language in communicating with an offender, his or her family, or others.

(vi) Disclosing or threatening to disclose information relating to an offender's case to any other person except the victim and appropriate law enforcement personnel.

(vii) Disclosing or threatening to disclose information concerning the alleged criminal act which the private entity knows to be reasonably disputed by the offender without disclosing the fact that the offender disputes the accusation.

(viii) Engaging in any conduct which the State's Attorney finds was intended to cause and did cause mental or physical illness to the offender or his or her family.

(ix) Attempting or threatening to enforce a right or remedy with knowledge or reason to know that the right or remedy does not exist.

(x) Except as authorized by the State's Attorney, using any form of communication which simulates legal or judicial process or which gives the appearance of being authorized, issued or approved by a governmental agency or official or by an attorney at law when it is not.

(xi) Using any badge, uniform, or other indicia of any governmental agency or official, except as authorized by law or by the State's Attorney.

(xii) Except as authorized by the State's Attorney, conducting business under any name or in any manner which suggests or implies that the private entity is bonded if such private entity is or is a branch of or is affiliated with any governmental agency or court if such private entity is not.

(xiii) Misrepresenting the amount of the restitution alleged to be owed.

(xiv) Except as authorized by the State's Attorney, representing that an existing restitution amount may be increased by the addition of attorney's fees, investigation fees, or any other fees or charges when those fees or charges may not legally be added to the existing restitution.

(xv) Except as authorized by the State's Attorney, representing that the private entity is an attorney at law or an agent for an attorney if the entity is not.
(xvi) Collecting or attempting to collect any interest or other charge or fee in excess of the actual restitution or claim unless the interest or other charge or fee is expressly authorized by the State’s Attorney, who shall determine what constitutes a reasonable collection fee.

(xvii) Communicating or threatening to communicate with an offender when the private entity is informed in writing by an attorney that the attorney represents the offender concerning the claim, unless authorized by the attorney. If the attorney fails to respond within a reasonable period of time, the private entity may communicate with the offender. The private entity may communicate with the offender when the attorney gives his consent.

(xviii) Engaging in dishonorable, unethical, or unprofessional conduct of a character likely to deceive, defraud, or harm the public.

(5) The State’s Attorney shall audit the accounts of the bad check diversion program after notice in writing to the private entity.

(6) Any information obtained by a private entity that has a contract with the State’s Attorney to conduct a bad check diversion program is confidential information between the State’s Attorney and the private entity and may not be sold or used for any other purpose but may be shared with other authorized law enforcement agencies as determined by the State’s Attorney.

(h) The State’s Attorney, or private entity under contract with the State’s Attorney, shall recover, in addition to the face amount of the dishonored check or draft, a transaction fee to defray the costs and expenses incurred by a victim who received a dishonored check that was made or delivered by the offender. The face amount of the dishonored check or draft and the transaction fee shall be paid by the State’s Attorney or private entity under contract with the State’s Attorney to the victim as restitution for the offense. The amount of the transaction fee must not exceed: $25 if the face amount of the check or draft does not exceed $100; $30 if the face amount of the check or draft is greater than $100 but does not exceed $250; $35 if the face amount of the check or draft is greater than $250 but does not exceed $500; $40 if the face amount of the check or draft is greater than $500 but does not exceed $1,000; and $50 if the face amount of the check or draft is greater than $1,000.

(i) The offender, if aggrieved by an action of the private entity contracted to operate a bad check diversion program, may submit a grievance to the State’s Attorney who may then resolve the grievance. The private entity must give notice to the offender that the grievance procedure is available. The grievance procedure shall be established by the State’s Attorney.

(2) the mediation parties and the mediator agree to mediate in a record that demonstrates an expectation that mediation communications will be privileged against disclosure; or

(3) the mediation parties use as a mediator an individual who holds himself or herself out as a mediator, or the mediation is provided by a person that holds itself out as providing mediation.

(b) The Act does not apply to a mediation:

(4) conducted under the auspices of:

(A) a primary or secondary school if all the parties are students; or

(B) a correctional institution for youths if all the parties are residents of that institution.

(c) If the parties agree in advance in a signed record, or a record of proceeding reflects agreement by the parties, that all or part of a mediation is not privileged, the privileges under Sections 4 through 6 do not apply to the mediation or part agreed upon. However, Sections 4 through 6 apply to a mediation communication made by a person that has not received actual notice of the agreement before the communication is made.

Section 4. Privilege against disclosure; admissibility; discovery.
(a) Except as otherwise provided in Section 6, a mediation communication is privileged as provided in subsection (b) and is not subject to discovery or admissible in evidence in a proceeding unless waived or precluded as provided by Section 5.

(2) in the case of the privilege of a nonparty participant, it is expressly waived by the nonparty participant.

(b) There is no privilege under Section 4 if a court, administrative agency, or arbitrator finds, after a hearing in camera, that the party seeking discovery or the proponent of the evidence has shown that the evidence is not otherwise available, that there is a need for the evidence that substantially outweighs the interest in protecting confidentiality, and that the mediation communication is sought or offered in:

(d) If a mediation communication is not privileged under subsection (a) or (b), only the portion of the communication necessary for the application of the exception from nondisclosure may be admitted. Admission of evidence under subsection (a) or (b) does not render the evidence, or any other mediation communication, discoverable or admissible for any other purpose.

Section 7. Prohibited mediator reports.

(2) disclose any such known fact to the mediation parties as soon as is practical before accepting a mediation.

(b) If a mediator learns any fact described in subsection (a)(1) after accepting a mediation, the mediator shall disclose it as soon as is practicable.

Section 10. Participation in mediation. An attorney or other individual designated by a party may accompany the party to and participate in a mediation. A waiver of participation given before the mediation may be rescinded.

PUBLIC ACT 93-0411
(House Bill No. 0988)

AN ACT in relation to public bodies.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 1. Short title. This Act may be cited as the Fire Department Promotion Act.
Section 5. Definitions. In this Act:
"Affected department" or "department" means a full-time municipal fire department that is subject to a collective bargaining agreement or the fire department operated by a full-time fire protection district. The terms do not include fire departments operated by the State, a university, or a municipality with a population over 1,000,000 or any unit of local government other than a municipality or fire protection district. The terms also do not include a combined department that was providing both police and firefighting services on January 1, 2002.
"Appointing authority" means the Board of Fire and Police Commissioners, Board of Fire Commissioners, Civil Service Commissioners, Superintendent or Department Head, Fire Protection District Board of Trustees, or other entity having the authority to administer and grant promotions in an affected department.
"Promotion" means any appointment or advancement to a rank within the affected department (1) for which an examination was required before January 1, 2002; (2) that is included within a bargaining unit; or (3) that is the next rank immediately above the highest rank included within a bargaining unit, provided such rank is not the only rank between the Fire Chief and the highest rank included within the bargaining unit, or is a rank otherwise excepted under item (i), (ii), (iii), (iv), or (v) of this definition. "Promotion" does not include appointments (i) that are for fewer than 180 days; (ii) to the positions of Superintendent, Chief, or other chief executive officer; (iii) to an exclusively administrative or executive rank for which an examination is not required; (iv) to a rank that was exempted by a home rule municipality prior to January 1, 2002, provided that after the effective date of this Act no home rule municipality may exempt any future or existing ranks from the provisions of this Act; or (v) to an administrative rank immediately below the Superintendent, Chief, or other chief executive officer of an affected department, provided such rank shall not be held by more than 2 persons and there is a promoted rank.
immediately below it. Notwithstanding the exceptions to the definition of "promotion" set forth in items (i), (ii), (iii), (iv), and (v) of this definition, promotions shall include any appointments to ranks covered by the terms of a collective bargaining agreement in effect on the effective date of this Act.

"Preliminary promotion list" means the rank order of eligible candidates established in accordance with subsection (b) of Section 20 prior to applicable veteran's preference points. A person on the preliminary promotion list who is eligible for veteran's preference under the laws and agreements applicable to the appointing authority may file a written application for that preference within 10 days after the initial posting of the preliminary promotion list. The preference shall be calculated in accordance with Section 55 and applied as an addition to the person's total point score on the examination. The appointing authority shall make adjustments to the preliminary promotion list based on any veteran's preference claimed and the final adjusted promotion list shall then be posted by the appointing authority.

"Rank" means any position within the chain of command of a fire department to which employees are regularly assigned to perform duties related to providing fire suppression, fire prevention, or emergency services.

"Final adjusted promotion list" means the promotion list for the position that is in effect on the date the position is created or the vacancy occurs. If there is no final adjusted promotion list in effect for that position on that date, or if all persons on the current final adjusted promotion list for that position refuse the promotion, the affected department shall not make a permanent promotion until a new final adjusted promotion list has been prepared in accordance with this Act, but may make a temporary appointment to fill the vacancy. Temporary appointments shall not exceed 180 days.

Each component of the promotional test shall be scored on a scale of 100 points. The component scores shall then be reduced by the weighting factor assigned to the component on the test and the scores of all components shall be added to produce a total score based on a scale of 100 points.

Section 10. Applicability.

(a) This Act shall apply to all positions in an affected department, except those specifically excluded in items (i), (ii), (iii), (iv), and (v) of the definition of "promotion" in Section 5 unless such positions are covered by a collective bargaining agreement in force on the effective date of this Act. Existing promotion lists shall continue to be valid until their expiration dates, or up to a maximum of 3 years after the effective date of this Act.

(b) Notwithstanding any statute, ordinance, rule, or other laws to the contrary, all promotions in an affected department to which this Act applies shall be administered in the manner provided for in this Act. Provisions of the Illinois Municipal Code, the Fire Protection District Act, municipal ordinances, or rules adopted pursuant to such authority and other laws relating to promotions in affected departments shall continue to apply to the
extent they are compatible with this Act, but in the event of conflict between this Act and any other law, this Act shall control.

(c) A home rule or non-home rule municipality may not administer its fire department promotion process in a manner that is inconsistent with this Act. This Section is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of the powers and functions exercised by the State.

(d) This Act is intended to serve as a minimum standard and shall be construed to authorize and not to limit:
   
   (1) An appointing authority from establishing different or supplemental promotional criteria or components, provided that the criteria are job-related and applied uniformly.

   (2) The negotiation by an employer and an exclusive bargaining representative of clauses within a collective bargaining agreement relating to conditions, criteria, or procedures for the promotion of employees who are members of bargaining units.

   (3) The negotiation by an employer and an exclusive bargaining representative of provisions within a collective bargaining agreement to achieve affirmative action objectives, provided that such clauses are consistent with applicable law.

(e) Local authorities and exclusive bargaining agents affected by this Act may agree to waive one or more of its provisions and bargain on the contents of those provisions, provided that any such waivers shall be considered permissive subjects of bargaining.

Section 15. Promotion process.

(a) For the purpose of granting promotion to any rank to which this Act applies, the appointing authority shall from time to time, as necessary, administer a promotion process in accordance with this Act.

(b) Eligibility requirements to participate in the promotional process may include a minimum requirement as to the length of employment, education, training, and certification in subjects and skills related to fire fighting. After the effective date of this Act, any such eligibility requirements shall be published at least one year prior to the date of the beginning of the promotional process and all members of the affected department shall be given an equal opportunity to meet those eligibility requirements.

(c) All aspects of the promotion process shall be equally accessible to all eligible employees of the department. Every component of the testing and evaluation procedures shall be published to all eligible candidates when the announcement of promotional testing is made. The scores for each component of the testing and evaluation procedures shall be disclosed to each candidate as soon as practicable after the component is completed.

(d) The appointing authority shall provide a separate promotional examination for each rank that is filled by promotion. All examinations for promotion shall be competitive.

among the members of the next lower rank who meet the established eligibility requirements and desire to submit themselves to examination. The appointing authority may employ consultants to design and administer promotion examinations or may adopt any job-related examinations or study materials that may become available, so long as they comply with the requirements of this Act.

Section 20. Promotion lists.
(a) For the purpose of granting a promotion to any rank to which this Act applies, the appointing authority shall from time to time, as necessary, prepare a preliminary promotion list in accordance with this Act. The preliminary promotion list shall be distributed, posted, or otherwise made conveniently available by the appointing authority to all members of the department.

(b) A person's position on the preliminary promotion list shall be determined by a combination of factors which may include any of the following: (i) the person's score on the written examination for that rank, determined in accordance with Section 35; (ii) the person's seniority within the department, determined in accordance with Section 40; (iii) the person's ascertained merit, determined in accordance with Section 45; and (iv) the person's score on the subjective evaluation, determined in accordance with Section 50. Candidates shall be ranked on the list in rank order based on the highest to the lowest total points scored on all of the components of the test. Promotional components, as defined herein, shall be determined and administered in accordance with the referenced Section, unless otherwise modified or agreed to as provided by paragraph (1) or (2) of subsection (e) of Section 10. The use of physical criteria, including but not limited to fitness testing, agility testing, and medical evaluations, is specifically barred from the promotion process.

(c) A person on the preliminary promotion list who is eligible for a veteran's preference under the laws and agreements applicable to the department may file a written application for that preference within 10 days after the initial posting of the preliminary promotion list. The preference shall be calculated as provided under Section 55 and added to the total score achieved by the candidate on the test. The appointing authority shall then make adjustments to the rank order of the preliminary promotion list based on any veteran's preferences awarded. The final adjusted promotion list shall then be distributed, posted, or otherwise made conveniently available by the appointing authority to all members of the department.

(d) Whenever a promotional rank is created or becomes vacant due to resignation, discharge, promotion, death, or the granting of a disability or retirement pension, or any other cause, the appointing authority shall appoint to that position the person with the highest ranking on the final promotion list for that rank, except that the appointing authority shall have the right to pass over that person and appoint the next highest ranked person on the list if the appointing authority has reason to conclude that the highest ranking person has demonstrated substantial shortcomings in work performance or has engaged in misconduct affecting the person's ability to perform the duties of the promoted rank since

the posting of the promotion list. If the highest ranking person is passed over, the appointing authority shall document its reasons for its decision to select the next highest ranking person on the list. Unless the reasons for passing over the highest ranking person are not remedial, no person who is the highest ranking person on the list at the time of the vacancy shall be passed over more than once. Any dispute as to the selection of the first or second highest-ranking person shall be subject to resolution in accordance with any grievance procedure in effect covering the employee.

A vacancy shall be deemed to occur in a position on the date upon which the position is vacated, and on that same date, a vacancy shall occur in all ranks inferior to that rank, provided that the position or positions continue to be funded and authorized by the corporate authorities. If a vacated position is not filled due to a lack of funding or authorization and is subsequently reinstated, the final promotion list shall be continued in effect until all positions vacated have been filled or for a period up to 5 years beginning from the date on which the position was vacated. In such event, the candidate or candidates who would have otherwise been promoted when the vacancy originally occurred shall be promoted.

Any candidate may refuse a promotion once without losing his or her position on the final adjusted promotion list. Any candidate who refuses promotion a second time shall be removed from the final adjusted promotion list, provided that such action shall not prejudice a person's opportunities to participate in future promotion examinations.

e) A final adjusted promotion list shall remain valid and unaltered for a period of not less than 2 nor more than 3 years after the date of the initial posting. Integrated lists are prohibited and when a list expires it shall be void, except as provided in subsection (d) of this Section. If a promotion list is not in effect, a successor list shall be prepared and distributed within 180 days after a vacancy, as defined in subsection (d) of this Section.

f) This Section 20 does not apply to the initial hiring list.

Section 25. Monitoring.

(a) All aspects of the promotion process, including without limitation the administration, scoring, and posting of scores for the written examination and subjective evaluation and the determination and posting of seniority and ascertained merit scores, shall be subject to monitoring and review in accordance with this Section and Sections 30 and 50.

(b) Two impartial persons who are not members of the affected department shall be selected to act as observers by the exclusive bargaining agent. The appointing authorities may also select 2 additional impartial observers.

(c) The observers monitoring the promotion process are authorized to be present and observe when any component of the test is administered or scored. Except as otherwise agreed to in a collective bargaining agreement, observers may not interfere with the promotion process, but shall promptly report any observed or suspected violation of the
requirements of this Act or an applicable collective bargaining agreement to the appointing authority and all other affected parties.

(d) The provisions of this Section do not apply to the extent that they are inconsistent with provisions otherwise agreed to in a collective bargaining agreement.

Section 30. Promotion examination components. Promotion examinations that include components consisting of written examinations, seniority points, ascertained merit, or subjective evaluations shall be administered as provided in Sections 35, 40, 45 and 50. The weight, if any, that is given to any component included in a test may be set at the discretion of the appointing authority provided that such weight shall be subject to modification by the terms of any collective bargaining agreement in effect on the effective date of this Act or thereafter by negotiations between the employer and an exclusive bargaining representative. If the appointing authority establishes a minimum passing score, such score shall be announced prior to the date of the promotion process and it must be an aggregate of all components of the testing process. All candidates shall be allowed to participate in all components of the testing process irrespective of their score on any one component. The provisions of this Section do not apply to the extent that they are inconsistent with provisions otherwise agreed to in a collective bargaining agreement.

Section 35. Written examinations.

(a) The appointing authority may not condition eligibility to take the written examination on the candidate's score on any of the previous components of the examination. The written examination for a particular rank shall consist of matters relating to the duties regularly performed by persons holding that rank within the department. The examination shall be based only on the contents of written materials that the appointing authority has identified and made readily available to potential examinees at least 90 days before the examination is administered. The test questions and material must be pertinent to the particular rank for which the examination is being given. The written examination shall be administered after the determination and posting of the seniority list, ascertained merit points, and subjective evaluation scores. The written examination shall be administered, the test materials opened, and the results scored and tabulated.

(b) Written examinations shall be graded at the examination site on the day of the examination immediately upon completion of the test in front of the observers if such observers are appointed under Section 25, or if the tests are graded offsite by a bona fide testing agency, the observers shall witness the sealing and the shipping of the tests for grading and the subsequent opening of the scores upon the return from the testing agency. Every examinee shall have the right (i) to obtain his or her score on the examination on the day of the examination or upon the day of its return from the testing agency (or the appointing authority shall require the testing agency to mail the individual scores to any address submitted by the candidates on the day of the examination); and (ii) to review the answers to the examination that the examiners consider correct. The appointing authority
may hold a review session after the examination for the purpose of gathering feedback on the examination from the candidates.

(c) Sample written examinations may be examined by the appointing authority and members of the department, but no person in the department or the appointing authority (including the Chief, Civil Service Commissioners, Board of Fire and Police Commissioners, Board of Fire Commissioners, or Fire Protection District Board of Trustees and other appointed or elected officials) may see or examine the specific questions on the actual written examination before the examination is administered. If a sample examination is used, actual test questions shall not be included. It is a violation of this Act for any member of the department or the appointing authority to obtain or divulge foreknowledge of the contents of the written examination before it is administered.

(d) Each department shall maintain reading and study materials for its current written examination and the reading list for the last 2 written examinations or for a period of 5 years, whichever is less, for each rank and shall make these materials available and accessible at each duty station.

(e) The provisions of this Section do not apply to the extent that they are in conflict with provisions otherwise agreed to in a collective bargaining agreement.

Section 40. Seniority points.

(a) Seniority points shall be based only upon service with the affected department and shall be calculated as of the date of the written examination. The weight of this component and its computation shall be determined by the appointing authority or through a collective bargaining agreement.

(b) A seniority list shall be posted before the written examination is given and before the preliminary promotion list is compiled. The seniority list shall include the seniority date, any breaks in service, the total number of eligible years, and the number of seniority points.

Section 45. Ascertained merit.

(a) The promotion test may include points for ascertained merit. Ascertained merit points may be awarded for education, training, and certification in subjects and skills related to the fire service. The basis for granting ascertained merit points, after the effective date of this Act, shall be published at least one year prior to the date ascertained merit points are awarded and all persons eligible to compete for promotion shall be given an equal opportunity to obtain ascertained merit points unless otherwise agreed to in a collective bargaining agreement.

(b) Total points awarded for ascertained merit shall be posted before the written examination is administered and before the promotion list is compiled.

Section 50. Subjective evaluation.

(a) A promotion test may include subjective evaluation components. Subjective evaluations may include an oral interview, tactical evaluation, performance evaluation, or other component based on subjective evaluation of the examinee. The methods used for
subjective evaluations may include using any employee assessment centers, evaluation systems, chief's points, or other methods.

(b) Any subjective component shall be identified to all candidates prior to its application, be job-related, and be applied uniformly to all candidates. Every examinee shall have the right to documentation of his or her score on the subjective component upon the completion of the subjective examination component or its application.

(c) Where chief's points or other subjective methods are employed that are not amenable to monitoring, monitors shall not be required, but any disputes as to the results of such methods shall be subject to resolution in accordance with any collectively bargained grievance procedure in effect at the time of the test.

(d) Where performance evaluations are used as a basis for promotions, they shall be given annually and made readily available to each candidate for review and they shall include any disagreement or documentation the employee provides to refute or contest the evaluation. These annual evaluations are not subject to grievance procedures, unless used for points in the promotion process.

(e) Total points awarded for subjective components shall be posted before the written examination is administered and before the promotion list is compiled.

Section 55. Veterans' preference. A person on a preliminary promotion list who is eligible for veteran's preference under any law or agreement applicable to an affected department may file a written application for that preference within 10 days after the initial posting of the preliminary promotion list. The veteran's preference shall be calculated as provided in the applicable law and added to the applicant's total score on the preliminary promotion list. Any person who has received a promotion from a promotion list on which his or her position was adjusted for veteran's preference, under this Act or any other law, shall not be eligible for any subsequent veteran's preference under this Act.

Section 60. Right to review. Any affected person or party who believes that an error has been made with respect to eligibility to take an examination, examination result, placement or position on a promotion list, or veteran's preference shall be entitled to a review of the matter by the appointing authority or as otherwise provided by law.

Section 65. Violations.

(a) A person who knowingly divulges or receives test questions or answers before a written examination, or otherwise knowingly violates or subverts any requirement of this Act commits a violation of this Act and may be subject to charges for official misconduct.

(b) A person who is the knowing recipient of test information in advance of the examination shall be disqualified from the promotion examination or demoted from the rank to which he was promoted, as applicable and otherwise subjected to disciplinary actions.

(725 ILCS 5/110-6) (from Ch. 38, par. 110-6)

Sec. 110-6. (a) Upon verified application by the State or the defendant or on its own motion the court before which the proceeding is pending may increase or reduce the amount of bail or may alter the conditions of the bail bond or grant bail where it has been previously revoked or denied. If bail has been previously revoked pursuant to subsection (f) of this Section or if bail has been denied to the defendant pursuant to subsection (e) of Section 110-6.1 or subsection (e) of Section 110-6.3, the defendant shall be required to present a verified application setting forth in detail any new facts not known or obtainable at the time of the previous revocation or denial of bail proceedings. If the court grants bail where it has been previously revoked or denied, the court shall state on the record of the proceedings the findings of facts and conclusion of law upon which such order is based.

(b) Violation of the conditions of Section 110-10 of this Code or any special conditions of bail as ordered by the court shall constitute grounds for the court to increase the amount of bail, or otherwise alter the conditions of bail, or, where the alleged offense committed on bail is a forcible felony in Illinois or a Class 2 or greater offense under the Controlled Substances Act or Cannabis Control Act, revoke bail pursuant to the appropriate provisions of subsection (e) of this Section.

(c) Reasonable notice of such application by the defendant shall be given to the State.

(d) Reasonable notice of such application by the State shall be given to the defendant, except as provided in subsection (e).

(e) Upon verified application by the State stating facts or circumstances constituting a violation or a threatened violation of any of the conditions of the bail bond the court may issue a warrant commanding any peace officer to bring the defendant without unnecessary delay before the court for a hearing on the matters set forth in the application. If the actual court before which the proceeding is pending is absent or otherwise unavailable another court may issue a warrant pursuant to this Section. previous felony matter is pending for a hearing as provided in subsection (b) or this subsection of this Section. The defendant shall be held without bond pending transfer to and a hearing before such court. At the conclusion of the hearing based on a violation of the conditions of Section 110-10 of this Code or any special conditions of bail as ordered by the court the court may enter an order increasing the amount of bail or alter the conditions of bail as deemed appropriate.

(f) Where the alleged violation consists of the violation of one or more felony statutes of any jurisdiction which would be a forcible felony in Illinois or a Class 2 or greater offense under the Illinois Controlled Substances Act or Cannabis Control Act and the defendant is on bail for the alleged commission of a felony, or where the defendant is on bail for a felony domestic battery (enhanced pursuant to subsection (b) of Section 12-3.2 of the Criminal Code of 1961), aggravated domestic battery, aggravated battery, unlawful restraint, aggravated unlawful restraint or domestic battery in violation of item (1) of subsection (a) of Section 12-3.2 of the Criminal Code of 1961 against a family or household member as defined in Section 112A-3 of this Code and the violation is an offense of domestic battery against the same victim the court shall, on the motion of the State or its own motion, revoke bail in accordance with the following provisions:

(1) The court shall hold the defendant without bail pending the hearing on the alleged breach; however, if the defendant is not admitted to bail the hearing shall be commenced within 10 days from the date the defendant is taken into custody or the defendant may not be held any longer without bail, unless delay is occasioned by the defendant. Where defendant occasions the delay, the running of the 10 day period is temporarily suspended and resumes at the termination of the period of delay. Where defendant occasions the delay with 5 or fewer days remaining in the 10 day period, the court may grant a period of up to 5 additional days to the State for good cause shown. The State, however, shall retain the right to proceed to hearing on the alleged violation at any time, upon reasonable notice to the defendant and the court.

(2) At a hearing on the alleged violation the State has the burden of going forward and proving the violation by clear and convincing evidence. The evidence shall be presented in open court with the opportunity to testify, to present witnesses in his behalf, and to cross-examine witnesses if any are called by the State, and representation by counsel and if the defendant is indigent to have counsel appointed for him. The rules of evidence applicable in criminal trials in this State shall not govern the admissibility of evidence at such hearing. Information used by the court in its findings or stated in or offered in connection with hearings for increase or revocation of bail may be by way of proffer based upon reliable information offered by the State or defendant. All evidence shall be admissible if it is relevant and reliable regardless of whether it would be admissible under the rules of evidence applicable at criminal trials. A motion by the defendant to suppress

evidence or to suppress a confession shall not be entertained at such a hearing. Evidence that proof may have been obtained as a result of an unlawful search and seizure or through improper interrogation is not relevant to this hearing.

(3) Upon a finding by the court that the State has established by clear and convincing evidence that the defendant has committed a forcible felony or a Class 2 or greater offense under the Controlled Substances Act or Cannabis Control Act while admitted to bail, or where the defendant is on bail for a felony domestic battery (enhanced pursuant to subsection (b) of Section 12-3.2 of the Criminal Code of 1961), aggravated domestic battery, aggravated battery, unlawful restraint, aggravated unlawful restraint or domestic battery in violation of item (1) of subsection (a) of Section 12-3.2 of the Criminal Code of 1961 against a family or household member as defined in Section 112A-3 of this Code and the violation is an offense of domestic battery, against the same victim, the court shall revoke the bail of the defendant and hold the defendant for trial without bail. Neither the finding of the court nor any transcript or other record of the hearing shall be admissible in the State's case in chief, but shall be admissible for impeachment, or as provided in Section 115-10.1 of this Code or in a perjury proceeding.

(4) If the bail of any defendant is revoked pursuant to paragraph (f) (3) of this Section, the defendant may demand and shall be entitled to be brought to trial on the offense with respect to which he was formerly released on bail within 90 days after the date on which his bail was revoked. If the defendant is not brought to trial within the 90 day period required by the preceding sentence, he shall not be held longer without bail. In computing the 90 day period, the court shall omit any period of delay resulting from a continuance granted at the request of the defendant.

(5) If the defendant either is arrested on a warrant issued pursuant to this Code or is arrested for an unrelated offense and it is subsequently discovered that the defendant is a subject of another warrant or warrants issued pursuant to this Code, the defendant shall be transferred promptly to the court which issued such warrant. If, however, the defendant appears initially before a court other than the court which issued such warrant, the non-issuing court shall not alter the amount of bail heretofore set on such warrant unless the court sets forth on the record of proceedings the conclusions of law and facts which are the basis for such altering of another court's bond. The non-issuing court shall not alter another courts bail set on a warrant unless the interests of justice and public safety are served by such action.

(g) The State may appeal any order where the court has increased or reduced the amount of bail or altered the conditions of the bail bond or granted bail where it has previously been revoked.

The investigation required under this Section shall include a fingerprint based criminal background check with a review of fingerprints by the Illinois State Police and Federal Bureau of Investigation authorities. The criminal background check required by this Section shall include a listing of when, where and by whom the criminal background check was prepared. The criminal background check required by this Section shall not be more than two years old.

Neither a clerk of the circuit court nor a judge may require that a criminal background check or fingerprint review be filed with, or at the same time as, an initial petition for adoption.

B. Investigation; foreign-born child. In the case of a child born outside the United States or a territory thereof, in addition to the investigation required under subsection (A) of this Section, a post-placement investigation shall be conducted in accordance with the requirements of the Child Care Act of 1969, the Interstate Compact on the Placement of Children, and regulations of the foreign placing agency and the supervising agency.

The information obtained as a result of such investigation shall be presented to the court in a written report. The results of the criminal background check required under subsection (A) shall be provided to the court for its review. The court may, in its discretion, weigh the significance of the results of the criminal background check against the entirety of the background of the petitioners. The Court, in its discretion, may accept the report of the investigation previously made by a licensed child welfare agency, if made within one year prior to the entry of the judgment. Such report shall be treated as confidential and withheld from inspection unless findings adverse to the petitioners or to the child sought to be adopted are contained therein, and in that event the court shall inform the petitioners of the relevant portions pertaining to the adverse findings. In no event shall any facts set forth in the report be considered at the hearing of the proceeding, unless established by competent evidence. The report shall be filed with the record of the proceeding. If the file relating to the proceeding is not impounded, the report shall be impounded by the clerk of the court and shall be made available for inspection only upon order of the court.

(60 ILCS 1/30-50)

Sec. 30-50. Purchase and use of property.
(a) The electors may make all orders for the purchase, sale, conveyance, regulation, or use of the township's corporate property (including the direct sale of single township road district property) that may be deemed conducive to the interests of its inhabitants, including the lease, for up to 10 years at fair market value, of corporate property for which no use or need during the lease period is anticipated at the time of leasing. The property may be leased to another governmental body, however, or to a not-for-profit corporation

that has contracted to construct or fund the construction of a structure or improvement upon the real estate owned by the township and that has contracted with the township to allow the township to use at least a portion of the structure or improvement to be constructed upon the real estate leased and not otherwise used by the township, for any term not exceeding 50 years and for any consideration. In the case of a not-for-profit corporation, the township shall hold a public hearing on the proposed lease. The township clerk shall give notice of the hearing by publication in a newspaper published in the township, or in a newspaper published in the county and having general circulation in the township if no newspaper is published in the township, and by posting notices in at least 5 public places at least 10 days before the public hearing.

(b) If a new tax is to be levied or an existing tax rate is to be increased above the statutory limits for the purchase of the property, however, no action otherwise authorized in subsection (a) shall be taken unless a petition signed by at least 10% of the registered voters residing in the township is presented to the township clerk. If a petition is presented to the township clerk, the clerk shall order a referendum on the proposition. The referendum shall be held at the next annual or special township meeting or at an election in accordance with the general election law. If the referendum is ordered to be held at the township meeting, the township clerk shall give notice that at the next annual or special township meeting the proposition shall be voted upon. The notice shall set forth the proposition and shall be given by publication in a newspaper published in the township. If there is no newspaper published in the township, the notice shall be published in a newspaper published in the county and having general circulation in the township. Notice also shall be given by posting notices in at least 5 public places at least 10 days before the township meeting. If the referendum is ordered to be held at an election, the township clerk shall certify that proposition to the proper election officials, who shall submit the proposition at an election. The proposition shall be submitted in accordance with the general election law.

(c) If the leased property is utilized in part for private use and in part for public use, those portions of the improvements devoted to private use are fully taxable. The land is exempt from taxation to the extent that the uses on the land are public and taxable to the extent that the uses are private.

(d) Before the township makes a lease or sale of township or road district real or personal property, unless the personal property has a sale value of $2,500 or less $200 or less, the electors shall adopt a resolution stating the intent to lease or sell the real or personal property, describing the property in full, and stating the terms and conditions the electors deem necessary and desirable for the lease or sale. A resolution stating the intent to sell real property shall also contain pertinent information concerning the size, use, and zoning of the property. The value of real property shall be determined by a State licensed real estate appraiser. The appraisal shall be available for public inspection. The resolution may direct the sale to be conducted by the staff of the township or by listing with local

licensed real estate agencies (in which case the terms of the agent's compensation shall be included in the resolution).

When a township sells township or road district personal property valued for sale at $2,500 or less $200 or less, the electors are not required to adopt a resolution. Prior to the sale, the clerk shall prepare a notice stating the intent of the township or road district to sell personal property with a sale value of $2,500 or less $200 or less and describing the property in full.

The clerk shall thereafter publish the resolution or personal property sale notice once in a newspaper published in the township or, if no newspaper is published in the township, in a newspaper generally circulated in the township. If no newspaper is generally circulated in the township, the clerk shall post the resolution or personal property sale notice in 5 of the most public places in the township. In addition to the foregoing publication requirements, the clerk shall post the resolution or personal property sale notice at the office of the township (if township property is involved) or at the office of the road district (if road district property is involved). The following information shall be published or posted with the resolution or personal property sale notice: (i) the date by which all bids must be received by the township or road district, which shall not be less than 30 days after the date of publication or posting, and (ii) the place, time, and date at which bids shall be opened, which shall be at a regular meeting of the township board.

All bids shall be opened by the clerk (or someone duly appointed to act for the clerk) at the regular meeting of the township board described in the notice. With respect to township personal property, except personal property valued for sale at $2,500 or less $200 or less, the township board may accept the high bid or any other bid determined to be in the best interests of the township by a majority vote of the board. With respect to township real property, the township board may accept the high bid or any other bid determined to be in the best interests of the township by a vote of three-fourths of the township board then holding office, but in no event at a price less than 80% of the appraised value. With respect to road district property, except personal property valued for sale at $2,500 or less $200 or less, the highway commissioner may accept the high bid or any other bid determined to be in the best interests of the road district. In each case, the township board or commissioner may reject any and all bids. With respect to township or road district personal property valued for sale at $2,500 or less $200 or less, the clerk shall accept at least 2 bids and the township board or highway commissioner shall accept the highest bid. This notice and competitive bidding procedure shall not be followed when property is leased to another governmental body. The notice and competitive bidding procedure shall not be followed when property is declared surplus by the electors and sold to another governmental body.

(e) A trade-in of machinery or equipment on new or different machinery or equipment does not constitute the sale of township or road district property.

PUBLIC ACT 93-0426
(House Bill No. 2352)

AN ACT to implement the federal No Child Left Behind Act of 2001.
WHEREAS, The General Assembly supports enhancement of the current State assessment system in order to develop an appropriate, high-quality, statewide K-12 assessment system, based on the Illinois Learning Standards; and
WHEREAS, This enhanced statewide assessment system must have a high level of credibility, reliability, and validity and must provide continuity with the assessment system in place prior to the changes made by this amendatory Act of the 93rd General Assembly; and
WHEREAS, A credible, reliable, and valid assessment system should allow school districts to reduce local assessments; once the State assessment system is fully implemented in the 2005-2006 school year, school districts are encouraged and expected to reduce the local assessments of students in the grades and subjects assessed by the State; and
WHEREAS, The changes in the assessment system made by this amendatory Act of the 93rd General Assembly are a direct result of the federal No Child Left Behind Act of 2001 (Public Law 107-110), which requires the testing of all students as well as enhancements to the system in order to provide timely results that are meaningful and educationally useful for educators, parents, and the broader community; therefore

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Section 2-3.64 as follows:
(105 ILCS 5/2-3.64) (from Ch. 122, par. 2-3.64)
Sec. 2-3.64. State goals and assessment.
(a) Beginning in the 1998-1999 school year, the State Board of Education shall establish standards and periodically, in collaboration with local school districts, conduct studies of student performance in the learning areas of fine arts and physical development/health.

Beginning with the 1998-1999 school year until the 2005-2006 school year at the latest, the State Board of Education shall annually test: (i) all pupils enrolled in the 3rd,
5th, and 8th grades in English language arts (reading, writing, and English grammar) and mathematics; and (ii) all pupils enrolled in the 4th and 7th grades in the biological and physical sciences and the social sciences (history, geography, civics, economics, and government). \textit{The maximum time allowed for all actual testing required under this paragraph shall not exceed 25 hours, as allocated among the required tests by the State Board of Education, across all grades tested.}

Beginning no later than the 2005-2006 school year, the State Board of Education shall annually test: (i) all pupils enrolled in the 3rd, 4th, 5th, 6th, 7th, and 8th grades in reading and mathematics; (ii) all pupils enrolled in 3rd, 4th, 6th, and 8th grades in writing; (iii) all pupils enrolled in the 4th and 7th grades in the biological and physical sciences; and (iv) all pupils enrolled in 5th and 8th grades in the social sciences (history, geography, economics, civics, and government). \textit{The State Board of Education shall sample student performance in the learning area of physical development and health in grades 4 and 7 through the science tests and in the learning area of fine arts in grades 5 and 8 through the social sciences tests. After the addition of subjects and grades as delineated in this paragraph and including whatever other tests that may be approved from time to time no later than the 2005-2006 school year, the maximum time allowed for all State testing in grades 3 through 8 shall not exceed 38 hours across those grades.}

The State Board of Education shall establish the academic standards that are to be applicable to pupils who are subject to State tests under this Section beginning with the 1998-1999 school year. However, the State Board of Education shall not establish any such standards in final form without first providing opportunities for public participation and local input in the development of the final academic standards. Those opportunities shall include a well-publicized period of public comment, public hearings throughout the State, and opportunities to file written comments. Beginning with the 1998-99 school year and thereafter, the State tests will identify pupils in the 3rd grade or 5th grade who do not meet the State standards.

If, by performance on the State tests or local assessments or by teacher judgment, a student's performance is determined to be 2 or more grades below current placement, the student shall be provided a remediation program developed by the district in consultation with a parent or guardian. Such remediation programs may include, but shall not be limited to, increased or concentrated instructional time, a remedial summer school program of not less than 90 hours, improved instructional approaches, tutorial sessions, retention in grade, and modifications to instructional materials. Each pupil for whom a remediation program is developed under this subsection shall be required to enroll in and attend whatever program the district determines is appropriate for the pupil. Districts may combine students in remediation programs where appropriate and may cooperate with other districts in the design and delivery of those programs. The parent or guardian of a student required to attend a remediation program under this Section shall be given written notice of that requirement by the school district a reasonable time prior to commencement of the

New matter indicated by italics - deletions by strikeout
remediation program that the student is to attend. The State shall be responsible for providing school districts with the new and additional funding, under Section 2-3.51.5 or by other or additional means, that is required to enable the districts to operate remediation programs for the pupils who are required to enroll in and attend those programs under this Section. Every individualized educational program as described in Article 14 shall identify if the State test or components thereof are appropriate for that student. For those pupils for whom the State tests or components thereof are not appropriate, the State Board of Education shall develop rules and regulations governing the administration of alternative tests prescribed within each student's individualized educational program which are appropriate to the disability of each student.

All pupils who are in a State approved transitional bilingual education program or transitional program of instruction shall participate in the State tests. Any student who has been enrolled in a State approved bilingual education program less than 3 cumulative academic years may take an accommodated State test, to be known as the Illinois Measure of Annual Growth in English (IMAGE), shall be exempted if the student's lack of English as determined by an English language proficiency test would keep the student from understanding the regular State test. If the school district determines, on a case-by-case individual basis, that IMAGE would likely yield more accurate and reliable information on what the student knows and can do, the school district may make a determination to assess the student using IMAGE for a period that does not exceed 2 additional consecutive years, provided that the student has not yet reached a level of English language proficiency sufficient to yield valid and reliable information on what the student knows and can do on the regular State test, and that student's district shall have an alternative test program in place for that student. The State Board of Education shall appoint a task force of concerned parents, teachers, school administrators and other professionals to assist in identifying such alternative tests.

Reasonable accommodations as prescribed by the State Board of Education shall be provided for individual students in the testing procedure. All test procedures prescribed by the State Board of Education shall require: (i) that each test used for State and local student testing under this Section identify by name the pupil taking the test; (ii) that the name of the pupil taking the test be placed on the test at the time the test is taken; (iii) that the results or scores of each test taken under this Section by a pupil of the school district be reported to that district and identify by name the pupil who received the reported results or scores; and (iv) that the results or scores of each test taken under this Section be made available to the parents of the pupil. In addition, beginning with the 2000-2001 school year and in each school year thereafter, the highest scores and performance levels attained by a student on the Prairie State Achievement Examination administered under subsection (c) of this Section and any Prairie State Achievement Awards received by the student shall become part of the student's permanent record and shall be entered on the student's transcript pursuant to regulations that the State Board of Education shall promulgate for
that purpose in accordance with Section 3 and subsection (e) of Section 2 of the Illinois School Student Records Act. Beginning with the 1998-1999 school year and in every school year thereafter, scores received by students on the State assessment tests administered in grades 3 through 8 shall be placed into students' temporary records.

The State Board of Education shall establish a period of time, to be referred to as the State test window, common month in each school year for which State testing shall occur to meet the objectives of this Section. However, if the schools of a district are closed and classes are not scheduled during any week that is established by the State Board of Education as the State test window, the school district may (at the discretion of the State Board of Education) move its State test window one week earlier or one week later than the established State test window, administer the required State testing at any time up to 2 weeks following the week established by the State Board of Education for the testing, so long as the school district gives the State Board of Education written notice of its intention to deviate from the established schedule by December 1 of the school year in which falls the State test window established by the State Board of Education for the testing. The maximum time allowed for all actual testing required under this subsection during the school year shall not exceed 25 hours as allocated among the required tests by the State Board of Education.

(a-5) All tests administered pursuant to this Section shall be academically based. For the purposes of this Section "academically based tests" shall mean tests consisting of questions and answers that are measurable and quantifiable to measure the knowledge, skill, and ability of students in the subject matters covered by tests. The scoring of academically based tests shall be reliable, valid, unbiased and shall meet the guidelines for test development and use prescribed by the American Psychological Association, the National Council of Measurement and Evaluation, and the American Educational Research Association. Academically based tests shall not include assessments or evaluations of attitudes, values, or beliefs, or testing of personality, self-esteem, or self-concept. Nothing in this amendatory Act is intended, nor shall it be construed, to nullify, supersede, or contradict the legislative intent on academic testing expressed during the passage of HB 1005/P.A. 90-296. Nothing in this Section is intended, nor shall it be construed, to nullify, supersede, or contradict the legislative intent on academic testing expressed in the preamble of this amendatory Act of the 93rd General Assembly.

Beginning in the 1998-1999 school year, the State Board of Education may, on a pilot basis, include in the State assessments in reading and math at each grade level tested no more than 2 short answer questions, where students have to respond in brief to questions or prompts or show computations, rather than select from alternatives that are presented. In the first year that such questions are used, scores on the short answer questions shall not be reported on an individual student basis but shall be aggregated for each school building in which the tests are given. State-level, school, and district scores shall be reported both with and without the results of the short answer questions so that the effect of short answer...
questions is clearly discernible. Beginning in the second year of this pilot program, scores on the short answer questions shall be reported both on an individual student basis and on a school building basis in order to monitor the effects of teacher training and curriculum improvements on score results.

The State Board of Education shall monitor not continue the use of short answer questions in the math and reading assessments or in other assessments in order to demonstrate; or extend the use of such questions to other State assessments, unless this pilot project demonstrates that the use of short answer questions results in a statistically significant improvement in student achievement as measured on the State assessments for math and reading or on other State assessments and is justifiable in terms of cost and student performance.

(b) It shall be the policy of the State to encourage school districts to continuously test pupil proficiency in the fundamental learning areas in order to: (i) provide timely information on individual students' performance relative to State standards that is adequate to guide instructional strategies; (ii) improve future instruction; and (iii) complement the information provided by the State testing system described in this Section. Each district's school improvement plan must address specific activities the district intends to implement to assist pupils who by teacher judgment and test results as prescribed in subsection (a) of this Section demonstrate that they are not meeting State standards or local objectives. Such activities may include, but shall not be limited to, summer school, extended school day, special homework, tutorial sessions, modified instructional materials, other modifications in the instructional program, reduced class size or retention in grade. To assist school districts in testing pupil proficiency in reading in the primary grades, the State Board shall make optional reading inventories for diagnostic purposes available to each school district that requests such assistance. Districts that administer the reading inventories may develop remediation programs for students who perform in the bottom half of the student population. Those remediation programs may be funded by moneys provided under the School Safety and Educational Improvement Block Grant Program established under Section 2-3.51.5. Nothing in this Section shall prevent school districts from implementing testing and remediation policies for grades not required under this Section.

(c) Beginning with the 2000-2001 school year, each school district that operates a high school program for students in grades 9 through 12 shall annually administer the Prairie State Achievement Examination established under this subsection to its students as set forth below. The Prairie State Achievement Examination shall be developed by the State Board of Education to measure student performance in the academic areas of reading, writing, mathematics, science, and social sciences. The State Board of Education shall establish the academic standards that are to apply in measuring student performance on the Prairie State Achievement Examination including the minimum examination score in each area that will qualify a student to receive a Prairie State Achievement Award from the State in recognition of the student's excellent performance. Each school district that is subject to
the requirements of this subsection (c) shall afford all students 2 opportunities to take the Prairie State Achievement Examination beginning as late as practical during the second semester of grade 11, but in no event before March 1. The State Board of Education shall annually notify districts of the weeks during which these test administrations shall be required to occur. Every individualized educational program as described in Article 14 shall identify if the Prairie State Achievement Examination or components thereof are appropriate for that student. Each student, exclusive of a student whose individualized educational program developed under Article 14 identifies the Prairie State Achievement Examination as inappropriate for the student, shall be required to take the examination in grade 11. For each academic area the State Board of Education shall establish the score that qualifies for the Prairie State Achievement Award on that portion of the examination. Any student who fails to earn a qualifying score for a Prairie State Achievement Award in any one or more of the academic areas on the initial test administration or who wishes to improve his or her score on any portion of the examination shall be permitted to retake such portion or portions of the examination during grade 12. Districts shall inform their students of the timelines and procedures applicable to their participation in every yearly administration of the Prairie State Achievement Examination. Students receiving special education services whose individualized educational programs identify the Prairie State Achievement Examination as inappropriate for them nevertheless shall have the option of taking the examination, which shall be administered to those students in accordance with standards adopted by the State Board of Education to accommodate the respective disabilities of those students. A student who successfully completes all other applicable high school graduation requirements but fails to receive a score on the Prairie State Achievement Examination that qualifies the student for receipt of a Prairie State Achievement Award shall nevertheless qualify for the receipt of a regular high school diploma.

(d) Beginning with the 2002-2003 school year, all schools in this State that are part of the sample drawn by the National Center for Education Statistics, in collaboration with their school districts and the State Board of Education, shall administer the biennial State academic assessments of 4th and 8th grade reading and mathematics under the National Assessment of Educational Progress carried out under Section m11(b)(2) of the National Education Statistics Act of 1994 (20 U.S.C. 9010) if the Secretary of Education pays the costs of administering the assessments.

(e) Beginning no later than the 2005-2006 school year, subject to available federal funds to this State for the purpose of student assessment, the State Board of Education shall provide additional tests and assessment resources that may be used by school districts for local diagnostic purposes. These tests and resources shall include without limitation additional high school writing, physical development and health, and fine arts assessments. The State Board of Education shall annually distribute a listing of these additional tests.
and resources, using funds available from appropriations made for student assessment purposes.

(f) For the assessment and accountability purposes of this Section, "all pupils" includes those pupils enrolled in a public or State-operated elementary school, secondary school, or cooperative or joint agreement with a governing body or board of control, a charter school operating in compliance with the Charter Schools Law, a school operated by a regional office of education under Section 13A-3 of this Code, or a public school administered by a local public agency or the Department of Human Services.

Section 99. Effective date. This Act takes effect upon becoming law.

PUBLIC ACT 93-0427
(House Bill No. 2362)

AN ACT in relation to labor relations.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Public Labor Relations Act is amended by changing Section 9 as follows:

(5 ILCS 315/9) (from Ch. 48, par. 1609)
Sec. 9. Elections; recognition.
(a) Whenever in accordance with such regulations as may be prescribed by the Board a petition has been filed:

(1) by a public employee or group of public employees or any labor organization acting in their behalf demonstrating that 30% of the public employees in an appropriate unit (A) wish to be represented for the purposes of collective bargaining by a labor organization as exclusive representative, or (B) asserting that the labor organization which has been certified or is currently recognized by the public employer as bargaining representative is no longer the representative of the majority of public employees in the unit; or

(2) by a public employer alleging that one or more labor organizations have presented to it a claim that they be recognized as the representative of a majority of the public employees in an appropriate unit, the Board shall investigate such petition, and if it has reasonable cause to believe that a question of representation exists, shall provide for an appropriate hearing upon due notice. Such hearing shall be held at the offices of the Board or such other location as the Board deems appropriate. If it finds upon the record of the hearing that a question of

New matter indicated by italics - deletions by strikeout
representation exists, it shall direct an election in accordance with subsection (d) of this Section, which election shall be held not later than 120 days after the date the petition was filed regardless of whether that petition was filed before or after the effective date of this amendatory Act of 1987; provided, however, the Board may extend the time for holding an election by an additional 60 days if, upon motion by a person who has filed a petition under this Section or is the subject of a petition filed under this Section and is a party to such hearing, or upon the Board's own motion, the Board finds that good cause has been shown for extending the election date; provided further, that nothing in this Section shall prohibit the Board, in its discretion, from extending the time for holding an election for so long as may be necessary under the circumstances, where the purpose for such extension is to permit resolution by the Board of an unfair labor practice charge filed by one of the parties to a representational proceeding against the other based upon conduct which may either affect the existence of a question concerning representation or have a tendency to interfere with a fair and free election, where the party filing the charge has not filed a request to proceed with the election; and provided further that prior to the expiration of the total time allotted for holding an election, a person who has filed a petition under this Section or is the subject of a petition filed under this Section and is a party to such hearing or the Board, may move for and obtain the entry of an order in the circuit court of the county in which the majority of the public employees sought to be represented by such person reside, such order extending the date upon which the election shall be held. Such order shall be issued by the circuit court only upon a judicial finding that there has been a sufficient showing that there is good cause to extend the election date beyond such period and shall require the Board to hold the election as soon as is feasible given the totality of the circumstances. Such 120 day period may be extended one or more times by the agreement of all parties to the hearing to a date certain without the necessity of obtaining a court order. Nothing in this Section prohibits the waiving of hearings by stipulation for the purpose of a consent election in conformity with the rules and regulations of the Board or an election in a unit agreed upon by the parties. Other interested employee organizations may intervene in the proceedings in the manner and within the time period specified by rules and regulations of the Board. Interested parties who are necessary to the proceedings may also intervene in the proceedings in the manner and within the time period specified by the rules and regulations of the Board.

(b) The Board shall decide in each case, in order to assure public employees the fullest freedom in exercising the rights guaranteed by this Act, a unit appropriate for the purpose of collective bargaining, based upon but not limited to such factors as: historical pattern of recognition; community of interest including employee skills and functions; degree of functional integration; interchangeability and contact among employees;

New matter indicated by italics - deletions by strikeout
fragmentation of employee groups; common supervision, wages, hours and other working conditions of the employees involved; and the desires of the employees. For purposes of this subsection, fragmentation shall not be the sole or predominant factor used by the Board in determining an appropriate bargaining unit. Except with respect to non-State fire fighters and paramedics employed by fire departments and fire protection districts, non-State peace officers and peace officers in the State Department of State Police, a single bargaining unit determined by the Board may not include both supervisors and nonsupervisors, except for bargaining units in existence on the effective date of this Act. With respect to non-State fire fighters and paramedics employed by fire departments and fire protection districts, non-State peace officers and peace officers in the State Department of State Police, a single bargaining unit determined by the Board may not include both supervisors and nonsupervisors, except for bargaining units in existence on the effective date of this amendatory Act of 1985.

In cases involving an historical pattern of recognition, and in cases where the employer has recognized the union as the sole and exclusive bargaining agent for a specified existing unit, the Board shall find the employees in the unit then represented by the union pursuant to the recognition to be the appropriate unit.

Notwithstanding the above factors, where the majority of public employees of a craft so decide, the Board shall designate such craft as a unit appropriate for the purposes of collective bargaining.

The Board shall not decide that any unit is appropriate if such unit includes both professional and nonprofessional employees, unless a majority of each group votes for inclusion in such unit.

(c) Nothing in this Act shall interfere with or negate the current representation rights or patterns and practices of labor organizations which have historically represented public employees for the purpose of collective bargaining, including but not limited to the negotiations of wages, hours and working conditions, discussions of employees' grievances, resolution of jurisdictional disputes, or the establishment and maintenance of prevailing wage rates, unless a majority of employees so represented express a contrary desire pursuant to the procedures set forth in this Act.

(d) In instances where the employer does not voluntarily recognize a labor organization as the exclusive bargaining representative for a unit of employees, the Board shall determine the majority representative of the public employees in an appropriate collective bargaining unit by conducting a secret ballot election. Within 7 days after the Board issues its bargaining unit determination and direction of election or the execution of a stipulation for the purpose of a consent election, the public employer shall submit to the labor organization the complete names and addresses of those employees who are determined by the Board to be eligible to participate in the election. When the Board has determined that a labor organization has been fairly and freely chosen by a majority of employees in an appropriate unit, it shall certify such organization as the exclusive

New matter indicated by italics - deletions by strikeout
representative. If the Board determines that a majority of employees in an appropriate unit has fairly and freely chosen not to be represented by a labor organization, it shall so certify. The Board may also revoke the certification of the public employee organizations as exclusive bargaining representatives which have been found by a secret ballot election to be no longer the majority representative.

(e) The Board shall not conduct an election in any bargaining unit or any subdivision thereof within which a valid election has been held in the preceding 12-month period. The Board shall determine who is eligible to vote in an election and shall establish rules governing the conduct of the election or conduct affecting the results of the election. The Board shall include on a ballot in a representation election a choice of "no representation". A labor organization currently representing the bargaining unit of employees shall be placed on the ballot in any representation election. In any election where none of the choices on the ballot receives a majority, a runoff election shall be conducted between the 2 choices receiving the largest number of valid votes cast in the election. A labor organization which receives a majority of the votes cast in an election shall be certified by the Board as exclusive representative of all public employees in the unit.

(f) Nothing in this or any other Act prohibits recognition of a labor organization as the exclusive representative by a public employer by mutual consent of the employer and the labor organization, provided that the labor organization represents a majority of the public employees in an appropriate unit. Any employee organization which is designated or selected by the majority of public employees, in a unit of the public employer having no other recognized or certified representative, as their representative for purposes of collective bargaining may request recognition by the public employer in writing. The public employer shall post such request for a period of at least 20 days following its receipt thereof on bulletin boards or other places used or reserved for employee notices.

(g) Within the 20-day period any other interested employee organization may petition the Board in the manner specified by rules and regulations of the Board, provided that such interested employee organization has been designated by at least 10% of the employees in an appropriate bargaining unit which includes all or some of the employees in the unit recognized by the employer. In such event, the Board shall proceed with the petition in the same manner as provided by paragraph (1) of subsection (a) of this Section.

(h) No election shall be directed by the Board in any bargaining unit where there is in force a valid collective bargaining agreement. The Board, however, may process an election petition filed between 90 and 60 days prior to the expiration of the date of an agreement, and may further refine, by rule or decision, the implementation of this provision. Where more than 4 years have elapsed since the effective date of the agreement, the agreement shall continue to bar an election, except that the Board may process an election petition filed between 90 and 60 days prior to the end of the fifth year of such an agreement, and between 90 and 60 days prior to the end of each successive year of such agreement.
agreement. No collective bargaining agreement bars an election upon the petition of persons not parties thereto where more than 3 years have elapsed since the effective date of the agreement:

(i) An order of the Board dismissing a representation petition, determining and certifying that a labor organization has been fairly and freely chosen by a majority of employees in an appropriate bargaining unit, determining and certifying that a labor organization has not been fairly and freely chosen by a majority of employees in the bargaining unit or certifying a labor organization as the exclusive representative of employees in an appropriate bargaining unit because of a determination by the Board that the labor organization is the historical bargaining representative of employees in the bargaining unit, is a final order. Any person aggrieved by any such order issued on or after the effective date of this amendatory Act of 1987 may apply for and obtain judicial review in accordance with provisions of the Administrative Review Law, as now or hereafter amended, except that such review shall be afforded directly in the Appellate Court for the district in which the aggrieved party resides or transacts business. Any direct appeal to the Appellate Court shall be filed within 35 days from the date that a copy of the decision sought to be reviewed was served upon the party affected by the decision.

AN ACT concerning mortgages.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Mortgage Act is amended by changing Section 2 as follows:
(765 ILCS 905/2) (from Ch. 95, par. 52)

executed in conformity with the provisions of this section releasing such mortgage or deed of trust in the nature of a mortgage, which release shall be entitled to be recorded or registered and the recorder or registrar upon receipt of such a release and the payment of the recording fee therefor shall record or register the same.

Mortgages of real property and deeds of trust in the nature of a mortgage shall be released of record only in the manner provided herein or as provided in the Mortgage Certificate of Release Act; however, nothing contained in this Act shall in any manner affect the validity of any release of a mortgage or deed of trust made prior to January 1, 1952 on the margin of the record.

Except in the case of a mortgage that is required to be released under the Mortgage Certificate of Release Act, every mortgagee of real property, his assignee of record, or other legal representative, having received full satisfaction and payment of all such sum or sums of money as are really due to him from the mortgagor, and every trustee, or his successor in trust, in a deed of trust in the nature of a mortgage, the notes, bonds or other indebtedness secured thereby having been fully paid after September 7, 1973, shall make, execute and deliver to the mortgagor or grantor in a deed of trust in the nature of a mortgage, his heirs, legal representatives or assigns, an instrument in writing releasing such mortgage or deed of trust in the nature of a mortgage or shall deliver that release to the recorder or registrar for recording or registering. If the release is delivered to the mortgagor or grantor, it must have imprinted on its face in bold letters at least 1/4 inch in height the following: "FOR THE PROTECTION OF THE OWNER, THIS RELEASE SHALL BE FILED WITH THE RECORDER OR THE REGISTRAR OF TITLES IN Whose Orange the mortgage or deed of trust WAS FILED". The recorder, or registrar, upon receipt of such a release and the payment of the recording or registration fee, shall record or register the release. Section 10. The Mortgage Certificate of Release Act is amended by changing Sections 5, 10, 15, 20, 35, 40, and 50 and by adding Sections 10.1 and 70 as follows:

(765 ILCS 935/5)
(Section scheduled to be repealed on January 1, 2004)
Sec. 5. Definitions. As used in this Act:

AN ACT concerning utilities.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Underground Utility Facilities Damage Prevention Act is amended by changing Sections 4, 7, and 10 as follows:

Sec. 4. Required activities. Every person who engages in nonemergency excavation or demolition shall:

(a) take reasonable action to inform himself of the location of any underground utility facilities or CATS facilities in and near the area for which such operation is to be conducted;

(b) plan the excavation or demolition to avoid or minimize interference with underground utility facilities or CATS facilities within the tolerance zone by utilizing such precautions that include, but are not limited to, hand excavation, vacuum excavation methods, and visually inspecting the excavation while in progress until clear of the existing marked facility;

(c) if practical, use white paint, flags, stakes, or both, to outline the dig site;

(d) provide notice not more than 14 days nor less than 48 hours (exclusive of Saturdays, Sundays and holidays) but no more than 14 calendar days in advance of the start of the excavation or demolition to the owners or operators of the underground utility facilities or CATS facilities in and near the excavation or demolition area through the State-Wide One-Call Notice System or, in the case of nonemergency excavation or demolition within the boundaries of a municipality of at least one million persons which operates its own one-call notice system, through the one-call notice system which operates in that municipality;

(e) provide, during and following excavation or demolition, such support for existing underground utility facilities or CATS facilities in and near the excavation or demolition area as may be reasonably necessary for the protection of such facilities unless otherwise agreed to by the owner or operator of the underground facility or CATS facility; and
(f) backfill all excavations in such manner and with such materials as may be reasonably necessary for the protection of existing underground utility facilities or CATS facilities in and near the excavation or demolition area; and:

(g) After February 29, 2004, when the excavation or demolition project will extend past 28 calendar days from the date of the original notice provided under clause (d), the excavator shall provide a subsequent notice to the owners or operators of the underground utility facilities or CATS facilities in and near the excavation or demolition area through the State-Wide One-Call Notice System or, in the case of excavation or demolition within the boundaries of a municipality having a population of at least 1,000,000 inhabitants that operates its own one-call notice system, through the one-call notice system that operates in that municipality informing utility owners and operators that additional time to complete the excavation or demolition project will be required. The notice will provide the excavator with an additional 28 calendar days from the date of the subsequent notification to continue or complete the excavation or demolition project.

At a minimum, the notice required under clause (d) shall provide:

(1) the person's name, address, and (i) phone number at which a person can be reached and (ii) fax number;
(2) the start date of the planned excavation or demolition;
(3) the address at which the excavation or demolition will take place;
(4) the type and extent of the work involved; and
(5) section/quarter sections when the above information does not allow the State-Wide One-Call Notice System to determine the appropriate geographic section/quarter sections. This item (5) does not apply to residential property owners.

Nothing in this Section prohibits the use of any method of excavation if conducted in a manner that would avoid interference with underground utility facilities or CATS facilities.

(Source: P.A. 92-179, eff. 7-1-02.)

Sec. 7. Damage or dislocation. In the event of any damage to or dislocation of any underground utility facilities or CATS facilities in connection with any excavation or demolition, emergency or nonemergency, the person responsible for the excavation or demolition operations shall immediately notify the affected utility and the State-Wide One-Call Notice System or, in the case of damage or dislocation in connection with any excavation or demolition within the boundaries of a municipality having a population of at least 1,000,000 inhabitants that operates its own one-call notice system, notify the affected utility and the one-call notice system that operates in that municipality. Owners and operators of underground utility facilities that are damaged and the excavator involved shall work in a cooperative and expeditious manner to repair the affected utility.

Sec. 10. Record of notice; marking of facilities. Upon notice by the person engaged in excavation or demolition, the person owning or operating underground utility facilities or CATS facilities in or near the excavation or demolition area shall cause a written record to be made of the notice and shall mark, within 48 hours (excluding Saturdays, Sundays and holidays) of receipt of notice, the approximate locations of such facilities so as to enable the person excavating or demolishing to establish the location of the underground utility facilities or CATS facilities. Owners and operators of underground sewer facilities that are located outside the boundaries of a municipality having a population of at least 1,000,000 inhabitants shall be required to respond and mark the approximate location of those sewer facilities when the excavator indicates, in the notice required in Section 4, that the excavation or demolition project will exceed a depth of 7 feet. "Depth", in this case, is defined as the distance measured vertically from the surface of the ground to the top of the sewer facility. Owners and operators of underground sewer facilities that are located outside the boundaries of a municipality having a population of at least 1,000,000 inhabitants shall be required at all times to locate the approximate location of those sewer facilities when: (1) directional boring is the indicated type of excavation work being performed within the notice; (2) the underground sewer facilities owned are non-gravity, pressurized force mains; or (3) the excavation indicated will occur in the immediate proximity of known underground sewer facilities that are less than 7 feet deep. Owners or operators of underground sewer facilities that are located outside the boundaries of a municipality having a population of at least 1,000,000 inhabitants shall not hold an excavator liable for damages that occur to sewer facilities that were not required to be marked under this Section, provided that prompt notice of the damage is made to the State-Wide One-Call Notice System and the utility owner as required in Section 7.

All persons subject to the requirements of this Act shall plan and conduct their work consistent with reasonable business practices. Conditions may exist making it unreasonable to request that locations be marked within 48 hours. It is unreasonable to request owners and operators of underground utility facilities and CATS facilities to locate all of their facilities in an affected area upon short notice in advance of a large or extensive nonemergency project, or to request extensive locates in excess of a reasonable excavation or demolition work schedule, or to request locates under conditions where a repeat request is likely to be made because of the passage of time or adverse job conditions. Owners and operators of underground utility facilities and CATS facilities must reasonably anticipate seasonal fluctuations in the number of locate requests and staff accordingly.

If a person owning or operating underground utility facilities or CATS facilities receives a notice under this Section but does not own or operate any underground utility facilities or CATS facilities within the proposed excavation or demolition area described in the notice, that person, within 48 hours (excluding Saturdays, Sundays, and holidays) after receipt of the notice, shall so notify the person engaged in excavation or demolition who

New matter indicated by italics - deletions by strikeout
initiated the notice, unless the person who initiated the notice expressly waives the right to be notified that no facilities are located within the excavation or demolition area. The notification by the owner or operator of underground utility facilities or CATS facilities to the person engaged in excavation or demolition may be provided in any reasonable manner including, but not limited to, notification in any one of the following ways: by face-to-face communication; by phone or phone message; by facsimile; by posting in the excavation or demolition area; or by marking the excavation or demolition area. The owner or operator of those facilities has discharged the owner's or operator's obligation to provide notice under this Section if the owner or operator attempts to provide notice by telephone or by facsimile, if the person has supplied a facsimile number, but is unable to do so because the person engaged in the excavation or demolition does not answer his or her telephone or does not have an answering machine or answering service to receive the telephone call or does not have a facsimile machine in operation to receive the facsimile transmission. If the owner or operator attempts to provide notice by telephone or by facsimile but receives a busy signal, that attempt shall not serve to discharge the owner or operator of the obligation to provide notice under this Section.

A person engaged in excavation or demolition may expressly waive the right to notification from the owner or operator of underground utility facilities or CATS facilities that the owner or operator has no facilities located in the proposed excavation or demolition area. Waiver of notice is only permissible in the case of regular or nonemergency locate requests. The waiver must be made at the time of the notice to the State-Wide One-Call Notice System. A waiver made under this Section is not admissible as evidence in any criminal or civil action that may arise out of, or is in any way related to, the excavation or demolition that is the subject of the waiver.

For the purposes of this Act, underground facility operators may utilize a combination of flags, stakes, and paint when possible on non-paved surfaces and when dig site and seasonal conditions warrant. If the approximate location of an underground utility facility or CATS facility is marked with stakes or other physical means, the following color coding shall be employed:

be restored upon payment of lapsed renewal fees. Any permanent employee registration
card expired for one year or more may be restored by making application to the

The Department of State Police shall furnish, pursuant to positive identification, records of Illinois convictions to the Department. The Department may require applicants to pay a separate fingerprinting fee, either to the Department or directly to the vendor. The Department, in its discretion, may allow an applicant who does not have reasonable access to a designated vendor to provide his or her fingerprints in an alternative manner. Each employer shall maintain a record for each armed employee of each instance in which the employee's weapon was discharged during the course of his or her professional duties or activities. The record shall be maintained on forms provided by the Department, a copy of which must be filed with the Department within 15 days of an instance. The record shall include the date and time of the occurrence, the circumstances involved in the occurrence, and any other information as the Department may require. Failure to provide this information to the Department or failure to maintain the record as a part of each armed employee's permanent file is grounds for disciplinary action. The Department, upon receipt of a report, shall have the authority to make any investigation it considers appropriate into any occurrence in which an employee's weapon was discharged and to take disciplinary action as may be appropriate.

(5) The Department may, by rule, prescribe further record requirements.

(i) Every employer shall maintain a separate roster of the names of all employees currently working in an armed capacity and submit the roster to the Department on request.

(3) The agency exercises due diligence to ensure that the person is qualified under the requirements of the Act to be issued a permanent employee registration card.

(4) The agency maintains a separate roster of the names of all employees whose applications are currently pending with the Department and submits the roster to the Department on a monthly basis. Rosters are to be maintained by the agency for a period of at least 24 months.

An agency may employ only a permanent employee applicant for which it either submitted a permanent employee application and all required forms and fees or it confirms with the Department that a permanent employee application and all required forms and fees have been submitted by another agency, licensee or the permanent employee and all other requirements of this Section are met.

The Department shall have the authority to revoke, without a hearing, the temporary authority of an individual to work upon receipt of Federal Bureau of Investigation fingerprint data or a report of another official authority indicating a criminal conviction. If the Department has not received a temporary employee's Federal Bureau of Investigation fingerprint data within 120 days of the date the Department received the Department of State Police fingerprint data, the Department may, at its discretion, revoke the employee's temporary authority to work with 15 days written notice to the individual and the employing agency.

An agency may not employ a person in a temporary capacity if it knows or reasonably should have known that the person has been convicted of a crime under the laws of this State, has been convicted in another state of any crime that is a crime under the laws of this State, has been convicted of any crime in a federal court, or has been posted as an unapproved applicant by the Department. Notice by the Department to the agency, via certified mail, personal delivery, electronic mail, or posting on the Department's Internet site accessible to the agency that the person has been convicted of a crime shall be deemed constructive knowledge of the conviction on the part of the agency. The Department may adopt rules to implement this subsection (k).

(d) The Department shall issue a firearm authorization card to a person who has passed an approved firearm training course, who is currently employed by an agency licensed by this Act and has met all the requirements of this Act, and who possesses a valid
firearm owner identification card. Application for the firearm authorization card shall be made by the employer to the Department on forms provided by the Department. The Department shall forward the card to the employer who shall be responsible for its issuance to the employee. The firearm authorization card shall be issued by the Department and shall identify the person holding it and the name of the course where the employee received firearm instruction and shall specify the type of weapon or weapons the person is authorized by the Department to carry and for which the person has been trained.

(e) Expiration and requirements for renewal of firearm authorization cards shall be determined by rule.

Upon the filing of a verified petition in court, if satisfied by affidavit or otherwise that the person, firm, corporation, or other legal entity is or has been conducting activities in violation of this Act, the court may enter a temporary restraining order or preliminary injunction, without bond, enjoining the defendant from further activity. Section 40-30. Insufficient funds; checks. A person who delivers a check or other payment to the Department that is returned to the Department unpaid by the financial institution upon which it was drawn shall pay to the Department, in addition to the amount already owed, a penalty of $50. The Department shall notify the person by first class mail that his or her check or payment was returned and that the person shall pay to the Department by certified check or money order the amount of the returned check plus a $50 penalty within 30 calendar days after the date of the notification. If, after the expiration of 30 calendar days of the notification, the person has failed to remit the necessary funds and penalty, the Department shall automatically terminate the license or deny the application without a hearing. If the returned check or other payment was for issuance of a license under this Act and that person practices as a licensee, that person may be subject to discipline for unlicensed practice as provided in this Act. If, after termination or denial, the person seeks a license, he or she shall petition the Department for restoration and he or she may be subject to additional discipline or fines. The Director may waive the penalties or fines due under this Section in individual cases where the Director finds that the penalties or fines would be unreasonable or unnecessarily burdensome.

The Department shall deny a license or renewal authorized by this Act to a person who has defaulted on an educational loan or scholarship provided or guaranteed by the Illinois Student Assistance Commission or any governmental agency of this State. disciplinary action against that person based solely upon the certification of delinquency made by the Department of Public Aid or a circuit court. Redetermination of the delinquency by the Department shall not be required. In cases regarding the renewal of a license, the Department shall not renew any license if the Department of Public Aid or a circuit court has certified the licensee to be more than 30 days delinquent in the payment of child support, unless the licensee has arranged for payment of past and current child support obligations in a manner satisfactory to the Department of Public Aid or circuit court. The Department may impose conditions, restrictions or disciplinary action upon that renewal in accordance with Section 40-10 of this Act.

Section 40-45. Failure to file a tax return. ARTICLE 45. INVESTIGATION AND HEARING PROVISIONS

Section 45-10. Complaints investigated by the Department.
(a) The Department shall investigate all complaints concerning violations regarding licensees or unlicensed activity.
(b) Following an investigation, the Department may file formal charges against the licensee. The formal charges shall inform the licensee of the facts that are the basis of the charges with enough specificity to enable the licensee to prepare an intelligent defense.
(c) Each licensee whose conduct is the subject of a formal charge that seeks to impose disciplinary action against the licensee shall be served notice of that charge at least 30 days before the date of the hearing. The hearing shall be presided over by a Board member or by a hearing officer authorized by the Department. Service shall be considered to have been given if the notice was personally received by the licensee or if the notice was mailed by certified mail, return receipt requested, to the licensee at the licensee's address on file with the Department.
(d) The notice of formal charges shall consist of the following information:
   (1) The time, place, and date of the hearing.
   (2) That the licensee shall appear personally at the hearing and may be represented by counsel.
(3) That the licensee may produce witnesses and evidence on his or her behalf and has the right to cross-examine witnesses and evidence produced against him or her.

(4) That the hearing could result in disciplinary action.

(5) That rules for the conduct of hearings are available from the Department.

(6) That a hearing officer authorized by the Department shall conduct the hearing and, following the conclusion of that hearing, shall make findings of fact, conclusions of law, and recommendations, separately stated, to the Board as to what disciplinary action, if any, should be imposed on the licensee.

(7) That the licensee shall file a written answer to the Board under oath within 20 days after the service of the notice, and that if the licensee fails to file an answer default will be taken and the license or certificate may be suspended, revoked, or placed on probationary status, or other disciplinary action may be taken, including limiting the scope, nature, or extent of practice, as the Director may consider proper.

In case the licensee, after receiving notice, fails to file an answer, that person's license or certificate may, in the discretion of the Director, having received first the recommendation of the Board, be suspended, revoked, or placed on probationary status; or the Director may take whatever disciplinary action is considered under this Act, including limiting the scope, nature, or extent of the person's practice, without a hearing, if the act or acts charged constitute sufficient grounds for the action under this Act.

Section 45-15. Hearing; rehearing; public record.

(a) The Board or the hearing officer authorized by the Department shall hear evidence in support of the formal charges and evidence produced by the licensee. At the conclusion of the hearing, the Board shall make findings of fact, conclusions of law, and recommendations and submit them to the Director and to all parties to the proceeding.

(b) The Board's findings of fact, conclusions of law, and recommendations shall be served on the licensee in the same manner as was the service of the notice of formal charges. Within 20 days after the service, any party to the proceeding may present to the Director a motion, in writing, specifying the grounds for a rehearing or reconsideration of the decision or sanctions.

(c) The Director, following the time allowed for filing a motion for rehearing or reconsideration, shall review the Board's findings of fact, conclusions of law and recommendations and any subsequently filed motions. After review of the information, the Director may hear oral arguments and thereafter shall issue an order. The report of findings of fact, conclusions of law and recommendations of the Board shall be the basis for the Department's order. If the Director finds that substantial justice was not done, the Director may issue an order in contravention of the Board's recommendations. The Director shall provide the Board with a written explanation of any deviation and shall specify the reasons.
for the action. The findings of the Board and the Director are not admissible as evidence against the person in a criminal prosecution brought for the violation of this Act.

(d) All proceedings under this Section are matters of public record and shall be preserved.

(e) Upon the suspension or revocation of a license, the licensee shall surrender the license to the Department and, upon failure to do so, the Department shall seize the same.

Section 45-20. Temporary suspension of a license. The Director may temporarily suspend a license without a hearing, simultaneously with the initiation of the procedure for a hearing provided for in this Act, if the Director finds that evidence indicates that a licensee's continuance in business would constitute an imminent danger to the public. If the Director temporarily suspends a license without a hearing, a hearing by the Department shall be held within 30 days after the suspension has occurred.

Section 45-25. Disposition by consent order. Disposition may be made of any charge by consent order between the Department and the licensee. The Board shall be apprised of the consent order at its next meeting.

Section 45-30. Restoration of license after disciplinary proceedings. The Department shall reinstate any license to good standing under this Act upon recommendation to the Director, after a hearing before the Board or a hearing officer authorized by the Department. The Department shall be satisfied that the applicant's renewed practice is not contrary to the public interest.

Section 45-35. Cease and desist orders. Whenever the Department has reason to believe a person, firm, corporation, or other legal entity has violated any provision of Section 10-5, the Department may issue a rule to show cause why an order to cease and desist should not be entered against that person, firm, corporation, or other legal entity. The rule shall clearly set forth the grounds relied upon by the Department and shall provide a period of 7 days from the date of the rule to file an answer to the satisfaction of the Department. Failure to answer to the satisfaction of the Department shall cause an order to cease and desist to be issued immediately.

Section 45-40. Administrative review. All final administrative decisions of the Department are subject to judicial review under Article III of the Code of Civil Procedure. The term "administrative decision" is defined as in Section 3-101 of the Code of Civil Procedure. The proceedings for judicial review shall be commenced in the circuit court of the county in which the party applying for review resides; but if the party is not a resident of Illinois, the venue shall be in Sangamon County. The Department shall not be required to certify any record to the court or file any answer in court or otherwise appear in any court in a judicial review proceeding, unless there is filed in the court with the complaint a receipt from the Department acknowledging payment of the costs of furnishing and certifying the record. Costs shall be computed at the cost of preparing the record. Exhibits shall be certified without cost. Failure on the part of the applicant or licensee to file a receipt in court is grounds for dismissal of the action. During all judicial proceedings

Section 45-45. Prima facie proof. An order of revocation or suspension or placing a license on probationary status or other disciplinary action as the Department may consider proper or a certified copy thereof, over the seal of the Department and purporting to be signed by the Director, is prima facie proof that:

(1) the signature is that of the Director;
(2) the Director is qualified to act; and
(3) the members of the Board are qualified to act.

(2) Operation of or attempt to operate a private detective agency, private security contractor agency, private alarm contractor agency, or locksmith agency without ever having been issued a valid agency license.
(3) The obtaining of or the attempt to obtain any license or authorization issued under this Act by fraudulent misrepresentation.

(b) Whenever a licensee is convicted of a felony related to the violations set forth in this Section, the clerk of the court in any jurisdiction shall promptly report the conviction to the Department and the Department shall immediately revoke any license as a private detective, private security contractor, private alarm contractor, or locksmith held by that licensee. The individual shall not be eligible for licensure under this Act until at least 10 years have elapsed since the time of full discharge from any sentence imposed for a felony conviction. If any person in making any oath or affidavit required by this Act swears falsely, the person is guilty of perjury and may be punished accordingly.

(c) In addition to any other penalty provided by law, a person who violates any provision of this Section shall pay a civil penalty to the Department in an amount not to exceed $5,000 for each offense, as determined by the Department. The civil penalty shall be imposed in accordance with this Act.

Section 45-55. Subpoenas.

(a) The Department may subpoena and bring before it any person to take the testimony with the same fees and in the same manner as prescribed in civil cases.

(b) Any circuit court, upon the application of the licensee, the Department, or the Board, may order the attendance of witnesses and the production of relevant books and papers before the Board in any hearing under this Act. The circuit court may compel obedience to its order by proceedings for contempt.
(c) The Director, the hearing officer or a certified shorthand court reporter may administer oaths at any hearing the Department conducts. Notwithstanding any other statute or Department rule to the contrary, all requests for testimony, production of documents or records shall be in accordance with this Act.

Section 45-60. Stenographers. The Department, at its expense, shall provide a stenographer to preserve a record of all hearing and pre-hearing proceedings if a license may be revoked, suspended, or placed on probationary status or other disciplinary action is taken. The notice of hearing, the complaint, all other documents in the nature of pleadings and written motions filed in the proceedings, the transcript of testimony, the report of the Board, and the orders of the Department shall constitute the record of the proceedings. Sec. 2-202. Persons authorized to serve process; Place of service; Failure to make return.

(a) Process shall be served by a sheriff, or if the sheriff is disqualified, by a coroner of some county of the State. A sheriff of a county with a population of less than 1,000,000

may employ civilian personnel to serve process. In counties with a population of less than 1,000,000, process may be served, without special appointment, by a person who is licensed or registered as a private detective under the Private Detective, Private Alarm, Private Security, and Locksmith Act of 2004 or by a registered employee of a private detective agency certified under that Act. A private detective or licensed employee must supply the sheriff of any county in which he serves process with a copy of his license or certificate; however, the failure of a person to supply the copy shall not in any way impair the validity of process served by the person. The court may, in its discretion, order service to be made by a private person over 18 years of age and not a party to the action. It is not necessary that service be made by a sheriff or coroner of the county in which service is made. If served or sought to be served by a sheriff or coroner, he or she shall endorse his or her return thereon, and if by a private person the return shall be by affidavit.

(a-5) Upon motion and in its discretion, the court may appoint as a special process server a private detective agency certified under the Private Detective, Private Alarm, Private Security, and Locksmith Act of 2004. Under the appointment, any employee of the private detective agency who is registered under that Act may serve the process. The motion and the order of appointment must contain the number of the certificate issued to the private detective agency by the Department of Professional Regulation under the Private Detective, Private Alarm, Private Security, and Locksmith Act of 2004.

(b) Summons may be served upon the defendants wherever they may be found in the State, by any person authorized to serve process. An officer may serve summons in his or her official capacity outside his or her county, but fees for mileage outside the county of the officer cannot be taxed as costs. The person serving the process in a foreign county may make return by mail.

(c) If any sheriff, coroner, or other person to whom any process is delivered, neglects or refuses to make return of the same, the plaintiff may petition the court to enter a rule requiring the sheriff, coroner, or other person, to make return of the process on a day to be fixed by the court, or to show cause on that day why that person should not be attached for contempt of the court. The plaintiff shall then cause a written notice of the rule to be served on the sheriff, coroner, or other person. If good and sufficient cause be not shown to excuse the officer or other person, the court shall adjudge him or her guilty of a contempt, and shall impose punishment as in other cases of contempt.

(d) If process is served by a sheriff or coroner, the court may tax the fee of the sheriff or coroner as costs in the proceeding. If process is served by a private person or entity, the court may establish a fee therefor and tax such fee as costs in the proceedings.

(e) In addition to the powers stated in Section 8.1a of the Housing Authorities Act, in counties with a population of 3,000,000 or more inhabitants, members of a housing authority police force may serve process for forcible entry and detainer actions commenced by that housing authority and may execute orders of possession for that housing authority.

(f) In counties with a population of 3,000,000 or more, process may be served, with special appointment by the court, by a private process server or a law enforcement agency other than the county sheriff in proceedings instituted under the Forcible Entry and Detainer Article of this Code as a result of a lessor or lessor's assignee declaring a lease void pursuant to Section 11 of the Controlled Substance and Cannabis Nuisance Act.

This exemption does not authorize the general private possession of any weapon from which 8 or more shots or bullets can be discharged by a single function of the firing device, but only such possession and activities as are within the lawful scope of a licensed manufacturing business described in this paragraph.

During transportation, such weapons shall be broken down in a non-functioning state or not immediately accessible.

This exemption does not authorize the general private possession of any device or attachment of any kind designed, used, or intended for use in silencing the report of any firearm, but only such possession and activities as are within the lawful scope of a licensed manufacturing business described in this subsection (g-5). During transportation, those devices shall be detached from any weapon or not immediately accessible.

(i) Nothing in this Article shall prohibit, apply to, or affect the transportation, carrying, or possession, of any pistol or revolver, stun gun, taser, or other firearm consigned to a common carrier operating under license of the State of Illinois or the federal government, where such transportation, carrying, or possession is incident to the lawful transportation in which such common carrier is engaged; and nothing in this Article shall prohibit, apply to, or affect the transportation, carrying, or possession of any pistol, revolver, stun gun, taser, or other firearm, not the subject of and regulated by subsection 24-1(a)(7) or subsection 24-2(c) of this Article, which is unloaded and enclosed in a case, firearm carrying box, shipping box, or other container, by the possessor of a valid Firearm Owners Identification Card.

Section 99. Effective date. This Act takes effect upon becoming law.

PUBLIC ACT 93-0444
(House Bill No. 3396)

AN ACT concerning labor relations.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Illinois Public Labor Relations Act is amended by changing Section 9 as follows:
(5 ILCS 315/9) (from Ch. 48, par. 1609)
Sec. 9. Elections; recognition.
(a) Whenever in accordance with such regulations as may be prescribed by the Board a petition has been filed:
(1) by a public employee or group of public employees or any labor organization acting in their behalf demonstrating that 30% of the public employees in an appropriate unit (A) wish to be represented for the purposes of collective bargaining by a labor organization as exclusive representative, or (B) asserting that the labor organization which has been certified or is currently recognized by the public employer as bargaining representative is no longer the representative of the majority of public employees in the unit; or
(2) by a public employer alleging that one or more labor organizations have presented to it a claim that they be recognized as the representative of a majority of the public employees in an appropriate unit,
the Board shall investigate such petition, and if it has reasonable cause to believe that a question of representation exists, shall provide for an appropriate hearing upon due notice. Such hearing shall be held at the offices of the Board or such other location as the Board deems appropriate. If it finds upon the record of the hearing that a question of representation exists, it shall direct an election in accordance with subsection (d) of this Section, which election shall be held not later than 120 days after the date the petition was filed regardless of whether that petition was filed before or after the effective date of this

New matter indicated by italics - deletions by strikeout
amendatory Act of 1987; provided, however, the Board may extend the time for holding an election by an additional 60 days if, upon motion by a person who has filed a petition under this Section or is the subject of a petition filed under this Section and is a party to such hearing, or upon the Board's own motion, the Board finds that good cause has been shown for extending the election date; provided further, that nothing in this Section shall prohibit the Board, in its discretion, from extending the time for holding an election for so long as may be necessary under the circumstances, where the purpose for such extension is to permit resolution by the Board of an unfair labor practice charge filed by one of the parties to a representational proceeding against the other based upon conduct which may either affect the existence of a question concerning representation or have a tendency to interfere with a fair and free election, where the party filing the charge has not filed a request to proceed with the election; and provided further that prior to the expiration of the total time allotted for holding an election, a person who has filed a petition under this Section or is the subject of a petition filed under this Section and is a party to such hearing or the Board, may move for and obtain the entry of an order in the circuit court of the county in which the majority of the public employees sought to be represented by such person reside, such order extending the date upon which the election shall be held. Such order shall be issued by the circuit court only upon a judicial finding that there has been a sufficient showing that there is good cause to extend the election date beyond such period and shall require the Board to hold the election as soon as is feasible given the totality of the circumstances. Such 120 day period may be extended one or more times by the agreement of all parties to the hearing to a date certain without the necessity of obtaining a court order. Nothing in this Section prohibits the waiving of hearings by stipulation for the purpose of a consent election in conformity with the rules and regulations of the Board or an election in a unit agreed upon by the parties. Other interested employee organizations may intervene in the proceedings in the manner and within the time period specified by rules and regulations of the Board. Interested parties who are necessary to the proceedings may also intervene in the proceedings in the manner and within the time period specified by the rules and regulations of the Board.

(a-5) The Board shall designate an exclusive representative for purposes of collective bargaining when the representative demonstrates a showing of majority interest by employees in the unit. If the parties to a dispute are without agreement on the means to ascertain the choice, if any, of employee organization as their representative, the Board shall ascertain the employees' choice of employee organization, on the basis of dues deduction authorization and other evidence, or, if necessary, by conducting an election. If either party provides to the Board, before the designation of a representative, clear and convincing evidence that the dues deduction authorizations, and other evidence upon which the Board would otherwise rely to ascertain the employees' choice of representative, are fraudulent or were obtained through coercion, the Board shall promptly thereafter conduct an election. The Board shall also investigate and consider a party's allegations.

that the dues deduction authorizations and other evidence submitted in support of a designation of representative without an election were subsequently changed, altered, withdrawn, or withheld as a result of employer fraud, coercion, or any other unfair labor practice by the employer. If the Board determines that a labor organization would have had a majority interest but for an employer's fraud, coercion, or unfair labor practice, it shall designate the labor organization as an exclusive representative without conducting an election.

(b) The Board shall decide in each case, in order to assure public employees the fullest freedom in exercising the rights guaranteed by this Act, a unit appropriate for the purpose of collective bargaining, based upon but not limited to such factors as: historical pattern of recognition; community of interest including employee skills and functions; degree of functional integration; interchangeability and contact among employees; fragmentation of employee groups; common supervision, wages, hours and other working conditions of the employees involved; and the desires of the employees. For purposes of this subsection, fragmentation shall not be the sole or predominant factor used by the Board in determining an appropriate bargaining unit. Except with respect to non-State fire fighters and paramedics employed by fire departments and fire protection districts, non-State peace officers and peace officers in the State Department of State Police, a single bargaining unit determined by the Board may not include both supervisors and nonsupervisors, except for bargaining units in existence on the effective date of this Act. With respect to non-State fire fighters and paramedics employed by fire departments and fire protection districts, non-State peace officers and peace officers in the State Department of State Police, a single bargaining unit determined by the Board may not include both supervisors and nonsupervisors, except for bargaining units in existence on the effective date of this amendatory Act of 1985.

In cases involving an historical pattern of recognition, and in cases where the employer has recognized the union as the sole and exclusive bargaining agent for a specified existing unit, the Board shall find the employees in the unit then represented by the union pursuant to the recognition to be the appropriate unit.

Notwithstanding the above factors, where the majority of public employees of a craft so decide, the Board shall designate such craft as a unit appropriate for the purposes of collective bargaining.

The Board shall not decide that any unit is appropriate if such unit includes both professional and nonprofessional employees, unless a majority of each group votes for inclusion in such unit.

(c) Nothing in this Act shall interfere with or negate the current representation rights or patterns and practices of labor organizations which have historically represented public employees for the purpose of collective bargaining, including but not limited to the negotiations of wages, hours and working conditions, discussions of employees' grievances, resolution of jurisdictional disputes, or the establishment and maintenance of

prevailing wage rates, unless a majority of employees so represented express a contrary desire pursuant to the procedures set forth in this Act.

(d) In instances where the employer does not voluntarily recognize a labor organization as the exclusive bargaining representative for a unit of employees, the Board shall determine the majority representative of the public employees in an appropriate collective bargaining unit by conducting a secret ballot election, except as otherwise provided in subsection (a-5). Within 7 days after the Board issues its bargaining unit determination and direction of election or the execution of a stipulation for the purpose of a consent election, the public employer shall submit to the labor organization the complete names and addresses of those employees who are determined by the Board to be eligible to participate in the election. When the Board has determined that a labor organization has been fairly and freely chosen by a majority of employees in an appropriate unit, it shall certify such organization as the exclusive representative. If the Board determines that a majority of employees in an appropriate unit has fairly and freely chosen not to be represented by a labor organization, it shall so certify. The Board may also revoke the certification of the public employee organizations as exclusive bargaining representatives which have been found by a secret ballot election to be no longer the majority representative.

(e) The Board shall not conduct an election in any bargaining unit or any subdivision thereof within which a valid election has been held in the preceding 12-month period. The Board shall determine who is eligible to vote in an election and shall establish rules governing the conduct of the election or conduct affecting the results of the election. The Board shall include on a ballot in a representation election a choice of "no representation". A labor organization currently representing the bargaining unit of employees shall be placed on the ballot in any representation election. In any election where none of the choices on the ballot receives a majority, a runoff election shall be conducted between the 2 choices receiving the largest number of valid votes cast in the election. A labor organization which receives a majority of the votes cast in an election shall be certified by the Board as exclusive representative of all public employees in the unit.

(f) Nothing in this or any other Act prohibits recognition of a labor organization which has been designated as the exclusive representative by a public employer by mutual consent of the employer and the labor organization, provided that the labor organization represents a majority of the public employees in an appropriate unit. Any employee organization which is designated or selected by the majority of public employees, in a unit of the public employer having no other recognized or certified representative, as their representative for purposes of collective bargaining may request recognition by the public employer in writing. The public employer shall post such request for a period of at least 20 days following its receipt thereof on bulletin boards or other places used or reserved for employee notices.

(g) Within the 20-day period any other interested employee organization may petition the Board in the manner specified by rules and regulations of the Board, provided that such interested employee organization has been designated by at least 10% of the employees in an appropriate bargaining unit which includes all or some of the employees in the unit recognized by the employer. In such event, the Board shall proceed with the petition in the same manner as provided by paragraph (1) of subsection (a) of this Section.

(h) No election shall be directed by the Board in any bargaining unit where there is in force a valid collective bargaining agreement. The Board, however, may process an election petition filed between 90 and 60 days prior to the expiration of the date of an agreement, and may further refine, by rule or decision, the implementation of this provision. No collective bargaining agreement bars an election upon the petition of persons not parties thereto where more than 3 years have elapsed since the effective date of the agreement.

(i) An order of the Board dismissing a representation petition, determining and certifying that a labor organization has been fairly and freely chosen by a majority of employees in an appropriate bargaining unit, determining and certifying that a labor organization has not been fairly and freely chosen by a majority of employees in the bargaining unit or certifying a labor organization as the exclusive representative of employees in an appropriate bargaining unit because of a determination by the Board that the labor organization is the historical bargaining representative of employees in the bargaining unit, is a final order. Any person aggrieved by any such order issued on or after the effective date of this amendatory Act of 1987 may apply for and obtain judicial review in accordance with provisions of the Administrative Review Law, as now or hereafter amended, except that such review shall be afforded directly in the Appellate Court for the district in which the aggrieved party resides or transacts business. Any direct appeal to the Appellate Court shall be filed within 35 days from the date that a copy of the decision sought to be reviewed was served upon the party affected by the decision.

Section 10. The Illinois Educational Labor Relations Act is amended by changing Section 7 as follows:

(115 ILCS 5/7) (from Ch. 48, par. 1707)

Sec. 7. Recognition of exclusive bargaining representatives - unit determination. The Board is empowered to administer the recognition of bargaining representatives of employees of public school districts, including employees of districts which have entered into joint agreements, or employees of public community college districts, or any State college or university, and any State agency whose major function is providing educational services, making certain that each bargaining unit contains employees with an identifiable community of interest and that no unit includes both professional employees and nonprofessional employees unless a majority of employees in each group vote for inclusion in the unit.

(a) In determining the appropriateness of a unit, the Board shall decide in each case, in order to ensure employees the fullest freedom in exercising the rights guaranteed by this Act, the unit appropriate for the purpose of collective bargaining, based upon but not limited to such factors as historical pattern of recognition, community of interest, including employee skills and functions, degree of functional integration, interchangeability and contact among employees, common supervision, wages, hours and other working conditions of the employees involved, and the desires of the employees. Nothing in this Act, except as herein provided, shall interfere with or negate the current representation rights or patterns and practices of employee organizations which have historically represented employees for the purposes of collective bargaining, including but not limited to the negotiations of wages, hours and working conditions, resolutions of employees' grievances, or resolution of jurisdictional disputes, or the establishment and maintenance of prevailing wage rates, unless a majority of the employees so represented expresses a contrary desire under the procedures set forth in this Act. This Section, however, does not prohibit multi-unit bargaining. Notwithstanding the above factors, where the majority of public employees of a craft so decide, the Board shall designate such craft as a unit appropriate for the purposes of collective bargaining.

The sole appropriate bargaining unit for academic faculty at the University of Illinois shall be a unit that is comprised of non-supervisory academic faculty employed more than half-time and that includes all tenured, tenure-track, and nontenure-track faculty employed by the board of trustees of that University in all of its undergraduate, graduate, and professional schools and degree and non-degree programs, regardless of current or historical representation rights or patterns or the application of any other factors. Any decision, rule, or regulation, promulgated by the Board to the contrary shall be null and void.

(b) An educational employer shall may voluntarily recognize a labor organization for collective bargaining purposes if that organization appears to represent a majority of employees in the unit. The employer shall post notice of its intent to so recognize for a period of at least 20 school days on bulletin boards or other places used or reserved for employee notices. Thereafter, the employer, if satisfied as to the majority status of the employee organization, shall send written notification of such recognition to the Board for certification. Any dispute regarding the majority status of a labor organization shall be resolved by the Board which shall make the determination of majority status.

Within the 20 day notice period, however, any other interested employee organization may petition the Board to seek recognition as the exclusive representative of the unit in the manner specified by rules and regulations prescribed by the Board, if such interested employee organization has been designated by at least 15% of the employees in an appropriate bargaining unit which includes all or some of the employees in the unit intended to be recognized by the employer. In such event, the Board shall proceed with the petition in the same manner as provided in paragraph (c) of this Section.
(c) A labor organization may also gain recognition as the exclusive representative by an election of the employees in the unit. Petitions requesting an election may be filed with the Board:

(1) by an employee or group of employees or any labor organizations acting on their behalf alleging and presenting evidence that 30% or more of the employees in a bargaining unit wish to be represented for collective bargaining or that the labor organization which has been acting as the exclusive bargaining representative is no longer representative of a majority of the employees in the unit; or

(2) by an employer alleging that one or more labor organizations have presented a claim to be recognized as an exclusive bargaining representative of a majority of the employees in an appropriate unit and that it doubts the majority status of any of the organizations or that it doubts the majority status of an exclusive bargaining representative.

The Board shall investigate the petition and if it has reasonable cause to suspect that a question of representation exists, it shall give notice and conduct a hearing. If it finds upon the record of the hearing that a question of representation exists, it shall direct an election, which shall be held no later than 90 days after the date the petition was filed. Nothing prohibits the waiving of hearings by the parties and the conduct of consent elections.

(c-5) The Board shall designate an exclusive representative for purposes of collective bargaining when the representative demonstrates a showing of majority interest by employees in the unit. If the parties to a dispute are without agreement on the means to ascertain the choice, if any, of employee organization as their representative, the Board shall ascertain the employees' choice of employee organization, on the basis of dues deduction authorization and other evidence, or, if necessary, by conducting an election. If either party provides to the Board, before the designation of a representative, clear and convincing evidence that the dues deduction authorizations, and other evidence upon which the Board would otherwise rely to ascertain the employees' choice of representative, are fraudulent or were obtained through coercion, the Board shall promptly thereafter conduct an election. The Board shall also investigate and consider a party's allegations that the dues deduction authorizations and other evidence submitted in support of a designation of representative without an election were subsequently changed, altered, withdrawn, or withheld as a result of employer fraud, coercion, or any other unfair labor practice by the employer. If the Board determines that a labor organization would have had a majority interest but for an employer's fraud, coercion, or unfair labor practice, it shall designate the labor organization as an exclusive representative without conducting an election.

(d) An order of the Board dismissing a representation petition, determining and certifying that a labor organization has been fairly and freely chosen by a majority of employees in an appropriate bargaining unit, determining and certifying that a labor

organization has not been fairly and freely chosen by a majority of employees in the bargaining unit or certifying a labor organization as the exclusive representative of employees in an appropriate bargaining unit because of a determination by the Board that the labor organization is the historical bargaining representative of employees in the bargaining unit, is a final order. Any person aggrieved by any such order issued on or after the effective date of this amendatory Act of 1987 may apply for and obtain judicial review in accordance with provisions of the Administrative Review Law, as now or hereafter amended, except that such review shall be afforded directly in the Appellate Court of a judicial district in which the Board maintains an office. Any direct appeal to the Appellate Court shall be filed within 35 days from the date that a copy of the decision sought to be reviewed was served upon the party affected by the decision.

No election may be conducted in any bargaining unit during the term of a collective bargaining agreement covering such unit or subdivision thereof, except the Board may direct an election after the filing of a petition between January 15 and March 1 of the final year of a collective bargaining agreement. Nothing in this Section prohibits the negotiation of a collective bargaining agreement covering a period not exceeding 3 years. A collective bargaining agreement of less than 3 years may be extended up to 3 years by the parties if the extension is agreed to in writing before the filing of a petition under this Section. In such case, the final year of the extension is the final year of the collective bargaining agreement. No election may be conducted in a bargaining unit, or subdivision thereof, in which a valid election has been held within the preceding 12 month period.

Section 1. Short title. This Act may be cited as the Tobacco Products Manufacturers' Escrow Enforcement Act of 2003.

Section 5. Findings; purpose. The General Assembly finds that violations of the Tobacco Product Manufacturers' Escrow Act threaten the integrity of the tobacco Master Settlement Agreement, the fiscal soundness of the State, and the public health. The General Assembly finds that enacting procedural enhancements will help prevent violations and aid the enforcement of the Tobacco Product Manufacturers' Escrow Act and thereby safeguard the Master Settlement Agreement, the fiscal soundness of the State, and the public health. Section 15. Certifications; directory; tax stamps.

(a) Every tobacco product manufacturer whose cigarettes are sold in this State whether directly or through a distributor, retailer, or similar intermediary or intermediaries shall execute and deliver on a form prescribed by the Attorney General a certification to the Attorney General, no later than the thirtieth day of April each year, certifying under penalty of perjury that, as of the date of the certification, the tobacco product manufacturer either: (i) is a participating manufacturer and has generally performed its financial obligations under the Master Settlement Agreement; or (ii) is in full compliance with the Escrow Act, including all quarterly installment payments.

(1) A participating manufacturer shall include in its certification a list of its brand families. The participating manufacturer shall update the list 30 days prior to any addition to or modification of its brand families by executing and delivering a supplemental certification to the Attorney General.

(2) A non-participating manufacturer shall include in its certification a complete list of all of its brand families: (i) separately listing brand families of cigarettes and the number of units sold for each brand family that were sold in the State during the preceding calendar year; (ii) listing all of its brand families that have been sold in the State at any time during the current calendar year; (iii) indicating by an asterisk, any brand family sold in the State during the preceding calendar year that is no longer being sold in the State as of the date of the certification; and (iv) identifying by name and address any other manufacturer of the brand families in the preceding calendar year. The non-participating manufacturer shall update the list 30 days prior to any addition to or modification of its brand families by executing and delivering a supplemental certification to the Attorney General.
(3) In the case of a non-participating manufacturer, the certification shall further certify:

(A) that the non-participating manufacturer is registered to do business in this State or has appointed a resident agent for service of process and provided notice thereof as required by item 4 of subsection (a) of this Section;

(B) that the non-participating manufacturer has (i) established and continues to maintain a qualified escrow fund as that term is defined in Section 10 of the Escrow Act, and (ii) executed a qualified escrow agreement that has been reviewed and approved by the Attorney General and that governs the qualified escrow fund;

(C) that the non-participating manufacturer is in full compliance with the Escrow Act and this Act, and any regulations promulgated pursuant thereto;

(D) the name, address and telephone number of the financial institution where the non-participating manufacturer has established the qualified escrow fund required pursuant to Section 15 of the Escrow Act and all regulations promulgated thereto;

(E) the account number of the qualified escrow fund and sub-account number for this State;

(F) the amount the non-participating manufacturer placed in the fund for cigarettes sold in the State during the preceding calendar year, including the dates and amount of each deposit, and such evidence or verification as may be deemed necessary by the Attorney General to confirm the foregoing; and

(G) the amounts of and dates of any withdrawal or transfer of funds the non-participating manufacturer made at any time from the fund or from any other qualified escrow fund into which it ever made escrow payments pursuant to Section 15 of the Escrow Act and all regulations promulgated thereto.

(4) A tobacco product manufacturer may not include a brand family in its certification unless: (i) in the case of a participating manufacturer, the participating manufacturer affirms that the brand family is to be deemed to be its cigarettes for purposes of calculating its payments under the master settlement agreement for the relevant year, in the volume and shares determined pursuant to the master settlement agreement; and (ii) in the case of a non-participating manufacturer, the non-participating manufacturer affirms that the brand family is to be deemed to be its cigarettes for purposes of Section 15 of the Escrow Act.

Nothing in this Section shall be construed as limiting or otherwise affecting the State's right to maintain that a brand family constitutes cigarettes of a different tobacco

product manufacturer for purposes of calculating payments under the master settlement agreement or for purposes of Section 15 of the Escrow Act.

(5) The tobacco product manufacturers shall maintain all invoices and documentation of sales and other information relied upon for certification for a period of 5 years, unless otherwise required by law to maintain them for a greater period of time.

(b) Not later than 6 months after the effective date of this Act, the Attorney General shall develop and make available for public inspection, through publishing on its website, a directory listing all tobacco product manufacturers that have provided current and accurate certifications conforming to the requirements of subsection (a) of Section 15 and all brand families that are listed in the certifications, except for the following:

(1) The Attorney General shall not include or retain in the directory the name or brand families of any non-participating manufacturer that fails to provide the required certification or whose certification the Attorney General determines is not in compliance with subsections (a)(2) or (a)(3) of Section 15, unless the Attorney General has determined that the violation has been cured to the satisfaction of the Attorney General.

(2) Neither a tobacco product manufacturer nor brand family shall be included or retained in the directory if the Attorney General concludes that: (i) in the case of a non-participating manufacturer all escrow payments required pursuant to Section 15 of the Escrow Act for any period for any brand family, whether or not listed by the non-participating manufacturer, have not been fully paid into a qualified escrow fund governed by a qualified escrow agreement that has been approved by the Attorney General; or (ii) all outstanding final judgments, including interest thereon, for violations of Section 15 of the Escrow Act have not been fully satisfied for that brand family and manufacturer.

(c) The Attorney General shall update the directory as necessary in order to correct mistakes and to add or remove a tobacco product manufacturer or brand families to keep the directory in conformity with the requirements of this Act.

(d) Every distributor shall provide and update as necessary an electronic mail address to the Attorney General for the purpose of receiving any notifications as may be required by this Act.

(e) It shall be unlawful for any person: (i) to affix a stamp to a package or other container of cigarettes of a tobacco product manufacturer or brand family not included in the directory or to sell, offer, or possess for sale in this State; or (ii) import for personal consumption in this State, cigarettes of a tobacco product manufacturer or brand family not included in the directory.

Section 20. Agent for service of process.

(a) Any non-resident or foreign non-participating manufacturer that has not registered to do business in this State as a foreign corporation or business entity shall, as a
condition precedent to having its brand families listed or retained in the directory, appoint and continually engage without interruption the services of an agent in this State to act as agent for the service of process on whom all process, and any action or proceeding against it concerning or arising out of the enforcement of this Act and the Escrow Act, may be served in any manner authorized by law. The service shall constitute legal and valid service of process on the non-participating manufacturer. The non-participating manufacturer shall provide the name, address, phone number, and proof of the appointment and availability of the agent to and to the satisfaction of the Director and Attorney General.

(b) The non-participating manufacturer shall provide notice to the Director and Attorney General 30 calendar days prior to termination of the authority of an agent and shall further provide proof to the satisfaction of the Attorney General of the appointment of a new agent no less than 5 calendar days prior to the termination of an existing agent appointment. In the event an agent terminates an agency appointment, the non-participating manufacturer shall notify the Director and Attorney General of the termination within 5 calendar days and shall include proof to the satisfaction of the Attorney General of the appointment of a new agent.

(c) Any non-participating manufacturer whose products are sold in this State, without appointing or designating an agent as herein required shall be deemed to have appointed the Secretary of State as the agent and may be proceeded against in courts of this State by service of process upon the Secretary of State; however, the appointment of the Secretary of State as an agent shall not satisfy the condition precedent to having its brand families listed or retained in the directory.

Section 25. Reporting of information; escrow installments.

(a) Not later than 20 days after the end of each calendar quarter, and more frequently if so directed by the Attorney General, each distributor shall submit the information as the Attorney General requires to facilitate compliance with this Act, including, but not limited to, a list by brand family of the total number of cigarettes or in the case of roll-your-own, the equivalent stick count for which the distributor affixed stamps during the previous calendar quarter or otherwise paid the tax due for these cigarettes. The distributor shall maintain, and make available to the Attorney General, all invoices and documentation of sales of all non-participating manufacturer cigarettes and any other information relied upon in reporting to the Attorney General for a period of 5 years.

(b) The Director is authorized to disclose to the Attorney General any information received under this Act and requested by the Attorney General for purposes of determining compliance with and enforcing the provisions of this Act. The Director and Attorney General shall share with each other the information received under this Act, and may share the information with other federal, State, or local agencies only for purposes of enforcement of this Act, the Escrow Act, or corresponding laws of other states.

New matter indicated by italics - deletions by strikeout
(c) The Attorney General may require at any time, from the non-participating manufacturer, proof from the financial institution in which the manufacturer has established a qualified escrow fund for the purpose of compliance with the Escrow Act of the amount of money in the fund being held on behalf of the State and the dates of deposits, and listing the amounts of all withdrawals from the fund and the dates thereof.

(d) In addition to the information required to be submitted pursuant to this Act, the Attorney General may require a distributor or tobacco product manufacturer to submit any additional information including, but not limited to, samples of the packaging or labeling of each brand family, as is necessary to enable the Attorney General to determine whether a tobacco product manufacturer is in compliance with this Act.

(e) To promote compliance with the provisions of this Act, the Attorney General may promulgate regulations requiring a tobacco product manufacturer subject to the requirements of subsection (a)(2) of Section 15 to make the escrow deposits required in quarterly installments during the year in which the sales covered by the deposits are made. The Attorney General may require production of information sufficient to enable the Attorney General to determine the adequacy of the amount of the installment deposit.

Section 30. Penalties and other remedies.

(a) In addition to or in lieu of any other civil or criminal remedy provided by law, upon a determination that a distributor has violated subsection (c) of Section 15 or any regulation adopted pursuant thereto, the Director may revoke or suspend the license of any stamping agent in the manner provided by Section 6 of the Cigarette Tax Act, Section 6 of the Cigarette Use Tax Act, or Section 10-25 of the Tobacco Products Tax Act of 1995, as appropriate. Section 5. The State Finance Act is amended by changing Section 14a as follows:

(30 ILCS 105/14a) (from Ch. 127, par. 150a)

Sec. 14a. Payments for unused benefits; use of sick leave.

(a) Upon the death of a State employee, his or her estate is entitled to receive from the appropriation for personal services available for payment of his or her compensation such sum for accrued vacation period, accrued overtime, and accrued qualifying sick leave as would have been paid or allowed to such employee had he or she survived and terminated his or her employment.

The State Comptroller shall draw a warrant or warrants against the appropriation, upon receipt of a proper death certificate, payable to decedent's estate, or if no estate is opened, to the person or persons entitled thereto under Section 25-1 of the Probate Act of 1975 upon receipt of the affidavit referred to in that Section, for the sum due.

(b) The Department of Central Management Services shall prescribe by rule the method of computing the accrued vacation period and accrued overtime for all employees, including those not otherwise subject to its jurisdiction, and for the purposes of this Act the Department of Central Management Services may require such reports as it deems necessary. Accrued sick leave shall be computed as provided in subsection (f).

(c) Unless otherwise provided for in a collective bargaining agreement entered into under the Illinois Educational Labor Relations Act, upon the retirement or resignation of a State employee from State service, his or her accrued vacation, overtime, and qualifying sick leave shall be payable to the employee in a single lump sum payment. However, if the employee returns to employment in any capacity with the same agency or department within 30 days of the termination of his or her previous State employment, the employee must, as a condition of his or her new State employment, repay the lump sum amount within 30 days after his or her new State employment commences. The amount repaid shall be deposited into the fund from which the payment was made or the General Revenue Fund, and the accrued vacation, overtime and sick leave upon which the lump sum payment was based shall be credited to the account of the employee in accordance with the rules of the jurisdiction under which he or she is employed.

(d) Upon the movement of a State employee from a position subject to the Personnel Code to another State position not subject to the Personnel Code, or to a position subject to the Personnel Code from a State position not subject to the Personnel Code, or upon the movement of a State employee of an institution or agency subject to the State Universities Civil Service System from one such institution or agency to another such institution or agency, his or her accrued vacation, overtime and sick leave shall be credited to the employee's account in accordance with the rules of the jurisdiction to which the State employee moved. However, if the rules preclude crediting the State employee's total accrued vacation, overtime or sick leave to his or her account at the jurisdiction to which he or she is to move, the nontransferrable accrued vacation, overtime, and qualifying sick leave.
leave shall be payable to the employee in a single lump sum payment by the jurisdiction from which he or she moved.

(e) Upon the death of a State employee or the retirement, indeterminate layoff or resignation of a State employee from State service, the employee's retirement or disability benefits shall be computed as if the employee had remained in the State employment at his or her most recent rate of compensation until his or her accumulated unused leave for vacation, overtime, sickness and personal business would have been exhausted. The employing agency shall certify, in writing to the employee, the unused leaves the employee has accrued. This certification may be held by the employee or forwarded to the retirement fund. Employing agencies not covered by the Personnel Code shall certify, in writing to the employee, the unused leaves the employee has accrued.

(f) Accrued sick leave shall be computed by multiplying 1/2 of the number of days of accumulated sick leave by the daily rate of compensation applicable to the employee at the time of his or her death, retirement, resignation, or other termination of service described in this Section.

The payment for qualifying accrued sick leave after the employee's death, retirement, resignation, or other termination of service provided by Public Act 83-976 shall be for sick leave days earned on or after January 1, 1984 and before January 1, 1998. Sick leave accumulated on or after January 1, 1998 is not compensable under this Section at the time of the employee's death, retirement, resignation, or other termination of service, but may be used to establish retirement system service credit as provided in the Illinois Pension Code.

The Department of Central Management Services shall prescribe by rule the method of computing the accrued sick leave days for all employees, including those not otherwise subject to its jurisdiction. Beginning January 1, 1998, sick leave used by an employee shall be charged against his or her accumulated sick leave in the following order: first, sick leave accumulated before January 1, 1984; then sick leave accumulated on or after January 1, 1998; and finally sick leave accumulated on or after January 1, 1984 but before January 1, 1998.

AN ACT in relation to airports.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short Title. This Act may be cited as the O'Hare Modernization Act.

Section 5. Findings and purposes.
(a) The Illinois General Assembly finds and determines:
   (1) The reliability and efficiency of the State and national air transportation systems significantly depend on the efficiency of the Chicago O'Hare International Airport. O'Hare has an essential role in air transportation for the State of Illinois. The reliability and efficiency of air transportation for residents and businesses in Illinois and other States depend on efficient air traffic operations at O'Hare.
   (2) O'Hare cannot efficiently perform its role in the State and national air transportation systems unless it is reconfigured with multiple parallel runways.
   (3) The O'Hare Modernization Program will enhance the economic welfare of the State of Illinois and its residents by creating thousands of jobs and business opportunities.
   (4) O'Hare provides, and will continue to provide, unique air transportation functions that cannot be replaced by any other airport in Illinois.
   (5) Public roadway access through the existing western boundary of O'Hare to passenger terminal and parking facilities located inside the boundary of O'Hare and reasonably accessible to that western access is an essential element of the O'Hare Modernization Program. That western access to O'Hare is needed to realize the full economic opportunities created by the O'Hare Modernization Program and to improve ground transportation in the O'Hare area. It is important to the State that the western access be constructed not later than the time existing runway 14R-32L is removed from service.
   (6) For the reasons stated in paragraphs (1), (2), (3), (4), and (5), it is essential that the O'Hare Modernization Program be completed efficiently and without unnecessary delay.
   (7) For the reasons stated in paragraphs (1), (2), (3), (4), and (5), it is essential that acquisition of property as required for the O'Hare Modernization Program be completed as expeditiously as practicable.
(8) The General Assembly recognizes that the planning, construction, and use of O'Hare and the planning, construction, and use of the O'Hare Modernization Program will be subject to intensive regulatory scrutiny by the United States and that no purpose would be served by duplicative or redundant regulation of the safety and impacts of the airport or the O'Hare Modernization Program.

(9) The General Assembly recognizes that the City of Chicago has enacted and successfully implemented ordinances that combat past and ongoing discrimination against minorities and women in the market that competes for contracts with the City of Chicago. These ordinances are among the strongest and most successful in the country, and have made significant progress in combatting discrimination against minorities and women throughout northeastern Illinois.

(b) It is the intent of the General Assembly that all agencies of this State and its subdivisions shall facilitate the efficient and expeditious completion of the O'Hare Modernization Program to the extent not specifically prohibited by law, and that legal impediments to the completion of the project be eliminated.

Section 10. Definitions. As used in this Act:

"Airport property" means (i) any property or an interest in property that is, or hereafter becomes, part of O'Hare International Airport and (ii) any property or an interest in property that is not part of O'Hare International Airport, but that is acquired by the City of Chicago for purposes of air navigation or air safety in accordance with standards established by the Federal Aviation Administration. "Airport property", however, shall not include any substitute property acquired pursuant to Section 15 of this Act, including property acquired for cemetery purposes.

The acquisition of substitute property is declared to be for public use. Property acquired under this Section includes property that the City reasonably determines will be necessary for future use, regardless of whether final regulatory or funding decisions have been made; provided, however, that quick-take of such property is subject to Section 7-103.149 of the Code of Civil Procedure.

Section 20. Condemnation by other governmental units. No airport property may be subject to taking by condemnation or otherwise by any unit of local government other than the City of Chicago, or by any agency, instrumentality, or political subdivision of the State.

Section 21. Reimbursement for tax base losses.

(a) Whenever the City acquires parcels of property within any school district or community college district for the O'Hare Modernization Program, the City shall, for the following taxable year and for each of the 5 taxable years thereafter, pay to that district the amount of the total property tax liability of the acquired parcels to the district for the 2002 taxable year, increased or decreased each year by the percentage change of the district's total tax extension for the current taxable year from the total tax extension for the prior taxable year.

Funds payable by the City under this Section shall be paid exclusively from non-tax revenues generated at airports owned by the City, and shall not exceed the amount of those funds that can be paid for that purpose under 49 U.S.C. 47107(l)(2).

(b) Notwithstanding any other provision of this Section:
(i) no funds shall be payable by the City under this Section with respect to any taxable year succeeding the 2009 taxable year; (ii) in no event shall such funds be payable on or after January 1, 2010; (iii) in no event shall the total funds paid by the City pursuant to this Section to all districts for all taxable years exceed $20,000,000; and (iv) any amounts payable to a district by the City with respect to any parcel of property for any taxable year shall be reduced by the amount of taxes actually paid to the district for that taxable year with respect to that parcel or any leasehold interest therein.

(c) Whenever the City acquires property that is subject to this Section, the City shall notify the assessor of the county in which the property is located. The assessor or the clerk of that county shall, on an annual basis, notify the affected school district or community college district of all property that has been identified as being subject to this Section, and shall provide the district and the City with such information as may be required in determining the amounts payable by the City under this Section. Section 27. Minority and women-owned businesses and workers. All City contracts for the O'Hare Modernization Program shall be subject to all applicable ordinances of the City governing contracting with minority and women-owned businesses and prohibiting discrimination and requiring appropriate affirmative action with respect to minority and women participants in the work force, including but not limited to Section 2-92-330 of the Municipal Code of the City of Chicago (relating to hiring of Chicago residents), Section 2-92-390 of the Municipal Code of the City of Chicago (relating to hiring of women and minorities), and Sections 2-92-420 through 2-92-570 of the Municipal Code of the City of Chicago (relating to contracting with minority-owned and women-owned business enterprises), to the extent permitted by law and federal funding restrictions. The City of
Chicago shall file semi-annual reports with the General Assembly documenting compliance with such ordinances with respect to work performed as part of the O'Hare Modernization Program and disclosing the extent to which that work is performed by minority and women workers and minority-owned and women-owned business enterprises.

Section 28. Advisory Committee. Section 93.5. The Vital Records Act is amended by changing Section 21 as follows:

(410 ILCS 535/21) (from Ch. 111 1/2, par. 73-21)

Sec. 21. (1) The funeral director or person acting as such who first assumes custody of a dead body or fetus shall make a written report to the registrar of the district in which death occurred or in which the body or fetus was found within 24 hours after taking custody of the body or fetus on a form prescribed and furnished by the State Registrar and in accordance with the rules promulgated by the State Registrar. Except as specified in paragraph (2) of this Section, the written report shall serve as a permit to transport, bury or entomb the body or fetus within this State, provided that the funeral director or person acting as such shall certify that the physician in charge of the patient's care for the illness or condition which resulted in death has been contacted and has affirmatively stated that he will sign the medical certificate of death or the fetal death certificate. If a funeral director fails to file written reports under this Section in a timely manner, the local registrar may suspend the funeral director's privilege of filing written reports by mail. In a county with a population greater than 3,000,000, if a funeral director or person acting as such inter or entombs a dead body without having previously certified that the physician in charge of the patient's care for the illness or condition that resulted in death has been contacted and has affirmatively stated that he or she will sign the medical certificate of death, then that funeral director or person acting as such is responsible for payment of the specific costs incurred by the county medical examiner in disinterring and reinterring or reentombing the dead body.

(2) The written report as specified in paragraph (1) of this Section shall not serve as a permit to:

(a) Remove body or fetus from this State;
(b) Cremate the body or fetus; or
(c) Make disposal of any body or fetus in any manner when death is subject to the coroner's or medical examiner's investigation.

(3) In accordance with the provisions of paragraph (2) of this Section the funeral director or person acting as such who first assumes custody of a dead body or fetus shall

obtain a permit for disposition of such dead human body prior to final disposition or removal from the State of the body or fetus. Such permit shall be issued by the registrar of the district where death occurred or the body or fetus was found. No such permit shall be issued until a properly completed certificate of death has been filed with the registrar. The registrar shall insure the issuance of a permit for disposition within an expedited period of time to accommodate Sunday or holiday burials of decedents whose time of death and religious tenets or beliefs necessitate Sunday or holiday burials.

(4) A permit which accompanies a dead body or fetus brought into this State shall be authority for final disposition of the body or fetus in this State, except in municipalities where local ordinance requires the issuance of a local permit prior to disposition.

(5) A permit for disposition of a dead human body shall be required prior to disinterment of a dead body or fetus, and when the disinterred body is to be shipped by a common carrier. Such permit shall be issued to a licensed funeral director or person acting as such, upon proper application, by the local registrar of the district in which disinterment is to be made. In the case of disinterment, proper application shall include a statement providing the name and address of any surviving spouse of the deceased, or, if none, any surviving children of the deceased, or if no surviving spouse or children, a parent, brother, or sister of the deceased. The application shall indicate whether the applicant is one of these parties and, if so, whether the applicant is a surviving spouse or a surviving child. Prior to the issuance of a permit for disinterment, the local registrar shall, by certified mail, notify the surviving spouse, unless he or she is the applicant, or if there is no surviving spouse, all surviving children except for the applicant, of the application for the permit. The person or persons notified shall have 30 days from the mailing of the notice to object by obtaining an injunction enjoining the issuance of the permit. After the 30-day period has expired, the local registrar shall issue the permit unless he or she has been enjoined from doing so or there are other statutory grounds for refusal. The notice to the spouse or surviving children shall inform the person or persons being notified of the right to seek an injunction within 30 days. Notwithstanding any other provision of this subsection (5), a court may order issuance of a permit for disinterment without notice or prior to the expiration of the 30-day period where the petition is made by an agency of any governmental unit and good cause is shown for disinterment without notice or for the early order. Nothing in this subsection (5) limits the authority of the City of Chicago to acquire property or otherwise exercise its powers under the O’Hare Modernization Act or requires that City, or any person acting on behalf of that City, to obtain a permit under this subsection (5) when exercising powers under the O’Hare Modernization Act.

No such municipality or political subdivision shall directly accept, receive, or disburse any funds granted by the United States under the Airport and Airway Improvement Act of 1982, but it shall designate the Department as its agent to accept, receive, and disburse such funds, provided, however, nothing in this Section shall be construed to prohibit any municipality or any political subdivision of more than 500,000 inhabitants from disbursing such funds through its corporate authorities. It shall enter into an agreement with the Department prescribing the terms and conditions of such agency in accordance with federal laws, rules and regulations and applicable laws of this state. This subsection (a) does not apply to any project application submitted in connection with the O'Hare Modernization Program as defined in Section 10 of the O'Hare Modernization Act.

(b) The City of Chicago may submit a project application under the provisions of the Airport and Airway Improvement Act of 1982, as now or hereafter amended, or any other federal law providing for airport planning or development, if the application is submitted in connection with the O'Hare Modernization Program as defined in Section 10 of the O'Hare Modernization Act, and the City may directly accept, receive, and disburse any such funds.

An application for a certificate of approval of an airport or restricted landing area, or the alteration or extension thereof, shall set forth, among other things, the location of all railways, mains, pipes, conduits, wires, cables, poles and other facilities and structures of public service corporations or municipal or quasi-municipal corporations, located within the area proposed to be acquired or restricted, and the names of persons owning the same, to the extent that such information can be reasonably ascertained by the applicant.

It shall be unlawful for any municipality or other political subdivision, or officer or employee thereof, or for any person, to make any alteration or extension of an existing airport or restricted landing area, or to use or operate any airport or restricted landing area, for which a certificate of approval has not been issued by the Department; Provided, that no certificate of approval shall be required for an airport or restricted landing area which was in existence and approved by the Illinois Aeronautics Commission, whether or not being operated, on or before July 1, 1945, or for the O'Hare Modernization Program as defined in Section 10 of the O'Hare Modernization Act; except that a certificate of approval shall be required under this Section for construction of a new runway at O'Hare International Airport with a geographical orientation that varies from a geographical east-
west orientation by more than 10 degrees, or for construction of a new runway at that airport that would result in more than 8 runways being available for aircraft operations at that airport. The Department shall supervise, monitor, and enforce compliance with the O'Hare Modernization Act by all other departments, agencies, and units of State and local government.

Provisions of this Section do not apply to special purpose aircraft designated as such by the Department when operating to or from uncertificated areas other than their principal base of operations, provided mutually acceptable arrangements are made with the property owner, and provided the owner or operator of the aircraft assumes liabilities which may arise out of such operations.

Notwithstanding any provision of the law to the contrary, the General Assembly hereby authorizes the use of such funds for the purposes set forth in this Section.

These provisions do not apply to funds classified by the Comptroller as federal trust funds or State trust funds. The Audit Expense Fund may receive transfers from those trust funds only as directed herein, except where prohibited by the terms of the trust fund agreement. The Auditor General shall notify the trustees of those funds of the estimated cost of the audit to be incurred under the Illinois State Auditing Act for the fund. The trustees of those funds shall direct the State Comptroller and Treasurer to transfer the estimated amount to the Audit Expense Fund.

The Auditor General may bill entities that are not subject to the above transfers provisions, including private entities, related organizations and entities whose funds are locally-held, for the cost of audits, studies, and investigations incurred on their behalf. Any revenues received under this provision shall be deposited into the Audit Expense Fund.

In the event that moneys on deposit in any fund are unavailable, by reason of deficiency or any other reason preventing their lawful transfer, the State Comptroller shall order transferred and the State Treasurer shall transfer the amount deficient or otherwise unavailable from the General Revenue Fund for deposit into the Audit Expense Fund.

On or before December 1, 1992, and each December 1 thereafter, the Auditor General shall notify the Bureau of the Budget of the amount estimated to be necessary to
pay for audits, studies, and investigations in accordance with the Illinois State Auditing Act during the next succeeding fiscal year for each State fund for which a transfer or reimbursement is anticipated.

Beginning with fiscal year 1994 and during each fiscal year thereafter, the Auditor General may direct the State Comptroller and Treasurer to transfer moneys from funds authorized by the General Assembly for that fund. In the event funds, including federal and State trust funds but excluding the General Revenue Fund, are transferred, during fiscal year 1994 and during each fiscal year thereafter, in excess of the amount to pay actual costs attributable to audits, studies, and investigations as permitted or required by the Illinois State Auditing Act or specific action of the General Assembly, the Auditor General shall, on September 30, or as soon thereafter as is practicable, direct the State Comptroller and Treasurer to transfer the excess amount back to the fund from which it was originally transferred.

Section 5. The Riverboat Gambling Act is amended by changing Section 7 as follows:

(230 ILCS 10/7) (from Ch. 120, par. 2407)
Sec. 7. Owners Licenses.
(a) The Board shall issue owners licenses to persons, firms or corporations which apply for such licenses upon payment to the Board of the non-refundable license fee set by the Board, upon payment of a $25,000 license fee for the first year of operation and a $5,000 license fee for each succeeding year and upon a determination by the Board that the applicant is eligible for an owners license pursuant to this Act and the rules of the Board. A person, firm or corporation is ineligible to receive an owners license if:

(1) the person has been convicted of a felony under the laws of this State, any other state, or the United States;

(2) the person has been convicted of any violation of Article 28 of the Criminal Code of 1961, or substantially similar laws of any other jurisdiction;

(b) In determining whether to grant an owners license to an applicant, the Board shall consider:

(1) the character, reputation, experience and financial integrity of the applicants and of any other or separate person that either:
   (A) controls, directly or indirectly, such applicant, or
   (B) is controlled, directly or indirectly, by such applicant or by a person which controls, directly or indirectly, such applicant;
(2) the facilities or proposed facilities for the conduct of riverboat gambling;

e) The Board may issue up to 10 licenses authorizing the holders of such licenses to own riverboats. In the application for an owners license, the applicant shall state the dock at which the riverboat is based and the water on which the riverboat will be located. amendatory Act of the 93rd Assembly, in a municipality that (1) borders on the Mississippi River or is within 5 miles of the city limits of a municipality that borders on the Mississippi River and (2), on the effective date of this amendatory Act of the 93rd General Assembly, has a riverboat conducting riverboat gambling operations pursuant to a license issued under this Act; one of which shall authorize riverboat gambling from a home dock in the city of East St. Louis, and one of which shall authorize riverboat gambling on the Mississippi River or in a municipality that (1) borders on the Mississippi River or is within 5 miles of the city limits of a municipality that borders on the Mississippi River and (2) on the effective date of this amendatory Act of the 93rd General Assembly, has a riverboat conducting riverboat gambling operations pursuant to a license issued under this Act. One other license shall authorize riverboat gambling on the Illinois River south of Marshall County. The Board shall issue one additional license to become effective not earlier than March 1, 1992, which shall authorize riverboat gambling on the Des Plaines River in Will County. The Board may issue 4 additional licenses to become effective not earlier than March 1, 1992. In determining the water upon which riverboats will operate, the Board shall consider the economic benefit which riverboat gambling confers on the State, and shall seek to assure that all regions of the State share in the economic benefits of riverboat gambling.

In granting all licenses, the Board may give favorable consideration to economically depressed areas of the State, to applicants presenting plans which provide for significant economic development over a large geographic area, and to applicants who currently operate non-gambling riverboats in Illinois. The Board shall review all applications for owners licenses, and shall inform each applicant of the Board's decision.

The Board may revoke the owners license of a licensee which fails to begin conducting gambling within 15 months of receipt of the Board's approval of the application if the Board determines that license revocation is in the best interests of the State.

(f) The first 10 owners licenses issued under this Act shall permit the holder to own up to 2 riverboats and equipment thereon for a period of 3 years after the effective date of the license. Holders of the first 10 owners licenses must pay the annual license fee for each of the 3 years during which they are authorized to own riverboats.

(g) Upon the termination, expiration, or revocation of each of the first 10 licenses, which shall be issued for a 3 year period, all licenses are renewable annually upon payment of the fee and a determination by the Board that the licensee continues to meet all of the requirements of this Act and the Board's rules. However, for licenses renewed on or after May 1, 1998, renewal shall be for a period of 4 years, unless the Board sets a shorter period.

(h) An owners license shall entitle the licensee to own up to 2 riverboats. A licensee shall limit the number of gambling participants to 1,200 for any such owners license. A licensee may operate both of its riverboats concurrently, provided that the total number of gambling participants on both riverboats does not exceed 1,200. Riverboats licensed to
operate on the Mississippi River and the Illinois River south of Marshall County shall have an authorized capacity of at least 500 persons. Any other riverboat licensed under this Act shall have an authorized capacity of at least 400 persons.

(i) A licensed owner is authorized to apply to the Board for and, if approved therefor, to receive all licenses from the Board necessary for the operation of a riverboat, including a liquor license, a license to prepare and serve food for human consumption, and other necessary licenses. All use, occupation and excise taxes which apply to the sale of food and beverages in this State and all taxes imposed on the sale or use of tangible personal property apply to such sales aboard the riverboat.

(j) The Board may issue a license authorizing a riverboat to dock in a municipality or approve a relocation under Section 11.2 only if, prior to the issuance of the license or approval, the governing body of the municipality in which the riverboat will dock has by a majority vote approved the docking of riverboats in the municipality. The Board may issue a license authorizing a riverboat to dock in areas of a county outside any municipality or approve a relocation under Section 11.2 only if, prior to the issuance of the license or approval, the governing body of the county has by a majority vote approved of the docking of riverboats within such areas.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Higher Education Student Assistance Act is amended by changing Section 36 as follows:

(110 ILCS 947/36)
Sec. 36. Silas Purnell Illinois Incentive for Access grant program.
(a) The Commission each year shall determine eligibility for the Illinois Incentive for Access grant from applications received for Monetary Award Program grant assistance under Section 35 of this Act. An applicant shall be determined as eligible for an Illinois Incentive for Access grant under this Section when the Commission finds that the applicant:

(1) is a resident of this State and a citizen or permanent resident of the United States;
(2) has limited personal or family financial resources available for expenditure on educational expenses, as defined by current federal student financial aid methodology;
(3) has not already received a baccalaureate degree; and
(4) is enrolled at least one-half time as a freshman undergraduate student at an approved Illinois institution of higher learning participating in the Monetary Award Program administered by the Commission.

(b) Subject to a separate appropriation made for purposes of awarding grants under this Section, Illinois Incentive for Access grants shall be paid in multiple disbursements as determined by the Commission (i) in an amount not to exceed $1,000 per applicant per year for applicants with an expected family contribution of $0, as defined by current federal student aid methodology, and (ii) in an amount not to exceed $500 for applicants with an expected family contribution of $500 or less but more than $0, as defined by current federal student aid methodology. In awarding grants, the Commission shall give priority to applicants with an expected family contribution of $0. No recipient may receive a grant under this Section for more than 2 semesters or 3 quarters of award payments.

(c) Eligibility for grants awarded under this Section shall be determined solely on the basis of the financial resources of the applicant and the applicant's family. PUBLIC ACT 93-0456
(House Bill No. 3106)

AN ACT in relation to vehicles.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Vehicle Code is amended by changing Sections 4-103, 4-103.2, and 4-107 as follows:

(625 ILCS 5/4-103) (from Ch. 95 1/2, par. 4-103)
Sec. 4-103. Offenses relating to motor vehicles and other vehicles - Felonies.
(a) Except as provided in subsection (a-1), it is a violation of this Chapter for:
   (1) A person not entitled to the possession of a vehicle or essential part of a vehicle to receive, possess, conceal, sell, dispose, or transfer it, knowing it to have been stolen or converted; additionally the General Assembly finds that the acquisition and disposition of vehicles and their essential parts are strictly controlled by law and that such acquisitions and dispositions are reflected by documents of title, uniform invoices, rental contracts, leasing agreements and bills of sale. It may be inferred, therefore that a person exercising exclusive unexplained possession over a stolen or converted vehicle or an essential part of a stolen or converted vehicle has knowledge that such vehicle or essential part is stolen or converted, regardless of whether the date on which such vehicle or essential part was stolen is recent or remote;
   (2) A person to knowingly remove, alter, deface, destroy, falsify, or forge a manufacturer's identification number of a vehicle or an engine number of a motor vehicle or any essential part thereof having an identification number;
   (3) A person to knowingly conceal or misrepresent the identity of a vehicle or any essential part thereof;

New matter indicated by italics - deletions by strikeout
(4) A person to buy, receive, possess, sell or dispose of a vehicle, or any essential part thereof, with knowledge that the identification number of the vehicle or any essential part thereof having an identification number has been removed or falsified;

(5) A person to knowingly possess, buy, sell, exchange, give away, or offer to buy, sell, exchange or give away, any manufacturer's identification number plate, mylar sticker, federal certificate label, State police reassignment plate, Secretary of State assigned plate, rosette rivet, or facsimile of such which has not yet been attached to or has been removed from the original or assigned vehicle. It is an affirmative defense to subsection (a) of this Section that the person possessing, buying, selling or exchanging a plate mylar sticker or label described in this paragraph is a police officer doing so as part of his official duties, or is a manufacturer's authorized representative who is replacing any manufacturer's identification number plate, mylar sticker or Federal certificate label originally placed on the vehicle by the manufacturer of the vehicle or any essential part thereof;

(6) A person to knowingly make a false report of the theft or conversion of a vehicle to any police officer of this State or any employee of a law enforcement agency of this State designated by the law enforcement agency to take, receive, process, or record reports of vehicle theft or conversion.

(a-1) A person engaged in the repair or servicing of vehicles does not violate this Chapter by knowingly possessing a manufacturer's identification number plate for the purpose of reaffixing it on the same damaged vehicle from which it was originally taken, if the person reaffixes or intends to reaffix the original manufacturer's identification number plate in place of the identification number plate affixed on a new dashboard that has been or will be installed in the vehicle. The person must notify the Secretary of State each time the original manufacturer's identification number plate is reaffixed on a vehicle. The person must keep a record indicating that the identification number plate affixed on the new dashboard has been removed and has been replaced by the manufacturer's identification number plate originally affixed on the vehicle. The person also must keep a record regarding the status and location of the identification number plate removed from the replacement dashboard. The Secretary shall adopt rules for implementing this subsection (a-1).

(a-2) The owner of a vehicle repaired under subsection (a-1) must, within 90 days of the date of the repairs, contact an officer of the Illinois State Police Vehicle Inspection Bureau and arrange for an inspection of the vehicle, by the officer or the officer's designee, at a mutually agreed upon date and location.

(b) Sentence. A person convicted of a violation of this Section shall be guilty of a Class 2 felony.

New matter indicated by italics - deletions by strikeout
(c) The offenses set forth in subsection (a) of this Section shall not include the offense set forth in Section 4-103.2 of this Code.

Sec. 4-103.2. Aggravated offenses relating to motor vehicles and other vehicles-Felonies.

(a) Except as provided in subsection (a-1), it is a violation of this Chapter for:

(1) a person not entitled to the possession of 3 or more vehicles, 3 or more essential parts of different vehicles, or a combination thereof, to receive, possess, conceal, sell, dispose of or transfer, those vehicles or parts of vehicles at the same time or within a one year period knowing that these vehicles or parts of vehicles are stolen or converted;

(2) a person to buy, receive, possess, sell or dispose of 3 or more vehicles, 3 or more essential parts of different vehicles, or a combination thereof, at the same time or within a one year period, knowing that the identification numbers of the vehicles or the essential parts with an identification number have been removed or falsified;

(3) a person not entitled to the possession of a vehicle having a value of $25,000 or greater to receive, possess, conceal, sell, dispose or transfer the vehicle, knowing that the vehicle has been stolen or converted;

(4) a person to knowingly possess, buy, sell, exchange or give away, at the same time or within a one year period, 3 or more manufacturer's identification number plates, mylar stickers, federal certificate labels, State Police reassignment plates, Secretary of State assigned plates or a facsimile of those items, or a combination thereof, which have not yet been attached to or have been removed from an original or assigned vehicle or essential part of a vehicle. It is an affirmative defense that the person possessing, buying, selling or exchanging a plate, mylar sticker or label is a police officer doing so as part of his official duties, or is a manufacturer's authorized representative who is replacing any manufacturer's identification number plate, mylar sticker or federal certificate label originally placed on a vehicle by the manufacturer of a vehicle or any essential part of a vehicle;

(5) a person not entitled to the possession of any second division vehicle, semittrailer, farm tractor, tow truck, rescue squad vehicle, medical transport vehicle, fire engine, special mobile equipment, dump truck, truck mounted transit mixer, crane or the engine, transmission, cab, cab clip or vehicle cowl of any of the above vehicles, to receive, possess, conceal, sell, dispose of or transfer the vehicle or vehicle part described in this paragraph knowing it is stolen or converted;

(6) a person not entitled to the possession of a vehicle which is owned or operated by a law enforcement agency to receive, possess, conceal, sell, or dispose
of or transfer such vehicle knowing it is the property of a law enforcement agency and knowing it to be stolen or converted;

(7) a person:

(A) who is the driver or operator of a vehicle and is not entitled to the possession of that vehicle and who knows the vehicle is stolen or converted, or

(B) who is the driver or operator of a vehicle being used to transport or haul a vehicle or essential part of a vehicle and is not entitled to the possession of that vehicle or essential part being transported or hauled and who knows the transported or hauled vehicle or essential part is stolen or converted,

who has been given a signal by a peace officer directing him to bring the vehicle to a stop, to willfully fail or refuse to obey such direction, increase his speed, extinguish his lights or otherwise flee or attempt to elude the officer. The signal given by the peace officer may be by hand, voice, siren, or red or blue light. The officer giving the signal, if driving a vehicle, shall display the vehicle's illuminated, oscillating, rotating or flashing red or blue lights, which when used in conjunction with an audible horn or siren would indicate that the vehicle is an official police vehicle. Such requirement shall not preclude the use of amber or white oscillating, rotating or flashing lights in conjunction with red or blue oscillating, rotating or flashing lights as required in Section 12-215 of this Code; or

(8) a person, at the same time or within a one year period, to make a false report of the theft or conversion of 3 or more vehicles to any police officer or police officers of this State.

(a-1) A person engaged in the repair or servicing of vehicles does not violate this Chapter by knowingly possessing a manufacturer's identification number plate for the purpose of reaffixing it on the same damaged vehicle from which it was originally taken, if the person reaffixes or intends to reaffix the original manufacturer's identification number plate in place of the identification number plate affixed on a new dashboard that has been or will be installed in the vehicle. The person must notify the Secretary of State each time the original manufacturer's identification number plate is reaffixed on a vehicle. The person must keep a record indicating that the identification number plate affixed on the new dashboard has been removed and has been replaced by the manufacturer's identification number plate originally affixed on the vehicle. The person also must keep a record regarding the status and location of the identification number plate removed from the replacement dashboard. The Secretary shall adopt rules for implementing this subsection (a-1).

(a-2) The owner of a vehicle repaired under subsection (a-1) must, within 90 days of the date of the repairs, contact an officer of the Illinois State Police Vehicle Inspection Bureau and arrange for an inspection of the vehicle, by the officer or the officer's designee, at a mutually agreed upon date and location.

(b) The inference contained in paragraph (1) of subsection (a) of Section 4-103 of this Code shall apply to subsection (a) of this Section.

(c) A person convicted of violating this Section shall be guilty of a Class 1 felony.

(d) The offenses set forth in subsection (a) of this Section shall not include the offenses set forth in Section 4-103 of this Code.

(625 ILCS 5/4-107) (from Ch. 95 1/2, par. 4-107)

Sec. 4-107. Stolen, converted, recovered and unclaimed vehicles.

(a) Every Sheriff, Superintendent of police, Chief of police or other police officer in command of any Police department in any City, Village or Town of the State, shall, by the fastest means of communications available to his law enforcement agency, immediately report to the State Police, in Springfield, Illinois, the theft or recovery of any stolen or converted vehicle within his district or jurisdiction. The report shall give the date of theft, description of the vehicle including color, year of manufacture, manufacturer's trade name, manufacturer's series name, body style, vehicle identification number and license registration number, including the state in which the license was issued and the year of issuance, together with the name, residence address, business address, and telephone number of the owner. The report shall be routed by the originating law enforcement agency through the State Police District in which such agency is located.

(b) A registered owner or a lienholder may report the theft by conversion of a vehicle, to the State Police, or any other police department or Sheriff's office. Such report will be accepted as a report of theft and processed only if a formal complaint is on file and a warrant issued.

(c) An operator of a place of business for garaging, repairing, parking or storing vehicles for the public, in which a vehicle remains unclaimed, after being left for the purpose of garaging, repairing, parking or storage, for a period of 15 days, shall, within 5 days after the expiration of that period, report the vehicle as unclaimed to the municipal police when the vehicle is within the corporate limits of any City, Village or incorporated Town, or the County Sheriff, or State Police when the vehicle is outside the corporate limits of a City, Village or incorporated Town.

This Section does not apply to any vehicle:

(1) removed to a place of storage by a law enforcement agency having jurisdiction, in accordance with Sections 4-201 and 4-203 of this Act; or

(2) left under a garaging, repairing, parking, or storage order signed by the owner, lessor, or other legally entitled person.

Failure to comply with this Section will result in the forfeiture of storage fees for that vehicle involved.

(d) The State Police shall keep a complete record of all reports filed under this Section of the Act. Upon receipt of such report, a careful search shall be made of the

records of the office of the State Police, and where it is found that a vehicle reported recovered was stolen in a County, City, Village or Town other than the County, City, Village or Town in which it is recovered, the State Police shall immediately notify the Sheriff, Superintendent of police, Chief of police, or other police officer in command of the Sheriff's office or Police department of the County, City, Village or Town in which the vehicle was originally reported stolen, giving complete data as to the time and place of recovery.

(e) Notification of the theft or conversion of a vehicle will be furnished to the Secretary of State by the State Police. The Secretary of State shall place the proper information in the license registration and title registration files to indicate the theft or conversion of a motor vehicle or other vehicle. Notification of the recovery of a vehicle previously reported as a theft or a conversion will be furnished to the Secretary of State by the State Police. The Secretary of State shall remove the proper information from the license registration and title registration files that has previously indicated the theft or conversion of a vehicle. The Secretary of State shall suspend the registration of a vehicle upon receipt of a report from the State Police that such vehicle was stolen or converted.

(f) When the Secretary of State receives an application for a certificate of title or an application for registration of a vehicle and it is determined from the records of the office of the Secretary of State that such vehicle has been reported stolen or converted, the Secretary of State shall immediately notify the State Police and shall give the State Police the name and address of the person or firm titling or registering the vehicle, together with all other information contained in the application submitted by such person or firm.

(g) During the usual course of business the manufacturer of any vehicle shall place an original manufacturer's vehicle identification number on all such vehicles manufactured and on any part of such vehicles requiring an identification number.

(h) Except provided in subsection (h-1), if a manufacturer's vehicle identification number is missing or has been removed, changed or mutilated on any vehicle, or any part of such vehicle requiring an identification number, the State Police shall restore, restamp or reaffix the vehicle identification number plate, or affix a new plate bearing the original manufacturer's vehicle identification number on each such vehicle and on all necessary parts of the vehicles. A vehicle identification number so affixed, restored, restamped, reaffixed or replaced is not falsified, altered or forged within the meaning of this Act.

(h-1) A person engaged in the repair or servicing of vehicles may reaffix a manufacturer's identification number plate on the same damaged vehicle from which it was originally removed, if the person reaffixes the original manufacturer's identification number plate in place of the identification number plate affixed on a new dashboard that has been installed in the vehicle. The person must notify the Secretary of State each time the original manufacturer's identification number plate is reaffixed on a vehicle. The person must keep a record indicating that the identification number plate affixed on the new dashboard has been removed and has been replaced by the manufacturer's
identification number plate originally affixed on the vehicle. The person also must keep a record regarding the status and location of the identification number plate removed from the replacement dashboard. The Secretary shall adopt rules for implementing this subsection (h-1).

(h-2) The owner of a vehicle repaired under subsection (h-1) must, within 90 days of the date of the repairs, contact an officer of the Illinois State Police Vehicle Inspection Bureau and arrange for an inspection of the vehicle, by the officer or the officer’s designee, at a mutually agreed upon date and location.

(i) If a vehicle or part of any vehicle is found to have the manufacturer's identification number removed, altered, defaced or destroyed, the vehicle or part shall be seized by any law enforcement agency having jurisdiction and held for the purpose of identification. In the event that the manufacturer's identification number of a vehicle or part cannot be identified, the vehicle or part shall be considered contraband, and no right of property shall exist in any person owning, leasing or possessing such property, unless the person owning, leasing or possessing the vehicle or part acquired such without knowledge that the manufacturer's vehicle identification number has been removed, altered, defaced, falsified or destroyed.

Either the seizing law enforcement agency or the State's Attorney of the county where the seizure occurred may make an application for an order of forfeiture to the circuit court in the county of seizure. The application for forfeiture shall be independent from any prosecution arising out of the seizure and is not subject to any final determination of such prosecution. The circuit court shall issue an order forfeiting the property to the seizing law enforcement agency if the court finds that the property did not at the time of seizure possess a valid manufacturer's identification number and that the original manufacturer's identification number cannot be ascertained. The seizing law enforcement agency may:

(1) retain the forfeited property for official use; or

(2) sell the forfeited property and distribute the proceeds in accordance with Section 4-211 of this Code, or dispose of the forfeited property in such manner as the law enforcement agency deems appropriate.

(i-1) If a motorcycle is seized under subsection (i), the motorcycle must be returned within 45 days of the date of seizure to the person from whom it was seized, unless (i) criminal charges are pending against that person or (ii) an application for an order of forfeiture has been submitted to the circuit in the county of seizure or (iii) the circuit court in the county of seizure has received from the seizing law enforcement agency and has granted a petition to extend, for a single 30 day period, the 45 days allowed for return of the motorcycle. Except as provided in subsection (i-2), a motorcycle returned to the person from whom it was seized must be returned in essentially the same condition it was in at the time of seizure.
(i-2) If any part or parts of a motorcycle seized under subsection (i) are found to be stolen and are removed, the seizing law enforcement agency is not required to replace the part or parts before returning the motorcycle to the person from whom it was seized.

(j) The State Police shall notify the Secretary of State each time a manufacturer's vehicle identification number is affixed, reaffixed, restored or restamped on any vehicle. The Secretary of State shall make the necessary changes or corrections in his records, after the proper applications and fees have been submitted, if applicable.

(k) Any vessel, vehicle or aircraft used with knowledge and consent of the owner in the commission of, or in the attempt to commit as defined in Section 8-4 of the Criminal Code of 1961, an offense prohibited by Section 4-103 of this Chapter, including transporting of a stolen vehicle or stolen vehicle parts, shall be seized by any law enforcement agency. The seizing law enforcement agency may:
   (1) return the vehicle to its owner if such vehicle is stolen; or
   (2) confiscate the vehicle and retain it for any purpose which the law enforcement agency deems appropriate; or
   (3) sell the vehicle at a public sale or dispose of the vehicle in such other manner as the law enforcement agency deems appropriate.

If the vehicle is sold at public sale, the proceeds of the sale shall be paid to the law enforcement agency.

The law enforcement agency shall not retain, sell or dispose of a vehicle under paragraphs (2) or (3) of this subsection (k) except upon an order of forfeiture issued by the circuit court. The circuit court may issue such order of forfeiture upon application of the law enforcement agency or State's Attorney of the county where the law enforcement agency has jurisdiction, or in the case of the Department of State Police or the Secretary of State, upon application of the Attorney General.

The court shall issue the order if the owner of the vehicle has been convicted of transporting stolen vehicles or stolen vehicle parts and the evidence establishes that the owner's vehicle has been used in the commission of such offense.

The provisions of subsection (k) of this Section shall not apply to any vessel, vehicle or aircraft, which has been leased, rented or loaned by its owner, if the owner did not have knowledge of and consent to the use of the vessel, vehicle or aircraft in the commission of, or in an attempt to commit, an offense prohibited by Section 4-103 of this Chapter.

Approved August 8, 2003.
Effective August 8, 2003.
AN ACT concerning public utilities

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Public Utilities Act is amended by changing Sections 4-202, 4-203, 5-109, 5-202, and 10-105 and adding Section 5-202.1 as follows:

(220 ILCS 5/4-202) (from Ch. 111 2/3, par. 4-202)

Sec. 4-202. Action for injunction. Whenever the Commission shall be of the opinion that any public utility is failing or omitting or about to fail or omit, or by any order, decision, rule, regulation, direction, or requirement of the Commission, issued or made under authority of this Act, or is doing anything or about to do anything required of it by law; or by any order, decision, rule, regulation, direction, or requirement of the Commission, issued or made under authority of this Act, or is doing anything or about to permit anything to be done; contrary to or in violation of law or any order, decision, rule, regulation, direction, or requirement of the Commission, issued or made under authority of this Act, the Commission shall file an action or proceeding in the circuit court in and for the county in which the case or some part thereof arose, or in which the person or corporation complained of, if any, has its principal place of business, or in which the person complained of, if any, resides, in the name of the People of the State of Illinois, for the purpose of having the violation or threatened violation stopped and prevented, either by mandamus or injunction.

The Commission may express its opinion in a resolution based upon whatever facts and evidence have come to its attention and may issue the resolution ex parte and without holding any administrative hearing before bringing suit. Except in cases involving an imminent threat to the public health or public safety, no such resolution shall be adopted until 48 hours after the public utility has been given notice of (i) the substance of the alleged violation, including a citation to the law or order, decision, rule, regulation, or direction of the Commission alleged to have been violated and (ii) the time and date of the meeting at which such resolution will first be before the Commission for consideration.

The Commission shall file the action or proceeding by complaint in the circuit court; alleging the violation or threatened violation complained of; and praying for appropriate relief by way of mandamus or injunction. It shall thereupon be the duty of the court to specify a time, not exceeding 20 days after the service of the copy of the complaint, within which the public utility complained of must answer the complaint, and in the meantime said public utility may be restrained. In case of default in answer, or after answer, the court shall immediately inquire into the facts and circumstances of the case. Such corporation or persons as the court may deem necessary or proper to be joined as parties, in order to make its judgment; or order effective, may be joined as parties. The final judgment in any action or proceeding shall either dismiss the action or proceeding or grant relief by mandamus or injunction or be made permanent as prayed for in the

complaint, or in such modified or other form as will afford appropriate relief. An appeal may be taken from such final judgment as in other civil cases.
(Source: P.A. 84-617.)

Sec. 4-203. Action to recover penalties.
(a) All civil penalties established under this Act shall be assessed and collected by the Commission. Except for the penalties provided under Section 2-202, civil penalties may be assessed only after notice and opportunity to be heard. In determining the amount of the penalty, the Commission shall consider the appropriateness of the penalty to the size of the business of the public utility, corporation other than a public utility, or person acting as a public utility charged, the gravity of the violation, such other mitigating or aggravating factors as the Commission may find to exist, and the good faith of the public utility, corporation other than a public utility, or person acting as a public utility charged in attempting to achieve compliance after notification of a violation. Nothing in this Section, however, increases or decreases any minimum or maximum penalty prescribed elsewhere in this Act.

(b) If timely judicial review of a Commission order that imposes a civil penalty is taken by the public utility, corporation other than a public utility, or person acting as a public utility on which the civil penalty has been imposed, the reviewing court shall enter a judgment on all amounts upon affirmance of the Commission order. If timely judicial review is not taken and the civil penalty remains unpaid for 60 days after service of the order, the Commission in its discretion may either begin revocation proceedings or bring suit to recover the penalties. Unless stayed by a reviewing court, interest at the post-judgment rate set forth in Section 2-1303 of the Code of Civil Procedure shall accrue from 60 days after the date of service of the Commission order.

(c) Actions to recover delinquent civil penalties under this Act shall be brought in the name of the People of the State of Illinois in the circuit court in and for the county in which the cause, or some part thereof, arose, or in which the corporation complained of, if any, has its principal place of business, or in which the person, if any, complained of, resides. The action shall be commenced and prosecuted to final judgment by the Commission. In any such action, all interest incurred up to the time of final court judgment may be sued for and recovered in that action. In all such actions, the procedure and rules of evidence shall be the same as in ordinary civil actions, except as otherwise herein provided. All fines and penalties recovered by the State in any such action shall be paid into the State treasury to the credit of the General Revenue Fund. Any such action may be compromised or discontinued on application of the Commission upon such terms as the court shall approve and order.

(d) Civil penalties related to the late filing of reports, taxes, or other filings shall be paid into the State treasury to the credit of the Public Utility Fund. Except as otherwise provided in this Act, all other fines and civil penalties shall be paid into the State treasury.

to the credit of the General Revenue Fund. Except as otherwise provided in this Act, actions to recover penalties under this Act shall be brought in the name of the People of the State of Illinois in the circuit court in and for the county in which the cause, or some part thereof, arose, or in which the corporation complained of, if any, has its principal place of business, or in which the person, if any, complained of, resides. The action shall be commenced and prosecuted to final judgment by the Commission. In any such action, all penalties incurred up to the time of commencing the same may be sued for and recovered. (220 ILCS 5/5-109) (from Ch. 111 2/3, par. 5-109)

Sec. 5-109. Reports; false reports; penalty. Each public utility in the State shall each year furnish to the Commission, in such form as the Commission shall require, annual reports as to all the items mentioned in the preceding Sections of this Article, and in addition such other items, whether of a nature similar to those therein enumerated or otherwise, as the Commission may prescribe. Such annual reports shall contain all the required information for the period to 12 twelve months ending on the thirtieth day of June 30 in each year, or ending on the thirty-first day of December 31 in each year, as the Commission may by order prescribe for each class of public utilities, and shall be filed with the Commission at its office in Springfield within three months after the close of the year for which the report is made. The Commission shall have authority to require any public utility to file monthly reports of earnings and expenses of such utility, and to file other periodical or special, or both periodical and special reports concerning any matter about which the Commission is authorized by law to keep itself informed. All reports shall be under oath.

When any report is erroneous or defective or appears to the Commission to be erroneous or defective, the Commission may notify the public utility to amend such report within 30 thirty days, and before or after the termination of such period the Commission may examine the officers, agents, or employees, and books, records, accounts, vouchers, plant, equipment and property of such public utility, and correct such items in the report as upon such examination the Commission may find defective or erroneous.

All reports made to the Commission by any public utility and the contents thereof shall be open to public inspection, unless otherwise ordered by the Commission. Such reports shall be preserved in the office of the Commission.

Any public utility which fails to make and file any report called for by the Commission within the time specified; or to make specific answer to any question propounded by the Commission within 30 thirty days from the time it is lawfully required
to do so, or within such further time, not to exceed 90 ninety days, as may in its discretion be allowed by the Commission, shall forfeit up to $100 for each and every day it may so be in default if the utility collects less than $100,000 annually in gross revenue; and if the utility collects $100,000 or more annually in gross revenue, it shall forfeit $1,000 per day for each and every day it is in default.

Any person who willfully makes any false return or report to the Commission; or to any member, officer, or employee thereof, any person who willfully, in a return or report, withholds or fails to provide material information to which the Commission is entitled under this Act and which information is either required to be filed by statute, rule, regulation, order, or decision of the Commission or has been requested by the Commission, and any person who willfully aids or abets such person shall be guilty of a Class A misdemeanor.

(220 ILCS 5/5-202) (from Ch. 111 2/3, par. 5-202)

Sec. 5-202. Violations; penalty. Any public utility, or any corporation other than a public utility, or any person acting as a public utility, that which violates or fails to comply with any provisions of this Act; or that which fails to obey, observe, or comply with any order, decision, rule, regulation, direction, or requirement, or any part or provision thereof, of the Commission, made or issued under authority of this Act, in a case in which a penalty is not otherwise provided for in this Act, shall be subject to a civil penalty imposed in the manner provided in Section 4-203. A small public utility, as defined in subsection (b) of Section 4-502 of this Act, is subject to a civil penalty of not less than $500 nor more than $2,000 for each and every offense. All other public utilities, corporations other than a public utility, and persons acting as a public utility are subject to a civil penalty of up to $30,000 for each and every offense, except as provided in this Section and in Sections 13-101, 13-304, 13-305, and 5-202.1 of this Act.

Every violation of the provisions of this Act or of any order, decision, rule, regulation, direction, or requirement of the Commission, or any part or portion thereof, by any corporation or person, is a separate and distinct offense, provided, however, that if the same act or omission violates more than one provision of this Act, or of any order, decision, rule, regulation, direction, or requirement of the Commission, only one penalty or cumulative penalty may be imposed for such act or omission. In case of a continuing violation, each day's continuance thereof shall be a separate and distinct offense, provided, however, that the cumulative penalty for any continuing violation shall not exceed $500,000, except in the case of a small utility, as defined in subsection (b) of Section 4-502 of this Act, in which case the cumulative penalty for any continuing violation shall not exceed $35,000, and provided further that these limits shall not apply where the violation was intentional and either (i) created substantial risk to the safety of the utility's employees or customers or the public or (ii) was intended to cause economic benefits to accrue to the
violator and in case of a continuing violation each day's continuance thereof shall be a separate and distinct offense.

In construing and enforcing the provisions of this Act relating to penalties, the act, omission, or failure of any officer, agent, or employee of any public utility, corporation other than a public utility, or person acting as a public utility, that is acting within the scope of his official duties or employment, shall in every case be deemed to be the act, omission, or failure of such public utility, corporation other than a public utility, or person acting as a public utility.

If the party who has violated or failed to comply with this Act or an order, decision, rule, regulation, direction, or requirement of the Commission, or any part or provision thereof, fails to seek timely review pursuant to Sections 10-113 and 10-201 of this Act within 30 days of service of the order, the party shall, upon expiration of the statutory time limit 30 days, be subject to the civil penalty provision of this Section.

No penalties shall accrue under this provision until 15 days after the mailing of a notice to such party or parties that they are in violation of or have failed to comply with the Act or order, decision, rule, regulation, direction, or requirement of the Commission or any part or provision thereof, except that this notice provision shall not apply when the violation was intentional.

(220 ILCS 5/5-202.1 new)

Sec. 5-202.1. Misrepresentation before Commission; penalty.

(a) Any person or corporation, as defined in Sections 3-113 and 3-114 of this Act, who knowingly misrepresents facts or knowingly aids another in doing so or knowingly permits another to misrepresent facts through testimony or the offering or withholding of material information in any proceeding shall be subject to a civil penalty. Whenever the Commission is of the opinion that a person or corporation is misrepresenting or has misrepresented facts, the Commission may initiate a proceeding to determine whether a misrepresentation has in fact occurred. If the Commission finds that a person or corporation has violated this Section, the Commission shall impose a penalty of not less than $1,000 and not greater than $500,000. Each misrepresentation of a fact found by the Commission shall constitute a separate and distinct violation. In determining the amount of the penalty to be assessed, the Commission may consider any matters of record in aggravation or mitigation of the penalty, as set forth in Section 4-203, including but not limited to the following:

(1) the presence or absence of due diligence on the part of the violator in attempting to comply with the Act;

(2) any economic benefits accrued, or expected to be accrued, by the violator because of the misrepresentation; and

New matter indicated by italics - deletions by strikeout
(3) the amount of monetary penalty that will serve to deter further violations by the violator and to otherwise aid in enhancing voluntary compliance with the Act.

(b) Any action to enforce civil penalties arising under this Section shall be undertaken pursuant to Section 4-203.

(220 ILCS 5/10-105) (from Ch. 111 2/3, par. 10-105)

Sec. 10-105. No person shall be excused from testifying or from producing any papers, books, accounts or documents in any investigation or inquiry or upon any hearing ordered by the Commission, when ordered to do so by the Commission or any commissioner or hearing examiner, upon the ground that the testimony or evidence, documentary or otherwise, may tend to incriminate him or subject him to a penalty or forfeiture. But no person shall be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter or thing concerning which he may testify or produce evidence, documentary or otherwise, before the Commission or a commissioner or hearing examiner: Provided, that such immunity shall extend only to a natural person, who in obedience to a subpoena, gives testimony under oath or produces evidence, documentary or otherwise under oath. No person so testifying shall be exempt from prosecution and punishment for perjury committed in so testifying. The Commission or a commissioner or hearing examiner may, on the motion of a party or on its own motion, strike, in whole or in part, the testimony of a person who is not reasonably prepared to respond to questions under cross-examination intending to elicit information directly related to matters raised by that person in his testimony.

Sec. 11. The expiration date and renewal period for each certificate issued under this Act shall be set by rule.

Any occupational therapist or occupational therapy assistant who has permitted his license to expire or who has had his license on inactive status may have his license restored by making application to the Department and filing proof acceptable to the Department of his fitness to have his license restored. The Department may consider a certificate expired less than 5 years as prima facie evidence that the applicant is fit. If the applicant's license has expired or been placed on inactive status, proof of fitness may include sworn evidence certifying to active practice in another jurisdiction satisfactory to the Department and by paying the required restoration fee.

If the occupational therapist or occupational therapy assistant has not maintained an active practice in another jurisdiction satisfactory to the Department, the Department shall determine, by an evaluation program established by rule, his fitness to resume active status and may require the occupational therapist or occupational therapy assistant to successfully complete a practice examination.

However, any occupational therapist or occupational therapy assistant whose license certificate expired while he was (1) in Federal Service on active duty with the Armed Forces of the United States, or the State Militia called into service or training, or (2)

The Department shall provide by rule for an orderly process for the reinstatement of licenses that have not been renewed for failure to meet the continuing competency requirements. The continuing competency requirements may be waived in cases of extreme hardship as defined by rule.

The Department shall establish by rule a means for verifying the completion of the continuing competency required by this Section. This verification may be accomplished through audits of records maintained by licensees, by requiring the filing of continuing competency certificates with the Department, or by any other means established by the Department.

(a) The right of any person to receive payments under a prize that is paid in
installments over time by the Department may be voluntarily assigned, in whole or in part,
if the assignment is made to a person or entity designated pursuant to an order of a court
of competent jurisdiction located in the judicial circuit where the assigning prize winner

A court may not issue an order authorizing a voluntary assignment under this Section after the date any such ruling, letter, or published decision is filed.

(d) The circuit court shall have the jurisdiction to enjoin the public body from withholding public records and to order the production of any public records improperly withheld from the person seeking access. If the public body can show that exceptional circumstances exist, and that the body is exercising due diligence in responding to the request, the court may retain jurisdiction and allow the agency additional time to complete its review of the records.

(e) On motion of the plaintiff, prior to or after in camera inspection, the court shall order the public body to provide an index of the records to which access has been denied. The index shall include the following:

(g) In the event of noncompliance with an order of the court to disclose, the court may enforce its order against any public official or employee so ordered or primarily responsible for such noncompliance through the court's contempt powers.

New matter indicated by italics - deletions by strikeout
(h) Except as to causes the court considers to be of greater importance, proceedings arising under this Section shall take precedence on the docket over all other causes and be assigned for hearing and trial at the earliest practicable date and expedited in every way.

(i) If a person seeking the right to inspect or receive a copy of a public record substantially prevails in a proceeding under this Section, the court may award such person reasonable attorneys' fees and costs. If, however, the court finds that the fundamental purpose of the request was to further the commercial interests of the requestor, the court may award reasonable attorneys' fees and costs if the court finds that the record or records in question were of clearly significant interest to the general public and that the public body lacked any reasonable basis in law for withholding the record.

otherwise disciplined, or applications for license or registration may be refused, in the manner set forth in this Act. The Department may, upon its own action, and shall, upon the verified complaint in writing of any person setting forth facts which, if proven, would constitute grounds for discipline, investigate the actions of any person or other entity holding, applying for or claiming to hold a license, or practicing or offering to practice land surveying. Before the initiation of an investigation, the matter shall be reviewed by a subcommittee of the Board according to procedures established by rule for the Complaint Committee. The Department shall, before refusing to issue, renew or restore, suspending or revoking any license or registration, or imposing any other disciplinary action, at least 30 days prior to the date set for the hearing, notify the person accused in writing of any charges made and shall direct the person or entity to file a written answer to the Board under oath within 20 days after the service of the notice and inform the person or entity that if the person or entity fails to file an answer default will be taken and that the license or certificate may be suspended, revoked, placed on probationary status, or other disciplinary action may be taken, including limiting the scope, nature or extent of practice, as the Director may deem proper. The Department shall afford the accused person or entity an opportunity to be heard in person or by counsel in reference to the charges. This written notice may be served by personal delivery to the accused person or entity or certified mail to the last address specified by the accused person or entity in the last notification to the Department. In case the person or entity fails to file an answer after receiving notice, his or her license or certificate may, in the discretion of the Department, be suspended, revoked, or placed on probationary status, or the Department may take whatever disciplinary action deemed proper, including limiting the scope, nature, or extent of the person's practice or the imposition of a fine, without a hearing, if the act or acts charged constitute sufficient grounds for such action under this Act. At the time and place fixed in the notice, the Board shall hear the charges and the accused person or entity shall be accorded ample opportunity to present any statements, testimony, evidence and argument as may be relevant to the charges or their defense. The Board may continue the hearing from time to time.

The Board may from time to time and in co-operation with the Department's legal advisors employ individual land surveyors possessing the same minimum qualifications as required for Board candidates to assist with its investigative duties.

Persons who assist the Department as consultants or expert witnesses in the investigation or prosecution of alleged violations of the Act, licensure matters, restoration proceedings, or criminal prosecutions, are not liable for damages in any civil action or proceeding as a result of their assistance, except upon proof of actual malice. The Attorney General shall defend these persons in any such action or proceeding.

AN ACT in relation to public employee benefits.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Pension Code is amended by changing Sections 16-113, 16-129.1, 16-133.2, 16-149.2, 16-150, 16-151, 16-182, 16-184, 16-185, and 16-186.3 as follows:

(40 ILCS 5/16-113) (from Ch. 108 1/2, par. 16-113)
Sec. 16-113. Accumulated contributions. "Accumulated contributions": The sum of all contributions to this System made by or on behalf of a member in respect to membership service and credited to his or her account in the Benefit Trust Reserve Members' Contribution Reserve, together with regular interest thereon.
(Source: P.A. 83-1440.)

(40 ILCS 5/16-129.1)
Sec. 16-129.1. Optional increase in retirement annuity.

(a) A member of the System may qualify for the augmented rate under subdivision (a)(B)(1) of Section 16-133 for all years of creditable service earned before July 1, 1998 by making the optional contribution specified in subsection (b). A member may not elect to qualify for the augmented rate for only a portion of his or her creditable service earned before July 1, 1998.

(b) The contribution shall be an amount equal to 1.0% of the member's highest salary rate in the 4 consecutive school years immediately prior to but not including the school year in which the application occurs, multiplied by the number of years of creditable service earned by the member before July 1, 1998 or 20, whichever is less. This contribution shall be reduced by 1.0% of that salary rate for every 3 full years of creditable service earned by the member after June 30, 1998. The contribution shall be further reduced at the rate of 25% of the contribution (as reduced for service after June 30, 1998) for each year of the member's total creditable service in excess of 34 years. The contribution shall not in any event exceed 20% of that salary rate.

The member shall pay to the System the amount of the contribution as calculated at the time of application under this Section. The amount of the contribution determined under this subsection shall be recalculated at the time of retirement, and if the System determines that the amount paid by the member exceeds the recalculated amount, the System shall refund the difference to the member with regular interest from the date of payment to the date of refund.

The contribution required by this subsection shall be paid in one of the following ways or in a combination of the following ways that does not extend over more than 5 years:

(i) in a lump sum on or before the date of retirement;
(ii) in substantially equal installments over a period of time not to exceed 5 years, as a deduction from salary in accordance with subsection (b) of Section 16-154;

New matter indicated by italics - deletions by strikeout
(iii) if the member becomes an annuitant before June 30, 2003, in substantially equal monthly installments over a 24-month period, by reducing the annuitant's monthly benefit over a 24-month period by the amount of the otherwise applicable contribution. For federal and Illinois tax purposes, the monthly amount by which the annuitant's benefit is reduced shall not be treated as a contribution by the annuitant, but rather as a reduction of the annuitant's monthly benefit.

(c) If the member fails to make the full contribution under this Section in a timely fashion, the payments made under this Section shall be refunded to the member, without interest. If the member dies before making the full contribution, the payments made under this Section, together with regular interest thereon, shall be refunded to the member's designated beneficiary for benefits under Section 16-138.

(d) For purposes of this Section and subdivision (a)(B)(1) of Section 16-133, optional creditable service established by a member shall be deemed to have been earned at the time of the employment or other qualifying event upon which the service is based, rather than at the time the credit was established in this System.

(e) The contributions required under this Section are the responsibility of the teacher and not the teacher's employer. However, an employer of teachers may, after the effective date of this amendatory Act of 1998, specifically agree, through collective bargaining or otherwise, to make the contributions required by this Section on behalf of those teachers.

(f) A person who, on or after July 1, 1998 and before June 4, 1999, began receiving a retirement annuity calculated at the augmented rate may apply in writing to have the annuity recalculated to reflect the changes to this Section and Section 16-133 that were enacted in Public Act 91-17. The amount of any resulting decrease in the optional contribution shall be refunded to the annuitant, without interest. Any resulting increase in retirement annuity shall take effect on the next annuity payment date following the date of application under this subsection.

(40 ILCS 5/16-133.2) (from Ch. 108 1/2, par. 16-133.2)

Sec. 16-133.2. Early retirement without discount. A member retiring after June 1, 1980 and on or before June 30, 2005, and applying for a retirement annuity within 6 months of the last day of teaching for which retirement contributions were required, may elect at the time of application for a retirement annuity, to make a one time member contribution to the System and thereby avoid the reduction in the retirement annuity for retirement before age 60 specified in paragraph (B) of Section 16-133. The exercise of the election shall also obligate the last employer to make a one time non-refundable contribution to the System. Substitute teachers wishing to exercise this election must teach 85 or more days in one school term with one employer, who shall be deemed the last employer for purposes of this Section. The last day of teaching with that employer must be

within 6 months of the date of application for retirement. All substitute teaching credit applied toward the required 85 days must be earned after June 30, 1990.

The one time member and employer contributions shall be a percentage of the retiring member's highest annual salary rate used in the determination of the average salary for retirement annuity purposes. However, when determining the one-time member and employer contributions, that part of a member's salary with the same employer which exceeds the annual salary rate for the preceding year by more than 20% shall be excluded. The member contribution shall be at the rate of 7% for the lesser of the following 2 periods: (1) for each year that the member is less than age 60; or (2) for each year that the member's creditable service is less than 35 years. If a member is at least age 55 and has at least 34 years of creditable service, no member or employer contribution for the early retirement option shall be required. The employer contribution shall be at the rate of 20% for each year the member is under age 60.

Upon receipt of the application and election, the System shall determine the one time employee and employer contributions required. The member contribution shall be credited to the individual account of the member and the employer contribution shall be credited to the Benefit Trust Reserve Employer's Contribution Reserve. The provisions of this Section shall not be applicable until the member's contribution, if any, has been received by the System; however, the date such contributions are received shall not be considered in determining the effective date of retirement.

The number of members working for a single employer who may retire under this Section in any year may be limited at the option of the employer to a specified percentage of those eligible, not less than 30%, with the right to participate to be allocated among those applying on the basis of seniority in the service of the employer.

(40 ILCS 5/16-149.2) (from Ch. 108 1/2, par. 16-149.2)
Sec. 16-149.2. Disability retirement annuity.
(a) A member whose disability benefit has been terminated under the provisions of Section 16-149 may be retired on a disability retirement annuity payable effective the day following such termination provided the member remains disabled under the standard of disability provided in Section 16-149.

The disability retirement annuity shall be payable upon receipt of written certificates from at least 2 licensed physicians designated by the System verifying the continuation of the disability condition. A disability retirement annuity shall not be paid during any period for which the member receives benefits under Section 16-133, Section 16-149, or Section 16-149.1 or has a right to receive a salary as a teacher, or is employed in any capacity as a teacher by the employers included under this System or in an equivalent capacity in any other public or private school, college or university.

(b) The disability retirement annuity shall be equal to the larger of: (1) 35% of the most recent annual contract salary rate or for part-time and substitute members after June

New matter indicated by italics - deletions by strikeout
30, 1990, the most recent annualized salary rate; or (2) if disability commences prior to the member's attainment of age 55, the amount computed in accordance with Section 16-133, provided the amount computed under paragraph (B) of Section 16-133 shall be reduced by 1/2 of 1% for each month that the member is less than age 55; or (3) if disability commences after the member's attainment of age 55, and the member is not receiving a retirement annuity under Section 16-133, the amount computed in accordance with Section 16-133.

Prior to July 1, 1990, if the most recent period of service of any member eligible to receive a disability retirement annuity was rendered on a less than full-time but not less than half-time basis, the amount of the disability retirement annuity payable shall be computed on the basis of the salary received by such member for the member's last year of service on a full-time basis if such salary was greater than the member's most recent salary.

(c) If an annuitant receiving a disability retirement annuity under this Section is engaged in or able to engage in gainful employment paying more than the difference between the disability retirement annuity and the salary rate upon which the disability benefit is based, with no salary to be considered less than the minimum prescribed in Section 24-8 of the School Code, the disability retirement annuity shall be reduced to an amount which together with the amount earned by the annuitant, equals the salary rate upon which the disability benefit is based. However, for the purposes of this subsection (c) only, the salary rate upon which the benefit is based shall be deemed to increase by 15% on the tenth anniversary of the commencement of the annuity.

Once each year during the first 5 years following retirement on a disability retirement annuity, and once in every 3-year period thereafter, the System may require an annuitant to undergo a medical examination, by a physician or physicians designated by the System. If the annuitant refuses to submit to such medical examination, the annuity shall be discontinued until such time as the annuitant consents to the examination, and if refusal continues for one year, all the rights to the annuity shall be revoked.

(d) If an annuitant in receipt of a disability retirement annuity returns to active service as a teacher or is no longer disabled, such annuity shall cease and the annuitant shall again become a member of the Retirement System and, if in active service as a teacher, shall make regular contributions. The remaining accumulated contributions shall be transferred to the Members' Contribution Reserve from the Employer's Contribution Reserve. All service for which the annuitant had credit on the date of disability shall be properly reestablished.

An annuitant in receipt of a disability retirement annuity who returns to active service as a teacher and who again becomes disabled shall not be entitled to a recomputation of the disability retirement annuity based on amendments enacted while the annuitant was in receipt of the annuity unless at least one year of creditable service is rendered after the latest re-entry into service.

New matter indicated by italics - deletions by strikeout
(e) An annuitant in receipt of a disability retirement annuity may, upon reaching retirement age as specified in Section 16-132, apply for a retirement annuity which is to be calculated as specified in Section 16-133. The disability retirement annuity shall be discontinued upon commencement of the retirement annuity.

(f) The board shall prescribe rules governing the filing, investigation, control, and supervision of disability retirement claims. The rules shall include specific standards to be used when requesting additional medical examinations, hospital records or other data necessary for determining the employment capacity and condition of the annuitant. Costs incurred by a claimant in connection with completing a claim for disability benefits shall be paid by the claimant.

The changes to this Section made by this amendatory Act of 1991 shall apply not only to persons who on or after its effective date are in service as a teacher under the System, but also to persons whose status as a teacher terminated prior to that date, whether or not the person is an annuitant on that date.

(40 ILCS 5/16-150) (from Ch. 108 1/2, par. 16-150)

Sec. 16-150. Re-entry. If an annuitant under this System is again employed as a teacher for an aggregate period exceeding that permitted by Section 16-118, his or her retirement annuity shall be terminated and the annuitant shall thereupon be regarded as an active member. The annuitant's remaining accumulated contributions shall be transferred to the Members' Contribution Reserve from the Employer's Contribution Reserve.

Such annuitant is not entitled to a recomputation of his or her retirement annuity unless at least one full year of creditable service is rendered after the latest re-entry into service and the annuitant must have rendered at least 3 years of creditable service after last re-entry into service to qualify for a recomputation of the retirement annuity based on amendments enacted while in receipt of a retirement annuity, except when retirement was due to disability.

However, regardless of age, an annuitant in receipt of a retirement annuity may be given temporary employment by a school board not exceeding that permitted under Section 16-118 and continue to receive the retirement annuity.

Unless retirement was necessitated by disability, a retirement shall be considered cancelled and the retirement allowance must be repaid in full if the annuitant is employed as a teacher within the school year during which service was terminated.

An annuitant's retirement which does not include a period of at least one full and complete school year shall be considered cancelled and the retirement annuity must be repaid in full unless such retirement was necessitated by disability.

Sec. 16-151. Refund. Upon termination of employment as a teacher for any cause other than death or retirement, a member shall be paid the following amount upon demand made at least 4 months after ceasing to teach:

(1) from the Benefit Trust Reserve Members' Contribution Reserve, the actual total contributions paid by or on behalf of the member for membership service which have not been previously refunded and which are then credited to the member's individual account in the Benefit Trust Reserve Members' Contribution Reserve, without interest thereon, and

(2) from the Benefit Trust Reserve Employer's Contribution Reserve, the actual contributions not previously refunded, paid by or on behalf of the member for prior service and towards the cost of the automatic annual increase in retirement annuity as provided under Section 16-152, without interest thereon.

Any such amounts may be paid to the member either in one sum or, at the election of the board, in 4 quarterly payments.

Contributions credited to a member for periods of disability as provided in Sections 16-149 and 16-149.1 are not refundable.

Upon acceptance of a refund, all accrued rights and credits in the System are forfeited and may be reinstated only if the refund is repaid together with interest from the date of the refund to the date of repayment at the following rates compounded annually: for periods prior to July 1, 1965, regular interest; for periods from July 1, 1965 to June 30, 1977, 4% per year; for periods on and after July 1, 1977, regular interest. Repayment shall be permitted upon return to membership; however, service credit previously forfeited by a refund and subsequently reinstated may not be used as a basis for the payment of benefits, other than a refund of contributions, prior to the completion of one year of credited service following the refund, except when repayment is permitted under the provisions of the "Retirement Systems Reciprocal Act" contained in Article 20.

Code or any other law of this State to the contrary, school districts may petition the State Board of Education for the waiver or modification of the mandates of this School Code or of the administrative rules and regulations promulgated by the State Board of Education. Waivers or modifications of administrative rules and regulations and modifications of mandates of this School Code may be requested when a school district demonstrates that it can address the intent of the rule or mandate in a more effective, efficient, or economical manner or when necessary to stimulate innovation or improve student performance. Waivers of mandates of the School Code may be requested when the waivers are necessary to stimulate innovation or improve student performance. Waivers may not be requested from laws, rules, and regulations pertaining to special education, teacher certification, or teacher tenure and seniority or from compliance with the No Child Left Behind Act of 2001 (Public Law 107-110).

School districts, as a matter of inherent managerial policy, and any Independent Authority established under Section 2-3.25f may submit an application for a waiver or modification authorized under this Section. Each application must include a written request by the school district or Independent Authority and must demonstrate that the intent of the mandate can be addressed in a more effective, efficient, or economical manner or be based upon a specific plan for improved student performance and school improvement. Any district requesting a waiver or modification for the reason that intent of the mandate can be addressed in a more economical manner shall include in the application a fiscal analysis showing current expenditures on the mandate and projected savings resulting from the waiver or modification. Applications and plans developed by school districts must be approved by each board of education following a public hearing on the application and plan and the opportunity for the board to hear testimony from educators directly involved in its implementation, parents, and students. The public hearing must be preceded by at least one published notice occurring at least 7 days prior to the hearing in a newspaper of general circulation within the school district that sets forth the time, date, place, and general subject matter of the hearing. The school district must notify in writing the affected exclusive collective bargaining agent of the district's intent to seek approval of a waiver or modification and of the hearing to be held to take testimony from educators. The affected exclusive collective bargaining agents shall be notified of such public hearing at least 7 days prior to the date of the hearing and shall be allowed to attend such public hearing.

A request for a waiver or modification of administrative rules and regulations or for a modification of mandates contained in this School Code shall be submitted to the State Board of Education within 15 days after approval by the board of education. Following receipt of the request, the State Board shall have 45 days to review the application and request. If the State Board fails to disapprove the application within that 45 day period, the waiver or modification shall be deemed granted. The State Board may disapprove any request if it is not based upon sound educational practices, endangers the health or safety of students or staff, compromises equal opportunities for learning, or fails
to demonstrate that the intent of the rule or mandate can be addressed in a more effective, efficient, or economical manner or have improved student performance as a primary goal. Any request disapproved by the State Board may be appealed to the General Assembly by the requesting school district as outlined in this Section.

A request for a waiver from mandates contained in this School Code shall be submitted to the State Board within 15 days after approval by the board of education. The State Board shall review the applications and requests for completeness and shall compile the requests in reports to be filed with the General Assembly. The State Board shall file reports outlining the waivers requested by school districts and appeals by school districts of requests disapproved by the State Board with the Senate and the House of Representatives before each May 1 and October 1. The General Assembly may disapprove the report of the State Board in whole or in part within 30 calendar days after each house of the General Assembly next convenes after the report is filed by adoption of a resolution by a record vote of the majority of members elected in each house. If the General Assembly fails to disapprove any waiver request or appealed request within such 30 day period, the waiver or modification shall be deemed granted. Any resolution adopted by the General Assembly disapproving a report of the State Board in whole or in part shall be binding on the State Board.

An approved waiver or modification may remain in effect for a period not to exceed 5 school years and may be renewed upon application by the school district. However, such waiver or modification may be changed within that 5-year period by a local school district board following the procedure as set forth in this Section for the initial waiver or modification request. If neither the State Board of Education nor the General Assembly disapproves, the change is deemed granted.

On or before February 1, 1998, and each year thereafter, the State Board of Education shall submit a cumulative report summarizing all types of waiver mandates and modifications of mandates granted by the State Board or the General Assembly. The report shall identify the topic of the waiver along with the number and percentage of school districts for which the waiver has been granted. The report shall also include any recommendations from the State Board regarding the repeal or modification of waived mandates.

PUBLIC ACT 93-0473
(Senate Bill No. 1342)

AN ACT in relation to criminal law.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Unified Code of Corrections is amended by changing Section 5-2-4 as follows:

(730 ILCS 5/5-2-4) (from Ch. 38, par. 1005-2-4)
Sec. 5-2-4. Proceedings after Acquittal by Reason of Insanity.
(a) After a finding or verdict of not guilty by reason of insanity under Sections 104-25, 115-3 or 115-4 of The Code of Criminal Procedure of 1963, the defendant shall be ordered to the Department of Human Services for an evaluation as to whether he is subject to involuntary admission or in need of mental health services. The order shall specify whether the evaluation shall be conducted on an inpatient or outpatient basis. If the evaluation is to be conducted on an inpatient basis, the defendant shall be placed in a secure setting unless the Court determines that there are compelling reasons why such placement is not necessary. After the evaluation and during the period of time required to determine the appropriate placement, the defendant shall remain in jail. Upon completion of the placement process the sheriff shall be notified and shall transport the defendant to the designated facility.

The Department shall provide the Court with a report of its evaluation within 30 days of the date of this order. The Court shall hold a hearing as provided under the Mental Health and Developmental Disabilities Code to determine if the individual is: (a) subject to involuntary admission; (b) in need of mental health services on an inpatient basis; (c) in need of mental health services on an outpatient basis; (d) a person not in need of mental health services. The Court shall enter its findings.

If the defendant is found to be subject to involuntary admission or in need of mental health services on an inpatient care basis, the Court shall order the defendant to the Department of Human Services. The defendant shall be placed in a secure setting unless the Court determines that there are compelling reasons why such placement is not necessary. Such defendants placed in a secure setting shall not be permitted outside the...
facility's housing unit unless escorted or accompanied by personnel of the Department of Human Services or with the prior approval of the Court for unsupervised on-grounds privileges as provided herein. Any defendant placed in a secure setting pursuant to this Section, transported to court hearings or other necessary appointments off facility grounds by personnel of the Department of Human Services, shall may be placed in security devices or otherwise secured during the period of transportation to assure secure transport of the defendant and the safety of Department of Human Services personnel and others. These security measures shall not constitute restraint as defined in the Mental Health and Developmental Disabilities Code. If the defendant is found to be in need of mental health services, but not on an inpatient care basis, the Court shall conditionally release the defendant, under such conditions as set forth in this Section as will reasonably assure the defendant's satisfactory progress and participation in treatment or rehabilitation and the safety of the defendant and or others. If the Court finds the person not in need of mental health services, then the Court shall order the defendant discharged from custody.

(1) Definitions: For the purposes of this Section:

(A) (Blank). "Subject to involuntary admission" means: a defendant has been found not guilty by reason of insanity; and

(i) who is mentally ill and who because of his mental illness is reasonably expected to inflict serious physical harm upon himself or another in the near future; or

(ii) who is mentally ill and who because of his illness is unable to provide for his basic physical needs so as to guard himself from serious harm.

(B) "In need of mental health services on an inpatient basis" means: a defendant who has been found not guilty by reason of insanity who is not subject to involuntary admission but who due to mental illness is reasonably expected to inflict serious physical harm upon himself or another and who would benefit from inpatient care or is in need of inpatient care.

(C) "In need of mental health services on an outpatient basis" means: a defendant who has been found not guilty by reason of insanity who is not subject to involuntary admission or in need of mental health services on an inpatient basis, but is in need of outpatient care, drug and/or alcohol rehabilitation programs, community adjustment programs, individual, group, or family therapy, or chemotherapy.

(D) "Conditional Release" means: the release from either the custody of the Department of Human Services or the custody of the Court of a person who has been found not guilty by reason of insanity under such conditions as the Court may impose which reasonably assure the defendant's satisfactory progress in treatment or habilitation and the safety of the defendant and others. The Court shall consider such terms and conditions which may include, but need not be limited to, outpatient

care, alcoholic and drug rehabilitation programs, community adjustment programs, individual, group, family, and chemotherapy, random testing to ensure the defendant's timely and continuous taking of any medicines prescribed to control or manage his or her conduct or mental state, and periodic checks with the legal authorities and/or the Department of Human Services. The Court may order as a condition of conditional release that the defendant not contact the victim of the offense that resulted in the finding or verdict of not guilty by reason of insanity or any other person. The Court may order the Department of Human Services to provide care to any person conditionally released under this Section. The Department may contract with any public or private agency in order to discharge any responsibilities imposed under this Section. The Department shall monitor the provision of services to persons conditionally released under this Section and provide periodic reports to the Court concerning the services and the condition of the defendant. Whenever a person is conditionally released pursuant to this Section, the State's Attorney for the county in which the hearing is held shall designate in writing the name, telephone number, and address of a person employed by him or her who shall be notified in the event that either the reporting agency or the Department decides that the conditional release of the defendant should be revoked or modified pursuant to subsection (i) of this Section. The person or facility rendering the outpatient care shall be required to periodically report to the Court on the progress of the defendant. Such conditional release shall be for a period of five years. However, unless the defendant, the person or facility rendering the treatment, therapy, program or outpatient care, the Department, or the State's Attorney may petition the Court for an extension of the conditional release period for an additional 5 three years. Upon receipt of such a petition, the Court shall hold a hearing consistent with the provisions of this paragraph (a) and paragraph (f) of this Section, shall determine whether the defendant should continue to be subject to the terms of conditional release, and shall enter an order either extending the defendant's period of conditional release for an additional 5 three year period or discharging the defendant. Additional 5-year periods of conditional release may be ordered following a hearing as provided in this Section. However, in no event shall the defendant's period of conditional release continue beyond the maximum period of commitment ordered by the Court pursuant to paragraph (b) of this Section exceed eight years. These provisions for extension of conditional release shall only apply to defendants conditionally released on or after the effective date of this amendatory Act of the 93rd General Assembly July 1, 1979. However, the extension provisions of Public Act 83-1449 apply only to defendants charged with a forcible felony.

(E) "Facility director" means the chief officer of a mental health or developmental disabilities facility or his or her designee or the supervisor of a

New matter indicated by italics - deletions by strikeout
program of treatment or habilitation or his or her designee. "Designee" may include a physician, clinical psychologist, social worker, or nurse.

(b) If the Court finds the defendant subject to involuntary admission or in need of mental health services on an inpatient basis, the admission, detention, care, treatment or habilitation, treatment plans, review proceedings, including review of treatment and treatment plans, and discharge of the defendant after such order shall be under the Mental Health and Developmental Disabilities Code, except that the initial order for admission of a defendant acquitted of a felony by reason of insanity shall be for an indefinite period of time. Such period of commitment shall not exceed the maximum length of time that the defendant would have been required to serve, less credit for good behavior as provided in Section 5-4-1 of the Unified Code of Corrections, before becoming eligible for release had he been convicted of and received the maximum sentence for the most serious crime for which he has been acquitted by reason of insanity. The Court shall determine the maximum period of commitment by an appropriate order. During this period of time, the defendant shall not be permitted to be in the community in any manner, including but not limited to off-grounds privileges, with or without escort by personnel of the Department of Human Services, unsupervised on-grounds privileges, discharge or conditional or temporary release, except by a plan as provided in this Section. In no event shall a defendant's continued unauthorized absence be a basis for discharge. Not more than 30 days after admission and every 60 days thereafter so long as the initial order remains in effect, the facility director shall file a treatment plan report in writing with the court and forward a copy of the treatment plan report to the clerk of the court, the State's Attorney, and the defendant's attorney, if the defendant is represented by counsel, or to a person authorized by the defendant under the Mental Health and Developmental Disabilities Confidentiality Act to be sent a copy of the report. The report shall include an opinion as to whether the defendant is currently subject to involuntary admission; in need of mental health services on an inpatient basis; or in need of mental health services on an outpatient basis. The report shall also summarize the basis for those findings and provide a current summary of the following items from the treatment plan: (1) an assessment of the defendant's treatment needs, (2) a description of the services recommended for treatment, (3) the goals of each type of element of service, (4) an anticipated timetable for the accomplishment of the goals, and (5) a designation of the qualified professional responsible for the implementation of the plan. The report may also include unsupervised on-grounds privileges, off-grounds privileges (with or without escort by personnel of the Department of Human Services), home visits and participation in work programs, but only where such privileges have been approved by specific court order, which order may include such conditions on the defendant as the Court may deem appropriate and necessary to reasonably assure the defendant's satisfactory progress in treatment and the safety of the defendant and others.
(c) Every defendant acquitted of a felony by reason of insanity and subsequently found to be subject to involuntary admission or in need of mental health services shall be represented by counsel in all proceedings under this Section and under the Mental Health and Developmental Disabilities Code.

(1) The Court shall appoint as counsel the public defender or an attorney licensed by this State.

(2) Upon filing with the Court of a verified statement of legal services rendered by the private attorney appointed pursuant to paragraph (1) of this subsection, the Court shall determine a reasonable fee for such services. If the defendant is unable to pay the fee, the Court shall enter an order upon the State to pay the entire fee or such amount as the defendant is unable to pay from funds appropriated by the General Assembly for that purpose.

(d) When the facility director determines that:

(1) the defendant is no longer subject to involuntary admission or in need of mental health services on an inpatient basis; and

(2) the defendant may be conditionally released because he or she is still in need of mental health services or that the defendant may be discharged as not in need of any mental health services; or

(3) the defendant no longer requires placement in a secure setting;

the facility director shall give written notice to the Court, State's Attorney and defense attorney. Such notice shall set forth in detail the basis for the recommendation of the facility director, and specify clearly the recommendations, if any, of the facility director, concerning conditional release. Within 30 days of the notification by the facility director, the Court shall set a hearing and make a finding as to whether the defendant is:

(i) (blank) subject to involuntary admission; or

(ii) in need of mental health services in the form of inpatient care; or

(iii) in need of mental health services but not subject to involuntary admission or inpatient care; or

(iv) no longer in need of mental health services; or

(v) no longer requires placement in a secure setting.

Upon finding by the Court, the Court shall enter its findings and such appropriate order as provided in subsection (a) of this Section.

(e) A defendant admitted pursuant to this Section, or any person on his behalf, may file a petition for treatment plan review, transfer to a non-secure setting within the Department of Human Services or discharge or conditional release under the standards of this Section in the Court which rendered the verdict. Upon receipt of a petition for treatment plan review, transfer to a non-secure setting or discharge or conditional release, the Court shall set a hearing to be held within 120 days. Thereafter, no new petition may be filed for 180 days without leave of the Court.
(f) The Court shall direct that notice of the time and place of the hearing be served upon the defendant, the facility director, the State's Attorney, and the defendant's attorney. If requested by either the State or the defense or if the Court feels it is appropriate, an impartial examination of the defendant by a psychiatrist or clinical psychologist as defined in Section 1-103 of the Mental Health and Developmental Disabilities Code who is not in the employ of the Department of Human Services shall be ordered, and the report considered at the time of the hearing.

(g) The findings of the Court shall be established by clear and convincing evidence. The burden of proof and the burden of going forth with the evidence rest with the defendant or any person on the defendant's behalf when a hearing is held to review a petition filed by or on behalf of the defendant. The evidence shall be presented in open Court with the right of confrontation and cross-examination. Such evidence may include, but is not limited to:

1. whether the defendant appreciates the harm caused by the defendant to others and the community by his or her prior conduct that resulted in the finding of not guilty by reason of insanity;
2. Whether the person appreciates the criminality of conduct similar to the conduct for which he or she was originally charged in this matter;
3. the current state of the defendant's illness;
4. what, if any, medications the defendant is taking to control his or her mental illness;
5. what, if any, adverse physical side effects the medication has on the defendant;
6. the length of time it would take for the defendant's mental health to deteriorate if the defendant stopped taking prescribed medication;
7. the defendant's history or potential for alcohol and drug abuse;
8. the defendant's past criminal history;
9. any specialized physical or medical needs of the defendant;
10. any family participation or involvement expected upon release and what is the willingness and ability of the family to participate or be involved;
11. the defendant's potential to be a danger to himself, herself, or others; and
12. any other factor or factors the Court deems appropriate.

(h) If the Court finds, consistent with the provisions of this Section, that the defendant is no longer in need of mental health services it shall order the facility director to discharge the defendant. If the Court finds, consistent with the provisions of this Section, that the defendant is in need of mental health services, and no longer in need of inpatient care, it shall order the facility director to release the defendant under such conditions as the Court deems appropriate and as provided by this Section. Such conditional release shall be imposed for a period of 5 five years as provided in paragraph (1) (D) of subsection (a) and
shall be subject to later modification by the Court as provided by this Section. If the Court finds consistent with the provisions in this Section that the defendant is subject to involuntary admission or in need of mental health services on an inpatient basis, it shall order the facility director not to discharge or release the defendant in accordance with paragraph (b) of this Section.

(i) If within the period of the defendant's conditional release the State's Attorney determines that the defendant has not fulfilled the conditions of his or her release, the State's Attorney may petition the Court to revoke or modify the conditional release of the defendant. Upon the filing of such petition the defendant may be remanded to the custody of the Department, or to any other mental health facility designated by the Department, pending the resolution of the petition. Nothing in this Section shall prevent the emergency admission of a defendant pursuant to Article VI of Chapter III of the Mental Health and Developmental Disabilities Code or the voluntary admission of the defendant pursuant to Article IV of Chapter III of the Mental Health and Developmental Disabilities Code. If the Court determines, after hearing evidence, that the defendant has not fulfilled the conditions of release, the Court shall order a hearing to be held consistent with the provisions of paragraph (f) and (g) of this Section. At such hearing, if the Court finds that the defendant is subject to involuntary admission or in need of mental health services on an inpatient basis, it shall enter an order remanding him or her to the Department of Human Services or other facility. If the defendant is remanded to the Department of Human Services, he or she shall be placed in a secure setting unless the Court determines that there are compelling reasons that such placement is not necessary. If the Court finds that the defendant continues to be in need of mental health services but not on an inpatient basis, it may modify the conditions of the original release in order to reasonably assure the defendant's satisfactory progress in treatment and his or her safety and the safety of others in accordance with the standards established in paragraph (1) (D) of subsection (a). In no event shall such conditional release be longer than eight years. Nothing in this Section shall limit a Court's contempt powers or any other powers of a Court.

(j) An order of admission under this Section does not affect the remedy of habeas corpus.

(k) In the event of a conflict between this Section and the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Confidentiality Act, the provisions of this Section shall govern.

(l) This amendatory Act shall apply to all persons who have been found not guilty by reason of insanity and who are presently committed to the Department of Mental Health and Developmental Disabilities (now the Department of Human Services).

(m) The Clerk of the Court shall, after the entry of an order of transfer to a non-secure setting of the Department of Human Services or discharge or conditional release, transmit a certified copy of the order to the Department of Human Services, and the sheriff of the county from which the defendant was admitted. In cases where the arrest of the

defendant or the commission of the offense took place in any municipality with a population of more than 25,000 persons, the Clerk of the Court shall also transmit a certified copy of the order of discharge or conditional release to the proper law enforcement agency for said municipality provided the municipality has requested such notice in writing.

Section 3. The State Employees Group Insurance Act of 1971 is amended by changing Section 6.2 as follows:

(5 ILCS 375/6.2) (from Ch. 127, par. 526.2)
Sec. 6.2. When the Director, with the advice and consent of the Commission, determines that it would be in the best interests of the State and its employees, the program of health benefits under this Act may be administered with the State as a self-insurer in whole or in part. The State assumes the risks of the program. Section 5. The Illinois Insurance Code is amended by changing Sections 143.17a, 245.25, 367.2, 367e, and 404.1, by resectioning Section 367e as Sections 367e and 367e.1, and by adding Section 367.2-5 as follows:

(215 ILCS 5/143.17a) (from Ch. 73, par. 755.17a)
Sec. 143.17a. Notice of intention not to renew. a. No company shall fail to renew any policy of insurance, to which Section 143.11 applies, except for those defined in subsections (a), (b), (c), and (h) of Section 143.13, unless it shall send by mail to the named insured at least 60 days advance notice of its intention not to renew. Section 143.11 applies, except for those defined in subsections (a), (b), (c), and (h) of Section 143.13, by 30% or more, nor impose changes in deductibles or coverage that materially alter the policy, unless the company shall have mailed or delivered to the named insured written notice of such increase or change in deductible or coverage at least 60 days prior to the renewal or anniversary date. The increase in premium shall be the renewal premium based on the known exposure as of the date of the quotation compared to the premium as of the last day of coverage for the current year's policy, annualized. The premium on the renewal policy may be subsequently amended to reflect any change in exposure or reinsurance costs not considered in the quotation. An exact and unaltered copy of such notice shall also be sent to the insured's broker, if known, or the agent of record. If an insurer fails to provide the notice required by this subsection, then the company must extend the current policy under the same terms, conditions, and premium to allow 60 days notice of renewal and provide the actual renewal premium quotation and any change in coverage or deductible on the policy. Proof of mailing or proof of receipt may be proven by a sworn affidavit by the insurer as to the usual and customary business practices of mailing notice pursuant to this Section or may be proven consistent with Illinois Supreme Court Rule 236. The company shall maintain proof of mailing or proof of receipt whichever is required.

c. Should a company fail to comply with the non-renewal notice requirements of subsection a., this Section, the policy shall be extended for an additional year the policy shall terminate only as provided in this subsection. In the event notice is provided at least 31 days, but less than 60 days prior to expiration of the policy, the policy shall be extended for a period of 60 days or until the effective date of any similar insurance procured by the insured, whichever is less, on the same terms and conditions as the policy sought to be terminated. In the event notice is provided less than 31 days prior to the expiration of the policy, the policy shall be extended for a period of one year or until the effective date of any similar insurance procured by the insured, whichever is less, on the same terms and conditions as the policy sought to be terminated, unless the insurer has manifested its intention to renew at a different premium that represents an increase not exceeding 30% unless the insurer has manifested its willingness to renew at a premium which represents an increase not exceeding 30%. The premium for coverage shall be prorated in accordance with the amount of the last year's premium, and the company shall be entitled to this premium for the extension of coverage and such extension may be contingent upon the payment of such premium.

d. Renewal of a policy does not constitute a waiver or estoppel with respect to grounds for cancellation which existed before the effective date of such renewal.

e. In all notices of intention not to renew any policy of insurance, as defined in Section 143.11 the company shall provide a specific explanation of the reasons for nonrenewal.

Sec. 367.2. Spousal continuation privilege; group contracts.

A. No policy of group accident or health insurance, nor any certificate thereunder shall be delivered or issued for delivery in this State after December 1, 1985, unless the policy provides for a continuation of the existing insurance benefits for an employee's spouse and dependent children who are insured under the provisions of that group policy or certificate thereunder, notwithstanding that the marriage is dissolved by judgment or terminated by the death of the employee's spouse or, after the effective date of this amendatory Act of the 93rd General Assembly 1991, notwithstanding the retirement of the employee's spouse provided that the employee's spouse is at least 55 years of age, in each case without any other eligibility requirements. The provisions of this amendatory Act of the 93rd General Assembly 1991 apply to every group policy of accident or health insurance and every certificate issued thereunder delivered or issued for delivery after the effective date of this amendatory Act of the 93rd General Assembly 1991.

B. Within 30 days of the entry of judgment or the death or retirement of the employee's spouse, the spouse of an employee insured under the policy who seeks a continuation of coverage thereunder shall give the employer or and the insurer written notice of the dissolution of the marriage or the death or retirement of the employee's spouse. The employer, within 15 days of receipt of the notice shall give written notice of the dissolution of the employee's marriage or the death or retirement of the employee and that

former spouse's or retired employee's spouse's residence; to the insurance company issuing the policy., of the dissolution of the employee's marriage or the death or retirement of the employee spouse and the former or retired employee's spouse's residence.

The employer shall immediately send a copy of the notice to the former spouse of the employee or the spouse of the retired employee at the retired employee's spouse's residence or at the former spouse's residence. For purposes of this Act, the term "former spouse" includes "widow" or "widower".

C. Within 30 days after the date of receipt of a notice from the employer, retired employee's spouse or former spouse or of the initiation of a new group policy, the insurance company, by certified mail, return receipt requested, shall notify the retired employee's spouse or former spouse at his or her residence that the policy may be continued for as to that retired employee's spouse or former spouse and covered dependents, and the notice shall include:

(ii) the amount of periodic premiums to be charged for continuation coverage and the method and place of payment; and
(iii) instructions for returning the election form by certified mail, return receipt requested, within 30 days after the date it is received from the insurance company.

If the insurance company fails to notify the retired employee's spouse or former spouse as provided for in subsection C hereof, all premiums shall be waived from the date the notice was required until notice is sent, and the benefits shall continue under the terms and provisions of the policy, from the date the notice was required until the notice is sent, notwithstanding any other provision hereof, except where the benefits in existence at the time the company's notice was to be sent pursuant to subsection C are terminated as to all employees.

D. With respect to a former spouse who has not attained the age of 55 at the time continuation coverage begins hereunder, the monthly premium for continuation shall be computed as follows:

(i) an amount, if any, that would be charged an employee if the former spouse were a current employee of the employer, plus;
(ii) an amount, if any, that the employer would contribute toward the premium if the former spouse were a current employee.

Failure to pay the initial monthly premium within 30 days after the date of receipt of notice required in subsection C of this Section terminates the continuation benefits and the right to continuation benefits.

The continuation coverage for former spouses who have not attained the age of 55 at the time coverage begins shall terminate upon the earliest to happen of the following:

(i) The failure to pay premiums when due, including any grace period allowed by the policy; or

(ii) When coverage would terminate under the terms of the existing policy if the employee and former spouse were still married to each other; however, the existing coverage shall not be modified or terminated during the first 120 consecutive days subsequent to the employee spouse's death or to the entry of the judgment dissolving the marriage existing between the employee and the former spouse unless the master policy in existence at the time is modified or terminated as to all employees; or

(iii) the date on which the former spouse first becomes, after the date of election, an insured employee under any other group health plan; or

(iv) the date on which the former spouse remarries; or

E. With respect to a retired employee's spouse or former spouse who has attained the age of 55 at the time continuation coverage begins hereunder, the monthly premium for the continuation shall be computed as follows:

(i) an amount, if any, that would be charged an employee if the retired employee's spouse or former spouse were a current employee of the employer, plus;

(ii) an amount, if any, that the employer would contribute toward the premium if the retired employee's spouse or former spouse were a current employee. Beginning 2 years after coverage begins under this paragraph, the monthly premium shall be computed as follows:

(i) an amount, if any, that would be charged an employee if the retired employee's spouse or former spouse were a current employee of the employer, plus;

(ii) an amount, if any, that the employer would contribute toward the premium if the retired employee's spouse or former spouse were a current employee.

(iii) an additional amount, not to exceed 20% of (i) and (ii) above, for costs of administration. Failure to pay the initial monthly premium within 30 days after the date of receipt of the notice required in subsection C of this Section terminates the continuation benefits and the right to continuation benefits.
The continuation coverage for retired employees' spouses and former spouses who have attained the age of 55 at the time coverage begins shall terminate upon the earliest to happen of the following:

(i) The failure to pay premiums when due, including any grace period allowed by the policy; or

(ii) When coverage would terminate, except due to the retirement of an employee, under the terms of the existing policy if the employee and former spouse were still married to each other; however, the existing coverage shall not be modified or terminated during the first 120 consecutive days subsequent to the employee spouse's death or retirement to the entry of the judgment dissolving the marriage existing between the employee and the former spouse unless the master policy in existence at the time is modified or terminated as to all employees; or

(iii) the date on which the retired employee's spouse or former spouse first becomes, after the date of election, an insured employee under any other group health plan; or

The continuation rights granted to former spouses who have attained age 55 shall also include eligible dependents insured prior to the dissolution of marriage, the death of the employee, or the retirement of the employee.

F. The renewal, amendment, or extension of any group policy affected by this Section shall be deemed to be delivery or issuance for delivery of a new policy or contract of insurance in this State.

G. If (i) the policy is canceled, and (ii) another insurance company contracts to provide group health and accident insurance to the employer, and (iii) continuation coverage is in effect for the retired employee's spouse or former spouse at the time of cancellation and (iv) the employee is or would have been included under the new group policy, then the new insurer must also offer continuation coverage to the retired employee's spouse and to an employee's former spouse under the same terms and conditions as contained in this Section.

H. This Section shall not limit the right of the retired employee's spouse or any former spouse to exercise the privilege to convert to an individual policy as contained in this Code.

I. No person who obtains coverage under this Section shall be required to pay a rate greater than that applicable to any employee or member covered under that group except as provided in clause (iii) of the second paragraph of subsection E.
Sec. 367.2-5. Dependent child continuation privilege; group contracts.

(a) No policy of group accident or health insurance, nor any certificate thereunder shall be amended, renewed, delivered, or issued for delivery in this State after July 1, 2004, unless the policy provides for a continuation of the existing insurance benefits for an employee's dependent child who is insured under the provisions of that group policy or certificate in the event of the death of the employee and the child is not eligible for coverage as a dependent under the provisions of Section 367.2 or the dependent child has attained the limiting age under the policy.

(b) In the event of the death of the employee, if continuation coverage is desired, the dependent child or a responsible adult acting on behalf of the dependent child shall give the employer or the insurer written notice of the death of employee within 30 days of the date the coverage terminates. The employer, within 15 days of receipt of the notice, shall give written notice to the insurance company issuing the policy of the death of the employee and the dependent child's residence. The employer shall immediately send a copy of the notice to the dependent child or responsible adult at the dependent child's residence.

(c) In the event of the dependent child attaining the limiting age under the policy, if continuation coverage is desired, the dependent child shall give the employer or the insurer written notice of the attainment of the limiting age within 30 days of the date the coverage terminates. The employer, within 15 days of receipt of the notice, shall give written notice to the insurance company issuing the policy of the attainment of the limiting age by the dependent child and of the dependent child's residence.

(d) Within 30 days after the date of receipt of a notice from the employer, dependent child, or responsible adult acting on behalf of the dependent child, or of the initiation of a new group policy, the insurance company, by certified mail, return receipt requested, shall notify the dependent child or responsible adult at the dependent child's residence that the policy may be continued for the dependent child. The notice shall include:

1. A form for election to continue the insurance coverage;
2. The amount of periodic premiums to be charged for continuation coverage and the method and place of payment; and
3. Instructions for returning the election form within 30 days after the date it is received from the insurance company.

Failure of the dependent child or the responsible adult acting on behalf of the dependent child to exercise the election to continue insurance coverage by notifying the insurance company in writing within such 30 day period shall terminate the continuation of benefits and the right to continuation.

If the insurance company fails to notify the dependent child or responsible adult acting on behalf of the dependent child as provided for in this subsection (d), all premiums...
shall be waived from the date the notice was required until notice was sent, and the benefits shall continue under the terms and provisions of the policy, from the date the notice was required until the notice was sent, notwithstanding any other provision hereof, except where the benefits in existence at the time the company's notice was to be sent pursuant to this subsection (d) are terminated as to all employees.

(e) The monthly premium for continuation shall be computed as follows:

(1) an amount, if any, that would be charged an employee if the dependent child were a current employee of the employer, plus;

(2) an amount, if any, that the employer would contribute toward the premium if the dependent child were a current employee.

Failure to pay the initial monthly premium within 30 days after the date of receipt of notice required in subsection (d) of this Section terminates the continuation benefits and the right to continuation benefits.

Continuation coverage provided under this Act shall terminate upon the earliest to happen of the following:

(1) the failure to pay premiums when due, including any grace period allowed by the policy;

(2) when coverage would terminate under the terms of the existing policy if the dependent child was still an eligible dependent of the employee;

(3) the date on which the dependent child first becomes, after the date of election, an insured employee under any other group health plan; or

(4) the expiration of 2 years from the date continuation coverage began.

Upon the termination of continuation coverage, the dependent child shall be entitled to convert the coverage to an individual policy.

(f) The renewal, amendment, or extension of any group policy affected by this Section shall be deemed to be delivery or issuance for delivery of a new policy or contract of insurance in this State.

(g) If (1) the policy is cancelled, and (2) another insurance company contracts to provide group health and accident insurance to the employer, and (3) continuation coverage is in effect for the dependent child at the time of cancellation, and (4) the employee is or would have been included under the new group policy, then the new insurer must also offer continuation coverage to the dependent child under the same terms and conditions as contained in this Section.

(h) This Section shall not limit the right of any dependent child to exercise the privilege to convert to an individual policy as contained in this Code.

(i) No person who obtains coverage under this Section shall be required to pay a rate greater than that applicable to any employee or member covered under that group.

A group policy delivered, issued for delivery, renewed or amended in this state which insures employees or members for hospital, surgical or major medical insurance on an expense incurred or service basis, other than for specific diseases or for accidental injuries only, shall provide that employees or members whose insurance under the group policy would otherwise terminate because of termination of employment or membership or because of a reduction in hours below the minimum required by the group plan shall be entitled to continue their hospital, surgical and major medical insurance under that group policy, for themselves and their eligible dependents, subject to all of the group policy's terms and conditions applicable to those forms of insurance and to the following conditions:

1. Continuation shall only be available to an employee or member who has been continuously insured under the group policy (and for similar benefits under any group policy which it replaced) during the entire 3 months period ending with such termination or reduction in hours below the minimum required by the group plan.

2. Continuation shall not be available for any person who is covered by Medicare, except for those individuals who have been covered under a group Medicare supplement policy. Neither shall continuation be available for any person who is covered by any other insured or uninsured plan which provides hospital, surgical or medical coverage for individuals in a group and under which the person was not covered immediately prior to such termination or reduction in hours below the minimum required by the group plan or who exercises his conversion privilege under the group policy.

3. Continuation need not include dental, vision care, prescription drug benefits, disability income, specified disease, or similar supplementary benefits which are provided under the group policy in addition to its hospital, surgical or major medical benefits.

4. Upon termination or reduction in hours below the minimum required by the group plan written notice of continuation shall be presented to the employee or member by the employer or mailed by the employer to the last known address of the employee. An employee or member who wishes continuation of coverage must request such continuation in writing within the ten-day period following the later of: (i) the date of such termination or reduction in hours below the minimum required by the group plan, or (ii) the date the employee is given written notice of the right of continuation by either the employer or the group policyholder. In no event, however, may the employee or member elect continuation more than 60 days after the date of such termination or reduction in hours below the minimum required by the group plan. Written notice of continuation presented to the employee or member by the policyholder, or mailed by the policyholder to the last known address of the employee, shall constitute the giving of notice for the purpose of this provision.

5. An employee or member electing continuation must pay to the group policyholder or his employer, on a monthly basis in advance, the total amount of premium required by the insurer, including that portion of the premium contributed by the
policyholder or employer, if any, but not more than the group rate for the insurance being 
continued with appropriate reduction in premium for any supplementary benefits which 
have been discontinued under paragraph (3) of this Section. The premium rate required by 
the insurer shall be the applicable premium required on the due date of each payment.

6. Continuation of insurance under the group policy for any person shall terminate 
when he becomes eligible for Medicare or is covered by any other insured or uninsured 
plan which provides hospital, surgical or medical coverage for individuals in a group and 
under which the person was not covered immediately prior to such termination or 
reduction in hours below the minimum required by the group plan as provided in condition 
2 above or, if earlier, at the first to occur of the following:
   (a) The date 9 months after the date the employee's or member's insurance 
   under the policy would otherwise have terminated because of termination of 
   employment or membership or reduction in hours below the minimum required by 
   the group plan.
   (b) If the employee or member fails to make timely payment of a required 
   contribution, the end of the period for which contributions were made.
   (c) The date on which the group policy is terminated or, in the case of an 
   employee, the date his employer terminates participation under the group policy. 
   However, if this (c) applies and the coverage ceasing by reason of such termination 
   is replaced by similar coverage under another group policy, the following shall 
   apply:
      (i) The employee or member shall have the right to become covered 
      under that other group policy, for the balance of the period that he would 
      have remained covered under the prior group policy in accordance with 
      condition 6 had a termination described in this (c) not occurred.
      (ii) The prior group policy shall continue to provide benefits to the 
      extent of its accrued liabilities and extensions of benefits as if the 
      replacement had not occurred.

7. A notification of the continuation privilege shall be included in each certificate of 
coverage.

8. Continuation shall not be available for any employee who was discharged 
because of the commission of a felony in connection with his work, or because of theft in 
connection with his work, for which the employer was in no way responsible; provided the 
employee admitted his commission of the felony or theft or such act has resulted in a 
conviction or order of supervision by a court of competent jurisdiction. 

The requirements of this amendatory Act of 1983 shall apply to any group policy as 
declared in this Section, delivered or issued for delivery on or after 180 days following the 
effective date of this amendatory Act of 1983.
The requirements of this amendatory Act of 1985 shall apply to any group policy as defined in this Section, delivered, issued for delivery, renewed or amended on or after 180 days following the effective date of this amendatory Act of 1985.

Sec. 367e.1. Group Accident and Health Insurance Conversion Privilege.

(A) A group policy which provides hospital, medical, or major medical expense insurance, or any combination of these coverages, on an expense-incurred basis, but not including a policy which provides benefits for specific diseases or for accidental injuries only, shall provide that an employee or member (i) whose insurance under the group policy has been terminated for any reason other than discontinuance of the group policy in its entirety where there is a succeeding carrier, or failure of the employee or member to pay any required contribution; and (ii) who has been continuously insured under the group policy (and under any group policy providing similar benefits which it replaces) for at least three months immediately prior to termination, shall be entitled to have issued to him by the insurer a policy of health insurance (hereafter referred to as the converted policy), subject to the following conditions:

(1) Written application for the converted policy shall be made and the first premium paid to the insurer not later than the latter of (i) thirty-one days after such termination or (ii) 15 days after the employee or member has been given written notice of the existence of the conversion privilege, but in no event later than 60 days after such termination.

Written notice presented to the employee or member by the policyholder, or mailed by the policyholder to the last known address of the employee or member, shall constitute the giving of notice for the purpose of this provision.

(2) The converted policy shall be issued without evidence of insurability.

(3) The initial premium for the converted policy shall be determined in accordance with the insurer's table of premium rates applicable to the age and class of risk of each person to be covered under the converted policy and to the type and amount of the insurance provided. Conditions pertaining to health shall not be an acceptable basis of classification for the purposes of this subsection. The frequency of premium payment shall be the frequency customarily required by the insurer for the policy form and plan selected, provided that the insurer shall not require premium payments less frequently than quarterly without the consent of the insured.

(4) The effective date of the converted policy shall be the day following the termination of insurance under the group policy.

(5) The converted policy shall cover the employee or member and his dependents who were covered by the group policy on the date of termination of

insurance. At the option of the insurer, a separate converted policy may be issued to cover any dependent.

(6) The insurer shall not be required to issue a converted policy covering any person if such person is or could be covered by Medicare (Title XVIII of the United States Social Security Act as added by the Social Security Amendments of 1965 or as later amended or superseded). Furthermore, the insurer shall not be required to issue a converted policy covering any person if (i) such person is covered for similar benefits by another hospital, surgical, medical, or major medical expense insurance policy or hospital or medical service subscriber contract or medical practice or other prepayment plan or by any other plan or program; or (ii) such person is eligible for similar benefits (whether or not covered therefor) under any arrangement of coverage for individuals in a group, whether on an insured or uninsured basis; or (iii) similar benefits are provided for or available to such person, pursuant to or in accordance with the requirements of any statute, and the benefits provided or available under the sources referred to in (i), (ii), (iii) above for such person together with the converted policy would result in overinsurance according to the insurer's standards.

(7) In the event that coverage would be continued under the group policy on an employee following his retirement prior to the time he is or could be covered by Medicare, he may elect, in lieu of such continuation of such group insurance, to have the same conversion rights as would apply had his insurance terminated at retirement by reason of termination of employment or membership.

(8) Subject to the conditions set forth above, the conversion privilege shall also be available (i) to the surviving spouse, if any, at the death of the employee or member, with respect to the spouse and such children whose coverage under the group policy terminates by reason of such death, otherwise to each surviving child whose coverage under the group policy terminates by reason of such death, or, if the group policy provides for continuation of dependents' coverage following the employee's or member's death, at the end of such continuation; (ii) to the spouse of the employee or member upon termination of coverage of the spouse, while the employee or member remains insured under the group policy, by reason of ceasing to be a qualified family member under the group policy, with respect to the spouse and such children whose coverage under the group policy terminates at the same time; or (iii) to a child solely with respect to himself upon termination of his coverage by reason of ceasing to be a qualified family member under the group policy, if a conversion privilege is not otherwise provided above with respect to such termination.

(9) A notification of the conversion privilege shall be included in each certificate.
(10) The insurer may elect to provide group insurance coverage in lieu of the issuance of a converted policy.

(B) A converted policy issued upon the exercise of the conversion privilege required by subsection (A) of this Section shall conform to the following minimum standards:

(1) If the group policy provided hospital, surgical, or medical expense insurance, or a combination thereof, the converted policy shall provide benefits on an expense-incurred basis equal to the lesser of (i) the hospital room and board, miscellaneous hospital, surgical and medical benefits provided under the group policy; and (ii) the corresponding benefits described below:

(a) Hospital room and board benefits in an amount per day elected by the group policyholder, but in no event less than 60% of the then average semi-private hospital room and board charge in the State, such benefits to be payable for a maximum of not less than 70 days for any period of hospital confinement, as defined in the converted policy.

(b) Miscellaneous hospital benefits for any one period of hospital confinement in an amount up to twenty times the hospital room and board daily benefit provided under the converted policy.

(c) Surgical benefits according to a surgical schedule providing a benefit amount elected by the group policyholder, but in no event less than 60% of the then average surgical charge in the State and with a maximum amount appropriate thereto. The maximum surgical benefit shall be applicable to all surgical operations of an individual resulting from or contributed to by the same and all related causes occurring in one period of disability. Two or more surgical procedures performed in the course of a single operation through the same incision, or in the same natural body orifice, may be treated as one surgical procedure with the payment determined by the scheduled benefit for the most expensive procedure performed. The surgical schedule shall be consistent with the schedule of operations customarily offered by the insurer under group or individual health insurance policies.

(d) Non-surgical medical attendance benefits for in-hospital services in an amount elected by the group policyholder, but in no event less than 60% of the then average in-hospital physician's visit charge in the State, such benefits may be limited to one visit per day of hospitalization and a maximum number of visits numbering not less than seventy for any period of hospital confinement as defined in the converted policy.

(2) If the group policy provided major medical insurance, the insurer may offer the insurance described in (1) above only, major medical insurance only, or a combination of the insurance described in (1) above and major medical insurance.
If the insurer elects to provide major medical insurance, the converted policy shall provide:

(a) A maximum benefit at least equal to (i) or (ii) below:
   
   (i) A maximum payment of twenty-five thousand dollars for all covered medical expenses incurred during the covered person's lifetime with an annual restoration of the lesser of, while coverage is in force, one thousand dollars and the amount counted against the maximum benefit which was not previously restored; or
   
   (ii) A maximum payment of twenty-five thousand dollars for each unrelated injury or illness.

(b) Payment of benefits for covered medical expenses, in excess of the deductible, at a rate not less than 80% except as otherwise permitted below.

(c) A deductible for each benefit period which, at the option of the insurer, shall be (i) the greater of $500 and the benefits deductible; (ii) the sum of the benefits deductible and $100; or (iii) the corresponding deductible in the group policy. The term "benefit period," as used herein, means, when the maximum payment is determined by (a) (i) above, either a calendar year or a period of twelve consecutive months; and, when the maximum payment is determined by (a) (ii) above, a period of twenty-four consecutive months. The term "benefits deductible," as used herein, means the value of any benefits provided on an expense-incurred basis which are provided with respect to covered medical expenses by any other hospital, surgical, or medical insurance policy or hospital or medical service subscriber contract of medical practice or other prepayment plan, or any other plans or program whether on an insured or uninsured basis, or of any similar benefits which are provided or made available pursuant to or in accordance with the requirements of any statute and, if, pursuant to the provisions of this subsection, the converted policy provides both the coverage described in (1) above and major medical insurance, the value of the coverage described in (1) above. The insurer may require that the deductible be satisfied during a period of not less than three months. If the maximum payment is determined by (a) (i) above, and if no benefits become payable during the preceding benefit period due to the cash deductible not being satisfied; credit shall be given, in the succeeding benefit period, to any expense applied toward the cash deductible of the preceding benefit period and incurred during the last three months of such preceding benefit period, subject to any requirement that the deductible be satisfied during a specified period of time.

(d) The term "covered medical expenses," as used above, may be limited (i) in the case of hospital room and board benefits, maximum surgical schedule, and non-surgical medical attendance benefits to amounts not less than the amounts provided in (1) (a), (1) (c) and (1) (d) above; and (ii) in the case of mental and nervous condition treatments while the patient is not a hospital in-patient, to co-insurance of 50%, a maximum benefit of $500 per calendar year or twelve consecutive month periods subject to the inclusion by the insurer of reasonable limits on the number of visits and the maximum permissible expense per visit.

(3) The converted policy may contain any exclusion, reduction, or limitation contained in the group policy and any exclusion, reduction, or limitation customarily used in individual accident and health policies delivered or issued for delivery in this state. It is not required that the converted policy contain all of the covered medical expenses or the same level of benefits as provided in the group policy.

(4) The insurer may, at its option, also offer alternative plans for group accident and health conversion.

(5) The converted policy may only exclude a pre-existing condition excluded by the group policy. Any hospital, surgical, medical or major medical benefits payable under the converted policy may be reduced by the amount of any such benefits payable under the group policy after the termination of the individual's insurance thereunder and, during the first policy year of such converted policy, the benefits payable under the converted policy may be so reduced so that they are not in excess of the benefits that would have been payable had the individual's insurance under the group policy remained in force and effect.

(6) The converted policy may provide for the termination of coverage thereunder of any person when he is or could be covered by Medicare (Title XVIII of the United States Social Security Act as added by the Social Security Amendments of 1965 or as later amended or superseded).

(7) The converted policy may provide that the insurer may request information from the converted policyholder, in advance of any premium due date of the converted policy, to determine whether any person covered thereunder (i) is covered for similar benefits by another hospital, surgical, medical, or major medical expense insurance policy or hospital or medical service subscriber contract or medical practice or other prepayment plan or by any other plan or program; or (ii) is eligible for similar benefits (whether or not covered therefor) under any arrangement of coverage for individuals in a group, whether on an insured or uninsured basis; or (iii) has similar benefits provided for or available to such person, pursuant to or in accordance with the requirements of any statute. The converted policy may also provide that the insurer need not renew the converted

policy or the coverage of any person insured thereunder if either the benefits provided or available under the sources referred to in (i), (ii), (iii) above for such person, together with the converted policy, would result in overinsurance according to the insurer's standards, or if the converted policyholder refuses to provide the requested information.

(8) The converted policy shall not contain any provision allowing the insurer to non-renew due to a change in the health of an insured.

(9) The converted policy may contain any provisions permitted herein and may also include any other provisions not expressly prohibited by law. Any provisions required or permitted herein may be made a part of the converted policy by means of an endorsement or rider.

(10) In the conversion of group health insurance in accordance with the provisions of subsection (A) above, the insurer may, at its option, accomplish the conversion by issuing one or more converted policies.

(11) With respect to any person who was covered by the group policy, the period specified in the Time Limit on Certain Defenses provisions of the converted policy shall commence with the date the person's insurance became effective under the group policy.

(12) If the insurer elects to provide group insurance coverage in lieu of a converted policy, the benefit levels required for a converted policy must be applicable to such group insurance coverage.

(C) The requirements of this Section shall apply to any group policy of accident and health insurance delivered, issued for delivery, renewed or amended on or after 180 days following the effective date of this Section.

(1) Continuation shall only be available to an employee or member who has been continuously covered under the group contract (and for similar benefits under any group contract that it replaced) during the entire 3 month period ending with the termination of employment or membership or reduction in hours below the minimum required by the group contract.

(2) Continuation shall not be available for any enrollee who is covered by Medicare, except for those individuals who have been covered under a group Medicare supplement policy. Continuation shall not be available for any enrollee who is covered by any other insured or uninsured plan that provides hospital, surgical, or medical coverage for individuals in a group and under which the enrollee was not covered immediately before termination or reduction in hours below the minimum required by the group contract or who exercises his or her conversion privilege under the group policy.

(3) Continuation need not include dental, vision care, prescription drug, or similar supplementary benefits that are provided under the group contract in addition to its basic health care services.

(4) Upon termination or reduction in hours below the minimum required by the group contract, written notice of continuation shall be presented to the employee or member by the employer or mailed by the employer to the last known address of the employee. An employee or member who wishes continuation of coverage must request continuation in writing within the 10 day period following the later of (i) the date of termination or reduction in hours below the minimum required by the group contract or (ii) the date the employee is given written notice of the right of continuation by either the employer or the group policyholder. In no event, however, shall the employee or member elect continuation more than 60 days after the date of termination or reduction in hours below the minimum required by the group contract. Written notice of continuation presented to the employee or member by the policyholder, or mailed by the policyholder to the last known address of the employee, shall constitute the giving of notice for the purpose of this paragraph.

(5) An employee or member electing continuation must pay to the group policyholder or his employer, on a monthly basis in advance, the total amount of premium required by the HMO, including that portion of the premium contributed by the policyholder or employer, if any, but not more than the group rate for the coverage being continued with appropriate reduction in premium for any supplementary benefits that have been discontinued under paragraph (3) of this Section. The premium rate required by the HMO shall be the applicable premium required on the due date of each payment.

(6) Continuation of coverage under the group contract for any person shall terminate when the person becomes eligible for Medicare or is covered by any other insured or uninsured plan that provides hospital, surgical, or medical coverage for individuals in a group and under which the person was not covered immediately before termination or reduction in hours below the minimum required by the group contract as provided in paragraph (2) of this Section or, if earlier, at the first to occur of the following:

(a) The expiration of 9 months after the employee's or member's coverage because of termination of employment or membership or reduction in hours below the minimum required by the group contract.

(b) If the employee or member fails to make timely payment of a required contribution, the end of the period for which contributions were made.

(c) The date on which the group contract is terminated or, in the case of an employee, the date his or her employer terminates participation under the group contract. If, however, this paragraph applies and the coverage ceasing by reason of termination is replaced by similar coverage under another group contract, then (i) the employee or member shall have the right to become covered under the replacement group contract for the balance of the period that he or she would have remained covered under the prior group contract in accordance with paragraph (6) had a termination described in this item (c) not occurred and (ii) the prior group contract shall continue to provide benefits to the extent of its accrued liabilities and extensions of benefits as if the replacement had not occurred. (7) A notification of the continuation privilege shall be included in each evidence of coverage.

(8) Continuation shall not be available for any employee who was discharged because of the commission of a felony in connection with his or her work, or because of theft in connection with his or her work, for which the employer was in no way responsible if the employee (i) admitted to committing the felony or theft or (ii) was convicted or placed under supervision by a court of competent jurisdiction.

(3) Base an insured's renewal rates for personal insurance solely upon credit information, without consideration of any other applicable factor independent of credit information. An insurer shall not be considered to have based rates solely on credit information if coverage is available in a different tier of the same insurer.

(4) Take an adverse action against a consumer solely because he or she does not have a credit card account, without consideration of any other applicable factor independent of credit information.

(5) Consider an absence of credit information or an inability to calculate an insurance score in underwriting or rating personal insurance, unless the insurer does one of the following:

(A) Treats the consumer as otherwise filed with approved by the Department, if the insurer presents information that such an absence or inability relates to the risk for the insurer and submits a filing certification form signed by an officer for the insurer certifying that such treatment is actuarially justified.

(B) Treats the consumer as if the applicant or insured had neutral credit information, as defined by the insurer.

(C) Excludes the use of credit information as a factor and uses only other underwriting criteria.

(6) Take an adverse action against a consumer based on credit information, unless an insurer obtains and uses a credit report issued or an insurance score calculated within 90 days from the date the policy is first written or renewal is issued.

(7) Use credit information unless not later than every 36 months following the last time that the insurer obtained current credit information for the insured, the insurer recalculates the insurance score or obtains an updated credit report. Regardless of the other requirements of this Section:

(A) At annual renewal, upon the request of a consumer or the consumer's agent, the insurer shall re-underwrite and re-rate the policy based upon a current credit report or insurance score. An insurer need not recalculate the insurance score or obtain the updated credit report of a consumer more frequently than once in a 12-month period.

(B) The insurer shall have the discretion to obtain current credit information upon any renewal before the expiration of 36 months, if consistent with its underwriting guidelines.

(C) An insurer is not required to obtain current credit information for an insured, despite the requirements of subitem (A) of item (7) of this Section if one of the following applies:

(a) The insurer is treating the consumer as otherwise filed with approved by the Department.

New matter indicated by italics - deletions by strikeout
(b) The insured is in the most favorably-priced tier of the insurer, within a group of affiliated insurers. However, the insurer shall have the discretion to order credit information, if consistent with its underwriting guidelines.

(c) Credit was not used for underwriting or rating the insured when the policy was initially written. However, the insurer shall have the discretion to use credit for underwriting or rating the insured upon renewal, if consistent with its underwriting guidelines.

(d) The insurer re-evaluates the insured beginning no later than 36 months after inception and thereafter based upon other underwriting or rating factors, excluding credit information.

(8) Use the following as a negative factor in any insurance scoring methodology or in reviewing credit information for the purpose of underwriting or rating a policy of personal insurance:

   (A) Credit inquiries not initiated by the consumer or inquiries requested by the consumer for his or her own credit information.

   (B) Inquiries relating to insurance coverage, if so identified on a consumer's credit report.

   (C) Collection accounts with a medical industry code, if so identified on the consumer's credit report.

   (D) Multiple lender inquiries, if coded by the consumer reporting agency on the consumer's credit report as being from the home mortgage industry and made within 30 days of one another, unless only one inquiry is considered.

   (E) Multiple lender inquiries, if coded by the consumer reporting agency on the consumer's credit report as being from the automobile lending industry and made within 30 days of one another, unless only one inquiry is considered.

(a) If a proceeding is brought under this Act and only one tribunal has issued a child-support order, the order of that tribunal controls and must be so recognized.

(b) If a proceeding is brought under this Act, and two or more child-support orders have been issued by tribunals of this State or another state with regard to the same obligor and same child, a tribunal of this State having personal jurisdiction over both the obligor and individual obligee shall apply the following rules and by order shall determine in determining which order controls to recognize for purposes of continuing, exclusive jurisdiction:

(1) If only one of the tribunals would have continuing, exclusive jurisdiction under this Act, the order of that tribunal controls and must be so recognized.

(2) If more than one of the tribunals would have continuing, exclusive jurisdiction under this Act:

(A) an order issued by a tribunal in the current home state of the child controls, and must be so recognized; but

(B) if an order has not been issued in the current home state of the child, the order most recently issued controls and must be so recognized.

(3) If none of the tribunals would have continuing, exclusive jurisdiction under this Act, the tribunal of this State having jurisdiction over the parties shall issue a child-support order, which controls and must be so recognized.

(c) If two or more child-support orders have been issued for the same obligor and same child, upon request of and if the obligor or the individual obligee resides in this State, a party who is an individual or a support enforcement agency, may request a tribunal of this State having personal jurisdiction over both the obligor and the obligee who is an individual shall to determine which order controls and must be so recognized under subsection (b). Section 1. Short title. This Act may be cited as the Community Benefits Act.
Section 5. Applicability. This Act does not apply to a hospital operated by a unit of government, a hospital located outside of a metropolitan statistical area, or a hospital with 100 or fewer beds. "Community benefits" means the unreimbursed cost to a hospital or health system of providing charity care, language assistant services, government-sponsored indigent health care, donations, volunteer services, education, government-sponsored program services, research, and subsidized health services and collecting bad debts. "Community benefits" does not include the cost of paying any taxes or other governmental assessments.

AN ACT concerning insurance.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Insurance Code is amended by changing Sections 143a and 155 as follows:

(215 ILCS 5/143a) (from Ch. 73, par. 755a)
Sec. 143a. Uninsured and hit and run motor vehicle coverage.
(1) No policy insuring against loss resulting from liability imposed by law for bodily injury or death suffered by any person arising out of the ownership, maintenance or use of a motor vehicle that is designed for use on public highways and that is either required to be registered in this State or is principally garaged in this State shall be renewed, delivered, or issued for delivery in this State unless coverage is provided therein or supplemental thereto, in limits for bodily injury or death set forth in Section 7-203 of the Illinois Vehicle Code for the protection of persons insured thereunder who are legally entitled to recover damages from owners or operators of uninsured motor vehicles and hit-and-run motor vehicles because of bodily injury, sickness or disease, including death, resulting therefrom. Uninsured motor vehicle coverage does not apply to bodily injury, sickness, disease, or death resulting therefrom, of an insured while occupying a motor vehicle owned by, or furnished or available for the regular use of the insured, a resident spouse or resident relative, if that motor vehicle is not described in the policy under which a claim is made or is not a newly acquired or replacement motor vehicle covered under the terms of the policy. The limits for any coverage for any vehicle under the policy may not be aggregated with the limits for any similar coverage, whether provided by the same insurer or another insurer, applying to other motor vehicles, for purposes of determining the total limit of insurance coverage available for bodily injury or death suffered by a person in any one accident. No policy shall be renewed, delivered, or issued for delivery in this State unless it is provided therein that any dispute with respect to the coverage and the amount of damages shall be submitted for arbitration to the American Arbitration Association and be subject to its rules for the conduct of arbitration hearings as to all matters except medical opinions. As to medical opinions, if the amount of damages being sought is equal to or less than the amount provided for in Section 7-203 of the Illinois Vehicle Code, then the current American Arbitration Association Rules shall apply. If the amount being sought in an American Arbitration Association case exceeds that amount as set forth in Section 7-203 of the Illinois Vehicle Code, then the Rules of Evidence that apply in the circuit court for placing medical opinions into evidence shall govern. Alternatively, disputes with respect to damages and the coverage shall be determined in the following manner: Upon the insured requesting arbitration, each party to the dispute shall

select an arbitrator and the 2 arbitrators so named shall select a third arbitrator. If such arbitrators are not selected within 45 days from such request, either party may request that the arbitration be submitted to the American Arbitration Association. Any decision made by the arbitrators shall be binding for the amount of damages not exceeding $50,000 the limits for bodily injury to or death of any one person, $100,000 for bodily injury to or death of 2 or more persons in any one motor vehicle accident, or the corresponding policy limits for bodily injury or death, whichever is less set forth in Section 7-203 of the Illinois Vehicle Code. All 3-person arbitration cases proceeding in accordance with any uninsured motorist coverage conducted in this State in which the claimant is only seeking monetary damages up to the limits set forth in Section 7-203 of the Illinois Vehicle Code shall be subject to the following rules:

(A) If at least 60 days' written notice of the intention to offer the following documents in evidence is given to every other party, accompanied by a copy of the document, a party may offer in evidence, without foundation or other proof:

(1) bills, records, and reports of hospitals, doctors, dentists, registered nurses, licensed practical nurses, physical therapists, and other healthcare providers;

(2) bills for drugs, medical appliances, and prostheses;

(3) property repair bills or estimates, when identified and itemized setting forth the charges for labor and material used or proposed for use in the repair of the property;

(4) a report of the rate of earnings and time lost from work or lost compensation prepared by an employer;

(5) the written opinion of an opinion witness, the deposition of a witness, and the statement of a witness that the witness would be allowed to express if testifying in person, if the opinion or statement is made by affidavit or by certification as provided in Section 1-109 of the Code of Civil Procedure;

(6) any other document not specifically covered by any of the foregoing provisions that is otherwise admissible under the rules of evidence.

Any party receiving a notice under this paragraph (A) may apply to the arbitrator or panel of arbitrators, as the case may be, for the issuance of a subpoena directed to the author or maker or custodian of the document that is subject of the notice, requiring the person subpoenaed to produce copies of any additional documents as may be related to the subject matter of the document that is subject of the notice. Any such subpoena shall be issued in substantially similar form and served by notice as provided by Illinois Supreme Court Rule 204(a)(4). Any such subpoena shall be returnable not less than 5 days before the arbitration hearing.

New matter indicated by italics - deletions by strikeout
(B) Notwithstanding the provisions of Supreme Court Rule 213(g), a party who proposes to use a written opinion of an expert or opinion witness or the testimony of an expert or opinion witness at the hearing may do so provided a written notice of that intention is given to every other party not less than 60 days prior to the date of hearing, accompanied by a statement containing the identity of the witness, his or her qualifications, the subject matter, the basis of the witness's conclusions, and his or her opinion.

(C) Any other party may subpoena the author or maker of a document admissible under this subsection, at that party's expense, and examine the author or maker as if under cross-examination. The provisions of Section 2-1101 of the Code of Civil Procedure shall be applicable to arbitration hearings, and it shall be the duty of a party requesting the subpoena to modify the form to show that the appearance is set before an arbitration panel and to give the time and place set for the hearing.

(D) The provisions of Section 2-1102 of the Code of Civil Procedure shall be applicable to arbitration hearings under this subsection.

(2) No policy insuring against loss resulting from liability imposed by law for property damage arising out of the ownership, maintenance, or use of a motor vehicle shall be renewed, delivered, or issued for delivery in this State with respect to any private passenger or recreational motor vehicle that is designed for use on public highways and that is either required to be registered in this State or is principally garaged in this State and is not covered by collision insurance under the provisions of such policy, unless coverage is made available in the amount of the actual cash value of the motor vehicle described in the policy or $15,000 whichever is less, subject to a $250 deductible, for the protection of persons insured thereunder who are legally entitled to recover damages from owners or operators of uninsured motor vehicles and hit-and-run motor vehicles because of property damage to the motor vehicle described in the policy.

There shall be no liability imposed under the uninsured motorist property damage coverage required by this subsection if the owner or operator of the at-fault uninsured motor vehicle or hit-and-run motor vehicle cannot be identified. This subsection shall not apply to any policy which does not provide primary motor vehicle liability insurance for liabilities arising from the maintenance, operation, or use of a specifically insured motor vehicle.

Each insurance company providing motor vehicle property damage liability insurance shall advise applicants of the availability of uninsured motor vehicle property damage coverage, the premium therefor, and provide a brief description of the coverage. Each insurer, with respect to the initial renewal, reinstatement, or reissuance of a policy of motor vehicle property damage liability insurance shall provide present policyholders with the same information in writing. That information need be given only once and shall not be required in any subsequent renewal, reinstatement or reissuance, substitute, amended,

replacement or supplementary policy. No written rejection shall be required, and the absence of a premium payment for uninsured motor vehicle property damage shall constitute conclusive proof that the applicant or policyholder has elected not to accept uninsured motorist property damage coverage.

An insurance company issuing uninsured motor vehicle property damage coverage may provide that:

(i) Property damage losses recoverable thereunder shall be limited to damages caused by the actual physical contact of an uninsured motor vehicle with the insured motor vehicle.

(ii) There shall be no coverage for loss of use of the insured motor vehicle and no coverage for loss or damage to personal property located in the insured motor vehicle.

(iii) Any claim submitted shall include the name and address of the owner of the at-fault uninsured motor vehicle, or a registration number and description of the vehicle, or any other available information to establish that there is no applicable motor vehicle property damage liability insurance.

Any dispute with respect to the coverage and the amount of damages shall be submitted for arbitration to the American Arbitration Association and be subject to its rules for the conduct of arbitration hearings or for determination in the following manner: Upon the insured requesting arbitration, each party to the dispute shall select an arbitrator and the 2 arbitrators so named shall select a third arbitrator. If such arbitrators are not selected within 45 days from such request, either party may request that the arbitration be submitted to the American Arbitration Association. Any arbitration proceeding under this subsection seeking recovery for property damages shall be subject to the following rules:

(A) If at least 60 days' written notice of the intention to offer the following documents in evidence is given to every other party, accompanied by a copy of the document, a party may offer in evidence, without foundation or other proof:

(1) property repair bills or estimates, when identified and itemized setting forth the charges for labor and material used or proposed for use in the repair of the property;

(2) the written opinion of an opinion witness, the deposition of a witness, and the statement of a witness that the witness would be allowed to express if testifying in person, if the opinion or statement is made by affidavit or by certification as provided in Section 1-109 of the Code of Civil Procedure;

(3) any other document not specifically covered by any of the foregoing provisions that is otherwise admissible under the rules of evidence.

Any party receiving a notice under this paragraph

(A) may apply to the arbitrator or panel of arbitrators, as the case may be, for the issuance of a subpoena directed to the author or maker or custodian of the document that is the subject of the notice, requiring the person subpoenaed to produce copies of any additional documents as may be related to the subject matter of the document that is the subject of the notice. Any such subpoena shall be issued in substantially similar form and served by notice as provided by Illinois Supreme Court Rule 204(a)(4). Any such subpoena shall be returnable not less than 5 days before the arbitration hearing.

(B) Notwithstanding the provisions of Supreme Court Rule 213(g), a party who proposes to use a written opinion of an expert or opinion witness or the testimony of an expert or opinion witness at the hearing may do so provided a written notice of that intention is given to every other party not less than 60 days prior to the date of hearing, accompanied by a statement containing the identity of the witness, his or her qualifications, the subject matter, the basis of the witness's conclusions, and his or her opinion.

(C) Any other party may subpoena the author or maker of a document admissible under this subsection, at that party's expense, and examine the author or maker as if under cross-examination. The provisions of Section 2-1101 of the Code of Civil Procedure shall be applicable to arbitration hearings, and it shall be the duty of a party requesting the subpoena to modify the form to show that the appearance is set before an arbitration panel and to give the time and place set for the hearing.

(D) The provisions of Section 2-1102 of the Code of Civil Procedure shall be applicable to arbitration hearings under this subsection.

(3) For the purpose of the coverage the term "uninsured motor vehicle" includes, subject to the terms and conditions of the coverage, a motor vehicle where on, before or after the accident date the liability insurer thereof is unable to make payment with respect to the legal liability of its insured within the limits specified in the policy because of the entry by a court of competent jurisdiction of an order of rehabilitation or liquidation by reason of insolvency on or after the accident date. An insurer's extension of coverage, as provided in this subsection, shall be applicable to all accidents occurring after July 1, 1967 during a policy period in which its insured's uninsured motor vehicle coverage is in effect. Nothing in this Section may be construed to prevent any insurer from extending coverage under terms and conditions more favorable to its insureds than is required by this Section.

(4) In the event of payment to any person under the coverage required by this Section and subject to the terms and conditions of the coverage, the insurer making the payment shall, to the extent thereof, be entitled to the proceeds of any settlement or judgment resulting from the exercise of any rights of recovery of the person against any person or organization legally responsible for the property damage, bodily injury or death for which the payment is made, including the proceeds recoverable from the assets of the

insolvent insurer. With respect to payments made by reason of the coverage described in subsection (3), the insurer making such payment shall not be entitled to any right of recovery against the tort-feasor in excess of the proceeds recovered from the assets of the insolvent insurer of the tort-feasor.

(5) This amendatory Act of 1967 shall not be construed to terminate or reduce any insurance coverage or any right of any party under this Code in effect before July 1, 1967. This amendatory Act of 1990 shall not be construed to terminate or reduce any insurance coverage or any right of any party under this Code in effect before its effective date.

(6) Failure of the motorist from whom the claimant is legally entitled to recover damages to file the appropriate forms with the Safety Responsibility Section of the Department of Transportation within 120 days of the accident date shall create a rebuttable presumption that the motorist was uninsured at the time of the injurious occurrence.

(7) An insurance carrier may upon good cause require the insured to commence a legal action against the owner or operator of an uninsured motor vehicle before good faith negotiation with the carrier. If the action is commenced at the request of the insurance carrier, the carrier shall pay to the insured, before the action is commenced, all court costs, jury fees and sheriff's fees arising from the action.

The changes made by this amendatory Act of 1997 apply to all policies of insurance amended, delivered, issued, or renewed on and after the effective date of this amendatory Act of 1997.

Sec. 155. Attorney fees.

(1) In any action by or against a company wherein there is in issue the liability of a company on a policy or policies of insurance or the amount of the loss payable thereunder, or for an unreasonable delay in settling a claim, and it appears to the court that such action or delay is vexatious and unreasonable, the court may allow as part of the taxable costs in the action reasonable attorney fees, other costs, plus an amount not to exceed any one of the following amounts:

(a) 60% 25% of the amount which the court or jury finds such party is entitled to recover against the company, exclusive of all costs;

(b) $60,000 $25,000;

(c) the excess of the amount which the court or jury finds such party is entitled to recover, exclusive of costs, over the amount, if any, which the company offered to pay in settlement of the claim prior to the action.

(2) Where there are several policies insuring the same insured against the same loss whether issued by the same or by different companies, the court may fix the amount of the allowance so that the total attorney fees on account of one loss shall not be increased by reason of the fact that the insured brings separate suits on such policies.

AN ACT in relation to municipalities.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Municipal Code is amended by changing Section 4-5-16 as follows:

(65 ILCS 5/4-5-16) (from Ch. 24, par. 4-5-16)
Sec. 4-5-16. Statement of receipts and expenses; examination of books and accounts; expenditure greater than appropriation.

(a) In municipalities with 25,000 or more inhabitants, the council each month shall print in pamphlet form, a detailed itemized statement of all receipts and expenses of the municipality and a summary of its proceedings during the preceding month. In municipalities with fewer than 25,000 inhabitants, the council shall print a similar statement annually instead of monthly. The council shall furnish printed copies of each statement to (i) the State Library, (ii) the city library, (iii) all the daily and weekly newspapers with a general circulation in the municipality, and (iv) persons who apply for a copy at the office of the municipal clerk.

(b) At the end of each fiscal year, the council shall have competent accountants make a full and complete examination of all books and accounts of the municipality and shall distribute the result of that examination in the manner provided in this Section.

(c) It is unlawful for the council or any commissioner to expend, directly or indirectly, a greater amount for any municipal purpose than the amount appropriated for that purpose in the annual appropriation ordinance passed for that fiscal year. A violation of this provision by any member of the council shall constitute a petty offense.

(Source: P.A. 87-1119.)

Section 10. The Illinois Municipal Code is amended by changing Section 10-2.1-4 as follows:

(65 ILCS 5/10-2.1-4) (from Ch. 24, par. 10-2.1-4)
Sec. 10-2.1-4. Fire and police departments; Appointment of members; Certificates of appointments.

The board of fire and police commissioners shall appoint all officers and members of the fire and police departments of the municipality, including the chief of police and the chief of the fire department, unless the council or board of trustees shall by ordinance as to them otherwise provide; except as otherwise provided in this Section, and except that in

any municipality which adopts or has adopted this Division 2.1 and also adopts or has adopted Article 5 of this Code, the chief of police and the chief of the fire department shall be appointed by the municipal manager, if it is provided by ordinance in such municipality that such chiefs, or either of them, shall not be appointed by the board of fire and police commissioners.

If the chief of the fire department or the chief of the police department or both of them are appointed in the manner provided by ordinance, they may be removed or discharged by the appointing authority. In such case the appointing authority shall file with the corporate authorities the reasons for such removal or discharge, which removal or discharge shall not become effective unless confirmed by a majority vote of the corporate authorities.

If a member of the department is appointed chief of police or chief of the fire department prior to being eligible to retire on pension, he shall be considered as on furlough from the rank he held immediately prior to his appointment as chief. If he resigns as chief or is discharged as chief prior to attaining eligibility to retire on pension, he shall revert to and be established in whatever rank he currently holds, except for previously appointed positions such prior rank, and thereafter be entitled to all the benefits and emoluments of that such prior rank, without regard as to whether a vacancy then exists in that such rank.

All appointments to each department other than that of the lowest rank, however, shall be from the rank next below that to which the appointment is made except as otherwise provided in this Section, and except that the chief of police and the chief of the fire department may be appointed from among members of the police and fire departments, respectively, regardless of rank, unless the council or board of trustees shall have by ordinance as to them otherwise provided. A chief of police or the chief of the fire department, having been appointed from among members of the police or fire department, respectively, shall be permitted, regardless of rank, to take promotional exams and be promoted to a higher classified rank than he currently holds, without having to resign as chief of police or chief of the fire department.

The sole authority to issue certificates of appointment shall be vested in the Board of Fire and Police Commissioners and all certificates of appointments issued to any officer or member of the fire or police department of a municipality shall be signed by the chairman and secretary respectively of the board of fire and police commissioners of such municipality, upon appointment of such officer or member of the fire and police department of such municipality by action of the board of fire and police commissioners.

The term "policemen" as used in this Division does not include auxiliary policemen except as provided for in Section 10-2.1-6.

Any full time member of a regular fire or police department of any municipality which comes under the provisions of this Division or adopts this Division 2.1 or which has adopted any of the prior Acts pertaining to fire and police commissioners, is a city officer.

New matter indicated by italics - deletions by strikeout
Notwithstanding any other provision of this Section, the Chief of Police of a department in a non-homerule municipality of more than 130,000 inhabitants may, without the advice or consent of the Board of Fire and Police Commissioners, appoint up to 6 officers who shall be known as deputy chiefs or assistant deputy chiefs, and whose rank shall be immediately below that of Chief. The deputy or assistant deputy chiefs may be appointed from any rank of sworn officers of that municipality, but no person who is not such a sworn officer may be so appointed. Such deputy chief or assistant deputy chief shall have the authority to direct and issue orders to all employees of the Department holding the rank of captain or any lower rank. A deputy chief of police or assistant deputy chief of police, having been appointed from any rank of sworn officers of that municipality, shall be permitted, regardless of rank, to take promotional exams and be promoted to a higher classified rank than he currently holds, without having to resign as deputy chief of police or assistant deputy chief of police.

Notwithstanding any other provision of this Section, a non-homerule municipality of 130,000 or fewer inhabitants, through its council or board of trustees, may, by ordinance, provide for a position of deputy chief to be appointed by the chief of the police department. The ordinance shall provide for no more than one deputy chief position if the police department has fewer than 25 full-time police officers and for no more than 2 deputy chief positions if the police department has 25 or more full-time police officers. The deputy chief position shall be an exempt rank immediately below that of Chief. The deputy chief may be appointed from any rank of sworn, full-time officers of the municipality's police department, but must have at least 5 years of full-time service as a police officer in that department. A deputy chief shall serve at the discretion of the Chief and, if removed from the position, shall revert to the rank currently held, without regard as to whether a vacancy exists in that rank. A deputy chief of police, having been appointed from any rank of sworn full-time officers of that municipality's police department, shall be permitted, regardless of rank, to take promotional exams and be promoted to a higher classified rank than he currently holds, without having to resign as deputy chief of police immediately prior to appointment to the deputy chief position.

No municipality having a population less than 1,000,000 shall require that any fireman appointed to the lowest rank serve a probationary employment period of longer than one year. The limitation on periods of probationary employment provided in this amendatory Act of 1989 is an exclusive power and function of the State. Pursuant to subsection (h) of Section 6 of Article VII of the Illinois Constitution, a home rule municipality having a population less than 1,000,000 must comply with this limitation on periods of probationary employment, which is a denial and limitation of home rule powers. Notwithstanding anything to the contrary in this Section, the probationary employment period limitation shall not apply to a fireman whose position also includes paramedic responsibilities.

All construction contracts and contracts for supplies, materials, equipment, and services, when the expense will exceed $10,000, shall be let to the lowest responsible bidder after advertising for bids, except (i) when repair parts, accessories, equipment, or services are required for equipment or services previously furnished or
contracted for, (ii) when the nature of the services required is such that competitive bidding is not in the best interest of the public, including without limitation the services of accountants, architects, attorneys, engineers, physicians, superintendents of construction, and others possessing a high degree of skill, and (iii) when services such as water, light, heat, power, telephone, or telegraph are required.

(b) All contracts involving less than $10,000 shall be let by competitive bidding to the lowest responsible bidder whenever possible and, in any event, in a manner calculated to ensure the best interests of the public. Competitive bidding is not required for the lease of real estate or buildings owned or controlled by the Authority. The Board is empowered to offer those leases upon terms it deems advisable.

(c) In determining the responsibility of any bidder, the Board may take into account the past records of dealings with the bidder, the bidder's experience, adequacy of equipment, and ability to complete performance within the time set, and other factors besides financial responsibility, but in no case shall any contracts be awarded to any other than the highest bidder (in case of sale, concession, or lease) or the lowest bidder (in case of purchase or expenditure) unless authorized or approved by a vote of at least 5 members of the Board and unless the action is accompanied by a statement in writing setting forth the reasons for not awarding the contract to the highest or lowest bidder, as the case may be, which statement shall be kept on file in the principal office of the Authority and open to public inspection.

(d) Members of the Board, officers and employees of the Authority, and their relatives within the third degree of consanguinity by the terms of the civil law are forbidden to be interested directly or indirectly in any contract for construction or maintenance work or for the delivery of materials, supplies, or equipment.

(e) The Board shall have the right to reject all bids and to readvertise for bids. If no responsible and satisfactory bid within the terms of the advertisement is received, the Board may award the contract without competitive bidding if the contract is not less advantageous to the Authority than any valid bid received in response to advertisement.

(f) The Board shall adopt rules and regulations to carry into effect the provisions of this Section.

Sec. 205-75. Bidding; advertisement. All contracts to be let for the construction, alteration, improvement, repair, enlargement, demolition or removal of any buildings or their facilities, or for materials or supplies to be furnished, where the amount thereof is in excess of $10,000 $2,500.00 shall be let to the lowest responsible bidder, or bidders on open competitive bidding after public advertisement published at least once in each week for 3 consecutive weeks prior to the opening of bids, in a daily newspaper of general circulation in the county where the Authority is located, except (i) when repair parts, accessories, equipment, or services are required for equipment or services previously furnished or contracted for or (ii) when the nature of the services is such that competitive bidding is not in the best interest of the public. Nothing contained in this Section shall be construed to prohibit the Board of Commissioners from placing additional advertisements in recognized trade journals. Advertisements for bids shall describe the character of the proposed contract in sufficient detail to enable the bidders thereon to know what their obligation will be, either in the advertisement itself, or by reference to detailed plans and specifications on file in the office of the Peoria Civic Center Authority at the time of the publication of the first announcement. Such advertisement shall also state the date, time, and place assigned for the opening of bids and no bids shall be received at any time subsequent to the time indicated in said advertisement. The Board of Commissioners may reject any and all bids received and readvertise for bids. All bids shall be open to public inspection in the office of the Peoria Civic Center Authority for a period of at least 48 hours before award is made. In determining the responsibility of any bidder, the Board may consider the bidder’s past record of dealings, experience, adequacy of equipment, ability to timely complete performance, and other factors besides financial responsibility. In no case, however, shall any contract be awarded to any bidder other than the lowest bidder unless
authorized or approved by the affirmative vote of at least 5 members of the board and unless the award is accompanied by a statement in writing setting forth the reasons for not awarding the contract to the lowest bidder, which must be kept on file in the office of the Authority and be open to the public for inspection. The successful bidder for such work shall enter into contracts furnished and prescribed by the Board of Commissioners and in addition to any other bonds required under this Article the successful bidder shall execute and give bond, payable to and to be approved by the Authority, with a corporate surety authorized to do business under the laws of the State of Illinois, in an amount to be determined by the Board of Commissioners, conditioned upon the payment of all labor furnished and materials supplied in the prosecution of the contracted work. If the bidder whose bid has been accepted shall neglect or refuse to accept the contract within 5 days after written notice that the same has been awarded to him, or if he accepts but does not execute the contract and give proper security, the Authority may accept the next lowest bidder, or readvertise and relet in manner above provided.

In case any work shall be abandoned by any contractor the Authority may, if the best interest of the Authority be thereby served, adopt on behalf of the Authority all sub-contracts made by such contractor for such work and all sub-contractors shall be bound by such adoption if made; and the Authority shall, in the manner provided herein, readvertise and relet the work specified in the original contract exclusive of so much thereof as shall be accepted. Every contract, when made and entered into, as herein provided for, shall be executed in duplicate, one copy of which shall be held by the Authority, and filed in its records and one copy of which shall be given to the contractor.

PUBLIC ACT 93-0492
(Senate Bill No. 1414)

AN ACT to amend the Hospital Licensing Act.
Be it enacted by the People of the State of Illinois, represented in the General
Assembly:

Section 5. The Hospital Licensing Act is amended by changing Section 6.17 as
follows:
(210 ILCS 85/6.17)
Sec. 6.17. Protection of and confidential access to medical records and information.
(a) Every hospital licensed under this Act shall develop a medical record for each of
its patients as required by the Department by rule.
(b) All information regarding a hospital patient gathered by the hospital's medical staff and its agents and employees shall be the property and responsibility of the hospital and must be protected from inappropriate disclosure as provided in this Section.

(c) Every hospital shall preserve its medical records in a format and for a duration established by hospital policy and for not less than 10 years, provided that if the hospital has been notified in writing by an attorney before the expiration of the 10 year retention period that there is litigation pending in court involving the record of a particular patient as possible evidence and that the patient is his client or is the person who has instituted such litigation against his client, then the hospital shall retain the record of that patient until notified in writing by the plaintiff's attorney, with the approval of the defendant's attorney of record, that the case in court involving such record has been concluded or for a period of 12 years from the date that the record was produced, whichever occurs first in time.

(d) No member of a hospital's medical staff and no agent or employee of a hospital shall disclose the nature or details of services provided to patients, except that the information may be disclosed to the patient, persons authorized by the patient, the party making treatment decisions, if the patient is incapable of making decisions regarding the health services provided, those parties directly involved with providing treatment to the patient or processing the payment for that treatment, those parties responsible for peer review, utilization review or; quality assurance, risk management, or defense of claims brought against the hospital arising out of the care, and those parties required to be notified under the Abused and Neglected Child Reporting Act, the Illinois Sexually Transmissible Disease Control Act, or where otherwise authorized or required by law.

(e) The hospital's medical staff members and the hospital's agents and employees may communicate, at any time and in any fashion, with legal counsel for the hospital concerning the patient medical record privacy and retention requirements of this Section and any care or treatment they provided or assisted in providing to any patient within the scope of their employment or affiliation with the hospital.

(e-5) Notwithstanding subsections (d) and (e), for actions filed on or after January 1, 2004, after a complaint for healing art malpractice is served upon the hospital or upon its agents or employees, members of the hospital's medical staff who are not actual or alleged agents, employees, or apparent agents of the hospital may not communicate with legal counsel for the hospital or with risk management of the hospital concerning the claim alleged in the complaint for healing art malpractice against the hospital except with the patient's consent or in discovery authorized by the Code of Civil Procedure or the Supreme Court rules. For the purposes of this subsection (e-5), "hospital" includes a hospital affiliate as defined in subsection (b) of Section 10.8 of this Act.

(f) Each hospital licensed under this Act shall provide its federally designated organ procurement agency and any tissue bank with which it has an agreement with access to the medical records of deceased patients for the following purposes:

1. estimating the hospital's organ and tissue donation potential;
(2) identifying the educational needs of the hospital with respect to organ and tissue donation; and

(3) identifying the number of organ and tissue donations and referrals to potential organ and tissue donors.

(g) All hospital and patient information, interviews, reports, statements, memoranda, and other data obtained or created by a tissue bank or federally designated organ procurement agency from the medical records review described in subsection (f) shall be privileged, strictly confidential, and used only for the purposes put forth in subsection (f) of this Section and shall not be admissible as evidence nor discoverable in an action of any kind in court or before a tribunal, board, agency, or person.

(h) Any person who, in good faith, acts in accordance with the terms of this Section shall not be subject to any type of civil or criminal liability or discipline for unprofessional conduct for those actions under any professional licensing statute.

(b) The proceeding shall be commenced by filing with the clerk of the court in which the conviction took place a petition (together with a copy thereof) verified by affidavit. Petitioner shall also serve another copy upon the State's Attorney by any of the methods provided in Rule 7 of the Supreme Court. The clerk shall docket the petition for consideration by the court pursuant to Section 122-2.1 upon his or her receipt thereof and bring the same promptly to the attention of the court.

(c) No proceedings under this Article shall be commenced more than 6 months after the denial of a petition for leave to appeal or the date for filing such a petition if none is filed or more than 45 days after the defendant files his or her brief in the appeal of the sentence before the Illinois Supreme Court (or more than 45 days after the deadline for the filing of the defendant's brief with the Illinois Supreme Court if no brief is filed) or 3 years from the date of conviction, whichever is sooner, unless the petitioner alleges facts showing that the delay was not due to his or her culpable negligence.

(d) A person seeking relief by filing a petition under this Section must specify in the petition or its heading that it is filed under this Section. A trial court that has received a petition complaining of a conviction or sentence that fails to specify in the petition or its heading that it is filed under this Section need not evaluate the petition to determine whether it could otherwise have stated some grounds for relief under this Article.

(e) A proceeding under this Article may not be commenced on behalf of a defendant who has been sentenced to death without the written consent of the defendant, unless the defendant, because of a mental or physical condition, is incapable of asserting his or her own claim.

(f) Only one petition may be filed by a petitioner under this Article without leave of the court. Leave of court may be granted only if a petitioner demonstrates cause for his or her failure to bring the claim in his or her initial post-conviction proceedings and prejudice results from that failure. For purposes of this subsection (f): (1) a prisoner shows cause by identifying an objective factor that impeded his or her ability to raise a specific claim during his or her initial post-conviction proceedings; and (2) a prisoner shows prejudice by demonstrating that the claim not raised during his or her initial post-conviction proceedings so infected the trial that the resulting conviction or sentence violated due process.

Section 5. The Illinois Municipal Code is amended by changing Sections 11-141-7 and 11-141-16 as follows:

(65 ILCS 5/11-141-7) (from Ch. 24, par. 11-141-7)

Sec. 11-141-7. Powers. The corporate authorities of any municipality that owns and operates or that may hereafter own and operate a sewerage system constructed or acquired under the provisions of any law of this state may make, enact, and enforce all needful rules, regulations, and ordinances for the improvement, care, and protection of its sewerage system and any other sewer or sewerage system, located outside the corporate boundary of the municipality and not owned by it, that directly or indirectly connects with the municipality's sewerage system, which may be conducive to the preservation of the public health, comfort, and convenience, and may render the sewage carried in the sewerage system of the municipality harmless in so far as it is reasonably possible to do so.

The corporate authorities of such a municipality may, by ordinance, charge the inhabitants thereof for the use and service of its sewerage system, whether by direct or indirect connection therewith within or without the corporate boundary, and to establish charges or rates for that purpose. The corporate authorities of such a municipality may by ordinance charge the users thereof, whether they be inside of or outside of the municipality, for the use and service of its sewerage system, whether by direct or indirect connection therewith, within or without the corporate boundary, and may establish charges or rates for that purpose, provided however that where such users are residents of another municipality with whom there is a contract for use and service of the sewerage system, then such charges or rates shall be made in accordance with the terms of the contract, either directly to the users or to the contracting municipality as may be provided by the provisions of the contract. In making such rates and charges the municipality may provide for a rate to the outside users in excess of the rate fixed for the inhabitants of said municipality as may be reasonable. Where bonds are issued as provided in Sections 11-141-2 and 11-141-3, the corporate authorities shall establish rates or charges as provided in this section, and these charges or rates shall be sufficient at all times to pay the cost of operation and maintenance, to provide an adequate depreciation fund, and to pay the principal of and interest upon all revenue bonds issued under Sections 11-141-2 and 11-141-3.

A depreciation fund is a fund for such replacements as may be necessary from time to time for the continued effective and efficient operation of the system. The depreciation fund shall not be allowed to accumulate beyond a reasonable amount necessary for that purpose, and shall not be used for extensions to the system.

Charges or rates shall be established, revised, and maintained by ordinance and become payable as the corporate authorities may determine by ordinance.

ordinance of the municipality fixing a delinquency date. A lien is created under the preceding sentence only if the municipality sends to the owner or owners of record, as referenced by the taxpayer's identification number, of the real estate (i) a copy of each delinquency notice sent to the person who is delinquent in paying the charges or rates or other notice sufficient to inform the owner or owners of record, as referenced by the taxpayer's identification number, that the charges or rates have become delinquent and (ii) a notice that unpaid charges or rates may create a lien on the real estate under this Section. However, the municipality has no preference over the rights of any purchaser, mortgagee, judgment creditor, or other lien holder arising prior to the filing of the notice of such a lien in the office of the recorder of the county in which such real estate is located, or in the office of the registrar of titles of such county if the property affected is registered under "An Act concerning land titles", approved May 1, 1897, as amended. This notice shall consist of a sworn statement setting out (1) a description of such real estate sufficient for the identification thereof, (2) the amount of money due for such sewerage service, and (3) the date when such amount became delinquent. The municipality shall send a copy of the notice of the lien to the owner or owners of record of the real estate, as referenced by the taxpayer's identification number. The municipality has the power to foreclose this lien in the same manner and with the same effect as in the foreclosure of mortgages on real estate.

Except in counties with a population of more than 250,000 where the majority of the municipal sewerage system users are located outside of the municipality's corporate limits, the payment of delinquent charges for sewerage service to any premises may be enforced by discontinuing either the water service or the sewerage service to that premises, or both. A rate or charge is delinquent if it is more than 30 days overdue. Any public or municipal corporation or political subdivision of the State furnishing water service to a premises (i) shall discontinue that service upon receiving written notice from the municipality providing sewerage service that payment of the rate or charge for sewerage service to the premises has become delinquent and (ii) shall not resume water service until receiving a similar notice that the delinquency has been removed. The provider of sewerage service shall not request discontinuation of water service before sending a notice of the delinquency to the sewer user and affording the user an opportunity to be heard. An investor-owned public utility providing water service within a municipality that provides sewerage service may contract with the municipality to discontinue water service to a premises with respect to which the payment of a rate or charge for sewerage service has become delinquent. The municipality shall reimburse the privately owned public utility, public or municipal corporation, or political subdivision of the State for the reasonable cost of the discontinuance and the resumption of water service, any lost water service revenues, and the costs of discontinuing water service. The municipality shall indemnify the privately owned public utility, public or municipal corporation, or political subdivision of the State for any judgment and related attorney's fees resulting from an action based on any provision of this paragraph.

New matter indicated by italics - deletions by strikeout
The municipality also has the power, from time to time, to sue the occupant or user of that real estate in a civil action to recover money due for sewerage services, plus a reasonable attorney's fee, to be fixed by the court. However, whenever a judgment is entered in such a civil action, the foregoing provisions in this section with respect to filing sworn statements of such delinquencies in the office of the recorder and creating a lien against the real estate shall not be effective as to the charges sued upon and no lien shall exist thereafter against the real estate for the delinquency. Judgment in such a civil action operates as a release and waiver of the lien upon the real estate for the amount of the judgment.

Sec. 11-141-16. Powers; particular locality. If after the public hearing the corporate authorities of the municipality adopt a resolution to proceed with the construction or acquisition of the project, the corporate authorities may make and enforce all needful rules and regulations in connection with the construction, acquisition, improvement, or extension, and with the management and maintenance of the project to be constructed or acquired. The corporate authorities also may establish the rate or charge to each user of the sewerage system or improvement or extension at a rate which will be sufficient to pay the principal and interest of any bonds, issued to pay the cost thereof, maintenance, and operation of the system, improvement, or extension and may provide an adequate depreciation fund therefor. Charges or rates shall be established, revised, and maintained by ordinance and become payable as the corporate authorities may determine by ordinance. Such charges or rates are liens upon the real estate upon or for which sewerage service is supplied whenever the charges or rates become delinquent as provided by the ordinance of the municipality fixing a delinquency date. A lien is created under the preceding sentence only if the municipality sends to the owner or owners of record of the real estate, as referenced by the taxpayer's identification number, (i) a copy of each delinquency notice sent to the person who is delinquent in paying the charges or rates or other notice sufficient to inform the owner or owners of record, as referenced by the taxpayer's identification number, that the charges or rates have become delinquent and (ii) a notice that unpaid charges or rates may create a lien on the real estate under this Section. However, the municipality has no preference over the rights of any purchaser, mortgagee, judgment creditor, or other lien holder arising prior to the filing of the notice of such a lien in the office of the recorder of the county in which such real estate is located or in the office of the registrar of titles of such county if the property affected is registered under "An Act concerning land titles", approved May 1, 1897, as amended. This notice shall consist of a sworn statement setting out (1) a description of such real estate sufficient for the identification thereof, (2) the amount of money due for such sewerage service, and (3) the date when such amount became delinquent, (4) the owner of record of the premises. The municipality shall send a copy of the notice of the lien to the owner or owners of record of

the real estate, as referenced by the taxpayer's identification number. The municipality may foreclose this lien in the same manner and with the same effect as in the foreclosure of mortgages on real estate.

Any public or municipal corporation or political subdivision of the State furnishing water service to a premises (i) shall discontinue that service upon receiving written notice from the municipality providing sewerage service that payment of the rate or charge for sewerage service to the premises has become delinquent and (ii) shall not resume water service until receiving a similar notice that the delinquency has been removed. The provider of sewerage service shall not request discontinuation of water service before sending a notice of the delinquency to the sewer user and affording the user an opportunity to be heard. An investor-owned public utility providing water service within a municipality that provides sewerage service may contract with the municipality to discontinue water service to a premises with respect to which the payment of a rate or charge for sewerage service has become delinquent. The municipality shall reimburse the privately owned public utility, public or municipal corporation, or political subdivision of the State for the reasonable cost of the discontinuance and the resumption of water service, any lost water service revenues, and the costs of discontinuing water service. The municipality shall indemnify the privately owned public utility, public or municipal corporation, or political subdivision of the State for any judgment and related attorney's fees resulting from an action based on any provision of this paragraph.

The municipality also may, from time to time, sue the occupant or user of the real estate in a civil action to recover the money due for sewerage services, plus a reasonable attorney's fee, to be fixed by the court. However, whenever a judgment is entered in such a civil action, the foregoing provision in this section with respect to filing sworn statements of such delinquencies in the office of the recorder and creating a lien against the real estate shall not be effective as to the charges sued upon and no lien shall exist thereafter against the real estate for that delinquency. Judgment in such a civil action operates as a release and waiver of the lien upon the real estate for the amount of the judgment. The charge provided in this section to be made against each user of an improvement or extension shall be in addition to the charge, if any, made of all users of the system under Section 11-141-7 and shall be kept separate and distinct therefrom.

This amendatory Act of 1975 is not a limit on any municipality which is a home rule unit.

Section 10. The Sanitary District Revenue Bond Act is amended by changing Section 7 as follows:

(70 ILCS 3010/7) (from Ch. 42, par. 319.7)

Sec. 7. The board of trustees of any sanitary district that owns and operates or that may hereafter own and operate a sewerage system constructed or acquired under the provisions of any law of this State has the power to make, enact, and enforce all needful rules and regulations in the construction, acquisition, improvement, extension, management, and maintenance of its sewerage system and for the use thereof. The board of trustees of such a sanitary district also has the power to make, enact, and enforce all needful rules, regulations, and ordinances for the improvement, care, and protection of its sewerage system, which may be conducive to the preservation of the public health, comfort, and convenience, and to render the sewage of the sanitary district harmless in so far as it is reasonably possible to do so.

The board of trustees of such a sanitary district has the power, by ordinance, to charge the inhabitants thereof for the use and service of its sewerage system and to establish charges or rates for that purpose. Where bonds are issued as provided in Sections 2 and 3 of this Act, the board of trustees shall establish rates or charges as provided in this section, and these charges or rates shall be sufficient at all times to pay the cost of operation and maintenance, to provide an adequate depreciation fund, and to pay the principal of and interest upon all revenue bonds issued under Sections 2 and 3 hereof.

A depreciation fund is a fund for such replacements as may be necessary from time to time for the continued effective and efficient operation of the system. The depreciation fund shall not be allowed to accumulate beyond a reasonable amount necessary for that purpose, and shall not be used for extensions to the system.

Charges or rates shall be established, revised, and maintained by ordinance and become payable as the board of trustees may determine by ordinance. Such charges or rates shall be liens upon the real estate upon or for which sewerage service is supplied; provided, however, such liens shall not attach to such real estate until such charges or rates have become delinquent as provided by the ordinance of the sanitary district fixing a delinquency date. A lien is created under the preceding sentence only if the sanitary district sends to the owner or owners of record of the real estate, as referenced by the taxpayer's identification number, (i) a copy of each delinquency notice sent to the person who is delinquent in paying the charges or rates or other notice sufficient to inform the owner or owners of record, as referenced by the taxpayer's identification number, that the charges or rates have become delinquent and (ii) a notice that unpaid charges or rates may create a lien on the real estate under this Section. Nothing in this Section shall be construed to give the sanitary district a preference over the rights of any purchaser, mortgagee, judgment creditor or other lien holder arising prior to the filing in the office of the recorder of the county in which such real estate is located, or in the office of the registrar of titles of such county if the property affected is registered under the Torrens System, of notice of said

lien. The notice shall consist of a sworn statement setting out (1) a description of the real estate sufficient for the identification thereof, upon or for which the sewerage service was supplied, (2) the amount or amounts of money due for such sewerage service, and (3) the date or dates when such amount or amounts became delinquent. The sanitary district shall send a copy of the notice of the lien to the owner or owners of record of the real estate, as referenced by the taxpayer's identification number. The sanitary district shall have the power to foreclose such lien in like manner and with like effect as in the foreclosure of mortgages on real estate.

The payment of delinquent charges for sewerage service to any premises may be enforced by discontinuing either the water service or the sewerage service to that premises, or both. A rate or charge is delinquent if it is more than 30 days overdue. Any public or municipal corporation or political subdivision of the State furnishing water service to a premises (i) shall discontinue that service upon receiving written notice from the sanitary district in which the premises lies that payment of the rate or charge for sewerage service to the premises has become delinquent and (ii) shall not resume water service until receiving a similar notice that the delinquency has been removed. The provider of sewerage service shall not request discontinuation of water service before sending a notice of the delinquency to the sewer user and affording the user an opportunity to be heard. The sanitary district shall reimburse the public or municipal corporation or political subdivision of the State for the reasonable cost of the discontinuance and the resumption of water service. The sanitary district may contract with any privately owned public utility for the discontinuance of water service to a premises with respect to which the payment of a rate or charge for sewerage service has become delinquent. The sanitary district shall reimburse the water service provider for any lost water service revenues and the costs of discontinuing water service, and shall indemnify the water service provider for any judgment and related attorney's fees resulting from an action based on any provision of this paragraph.

The sanitary district also has the power, from time to time, to sue the owner, occupant or user of that real estate, or a person receiving any direct or indirect benefit from such services, in a civil action to recover money due for sewerage services, plus a reasonable attorney's fee, to be fixed by the court; provided, however, that the sanitary district shall give notice of its intention to bring such action to the owner of record by regular mail not less than 7 days prior to filing such civil action.

Judgment in a civil action brought by the sanitary district to recover or collect such charges shall not operate as a release or waiver of the lien upon the real estate for the amount of the judgment. Only satisfaction of the judgment or the filing of a release and satisfaction of lien shall release said lien. The lien for charges on account of services or benefits provided for in this Section and the rights created hereunder shall be in addition to and not in derogation of the lien upon real estate created by and imposed for general real estate taxes.

(b) An application under this Act for approval of a transfer of structured settlement payment rights shall be made by the transferee and shall be brought in the circuit court of the county in which an action was or could have been maintained or before any responsible administrative authority that approved the structured settlement agreement.

Section 30. General provisions; construction.
(a) The provisions of this Act may not be waived by any payee.
(b) Any transfer agreement entered into on or after the effective date of this Act by a payee who resides in this State shall provide that disputes under the transfer agreement, including any claim that the payee has breached the agreement, shall be determined in and under the laws of this State. No such transfer agreement shall authorize the transferee or any other party to confess judgment or consent to entry of judgment against the payee.
(c) No transfer of structured settlement payment rights shall extend to any payments that are life-contingent unless, prior to the date on which the payee signs the transfer agreement, the transferee has established and has agreed to maintain procedures reasonably satisfactory to the annuity issuer and the structured settlement obligor for (1) periodically confirming the payee's survival, and (2) giving the annuity issuer and the structured settlement obligor prompt written notice in the event of the payee's death.

(f) Compliance with the requirements set forth in Section 10 of this Act and fulfillment of the conditions set forth in Section 15 of this Act shall be solely the responsibility of the transferee in any transfer of structured settlement payment rights, and neither the structured settlement obligor nor the annuity issuer shall bear any responsibility for, or any liability arising from, non-compliance with those requirements or failure to fulfill those conditions.

Section 35. Applicability. This Act shall apply to any transfer of structured settlement payment rights under a transfer agreement entered into on or after the 30th day after the effective date of this Act; provided, however, that nothing contained herein shall imply that any transfer under a transfer agreement reached prior to that date is either effective or ineffective.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Section 27-8.1 as follows:
(105 ILCS 5/27-8.1) (from Ch. 122, par. 27-8.1)
Sec. 27-8.1. Health examinations and immunizations.
(1) In compliance with rules and regulations which the Department of Public Health shall promulgate, and except as hereinafter provided, all children in Illinois shall have a health examination as follows: within one year prior to entering kindergarten or the first
grade of any public, private, or parochial elementary school; upon entering the fifth and
ninth grades of any public, private, or parochial school; prior to entrance into any public,
private, or parochial nursery school; and, irrespective of grade, immediately prior to or
upon entrance into any public, private, or parochial school or nursery school, each child
shall present proof of having been examined in accordance with this Section and the rules
and regulations promulgated hereunder.

A tuberculosis skin test screening shall be included as a required part of each health
examination included under this Section if the child resides in an area designated by the
Department of Public Health as having a high incidence of tuberculosis. Additional health
examinations of pupils, including dental and vision examinations, may be required when
deemed necessary by school authorities. Parents are encouraged to have their children
undergo dental *and vision* examinations at the same points in time required for health
examinations.

(2) The Department of Public Health shall promulgate rules and regulations
specifying the examinations and procedures that constitute a health examination and may
recommend by rule that certain additional examinations be performed. The rules and
regulations of the Department of Public Health shall specify that a tuberculosis skin test
screening shall be included as a required part of each health examination included under
this Section if the child resides in an area designated by the Department of Public Health as
having a high incidence of tuberculosis.

Physicians licensed to practice medicine in all of its branches, advanced practice
nurses who have a written collaborative agreement with a collaborating physician which
authorizes them to perform health examinations, or physician assistants who have been
delegated the performance of health examinations by their supervising physician shall be
responsible for the performance of the health examinations, other than dental examinations
and vision and hearing screening, and shall sign all report forms required by subsection (4)
of this Section that pertain to those portions of the health examination for which the
physician, advanced practice nurse, or physician assistant is responsible. If a registered
nurse performs any part of a health examination, then a physician licensed to practice
medicine in all of its branches must review and sign all required report forms. Licensed
dentists shall perform all dental examinations and shall sign all report forms required by
subsection (4) of this Section that pertain to the dental examinations. Physicians licensed to
practice medicine in all its branches, or licensed optometrists, shall perform all vision
exams required by school authorities and shall sign all report forms required by subsection
(4) of this Section that pertain to the vision exam. Vision and hearing screening tests,
which shall not be considered examinations as that term is used in this Section, shall be
conducted in accordance with rules and regulations of the Department of Public Health,
and by individuals whom the Department of Public Health has certified. *In these rules and
regulations, the Department of Public Health shall require that individuals conducting
vision screening tests give a child’s parent or guardian written notification, before the*

vision screening is conducted, that states, "Vision screening is not a substitute for a complete eye and vision evaluation by an eye doctor. Your child is not required to undergo this vision screening if an optometrist or ophthalmologist has completed and signed a report form indicating that an examination has been administered within the previous 12 months."

(3) Every child shall, at or about the same time as he or she receives a health examination required by subsection (1) of this Section, present to the local school proof of having received such immunizations against preventable communicable diseases as the Department of Public Health shall require by rules and regulations promulgated pursuant to this Section and the Communicable Disease Prevention Act.

(4) The individuals conducting the health examination shall record the fact of having conducted the examination, and such additional information as required, on uniform forms which the Department of Public Health and the State Board of Education shall prescribe for statewide use. The examiner shall summarize on the report form any condition that he or she suspects indicates a need for special services. The individuals confirming the administration of required immunizations shall record as indicated on the form that the immunizations were administered.

(5) If a child does not submit proof of having had either the health examination or the immunization as required, then the child shall be examined or receive the immunization, as the case may be, and present proof by October 15 of the current school year, or by an earlier date of the current school year established by a school district. To establish a date before October 15 of the current school year for the health examination or immunization as required, a school district must give notice of the requirements of this Section 60 days prior to the earlier established date. If for medical reasons one or more of the required immunizations must be given after October 15 of the current school year, or after an earlier established date of the current school year, then the child shall present, by October 15, or by the earlier established date, a schedule for the administration of the immunizations and a statement of the medical reasons causing the delay, both the schedule and the statement being issued by the physician, advanced practice nurse, physician assistant, registered nurse, or local health department that will be responsible for administration of the remaining required immunizations. If a child does not comply by October 15, or by the earlier established date of the current school year, with the requirements of this subsection, then the local school authority shall exclude that child from school until such time as the child presents proof of having had the health examination as required and presents proof of having received those required immunizations which are medically possible to receive immediately. During a child's exclusion from school for noncompliance with this subsection, the child's parents or legal guardian shall be considered in violation of Section 26-1 and subject to any penalty imposed by Section 26-10.
(6) Every school shall report to the State Board of Education by November 15, in the manner which that agency shall require, the number of children who have received the necessary immunizations and the health examination as required, indicating, of those who have not received the immunizations and examination as required, the number of children who are exempt from health examination and immunization requirements on religious or medical grounds as provided in subsection (8). This reported information shall be provided to the Department of Public Health by the State Board of Education.

(7) Upon determining that the number of pupils who are required to be in compliance with subsection (5) of this Section is below 90% of the number of pupils enrolled in the school district, 10% of each State aid payment made pursuant to Section 18-8 to the school district for such year shall be withheld by the regional superintendent until the number of students in compliance with subsection (5) is the applicable specified percentage or higher.

(8) Parents or legal guardians who object to health examinations or any part thereof, or to immunizations, on religious grounds shall not be required to submit their children or wards to the examinations or immunizations to which they so object if such parents or legal guardians present to the appropriate local school authority a signed statement of objection, detailing the grounds for the objection. If the physical condition of the child is such that any one or more of the immunizing agents should not be administered, the examining physician, advanced practice nurse, or physician assistant responsible for the performance of the health examination shall endorse that fact upon the health examination form. Exempting a child from the health examination does not exempt the child from participation in the program of physical education training provided in Sections 27-5 through 27-7 of this Code.

(9) For the purposes of this Section, "nursery schools" means those nursery schools operated by elementary school systems or secondary level school units or institutions of higher learning.

the wireless carrier received prior approval for the expenditures from the Department of
Central Management Services.

If in any month the total amount of invoices submitted to the Department of Central
Management Services and approved for payment exceeds the amount available in the

until a new member is appointed by the Governor, by and with the consent of the Senate, if a vacancy occurs in the office of the Commissioner, but in no event shall a certified arbitrator serve in the capacity of Commissioner for more than 6 months from the date of appointment by the Chairman. A finding by the Chairman that a member is or will be unavailable to fulfill the responsibilities of his or her office shall be based upon notice to the Chairman by a member that he or she will be unavailable or facts and circumstances made known to the Chairman which lead him to reasonably find that a member is unavailable to fulfill the responsibilities of his or her office. The designation of a certified arbitrator to act as a Commissioner shall be considered representative of citizens not identified with either the employing or employee classes and the arbitrator shall serve regardless of his or her political affiliation. A certified arbitrator who serves as an acting Commissioner shall have all the rights and powers of a Commissioner, including salary.

Notwithstanding any other provision of this Act, the Governor shall appoint a special panel of Commissioners comprised of 3 members who shall be chosen by the Governor, by and with the consent of the Senate, from among the current ranks of certified arbitrators. Three members shall hold office until the Commission in consultation with the Governor determines that the caseload on review has been reduced sufficiently to allow cases to proceed in a timely manner or for a term of 18 months from the effective date of their appointment by the Governor, whichever shall be earlier. The 3 members shall be considered representative of citizens not identified with either the employing or employee classes and shall serve regardless of political affiliation. Each of the 3 members shall have only such rights and powers of a Commissioner necessary to dispose of those cases assigned to the special panel. Each of the 3 members appointed to the special panel shall receive the same salary as other Commissioners for the duration of the panel.

The Commission may have an Executive Director; if so, the Executive Director shall be appointed by the Governor with the advice and consent of the Senate. The salary and duties of the Executive Director shall be fixed by the Commission.

(750 ILCS 50/8) (from Ch. 40, par. 1510)

Sec. 8. Consents to adoption and surrenders for purposes of adoption.

(a) Except as hereinafter provided in this Section consents or surrenders shall be required in all cases, unless the person whose consent or surrender would otherwise be required shall be found by the court:

(2) not to be the biological or adoptive father of the child; or
(3) to have waived his parental rights to the child under Section 12a or 12.1 of this Act; or

(6) to have been indicated for child sexual abuse as defined in the Abused and Neglected Child Reporting Act that involved sexual penetration of the mother; or
(7) to be at least 5 years older than the mother and the mother was under the age 17 at the time of conception of the child to be adopted.

(b) Where consents are required in the case of an adoption of a minor child, the consents of the following persons shall be sufficient:

(1) (A) The mother of the minor child; and
(B) The father of the minor child, if the father:

(i) was married to the mother on the date of birth of the child or within 300 days before the birth of the child, except for a husband or former husband who has been found by a court of competent jurisdiction not to be the biological father of the child; or

(ii) is the father of the child under a judgment for adoption, an order of parentage, or an acknowledgment of parentage or paternity pursuant to subsection (a) of Section 5 of the Illinois Parentage Act of 1984; or

determination all relevant circumstances, including the financial condition
of both biological parents; or

(v) in the case of a child placed with the adopting parents more than

financially unable to visit the child or prevented from doing so by the person
or authorized agency having lawful custody of the child. The subjective
intent of the father, whether expressed or otherwise unsupported by
evidence of acts specified in this sub-paragraph as manifesting such intent,

substantial and continuous or repeated contact with the child; or

(vi) in the case of a child placed with the adopting parents more than
six months after birth, openly lived with the child for a period of six months
within the one year period immediately preceding the placement of the child

adoption; or

(5) The execution and verification of the petition by any petitioner who is
also a parent of the child sought to be adopted shall be sufficient evidence of such
parent's consent to the adoption.

(d) In making a determination under subparagraphs (b)(1) and (c)(1), no showing shall be required of diligent efforts by a person or agency to encourage the father to perform the acts specified therein.

PUBLIC ACT 93-0511
(Senate Bill No. 0505)

AN ACT concerning taxes.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Property Tax Code is amended by changing Section 15-170 as follows:

(35 ILCS 200/15-170)
Sec. 15-170. Senior Citizens Homestead Exemption. An annual homestead exemption limited, except as described here with relation to cooperatives or life care facilities, to a maximum reduction set forth below from the property's value, as equalized or assessed by the Department, is granted for property that is occupied as a residence by a person 65 years of age or older who is liable for paying real estate taxes on the property and is an owner of record of the property or has a legal or equitable interest therein as evidenced by a written instrument, except for a leasehold interest, other than a leasehold interest of land on which a single family residence is located, which is occupied as a residence by a person 65 years or older who has an ownership interest therein, legal, equitable or as a lessee, and on which he or she is liable for the payment of property taxes. The maximum reduction shall be $2,500 in counties with 3,000,000 or more inhabitants and $2,000 in all other counties. For land improved with an apartment building owned and

operated as a cooperative, the maximum reduction from the value of the property, as equalized by the Department, shall be multiplied by the number of apartments or units occupied by a person 65 years of age or older who is liable, by contract with the owner or owners of record, for paying property taxes on the property and is an owner of record of a legal or equitable interest in the cooperative apartment building, other than a leasehold interest. For land improved with a life care facility, the maximum reduction from the value of the property, as equalized by the Department, shall be multiplied by the number of apartments or units occupied by persons 65 years of age or older, irrespective of any legal, equitable, or leasehold interest in the facility, who are liable, under a contract with the owner or owners of record of the facility, for paying property taxes on the property. In a cooperative or a life care facility where a homestead exemption has been granted, the cooperative association or the management firm of the cooperative or facility shall credit the savings resulting from that exemption only to the apportioned tax liability of the owner or resident who qualified for the exemption. Any person who willfully refuses to so credit the savings shall be guilty of a Class B misdemeanor. Under this Section and Section 15-175, "life care facility" means a facility as defined in Section 2 of the Life Care Facilities Act, with which the applicant for the homestead exemption has a life care contract as defined in that Act.

When a homestead exemption has been granted under this Section and the person qualifying subsequently becomes a resident of a facility licensed under the Nursing Home Care Act, the exemption shall continue so long as the residence continues to be occupied by the qualifying person's spouse if the spouse is 65 years of age or older, or if the residence remains unoccupied but is still owned by the person qualified for the homestead exemption.

A person who will be 65 years of age during the current assessment year shall be eligible to apply for the homestead exemption during that assessment year. Application shall be made during the application period in effect for the county of his residence.

Beginning with assessment year 2003, for taxes payable in 2004, property that is first occupied as a residence after January 1 of any assessment year by a person who is eligible for the senior citizens homestead exemption under this Section must be granted a pro-rata exemption for the assessment year. The amount of the pro-rata exemption is the exemption allowed in the county under this Section divided by 365 and multiplied by the number of days during the assessment year the property is occupied as a residence by a person eligible for the exemption under this Section. The chief county assessment officer must adopt reasonable procedures to establish eligibility for this pro-rata exemption. The assessor or chief county assessment officer may determine the eligibility of a life care facility to receive the benefits provided by this Section, by affidavit, application, visual inspection, questionnaire or other reasonable methods in order to insure that the tax savings resulting from the exemption are credited by the management firm to the

apportioned tax liability of each qualifying resident. The assessor may request reasonable proof that the management firm has so credited the exemption.

The chief county assessment officer of each county with less than 3,000,000 inhabitants shall provide to each person allowed a homestead exemption under this Section a form to designate any other person to receive a duplicate of any notice of delinquency in the payment of taxes assessed and levied under this Code on the property of the person receiving the exemption. The duplicate notice shall be in addition to the notice required to be provided to the person receiving the exemption, and shall be given in the manner required by this Code. The person filing the request for the duplicate notice shall pay a fee of $5 to cover administrative costs to the supervisor of assessments, who shall then file the executed designation with the county collector. Notwithstanding any other provision of this Code to the contrary, the filing of such an executed designation requires the county collector to provide duplicate notices as indicated by the designation. A designation may be rescinded by the person who executed such designation at any time, in the manner and form required by the chief county assessment officer.

The assessor or chief county assessment officer may determine the eligibility of residential property to receive the homestead exemption provided by this Section by application, visual inspection, questionnaire or other reasonable methods. The determination shall be made in accordance with guidelines established by the Department.

In counties with less than 3,000,000 inhabitants, the county board may by resolution provide that if a person has been granted a homestead exemption under this Section, the person qualifying need not reapply for the exemption.

In counties with less than 3,000,000 inhabitants, if the assessor or chief county assessment officer requires annual application for verification of eligibility for an exemption once granted under this Section, the application shall be mailed to the taxpayer.

The assessor or chief county assessment officer shall notify each person who qualifies for an exemption under this Section that the person may also qualify for deferral of real estate taxes under the Senior Citizens Real Estate Tax Deferral Act. The notice shall set forth the qualifications needed for deferral of real estate taxes, the address and telephone number of county collector, and a statement that applications for deferral of real estate taxes may be obtained from the county collector.

(50 ILCS 705/10.3 new)

Sec. 10.3. Training of police officers to conduct electronic interrogations. From appropriations made to it for that purpose, the Board shall initiate, administer, and conduct training programs for permanent police officers, part-time police officers, and recruits on the methods and technical aspects of conducting electronic recordings of interrogations.

Section 15. The Juvenile Court Act of 1987 is amended by adding Section 5-401.5 as follows:

(705 ILCS 405/5-401.5 new)

Sec. 5-401.5. When statements by minor may be used.

(a) In this Section, "custodial interrogation" means any interrogation (i) during which a reasonable person in the subject's position would consider himself or herself to be in custody and (ii) during which a question is asked that is reasonably likely to elicit an incriminating response.

In this Section, "electronic recording" includes motion picture, audiotape, videotape, or digital recording.

In this Section, "place of detention" means a building or a police station that is a place of operation for a municipal police department or county sheriff department or other law enforcement agency at which persons are or may be held in detention in connection with criminal charges against those persons or allegations that those persons are delinquent minors.

(b) An oral, written, or sign language statement of a minor who, at the time of the commission of the offense was under the age of 17 years, made as a result of a custodial interrogation conducted at a police station or other place of detention on or after the effective date of this amendatory Act of the 93rd General Assembly shall be presumed to be inadmissible as evidence against the minor in any criminal proceeding or juvenile court proceeding, for an act that if committed by an adult would be brought under Section 9-1, 9-1.2, 9-2, 9-2.1, 9-3, 9-3.2, or 9-3.3, of the Criminal Code of 1961 unless:

(1) an electronic recording is made of the custodial interrogation; and
(2) the recording is substantially accurate and not intentionally altered.

(c) Every electronic recording required under this Section must be preserved until such time as the minor's adjudication for any offense relating to the statement is final and all direct and habeas corpus appeals are exhausted, or the prosecution of such offenses is barred by law.

(d) If the court finds, by a preponderance of the evidence, that the minor was subjected to a custodial interrogation in violation of this Section, then any statements made by the minor during or following that non-recorded custodial interrogation, even if otherwise in compliance with this Section, are presumed to be inadmissible in any criminal proceeding.
proceeding or juvenile court proceeding against the minor except for the purposes of impeachment.

(e) Nothing in this Section precludes the admission (i) of a statement made by the minor in open court in any criminal proceeding or juvenile court proceeding, before a grand jury, or at a preliminary hearing, (ii) of a statement made during a custodial interrogation that was not recorded as required by this Section because electronic recording was not feasible, (iii) of a voluntary statement, whether or not the result of a custodial interrogation, that has a bearing on the credibility of the accused as a witness, (iv) of a spontaneous statement that is not made in response to a question, (v) of a statement made after questioning that is routinely asked during the processing of the arrest of the suspect, (vi) of a statement made during a custodial interrogation by a suspect who requests, prior to making the statement, to respond to the interrogator's questions only if an electronic recording is not made of the statement, provided that an electronic recording is made of the statement of agreeing to respond to the interrogator's question, only if a recording is not made of the statement, (vii) of a statement made during a custodial interrogation that is conducted out-of-state, (viii) of a statement given at a time when the interrogators are unaware that a death has in fact occurred, or (ix) of any other statement that may be admissible under law. The State shall bear the burden of proving, by a preponderance of the evidence, that one of the exceptions described in this subsection (e) is applicable. Nothing in this Section precludes the admission of a statement, otherwise inadmissible under this Section, that is used only for impeachment and not as substantive evidence.

(f) The presumption of inadmissibility of a statement made by a suspect at a custodial interrogation at a police station or other place of detention may be overcome by a preponderance of the evidence that the statement was voluntarily given and is reliable, based on the totality of the circumstances.

(g) Any electronic recording of any statement made by a minor during a custodial interrogation that is compiled by any law enforcement agency as required by this Section for the purposes of fulfilling the requirements of this Section shall be confidential and exempt from public inspection and copying, as provided under Section 7 of the Freedom of Information Act, and the information shall not be transmitted to anyone except as needed to comply with this Section.

(ii) the monitoring is used with the consent of at least one person who is an active party to the marketing or opinion research conversation or telephone solicitation conversation being monitored.

No communication or conversation or any part, portion, or aspect of the communication or conversation made, acquired, or obtained, directly or indirectly, under this exemption (j), may be, directly or indirectly, furnished to any law enforcement officer, agency, or official for any purpose or used in any inquiry or investigation, or used, directly or indirectly, in any administrative, judicial, or other proceeding, or divulged to any third party.

When recording or listening authorized by this subsection (j) on telephone lines used for marketing or opinion research or telephone solicitation purposes results in recording or listening to a conversation that does not relate to marketing or opinion research or telephone solicitation; the person recording or listening shall, immediately upon determining that the conversation does not relate to marketing or opinion research or telephone solicitation, terminate the recording or listening and destroy any such recording as soon as is practicable.

Business entities that use a telephone monitoring or telephone recording system pursuant to this exemption (j) shall provide current and prospective employees with notice that the monitoring or recordings may occur during the course of their employment. Section 25. The Code of Criminal Procedure of 1963 is amended by adding Section 103-2.1 as follows:

(725 ILCS 5/103-2.1 new)
Sec. 103-2.1. When statements by accused may be used.
(a) In this Section, "custodial interrogation" means any interrogation during which (i) a reasonable person in the subject's position would consider himself or herself to be in custody and (ii) during which a question is asked that is reasonably likely to elicit an incriminating response.

In this Section, "place of detention" means a building or a police station that is a place of operation for a municipal police department or county sheriff department or other law enforcement agency, not a courthouse, that is owned or operated by a law enforcement agency at which persons are or may be held in detention in connection with criminal charges against those persons.

In this Section, "electronic recording" includes motion picture, audiotape, or videotape, or digital recording.

(b) An oral, written, or sign language statement of an accused made as a result of a custodial interrogation at a police station or other place of detention shall be presumed to be inadmissible as evidence against the accused in any criminal proceeding brought under Section 9-1, 9-1.2, 9-2, 9-2.1, 9-3, 9-3.2, or 9-3.3 of the Criminal Code of 1961 unless:
(1) an electronic recording is made of the custodial interrogation; and
(2) the recording is substantially accurate and not intentionally altered.

(c) Every electronic recording required under this Section must be preserved until such time as the defendant's conviction for any offense relating to the statement is final and all direct and habeas corpus appeals are exhausted, or the prosecution of such offenses is barred by law.

(d) If the court finds, by a preponderance of the evidence, that the defendant was subjected to a custodial interrogation in violation of this Section, then any statements made by the defendant during or following that non-recorded custodial interrogation, even if otherwise in compliance with this Section, are presumed to be inadmissible in any criminal proceeding against the defendant except for the purposes of impeachment.

(e) Nothing in this Section precludes the admission (i) of a statement made by the accused in open court at his or her trial, before a grand jury, or at a preliminary hearing, (ii) of a statement made during a custodial interrogation that was not recorded as required by this Section, because electronic recording was not feasible, (iii) of a voluntary statement, whether or not the result of a custodial interrogation, that has a bearing on the credibility of the accused as a witness, (iv) of a spontaneous statement that is not made in response to a question, (v) of a statement made after questioning that is routinely asked

during the processing of the arrest of the suspect, (vi) of a statement made during a custodial interrogation by a suspect who requests, prior to making the statement, to respond to the interrogator’s questions only if an electronic recording is not made of the statement, provided that an electronic recording is made of the statement of agreeing to respond to the interrogator’s question, only if a recording is not made of the statement, (vii) of a statement made during a custodial interrogation that is conducted out-of-state, (viii) of a statement given at a time when the interrogators are unaware that a death has in fact occurred, or (ix) of any other statement that may be admissible under law. The State shall bear the burden of proving, by a preponderance of the evidence, that one of the exceptions described in this subsection (e) is applicable. Nothing in this Section precludes the admission of a statement, otherwise inadmissible under this Section, that is used only for impeachment and not as substantive evidence.

(f) The presumption of inadmissibility of a statement made by a suspect at a custodial interrogation at a police station or other place of detention may be overcome by a preponderance of the evidence that the statement was voluntarily given and is reliable, based on the totality of the circumstances.

(g) Any electronic recording of any statement made by an accused during a custodial interrogation that is compiled by any law enforcement agency as required by this Section for the purposes of fulfilling the requirements of this Section shall be confidential and exempt from public inspection and copying, as provided under Section 7 of the Freedom of Information Act, and the information shall not be transmitted to anyone except as needed to comply with this Section.

PUBLIC ACT 93-0521
(Senate Bill No. 884)

AN ACT concerning telecommunications.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Public Utilities Act is amended by changing Section 13-409 as added by Public Act 93-5 as follows:
(220 ILCS 5/13-409)
(a) During the first 2 years following the effective date of Section 13-408, for the first 35,000 voice grade equivalent access lines used by an individual carrier to provide local exchange service to end users, the monthly recurring rate for the unbundled network elements associated with those lines and leased from an incumbent local exchange carrier to which Section 13-408 applies shall be frozen at the levels in effect immediately prior to the effective date of Section 13-408.
(b) Thereafter, the monthly recurring rates for all unbundled network elements provided by any incumbent local exchange carrier to which Section 13-408 applies shall be the rates established by the Commission in accordance with the provisions of Section 13-408.
(c) If, as of the effective date of Section 13-408 and this Section, an individual telecommunications carrier uses unbundled network elements leased from a specific incumbent local exchange carrier to provide local exchange service over more than 35,000 voice grade equivalent access lines, that carrier must designate the 35,000 voice grade equivalent access lines to which the provisions of subsections (a) and (b) of this Section apply. by a designated access line, and therefore no longer leases the unbundled network elements associated with that line, the individual carrier may not designate a different access line to substitute for the lost line. All unbundled network elements leased to provide service over undesignated voice grade equivalent access lines shall be subject to the full monthly recurring rates established by the Commission in accordance with the provisions of Section 13-408.

(d) If, as of the effective date of this Section, an individual carrier uses unbundled network elements leased from a specific local exchange carrier to provide local exchange service over fewer than 35,000 voice grade equivalent access lines, that carrier must designate the access lines to which the provisions of subsections (a) and (b) of this Section apply. If subsequent to such designation, the individual carrier loses the customer served by a designated access line, and therefore no longer leases the unbundled network elements associated with that line, the individual carrier may not designate a different access line to substitute for the lost line. Subject to these limitations, subsequent to the effective date of this Section, such a carrier may designate additional voice grade equivalent access lines to which it wishes the provisions of subsections (a) and (b) of this Section to apply, until the total designated lines equal 35,000. If a subsequently designated line is lost, the carrier will not be permitted to designate a different line to substitute for that lost line. All unbundled network elements leased to provide service over undesignated voice grade equivalent access lines shall be subject to the full monthly recurring rates established by the Commission in accordance with the provisions of Section 13-408.

(e) For purposes of this Section, in determining when an individual telecommunications carrier has reached 35,000 voice grade equivalent access lines, a specific carrier, any affiliate of that carrier, any carrier serving as a sales or marketing agent for that carrier, and any carrier with whom that carrier has a cooperative sales or marketing arrangement all shall be treated as a single individual carrier.

(f) (Blank). Notwithstanding any other provisions of this Section, access lines provided to payphone service providers are not eligible for the freeze or discount provided for in subsections (a) and (b) of this Section. Accordingly, the provisions of subsections (a) and (b) shall not apply to unbundled network elements that are leased by individual telecommunications carriers to provide local exchange service to payphone service providers.

Sec. 8. State grants.
(a) There shall be a program of State grants within the limitations of funds appropriated by the Illinois General Assembly together with other funds made available by the federal government or other sources for this purpose. This program of State grants shall be administered by the State Librarian in accordance with rules and regulations as provided in Section 3 of this Act and shall include the following: (i) annual equalization grants; (ii) Library System grants; (iii) annual grants to Research and Reference Centers; (iv) per capita grants to public libraries; and (v) planning and construction grants to public libraries and library systems. Libraries, in order to be eligible for grants under this Section, must be members of a library system.
(b) An annual equalization grant shall be made to all public libraries for which the corporate authorities levy a tax for library purposes at a rate not less than .13% of the value of all the taxable property as equalized and assessed by the Department of Revenue if the amount of tax revenue obtained from a rate of .13% produces less than $4.25 per capita. In that case, the State Librarian is authorized to make an equalization grant equivalent to the difference between the amount obtained from a rate of .13% and an annual income of $4.25 per capita. If a library receiving an equalization grant reduces its tax levy below the amount levied at the time the original application is approved, it shall be ineligible to receive further equalization grants.
If a library is subject to the Property Tax Extension Limitation Law in the Property Tax Code and its tax levy for library purposes has been lowered to a rate of less than .13%, the library will qualify for this grant if the library levied a tax for library purposes that met the requirements for this grant in the previous year and if the tax levied for library purposes in the current year produces tax revenue for the library that is an increase over the previous year's extension of 5% or the percentage increase in the Consumer Price Index, whichever is less, and the tax revenue produced by this levy is less than $4.25 per capita. In this case, the State Librarian is authorized to make an equalization grant equivalent to the difference between the amount of tax revenue obtained from the current levy and an annual income of $4.25 per capita. If a library receiving an equalization grant reduces its tax levy below the amount levied at the time the original application is approved, it shall be ineligible to receive further equalization grants.
(c) Annual Library System grants shall be made, upon application, to each library system approved by the State Librarian on the following basis:
(0.5) The distribution of annual library system grants, from all fund sources for this purpose, at the rate of 90% for distribution by means of area and per capita served, as provided in paragraph (1) of this subsection. Additionally, the remaining
10% of funds available for annual library system grants shall be made available for
distribution based upon approved application, by the State Librarian, for the
provision of services to member libraries and for technological developments:

(1) For cooperative public library systems, public library systems, or
multitype library systems, the sum of $1.46 per capita of the population of the area
served plus the sum of $50.75 per square mile or fraction thereof of the area served
except as provided in paragraph (4) of this subsection.

(2) If the amounts appropriated for grants are different from the amount
provided for in paragraph (1) of this subsection, the area and per capita funding
shall be proportionately reduced or increased accordingly. Remaining funding
comprising 10% of the annual library systems grants shall be distributed upon
approval of application for initiatives of library development and technological
innovations according to rules and regulations promulgated by the State Librarian
on criteria for awarding the grants.

(3) For multitype library systems, additional funds may be appropriated.
The appropriation shall be distributed on the same proportional per capita and per
square mile basis as provided in paragraphs paragraph (1) and (4) of this subsection.

(4) Per capita and area funding for a multitype library system as defined in
subparagraph (3) of the definition of "library system" in Section 2 and a public
library system in cities with a population of 500,000 or more as defined in
subparagraph (2) of the definition of "library system" in Section 2 shall be
apportioned with 25% of the funding granted to the multitype library system and
75% of the funding granted to the public library system.

(d) The "area served" for the purposes of this Act means the area that lies within the
gеographic boundaries of the library system as approved by the State Librarian. In
determining the population of the area served by the library system, the Illinois State
Library shall use the latest federal census for the political subdivisions in the area served.

(e) In order to be eligible for a grant under this Section, the corporate authorities,
instead of a tax levy at a particular rate, may provide from a source other than federal
revenue sharing an amount equivalent to the amount produced by that levy.

(75 ILCS 10/8.1) (from Ch. 81, par. 118.1)

Sec. 8.1. The State Librarian shall make grants annually under this Section to all
qualified public libraries in the State from funds appropriated by the General Assembly.
Such grants shall be in the amount of up to $1.25 per capita for the population of the area
served by the respective public library and, in addition, the amount of up to $0.19 per
capita to libraries serving populations over 500,000 under the Illinois Major Urban Library
Program. If the moneys appropriated for grants under this Section are not sufficient the
State Librarian shall reduce the per capita amount of the grants so that the qualifying public libraries receive the same amount per capita.

To be eligible for grants under this Section, a public library must:

1. Provide, as determined by the State Librarian, library services which either meet or show progress toward meeting the Illinois library standards, as most recently adopted by the Illinois Library Association.

2. Be a public library for which is levied a tax for library purposes at a rate not less than .13% or a county library for which is levied a tax for library purposes at a rate not less than .07%. If a library is subject to the Property Tax Extension Limitation Law in the Property Tax Code and its tax levy for library purposes has been lowered to a rate of less than .13%, this requirement will be waived if the library qualified for this grant in the previous year and if the tax levied for library purposes in the current year produces tax revenue for library purposes that is an increase over the previous year's extension of 5% or the percentage increase in the Consumer Price Index, whichever is less.

Any other language in this Section to the contrary notwithstanding, grants under this Section 8.1 shall be made only upon application of the public library concerned, which applications shall be entirely voluntary and within the sole discretion of the public library concerned.

Notwithstanding the first paragraph of this Section, during fiscal year 1978, the amount of grants under this Section shall be $0.25 per capita; during fiscal year 1979 the amount of grants under this Section shall be $0.50 per capita; during fiscal year 1980 the amount of grants under this Section shall be $0.75 per capita; during fiscal year 1981 through fiscal year 1993 the amount of grants shall be $1 per capita, and during fiscal year 1994 and thereafter the amount of grants shall be $1.25 per capita, and the amount of the Major Urban Library Program grants shall be $0.19 per capita. If the monies appropriated for these grants are not sufficient, the State Librarian shall reduce the per capita amount of the grants proportionately.

In order to be eligible for a grant under this Section, the corporate authorities, in lieu of a tax levy at a particular rate, may provide funds from other sources, an amount equivalent to the amount to be produced by that levy.

If a child does not comply by October 15, or by the earlier established date of the current school year, with the requirements of this subsection, then the local school authority shall exclude that child from school until such time as the child presents proof of having had the health examination as required and presents proof of having received those required immunizations which are medically possible to receive immediately. During a child's exclusion from school for noncompliance with this subsection, the child's parents or legal guardian shall be considered in violation of Section 26-1 and subject to any penalty imposed by Section 26-10.

(6) Every school shall report to the State Board of Education by November 15, in the manner which that agency shall require, the number of children who have received the necessary immunizations and the health examination as required, indicating, of those who have not received the immunizations and examination as required, the number of children

who are exempt from health examination and immunization requirements on religious or medical grounds as provided in subsection (8). This reported information shall be provided to the Department of Public Health by the State Board of Education.

(7) Upon determining that the number of pupils who are required to be in compliance with subsection (5) of this Section is below 90% of the number of pupils enrolled in the school district, 10% of each State aid payment made pursuant to Section 18-8 to the school district for such year shall be withheld by the regional superintendent until the number of students in compliance with subsection (5) is the applicable specified percentage or higher.

(8) Parents or legal guardians who object to health examinations or any part thereof, or to immunizations, on religious grounds shall not be required to submit their children or wards to the examinations or immunizations to which they so object if such parents or legal guardians present to the appropriate local school authority a signed statement of objection, detailing the grounds for the objection. If the physical condition of the child is such that any one or more of the immunizing agents should not be administered, the examining physician, advanced practice nurse, or physician assistant responsible for the performance of the health examination shall endorse that fact upon the health examination form. Exempting a child from the health examination does not exempt the child from participation in the program of physical education training provided in Sections 27-5 through 27-7 of this Code.

(9) For the purposes of this Section, "nursery schools" means those nursery schools operated by elementary school systems or secondary level school units or institutions of higher learning.

(35 ILCS 200/10-235)
Sec. 10-235. Section 515 Low-income housing project valuation policy; intent. It is the policy of this State that low-income housing projects that qualify for the low-income housing tax credit under Section 42 of the Internal Revenue Code under Section 515 of the federal Housing Act shall be valued at 33 and one-third percent of the fair market value of their economic productivity to the owners of the projects to help insure that their valuation for property taxation does not result in taxes so high that rent levels must be raised to cover this project expense, which can cause excess vacancies, project loan defaults, and eventual loss of rental housing facilities for those most in need of them, low-income families and the elderly. It is the intent of this State that the valuation required by this Division is the closest representation of cash value required by law and is the method established as proper and fair.

transmission or payment of money sold or issued to one or more persons whether or not that instrument or order is negotiable. Payment instrument does not include an instrument that is redeemable by the issuer in merchandise or service, a credit card voucher, or a letter of credit. A terminated authorized seller who wilfully and knowingly refuses to remove the disclosure notice within 10 business days of termination commits a Class B misdemeanor.

The transmission shall be made by the licensee or authorized seller within 3 business days after the receipt of the money to be transmitted. The licensee or authorized seller, in addition to the records required to be kept, shall issue a receipt to each person delivering or depositing money with the licensee or authorized seller indicating the date of the transaction, the face amount of the payment instrument, to whom the money is to be transmitted, the service charge, and the name and address of the licensee or authorized seller. The receipt or a separate disclosure at the time of the money transmission shall also include a statement of the licensee's refund procedures as well as a toll-free telephone number for customer assistance. (205 ILCS 657/90)

Sec. 90. Enforcement.

(a) If it appears to the Director that a person has committed or is about to commit a violation of this Act, a rule promulgated under this Act, or an order of the Director, the Director may apply to the circuit court for an order enjoining the person from violating or continuing to violate this Act, the rule, or order and for injunctive or other relief that the nature of the case may require and may, in addition, request the court to assess a civil penalty up to $1,000 along with costs and attorney fees.

(b) If the Director finds, after an investigation that he considers appropriate, that a licensee or other person is engaged in practices contrary to this Act or to the rules promulgated under this Act, the Director may issue an order directing the licensee or person to cease and desist the violation. The Director may, in addition to or without the issuance of a cease and desist order, assess an administrative penalty up to $1,000 against a licensee for each violation of this Act or the rules promulgated under this Act. The issuance of an order under this Section shall not be a prerequisite to the taking of any action by the Director under this or any other Section of this Act. The Director shall serve notice of his action, including a statement of the reasons for his actions, either personally or by certified mail, return receipt requested. Service by mail shall be deemed completed if the notice is deposited in the post office, postage paid, addressed to the last known address for a licensee.

(c) In the case of the issuance of a cease and desist order or assessment order, a hearing may be requested in writing within 30 days after the date of service. The hearing shall be held at the time and place designated by the Director in either the City of Springfield or the City of Chicago. The Director and any administrative law judge designated by him shall have the power to administer oaths and affirmations, subpoena
witnesses and compel their attendance, take evidence, authorize the taking of depositions, and require the production of books, papers, correspondence, and other records or information that he considers relevant or material to the inquiry.

(d) After the Director's final determination under a hearing under this Section, a party to the proceedings whose interests are affected by the Director's final determination shall be entitled to judicial review of that final determination under the Administrative Review Law.

(e) The costs for administrative hearings shall be set by rule.

(f) Except as otherwise provided in this Act, a violation of this Act shall subject to the party violating it to a fine of $1,000 for each offense.

(g) Each transaction in violation of this Act or the rules promulgated under this Act and each day that a violation continues shall be a separate offense.

(h) A person who engages in conduct requiring a license under this Act and fails to obtain a license from the Director or knowingly makes a false statement, misrepresentation, or false certification in an application, financial statement, account record, report, or other document filed or required to be maintained or filed under this Act or who knowingly makes a false entry or omits a material entry in a document is guilty of a Class 3 felony.

(i) The Director is authorized to compromise, settle, and collect civil penalties and administrative penalties, as set by rule, with any person for violations of this Act or any rule or order issued or promulgated under this Act. Any person who, without the required license, engages in conduct requiring a license under this Act shall be liable to the Department in an amount equal to the greater of (i) $5,000 or (ii) an amount of money accepted for transmission plus an amount equal to 3 times the amount accepted for transmission. The Department shall cause any funds so recovered to be deposited in the TOMA Consumer Protection Fund.

(j) The Director may enter into consent orders at any time with a person to resolve a matter arising under this Act. A consent order must be signed by the person to whom it is issued and must indicate agreement to the terms contained in it. A consent order need not constitute an admission by a person that this Act or a rule or order issued or promulgated under this Act has been violated, nor need it constitute a finding by the Director that the person has violated this Act or a rule or order promulgated under this Act.

(k) Notwithstanding the issuance of a consent order, the Director may seek civil or criminal penalties or compromise civil penalties concerning matter encompassed by the consent order unless the consent order by its terms expressly precludes the Director from doing so.

(l) Appeals from all final orders and judgments entered by the circuit court under this Section in review of a decision of the Director may be taken as in other civil actions by any party to the proceeding.

(a) A special income-earning fund is hereby created in the State treasury, known as the TOMA Consumer Protection Fund.
(b) All moneys paid into the fund together with all accumulated undistributed income thereon shall be held as a special fund in the State treasury. The fund shall be used solely for the purpose of providing restitution to consumers who have suffered monetary loss arising out of a transaction regulated by this Act.
(c) The fund shall be applied only to restitution when restitution has been ordered by the Director. Restitution shall not exceed the amount actually lost by the consumer. The fund shall not be used for the payment of any attorney or other fees.
(d) The fund shall be subrogated to the amount of the restitution, and the Director shall request the Attorney General to engage in all reasonable collection steps to collect restitution from the party responsible for the loss and reimburse the fund.
(e) Notwithstanding any other provisions of this Section, the payment of restitution from the fund shall be a matter of grace and not of right, and no consumer shall have any vested rights in the fund as a beneficiary or otherwise. Before seeking restitution from the fund, the consumer or beneficiary seeking payment of restitution shall apply for restitution on a form provided by the Director. The form shall include any information the Director may reasonably require in order to determine that restitution is appropriate.

PUBLIC ACT 93-0539
(Senate Bill No. 1650)

AN ACT concerning juveniles.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Juvenile Court Act of 1987 is amended by changing Section 1-5 as follows:

(705 ILCS 405/1-5) (from Ch. 37, par. 801-5)

Sec. 1-5. Rights of parties to proceedings.

(1) Except as provided in this Section and paragraph (2) of Sections 2-22, 3-23, 4-20, 5-610 or 5-705, the minor who is the subject of the proceeding and his parents, guardian, legal custodian or responsible relative who are parties respondent have the right to be present, to be heard, to present evidence material to the proceedings, to cross-examine witnesses, to examine pertinent court files and records and also, although proceedings under this Act are not intended to be adversary in character, the right to be represented by counsel. At the request of any party financially unable to employ counsel, with the exception of a foster parent permitted to intervene under this Section, the court shall appoint the Public Defender or such other counsel as the case may require. Counsel appointed for the minor and any indigent party shall appear at all stages of the trial court proceeding, and such appointment shall continue through the permanency hearings and termination of parental rights proceedings subject to withdrawal or substitution pursuant to Supreme Court Rules or the Code of Civil Procedure. Following the dispositional hearing, the court may require appointed counsel, other than counsel for the minor or counsel for the guardian ad litem, to withdraw his or her appearance upon failure of the party for whom counsel was appointed under this Section to attend any subsequent proceedings.

No hearing on any petition or motion filed under this Act may be commenced unless the minor who is the subject of the proceeding is represented by counsel. Notwithstanding the preceding sentence, if a guardian ad litem has been appointed for the minor under Section 2-17 of this Act and the guardian ad litem is a licensed attorney at law of this State, or in the event that a court appointed special advocate has been appointed as guardian ad litem and counsel has been appointed to represent the court appointed special advocate, the court may not require the appointment of counsel to represent the minor unless the court finds that the minor's interests are in conflict with what the guardian ad litem determines to be in the best interest of the minor. Each adult respondent shall be furnished a written "Notice of Rights" at or before the first hearing at which he or she appears.
(1.5) The Department shall maintain a system of response to inquiry made by parents or putative parents as to whether their child is under the custody or guardianship of the Department; and if so, the Department shall direct the parents or putative parents to the appropriate court of jurisdiction, including where inquiry may be made of the clerk of the court regarding the case number and the next scheduled court date of the minor's case. Effective notice and the means of accessing information shall be given to the public on a continuing basis by the Department.

(2) (a) Though not appointed guardian or legal custodian or otherwise made a party to the proceeding, any current or previously appointed foster parent or relative caregiver, or representative of an agency or association interested in the minor has the right to be heard by the court, but does not thereby become a party to the proceeding.

In addition to the foregoing right to be heard by the court, any current foster parent or relative caregiver of a minor and the agency designated by the court or the Department of Children and Family Services as custodian of the minor who is alleged to be or has been adjudicated an abused or neglected minor under Section 2-3 or a dependent minor under Section 2-4 of this Act has the right to and shall be given adequate notice at all stages of any hearing or proceeding under this Act.

Any foster parent or relative caregiver who is denied his or her right to be heard under this Section may bring a mandamus action under Article XIV of the Code of Civil Procedure against the court or any public agency to enforce that right. The mandamus action may be brought immediately upon the denial of those rights but in no event later than 30 days after the foster parent has been denied the right to be heard.

(b) If after an adjudication that a minor is abused or neglected as provided under Section 2-21 of this Act and a motion has been made to restore the minor to any parent, guardian, or legal custodian found by the court to have caused the neglect or to have inflicted the abuse on the minor, a foster parent may file a motion to intervene in the proceeding for the sole purpose of requesting that the minor be placed with the foster parent, provided that the foster parent (i) is the current foster parent of the minor or (ii) has previously been a foster parent for the minor for one year or more, has a foster care license or is eligible for a license, and is not the subject of any findings of abuse or neglect of any child. The juvenile court may only enter orders placing a minor with a specific foster parent under this subsection (2)(b) and nothing in this Section shall be construed to confer any jurisdiction or authority on the juvenile court to issue any other orders requiring the appointed guardian or custodian of a minor to place the minor in a designated foster home or facility. This Section is not intended to encompass any matters that are within the scope or determinable under the administrative and appeal process established by rules of the Department of Children and Family Services under Section 5(o) of the Children and Family Services Act. Nothing in this Section shall relieve the court of its responsibility, under Section 2-14(a) of this Act to act in a just and speedy manner to reunify families where it is the best interests of the minor and the child can be cared for at home without
endangering the child's health or safety and, if reunification is not in the best interests of the minor, to find another permanent home for the minor. Nothing in this Section, or in any order issued by the court with respect to the placement of a minor with a foster parent, shall impair the ability of the Department of Children and Family Services, or anyone else authorized under Section 5 of the Abused and Neglected Child Reporting Act, to remove a minor from the home of a foster parent if the Department of Children and Family Services or the person removing the minor has reason to believe that the circumstances or conditions of the minor are such that continuing in the residence or care of the foster parent will jeopardize the child's health and safety or present an imminent risk of harm to that minor's life.

(c) If a foster parent has had the minor who is the subject of the proceeding under Article II in his or her home for more than one year on or after July 3, 1994 and if the minor's placement is being terminated from that foster parent's home, that foster parent shall have standing and intervenor status except in those circumstances where the Department of Children and Family Services or anyone else authorized under Section 5 of the Abused and Neglected Child Reporting Act has removed the minor from the foster parent because of a reasonable belief that the circumstances or conditions of the minor are such that continuing in the residence or care of the foster parent will jeopardize the child's health or safety or presents an imminent risk of harm to the minor's life.

(d) The court may grant standing to any foster parent if the court finds that it is in the best interest of the child for the foster parent to have standing and intervenor status.

(3) Parties respondent are entitled to notice in compliance with Sections 2-15 and 2-16, 3-17 and 3-18, 4-14 and 4-15 or 5-525 and 5-530, as appropriate. At the first appearance before the court by the minor, his parents, guardian, custodian or responsible relative, the court shall explain the nature of the proceedings and inform the parties of their rights under the first 2 paragraphs of this Section.

If the child is alleged to be abused, neglected or dependent, the court shall admonish the parents that if the court declares the child to be a ward of the court and awards custody or guardianship to the Department of Children and Family Services, the parents must cooperate with the Department of Children and Family Services, comply with the terms of the service plans, and correct the conditions that require the child to be in care, or risk termination of their parental rights.

Upon an adjudication of wardship of the court under Sections 2-22, 3-23, 4-20 or 5-705, the court shall inform the parties of their right to appeal therefrom as well as from any other final judgment of the court.

When the court finds that a child is an abused, neglected, or dependent minor under Section 2-21, the court shall admonish the parents that the parents must cooperate with the Department of Children and Family Services, comply with the terms of the service plans, and correct the conditions that require the child to be in care, or risk termination of their parental rights.

When the court declares a child to be a ward of the court and awards guardianship to the Department of Children and Family Services under Section 2-22, the court shall admonish the parents, guardian, custodian, or responsible relative that the parents must cooperate with the Department of Children and Family Services, comply with the terms of the service plans, and correct the conditions that require the child to be in care, or risk termination of their parental rights.

(4) No sanction may be applied against the minor who is the subject of the proceedings by reason of his refusal or failure to testify in the course of any hearing held prior to final adjudication under Section 2-22, 3-23, 4-20 or 5-705.

(5) In the discretion of the court, the minor may be excluded from any part or parts of a dispositional hearing and, with the consent of the parent or parents, guardian, counsel or a guardian ad litem, from any part or parts of an adjudicatory hearing.

(6) The general public except for the news media and the victim shall be excluded from any hearing and, except for the persons specified in this Section only persons, including representatives of agencies and associations, who in the opinion of the court have a direct interest in the case or in the work of the court shall be admitted to the hearing. However, the court may, for the minor's safety and protection and for good cause shown, prohibit any person or agency present in court from further disclosing the minor's identity. Nothing in this subsection (6) prevents the court from allowing other juveniles to be present or to participate in a court session being held under the Juvenile Drug Court Treatment Act.

(7) A party shall not be entitled to exercise the right to a substitution of a judge without cause under subdivision (a)(2) of Section 2-1001 of the Code of Civil Procedure in a proceeding under this Act if the judge is currently assigned to a proceeding involving the alleged abuse, neglect, or dependency of the minor's sibling or half sibling and that judge has made a substantive ruling in the proceeding involving the minor's sibling or half sibling.

PUBLIC ACT 93-0540
(House Bill No. 0081)

AN ACT concerning health care.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

   New matter indicated by italics - deletions by strikeout
Section 5. The Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois is amended by adding Section 2310-543 as follows:

(20 ILCS 2310/2310-543 new)
Sec. 2310-543. Information regarding health care services. With funds made available for this purpose, the Department may, in conjunction with other programs or activities related to accessing medical care, develop and provide to the public and health care patients information regarding the categories or types of health care services available and their appropriate use, paying particular attention to seeking care in hospital emergency departments.

Section 10. The Emergency Medical Treatment Act is amended by changing Section 2 as follows:

(210 ILCS 70/2 new)
Sec. 2. Findings; prohibited terms.
(a) The Illinois General Assembly makes all of the following findings:

(1) Hospital emergency services are not always the most appropriate level of care for patients seeking unscheduled medical care or for patients who do not have a regular physician who can treat a significant or acute medical condition not considered critical, debilitating, or life-threatening.

(2) Hospital emergency rooms are over-utilized and too often over-burdened with many injuries or illnesses that could be managed in a less intensive clinical setting or physician's office.

(3) Over-utilization of hospital emergency departments contributes to excess medical and health insurance costs.

(4) The use of the term "urgent" or "emergi-" or a similar term in a facility's posted or advertised name may confuse the public and prospective patients regarding the type of services offered relative to those provided by a hospital emergency department. There is significant risk to the public health and safety if persons requiring treatment for a critical or life-threatening condition inappropriately use such facilities.

(5) Many times patients are not clearly aware of the policies and procedures of their insurer or health plan that must be followed in the use of emergency rooms versus non-emergent clinics and what rights they have under the law in regard to appropriately sought emergency care.

(6) There is a need to more effectively educate health care payers and consumers about the most appropriate use of the various available levels of medical care and particularly the use of hospital emergency rooms and walk-in medical clinics that do not require appointments.

(b) After the effective date of this amendatory Act of the 93rd General Assembly, no person, facility, or entity shall hold itself out to the public as an "urgent", "urgi-", "emergi-", or "emergent" care center or use any similar term, as defined by rule, that would give
the impression that emergency medical treatment is provided by the person or entity or at
the facility unless the facility is the emergency room of a facility licensed as a hospital
under the Hospital Licensing Act or a facility licensed as a freestanding emergency center
under the Emergency Medical Services (EMS) Systems Act.

(c) Violation of this Section constitutes a business offense with a minimum fine of
$5,000 plus $1,000 per day for a continuing violation, with a maximum of $25,000.

(d) The Director of Public Health in the name of the people of the State, through the
Attorney General, may bring an action for an injunction or to restrain a violation of this
Section or the rules adopted pursuant to this Section or to enjoin the future operation or
maintenance of any facility in violation of this Section or the rules adopted pursuant to this
Section.

(e) The Department of Public Health shall adopt rules necessary for the
implementation of this Section.

Section 15. The Managed Care Reform and Patient Rights Act is amended by
adding Section 43 as follows:

(215 ILCS 134/43 new)
Sec. 43. Utilization of health care facilities.
(a) A health care plan must provide its enrollees with a description of their rights
and responsibilities in obtaining referrals to and making appropriate use of health care
facilities when access to their primary care physician is not readily available.

(b) Nothing in this Section is intended to affect the rights of enrollees or relieve a
health care plan of its responsibilities with respect to the provision of and coverage of
emergency services or treatment of an emergency medical condition, as those terms are
defined by this Act, and as those responsibilities and rights are otherwise provided under
this Act, especially Section 65 of this Act.

Section 99. Effective date. This Act takes effect upon becoming law.

Sec. 7-8. The State central committee shall be composed of one or two members from each congressional district in the State and shall be elected as follows:

State Central Committee

(a) Within 30 days after the effective date of this amendatory Act of 1983 the State central committee of each political party shall certify to the State Board of Elections which of the following alternatives it wishes to apply to the State central committee of that party.

Alternative A. At the primary held on the third Tuesday in March 1970, and at the primary held every 4 years thereafter, each primary elector may vote for one candidate of his party for member of the State central committee for the congressional district in which he resides. The candidate receiving the highest number of votes shall be declared elected State central committeeeman from the district. A political party may, in lieu of the foregoing, by a majority vote of delegates at any State convention of such party, determine to thereafter elect the State central committeeemen in the manner following:

At the county convention held by such political party State central committeeemen shall be elected in the same manner as provided in this Article for the election of officers of the county central committee, and such election shall follow the election of officers of the county central committee. Each elected ward, township or precinct committeeeman shall cast as his vote one vote for each ballot voted in his ward, township, part of a township or precinct in the last preceding primary election of his political party. In the case of a county lying partially within one congressional district and partially within another congressional district, each ward, township or precinct committeeeman shall vote only with respect to the congressional district in which his ward, township, part of a township or precinct is located.
located. In the case of a congressional district which encompasses more than one county, each ward, township or precinct committeeman residing within the congressional district shall cast as his vote one vote for each ballot voted in his ward, township, part of a township or precinct in the last preceding primary election of his political party for one candidate of his party for member of the State central committee for the congressional district in which he resides and the Chairman of the county central committee shall report the results of the election to the State Board of Elections. The State Board of Elections shall certify the candidate receiving the highest number of votes elected State central committeeman for that congressional district.

The State central committee shall adopt rules to provide for and govern the procedures to be followed in the election of members of the State central committee.

After the effective date of this amendatory Act of the 91st General Assembly, whenever a vacancy occurs in the office of Chairman of a State central committee, or at the end of the term of office of Chairman, the State central committee of each political party that has selected Alternative A shall elect a Chairman who shall not be required to be a member of the State Central Committee. The Chairman shall be a registered voter in this State and of the same political party as the State central committee.

Alternative B. Each congressional committee shall, within 30 days after the adoption of this alternative, appoint a person of the sex opposite that of the incumbent member for that congressional district to serve as an additional member of the State central committee until his or her successor is elected at the general primary election in 1986. Each congressional committee shall make this appointment by voting on the basis set forth in paragraph (e) of this Section. In each congressional district at the general primary election held in 1986 and every 4 years thereafter, the male candidate receiving the highest number of votes of the party's male candidates for State central committeeman, and the female candidate receiving the highest number of votes of the party's female candidates for State central committeewoman, shall be declared elected State central committeeman and State central committeewoman from the district. At the general primary election held in 1986 and every 4 years thereafter, if all a party's candidates for State central committeemen or State central committeewomen from a congressional district are of the same sex, the candidate receiving the highest number of votes shall be declared elected a State central committeeman or State central committeewoman from the district, and, because of a failure to elect one male and one female to the committee, a vacancy shall be declared to exist in the office of the second member of the State central committee from the district. This vacancy shall be filled by appointment by the congressional committee of the political party, and the person appointed to fill the vacancy shall be a resident of the congressional district and of the sex opposite that of the committeeman or committeewoman elected at the general primary election. Each congressional committee shall make this appointment by voting on the basis set forth in paragraph (e) of this Section.

The Chairman of a State central committee composed as provided in this Alternative B must be selected from the committee's members.

Except as provided for in Alternative A with respect to the selection of the Chairman of the State central committee, under both of the foregoing alternatives, the State central committee of each political party shall be composed of members elected or appointed from the several congressional districts of the State, and of no other person or persons whomsoever. The members of the State central committee shall, within 30 days after each quadrennial election of the full committee, meet in the city of Springfield and organize by electing a chairman, and may at such time elect such officers from among their own number (or otherwise), as they may deem necessary or expedient. The outgoing chairman of the State central committee of the party shall, 10 days before the meeting, notify each member of the State central committee elected at the primary of the time and place of such meeting. AN ACT in relation to taxation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Film Production Services Tax Credit Act.

Section 5. Purpose. The General Assembly finds that the Illinois economy is highly vulnerable to other states and nations that have major financial incentive programs targeted to the motion picture industry. Because of the incentive programs of these competitor locations, Illinois must move aggressively with new business development investment tools so that Illinois is more competitive in site location decision-making for film productions. In an increasingly global economy, Illinois' long-term development will benefit from rational, strategic use of State resources in support of film production development and growth. It is the purpose of this Act to preserve and expand the existing human infrastructure for the motion picture industry in Illinois. It shall be the policy of this State to promote and encourage the training and hiring of Illinois residents who represent the diversity of the Illinois population through the creation and implementation of training, education, and recruitment programs organized in cooperation with Illinois colleges and universities, labor organizations, and the motion picture industry.

Section 10. Definitions. As used in this Act:

"Credit" means the amount equal to 25% of the Illinois labor expenditure approved by the Department. The applicant is deemed to have paid, on its balance due day for the year, an amount equal to 25% of its qualified Illinois labor expenditure for the tax year.

"Department" means the Department of Commerce and Community Affairs.

"Illinois labor expenditure" means salary or wages paid to employees of the applicant for services on the accredited production;

(9) Paid to persons resident in Illinois at the time the payments were made.
(10) Paid for services rendered in Illinois.

Section 15. Powers of the Department. The Department, in addition to those powers granted under the Civil Administrative Code of Illinois, is granted and has all the powers necessary or convenient to carry out and effectuate the purposes and provisions of this Act, including, but not limited to, power and authority to:

(a) Adopt rules deemed necessary and appropriate for the administration of the tax credit program; establish forms for applications, notifications, contracts, or any other agreements; and accept applications at any time during the year.

(f) Require that an applicant must at all times keep proper books of record and account in accordance with generally accepted accounting principles consistently applied, with the books, records, or papers related to the accredited production in the custody or control of the taxpayer open for reasonable Department inspection and audits, and including, without limitation, the making of copies of the books, records, or papers, and the inspection or appraisal of any of the assets of the applicant or the accredited production.

(g) Take whatever actions are necessary or appropriate to protect the State's interest in the event of bankruptcy, default, foreclosure, or noncompliance with the terms and conditions of financial assistance or participation required under this Act, including the power to sell, dispose, lease, or rent, upon terms and conditions determined by the Director to be appropriate, real or personal property that the Department may receive as a result of these actions.

Section 20. Tax credit awards. Subject to the conditions set forth in this Act, an applicant is entitled to a credit of 25% of the Illinois labor expenditure approved by the Department under Section 40 of this Act.

Section 25. Application for certification of accredited production. Any applicant proposing a film or television production located or planned to be located in Illinois may request an accredited production certificate by formal application to the Department.

Section 30. Review of application for accredited production certificate.
(a) In determining whether to issue an accredited production certificate, the Department must determine that a preponderance of the following conditions exist:

(1) The applicant's production intends to make the expenditure in the State required for certification.

(2) The applicant's production is economically sound and will benefit the people of the State of Illinois by increasing opportunities for employment and strengthen the economy of Illinois.

(3) The applicant's production application includes a provision setting forth the percentage of minority workers that the production company plans to employ, subject to any applicable collective bargaining agreements with a labor organization to which the applicant is a signatory, to perform work on the production. This provision should stress the importance of hiring the percentage of minorities that is set out in the application.

(4) The applicant's production application indicates whether the applicant intends to participate in training, education, and recruitment programs that are organized in cooperation with Illinois colleges and universities, labor organizations, and the motion picture industry and are designed to promote and encourage the training and hiring of Illinois residents who represent the diversity of the Illinois population.

(5) That, if not for the credit, the applicant's production would not occur in Illinois, which may be demonstrated by any means including, but not limited to, evidence that the applicant has multi-state or international location options and could reasonably and efficiently locate outside of the State, or demonstration that at least one other state or nation is being considered for the production, or evidence that the receipt of the credit is a major factor in the applicant's decision and that without the credit the applicant likely would not create or retain jobs in Illinois, or demonstration that receiving the credit is essential to the applicant's decision to create or retain new jobs in the State.

(6) Awarding the credit will result in an overall positive impact to the State, as determined by the Department using the best available data.

(b) If any of the provisions in this Section conflict with any existing collective bargaining agreements, the terms and conditions of those collective bargaining agreements shall control.

Section 35. Issuance of Tax Credit Certificate.

Upon completion of this evaluation, the Department shall determine the overall success of the program, and may make a recommendation to extend, modify, or not extend the program based on this evaluation.

The Department, in cooperation with the Department of Commerce and Community Affairs, must prescribe rules to enforce and administer the provisions of this Section. This Section is exempt from the provisions of Section 250 of this Act.

(7) When a defendant is adjudged a habitual criminal under Article 33B of the Criminal Code of 1961, the court shall sentence the defendant to a term of natural life imprisonment.

(8) When a defendant, over the age of 21 years, is convicted of a Class 1 or Class 2 felony, after having twice been convicted in any state or federal court of an offense that contains the same elements as an offense now classified in Illinois as a Class 2 or greater Class felony and such charges are separately brought and tried and arise out of different series of acts, such defendant shall be sentenced as a Class X offender. This paragraph shall not apply unless (1) the first felony was committed after the effective date of this amendatory Act of 1977; and (2) the second felony was committed after conviction on the first; and (3) the third felony was committed after conviction on the second. A person sentenced as a Class X offender under this paragraph is not eligible to apply for treatment as a condition of probation as provided by Section 40-10 of the Alcoholism and Other Drug Abuse and Dependency Act.

(9) A defendant convicted of a second or subsequent offense of ritualized abuse of a child may be sentenced to a term of natural life imprisonment.

(10) When a person is convicted of violating Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance, the following penalties apply when his or her blood, breath, or urine was .16 or more based on the definition of blood, breath, or urine units in Section 11-501.2 or that person is convicted of violating Section 11-501 of the Illinois Vehicle Code while transporting a child under the age of 16:

(A) For a first violation of subsection (a) of Section 11-501, in addition to any other penalty that may be imposed under subsection (c) of Section 11-501: a mandatory minimum of 100 hours of community service and a minimum fine of $500.

Unified Code of Corrections which may include evidence of the defendant's life, moral character and occupation during the time since the original sentence was passed. The trial court shall then impose sentence upon the defendant. The trial court may impose any sentence which could have been imposed at the original trial subject to Section 5-5-4 of the Unified Code of Corrections. If a sentence is vacated on appeal or on collateral attack due to the failure of the trier of fact at trial to determine beyond a reasonable doubt the existence of a fact (other than a prior conviction) necessary to increase the punishment for the offense beyond the statutory maximum otherwise applicable, either the defendant may be re-sentenced to a term within the range otherwise provided or, if the State files notice of its intention to again seek the extended sentence, the defendant shall be afforded a new trial.

(e) In cases where prosecution for criminal sexual assault or aggravated criminal sexual abuse under Section 12-13 or 12-16 of the Criminal Code of 1961 results in conviction of a defendant who was a family member of the victim at the time of the commission of the offense, the court shall consider the safety and welfare of the victim and may impose a sentence of probation only where:

1. the court finds (A) or (B) or both are appropriate:
   1. the defendant is willing to undergo a court approved counseling program for a minimum duration of 2 years; or
   2. the defendant is willing to participate in a court approved plan including but not limited to the defendant's:
      i. removal from the household;
      ii. restricted contact with the victim;
      iii. continued financial support of the family;
      iv. restitution for harm done to the victim; and
      v. compliance with any other measures that the court may deem appropriate; and
2. the court orders the defendant to pay for the victim's counseling services, to the extent that the court finds, after considering the defendant's income and assets, that the defendant is financially capable of paying for such services, if the victim was under 18 years of age at the time the offense was committed and requires counseling as a result of the offense.

Probation may be revoked or modified pursuant to Section 5-6-4; except where the court determines at the hearing that the defendant violated a condition of his or her probation restricting contact with the victim or other family members or commits another offense with the victim or other family members, the court shall revoke the defendant's probation and impose a term of imprisonment.

For the purposes of this Section, "family member" and "victim" shall have the meanings ascribed to them in Section 12-12 of the Criminal Code of 1961.
(f) This Article shall not deprive a court in other proceedings to order a forfeiture of property, to suspend or cancel a license, to remove a person from office, or to impose any other civil penalty.

(g) Whenever a defendant is convicted of an offense under Sections 11-14, 11-15, 11-15.1, 11-16, 11-17, 11-18, 11-18.1, 11-19, 11-19.1, 11-19.2, 12-13, 12-14, 12-14.1, 12-15 or 12-16 of the Criminal Code of 1961, the defendant shall undergo medical testing to determine whether the defendant has any sexually transmissible disease, including a test for infection with human immunodeficiency virus (HIV) or any other identified causative agent of acquired immunodeficiency syndrome (AIDS). Any such medical test shall be performed only by appropriately licensed medical practitioners and may include an analysis of any bodily fluids as well as an examination of the defendant's person. Except as otherwise provided by law, the results of such test shall be kept strictly confidential by all medical personnel involved in the testing and must be personally delivered in a sealed envelope to the judge of the court in which the conviction was entered for the judge's inspection in camera. Acting in accordance with the best interests of the victim and the public, the judge shall have the discretion to determine to whom, if anyone, the results of the testing may be revealed. The court shall notify the defendant of the test results. The court shall also notify the victim if requested by the victim, and if the victim is under the age of 15 and if requested by the victim's parents or legal guardian, the court shall notify the victim's parents or legal guardian of the test results. The court shall provide information on the availability of HIV testing and counseling at Department of Public Health facilities to all parties to whom the results of the testing are revealed and shall direct the State's Attorney to provide the information to the victim when possible. A State's Attorney may petition the court to obtain the results of any HIV test administered under this Section, and the court shall grant the disclosure if the State's Attorney shows it is relevant in order to prosecute a charge of criminal transmission of HIV under Section 12-16.2 of the Criminal Code of 1961 against the defendant. The court shall order that the cost of any such test shall be paid by the county and may be taxed as costs against the convicted defendant.

(g-5) When an inmate is tested for an airborne communicable disease, as determined by the Illinois Department of Public Health including but not limited to tuberculosis, the results of the test shall be personally delivered by the warden or his or her designee in a sealed envelope to the judge of the court in which the inmate must appear for the judge's inspection in camera if requested by the judge. Acting in accordance with the best interests of those in the courtroom, the judge shall have the discretion to determine what if any precautions need to be taken to prevent transmission of the disease in the courtroom.

(h) Whenever a defendant is convicted of an offense under Section 1 or 2 of the Hypodermic Syringes and Needles Act, the defendant shall undergo medical testing to determine whether the defendant has been exposed to human immunodeficiency virus (HIV) or any other identified causative agent of acquired immunodeficiency syndrome

Acting in accordance with the best interests of the public, the judge shall have the discretion to determine to whom, if anyone, the results of the testing may be revealed. The court shall notify the defendant of a positive test showing an infection with the human immunodeficiency virus (HIV). The court shall provide information on the availability of HIV testing and counseling at Department of Public Health facilities to all parties to whom the results of the testing are revealed and shall direct the State's Attorney to provide the information to the victim when possible. A State's Attorney may petition the court to obtain the results of any HIV test administered under this Section, and the court shall grant the disclosure if the State's Attorney shows it is relevant in order to prosecute a charge of criminal transmission of HIV under Section 12-16.2 of the Criminal Code of 1961 against the defendant. The court shall order that the cost of any such test shall be paid by the county and may be taxed as costs against the convicted defendant.

(i) All fines and penalties imposed under this Section for any violation of Chapters 3, 4, 6, and 11 of the Illinois Vehicle Code, or a similar provision of a local ordinance, and any violation of the Child Passenger Protection Act, or a similar provision of a local ordinance, shall be collected and disbursed by the circuit clerk as provided under Section 27.5 of the Clerks of Courts Act.

(j) In cases when prosecution for any violation of Section 11-6, 11-8, 11-9, 11-11, 11-14, 11-15, 11-15.1, 11-16, 11-17, 11-17.1, 11-18, 11-18.1, 11-19, 11-19.1, 11-19.2, 11-20.1, 11-21, 12-13, 12-14, 12-14.1, 12-15, or 12-16 of the Criminal Code of 1961, any violation of the Illinois Controlled Substances Act, or any violation of the Cannabis Control Act results in conviction, a disposition of court supervision, or an order of probation granted under Section 10 of the Cannabis Control Act or Section 410 of the Illinois Controlled Substance Act of a defendant, the court shall determine whether the defendant is employed by a facility or center as defined under the Child Care Act of 1969, a public or private elementary or secondary school, or otherwise works with children under 18 years of age on a daily basis. When a defendant is so employed, the court shall order the Clerk of the Court to send a copy of the judgment of conviction or order of supervision or probation to the defendant's employer by certified mail. If the employer of the defendant is a school, the Clerk of the Court shall direct the mailing of a copy of the judgment of conviction or order of supervision or probation to the appropriate regional superintendent of schools. The regional superintendent of schools shall notify the State Board of Education of any notification under this subsection.

(j-5) A defendant at least 17 years of age who is convicted of a felony and who has not been previously convicted of a misdemeanor or felony and who is sentenced to a term of imprisonment in the Illinois Department of Corrections shall as a condition of his or her
sentence be required by the court to attend educational courses designed to prepare the
defendant for a high school diploma and to work toward a high school diploma or to work
ward passing the high school level Test of General Educational Development (GED) or
to work toward completing a vocational training program offered by the Department of
Corrections. If a defendant fails to complete the educational training required by his or her
sentence during the term of incarceration, the Prisoner Review Board shall, as a condition
of mandatory supervised release, require the defendant, at his or her own expense, to
pursue a course of study toward a high school diploma or passage of the GED test. The
Prisoner Review Board shall revoke the mandatory supervised release of a defendant who
wilfully fails to comply with this subsection (j-5) upon his or her release from confinement
in a penal institution while serving a mandatory supervised release term; however, the
inability of the defendant after making a good faith effort to obtain financial aid or pay for
the educational training shall not be deemed a wilful failure to comply. The Prisoner
Review Board shall recommit the defendant whose mandatory supervised release term has
been revoked under this subsection (j-5) as provided in Section 3-3-9. This subsection (j-5)
does not apply to a defendant who has a high school diploma or has successfully passed the
GED test. This subsection (j-5) does not apply to a defendant who is determined by the
court to be developmentally disabled or otherwise mentally incapable of completing the
educational or vocational program.

(k) A court may not impose a sentence or disposition for a felony or misdemeanor
that requires the defendant to be implanted or injected with or to use any form of birth
control.

(l) (A) Except as provided in paragraph (C) of subsection (l), whenever a defendant,
who is an alien as defined by the Immigration and Nationality Act, is convicted of any
felony or misdemeanor offense, the court after sentencing the defendant may, upon motion
of the State's Attorney, hold sentence in abeyance and remand the defendant to the custody
of the Attorney General of the United States or his or her designated agent to be deported when:

(1) a final order of deportation has been issued against the defendant
pursuant to proceedings under the Immigration and Nationality Act, and

(2) the deportation of the defendant would not deprecate the
seriousness of the defendant's conduct and would not be inconsistent with
the ends of justice.

Otherwise, the defendant shall be sentenced as provided in this Chapter V.

(B) If the defendant has already been sentenced for a felony or misdemeanor
offense, or has been placed on probation under Section 10 of the Cannabis Control
Act or Section 410 of the Illinois Controlled Substances Act, the court may, upon
motion of the State's Attorney to suspend the sentence imposed, commit the
defendant to the custody of the Attorney General of the United States or his or her
designated agent when:

(D) Upon motion of the State's Attorney, if a defendant sentenced under this Section returns to the jurisdiction of the United States, the defendant shall be recommitted to the custody of the county from which he or she was sentenced. The Administrator or, if the Administrator is not a veterinarian, the Deputy Administrator shall notify the attending physician or responsible health agency. (510 ILCS 5/15) (from Ch. 8, par. 365)

Sec. 15. (a) In order to have a dog deemed "vicious", the Administrator, Deputy Administrator, animal control warden, or law enforcement officer must give notice of the infraction that is the basis of the investigation to the owner, conduct a thorough investigation, interview any witnesses, including the owner, gather any existing medical records, veterinary medical records or behavioral evidence, and make a detailed report recommending a finding that the dog is a vicious dog and give the report to the States Attorney's Office and the owner. The Administrator, State's Attorney, Director or any citizen of the county in which the dog exists may file a complaint in the circuit court in the name of the People of the State of Illinois to deem a dog to be a vicious dog. Testimony of a certified applied behaviorist, a board certified veterinary behaviorist, or another recognized expert may be relevant to the court's determination of whether the dog's behavior was justified. The petitioner must prove the dog is a vicious dog by clear and convincing evidence. The Administrator shall determine where the animals shall be confined during the pendency of the case.

A dog shall not be declared vicious if the court determines the conduct of the dog was justified because:

(1) the threat, injury, or death was sustained by a person who at the time was committing a crime or offense upon the owner or custodian of the dog, or upon the property of the owner or custodian of the dog;

(2) the injured, threatened, or killed person was tormenting, abusing, assaulted, or physically threatening the dog or its offspring, or has in the past tormented, abused, assaulted, or physically threatened the dog or its offspring; or

(3) the dog was responding to pain or injury, or was protecting itself, its owner, custodian, or member of its household, kennel, or offspring. For purposes of this Section:

(1) "Vicious dog" means

(i) Any individual dog that when unprovoked inflicts bites or attacks a human being or other animal either on public or private property.

New matter indicated by italics - deletions by strikeout
(ii) Any individual dog with a known propensity, tendency or disposition to attack without provocation, to cause injury or to otherwise endanger the safety of human beings or domestic animals:

(iii) Any individual dog that has as a trait or characteristic and a generally known reputation for viciousness, dangerousness or unprovoked attacks upon human beings or other animals, unless handled in a particular manner or with special equipment:

(iv) Any individual dog which attacks a human being or domestic animal without provocation:

(v) Any individual dog which has been found to be a "dangerous dog" upon 3 separate occasions.

No dog shall be deemed "vicious" if it bites, attacks, or menaces a trespasser on the property of its owner or harms or menaces anyone who has tormented or abused it or is a professionally trained dog for law enforcement or guard duties. Vicious dogs shall not be classified in a manner that is specific as to breed.

If the burden of proof has been met, the court shall deem the dog to be a vicious dog.

If a dog is found to be a vicious dog, the dog shall be spayed or neutered within 10 days of the finding at the expense of its owner and microchipped, if not already, and is subject to enclosure. A dog found to be a vicious dog shall not be released to the owner until the Administrator, an Animal Control Warden, or the Director approves the enclosure. No owner or keeper of a vicious dog shall sell or give away the dog without court approval. Whenever an owner of a vicious dog relocates, he or she shall notify both the Administrator of County Animal Control where he or she has relocated and the Administrator of County Animal Control where he or she formerly resided.

(2) "Dangerous dog" or "dangerous animal" means any individual dog or animal which when either unmuzzled; unleashed, or unattended by its owner, or a member of its owner's family, in a vicious or terrorizing manner, approaches any person in an apparent attitude of attack upon streets, sidewalks, or any public grounds or places.

(3) "Enclosure" means a fence or structure of at least 6 feet in height, forming or causing an enclosure suitable to prevent the entry of young children, and suitable to confine a vicious dog in conjunction with other measures which may be taken by the owner or keeper, such as tethering of a vicious dog within the enclosure. Such enclosure shall be securely enclosed and locked and designed with secure sides, top and bottom and shall be designed to prevent the animal from escaping from the enclosure.

(4) "Impounded" means taken into the custody of the public pound in the city or town where the vicious dog is found.

New matter indicated by italics - deletions by strikeout
"Found to be vicious dog" means (i) that the Administrator, an Animal Control Warden, or a law enforcement officer has conducted an investigation and made a finding in writing that the dog is a vicious dog as defined in paragraph (1) of subsection (a) and, based on that finding, the Administrator, an Animal Control Warden, or the Director has declared in writing that the dog is a vicious dog or (ii) that the circuit court has found the dog to be a vicious dog as defined in paragraph (1) of subsection (a) and has entered an order based on that finding.

(b) It shall be unlawful for any person to keep or maintain any dog which has been found to be a vicious dog unless the such dog is at all times kept in an enclosure. The only times that a vicious dog may be allowed out of the enclosure are (1) if it is necessary for the owner or keeper to obtain veterinary care for the dog, (2) in the case of an emergency or natural disaster where the dog's life is threatened, or (3) to comply with the order of a court of competent jurisdiction, provided that the dog is securely muzzled and restrained with a leash chain having a tensile strength of 300 pounds and not exceeding 6 3 feet in length, and shall be under the direct control and supervision of the owner or keeper of the dog or muzzled in its residence.

Any dog which has been found to be a vicious dog and which is not confined to an enclosure shall be impounded by the Administrator, an Animal Control Warden, or the law enforcement authority having jurisdiction in such area, and shall be turned over to a licensed veterinarian for destruction by lethal injection.

If the owner of the dog has not appealed the impoundment order to the circuit court in the county in which the animal was impounded within 15 7 working days, the dog may be euthanized humanely dispatched. A dog found to be a vicious dog shall not be released to the owner until the Administrator, an Animal Control Warden, or the Director approves the enclosure as defined in this Section.

No owner or keeper of a vicious dog shall sell or give away the dog.

Upon filing a notice of appeal, the order of euthanasia shall be automatically stayed pending the outcome of the appeal. The owner shall bear the burden of timely notification to animal control in writing.

(c) It is unlawful for any person to maintain a public nuisance by permitting any dangerous dog or other animal to leave the premises of its owner when not under control by leash or other recognized control methods.

Guide dogs for the blind or hearing impaired, support dogs for the physically handicapped, and sentry, guard, or police-owned dogs are exempt from this Section; provided, an attack or injury to a person occurs while the dog is performing duties as expected. To qualify for exemption under this Section, each such dog shall be currently inoculated against rabies in accordance with Section 8 of this Act. It shall be the duty of the owner of such exempted dog to notify the Administrator of changes of address. In the case of a sentry or guard dog, the owner shall keep the Administrator advised of the location where such dog will be stationed. The Administrator shall provide police and fire
departments with a categorized list of such exempted dogs, and shall promptly notify such departments of any address changes reported to him.

The Administrator, the State's Attorney, or any citizen of the county in which a dangerous dog or other animal exists may file a complaint in the name of the People of the State of Illinois to enjoin all persons from maintaining or permitting such, to abate the same, and to enjoin the owner of such dog or other animal from permitting same to leave his or her premises when not under control by leash or other recognized control methods.

Upon the filing of a complaint in the circuit court, the court, if satisfied that this nuisance may exist, shall grant a preliminary injunction with bond in such amount as the court may determine enjoining the defendant from maintaining such nuisance. If the existence of the nuisance is established, the owner of such dog or other animal shall be in violation of this Act, and in addition, the court shall enter an order restraining the owner from maintaining such nuisance and shall may order that the such dog or other animal be humanely dispatched.

Sec. 8. Eligibility.

Members electing coverage for eligible dependents shall have the coverage effective immediately, provided that the election is properly filed in accordance with required filing dates and procedures specified by the Director.

(1) Every member originally eligible to elect dependent coverage, but not electing it during the original eligibility period, may subsequently obtain dependent coverage only in the event of a qualifying change in status, special enrollment, special circumstance as defined by the Director, or during the annual Benefit Choice Period.

(2) Members described above being transferred from previous coverage towards which the State has been contributing shall be transferred regardless of preexisting conditions, waiting periods, or other requirements that might jeopardize claim payments to which they would otherwise have been entitled.

(3) Eligible and covered members that are eligible for coverage as dependents except for the fact of being members shall be transferred to, and covered under, dependent status regardless of preexisting conditions, waiting periods, or other requirements that might jeopardize claim payments to which they would otherwise have been entitled upon cessation of member status and the election of dependent coverage by a member eligible to elect that coverage.

(b) New employees shall be immediately insured for the basic group life insurance and covered by the program of health benefits on the first day of active State service. Optional coverages or benefits, if elected during the relevant eligibility period, will become effective on the date of employment. Optional coverages or benefits applied for after the
eligibility period will be effective, subject to satisfactory evidence of insurability when applicable, or other necessary qualifications, pursuant to the requirements of the applicable benefit program, unless there is a change in status that would confer new eligibility for change of enrollment under rules established supplementing this Act, in which event application must be made within the new eligibility period.

(c) As to the group health benefits program contracted to begin or continue after June 30, 1973, each retired employee shall become immediately eligible and covered for all benefits available under that program. Retired employees may elect coverage for eligible dependents and shall have the coverage effective immediately, provided that the election is properly filed in accordance with required filing dates and procedures specified by the Director.

Except as otherwise provided in this Act, where husband and wife are both eligible members, each shall be enrolled as a member and coverage on their eligible dependent children, if any, may be under the enrollment and election of either.

Regardless of other provisions herein regarding late enrollment or other qualifications, as appropriate, the Director may periodically authorize open enrollment periods for each of the benefit programs at which time each member may elect enrollment or change of enrollment without regard to age, sex, health, or other qualification under the conditions as may be prescribed in rules and regulations supplementing this Act. Special open enrollment periods may be declared by the Director for certain members only when special circumstances occur that affect only those members.

(d) Beginning with fiscal year 2003 and for all subsequent years, eligible members may elect not to participate in the program of health benefits as defined in this Act. The election must be made during the annual benefit choice period, subject to the conditions in this subsection.

(1) Members must furnish proof of health benefit coverage, either comprehensive major medical coverage or comprehensive managed care plan, from a source other than the Department of Central Management Services in order to elect not to participate in the program.

(2) Members may re-enroll in the Department of Central Management Services program of health benefits upon showing a qualifying change in status, as defined in the U.S. Internal Revenue Code, without evidence of insurability and with no limitations on coverage for pre-existing conditions, provided that there was not a break in coverage of more than 63 days.

(3) Members may also re-enroll in the program of health benefits during any annual benefit choice period, without evidence of insurability.

(4) Members who elect not to participate in the program of health benefits shall be furnished a written explanation of the requirements and limitations for the election not to participate in the program and for re-enrolling in the program. The

An eligible member who has elected to participate as a dependent may re-enroll in the program of health benefits as an eligible member (i) during any subsequent annual benefit choice period or (ii) upon showing a qualifying change in status, as defined in the U.S. Internal Revenue Code, without evidence of insurability and with no limitations on coverage for pre-existing conditions.

A person who elects to participate in the program of health benefits as a dependent rather than as an eligible member shall be furnished a written explanation of the consequences of electing to participate as a dependent and the conditions and procedures for re-enrolling as an eligible member. The explanation shall also be included in the annual benefit choice options booklet furnished to members.

Section 99. Effective date. This Act takes effect upon becoming law.
Approved August 20, 2003.
Effective August 20, 2003.

\textbf{PUBLIC ACT 93-0555}
\textit{(Senate Bill No. 0076)}

AN ACT in relation to health and nutrition.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Nutrition Outreach and Public Education Act.

Section 5. Legislative findings. The General Assembly finds a definite correlation between proper health and adequate diet and nutrition and hereby recognizes the importance of federal food and nutrition assistance programs in minimizing the incidence of hunger and nutrition related health problems for those who participate in such programs.

The General Assembly also finds that a significant portion of otherwise eligible residents of Illinois do not participate in existing federal food assistance programs such as the food stamp program, school lunch and breakfast programs, child care food programs, summer food programs, the special supplemental program for women, infants and children, congregate meal programs, and home-delivered meal programs. That lack of participation is, in the General Assembly's view, due predominantly to a lack of adequate program information as to eligibility and application procedures, a lack of access to and in many instances availability of benefits under those federal food assistance programs, and the unavailability of federal funding specifically for outreach efforts to expand program coverage and participation among eligible persons.

The General Assembly believes that it is in the interest of the public health of the economically vulnerable residents of Illinois to establish a program of community-based nutrition outreach to enroll eligible targeted populations in federal food and nutrition assistance programs designed for them and to promote the fuller implementation and utilization of federal food assistance programs in unserved or underserved areas.

Section 10. Definitions. As used in this Act, unless the context requires otherwise:

New matter indicated by italics - deletions by strikeout
"At-risk populations" means populations including but not limited to families with children receiving aid under Article IV of the Illinois Public Aid Code, households receiving federal supplemental security income payments, households with incomes at or below 185% of the poverty guidelines updated annually in the Federal Register by the U.S. Department of Health and Human Services under authority of Section 673(2) of the Omnibus Budget Reconciliation Act of 1981, recipients of emergency food, elderly or disabled persons, homeless persons, unemployed persons, and families and persons residing in rural households who are at risk of nutritional deficiencies.

"Secretary" means the Secretary of Human Services.

"Food assistance programs" means programs including but not limited to the food stamp program, school breakfast and lunch programs, child care food programs, summer food service programs, the special supplemental programs for women, infants and children, congregate meal programs, and home-delivered meal programs.

"High-risk area" means any county or urban area where a significant percentage or number of those potentially eligible for food assistance programs are not participating in such programs.

Section 15. Program established. The Department of Human Services shall establish a nutrition outreach and public education program, to be administered by that Department in cooperation with the Department on Aging and the State Superintendent of Education. The program shall be established to ensure maximum participation by eligible persons in federal and State food assistance programs. The program shall be structured so as to increase participation statewide but with particular attention to high-risk areas with a focus on certain at-risk populations.

Section 20. Program features. Directly or through contract, the Secretary shall administer a program of nutrition outreach that shall include but shall not be limited to the following features:

1. Statewide coordination.
2. Coordination of efforts among State and local agencies, including but not limited to the Department of Human Services, the Department on Aging, the State Superintendent of Education, and community agencies involved in food assistance programs.
3. Compilation of statistical data from State and local agencies and dissemination to community organizations.
4. Provision of information as to the availability of, eligibility criteria for, and application procedures for food assistance programs.

Section 25. Grants to community organizations. The Secretary shall make grants from moneys appropriated for that purpose to community-based organizations or consortia of community-based organizations in high-risk areas for outreach activities. The outreach activities shall include but shall not be limited to the following:

New matter indicated by italics - deletions by strikeout
(1) Identifying barriers to participation in food assistance programs, including the unavailability of such programs.

(2) Identifying at-risk populations and individuals within the at-risk populations who are not participating.

(3) Disseminating information to and conducting training sessions for local groups.

(4) Disseminating information as to program availability, individual or household eligibility, and application procedures.

(5) Providing nutrition education for at-risk populations.

(6) Assisting families and individuals in meeting eligibility requirements.

Section 30. Criteria for high-risk areas. In determining whether a particular geographic area is a high-risk area and eligible for a grant, the Secretary may consider factors including but not limited to the following:

(1) Whether 50% or more of those potentially eligible are not participating in the food stamp program, or whether a significant number of the potentially eligible population, particularly the working poor and the elderly, are not participating.

(2) Whether 25% or more of the children are eligible for free or reduced-price meals in the school lunch program.

(3) Infant mortality or morbidity rates.

(4) Economic indicators including but not limited to the unemployment rate, prevailing wages, and recent loss of job base.

(5) A high concentration of at-risk populations.

(6) The unavailability of food assistance programs in the area because of lack of provider participation or lack of knowledge about the existence of such programs.

Section 35. Reports. The Secretary shall report on or before January 1 of each year to the Governor and the General Assembly concerning the implementation of this Act. The report shall include information as to community organizations funded through grants, the effects of the nutrition outreach and public education program on participation in food assistance programs, and recommendations regarding expansion of the nutrition outreach and public education program.

Section 40. Performance contingent on funding. The performance of activities required by this Act is contingent on the appropriation of funds for the purpose of nutrition outreach and public education.

Approved August 20, 2003.

AN ACT concerning county taxes.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Counties Code is amended by changing Section 5-1006.5 as follows:

(55 ILCS 5/5-1006.5)

Sec. 5-1006.5. Special County Retailers' Occupation Tax For Public Safety or Transportation.

(a) The county board of any county may impose a tax upon all persons engaged in the business of selling tangible personal property, other than personal property titled or registered with an agency of this State's government, at retail in the county on the gross receipts from the sales made in the course of business to provide revenue to be used exclusively for public safety or transportation purposes in that county, if a proposition for the tax has been submitted to the electors of that county and approved by a majority of those voting on the question. If imposed, this tax shall be imposed only in one-quarter percent increments. By resolution, the county board may order the proposition to be submitted at any election. If the tax is imposed for transportation purposes for expenditures for public highways or as authorized under the Illinois Highway Code, the county board must publish notice of the existence of its long-range highway transportation plan as required or described in Section 5-301 of the Illinois Highway Code and must make the plan publicly available prior to approval of the ordinance or resolution imposing the tax. If the tax is imposed for transportation purposes for expenditures for passenger rail transportation, the county board must publish notice of the existence of its long-range passenger rail transportation plan and must make the plan publicly available prior to approval of the ordinance or resolution imposing the tax. The county clerk shall certify the question to the proper election authority, who shall submit the proposition at an election in accordance with the general election law.

(1) The proposition for public safety purposes shall be in substantially the following form:

"Shall (name of county) be authorized to impose a public safety tax at the rate of .... upon all persons engaged in the business of selling tangible personal property at retail in the county on gross receipts from the sales made in the course of their business to be used for crime prevention, detention, and other public safety purposes?"

For the purposes of the paragraph, "public safety purposes" means crime prevention, detention, fire fighting, police, medical, ambulance, or other emergency services.

Votes shall be recorded as "Yes" or "No".

New matter indicated by italics - deletions by strikeout
The proposition for transportation purposes shall be in substantially the following form:

"Shall (name of county) be authorized to impose a tax at the rate of (insert rate) upon all persons engaged in the business of selling tangible personal property at retail in the county on gross receipts from the sales made in the course of their business to be used for transportation purposes?"

For the purposes of this paragraph, transportation purposes means construction, maintenance, operation, and improvement of public highways, any other purpose for which a county may expend funds under the Illinois Highway Code, and passenger rail transportation.

The votes shall be recorded as "Yes" or "No".

If a majority of the electors voting on the proposition vote in favor of it, the county may impose the tax. A county may not submit more than one proposition authorized by this Section to the electors at any one time.

This additional tax may not be imposed on the sales of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food which has been prepared for immediate consumption) and prescription and non-prescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes, and needles used by diabetics. The tax imposed by a county under this Section and all civil penalties that may be assessed as an incident of the tax shall be collected and enforced by the Illinois Department of Revenue and deposited into a special fund created for that purpose. The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act shall permit the retailer to engage in a business that is taxable without registering separately with the Department under an ordinance or resolution under this Section. The Department has full power to administer and enforce this Section, to collect all taxes and penalties due under this Section, to dispose of taxes and penalties so collected in the manner provided in this Section, and to determine all rights to credit memoranda arising on account of the erroneous payment of a tax or penalty under this Section. In the administration of and compliance with this Section, the Department and persons who are subject to this Section shall (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and (iii) employ the same modes of procedure as are prescribed in Sections 1, 1a, 1a-1, 1d, 1e, 1f, 1i, 1j, 1k, 1m, 1n, 2, 2-5, 2-5.5, 2-10 (in respect to all provisions contained in those Sections other than the State rate of tax), 2-15 through 2-70, 2a, 2b, 2c, 3 (except provisions relating to transaction returns and quarter monthly payments), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 11a, 12, and 13 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act as if those provisions were set forth in this Section.

New matter indicated by italics - deletions by strikeout
Persons subject to any tax imposed under the authority granted in this Section may reimburse themselves for their sellers' tax liability by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which sellers are required to collect under the Use Tax Act, pursuant to such bracketed schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the County Public Safety or Transportation Retailers' Occupation Tax Fund.

(b) If a tax has been imposed under subsection (a), a service occupation tax shall also be imposed at the same rate upon all persons engaged, in the county, in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property within the county as an incident to a sale of service. This tax may not be imposed on sales of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food prepared for immediate consumption) and prescription and non-prescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes, and needles used by diabetics. The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the Department of Revenue. The Department has full power to administer and enforce this subsection; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with this subsection, the Department and persons who are subject to this paragraph shall (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) be subject to the same conditions, restrictions, penalties, exclusions, exemptions, and definitions of terms, and (iii) employ the same modes of procedure as are prescribed in Sections 2 (except that the reference to State in the definition of supplier maintaining a place of business in this State shall mean the county), 2a, 2b, 2c, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the county), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the county), 9 (except as to the disposition of taxes and penalties collected), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the county), Section 15, 16, 17, 18, 19 and 20 of the Service Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.
Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their serviceman's tax liability by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the County Public Safety or Transportation Retailers’ Occupation Fund.

Nothing in this subsection shall be construed to authorize the county to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by the State.

(c) The Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected under this Section to be deposited into the County Public Safety or Transportation Retailers’ Occupation Tax Fund, which shall be an unappropriated trust fund held outside of the State treasury. On or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to the counties from which retailers have paid taxes or penalties to the Department during the second preceding calendar month. The amount to be paid to each county, and deposited by the county into its special fund created for the purposes of this Section, shall be the amount (not including credit memoranda) collected under this Section during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including (i) an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of the county and (ii) any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the county. Within 10 days after receipt by the Comptroller of the disbursement certification to the counties provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with directions contained in the certification.

In addition to the disbursement required by the preceding paragraph, an allocation shall be made in March of each year to each county that received more than $500,000 in disbursements under the preceding paragraph in the preceding calendar year. The allocation shall be in an amount equal to the average monthly distribution made to each such county under the preceding paragraph during the preceding calendar year (excluding the 2 months of highest receipts). The distribution made in March of each year subsequent to the year in which an allocation was made pursuant to this paragraph and the preceding

paragraph shall be reduced by the amount allocated and disbursed under this paragraph in the preceding calendar year. The Department shall prepare and certify to the Comptroller for disbursement the allocations made in accordance with this paragraph.

(d) For the purpose of determining the local governmental unit whose tax is applicable, a retail sale by a producer of coal or another mineral mined in Illinois is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or another mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the United States Constitution as a sale in interstate or foreign commerce.

(e) Nothing in this Section shall be construed to authorize a county to impose a tax upon the privilege of engaging in any business that under the Constitution of the United States may not be made the subject of taxation by this State.

(e-5) If a county imposes a tax under this Section, the county board may, by ordinance, discontinue or lower the rate of the tax. If the county board lowers the tax rate or discontinues the tax, a referendum must be held in accordance with subsection (a) of this Section in order to increase the rate of the tax or to reimpose the discontinued tax.

(f) Beginning April 1, 1998, the results of any election authorizing a proposition to impose a tax under this Section or effecting a change in the rate of tax, or any ordinance lowering the rate or discontinuing the tax, shall be certified by the county clerk and filed with the Illinois Department of Revenue either (i) on or before the first day of April, whereupon the Department shall proceed to administer and enforce the tax as of the first day of July next following the filing; or (ii) on or before the first day of October, whereupon the Department shall proceed to administer and enforce the tax as of the first day of January next following the filing.

(g) When certifying the amount of a monthly disbursement to a county under this Section, the Department shall increase or decrease the amounts by an amount necessary to offset any miscalculation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a miscalculation is discovered.

(h) This Section may be cited as the "Special County Occupation Tax For Public Safety or Transportation Law".

(i) For purposes of this Section, "public safety" includes, but is not limited to, crime prevention, detention, fire fighting, police, medical, ambulance, or other emergency services. For the purposes of this Section, "transportation" includes, but is not limited to, the construction, maintenance, operation, and improvement of public highways, any other purpose for which a county may expend funds under the Illinois Highway Code, and passenger rail transportation.

AN ACT regarding schools.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Section 2-3.25g as follows:
(105 ILCS 5/2-3.25g) (from Ch. 122, par. 2-3.25g)
Sec. 2-3.25g. Waiver or modification of mandates within the School Code and administrative rules and regulations. Notwithstanding any other provisions of this School Code or any other law of this State to the contrary, school districts may petition the State Board of Education for the waiver or modification of the mandates of this School Code or of the administrative rules and regulations promulgated by the State Board of Education. Waivers or modifications of administrative rules and regulations and modifications of mandates of this School Code may be requested when a school district demonstrates that it can address the intent of the rule or mandate in a more effective, efficient, or economical manner or when necessary to stimulate innovation or improve student performance. Waivers of mandates of the School Code may be requested when the waivers are necessary to stimulate innovation or improve student performance. Waivers may not be requested from laws, rules, and regulations pertaining to special education, teacher certification, or teacher tenure and seniority.

School districts, as a matter of inherent managerial policy, and any Independent Authority established under Section 2-3.25f may submit an application for a waiver or modification authorized under this Section. Each application must include a written request by the school district or Independent Authority and must demonstrate that the intent of the mandate can be addressed in a more effective, efficient, or economical manner or be based upon a specific plan for improved student performance and school improvement. Any district requesting a waiver or modification for the reason that intent of the mandate can be addressed in a more economical manner shall include in the application a fiscal analysis showing current expenditures on the mandate and projected savings resulting from the waiver or modification. Applications and plans developed by school districts must be approved by each board of education following a public hearing on the application and plan and the opportunity for the board to hear testimony from educators directly involved in its implementation, parents, and students. Such public hearing shall be held on a day other than the day on which a regular meeting of the board is held. The public hearing

must be preceded by at least one published notice occurring at least 7 days prior to the hearing in a newspaper of general circulation within the school district that sets forth the time, date, place, and general subject matter of the hearing. The school district must notify in writing the affected exclusive collective bargaining agent and those State legislators representing the district holding the public hearing of the district's intent to seek approval of a waiver or modification and of the hearing to be held to take testimony from educators. The affected exclusive collective bargaining agents shall be notified of such public hearing at least 7 days prior to the date of the hearing and shall be allowed to attend such public hearing. *The district shall attest to compliance with all of the notification and procedural requirements set forth in this Section.*

A request for a waiver or modification of administrative rules and regulations or for a modification of mandates contained in this School Code shall be submitted to the State Board of Education within 15 days after approval by the board of education. *The application as submitted to the State Board of Education shall include a description of the public hearing.* Following receipt of the request, the State Board shall have 45 days to review the application and request. If the State Board fails to disapprove the application within that 45 day period, the waiver or modification shall be deemed granted. The State Board may disapprove any request if it is not based upon sound educational practices, endangers the health or safety of students or staff, compromises equal opportunities for learning, or fails to demonstrate that the intent of the rule or mandate can be addressed in a more effective, efficient, or economical manner or have improved student performance as a primary goal. Any request disapproved by the State Board may be appealed to the General Assembly by the requesting school district as outlined in this Section.

A request for a waiver from mandates contained in this School Code shall be submitted to the State Board within 15 days after approval by the board of education. *The application as submitted to the State Board of Education shall include a description of the public hearing. The description shall include, but need not be limited to, the means of notice, the number of people in attendance, the number of people who spoke as proponents or opponents of the waiver, a brief description of their comments, and whether there were any written statements submitted.* The State Board shall review the applications and requests for completeness and shall compile the requests in reports to be filed with the General Assembly. The State Board shall file reports outlining the waivers requested by school districts and appeals by school districts of requests disapproved by the State Board with the Senate and the House of Representatives before each May 1 and October 1. The General Assembly may disapprove the report of the State Board in whole or in part within 30 calendar days after each house of the General Assembly next convenes after the report is filed by adoption of a resolution by a record vote of the majority of members elected in each house. If the General Assembly fails to disapprove any waiver request or appealed request within such 30 day period, the waiver or modification shall be deemed granted.
Any resolution adopted by the General Assembly disapproving a report of the State Board in whole or in part shall be binding on the State Board.

An approved waiver or modification may remain in effect for a period not to exceed 5 school years and may be renewed upon application by the school district. However, such waiver or modification may be changed within that 5-year period by a local school district board following the procedure as set forth in this Section for the initial waiver or modification request. If neither the State Board of Education nor the General Assembly disapproves, the change is deemed granted.

On or before February 1, 1998, and each year thereafter, the State Board of Education shall submit a cumulative report summarizing all types of waiver mandates and modifications of mandates granted by the State Board or the General Assembly. The report shall identify the topic of the waiver along with the number and percentage of school districts for which the waiver has been granted. The report shall also include any recommendations from the State Board regarding the repeal or modification of waived mandates.

(55 ILCS 5/5-1103) (from Ch. 34, par. 5-1103)

Sec. 5-1103. Court services fee. A county board may enact by ordinance or resolution a court services fee dedicated to defraying court security expenses incurred by the sheriff in providing court services or for any other court services deemed necessary by the sheriff to provide for court security, including without limitation court services provided pursuant to Section 3-6023, as now or hereafter amended. Such fee shall be paid in civil cases by each party at the time of filing the first pleading, paper or other appearance; provided that no additional fee shall be required if more than one party is represented in a single pleading, paper or other appearance. judgment of conviction, or order of supervision, or sentence of probation without entry of judgment pursuant to Section 10 of the Cannabis Control Act, Section 410 of the Illinois Controlled Substances Act, Section 12-4.3 of the Criminal Code of 1961, Section 10-102 of the Illinois Alcoholism and Other Drug Dependency Act, Section 40-10 of the Alcoholism and Other Drug Abuse and Dependency Act, or Section 10 of the Steroid Control Act. In setting such fee, the county board may impose, with the concurrence of the Chief Judge of the judicial circuit in which the county is located by administrative order entered by the Chief Judge, differential rates for the various types or categories of criminal and civil cases, but the maximum rate shall not exceed $25. All proceeds from this fee must be used to defray court security expenses incurred by the sheriff in providing court services. No fee shall be imposed or collected, however, in traffic, conservation, and ordinance cases in which fines are paid without a court appearance. The fees shall be collected in the manner in which all other court fees or costs are collected and shall be deposited into the county general fund for payment solely of costs incurred by the sheriff in providing court security or for any other court services deemed necessary by the sheriff to provide for court security.

PUBLIC ACT 93-0559
(Senate Bill No. 0706)

AN ACT in relation to governmental ethics.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Secretary of State Act is amended by adding Section 14 as follows:
(15 ILCS 305/14 new)
(a) The Secretary of State must, with the advice and consent of the Senate, appoint an Inspector General for the purpose of detection, deterrence, and prevention of fraud, corruption, mismanagement, gross or aggravated misconduct, or misconduct that may be criminal in nature in the Office of the Secretary of State. The Inspector General shall serve a 5-year term. If no successor is appointed and qualified upon the expiration of the Inspector General's term, the Office of Inspector General is deemed vacant and the powers and duties under this Section may be exercised only by an appointed and qualified interim Inspector General until a successor Inspector General is appointed and qualified. If the General Assembly is not in session when a vacancy in the Office of Inspector General

New matter indicated by italics - deletions by strikeout
occurs, the Secretary of State may appoint an interim Inspector General whose term shall expire 2 weeks after the next regularly scheduled session day of the Senate.

(b) The Inspector General shall have the following qualifications:

(1) has not been convicted of any felony under the laws of this State, another State, or the United States;

(2) has earned a baccalaureate degree from an institution of higher education; and

(3) has either (A) 5 or more years of service with a federal, State, or local law enforcement agency, at least 2 years of which have been in a progressive investigatory capacity; (B) 5 or more years of service as a federal, State, or local prosecutor; or (C) 5 or more years of service as a senior manager or executive of a federal, State, or local agency.

c) The Inspector General may review, coordinate, and recommend methods and procedures to increase the integrity of the Office of the Secretary of State. The duties of the Inspector General shall supplement and not supplant the duties of the Chief Auditor for the Secretary of State's Office or any other Inspector General that may be authorized by law. The Inspector General must report directly to the Secretary of State.

d) In addition to the authority otherwise provided by this Section, but only when investigating the Office of the Secretary of State, its employees, or their actions for fraud, corruption, mismanagement, gross or aggravated misconduct, or misconduct that may be criminal in nature, the Inspector General is authorized:

(1) To have access to all records, reports, audits, reviews, documents, papers, recommendations, or other materials available that relate to programs and operations with respect to which the Inspector General has responsibilities under this Section.

(3) To request any information or assistance that may be necessary for carrying out the duties and responsibilities provided by this Section from any local, State, or federal governmental agency or unit thereof.

(4) To require by subpoena the appearance of witnesses and the production of all information, documents, reports, answers, records, accounts, papers, and other data and documentary evidence necessary in the performance of the functions assigned by this Section, with the exception of subsection (c) and with the exception of records of a labor organization authorized and recognized under the Illinois Public Labor Relations Act to be the exclusive bargaining representative of employees of the Secretary of State, including, but not limited to, records of representation of employees and the negotiation of collective bargaining agreements. A subpoena may be issued under this paragraph (4) only by the

Inspector General and not by members of the Inspector General’s staff. A person duly subpoenaed for testimony, documents, or other items who neglects or refuses to testify or produce documents or other items under the requirements of the subpoena shall be subject to punishment as may be determined by a court of competent jurisdiction, unless (i) the testimony, documents, or other items are covered by the attorney-client privilege or any other privilege or right recognized by law or (ii) the testimony, documents, or other items concern the representation of employees and the negotiation of collective bargaining agreements by a labor organization authorized and recognized under the Illinois Public Labor Relations Act to be the exclusive bargaining representative of employees of the Secretary of State. Nothing in this Section limits a person’s right to protection against self-incrimination under the Fifth Amendment of the United States Constitution or Article I, Section 10, of the Constitution of the State of Illinois.

(5) To have direct and prompt access to the Secretary of State for any purpose pertaining to the performance of functions and responsibilities under this Section.

(e) The Inspector General may receive and investigate complaints or information from an employee of the Secretary of State concerning the possible existence of an activity constituting a violation of law, rules, or regulations; mismanagement; abuse of authority; or substantial and specific danger to the public health and safety. Any employee who knowingly files a false complaint or files a complaint with reckless disregard for the truth or the falsity of the facts underlying the complaint may be subject to discipline as set forth in the rules of the Department of Personnel of the Secretary of State.

The Inspector General may not, after receipt of a complaint or information from an employee, disclose the identity of the employee without the consent of the employee, unless the Inspector General determines that disclosure of the identity is reasonable and necessary for the furtherance of the investigation.

Any employee who has the authority to recommend or approve any personnel action or to direct others to recommend or approve any personnel action may not, with respect to that authority, take or threaten to take any action against any employee as a reprisal for making a complaint or disclosing information to the Inspector General, unless the complaint was made or the information disclosed with the knowledge that it was false or with willful disregard for its truth or falsity.

(f) The Inspector General must adopt rules, in accordance with the provisions of the Illinois Administrative Procedure Act, establishing minimum requirements for initiating, conducting, and completing investigations. The rules must establish criteria for determining, based upon the nature of the allegation, the appropriate method of investigation, which may include, but is not limited to, site visits, telephone contacts, personal interviews, or requests for written responses. The rules must also clarify how the
Office of the Inspector General shall interact with other local, State, and federal law enforcement investigations.

Any employee of the Secretary of State subject to investigation or inquiry by the Inspector General or any agent or representative of the Inspector General concerning misconduct that is criminal in nature shall have the right to be notified of the right to remain silent during the investigation or inquiry and the right to be represented in the investigation or inquiry by an attorney or a representative of a labor organization that is the exclusive collective bargaining representative of employees of the Secretary of State. Any investigation or inquiry by the Inspector General or any agent or representative of the Inspector General must be conducted with an awareness of the provisions of a collective bargaining agreement that applies to the employees of the Secretary of State and with an awareness of the rights of the employees as set forth in State and federal law and applicable judicial decisions. Any recommendations for discipline or any action taken against any employee by the Inspector General or any representative or agent of the Inspector General must comply with the provisions of the collective bargaining agreement that applies to the employee.

(g) On or before January 1 of each year, the Inspector General shall report to the President of the Senate, the Minority Leader of the Senate, the Speaker of the House of Representatives, and the Minority Leader of the House of Representatives on the types of investigations and the activities undertaken by the Office of the Inspector General during the previous calendar year.

Section 10. The Secretary of State Merit Employment Code is amended by changing Section 16 as follows:

(15 ILCS 310/16) (from Ch. 124, par. 116)

Sec. 16. Status of present employees. Employees holding positions in the Office of the Secretary of State herein shall continue under the following conditions:

(1) Employees who have been appointed as the result of having passed examinations in accordance with the provisions of the "Personnel Code", and who have satisfactorily passed the probationary period or who have been promoted in accordance with the rules thereunder, shall be continued without further examination, but shall be otherwise subject to provisions of this Act and the rules made pursuant to it.

(2) Employees who have been appointed as the result of having passed examinations pursuant to the provisions of the "Personnel Code" but have not completed their probationary period on the effective date of this Act shall be continued without further examination but shall be otherwise subject to provisions of this Act and the rules made pursuant to it. Time served on probation prior to the effective date of this Act shall count as time served on the probationary period provided by this Act.

(2.5) Persons who, immediately before the effective date of this amendatory Act of the 93rd General Assembly, were employees with investigatory functions of the Inspector General within the Office of the Secretary of State and who are subject to the Secretary of
State Merit Employment Code shall be appointed to the position of inspector, as described in Section 14 of the Secretary of State Act, if they: (i) meet the requirements described in Section 14 of the Secretary of State Act; (ii) pass a qualifying examination as prescribed by the Director of Personnel within 6 months after the effective date of this amendatory Act of the 93rd General Assembly; and (iii) satisfactorily complete their respective probationary periods. The qualifying examination for inspectors shall be similar to those required for entrance examinations for comparable positions in the Office of the Secretary of State. Inspectors shall be appointed without regard to eligible lists. Nothing in this subsection precludes the Office of the Secretary of State from reclassifying or reallocating employees who would otherwise qualify as inspectors.

(3) All other such employees subject to the provisions of this Act shall be continued in their respective positions if they pass a qualifying examination prescribed by the Director within 9 months from the effective date of this Act, and satisfactorily complete their respective probationary periods. Such qualifying examinations shall be similar to those required for entrance examinations for comparable positions in the Office of the Secretary of State. Appointments of such employees shall be without regard to eligible lists. Nothing herein precludes the reclassification or reallocation as provided by this Act of any position held by such incumbent.

(4) Nothing in this Act shall be construed to prejudice, reduce, extinguish or affect the rights or privileges determined through judicial process to have been conferred on any present or past employee under the Illinois Personnel Code. In the event that any court of competent jurisdiction shall determine that present or past employees of the Secretary of State have any rights arising from the Illinois Personnel Code, those rights shall be recognized under this Act.

(5) Any person who, as a result of any court order, court approved stipulation or settlement, has any employment or re-employment rights prior to the effective date of this Act shall continue to have such rights after the effective date of this Act.

Section 5. The Property Tax Code is amended by changing Sections 9-260, 21-15, and 21-30 as follows:

(35 ILCS 200/9-260)

Sec. 9-260. Assessment of omitted property; counties of 3,000,000 or more.

(a) After signing the affidavit, the county assessor shall have power, when directed by the board of appeals (until the first Monday in December 1998 and the board of review beginning the first Monday in December 1998 and thereafter), or on his or her own initiative, to assess properties which may have been omitted from assessments for the current year or during any years for which the property was liable to be taxed, and for which the tax has not been paid, but only on notice and an opportunity to be heard in the manner and form required by law, and shall enter the assessments upon the assessment books. No charge for tax of previous years shall be made against any property if (a) the property was last assessed as unimproved, (b) the owner of such property gave notice of subsequent improvements and requested a reassessment as required by Section 9-180, and (c) reassessment of the property was not made within the 16 month period immediately following the receipt of that notice.

(b) Any taxes based on the omitted assessment of a property pursuant to Sections 9-260 through 9-270 shall be prepared and mailed at the same time as the estimated first installment property tax bill for the preceding year (as described in Section 21-30) is prepared and mailed. The omitted assessment tax bill is not due until the date on which the second installment property tax bill for the preceding year becomes due. The omitted assessment tax bill shall be deemed delinquent and shall bear interest beginning on the day after the due date of the second installment (as described in Section 21-25). Any taxes for omitted assessments deemed delinquent after the due date of the second installment tax bill shall bear interest at the rate of 1.5% per month or portion thereof until paid or forfeited (as described in Section 21-25).

(c) The assessor shall have no power to change the assessment or alter the assessment books in any other manner or for any other purpose so as to change or affect the taxes in that year, except as ordered by the board of appeals (until the first Monday in December 1998 and the board of review beginning the first Monday in December 1998 and thereafter). The county assessor shall make all changes and corrections ordered by the board of appeals (until the first Monday in December 1998 and the board of review beginning the first Monday in December 1998 and thereafter). The county assessor may for the purpose of revision by the board of appeals (until the first Monday in December 1998 and the board of review beginning the first Monday in December 1998 and thereafter) certify the assessment books for any town or taxing district after or when such books are completed.

(35 ILCS 200/21-15)
Sec. 21-15. General tax due dates; default by mortgage lender. Except as otherwise provided in this Section or Section 21-40, all property upon which the first installment of taxes remains unpaid on June 1 annually shall be deemed delinquent and shall bear interest after June 1 at the rate of 1 1/2% per month or portion thereof. Except as otherwise provided in this Section or Section 21-40, all property upon which the second installment of taxes remains due and unpaid on September 1, annually, shall be deemed delinquent and shall bear interest after September 1 at the same interest rate. All interest collected shall be paid into the general fund of the county. Payment received by mail and postmarked on or before the required due date is not delinquent.

Property not subject to the interest charge in Section 9-260 or Section 9-265 shall also not be subject to the interest charge imposed by this Section until such time as the owner of the property receives actual notice of and is billed for the principal amount of back taxes due and owing.

If a member of a reserve component of the armed forces of the United States who has an ownership interest in property taxed under this Act is called to active duty for deployment outside the continental United States and is on active duty on the due date of any installment of taxes due under this Act, he or she shall not be deemed delinquent in the payment of the installment and no interest shall accrue or be charged as a penalty on the installment until 30 days after that member returns from active duty.

Notwithstanding any other provision of law, when any unpaid taxes become delinquent under this Section through the fault of the mortgage lender, (i) the interest assessed under this Section for delinquent taxes shall be charged against the mortgage lender and not the mortgagor and (ii) the mortgage lender shall pay the taxes, redeem the property and take all necessary steps to remove any liens accruing against the property because of the delinquency. In the event that more than one entity meets the definition of mortgage lender with respect to any mortgage, the interest shall be assessed against the mortgage lender responsible for servicing the mortgage. Unpaid taxes shall be deemed delinquent through the fault of the mortgage lender only if: (a) the mortgage lender has received all payments due the mortgage lender for the property being taxed under the written terms of the mortgage or promissory note secured by the mortgage, (b) the mortgage lender holds funds in escrow to pay the taxes, and (c) the funds are sufficient to pay the taxes after deducting all amounts reasonably anticipated to become due for all hazard insurance premiums and mortgage insurance premiums and any other assessments to be paid from the escrow under the terms of the mortgage. For purposes of this Section, an amount is reasonably anticipated to become due if it is payable within 12 months from the time of determining the sufficiency of funds held in escrow. Unpaid taxes shall not be deemed delinquent through the fault of the mortgage lender if the mortgage lender was directed in writing by the mortgagor not to pay the property taxes, or if the failure to pay the taxes when due resulted from inadequate or inaccurate parcel information provided by
the mortgagor, a title or abstract company, or by the agency or unit of government assessing the tax.

(35 ILCS 200/21-30)

Sec. 21-30. Accelerated billing. Except as provided in this Section, Section 9-260, and Section 21-40, in counties with 3,000,000 or more inhabitants, by January 31 annually, estimated tax bills setting out the first installment of property taxes for the preceding year, payable in that year, shall be prepared and mailed. The first installment of taxes on the estimated tax bills shall be computed at 50% of the total of each tax bill for the preceding year. If, prior to the preparation of the estimated tax bills, a certificate of error has been either approved by a court on or before November 30 of the preceding year or certified pursuant to Section 14-15 on or before November 30 of the preceding year, then the first installment of taxes on the estimated tax bills shall be computed at 50% of the total taxes for the preceding year as corrected by the certificate of error. By June 30 annually, actual tax bills shall be prepared and mailed. These bills shall set out total taxes due and the amount of estimated taxes billed in the first installment, and shall state the balance of taxes due for that year as represented by the sum derived from subtracting the amount of the first installment from the total taxes due for that year.

The county board may provide by ordinance, in counties with 3,000,000 or more inhabitants, for taxes to be paid in 4 installments. For the levy year for which the ordinance is first effective and each subsequent year, estimated tax bills setting out the first, second, and third installment of taxes for the preceding year, payable in that year, shall be prepared and mailed not later than the date specified by ordinance. Each installment on estimated tax bills shall be computed at 25% of the total of each tax bill for the preceding year. By the date specified in the ordinance, actual tax bills shall be prepared and mailed. These bills shall set out total taxes due and the amount of estimated taxes billed in the first, second, and third installments and shall state the balance of taxes due for that year as represented by the sum derived from subtracting the amount of the estimated installments from the total taxes due for that year.

The county board of any county with less than 3,000,000 inhabitants may, by ordinance or resolution, adopt an accelerated method of tax billing. The county board may subsequently rescind the ordinance or resolution and revert to the method otherwise provided for in this Code.

Taxes levied on homestead property in which a member of the National Guard or reserves of the armed forces of the United States who was called to active duty on or after August 1, 1990, and who has an ownership interest shall not be deemed delinquent and no interest shall accrue or be charged as a penalty on such taxes due and payable in 1991 or 1992 until one year after that member returns to civilian status.

"Lender" does not include purchasers, assignees, or subsequent holders of high risk home loans.

"Office" means the Office of Banks and Real Estate.

"Points and fees" means all items required to be disclosed as points and fees under 12 CFR 226.32 (2000, no subsequent amendments or editions included); the premium of any single premium credit life, credit disability, credit unemployment, or any other life or health insurance that is financed directly or indirectly into the loan; and compensation paid directly or indirectly to a mortgage broker, including a broker that originates a loan in its own name in a table-funded transaction, not otherwise included in 12 CFR 226.4.

"Total loan amount" has the same meaning as that term is given in 12 CFR 226.32 and shall be calculated in accordance with the Federal Reserve Board's Official Staff Commentary to that regulation.

Section 15. Ability to repay. A creditor or broker shall not transfer, deal in, offer, or make a high risk home loan if the creditor or broker does not believe at the time the loan is consummated that the borrower will be able to make the scheduled payments to repay the obligation based upon a consideration of his or her current and expected income, current obligations, employment status, and other financial resources (other than the borrower's equity in the dwelling that secures repayment of the loan). A borrower shall be presumed to be able to repay the loan if, at the time the loan is consummated, or at the time of the first rate adjustment, in the case of a lower introductory interest rate, the borrower's scheduled monthly payments on the loan (including principal, interest, taxes, insurance, and assessments), combined with the scheduled payments for all other disclosed debts, do not exceed 50% of the borrower's monthly gross income.

Section 20. Verification of ability to repay loan. The lender shall verify the borrower's ability to repay the loan in the case of a high risk home loan. The verification shall require, at a minimum, the following:

New matter indicated by italics - deletions by strikeout
(1) That the borrower prepare and submit to the lender a personal income and expense statement in a form prescribed by the Commissioner or the Director, who may permit the use of other forms such as the URLA (Fannie Mae Form 1003 (10/92), available from Fannie Mae, 3900 Wisconsin Avenue, NW, Washington, D.C. 20016-2892, and Freddie Mac Form 85 (10/92), available from Freddie Mac at 1101 Pennsylvania Avenue, NW, Suite 950, P.O. Section 30. Prepayment penalty. For any loan that is subject to the provisions of this Act and is not subject to the provisions of the Home Ownership and Equity Protection Act of 1994, no lender shall make a high risk home loan that includes a penalty provision for payment made: (i) after the expiration of the 36-month period following the date the loan was made; or (ii) that is more than:

(1) 3% of the total loan amount if the prepayment is made within the first 12-month period following the date the loan was made;
(2) 2% of the total loan amount if the prepayment is made within the second 12-month period following the date the loan was made; or
(3) 1% of the total loan amount if the prepayment is made within the third 12-month period following the date the loan was made.

Section 40. Pre-paid insurance products and warranties. No lender shall transfer, deal in, offer, or make a high risk home loan that finances a single premium credit life, credit disability, credit unemployment, or any other life or health insurance, directly or indirectly. Insurance calculated and paid on a monthly basis shall not be considered to be financed by the lender.

Section 45. Refinancing prohibited in certain cases. No lender shall refinance any high risk home loan where such refinancing charges additional points and fees within a 12-month period after the original loan agreement was signed, unless the refinancing results in a tangible net benefit to the borrower.
Section 55. Financing of points and fees. No lender shall transfer, deal in, offer, or make a high risk home loan that finances points and fees in excess of 6% of the total loan amount.

Section 60. Payments to contractors. No lender shall make a payment of any proceeds of a high risk home loan directly to a contractor under a home improvement contract other than:

(1) by instrument payable to the borrower or payable jointly to the borrower and contractor; or

(2) at the election of the borrower, by a third-party escrow agent in accordance with the terms established in a written agreement that is signed by the borrower, the lender, and the contractor before the date of payment.

Section 65. Negative amortization. No lender shall transfer, deal in, offer, or make a high risk home loan, other than a loan secured only by a reverse mortgage, with terms under which the outstanding balance will increase at any time over the course of the loan because the regular periodic payments do not cover the full amount of the interest due, unless the negative amortization is the consequence of a temporary forbearance sought by the borrower.

Section 70. Negative equity. No lender shall transfer, deal in, offer, or make a high risk home loan where the loan amount exceeds the value of the property securing the loan.

Section 80. Late payment fee. A lender shall not transfer, deal in, offer, or make a high risk home loan that provides for a late payment fee, except under the following conditions:

(1) the late payment fee shall not be in excess of 5% of the amount of the payment past due;

(2) the late payment fee shall only be assessed for a payment past due for 15 days or more;

(3) the late payment fee shall not be imposed more than once with respect to a single late payment;

(4) a late payment fee that the lender has collected shall be reimbursed if the borrower presents proof of having made a timely payment; and

(5) a lender shall treat each payment as posted on the same business day as it was received by the lender, servicer, or lender's agent or at the address provided to the borrower by the lender, servicer, or lender's agent for making payments.

Section 85. Payment compounding. No lender shall transfer, deal in, offer, or make a high risk home loan that includes terms under which more than 2 periodic payments required under the loan are consolidated and paid in advance from the loan proceeds provided to the borrower.

Section 90. Call provision. No lender shall transfer, deal in, offer, or make a high risk home loan that contains a provision that permits the lender, in its sole discretion, to
accelerate the indebtedness, provided that this provision does not prohibit acceleration of a loan in good faith due to a borrower's failure to abide by the material terms of the loan.

Section 95. Disclosure prior to making a high risk home loan. A lender shall not transfer, deal in, offer, or make a high risk home loan unless the lender has given the following notice or a substantially similar notice in writing, to the borrower, acknowledged in writing and signed by the borrower not later than the time the notice is required under the notice provision contained in 12 CFR 226.31(c):

NOTICE TO BORROWER
YOU SHOULD BE AWARE THAT YOU MIGHT BE ABLE TO OBTAIN A LOAN AT A LOWER COST. YOU SHOULD SHOP AROUND AND COMPARE LOAN RATES AND FEES. LOAN RATES AND CLOSING COSTS AND FEES VARY BASED ON MANY FACTORS, INCLUDING YOUR PARTICULAR CREDIT AND FINANCIAL CIRCUMSTANCES, YOUR EMPLOYMENT HISTORY, THE LOAN-TO-VALUE REQUESTED, AND THE TYPE OF PROPERTY THAT WILL SECURE YOUR LOAN. THE LOAN RATE AND FEES COULD ALSO VARY BASED ON WHICH LENDER OR BROKER YOU SELECT. IF YOU ACCEPT THE TERMS OF THIS LOAN, THE LENDER WILL HAVE A MORTGAGE LIEN ON YOUR HOME. YOU COULD loose YOUR HOME AND ANY MONEY YOU PUT INTO IT IF YOU DO NOT MEET YOUR PAYMENT OBLIGATIONS UNDER THE LOAN. YOU SHOULD CONSULT AN ATTORNEY-AT-LAW AND AN APPROVED CREDIT COUNSELOR OR OTHER EXPERIENCED FINANCIAL ADVISOR REGARDING THE RATE, FEES, AND PROVISIONS OF THIS LOAN BEFORE YOU PROCEED. A LIST OF APPROVED CREDIT COUNSELORS IS AVAILABLE BY CONTACTING EITHER THE ILLINOIS DEPARTMENT OF FINANCIAL INSTITUTIONS OR THE ILLINOIS OFFICE OF BANKS AND REAL ESTATE. YOU ARE NOT REQUIRED TO COMPLETE THIS LOAN AGREEMENT MERELY BECAUSE YOU HAVE RECEIVED THIS DISCLOSURE OR HAVE SIGNED A LOAN APPLICATION. ALSO, YOUR PAYMENTS ON EXISTING DEBTS CONTRIBUTE TO YOUR CREDIT RATINGS. YOU SHOULD NOT ACCEPT ANY ADVICE TO IGNORE YOUR REGULAR PAYMENTS TO YOUR EXISTING LENDERS.

Section 100. Counseling prior to perfecting foreclosure proceedings.

(a) If a high risk home loan becomes delinquent by more than 30 days, the servicer shall send a notice advising the borrower that he or she may wish to seek approved credit counseling.

(b) The notice required in subsection (a) shall, at a minimum, include the following language:

"YOUR LOAN IS OR WAS MORE THAN 30 DAYS PAST DUE. YOU MAY BE EXPERIENCING FINANCIAL DIFFICULTY. IT MAY BE IN YOUR BEST INTEREST TO SEEK APPROVED CREDIT COUNSELING. A LIST OF APPROVED CREDIT COUNSELORS MAY BE OBTAINED FROM EITHER THE ILLINOIS DEPARTMENT..."
OF FINANCIAL INSTITUTIONS OR THE ILLINOIS OFFICE OF BANKS AND REAL ESTATE."

(c) If, within 15 days after mailing the notice provided for under subsection (b), a lender, servicer, or lender's agent is notified in writing by an approved credit counselor and the approved credit counselor advises the lender, servicer, or lender's agent that the borrower is seeking approved credit counseling, then the lender, servicer, or lender's agent shall not institute legal action under Part 15 of Article XV of the Code of Civil Procedure for 30 days after the date of that notice. Only one such 30-day period of forbearance is allowed under this Section per subject loan.

(d) If, within the 30-day period provided under subsection (c), the lender, servicer, or lender's agent, the approved credit counselor, and the borrower agree to a debt management plan, then the lender, servicer, or lender's agent shall not institute legal action under Part 15 of Article XV of the Code of Civil Procedure for as long as the debt management plan is complied with by the borrower.

The agreed debt management plan must be in writing and signed by the lender, servicer, or lender's agent, the approved credit counselor, and the borrower. No modification of an approved debt management plan can be made without the mutual agreement of the lender, servicer, or lender's agent, the approved credit counselor, and the borrower.

Upon written notice to the lender, servicer, or lender's agent, the borrower may change approved credit counselors.

(e) If the borrower fails to comply with the agreed debt management plan, then nothing in this Section shall be construed to impair the legal right of the lender, servicer, or lender's agent to enforce the contract.

Section 105. Right to cure.

(a) Before an action is filed to foreclose or collect money due pursuant to a high risk home loan or before other action is taken to seize or transfer ownership of property subject to a high risk home loan, the lender or lender's assignee of the loan shall deliver to the borrower a notice of the right to cure the default, informing the borrower of all of the following:

(1) The nature of the default.
(2) The borrower's right to cure the default by paying the sum of money required, provided that a lender or assignee shall accept any partial payment made or tendered in response to the notice. If the amount necessary to cure the default will change within 30 days of the notice due to the application of a daily interest rate or the addition of late fees, as allowed by the Act, the notice shall give sufficient information to enable the borrower to calculate the amount at any point within the 30-day period.
(3) The date by which the borrower may cure the default to avoid a court action, acceleration and initiation of foreclosure, or other action to seize the

New matter indicated by italics - deletions by strikeout
property, which date shall not be less than 30 days after the date the notice is delivered, and the name, address, and telephone number of a person to whom the payment or tender shall be made.

(4) That if the borrower does not cure the default by the date specified, the lender or assignee may file an action for money due or take steps to terminate the borrower's ownership in the property by requiring payment in full of the high risk home loan and commencing a foreclosure proceeding or other action to seize the property.

(5) The name, address, and telephone number of a person whom the borrower may contact if the borrower disagrees with the assertion that a default has occurred or the correctness of the calculation of the amount required to cure the default.

(b) If a lender or assignee asserts that grounds for acceleration exist and requires the payment in full of all sums secured by the high risk home loan, the borrower or anyone authorized to act on the borrower's behalf may, at any time before the title is transferred by means of foreclosure, by judicial proceeding and sale, or other means, cure the default, and reinstate the high risk home loan. Cure of the default shall reinstate the borrower to the same position as if the default had not occurred and shall nullify, as of the date of the cure, an acceleration of any obligation under the high risk home loan arising from the default.

(c) To cure a default under this Section, a borrower shall not be required to pay any charge, fee, or penalty attributable to the exercise of the right to cure a default, other than the fees specifically allowed by this subsection. The borrower shall not be liable for any attorney fees relating to the default that are incurred by the lender or assignee prior to or during the 30-day period set forth in subsection (a) of this Section, nor for any such fees in excess of $100 that are incurred by the lender or assignee after the expiration of the 30-day period but before the lender or assignee files a foreclosure or other judicial action or takes other action to seize or transfer ownership of the real estate. After the lender or assignee files a foreclosure or other judicial action or takes other action to seize or transfer ownership of the real estate, the borrower shall only be liable for attorney fees that are reasonable and actually incurred by the lender or assignee, based on a reasonable hourly rate and a reasonable number of hours.

(d) If a default is cured prior to the initiation of any action to foreclose or to seize the residence, the lender or assignee shall not institute a proceeding or other action for that default. If a default is cured after the initiation of any action, the lender or assignee shall take such steps as are necessary to terminate the action.

(e) A lender or a lender's assignee of a high risk home loan that has the legal right to foreclose shall use the judicial foreclosure procedures provided by law. In such a proceeding, the borrower may assert the nonexistence of a default and any other claim or defense to acceleration and foreclosure, including any claim or defense based on a

violation of the Act, though no such claim or defense shall be deemed a compulsory counterclaim.

(e) Counseling session attendees must be given a brochure that contains information covered by the Mortgage Awareness Program.
(f) Any lender, prior to making a high risk home loan, shall inform the borrower in writing of the right to participate in the Mortgage Awareness Program.
(g) No lender shall offer less favorable loan terms to a borrower due to a borrower's participation in the Mortgage Awareness Program.
(h) Except as prohibited elsewhere in this Section, the borrower may waive participation in the program, provided that the waiver occurs no less than 2 business days after the day that the borrower receives the notice required by subsection (f) of this Section and that the waiver is in writing in a form approved by the Commissioner and the Director.

2. In setting the scope of a special examination.
3. In comparing the reported information of a servicer.

(c) The Commissioner or the Director may correspond with a servicer to seek clarification of information contained in its report and to gather additional data concerning loans in default or loans in foreclosure.

Section 125. Third party review of high risk home loans.

(a) In the case of any high risk home loan, the borrower shall be afforded the opportunity to seek independent review by the Office or the Department of the loan terms, in order to determine affordability of the loan, when and if the General Assembly appropriates adequate funding to the Office or the Department specifically for this Section.

(d) If, based upon the review, the borrower determines that the loan is not in his or her best economic interest, the reviewer shall so notify the lender. This determination shall enable the borrower to withdraw from the contemplated loan with no financial penalty.

Section 130. Circumstances voiding mandatory arbitration provisions. Without regard to whether a borrower is acting individually or on behalf of others similarly situated, a mandatory arbitration provision of a high risk home loan agreement that is oppressive, unfair, unconscionable, or substantially in derogation of the rights of the borrower is void.

(A) has in place, at the time of the purchase, assignment or transfer of the loans, policies that expressly prohibit its purchase, acceptance of assignment or holding of any high risk home loans;

(B) requires by contract that a seller, assignor or transferor of high risk home loans to the purchaser, assignee or transferee represents and warrants to the purchaser, assignee or transferee that either (i) the seller, assignor or transferor will not sell, assign or transfer any high risk home loans to the purchaser, assignee or transferee, or (ii) the seller, assignor or transferor is a beneficiary of a representation and warranty from a previous seller, assignor or transferor to that effect; and

(C) exercises reasonable due diligence at the time of the purchase, assignment or transfer of high risk home loans, or within a reasonable period of time after the purchase, assignment or transfer of such home loans, which is intended by the purchaser, assignee or transferee to prevent the purchaser, assignee or transferee from purchasing or taking assignment or otherwise holding any high risk home loans, provided that this reasonable due diligence requirement may be met by sampling and need not require loan-by-loan review.

New matter indicated by italics - deletions by strikeout
(2) Limited to the amount required to reduce or extinguish the borrower's liability under the high cost home loan plus the amount required to recover costs, including reasonable attorney fees, a borrower acting only in an individual capacity may assert claims that the borrower could assert against a lender of the home loan against a subsequent holder or assignee of the home loan as follows:

(A) within 5 years of the closing date of a high risk home loan, a violation of this Act in connection with the loan as an original action; and
