EFFECTIVE DATES OF PUBLIC ACTS

1970 CONSTITUTION, ARTICLE IV

"§ 10. Effective Date of Laws
The General Assembly shall provide by law for a uniform effective date for
laws passed prior to July 1 of a calendar year. The General Assembly may provide for a
different effective date in any law passed prior to July 1. A bill passed after June 30
shall not become effective prior to July 1 of the next calendar year unless the General
Assembly by the vote of three-fifths of the members elected to each house provides for
an earlier effective date."

5 ILLINOIS COMPILED STATUTES CHAPTER 75

75/1. Effective Date of Laws
"§1  (a) A bill passed after June 30 of a calendar year shall become effective on July 1
of the next calendar year unless the General Assembly by a vote of three-fifths of the
members elected to each house provides for an earlier effective date in the terms of the
bill or unless the General Assembly provides for a later effective date in the terms of the
bill; provided that if the effective date provided in the terms of the bill is prior to the
date the bill becomes a law then the date the bill becomes a law shall be the effective
date."  (a) A bill passed prior to July 1 of a calendar year that does not provide for
an effective date in the terms of the bill shall become effective on January 1 of the
following year, or upon its becoming a law, whichever is later.

(b) A bill passed prior to July 1 of a calendar year that does provide for an
effective date in the terms of the bill shall become effective on that date if that date is
the same as or subsequent to the date the bill becomes a law; provided that if the
effective date provided in the terms of the bill is prior to the date the bill becomes a law
then the date the bill becomes a law shall be the effective date."

75/2. Special Effective Dates
"§2  A bill passed after June 30 of a calendar year shall become effective on July 1
of the next calendar year unless the General Assembly by a vote of three-fifths of the
members elected to each house provides for an earlier effective date in the terms of the
bill or unless the General Assembly provides for a later effective date in the terms of the
bill; provided that if the effective date provided in the terms of the bill is prior to the

AN ACT concerning the State budget.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The State Budget Law of the Civil Administrative Code of Illinois is amended by changing Section 50-5 as follows:

(15 ILCS 20/50-5) (was 15 ILCS 20/38)

Sec. 50-5. Governor to submit State budget. The Governor shall, as soon as possible and not later than the second Wednesday in April in 2003 and the third Wednesday in February of each year beginning in 2004 and 1998, submit a State budget, embracing therein the amounts recommended by the Governor to be appropriated to the respective departments, offices, and institutions, and for all other public purposes, the estimated revenues from taxation, the estimated revenues from sources other than taxation, and an estimate of the amount required to be raised by taxation. The amounts recommended by the Governor for appropriation to the respective departments, offices and institutions shall be formulated according to the various functions and activities for which the respective department, office or institution of the State government (including the elective officers in the executive department and including the University of Illinois and the judicial department) is responsible. The amounts relating to particular functions and activities shall be further formulated in accordance with the object classification specified in Section 13 of the State Finance Act.

The Governor shall not propose expenditures and the General Assembly shall not enact appropriations that exceed the resources estimated to be available, as provided in this Section.

For the purposes of Article VIII, Section 2 of the 1970 Illinois Constitution, the State budget for the following funds shall be prepared on the basis of revenue and expenditure measurement concepts that are in concert with generally accepted accounting principles for governments:

(1) General Revenue Fund.
(2) Common School Fund.
(3) Educational Assistance Fund.
(4) Road Fund.
(6) Agricultural Premium Fund.

These funds shall be known as the "budgeted funds". The revenue estimates used in the State budget for the budgeted funds shall include the estimated beginning fund balance, plus revenues estimated to be received during the budgeted year, plus the estimated receipts due the State as of June 30 of the budgeted year that are expected to be
collected during the lapse period following the budgeted year, minus the receipts collected during the first 2 months of the budgeted year that became due to the State in the year before the budgeted year. Revenues shall also include estimated federal reimbursements associated with the recognition of Section 25 of the State Finance Act liabilities. For any budgeted fund for which current year revenues are anticipated to exceed expenditures, the surplus shall be considered to be a resource available for expenditure in the budgeted fiscal year.

Expenditure estimates for the budgeted funds included in the State budget shall include the costs to be incurred by the State for the budgeted year, to be paid in the next fiscal year, excluding costs paid in the budgeted year which were carried over from the prior year, where the payment is authorized by Section 25 of the State Finance Act. For any budgeted fund for which expenditures are expected to exceed revenues in the current fiscal year, the deficit shall be considered as a use of funds in the budgeted fiscal year.

Revenues and expenditures shall also include transfers between funds that are based on revenues received or costs incurred during the budget year.

By March 15 of each year, the Economic and Fiscal Commission shall prepare revenue and fund transfer estimates in accordance with the requirements of this Section and report those estimates to the General Assembly and the Governor.

For all funds other than the budgeted funds, the proposed expenditures shall not exceed funds estimated to be available for the fiscal year as shown in the budget. Appropriation for a fiscal year shall not exceed funds estimated by the General Assembly to be available during that year.

Section 99. Effective date. This Act takes effect upon becoming law.

Approved February 6, 2003.

Effective February 6, 2003.

AN ACT concerning bonds.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The State Finance Act is amended by adding Section 5.595 as follows:

(30 ILCS 105/5.595 new)

Sec. 5.595. The Pension Contribution Fund.

Section 10. The General Obligation Bond Act is amended by changing Sections 2, 8, 12, 13, and 15 and adding Section 7.2 as follows:

(30 ILCS 330/2) (from Ch. 127, par. 652)

New matter indicated by italics - deletions by strikeout
Sec. 2. Authorization for Bonds. The State of Illinois is authorized to issue, sell and provide for the retirement of General Obligation Bonds of the State of Illinois for the categories and specific purposes expressed in Sections 2 through 8 of this Act, in the total amount of $27,658,149,369 $17,658,149,369 $16,908,149,369 $16,015,007,500.

The bonds authorized in this Section 2 and in Section 16 of this Act are herein called "Bonds".

Of the total amount of Bonds authorized in this Act, up to $2,200,000,000 in aggregate original principal amount may be issued and sold in accordance with the Baccalaureate Savings Act in the form of General Obligation College Savings Bonds.

Of the total amount of Bonds authorized in this Act, up to $300,000,000 in aggregate original principal amount may be issued and sold in accordance with the Retirement Savings Act in the form of General Obligation Retirement Savings Bonds.

Of the total amount of Bonds authorized in this Act, the additional $10,000,000,000 authorized by this amendatory Act of the 93rd General Assembly shall be used solely as provided in Section 7.2.

The issuance and sale of Bonds pursuant to the General Obligation Bond Act is an economical and efficient method of financing the capital and general operating needs of the State. This Act will permit the issuance of a multi-purpose General Obligation Bond with uniform terms and features. This will not only lower the cost of registration but also reduce the overall cost of issuing debt by improving the marketability of Illinois General Obligation Bonds.

Sec. 7.2. State pension funding.

(a) The amount of $10,000,000,000 is authorized to be used for the purpose of making contributions to the designated retirement systems. For the purposes of this Section, "designated retirement systems" means the State Employees’ Retirement System of Illinois; the Teachers’ Retirement System of the State of Illinois; the State Universities Retirement System; the Judges Retirement System of Illinois; and the General Assembly Retirement System.

(b) The Pension Contribution Fund is created as a special fund in the State Treasury.

The proceeds of the additional $10,000,000,000 of Bonds authorized by this amendatory Act of the 93rd General Assembly, less the amounts authorized in the Bond Sale Order to be deposited directly into the capitalized interest account of the General Obligation Bond Retirement and Interest Fund or otherwise directly paid out for bond sale expenses under Section 8, shall be deposited into the Pension Contribution Fund and used as provided in this Section.
(c) Of the amount of Bond proceeds first deposited into the Pension Contribution Fund, there shall be reserved for transfers under this subsection the sum of $300,000,000, representing the required State contributions to the designated retirement systems for the last quarter of State fiscal year 2003, plus the sum of $1,860,000,000, representing the required State contributions to the designated retirement systems for State fiscal year 2004.

Upon the deposit of sufficient moneys into the Pension Contribution Fund, the Comptroller and Treasurer shall immediately transfer the sum of $300,000,000 from the Pension Contribution Fund to the General Revenue Fund.

Whenever any payment of required State contributions for State fiscal year 2004 is made to one of the designated retirement systems, the Comptroller and Treasurer shall, as soon as practicable, transfer from the Pension Contribution Fund to the General Revenue Fund an amount equal to the amount of that payment to the designated retirement system. If the amount reserved for these transfers exceeds the total amount of fiscal year 2004 payments of required State contributions to the designated retirement systems, the Comptroller and Treasurer shall continue to make such transfers based on fiscal year 2005 payments until the entire amount reserved has been transferred.

(d) All amounts deposited into the Pension Contribution Fund, other than the amounts reserved for the transfers under subsection (c), shall be appropriated to the designated retirement systems to reduce their actuarial reserve deficiencies. The amount of the appropriation to each designated retirement system shall constitute a portion of the total appropriation under this subsection that is the same as that retirement system's portion of the total actuarial reserve deficiency of the systems, as most recently determined by the Bureau of the Budget under Section 8.12 of the State Finance Act.

Within 15 days after any Bond proceeds in excess of the amounts initially reserved under subsection (c) are deposited into the Pension Contribution Fund, the Bureau of the Budget shall (i) allocate those proceeds among the designated retirement systems in proportion to their respective actuarial reserve deficiencies, as most recently determined under Section 8.12 of the State Finance Act, and (ii) certify those allocations to the designated retirement systems and the Comptroller.

Upon receiving certification of an allocation under this subsection, a designated retirement system shall submit to the Comptroller a voucher for the amount of its allocation. The voucher shall be paid out of the amount appropriated to that designated retirement system from the Pension Contribution Fund pursuant to this subsection.

(a) An amount not to exceed 0.5 percent of the principal amount of the proceeds of sale of each bond sale is authorized to be used to pay the reasonable costs of issuance and sale of State of Illinois general obligation bonds authorized and sold pursuant to this Act.
(b) The Bond Sale Order may provide for a portion of the proceeds of the bond sale, representing up to 12 months' interest on the bonds, to be deposited directly into the capitalized interest account of the General Obligation Bond Retirement and Interest Fund.

(g) Proceeds from the sale of Bonds, authorized by Section 8 of this Act, shall be deposited in the Capital Development Fund.

(h) Subsequent to the issuance of any Bonds for the purposes described in Sections 2 through 8 of this Act, the Governor and the Director of the Bureau of the Budget may provide for the reallocation of unspent proceeds of such Bonds to any other purposes authorized under said Sections of this Act, subject to the limitations on aggregate principal amounts contained therein. Upon any such reallocation, such unspent proceeds shall be transferred to the appropriate funds as determined by reference to paragraphs (a) through (g) of this Section.

Sec. 15. Computation of Principal and Interest; transfers. Transfer from General
Revenue Fund:

(a) Upon each delivery of Bonds authorized to be issued under this Act, the
Comptroller shall compute and certify to the Treasurer the total amount of principal of,
interest on, and premium, if any, on Bonds issued that will be payable in order to retire
such Bonds and the amount of principal of, interest on and premium, if any, on such

On or before the last day of each month the State Treasurer and Comptroller shall

by the number of months between each succeeding payment date after the first. Such
computations and transfers shall be made for each series of Bonds issued and delivered.
Interest for which moneys have already been deposited into the capitalized interest
account within the General Obligation Bond Retirement and Interest Fund shall not be
included in the calculation of the amounts to be transferred under this subsection.

New matter indicated by italics - deletions by strikeout
The transfer of monies herein and above directed is not required if monies in the General Obligation Bond Retirement and Interest Fund are more than the amount otherwise to be transferred as herein above provided, and if the Governor or his authorized representative notifies the State Treasurer and Comptroller of such fact in writing.

Section 15. The Illinois Pension Code is amended by changing Sections 2-124, 2-134, 14-131, 14-135.08, 15-155, 15-165, 16-158, 18-131, and 18-140 as follows:

(40 ILCS 5/2-124) (from Ch. 108 1/2, par. 2-124)
Sec. 2-124. Contributions by State.
(a) The State shall make contributions to the System by appropriations of amounts which, together with the contributions of participants, interest earned on investments, and other income will meet the cost of maintaining and administering the System on a 90% funded basis in accordance with actuarial recommendations.

(b) The Board shall determine the amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board and the prescribed rate of interest, using the formula in subsection (c).

(c) For State fiscal years 2011 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level
percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2010, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

**Notwithstanding any other provision of this Section,** the required State contribution for State fiscal year 2005 and each fiscal year thereafter, as calculated under this Section and certified under Section 2-134, shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act.

(Source: P.A. 88-593, eff. 8-22-94.)

(40 ILCS 5/2-134) (from Ch. 108 1/2, par. 2-134)

Sec. 2-134. To certify required State contributions and submit vouchers.

(a) The Board shall certify to the Governor on or before November 15 of each year the amount of the required State contribution to the System for the next fiscal year. The certification shall include a copy of the actuarial recommendations upon which it is based.

On or before May 1, 2004, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2005, taking into account the amounts appropriated to and received by the System under subsection (d) of Section 7.2 of the General Obligation Bond Act.

(b) Beginning in State fiscal year 1996, on or as soon as possible after the 15th day of each month the Board shall submit vouchers for payment of State contributions to the System, in a total monthly amount of one-twelfth of the required annual State contribution certified under subsection (a). These vouchers shall be paid by the State Comptroller and Treasurer by warrants drawn on the funds appropriated to the System for that fiscal year. If in any month the amount remaining unexpended from all other appropriations to the System for the applicable fiscal year (including the appropriations to the System under Section 8.12 of the State Finance Act and Section 1 of the State Pension Funds Continuing Appropriation Act) is less than the amount lawfully vouchered under this Section, the difference shall be paid from the General Revenue Fund under the
continuing appropriation authority provided in Section 1.1 of the State Pension Funds Continuing Appropriation Act.

(c) The full amount of any annual appropriation for the System for State fiscal year 1995 shall be transferred and made available to the System at the beginning of that fiscal year at the request of the Board. Any excess funds remaining at the end of any fiscal year from appropriations shall be retained by the System as a general reserve to meet the System's accrued liabilities.

(Source: P.A. 88-593, eff. 8-22-94.)

(40 ILCS 5/14-131) (from Ch. 108 1/2, par. 14-131)

Sec. 14-131. Contributions by State.

(a) The State shall make contributions to the System by appropriations of amounts which, together with other employer contributions from trust, federal, and other funds, employee contributions, investment income, and other income, will be sufficient to meet the cost of maintaining and administering the System on a 90% funded basis in accordance with actuarial recommendations.

For the purposes of this Section and Section 14-135.08, references to State contributions refer only to employer contributions and do not include employee contributions that are picked up or otherwise paid by the State or a department on behalf of the employee.

(b) The Board shall determine the total amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board, using the formula in subsection (e).

The Board shall also determine a State contribution rate for each fiscal year, expressed as a percentage of payroll, based on the total required State contribution for that fiscal year (less the amount received by the System from appropriations under Section 8.12 of the State Finance Act and Section 1 of the State Pension Funds Continuing Appropriation Act, if any, for the fiscal year ending on the June 30 immediately preceding the applicable November 15 certification deadline), the estimated payroll (including all forms of compensation) for personal services rendered by eligible employees, and the recommendations of the actuary.

For the purposes of this Section and Section 14.1 of the State Finance Act, the term "eligible employees" includes employees who participate in the System, persons who may elect to participate in the System but have not so elected, persons who are serving a qualifying period that is required for participation, and annuitants employed by a department as described in subdivision (a)(1) or (a)(2) of Section 14-111.

(c) Contributions shall be made by the several departments for each pay period by warrants drawn by the State Comptroller against their respective funds or appropriations based upon vouchers stating the amount to be so contributed. These amounts shall be based on the full rate certified by the Board under Section 14-135.08 for that fiscal year.
(d) If an employee is paid from trust funds or federal funds, the department or other employer shall pay employer contributions from those funds to the System at the certified rate, unless the terms of the trust or the federal-State agreement preclude the use of the funds for that purpose, in which case the required employer contributions shall be paid by the State.

(e) For State fiscal years 2011 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2010, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section; except that (i) for State fiscal year 1998, for all purposes of this Code and any other law of this State, the certified percentage of the applicable employee payroll shall be 5.052% for employees earning eligible creditable service under Section 14-110 and 6.500% for all other employees, notwithstanding any contrary certification made under Section 14-135.08 before the effective date of this amendatory Act of 1997, and (ii) in the following specified State fiscal years, the State contribution to the System shall not be less than the following indicated percentages of the applicable employee payroll, even if the indicated percentage will produce a State contribution in excess of the amount otherwise required under this subsection and subsection (a): 9.8% in FY 1999; 10.0% in FY 2000; 10.2% in FY 2001; 10.4% in FY 2002; 10.6% in FY 2003; and 10.8% in FY 2004; 11.0% in FY 2005; 11.2% in FY 2006; 11.4% in FY 2007; 11.6% in FY 2008; and 11.8% in FY 2009.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and each fiscal year thereafter, as calculated under this Section and certified under Section 14-135.08, shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act.
Sec. 14-135.08. To certify required State contributions. To certify to the Governor and to each department, on or before November 15 of each year, the required rate for State contributions to the System for the next State fiscal year, as determined under subsection (b) of Section 14-131. The certification to the Governor shall include a copy of the actuarial recommendations upon which the rate is based.

On or before May 1, 2004, the Board shall recalculate and recertify to the Governor and to each department the amount of the required State contribution to the System and the required rates for State contributions to the System for State fiscal year 2005, taking into account the amounts appropriated to and received by the System under subsection (d) of Section 7.2 of the General Obligation Bond Act.

Sec. 15-155. Employer contributions.

(a) The State of Illinois shall make contributions by appropriations of amounts which, together with the other employer contributions from trust, federal, and other funds, employee contributions, income from investments, and other income of this System, will be sufficient to meet the cost of maintaining and administering the System on a 90% funded basis in accordance with actuarial recommendations.

The Board shall determine the amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board and the recommendations of the actuary, using the formula in subsection (a-1).

(a-1) For State fiscal years 2011 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2010, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and each fiscal year thereafter, as calculated under this Section and certified under Section 15-165, shall not exceed an amount equal to...
to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State’s total debt service payments for that fiscal year on the bonds issued for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System’s portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act.

(b) If an employee is paid from trust or federal funds, the employer shall pay to the Board contributions from those funds which are sufficient to cover the accruing normal costs on behalf of the employee. However, universities having employees who are compensated out of local auxiliary funds, income funds, or service enterprise funds are not required to pay such contributions on behalf of those employees. The local auxiliary funds, income funds, and service enterprise funds of universities shall not be considered trust funds for the purpose of this Article, but funds of alumni associations, foundations, and athletic associations which are affiliated with the universities included as employers under this Article and other employers which do not receive State appropriations are considered to be trust funds for the purpose of this Article.

(b-1) The City of Urbana and the City of Champaign shall each make employer contributions to this System for their respective firefighter employees who participate in this System pursuant to subsection (h) of Section 15-107. The rate of contributions to be made by those municipalities shall be determined annually by the Board on the basis of the actuarial assumptions adopted by the Board and the recommendations of the actuary, and shall be expressed as a percentage of salary for each such employee. The Board shall certify the rate to the affected municipalities as soon as may be practical. The employer contributions required under this subsection shall be remitted by the municipality to the System at the same time and in the same manner as employee contributions.

(c) Through State fiscal year 1995: The total employer contribution shall be apportioned among the various funds of the State and other employers, whether trust, federal, or other funds, in accordance with actuarial procedures approved by the Board. State of Illinois contributions for employers receiving State appropriations for personal services shall be payable from appropriations made to the employers or to the System. The contributions for Class I community colleges covering earnings other than those paid from trust and federal funds, shall be payable solely from appropriations to the Illinois Community College Board or the System for employer contributions.

(d) Beginning in State fiscal year 1996, the required State contributions to the System shall be appropriated directly to the System and shall be payable through vouchers issued in accordance with subsection (c) of Section 15-165.

(e) The State Comptroller shall draw warrants payable to the System upon proper certification by the System or by the employer in accordance with the appropriation laws and this Code.

(f) Normal costs under this Section means liability for pensions and other benefits which accrues to the System because of the credits earned for service rendered by the participants during the fiscal year and expenses of administering the System, but shall not include the principal of or any redemption premium or interest on any bonds issued by the Board or any expenses incurred or deposits required in connection therewith.

Sec. 15-165. To certify amounts and submit vouchers.

(a) The Board shall certify to the Governor on or before November 15 of each year the appropriation required from State funds for the purposes of this System for the following fiscal year. The certification shall include a copy of the actuarial recommendations upon which it is based.

On or before May 1, 2004, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2005, taking into account the amounts appropriated to and received by the System under subsection (d) of Section 7.2 of the General Obligation Bond Act.

(b) The Board shall certify to the State Comptroller or employer, as the case may be, from time to time, by its president and secretary, with its seal attached, the amounts payable to the System from the various funds.

(c) Beginning in State fiscal year 1996, on or as soon as possible after the 15th day of each month the Board shall submit vouchers for payment of State contributions to the System, in a total monthly amount of one-twelfth of the required annual State contribution certified under subsection (a). These vouchers shall be paid by the State Comptroller and Treasurer by warrants drawn on the funds appropriated to the System for that fiscal year.

If in any month the amount remaining unexpended from all other appropriations to the System for the applicable fiscal year (including the appropriations to the System under Section 8.12 of the State Finance Act and Section 1 of the State Pension Funds Continuing Appropriation Act) is less than the amount lawfully vouchered under this Section, the difference shall be paid from the General Revenue Fund under the continuing appropriation authority provided in Section 1.1 of the State Pension Funds Continuing Appropriation Act.

(d) So long as the payments received are the full amount lawfully vouchered under this Section, payments received by the System under this Section shall be applied first toward the employer contribution to the self-managed plan established under Section 15-158.2. Payments shall be applied second toward the employer's portion of the normal costs of the System, as defined in subsection (f) of Section 15-155. The balance shall be applied toward the unfunded actuarial liabilities of the System.

(e) In the event that the System does not receive, as a result of legislative enactment or otherwise, payments sufficient to fully fund the employer contribution to
the self-managed plan established under Section 15-158.2 and to fully fund that portion of the employer's portion of the normal costs of the System, as calculated in accordance with Section 15-155(a-1), then any payments received shall be applied proportionately to the optional retirement program established under Section 15-158.2 and to the employer's portion of the normal costs of the System, as calculated in accordance with Section 15-155(a-1).

Sec. 16-158. Contributions by State and other employing units.

(a) The State shall make contributions to the System by means of appropriations from the Common School Fund and other State funds of amounts which, together with other employer contributions, employee contributions, investment income, and other income, will be sufficient to meet the cost of maintaining and administering the System on a 90% funded basis in accordance with actuarial recommendations.

The Board shall determine the amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board and the recommendations of the actuary, using the formula in subsection (b-3).

(a-1) Annually, on or before November 15, the Board shall certify to the Governor the amount of the required State contribution for the coming fiscal year. The certification shall include a copy of the actuarial recommendations upon which it is based.

On or before May 1, 2004, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2005, taking into account the amounts appropriated to and received by the System under subsection (d) of Section 7.2 of the General Obligation Bond Act.

(b) Through State fiscal year 1995, the State contributions shall be paid to the System in accordance with Section 18-7 of the School Code.

(b-1) Beginning in State fiscal year 1996, on the 15th day of each month, or as soon thereafter as may be practicable, the Board shall submit vouchers for payment of State contributions to the System, in a total monthly amount of one-twelfth of the required annual State contribution certified under subsection (a-1). These vouchers shall be paid by the State Comptroller and Treasurer by warrants drawn on the funds appropriated to the System for that fiscal year.

If in any month the amount remaining unexpended from all other appropriations to the System for the applicable fiscal year (including the appropriations to the System under Section 8.12 of the State Finance Act and Section 1 of the State Pension Funds Continuing Appropriation Act) is less than the amount lawfully vouchered under this subsection, the difference shall be paid from the Common School Fund under the continuing appropriation authority provided in Section 1.1 of the State Pension Funds Continuing Appropriation Act.

(b-2) Allocations from the Common School Fund apportioned to school districts not coming under this System shall not be diminished or affected by the provisions of this Article.

(b-3) For State fiscal years 2011 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2010, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section; except that in the following specified State fiscal years, the State contribution to the System shall not be less than the following indicated percentages of the applicable employee payroll, even if the indicated percentage will produce a State contribution in excess of the amount otherwise required under this subsection and subsection (a), and notwithstanding any contrary certification made under subsection (a-1) before the effective date of this amendatory Act of 1998: 10.02% in FY 1999; 10.77% in FY 2000; 11.47% in FY 2001; 12.16% in FY 2002; 12.86% in FY 2003; and 13.56% in FY 2004; 14.25% in FY 2005; 14.95% in FY 2006; 15.65% in FY 2007; 16.34% in FY 2008; 17.04% in FY 2009; and 17.74% in FY 2010.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and each fiscal year thereafter, as calculated under this Section and certified under subsection (a-1), shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act.

(c) Payment of the required State contributions and of all pensions, retirement annuities, death benefits, refunds, and other benefits granted under or assumed by this System, and all expenses in connection with the administration and operation thereof, are obligations of the State.
If members are paid from special trust or federal funds which are administered by the employing unit, whether school district or other unit, the employing unit shall pay to the System from such funds the full accruing retirement costs based upon that service, as determined by the System. Employer contributions, based on salary paid to members from federal funds, may be forwarded by the distributing agency of the State of Illinois to the System prior to allocation, in an amount determined in accordance with guidelines established by such agency and the System.

(d) Effective July 1, 1986, any employer of a teacher as defined in paragraph (8) of Section 16-106 shall pay the employer's normal cost of benefits based upon the teacher's service, in addition to employee contributions, as determined by the System. Such employer contributions shall be forwarded monthly in accordance with guidelines established by the System.

However, with respect to benefits granted under Section 16-133.4 or 16-133.5 to a teacher as defined in paragraph (8) of Section 16-106, the employer's contribution shall be 12% (rather than 20%) of the member's highest annual salary rate for each year of creditable service granted, and the employer shall also pay the required employee contribution on behalf of the teacher. For the purposes of Sections 16-133.4 and 16-133.5, a teacher as defined in paragraph (8) of Section 16-106 who is serving in that capacity while on leave of absence from another employer under this Article shall not be considered an employee of the employer from which the teacher is on leave.

(e) Beginning July 1, 1998, every employer of a teacher shall pay to the System an employer contribution computed as follows:

(1) Beginning July 1, 1998 through June 30, 1999, the employer contribution shall be equal to 0.3% of each teacher's salary.

(2) Beginning July 1, 1999 and thereafter, the employer contribution shall be equal to 0.58% of each teacher's salary.

The school district or other employing unit may pay these employer contributions out of any source of funding available for that purpose and shall forward the contributions to the System on the schedule established for the payment of member contributions.

These employer contributions are intended to offset a portion of the cost to the System of the increases in retirement benefits resulting from this amendatory Act of 1998.

Each employer of teachers is entitled to a credit against the contributions required under this subsection (e) with respect to salaries paid to teachers for the period January 1, 2002 through June 30, 2003, equal to the amount paid by that employer under subsection (a-5) of Section 6.6 of the State Employees Group Insurance Act of 1971 with respect to salaries paid to teachers for that period.

The additional 1% employee contribution required under Section 16-152 by this amendatory Act of 1998 is the responsibility of the teacher and not the teacher's

employer, unless the employer agrees, through collective bargaining or otherwise, to make the contribution on behalf of the teacher.

If an employer is required by a contract in effect on May 1, 1998 between the employer and an employee organization to pay, on behalf of all its full-time employees covered by this Article, all mandatory employee contributions required under this Article, then the employer shall be excused from paying the employer contribution required under this subsection (e) for the balance of the term of that contract. The employer and the employee organization shall jointly certify to the System the existence of the contractual requirement, in such form as the System may prescribe. This exclusion shall cease upon the termination, extension, or renewal of the contract at any time after May 1, 1998.

Section 5. The School Code is amended by changing Sections 27A-4, 27A-5, 27A-6, 27A-10, 34-8.1, and 34-18 and adding Section 34-3.5 as follows:

(105 ILCS 5/27A-4)

Sec. 27A-4. General Provisions.

(a) The General Assembly does not intend to alter or amend the provisions of any court-ordered desegregation plan in effect for any school district. A charter school shall be subject to all federal and State laws and constitutional provisions prohibiting discrimination on the basis of disability, race, creed, color, gender, national origin, religion, ancestry, marital status, or need for special education services.

(b) The total number of charter schools operating under this Article at any one time shall not exceed 60. Not more than 30 charter schools shall operate at any one time in any city having a population exceeding 500,000; not more than 15 charter schools shall operate at any one time in the counties of DuPage, Kane, Lake, McHenry, Will, and that portion of Cook County that is located outside a city having a population exceeding 500,000, with not more than one charter school that has been initiated by a board of education, or by an intergovernmental agreement between or among boards of education, operating at any one time in the school district where the charter school is located; and not more than 15 charter schools shall operate at any one time in the remainder of the State, with not more than one charter school that has been initiated by a board of education, or by an intergovernmental agreement between or among boards of education, operating at any one time in the school district where the charter school is located.

For purposes of implementing this Section, the State Board shall assign a number to each charter submission it receives under Section 27A-6 for its review and certification, based on the chronological order in which the submission is received by it. The State Board shall promptly notify local school boards when the maximum numbers of certified charter schools authorized to operate have been reached.

(c) No charter shall be granted under this Article that would convert any existing private, parochial, or non-public school to a charter school.

(d) Enrollment in a charter school shall be open to any pupil who resides within the geographic boundaries of the area served by the local school board.

(e) Nothing in this Article shall prevent 2 or more local school boards from jointly issuing a charter to a single shared charter school, provided that all of the provisions of this Article are met as to those local school boards.

(f) No local school board shall require any employee of the school district to be employed in a charter school.

(g) No local school board shall require any pupil residing within the geographic boundary of its district to enroll in a charter school.

(h) If there are more eligible applicants for enrollment in a charter school than there are spaces available, successful applicants shall be selected by lottery. However, priority shall be given to siblings of pupils enrolled in the charter school and to pupils who were enrolled in the charter school the previous school year, unless expelled for cause. Dual enrollment at both a charter school and a public school or non-public school shall not be allowed. A pupil who is suspended or expelled from a charter school shall be deemed to be suspended or expelled from the public schools of the school district in which the pupil resides.

(i) (Blank).

(j) Notwithstanding any other provision of law to the contrary, a school district in a city having a population exceeding 500,000 shall not have a duty to collectively bargain with an exclusive representative of its employees over decisions to grant or deny a charter school proposal under Section 27A-8 of this Code, decisions to renew or revoke a charter under Section 27A-9 of this Code, and the impact of these decisions, provided that nothing in this Section shall have the effect of negating, abrogating, replacing, reducing, diminishing, or limiting in any way employee rights, guarantees, or privileges granted in Sections 2, 3, 7, 8, 10, 14, and 15 of the Illinois Educational Labor Relations Act.

Sec. 27A-5. Charter school; legal entity; requirements.
(a) A charter school shall be a public, nonsectarian, nonreligious, non-home based, and non-profit school. A charter school shall be organized and operated as a nonprofit corporation or other discrete, legal, nonprofit entity authorized under the laws of the State of Illinois.

(b) A charter school may be established under this Article by creating a new school or by converting an existing public school or attendance center to charter school status.

The changes made to this Section by this amendatory Act of the 93rd General Assembly do not apply to charter schools existing or approved on or before the effective date of this amendatory Act.

(c) A charter school shall be administered and governed by its board of directors or other governing body in the manner provided in its charter. The governing body of a charter school shall be subject to the Freedom of Information Act and the Open Meetings Act.

New matter indicated by italics - deletions by strikeout
(d) A charter school shall comply with all applicable health and safety requirements applicable to public schools under the laws of the State of Illinois.

(e) Except as otherwise provided in the School Code, a charter school shall not charge tuition; provided that a charter school may charge reasonable fees for textbooks, instructional materials, and student activities.

(f) A charter school shall be responsible for the management and operation of its fiscal affairs including, but not limited to, the preparation of its budget. An audit of each charter school's finances shall be conducted annually by an outside, independent contractor retained by the charter school.

(g) A charter school shall comply with all provisions of this Article and its charter. A charter school is exempt from all other State laws and regulations in the School Code governing public schools and local school board policies, except the following:

(1) Sections 10-21.9 and 34-18.5 of the School Code regarding criminal background investigations of applicants for employment;
(2) Sections 24-24 and 34-84A of the School Code regarding discipline of students;
(3) The Local Governmental and Governmental Employees Tort Immunity Act;
(4) Section 108.75 of the General Not For Profit Corporation Act of 1986 regarding indemnification of officers, directors, employees, and agents;

(6) The Illinois School Student Records Act; and
(7) Section 10-17a of the School Code regarding school report cards.

(h) A charter school may negotiate and contract with a school district, the governing body of a State college or university or public community college, or any other public or for-profit or nonprofit private entity for: (i) the use of a school building and grounds or any other real property or facilities that the charter school desires to use or convert for use as a charter school site, (ii) the operation and maintenance thereof, and (iii) the provision of any service, activity, or undertaking that the charter school is required to perform in order to carry out the terms of its charter. However, a charter school that is established on or after the effective date of this amendatory Act of the 93rd General Assembly and that operates in a city having a population exceeding 500,000 may not contract with a for-profit entity to manage or operate the school during the period that commences on the effective date of this amendatory Act of the 93rd General Assembly and concludes at the end of the 2004-2005 school year. Except as provided in subsection (i) of this Section, a school district may charge a charter school reasonable rent for the use of the district's buildings, grounds, and facilities. Any services for which a charter school contracts with a school district shall be provided by the district at cost. Any services for which a charter school contracts with a local school board or with the
governing body of a State college or university or public community college shall be provided by the public entity at cost.

(i) In no event shall a charter school that is established by converting an existing school or attendance center to charter school status be required to pay rent for space that is deemed available, as negotiated and provided in the charter agreement, in school district facilities. However, all other costs for the operation and maintenance of school district facilities that are used by the charter school shall be subject to negotiation between the charter school and the local school board and shall be set forth in the charter.

(j) A charter school may limit student enrollment by age or grade level.

Sec. 27A-6. Contract contents; applicability of laws and regulations.

(a) A certified charter shall constitute a binding contract and agreement between the charter school and a local school board under the terms of which the local school board authorizes the governing body of the charter school to operate the charter school on the terms specified in the contract.

(b) Notwithstanding any other provision of this Article, the certified charter may not waive or release the charter school from the State goals, standards, and assessments established pursuant to Section 2-3.64. Beginning with the 2003-2004 school year, the certified charter for a charter school operating in a city having a population exceeding 500,000 shall require the charter school to administer any other nationally recognized standardized tests to its students that the chartering entity administers to other students, and the results on such tests shall be included in the chartering entity's assessment reports.

(c) Subject to the provisions of subsection (e), a material revision to a previously certified contract or a renewal shall be made with the approval of both the local school board and the governing body of the charter school.

(c-5) The proposed contract shall include a provision on how both parties will address minor violations of the contract.

(d) The proposed contract between the governing body of a proposed charter school and the local school board as described in Section 27A-7 must be submitted to and certified by the State Board before it can take effect. If the State Board recommends that the proposed contract be modified for consistency with this Article before it can be certified, the modifications must be consented to by both the governing body of the charter school and the local school board, and resubmitted to the State Board for its certification. If the proposed contract is resubmitted in a form that is not consistent with this Article, the State Board may refuse to certify the charter.

The State Board shall assign a number to each submission or resubmission in chronological order of receipt, and shall determine whether the proposed contract is

consistent with the provisions of this Article. If the proposed contract complies, the State Board shall so certify.

(e) No material revision to a previously certified contract or a renewal shall be effective unless and until the State Board certifies that the revision or renewal is consistent with the provisions of this Article.

Sec. 27A-10. Employees.

(a) A person shall be deemed to be employed by a charter school unless a collective bargaining agreement or the charter school contract otherwise provides.

(b) In all school districts, including special charter districts and districts located in cities having a population exceeding 500,000, the local school board shall determine by policy or by negotiated agreement, if one exists, the employment status of any school district employees who are employed by a charter school and who seek to return to employment in the public schools of the district. Each local school board shall grant, for a period of up to 5 years, a leave of absence to those of its teachers who accept employment with a charter school. At the end of the authorized leave of absence, the teacher must return to the school district or resign; provided, however, that if the teacher chooses to return to the school district, the teacher must be assigned to a position which requires the teacher's certification and legal qualifications. The contractual continued service status and retirement benefits of a teacher of the district who is granted a leave of absence to accept employment with a charter school shall not be affected by that leave of absence.

(c) Charter schools shall employ in instructional positions, as defined in the charter, individuals who are certificated under Article 21 of this the School Code or who possess the following qualifications:

(iv) demonstrate continuing evidence of professional growth which shall include, but not be limited to, successful teaching experience, attendance at professional meetings, membership in professional organizations, additional credits earned at institutions of higher learning, travel specifically for educational purposes, and reading of professional books and periodicals.

Charter schools employing individuals without certification in instructional positions shall provide such mentoring, training, and staff development for those
individuals as the charter schools determine necessary for satisfactory performance in the classroom.

Beginning with the 2006-2007 school year, at least 50% of the individuals employed in instructional positions by a charter school that is operating in a city having a population exceeding 500,000 and that is established on or after the effective date of this amendatory Act of the 93rd General Assembly shall hold teaching certificates issued under Article 21 of this Code.

Beginning with the 2006-2007 school year, at least 75% of the individuals employed in instructional positions by a charter school that is operating in a city having a population exceeding 500,000 and that is established before the effective date of this amendatory Act of the 93rd General Assembly shall hold teaching certificates issued under Article 21 of this Code.

Charter schools operating in a city having a population exceeding 500,000 are exempt from any annual cap on new participants in an alternative certification program. The second and third phases of the alternative certification program may be conducted and completed at the charter school, and the alternative teaching certificate is valid for 4 years or the length of the charter (or any extension of the charter), whichever is longer.

Notwithstanding any other provisions of the School Code, charter schools may employ non-certificated staff in all other positions.

(d) A teacher at a charter school may resign his or her position only if the teacher gives notice of resignation to the charter school's governing body at least 60 days before the end of the school term, and the resignation must take effect immediately upon the end of the school term.

Sec. 34-3.5. Partnership agreement on advancing student achievement; No Child Left Behind Act of 2001.

(a) The General Assembly finds that the Chicago Teachers Union, the Chicago Board of Education, and the district's chief executive officer have a common responsibility beyond their statutory collective bargaining relationship to institute purposeful education reforms in the Chicago Public Schools that maximize the number of students in the Chicago Public Schools who reach or exceed proficiency with regard to State academic standards and assessments. The General Assembly further finds that education reform in the Chicago Public Schools must be premised on a commitment by all stakeholders to redefine relationships, develop, implement, and evaluate programs, seek new and additional resources, improve the value of educational programs to students, accelerate the quality of teacher training, improve instructional excellence, and develop and implement strategies to comply with the federal No Child Left Behind Act of 2001 (Public Law 107-110).

The Chicago Board of Education and the district's chief executive officer shall enter into a partnership agreement with the Chicago Teachers Union to allow the parties to work together to advance the Chicago Public Schools to the next level of education reform. This agreement must be entered into and take effect within 90 days after the effective date of this amendatory Act of the 93rd General Assembly. As part of this agreement, the Chicago Teachers Union, the Chicago Board of Education, and the district's chief executive officer shall jointly file a report with the General Assembly at the end of each school year with respect to the nature of the reforms that the parties have instituted, the effect of these reforms on student achievement, and any other matters that the parties deem relevant to evaluating the effectiveness of the agreement.

(b) Decisions concerning matters of inherent managerial policy necessary to comply with the federal No Child Left Behind Act of 2001 (Public Law 107-110), including such areas of discretion or policy as the functions of the employer, the standards and delivery of educational services and programs, the district's overall budget, the district's organizational structure, student assignment, school choice, and the selection of new employees and direction of employees, and the impact of these decisions on individual employees or the bargaining unit shall be permissive subjects of bargaining between the educational employer and the exclusive bargaining representative and are within the sole discretion of the educational employer to decide to bargain. This subsection (b) is exclusive of the parties' obligations and responsibilities under Section 4.5 of the Illinois Educational Labor Relations Act (provided that any dispute or impasse that may arise under this subsection (b) shall be resolved exclusively as set forth in subsection (b) of Section 12 of the Illinois Educational Labor Relations Act in lieu of a strike under Section 13 of the Illinois Educational Labor Relations Act).

Their powers and duties shall include but not be limited to the authority (i) to direct, supervise, evaluate, and suspend with or without pay or otherwise discipline all teachers, assistant principals, and other employees assigned to the attendance center in accordance with board rules and policies and (ii) to direct all other persons assigned to the attendance center pursuant to a contract with a third party to provide services to the school system. The right to employ, discharge, and layoff shall be vested solely with the board, provided that decisions to discharge or suspend non-certified employees, including disciplinary layoffs, and the termination of certified employees from employment pursuant to a layoff or reassignment policy are subject to review under the grievance resolution procedure adopted pursuant to subsection (c) of Section 10 of the Illinois Educational Labor Relations Act. The grievance resolution procedure adopted by the board shall provide for final and binding arbitration, and, notwithstanding any other provision of law to the contrary, the arbitrator's decision may include all make-whole relief, including without limitation reinstatement. The principal

There shall be established by the board a system of semi-annual evaluations conducted by the principal as to performance of the engineer in charge. Nothing in this Section shall prevent the principal from conducting additional evaluations. An overall numerical rating shall be given by the principal based on the evaluation conducted by the principal. An unsatisfactory numerical rating shall result in disciplinary action, which may include, without limitation and in the judgment of the principal, loss of promotion or bidding procedure, reprimand, suspension with or without pay, or recommended dismissal. The board shall establish procedures for conducting the evaluation and reporting the results to the engineer in charge.

Under the direction of, and subject to the authority of, the principal, the Food Service Manager is responsible at all times for the proper operation and maintenance of the lunch room to which he is assigned and shall also be responsible for the orientation, training, and supervising the work of cooks, bakers, porters, and lunchroom attendants under his or her direction.

There shall be established by the Board a system of semi-annual evaluations conducted by the principal as to the performance of the food service manager. Nothing in this Section shall prevent the principal from conducting additional evaluations. An overall numerical rating shall be given by the principal based on the evaluation conducted by the principal. The board shall establish rules for conducting the evaluation and reporting the results to the food service manager.

Nothing in this Section shall be interpreted to require the employment or assignment of an Engineer-In-Charge or a Food Service Manager for each attendance center.

Principals shall be employed to supervise the educational operation of each attendance center. If a principal is absent due to extended illness or leave or absence, an assistant principal may be assigned as acting principal for a period not to exceed 100

Each principal shall assume administrative responsibility and instructional leadership, in accordance with reasonable rules and regulations of the board, for the planning, operation and evaluation of the educational program of the attendance center to which he is assigned. The principal shall submit recommendations to the general superintendent concerning the appointment, dismissal, retention, promotion, and assignment of all personnel assigned to the attendance center; provided, that from and after September 1, 1989: (i) if any vacancy occurs in a position at the attendance center or if an additional or new position is created at the attendance center, that position shall be filled by appointment made by the principal in accordance with procedures established and provided by the Board whenever the majority of the duties included in that position are to be performed at the attendance center which is under the principal's supervision, and each such appointment so made by the principal shall be made and based upon merit and ability to perform in that position without regard to seniority or length of service, provided, that such appointments shall be subject to the Board's desegregation obligations, including but not limited to the Consent Decree and Desegregation Plan in U.S. v. Chicago Board of Education; (ii) the principal shall submit recommendations based upon merit and ability to perform in the particular position, without regard to seniority or length of service, to the general superintendent concerning the appointment of any teacher, teacher aide, counselor, clerk, hall guard, security guard and any other personnel which is to be made by the general superintendent whenever less than a majority of the duties of that teacher, teacher aide, counselor, clerk, hall guard, and security guard and any other personnel are to be performed at the attendance center which is under the principal's supervision; and (iii) subject to law and the applicable collective bargaining agreements, the authority and responsibilities of a principal with respect to the evaluation of all teachers and other personnel assigned to an attendance center shall commence immediately upon his or her appointment as principal of the attendance center, without regard to the length of time that he or she has been the principal of that attendance center.

Notwithstanding the existence of any other law of this State, nothing in this Act shall prevent the board from entering into a contract with a third party for services currently performed by any employee or bargaining unit member.

Notwithstanding any other provision of this Article, each principal may approve contracts, binding on the board, in the amount of no more than $10,000, if the contract is endorsed by the Local School Council.

Unless otherwise prohibited by law or by rule of the board, the principal shall provide to local school council members copies of all internal audits and any other pertinent information generated by any audits or reviews of the programs and operation of the attendance center.

Each principal shall hold a valid administrative certificate issued or exchanged in accordance with Article 21 and endorsed as required by that Article for the position of
principal. The board may establish or impose academic, educational, examination, and experience requirements and criteria that are in addition to those established and required by Article 21 for issuance of a valid certificate endorsed for the position of principal as a condition of the nomination, selection, appointment, employment, or continued employment of a person as principal of any attendance center, or as a condition of the renewal of any principal's performance contract.

The board shall specify in its formal job description for principals, and from and after July 1, 1990 shall specify in the 4 year performance contracts for use with respect to all principals, that his or her primary responsibility is in the improvement of instruction. A majority of the time spent by a principal shall be spent on curriculum and staff development through both formal and informal activities, establishing clear lines of communication regarding school goals, accomplishments, practices and policies with parents and teachers. The principal, with the assistance of the local school council, shall develop a school improvement plan as provided in Section 34-2.4 and, upon approval of the plan by the local school council, shall be responsible for directing implementation of the plan. The principal, with the assistance of the Professional Personnel Advisory Committee, shall develop the specific methods and contents of the school's curriculum within the board's system-wide curriculum standards and objectives and the requirements of the school improvement plan. The board shall ensure that all principals are evaluated on their instructional leadership ability and their ability to maintain a positive education and learning climate. It shall also be the responsibility of the principal to utilize resources of proper law enforcement agencies when the safety and welfare of students and teachers are threatened by illegal use of drugs and alcohol, by illegal use or possession of weapons, or by illegal gang activity.

On or before October 1, 1989, the Board of Education, in consultation with any professional organization representing principals in the district, shall promulgate rules and implement a lottery for the purpose of determining whether a principal's existing performance contract (including the performance contract applicable to any principal's position in which a vacancy then exists) expires on June 30, 1990 or on June 30, 1991, and whether the ensuing 4 year performance contract begins on July 1, 1990 or July 1, 1991. The Board of Education shall establish and conduct the lottery in such manner that of all the performance contracts of principals (including the performance contracts applicable to all principal positions in which a vacancy then exists), 50% of such contracts shall expire on June 30, 1990, and 50% shall expire on June 30, 1991. All persons serving as principal on May 1, 1989, and all persons appointed as principal after May 1, 1989 and prior to July 1, 1990 or July 1, 1991, in a manner other than as provided by Section 34-2.3, shall be deemed by operation of law to be serving under a performance contract which expires on June 30, 1990 or June 30, 1991; and unless such performance contract of any such principal is renewed (or such person is again appointed to serve as principal) in the manner provided by Section 34-2.2 or 34-2.3, the

employment of such person as principal shall terminate on June 30, 1990 or June 30, 1991.

Commencing on July 1, 1990, or on July 1, 1991, and thereafter, the principal of each attendance center shall be the person selected in the manner provided by Section 34-2.3 to serve as principal of that attendance center under a 4 year performance contract. All performance contracts of principals expiring after July 1, 1990, or July 1, 1991, shall commence on the date specified in the contract, and the renewal of their performance contracts and the appointment of principals when their performance contracts are not renewed shall be governed by Sections 34-2.2 and 34-2.3. Whenever a vacancy in the office of a principal occurs for any reason, the vacancy shall be filled by the selection of a new principal to serve under a 4 year performance contract in the manner provided by Section 34-2.3.

The board of education shall develop and prepare, in consultation with the organization representing principals, a performance contract for use at all attendance centers, and shall furnish the same to each local school council. The term of the performance contract shall be 4 years, unless the principal is retained by the decision of a hearing officer pursuant to subdivision 1.5 of Section 34-2.3, in which case the contract shall be extended for 2 years. The performance contract of each principal shall consist of the uniform performance contract, as developed or from time to time modified by the board, and such additional criteria as are established by a local school council pursuant to Section 34-2.3 for the performance contract of its principal.

During the term of his or her performance contract, a principal may be removed only as provided for in the performance contract except for cause. He or she shall also be obliged to follow the rules of the board of education concerning conduct and efficiency.

In the event the performance contract of a principal is not renewed or a principal is not reappointed as principal under a new performance contract, or in the event a principal is appointed to any position of superintendent or higher position, or voluntarily resigns his position of principal, his or her employment as a principal shall terminate and such former principal shall not be reinstated to the position from which he or she was promoted to principal, except that he or she, if otherwise qualified and certified in accordance with Article 21, shall be placed by the board on appropriate eligibility lists which it prepares for use in the filling of vacant or additional or newly created positions for teachers. The principal's total years of service to the board as both a teacher and a principal, or in other professional capacities, shall be used in calculating years of experience for purposes of being selected as a teacher into new, additional or vacant positions.

In the event the performance contract of a principal is not renewed or a principal is not reappointed as principal under a new performance contract, such principal shall be eligible to continue to receive his or her previously provided level of health insurance
benefits for a period of 90 days following the non-renewal of the contract at no expense to the principal, provided that such principal has not retired.

Sec. 34-18. Powers of the board. The board shall exercise general supervision and jurisdiction over the public education and the public school system of the city, and, except as otherwise provided by this Article, shall have power:

1. To make suitable provision for the establishment and maintenance throughout the year or for such portion thereof as it may direct, not less than 9 months, of schools of all grades and kinds, including normal schools, high schools, night schools, schools for defectives and delinquents, parental and truant schools, schools for the blind, the deaf and the crippled, schools or classes in manual training, constructural and vocational teaching, domestic arts and physical culture, vocation and extension schools and lecture courses, and all other educational courses and facilities, including establishing, equipping, maintaining and operating playgrounds and recreational programs, when such programs are conducted in, adjacent to, or connected with any public school under the general supervision and jurisdiction of the board; provided, however, that in allocating funds from year to year for the operation of all attendance centers within the district, the board shall ensure that supplemental general State aid funds are allocated and applied in accordance with Section 18-8 or 18-8.05. To admit to such schools without charge foreign exchange students who are participants in an organized exchange student program which is authorized by the board. The board shall permit all students to enroll in apprenticeship programs in trade schools operated by the board, whether those programs are union-sponsored or not. No student shall be refused admission into or be excluded from any course of instruction offered in the common schools by reason of that student's sex. No student shall be denied equal access to physical education and interscholastic athletic programs supported from school district funds or denied participation in comparable physical education and athletic programs solely by reason of the student's sex. Equal access to programs supported from school district funds and comparable programs will be defined in rules promulgated by the State Board of Education in consultation with the Illinois High School Association. Notwithstanding any other provision of this Article, neither the board of education nor any local school council or other school official shall recommend that children with disabilities be placed into regular education classrooms unless those children with disabilities are provided with supplementary services to assist them so that they benefit from the regular classroom instruction and are included on the teacher's regular education class register;
2. To furnish lunches to pupils, to make a reasonable charge therefor, and to use school funds for the payment of such expenses as the board may determine are necessary in conducting the school lunch program;

3. To co-operate with the circuit court;

4. To make arrangements with the public or quasi-public libraries and museums for the use of their facilities by teachers and pupils of the public schools;

5. To employ dentists and prescribe their duties for the purpose of treating the pupils in the schools, but accepting such treatment shall be optional with parents or guardians;

6. To grant the use of assembly halls and classrooms when not otherwise needed, including light, heat, and attendants, for free public lectures, concerts, and other educational and social interests, free of charge, under such provisions and control as the principal of the affected attendance center may prescribe;

7. To apportion the pupils to the several schools; provided that no pupil shall be excluded from or segregated in any such school on account of his color, race, sex, or nationality. The board shall take into consideration the prevention of segregation and the elimination of separation of children in public schools because of color, race, sex, or nationality. Except that children may be committed to or attend parental and social adjustment schools established and maintained either for boys or girls only. All records pertaining to the creation, alteration or revision of attendance areas shall be open to the public. Nothing herein shall limit the board's authority to establish multi-area attendance centers or other student assignment systems for desegregation purposes or otherwise, and to apportion the pupils to the several schools. Furthermore, beginning in school year 1994-95, pursuant to a board plan adopted by October 1, 1993, the board shall offer, commencing on a phased-in basis, the opportunity for families within the school district to apply for enrollment of their children in any attendance center within the school district which does not have selective admission requirements approved by the board. The appropriate geographical area in which such open enrollment may be exercised shall be determined by the board of education. Such children may be admitted to any such attendance center on a space available basis after all children residing within such attendance center's area have been accommodated. If the number of applicants from outside the attendance area exceed the space available, then successful applicants shall be selected by lottery. The board of education's open enrollment plan must include provisions that allow low income students to have access to transportation needed to exercise school choice. Open enrollment shall be in compliance with the provisions of the Consent Decree and Desegregation Plan cited in Section 34-1.01;
8. To approve programs and policies for providing transportation services to students. Nothing herein shall be construed to permit or empower the State Board of Education to order, mandate, or require busing or other transportation of pupils for the purpose of achieving racial balance in any school;

9. Subject to the limitations in this Article, to establish and approve system-wide curriculum objectives and standards, including graduation standards, which reflect the multi-cultural diversity in the city and are consistent with State law, provided that for all purposes of this Article courses or proficiency in American Sign Language shall be deemed to constitute courses or proficiency in a foreign language; and to employ principals and teachers, appointed as provided in this Article, and fix their compensation. The board shall prepare such reports related to minimal competency testing as may be requested by the State Board of Education, and in addition shall monitor and approve special education and bilingual education programs and policies within the district to assure that appropriate services are provided in accordance with applicable State and federal laws to children requiring services and education in those areas;

10. To employ non-teaching personnel or utilize volunteer personnel for: (i) non-teaching duties not requiring instructional judgment or evaluation of pupils, including library duties; and (ii) supervising study halls, long distance teaching reception areas used incident to instructional programs transmitted by electronic media such as computers, video, and audio, detention and discipline areas, and school-sponsored extracurricular activities. The board may further utilize volunteer non-certificated personnel or employ non-certificated personnel to assist in the instruction of pupils under the immediate supervision of a teacher holding a valid certificate, directly engaged in teaching subject matter or conducting activities; provided that the teacher shall be continuously aware of the non-certificated persons' activities and shall be able to control or modify them. The general superintendent shall determine qualifications of such personnel and shall prescribe rules for determining the duties and activities to be assigned to such personnel;

10.5. 11. To provide television studio facilities in not to exceed one school building and to provide programs for educational purposes, provided, however,
that the board shall not construct, acquire, operate, or maintain a television transmitter; to grant the use of its studio facilities to a licensed television station located in the school district; and to maintain and operate not to exceed one school radio transmitting station and provide programs for educational purposes;

12. To offer, if deemed appropriate, outdoor education courses, including field trips within the State of Illinois, or adjacent states, and to use school educational funds for the expense of the said outdoor educational programs, whether within the school district or not;

13. During that period of the calendar year not embraced within the regular school term, to provide and conduct courses in subject matters normally embraced in the program of the schools during the regular school term and to give regular school credit for satisfactory completion by the student of such courses as may be approved for credit by the State Board of Education;

14. To insure against any loss or liability of the board, the former School Board Nominating Commission, Local School Councils, the Chicago Schools Academic Accountability Council, or the former Subdistrict Councils or of any member, officer, agent or employee thereof, resulting from alleged violations of civil rights arising from incidents occurring on or after September 5, 1967 or from the wrongful or negligent act or omission of any such person whether occurring within or without the school premises, provided the officer, agent or employee was, at the time of the alleged violation of civil rights or wrongful act or omission, acting within the scope of his employment or under direction of the board, the former School Board Nominating Commission, the Chicago Schools Academic Accountability Council, Local School Councils, or the former Subdistrict Councils; and to provide for or participate in insurance plans for its officers and employees, including but not limited to retirement annuities, medical, surgical and hospitalization benefits in such types and amounts as may be determined by the board; provided, however, that the board shall contract for such insurance only with an insurance company authorized to do business in this State. Such insurance may include provision for employees who rely on treatment by prayer or spiritual means alone for healing, in accordance with the tenets and practice of a recognized religious denomination;

15. To contract with the corporate authorities of any municipality or the county board of any county, as the case may be, to provide for the regulation of traffic in parking areas of property used for school purposes, in such manner as is provided by Section 11-209 of The Illinois Vehicle Code, approved September 29, 1969, as amended;

16. (a) To provide, on an equal basis, access to a high school campus and student directory information to the official recruiting representatives of the armed forces of Illinois and the United States for the purposes of informing

New matter indicated by italics - deletions by strikeout
students of the educational and career opportunities available in the military if the
board has provided such access to persons or groups whose purpose is to acquaint
students with educational or occupational opportunities available to them. The
board is not required to give greater notice regarding the right of access to
recruiting representatives than is given to other persons and groups. In this
paragraph 16, "directory information" means a high school student's name, address, and telephone number.

(b) If a student or his or her parent or guardian submits a signed, written
request to the high school before the end of the student's sophomore year (or if the
student is a transfer student, by another time set by the high school) that indicates
that the student or his or her parent or guardian does not want the student's
directory information to be provided to official recruiting representatives under
subsection (a) of this Section, the high school may not provide access to the
student's directory information to these recruiting representatives. The high
school shall notify its students and their parents or guardians of the provisions of
this subsection (b).

(c) A high school may require official recruiting representatives of the
armed forces of Illinois and the United States to pay a fee for copying and mailing
a student's directory information in an amount that is not more than the actual
costs incurred by the high school.

(d) Information received by an official recruiting representative under this
Section may be used only to provide information to students concerning
educational and career opportunities available in the military and may not be
released to a person who is not involved in recruiting students for the armed
forces of Illinois or the United States;

17. (a) To sell or market any computer program developed by an
employee of the school district, provided that such employee developed the
computer program as a direct result of his or her duties with the school district or
through the utilization of the school district resources or facilities. The employee
who developed the computer program shall be entitled to share in the proceeds of
such sale or marketing of the computer program. The distribution of such
proceeds between the employee and the school district shall be as agreed upon by
the employee and the school district, except that neither the employee nor the
school district may receive more than 90% of such proceeds. The negotiation for
an employee who is represented by an exclusive bargaining representative may be

Section 10. The Illinois Educational Labor Relations Act is amended by changing Sections 4.5 and 12 as follows:

(115 ILCS 5/4.5)
Sec. 4.5. Prohibited Subjects of collective bargaining.
(a) Notwithstanding the existence of any other provision in this Act or other law, collective bargaining between an educational employer whose territorial boundaries are coterminous with those of a city having a population in excess of 500,000 and an exclusive representative of its employees may shall not include any of the following subjects:

(1) (Blank). Decisions to grant or deny a charter school proposal under Section 27A-8 of the Charter Schools Law, to renew or revoke a charter under Section 27A-9 of the Charter Schools Law, or to grant or deny a leave of absence to an employee of a school district to become an employee of a charter school; and the impact of these decisions on individual employees or the bargaining unit.

(2) Decisions to contract with a third party for one or more services otherwise performed by employees in a bargaining unit and the procedures for obtaining such contract or the identity of the third party; and the impact of these decisions on individual employees or the bargaining unit.

New matter indicated by italics - deletions by strikeout
(3) Decisions to layoff or reduce in force employees (including but not limited to reserve teachers or teachers who are no longer on an administrative payroll) due to lack of work or funds, including but not limited to decline in student enrollment, change in subject requirements within the attendance center organization, closing of an attendance center, or contracts with third parties for the performance of services, and the impact of these decisions on individual employees or the bargaining unit.

(4) Decisions to determine class size, class staffing and assignment, class schedules, academic calendar, hours and places of instruction, or pupil assessment policies, and the impact of these decisions on individual employees or the bargaining unit.

(5) Decisions concerning use and staffing of experimental or pilot programs and decisions concerning use of technology to deliver educational programs and services and staffing to provide the technology, and the impact of these decisions on individual employees or the bargaining unit.

(b) The subject or matters described in subsection (a) are permissive prohibited subjects of bargaining between an educational employer and an exclusive representative of its employees and, for the purpose of this Act, are within the sole discretion authority of the educational employer to decide to bargain, provided that the educational employer is required to bargain over the impact of a decision concerning such subject or matter on the bargaining unit upon request by the exclusive representative. During this bargaining, the educational employer shall not be precluded from implementing its decision. If, after a reasonable period of bargaining, a dispute or impasse exists between the educational employer and the exclusive representative, the dispute or impasse shall be resolved exclusively as set forth in subsection (b) of Section 12 of this Act in lieu of a strike under Section 13 of this Act.

(c) A provision in a collective bargaining agreement that was rendered null and void because it involved a prohibited subject of collective bargaining under this subsection (c) as this subsection (c) existed before the effective date of this amendatory Act of the 93rd General Assembly remains null and void and shall not otherwise be reinstated in any successor agreement unless the educational employer and exclusive representative otherwise agree to include an agreement reached on a subject or matter described in subsection (a) of this Section as subsection (a) existed before this amendatory Act of the 93rd General Assembly. This Section shall apply to collective bargaining agreements that become effective after the effective date of this amendatory Act of 1995 and shall render a provision involving a prohibited subject in such agreement null and void.

(115 ILCS 5/12) (from Ch. 48, par. 1712)
Sec. 12. Impasse procedures.

New matter indicated by italics - deletions by strikeout
(a) If the parties engaged in collective bargaining have not reached an agreement by 90 days before the scheduled start of the forthcoming school year, the parties shall notify the Illinois Educational Labor Relations Board concerning the status of negotiations.

Upon demand of either party, collective bargaining between the employer and an exclusive bargaining representative must begin within 60 days of the date of certification of the representative by the Board, or in the case of an existing exclusive bargaining representative, within 60 days of the receipt by a party of a demand to bargain issued by the other party. Once commenced, collective bargaining must continue for at least a 60 day period, unless a contract is entered into.

Except as otherwise provided in subsection (b) of this Section, if after a reasonable period of negotiation and within 45 days of the scheduled start of the forthcoming school year, the parties engaged in collective bargaining have reached an impasse, either party may petition the Board to initiate mediation. Alternatively, the Board on its own motion may initiate mediation during this period. However, mediation shall be initiated by the Board at any time when jointly requested by the parties and the services of the mediators shall continuously be made available to the employer and to the exclusive bargaining representative for purposes of arbitration of grievances and mediation or arbitration of contract disputes. If requested by the parties, the mediator may perform fact-finding and in so doing conduct hearings and make written findings and recommendations for resolution of the dispute. Such mediation shall be provided by the Board and shall be held before qualified impartial individuals. Nothing prohibits the use of other individuals or organizations such as the Federal Mediation and Conciliation Service or the American Arbitration Association selected by both the exclusive bargaining representative and the employer.

If the parties engaged in collective bargaining fail to reach an agreement within 15 days of the scheduled start of the forthcoming school year and have not requested mediation, the Illinois Educational Labor Relations Board shall invoke mediation.

Whenever mediation is initiated or invoked under this subsection (a) Section, the parties may stipulate to defer selection of a mediator in accordance with rules adopted by the Board.

(b) If, after a period of bargaining of at least 60 days, a dispute or impasse exists between an employer whose territorial boundaries are coterminous with those of a city having a population in excess of 500,000 and the exclusive bargaining representative over a subject or matter set forth in Section 4.5 of this Act, the parties shall submit the dispute or impasse to the dispute resolution procedure agreed to between the parties. The procedure shall provide for mediation of disputes by a rotating mediation panel and may, at the request of either party, include the issuance of advisory findings of fact and recommendations.
(c) The costs of fact finding and mediation shall be shared equally between the employer and the exclusive bargaining agent, provided that, for purposes of mediation under this Act, if either party requests the use of mediation services from the Federal Mediation and Conciliation Service, the other party shall either join in such request or bear the additional cost of mediation services from another source.

(d) Nothing in this Act prevents an employer and an exclusive bargaining representative from mutually submitting to final and binding impartial arbitration unresolved issues concerning the terms of a new collective bargaining agreement.

Section 5. The School Code is amended by changing Section 11A-9 as follows:

(105 ILCS 5/11A-9) (from Ch. 122, par. 11A-9)

Sec. 11A-9. Tax levy. The board of education of a community unit district may levy taxes for educational, operations and maintenance and the purchase and improvements of school grounds, pupil transportation, and fire prevention and safety purposes, respectively, at not exceeding the rates specified in the petition, which rates may thereafter be increased or decreased in the same manner and within the limits provided by Sections 17-2 through 17-7. The board of education may further levy taxes for other purposes as generally permitted by law.

If the election of the board of education of the new district occurs at the general election or the nonpartisan election (or the consolidated election beginning in 2003) and the board of education makes its initial levy in that same year, the county clerk shall extend such levy notwithstanding any other law which requires the adoption of a budget before the clerk may extend such levy. In addition, the districts from which the new
district is formed, by joint agreement and with the approval of the regional superintendent, shall be permitted to amend outstanding levies in the same calendar year in which the creation of the new district is approved at the rates specified in the petition.

If the election of the board of education of the new district does not occur in the same calendar year that the proposition to create the new district is approved, the districts from which the new district is formed, by joint agreement and with the approval of the regional superintendent, shall be permitted to levy in the same calendar year in which the creation of the new district is approved at the rates specified in the petition. The county clerks shall extend any such levy notwithstanding any law that requires adoption of a budget before extension of the levy.

PUBLIC ACT 93-0005
(Senate Bill No. 885)

AN ACT concerning telecommunications.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Public Utilities Act is amended by adding Sections 13-408 and 13-409 as follows:

(220 ILCS 5/13-408 new)

Sec. 13-408. Unbundled network element rates. This Section applies to and covers certain unbundled network element rates that shall be charged by incumbent local exchange carriers that are subject to regulation under an alternative regulation plan under Section 13-506.1 of this Act. The General Assembly finds and determines that it should provide direction to the Illinois Commerce Commission regarding the establishment of the monthly recurring rates that such incumbent local exchange carriers shall charge other telecommunications carriers for unbundled loops, whether provided on a standalone basis or in combination with other unbundled network elements, in order to ensure (i) that such rates are consistent with the requirements of the federal Telecommunications Act of 1996, the regulations promulgated thereunder, and subsection (g) of Section 13-801 of this Act, and (ii) that such incumbent local exchange carriers are able to recover the efficient, forward-looking costs of creating, operating, and maintaining the network outside plant infrastructure capacity and switching and transmission network capacity necessary to permit such incumbent local exchange

carriers to meet in a timely and adequate fashion the obligations imposed by Section 8-101 of this Act.

In order to ensure recurring unbundled network element rates for loops that accomplish these objectives, the Illinois Commerce Commission shall set the recurring rates affected incumbent local exchange carriers receive for unbundled loops, whether provided on a standalone basis or in combination with other unbundled network elements, in accordance with the requirements delineated below.

(a) Fill factors. The General Assembly directs that the Illinois Commerce Commission shall employ fill factors (the proportion of a facility or element that will be "filled" with network usage) that represent a reasonable projection of actual total usage of the elements in question, in accordance with applicable federal law. The General Assembly finds that existing actual total usage of the elements that affected incumbent local exchange carriers are required to provide to competing local exchange carriers, as reflected in the current actual fill factors for the elements in question, is the most reasonable projection of actual total usage. The Commission, therefore, shall employ current actual fill factors that reflect such existing actual total usage on a going forward basis in establishing cost based rates for such unbundled network elements. In addition, the Commission shall adjust all existing Commission-approved rates for unbundled loops, whether provided on a standalone basis or in combination with other unbundled network elements, that are currently in effect to make such rates consistent with this provision.

(b) Depreciation rates. The General Assembly further directs that the Commission shall employ depreciation rates that are forward-looking and based on economic lives as reflected in the incumbent local exchange carrier's books of accounts as reported to the investment community under the regulations of the Securities and Exchange Commission. Use of an accelerated depreciation mechanism shall be required in all cases. Use of a depreciation rate based on historical rate-of-return regulation derived lives of the elements and facilities in question shall be prohibited. In addition, the Commission shall adjust all existing Commission-approved rates for unbundled loops, whether provided on a standalone basis or in combination with other unbundled network elements, that are currently in effect to make such rates consistent with this provision.

(c) The rate adjustments required by subsections (a) and (b) of this Section must be completed within 30 days of the effective date of this Section. In the case of any incumbent local exchange carrier that is subject to an alternative regulation plan under Section 13-506.1 at the time this Section becomes effective, in making these rate adjustments, the Commission shall determine the specific required adjustments with respect to fill factors and depreciation lives by employing the models and methodology used to generate the proposed rates submitted by such an incumbent local exchange carrier in ICC Docket 02-0864. The Commission proceedings initiated to establish such
adjusted rates shall be deemed interconnection agreement arbitration and approval proceedings under Sections 252(b) and (e) of the federal Telecommunications Act of 1996. Immediately upon conclusion of such proceedings, all existing interconnection agreements in this State of affected incumbent local exchange carriers shall be deemed amended to contain the adjusted rates established in such proceedings. In addition, immediately upon conclusion of such proceedings, all wholesale tariffs, currently effective in this State, of affected incumbent local exchange carriers shall be deemed amended to contain the adjusted rates established in such proceedings. In accordance with these provisions, immediately upon the establishment by the Commission of the adjusted rates covered hereby, each affected incumbent local exchange carrier shall charge such adjusted rates, to the extent applicable, for all of the network element products that are provided to other carriers, whether those products are provided under an interconnection agreement or a tariff. The proceeding in ICC Docket 02-0864 is hereby abated as of the effective date of this amendatory Act of the 93rd General Assembly.

(d) Notwithstanding anything to the contrary contained in Section 13-505.1 of this Act, unbundled network element rates established in accordance with the provisions of this Section shall not require any increase in any retail rates for any telecommunications service.

(220 ILCS 5/13-409 new)

(a) During the first 2 years following the effective date of Section 13-408, for the first 35,000 voice grade equivalent access lines used by an individual carrier to provide local exchange service to end users, the monthly recurring rate for the unbundled network elements associated with those lines and leased from an incumbent local exchange carrier to which Section 13-408 applies shall be frozen at the levels in effect immediately prior to the effective date of Section 13-408.

(b) Thereafter, the monthly recurring rates for all unbundled network elements provided by any incumbent local exchange carrier to which Section 13-408 applies shall be the rates established by the Commission in accordance with the provisions of Section 13-408.

(c) If, as of the effective date of Section 13-408 and this Section, an individual telecommunications carrier uses unbundled network elements leased from a specific incumbent local exchange carrier to provide local exchange service over more than 35,000 voice grade equivalent access lines, that carrier must designate the 35,000 voice grade equivalent access lines to which the provisions of subsections (a) and (b) of this Section apply. If subsequent to such designation, the individual carrier loses the customer served by a designated access line, and therefore no longer leases the unbundled network elements associated with that line, the individual carrier may not designate a different access line to substitute for the lost line. All unbundled network

New matter indicated by italics - deletions by strikeout
elements leased to provide service over undesignated voice grade equivalent access lines shall be subject to the full monthly recurring rates established by the Commission in accordance with the provisions of Section 13-408.

(d) If, as of the effective date of this Section, an individual carrier uses unbundled network elements leased from a specific local exchange carrier to provide local exchange service over fewer than 35,000 voice grade equivalent access lines, that carrier must designate the access lines to which the provisions of subsections (a) and (b) of this Section apply. If subsequent to such designation, the individual carrier loses the customer served by a designated access line, and therefore no longer leases the unbundled network elements associated with that line, the individual carrier may not designate a different access line to substitute for the lost line. Subject to these limitations, subsequent to the effective date of this Section, such a carrier may designate additional voice grade equivalent access lines to which it wishes the provisions of subsections (a) and (b) of this Section to apply, until the total designated lines equal 35,000. If a subsequently designated line is lost, the carrier will not be permitted to designate a different line to substitute for that lost line. All unbundled network elements leased to provide service over undesignated voice grade equivalent access lines shall be subject to the full monthly recurring rates established by the Commission in accordance with the provisions of Section 13-408.

(e) For purposes of this Section, in determining when an individual telecommunications carrier has reached 35,000 voice grade equivalent access lines, a specific carrier, any affiliate of that carrier, any carrier serving as a sales or marketing agent for that carrier, and any carrier with whom that carrier has a cooperative sales or marketing arrangement all shall be treated as a single individual carrier.

(f) Notwithstanding any other provisions of this Section, access lines provided to payphone service providers are not eligible for the freeze or discount provided for in subsections (a) and (b) of this Section. Accordingly, the provisions of subsections (a) and (b) shall not apply to unbundled network elements that are leased by individual telecommunications carriers to provide local exchange service to payphone service providers.

Section 10. Prohibited acts.

(a) No employer may discriminate between employees on the basis of sex by paying wages to an employee at a rate less than the rate at which the employer pays wages to another employee of the opposite sex for the same or substantially similar work on jobs the performance of which requires equal skill, effort, and responsibility, and which are performed under similar working conditions, except where the payment is made under:

1. a seniority system;
2. a merit system;
3. a system that measures earnings by quantity or quality of production;

or

4. a differential based on any other factor other than: (i) sex or (ii) a factor that would constitute unlawful discrimination under the Illinois Human Rights Act.

An employer who is paying wages in violation of this Act may not, to comply with this Act, reduce the wages of any other employee.

Nothing in this Act may be construed to require an employer to pay, to any employee at a workplace in a particular county, wages that are equal to the wages paid by that employer at a workplace in another county to employees in jobs the performance of which requires equal skill, effort, and responsibility, and which are performed under similar working conditions.

(b) It is unlawful for any employer to interfere with, restrain, or deny the exercise of or the attempt to exercise any right provided under this Act. The Department has the power to conduct investigations in connection with the administration and enforcement of this Act and the authorized officers and employees of the Department are authorized to investigate and gather data regarding the wages, hours, and other conditions and practices of employment in any industry subject to this Act, and may enter and inspect such places and such records at reasonable times during regular business hours, question the employees and investigate the facts, conditions, practices, or matters as he or she may deem necessary or appropriate to determine whether any person has violated any provision of this Act, or which may aid in the enforcement of this Act.

Section 20. Recordkeeping requirements. An employer subject to any provision of this Act shall make and preserve records that document the name, address, and occupation of each employee, the wages paid to each employee, and any other information the Director may by rule deem necessary and appropriate for enforcement of this Act. An employer subject to any provision of this Act shall preserve those records for a period of not less than 3 years and shall make reports from the records as prescribed by rule or order of the Director.

Section 25. Witnesses; subpoena. The Director of Labor or his or her authorized representative may administer oaths, take or cause to be taken the depositions of witnesses, and require by subpoena the attendance and testimony of witnesses and the production of all books, records, and other evidence relative to the matter under investigation. In case of failure of any person to comply with any subpoena lawfully issued under this Section or on the refusal of any witness to produce evidence or to testify to any matter regarding which he or she may be lawfully interrogated, it is the duty of any circuit court, upon application of the Director, or his or her authorized representative, to compel obedience by proceedings for contempt, as in the case of disobedience of the requirements of a subpoena issued by such court or a refusal to testify therein. The Director may certify to official acts.

civil action the entire amount of any underpayment together with interest and the costs and reasonable attorney's fees as may be allowed by the court and as necessary to make the employee whole. At the request of the employee or on a motion of the Director, the Department may make an assignment of the wage claim in trust for the assigning employee and may bring any legal action necessary to collect the claim, and the employer shall be required to pay the costs incurred in collecting the claim. Every such action shall be brought within 3 years from the date the employee learned of the underpayment.

(b) The Director is authorized to supervise the payment of the unpaid wages owing to any employee or employees under this Act and may bring any legal action necessary to recover the amount of unpaid wages and penalties and the employer shall be required to pay the costs. Any sums recovered by the Director on behalf of an employee under this Section shall be paid to the employee or employees affected.

PUBLIC ACT 93-0009
(Senate Bill No. 1601)

AN ACT concerning finance.
WHEREAS, The General Assembly takes note that governmental units in the State must borrow funds in the current bond market, and the issuance of bonds or other obligations as what are commonly referred to as variable rate demand bonds, auction bonds, or commercial paper bonds is ever increasing, and is frequently the most advisable and economic means of borrowing; and

WHEREAS, It is sometimes most advantageous in connection with such borrowings to enter into cap, collar, swap, or other derivative transactions relating to interest rates which serve to hedge interest rate risk and it is frequently necessary to procure credit enhancement in the forms commonly referred to as municipal bond insurance, letters of credit, lines of credit, standby bond purchase agreements, or surety bonds, and the like, in such demand bond and similar transactions; and

WHEREAS, Existing law authorizes such transactions, but it is advisable for the law to be more fully stated to accommodate same, expressly permitting certain aspects of such transactions; therefore

Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 3. The State Finance Act is amended by changing Section 6z-45 as follows:
(30 ILCS 105/6z-45)
Sec. 6z-45. The School Infrastructure Fund.
(a) The School Infrastructure Fund is created as a special fund in the State Treasury.

In addition to any other deposits authorized by law, beginning January 1, 2000, on the first day of each month, or as soon thereafter as may be practical, the State Treasurer and State Comptroller shall transfer the sum of $5,000,000 from the General Revenue

New matter indicated by italics - deletions by strikeout
Fund to the School Infrastructure Fund; provided, however, that no such transfers shall be made from July 1, 2001 through June 30, 2003.

(b) Subject to the transfer provisions set forth below, money in the School Infrastructure Fund shall, if and when the State of Illinois incurs any bonded indebtedness for the construction of school improvements under the School Construction Law, be set aside and used for the purpose of paying and discharging annually the principal and interest on that bonded indebtedness then due and payable, and for no other purpose.

In addition to other transfers to the General Obligation Bond Retirement and Interest Fund made pursuant to Section 15 of the General Obligation Bond Act, upon each delivery of bonds issued for construction of school improvements under the School Construction Law, the State Comptroller shall compute and certify to the State Treasurer the total amount of principal of, interest on, and premium, if any, on such bonds during the then current and each succeeding fiscal year. *With respect to the interest payable on variable rate bonds, such certifications shall be calculated at the maximum rate of interest that may be payable during the fiscal year, after taking into account any credits permitted in the related indenture or other instrument against the amount of such interest required to be appropriated for that period.*

On or before the last day of each month, the State Treasurer and State Comptroller shall transfer from the School Infrastructure Fund to the General Obligation Bond Retirement and Interest Fund an amount sufficient to pay the aggregate of the principal of, interest on, and premium, if any, on the bonds payable on their next payment date, divided by the number of monthly transfers occurring between the last previous payment date (or the delivery date if no payment date has yet occurred) and the next succeeding payment date. *Interest payable on variable rate bonds shall be calculated at the maximum rate of interest that may be payable for the relevant period, after taking into account any credits permitted in the related indenture or other instrument against the amount of such interest required to be appropriated for that period. Interest for which moneys have already been deposited into the capitalized interest account within the General Obligation Bond Retirement and Interest Fund shall not be included in the calculation of the amounts to be transferred under this subsection.*

(c) The surplus, if any, in the School Infrastructure Fund after the payment of principal and interest on that bonded indebtedness then annually due shall, subject to appropriation, be used as follows:

First - to make 3 payments to the School Technology Revolving Loan Fund as follows:

Transfer of $30,000,000 in fiscal year 1999;
Transfer of $20,000,000 in fiscal year 2000; and
Transfer of $10,000,000 in fiscal year 2001.

Second - to pay the expenses of the State Board of Education and the Capital Development Board in administering programs under the School Construction Law, the total expenses not to exceed $1,200,000 in any fiscal year.

Third - to pay any amounts due for grants for school construction projects and debt service under the School Construction Law.

Fourth - to pay any amounts due for grants for school maintenance projects under the School Construction Law.

Section 5. The Bond Authorization Act is amended by changing Sections 7, 9, 14 and 15 as follows:

(30 ILCS 305/7) (from Ch. 17, par. 6607)

Sec. 7. Interest rate swaps. For purposes of this Section, terms are as defined in the Local Government Debt Reform Act. With respect to all or part of any currently outstanding or proposed issue of its bonds, a governmental unit whose aggregate principal amount of bonds outstanding or proposed exceeds $10,000,000 may, without prior appropriation, enter into agreements or contracts with any necessary or appropriate person (the counter party) that will have the benefit of providing to the governmental unit: (i) an interest rate basis, cash flow basis, or other basis different from that provided in the bonds for the payment of interest or (ii) with respect to a future delivery of bonds, one or more of a guaranteed interest rate, interest rate basis, cash flow basis, or purchase price. Such agreements or contracts include without limitation agreements or contracts commonly known as "interest rate swap, collar, cap, or derivative agreements", "forward payment conversion agreements", interest rate locks, forward bond purchase agreements, bond warrant agreements, or bond purchase option agreements and also include agreements or contracts providing for payments based on levels of or changes in interest rates, including a change in an interest rate index, to exchange cash flows or a series of payments, or to hedge payment, rate spread, or similar exposure (such agreements or contracts, collectively, being "swaps"). Without limiting other permitted terms which may be included in swaps, the following provisions may or, if hereinafter so required, shall apply:

(a) Payments made pursuant to a swap (the swap payments) which are to be made by the governmental unit may be paid by such governmental unit, without limitation, from proceeds of the bonds, including bonds for future delivery, identified to such swaps, or from bonds issued to refund such bonds, or from whatever enterprise revenues or revenue source, including taxes pledged or to be pledged to the payment of such bonds, which enterprise revenues or revenue source may be increased to make such swap payments, and swap payments to be received by the governmental unit, which may be periodic, up-front, or on termination, shall be used solely for and limited to any lawful corporate purpose of the governmental unit.

New matter indicated by italics - deletions by strikeout
(b) Up-front or periodic net swap payments to be paid by the governmental unit under the swaps (the standard swap payments) such agreements or contracts shall be treated as interest for the purpose of calculating any interest rate limit applicable to the bonds, provided, however, that for purposes of making such standard swap payments only (and not with respect to the bonds so issued or to be issued), the bonds shall be deemed not exempt from income taxation under the Internal Revenue Code for purposes of State law, as contained in this Bond Authorization Act, relating to the permissible rate of interest to be borne thereon, and, provided further, that if payments of any standard swap payments are to be made by the governmental unit and the counter party on different dates, the net effect of such payments for purposes of such interest rate limitation shall be determined using a true interest cost (yield) calculation.

(c) Any such agreement or contract and the swap payments to be made thereunder shall not be taken into account with respect to any debt limit applicable to the governmental unit public corporation.

(d) Swap payments upon the termination of any swap may be paid to a counterparty upon any terms customary for swaps, including, without limitation, provisions using market quotations available for giving the net benefit of the swap at the time of termination to the persons entitled thereto (viz., the governmental unit or the counterparty) or reasonable fair market value determinations of the value at termination made in good faith by either such persons.

(e) The term of the swap shall not exceed the term of any currently outstanding bonds identified to such swap or, for bonds to be delivered, not greater than 5 years plus the term of years proposed for such bonds to be delivered, but in no event longer than 40 years, plus, in each case, any time period necessary to cure any defaults under such swap.

(f) The choice of law for enforcement of swaps as to any counterparty may be made for any state of these United States, but the law which shall apply to the obligations of the governmental unit shall be the law of the State of Illinois, and jurisdiction to enforce the swaps as against the governmental units shall be exclusively in the courts of the State of Illinois or in the applicable federal court having jurisdiction and located within the State of Illinois.

(g) Governmental units, in entering into swaps, may not waive any sovereign immunities from time to time available under the laws of the State of Illinois as to jurisdiction, procedures, and remedies, but such swaps shall otherwise be fully enforceable as valid and binding contracts as and to the extent provided herein and by other applicable law.

(30 ILCS 330/9) (from Ch. 127, par. 659)

Sec. 9. Conditions for Issuance and Sale of Bonds - Requirements for Bonds.
(a) Bonds shall be issued and sold from time to time, in one or more series, in such amounts and at such prices as may be directed by the Governor, upon recommendation by the Director of the Bureau of the Budget. Bonds shall be in such form (either coupon, registered or book entry), in such denominations, payable within 30 years from their date, subject to such terms of redemption with or without premium, bear interest payable at such times and at such fixed or variable rate or rates, and be dated as shall be fixed and determined by the Director of the Bureau of the Budget in the order authorizing the issuance and sale of any series of Bonds, which order shall be approved by the Governor and is herein called a "Bond Sale Order"; provided however, that interest payable at fixed or variable rates shall not exceed that permitted in the Bond Authorization Act, as now or hereafter amended. Said Bonds shall be payable at such place or places, within or without the State of Illinois, and may be made registrable as to either principal or as to both principal and interest, as shall be specified in the Bond Sale Order. Bonds may be callable or subject to purchase and retirement or tender and remarketing as fixed and determined in the Bond Sale Order.

In the case of any series of Bonds bearing interest at a variable interest rate ("Variable Rate Bonds"), in lieu of determining the rate or rates at which such series of Variable Rate Bonds shall bear interest and the price or prices at which such Variable Rate Bonds shall be initially sold or remarshaled (in the event of purchase and subsequent resale), the Bond Sale Order may provide that such interest rates and prices may vary from time to time depending on criteria established in such Bond Sale Order, which criteria may include, without limitation, references to indices or variations in interest rates as may, in the judgment of a remarketing agent, be necessary to cause Variable Rate Bonds of such series to be remarketable from time to time at a price equal to their principal amount, and may provide for appointment of a bank, trust company, investment bank, or other financial institution to serve as remarketing agent in that connection. The Bond Sale Order may provide that alternative interest rates or provisions for establishing alternative interest rates, different security or claim priorities, or different call or amortization provisions will apply during such times as Variable Rate Bonds of any series are held by a person providing credit or liquidity enhancement arrangements for such Bonds as authorized in subsection (b) of this Section. The Bond Sale Order may also provide for such variable interest rates to be established pursuant to a process generally known as an auction rate process and may provide for appointment of one or more financial institutions to serve as auction agents and broker-dealers in connection with the establishment of such interest rates and the sale and remarketing of such Bonds.

(b) In connection with the issuance of any series of Bonds, the State may enter into arrangements to provide additional security and liquidity for such Bonds, including, without limitation, bond or interest rate insurance or letters of credit, lines of credit, bond purchase contracts, or other arrangements whereby funds are made available to
retire or purchase Bonds, thereby assuring the ability of owners of the Bonds to sell or redeem their Bonds. The State may enter into contracts and may agree to pay fees to persons providing such arrangements, but only under circumstances where the Director of the Bureau of the Budget certifies that he or she reasonably expects the total interest paid or to be paid on the Bonds, together with the fees for the arrangements (being treated as if interest), would not, taken together, cause the Bonds to bear interest, calculated to their stated maturity, at a rate in excess of the rate that the Bonds would bear in the absence of such arrangements.

The State may, with respect to Bonds issued or anticipated to be issued, participate in and enter into arrangements with respect to interest rate protection or exchange agreements, guarantees, or financial futures contracts for the purpose of limiting or restricting interest rate risk. The arrangements may be executed and delivered by the Director of the Bureau of the Budget on behalf of the State. Net payments for such arrangements shall constitute interest on the Bonds and shall be paid from the General Obligation Bond Retirement and Interest Fund. The Director of the Bureau of the Budget shall at least annually certify to the Governor and the State Comptroller his or her estimate of the amounts of such net payments to be included in the calculation of interest required to be paid by the State.

(c) Prior to the issuance of any Variable Rate Bonds pursuant to subsection (a), the Director of the Bureau of the Budget shall adopt an interest rate risk management policy providing that the amount of the State's variable rate exposure with respect to Bonds shall not exceed 20%. This policy shall remain in effect while any Bonds are outstanding and the issuance of Bonds shall be subject to the terms of such policy. The terms of this policy may be amended from time to time by the Director of the Bureau of the Budget but in no event shall any amendment cause the permitted level of the State's variable rate exposure with respect to Bonds to exceed 20%.

Section 99. Effective date. This Act takes effect upon becoming law.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Section 19-1 as follows:

(105 ILCS 5/19-1) (from Ch. 122, par. 19-1)

Sec. 19-1. Debt limitations of school districts.

(a) School districts shall not be subject to the provisions limiting their indebtedness prescribed in "An Act to limit the indebtedness of counties having a population of less than 500,000 and townships, school districts and other municipal corporations having a population of less than 300,000", approved February 15, 1928, as amended.

No school districts maintaining grades K through 8 or 9 through 12 shall become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding 6.9% on the value of the taxable property therein to be ascertained by the last assessment for State and county taxes or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979, previous to the incurring of such indebtedness.

No school districts maintaining grades K through 12 shall become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding 13.8% on the value of the taxable property therein to be ascertained by the last assessment for State and county taxes or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979, previous to the incurring of such indebtedness.

Notwithstanding the provisions of any other law to the contrary, in any case in which the voters of a school district have approved a proposition for the issuance of bonds of such school district at an election held prior to January 1, 1979, and all of the bonds approved at such election have not been issued, the debt limitation applicable to such school district during the calendar year 1979 shall be computed by multiplying the value of taxable property therein, including personal property, as ascertained by the last assessment for State and county taxes, previous to the incurring of such indebtedness, by the percentage limitation applicable to such school district under the provisions of this subsection (a).

(b) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, additional indebtedness may be incurred in an amount not to exceed the estimated cost of acquiring or improving school sites or constructing and equipping additional building facilities under the following conditions:

(1) Whenever the enrollment of students for the next school year is estimated by the board of education to increase over the actual present enrollment by not less than 35% or by not less than 200 students or the actual present

New matter indicated by italics - deletions by strikeout
enrollment of students has increased over the previous school year by not less than 35% or by not less than 200 students and the board of education determines that additional school sites or building facilities are required as a result of such increase in enrollment; and

(2) When the Regional Superintendent of Schools having jurisdiction over the school district and the State Superintendent of Education concur in such enrollment projection or increase and approve the need for such additional school sites or building facilities and the estimated cost thereof; and

(3) When the voters in the school district approve a proposition for the issuance of bonds for the purpose of acquiring or improving such needed school sites or constructing and equipping such needed additional building facilities at an election called and held for that purpose. Notice of such an election shall state that the amount of indebtedness proposed to be incurred would exceed the debt limitation otherwise applicable to the school district. The ballot for such proposition shall state what percentage of the equalized assessed valuation will be outstanding in bonds if the proposed issuance of bonds is approved by the voters; or

(4) Notwithstanding the provisions of paragraphs (1) through (3) of this subsection (b), if the school board determines that additional facilities are needed to provide a quality educational program and not less than 2/3 of those voting in an election called by the school board on the question approve the issuance of bonds for the construction of such facilities, the school district may issue bonds for this purpose; or

(5) Notwithstanding the provisions of paragraphs (1) through (3) of this subsection (b), if (i) the school district has previously availed itself of the provisions of paragraph (4) of this subsection (b) to enable it to issue bonds, (ii) the voters of the school district have not defeated a proposition for the issuance of bonds since the referendum described in paragraph (4) of this subsection (b) was held, (iii) the school board determines that additional facilities are needed to provide a quality educational program, and (iv) a majority of those voting in an election called by the school board on the question approve the issuance of bonds for the construction of such facilities, the school district may issue bonds for this purpose.

In no event shall the indebtedness incurred pursuant to this subsection (b) and the existing indebtedness of the school district exceed 15% of the value of the taxable property therein to be ascertained by the last assessment for State and county taxes, previous to the incurring of such indebtedness or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979.

New matter indicated by italics - deletions by strikeout
The indebtedness provided for by this subsection (b) shall be in addition to and in excess of any other debt limitation.

(c) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, in any case in which a public question for the issuance of bonds of a proposed school district maintaining grades kindergarten through 12 received at least 60% of the valid ballots cast on the question at an election held on or prior to November 8, 1994, and in which the bonds approved at such election have not been issued, the school district pursuant to the requirements of Section 11A-10 may issue the total amount of bonds approved at such election for the purpose stated in the question.

(d) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, a school district that meets all the criteria set forth in paragraphs (1) and (2) of this subsection (d) may incur an additional indebtedness in an amount not to exceed $4,500,000, even though the amount of the additional indebtedness authorized by this subsection (d), when incurred and added to the aggregate amount of indebtedness of the district existing immediately prior to the district incurring the additional indebtedness authorized by this subsection (d), causes the aggregate indebtedness of the district to exceed the debt limitation otherwise applicable to that district under subsection (a):

(1) The additional indebtedness authorized by this subsection (d) is incurred by the school district through the issuance of bonds under and in accordance with Section 17-2.11a for the purpose of replacing a school building which, because of mine subsidence damage, has been closed as provided in paragraph (2) of this subsection (d) or through the issuance of bonds under and in accordance with Section 19-3 for the purpose of increasing the size of, or providing for additional functions in, the new school building being constructed to replace a school building closed as the result of mine subsidence damage, or both such purposes.

(2) The bonds issued by the school district as provided in paragraph (1) above are issued for the purposes of construction by the school district of a new school building pursuant to Section 17-2.11, to replace an existing school building that, because of mine subsidence damage, is closed as of the end of the 1992-93 school year pursuant to action of the regional superintendent of schools of the educational service region in which the district is located under Section 3-14.22 or are issued for the purpose of increasing the size of, or providing for additional functions in, the new school building being constructed to replace a school building closed as the result of mine subsidence damage, or both such purposes.

(e) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, a school district that meets all the criteria set forth in paragraphs (1) through (5) of this subsection (e) may, without referendum, incur an additional indebtedness in an amount not to exceed the lesser of $5,000,000 or 1.5% of the value of the taxable property within the district even though the amount of the additional indebtedness
authorized by this subsection (e), when incurred and added to the aggregate amount of indebtedness of the district existing immediately prior to the district incurring that additional indebtedness, causes the aggregate indebtedness of the district to exceed or increases the amount by which the aggregate indebtedness of the district already exceeds the debt limitation otherwise applicable to that district under subsection (a):

(1) The State Board of Education certifies the school district under Section 19-1.5 as a financially distressed district.

(2) The additional indebtedness authorized by this subsection (e) is incurred by the financially distressed district during the school year or school years in which the certification of the district as a financially distressed district continues in effect through the issuance of bonds for the lawful school purposes of the district, pursuant to resolution of the school board and without referendum, as provided in paragraph (5) of this subsection.

(3) The aggregate amount of bonds issued by the financially distressed district during a fiscal year in which it is authorized to issue bonds under this subsection does not exceed the amount by which the aggregate expenditures of the district for operational purposes during the immediately preceding fiscal year exceeds the amount appropriated for the operational purposes of the district in the annual school budget adopted by the school board of the district for the fiscal year in which the bonds are issued.

(4) Throughout each fiscal year in which certification of the district as a financially distressed district continues in effect, the district maintains in effect a gross salary expense and gross wage expense freeze policy under which the district expenditures for total employee salaries and wages do not exceed such expenditures for the immediately preceding fiscal year. Nothing in this paragraph, however, shall be deemed to impair or to require impairment of the contractual obligations, including collective bargaining agreements, of the district or to impair or require the impairment of the vested rights of any employee of the district under the terms of any contract or agreement in effect on the effective date of this amendatory Act of 1994.

(5) Bonds issued by the financially distressed district under this subsection shall bear interest at a rate not to exceed the maximum rate authorized by law at the time of the making of the contract, shall mature within 40 years from their date of issue, and shall be signed by the president of the school board and treasurer of the school district. In order to issue bonds under this subsection, the school board shall adopt a resolution fixing the amount of the bonds, the date of the bonds, the maturities of the bonds, the rates of interest of the bonds, and their place of payment and denomination, and shall provide for the levy and collection of a direct annual tax upon all the taxable property in the district sufficient to pay the principal and interest on the bonds to maturity. Upon the filing in the office of

the county clerk of the county in which the financially distressed district is located of a certified copy of the resolution, it is the duty of the county clerk to extend the tax therefor in addition to and in excess of all other taxes at any time authorized to be levied by the district. If bond proceeds from the sale of bonds include a premium or if the proceeds of the bonds are invested as authorized by law, the school board shall determine by resolution whether the interest earned on the investment of bond proceeds or the premium realized on the sale of the bonds is to be used for any of the lawful school purposes for which the bonds were issued or for the payment of the principal indebtedness and interest on the bonds. The proceeds of the bond sale shall be deposited in the educational purposes fund of the district and shall be used to pay operational expenses of the district. This subsection is cumulative and constitutes complete authority for the issuance of bonds as provided in this subsection, notwithstanding any other law to the contrary.

(f) Notwithstanding the provisions of subsection (a) of this Section or of any other law, bonds in not to exceed the aggregate amount of $5,500,000 and issued by a school district meeting the following criteria shall not be considered indebtedness for purposes of any statutory limitation and may be issued in an amount or amounts, including existing indebtedness, in excess of any heretofore or hereafter imposed statutory limitation as to indebtedness:

(1) At the time of the sale of such bonds, the board of education of the district shall have determined by resolution that the enrollment of students in the district is projected to increase by not less than 7% during each of the next succeeding 2 school years.

(2) The board of education shall also determine by resolution that the improvements to be financed with the proceeds of the bonds are needed because of the projected enrollment increases.

(3) The board of education shall also determine by resolution that the projected increases in enrollment are the result of improvements made or expected to be made to passenger rail facilities located in the school district.

(g) Notwithstanding the provisions of subsection (a) of this Section or any other law, bonds in not to exceed an aggregate amount of 25% of the equalized assessed value of the taxable property of a school district and issued by a school district meeting the criteria in paragraphs (i) through (iv) of this subsection shall not be considered indebtedness for purposes of any statutory limitation and may be issued pursuant to resolution of the school board in an amount or amounts, including existing indebtedness, in excess of any statutory limitation of indebtedness heretofore or hereafter imposed:

(i) The bonds are issued for the purpose of constructing a new high school building to replace two adjacent existing buildings which together house a single
high school, each of which is more than 65 years old, and which together are located on more than 10 acres and less than 11 acres of property.

(ii) At the time the resolution authorizing the issuance of the bonds is adopted, the cost of constructing a new school building to replace the existing school building is less than 60% of the cost of repairing the existing school building.

(iii) The sale of the bonds occurs before July 1, 1997.

(iv) The school district issuing the bonds is a unit school district located in a county of less than 70,000 and more than 50,000 inhabitants, which has an average daily attendance of less than 1,500 and an equalized assessed valuation of less than $29,000,000.

PUBLIC ACT 93-0015

( House Bill No. 0046)

AN ACT concerning renewable fuels.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Illinois Renewable Fuels Development Program Act.

Section 5. Findings and State policy. The General Assembly recognizes that agriculture is a vital sector of the Illinois economy and that an important growth industry for the Illinois agricultural sector is renewable fuels production. Renewable fuels produced from Illinois agricultural products hold great potential for growing the State's economy, reducing our dependence on foreign oil supplies, and improving the environment by reducing harmful emissions from vehicles. Illinois is the nation's leading producer of ethanol, a clean, renewable fuel with significant environmental benefits. The General Assembly finds that reliable supplies of renewable fuels will be integral to the long term energy security of the United States. The General Assembly declares that it is the public policy of the State of Illinois to promote and encourage the production and use of renewable fuels as a means not only to improve air quality in the State and the nation,

Section 905. The Prevailing Wage Act is amended by changing Sections 2, 3, and

(820 ILCS 130/2) (from Ch. 48, par. 39s-2)

Sec. 2. This Act applies to the wages of laborers, mechanics and other workers
employed in any public works, as hereinafter defined, by any public body and to anyone
under contracts for public works.

As used in this Act, unless the context indicates otherwise:

"Public works" means all fixed works constructed for public use by any public
body, other than work done directly by any public utility company, whether or not done
under public supervision or direction, or paid for wholly or in part out of public funds.
"Public works" as defined herein includes all projects financed in whole or in part with
bonds issued under the Industrial Project Revenue Bond Act (Article 11, Division 74 of
the Illinois Municipal Code), the Industrial Building Revenue Bond Act, the Illinois
Development Finance Authority Act, the Illinois Sports Facilities Authority Act, or the
Build Illinois Bond Act, and all projects financed in whole or in part with loans or other
funds made available pursuant to the Build Illinois Act. "Public works" also includes all
projects financed in whole or in part with funds from the Department of Commerce and
Community Affairs under the Illinois Renewable Fuels Development Program Act for
which there is no project labor agreement.

"Construction" means all work on public works involving laborers, workers or
mechanics.

"Locality" means the county where the physical work upon public works is
performed, except (1) that if there is not available in the county a sufficient number of
competent skilled laborers, workers and mechanics to construct the public works
efficiently and properly, "locality" includes any other county nearest the one in which the
work or construction is to be performed and from which such persons may be obtained in
sufficient numbers to perform the work and (2) that, with respect to contracts for
highway work with the Department of Transportation of this State, "locality" may at the

disccretion of the Secretary of the Department of Transportation be construed to include two or more adjacent counties from which workers may be accessible for work on such construction.

"Public body" means the State or any officer, board or commission of the State or any political subdivision or department thereof, or any institution supported in whole or in part by public funds, authorized by law to construct public works or to enter into any contract for the construction of public works, and includes every county, city, town, village, township, school district, irrigation, utility, reclamation improvement or other district and every other political subdivision, district or municipality of the state whether such political subdivision, municipality or district operates under a special charter or not.

The terms "general prevailing rate of hourly wages", "general prevailing rate of wages" or "prevailing rate of wages" when used in this Act mean the hourly cash wages plus fringe benefits for training and apprenticeship programs approved by the U.S. Department of Labor, Bureau of Apprenticeship and Training, health and welfare, insurance, vacations and pensions paid generally, in the locality in which the work is being performed, to employees engaged in work of a similar character on public works.

(Source: P.A. 91-105, eff. 1-1-00; 91-935, eff. 6-1-01; 92-16, eff. 6-28-01.)

Sec. 3. Not less than the general prevailing rate of hourly wages for work of a similar character on public works in the locality in which the work is performed, and not less than the general prevailing rate of hourly wages for legal holiday and overtime work, shall be paid to all laborers, workers and mechanics employed by or on behalf of any public body engaged in the construction of public works. Only such laborers, workers and mechanics as are directly employed by contractors or subcontractors in actual construction work on the site of the building or construction job, and laborers, workers and mechanics engaged in the transportation of materials and equipment to or from the site, but not including the transportation by the sellers and suppliers or the manufacture or processing of materials or equipment, in the execution of any contract or contracts for public works with any public body shall be deemed to be employed upon public works. The wage for a tradesman performing maintenance is equivalent to that of a tradesman engaged in construction.

(Source: P.A. 83-443.)

Sec. 4. The public body awarding any contract for public work or otherwise undertaking any public works, shall ascertain the general prevailing rate of hourly wages in the locality in which the work is to be performed, for each craft or type of worker or mechanic needed to execute the contract, and where the public body performs the work without letting a contract therefor, shall ascertain the prevailing rate of wages on a per hour basis in the locality, and such public body shall specify in the resolution or ordinance and in the call for bids for the contract, that the general prevailing rate of

wages in the locality for each craft or type of worker or mechanic needed to execute the contract or perform such work, also the general prevailing rate for legal holiday and overtime work, as ascertained by the public body or by the Department of Labor shall be paid for each craft or type of worker needed to execute the contract or to perform such work, and it shall be mandatory upon the contractor to whom the contract is awarded and upon any subcontractor under him, and where the public body performs the work, upon the public body, to pay not less than the specified rates to all laborers, workers and mechanics employed by them in the execution of the contract or such work; provided, however, that if the public body desires that the Department of Labor ascertain the prevailing rate of wages, it shall notify the Department of Labor to ascertain the general prevailing rate of hourly wages for work under contract, or for work performed by a public body without letting a contract as required in the locality in which the work is to be performed, for each craft or type of worker or mechanic needed to execute the contract or project or work to be performed. Upon such notification the Department of Labor shall ascertain such general prevailing rate of wages, and certify the prevailing wage to such public body. The public body awarding the contract shall cause to be inserted in the contract a stipulation to the effect that not less than the prevailing rate of wages as found by the public body or Department of Labor or determined by the court on review shall be paid to all laborers, workers and mechanics performing work under the contract. It shall also require in all such contractor's bonds that the contractor include such provision as will guarantee the faithful performance of such prevailing wage clause as provided by contract. All bid specifications shall list the specified rates to all laborers, workers and mechanics in the locality for each craft or type of worker or mechanic needed to execute the contract. If the Department of Labor revises the prevailing rate of hourly wages to be paid by the public body, the revised rate shall apply to such contract, and the public body shall be responsible to notify the contractor and each subcontractor, of the revised rate. Two or more investigatory hearings under this Section on the issue of establishing a new prevailing wage classification for a particular craft or type of worker shall be consolidated in a single hearing before the Department. Such consolidation shall occur whether each separate investigatory hearing is conducted by a public body or the Department. The party requesting a consolidated investigatory hearing shall have the burden of establishing that there is no existing prevailing wage classification for the particular craft or type of worker in any of the localities under consideration.

*It shall be mandatory upon the contractor or construction manager to whom a contract for public works is awarded to post, at a location on the project site of the public works that is easily accessible to the workers engaged on the project, the prevailing wage rates for each craft or type of worker or mechanic needed to execute the contract or project or work to be performed. A failure to post a prevailing wage rate as required by this Section is a violation of this Act.*

AN ACT concerning taxes.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. If and only if both Senate Bill 1212 and House Bill 46 of the 93rd General Assembly become law, then the Use Tax Act is amended by changing Section 3-10 and by adding Sections 3-41, 3-42, 3-43, 3-44, and 3-44.5 as follows:

(35 ILCS 105/3-10) (from Ch. 120, par. 439.3-10)
Sec. 3-10. Rate of tax. Unless otherwise provided in this Section, the tax imposed by this Act is at the rate of 6.25% of either the selling price or the fair market value, if any, of the tangible personal property. In all cases where property functionally used or consumed is the same as the property that was purchased at retail, then the tax is imposed on the selling price of the property. In all cases where property functionally used or consumed is a by-product or waste product that has been refined, manufactured, or produced from property purchased at retail, then the tax is imposed on the lower of the fair market value, if any, of the specific property so used in this State or on the selling price of the property purchased at retail. For purposes of this Section "fair market value" means the price at which property would change hands between a willing buyer and a willing seller, neither being under any compulsion to buy or sell and both having reasonable knowledge of the relevant facts. The fair market value shall be established by Illinois sales by the taxpayer of the same property as that functionally used or consumed, or if there are no such sales by the taxpayer, then comparable sales or purchases of property of like kind and character in Illinois.

Beginning on July 1, 2000 and through December 31, 2000, with respect to motor fuel, as defined in Section 1.1 of the Motor Fuel Tax Law, and gasohol, as defined in Section 3-40 of the Use Tax Act, the tax is imposed at the rate of 1.25%.

With respect to gasohol, the tax imposed by this Act applies to (i) 70% of the proceeds of sales made on or after January 1, 1990, and before July 1, 2003, (ii) 80% of the proceeds of sales made on or after July 1, 2003 and on or before December 31, 2013, and (iii) 100% of the proceeds of sales made thereafter. If, at any time, however, the tax under this Act on sales of gasohol is imposed at the rate of 1.25%, then the tax

imposed by this Act applies to 100% of the proceeds of sales of gasohol made during that time.

With respect to majority blended ethanol fuel, the tax imposed by this Act does not apply to the proceeds of sales made on or after July 1, 2003 and on or before December 31, 2013 but applies to 100% of the proceeds of sales made thereafter.

With respect to biodiesel blends with no less than 1% and no more than 10% biodiesel, the tax imposed by this Act applies to (i) 80% of the proceeds of sales made on or after July 1, 2003 and on or before December 31, 2013 and (ii) 100% of the proceeds of sales made thereafter. If, at any time, however, the tax under this Act on sales of biodiesel blends with no less than 1% and no more than 10% biodiesel is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of biodiesel blends with no less than 1% and no more than 10% biodiesel made during that time.

With respect to 100% biodiesel and biodiesel blends with more than 10% but no more than 99% biodiesel, the tax imposed by this Act does not apply to the proceeds of sales made on or after July 1, 2003 and on or before December 31, 2013 but applies to 100% of the proceeds of sales made thereafter.

For the purposes of this Section, the term "soft drinks" means any complete, finished, ready-to-use, non-alcoholic drink, whether carbonated or not, including but not limited to soda water, cola, fruit juice, vegetable juice, carbonated water, and all other preparations commonly known as soft drinks of whatever kind or description that are contained in any closed or sealed bottle, can, carton, or container, regardless of size. "Soft drinks" does not include coffee, tea, non-carbonated water, infant formula, milk or milk products as defined in the Grade A Pasteurized Milk and Milk Products Act, or drinks containing 50% or more natural fruit or vegetable juice.

If the property that is purchased at retail from a retailer is acquired outside Illinois and used outside Illinois before being brought to Illinois for use here and is taxable under this Act, the "selling price" on which the tax is computed shall be reduced by an amount that represents a reasonable allowance for depreciation for the period of prior out-of-state use.

Sec. 3-10. Rate of tax. Unless otherwise provided in this Section, the tax imposed by this Act is at the rate of 6.25% of the "selling price", as defined in Section 2 of the Service Use Tax Act, of the tangible personal property. For the purpose of computing this tax, in no event shall the "selling price" be less than the cost price to the serviceman of the tangible personal property transferred. Section 99. Effective date. This Act takes effect upon becoming law.

PUBLIC ACT 93-0018
(Senate Bill No. 0003)

AN ACT concerning discount prescription drugs for senior citizens.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Senior Citizens and Disabled Persons Prescription Drug Discount Program Act.

Section 5. Findings. The General Assembly finds that:
(a) Although senior citizens represent 12% of the population, they use on average 37% of prescription drugs that are dispensed.
(b) Senior citizens in the United States without prescription drug insurance coverage pay the highest prices in the world for needed medications.
(c) High prescription drug prices force many Illinois seniors to go without proper medication or other necessities, thereby affecting their health and safety.
(d) Prescription drug prices in the United States are the world's highest, averaging 32% higher than in Canada, 40% higher than in Mexico, and 60% higher than in Great Britain.
(e) Regardless of household income, seniors without prescription drug coverage are often just one serious illness away from poverty.
(f) Reducing the price of prescription drugs would benefit the health and well-being of all Illinois senior citizens by providing more affordable access to needed drugs.

Section 10. Purpose. The purpose of this program is to require the Department of Central Management Services to establish and administer a program that will enable eligible senior citizens and disabled persons to purchase prescription drugs at discounted prices.

Section 15. Definitions. As used in this Act:
"Authorized pharmacy" means any pharmacy registered in this State under the Pharmacy Practice Act of 1987 and approved by the Department or its program administrator.
"AWP" or "average wholesale price" means the amount determined from the latest publication of the Red Book, a universally subscribed pharmacist reference guide annually published by the Hearst Corporation. "AWP" or "average wholesale price" may also be derived electronically from the drug pricing database synonymous with the latest publication of the Red Book and furnished in the National Drug Data File (NDDF) by First Data Bank (FDB), a service of the Hearst Corporation.

"Department" means the Department of Central Management Services.

"Director" means the Director of Central Management Services.

"Disabled person" means a person unable to engage in any substantial gainful activity by reason of a medically determinable physical or mental impairment which can be expected to result in death or has lasted or can be expected to last for a continuous period of not less than 12 months.

"Drug manufacturer", however, does not include a wholesale distributor of drugs or a retail pharmacy licensed under Illinois law.

"Eligible senior" means a person who is (i) a resident of Illinois and (ii) 65 years of age or older.

"Prescription drug" means any prescribed drug that may be legally dispensed by an authorized pharmacy.

Section 17. Determination of disability. Disabled persons filing applications for participation in the program shall submit proof of disability in such form and manner as the Department shall by rule prescribe. Proof that a claimant is eligible to receive disability benefits under the Federal Social Security Act shall constitute proof of disability for purposes of this Act. Issuance of an Illinois Disabled Person Identification Card stating that the claimant is under a Class 2 disability, as defined in Section 4A of the Illinois Identification Card Act, shall constitute proof that the person named thereon is a disabled person for purposes of this Act. Federal Social Security Act and not presenting a Disabled Person Identification Card stating that he or she is under a Class 2 disability shall be examined by a physician designated by the Department, and his or her status as a disabled person determined using the same standards as used by the Social Security Administration. The costs of any required examination shall be borne by the person claiming a disability.

Section 20. The Senior Citizens and Disabled Persons Prescription Drug Discount Program. The Senior Citizens and Disabled Persons Prescription Drug Discount Program is established to protect the health and safety of senior citizens and disabled persons. The program shall be administered by the Department. The Department or its program administrator shall (i) enroll eligible seniors and disabled persons into the program, as provided in Section 35 of this Act, to qualify them for a discount on the purchase of prescription drugs at an authorized pharmacy, (ii) enter into rebate agreements with drug manufacturers, as provided under Section 30 of this Act, and (iii) subject to the provisions of Section 47 of this Act, compensate pharmacies participating in the program as provided under Section 25 of this Act.

Section 25. Program administration.
(a) The Department is authorized under this Act to be the program administrator. If the Department is not the program administrator, 90 days after the effective date of this Act, the Department must issue a request for proposals for bidders interested in administering the program. Bidders must compete on the basis of the following minimum criteria:

(1) The Director shall solicit and accept proposals from entities to provide for administration of a program or programs in accordance with rules adopted under Section 45. Proposals must be submitted not later than a date established by the Director. The Director shall accept only those proposals that specify the following:

(A) The estimated amount of the discount based on the entity's previous experience and how the discount is to be achieved.
(B) The extent that discounts on prescription drugs are to be achieved through rebates, administrative fees, or other fees or discounts in prices that the entity negotiates with drug manufacturers. The proposals shall assure that rebates or discounts will be used to do the following:
   (i) reduce costs to cardholders;
   (ii) achieve discounts for cardholders; and
   (iii) cover costs for administering the program.
(C) Any other benefits offered to cardholders.
(D) The estimated number and geographic distribution of participating pharmacies in the administrator's pharmacy network.
(E) The plan for pharmacy compensation, pursuant to subsection (e) of this Section.
(F) The method used for determining the prescription drugs to be covered by the program, including the criteria and process for establishing a preferred drug list, if applicable.

(G) How the entity proposes to improve medication management for cardholders, including any program of disease management.

(H) How cardholders and participating pharmacies will be informed of the discounted price negotiated by the entity.

(I) How the entity will handle complaints about the program's operation.

(J) The entity's previous experience in managing similar programs.

(K) Any additional information requested by the Director.

(2) The Director shall contract with one or more entities to administer a program or programs on the basis of the proposals submitted, but may require an administrator to modify its conduct of a program in accordance with rules adopted under Section 45.

The Director shall adopt rules specifying the period for which a contract will be in effect and may terminate a contract if an administrator fails to conduct a program in accordance with its proposal or with any modifications required by rule. When a contract period ends or a contract is terminated, the Director shall enter into a new contract in the manner specified in this Section for an original contract. Prior to making a new contract, the Director may modify the rules for administration of the program or programs.

(b) As used in this Section, "administrator" includes the administrator's parent company and any subsidiary of the parent company.

(1) No administrator shall sell any information concerning a person who holds a prescription drug discount card, other than aggregate information that does not identify the cardholder, without the cardholder's written consent.

(2) Unless an administrator has the cardholder's written consent, no administrator shall use any personally identifiable information that it obtains concerning a cardholder through the program to promote or sell a program or product offered by the administrator that is not related to the administration of the program. This subsection (b) does not prohibit an administrator from contacting cardholders concerning participation in or administration of the program, including, but not limited to, mailing a list of pharmacies participating in the program's network or participating in disease management programs.

(3) To the extent that a discount is achieved through rebates, administrative fees, or any other fees or discounts in prices that an administrator negotiates with drug manufacturers, an administrator shall use the rebates or discounts to do the following:

(A) reduce costs to cardholders;

New matter indicated by italics - deletions by strikeout
(B) achieve discounts for cardholders; and
(C) cover any administrative costs of the program.

(4) The administrator shall not use any funds generated from rebates, discounts, administrative fees, or other fees to promote its mail order pharmacy operation or the mail order pharmacy operation of an affiliate. This subdivision (b)(4) does not, however, limit the participation of an Illinois-licensed pharmacy under this Act if that pharmacy provides prescription drugs by mail order.

(c) Beginning on January 1, 2004, the amount paid by eligible seniors and disabled persons enrolled in the program to authorized pharmacies for prescription drugs may not exceed prices established as a result of the rebate agreements under Section 30. The eligible seniors and disabled persons shall pay the price determined under Section 30 plus a dispensing fee of $3.50 per prescription for brand name drug products, single-source drug products, and, for a period of 6 months, newly released generic drug products and $4.25 per prescription for all other generic drug products, except that the total amount paid by the eligible senior or disabled person for each prescription drug under this program shall not exceed the usual and customary charge for such prescription.

(d) The contract between the Department and a pharmacy benefits manager must, at a minimum, meet the criteria of subsection (a). The contract must also require notification by the pharmacy benefits manager of any proposed or ongoing activity that involves, directly or indirectly, any conflict of interest on the part of the pharmacy benefits manager. The Department shall ensure that the pharmacy benefits manager complies with the contract and shall adopt all procedures necessary to enforce the contract.

(e) The Department or program administrator shall, subject to the funds available under Section 30 of this Act, compensate authorized pharmacies for prescription drugs dispensed under the program for the difference between the amount paid by the eligible senior or disabled person for prescription drugs dispensed under the program and (i) the AWP minus 12% for brand name drug products, single-source generic drug products, and, for a period of 6 months, newly released generic drug products and (ii) the AWP minus 35% for all other generic drug products. The Department shall compensate a pharmacy under this subsection (e) only if the amount paid by the eligible senior or disabled person has been discounted to a price, including the dispensing fees stated in subsection (c) of this Section, that is less than (i) the AWP minus 12% for brand name drug products, single-source generic drug products, and, for a period of 6 months, newly released generic drug products and (ii) the AWP minus 35% for all other generic drug products.

(f) Beginning on January 1, 2004, the Department or program administrator shall reimburse pharmacies under this Section within 30 days after adjudication of the claim.

Section 30. Manufacturer rebate agreements.
(a) Taking into consideration the extent to which the State pays for prescription drugs under various State programs and the provision of assistance to disabled persons or eligible seniors under patient assistance programs, prescription drug discount programs, or other offers for free or reduced price medicine, clinical research projects, limited supply distribution programs, compassionate use programs, or programs of research conducted by or for a drug manufacturer, the Department, its agent, or the program administrator shall negotiate and enter into rebate agreements with drug manufacturers, as defined in this Act, to effect prescription drug price discounts. The Department or program administrator may establish a preferred drug list as a basis for determining the discounts, administrative fees, or other fees or rebates under this Section.

(b) Rebate payment procedures. All rebates negotiated under agreements described in this Section shall be paid in accordance with procedures prescribed by the Department or the program administrator.

(c) Receipts from rebates shall be used to provide discounts for prescription drugs purchased by eligible seniors and disabled persons and to cover the cost of administering the program, including compensation to be paid to participating pharmacies by the Department or program administrator under subsection (e) of Section 25. Any receipts to be allocated to the Department shall be deposited into the Senior Citizens and Disabled Persons Prescription Drug Discount Program Fund, a special fund hereby created in the State treasury.

Section 35. Program eligibility.

(a) Any person may apply to the Department or its program administrator for participation in the program in the form and manner required by the Department. The Department or its program administrator shall determine the eligibility of each applicant for the program within 30 days after the date of application. To participate in the program an eligible senior or disabled person whose application has been approved must pay $25 upon enrollment and annually thereafter and shall receive a program identification card. The card may be presented to an authorized pharmacy to assist the pharmacy in verifying eligibility under the program. The Department shall deposit the enrollment fees collected into the Senior Citizens and Disabled Persons Prescription Drug Discount Program Fund. The moneys collected by the Department for enrollment fees and deposited into the Senior Citizens and Disabled Persons Prescription Drug Discount Program Fund must be separately accounted for by the Department. If 2 or more persons are eligible for any benefit under this Act and are members of the same household, each participating household member shall apply to the Department and pay the fee required for the purpose of obtaining an identification card.

(b) Proceeds from annual enrollment fees shall be used by the Department to offset the administrative cost of this Act. The Department may reduce the annual enrollment fee by rule if the revenue from the enrollment fees is in excess of the costs to carry out the program.
(c) Any person who is eligible for pharmaceutical assistance under the Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act is presumed to be eligible for this program. The enrollment fee under this Act is not required for such persons. That person may purchase prescription drugs under this program that are not covered by the pharmaceutical assistance program under the Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act by using the identification card issued under the pharmaceutical assistance program.

Section 40. Eligible pharmacies.

(a) The Department or its program administrator shall adopt rules to establish standards and procedures for participation in the program and approve those pharmacies that apply to participate and meet the requirements for participation. Pharmacies in the program administrator’s network must also comply with the Department’s standards and procedures for participation.

(b) The Department shall establish procedures for properly contracting for pharmacy services, validating reimbursement claims, validating compliance of authorized pharmacies with the conditions for participation required under this Act, and otherwise providing for the effective administration of this Act. The Director, in consultation with pharmacists licensed under the Pharmacy Practice Act of 1987, may enter into a written contract with any other State agency, instrumentality, or political subdivision or with a fiscal intermediary for the purpose of making payments to authorized pharmacies and coordinating the program with other programs that provide payments for prescription drugs covered under the program.

Section 45. Rules. The Department shall adopt rules to implement and administer the program, which shall include the following:

1. Execution of contracts with pharmacies to participate in the program. The contracts shall stipulate terms and conditions for the participation of authorized pharmacies and the rights of the State to terminate participation for breach of the contract or for violation of this Act or rules adopted by the Department under this Act.

2. Establishment of maximum limits on the size of prescriptions that are eligible for a discount under the program, up to a 90-day supply, except as may be necessary for utilization control reasons.

3. Inspection of appropriate records and audits of participating authorized pharmacies to ensure contract compliance and to determine any fraudulent transactions or practices under this Act.

4. Specify how a resident may apply to participate in the program.

5. Specify the circumstances under which the Director may require an administrator to modify its conduct of the program.

6. Specify the duration of a contract.

(7) Require that an administrator permit any Illinois-licensed pharmacy willing to comply with the requirements of this Act and terms and conditions for participation in the program's network to participate in any network used by the administrator for its program.

(8) Permit an administrator to negotiate with one or more drug manufacturers for discounts in drug prices or rebates.

(9) Permit an administrator to receive any rebate payments from drug manufacturers.

(10) Permit an administrator to develop, administer, and promote a program of disease management pursuant to written agreements between the administrator and pharmacies participating under the program established by this Act.

Section 47. Limit on State's obligation for cost of administration. The State of Illinois is obligated for the cost of administering this program only to the extent of the amount of money collected as enrollment fees under Section 35 of this Act, rebates collected under Section 30 of this Act, and funds appropriated by the General Assembly for the purpose of this Act.

Section 50. Report on administration of program. The Department shall report to the Governor and the General Assembly by March 1st of each year on the administration of the program under this Act. The report shall include but not be limited to the following:

(6) the itemized annual cost of administering the program; and
(7) findings and recommendations regarding problems and solutions related to the program, together with proposals for changes in the rules, regulations, or laws necessary to improve the administration of the program.

(i) An agency which administers a fund classified by the Comptroller as an internal service fund may issue rules for:

1. Billing user agencies in advance based on estimated charges for goods or services;

3. Issuing catch-up billings to user agencies during the subsequent fiscal year for amounts remaining due when payments received from the user agency during the prior fiscal year were less than the total amount owed for that period.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, a new payment methodology must be implemented for the nursing component of the rate effective July 1, 2003. The Department of Public Aid shall develop the new payment methodology using the Minimum Data Set (MDS) as the instrument to collect information concerning nursing home resident condition necessary to compute the rate. The Department of Public Aid shall develop the new payment methodology to meet the unique needs of Illinois nursing home residents while remaining subject to the appropriations provided by the General Assembly. A transition period from the payment methodology in effect on June 30, 2003 to the payment methodology in effect on July 1, 2003 shall be provided for a period not exceeding 2 years after implementation of the new payment methodology as follows:

This increase terminates on July 1, 2002; beginning July 1, 2002 these rates are reduced to the level of the rates in effect on March 31, 2002, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the rates taking effect on July 1, 2001, and each subsequent year thereafter, shall be computed using the most recent cost reports on file with the Department of Public Aid no later than April 1, 2000, updated for inflation to January 1, 2001. For rates effective July 1, 2001 only, rates shall be the greater of the rate computed for July 1, 2001 or the rate effective on June 30, 2001.

Such rates will be based upon the rates calculated for the year beginning July 1, 1990, and for subsequent years thereafter until June 30, 2001 shall be based on the facility cost reports for the facility fiscal year ending at any point in time during the previous calendar year, updated to the midpoint of the rate year. The cost report shall be on file with the Department no later than April 1 of the current rate year. Should the cost report not be on file by April 1, the Department shall base the rate on the latest cost report filed by each skilled care facility and intermediate care facility, updated to the midpoint of the current rate year. In determining rates for services rendered on and after July 1, 1985, fixed time shall not be computed at less than zero. The Department shall not make any alterations of regulations

(3) the deposit of any interest accrued by the revolving fund, which interest shall be available for payment of (i) any amounts considered to be Title IV-D program income that must be paid to the U.S. Department of Health and Human Services and (ii) any balance remaining after payments made under item (i) of this subsection (3) to the General Revenue Fund; however, the disbursements under this subdivision (3) may not exceed the amount of the interest accrued by the revolving fund;

(4) the disbursement of such payments to obligees or to the assignees of the obligees in accordance with the provisions of Title IV-D of the Social Security Act and rules promulgated by the Department, provided that such disbursement is based upon a payment by a payor or obligor deposited into the revolving fund established by this Section; and

(5) the disbursement of funds to payors or obligors to correct erroneous payments to the Illinois Department's State Disbursement Unit, in an amount not to exceed the erroneous payments.

(b) (Blank). The provisions of this Section shall apply only if the Department performs the functions of the Illinois Department's State Disbursement Unit under paragraph (d) of Section 10-26.

Sec. 12-9. Public Aid Recoveries Trust Fund; uses. Disbursements from this Fund shall be only (1) for the reimbursement of claims collected by the Illinois Department of Public Aid through error or mistake, (2) for payment to persons or agencies designated as payees or co-payees on any instrument, whether or not negotiable, delivered to the Illinois Department of Public Aid as a recovery under this Section, such payment to be in proportion to the respective interests of the payees in the amount so collected, (3) for payments to the Department of Human Services for collections made by the Illinois Department of Public Aid on behalf of the Department of Human Services under this Code, (4) for payment of administrative expenses incurred in performing the activities authorized under this Code, (5) for payment of fees to persons or agencies in the performance of activities pursuant to the collection of monies owed the State that are collected under this Code, (6) for payments of any amounts which are reimbursable to the federal government which are required to be paid by State warrant by either the State or federal government, and (7) for payments to State universities and local governmental entities of federal funds for services provided to applicants or recipients covered under this Code. Sec. 14-8. Disbursements to Hospitals.

(a) For inpatient hospital services rendered on and after September 1, 1991, the Illinois Department shall reimburse hospitals for inpatient services at an inpatient payment rate calculated for each hospital based upon the Medicare Prospective Payment System as set forth in Sections 1886(b), (d), (g), and (h) of the federal Social Security Act, and the regulations, policies, and procedures promulgated thereunder, except as modified by this Section. Payment rates for inpatient hospital services rendered on or after September 1, 1991 and on or before September 30, 1992 shall be calculated using

the Medicare Prospective Payment rates in effect on September 1, 1991. Payment rates for inpatient hospital services rendered on or after October 1, 1992 and on or before March 31, 1994 shall be calculated using the Medicare Prospective Payment rates in effect on September 1, 1992. Payment rates for inpatient hospital services rendered on or after April 1, 1994 shall be calculated using the Medicare Prospective Payment rates (including the Medicare grouping methodology and weighting factors as adjusted pursuant to paragraph (1) of this subsection) in effect 90 days prior to the date of admission. For services rendered on or after July 1, 1995, the reimbursement methodology implemented under this subsection shall not include those costs referred to in Sections 1886(d)(5)(B) and 1886(h) of the Social Security Act. The additional payment amounts required under Section 1886(d)(5)(F) of the Social Security Act, for hospitals serving a disproportionate share of low-income or indigent patients, are not required under this Section. For hospital inpatient services rendered on or after July 1, 1995, the Illinois Department shall reimburse hospitals using the relative weighting factors and the base payment rates calculated for each hospital that were in effect on June 30, 1995, less the portion of such rates attributed by the Illinois Department to the cost of medical education.

(1) The weighting factors established under Section 1886(d)(4) of the Social Security Act shall not be used in the reimbursement system established under this Section. Rather, the Illinois Department shall establish by rule Medicaid weighting factors to be used in the reimbursement system established under this Section.

(2) The Illinois Department shall define by rule those hospitals or distinct parts of hospitals that shall be exempt from the reimbursement system established under this Section. In defining such hospitals, the Illinois Department shall take into consideration those hospitals exempt from the Medicare Prospective Payment System as of September 1, 1991. For hospitals defined as exempt under this subsection, the Illinois Department shall by rule establish a reimbursement system for payment of inpatient hospital services rendered on and after September 1, 1991. For all hospitals that are children's hospitals as defined in Section 5-5.02 of this Code, the reimbursement methodology shall, through June 30, 1992, net of all applicable fees, at least equal each children's hospital 1990 ICARE payment rates, indexed to the current year by application of the DRI hospital cost index from 1989 to the year in which payments are made. Excepting county providers as defined in Article XV of this Code, hospitals licensed under the University of Illinois Hospital Act, and facilities operated by the Department of Mental Health and Developmental Disabilities (or its successor, the Department of Human Services) for hospital inpatient services rendered on or after July 1, 1995, the Illinois Department shall reimburse children's hospitals, as defined in 89 Illinois Administrative Code Section 149.50(c)(3), at the rates in effect on June 30, 1995,
and shall reimburse all other hospitals at the rates in effect on June 30, 1995, less the portion of such rates attributed by the Illinois Department to the cost of medical education. For inpatient hospital services provided on or after August 1, 1998, the Illinois Department may establish by rule a means of adjusting the rates of children's hospitals, as defined in 89 Illinois Administrative Code Section 149.50(c)(3), that did not meet that definition on June 30, 1995, in order for the inpatient hospital rates of such hospitals to take into account the average inpatient hospital rates of those children's hospitals that did meet the definition of children's hospitals on June 30, 1995.

(3) (Blank)

(4) Notwithstanding any other provision of this Section, hospitals that on August 31, 1991, have a contract with the Illinois Department under Section 3-4 of the Illinois Health Finance Reform Act may elect to continue to be reimbursed at rates stated in such contracts for general and specialty care.

(5) In addition to any payments made under this subsection (a), the Illinois Department shall make the adjustment payments required by Section 5-5.02 of this Code; provided, that in the case of any hospital reimbursed under a per case methodology, the Illinois Department shall add an amount equal to the product of the hospital's average length of stay, less one day, multiplied by 20, for inpatient hospital services rendered on or after September 1, 1991 and on or before September 30, 1992.

(b) (Blank)

(b-5) Excepting county providers as defined in Article XV of this Code, hospitals licensed under the University of Illinois Hospital Act, and facilities operated by the Illinois Department of Mental Health and Developmental Disabilities (or its successor, the Department of Human Services), for outpatient services rendered on or after July 1, 1995 and before July 1, 1998 the Illinois Department shall reimburse children's hospitals, as defined in the Illinois Administrative Code Section 149.50(c)(3), at the rates in effect on June 30, 1995, less that portion of such rates attributed by the Illinois Department to the outpatient indigent volume adjustment and shall reimburse all other hospitals at the rates in effect on June 30, 1995, less the portions of such rates attributed by the Illinois Department to the cost of medical education and attributed by the Illinois Department to the outpatient indigent volume adjustment. For outpatient services provided on or after July 1, 1998, reimbursement rates shall be established by rule.

(c) In addition to any other payments under this Code, the Illinois Department shall develop a hospital disproportionate share reimbursement methodology that, effective July 1, 1991, through September 30, 1992, shall reimburse hospitals sufficiently to expend the fee monies described in subsection (b) of Section 14-3 of this Code and the federal matching funds received by the Illinois Department as a result of expenditures made by the Illinois Department as required by this subsection (c) and Section 14-2 that

New matter indicated by italics - deletions by strikeout
are attributable to fee monies deposited in the Fund, less amounts applied to adjustment payments under Section 5-5.02.

(d) Critical Care Access Payments.

(1) In addition to any other payments made under this Code, the Illinois Department shall develop a reimbursement methodology that shall reimburse Critical Care Access Hospitals for the specialized services that qualify them as Critical Care Access Hospitals. No adjustment payments shall be made under this subsection on or after July 1, 1995.

(2) "Critical Care Access Hospitals" includes, but is not limited to, hospitals that meet at least one of the following criteria:

(A) Hospitals located outside of a metropolitan statistical area that are designated as Level II Perinatal Centers and that provide a disproportionate share of perinatal services to recipients; or

(B) Hospitals that are designated as Level I Trauma Centers (adult or pediatric) and certain Level II Trauma Centers as determined by the Illinois Department; or

(C) Hospitals located outside of a metropolitan statistical area and that provide a disproportionate share of obstetrical services to recipients.

(e) Inpatient high volume adjustment. For hospital inpatient services, effective with rate periods beginning on or after October 1, 1993, in addition to rates paid for inpatient services by the Illinois Department, the Illinois Department shall make adjustment payments for inpatient services furnished by Medicaid high volume hospitals. The Illinois Department shall establish by rule criteria for qualifying as a Medicaid high volume hospital and shall establish by rule a reimbursement methodology for calculating these adjustment payments to Medicaid high volume hospitals. No adjustment payment shall be made under this subsection for services rendered on or after July 1, 1995.

(f) The Illinois Department shall modify its current rules governing adjustment payments for targeted access, critical care access, and uncompensated care to classify those adjustment payments as not being payments to disproportionate share hospitals under Title XIX of the federal Social Security Act. Rules adopted under this subsection shall not be effective with respect to services rendered on or after July 1, 1995. The Illinois Department has no obligation to adopt or implement any rules or make any payments under this subsection for services rendered on or after July 1, 1995.

(f-5) The State recognizes that adjustment payments to hospitals providing certain services or incurring certain costs may be necessary to assure that recipients of medical assistance have adequate access to necessary medical services. These adjustments include payments for teaching costs and uncompensated care, trauma center payments, rehabilitation hospital payments, perinatal center payments, obstetrical care payments, targeted access payments, Medicaid high volume payments, and outpatient indigent volume payments. On or before April 1, 1995, the Illinois Department shall issue

recommendations regarding (i) reimbursement mechanisms or adjustment payments to reflect these costs and services, including methods by which the payments may be calculated and the method by which the payments may be financed, and (ii) reimbursement mechanisms or adjustment payments to reflect costs and services of federally qualified health centers with respect to recipients of medical assistance.

(g) If one or more hospitals file suit in any court challenging any part of this Article XIV, payments to hospitals under this Article XIV shall be made only to the extent that sufficient monies are available in the Fund and only to the extent that any monies in the Fund are not prohibited from disbursement under any order of the court.

(h) Payments under the disbursement methodology described in this Section are subject to approval by the federal government in an appropriate State plan amendment.

(i) The Illinois Department may by rule establish criteria for and develop methodologies for adjustment payments to hospitals participating under this Article.

(j) Hospital Residing Long Term Care Services. In addition to any other payments made under this Code, the Illinois Department may by rule establish criteria and develop methodologies for payments to hospitals for Hospital Residing Long Term Care Services.

(305 ILCS 5/15-5) (from Ch. 23, par. 15-5)
Sec. 15-5. Disbursements from the Fund.
(a) The monies in the Fund shall be disbursed only as provided in Section 15-2 of this Code and as follows:

(1) To pay the county hospitals' inpatient reimbursement rate based on actual costs, trended forward annually by an inflation index and supplemented by teaching, capital, and other direct and indirect costs, according to a State plan approved by the federal government. Effective October 1, 1992, the inpatient reimbursement rate (including any disproportionate or supplemental disproportionate share payments) for hospital services provided by county operated facilities within the County shall be no less than the reimbursement rates in effect on June 1, 1992, except that this minimum shall be adjusted as of July 1, 1992 and each July 1 thereafter through July 1, 2002 by the annual percentage change in the per diem cost of inpatient hospital services as reported in the most recent annual Medicaid cost report. Effective July 1, 2003, the rate for hospital inpatient services provided by county hospitals shall be the rate in effect on January 1, 2003, except that this minimum may be adjusted by the Illinois Department to ensure compliance with aggregate and hospital-specific federal payment limitations.

(2) To pay county hospitals and county operated outpatient facilities for outpatient services based on a federally approved methodology to cover the maximum allowable costs per patient visit. Effective October 1, 1992, the
outpatient reimbursement rate for outpatient services provided by county hospitals and county operated outpatient facilities shall be no less than the reimbursement rates in effect on June 1, 1992, except that this minimum shall be adjusted as of July 1, 1992 and each July 1 thereafter through July 1, 2002 by the annual percentage change in the per diem cost of inpatient hospital services as reported in the most recent annual Medicaid cost report. Effective July 1, 2003, the Illinois Department shall by rule establish rates for outpatient services provided by county hospitals and other county-operated facilities within the County that are in compliance with aggregate and hospital-specific federal payment limitations.

(3) To pay the county hospitals' disproportionate share payments as established by the Illinois Department under Section 5-5.02 of this Code. Effective October 1, 1992, the disproportionate share payments for hospital services provided by county operated facilities within the County shall be no less than the reimbursement rates in effect on June 1, 1992, except that this minimum shall be adjusted as of July 1, 1992 and each July 1 thereafter through July 1, 2002 by the annual percentage change in the per diem cost of inpatient hospital services as reported in the most recent annual Medicaid cost report. Effective July 1, 2003, the Illinois Department may by rule establish rates for disproportionate share payments to county hospitals that are in compliance with aggregate and hospital-specific federal payment limitations.

(3.5) To pay county providers for services provided pursuant to Section 5-11 of this Code.

(4) To reimburse the county providers for expenses contractually assumed pursuant to Section 15-4 of this Code.

(5) To pay the Illinois Department its necessary administrative expenses relative to the Fund and other amounts agreed to, if any, by the county providers in the agreement provided for in subsection (c).

(6) To pay the county providers any other amount due hospitals' supplemental disproportionate share payments, hereby authorized, as specified in the agreement provided for in subsection (c) and according to a federally approved State plan, including but not limited to payments made under the provisions of Section 701(d)(3)(B) of the federal Medicare, Medicaid, and SCHIP Benefits Improvement and Protection Act of 2000. Intergovernmental transfers supporting payments under this paragraph (6) shall not be subject to the computation described in subsection (a) of Section 15-3 of this Code, but shall be computed as the difference between the total of such payments made by the Illinois Department to county providers less any amount of federal financial participation due the Illinois Department under Titles XIX and XXI of the Social Security Act as a result of such payments to county providers. Effective October
1, 1992, the supplemental disproportionate share payments for hospital services provided by county operated facilities within the County shall be no less than the reimbursement rates in effect on June 1, 1992, except that this minimum shall be adjusted as of July 1, 1992 and each July 1 thereafter by the annual percentage change in the per diem cost of inpatient hospital services as reported in the most recent annual Medicaid cost report.

(b) The Illinois Department shall promptly seek all appropriate amendments to the Illinois State Plan to effect the foregoing payment methodology.

(c) The Illinois Department shall implement the changes made by Article 3 of this amendatory Act of 1992 beginning October 1, 1992. All terms and conditions of the disbursement of monies from the Fund not set forth expressly in this Article shall be set forth in the agreement executed under the Intergovernmental Cooperation Act so long as those terms and conditions are not inconsistent with this Article or applicable federal law. The Illinois Department shall report in writing to the Hospital Service Procurement Advisory Board and the Health Care Cost Containment Council by October 15, 1992, the terms and conditions of all such initial agreements and, where no such initial agreement has yet been executed with a qualifying county, the Illinois Department's reasons that each such initial agreement has not been executed. Copies and reports of amended agreements following the initial agreements shall likewise be filed by the Illinois Department with the Hospital Service Procurement Advisory Board and the Health Care Cost Containment Council within 30 days following their execution. The foregoing filing obligations of the Illinois Department are informational only, to allow the Board and Council, respectively, to better perform their public roles, except that the Board or Council may, at its discretion, advise the Illinois Department in the case of the failure of the Illinois Department to reach agreement with any qualifying county by the required date.

(d) The payments provided for herein are intended to cover services rendered on and after July 1, 1991, and any agreement executed between a qualifying county and the Illinois Department pursuant to this Section may relate back to that date, provided the Illinois Department obtains federal approval. Any changes in payment rates resulting from the provisions of Article 3 of this amendatory Act of 1992 are intended to apply to services rendered on or after October 1, 1992, and any agreement executed between a qualifying county and the Illinois Department pursuant to this Section may be effective as of that date.

(e) If one or more hospitals file suit in any court challenging any part of this Article XV, payments to hospitals from the Fund under this Article XV shall be made only to the extent that sufficient monies are available in the Fund and only to the extent that any monies in the Fund are not prohibited from disbursement and may be disbursed under any order of the court.
(f) All payments under this Section are contingent upon federal approval of changes to the State plan, if that approval is required.

Section 99-99. Effective date. This Act takes effect upon becoming law.

AN ACT concerning schools.  
Be it enacted by the People of the State of Illinois, represented in the General Assembly:  

Article 1  
Section 1-1. Short title. This Act may be cited as the FY2004 Budget Implementation (Education) Act.  
Section 1-5. Purpose. It is the purpose of this Act to make changes relating to education that are necessary to implement the State's FY2004 budget.  

Article 5  
Section 5-5. The School Code is amended by changing Sections 1D-1, 2-3.47, 2-3.61, 2-3.62, 18-8.05, and 27A-11.5 and adding Section 2-3.131 as follows:  
(105 ILCS 5/1D-1)  
Sec. 1D-1. Block grant funding.  
(a) For fiscal year 1996 and each fiscal year thereafter, the State Board of Education shall award to a school district having a population exceeding 500,000 inhabitants a general education block grant and an educational services block grant, determined as provided in this Section, in lieu of distributing to the district separate State funding for the programs described in subsections (b) and (c). The provisions of this Section, however, do not apply to any federal funds that the district is entitled to receive. In accordance with Section 2-3.32, all block grants are subject to an audit. Therefore, block grant receipts and block grant expenditures shall be recorded to the appropriate fund code for the designated block grant.  
(b) The general education block grant shall include the following programs: REI Initiative, Summer Bridges, Preschool At Risk, K-6 Comprehensive Arts, School Improvement Support, Urban Education, Scientific Literacy, Substance Abuse Prevention, Second Language Planning, Staff Development, Outcomes and Assessment, K-6 Reading Improvement, Truants' Optional Education, Hispanic Programs, Agriculture Education, Gifted Education, Parental Education, Prevention Initiative, Report Cards, and Criminal Background Investigations. Notwithstanding any other provision of law, all amounts paid under the general education block grant from State appropriations to a school district in a city having a population exceeding 500,000 inhabitants shall be appropriated and expended by the board of that district for any of the programs included in the block grant or any of the board's lawful purposes.  
(c) The educational services block grant shall include the following programs: Bilingual, Regular and Vocational Transportation, State Lunch and Free Breakfast
Program, Special Education (Personnel, Extraordinary, Transportation, Orphanage, Private Tuition), Summer School, Educational Service Centers, and Administrator's Academy. This subsection (c) does not relieve the district of its obligation to provide the services required under a program that is included within the educational services block grant. It is the intention of the General Assembly in enacting the provisions of this subsection (c) to relieve the district of the administrative burdens that impede efficiency and accompany single-program funding. The General Assembly encourages the board to pursue mandate waivers pursuant to Section 2-3.25g.

(d) For fiscal year 1996 and each fiscal year thereafter, the amount of the district's block grants shall be determined as follows: (i) with respect to each program that is included within each block grant, the district shall receive an amount equal to the same percentage of the current fiscal year appropriation made for that program as the percentage of the appropriation received by the district from the 1995 fiscal year appropriation made for that program, and (ii) the total amount that is due the district under the block grant shall be the aggregate of the amounts that the district is entitled to receive for the fiscal year with respect to each program that is included within the block grant that the State Board of Education shall award the district under this Section for that fiscal year. In the case of the Summer Bridges program, the amount of the district's block grant shall be equal to 44% of the amount of the current fiscal year appropriation made for that program.

(e) The district is not required to file any application or other claim in order to receive the block grants to which it is entitled under this Section. The State Board of Education shall make payments to the district of amounts due under the district's block grants on a schedule determined by the State Board of Education.

(f) A school district to which this Section applies shall report to the State Board of Education on its use of the block grants in such form and detail as the State Board of Education may specify.

(g) This paragraph provides for the treatment of block grants under Article 1C for purposes of calculating the amount of block grants for a district under this Section. Those block grants under Article 1C are, for this purpose, treated as included in the amount of appropriation for the various programs set forth in paragraph (b) above. The appropriation in each current fiscal year for each block grant under Article 1C shall be treated for these purposes as appropriations for the individual program included in that block grant. The proportion of each block grant so allocated to each such program included in it shall be the proportion which the appropriation for that program was of all appropriations for such purposes now in that block grant, in fiscal 1995.

Payments to the school district under this Section with respect to each program for which payments to school districts generally, as of the date of this amendatory Act of the 92nd General Assembly, are on a reimbursement basis shall continue to be made to

New matter indicated by italics - deletions by strikeout
the district on a reimbursement basis, pursuant to the provisions of this Code governing those programs.

(h) Notwithstanding any other provision of law, any school district receiving a block grant under this Section may classify all or a portion of the funds that it receives in a particular fiscal year from any block grant authorized under this Code or from general State aid pursuant to Section 18-8.05 of this Code (other than supplemental general State aid) as funds received in connection with any funding program for which it is entitled to receive funds from the State in that fiscal year (including, without limitation, any funding program referred to in subsection (c) of this Section), regardless of the source or timing of the receipt. The district may not classify more funds as funds received in connection with the funding program than the district is entitled to receive in that fiscal year for that program. Any classification by a district must be made by a resolution of its board of education. The resolution must identify the amount of any block grant or general State aid to be classified under this subsection (h) and must specify the funding program to which the funds are to be treated as received in connection therewith. This resolution is controlling as to the classification of funds referenced therein. A certified copy of the resolution must be sent to the State Superintendent of Education. The resolution shall still take effect even though a copy of the resolution has not been sent to the State Superintendent of Education in a timely manner. No classification under this subsection (h) by a district shall affect the total amount or timing of money the district is entitled to receive under this Code. No classification under this subsection (h) by a district shall in any way relieve the district from or affect any requirements that otherwise would apply with respect to the block grant as provided in this Section, including any accounting of funds by source, reporting expenditures by original source and purpose, reporting requirements, or requirements of provision of services.

As an integral part of the Comprehensive Educational Plan, the State Board of Education shall develop an annual budget for education for the entire State which details the required, total revenues from all sources and the estimated total expenditures for all purposes under the Comprehensive Educational Plan. The budgets shall specify the amount of revenue projected from each source and the amount of expenditure estimated for each purpose for the fiscal year, and shall specifically relate and identify such projected revenues and estimated expenditures to the particular problem, deficiency, need, requirement, objective or goal set forth in the Comprehensive Educational Plan to which such revenues for expenditures are attributable. The State Board of Education shall prepare and submit to the General Assembly and the Governor drafts of proposed legislation to implement the Comprehensive Educational Plan; shall engage in a continuing study, analysis and evaluation of the Comprehensive Educational Plan so designed and prepared; and shall from time to time as required with respect to such annual budgets, and as the State Board of Education shall determine with respect to any proposed amendments or modifications of any Comprehensive Educational Plan enacted by the General Assembly, submit its drafts or recommendations for proposed legislation to the General Assembly and the Governor.

Sec. 2-3.61. Summer school grants; gifted and remedial education. From moneys appropriated for such purposes, the State Board of Education shall provide summer school grants to qualifying school districts applying for such grants to be used by such districts, in strict accordance with the provisions of this Section, solely for the purpose of enabling students who are "gifted children" or "talented children" as defined in Section 14A-2 and students who as determined by the school district in accordance with criteria established by the State Board of Education are in need of remedial education in order to qualify for academic advancement to attend summer school without having to pay tuition, fees or instructional material expenses. A qualifying district receiving a summer school grant pursuant to this Section shall use the grant moneys so received solely for the purpose of employing certificated personnel to provide instruction and to furnish necessary transportation, text books and other instructional materials for students who are gifted children, talented children or in need of remedial education within the meaning of this Section and who attend the summer school program of the district. All applications for grants under this Section shall be made on forms which the State Board of Education shall provide, and shall be filed by the school districts making application for such grants.
with the State Board of Education prior to the beginning of a program. The State Board of Education shall adopt rules regarding the procedure by which application may be made for such grants, and shall establish standards by which to evaluate the summer school programs proposed by applicant school districts for students who are gifted children, talented children or in need of remedial education within the meaning of this Section and for the payment of all grants awarded pursuant to this Section.

Sec. 2-3.62. Educational Service Centers.

(a) A regional network of educational service centers shall be established by the State Board of Education to coordinate and combine existing services in a manner which is practical and efficient and to provide new services to schools as provided in this Section. Services to be made available by such centers shall include the planning, implementation and evaluation of:

1. education for gifted children through area service centers, experimental projects and institutes as provided in Section 14A-6;
2. computer technology education including the evaluation, use and application of state-of-the-art technology in computer software as provided in Section 2-3.43;
3. mathematics, science and reading resources for teachers including continuing education, inservice training and staff development.

The centers may provide training, technical assistance, coordination and planning in other program areas such as school improvement, school accountability, career guidance, early childhood education, alcohol/drug education and prevention, family life-sex education, electronic transmission of data from school districts to the State, alternative education and regional special education, and telecommunications systems that provide distance learning. Such telecommunications systems may be obtained through the Department of Central Management Services pursuant to Section 405-270 of the Department of Central Management Services Law (20 ILCS 405/405-270). The programs and services of educational service centers may be offered to private school teachers and private school students within each service center area provided public schools have already been afforded adequate access to such programs and services.

The State Board of Education shall promulgate rules and regulations necessary to implement this Section. The rules shall include detailed standards which delineate the scope and specific content of programs to be provided by each Educational Service Center, as well as the specific planning, implementation and evaluation services to be provided by each Center relative to its programs. The Board shall also provide the standards by which it will evaluate the programs provided by each Center.

(b) Centers serving Class 1 county school units shall be governed by an 11-member board, 3 members of which shall be public school teachers nominated by the
local bargaining representatives to the appropriate regional superintendent for appointment and no more than 3 members of which shall be from each of the following categories, including but not limited to superintendents, regional superintendents, school board members and a representative of an institution of higher education. The members of the board shall be appointed by the regional superintendents whose school districts are served by the educational service center. The composition of the board will reflect the revisions of this amendatory Act of 1989 as the terms of office of current members expire.

(c) The centers shall be of sufficient size and number to assure delivery of services to all local school districts in the State.

(d) From monies appropriated for this program the State Board of Education shall provide grants to qualifying Educational Service Centers applying for such grants in accordance with rules and regulations promulgated by the State Board of Education to implement this Section.

(e) The governing authority of each of the 18 regional educational service centers shall appoint a family life - sex education advisory board consisting of 2 parents, 2 teachers, 2 school administrators, 2 school board members, 2 health care professionals, one library system representative, and the director of the regional educational service center who shall serve as chairperson of the advisory board so appointed. Members of the family life - sex education advisory boards shall serve without compensation. Each of the advisory boards appointed pursuant to this subsection shall develop a plan for regional teacher-parent family life - sex education training sessions and shall file a written report of such plan with the governing board of their regional educational service center. The directors of each of the regional educational service centers shall thereupon meet, review each of the reports submitted by the advisory boards and combine those reports into a single written report which they shall file with the Citizens Council on School Problems prior to the end of the regular school term of the 1987-1988 school year.

(f) The 14 educational service centers serving Class I county school units shall be disbanded on the first Monday of August, 1995, and their statutory responsibilities and programs shall be assumed by the regional offices of education, subject to rules and regulations developed by the State Board of Education. The regional superintendents of schools elected by the voters residing in all Class I counties shall serve as the chief administrators for these programs and services. By rule of the State Board of Education, the 10 educational service regions of lowest population shall provide such services under cooperative agreements with larger regions.

Sec. 2-3.131. FY2004 transitional assistance payments. If the amount that the State Board of Education will pay to a school district from fiscal year 2004 appropriations, as estimated by the State Board of Education on April 1, 2004, is less

than the amount that the State Board of Education paid to the school district from fiscal year 2003 appropriations, then, subject to appropriation, the State Board of Education shall make a fiscal year 2004 transitional assistance payment to the school district in an amount equal to the difference between the estimated amount to be paid from fiscal year 2004 appropriations and the amount paid from fiscal year 2003 appropriations.

Sec. 18-8.05. Basis for apportionment of general State financial aid and supplemental general State aid to the common schools for the 1998-1999 and subsequent school years.

(A) General Provisions.

(1) The provisions of this Section apply to the 1998-1999 and subsequent school years. The system of general State financial aid provided for in this Section is designed to assure that, through a combination of State financial aid and required local resources, the financial support provided each pupil in Average Daily Attendance equals or exceeds a prescribed per pupil Foundation Level. This formula approach imputes a level of per pupil Available Local Resources and provides for the basis to calculate a per pupil level of general State financial aid that, when added to Available Local Resources, equals or exceeds the Foundation Level. The amount of per pupil general State financial aid for school districts, in general, varies in inverse relation to Available Local Resources. Per pupil amounts are based upon each school district's Average Daily Attendance as that term is defined in this Section.

(2) In addition to general State financial aid, school districts with specified levels or concentrations of pupils from low income households are eligible to receive supplemental general State financial aid grants as provided pursuant to subsection (H). The supplemental State aid grants provided for school districts under subsection (H) shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section.

(3) To receive financial assistance under this Section, school districts are required to file claims with the State Board of Education, subject to the following requirements:

(a) Any school district which fails for any given school year to maintain school as required by law, or to maintain a recognized school is not eligible to file for such school year any claim upon the Common School Fund. In case of nonrecognition of one or more attendance centers in a school district otherwise operating recognized schools, the claim of the district shall be reduced in the proportion which the Average Daily Attendance in the attendance center or centers bear to the Average Daily Attendance in the school district. A "recognized school" means any public school which meets the standards as established for recognition by the State Board of Education. A school district or attendance center not having recognition status at the end of a school term is entitled to

New matter indicated by italics - deletions by strikeout
receive State aid payments due upon a legal claim which was filed while it was recognized.

(b) School district claims filed under this Section are subject to Sections 18-9, 18-10, and 18-12, except as otherwise provided in this Section.

(c) If a school district operates a full year school under Section 10-19.1, the general State aid to the school district shall be determined by the State Board of Education in accordance with this Section as near as may be applicable.

(d) (Blank).

(4) Except as provided in subsections (H) and (L), the board of any district receiving any of the grants provided for in this Section may apply those funds to any fund so received for which that board is authorized to make expenditures by law.

School districts are not required to exert a minimum Operating Tax Rate in order to qualify for assistance under this Section.

(5) As used in this Section the following terms, when capitalized, shall have the meaning ascribed herein:

(a) "Average Daily Attendance": A count of pupil attendance in school, averaged as provided for in subsection (C) and utilized in deriving per pupil financial support levels.

(b) "Available Local Resources": A computation of local financial support, calculated on the basis of Average Daily Attendance and derived as provided pursuant to subsection (D).

(c) "Corporate Personal Property Replacement Taxes": Funds paid to local school districts pursuant to "An Act in relation to the abolition of ad valorem personal property tax and the replacement of revenues lost thereby, and amending and repealing certain Acts and parts of Acts in connection therewith", certified August 14, 1979, as amended (Public Act 81-1st S.S.-1).

(d) "Foundation Level": A prescribed level of per pupil financial support as provided for in subsection (B).

(e) "Operating Tax Rate": All school district property taxes extended for all purposes, except Bond and Interest, Summer School, Rent, Capital Improvement, and Vocational Education Building purposes.

(B) Foundation Level.

(1) The Foundation Level is a figure established by the State representing the minimum level of per pupil financial support that should be available to provide for the basic education of each pupil in Average Daily Attendance. As set forth in this Section, each school district is assumed to exert a sufficient local taxing effort such that, in combination with the aggregate of general State financial aid provided the district, an aggregate of State and local resources are available to meet the basic education needs of pupils in the district.
(2) For the 1998-1999 school year, the Foundation Level of support is $4,225. For the 1999-2000 school year, the Foundation Level of support is $4,325. For the 2000-2001 school year, the Foundation Level of support is $4,425.

(3) For the 2001-2002 school year and 2002-2003 school year each school year thereafter, the Foundation Level of support is $4,560 or such greater amount as may be established by law by the General Assembly.

(4) For the 2003-2004 school year and each school year thereafter, the Foundation Level of support is $4,810 or such greater amount as may be established by law by the General Assembly.

(C) Average Daily Attendance.

(1) For purposes of calculating general State aid pursuant to subsection (E), an Average Daily Attendance figure shall be utilized. The Average Daily Attendance figure for formula calculation purposes shall be the monthly average of the actual number of pupils in attendance of each school district, as further averaged for the best 3 months of pupil attendance for each school district. In compiling the figures for the number of pupils in attendance, school districts and the State Board of Education shall, for purposes of general State aid funding, conform attendance figures to the requirements of subsection (F).

(2) The Average Daily Attendance figures utilized in subsection (E) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated or the average of the attendance data for the 3 preceding school years, whichever is greater. The Average Daily Attendance figures utilized in subsection (H) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated.

(D) Available Local Resources.

(1) For purposes of calculating general State aid pursuant to subsection (E), a representation of Available Local Resources per pupil, as that term is defined and determined in this subsection, shall be utilized. Available Local Resources per pupil shall include a calculated dollar amount representing local school district revenues from local property taxes and from Corporate Personal Property Replacement Taxes, expressed on the basis of pupils in Average Daily Attendance.

(2) In determining a school district's revenue from local property taxes, the State Board of Education shall utilize the equalized assessed valuation of all taxable property of each school district as of September 30 of the previous year. The equalized assessed valuation utilized shall be obtained and determined as provided in subsection (G).

(3) For school districts maintaining grades kindergarten through 12, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 3.00%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades kindergarten through 8, local property tax revenues per pupil shall be calculated as the
product of the applicable equalized assessed valuation for the district multiplied by 2.30%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades 9 through 12, local property tax revenues per pupil shall be the applicable equalized assessed valuation of the district multiplied by 1.05%, and divided by the district's Average Daily Attendance figure.

(4) The Corporate Personal Property Replacement Taxes paid to each school district during the calendar year 2 years before the calendar year in which a school year begins, divided by the Average Daily Attendance figure for that district, shall be added to the local property tax revenues per pupil as derived by the application of the immediately preceding paragraph (3). The sum of these per pupil figures for each school district shall constitute Available Local Resources as that term is utilized in subsection (E) in the calculation of general State aid.

(E) Computation of General State Aid.

(1) For each school year, the amount of general State aid allotted to a school district shall be computed by the State Board of Education as provided in this subsection.

(2) For any school district for which Available Local Resources per pupil is less than the product of 0.93 times the Foundation Level, general State aid for that district shall be calculated as an amount equal to the Foundation Level minus Available Local Resources, multiplied by the Average Daily Attendance of the school district.

(3) For any school district for which Available Local Resources per pupil is equal to or greater than the product of 0.93 times the Foundation Level and less than the product of 1.75 times the Foundation Level, the general State aid per pupil shall be a decimal proportion of the Foundation Level derived using a linear algorithm. Under this linear algorithm, the calculated general State aid per pupil shall decline in direct linear fashion from 0.07 times the Foundation Level for a school district with Available Local Resources equal to the product of 0.93 times the Foundation Level, to 0.05 times the Foundation Level for a school district with Available Local Resources equal to the product of 1.75 times the Foundation Level. The allocation of general State aid for school districts subject to this paragraph 3 shall be the calculated general State aid per pupil figure multiplied by the Average Daily Attendance of the school district.

(4) For any school district for which Available Local Resources per pupil equals or exceeds the product of 1.75 times the Foundation Level, the general State aid for the school district shall be calculated as the product of $218 multiplied by the Average Daily Attendance of the school district.

(5) The amount of general State aid allocated to a school district for the 1999-2000 school year meeting the requirements set forth in paragraph (4) of subsection (G) shall be increased by an amount equal to the general State aid that would have been received by the district for the 1998-1999 school year by utilizing the Extension Limitation Equalized Assessed Valuation as calculated in paragraph (4) of subsection (G).
less the general State aid allotted for the 1998-1999 school year. This amount shall be
deemed a one time increase, and shall not affect any future general State aid allocations.
(F) Compilation of Average Daily Attendance.

(1) Each school district shall, by July 1 of each year, submit to the State Board of
Education, on forms prescribed by the State Board of Education, attendance figures for
the school year that began in the preceding calendar year. The attendance information so
transmitted shall identify the average daily attendance figures for each month of
the school year. Beginning with the general State aid claim form for the 2002-2003 school
year, districts shall calculate Average Daily Attendance as provided in subdivisions (a),
(b), and (c) of this paragraph (1).

(a) In districts that do not hold year-round classes, days of attendance in
August shall be added to the month of September and any days of attendance in
June shall be added to the month of May.

(b) In districts in which all buildings hold year-round classes, days of
attendance in July and August shall be added to the month of September and any
days of attendance in June shall be added to the month of May.

(c) In districts in which some buildings, but not all, hold year-round
classes, for the non-year-round buildings, days of attendance in August shall be
added to the month of September and any days of attendance in June shall be added to the month of May. The average daily attendance for the year-round
buildings shall be computed as provided in subdivision (b) of this paragraph (1).
To calculate the Average Daily Attendance for the district, the average
daily attendance for the year-round buildings shall be multiplied by the days in session
for the non-year-round buildings for each month and added to the monthly
attendance of the non-year-round buildings.

Except as otherwise provided in this Section, days of attendance by pupils shall
be counted only for sessions of not less than 5 clock hours of school work per day under
direct supervision of: (i) teachers, or (ii) non-teaching personnel or volunteer personnel
when engaging in non-teaching duties and supervising in those instances specified in
subsection (a) of Section 10-22.34 and paragraph 10 of Section 34-18, with pupils of
legal school age and in kindergarten and grades 1 through 12.

Days of attendance by tuition pupils shall be accredited only to the districts that
pay the tuition to a recognized school.

(2) Days of attendance by pupils of less than 5 clock hours of school shall be
subject to the following provisions in the compilation of Average Daily Attendance.

(a) Pupils regularly enrolled in a public school for only a part of the school
day may be counted on the basis of 1/6 day for every class hour of instruction of
40 minutes or more attended pursuant to such enrollment, unless a pupil is
enrolled in a block-schedule format of 80 minutes or more of instruction, in
which case the pupil may be counted on the basis of the proportion of minutes of

New matter indicated by italics - deletions by strikeout
school work completed each day to the minimum number of minutes that school
work is required to be held that day.

(b) Days of attendance may be less than 5 clock hours on the opening and
closing of the school term, and upon the first day of pupil attendance, if preceded
by a day or days utilized as an institute or teachers' workshop.

(c) A session of 4 or more clock hours may be counted as a day of
attendance upon certification by the regional superintendent, and approved by the
State Superintendent of Education to the extent that the district has been forced to
use daily multiple sessions.

(d) A session of 3 or more clock hours may be counted as a day of
attendance (1) when the remainder of the school day or at least 2 hours in the
evening of that day is utilized for an in-service training program for teachers, up
to a maximum of 5 days per school year of which a maximum of 4 days of such 5
days may be used for parent-teacher conferences, provided a district conducts an
in-service training program for teachers which has been approved by the State
Superintendent of Education; or, in lieu of 4 such days, 2 full days may be used,
in which event each such day may be counted as a day of attendance; and (2)
when days in addition to those provided in item (1) are scheduled by a school
pursuant to its school improvement plan adopted under Article 34 or its revised or
amended school improvement plan adopted under Article 2, provided that (i) such
sessions of 3 or more clock hours are scheduled to occur at regular intervals, (ii)
the remainder of the school days in which such sessions occur are utilized for in-
service training programs or other staff development activities for teachers, and
(iii) a sufficient number of minutes of school work under the direct supervision of
teachers are added to the school days between such regularly scheduled sessions
to accumulate not less than the number of minutes by which such sessions of 3 or
more clock hours fall short of 5 clock hours. Any full days used for the purposes
of this paragraph shall not be considered for computing average daily attendance.
Days scheduled for in-service training programs, staff development activities, or
parent-teacher conferences may be scheduled separately for different grade levels
and different attendance centers of the district.

(e) A session of not less than one clock hour of teaching hospitalized or
homebound pupils on-site or by telephone to the classroom may be counted as 1/2
day of attendance, however these pupils must receive 4 or more clock hours of
instruction to be counted for a full day of attendance.

(f) A session of at least 4 clock hours may be counted as a day of
attendance for first grade pupils, and pupils in full day kindergartens, and a
session of 2 or more hours may be counted as 1/2 day of attendance by pupils in
kindergartens which provide only 1/2 day of attendance.
(g) For children with disabilities who are below the age of 6 years and who cannot attend 2 or more clock hours because of their disability or immaturity, a session of not less than one clock hour may be counted as 1/2 day of attendance; however for such children whose educational needs so require a session of 4 or more clock hours may be counted as a full day of attendance.

(h) A recognized kindergarten which provides for only 1/2 day of attendance by each pupil shall not have more than 1/2 day of attendance counted in any one day. However, kindergartens may count 2 1/2 days of attendance in any 5 consecutive school days. When a pupil attends such a kindergarten for 2 half days on any one school day, the pupil shall have the following day as a day absent from school, unless the school district obtains permission in writing from the State Superintendent of Education. Attendance at kindergartens which provide for a full day of attendance by each pupil shall be counted the same as attendance by first grade pupils. Only the first year of attendance in one kindergarten shall be counted, except in case of children who entered the kindergarten in their fifth year whose educational development requires a second year of kindergarten as determined under the rules and regulations of the State Board of Education.

(G) Equalized Assessed Valuation Data.

(1) For purposes of the calculation of Available Local Resources required pursuant to subsection (D), the State Board of Education shall secure from the Department of Revenue the value as equalized or assessed by the Department of Revenue of all taxable property of every school district, together with (i) the applicable tax rate used in extending taxes for the funds of the district as of September 30 of the previous year and (ii) the limiting rate for all school districts subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law.

This equalized assessed valuation, as adjusted further by the requirements of this subsection, shall be utilized in the calculation of Available Local Resources.

(2) The equalized assessed valuation in paragraph (1) shall be adjusted, as applicable, in the following manner:

(a) For the purposes of calculating State aid under this Section, with respect to any part of a school district within a redevelopment project area in which a municipality has adopted tax increment allocation financing pursuant to the Tax Increment Allocation Redevelopment Act, Sections 11-74.4-1 through 11-74.4-11 of the Illinois Municipal Code or the Industrial Jobs Recovery Law, Sections 11-74.6-1 through 11-74.6-50 of the Illinois Municipal Code, no part of the current equalized assessed valuation of real property located in any such project area which is attributable to an increase above the total initial equalized assessed valuation of such property shall be used as part of the equalized assessed valuation of the district, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Act.

New matter indicated by italics - deletions by strikeout
Increment Allocation Redevelopment Act or in Section 11-74.6-35 of the Industrial Jobs Recovery Law. For the purpose of the equalized assessed valuation of the district, the total initial equalized assessed valuation or the current equalized assessed valuation, whichever is lower, shall be used until such time as all redevelopment project costs have been paid.

(b) The real property equalized assessed valuation for a school district shall be adjusted by subtracting from the real property value as equalized or assessed by the Department of Revenue for the district an amount computed by dividing the amount of any abatement of taxes under Section 18-170 of the Property Tax Code by 3.00% for a district maintaining grades kindergarten through 12, by 2.30% for a district maintaining grades kindergarten through 8, or by 1.05% for a district maintaining grades 9 through 12 and adjusted by an amount computed by dividing the amount of any abatement of taxes under subsection (a) of Section 18-165 of the Property Tax Code by the same percentage rates for district type as specified in this subparagraph (b).

(3) For the 1999-2000 school year and each school year thereafter, if a school district meets all of the criteria of this subsection (G)(3), the school district's Available Local Resources shall be calculated under subsection (D) using the district's Extension Limitation Equalized Assessed Valuation as calculated under this subsection (G)(3).

For purposes of this subsection (G)(3) the following terms shall have the following meanings:

"Budget Year": The school year for which general State aid is calculated and awarded under subsection (E).

"Base Tax Year": The property tax levy year used to calculate the Budget Year allocation of general State aid.

"Preceding Tax Year": The property tax levy year immediately preceding the Base Tax Year.

"Base Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Base Tax Year multiplied by the limiting rate as calculated by the County Clerk and defined in the Property Tax Extension Limitation Law.

"Preceding Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Preceding Tax Year multiplied by the Operating Tax Rate as defined in subsection (A).

"Extension Limitation Ratio": A numerical ratio, certified by the County Clerk, in which the numerator is the Base Tax Year's Tax Extension and the denominator is the Preceding Tax Year's Tax Extension.

"Operating Tax Rate": The operating tax rate as defined in subsection (A).

If a school district is subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law, the State Board of Education shall
calculate the Extension Limitation Equalized Assessed Valuation of that district. For the 1999-2000 school year, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the district's 1996 Equalized Assessed Valuation and the district's Extension Limitation Ratio. For the 2000-2001 school year and each school year thereafter, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the Equalized Assessed Valuation last used in the calculation of general State aid and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of a school district as calculated under this subsection (G)(3) is less than the district's equalized assessed valuation as calculated pursuant to subsections (G)(1) and (G)(2), then for purposes of calculating the district's general State aid for the Budget Year pursuant to subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources under subsection (D).

(4) For the purposes of calculating general State aid for the 1999-2000 school year only, if a school district experienced a triennial reassessment on the equalized assessed valuation used in calculating its general State financial aid apportionment for the 1998-1999 school year, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation that would have been used to calculate the district's 1998-1999 general State aid. This amount shall equal the product of the equalized assessed valuation used to calculate general State aid for the 1997-1998 school year and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of the school district as calculated under this paragraph (4) is less than the district's equalized assessed valuation utilized in calculating the district's 1998-1999 general State aid pursuant to paragraph (5) of subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources.

(5) For school districts having a majority of their equalized assessed valuation in any county except Cook, DuPage, Kane, Lake, McHenry, or Will, if the amount of general State aid allocated to the school district for the 1999-2000 school year under the provisions of subsection (E), (H), and (J) of this Section is less than the amount of general State aid allocated to the district for the 1998-1999 school year under these subsections, then the general State aid of the district for the 1999-2000 school year only shall be increased by the difference between these amounts. The total payments made under this paragraph (5) shall not exceed $14,000,000. Claims shall be prorated if they exceed $14,000,000.

(H) Supplemental General State Aid.

(1) In addition to the general State aid a school district is allotted pursuant to subsection (E), qualifying school districts shall receive a grant, paid in conjunction with a district's payments of general State aid, for supplemental general State aid based upon the

New matter indicated by italics - deletions by strikeout
concentration level of children from low-income households within the school district. Supplemental State aid grants provided for school districts under this subsection shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section. If the appropriation in any fiscal year for general State aid and supplemental general State aid is insufficient to pay the amounts required under the general State aid and supplemental general State aid calculations, then the State Board of Education shall ensure that each school district receives the full amount due for general State aid and the remainder of the appropriation shall be used for supplemental general State aid, which the State Board of Education shall calculate and pay to eligible districts on a prorated basis.

(1.5) This paragraph (1.5) applies only to those school years preceding the 2003-2004 school year. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall be the low-income eligible pupil count from the most recently available federal census divided by the Average Daily Attendance of the school district. If, however, (i) the percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count of a high school district with fewer than 400 students exceeds by 75% or more the percentage change in the total low-income eligible pupil count of contiguous elementary school districts, whose boundaries are coterminous with the high school district, or (ii) a high school district within 2 counties and serving 5 elementary school districts, whose boundaries are coterminous with the high school district, has a percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count and there is a percentage increase in the total low-income eligible pupil count of a majority of the elementary school districts in excess of 50% from the 2 most recent federal censuses, then the high school district's low-income eligible pupil count from the earlier federal census shall be the number used as the low-income eligible pupil count for the high school district, for purposes of this subsection (H). The changes made to this paragraph (1) by Public Act 92-28 shall apply to supplemental general State aid grants for school years preceding the 2003-2004 school year that are paid in fiscal year 1999 or and in each fiscal year thereafter and to any State aid payments made in fiscal year 1994 through fiscal year 1998 pursuant to subsection 1(n) of Section 18-8 of this Code (which was repealed on July 1, 1998), and any high school district that is affected by Public Act 92-28 is entitled to a recomputation of its supplemental general State aid grant or State aid paid in any of those fiscal years. This recomputation shall not be affected by any other funding.

(1.10) This paragraph (1.10) applies to the 2003-2004 school year and each school year thereafter. needs of disadvantaged children. Such plan shall be submitted in accordance with rules and regulations promulgated by the State Board of Education.

(4) School districts with an Average Daily Attendance of 50,000 or more that qualify for supplemental general State aid pursuant to this subsection shall be required to distribute from funds available pursuant to this Section, no less than $261,000,000 in accordance with the following requirements:

(a) The required amounts shall be distributed to the attendance centers within the district in proportion to the number of pupils enrolled at each attendance center who are eligible to receive free or reduced-price lunches or breakfasts under the federal Child Nutrition Act of 1966 and under the National School Lunch Act during the immediately preceding school year.

(b) The distribution of these portions of supplemental and general State aid among attendance centers according to these requirements shall not be compensated for or contravened by adjustments of the total of other funds appropriated to any attendance centers, and the Board of Education shall utilize funding from one or several sources in order to fully implement this provision annually prior to the opening of school.

(c) Each attendance center shall be provided by the school district a distribution of noncategorical funds and other categorical funds to which an attendance center is entitled under law in order that the general State aid and supplemental general State aid provided by application of this subsection supplements rather than supplants the noncategorical funds and other categorical funds provided by the school district to the attendance centers.

(d) Any funds made available under this subsection that by reason of the provisions of this subsection are not required to be allocated and provided to attendance centers may be used and appropriated by the board of the district for any lawful school purpose.

(e) Funds received by an attendance center pursuant to this subsection shall be used by the attendance center at the discretion of the principal and local school council for programs to improve educational opportunities at qualifying schools through the following programs and services: early childhood education, reduced class size or improved adult to student classroom ratio, enrichment programs, remedial assistance, attendance improvement, and other educationally beneficial expenditures which supplement the regular and basic programs as determined by the State Board of Education. Funds provided shall not be expended for any political or lobbying purposes as defined by board rule.

(f) Each district subject to the provisions of this subdivision (H)(4) shall submit an acceptable plan to meet the educational needs of disadvantaged children, in compliance with the requirements of this paragraph, to the State Board of Education prior to July 15 of each year. This plan shall be consistent
with the decisions of local school councils concerning the school expenditure plans developed in accordance with part 4 of Section 34-2.3. The State Board shall approve or reject the plan within 60 days after its submission. If the plan is rejected, the district shall give written notice of intent to modify the plan within 15 days of the notification of rejection and then submit a modified plan within 30 days after the date of the written notice of intent to modify. Districts may amend approved plans pursuant to rules promulgated by the State Board of Education.

Upon notification by the State Board of Education that the district has not submitted a plan prior to July 15 or a modified plan within the time period specified herein, the State aid funds affected by that plan or modified plan shall be withheld by the State Board of Education until a plan or modified plan is submitted.

If the district fails to distribute State aid to attendance centers in accordance with an approved plan, the plan for the following year shall allocate funds, in addition to the funds otherwise required by this subsection, to those attendance centers which were underfunded during the previous year in amounts equal to such underfunding.

For purposes of determining compliance with this subsection in relation to the requirements of attendance center funding, each district subject to the provisions of this subsection shall submit as a separate document by December 1 of each year a report of expenditure data for the prior year in addition to any modification of its current plan. If it is determined that there has been a failure to comply with the expenditure provisions of this subsection regarding contravention or supplanting, the State Superintendent of Education shall, within 60 days of receipt of the report, notify the district and any affected local school council. The district shall within 45 days of receipt of that notification inform the State Superintendent of Education of the remedial or corrective action to be taken, whether by amendment of the current plan, if feasible, or by adjustment in the plan for the following year. Failure to provide the expenditure report or the notification of remedial or corrective action in a timely manner shall result in a withholding of the affected funds.

The State Board of Education shall promulgate rules and regulations to implement the provisions of this subsection. No funds shall be released under this subdivision (H)(4) to any district that has not submitted a plan that has been approved by the State Board of Education.

(I) General State Aid for Newly Configured School Districts.

(1) For a new school district formed by combining property included totally within 2 or more previously existing school districts, for its first year of existence the general State aid and supplemental general State aid calculated under this Section shall be computed for the new district and for the previously existing districts for which

New matter indicated by italics - deletions by strikeout
property is totally included within the new district. If the computation on the basis of the previously existing districts is greater, a supplementary payment equal to the difference shall be made for the first 4 years of existence of the new district.

(2) For a school district which annexes all of the territory of one or more entire other school districts, for the first year during which the change of boundaries attributable to such annexation becomes effective for all purposes as determined under Section 7-9 or 7A-8, the general State aid and supplemental general State aid calculated under this Section shall be computed for the annexing district as constituted after the annexation and for the annexing and each annexed district as constituted prior to the annexation; and if the computation on the basis of the annexing and annexed districts as constituted prior to the annexation is greater, a supplementary payment equal to the difference shall be made for the first 4 years of existence of the annexing school district as constituted upon such annexation.

(3) For 2 or more school districts which annex all of the territory of one or more entire other school districts, and for 2 or more community unit districts which result upon the division (pursuant to petition under Section 11A-2) of one or more other unit school districts into 2 or more parts and which together include all of the parts into which such other unit school district or districts are so divided, for the first year during which the change of boundaries attributable to such annexation or division becomes effective for all purposes as determined under Section 7-9 or 11A-10, as the case may be, the general State aid and supplemental general State aid calculated under this Section shall be computed for each annexing or resulting district as constituted after the annexation or division and for each annexing and annexed district, or for each resulting and divided district, as constituted prior to the annexation or division; and if the aggregate of the general State aid and supplemental general State aid as so computed for the annexing or resulting districts as constituted after the annexation or division is less than the aggregate of the general State aid and supplemental general State aid as so computed for the annexing or divided districts, or for the resulting and divided districts, as constituted prior to the annexation or division, then a supplementary payment equal to the difference shall be made and allocated between or among the annexing or resulting districts, as constituted upon such annexation or division, for the first 4 years of their existence. The total difference payment shall be allocated between or among the annexing or resulting districts in the same ratio as the pupil enrollment from that portion of the annexed or divided district or districts which is annexed to or included in each such annexing or resulting district bears to the total pupil enrollment from the entire annexed or divided district or districts, as such pupil enrollment is determined for the school year last ending prior to the date when the change of boundaries attributable to the annexation or division becomes effective for all purposes. The amount of the total difference payment and the amount thereof to be allocated to the annexing or resulting districts shall be computed by the State Board of Education on the basis of pupil enrollment and other data which shall
be certified to the State Board of Education, on forms which it shall provide for that purpose, by the regional superintendent of schools for each educational service region in which the annexing and annexed districts, or resulting and divided districts are located.

(3.5) Claims for financial assistance under this subsection (I) shall not be recomputed except as expressly provided under this Section.

(4) Any supplementary payment made under this subsection (I) shall be treated as separate from all other payments made pursuant to this Section.

(J) Supplementary Grants in Aid.

(1) Notwithstanding any other provisions of this Section, the amount of the aggregate general State aid in combination with supplemental general State aid under this Section for which each school district is eligible shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-98 school year, pursuant to the provisions of that Section as it was then in effect. If a school district qualifies to receive a supplementary payment made under this subsection (J), the amount of the aggregate general State aid in combination with supplemental general State aid under this Section which that district is eligible to receive for each school year shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-1998 school year, pursuant to the provisions of that Section as it was then in effect.

(2) If, as provided in paragraph (1) of this subsection (J), a school district is to receive aggregate general State aid in combination with supplemental general State aid under this Section for the 1998-99 school year and any subsequent school year that in any such school year is less than the amount of the aggregate general State aid entitlement that the district received for the 1997-98 school year, the school district shall also receive, from a separate appropriation made for purposes of this subsection (J), a supplementary payment that is equal to the amount of the difference in the aggregate State aid figures as described in paragraph (1).

(3) (Blank).

(K) Grants to Laboratory and Alternative Schools.

In calculating the amount to be paid to the governing board of a public university that operates a laboratory school under this Section or to any alternative school that is operated by a regional superintendent of schools, the State Board of Education shall require by rule such reporting requirements as it deems necessary.

As used in this Section, "laboratory school" means a public school which is created and operated by a public university and approved by the State Board of Education. The governing board of a public university which receives funds from the State Board under this subsection (K) may not increase the number of students enrolled in its laboratory school from a single district, if that district is already sending 50 or more

As used in this Section, "alternative school" means a public school which is created and operated by a Regional Superintendent of Schools and approved by the State Board of Education. Such alternative schools may offer courses of instruction for which credit is given in regular school programs, courses to prepare students for the high school equivalency testing program or vocational and occupational training. A regional superintendent of schools may contract with a school district or a public community college district to operate an alternative school. An alternative school serving more than one educational service region may be established by the regional superintendents of schools of the affected educational service regions. An alternative school serving more than one educational service region may be operated under such terms as the regional superintendents of schools of those educational service regions may agree.

Each laboratory and alternative school shall file, on forms provided by the State Superintendent of Education, an annual State aid claim which states the Average Daily Attendance of the school's students by month. The best 3 months' Average Daily Attendance shall be computed for each school. The general State aid entitlement shall be computed by multiplying the applicable Average Daily Attendance by the Foundation Level as determined under this Section.

(L) Payments, Additional Grants in Aid and Other Requirements.

(1) For a school district operating under the financial supervision of an Authority created under Article 34A, the general State aid otherwise payable to that district under this Section, but not the supplemental general State aid, shall be reduced by an amount equal to the budget for the operations of the Authority as certified by the Authority to the State Board of Education, and an amount equal to such reduction shall be paid to the Authority created for such district for its operating expenses in the manner provided in Section 18-11. The remainder of general State school aid for any such district shall be paid in accordance with Article 34A when that Article provides for a disposition other than that provided by this Article.

The regular term of each member of the Board shall be for 4 years from the third Monday of January of the year in which the term of the member's appointment is to commence, except that of the 5 initial members appointed to serve on the Board, the member who is appointed as the chairperson shall serve for a term that commences on the date of his or her appointment and expires on the third Monday of January, 2002, and the remaining 4 members, by lots drawn at the first meeting of the Board that is held after all 5 members are appointed, shall determine 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2001, and 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2000. All members appointed to serve on the Board shall serve until their respective successors are appointed and confirmed. Vacancies shall be filled in the same manner as original appointments. If a vacancy in membership occurs at a time when the Senate is not in session, the Governor shall make a temporary appointment until the next meeting of the Senate, when he or she shall appoint, by and with the advice and consent of the Senate, a person to fill that membership for the unexpired term. If the Senate is not in session when the initial appointments are made, those appointments shall be made as in the case of vacancies.

The Education Funding Advisory Board shall be deemed established, and the initial members appointed by the Governor to serve as members of the Board shall take office, on the date that the Governor makes his or her appointment of the fifth initial member of the Board, whether those initial members are then serving pursuant to appointment and confirmation or pursuant to temporary appointments that are made by the Governor as in the case of vacancies.

The recommended foundation level shall be determined based on a methodology which incorporates the basic education expenditures of low-spending schools exhibiting high academic performance. The Education Funding Advisory Board shall make such recommendations to the General Assembly on January 1 of odd numbered years, beginning January 1, 2001.

Sec. 27A-11.5. State financing. The State Board of Education shall make the following funds available to school districts and charter schools:

(1) From a separate appropriation made to the State Board for purposes of this subdivision (1), the State Board shall make transition impact aid available to school districts that approve a new charter school or that have funds withheld by the State Board to fund a new charter school that is chartered by the State Board. The amount of the aid shall equal 90% of the per capita funding paid to the charter school during the first year of its initial charter term, 65% of the per capita funding paid to the charter school during the second year of its initial term, and 35% of the per capita funding paid to the charter school during the third year of its initial term. This transition impact aid shall be paid to the local school board in equal quarterly installments, with the payment of the installment for the first quarter being made by August 1st immediately preceding the first, second, and third years of the initial term. The district shall file an application for this aid with the State Board in a format designated by the State Board. If the appropriation is insufficient in any year to pay all approved claims, the impact aid shall be prorated. However, for fiscal year 2004, the State Board of Education shall pay approved claims only for charter schools with a valid charter granted prior to June 1, 2003. If any funds remain after these claims have been paid, then the State Board of Education may pay all other approved claims on a pro rata basis. Transition impact aid shall be paid beginning in the 1999-2000 school year for charter schools that are in the first, second, or third year of their initial term. Transition impact aid shall not be paid for any charter school that is proposed and created by one or more boards of education, as authorized under the provisions of Public Act 91-405.

(2) From a separate appropriation made for the purpose of this subdivision (2), the State Board shall make grants to charter schools to pay their start-up costs of acquiring educational materials and supplies, textbooks, furniture, and other equipment needed during their initial term. The State Board shall annually

establish the time and manner of application for these grants, which shall not exceed $250 per student enrolled in the charter school.

(3) The Charter Schools Revolving Loan Fund is created as a special fund in the State treasury. Federal funds, such other funds as may be made available for costs associated with the establishment of charter schools in Illinois, and amounts repaid by charter schools that have received a loan from the Charter Schools Revolving Loan Fund shall be deposited into the Charter Schools Revolving Loan Fund, and the moneys in the Charter Schools Revolving Loan Fund shall be appropriated to the State Board and used to provide interest-free loans to charter schools. These funds shall be used to pay start-up costs of acquiring educational materials and supplies, textbooks, furniture, and other equipment needed in the initial term of the charter school and for acquiring and remodeling a suitable physical plant, within the initial term of the charter school. Loans shall be limited to one loan per charter school and shall not exceed $250 per student enrolled in the charter school. A loan shall be repaid by the end of the initial term of the charter school. The State Board may deduct amounts necessary to repay the loan from funds due to the charter school or may require that the local school board that authorized the charter school deduct such amounts from funds due the charter school and remit these amounts to the State Board, provided that the local school board shall not be responsible for repayment of the loan. The State Board may use up to 3% of the appropriation to contract with a non-profit entity to administer the loan program.

(4) A charter school may apply for and receive, subject to the same restrictions applicable to school districts, any grant administered by the State Board that is available for school districts.

(4) the development of standards for determining grants based upon performance as set forth in subsection (d) below and a plan for the phased-in implementation of those standards.

For instruction provided by school districts and community college districts beginning July 1, 1996 and thereafter, reimbursement provided by the Illinois

5. Programs receiving funds under the formula that was in effect during the 1994-1995 program year which continue to be approved and which generate at least 80% of the hours claimable in 1994-95, or in the case of programs not approved in 1994-95 at least 80% of the hours claimable in 1995-96, shall have funding for subsequent years based upon 100% of the 1995-96 formula funding level for 1996-97, 90% of the 1995-96 formula funding level for 1997-98, 80% of the 1995-96 formula funding level for 1998-99, and 70% of the 1995-96 formula funding level for 1999-2000. For any approved program which generates less than 80% of the claimable hours in its base year, the level of funding pursuant to this paragraph shall be reduced proportionately. Funding for program years after 1999-2000 shall be determined by the Illinois Community College Board.

(d) Upon its annual approval, the Illinois Community College Board shall provide grants to eligible programs for supplemental activities to improve or expand services under the Adult Education Act. Eligible programs shall be determined based upon performance outcomes of students in the programs as set by the Illinois Community College Board.
(e) Reimbursement under this Section shall not exceed the actual costs of the approved program.

If the amount appropriated to the Illinois Community College Board for reimbursement under this Section is less than the amount required under this Act, the apportionment shall be proportionately reduced.

School districts and community college districts may assess students up to $3.00 per credit hour, for classes other than Adult Basic Education level programs, if needed to meet program costs.

(f) An education plan shall be established for each adult or youth whose schooling has been interrupted and who is participating in the instructional programs provided under this Section.

Each school board and community college shall keep an accurate and detailed account of the students assigned to and receiving instruction under this Section who are subject to State reimbursement and shall submit reports of services provided commencing with fiscal year 1997 as required by the Illinois Community College Board.

For classes authorized under this Section, a credit hour or unit of instruction is equal to 15 hours of direct instruction for students enrolled in approved adult education programs at midterm and making satisfactory progress, in accordance with standards established by the Illinois Community College Board.

(g) Upon proof submitted to the Illinois Department of Human Services of the payment of all claims submitted under this Section, that Department shall apply for federal funds made available therefor and any federal funds so received shall be paid into the General Revenue Fund in the State Treasury.

School districts or community colleges providing classes under this Section shall submit applications to the Illinois Community College Board for preapproval in accordance with the standards established by the Illinois Community College Board. Payments shall be made by the Illinois Community College Board based upon approved programs. Interim expenditure reports may be required by the Illinois Community College Board. Final claims for the school year shall be submitted to the regional superintendents for transmittal to the Illinois Community College Board. Final adjusted payments shall be made by September 30.

If a school district or community college district fails to provide, or is providing unsatisfactory or insufficient classes under this Section, the Illinois Community College Board may enter into agreements with public or private educational or other agencies other than the public schools for the establishment of such classes.

(h) If a school district or community college district establishes child-care facilities for the children of participants in classes established under this Section, it may extend the use of these facilities to students who have obtained employment and to other persons in the community whose children require care and supervision while the parent or other person in charge of the children is employed or otherwise absent from the home.

during all or part of the day. It may make the facilities available before and after as well as during regular school hours to school age and preschool age children who may benefit thereby, including children who require care and supervision pending the return of their parent or other person in charge of their care from employment or other activity requiring absence from the home.

The Illinois Community College Board shall pay to the board the cost of care in the facilities for any child who is a recipient of financial aid under the Illinois Public Aid Code.

The board may charge for care of children for whom it cannot make claim under the provisions of this Section. The charge shall not exceed per capita cost, and to the extent feasible, shall be fixed at a level which will permit utilization by employed parents of low or moderate income. It may also permit any other State or local governmental agency or private agency providing care for children to purchase care.

After July 1, 1970 when the provisions of Section 10-20.20 become operative in the district, children in a child-care facility shall be transferred to the kindergarten established under that Section for such portion of the day as may be required for the kindergarten program, and only the prorated costs of care and training provided in the Center for the remaining period shall be charged to the Illinois Department of Human Services or other persons or agencies paying for such care.

(i) The provisions of this Section shall also apply to school districts having a population exceeding 500,000.

(j) In addition to claiming reimbursement under this Section, a school district may claim general State aid under Section 18-8.05 for any student under age 21 who is enrolled in courses accepted for graduation from elementary or high school and who otherwise meets the requirements of Section 18-8.05.

Any public community college district maintaining adult education classes for the instruction of persons over 21 years of age and youths under 21 years of age whose schooling has been interrupted shall be entitled to claim an apportionment in accordance with the provisions of Section 2-16.02 of the Public Community College Act.

Section 10-15. The Public Community College Act is amended by changing Section 2-16.02 and adding Section 2-20 as follows:

(110 ILCS 805/2-16.02) (from Ch. 122, par. 102-16.02)

Sec. 2-16.02. Grants. Any community college district that maintains a community college recognized by the State Board shall receive, when eligible, grants enumerated in this Section. Funded semester credit hours or other measures or both as specified by the State Board shall be used to distribute grants to community colleges. Funded semester credit hours shall be defined, for purposes of this Section, as the greater of (1) the number of semester credit hours, or equivalent, in all funded instructional categories of students who have been certified as being in attendance at midterm during the respective terms of the base fiscal year or (2) the average of semester credit hours, or equivalent, in all funded instructional categories of students who have been certified as being in attendance at midterm during the respective terms of the base fiscal year and the 2 prior fiscal years. For purposes of this Section, "base fiscal year" means the fiscal year 2 years prior to the fiscal year for which the grants are appropriated. Such students shall have been residents of Illinois and shall have been enrolled in courses that are part of instructional program categories approved by the State Board and that are applicable toward an associate degree or certificate. Courses that are eligible for reimbursement are those courses for which the district pays 50% or more of the program costs from unrestricted revenue sources, with the exception of courses offered by contract with the Department of Corrections in correctional institutions. For the purposes of this Section, "unrestricted revenue sources" means those revenues in which the provider of the revenue imposes no financial limitations upon the district as it relates to the expenditure of the funds. Courses are not eligible for reimbursement where the district receives federal or State financing or both, except financing through the State Board, for 50% or more of the program costs with the exception of courses offered by contract with the Department of Corrections in correctional institutions. Base operating grants shall be paid based on rates per funded semester credit hour or equivalent calculated by the State Board for funded instructional categories using cost of instruction, enrollment, inflation, and other relevant factors. A portion of the base operating grant shall be allocated on the basis of non-residential gross square footage of space maintained by the district. 

Equalization grants shall be calculated by the State Board by determining a local revenue factor for each district by: (A) adding (1) each district's Corporate Personal

New matter indicated by italics - deletions by strikeout
Property Replacement Fund allocations from the base fiscal year or the average of the base fiscal year and prior year, whichever is less, divided by the applicable statewide average tax rate to (2) the district's most recently audited year's equalized assessed valuation or the average of the most recently audited year and prior year, whichever is less, (B) then dividing by the district's audited full-time equivalent resident students for the base fiscal year or the average for the base fiscal year and the 2 prior fiscal years, whichever is greater, and (C) then multiplying by the applicable statewide average tax rate. The State Board shall calculate a statewide weighted average threshold by applying the same methodology to the totals of all districts' Corporate Personal Property Tax Replacement Fund allocations, equalized assessed valuations, and audited full-time equivalent district resident students and multiplying by the applicable statewide average tax rate. The difference between the statewide weighted average threshold and the local revenue factor, multiplied by the number of full-time equivalent resident students, shall determine the amount of equalization funding that each district is eligible to receive. A percentage factor, as determined by the State Board, may be applied to the statewide threshold as a method for allocating equalization funding. A minimum equalization grant of an amount per district as determined by the State Board shall be established for any community college district which qualifies for an equalization grant based upon the preceding criteria, but becomes ineligible for equalization funding, or would have received a grant of less than the minimum equalization grant, due to threshold prorations applied to reduce equalization funding. As of July 1, 2004, a community college district must maintain a minimum required combined in-district tuition and universal fee rate per semester credit hour equal to 85% of the State-average combined rate, as determined by the State Board, for equalization funding. As of July 1, 2004, a community college district must maintain a minimum required operating tax rate equal to at least 95% of its maximum authorized tax rate to qualify for equalization funding. This 95% minimum tax rate requirement shall be based upon the maximum operating tax rate as limited by the Property Tax Extension Limitation Law. As of July 1, 1997, community college districts must maintain a minimum required in-district tuition rate per semester credit hour as determined by the State Board. For each fiscal year between July 1, 1997 and June 30, 2001, districts not meeting the minimum required rate will be subject to a percent reduction of equalization funding as determined by the State Board. As of July 1, 2001, districts must meet the required minimum in-district tuition rate to qualify for equalization funding.

The State Board shall distribute such other grants as may be authorized or appropriated by the General Assembly.

Each community college district entitled to State grants under this Section must submit a report of its enrollment to the State Board not later than 30 days following the end of each semester, quarter, or term in a format prescribed by the State Board. These semester credit hours, or equivalent, shall be certified by each district on forms provided

by the State Board. Each district's certified semester credit hours, or equivalent, are subject to audit pursuant to Section 3-22.1.

The State Board shall certify, prepare, and submit to the State Comptroller during August, November, February, and May of each fiscal year vouchers setting forth an amount equal to 25% of the grants approved by the State Board for base operating grants and equalization grants. The State Board shall prepare and submit to the State Comptroller vouchers for payments of other grants as appropriated by the General Assembly. If the amount appropriated for grants is different from the amount provided for such grants under this Act, the grants shall be proportionately reduced or increased accordingly.

For the purposes of this Section, "resident student" means a student in a community college district who maintains residency in that district or meets other residency definitions established by the State Board, and who was enrolled either in one of the approved instructional program categories in that district, or in another community college district to which the resident's district is paying tuition under Section 6-2 or with which the resident's district has entered into a cooperative agreement in lieu of such tuition.

For the purposes of this Section, a "full-time equivalent" student is equal to 30 semester credit hours.

The Illinois Community College Board Contracts and Grants Fund is hereby created in the State Treasury. Items of income to this fund shall include any grants, awards, endowments, or like proceeds, and where appropriate, other funds made available through contracts with governmental, public, and private agencies or persons. The General Assembly shall from time to time make appropriations payable from such fund for the support, improvement, and expenses of the State Board and Illinois community college districts.

Sec. 2-20. Deferred maintenance grants. For fiscal year 2004 only, the State Board shall award a deferred maintenance grant only to a district to which Article VII of this Act applies, for that district's general purposes. This grant shall be awarded under a formula determined by the State Board.

(a) In order to encourage academically talented Illinois students, especially minority students, to pursue teaching careers, especially in teacher shortage disciplines (which shall be defined to include early childhood education) or at hard-to-staff schools (as defined by the Commission in consultation with the State Board of Education), the Commission shall, each year, receive and consider applications for scholarship assistance under this Section. An applicant is eligible for a scholarship under this Section when the Commission finds that the applicant is:

(1) a United States citizen or eligible noncitizen;
(2) a resident of Illinois;
(3) a high school graduate or a person who has received a General Educational Development Certificate;
(4) enrolled or accepted for enrollment at or above the junior level, on at least a half-time basis, at an Illinois institution of higher learning; and
(5) pursuing a postsecondary course of study leading to initial certification in a teacher shortage discipline or pursuing additional course work needed to gain State Board of Education approval to teach, including alternative teacher certification, in an approved specialized area in which a teacher shortage exists.

(b) Recipients shall be selected from among applicants qualified pursuant to subsection (a) based on a combination of the following criteria as set forth by the Commission: (1) academic excellence; (2) status as a minority student as defined in Section 50; and (3) financial need. Preference may be given to previous recipients of assistance under this Section, provided they continue to maintain eligibility and maintain satisfactory academic progress as determined by the institution of higher learning at which they enroll. Preference may also be given to qualified applicants enrolled at or above the junior level.

(c) Each scholarship awarded under this Section shall be in an amount sufficient to pay the tuition and fees and room and board costs of the Illinois institution of higher learning at which the recipient is enrolled, up to an annual maximum of $5,000; except that in the case of a recipient who does not reside on-campus at the institution of higher learning at which he or she is enrolled, the amount of the scholarship shall be sufficient to pay tuition and fee expenses and a commuter allowance, up to an annual maximum of $5,000. For recipients who agree to teach in a teacher shortage discipline or at a hard-to-staff school under subsection (i) of this Section, the Commission may, by rule and subject to appropriation, increase the annual maximum amount to $10,000. If a recipient agrees to teach in both a teacher shortage discipline and at a hard-to-staff school under subsection (i) of this Section, the Commission may increase the amount of the scholarship awarded by up to an additional $5,000.

(d) The total amount of scholarship assistance awarded by the Commission under this Section to an individual in any given fiscal year, when added to other financial

(e) A recipient may receive up to 48 semesters or 6 1/2 quarters of scholarship assistance under this Section.

(f) All applications for scholarship assistance to be awarded under this Section shall be made to the Commission in a form as set forth by the Commission. The form of application and the information required to be set forth therein shall be determined by the Commission, and the Commission shall require eligible applicants to submit with their applications such supporting documents as the Commission deems necessary.

(g) Subject to a separate appropriation made for such purposes, payment of any scholarship awarded under this Section shall be determined by the Commission. There shall be a separate appropriation made for scholarships awarded to recipients who agree to teach in a teacher shortage discipline or at a hard-to-staff school under subsection (i) of this Section. The Commission may use for scholarship assistance under this Section (i) all funds appropriated for scholarships under this Section that were formerly known as ITEACH Teacher Shortage Scholarships and (ii) all funds appropriated for scholarships under Section 65.65 of this Act (repealed by this amendatory Act of the 93rd General Assembly), formerly known as Illinois Future Teacher Corps Scholarships.

All scholarship funds distributed in accordance with this Section shall be paid to the institution on behalf of the recipients. Scholarship funds are applicable toward 2 semesters or 3 quarters of enrollment within an academic year.

(h) The Commission shall administer the ITEACH Teacher Shortage scholarship program established by this Section and shall make all necessary and proper rules not inconsistent with this Section for its effective implementation.

(i) Prior to receiving scholarship assistance for any academic year, each recipient of a scholarship awarded under this Section shall be required by the Commission to sign an agreement under which the recipient pledges that, within the one-year period following the termination of the academic program for which the recipient was awarded a scholarship, the recipient: (i) shall begin teaching in a teacher shortage discipline for a period of not less than 5 years for each year of scholarship assistance awarded under this Section, (ii) shall fulfill this teaching obligation at a nonprofit Illinois public, private, or parochial preschool or an Illinois public elementary or secondary school, and (iii) shall, upon request of the Commission, provide the Commission with evidence that he or she is fulfilling or has fulfilled the terms of the teaching agreement provided for in this subsection.

(j) If a recipient of a scholarship awarded under this Section fails to fulfill the teaching obligation set forth in subsection (i) of this Section, the Commission shall require the recipient to repay the amount of the scholarships received, prorated according to the fraction of the teaching obligation not completed, plus interest at a rate of 5% and
if applicable, reasonable collection fees. The Commission is authorized to establish rules relating to its collection activities for repayment of scholarships under this Section. *Payments received by the Commission under this subsection (j) shall be remitted to the State Comptroller for deposit into the General Revenue Fund, except that that portion of a recipient's repayment that equals the amount in expenses that the Commission has reasonably incurred in attempting collection from that recipient shall be remitted to the State Comptroller for deposit into the Commission's Accounts Receivable Fund.*

(k) A recipient of a scholarship awarded by the Commission under this Section shall not be in violation of the agreement entered into pursuant to subsection (i) if the recipient (i) enrolls on a full-time basis as a graduate student in a course of study related to the field of teaching at an institution of higher learning; (ii) is serving as a member of the armed services of the United States; (iii) is temporarily totally disabled, as established by sworn affidavit of a qualified physician; or (iv) is seeking and unable to find full-time employment as a teacher at a school that satisfies the criteria set forth in subsection (i) and is able to provide evidence of that fact. Any such extension of the period during which the teaching requirement must be fulfilled shall be subject to limitations of duration as established by the Commission.

$5,000,000 remaining in the Dram Shop Fund shall be credited to State liquor licensees and applied against their fees for State liquor licenses for the following year. The amount credited to each licensee shall be a proportion of the balance in the Dram Shop Fund that is the same as the proportion of the license fee paid by the licensee under Section 5-3 of the Liquor Control Act of 1934, as now or hereafter amended, for the period in which the balance was accumulated to the aggregate fees paid by all licensees during that period.

In addition to any other permitted use of moneys in the Fund, and notwithstanding any restriction on the use of the Fund, moneys in the Dram Shop Fund may be transferred to the General Revenue Fund as authorized by Public Act 87-14. The General Assembly finds that an excess of moneys existed in the Fund on July 30, 1991, and the Governor's order of July 30, 1991, requesting the Comptroller and Treasurer to transfer an amount from the Fund to the General Revenue Fund is hereby validated.

electronic funds transfer and the requirements of this Section.
Any amount which is required to be shown or reported on any return or other document under this Act shall, if such amount is not a whole-dollar amount, be increased to the nearest whole-dollar amount in any case where the fractional part of a dollar is 50 cents or more, and decreased to the nearest whole-dollar amount where the fractional part of a dollar is less than 50 cents.

If the retailer is otherwise required to file a monthly return and if the retailer's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax liability with the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a retailer may file his return, in the case of any retailer who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such retailer shall file a final return under this Act with the Department not more than one month after discontinuing such business.

Where the same person has more than one business registered with the Department under separate registrations under this Act, such person may not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, every retailer selling this kind of tangible personal property shall file, with the Department, upon a form to be prescribed and supplied by the Department, a separate return for each such item of tangible personal property which the retailer sells, except that if, in the same transaction, (i) a retailer of aircraft, watercraft, motor vehicles or trailers transfers more than one aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft, motor vehicle retailer or trailer retailer for the purpose of resale or (ii) a retailer of aircraft, watercraft, motor vehicles, or trailers transfers more than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying rolling stock as provided in Section 2-5 of this Act, then that seller may report the transfer of all aircraft, watercraft, motor vehicles or trailers involved in that transaction to the Department on the same uniform invoice-
transaction reporting return form. For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

Any retailer who sells only motor vehicles, watercraft, aircraft, or trailers that are required to be registered with an agency of this State, so that all retailers' occupation tax liability is required to be reported, and is reported, on such transaction reporting returns and who is not otherwise required to file monthly or quarterly returns, need not file monthly or quarterly returns. However, those retailers shall be required to file returns on an annual basis.

The transaction reporting return, in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of The Illinois Vehicle Code and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold; such other information as is required in Section 5-402 of The Illinois Vehicle Code, and such other information as the Department may reasonably require.

The transaction reporting return in the case of watercraft or aircraft must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale, a sufficient identification of the property sold, and such other information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days after the day of delivery of the item that is being sold, but may be filed by the retailer at any time sooner than that if he chooses to do so. The transaction reporting return and tax remittance or proof of exemption from the Illinois use tax may be transmitted to the Department by way of the State agency with which, or State officer with whom the tangible personal property must be titled or registered (if titling or registration is

required) if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the purchaser's name, a use tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which such purchaser may submit to the agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a user, who has paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the transaction reporting return filed and the payment of the tax or proof of exemption made to the Department before the retailer is willing to take these actions and such user has not paid the tax to the retailer, such user may certify to the fact of such delay by the retailer and may (upon the Department being satisfied of the truth of such certification) transmit the information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or exemption determination, in which event the transaction reporting return and tax remittance (if a tax payment was required) shall be credited by the Department to the proper retailer's account with the Department, but without the 2.1% or 1.75% discount provided for in this Section being allowed. When the user pays the tax directly to the Department, he shall pay the tax in the same amount and in the same form in which it would be remitted if the tax had been remitted to the Department by the retailer.

Refunds made by the seller during the preceding return period to purchasers, on account of tangible personal property returned to the seller, shall be allowed as a deduction under subdivision 5 of his monthly or quarterly return, as the case may be, in case the seller had theretofore included the receipts from the sale of such tangible personal property in a return filed by him and had paid the tax imposed by this Act with respect to such receipts.

Where the seller is a corporation, the return filed on behalf of such corporation shall be signed by the president, vice-president, secretary or treasurer or by the properly accredited agent of such corporation.

Where the seller is a limited liability company, the return filed on behalf of the limited liability company shall be signed by a manager, member, or properly accredited agent of the limited liability company.

Except as provided in this Section, the retailer filing the return under this Section shall, at the time of filing such return, pay to the Department the amount of tax imposed by this Act less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the retailer for the expenses incurred in keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. Any prepayment made pursuant to Section 2d of this Act shall be included in the amount on which such 2.1% or 1.75% discount is computed. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was $10,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. On and after October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was $20,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payment to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to January 1, 1985, each payment shall be in an amount equal to 1/4 of the taxpayer's actual liability for the month or an amount set by the Department not to exceed 1/4 of the average monthly liability of the taxpayer to the Department for the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability in such 4 quarter period). If the month during which such tax liability is incurred begins on or after January 1, 1985 and prior to January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1987 and prior to January 1, 1988, each payment shall be in an amount equal to 22.5% of the taxpayer's...
actual liability for the month or 26.25% of the taxpayer's liability for the same calendar
month of the preceding year. If the month during which such tax liability is incurred
begins on or after January 1, 1988, and prior to January 1, 1989, or begins on or after
January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's
actual liability for the month or 25% of the taxpayer's liability for the same calendar
month of the preceding year. If the month during which such tax liability is incurred
begins on or after January 1, 1989, and prior to January 1, 1996, each payment shall be in
an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the
taxpayer's liability for the same calendar month of the preceding year or 100% of the
taxpayer's actual liability for the quarter monthly reporting period. The amount of such
quarter monthly payments shall be credited against the final tax liability of the taxpayer's
return for that month. Before October 1, 2000, once applicable, the requirement of the
making of quarter monthly payments to the Department by taxpayers having an average
monthly tax liability of $10,000 or more as determined in the manner provided above
shall continue until such taxpayer's average monthly liability to the Department during
the preceding 4 complete calendar quarters (excluding the month of highest liability and
the month of lowest liability) is less than $9,000, or until such taxpayer's average
monthly liability to the Department as computed for each calendar quarter of the 4
preceding complete calendar quarter period is less than $10,000. However, if a taxpayer
can show the Department that a substantial change in the taxpayer's business has
occurred which causes the taxpayer to anticipate that his average monthly tax liability for
the reasonably foreseeable future will fall below the $10,000 threshold stated above, then
such taxpayer may petition the Department for a change in such taxpayer's reporting
status. On and after October 1, 2000, once applicable, the requirement of the making of
quarter monthly payments to the Department by taxpayers having an average monthly tax
liability of $20,000 or more as determined in the manner provided above shall continue
until such taxpayer's average monthly liability to the Department during the preceding 4
complete calendar quarters (excluding the month of highest liability and the month of
lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to
the Department as computed for each calendar quarter of the 4 preceding complete
calendar quarter period is less than $20,000. However, if a taxpayer can show the
Department that a substantial change in the taxpayer's business has occurred which
causes the taxpayer to anticipate that his average monthly tax liability for the reasonably
foreseeable future will fall below the $20,000 threshold stated above, then such taxpayer
may petition the Department for a change in such taxpayer's reporting status. The
Department shall change such taxpayer's reporting status unless it finds that such change
is seasonal in nature and not likely to be long term. If any such quarter monthly payment
is not paid at the time or in the amount required by this Section, then the taxpayer shall
be liable for penalties and interest on the difference between the minimum amount due as
a payment and the amount of such quarter monthly payment actually and timely paid,

except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the quarter monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

The provisions of this paragraph apply before October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes which average in excess of $25,000 per month during the preceding 2 complete calendar quarters, shall file a return with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to the effective date of this amendatory Act of 1985, each payment shall be in an amount not less than 22.5% of the taxpayer's actual liability under Section 2d. If the month during which such tax liability is incurred begins on or after January 1, 1986, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding calendar year. If the month during which such tax liability is incurred begins on or after January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until such taxpayer's average monthly prepaid tax collections during the preceding 2 complete calendar quarters is $25,000 or less. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

The provisions of this paragraph apply on and after October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes that average in excess of $20,000 per month during the preceding 4 complete calendar quarters shall file a return with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which the liability is incurred. Each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of the quarter monthly payments shall be credited against the final tax
liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until the taxpayer's average monthly prepaid tax collections during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarters is less than $20,000. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

If any payment provided for in this Section exceeds the taxpayer's liabilities under this Act, the Use Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, as shown on an original monthly return, the Department shall, if requested by the taxpayer, issue to the taxpayer a credit memorandum no later than 30 days after the date of payment. The credit evidenced by such credit memorandum may be assigned by the taxpayer to a similar taxpayer under this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations to be prescribed by the Department. If no such request is made, the taxpayer may credit such excess payment against tax liability subsequently to be remitted to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determined that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer's 2.1% and 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of the difference between the credit taken and that actually due, and that taxpayer shall be liable for penalties and interest on such difference.

If a retailer of motor fuel is entitled to a credit under Section 2d of this Act which exceeds the taxpayer's liability to the Department under this Act for the month which the taxpayer is filing a return, the Department shall issue the taxpayer a credit memorandum for the excess.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund, a special fund in the State treasury which is hereby created, the net revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics.

Beginning January 1, 1990, each month the Department shall pay into the County and Mass Transit District Fund, a special fund in the State treasury which is hereby

created, 4% of the net revenue realized for the preceding month from the 6.25% general rate.

Beginning August 1, 2000, each month the Department shall pay into the County and Mass Transit District Fund 20% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund 16% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Beginning August 1, 2000, each month the Department shall pay into the Local Government Tax Fund 80% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to this Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as hereinafter defined), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; the "Annual Specified Amount" means the amounts specified below for fiscal years 1986 through 1993:

difference shall be immediately paid into the Build Illinois Fund from other moneys
received by the Department pursuant to the Tax Acts; and, further provided, that in no
event shall the payments required under the preceding proviso result in aggregate
payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in
excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for
such fiscal year. The amounts payable into the Build Illinois Fund under clause (b) of the
first sentence in this paragraph shall be payable only until such time as the aggregate
amount on deposit under each trust indenture securing Bonds issued and outstanding
pursuant to the Build Illinois Bond Act is sufficient, taking into account any future
investment income, to fully provide, in accordance with such indenture, for the
defeasance of or the payment of the principal of, premium, if any, and interest on the
Bonds secured by such indenture and on any Bonds expected to be issued thereafter and
all fees and costs payable with respect thereto, all as certified by the Director of the
Bureau of the Budget. If on the last business day of any month in which Bonds are
outstanding pursuant to the Build Illinois Bond Act, the aggregate of moneys deposited in
the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less
than the amount required to be transferred in such month from the Build Illinois Bond
Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13
of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately
paid from other moneys received by the Department pursuant to the Tax Acts to the
Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund
in any fiscal year pursuant to this sentence shall be deemed to constitute payments
pursuant to clause (b) of the first sentence of this paragraph and shall reduce the amount
otherwise payable for such fiscal year pursuant to that clause (b). The moneys received
by the Department pursuant to this Act and required to be deposited into the Build
Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the
Build Illinois Bond Act.

Subject to payment of amounts into the Build Illinois Fund as provided in the
preceding paragraph or in any amendment thereto hereafter enacted, the following
specified monthly installment of the amount requested in the certificate of the Chairman
of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the
State Finance Act, but not in excess of sums designated as "Total Deposit", shall be
deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9
of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3
of the Retailers' Occupation Tax Act into the McCormick Place Expansion Project Fund
in the specified fiscal years.

under subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act, plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Community Affairs Law of the Civil Administrative Code of Illinois.

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

The Department may, upon separate written notice to a taxpayer, require the taxpayer to prepare and file with the Department on a form prescribed by the Department within not less than 60 days after receipt of the notice an annual information return for the tax year specified in the notice. Such annual return to the Department shall include a statement of gross receipts as shown by the retailer's last Federal income tax return. If the total receipts of the business as reported in the Federal income tax return do not agree with the gross receipts reported to the Department of Revenue for the same period, the retailer shall attach to his annual return a schedule showing a reconciliation of the 2 amounts and the reasons for the difference. The retailer's annual return to the Department shall also disclose the cost of goods sold by the retailer during the year covered by such return, opening and closing inventories of such goods for such year, costs of goods used from stock or taken from stock and given away by the retailer during such year, payroll information of the retailer's business during such year and any additional reasonable information which the Department deems would be helpful in determining the accuracy
of the monthly, quarterly or annual returns filed by such retailer as provided for in this Section.

If the annual information return required by this Section is not filed when and as required, the taxpayer shall be liable as follows:

(i) Until January 1, 1994, the taxpayer shall be liable for a penalty equal to 1/6 of 1% of the tax due from such taxpayer under this Act during the period to be covered by the annual return for each month or fraction of a month until such return is filed as required, the penalty to be assessed and collected in the same manner as any other penalty provided for in this Act.

(ii) On and after January 1, 1994, the taxpayer shall be liable for a penalty as described in Section 3-4 of the Uniform Penalty and Interest Act.

The chief executive officer, proprietor, owner or highest ranking manager shall sign the annual return to certify the accuracy of the information contained therein. Any person who willfully signs the annual return containing false or inaccurate information shall be guilty of perjury and punished accordingly. The annual return form prescribed by the Department shall include a warning that the person signing the return may be liable for perjury.

The provisions of this Section concerning the filing of an annual information return do not apply to a retailer who is not required to file an income tax return with the United States Government.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, manufacturers, importers and wholesalers whose products are sold at retail in Illinois by numerous retailers, and who wish to do so, may assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the retailers who are affected do not make written objection to the Department to this arrangement.

Any person who promotes, organizes, provides retail selling space for concessionaires or other types of sellers at the Illinois State Fair, DuQuoin State Fair, county fairs, local fairs, art shows, flea markets and similar exhibitions or events, including any transient merchant as defined by Section 2 of the Transient Merchant Act of 1987, is required to file a report with the Department providing the name of the merchant's business, the name of the person or persons engaged in merchant's business, the permanent address and Illinois Retailers Occupation Tax Registration Number of the
merchant, the dates and location of the event and other reasonable information that the Department may require. The report must be filed not later than the 20th day of the month next following the month during which the event with retail sales was held. Any person who fails to file a report required by this Section commits a business offense and is subject to a fine not to exceed $250.

Any person engaged in the business of selling tangible personal property at retail as a concessionaire or other type of seller at the Illinois State Fair, county fairs, art shows, flea markets and similar exhibitions or events, or any transient merchants, as defined by Section 2 of the Transient Merchant Act of 1987, may be required to make a daily report of the amount of such sales to the Department and to make a daily payment of the full amount of tax due. The Department shall impose this requirement when it finds that there is a significant risk of loss of revenue to the State at such an exhibition or event. Such a finding shall be based on evidence that a substantial number of concessionaires or other sellers who are not residents of Illinois will be engaging in the business of selling tangible personal property at retail at the exhibition or event, or other evidence of a significant risk of loss of revenue to the State. The Department shall notify concessionaires and other sellers affected by the imposition of this requirement. In the absence of notification by the Department, the concessionaires and other sellers shall file their returns as otherwise required in this Section.

Section 10. The Cigarette Tax Act is amended by changing Sections 3 and 29 as follows:

(35 ILCS 130/3) (from Ch. 120, par. 453.3)

Sec. 3. Affixing tax stamp; remitting tax to the Department. Payment of the taxes imposed by Section 2 of this Act shall (except as hereinafter provided) be evidenced by revenue tax stamps affixed to each original package of cigarettes. Each distributor of cigarettes, before delivering or causing to be delivered any original package of cigarettes in this State to a purchaser, shall firmly affix a proper stamp or stamps to each such package, or (in case of manufacturers of cigarettes in original packages which are contained inside a sealed transparent wrapper) shall imprint the required language on the original package of cigarettes beneath such outside wrapper, as hereinafter provided.

No stamp or imprint may be affixed to, or made upon, any package of cigarettes unless that package complies with all requirements of the federal Cigarette Labeling and Advertising Act, 15 U.S.C. 1331 and following, for the placement of labels, warnings, or any other information upon a package of cigarettes that is sold within the United States. Under the authority of Section 6, the Department shall revoke the license of any distributor that is determined to have violated this paragraph. A person may not affix a
Stamp on a package of cigarettes, cigarette papers, wrappers, or tubes if that individual package has been marked for export outside the United States with a label or notice in compliance with Section 290.185 of Title 27 of the Code of Federal Regulations. It is not a defense to a proceeding for violation of this paragraph that the label or notice has been removed, mutilated, obliterated, or altered in any manner.

The Department, or any person authorized by the Department, shall sell such stamps only to persons holding valid licenses as distributors under this Act. On and after July 1, 2003, payment for such stamps must be made by means of electronic funds transfer. The Department may refuse to sell stamps to any person who does not comply with the provisions of this Act. Beginning on the effective date of this amendatory Act of the 92nd General Assembly and through June 30, 2002, persons holding valid licenses as distributors may purchase cigarette tax stamps up to an amount equal to 115% of the distributor's average monthly cigarette tax stamp purchases over the 12 calendar months prior to the effective date of this amendatory Act of the 92nd General Assembly.

Prior to December 1, 1985, the Department shall allow a distributor 21 days in which to make final payment of the amount to be paid for such stamps, by allowing the distributor to make payment for the stamps at the time of purchasing them with a draft which shall be in such form as the Department prescribes, and which shall be payable within 21 days thereafter: Provided that such distributor has filed with the Department, and has received the Department's approval of, a bond, which is in addition to the bond required under Section 4 of this Act, payable to the Department in an amount equal to 80% of such distributor's average monthly tax liability to the Department under this Act during the preceding calendar year or $500,000, whichever is less. The Bond shall be joint and several and shall be in the form of a surety company bond in such form as the Department prescribes, or it may be in the form of a bank certificate of deposit or bank letter of credit. The bond shall be conditioned upon the distributor's payment of amount of any 21-day draft which the Department accepts from that distributor for the delivery of stamps to that distributor under this Act. The distributor's failure to pay any such draft, when due, shall also make such distributor automatically liable to the Department for a penalty equal to 25% of the amount of such draft.

On and after December 1, 1985 and until July 1, 2003, the Department shall allow a distributor 30 days in which to make final payment of the amount to be paid for such stamps, by allowing the distributor to make payment for the stamps at the time of purchasing them with a draft which shall be in such form as the Department prescribes, and which shall be payable within 30 days thereafter, and beginning on January 1, 2003 and thereafter, the draft shall be payable by means of electronic funds transfer: Provided that such distributor has filed with the Department, and has received the Department's approval of, a bond, which is in addition to the bond required under Section 4 of this Act, payable to the Department in an amount equal to 150% of such distributor's average monthly tax liability to the Department under this Act during the preceding calendar year.
or $750,000, whichever is less, except that as to bonds filed on or after January 1, 1987, such additional bond shall be in an amount equal to 100% of such distributor's average monthly tax liability under this Act during the preceding calendar year or $750,000, whichever is less. The bond shall be joint and several and shall be in the form of a surety company bond in such form as the Department prescribes, or it may be in the form of a bank certificate of deposit or bank letter of credit. The bond shall be conditioned upon the distributor's payment of the amount of any 30-day draft which the Department accepts from that distributor for the delivery of stamps to that distributor under this Act. The distributor's failure to pay any such draft, when due, shall also make such distributor automatically liable to the Department for a penalty equal to 25% of the amount of such draft.

Every prior continuous compliance taxpayer shall be exempt from all requirements under this Section concerning the furnishing of such bond, as defined in this Section, as a condition precedent to his being authorized to engage in the business licensed under this Act. This exemption shall continue for each such taxpayer until such time as he may be determined by the Department to be delinquent in the filing of any returns, or is determined by the Department (either through the Department's issuance of a final assessment which has become final under the Act, or by the taxpayer's filing of a return which admits tax to be due that is not paid) to be delinquent or deficient in the paying of any tax under this Act, at which time that taxpayer shall become subject to the bond requirements of this Section and, as a condition of being allowed to continue to engage in the business licensed under this Act, shall be required to furnish bond to the Department in such form as provided in this Section. Such taxpayer shall furnish such bond for a period of 2 years, after which, if the taxpayer has not been delinquent in the filing of any returns, or delinquent or deficient in the paying of any tax under this Act, the Department may reinstate such person as a prior continuance compliance taxpayer. Any taxpayer who fails to pay an admitted or established liability under this Act may also be required to post bond or other acceptable security with the Department guaranteeing the payment of such admitted or established liability.

Any person aggrieved by any decision of the Department under this Section may, within the time allowed by law, protest and request a hearing, whereupon the Department shall give notice and shall hold a hearing in conformity with the provisions of this Act and then issue its final administrative decision in the matter to such person. In the absence of such a protest filed within the time allowed by law, the Department's decision shall become final without any further determination being made or notice given.

The Department shall discharge any surety and shall release and return any bond or security deposited, assigned, pledged, or otherwise provided to it by a taxpayer under this Section within 30 days after:

(1) Such taxpayer becomes a prior continuous compliance taxpayer; or

(2) Such taxpayer has ceased to collect receipts on which he is required to remit tax to the Department, has filed a final tax return, and has paid to the Department an amount sufficient to discharge his remaining tax liability as determined by the Department under this Act. The Department shall make a final determination of the taxpayer's outstanding tax liability as expeditiously as possible after his final tax return has been filed. If the Department cannot make such final determination within 45 days after receiving the final tax return, within such period it shall so notify the taxpayer, stating its reasons therefor.

The Department may authorize distributors to affix revenue tax stamps by imprinting tax meter stamps upon original packages of cigarettes. The Department shall adopt rules and regulations relating to the imprinting of such tax meter stamps as will result in payment of the proper taxes as herein imposed. No distributor may affix revenue tax stamps to original packages of cigarettes by imprinting tax meter stamps thereon unless such distributor has first obtained permission from the Department to employ this method of affixation. The Department shall regulate the use of tax meters and may, to assure the proper collection of the taxes imposed by this Act, revoke or suspend the privilege, theretofore granted by the Department to any distributor, to imprint tax meter stamps upon original packages of cigarettes.

Illinois cigarette manufacturers who place their cigarettes in original packages which are contained inside a sealed transparent wrapper, and similar out-of-State cigarette manufacturers who elect to qualify and are accepted by the Department as distributors under Section 4b of this Act, shall pay the taxes imposed by this Act by remitting the amount thereof to the Department by the 5th day of each month covering cigarettes shipped or otherwise delivered in Illinois to purchasers during the preceding calendar month. Such manufacturers of cigarettes in original packages which are contained inside a sealed transparent wrapper, before delivering such cigarettes or causing such cigarettes to be delivered in this State to purchasers, shall evidence their obligation to remit the taxes due with respect to such cigarettes by imprinting language to be prescribed by the Department on each original package of such cigarettes underneath the sealed transparent outside wrapper of such original package, in such place thereon and in such manner as the Department may designate. Such imprinted language shall acknowledge the manufacturer's payment of or liability for the tax imposed by this Act with respect to the distribution of such cigarettes.

A distributor shall not affix, or cause to be affixed, any stamp or imprint to a package of cigarettes, as provided for in this Section, if the tobacco product manufacturer, as defined in Section 10 of the Tobacco Product Manufacturers' Escrow Act, that made or sold the cigarettes has failed to become a participating manufacturer, as defined in subdivision (a)(1) of Section 15 of the Tobacco Product Manufacturers' Escrow Act, or has failed to create a qualified escrow fund for any cigarettes manufactured by the tobacco product manufacturer and sold in this State or otherwise

Sec. 29. All moneys received by the Department from the one-half mill tax imposed by the Sixty-fourth General Assembly and all interest and penalties, received in connection therewith under the provisions of this Act shall be paid into the Metropolitan Fair and Exposition Authority Reconstruction Fund. All other moneys received by the Department under this Act shall be paid into the General Revenue Fund in the State treasury. After there has been paid into the Metropolitan Fair and Exposition Authority Reconstruction Fund sufficient money to pay in full both principal and interest, all of the outstanding bonds issued pursuant to the "Fair and Exposition Authority Reconstruction Act", the State Treasurer and Comptroller shall transfer to the General Revenue Fund the balance of moneys remaining in the Metropolitan Fair and Exposition Authority Reconstruction Fund except for $2,500,000 which shall remain in the Metropolitan Fair and Exposition Authority Reconstruction Fund and which may be appropriated by the General Assembly for the corporate purposes of the Metropolitan Pier and Exposition Authority. All monies received by the Department in fiscal year 1978 and thereafter from the one-half mill tax imposed by the Sixty-fourth General Assembly, and all interest and penalties received in connection therewith under the provisions of this Act, shall be paid into the General Revenue Fund, except that the Department shall pay the first $4,800,000 received in fiscal years 1979 through 2001 from that one-half mill tax into the Metropolitan Fair and Exposition Authority Reconstruction Fund which monies may be appropriated by the General Assembly for the corporate purposes of the Metropolitan Pier and Exposition Authority.
In fiscal year 2002 and each fiscal year 2003 thereafter, the first $4,800,000 from the one-half mill tax shall be paid into the Statewide Economic Development Fund.

Section 15. The Cigarette Use Tax Act is amended by changing Section 3 as follows:
(35 ILCS 135/3) (from Ch. 120, par. 453.33)
Sec. 3. Stamp payment. The tax hereby imposed shall be collected by a distributor maintaining a place of business in this State or a distributor authorized by the Department pursuant to Section 7 hereof to collect the tax, and the amount of the tax shall be added to the price of the cigarettes sold by such distributor. Collection of the tax shall be evidenced by a stamp or stamps affixed to each original package of cigarettes or by an authorized substitute for such stamp imprinted on each original package of such cigarettes underneath the sealed transparent outside wrapper of such original package, except as hereinafter provided. Each distributor who is required or authorized to collect
the tax herein imposed, before delivering or causing to be delivered any original packages of cigarettes in this State to any purchaser, shall firmly affix a proper stamp or stamps to each such package, or (in the case of manufacturers of cigarettes in original packages which are contained inside a sealed transparent wrapper) shall imprint the required language on the original package of cigarettes beneath such outside wrapper as hereinafter provided. Such stamp or stamps need not be affixed to the original package of any cigarettes with respect to which the distributor is required to affix a like stamp or stamps by virtue of the Cigarette Tax Act, however, and no tax imprint need be placed underneath the sealed transparent wrapper of an original package of cigarettes with respect to which the distributor is required or authorized to employ a like tax imprint by virtue of the Cigarette Tax Act.

No stamp or imprint may be affixed to, or made upon, any package of cigarettes unless that package complies with all requirements of the federal Cigarette Labeling and Advertising Act, 15 U.S.C. 1331 and following, for the placement of labels, warnings, or any other information upon a package of cigarettes that is sold within the United States. Under the authority of Section 6, the Department shall revoke the license of any distributor that is determined to have violated this paragraph. A person may not affix a stamp on a package of cigarettes, cigarette papers, wrappers, or tubes if that individual package has been marked for export outside the United States with a label or notice in compliance with Section 290.185 of Title 27 of the Code of Federal Regulations. It is not a defense to a proceeding for violation of this paragraph that the label or notice has been removed, mutilated, obliterated, or altered in any manner.

Stamps, when required hereunder, shall be purchased from the Department, or any person authorized by the Department, by distributors. On and after July 1, 2003, payment for such stamps must be made by means of electronic funds transfer. The Department may refuse to sell stamps to any person who does not comply with the provisions of this Act. Beginning on June 6, 2002 the effective date of this amendatory Act of the 92nd General Assembly and through June 30, 2002, persons holding valid licenses as distributors may purchase cigarette tax stamps up to an amount equal to 115% of the distributor's average monthly cigarette tax stamp purchases over the 12 calendar months prior to June 6, 2002 the effective date of this amendatory Act of the 92nd General Assembly.

Prior to December 1, 1985, the Department shall allow a distributor 21 days in which to make final payment of the amount to be paid for such stamps, by allowing the distributor to make payment for the stamps at the time of purchasing them with a draft which shall be in such form as the Department prescribes, and which shall be payable within 21 days thereafter: Provided that such distributor has filed with the Department, and has received the Department's approval of, a bond, which is in addition to the bond required under Section 4 of this Act, payable to the Department in an amount equal to 80% of such distributor's average monthly tax liability to the Department under this Act.
during the preceding calendar year or $500,000, whichever is less. The bond shall be joint and several and shall be in the form of a surety company bond in such form as the Department prescribes, or it may be in the form of a bank certificate of deposit or bank letter of credit. The bond shall be conditioned upon the distributor's payment of the amount of any 21-day draft which the Department accepts from that distributor for the delivery of stamps to that distributor under this Act. The distributor's failure to pay any such draft, when due, shall also make such distributor automatically liable to the Department for a penalty equal to 25% of the amount of such draft.

On and after December 1, 1985 and until July 1, 2003, the Department shall allow a distributor 30 days in which to make final payment of the amount to be paid for such stamps, by allowing the distributor to make payment for the stamps at the time of purchasing them with a draft which shall be in such form as the Department prescribes, and which shall be payable within 30 days thereafter, and beginning on January 1, 2003 and thereafter, the draft shall be payable by means of electronic funds transfer: Provided that such distributor has filed with the Department, and has received the Department's approval of, a bond, which is in addition to the bond required under Section 4 of this Act, payable to the Department in an amount equal to 150% of such distributor's average monthly tax liability to the Department under this Act during the preceding calendar year or $750,000, whichever is less, except that as to bonds filed on or after January 1, 1987, such additional bond shall be in an amount equal to 100% of such distributor's average monthly tax liability under this Act during the preceding calendar year or $750,000, whichever is less. The bond shall be joint and several and shall be in the form of a surety company bond in such form as the Department prescribes, or it may be in the form of a bank certificate of deposit or bank letter of credit. The bond shall be conditioned upon the distributor's payment of the amount of any 30-day draft which the Department accepts from that distributor for the delivery of stamps to that distributor under this Act. The distributor's failure to pay any such draft, when due, shall also make such distributor automatically liable to the Department for a penalty equal to 25% of the amount of such draft.

Every prior continuous compliance taxpayer shall be exempt from all requirements under this Section concerning the furnishing of such bond, as defined in this Section, as a condition precedent to his being authorized to engage in the business licensed under this Act. This exemption shall continue for each such taxpayer until such time as he may be determined by the Department to be delinquent in the filing of any returns, or is determined by the Department (either through the Department's issuance of a final assessment which has become final under the Act, or by the taxpayer's filing of a return which admits tax to be due that is not paid) to be delinquent or deficient in the paying of any tax under this Act, at which time that taxpayer shall become subject to the bond requirements of this Section and, as a condition of being allowed to continue to engage in the business licensed under this Act, shall be required to furnish bond to the Department.
Department in such form as provided in this Section. Such taxpayer shall furnish such bond for a period of 2 years, after which, if the taxpayer has not been delinquent in the filing of any returns, or delinquent or deficient in the paying of any tax under this Act, the Department may reinstate such person as a prior continuance compliance taxpayer. Any taxpayer who fails to pay an admitted or established liability under this Act may also be required to post bond or other acceptable security with the Department guaranteeing the payment of such admitted or established liability.

Any person aggrieved by any decision of the Department under this Section may, within the time allowed by law, protest and request a hearing, whereupon the Department shall give notice and shall hold a hearing in conformity with the provisions of this Act and then issue its final administrative decision in the matter to such person. In the absence of such a protest filed within the time allowed by law, the Department's decision shall become final without any further determination being made or notice given.

The Department shall discharge any surety and shall release and return any bond or security deposited, assigned, pledged, or otherwise provided to it by a taxpayer under this Section within 30 days after:

1. such Taxpayer becomes a prior continuous compliance taxpayer; or
2. such taxpayer has ceased to collect receipts on which he is required to remit tax to the Department, has filed a final tax return, and has paid to the Department an amount sufficient to discharge his remaining tax liability as determined by the Department under this Act. The Department shall make a final determination of the taxpayer's outstanding tax liability as expeditiously as possible after his final tax return has been filed. If the Department cannot make such final determination within 45 days after receiving the final tax return, within such period it shall so notify the taxpayer, stating its reasons therefor.

At the time of purchasing such stamps from the Department when purchase is required by this Act, or at the time when the tax which he has collected is remitted by a distributor to the Department without the purchase of stamps from the Department when that method of remitting the tax that has been collected is required or authorized by this Act, the distributor shall be allowed a discount during any year commencing July 1 and ending the following June 30 in accordance with the schedule set out hereinbelow, from the amount to be paid by him to the Department for such stamps, or to be paid by him to the Department on the basis of monthly remittances (as the case may be), to cover the cost, to such distributor, of collecting the tax herein imposed by affixing such stamps to the original packages of cigarettes sold by such distributor or by placing tax imprints underneath the sealed transparent wrapper of original packages of cigarettes sold by such distributor (as the case may be): (1) Prior to December 1, 1985, a discount equal to 1-2/3% of the amount of the tax up to and including the first $700,000 paid hereunder by such distributor to the Department during any such year, 1-1/3% of the next $700,000 of tax or any part thereof, paid hereunder by such distributor to the Department during any
such year; 1% of the next $700,000 of tax, or any part thereof, paid hereunder by such
distributor to the Department during any such year; and 2/3 of 1% of the amount of any
additional tax paid hereunder by such distributor to the Department during any such year
or (2) On and after December 1, 1985, a discount equal to 1.75% of the amount of the tax
payable under this Act up to and including the first $3,000,000 paid hereunder by such
distributor to the Department during any such year and 1.5% of the amount of any
additional tax paid hereunder by such distributor to the Department during any such year.

Two or more distributors that use a common means of affixing revenue tax
stamps or that are owned or controlled by the same interests shall be treated as a single
distributor for the purpose of computing the discount.

Cigarette manufacturers who are distributors under this Act, and who place their
cigarettes in original packages which are contained inside a sealed transparent wrapper,
shall be required to remit the tax which they are required to collect under this Act to the
Department by remitting the amount thereof to the Department by the 5th day of each
month, covering cigarettes shipped or otherwise delivered to points in Illinois to
purchasers during the preceding calendar month, but a distributor need not remit to the
Department the tax so collected by him from purchasers under this Act to the extent to
which such distributor is required to remit the tax imposed by the Cigarette Tax Act to
the Department with respect to the same cigarettes. All taxes upon cigarettes under this
Act are a direct tax upon the retail consumer and shall conclusively be presumed to be
precollected for the purpose of convenience and facility only. Distributors who are
manufacturers of cigarettes in original packages which are contained inside a sealed
transparent wrapper, before delivering such cigarettes or causing such cigarettes to be
delivered in this State to purchasers, shall evidence their obligation to collect and remit
the tax due with respect to such cigarettes by imprinting language to be prescribed by the
Department on each original package of such cigarettes underneath the sealed transparent
outside wrapper of such original package, in such place thereon and in such manner as
the Department may prescribe; provided (as stated hereinbefore) that this requirement
does not apply when such distributor is required or authorized by the Cigarette Tax Act
to place the tax imprint provided for in the last paragraph of Section 3 of that Act
underneath the sealed transparent wrapper of such original package of cigarettes. Such
imprinted language shall acknowledge the manufacturer's collection and payment of or
liability for the tax imposed by this Act with respect to such cigarettes.

The Department shall adopt the design or designs of the tax stamps and shall
procure the printing of such stamps in such amounts and denominations as it deems
necessary to provide for the affixation of the proper amount of tax stamps to each
original package of cigarettes.

Where tax stamps are required, the Department may authorize distributors to affix
revenue tax stamps by imprinting tax meter stamps upon original packages of cigarettes.
The Department shall adopt rules and regulations relating to the imprinting of such tax

meter stamps as will result in payment of the proper taxes as herein imposed. No distributor may affix revenue tax stamps to original packages of cigarettes by imprinting meter stamps thereon unless such distributor has first obtained permission from the Department to employ this method of affixation. The Department shall regulate the use of tax meters and may, to assure the proper collection of the taxes imposed by this Act, revoke or suspend the privilege, theretofore granted by the Department to any distributor, to imprint tax meter stamps upon original packages of cigarettes.

The tax hereby imposed and not paid pursuant to this Section shall be paid to the Department directly by any person using such cigarettes within this State, pursuant to Section 12 hereof.

A distributor shall not affix, or cause to be affixed, any stamp or imprint to a package of cigarettes, as provided for in this Section, if the tobacco product manufacturer, as defined in Section 10 of the Tobacco Product Manufacturers' Escrow Act, that made or sold the cigarettes has failed to become a participating manufacturer, as defined in subdivision (a)(1) of Section 15 of the Tobacco Product Manufacturers' Escrow Act, or has failed to create a qualified escrow fund for any cigarettes manufactured by the tobacco product manufacturer and sold in this State or otherwise failed to bring itself into compliance with subdivision (a)(2) of Section 15 of the Tobacco Product Manufacturers' Escrow Act.

(a) Hospitals, sanitariums, or clinics when their use of alcoholic liquor is exclusively medicinal, mechanical or scientific.

Sec. 7-5. The local liquor control commissioner may revoke or suspend any license issued by him if he determines that the licensee has violated any of the provisions of this Act or of any valid ordinance or resolution enacted by the particular city council, president, or board of trustees or county board (as the case may be) or any applicable rule or regulations established by the local liquor control commissioner or the State commission which is not inconsistent with law. Upon notification by the Illinois Department of Revenue, the State Commission shall revoke any license issued by it if the licensee has violated the provisions of Section 3 of the Retailers' Occupation Tax Act. In addition to the suspension, the local liquor control commissioner in any county or municipality may levy a fine on the licensee for such violations. The fine imposed shall not exceed $1000 for a first violation within a 12-month period, $1,500 for a second violation within a 12-month period, and $2,500 for a third or subsequent violation within a 12-month period. Each day on which a violation continues shall constitute a separate violation. Not more than $15,000 in fines under this Section may be imposed against any licensee during the period of his license. Proceeds from such fines shall be paid into the general corporate fund of the county or municipal treasury, as the case may be.

However, no such license shall be so revoked or suspended and no licensee shall be fined except after a public hearing by the local liquor control commissioner with a 3 day written notice to the licensee affording the licensee an opportunity to appear and defend. All such hearings shall be open to the public and the local liquor control commissioner shall reduce all evidence to writing and shall maintain an official record of the proceedings. If the local liquor control commissioner has reason to believe that any continued operation of a particular licensed premises will immediately threaten the welfare of the community he may, upon the issuance of a written order stating the reason for such conclusion and without notice or hearing order the licensed premises closed for

not more than 7 days, giving the licensee an opportunity to be heard during that period, except that if such licensee shall also be engaged in the conduct of another business or businesses on the licensed premises such order shall not be applicable to such other business or businesses.

The local liquor control commissioner shall within 5 days after such hearing, if he determines after such hearing that the license should be revoked or suspended or that the licensee should be fined, state the reason or reasons for such determination in a written order, and either the amount of the fine, the period of suspension, or that the license has been revoked, and shall serve a copy of such order within the 5 days upon the licensee.

If the premises for which the license was issued are located outside of a city, village or incorporated town having a population of 500,000 or more inhabitants, the licensee after the receipt of such order of suspension or revocation shall have the privilege within a period of 20 days after the receipt of such order of suspension or revocation of appealing the order to the State commission for a decision sustaining, reversing or modifying the order of the local liquor control commissioner. If the State commission affirms the local commissioner's order to suspend or revoke the license at the first hearing, the appellant shall cease to engage in the business for which the license was issued, until the local commissioner's order is terminated by its own provisions or reversed upon rehearing or by the courts.

If the premises for which the license was issued are located within a city, village or incorporated town having a population of 500,000 or more inhabitants, the licensee shall have the privilege, within a period of 20 days after the receipt of such order of fine, suspension or revocation, of appealing the order to the local license appeal commission and upon the filing of such an appeal by the licensee the license appeal commission shall determine the appeal upon certified record of proceedings of the local liquor commissioner in accordance with the provisions of Section 7-9. Within 30 days after such appeal was heard the license appeal commission shall render a decision sustaining or reversing the order of the local liquor control commissioner.

(235 ILCS 5/8-2) (from Ch. 43, par. 159)

Sec. 8-2. It is the duty of each manufacturer with respect to alcoholic liquor produced or imported by such manufacturer, or purchased tax-free by such manufacturer from another manufacturer or importing distributor, and of each importing distributor as to alcoholic liquor purchased by such importing distributor from foreign importers or from anyone from any point in the United States outside of this State or purchased tax-free from another manufacturer or importing distributor, to pay the tax imposed by Section 8-1 to the Department of Revenue on or before the 15th day of the calendar month following the calendar month in which such alcoholic liquor is sold or used by such manufacturer or by such importing distributor other than in an authorized tax-free manner or to pay that tax electronically as provided in this Section.

Each manufacturer and each importing distributor shall make payment under one of the following methods: (1) on or before the 15th day of each calendar month, file in person or by United States first-class mail, postage pre-paid, with the Department of Revenue, on forms prescribed and furnished by the Department, a report in writing in such form as may be required by the Department in order to compute, and assure the accuracy of, the tax due on all taxable sales and uses of alcoholic liquor occurring during the preceding month. Payment of the tax in the amount disclosed by the report shall accompany the report or, (2) on or before the 15th day of each calendar month, electronically file with the Department of Revenue, on forms prescribed and furnished by the Department, an electronic report in such form as may be required by the Department in order to compute, and assure the accuracy of, the tax due on all taxable sales and uses of alcoholic liquor occurring during the preceding month. An electronic payment of the tax in the amount disclosed by the report shall accompany the report or, (2) on or before the 15th day of each calendar month, electronically file with the Department of Revenue, on forms prescribed and furnished by the Department, an electronic report in such form as may be required by the Department in order to compute, and assure the accuracy of, the tax due on all taxable sales and uses of alcoholic liquor occurring during the preceding month. An electronic payment of the tax in the amount disclosed by the report shall accompany the report. A manufacturer or distributor who files an electronic report and electronically pays the tax imposed pursuant to Section 8-1 to the Department of Revenue on or before the 15th day of the calendar month following the calendar month in which such alcoholic liquor is sold or used by that manufacturer or importing distributor other than in an authorized tax-free manner shall pay to the Department the amount of the tax imposed pursuant to Section 8-1, less a discount of 1.75% or $1,250 per return, whichever is less, which is allowed to reimburse
the manufacturer or importing distributor for the expenses incurred in keeping and maintaining records, preparing and filing the electronic returns, remitting the tax, and supplying data to the Department upon request.

*The discount shall be in an amount as follows:*

1. *For original returns due on or after January 1, 2003 through September 30, 2003, the discount shall be 1.75% or $1,250 per return, whichever is less;*

2. *For original returns due on or after October 1, 2003 through September 30, 2004, the discount shall be 2% or $3,000 per return, whichever is less; and*

3. *For original returns due on or after October 1, 2004, the discount shall be 2% or $2,000 per return, whichever is less.*

The Department may, if it deems it necessary in order to insure the payment of the tax imposed by this Article, require returns to be made more frequently than and covering periods of less than a month. Such return shall contain such further information as the Department may reasonably require.

It shall be presumed that all alcoholic liquors acquired or made by any importing distributor or manufacturer have been so sold or used by him in this State and are the basis for the tax imposed by this Article unless proven, to the satisfaction of the Department, that such alcoholic liquors are (1) still in the possession of such importing distributor or manufacturer, or (2) prior to the termination of possession have been lost by theft or through unintentional destruction, or (3) that such alcoholic liquors are otherwise exempt from taxation under this Act.

The Department may require any foreign importer to file monthly information returns, by the 15th day of the month following the month which any such return covers, if the Department determines this to be necessary to the proper performance of the Department's functions and duties under this Act. Such return shall contain such information as the Department may reasonably require.

Every manufacturer and importing distributor shall also file, with the Department, a bond in an amount not less than $1,000 and not to exceed $100,000 on a form to be approved by, and with a surety or sureties satisfactory to, the Department. Such bond shall be conditioned upon the manufacturer or importing distributor paying to the Department all monies becoming due from such manufacturer or importing distributor under this Article. The Department shall fix the penalty of such bond in each case, taking into consideration the amount of alcoholic liquor expected to be sold and used by such manufacturer or importing distributor, and the penalty fixed by the Department shall be sufficient, in the Department's opinion, to protect the State of Illinois against failure to pay any amount due under this Article, but the amount of the penalty fixed by the Department shall not exceed twice the amount of tax liability of a monthly return, nor shall the amount of such penalty be less than $1,000. The Department shall notify the

Commission of the Department's approval or disapproval of any such manufacturer's or importing distributor's bond, or of the termination or cancellation of any such bond, or of the Department's direction to a manufacturer or importing distributor that he must file additional bond in order to comply with this Section. The Commission shall not issue a license to any applicant for a manufacturer's or importing distributor's license unless the Commission has received a notification from the Department showing that such applicant has filed a satisfactory bond with the Department hereunder and that such bond has been approved by the Department. Failure by any licensed manufacturer or importing distributor to keep a satisfactory bond in effect with the Department or to furnish additional bond to the Department, when required hereunder by the Department to do so, shall be grounds for the revocation or suspension of such manufacturer's or importing distributor's license by the Commission. If a manufacturer or importing distributor fails to pay any amount due under this Article, his bond with the Department shall be deemed forfeited, and the Department may institute a suit in its own name on such bond.

After notice and opportunity for a hearing the State Commission may revoke or suspend the license of any manufacturer or importing distributor who fails to comply with the provisions of this Section. Notice of such hearing and the time and place thereof shall be in writing and shall contain a statement of the charges against the licensee. Such notice may be given by United States registered or certified mail with return receipt requested, addressed to the person concerned at his last known address and shall be given not less than 7 days prior to the date fixed for the hearing. An order revoking or suspending a license under the provisions of this Section may be reviewed in the manner provided in Section 7-10 of this Act. No new license shall be granted to a person whose license has been revoked for a violation of this Section or, in case of suspension, shall such suspension be terminated until he has paid to the Department all taxes and penalties which he owes the State under the provisions of this Act.

Every manufacturer or importing distributor who has, as verified by the Department, continuously complied with the conditions of the bond under this Act for a period of 2 years shall be considered to be a prior continuous compliance taxpayer. In determining the consecutive period of time for qualification as a prior continuous compliance taxpayer, any consecutive period of time of qualifying compliance immediately prior to the effective date of this amendatory Act of 1987 shall be credited to any manufacturer or importing distributor.

Every prior continuous compliance taxpayer shall be exempt from the bond requirements of this Act until the Department has determined the taxpayer to be delinquent in the filing of any return or deficient in the payment of any tax under this Act. Any taxpayer who fails to pay an admitted or established liability under this Act may also be required to post bond or other acceptable security with the Department guaranteeing the payment of such admitted or established liability.
The Department shall discharge any surety and shall release and return any bond or security deposit assigned, pledged or otherwise provided to it by a taxpayer under this Section within 30 days after: (1) such taxpayer becomes a prior continuous compliance taxpayer; or (2) such taxpayer has ceased to collect receipts on which he is required to remit tax to the Department, has filed a final tax return, and has paid to the Department an amount sufficient to discharge his remaining tax liability as determined by the Department under this Act.

(35 ILCS 5/215 new)
Sec. 215. Transportation Employee Credit.
(a) For each taxable year beginning on or after January 1, 2004, a qualified employer shall be allowed a credit against the tax imposed by subsections (a) and (b) of Section 201 of this Act in the amount of $50 for each eligible employee employed by the taxpayer as of the last day of the taxable year.

(b) For purposes of this Section, "qualified employer" means:
(1) any employer who pays a commercial distribution fee under Section 3-815.1 of the Illinois Vehicle Code during the taxable year; or
(2) any employer who, as of the end of the taxable year, has one or more employees whose compensation is subject to tax only by the employee's state of residence pursuant to 49 U.S.C 14503(a)(1).

(c) For purposes of this Section, "employee" includes an individual who is treated as an employee of the taxpayer under Section 401(c) of the Internal Revenue Code and whose actual assigned duties are such that, if the individual were a common-law employee performing such duties in 2 or more states, the individual's compensation would be subject to tax only by the individual's state of residence pursuant to 49 U.S.C. 14503(a)(1).

(d) An employee is an "eligible employee" only if all of the following criteria are met:

(1) The employee is an operator of a motor vehicle;
(2) The employee’s compensation, pursuant to 49 U.S.C. 14503(a)(1), is subject to tax only by the employee’s state of residence, or would be subject to tax only by the employee’s state of residence if the employee’s actual duties were performed in 2 or more states;

This credit shall be applied first to the earliest year for which there is a liability. (g) This Section is exempt from the provisions of Section 250 of this Act.

(h) The Department of Revenue shall promulgate such rules and regulations as may be deemed necessary to carry out the purposes of this Section.

This paragraph does not apply to fundraising events (i) for the benefit of private home instruction or (ii) for which the fundraising entity purchases the personal property sold at the events from another individual or entity that sold the property for the purpose of resale by the fundraising entity and that profits from the sale to the fundraising entity. This paragraph is exempt from the provisions of Section 3-90.

No lessor shall collect or attempt to collect an amount (however designated) that purports to reimburse that lessor for the tax imposed by this Act or the Service Use Tax Act, as the case may be, if the tax has not been paid by the lessor. If a lessor improperly collects any such amount from the lessee, the lessee shall have a legal right to claim a refund of that amount from the lessor. No lessor shall collect or attempt to collect an amount (however designated) that purports to reimburse that lessor for the tax imposed by this Act or the Service Use Tax Act, as the case may be, if the tax has not been paid by the lessor. If a lessor improperly collects any such amount from the lessee, the lessee shall have a legal right to claim a refund of that amount from the lessor. If, however, that amount is not refunded to the lessee for any reason, the lessor is liable to pay that amount to the Department. This paragraph is exempt from the provisions of Section 3-90.

(a) The use, in this State, of tangible personal property acquired outside this State by a nonresident individual and brought into this State by the individual for his or her own use while temporarily within this State or while passing through this State.

(b) The use, in this State, of tangible personal property by an interstate carrier for hire as rolling stock moving in interstate commerce or by lessors under a lease of one year or longer executed or in effect at the time of purchase of tangible personal property by interstate carriers for hire for use as rolling stock moving in interstate commerce as long as so used by the interstate carriers for hire, and equipment operated by a telecommunications provider, licensed as a common carrier by the Federal Communications Commission, which is permanently installed in or affixed to aircraft moving in interstate commerce.

(c) The use, in this State, by owners, lessors, or shippers of tangible personal property that is utilized by interstate carriers for hire for use as rolling stock moving in interstate commerce as long as so used by the interstate carriers for hire, and equipment operated by a telecommunications provider, licensed as a common carrier by the Federal Communications Commission, which is permanently installed in or affixed to aircraft moving in interstate commerce.

(d) The use, in this State, of tangible personal property that is acquired outside this State and caused to be brought into this State by a person who has already paid a tax in another State in respect to the sale, purchase, or use of that property, to the extent of the amount of the tax properly due and paid in the other State.

(e) The temporary storage, in this State, of tangible personal property that is acquired outside this State and that, after being brought into this State and stored here temporarily, is used solely outside this State or is physically attached to or incorporated into other tangible personal property that is used solely outside this State, or is altered by converting, fabricating, manufacturing, printing, processing, or shaping, and, as altered, is used solely outside this State.

(g) The use or purchase of tangible personal property by a common carrier by rail or motor that receives the physical possession of the property in Illinois, and that transports the property, or shares with another common carrier in the transportation of the property, out of Illinois on a standard uniform bill of lading showing the seller of the property as the shipper or consignor of the property to a destination outside Illinois, for use outside Illinois.

(h) The use, in this State, of a motor vehicle that was sold in this State to a nonresident, even though the motor vehicle is delivered to the nonresident in this State, if the motor vehicle is not to be titled in this State, and if a drive-away permit is issued to the motor vehicle as provided in Section 3-603 of the Illinois Vehicle Code or if the nonresident purchaser has vehicle registration plates to transfer to the motor vehicle upon returning to his or her home state. The issuance of the drive-away permit or having the out-of-state registration plates to be transferred shall be prima facie evidence that the motor vehicle will not be titled in this State.

The Director of Revenue shall, pursuant to rules adopted in accordance with the Illinois Administrative Procedure Act, issue a permit to any taxpayer in good standing with the Department who is eligible for the exemption under this subsection (j). The permit issued under this subsection (j) shall authorize the holder, to the extent and in the manner specified in the rules adopted under this Act, to purchase tangible personal property from a retailer exempt from the taxes imposed by this Act. Taxpayers shall maintain all necessary books and records to substantiate the use and consumption of all such tangible personal property outside of the State of Illinois.

Sec. 3-61. Motor vehicles; use as rolling stock definition. Through June 30, 2003, "use as rolling stock moving in interstate commerce" in subsections (b) and (c) of Section 3-55 means for motor vehicles, as defined in Section 1-146 of the Illinois Vehicle Code, and trailers, as defined in Section 1-209 of the Illinois Vehicle Code, when on 15 or more occasions in a 12-month period the motor vehicle and trailer has carried persons or property for hire in interstate commerce, even just between points in Illinois, if the motor vehicle and trailer transports persons whose journeys or property whose shipments originate or terminate outside Illinois. This definition applies to all property purchased for the purpose of being attached to those motor vehicles or trailers as a part thereof. On and after July 1, 2003, "use as rolling stock moving in interstate commerce" in paragraphs (b) and (c) of Section 3-55 occurs for motor vehicles, as defined in Section 1-146 of the Illinois Vehicle Code, when during a 12-month period the rolling stock has carried persons or property for hire in interstate commerce for 51% of its total trips and transports persons whose journeys or property whose shipments originate or terminate outside Illinois. Trips that are only between points in Illinois shall not be counted as interstate trips when calculating whether the tangible personal property qualifies for the exemption but such trips shall be included in total trips taken. services, and shall be determined without any deduction on account of the supplier's cost of the property sold or on account of any other expense incurred by the supplier. When a serviceman contracts out part or all of the services required in his sale of service, it shall be presumed that the cost price to the serviceman of the property transferred to him or her by his or her subcontractor is equal to 50% of the subcontractor's charges to the serviceman in the absence of proof of the consideration paid by the subcontractor for the purchase of such property.

"Selling price" means the consideration for a sale valued in money whether received in money or otherwise, including cash, credits and service, and shall be determined without any deduction on account of the serviceman's cost of the property sold, the cost of materials used, labor or service cost or any other expense whatsoever, but does not include interest or finance charges which appear as separate items on the bill of sale or sales contract nor charges that are added to prices by sellers on account of the seller's duty to collect, from the purchaser, the tax that is imposed by this Act.

"Department" means the Department of Revenue.

(3) except as hereinafter provided, a sale or transfer of tangible personal property as an incident to the rendering of service for or by any governmental body, or for or by any corporation, society, association, foundation or institution organized and operated exclusively for charitable, religious or educational purposes or any not-for-profit corporation, society, association, foundation, institution or organization which has no compensated officers or employees and which is organized and operated primarily for the recreation of persons 55 years of age or older. A limited liability company may qualify for the exemption under this paragraph only if the limited liability company is organized and operated exclusively for educational purposes.

(4) a sale or transfer of tangible personal property as an incident to the rendering of service for interstate carriers for hire for use as rolling stock moving in interstate commerce or by lessors under a lease of one year or longer, executed or in effect at the time of purchase of personal property, to interstate carriers for hire for use as rolling stock moving in interstate commerce so long as so used by such interstate carriers for hire, and equipment operated by a telecommunications

(4a) a sale or transfer of tangible personal property as an incident to the rendering of service for owners, lessors, or shippers of tangible personal property which is utilized by interstate carriers for hire for use as rolling stock moving in interstate commerce so long as so used by interstate carriers for hire, and equipment operated by a telecommunications provider, licensed as a common carrier by the Federal Communications Commission, which is permanently installed in or affixed to aircraft moving in interstate commerce.

(4a-5) on and after July 1, 2003, a sale or transfer of a motor vehicle of the second division with a gross vehicle weight in excess of 8,000 pounds as an incident to the rendering of service if that motor vehicle is subject to the commercial distribution fee imposed under Section 3-815.1 of the Illinois Vehicle Code. This exemption applies to repair and replacement parts added after the initial purchase of such a motor vehicle if that motor vehicle is used in a manner that would qualify for the rolling stock exemption otherwise provided for in this Act.

(5) a sale or transfer of machinery and equipment used primarily in the process of the manufacturing or assembling, either in an existing, an expanded or a new manufacturing facility, of tangible personal property for wholesale or retail sale or lease, whether such sale or lease is made directly by the manufacturer or by some other person, whether the materials used in the process are owned by the manufacturer or some other person, or whether such sale or lease is made apart from or as an incident to the seller's engaging in a service occupation and the applicable tax is a Service Use Tax or Service Occupation Tax, rather than Use Tax or Retailers' Occupation Tax.

(5a) the repairing, reconditioning or remodeling, for a common carrier by rail, of tangible personal property which belongs to such carrier for hire, and as to which such carrier receives the physical possession of the repaired, reconditioned or remodeled item of tangible personal property in Illinois, and which such carrier transports, or shares with another common carrier in the transportation of such property, out of Illinois on a standard uniform bill of lading showing the person who repaired, reconditioned or remodeled the property to a destination outside Illinois, for use outside Illinois.

(5b) a sale or transfer of tangible personal property which is produced by the seller thereof on special order in such a way as to have made the applicable tax the Service Occupation Tax or the Service Use Tax, rather than the Retailers' Occupation Tax or the Use Tax, for an interstate carrier by rail which receives the physical possession of such property in Illinois, and which transports such

(6) a sale or transfer of distillation machinery and equipment, sold as a unit or kit and assembled or installed by the retailer, which machinery and equipment is certified by the user to be used only for the production of ethyl alcohol that will be used for consumption as motor fuel or as a component of motor fuel for the personal use of such user and not subject to sale or resale.

(7) at the election of any serviceman not required to be otherwise registered as a retailer under Section 2a of the Retailers' Occupation Tax Act, made for each fiscal year sales of service in which the aggregate annual cost price of tangible personal property transferred as an incident to the sales of service is less than 35%, or 75% in the case of servicemen transferring prescription drugs or servicemen engaged in graphic arts production, of the aggregate annual total gross receipts from all sales of service. The purchase of such tangible personal property by the serviceman shall be subject to tax under the Retailers' Occupation Tax Act and the Use Tax Act. However, if a primary serviceman who has made the election described in this paragraph subcontracts service work to a secondary serviceman who has also made the election described in this paragraph, the primary serviceman does not incur a Use Tax liability if the secondary serviceman (i) has paid or will pay Use Tax on his or her cost price of any tangible personal property transferred to the primary serviceman and (ii) certifies that fact in writing to the primary serviceman.

Tangible personal property transferred incident to the completion of a maintenance agreement is exempt from the tax imposed pursuant to this Act.

Equipment includes chemicals or chemicals acting as catalysts but only if the chemicals or chemicals acting as catalysts affect a direct and immediate change upon a product being manufactured or assembled for wholesale or retail sale or lease. The purchaser of such machinery and equipment who has an active resale registration number shall furnish such number to the seller at the time of purchase. The user of such machinery and equipment and tools without an active resale registration number shall prepare a certificate of exemption for each transaction stating facts establishing the exemption for that transaction, which certificate shall be available to the Department for inspection or audit. Whenever such informal rulings, opinions, or letters contain any policy of general applicability, the Department shall formulate and adopt such policy as a rule in accordance with the provisions of the Illinois Administrative Procedure Act.

On and after July 1, 1987, no entity otherwise eligible under exemption (3) of this Section shall make tax free purchases unless it has an active exemption identification number issued by the Department.

The purchase, employment and transfer of such tangible personal property as newsprint and ink for the primary purpose of conveying news (with or without other information) is not a purchase, use or sale of service or of tangible personal property within the meaning of this Act.

Such owner shall determine the proportion of in-state miles to total fleet miles. Such percentage figure shall be such owner's apportionment factor. In determining the total fee payment, such owner shall first compute the license fee or fees for each vehicle within the fleet which would otherwise be required, and then multiply the said amount by the Illinois apportionment factor adding the fees for each vehicle to arrive at a total
amount for the fleet. Apportionable trailers and semitrailers will be registered in accordance with the provisions of Section 3-813 of this Code.

Upon receipt of the appropriate fees from such owner as computed under the provisions of this section, the Secretary of State shall, when this state is the base jurisdiction, issue to such owner number plates or other distinctive tags or such evidence of registration as the Secretary of State shall deem appropriate to identify each vehicle in the fleet as a part of a proportionally registered interstate fleet.

Vehicles registered under the provision of this section shall be considered fully licensed and properly registered in Illinois for any type of movement or operation. The proportional registration and licensing provisions of this section shall apply to vehicles added to fleets and operated in this state during the registration year, applying the same apportionment factor to such fees as would be payable for the remainder of the registration year.

Apportionment factors for apportionable vehicles not operated in this state during the preceding year shall be determined by the Secretary of State on the basis of a full statement of the proposed methods of operation and in conformity with an estimated mileage chart as calculated by the Secretary of State. An established fleet adding states at the time of renewal shall estimate mileage for the added states in conformity with a mileage chart developed by the Secretary of State.

ARTICLE 10
Section 10-1. Short title. This Article may be cited as the Aircraft Use Tax Law.
Section 10-10. Definition. For the purposes of this Law, "Department" means the Department of Revenue of the State of Illinois.

New matter indicated by italics - deletions by strikeout
Section 10-15. Tax imposed. A tax is hereby imposed on the privilege of using, in this State, any aircraft as defined in Section 3 of the Illinois Aeronautics Act acquired by gift, transfer, or purchase after June 30, 2003. This tax does not apply (i) if the use of the aircraft is otherwise taxed under the Use Tax Act; (ii) if the aircraft is bought and used by a governmental agency or a society, association, foundation, or institution organized and operated exclusively for charitable, religious, or educational purposes; (iii) if the use of the aircraft is not subject to the Use Tax Act by reason of subsection (a), (b), (c), (d), or (e) of Section 3-55 of that Act dealing with the prevention of actual or likely multistate taxation; or (iv) if the transfer is a gift to a beneficiary in the administration of an estate and the beneficiary is a surviving spouse. The rate of tax shall be 6.25% of the selling price for each purchase of aircraft that qualifies under this Law. For purposes of calculating the tax due under this Law when an aircraft is acquired by gift or transfer, the tax shall be imposed on the fair market value of the aircraft on the date the aircraft is acquired or the date the aircraft is brought into the State, whichever is later. Tax shall be imposed on the selling price of an aircraft acquired through purchase. However, the selling price shall not be less than the fair market value of the aircraft on the date the aircraft is purchased or the date the aircraft is brought into the State, whichever is later.

Section 10-20. Returns. The purchaser, transferee, or donee shall file a return signed by the purchaser, transferee, or donee with the Department of Revenue on a form prescribed by the Department. The return shall contain substantially the following paragraph and such other information as the Department may reasonably require:

VERIFICATION

I declare that I have examined this return and, to the best of my knowledge, it is true, correct, and complete. I understand that the penalty for willfully filing a false return shall be a fine not to exceed $1,000 or imprisonment in a penal institution other than the penitentiary not to exceed one year, or both a fine and imprisonment.

.................. ....................
Date Signature of purchaser,
transferee, or donee

The return and payment from the purchaser, transferee, or donee shall be submitted to the Department within 30 days after the date of purchase, donation, or other transfer or the date the aircraft is brought into the State, whichever is later. Payment of tax shall be a condition to securing registration of the aircraft from the Division of Aeronautics of the Department of Transportation.

When a purchaser, transferee, or donee pays the tax imposed by Section 10-15 of this Law, the Department (upon request therefor from the purchaser, transferee, or donee) shall issue an appropriate receipt to the purchaser, transferee, or donee showing that he or she has paid such tax to the Department. The receipt shall be sufficient to relieve the purchaser, transferee, or donee from further liability for the tax to which the receipt may refer.

Section 10-25. Filing false or incomplete return. Any person required to file a return under this Law who willfully files a false or incomplete return is guilty of a Class A misdemeanor.

Section 10-30. Determining selling price. For the purpose of assisting in determining the validity of the "selling price" reported on returns filed with the Department, the Department may furnish the following information to persons with whom the Department has contracted for service related to making that determination: the selling price stated on the return; the aircraft identification number; the year, the make, and the model name or number of the aircraft; the purchase date; and the hours of operation.

Section 10-35. Powers of Department. The Department shall have full power to administer and enforce this Law; to collect all taxes, penalties, and interest due hereunder; to dispose of taxes, penalties, and interest so collected in the manner hereinafter provided, and to determine all rights to credit memoranda or refunds arising on account of the erroneous payment of tax, penalty, or interest hereunder. In the administration of, and compliance with, this Law, the Department and persons who are subject to this Law shall have the same rights, remedies, privileges, immunities, powers, and duties, and be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and employ the same modes of procedure, as are prescribed in the Use Tax Act, as now or hereafter amended (except for the provisions of Section 3-70), which are not inconsistent with this Law, as fully as if the provisions of the Use Tax Act were set forth in this Law. In addition to any other penalties imposed under law, any person convicted of violating the provisions of this Law, shall be assessed a fine of $1,000.

Section 10-40. Payments to Local Government Distributive Fund and General Revenue Fund. The Department of Revenue shall each month, upon collecting any taxes as provided in this Law, pay the money collected from the 1.25% portion of the 6.25% rate into the Local Government Distributive Fund, a special fund in the State treasury. The remainder shall be paid into the General Revenue Fund.

Section 10-45. Rules. The Department shall have the authority to adopt such rules as are reasonable and necessary to implement the provisions of this Law.

Sec. 1c. A person who is engaged in the business of leasing or renting motor vehicles or, beginning July 1, 2003, aircraft to others and who, in connection with such business sells any used motor vehicle or aircraft to a purchaser for his use and not for the purpose of resale, is a retailer engaged in the business of selling tangible personal property at retail under this Act to the extent of the value of the vehicle or aircraft sold. 157 of the Illinois Vehicle Code, as now or hereafter amended. *For the purpose of this Section "aircraft" has the meaning prescribed in Section 3 of the Illinois Aeronautics Act.* (Nothing provided herein shall affect liability incurred under this Act because of the sale at retail of such motor vehicles or aircraft to a lessor.)

(Source: P.A. 80-598.)

Section 10-910. The Illinois Aeronautics Act is amended by changing Section 42 as follows:

(620 ILCS 5/42) (from Ch. 15 1/2, par. 22.42)

Sec. 42. Regulation of aircraft, airmen, and airports.

(a) The general public interest and safety, the safety of persons operating, using, or traveling in, aircraft, and of persons and property on the ground, and the interest of aeronautical progress require that aircraft operated within this State should be airworthy, that airmen should be properly qualified, and that air navigation facilities should be suitable for the purposes for which they are designed. The purposes of this Act require that the Department should be enabled to exercise the powers of regulation and supervision herein granted. The advantage of uniform regulation makes it desirable that aircraft operated within this State should conform with respect to design, construction, and airworthiness to the standards prescribed by the United States Government with respect to civil aircraft subject to its jurisdiction and that persons engaging in aeronautics within this State should have the qualifications necessary for obtaining and holding appropriate airman certificates of the United States. It is desirable and right that all applicable fees and taxes shall be paid with respect to aircraft operated within this State.

(b) In light of the findings in subsection (a), the Department is authorized:

(1) To require the registration, every 2 years, of federal licenses, certificates or permits of civil aircraft engaged in air navigation within this State, and of airmen engaged in aeronautics within this State, and to issue certificates of such registration. These certificates of registration constitute the authorization of such aircraft and airmen for operations within this State to the extent permitted by the federal licenses, certificates or permits so registered. It shall charge a fee, payable every 2 years, for the registration of each federal license, certificate or permit of $10 for each airman's certificate and $20 for each aircraft certificate. It may accept as evidence of the holding of a federal license, certificate or permit the verified application of the airman or the owner of the aircraft, which application shall contain such information as the Department may by rule, ruling, regulation, order or decision prescribe. The Department's authority to register aircraft or to issue certificates of registration is limited as follows:

(i) Except as to any aircraft vehicle purchased before March 8, 1963, the Department, in the case of the first registration of any aircraft vehicle for any given owner on or after March 8, 1963, may not issue a certificate of registration with respect to any aircraft vehicle until after the
Department has been satisfied that no tax under the Use Tax Act, the Aircraft Use Tax Law, the Municipal Use Tax Act, or the Home Rule County Use Tax Law is owing by reason of the use of the vehicle in Illinois or that any tax so imposed has been paid. A receipt issued under those Acts by the Department of Revenue constitutes proof of payment of the tax. For the purpose of this paragraph, "aircraft vehicle" means a single aircraft.

(ii) If the proof of payment of the tax or of nonliability therefor is, after the issuance of the certificate of registration, found to be invalid, the Department shall revoke the certificate and require that the certificate be returned to the Department.

(2) To classify and approve airports and restricted landing areas and any alterations or extensions thereof. Certificates of approval issued pursuant to this paragraph, or pursuant to any prior law, shall be issued in the name of the applicant and shall be transferable upon a change of ownership or control of the airport or restricted landing area only after approval of the Department. No charge or fee shall be made or imposed for any kind of certificate of approval or a transfer thereof.

(3) To revoke, temporarily or permanently, any certificate of registration of an aircraft or airman issued by it, or to refuse to issue any such certificate of registration, when it shall reasonably determine that any aircraft is not airworthy, or that any airman:

(i) is not qualified;
(ii) has willfully violated the laws of this State pertaining to aeronautics or any rules, rulings, regulations, orders, or decisions issued pursuant thereto, or any Federal law or any rule or regulation issued pursuant thereto;
(iii) is addicted to the use of narcotics or other habit forming drug, or to the excessive use of intoxicating liquor;
(iv) has made any false statement in any application for registration of a federal license, certificate or permit; or
(v) has been guilty of other conduct, acts, or practices dangerous to the public safety or the safety of those engaged in aeronautics.

(c) The Department may refuse to issue or may suspend the certificate of any person who fails to file a return, or to pay the tax, penalty or interest shown in a filed return, or to pay any final assessment of tax, penalty or interest, as required by any tax Act administered by the Illinois Department of Revenue, until such time as the requirements of any such tax Act are satisfied.

and through June 30, 2003, a purchaser of graphic arts machinery and equipment that qualifies for the exemption provided by paragraph (6) of Section 3-5 of this Act earns a credit in an amount equal to a fixed percentage of the tax that would have been incurred under this Act on those purchases. The credit earned for purchases of manufacturing machinery and equipment or graphic arts machinery and equipment shall be referred to as the Manufacturer's Purchase Credit. A graphic arts producer is a person engaged in graphic arts production as defined in Section 2-30 of the Retailers' Occupation Tax Act. Beginning July 1, 1996, all references in this Section to manufacturers or manufacturing shall also be deemed to refer to graphic arts producers or graphic arts production.

The amount of credit shall be a percentage of the tax that would have been incurred on the purchase of manufacturing machinery and equipment or graphic arts machinery and equipment if the exemptions provided by paragraph (6) or paragraph (18) of Section 3-5 of this Act had not been applicable. The percentage shall be as follows:

(1) 15% for purchases made on or before June 30, 1995.
(2) 25% for purchases made after June 30, 1995, and on or before June 30, 1996.
(3) 40% for purchases made after June 30, 1996, and on or before June 30, 1997.
(4) 50% for purchases made on or after July 1, 1997.

A purchaser of production related tangible personal property desiring to use the Manufacturer's Purchase Credit shall certify to the seller prior to October 1, 2003 that the purchaser is satisfying all or part of the liability under the Use Tax Act or the Service Use Tax Act that is due on the purchase of the production related tangible personal property by use of Manufacturer's Purchase Credit. The Manufacturer's Purchase Credit certification must be dated and shall include the name and address of the purchaser, the purchaser's registration number, if registered, the credit being applied, and a statement that the State Use Tax or Service Use Tax liability is being satisfied with the manufacturer's or graphic arts producer's accumulated purchase credit. Certification may be incorporated into the manufacturer's or graphic arts producer's purchase order. Manufacturer's Purchase Credit certification provided by the manufacturer or graphic arts producer prior to October 1, 2003 may be used to satisfy the retailer's or serviceman's liability under the Retailers' Occupation Tax Act or Service Occupation Tax Act for the credit claimed, not to exceed 6.25% of the receipts subject to tax from a qualifying purchase, but only if the retailer or serviceman reports the Manufacturer's Purchase Credit claimed as required by the Department. A Manufacturer's Purchase Credit reported on any original or amended return filed under this Act after October 20, 2003 shall be disallowed. The Manufacturer's Purchase Credit earned by purchase of exempt manufacturing machinery and equipment or graphic arts machinery and equipment is a non-transferable credit. A manufacturer or graphic arts producer that enters into a contract involving the installation of tangible personal property into real estate within a

manufacturing or graphic arts production facility may, prior to October 1, 2003, authorize a construction contractor to utilize credit accumulated by the manufacturer or graphic arts producer to purchase the tangible personal property. A manufacturer or graphic arts producer intending to use accumulated credit to purchase such tangible personal property shall execute a written contract authorizing the contractor to utilize a specified dollar amount of credit. The contractor shall furnish, prior to October 1, 2003, the supplier with the manufacturer's or graphic arts producer's name, registration or resale number, and a statement that a specific amount of the Use Tax or Service Use Tax liability, not to exceed 6.25% of the selling price, is being satisfied with the credit. The manufacturer or graphic arts producer shall remain liable to timely report all information required by the annual Report of Manufacturer's Purchase Credit Used for all credit utilized by a construction contractor.

The Manufacturer's Purchase Credit may be used to satisfy liability under the Use Tax Act or the Service Use Tax Act due on the purchase of production related tangible personal property (including purchases by a manufacturer, by a graphic arts producer, or by a lessor who rents or leases the use of the property to a manufacturer or graphic arts producer) that does not otherwise qualify for the manufacturing machinery and equipment exemption or the graphic arts machinery and equipment exemption. "Production related tangible personal property" means (i) all tangible personal property used or consumed by the purchaser in a manufacturing facility in which a manufacturing process described in Section 2-45 of the Retailers' Occupation Tax Act takes place, including tangible personal property purchased for incorporation into real estate within a manufacturing facility and including, but not limited to, tangible personal property used or consumed in activities such as preproduction material handling, receiving, quality control, inventory control, storage, staging, and packaging for shipping and transportation purposes; (ii) all tangible personal property used or consumed by the purchaser in a graphic arts facility in which graphic arts production as described in Section 2-30 of the Retailers' Occupation Tax Act takes place, including tangible personal property purchased for incorporation into real estate within a graphic arts facility and including, but not limited to, all tangible personal property used or consumed in activities such as graphic arts preliminary or pre-press production, pre-production material handling, receiving, quality control, inventory control, storage, staging, sorting, labeling, mailing, tying, wrapping, and packaging; and (iii) all tangible personal property used or consumed by the purchaser for research and development. "Production related tangible personal property" does not include (i) tangible personal property used, within or without a manufacturing facility, in sales, purchasing, accounting, fiscal management, marketing, personnel recruitment or selection, or landscaping or (ii) tangible personal property required to be titled or registered with a department, agency, or unit of federal, state, or local government. The Manufacturer's Purchase Credit may be used, prior to October 1, 2003, to satisfy the tax arising either from the purchase of machinery and

equipment on or after January 1, 1995 for which the exemption provided by paragraph (18) of Section 3-5 of this Act was erroneously claimed, or the purchase of machinery and equipment on or after July 1, 1996 for which the exemption provided by paragraph (6) of Section 3-5 of this Act was erroneously claimed, but not in satisfaction of penalty, if any, and interest for failure to pay the tax when due. A purchaser of production related tangible personal property who is required to pay Illinois Use Tax or Service Use Tax on the purchase directly to the Department may, prior to October 1, 2003, utilize the Manufacturer's Purchase Credit in satisfaction of the tax arising from that purchase, but not in satisfaction of penalty and interest. A purchaser who uses the Manufacturer's Purchase Credit to purchase property which is later determined not to be production related tangible personal property may be liable for tax, penalty, and interest on the purchase of that property as of the date of purchase but shall be entitled to use the disallowed Manufacturer's Purchase Credit, so long as it has not expired and is used prior to October 1, 2003, on qualifying purchases of production related tangible personal property not previously subject to credit usage. The Manufacturer's Purchase Credit earned by a manufacturer or graphic arts producer expires the last day of the second calendar year following the calendar year in which the credit arose. No Manufacturer's Purchase Credit may be used after September 30, 2003 regardless of when that credit was earned.

A purchaser earning Manufacturer's Purchase Credit shall sign and file an annual Report of Manufacturer's Purchase Credit Earned for each calendar year no later than the last day of the sixth month following the calendar year in which a Manufacturer's Purchase Credit is earned. A Report of Manufacturer's Purchase Credit Earned shall be filed on forms as prescribed or approved by the Department and shall state, for each month of the calendar year: (i) the total purchase price of all purchases of exempt manufacturing or graphic arts machinery on which the credit was earned; (ii) the total State Use Tax or Service Use Tax which would have been due on those items; (iii) the percentage used to calculate the amount of credit earned; (iv) the amount of credit earned; and (v) such other information as the Department may reasonably require. A purchaser earning Manufacturer's Purchase Credit shall maintain records which identify, as to each purchase of manufacturing or graphic arts machinery and equipment on which the purchaser earned Manufacturer's Purchase Credit, the vendor (including, if applicable, either the vendor's registration number or Federal Employer Identification Number), the purchase price, and the amount of Manufacturer's Purchase Credit earned on each purchase.

A purchaser using Manufacturer's Purchase Credit shall sign and file an annual Report of Manufacturer's Purchase Credit Used for each calendar year no later than the last day of the sixth month following the calendar year in which a Manufacturer's Purchase Credit is used. A Report of Manufacturer's Purchase Credit Used shall be filed on forms as prescribed or approved by the Department and shall state, for each month of
the calendar year: (i) the total purchase price of production related tangible personal property purchased from Illinois suppliers; (ii) the total purchase price of production related tangible personal property purchased from out-of-state suppliers; (iii) the total amount of credit used during such month; and (iv) such other information as the Department may reasonably require. A purchaser using Manufacturer's Purchase Credit shall maintain records that identify, as to each purchase of production related tangible personal property on which the purchaser used Manufacturer's Purchase Credit, the vendor (including, if applicable, either the vendor's registration number or Federal Employer Identification Number), the purchase price, and the amount of Manufacturer's Purchase Credit used on each purchase.

No annual report shall be filed before May 1, 1996 or after June 30, 2004. A purchaser that fails to file an annual Report of Manufacturer's Purchase Credit Earned or an annual Report of Manufacturer's Purchase Credit Used by the last day of the sixth month following the end of the calendar year shall forfeit all Manufacturer's Purchase Credit for that calendar year unless it establishes that its failure to file was due to reasonable cause. Manufacturer's Purchase Credit reports may be amended to report and claim credit on qualifying purchases not previously reported at any time before the credit would have expired, unless both the Department and the purchaser have agreed to an extension of the statute of limitations for the issuance of a notice of tax liability as provided in Section 4 of the Retailers' Occupation Tax Act. If the time for assessment or refund has been extended, then amended reports for a calendar year may be filed at any time prior to the date to which the statute of limitations for the calendar year or portion thereof has been extended. No Manufacturer's Purchase Credit report filed with the Department for periods prior to January 1, 1995 shall be approved. Manufacturer's Purchase Credit claimed on an amended report may be used, until October 1, 2003, to satisfy tax liability under the Use Tax Act or the Service Use Tax Act (i) on qualifying purchases of production related tangible personal property made after the date the amended report is filed or (ii) assessed by the Department on qualifying purchases of production related tangible personal property made in the case of manufacturers on or after January 1, 1995, or in the case of graphic arts producers on or after July 1, 1996.

If the purchaser is not the manufacturer or a graphic arts producer, but rents or leases the use of the property to a manufacturer or graphic arts producer, the purchaser may earn, report, and use Manufacturer's Purchase Credit in the same manner as a manufacturer or graphic arts producer.

A purchaser shall not be entitled to any Manufacturer's Purchase Credit for a purchase that is required to be reported and is not timely reported as provided in this Section. A purchaser remains liable for (i) any tax that was satisfied by use of a Manufacturer's Purchase Credit, as of the date of purchase, if that use is not timely reported as required in this Section and (ii) for any applicable penalties and interest for failing to pay the tax when due. No Manufacturer's Purchase Credit may be used after

"Use" means the exercise by any person of any right or power over tangible personal property incident to the ownership of that property, but does not include the sale or use for demonstration by him of that property in any form as tangible personal property in the regular course of business. "Use" does not mean the interim use of tangible personal property nor the physical incorporation of tangible personal property, as an ingredient or constituent, into other tangible personal property, (a) which is sold in the regular course of business or (b) which the person incorporating such ingredient or constituent therein has undertaken at the time of such purchase to cause to be transported in interstate commerce to destinations outside the State of Illinois.

"Cost price" means the consideration paid by the serviceman for a purchase valued in money, whether paid in money or otherwise, including cash, credits and services, and shall be determined without any deduction on account of the supplier's cost of the property sold or on account of any other expense incurred by the supplier. When a serviceman contracts out part or all of the services required in his sale of service, it shall be presumed that the cost price to the serviceman of the property transferred to him or her by his or her subcontractor is equal to 50% of the subcontractor's charges to the serviceman in the absence of proof of the consideration paid by the subcontractor for the purchase of such property.

"Selling price" means the consideration for a sale valued in money whether received in money or otherwise, including cash, credits and service, and shall be determined without any deduction on account of the serviceman's cost of the property sold, the cost of materials used, labor or service cost or any other expense whatsoever, but does not include interest or finance charges which appear as separate items on the bill of sale or sales contract nor charges that are added to prices by sellers on account of the seller's duty to collect, from the purchaser, the tax that is imposed by this Act.

"Department" means the Department of Revenue.

(1) a retail sale of tangible personal property taxable under the Retailers' Occupation Tax Act or under the Use Tax Act.

(2) a sale of tangible personal property for the purpose of resale made in compliance with Section 2c of the Retailers' Occupation Tax Act.

(3) except as hereinafter provided, a sale or transfer of tangible personal property as an incident to the rendering of service for or by any governmental body, or for or by any corporation, society, association, foundation or institution organized and operated exclusively for charitable, religious or educational purposes or any not-for-profit corporation, society, association, foundation, institution or organization which has no compensated officers or employees and which is organized and operated primarily for the recreation of persons 55 years of age or older. A limited liability company may qualify for the exemption under this paragraph only if the limited liability company is organized and operated exclusively for educational purposes.

(4) a sale or transfer of tangible personal property as an incident to the rendering of service for interstate carriers for hire for use as rolling stock moving in interstate commerce or by lessors under a lease of one year or longer, executed or in effect at the time of purchase of personal property, to interstate carriers for hire for use as rolling stock moving in interstate commerce so long as so used by such interstate carriers for hire, and equipment operated by a telecommunications provider, licensed as a common carrier by the Federal Communications Commission, which is permanently installed in or affixed to aircraft moving in interstate commerce.

(4a) a sale or transfer of tangible personal property as an incident to the rendering of service for owners, lessors, or shippers of tangible personal property which is utilized by interstate carriers for hire for use as rolling stock moving in interstate commerce so long as so used by interstate carriers for hire, and equipment operated by a telecommunications provider, licensed as a common carrier by the Federal Communications Commission, which is permanently installed in or affixed to aircraft moving in interstate commerce.

(5) a sale or transfer of machinery and equipment used primarily in the process of the manufacturing or assembling, either in an existing, an expanded or a new manufacturing facility, of tangible personal property for wholesale or retail sale or lease, whether such sale or lease is made directly by the manufacturer or by some other person, whether the materials used in the process are owned by the manufacturer or some other person, or whether such sale or lease is made apart from or as an incident to the seller's engaging in a service occupation and the

applicable tax is a Service Use Tax or Service Occupation Tax, rather than Use Tax or Retailers' Occupation Tax.

(5a) the repairing, reconditioning or remodeling, for a common carrier by rail, of tangible personal property which belongs to such carrier for hire, and as to which such carrier receives the physical possession of the repaired, reconditioned or remodeled item of tangible personal property in Illinois, and which such carrier transports, or shares with another common carrier in the transportation of such property, out of Illinois on a standard uniform bill of lading showing the person who repaired, reconditioned or remodeled the property to a destination outside Illinois, for use outside Illinois.

(5b) a sale or transfer of tangible personal property which is produced by the seller thereof on special order in such a way as to have made the applicable tax the Service Occupation Tax or the Service Use Tax, rather than the Retailers' Occupation Tax or the Use Tax, for an interstate carrier by rail which receives the physical possession of such property in Illinois, and which transports such property, or shares with another common carrier in the transportation of such property, out of Illinois on a standard uniform bill of lading showing the seller of the property as the shipper or consignor of such property to a destination outside Illinois, for use outside Illinois.

(6) until July 1, 2003, a sale or transfer of distillation machinery and equipment, sold as a unit or kit and assembled or installed by the retailer, which machinery and equipment is certified by the user to be used only for the production of ethyl alcohol that will be used for consumption as motor fuel or as a component of motor fuel for the personal use of such user and not subject to sale or resale.

The purchase of such tangible personal property by the serviceman shall be subject to tax under the Retailers' Occupation Tax Act and the Use Tax Act. However, if a primary serviceman who has made the election described in this paragraph subcontracts service work to a secondary serviceman who has also made the election described in this paragraph, the primary serviceman does not incur a Use Tax liability if the secondary serviceman (i) has paid or will pay Use Tax on his or her cost price of any tangible personal property transferred to the primary serviceman and (ii) certifies that fact in writing to the primary serviceman.
Tangible personal property transferred incident to the completion of a maintenance agreement is exempt from the tax imposed pursuant to this Act.

Exemption (5) also includes machinery and equipment used in the general maintenance or repair of such exempt machinery and equipment or for in-house manufacture of exempt machinery and equipment. For the purposes of exemption (5), each of these terms shall have the following meanings: (1) "manufacturing process" shall mean the production of any article of tangible personal property, whether such article is a finished product or an article for use in the process of manufacturing or assembling a different article of tangible personal property, by procedures commonly regarded as manufacturing, processing, fabricating, or refining which changes some existing material or materials into a material with a different form, use or name. In relation to a recognized integrated business composed of a series of operations which collectively constitute manufacturing, or individually constitute manufacturing operations, the manufacturing process shall be deemed to commence with the first operation or stage of production in the series, and shall not be deemed to end until the completion of the final product in the last operation or stage of production in the series; and further, for purposes of exemption (5), photoprocessing is deemed to be a manufacturing process of tangible personal property for wholesale or retail sale; (2) "assembling process" shall mean the production of any article of tangible personal property, whether such article is a finished product or an article for use in the process of manufacturing or assembling a different article of tangible personal property, by the combination of existing materials in a manner commonly regarded as assembling which results in a material of a different form, use or name; (3) "machinery" shall mean major mechanical machines or major components of such machines contributing to a manufacturing or assembling process; and (4) "equipment" shall include any independent device or tool separate from any machinery but essential to an integrated manufacturing or assembly process; including computers used primarily in a manufacturer's computer assisted design, computer assisted manufacturing (CAD/CAM) system; or any subunit or assembly comprising a component of any machinery or auxiliary, adjunct or attachment parts of machinery, such as tools, dies, jigs, fixtures, patterns and molds; or any parts which require periodic replacement in the course of normal operation; but shall not include hand tools. Equipment includes chemicals or chemicals acting as catalysts but only if the chemicals or chemicals acting as catalysts effect a direct and immediate change upon a product being manufactured or assembled for wholesale or retail sale or lease. The purchaser of such machinery and equipment who has an active resale registration number shall furnish such number to the seller at the time of purchase. The user of such machinery and equipment and tools without an active resale registration number shall prepare a certificate of exemption for each transaction stating facts establishing the exemption for that transaction, which certificate shall be available to the Department for inspection or audit. The Department shall prescribe the form of the certificate.
Any informal rulings, opinions or letters issued by the Department in response to an inquiry or request for any opinion from any person regarding the coverage and applicability of exemption (5) to specific devices shall be published, maintained as a public record, and made available for public inspection and copying. If the informal ruling, opinion or letter contains trade secrets or other confidential information, where possible the Department shall delete such information prior to publication. Whenever such informal rulings, opinions, or letters contain any policy of general applicability, the Department shall formulate and adopt such policy as a rule in accordance with the provisions of the Illinois Administrative Procedure Act.

On and after July 1, 1987, no entity otherwise eligible under exemption (3) of this Section shall make tax free purchases unless it has an active exemption identification number issued by the Department.

by a lessor who leases the equipment, under a lease of one year or longer executed or in effect at the time the lessor would otherwise be subject to the tax imposed by this Act, to a hospital that has been issued an active tax exemption identification number by the Department under Section 1g of the Retailers' Occupation Tax Act. If, however, that amount is not refunded to the lessee for any reason, the lessor is liable to pay that amount to the Department.

Sec. 3-70. Manufacturer's Purchase Credit. For purchases of machinery and equipment made on and after January 1, 1995 and through June 30, 2003, a purchaser of manufacturing machinery and equipment that qualifies for the exemption provided by Section 2 of this Act earns a credit in an amount equal to a fixed percentage of the tax which would have been incurred under this Act on those purchases. For purchases of graphic arts machinery and equipment made on or after July 1, 1996 and through June 30, 2003, a purchase of graphic arts machinery and equipment that qualifies for the exemption provided by paragraph (5) of Section 3-5 of this Act earns a credit in an amount equal to a fixed percentage of the tax that would have been incurred under this Act on those purchases. The credit earned for the purchase of manufacturing machinery and equipment and graphic arts machinery and equipment shall be referred to as the Manufacturer's Purchase Credit. A graphic arts producer is a person engaged in graphic arts production as defined in Section 3-30 of the Service Occupation Tax Act. Beginning July 1, 1996, all references in this Section to manufacturers or manufacturing shall also refer to graphic arts producers or graphic arts production.

The amount of credit shall be a percentage of the tax that would have been incurred on the purchase of the manufacturing machinery and equipment or graphic arts machinery and equipment if the exemptions provided by Section 2 or paragraph (5) of Section 3-5 of this Act had not been applicable.

All purchases prior to October 1, 2003 of manufacturing machinery and equipment and graphic arts machinery and equipment that qualify for the exemptions provided by paragraph (5) of Section 2 or paragraph (5) of Section 3-5 of this Act qualify for the credit without regard to whether the serviceman elected, or could have elected, under paragraph (7) of Section 2 of this Act to exclude the transaction from this Act. If the serviceman's billing to the service customer separately states a selling price for the exempt manufacturing machinery or equipment or the exempt graphic arts machinery and equipment, the credit shall be calculated, as otherwise provided herein, based on that selling price. If the serviceman's billing does not separately state a selling price for the exempt manufacturing machinery and equipment or the exempt graphic arts machinery
and equipment, the credit shall be calculated, as otherwise provided herein, based on 50% of the entire billing. If the serviceman contracts to design, develop, and produce special order manufacturing machinery and equipment or special order graphic arts machinery and equipment, and the billing does not separately state a selling price for such special order machinery and equipment, the credit shall be calculated, as otherwise provided herein, based on 50% of the entire billing. The provisions of this paragraph are effective for purchases made on or after January 1, 1995.

The percentage shall be as follows:

1. 15% for purchases made on or before June 30, 1995.
2. 25% for purchases made after June 30, 1995, and on or before June 30, 1996.
3. 40% for purchases made after June 30, 1996, and on or before June 30, 1997.
4. 50% for purchases made on or after July 1, 1997.

A purchaser of production related tangible personal property desiring to use the Manufacturer's Purchase Credit shall certify to the seller prior to October 1, 2003 that the purchaser is satisfying all or part of the liability under the Use Tax Act or the Service Use Tax Act that is due on the purchase of the production related tangible personal property by use of a Manufacturer's Purchase Credit. The Manufacturer's Purchase Credit certification must be dated and shall include the name and address of the purchaser, the purchaser's registration number, if registered, the credit being applied, and a statement that the State Use Tax or Service Use Tax liability is being satisfied with the manufacturer's or graphic arts producer's accumulated purchase credit. Certification may be incorporated into the manufacturer's or graphic arts producer's purchase order. Manufacturer's Purchase Credit certification provided by the manufacturer or graphic arts producer prior to October 1, 2003 may be used to satisfy the retailer's or serviceman's liability under the Retailers' Occupation Tax Act or Service Occupation Tax Act for the credit claimed, not to exceed 6.25% of the receipts subject to tax from a qualifying purchase, but only if the retailer or serviceman reports the Manufacturer's Purchase Credit claimed as required by the Department. A Manufacturer's Purchase Credit reported on any original or amended return filed under this Act after October 20, 2003 shall be disallowed. The Manufacturer's Purchase Credit earned by purchase of exempt manufacturing machinery and equipment or graphic arts machinery and equipment is a non-transferable credit. A manufacturer or graphic arts producer that enters into a contract involving the installation of tangible personal property into real estate within a manufacturing or graphic arts production facility, prior to October 1, 2003, may authorize a construction contractor to utilize credit accumulated by the manufacturer or graphic arts producer to purchase the tangible personal property. A manufacturer or graphic arts producer intending to use accumulated credit to purchase such tangible personal property shall execute a written contract authorizing the contractor to utilize a
specified dollar amount of credit. The contractor shall furnish, prior to October 1, 2003, the supplier with the manufacturer's or graphic arts producer's name, registration or resale number, and a statement that a specific amount of the Use Tax or Service Use Tax liability, not to exceed 6.25% of the selling price, is being satisfied with the credit. The manufacturer or graphic arts producer shall remain liable to timely report all information required by the annual Report of Manufacturer's Purchase Credit Used for credit utilized by a construction contractor.

The Manufacturer's Purchase Credit may be used to satisfy liability under the Use Tax Act or the Service Use Tax Act due on the purchase of production related tangible personal property (including purchases by a manufacturer, by a graphic arts producer, or a lessor who rents or leases the use of the property to a manufacturer or graphic arts producer) that does not otherwise qualify for the manufacturing machinery and equipment exemption or the graphic arts machinery and equipment exemption. "Production related tangible personal property" means (i) all tangible personal property used or consumed by the purchaser in a manufacturing facility in which a manufacturing process described in Section 2-45 of the Retailers' Occupation Tax Act takes place, including tangible personal property purchased for incorporation into real estate within a manufacturing facility and including, but not limited to, tangible personal property used or consumed in activities such as pre-production material handling, receiving, quality control, inventory control, storage, staging, and packaging for shipping and transportation purposes; (ii) all tangible personal property used or consumed by the purchaser in a graphic arts facility in which graphic arts production as described in Section 2-30 of the Retailers' Occupation Tax Act takes place, including tangible personal property purchased for incorporation into real estate within a graphic arts facility and including, but not limited to, all tangible personal property used or consumed in activities such as graphic arts preliminary or pre-press production, pre-production material handling, receiving, quality control, inventory control, storage, staging, sorting, labeling, mailing, tying, wrapping, and packaging; and (iii) all tangible personal property used or consumed by the purchaser for research and development. "Production related tangible personal property" does not include (i) tangible personal property used, within or without a manufacturing or graphic arts facility, in sales, purchasing, accounting, fiscal management, marketing, personnel recruitment or selection, or landscaping or (ii) tangible personal property required to be titled or registered with a department, agency, or unit of federal, state, or local government. The Manufacturer's Purchase Credit may be used, prior to October 1, 2003, to satisfy the tax arising either from the purchase of machinery and equipment on or after January 1, 1995 for which the manufacturing machinery and equipment exemption provided by Section 2 of this Act was erroneously claimed, or the purchase of machinery and equipment on or after July 1, 1996 for which the exemption provided by paragraph (5) of Section 3-5 of this Act was erroneously claimed, but not in satisfaction of penalty, if any, and interest for failure to pay the tax.
when due. A purchaser of production related tangible personal property who is required to pay Illinois Use Tax or Service Use Tax on the purchase directly to the Department may, prior to October 1, 2003, utilize the Manufacturer's Purchase Credit in satisfaction of the tax arising from that purchase, but not in satisfaction of penalty and interest. A purchaser who uses the Manufacturer's Purchase Credit to purchase property which is later determined not to be production related tangible personal property may be liable for tax, penalty, and interest on the purchase of that property as of the date of purchase but shall be entitled to use the disallowed Manufacturer's Purchase Credit, so long as it has not expired and is used prior to October 1, 2003, on qualifying purchases of production related tangible personal property not previously subject to credit usage. The Manufacturer's Purchase Credit earned by a manufacturer or graphic arts producer expires the last day of the second calendar year following the calendar year in which the credit arose. No Manufacturer's Purchase Credit may be used after September 30, 2003 regardless of when that credit was earned.

A purchaser earning Manufacturer's Purchase Credit shall sign and file an annual Report of Manufacturer's Purchase Credit Earned for each calendar year no later than the last day of the sixth month following the calendar year in which a Manufacturer's Purchase Credit is earned. A Report of Manufacturer's Purchase Credit Earned shall be filed on forms as prescribed or approved by the Department and shall state, for each month of the calendar year: (i) the total purchase price of all purchases of exempt manufacturing or graphic arts machinery on which the credit was earned; (ii) the total State Use Tax or Service Use Tax which would have been due on those items; (iii) the percentage used to calculate the amount of credit earned; (iv) the amount of credit earned; and (v) such other information as the Department may reasonably require. A purchaser earning Manufacturer's Purchase Credit shall maintain records which identify, as to each purchase of manufacturing or graphic arts machinery and equipment on which the purchaser earned Manufacturer's Purchase Credit, the vendor (including, if applicable, either the vendor's registration number or Federal Employer Identification Number), the purchase price, and the amount of Manufacturer's Purchase Credit earned on each purchase.

A purchaser using Manufacturer's Purchase Credit shall sign and file an annual Report of Manufacturer's Purchase Credit Used for each calendar year no later than the last day of the sixth month following the calendar year in which a Manufacturer's Purchase Credit is used. A Report of Manufacturer's Purchase Credit Used shall be filed on forms as prescribed or approved by the Department and shall state, for each month of the calendar year: (i) the total purchase price of production related tangible personal property purchased from Illinois suppliers; (ii) the total purchase price of production related tangible personal property purchased from out-of-state suppliers; (iii) the total amount of credit used during such month; and (iv) such other information as the Department may reasonably require. A purchaser using Manufacturer's Purchase Credit

shall maintain records that identify, as to each purchase of production related tangible personal property on which the purchaser used Manufacturer's Purchase Credit, the vendor (including, if applicable, either the vendor's registration number or Federal Employer Identification Number), the purchase price, and the amount of Manufacturer's Purchase Credit used on each purchase.

No annual report shall be filed before May 1, 1996 or after June 30, 2004. A purchaser that fails to file an annual Report of Manufacturer's Purchase Credit Earned or an annual Report of Manufacturer's Purchase Credit Used by the last day of the sixth month following the end of the calendar year shall forfeit all Manufacturer's Purchase Credit for that calendar year unless it establishes that its failure to file was due to reasonable cause. Manufacturer's Purchase Credit reports may be amended to report and claim credit on qualifying purchases not previously reported at any time before the credit would have expired, unless both the Department and the purchaser have agreed to an extension of the statute of limitations for the issuance of a notice of tax liability as provided in Section 4 of the Retailers' Occupation Tax Act. If the time for assessment or refund has been extended, then amended reports for a calendar year may be filed at any time prior to the date to which the statute of limitations for the calendar year or portion thereof has been extended. No Manufacturer's Purchase Credit report filed with the Department for periods prior to January 1, 1995 shall be approved. Manufacturer's Purchase Credit claimed on an amended report may be used, prior to October 1, 2003, to satisfy tax liability under the Use Tax Act or the Service Use Tax Act (i) on qualifying purchases of production related tangible personal property made after the date the amended report is filed or (ii) assessed by the Department on qualifying purchases of production related tangible personal property made in the case of manufacturers on or after January 1, 1995, or in the case of graphic arts producers on or after July 1, 1996.

If the purchaser is not the manufacturer or a graphic arts producer, but rents or leases the use of the property to a manufacturer or a graphic arts producer, the purchaser may earn, report, and use Manufacturer's Purchase Credit in the same manner as a manufacturer or graphic arts producer.

A purchaser shall not be entitled to any Manufacturer's Purchase Credit for a purchase that is required to be reported and is not timely reported as provided in this Section. A purchaser remains liable for (i) any tax that was satisfied by use of a Manufacturer's Purchase Credit, as of the date of purchase, if that use is not timely reported as required in this Section and (ii) for any applicable penalties and interest for failing to pay the tax when due. No Manufacturer's Purchase Credit may be used after September 30, 2003 to satisfy any tax liability imposed under this Act, including any audit liability.

Section 50-24. The Service Occupation Tax Act is amended by changing Sections 2, 2a, 3-5, 3-7, and 9 as follows:

When a serviceman contracts out part or all of the services required in his sale of service, it shall be presumed that the cost price to the serviceman of the property transferred to him by his or her subcontractor is equal to 50% of the subcontractor's charges to the serviceman in the absence of proof of the consideration paid by the subcontractor for the purchase of such property.

"Department" means the Department of Revenue.

A limited liability company may qualify for the exemption under this paragraph only if the limited liability company is organized and operated exclusively for educational purposes.

(d) A sale or transfer of tangible personal property as an incident to the rendering of service for interstate carriers for hire for use as rolling stock moving in interstate commerce or lessors under leases of one year or longer, executed or in effect at the time of purchase, to interstate carriers for hire for use as rolling stock moving in interstate commerce, and equipment operated by a telecommunications provider, licensed as a
common carrier by the Federal Communications Commission, which is permanently installed in or affixed to aircraft moving in interstate commerce.

(d-1) A sale or transfer of tangible personal property as an incident to the rendering of service for owners, lessors or shippers of tangible personal property which is utilized by interstate carriers for hire for use as rolling stock moving in interstate commerce, and equipment operated by a telecommunications provider, licensed as a common carrier by the Federal Communications Commission, which is permanently installed in or affixed to aircraft moving in interstate commerce.

(d-2) The repairing, reconditioning or remodeling, for a common carrier by rail, of tangible personal property which belongs to such carrier for hire, and as to which such carrier receives the physical possession of the repaired, reconditioned or remodeled item of tangible personal property in Illinois, and which such carrier transports, or shares with another common carrier in the transportation of such property, out of Illinois on a standard uniform bill of lading showing the person who repaired, reconditioned or remodeled the property as the shipper or consignor of such property to a destination outside Illinois, for use outside Illinois.

(d-3) A sale or transfer of tangible personal property which is produced by the seller thereof on special order in such a way as to have made the applicable tax the Service Occupation Tax or the Service Use Tax, rather than the Retailers' Occupation Tax or the Use Tax, for an interstate carrier by rail which receives the physical possession of such property in Illinois, and which transports such property, or shares with another common carrier in the transportation of such property, out of Illinois on a standard uniform bill of lading showing the seller of the property as the shipper or consignor of such property to a destination outside Illinois, for use outside Illinois.

(e) A sale or transfer of machinery and equipment used primarily in the process of the manufacturing or assembling, either in an existing, an expanded or a new manufacturing facility, of tangible personal property for wholesale or retail sale or lease, whether such sale or lease is made directly by the manufacturer or by some other person, whether the materials used in the process are owned by the manufacturer or some other person, or whether such sale or lease is made apart from or as an incident to the seller's engaging in a service occupation and the applicable tax is a Service Occupation Tax or Service Use Tax, rather than Retailers' Occupation Tax or Use Tax.

The purchase of such tangible personal property by the serviceman shall be subject to tax under the Retailers' Occupation Tax Act and the Use Tax Act. However, if a primary serviceman who has made the election described in this paragraph subcontracts service work to a secondary serviceman who has also made the election described in this paragraph, the primary serviceman does not incur a Use Tax liability if the secondary serviceman (i) has paid or will pay Use Tax on his or her cost price of any tangible personal property transferred to the primary serviceman and (ii) certifies that fact in writing to the primary serviceman.

Tangible personal property transferred incident to the completion of a maintenance agreement is exempt from the tax imposed pursuant to this Act.

Exemption (e) also includes machinery and equipment used in the general maintenance or repair of such exempt machinery and equipment or for in-house manufacture of exempt machinery and equipment. For the purposes of exemption (e), each of these terms shall have the following meanings: (1) "manufacturing process" shall mean the production of any article of tangible personal property, whether such article is a finished product or an article for use in the process of manufacturing or assembling a different article of tangible personal property, by procedures commonly regarded as manufacturing, processing, fabricating, or refining which changes some existing material or materials into a material with a different form, use or name. In relation to a recognized integrated business composed of a series of operations which collectively constitute manufacturing, or individually constitute manufacturing operations, the manufacturing process shall be deemed to commence with the first operation or stage of production in the series, and shall not be deemed to end until the completion of the final product in the last operation or stage of production in the series; and further for purposes of exemption (e), photoprocessing is deemed to be a manufacturing process of tangible personal property for wholesale or retail sale; (2) "assembling process" shall mean the production of any article of tangible personal property, whether such article is a finished product or an article for use in the process of manufacturing or assembling a different article of tangible personal property, by the combination of existing materials in a manner commonly regarded as assembling which results in a material of a different form, use or name; (3) "machinery" shall mean major mechanical machines or major components of such machines contributing to a manufacturing or assembling process; and (4)
"equipment" shall include any independent device or tool separate from any machinery but essential to an integrated manufacturing or assembly process; including computers used primarily in a manufacturer's computer assisted design, computer assisted manufacturing (CAD/CAM) system; or any subunit or assembly comprising a component of any machinery or auxiliary, adjunct or attachment parts of machinery, such as tools, dies, jigs, fixtures, patterns and molds; or any parts which require periodic replacement in the course of normal operation; but shall not include hand tools. Equipment includes chemicals or chemicals acting as catalysts but only if the chemicals or chemicals acting as catalysts effect a direct and immediate change upon a product being manufactured or assembled for wholesale or retail sale or lease. The purchaser of such machinery and equipment who has an active resale registration number shall furnish such number to the seller at the time of purchase. The purchaser of such machinery and equipment and tools without an active resale registration number shall furnish to the seller a certificate of exemption for each transaction stating facts establishing the exemption for that transaction, which certificate shall be available to the Department for inspection or audit.

The rolling stock exemption applies to rolling stock used by an interstate carrier for hire, even just between points in Illinois, if such rolling stock transports, for hire, persons whose journeys or property whose shipments originate or terminate outside Illinois.

Any informal rulings, opinions or letters issued by the Department in response to an inquiry or request for any opinion from any person regarding the coverage and applicability of exemption (e) to specific devices shall be published, maintained as a public record, and made available for public inspection and copying. If the informal ruling, opinion or letter contains trade secrets or other confidential information, where possible the Department shall delete such information prior to publication. Whenever such informal rulings, opinions, or letters contain any policy of general applicability, the Department shall formulate and adopt such policy as a rule in accordance with the provisions of the Illinois Administrative Procedure Act.

On and after July 1, 1987, no entity otherwise eligible under exemption (c) of this Section shall make tax free purchases unless it has an active exemption identification number issued by the Department.

Sec. 9. Each serviceman required or authorized to collect the tax herein imposed shall pay to the Department the amount of such tax at the time when he is required to file his return for the period during which such tax was collectible, less a discount of 2.1% prior to January 1, 1990, and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the serviceman for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request.

Where such tangible personal property is sold under a conditional sales contract, or under any other form of sale wherein the payment of the principal sum, or a part thereof, is extended beyond the close of the period for which the return is filed, the serviceman, in collecting the tax may collect, for each tax return period, only the tax applicable to the part of the selling price actually received during such tax return period.

Except as provided hereinafter in this Section, on or before the twentieth day of each calendar month, such serviceman shall file a return for the preceding calendar month in accordance with reasonable rules and regulations to be promulgated by the Department of Revenue. Such return shall be filed on a form prescribed by the Department and shall contain such information as the Department may reasonably require.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:
1. The name of the seller;
2. The address of the principal place of business from which he engages in business as a serviceman in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;

New matter indicated by italics - deletions by strikeout
5. The amount of tax due;
5-5. The signature of the taxpayer; and
6. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Prior to October 1, 2003, a serviceman may accept a Manufacturer's Purchase Credit certification from a purchaser in satisfaction of Service Use Tax as provided in Section 3-70 of the Service Use Tax Act if the purchaser provides the appropriate documentation as required by Section 3-70 of the Service Use Tax Act. A Manufacturer's Purchase Credit certification, accepted prior to October 1, 2003 by a serviceman as provided in Section 3-70 of the Service Use Tax Act, may be used by that serviceman to satisfy Service Occupation Tax liability in the amount claimed in the certification, not to exceed 6.25% of the receipts subject to tax from a qualifying purchase. A Manufacturer's Purchase Credit reported on any original or amended return filed under this Act after October 20, 2003 shall be disallowed. No Manufacturer's Purchase Credit may be used after September 30, 2003 to satisfy any tax liability imposed under this Act, including any audit liability.

If the serviceman's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the serviceman's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a serviceman may file his return, in the case of any serviceman who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such serviceman shall file a final return under this Act with the Department not more than 1 month after discontinuing such business.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Where a serviceman collects the tax with respect to the selling price of tangible personal property which he sells and the purchaser thereafter returns such tangible personal property and the serviceman refunds the selling price thereof to the purchaser, such serviceman shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the serviceman may deduct the amount of the tax so refunded by him to the purchaser from any other Service Occupation Tax, Service Use Tax, Retailers' Occupation Tax or Use Tax which such serviceman may be required to pay or remit to the Department, as shown by such return, provided that the amount of the tax to be deducted shall previously have been remitted to the Department by such serviceman. If the serviceman shall not previously have remitted the amount of such tax to the Department, he shall be entitled to no deduction hereunder upon refunding such tax to the purchaser.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable servicemen, who are required to file returns hereunder and also under the Retailers' Occupation Tax Act,
the Use Tax Act or the Service Use Tax Act, to furnish all the return information required by all said Acts on the one form.

Where the serviceman has more than one business registered with the Department under separate registrations hereunder, such serviceman shall file separate returns for each registered business.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund the revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics.

If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. Such annual return to the Department shall include a statement of gross receipts as shown by the taxpayer's last Federal income tax return. If the total receipts of the business as reported in the Federal income tax return do not agree with the gross receipts reported to the Department of Revenue for the same period, the taxpayer shall attach to his annual return a schedule showing a reconciliation of the 2 amounts and the reasons for the difference. The transaction reporting return, in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of The Illinois Vehicle Code and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold; such other information as is required in Section 5-402 of The Illinois Vehicle Code, and such other information as the Department may reasonably require.

The transaction reporting return in the case of watercraft or aircraft must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale, a sufficient identification of the property sold, and such other information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days after the day of delivery of the item that is being sold, but may be filed by the retailer at any time sooner than that if he chooses to do so. The transaction reporting return and tax remittance or proof of exemption from the Illinois use tax may be transmitted to the Department by way of the State agency with which, or State officer with whom the tangible personal property must be titled or registered (if titling or registration is required) if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the
purchaser's name, a use tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which such purchaser may submit to the agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a user, who has paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the transaction reporting return filed and the payment of the tax or proof of exemption made to the Department before the retailer is willing to take these actions and such user has not paid the tax to the retailer, such user may certify to the fact of such delay by the retailer and may (upon the Department being satisfied of the truth of such certification) transmit the information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or exemption determination, in which event the transaction reporting return and tax remittance (if a tax payment was required) shall be credited by the Department to the proper retailer's account with the Department, but without the 2.1% or 1.75% discount provided for in this Section being allowed. When the user pays the tax directly to the Department, he shall pay the tax in the same amount and in the same form in which it would be remitted if the tax had been remitted to the Department by the retailer.

Refunds made by the seller during the preceding return period to purchasers, on account of tangible personal property returned to the seller, shall be allowed as a deduction under subdivision 5 of his monthly or quarterly return, as the case may be, in case the seller had theretofore included the receipts from the sale of such tangible personal property in a return filed by him and had paid the tax imposed by this Act with respect to such receipts.

Where the seller is a corporation, the return filed on behalf of such corporation shall be signed by the president, vice-president, secretary or treasurer or by the properly accredited agent of such corporation.

Where the seller is a limited liability company, the return filed on behalf of the limited liability company shall be signed by a manager, member, or properly accredited agent of the limited liability company.

Except as provided in this Section, the retailer filing the return under this Section shall, at the time of filing such return, pay to the Department the amount of tax imposed by this Act less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to

reimburse the retailer for the expenses incurred in keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. Any prepayment made pursuant to Section 2d of this Act shall be included in the amount on which such 2.1% or 1.75% discount is computed. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was $10,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. On and after October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was $20,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to January 1, 1985, each payment shall be in an amount equal to 1/4 of the taxpayer's actual liability for the month or an amount set by the Department not to exceed 1/4 of the average monthly liability of the taxpayer to the Department for the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability in such 4 quarter period). If the month during which such tax liability is incurred begins on or after January 1, 1985 and prior to January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1987 and prior to January 1, 1988, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1988, and prior to January 1, 1989, or begins on or after January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1989, and prior to January 1, 1996, each payment shall be in
an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year or 100% of the taxpayer's actual liability for the quarter monthly reporting period. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month. Before October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of $10,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $9,000, or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $10,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $10,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. On and after October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of $20,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $20,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $20,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. The Department shall change such taxpayer's reporting status unless it finds that such change is seasonal in nature and not likely to be long term. If any such quarter monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due as a payment and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the quarter monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

The provisions of this paragraph apply before October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any

taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes which average in excess of $25,000 per month during the preceding 2 complete calendar quarters, shall file a return with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to the effective date of this amendatory Act of 1985, each payment shall be in an amount not less than 22.5% of the taxpayer's actual liability under Section 2d. If the month during which such tax liability is incurred begins on or after January 1, 1986, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding calendar year. If the month during which such tax liability is incurred begins on or after January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until the taxpayer's average monthly prepaid tax collections during the preceding 2 complete calendar quarters is $25,000 or less. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

The provisions of this paragraph apply on and after October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes that average in excess of $20,000 per month during the preceding 4 complete calendar quarters shall file a return with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which the liability is incurred. Each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of the quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until the taxpayer's average monthly prepaid tax collections during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarters is less

than $20,000. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

If any payment provided for in this Section exceeds the taxpayer's liabilities under this Act, the Use Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, as shown on an original monthly return, the Department shall, if requested by the taxpayer, issue to the taxpayer a credit memorandum no later than 30 days after the date of payment. The credit evidenced by such credit memorandum may be assigned by the taxpayer to a similar taxpayer under this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations to be prescribed by the Department. If no such request is made, the taxpayer may credit such excess payment against tax liability subsequently to be remitted to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determined that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer's 2.1% and 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of the difference between the credit taken and that actually due, and that taxpayer shall be liable for penalties and interest on such difference.

If a retailer of motor fuel is entitled to a credit under Section 2d of this Act which exceeds the taxpayer's liability to the Department under this Act for the month which the taxpayer is filing a return, the Department shall issue the taxpayer a credit memorandum for the excess.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund, a special fund in the State treasury which is hereby created, the net revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics.

Beginning January 1, 1990, each month the Department shall pay into the County and Mass Transit District Fund, a special fund in the State treasury which is hereby created, 4% of the net revenue realized for the preceding month from the 6.25% general rate.

Beginning August 1, 2000, each month the Department shall pay into the County and Mass Transit District Fund 20% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund 16% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

and means the Certified Annual Debt Service Requirement (as defined in Section 13 of the Build Illinois Bond Act) or the Tax Act Amount, whichever is greater, for fiscal year 1994 and each fiscal year thereafter; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Bond Account in the Build Illinois Fund during such month and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year. The amounts payable into the Build Illinois Fund under clause (b) of the first sentence in this paragraph shall be payable only until such time as the aggregate
amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget. The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act, but not in excess of sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act into the McCormick Place Expansion Project Fund in the specified fiscal years.

month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Community Affairs Law of the Civil Administrative Code of Illinois.

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

The Department may, upon separate written notice to a taxpayer, require the taxpayer to prepare and file with the Department on a form prescribed by the Department within not less than 60 days after receipt of the notice an annual information return for the tax year specified in the notice. Such annual return to the Department shall include a statement of gross receipts as shown by the retailer's last Federal income tax return. If the total receipts of the business as reported in the Federal income tax return do not agree with the gross receipts reported to the Department of Revenue for the same period, the retailer shall attach to his annual return a schedule showing a reconciliation of the 2 amounts and the reasons for the difference. The retailer's annual return to the Department shall also disclose the cost of goods sold by the retailer during the year covered by such return, opening and closing inventories of such goods for such year, costs of goods used from stock or taken from stock and given away by the retailer during such year, payroll information of the retailer's business during such year and any additional reasonable information which the Department deems would be helpful in determining the accuracy of the monthly, quarterly or annual returns filed by such retailer as provided for in this Section.

If the annual information return required by this Section is not filed when and as required, the taxpayer shall be liable as follows:

(i) Until January 1, 1994, the taxpayer shall be liable for a penalty equal to 1/6 of 1% of the tax due from such taxpayer under this Act during the period to be covered by the annual return for each month or fraction of a month until such return is filed as required, the penalty to be assessed and collected in the same manner as any other penalty provided for in this Act.
(ii) On and after January 1, 1994, the taxpayer shall be liable for a penalty as described in Section 3-4 of the Uniform Penalty and Interest Act.

The chief executive officer, proprietor, owner or highest ranking manager shall sign the annual return to certify the accuracy of the information contained therein. Any person who willfully signs the annual return containing false or inaccurate information shall be guilty of perjury and punished accordingly. The annual return form prescribed by the Department shall include a warning that the person signing the return may be liable for perjury.

The provisions of this Section concerning the filing of an annual information return do not apply to a retailer who is not required to file an income tax return with the United States Government.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, manufacturers, importers and wholesalers whose products are sold at retail in Illinois by numerous retailers, and who wish to do so, may assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the retailers who are affected do not make written objection to the Department to this arrangement.

Any person who promotes, organizes, provides retail selling space for concessionaires or other types of sellers at the Illinois State Fair, DuQuoin State Fair, county fairs, local fairs, art shows, flea markets and similar exhibitions or events, including any transient merchant as defined by Section 2 of the Transient Merchant Act of 1987, is required to file a report with the Department providing the name of the merchant's business, the name of the person or persons engaged in merchant's business, the permanent address and Illinois Retailers Occupation Tax Registration Number of the merchant, the dates and location of the event and other reasonable information that the Department may require. The report must be filed not later than the 20th day of the month next following the month during which the event with retail sales was held. Any person who fails to file a report required by this Section commits a business offense and is subject to a fine not to exceed $250.

Any person engaged in the business of selling tangible personal property at retail as a concessionaire or other type of seller at the Illinois State Fair, county fairs, art shows, flea markets and similar exhibitions or events, or any transient merchants, as defined by Section 2 of the Transient Merchant Act of 1987, may be required to make a
daily report of the amount of such sales to the Department and to make a daily payment of the full amount of tax due. The Department shall impose this requirement when it finds that there is a significant risk of loss of revenue to the State at such an exhibition or event. Such a finding shall be based on evidence that a substantial number of concessionaires or other sellers who are not residents of Illinois will be engaging in the business of selling tangible personal property at retail at the exhibition or event, or other evidence of a significant risk of loss of revenue to the State. The Department shall notify concessionaires and other sellers affected by the imposition of this requirement. In the absence of notification by the Department, the concessionaires and other sellers shall file their returns as otherwise required in this Section.

(625 ILCS 5/3-2001) (from Ch. 95 1/2, par. 3-2001)
Sec. 3-2001. Until July 1, 2003, a tax of $200 is hereby imposed on the purchase of any passenger car as defined in Section 1-157 of this Code, purchased in Illinois by or on behalf of an insurance company to replace a passenger car of an insured person in settlement of a total loss claim. The tax imposed by this Section shall apply only to that portion of the purchase price of the replacement vehicle paid by the insurance company in settlement of the total loss claim, but not including any portion of such insurance payment which exceeds the market value of the total loss vehicle.

Section 20-5. The Department of Central Management Services Law of the Civil Administrative Code of Illinois is amended by adding Section 405-410 as follows:

(20 ILCS 405/405-410 new)
Sec. 405-410. Transfer of Information Technology functions.
(a) Notwithstanding any other law to the contrary, on or before June 30, 2004, the Director of Central Management Services, working in cooperation with the Director of any other agency, department, board, or commission directly responsible to the Governor, may direct the transfer, to the Department of Central Management Services, of those information technology functions at that agency, department, board, or commission that are suitable for centralization.

Upon receipt of the written direction to transfer information technology functions to the Department of Central Management Services, the personnel, equipment, and property (both real and personal) directly relating to the transferred functions shall be transferred to the Department of Central Management Services, and the relevant documents, records, and correspondence shall be transferred or copied, as the Director may prescribe.

(b) Upon receiving written direction from the Director of Central Management Services, the Comptroller and Treasurer are authorized to transfer the unexpended balance of any appropriations related to the information technology functions transferred to the Department of Central Management Services and shall make the necessary fund transfers from any special fund in the State Treasury or from any other federal or State trust fund held by the Treasurer to the General Revenue Fund for use by the Department of Central Management Services in support of information technology functions or any other related costs or expenses of the Department of Central Management Services.

(c) The rights of employees and the State and its agencies under the Personnel Code and applicable collective bargaining agreements or under any pension, retirement, or annuity plan shall not be affected by any transfer under this Section.

(d) The functions transferred to the Department of Central Management Services by this Section shall be vested in and shall be exercised by the Department of Central Management Services. Each act done in the exercise of those functions shall have the same legal effect as if done by the agencies, offices, divisions, departments, bureaus, boards and commissions from which they were transferred.

Every person or other entity shall be subject to the same obligations and duties and any penalties, civil or criminal, arising therefrom, and shall have the same rights arising from the exercise of such rights, powers, and duties as had been exercised by the
agencies, offices, divisions, departments, bureaus, boards, and commissions from which
they were transferred.

Whenever reports or notices are now required to be made or given or papers or

Appropriations for any of such purposes are payable from the Road Fund or the Grade Crossing Protection Fund as provided in Section 8 of the Motor Fuel Tax Law.

Except as provided in this paragraph, beginning with fiscal year 1991 and thereafter, no Road Fund monies shall be appropriated to the Department of State Police for the purposes of this Section in excess of its total fiscal year 1990 Road Fund appropriations for those purposes unless otherwise provided in Section 5g of this Act. For

Sec. 8j. Allocation and transfer of fee receipts to General Revenue Fund. If and only if any one or more of Senate Bills 774, 841, 842, and 1903 of the 93rd General Assembly become law, notwithstanding any other law to the contrary, additional amounts generated by the new and increased fees created or authorized by these amendatory Acts of the 93rd General Assembly shall be allocated between the fund otherwise entitled to receive the fee and the General Revenue Fund by the Bureau of the Budget. In determining the amount of the allocation to the General Revenue Fund, the Director of the Bureau of the Budget shall calculate whether the available resources in the fund are sufficient to satisfy the unexpended and unreserved appropriations from the fund for the fiscal year.

In calculating the available resources in a fund, the Director of the Bureau of the Budget may include receipts, transfers into the fund, and other resources anticipated to be available in the fund in that fiscal year.

(2) (a) The chief judge of each circuit shall provide full-time probation services for all counties within the circuit, in a manner consistent with the annual probation plan, the standards, policies, and regulations established by the Supreme Court. A probation district of two or more counties within a circuit may be created for the purposes of providing full-time probation services. costs which exceed or are not provided for in the approved annual plan and budget. After the effective date of this amendatory Act of 1985, each county must provide basic services in accordance with the annual plan and standards created by the division. No department may receive funds for new or expanded programs or individualized services and programs unless they are in compliance with standards as enumerated in paragraph (h) of subsection (1) of this Section, the annual plan, and standards for basic services.

(4) The Division shall reimburse the county or counties for probation services as follows:

(a) 100% of the salary of all chief managing officers designated as such by the Chief Judge and the division.
(b) 100% of the salary for all probation officer and supervisor positions approved for reimbursement by the division after April 1, 1984, to meet workload standards and to implement intensive sanction and probation supervision programs and other basic services as defined in this Act.
(c) 100% of the salary for all secure detention personnel and non-secure group home personnel approved for reimbursement after December 1, 1990. For all such positions approved for reimbursement before December 1, 1990, the counties shall be reimbursed $1,250 per month beginning July 1, 1995, and an additional $250 per month beginning each July 1st thereafter until the positions receive 100% salary reimbursement. (f) If the amount of funds reimbursed to the county under paragraphs (a) through (e) of subsection 4 of this Section on an annual basis is less than the amount the county had received during the 12 month period immediately prior to the effective date of this amendatory Act of 1985, then the Division shall reimburse the amount of the difference to the county. The effect of paragraph (b) of subsection 7 of this Section shall be considered in implementing this supplemental reimbursement provision.

(5) The Division shall provide funds beginning on April 1, 1987 for the counties to provide Individualized Services and Programs as provided in Section 16 of this Act.

(6) A Probation and Court Services Department in order to be eligible for the reimbursement must submit to the Supreme Court an application containing such

information and in such a form and by such dates as the Supreme Court may require. Departments to be eligible for funding must satisfy the following conditions:

(a) The Department shall have on file with the Supreme Court an annual Probation plan for continuing, improved, and new Probation and Court Services Programs approved by the Supreme Court or its designee. This plan shall indicate the manner in which Probation and Court Services will be delivered and improved, consistent with the minimum standards and regulations for Probation and Court Services, as established by the Supreme Court. In counties with more than one Probation and Court Services Department eligible to receive funds, all Departments within that county must submit plans which are approved by the Supreme Court.

(b) The annual probation plan shall seek to generally improve the quality of probation services and to reduce the commitment of adult and juvenile offenders to the Department of Corrections and shall require, when appropriate, coordination with the Department of Corrections and the Department of Children and Family Services in the development and use of community resources, information systems, case review and permanency planning systems to avoid the duplication of services.

(c) The Department shall be in compliance with standards developed by the Supreme Court for basic, new and expanded services, training, personnel hiring and promotion.

(d) The Department shall in its annual plan indicate the manner in which it will support the rights of crime victims and in which manner it will implement Article I, Section 8.1 of the Illinois Constitution and in what manner it will coordinate crime victims' support services with other criminal justice agencies within its jurisdiction, including but not limited to, the State's Attorney, the Sheriff and any municipal police department.

(7) No statement shall be verified by the Supreme Court or its designee or vouchered by the Comptroller unless each of the following conditions have been met:

(a) The probation officer is a full-time employee appointed by the Chief Judge to provide probation services.

(b) The probation officer, in order to be eligible for State reimbursement, is receiving a salary of at least $17,000 per year.

(c) The probation officer is appointed or was reappointed in accordance with minimum qualifications or criteria established by the Supreme Court; however, all probation officers appointed prior to January 1, 1978, shall be exempted from the minimum requirements established by the Supreme Court. Payments shall be made to counties employing these exempted probation officers as long as they are employed in the position held on the effective date of this
amendatory Act of 1985. Promotions shall be governed by minimum qualifications established by the Supreme Court.

(d) The Department has an established compensation schedule approved by the Supreme Court. The compensation schedule shall include salary ranges with necessary increments to compensate each employee. The increments shall, within the salary ranges, be based on such factors as bona fide occupational qualifications, performance, and length of service. Each position in the Department shall be placed on the compensation schedule according to job duties and responsibilities of such position. The policy and procedures of the compensation schedule shall be made available to each employee.

(8) In order to obtain full reimbursement of all approved costs, each Department must continue to employ at least the same number of probation officers and probation managers as were authorized for employment for the fiscal year which includes January 1, 1985. This number shall be designated as the base amount of the Department. No positions approved by the Division under paragraph (b) of subsection 4 will be included in the base amount. In the event that the Department employs fewer Probation officers and Probation managers than the base amount for a period of 90 days, funding received by the Department under subsection 4 of this Section may be reduced on a monthly basis by the amount of the current salaries of any positions below the base amount.

(9) Before the 15th day of each month, the treasurer of any county which has a Probation and Court Services Department, or the treasurer of the most populous county, in the case of a Probation or Court Services Department funded by more than one county, shall submit an itemized statement of all approved costs incurred in the delivery of Basic Probation and Court Services under this Act to the Supreme Court. The treasurer may also submit an itemized statement of all approved costs incurred in the delivery of new and expanded Probation and Court Services as well as Individualized Services and Programs. The Supreme Court or its designee shall verify compliance with this Section and shall examine and audit the monthly statement and, upon finding them to be correct, shall forward them to the Comptroller for payment to the county treasurer. In the case of payment to a treasurer of a county which is the most populous of counties sharing the salary and expenses of a Probation and Court Services Department, the treasurer shall divide the money between the counties in a manner that reflects each county's share of the cost incurred by the Department.

(10) The county treasurer must certify that funds received under this Section shall be used solely to maintain and improve Probation and Court Services. The county or circuit shall remain in compliance with all standards, policies and regulations established by the Supreme Court. If at any time the Supreme Court determines that a county or circuit is not in compliance, the Supreme Court shall immediately notify the Chief Judge, county board chairman and the Director of Court Services Chief Probation Officer. If after 90 days of written notice the noncompliance still exists, the Supreme Court shall be
required to reduce the amount of monthly reimbursement by 10%. An additional 10% reduction of monthly reimbursement shall occur for each consecutive month of noncompliance. Except as provided in subsection 5 of Section 15, funding to counties shall commence on April 1, 1986. Funds received under this Act shall be used to provide for Probation Department expenses including those required under Section 13 of this Act. For State fiscal year 2004 only, the Mandatory Arbitration Fund may be used to provide for Probation Department expenses, including those required under Section 13 of this Act.

(11) The respective counties shall be responsible for capital and space costs, fringe benefits, clerical costs, equipment, telecommunications, postage, commodities and printing.

(12) Probation officers shall be considered peace officers in the exercise of their official duties. Probation officers, sheriffs and police officers may, anywhere within the State, arrest any probationer who is in violation of any of the conditions of his probation, and it shall be the duty of the officer making such arrest to take said probationer before the Court having jurisdiction over him for further order.

Sec. 2-1009A. Filing Fees. Section 905. The Uniform Penalty and Interest Act is amended by changing Sections 3-2, 3-3, 3-4, 3-5, 3-6, and 3-7.5 as follows:

(35 ILCS 735/3-2) (from Ch. 120, par. 2603-2)
Sec. 3-2. Interest.
(a) Interest paid by the Department to taxpayers and interest charged to taxpayers by the Department shall be paid at the annual rate determined by the Department. That rate shall be the underpayment rate established under Section 6621 of the Internal Revenue Code.
(b) The interest rate shall be adjusted on a semiannual basis, on January 1 and July 1, based upon the underpayment rate going into effect on that January 1 or July 1 under Section 6621 of the Internal Revenue Code.
(c) This subsection (c) is applicable to returns due on and before December 31, 2000. Interest shall be simple interest calculated on a daily basis. Interest shall accrue upon tax and penalty due. If notice and demand is made for the payment of any amount of tax due and if the amount due is paid within 30 days after the date of such notice and demand, interest under this Section on the amount so paid shall not be imposed for the period after the date of the notice and demand.
(c-5) This subsection (c-5) is applicable to returns due on and after January 1, 2001. Interest shall be simple interest calculated on a daily basis. Interest shall accrue upon tax due. If notice and demand is made for the payment of any amount of tax due and if the amount due is paid within 30 days after the date of the notice and demand, interest under this Section on the amount so paid shall not be imposed for the period after the date of the notice and demand.
(d) No interest shall be paid upon any overpayment of tax if the overpayment is refunded or a credit approved within 90 days after the last date prescribed for filing the original return, or within 90 days of the receipt of the processable return, or within 90 days after the date of overpayment, whichever date is latest, as determined without regard to processing time by the Comptroller or without regard to the date on which the credit is applied to the taxpayer's account. In order for an original return to be processable for purposes of this Section, it must be in the form prescribed or approved by the Department, signed by the person authorized by law, and contain all information, schedules, and support documents necessary to determine the tax due and to make allocations of tax as prescribed by law. For the purposes of computing interest, a return
shall be deemed to be processable unless the Department notifies the taxpayer that the return is not processable within 90 days after the receipt of the return; however, interest shall not accumulate for the period following this date of notice. Interest on amounts refunded or credited pursuant to the filing of an amended return or claim for refund shall be determined from the due date of the original return or the date of overpayment, whichever is later, to the date of payment by the Department without regard to processing time by the Comptroller or the date of credit by the Department or without regard to the date on which the credit is applied to the taxpayer's account. If a claim for refund relates to an overpayment attributable to a net loss carryback as provided by Section 207 of the Illinois Income Tax Act, the date of overpayment shall be the last day of the taxable year in which the loss was incurred.

(e) Interest on erroneous refunds. Any portion of the tax imposed by an Act to which this Act is applicable or any interest or penalty which has been erroneously refunded and which is recoverable by the Department shall bear interest from the date of payment of the refund. However, no interest will be charged if the erroneous refund is for an amount less than $500 and is due to a mistake of the Department.

(f) If a taxpayer has a tax liability that is eligible for amnesty under the Tax Delinquency Amnesty Act and the taxpayer fails to satisfy the tax liability during the amnesty period provided for in that Act, then the interest charged by the Department under this Section shall be imposed at a rate that is 200% of the rate that would otherwise be imposed under this Section.

(35 ILCS 735/3-3) (from Ch. 120, par. 2603-3)
Sec. 3-3. Penalty for failure to file or pay.
(a) This subsection (a) is applicable before January 1, 1996. A penalty of 5% of the tax required to be shown due on a return shall be imposed for failure to file the tax return on or before the due date prescribed for filing determined with regard for any extension of time for filing (penalty for late filing or nonfiling). If any unprocessable return is corrected and filed within 21 days after notice by the Department, the late filing or nonfiling penalty shall not apply. If a penalty for late filing or nonfiling is imposed in addition to a penalty for late payment, the total penalty due shall be the sum of the late filing penalty and the applicable late payment penalty. Beginning on the effective date of this amendatory Act of 1995, in the case of any type of tax return required to be filed more frequently than annually, when the failure to file the tax return on or before the date prescribed for filing (including any extensions) is shown to be nonfraudulent and has not occurred in the 2 years immediately preceding the failure to file on the prescribed due date, the penalty imposed by Section 3-3(a) shall be abated.

(a-5) This subsection (a-5) is applicable to returns due on and after January 1, 1996 and on or before December 31, 2000. A penalty equal to 2% of the tax required to be shown due on a return, up to a maximum amount of $250, determined without regard
to any part of the tax that is paid on time or by any credit that was properly allowable on the date the return was required to be filed, shall be imposed for failure to file the tax return on or before the due date prescribed for filing determined with regard for any extension of time for filing. However, if any return is not filed within 30 days after notice of nonfiling mailed by the Department to the last known address of the taxpayer contained in Department records, an additional penalty amount shall be imposed equal to the greater of $250 or 2% of the tax shown on the return. However, the additional penalty amount may not exceed $5,000 and is determined without regard to any part of the tax that is paid on time or by any credit that was properly allowable on the date the return was required to be filed (penalty for late filing or nonfiling). If any unprocessable return is corrected and filed within 30 days after notice by the Department, the late filing or nonfiling penalty shall not apply. If a penalty for late filing or nonfiling is imposed in addition to a penalty for late payment, the total penalty due shall be the sum of the late filing penalty and the applicable late payment penalty. In the case of any type of tax return required to be filed more frequently than annually, when the failure to file the tax return on or before the date prescribed for filing (including any extensions) is shown to be nonfraudulent and has not occurred in the 2 years immediately preceding the failure to file on the prescribed due date, the penalty imposed by Section 3-3(a-5) shall be abated.

(a-10) This subsection (a-10) is applicable to returns due on and after January 1, 2001. A penalty equal to 2% of the tax required to be shown due on a return, up to a maximum amount of $250, reduced by any tax that is paid on time or by any credit that was properly allowable on the date the return was required to be filed, shall be imposed for failure to file the tax return on or before the due date prescribed for filing determined with regard for any extension of time for filing. However, if any return is not filed within 30 days after notice of nonfiling mailed by the Department to the last known address of the taxpayer contained in Department records, an additional penalty amount shall be imposed equal to the greater of $250 or 2% of the tax shown on the return. However, the additional penalty amount may not exceed $5,000 and is determined without regard to any part of the tax that is paid on time or by any credit that was properly allowable on the date the return was required to be filed (penalty for late filing or nonfiling). If any unprocessable return is corrected and filed within 30 days after notice by the Department, the late filing or nonfiling penalty shall not apply. If a penalty for late filing or nonfiling is imposed in addition to a penalty for late payment, the total penalty due shall be the sum of the late filing penalty and the applicable late payment penalty. In the case of any type of tax return required to be filed more frequently than annually, when the failure to file the tax return on or before the date prescribed for filing (including any extensions) is shown to be nonfraudulent and has not occurred in the 2 years immediately preceding the failure to file on the prescribed due date, the penalty imposed by Section 3-3(a-10) shall be abated.
(b) This subsection is applicable before January 1, 1998. A penalty of 15% of the tax shown on the return or the tax required to be shown due on the return shall be imposed for failure to pay:

(1) the tax shown due on the return on or before the due date prescribed for payment of that tax, an amount of underpayment of estimated tax, or an amount that is reported in an amended return other than an amended return timely filed as required by subsection (b) of Section 506 of the Illinois Income Tax Act (penalty for late payment or nonpayment of admitted liability); or

(2) the full amount of any tax required to be shown due on a return and which is not shown (penalty for late payment or nonpayment of additional liability), within 30 days after a notice of arithmetic error, notice and demand, or a final assessment is issued by the Department. In the case of a final assessment arising following a protest and hearing, the 30-day period shall not begin until all proceedings in court for review of the final assessment have terminated or the period for obtaining a review has expired without proceedings for a review having been instituted. In the case of a notice of tax liability that becomes a final assessment without a protest and hearing, the penalty provided in this paragraph (2) shall be imposed at the expiration of the period provided for the filing of a protest.

(b-5) This subsection is applicable to returns due on and after January 1, 1998 and on or before December 31, 2000. A penalty of 20% of the tax shown on the return or the tax required to be shown due on the return shall be imposed for failure to pay:

(1) the tax shown due on the return on or before the due date prescribed for payment of that tax, an amount of underpayment of estimated tax, or an amount that is reported in an amended return other than an amended return timely filed as required by subsection (b) of Section 506 of the Illinois Income Tax Act (penalty for late payment or nonpayment of admitted liability); or

(2) the full amount of any tax required to be shown due on a return and which is not shown (penalty for late payment or nonpayment of additional liability), within 30 days after a notice of arithmetic error, notice and demand, or a final assessment is issued by the Department. In the case of a final assessment arising following a protest and hearing, the 30-day period shall not begin until all proceedings in court for review of the final assessment have terminated or the period for obtaining a review has expired without proceedings for a review having been instituted. In the case of a notice of tax liability that becomes a final assessment without a protest and hearing, the penalty provided in this paragraph (2) shall be imposed at the expiration of the period provided for the filing of a protest.

(b-10) This subsection (b-10) is applicable to returns due on and after January 1, 2001. A penalty shall be imposed for failure to pay:

New matter indicated by italics - deletions by strikeout
(1) the tax shown due on a return on or before the due date prescribed for payment of that tax, an amount of underpayment of estimated tax, or an amount that is reported in an amended return other than an amended return timely filed as required by subsection (b) of Section 506 of the Illinois Income Tax Act (penalty for late payment or nonpayment of admitted liability). The amount of penalty imposed under this subsection (b-10)(1) shall be 2% of any amount that is paid no later than 30 days after the due date, 5% of any amount that is paid later than 30 days after the due date and not later than 90 days after the due date, 10% of any amount that is paid later than 90 days after the due date and not later than 180 days after the due date, and 15% of any amount that is paid later than 180 days after the due date. If notice and demand is made for the payment of any amount of tax due and if the amount due is paid within 30 days after the date of the notice and demand, then the penalty for late payment or nonpayment of admitted liability under this subsection (b-10)(1) on the amount so paid shall not accrue for the period after the date of the notice and demand.

(2) the full amount of any tax required to be shown due on a return and that is not shown (penalty for late payment or nonpayment of additional liability), within 30 days after a notice of arithmetic error, notice and demand, or a final assessment is issued by the Department. In the case of a final assessment arising following a protest and hearing, the 30-day period shall not begin until all proceedings in court for review of the final assessment have terminated or the period for obtaining a review has expired without proceedings for a review having been instituted. The amount of penalty imposed under this subsection (b-10)(2) shall be 20% of any amount that is not paid within the 30-day period. In the case of a notice of tax liability that becomes a final assessment without a protest and hearing, the penalty provided in this subsection (b-10)(2) shall be imposed at the expiration of the period provided for the filing of a protest.

(c) For purposes of the late payment penalties, the basis of the penalty shall be the tax shown or required to be shown on a return, whichever is applicable, reduced by any part of the tax which is paid on time and by any credit which was properly allowable on the date the return was required to be filed.

(d) A penalty shall be applied to the tax required to be shown even if that amount is less than the tax shown on the return.

(e) This subsection (e) is applicable to returns due before January 1, 2001. If both a subsection (b)(1) or (b-5)(1) penalty and a subsection (b)(2) or (b-5)(2) penalty are assessed against the same return, the subsection (b)(2) or (b-5)(2) penalty shall be assessed against only the additional tax found to be due.

(e-5) This subsection (e-5) is applicable to returns due on and after January 1, 2001. If both a subsection (b-10)(1) penalty and a subsection (b-10)(2) penalty are
assessed against the same return, the subsection (b-10)(2) penalty shall be assessed against only the additional tax found to be due.

(f) If the taxpayer has failed to file the return, the Department shall determine the correct tax according to its best judgment and information, which amount shall be prima facie evidence of the correctness of the tax due.

(g) The time within which to file a return or pay an amount of tax due without imposition of a penalty does not extend the time within which to file a protest to a notice of tax liability or a notice of deficiency.

(h) No return shall be determined to be unprocessable because of the omission of any information requested on the return pursuant to Section 2505-575 of the Department of Revenue Law (20 ILCS 2505/2505-575).

(i) If a taxpayer has a tax liability that is eligible for amnesty under the Tax Delinquency Amnesty Act and the taxpayer fails to satisfy the tax liability during the amnesty period provided for in that Act, then the penalty imposed by the Department under this Section shall be imposed in an amount that is 200% of the amount that would otherwise be imposed under this Section.

In the application for an owners license, the applicant shall state the dock at which the riverboat is based and the water on which the riverboat will be located. The Board shall issue 5 licenses to become effective not earlier than January 1, 1991. Three of such licenses shall authorize riverboat gambling on the Mississippi River, or in a municipality that (1) borders on the Mississippi River and (2), on the effective date of this amendatory Act of the 93rd General Assembly, has a riverboat conducting riverboat gambling operations pursuant to a license issued under this Act, one of which shall authorize riverboat gambling from a home dock in the city of East St. Louis, and one of which shall authorize riverboat gambling on the Mississippi River or in a municipality that (1) borders on the Mississippi River or is within 5 miles of the city limits of a municipality that borders on the Mississippi River and (2), on the effective date of this amendatory Act of the 92nd General Assembly, has a riverboat conducting riverboat gambling operations pursuant to a license issued under this Act. In granting all licenses, the Board may give favorable consideration to economically depressed areas of the State, to applicants presenting plans which provide for significant economic development over a large geographic area, and to applicants who currently operate non-gambling riverboats in Illinois. The Board shall review all applications for owners licenses, and shall inform each applicant of the Board's decision. The Board may grant an owners license to an applicant that has not submitted the highest license bid, but if it does not select the highest bidder, the Board shall issue a written decision explaining why another applicant was selected and identifying the factors set forth in this Section that favored the winning bidder.

In addition to any other revocation powers granted to the Board under this Act, the Board may revoke the owners license of a licensee which fails to begin conducting gambling within 15 months of receipt of the Board's approval of the application if the Board determines that license revocation is in the best interests of the State.

(f) The first 10 owners licenses issued under this Act shall permit the holder to own up to 2 riverboats and equipment thereon for a period of 3 years after the
(g) Upon the termination, expiration, or revocation of each of the first 10 licenses, which shall be issued for a 3 year period, all licenses are renewable annually upon payment of the fee and a determination by the Board that the licensee continues to meet all of the requirements of this Act and the Board's rules. However, for licenses renewed on or after May 1, 1998, renewal shall be for a period of 4 years, unless the Board sets a shorter period.

(h) An owner's license shall entitle the licensee to own up to 2 riverboats. A licensee shall limit the number of gambling participants to 1,200 for any such owners license. A licensee may operate both of its riverboats concurrently, provided that the total number of gambling participants on both riverboats does not exceed 1,200. Riverboats licensed to operate on the Mississippi River and the Illinois River south of Marshall County shall have an authorized capacity of at least 500 persons. Any other riverboat licensed under this Act shall have an authorized capacity of at least 400 persons.

(i) A licensed owner is authorized to apply to the Board for and, if approved therefor, to receive all licenses from the Board necessary for the operation of a riverboat, including a liquor license, a license to prepare and serve food for human consumption, and other necessary licenses. All use, occupation and excise taxes which apply to the sale of food and beverages in this State and all taxes imposed on the sale or use of tangible personal property apply to such sales aboard the riverboat.

(j) The Board may issue or re-issue a license authorizing a riverboat to dock in a municipality or approve a relocation under Section 11.2 only if, prior to the issuance or re-issuance of the license or approval, the governing body of the municipality in which the riverboat will dock has by a majority vote approved the docking of riverboats in the municipality. Each such applicant must also submit evidence to the Board that minority persons and females hold ownership interests in the applicant of at least 16% and 4% respectively.

(c) Notwithstanding anything to the contrary in Section 7(e), an applicant may apply to the Board for approval of relocation of a re-issued license to a new home dock location authorized under Section 3(c) upon receipt of the approval from the municipality or county, as the case may be, pursuant to Section 7(j).

(d) In determining whether to grant a re-issued owners license to an applicant, the Board shall consider all of the factors set forth in Sections 7(b) and (e) as well as the amount of the applicant's license bid. (230 ILCS 10/7.3 new)
Sec. 7.3. State conduct of gambling operations.
(a) If, after reviewing each application for a re-issued license, the Board determines that the highest prospective total revenue to the State would be derived from State conduct of the gambling operation in lieu of re-issuing the license, the Board shall inform each applicant of its decision. The Board shall thereafter have the authority, without obtaining an owners license, to conduct riverboat gambling operations as previously authorized by the terminated, expired, revoked, or nonrenewed license through a licensed manager selected pursuant to an open and competitive bidding process as set forth in Section 7.5 and as provided in Section 7.4.

(b) The Board may locate any riverboat on which a gambling operation is conducted by the State in any home dock location authorized by Section 3(c) upon receipt
of approval from a majority vote of the governing body of the municipality or county, as the case may be, in which the riverboat will dock.

(c) The Board shall have jurisdiction over and shall supervise all gambling operations conducted by the State provided for in this Act and shall have all powers necessary and proper to fully and effectively execute the provisions of this Act relating to gambling operations conducted by the State.

(d) The maximum number of owners licenses authorized under Section 7(e) shall be reduced by one for each instance in which the Board authorizes the State to conduct a riverboat gambling operation under subsection (a) in lieu of re-issuing a license to an applicant under Section 7.1.

(230 ILCS 10/7.4 new)
Sec. 7.4. Managers licenses.

(a) A qualified person may apply to the Board for a managers license to operate and manage any gambling operation conducted by the State. The application shall be made on forms provided by the Board and shall contain such information as the Board prescribes, including but not limited to information required in Sections 6(a), (b), and (c) and information relating to the applicant's proposed price to manage State gambling operations and to provide the riverboat, gambling equipment, and supplies necessary to conduct State gambling operations.

(6) the firm or corporation employs a person defined in (1), (2), (3), or (4) who participates in the management or operation of gambling operations authorized under this Act; or

(7) a license of the person, firm, or corporation issued under this Act, or a license to own or operate gambling facilities in any other jurisdiction, has been revoked.

(d) Each applicant shall submit with his or her application, on forms prescribed by the Board, 2 sets of his or her fingerprints.

(e) The Board shall charge each applicant a fee, set by the Board, to defray the costs associated with the background investigation conducted by the Board.

(f) A person who knowingly makes a false statement on an application is guilty of a Class A misdemeanor.

(g) The managers license shall be for a term not to exceed 10 years, shall be renewable at the Board’s option, and shall contain such terms and provisions as the Board deems necessary to protect or enhance the credibility and integrity of State gambling operations, achieve the highest prospective total revenue to the State, and otherwise serve the interests of the citizens of Illinois.

(h) Issuance of a managers license shall be subject to an open and competitive bidding process. The Board may select an applicant other than the lowest bidder by price. If it does not select the lowest bidder, the Board shall issue a notice of who the lowest bidder was and a written decision as to why another bidder was selected.

(230 ILCS 10/7.5 new)

Sec. 7.5. Competitive Bidding. When the Board determines that it will re-issue an owners license pursuant to an open and competitive bidding process, as set forth in Section 7.1, or that it will issue a managers license pursuant to an open and competitive bidding process, as set forth in Section 7.4, the open and competitive bidding process shall adhere to the following procedures:

(1) The Board shall make applications for owners and managers licenses available to the public and allow a reasonable time for applicants to submit applications to the Board.

(2) During the filing period for owners or managers license applications, the Board may retain the services of an investment banking firm to assist the Board in conducting the open and competitive bidding process.

(3) After receiving all of the bid proposals, the Board shall open all of the proposals in a public forum and disclose the prospective owners or managers names, venture partners, if any, and, in the case of applicants for owners licenses, the locations of the proposed development sites.

(4) The Board shall summarize the terms of the proposals and may make this summary available to the public.

(5) The Board shall evaluate the proposals within a reasonable time and select no more than 3 final applicants to make presentations of their proposals to the Board.

(6) The final applicants shall make their presentations to the Board on the same day during an open session of the Board.

(7) As soon as practicable after the public presentations by the final applicants, the Board, in its discretion, may conduct further negotiations among the 3 final applicants. During such negotiations, each final applicant may increase its license bid or otherwise enhance its bid proposal. At the conclusion of such negotiations, the Board

shall select the winning proposal. In the case of negotiations for an owners license, the Board may, at the conclusion of such negotiations, make the determination allowed under Section 7.3(a).

(8) Upon selection of a winning bid, the Board shall evaluate the winning bid within a reasonable period of time for licensee suitability in accordance with all applicable statutory and regulatory criteria.

(9) If the winning bidder is unable or otherwise fails to consummate the transaction, (including if the Board determines that the winning bidder does not satisfy the suitability requirements), the Board may, on the same criteria, select from the remaining bidders or make the determination allowed under Section 7.3(a).

(230 ILCS 10/10) (from Ch. 120, par. 2410)

Sec. 10. Bond of licensee. Before an owners license is issued or re-issued or a managers license is issued, the licensee shall post a bond in the sum of $200,000 to the State of Illinois. The bond shall be used to guarantee that the licensee faithfully makes the payments, keeps his books and records and makes reports, and conducts his games of chance in conformity with this Act and the rules adopted by the Board. The bond shall not be canceled by a surety on less than 30 days notice in writing to the Board. If a bond is canceled and the licensee fails to file a new bond with the Board in the required amount on or before the effective date of cancellation, the licensee's license shall be revoked. The total and aggregate liability of the surety on the bond is limited to the amount specified in the bond.

Sec. 11. Conduct of gambling. Gambling may be conducted by licensed owners or licensed managers on behalf of the State aboard riverboats, subject to the following standards:

(1) A licensee may conduct riverboat gambling authorized under this Act regardless of whether it conducts excursion cruises. A licensee may permit the continuous ingress and egress of passengers for the purpose of gambling.

(2) (Blank).

(3) Minimum and maximum wagers on games shall be set by the licensee.

(4) Agents of the Board and the Department of State Police may board and inspect any riverboat at any time for the purpose of determining whether this Act is being complied with. Every riverboat, if under way and being hailed by a law enforcement officer or agent of the Board, must stop immediately and lay to.

(5) Employees of the Board shall have the right to be present on the riverboat or on adjacent facilities under the control of the licensee.
(6) Gambling equipment and supplies customarily used in conducting riverboat gambling must be purchased or leased only from suppliers licensed for such purpose under this Act.

(7) Persons licensed under this Act shall permit no form of wagering on gambling games except as permitted by this Act.

(8) Wagers may be received only from a person present on a licensed riverboat. No person present on a licensed riverboat shall place or attempt to place a wager on behalf of another person who is not present on the riverboat.

(9) Wagering shall not be conducted with money or other negotiable currency.

(10) A person under age 21 shall not be permitted on an area of a riverboat where gambling is being conducted, except for a person at least 18 years of age who is an employee of the riverboat gambling operation. No employee under age 21 shall perform any function involved in gambling by the patrons. No person under age 21 shall be permitted to make a wager under this Act.

(11) Gambling excursion cruises are permitted only when the waterway for which the riverboat is licensed is navigable, as determined by the Board in consultation with the U.S. Army Corps of Engineers. This paragraph (11) does not limit the ability of a licensee to conduct gambling authorized under this Act when gambling excursion cruises are not permitted.

(12) All tokens, chips or electronic cards used to make wagers must be purchased from a licensed owner or manager either aboard a riverboat or at an onshore facility which has been approved by the Board and which is located where the riverboat docks. The tokens, chips or electronic cards may be purchased by means of an agreement under which the owner or manager extends credit to the patron. Such tokens, chips or electronic cards may be used while aboard the riverboat only for the purpose of making wagers on gambling games.

(13) Notwithstanding any other Section of this Act, in addition to the other licenses authorized under this Act, the Board may issue special event licenses allowing persons who are not otherwise licensed to conduct riverboat gambling to conduct such gambling on a specified date or series of dates. Riverboat gambling under such a license may take place on a riverboat not normally used for riverboat gambling. The Board shall establish standards, fees and fines for, and limitations upon, such licenses, which may differ from the standards, fees, fines and limitations otherwise applicable under this Act. All such fees shall be deposited into the State Gaming Fund. All such fines shall be deposited into the Education Assistance Fund, created by Public Act 86-0018, of the State of Illinois.
(14) In addition to the above, gambling must be conducted in accordance with all rules adopted by the Board.

PUBLIC ACT 93-0029
(Senate Bill No. 1634)

AN ACT concerning taxes.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Illinois Income Tax Act is amended by changing Sections 201, 204, and 207 as follows:
(35 ILCS 5/201) (from Ch. 120, par. 2-201)
Sec. 201. Tax Imposed.
(a) In general. A tax measured by net income is hereby imposed on every individual, corporation, trust and estate for each taxable year ending after July 31, 1969 on the privilege of earning or receiving income in or as a resident of this State. Such tax shall be in addition to all other occupation or privilege taxes imposed by this State or by any municipal corporation or political subdivision thereof.
(b) Rates. The tax imposed by subsection (a) of this Section shall be determined as follows, except as adjusted by subsection (d-1):
(1) In the case of an individual, trust or estate, for taxable years ending prior to July 1, 1989, an amount equal to 2 1/2% of the taxpayer's net income for the taxable year.

(3) In the case of an individual, trust or estate, for taxable years beginning after June 30, 1989, an amount equal to 3% of the taxpayer's net income for the taxable year.

(7) In the case of a corporation, for taxable years beginning prior to July 1, 1989 and ending after June 30, 1989, an amount equal to the sum of (i) 4% of the taxpayer's net income for the period prior to July 1, 1989, as calculated under Section 202.3, and (ii) 4.8% of the taxpayer's net income for the period after June 30, 1989, as calculated under Section 202.3.

(8) In the case of a corporation, for taxable years beginning after June 30, 1989, an amount equal to 4.8% of the taxpayer's net income for the taxable year.

(c) Personal Property Tax Replacement Income Tax. Beginning on July 1, 1979 and thereafter, in addition to such income tax, there is also hereby imposed the Personal Property Tax Replacement Income Tax measured by net income on every corporation (including Subchapter S corporations), partnership and trust, for each taxable year ending after June 30, 1979. Such taxes are imposed on the privilege of earning or receiving income in or as a resident of this State. The Personal Property Tax Replacement Income Tax shall be in addition to the income tax imposed by subsections (a) and (b) of this Section and in addition to all other occupation or privilege taxes imposed by this State or by any municipal corporation or political subdivision thereof.

(d) Additional Personal Property Tax Replacement Income Tax Rates. The personal property tax replacement income tax imposed by this subsection and subsection (c) of this Section in the case of a corporation, other than a Subchapter S corporation and except as adjusted by subsection (d-1), shall be an additional amount equal to 2.85% of such taxpayer's net income for the taxable year, except that beginning on January 1, 1981, and thereafter, the rate of 2.85% specified in this subsection shall be reduced to 2.5%, and in the case of a partnership, trust or a Subchapter S corporation shall be an additional amount equal to 1.5% of such taxpayer's net income for the taxable year.

(d-1) Rate reduction for certain foreign insurers. In the case of a foreign insurer, as defined by Section 35A-5 of the Illinois Insurance Code, whose state or country of domicile imposes on insurers domiciled in Illinois a retaliatory tax (excluding any insurer whose premiums from reinsurance assumed are 50% or more of its total insurance premiums as determined under paragraph (2) of subsection (b) of Section 304, except that for purposes of this determination premiums from reinsurance do not include premiums from inter-affiliate reinsurance arrangements), beginning with taxable years ending on or after December 31, 1999, the sum of the rates of tax imposed by subsections (b) and (d) shall be reduced (but not increased) to the rate at which the total amount of tax imposed under this Act, net of all credits allowed under this Act, shall equal (i) the total amount of tax that would be imposed on the foreign insurer's net income allocable to Illinois for the taxable year by such foreign insurer's state or country of domicile if that net income were subject to all income taxes and taxes measured by net income imposed by such foreign insurer's state or country of domicile, net of all credits allowed or (ii) a rate of zero if no such tax is imposed on such income by the foreign insurer's state of domicile. For the...
purposes of this subsection (d-1), an inter-affiliate includes a mutual insurer under common management.

(1) For the purposes of subsection (d-1), in no event shall the sum of the rates of tax imposed by subsections (b) and (d) be reduced below the rate at which the sum of:

(A) the total amount of tax imposed on such foreign insurer under this Act for a taxable year, net of all credits allowed under this Act, plus

(B) the privilege tax imposed by Section 409 of the Illinois Insurance Code, the fire insurance company tax imposed by Section 12 of the Fire Investigation Act, and the fire department taxes imposed under Section 11-10-1 of the Illinois Municipal Code,

equals **1.25% for taxable years ending prior to December 31, 2003, or 1.75% for taxable years ending on or after December 31, 2003**, of the net taxable premiums written for the taxable year, as described by subsection (1) of Section 409 of the Illinois Insurance Code. This paragraph will in no event increase the rates imposed under subsections (b) and (d).

(2) Any reduction in the rates of tax imposed by this subsection shall be applied first against the rates imposed by subsection (b) and only after the tax imposed by subsection (a) net of all credits allowed under this Section other than the credit allowed under subsection (i) has been reduced to zero, against the rates imposed by subsection (d).

This subsection (d-1) is exempt from the provisions of Section 250.

(e) Investment credit. A taxpayer shall be allowed a credit against the Personal Property Tax Replacement Income Tax for investment in qualified property.

(1) A taxpayer shall be allowed a credit equal to **.5% of the basis of qualified property placed in service during the taxable year, provided such property is placed in service on or after July 1, 1984.** There shall be allowed an additional credit equal to **.5% of the basis of qualified property placed in service during the taxable year, provided such property is placed in service on or after July 1, 1986,** and the taxpayer's base employment within Illinois has increased by **1% or more** over the preceding year as determined by the taxpayer's employment records filed with the Illinois Department of Employment Security. Taxpayers who are new to Illinois shall be deemed to have met the 1% growth in base employment for the first year in which they file employment records with the Illinois Department of Employment Security. The provisions added to this Section by Public Act 85-1200 (and restored by Public Act 87-895) shall be construed as declaratory of existing law and not as a new enactment. If, in any year, the increase in base employment within Illinois over the preceding year is less than **1%**, the additional credit shall be limited to that percentage times a fraction, the numerator of which is **.5%** and the denominator of which is **1%**, but shall not exceed **.5%**. The investment credit shall not be allowed to the extent that it would

reduce a taxpayer's liability in any tax year below zero, nor may any credit for qualified property be allowed for any year other than the year in which the property was placed in service in Illinois. For tax years ending on or after December 31, 1987, and on or before December 31, 1988, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit years if the taxpayer (i) makes investments which cause the creation of a minimum of 2,000 full-time equivalent jobs in Illinois, (ii) is located in an enterprise zone established pursuant to the Illinois Enterprise Zone Act and (iii) is certified by the Department of Commerce and Community Affairs as complying with the requirements specified in clause (i) and (ii) by July 1, 1986. The Department of Commerce and Community Affairs shall certify the certifying authority as complying with the requirements specified in clause (i) and (ii) by July 1, 1986. The Department of Commerce and Community Affairs shall certify the certifying authority as complying with the requirements specified in clause (i) and (ii) by July 1, 1986. The Department of Commerce and Community Affairs shall notify the Department of Revenue of all such certifications immediately. For tax years ending after December 31, 1988, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit years. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, earlier credit shall be applied first.

(2) The term "qualified property" means property which:

(A) is tangible, whether new or used, including buildings and structural components of buildings and signs that are real property, but not including land or improvements to real property that are not a structural component of a building such as landscaping, sewer lines, local access roads, fencing, parking lots, and other appurtenances;

(B) is depreciable pursuant to Section 167 of the Internal Revenue Code, except that "3-year property" as defined in Section 168(c)(2)(A) of that Code is not eligible for the credit provided by this subsection (e);

(C) is acquired by purchase as defined in Section 179(d) of the Internal Revenue Code;

(D) is used in Illinois by a taxpayer who is primarily engaged in manufacturing, or in mining coal or fluorite, or in retailing; and

(E) has not previously been used in Illinois in such a manner and by such a person as would qualify for the credit provided by this subsection (e) or subsection (f).

(3) For purposes of this subsection (e), "manufacturing" means the material staging and production of tangible personal property by procedures commonly

regarded as manufacturing, processing, fabrication, or assembling which changes some existing material into new shapes, new qualities, or new combinations. For purposes of this subsection (e) the term "manufacturing" shall have the same meaning as the term "energy" in Section 613(c) of the Internal Revenue Code. For purposes of this subsection (e), the term "retailing" means the sale of tangible personal property or services rendered in conjunction with the sale of tangible consumer goods or commodities.

(4) The basis of qualified property shall be the basis used to compute the depreciation deduction for federal income tax purposes.

(5) If the basis of the property for federal income tax depreciation purposes is increased after it has been placed in service in Illinois by the taxpayer, the amount of such increase shall be deemed property placed in service on the date of such increase in basis.

(6) The term "placed in service" shall have the same meaning as under Section 46 of the Internal Revenue Code.

(7) If during any taxable year, any property ceases to be qualified property in the hands of the taxpayer within 48 months after being placed in service, or the situs of any qualified property is moved outside Illinois within 48 months after being placed in service, the Personal Property Tax Replacement Income Tax for such taxable year shall be increased. Such increase shall be determined by (i) recomputing the investment credit which would have been allowed for the year in which credit for such property was originally allowed by eliminating such property from such computation and, (ii) subtracting such recomputed credit from the amount of credit previously allowed. For the purposes of this paragraph (7), a reduction of the basis of qualified property resulting from a redetermination of the purchase price shall be deemed a disposition of qualified property to the extent of such reduction.

(8) Unless the investment credit is extended by law, the basis of qualified property shall not include costs incurred after December 31, 2003, except for costs incurred pursuant to a binding contract entered into on or before December 31, 2003.

(9) Each taxable year ending before December 31, 2000, a partnership may elect to pass through to its partners the credits to which the partnership is entitled under this subsection (e) for the taxable year. A partner may use the credit allocated to him or her under this paragraph only against the tax imposed in subsections (c) and (d) of this Section. If the partnership makes that election, those credits shall be allocated among the partners in the partnership in accordance with the rules set forth in Section 704(b) of the Internal Revenue Code, and the rules promulgated under that Section, and the allocated amount of the credits shall be allowed to the partners for that taxable year. The partnership shall make this
election on its Personal Property Tax Replacement Income Tax return for that taxable year. The election to pass through the credits shall be irrevocable.

For taxable years ending on or after December 31, 2000, a partner that qualifies its partnership for a subtraction under subparagraph (I) of paragraph (2) of subsection (d) of Section 203 or a shareholder that qualifies a Subchapter S corporation for a subtraction under subparagraph (S) of paragraph (2) of subsection (b) of Section 203 shall be allowed a credit under this subsection (e) equal to its share of the credit earned under this subsection (e) during the taxable year by the partnership or Subchapter S corporation, determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and Subchapter S of the Internal Revenue Code. This paragraph is exempt from the provisions of Section 250.

(f) Investment credit; Enterprise Zone.

(1) A taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for investment in qualified property which is placed in service in an Enterprise Zone created pursuant to the Illinois Enterprise Zone Act. For partners, shareholders of Subchapter S corporations, and owners of limited liability companies, if the liability company is treated as a partnership for purposes of federal and State income taxation, there shall be allowed a credit under this subsection (f) to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and Subchapter S of the Internal Revenue Code. The credit shall be .5% of the basis for such property. The credit shall be available only in the taxable year in which the property is placed in service in the Enterprise Zone and shall not be allowed to the extent that it would reduce a taxpayer's liability for the tax imposed by subsections (a) and (b) of this Section to below zero. For tax years ending on or after December 31, 1985, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, the credit accruing first in time shall be applied first.

(2) The term qualified property means property which:

(A) is tangible, whether new or used, including buildings and structural components of buildings;

(B) is depreciable pursuant to Section 167 of the Internal Revenue Code, except that "3-year property" as defined in Section 168(c)(2)(A) of that Code is not eligible for the credit provided by this subsection (f);

(C) is acquired by purchase as defined in Section 179(d) of the Internal Revenue Code;
(D) is used in the Enterprise Zone by the taxpayer; and
(E) has not been previously used in Illinois in such a manner and by such a person as would qualify for the credit provided by this subsection (f) or subsection (e).

(3) The basis of qualified property shall be the basis used to compute the depreciation deduction for federal income tax purposes.

(4) If the basis of the property for federal income tax depreciation purposes is increased after it has been placed in service in the Enterprise Zone by the taxpayer, the amount of such increase shall be deemed property placed in service on the date of such increase in basis.

(5) The term "placed in service" shall have the same meaning as under Section 46 of the Internal Revenue Code.

(6) If during any taxable year, any property ceases to be qualified property in the hands of the taxpayer within 48 months after being placed in service, or the situs of any qualified property is moved outside the Enterprise Zone within 48 months after being placed in service, the tax imposed under subsections (a) and (b) of this Section for such taxable year shall be increased. Such increase shall be determined by (i) recomputing the investment credit which would have been allowed for the year in which credit for such property was originally allowed by eliminating such property from such computation, and (ii) subtracting such recomputed credit from the amount of credit previously allowed. For the purposes of this paragraph (6), a reduction of the basis of qualified property resulting from a redetermination of the purchase price shall be deemed a disposition of qualified property to the extent of such reduction.

(g) Jobs Tax Credit; Enterprise Zone and Foreign Trade Zone or Sub-Zone.

(1) A taxpayer conducting a trade or business in an enterprise zone or a High Impact Business designated by the Department of Commerce and Community Affairs conducting a trade or business in a federally designated Foreign Trade Zone or Sub-Zone shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section in the amount of $500 per eligible employee hired to work in the zone during the taxable year.

(2) To qualify for the credit:
   (A) the taxpayer must hire 5 or more eligible employees to work in an enterprise zone or federally designated Foreign Trade Zone or Sub-Zone during the taxable year;
   (B) the taxpayer's total employment within the enterprise zone or federally designated Foreign Trade Zone or Sub-Zone must increase by 5 or more full-time employees beyond the total employed in that zone at the

end of the previous tax year for which a jobs tax credit under this Section was taken, or beyond the total employed by the taxpayer as of December 31, 1985, whichever is later; and

(C) the eligible employees must be employed 180 consecutive days in order to be deemed hired for purposes of this subsection.

(3) An "eligible employee" means an employee who is:

(A) Certified by the Department of Commerce and Community Affairs as "eligible for services" pursuant to regulations promulgated in accordance with Title II of the Job Training Partnership Act, Training Services for the Disadvantaged or Title III of the Job Training Partnership Act, Employment and Training Assistance for Dislocated Workers Program.

(B) Hired after the enterprise zone or federally designated Foreign Trade Zone or Sub-Zone was designated or the trade or business was located in that zone, whichever is later.

(C) Employed in the enterprise zone or Foreign Trade Zone or Sub-Zone. An employee is employed in an enterprise zone or federally designated Foreign Trade Zone or Sub-Zone if his services are rendered there or it is the base of operations for the services performed.

(D) A full-time employee working 30 or more hours per week.

(4) For tax years ending on or after December 31, 1985 and prior to December 31, 1988, the credit shall be allowed for the tax year in which the eligible employees are hired. For tax years ending on or after December 31, 1988, the credit shall be allowed for the tax year immediately following the tax year in which the eligible employees are hired. If the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, earlier credit shall be applied first.

(5) The Department of Revenue shall promulgate such rules and regulations as may be deemed necessary to carry out the purposes of this subsection (g).

(6) The credit shall be available for eligible employees hired on or after January 1, 1986. (h) Investment credit; High Impact Business.

(1) Subject to subsections (b) and (b-5) of Section 5.5 of the Illinois Enterprise Zone Act, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for investment in qualified property which is placed in service by a Department of Commerce and Community Affairs designated High Impact Business. The credit shall be .5% of the basis for such
property. The credit shall not be available (i) until the minimum investments in qualified property set forth in subdivision (a)(3)(A) of Section 5.5 of the Illinois Enterprise Zone Act have been satisfied or (ii) until the time authorized in subsection (b-5) of the Illinois Enterprise Zone Act for entities designated as High Impact Businesses under subdivisions (a)(3)(B), (a)(3)(C), and (a)(3)(D) of Section 5.5 of the Illinois Enterprise Zone Act, and shall not be allowed to the extent that it would reduce a taxpayer's liability for the tax imposed by subsections (a) and (b) of this Section to below zero. The credit applicable to such investments shall be taken in the taxable year in which such investments have been completed. The credit for additional investments beyond the minimum investment by a designated high impact business authorized under subdivision (a)(3)(A) of Section 5.5 of the Illinois Enterprise Zone Act shall be available only in the taxable year in which the property is placed in service and shall not be allowed to the extent that it would reduce a taxpayer's liability for the tax imposed by subsections (a) and (b) of this Section to below zero. For tax years ending on or after December 31, 1987, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, the credit accruing first in time shall be applied first.

Changes made in this subdivision (h)(1) by Public Act 88-670 restore changes made by Public Act 85-1182 and reflect existing law.

(2) The term qualified property means property which:

(A) is tangible, whether new or used, including buildings and structural components of buildings;

(B) is depreciable pursuant to Section 167 of the Internal Revenue Code, except that "3-year property" as defined in Section 168(c)(2)(A) of that Code is not eligible for the credit provided by this subsection (h);

(C) is acquired by purchase as defined in Section 179(d) of the Internal Revenue Code; and

(D) is not eligible for the Enterprise Zone Investment Credit provided by subsection (f) of this Section.

(3) The basis of qualified property shall be the basis used to compute the depreciation deduction for federal income tax purposes.

(4) If the basis of the property for federal income tax depreciation purposes is increased after it has been placed in service in a federally designated Foreign Trade Zone or Sub-Zone located in Illinois by the taxpayer, the amount of such
increase shall be deemed property placed in service on the date of such increase in basis.

(5) The term "placed in service" shall have the same meaning as under Section 46 of the Internal Revenue Code.

(6) If during any taxable year ending on or before December 31, 1996, any property ceases to be qualified property in the hands of the taxpayer within 48 months after being placed in service, or the situs of any qualified property is moved outside Illinois within 48 months after being placed in service, the tax imposed under subsections (a) and (b) of this Section for such taxable year shall be increased. Such increase shall be determined by (i) recomputing the investment credit which would have been allowed for the year in which credit for such property was originally allowed by eliminating such property from such computation, and (ii) subtracting such recomputed credit from the amount of credit previously allowed. For the purposes of this paragraph (6), a reduction of the basis of qualified property resulting from a redetermination of the purchase price shall be deemed a disposition of qualified property to the extent of such reduction.

(7) Beginning with tax years ending after December 31, 1996, if a taxpayer qualifies for the credit under this subsection (h) and thereby is granted a tax abatement and the taxpayer relocates its entire facility in violation of the explicit terms and length of the contract under Section 18-183 of the Property Tax Code, the tax imposed under subsections (a) and (b) of this Section shall be increased for the taxable year in which the taxpayer relocated its facility by an amount equal to the amount of credit received by the taxpayer under this subsection (h).

(i) Credit for Personal Property Tax Replacement Income Tax. For tax years ending prior to December 31, 2003, a credit shall be allowed against the tax imposed by subsections (a) and (b) of this Section for the tax imposed by subsections (c) and (d) of this Section. This credit shall be computed by multiplying the tax imposed by subsections (c) and (d) of this Section by a fraction, the numerator of which is base income allocable to Illinois and the denominator of which is Illinois base income, and further multiplying the product by the tax rate imposed by subsections (a) and (b) of this Section.

Any credit earned on or after December 31, 1986 under this subsection which is unused in the year the credit is computed because it exceeds the tax liability imposed by subsections (a) and (b) for that year (whether it exceeds the original liability or the liability as later amended) may be carried forward and applied to the tax liability imposed by subsections (a) and (b) of the 5 taxable years following the excess credit year, provided that no credit may be carried forward to any year ending on or after December 31, 2003. This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability the earliest credit arising under this subsection shall be applied first.
If, during any taxable year ending on or after December 31, 1986, the tax imposed by subsections (c) and (d) of this Section for which a taxpayer has claimed a credit under this subsection (i) is reduced, the amount of credit for such tax shall also be reduced. Such reduction shall be determined by recomputing the credit to take into account the reduced tax imposed by subsections (c) and (d). If any portion of the reduced amount of credit has been carried to a different taxable year, an amended return shall be filed for such taxable year to reduce the amount of credit claimed.

(j) Training expense credit. Beginning with tax years ending on or after December 31, 1986 and prior to December 31, 2003, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) under this Section for all amounts paid or accrued, on behalf of all persons employed by the taxpayer in Illinois or Illinois residents employed outside of Illinois by a taxpayer, for educational or vocational training in semi-technical or technical fields or semi-skilled or skilled fields, which were deducted from gross income in the computation of taxable income. The credit against the tax imposed by subsections (a) and (b) shall be 1.6% of such training expenses. For partners, shareholders of subchapter S corporations, and owners of limited liability companies, if the liability company is treated as a partnership for purposes of federal and State income taxation, there shall be allowed a credit under this subsection (j) to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and subchapter S of the Internal Revenue Code.

Any credit allowed under this subsection which is unused in the year the credit is earned may be carried forward to each of the 5 taxable years following the year for which the credit is first computed until it is used. This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability the earliest credit arising under this subsection shall be applied first. No carryforward credit may be claimed in any tax year ending on or after December 31, 2003.

(k) Research and development credit. For Beginning with tax years ending after July 1, 1990 and prior to December 31, 2003, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for increasing research activities in this State. The credit allowed against the tax imposed by subsections (a) and (b) shall be equal to 6 1/2% of the qualifying expenditures for increasing research activities in this State. For partners, shareholders of subchapter S corporations, and owners of limited liability companies, if the liability company is treated as a partnership for purposes of federal and State income taxation, there shall be allowed a credit under this subsection to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and subchapter S of the Internal Revenue Code.

For purposes of this subsection, "qualifying expenditures" means the qualifying expenditures as defined for the federal credit for increasing research activities which
would be allowable under Section 41 of the Internal Revenue Code and which are conducted in this State, "qualifying expenditures for increasing research activities in this State" means the excess of qualifying expenditures for the taxable year in which incurred over qualifying expenditures for the base period, "qualifying expenditures for the base period" means the average of the qualifying expenditures for each year in the base period, and "base period" means the 3 taxable years immediately preceding the taxable year for which the determination is being made.

Any credit in excess of the tax liability for the taxable year may be carried forward. A taxpayer may elect to have the unused credit shown on its final completed return carried over as a credit against the tax liability for the following 5 taxable years or until it has been fully used, whichever occurs first; provided that no credit may be carried forward to any year ending on or after December 31, 2003.

If an unused credit is carried forward to a given year from 2 or more earlier years, that credit arising in the earliest year will be applied first against the tax liability for the given year. If a tax liability for the given year still remains, the credit from the next earliest year will then be applied, and so on, until all credits have been used or no tax liability for the given year remains. Any remaining unused credit or credits then will be carried forward to the next following year in which a tax liability is incurred, except that no credit can be carried forward to a year which is more than 5 years after the year in which the expense for which the credit is given was incurred.

Unless extended by law, the credit shall not include costs incurred after December 31, 2004, except for costs incurred pursuant to a binding contract entered into on or before December 31, 2004:

No inference shall be drawn from this amendatory Act of the 91st General Assembly in construing this Section for taxable years beginning before January 1, 1999.

(i) Environmental Remediation Tax Credit.

(i) For tax years ending after December 31, 1997 and on or before December 31, 2001, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for certain amounts paid for unreimbursed eligible remediation costs, as specified in this subsection. For purposes of this Section, "unreimbursed eligible remediation costs" means costs approved by the Illinois Environmental Protection Agency ("Agency") under Section 58.14 of the Environmental Protection Act that were paid in performing environmental remediation at a site for which a No Further Remediation Letter was issued by the Agency and recorded under Section 58.10 of the Environmental Protection Act. The credit must be claimed for the taxable year in which Agency approval of the eligible remediation costs is granted. The credit is not available to any taxpayer if the taxpayer or any related party caused or contributed to, in any material respect, a release of regulated substances on, in, or under the site that was identified and addressed by the remedial action pursuant to the Site Remediation Program of the

Environmental Protection Act. After the Pollution Control Board rules are adopted pursuant to the Illinois Administrative Procedure Act for the administration and enforcement of Section 58.9 of the Environmental Protection Act, determinations as to credit availability for purposes of this Section shall be made consistent with those rules. For purposes of this Section, "taxpayer" includes a person whose tax attributes the taxpayer has succeeded to under Section 381 of the Internal Revenue Code and "related party" includes the persons disallowed a deduction for losses by paragraphs (b), (c), and (f)(1) of Section 267 of the Internal Revenue Code by virtue of being a related taxpayer, as well as any of its partners. The credit allowed against the tax imposed by subsections (a) and (b) shall be equal to 25% of the unreimbursed eligible remediation costs in excess of $100,000 per site, except that the $100,000 threshold shall not apply to any site contained in an enterprise zone as determined by the Department of Commerce and Community Affairs. The total credit allowed shall not exceed $40,000 per year with a maximum total of $150,000 per site. For partners and shareholders of subchapter S corporations, there shall be allowed a credit under this subsection to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and subchapter S of the Internal Revenue Code.

(ii) A credit allowed under this subsection that is unused in the year the credit is earned may be carried forward to each of the 5 taxable years following the year for which the credit is first earned until it is used. The term "unused credit" does not include any amounts of unreimbursed eligible remediation costs in excess of the maximum credit per site authorized under paragraph (i). This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability, the earliest credit arising under this subsection shall be applied first. A credit allowed under this subsection may be sold to a buyer as part of a sale of all or part of the remediation site for which the credit was granted. The purchaser of a remediation site and the tax credit shall succeed to the unused credit and remaining carry-forward period of the seller. To perfect the transfer, the assignor shall record the transfer in the chain of title for the site and provide written notice to the Director of the Illinois Department of Revenue of the assignor's intent to sell the remediation site and the amount of the tax credit to be transferred as a portion of the sale. In no event may a credit be transferred to any taxpayer if the taxpayer or a related party would not be eligible under the provisions of subsection (i).

(iii) For purposes of this Section, the term "site" shall have the same meaning as under Section 58.2 of the Environmental Protection Act.

(m) Education expense credit. Beginning with tax years ending after December 31, 1999, a taxpayer who is the custodian of one or more qualifying pupils shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for qualified

education expenses incurred on behalf of the qualifying pupils. The credit shall be equal to
25% of qualified education expenses, but in no event may the total credit under this
subsection claimed by a family that is the custodian of qualifying pupils exceed $500. In no
event shall a credit under this subsection reduce the taxpayer's liability under this Act to
less than zero. This subsection is exempt from the provisions of Section 250 of this Act.

For purposes of this subsection:
"Qualifying pupils" means individuals who (i) are residents of the State of Illinois,
(ii) are under the age of 21 at the close of the school year for which a credit is sought, and
(iii) during the school year for which a credit is sought were full-time pupils enrolled in a
kindergarten through twelfth grade education program at any school, as defined in this
subsection.

"Qualified education expense" means the amount incurred on behalf of a qualifying
pupil in excess of $250 for tuition, book fees, and lab fees at the school in which the pupil
is enrolled during the regular school year.

"School" means any public or nonpublic elementary or secondary school in Illinois
that is in compliance with Title VI of the Civil Rights Act of 1964 and attendance at which
satisfies the requirements of Section 26-1 of the School Code, except that nothing shall be
construed to require a child to attend any particular public or nonpublic school to qualify
for the credit under this Section.

"Custodian" means, with respect to qualifying pupils, an Illinois resident who is a
parent, the parents, a legal guardian, or the legal guardians of the qualifying pupils.

Sec. 204. Standard Exemption.
(a) Allowance of exemption. In computing net income under this Act, there shall be
allowed as an exemption the sum of the amounts determined under subsections (b), (c) and
(d), multiplied by a fraction the numerator of which is the amount of the taxpayer's base
income allocable to this State for the taxable year and the denominator of which is the
taxpayer's total base income for the taxable year.

(b) Basic amount. For the purpose of subsection (a) of this Section, except as
provided by subsection (a) of Section 205 and in this subsection, each taxpayer shall be
allowed a basic amount of $1000, except that for corporations the basic amount shall be
zero for tax years ending on or after December 31, 2003, and for individuals the basic
amount shall be:

(1) for taxable years ending on or after December 31, 1998 and prior to

(3) for taxable years ending on or after December 31, 2000, $2,000. For taxable years ending on or after December 31, 1992, a taxpayer whose Illinois base income exceeds the basic amount and who is claimed as a dependent on another person's tax return under the Internal Revenue Code of 1986 shall not be allowed any basic amount under this subsection.

(c) Additional amount for individuals. In the case of an individual taxpayer, there shall be allowed for the purpose of subsection (a), in addition to the basic amount provided by subsection (b), an additional exemption equal to the basic amount for each exemption in excess of one allowable to such individual taxpayer for the taxable year under Section 151 of the Internal Revenue Code.

(d) Additional exemptions for an individual taxpayer and his or her spouse. In the case of an individual taxpayer and his or her spouse, he or she shall each be allowed additional exemptions as follows:

(1) Additional exemption for taxpayer or spouse 65 years of age or older.
   (A) For taxpayer. An additional exemption of $1,000 for the taxpayer if he or she has attained the age of 65 before the end of the taxable year.
   (B) For spouse when a joint return is not filed. An additional exemption of $1,000 for the spouse of the taxpayer if a joint return is not made by the taxpayer and his spouse, and if the spouse has attained the age of 65 before the end of such taxable year, and, for the calendar year in which the taxable year of the taxpayer begins, has no gross income and is not the dependent of another taxpayer.

(2) Additional exemption for blindness of taxpayer or spouse.
   (A) For taxpayer. An additional exemption of $1,000 for the taxpayer if he or she is blind at the end of the taxable year.
   (B) For spouse when a joint return is not filed. An additional exemption of $1,000 for the spouse of the taxpayer if a separate return is made by the taxpayer, and if the spouse is blind and, for the calendar year in which the taxable year of the taxpayer begins, has no gross income and is not the dependent of another taxpayer. For purposes of this paragraph, the determination of whether the spouse is blind shall be made as of the end of the taxable year of the taxpayer; except that if the spouse dies during such taxable year such determination shall be made as of the time of such death.
   (C) Blindness defined. For purposes of this subsection, an individual is blind only if his or her central visual acuity does not exceed 20/200 in the better eye with correcting lenses, or if his or her visual acuity is greater than 20/200 but is accompanied by a limitation in the fields of vision such that the widest diameter of the visual fields subtends an angle no greater than 20 degrees.
(e) Cross reference. See Article 3 for the manner of determining base income allocable to this State.

(a) If after applying all of the modifications provided for in paragraph (2) of Section 203(b), paragraph (2) of Section 203(c) and paragraph (2) of Section 203(d) and the allocation and apportionment provisions of Article 3 of this Act, the taxpayer's net income results in a loss;

(1) for any taxable year ending prior to December 31, 1999, such loss shall be allowed as a carryover or carryback deduction in the manner allowed under Section 172 of the Internal Revenue Code; and

(2) for any taxable year ending on or after December 31, 1999 and prior to December 31, 2003, such loss shall be allowed as a carryback to each of the 2 taxable years preceding the taxable year of such loss and shall be a net operating carryover to each of the 20 taxable years following the taxable year of such loss; and

(3) for any taxable year ending on or after December 31, 2003, such loss shall be allowed as a net operating carryover to each of the 12 taxable years following the taxable year of such loss.

(a-5) Election to relinquish carryback and order of application of losses.

(A) For losses incurred in tax years ending prior to December 31, 2003, the taxpayer may elect to relinquish the entire carryback period with respect to such loss. Such election shall be made in the form and manner prescribed by the Department and shall be made by the due date (including extensions of time) for filing the taxpayer's return for the taxable year in which such loss is incurred, and such election, once made, shall be irrevocable.

(B) The entire amount of such loss shall be carried to the earliest taxable year to which such loss may be carried. The amount of such loss which shall be carried to each of the other taxable years shall be the excess, if any, of the amount of such loss over the sum of the deductions for carryback or carryover of such loss allowable for each of the prior taxable years to which such loss may be carried.

(b) Any loss determined under subsection (a) of this Section must be carried back or carried forward in the same manner for purposes of subsections (a) and (b) of Section 201 of this Act as for purposes of subsections (c) and (d) of Section 201 of this Act.

(1) Surplus line defined; surplus line insurer requirements. Surplus line insurance is insurance on an Illinois risk of the kinds specified in Classes 2 and 3 of Section 4 of this Code procured from an unauthorized insurer or a domestic surplus line insurer as defined in Section 445a after the insurance producer representing the insured or the surplus line producer is unable, after diligent effort, to procure said insurance from insurers which are authorized to transact business in this State other than domestic surplus line insurers as defined in Section 445a.

Insurance producers may procure surplus line insurance only if licensed as a surplus line producer under this Section and may procure that insurance only from an unauthorized insurer or from a domestic surplus line insurer as defined in Section 445a:

(c) where an unauthorized insurer does not meet the standards set forth in (a) and (b) above, a surplus line producer may, if necessary, procure insurance from that insurer only if prior written warning of such fact or condition is given to the insured by the insurance producer or surplus line producer.

(2) Surplus line producer; license. Any licensed producer who is a resident of this State, or any nonresident who qualifies under Section 500-40, may be licensed as a surplus line producer upon:

The Director may administer the course or may make arrangements, including contracting with an outside educational service, for administering the course and collecting the non-refundable application fee provided for in this subsection. Any charges assessed by the Director or the educational service for administering the course shall be paid directly by the individual applicants. Each applicant required to take the course shall enclose with the application a non-refundable $10 application fee payable to the Director plus a separate course administration fee. An applicant who fails to appear for the course as scheduled, or appears but fails to complete the course, shall not be entitled to any refund, and shall be required to submit a new request to attend the course together with all the requisite fees before being rescheduled for another course at a later date; and

(3) Taxes and reports.

(a) Surplus line tax and penalty for late payment.
A surplus line producer shall file with the Director on or before February 1 and August 1 of each year a report in the form prescribed by the Director on all surplus line insurance procured from unauthorized insurers during the preceding 6 month period ending December 31 or June 30 respectively, and on the filing of such report shall pay to the Director for the use and benefit of the State a sum equal to 3.5% 3% of the gross premiums less returned premiums upon all surplus line insurance procured or cancelled during the preceding 6 months.

Any surplus line producer who fails to pay the full amount due under this subsection is liable, in addition to the amount due, for such penalty and interest charges as are provided for under Section 412 of this Code. The Director, through the Attorney General, may institute an action in the name of the People of the State of Illinois, in any court of competent jurisdiction, for the recovery of the amount of such taxes and penalties due, and prosecute the same to final judgment, and take such steps as are necessary to collect the same.

(b) Fire Marshal Tax.
Each surplus line producer shall file with the Director on or before March 31 of each year a report in the form prescribed by the Director on all fire insurance procured from unauthorized insurers subject to tax under Section 12 of the Fire Investigation Act and shall pay to the Director the fire marshal tax required thereunder.

(c) Taxes and fees charged to insured. The taxes imposed under this subsection and the countersigning fees charged by the Surplus Line Association of Illinois may be charged to and collected from surplus line insureds.

(4) Bond. Each surplus line producer, as a condition to receiving a surplus line producer's license, shall execute and deliver to the Director a surety bond to the People of the State in the penal sum of $20,000, with a surety which is authorized to transact business in this State, conditioned that the surplus line producer will pay to the Director the tax, interest and penalties levied under subsection (3) of this Section.

The submission of insuring contracts to the Surplus Line Association of Illinois constitutes a certification by the surplus line producer or by the insurance producer who presented the risk to the surplus line producer for placement as a surplus line risk that after diligent effort the required insurance could not be procured from insurers which are authorized to transact business in this State other than domestic surplus line insurers as defined in Section 445a and that such procurement was otherwise in accordance with the surplus line law.

(6) Countersignature required. It shall be unlawful for an insurance producer to deliver any unauthorized insurer contract or domestic surplus line insurer contract unless such insurance contract is countersigned by the Surplus Line Association of Illinois.

Such penalty is enforceable under subsection (5) of Section 403A of this Code.

(9) Director may declare insurer ineligible. (b) Installment payments and deferral. In the event that any portion of the federal transfer tax is deferred or to be paid in installments under the provisions of the Internal Revenue Code, the portion of the Illinois transfer tax which is subject to deferral or payable in installments shall be determined by multiplying the Illinois transfer tax by a fraction, the numerator of which is the gross value of the assets included in the transferred property having a tax situs in this State and which give rise to the deferred or installment payment under the Internal Revenue Code, and the denominator of which is the gross value of all assets included in the transferred property having a tax situs in this State. Deferred payments and installment payments, with interest, shall be paid at the same time and in the same manner as payments of the federal transfer tax are required to be made under the applicable Sections of the Internal Revenue Code, provided that the rate of interest on unpaid amounts of Illinois transfer tax shall be determined under this Act. (2) Illinois Generation-Skipping Transfer Tax. The Illinois generation-skipping transfer tax involving transferred property from or in a resident trust shall be paid to the county treasurer for the county in which the grantor resided at the time the trust became irrevocable (in the case of an inter vivos trust) or the county in which the decedent resided at death (in the case of a trust created by the will of a decedent). (f) Forms; confidentiality. The Illinois transfer tax return shall be in all respects in the manner and form prescribed by the regulations of the Attorney General. At the same time the Illinois transfer tax return is filed, the person required to file shall also file with the Attorney General a copy of the related federal return. For individuals dying after December 31, 2005, in cases where no federal return is required to be filed, the person required to file an Illinois return shall also file with the Attorney General schedules of assets in the manner and form prescribed by the Attorney General. The Illinois transfer tax return and the copy of the federal return filed with the Attorney General or any county treasurer shall be confidential, and the Attorney General, each county treasurer and all of their assistants or employees are prohibited from divulging in any manner any of the contents of those returns, except only in a proceeding instituted under the provisions of this Act.

(g) County Treasurer shall accept payment. No county treasurer shall refuse to accept payment of any amount due under this Act on the grounds that the county treasurer has not yet received a copy of the appropriate Illinois transfer tax return.

The supplemental return shall be filed and the additional tax shall be paid in the same place and manner as provided in Section 6 of this Act. The due date for the supplemental return and for the payment of the additional tax reported in the supplemental return shall be no later than 3 months after the earliest of:

1. the date an amended related federal return is filed;
2. the date an increase in the federal transfer tax is paid or accepted in writing; or
3. the date the Internal Revenue Service issues a request for evidence of payment of the State tax credit; or
4. the date that any increase to the taxable estate is discovered; provided that if the related federal transfer tax may be deferred or paid in installments, then part or all of the additional Illinois transfer tax may be deferred or paid in installments under rules consistent with subsection (b) of Section 6 of this Act.

(b) Refunds. If the state tax credit is reduced after the filing of the Illinois transfer tax return, the person who paid the Illinois transfer tax (or the person upon whom the burden of payment fell) shall file an amended Illinois transfer tax return and shall be entitled to a refund of tax or interest paid on the Illinois transfer tax. (35 ILCS 405/8) (from Ch. 120, par. 405A-8)

Sec. 8. Penalties for failure to file tax return or to pay tax.

(a) Failure to file return. In case of failure to file any return required under this Act with the Attorney General by the due date, unless it is shown that the failure to file is due to a reasonable cause, there shall be added to the amount required to be shown as tax on the return 5% of the amount of that tax (or 5% of the additional tax due in the case of a supplemental return) if the failure is for not more than one month from the due date, with an additional 5% for each additional month or fraction of a month thereafter during which the failure to file continues, not exceeding in the aggregate 25% of the tax or, in the case of a supplemental return, 25% of the additional tax.

(b) Failure to pay tax. In the case of failure to pay the amount of tax shown due on any return required under this Act on or before the due date for payment of that tax, unless it is shown that the failure to pay is due to reasonable cause, there shall be added to the unpaid amount of the tax 0.5% of that unpaid amount if the failure is for not more than one month from the due date, with an additional 0.5% for each additional month or fraction of a month thereafter during which the failure to pay continues, not exceeding in the aggregate 25% of the unpaid amount.

(c) Extensions of Time.

1. Internal Revenue Service Extensions. If the date for filing the related federal return or the date for payment of the related federal transfer tax is extended by the Internal Revenue Service, the filing of the return and payment of

New matter indicated by italics - deletions by strikeout
the tax imposed by this Act shall be due on the respective date specified by the Internal Revenue Service in granting a request for extension. If the request for extension is granted by the Internal Revenue Service, the person required to file the Illinois transfer tax return shall furnish the Attorney General with a copy of the request for extension showing approval of the extension by the Internal Revenue Service. If a request for extension of time to file the federal return is denied by the Internal Revenue Service, no penalty shall be due under this Act if the return required by this Act is filed within the time specified by the Internal Revenue Service for filing the federal return. If a request for extension of time to pay the federal transfer tax is denied by the Internal Revenue Service, no penalty shall be due under this Act if the tax is paid within the time specified by the Internal Revenue Service for paying the federal transfer tax.

(2) Attorney General Extensions. The person or persons required to file the Illinois transfer tax return and to pay the Illinois transfer tax may apply to the Attorney General for an extension of time to file the Illinois transfer tax return or to pay the Illinois transfer tax. The application must establish reasonable cause why it is impossible or impractical to file a reasonably complete return or to pay the full amount of tax due by the due date. The Attorney General may for reasonable cause extend the time for filing the return or paying the tax for a reasonable period from the date fixed for filing the return or paying the tax.

d) Waiver of Penalties.

(1) Internal Revenue Service Waiver. If the Internal Revenue Service waives the penalty provided in the Internal Revenue Code for failure to timely file the related federal return or the penalty for failure to timely pay the related federal transfer tax liability, such waiver or waivers shall be deemed to constitute reasonable cause for purposes of this Section.

(2) Attorney General Waiver. The Attorney General may waive the penalty or penalties for failure to file or pay for reasonable cause, notwithstanding the failure of the Internal Revenue Service to waive the penalty or penalties for failure to timely file the federal transfer tax return or to pay the federal transfer tax.

(35 ILCS 405/10) (from Ch. 120, par. 405A-10)

Sec. 10. Liens and Personal Liability.

(a) Lien for Illinois transfer tax. Unless the Illinois transfer tax is sooner paid in full, the Illinois transfer tax shall be a lien in favor of this State upon the transferred property having a tax situs within this State for 10 years from the date of the taxable transfer, or, in the case of Illinois transfer tax subject to deferral or payable in installments, the later of 10 years from the date of the taxable transfer or one year after the last deferred or installment payment may become due. The lien imposed by this

New matter indicated by italics - deletions by strikeout
Section on the transferred property shall not be valid as against any purchaser, mortgagee, pledgee, or other holder of a security interest for a full and adequate consideration in money or money's worth; provided, however, that any property, consideration or proceeds received as a result of any sale, mortgage, pledge or granting of a security interest shall remain subject to the lien imposed by this Section. In addition, the lien imposed by this Section on the transferred property shall be subject to the exceptions set forth in Section 6324(c)(i) of the Internal Revenue Code as if the lien were a lien imposed by that Section. In no event shall the issuance by the Attorney General of a release of the lien imposed by this subsection be required with respect to the sale, mortgage, pledge, granting of a security interest in, transfer or distribution of transferred property.

(b) Special lien for property valued under Section 2032A of the Internal Revenue Code. In the event the Illinois estate tax is reduced as a result of an election under Section 2032A of the Internal Revenue Code, then an amount equal to the additional Illinois estate tax that would be due in the absence of such an election shall be a lien in favor of this State on the transferred property that has a tax situs in this State and is subject to such election. The lien imposed by this subsection shall arise at the time an election is filed under Section 2032A of the Internal Revenue Code and shall continue with respect to such transferred property:

(1) until the liability for the Illinois estate tax with respect to such transferred property has been satisfied or has become unenforceable by reason of lapse of time or otherwise; or

(2) until it is established to the satisfaction of the Attorney General that no further tax liability may arise under this Act with respect to such transferred property.

The lien imposed by this subsection shall not be valid as against any purchaser, mortgagee, pledgee, other holder of a security interest, mechanic's lien, or judgment lien creditor until notice of such lien has been filed as provided by the laws of this State. In regulations prescribed in accordance with Section 16 of this Act, the Attorney General may require that the qualified heir file such notice of lien. Even though notice of said lien has been filed as provided in the preceding sentence, such lien shall be subject to the rules set forth in paragraph (3) of Section 6324A(d) of the Internal Revenue Code as if the lien were a lien imposed by that Section.

(c) Personal liability. If the Illinois transfer tax is not paid when due, then the person required to file the related federal return and the transferee of any transferred property having a tax situs within this State shall be personally liable for the Illinois transfer tax, to the extent of such transferred property originally received, controlled or transferred to that person or transferee, less the amount of any expenses or charges against the transferred property, related to the taxable transfer, which have a higher priority of payment under applicable law than the Illinois transfer tax.

New matter indicated by italics - deletions by strikeout
(d) Collection. The Attorney General shall have the right to sue for collection of the Illinois transfer tax for 3 years after the date of the actual filing of the related Illinois transfer tax return with the Attorney General, or, if later, the last date upon which application for refund of the Illinois transfer tax could be filed with the State Treasurer.

(e) Waiver of lien and personal liability. If the Attorney General is satisfied that no liability for Illinois transfer tax exists or that the Illinois transfer tax has been fully discharged or provided for, the Attorney General shall issue a certificate releasing all of the transferred property having a tax situs within the State of Illinois from the lien imposed by this Section. Issuance of such certificate shall discharge the person required to file the Illinois related federal return and any transferee from personal liability for the Illinois transfer tax.

The tax imposed at the alternate tax rate by this Law shall, when collected, be stated as a distinct and separate item apart from the selling price of the gas. The tax collected by any delivering supplier shall constitute a debt owed by that person to this State. Upon receipt by a delivering supplier of a copy of a certificate of registration issued to a self-assessing purchaser under Section 5-20 of this Law, that delivering supplier is relieved of the duty to collect the alternate tax from that self-assessing purchaser beginning with bills issued to that self-assessing purchaser 30 or more days after receipt of the copy of that certificate of registration.

Section 5-20. Self-assessing purchaser registration; certificate of registration. Any purchaser who does not elect the alternate tax rate to be paid to a delivering supplier shall register with the Department as a self-assessing purchaser and pay the tax imposed by Section 5-10 of this Law directly to the Department at the self-assessing purchaser rate.

A purchaser registering as a self-assessing purchaser may not revoke such registration for at least one year thereafter. Application for a certificate of registration as a self-assessing purchaser shall be made to the Department upon forms furnished by the Department and shall contain any reasonable information that the Department may require. The self-assessing purchaser shall be required to disclose the name of the delivering supplier or suppliers who are delivering the gas upon which the self-assessing purchaser will be paying tax directly to the Department.

Upon receipt of the application for a certificate of registration in proper form, the Department shall issue to the applicant a certificate of registration as a self-assessing purchaser. The applicant shall provide a copy of the certificate of registration as a self-assessing purchaser to the applicant's delivering supplier or suppliers.
Section 5-25. Self-assessing purchaser; direct return and payment of tax. Except for purchasers who have chosen the alternate tax rate to be paid to a delivering supplier maintaining a place of business in this State, the tax imposed in Section 5-10 of this Law shall be paid to the Department directly by each self-assessing purchaser who is subject to the tax imposed by this Law. Each self-assessing purchaser shall, on or before the 15th day of each month, make a return to the Department for the preceding calendar month, stating the following:

(1) His or her name and principal address.
(2) The total number of therms used by him or her during the preceding calendar month and upon the basis of which the tax is imposed.
(3) The purchase price of gas used by him or her during the preceding calendar month and upon the basis of which the tax is imposed.
(4) Amount of tax (computed upon items 2 and 3).
(5) Such other reasonable information as the Department may require.

In making such return, the self-assessing purchaser may use any reasonable method to derive reportable "therms" and "purchase price" from his or her billing and payment records.

If the average monthly liability of the self-assessing purchaser to the Department does not exceed $100, the Department may authorize his or her returns to be filed on a quarter-annual basis, with the return for January, February, and March of a given year being due by April 30 of such year; with the return for April, May, and June of a given year being due by July 31 of such year; with the return for July, August, and September of a given year being due by October 31 of such year; and with the return for October, November, and December of a given year being due by January 31 of the following year.

If the average monthly liability of the self-assessing purchaser to the Department does not exceed $20, the Department may authorize his or her returns to be filed on an annual basis, with the return for a given year being due by January 31 of the following year.

Such quarter-annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Law concerning the time within which a self-assessing purchaser may file his or her return, in the case of any such self-assessing purchaser who ceases to engage in a kind of business which makes him or her responsible for filing returns under this Law, such person shall file a final return under this Law with the Department not more than one month after discontinuing such business.

Each self-assessing purchaser whose average monthly liability to the Department under this Law was $10,000 or more during the preceding calendar year, excluding the month of highest liability and the month of lowest liability in such calendar year, and who is not operated by a unit of local government, shall make estimated payments to the

Department on or before the 7th, 15th, 22nd, and last day of the month during which tax liability to the Department is incurred in an amount not less than the lower of either 22.5% of such person's actual tax liability for the month or 25% of such person's actual tax liability for the same calendar month of the preceding year. The amount of such quarterly payments shall be credited against the final tax liability of the self-assessing purchaser's return for that month. Any outstanding credit, approved by the Department, arising from the self-assessing purchaser's overpayment of his or her final tax liability for any month may be applied to reduce the amount of any subsequent quarterly payment or credited against the final tax liability of such self-assessing purchaser's return for any subsequent month. If any quarterly payment is not paid at the time or in the amount required by this Section, such person shall be liable for penalty and interest on the difference between the minimum amount due as a payment and the amount of such payment actually and timely paid, except insofar as such person has previously made payments for that month to the Department in excess of the minimum payments previously due.

The self-assessing purchaser making the return provided for in this Section shall, at the time of making such return, pay to the Department the amount of tax imposed by this Law. All moneys received by the Department under this Law shall be paid into the General Revenue Fund in the State treasury.

Section 5-30. Registration of delivering suppliers. A delivering supplier maintaining a place of business in this State who engages in the delivery of gas in this State shall register with the Department. A delivering supplier, if required to register under the Gas Revenue Tax Act, need not obtain an additional certificate of registration under this Law, but shall be deemed to be sufficiently registered by virtue of his being registered under the Gas Revenue Tax Act. Application for a certificate of registration shall be made to the Department upon forms furnished by the Department and shall contain any reasonable information the Department may require. Upon receipt of the application for a certificate of registration in proper form, the Department shall issue to the applicant a certificate of registration. The Department may deny a certificate of registration to any applicant if such applicant is in default for moneys due under this Law. Any person aggrieved by any decision of the Department under this Section may, within 20 days after notice of such decision, protest and request a hearing, whereupon the Department shall give notice to such person of the time and place fixed for such hearing and shall hold a hearing in conformity with the provisions of this Law and then issue its final administrative decision in the matter to such person. In the absence of such a protest within 20 days, the Department's decision shall become final without any further determination being made or notice given.

Section 5-35. Return and payment of tax by delivering supplier. Each delivering supplier who is required under Section 5-15 to collect the tax imposed by this Law shall
make a return to the Department on or before the 15th day of each month for the preceding calendar month stating the following:

1. His or her name.
2. The address of his or her principal place of business and the address of the principal place of business (if that is a different address) from which he or she engages in the business of delivering gas to persons for use or consumption and not for resale.
3. The total number of therms of gas delivered to purchasers during the preceding calendar month and upon the basis of which the tax is imposed.
4. Amount of tax computed upon item 3.
5. Such other reasonable information as the Department may require.

In making such return the person engaged in the business of delivering gas to persons for use or consumption and not for resale may use any reasonable method to derive reportable "therms" from his or her billing and payment records.

If the average monthly liability to the Department of the delivering supplier does not exceed $100, the Department may authorize his or her returns to be filed on a quarter-annual basis, with the return for January, February, and March of a given year being due by April 30 of such year; with the return for April, May, and June of a given year being due by July 31 of such year; with the return for July, August, and September of a given year being due by October 31 of such year; and with the return for October, November, and December of a given year being due by January 31 of the following year.

If the average monthly liability to the Department of the delivering supplier does not exceed $20, the Department may authorize his or her returns to be filed on an annual basis, with the return for a given year being due by January 31 of the following year.

Such quarter-annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Law concerning the time within which a delivering supplier may file his or her return, in the case of any delivering supplier who ceases to engage in a kind of business that makes him or her responsible for filing returns under this Law, such delivering supplier shall file a final return under this Law with the Department not more than one month after discontinuing such business.

Each delivering supplier whose average monthly liability to the Department under this Law was $10,000 or more during the preceding calendar year, excluding the month of highest liability and the month of lowest liability in such calendar year, and who is not operated by a unit of local government, shall make estimated payments to the Department on or before the 7th, 15th, 22nd, and last day of the month during which tax liability to the Department is incurred in an amount not less than the lower of either 22.5% of such person's actual tax liability for the month or 25% of such person's actual tax liability for the same calendar month of the preceding year. The amount of such quarter-monthly payments shall be credited against the final tax liability of such person's
return for that month. Any outstanding credit, approved by the Department, arising from such person's overpayment of his or her final tax liability for any month may be applied to reduce the amount of any subsequent quarter-monthly payment or credited against the final tax liability of such person's return for any subsequent month. If any quarter-monthly payment is not paid at the time or in the amount required by this Section, such person shall be liable for penalty and interest on the difference between the minimum amount due as a payment and the amount of such payment actually and timely paid, except insofar as such person has previously made payments for that month to the Department in excess of the minimum payments previously due.

The delivering supplier making the return provided for in this Section shall, at the time of making such return, pay to the Department the amount of tax imposed by this Law. All moneys received by the Department under this Law shall be paid into the General Revenue Fund in the State treasury.

Section 5-40. Incorporation of applicable Sections. The Department shall have full power to administer and enforce this Law; to collect all taxes, penalties, and interest due hereunder; to dispose of taxes, penalties, and interest so collected in the manner hereinafter provided; and to determine all rights to credit memoranda or refunds arising on account of the erroneous payment of tax, penalty, or interest hereunder. In the administration of, and compliance with, this Section, the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers, and duties, be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 2, 4, 5, 6, 7, 9 (except provisions relating to transaction returns and except that the due date for returns shall be the 15th day of each month for the preceding calendar month), 10, 11, 12, 12a, 12b, 13, 14, 15, 18, 19, 20, 21, and 22 of the Use Tax Act, and are not inconsistent with this Section, as fully as if those provisions were set forth herein.

Section 5-45. Multistate exemption. To prevent actual multi-state taxation of the privilege that is subject to taxation under this Law, any purchaser, upon proof that purchaser has paid a tax in another state on such event, shall be allowed a credit against the tax imposed by this Law, to the extent of the amount of the tax properly due and paid in the other state.

Section 5-50. Exemptions. The tax imposed under this Act shall not apply to:

(1) Gas used by business enterprises located in an enterprise zone certified by the Department of Commerce and Economic Opportunity pursuant to the Illinois Enterprise Zone Act;

(2) Gas used by governmental bodies, or a corporation, society, association, foundation, or institution organized and operated exclusively for charitable, religious, or educational purposes. Such use shall not be exempt unless the government body, or corporation, society, association, foundation, or institution organized and operated exclusively for charitable, religious, or

educational purposes has first been issued a tax exemption identification number by
the Department of Revenue pursuant to Section 1g of the Retailers' Occupation Tax
Act. A limited liability company may qualify for the exemption under this Section
only if the limited liability company is organized and operated exclusively for
educational purposes. The term "educational purposes" shall have the same
meaning as that set forth in Section 2h of the Retailers' Occupation Tax Act;

(3) Gas used in the production of electric energy. This exemption does not
include gas used in the general maintenance or heating of an electric energy
production facility or other structure;

(4) Gas used in a petroleum refinery operation;

(5) Gas purchased by persons for use in liquefaction and fractionation
processes that produce value added natural gas byproducts for resale;

(6) Gas used in the production of anhydrous ammonia and downstream
nitrogen fertilizer products for resale.

The Department may adopt rules to implement the provisions of this Section.

Section 5-905. The Gas Revenue Tax Act is amended by changing Sections 1 and 2
as follows:

Sec. 1. For the purposes of this Act: "Gross receipts" means the consideration
received for gas distributed, supplied, furnished or sold to persons for use or consumption
and not for resale, and for all services (including the transportation or storage of gas for an
end-user) rendered in connection therewith, and shall include cash, services and property of
every kind or nature, and shall be determined without any deduction on account of the cost
of the service, product or commodity supplied, the cost of materials used, labor or service
costs, or any other expense whatsoever.

However, "gross receipts" shall not include receipts from:

(i) any minimum or other charge for gas or gas service where the customer
has taken no therms of gas;

(ii) any charge for a dishonored check;

(iii) any finance or credit charge, penalty or charge for delayed payment, or
discount for prompt payment;

(iv) any charge for reconnection of service or for replacement or relocation
of facilities;

(v) any advance or contribution in aid of construction;

(vi) repair, inspection or servicing of equipment located on customer
premises;

(vii) leasing or rental of equipment, the leasing or rental of which is not
necessary to distributing, furnishing, supplying, selling, transporting or storing gas;

(viii) any sale to a customer if the taxpayer is prohibited by federal or State constitution, treaty, convention, statute or court decision from recovering the related tax liability from such customer;

(ix) any charges added to customers' bills pursuant to the provisions of Section 9-221 or Section 9-222 of the Public Utilities Act, as amended, or any charges added to customers' bills by taxpayers who are not subject to rate regulation by the Illinois Commerce Commission for the purpose of recovering any of the tax liabilities or other amounts specified in such provisions of such Act; and

(x) prior to October 1, 2003, any charge for gas or gas services to a customer who acquired contractual rights for the direct purchase of gas or gas services originating from an out-of-state supplier or source on or before March 1, 1995, except for those charges solely related to the local distribution of gas by a public utility. This exemption includes any charge for gas or gas service, except for those charges solely related to the local distribution of gas by a public utility, to a customer who maintained an account with a public utility (as defined in Section 3-105 of the Public Utilities Act) for the transportation of customer-owned gas on or before March 1, 1995. The provisions of this amendatory Act of 1997 are intended to clarify, rather than change, existing law as to the meaning and scope of this exemption. This exemption (x) expires on September 30, 2003.

In case credit is extended, the amount thereof shall be included only as and when payments are received.

"Gross receipts" shall not include consideration received from business enterprises certified under Section 9-222.1 of the Public Utilities Act, as amended, to the extent of such exemption and during the period of time specified by the Department of Commerce and Community Affairs.

"Department" means the Department of Revenue of the State of Illinois.

"Director" means the Director of Revenue for the Department of Revenue of the State of Illinois.

"Taxpayer" means a person engaged in the business of distributing, supplying, furnishing or selling gas for use or consumption and not for resale.

"Person" means any natural individual, firm, trust, estate, partnership, association, joint stock company, joint adventure, corporation, limited liability company, or a receiver, trustee, guardian or other representative appointed by order of any court, or any city, town, county or other political subdivision of this State.

"Invested capital" means that amount equal to (i) the average of the balances at the beginning and end of each taxable period of the taxpayer's total stockholder's equity and total long-term debt, less investments in and advances to all corporations, as set forth on the balance sheets included in the taxpayer's annual report to the Illinois Commerce Commission for the taxable period; (ii) multiplied by a fraction determined under
Sections 301 and 304(a) of the "Illinois Income Tax Act" and reported on the Illinois income tax return for the taxable period ending in or with the taxable period in question. However, notwithstanding the income tax return reporting requirement stated above, beginning July 1, 1979, no taxpayer's denominators used to compute the sales, property or payroll factors under subsection (a) of Section 304 of the Illinois Income Tax Act shall include payroll, property or sales of any corporate entity other than the taxpayer for the purposes of determining an allocation for the invested capital tax. This amendatory Act of 1982, Public Act 82-1024, is not intended to and does not make any change in the meaning of any provision of this Act, it having been the intent of the General Assembly in initially enacting the definition of "invested capital" to provide for apportionment of the invested capital of each company, based solely upon the sales, property and payroll of that company.

"Taxable period" means each period which ends after the effective date of this Act and which is covered by an annual report filed by the taxpayer with the Illinois Commerce Commission.

(35 ILCS 615/2) (from Ch. 120, par. 467.17)

Sec. 2. A tax is imposed upon persons engaged in the business of distributing, supplying, furnishing or selling gas to persons for use or consumption and not for resale at the rate of 2.4 cents per therm of all gas which is so distributed, supplied, furnished, sold or transported to or for each customer in the course of such business, or 5% of the gross receipts received from each customer from such business, whichever is the lower rate as applied to each customer for that customer's billing period, provided that any change in rate imposed by this amendatory Act of 1985 shall be imposed only with bills having a meter reading date on or after January 1, 1986. However, such taxes are not imposed with respect to any business in interstate commerce, or otherwise to the extent to which such business may not, under the Constitution and statutes of the United States, be made the subject of taxation by this State.

Nothing in this amendatory Act of 1985 shall impose a tax with respect to any transaction with respect to which no tax was imposed immediately preceding the effective date of this amendatory Act of 1985.

Beginning with bills issued to customers on and after October 1, 2003, no tax shall be imposed under this Act on transactions with customers who incur a tax liability under the Gas Use Tax Law.

(Sec. 8h. Transfers to General Revenue Fund. Notwithstanding any other State law to the contrary, the Director of the Bureau of the Budget may from time to time direct the State Treasurer and Comptroller to transfer a specified sum from any fund held by the State Treasurer to the General Revenue Fund in order to help defray the State's operating costs for the fiscal year. The total transfer under this Section from any fund in any fiscal year shall not exceed the lesser of 8% of the revenues to be deposited into the fund during that year or 25% of the beginning balance in the fund. No transfer may be made from a fund under this Section that would have the effect of reducing the available balance in the fund to an amount less than the amount remaining unexpended and unreserved from the total appropriation from that fund for that fiscal year. This Section does not apply to any funds that are restricted by federal law to a specific use or to any funds in the Motor Fuel Tax Fund. Notwithstanding any other provision of this Section, the total transfer under this Section from the Road Fund or the State Construction Account Fund shall not exceed 5% of the revenues to be deposited into the fund during that year.

In determining the available balance in a fund, the Director of the Bureau of the Budget may include receipts, transfers into the fund, and other resources anticipated to be available in the fund in that fiscal year.

The State Treasurer and Comptroller shall transfer the amounts designated under this Section as soon as may be practicable after receiving the direction to transfer from the Director of the Bureau of the Budget.

(Sec. 8j. Allocation and transfer of fee receipts to General Revenue Fund. Notwithstanding any other law to the contrary, additional amounts generated by the new and increased fees created or authorized by this amendatory Act of the 93rd General Assembly and by Senate Bill 774, Senate Bill 841, and Senate Bill 842 of the 93rd General Assembly, if those bills become law, shall be allocated between the fund otherwise entitled to receive the fee and the General Revenue Fund by the Bureau of the Budget. In determining the amount of the allocation to the General Revenue Fund, the Director of the Bureau of the Budget shall calculate whether the available resources in the fund are sufficient to satisfy the unexpended and unreserved appropriations from the fund for the fiscal year.)
In calculating the available resources in a fund, the Director of the Bureau of the Budget may include receipts, transfers into the fund, and other resources anticipated to be available in the fund in that fiscal year.

Upon determining the amount of an allocation to the General Revenue Fund under this Section, the Director of the Bureau of the Budget may direct the State Treasurer and Comptroller to transfer the amount of that allocation from the fund in which the fee amounts have been deposited to the General Revenue Fund; provided, however, that the Director shall not direct the transfer of any amount that would have the effect of reducing the available resources in the fund to an amount less than the amount remaining unexpended and unreserved from the total appropriation from that fund for that fiscal year.

The State Treasurer and Comptroller shall transfer the amounts designated under this Section as soon as may be practicable after receiving the direction to transfer from the Director of the Bureau of the Budget.

Beginning July 1, 1994, and continuing through June 30, 1995, the Treasurer shall transfer each month from the General Revenue Fund to the Local Government Distributive Fund an amount equal to 1/11 of the net revenue realized from the tax imposed by subsections (a) and (b) of

The prepayment requirement provided for in this Section does not apply to liquid propane gas.

Beginning on July 1, 2000 and through December 31, 2000, the Retailers' Occupation Tax paid to the distributor, supplier, or other reseller shall be an amount equal to $0.01 per gallon of the motor fuel, except gasohol as defined in Section 2-10 of this Act which shall be an amount equal to $0.01 per gallon, purchased from the distributor, supplier, or other reseller.

Before July 1, 2000 and then beginning on January 1, 2001 and through June 30, 2003 thereafter, the Retailers' Occupation Tax paid to the distributor, supplier, or other reseller shall be an amount equal to $0.04 per gallon of the motor fuel, except gasohol as defined in Section 2-10 of this Act which shall be an amount equal to $0.03 per gallon, purchased from the distributor, supplier, or other reseller.

Section 50-35. The Motor Fuel Tax Law is amended by changing Sections 2b, 6, 6a, and 8 as follows:

(35 ILCS 505/2b) (from Ch. 120, par. 418b)

Sec. 2b. In addition to the tax collection and reporting responsibilities imposed elsewhere in this Act, a person who is required to pay the tax imposed by Section 2a of this Act shall pay the tax to the Department by return showing all fuel purchased, acquired or received and sold, distributed or used during the preceding calendar month including losses of fuel as the result of evaporation or shrinkage due to temperature variations, and such other reasonable information as the Department may require. Losses of fuel as the result of evaporation or shrinkage due to temperature variations may not exceed 1% of the total gallons in storage at the beginning of the month, plus the receipts of gallonage during the month, minus the gallonage remaining in storage at the end of the month. Any loss reported that is in excess of this amount shall be subject to the tax imposed by Section 2a of this Law. On and after July 1, 2001, for each 6-month period January through June, net losses of fuel (for each category of fuel that is required to be reported on a return) as the result of evaporation or shrinkage due to temperature variations may not exceed 1% of the total gallons in storage at the beginning of each January, plus the receipts of gallonage each January through June, minus the gallonage remaining in storage at the end of each June. On and after July 1, 2001, for each 6-month period July through December, net losses of fuel (for each category of fuel that is required to be reported on a return) as the result of evaporation or shrinkage due to temperature variations may not exceed 1% of the total gallons in storage at the beginning of each July, plus the receipts of gallonage each July through December, minus the gallonage remaining in storage at the end of each December. Any net loss reported that is in excess of this amount shall be subject to the tax imposed by Section 2a of this Law. For purposes of this Section, "net loss" means the number of gallons gained through temperature variations minus the number of gallons lost through temperature variations or evaporation for each of the respective 6-month periods.

The return shall be prescribed by the Department and shall be filed between the 1st and 20th days of each calendar month. The Department may, in its discretion, combine the returns filed under this Section, Section 5, and Section 5a of this Act. The return must be accompanied by appropriate computer-generated magnetic media supporting schedule data in the format required by the Department, unless, as provided by rule, the Department grants an exception upon petition of a taxpayer. If the return is filed timely, the seller shall take a discount of 2% through June 30, 2003 and 1.75% thereafter 2% which is allowed to reimburse the seller for the expenses incurred in keeping records, preparing and filing returns, collecting and remitting the tax and supplying data to the Department on request. The 2% discount, however, shall be applicable only to the amount of payment which accompanies a return that is filed timely in accordance with this Section.

Sec. 6. Collection of tax; distributors. A distributor who sells or distributes any motor fuel, which he is required by Section 5 to report to the Department when filing a return, shall (except as hereinafter provided) collect at the time of such sale and distribution, the amount of tax imposed under this Act on all such motor fuel sold and distributed, and at the time of making a return, the distributor shall pay to the Department the amount so collected less a discount of 2% through June 30, 2003 and 1.75% thereafter which is allowed to reimburse the distributor for the expenses incurred in keeping records, preparing and filing returns, collecting and remitting the tax and supplying data to the Department on request, and shall also pay to the Department an amount equal to the amount that would be collectible as a tax in the event of a sale thereof on all such motor fuel used by said distributor during the period covered by the return. However, no payment shall be made based upon dyed diesel fuel used by the distributor for non-highway purposes. The 2% discount shall only be applicable to the amount of tax payment which accompanies a return which is filed timely in accordance with Section 5 of this Act. In each subsequent sale of motor fuel on which the amount of tax imposed under this Act has been collected as provided in this Section, the amount so collected shall be added to the selling price, so that the amount of tax is paid ultimately by the user of the motor fuel. However, no collection or payment shall be made in the case of the sale or use of any motor fuel to the extent to which such sale or use of motor fuel may not, under the constitution and statutes of the United States, be made the subject of taxation by this State. A person whose license to act as a distributor of fuel has been revoked shall, at the time of making a return, also pay to the Department an amount equal to the amount that would be collectible as a tax in the event of a sale thereof on all motor fuel, which he is required by the second paragraph of Section 5 to report to the Department in making a return, and which he had on hand on the date on which the license was revoked, and with respect to which no tax had been previously paid under this Act.

A distributor may make tax free sales of motor fuel, with respect to which he is otherwise required to collect the tax, when the motor fuel is delivered from a dispensing facility that has withdrawal facilities capable of dispensing motor fuel into the fuel supply tanks of motor vehicles only as specified in the following items 3, 4, and 5. A distributor may make tax-free sales of motor fuel, with respect to which he is otherwise required to collect the tax, when the motor fuel is delivered from other facilities only as specified in the following items 1 through 7.

1. When the sale is made to a person holding a valid unrevoked license as a distributor, by making a specific notation thereof on invoices or sales slip covering each sale.

2. When the sale is made with delivery to a purchaser outside of this State.
3. When the sale is made to the Federal Government or its instrumentalities.

4. When the sale is made to a municipal corporation owning and operating a local transportation system for public service in this State when an official certificate of exemption is obtained in lieu of the tax.

5. When the sale is made to a privately owned public utility owning and operating 2 axle vehicles designed and used for transporting more than 7 passengers, which vehicles are used as common carriers in general transportation of passengers, are not devoted to any specialized purpose and are operated entirely within the territorial limits of a single municipality or of any group of contiguous municipalities, or in a close radius thereof, and the operations of which are subject to the regulations of the Illinois Commerce Commission, when an official certificate of exemption is obtained in lieu of the tax.

6. When a sale of special fuel is made to a person holding a valid, unrevoked license as a supplier, by making a specific notation thereof on the invoice or sales slip covering each such sale.

7. When a sale of special fuel is made to someone other than a licensed distributor or a licensed supplier for a use other than in motor vehicles, by making a specific notation thereof on the invoice or sales slip covering such sale and obtaining such supporting documentation as may be required by the Department. The distributor shall obtain and keep the supporting documentation in such form as the Department may require by rule.

8. (Blank).

All special fuel sold or used for non-highway purposes must have a dye added in accordance with Section 4d of this Law.

All suits or other proceedings brought for the purpose of recovering any taxes, interest or penalties due the State of Illinois under this Act may be maintained in the name of the Department.

A supplier, other than a licensed distributor, who sells or distributes any special fuel, which he is required by Section 5a to report to the Department when filing a return, shall (except as hereinafter provided) collect at the time of such sale and distribution, the amount of tax imposed under this Act on all such special fuel sold and distributed, and at the time of making a return, the supplier shall pay to the Department the amount so collected less a discount of 2% through June 30, 2003 and 1.75% thereafter 2% which is allowed to reimburse the supplier for the expenses incurred in keeping records, preparing and filing returns, collecting and remitting the tax and supplying data to the Department on request, and shall also pay to the Department an amount equal to the amount that would be collectible as a tax in the event of a sale.

the user of the special fuel. However, no collection or payment shall be made in the case of
the sale or use of any special fuel to the extent to which such sale or use of motor fuel may
not, under the Constitution and statutes of the United States, be made the subject of
taxation by this State.

A person whose license to act as supplier of special fuel has been revoked shall, at
the time of making a return, also pay to the Department an amount equal to the amount that
would be collectible as a tax in the event of a sale thereof on all special fuel, which he is
required by the 1st paragraph of Section 5a to report to the Department in making a return.

A supplier may make tax-free sales of special fuel, with respect to which he is
otherwise required to collect the tax, when the motor fuel is delivered from a dispensing
facility that has withdrawal facilities capable of dispensing special fuel into the fuel supply
tanks of motor vehicles only as specified in the following items 1, 2, and 3. A supplier may
make tax-free sales of special fuel, with respect to which he is otherwise required to collect
the tax, when the special fuel is delivered from other facilities only as specified in the
following items 1 through 7.

1. When the sale is made to the federal government or its instrumentalities.
2. When the sale is made to a municipal corporation owning and operating a
local transportation system for public service in this State when an official
certificate of exemption is obtained in lieu of the tax.
3. When the sale is made to a privately owned public utility owning and operating 2 axle vehicles designed and used for transporting more than 7
passengers, which vehicles are used as common carriers in general transportation of
passengers, are not devoted to any specialized purpose and are operated entirely
within the territorial limits of a single municipality or of any group of contiguous
municipalities, or in a close radius thereof, and the operations of which are subject
to the regulations of the Illinois Commerce Commission, when an official
certificate of exemption is obtained in lieu of the tax.
4. When a sale of special fuel is made to a person holding a valid unrevoked
license as a supplier or a distributor by making a specific notation thereof on
invoice or sales slip covering each such sale.

5. When a sale of special fuel is made to someone other than a licensed distributor or licensed supplier for a use other than in motor vehicles, by making a specific notation thereof on the invoice or sales slip covering such sale and obtaining such supporting documentation as may be required by the Department. The supplier shall obtain and keep the supporting documentation in such form as the Department may require by rule.

(35 ILCS 505/8) (from Ch. 120, par. 424)

Sec. 8. Except as provided in Section 8a, subdivision (h)(1) of Section 12a, Section 13a.6, and items 13, 14, 15, and 16 of Section 15, all money received by the Department under this Act, including payments made to the Department by member jurisdictions participating in the International Fuel Tax Agreement, shall be deposited in a special fund in the State treasury, to be known as the "Motor Fuel Tax Fund", and shall be used as follows:

(a) 2 1/2 cents per gallon of the tax collected on special fuel under paragraph (b) of Section 2 and Section 13a of this Act shall be transferred to the State Construction Account Fund in the State Treasury;

(b) $420,000 shall be transferred each month to the State Boating Act Fund to be used by the Department of Natural Resources for the purposes specified in Article X of the Boat Registration and Safety Act;

(c) $2,250,000 shall be transferred each month to the Grade Crossing Protection Fund to be used as follows: not less than $6,000,000 each fiscal year shall be used for the construction or reconstruction of rail highway grade separation structures; beginning with fiscal year 1997 and ending in fiscal year 2000, $1,500,000, beginning with fiscal year 2001 and ending in fiscal year 2003, $2,250,000, and $750,000 in fiscal year 2004 and each fiscal year thereafter shall be transferred to the Transportation Regulatory Fund and shall be accounted for as part of the rail carrier portion of such funds and shall be used to pay the cost of administration of the Illinois Commerce Commission's railroad safety program in connection with its duties under subsection (3) of Section 18c-7401 of the Illinois Vehicle Code, with the remainder to be used by the Department of Transportation upon order of the Illinois Commerce Commission, to pay that part of the cost apportioned by such Commission to the State to cover the interest of the public in the use of

highways, roads, streets, or pedestrian walkways in the county highway system, township and district road system, or municipal street system as defined in the Illinois Highway Code, as the same may from time to time be amended, for separation of grades, for installation, construction or reconstruction of crossing protection or reconstruction, alteration, relocation including construction or improvement of any existing highway necessary for access to property or improvement of any grade crossing including the necessary highway approaches thereto of any railroad across the highway or public road, or for the installation, construction, reconstruction, or maintenance of a pedestrian walkway over or under a railroad right-of-way, as provided for in and in accordance with Section 18c-7401 of the Illinois Vehicle Code. The Commission shall not order more than $2,000,000 per year in Grade Crossing Protection Fund moneys for pedestrian walkways. In entering orders for projects for which payments from the Grade Crossing Protection Fund will be made, the Commission shall account for expenditures authorized by the orders on a cash rather than an accrual basis. For purposes of this requirement an "accrual basis" assumes that the total cost of the project is expended in the fiscal year in which the order is entered, while a "cash basis" allocates the cost of the project among fiscal years as expenditures are actually made. To meet the requirements of this subsection, the Illinois Commerce Commission shall develop annual and 5-year project plans of rail crossing capital improvements that will be paid for with moneys from the Grade Crossing Protection Fund. The annual project plan shall identify projects for the succeeding fiscal year and the 5-year project plan shall identify projects for the 5 directly succeeding fiscal years. The Commission shall submit the annual and 5-year project plans for this Fund to the Governor, the President of the Senate, the Senate Minority Leader, the Speaker of the House of Representatives, and the Minority Leader of the House of Representatives on the first Wednesday in April of each year;

(d) of the amount remaining after allocations provided for in subsections (a), (b) and (c), a sufficient amount shall be reserved to pay all of the following:

(1) the costs of the Department of Revenue in administering this Act;
(2) the costs of the Department of Transportation in performing its duties imposed by the Illinois Highway Code for supervising the use of motor fuel tax funds apportioned to municipalities, counties and road districts;
(3) refunds provided for in Section 13 of this Act and under the terms of the International Fuel Tax Agreement referenced in Section 14a;
(4) from October 1, 1985 until June 30, 1994, the administration of the Vehicle Emissions Inspection Law, which amount shall be certified monthly by the Environmental Protection Agency to the State Comptroller and shall promptly be transferred by the State Comptroller and Treasurer from the Motor Fuel Tax Fund to the Vehicle Inspection Fund, and for the period July 1, 1994 through June 30, 2000, one-twelfth of $25,000,000 each month, and for the period July 1, 2000 through June 30, 2003, one-twelfth of $30,000,000 each month, and

$15,000,000 on July 1, 2003, and $15,000,000 on January 1 and $15,000,000 on July 1 of each calendar year for the period January 1, 2004 through June 30, 2006, for the administration of the Vehicle Emissions Inspection Law of 1995, to be transferred by the State Comptroller and Treasurer from the Motor Fuel Tax Fund into the Vehicle Inspection Fund;

(5) amounts ordered paid by the Court of Claims; and

(6) payment of motor fuel use taxes due to member jurisdictions under the terms of the International Fuel Tax Agreement. The Department shall certify these amounts to the Comptroller by the 15th day of each month; the Comptroller shall cause orders to be drawn for such amounts, and the Treasurer shall administer those amounts on or before the last day of each month;

(e) after allocations for the purposes set forth in subsections (a), (b), (c) and (d), the remaining amount shall be apportioned as follows:

(1) Until January 1, 2000, 58.4%, and beginning January 1, 2000, 45.6% shall be deposited as follows:

(A) 37% into the State Construction Account Fund, and

(B) 63% into the Road Fund, $1,250,000 of which shall be reserved each month for the Department of Transportation to be used in accordance with the provisions of Sections 6-901 through 6-906 of the Illinois Highway Code;

(2) Until January 1, 2000, 41.6%, and beginning January 1, 2000, 54.4% shall be transferred to the Department of Transportation to be distributed as follows:

(A) 49.10% to the municipalities of the State,

(B) 16.74% to the counties of the State having 1,000,000 or more inhabitants,

(C) 18.27% to the counties of the State having less than 1,000,000 inhabitants,

(D) 15.89% to the road districts of the State.

As soon as may be after the first day of each month the Department of Transportation shall allot to each municipality its share of the amount apportioned to the several municipalities which shall be in proportion to the population of such municipalities as determined by the last preceding municipal census if conducted by the Federal Government or Federal census. If territory is annexed to any municipality subsequent to the time of the last preceding census the corporate authorities of such municipality may cause a census to be taken of such annexed territory and the population so ascertained for such territory shall be added to the population of the municipality as determined by the last preceding census for the purpose of determining the allotment for that municipality. If the population of any municipality was not determined by the last Federal census preceding any apportionment, the apportionment to such municipality

shall be in accordance with any census taken by such municipality. Any municipal census used in accordance with this Section shall be certified to the Department of Transportation by the clerk of such municipality, and the accuracy thereof shall be subject to approval of the Department which may make such corrections as it ascertains to be necessary.

As soon as may be after the first day of each month the Department of Transportation shall allot to each county its share of the amount apportioned to the several counties of the State as herein provided. Each allotment to the several counties having less than 1,000,000 inhabitants shall be in proportion to the amount of motor vehicle license fees received from the residents of such counties, respectively, during the preceding calendar year. The Secretary of State shall, on or before April 15 of each year, transmit to the Department of Transportation a full and complete report showing the amount of motor vehicle license fees received from the residents of each county, respectively, during the preceding calendar year. The Department of Transportation shall, each month, use for allotment purposes the last such report received from the Secretary of State.

As soon as may be after the first day of each month, the Department of Transportation shall allot to the several counties their share of the amount apportioned for the use of road districts. The allotment shall be apportioned among the several counties in the State in the proportion which the total mileage of township or district roads in the respective counties bears to the total mileage of all township and district roads in the State. Funds allotted to the respective counties for the use of road districts therein shall be allocated to the several road districts in the county in the proportion which the total mileage of such township or district roads in the respective road districts bears to the total mileage of all such township or district roads in the county. After July 1 of any year, no allocation shall be made for any road district unless it levied a tax for road and bridge purposes in an amount which will require the extension of such tax against the taxable property in any such road district at a rate of not less than either .08% of the value thereof, based upon the assessment for the year immediately prior to the year in which such tax was levied and as equalized by the Department of Revenue or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less. If any road district has levied a special tax for road purposes pursuant to Sections 6-601, 6-602 and 6-603 of the Illinois Highway Code, and such tax was levied in an amount which would require extension at a rate of not less than .08% of the value of the taxable property thereof, as equalized or assessed by the Department of Revenue, or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less, such levy shall, however, be deemed a proper compliance with this Section and shall qualify such road district for an allotment under this Section. If a township has transferred to the road and bridge fund money which, when added to the amount of any tax levy of the road district would be the equivalent of a

tax levy requiring extension at a rate of at least .08%, or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less, such transfer, together with any such tax levy, shall be deemed a proper compliance with this Section and shall qualify the road district for an allotment under this Section.

In counties in which a property tax extension limitation is imposed under the Property Tax Extension Limitation Law, road districts may retain their entitlement to a motor fuel tax allotment if, at the time the property tax extension limitation was imposed, the road district was levying a road and bridge tax at a rate sufficient to entitle it to a motor fuel tax allotment and continues to levy the maximum allowable amount after the imposition of the property tax extension limitation. Any road district may in all circumstances retain its entitlement to a motor fuel tax allotment if it levied a road and bridge tax in an amount that will require the extension of the tax against the taxable property in the road district at a rate of not less than 0.08% of the assessed value of the property, based upon the assessment for the year immediately preceding the year in which the tax was levied and as equalized by the Department of Revenue or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less.

As used in this Section the term "road district" means any road district, including a county unit road district, provided for by the Illinois Highway Code; and the term "township or district road" means any road in the township and district road system as defined in the Illinois Highway Code. For the purposes of this Section, "road district" also includes park districts, forest preserve districts and conservation districts organized under Illinois law and "township or district road" also includes such roads as are maintained by park districts, forest preserve districts and conservation districts. The Department of Transportation shall determine the mileage of all township and district roads for the purposes of making allotments and allocations of motor fuel tax funds for use in road districts.

Payment of motor fuel tax moneys to municipalities and counties shall be made as soon as possible after the allotment is made. The treasurer of the municipality or county may invest these funds until their use is required and the interest earned by these investments shall be limited to the same uses as the principal funds.

Section 50-40. The Uniform Penalty and Interest Act is amended by changing Sections 3-2 and 3-3 and by adding Section 3-4.5 as follows:

(35 ILCS 735/3-2) (from Ch. 120, par. 2603-2)
Sec. 3-2. Interest.
(a) Interest paid by the Department to taxpayers and interest charged to taxpayers by the Department shall be paid at the annual rate determined by the Department. For periods prior to January 1, 2004, that rate shall be the underpayment rate established under Section 6621 of the Internal Revenue Code. For periods after December 31, 2003, that rate shall be:

(1) for the one-year period beginning with the date of underpayment or overpayment, the short-term federal rate established under Section 6621 of the Internal Revenue Code.

(2) for any period beginning the day after the one-year period described in paragraph (1) of this subsection (a), the underpayment rate established under Section 6621 of the Internal Revenue Code.

(b) The interest rate shall be adjusted on a semiannual basis, on January 1 and July 1, based upon the underpayment rate or short-term federal rate going into effect on that January 1 or July 1 under Section 6621 of the Internal Revenue Code.

(c) This subsection (c) is applicable to returns due on and before December 31, 2000. Interest shall be simple interest calculated on a daily basis. Interest shall accrue upon tax and penalty due. If notice and demand is made for the payment of any amount of tax due and if the amount due is paid within 30 days after the date of such notice and demand, interest under this Section on the amount so paid shall not be imposed for the period after the date of the notice and demand.

(c-5) This subsection (c-5) is applicable to returns due on and after January 1, 2001. Interest shall be simple interest calculated on a daily basis. Interest shall accrue upon tax due. If notice and demand is made for the payment of any amount of tax due and if the amount due is paid within 30 days after the date of the notice and demand, interest under this Section on the amount so paid shall not be imposed for the period after the date of the notice and demand.

(d) No interest shall be paid upon any overpayment of tax if the overpayment is refunded or a credit approved within 90 days after the last date prescribed for filing the original return, or within 90 days of the receipt of the processable return, or within 90 days after the date of overpayment, whichever date is latest, as determined without regard to processing time by the Comptroller or without regard to the date on which the credit is applied to the taxpayer's account. In order for an original return to be processable for purposes of this Section, it must be in the form prescribed or approved by the Department, signed by the person authorized by law, and contain all information, schedules, and support documents necessary to determine the tax due and to make allocations of tax as prescribed by law. For the purposes of computing interest, a return shall be deemed to be processable unless the Department notifies the taxpayer that the return is not processable within 90 days after the receipt of the return; however, interest shall not accumulate for the period following this date of notice. Interest on amounts refunded or credited pursuant to the filing of an amended return or claim for refund shall be determined from the due date of the

New matter indicated by italics - deletions by strikeout
original return or the date of overpayment, whichever is later, to the date of payment by the
Department without regard to processing time by the Comptroller or the date of credit by
the Department or without regard to the date on which the credit is applied to the taxpayer's
account. If a claim for refund relates to an overpayment attributable to a net loss carryback
as provided by Section 207 of the Illinois Income Tax Act, the date of overpayment shall
be the last day of the taxable year in which the loss was incurred.

(e) Interest on erroneous refunds. Any portion of the tax imposed by an Act to
which this Act is applicable or any interest or penalty which has been erroneously refunded
and which is recoverable by the Department shall bear interest from the date of payment of
the refund. However, no interest will be charged if the erroneous refund is for an amount
less than $500 and is due to a mistake of the Department.

(35 ILCS 735/3-3) (from Ch. 120, par. 2603-3)
Sec. 3-3. Penalty for failure to file or pay.

(a) This subsection (a) is applicable before January 1, 1996. A penalty of 5% of the
tax required to be shown due on a return shall be imposed for failure to file the tax return
on or before the due date prescribed for filing determined with regard for any extension of
time for filing (penalty for late filing or nonfiling). If any unprocessable return is corrected
and filed within 21 days after notice by the Department, the late filing or nonfiling penalty
shall not apply. If a penalty for late filing or nonfiling is imposed in addition to a penalty
for late payment, the total penalty due shall be the sum of the late filing penalty and the
applicable late payment penalty. Beginning on the effective date of this amendatory Act of
1995, in the case of any type of tax return required to be filed more frequently than
annually, when the failure to file the tax return on or before the date prescribed for filing
(including any extensions) is shown to be nonfraudulent and has not occurred in the 2 years
immediately preceding the failure to file on the prescribed due date, the penalty imposed
by Section 3-3(a) shall be abated.

(a-5) This subsection (a-5) is applicable to returns due on and after January 1, 1996
and on or before December 31, 2000. A penalty equal to 2% of the tax required to be
shown due on a return, up to a maximum amount of $250, determined without regard to
any part of the tax that is paid on time or by any credit that was properly allowable on the
date the return was required to be filed, shall be imposed for failure to file the tax return on
or before the due date prescribed for filing determined with regard for any extension of
time for filing. However, if any return is not filed within 30 days after notice of nonfiling
mailed by the Department to the last known address of the taxpayer contained in
Department records, an additional penalty amount shall be imposed equal to the greater of
$250 or 2% of the tax shown on the return. However, the additional penalty amount may
not exceed $5,000 and is determined without regard to any part of the tax that is paid on
time or by any credit that was properly allowable on the date the return was required to be
fil[ed (penalty for late filing or nonfiling). If any unprocessable return is corrected and filed within 30 days after notice by the Department, the late filing or nonfiling penalty shall not apply. If a penalty for late filing or nonfiling is imposed in addition to a penalty for late payment, the total penalty due shall be the sum of the late filing penalty and the applicable late payment penalty. In the case of any type of tax return required to be filed more frequently than annually, when the failure to file the tax return on or before the date prescribed for filing (including any extensions) is shown to be nonfraudulent and has not occurred in the 2 years immediately preceding the failure to file on the prescribed due date, the penalty imposed by Section 3-3(a-5) shall be abated.

(a-10) This subsection (a-10) is applicable to returns due on and after January 1, 2001. A penalty equal to 2% of the tax required to be shown due on a return, up to a maximum amount of $250, reduced by any tax that is paid on time or by any credit that was properly allowable on the date the return was required to be filed, shall be imposed for failure to file the tax return on or before the due date prescribed for filing determined with regard for any extension of time for filing. However, if any return is not filed within 30 days after notice of nonfiling mailed by the Department to the last known address of the taxpayer contained in Department records, an additional penalty amount shall be imposed equal to the greater of $250 or 2% of the tax shown on the return. However, the additional penalty amount may not exceed $5,000 and is determined without regard to any part of the tax that is paid on time or by any credit that was properly allowable on the date the return was required to be filed (penalty for late filing or nonfiling). If any unprocessable return is corrected and filed within 30 days after notice by the Department, the late filing or nonfiling penalty shall not apply. If a penalty for late filing or nonfiling is imposed in addition to a penalty for late payment, the total penalty due shall be the sum of the late filing penalty and the applicable late payment penalty. In the case of any type of tax return required to be filed more frequently than annually, when the failure to file the tax return on or before the date prescribed for filing (including any extensions) is shown to be nonfraudulent and has not occurred in the 2 years immediately preceding the failure to file on the prescribed due date, the penalty imposed by Section 3-3(a-10) shall be abated.

(b) This subsection is applicable before January 1, 1998. A penalty of 15% of the tax shown on the return or the tax required to be shown due on the return shall be imposed for failure to pay:

(1) the tax shown due on the return on or before the due date prescribed for payment of that tax, an amount of underpayment of estimated tax, or an amount that is reported in an amended return other than an amended return timely filed as required by subsection (b) of Section 506 of the Illinois Income Tax Act (penalty for late payment or nonpayment of admitted liability); or

(2) the full amount of any tax required to be shown due on a return and which is not shown (penalty for late payment or nonpayment of additional liability),

within 30 days after a notice of arithmetic error, notice and demand, or a final assessment is issued by the Department. In the case of a final assessment arising following a protest and hearing, the 30-day period shall not begin until all proceedings in court for review of the final assessment have terminated or the period for obtaining a review has expired without proceedings for a review having been instituted. In the case of a notice of tax liability that becomes a final assessment without a protest and hearing, the penalty provided in this paragraph (2) shall be imposed at the expiration of the period provided for the filing of a protest.

(b-5) This subsection is applicable to returns due on and after January 1, 1998 and on or before December 31, 2000. A penalty of 20% of the tax shown on the return or the tax required to be shown due on the return shall be imposed for failure to pay:

(1) the tax shown due on the return on or before the due date prescribed for payment of that tax, an amount of underpayment of estimated tax, or an amount that is reported in an amended return other than an amended return timely filed as required by subsection (b) of Section 506 of the Illinois Income Tax Act (penalty for late payment or nonpayment of admitted liability); or

(2) the full amount of any tax required to be shown due on a return and which is not shown (penalty for late payment or nonpayment of additional liability), within 30 days after a notice of arithmetic error, notice and demand, or a final assessment is issued by the Department. In the case of a final assessment arising following a protest and hearing, the 30-day period shall not begin until all proceedings in court for review of the final assessment have terminated or the period for obtaining a review has expired without proceedings for a review having been instituted. In the case of a notice of tax liability that becomes a final assessment without a protest and hearing, the penalty provided in this paragraph (2) shall be imposed at the expiration of the period provided for the filing of a protest.

(b-10) This subsection (b-10) is applicable to returns due on and after January 1, 2001 and on or before December 31, 2003. A penalty shall be imposed for failure to pay:

(1) the tax shown due on a return on or before the due date prescribed for payment of that tax, an amount of underpayment of estimated tax, or an amount that is reported in an amended return other than an amended return timely filed as required by subsection (b) of Section 506 of the Illinois Income Tax Act (penalty for late payment or nonpayment of admitted liability). The amount of penalty imposed under this subsection (b-10)(1) shall be 2% of any amount that is paid no later than 30 days after the due date, 5% of any amount that is paid later than 30 days after the due date and not later than 90 days after the due date, 10% of any amount that is paid later than 90 days after the due date and not later than 180 days after the due date, and 15% of any amount that is paid later than 180 days after the due date.
due date. If notice and demand is made for the payment of any amount of tax due and if the amount due is paid within 30 days after the date of the notice and demand, then the penalty for late payment or nonpayment of admitted liability under this subsection (b-10)(1) on the amount so paid shall not accrue for the period after the date of the notice and demand.

(2) the full amount of any tax required to be shown due on a return and that is not shown (penalty for late payment or nonpayment of additional liability), within 30 days after a notice of arithmetic error, notice and demand, or a final assessment is issued by the Department. In the case of a final assessment arising following a protest and hearing, the 30-day period shall not begin until all proceedings in court for review of the final assessment have terminated or the period for obtaining a review has expired without proceedings for a review having been instituted. The amount of penalty imposed under this subsection (b-10)(2) shall be 20% of any amount that is not paid within the 30-day period. In the case of a notice of tax liability that becomes a final assessment without a protest and hearing, the penalty provided in this subsection (b-10)(2) shall be imposed at the expiration of the period provided for the filing of a protest.

(b-15) This subsection (b-15) is applicable to returns due on and after January 1, 2004.

(1) A penalty shall be imposed for failure to pay the tax shown due or required to be shown due on a return or before the due date prescribed for payment of that tax, an amount of underpayment of estimated tax, or an amount that is reported in an amended return other than an amended return timely filed as required by subsection (b) of Section 506 of the Illinois Income Tax Act (penalty for late payment or nonpayment of admitted liability). The amount of penalty imposed under this subsection (b-15)(1) shall be 2% of any amount that is paid no later than 30 days after the due date, 10% of any amount that is paid later than 30 days after the due date and not later than 90 days after the due date, 15% of any amount that is paid later than 90 days after the due date and not later than 180 days after the due date, and 20% of any amount that is paid later than 180 days after the due date. If notice and demand is made for the payment of any amount of tax due and if the amount due is paid within 30 days after the date of this notice and demand, then the penalty for late payment or nonpayment of admitted liability under this subsection (b-15)(1) on the amount so paid shall not accrue for the period after the date of the notice and demand.

(2) A penalty shall be imposed for failure to file a return or to show on a timely return the full amount of any tax required to be shown due. The amount of penalty imposed under this subsection (b-15)(2) shall be:

(A) 5% of any amount of tax (other than an amount properly reported on an amended return timely filed as required by subsection (b)
of Section 506 of the Illinois Income Tax Act) that is shown on a return or amended return filed prior to the date the Department has initiated an audit or investigation of the taxpayer;

(B) 10% of any amount of tax (other than an amount properly reported on an amended return timely filed as required by subsection (b) of Section 506 of the Illinois Income Tax Act) that is shown on a return or amended return filed on or after the date the Department has initiated an audit or investigation of the taxpayer, but prior to the date any notice of deficiency, notice of tax liability, notice of assessment or notice of final assessment is issued by the Department with respect to any portion of such underreported amount; or

(C) 20% of any amount that is not reported on a return or amended return filed prior to the date any notice of deficiency, notice of tax liability, notice of assessment or notice of final assessment is issued by the Department with respect to any portion of such underreported amount.

(c) For purposes of the late payment penalties, the basis of the penalty shall be the tax shown or required to be shown on a return, whichever is applicable, reduced by any part of the tax which is paid on time and by any credit which was properly allowable on the date the return was required to be filed.

(d) A penalty shall be applied to the tax required to be shown even if that amount is less than the tax shown on the return.

(e) This subsection (e) is applicable to returns due before January 1, 2001. If both a subsection (b)(1) or (b-5)(1) penalty and a subsection (b)(2) or (b-5)(2) penalty are assessed against the same return, the subsection (b)(2) or (b-5)(2) penalty shall be assessed against only the additional tax found to be due.

(e-5) This subsection (e-5) is applicable to returns due on and after January 1, 2001. If both a subsection (b-10)(1) penalty and a subsection (b-10)(2) penalty are assessed against the same return, the subsection (b-10)(2) penalty shall be assessed against only the additional tax found to be due.

(f) If the taxpayer has failed to file the return, the Department shall determine the correct tax according to its best judgment and information, which amount shall be prima facie evidence of the correctness of the tax due.

(g) The time within which to file a return or pay an amount of tax due without imposition of a penalty does not extend the time within which to file a protest to a notice of tax liability or a notice of deficiency.

(h) No return shall be determined to be unprocessable because of the omission of any information requested on the return pursuant to Section 2505-575 of the Department of Revenue Law (20 ILCS 2505/2505-575).

Sec. 3-4.5. Collection penalty.
(a) If any liability (including any liability for penalties or interest imposed under this Act) owed by a taxpayer with respect to any return due on or after July 1, 2003, is not paid in full prior to the date specified in subsection (b) of this Section, a collection penalty shall be imposed on the taxpayer. The penalty shall be deemed assessed as of the date specified in subsection (b) of this Section and shall be considered additional State tax of the taxpayer imposed under the law under which the tax being collected was imposed.

(b) The penalty under subsection (a) of this Section shall be imposed if full payment is not received prior to the 31st day after a notice and demand, a notice of additional tax due or a request for payment of a final liability is issued by the Department.

(c) The penalty imposed under this Section shall be:

   (1) $30 in any case in which the amount of the liability shown on the notice and demand, notice of additional tax due, or other request for payment that remains unpaid as of the date specified in subsection (b) of this Section is less than $1,000; or

   (2) $100 in any case in which the amount of the liability shown on the notice and demand, notice of additional tax due, or other request for payment that remains unpaid as of the date specified in subsection (b) of this Section is $1,000 or more.

Section 50-50. The Illinois Insurance Code is amended by adding Section 416 as follows:

(215 ILCS 5/416 new)
Sec. 416. Industrial Commission Operations Fund Surcharge.
(a) As of the effective date of this amendatory Act of the 93rd General Assembly, every company licensed or authorized by the Illinois Department of Insurance and insuring employers' liabilities arising under the Workers' Compensation Act or the Workers' Occupational Diseases Act shall remit to the Director a surcharge based upon the annual direct written premium, as reported under Section 136 of this Act, of the company in the manner provided in this Section. Such proceeds shall be deposited into the Industrial Commission Operations Fund as established in the Workers' Compensation Act. If a company survives or was formed by a merger, consolidation, reorganization, or reincorporation, the direct written premiums of all companies party to the merger, consolidation, reorganization, or reincorporation shall, for purposes of determining the amount of the fee imposed by this Section, be regarded as those of the surviving or new company.

(b)(1) Except as provided in subsection (b)(2) of this Section, beginning on July 1, 2004 and each year thereafter, the Director shall charge an annual Industrial Commission Operations Fund Surcharge from every company subject to subsection (a) of

this Section equal to 1.5% of its direct written premium for insuring employers' liabilities arising under the Workers' Compensation Act or Workers' Occupational Diseases Act as reported in each company's annual statement filed for the previous year as required by Section 136. The Industrial Commission Operations Fund Surcharge shall be collected by companies subject to subsection (a) of this Section as a separately stated surcharge on insured employers at the rate of 1.5% of direct written premium. All sums collected by the Department of Insurance under the provisions of this Section shall be paid promptly after the receipt of the same, accompanied by a detailed statement thereof, into the Industrial Commission Operations Fund in the State treasury.

(b)(2) Prior to July 1, 2004, the Director shall charge and collect the surcharge set forth in subparagraph (b)(1) of this Section on or before September 1, 2003, December 1, 2003, March 1, 2004 and June 1, 2004. For purposes of this subsection (b)(2), the company shall remit the amounts to the Director based on estimated direct premium for each quarter beginning on July 1, 2003, together with a sworn statement attesting to the reasonableness of the estimate, and the estimated amount of direct premium written forming the bases of the remittance.

(c) In addition to the authority specifically granted under Article XXV of this Code, the Director shall have such authority to adopt rules or establish forms as may be reasonably necessary for purposes of enforcing this Section. The Director shall also have authority to defer, waive, or abate the surcharge or any penalties imposed by this Section if in the Director's opinion the company's solvency and ability to meet its insured obligations would be immediately threatened by payment of the surcharge due.

(d) When a company fails to pay the full amount of any annual Industrial Commission Operations Fund Surcharge of $100 or more due under this Section, there shall be added to the amount due as a penalty the greater of $1,000 or an amount equal to 5% of the deficiency for each month or part of a month that the deficiency remains unpaid.

(e) The Department of Insurance may enforce the collection of any delinquent payment, penalty, or portion thereof by legal action or in any other manner by which the collection of debts due the State of Illinois may be enforced under the laws of this State.

(f) Whenever it appears to the satisfaction of the Director that a company has paid pursuant to this Act an Industrial Commission Operations Fund Surcharge in an amount in excess of the amount legally collectable from the company, the Director shall issue a credit memorandum for an amount equal to the amount of such overpayment. A credit memorandum may be applied for the 2-year period from the date of issuance, against the payment of any amount due during that period under the surcharge imposed by this Section or, subject to reasonable rule of the Department of Insurance including requirement of notification, may be assigned to any other company subject to regulation under this Act. Any application of credit memoranda after the period provided for in this Section is void.
(g) Annually, the Governor may direct a transfer of up to 2% of all moneys collected under this Section to the Insurance Financial Regulation Fund.

Section 50-57. The Public Utilities Act is amended by changing Section 16-111.1 as follows:

(220 ILCS 5/16-111.1)
Sec. 16-111.1. Illinois Clean Energy Community Trust.

(a) An electric utility which has sold or transferred generating facilities in a transaction to which subsection (k) of Section 16-111 applies is authorized to establish an Illinois clean energy community trust or foundation for the purposes of providing financial support and assistance to entities, public or private, within the State of Illinois including, but not limited to, units of State and local government, educational institutions, corporations, and charitable, educational, environmental and community organizations, for programs and projects that benefit the public by improving energy efficiency, developing renewable energy resources, supporting other energy related projects that improve the State's environmental quality, and supporting projects and programs intended to preserve or enhance the natural habitats and wildlife areas of the State. Provided, however, that the trust or foundation funds shall not be used for the remediation of environmentally impaired property. The trust or foundation may also assist in identifying other energy and environmental grant opportunities.

(b) Such trust or foundation shall be governed by a declaration of trust or articles of incorporation and bylaws which shall, at a minimum, provide that:

   (1) There shall be 6 voting trustees of the trust or foundation, one of whom shall be appointed by the Governor, one of whom shall be appointed by the President of the Illinois Senate, one of whom shall be appointed by the Minority Leader of the Illinois Senate, one of whom shall be appointed by the Speaker of the Illinois House of Representatives, one of whom shall be appointed by the Minority Leader of the Illinois House of Representatives, and one of whom shall be appointed by the electric utility establishing the trust or foundation, provided that the voting trustee appointed by the utility shall be a representative of a recognized environmental action group selected by the utility. The Governor shall designate one of the 6 voting trustees to serve as chairman of the trust or foundation, who shall serve as chairman of the trust or foundation at the pleasure of the Governor. In addition, there shall be 4 non-voting trustees, one of whom shall be appointed by the Director of the Department of Commerce and Community Affairs, one of whom shall be appointed by the Director of the Illinois Environmental Protection Agency, one of whom shall be appointed by the Director of the Department of Natural Resources, and one of whom shall be appointed by the electric utility establishing the trust or foundation, provided that the non-voting trustee appointed by the utility shall bring financial expertise to the trust or foundation and shall have appropriate credentials therefor.

(2) All voting trustees and the non-voting trustee with financial expertise shall be entitled to compensation for their services as trustees, provided, however, that no member of the General Assembly and no employee of the electric utility establishing the trust or foundation serving as a voting trustee shall receive any compensation for his or her services as a trustee, and provided further that the compensation to the chairman of the trust shall not exceed $25,000 annually and the compensation to any other trustee shall not exceed $20,000 annually. All trustees shall be entitled to reimbursement for reasonable expenses incurred on behalf of the trust in the performance of their duties as trustees. All such compensation and reimbursements shall be paid out of the trust.

(3) Trustees shall be appointed within 30 days after the creation of the trust or foundation and shall serve for a term of 5 years commencing upon the date of their respective appointments, until their respective successors are appointed and qualified.

(4) A vacancy in the office of trustee shall be filled by the person holding the office responsible for appointing the trustee whose death or resignation creates the vacancy, and a trustee appointed to fill a vacancy shall serve the remainder of the term of the trustee whose resignation or death created the vacancy.

(5) The trust or foundation shall have an indefinite term, and shall terminate at such time as no trust assets remain.

(6) The trust or foundation shall be funded in the minimum amount of $250,000,000, with the allocation and disbursement of funds for the various purposes for which the trust or foundation is established to be determined by the trustees in accordance with the declaration of trust or the articles of incorporation and bylaws; provided, however, that this amount may be reduced by up to $25,000,000 if, at the time the trust or foundation is funded, a corresponding amount is contributed by the electric utility establishing the trust or foundation to the Board of Trustees of Southern Illinois University for the purpose of funding programs or projects related to clean coal and provided further that $25,000,000 of the amount contributed to the trust or foundation shall be available to fund programs or projects related to clean coal.

(7) The trust or foundation shall be authorized to employ an executive director and other employees, to enter into leases, contracts and other obligations on behalf of the trust or foundation, and to incur expenses that the trustees deem necessary or appropriate for the fulfillment of the purposes for which the trust or foundation is established, provided, however, that salaries and administrative expenses incurred on behalf of the trust or foundation shall not exceed $500,000 in the first fiscal year after the trust or foundation is established and shall not exceed $1,000,000 in each subsequent fiscal year.
(8) The trustees may create and appoint advisory boards or committees to assist them with the administration of the trust or foundation, and to advise and make recommendations to them regarding the contribution and disbursement of the trust or foundation funds.

(c)(1) In addition to the allocation and disbursement of funds for the purposes set forth in subsection (a) of this Section, the trustees of the trust or foundation shall annually contribute funds in amounts set forth in subparagraph (2) of this subsection to the Citizens Utility Board created by the Citizens Utility Board Act; provided, however, that any such funds shall be used solely for the representation of the interests of utility consumers before the Illinois Commerce Commission, the Federal Energy Regulatory Commission, and the Federal Communications Commission and for the provision of consumer education on utility service and prices and on benefits and methods of energy conservation. Provided, however, that no part of such funds shall be used to support (i) any lobbying activity, (ii) activities related to fundraising, (iii) advertising or other marketing efforts regarding a particular utility, or (iv) solicitation of support for, or advocacy of, a particular position regarding any specific utility or a utility's docketed proceeding.

(2) In the calendar year in which the trust or foundation is first funded, the trustees shall contribute $1,000,000 to the Citizens Utility Board within 60 days after such trust or foundation is established; provided, however, that such contribution shall be made after December 31, 1999. In each of the 6 calendar years subsequent to the first contribution, if the trust or foundation is in existence, the trustees shall contribute to the Citizens Utility Board an amount equal to the total expenditures by such organization in the prior calendar year, as set forth in the report filed by the Citizens Utility Board with the chairman of such trust or foundation as required by subparagraph (3) of this subsection. Such subsequent contributions shall be made within 30 days of submission by the Citizens Utility Board of such report to the Chairman of the trust or foundation, but in no event shall any annual contribution by the trustees to the Citizens Utility Board exceed $1,000,000. Following such 7-year period, an Illinois statutory consumer protection agency may petition the trust or foundation for contributions to fund expenditures of the type identified in paragraph (1), but in no event shall annual contributions by the trust or foundation for such expenditures exceed $1,000,000.

(3) The Citizens Utility Board shall file a report with the chairman of such trust or foundation for each year in which it expends any funds received from the trust or foundation setting forth the amount of any expenditures (regardless of the source of funds for such expenditures) for: (i) the representation of the interests of utility consumers before the Illinois Commerce Commission, the Federal Energy Regulatory Commission, and the Federal Communications Commission, and (ii) the provision of consumer education on utility service and prices and on benefits.

and methods of energy conservation. Such report shall separately state the total amount of expenditures for the purposes or activities identified by items (i) and (ii) of this paragraph, the name and address of the external recipient of any such expenditure, if applicable, and the specific purposes or activities (including internal purposes or activities) for which each expenditure was made. Any report required by this subsection shall be filed with the chairman of such trust or foundation no later than March 31 of the year immediately following the year for which the report is required.

(d) In addition to any other allocation and disbursement of funds in this Section, the trustees of the trust or foundation shall contribute an amount up to $125,000,000 (1) for deposit into the General Obligation Bond Retirement and Interest Fund held in the State treasury to assist in the repayment on general obligation bonds issued under subsection (d) of Section 7 of the General Obligation Bond Act, and (2) for deposit into funds administered by agencies with responsibility for environmental activities to assist in payment for environmental programs. The amount required to be contributed shall be provided to the trustees in a certification letter from the Director of the Bureau of the Budget that shall be provided no later than August 1, 2003. The payment from the trustees shall be paid to the State no later than December 31st following the receipt of the letter.

Beginning July 1, 1999 and ending June 30, 2003 or 2004, on the first day of each State fiscal year, or as soon thereafter as may be practical, the State Comptroller shall transfer the sum of $500,000 from the General Revenue Fund to the Grape and Wine Resources Fund, which is hereby continued as a special fund in the State Treasury. Section 50-62. The Environmental Protection Act is amended by changing Sections 55 and 55.8 and adding Section 55.6a as follows:

(415 ILCS 5/55) (from Ch. 111 1/2, par. 1055)
Sec. 55. Prohibited activities.
(a) No person shall:

(1) Cause or allow the open dumping of any used or waste tire.
(2) Cause or allow the open burning of any used or waste tire.
(3) Except at a tire storage site which contains more than 50 used tires, cause or allow the storage of any used tire unless the tire is altered, reprocessed, converted, covered, or otherwise prevented from accumulating water.
(4) Cause or allow the operation of a tire storage site except in compliance with Board regulations.
(5) Abandon, dump or dispose of any used or waste tire on private or public property, except in a sanitary landfill approved by the Agency pursuant to regulations adopted by the Board.
(6) Fail to submit required reports, tire removal agreements, or Board regulations.
(b) (Blank.)
(b-1) Beginning January 1, 1995, no person shall knowingly mix any used or waste tire, either whole or cut, with municipal waste, and no owner or operator of a sanitary landfill shall accept any used or waste tire for final disposal; except that used or waste tires, when separated from other waste, may be accepted if: (1) the sanitary landfill provides and maintains a means for shredding, slitting, or chopping whole tires and so treats whole tires and, if approved by the Agency in a permit issued under this Act, uses the used or waste tires for alternative uses, which may include on-site practices such as lining of roadways with tire scraps, alternative daily cover, or use in a leachate collection system or (2) the sanitary landfill, by its notification to the Illinois Industrial Materials Exchange Service, makes available the used or waste tire to an appropriate facility for reuse, reprocessing, or converting, including use as an alternate energy fuel. If, within 30 days after notification to the Illinois Industrial Materials Exchange Service of the availability of waste tires, no specific request for the used or waste tires is received by the sanitary landfill, and the sanitary landfill determines it has no alternative use for those used or waste tires, the sanitary landfill may dispose of slit, chopped, or shredded used or waste tires in the sanitary landfill. In the event the physical condition of a used or waste tire makes shredding, slitting, chopping, reuse, reprocessing, or other alternative use of the used or waste tire impractical or infeasible, then the sanitary landfill, after authorization by the Agency, may accept the used or waste tire for disposal.
Sanitary landfills and facilities for reuse, reprocessing, or converting, including use as alternative fuel, shall (i) notify the Illinois Industrial Materials Exchange Service of the
availability of and demand for used or waste tires and (ii) consult with the Department of Commerce and Community Affairs regarding the status of marketing of waste tires to facilities for reuse.

(c) On or before January 1, 1990. Any person who sells new or used tires at retail or operates a tire storage site or a tire disposal site which contains more than 50 used or waste tires shall give notice of such activity to the Agency. Any person engaging in such activity for the first time after January 1, 1990, shall give notice to the Agency within 30 days after the date of commencement of the activity. The form of such notice shall be specified by the Agency and shall be limited to information regarding the following:

(1) the name and address of the owner and operator;
(2) the name, address and location of the operation;
(3) the type of operations involving used and waste tires (storage, disposal, conversion or processing); and
(4) the number of used and waste tires present at the location.

(d) Beginning January 1, 1992, no person shall cause or allow the operation of:

(1) a tire storage site which contains more than 50 used tires, unless the owner or operator, by January 1, 1992 (or the January 1 following commencement of operation, whichever is later) and January 1 of each year thereafter, (i) registers the site with the Agency, (ii) certifies to the Agency that the site complies with any applicable standards adopted by the Board pursuant to Section 55.2, (iii) reports to the Agency the number of tires accumulated, the status of vector controls, and the actions taken to handle and process the tires, and (iv) pays the fee required under subsection (b) of Section 55.6; or

(2) a tire disposal site, unless the owner or operator (i) has received approval from the Agency after filing a tire removal agreement pursuant to Section 55.4, or (ii) has entered into a written agreement to participate in a consensual removal action under Section 55.3.

The Agency shall provide written forms for the annual registration and certification required under this subsection (d).

(e) No person shall cause or allow the storage, disposal, treatment or processing of any used or waste tire in violation of any regulation or standard adopted by the Board.

(f) No person shall arrange for the transportation of used or waste tires away from the site of generation with a person known to openly dump such tires.

(g) No person shall engage in any operation as a used or waste tire transporter except in compliance with Board regulations.

(h) No person shall cause or allow the combustion of any used or waste tire in an enclosed device unless a permit has been issued by the Agency authorizing such combustion pursuant to regulations adopted by the Board for the control of air pollution and consistent with the provisions of Section 9.4 of this Act.

Sec. 55.6a. Emergency Public Health Fund.
(a) Beginning on July 1, 2003, moneys in the Emergency Public Health Fund, subject to appropriation, shall be allocated annually as follows: (i) $200,000 to the Department of Natural Resources for the purposes described in Section 55.6(c)(6) and (ii) subject to subsection (b) of this Section, all remaining amounts to the Department of Public Health to be used to make vector control grants and surveillance grants to the Cook County Department of Public Health (for areas of the County excluding the City of Chicago), to the City of Chicago health department, and to other certified local health departments. These grants shall be used for expenses related to West Nile Virus and other vector-borne diseases. The amount of each grant shall be based on population and need as supported by information submitted to the Department of Public Health. For the purposes of this Section, need shall be determined by the Department based primarily upon surveillance data and the number of positive human cases of West Nile Virus and other vector-borne diseases occurring during the preceding year and current year in the county or municipality seeking the grant.

(b) Beginning on July 31, 2003, on the last day of each month, the State Comptroller shall order transferred and the State Treasurer shall transfer fees collected in the previous month pursuant to item (1.5) of subsection (a) of Section 55.8 from the Emergency Public Health Fund to the Communications Revolving Fund. These transfers shall continue until the cumulative total of the transfers is $3,000,000.

Sec. 55.8. Tire retailers.
(a) Beginning July 1, 1992, any person selling new or used tires at retail or offering new or used tires for retail sale in this State shall:

(1) collect from retail customers a fee of $2 one dollar per new and used tire sold and delivered in this State to be paid to the Department of Revenue and deposited into the Used Tire Management Fund, less a collection allowance of 10 cents per tire to be retained by the retail seller and a collection allowance of 10 cents per tire to be retained by the Department of Revenue and paid into the General Revenue Fund;

(1.5) beginning on July 1, 2003, collect from retail customers an additional 50 cents per new or used tire sold and delivered in this State. The money collected from this fee shall be deposited into the Emergency Public Health Fund. This fee shall no longer be collected beginning on January 1, 2008.

(2) accept for recycling used tires from customers, at the point of transfer, in a quantity equal to the number of new tires purchased; and

(3) post in a conspicuous place a written notice at least 8.5 by 11 inches in size that includes the universal recycling symbol and the following statements: "DO NOT put used tires in the trash."; "Recycle your used tires."; and "State law requires us to accept used tires for recycling, in exchange for new tires purchased.".

(b) A person who accepts used tires for recycling under subsection (a) shall not allow the tires to accumulate for periods of more than 90 days.

(c) The requirements of subsection (a) of this Section do not apply to mail order sales nor shall the retail sale of a motor vehicle be considered to be the sale of tires at retail or offering of tires for retail sale. Instead of filing returns, retailers of tires may remit the tire user fee of $1.00 per tire to their suppliers of tires if the supplier of tires is a registered retailer of tires and agrees or otherwise arranges to collect and remit the tire fee to the Department of Revenue, notwithstanding the fact that the sale of the tire is a sale for resale and not a sale at retail. A tire supplier who enters into such an arrangement with a tire retailer shall be liable for the tax on all tires sold to the tire retailer and must (i) provide the tire retailer with a receipt that separately reflects the tire tax collected from the retailer on each transaction and (ii) accept used tires for recycling from the retailer's customers. The tire supplier shall be entitled to the collection allowance of 10 cents per tire.

The retailer of the tires must maintain in its books and records evidence that the appropriate fee was paid to the tire supplier and that the tire supplier has agreed to remit the fee to the Department of Revenue for each tire sold by the retailer. Otherwise, the tire retailer shall be directly liable for the fee on all tires sold at retail. Tire retailers paying the fee to their suppliers are not entitled to the collection allowance of 10 cents per tire.

(d) The requirements of subsection (a) of this Section shall apply exclusively to tires to be used for vehicles defined in Section 1-217 of the Illinois Vehicle Code, aircraft tires, special mobile equipment, and implements of husbandry.

(e) The requirements of paragraph (1) of subsection (a) do not apply to the sale of reprocessed tires. For purposes of this Section, "reprocessed tire" means a used tire that has been recapped, retreaded, or regrooved and that has not been placed on a vehicle wheel rim.

return showing all fuel purchased, acquired, or received and sold, distributed or used during the preceding calendar month, including losses of fuel as the result of evaporation or shrinkage due to temperature variations, and such other reasonable information as the Department may require. Losses of fuel as the result of evaporation or shrinkage due to temperature variations may not exceed 1% of the total gallons in storage at the beginning of the month, plus the receipts of gallonage during the month, minus the gallonage remaining in storage at the end of the month. Any loss reported that is in excess of this amount shall be subject to the fee imposed by Section 310 of this Law. On and after July 1, 2001, for each 6-month period January through June, net losses of fuel (for each category of fuel that is required to be reported on a return) as the result of evaporation or shrinkage due to temperature variations may not exceed 1% of the total gallons in storage at the beginning of each January, plus the receipts of gallonage each January through June, minus the gallonage remaining in storage at the end of each June. On and after July 1, 2001, for each 6-month period July through December, net losses of fuel (for each category of fuel that is required to be reported on a return) as the result of evaporation or shrinkage due to temperature variations may not exceed 1% of the total gallons in storage at the beginning of each July, plus the receipts of gallonage each July through December, minus the gallonage remaining in storage at the end of each December. Any net loss reported that is in excess of this amount shall be subject to the fee imposed by Section 310 of this Law. For purposes of this Section, "net loss" means the number of gallons gained through temperature variations minus the number of gallons lost through temperature variations or evaporation for each of the respective 6-month periods.

The return shall be prescribed by the Department and shall be filed between the 1st and 20th days of each calendar month. The Department may, in its discretion, combine the return filed under this Law with the return filed under Section 2b of the Motor Fuel Tax Law. If the return is timely filed, the receiver may take a discount of 2% through June 30, 2003 and 1.75% thereafter 2% to reimburse himself for the expenses incurred in keeping records, preparing and filing returns, collecting and remitting the fee, and supplying data to the Department on request. However, the 2% discount applies only to the amount of the fee payment that accompanies a return that is timely filed in accordance with this Section. The additional penalty of $5 for each $40, or fraction thereof, of fine imposed, if not otherwise assessed, shall also be added to every fine imposed upon a plea of guilty, stipulation of facts or findings of guilty, resulting in a judgment of conviction, or order of supervision in criminal, traffic, local ordinance, county ordinance, and conservation cases (except parking, registration, or pedestrian violations), or upon a sentence of probation without entry of judgment under Section 10 of the Cannabis Control Act or Section 410 of the Controlled Substances Act.

Such additional amounts shall be assessed by the court imposing the fine and shall be collected by the Circuit Clerk in addition to the fine and costs in the case. Each such additional penalty shall be remitted by the Circuit Clerk within one month after receipt to the State Treasurer. The State Treasurer shall deposit $1 for each $40, or fraction thereof, of fine imposed into the LEADS Maintenance Fund. The remaining surcharge amount shall be deposited into the Traffic and Criminal Conviction Surcharge Fund, unless the fine, costs or additional amounts are subject to disbursement by the circuit clerk under Section 27.5 of the Clerks of Courts Act. Such additional penalty shall not be considered a part of the fine for purposes of any reduction in the fine for time served either before or after sentencing. Not later than March 1 of each year the Circuit Clerk shall submit a report of the amount of funds remitted to the State Treasurer under this subsection (c) during the preceding calendar year. Except as otherwise provided by Supreme Court Rules, if a court in imposing a fine against an offender levies a gross amount for fine, costs, fees and penalties, the amount of the additional penalty provided for herein shall be computed on the amount remaining after deducting from the gross amount levied all fees of the Circuit Clerk, the State's Attorney and the Sheriff. After deducting from the gross amount levied the fees and additional penalty provided for herein, less any other additional penalties provided by law, the clerk shall remit the net balance remaining to the entity authorized by

law to receive the fine imposed in the case. For purposes of this Section "fees of the Circuit Clerk" shall include, if applicable, the fee provided for under Section 27.3a of the Clerks of Courts Act and the fee, if applicable, payable to the county in which the violation occurred pursuant to Section 5-1101 of the Counties Code.

(c-5) In addition to the fines imposed by subsection (c), any person convicted or receiving an order of supervision for driving under the influence of alcohol or drugs shall pay an additional $100 fee to the clerk. This additional fee, less 2 1/2% that shall be used to defray administrative costs incurred by the clerk, shall be remitted by the clerk to the Treasurer within 60 days after receipt for deposit into the Trauma Center Fund. This additional fee of $100 shall not be considered a part of the fine for purposes of any reduction in the fine for time served either before or after sentencing. Not later than March 1 of each year the Circuit Clerk shall submit a report of the amount of funds remitted to the State Treasurer under this subsection (c-5) during the preceding calendar year.

The Circuit Clerk may accept payment of fines and costs by credit card from an offender who has been convicted of a traffic offense, petty offense or misdemeanor and may charge the service fee permitted where fines and costs are paid by credit card provided for in Section 27.3b of the Clerks of Courts Act.

(c-7) In addition to the fines imposed by subsection (c), any person convicted or receiving an order of supervision for driving under the influence of alcohol or drugs shall pay an additional $5 fee to the clerk. This additional fee, less 2 1/2% that shall be used to defray administrative costs incurred by the clerk, shall be remitted by the clerk to the Treasurer within 60 days after receipt for deposit into the Spinal Cord Injury Paralysis Cure Research Trust Fund. This additional fee of $5 shall not be considered a part of the fine for purposes of any reduction in the fine for time served either before or after sentencing. Not later than March 1 of each year the Circuit Clerk shall submit a report of the amount of funds remitted to the State Treasurer under this subsection (c-7) during the preceding calendar year.

(c-9) There shall be added to every fine imposed in sentencing for a criminal or traffic offense, except an offense relating to parking or registration, or offense by a pedestrian, an additional penalty of $4 imposed. The additional penalty of $4 shall also be added to every fine imposed upon a plea of guilty, stipulation of facts or findings of guilty, resulting in a judgment of conviction, or order of supervision in criminal, traffic, local ordinance, county ordinance, or conservation cases (except parking, registration, or pedestrian violations), or upon a sentence of probation without entry of judgment under Section 10 of the Cannabis Control Act or Section 410 of the Controlled Substances Act. Such additional penalty of $4 shall be assessed by the court imposing the fine and shall be collected by the circuit clerk in addition to any other fine, costs, fees, and penalties in the case. Each such additional penalty of $4 shall be remitted to the State Treasurer by the
circuit clerk within one month after receipt. The State Treasurer shall deposit the additional penalty of $4 into the Traffic and Criminal Conviction Surcharge Fund. The additional penalty of $4 shall be in addition to any other fine, costs, fees, and penalties and shall not reduce or affect the distribution of any other fine, costs, fees, and penalties.

(d) In determining the amount and method of payment of a fine, except for those fines established for violations of Chapter 15 of the Illinois Vehicle Code, the court shall consider:

(1) the financial resources and future ability of the offender to pay the fine; and

(2) whether the fine will prevent the offender from making court ordered restitution or reparation to the victim of the offense; and

(3) in a case where the accused is a dissolved corporation and the court has appointed counsel to represent the corporation, the costs incurred either by the county or the State for such representation.

(e) The court may order the fine to be paid forthwith or within a specified period of time or in installments.

(f) All fines, costs and additional amounts imposed under this Section for any violation of Chapters 3, 4, 6, and 11 of the Illinois Vehicle Code, or a similar provision of a local ordinance, and any violation of the Child Passenger Protection Act, or a similar provision of a local ordinance, shall be collected and disbursed by the circuit clerk as provided under Section 27.5 of the Clerks of Courts Act.

Section 50-80. The Workers' Compensation Act is amended by adding Section 4d as follows:

(820 ILCS 305/4d new)

Sec. 4d. Industrial Commission Operations Fund Fee.

(a) As of the effective date of this amendatory Act of the 93rd General Assembly, each employer that self-insures its liabilities arising under this Act or Workers' Occupational Diseases Act shall pay a fee measured by the annual actual wages paid in this State of such an employer in the manner provided in this Section. Such proceeds shall be deposited in the Industrial Commission Operations Fund. If an employer survives or was formed by a merger, consolidation, reorganization, or reincorporation, the actual wages paid in this State of all employers party to the merger, consolidation, reorganization, or reincorporation shall, for purposes of determining the amount of the fee imposed by this Section, be regarded as those of the surviving or new employer.

(b) Beginning on the effective date of this amendatory Act of the 93rd General Assembly and on July 1 of each year thereafter, the Chairman shall charge and collect an annual Industrial Commission Operations Fund Fee from every employer subject to subsection (a) of this Section equal to 0.045% of its annual actual wages paid in this State.

All sums collected by the Commission under the provisions of this Section shall be paid promptly after the receipt of the same, accompanied by a detailed statement thereof, into the Industrial Commission Operations Fund.

(c) In addition to the authority specifically granted under Section 16, the Chairman shall have such authority to adopt rules or establish forms as may be reasonably necessary for purposes of enforcing this Section. The Commission shall have authority to defer, waive, or abate the fee or any penalties imposed by this Section if in the Commission’s opinion the employer’s solvency and ability to meet its obligations to pay workers’ compensation benefits would be immediately threatened by payment of the fee due.

(d) When an employer fails to pay the full amount of any annual Industrial Commission Operations Fund Fee of $100 or more due under this Section, there shall be added to the amount due as a penalty the greater of $1,000 or an amount equal to 5% of the deficiency for each month or part of a month that the deficiency remains unpaid.

(e) The Commission may enforce the collection of any delinquent payment, penalty or portion thereof by legal action or in any other manner by which the collection of debts due the State of Illinois may be enforced under the laws of this State.

(f) Whenever it appears to the satisfaction of the Chairman that an employer has paid pursuant to this Act an Industrial Commission Operations Fund Fee in an amount in excess of the amount legally collectable from the employer, the Chairman shall issue a credit memorandum for an amount equal to the amount of such overpayment. A credit memorandum may be applied for the 2-year period from the date of issuance against the payment of any amount due during that period under the fee imposed by this Section or, subject to reasonable rule of the Commission including requirement of notification, may be assigned to any other employer subject to regulation under this Act. Any application of credit memoranda after the period provided for in this Section is void.

(b) If an amount of tax, penalty, or interest has been paid in error to the Department, the taxpayer may file a claim for credit or refund with the Department. If it is
determined that the Department must issue a credit or refund under this Act, the Department may first apply the amount of the credit or refund due against any amount of tax, penalty, or interest due under this Act from the taxpayer entitled to the credit or refund. If proceedings are pending to determine if any tax, penalty, or interest is due under this Act from the taxpayer, the Department may withhold issuance of the credit or refund pending the final disposition of those proceedings and may apply that credit or refund against any amount determined to be due to the Department as a result of those proceedings. The balance, if any, of the credit or refund shall be paid to the taxpayer.

If no tax, penalty, or interest is due and no proceedings are pending to determine whether the taxpayer is indebted to the Department for tax, penalty, or interest, the credit memorandum or refund shall be issued to the taxpayer; or, the credit memorandum may be assigned by the taxpayer, subject to reasonable rules of the Department, to any other person who is subject to this Act, and the amount of the credit memorandum by the Department against any tax, penalty, or interest due or to become due under this Act from the assignee.

As soon as practicable after any claim for credit or refund is filed, the Department shall determine the amount of credit or refund to which the claimant is entitled and shall notify the claimant of that determination.

A claim for credit or refund shall be filed with the Department on the date it is received by the Department. Upon receipt of any claim for credit or refund filed under this Section, an officer or employee of the Department, authorized by the Director of Revenue to acknowledge receipt of such claims on behalf of the Department, shall deliver or mail to the claimant or his duly authorized agent, a written receipt, acknowledging that the claim has been filed with the Department, describing the claim in sufficient detail to identify it, and stating the date on which the claim was received by the Department. The written receipt shall be prima facie evidence that the Department received the claim described in the receipt and shall be prima facie evidence of the date when such claim was received by the Department. In the absence of a written receipt, the records of the Department as to whether a claim was received, or when the claim was received by the Department, shall be deemed to be prima facie correct in the event of any dispute between the claimant, or his legal representative, and the Department on these issues.

Any credit or refund that is allowed under this Article shall bear interest at the rate and in the manner specified in the Uniform Penalty and Interest Act.

(12) The managing general agent shall not:

(A) Bind reinsurance or retrocessions on behalf of the insurer, except that the managing general agent may bind facultative reinsurance contracts under obligatory facultative agreements if the contract with the insurer contains reinsurance underwriting guidelines including, for both reinsurance assumed and ceded, a list of reinsurers with which automatic agreements are in effect, the coverages and amounts or percentages that may be reinsured, and commission schedules.

If it is found that because of the material noncompliance the insurer has suffered any loss or damage, the Director may maintain a civil action brought by or on behalf of the insurer and its policyholders and creditors for recovery of compensatory damages for the benefit of the insurer and its policyholders and creditors or other appropriate relief. This subsection (h) shall not be construed to prevent any other person from taking civil action against a managing general agent.

(i) If an Order of Rehabilitation or Liquidation is entered under Article XIII and the receiver appointed under that Order determines that the managing general agent or any other person has not materially complied with this Section or any regulation or Order promulgated hereunder and the insurer suffered any loss or damage therefrom, the receiver may maintain a civil action for recovery of damages or other appropriate sanctions for the benefit of the insurer.

Any decision, determination, or order of the Director under this subsection shall be subject to judicial review under the Administrative Review Law.

Nothing contained in this subsection shall affect the right of the Director to impose any other penalties provided for in this Code.

(7) Loss ratio standards.

(a) Every issuer of Medicare supplement policies or certificates in this State, as defined in Section 363 of this Code, shall file annually its rates, rating schedule, and supporting documentation demonstrating that it is in compliance with the applicable loss ratio standards of this State. All filings of rates and rating schedules shall demonstrate that the actual and anticipated losses in relation to premiums comply with the requirements of this Code.

One copy of the notice shall be provided to the applicant, and an additional copy signed by the applicant shall be retained by the insurer. Sec. 412. Refunds; penalties; collection.
(1) (a) Whenever it appears to the satisfaction of the Director that because of some mistake of fact, error in calculation, or erroneous interpretation of a statute of this or any other state, any authorized company has paid to him, pursuant to any provision of law, taxes, fees, or other charges in excess of the amount legally chargeable against it, during the 6 year period immediately preceding the discovery of such overpayment, he shall have power to refund to such company the amount of the excess or excesses by applying the amount or amounts thereof toward the payment of taxes, fees, or other charges already due, or which may thereafter become due from that company until such excess or excesses have been fully refunded, or upon a written request from the authorized company, the Director shall provide a cash refund within 120 days after receipt of the written request if all necessary information has been filed with the Department in order for it to perform an audit of the annual return for the year in which the overpayment occurred or within 120 days after the date the Department receives all the necessary information to perform such audit. However, if there were no cash refunds paid in a preceding calendar year, the Department shall deposit 5% of the amount collected in that preceding calendar year pursuant to Sections 409, 444, and 444.1 of this Code into the Insurance Premium Tax Refund Fund instead of an amount calculated by using the annual percentage.

(c) Beginning July 1, 1999, moneys in the Insurance Premium Tax Refund Fund shall be expended exclusively for the purpose of paying cash refunds resulting from overpayment of tax liability under Sections 409, 444, and 444.1 of this Code as determined by the Director pursuant to subsection 1(a) of this Section. Cash refunds made in accordance with this Section may be made from the Insurance Premium Tax Refund Fund only to the extent that amounts have been deposited and retained in the Insurance Premium Tax Refund Fund.

(3) (a) When any insurance company or any surplus line producer fails to pay the full amount due under the provisions of this Section, Sections 408.1, 409, 444, 444.1 or 445 of this Code, or Section 12 of the Fire Investigation Act, there shall be added to the amount due as a penalty an amount equal to 10% 5% of the deficiency.

(b) If such failure to pay is determined by the Director to be wilful, after a hearing under Sections 402 and 403, there shall be added to the tax as a penalty an amount equal to the greater of 50% 25% of the deficiency or 10% 5% of the amount due and unpaid for each month or part of a month that the deficiency remains unpaid commencing with the date that the amount becomes due. Such amount shall be in lieu of any determined under paragraph (a).

(4) Any insurance company or any surplus line producer which fails to pay the full amount due under this Section or Sections 408.1, 409, 444, 444.1 or 445 of this Code, or Section 12 of the Fire Investigation Act is liable, in addition to the tax and any penalties, for interest on such deficiency at the rate of 12% per annum, or at such higher adjusted rates as are or may be established under subsection (b) of Section 6621 of the Internal

Except as provided in this subsection, no revocation or withdrawal excuses payment of or constitutes grounds for the recovery of any taxes or penalties imposed by this Code.

(7) When an insurance company or domestic affiliated group fails to pay the full amount of any fee of $200 or more due under Section 408 of this Code, there shall be added to the amount due as a penalty the greater of $100 or an amount equal to 10% of the deficiency for each month or part of a month that the deficiency remains unpaid.

Provided, that if any such stock, bonds, notes or other evidences of indebtedness constitutes or creates a lien or charge on, or right to profits from, any property not situated in this State, this fee shall be paid only on the amount of any such issue which is the same proportion of the whole issue as the property situated in this State is of the total property on which such securities issue creates a lien or charge, or from which a right to profits is established; and provided further, that no public utility shall be required to pay any fee for permission granted to it by the Commission in any of the following cases:

All fees collected by the Commission under this Section shall be paid within 10 days after the receipt of the same, accompanied by a detailed statement of the same, into the Public Utility Fund in the State treasury.

(c) Any person who delivers a check or other payment to the Department that is returned to the Department unpaid by the financial institution upon which it is drawn shall pay to the Department, in addition to the amount already owed to the Department, a fine of $50. The fines imposed by this Section are in addition to any other discipline provided under this Act prohibiting unlicensed practice or practice on a nonrenewed license. The Department shall notify the person that payment of fees and fines shall be paid to the Department by certified check or money order within 30 calendar days of the notification. If, after the expiration of 30 days from the date of the notification, the person has failed to submit the necessary remittance, the Department shall automatically terminate the license or certificate or deny the application, without hearing. If, after termination or denial, the person seeks a license or certificate, he or she shall apply to the Department for restoration or issuance of the license or certificate and pay all fees and fines due to the Department. The Department may establish a fee for the processing of an application for restoration of a license or certificate to pay all expenses of processing this application. The Director may waive the fines due under this Section in individual cases where the Director finds that the fines would be unreasonable or unnecessarily burdensome.

However, any person whose license has expired while he has been engaged (1) in federal or state service active duty, or (2) in training or education under the supervision of the United States preliminary to induction into the military service, may have his license renewed, reinstated or restored without paying any lapsed renewal and restoration fees, if within 2 years after termination of such service, training or education other than by dishonorable discharge, he furnishes the Department with satisfactory proof that he has been so engaged and that his service, training or education has been so terminated.

Sec. 8.1. Registration of servicepersons, service agents, and special sealers. No person, firm, or corporation shall sell, install, service, recondition or repair a weighing or measuring device used in trade or commerce without first obtaining a certificate of registration. Applications by individuals for a certificate of registration shall be made to the Department, shall be in writing on forms prescribed by the Department, and shall be accompanied by the required fee.

Each application shall provide such information that will enable the Department to pass on the qualifications of the applicant for the certificate of registration. The information requests shall include present residence, location of the business to be licensed under this Act, whether the applicant has had any previous registration under this Act or any federal, state, county, or local law, ordinance, or regulation relating to servicepersons and service Agencies, whether the applicant has ever had a registration suspended or revoked, whether the applicant has been convicted of a felony, and such other information as the Department deems necessary to determine if the applicant is qualified to receive a certificate of registration.

Before any certificate of registration is issued, the Department shall require the registrant to meet the following qualifications:

1. Has possession of or available for use weights and measures, standards, and testing equipment appropriate in design and adequate in amount to provide the services for which the person is requesting registration.
2. Passes a qualifying examination for each type of weighing or measuring device he intends to install, service, recondition, or repair.
3. Demonstrates a working knowledge of weighing and measuring devices for which he intends to be registered.
4. Has a working knowledge of all appropriate weights and measures laws and their rules and regulations.
5. Has available a current copy of National Institute of Standards and Technology Handbook 44.
6. Pays the prescribed registration fee for the type of registration:
   A. The annual fee for a Serviceperson Certificate of Registration shall be $25.
   B. The annual fee for a Special Sealer Certificate of Registration shall be $50.
   C. The annual fee for a Service Agency Certificate of Registration shall be $50.

"Registrant" means any individual, partnership, corporation, agency, firm, or company registered by the Department who installs, services, repairs, or reconditions, for hire, award, commission, or any other payment of any kind, any commercial weighing or measuring device.
"Commercial weighing and measuring device" means any weight or measure or weighing or measuring device commercially used or employed (i) in establishing size, quantity, extent, area, or measurement of quantities, things, produce, or articles for distribution or consumption which are purchased, offered, or submitted for sale, hire, or award, or (ii) in computing any basic charge or payment for services rendered, except as otherwise excluded by Section 2 of this Act, and shall also include any accessory attached to or used in connection with a commercial weighing or measuring device when the accessory is so designed or installed that its operation affects, or may affect, the accuracy of the device.

"Serviceperson" means any individual who sells, installs, services, repairs, or reconditions, for hire, award, commission, or any other payment of kind, a commercial weighing or measuring device.

"Service agency" means any individual, agency, firm, company, or corporation that, for hire, award, commission, or any other payment of any kind, sells, installs, services, repairs, or reconditions a commercial weighing or measuring device.

"Special sealer" means any serviceperson who is allowed to service only one service agency's liquid petroleum meters or liquid petroleum measuring devices.

Each registered service agency and serviceperson shall have report forms, known as "Placed in Service Reports". These forms shall be executed in triplicate, shall include the assigned registration number (in the case where a registered serviceperson is representing a registered service agency both assigned registration numbers shall be included), and shall be signed by a registered serviceperson or by a registered serviceperson representing a registered service agency for each rejected or repaired device restored to service and for each newly installed device placed in service. Whenever a registered serviceperson or special sealer places into service a weighing or measuring device, there shall be affixed to the device indicator a decal provided by the Department that indicates the device accuracy.

Within 5 days after a device is restored to service or placed in service, the original of a properly executed "Placed in Service Report", together with any official rejection tag or seal removed from the device, shall be mailed to the Department. The duplicate copy of the report shall be handed to the owner or operator of the device and the triplicate copy of the report shall be retained by the service agency or serviceperson.

A registered service agency and a registered serviceperson shall submit, at least once every 2 years to the Department for examination and certification, any standards and testing equipment that are used, or are to be used, in the performance of the service and testing functions with respect to weighing and measuring devices for which competence is registered. A registered serviceperson or agency shall not use in servicing commercial weighing and measuring devices any standards or testing equipment that have not been certified by the Department.

When a serviceperson's or service agency's weights and measures are carried to a National Institute of Standards and Technology approved out-of-state weights and

All registered servicepersons placing into service scales in excess of 30,000 pounds shall have a minimum of 10,000 pounds of State approved certified test weights to accurately test a scale.

Persons working as apprentices are not subject to registration if they work with and under the supervision of a registered serviceperson.

The Director is authorized to promulgate, after public hearing, rules and regulations necessary to enforce the provisions of this Section.

For good cause and after a hearing upon reasonable notice, the Director may deny any application for registration or any application for renewal of registration, or may revoke or suspend the registration of any registrant.

The Director may publish from time to time as he deems appropriate, and may supply upon request, lists of registered servicepersons and registered service agencies.

All final administrative decisions of the Director under this Section shall be subject to judicial review under the Administrative Review Law. The term "administrative decision" is defined as in Section 1 of the Administrative Review Law.

Section 75-52. The Environmental Protection Act is amended by changing Sections 9.6, 12.2, 16.1, 22.8, 22.15, 22.44, 39.5, 56.4, 56.5, and 56.6 and adding Sections 9.12, 9.13, 12.5, and 12.6 as follows:

(a) For any site for which an air pollution operating permit is required, other than a site permitted solely as a retail liquid dispensing facility that has air pollution control equipment or an agrichemical facility with an endorsed permit pursuant to Section 39.4, the owner or operator of that site shall pay an initial annual fee to the Agency within 30 days of receipt of the permit and an annual fee each year thereafter for as long as a permit is in effect. The owner or operator of a portable emission unit, as defined in 35 Ill. Adm. Code 201.170, may change the site of any unit previously permitted without paying an additional fee under this Section for each site change, provided that no further change to the permit is otherwise necessary or requested.

(b) Notwithstanding any rules to the contrary, the following fee amounts shall apply:

(1) The fee for a site permitted to emit less than 25 tons per year of any combination of regulated air pollutants, as defined in Section 39.5 of this Act, is $100 per year; beginning July 1, 1993, and increases to $200 per year beginning on July 1, 2003, except as provided in subsection (c) of this Section.

New matter indicated by italics - deletions by strikeout
The fee for a site permitted to emit at least 25 tons per year but less than 100 tons per year of any combination of regulated air pollutants, as defined in Section 39.5 of this Act, is $1,000 per year beginning July 1, 1993, and increases to $1,800 per year beginning on July 1, 2003, except as provided in subsection (c) of this Section.

The fee for a site permitted to emit at least 100 tons per year of any combination of regulated air pollutants is $2,500 per year beginning July 1, 1993, and increases to $3,500 per year beginning on July 1, 2003, except as provided in subsection (c) of this Section; provided, however, that the fee shall not exceed the amount that would be required for the site if it were subject to the fee requirements of Section 39.5 of this Act.

(c) The owner or operator of any source subject to paragraphs (b)(1), (b)(2), or (b)(3) of this Section that becomes subject to Section 39.5 of this Act shall continue to pay the fee set forth in this Section until the source becomes subject to the fee set forth within subsection 18 of Section 39.5 of this Act. In the event a site has paid a fee under this Section during the 12 month period following the effective date of the CAAPP for that site, the fee amount shall be deducted from any amount due under subsection 18 of Section 39.5 of this Act. Owners or operators that are subject to paragraph (b)(1), (b)(2), or (b)(3) of this Section, but that are not also subject to Section 39.5, or excluded pursuant to subsection 1.1 or subsection 3(c) of Section 39.5 shall continue to pay the fee amounts set forth within paragraphs (b)(1), (b)(2), or (b)(3), whichever is applicable.

(d) Only one air pollution site fee may be collected from any site, even if such site receives more than one air pollution control permit.

(e) The Agency shall establish procedures for the collection of air pollution site fees. Air pollution site fees may be paid annually, or in advance for the number of years for which the permit is issued, at the option of the owner or operator. Payment in advance does not exempt the owner or operator from paying any increase in the fee that may occur during the term of the permit; the owner or operator must pay the amount of the increase upon and from the effective date of the increase.

(f) The Agency may deny an application for the issuance, transfer, or renewal of an air pollution operating permit if any air pollution site fee owed by the applicant has not been paid within 60 days of the due date, unless the applicant, at the time of application, pays to the Agency in advance the air pollution site fee for the site that is the subject of the operating permit, plus any other air pollution site fees then owed by the applicant. The denial of an air pollution operating permit for failure to pay an air pollution site fee shall be subject to review by the Board pursuant to the provisions of subsection (a) of Section 40 of this Act.

(g) If the Agency determines that an owner or operator of a site was required, but failed, to timely obtain an air pollution operating permit, and as a result avoided the payment of permit fees, the Agency may collect the avoided permit fees with or without

pursuing enforcement under Section 31 of this Act. The avoided permit fees shall be calculated as double the amount that would have been owed had a permit been timely obtained. Fees collected pursuant to this subsection (g) shall be deposited into the Environmental Protection Permit and Inspection Fund.

(h) If the Agency determines that an owner or operator of a site was required, but failed, to timely obtain an air pollution operating permit and as a result avoided the payment of permit fees, an enforcement action may be brought under Section 31 of this Act. In addition to any other relief that may be obtained as part of this action, the Agency may seek to recover the avoided permit fees. The avoided permit fees shall be calculated as double the amount that would have been owed had a permit been timely obtained. Fees collected pursuant to this subsection (h) shall be deposited into the Environmental Protection Permit and Inspection Fund.

(i) If a permittee subject to a fee under this Section fails to pay the fee within 90 days of its due date, or makes the fee payment from an account with insufficient funds to cover the amount of the fee payment, the Agency shall notify the permittee of the failure to pay the fee. If the permittee fails to pay the fee within 60 days after such notification, the Agency may, by written notice, immediately revoke the air pollution operating permit. Failure of the Agency to notify the permittee of failure to pay a fee due under this Section, or the payment of the fee from an account with insufficient funds to cover the amount of the fee payment, does not excuse or alter the duty of the permittee to comply with the provisions of this Section.

Sec. 9.12. Construction permit fees for air pollution sources.

(a) An applicant for a new or revised air pollution construction permit shall pay a fee, as established in this Section, to the Agency at the time that he or she submits the application for a construction permit. Except as set forth below, the fee for each activity or category listed in this Section is separate and is cumulative with any other applicable fee listed in this Section.

(b) The fee amounts in this subsection (b) apply to construction permit applications relating to (i) a source subject to Section 39.5 of this Act (the Clean Air Act Permit Program); (ii) a source that, upon issuance of the requested construction permit, will become a major source subject to Section 39.5; or (iii) a source that has or will require a federally enforceable State operating permit limiting its potential to emit.

(1) Base fees for each construction permit application shall be assessed as follows:

(A) If the construction permit application relates to one or more new emission units or to a combination of new and modified emission units, a fee of $4,000 for the first new emission unit and a fee of $1,000 for each

New matter indicated by italics - deletions by strikeout
additional new or modified emission unit; provided that the total base fee under this subdivision (A) shall not exceed $10,000.

(B) If the construction permit application relates to one or more modified emission units but not to any new emission unit, a fee of $2,000 for the first modified emission unit and a fee of $1,000 for each additional modified emission unit; provided that the total base fee under this subdivision (B) shall not exceed $5,000.

(2) Supplemental fees for each construction permit application shall be assessed as follows:

(A) If, based on the construction permit application, the source will be, but is not currently, subject to Section 39.5 of this Act, a CAAPP entry fee of $5,000.

(B) If the construction permit application involves (i) a new source or emission unit subject to Section 39.2 of this Act, (ii) a commercial incinerator or other municipal waste, hazardous waste, or waste tire incinerator, (iii) a commercial power generator, or (iv) one or more other emission units designated as a complex source by Agency rulemaking, a fee of $25,000.

(C) If the construction permit application involves an emissions netting exercise or reliance on a contemporaneous emissions decrease for a pollutant to avoid application of the federal PSD program (40 CFR 52.21) or nonattainment new source review (35 Ill. Adm. Code 203), a fee of $3,000 for each such pollutant.

(D) If the construction permit application is for a new major source subject to the federal PSD program, a fee of $12,000.

(E) If the construction permit application is for a new major source subject to nonattainment new source review, a fee of $20,000.

(F) If the construction permit application is for a major modification subject to the federal PSD program, a fee of $6,000.

(G) If the construction permit application is for a major modification subject to nonattainment new source review, a fee of $12,000.

(H) If the construction permit application review involves a determination of whether an emission unit has Clean Unit Status and is therefore not subject to the Best Available Control Technology (BACT) or Lowest Achievable Emission Rate (LAER) under the federal PSD program or nonattainment new source review, a fee of $5,000 per unit for which a determination is requested or otherwise required.

(I) If the construction permit application review involves a determination of the Maximum Achievable Control Technology standard for a pollutant and the project is not otherwise subject to BACT or LAER for a

New matter indicated by italics - deletions by strikeout
related pollutant under the federal PSD program or nonattainment_new source review, a fee of $5,000 per unit for which a determination is requested or otherwise required.

(J) If the applicant is requesting a construction permit that will alter the source’s status so that it is no longer a major source subject to Section 39.5 of this Act, a fee of $4,000.

(3) If a public hearing is held regarding the construction permit application, an administrative fee of $10,000, subject to adjustment under subsection (f) of this Section.

(c) The fee amounts in this subsection (c) apply to construction permit applications relating to a source that, upon issuance of the construction permit, will not (i) be or become subject to Section 39.5 of this Act (the Clean Air Act Permit Program) or (ii) have or require a federally enforceable state operating permit limiting its potential to emit.

(1) Base fees for each construction permit application shall be assessed as follows:

(A) For a construction permit application involving a single new emission unit, a fee of $500.

(B) For a construction permit application involving more than one new emission unit, a fee of $1,000.

(C) For a construction permit application involving no more than 2 modified emission units, a fee of $500.

(D) For a construction permit application involving more than 2 modified emission units, a fee of $1,000.

(2) Supplemental fees for each construction permit application shall be assessed as follows:

(A) If the source is a new source, i.e., does not currently have an operating permit, an entry fee of $500;

(B) If the construction permit application involves (i) a new source or emission unit subject to Section 39.2 of this Act, (ii) a commercial incinerator or a municipal waste, hazardous waste, or waste tire incinerator, (iii) a commercial power generator, or (iv) an emission unit designated as a complex source by Agency rulemaking, a fee of $15,000.

(3) If a public hearing is held regarding the construction permit application, an administrative fee of $10,000.

(d) If no other fee is applicable under this Section, a construction permit application addressing one or more of the following shall be subject to a filing fee of $500:

(1) A construction permit application to add or replace a control device on a permitted emission unit.

(2) A construction permit application to conduct a pilot project or trial burn for a permitted emission unit.
(3) A construction permit application for a land remediation project.

(5) A construction permit application to revise an emissions testing methodology or the timing of required emissions testing.

(6) A construction permit application that provides for a change in the name, address, or phone number of any person identified in the permit, or for a change in the stated ownership or control, or for a similar minor administrative permit change at the source.

(e) No fee shall be assessed for a request to correct an issued permit that involves only an Agency error, if the request is received within the deadline for a permit appeal to the Pollution Control Board.

(f) The applicant for a new or revised air pollution construction permit shall submit to the Agency, with the construction permit application, both a certification of the fee that he or she estimates to be due under this Section and the fee itself.

(g) Notwithstanding the requirements of Section 39(a) of this Act, the application for an air pollution construction permit shall not be deemed to be filed with the Agency until the Agency receives the initial air pollution construction permit application fee and the certified estimate of the fee required by this Section. Unless the Agency has received the initial air pollution construction permit application fee and the certified estimate of the fee required by this Section, the Agency is not required to review or process the application.

(h) If the Agency determines at any time that a construction permit application is subject to an additional fee under this Section that the applicant has not submitted, the Agency shall notify the applicant in writing of the amount due under this Section. The applicant shall have 60 days to remit the assessed fee to the Agency.

If the proper fee established under this Section is not submitted within 60 days after the request for further remittance:

(1) If the construction permit has not yet been issued, the Agency is not required to further review or process, and the provisions of Section 39(a) of this Act do not apply to, the application for a construction permit until such time as the proper fee is remitted.

(2) If the construction permit has been issued, the Agency may, upon written notice, immediately revoke the construction permit.

The denial or revocation of a construction permit does not excuse the applicant from the duty of paying the fees required under this Section.

(i) The Agency may deny the issuance of a pending air pollution construction permit or the subsequent operating permit if the applicant has not paid the required fees by the date required for issuance of the permit. The denial or revocation of a permit for
failure to pay a construction permit fee is subject to review by the Board pursuant to the provisions of subsection (a) of Section 40 of this Act.

(j) If the owner or operator undertakes construction without obtaining an air pollution construction permit, the fee under this Section is still required. Payment of the required fee does not preclude the Agency or the Attorney General or other authorized persons from pursuing enforcement against the applicant for failure to have an air pollution construction permit prior to commencing construction.

(k) If an air pollution construction permittee makes a fee payment under this Section from an account with insufficient funds to cover the amount of the fee payment, the Agency shall notify the permittee of the failure to pay the fee. If the permittee fails to pay the fee within 60 days after such notification, the Agency may, by written notice, immediately revoke the air pollution construction permit. Failure of the Agency to notify the permittee of the permittee’s failure to make payment does not excuse or alter the duty of the permittee to comply with the provisions of this Section.

(l) The Agency may establish procedures for the collection of air pollution construction permit fees.

(m) Fees collected pursuant to this Section shall be deposited into the Environmental Protection Permit and Inspection Fund.

(415 ILCS 5/9.13 new)
Sec. 9.13. Asbestos fees.

(a) For any site for which the owner or operator must file an original 10-day notice of intent to renovate or demolish pursuant to 40 CFR 61.145(b) (part of the federal asbestos National Emission Standard for Hazardous Air Pollutants or NESHAP), the owner or operator shall pay to the Agency with the filing of each 10-day Notice a fee of $150.

(b) If demolition or renovation of a site has commenced without proper filing of the 10-day Notice, the fee is double the amount otherwise due. This doubling of the fee is in addition to any other penalties under this Act, the federal NESHAP, or otherwise, and does not preclude the Agency, the Attorney General, or other authorized persons from pursuing an enforcement action against the owner or operator for failure to file a 10-day Notice prior to commencing demolition or renovation activities.

(c) In the event that an owner or operator makes a fee payment under this Section from an account with insufficient funds to cover the amount of the fee payment, the 10-day Notice shall be deemed improperly filed. The Agency shall so notify the owner or operator within 60 days of receiving the notice of insufficient funds. Failure of the Agency to so notify the owner or operator does not excuse or alter the duty of the owner or operator to comply with the requirements of this Section.

(d) Where asbestos remediation or demolition activities have not been conducted in accordance with the asbestos NESHAP, in addition to the fees imposed by this Section, the Agency may also collect its actual costs incurred for asbestos-related activities at the site,
including without limitation costs of sampling, sample analysis, remediation plan review, and activity oversight for demolition or renovation.

(e) Fees and cost recovery amounts collected under this Section shall be deposited into the Environmental Protection Permit and Inspection Fund.

(415 ILCS 5/12.2) (from Ch. 111 1/2, par. 1012.2)

Sec. 12.2. Water pollution construction permit fees.

(a) Beginning July 1, 2003, January 1, 1991, the Agency shall collect a fee in the amount set forth in this Section: subsection (c)

(1) for any sewer which requires a construction permit under paragraph (b) of Section 12, from each applicant for a sewer construction permit under paragraph (b) of Section 12 or regulations adopted hereunder; and-

(2) for any treatment works, industrial pretreatment works, or industrial wastewater source that requires a construction permit under paragraph (b) of Section 12, from the applicant for the construction permit. However, no fee shall be required for a treatment works or wastewater source directly covered and authorized under an NPDES permit issued by the Agency, nor for any treatment works, industrial pretreatment works, or industrial wastewater source (i) that is under or pending construction authorized by a valid construction permit issued by the Agency prior to July 1, 2003, during the term of that construction permit, or (ii) for which a completed construction permit application has been received by the Agency prior to July 1, 2003, with respect to the permit issued under that application.

(b) Each applicant or person required to pay a fee under this Section shall submit the fee to the Agency along with the permit application. The Agency shall deny any construction permit application for which a fee is required under this Section that does not contain the appropriate fee.

(c) The amount of the fee is as follows:

(1) A $100 fee shall be required for any sewer constructed with a design population of 1.

(2) A $400 fee shall be required for any sewer constructed with a design population of 2 to 20.

(3) A $800 fee shall be required for any sewer constructed with a design population greater than 20 but less than 101.

(4) A $1200 fee shall be required for any sewer constructed with a design population greater than 100 but less than 500.

(5) A $2400 fee shall be required for any sewer constructed with a design population of 500 or more.

(6) A $1,000 fee shall be required for any industrial wastewater source that does not require pretreatment of the wastewater prior to discharge to the publicly owned treatment works or publicly regulated treatment works.
(7) A $3,000 fee shall be required for any industrial wastewater source that requires pretreatment of the wastewater for non-toxic pollutants prior to discharge to the publicly owned treatment works or publicly regulated treatment works.

(8) A $6,000 fee shall be required for any industrial wastewater source that requires pretreatment of the wastewater for toxic pollutants prior to discharge to the publicly owned treatment works or publicly regulated treatment works.

(9) A $2,500 fee shall be required for construction relating to land application of industrial sludge or spray irrigation of industrial wastewater.

All fees collected by the Agency under this Section shall be deposited into the Environmental Protection Permit and Inspection Fund in accordance with Section 22.8.

(d) Prior to a final Agency decision on a permit application for which a fee has been paid under this Section, the applicant may propose modification to the application in accordance with this Act and regulations adopted hereunder without any additional fee becoming due, unless the proposed modifications cause an increase in the design population served by the sewer specified in the permit application before the modifications or the modifications cause a change in the applicable fee category stated in subsection (c). If the modifications cause such an increase or change the fee category and the increase results in additional fees being due under subsection (c), the applicant shall submit the additional fee to the Agency with the proposed modifications.

(e) No fee shall be due under this Section from:

(1) any department, agency or unit of State government for installing or extending a sewer;

Section beginning on July 1, 2003, for all completed applications received on or after that date.

(g) Notwithstanding any other provision of this Act, the Agency shall, not later than 45 days following the receipt of both an application for a construction permit and the fee required by this Section, either approve that application and issue a permit or tender to the applicant a written statement setting forth with specificity the reasons for the disapproval of the application and denial of a permit. If the Agency takes no final action within 45 days after the filing of the application for a permit, the applicant may deem the permit issued.

Sec. 12.5. NPDES discharge fees; sludge permit fees.

(a) Beginning July 1, 2003, the Agency shall assess and collect annual fees (i) in the amounts set forth in subsection (e) for all discharges that require an NPDES permit under subsection (f) of Section 12, from each person holding an NPDES permit authorizing those discharges (including a person who continues to discharge under an expired permit pending renewal), and (ii) in the amounts set forth in subsection (f) of this Section for all activities that require a permit under subsection (b) of Section 12, from each person holding a domestic sewage sludge generator or user permit.

Each person subject to this Section must remit the applicable annual fee to the Agency in accordance with the requirements set forth in this Section and any rules adopted pursuant to this Section.

(b) Within 30 days after the effective date of this Section, and by May 31 of each year thereafter, the Agency shall send a fee notice by mail to each existing permittee subject to a fee under this Section at his or her address of record. The notice shall state the amount of the applicable annual fee and the date by which payment is required.

Except as provided in subsection (c) with respect to initial fees under new permits and certain modifications of existing permits, fees payable under this Section for the 12 months beginning July 1, 2003 are due by the date specified in the fee notice, which shall be no less than 30 days after the date the fee notice is mailed by the Agency, and fees payable under this Section for subsequent years shall be due on July 1 or as otherwise required in any rules that may be adopted pursuant to this Section.
(c) The initial annual fee for discharges under a new individual NPDES permit or for activity under a new individual sludge generator or sludge user permit must be remitted to the Agency prior to the issuance of the permit. The Agency shall provide notice of the amount of the fee to the applicant during its review of the application. In the case of a new individual NPDES or sludge permit issued during the months of January through June, the Agency may prorate the initial annual fee payable under this Section.

The initial annual fee for discharges or other activity under a general NPDES permit must be remitted to the Agency as part of the application for coverage under that general permit.

If a requested modification to an existing NPDES permit causes a change in the applicable fee categories under subsection (e) that results in an increase in the required fee, the permittee must pay to the Agency the amount of the increase, prorated for the number of months remaining before the next July 1, before the modification is granted.

(d) Failure to submit the fee required under this Section by the due date constitutes a violation of this Section. Late payments shall incur an interest penalty, calculated at the rate in effect from time to time for tax delinquencies under subsection (a) of Section 1003 of the Illinois Income Tax Act, from the date the fee is due until the date the fee payment is received by the Agency.

(e) The annual fees applicable to discharges under NPDES permits are as follows:

   - (v) $30,000 for facilities with a Design Average Flow rate of at least 5,000,000 gallons per day but less than 10,000,000 gallons per day; and
   - (vi) $50,000 for facilities with a Design Average Flow rate of 10,000,000 gallons per day or more.

2. For NPDES permits for treatment works or sewer collection systems that include combined sewer overflow outfalls, the fee is:
   - (i) $1,000 for systems serving a tributary population of 10,000 or less;
(ii) $5,000 for systems serving a tributary population that is greater than 10,000 but not more than 25,000; and
(iii) $20,000 for systems serving a tributary population that is greater than 25,000.

The fee amounts in this subdivision (e)(2) are in addition to the fees stated in subdivision (e)(1) when the combined sewer overflow outfall is contained within a permit subject to subsection (e)(1) fees.

(3) For NPDES permits for mines producing coal, the fee is $5,000.

(4) For NPDES permits for mines other than mines producing coal, the fee is $5,000.

(5) For NPDES permits for industrial activity where toxic substances are not regulated, other than permits covered under subdivision (e)(3) or (e)(4), the fee is:

(i) $1,000 for a facility with a Design Average Flow rate that is not more than 10,000 gallons per day;
(ii) $2,500 for a facility with a Design Average Flow rate that is more than 10,000 gallons per day but not more than 100,000 gallons per day; and

(9) For NPDES permits for construction site or industrial storm water, the fee is $500.

(f) The annual fee for activities under a permit that authorizes applying sludge on land is $2,500 for a sludge generator permit and $5,000 for a sludge user permit.
(g) More than one of the annual fees specified in subsections (e) and (f) may be applicable to a permit holder. These fees are in addition to any other fees required under this Act.

(h) The fees imposed under this Section do not apply to the State or any department or agency of the State, nor to any school district.

(i) The Agency may adopt rules to administer the fee program established in this Section. The Agency may include provisions pertaining to invoices, notice of late payment, and disputes concerning the amount or timeliness of payment. The Agency may set forth procedures and criteria for the acceptance of payments. The absence of such rules does not affect the duty of the Agency to immediately begin the assessment and collection of fees under this Section.

(j) All fees and interest penalties collected by the Agency under this Section shall be deposited into the Illinois Clean Water Fund, which is hereby created as a special fund in the State treasury. Gifts, supplemental environmental project funds, and grants may be deposited into the Fund. Investment earnings on moneys held in the Fund shall be credited to the Fund.

Subject to appropriation, the moneys in the Fund shall be used by the Agency to carry out the Agency's clean water activities.

(k) Fees paid to the Agency under this Section are not refundable.

Sec. 12.6. Certification fees.

(a) Beginning July 1, 2003, the Agency shall collect a fee in the amount set forth in subsection (b) from each applicant for a state water quality certification required by Section 401 of the federal Clean Water Act prior to a federal authorization pursuant to Section 404 of that Act; except that the fee does not apply to the State or any department or agency of the State, nor to any school district.

(b) The amount of the fee for a State water quality certification is $350 or 1% of the gross value of the proposed project, whichever is greater, but not to exceed $10,000.

(c) Each applicant seeking a federal authorization of an action requiring a Section 401 state water quality certification by the Agency shall submit the required fee with the application. The Agency shall deny an application for which a fee is required under this Section, if the application does not contain the appropriate fee.

(d) The Agency may establish procedures relating to the collection of fees under this Section. Notwithstanding the adoption of any rules establishing such procedures, the Agency may begin collecting fees under this Section on July 1, 2003 for all complete applications received on or after that date.

All fees collected by the Agency under this Section shall be deposited into the Illinois Clean Water Fund. Fees paid under this Section are not refundable.

Sec. 16.1. Permit fees.

(b) Except as provided in subsection (c), each applicant or person required to pay a fee under this Section shall submit the fee to the Agency along with the permit application or as-built plans. The Agency shall deny any construction permit application for which a fee is required under this Section that does not contain the appropriate fee. The Agency shall not approve any as-built plans for which a fee is required under this Section that do not contain the appropriate fee.

(c) Each applicant for an emergency construction permit under this Title, or regulations adopted hereunder, to install or extend a water main shall submit the appropriate fee to the Agency within 10 calendar days from the date of issuance of the emergency construction permit.

(e) Prior to a final Agency decision on a permit application for which a fee has been paid under this Section, the applicant may propose modifications to the application in accordance with this Act and regulations adopted hereunder without any additional fee becoming due unless the proposed modifications cause the length of water main to increase beyond the length specified in the permit application before the modifications. If the modifications cause such an increase and the increase results in additional fees being due under subsection (d), the applicant shall submit the additional fee to the Agency with the proposed modifications.

(f) No fee shall be due under this Section from (1) any department, agency or unit of State government for installing or extending a water main; (2) any unit of local government with which the Agency has entered into a written delegation agreement under Section 4 of this Act which allows such unit to issue construction permits under this Title, or regulations adopted hereunder, for installing or extending a water main; or (3) any unit of local government or school district for installing or extending a water main where both of the following conditions are met: (i) the cost of the installation or extension is paid wholly from monies of the unit of local government or school district, State grants or loans, federal grants or loans, or any combination thereof; and (ii) the unit of local government or school district is not given monies, reimbursed or paid, either in whole or in part, by

(h) For the purposes of this Section, the term "water main" means any pipe that is to be used for the purpose of distributing potable water which serves or is accessible to more than one property, dwelling or rental unit, and that is exterior to buildings.

(i) Notwithstanding any other provision of this Act, the Agency shall, not later than 45 days following the receipt of both an application for a construction permit and the fee required by this Section, either approve that application and issue a permit or tender to the applicant a written statement setting forth with specificity the reasons for the disapproval of the application and denial of a permit. If there is no final action by the Agency within 45 days after the filing of the application for a permit, the applicant may deem the permit issued.

(a) There is hereby created within the State Treasury a special fund to be known as the "Solid Waste Management Fund", to be constituted from the fees collected by the State pursuant to this Section and from repayments of loans made from the Fund for solid waste projects. Moneys received by the Department of Commerce and Community Affairs in repayment of loans made pursuant to the Illinois Solid Waste Management Act shall be deposited into the Solid Waste Management Revolving Loan Fund.

(b) On and after January 1, 1987, The Agency shall assess and collect a fee in the amount set forth herein from the owner or operator of each sanitary landfill permitted or required to be permitted by the Agency to dispose of solid waste if the sanitary landfill is located off the site where such waste was produced and if such sanitary landfill is owned, controlled, and operated by a person other than the generator of such waste. The Agency shall deposit all fees collected into the Solid Waste Management Fund. If a site is contiguous to one or more landfills owned or operated by the same person, the volumes permanently disposed of by each landfill shall be combined for purposes of determining the fee under this subsection.

(1) If more than 150,000 cubic yards of non-hazardous solid waste is permanently disposed of at a site in a calendar year, the owner or operator shall either pay a fee of $95 cents $45 cents per cubic yard or, alternatively, the owner or operator may weigh the quantity of the solid waste permanently disposed of with a device for which certification has been obtained under the Weights and Measures Act and pay a fee of $2.00 $95 cents per ton of solid waste permanently disposed of. In no case shall the fee collected or paid by the owner or operator under this paragraph exceed $1.55 $1.05 per cubic yard or $3.27 $2.22 per ton.

(2) If more than 100,000 cubic yards but not more than 150,000 cubic yards of non-hazardous waste is permanently disposed of at a site in a calendar year, the owner or operator shall pay a fee of $52,630 $25,000.

(3) If more than 50,000 cubic yards but not more than 100,000 cubic yards of non-hazardous solid waste is permanently disposed of at a site in a calendar year, the owner or operator shall pay a fee of $23,790 $14,300.
(4) If more than 10,000 cubic yards but not more than 50,000 cubic yards of non-hazardous solid waste is permanently disposed of at a site in a calendar year, the owner or operator shall pay a fee of $7,260 $3,450.

(c) (Blank.)

(d) The Agency shall establish rules relating to the collection of the fees authorized by this Section. Such rules shall include, but not be limited to:

(1) necessary records identifying the quantities of solid waste received or disposed;

(2) the form and submission of reports to accompany the payment of fees to the Agency;

(3) the time and manner of payment of fees to the Agency, which payments shall not be more often than quarterly; and

(4) procedures setting forth criteria establishing when an owner or operator may measure by weight or volume during any given quarter or other fee payment period.

(e) Pursuant to appropriation, all monies in the Solid Waste Management Fund shall be used by the Agency and the Department of Commerce and Community Affairs for the purposes set forth in this Section and in the Illinois Solid Waste Management Act, including for the costs of fee collection and administration.

(f) The Agency is authorized to enter into such agreements and to promulgate such rules as are necessary to carry out its duties under this Section and the Illinois Solid Waste Management Act.

(g) On the first day of January, April, July, and October of each year, beginning on July 1, 1996, the State Comptroller and Treasurer shall transfer $500,000 from the Solid Waste Management Fund to the Hazardous Waste Fund. enforcement and other activities consistent with the Solid Waste Management Act and the Local Solid Waste Disposal Act, or for any other environment-related purpose, including but not limited to an environment-related public works project, but not for the construction of a new pollution control facility other than a household hazardous waste facility. However, the total fee, tax or surcharge imposed by all units of local government under this subsection (j) upon the solid waste disposal facility shall not exceed:

(1) 60¢ per cubic yard if more than 150,000 cubic yards of non-hazardous solid waste is permanently disposed of at the site in a calendar year, unless the owner or operator weighs the quantity of the solid waste received with a device for which certification has been obtained under the Weights and Measures Act, in which case the fee shall not exceed $1.27 per ton of solid waste permanently disposed of.

(2) $33,350 if more than 100,000 cubic yards, but not more than 150,000 cubic yards, of non-hazardous waste is permanently disposed of at the site in a calendar year.

(3) $15,500 if more than 50,000 cubic yards, but not more than 100,000 cubic yards, of non-hazardous solid waste is permanently disposed of at the site in a calendar year.

(5) $650 if not more than 10,000 cubic yards of non-hazardous solid waste is permanently disposed of at the site in a calendar year.

The corporate authorities of the unit of local government may use proceeds from the fee, tax, or surcharge to reimburse a highway commissioner whose road district lies wholly or partially within the corporate limits of the unit of local government for expenses incurred in the removal of nonhazardous, nonfluid municipal waste that has been dumped on public property in violation of a State law or local ordinance.

A county or Municipal Joint Action Agency that imposes a fee, tax, or surcharge under this subsection may use the proceeds thereof to reimburse a municipality that lies wholly or partially within its boundaries for expenses incurred in the removal of nonhazardous, nonfluid municipal waste that has been dumped on public property in violation of a State law or local ordinance.

If the fees are to be used to conduct a local sanitary landfill inspection or enforcement program, the unit of local government must enter into a written delegation agreement with the Agency pursuant to subsection (r) of Section 4. The unit of local government and the Agency shall enter into such a written delegation agreement within 60 days after the establishment of such fees. At least annually, the Agency shall conduct an audit of the expenditures made by units of local government from the funds granted by the Agency to the units of local government for purposes of local sanitary landfill inspection.
and enforcement programs, to ensure that the funds have been expended for the prescribed purposes under the grant.

The fees, taxes or surcharges collected under this subsection (j) shall be placed by the unit of local government in a separate fund, and the interest received on the moneys in the fund shall be credited to the fund. The monies in the fund may be accumulated over a period of years to be expended in accordance with this subsection.

A unit of local government, as defined in the Local Solid Waste Disposal Act, shall prepare and distribute to the Agency, in April of each year, a report that details spending plans for monies collected in accordance with this subsection. The report will at a minimum include the following:

(4) An estimation of monies to be collected for the following 3 years pursuant to this subsection.
(5) A narrative detailing the general direction and scope of future expenditures for one, 2 and 3 years.

The exemptions granted under Sections 22.16 and 22.16a, and under subsections (c) and (k) of this Section, shall be applicable to any fee, tax or surcharge imposed under this subsection (j); except that the fee, tax or surcharge authorized to be imposed under this subsection (j) may be made applicable by a unit of local government to the permanent disposal of solid waste after December 31, 1986, under any contract lawfully executed before June 1, 1986 under which more than 150,000 cubic yards (or 50,000 tons) of solid waste is to be permanently disposed of, even though the waste is exempt from the fee imposed by the State under subsection (b) of this Section pursuant to an exemption granted under Section 22.16.

(k) In accordance with the findings and purposes of the Illinois Solid Waste Management Act, beginning January 1, 1989 the fee under subsection (b) and the fee, tax or surcharge under subsection (j) shall not apply to:

(4) Non-hazardous solid waste that is received at a sanitary landfill and composted or recycled through a process permitted by the Agency; or
An any landfill which is permitted by the Agency to receive only demolition or construction debris or landscape waste.

1.1. Exclusion From the CAAPP.

a. An owner or operator of a source which determines that the source could be excluded from the CAAPP may seek such exclusion prior to the date that the CAAPP application for the source is due but in no case later than 9 months after the effective date of the CAAPP through the imposition of federally enforceable conditions limiting the "potential to emit" of the source to a level below the major source threshold for that source as described in paragraph 2(c) of this Section, within a State operating permit issued pursuant to Section 39(a) of this Act. After such date, an exclusion from the CAAPP may be sought under paragraph 3(c) of this Section.

b. An owner or operator of a source seeking exclusion from the CAAPP pursuant to paragraph (a) of this subsection must submit a permit application consistent with the existing State permit program which specifically requests such exclusion through the imposition of such federally enforceable conditions.

c. Upon such request, if the Agency determines that the owner or operator of a source has met the requirements for exclusion pursuant to paragraph (a) of this subsection and other applicable requirements for permit issuance under Section 39(a) of this Act, the Agency shall issue a State operating permit for such source under Section 39(a) of this Act, as amended, and regulations promulgated thereunder with federally enforceable conditions limiting the "potential to emit" of

New matter indicated by italics - deletions by strikeout
the source to a level below the major source threshold for that source as described in paragraph 2(c) of this Section.

d. The Agency shall provide an owner or operator of a source which may be excluded from the CAAPP pursuant to this subsection with reasonable notice that the owner or operator may seek such exclusion.

e. The Agency shall provide such sources with the necessary permit application forms.

2. Applicability.

a. Sources subject to this Section shall include:

i. Any major source as defined in paragraph (c) of this subsection.

ii. Any source subject to a standard or other requirements promulgated under Section 111 (New Source Performance Standards) or Section 112 (Hazardous Air Pollutants) of the Clean Air Act, except that a source is not required to obtain a permit solely because it is subject to regulations or requirements under Section 112(r) of the Clean Air Act.

Notwithstanding the preceding sentence, emissions from any oil or gas exploration or production well (with its associated equipment) and emissions from any pipeline compressor or pump station shall not be aggregated with emissions from other similar units, whether or not such units are in a contiguous area or under common control, to determine whether such stations are major sources.

   B. For radionuclides, "major source" shall have the meaning specified by the USEPA by rule.

For purposes of this subsection, "fugitive emissions" means those emissions which could not reasonably pass through a stack, chimney, vent, or other functionally-equivalent opening. The fugitive emissions of a stationary source shall not be considered in determining whether it is a major stationary source for the purposes of Section 302(j) of the Clean Air Act, unless the source belongs to one of the following categories of stationary source:

4. Transition.

   a. An owner or operator of a CAAPP source shall not be required to renew an existing State operating permit for any emission unit at such CAAPP source once a CAAPP application timely submitted prior to expiration of the State operating permit has been deemed complete. For purposes other than permit renewal, the obligation upon the owner or operator of a CAAPP source to obtain a
State operating permit is not removed upon submittal of the complete CAAPP permit application. An owner or operator of a CAAPP source seeking to make a modification to a source prior to the issuance of its CAAPP permit shall be required to obtain a construction and/or operating permit as required for such modification in accordance with the State permit program under Section 39(a) of this Act, as amended, and regulations promulgated thereunder. The application for such construction and/or operating permit shall be considered an amendment to the CAAPP application submitted for such source.

b. An owner or operator of a CAAPP source shall continue to operate in accordance with the terms and conditions of its applicable State operating permit notwithstanding the expiration of the State operating permit until the source's CAAPP permit has been issued.

c. An owner or operator of a CAAPP source shall submit its initial CAAPP application to the Agency no later than 12 months after the effective date of the CAAPP. The Agency may request submittal of initial CAAPP applications during this 12 month period according to a schedule set forth within Agency procedures, however, in no event shall the Agency require such submittal earlier than 3 months after such effective date of the CAAPP. An owner or operator may voluntarily submit its initial CAAPP application prior to the date required within this paragraph or applicable procedures, if any, subsequent to the date the Agency submits the CAAPP to USEPA for approval.

d. The Agency shall act on initial CAAPP applications in accordance with subsection 5(j) of this Section.

e. For purposes of this Section, the term "initial CAAPP application" shall mean the first CAAPP application submitted for a source existing as of the effective date of the CAAPP.

f. The Agency shall provide owners or operators of CAAPP sources with at least three months advance notice of the date on which their applications are required to be submitted. In determining which sources shall be subject to early submittal, the Agency shall include among its considerations the complexity of the permit application, and the burden that such early submittal will have on the source.

g. The CAAPP permit shall upon becoming effective supersede the State operating permit.

h. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary, to implement this subsection.

5. Applications and Completeness.

a. An owner or operator of a CAAPP source shall submit its complete CAAPP application consistent with the Act and applicable regulations.

New matter indicated by italics - deletions by strikeout
b. An owner or operator of a CAAPP source shall submit a single complete CAAPP application covering all emission units at that source.

c. To be deemed complete, a CAAPP application must provide all information, as requested in Agency application forms, sufficient to evaluate the subject source and its application and to determine all applicable requirements, pursuant to the Clean Air Act, and regulations thereunder, this Act and regulations thereunder. Such Agency application forms shall be finalized and made available prior to the date on which any CAAPP application is required.

d. An owner or operator of a CAAPP source shall submit, as part of its complete CAAPP application, a compliance plan, including a schedule of compliance, describing how each emission unit will comply with all applicable requirements. Any such schedule of compliance shall be supplemental to, and shall not sanction noncompliance with, the applicable requirements on which it is based.

e. Each submitted CAAPP application shall be certified for truth, accuracy, and completeness by a responsible official in accordance with applicable regulations.

f. The Agency shall provide notice to a CAAPP applicant as to whether a submitted CAAPP application is complete. Unless the Agency notifies the applicant of incompleteness, within 60 days of receipt of the CAAPP application, the application shall be deemed complete. The Agency may request additional information as needed to make the completeness determination. The Agency may to the extent practicable provide the applicant with a reasonable opportunity to correct deficiencies prior to a final determination of completeness.

g. If after the determination of completeness the Agency finds that additional information is necessary to evaluate or take final action on the CAAPP application, the Agency may request in writing such information from the source with a reasonable deadline for response.

h. If the owner or operator of a CAAPP source submits a timely and complete CAAPP application, the source's failure to have a CAAPP permit shall not be a violation of this Section until the Agency takes final action on the submitted CAAPP application, provided, however, where the applicant fails to submit the requested information under paragraph 5(g) within the time frame specified by the Agency, this protection shall cease to apply.

i. Any applicant who fails to submit any relevant facts necessary to evaluate the subject source and its CAAPP application or who has submitted incorrect information in a CAAPP application shall, upon becoming aware of such failure or incorrect submittal, submit supplementary facts or correct information to the Agency. In addition, an applicant shall provide to the Agency additional information as necessary to address any requirements which become applicable to

the source subsequent to the date the applicant submitted its complete CAAPP application but prior to release of the draft CAAPP permit.

j. The Agency shall issue or deny the CAAPP permit within 18 months after the date of receipt of the complete CAAPP application, with the following exceptions: (i) permits for affected sources for acid deposition shall be issued or denied within 6 months after receipt of a complete application in accordance with subsection 17 of this Section; (ii) the Agency shall act on initial CAAPP applications within 24 months after the date of receipt of the complete CAAPP application; (iii) the Agency shall act on complete applications containing early reduction demonstrations under Section 112(i)(5) of the Clean Air Act within 9 months of receipt of the complete CAAPP application.

Where the Agency does not take final action on the permit within the required time period, the permit shall not be deemed issued; rather, the failure to act shall be treated as a final permit action for purposes of judicial review pursuant to Sections 40.2 and 41 of this Act.

k. The submittal of a complete CAAPP application shall not affect the requirement that any source have a preconstruction permit under Title I of the Clean Air Act.

l. Unless a timely and complete renewal application has been submitted consistent with this subsection, a CAAPP source operating upon the expiration of its CAAPP permit shall be deemed to be operating without a CAAPP permit. Such operation is prohibited under this Act.

m. Permits being renewed shall be subject to the same procedural requirements, including those for public participation and federal review and objection, that apply to original permit issuance.

n. For purposes of permit renewal, a timely application is one that is submitted no less than 9 months prior to the date of permit expiration.

o. The terms and conditions of a CAAPP permit shall remain in effect until the issuance of a CAAPP renewal permit provided a timely and complete CAAPP application has been submitted.

p. The owner or operator of a CAAPP source seeking a permit shield pursuant to paragraph 7(j) of this Section shall request such permit shield in the CAAPP application regarding that source.

q. The Agency shall make available to the public all documents submitted by the applicant to the Agency, including each CAAPP application, compliance plan (including the schedule of compliance), and emissions or compliance monitoring report, with the exception of information entitled to confidential treatment pursuant to Section 7 of this Act.
r. The Agency shall use the standardized forms required under Title IV of the Clean Air Act and regulations promulgated thereunder for affected sources for acid deposition.

s. An owner or operator of a CAAPP source may include within its CAAPP application a request for permission to operate during a startup, malfunction, or breakdown consistent with applicable Board regulations.

t. An owner or operator of a CAAPP source, in order to utilize the operational flexibility provided under paragraph 7(l) of this Section, must request such use and provide the necessary information within its CAAPP application.

u. An owner or operator of a CAAPP source which seeks exclusion from the CAAPP through the imposition of federally enforceable conditions, pursuant to paragraph 3(c) of this Section, must request such exclusion within a CAAPP application submitted consistent with this subsection on or after the date that the CAAPP application for the source is due. Prior to such date, but in no case later than 9 months after the effective date of the CAAPP, such owner or operator may request the imposition of federally enforceable conditions pursuant to paragraph 1.1(b) of this Section.

v. CAAPP applications shall contain accurate information on allowable emissions to implement the fee provisions of subsection 18 of this Section.

w. An owner or operator of a CAAPP source shall submit within its CAAPP application emissions information regarding all regulated air pollutants emitted at that source consistent with applicable Agency procedures. Emissions information regarding insignificant activities or emission levels, as determined by the Agency pursuant to Board regulations, may be submitted as a list within the CAAPP application. The Agency shall propose regulations to the Board defining insignificant activities or emission levels, consistent with federal regulations, if any, no later than 18 months after the effective date of this amendatory Act of 1992, consistent with Section 112(n)(1) of the Clean Air Act. The Board shall adopt final regulations defining insignificant activities or emission levels no later than 9 months after the date of the Agency's proposal.

x. The owner or operator of a new CAAPP source shall submit its complete CAAPP application consistent with this subsection within 12 months after commencing operation of such source. The owner or operator of an existing source that has been excluded from the provisions of this Section under subsection 1.1 or subsection 3(c) of this Section and that becomes subject to the CAAPP solely due to a change in operation at the source shall submit its complete CAAPP application consistent with this subsection at least 180 days before commencing operation in accordance with the change in operation.
y. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary to implement this subsection.

6. Prohibitions.

a. It shall be unlawful for any person to violate any terms or conditions of a permit issued under this Section, to operate any CAAPP source except in compliance with a permit issued by the Agency under this Section or to violate any other applicable requirements. All terms and conditions of a permit issued under this Section are enforceable by USEPA and citizens under the Clean Air Act, except those, if any, that are specifically designated as not being federally enforceable in the permit pursuant to paragraph 7(m) of this Section.

b. After the applicable CAAPP permit or renewal application submittal date, as specified in subsection 5 of this Section, no person shall operate a CAAPP source without a CAAPP permit unless the complete CAAPP permit or renewal application for such source has been timely submitted to the Agency.

c. No owner or operator of a CAAPP source shall cause or threaten or allow the continued operation of an emission source during malfunction or breakdown of the emission source or related air pollution control equipment if such operation would cause a violation of the standards or limitations applicable to the source, unless the CAAPP permit granted to the source provides for such operation consistent with this Act and applicable Board regulations.

7. Permit Content.

a. All CAAPP permits shall contain emission limitations and standards and other enforceable terms and conditions, including but not limited to operational requirements, and schedules for achieving compliance at the earliest reasonable date, which are or will be required to accomplish the purposes and provisions of this Act and to assure compliance with all applicable requirements.

b. The Agency shall include among such conditions applicable monitoring, reporting, record keeping and compliance certification requirements, as authorized by paragraphs d, e, and f of this subsection, that the Agency deems necessary to assure compliance with the Clean Air Act, the regulations promulgated thereunder, this Act, and applicable Board regulations. When monitoring, reporting, record keeping, and compliance certification requirements are specified within the Clean Air Act, regulations promulgated thereunder, this Act, or applicable regulations, such requirements shall be included within the CAAPP permit. The Board shall have authority to promulgate additional regulations where necessary to accomplish the purposes of the Clean Air Act, this Act, and regulations promulgated thereunder.

c. The Agency shall assure, within such conditions, the use of terms, test methods, units, averaging periods, and other statistical conventions consistent with
the applicable emission limitations, standards, and other requirements contained in the permit.

d. To meet the requirements of this subsection with respect to monitoring, the permit shall:

   i. Incorporate and identify all applicable emissions monitoring and analysis procedures or test methods required under the Clean Air Act, regulations promulgated thereunder, this Act, and applicable Board regulations, including any procedures and methods promulgated by USEPA pursuant to Section 504(b) or Section 114 (a)(3) of the Clean Air Act.

   ii. Where the applicable requirement does not require periodic testing or instrumental or noninstrumental monitoring (which may consist of recordkeeping designed to serve as monitoring), require periodic monitoring sufficient to yield reliable data from the relevant time period that is representative of the source's compliance with the permit, as reported pursuant to paragraph (f) of this subsection. The Agency may determine that recordkeeping requirements are sufficient to meet the requirements of this subparagraph.

   iii. As necessary, specify requirements concerning the use, maintenance, and when appropriate, installation of monitoring equipment or methods.

e. To meet the requirements of this subsection with respect to record keeping, the permit shall incorporate and identify all applicable recordkeeping requirements and require, where applicable, the following:

   i. Records of required monitoring information that include the following:

      A. The date, place and time of sampling or measurements.
      B. The date(s) analyses were performed.
      C. The company or entity that performed the analyses.
      D. The analytical techniques or methods used.
      E. The results of such analyses.
      F. The operating conditions as existing at the time of sampling or measurement.

   ii. Retention of records of all monitoring data and support information for a period of at least 5 years from the date of the monitoring sample, measurement, report, or application. Support information includes all calibration and maintenance records, original strip-chart recordings for continuous monitoring instrumentation, and copies of all reports required by the permit.

f. To meet the requirements of this subsection with respect to reporting, the permit shall incorporate and identify all applicable reporting requirements and require the following:
   i. Submittal of reports of any required monitoring every 6 months. More frequent submittals may be requested by the Agency if such submittals are necessary to assure compliance with this Act or regulations promulgated by the Board thereunder. All instances of deviations from permit requirements must be clearly identified in such reports. All required reports must be certified by a responsible official consistent with subsection 5 of this Section.
   ii. Prompt reporting of deviations from permit requirements, including those attributable to upset conditions as defined in the permit, the probable cause of such deviations, and any corrective actions or preventive measures taken.

   g. Each CAAPP permit issued under subsection 10 of this Section shall include a condition prohibiting emissions exceeding any allowances that the source lawfully holds under Title IV of the Clean Air Act or the regulations promulgated thereunder, consistent with subsection 17 of this Section and applicable regulations, if any.

   h. All CAAPP permits shall state that, where another applicable requirement of the Clean Air Act is more stringent than any applicable requirement of regulations promulgated under Title IV of the Clean Air Act, both provisions shall be incorporated into the permit and shall be State and federally enforceable.

   i. Each CAAPP permit issued under subsection 10 of this Section shall include a severability clause to ensure the continued validity of the various permit requirements in the event of a challenge to any portions of the permit.

   j. The following shall apply with respect to owners or operators requesting a permit shield:

   i. The Agency shall include in a CAAPP permit, when requested by an applicant pursuant to paragraph 5(p) of this Section, a provision stating that compliance with the conditions of the permit shall be deemed compliance with applicable requirements which are applicable as of the date of release of the proposed permit, provided that:
      A. The applicable requirement is specifically identified within the permit; or
      B. The Agency in acting on the CAAPP application or revision determines in writing that other requirements specifically identified are not applicable to the source, and the permit includes that determination or a concise summary thereof.

New matter indicated by italics - deletions by strikeout
ii. The permit shall identify the requirements for which the source is shielded. The shield shall not extend to applicable requirements which are promulgated after the date of release of the proposed permit unless the permit has been modified to reflect such new requirements.

iii. A CAAPP permit which does not expressly indicate the existence of a permit shield shall not provide such a shield.

iv. Nothing in this paragraph or in a CAAPP permit shall alter or affect the following:

A. The provisions of Section 303 (emergency powers) of the Clean Air Act, including USEPA's authority under that section.

B. The liability of an owner or operator of a source for any violation of applicable requirements prior to or at the time of permit issuance.

C. The applicable requirements of the acid rain program consistent with Section 408(a) of the Clean Air Act.

D. The ability of USEPA to obtain information from a source pursuant to Section 114 (inspections, monitoring, and entry) of the Clean Air Act.

k. Each CAAPP permit shall include an emergency provision providing an affirmative defense of emergency to an action brought for noncompliance with technology-based emission limitations under a CAAPP permit if the following conditions are met through properly signed, contemporaneous operating logs, or other relevant evidence:

i. An emergency occurred and the permittee can identify the cause(s) of the emergency.

ii. The permitted facility was at the time being properly operated.

iii. The permittee submitted notice of the emergency to the Agency within 2 working days of the time when emission limitations were exceeded due to the emergency. This notice must contain a detailed description of the emergency, any steps taken to mitigate emissions, and corrective actions taken.

iv. During the period of the emergency the permittee took all reasonable steps to minimize levels of emissions that exceeded the emission limitations, standards, or requirements in the permit.

For purposes of this subsection, "emergency" means any situation arising from sudden and reasonably unforeseeable events beyond the control of the source, such as an act of God, that requires immediate corrective action to restore normal operation, and that causes the source to exceed a technology-based emission limitation under the permit, due to unavoidable increases in emissions attributable to the emergency. An emergency shall not include noncompliance to the extent

caused by improperly designed equipment, lack of preventative maintenance, careless or improper operation, or operation error.

In any enforcement proceeding, the permittee seeking to establish the occurrence of an emergency has the burden of proof. This provision is in addition to any emergency or upset provision contained in any applicable requirement. This provision does not relieve a permittee of any reporting obligations under existing federal or state laws or regulations.

I. The Agency shall include in each permit issued under subsection 10 of this Section:

   i. Terms and conditions for reasonably anticipated operating scenarios identified by the source in its application. The permit terms and conditions for each such operating scenario shall meet all applicable requirements and the requirements of this Section.

      A. Under this subparagraph, the source must record in a log at the permitted facility a record of the scenario under which it is operating contemporaneously with making a change from one operating scenario to another.

      B. The permit shield described in paragraph 7(j) of this Section shall extend to all terms and conditions under each such operating scenario.

   ii. Where requested by an applicant, all terms and conditions allowing for trading of emissions increases and decreases between different emission units at the CAAPP source, to the extent that the applicable requirements provide for trading of such emissions increases and decreases without a case-by-case approval of each emissions trade. Such terms and conditions:

      A. Shall include all terms required under this subsection to determine compliance;

      B. Must meet all applicable requirements;

      C. Shall extend the permit shield described in paragraph 7(j) of this Section to all terms and conditions that allow such increases and decreases in emissions.

m. The Agency shall specifically designate as not being federally enforceable under the Clean Air Act any terms and conditions included in the permit that are not specifically required under the Clean Air Act or federal regulations promulgated thereunder. Terms or conditions so designated shall be subject to all applicable state requirements, except the requirements of subsection 7 (other than this paragraph, paragraph q of subsection 7, subsections 8 through 11, and subsections 13 through 16 of this Section. The Agency shall, however, include such terms and conditions in the CAAPP permit issued to the source.

n. Each CAAPP permit issued under subsection 10 of this Section shall specify and reference the origin of and authority for each term or condition, and identify any difference in form as compared to the applicable requirement upon which the term or condition is based.

o. Each CAAPP permit issued under subsection 10 of this Section shall include provisions stating the following:

i. Duty to comply. The permittee must comply with all terms and conditions of the CAAPP permit. Any permit noncompliance constitutes a violation of the Clean Air Act and the Act, and is grounds for any or all of the following: enforcement action; permit termination, revocation and reissuance, or modification; or denial of a permit renewal application.

ii. Need to halt or reduce activity not a defense. It shall not be a defense for a permittee in an enforcement action that it would have been necessary to halt or reduce the permitted activity in order to maintain compliance with the conditions of this permit.

iii. Permit actions. The permit may be modified, revoked, reopened, and reissued, or terminated for cause in accordance with the applicable subsections of Section 39.5 of this Act. The filing of a request by the permittee for a permit modification, revocation and reissuance, or termination, or of a notification of planned changes or anticipated noncompliance does not stay any permit condition.

iv. Property rights. The permit does not convey any property rights of any sort, or any exclusive privilege.

v. Duty to provide information. The permittee shall furnish to the Agency within a reasonable time specified by the Agency any information that the Agency may request in writing to determine whether cause exists for modifying, revoking and reissuing, or terminating the permit or to determine compliance with the permit. Upon request, the permittee shall also furnish to the Agency copies of records required to be kept by the permit or, for information claimed to be confidential, the permittee may furnish such records directly to USEPA along with a claim of confidentiality.

vi. Duty to pay fees. The permittee must pay fees to the Agency consistent with the fee schedule approved pursuant to subsection 18 of this Section, and submit any information relevant thereto.

vii. Emissions trading. No permit revision shall be required for increases in emissions allowed under any approved economic incentives, marketable permits, emissions trading, and other similar programs or processes for changes that are provided for in the permit and that are authorized by the applicable requirement.

New matter indicated by italics - deletions by strikeout
p. Each CAAPP permit issued under subsection 10 of this Section shall contain the following elements with respect to compliance:

i. Compliance certification, testing, monitoring, reporting, and record keeping requirements sufficient to assure compliance with the terms and conditions of the permit. Any document (including reports) required by a CAAPP permit shall contain a certification by a responsible official that meets the requirements of subsection 5 of this Section and applicable regulations.

ii. Inspection and entry requirements that necessitate that, upon presentation of credentials and other documents as may be required by law and in accordance with constitutional limitations, the permittee shall allow the Agency, or an authorized representative to perform the following:

A. Enter upon the permittee's premises where a CAAPP source is located or emissions-related activity is conducted, or where records must be kept under the conditions of the permit.

B. Have access to and copy, at reasonable times, any records that must be kept under the conditions of the permit.

C. Inspect at reasonable times any facilities, equipment (including monitoring and air pollution control equipment), practices, or operations regulated or required under the permit.

D. Sample or monitor any substances or parameters at any location:
   1. As authorized by the Clean Air Act, at reasonable times, for the purposes of assuring compliance with the CAAPP permit or applicable requirements; or
   2. As otherwise authorized by this Act.

iii. A schedule of compliance consistent with subsection 5 of this Section and applicable regulations.

iv. Progress reports consistent with an applicable schedule of compliance pursuant to paragraph 5(d) of this Section and applicable regulations to be submitted semiannually, or more frequently if the Agency determines that such more frequent submittals are necessary for compliance with the Act or regulations promulgated by the Board thereunder. Such progress reports shall contain the following:

A. Required dates for achieving the activities, milestones, or compliance required by the schedule of compliance and dates when such activities, milestones or compliance were achieved.

B. An explanation of why any dates in the schedule of compliance were not or will not be met, and any preventive or corrective measures adopted.
v. Requirements for compliance certification with terms and conditions contained in the permit, including emission limitations, standards, or work practices. Permits shall include each of the following:

A. The frequency (annually or more frequently as specified in any applicable requirement or by the Agency pursuant to written procedures) of submissions of compliance certifications.

B. A means for assessing or monitoring the compliance of the source with its emissions limitations, standards, and work practices.

C. A requirement that the compliance certification include the following:
   1. The identification of each term or condition contained in the permit that is the basis of the certification.
   2. The compliance status.
   3. Whether compliance was continuous or intermittent.
   4. The method(s) used for determining the compliance status of the source, both currently and over the reporting period consistent with subsection 7 of Section 39.5 of the Act.

D. A requirement that all compliance certifications be submitted to USEPA as well as to the Agency.

E. Additional requirements as may be specified pursuant to Sections 114(a)(3) and 504(b) of the Clean Air Act.

F. Other provisions as the Agency may require.

q. If the owner or operator of CAAPP source can demonstrate in its CAAPP application, including an application for a significant modification, that an alternative emission limit would be equivalent to that contained in the applicable Board regulations, the Agency shall include the alternative emission limit in the CAAPP permit, which shall supersede the emission limit set forth in the applicable Board regulations, and shall include conditions that insure that the resulting emission limit is quantifiable, accountable, enforceable, and based on replicable procedures.

8. Public Notice; Affected State Review.

a. The Agency shall provide notice to the public, including an opportunity for public comment and a hearing, on each draft CAAPP permit for issuance, renewal or significant modification, subject to Sections 7(a) and 7.1 of this Act.

b. The Agency shall prepare a draft CAAPP permit and a statement that sets forth the legal and factual basis for the draft CAAPP permit conditions, including

New matter indicated by italics - deletions by strikeout
references to the applicable statutory or regulatory provisions. The Agency shall provide this statement to any person who requests it.

c. The Agency shall give notice of each draft CAAPP permit to the applicant and to any affected State on or before the time that the Agency has provided notice to the public, except as otherwise provided in this Act.

d. The Agency, as part of its submittal of a proposed permit to USEPA (or as soon as possible after the submittal for minor permit modification procedures allowed under subsection 14 of this Section), shall notify USEPA and any affected State in writing of any refusal of the Agency to accept all of the recommendations for the proposed permit that an affected State submitted during the public or affected State review period. The notice shall include the Agency's reasons for not accepting the recommendations. The Agency is not required to accept recommendations that are not based on applicable requirements or the requirements of this Section.

e. The Agency shall make available to the public any CAAPP permit application, compliance plan (including the schedule of compliance), CAAPP permit, and emissions or compliance monitoring report. If an owner or operator of a CAAPP source is required to submit information entitled to protection from disclosure under Section 7(a) or Section 7.1 of this Act, the owner or operator shall submit such information separately. The requirements of Section 7(a) or Section 7.1 of this Act shall apply to such information, which shall not be included in a CAAPP permit unless required by law. The contents of a CAAPP permit shall not be entitled to protection under Section 7(a) or Section 7.1 of this Act.

f. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary, to implement this subsection.

9. USEPA Notice and Objection.

a. The Agency shall provide to USEPA for its review a copy of each CAAPP application (including any application for permit modification), statement of basis as provided in paragraph 8(b) of this Section, proposed CAAPP permit, CAAPP permit, and, if the Agency does not incorporate any affected State's recommendations on a proposed CAAPP permit, a written statement of this decision and its reasons for not accepting the recommendations, except as otherwise provided in this Act or by agreement with USEPA. To the extent practicable, the preceding information shall be provided in computer readable format compatible with USEPA's national database management system.

b. The Agency shall not issue the proposed CAAPP permit if USEPA objects in writing within 45 days of receipt of the proposed CAAPP permit and all necessary supporting information.

New matter indicated by italics - deletions by strikeout
c. If USEPA objects in writing to the issuance of the proposed CAAPP permit within the 45-day period, the Agency shall respond in writing and may revise and resubmit the proposed CAAPP permit in response to the stated objection, to the extent supported by the record, within 90 days after the date of the objection. Prior to submitting a revised permit to USEPA, the Agency shall provide the applicant and any person who participated in the public comment process, pursuant to subsection 8 of this Section, with a 10-day period to comment on any revision which the Agency is proposing to make to the permit in response to USEPA's objection in accordance with Agency procedures.

d. Any USEPA objection under this subsection, according to the Clean Air Act, will include a statement of reasons for the objection and a description of the terms and conditions that must be in the permit, in order to adequately respond to the objections. Grounds for a USEPA objection include the failure of the Agency to: (1) submit the items and notices required under this subsection; (2) submit any other information necessary to adequately review the proposed CAAPP permit; or (3) process the permit under subsection 8 of this Section except for minor permit modifications.

e. If USEPA does not object in writing to issuance of a permit under this subsection, any person may petition USEPA within 60 days after expiration of the 45-day review period to make such objection.

f. If the permit has not yet been issued and USEPA objects to the permit as a result of a petition, the Agency shall not issue the permit until USEPA's objection has been resolved. The Agency shall provide a 10-day comment period in accordance with paragraph c of this subsection. A petition does not, however, stay the effectiveness of a permit or its requirements if the permit was issued after expiration of the 45-day review period and prior to a USEPA objection.

g. If the Agency has issued a permit after expiration of the 45-day review period and prior to receipt of a USEPA objection under this subsection in response to a petition submitted pursuant to paragraph e of this subsection, the Agency may, upon receipt of an objection from USEPA, revise and resubmit the permit to USEPA pursuant to this subsection after providing a 10-day comment period in accordance with paragraph c of this subsection. If the Agency fails to submit a revised permit in response to the objection, USEPA shall modify, terminate or revoke the permit. In any case, the source will not be in violation of the requirement to have submitted a timely and complete application.

h. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary, to implement this subsection.

a. The Agency shall issue a CAAPP permit, permit modification, or permit renewal if all of the following conditions are met:
   i. The applicant has submitted a complete and certified application for a permit, permit modification, or permit renewal consistent with subsections 5 and 14 of this Section, as applicable, and applicable regulations.
   ii. The applicant has submitted with its complete application an approvable compliance plan, including a schedule for achieving compliance, consistent with subsection 5 of this Section and applicable regulations.
   iii. The applicant has timely paid the fees required pursuant to subsection 18 of this Section and applicable regulations.
   iv. The Agency has received a complete CAAPP application and, if necessary, has requested and received additional information from the applicant consistent with subsection 5 of this Section and applicable regulations.
   v. The Agency has complied with all applicable provisions regarding public notice and affected State review consistent with subsection 8 of this Section and applicable regulations.
   vi. The Agency has provided a copy of each CAAPP application, or summary thereof, pursuant to agreement with USEPA and proposed CAAPP permit required under subsection 9 of this Section to USEPA, and USEPA has not objected to the issuance of the permit in accordance with the Clean Air Act and 40 CFR Part 70.

b. The Agency shall have the authority to deny a CAAPP permit, permit modification, or permit renewal if the applicant has not complied with the requirements of paragraphs (a)(i)-(a)(iv) of this subsection or if USEPA objects to its issuance.

c. i. Prior to denial of a CAAPP permit, permit modification, or permit renewal under this Section, the Agency shall notify the applicant of the possible denial and the reasons for the denial.
   ii. Within such notice, the Agency shall specify an appropriate date by which the applicant shall adequately respond to the Agency's notice. Such date shall not exceed 15 days from the date the notification is received by the applicant. The Agency may grant a reasonable extension for good cause shown.
   iii. Failure by the applicant to adequately respond by the date specified in the notification or by any granted extension date shall be grounds for denial of the permit.

For purposes of obtaining judicial review under Sections 40.2 and 41 of this Act, the Agency shall provide to USEPA and each applicant, and,

New matter indicated by italics - deletions by strikeout
upon request, to affected States, any person who participated in the public comment process, and any other person who could obtain judicial review under Sections 40.2 and 41 of this Act, a copy of each CAAPP permit or notification of denial pertaining to that party.

d. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary, to implement this subsection.

11. General Permits.

a. The Agency may issue a general permit covering numerous similar sources, except for affected sources for acid deposition unless otherwise provided in regulations promulgated under Title IV of the Clean Air Act.

b. The Agency shall identify, in any general permit, criteria by which sources may qualify for the general permit.

c. CAAPP sources that would qualify for a general permit must apply for coverage under the terms of the general permit or must apply for a CAAPP permit consistent with subsection 5 of this Section and applicable regulations.

d. The Agency shall comply with the public comment and hearing provisions of this Section as well as the USEPA and affected State review procedures prior to issuance of a general permit.

e. When granting a subsequent request by a qualifying CAAPP source for coverage under the terms of a general permit, the Agency shall not be required to repeat the public notice and comment procedures. The granting of such request shall not be considered a final permit action for purposes of judicial review.

f. The Agency may not issue a general permit to cover any discrete emission unit at a CAAPP source if another CAAPP permit covers emission units at the source.

g. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary, to implement this subsection.

12. Operational Flexibility.

a. An owner or operator of a CAAPP source may make changes at the CAAPP source without requiring a prior permit revision, consistent with subparagraphs (a) (i) through (a) (iii) of this subsection, so long as the changes are not modifications under any provision of Title I of the Clean Air Act and they do not exceed the emissions allowable under the permit (whether expressed therein as a rate of emissions or in terms of total emissions), provided that the owner or operator of the CAAPP source provides USEPA and the Agency with written notification as required below in advance of the proposed changes, which shall be a minimum of 7 days, unless otherwise provided by the Agency in applicable
regulations regarding emergencies. The owner or operator of a CAAPP source and the Agency shall each attach such notice to their copy of the relevant permit.

i. An owner or operator of a CAAPP source may make Section 502 (b) (10) changes without a permit revision, if the changes are not modifications under any provision of Title I of the Clean Air Act and the changes do not exceed the emissions allowable under the permit (whether expressed therein as a rate of emissions or in terms of total emissions).

A. For each such change, the written notification required above shall include a brief description of the change within the source, the date on which the change will occur, any change in emissions, and any permit term or condition that is no longer applicable as a result of the change.

B. The permit shield described in paragraph 7(j) of this Section shall not apply to any change made pursuant to this subparagraph.

ii. An owner or operator of a CAAPP source may trade increases and decreases in emissions in the CAAPP source, where the applicable implementation plan provides for such emission trades without requiring a permit revision. This provision is available in those cases where the permit does not already provide for such emissions trading.

A. Under this subparagraph (a)(ii), the written notification required above shall include such information as may be required by the provision in the applicable implementation plan authorizing the emissions trade, including at a minimum, when the proposed changes will occur, a description of each such change, any change in emissions, the permit requirements with which the source will comply using the emissions trading provisions of the applicable implementation plan, and the pollutants emitted subject to the emissions trade. The notice shall also refer to the provisions in the applicable implementation plan with which the source will comply and provide for the emissions trade.

B. The permit shield described in paragraph 7(j) of this Section shall not apply to any change made pursuant to this subparagraph (a) (ii). Compliance with the permit requirements that the source will meet using the emissions trade shall be determined according to the requirements of the applicable implementation plan authorizing the emissions trade.

iii. If requested within a CAAPP application, the Agency shall issue a CAAPP permit which contains terms and conditions, including all terms required under subsection 7 of this Section to determine compliance,
allowing for the trading of emissions increases and decreases at the CAAPP source solely for the purpose of complying with a federally-enforceable emissions cap that is established in the permit independent of otherwise applicable requirements. The owner or operator of a CAAPP source shall include in its CAAPP application proposed replicable procedures and permit terms that ensure the emissions trades are quantifiable and enforceable. The permit shall also require compliance with all applicable requirements.

A. Under this subparagraph (a)(iii), the written notification required above shall state when the change will occur and shall describe the changes in emissions that will result and how these increases and decreases in emissions will comply with the terms and conditions of the permit.

B. The permit shield described in paragraph 7(j) of this Section shall extend to terms and conditions that allow such increases and decreases in emissions.

b. An owner or operator of a CAAPP source may make changes that are not addressed or prohibited by the permit, other than those which are subject to any requirements under Title IV of the Clean Air Act or are modifications under any provisions of Title I of the Clean Air Act, without a permit revision, in accordance with the following requirements:

(i) Each such change shall meet all applicable requirements and shall not violate any existing permit term or condition;

(ii) Sources must provide contemporaneous written notice to the Agency and USEPA of each such change, except for changes that qualify as insignificant under provisions adopted by the Agency or the Board. Such written notice shall describe each such change, including the date, any change in emissions, pollutants emitted, and any applicable requirement that would apply as a result of the change;

(iii) The change shall not qualify for the shield described in paragraph 7(j) of this Section; and

(iv) The permittee shall keep a record describing changes made at the source that result in emissions of a regulated air pollutant subject to an applicable Clean Air Act requirement, but not otherwise regulated under the permit, and the emissions resulting from those changes.

c. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary to implement this subsection.

13. Administrative Permit Amendments.

a. The Agency shall take final action on a request for an administrative permit amendment within 60 days of receipt of the request. Neither notice nor an
opportunity for public and affected State comment shall be required for the Agency to incorporate such revisions, provided it designates the permit revisions as having been made pursuant to this subsection.

b. The Agency shall submit a copy of the revised permit to USEPA.

c. For purposes of this Section the term "administrative permit amendment" shall be defined as a permit revision that can accomplish one or more of the changes described below:

   i. Corrects typographical errors;
   ii. Identifies a change in the name, address, or phone number of any person identified in the permit, or provides a similar minor administrative change at the source;
   iii. Requires more frequent monitoring or reporting by the permittee;
   iv. Allows for a change in ownership or operational control of a source where the Agency determines that no other change in the permit is necessary, provided that a written agreement containing a specific date for transfer of permit responsibility, coverage, and liability between the current and new permittees has been submitted to the Agency;
   v. Incorporates into the CAAPP permit the requirements from preconstruction review permits authorized under a USEPA-approved program, provided the program meets procedural and compliance requirements substantially equivalent to those contained in this Section;
   vi. (Blank); or
   vii. Any other type of change which USEPA has determined as part of the approved CAAPP permit program to be similar to those included in this subsection.

d. The Agency shall, upon taking final action granting a request for an administrative permit amendment, allow coverage by the permit shield in paragraph 7(j) of this Section for administrative permit amendments made pursuant to subparagraph (c)(v) of this subsection which meet the relevant requirements for significant permit modifications.

e. Permit revisions and modifications, including administrative amendments and automatic amendments (pursuant to Sections 408(b) and 403(d) of the Clean Air Act or regulations promulgated thereunder), for purposes of the acid rain portion of the permit shall be governed by the regulations promulgated under Title IV of the Clean Air Act. Owners or operators of affected sources for acid deposition shall have the flexibility to amend their compliance plans as provided in the regulations promulgated under Title IV of the Clean Air Act.

f. The CAAPP source may implement the changes addressed in the request for an administrative permit amendment immediately upon submittal of the request.
g. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary, to implement this subsection.

14. Permit Modifications.
   a. Minor permit modification procedures.
      i. The Agency shall review a permit modification using the "minor permit" modification procedures only for those permit modifications that:
         A. Do not violate any applicable requirement;
         B. Do not involve significant changes to existing monitoring, reporting, or recordkeeping requirements in the permit;
         C. Do not require a case-by-case determination of an emission limitation or other standard, or a source-specific determination of ambient impacts, or a visibility or increment analysis;
         D. Do not seek to establish or change a permit term or condition for which there is no corresponding underlying requirement and which avoids an applicable requirement to which the source would otherwise be subject. Such terms and conditions include:
            1. A federally enforceable emissions cap assumed to avoid classification as a modification under any provision of Title I of the Clean Air Act; and
            2. An alternative emissions limit approved pursuant to regulations promulgated under Section 112(i)(5) of the Clean Air Act;
         E. Are not modifications under any provision of Title I of the Clean Air Act; and
         F. Are not required to be processed as a significant modification.
      ii. Notwithstanding subparagraphs (a)(i) and (b)(ii) of this subsection, minor permit modification procedures may be used for permit modifications involving the use of economic incentives, marketable permits, emissions trading, and other similar approaches, to the extent that such minor permit modification procedures are explicitly provided for in an applicable implementation plan or in applicable requirements promulgated by USEPA.
      iii. An applicant requesting the use of minor permit modification procedures shall meet the requirements of subsection 5 of this Section and shall include the following in its application:

A. A description of the change, the emissions resulting from the change, and any new applicable requirements that will apply if the change occurs;
B. The source's suggested draft permit;
C. Certification by a responsible official, consistent with paragraph 5(e) of this Section and applicable regulations, that the proposed modification meets the criteria for use of minor permit modification procedures and a request that such procedures be used; and
D. Completed forms for the Agency to use to notify USEPA and affected States as required under subsections 8 and 9 of this Section.

iv. Within 5 working days of receipt of a complete permit modification application, the Agency shall notify USEPA and affected States of the requested permit modification in accordance with subsections 8 and 9 of this Section. The Agency promptly shall send any notice required under paragraph 8(d) of this Section to USEPA.

v. The Agency may not issue a final permit modification until after the 45-day review period for USEPA or until USEPA has notified the Agency that USEPA will not object to the issuance of the permit modification, whichever comes first, although the Agency can approve the permit modification prior to that time. Within 90 days of the Agency's receipt of an application under the minor permit modification procedures or 15 days after the end of USEPA's 45-day review period under subsection 9 of this Section, whichever is later, the Agency shall:
A. Issue the permit modification as proposed;
B. Deny the permit modification application;
C. Determine that the requested modification does not meet the minor permit modification criteria and should be reviewed under the significant modification procedures; or
D. Revise the draft permit modification and transmit to USEPA the new proposed permit modification as required by subsection 9 of this Section.

vi. Any CAAPP source may make the change proposed in its minor permit modification application immediately after it files such application. After the CAAPP source makes the change allowed by the preceding sentence, and until the Agency takes any of the actions specified in subparagraphs (a)(v)(A) through (a)(v)(C) of this subsection, the source must comply with both the applicable requirements governing the change and the proposed permit terms and conditions. During this time period, the

source need not comply with the existing permit terms and conditions it seeks to modify. If the source fails to comply with its proposed permit terms and conditions during this time period, the existing permit terms and conditions which it seeks to modify may be enforced against it.

vii. The permit shield under subparagraph 7(j) of this Section may not extend to minor permit modifications.

viii. If a construction permit is required, pursuant to Section 39(a) of this Act and regulations thereunder, for a change for which the minor permit modification procedures are applicable, the source may request that the processing of the construction permit application be consolidated with the processing of the application for the minor permit modification. In such cases, the provisions of this Section, including those within subsections 5, 8, and 9, shall apply and the Agency shall act on such applications pursuant to subparagraph 14(a)(v). The source may make the proposed change immediately after filing its application for the minor permit modification. Nothing in this subparagraph shall otherwise affect the requirements and procedures applicable to construction permits.

b. Group Processing of Minor Permit Modifications.

i. Where requested by an applicant within its application, the Agency shall process groups of a source's applications for certain modifications eligible for minor permit modification processing in accordance with the provisions of this paragraph (b).

ii. Permit modifications may be processed in accordance with the procedures for group processing, for those modifications:
   A. Which meet the criteria for minor permit modification procedures under subparagraph 14(a)(i) of this Section; and
   B. That collectively are below 10 percent of the emissions allowed by the permit for the emissions unit for which change is requested, 20 percent of the applicable definition of major source set forth in subsection 2 of this Section, or 5 tons per year, whichever is least.

iii. An applicant requesting the use of group processing procedures shall meet the requirements of subsection 5 of this Section and shall include the following in its application:
   A. A description of the change, the emissions resulting from the change, and any new applicable requirements that will apply if the change occurs.
   B. The source's suggested draft permit.
   C. Certification by a responsible official consistent with paragraph 5(e) of this Section, that the proposed modification meets

the criteria for use of group processing procedures and a request that such procedures be used.

D. A list of the source's other pending applications awaiting group processing, and a determination of whether the requested modification, aggregated with these other applications, equals or exceeds the threshold set under subparagraph (b)(ii)(B) of this subsection.
