(b) To effect a change or changes in a State bank's charter as provided for in this Section 17:
(1) The board of directors shall adopt a resolution setting forth the proposed amendment and directing that it be submitted to a vote at a meeting of stockholders, which may be either an annual or special meeting.

(2) If the meeting is a special meeting, written or printed notice setting forth the proposed amendment or summary thereof shall be given to each stockholder of record entitled to vote at such meeting at least 30 days before such meeting and in the manner provided in this Act for the giving of notice of meetings of stockholders.

(5) If an amendment or amendments shall be approved in writing by the Commissioner, the amendment or amendments so adopted and so approved shall be accomplished in accordance with the vote of the stockholders. The Commissioner

New matter indicated by italics - deletions by strikeout
how the third party was selected, and any material relationship between the third party and the bank.

(E) A summary of the opinion including the basis for and the methods of arriving at the findings and any limitation imposed by the bank in arriving at fair value and a statement making the opinion available for reviewing or copying by any stockholder.

(F) A statement that objecting stockholders will be entitled to the fair value of those shares that are voted against the charter amendment, if a proper demand is made on the bank and the requirements are satisfied as specified in this Section.

If a stockholder shall file with the bank, prior to or at the meeting of stockholders at which the proposed charter amendment is submitted to a vote, a written objection to the proposed charter amendment and shall not vote in favor thereof, and if the stockholder, within 20 days after receiving written notice of the date the charter amendment was accomplished pursuant to paragraph (5) of subsection (a) of this Section 17, shall make written demand on the bank for payment of the fair value of the stockholder's shares as of the day prior to the date on which the vote was taken approving the charter amendment, the bank shall pay to the stockholder, upon surrender of the certificate or certificates representing the stock, the fair value thereof. The demand shall state the number of shares owned by the objecting stockholder. The bank shall provide written notice of the date on which the charter amendment was accomplished to all stockholders who have filed written objections in order that the objecting stockholders may know when they must file written demand if they choose to do so. Any stockholder failing to make demand within the 20-day period shall be conclusively presumed to have consented to the charter amendment and shall be bound by the terms thereof. If within 30 days after the date on which a charter amendment was accomplished the value of the shares is agreed upon between the objecting stockholders and the bank, payment therefor shall be made within 90 days after the date on which the charter amendment was accomplished, upon the surrender of the stockholder's certificate or certificates representing the shares. Upon payment of the agreed value the objecting stockholder shall cease to have any interest in the shares or in the bank. If within such period of 30 days the stockholder and the bank do not so agree, then the objecting stockholder may, within 60 days after the expiration of the 30-day period, file a complaint in the circuit court asking for a finding and determination of the fair value of the shares, and shall be entitled to judgment against the bank for the amount of the fair value as of the day prior to the date on which the vote was taken approving the charter amendment with interest thereon to the date of the judgment. The practice, procedure and judgment shall be governed by the Civil Practice Law. The judgment shall be payable only upon and simultaneously with the surrender to the bank of the certificate or certificates representing the shares. Upon payment of the judgment, the objecting stockholder shall cease to have any interest in the shares or the bank. The shares may be held and disposed of by the bank.
Unless the objecting stockholder shall file such complaint within the time herein limited, the stockholder and all persons claiming under the stockholder shall be conclusively presumed to have approved and ratified the charter amendment, and shall be bound by the terms thereof. The right of an objecting stockholder to be paid the fair value of the stockholder's shares of stock as herein provided shall cease if and when the bank shall abandon the charter amendment.

(c) The purchase and holding and later resale of treasury stock of a state bank pursuant to the provisions of subsection (6) of Section 14 may be accomplished without a change in its charter reflecting any decrease or increase in capital stock.

(d) A State bank may amend its charter for the purpose of authorizing its board of directors to issue preferred stock; to increase, decrease, or change the par value of shares of its preferred stock, whether issued or unissued; or to increase, decrease, or change the preferences, qualifications, limitations, restrictions, or special or relative rights of its preferred stock, whether issued or unissued; provided that in no case shall the capital be diminished to the prejudice of the bank's creditors. An amendment to the bank’s charter granting such authority shall establish ranges, limits, or restrictions that must be observed when the board exercises the discretion authorized by the amendment.

Once such an amendment is adopted and approved as provided in this subsection, and without further action by the bank's stockholders, the board may exercise its delegated authority by adopting a resolution specifying the actions that it is taking with respect to the preferred stock. The board may fully exercise its delegated authority through one resolution or it may exercise its delegated authority through a series of resolutions, provided that the board's actions remain at all times within the ranges, limitations, and restrictions specified in the amendment to the bank's charter.

A resolution adopted by the board under this authority shall be submitted to the Commissioner for approval. The Commissioner shall approve the resolution, or state any objections to the resolution, within 30 days after the receipt of the resolution adopted by the board. If no objections are specified by the Commissioner within that time frame, the resolution will be deemed to be approved by the Commissioner. Once approved, the resolution shall be incorporated as an addendum to the bank's charter and the board may proceed to effect the changes set forth in the resolution.

thereafter. Properly completed renewal application forms and filing fees must be received by the Commissioner 60-45 days prior to the renewal date.

(b) It shall be the responsibility of each licensee to accomplish renewal of its license; failure of the licensee to receive renewal forms absent a request sent by certified mail for such forms will not waive said responsibility. Failure by a licensee to submit a properly completed renewal application form and fees in a timely fashion, absent a written extension from the Commissioner, will result in the assessment of additional fees, as follows:

(1) A fee of $500 will be assessed to the licensee 30 days after the proper renewal date and $1,000 each month thereafter, until the license is either renewed or expires pursuant to Section 2-6, subsections (c) and (d), of this Act.

(a) At the licensee's fiscal year-end, but in no case more than 12 months after the last audit conducted pursuant to this Section, except as otherwise provided in this Section, it shall be mandatory for each residential mortgage licensee to cause its books and accounts to be audited by a certified public accountant not connected with such licensee. The books and records of all licensees under this Act shall be maintained on an accrual basis. first tier subsidiary may submit audited consolidated financial statements of its parent as long as the consolidated statements are supported by consolidating statements. (b) As used herein, the term "expression of opinion" includes either (1) an unqualified opinion, (2) a qualified opinion, (3) a disclaimer of opinion, or (4) an adverse opinion.

(c) If a qualified or adverse opinion is expressed or if an opinion is disclaimed, the reasons therefore must be fully explained. An opinion, qualified as to a scope limitation, shall not be acceptable.

(d) The most recent audit report shall be filed with the Commissioner within 90 days after the end of the licensee's fiscal year at the time of the annual license renewal payment. The report filed with the Commissioner shall be certified by the certified public accountant conducting the audit. The Commissioner may promulgate rules regarding late audit reports.

(e) If any licensee required to make an audit shall fail to cause an audit to be made, the Commissioner shall cause the same to be made by a certified public accountant at the licensee's expense. The Commissioner shall select such certified public accountant by advertising for bids or by such other fair and impartial means as he or she establishes by regulation.

(f) In lieu of the audit required by this Section, the Commissioner may accept any audit made in conformance with the audit requirements of the U.S. Department of Housing and Urban Development.

(g) With respect to licensees who solely broker residential mortgage loans as defined in subsection (o) of Section 1-4, instead of the audit required by this Section, the Commissioner may accept compilation financial statements prepared at least every 12 months, and the compilation financial statement must be prepared by an independent certified public accountant licensed under the Illinois Public Accounting Act with full disclosure in accordance with generally accepted accounting principals and must be submitted within 90 days after the end of the licensee's fiscal year at the time of the annual license renewal payment. If a licensee under this Section fails to file a compilation as required, the Commissioner shall cause an audit of the licensee's books and accounts to be made by a certified public accountant at the licensee's expense. The Commissioner shall select the certified public accountant by advertising for bids or by such other fair and impartial means as he or she establishes by rule. A licensee who files false or misleading compilation financial statements is guilty of a business offense and shall be fined not less than $5,000.

(h) The workpapers of the certified public accountants employed by each licensee for purposes of this Section are to be made available to the Commissioner or the Commissioner's designee upon request and may be reproduced by the Commissioner or the
Commissioner's designee to enable the Commissioner to carry out the purposes of this Act.

(i) Notwithstanding any other provision of this Section, if a licensee relying on subsection (g) of this Section causes its books to be audited at any other time or causes its financial statements to be reviewed, a complete copy of the audited or reviewed financial statements shall be delivered to the Commissioner at the time of the annual license renewal payment following receipt by the licensee of the audited or reviewed financial statements. All workpapers shall be made available to the Commissioner upon request. The financial statements and workpapers may be reproduced by the Commissioner or the Commissioner's designee to carry out the purposes of this Act.

Net worth shall be evidenced by a balance sheet prepared by a certified public accountant in accordance with generally accepted accounting principles and generally accepted auditing standards or by the compilation financial statements authorized under subsection (g) of Section 3-2. The Commissioner may promulgate rules with respect to net worth definitions and requirements for residential mortgage licensees as necessary to accomplish the purposes of this Act. In lieu of the net worth requirement established by this Section, the Commissioner may accept evidence of conformance by the licensee with the net worth requirements of the United States Department of Housing and Urban Development.

(g) Whenever the Commissioner shall revoke or suspend a license issued pursuant to this Act or fine a licensee under this Act, he or she shall forthwith execute in duplicate a written order to that effect. The Commissioner shall publish notice of such order in the Illinois Register and a newspaper of general circulation in the county in which the license is located and shall forthwith serve a copy of such order upon the licensee. (30 ILCS 550/2) (from Ch. 29, par. 16)
Sec. 2. Every person furnishing material or performing labor, either as an individual or as a sub-contractor for any contractor, with the State, or a political subdivision thereof, where bond or letter of credit shall be executed as provided in this Act, shall have the right to sue on such bond or letter of credit in the name of the State, or the political subdivision thereof entering into such contract, as the case may be, for his use and benefit, and in such suit the plaintiff shall file a copy of such bond or letter of credit, certified by the party or parties in whose charge such bond or letter of credit shall be, which copy shall, unless execution thereof be denied under oath, be prima facie evidence of the execution and delivery of the original; provided, however, that this Act shall not be taken to in any way make the State, or the political subdivision thereof entering into such contract, as the case may be, liable to such sub-contractor, materialman or laborer to any greater extent than it was liable under the law as it stood before the adoption of this Act. Provided, however, that any person having a claim for labor, and material as aforesaid shall have no such right of action unless he shall have filed a verified notice of said claim with the officer, board, bureau or department awarding the contract, within 180 days after the date of the last item of work or the furnishing of the last item of materials, and shall have furnished a copy of such verified notice to the contractor within 10 days of the filing of the notice with the agency awarding the contract.

The claim shall be verified and shall contain (1) the name and address of the claimant; the business address of the claimant within this State and if the claimant shall be a foreign corporation having no place of business within the State, the notice shall state the principal place of business of said corporation and in the case of a partnership, the notice shall state the names and residences of each of the partners; (2) the name of the contractor for the government; (3) the name of the person, firm or corporation by whom the claimant was employed or to whom he or it furnished materials; (4) the amount of the claim; (5) a brief description of the public improvement sufficient for identification.

No defect in the notice herein provided for shall deprive the claimant of his right of action under this article unless it shall affirmatively appear that such defect has prejudiced the rights of an interested party asserting the same.

Provided, further, that no action shall be brought until the expiration of 120 days after the date of the last item of work or the furnishing of the last item of materials, except in cases where the final settlement between the officer, board, bureau or department of municipal corporation and the contractor shall have been made prior to the expiration of the 120 day period, in which case action may be taken immediately following such final settlement; nor shall any action of any kind be brought later than 6 months after the acceptance by the State or political subdivision thereof of the building project or work. Such action shall be brought only in the circuit court of this State in the judicial circuit in which the contract is to be performed.

The remedy provided in this Section is in addition to and independent of any other rights and remedies provided at law or in equity. A waiver of rights under the Mechanics
Liens Act shall not constitute a waiver of rights under this Section unless specifically stated in the waiver.

(2) The entire methodology for collecting and analyzing the data shall be disclosed to all relevant organizations and to all hospitals that are the subject of any information to be made available to the public before any public disclosure of such information.

(3) Data collection and analytical methodologies shall be used that meet accepted standards of validity and reliability before any information is made available to the public.

None of the information the Department discloses to the public under this Act may be used to establish a standard of care in a private civil action.

under other public health reporting laws and regulations outside of this Act. The published mortality rates must comply with the hospital data publication process contained in subsection (c) of Section 25 of this Act.

Section 35. Whistleblower protections.

(a) A hospital covered by this Act shall not penalize, discriminate, or retaliate in any manner against an employee with respect to compensation or the terms, conditions, or privileges of employment who in good faith, individually or in conjunction with another person or persons, does any of the following or intimidate, threaten, or punish an employee to prevent him or her from doing any of the following:

(1) Discloses to the nursing staff supervisor or manager, a private accreditation organization, the nurse's collective bargaining agent, or a regulatory agency any activity, policy, or practice of a hospital that violates this Act or any other law or rule or that the employee reasonably believes poses a risk to the health, safety, or welfare of a patient or the public.

An employee is not acting in good faith under this Section if the employee's report or action was based on information that the employee should reasonably know is false or misleading. The protection of this Section shall also not apply to an employee unless the employee gives written notice to a hospital manager of the activity, policy, practice, or violation that the employee believes poses a risk to the health of a patient or the public and provides the manager a reasonable opportunity to correct the problem. The manager shall respond in writing to the employee within 7 days acknowledging that the notice was received and provide written notice of any action taken within a reasonable time of receiving the employee's notice. This notice requirement shall not apply if the employee is reasonably certain that the activity, policy, practice, or violation: (i) is known by one or more hospital managers who have had an opportunity to correct the problem and have not done so; (ii) involves the commission of a crime; or (iii) places patient health or safety in severe and immediate danger. The notice requirement

Nothing in this Section prohibits a hospital from training, educating, correcting, or otherwise taking action to improve the performance of employees who report that they are unable or unwilling to perform an assigned task.

Such hearing shall be conducted by the Director or by an employee of the Department designated in writing by the Director as Hearing Officer to conduct the hearing. On the basis of any such hearing, or upon default of the applicant or licensee, the Director shall make a determination specifying his findings and conclusions. All subpoenas and subpoenas duces tecum issued under the terms of this Act may be served by any person of full age. PUBLIC ACT 93-0565
(Senate Bill No. 228)

AN ACT concerning automotive motor vehicle repair.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Automotive Collision Repair Act.

Section 5. Purpose. With the increased complexity and technology involved in the repair of collision-damaged motor vehicles, there is a need for improved communication and accounting between collision repair businesses and motor vehicle owners. This Act
enables purchasers of these services to make informed decisions based on standard practices by Illinois automotive collision repair businesses.

Section 10. Definitions. As used in this Act:

"Automotive collision and body repair" means all repairs that are commonly performed by a body repair technician to restore a motor vehicle damaged in an accident or collision to a condition similar to the motor vehicle condition prior to the damage or deterioration including, but not limited to, the diagnosis, installation, exchange, repair, or refinishing of exterior body panels, trim, lighting, and structural chassis. The term does not include commercial fleet repair or maintenance transactions involving 2 or more motor vehicles or ongoing service or maintenance contracts involving motor vehicles used primarily for business purposes.

"Automotive collision and body repair facility" means a person, firm, association, or corporation that for compensation engages in the business of cosmetic repair, structural repair, or refinishing of motor vehicles with defect related to accident or collision.

"New part" means a part or component manufactured or supplied by the original motor vehicle manufacturer in an unused condition.

"Used part" means an original motor vehicle manufacturer part or component removed from a motor vehicle of similar make, model, and condition without the benefit of being rebuilt or remanufactured.

"Rebuilt part" or "reconditioned part" means a used part that has been inspected and remanufactured to restore functionality and performance.

"Aftermarket part" means a new part that is not manufactured or supplied by the original motor vehicle manufacturer for addition to, or replacement of, exterior body panel or trim.

Section 15. Disclosure to consumers; estimates.

(a) No work for compensation that exceeds $100 shall be commenced without specific authorization from the consumer after the disclosure set forth in this Section.

(b) Every motor vehicle collision repair facility shall either (i) give to each consumer a written estimated price for labor and parts for a specific repair and shall not charge for work done or parts supplied in an amount that exceeds the estimate by more than 10% without oral or written consent from the consumer; or (ii) give to each consumer a written price limit for each specific repair and shall not exceed that limit without oral or written consent of the consumer. The estimate shall include the total costs to repair the motor vehicle.

Estimates shall include all charges to be paid by the consumer to complete the repair, including any charges for estimates, diagnostics, storage, and administrative fees.

(c) Motor vehicle collision repair facilities shall describe in the estimate the major parts needed to effectuate the repair and shall designate the parts as either new parts, used parts, rebuilt or reconditioned parts, or aftermarket parts as set forth in Section 10 of this Act.

New matter indicated by italics - deletions by strikeout
(d) Estimates shall indicate that the collision repair facility may use a combination of industry standard flat rate (time) manuals, actual time, or condition of the motor vehicle to determine labor costs. This disclosure mandate may also be fulfilled by means of a sign that provides the same information to the consumer. The sign shall be posted at a location that can be easily viewed by the consumer.

(e) If it is necessary to disassemble or partially disassemble a motor vehicle or motor vehicle component in order to provide the consumer a written estimate for required repairs, the estimate shall show the cost of any disassembly if the consumer elects not to proceed with the repair of the motor vehicle.

(f) The estimate shall include the date the estimate was prepared or the date the motor vehicle was presented to the collision repair facility for repair and the odometer reading on the motor vehicle at the time the motor vehicle was left with the collision repair facility.

Section 20. Notice of consumer's rights; estimate. When an estimate is required to be presented to a consumer, a collision repair facility shall disclose to the prospective consumer an estimated price quotation with the following statement included or attached with the consumer's signature:

"You are entitled to a price estimate for the repairs you have authorized. The repair price may be less than the estimate but shall not exceed: (1) any price limited estimate; or (2) any parts or labor estimate by more than 10%. Additional repairs may not be performed without your consent.

You may waive your right to notification, which gives the collision repair facility the right to set the price without your permission. Your signature will indicate your selection.

(a) I request an estimate in writing before you begin repairs.
Signature ....................

(b) Please proceed with repairs but call me for approval before continuing if the price exceeds $..............
Signature ....................

(c) I do not want an estimate and you may set the price of repairs.
Signature ....................
Date................ Time..................

This estimated price for authorized repairs will be honored if the motor vehicle is delivered to the facility within the time period agreed to by the consumer and the collision repair facility."

Section 25. Estimated price insufficient. If it is determined that the estimated price is insufficient because of unforeseen circumstances, the consumer's consent must be obtained before the work estimated is done or parts estimated are supplied. If the consumer's consent is oral, the motor vehicle collision repair facility shall make a notation on the work order or estimate and on the invoice of the date, time, name of person

New matter indicated by italics - deletions by strikeout
authorizing the additional repairs, and telephone number called, if any, together with a specification of the additional parts and labor and the total additional cost.

Section 30. Consumers' authorizations of repairs or other actions. After receiving the estimate, the owner or the owner's agent may (i) authorize the repairs at the estimate of cost and time in writing, or (ii) request the return of the motor vehicle in a disassembled state. If the consumer elects the return of the motor vehicle in a disassembled or partially repaired state, the consumer may also request the return of all parts that were removed during disassembly or repair with the exception of parts that were damaged in an accident or collision to the extent that retention by the collision repair facility was not feasible. The collision repair facility shall make the motor vehicle available for possession within 3 working days after the time of request. The collision repair facility may receive payment for only those items on the schedule of charges to which the facility is entitled.

Section 35. Inability to deliver motor vehicle to facility during business hours. When the consumer is unable to deliver the motor vehicle to the collision repair facility during business hours, and the consumer has requested the collision repair facility to take possession of the motor vehicle for the purpose of repairing or estimating the cost of repairing the motor vehicle, the collision repair facility may not undertake the diagnosing or repairing of any damage or defects to the motor vehicle for compensation unless the collision repair facility has complied with all of the following conditions:

(1) The collision repair facility has prepared a written estimate or a firm price quotation of the price for labor and parts necessary to disassemble or repair the motor vehicle.

(2) By telephone or otherwise, the consumer has been given all of the material information on the written estimate or firm price quotation, and the consumer has approved the written estimate or firm price quotation.

(3) The consumer has given his or her oral or written authorization to the collision repair facility to disassemble or make the repairs pursuant to the written estimate or firm price quotation.

If the consumer's authorization is oral, the collision repair facility shall make, on both the written invoice and the estimate or firm price quotation, a notation of the name of the person authorizing the repairs, the date, the time, and the telephone number called, if any. Any charge for parts or labor in excess of the original estimate must be separately authorized by the consumer as provided in subsection (b) of Section 15 and in Section 25.

Section 40. Disclosures to consumers; invoices.

(a) On completion of repairs, the collision repair facility shall provide the consumer with an accurate record in the form of a final estimate or invoice. An estimate that is stamped "invoice" may be deemed the same as an itemized invoice. The final estimate or invoice shall accurately record in writing all of the items set forth in this Section.

(b) The invoice shall show the collision repair facility's business name and address, the date of the invoice, the odometer reading at the time the final estimate or invoice was

preparing, the name of the consumer, and the description of the motor vehicle including the motor vehicle identification number (VIN). In addition, the invoice shall describe all repair work done by the collision repair facility, including all warranty work, and shall separately identify (i) each major part supplied in a manner so that the consumer can identify the part as one described in Section 10 of this Act, and (ii) the total price charged for all charges including, but not limited to, parts, labor, and sales tax. The invoice or final estimate shall itemize any additional charges and include those charges in the total presented to the consumer.

(c) A legible copy of the invoice or final estimate shall be given to the consumer and a legible copy shall be retained by the collision repair facility for a period of 2 years from the date of repair as a part of the collision repair facility's records, which may be retained in electronic format. Records may be stored at a separate location.

Section 45. Consumer disclosures; guarantees; warranties.

(a) If a collision repair facility provides a warranty on repair parts and labor, the facility shall put the warranty in writing and give a legible copy to the consumer. The consumer's copy of the warranty must contain the following:

(1) The nature and extent of the warranty, including a description of parts and service included in or excluded from the warranty.

(2) The duration of the warranty and the requirements to be performed by the warrantee before the warrantor will fulfill the warranty.

(3) All conditions and limitations of the warranty and the manner in which the warrantor will fulfill the warranty, such as by repair, replacement, or refund.

(4) Any options of the warrantor or warrantee.

(5) The warrantor's identity and address.

(b) When repair or diagnostic work is performed pursuant to a warranty, a collision repair facility shall give an estimate of the time to complete repairs.

Section 50. Consumer disclosures; required signs. Every motor vehicle repair facility shall post in a prominent place on the business premises one or more signs, readily visible to customers, in the following form:

YOUR CUSTOMER RIGHTS. UNLESS THE FACILITY PROVIDES A FIRM PRICE QUOTATION, YOU ARE ENTITLED BY LAW TO:

1. A WRITTEN ESTIMATE FOR REPAIRS THAT WILL COST MORE THAN $100 UNLESS ABSENT FACE-TO-FACE CONTACT (SEE ITEM 3 BELOW).

2. AUTHORIZE ORALLY OR IN WRITING ANY REPAIRS THAT EXCEED THE ESTIMATED TOTAL PRE-SALES-TAX COST BY MORE THAN 10% OR THAT EXCEED THE LIMITED PRICE ESTIMATE.

3. AUTHORIZE ANY REPAIRS ORALLY OR IN WRITING IF YOUR MOTOR VEHICLE IS LEFT WITH THE COLLISION REPAIR FACILITY WITHOUT FACE-TO-FACE CONTACT BETWEEN YOU AND THE COLLISION REPAIR FACILITY PERSONNEL.
IF YOU HAVE AUTHORIZED A REPAIR IN ACCORDANCE WITH THE ABOVE INFORMATION, YOU ARE REQUIRED TO PAY FOR THE COSTS OF THE REPAIR PRIOR TO TAKING THE VEHICLE FROM THE PREMISES.

The first line of each sign shall be in letters not less than 1.5 inches in height, and the remaining lines shall be in letters not less than 0.5 inch in height.

Section 55. Recordkeeping. Every collision repair facility shall maintain copies of estimates for contracted work and all invoices. The copies may be maintained in an electronic format, shall be kept for 2 years, and shall be available for inspection by the Attorney General.

Section 60. Removal of motor vehicle from facility. Upon reasonable notice and during the collision repair facility's business hours, a consumer may remove a motor vehicle from a collision repair facility upon paying for the following:

(1) Labor actually performed.
(2) Parts actually installed.
(3) Parts ordered specifically for the consumer's car if the order is not cancelable or the parts are not returnable for cash or credit.
(4) Storage and administrative charges imposed in accordance with the schedule of charges if posted on a sign within the shop or otherwise disclosed to consumers prior to repairs.

Section 65. Lien barred. A collision repair facility that fails to comply with Section 15, 20, 25, 30, 35, 40, 45, 50, 55, or 60 is barred from asserting a possessory or chattel lien for the amount of the unauthorized parts or labor upon the motor vehicle or component.

Section 70. Unlawful acts or practices. Each of the following acts or practices is unlawful when committed by a motor vehicle collision repair facility:

(1) Advertising in a false, deceptive, or misleading manner.
(2) Charging a consumer for parts not delivered or installed or a labor operation or repair procedure that has not actually been performed.
(3) Unauthorized operation of a consumer's motor vehicle for purposes not related to repair or diagnosis.
(4) Failing or refusing at the time of sale to provide a consumer, upon request, a copy at no charge, of any document signed by the consumer.
(5) Retaining duplicative payment from both the consumer and warranty or insurance proceeds, but not limited to, for the same covered component, part, or labor in excess of collision repair facility final repair charges.
(6) Charging a consumer for unnecessary repairs. For purposes of this paragraph, "unnecessary repairs" means those repairs for which there is not reasonable basis for performing the service. A reasonable basis includes: (i) that the repair service is consistent with specifications established by law or the manufacturer of the motor vehicle, component, or part; (ii) that the repair is in accordance with usual and customary practices; (iii) that the repair was performed

New matter indicated by italics - deletions by strikeout
at the specific request of the consumer after the recommendation is not in accordance with manufacturer or accepted trade practices; or (iv) that the repair is at the consumer's request.

(7) Misrepresenting the terms of a warranty, guarantee, or service agreement.

(8) Altering a motor vehicle to create a condition requiring repair.

(9) Failing to honor a warranty, guarantee, or service agreement to which the collision repair facility is party.

(10) Charging or receiving payment for repairs not authorized by the consumer under Section 15, 20, 25, 30, 35, 40, 45, 50, 55, or 60.

(11) A pattern or practice of preparing written estimates underestimating the final costs of repairs.

Section 75. Violations. Whenever an automotive collision repair facility is knowingly engaged in or has knowingly engaged in a persistent practice or pattern of conduct at a single location that violates this Act, that, knowingly, persistent practice or pattern of conduct shall be deemed an unlawful act or practice under the Consumer Fraud and Deceptive Business Practices Act. In the case of knowing, persistent practice, or pattern of conduct, all remedies, penalties, and authority available to the Attorney General and the several State's Attorneys under the Consumer Fraud and Deceptive Business Practices Act for the enforcement of that Act shall be available for the enforcement of this Act.

If the court finds that the requirements of this section have been met, it shall uphold the action of the Village of Rockton to dissolve the district. If the court finds that said requirements have not been met, it shall order that the sanitary district not be dissolved.

Sec. 6. The Comptroller with the approval of the Governor may provide by rule and regulation for the creation of a special fund or funds for the deposit of designated receipts by designated agencies to be known as the Accounts Receivable Fund or Funds. Deposits shall be segregated by the creditor agency. No deposit shall be made unless the collection is of an account receivable more than 120 days past due.

Seventy-five percent of the amounts deposited each quarter into such a special fund shall be transferred to the General Revenue Fund or such other fund that would have originally received the receipts. The remaining amounts may be used by the creditor agency for collecting overdue accounts pursuant to appropriation by the General Assembly.

An agency, with the approval of the Comptroller, may deposit all receipts into the General Revenue Fund or other such fund that would have originally received the receipts. Twenty-five percent of such deposits made each quarter for accounts receivable more than 120 days past due shall be transferred to the Accounts Receivable Fund or Funds. The transferred amounts may be used by the creditor agency for collecting overdue accounts pursuant to appropriation by the General Assembly.

In determining the types of receipts to be deposited pursuant to this Section the Comptroller and the Governor shall consider the following factors:

(1) The percentage of such receipts estimated to be uncollectible by the creditor agency;

(2) The percentage of such receipts certified as uncollectible by the Attorney General;

(3) The potential increase in future receipts, as estimated by the creditor agency, if 25% of amounts collected are retained for collection efforts;

(4) The impact of the retention of 25% of receipts on the relevant fund balances; and

(5) Such other factors as the Comptroller and the Governor deem relevant.

This Section shall not apply to the Department of Revenue nor the Department of Employment Security.

This Section is repealed July 1, 2004. On that date any moneys in the Accounts Receivable Funds created under this Section shall be transferred to the General Revenue Fund.

Sec. 7. Upon agreement of the Attorney General, the Bureau agencies may contract for legal assistance in collecting past due accounts. Any contract entered into under this Section before the effective date of this amendatory Act of the 93rd General Assembly shall remain valid but may not be renewed. In addition, agencies may contract for collection assistance where such assistance is determined by the agency to be in the best economic interest of the State. Agencies may utilize monies in the Accounts Receivable Fund to pay for such legal and collection assistance; provided, however, that no more than 20% of collections on an account may be paid from the Accounts Receivable Fund as compensation for legal and collection assistance on that account. If the amount available for expenditure from the Accounts Receivable Fund is insufficient to pay the cost of such services, the difference, up to 40% of the total collections per account, may be paid from other monies which may be available to the Agency.

Sec. 8. Debt Collection Board. There is created a Debt Collection Board consisting of the Director of Central Management Services as chairman, the State Comptroller, and the Attorney General, or their respective designees. The Board shall establish a centralized collections service to undertake further collection efforts on delinquent accounts or claims of the State which have not been collected through the reasonable efforts of the respective State agencies. The Board shall promulgate rules and regulations pursuant to the Illinois Administrative Procedure Act with regard to the establishment of timetables and the assumption of responsibility for agency accounts receivable that have not been collected by the agency, are not subject to a current repayment plan, or have not been certified as uncollectible as of the date specified by the Board. The Board shall make a final evaluation of those accounts and either (i) direct or conduct further collection activities when further collection efforts are in the best economic interest of the State or (ii) in accordance with Section 2 of the Uncollected State Claims Act, certify the receivable as uncollectible or submit the account to the Attorney General for that certification.

The Board is empowered to adopt rules and regulations subject to the provisions of the Illinois Administrative Procedure Act.

The Board is empowered to enter into one or more contracts with outside vendors with demonstrated capabilities in the area of account collection. The contracts shall be let on the basis of competitive proposals secured from responsible proposers. The Board may require that vendors be prequalified. All contracts shall provide for a contingent fee based on the age, nature, amount and type of delinquent account. The Board may adopt a reasonable classification schedule for the various receivables. The contractor shall remit the amount collected, net of the contingent fee, to the respective State
agency which shall deposit the net amount received into the fund that would have received the receipt had it been collected by the State agency. No portion of the collections shall be deposited into an Accounts Receivable Fund established under Section 6 of this Act. The Board shall act only upon the unanimous vote of its members.

The authority granted the Debt Collection Board under this Section shall be limited to the administration of debt not otherwise required by the provisions of this amendatory Act of the 93rd General Assembly to be referred to the Department of Revenue's Debt Collection Bureau. Upon referral to and acceptance of any debt by the Bureau, the provisions of this Section shall be rendered null and void as to that debt and the Board shall promptly deliver its entire file and all records relating to such debt to the Bureau, together with a status report describing all action taken by the Board or any entity on its behalf to collect the debt, and including an accounting of all payments received.

(d) The Department of Revenue shall adopt rules for determining when a debt referred by an agency shall be deemed by the Bureau to be uncollectible.

(e) Once an agency's debt is deemed by the Bureau to be uncollectible, the Bureau shall return the debt to the referring agency which shall then write the debt off as uncollectible or return the debt to the Bureau for additional collection efforts. The Bureau shall refuse to accept debt that has been deemed uncollectible absent factual assertions from the referring agency that due to circumstances not known at the time the debt was deemed uncollectible that the debt is worthy of additional collection efforts.

The Bureau shall use all legal means available to collect the debts, including those authorizing the Department of Revenue to collect debt and those authorizing the Department of Employment Security to collect debt. All referred debt shall remain an obligation to the account to which it is owed.

(h) The Debt Collection Fund is created as a special fund in the State treasury. Debt collection contractors under this Act shall receive a contingency fee as provided by the terms of their contracts with the Department of Revenue. Thereafter, 20% of all amounts collected by the Bureau, excluding amounts collected on behalf of the Departments of Public Aid and Revenue, shall be deposited into the Debt Collection Fund. All remaining amounts collected shall be deposited into the General Revenue Fund unless the funds are owed to any State fund or funds other than the General Revenue Fund. Moneys in the Debt Collection Fund shall be appropriated only for the administrative costs of the Bureau. On the last day of each fiscal year, unappropriated moneys and moneys otherwise deemed unneeded for the next fiscal year remaining in the Debt Collection Fund may be transferred into the General Revenue Fund at the Governor's reasonable discretion. The provisions of this subsection do not apply to debt that is exempt from subsection (a) pursuant to subsection (g-1) or child support debt referred to the Bureau by the Department of Public Aid pursuant to this amendatory Act of the 93rd General Assembly. No one may be certified to teach or supervise in the public schools of this State who is not of good character, of good health, a citizen of the United States or legally present and authorized for employment, and at least 19 years of age. An applicant for a certificate who is not a citizen of the United States must sign and file with the State Board of Education a letter of intent indicating that either (i) within 10 years after the date that the letter is filed or (ii) at the earliest opportunity after the person becomes eligible to apply for U.S. citizenship, the person will apply for U.S. citizenship. If the holder of a certificate under this Section is not a citizen of the United States 6 years after the date of the issuance of the original certificate, any certificate held by such person on that date shall be cancelled by the board of education and no other certificate to teach shall be issued to such person until such person is a citizen of the United States.

Citizenship is not required for the issuance of a temporary part-time certificate to participants in approved training programs for exchange students as described in Section 21-10.2. A certificate issued under this plan shall expire on June 30 following the date of issue. One renewal for one year is authorized if the holder remains as an official participant in an approved exchange program.

In determining good character under this Section, any felony conviction of the applicant may be taken into consideration, but such a conviction shall not operate as a bar to registration.

No person otherwise qualified shall be denied the right to be certified, to receive training for the purpose of becoming a teacher or to engage in practice teaching in any school because of a physical disability including but not limited to visual and hearing disabilities; nor shall any school district refuse to employ a teacher on such grounds, provided that the person is able to carry out the duties of the position for which he applies.

No person may be granted or continue to hold a teaching certificate who has knowingly altered or misrepresented his or her teaching qualifications in order to acquire the certificate. Any other certificate held by such person may be suspended or revoked by the State Teacher Certification Board, depending upon the severity of the alteration or misrepresentation.

No one may teach or supervise in the public schools nor receive for teaching or supervising any part of any public school fund, who does not hold a certificate of qualification granted by the State Board of Education or by the State Teacher Certification Board and a regional superintendent of schools as hereinafter provided, or by the board of education of a city having a population exceeding 500,000 inhabitants except as provided in Section 34-6 and in Section 10-22.34 or Section 10-22.34b. However, the provisions of this Article do not apply to a member of the armed forces who is employed as a teacher of subjects in the Reserve Officer's Training Corps of any school. Sections 21-2 through 21-24 do not apply to cities having a population exceeding 500,000 inhabitants, until July 1, 1988.
Notwithstanding any other provision of this Act, the board of education of any school district may grant to a teacher of the district a leave of absence with full pay for a period of not more than one year to permit such teacher to teach in a foreign state under the provisions of the Exchange Teacher Program established under Public Law 584, 79th Congress, and Public Law 402, 80th Congress, as amended. The school board granting such leave of absence may employ with or without pay a national of the foreign state wherein the teacher on leave of absence will teach, if the national is qualified to teach in that foreign state, and if that national will teach in a grade level similar to the one which was taught in such foreign state. The State Board of Education shall promulgate and enforce such reasonable rules as may be necessary to effectuate this paragraph.

Sec. 21-11.1. Certificates for equivalent qualifications. An applicant who holds or is eligible to hold a teacher's certificate or license under the laws of another state or territory of the United States may be granted a corresponding teacher's certificate in Illinois on the written authorization of the State Board of Education and the State Teacher Certification Board upon the following conditions:

(1) That the applicant is at least 19 years of age, is of good character, of good health, and a citizen of the United States or legally present and authorized for employment; and

(2) That the requirements for a similar teacher's certificate in the particular state or territory were, at the date of issuance of the certificate, substantially equal to the requirements in force at the time the application is made for the certificate in this State.

After January 1, 1988, in addition to satisfying the foregoing conditions and requirements, an applicant for a corresponding teaching certificate in Illinois also shall be required to pass the examinations required under the provisions of Section 21-1a as directed by the State Board of Education.

In determining good character under this Section, any felony conviction of the applicant may be taken into consideration, but the conviction shall not operate as a bar to registration.

The State Board of Education in consultation with the State Teacher Certification Board shall prescribe rules and regulations establishing the similarity of certificates in other states and the standards for determining the equivalence of requirements.

(405 ILCS 5/1-119) (from Ch. 91 1/2, par. 1-119)
Sec. 1-119. "Person subject to involuntary admission" means:
(1) A person with mental illness and who because of his or her illness is reasonably expected to inflict serious physical harm upon himself or herself or another in the near future which may include threatening behavior or conduct that places another individual in reasonable expectation of being harmed; or

In determining whether a person meets the criteria specified in paragraph (1) or (2), the court may consider evidence of the person's repeated past pattern of specific behavior and actions related to the person's illness.

(405 ILCS 5/1-129 new)
Sec. 1-129. Mental illness. "Mental illness" means a mental, or emotional disorder that substantially impairs a person's thought, perception of reality, emotional process, judgment, behavior, or ability to cope with the ordinary demands of life, but does not include a developmental disability, dementia or Alzheimer's disease absent psychosis, a substance abuse disorder, or an abnormality manifested only by repeated criminal or otherwise antisocial conduct.

(405 ILCS 5/2-107.1) (from Ch. 91 1/2, par. 2-107.1)
Sec. 2-107.1. Administration of authorized involuntary treatment upon application to a court.

The recipient and the recipient's guardian or substitute decision maker shall be given the opportunity to refuse generally accepted mental health or developmental disability services, including but not limited to medication.

New matter indicated by italics - deletions by strikeout
(1) Any person 18 years of age or older, including any guardian, may petition the circuit court for an order authorizing the administration of authorized involuntary treatment to a recipient of services. The petition shall state that the petitioner has made a good faith attempt to determine whether the recipient has executed a power of attorney for health care under the Powers of Attorney for Health Care Law or a declaration for mental health treatment under the Mental Health Treatment Preference Declaration Act and to obtain copies of these instruments if they exist. If either of the above-named instruments is available to the petitioner, the instrument or a copy of the instrument shall be attached to the petition as an exhibit. The petitioner shall deliver a copy of the petition, and notice of the time and place of the hearing, to the respondent, his or her attorney, any known agent or attorney-in-fact, if any, and the guardian, if any, no later than 3 days prior to the date of the hearing. Service of the petition and notice of the time and place of the hearing may be made by transmitting them via facsimile machine to the respondent or other party. Upon receipt of the petition and notice, the party served, or the person delivering the petition and notice to the party served, shall acknowledge service. If the party sending the petition and notice does not receive acknowledgement of service within 24 hours, service must be made by personal service.

The petition may include a request that the court authorize such testing and procedures as may be essential for the safe and effective administration of the authorized involuntary treatment sought to be administered, but only where the petition sets forth the specific testing and procedures sought to be administered.

If a hearing is requested to be held immediately following the hearing on a petition for involuntary admission, then the notice requirement shall be the same as that for the hearing on the petition for involuntary admission, and the petition filed pursuant to this Section shall be filed with the petition for involuntary admission.

(2) The court shall hold a hearing within 7 days of the filing of the petition. The People, the petitioner, or the respondent shall be entitled to a continuance of up to 7 days as of right. An additional continuance of not more than 7 days may be granted to any party (i) upon a showing that the continuance is needed in order to adequately prepare for or present evidence in a hearing under this Section or (ii) under exceptional circumstances. The court may grant an additional continuance not to exceed 21 days when, in its discretion, the court determines that such a continuance is necessary in order to provide the recipient with an examination pursuant to Section 3-803 or 3-804 of this Act, to provide the recipient with a trial by jury as provided in Section 3-802 of this Act, or to arrange for the substitution of counsel as provided for by the Illinois Supreme Court Rules. The hearing shall be separate from a judicial proceeding held to

determine whether a person is subject to involuntary admission but may be heard immediately preceding or following such a judicial proceeding and may be heard by the same trier of fact or law as in that judicial proceeding.

(3) Unless otherwise provided herein, the procedures set forth in Article VIII of Chapter 3 of this Act, including the provisions regarding appointment of counsel, shall govern hearings held under this subsection (a-5).

(4) Authorized involuntary treatment shall not be administered to the recipient unless it has been determined by clear and convincing evidence that all of the following factors are present:

(A) That the recipient has a serious mental illness or developmental disability.

(B) That because of said mental illness or developmental disability, the recipient currently exhibits any one of the following: (i) deterioration of his or her ability to function, as compared to the recipient's ability to function prior to the current onset of symptoms of the mental illness or disability for which treatment is presently sought, (ii) suffering, or (iii) threatening behavior.

(C) That the illness or disability has existed for a period marked by the continuing presence of the symptoms set forth in item (B) of this subdivision (4) or the repeated episodic occurrence of these symptoms.

(D) That the benefits of the treatment outweigh the harm.

(E) That the recipient lacks the capacity to make a reasoned decision about the treatment.

(F) That other less restrictive services have been explored and found inappropriate.

(G) If the petition seeks authorization for testing and other procedures, that such testing and procedures are essential for the safe and effective administration of the treatment.

(5) In no event shall an order issued under this Section be effective for more than 90 days. A second 90-day period of involuntary treatment may be authorized pursuant to a hearing that complies with the standards and procedures of this subsection (a-5). Thereafter, additional 180-day periods of involuntary treatment may be authorized pursuant to the standards and procedures of this Section without limit. If a new petition to authorize the administration of authorized involuntary treatment is filed at least 15 days prior to the expiration of the prior order, and if any continuance of the hearing is agreed to by the recipient, the administration of the treatment may continue in accordance with the prior order pending the completion of a hearing under this Section.
(6) An order issued under this subsection (a-5) shall designate the persons authorized to administer the authorized involuntary treatment under the standards and procedures of this subsection (a-5). Those persons shall have complete discretion not to administer any treatment authorized under this Section. The order shall also specify the medications and the anticipated range of dosages that have been authorized and may include a list of any alternative medications and range of dosages deemed necessary.

(b) A guardian may be authorized to consent to the administration of authorized involuntary treatment to an objecting recipient only under the standards and procedures of subsection (a-5).

(c) Notwithstanding any other provision of this Section, a guardian may consent to the administration of authorized involuntary treatment to a non-objecting recipient under Article XIa of the Probate Act of 1975.

(d) Nothing in this Section shall prevent the administration of authorized involuntary treatment to recipients in an emergency under Section 2-107 of this Act.

(e) Notwithstanding any of the provisions of this Section, authorized involuntary treatment may be administered pursuant to a power of attorney for health care under the Powers of Attorney for Health Care Law or a declaration for mental health treatment under the Mental Health Treatment Preference Declaration Act.

(b) The election authority may develop and implement a system to prepare, use, and maintain a computer-based voter registration file that includes a computer-stored image of the signature of each voter. The computer-based voter registration file may be used for all purposes for which the original registration cards are to be used, provided that a system for the storage of at least one copy of the original registration cards remains in effect. The electronic file shall be the master file.

(c) Any system created, used, and maintained under subsection (b) of this Section shall meet the following standards:

The State Board of Elections may request a sample poll list intended to be used in a polling place to test the accuracy of the list and the adequacy of the computer-stored images of the signatures of the registered voters.

(e) With respect to a jurisdiction that has copied all of its voter signatures into a computer-based registration file, all references in this Act or any other Act to the use, other than storage, of paper-based voter registration records shall be deemed to refer to their computer-based equivalents.

(f) Nothing in this Section prevents an election authority from submitting to the State Board of Elections a duplicate copy of some, as the State Board of Elections shall determine, or all of the data contained in each voter registration record that is part of the electronic master file. The duplicate copy of the registration record shall be maintained by the State Board of Elections under the same terms and limitations applicable to the election authority and shall be of equal legal dignity with the original registration record maintained by the election authority as proof of any fact contained in the voter registration record.

Each registration record card shall be numbered according to towns and precincts, wards, cities and villages, as the case may be, and may be serially or otherwise marked for identification in such manner as the county clerk may determine.

The registration cards shall be deemed public records and shall be open to inspection during regular business hours, except during the 27 days immediately preceding any election. On written request of any candidate or objector or any person intending to object to a petition, the election authority shall extend its hours for inspection of registration cards and other records of the election authority during the period beginning with the filing of petitions under Sections 7-10, 8-8, 10-6 or 28-3 and continuing through the termination of electoral board hearings on any objections to petitions containing signatures of registered voters in the jurisdiction of the election authority. The extension shall be for a period of hours sufficient to allow adequate opportunity for examination of the records but the election authority is not required to extend its hours beyond the period beginning at its normal opening for business and ending at midnight. If the business hours are so extended, the election authority shall post a public notice of such extended hours. Registration record cards may also be inspected, upon approval of the officer in charge of the cards, during the 27 days immediately preceding any election. Registration record cards shall also be open to inspection by certified judges and poll watchers and challengers at the polling place on election day, but only to the extent necessary to determine the question of the right of a person to vote or to serve as a judge of election. At no time shall poll watchers or challengers be allowed to physically handle the registration record cards.

Updated copies of computer tapes or computer discs or other electronic data processing information containing voter registration information shall be furnished by the county clerk within 10 days after December 15 and May 15 each year and within 10 days after each registration period is closed to the State Board of Elections in a form prescribed by the Board. For the purposes of this Section, a registration period is closed 27 days before the date of any regular or special election. Registration information shall include, but not be limited to, the following information: name, sex, residence, telephone number, if any, age, party affiliation, if applicable, precinct, ward, township, county, and representative, legislative and congressional districts. In the event of noncompliance, the State Board of Elections is directed to obtain compliance forthwith with this nondiscretionary duty of the election authority by instituting legal proceedings in the circuit court of the county in which the election authority maintains the registration information. The costs of furnishing updated copies of tapes or discs shall be paid at a rate of $.00034 per name of registered voters in the election jurisdiction, but not less than $50

The Board shall furnish copies of such tapes, discs, other electronic data or compilations thereof to state political committees registered pursuant to the Illinois Campaign Finance Act or the Federal Election Campaign Act at their request and at a reasonable cost. *To protect the privacy and confidentiality of voter registration information, the disclosure of electronic voter registration records to any person or entity other than a State or local political committee is specifically prohibited.* Copies of the tapes, discs or other electronic data shall be furnished by the county clerk to local political committees at their request and at a reasonable cost. Reasonable cost of the tapes, discs, et cetera for this purpose would be the cost of duplication plus 15% for administration. The individual representing a political committee requesting copies of such tapes shall make a sworn affidavit that the information shall be used only for bona fide political purposes, including by or for candidates for office or incumbent office holders. Such tapes, discs or other electronic data shall not be used under any circumstances by any political committee or individuals for purposes of commercial solicitation or other business purposes. If such tapes contain information on county residents related to the operations of county government in addition to registration information, that information shall not be used under any circumstances for commercial solicitation or other business purposes. The prohibition in this Section against using the computer tapes or computer discs or other electronic data processing information containing voter registration information for purposes of commercial solicitation or other business purposes shall be prospective only from the effective date of this amended Act of 1979. Any person who violates this provision shall be guilty of a Class 4 felony.

The State Board of Elections shall promulgate, by October 1, 1987, such regulations as may be necessary to ensure uniformity throughout the State in electronic data processing of voter registration information. The regulations shall include, but need not be limited to, specifications for uniform medium, communications protocol and file structure to be employed by the election authorities of this State in the electronic data processing of voter registration information. Each election authority utilizing electronic data processing of voter registration information shall comply with such regulations on and after May 15, 1988.

The computer-based voter registration file may be used for all purposes for which the original registration cards are to be used, provided that a system for the storage of at least one copy of the original registration cards remains in effect. The electronic file shall be the master file.

(c) Any system created, used, and maintained under subsection (b) of this Section shall meet the following standards:

(1) Access to any computer-based voter registration file shall be limited to those persons authorized by the election authority, and each access to the computer-based voter registration file, other than an access solely for inquiry, shall be recorded.

(4) Each person desiring to vote shall sign an application for a ballot, and the signature comparison authorized in Articles 17 and 18 of this Code may be made to a copy of the computer-stored image of the signature of the registered voter.

(5) Any voter list produced from a computer-based voter registration file that includes computer-stored images of the signatures of registered voters and is used in a polling place during an election shall be preserved by the election authority in secure storage until the end of the second calendar year following the election in which it was used.

(d) Before the first election in which the election authority elects to use a voter list produced from the computer-stored images of the signatures of registered voters in a computer-based voter registration file for signature comparison in a polling place, the State Board of Elections shall certify that the system used by the election authority complies with the standards set forth in this Section. The State Board of Elections may request a sample poll list intended to be used in a polling place to test the accuracy of the list and the adequacy of the computer-stored images of the signatures of the registered voters.

(e) With respect to a jurisdiction that has copied all of its voter signatures into a computer-based registration file, all references in this Act or any other Act to the use, other than storage, of paper-based voter registration records shall be deemed to refer to their computer-based equivalents.
(f) Nothing in this Section prevents an election authority from submitting to the State Board of Elections a duplicate copy of some, as the State Board of Elections shall determine, or all of the data contained in each voter registration record that is part of the electronic master file. The duplicate copy of the registration record shall be maintained by the State Board of Elections under the same terms and limitations applicable to the election authority and shall be of equal legal dignity with the original registration record maintained by the election authority as proof of any fact contained in the voter registration record.

Sec. 6-79. Computerization of voter records.

(a) The State Board of Elections shall design a registration record card that, except as otherwise provided in this Section, shall be used in duplicate by all election authorities in the State adopting a computer-based voter registration file as provided in this Section. The Board shall prescribe the form and specifications, including but not limited to the weight of paper, color, and print of the cards. The cards shall contain boxes or spaces for the information required under Sections 6-31.1 and 6-35; provided that the cards shall also contain:

(i) A space for the person to fill in his or her Illinois driver's license number if the person has a driver's license;

(ii) A space for a person without a driver's license to fill in the last four digits of his or her social security number if the person has a social security number.

A box or space for the applicant's social security number, which shall be required to the extent allowed by law but in no case shall the applicant provide fewer than the last 4 digits of the social security number, and a box for the applicant's telephone number, if available.

(b) The election authority may develop and implement a system to prepare, use, and maintain a computer-based voter registration file that includes a computer-stored image of the signature of each voter. The computer-based voter registration file may be used for all purposes for which the original registration cards are to be used, provided that a system for the storage of at least one copy of the original registration cards remains in effect. The electronic file shall be the master file.

(c) Any system created, used, and maintained under subsection (b) of this Section shall meet the following standards:

(1) Access to any computer-based voter registration file shall be limited to those persons authorized by the election authority, and each access to the computer-based voter registration file, other than an access solely for inquiry, shall be recorded.
(2) No copy, summary, list, abstract, or index of any computer-based voter registration file that includes any computer-stored image of the signature of any registered voter shall be made available to the public outside of the offices of the election authority.

(3) Any copy, summary, list, abstract, or index of any computer-based voter registration file that includes a computer-stored image of the signature of a registered voter shall be produced in such a manner that it cannot be reproduced.

(4) Each person desiring to vote shall sign an application for a ballot, and the signature comparison authorized in Articles 17 and 18 of this Code may be made to a copy of the computer-stored image of the signature of the registered voter.

(5) Any voter list produced from a computer-based voter registration file that includes computer-stored images of the signatures of registered voters and is used in a polling place during an election shall be preserved by the election authority in secure storage until the end of the second calendar year following the election in which it was used.

(d) Before the first election in which the election authority elects to use a voter list produced from the computer-stored images of the signatures of registered voters in a computer-based voter registration file for signature comparison in a polling place, the State Board of Elections shall certify that the system used by the election authority complies with the standards set forth in this Section. The State Board of Elections may request a sample poll list intended to be used in a polling place to test the accuracy of the list and the adequacy of the computer-stored images of the signatures of the registered voters.

(e) With respect to a jurisdiction that has copied all of its voter signatures into a computer-based registration file, all references in this Act or any other Act to the use, other than storage, of paper-based voter registration records shall be deemed to refer to their computer-based equivalents.

(f) Nothing in this Section prevents an election authority from submitting to the State Board of Elections a duplicate copy of some, as the State Board of Elections shall determine, or all of the data contained in each voter registration record that is part of the electronic master file. The duplicate copy of the registration record shall be maintained by the State Board of Elections under the same terms and limitations applicable to the election authority and shall be of equal legal dignity with the original registration record maintained by the election authority as proof of any fact contained in the voter registration record.

(Source: P.A. 87-1052.)

(10 ILCS 5/7-8) (from Ch. 46, par. 7-8)

Sec. 7-8. The State central committee shall be composed of one or two members from each congressional district in the State and shall be elected as follows:

State Central Committee

(a) Within 30 days after the effective date of this amendatory Act of 1983 the State central committee of each political party shall certify to the State Board of Elections which of the following alternatives it wishes to apply to the State central committee of that party.

Alternative A. At the primary held on the third Tuesday in March 1970, and at the primary held every 4 years thereafter, each primary elector may vote for one candidate of his party for member of the State central committee for the congressional district in which he resides. The candidate receiving the highest number of votes shall be declared elected State central committeeman from the district. A political party may, in lieu of the foregoing, by a majority vote of delegates at any State convention of such party, determine to thereafter elect the State central committeemen in the manner following:

At the county convention held by such political party State central committeemen shall be elected in the same manner as provided in this Article for the election of officers of the county central committee, and such election shall follow the election of officers of the county central committee. Each elected ward, township or precinct committeeman shall cast as his vote one vote for each ballot voted in his ward, township, part of a township or precinct in the last preceding primary election of his political party. In the case of a county lying partially within one congressional district and partially within another congressional district, each ward, township or precinct committeeman shall vote only with respect to the congressional district in which his ward, township, part of a township or precinct is located. In the case of a congressional district which encompasses more than one county,
each ward, township or precinct committeeman residing within the congressional district shall cast as his vote one vote for each ballot voted in his ward, township, part of a township or precinct in the last preceding primary election of his political party for one candidate of his party for member of the State central committee for the congressional district in which he resides and the Chairman of the county central committee shall report the results of the election to the State Board of Elections. The State Board of Elections shall certify the candidate receiving the highest number of votes elected State central committeeman for that congressional district.

The State central committee shall adopt rules to provide for and govern the procedures to be followed in the election of members of the State central committee.

After the effective date of this amendatory Act of the 91st General Assembly, whenever a vacancy occurs in the office of Chairman of a State central committee, or at the end of the term of office of Chairman, the State central committee of each political party that has selected Alternative A shall elect a Chairman who shall not be required to be a member of the State Central Committee. The Chairman shall be a registered voter in this State and of the same political party as the State central committee.

Alternative B. Each congressional committee shall, within 30 days after the adoption of this alternative, appoint a person of the sex opposite that of the incumbent member for that congressional district to serve as an additional member of the State central committee until his or her successor is elected at the general primary election in 1986. Each congressional committee shall make this appointment by voting on the basis set forth in paragraph (e) of this Section. In each congressional district at the general primary election held in 1986 and every 4 years thereafter, the male candidate receiving the highest number of votes of the party's male candidates for State central committeeman, and the female candidate receiving the highest number of votes of the party's female candidates for State central committeewoman, shall be declared elected State central committeeman and State central committeewoman from the district. At the general primary election held in 1986 and every 4 years thereafter, if all a party's candidates for State central committeemen or State central committeewomen from a congressional district are of the same sex, the candidate receiving the highest number of votes shall be declared elected a State central committeeman or State central committeewoman from the district, and, because of a failure to elect one male and one female to the committee, a vacancy shall be declared to exist in the office of the second member of the State central committee from the district. This vacancy shall be filled by appointment by the congressional committee of the political party, and the person appointed to fill the vacancy shall be a resident of the congressional district and of the sex opposite that of the committeeman or committeewoman elected at the general primary election. Each congressional committee shall make this appointment by voting on the basis set forth in paragraph (e) of this Section.

The Chairman of a State central committee composed as provided in this Alternative B must be selected from the committee's members.
Except as provided for in Alternative A with respect to the selection of the Chairman of the State central committee, under both of the foregoing alternatives, the State central committee of each political party shall be composed of members elected or appointed from the several congressional districts of the State, and of no other person or persons whomsoever. The members of the State central committee shall, within 30 days after each quadrennial election of the full committee, meet in the city of Springfield and organize by electing a chairman, and may at such time elect such officers from among their own number (or otherwise), as they may deem necessary or expedient. The outgoing chairman of the State central committee of the party shall, 10 days before the meeting, notify each member of the State central committee elected at the primary of the time and place of such meeting. In the organization and proceedings of the State central committee, each State central committeeman and State central committeewoman shall have one vote for each ballot voted in his or her congressional district by the primary electors of his or her party at the primary election immediately preceding the meeting of the State central committee. Whenever a vacancy occurs in the State central committee of any political party, the vacancy shall be filled by appointment of the chairmen of the county central committees of the political party of the counties located within the congressional district in which the vacancy occurs and, if applicable, the ward and township committeemen of the political party in counties of 2,000,000 or more inhabitants located within the congressional district. If the congressional district in which the vacancy occurs lies wholly within a county of 2,000,000 or more inhabitants, the ward and township committeemen of the political party in that congressional district shall vote to fill the vacancy. In voting to fill the vacancy, each chairman of a county central committee and each ward and township committeeman in counties of 2,000,000 or more inhabitants shall have one vote for each ballot voted in each precinct of the congressional district in which the vacancy exists of his or her county, township, or ward cast by the primary electors of his or her party at the primary election immediately preceding the meeting to fill the vacancy in the State central committee. The person appointed to fill the vacancy shall be a resident of the congressional district in which the vacancy occurs, shall be a qualified voter, and, in a committee composed as provided in Alternative B, shall be of the same sex as his or her predecessor. A political party may, by a majority vote of the delegates of any State convention of such party, determine to return to the election of State central committeeman and State central committeewoman by the vote of primary electors. Any action taken by a political party at a State convention in accordance with this Section shall be reported to the State Board of Elections by the chairman and secretary of such convention within 10 days after such action.

Ward, Township and Precinct Committeemen

(b) At the primary held on the third Tuesday in March, 1972, and every 4 years thereafter, each primary elector in cities having a population of 200,000 or over may vote for one candidate of his party in his ward for ward committeeman. Each candidate for ward

Except as otherwise provided in this Section for certain State central committeemen who have 2 year terms, all State central committeemen, township committeemen and ward committeemen shall continue as such committeemen until the date of primary to be held in the fourth year after their election. However, a vacancy exists in the office of precinct committeeman when a precinct committeeman ceases to reside in the precinct in which he was elected and such precinct committeeman shall thereafter neither have nor exercise any rights, powers or duties as committeeman in that precinct, even if a successor has not been elected or appointed.

(c) The Multi-Township Central Committee shall consist of the precinct committeemen of such party, in the multi-township assessing district formed pursuant to Section 2-10 of the Property Tax Code and shall be organized for the purposes set forth in Section 45-25 of the Township Code. election district committees, each ward committeeman shall have one vote for each ballot
voted in his or her ward or part of that ward, as the case may be, by the primary electors of

be composed of the chairmen of the county central committees of the counties composing
the congressional district, except that in congressional districts wholly within the territorial

county lines of all of such counties, the precinct committeemen, township committeemen

the congressional district, shall compose the congressional committee. A State central

The several committees herein provided for shall not have power to delegate any of their powers, or functions to any other person, officer or committee, but this shall not be construed to prevent a committee from appointing from its own membership proper and necessary subcommittees.

(c) In addition to such reports the treasurer of every political committee shall file semi-annual reports of campaign contributions and expenditures no later than July 31st, covering the period from January 1st through June 30th immediately preceding, and no later than January 31st, covering the period from July 1st through December 31st of the preceding calendar year. Reports of contributions and expenditures must be filed to cover the prescribed time periods even though no contributions or expenditures may have been received or made during the period. The Board shall assess a civil penalty not to exceed $5,000 for a violation of this subsection, except that for State officers and candidates and political committees formed for statewide office, the civil penalty may not exceed $10,000. The fine, however, shall not exceed $500 for a first filing violation for filing less than 10 days after the deadline. There shall be no fine if the report is mailed and postmarked at least 72 hours prior to the filing deadline. For the purpose of this subsection, "statewide office" and "State officer" means the Governor, Lieutenant Governor, Attorney General, Secretary of State, Comptroller, and Treasurer.

(c-5) A political committee that acts as either (i) a State and local political committee or (ii) a local political committee and that files reports electronically under Section 9-28 is not required to file copies of the reports with the appropriate county clerk if the county clerk has a system that permits access to, and duplication of, reports that are filed with the State Board of Elections. A State and local political committee or a local political committee shall file with the county clerk a copy of its statement of organization pursuant to Section 9-3.
(d) A copy of each report or statement filed under this Article shall be preserved by the person filing it for a period of two years from the date of filing.

Sec. 9-21. Upon receipt of such complaint, the Board shall hold a closed preliminary hearing to determine whether or not the complaint appears to have been filed on justifiable grounds. Such closed preliminary hearing shall be conducted as soon as practicable after affording reasonable notice, a copy of the complaint, and an opportunity to testify at such hearing to both the person making the complaint and the person against whom the complaint is directed. If the Board fails to determine that the complaint has not been filed on justifiable grounds, it shall dismiss the complaint without further hearing.

(10 ILCS 5/16-3) (from Ch. 46, par. 16-3)

Sec. 16-3. (a) The names of all candidates to be voted for in each election district or precinct shall be printed on one ballot, except as is provided in Sections 16-6.1 and 21-1.01 of this Act and except as otherwise provided in this Act with respect to the odd year regular elections and the emergency referenda; all nominations of any political party being placed under the party appellation or title of such party as designated in the certificates of nomination or petitions. The names of all independent candidates shall be printed upon the ballot in a column or columns under the heading "independent" arranged under the names or titles of the respective offices for which such independent candidates shall have been nominated and so far as practicable, the name or names of any independent candidate or candidates for any office shall be printed upon the ballot opposite the name or names of any candidate or candidates for the same office contained in any party column or columns upon said ballot. The ballot shall contain no other names, except that in cases of electors for President and Vice-President of the United States, the names of the candidates for President and Vice-President may be added to the party designation and words calculated to aid the voter in his choice of candidates may be added, such as "Vote for one," "Vote for three." When an electronic voting system is used which utilizes a ballot label booklet, the candidates and questions shall appear on the pages of such booklet in the order provided by this Code; and, in any case where candidates for an office appear on a page which does not contain the name of any candidate for another office, and where less than 50% of the page is utilized, the name of no candidate shall be printed on the lowest 25% of such page. On the back or outside of the ballot, so as to appear when folded, shall be printed the words "Official Ballot", followed by the designation of the polling place for which the ballot is prepared, the date of the election and a facsimile of the signature of the election authority who has caused the ballots to be printed. The ballots shall be of plain white paper, through which the printing or writing cannot be read. However, ballots for use at the nonpartisan and consolidated elections may be printed on different color paper, except blue paper, whenever necessary or desirable to facilitate distinguishing between ballots for different political subdivisions. In the case of nonpartisan elections for officers of a political subdivision, unless the statute or an ordinance adopted pursuant to Article VII of the Constitution providing the form of government therefor requires otherwise, the column

listing such nonpartisan candidates shall be printed with no appellation or circle at its head. The party appellation or title, or the word "independent" at the head of any column provided for independent candidates, shall be printed in letters not less than one-fourth of an inch in height and a circle one-half inch in diameter shall be printed at the beginning of the line in which such appellation or title is printed, provided, however, that no such circle shall be printed at the head of any column or columns provided for such independent candidates. The names of candidates shall be printed in letters not less than one-eighth nor more than one-fourth of an inch in height, and at the beginning of each line in which a name of a candidate is printed a square shall be printed, the sides of which shall be not less than one-fourth of an inch in length. Any county clerk refusing, neglecting or failing to print on the official ballot the names of candidates of the several political parties in the order certified by the State Board of Elections, and any county clerk who prints or causes to be printed upon the official ballot the name of a candidate, for an office to be filled by the Electors of the entire State, whose name has not been duly certified to him upon a certificate signed by the State Board of Elections shall be guilty of a Class C misdemeanor.

WRITE-IN VOTES
(See card of instructions for specific information.
Duplicate form below by hand for additional write-in votes.)

Title of Office
( ) ______________________________

Name of Candidate
( ) ______________________________

(c) When an electronic voting system is used which uses a ballot sheet, the instructions to voters on the ballot sheet shall refer the voter to the card of instructions for specific information on write-in voting. Below each office appearing on such ballot sheet there shall be a provision for the casting of a write-in vote. (d) When such electronic system is used, there shall be printed on the back of each ballot card, each ballot card envelope, and the first page of the ballot label when a ballot label is used, the words "Official Ballot," followed by the number of the precinct or other precinct identification,
which may be stamped, in lieu thereof and, as applicable, the number and name of the township, ward or other election district for which the ballot card, ballot card envelope, and ballot label are prepared, the date of the election and a facsimile of the signature of the election authority who has caused the ballots to be printed. The back of the ballot card shall also include a method of identifying the ballot configuration such as a listing of the political subdivisions and districts for which votes may be cast on that ballot, or a number code identifying the ballot configuration or color coded ballots, except that where there is only one ballot configuration in a precinct, the precinct identification, and any applicable ward identification, shall be sufficient. Ballot card envelopes used in punch card systems shall be of paper through which no writing or punches may be discerned and shall be of sufficient length to enclose all voting positions. However, the election authority may provide ballot card envelopes on which no precinct number or township, ward or other election district designation, or election date are preprinted, if space and a preprinted form are provided below the space provided for the names of write-in candidates where such information may be entered by the judges of election. Whenever an election authority utilizes ballot card envelopes on which the election date and precinct is not preprinted, a judge of election shall mark such information for the particular precinct and election on the envelope in ink before tallying and counting any write-in vote written thereon. If some method of insuring ballot secrecy other than an envelope is used, such information must be provided on the ballot itself.

(e) In the designation of the name of a candidate on the ballot, the candidate's given name or names, initial or initials, a nickname by which the candidate is commonly known, or a combination thereof, may be used in addition to the candidate's surname. No other designation such as a political slogan, title, or degree or nickname suggesting or implying possession of a title, degree or professional status, or similar information may be used in connection with the candidate's surname, except that the title "Mrs." may be used in the case of a married woman. For purposes of this Section, a "political slogan" is defined as any word or words expressing or connoting a position, opinion, or belief that the candidate may espouse, including but not limited to, any word or words conveying any meaning other than that of the personal identity of the candidate. A candidate may not use a political slogan as part of his or her name on the ballot, notwithstanding that the political slogan may be part of the candidate's name.

(f) The State Board of Elections, a local election official, or an election authority shall remove any candidate's name designation from a ballot that is inconsistent with subsection (e) of this Section. In addition, the State Board of Elections, a local election official, or an election authority shall not certify to any election authority any candidate name designation that is inconsistent with subsection (e) of this Section.

(g) If the State Board of Elections, a local election official, or an election authority removes a candidate's name designation from a ballot under subsection (f) of this Section, then the aggrieved candidate may seek appropriate relief in circuit court.

Where voting machines or electronic voting systems are used, the provisions of this Section may be modified as required or authorized by Article 24 or Article 24A, whichever is applicable.

Nothing in this Section shall prohibit election authorities from using or reusing ballot card envelopes which were printed before the effective date of this amendatory Act of 1985.

Sec. 18A-5. Provisional voting; general provisions.
(a) A person who claims to be a registered voter is entitled to cast a provisional ballot under the following circumstances:

   (1) The person's name does not appear on the official list of eligible voters, whether a list of active or inactive voters, for the precinct in which the person seeks to vote;

   (2) The person's voting status has been challenged by an election judge, a pollwatcher, or any legal voter and that challenge has been sustained by a majority of the election judges; or

   (3) A federal or State court order extends the time for closing the polls beyond the time period established by State law and the person votes during the extended time period.

(b) The procedure for obtaining and casting a provisional ballot at the polling place shall be as follows:

   (1) An election judge at the polling place shall notify a person who is entitled to cast a provisional ballot pursuant to subsection (a) that he or she may cast a provisional ballot in that election. An election judge must accept any information provided by a person who casts a provisional ballot that the person believes supports his or her claim that he or she is a duly registered voter and qualified to vote in the election.

(2) The person shall execute a written form provided by the election judge that shall state or contain all of the following:

(i) an affidavit stating the following:

State of Illinois, County of ................., Township ............., Precinct ........., Ward ........, I, ......................, do solemnly swear (or affirm) that: I am a citizen of the United States; I am 18 years of age or older; I have resided in this State and in this precinct for 30 days preceding this election; I have not voted in this election; I am a duly registered voter in every respect; and I am eligible to vote in this election. Signature ...... Printed Name of Voter ...... Printed Residence Address of Voter ...... City ...... State .... Zip Code ..... Telephone Number ...... Date of Birth ...... and Driver's License Number ...... Last 4 digits of Social Security Number ...... or State Identification Card Number. (ii) Written instruction stating the following:

In order to expedite the verification of your voter registration status, the .... (insert name of county clerk of board of election commissioners here) requests that you include your phone number and both the last four digits of your social security number and your driver's license number or State Identification Card Number issued to you by the Secretary of State. At minimum, you are required to include either (A) your driver's license number or State Identification Card Number issued to you by the Secretary of State or (B) the last 4 digits of your social security number. (iii) A box for the election judge to check one of the 3 reasons why the person was given a provisional ballot under subsection (a) of Section 18A-5. (iv) An area for the election judge to affix his or her signature and to set forth any facts that support or oppose the allegation that the person is not qualified to vote in the precinct in which the person is seeking to vote.

The written affidavit form described in this subsection (b)(2) must be printed on a multi-part form prescribed by the county clerk or board of election commissioners, as the case may be.

(3) After the person executes the portion of the written affidavit described in subsection (b)(2)(i) of this Section, the election judge shall complete the portion of the written affidavit described in subsection (b)(2)(iii) and (b)(2)(iv).

(4) The election judge shall give a copy of the completed written affidavit to the person. The election judge shall place the original written affidavit in a self-adhesive clear plastic packing list envelope that must be attached to a separate envelope marked as a "provisional ballot envelope". The election judge shall also place any information provided by the person who casts a provisional ballot in the clear plastic packing list envelope. Each county clerk or board of election commissioners, as the case may be, must design, obtain

or procure self-adhesive clear plastic packing list envelopes and provisional ballot envelopes that are suitable for implementing this subsection (b)(4) of this Section.

(5) The election judge shall provide the person with a provisional ballot, written instructions for casting a provisional ballot, and the provisional ballot envelope with the clear plastic packing list envelope affixed to it, which contains the person’s original written affidavit and, if any, information provided by the provisional voter to support his or her claim that he or she is a duly registered voter. An election judge must also give the person written information that states that any person who casts a provisional ballot shall be able to ascertain, pursuant to guidelines established by the State Board of Elections, whether the provisional vote was counted in the official canvass of votes for that election and, if the provisional vote was not counted, the reason that the vote was not counted.

(6) After the person has completed marking his or her provisional ballot, he or she shall place the marked ballot inside of the provisional ballot envelope, close and seal the envelope, and return the envelope to an election judge, who shall then deposit the sealed provisional ballot envelope into a secure container separately identified and utilized for containing sealed provisional ballot envelopes. Upon the closing of the polls, the secure container shall be sealed with filament tape provided for that purpose, which shall be wrapped around the box lengthwise and crosswise, at least twice each way, and each of the election judges shall sign the seal.

(c) Instead of the affidavit form described in subsection (b), the county clerk or board of election commissioners, as the case may be, may design and use a multi-part affidavit form that is imprinted upon or attached to the provisional ballot envelope described in subsection (b). If a county clerk or board of election commissioners elects to design and use its own multi-part affidavit form, then the county clerk or board of election commissioners shall establish a mechanism for accepting any information the provisional voter has supplied to the election judge to support his or her claim that he or she is a duly registered voter. In all other respects, a county clerk or board of election commissioners shall establish procedures consistent with subsection (b).

(d) The county clerk or board of election commissioners, as the case may be, shall use the completed affidavit form described in subsection (b) to update the person’s voter registration information in the State voter registration database and voter registration database of the county clerk or board of election commissioners, as the case may be. If a person is later determined not to be a registered voter based on Section 18A-15 of this Code, then the affidavit shall be processed by the county clerk or board of election commissioners, as the case may be, as a voter registration application.

clerk or board of election commissioners in the most direct manner of transport. The county clerk or board of election commissioners shall keep the securable container secure until such time as the provisional ballots are counted in accordance with Section 18A-15.

(b) Upon receipt of materials returned from the polling places, the county clerk or board of election commissioners shall update the State voter registration list and the voter registration database of the county clerk or board of election commissioners, as the case may be, by using the affidavit forms of provisional voters.

(10 ILCS 5/18A-15 new)
Sec. 18A-15. Validating and counting provisional ballots.
(a) The county clerk or board of election commissioners shall complete the validation and counting of provisional ballots within 14 calendar days of the day of the election. The county clerk or board of election commissioners shall have 7 calendar days from the completion of the validation and counting of provisional ballots to conduct its final canvass. The State Board of Elections shall complete within 31 calendar days of the election or sooner if all the returns are received, its final canvass of the vote for all public offices.

(b) If a county clerk or board of election commissioners determines that all of the following apply, then a provisional ballot is valid and shall be counted as a vote:

1. The provisional voter cast the provisional ballot in the correct precinct based on the address provided by the provisional voter;
2. The affidavit executed by the provisional voter pursuant to subsection (b)(2) of Section 18A-10 is properly executed; and
3. The provisional voter is a registered voter based on information available to the county clerk or board of election commissioners provided by or obtained from any of the following:
   i. the provisional voter;
   ii. an election judge;
   iii. the statewide voter registration database maintained by the State Board of Elections;
   iv. the records of the county clerk or board of election commissioners’ database; or
   v. the records of the Secretary of State.

(c) With respect to subsection (b)(3) of this Section, the county clerk or board of election commissioners shall investigate whether each of the 5 types of information is available and record whether this information is or is not available. If one or more types of information is available, then the county clerk or board of election commissioners shall obtain all relevant information from all sources identified in subsection (b)(3). The county clerk or board of election commissioners shall use any information it obtains as the basis for determining the voter registration status of the provisional voter. If a conflict exists among the information available to the county clerk or board of election commissioners as

New matter indicated by italics - deletions by strikeout
to the registration status of the provisional voter, then the county clerk or board of election commissioners shall make a determination based on the totality of the circumstances. In a case where the above information equally supports or opposes the registration status of the voter, the county clerk or board of election commissioners shall decide in favor of the provisional voter as being duly registered to vote. If the statewide voter registration database maintained by the State Board of Elections indicates that the provisional voter is registered to vote, but the county clerk's or board of election commissioners' voter registration database indicates that the provisional voter is not registered to vote, then the information found in the statewide voter registration database shall control the matter and the provisional voter shall be deemed to be registered to vote. If the records of the county clerk or board of election commissioners indicates that the provisional voter is registered to vote, but the statewide voter registration database maintained by the State Board of Elections indicates that the provisional voter is not registered to vote, then the information found in the records of the county clerk or board of election commissioners shall control the matter and the provisional voter shall be deemed to be registered to vote. If the provisional voter's signature on his or her provisional ballot request varies from the signature on an otherwise valid registration application solely because of the substitution of initials for the first or middle name, the election authority may not reject the provisional ballot.

(d) In validating the registration status of a person casting a provisional ballot, the county clerk or board of election commissioners shall not require a provisional voter to complete any form other than the affidavit executed by the provisional voter under subsection (b)(2) of Section 18A-5. In addition, the county clerk or board of election commissioners shall not require all provisional voters or any particular class or group of provisional voters to appear personally before the county clerk or board of election commissioners or as a matter of policy require provisional voters to submit additional information to verify or otherwise support the information already submitted by the provisional voter. The provisional voter may, within 2 calendar days after the election, submit additional information to the county clerk or board of election commissioners. This information must be received by the county clerk or board of election commissioners within the 2-calendar-day period.

(e) If the county clerk or board of election commissioners determines that subsection (b)(1), (b)(2), or (b)(3) does not apply, then the provisional ballot is not valid and may not be counted. The provisional ballot envelope containing the ballot cast by the provisional voter may not be opened. The county clerk or board of election commissioners shall write on the provisional ballot envelope the following: "Provisional ballot determined invalid."

(f) If the county clerk or board of election commissioners determines that a provisional ballot is valid under this Section, then the provisional ballot envelope shall be
opened. The outside of each provisional ballot envelope shall also be marked to identify the precinct and the date of the election.

(g) The provisional ballots determined to be valid shall be added to the vote totals for the precincts from which they were cast in the order in which the ballots were opened. The county clerk or board of election commissioners may, in the alternative, create a separate provisional-voter precinct for the purpose of counting and recording provisional ballots and adding the recorded votes to its official canvass. The validation and counting of provisional ballots shall be subject to the provisions of this Code that apply to pollwatchers. If the provisional ballots are a ballot of a punch card voting system, then the provisional ballot shall be counted in a manner consistent with Article 24A. If the provisional ballots are a ballot of optical scan or other type of approved electronic voting system, then the provisional ballots shall be counted in a manner consistent with Article 24B.

(h) As soon as the ballots have been counted, the election judges or election officials shall, in the presence of the county clerk or board of election commissioners, place each of the following items in a separate envelope or bag: (1) all provisional ballots, voted or spoiled; (2) all provisional ballot envelopes of provisional ballots voted or spoiled; and (3) all executed affidavits of the provisional ballots voted or spoiled. All provisional ballot envelopes for provisional voters who have been determined not to be registered to vote shall remain sealed. The county clerk or board of election commissioners shall treat the provisional ballot envelope containing the written affidavit as a voter registration application for that person for the next election and process that application. The election judges or election officials shall then securely seal each envelope or bag, initial the envelope or bag, and plainly mark on the outside of the envelope or bag in ink the precinct in which the provisional ballots were cast. The election judges or election officials shall then place each sealed envelope or bag into a box, secure and seal it in the same manner as described in item (6) of subsection (b) of Section 18A-5. Each election judge or election official shall take and subscribe an oath before the county clerk or board of election commissioners that the election judge or election official securely kept the ballots and papers in the box, did not permit any person to open the box or otherwise touch or tamper with the ballots and papers in the box, and has no knowledge of any other person opening the box. For purposes of this Section, the term "election official" means the county clerk, a member of the board of election commissioners, as the case may be, and their respective employees.

(10 ILCS 5/18A-20 new)

Sec. 18A-20. Provisional voting verification system. In conjunction with each county clerk or board of election commissioners, the State Board of Elections shall establish a uniform free access information system by which a person casting a provisional ballot may ascertain whether the provisional vote was counted in the official canvass of votes for that election and, if the vote was not counted, the reason that the vote was not
counted. Nothing in this Section shall prohibit a county clerk or a board of election commissioner from establishing a free access information system described in this Section so long as that system is consistent with the federal Help America Vote Act.

(10 ILCS 5/19-2.1) (from Ch. 46, par. 19-2.1)

Sec. 19-2.1. At the consolidated primary, general primary, consolidated, and general elections, electors entitled to vote by absentee ballot under the provisions of Section 19-1 may vote in person at the office of the municipal clerk, if the elector is a resident of a municipality not having a board of election commissioners, or at the office of the township clerk or, in counties not under township organization, at the office of the road district clerk if the elector is not a resident of a municipality; provided, in each case that the municipal, township or road district clerk, as the case may be, is authorized to conduct in-person absentee voting pursuant to this Section. Absentee voting in such municipal and township clerk's offices under this Section shall be conducted from the 22nd day through the day before the election.

Municipal and township clerks (or road district clerks) who have regularly scheduled working hours at regularly designated offices other than a place of residence and whose offices are open for business during the same hours as the office of the election authority shall conduct in-person absentee voting for said elections. Municipal and township clerks (or road district clerks) who have no regularly scheduled working hours but who have regularly designated offices other than a place of residence shall conduct in-person absentee voting for said elections during the hours of 8:30 a.m. to 4:30 p.m. or 9:00 a.m. to 5:00 p.m., weekdays, and 9:00 a.m. to 12:00 noon on Saturdays, but not during such hours as the office of the election authority is closed, unless the clerk files a written waiver with the election authority not later than July 1 of each year stating that he or she is unable to conduct such voting and the reasons therefor. Such clerks who conduct in-person absentee voting may extend their hours for that purpose to include any hours in which the election authority's office is open. Municipal and township clerks (or road district clerks) who have no regularly scheduled office hours and no regularly designated offices other than a place of residence may not conduct in-person absentee voting for said elections. The election authority may devise alternative methods for in-person absentee voting before said elections for those precincts located within the territorial area of a municipality or township (or road district) wherein the clerk of such municipality or township (or road district) has waived or is not entitled to conduct such voting. In addition, electors may vote by absentee ballot under the provisions of Section 19-1 at the office of the election authority having jurisdiction over their residence.

In conducting absentee voting under this Section, the respective clerks shall not be required to verify the signature of the absentee voter by comparison with the signature on the official registration record card. However, the clerk shall reasonably ascertain the identity of such applicant, shall verify that each such applicant is a registered voter, and shall verify the precinct in which he or she is registered and the proper ballots of the
political subdivisions in which the applicant resides and is entitled to vote, prior to providing any absentee ballot to such applicant. The clerk shall verify the applicant's registration and from the most recent poll list provided by the county clerk, and if the applicant is not listed on that poll list then by telephoning the office of the county clerk.

Absentee voting procedures in the office of the municipal, township and road district clerks shall be subject to all of the applicable provisions of this Article 19. Pollwatchers may be appointed to observe in-person absentee voting procedures at the office of the municipal, township or road district clerks' offices where such absentee voting is conducted. Such pollwatchers shall qualify and be appointed in the same manner as provided in Sections 7-34 and 17-23, except each candidate, political party or organization of citizens may appoint only one pollwatcher for each location where in-person absentee voting is conducted. Pollwatchers must be registered to vote in Illinois residents of the county and possess valid pollwatcher credentials. All requirements in this Article applicable to election authorities shall apply to the respective local clerks, except where inconsistent with this Section.

The sealed absentee ballots in their carrier envelope shall be delivered by the respective clerks, or by the election authority on behalf of a clerk if the clerk and the election authority agree, to the proper polling place before the close of the polls on the day of the general primary, consolidated primary, consolidated, or general election.

Not more than 23 days before the nonpartisan, general and consolidated elections, the county clerk shall make available to those municipal, township and road district clerks conducting in-person absentee voting within such county, a sufficient number of applications, absentee ballots, envelopes, and printed voting instruction slips for use by absentee voters in the offices of such clerks. The respective clerks shall receipt for all ballots received, shall return all unused or spoiled ballots to the county clerk on the day of the election and shall strictly account for all ballots received.

The ballots delivered to the respective clerks shall include absentee ballots for each precinct in the municipality, township or road district, or shall include such separate ballots for each political subdivision conducting an election of officers or a referendum on that election day as will permit any resident of the municipality, township or road district to vote absentee in the office of the proper clerk.

The clerks of all municipalities, townships and road districts may distribute applications for absentee ballot for the use of voters who wish to mail such applications to the appropriate election authority. Such applications for absentee ballots shall be made on forms provided by the election authority. Duplication of such forms by the municipal, township or road district clerk is prohibited.

Any person who violates this Section may be punished as for contempt of court.

(b) Election officers shall place 2 or more cones, small United States national flags, or some other marker a distance of 100 horizontal feet from each entrance to the room used by voters to engage in voting, which shall be known as the polling room. If the polling room is located within a building that is a public or private school or a church or other organization founded for the purpose of religious worship and the distance of 100 horizontal feet ends within the interior of the building, then the markers shall be placed outside of the building at each entrance used by voters to enter that building on the grounds adjacent to the thoroughfare or walkway. If the polling room is located within a public or private building with 2 or more floors and the polling room is located on the ground floor, then the markers shall be placed 100 horizontal feet from each entrance to the polling room used by voters to engage in voting. If the polling room is located in a public or private building with 2 or more floors and the polling room is located on a floor above or below the ground floor, then the markers shall be placed a distance of 100 feet from the nearest elevator or staircase used by voters on the ground floor to access the floor where the polling room is located. The area within where the markers are placed shall be known as a campaign free zone, and electioneering is prohibited pursuant to this subsection.

The area on polling place property beyond the campaign free zone, whether publicly or privately owned, is a public forum for the time that the polls are open on an election day. At the request of election officers any publicly owned building must be made available for use as a polling place. In the polling place on election day, pollwatchers shall be permitted to be present during the casting of the absent voters' ballots and the vote of any absent voter may be challenged for cause the same as if he were present and voted in person, and the judges of the election or a majority thereof shall have power and authority to hear and determine the legality of such ballot; Provided, however, that if a challenge to any absent voter's right to vote is sustained, notice of the same must be given by the judges of election by mail addressed to the voter's place of residence.

Where certain absent voters' ballots are counted on the day of the election in the office of the election authority as provided in Section 19-8 of this Act, each political party, candidate and qualified civic organization shall be entitled to have present one pollwatcher for each panel of election judges therein assigned. Such pollwatchers shall be subject to the same provisions as are provided for pollwatchers in Sections 7-34 and 17-23 of this Code, and shall be permitted to observe the election judges making the signature comparison between that which is on the ballot envelope and that which is on the permanent voter registration record card taken from the master file.

(a) Notwithstanding any law to the contrary, for the purpose of this Article, a person casts a valid vote on a punch card ballot when:
   (1) A chad on the card has at least one corner detached from the card;
   (2) The fibers of paper on at least one edge of the chad are broken in a way that permits unimpeded light to be seen through the card; or

Sec. 24B-6. Ballot Information; Arrangement; Electronic Precinct Tabulation Optical Scan Technology Voting System; Absentee Ballots; Spoiled Ballots. The ballot information, shall, as far as practicable, be in the order of arrangement provided for paper ballots, except that the information may be in vertical or horizontal rows, or on a number of separate pages or displays on the marking device. Ballots for all questions or propositions to be voted on should be provided in a similar manner and must be arranged on the ballot sheet or marking device in the places provided for such purposes. Ballots shall be of white paper unless provided otherwise by administrative rule of the State Board of Elections or otherwise specified.

All propositions, including but not limited to propositions calling for a constitutional convention, constitutional amendment, judicial retention, and public measures to be voted upon shall be placed on separate portions of the ballot sheet or marking device by utilizing borders or grey screens. Candidates shall be listed on a separate portion of the ballot sheet or marking device by utilizing borders or grey screens. Below the name of the last candidate listed for an office shall be printed or displayed a line or lines on which the voter may select a write-in candidate. Such line or lines shall be proximate to the name of a candidate or candidates may be written by the voter, and proximate to such lines an area shall be provided for marking votes for the write-in candidate or candidates. The number of write-in lines for an office shall equal the number
of candidates for which a voter may vote. More than one amendment to the constitution may be placed on the same portion of the ballot sheet or marking device. Constitutional convention or constitutional amendment propositions shall be printed or displayed on a separate portion of the ballot sheet or marking device and designated by borders or grey screens, unless otherwise provided by administrative rule of the State Board of Elections. More than one public measure or proposition may be placed on the same portion of the ballot sheet or marking device. More than one proposition for retention of judges in office may be placed on the same portion of the ballot sheet or marking device. Names of candidates shall be printed in black. The party affiliation of each candidate or the word "independent" shall appear near or under the candidate's name, and the names of candidates for the same office shall be listed vertically under the title of that office, on separate pages of the marking device, or as otherwise approved by the State Board of Elections. In the case of nonpartisan elections for officers of political subdivisions, unless the statute or an ordinance adopted pursuant to Article VII of the Constitution requires otherwise, the listing of nonpartisan candidates shall not include any party or "independent" designation. Judicial retention questions and ballot questions for all public measures and other propositions shall be designated by borders or grey screens on the ballot or marking device. Judicial retention ballots shall be designated by borders or grey screens. Ballots for all public measures and other propositions shall be designated by borders or grey screens. In primary elections, a separate ballot, or displays on the marking device, shall be used for each political party holding a primary, with the ballot or marking device arranged to include names of the candidates of the party and public measures and other propositions to be voted upon on the day of the primary election.

If the ballot includes both candidates for office and public measures or propositions to be voted on, the election official in charge of the election shall divide the ballot or displays on the marking device in sections for "Candidates" and "Propositions", or separate ballots may be used.

Absentee ballots may consist of envelopes, paper ballots or ballot sheets voted in person in the office of the election official in charge of the election or voted by mail. Where a Precinct Tabulation Optical Scan Technology ballot is used for voting by mail it must be accompanied by voter instructions.

Any voter who spoils his or her ballot, makes an error, or has a ballot returned by the automatic tabulating equipment may return the ballot to the judges of election and get another ballot.

Sec. 24B-8. Preparation for Use; Comparison of Ballots; Operational Checks of Automatic Precinct Tabulation Optical Scan Technology Tabulating Equipment; Pollwatchers. The county clerk or board of election commissioners shall cause the approved marking devices to be delivered to the polling places. Before the opening of the
polls the judges of election shall compare the ballots or displays on the marking device used with the specimen ballots furnished and see that the names, numbers and letters thereon agree and shall certify thereto on forms provided by the county clerk or board of election commissioners.

In addition, in those polling places where in-precinct Precinct Tabulation Optical Scan Technology counting equipment is utilized, the judges of election shall make an operational check of the automatic Precinct Tabulation Optical Scan Technology tabulating equipment before the opening of the polls. The judges of election shall ensure that the totals are all zeroes in the count column on the Precinct Tabulation Optical Scan Technology unit.

Pollwatchers as provided by law shall be permitted to closely observe the judges in these procedures and to periodically inspect the Precinct Tabulation Optical Scan Technology equipment when not in use by the voters.

Sec. 24B-9. Testing of Precinct Tabulation Optical Scan Technology Equipment and Program; Custody of Programs, Test Materials and Ballots. Prior to the public test, the election authority shall conduct an errorless pre-test of the automatic Precinct Tabulation Optical Scan Technology tabulating equipment and program and marking device to determine that they will correctly detect Voting Defects and count the votes cast for all offices and all measures. On any day not less than 5 days prior to the election day, the election authority shall publicly test the automatic Precinct Tabulation Optical Scan Technology tabulating equipment and program to determine that they will correctly detect Voting Defects and count the votes cast for all offices and on all measures. Public notice of the time and place of the test shall be given at least 48 hours before the test by publishing the notice in one or more newspapers within the election jurisdiction of the election authority, if a newspaper is published in that jurisdiction. If a newspaper is not published in that jurisdiction, notice shall be published in a newspaper of general circulation in that jurisdiction. Timely written notice stating the date, time, and location of the public test shall also be provided to the State Board of Elections. The test shall be open to representatives of the political parties, the press, representatives of the State Board of Elections, and the public. The test shall be conducted by processing a preaudited group of ballots marked to record a predetermined number of valid votes for each candidate and on each measure, and shall include for each office one or more ballots having votes exceeding the number allowed by law to test the ability of the automatic tabulating equipment or marking device to reject the votes. The test shall also include producing an edit listing. In those election jurisdictions where in-precinct counting equipment is used, a public test of both the equipment and program shall be conducted as nearly as possible in the manner prescribed above. The State Board of Elections may select as many election jurisdictions as the Board deems advisable in the interests of the election process of this State, to order a
special test of the automatic tabulating equipment and program before any regular election. The Board may order a special test in any election jurisdiction where, during the preceding 12 months, computer programming errors or other errors in the use of electronic voting systems resulted in vote tabulation errors. Not less than 30 days before any election, the State Board of Elections shall provide written notice to those selected jurisdictions of their intent to conduct a test. Within 5 days of receipt of the State Board of Elections' written notice of intent to conduct a test, the selected jurisdictions shall forward to the principal office of the State Board of Elections a copy of all specimen ballots. The State Board of Elections' tests shall be conducted and completed not less than 2 days before the public test utilizing testing materials supplied by the Board and under the supervision of the Board, and the Board shall reimburse the election authority for the reasonable cost of computer time required to conduct the special test. After an errorless test, materials used in the public test, including the program, if appropriate, shall be sealed and remain sealed until the test is run again on election day. If any error is detected, the cause of the error shall be determined and corrected, and an errorless public test shall be made before the automatic tabulating equipment is approved. Each election authority shall file a sealed copy of each tested program to be used within its jurisdiction at an election with the State Board of Elections before the election. The Board shall secure the program or programs of each election jurisdiction so filed in its office for the 60 days following the canvass and proclamation of election results. At the expiration of that time, if no election contest or appeal is pending in an election jurisdiction, the Board shall return the sealed program or programs to the election authority of the jurisdiction. Except where in-precinct counting equipment is used, the test shall be repeated immediately before the start of the official counting of the ballots, in the same manner as set forth above. After the completion of the count, the test shall be re-run using the same program. Immediately after the re-run, all material used in testing the program and the programs shall be sealed and retained under the custody of the election authority for a period of 60 days. At the expiration of that time the election authority shall destroy the voted ballots, together with all unused ballots returned from the precincts. Provided, if any contest of election is pending at the time in which the ballots may be required as evidence and the election authority has notice of the contest, the same shall not be destroyed until after the contest is finally determined. If the use of back-up equipment becomes necessary, the same testing required for the original equipment shall be conducted.

Sec. 24B-9.1. Examination of Votes by Electronic Precinct Tabulation Optical Scan Technology Scanning Process or other authorized electronic process; definition of a vote.

(a) Examination of Votes by Electronic Precinct Tabulation Optical Scan Technology Scanning Process. Whenever a Precinct Tabulation Optical Scan Technology
process is used to automatically examine and count the votes on ballot sheets, the provisions of this Section shall apply. A voter shall cast a proper vote on a ballot sheet by making a mark, or causing a mark to be made, in the designated area for the casting of a vote for any party or candidate or for or against any proposition. For this purpose, a mark is an intentional darkening of the designated area on the ballot sheet, and not an identifying mark.

(b) For any ballot sheet that does not register a vote for one or more ballot positions on the ballot sheet on a Electronic Precinct Tabulation Optical Scan Technology Scanning Process, the following shall constitute a vote on the ballot sheet:

1. The designated area for casting a vote for a particular ballot position on the ballot sheet is fully darkened or shaded in;
2. The designated area for casting a vote for a particular ballot position on the ballot sheet is partially darkened or shaded in;
3. The designated area for casting a vote for a particular ballot position on the ballot sheet contains a dot or ".", a check, or a plus or "+";
4. The designated area for casting a vote for a particular ballot position on the ballot sheet contains some other type of mark that indicates the clearly ascertainable intent of the voter to vote based on the totality of the circumstances, including but not limited to any pattern or frequency of marks on other ballot positions from the same ballot sheet.
5. The designated area for casting a vote for a particular ballot position on the ballot sheet is not marked, but the ballot sheet contains other markings associated with a particular ballot position, such as circling a candidate's name, that indicates the clearly ascertainable intent of the voter to vote, based on the totality of the circumstances, including but not limited to, any pattern or frequency of markings on other ballot positions from the same ballot sheet.

(c) For other electronic voting systems that use a computer as the marking device to mark a ballot sheet, the bar code found on the ballot sheet shall constitute the votes found on the ballot. If, however, the county clerk or board of election commissioners determines that the votes represented by the tally on the bar code for one or more ballot positions is inconsistent with the votes represented by numerical ballot positions identified on the ballot sheet produced using a computer as the marking device, then the numerical ballot positions identified on the ballot sheet shall constitute the votes for purposes of any official canvass or recount proceeding. An electronic voting system that uses a computer as the marking device to mark a ballot sheet shall be capable of producing a ballot sheet that contains all numerical ballot positions selected by the voter, and provides a place for the voter to cast a write-in vote for a candidate for a particular numerical ballot position.

(d) The election authority shall provide an envelope, sleeve or other device to each voter so the voter can deliver the voted ballot sheet to the counting equipment and
ballot box without the votes indicated on the ballot sheet being visible to other persons in the polling place.

Sec. 24B-10. Receiving, Counting, Tallying and Return of Ballots; Acceptance of Ballots by Election Authority.

(a) In an election jurisdiction which has adopted an electronic Precinct Tabulation Optical Scan Technology voting system, the election official in charge of the election shall select one of the 3 following procedures for receiving, counting, tallying, and return of the ballots:

1) Two ballot boxes shall be provided for each polling place. The first ballot box is for the depositing of votes cast on the electronic voting system; and the second ballot box is for all votes cast on other ballots, including absentee paper ballots and any other paper ballots required to be voted other than on the Precinct Tabulation Optical Scan Technology electronic voting system. Ballots, except absentee ballots for candidates and propositions which are listed on the Precinct Tabulation Optical Scan Technology electronic voting system, deposited in the second ballot box shall be counted, tallied, and returned as is elsewhere provided in this Code for the counting and handling of paper ballots. Immediately after the closing of the polls the absentee ballots delivered to the precinct judges of election by the election official in charge of the election shall be examined to determine that the ballots comply with Sections 19-9 and 20-9 of this Code and are entitled to be inserted into the counting equipment and deposited into the ballot box provided; those entitled to be deposited in this ballot box shall be initialed by the precinct judges of election and deposited. Those not entitled to be deposited in this ballot box shall be marked "Rejected" and disposed of as provided in Sections 19-9 and 20-9. The precinct judges of election shall then open the second ballot box and examine all paper absentee ballots which are in the ballot box to determine whether the absentee ballots bear the initials of a precinct judge of election. If any absentee ballot is not so initialed, it shall be marked on the back "Defective", initialed as to the label by all judges immediately under the word "Defective", and not counted, but placed in the envelope provided for that purpose labeled "Defective Ballots Envelope". The judges of election, consisting in each case of at least one judge of election of each of the 2 major political parties, shall examine the paper absentee ballots which were in such ballot box and properly initialed to determine whether the same contain write-in votes. Write-in votes, not causing an overvote for an office otherwise voted for on the paper absentee ballot, and otherwise properly voted, shall be counted, tallied and recorded on the tally sheet provided for the record. A write-in vote causing an overvote for an office shall not be counted for that office,
but the precinct judges shall mark such paper absentee ballot "Objected To" on the back and write on its back the manner in which the ballot is counted and initial the same. An overvote for one office shall invalidate only the vote or count of that particular office. After counting, tallying and recording the write-in votes on absentee ballots, the judges of election, consisting in each case of at least one judge of election of each of the 2 major political parties, shall make a true duplicate ballot of the remaining valid votes on each paper absentee ballot which was in the ballot box and properly initialed, by using the electronic Precinct Tabulation Optical Scan Technology voting system used in the precinct and one of the marking devices, or equivalent marking device or equivalent ballot, of the precinct to transfer the remaining valid votes of the voter on the paper absentee ballot to an official ballot or a ballot card of that kind used in the precinct at that election. The original paper absentee ballot shall be clearly labeled "Absentee Ballot" and the ballot card so produced "Duplicate Absentee Ballot", and each shall bear the same serial number which shall be placed thereon by the judges of election, beginning with number 1 and continuing consecutively for the ballots of that kind in that precinct. The judges of election shall initial the "Duplicate Absentee Ballot" ballots and shall place them in the first ballot box provided for return of the ballots to be counted at the central counting location in lieu of the paper absentee ballots. The paper absentee ballots shall be placed in an envelope provided for that purpose labeled "Duplicate Ballots".

As soon as the absentee ballots have been deposited in the first ballot box, the judges of election shall make out a slip indicating the number of persons who voted in the precinct at the election. The slip shall be signed by all the judges of election and shall be inserted by them in the first ballot box. The judges of election shall thereupon immediately lock the first ballot box; provided, that if the box is not of a type which may be securely locked, the box shall be sealed with filament tape provided for the purpose that shall be wrapped around the box lengthwise and crosswise, at least twice each way, and in a manner that the seal completely covers the slot in the ballot box, and each of the judges shall sign the seal. Two of the judges of election, of different political parties, shall by the most direct route transport both ballot boxes to the counting location designated by the county clerk or board of election commissioners.

Before the ballots of a precinct are fed to the electronic Precinct Tabulation Optical Scan Technology tabulating equipment, the first ballot box shall be opened at the central counting station by the 2 precinct transport judges. Upon opening a ballot box, the team shall first count the number of ballots in the box. If 2 or more are folded together to appear to have been cast by the same person, all of the ballots folded together shall be marked and returned with the other ballots in the same condition, as near as may be, in which they were found.

when first opened, but shall not be counted. If the remaining ballots are found to exceed the number of persons voting in the precinct as shown by the slip signed by the judges of election, the ballots shall be replaced in the box, and the box closed and well shaken and again opened and one of the precinct transport judges shall publicly draw out so many ballots unopened as are equal to the excess.

The excess ballots shall be marked "Excess-Not Counted" and signed by the 2 precinct transport judges and shall be placed in the "After 7:00 p.m. Defective Ballots Envelope". The number of excess ballots shall be noted in the remarks section of the Certificate of Results. "Excess" ballots shall not be counted in the total of "defective" ballots.

The precinct transport judges shall then examine the remaining ballots for write-in votes and shall count and tabulate the write-in vote.

(2) A single ballot box, for the deposit of all votes cast, shall be used. All ballots which are not to be tabulated on the electronic voting system shall be counted, tallied, and returned as elsewhere provided in this Code for the counting and handling of paper ballots.

All ballots to be processed and tabulated with the electronic Precinct Tabulation Optical Scan Technology voting system shall be processed as follows:

Immediately after the closing of the polls the absentee ballots delivered to the precinct judges of election by the election official in charge of the election shall be examined to determine that such ballots comply with Sections 19-9 and 20-9 of this Code and are entitled to be deposited in the ballot box; those entitled to be deposited in the ballot box shall be initialed by the precinct judges of election and deposited in the ballot box. Those not entitled to be deposited in the ballot box shall be marked "Rejected" and disposed of as provided in Sections 19-9 and 20-9. The precinct judges of election then shall open the ballot box and canvass the votes polled to determine that the number of ballots agree with the number of voters voting as shown by the applications for ballot, or if the same do not agree the judges of election shall make such ballots agree with the applications for ballot in the manner provided by Section 17-18 of this Code. The judges of election shall then examine all paper absentee ballots and ballot envelopes which are in the ballot box to determine whether the ballots and ballot envelopes bear the initials of a precinct judge of election. If any ballot or ballot envelope is not initialed, it shall be marked on the back "Defective", initialed as to the label by all judges immediately under the word "Defective", and not counted, but placed in the envelope provided for that purpose labeled "Defective Ballots Envelope". The judges of election, consisting in each case of at least one judge of election of each of the 2 major political parties, shall examine the paper absentee ballots which were in the ballot box and properly initialed to determine whether the same contain write votes. Write-in votes, not causing an overvote for
an office otherwise voted for on the paper absentee ballot, and otherwise properly voted, shall be counted, tallied and recorded on the tally sheet provided for the record. A write-in vote causing an overvote for an office shall not be counted for that office, but the precinct judges shall mark the paper absentee ballot "Objected To" on the back and write on its back the manner the ballot is counted and initial the same. An overvote for one office shall invalidate only the vote or count of that particular office. After counting, tallying and recording the write-in votes on absentee ballots, the judges of election, consisting in each case of at least one judge of election of each of the 2 major political parties, shall make a true duplicate ballot of the remaining valid votes on each paper absentee ballot which was in the ballot box and properly initialed, by using the electronic voting system used in the precinct and one of the marking devices of the precinct to transfer the remaining valid votes of the voter on the paper absentee ballot to an official ballot of that kind used in the precinct at that election. The original paper absentee ballot shall be clearly labeled "Absentee Ballot" and the ballot so produced "Duplicate Absentee Ballot", and each shall bear the same serial number which shall be placed thereon by the judges of election, commencing with number 1 and continuing consecutively for the ballots of that kind in that precinct. The judges of election shall initial the "Duplicate Absentee Ballot" ballots and shall place them in the box for return of the ballots with all other ballots to be counted at the central counting location in lieu of the paper absentee ballots. The paper absentee ballots shall be placed in an envelope provided for that purpose labeled "Duplicate Ballots".

In case of an overvote for any office, the judges of election, consisting in each case of at least one judge of election of each of the 2 major political parties, shall make a true duplicate ballot of all votes on the ballot except for the office which is overvoted, by using the ballot of the precinct and one of the marking devices, or equivalent ballot, of the precinct to transfer all votes of the voter except for the office overvoted, to an official ballot of that kind used in the precinct at that election. The original ballot upon which there is an overvote shall be clearly labeled "Overvoted Ballot", and each shall bear the same serial number which shall be placed thereon by the judges of election, beginning with number 1 and continuing consecutively for the ballots of that kind in that precinct. The judges of election shall initial the "Duplicate Overvoted Ballot" ballots and shall place them in the box for return of the ballots. The "Overvoted Ballot" ballots shall be placed in the "Duplicate Ballots" envelope. The ballots except any defective or overvoted ballot shall be placed separately in the box for return of the ballots, along with all "Duplicate Absentee Ballots", and "Duplicate Overvoted Ballots". The judges of election shall examine the ballots to determine if any is damaged or defective so that it cannot be counted by the automatic

tabulating equipment. If any ballot is damaged or defective so that it cannot properly be counted by the automatic tabulating equipment, the judges of election, consisting in each case of at least one judge of election of each of the 2 major political parties, shall make a true duplicate ballot of all votes on such ballot by using the ballot of the precinct and one of the marking devices, or equivalent ballot, of the precinct. The original ballot and ballot envelope shall be clearly labeled "Damaged Ballot" and the ballot so produced "Duplicate Damaged Ballot", and each shall bear the same number which shall be placed thereon by the judges of election, commencing with number 1 and continuing consecutively for the ballots of that kind in the precinct. The judges of election shall initial the "Duplicate Damaged Ballot" ballot and shall place them in the box for return of the ballots. The "Damaged Ballot" ballots shall be placed in the "Duplicated Ballots" envelope. A slip indicating the number of voters voting in person, number of absentee votes deposited in the ballot box, and the total number of voters of the precinct who voted at the election shall be made out, signed by all judges of election, and inserted in the box for return of the ballots. The tally sheets recording the write-in votes shall be placed in this box. The judges of election immediately shall securely lock the ballot box or other suitable box furnished for return of the ballots by the election official in charge of the election; provided that if the box is not of a type which may be securely locked, the box shall be sealed with filament tape provided for the purpose which shall be wrapped around the box lengthwise and crosswise, at least twice each way. A separate adhesive seal label signed by each of the judges of election of the precinct shall be affixed to the box to cover any slot therein and to identify the box of the precinct; and if the box is sealed with filament tape as provided rather than locked, such tape shall be wrapped around the box as provided, but in such manner that the separate adhesive seal label affixed to the box and signed by the judges may not be removed without breaking the filament tape and disturbing the signature of the judges. Two of the judges of election, of different major political parties, shall by the most direct route transport the box for return of the ballots and enclosed ballots and returns to the central counting location designated by the election official in charge of the election. If, however, because of the lack of adequate parking facilities at the central counting location or for any other reason, it is impossible or impracticable for the boxes from all the polling places to be delivered directly to the central counting location, the election official in charge of the election may designate some other location to which the boxes shall be delivered by the 2 precinct judges. While at the other location the boxes shall be in the care and custody of one or more teams, each consisting of 4 persons, 2 from each of the 2 major political parties, designated for such purpose by the election official in charge of elections from recommendations by the appropriate
political party organizations. As soon as possible, the boxes shall be transported from the other location to the central counting location by one or more teams, each consisting of 4 persons, 2 from each of the 2 major political parties, designated for the purpose by the election official in charge of elections from recommendations by the appropriate political party organizations.

The "Defective Ballots" envelope, and "Duplicated Ballots" envelope each shall be securely sealed and the flap or end of each envelope signed by the precinct judges of election and returned to the central counting location with the box for return of the ballots, enclosed ballots and returns.

At the central counting location, a team of tally judges designated by the election official in charge of the election shall check the box returned containing the ballots to determine that all seals are intact, and shall open the box, check the voters' slip and compare the number of ballots so delivered against the total number of voters of the precinct who voted, remove the ballots and deliver them to the technicians operating the automatic tabulating equipment. Any discrepancies between the number of ballots and total number of voters shall be noted on a sheet furnished for that purpose and signed by the tally judges.

(3) A single ballot box, for the deposit of all votes cast, shall be used. Immediately after the closing of the polls the judges of election shall examine the absentee ballots received by the precinct judges of election from the election authority of voters in that precinct to determine that they comply with the provisions of Sections 19-9, 20-8 and 20-9 of this Code and are entitled to be deposited in the ballot box; those entitled to be deposited in the ballot box shall be initialed by the precinct judges and deposited in the ballot box. Those not entitled to be deposited in the ballot box, in accordance with Sections 19-9, 20-8 and 20-9 of this Code shall be marked "Rejected" and preserved in the manner provided in this Code for the retention and preservation of official ballots rejected at such election. Immediately upon the completion of the absentee balloting, the precinct judges of election shall securely lock the ballot box; provided that if such box is not of a type which may be securely locked, the box shall be sealed with filament tape provided for the purpose which shall be wrapped around the box lengthwise and crosswise, at least twice each way. A separate adhesive seal label signed by each of the judges of election of the precinct shall be affixed to the box to cover any slot therein and to identify the box of the precinct; and if the box is sealed with filament tape as provided rather than locked, such tape shall be wrapped around the box as provided, but in a manner that the separate adhesive seal label affixed to the box and signed by the judges may not be removed without breaking the filament tape and disturbing the signature of the judges. Two of the judges of election, of different major political parties, shall by the most direct route transport the box for return of the ballots and enclosed absentee
ballots and returns to the central counting location designated by the election official in charge of the election. If however, because of the lack of adequate parking facilities at the central counting location or for some other reason, it is impossible or impracticable for the boxes from all the polling places to be delivered directly to the central counting location, the election official in charge of the election may designate some other location to which the boxes shall be delivered by the 2 precinct judges. While at the other location the boxes shall be in the care and custody of one or more teams, each consisting of 4 persons, 2 from each of the 2 major political parties, designated for the purpose by the election official in charge of elections from recommendations by the appropriate political party organizations. As soon as possible, the boxes shall be transported from the other location to the central counting location by one or more teams, each consisting of 4 persons, 2 from each of the 2 major political parties, designated for the purpose by the election official in charge of the election from recommendations by the appropriate political party organizations.

At the central counting location there shall be one or more teams of tally judges who possess the same qualifications as tally judges in election jurisdictions using paper ballots. The number of the teams shall be determined by the election authority. Each team shall consist of 5 tally judges, 3 selected and approved by the county board from a certified list furnished by the chairman of the county central committee of the party with the majority of members on the county board and 2 selected and approved by the county board from a certified list furnished by the chairman of the county central committee of the party with the second largest number of members on the county board. At the central counting location a team of tally judges shall open the ballot box and canvass the votes polled to determine that the number of ballot sheets therein agree with the number of voters voting as shown by the applications for ballot and for absentee ballot; and, if the same do not agree, the tally judges shall make such ballots agree with the number of applications for ballot in the manner provided by Section 17-18 of this Code. The tally judges shall then examine all ballot sheets that are in the ballot box to determine whether they bear the initials of the precinct judge of election. If any ballot is not initialed, it shall be marked on the back "Defective", initialed as to that label by all tally judges immediately under the word "Defective", and not counted, but placed in the envelope provided for that purpose labeled "Defective Ballots Envelope". Write-in votes, not causing an overvote for an office otherwise voted for on the absentee ballot sheet, and otherwise properly voted, shall be counted, tallied, and recorded by the central counting location judges on the tally sheet provided for the record. A write-in vote causing an overvote for an office shall not be counted for that office, but the tally judges shall mark the absentee ballot sheet "Objected To" and write the

manner in which the ballot is counted on its back and initial the sheet. An overvote for one office shall invalidate only the vote or count for that particular office.

At the central counting location, a team of tally judges designated by the election official in charge of the election shall deliver the ballot sheets to the technicians operating the automatic Precinct Tabulation Optical Scan Technology tabulating equipment. Any discrepancies between the number of ballots and total number of voters shall be noted on a sheet furnished for that purpose and signed by the tally judges.

(b) Regardless of which procedure described in subsection (a) of this Section is used, the judges of election designated to transport the ballots properly signed and sealed, shall ensure that the ballots are delivered to the central counting station no later than 12 hours after the polls close. At the central counting station, a team of tally judges designated by the election official in charge of the election shall examine the ballots so transported and shall not accept ballots for tabulating which are not signed and sealed as provided in subsection (a) of this Section until the judges transporting the ballots make and sign the necessary corrections. Upon acceptance of the ballots by a team of tally judges at the central counting station, the election judges transporting the ballots shall take a receipt signed by the election official in charge of the election and stamped with the date and time of acceptance. The election judges whose duty it is to transport any ballots shall, in the event the ballots cannot be found when needed, on proper request, produce the receipt which they are to take as above provided.

Sec. 24B-10.1. In-Precinct Counting Equipment; Procedures for Counting and Tallying Ballots. In an election jurisdiction where Precinct Tabulation Optical Scan Technology counting equipment is used, the following procedures for counting and tallying the ballots shall apply:

Before the opening of the polls, and before the ballots are entered into the automatic tabulating equipment, the judges of election shall be sure that the totals are all zeros in the counting column. Ballots may then be counted by entering or scanning each ballot into the automatic tabulating equipment. Throughout the election day and before the closing of the polls, no person may check any vote totals for any candidate or proposition on the automatic tabulating equipment. Such automatic tabulating equipment shall be programmed so that no person may reset the equipment for refeeding of ballots unless provided a code from an authorized representative of the election authority. At the option of the election authority, the ballots may be fed into the Precinct Tabulation Optical Scan Technology equipment by the voters under the direct supervision of the judges of elections.

Immediately after the closing of the polls, the absentee ballots delivered to the precinct judges of election by the election authority shall be examined to determine that the
ballots comply with Sections 19-9 and 20-9 of this Code and are entitled to be scanned by the Precinct Tabulation Optical Scan Technology equipment and then deposited in the ballot box; those entitled to be scanned and deposited in the ballot box shall be initialed by the precinct judges of election and then scanned and deposited in the ballot box. Those not entitled to be deposited in the ballot box shall be marked "Rejected" and disposed of as provided in said Sections 19-9 and 20-9.

The precinct judges of election shall open the ballot box and count the number of ballots to determine if the number agrees with the number of voters voting as shown on the Precinct Tabulation Optical Scan Technology equipment and by the applications for ballot or, if the same do not agree, the judges of election shall make the ballots agree with the applications for ballot in the manner provided by Section 17-18 of this Code. The judges of election shall then examine all ballots which are in the ballot box to determine whether the ballots contain the initials of a precinct judge of election. If any ballot is not initialed, it shall be marked on the back "Defective", initialed as to such label by all judges immediately under the word "Defective" and not counted. The judges of election shall place an initialed blank official ballot in the place of the defective ballot, so that the count of the ballots to be counted on the automatic tabulating equipment will be the same, and each "Defective Ballot" and "Replacement" ballot shall contain the same serial number which shall be placed thereon by the judges of election, beginning with number 1 and continuing consecutively for the ballots of that kind in that precinct. The original "Defective" ballot shall be placed in the "Defective Ballot Envelope" provided for that purpose.

If the judges of election have removed a ballot pursuant to Section 17-18, have labeled "Defective" a ballot which is not initialed, or have otherwise determined under this Code to not count a ballot originally deposited into a ballot box, the judges of election shall be sure that the totals on the automatic tabulating equipment are reset to all zeros in the counting column. Thereafter the judges of election shall enter or otherwise scan each ballot to be counted in the automatic tabulating equipment. Resetting the automatic tabulating equipment to all zeros and re-entering of ballots to be counted may occur at the precinct polling place, the office of the election authority, or any receiving station designated by the election authority. The election authority shall designate the place for resetting and re-entering or re-scanning.

When a Precinct Tabulation Optical Scan Technology electronic voting system is used which uses a paper ballot, the judges of election shall examine the ballot for write-in votes. When the voter has cast a write-in vote, the judges of election shall compare the write-in vote with the votes on the ballot to determine whether the write-in results in an overvote for any office, unless the Precinct Tabulation Optical Scan Technology equipment has already done so. In case of an overvote for any office, the judges of election, consisting in each case of at least one judge of election of each of the 2 major political parties, shall make a true duplicate ballot of all votes on such ballot except for the office which is

New matter indicated by italics - deletions by strikeout
overvoted, by using the ballot of the precinct and one of the marking devices, *or equivalent ballot*, of the precinct so as to transfer all votes of the voter, except for the office overvoted, to a duplicate ballot. The original ballot upon which there is an overvote shall be clearly labeled "Overvoted Ballot", and each such "Overvoted Ballot" as well as its "Replacement" shall contain the same serial number which shall be placed thereon by the judges of election, beginning with number 1 and continuing consecutively for the ballots of that kind in that precinct. The "Overvoted Ballot" shall be placed in an envelope provided for that purpose labeled "Duplicate Ballot" envelope, and the judges of election shall initial the "Replacement" ballots and shall place them with the other ballots to be counted on the automatic tabulating equipment.

If any ballot is damaged or defective, or if any ballot contains a Voting Defect, so that it cannot properly be counted by the automatic tabulating equipment, the voter or the judges of election, consisting in each case of at least one judge of election of each of the 2 major political parties, shall make a true duplicate ballot of all votes on such ballot by using the ballot of the precinct and one of the marking devices of the precinct, *or equivalent*. If a damaged ballot, the original ballot shall be clearly labeled "Damaged Ballot" and the ballot so produced shall be clearly labeled "Damaged Ballot" and the ballot so produced shall be clearly labeled "Duplicate Damaged Ballot", and each shall contain the same serial number which shall be placed by the judges of election, beginning with number 1 and continuing consecutively for the ballots of that kind in the precinct. The judges of election shall initial the "Duplicate Damaged Ballot" ballot and shall enter *or otherwise scan* the duplicate damaged ballot into the automatic tabulating equipment. The "Damaged Ballots" shall be placed in the "Duplicated Ballots" envelope; after all ballots have been successfully read, the judges of election shall check to make certain that the Precinct Tabulation Optical Scan Technology equipment readout agrees with the number of voters making application for ballot in that precinct. The number shall be listed on the "Statement of Ballots" form provided by the election authority.

The totals for all candidates and propositions shall be tabulated; and 4 copies of a "Certificate of Results" shall be generated by the automatic tabulating equipment; one copy shall be posted in a conspicuous place inside the polling place; and every effort shall be made by the judges of election to provide a copy for each authorized pollwatcher or other official authorized to be present in the polling place to observe the counting of ballots; but in no case shall the number of copies to be made available to pollwatchers be fewer than 4, chosen by lot by the judges of election. In addition, sufficient time shall be provided by the judges of election to the pollwatchers to allow them to copy information from the copy which has been posted.

The judges of election shall count all unused ballots and enter the number on the "Statement of Ballots". All "Spoiled", "Defective" and "Duplicated" ballots shall be counted and the number entered on the "Statement of Ballots".

New matter indicated by italics - deletions by strikeout
The precinct judges of election shall select a bi-partisan team of 2 judges, who shall immediately return the ballots in a sealed container, along with all other election materials as instructed by the election authority; provided, however, that such container must first be sealed by the election judges with filament tape or other approved sealing devices provided for the purpose which shall be wrapped around the container lengthwise and crosswise, at least twice each way, in a manner that the ballots cannot be removed from the container without breaking the seal and filament tape and disturbing any signatures affixed by the election judges to the container, or which other approved sealing devices are affixed in a manner approved by the election authority. The election authority shall keep the office of the election authority or any receiving stations designated by the authority, open for at least 12 consecutive hours after the polls close or until the ballots from all precincts with in-precinct counting equipment within the jurisdiction of the election authority have been returned to the election authority. Ballots returned to the office of the election authority which are not signed and sealed as required by law shall not be accepted by the election authority until the judges returning the ballots make and sign the necessary corrections. Upon acceptance of the ballots by the election authority, the judges returning the ballots shall take a receipt signed by the election authority and stamped with the time and date of the return. The election judges whose duty it is to return any ballots as provided shall, in the event the ballots cannot be found needed, on proper request, produce the receipt which they are to take as above provided. The precinct judges of election shall also deliver the Precinct Tabulation Optical Scan Technology equipment to the election authority.

(10 ILCS 5/24B-15)
Sec. 24B-15. Official Return of Precinct; Check of Totals; Retabulation. The precinct return printed by the automatic Precinct Tabulation Optical Scan Technology tabulating equipment shall include the number of ballots cast and votes cast for each candidate and proposition and shall constitute the official return of each precinct. In addition to the precinct return, the election authority shall provide the number of applications for ballots in each precinct, the write-in votes, the total number of ballots counted in each precinct for each political subdivision and district and the number of registered voters in each precinct. However, the election authority shall check the totals shown by the precinct return and, if there is an obvious discrepancy regarding the total number of votes cast in any precinct, shall have the ballots for that precinct retabulated to correct the return. The procedures for retabulation shall apply prior to and after the proclamation is completed; however, after the proclamation of results, the election authority must obtain a court order to unseal voted ballots except for election contests and discovery recounts. In those election jurisdictions that use in-precinct counting equipment, the certificate of results, which has been prepared by the judges of election in the polling place after the ballots have been tabulated, shall be the document used for the canvass of

New matter indicated by italics - deletions by strikeout
votes for such precinct. Whenever a discrepancy exists during the canvass of votes between
the unofficial results and the certificate of results, or whenever a discrepancy exists during
the canvass of votes between the certificate of results and the set of totals which has been
affixed to the certificate of results, the ballots for that precinct shall be retabulated to
correct the return. As an additional part of this check prior to the proclamation, in those
jurisdictions where in-precinct counting equipment is used, the election authority shall
retabulate the total number of votes cast in 5% of the precincts within the election
jurisdiction. The precincts to be retabulated shall be selected after election day on a random
basis by the election authority, so that every precinct in the election jurisdiction has an
equal mathematical chance of being selected. The State Board of Elections shall design a
standard and scientific random method of selecting the precincts which are to be
retabulated, and the election authority shall be required to use that method. The State Board
of Elections, the State's Attorney and other appropriate law enforcement agencies, the
county chairman of each established political party and qualified civic organizations shall
be given prior written notice of the time and place of the random selection procedure and
may be represented at the procedure. The retabulation shall consist of counting the ballots
which were originally counted and shall not involve any determination of which ballots
were, in fact, properly counted. The ballots from the precincts selected for the retabulation
shall remain at all times under the custody and control of the election authority and shall be
transported and retabulated by the designated staff of the election authority.

As part of the retabulation, the election authority shall test the computer program
in the selected precincts. The test shall be conducted by processing a preaudited group of
ballots marked to record a predetermined number of valid votes for each candidate and on
each public question, and shall include for each office one or more ballots which have
tickets in excess of the number allowed by law to test the ability of the equipment and the
marking device to reject such votes. If any error is detected, the cause shall be determined
and corrected, and an errorless count shall be made prior to the official canvass and
proclamation of election results.

The State Board of Elections, the State's Attorney and other appropriate law
enforcement agencies, the county chairman of each established political party and qualified
 civic organizations shall be given prior written notice of the time and place of the
retabulation and may be represented at the retabulation.

The results of this retabulation shall be treated in the same manner and have the
same effect as the results of the discovery procedures set forth in Section 22-9.1 of this
Code. Upon completion of the retabulation, the election authority shall print a comparison
of the results of the retabulation with the original precinct return printed by the automatic
tabulating equipment. The comparison shall be done for each precinct and for each office
voted upon within that precinct, and the comparisons shall be open to the public. Upon
completion of the retabulation, the returns shall be open to the public.

Sec. 24B-18. Specimen Ballots; Publication. When an electronic Precinct Tabulation Optical Scan Technology voting system is used, the election authority shall cause to be published, at least 5 days before the day of each general and general primary election, in 2 or more newspapers published in and having a general circulation in the county, a true and legible copy of the specimen ballot containing the names of offices and candidates and statements of measures to be voted on, as near as may be, in the form in which they will appear on the official ballot on election day. A true legible copy may be in the form of an actual size ballot and shall be published as required by this Section if distributed in 2 or more newspapers published and having a general circulation in the county as an insert. For each election prescribed in Article 2A of this Code, specimen ballots shall be made available for public distribution and shall be supplied to the judges of election for posting in the polling place on the day of election. Notice for the nonpartisan and consolidated elections shall be given as provided in Article 12.

ARTICLE 24C. DIRECT RECORDING ELECTRONIC VOTING SYSTEMS

Sec. 24C-1. Purpose. The purpose of this Article is to authorize the use of Direct Recording Electronic Voting Systems approved by the State Board of Elections. In a Direct Recording Electronic Voting System, voters cast votes by means of a ballot display provided with mechanical or electro-optical devices that can be activated by the voters to mark their choices for the candidates of their preference and for or against public questions. Such voting devices shall be capable of instantaneously recording such votes, storing such votes, producing a permanent paper record and tabulating such votes at the precinct or at one or more counting stations. This Article authorizes the use of Direct Recording Electronic Voting Systems for in-precinct counting applications and for in-person absentee voting in the office of the election authority and in the offices of local officials authorized by the election authority to conduct such absentee voting. All other absentee ballots must be counted at the office of the election authority.

Sec. 24C-2. Definitions. As used in this Article:

"Audit trail" or "audit capacity" means a continuous trail of evidence linking individual transactions related to the casting of a vote, the vote count and the summary record of vote totals, but which shall not allow for the identification of the voter. It shall permit verification of the accuracy of the count and detection and correction of problems and shall provide a record of each step taken in: defining and producing ballots and generating related software for specific elections; installing ballots and software; testing system readiness; casting and tabulating ballots; and producing images of votes cast and reports of vote totals. The record shall incorporate system status and error messages.
generated during election processing, including a log of machine activities and routine and
unusual intervention by authorized and unauthorized individuals. Also part of an audit
trail is the documentation of such items as ballots delivered and collected, administrative
procedures for system security, pre-election testing of voting systems, and maintenance
performed on voting equipment. It also means that the voting system is capable of
producing and shall produce immediately after a ballot is cast a permanent paper record
of each ballot cast that shall be available as an official record for any recount, redundant
count, or verification or retabulation of the vote count conducted with respect to any
election in which the voting system is used.

"Ballot" means an electronic audio or video display or any other medium,
including paper, used to record a voter's choices for the candidates of their preference and
for or against public questions.

"Ballot configuration" means the particular combination of political subdivision
or district ballots including, for each political subdivision or district, the particular
combination of offices, candidate names and public questions as it appears for each group
of voters who may cast the same ballot.

"Ballot image" means a corresponding representation in electronic or paper form
of the mark or vote position of a ballot.

"Ballot label" or "ballot screen" means the display of material containing the
names of offices and candidates and public questions to be voted on.

"Central counting" means the counting of ballots in one or more locations
selected by the election authority for the processing or counting, or both, of ballots. A
location for central counting shall be within the territorial jurisdiction of the election
authority unless there is no suitable tabulating equipment available within his territorial
jurisdiction. However, in any event a counting location shall be within this State.

"Computer", "automatic tabulating equipment" or "equipment" includes
apparatus necessary to automatically examine and count votes as designated on ballots,
and data processing machines which can be used for counting ballots and tabulating
results.

"Computer operator" means any person or persons designated by the election
authority to operate the automatic tabulating equipment during any portion of the vote
tallying process in an election, but shall not include judges of election operating vote
tabulating equipment in the precinct.

"Computer program" or "program" means the set of operating instructions for
the automatic tabulating equipment that examines, records, counts, tabulates, canvasses
and prints votes recorded by a voter on a ballot.

"Direct recording electronic voting system", "voting system" or "system" means
the total combination of mechanical, electromechanical or electronic equipment, programs
and practices used to define ballots, cast and count votes, report or display election
results, maintain or produce any audit trail information, identify all system components,
test the system during development, maintenance and operation, maintain records of system errors and defects, determine specific system changes to be made to a system after initial qualification, and make available any materials to the voter such as notices, instructions, forms or paper ballots.

"Edit listing" means a computer generated listing of the names of each candidate and public question as they appear in the program for each precinct.

"In-precinct counting" means the recording and counting of ballots on automatic tabulating equipment provided by the election authority in the same precinct polling place in which those ballots have been cast.

"Marking device" means any device approved by the State Board of Elections for marking a ballot so as to enable the ballot to be recorded, counted and tabulated by automatic tabulating equipment.

"Permanent paper record" means a paper record upon which shall be printed in human readable form the votes cast for each candidate and for or against each public question on each ballot recorded in the voting system. Each permanent paper record shall be printed by the voting device upon activation of the marking device by the voter and shall contain a unique, randomly assigned identifying number that shall correspond to the number randomly assigned by the voting system to each ballot as it is electronically recorded.

"Redundant count" means a verification of the original computer count of ballots by another count using compatible equipment or other means as part of a discovery recount, including a count of the permanent paper record of each ballot cast by using compatible equipment, different equipment approved by the State Board of Elections for that purpose, or by hand.

"Separate ballot" means a separate page or display screen of the ballot that is clearly defined and distinguishable from other portions of the ballot.

"Voting device" or "voting machine" means an apparatus that contains the ballot label or ballot screen and allows the voter to record his or her vote.

Sec. 24C-3. Adoption, experimentation or abandonment of Direct Recording Electronic Voting System; Boundaries of precincts; Notice. Except as otherwise provided in this Section, any county board, board of county commissioners and any board of election commissioners, with respect to territory within its jurisdiction, may adopt, experiment with, or abandon a Direct Recording Electronic Voting System approved for use by the State Board of Elections and may use such System in all or some of the precincts within its jurisdiction, or in combination with paper ballots or other voting systems. Any county board, board of county commissioners or board of election commissioners may contract for the tabulation of votes at a location outside its territorial jurisdiction when there is no suitable tabulating equipment available within its territorial jurisdiction. In no case may a county board, board of county commissioners or board of election

commissioners contract or arrange for the purchase, lease or loan of a Direct Recording Electronic Voting System or System component without the approval of the State Board of Elections as provided by Section 24C-16.

Before any Direct Recording Electronic Voting System is introduced, adopted or used in any precinct or territory at least 2 months public notice must be given before the date of the first election where the System is to be used. The election authority shall publish the notice at least once in one or more newspapers published within the county or other jurisdiction, where the election is held. If there is no such newspaper, the notice shall be published in a newspaper published in the county and having a general circulation within such jurisdiction. The notice shall be substantially as follows:

"Notice is hereby given that on ... (give date) ..., at ... (give place where election is held) ... in the county of ..., an election will be held for ... (give name of offices to be filled) ... at which a Direct Recording Electronic Voting System will be used."

Dated at ... this ... day of ... 20....?

This notice referred to shall be given only at the first election at which the Direct Recording Electronic Voting System is used.

(10 ILCS 5/24C-3.1 new)

Sec. 24C-3.1. Retention or consolidation or alteration of existing precincts; Change of location. When a Direct Recording Electronic Voting System is used, the county board or board of election commissioners may retain existing precincts or may consolidate, combine, alter, decrease or enlarge the boundaries of the precincts to change the number of registered voters of the precincts using the System, establishing the number of registered voters within each precinct at a number not to exceed 800 as the appropriate county board or board of election commissioners determines will afford adequate voting facilities and efficient and economical elections.

Except in the event of a fire, flood or total loss of heat in a place fixed or established pursuant to law by any county board or board of election commissioners as a polling place for an election, no election authority shall change the location of a polling place established for any precinct after notice of the place of holding the election for that precinct has been given as required under Article 12 unless the election authority notifies all registered voters in the precinct of the change in location by first class mail in sufficient time for the notice to be received by the registered voters in the precinct at least one day prior to the date of the election.

(10 ILCS 5/24C-4 new)

Sec. 24C-4. Use of Direct Recording Electronic Voting System; Requisites; Applicable procedure. Direct Recording Electronic Voting Systems may be used in elections provided that such Systems are approved for use by the State Board of Elections. So far as applicable, the procedure provided for voting paper ballots shall apply when Direct Recording Electronic Voting Systems are used. However, the provisions of this Article 24C will govern when there are conflicts.
Sec. 24C-5. Voting Stations. In precincts where a Direct Recording Electronic Voting System is used, a sufficient number of voting stations shall be provided for the use of the System according to the requirements determined by the State Board of Elections. Each station shall be placed in a manner so that no judge of election or pollwatcher is able to observe a voter casting a ballot.

Sec. 24C-5.1. Instruction of Voters; Instruction Model; Partiality to Political Party; Manner of Instruction. Before entering the voting booth each voter shall be offered instruction in using the Direct Recording Electronic Voting System. In instructing voters, no precinct official may show partiality to any political party or candidate. The duties of instruction shall be discharged by a judge from each of the political parties represented and they shall alternate serving as instructor so that each judge shall serve a like time at such duties. No instructions may be given inside a voting booth after the voter has entered the voting booth.

No precinct official or person assisting a voter may in any manner request, suggest, or seek to persuade or induce any voter to cast his or her vote for any particular ticket, candidate, amendment, question or proposition. All instructions shall be given by precinct officials in a manner that it may be observed by other persons in the polling place.

Sec. 24C-5.2. Demonstration of Direct Recording Electronic Voting System; Placement in Public Library. When a Direct Recording Electronic Voting System is used in a forthcoming election, the election authority may provide, for the purpose of instructing voters in the election, one demonstrator Direct Recording Electronic Voting System unit for placement in any public library or in any other public or private building within the political subdivision where the election occurs. If the placement of a demonstrator takes place it shall be made available at least 30 days before the election.

Sec. 24C-6. Ballot Information; Arrangement; Direct Recording Electronic Voting System; Absentee Ballots; Spoiled Ballots. The ballot information, shall, as far as practicable, be in the order of arrangement provided for paper ballots, except that the information may be in vertical or horizontal rows, or on a number of separate pages or display screens.

Ballots for all public questions to be voted on should be provided in a similar manner and must be arranged on the ballot in the places provided for such purposes. All public questions, including but not limited to public questions calling for a constitutional convention, constitutional amendment, or judicial retention, shall be placed on the ballot separate and apart from candidates. Ballots for all public questions shall be clearly designated by borders or different color screens. More than one amendment to the constitution may be placed on the same portion of the ballot sheet. Constitutional

New matter indicated by italics - deletions by strikeout
convention or constitutional amendment propositions shall be placed on a separate portion of the ballot and designated by borders or unique color screens, unless otherwise provided by administrative rule of the State Board of Elections. More than one public question may be placed on the same portion of the ballot. More than one proposition for retention of judges in office may be placed on the same portion of the ballot.

The party affiliation, if any, of each candidate or the word "independent", where applicable, shall appear near or under the candidate’s name, and the names of candidates for the same office shall be listed vertically under the title of that office. In the case of nonpartisan elections for officers of political subdivisions, unless the statute or an ordinance adopted pursuant to Article VII of the Constitution requires otherwise, the listing of nonpartisan candidates shall not include any party or "independent" designation. In primary elections, a separate ballot shall be used for each political party holding a primary, with the ballot arranged to include names of the candidates of the party and public questions and other propositions to be voted upon on the day of the primary election.

If the ballot includes both candidates for office and public questions or propositions to be voted on, the election official in charge of the election shall divide the ballot in sections for "Candidates" and "Public Questions", or separate ballots may be used.

Any voter who spoils his or her ballot, makes an error, or has a ballot rejected by the automatic tabulating equipment shall be provided a means of correcting the ballot or obtaining a new ballot prior to casting his or her ballot.

Any election authority using a Direct Recording Electronic Voting System may use voting systems approved for use under Articles 24A or 24B of this Code in conducting absentee voting in the office of the election authority or voted by mail.

(10 ILCS 5/24C-6.1 new)

Sec. 24C-6.1. Security Designation. In all elections conducted under this Article, ballots shall have a security designation. In precincts where more than one ballot configuration may be voted upon, ballots shall have a different security designation for each ballot configuration. If a precinct has only one possible ballot configuration, the ballots must have a security designation to identify the precinct and the election. Where ballots from more than one precinct are being tabulated, the ballots from each precinct must be clearly identified; official results shall not be generated unless the precinct identification for any precinct corresponds. When the tabulating equipment being used requires entering the program immediately before tabulating the ballots for each precinct, the precinct program may be used. The Direct Recording Electronic Voting System shall be designed to ensure that the proper ballot is selected for each polling place and for each ballot configuration and that the format can be matched to the software or firmware required to interpret it correctly. The system shall provide a means of programming each piece of equipment to reflect the ballot requirements of the election and shall include a

New matter indicated by italics - deletions by strikeout
means for validating the correctness of the program and of the program's installation in the equipment or in a programmable memory device.

(10 ILCS 5/24C-7 new)

Sec. 24C-7. Write-In Ballots. A Direct Recording Electronic Voting System shall provide an acceptable method for a voter to vote for a person whose name does not appear on the ballot using the same apparatus used to record votes for candidates whose names do appear on the ballot. Election authorities utilizing Direct Recording Electronic Voting Systems shall not use separate write-in ballots.

Below the name of the last candidate listed for an office shall be a space or spaces in which the name of a candidate or candidates may be written in or recorded by the voter. The number of write-in lines for an office shall equal the number of candidates for which a voter may vote.

(10 ILCS 5/24C-8 new)

Sec. 24C-8. Preparation for Use; Comparison of Ballots; Operational Checks of Direct Recording Electronic Voting Systems Equipment; Pollwatchers. The county clerk or board of election commissioners shall cause the approved Direct Recording Electronic Voting System equipment to be delivered to the polling places. Before the opening of the polls, all Direct Recording Voting System devices shall provide a printed record of the following, upon verification of the authenticity of the commands by a judge of election: the election's identification data, the equipment's unit identification, the ballot's format identification, the contents of each active candidate register by office and of each active public question register showing that they contain all zeros, all ballot fields that can be used to invoke special voting options, and other information needed to ensure the readiness of the equipment, and to accommodate administrative reporting requirements.

The Direct Recording Electronic Voting System shall provide a means of opening the polling place and readying the equipment for the casting of ballots. Such means shall incorporate a security seal, a password, or a data code recognition capability to prevent inadvertent or unauthorized actuation of the poll-opening function. If more than one step is required, it shall enforce their execution in the proper sequence.

Pollwatchers as provided by law shall be permitted to closely observe the judges in these procedures and to periodically inspect the Direct Recording Electronic Voting System equipment when not in use by the voters.

(10 ILCS 5/24C-9 new)

Sec. 24C-9. Testing of Direct Recording Electronic Voting System Equipment and Programs; Custody of Programs, Test Materials and Ballots. Prior to the public test, the election authority shall conduct an errorless pre-test of the Direct Recording Electronic Voting System equipment and programs to determine that they will correctly detect voting defects and count the votes cast for all offices and all public questions. On any day not less than 5 days prior to the election day, the election authority shall publicly test the Direct Recording Electronic Voting System equipment and programs to determine that they will
correctly detect voting errors and accurately count the votes legally cast for all offices and on all public questions. Public notice of the time and place of the test shall be given at least 48 hours before the test by publishing the notice in one or more newspapers within the election jurisdiction of the election authority, if a newspaper is published in that jurisdiction. If a newspaper is not published in that jurisdiction, notice shall be published in a newspaper of general circulation in that jurisdiction. Timely written notice stating the date, time, and location of the public test shall also be provided to the State Board of Elections. The test shall be open to representatives of the political parties, the press, representatives of the State Board of Elections, and the public. The test shall be conducted by entering a pre- audited group of votes designed to record a predetermined number of valid votes for each candidate and on each public question, and shall include for each office one or more ballots having votes exceeding the number allowed by law to test the ability of the automatic tabulating equipment to reject the votes. The test shall also include producing an edit listing. In those election jurisdictions where in-precinct counting equipment is used, a public test of both the equipment and program shall be conducted as nearly as possible in the manner prescribed above. The State Board of Elections may select as many election jurisdictions as the Board deems advisable in the interests of the election process of this State, to order a special test of the automatic tabulating equipment and program before any regular election. The Board may order a special test in any election jurisdiction where, during the preceding 12 months, computer programming errors or other errors in the use of System resulted in vote tabulation errors. Not less than 30 days before any election, the State Board of Elections shall provide written notice to those selected jurisdictions of their intent to conduct a test. Within 5 days of receipt of the State Board of Elections' written notice of intent to conduct a test, the selected jurisdictions shall forward to the principal office of the State Board of Elections a copy of all specimen ballots. The State Board of Elections' tests shall be conducted and completed not less than 2 days before the public test utilizing testing materials supplied by the Board and under the supervision of the Board, and the Board shall reimburse the election authority for the reasonable cost of computer time required to conduct the special test. After an errorless test, materials used in the public test, including the program, if appropriate, shall be sealed and remain sealed until the test is run again on election day. If any error is detected, the cause of the error shall be determined and corrected, and an errorless public test shall be made before the automatic tabulating equipment is approved. Each election authority shall file a sealed copy of each tested program to be used within its jurisdiction at an election with the State Board of Elections before the election. The Board shall secure the program or programs of each election jurisdiction so filed in its office for the 60 days following the canvass and proclamation of election results. At the expiration of that time, if no election contest or appeal is pending in an election jurisdiction, the Board shall return the sealed program or programs to the election authority of the jurisdiction. Except where in-precinct counting equipment is used, the test shall be repeated immediately before the start of the
official counting of the ballots, in the same manner as set forth above. After the completion of the count, the test shall be re-run using the same program. Immediately after the re-run, all material used in testing the program and the programs shall be sealed and retained under the custody of the election authority for a period of 60 days. At the expiration of that time the election authority shall destroy the voted ballots, together with all unused ballots returned from the precincts. Provided, if any contest of election is pending at the time in which the ballots may be required as evidence and the election authority has notice of the contest, the same shall not be destroyed until after the contest is finally determined. If the use of back-up equipment becomes necessary, the same testing required for the original equipment shall be conducted.

Sec. 24C-10. Recording of votes by Direct Recording Electronic Voting Systems. Whenever a Direct Recording Electronic Voting System is used to automatically record and count the votes on ballots, the provisions of this Section shall apply. A voter shall cast a proper vote on a ballot by marking the designated area for the casting of a vote for any party or candidate or for or against any public question. For this purpose, a mark is an intentional selection of the designated area on the ballot by appropriate means and which is not otherwise an identifying mark.

(10 ILCS 5/24C-11 new)
Sec. 24C-11. Functional requirements. A Direct Recording Electronic Voting System shall, in addition to satisfying the other requirements of this Article, fulfill the following functional requirements:

(a) Provide a voter in a primary election with the means of casting a ballot containing votes for any and all candidates of the party or parties of his or her choice, and for any and all non-partisan candidates and public questions and preclude the voter from voting for any candidate of any other political party except when legally permitted. In a general election, the system shall provide the voter with means of selecting the appropriate number of candidates for any office, and of voting on any public question on the ballot to which he or she is entitled to vote.

(b) If a voter is not entitled to vote for particular candidates or public questions appearing on the ballot, the system shall prevent the selection of the prohibited votes.

(c) Once the proper ballot has been selected, the system devices shall provide a means of enabling the recording of votes and the casting of said ballot.

(d) System voting devices shall provide voting choices that are clear to the voter and labels indicating the names of every candidate and the text of every public question on the voter's ballot. Each label shall identify the selection button or switch, or the active area of the ballot associated with it. The system shall be able to incorporate minimal, easy-to-follow on-screen instruction for the voter on how to cast a ballot.

(e) Voting devices shall (i) enable the voter to vote for any and all candidates and public questions appearing on the ballot for which the voter is lawfully entitled to vote, in
any legal number and combination; (ii) detect and reject all votes for an office or upon a public question when the voter has cast more votes for the office or upon the public question than the voter is entitled to cast; (iii) notify the voter if the voter’s choices as recorded on the ballot for an office or public question are fewer than or exceed the number that the voter is entitled to vote for on that office or public question and the effect of casting more votes than legally permitted; (iv) notify the voter if the voter has failed to completely cast a vote for an office or public question appearing on the ballot; and (v) permit the voter, in a private and independent manner, to verify the votes selected by the voter, to change the ballot or to correct any error on the ballot before the ballot is completely cast and counted. A means shall be provided to indicate each selection after it has been made or canceled.

(f) System voting devices shall provide a means for the voter to signify that the selection of candidates and public questions has been completed. Upon activation, the system shall record an image of the completed ballot, increment the proper ballot position registers, and shall signify to the voter that the ballot has been cast. The system shall then prevent any further attempt to vote until it has been reset or re-enabled by a judge of election.

(g) Each system voting device shall be equipped with a public counter that can be set to zero prior to the opening of the polling place, and that records the number of ballots cast at a particular election. The counter shall be incremented only by the casting of a ballot. The counter shall be designed to prevent disabling or resetting by other than authorized persons after the polls close. The counter shall be visible to all judges of election so long as the device is installed at the polling place.

(h) Each system voting device shall be equipped with a protective counter that records all of the testing and election ballots cast since the unit was built. This counter shall be designed so that its reading cannot be changed by any cause other than the casting of a ballot. The protective counter shall be incapable of ever being reset and it shall be visible at all times when the device is configured for testing, maintenance, or election use.

(i) All system devices shall provide a means of preventing further voting once the polling place has closed and after all eligible voters have voted. Such means of control shall incorporate a visible indication of system status. Each device shall prevent any unauthorized use, prevent tampering with ballot labels and preclude its re-opening once the poll closing has been completed for that election.

(j) The system shall produce a printed summary report of the votes cast upon each voting device. Until the proper sequence of events associated with closing the polling place has been completed, the system shall not allow the printing of a report or the extraction of data. The printed report shall also contain all system audit information to be required by the election authority. Data shall not be altered or otherwise destroyed by report generation and the system shall ensure the integrity and security of data for a period of at least 6 months after the polls close.
(k) If more than one voting device is used in a polling place, the system shall provide a means to manually or electronically consolidate the data from all such units into a single report even if different voting systems are used to record absentee ballots. The system shall also be capable of merging the vote tabulation results produced by other vote tabulation systems, if necessary.

(l) System functions shall be implemented such that unauthorized access to them is prevented and the execution of authorized functions in an improper sequence is precluded. System functions shall be executable only in the intended manner and order, and only under the intended conditions. If the preconditions to a system function have not been met, the function shall be precluded from executing by the system's control logic.

(m) All system voting devices shall incorporate at least 3 memories in the machine itself and in its programmable memory devices.

(n) The system shall include capabilities of recording and reporting the date and time of normal and abnormal events and of maintaining a permanent record of audit information that cannot be turned off. Provisions shall be made to detect and record significant events (e.g., casting a ballot, error conditions that cannot be disposed of by the system itself, time-dependent or programmed events that occur without the intervention of the voter or a judge of election).

(o) The system and each system voting device must be capable of creating, printing and maintaining a permanent paper record and an electronic image of each ballot that is cast such that records of individual ballots are maintained by a subsystem independent and distinct from the main vote detection, interpretation, processing and reporting path. The electronic images of each ballot must protect the integrity of the data and the anonymity of each voter, for example, by means of storage location scrambling. The ballot image records may be either machine-readable or manually transcribed, or both, at the discretion of the election authority.

(p) The system shall include built-in test, measurement and diagnostic software and hardware for detecting and reporting the system's status and degree of operability.

(q) The system shall contain provisions for maintaining the integrity of memory voting and audit data during an election and for a period of at least 6 months thereafter and shall provide the means for creating an audit trail.

(r) The system shall be fully accessible so as to permit blind or visually impaired voters as well as physically disabled voters to exercise their right to vote in private and without assistance.

(s) The system shall provide alternative language accessibility if required pursuant to Section 203 of the Voting Rights Act of 1965.

(t) Each voting device shall enable a voter to vote for a person whose name does not appear on the ballot.
The system shall record and count accurately each vote properly cast for or against any candidate and for or against any public question, including the names of all candidates whose names are written in by the voters.

The system shall allow for accepting provisional ballots and for separating such provisional ballots from precinct totals until authorized by the election authority.

The system shall provide an effective audit trail as defined in Section 24C-2 in this Code.

The system shall be suitably designed for the purpose used, be durably constructed, and be designed for safety, accuracy and efficiency.

The system shall comply with all provisions of federal, State and local election laws and regulations and any future modifications to those laws and regulations.

In an election jurisdiction where a Direct Recording Electronic Voting System is used, the following procedures for counting and tallying the ballots shall apply:

Before the opening of the polls, the judges of elections shall assemble the voting equipment and devices and turn the equipment on. The judges shall, if necessary, take steps to activate the voting devices and counting equipment by inserting into the equipment and voting devices appropriate data cards containing passwords and data codes that will select the proper ballot formats selected for that polling place and that will prevent inadvertent or unauthorized activation of the poll-opening function. Before voting begins and before ballots are entered into the voting devices, the judges of election shall cause to be printed a record of the following: the election's identification data, the device's unit identification, the ballot's format identification, the contents of each active candidate register by office and of each active public question register showing that they contain all zero votes, all ballot fields that can be used to invoke special voting options, and other information needed to ensure the readiness of the equipment and to accommodate administrative reporting requirements. The judges must also check to be sure that the totals are all zeros in the counting columns and in the public counter affixed to the voting devices.

After the judges have determined that a person is qualified to vote, a voting device with the proper ballot to which the voter is entitled shall be enabled to be used by the voter. The ballot may then be cast by the voter by marking by appropriate means the designated area of the ballot for the casting of a vote for any candidate or for or against any public question. The voter shall be able to vote for any and all candidates and public measures appearing on the ballot in any legal number and combination and the voter shall be able to delete, change or correct his or her selections before the ballot is cast. The voter shall be able to select candidates whose names do not appear upon the ballot for any office by entering electronically as many names of candidates as the voter is entitled to select for each office.
Upon completing his or her selection of candidates or public questions, the voter shall signify that voting has been completed by activating the appropriate button, switch or active area of the ballot screen associated with end of voting. Upon activation, the voting system shall record an image of the completed ballot, increment the proper ballot position registers, and shall signify to the voter that the ballot has been cast. Upon activation, the voting system shall also print a permanent paper record of each ballot cast as defined in Section 24C-2 of this Code. This permanent paper record shall either be self-contained within the voting device or shall be deposited by the voter into a secure ballot box. No permanent paper record shall be removed from the polling place except by election officials as authorized by this Article. All permanent paper records shall be preserved and secured by election officials in the same manner as paper ballots and shall be available as an official record for any recount, redundant count, or verification or retabulation of the vote count conducted with respect to any election in which the voting system is used. The voter shall exit the voting station and the voting system shall prevent any further attempt to vote until it has been properly re-activated. If a voting device has been enabled for voting but the voter leaves the polling place without casting a ballot, 2 judges of election, one from each of the 2 major political parties, shall spoil the ballot.

Throughout the election day and before the closing of the polls, no person may check any vote totals for any candidate or public question on the voting or counting equipment. Such equipment shall be programmed so that no person may reset the equipment for reentry of ballots unless provided the proper code from an authorized representative of the election authority.

The precinct judges of election shall check the public register to determine whether the number of ballots counted by the voting equipment agrees with the number of voters voting as shown by the applications for ballot. If the same do not agree, the judges of election shall immediately contact the offices of the election authority in charge of the election for further instructions. If the number of ballots counted by the voting equipment agrees with the number of voters voting as shown by the application for ballot, the number shall be listed on the "Statement of Ballots" form provided by the election authority.

The totals for all candidates and propositions shall be tabulated; and 4 copies of a "Certificate of Results" shall be printed by the automatic tabulating equipment; one copy shall be posted in a conspicuous place inside the polling place; and every effort shall be made by the judges of election to provide a copy for each authorized pollwatcher or other official authorized to be present in the polling place to observe the counting of ballots; but in no case shall the number of copies to be made available to pollwatchers be fewer than 4, chosen by lot by the judges of election. In addition, sufficient time shall be provided by the judges of election to the pollwatchers to allow them to copy information from the copy which has been posted.
If instructed by the election authority, the judges of election shall cause the tabulated returns to be transmitted electronically to the offices of the election authority via modem or other electronic medium.

The precinct judges of election shall select a bi-partisan team of 2 judges, who shall immediately return the ballots in a sealed container, along with all other election materials and equipment as instructed by the election authority; provided, however, that such container must first be sealed by the election judges with filament tape or other approved sealing devices provided for the purpose in a manner that the ballots cannot be removed from the container without breaking the seal or filament tape and disturbing any signatures affixed by the election judges to the container. The election authority shall keep the office of the election authority, or any receiving stations designated by the authority, open for at least 12 consecutive hours after the polls close or until the ballots and election material and equipment from all precincts within the jurisdiction of the election authority have been returned to the election authority. Ballots and election materials and equipment returned to the office of the election authority which are not signed and sealed as required by law shall not be accepted by the election authority until the judges returning the ballots make and sign the necessary corrections. Upon acceptance of the ballots and election materials and equipment by the election authority, the judges returning the ballots shall take a receipt signed by the election authority and stamped with the time and date of the return. The election judges whose duty it is to return any ballots and election materials and equipment as provided shall, in the event the ballots, materials or equipment cannot be found when needed, on proper request, produce the receipt which they are to take as above provided.

(10 ILCS 5/24C-13 new)

Sec. 24C-13. Absentee ballots; Proceedings at Location for Central Counting; Employees; Approval of List.

(a) All jurisdictions using Direct Recording Electronic Voting Systems shall use paper ballots or paper ballot sheets approved for use under Articles 16, 24A or 24B of this Code when conducting absentee voting except that Direct Recording Electronic Voting Systems may be used for in-person absentee voting conducted pursuant to Section 19-2.1 of this Code. All absentee ballots shall be counted at the office of the election authority. The provisions of Section 24A-9, 24B-9 and 24C-9 of this Code shall apply to the testing and notice requirements for central count tabulation equipment, including comparing the signature on the ballot envelope with the signature of the voter on the permanent voter registration record card taken from the master file. Absentee ballots other than absentee ballots voted in person pursuant to Section 19-2.1 of this Code shall be examined and processed pursuant to Sections 19-9 and 20-9 of this Code. Vote results shall be recorded by precinct and shall be added to the vote results for the precinct in which the absent voter was eligible to vote prior to completion of the official canvass.
(b) All proceedings at the location for central counting shall be under the direction of the county clerk or board of election commissioners. Except for any specially trained technicians required for the operation of the Direct Recording Electronic Voting System, the employees at the counting station shall be equally divided between members of the 2 leading political parties and all duties performed by the employees shall be by teams consisting of an equal number of members of each political party. Thirty days before an election the county clerk or board of election commissioners shall submit to the chairman of each political party, for his or her approval or disapproval, a list of persons of his or her party proposed to be employed. If a chairman fails to notify the election authority of his or her disapproval of any proposed employee within a period of 10 days thereafter the list shall be deemed approved.

(10 ILCS 5/24C-14 new)
Sec. 24C-14. Tabulating Votes; Direction; Presence of Public; Computer Operator's Log and Canvass. The procedure for tabulating the votes by the Direct Recording Electronic Voting System shall be under the direction of the election authority and shall conform to the requirements of the Direct Recording Electronic Voting System. During any election-related activity using the automatic Direct Recording Electronic Voting System equipment, the election authority shall make a reasonable effort to dedicate the equipment to vote processing to ensure the security and integrity of the system.

A reasonable number of pollwatchers shall be admitted to the counting location. Such persons may observe the tabulating process at the discretion of the election authority; however, at least one representative of each established political party and authorized agents of the State Board of Elections shall be permitted to observe this process at all times. No persons except those employed and authorized for the purpose shall touch any ballot, ballot box, return, or equipment.

The computer operator shall be designated by the election authority and shall be sworn as a deputy of the election authority. In conducting the vote tabulation and canvass, the computer operator must maintain a log which shall include the following information:

(a) alterations made to programs associated with the vote counting process;
(b) if applicable, console messages relating to the program and the respective responses made by the operator;
(c) the starting time for each precinct counted, the number of ballots counted for each precinct, any equipment problems and, insofar as practicable, the number of invalid security designations encountered during that count; and
(d) changes and repairs made to the equipment during the vote tabulation and canvass.

The computer operator's log and canvass shall be available for public inspection in the office of the election authority for a period of 60 days following the proclamation of
election results. A copy of the computer operator’s log and the canvass shall be transmitted to the State Board of Elections upon its request and at its expense.

(10 ILCS 5/24C-15 new)

Sec. 24C-15. Official Return of Precinct; Check of Totals; Audit. The precinct return printed by the Direct Recording Electronic Voting System tabulating equipment shall include the number of ballots cast and votes cast for each candidate and public question and shall constitute the official return of each precinct. In addition to the precinct return, the election authority shall provide the number of applications for ballots in each precinct, the total number of ballots and absentee ballots counted in each precinct for each political subdivision and district and the number of registered voters in each precinct. However, the election authority shall check the totals shown by the precinct return and, if there is an obvious discrepancy regarding the total number of votes cast in any precinct, shall have the ballots for that precinct audited to correct the return. The procedures for this audit shall apply prior to and after the proclamation is completed; however, after the proclamation of results, the election authority must obtain a court order to unseal voted ballots or voting devices except for election contests and discovery recounts. The certificate of results, which has been prepared and signed by the judges of election in the polling place after the ballots have been tabulated, shall be the document used for the canvass of votes for such precinct. Whenever a discrepancy exists during the canvass of votes between the unofficial results and the certificate of results, or whenever a discrepancy exists during the canvass of votes between the certificate of results and the set of totals reflected on the certificate of results, the ballots for that precinct shall be audited to correct the return.

Prior to the proclamation, the election authority shall test the voting devices and equipment in 1% of the precincts within the election jurisdiction. The precincts to be tested shall be selected after election day on a random basis by the election authority, so that every precinct in the election jurisdiction has an equal mathematical chance of being selected. The State Board of Elections shall design a standard and scientific random method of selecting the precincts that are to be tested, and the election authority shall be required to use that method. The State Board of Elections, the State’s Attorney and other appropriate law enforcement agencies, the county chairman of each established political party and qualified civic organizations shall be given prior written notice of the time and place of the random selection procedure and may be represented at the procedure.

The test shall be conducted by counting the votes marked on the permanent paper record of each ballot cast in the tested precinct printed by the voting system at the time that each ballot was cast and comparing the results of this count with the results shown by the certificate of results prepared by the Direct Recording Electronic Voting System in the test precinct. The election authority shall test count these votes either by hand or by using an automatic tabulating device other than a Direct Recording Electronic voting device that has been approved by the State Board of Elections for that purpose and tested before use to
ensure accuracy. The election authority shall print the results of each test count. If any error is detected, the cause shall be determined and corrected, and an errorless count shall be made prior to the official canvass and proclamation of election results. If an errorless count cannot be conducted and there continues to be difference in vote results between the certificate of results produced by the Direct Recording Electronic Voting System and the count of the permanent paper records or if an error was detected and corrected, the election authority shall immediately prepare and forward to the appropriate canvassing board a written report explaining the results of the test and any errors encountered and the report shall be made available for public inspection.

The State Board of Elections, the State’s Attorney and other appropriate law enforcement agencies, the county chairman of each established political party and qualified civic organizations shall be given prior written notice of the time and place of the test and may be represented at the test.

The results of this post-election test shall be treated in the same manner and have the same effect as the results of the discovery procedures set forth in Section 22-9.1 of this Code.

(10 ILCS 5/24C-15.01 new)
Sec. 24C-15.01. Transporting Ballots to Central Counting Station; Container. Upon completion of the tabulation, audit or test of voting equipment pursuant to Sections 24C-11 through 24C-15, the ballots and the medium containing the ballots from each precinct shall be replaced in the container in which they were transported to the central counting station. If the container is not a type which may be securely locked, then each container, before being transferred from the counting station to storage, shall be securely sealed.

(10 ILCS 5/24C-15.1 new)
Sec. 24C-15.1. Discovery, Recounts and Election Contests. Except as provided, discovery recounts and election contests shall be conducted as otherwise provided for in this Code. The Direct Recording Electronic Voting System equipment shall be tested prior to the discovery recount or election contest as provided in Section 24C-9, and then the official ballots shall be audited.

Any person who has filed a petition for discovery recount may request that a redundant count be conducted in those precincts in which the discovery recount is being conducted. The additional costs of a redundant count shall be borne by the requesting party.

The log of the computer operator and all materials retained by the election authority in relation to vote tabulation and canvass shall be made available for any discovery recount or election contest.

(10 ILCS 5/24C-16 new)
Sec. 24C-16. Approval of Direct Recording Electronic Voting Systems; Requisites. The State Board of Elections shall approve all Direct Recording Electronic
Voting Systems that fulfill the functional requirements provided by Section 24C-11 of this Code, the mandatory requirements of the federal voting system standards pertaining to Direct Recording Electronic Voting Systems promulgated by the Federal Election Commission or the Election Assistance Commission, the testing requirements of an approved independent testing authority and the rules of the State Board of Elections.

The State Board of Elections is authorized to withdraw its approval of a Direct Recording Electronic Voting System if the System, once approved, fails to fulfill the above requirements.

No vendor, person or other entity may sell, lease or loan a Direct Recording Electronic Voting System or system component to any election jurisdiction unless the system or system component is first approved by the State Board of Elections pursuant to this Section.

(10 ILCS 5/24C-17 new)

Sec. 24C-17. Rules; Number of Voting Stations. The State Board of Elections may make reasonable rules for the administration of this Article and may prescribe the number of voting stations required for the various types of voting systems.

(10 ILCS 5/24C-18 new)

Sec. 24C-18. Specimen Ballots; Publication. When a Direct Recording Electronic Voting System is used, the election authority shall cause to be published, at least 5 days before the day of each general and general primary election, in 2 or more newspapers published in and having a general circulation in the county, a true and legible copy of the specimen ballot containing the names of offices and candidates and public questions to be voted on, as near as may be, in the form in which they will appear on the official ballot on election day. A true legible copy may be in the form of an actual size ballot and shall be published as required by this Section if distributed in 2 or more newspapers published and having a general circulation in the county as an insert. For each election prescribed in Article 2A of this Code, specimen ballots shall be made available for public distribution and shall be supplied to the judges of election for posting in the polling place on the day of election. Notice for the consolidated elections shall be given as provided in Article 12.

(10 ILCS 5/24C-19 new)

Sec. 24C-19. Additional Method of Voting. The foregoing Sections of this Article shall be deemed to provide a method of voting in addition to the methods otherwise provided in this Code.

Section 10. The State Finance Act is amended by adding Section 5.595 as follows:

(30 ILCS 105/5.595 new)

Sec. 5.595. The Help Illinois Vote Fund.

Section 15. The Property Tax Code is amended by changing Section 5-5 as follows:

(35 ILCS 200/5-5)
Sec. 5-5. Election of commissioners of board of review; counties of 3,000,000 or more.

(a) In counties with 3,000,000 or more inhabitants, on the first Tuesday after the first Monday in November 1994, 2 commissioners of the board of appeals shall be elected to hold office from the first Monday in December following their election and until the first Monday in December 1998. In case of any vacancy, the chief judge of the circuit court or any judge of that circuit designated by the chief judge shall fill the vacancy by appointment. The commissioners shall be electors in the particular county at the time of their election or appointment and shall hold no other lucrative public office or public employment. Each commissioner shall receive compensation fixed by the county board, which shall be paid out of the county treasury and which shall not be changed during the term for which any commissioner is elected or appointed. Effective the first Monday in December 1998, the board of appeals is abolished.

The board of appeals shall maintain sufficient evidentiary records to support all decisions made by the board of appeals. All records, data, sales/ratio studies, and other information necessary for the board of review elected under subsection (c) to perform its functions and duties shall be transferred by the board of appeals to the board of review on the first Monday in December 1998.

(b) (Blank).

(c) In each county with 3,000,000 or more inhabitants, there is created a board of review. The board of review shall consist of 3 commissioners, one elected from each election district in the county at the general election in 1998 to hold office for a term beginning on the first Monday in December following their election and until their respective successors are elected and qualified.

No later than June 1, 1996, the General Assembly shall establish the boundaries for the 3 election districts in each county with 3,000,000 or more inhabitants. The election districts shall be compact, contiguous, and have substantially the same population based on the 1990 federal decennial census. One district shall be designated as the first election district, one as the second election district, and one as the third election district. The commissioner from each district shall be elected to a term of 4 years.

In the year following each federal decennial census, the General Assembly shall reapportion the election districts to reflect the results of the census. The reapportioned districts shall be compact, contiguous, and contain substantially the same population. The commissioner from the first district shall be elected to terms of 4 years, 4 years, and 2 years. The commissioner from the second district shall be elected to terms of 4 years, 2 years, and 4 years. The commissioner from the third district shall be elected to terms of 2 years, 4 years, and 4 years.

In case of vacancy, the chief judge of the circuit court or any judge of the circuit court designated by the chief judge shall fill the vacancy by appointment of a person from the same political party. If the vacancy is filled with more than 28 months remaining in the
term, the appointed commissioner shall serve until the next general election, at which time a commissioner shall be elected to serve for the remainder of the term. If a vacancy is filled with 28 months or less remaining in the term, the appointment shall be for the remainder of the term. **No commissioner may be elected or appointed to the board of review unless he or she has resided in the election district he or she seeks to represent for at least 2 years before the date of the election or appointment. In the election following each federal decennial census and board of review redistricting, a candidate for commissioner may be elected from any election district that contains a part of the election district in which he or she resided at the time of the redistricting and re-elected if a resident of the new district he or she represents for 18 months prior to re-election.** The commissioners shall be electors within their respective election district at the time of their election or appointment and shall hold no other lucrative public office or public employment.

Each commissioner shall receive compensation fixed by the county board, which shall be paid from the county treasury. Compensation for each commissioner shall be equitable and shall not be changed during the term for which that commissioner is elected or appointed. The county shall provide suitable office space for the board of review.

For the year beginning on the first Monday in December 1998 and ending the first Monday in December 1999, and every fourth year thereafter, the chair of the board shall be the commissioner elected from the first district. For the year beginning the first Monday in December 1999 and ending the first Monday in December 2000, and every fourth year thereafter, the chair of the board shall be the commissioner elected from the second district. For the year beginning the first Monday in December 2000 and ending the first Monday in December 2001, and every fourth year thereafter, the chair shall be the commissioner elected from the third district. For the year beginning the first Monday in December 2001 and ending the first Monday in December 2002, and every fourth year thereafter, the chair of the board shall be determined by lot.

On and after the first Monday in December, 1998, any reference in this Code to a board of appeals shall mean the board of review created under this subsection, and any reference to a member of a board of review shall mean a commissioner of a board of review. Whenever it may be necessary for purposes of determining its jurisdiction, the board of review shall be deemed to succeed to the powers and duties of the former board of appeals; provided that the board of review shall also have all of the powers and duties granted to it under this Code. All action of the board of review shall be by a majority vote of its commissioners.

If the polling room is located in a public or private school building with 2 or more floors and the polling room is located on a floor above or below the ground floor, then the markers shall be placed a distance of 100 feet from the nearest elevator or staircase used by voters on the ground floor to access the floor where the polling room is located. The area within where the markers are placed shall be known as a campaign free zone, and electioneering is prohibited pursuant to this subsection.

Notwithstanding any other provision of this Code, the area on polling place property beyond the campaign free zone, whether publicly or privately owned, is a public forum for the time that the polls are open on an election day. At the request of election officers any publicly owned building must be made available for use as a polling place. A person shall have the right to congregate and engage in electioneering on any polling place property while the polls are open beyond the campaign free zone, including but not limited to, the placement of temporary signs. This subsection shall be construed liberally in favor of persons engaging in electioneering on all polling place property beyond the campaign free zone for the time that the polls are open on an election day.

Section 5. The Illinois Procurement Code is amended by adding Section 50-12 as follows:

(30 ILCS 500/50-12 new)
Sec. 50-12. Environmental Protection Act violations.
(a) Unless otherwise provided, no person or business found by a court or the Pollution Control Board to have committed a willful or knowing violation of Section 42 of the Environmental Protection Act shall do business with the State of Illinois or any State agency from the date of the order containing the finding of violation until 5 years after that date, unless the person or business can show that no person involved in the violation continues to have any involvement with the business.

Section 10. The Environmental Protection Act is amended by changing Sections 39 and 42 as follows:

(415 ILCS 5/39) (from Ch. 111 1/2, par. 1039)
Sec. 39. Issuance of permits; procedures.
(a) When the Board has by regulation required a permit for the construction, installation, or operation of any type of facility, equipment, vehicle, vessel, or aircraft, the applicant shall apply to the Agency for such permit and it shall be the duty of the Agency to issue such a permit upon proof by the applicant that the facility, equipment, vehicle, vessel, or aircraft will not cause a violation of this Act or of regulations hereunder. The Agency shall adopt such procedures as are necessary to carry out its duties under this Section. In making its determinations on permit applications under this Section granting permits the Agency may consider prior adjudications of noncompliance with this Act by the applicant that involved a release of a contaminant into the environment. In granting permits, the Agency may impose reasonable conditions specifically related to the applicant's past compliance history with this Act as necessary to correct, detect, or prevent

New matter indicated by italics - deletions by strikeout
noncompliance. The Agency may impose such other conditions as may be necessary to accomplish the purposes of this Act, and as are not inconsistent with the regulations promulgated by the Board hereunder. Except as otherwise provided in this Act, a bond or other security shall not be required as a condition for the issuance of a permit. If the Agency denies any permit under this Section, the Agency shall transmit to the applicant within the time limitations of this Section specific, detailed statements as to the reasons the permit application was denied. Such statements shall include, but not be limited to the following:

(i) the Sections of this Act which may be violated if the permit were granted;
(ii) the provision of the regulations, promulgated under this Act, which may be violated if the permit were granted;
(iii) the specific type of information, if any, which the Agency deems the applicant did not provide the Agency; and
(iv) a statement of specific reasons why the Act and the regulations might not be met if the permit were granted.

If there is no final action by the Agency within 90 days after the filing of the application for permit, the applicant may deem the permit issued; except that this time period shall be extended to 180 days when (1) notice and opportunity for public hearing are required by State or federal law or regulation, (2) the application which was filed is for any permit to develop a landfill subject to issuance pursuant to this subsection, or (3) the application that was filed is for a MSWLF unit required to issue public notice under subsection (p) of Section 39. The 90-day and 180-day time periods for the Agency to take final action do not apply to NPDES permit applications under subsection (b) of this Section, to RCRA permit applications under subsection (d) of this Section, or to UIC permit applications under subsection (e) of this Section.

The Agency shall publish notice of all final permit determinations for development permits for MSWLF units and for significant permit modifications for lateral expansions for existing MSWLF units one time in a newspaper of general circulation in the county in which the unit is or is proposed to be located.

After January 1, 1994 and until July 1, 1998, operating permits issued under this Section by the Agency for sources of air pollution permitted to emit less than 25 tons per year of any combination of regulated air pollutants, as defined in Section 39.5 of this Act, shall be required to be renewed only upon written request by the Agency consistent with applicable provisions of this Act and regulations promulgated hereunder. Such operating permits shall expire 180 days after the date of such a request. The Board shall revise its regulations for the existing State air pollution operating permit program consistent with this provision by January 1, 1994.

After June 30, 1998, operating permits issued under this Section by the Agency for sources of air pollution that are not subject to Section 39.5 of this Act and are not

required to have a federally enforceable State operating permit shall be required to be
renewed only upon written request by the Agency consistent with applicable provisions of
this Act and its rules. Such operating permits shall expire 180 days after the date of such a
request. Before July 1, 1998, the Board shall revise its rules for the existing State air
pollution operating permit program consistent with this paragraph and shall adopt rules that
require a source to demonstrate that it qualifies for a permit under this paragraph.

(b) The Agency may issue NPDES permits exclusively under this subsection for
the discharge of contaminants from point sources into navigable waters, all as defined in
the Federal Water Pollution Control Act, as now or hereafter amended, within the
jurisdiction of the State, or into any well.

All NPDES permits shall contain those terms and conditions, including but not
limited to schedules of compliance, which may be required to accomplish the purposes and
provisions of this Act.

The Agency may issue general NPDES permits for discharges from categories of
point sources which are subject to the same permit limitations and conditions. Such general
permits may be issued without individual applications and shall conform to regulations
promulgated under Section 402 of the Federal Water Pollution Control Act, as now or
hereafter amended.

The Agency may include, among such conditions, effluent limitations and other
requirements established under this Act, Board regulations, the Federal Water Pollution
Control Act, as now or hereafter amended, and regulations pursuant thereto, and schedules
for achieving compliance therewith at the earliest reasonable date.

The Agency shall adopt filing requirements and procedures which are necessary
and appropriate for the issuance of NPDES permits, and which are consistent with the Act
or regulations adopted by the Board, and with the Federal Water Pollution Control Act, as
now or hereafter amended, and regulations pursuant thereto.

The Agency, subject to any conditions which may be prescribed by Board
regulations, may issue NPDES permits to allow discharges beyond deadlines established
by this Act or by regulations of the Board without the requirement of a variance, subject to
the Federal Water Pollution Control Act, as now or hereafter amended, and regulations
pursuant thereto.

(c) Except for those facilities owned or operated by sanitary districts organized
under the Metropolitan Water Reclamation District Act, no permit for the development or
construction of a new pollution control facility may be granted by the Agency unless the
applicant submits proof to the Agency that the location of the facility has been approved by
the County Board of the county if in an unincorporated area, or the governing body of the
municipality when in an incorporated area, in which the facility is to be located in
accordance with Section 39.2 of this Act.

In the event that siting approval granted pursuant to Section 39.2 has been
transferred to a subsequent owner or operator, that subsequent owner or operator may

apply to the Agency for, and the Agency may grant, a development or construction permit for the facility for which local siting approval was granted. Upon application to the Agency for a development or construction permit by that subsequent owner or operator, the permit applicant shall cause written notice of the permit application to be served upon the appropriate county board or governing body of the municipality that granted siting approval for that facility and upon any party to the siting proceeding pursuant to which siting approval was granted. In that event, the Agency shall conduct an evaluation of the subsequent owner or operator's prior experience in waste management operations in the manner conducted under subsection (i) of Section 39 of this Act.

Beginning August 20, 1993, if the pollution control facility consists of a hazardous or solid waste disposal facility for which the proposed site is located in an unincorporated area of a county with a population of less than 100,000 and includes all or a portion of a parcel of land that was, on April 1, 1993, adjacent to a municipality having a population of less than 5,000, then the local siting review required under this subsection (c) in conjunction with any permit applied for after that date shall be performed by the governing body of that adjacent municipality rather than the county board of the county in which the proposed site is located; and for the purposes of that local siting review, any references in this Act to the county board shall be deemed to mean the governing body of that adjacent municipality; provided, however, that the provisions of this paragraph shall not apply to any proposed site which was, on April 1, 1993, owned in whole or in part by another municipality.

In the case of a pollution control facility for which a development permit was issued before November 12, 1981, if an operating permit has not been issued by the Agency prior to August 31, 1989 for any portion of the facility, then the Agency may not issue or renew any development permit nor issue an original operating permit for any portion of such facility unless the applicant has submitted proof to the Agency that the location of the facility has been approved by the appropriate county board or municipal governing body pursuant to Section 39.2 of this Act.

After January 1, 1994, if a solid waste disposal facility, any portion for which an operating permit has been issued by the Agency, has not accepted waste disposal for 5 or more consecutive calendars years, before that facility may accept any new or additional waste for disposal, the owner and operator must obtain a new operating permit under this Act for that facility unless the owner and operator have applied to the Agency for a permit authorizing the temporary suspension of waste acceptance. The Agency may not issue a new operation permit under this Act for the facility unless the applicant has submitted proof to the Agency that the location of the facility has been approved or re-approved by the appropriate county board or municipal governing body under Section 39.2 of this Act after the facility ceased accepting waste.

Except for those facilities owned or operated by sanitary districts organized under the Metropolitan Water Reclamation District Act, and except for new pollution control
facilities governed by Section 39.2, and except for fossil fuel mining facilities, the granting of a permit under this Act shall not relieve the applicant from meeting and securing all necessary zoning approvals from the unit of government having zoning jurisdiction over the proposed facility.

Before beginning construction on any new sewage treatment plant or sludge drying site to be owned or operated by a sanitary district organized under the Metropolitan Water Reclamation District Act for which a new permit (rather than the renewal or amendment of an existing permit) is required, such sanitary district shall hold a public hearing within the municipality within which the proposed facility is to be located, or within the nearest community if the proposed facility is to be located within an unincorporated area, at which information concerning the proposed facility shall be made available to the public, and members of the public shall be given the opportunity to express their views concerning the proposed facility.

The Agency may issue a permit for a municipal waste transfer station without requiring approval pursuant to Section 39.2 provided that the following demonstration is made:

(1) the municipal waste transfer station was in existence on or before January 1, 1979 and was in continuous operation from January 1, 1979 to January 1, 1993;

(2) the operator submitted a permit application to the Agency to develop and operate the municipal waste transfer station during April of 1994;

(3) the operator can demonstrate that the county board of the county, if the municipal waste transfer station is in an unincorporated area, or the governing body of the municipality, if the station is in an incorporated area, does not object to resumption of the operation of the station; and

(4) the site has local zoning approval.

(d) The Agency may issue RCRA permits exclusively under this subsection to persons owning or operating a facility for the treatment, storage, or disposal of hazardous waste as defined under this Act.

All RCRA permits shall contain those terms and conditions, including but not limited to schedules of compliance, which may be required to accomplish the purposes and provisions of this Act. The Agency may include among such conditions standards and other requirements established under this Act, Board regulations, the Resource Conservation and Recovery Act of 1976 (P.L. 94-580), as amended, and regulations pursuant thereto, and may include schedules for achieving compliance therewith as soon as possible. The Agency shall require that a performance bond or other security be provided as a condition for the issuance of a RCRA permit.

In the case of a permit to operate a hazardous waste or PCB incinerator as defined in subsection (k) of Section 44, the Agency shall require, as a condition of the permit, that
the operator of the facility perform such analyses of the waste to be incinerated as may be necessary and appropriate to ensure the safe operation of the incinerator.

The Agency shall adopt filing requirements and procedures which are necessary and appropriate for the issuance of RCRA permits, and which are consistent with the Act or regulations adopted by the Board, and with the Resource Conservation and Recovery Act of 1976 (P.L. 94-580), as amended, and regulations pursuant thereto.

The applicant shall make available to the public for inspection all documents submitted by the applicant to the Agency in furtherance of an application, with the exception of trade secrets, at the office of the county board or governing body of the municipality. Such documents may be copied upon payment of the actual cost of reproduction during regular business hours of the local office. The Agency shall issue a written statement concurrent with its grant or denial of the permit explaining the basis for its decision.

(e) The Agency may issue UIC permits exclusively under this subsection to persons owning or operating a facility for the underground injection of contaminants as defined under this Act.

All UIC permits shall contain those terms and conditions, including but not limited to schedules of compliance, which may be required to accomplish the purposes and provisions of this Act. The Agency may include among such conditions standards and other requirements established under this Act, Board regulations, the Safe Drinking Water Act (P.L. 93-523), as amended, and regulations pursuant thereto, and may include schedules for achieving compliance therewith. The Agency shall require that a performance bond or other security be provided as a condition for the issuance of a UIC permit.

The Agency shall adopt filing requirements and procedures which are necessary and appropriate for the issuance of UIC permits, and which are consistent with the Act or regulations adopted by the Board, and with the Safe Drinking Water Act (P.L. 93-523), as amended, and regulations pursuant thereto.

The applicant shall make available to the public for inspection, all documents submitted by the applicant to the Agency in furtherance of an application, with the exception of trade secrets, at the office of the county board or governing body of the municipality. Such documents may be copied upon payment of the actual cost of reproduction during regular business hours of the local office. The Agency shall issue a written statement concurrent with its grant or denial of the permit explaining the basis for its decision.

(f) In making any determination pursuant to Section 9.1 of this Act:

(1) The Agency shall have authority to make the determination of any question required to be determined by the Clean Air Act, as now or hereafter amended, this Act, or the regulations of the Board, including the determination of the Lowest Achievable Emission Rate, Maximum Achievable Control
Technology, or Best Available Control Technology, consistent with the Board's regulations, if any.

(2) The Agency shall, after conferring with the applicant, give written notice to the applicant of its proposed decision on the application including the terms and conditions of the permit to be issued and the facts, conduct or other basis upon which the Agency will rely to support its proposed action.

(3) Following such notice, the Agency shall give the applicant an opportunity for a hearing in accordance with the provisions of Sections 10-25 through 10-60 of the Illinois Administrative Procedure Act.

(g) The Agency shall include as conditions upon all permits issued for hazardous waste disposal sites such restrictions upon the future use of such sites as are reasonably necessary to protect public health and the environment, including permanent prohibition of the use of such sites for purposes which may create an unreasonable risk of injury to human health or to the environment. After administrative and judicial challenges to such restrictions have been exhausted, the Agency shall file such restrictions of record in the Office of the Recorder of the county in which the hazardous waste disposal site is located.

(h) A hazardous waste stream may not be deposited in a permitted hazardous waste site unless specific authorization is obtained from the Agency by the generator and disposal site owner and operator for the deposit of that specific hazardous waste stream. The Agency may grant specific authorization for disposal of hazardous waste streams only after the generator has reasonably demonstrated that, considering technological feasibility and economic reasonableness, the hazardous waste cannot be reasonably recycled for reuse, nor incinerated or chemically, physically or biologically treated so as to neutralize the hazardous waste and render it nonhazardous. In granting authorization under this Section, the Agency may impose such conditions as may be necessary to accomplish the purposes of the Act and are consistent with this Act and regulations promulgated by the Board hereunder. If the Agency refuses to grant authorization under this Section, the applicant may appeal as if the Agency refused to grant a permit, pursuant to the provisions of subsection (a) of Section 40 of this Act. For purposes of this subsection (h), the term "generator" has the meaning given in Section 3.205 of this Act, unless: (1) the hazardous waste is treated, incinerated, or partially recycled for reuse prior to disposal, in which case the last person who treats, incinerates, or partially recycles the hazardous waste prior to disposal is the generator; or (2) the hazardous waste is from a response action, in which case the person performing the response action is the generator. This subsection (h) does not apply to any hazardous waste that is restricted from land disposal under 35 Ill. Adm. Code 728.

(i) Before issuing any RCRA permit or any permit for a waste storage site, sanitary landfill, waste disposal site, waste transfer station, waste treatment facility, waste incinerator, or any waste-transportation operation, the Agency shall conduct an evaluation of the prospective owner's or operator's prior experience in waste management operations.

New matter indicated by italics - deletions by strikeout
The Agency may deny such a permit if the prospective owner or operator or any employee or officer of the prospective owner or operator has a history of:

(1) repeated violations of federal, State, or local laws, regulations, standards, or ordinances in the operation of waste management facilities or sites; or

(2) conviction in this or another State of any crime which is a felony under the laws of this State, or conviction of a felony in a federal court; or

(3) proof of gross carelessness or incompetence in handling, storing, processing, transporting or disposing of waste.

(j) The issuance under this Act of a permit to engage in the surface mining of any resources other than fossil fuels shall not relieve the permittee from its duty to comply with any applicable local law regulating the commencement, location or operation of surface mining facilities.

(k) A development permit issued under subsection (a) of Section 39 for any facility or site which is required to have a permit under subsection (d) of Section 21 shall expire at the end of 2 calendar years from the date upon which it was issued, unless within that period the applicant has taken action to develop the facility or the site. In the event that review of the conditions of the development permit is sought pursuant to Section 40 or 41, or permittee is prevented from commencing development of the facility or site by any other litigation beyond the permittee's control, such two-year period shall be deemed to begin on the date upon which such review process or litigation is concluded.

(l) No permit shall be issued by the Agency under this Act for construction or operation of any facility or site located within the boundaries of any setback zone established pursuant to this Act, where such construction or operation is prohibited.

(m) The Agency may issue permits to persons owning or operating a facility for composting landscape waste. In granting such permits, the Agency may impose such conditions as may be necessary to accomplish the purposes of this Act, and as are not inconsistent with applicable regulations promulgated by the Board. Except as otherwise provided in this Act, a bond or other security shall not be required as a condition for the issuance of a permit. If the Agency denies any permit pursuant to this subsection, the Agency shall transmit to the applicant within the time limitations of this subsection specific, detailed statements as to the reasons the permit application was denied. Such statements shall include but not be limited to the following:

(1) the Sections of this Act that may be violated if the permit were granted;

(2) the specific regulations promulgated pursuant to this Act that may be violated if the permit were granted;

(3) the specific information, if any, the Agency deems the applicant did not provide in its application to the Agency; and

New matter indicated by italics - deletions by strikeout
(4) a statement of specific reasons why the Act and the regulations might be violated if the permit were granted.

If no final action is taken by the Agency within 90 days after the filing of the application for permit, the applicant may deem the permit issued. Any applicant for a permit may waive the 90 day limitation by filing a written statement with the Agency.

The Agency shall issue permits for such facilities upon receipt of an application that includes a legal description of the site, a topographic map of the site drawn to the scale of 200 feet to the inch or larger, a description of the operation, including the area served, an estimate of the volume of materials to be processed, and documentation that:

(1) the facility includes a setback of at least 200 feet from the nearest potable water supply well;

(2) the facility is located outside the boundary of the 10-year floodplain or the site will be floodproofed;

(3) the facility is located so as to minimize incompatibility with the character of the surrounding area, including at least a 200 foot setback from any residence, and in the case of a facility that is developed or the permitted composting area of which is expanded after November 17, 1991, the composting area is located at least 1/8 mile from the nearest residence (other than a residence located on the same property as the facility);

(4) the design of the facility will prevent any compost material from being placed within 5 feet of the water table, will adequately control runoff from the site, and will collect and manage any leachate that is generated on the site;

matters of record in mitigation or aggravation of penalty, including but not limited to the following factors:

(1) the duration and gravity of the violation;
(2) the presence or absence of due diligence on the part of the respondent violator in attempting to comply with requirements of this Act and regulations thereunder or to secure relief therefrom as provided by this Act;
(3) any economic benefits accrued by the respondent violator because of delay in compliance with requirements, in which case the economic benefits shall be determined by the lowest cost alternative for achieving compliance;
(4) the amount of monetary penalty which will serve to deter further violations by the respondent violator and to otherwise aid in enhancing voluntary compliance with this Act by the respondent violator and other persons similarly subject to the Act; and
(5) the number, proximity in time, and gravity of previously adjudicated violations of this Act by the respondent; violator:

(6) whether the respondent voluntarily self-disclosed, in accordance with subsection (i) of this Section, the non-compliance to the Agency; and
(7) whether the respondent has agreed to undertake a "supplemental environmental project," which means an environmentally beneficial project that a respondent agrees to undertake in settlement of an enforcement action brought under this Act, but which the respondent is not otherwise legally required to perform.

In determining the appropriate civil penalty to be imposed under subsection (a) or paragraph (1), (2), (3), or (5) of subsection (b) of this Section, the Board shall ensure, in all cases, that the penalty is at least as great as the economic benefits, if any, accrued by the respondent as a result of the violation, unless the Board finds that imposition of such penalty would result in an arbitrary or unreasonable financial hardship. However, such civil penalty may be off-set in whole or in part pursuant to a supplemental environmental project agreed to by the complainant and the respondent.

(i) A person who voluntarily self-discloses non-compliance to the Agency, of which the Agency had been unaware, is entitled to a 100% reduction in the portion of the penalty that is not based on the economic benefit of non-compliance if the person can establish the following:

(1) that the non-compliance was discovered through an environmental audit, as defined in Section 52.2 of this Act, and the person waives the environmental audit privileges as provided in that Section with respect to that non-compliance;
(2) that the non-compliance was disclosed in writing within 30 days of the date on which the person discovered it;
(3) that the non-compliance was discovered and disclosed prior to:

(i) the commencement of an Agency inspection, investigation, or request for information;
(ii) notice of a citizen suit;
(iii) the filing of a complaint by a citizen, the Illinois Attorney General, or the State’s Attorney of the county in which the violation occurred;
(iv) the reporting of the non-compliance by an employee of the person without that person’s knowledge; or
(v) imminent discovery of the non-compliance by the Agency;
(4) that the non-compliance is being corrected and any environmental harm is being remediated in a timely fashion;
(5) that the person agrees to prevent a recurrence of the non-compliance;
(6) that no related non-compliance events have occurred in the past 3 years at the same facility or in the past 5 years as part of a pattern at multiple facilities owned or operated by the person;
(7) that the non-compliance did not result in serious actual harm or present an imminent and substantial endangerment to human health or the environment or violate the specific terms of any judicial or administrative order or consent agreement;
(8) that the person cooperates as reasonably requested by the Agency after the disclosure; and
(9) that the non-compliance was identified voluntarily and not through a monitoring, sampling, or auditing procedure that is required by statute, rule, permit, judicial or administrative order, or consent agreement.
If a person can establish all of the elements under this subsection except the element set forth in paragraph (1) of this subsection, the person is entitled to a 75% reduction in the portion of the penalty that is not based upon the economic benefit of non-compliance.

which exceed or are not provided for in the approved annual plan and budget. After the effective date of this amendatory Act of 1985, each county must provide basic services in accordance with the annual plan and standards created by the division. No department may receive funds for new or expanded programs or individualized services and programs unless they are in compliance with standards as enumerated in paragraph (h) of subsection (1) of this Section, the annual plan, and standards for basic services.

(4) The Division shall reimburse the county or counties for probation services as follows:

(a) 100% of the salary of all chief managing officers designated as such by the Chief Judge and the division.

(b) 100% of the salary for all probation officer and supervisor positions approved for reimbursement by the division after April 1, 1984, to meet workload standards and to implement intensive sanction and probation supervision programs and other basic services as defined in this Act.

(c) 100% of the salary for all secure detention personnel and non-secure group home personnel approved for reimbursement after December 1, 1990. For all such positions approved for reimbursement before December 1, 1990, the counties shall be reimbursed $1,250 per month beginning July 1, 1995, and an additional $250 per month beginning each July 1st thereafter until the positions receive 100% salary reimbursement. Allocation of such positions will be based on comparative need considering capacity, staff/resident ratio, physical plant and program.

(d) $1,000 per month for salaries for the remaining probation officer positions engaged in basic services and new or expanded services. All such positions shall be approved by the division in accordance with this Act and division standards.

(e) 100% of the travel expenses in accordance with Division standards for all Probation positions approved under paragraph (b) of subsection 4 of this Section.

(f) If the amount of funds reimbursed to the county under paragraphs (a) through (e) of subsection 4 of this Section on an annual basis is less than the amount the county had received during the 12 month period immediately prior to the effective date of this amendatory Act of 1985, then the Division shall reimburse the amount of the difference to the county. The effect of paragraph (b) of subsection 7 of this Section shall be considered in implementing this supplemental reimbursement provision.

(5) The Division shall provide funds beginning on April 1, 1987 for the counties to provide Individualized Services and Programs as provided in Section 16 of this Act.

(6) A Probation and Court Services Department in order to be eligible for the reimbursement must submit to the Supreme Court an application containing such

information and in such a form and by such dates as the Supreme Court may require. Departments to be eligible for funding must satisfy the following conditions:

(a) The Department shall have on file with the Supreme Court an annual Probation plan for continuing, improved, and new Probation and Court Services Programs approved by the Supreme Court or its designee. This plan shall indicate the manner in which Probation and Court Services will be delivered and improved, consistent with the minimum standards and regulations for Probation and Court Services, as established by the Supreme Court. In counties with more than one Probation and Court Services Department eligible to receive funds, all Departments within that county must submit plans which are approved by the Supreme Court.

(b) The annual probation plan shall seek to generally improve the quality of probation services and to reduce the commitment of adult and juvenile offenders to the Department of Corrections and shall require, when appropriate, coordination with the Department of Corrections and the Department of Children and Family Services in the development and use of community resources, information systems, case review and permanency planning systems to avoid the duplication of services.

(c) The Department shall be in compliance with standards developed by the Supreme Court for basic, new and expanded services, training, personnel hiring and promotion.

(d) The Department shall in its annual plan indicate the manner in which it will support the rights of crime victims and in which manner it will implement Article I, Section 8.1 of the Illinois Constitution and in what manner it will coordinate crime victims' support services with other criminal justice agencies within its jurisdiction, including but not limited to, the State's Attorney, the Sheriff and any municipal police department.

(7) No statement shall be verified by the Supreme Court or its designee or vouched by the Comptroller unless each of the following conditions have been met:

(a) The probation officer is a full-time employee appointed by the Chief Judge to provide probation services.

(b) The probation officer, in order to be eligible for State reimbursement, is receiving a salary of at least $17,000 per year.

(c) The probation officer is appointed or was reappointed in accordance with minimum qualifications or criteria established by the Supreme Court; however, all probation officers appointed prior to January 1, 1978, shall be exempted from the minimum requirements established by the Supreme Court. Payments shall be made to counties employing these exempted probation officers as long as they are employed in the position held on the effective date of this
amendatory Act of 1985. Promotions shall be governed by minimum qualifications established by the Supreme Court.

(d) The Department has an established compensation schedule approved by the Supreme Court. The compensation schedule shall include salary ranges with necessary increments to compensate each employee. The increments shall, within the salary ranges, be based on such factors as bona fide occupational qualifications, performance, and length of service. Each position in the Department shall be placed on the compensation schedule according to job duties and responsibilities of such position. The policy and procedures of the compensation schedule shall be made available to each employee.

(8) In order to obtain full reimbursement of all approved costs, each Department must continue to employ at least the same number of probation officers and probation managers as were authorized for employment for the fiscal year which includes January 1, 1985. This number shall be designated as the base amount of the Department. No positions approved by the Division under paragraph (b) of subsection 4 will be included in the base amount. In the event that the Department employs fewer Probation officers and Probation managers than the base amount for a period of 90 days, funding received by the Department under subsection 4 of this Section may be reduced on a monthly basis by the amount of the current salaries of any positions below the base amount.

(9) Before the 15th day of each month, the treasurer of any county which has a Probation and Court Services Department, or the treasurer of the most populous county, in the case of a Probation or Court Services Department funded by more than one county, shall submit an itemized statement of all approved costs incurred in the delivery of Basic Probation and Court Services under this Act to the Supreme Court. The treasurer may also submit an itemized statement of all approved costs incurred in the delivery of new and expanded Probation and Court Services as well as Individualized Services and Programs. The Supreme Court or its designee shall verify compliance with this Section and shall examine and audit the monthly statement and, upon finding them to be correct, shall forward them to the Comptroller for payment to the county treasurer. In the case of payment to a treasurer of a county which is the most populous of counties sharing the salary and expenses of a Probation and Court Services Department, the treasurer shall divide the money between the counties in a manner that reflects each county's share of the cost incurred by the Department.

(10) The county treasurer must certify that funds received under this Section shall be used solely to maintain and improve Probation and Court Services. The county or circuit shall remain in compliance with all standards, policies and regulations established by the Supreme Court. If at any time the Supreme Court determines that a county or circuit is not in compliance, the Supreme Court shall immediately notify the Chief Judge, county board chairman and the Director of Court Services Chief Probation Officer. If after 90 days of written notice the noncompliance still exists, the Supreme Court shall be required to reduce
the amount of monthly reimbursement by 10%. An additional 10% reduction of monthly reimbursement shall occur for each consecutive month of noncompliance. Except as provided in subsection 5 of Section 15, funding to counties shall commence on April 1, 1986. Funds received under this Act shall be used to provide for Probation Department expenses including those required under Section 13 of this Act.

(11) The respective counties shall be responsible for capital and space costs, fringe benefits, clerical costs, equipment, telecommunications, postage, commodities and printing.

(12) For purposes of this Act only, probation officers shall be considered peace officers. In the exercise of their official duties, probation officers, sheriffs, and police officers may, anywhere within the State, arrest any probationer who is in violation of any of the conditions of his or her probation, conditional discharge, or supervision, and it shall be the duty of the officer making the arrest to take the probationer before the Court having jurisdiction over the probationer for further order.

The rules and regulations adopted by the Secretary of State under this Act shall be effective in the manner provided for in the Illinois Administrative Procedure Act.

(2) Among other things, the Secretary of State shall have authority, for the purposes of this Act, to prescribe the form or forms in which required information shall be set forth, accounting practices, the items or details to be shown in balance sheets and earning statements, and the methods to be followed in the preparation of accounts, in the appraisal or valuation of assets and liabilities, in the determination of depreciation and depletion, in the differentiation of recurring and non-recurring income, in the differentiation of investment and operating income, and in the preparation of consolidated balance sheets or income accounts of any person, directly or indirectly, controlling or controlled by the issuer, or any person under direct or indirect common control with the issuer.

(3) No provision of this Act imposing any liability shall apply to any act done or omitted in good faith in conformity with any rule or regulation of the Secretary of State under this Act, notwithstanding that the rule or regulation may, after the act or omission, be amended or rescinded or be determined by judicial or other authority to be invalid for any reason.

(4) The Securities Department of the Office of the Secretary of State shall be deemed a criminal justice agency for purposes of all federal and state laws and regulations and, in that capacity, shall be entitled to access to any information available to criminal justice agencies and has the power to appoint special agents to conduct all investigations, searches, seizures, arrests, and other duties imposed under the provisions of any law administered by the Department. The special agents have and may exercise all the powers of peace officers solely for the purpose of enforcing provisions of this Act.

The Director must authorize to each special agent employed under this Section a distinct badge that, on its face, (i) clearly states that the badge is authorized by the Department and (ii) contains a unique and identifying number.

Special agents shall comply with all training requirements established for law enforcement officers by provisions of the Illinois Police Training Act.

(5) The Secretary of State, by rule, may conditionally or unconditionally exempt any person, security, or transaction, or any class or classes of persons, securities, or transactions from any provision of Section 5, 6, 7, 8, 8a, or 9 of this Act or of any rule.
promulgated under these Sections, to the extent that such exemption is necessary or appropriate in the public interest, and is consistent with the protection of investors.

B. The Secretary of State may, anything in this Act to the contrary notwithstanding, require financial statements and reports of the issuer, dealer, salesperson, or investment adviser, or investment adviser representative as often as circumstances may warrant. In addition, the Secretary of State may secure information or books and records from or through others and may make or cause to be made investigations respecting the business, affairs, and property of the issuer of securities, any person involved in the sale or offer for sale, purchase or offer to purchase of any mineral investment contract, mineral deferred delivery contract, or security and of dealers, salespersons, and investment advisers, and investment adviser representatives that are registered or are the subject of an application for registration under this Act. The costs of an investigation shall be borne by the registrant or the applicant, provided that the registrant or applicant shall not be obligated to pay the costs without his, her or its consent in advance.

C. Whenever it shall appear to the Secretary of State, either upon complaint or otherwise, that this Act, or any rule or regulation prescribed under authority thereof, has been or is about to be violated, he or she may, in his or her discretion, do one or more both of the following:

(1) require or permit the person to file with the Secretary of State a statement in writing under oath, or otherwise, as to all the facts and circumstances concerning the subject matter which the Secretary of State believes to be in the public interest to investigate, audit, examine, or inspect; and

(2) conduct an investigation, audit, examination, or inspection as necessary or advisable for the protection of the interests of the public; and:

(3) appoint investigators to conduct all investigations, searches, seizures, arrests, and other duties imposed under the provisions of any law administered by the Department. The Director must authorize to each investigator employed under this Section a distinct badge that, on its face, (i) clearly states that the badge is authorized by the Department and (ii) contains a unique and identifying number.

D. (1) For the purpose of all investigations, audits, examinations, or inspections which in the opinion of the Secretary of State are necessary and proper for the enforcement of this Act, the Secretary of State or a person designated by him or her is empowered to administer oaths and affirmations, subpoena witnesses, take evidence, and require, by subpoena or other lawful means provided by this Act or the rules adopted by the Secretary of State, the production of any books and records, papers, or other documents which the Secretary of State or a person designated by him or her deems relevant or material to the inquiry.

(2) The Secretary of State or a person designated by him or her is further empowered to administer oaths and affirmations, subpoena witnesses, take evidence, and require the production of any books and records, papers, or other documents in this State at
the request of a securities agency of another state, if the activities constituting the alleged violation for which the information is sought would be in violation of Section 12 of this Act if the activities had occurred in this State.

(3) The Circuit Court of any County of this State, upon application of the Secretary of State or a person designated by him or her may order the attendance of witnesses, the production of books and records, papers, accounts and documents and the giving of testimony before the Secretary of State or a person designated by him or her; and any failure to obey the order may be punished by the Circuit Court as a contempt thereof.

(4) The fees of subpoenaed witnesses under this Act for attendance and travel shall be the same as fees of witnesses before the Circuit Courts of this State, to be paid when the witness is excused from further attendance, provided, the witness is subpoenaed at the instance of the Secretary of State; and payment of the fees shall be made and audited in the same manner as other expenses of the Secretary of State.

(5) Whenever a subpoena is issued at the request of a complainant or respondent as the case may be, the Secretary of State may require that the cost of service and the fee of the witness shall be borne by the party at whose instance the witness is summoned.

(6) The Secretary of State shall have power at his or her discretion, to require a deposit to cover the cost of the service and witness fees and the payment of the legal witness fee and mileage to the witness served with subpoena.

(7) A subpoena issued under this Act shall be served in the same manner as a subpoena issued out of a circuit court.

(8) The Secretary of State may in any investigation, audits, examinations, or inspections cause the taking of depositions of persons residing within or without this State in the manner provided in civil actions under the laws of this State.

E. Anything in this Act to the contrary notwithstanding:

(1) If the Secretary of State shall find that the offer or sale or proposed offer or sale or method of offer or sale of any securities by any person, whether exempt or not, in this State, is fraudulent, or would work or tend to work a fraud or deceit, or is being offered or sold in violation of Section 12, or there has been a failure or refusal to submit any notification filing or fee required under this Act, the Secretary of State may by written order prohibit or suspend the offer or sale of securities by that person or deny or revoke the registration of the securities or the exemption from registration for the securities.

(2) If the Secretary of State shall find that any person has violated subsection C, D, E, F, G, H, I, J, or K of Section 12 of this Act, the Secretary of State may by written order temporarily or permanently prohibit or suspend the person from offering or selling any securities, any mineral investment contract, or any mineral deferred delivery contract in this State, provided that any person who is the subject of an order of permanent prohibition may petition the Secretary of State...
for a hearing to present evidence of rehabilitation or change in circumstances justifying the amendment or termination of the order of permanent prohibition.

(3) If the Secretary of State shall find that any person is engaging or has engaged in the business of selling or offering for sale securities as a dealer or salesperson or is acting or has acted as an investment adviser, investment adviser representative, or federal covered investment adviser, without prior thereto and at the time thereof having complied with the registration or notice filing requirements of this Act, the Secretary of State may by written order prohibit or suspend the person from engaging in the business of selling or offering for sale securities, or acting as an investment adviser, investment adviser representative, or federal covered investment adviser, in this State.

(4) In addition to any other sanction or remedy contained in this subsection E, the Secretary of State, after finding that any provision of this Act has been violated, may impose a fine as provided by rule, regulation or order not to exceed $10,000 for each violation of this Act, may issue an order of public censure against the violator, and may charge as costs of investigation all reasonable expenses, including attorney's fees and witness fees.

F. (1) The Secretary of State shall not deny, suspend or revoke the registration of securities, suspend or revoke the registration of a dealer, salesperson, or investment adviser, or investment adviser representative, prohibit or suspend the offer or sale of any securities, prohibit or suspend any person from offering or selling any securities in this State, prohibit or suspend a dealer or salesperson from engaging in the business of selling or offering for sale securities, prohibit or suspend a person from acting as an investment adviser or federal covered investment adviser, or investment adviser representative, impose any fine for violation of this Act, issue an order of public censure, or enter into an agreed settlement except after an opportunity for hearing upon not less than 10 days notice given by personal service or registered mail or certified mail, return receipt requested, to the person or persons concerned. Such notice shall state the date and time and place of the hearing and shall contain a brief statement of the proposed action of the Secretary of State and the grounds for the proposed action. A failure to appear at the hearing or otherwise respond to the allegations set forth in the notice of hearing shall constitute an admission of any facts alleged therein and shall constitute sufficient basis to enter an order.

(2) Anything herein contained to the contrary notwithstanding, the Secretary of State may temporarily prohibit or suspend, for a maximum period of 90 days, by an order effective immediately, the offer or sale or registration of securities, the registration of a dealer, salesperson, investment adviser, or investment adviser representative, or the offer or sale of securities by any person, or the business of rendering investment advice, without the notice and prior hearing in this subsection prescribed, if the Secretary of State shall in his or her opinion, based on credible evidence, deem it necessary to prevent an imminent violation of this Act or to prevent losses to investors which the Secretary of State shall not deny, suspend or revoke the registration of securities, suspend or revoke the registration of a dealer, salesperson, or investment adviser, or investment adviser representative, prohibit or suspend the offer or sale of any securities, prohibit or suspend any person from offering or selling any securities in this State, prohibit or suspend a dealer or salesperson from engaging in the business of selling or offering for sale securities, prohibit or suspend a person from acting as an investment adviser or federal covered investment adviser, or investment adviser representative, impose any fine for violation of this Act, issue an order of public censure, or enter into an agreed settlement except after an opportunity for hearing upon not less than 10 days notice given by personal service or registered mail or certified mail, return receipt requested, to the person or persons concerned. Such notice shall state the date and time and place of the hearing and shall contain a brief statement of the proposed action of the Secretary of State and the grounds for the proposed action. A failure to appear at the hearing or otherwise respond to the allegations set forth in the notice of hearing shall constitute an admission of any facts alleged therein and shall constitute sufficient basis to enter an order.

(2) Anything herein contained to the contrary notwithstanding, the Secretary of State may temporarily prohibit or suspend, for a maximum period of 90 days, by an order effective immediately, the offer or sale or registration of securities, the registration of a dealer, salesperson, investment adviser, or investment adviser representative, or the offer or sale of securities by any person, or the business of rendering investment advice, without the notice and prior hearing in this subsection prescribed, if the Secretary of State shall in his or her opinion, based on credible evidence, deem it necessary to prevent an imminent violation of this Act or to prevent losses to investors which the Secretary of State
reasonably believes will occur as a result of a prior violation of this Act. Immediately after taking action without such notice and hearing, the Secretary of State shall deliver a copy of the temporary order to the respondent named therein by personal service or registered mail or certified mail, return receipt requested. The temporary order shall set forth the grounds for the action and shall advise that the respondent may request a hearing, that the request for a hearing will not stop the effectiveness of the temporary order and that respondent's failure to request a hearing within 30 days after the date of the entry of the temporary order shall constitute an admission of any facts alleged therein and shall constitute sufficient basis to make the temporary order final. Any provision of this paragraph (2) to the contrary notwithstanding, the Secretary of State may not pursuant to the provisions of this paragraph (2) suspend the registration of a dealer, limited Canadian dealer, salesperson, investment adviser, or investment adviser representative based upon sub-paragraph (n) of paragraph (1) of subsection E of Section 8 of this Act or revoke the registration of securities or revoke the registration of any dealer, salesperson, investment adviser representative, or investment adviser.

(3) The Secretary of State may issue a temporary order suspending or delaying the effectiveness of any registration of securities under subsection A or B of Section 5, 6 or 7 of this Act subsequent to and upon the basis of the issuance of any stop, suspension or similar order by the Securities and Exchange Commission with respect to the securities which are the subject of the registration under subsection A or B of Section 5, 6 or 7 of this Act, and the order shall become effective as of the date and time of effectiveness of the Securities and Exchange Commission order and shall be vacated automatically at such time as the order of the Securities and Exchange Commission is no longer in effect.

(4) When the Secretary of State finds that an application for registration as a dealer, salesperson, or investment adviser, or investment adviser representative should be denied, the Secretary of State may enter an order denying the registration. Immediately after taking such action, the Secretary of State shall deliver a copy of the order to the respondent named therein by personal service or registered mail or certified mail, return receipt requested. The order shall state the grounds for the action and that the matter will be set for hearing upon written request filed with the Secretary of State within 30 days after the receipt of the request by the respondent. The respondent's failure to request a hearing within 30 days after receipt of the order shall constitute an admission of any facts alleged therein and shall make the order final. If a hearing is held, the Secretary of State shall affirm, vacate, or modify the order.

(5) The findings and decision of the Secretary of State upon the conclusion of each final hearing held pursuant to this subsection shall be set forth in a written order signed on behalf of the Secretary of State by his or her designee and shall be filed as a public record. All hearings shall be held before a person designated by the Secretary of State, and appropriate records thereof shall be kept.

(6) Notwithstanding the foregoing, the Secretary of State, after notice and opportunity for hearing, may at his or her discretion enter into an agreed settlement, stipulation or consent order with a respondent in accordance with the provisions of the Illinois Administrative Procedure Act. The provisions of the agreed settlement, stipulation or consent order shall have the full force and effect of an order issued by the Secretary of State.

(7) Anything in this Act to the contrary notwithstanding, whenever the Secretary of State finds that a person is currently expelled from, refused membership in or association with, or limited in any material capacity by a self-regulatory organization registered under the Federal 1934 Act or the Federal 1974 Act because of a fraudulent or deceptive act or a practice in violation of a rule, regulation, or standard duly promulgated by the self-regulatory organization, the Secretary of State may, at his or her discretion, enter a Summary Order of Prohibition, which shall prohibit the offer or sale of any securities, mineral investment contract, or mineral deferred delivery contract by the person in this State. The order shall take effect immediately upon its entry. Immediately after taking the action the Secretary of State shall deliver a copy of the order to the named Respondent by personal service or registered mail or certified mail, return receipt requested. A person who is the subject of an Order of Prohibition may petition the Secretary of State for a hearing to present evidence of rehabilitation or change in circumstances justifying the amendment or termination of the Order of Prohibition.

G. No administrative action shall be brought by the Secretary of State for relief under this Act or upon or because of any of the matters for which relief is granted by this Act after the earlier to occur of (i) 3 years from the date upon which the Secretary of State had notice of facts which in the exercise of reasonable diligence would lead to actual knowledge of the alleged violation of the Act, or (ii) 5 years from the date on which the alleged violation occurred.

H. The action of the Secretary of State in denying, suspending, or revoking the registration of a dealer, limited Canadian dealer, salesperson, investment adviser, or investment adviser representative, in prohibiting any person from engaging in the business of offering or selling securities as a dealer, limited Canadian dealer, or salesperson, in prohibiting or suspending the offer or sale of securities by any person, in prohibiting a person from acting as an investment adviser, federal covered investment adviser, or investment adviser representative, in denying, suspending, or revoking the registration of securities, in prohibiting or suspending the offer or sale or proposed offer or sale of securities, in imposing any fine for violation of this Act, or in issuing any order shall be subject to judicial review in the Circuit Courts of Cook or Sangamon Counties in this State. (1) File a complaint and apply for a temporary restraining order without notice, and upon a proper showing the court may enter a temporary restraining order without bond, to enforce this Act; and

(2) File a complaint and apply for a preliminary or permanent injunction, and, after notice and a hearing and upon a proper showing, the court may grant a preliminary or permanent injunction and may order the defendant to make an offer of rescission with respect to any sales or purchases of securities, mineral investment contracts, or mineral deferred delivery contracts determined by the court to be unlawful under this Act.

(3) Seek the seizure of assets when probable cause exists that the assets were obtained by a defendant through conduct in violation of Section 12, paragraph F, G, I, J, K, or L of this Act, and thereby subject to a judicial forfeiture hearing as required under this Act.

(a) In the event that such probable cause exists that the subject of an investigation who is alleged to have committed one of the relevant violations of this Act has in his possession assets obtained as a result of the conduct giving rise to the violation, the Secretary of State may seek a seizure warrant in any circuit court in Illinois.

(b) In seeking a seizure warrant, the Secretary of State, or his or her designee, shall submit to the court a sworn affidavit detailing the probable cause evidence for the seizure, the location of the assets to be seized, the relevant violation under Section 12 of this Act, and a statement detailing any known owners or interest holders in the assets.

(c) Seizure of the assets shall be made by any peace officer upon process of the seizure warrant issued by the court. Following the seizure of assets under this Act and pursuant to a seizure warrant, notice of seizure, including a description of the seized assets, shall immediately be returned to the issuing court. Seized assets shall be maintained pending a judicial forfeiture hearing in accordance with the instructions of the court.

(d) In the event that management of seized assets becomes necessary to prevent the devaluation, dissipation, or otherwise to preserve the property, the court shall have jurisdiction to appoint a receiver, conservator, ancillary receiver, or ancillary conservator for that purpose, as provided in item (2) of this subsection.

(4) Seek the forfeiture of assets obtained through conduct in violation of Section 12, paragraph F, G, H, I, J, K, or L when authorized by law. A forfeiture

   (viii) the precise relief sought.

(e) The answer must be filed with the court within 45 days after service of the complaint.

(f) A property interest is exempt from forfeiture under this Act if its owner or interest holder establishes by a preponderance of evidence that the owner or interest holder:

   (ii) with respect to conveyances, did not hold the property jointly or in common with a person whose conduct gave rise to the forfeiture;

The laws of evidence relating to civil actions shall apply to all other portions of the judicial in rem proceeding.

(i) The Secretary of State shall show the existence of probable cause for forfeiture of the property. If the Secretary of State shows probable cause, the claimant has the burden of showing by a preponderance of the evidence that the claimant’s interest in the property is not subject to forfeiture.

(j) If the Secretary of State does not show the existence of probable cause or a claimant has an interest that is exempt under subdivision I (4)(d) of this Section, the court shall order the interest in the property returned or conveyed to the claimant and shall order all other property forfeited to the Secretary of State pursuant to all provisions of this Act. If the Secretary of State does show the existence of probable cause and the claimant does not establish by a preponderance of the evidence that the claimant has an interest that is exempt under subsection D herein, the court shall order all the property forfeited to the Secretary of State pursuant to the provisions of the Section.

All counties, townships, census tracts, block groups, and blocks are those that appear on maps published by the United States Bureau of the Census for the 2000 census. The term "tract" means census tract. Trustee districts created by this subsection (d) for the purpose of electing board members shall not be altered by operation of any other statute, ordinance, or resolution. Any part of the community college district that has not been described as included in one of the trustee districts described in this subsection (d) is included within the trustee district that (i) is contiguous to the part and (ii) contains the least population of all trustee districts contiguous to the part according to the 2000 decennial census of Illinois. If any part of the community college district is described in this subsection (d) as being in more than one trustee district, the part is included within the trustee district that (i) is one of the trustee districts in which that part is listed in this subsection (d), (ii) is contiguous to that part, and (iii) contains the least population according to the 2000 decennial census of Illinois. If any part of the community college district (i) is described in this subsection (d) as being in one trustee district and (ii) is entirely surrounded by another trustee district, then the part shall be incorporated into the trustee district that surrounds the part. If any part of the community college district (i) is

described in this subsection (d) as being in one trustee district and (ii) is not contiguous to another part of that trustee district, then the part is included within the contiguous trustee district that contains the least population according to the 2000 decennial census of Illinois. The Speaker of the House, the Minority Leader of the House, the President of the Senate, and the Minority Leader of the Senate shall by joint letter of transmittal present to the Secretary of State for deposit into the State Archives an official set of United States Bureau of the Census maps and descriptions used for conducting the 2000 census, and those maps shall serve as the official record of all counties, townships, census tracts, block groups, and blocks referred to in this subsection (d). The State Board of Elections shall prepare and make available to the public a metes and bounds description of the trustee districts created under this subsection (d).

For each at-large seat on the board that is to be filled by election in 2005 or 2007, the seat shall be filled by a trustee elected from a trustee district. The State Board shall determine which trustee district seat is to replace which at-large seat by lot. The term of each trustee elected at the 2005 or 2007 consolidated election shall end on the date that the trustees elected in 2009 are officially determined by a canvass conducted pursuant to the Election Code. For the 2009 consolidated election, one trustee shall be elected from each trustee district to serve a 4-year term.

At least one year prior to the 2013 consolidated election, the board shall meet to, publicly by lot, divide the trustee districts as equally as possible into 3 groups. Beginning with the 2013 consolidated election and the consolidated election every 10 years thereafter, trustees or their successors from the first group shall be elected for successive terms of 2 years, 4 years, and 4 years; trustees or their successors from the second group shall be elected for successive terms of 4 years, 2 years, and 4 years; and trustees or their successors from the third group shall be elected for successive terms of 4 years, 4 years, and 2 years.

(e) Each member must on the date of his election be a citizen of the United States, of the age of 18 years or over, and a resident of the State and the territory which on the date of the election is included in the community college district for at least one year immediately preceding his election. In Community College District No. 526, each member elected at the consolidated election in 2005 or thereafter must also be a resident of the trustee district he or she represents for at least one year immediately preceding his or her election, except that in the first consolidated election for each trustee district following reapportionment by the General Assembly, a candidate for the board may be elected from any trustee district that contains a part of the trustee district in which he or she resided at the time of the reapportionment and may be reelected if a resident of the new trustee district he or she represents for one year prior to reelection. In the event a person who is a member of a common school board is elected or appointed to a board of trustees of a community college district, that person shall be permitted to serve the remainder of his or her term of office as a member of the common school board. Upon the expiration of the
common school board term, that person shall not be eligible for election or appointment to a common school board during the term of office with the community college district board of trustees.

(f) Whenever a vacancy occurs, the remaining members shall fill the vacancy, and the person so appointed shall serve until a successor is elected at the next regular election for board members and is certified in accordance with Sections 22-17 and 22-18 of the Election Code. If the remaining members fail so to act within 60 days after the vacancy occurs, the chairman of the State Board shall fill that vacancy, and the person so appointed shall serve until a successor is elected at the next regular election for board members and is certified in accordance with Sections 22-17 and 22-18 of the Election Code. The person appointed to fill the vacancy shall have the same residential qualifications as his predecessor in office was required to have. In either instance, if the vacancy occurs with less than 4 months remaining before the next scheduled consolidated election, and the term of office of the board member vacating the position is not scheduled to expire at that election, then the term of the person so appointed shall extend through that election and until the succeeding consolidated election. If the term of office of the board member vacating the position is scheduled to expire at the upcoming consolidated election, the appointed member shall serve only until a successor is elected and qualified at that election.

(g) Members of the board shall serve without compensation but shall be reimbursed for their reasonable expenses incurred in connection with their service as members. Compensation, for purposes of this Section, means any salary or other benefits not expressly authorized by this Act to be provided or paid to, for or on behalf of members of the board. The board of each community college district may adopt a policy providing for the issuance of bank credit cards, for use by any board member who requests the same in writing and agrees to use the card only for the reasonable expenses which he or she incurs in connection with his or her service as a board member. Expenses charged to such credit cards shall be accounted for separately and shall be submitted to the chief financial officer of the district for review prior to being reported to the board at its next regular meeting.

(h) Except in an election of the initial board for a new community college district created pursuant to Section 6-6.1, the ballot for the election of members of the board for a community college district shall indicate the length of term for each office to be filled. In the election of a board for any community college district, the ballot shall not contain any political party designation.

AN ACT concerning electronic fund transfers.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Electronic Fund Transfer Act is amended by changing Section 50 as follows:

(205 ILCS 616/50)
Sec. 50. Terminal requirements.
(a) To assure maximum safety and security against malfunction, fraud, theft, and other accidents or abuses and to assure that all access devices will have the capability of activating all terminals established in this State, no terminal shall accept an access device that does not conform to specifications that are generally accepted. In the case of a dispute concerning the specifications, the Commissioner, in accordance with the provisions of Section 20 of this Act, shall have the authority to determine the specifications.

(b) No terminal that does not accept an access device that conforms with those specifications shall be established or operated.
(c) A terminal shall bear a logotype or other identification symbol designed to advise customers which access devices may activate the terminal.
(d) When used to perform an interchange transaction, a terminal shall not bear any form of proprietary advertising of products and services not offered at the terminal; provided, however, that a terminal screen may bear proprietary advertising of products or services offered by a financial institution when a person uses an access device issued by that financial institution.
(e) No person operating a terminal in this State shall impose any surcharge on a consumer for the usage of that terminal, whether or not the consumer is using an access device issued by that person, unless that surcharge is clearly disclosed to the consumer both (i) by a sign that is clearly visible to the consumer on or at the terminal being used and (ii) electronically on the terminal screen. Following presentation of the electronic disclosure on the terminal screen, the consumer shall be provided an opportunity to cancel that transaction without incurring any surcharge or other obligation. If a surcharge is imposed on a consumer using an access device not issued by the person operating the terminal, that person shall disclose on the sign and on the terminal screen that the surcharge is in addition to any fee that may be assessed by the consumer's own institution. As used in this subsection, "surcharge" means any charge imposed by the person operating the terminal solely for the use of the terminal. This subsection does not apply to a point-of-sale purchase transaction at a terminal.

(f) A receipt given at a terminal to a person who initiates an electronic fund transfer shall include a number or code that identifies the consumer initiating the transfer,

New matter indicated by italics - deletions by strikeout
the consumer's account or accounts, or the access device used to initiate the transfer. If the number or code shown on the receipt is a number that identifies the access device, the number must be truncated as printed on the receipt so that fewer than all of the digits of the number or code are printed on the receipt. The Commissioner may, however, modify or waive the requirements imposed by this subsection (f) if the Commissioner determines that the modifications or waivers are necessary to alleviate any undue compliance burden.

(g) No terminal shall operate in this State unless, with respect to each interchange transaction initiated at the terminal, the access code entered by the consumer to authorize the transaction is encrypted by the device into which the access code is manually entered by the consumer and is transmitted from the terminal only in encrypted form. Any terminal that cannot meet the foregoing encryption requirements shall immediately cease forwarding information with respect to any interchange transaction or attempted interchange transaction.

(h) No person that directly or indirectly provides data processing support to any terminal in this State shall authorize or forward for authorization any interchange transaction unless the access code intended to authorize the interchange transaction is encrypted when received by that person and is encrypted when forwarded to any other person.

(i) A person operating a terminal in this State may not impose a fee upon a consumer for usage of the terminal if the consumer is using a Link Card or other access device issued by a government agency for use in obtaining financial aid under the Illinois Public Aid Code.

For the purpose of this subsection (i), the term "person operating a terminal" means the person who has control over and is responsible for a terminal. The term "person operating a terminal" does not mean the person who owns or controls the property or building in which a terminal is located, unless he or she also has control over and is responsible for the terminal.

PUBLIC ACT 93-0585
(Senate Bill No. 0172)

AN ACT in relation to air transportation.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the I-FLY Act.

Section 5. Findings. The General Assembly finds that, in order to create, retain, and stabilize reliable air service to commercial service airports outside of Cook County, improve accessibility to business and industrial centers, augment the State's tourism industry, and encourage the development of facilities and support initiatives for community growth, cooperation between the State, airports, and communities is essential. The General Assembly further finds that a State grant program is the best method to achieve these ends.

Section 10. Definitions. As used in this Act:
"Air carrier" means an entity that provides commercial passenger air transportation.
"Commission" means the Air Service Commission.

Section 15. I-FLY Fund.
(a) The I-FLY Fund is created as a special fund in the State treasury. Moneys may be deposited into the Fund from:

New matter indicated by italics - deletions by strikeout
(1) appropriations made by the General Assembly and units of local government to the Fund, (2) federal moneys designated for the Fund, and (3) any grants or gifts designated for the Fund.

(b) The moneys in the Fund shall be used by the Commission, subject to appropriation, for air carrier recruitment and retention program grants and for planning grants.

Section 20. Air Service Commission. There is created the Air Service Commission. The Commission shall consist of 5 members, each of whom has airport management or air carrier experience, or both. The members shall be appointed by the Governor, with the advice and consent of the Senate, each one from a different geographical region of the State outside of Cook County. The Governor shall designate one of the members as the chairperson.

Members shall serve for a term of 4 years, except that, for the initial members appointed, one shall serve for a term of 5 years, one for a term of 4 years, one for a term of 3 years, one for a term of 2 years, and one for a term of one year. Initial terms shall commence on July 1, 2003. Each member shall serve until a successor is appointed and qualified. Vacancies shall be filled in the same manner as initial appointments. The members shall not receive a salary but shall be reimbursed for the necessary expenses incurred in the performance of their duties.

The Commission shall administer this Act and is authorized to do all things reasonable and necessary to accomplish the goals of the I-FLY Program.

Section 25. I-FLY Program.
(a) The Commission shall establish the I-FLY Program. The Program shall consist of the following components:
   (1) air carrier recruitment and retention grants as described in subsection (c); and
   (2) planning grants under subsection (d).

The Commission may make grants under this Act only to airports that are located completely outside of Cook County.
(b) During any one-year period, an airport may receive a grant for only one of the 2 components specified in subsection (a).
(c) Air carrier recruitment and retention program grants.
   (1) An airport may receive an air carrier recruitment and retention program grant from the Commission only if:
      (A) it is capable of supporting takeoffs and landings by aircraft that have at least 19 passenger seats or have made improvements or commitments to the Commission to provide this capability; and
      (B) it has a commitment from an air carrier to start or continue air service to the community that the airport serves subject to financial support from the State and from the airport or unit of local government that the

New matter indicated by italics - deletions by strikeout
airport serves. The commitment must specify that the air carrier would not provide or continue to provide service to the community if financial assistance were not available.

(2) An application for an air carrier recruitment and retention program grant must contain commitments from the airport or the unit of local government in which the airport is located as to the amount of the total project cost, the contribution from the unit of local government or airport, the method in which the contribution from the airport or unit of local government will be generated, and the requested State contribution.

(3) The air carrier recruitment and retention program grant shall be used to guarantee the financial viability of air carriers providing reasonable air service at the airport. A grant under this subsection (c) to a particular airport may be in only one of the following 3 forms:

(A) A grant may be used to guarantee that an air carrier shall receive an agreed amount of revenue per flight.

(B) A grant may be used to guarantee a reduced or subsidized consumer ticket price.

(C) A grant may be used to guarantee a profit goal established by the air carrier and airport.

(4) During the first year of a grant under this subsection (c), the grant shall pay 80% of the total cost of the guarantee and the airport or unit of local government in which the airport is located shall pay 20% of the total cost of the guarantee. During the second year of a grant under this subsection (c), the grant shall pay 50% of the total cost of the guarantee and the airport or the unit of local government in which the airport is located shall pay 50% of the total cost of the guarantee.

(5) The total State funding for a grant under this subsection (c) to a particular airport may not exceed $1,000,000 in any year.

(6) An airport that has received a 2-year grant under this subsection (c) may apply for another grant for an additional 2-year period; however, the Commission shall, in determining whether to make a grant for an additional 2-year period, give priority to other airports that have not previously received a grant under this subsection (c). The Commission shall also give priority in making grants under this subsection (c) to airports at which the Commission determines that a 2-year grant may result in the creation of stable and reliable commercial air service without an additional grant.

(d) Planning grants. An airport may apply for and receive a planning grant to conduct feasibility studies or business plans designed to study the recruitment, retention, or expansion of an air carrier at the airport. To be eligible for a grant under this subsection (d), the airport must have the potential for initial or expanded air service as the
Commission determines through its evaluation process. The grant shall pay 70% of the total cost of the feasibility studies or business plans and the airport or the unit of local government in which the airport is located shall pay 30% of the total cost of the feasibility studies or business plans. An airport may receive only one planning grant.

Section 90. The State Finance Act is amended by adding Section 5.595 as follows:

(30 ILCS 105/5.595 new)

Sec. 5.595. The I-FLY Fund.

Section 99. Effective date. This Act takes effect upon becoming law.

PUBLIC ACT 93-0586

(Senate Bill No. 1901)

AN ACT in relation to executive agency reorganization.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Executive Reorganization Implementation Act is amended by adding Section 5.5 as follows:

(15 ILCS 15/5.5 new)

Sec. 5.5. Executive order provisions superseded.

(a) Executive Order No. 2003-9, in subdivision II(E), provides in part: "All such personnel shall initially constitute probationary employees under the Personnel Code. The Department of Central Management Services shall establish a procedure for qualification and retention of personnel in accordance with the Personnel Code.". This language, which violates Section 4 of this Act and contravenes applicable provisions of the Personnel Code, is hereby superseded and of no force or effect. The status and rights of employees under the Personnel Code who are transferred by Executive Order No. 2003-9 shall not be affected by the reorganization under that Order.

(b) Executive Order No. 2003-10, subdivision I(C), provides: "The statutory powers, duties, rights, responsibilities and liabilities regarding internal auditing by agencies, offices, divisions, departments, bureaus, boards and commissions directly responsible to the Governor derive from, among others, the Fiscal Control and Internal Auditing Act, 30 ILCS 10/1001 et seq., and the Illinois State Auditing Act, 30 ILCS 5/1-1 et seq.". Executive Order No. 2003-10 addresses only internal auditing functions and does not address external auditing functions or the powers of the Auditor General. The reference to the Illinois State Auditing Act is therefore incorrect, and that reference is hereby superseded and of no force or effect.

New matter indicated by italics - deletions by strikeout
(c) Executive Order No. 2003-10, subdivision I(D), provides: "Staff legal functions across agencies shall be transferred from individual agencies to the Department of Central Management Services. Legal functions specific to each particular agency may remain at that agency." This transfer of legal functions was intended to be and is hereby limited to legal technical advisor functions related to procurement and personnel issues across agencies. All other legal functions at an agency, including those related to issues particular to the agency, and legal functions performed by assistant attorneys general under the direction and control of the Attorney General, shall remain at that agency. To the extent that the language of subdivision I(D) of Executive Order No. 2003-10 may be construed to conflict with this subsection (c), that language in Executive Order No. 2003-10 is hereby superseded.

If any legal personnel (or their associated records or property) have been transferred from an agency to the Department of Central Management Services under the apparent direction of Executive Order No. 2003-10 but contrary to the provisions of this subsection (c), those legal personnel (and their associated records and property) shall be immediately transferred back to the original agency from the Department of Central Management Services.

(d) Executive Order No. 2003-11, in subdivisions II(B) and II(D), provides in part: "All such personnel shall initially constitute probationary employees under the Personnel Code. The Department of Central Management Services shall establish a procedure for qualification and retention of personnel in accordance with the Personnel Code.". This language, which violates Section 4 of this Act and contravenes applicable provisions of the Personnel Code, is hereby superseded and of no force or effect. The status and rights of employees under the Personnel Code who are transferred by Executive Order No. 2003-11 shall not be affected by the reorganization under that Order.

(e) Executive Order No. 2003-12, in subdivision II(B), provides in part: "All such personnel shall initially constitute probationary employees under the Personnel Code. The Department of Central Management Services shall establish a procedure for qualification and retention of personnel in accordance with the Personnel Code.". This language, which violates Section 4 of this Act and contravenes applicable provisions of the Personnel Code, is hereby superseded and of no force or effect. The status and rights of employees under the Personnel Code who are transferred by Executive Order No. 2003-12 shall not be affected by the reorganization under that Order.

Section 99. Effective date. This Act takes effect upon becoming law.
August 22, 2003

To the Honorable Members of the
Illinois Senate
93rd General Assembly

This bill, while extremely important, is technically problematic given the multiple years of appropriations and funding sources and other issues. After exhaustive review, the most prudent option seems to be to sign the majority of the bill. The Administration will only release certain projects, over time, rather than trying to address all of the bill’s issues at the outset through amendatory vetoes.

The Administration’s intent with regard to member projects is to release a total of $450 million as indicated in my budget released on April 9, including spending on projects that have already been released by this Administration. The total amount of member initiative projects listed in the bill is $907,892,320. However, the bill contains many duplicates of member initiatives, meaning some items appear more than once in the bill. Obviously, projects will only be funded once, so that the total amount of spending authority in the bill for member projects is actually $657,153,623. Only $450 million total will be spent on projects released by this Administration.

The total amount of item vetoes and reductions totals $555,806,937. The items vetoed and reduced are:

- $54,844,803 for land acquisition at the Capitol Complex. In these fiscally difficult times, and at a time that the state has achieved a decrease in its workforce, it is not appropriate for the State to be expanding its property holdings for administrative purposes at this large a scale.
- $47,514,810 in additional capital vetoes and reductions, primarily of repair and renovation projects on state facilities that, while worthy, can be put off until the state’s fiscal situation improves, or that it has been deemed that the state can do without.
- $35,000,000 of appropriations to transfer funding from the Anti-Pollution Fund to the Clean Water Trust Fund. Since legislation to create a program for expenditure of these funds, and bond authorization for this purpose, have not yet passed the legislature, this item will be held till it can be dealt with as a package.
- $17,266,562 in projects that have completely spent out by the end of Fiscal Year 2003 and are completed.
- $401,180,762 in technical writedowns to reflect the actual amount available on June 30 after all Fiscal Year 2003 spending.
Pursuant to Article IV, Section 9(d) of the Illinois Constitution of 1970, I hereby veto and return several appropriation items included in Senate Bill 1239, entitled “AN ACT making appropriations”, having taken the actions set forth below.

**Item Vetoes**

The examinations shall include tests of physical qualifications and health. No applicant, however, shall be examined concerning his political or religious opinions or affiliations. The examinations shall be conducted by the board of fire commissioners.

Sec. 4. The powers of the local Mass Transit District shall repose in, and be exercised by, a Board of Trustees. years. Vacancies shall be filled for the unexpired term in the same manner as the original appointment.

Except in a Metro East Mass Transit District, no Trustee of any District may be an elected official of the municipality or municipalities or county or counties creating the District. A Trustee shall hold office until his successor has been appointed and has qualified. A Trustee shall receive, as compensation for his services, not more than $100 for each day devoted to the business of the Board but not more than $400 per month. For the purposes of this Section, each District may determine what constitutes a business day. He shall also be entitled to the necessary expenses, including traveling expenses, incurred in the discharge of his duties. The powers of each District and the Board shall be vested in the Trustees thereof in office from time to time. A majority shall constitute a quorum of the Board for the purpose of conducting its business and exercising its powers and for all other purposes. For such legal services as it may require, the Board may call upon any chief law officers of the municipality, municipalities, or the county or counties as the case may be, or may employ and fix the compensation of its own counsel and legal staff. The Board may delegate to one or more of its agents or employees such powers and duties as it may deem proper. Notwithstanding the other provisions of this paragraph, employment of any person other than a managing director or secretary by any Metro East Mass Transit District created by a single county shall require the authorization of the county board of such county.
Neither the District, the members of its Board nor its officers or employees shall be held liable for failure to provide a security or police force or, if a security or police force is provided, for failure to provide adequate police protection or security, failure to prevent the commission of crimes by fellow passengers or other third persons or for the failure to apprehend criminals.

These bonds shall bear interest at a rate of not more than the maximum rate authorized by the Bond Authorization Act, as amended at the time of the making of the contract of sale, payable semi-annually, may be made registerable as to principal, and may be made payable and callable as provided on any interest payment date at a price of par and accrued interest under such terms and conditions as may be fixed by the ordinance authorizing the issuance of the bonds. Bonds issued under this Section are negotiable instruments. They shall be

executed by the chairman and members of the Board of Trustees, *attested by the secretary*, and shall be sealed with the corporate seal of the District. In case any Trustee or officer whose signature appears on the bonds or coupons ceases to hold that office before the bonds are delivered, *such officer's his signature*, shall nevertheless be valid and sufficient for all purposes, the same as though *such officer he* had remained in office until the bonds were delivered. The ordinance shall fix the amount of revenue bonds proposed to be issued, the maturity or maturities, the interest rate, which shall not exceed the maximum rate authorized by the Bond Authorization Act, as amended at the time of the making of the contract of sale, and all the details in connection with the bonds. The ordinance may contain such covenants and restrictions upon the issuance of additional revenue bonds thereafter, which will share equally in the revenue of the District, as may be deemed necessary or advisable for the assurance of the payment of the bonds first issued. Any District may also provide in the ordinance authorizing the issuance of bonds under this Section that the bonds, or such ones thereof as may be specified, shall, to the extent and in the manner prescribed, be subordinated and be junior in standing, with respect to the payment of principal and interest and the security thereof, to such other bonds as are designated in the ordinance.

No Metro East Mass Transit District may issue revenue bonds under this subparagraph (9) unless the question of the issuance of such bonds is first submitted to and approved by the voters of the District at a referendum within the District. (15) to acquire, own, maintain, construct, reconstruct, improve, repair, operate or lease any light-rail public transportation system, terminal, terminal facility, public airport, or bridge or toll bridge across waters with any city, state, or both.

With respect to instruments for the payment of money issued under this Section either before, on, or after the effective date of this amendatory Act of 1989, it is and always has been the intention of the General Assembly (i) that the Omnibus Bond Acts are and always have been supplementary grants of power to issue instruments in accordance with the Omnibus Bond Acts, regardless of any provision of this Act that may appear to be or to have been more restrictive than those Acts, (ii) that the provisions of this Section are not a limitation on the supplementary authority granted by the Omnibus Bond Acts, and (iii) that instruments issued under this Section within the supplementary authority granted by the Omnibus Bond Acts are not invalid because of any provision of this Act that may appear to be or to have been more restrictive than those Acts.

This Section shall be liberally construed to give effect to its purposes.

Sec. 5.01. Metro East Mass Transit District; use and occupation taxes.
(a) The Board of Trustees of any Metro East Mass Transit District may, by ordinance adopted with the concurrence of two-thirds of the then trustees, impose throughout the District any or all of the taxes and fees provided in this Section. All taxes and fees imposed under this Section shall be used only for public mass transportation systems, and the amount used to provide mass transit service to unserved areas of the District shall be in the same proportion to the total proceeds as the number of persons residing in the unserved areas is to the total population of the District. Except as otherwise provided in this Act, taxes imposed under this Section and civil penalties imposed incident thereto shall be collected and enforced by the State Department of Revenue. The Department shall have the power to administer and enforce the taxes and to determine all rights for refunds for erroneous payments of the taxes.

(b) The Board may impose a Metro East Mass Transit District Retailers' Occupation Tax upon all persons engaged in the business of selling tangible personal property at retail in the district at a rate of 1/4 of 1%, or as authorized under subsection (d-5) of this Section, of the gross receipts from the sales made in the course of such business within the district. The tax imposed under this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this Section; to collect all taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this Section, the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms and employ the same modes of procedure, as are prescribed in Sections 1, 1a, 1a-1, 1c, 1d, 1e, 1f, 1i, 1j, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 2c, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 12, 13, and 14 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the Section may reimburse themselves for their seller's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State taxes that sellers are required to collect under the Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the Metro East Mass Transit District tax fund established under paragraph (g) of this Section.

If a tax is imposed under this subsection (b), a tax shall also be imposed under subsections (c) and (d) of this Section.

For the purpose of determining whether a tax authorized under this Section is applicable, a retail sale, by a producer of coal or other mineral mined in Illinois, is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the Federal Constitution as a sale in interstate or foreign commerce.
Nothing in this Section shall be construed to authorize the Metro East Mass Transit District to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.

(c) If a tax has been imposed under subsection (b), a Metro East Mass Transit District Service Occupation Tax shall also be imposed upon all persons engaged, in the district, in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property within the District, either in the form of tangible personal property or in the form of real estate as an incident to a sale of service. The tax rate shall be 1/4%, or as authorized under subsection (d-5) of this Section, of the selling price of tangible personal property so transferred within the district. The tax imposed under this paragraph and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this paragraph; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms and employ the same modes of procedure as are prescribed in Sections 1a-1, 2 (except that the reference to State in the definition of supplier maintaining a place of business in this State shall mean the Authority), 2a, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the Authority), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the District), 9 (except as to the disposition of taxes and penalties collected, and except that the returned merchandise credit for this tax may not be taken against any State tax), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the District), the first paragraph of Section 15, 16, 17, 18, 19 and 20 of the Service Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this paragraph may reimburse themselves for their serviceman's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund

shall be paid by the State Treasurer out of the Metro East Mass Transit District tax fund established under paragraph (g) of this Section.

Nothing in this paragraph shall be construed to authorize the District to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by the State.

(d) If a tax has been imposed under subsection (b), a Metro East Mass Transit District Use Tax shall also be imposed upon the privilege of using, in the district, any item of tangible personal property that is purchased outside the district at retail from a retailer, and that is titled or registered with an agency of this State's government, at a rate of 1/4%, or as authorized under subsection (d-5) of this Section, of the selling price of the tangible personal property within the District, as "selling price" is defined in the Use Tax Act. The tax shall be collected from persons whose Illinois address for titling or registration purposes is given as being in the District. The tax shall be collected by the Department of Revenue for the Metro East Mass Transit District. The tax must be paid to the State, or an exemption determination must be obtained from the Department of Revenue, before the title or certificate of registration for the property may be issued. The tax or proof of exemption may be transmitted to the Department by way of the State agency with which, or the State officer with whom, the tangible personal property must be titled or registered if the Department and the State agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

The Department shall have full power to administer and enforce this paragraph; to collect all taxes, penalties and interest due hereunder; to dispose of taxes, penalties and interest so collected in the manner hereinafter provided; and to determine all rights to credit memoranda or refunds arising on account of the erroneous payment of tax, penalty or interest hereunder. In the administration of, and compliance with, this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms and employ the same modes of procedure, as are prescribed in Sections 2 (except the definition of "retailer maintaining a place of business in this State"), 3 through 3-80 (except provisions pertaining to the State rate of tax, and except provisions concerning collection or refunding of the tax by retailers), 4, 11, 12, 12a, 14, 15, 19 (except the portions pertaining to claims by retailers and except the last paragraph concerning refunds), 20, 21 and 22 of the Use Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, that are not inconsistent with this paragraph, as fully as if those provisions were set forth herein.

Name          Address, with Street and Number.

..................     ....................................

..................     ....................................

(C) The votes shall be recorded as "YES" or "NO". If a majority of all votes cast on the proposition are for the increase in the tax rates, the Metro East Mass Transit District
shall begin imposing the increased rates in the District, and the Department of Revenue shall begin collecting the increased amounts, as provided under this Section. An ordinance imposing or discontinuing a tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following the adoption and filing.

(D) If the voters have approved a referendum under this subsection, before November 1, 1994, to increase the tax rate under this subsection, the Metro East Mass Transit District Board of Trustees may adopt by a majority vote an ordinance at any time before January 1, 1995 that excludes from the rate increase tangible personal property that is titled or registered with an agency of this State's government. The ordinance excluding titled or registered tangible personal property from the rate increase must be filed with the Department at least 15 days before its effective date. At any time after adopting an ordinance excluding from the rate increase tangible personal property that is titled or registered with an agency of this State's government, the Metro East Mass Transit District Board of Trustees may adopt an ordinance applying the rate increase to that tangible personal property. The ordinance shall be adopted, and a certified copy of that ordinance shall be filed with the Department, on or before October 1, whereupon the Department shall proceed to administer and enforce the rate increase against tangible personal property titled or registered with an agency of this State's government as of the following January 1. After December 31, 1995, any reimposed rate increase in effect under this subsection shall no longer apply to tangible personal property titled or registered with an agency of this State's government. Beginning January 1, 1996, the Board of Trustees of any Metro East Mass Transit District may never reimpose a previously excluded tax rate increase on tangible personal property titled or registered with an agency of this State's government.

(d-6) If the Board of Trustees of any Metro East Mass Transit District has imposed a rate increase under subsection (d-5) and filed an ordinance with the Department of Revenue excluding titled property from the higher rate, then that Board may, by ordinance adopted with the concurrence of two-thirds of the then trustees, impose throughout the District a fee. The fee on the excluded property shall not exceed $20 per retail transaction or an amount equal to the amount of tax excluded, whichever is less, on tangible personal property that is titled or registered with an agency of this State's government. The Board of Trustees of any Metro East Mass Transit District shall have full power to administer and enforce this subsection and to determine all rights to credit memoranda or refunds arising on account of the erroneous payment of the fee hereunder. The Board shall proceed to administer and enforce this subsection as of the first day of the second month following the adoption of the ordinance.

(d-7) If a fee has been imposed under subsection (d-6), a fee shall also be imposed upon the privilege of using, in the district, any item of tangible personal property that is titled or registered with any agency of this State's government, in an amount equal to the
amount of the fee imposed under subsection (d-6). The Board of Trustees of any Metro East Mass Transit District shall have full power to administer and enforce this subsection and to determine all rights to credit memoranda or refunds arising on account of the erroneous payment of the fee hereunder. The Board shall proceed to administer and enforce this subsection concurrently with the administration of the fee imposed under subsection (d-6):

(d-8) No item of titled property shall be subject to both the higher rate approved by referendum, as authorized under subsection (d-5), and any fee imposed under subsection (d-6) or (d-7).

(d-9) If fees have been imposed under subsections (d-6) and (d-7), the Board shall forward a copy of the ordinance adopting such fees, which shall include all zip codes in whole or in part within the boundaries of the district, to the Secretary of State within thirty days. By the 25th of each month, the Secretary of State shall subsequently provide the Illinois Department of Revenue Board with a list of identifiable retail transactions subject to the .25% rate occurring within the zip codes which are in whole or in part within the boundaries of the district and a list of title applications for addresses within the boundaries of the district for the previous month.

(d-10) In the event that a retailer fails to pay applicable fees within 30 days of the date of the transaction, a penalty shall be assessed at the rate of 25% of the amount of fees. Interest on both late fees and penalties shall be assessed at the rate of 1% per month. All fees, penalties, and attorney fees shall constitute a lien on the personal and real property of the retailer. The Board of Trustees of any Metro East Transit District shall have full power to administer and enforce this subsection:

(e) A certificate of registration issued by the State Department of Revenue to a retailer under the Retailers' Occupation Tax Act or under the Service Occupation Tax Act shall permit the registrant to engage in a business that is taxed under the tax imposed under paragraphs (b), (c) or (d) of this Section and no additional registration shall be required under the tax. A certificate issued under the Use Tax Act or the Service Use Tax Act shall be applicable with regard to any tax imposed under paragraph (c) of this Section.

(f) The Board may impose a replacement vehicle tax of $50 on any passenger car, as defined in Section 1-157 of the Illinois Vehicle Code, purchased within the district area by or on behalf of an insurance company to replace a passenger car of an insured person in settlement of a total loss claim. The tax imposed may not become effective before the first day of the month following the passage of the ordinance imposing the tax and receipt of a certified copy of the ordinance by the Department of Revenue. The Department of Revenue shall collect the tax for the district in accordance with Sections 3-2002 and 3-2003 of the Illinois Vehicle Code.

The Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes collected hereunder. On or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated
sums of money to named districts, the districts to be those from which retailers have paid taxes or penalties hereunder to the Department during the second preceding calendar month. The amount to be paid to each district shall be the amount collected hereunder during the second preceding calendar month by the Department, less any amount determined by the Department to be necessary for the payment of refunds. Within 10 days after receipt by the Comptroller of the disbursement certification to the districts, provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in the certification.

(g) Any ordinance imposing or discontinuing any tax under this Section shall be adopted and a certified copy thereof filed with the Department on or before June 1, whereupon the Department of Revenue shall proceed to administer and enforce this Section on behalf of the Metro East Mass Transit District as of September 1 next following such adoption and filing. Beginning January 1, 1992, an ordinance or resolution imposing or discontinuing the tax hereunder shall be adopted and a certified copy thereof filed with the Department on or before the first day of July, whereupon the Department shall proceed to administer and enforce this Section as of the first day of October next following such adoption and filing. Beginning January 1, 1993, except as provided in subsection (d-5) of this Section, an ordinance or resolution imposing or discontinuing the tax hereunder shall be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following such adoption and filing.

(h) The State Department of Revenue shall, upon collecting any taxes as provided in this Section, pay the taxes over to the State Treasurer as trustee for the District. The taxes shall be held in a trust fund outside the State Treasury. On or before the 25th day of each calendar month, the State Department of Revenue shall prepare and certify to the Comptroller of the State of Illinois the amount to be paid to the District, which shall be the then balance in the fund, less any amount determined by the Department to be necessary for the payment of refunds. Within 10 days after receipt by the Comptroller of the certification of the amount to be paid to the District, the Comptroller shall cause an order to be drawn for payment for the amount in accordance with the direction in the certification.

Section 10. The Local Mass Transit District Act is amended by repealing Section 8.4.

PUBLIC ACT 93-0591
(House Bill No. 3486)

AN ACT in relation to employment.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Victims' Economic Security and Safety Act.

Section 5. Findings. The General Assembly finds and declares the following:

(1) Domestic and sexual violence affects many persons without regard to age, race, educational level, socioeconomic status, religion, or occupation.

(2) Domestic and sexual violence has a devastating effect on individuals, families, communities and the workplace.

(3) Domestic violence crimes account for approximately 15% of total crime costs in the United States each year.

(4) Violence against women has been reported to be the leading cause of physical injury to women. Such violence has a devastating impact on women's physical and emotional health and financial security.
(5) According to recent government surveys, from 1993 through 1998 the average annual number of violent victimizations committed by intimate partners was 1,082,110, 87% of which were committed against women.

(6) Female murder victims were substantially more likely than male murder victims to have been killed by an intimate partner. About one-third of female murder victims, and about 4% of male murder victims, were killed by an intimate partner.

(7) According to recent government estimates, approximately 987,400 rapes occur annually in the United States, 89% of the rapes are perpetrated against female victims.

(8) Approximately 10,200,000 people have been stalked at some time in their lives. Four out of every 5 stalking victims are women. Stalkers harass and terrorize their victims by spying on the victims, standing outside their places of work or homes, making unwanted phone calls, sending or leaving unwanted letters or items, or vandalizing property.

(9) Employees in the United States who have been victims of domestic violence, dating violence, sexual assault, or stalking too often suffer adverse consequences in the workplace as a result of their victimization.

(10) Victims of domestic violence, dating violence, sexual assault, and stalking face the threat of job loss and loss of health insurance as a result of the illegal acts of the perpetrators of violence.

(11) The prevalence of domestic violence, dating violence, sexual assault, stalking, and other violence against women at work is dramatic. Approximately 11% of all rapes occur in the workplace. About 50,500 individuals, 83% of whom are women, were raped or sexually assaulted in the workplace each year from 1992 through 1996. Half of all female victims of violent workplace crimes know their attackers. Nearly one out of 10 violent workplace incidents is committed by partners or spouses.

(12) Homicide is the leading cause of death for women on the job. Husbands, boyfriends, and ex-partners commit 15% of workplace homicides against women.

(13) Studies indicate that as much as 74% of employed battered women surveyed were harassed at work by their abusive partners.

(14) According to a 1998 report of the U.S. General Accounting Office, between one-fourth and one-half of domestic violence victims surveyed in 3 studies reported that the victims lost a job due, at least in part, to domestic violence.

(15) Women who have experienced domestic violence or dating violence are more likely than other women to be unemployed, to suffer from health problems that can affect employability and job performance, to report lower personal income, and to rely on welfare.
(16) Abusers frequently seek to control their partners by actively interfering with their ability to work, including preventing their partners from going to work, harassing their partners at work, limiting the access of their partners to cash or transportation, and sabotaging the child care arrangements of their partners.

(17) More than one-half of women receiving welfare have been victims of domestic violence as adults and between one-fourth and one-third reported being abused in the last year.

(18) Sexual assault, whether occurring in or out of the workplace, can impair an employee's work performance, require time away from work, and undermine the employee's ability to maintain a job. Almost 50% of sexual assault survivors lose their jobs or are forced to quit in the aftermath of the assaults.

(19) More than one-fourth of stalking victims report losing time from work due to the stalking and 7% never return to work.

(20) (A) According to the National Institute of Justice, crime costs an estimated $450,000,000,000 annually in medical expenses, lost earnings, social service costs, pain, suffering, and reduced quality of life for victims, which harms the Nation's productivity and drains the Nation's resources. (B) Violent crime accounts for $426,000,000,000 per year of this amount. (C) Rape exacts the highest costs per victim of any criminal offense, and accounts for $127,000,000,000 per year of the amount described in subparagraph (A).

(21) The Bureau of National Affairs has estimated that domestic violence costs United States employers between $3,000,000,000 and $5,000,000,000 annually in lost time and productivity. Other reports have estimated that domestic violence costs United States employers $13,000,000,000 annually.

(22) United States medical costs for domestic violence have been estimated to be $31,000,000,000 per year.

(23) Ninety-four percent of corporate security and safety directors at companies nationwide rank domestic violence as a high security concern.

(24) Forty-nine percent of senior executives recently surveyed said domestic violence has a harmful effect on their company's productivity, 47% said domestic violence negatively affects attendance, and 44% said domestic violence increases health care costs.

(25) Employees, including individuals participating in welfare to work programs, may need to take time during business hours to:

(A) obtain orders of protection;
(B) seek medical or legal assistance, counseling, or other services; or
(C) look for housing in order to escape from domestic violence.

(a) Leave requirement.

(1) Basis. (2) Period. Subject to subsection (c), an employee shall be entitled to a total of 12 workweeks of leave during any 12-month period. This Act does not create a right for an employee to take unpaid leave that exceeds the unpaid leave time allowed under, or is in addition to the unpaid leave time permitted by, the federal Family and Medical Leave Act of 1993 (29 U.S.C. 2601 et seq.).

(3) Schedule. Leave described in paragraph (1) may be taken intermittently or on a reduced work schedule.
(b) Notice. The employee shall provide the employer with at least 48 hours' advance notice of the employee's intention to take the leave, unless providing such notice is not practicable. When an unscheduled absence occurs, the employer may not take any action against the employee if the employee, within a reasonable period after the absence, provides certification under subsection (c).

(c) Certification.

(1) In general. The employer may require the employee to provide certification to the employer that:

(A) the employee or the employee's family or household member is a victim of domestic or sexual violence; and

(ii) any right, benefit, or position of employment other than any right, benefit, or position to which the employee would have been entitled had the employee not taken the leave.

(i) Issuance. An employer may require an employee who claims that the employee is unable to return to work because of a
reason described in subclause (I) or (II) of subparagraph (B)(ii) to provide, within a reasonable period after making the claim, certification to the employer that the employee is unable to return to work because of that reason.

(ii) Contents. An employee may satisfy the certification requirement of clause (i) by providing to the employer:

(I) a sworn statement of the employee;

(House Bill No. 0625)

AN ACT in relation to housing.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Affordable Housing Planning and Appeal Act.
Section 5. Findings. The legislature finds and declares that:
(1) there exists a shortage of affordable, accessible, safe, and sanitary housing in the State;
(2) it is imperative that action be taken to assure the availability of workforce and retirement housing; and
(3) local governments in the State that do not have sufficient affordable housing are encouraged to assist in providing affordable housing opportunities to assure the health, safety, and welfare of all citizens of the State.

New matter indicated by italics - deletions by strikeout
Section 10. Purpose. The purpose of this Act is to encourage counties and municipalities to incorporate affordable housing within their housing stock sufficient to meet the needs of their county or community. Further, affordable housing developers who believe that they have been unfairly treated due to the fact that the development contains affordable housing may seek relief from local ordinances and regulations that may inhibit the construction of affordable housing needed to serve low-income and moderate-income households in this State.

Section 15. Definitions. As used in this Act:

"Affordable housing" means housing that has a sales price or rental amount that is within the means of a household that may occupy moderate-income or low-income housing. In the case of dwelling units for sale, housing that is affordable means housing in which mortgage, amortization, taxes, insurance, and condominium or association fees, if any, constitute no more than 30% of the gross annual household income for a household of the size that may occupy the unit. In the case of dwelling units for rent, housing that is affordable means housing for which the rent and utilities constitute no more than 30% of the gross annual household income for a household of the size that may occupy the unit.

"Affordable housing developer" means a nonprofit entity, limited equity cooperative or public agency, or private individual, firm, corporation, or other entity seeking to build an affordable housing development.

"Affordable housing development" means (i) any housing that is subsidized by the federal or State government or (ii) any housing in which at least 20% of the dwelling units are subject to covenants or restrictions that require that the dwelling units be sold or rented at prices that preserve them as affordable housing for a period of at least 15 years, in the case of for-sale housing, and at least 30 years, in the case of rental housing.

"Approving authority" means the governing body of the county or municipality.

"Development" means any building, construction, renovation, or excavation or any material change in the use or appearance of any structure or in the land itself; the division of land into parcels; or any change in the intensity or use of land, such as an increase in the number of dwelling units in a structure or a change to a commercial use.

"Exempt local government" means any local government in which at least 10% of its total year-round housing units are affordable, as determined by the Illinois Housing Development Authority pursuant to Section 20 of this Act; or any municipality under 1,000 population.

"Household" means the person or persons occupying a dwelling unit.

"Local government" means a county or municipality.

"Low-income housing" means housing that is affordable, according to the federal Department of Housing and Urban Development, for either home ownership or rental, and that is occupied, reserved, or marketed for occupancy by households with a gross household income that does not exceed 50% of the median gross household income for households of the same size within the county in which the housing is located.

New matter indicated by italics - deletions by strikeout
"Moderate-income housing" means housing that is affordable, according to the federal Department of Housing and Urban Development, for either home ownership or rental, and that is occupied, reserved, or marketed for occupancy by households with a gross household income that is greater than 50% but does not exceed 80% of the median gross household income for households of the same size within the county in which the housing is located.

"Non-appealable local government requirements" means all essential requirements that protect the public health and safety, including any local building, electrical, fire, or plumbing code requirements or those requirements that are critical to the protection or preservation of the environment.

Section 20. Determination of exempt local governments.
(a) Beginning January 1, 2006, the Illinois Housing Development Authority shall determine which local governments are exempt and not exempt from the operation of this Act based on an identification of the total number of year-round housing units in the most recent decennial census for each local government within the State and by an inventory of for-sale and rental affordable housing units, as defined in this Act, for each local government from the decennial census and other relevant sources.

(b) The Illinois Housing Development Authority shall make this determination by:
   (i) totaling the number of for-sale housing units in each local government that are affordable to households with a gross household income that is less than 80% of the median household income within the county or primary metropolitan statistical area;
   (ii) totaling the number of rental units in each local government that are affordable to households with a gross household income that is less than 60% of the median household income within the county or primary metropolitan statistical area;
   (iii) adding the number of for-sale and rental units for each local government from items (i) and (ii); and
   (iv) dividing the sum of (iii) above by the total number of year-round housing units in the local government as contained in the latest decennial census and multiplying the result by 100 to determine the percentage of affordable housing units within the jurisdiction of the local government.

(c) Beginning January 1, 2006, the Illinois Housing Development Authority shall publish on an annual basis a list of exempt and non-exempt local governments and the data that it used to calculate its determination. The data shall be shown for each local government in the State and for the State as a whole.

(d) A local government or developer of affordable housing may appeal the determination of the Illinois Housing Development Authority as to whether the local government is exempt or non-exempt under this Act in connection with an appeal under Section 30 of this Act.
Section 25. Affordable housing plan.
(a) Prior to July 1, 2004, all non-exempt local governments must approve an affordable housing plan.
(b) For the purposes of this Act, the affordable housing plan shall consist of at least the following:
   (i) a statement of the total number of affordable housing units that are necessary to exempt the local government from the operation of this Act as defined in Section 15 and Section 20;
   (ii) an identification of lands within the jurisdiction that are most appropriate for the construction of affordable housing and of existing structures most appropriate for conversion to, or rehabilitation for, affordable housing, including a consideration of lands and structures of developers who have expressed a commitment to provide affordable housing and lands and structures that are publicly or semi-publicly owned;
   (iii) incentives that local governments may provide for the purpose of attracting affordable housing to their jurisdiction; and
   (iv) a goal of a minimum of 15% of all new development or redevelopment within the local government that would be defined as affordable housing in this Act; or a minimum of a 3 percentage point increase in the overall percentage of affordable housing within its jurisdiction, as defined in Section 20 of this Act; or a minimum of a total of 10% of affordable housing within its jurisdiction.
(c) Within 60 days after the adoption of an affordable housing plan or revisions to its affordable housing plan, the local government must submit a copy of that plan to the Illinois Housing Development Authority.

Section 30. Appeal to State Housing Appeals Board.
(a) Beginning January 1, 2006, an affordable housing developer whose application is either denied or approved with conditions that in his or her judgment render the provision of affordable housing infeasible may, within 45 days after the decision, submit to the State Housing Appeals Board information regarding why the developer believes he or she was unfairly denied or conditions were placed upon the tentative approval of the development unless the local government that rendered the decision is exempt under Section 15 or Section 20 of this Act. The Board shall maintain all information forwarded to them by developers and shall compile and make available an annual report summarizing the information thus received.
(b) Beginning January 1, 2009, an affordable housing developer whose application is either denied or approved with conditions that in his or her judgment render the provision of affordable housing infeasible may, within 45 days after the decision, appeal to the State Housing Appeals Board challenging that decision unless the municipality or county that rendered the decision is exempt under Section 15 of this Act. The developer must submit information regarding why the developer believes he or she was unfairly denied or conditions were placed upon the tentative approval of the development unless the local government that rendered the decision is exempt under Section 15 or Section 20 of this Act. The Board shall maintain all information forwarded to them by developers and shall compile and make available an annual report summarizing the information thus received.

New matter indicated by italics - deletions by strikeout
denied or unreasonable conditions were placed upon the tentative approval of the development.

(c) Beginning January 1, 2009, the Board shall render a decision on the appeal within 120 days after the appeal is filed. In its determination of an appeal, the Board shall conduct a de novo review of the matter. In rendering its decision, the Board shall consider the facts and whether the developer was treated in a manner that places an undue burden on the development due to the fact that the development contains affordable housing as defined in this Act. The Board shall further consider any action taken by the unit of local government in regards to granting waivers or variances that would have the effect of creating or prohibiting the economic viability of the development. In any proceeding before the Board, the developer bears the burden of demonstrating that he or she has been unfairly denied or unreasonable conditions have been placed upon the tentative approval for the application for an affordable housing development.

(d) The Board shall dismiss any appeal if:

   (i) the local government has adopted an affordable housing plan as defined in Section 25 of this Act and submitted that plan to the Illinois Housing Development Authority within the time frame required by this Act; and
   (ii) the local government has implemented its affordable housing plan and has met its goal as established in its affordable housing plan as defined in Section 25 of this Act.

(e) The Board shall dismiss any appeal if the reason for denying the application or placing conditions upon the approval is a non-appealable local government requirement under Section 15 of this Act.

(f) The Board may affirm, reverse, or modify the conditions of, or add conditions to, a decision made by the approving authority. The decision of the Board constitutes an order directed to the approving authority and is binding on the local government.

(g) The appellate court has the exclusive jurisdiction to review decisions of the Board.

Section 40. Nonresidential development as part of an affordable housing development.

(a) An affordable housing developer who applies to develop property that contains nonresidential uses in a nonresidential zoning district must designate either at least 50% of the area or at least 50% of the square footage of the development for residential use. Unless adjacent to a residential development, the nonresidential zoning district shall not include property zoned industrial. The applicant bears the burden of proof of demonstrating that the purposes of a nonresidential zoning district will not be impaired by the construction of housing in the zoning district and that the public health and safety of the residents of the affordable housing will not be adversely affected by nonresidential uses either in existence or permitted in that zoning district. The development should be completed simultaneously to the extent possible and shall be unified in design.

New matter indicated by italics - deletions by strikeout
(b) For purposes of subsection (a), the square footage of the residential portion of the development shall be measured by the interior floor area of dwelling units, excluding that portion that is unheated. Square footage of the nonresidential portion shall be calculated according to the gross leasable area.

Section 50. Housing Appeals Board.

(a) Prior to July 1, 2006, a Housing Appeals Board shall be created consisting of 7 members appointed by the Governor as follows:

(1) a retired circuit judge or retired appellate judge, who shall act as chairperson;

(3) a planning board member;
(4) a mayor or municipal council or board member;
(5) a county board member;
(6) an affordable housing developer; and
(7) an affordable housing advocate.

In addition, the Chairman of the Illinois Housing Development Authority, ex officio, shall serve as a non-voting member. No more than 4 of the appointed members may be from the same political party. Appointments under items (2), (3), and (4) shall be from local governments that are not exempt under this Act.

(b) Initial terms of 4 members designated by the Governor shall be for 2 years. Initial terms of 3 members designated by the Governor shall be for one year. Thereafter, members shall be appointed for terms of 2 years. A member shall receive no compensation for his or her services, but shall be reimbursed by the State for all reasonable expenses actually and necessarily incurred in the performance of his or her official duties. The board shall hear all petitions for review filed under this Act and shall conduct all hearings in accordance with the rules and regulations established by the chairperson. The Illinois Housing Development Authority shall provide space and clerical and other assistance that the Board may require.

(c) The Illinois Housing Development Authority may adopt such other rules and regulations as it deems necessary and appropriate to carry out the Board's responsibilities under this Act and to provide direction to local governments and affordable housing developers.

AN ACT in relation to public aid.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Public Aid Code is amended by changing Sections 4-2, 9A-3, 9A-5, 9A-7, 9A-8, 9A-9, 11-1, and 11-20.1 as follows:

(305 ILCS 5/4-2) (from Ch. 23, par. 4-2)
Sec. 4-2. Amount of aid.
(a) The amount and nature of financial aid shall be determined in accordance with the grant amounts, rules and regulations of the Illinois Department. Due regard shall be given to the self-sufficiency requirements of the family and to the income, money contributions and other support and resources available, from whatever source. However, the amount and nature of any financial aid is not affected by the payment of any grant under the "Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act" or any distributions or items of income described under subparagraph (X) of paragraph (2) of subsection (a) of Section 203 of the Illinois Income Tax Act. The aid shall be sufficient, when added to all other income, money contributions and support to provide the family with a grant in the amount established by Department regulation.

(b) The Illinois Department may conduct special projects, which may be known as Grant Diversion Projects, under which recipients of financial aid under this Article are placed in jobs and their grants are diverted to the employer who in turn makes payments to

New matter indicated by italics - deletions by strikeout
the recipients in the form of salary or other employment benefits. The Illinois Department shall by rule specify the terms and conditions of such Grant Diversion Projects. Such projects shall take into consideration and be coordinated with the programs administered under the Illinois Emergency Employment Development Act.

(c) The amount and nature of the financial aid for a child requiring care outside his own home shall be determined in accordance with the rules and regulations of the Illinois Department, with due regard to the needs and requirements of the child in the foster home or institution in which he has been placed.

(d) If the Department establishes grants for family units consisting exclusively of a pregnant woman with no dependent child or including her husband if living with her, the grant amount for such a unit shall be equal to the grant amount for an assistance unit consisting of one adult, or 2 persons if the husband is included. Other than as herein described, an unborn child shall not be counted in determining the size of an assistance unit or for calculating grants.

Payments for basic maintenance requirements of a child or children and the relative with whom the child or children are living shall be prescribed, by rule, by the Illinois Department.

Grants under this Article shall not be supplemented by General Assistance provided under Article VI.

(e) Grants shall be paid to the parent or other person with whom the child or children are living, except for such amount as is paid in behalf of the child or his parent or other relative to other persons or agencies pursuant to this Code or the rules and regulations of the Illinois Department.

(f) Subject to subsection (f-5), an assistance unit, receiving financial aid under this Article or temporarily ineligible to receive aid under this Article under a penalty imposed by the Illinois Department for failure to comply with the eligibility requirements or that voluntarily requests termination of financial assistance under this Article and becomes subsequently eligible for assistance within 9 months, shall not receive any increase in the amount of aid solely on account of the birth of a child; except that an increase is not prohibited when the birth is (i) of a child of a pregnant woman who became eligible for aid under this Article during the pregnancy, or (ii) of a child born within 10 months after the date of implementation of this subsection, or (iii) of a child conceived after a family became ineligible for assistance due to income or marriage and at least 3 months of ineligibility expired before any reapplication for assistance. This subsection does not, however, prevent a unit from receiving a general increase in the amount of aid that is provided to all recipients of aid under this Article.

The Illinois Department is authorized to transfer funds, and shall use any budgetary savings attributable to not increasing the grants due to the births of additional children, to supplement existing funding for employment and training services for recipients of aid under this Article IV. The Illinois Department shall target, to the extent the supplemental

New matter indicated by italics - deletions by strikeout
funding allows, employment and training services to the families who do not receive a grant increase after the birth of a child. In addition, the Illinois Department shall provide, to the extent the supplemental funding allows, such families with up to 24 months of transitional child care pursuant to Illinois Department rules. All remaining supplemental funds shall be used for employment and training services or transitional child care support.

In making the transfers authorized by this subsection, the Illinois Department shall first determine, pursuant to regulations adopted by the Illinois Department for this purpose, the amount of savings attributable to not increasing the grants due to the births of additional children. Transfers may be made from General Revenue Fund appropriations for distributive purposes authorized by Article IV of this Code only to General Revenue Fund appropriations for employability development services including operating and administrative costs and related distributive purposes under Article IXA of this Code. The Director, with the approval of the Governor, shall certify the amount and affected line item appropriations to the State Comptroller.

Nothing in this subsection shall be construed to prohibit the Illinois Department from using funds under this Article IV to provide assistance in the form of vouchers that may be used to pay for goods and services deemed by the Illinois Department, by rule, as suitable for the care of the child such as diapers, clothing, school supplies, and cribs.

(f-5) Subsection (f) shall not apply to affect the monthly assistance amount of any family as a result of the birth of a child on or after January 1, 2004. As resources permit after January 1, 2004, the Department may cease applying subsection (f) to limit assistance to families receiving assistance under this Article on January 1, 2004, with respect to children born prior to that date. In any event, subsection (f) shall be completely inoperative on and after July 1, 2007.

(g) (Blank).

(h) Notwithstanding any other provision of this Code, the Illinois Department is authorized to reduce payment levels used to determine cash grants under this Article after December 31 of any fiscal year if the Illinois Department determines that the caseload upon which the appropriations for the current fiscal year are based have increased by more than 5% and the appropriation is not sufficient to ensure that cash benefits under this Article do not exceed the amounts appropriated for those cash benefits. Reductions in payment levels may be accomplished by emergency rule under Section 5-45 of the Illinois Administrative Procedure Act, except that the limitation on the number of emergency rules that may be adopted in a 24-month period shall not apply and the provisions of Sections 5-115 and 5-125 of the Illinois Administrative Procedure Act shall not apply. Increases in payment levels shall be accomplished only in accordance with Section 5-40 of the Illinois Administrative Procedure Act. Before any rule to increase payment levels promulgated under this Section shall become effective, a joint resolution approving the rule must be adopted by a roll call vote by a majority of the members elected to each chamber of the General Assembly.
Sec. 9A-3. Establishment of Program and Level of Services.

(a) The Illinois Department shall establish and maintain a program to provide recipients with services consistent with the purposes and provisions of this Article. The program offered in different counties of the State may vary depending on the resources available to the State to provide a program under this Article, and no program may be offered in some counties, depending on the resources available. Services may be provided directly by the Illinois Department or through contract. References to the Illinois Department or staff of the Illinois Department shall include contractors when the Illinois Department has entered into contracts for these purposes. The Illinois Department shall provide each recipient who participates with such services available under the program as are necessary to achieve his employability plan as specified in the plan.

(b) The Illinois Department, in operating the program, shall cooperate with public and private education and vocational training or retraining agencies or facilities, the Illinois State Board of Education, the Illinois Community College Board, the Departments of Employment Security and Commerce and Community Affairs or other sponsoring organizations funded under the federal Workforce Investment Job Training Partnership Act and other public or licensed private employment agencies.

Sec. 9A-5. Exempt recipients.

(a) Exempt recipients under Section 9A-4 may volunteer to participate.

(b) Services will be offered to exempt and non-exempt individuals who wish to volunteer to participate only to the extent resources permit.

(c) Exempt and non-exempt individuals who volunteer to participate become program participants upon completion of the initial assessment, development of the employability plan, and assignment to a component. An exempt individual who volunteers to participate may not be sanctioned for not meeting program requirements. Volunteers who fail to attend the orientation or initial assessment meetings or both will not be sanctioned. Exempt and non-exempt individuals who attend the orientation meeting and become program participants by completing the initial assessment, development of the employability plan, and assignment to a component may be sanctioned if they do not meet program requirements without good cause.

The debt service extension base may be established or increased as provided under Section 18-212. "Excluded non-referendum bonds" means (i) bonds authorized by Public Act 88-503 and issued under Section 20a of the Chicago Park District Act for aquarium and museum projects; (ii) bonds issued under Section 15 of the Local Government Debt Reform Act; and or (iii) refunding obligations issued to refund or to continue to refund obligations initially issued pursuant to referendum. The debt service extension base may be established or increased as provided under Section 18-212.

"Special purpose extensions" include, but are not limited to, extensions for levies made on an annual basis for unemployment and workers' compensation, self-insurance, contributions to pension plans, and extensions made pursuant to Section 6-601 of the Illinois Highway Code for a road district's permanent road fund whether levied annually or not. The extension for a special service area is not included in the aggregate extension.

"Aggregate extension base" means the taxing district's last preceding aggregate extension as adjusted under Sections 18-215 through 18-230.

"Levy year" has the same meaning as "year" under Section 1-155.

"New property" means (i) the assessed value, after final board of review or board of appeals action, of new improvements or additions to existing improvements on any parcel of real property that increase the assessed value of that real property during the levy year multiplied by the equalization factor issued by the Department under Section 17-30 and (ii) the assessed value, after final board of review or board of appeals action, of real property not exempt from real estate taxation, which real property was exempt from real estate taxation for any portion of the immediately preceding levy year, multiplied by the equalization factor issued by the Department under Section 17-30. In addition, the county clerk in a county containing a population of 3,000,000 or more shall include in the 1997 recovered tax increment value for any school district, any recovered tax increment value that was applicable to the 1995 tax year calculations.

"Qualified airport authority" means an airport authority organized under the Airport Authorities Act and located in a county bordering on the State of Wisconsin and having a population in excess of 200,000 and not greater than 500,000.

New matter indicated by italics - deletions by strikeout
"Recovered tax increment value" means, except as otherwise provided in this paragraph, the amount of the current year's equalized assessed value, in the first year after a municipality terminates the designation of an area as a redevelopment project area previously established under the Tax Increment Allocation Development Act in the Illinois Municipal Code, previously established under the Industrial Jobs Recovery Law in the Illinois Municipal Code, or previously established under the Economic Development Area Tax Increment Allocation Act, of each taxable lot, block, tract, or parcel of real property in the redevelopment project area over and above the initial equalized assessed value of each property in the redevelopment project area. For the taxes which are extended for the 1997 levy year, the recovered tax increment value for a non-home rule taxing district that first became subject to this Law for the 1995 levy year because a majority of its 1994 equalized assessed value was in an affected county or counties shall be increased if a municipality terminated the designation of an area in 1993 as a redevelopment project area previously established under the Tax Increment Allocation Development Act in the Illinois Municipal Code, previously established under the Industrial Jobs Recovery Law in the Illinois Municipal Code, or previously established under the Economic Development Area Tax Increment Allocation Act, by an amount equal to the 1994 equalized assessed value of each taxable lot, block, tract, or parcel of real property in the redevelopment project area over and above the initial equalized assessed value of each property in the redevelopment project area. In the first year after a municipality removes a taxable lot, block, tract, or parcel of real property from a redevelopment project area established under the Tax Increment Allocation Development Act in the Illinois Municipal Code, the Industrial Jobs Recovery Law in the Illinois Municipal Code, or the Economic Development Area Tax Increment Allocation Act, "recovered tax increment value" means the amount of the current year's equalized assessed value of each taxable lot, block, tract, or parcel of real property removed from the redevelopment project area over and above the initial equalized assessed value of that real property before removal from the redevelopment project area.

Except as otherwise provided in this Section, "limiting rate" means a fraction the numerator of which is the last preceding aggregate extension base times an amount equal to one plus the extension limitation defined in this Section and the denominator of which is the current year's equalized assessed value of all real property in the territory under the jurisdiction of the taxing district during the prior levy year. For those taxing districts that reduced their aggregate extension for the last preceding levy year, the highest aggregate extension in any of the last 3 preceding levy years shall be used for the purpose of computing the limiting rate. The denominator shall not include new property. The denominator shall not include the recovered tax increment value.

Sec. 7-103.102. Quick-take; Bi-State Development Agency; MetroLink Light Rail System. Section 99. Effective date. This Act takes effect upon becoming law.
AN ACT in relation to vehicles.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Vehicle Code is amended by changing Section 18c-7401 as follows:

(625 ILCS 5/18c-7401) (from Ch. 95 1/2, par. 18c-7401)

Sec. 18c-7401. Safety Requirements for Track, Facilities, and Equipment.

(1) General Requirements. Each rail carrier shall, consistent with rules, orders, and regulations of the Federal Railroad Administration, construct, maintain, and operate all of its equipment, track, and other property in this State in such a manner as to pose no undue risk to its employees or the person or property of any member of the public.

(2) Adoption of Federal Standards. The track safety standards and accident/incident standards promulgated by the Federal Railroad Administration shall be safety standards of the Commission. The Commission may, in addition, adopt by reference in its regulations other federal railroad safety standards, whether contained in federal statutes or in regulations adopted pursuant to such statutes.

(3) Railroad Crossings. No public road, highway, or street shall hereafter be constructed across the track of any rail carrier at grade, nor shall the track of any rail carrier be constructed across a public road, highway or street at grade, without having first secured the permission of the Commission; provided, that this Section shall not apply to the replacement of lawfully existing roads, highways and tracks. No public pedestrian bridge or subway shall be constructed across the track of any rail carrier without having first secured the permission of the Commission. The Commission shall have the right to refuse its permission or to grant it upon such terms and conditions as it may prescribe. The Commission shall have power to determine and prescribe the manner, including the particular point of crossing, and the terms of installation, operation, maintenance, use and protection of each such crossing.

The Commission shall also have power, after a hearing, to require major alteration of or to abolish any crossing, heretofore or hereafter established, when in its opinion, the public safety requires such alteration or abolition, and, except in cities, villages and incorporated towns of 1,000,000 or more inhabitants, to vacate and close that part of the highway on such crossing altered or abolished and cause barricades to be erected across such highway in such manner as to prevent the use of such crossing as a highway, when, in the opinion of the Commission, the public convenience served by the crossing in question is not such as to justify the further retention thereof; or to require a separation of grades, at railroad-highway grade crossings; or to require a separation of grades at any proposed crossing where a proposed public highway may cross the tracks of any rail carrier or

New matter indicated by italics - deletions by strikeout
carriers; and to prescribe, after a hearing of the parties, the terms upon which such separations shall be made and the proportion in which the expense of the alteration or abolition of such crossings or the separation of such grades, having regard to the benefits, if any, accruing to the rail carrier or any party in interest, shall be divided between the rail carrier or carriers affected, or between such carrier or carriers and the State, county, municipality or other public authority in interest. However, a public hearing by the Commission to abolish a crossing shall not be required when the public highway authority in interest vacates the highway. In such instance the rail carrier, following notification to the Commission and the highway authority, shall remove any grade crossing warning devices and the grade crossing surface.

The Commission shall also have power by its order to require the reconstruction, minor alteration, minor relocation or improvement of any crossing (including the necessary highway approaches thereto) of any railroad across any highway or public road, pedestrian bridge, or pedestrian subway, whether such crossing be at grade or by overhead structure or by subway, whenever the Commission finds after a hearing or without a hearing as otherwise provided in this paragraph that such reconstruction, alteration, relocation or improvement is necessary to preserve or promote the safety or convenience of the public or of the employees or passengers of such rail carrier or carriers. By its original order or supplemental orders in such case, the Commission may direct such reconstruction, alteration, relocation, or improvement to be made in such manner and upon such terms and conditions as may be reasonable and necessary and may apportion the cost of such reconstruction, alteration, relocation or improvement and the subsequent maintenance thereof, having regard to the benefits, if any, accruing to the railroad or any party in interest, between the rail carrier or carriers and public utilities affected, or between such carrier or carriers and public utilities and the State, county, municipality or other public authority in interest. The cost to be so apportioned shall include the cost of changes or alterations in the equipment of public utilities affected as well as the cost of the relocation, diversion or establishment of any public highway, made necessary by such reconstruction, alteration, relocation or improvement of said crossing. A hearing shall not be required in those instances when the Commission enters an order confirming a written stipulation in which the Commission, the public highway authority or other public authority in interest, the rail carrier or carriers affected, and in instances involving the use of the Grade Crossing Protection Fund, the Illinois Department of Transportation, agree on the reconstruction, alteration, relocation, or improvement and the subsequent maintenance thereof and the division of costs of such changes of any grade crossing (including the necessary highway approaches thereto) of any railroad across any highway, pedestrian bridge, or pedestrian subway.

Every rail carrier operating in the State of Illinois shall construct and maintain every highway crossing over its tracks within the State so that the roadway at the intersection shall be as flush with the rails as superelevated curves will allow, and, unless
otherwise ordered by the Commission, shall construct and maintain the approaches thereto at a grade of not more than 5% within the right of way for a distance of not less the 6 feet on each side of the centerline of such tracks; provided, that the grades at the approaches may be maintained in excess of 5% only when authorized by the Commission.

Every rail carrier operating within this State shall remove from its right of way at all railroad-highway grade crossings within the State, such brush, shrubbery, and trees as is reasonably practical for a distance of not less than 500 feet in either direction from each grade crossing. The Commission shall have power, upon its own motion, or upon complaint, and after having made proper investigation, to require the installation of adequate and appropriate luminous reflective warning signs, luminous flashing signals, crossing gates illuminated at night, or other protective devices in order to promote and safeguard the health and safety of the public. Luminous flashing signal or crossing gate devices installed at grade crossings, which have been approved by the Commission, shall be deemed adequate and appropriate. The Commission shall have authority to determine the number, type, and location of such signs, signals, gates, or other protective devices which, however, shall conform as near as may be with generally recognized national standards, and the Commission shall have authority to prescribe the division of the cost of the installation and subsequent maintenance of such signs, signals, gates, or other protective devices between the rail carrier or carriers, the public highway authority or other public authority in interest, and in instances involving the use of the Grade Crossing Protection Fund, the Illinois Department of Transportation. If the Commission has ordered the installation of luminous flashing signal or crossing gate devices at a grade crossing, the Commission shall order the installation of temporary stop signs at the highway intersection with the grade crossing. The temporary stop signs shall remain in place until the luminous flashing signal or crossing gate devices have been installed. The rail carrier is responsible for the cost of the installation and subsequent maintenance of any required temporary stop signs.

No railroad may change or modify the warning device system at a railroad-highway grade crossing, including warning systems interconnected with highway traffic control signals, without having first received the approval of the Commission. The Commission shall have the further power, upon application, upon its own motion, or upon complaint and after having made proper investigation, to require the interconnection of grade crossing warning devices with traffic control signals at highway intersections located at or near railroad crossings within the distances described by the State Manual on Uniform Traffic Control Devices adopted pursuant to Section 11-301 of this Code. In addition, State and local authorities may not install, remove, modernize, or otherwise modify traffic control signals at a highway intersection that is interconnected or proposed to be interconnected with grade crossing warning devices when the change affects the number, type, or location of traffic control devices on the track approach leg or legs of the intersection or the timing of the railroad preemption sequence of operation until the Commission has approved the
installation, removal, modernization, or modification. Commission approval shall be limited to consideration of issues directly affecting the public safety at the railroad-highway grade crossing. The electrical circuit devices, alternate warning devices, and preemption sequences shall conform as nearly as possible, considering the particular characteristics of the crossing and intersection area, to the State manual adopted by the Illinois Department of Transportation pursuant to Section 11-301 of this Code and such federal standards as are made applicable by subsection (2) of this Section. In order to carry out this authority, the Commission shall have the authority to determine the number, type, and location of traffic control devices on the track approach leg or legs of the intersection and the timing of the railroad preemption sequence of operation. The Commission shall prescribe the division of costs for installation and maintenance of all devices required by this paragraph between the railroad or railroads and the highway authority in interest and in instances involving the use of the Grade Crossing Protection Fund or a State highway, the Illinois Department of Transportation.

Any person who unlawfully or maliciously removes, throws down, damages or defaces any sign, signal, gate or other protective device, located at or near any public grade crossing, shall be guilty of a petty offense and fined not less than $50 nor more than $200 for each offense. In addition to fines levied under the provisions of this Section a person adjudged guilty hereunder may also be directed to make restitution for the costs of repair or replacement, or both, necessitated by his misconduct.

It is the public policy of the State of Illinois to enhance public safety by establishing safe grade crossings. In order to implement this policy, the Illinois Commerce Commission is directed to conduct public hearings and to adopt specific criteria by July 1, 1994, that shall be adhered to by the Illinois Commerce Commission in determining if a grade crossing should be opened or abolished. The following factors shall be considered by the Illinois Commerce Commission in developing the specific criteria for opening and abolishing grade crossings:

(a) timetable speed of passenger trains;
(b) distance to an alternate crossing;
(c) accident history for the last 5 years;
(d) number of vehicular traffic and posted speed limits;
(e) number of freight trains and their timetable speeds;
(f) the type of warning device present at the grade crossing;
(g) alignments of the roadway and railroad, and the angle of intersection of those alignments;
(h) use of the grade crossing by trucks carrying hazardous materials, vehicles carrying passengers for hire, and school buses; and
(i) use of the grade crossing by emergency vehicles.

New matter indicated by italics - deletions by strikeout
The Illinois Commerce Commission, upon petition to open or abolish a grade crossing, shall enter an order opening or abolishing the crossing if it meets the specific criteria adopted by the Commission.

Except as otherwise provided in this subsection (3), in no instance shall a grade crossing be permanently closed without public hearing first being held and notice of such hearing being published in an area newspaper of local general circulation.

(4) Freight Trains - Radio Communications. The Commission shall after hearing and order require that every main line railroad freight train operating on main tracks outside of yard limits within this State shall be equipped with a radio communication system. The Commission after notice and hearing may grant exemptions from the requirements of this Section as to secondary and branch lines.

(5) Railroad Bridges and Trestles - Walkway and Handrail. In cases in which the Commission finds the same to be practical and necessary for safety of railroad employees, bridges and trestles, over and upon which railroad trains are operated, shall include as a part thereof, a safe and suitable walkway and handrail on one side only of such bridge or trestle, and such handrail shall be located at the outer edge of the walkway and shall provide a clearance of not less than 8 feet, 6 inches, from the center line of the nearest track, measured at right angles thereto.

(6) Packages Containing Articles for First Aid to Injured on Trains. All rail carriers shall provide a package containing the articles prescribed by the Commission, on each train or engine, for first aid to persons who may be injured in the course of the operation of such trains.

(7) Abandoned Bridges, Crossings, and Other Rail Plant. The Commission shall have authority, after notice and hearing, to order:
   (a) The removal of any abandoned railroad tracks from roads, streets or other thoroughfares in this State; and
   (b) The removal of abandoned overhead railroad structures crossing highways, waterways, or railroads. The Commission may equitably apportion the cost of such actions between the rail carrier or carriers, public utilities, and the State, county, municipality, township, road district, or other public authority in interest.

(8) Railroad-Highway Bridge Clearance. A vertical clearance of not less than 23 feet above the top of rail shall be provided for all new or reconstructed highway bridges constructed over a railroad track. The Commission may permit a lesser clearance if it determines that the 23 foot clearance standard cannot be justified based on engineering, operational, and economic conditions.

The General Assembly finds that technology has made it possible to electronically record custodial interviews of suspects during first degree murder investigations. This technology will protect law enforcement agencies against claims of abuse and coercion by suspects while providing a memorialized account of interviews at police stations. The technology will also provide a better means for courts to review confessions of suspects with direct evidence of demeanor, tone, manner, and content of statements. The General Assembly intends to create a Custodial Interview Pilot Program to establish 4 pilot programs at police stations in the State of Illinois. For each program, video and audio experts shall install equipment and train participating law enforcement agencies to electronically record custodial interviews at their respective police stations. Participating law enforcement agencies shall choose how to use the equipment in cooperation with the local State's Attorney's office. The participating law enforcement agencies may choose to electronically record interviews of suspects for offenses other than first degree murder if they adopt local protocols in cooperation with the local State's Attorney's office.

(b) Definitions. In this Section:

(1) "Electronically record" means to memorialize by video and audio electronic equipment.

(2) "Custodial interviews" means interviews of suspects during first degree murder investigations or other investigations established by local protocol by law enforcement authorities that take place at the police station.
(c) Custodial Interview Pilot Program. The Authority shall, subject to appropriation, establish a Custodial Interview Pilot Program to operate 4 custodial interview pilot programs. The programs shall be established in a police station in the County of Cook and in 3 other police stations geographically distributed throughout the State. Each participating law enforcement agency must:

(1) Promulgate procedures for recording custodial interviews of suspects during first degree murder investigations by video and audio means.
(2) Promulgate procedures for maintaining and storing video and audio recordings.

(d) Each of the 4 pilot programs established by the Authority shall be in existence for a minimum of 2 years after its establishment under this Act.

(e) Report. No later than one year after the establishment of pilot programs under this Section, the Authority must report to the General Assembly on the efficacy of the Custodial Interview Pilot Program.

(f) The Authority shall adopt rules in cooperation with the Illinois Department of State Police to implement this Section.

Section 6. The Illinois Police Training Act is amended by changing Section 6.1 as follows:

(50 ILCS 705/6.1)
Sec. 6.1. Decertification of full-time and part-time police officers.
(a) The Board must review police officer conduct and records to ensure that no police officer is certified or provided a valid waiver if that police officer has been convicted of a felony offense under the laws of this State or any other state which if committed in this State would be punishable as a felony. The Board must also ensure that no police officer is certified or provided a valid waiver if that police officer has been convicted on or after the effective date of this amendatory Act of 1999 of any misdemeanor specified in this Section or if committed in any other state would be an offense similar to Section 11-6, 11-9.1, 11-14, 11-17, 11-19, 12-2, 12-15, 16-1, 17-1, 17-2, 28-3, 29-1, 31-1, 31-6, 31-7, 32-4a, or 32-7 of the Criminal Code of 1961 or to Section 5 or 5.2 of the Cannabis Control Act. The Board must appoint investigators to enforce the duties conferred upon the Board by this Act.

(b) It is the responsibility of the sheriff or the chief executive officer of every local law enforcement agency or department within this State to report to the Board any arrest or conviction of any officer for an offense identified in this Section.

(c) It is the duty and responsibility of every full-time and part-time police officer in this State to report to the Board within 30 days, and the officer's sheriff or chief executive officer, of his or her arrest or conviction for an offense identified in this Section. Any full-time or part-time police officer who knowingly makes, submits, causes to be submitted, or files a false or untruthful report to the Board must have his or her certificate or waiver immediately decertified or revoked.

New matter indicated by italics - deletions by strikeout
(d) Any person, or a local or State agency, or the Board is immune from liability for submitting, disclosing, or releasing information of arrests or convictions in this Section as long as the information is submitted, disclosed, or released in good faith and without malice. The Board has qualified immunity for the release of the information.

(e) Any full-time or part-time police officer with a certificate or waiver issued by the Board who is convicted of any offense described in this Section immediately becomes decertified or no longer has a valid waiver. The decertification and invalidity of waivers occurs as a matter of law. Failure of a convicted person to report to the Board his or her conviction as described in this Section or any continued law enforcement practice after receiving a conviction is a Class 4 felony.

(f) The Board's investigators are peace officers and have all the powers possessed by policemen in cities and by sheriff's, provided that the investigators may exercise those powers anywhere in the State, only after contact and cooperation with the appropriate local law enforcement authorities.

(g) The Board must request and receive information and assistance from any federal, state, or local governmental agency as part of the authorized criminal background investigation. The Department of State Police must process, retain, and additionally provide and disseminate information to the Board concerning criminal charges, arrests, convictions, and their disposition, that have been filed before, on, or after the effective date of this amendatory Act of the 91st General Assembly against a basic academy applicant, law enforcement applicant, or law enforcement officer whose fingerprint identification cards are on file or maintained by the Department of State Police. The Federal Bureau of Investigation must provide the Board any criminal history record information contained in its files pertaining to law enforcement officers or any applicant to a Board certified basic law enforcement academy as described in this Act based on fingerprint identification. The Board must make payment of fees to the Department of State Police for each fingerprint card submission in conformance with the requirements of paragraph 22 of Section 55a of the Civil Administrative Code of Illinois.

(h) A police officer who has been certified or granted a valid waiver may also be decertified or have his or her waiver revoked upon a determination by the Board that he or she, while under oath, has knowingly and willfully made false statements as to a material fact during a homicide proceeding. A determination may be made only after an investigation and hearing upon a verified complaint filed with the Illinois Law Enforcement Training Standards Board. No action may be taken by the Board regarding a complaint unless a majority of the members of the Board are present at the meeting at which the action is taken.

(1) The Board shall adopt rules governing the investigation and hearing of a verified complaint to assure the police officer due process and to eliminate conflicts of interest within the Board itself.

New matter indicated by italics - deletions by strikeout
(2) Upon receipt of the initial verified complaint, the Board must make a finding within 30 days of receipt of the complaint as to whether sufficient evidence exists to support the complaint. The Board is empowered to investigate and dismiss the complaint if it finds, by a vote of a majority of the members present, that there is insufficient evidence to support it. Upon the initial filing, the sheriff or police chief, or other employing agency, of the accused officer may suspend, with or without pay, the accused officer pending a decision of the Board. Upon a Board finding of insufficient evidence, the police officer shall be reinstated with back pay, benefits, and seniority status as appropriate. The sheriff or police chief, or employing agency, shall take such necessary action as is ordered by the Board.

(3) If the Board finds, by a vote of a majority of the members present, that sufficient evidence exists to support the complaint, it shall authorize a hearing before an administrative law judge within 45 days of the Board's finding, unless, based upon the complexity and extent of the allegations and charges, additional time is needed. In no event may a hearing before an administrative law judge take place later than 60 days after the Board's finding.

(i) The Board shall have the power and authority to appoint administrative law judges on a contractual basis. The Administrative law judges must be attorneys licensed to practice law in the State of Illinois. The Board shall also adopt rules governing the appointment of administrative law judges and the conduct of hearings consistent with the requirements of this Section. The administrative law judge shall hear all evidence and prepare a written recommendation of his or her findings to the Board. At the hearing the accused police officer shall be afforded the opportunity to:

(1) Be represented by counsel;
(2) Be heard in his or her own defense;
(3) Produce evidence in his or her defense;
(4) Request that the Board compel the attendance of witnesses and production of court records and documents.

(j) Once a case has been set for hearing, the person who filed the verified complaint shall have the opportunity to produce evidence to support any charge against a police officer that he or she, while under oath, has knowingly and willfully made false statements as to a material fact during a homicide proceeding.

(1) The person who filed the verified complaint shall have the opportunity to be represented by counsel and shall produce evidence to support his or her charges;
(2) The person who filed the verified complaint may request the Board to compel the attendance of witnesses and production of court records and documents.

(k) The Board shall have the power to issue subpoenas requiring the attendance and testimony of witnesses and the production of court records and documents and shall have the power to administer oaths.
(l) The administrative law judge shall have the responsibility of receiving into evidence relevant testimony and documents, including court records, to support or disprove the allegations made by the person filing the verified complaint, and, at the close of the case, hear arguments. If the administrative law judge finds that there is not clear and convincing evidence to support the verified complaint that the police officer has, while under oath, knowingly and willfully made false statements as to a material fact during a homicide proceeding, the administrative law judge shall make a written recommendation of dismissal to the Board. If the administrative law judge finds that there is clear and convincing evidence to support the verified complaint that the police officer has, while under oath, knowingly and willfully made false statements as to a material fact during a homicide proceeding, the administrative law judge shall make a written recommendation of decertification to the Board.

(m) Any person, with the exception of the police officer who is the subject of the hearing, who is served by the Board with a subpoena to appear, testify or produce evidence and refuses to comply with the subpoena is guilty of a Class B misdemeanor. Any circuit court or judge, upon application by the Board, may compel compliance with a subpoena issued by the Board.

(n) Within 15 days of receiving the recommendation, the Board shall consider the recommendation of the administrative law judge and the record of the hearing at a Board meeting. If, by a two-thirds vote of the members present at the Board meeting, the Board finds that there is clear and convincing evidence that the police officer has, while under oath, knowingly and willfully made false statements as to a material fact during a homicide proceeding, the Board shall order that the police officer be decertified as a full-time or part-time police officer. If less than two-thirds of the members present vote to decertify the police officer, the Board shall dismiss the complaint.

(o) The provisions of the Administrative Review Law shall govern all proceedings for the judicial review of any order rendered by the Board. The moving party shall pay the reasonable costs of preparing and certifying the record for review. If the moving party is the police officer and he or she prevails, the court may award the police officer actual costs incurred in all proceedings, including reasonable attorney fees. If the court awards the police officer the actual costs incurred in a proceeding, including reasonable attorney fees, the costs and attorney fees shall be paid, subject to appropriation, from the Illinois Law Enforcement Training Standards Board Costs and Attorney Fees Fund, a special fund that is created in the State Treasury. The Fund shall consist of moneys appropriated or transferred into the Fund for the purpose of making payments of costs and attorney fees in accordance with this subsection (o). The Illinois Law Enforcement Training Standards Board shall administer the Fund and adopt rules for the administration of the Fund and for the submission and disposition of claims for costs and attorney fees in accordance with this subsection (o).
(p) If the police officer is decertified under subsection (h), the Board shall notify the defendant who was a party to the proceeding that resulted in the police officer's decertification and his or her attorney of the Board's decision. Notification shall be by certified mail, return receipt requested, sent to the party's last known address and to the party's attorney if any.

(q) Limitation of action.

(1) No complaint may be filed pursuant to this Section until after a verdict or other disposition is rendered in the underlying case or the underlying case is dismissed in the trial court.

(2) A complaint pursuant to this Section may not be filed more than 2 years after the final resolution of the case. For purposes of this Section, final resolution is defined as the trial court's ruling on the State post-conviction proceeding in the case in which it is alleged the police officer, while under oath, knowingly and willfully made false statements as to a material fact during a homicide proceeding. In the event a post-conviction petition is not filed, an action pursuant to this Section may not be commenced more than 2 years after the denial of a petition for certiorari to the United States Supreme Court, or if no petition for certiorari is filed, 2 years after the date such a petition should have been filed. In the event of an acquittal, no proceeding may be commenced pursuant to this Section more than 6 years after the date upon which judgment on the verdict of acquittal was entered.

(r) Interested parties. Only interested parties to the criminal prosecution in which the police officer allegedly, while under oath, knowingly and willfully made false statements as to a material fact during a homicide proceeding may file a verified complaint pursuant to this Section. For purposes of this Section, "interested parties" include the defendant and any police officer who has personal knowledge that the police officer who is the subject of the complaint has, while under oath, knowingly and willfully made false statements as to a material fact during a homicide proceeding.

proceeding to determine the existence of factors set forth in subsection (b) and to consider

be conducted:

(1) before the jury that determined the defendant's guilt; or
(2) before a jury impanelled for the purpose of the proceeding if:

New matter indicated by italics - deletions by strikeout
A. the defendant was convicted upon a plea of guilty; or
B. the defendant was convicted after a trial before the court sitting without a jury; or
C. the court for good cause shown discharges the jury that determined the defendant's guilt; or
(3) before the court alone if the defendant waives a jury for the separate proceeding.

e) Evidence and Argument.

During the proceeding any information relevant to any of the factors set forth in subsection (b) may be presented by either the State or the defendant under the rules governing the admission of evidence at criminal trials. Any information relevant to any additional aggravating factors or any mitigating factors indicated in subsection (c) may be presented by the State or defendant regardless of its admissibility under the rules governing the admission of evidence at criminal trials. The State and the defendant shall be given fair opportunity to rebut any information received at the hearing.

f) Proof.

The burden of proof of establishing the existence of any of the factors set forth in subsection (b) is on the State and shall not be satisfied unless established beyond a reasonable doubt.

(g) Procedure - Jury.

If at the separate sentencing proceeding the jury finds that none of the factors set forth in subsection (b) exists, the court shall sentence the defendant to a term of imprisonment under Chapter V of the Unified Code of Corrections. If there is a unanimous finding by the jury that one or more of the factors set forth in subsection (b) exist, the jury shall consider aggravating and mitigating factors as instructed by the court and shall determine whether the sentence of death shall be imposed. If the jury determines unanimously, after weighing the factors in aggravation and mitigation, that death is the appropriate sentence that there are no mitigating factors sufficient to preclude the imposition of the death sentence, the court shall sentence the defendant to death. If the court does not concur with the jury determination that death is the appropriate sentence, the court shall set forth reasons in writing including what facts or circumstances the court relied upon, along with any relevant documents, that compelled the court to non-concur with the sentence. This document and any attachments shall be part of the record for appellate review. The court shall be bound by the jury's sentencing determination.

If after weighing the factors in aggravation and mitigation, one or more jurors determines that death is not the appropriate sentence, unless the jury unanimously finds that there are no mitigating factors sufficient to preclude the imposition of the death sentence the court shall sentence the defendant to a term of imprisonment under Chapter V of the Unified Code of Corrections.

(h) Procedure - No Jury.

New matter indicated by italics - deletions by strikeout
In a proceeding before the court alone, if the court finds that none of the factors found in subsection (b) exists, the court shall sentence the defendant to a term of imprisonment under Chapter V of the Unified Code of Corrections.

If the Court determines that one or more of the factors set forth in subsection (b) exists, the Court shall consider any aggravating and mitigating factors as indicated in subsection (c). If the Court determines, after weighing the factors in aggravation and mitigation, that death is the appropriate sentence that there are no mitigating factors sufficient to preclude the imposition of the death sentence, the Court shall sentence the defendant to death.

If Unless the court finds that there are no mitigating factors sufficient to preclude the imposition of death is not the appropriate sentence, the court shall sentence the defendant to a term of imprisonment under Chapter V of the Unified Code of Corrections.

(h-5) Decertification as a capital case.

In a case in which the defendant has been found guilty of first degree murder by a judge or jury, or a case on remand for resentencing, and the State seeks the death penalty as an appropriate sentence, on the court's own motion or the written motion of the defendant, the court may decertify the case as a death penalty case if the court finds that the only evidence supporting the defendant's conviction is the uncorroborated testimony of an informant witness, as defined in Section 115-21 of the Code of Criminal Procedure of 1963, concerning the confession or admission of the defendant or that the sole evidence against the defendant is a single eyewitness or single accomplice without any other corroborating evidence. If the court decertifies the case as a capital case under either of the grounds set forth above, the court shall issue a written finding. The State may pursue its right to appeal the decertification pursuant to Supreme Court Rule 604(a)(1). If the court does not decertify the case as a capital case, the matter shall proceed to the eligibility phase of the sentencing hearing.

(i) Appellate Procedure.

The conviction and sentence of death shall be subject to automatic review by the Supreme Court. Such review shall be in accordance with rules promulgated by the Supreme Court. The Illinois Supreme Court may overturn the death sentence, and order the imposition of imprisonment under Chapter V of the Unified Code of Corrections if the court finds that the death sentence is fundamentally unjust as applied to the particular case. If the Illinois Supreme Court finds that the death sentence is fundamentally unjust as applied to the particular case, independent of any procedural grounds for relief, the Illinois Supreme Court shall issue a written opinion explaining this finding.

(j) Disposition of reversed death sentence.

In the event that the death penalty in this Act is held to be unconstitutional by the Supreme Court of the United States or of the State of Illinois, any person convicted of first

degree murder shall be sentenced by the court to a term of imprisonment under Chapter V of the Unified Code of Corrections.

In the event that any death sentence pursuant to the sentencing provisions of this Section is declared unconstitutional by the Supreme Court of the United States or of the State of Illinois, the court having jurisdiction over a person previously sentenced to death shall cause the defendant to be brought before the court, and the court shall sentence the defendant to a term of imprisonment under Chapter V of the Unified Code of Corrections.

(k) Guidelines for seeking the death penalty.

The Attorney General and State's Attorneys Association shall consult on voluntary guidelines for procedures governing whether or not to seek the death penalty. The guidelines do not have the force of law and are only advisory in nature.

Business entities that use a telephone monitoring or telephone recording system pursuant to this exemption (j) shall provide current and prospective employees with notice that the monitoring or recordings may occur during the course of their employment. (725 ILCS 5/107A-5 new)

(1) The suspect might not be in the lineup or photo spread and the eyewitness is not obligated to make an identification.

(2) The eyewitness should not assume that the person administering the lineup or photo spread knows which person is the suspect in the case.

(c) Suspects in a lineup or photo spread should not appear to be substantially different from "fillers" or "distracters" in the lineup or photo spread, based on the eyewitness' previous description of the perpetrator, or based on other factors that would draw attention to the suspect.

Sec. 107A-10. Pilot study on sequential lineup procedures.

New matter indicated by italics - deletions by strikeout
(a) Legislative intent. Because the goal of a police investigation is to apprehend the person or persons responsible for committing a crime, it is useful to conduct a pilot study in the field on the effectiveness of the sequential method for lineup procedures.

(b) Establishment of pilot jurisdictions. The Department of State Police shall select 3 police departments to participate in a one-year pilot study on the effectiveness of the sequential lineup method for photo and live lineup procedures. One such pilot jurisdiction shall be a police district within a police department in a municipality whose population is at least 500,000 residents; one such pilot jurisdiction shall be a police department in a municipality whose population is at least 100,000 but less than 500,000; and one such pilot jurisdiction shall be a police department in a municipality whose population is less than 100,000. All such pilot jurisdictions shall be selected no later than January 1, 2004.

(c) Sequential lineup procedures in pilot jurisdictions. For any offense alleged to have been committed in a pilot jurisdiction on or after January 1, 2004, selected lineup identification procedure shall be presented in the sequential method in which a witness is shown lineup participants one at a time, using the following procedures:

1. The witness shall be requested to state whether the individual shown is the perpetrator of the crime prior to viewing the next lineup participant. Only one member of the lineup shall be a suspect and the remainder shall be "fillers" who are not suspects but fit the general description of the offender without the suspect unduly standing out;

2. The lineup administrator shall be someone who is not aware of which member of the lineup is the suspect in the case; and

3. Prior to presenting the lineup using the sequential method the lineup administrator shall:

   A. Inform the witness that the perpetrator may or may not be among those shown, and the witness should not feel compelled to make an identification;

   B. Inform the witness that he or she will view individuals one at a time and will be requested to state whether the individual shown is the perpetrator of the crime, prior to viewing the next lineup participant; and

   C. Ask the witness to state in his or her own words how sure he or she is that the person identified is the actual offender. During the statement, or as soon thereafter as reasonably possible, the witness’s actual words shall be documented.

(d) Application. This Section applies to selected live lineups that are composed and presented at a police station and to selected photo lineups regardless of where presented; provided that this Section does not apply in police investigations in which a spontaneous identification is possible and no lineup procedure is being used. This Section does not affect the right to counsel afforded by the U.S. or Illinois Constitutions or State law at any stage of a criminal proceeding.
(e) Selection of lineups. The participating jurisdictions shall develop a protocol for the selection and administration of lineups which is practical, designed to elicit information for comparative evaluation purposes, and is consistent with objective scientific research methodology.

(f) Training and administrators. The Department of State Police shall offer training to police officers and any other appropriate personnel on the sequential method of conducting lineup procedures in the pilot jurisdictions and the requirements of this Section. The Department of State Police may seek funding for training and administration from the Illinois Criminal Justice Information Authority and the Illinois Law Enforcement Training Standards Board if necessary.

(g) Report on the pilot study. The Department of State Police shall gather information from each of the participating police departments selected as a pilot jurisdiction with respect to the effectiveness of the sequential method for lineup procedures and shall file a report of its findings with the Governor and the General Assembly no later than April 1, 2005.

Sec. 114-13. Discovery in criminal cases.

(a) Discovery procedures in criminal cases shall be in accordance with Supreme Court Rules.

(b) Any public investigative, law enforcement, or other public agency responsible for investigating any homicide offense or participating in an investigation of any homicide offense, other than defense investigators, shall provide to the authority prosecuting the offense all investigative material, including but not limited to reports, memoranda, and field notes, that have been generated by or have come into the possession of the investigating agency concerning the homicide offense being investigated. In addition, the investigating agency shall provide to the prosecuting authority any material or information, including but not limited to reports, memoranda, and field notes, within its possession or control that would tend to negate the guilt of the accused of the offense charged or reduce his or her punishment for the homicide offense. Every investigative and law enforcement agency in this State shall adopt policies to ensure compliance with these standards. Any investigative, law enforcement, or other public agency responsible for investigating any "non-homicide felony" offense or participating in an investigation of any "non-homicide felony" offense, other than defense investigators, shall provide to the authority prosecuting the offense all investigative material, including but not limited to reports and memoranda that have been generated by or have come into the possession of the investigating agency concerning the "non-homicide felony" offense being investigated. In addition, the investigating agency shall provide to the prosecuting authority any material or information, including but not limited to reports and memoranda, within its possession or control that would tend to negate the guilt of the accused of the "non-homicide felony" offense charged or reduce his or her punishment for the "non-homicide felony" offense.

Sec. 114-15. Mental retardation.
(a) In a first degree murder case in which the State seeks the death penalty as an appropriate sentence, any party may raise the issue of the defendant's mental retardation by motion. A defendant wishing to raise the issue of his or her mental retardation shall provide written notice to the State and the court as soon as the defendant reasonably believes such issue will be raised.

(b) The issue of the defendant's mental retardation shall be determined in a pretrial hearing. The court shall be the fact finder on the issue of the defendant's mental retardation and shall determine the issue by a preponderance of evidence in which the moving party has the burden of proof. The court may appoint an expert in the field of mental retardation. The defendant and the State may offer experts from the field of mental retardation. The court shall determine admissibility of evidence and qualification as an expert.

(c) If after a plea of guilty to first degree murder, or a finding of guilty of first degree murder in a bench trial, or a verdict of guilty for first degree murder in a jury trial, or on a matter remanded from the Supreme Court for sentencing for first degree murder, and the State seeks the death penalty as an appropriate sentence, the defendant may raise the issue of defendant's mental retardation not at eligibility but at aggravation and mitigation. The defendant and the State may offer experts from the field of mental retardation. The court shall determine admissibility of evidence and qualification as an expert.

(d) In determining whether the defendant is mentally retarded, the mental retardation must have manifested itself by the age of 18. IQ tests and psychometric tests administered to the defendant must be the kind and type recognized by experts in the field of mental retardation. In order for the defendant to be considered mentally retarded, a low IQ must be accompanied by significant deficits in adaptive behavior in at least 2 of the following skill areas: communication, self-care, social or interpersonal skills, home living, self-direction, academics, health and safety, use of community resources, and work. An intelligence quotient (IQ) of 75 or below is presumptive evidence of mental retardation.

(e) Evidence of mental retardation that did not result in disqualifying the case as a capital case, may be introduced as evidence in mitigation during a capital sentencing hearing. A failure of the court to determine that the defendant is mentally retarded does not preclude the court during trial from allowing evidence relating to mental disability should the court deem it appropriate.
(f) If the court determines at a pretrial hearing or after remand that a capital defendant is mentally retarded, and the State does not appeal pursuant to Supreme Court Rule 604, the case shall no longer be considered a capital case and the procedural guidelines established for capital cases shall no longer be applicable to the defendant. In that case, the defendant shall be sentenced under the sentencing provisions of Chapter V of the Unified Code of Corrections.

Sec. 115-21. Informant testimony.
(a) For the purposes of this Section, "informant" means someone who is purporting to testify about admissions made to him or her by the accused while incarcerated in a penal institution contemporaneously.
(b) This Section applies to any capital case in which the prosecution attempts to introduce evidence of incriminating statements made by the accused to or overheard by an informant.
(c) In any case under this Section, the prosecution shall timely disclose in discovery:
(1) the complete criminal history of the informant;
(2) any deal, promise, inducement, or benefit that the offering party has made or will make in the future to the informant;
(3) the statements made by the accused;
(4) the time and place of the statements, the time and place of their disclosure to law enforcement officials, and the names of all persons who were present when the statements were made;
(5) whether at any time the informant recanted that testimony or statement and, if so, the time and place of the recantation, the nature of the recantation, and the names of the persons who were present at the recantation;
(6) other cases in which the informant testified, provided that the existence of such testimony can be ascertained through reasonable inquiry and whether the informant received any promise, inducement, or benefit in exchange for or subsequent to that testimony or statement; and
(7) any other information relevant to the informant's credibility.
(d) In any case under this Section, the prosecution must timely disclose its intent to introduce the testimony of an informant. The court shall conduct a hearing to determine whether the testimony of the informant is reliable, unless the defendant waives such a hearing. If the prosecution fails to show by a preponderance of the evidence that the informant's testimony is reliable, the court shall not allow the testimony to be heard at trial. At this hearing, the court shall consider the factors enumerated in subsection (c) as well as any other factors relating to reliability.
(e) A hearing required under subsection (d) does not apply to statements covered under subsection (b) that are lawfully recorded.
(f) This Section applies to all death penalty prosecutions initiated on or after the effective date of this amendatory Act of the 93rd General Assembly.

(725 ILCS 5/115-22 new)

Sec. 115-22. Witness inducements. When the State intends to introduce the testimony of a witness in a capital case, the State shall, before trial, disclose to the defendant and to his or her defense counsel the following information, which shall be reduced to writing:

(1) whether the witness has received or been promised anything, including pay, immunity from prosecution, leniency in prosecution, or personal advantage, in exchange for testimony;

(2) any other case in which the witness testified or offered statements against an individual but was not called, and whether the statements were admitted in the case, and whether the witness received any deal, promise, inducement, or benefit in exchange for that testimony or statement; provided that the existence of such testimony can be ascertained through reasonable inquiry;

(3) whether the witness has ever changed his or her testimony;

(4) the criminal history of the witness; and

(5) any other evidence relevant to the credibility of the witness.

(725 ILCS 5/116-3)

Sec. 116-3. Motion for fingerprint or forensic testing not available at trial regarding actual innocence.

(a) A defendant may make a motion before the trial court that entered the judgment of conviction in his or her case for the performance of fingerprint or forensic DNA testing, including comparison analysis of genetic marker groupings of the evidence collected by criminal justice agencies pursuant to the alleged offense, to those of the defendant, to those of other forensic evidence, and to those maintained under subsection (f) of Section 5-4-3 of the Unified Code of Corrections, on evidence that was secured in relation to the trial which resulted in his or her conviction, but which was not subject to the testing which is now requested because the technology for the testing was not available at the time of trial. Reasonable notice of the motion shall be served upon the State.

(b) The defendant must present a prima facie case that:

(1) identity was the issue in the trial which resulted in his or her conviction; and

(2) the evidence to be tested has been subject to a chain of custody sufficient to establish that it has not been substituted, tampered with, replaced, or altered in any material aspect.

(c) The trial court shall allow the testing under reasonable conditions designed to protect the State's interests in the integrity of the evidence and the testing process upon a determination that:
(1) the result of the testing has the scientific potential to produce new, noncumulative evidence materially relevant to the defendant's assertion of actual innocence even though the results may not completely exonerate the defendant;

(2) the testing requested employs a scientific method generally accepted within the relevant scientific community.

(725 ILCS 5/116-5 new)
Sec. 116-5. Motion for DNA database search (genetic marker groupings comparison analysis).
(a) Upon motion by a defendant charged with any offense where DNA evidence may be material to the defense investigation or relevant at trial, a court may order a DNA database search by the Department of State Police. Such analysis may include comparing:
   (1) the genetic profile from forensic evidence that was secured in relation to the trial against the genetic profile of the defendant, 
   (2) the genetic profile of items of forensic evidence secured in relation to trial to the genetic profile of other forensic evidence secured in relation to trial, or
   (3) the genetic profiles referred to in subdivisions (1) and (2) against:
      (i) genetic profiles of offenders maintained under subsection (f) of Section 5-4-3 of the Unified Code of Corrections, or
      (ii) genetic profiles, including but not limited to, profiles from unsolved crimes maintained in state or local DNA databases by law enforcement agencies.

(b) If appropriate federal criteria are met, the court may order the Department of State Police to request the National DNA index system to search its database of genetic profiles.

(c) If requested by the defense, a defense representative shall be allowed to view any genetic marker grouping analysis conducted by the Department of State Police. The defense shall be provided with copies of all documentation, correspondence, including digital correspondence, notes, memoranda, and reports generated in relation to the analysis.

(d) Reasonable notice of the motion shall be served upon the State.

Sec. 122-1. Petition in the trial court.
(a) Any person imprisoned in the penitentiary may institute a proceeding under this Article if the person who asserts that:
   (1) in the proceedings which resulted in his or her conviction there was a substantial denial of his or her rights under the Constitution of the United States or of the State of Illinois or both; or may institute a proceeding under this Article.

conviction that establishes a substantial basis to believe that the defendant is actually innocent by clear and convincing evidence.

(a-5) A proceeding under paragraph (2) of subsection (a) may be commenced within a reasonable period of time after the person's conviction notwithstanding any other provisions of this Article. In such a proceeding regarding actual innocence, if the court determines the petition is frivolous or is patently without merit, it shall dismiss the petition in a written order, specifying the findings of fact and conclusions of law it made in reaching its decision. Such order of dismissal is a final judgment and shall be served upon the petitioner by certified mail within 10 days of its entry.

(b) The proceeding shall be commenced by filing with the clerk of the court in which the conviction took place a petition (together with a copy thereof) verified by affidavit. Petitioner shall also serve another copy upon the State's Attorney by any of the methods provided in Rule 7 of the Supreme Court. The clerk shall docket the petition for consideration by the court pursuant to Section 122-2.1 upon his or her receipt thereof and bring the same promptly to the attention of the court.

(c) Except as otherwise provided in subsection (a-5), if the petitioner is under sentence of death, no proceedings under this Article shall be commenced more than 6 months after the denial of a petition for certiorari to the United States Supreme Court on direct appeal, or more than 6 months from the date for filing such a petition if none is filed, unless the petitioner alleges facts showing that the delay was not due to his or her culpable negligence.

When a defendant has a sentence other than death, no proceedings under this Article shall be commenced more than 6 months after the denial of the Petition for Leave to Appeal to the Illinois Supreme Court, or more than 6 months from the date for filing such a petition if none is filed, unless the petitioner alleges facts showing that the delay was not due to his or her culpable negligence.

This limitation does not apply to a petition advancing a claim of actual innocence.

(d) A person seeking relief by filing a petition under this Section must specify in the petition or its heading that it is filed under this Section. A trial court that has received a petition complaining of a conviction or sentence that fails to specify in the petition or its heading that it is filed under this Section need not evaluate the petition to determine whether it could otherwise have stated some grounds for relief under this Article.

(1) If the petitioner is under sentence of death and is without counsel and alleges that he is without means to procure counsel, he shall state whether or not he wishes counsel to be appointed to represent him. If appointment of counsel is so requested, the court shall appoint counsel if satisfied that the petitioner has no means to procure counsel.

(2) If the petitioner is sentenced to imprisonment and the court determines the petition is frivolous or is patently without merit, it shall dismiss the petition in a written order, specifying the findings of fact and conclusions of law it made in reaching its decision. Such order of dismissal is a final judgment and shall be served upon the petitioner by certified mail within 10 days of its entry.

If the petitioner is under sentence of death, the court shall order the petition to be docketed for further consideration and hearing within one year of the filing of the petition. "Qualified airport authority" means an airport authority organized under the Airport Authorities Act and located in a county bordering on the State of Wisconsin and having a population in excess of 200,000 and not greater than 500,000.

"Recovered tax increment value" means, except as otherwise provided in this paragraph, the amount of the current year's equalized assessed value, in the first year after a municipality terminates the designation of an area as a redevelopment project area previously established under the Tax Increment Allocation Development Act in the Illinois Municipal Code, previously established under the Industrial Jobs Recovery Law in the Illinois Municipal Code, or previously established under the Economic Development Area Tax Increment Allocation Act, of each taxable lot, block, tract, or parcel of real property in the redevelopment project area over and above the initial equalized assessed value of each property in the redevelopment project area. For the taxes which are extended for the 1997 levy year, the recovered tax increment value for a non-home rule taxing district that first became subject to this Law for the 1995 levy year because a majority of its 1994 equalized
assessed value was in an affected county or counties shall be increased if a municipality terminated the designation of an area in 1993 as a redevelopment project area previously established under the Tax Increment Allocation Development Act in the Illinois Municipal Code, previously established under the Industrial Jobs Recovery Law in the Illinois Municipal Code, or previously established under the Economic Development Area Tax Increment Allocation Act, by an amount equal to the 1994 equalized assessed value of each taxable lot, block, tract, or parcel of real property in the redevelopment project area over and above the initial equalized assessed value of each property in the redevelopment project area. In the first year after a municipality removes a taxable lot, block, tract, or parcel of real property from a redevelopment project area established under the Tax Increment Allocation Development Act in the Illinois Municipal Code, the Industrial Jobs Recovery Law in the Illinois Municipal Code, or the Economic Development Area Tax Increment Allocation Act, "recovered tax increment value" means the amount of the current year's equalized assessed value of each taxable lot, block, tract, or parcel of real property removed from the redevelopment project area over and above the initial equalized assessed value of that real property before removal from the redevelopment project area.

Except as otherwise provided in this Section, "limiting rate" means a fraction the numerator of which is the last preceding aggregate extension base times an amount equal to one plus the extension limitation defined in this Section and the denominator of which is the current year's equalized assessed value of all real property in the territory under the jurisdiction of the taxing district during the prior levy year. For those taxing districts that reduced their aggregate extension for the last preceding levy year, the highest aggregate extension in any of the last 3 preceding levy years shall be used for the purpose of computing the limiting rate. The denominator shall not include new property. The denominator shall not include the recovered tax increment value.

AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Sections 14-7.03 and 18-3 as follows:

(105 ILCS 5/14-7.03) (from Ch. 122, par. 14-7.03)
Sec. 14-7.03. Special Education Classes for Children from Orphanages, Foster Family Homes, Children's Homes, or in State Housing Units. If a school district maintains special education classes on the site of orphanages and children's homes, or if children from the orphanages, children's homes, foster family homes, other State agencies, or State residential units for children attend classes for children with disabilities in which the school district is a participating member of a joint agreement, or if the children from the orphanages, children's homes, foster family homes, other State agencies, or State residential units attend classes for the children with disabilities maintained by the school district, then reimbursement shall be paid to eligible districts in accordance with the provisions of this Section by the Comptroller as directed by the State Superintendent of Education.

The amount of tuition for such children shall be determined by the actual cost of maintaining such classes, using the per capita cost formula set forth in Section 14-7.01, such program and cost to be pre-approved by the State Superintendent of Education.

On forms prepared by the State Superintendent of Education, the district shall certify to the regional superintendent the following:

(1) The name of the home or State residential unit with the name of the owner or proprietor and address of those maintaining it;

(2) That no service charges or other payments authorized by law were collected in lieu of taxes therefrom or on account thereof during either of the calendar years included in the school year for which claim is being made;

(3) The number of children qualifying under this Act in special education classes for instruction on the site of the orphanages and children's homes;

(4) The number of children attending special education classes for children with disabilities in which the district is a participating member of a special education joint agreement;

(5) The number of children attending special education classes for children with disabilities maintained by the district;

(6) The computed amount of tuition payment claimed as due, as approved by the State Superintendent of Education, for maintaining these classes.

If a school district makes a claim for reimbursement under Section 18-3 or 18-4 of this Act it shall not include in any claim filed under this Section a claim for such children. Payments authorized by law, including State or federal grants for education of children included in this Section, shall be deducted in determining the tuition amount.

Nothing in this Act shall be construed so as to prohibit reimbursement for the tuition of children placed in for profit facilities. Private facilities shall provide adequate space at the facility for special education classes provided by a school district or joint agreement for children with disabilities who are residents of the facility at no cost to the school district or joint agreement upon request of the school district or joint agreement. If such a private facility provides space at no cost to the district or joint agreement for special education classes provided to children with disabilities who are residents of the facility, the district or joint agreement shall not include any costs for the use of those facilities in its claim for reimbursement.

Reimbursement for tuition may include the cost of providing summer school programs for children with severe and profound disabilities served under this Section. Claims for that reimbursement shall be filed by November 1 and shall be paid on or before December 15 from appropriations made for the purposes of this Section.

The State Board of Education shall establish such rules and regulations as may be necessary to implement the provisions of this Section.

Claims filed on behalf of programs operated under this Section housed in a jail, detention center, or county-owned shelter care facility shall be on an individual student basis only for eligible students with disabilities. These claims shall be in accordance with applicable rules.

Each district claiming reimbursement for a program operated as a group program shall have an approved budget on file with the State Board of Education prior to the initiation of the program's operation. On September 30, December 31, and March 31, the State Board of Education shall voucher payments to group programs based upon the approved budget during the year of operation. Final claims for group payments shall be filed on or before July 15. Final claims for group programs received at the State Board of Education on or before June 15 shall be vouchered by June 30. Final claims received at the

State Board of Education between June 16 and July 15 shall be vouchered by August 30. Claims for group programs received after July 15 shall not be honored.

Each district claiming reimbursement for individual students shall have the eligibility of those students verified by the State Board of Education. On September 30, December 31, and March 31, the State Board of Education shall voucher payments for individual students based upon an estimated cost calculated from the prior year's claim. Final claims for individual students for the regular school term must be received at the State Board of Education by July 15. Claims for individual students received after July 15 shall not be honored. Final claims for individual students shall be vouchered by August 30.

Reimbursement shall be made based upon approved group programs or individual students. The State Superintendent of Education shall direct the Comptroller to pay a specified amount to the district by the 30th day of September, December, March, June, or August, respectively. However, notwithstanding any other provisions of this Section or the School Code, beginning with fiscal year 1994 and each fiscal year thereafter through fiscal year 2002, if the amount appropriated for any fiscal year is less than the amount required for purposes of this Section, the amount required to eliminate any insufficient reimbursement for each district claim under this Section shall be reimbursed on August 30 of the next fiscal year, and the Payments required to eliminate any insufficiency for prior fiscal year claims shall be made before any claims are paid for the current fiscal year. Notwithstanding any other provision of this Section or this Code, beginning with fiscal year 2003, total reimbursement under this Section in any fiscal year is limited to the amount appropriated for that purpose for that fiscal year, and if the amount appropriated for any fiscal year is less than the amount required for purposes of this Section, the insufficiency shall be apportioned pro rata among the school districts seeking reimbursement.

The claim of a school district otherwise eligible to be reimbursed in accordance with Section 14-12.01 for the 1976-77 school year but for this amendatory Act of 1977 shall not be paid unless the district ceases to maintain such classes for one entire school year.

If a school district's current reimbursement payment for the 1977-78 school year only is less than the prior year's reimbursement payment owed, the district shall be paid the amount of the difference between the payments in addition to the current reimbursement payment, and the amount so paid shall be subtracted from the amount of prior year's reimbursement payment owed to the district.

Regional superintendents may operate special education classes for children from orphanages, foster family homes, children's homes or State housing units located within the educational services region upon consent of the school board otherwise so obligated. In electing to assume the powers and duties of a school district in providing and maintaining such a special education program, the regional superintendent may enter into joint agreements with other districts and may contract with public or private schools or the

orphanage, foster family home, children's home or State housing unit for provision of the special education program. The regional superintendent exercising the powers granted under this Section shall claim the reimbursement authorized by this Section directly from the State Board of Education.

Any child who is not a resident of Illinois who is placed in a child welfare institution, private facility, foster family home, State operated program, orphanage or children's home shall have the payment for his educational tuition and any related services assured by the placing agent.

Commencing July 1, 1992, for each disabled student who is placed residentially by a State agency or the courts for care or custody or both care and custody, welfare, medical or mental health treatment or both medical and mental health treatment, rehabilitation, and protection, whether placed there on, before, or after July 1, 1992, the costs for educating the student are eligible for reimbursement under this Section when placement is made by a State agency or the courts. Payments shall be made by the resident district to the district wherein the facility is located no less than once per quarter unless otherwise agreed to in writing by the parties.

When a dispute arises over the determination of the district of residence, the district or districts may appeal the decision in writing to the State Superintendent of Education. The decision of the State Superintendent of Education shall be final.

In the event a district does not make a tuition payment to another district that is providing the special education program and services, the State Board of Education shall immediately withhold 125% of the then remaining annual tuition cost from the State aid or categorical aid payment due to the school district that is determined to be the resident school district. All funds withheld by the State Board of Education shall immediately be forwarded to the school district where the student is being served.

When a child eligible for services under this Section 14-7.03 must be placed in a nonpublic facility, that facility shall meet the programmatic requirements of Section 14-7.02 and its regulations, and the educational services shall be funded only in accordance with this Section 14-7.03.

wherein the State of Illinois maintains and operates any welfare or penal institution on property owned by the State of Illinois, which contains houses, housing units or housing accommodations within a school district, attend grades kindergarten through 12 of the public schools maintained by that school district, the State Superintendent of Education shall direct the State Comptroller to pay a specified amount sufficient to pay the annual tuition cost of such children who attended such public schools during the regular school year ending on June 30 or the summer term for that school year, and the Comptroller shall pay the amount after receipt of a voucher submitted by the State Superintendent of Education.

The amount of the tuition for such children attending the public schools of the district shall be determined by the State Superintendent of Education by multiplying the number of such children in average daily attendance in such schools by 1.2 times the total annual per capita cost of administering the schools of the district. Such total annual per capita cost shall be determined by totaling all expenses of the school district in the educational, operations and maintenance, bond and interest, transportation, Illinois municipal retirement, and rent funds for the school year preceding the filing of such tuition claims less expenditures not applicable to the regular K-12 program, less offsetting revenues from State sources except those from the common school fund, less offsetting revenues from federal sources except those from federal impaction aid, less student and community service revenues, plus a depreciation allowance; and dividing such total by the average daily attendance for the year.

Annually on or before June 30 the superintendent of the district upon forms prepared by the State Superintendent of Education shall certify to the regional superintendent the following:

1. The name of the home and of the organization or association maintaining it; or the legal description of the real estate upon which the house, housing units, or housing accommodations are located and that no taxes or service charges or other payments authorized by law to be made in lieu of taxes were collected therefrom or on account thereof during either of the calendar years included in the school year for which claim is being made;

2. The number of children from the home or living in such houses, housing units or housing accommodations and attending the schools of the district;

3. The total number of children attending the schools of the district;

4. The per capita tuition charge of the district; and

5. The computed amount of the tuition payment claimed as due.

Whenever the persons in charge of such home for orphans, dependent, abandoned or maladjusted children have received from the parent or guardian of any such child or by virtue of an order of court a specific allowance for educating such child, such persons shall pay to the school board in the district where the child attends school such

amount of the allowance as is necessary to pay the tuition required by such district for the education of the child. If the allowance is insufficient to pay the tuition in full the State Superintendent of Education shall direct the Comptroller to pay to the district the difference between the total tuition charged and the amount of the allowance.

Whenever the facilities of a school district in which such house, housing units or housing accommodations are located, are limited, pupils may be assigned by that district to the schools of any adjacent district to the limit of the facilities of the adjacent district to properly educate such pupils as shall be determined by the school board of the adjacent district, and the State Superintendent of Education shall direct the Comptroller to pay a specified amount sufficient to pay the annual tuition of the children so assigned to and attending public schools in the adjacent districts and the Comptroller shall draw his warrant upon the State Treasurer for the payment of such amount for the benefit of the adjacent school districts in the same manner as for districts in which the houses, housing units or housing accommodations are located.

The school district shall certify to the State Superintendent of Education the report of claims due for such tuition payments on or before July 31. Failure on the part of the school board to certify its claim on July 31 shall constitute a forfeiture by the district of its right to the payment of any such tuition claim for the school year. The State Superintendent of Education shall direct the Comptroller to pay to the district, on or before August 15, the amount due the district for the school year in accordance with the calculation of the claim as set forth in this Section.

Claims for tuition for children from any home for orphans or dependent, abandoned, or maladjusted children beginning with the 1993-1994 school year shall be paid on a current year basis. On September 30, December 31, and March 31, the State Board of Education shall voucher payments for districts with those students based on an estimated cost calculated from the prior year's claim. Final claims for those students for the regular school term and summer term must be received at the State Board of Education by July 31 following the end of the regular school year. Final claims for those students shall be vouchered by August 15. During fiscal year 1994 both the 1992-1993 school year and the 1993-1994 school year shall be paid in order to change the cycle of payment from a reimbursement basis to a current year funding basis of payment. However, notwithstanding any other provisions of this Section or the School Code, beginning with fiscal year 1994 and each fiscal year thereafter through fiscal year 2002, if the amount appropriated for any fiscal year is less than the amount required for purposes of this Section, the amount required to eliminate any insufficient reimbursement for each district claim under this Section shall be reimbursed on August 30 of the next fiscal year. Payments required to eliminate any insufficiency for prior fiscal year claims shall be made before any claims are paid for the current fiscal year. Notwithstanding any other provision of this Section or this Code, beginning with fiscal year 2003, total reimbursement under this Section in any fiscal year is limited to the amount appropriated for that purpose for that year.
fiscal year, and if the amount appropriated for any fiscal year is less than the amount required for purposes of this Section, the insufficiency shall be apportioned pro rata among the school districts seeking reimbursement:

If a school district makes a claim for reimbursement under Section 18-4 or 14-7.03 it shall not include in any claim filed under this Section children residing on the property of State institutions included in its claim under Section 18-4 or 14-7.03.

Any child who is not a resident of Illinois who is placed in a child welfare institution, private facility, State operated program, orphanage or children's home shall have the payment for his educational tuition and any related services assured by the placing agent.

In order to provide services appropriate to allow a student under the legal guardianship or custodianship of the State to participate in local school district educational programs, costs may be incurred in appropriate cases by the district that are in excess of 1.2 times the district per capita tuition charge allowed under the provisions of this Section. In the event such excess costs are incurred, they must be documented in accordance with cost rules established under the authority of this Section and may then be claimed for reimbursement under this Section.

Planned services for students eligible for this funding must be a collaborative effort between the appropriate State agency or the student's group home or institution and the local school district.

The Governor shall adopt and implement those policies for all State employees of the executive branch not under the jurisdiction and control of any other executive branch constitutional officer.

(b) The policies required under subsection (a) shall include policies relating to work time requirements, documentation of time worked, documentation for reimbursement for travel on official State business, compensation, and the earning or accrual of State benefits for all State employees who may be eligible to receive those benefits. The policies shall comply with and be consistent with all other applicable laws. For State employees of the legislative branch, the policies shall require those employees to periodically submit time sheets documenting the time spent each day on official State business to the nearest quarter hour; contractual employees of the legislative branch may satisfy the time sheets requirement by complying with the terms of their contract, which shall provide for a means of compliance with this requirement. The policies for State employees of the legislative branch shall require those time sheets to be submitted on paper, electronically, or both and to be maintained in either paper or electronic format by the applicable fiscal office for a period of at least 2 years.

Section 5-10. Ethics training. Each officer and employee must complete, at least annually, an ethics training program conducted by the appropriate ethics officer appointed under the State Gift Ban Act. Each ultimate jurisdictional authority must implement an ethics training program for its officers and employees. A person who fills a vacancy in an elective or appointed position that requires training and a person employed in a position that requires training must complete his or her initial ethics training within 6 months after commencement of his or her office or employment.

Section 5-15. Prohibited political activities.
(a) State employees shall not intentionally perform any prohibited political activity during any compensated time (other than vacation, personal, or compensatory time off). State employees shall not intentionally misappropriate any State property or resources by engaging in any prohibited political activity for the benefit of any campaign for elective office or any political organization.

(b) At no time shall any executive or legislative branch constitutional officer or any official, director, supervisor, or State employee intentionally misappropriate the services of any State employee by requiring that State employee to perform any prohibited political activity (i) as part of that employee's State duties, (ii) as a condition of State employment, or (iii) during any time off that is compensated by the State (such as vacation, personal, or compensatory time off).

(c) A State employee shall not be required at any time to participate in any prohibited political activity in consideration for that State employee being awarded any additional compensation or employee benefit, in the form of a salary adjustment, bonus, compensatory time off, continued employment, or otherwise.

(d) A State employee shall not be awarded any additional compensation or employee benefit, in the form of a salary adjustment, bonus, compensatory time off, continued employment, or otherwise, in consideration for the State employee's participation in any prohibited political activity.

(e) Nothing in this Section prohibits activities that are otherwise appropriate for a State employee to engage in as a part of his or her official State employment duties or activities that are undertaken by a State employee on a voluntary basis as permitted by law.

(f) No person either (i) in a position that is subject to recognized merit principles of public employment or (ii) in a position the salary for which is paid in whole or in part by federal funds and that is subject to the Federal Standards for a Merit System of Personnel Administration applicable to grant-in-aid programs, shall be denied or deprived of State employment or tenure solely because he or she is a member or an officer of a political committee, of a political party, or of a political organization or club.

Section 5-20. Public service announcements.

(a) Except as otherwise provided in this Section, no public service announcement or advertisement that is on behalf of any State administered program and that contains the image or voice of any executive branch constitutional officer or member of the General Assembly shall be broadcast or aired on radio or television or printed in a newspaper at any time on or after the date that the officer or member files his or her nominating petitions for public office and for any time thereafter that the officer or member remains a candidate for any office.

(b) This Section does not apply to communications funded through expenditures required to be reported under Article 9 of the Election Code.
Section 5-30. Prohibited offer or promise. An officer or employee of the executive or legislative branch or a candidate for an executive or legislative branch office may not promise anything of value related to State government, including but not limited to positions in State government, promotions, or salary increases, in consideration for a contribution to a political committee, political party, or other entity that has as one of its purposes the financial support of a candidate for elective office.

Nothing in this Section prevents the making or accepting of voluntary contributions otherwise in accordance with law.

Section 5-35. Contributions on State property. Contributions shall not be intentionally solicited, accepted, offered, or made on State property by public officials, by State employees, by candidates for elective office, by persons required to be registered under the Lobbyist Registration Act, or by any officers, employees, or agents of any political organization, except as provided in this Section. For purposes of this Section, "State property" means any building or portion thereof owned or exclusively leased by the State or any State agency at the time the contribution is solicited, offered, accepted, or made. "State property" does not however, include any portion of a building that is rented or leased from the State or any State agency by a private person or entity.

An inadvertent solicitation, acceptance, offer, or making of a contribution is not a violation of this Section so long as reasonable and timely action is taken to return the contribution to its source.

The provisions of this Section do not apply to the residences of State officers and employees, except that no fundraising events shall be held at residences owned by the State or paid for, in whole or in part, with State funds.

Section 5-40. Fundraising in Sangamon County. For purposes of this Section, the legislature is not considered to be in session on a day that is solely a perfunctory session day or on a day when only a committee is meeting.

During the period beginning June 1 and ending on the first day of fall veto session each year, this Section does not apply to (i) a member of the General Assembly whose legislative or representative district is entirely within Sangamon County or (ii) a candidate for the General Assembly from that legislative or representative district.

Section 5-45. Procurement; revolving door prohibition.

(a) No former State employee may, within a period of one year immediately after termination of State employment, knowingly accept employment or receive compensation
or fees for services from an employer if the employee, during the year immediately preceding termination of State employment, and on behalf of the State or State agency, negotiated in whole or in part one or more contracts with that employer aggregating $25,000 or more.

(b) The requirements of this Section may be waived by the appropriate ultimate jurisdictional authority of the former State employee if that ultimate jurisdictional authority finds in writing that the State's negotiations and decisions regarding the procurement of the contract or contracts were not materially affected by any potential for employment of that employee by the employer.

(c) This Section applies only to persons who terminate an affected position on or after the effective date of this Act.

It is not a violation, however, if it is demonstrated that the officer;

New matter indicated by italics - deletions by strikeout
Sec. 9-8.10. Use of political committee and other reporting organization funds. A political committee, or organization subject to Section 9-7.5, shall not make expenditures:

1. In violation of any law of the United States or of this State.
2. Clearly in excess of the fair market value of the services, materials, facilities, or other things of value received in exchange.
3. For satisfaction or repayment of any debts other than loans made to the committee or to the public official or candidate on behalf of the committee or repayment of goods and services purchased by the committee under a credit agreement. Nothing in this Section authorizes the use of campaign funds to repay personal loans. The repayments shall be made by check written to the person who made the loan or credit agreement. The terms and conditions of any loan or credit agreement to a committee shall be set forth in a written agreement, including but not limited to the method and amount of repayment, that shall be executed by the chairman or treasurer of the committee at the time of the loan or credit agreement. The loan or agreement shall also set forth the rate of interest for the loan, if any, which may not substantially exceed the prevailing market interest rate at the time the agreement is executed.
4. For the satisfaction or repayment of any debts or for the payment of any expenses relating to a personal residence. Campaign funds may not be used as collateral for home mortgages.
5. For clothing or personal laundry expenses, except clothing items rented by the public official or candidate for his or her own use exclusively for a specific campaign-related event, provided that committees may purchase costumes, novelty items, or other accessories worn primarily to advertise the candidacy.
6. For the travel expenses of any person unless the travel is necessary for fulfillment of political, governmental, or public policy duties, activities, or purposes.
7. For membership or club dues charged by organizations, clubs, or facilities that are primarily engaged in providing health, exercise, or recreational services; provided, however, that funds received under this Article may be used to rent the clubs or facilities for a specific campaign-related event.
8. In payment for anything of value or for reimbursement of any expenditure for which any person has been reimbursed by the State or any person. For purposes of this item (8), a per diem allowance is not a reimbursement.
9. For the purchase of or installment payment for a motor vehicle unless the political committee can demonstrate that purchase of a motor vehicle is more cost-effective than leasing a motor vehicle as permitted under this item.
(9) A political committee may lease or purchase and insure, maintain, and repair a motor vehicle if the vehicle will be used primarily for campaign purposes or for the performance of governmental duties. A committee shall not make expenditures for use of the vehicle for non-campaign or non-governmental purposes. Persons using vehicles not purchased or leased by a political committee may be reimbursed for actual mileage for the use of the vehicle for campaign purposes or for the performance of governmental duties. The mileage reimbursements shall be made at a rate not to exceed the standard mileage rate method for computation of business expenses under the Internal Revenue Code.

(10) Directly for an individual's tuition or other educational expenses, except for governmental or political purposes directly related to a candidate's or public official's duties and responsibilities.

(11) For payments to a public official or candidate or his or her family member unless for compensation for services actually rendered by that person. The provisions of this item (11) do not apply to expenditures by a political committee in an aggregate amount not exceeding the amount of funds reported to and certified by the State Board or county clerk as available as of June 30, 1998, in the semi-annual report of contributions and expenditures filed by the political committee for the period concluding June 30, 1998.

(b) The Board shall have the authority to investigate, upon receipt of a verified complaint, violations of the provisions of this Section. The Board may levy a fine on any person who knowingly makes expenditures in violation of this Section and on any person who knowingly makes a malicious and false accusation of a violation of this Section. The Board may act under this subsection only upon the affirmative vote of at least 5 of its members. The fine shall not exceed $500 for each expenditure of $500 or less and shall not exceed the amount of the expenditure plus $500 for each expenditure greater than $500. The Board shall also have the authority to render rulings and issue opinions relating to compliance with this Section.

political committee and a local political committee shall file a copy of each report with the State Board of Elections and the county clerk. Entities subject to Section 9-7.5 shall file reports required by that Section at times provided in this Section and are subject to the penalties provided in this Section. (b) Reports of campaign contributions shall be filed no later than the 15th day next preceding each election including a primary election in connection with which the political committee has accepted or is accepting contributions or has made or is making expenditures. Such reports shall be complete as of the 30th day next preceding each election including a primary election. The Board shall assess a civil penalty not to exceed $5,000 for a violation of this subsection, except that for State officers and candidates and political committees formed for statewide office, the civil penalty may not exceed $10,000. The fine, however, shall not exceed $500 for a first filing violation for filing less than 10 days after the deadline. There shall be no fine if the report is mailed and postmarked at least 72 hours prior to the filing deadline. For the purpose of this subsection, "statewide office" and "State officer" means the Governor, Lieutenant Governor, Attorney General, Secretary of State, Comptroller, and Treasurer. However, a continuing political committee that neither accepts contributions nor makes expenditures on behalf of or in opposition to any candidate or public question on the ballot at an election shall not be required to file the reports heretofore prescribed but may file in lieu thereof a Statement of Nonparticipation in the Election with the Board or the Board and the county clerk.

(b-5) Notwithstanding the provisions of subsection (b) and Section 1.25 of the Statute on Statutes, any contribution of more than $500 or more received in the interim between the last date of the period covered by the last report filed under subsection (b) prior to the election and the date of the election shall be filed with and must actually be received by the State Board of Elections reported within 2 business days after its receipt of such contribution. The State Board shall allow filings of reports of contributions of more than $500 under this subsection (b-5) by political committees that are not required to file electronically to be made by facsimile transmission. For the purpose of this subsection, a contribution is considered received on the date the public official, candidate, or political committee (or equivalent person in the case of a reporting entity other than a political committee) actually receives it or, in the case of goods or services, 2 business days after the date the public official, candidate, committee, or other reporting entity receives the certification required under subsection (b) of Section 9-6. Failure to report each contribution is a separate violation of this subsection. In the final disposition of any matter by the Board on or after the effective date of this amendatory Act of the 93rd General Assembly, the Board may impose fines for violations of this subsection not to exceed 100% of the total amount of the contributions that were untimely reported, but in no case when a fine is imposed shall it be less than 10% of the total amount of the contributions that were untimely reported. When considering the amount of the fine to be imposed, the Board shall consider, but is not limited to, the following factors:
whether in the Board's opinion the violation was committed inadvertently, negligently, knowingly, or intentionally;
(2) the number of days the contribution was reported late; and
(3) past violations of Sections 9-3 and 9-10 of this Article by the committee.
as follows:
(1) if the political committee's or other reporting entity's total receipts, total expenditures, and balance remaining at the end of the last reporting period were each $5,000 or less, then $100 per business day for the first violation, $200 per business day for the second violation, and $300 per business day for the third and subsequent violations;
(2) if the political committee's or other reporting entity's total receipts, total expenditures, and balance remaining at the end of the last reporting period were each more than $5,000, then $200 per business day for the first violation, $400 per business day for the second violation, and $600 per business day for the third and subsequent violations.
(c) In addition to such reports the treasurer of every political committee shall file semi-annual reports of campaign contributions and expenditures no later than July 31st, covering the period from January 1st through June 30th immediately preceding, and no later than January 31st, covering the period from July 1st through December 31st of the preceding calendar year. Reports of contributions and expenditures must be filed to cover the prescribed time periods even though no contributions or expenditures may have been received or made during the period. The Board shall assess a civil penalty not to exceed $5,000 for a violation of this subsection, except that for State officers and candidates and political committees formed for statewide office, the civil penalty may not exceed $10,000. The fine, however, shall not exceed $500 for a first filing violation for filing less than 10 days after the deadline. There shall be no fine if the report is mailed and postmarked at least 72 hours prior to the filing deadline. For the purpose of this subsection, "statewide office" and "State officer" means the Governor, Lieutenant Governor, Attorney General, Secretary of State, Comptroller, and Treasurer.
