20 days of the date on which such owner is notified of the cable television franchisee's intention to construct or install cable television facilities in and upon such building, or upon, beneath or over such real estate. Unless timely notice as herein provided is given by the owner to the cable television franchisee, it will be conclusively presumed that the owner of any such building or real estate does not claim or intend to require a payment of more than $1 in exchange and as just compensation for permitting the installation of cable television facilities within and upon such building, or upon, beneath or over such real estate. In any instance in which a cable television franchisee intends to install cable television facilities as herein provided, written notice of such intention shall be sent by the cable television franchisee to the property owner or to such person, association or managing agent as shall have been appointed or otherwise designated to manage or operate the property. Such notice shall include the address of the property, the name of the cable television franchisee, and information as to the time within which the owner may give notice, demand payment as just compensation and initiate legal proceedings as provided in this subparagraph (c) and subparagraph (d). In any instance in which a community antenna television company intends to install cable television facilities within a residential building containing 12 or more residential units or upon, beneath, or over real estate that is used as a site for 12 or more manufactured housing units, 12 or more mobile homes, or a combination of 12 or more manufactured housing units and mobile homes, the written notice shall further provide that the property owner may require that the community antenna television company submit to the owner written plans identifying the manner in which cable television facilities are to be installed, including the proposed location of coaxial cable. Approval of those plans by the property owner shall not be unreasonably withheld and the owners' consent to and approval of those plans shall be presumed unless, within 30 days after receipt thereof, or in the case of a condominium association, 90 days after receipt thereof, the property owner identifies in writing the specific manner in which those plans deviate from generally accepted construction or safety standards, and unless the property owner contemporaneously submits an alternative construction plan providing for the installation of cable television facilities in an economically feasible manner. The community antenna television company may proceed with the plans originally submitted if an alternative plan is not submitted by the property owner within 30 days, or in the case of a condominium association, 90 days, or if an alternative plan submitted by the property owner fails to comply with generally accepted construction and safety standards or does not provide for the installation of cable television facilities in an economically feasible manner. For purposes of this subsection, "mobile home" and "manufactured housing unit" have the same meaning as in the Illinois Manufactured Housing and Mobile Home Safety Act.

(d) Any owner of a residential building described in subparagraph (a), and any owner of improved or unimproved real estate described in subparagraph (b), who shall have given timely written notice to the cable television franchisee as provided in

subparagraph (c), may assert a claim for just compensation in excess of $1 for permitting the installation of cable television facilities within and upon such building, or upon, beneath or over such real estate. Within 30 days after notice has been given in accordance with subparagraph (c), the owner shall advise the cable television franchisee in writing of the amount claimed as just compensation. If within 60 days after the receipt of the owner's claim, the cable television franchisee has not agreed to pay the amount claimed or some other amount acceptable to the owner, the owner may bring suit to enforce such claim for just compensation in any court of competent jurisdiction and, upon timely demand, may require that the amount of just compensation be determined by a jury. Any such action shall be commenced within 6 months of the notice given by the cable television franchisee pursuant to subparagraph (c) hereof. In any action brought to determine such amount, the owner may submit evidence of a decrease in the fair market value of the property occasioned by the installation or location of the cable on the property, that the owner has a specific alternative use for the space occupied by cable television facilities, the loss of which will result in a monetary loss to the owner, or that installation of cable television facilities within and upon such building or upon, beneath or over such real estate otherwise substantially interferes with the use and occupancy of such building to an extent which causes a decrease in the fair market value of such building or real estate.

(e) Neither the giving of a notice by the owner under subparagraph (c), nor the assertion of a specific claim, nor the initiation of legal action to enforce such claim, as provided under subparagraph (d), shall delay or impair the right of the cable television franchisee to construct or install cable television facilities and maintain cable television services within or upon any building described in subparagraph (a) or upon, beneath or over real estate described in subparagraph (b).

(f) Notwithstanding the foregoing, no community antenna television company shall enter upon any real estate or rights of way in the possession or control of any public utility, railroad or owner or operator of an oil, petroleum product, chemical or gas pipeline to install or remove cable television facilities or to provide underground maintenance or repair services with respect thereto, prior to delivery to the public utility, railroad or pipeline owner or operator of written notice of intent to enter, install, maintain or remove. No entry shall be made until at least 15 business days after receipt of such written notice. Such written notice, which shall be delivered to the registered agent of such public utility, railroad or pipeline owner or operator shall include the following information:

(i) The date of the proposed installation, maintenance, repair or removal and projected length of time required to complete such installation, maintenance, repair or removal;

(ii) The manner and method of such installation, maintenance, repair or removal;

(iii) The location of the proposed entry and path of cable television facilities proposed to be placed, repaired, maintained or removed upon the real estate or right of way; and

(iv) The written agreement of the community antenna television company to indemnify and hold harmless such public utility, railroad or pipeline owner or operator from the costs of any damages directly or indirectly caused by the installation, maintenance, repair, operation, or removal of cable television facilities. Upon request of the public utility, railroad, or owner or operator of an oil, petroleum product, chemical or gas pipeline, the community antenna television company shall provide proof that it has purchased and will maintain a policy or policies of insurance in amounts sufficient to provide coverage for personal injury and property damage losses caused by or resulting from the installation, maintenance, repair or removal of cable television facilities. The written agreement shall provide that the community antenna television company shall maintain such policies of insurance in full force and effect as long as cable television facilities remain on the real estate or right of way.

Within 15 business days of receipt of the written prior notice of entry the public utility, railroad or pipeline owner or operator shall investigate and determine whether or not the proposed entry and installation or repair, maintenance, or removal would create a dangerous condition threatening the safety of the public or the safety of its employees or threatening to cause an interruption of the furnishing of vital transportation, utility or pipeline services and upon so finding shall so notify the community antenna television company of such decision in writing. Initial determination of the existence of such a dangerous condition or interruption of services shall be made by the public utility, railroad or pipeline owner or operator whose real estate or right of way is involved. In the event that the community antenna television company disagrees with such determination, a determination of whether such entry and installation, maintenance, repair or removal would create such a dangerous condition or interrupt services shall be made by a court of competent jurisdiction upon the application of such community antenna television company. An initial written determination of a public utility, railroad, or pipeline owner or operator timely made and transmitted to the community antenna television company, in the absence of a determination by a court of competent jurisdiction finding to the contrary, bars the entry of the community antenna television company upon the real estate or right of way for any purpose.

Any public utility, railroad or pipeline owner or operator may assert a written claim against any community antenna television company for just compensation within 30 days after written notice has been given in accordance with this subparagraph (f). If, within 60 days after the receipt of such claim for compensation, the community antenna television company has not agreed to the amount claimed or some other amount acceptable to the public utility, railroad or pipeline owner or operator, the public utility, railroad or pipeline owner or operator may bring suit to enforce such claim for just compensation in any court of competent jurisdiction and, upon timely demand, may require that the amount of just compensation be determined by a jury. Any such action shall be commenced within 6 months of the notice provided for in this subparagraph (f). In any action brought to

determine such just compensation, the public utility, railroad or pipeline owner or operator may submit such evidence as may be relevant to the issue of just compensation. Neither the assertion of a claim for compensation nor the initiation of legal action to enforce such claim shall delay or impair the right of the community antenna television company to construct or install cable television facilities upon any real estate or rights of way of any public utility, railroad or pipeline owner or operator.

To the extent that the public utility, railroad, or owner or operator of an oil, petroleum product, chemical or gas pipeline deems it appropriate to supervise, monitor or otherwise assist the community antenna television company in connection with the installation, maintenance, repair or removal of cable television facilities upon such real estate or rights of way, the community antenna television company shall reimburse the public utility, railroad or owner or operator of an oil, petroleum product, chemical or gas pipeline for costs reasonable and actually incurred in connection therewith.

The provisions of this subparagraph (f) shall not be applicable to any easements, rights of way or ways for public service facilities in which public utilities, other than railroads, have any interest pursuant to "an Act to revise the law in relation to plats" approved March 21, 1874, and all ordinances enacted pursuant thereto. Such easements, rights of way and ways for public service facilities are hereby declared to be apportionable and upon written request by a community antenna television company, public utilities shall make such easements, rights of way and ways for public service facilities available for the construction, maintenance, repair or removal of cable television facilities provided that such construction, maintenance, repair or removal does not create a dangerous condition threatening the safety of the public or the safety of such public utility employees or threatening to cause an interruption of the furnishing of vital utility service. Initial determination of the existence of such a dangerous condition or interruption of services shall be made by the public utility whose easement, right of way or way for public service facility is involved. In the event the community antenna television company disagrees with such determination, a determination of whether such construction, maintenance, repair or removal would create such a dangerous condition or threaten to interrupt vital utility services, shall be made by a court of competent jurisdiction upon the application of such community antenna television company.

If a county notifies or a county requires a developer to notify a public utility before or after issuing a permit or other authorization for the construction of residential buildings, then the county or developer shall, at the same time, similarly notify any community antenna television system franchised by or within that county.

In addition to such other notices as may be required by this subparagraph (f), a community antenna television company shall not enter upon the real estate or rights of way of any public utility, railroad or pipeline owner or operator for the purposes of above-ground maintenance or repair of its television cable facilities without giving 96 hours prior written notice to the registered agent of the public utility, railroad or pipeline owner or

Section 10. The Illinois Municipal Code is amended by changing Section 11-42-11.1 as follows:

(65 ILCS 5/11-42-11.1) (from Ch. 24, par. 11-42-11.1)

Sec. 11-42-11.1. (a) In any instance in which a municipality has (i) granted a franchise to any community antenna television company or (ii) decided for the municipality itself to construct, operate or maintain a cable television system within a designated area, no property owner, condominium association, managing agent, lessee or other person in possession or control of any residential building located within the designated area shall forbid or prevent any occupant, tenant or lessee of any such building from receiving cable television service from such franchisee or municipality, nor demand or accept payment from any such occupant, tenant or lessee in any form as a condition of permitting the installation of cable television facilities or the maintenance of cable television service in any such building or any portion thereof occupied or leased by such occupant, tenant or lessee, nor shall any such property owner, condominium association, managing agent, lessee or other person discriminate in rental charges or otherwise against any occupant, tenant or lessee receiving cable service; provided, however, that the owner of such building may require, in exchange and as compensation for permitting the installation of cable television facilities within and upon such building, the payment of just compensation by the cable television franchisee which provides such cable television service, said sum to be determined in accordance with the provisions of subparagraphs (c) and (d) hereof, and provided further that the cable television franchisee installing such cable television facilities shall agree to indemnify the owner of such building for any damage caused by the installation, operation or removal of such cable television facilities and service.

No community antenna television company shall install cable television facilities within a residential building pursuant to this subparagraph (a) unless an occupant, tenant or lessee of such residential building requests the delivery of cable television services. In any instance in which a request for service is made by more than 3 occupants, tenants or lessees of a residential building, the community antenna television company may install cable television facilities throughout the building in a manner which enables the community antenna television company to provide cable television services to occupants, tenants or lessees of other residential units without requiring the installation of additional cable television facilities other than within the residential units occupied by such other occupants, tenants or lessees.

(b) In any instance in which a municipality has (i) granted a franchise to any community antenna television company or (ii) decided for the municipality itself to construct, operate or maintain a cable television system within a designated area, no property owner, condominium association, managing agent, lessee or other person in possession and control of any improved or unimproved real estate located within such designated area shall forbid or prevent such cable television franchisee or municipality from entering upon such real estate for the purpose of and in connection with the construction or installation of such cable television system and cable television facilities, nor shall any such property owner, condominium association, managing agent, lessee or other person in possession or control of such real estate forbid or prevent such cable television franchisee or municipality from constructing or installing upon, beneath or over such real estate, including any buildings or other structures located thereon, hardware, cable, equipment, materials or other cable television facilities utilized by such cable franchisee or municipality in the construction and installation of such cable television system; provided, however, that the owner of any such real estate may require, in exchange and as compensation for permitting the construction or installation of cable television facilities upon, beneath or over such real estate, the payment of just compensation by the cable television franchisee which provides such cable television service, said sum to be determined in accordance with the provisions of subparagraphs (c) and (d) hereof, and provided further that the cable television franchisee constructing or installing such cable television facilities shall agree to indemnify the owner of such real estate for any damage caused by the installation, operation or removal of such cable television facilities and service.

(c) In any instance in which the owner of a residential building or the owner of improved or unimproved real estate intends to require the payment of just compensation in excess of $1 in exchange for permitting the installation of cable television facilities in and upon such building, or upon, beneath or over such real estate, the owner shall serve written notice thereof upon the cable television franchisee. Any such notice shall be served within 20 days of the date on which such owner is notified of the cable television franchisee's intention to construct or install cable television facilities in and upon such building, or upon, beneath or over such real estate. Unless timely notice as herein provided is given by the owner to the cable television franchisee, it will be conclusively presumed that the owner of any such building or real estate does not claim or intend to require a payment of more than $1 in exchange and as just compensation for permitting the installation of cable television facilities within and upon such building, or upon, beneath or over such real estate. In any instance in which a cable television franchisee intends to install cable television facilities as herein provided, written notice of such intention shall be sent by the cable television franchisee to the property owner or to such person, association or managing agent as shall have been appointed or otherwise designated to manage or operate the property. Such notice shall include the address of the property, the name of the cable service provider and the general purpose of the proposed installation of cable television facilities.

television franchisee, and information as to the time within which the owner may give notice, demand payment as just compensation and initiate legal proceedings as provided in this subparagraph (c) and subparagraph (d). In any instance in which a community antenna television company intends to install cable television facilities within a residential building containing 12 or more residential units or upon, beneath, or over real estate that is used as a site for 12 or more manufactured housing units, 12 or more mobile homes, or a combination of 12 or more manufactured housing units and mobile homes, the written notice shall further provide that the property owner may require that the community antenna television company submit to the owner written plans identifying the manner in which cable television facilities are to be installed, including the proposed location of coaxial cable. Approval of such plans by the property owner shall not be unreasonably withheld and such owners' consent to and approval of such plans shall be presumed unless, within 30 days after receipt thereof, or in the case of a condominium association, 90 days after receipt thereof, the property owner identifies in writing the specific manner in which such plans deviate from generally accepted construction or safety standards, and unless the property owner contemporaneously submits an alternative construction plan providing for the installation of cable television facilities in an economically feasible manner. The community antenna television company may proceed with the plans originally submitted if an alternative plan is not submitted by the property owner within 30 days, or in the case of a condominium association, 90 days, or if an alternative plan submitted by the property owner fails to comply with generally accepted construction and safety standards or does not provide for the installation of cable television facilities in an economically feasible manner. For purposes of this subsection, "mobile home" and "manufactured housing unit" have the same meaning as in the Illinois Manufactured Housing and Mobile Home Safety Act.

(d) Any owner of a residential building described in subparagraph (a), and any owner of improved or unimproved real estate described in subparagraph (b), who shall have given timely written notice to the cable television franchisee as provided in subparagraph (c), may assert a claim for just compensation in excess of $1 for permitting the installation of cable television facilities within and upon such building, or upon, beneath or over such real estate. Within 30 days after notice has been given in accordance with subparagraph (c), the owner shall advise the cable television franchisee in writing of the amount claimed as just compensation. If within 60 days after the receipt of the owner's claim, the cable television franchisee has not agreed to pay the amount claimed or some other amount acceptable to the owner, the owner may bring suit to enforce such claim for just compensation in any court of competent jurisdiction and, upon timely demand, may require that the amount of just compensation be determined by a jury. Any such action shall be commenced within 6 months of the notice given by the cable television franchisee pursuant to subparagraph (c) hereof. occasioned by the installation or location of the cable on the property, that the owner has a specific alternative use for the space occupied by cable television facilities, the loss of which will result in a monetary loss to the owner, or that installation of cable television facilities within and upon such building or upon, beneath or over such real estate otherwise substantially interferes with the use and occupancy of such building to an extent which causes a decrease in the fair market value of such building or real estate.

(e) Neither the giving of a notice by the owner under subparagraph (c), nor the assertion of a specific claim, nor the initiation of legal action to enforce such claim, as provided under subparagraph (d), shall delay or impair the right of the cable television franchisee to construct or install cable television facilities and maintain cable television services within or upon any building described in subparagraph (a) or upon, beneath or over real estate described in subparagraph (b).

(f) Notwithstanding the foregoing, no community antenna television company or municipality shall enter upon any real estate or rights of way in the possession or control of any public utility, railroad or owner or operator of an oil, petroleum product, chemical or gas pipeline to install or remove cable television facilities or to provide underground maintenance or repair services with respect thereto, prior to delivery to the public utility, railroad or pipeline owner or operator of written notice of intent to enter, install, maintain or remove. No entry shall be made until at least 15 business days after receipt of such written notice. Such written notice, which shall be delivered to the registered agent of such public utility, railroad or pipeline owner or operator shall include the following information:

(i) The date of the proposed installation, maintenance, repair or removal and projected length of time required to complete such installation, maintenance, repair or removal;

(ii) The manner and method of such installation, maintenance, repair or removal;

(iii) The location of the proposed entry and path of cable television facilities proposed to be placed, repaired, maintained or removed upon the real estate or right of way; and

(iv) The written agreement of the community antenna television company to indemnify and hold harmless such public utility, railroad or pipeline owner or operator from the costs of any damages directly or indirectly caused by the installation, maintenance, repair, operation, or removal of cable television facilities. Upon request of the public utility, railroad, or owner or operator of an oil, petroleum product, chemical or gas pipeline, the community antenna television company shall provide proof that it has purchased and will maintain a policy or policies of insurance in amounts sufficient to provide coverage for personal injury and property damage losses caused by or resulting from the installation, maintenance, repair or removal of cable television facilities. The written agreement shall provide that the community antenna television company shall
maintain such policies of insurance in full force and effect as long as cable television facilities remain on the real estate or right of way.

Within 15 business days of receipt of the written prior notice of entry the public utility, railroad or pipeline owner or operator shall investigate and determine whether or not the proposed entry and installation or repair, maintenance, or removal would create a dangerous condition threatening the safety of the public or the safety of its employees or threatening to cause an interruption of the furnishing of vital transportation, utility or pipeline services and upon so finding shall so notify the community antenna television company or municipality of such decision in writing. Initial determination of the existence of such a dangerous condition or interruption of services shall be made by the public utility, railroad or pipeline owner or operator whose real estate or right of way is involved. In the event that the community antenna television company or municipality disagrees with such determination, a determination of whether such entry and installation, maintenance, repair or removal would create such a dangerous condition or interrupt services shall be made by a court of competent jurisdiction upon the application of such community antenna television company or municipality. An initial written determination of a public utility, railroad, or pipeline owner or operator timely made and transmitted to the community antenna television company or municipality, in the absence of a determination by a court of competent jurisdiction finding to the contrary, bars the entry of the community antenna television company or municipality upon the real estate or right of way for any purpose.

Any public utility, railroad or pipeline owner or operator may assert a written claim against any community antenna television company for just compensation within 30 days after written notice has been given in accordance with this subparagraph (f). If, within 60 days after the receipt of such claim for compensation, the community antenna television company has not agreed to the amount claimed or some other amount acceptable to the public utility, railroad or pipeline owner or operator, the public utility, railroad or pipeline owner or operator may bring suit to enforce such claim for just compensation in any court of competent jurisdiction and, upon timely demand, may require that the amount of just compensation be determined by a jury. Any such action shall be commenced within 6 months of the notice provided for in this subparagraph (f). In any action brought to determine such just compensation, the public utility, railroad or pipeline owner or operator may submit such evidence as may be relevant to the issue of just compensation. Neither the assertion of a claim for compensation nor the initiation of legal action to enforce such claim shall delay or impair the right of the community antenna television company to construct or install cable television facilities upon any real estate or rights of way of any public utility, railroad or pipeline owner or operator.

estate or rights of way, the community antenna television company shall reimburse the public utility, railroad or owner or operator of an oil, petroleum product, chemical or gas pipeline for costs reasonable and actually incurred in connection therewith.

The provisions of this subparagraph (f) shall not be applicable to any easements, rights of way or ways for public service facilities in which public utilities, other than railroads, have any interest pursuant to "An Act to revise the law in relation to plats", approved March 21, 1874, as amended, and all ordinances enacted pursuant thereto. Such easements, rights of way and ways for public service facilities are hereby declared to be apportionable and upon written request by a community antenna television company, public utilities shall make such easements, rights of way and ways for public service facilities available for the construction, maintenance, repair or removal of cable television facilities provided that such construction, maintenance, repair or removal does not create a dangerous condition threatening the safety of the public or the safety of such public utility employees or threatening to cause an interruption of the furnishing of vital utility service. Initial determination of the existence of such a dangerous condition or interruption of services shall be made by the public utility whose easement, right of way or way for public service facility is involved. In the event the community antenna television company or municipality disagrees with such determination, a determination of whether such construction, maintenance, repair or removal would create such a dangerous condition or threaten to interrupt vital utility services, shall be made by a court of competent jurisdiction upon the application of such community antenna television company.

If a municipality notifies or a municipality requires a developer to notify a public utility before or after issuing a permit or other authorization for the construction of residential buildings, then the municipality or developer shall, at the same time, similarly notify any community antenna television system franchised by or within that municipality.

AN ACT concerning public construction.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Public Construction Bond Act is amended by changing Section 1 as follows:

(30 ILCS 550/1) (from Ch. 29, par. 15)
Sec. 1. Except as otherwise provided by this Act, all officials, boards, commissions or agents of this State, or of any political subdivision thereof in making contracts for public work of any kind costing over $5,000 to be performed for the State, or a political subdivision thereof shall require every contractor for the work to furnish, supply and deliver a bond to the State, or to the political subdivision thereof entering into the
contact, as the case may be, with good and sufficient sureties. The amount of the bond shall be fixed by the officials, boards, commissions, commissioners or agents, and the bond, among other conditions, shall be conditioned for the completion of the contract, for the payment of material used in the work and for all labor performed in the work, whether by subcontractor or otherwise.

If the contract is for emergency repairs as provided in the Illinois Procurement Code, proof of payment for all labor, materials, apparatus, fixtures, and machinery may be furnished in lieu of the bond required by this Section.

Each such bond is deemed to contain the following provisions whether such provisions are inserted in such bond or not:

"The principal and sureties on this bond agree that all the undertakings, covenants, terms, conditions and agreements of the contract or contracts entered into between the principal and the State or any political subdivision thereof will be performed and fulfilled and to pay all persons, firms and corporations having contracts with the principal or with subcontractors, all just claims due them under the provisions of such contracts for labor performed or materials furnished in the performance of the contract on account of which this bond is given, when such claims are not satisfied out of the contract price of the contract on account of which this bond is given, after final settlement between the officer, board, commission or agent of the State or of any political subdivision thereof and the principal has been made."

The surety bond required by this Section may be acquired from the company, agent or broker of the contractor's choice. The bond and sureties shall be subject to the right of reasonable approval or disapproval, including suspension, by the State or political subdivision thereof concerned. In the case of State construction contracts, a contractor shall not be required to post a cash bond or letter of credit in addition to or as a substitute for the surety bond required by this Section.

When other than motor fuel tax funds, federal-aid funds, or other funds received from the State are used, a political subdivision may allow the contractor to provide a non-diminishing irrevocable bank letter of credit, in lieu of the bond required by this Section, on contracts under $100,000 to comply with the requirements of this Section. Any such bank letter of credit shall contain all provisions required for bonds by this Section.

Section 5. The Special Assessment Supplemental Bond and Procedures Act is amended by changing Section 55 as follows:

(50 ILCS 460/55)
Sec. 55. County clerk may collect. Pursuant to the Illinois constitutional and statutory provisions relating to intergovernmental cooperation, the county clerk of any county in which property subject to a special assessment is located may, but shall not be required to, agree to mail bills for a special assessment with the regular tax bills of the county, or otherwise as may be provided by a special assessment law. If the clerk agrees to mail such bills with the regular tax bills, then the annual amount due as of January 2 shall become due instead in even installments with each tax bill made during the year in which such January 2 date occurs, thus deferring to later date in the year the obligation to pay the assessments. If the county clerk does not agree to mail the bills, or if the municipality declines to request the county clerk to mail the bills, the municipality may bill the annual amount due, as of January 2nd, in 2 even installments due on or about the due date for the real estate tax bills issued by the county clerk during the year in which the January 2nd date occurs, thereby deferring the obligation to pay the assessment installment to later dates in that year.

Sec. 1-15. Powers and duties of Director. The Director has all powers necessary and proper to fully and effectively execute the provisions of this Code and has the general duty to implement this Code. The Director's powers and duties include, but are not limited to, the following:

(1) The Director may, upon application, issue or refuse to issue licenses under this Code, and the Director may extend, renew, reinstate, suspend, revoke, or accept voluntary surrender of licenses under this Code.

(2) The Director shall examine and inspect each licensee at least once each calendar year. The examination shall cover all aspects of the grain operations of the licensee, including but not necessarily limited to options trades and programs and farmer marketing programs.

The Department shall perform one of 3 types of examinations of licensees.

New matter indicated by italics - deletions by strikeout
(A) Basic Examination. The basic examination shall be performed when the licensee's merchandising and trade practices involve minimal market risk, which might include those situations in which the licensee uses cash back-to-back contracts, traditional hedges with the Chicago Board of Trade, and price later contracts. The specific components and guidelines of the basic examination are to be as provided by rule, but shall at a minimum include verification of grain quality and quantity, reconciliation of records with grain transactions, computation of current ratios, and checking of posting procedures for accuracy.

(B) Intermediate Examination. The intermediate examination shall be performed when the licensee's merchandising and trade practices involve an increased amount of risk, which might include those situations in which the licensee uses guaranteed minimum price contracts, purchases options, or writes options. This examination shall include all those things performed as part of the basic examination. In addition, the specific components and guidelines of the intermediate examination are to be as provided by rule, but shall at a minimum include verification of grain quality and quantity, reconciliation of records with grain transactions, and checking of posting procedures for accuracy.

(C) Advanced Examination. The advanced examination shall be performed when the licensee's merchandising and grain trading practices involve the most risk, which might include those situations in which the licensee has discretionary trading authority from producers, uses premium offer type contracts, or has contracts with producers that cover multiple crop years. This examination shall include all those things performed as part of the basic examination and the intermediate examination. In addition, the specific components and guidelines of the advanced examination are to be provided by rule, but shall at a minimum include grain market risk evaluation and appropriate levels thereof for the licensee and adequacy of internal controls.

Using these guidelines, the Department shall determine the level of examination to be applied to each licensee. In addition, the Department may, in its sole discretion, engage the services of accounting experts, grain risk management experts, or both as part of any intermediate or advanced examination. The Regulatory Fund may be used as a source of payment for the services of accounting experts, grain risk management experts, or both.

The Director may inspect the premises used by a licensee at any time. The books, accounts, records, and papers of a licensee are at all times during business hours subject to inspection by the Director. Each licensee may also be required to make reports of its activities, obligations, and transactions that are deemed necessary by the Director to determine whether the interests of producers and the holders of warehouse receipts are adequately protected and safeguarded. The Director may take action or issue orders that in the opinion of the Director are necessary to prevent fraud upon or discrimination against producers or depositors of grain by a licensee. The sole and exclusive means of halting the
warehouse and grain dealer business activities of a licensee, however, are set forth in Section 15-40 relating to suspension and revocation of licenses.

(3) The Director may, upon his or her initiative or upon the written verified complaint of any person setting forth facts that if proved would constitute grounds for a refusal to issue or renew a license or for a suspension or revocation of a license, investigate the actions of any person applying for, holding, or claiming to hold a license or any related party of that person.

(4) The Director (but not the Director's designee) may issue subpoenas and bring before the Department any person and take testimony either at an administrative hearing or by deposition with witness fees and mileage fees and in the same manner as prescribed in the Code of Civil Procedure. The Director or the Director's designee may administer oaths to witnesses at any proceeding that the Department is authorized by law to conduct. The Director (but not the Director's designee) may issue subpoenas duces tecum to command the production of records relating to a licensee, guarantor, related business, related person, or related party. Subpoenas are subject to the rules of the Department.

(5) Notwithstanding other judicial remedies, the Director may file a complaint and apply for a temporary restraining order or preliminary or permanent injunction restraining or enjoining any person from violating or continuing to violate this Code or its rules.

(6) The Director shall act as Trustee for the Trust Account, act as Trustee over all collateral, guarantees, grain assets, and equity assets held by the Department for the benefit of claimants, and exercise certain powers and perform related duties under Section 20-5 of this Code and Section 205-410 of the Department of Agriculture Law (20 ILCS 205/205-410), except that the provisions of the Trust and Trustees Act do not apply to the Trust Account or any other trust created under this Code.

(7) The Director shall personally serve as president of the Corporation.

(8) The Director shall collect and deposit all monetary penalties, printer registration fees, funds, and assessments authorized under this Code into the Fund.

(9) The Director may initiate any action necessary to pay refunds from the Fund. The Director may initiate refunds for errors of assessments that do not exceed $2,000 per licensee, lender, or grain seller without authorization by the Board.

(10) The Director shall maintain a holding corporation to receive, hold title to, and liquidate assets of or relating to a failed licensee, including assets in reference to collateral or guarantees, and deposit the proceeds into the Fund.

(11) The Director may initiate, participate in, or withdraw from any proceedings to liquidate and collect upon grain assets, equity assets, collateral, and guarantees relating to a failed licensee, including, but not limited to, all powers needed to carry out the provisions of Section 20-15.

(12) The Director, as Trustee or otherwise, may take any action that may be reasonable or appropriate to enforce this Code and its rules.

(6) After an assessment under paragraph (1) and (2) of this subsection (d) is instituted, the amount of any unpaid installments for the assessment shall not be adjusted based upon any change in the financial statements or licensed storage capacity of a licensee.

(7) If the due date for the payment by a licensee of the third assessment under subsections (b) and (c) of this Section 5-30 is after the assessment determination date, that licensee shall not be subject to any of the 4 installments of an assessment under paragraphs (1) and (2) of this subsection (d).

(8) The Department shall immediately deposit all paid assessments into the Fund. If the due date for the payment by a licensee of the third assessment is after September 1st in a year when the equity in the Fund is below $3,000,000, that licensee shall not be subject to a subsequent assessment for that year.

(J) A federal warehouseman who participated in the Fund under Section 30-10 and who subsequently received an Illinois license to the extent the storage capacity of the warehouseman was assessed under this Code prior to Illinois licensing.

(f) Grain seller initial assessments and regular assessments. Assessments under this subsection (f) apply only to the first sale of grain to a grain dealer at an Illinois location.

(1) The grain seller initial assessment period is that period of time beginning on the effective date of this amendatory Act of the 93rd General Assembly and ending on the first assessment determination date thereafter when the equity in the fund is at least $6,000,000.

(2) Subject to paragraph (3) of this subsection (f) (i) if during the grain seller initial assessment period the equity in the Fund is less than $3,000,000 or (ii) if at any time after the grain seller initial assessment period the equity in the Fund is less than $2,000,000, on the first working day of a calendar quarter when a grain seller is not already subject to an assessment under this subsection (f) (the assessment determination date), each person who settles for grain (sold to a grain dealer at an Illinois location) during the 12-month period commencing on the first day of the succeeding calendar quarter (the assessment period) shall pay an assessment equal to $0.0004 multiplied by the net market value of grain settled for (payment received for grain sold).

(5) All assessments under this subsection (f) shall commence on the first day of the calendar quarter immediately following the assessment determination date and shall continue for a period of 12 consecutive calendar months. The assessments shall be collected by licensees at the time of settlement during the assessment period, and shall be remitted by licensees to the Department by the twentieth day of each calendar quarter, commencing with the second calendar quarter following the assessment determination date. The Department shall give written notice to all licensees of when an assessment under this subsection (f) is to begin and end, and the appropriate level of the assessment, by mail within 20 days after the assessment determination date.

(6) Assessments under this subsection (f) apply only to grain for which settlement is made during the assessment period, without regard to the date the grain was sold to the licensee.

(7) The collection and remittance of assessments from first sellers of grain under this subsection (f) is the sole responsibility of the licensees to whom the grain is sold. Sellers of grain shall not be penalized by reason of any licensee’s failure to comply with this subsection (f). Failure of a licensee to collect any assessment shall not relieve the grain seller from paying the assessment, and the grain seller shall promptly remit the uncollected assessments upon demand by the licensee, which may be accounted for in settlement of grain subsequently sold to that licensee. Licensees who do not collect assessments as required by this subsection (f), or who do not remit those assessments to the Department within the time deadlines required by this subsection (f), shall remit the amount of the assessments that should have been remitted to the Department and in addition shall be subject to a monetary penalty in an amount not to exceed $1,000.

(1) Subject to the provisions of this subsection (g), if on the first working day of a calendar quarter when a person is not already subject to an assessment under this subsection (g) the equity in the Fund is less than $6,000,000, each person holding warehouse receipts issued from an Illinois location on grain owned or stored by a licensee to secure a loan to that licensee shall be assessed a quarterly lender assessment for each of 4 consecutive calendar quarters beginning with the calendar quarter next succeeding the assessment determination date.

(2) Each quarterly lender assessment shall be at the rate of $0.00000055 per bushel per day for bushels covered by a warehouse receipt held

as security for the loan during that calendar quarter times the applicable commodity price times the lender assessment multiplier, if any, determined by the Department in accordance with paragraph (3) of this subsection (g). With respect to each calendar quarter within the assessment period, the "applicable commodity price" shall be the closing price paid by the licensee on the last working day of that calendar quarter for the base commodity for which the warehouse receipt was issued.

(3) With respect to the second assessment period beginning after June 30, 2003, the Department shall determine and apply a lender assessment multiplier equal to 250,000 divided by the aggregate dollar amount of lender assessments imposed under this subsection (g) under the first assessment period beginning after June 30, 2003. With respect to the third assessment period beginning after June 30, 2003, the Department shall determine and apply a lender assessment multiplier equal to 250,000 divided by the average of aggregate dollar amounts of lender assessments imposed under this subsection (g) under the first 2 assessment periods beginning after June 30, 2003. With respect to assessment periods thereafter, the Department shall determine and apply a lender assessment multiplier equal to 250,000 divided by the average of the 3 most recent aggregate dollar amounts of lender assessments imposed under this subsection (g).

(4) The next assessment determination date can be no sooner than the first working day of the fourth full calendar month following the end of the assessment period.

(5) The Department shall give written notice by mail within 20 days after the assessment determination date to all licensees of when assessments under this subsection (g) are to begin and end, the rate of the lender assessment, and the lender assessment multiplier, if any, that shall apply.

(6) It is the responsibility of a licensee to inform each of its lenders and other persons by virtue of whose relationship with the licensee this subsection (g) will apply as to the onset of an assessment for which that person might be liable and the applicable lender assessment multiplier, if any. The notification must be in writing and, as to persons subject to assessment under this subsection (g) on the assessment determination date, must be sent no later than 20 days after the licensee receives notice of an assessment from the Department. As to persons not subject to assessment under this subsection (g) as of the assessment determination date, the notice shall be sent or given no later than the closing of any transaction subsequent to the assessment determination date involving the licensee and by virtue of which transaction the person is made subject to assessment under this subsection (g).
(7) Within 20 days after the end of each calendar quarter within the assessment period, each licensee shall send to each lender with which it has been associated during that calendar quarter and to the Department a written notice of quarterly assessment together with the information needed to determine the amount of the quarterly assessment owing with respect to loans from that lender. This information shall include the number of bushels covered by each warehouse receipt, organized by commodity, held as security for the loan owing to that lender, the number of days each of those warehouse receipts was outstanding during that calendar quarter, the applicable commodity price, the applicable lender assessment multiplier, the amount of the resulting quarterly lender assessment, and the due date of the quarterly assessment.

(8) Each quarterly assessment shall be due and paid by the lender or its designee to the Department within 20 days after the end of the calendar quarter to which the assessment pertains.

(9) Lenders shall not be penalized by reason of any licensee’s failure to comply with this subsection (g). Failure of a licensee to comply with this subsection (g) shall not relieve the lender from paying the assessment, and the lender shall promptly remit the uncollected assessments by the due date as set forth in the notice from the licensee.

(10) This subsection (g) applies to any person who holds a grain warehouse receipt issued by a licensee from an Illinois location pursuant to any transaction, regardless of its form, that creates a security interest in the grain including, without limitation, the advancing of money or other value to or for the benefit of a licensee upon the licensee’s issuance or negotiation of a grain warehouse receipt and pursuant to or in connection with an agreement between the licensee and a counter-party for the repurchase of the grain by the licensee or designee of the licensee. For purposes of this subsection (g), any such transaction shall be treated as one in which grain is held as security for a loan outstanding to a licensee within the meaning of this subsection (g), and such a person shall be treated as a lender.

(11) The Department shall immediately deposit all paid assessments under this subsection (g) into the Fund.

(h) Equity in the Fund shall exclude moneys owing to the State or the Reserve Fund as a result of transfers to the Fund from the General Revenue Fund or the Reserve Fund under subsection (h) of Section 25-20. Notwithstanding the foregoing, for purposes of calculating equity in the Fund during the grain seller initial assessment period and assessing grain sellers, it shall be presumed that the State is owed, prior to repayment, only $2,000,000 and the Reserve Fund contains a balance of $2,000,000. Under no circumstances, however, shall there be more than 2 consecutive grain seller assessments during the initial assessment period, unless there is a failure that reduces the equity in the

Except for the first assessment made under this Section, and assessments under items (c)(5), (c)(6), and (c)(7) of this Section, all assessments shall be paid to the Department within 60 days after the date posted on the written notice of assessment. The Department shall forward all paid assessments to the Fund.

(a) Each licensee shall have adequate property insurance covering grain in its possession or custody and adequate liability, property, theft, hazard, and workers' compensation insurance.

(1) Every insurance policy shall contain a provision that it will not be cancelled by the principal or the insurance company except on 60 days prior written notice to the Director and the principal insured. Cancellation of the policy does not affect the liability accrued or that may accrue under the policy before the expiration of the 60 days. The notice shall contain the termination date.

(2) Each licensee shall keep a general insurance account showing the policy number, issuing company, amount, binding date, and expiration date of insurance coverage and the property covered by insurance.

(3) In reference to a warehouseman, notwithstanding any provision to the contrary contained in the warehouse receipts involved, a warehouseman is not obligated to provide property insurance on Commodity Credit Corporation grain ("CCC-owned grain"). The warehouseman, however, shall continue to carry the insurance required on loan grain that becomes CCC-owned grain until the date stated in a written notice from CCC or its agent instructing the warehouseman to cancel the insurance on the grain as of that date. If CCC-owned grain is not covered by property insurance, recovery by the Commodity Credit Corporation from the Fund shall be reduced by the amount of property insurance proceeds that would have been available to cover any loss to CCC-owned grain had the CCC-owned grain been covered by property insurance.

(b) A licensee shall immediately notify the Department when there is a change of management or cessation of operations or change in fiscal year end.

(c) All grain trades, grain merchandising transactions, grain origination plans and programs, and transactions or arrangements that represent or reflect rights and obligations in grain must be clearly identified and disclosed in the books and records of the licensee, for audit and examination purposes.

(2) Grain dealers, except grain dealers regularly and continuously reporting to the Commodity Futures Trading Commission or grain dealers who have obtained the permission of the Department to have different open long or short market positions, may maintain an open position in the grain commodity of which the grain dealer buys the greatest number of bushels per fiscal year not to exceed one bushel for each $10 of adjusted equity at fiscal year end up to a maximum open position of 50,000 bushels and one-half that number of bushels up to 25,000 bushels for all other grain commodities that the grain dealer buys. (b) The license issued by the Department to a grain dealer shall be posted in the principal office of the licensee in this State. A certificate shall be posted in each location where the licensee engages in business as a grain dealer. (c) The licensee must have at all times sufficient financial resources to pay producers on demand for grain purchased from them.

(d) A licensee that is solely a grain dealer shall on a daily basis maintain an accurate and current daily grain transaction report.

(e) A licensee that is both a grain dealer and a warehouseman shall at all times maintain an accurate and current daily position record.

(f) In the case of a change of ownership of a grain dealer, the obligations of a grain dealer do not cease until the grain dealer has surrendered all unused price later contracts to the Department and the successor has executed a successor's agreement that is acceptable to the Department, or the successor has otherwise provided for the grain obligations of its predecessor in a manner that is acceptable to the Department.

(g) If a grain dealer proposes to cease doing business as a grain dealer and there is no successor, it is the duty of the grain dealer to surrender all unused price later contracts to the Department, together with an affidavit accounting for all grain dealer obligations setting forth the arrangements made with producers for final disposition of the grain dealer obligations and indicating the procedure for payment in full of all outstanding grain obligations. It is the duty of the Department to give notice by publication that a grain dealer has ceased doing business without a successor. After payment in full of all outstanding grain obligations, it is the duty of the grain dealer to surrender its license.

1. That all price later contracts shall be printed as prescribed by the Department and shall be printed only for a licensed grain dealer.

2. That all price later contracts shall be numbered consecutively and a complete record of these contracts shall be retained showing for whom printed and the consecutive numbers printed on the contracts.

3. That a duplicate copy of all invoices rendered for printing price later contracts that will show the consecutive numbers printed on the contracts, and the number of contracts printed, shall be promptly forwarded to the Department.

4. That the person shall register with the Department and pay an annual registration fee of $100 to print price later contracts.

(b) A grain dealer purchasing grain by price later contract shall at all times own grain, rights in grain, proceeds from the sale of grain, and other assets acceptable to the Department as set forth in this Code totaling 90% of the unpaid balance of the grain dealer's obligations for grain purchased by price later contract. That amount shall at all times remain unencumbered and shall be represented by the aggregate of the following:

1. Grain owned by the grain dealer valued by means of the hedging procedures method that includes marking open contracts to market.

2. Cash on hand.

3. Cash held on account in federally or State licensed financial institutions.

4. Investments held in time accounts with federally or State licensed financial institutions.

(e) Subject to subsection (f) of this Section, if a price later contract is not signed by all parties within 30 days of the last date of delivery of grain intended to be sold by price later contract, then the grain intended to be sold by price later contract shall be priced on the next business day after 30 days from the last date of delivery of grain intended to be sold by price later contract at the market price of the grain at the close of the next business day after the 29th day. When the grain is priced under this subsection, the grain dealer shall send notice to the seller of the grain within 10 days. The notice shall contain the number of bushels sold, the price per bushel, all applicable discounts, the net proceeds, and a notice that states that the Grain Insurance Fund shall provide protection for a period of only 160 days from the date of pricing of the grain.

In the event of a failure, if a price later contract is not signed by all the parties to the transaction, the Department may consider the grain to be sold by price later contract if a preponderance of the evidence indicates the grain was to be sold by price later contract.

(f) If grain is in storage with a warehouseman and is intended to be sold by price later contract, that grain shall be considered as remaining in storage and not be deemed sold by price later contract until the date the price later contract is signed by all parties.

(g) Scale tickets or other approved documents with respect to grain purchased by a grain dealer by price later contract shall contain the following: "Sold Grain; Price Later".

(h) Price later contracts shall be issued consecutively and recorded by the grain dealer as established by rule.

(i) A licensee grain dealer shall not issue a collateral warehouse receipt on grain purchased by a price later contract to the extent the purchase price has not been paid by the licensee grain dealer.

(j) Failure to comply with the requirements of this Section may result in suspension of the privilege to purchase grain by price later contract for up to one year.

(k) When a producer with a price later contract selects a price for all or any part of the grain represented by that contract, then within 5 business days after that price selection, the licensee shall mail to that producer a confirmation of the price selection, clearly and succinctly indicating the price selected.

Sec. 10-20. Duties and requirements of warehouseman.
(a) It is the duty of every warehouseman to receive for storage any grain that may be tendered to it in the ordinary course of business so far as the licensed storage capacity of the warehouse permits and if the grain is of a kind customarily stored by the warehouseman and is in suitable condition for storage.

   (1) If the condition of grain offered for storage might adversely affect the condition of grain in the warehouse, a warehouseman need not receive the grain for storage, but if a warehouseman does receive the grain, then it must be stored in a manner that will not lower the grade of other grain in the warehouse.

   (2) A warehouseman shall provide competent personnel and equipment to weigh and grade all grain in and out of storage.

   (3) A warehouseman shall maintain all licensed warehouse facilities in a manner suitable to preserve the quality and quantity of grain stored.

(b) For the purposes of the Department's examinations, a warehouseman shall provide and maintain safe and adequate means of ingress and egress to the various and surrounding areas of the facilities, storage bins, and compartments of the warehouse.

   (c) Except as provided in this item (c), a warehouseman shall at all times have a sufficient quantity of grain of like kind and quality to meet its outstanding storage obligations. For purposes of this Section, "like kind and quality" means the type of commodity and a combination of grade, specialty traits, if any, and class or sub-class as applicable.

(d) A warehouseman shall not store grain in excess of the capacity for which it is licensed.

(e) A warehouseman may redeposit grain from its warehouse with another warehouseman or a federal warehouseman in an additional quantity not to exceed the licensed storage capacity of its own warehouse.

   (1) If grain is redeposited as provided in this Section, a warehouseman must retain the receipt it obtains from the second warehouseman as proof of the redeposit and retain sufficient control over the redeposited grain as is necessary to comply with directions of the original depositor regarding disposition of the redeposited grain.

   (2) While grain is en route from the redepositing warehouseman to the second warehouseman, a redepositing warehouseman must retain an original or a duplicate bill of lading instead of and until such time as it obtains possession of the warehouse receipt as proof of disposition of the redeposited grain.

(f) Schedule of rates and licenses.

   (1) A warehouseman shall file its schedule of rates with the Department and shall post its warehouse license and a copy of the schedule of rates on file with the Department in a conspicuous place in each location of the warehouseman where grain is received.

New matter indicated by italics - deletions by strikeout
(2) The schedule of rates shall be on a form prescribed by the Department and shall include the names and genuine signatures of all persons authorized to sign warehouse receipts issued by the warehouseman.

(3) To change the schedule of rates or the name of any person authorized to sign warehouse receipts, a warehouseman must file with the Department a revised schedule of rates and, thereafter, post the revised schedule of rates at each location of the warehouseman where grain is received. The revised schedule of rates shall be deemed filed with the Department on the earlier of the date it is delivered to the Department or mailed to the Department by certified mail properly addressed with sufficient postage attached. The revised schedule of rates shall be effective on the date the schedule of rates is posted after delivery or mailing to the Department in accordance with this Section. Revised schedules of rates shall apply only to grain delivered for storage after the effective date of the revised schedule of rates. No grain in storage at the time of the effective date of a revised schedule of rates shall be subject to a revised schedule of rates until one year after the date of delivery of grain, unless otherwise provided by a written contract.

(4) The schedule of rates may provide for the negotiation of different rates for large deliveries of grain if those rates are applied on a uniform basis to all depositors under the same circumstances.

(g) A warehouseman may refuse to accept grain if the identity of the grain is to be preserved. If a warehouseman accepts grain and the identity of the grain is to be preserved, the evidence of storage shall state on its face that the grain is stored with its identity preserved and the location of that grain.

(h) A warehouseman shall at all times maintain an accurate and current daily position record on a daily basis.

(i) In the case of a change of ownership of a warehouse, the obligations of a warehouseman do not cease until its successor is properly licensed under this Code or the United States Warehouse Act, it has surrendered all unused warehouse receipts to the Department and has executed a successor's agreement, or the successor has otherwise provided for the obligations of its predecessor.

(j) If a warehouseman proposes to cease doing business as a warehouseman and there is no successor, it is the duty of the warehouseman to surrender all unused warehouse receipts to the Department, together with an affidavit accounting for all warehouse receipts setting forth the arrangements made with depositors for final disposition of the grain in storage and indicating the procedure for payment in full of all outstanding obligations. After payment in full of all outstanding obligations, it is the duty of the warehouseman to surrender its license.

New matter indicated by italics - deletions by strikeout
(k) Requests by a warehouseman for special examinations, grain inventory computation, or verification of grain quantity or quality shall be accompanied by a fee of $200.

(l) Nothing in this Section is deemed to prohibit a warehouseman from entering into agreements with depositors of grain relating to allocation or reservation of storage space.

Sec. 20-10. Lien on grain assets and equity assets.

New matter indicated by italics - deletions by strikeout
(a) A statutory lien shall be imposed on all grain assets and equity assets in favor of and to secure payment of obligations of the licensee to:

(1) A person, including, without limitation, a lender:

(A) who possesses warehouse receipts issued from an Illinois warehouse location covering grain owned or stored by a warehouseman;

(B) who has other written evidence of a storage obligation of a warehouseman issued from an Illinois warehouse location in favor of the holder, including, but not limited to, scale tickets, settlement sheets, and ledger cards; or

(C) who has loaned money to a warehouseman and was to receive a warehouse receipt from an Illinois location as security for that loan, who surrendered warehouse receipts as a part of a grain sale at an Illinois location, or who has delivered grain out of storage with the warehouseman as a part of a grain sale at an Illinois location and:

(i) the grain dealer or warehouseman experienced a failure within 21 days thereafter, a warehouse receipt was not issued, and payment in full was not made; or

(ii) written notice was given by the person to the Department within 21 days thereafter stating that a warehouse receipt was not issued and payment in full was not made.

(2) A producer who possesses evidence of the sale at an Illinois location of grain delivered to that failed a grain dealer, or its designee, and who was not fully paid in full.

This statutory lien arises, attaches, and is perfected at the date of delivery of grain, and is at that time deemed assigned by the operation of this Code to the Department.

(b) The lien on grain assets created under this Section shall be preferred and prior to any other lien, encumbrance, or security interest relating to those assets described in the definition of "grain assets" in Section 1-10, regardless of the time the other lien, encumbrance, or security interest attached or became perfected. The lien on equity assets created under this Section shall also be preferred and prior to any other lien, encumbrance, or security interest relating to "equity assets" as defined in Section 1-10 to the extent a creditor does not have a valid security interest in, or other lien on, the property that was perfected prior to the date of failure of the licensee. The lien on equity assets created under this Section, however, shall be subordinate and subject to any other lien, encumbrance, or security interest relating to "equity assets" as defined in Section 1-10 to the extent a creditor has a valid security interest in or other valid lien on the property that was perfected prior to the date of failure of the licensee; provided, however, that a creditor is not deemed to have a valid security interest or other valid lien on property if (i) the property can be directly traced as being from the sale of grain by the licensee or failed licensee; (ii) the security interest was taken as additional collateral on account of an antecedent debt owed

(c) To the extent any portion of this Code conflicts with any portion of the Uniform Commercial Code, the provisions of this Code control.

(d) If an adversarial proceeding is commenced to recover "grain assets" or "equity assets" upon which a lien created under this Section is imposed and if the Department declines to take part in that adversarial proceeding, the Department, upon application to the Director by any claimant, shall assign to the claimant the statutory lien to permit the claimant to pursue the lien in the adversarial proceeding, but only if the assignment and adversarial proceeding will not delay the Department's liquidation and distribution of grain assets, equity assets, collateral, and guarantees, including proceeds thereof, to all claimants holding valid claims.

(d) Perform an examination of the failed licensee.

(e) Seize and take possession of, protect, liquidate, and collect upon all grain assets, collateral, and guarantees of or relating to the failed licensee and deposit the proceeds into the Trust Account. A claimant to whom notice is mailed under item (e)(1) of this Section, however, shall have the later of the claim date or 7 days after the date notice was mailed to file a claim with the Department.

(f) The Department shall determine the validity, category, and amount of each claim within 120 days after the date of failure of the licensee and (g) The Department shall give written notice within that time period to each claimant and to the failed licensee of the Department's determination as to the validity, category, and amount of each claim.

(g) (h) A claimant or the failed licensee may request a hearing on the Department's determination within 30 days after receipt of the written notice and the hearing shall be held in the county of residence of the claimant and in accordance with rules. Under no circumstances shall payment to claimants who have not requested a hearing be delayed by reason of the request for a hearing by any unrelated claimant.

(h) Within 30 days after a failure of a licensee, the Director shall appoint an Administrative Law Judge for the hearings. The Director shall appoint a person licensed to practice law in this State; who is believed to be knowledgeable with regard to agriculture and the grain industry in Illinois; who has no conflict of interest; and who at the time of his or her appointment is not working for or employed by the Department in any capacity whatsoever.

(i) For the purposes of this Article, the "reasonably ascertainable" standard shall be satisfied when the Department conducts a review of the failed licensee's books and records and an interview of office and clerical personnel of the failed licensee.

(j) It is the intent of this Act that the time periods and deadlines in this Section 25-5 are absolute, and are not to be tolled, or their operation halted or delayed. In the event of a bankruptcy by a licensee, the Director shall seek to have commenced any proceedings that are necessary and appropriate to lift the automatic stay or make it otherwise inapplicable to the actions of the Department with regard to the claims determination process. In all other cases, the Department shall seek to have commenced the proceedings necessary to expeditiously remove or lift any order of any court or administrative agency that might attempt to delay the time periods and deadlines contained in this Section 25-5.

Sec. 25-10. Claimant compensation. Within 30 days after the day on which a claim becomes a valid claim, a claimant shall be compensated to the extent of its valid claim as provided in this Section.
It is the express intent of this legislation that each undisputed portion of a claim shall be paid in accordance with the deadlines of this Code, even if there are disputed portions of the claim. For example, the amount of a valid claim calculated for an "unpriced obligation" shall be paid to the claimant despite the fact that claimant additionally seeks the amount for a "priced obligation".

Each claimant shall be compensated in accordance with the following provisions:

(a) Valid claims filed by warehouse claimants shall be paid 100% of the amount determined by the Department out of the net proceeds of the liquidation of grain assets as set forth in this subsection (a). To the extent the net proceeds are insufficient, warehouse claimants shall be paid their pro rata share of the net proceeds of the liquidation of grain assets and, subject to subsection (j) of this Section, an additional amount per claimant not to exceed the balance of their respective claims out of the Fund.

(b) Subject to subsection (j) of this Section, if the net proceeds as set forth in subsection (a) of this Section are insufficient to pay in full all valid claims filed by warehouse claimants as payment becomes due, the balance shall be paid out of the Fund in accordance with subsection (b) of Section 25-20.

(c) Valid claims filed by producers who:

(1) have delivered grain within 21 days before the date of failure, or the date of suspension if the suspension results in a failure, for which pricing of that grain has been completed before date of failure; or

(2) gave written notice to the Department within 21 days of the date of delivery of grain, if the pricing of that grain has been completed, that payment in full for that grain has not been made; shall be paid, subject to subsection (j) of this Section, 100% of the amount of the valid claim determined by the Department. Valid claims that are included in subsection (c) of this Section shall receive no payment under subsection (d) of this Section, and any claimant having a valid claim under this subsection (c) determined by the Department to be in excess of the limits, if any, imposed under subsection (j) of this Section shall be paid only sums in excess of those limits to the extent additional money is available under subsection (d)(2) of Section 25-20.

(d) Valid claims that are not included in subsection (c) of this Section that are filed by producers who completed delivery or and pricing of the grain in reference to the valid claim, whichever is later, within 160 days before the date of failure shall be paid 85% of the amount of the valid claim determined by the Department or $250,000 $100,000, whichever is less, per claimant. In computing the 160-day period, the phrase "date of completion of delivery" means the date of the last delivery of grain to be applied to the quantity requirement of the contract, and the phrase "the later date" means the date closest to the date of failure. In addition, for claims filed by producers for grain sold on a contract, however, the later of the date of execution of the contract or the date of delivery of grain in reference to the grain covered by the price later
contract must not be more than 365 270 days before the date of failure in order for the claimant to receive any compensation. In computing the 365-day period, the phrase "the later of the date" means the date closest to the date of failure, and the phrase "date of delivery" means the date of the last delivery of grain to be applied to the quantity requirement of the price later contract.

(e) Valid claims filed by producers for grain sold on a price later contract, for which the final price has not been established, shall be paid 85% of the amount of the valid claims determined by the Department or $250,000 $100,000, whichever is less, per claimant, if the later of the date of execution of the contract or the date of delivery of grain in reference to the grain covered by the price later contract occurred not more than 365 270 days before the date of failure. In computing the 365-day period, the phrase "the later of the date" means the date closest to the date of failure, and the phrase "date of delivery" means the date of the last delivery of grain to be applied to the quantity requirement of the price later contract.

The execution of subsequent price later contracts by the producer and the licensee for grain previously covered by a price later contract shall not extend the coverage of a claim beyond the original 365 270 days.

(f) The maximum payment to producers under subsections (d) and (e) of this Section, combined, shall be $250,000 $100,000 per claimant.

(g) The following claims shall be barred and disallowed in their entirety and shall not be entitled to any recovery from the Fund or the Trust Account:

1. Claims filed by producers where both the date of completion of delivery and the date of pricing of the grain are who completed pricing of the grain in reference to their claim in excess of 160 days before the date of failure.

2. Claims filed by producers for grain sold on a price later contract if the later of the date of execution of the contract or the date of delivery of grain in reference to the grain covered by the price later contract occurred more than 365 270 days before the date of failure. In computing the 365-day period, the phrase "the later of the date" means the date closest to the date of failure, and the phrase "date of delivery" means the date of the last delivery of grain to be applied to the quantity requirement of the price later contract.

3. Claims filed by any claimant that are based upon or acquired by fraudulent or illegal acts of the claimant.

(h) To the extent moneys are available, additional pro rata payments may be made to claimants under subsection (d) of Section 25-20.

(i) For purposes of this Section, a claim filed in connection with warehouse receipts that are possessed under a collateral pledge of a producer, or that are subject to a perfected security interest, or that were acquired by a secured party or lien holder under an obligation of a producer, shall be deemed to be a claim filed by the producer and not a

New matter indicated by italics - deletions by strikeout
claim filed by the secured party or the lien holder, regardless of whether the producer is in default under that collateral pledge, security agreement, or other obligation.

(j) With respect to any failure occurring on or after July 1, 1998, the maximum payment out of the Fund for claimants under subsection (a), (b) of this Section shall be $1,000,000 per claimant and the maximum payment out of the Fund for claimants under subsections (c), (d), and (e) of this Section, combined, shall be $1,000,000 per claimant.

(k) The amounts to be paid to warehouse valid claimants and grain dealer valid claimants shall be calculated according to the following:

1. Valid claimants who have warehouse claims, or who have grain dealer claims for grain sold, delivered but unpriced as of the date of failure, shall have "unpriced obligations", and to determine the per bushel value of these valid claims the Department shall use an average of the cash bid prices on the date of failure from grain dealers located within the market area of the failed licensee, and the cash bid price offered by the failed licensee on the date of failure, less transportation, handling costs, and discounts applicable as of that date.

2. Valid claimants who have grain dealer claims for grain sold, delivered, and priced as of the date of failure shall have "priced obligations", and the price per bushel to be used in calculating the compensation due these valid claimants shall be that which has been agreed upon by the failed licensee and the claimant, less applicable discounts. For purposes of this item (2), a person has "priced" his or her grain if he or she has done those things necessary under the agreement to set, choose, or select a price for any portion of the grain under the agreement, without regard to whether he or she has received a check in payment for the grain, or could have received a check in payment for the grain, prior to the failure.

(l) Arrangements whereby a producer agrees with a licensee to defer receipt of payment of amounts due from the sale of grain are covered by this Code and are not to be considered loans by the producer to the licensee, despite payments to the producer as an inducement for the leaving of moneys with the licensee, unless the licensee has executed and delivered to the producer a promissory note covering those amounts.

Sec. 25-20. Priorities and repayments.

(a) All valid claims shall be paid from the Trust Account, as provided in Section 25-10, first from the proceeds realized from liquidation of and collection upon the grain assets relating to the failed licensee, as to warehouse claimants, and the equity assets as to a secured party or lien holder who has consented to the Department liquidating and collecting upon the equity asset as set forth in subsection (f) of Section 20-15, and the remaining equity assets, collateral, and guarantees relating to the failed licensee, as to grain dealer claimants.

New matter indicated by italics - deletions by strikeout
(b) If the proceeds realized from liquidation of and collection upon the grain assets, equity assets, collateral, and guarantees relating to the failed licensee are insufficient to pay all valid claims as provided in Section 25-10 and subsection (a) of this Section as payment on those claims becomes due, the Director shall request from the Board sufficient funds to be transferred from the Fund to the Trust Account to pay the balance owed to claimants as determined under Section 25-10. If a request is made by the Director for a transfer of funds to the Trust Account from the Fund, the Board shall act on that request within 25 days after the date of that request. Once moneys are transferred from the Fund to the Trust Account, the Director shall pay the balance owed to claimants in accordance with Section 25-10.

(c) Net proceeds from liquidation of grain assets as set forth in subsection (a) of Section 25-10 received by the Department, to the extent not already paid to warehouse claimants, shall be prorated among the fund and all warehouse claimants who have not had their valid claims paid in full.

(1) The pro rata distribution to the Fund shall be based upon the total amount of valid claims of all warehouse claimants who have had their valid claims paid in full. The pro rata distribution to each warehouse claimant who has not had his or her valid claims paid in full shall be based upon the total amount of that claimant's original valid claims.

(2) If the net proceeds from the liquidation of grain assets as set forth in subsection (a) of Section 25-10 exceed all amounts needed to satisfy all valid claims filed by warehouse claimants, the balance remaining shall be paid into the Trust Account or as set forth in subsection (h).

(d) Subject to subsections (c) and (h):

(1) The proceeds realized from liquidation of and collection upon the grain assets, equity assets, collateral, and guarantees relating to the failed licensee or any other assets relating to the failed licensee that are received by the Department, to the extent not already paid to claimants, shall be first used to repay the Fund for moneys transferred to the Trust Account.

(2) After the Fund is repaid in full for the moneys transferred from it to pay the valid claims in reference to a failed licensee, any remaining proceeds realized from liquidation of and collection upon the grain assets, equity assets, collateral, and guarantees relating to the failed licensee thereafter received by the Department shall be prorated to the claimants holding valid claims who have not received 100% of the amount of their valid claims based upon the unpaid amount of their valid claims.

(e) After all claimants have received 100% of the amount of their valid claims, to the extent moneys are available interest at the rate of 6% per annum shall be assessed and paid to the Fund on all moneys transferred from the Fund to the Trust Account.

New matter indicated by italics - deletions by strikeout
(f) After the Fund is paid the interest as provided in subsection (e) of this Section, then those claims barred and disallowed under subsection (g) of Section 25-10 shall be paid on a pro rata basis only to the extent that moneys are available.

(g) Once all claims become valid claims and have been paid in full and all interest as provided in subsection (e) of this Section is paid in full, and all claims are paid in full under subsection (f), any remaining grain assets, equity assets, collateral, and guarantees, and the proceeds realized from liquidation of and collection upon the grain assets, equity assets, collateral, and guarantees relating to the failed licensee, shall be returned to the failed licensee or its assignee, or as otherwise directed by a court of competent jurisdiction.

(h) If amounts in the Fund are insufficient to pay all valid claims, the Corporation shall transfer from the Reserve Fund to the Fund amounts sufficient to satisfy the valid claims, and to the extent the amounts thus transferred are insufficient to pay all valid claims, the General Assembly shall appropriate to the Corporation amounts sufficient to satisfy the valid claims. If for any reason the General Assembly fails to make an appropriation to satisfy outstanding valid claims, this Code constitutes an irrevocable and continuing appropriation of all amounts necessary for that purpose and the irrevocable and continuing authority for and direction to the State Comptroller and to the State Treasurer to make the necessary transfers and disbursements from the revenues and funds of the State for that purpose. Subject to payments to warehouse claimants as set forth in subsection (c) of Section 25-20, the State shall be first reimbursed, and the Reserve Fund shall thereafter be reimbursed to the extent needed to restore the Reserve Fund to a level of $2,000,000 of principal (not including income on the assets in the Reserve Fund) as soon as funds become available for any amounts paid under subsection (g) of this Section upon replenishment of the Fund from assessments under subsections (d), (f), and (g) of Section 5-30 and collection upon grain assets, equity assets, collateral, and guarantees relating to the failed licensee.

(i) The Department shall have those rights of equitable subrogation which may result from a claimant receiving from the Fund payment in full of the obligations of the failed licensee to the claimant.

11. To have those powers that are necessary or appropriate for the exercise of the powers specifically conferred upon the Corporation and all incidental powers that are customary in corporations.

Sec. 11-124-1. Contracts for supply of water.

(a) The corporate authorities of each municipality may contract with any person, corporation, municipal corporation, political subdivision, public water district or any other agency for a supply of water. Any such contract entered into by a municipality shall provide that payments to be made thereunder shall be solely from the revenues to be derived from the operation of the waterworks system of the municipality, and the contract shall be a continuing valid and binding obligation of the municipality payable from the revenues derived from the operation of the waterworks system of the municipality for the period of years, not to exceed 40, as may be provided in such contract. Any such contract shall not be a debt within the meaning of any constitutional or statutory limitation. No prior appropriation shall be required before entering into such a contract and no appropriation shall be required to authorize payments to be made under the terms of any such contract notwithstanding any provision in this Code to the contrary. (a) Payments to be made under any such contract shall be an operation and maintenance expense of the waterworks system of the municipality. Any such contract made by a municipality for a supply of water may contain provisions whereby the municipality is obligated to pay for such supply of water without setoff or counterclaim and irrespective of whether such supply of water is ever furnished, made available or delivered to the municipality or whether any project for the supply of water contemplated by any such contract is completed, operable or operating and notwithstanding any suspension, interruption, interference, reduction or curtailment of the supply of water from such project. Any such contract may provide that if one or more of the other purchasers of water defaults in the payment of its obligations under such contract or a similar contract made with the supplier of the water, one or more of the remaining purchasers party to such contract or such similar contract shall be required to pay for all or a portion of the obligations of the defaulting purchasers. (b) Payments to be made under any such contract with a municipal joint action water agency under the Intergovernmental Cooperation Act shall be an operation and maintenance expense of the waterworks system of the municipality. Any such contract made by a municipality for a supply of water with a municipal joint action water agency under the provisions of the Intergovernmental Cooperation Act may contain provisions whereby the municipality is obligated to pay for such supply of water without setoff or counterclaim and irrespective of whether such supply of water is ever furnished, made available or delivered to the municipality or whether any project for the supply of water contemplated by any such contract is completed, operable or operating and notwithstanding any suspension, interruption, interference, reduction or curtailment of the supply of water from such project. Any such contract with a municipal joint action water agency may provide that if one or more of the other purchasers of water defaults in the payment of its obligations under such contract or a similar contract made with the supplier of the water, one or more of the remaining purchasers party to such contract or such similar contract shall be required to pay for all or a portion of the obligations of the defaulting purchasers.
The changes in this Section made by these amendatory Acts of 1984 are intended to be declarative of existing law.

(b) A municipality with a water supply contract with a county water commission organized pursuant to the Water Commission Act of 1985 shall provide water to unincorporated areas of that home county in accordance with the terms of this subsection. The provision of water by the municipality shall be in accordance with a mandate of the home county as provided in Section 0.01 of the Water Commission Act of 1985. A home rule unit may not provide water in a manner that is inconsistent with the provisions of this amendatory Act of the 93rd General Assembly. This subsection is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of powers and functions exercised by the State.

Section 15. The Water Commission Act of 1985 is amended by changing Section 2 and by adding Sections 0.01, 0.02, 0.03, 0.04, and 0.05 as follows:

(70 ILCS 3720/2) (from Ch. 111 2/3, par. 252)

Sec. 2. The General Assembly hereby finds and declares that it is necessary and in the public interest to help assure a sufficient and economic supply of a source of water within those county wide areas of this State where, because of a growth in population and proximity to large urban centers, the health, safety and welfare of the residents is threatened by an ever increasing shortage of a continuing, available and adequate source and supply of water on an economically reasonable basis; however, it is not the intent of the General Assembly to interfere with the power of municipalities to provide for the retail distribution of water to their residents or the customers of their water systems. Therefore, in order to provide for a sufficient and economic supply of water to such areas, it is hereby declared to be the law of this State that:

(a) With respect to any water commission constituted pursuant to Division 135 of the Illinois Municipal Code or established by operation of law under Public Act 83-1123, as amended, which water commission includes municipalities which in the aggregate have within their corporate limits more than 50% of the population of a county (hereinafter referred to as a "home county"), and such county is contiguous to a county which has a population in excess of 1,000,000 inhabitants, the provisions of this Act shall apply. With respect to any such water commission (hereinafter referred to as a "county water commission"):

(i) the terms of all commissioners of such commission holding office at the time a water commission becomes a county water commission shall terminate 30 days after such time and new commissioners shall be appointed as the governing board of the county water commission as hereinafter provided in subsection (c); and

(ii) the county water commission shall continue to be a body corporate and politic, and shall bear the name of the home county but shall be independent from and not a part of the county government and shall itself be a political subdivision

and a unit of local government, and upon appointment of the new commissioners as the governing board of such water commission as provided in subsection (c), such water commission shall remain responsible for the full payment of, and shall by operation of law be deemed to have assumed and shall pay when due all debts and obligations of the commission as the same is constituted and as such debts and obligations existed on the date such water commission becomes a county water commission and such additional debts and obligations as are incurred by such commission after such date and prior to the appointment of the new commissioners as the governing board of such commission, and further shall continue to have and exercise all powers and functions and duties of a water commission created pursuant to Division 135 of the Illinois Municipal Code, as now or hereafter amended, and the county water commission may rely on that Division, as modified and supplemented by the provisions of this Act, as lawful authority under which it may act.

(b) Any county water commission shall have as its territory within its corporate limits, subject to taxation for its purposes, and subject to the powers and limitations as conferred by this Act, (i) all of the territory of the home county except that territory located within the corporate limits of excluded units as hereinafter defined and (ii) also all of the territory located outside the home county and included within the corporate limits of an included unit as hereinafter defined. As used in this Act, "excluded unit" means a unit of local government having a waterworks system and having within its corporate limits territory within the home county and which, at the time any commission becomes a county water commission, receives, or has contracted at such time for the receipt of, more than 25% of the water distributed by such unit's water system from a source outside of the home county. As used in this Section, "included unit" means any unit of local government having a waterworks system and having within its corporate limits territory within the home county, which unit of local government is not an excluded unit. No other water commission shall be constituted under Division 135 of the Illinois Municipal Code in any home county after the effective date of this Act to provide water from any source located outside the home county. Except as authorized by a county water commission, no home county or included unit shall enter into any new or renew or extend any existing contract, agreement or other arrangement for the acquisition or sale of water from any source located outside a home county; provided, however, that any included unit may contract for a supply of water in case of a temporary emergency from any other unit of local government or any entity. In the event that any included unit elects to serve retail customers outside its corporate boundaries and to establish rates and charges for such water in excess of those charged within its corporate boundaries, such rates and charges shall have a reasonable relationship to the actual cost of providing and delivering the water; this provision is declarative of existing law. It is declared to be the law of this State pursuant to paragraphs (g) and (h) of Section 6 of Article VII of the Illinois Constitution that in any home county, the provisions
of this Act and Division 135 of the Illinois Municipal Code, as modified and supplemented by this Act and this amendatory Act of the 93rd General Assembly, constitute a limitation upon the power of any such county and upon all units of local government (except excluded units) within such county, including home rule units, limiting to such county, units of local government and home rule units the power to acquire, supply or distribute water or to establish any water commission for such purposes involving water from any source located outside the home county in a manner other than as provided or permitted by this Act and Division 135, as modified and supplemented by this Act, and further constitute an exercise of exclusive State power with respect to the acquisition, supply and distribution of water from any source located outside the home county by any such county and by units of local government (except excluded units), including home rule units, within such county and with respect to the establishment for such purposes of any water commission therein, which power may not be exercised concurrently by any unit of local government or home rule unit. Upon the request of any included unit, a county water commission shall provide such included unit Lake Michigan water in an amount up to the then current Department of Transportation allocation of Lake Michigan water for such included unit.

With respect to a water commission to which the provisions of subsection (a) apply, all uninhabited territory that is owned and solely occupied by such a commission and is located not within its home county but within a non-home rule municipality adjacent to its home county shall, notwithstanding any other provision of law, be disconnected from that municipality by operation of this Act on the effective date of this amendatory Act of 1991, and shall thereafter no longer be within the territory of the municipality for any purpose; except that for the purposes of any statute that requires contiguity of territory, the territory of the water commission shall be disregarded and the municipality shall not be deemed to be noncontiguous by virtue of the disconnection of the water commission territory.

(c) The governing body of any water commission to which the provisions of subsection (a) apply shall be a board of commissioners, each to be appointed within 30 days after the water commission becomes a county water commission to a term commencing on such date, as follows:

(i) one commissioner, who shall serve as chairman, who shall be a resident of the home county, to be appointed by the chairman of the county board of such county with the advice and consent of the county board, provided that following the expiration of the term or vacancy of the current chairman serving on the effective date of this amendatory Act of the 93rd General Assembly, any subsequent appointment as chairman shall also be subject to the advice and consent of the county water commission;

(ii) one commissioner from each county board district within the home county, to be appointed by the chairman of the county board of the home county with the advice and consent of the county board; and

(iii) one commissioner from each county board district within the home county, to be appointed by the majority vote of the mayors of those included units which are municipalities and which have the greatest percentage of their respective populations residing within such county board district of the home county. The mayors of the respective county board districts shall meet for the purpose of making said respective appointments at a time and place designated by that mayor in each county board district of the included unit with the largest population voting for a commissioner upon not less than 10 days' written notice to each other mayor entitled to vote.

The commissioners so appointed shall serve for a term of 6 years, or until their successors have been appointed and have qualified in the same manner as the original appointments, except that at the first meeting of such commissioners, (A) the commissioners first appointed pursuant to paragraph (ii) of this subsection shall determine publicly by lot 1/3 of their number to serve for terms of 2 years, 1/3 of their number to serve for terms of 4 years and 1/3 of their number to serve for terms of 6 years, any odd number of commissioners so determined by dividing into thirds to serve 6 year terms, and (B) the commissioners first appointed pursuant to paragraph (iii) of this subsection shall determine publicly by lot 1/3 of their number to serve for terms of 2 years, 1/3 of their number to serve for terms of 4 years and 1/3 of their number to serve for terms of 6 years, any odd number of commissioners so determined by dividing into thirds to serve 6 year terms. The commissioner first appointed pursuant to paragraph (i) of this subsection, who shall serve as chairman, shall serve for a term of 6 years. Any commissioner may be a member of the governing board or an officer or employee of such county or any unit of local government within such county. A commissioner is eligible for reappointment upon the expiration of his term. A vacancy in the office of a commissioner shall be filled for the balance of the unexpired term by appointment and qualification as to residency in the same manner as the original appointment was made. Each commissioner shall receive the same compensation which shall not be more than $600 per year, except that no such commissioner who is a member of the governing board or an officer or employee of such county or any unit of local government within such county may receive any compensation for serving as a commissioner. Each commissioner may be removed by the appointing authority for any cause for which any other county or municipal officer may be removed. The county water commission shall determine its own rules of proceeding. A quorum shall be a majority of the commissioners then in office. All ordinances or resolutions shall be passed by not less than a majority of a quorum. No commissioner or employee of the commission, no member of the county board or other official elected within such county, no mayor or president or other member of the corporate authorities of any unit of local government within such county, and no employee of such county or any such unit of local government, shall be interested directly or indirectly in any contract or job of work or materials, or the profits thereof, or services to be performed for or by the commission. violation of any of the foregoing provisions of this subsection is a Class C misdemeanor. A conviction is cause for the removal of a person from his office or employment.

(d) Except as provided in subsection (g), subject to the referendum provided for in subsection (e), a county water commission may borrow money for corporate purposes on the credit of the commission, and issue general obligation bonds therefor, in such amounts and form and on such conditions as it shall prescribe, but shall not become indebted in any manner or for any purpose in an amount including existing indebtedness in the aggregate to exceed 5.75% of the aggregate value of the taxable property within the territorial boundaries of the county water commission, as equalized and assessed by the Department of Revenue and as most recently available at the time of the issue of said bonds. Before or at the time of incurring any indebtedness, except as provided in subsection (g), the commission shall provide for the collection of a direct annual tax, which shall be unlimited as to rate or amount, sufficient to pay the interest on such debt as it falls due and also to pay and discharge the principal thereof at maturity, which shall be within 40 years after the date of issue thereof. Such tax shall be levied upon and collected from all of the taxable property within the territory of the county water commission. Dissolution of the county water commission for any reason shall not relieve the taxable property within such territory of the county water commission from liability for such tax. The clerk of the commission shall file a certified copy of the resolution or ordinance by which such bonds are authorized to be issued and such tax is levied with the County Clerk of each county in which any of the territory of the county water commission is located and such filing shall constitute, without the doing of any other act, full and complete authority for each such County Clerk to extend such tax for collection upon all the taxable property within the territory of the county water commission subject to such tax in each and every year required sufficient to pay the principal of and interest on such bonds, as aforesaid, without limit as to rate or amount, and shall be in addition to and in excess of all other taxes authorized to be levied by the commission or any included unit. The general obligation bonds shall be issued pursuant to an ordinance or resolution and may be issued in one or more series, and shall bear such date or dates, mature at such time or times and in any event not more than 40 years from the date thereof, be sold at such price at private or public sale as determined by a county water commission, bear interest at such rate or rates such that the net effective interest rate received upon the sale of such bonds does not exceed the maximum rate determined under Section 2 of the Bond Authorization Act, which rates may be fixed or variable, be in such denominations, be in such form, either coupon or registered, carry such conversion, registration, and exchange privileges, be executed in such manner, be payable in such medium of payment at such place or places within or without the State of Illinois, be subject to such terms of redemption, and contain or be subject to such other terms as the ordinance or resolution may provide, and shall not be restricted by the provisions of any other terms of obligations of public agencies or private persons.

(e) No issue of general obligation bonds by a county water commission (except bonds to refund an existing bonded indebtedness) shall be authorized unless the commission certifies the proposition of issuing such bonds to the proper election officials, who shall submit the proposition to the voters at an election in accordance with the general election law, and the proposition has been approved by a majority of those voting on the proposition.

The proposition shall be in the form provided in Section 5 or shall be substantially in the following form:

Shall general obligation bonds for the purpose of (state purpose), in the YES sum of $....(insert amount), be issued by the ........ NO (insert corporate name of the county water commission)?

(f) In order to carry out and perform its powers and functions and duties under the provisions of this Act and Division 135 of the Illinois Municipal Code, as modified and supplemented by this Act, the governing body of any county water commission may by ordinance levy annually upon all taxable property within its territory a tax at a rate not to exceed .005% of the value of such property, as equalized or assessed by the Department of Revenue for the year in which the levy is made. In addition, any county water commission may by ordinance levy upon all taxable property within its territory, for one year only, an additional tax for such purposes at a rate not to exceed .20% of the value of such property, as equalized or assessed by the Department of Revenue for that year; provided, however, that such tax may not be levied more than once in any county water commission.

(g) Any county water commission shall have the power to borrow money, subject to the indebtedness limitation provided in subsection (d), from the home county or included units, in such amounts and in such terms as agreed by the governing bodies of the commission and the home county or included units.

(h) No county water commission constituted pursuant to the Act shall engage in the retail sale or distribution of water to residents or customers of any municipality.

(i) Nothing in the Section requires any municipality to contract with a county water commission for a supply of water.

(j) The State of Illinois recognizes that any such contract for the supply of water executed by a unit of local government and a county water commission may contain terms and conditions intended by the parties thereto to be absolute conditions thereof. The State of Illinois also recognizes that persons may loan funds to a county water commission (including, without limitation, the purchase of revenue or general obligation bonds of such
commission) in reliance upon the terms and conditions of any such contract for the supply of water. Therefore, the State of Illinois pledges and agrees to those parties and persons which make loans of funds to a county water commission that it will not impair or limit the power or ability of a county water commission or a unit of local government fully to carry out the financial obligations and obligation to furnish water pursuant to the terms of any contract for the supply of water entered into by such county water commission or unit of local government for the term of such contracts or loans. All other terms and conditions of such contracts and intergovernmental agreements shall be binding to the extent that they are not inconsistent with this amendatory Act of the 93rd General Assembly.

Sec. 0.01. Service to areas with contaminated or tainted water.

(a) Notwithstanding the terms of a water supply contract existing on the effective date of this amendatory Act of the 93rd General Assembly, a municipality with a water supply contract with a county water commission must provide water to territories outside that municipality, provided that the territory to be served currently receives well water that is tainted or contaminated. The home county board must find that the water supply in such territory is tainted or contaminated such that the health of persons served in that territory is likely to be adversely affected now or in the future. The county water commission shall determine which municipality in the home county is most appropriate for supplying water to the territory with the contaminated wells within 30 days of a county board finding that there is a tainted or contaminated water supply.

The municipality shall provide access to water for such territory no later than 90 days after the county water commission has determined by resolution that the municipality is the most appropriate municipality for providing access to water for the territory. "Access to water" includes access through the municipal main, but the municipality need not otherwise provide infrastructure to deliver water from the municipal main. The municipality may sell water to such territory at a rate higher than the rate charged to municipal customers, in accordance with existing law.

(b) Unless otherwise provided by law, property in unincorporated territory receiving water pursuant to subsection (a) of this Section shall not be annexed without consent of the owner of the property. A municipality's furnishing water pursuant to subsection (a) of this Section may not be conditioned on an agreement to annex. "Owner" for the purpose of this subsection is any person or persons in title, or in the case of property owned in trust, having the beneficial ownership of such property, who owned the property on the date water is first so received pursuant to subsection (a) of this Section. Upon transfer of ownership of such property, the municipality may annex it by ordinance.

(c) This amendatory Act of the 93rd General Assembly is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of powers and functions exercised by the State.

Sec. 0.02. Rate equalization. Notwithstanding the terms of a water supply contract existing on the effective date of this amendatory Act of the 93rd General Assembly, all parties to a water supply contract with a county water commission, irrespective of whether such party is a charter member or subsequent entrant, shall pay rates equal to the rates paid by other parties to such water supply contract and shall not pay any additional fees, costs, or differentials as a condition of becoming a party to such water supply contract. Subsequent entrants to a water supply contract shall pay their pro-rata portion of the original capital costs less any rebates and the actual costs of connection to the water commission system.

Sec. 0.03. Water subsidy guaranty. Except to satisfy the obligations of persons who loaned funds to the county water commission, the water rates charged to municipalities that are in effect on the effective date of this amendatory Act of the 93rd General Assembly may not be increased for a period of 5 years.

Sec. 0.04. Five-year annual transfer of funds to home county. Beginning July 1, 2003 and prior to July 1 of each year through and including 2007, each county water commission shall from any legally available sources transfer the sum of $15,000,000 to the county board of the home county to be used for county purposes. This amendatory Act of the 93rd General Assembly is subordinate to any legally required payment of principal, interest, or required reserve pursuant to the county water commission's debt obligations.

Sec. 0.05. Home rule. A municipality, including a home rule unit, must regulate its water systems and provide access to water as required under the provisions of this amendatory Act of the 93rd General Assembly. This Section is a denial and limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of powers and functions exercised by the State.

Section 90. The State Mandates Act is amended by adding Section 8.27 as follows:

Sec. 8.27. Exempt mandate. Notwithstanding Sections 6 and 8 of this Act, no reimbursement by the State is required for the implementation of any mandate created by this amendatory Act of the 93rd General Assembly.

Section 97. Severability. The provisions of this Act are severable under Section 1.31 of the Statute on Statutes.

Section 99. Effective date. This Act takes effect upon becoming law.

AN ACT concerning sports facilities.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Downstate Illinois Sports Facilities Authority Act.

Section 5. Definitions. In this Act:
"Assistance Agreement" means one or more legally binding contracts, with respect to a facility for which the Authority is to provide financial assistance as provided in this Act, to which the Authority and a governmental owner of a facility or its tenant, or both, and any other appropriate persons are parties, which may be in the form of an intergovernmental agreement.
"Authority" means the Downstate Illinois Sports Facilities Authority.
"Facility" means the following types of property if that property is directly related to an item listed in paragraphs (1) or (2) of this definition:
(i) Offices, parking lots and garages, landscaping and open spaces, access roads, transportation facilities, restaurants, and stores.
(ii) Other recreation areas.
(iii) Other property or structures, including all fixtures, furnishings, and appurtenances normally associated with such facilities.
"Financial Assistance" means the use by the Authority, pursuant to an assistance agreement, of its powers under the Act, including, without limitation, the power to borrow money, to issue bonds and notes, to assist a governmental owner or its tenants, or both, with one or more of the following: designing, developing, establishing, constructing, erecting, acquiring, repairing, reconstructing, renovating, remodeling, adding to, extending, improving, equipping, operating, and maintaining a facility owned or be owned by the governmental owner.

Authority described in Section 50 of this Act and to which the Authority provides financial assistance.

"Loan agreement" means a legally binding contract between the Authority and an owner of a facility, pursuant to which the Authority agrees to make loans to the owner for the purpose of (i) constructing, acquiring, operating, repairing, rehabilitating, or managing a facility and the site on which a facility is or is to be located, which facility or site must be located in the State of Illinois, excluding the City of Chicago, and (ii) infrastructure improvements related to the facility.

"Management Agreement" means a legally binding contract between the Authority and a tenant of a facility owned by the Authority, which contains at least the following provisions:

(A) a provision requiring the tenant to conduct its complete regular home season schedule and any home playoff events in the facility;
(B) a provision requiring the tenant to provide routine maintenance of and to operate the facility with its personnel or contractors;
(C) a provision requiring the tenant to advertise and promote events it conducts at the facility;
(D) a provision requiring the tenant to operate or contract for concessions for the patrons of the facility; and
(E) a provision permitting the Authority or its designee to hold other events in any such facility owned by the Authority at such times as shall not unreasonably interfere with the use of that facility by the tenant.

"Tenant" means any person with which a governmental owner or the Authority has entered into an agreement for the use by a sports team of any facility. Such an agreement may be a management agreement or an assistance agreement or may be a lease of or a license, permit or similar agreement with respect to the use of a facility by such team for such period as shall be agreed upon by the person and the governmental owner or the Authority, as the case may be.

Section 10. Legislative finding and declaration. The General Assembly finds that as a result of deteriorating infrastructure and sports facilities there is a shortage of sports facilities suitable for use by professional, amateur, or semi-professional sports teams and other musical, theatrical, and other social organizations.

It is further found that as a result of the costs to repair or replace the infrastructure and facilities, and as a result of current financing costs, the private sector, without the assistance contemplated in this Act, is unable to construct feasibly adequate sports facilities.

It is further found that the creation of modern sports facilities and the other results contemplated by this Act would stimulate economic activity in the State of Illinois, including the creation and maintenance of jobs, the creation of new and lasting
infrastructure and other improvements, and the retention of sports and entertainment events that generate economic activity.

It is further found that sports facilities can be magnets for substantial interstate tourism resulting in increased retail sales, hotel and restaurant sales, and entertainment industry sales, all of which increase jobs and economic growth.

Section 15. Authority and Board created.

(a) The Downstate Illinois Sports Facilities Authority is created as a political subdivision, unit of local government, body politic, and municipal corporation.

(b) The governing and administrative powers of the Authority shall be vested in a body known as the Downstate Illinois Sports Facilities Authority Board. The Board shall consist of 8 members: a Chair and 7 additional members, all of whom are appointed by the Governor.

All gubernatorial appointments, including the Chair, shall be subject to the advice and consent of the Senate, except in the case of temporary appointments as provided in Section 20. No member shall be employed by the State or any political subdivision of the State or by any department or agency of the State or any political subdivision of the State.

Section 20. Terms of appointments.

(a) On the effective date of this Act:

(1) The Governor shall appoint the Chair and 3 other members of the Board for initial terms expiring June 30 of 2007.

(2) The Governor shall appoint 2 members of the Board for initial terms expiring June 30 of 2006.

(3) The Governor shall appoint 2 members of the Board for initial terms expiring June 30 of 2005.

(b) At the expiration of the term of any member appointed by the Governor, the Governor shall appoint the member's successor in the same manner as appointments for the initial terms. All successors shall hold office for a term of 3 years from the first day of July of the year in which they are appointed, except in the case of an appointment to fill a vacancy. Each member, including the Chair, shall hold office until the expiration of the member's term and until the member's successor is appointed and qualified. Nothing shall preclude a member or a Chair from serving consecutive terms.

(c) Vacancies for members and for the Chair shall be filled in the same manner as original appointments for the balance of the unexpired term.

Section 25. Actions of the Authority.

(a) Six members of the Authority constitute a quorum for the purpose of conducting business. Actions of the Authority must receive the affirmative vote of at least 6 members. The Authority shall determine the times and places of its meetings. The members of the Authority shall serve without compensation for service as a member but are entitled to reimbursement of reasonable expenses incurred in the performance of their official duties.

(b) The Authority shall annually elect a secretary and a treasurer.

(c) An executive committee appointed by the Governor made up of 4 members, including the Chair, have the authority to operate the Authority on a day-to-day basis, with the powers and duties determined by the bylaws of the Authority.

Section 30. Executive Director. The Authority shall appoint an Executive Director, who is the chief executive officer of the Authority. In addition to any other duties set forth in this Act, the Executive Director shall do the following:

the facility as further security for performance by the Authority of its obligations under the loan agreement; and (iii) provisions requiring the establishment of reserves by the Authority or by the owner, or both, as further security for the performance of their respective obligations under the loan agreement.

(9) Borrow money from any source for any lawful purpose, including working capital for its operations, reserve funds, or interest, and to mortgage, pledge or otherwise encumber the property or funds of the Authority and to contract with or engage the services of any person in connection with any financing, including financial institutions, issuers of letters of credit, or insurers and enter into reimbursement agreements with this person which may be secured as if money were borrowed from the person.

(f) The Authority may issue bonds to refund, advance refund, or refinance any of its bonds then outstanding, including the payment of any redemption premium and any interest accrued or to accrue to the earliest or any subsequent date of redemption, purchase or maturity of the bonds. Refunding or advance refunding bonds may be issued for the public purposes of realizing savings in the effective costs of debt service, directly or through a debt restructuring, for alleviating impending or actual default, or for paying principal of, redemption premium, if any, and interest on bonds as they mature or are subject to redemption, and may be issued in one or more series in an amount in excess of that of the bonds to be refunded.

(g) At no time shall the total outstanding bonds and notes of the Authority issued under this Section 100 exceed (i) $40,000,000 in connection with facilities owned by the Authority; and (ii) $40,000,000 in connection with facilities owned by a governmental owner other than the Authority. (j) The State of Illinois pledges to and agrees with the holders of the bonds and notes of the Authority issued pursuant to this Act that the State will not limit or alter the
rights and powers vested in the Authority by this Act so as to impair the terms of any contract made by the Authority with such holders or in any way impair the rights and remedies of such holders until such bonds and notes, together with interest thereon, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceedings by or on behalf of such holders, are fully met and discharged. In addition, the State pledges to and agrees with the holders of the bonds and notes of the Authority issued pursuant to this Act that the State will not limit or alter the basis on which State funds are to be allocated, deposited and paid to the Authority as provided in this Act, or the use of such funds, so as to impair the terms of any such contract. The Authority is authorized to include these pledges and agreements of the State in any contract with the holders of bonds or notes issued pursuant to this Section.

Section 105. Tax. The Authority may impose an occupation tax upon all persons engaged in the business of renting, leasing, or letting rooms in a hotel, as defined in the Hotel Operators' Occupation Tax Act, at a rate not to exceed 2% of the gross rental receipts from the renting, leasing or letting of hotel rooms. The taxing may be imposed, however, only if approved by ordinance of the municipality within which the tax is to be imposed.

The tax imposed by the Authority pursuant to this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The certificate of registration which is issued by the Department to a lessor under the Hotel Operators' Occupation Tax Act shall permit such registrant to engage in a business which is taxable under any ordinance or resolution enacted pursuant to this Section without registering separately with the Department under such ordinance or resolution or under this Section. The Department shall have full power to administer and enforce this Section; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner provided in this Section, and to determine all rights to credit memoranda, arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this Section, the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties and definitions of terms, and employ the same modes of procedure, as are prescribed in the Hotel Operators' Occupation Tax Act (except where that Act is inconsistent herewith), as the same is now or may hereafter be amended, as fully as if the provisions contained in the Hotel Operators' Occupation Tax Act were set forth herein.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in such notification from the Department. Such refund shall be paid by the State Treasurer out of the amounts held by the State Treasurer as trustee for the Authority.

Persons subject to any tax imposed pursuant to authority granted by this Section may reimburse themselves for their tax liability for such tax by separately stating such tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax imposed under the Hotel Operators’ Occupation Tax Act.

The Department shall forthwith pay over to the State Treasurer, ex-officio, as trustee for the Authority, all taxes and penalties collected hereunder for deposit in a trust fund outside the State Treasury. On or before the 25th day of each calendar month, the Department shall certify to the Comptroller the amount to be paid to or on behalf of the Authority from amounts collected hereunder by the Department, and deposited into such trust fund during the second preceding calendar month. The amount to be paid to or on behalf of the Authority shall be the amount (not including credit memoranda) collected hereunder during such second preceding calendar month by the Department, less an amount equal to the amount of refunds authorized during such second preceding calendar month by the Department on behalf of the Authority, and less 4% of such balance, which sum shall be retained by the State Treasurer to cover the costs incurred by the Department in administering and enforcing the provisions of this Section, as provided herein. Each such monthly certification by the Department shall also certify to the Comptroller the amount to be so retained by the State Treasurer for payment into the General Revenue Fund of the State Treasury.

Amounts collected by the Department and paid to the Authority pursuant to this Section shall be used for the corporate purposes of the Authority.

Nothing in this Section shall be construed to authorize the Authority to impose a tax upon the privilege of engaging in any business which under the constitution of the United States may not be made the subject of taxation by this State.

An ordinance or resolution imposing or discontinuing a tax hereunder or effecting a change in the rate thereof shall be effective on the first day of the second calendar month next following the month in which the ordinance or resolution is passed.

If the Authority levies a tax authorized by this Section it shall transmit to the Department of Revenue not later than 5 days after the adoption of the ordinance or resolution a certified copy of the ordinance or resolution imposing such tax whereupon the Department of Revenue shall proceed to administer and enforce this Section on behalf of the Authority. Upon a change in rate of a tax levied hereunder, or upon the discontinuance of the tax, the Authority shall not later than 5 days after the effective date of the ordinance or resolution discontinuing the tax or effecting a change in rate transmit to the Department of Revenue a certified copy of the ordinance or resolution effecting such change or discontinuance.

AN ACT concerning civil no contact orders.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

ARTICLE I
GENERAL PROVISIONS
Section 101. Short title. This Act may be cited as the Civil No Contact Order Act.
Section 102. Purpose. Sexual assault is the most heinous crime against another person short of murder. Sexual assault inflicts humiliation, degradation, and terror on victims. According to the FBI, a woman is raped every 6 minutes in the United States. Rape is recognized as the most underreported crime; estimates suggest that only one in seven rapes is reported to authorities. Victims who do not report the crime still desire safety and protection from future interactions with the offender. Some cases in which the rape is reported are not prosecuted. In these situations, the victim should be able to seek a civil remedy requiring only that the offender stay away from the victim.
Section 103. Definitions. As used in this Act:
"Abuse" means physical abuse, harassment, intimidation of a dependent, or interference with personal liberty.
"Civil no contact order" means an emergency order or plenary order granted under this Act, which includes a remedy authorized by Section 213 of this Act.
"Non-consensual" means a lack of freely given agreement.
"Petitioner" means any named petitioner for the no contact order or any named victim of non-consensual sexual conduct or non-consensual sexual penetration on whose behalf the petition is brought.
"Sexual conduct" means any intentional or knowing touching or fondling by the petitioner or the respondent, either directly or through clothing, of the sex organs, anus, or breast of the petitioner or the respondent, or any part of the body of a child under 13 years of age, or any transfer or transmission of semen by the respondent upon any part of the clothed or unclothed body of the petitioner, for the purpose of sexual gratification or arousal of the petitioner or the respondent.
"Sexual penetration" means any contact, however slight, between the sex organ or anus of one person by an object, the sex organ, mouth or anus of another person, or any intrusion, however slight, of any part of the body of one person or of any animal or object into the sex organ or anus of another person, including but not limited to cunnilingus,
fellatio or anal penetration. Evidence of emission of semen is not required to prove sexual penetration.

ARTICLE II
CIVIL NO CONTACT ORDERS

Section 201. Persons protected by this Act. A petition for a civil no contact order may be filed:

(1) by any person who is a victim of non-consensual sexual conduct or non-consensual sexual penetration, including a single incident of non-consensual sexual conduct or non-consensual sexual penetration; or

(2) by a person on behalf of a minor child or an adult who is a victim of non-consensual sexual conduct or non-consensual sexual penetration but, because of age, disability, health, or inaccessibility, cannot file the petition.

Section 202. Commencement of action; filing fees.

(a) An action for a civil no contact order is commenced:

(1) independently, by filing a civil no contact order in any civil court, unless specific courts are designated by local rule or order; or

(2) in conjunction with a delinquency petition or a criminal prosecution, by filing a petition for a civil no contact order under the same case number as the delinquency petition or criminal prosecution, to be granted during pre-trial release of a defendant, with any dispositional order issued under Section 5-710 of the Juvenile Court Act of 1987 or as a condition of release, supervision, conditional discharge, probation, periodic imprisonment, parole, or mandatory supervised release, or in conjunction with imprisonment or a bond forfeiture warrant, provided that (i) the violation is alleged in an information, complaint, indictment, or delinquency petition on file and the alleged victim is a person protected by this Act, and (ii) the petition, which is filed by the State's Attorney, names a victim of the alleged crime as a petitioner.

(b) Withdrawal or dismissal of any petition for a civil no contact order prior to adjudication where the petitioner is represented by the State shall operate as a dismissal without prejudice. No action for a civil no contact order shall be dismissed because the respondent is being prosecuted for a crime against the petitioner. For any action commenced under item (2) of subsection (a) of this Section, dismissal of the conjoined case (or a finding of not guilty) shall not require dismissal of the action for a civil no contact order; instead, it may be treated as an independent action and, if necessary and appropriate, transferred to a different court or division.

(c) No fee shall be charged by the clerk of the court for filing petitions or modifying or certifying orders. No fee shall be charged by the sheriff for service by the sheriff of a petition, rule, motion, or order in an action commenced under this Section.
(d) The court shall provide, through the office of the clerk of the court, simplified forms and clerical assistance to help with the writing and filing of a petition under this Section by any person not represented by counsel.

Section 203. Pleading; non-disclosure of address.

(a) A petition for a civil no contact order shall be in writing and verified or accompanied by affidavit and shall allege that the petitioner has been the victim of non-consensual sexual conduct or non-consensual sexual penetration by the respondent.

(b) If the petition states that disclosure of the petitioner's address would risk abuse of the petitioner or any member of the petitioner's family or household, that address may be omitted from all documents filed with the court. If the petitioner has not disclosed an address under this subsection, the petitioner shall designate an alternative address at which the respondent may serve notice of any motions.

Section 204. Application of rules of civil procedure; rape crisis advocates.

(a) Any proceeding to obtain, modify, reopen or appeal a civil no contact order shall be governed by the rules of civil procedure of this State. The standard of proof in such a proceeding is proof by a preponderance of the evidence. The Code of Civil Procedure and Supreme Court and local court rules applicable to civil proceedings shall apply, except as otherwise provided by this Act.

(b) In circuit courts, rape crisis advocates shall be allowed to accompany the victim and confer with the victim, unless otherwise directed by the court. Court administrators shall allow rape crisis advocates to assist victims of non-consensual sexual conduct or non-consensual sexual penetration in the preparation of petitions for civil no contact orders. Rape crisis advocates are not engaged in the unauthorized practice of law when providing assistance of the types specified in this subsection (b). Communications between the petitioner and a rape crisis advocate are protected by the confidentiality of statements made to rape crisis personnel as provided for in Section 8-802.1 of the Code of Civil Procedure.

Section 204.5. Trial by jury. There shall be no right to trial by jury in any proceeding to obtain, modify, vacate or extend any civil no contact order under this Act. However, nothing in this Section shall deny any existing right to trial by jury in a criminal proceeding.

Section 205. Subject matter jurisdiction. Each of the circuit courts has the power to issue civil no contact orders.

Section 206. Jurisdiction over persons. The courts of this State have jurisdiction to bind (1) State residents and (2) non-residents having minimum contacts with this State, to the extent permitted by the long-arm statute, Section 2-209 of the Code of Civil Procedure.

Section 207. Venue. A petition for a civil no contact order may be filed in any county where (1) the petitioner resides, (2) the respondent resides, or (3) the alleged non-consensual sexual conduct or non-consensual sexual penetration occurred.

Section 208. Process.
(a) Any action for a civil no contact order requires that a separate summons be issued and served. The summons shall be in the form prescribed by Supreme Court Rule 101(d), except that it shall require the respondent to answer or appear within 7 days. Attachments to the summons or notice shall include the petition for civil no contact order and supporting affidavits, if any, and any emergency civil no contact order that has been issued.

(b) The summons shall be served by the sheriff or other law enforcement officer at the earliest time and shall take precedence over other summonses except those of a similar emergency nature. Special process servers may be appointed at any time, and their designation shall not affect the responsibilities and authority of the sheriff or other official process servers.

(c) Service of process on a member of the respondent's household or by publication shall be adequate if: (1) the petitioner has made all reasonable efforts to accomplish actual service of process personally upon the respondent, but the respondent cannot be found to effect such service; and (2) the petitioner files an affidavit or presents sworn testimony as to those efforts.

(d) A plenary civil no contact order may be entered by default for the remedy sought in the petition, if the respondent has been served or given notice in accordance with subsection (a) and if the respondent then fails to appear as directed or fails to appear on any subsequent appearance or hearing date agreed to by the parties or set by the court.

Section 209. Service of notice of hearings. Except as provided in Section 208, notice of hearings on petitions or motions shall be served in accordance with Supreme Court Rules 11 and 12, unless notice is excused by Section 214 of this Act or by the Code of Civil Procedure, Supreme Court Rules, or local rules.

Section 210. Hearings. A petition for a civil no contact order shall be treated as an expedited proceeding, and no court may transfer or otherwise decline to decide all or part of such petition. Nothing in this Section shall prevent the court from reserving issues if jurisdiction or notice requirements are not met.

Section 211. Continuances.

(a) Petitions for emergency remedies shall be granted or denied in accordance with the standards of Section 214, regardless of the respondent's appearance or presence in court.

(b) Any action for a civil no contact order is an expedited proceeding. Continuances shall be granted only for good cause shown and kept to the minimum reasonable duration, taking into account the reasons for the continuance.

Section 212. Hearsay exception.

(a) In proceedings for a no contact order and prosecutions for violating a no-contact order, the prior sexual activity or the reputation of the petitioner is inadmissible except:

(1) as evidence concerning the past sexual conduct of the petitioner with the respondent when this evidence is offered by the respondent upon the issue of

New matter indicated by italics - deletions by strikeout
whether the petitioner consented to the sexual conduct with respect to which the offense is alleged; or

(2) when constitutionally required to be admitted.

(b) No evidence admissible under this Section may be introduced unless ruled admissible by the trial judge after an offer of proof has been made at a hearing held in camera to determine whether the respondent has evidence to impeach the witness in the event that prior sexual activity with the respondent is denied. The offer of proof shall include reasonably specific information as to the date, time, and place of the past sexual conduct between the petitioner and the respondent. Unless the court finds that reasonably specific information as to date, time, or place, or some combination thereof, has been offered as to prior sexual activity with the respondent, counsel for the respondent shall be ordered to refrain from inquiring into prior sexual activity between the petitioner and the respondent. The court may not admit evidence under this Section unless it determines at the hearing that the evidence is relevant and the probative value of the evidence outweighs the danger of unfair prejudice. The evidence shall be admissible at trial to the extent an order made by the court specifies the evidence that may be admitted and areas with respect to which the petitioner may be examined or cross examined.

Section 213. Civil no contact order; remedy.

(a) If the court finds that the petitioner has been a victim of non-consensual sexual conduct or non-consensual sexual penetration, a civil no contact order shall issue; provided that the petitioner must also satisfy the requirements of Section 214 on emergency orders or Section 215 on plenary orders. The petitioner shall not be denied a civil no contact order because the petitioner or the respondent is a minor. The court, when determining whether or not to issue a civil no contact order, may not require physical injury on the person of the victim. Modification and extension of prior civil no contact orders shall be in accordance with this Act.

(b) A civil no contact order shall order one or more of the following:

(1) order the respondent to stay away from the petitioner;
(2) order the respondent to stay away from any other person protected by the civil no contact order;
(3) prohibit the respondent from abuse, as defined in this Act, or stalking of the petitioner, as defined in Section 12-7.3 of the Criminal Code of 1961, if the abuse or stalking has occurred or otherwise appears likely to occur if not prohibited; or
(4) prohibit the respondent from entering or remaining present at the petitioner's school or place of employment, or both, or other specified places at times when the petitioner is present, if reasonable, given the balance of hardships. Hardships need not be balanced for the court to enter a stay away order or prohibit entry if the respondent has no right to enter the premises.

(c) Denial of a remedy may not be based, in whole or in part, on evidence that:

New matter indicated by italics - deletions by strikeout
(1) the respondent has cause for any use of force, unless that cause satisfies the standards for justifiable use of force provided by Article VII of the Criminal Code of 1961;
(2) the respondent was voluntarily intoxicated;
(3) the petitioner acted in self-defense or defense of another, provided that, if the petitioner utilized force, such force was justifiable under Article VII of the Criminal Code of 1961;
(4) the petitioner did not act in self-defense or defense of another;
(5) the petitioner left the residence or household to avoid further non-consensual sexual conduct or non-consensual sexual penetration by the respondent; or
(6) the petitioner did not leave the residence or household to avoid further non-consensual sexual conduct or non-consensual sexual penetration by the respondent.
(d) Monetary damages are not recoverable as a remedy. Section 213.5.
Accountability for actions of others. For the purposes of issuing a civil no contact order, deciding what remedies should be included and enforcing the order, Article 5 of the Criminal Code of 1961 shall govern whether respondent is legally accountable for the conduct of another person.
Section 214. Emergency civil no contact order.
(a) An emergency civil no contact order shall issue if the petitioner satisfies the requirements of this subsection (a). The petitioner shall establish that:
(1) the court has jurisdiction under Section 208;
(2) the requirements of Section 213 are satisfied; and
(3) there is good cause to grant the remedy, regardless of prior service of process or of notice upon the respondent, because the harm which that remedy is intended to prevent would be likely to occur if the respondent were given any prior notice, or greater notice than was actually given, of the petitioner's efforts to obtain judicial relief.
(b) If the respondent appears in court for this hearing for an emergency order, he or she may elect to file a general appearance and testify. Any resulting order may be an emergency order, governed by this Section. Notwithstanding the requirements of this Section, if all requirements of Section 215 have been met, the court may issue a plenary order.
(c) Emergency orders; court holidays and evenings.
(1) When the court is unavailable at the close of business, the petitioner may file a petition for a 21-day emergency order before any available circuit judge or associate judge who may grant relief under this Act. If the judge finds that there is an immediate and present danger of abuse against the petitioner and that the

New matter indicated by italics - deletions by strikeout
petitioner has satisfied the prerequisites set forth in subsection (a), that judge may issue an emergency civil no contact order.

(2) The chief judge of the circuit court may designate for each county in the circuit at least one judge to be reasonably available to issue orally, by telephone, by facsimile, or otherwise, an emergency civil no contact order at all times, whether or not the court is in session.

(3) Any order issued under this Section and any documentation in support of the order shall be certified on the next court day to the appropriate court. The clerk of that court shall immediately assign a case number, file the petition, order, and other documents with the court, and enter the order of record and file it with the sheriff for service, in accordance with Section 222. Filing the petition shall commence proceedings for further relief under Section 202. Failure to comply with the requirements of this paragraph (3) does not affect the validity of the order.

Section 215. Plenary civil no contact order. A plenary civil no contact order shall issue if the petitioner has served notice of the hearing for that order on the respondent, in accordance with Section 209, and satisfies the requirements of this Section. The petitioner must establish that:

(1) the court has jurisdiction under Section 206;
(2) the requirements of Section 213 are satisfied;
(3) a general appearance was made or filed by or for the respondent or process was served on the respondent in the manner required by Section 208; and
(4) the respondent has answered or is in default.

Section 216. Duration and extension of orders.

(a) Unless re-opened or extended or voided by entry of an order of greater duration, an emergency order shall be effective for not less than 14 nor more than 21 days.

(b) Except as otherwise provided in this Section, a plenary civil no contact order shall be effective for a fixed period of time, not to exceed 2 years. A plenary civil no contact order entered in conjunction with a criminal prosecution shall remain in effect as follows:

(1) if entered during pre-trial release, until disposition, withdrawal, or dismissal of the underlying charge; if however, the case is continued as an independent cause of action, the order's duration may be for a fixed period of time not to exceed 2 years;

(2) if in effect in conjunction with a bond forfeiture warrant, until final disposition or an additional period of time not exceeding 2 years; no order of protection, however, shall be terminated by a dismissal that is accompanied by the issuance of a bond forfeiture warrant;

(3) until expiration of any supervision, conditional discharge, probation, periodic imprisonment, parole, or mandatory supervised release and for an additional period of time thereafter not exceeding 2 years; or

New matter indicated by italics - deletions by strikeout
(4) until the date set by the court for expiration of any sentence of imprisonment and subsequent parole or mandatory supervised release and for an additional period of time thereafter not exceeding 2 years.

(c) Any emergency or plenary order may be extended one or more times, as required, provided that the requirements of Section 214 or 215, as appropriate, are satisfied. If the motion for extension is uncontested and the petitioner seeks no modification of the order, the order may be extended on the basis of the petitioner's motion or affidavit stating that there has been no material change in relevant circumstances since entry of the order and stating the reason for the requested extension. Extensions may be granted only in open court and not under the provisions of subsection (c) of Section 214, which applies only when the court is unavailable at the close of business or on a court holiday.

(d) Any civil no contact order which would expire on a court holiday shall instead expire at the close of the next court business day.

(e) The practice of dismissing or suspending a criminal prosecution in exchange for the issuance of a civil no contact order undermines the purposes of this Act. This Section shall not be construed as encouraging that practice.

Section 217. Contents of orders.

(a) Any civil no contact order shall describe each remedy granted by the court, in reasonable detail and not by reference to any other document, so that the respondent may clearly understand what he or she must do or refrain from doing.

(b) A civil no contact order shall further state the following:

(1) The name of each petitioner that the court finds was the victim of non-consensual sexual conduct or non-consensual sexual penetration by the respondent and the name of each other person protected by the order and that the person is protected by this Act.

(2) The date and time the civil no contact order was issued, whether it is an emergency or plenary order, and the duration of the order.

(3) The date, time, and place for any scheduled hearing for extension of that civil no contact order or for another order of greater duration or scope.

(4) For each remedy in an emergency civil no contact order, the reason for entering that remedy without prior notice to the respondent or greater notice than was actually given.

(c) A civil no contact order shall include the following notice, printed in conspicuous type: "Any knowing violation of a civil no contact order is a Class A misdemeanor. Any second or subsequent violation is a Class 4 felony."

Section 218. Notice of orders.

(a) Upon issuance of any civil no contact order, the clerk shall immediately, or on the next court day if an emergency order is issued in accordance with subsection (c) of Section 214:

New matter indicated by italics - deletions by strikeout
(1) enter the order on the record and file it in accordance with the circuit court procedures; and
(2) provide a file stamped copy of the order to the respondent, if present, and to the petitioner.
(b) The clerk of the issuing judge shall, or the petitioner may, on the same day that a civil no contact order is issued, file a certified copy of that order with the sheriff or other law enforcement officials charged with maintaining Department of State Police records or charged with serving the order upon the respondent. If the order was issued in accordance with subsection (c) of Section 214, the clerk shall, on the next court day, file a certified copy of the order with the Sheriff or other law enforcement officials charged with maintaining Department of State Police records.
(c) Unless the respondent was present in court when the order was issued, the sheriff, other law enforcement official, or special process server shall promptly serve that order upon the respondent and file proof of such service in the manner provided for service of process in civil proceedings. If process has not yet been served upon the respondent, it shall be served with the order or short form notification. A single fee may be charged for service of an order obtained in civil court, or for service of such an order together with process, unless waived or deferred under Section 208.
(d) If the person against whom the civil no contact order is issued is arrested and the written order is issued in accordance with subsection (c) of Section 214 and received by the custodial law enforcement agency before the respondent or arrestee is released from custody, the custodial law enforcement agent shall promptly serve the order upon the respondent or arrestee before the respondent or arrestee is released from custody. In no event shall detention of the respondent or arrestee be extended for hearing on the petition for civil no contact order or receipt of the order issued under Section 214 of this Act.
(e) Any order extending, modifying, or revoking any civil no contact order shall be promptly recorded, issued, and served as provided in this Section.
(f) Upon the request of the petitioner, within 24 hours of the issuance of a civil no contact order, the clerk of the issuing judge shall send written notice of the order along with a certified copy of the order to any school, college, or university at which the petitioner is enrolled.

Section 219. Violation. A knowing violation of a civil no contact order is a Class A misdemeanor. A second or subsequent violation is a Class 4 felony.

ARTICLE III
LAW ENFORCEMENT RESPONSIBILITIES
Section 301. Arrest without warrant.
(a) Any law enforcement officer may make an arrest without warrant if the officer has probable cause to believe that the person has committed or is committing a violation of a civil no contact order.
(b) The law enforcement officer may verify the existence of a civil no contact order by telephone or radio communication with his or her law enforcement agency or by referring to the copy of the order provided by the petitioner or the respondent.

Section 302. Data maintenance by law enforcement agencies.

(a) All sheriffs shall furnish to the Department of State Police, on the same day as received, in the form and detail the Department requires, copies of any recorded emergency or plenary civil no contact orders issued by the court and transmitted to the sheriff by the clerk of the court in accordance with subsection (b) of Section 218 of this Act. Each civil no contact order shall be entered in the Law Enforcement Agencies Data System on the same day it is issued by the court. If an emergency civil no contact order was issued in accordance with subsection (c) of Section 214, the order shall be entered in the Law Enforcement Agencies Data System as soon as possible after receipt from the clerk of the court.

(b) The Department of State Police shall maintain a complete and systematic record and index of all valid and recorded civil no contact orders issued under this Act. The data shall be used to inform all dispatchers and law enforcement officers at the scene of an alleged incident of non-consensual sexual conduct or non-consensual sexual penetration or violation of a civil no contact order of any recorded prior incident of non-consensual sexual conduct or non-consensual sexual penetration involving the victim and the effective dates and terms of any recorded civil no contact order.

Until one year after the effective date of this amendatory Act of 1985, if a condominium association has reserves plus assessments in excess of $250,000 and cannot reasonably obtain 100% fidelity bond coverage for such amount, then it must obtain a fidelity bond coverage of $250,000.

(h) Method of estimating the amount of the annual budget, and the manner of assessing and collecting from the unit owners their respective shares of such estimated expenses, and of any other expenses lawfully agreed upon.

(j) Designation and removal of personnel necessary for the maintenance, repair and replacement of the common elements.

(k) Such restrictions on and requirements respecting the use and maintenance of the units and the use of the common elements, not set forth in the declaration, as are designed to prevent unreasonable interference with the use of their respective units and of the common elements by the several unit owners.

(l) Method of adopting and of amending administrative rules and regulations governing the operation and use of the common elements.

(m) The percentage of votes required to modify or amend the bylaws, but each one of the particulars set forth in this section shall always be embodied in the bylaws.

(n) (i) The provisions of this Act, the declaration, bylaws, other condominium instruments, and rules and regulations that relate to the use of the individual unit or the common elements shall be applicable to any person leasing a unit and shall be deemed to be incorporated in any lease executed or renewed on or after the effective date of this amendatory Act of 1984. (ii) With regard to any lease entered into subsequent to the effective date of this amendatory Act of 1989, the unit owner leasing the unit shall deliver a copy of the signed lease to the board or if the lease is oral, a memorandum of the lease, not later than the date of occupancy or 10 days after the lease is signed, whichever occurs first. In addition to any other remedies, by filing an action jointly against the tenant and the unit owner, an association may seek to enjoin a tenant from occupying a unit or seek to evict a tenant under the provisions of Article IX of the Code of Civil Procedure for failure of the lessor-owner to comply with the leasing requirements prescribed by this Section or by the declaration, bylaws, and rules and regulations. (p) That when 30% or fewer of the units, by number, possess over 50% in the aggregate of the votes in the association, any percentage vote of members specified herein or in the condominium instruments shall require the specified percentage by number of units rather than by percentage of interest in the common elements allocated to units that would otherwise be applicable.

The provisions of this Section are applicable to all condominium instruments recorded under this Act. Any portion of a condominium instrument which contains provisions contrary to these provisions shall be void as against public policy and ineffective. Any such instrument which fails to contain the provisions required by this Section shall be deemed to incorporate such provisions by operation of law.

PUBLIC ACT 93-0245
(House Bill No. 2265)

AN ACT concerning telecommunications.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Public Utilities Act is amended by changing Section 13-509 as follows:

(220 ILCS 5/13-509) (from Ch. 111 2/3, par. 13-509)
(Sec. scheduled to be repealed on July 1, 2005)

Sec. 13-509. Agreements for provisions of competitive telecommunications services differing from tariffs. A telecommunications carrier may negotiate with customers or prospective customers to provide competitive telecommunications service, and in so doing, may offer or agree to provide such service on such terms and for such rates or charges as are reasonable, without regard to any tariffs it may have filed with the Commission with respect to such services. Within 30 business days after executing any such agreement, the telecommunications carrier shall submit to the Commission written notice of a list of any such agreements (which list may be filed electronically). The notice shall identify the general nature of all such agreements, the parties to each agreement, and a general description of differences between each agreement and the related tariff. A copy of each such agreement and any cost support required to be filed with the agreement by some other Section of this Act shall be provided to the Commission within 10 business days after a request for review of the agreement is made by the Commission or is made to the Commission by another telecommunications carrier. Any contract or memorandum of understanding for the provision of telecommunications service, which shall include the rates or other charges, practices, rules or regulations applicable to the agreed provision of such service. Any cost support required to be filed with the agreement by some other Section of this Act shall be filed within 30 business days after executing any such agreement. Where the agreement contains the same rates, charges, practices, rules, and regulations found in a single contract or memorandum already filed by the telecommunications carrier with the Commission, instead of filing the contract or memorandum, the telecommunications carrier may elect to file a letter identifying the new agreement and specifically referencing the contract or memorandum already on file with the Commission which contains the same provisions. A single letter may be used to file more than one new agreement. Upon submitting notice to the Commission of any such agreement filing its contract or memorandum, or letter, the telecommunications carrier shall thereafter provide service according to the terms thereof, unless the Commission finds, after notice and hearing, that the continued provision of service pursuant to such agreement contract or memorandum would substantially and adversely affect the financial integrity of the telecommunications carrier or would violate any other provision of this Act.

Any agreement or notice contract or memorandum entered into or and submitted filed pursuant to the provisions of this Section may, in the Commission's discretion, be accorded proprietary treatment.

All moneys received by the Department for the implementation of this Act shall be deposited into the Fund. Section 85. The Deposit of State Moneys Act is amended by changing Section 7 as follows:

(15 ILCS 520/7) (from Ch. 130, par. 26)

Sec. 7. (a) Proposals made may either be approved or rejected by the State Treasurer. A bank or savings and loan association whose proposal is approved shall be
eligible to become a State depositary for the class or classes of funds covered by its proposal. A bank or savings and loan association whose proposal is rejected shall not be so eligible. The State Treasurer shall seek to have at all times a total of not less than 20 banks or savings and loan associations which are approved as State depositaries for time deposits.

(b) The State Treasurer may, in his discretion, accept a proposal from an eligible institution which provides for a reduced rate of interest provided that such institution documents the use of deposited funds for community development projects.

(b-5) The State Treasurer may, in his or her discretion, accept a proposal from an eligible institution that provides for a reduced rate of interest, provided that such institution agrees to expend an amount of money equal to the amount of the reduction for the preservation of Cahokia Mounds.

(b-10) The State Treasurer may, in his or her discretion, accept a proposal from an eligible institution that provides for a reduced rate of interest, provided that the institution agrees to expend an amount of money equal to the amount of the reduction for senior centers.

(c) The State Treasurer may, in his or her discretion, accept a proposal from an eligible institution that provides for interest earnings on deposits of State moneys to be held by the institution in a separate account that the State Treasurer may use to secure up to 10% of any (i) home loans to Illinois citizens purchasing a home in Illinois in situations where the participating financial institution would not offer the borrower a home loan under the institution's prevailing credit standards without the incentive of a reduced rate of interest on deposits of State moneys, (ii) existing home loans of Illinois citizens who have failed to make payments on a home loan as a result of a financial hardship due to circumstances beyond the control of the borrower where there is a reasonable prospect that the borrower will be able to resume full mortgage payments, and (iii) loans in amounts that do not exceed the amount of arrearage on a mortgage and that are extended to enable a borrower to become current on his or her mortgage obligation.

The following factors shall be considered by the participating financial institution to determine whether the financial hardship is due to circumstances beyond the control of the borrower: (i) loss, reduction, or delay in the receipt of income because of the death or disability of a person who contributed to the household income, (ii) expenses actually incurred related to the uninsured damage or costly repairs to the mortgaged premises affecting its habitability, (iii) expenses related to the death or illness in the borrower's household or of family members living outside the household that reduce the amount of household income, (iv) loss of income or a substantial increase in total housing expenses because of divorce, abandonment, separation from a spouse, or failure to support a spouse or child, (v) unemployment or underemployment, (vi) loss, reduction, or delay in the receipt of federal, State, or other government benefits, and (vii) participation by the homeowner in a recognized labor action such as a strike. In determining whether there is a reasonable prospect that the borrower will be able to resume full mortgage payments, the
participating financial institution shall consider factors including, but not necessarily limited to the following: (i) a favorable work and credit history, (ii) the borrower's ability to and history of paying the mortgage when employed, (iii) the lack of an impediment or disability that prevents reemployment, (iv) new education and training opportunities, (v) non-cash benefits that may reduce household expenses, and (vi) other debts.

For the purposes of this Section, "home loan" means a loan, other than an open-end credit plan or a reverse mortgage transaction, for which (i) the principal amount of the loan does not exceed 50% of the conforming loan size limit for a single-family dwelling as established from time to time by the Federal National Mortgage Association, (ii) the borrower is a natural person, (iii) the debt is incurred by the borrower primarily for personal, family, or household purposes, and (iv) the loan is secured by a mortgage or deed of trust on real estate upon which there is located or there is to be located a structure designed principally for the occupancy of no more than 4 families and that is or will be occupied by the borrower as the borrower's principal dwelling.

(d) If there is an agreement between the State Treasurer and an eligible institution that details the use of deposited funds, the agreement may not require the gift of money, goods, or services to a third party; this provision does not restrict the eligible institution from contracting with third parties in order to carry out the intent of the agreement or restrict the State Treasurer from placing requirements upon third-party contracts entered into by the eligible institution.

Section 95. The Consumer Fraud and Deceptive Business Practices Act is amended by changing Section 7 as follows:

(815 ILCS 505/7) (from Ch. 121 1/2, par. 267)

Sec. 7. Injunctive relief; restitution; and civil penalties.

(a) Whenever the Attorney General or a State's Attorney has reason to believe that any person is using, has used, or is about to use any method, act or practice declared by
this Act to be unlawful, and that proceedings would be in the public interest, he or she may bring an action in the name of the People of the State against such person to restrain by preliminary or permanent injunction the use of such method, act or practice. The Court, in its discretion, may exercise all powers necessary, including but not limited to: injunction; revocation, forfeiture or suspension of any license, charter, franchise, certificate or other evidence of authority of any person to do business in this State; appointment of a receiver; dissolution of domestic corporations or association suspension or termination of the right of foreign corporations or associations to do business in this State; and restitution.

(b) In addition to the remedies provided herein, the Attorney General or State's Attorney may request and the Court may impose a civil penalty in a sum not to exceed $50,000 against any person found by the Court to have engaged in any method, act or practice declared unlawful under this Act. In the event the court finds the method, act or practice to have been entered into with the intent to defraud, the court has the authority to impose a civil penalty in a sum not to exceed $50,000 per violation.

(c) In addition to any other civil penalty provided in this Section, if a person is found by the court to have engaged in any method, act, or practice declared unlawful under this Act, and the violation was committed against a person 65 years of age or older, the court may impose an additional civil penalty not to exceed $10,000 for each violation.

A civil penalty imposed under this subsection (c) shall be paid to the State Treasurer who shall deposit the money in the State treasury in a special fund designated the Elderly Victim Fund. The Treasurer shall deposit such moneys into the Fund monthly. All of the moneys deposited into the Fund shall be appropriated to the Department on Aging for grants to senior centers in Illinois. Fifty percent of all moneys deposited in the Fund shall be appropriated to the Attorney General for the investigation and prosecution of frauds against persons 65 years of age or older and 50% of all moneys in the Fund shall be appropriated to the Attorney General to develop and implement State-wide education initiatives to inform persons 65 years of age or older, law enforcement agencies, the judicial system, social service professionals, and the general public about prevention of consumer crimes against persons 65 years of age or older, and about the provisions of this Section, the penalties for violations of this Section, and the remedies available for victims of those violations.

An award of restitution under subsection (a) has priority over a civil penalty imposed by the court under this subsection.

In determining whether to impose a civil penalty under this subsection and the amount of any penalty, the court shall consider the following:

1. Whether the defendant's conduct was in willful disregard of the rights of the person 65 years of age or older.

2. Whether the defendant knew or should have known that the defendant's conduct was directed to a person 65 years of age or older.
(3) Whether the person 65 years of age or older was substantially more vulnerable to the defendant's conduct because of age, poor health, infirmity, impaired understanding, restricted mobility, or disability, than other persons.

(4) Any other factors the court deems appropriate.

(d) This Section applies if: (i) a court orders a party to make payments to the Attorney General and the payments are to be used for the operations of the Office of the Attorney General or (ii) a party agrees, in an Assurance of Voluntary Compliance under this Act, to make payments to the Attorney General for the operations of the Office of the Attorney General.

(e) Moneys paid under any of the conditions described in subsection (d) shall be deposited into the Attorney General Court Ordered and Voluntary Compliance Payment Projects Fund, which is created as a special fund in the State Treasury. Moneys in the Fund shall be used, subject to appropriation, for the performance of any function pertaining to the exercise of the duties of the Attorney General including but not limited to enforcement of any law of this State and conducting public education programs; however, any moneys in the Fund that are required by the court or by an agreement to be used for a particular purpose shall be used for that purpose.

power to purchase, condemn, lease or acquire an easement in property within a municipality without the concurrence of the governing body of the municipality, except where such district is acquiring land for a linear park or trail not to exceed 100 yards in width or is acquiring land contiguous to an existing park or forest preserve, and no municipality shall annex any land for the purpose of defeating a District acquisition once the District has given notice of intent to acquire a specified parcel of land. No district with a population of less than 500,000 shall (i) have the power to condemn property for a linear park or trail within a municipality without the concurrence of the governing body of the municipality or (ii) have the power to condemn property for a linear park or trail in an unincorporated area without the concurrence of the governing body of the township within which the property is located or (iii) once having commenced a proceeding to acquire land by condemnation, dismiss or abandon that proceeding without the consent of the property owners. No district shall establish a trail surface within 50 feet of an occupied dwelling which was in existence prior to the approval of the acquisition by the district without obtaining permission of the owners of the premises or the concurrence of the governing body of the municipality or township within which the property is located. All acquisitions of land by a district with a population less than 600,000 within 1 1/2 miles of a municipality shall be preceded by a conference with the mayor or president of the municipality or his designated agent. If a forest preserve district is in negotiations for acquisition of land with owners of land adjacent to a municipality, the annexation of that land shall be deferred for 6 months. The district shall have no power to acquire an interest in real estate situated outside the district by the exercise of the right of eminent domain, by purchase or by lease, but shall have the power to acquire any such property, or an easement in any such property, which is contiguous to the district by gift, legacy, grant, or lease by the State of Illinois, subject to approval of the county board of the county, and of any forest preserve district or conservation district, within which the property is located. The district shall have the same control of and power over land, an interest in which it has so acquired, as over forest preserves within the district. If any of the powers to acquire lands and hold or improve the same given to Forest Preserve Districts, by Sections 5 and 6 of this Act should be held invalid, such invalidity shall not invalidate the remainder of this Act or any of the other powers herein given and conferred upon the Forest Preserve Districts. Such Forest Preserve Districts shall also have power to lease not to exceed 40 acres of the lands and grounds acquired by it, for a term of not more than 99 years to veterans' organizations as grounds for convalescing sick and disabled veterans, and as a place upon which to construct rehabilitation quarters, or to a county as grounds for a county nursing home or convalescent home. Any such Forest Preserve District shall also have power to grant licenses, easements and rights-of-way for the construction, operation and maintenance upon, under or across any property of such District of facilities for water, sewage, telephone, telegraph, electric, gas or other public service, subject to such terms and conditions as may be determined by such District.

Any such District may purchase, but not condemn, a parcel of land and sell a portion thereof for not less than fair market value pursuant to resolution of the Board. Such resolution shall be passed by the affirmative vote of at least 2/3 of all members of the board within 30 days after acquisition by the district of such parcel.

Whenever the board of any forest preserve district determines that the public interest will be subserved by vacating any street, roadway, or driveway, or part thereof, located within a forest preserve, it may vacate that street, roadway, or driveway, or part thereof, by an ordinance passed by the affirmative vote of at least 3/4 of all the members of the board, except that the affirmative vote of at least 6/7 of all the members of the board is required if the board members are elected under Section 3c of this Act. This vote shall be taken by ayes and nays and entered in the records of the board.

The determination of the board that the nature and extent of the public use or public interest to be subserved is such as to warrant the vacation of any street, roadway, or driveway, or part thereof, is conclusive, and the passage of such an ordinance is sufficient evidence of that determination, whether so recited in the ordinance or not. The relief to the public from further burden and responsibility of maintaining any street, roadway or driveway, or part thereof, constitutes a public use or public interest authorizing the vacation.

Nothing contained in this Section shall be construed to authorize the board of any forest preserve district to vacate any street, roadway, or driveway, or part thereof, that is part of any State or county highway.

When property is damaged by the vacation or closing of any street, roadway, or driveway, or part thereof, damage shall be ascertained and paid as provided by law.

Except in cases where the deed, or other instrument dedicating a street, roadway, or driveway, or part thereof, has expressly provided for a specific devolution of the title thereto upon the abandonment or vacation thereof, and except where such street, roadway or driveway, or part thereof, is held by the district by lease, or where the district holds an easement in the land included within the street, roadway or driveway, whenever any street, roadway, or driveway, or part thereof is vacated under or by virtue of any ordinance of any forest preserve district, the title to the land in fee simple included within the street, roadway, or driveway, or part thereof, so vacated vests in the forest preserve district.

The board of any forest preserve district is authorized to sell at fair market price, gravel, sand, earth and any other material obtained from the lands and waters owned by the district.

For the purposes of this Section, "acquiring land" includes acquiring a fee simple, lease or easement in land.

Sec. 9. Financing.

(a) It is the intent of the Legislature and declared to be the policy of the State that funds to meet disasters shall always be available.

(b) It is the legislative intent that the first recourse shall be to funds regularly appropriated to State and political subdivision departments and agencies. If the Governor finds that the demands placed upon these funds in coping with a particular disaster are unreasonably great, the Governor may make funds available from the Disaster Relief Fund. If monies available from the Fund are insufficient, and if the Governor finds that other sources of money to cope with the disaster are not available or are insufficient, the Governor shall request the General Assembly to enact legislation as it may deem necessary to transfer and expend monies appropriated for other purposes or borrow, for a term not to exceed 2 years from the United States government or other public or private source. If the General Assembly is not sitting in regular session to enact such legislation for the transfer, expenditure or loan of such monies, and the President of the Senate and the Speaker of the House certify that the Senate and House are not in session, the Governor is authorized to carry out those decisions, by depositing transfers or loan proceeds into and making expenditures from the Disaster Relief Fund, until such time as a quorum of the General Assembly can convene in a regular or extraordinary session. The General Assembly shall, to the extent moneys become available, restore moneys used from other sources under this Section.

(c) Nothing contained in this Section shall be construed to limit the Governor's authority to apply for, administer and expend grants, gifts or payments in aid of disaster mitigation, preparedness, response or recovery.

Section 20. The Emergency Medical Services Systems Act is amended by adding Section 3.21 as follows:

(210 ILCS 50/3.21 new)

Sec. 3.21. Hospital first responders. The General Assembly finds that in the event of terrorist acts, especially those involving the release of biological agents, bacteria, viruses, or other agents intended to cause illness or injury, hospitals serve as first responders in diagnosing and treating the victims of those acts. As first responders, hospitals are on the front lines of the State's emergency management efforts. Given the increased demands for equipment, materials, and training associated with their responsibility as first responders in the event of terrorist acts, hospitals would benefit from additional resources to enable them to be better prepared to protect and aid the residents of the State. In awarding funds to support disaster preparedness by first responders, the

Sec. 110-5. Determining the amount of bail and conditions of release.
(a) In determining the amount of monetary bail or conditions of release, if any, which will reasonably assure the appearance of a defendant as required or the safety of any other person or the community and the likelihood of compliance by the defendant with all the conditions of bail, the court shall, on the basis of available information, take into account such matters as the nature and circumstances of the offense charged, whether the evidence shows that as part of the offense there was a use of violence or threatened use of violence, whether the offense involved corruption of public officials or employees, whether there was physical harm or threats of physical harm to any public official, public employee, judge, prosecutor, juror or witness, senior citizen, child or handicapped person, whether evidence shows that during the offense or during the arrest the defendant possessed or used a firearm, machine gun, explosive or metal piercing ammunition or explosive bomb device

or any military or paramilitary armament, whether the evidence shows that the offense committed was related to or in furtherance of the criminal activities of an organized gang or was motivated by the defendant's membership in or allegiance to an organized gang, the condition of the victim, any written statement submitted by the victim or proffer or representation by the State regarding the impact which the alleged criminal conduct has had on the victim and the victim's concern, if any, with further contact with the defendant if released on bail, whether the offense was based on racial, religious, sexual orientation or ethnic hatred, the likelihood of the filing of a greater charge, the likelihood of conviction, the sentence applicable upon conviction, the weight of the evidence against such defendant, whether there exists motivation or ability to flee, whether there is any verification as to prior residence, education, or family ties in the local jurisdiction, in another county, state or foreign country, the defendant's employment, financial resources, character and mental condition, past conduct, prior use of alias names or dates of birth, and length of residence in the community, the consent of the defendant to periodic drug testing in accordance with Section 110-6.5, whether a foreign national defendant is lawfully admitted in the United States of America, whether the government of the foreign national maintains an extradition treaty with the United States by which the foreign government will extradite to the United States its national for a trial for a crime allegedly committed in the United States, whether the defendant is currently subject to deportation or exclusion under the immigration laws of the United States, whether the defendant, although a United States citizen, is considered under the law of any foreign state a national of that state for the purposes of extradition or non-extradition to the United States, the amount of unrecovered proceeds lost as a result of the alleged offense, the source of bail funds tendered or sought to be tendered for bail, whether from the totality of the court's consideration, the loss of funds posted or sought to be posted for bail will not deter the defendant from flight, whether the evidence shows that the defendant is engaged in significant possession, manufacture, or delivery of a controlled substance or cannabis, either individually or in consort with others, whether at the time of the offense charged he was on bond or pre-trial release pending trial, probation, periodic imprisonment or conditional discharge pursuant to this Code or the comparable Code of any other state or federal jurisdiction, whether the defendant is on bond or pre-trial release pending the imposition or execution of sentence or appeal of sentence for any offense under the laws of Illinois or any other state or federal jurisdiction, whether the defendant is under parole or mandatory supervised release or work release from the Illinois Department of Corrections or any penal institution or corrections department of any state or federal jurisdiction, the defendant's record of convictions, whether the defendant has been convicted of a misdemeanor or ordinance offense in Illinois or similar offense in other state or federal jurisdiction within the 10 years preceding the current charge or convicted of a felony in Illinois, whether the defendant was convicted of an offense in another state or federal jurisdiction that would be a felony if committed in Illinois within the 20 years preceding the current charge or has been convicted of such felony and released from the
penitentiary within 20 years preceding the current charge if a penitentiary sentence was imposed in Illinois or other state or federal jurisdiction, the defendant's records of juvenile adjudication of delinquency in any jurisdiction, any record of appearance or failure to appear by the defendant at court proceedings, whether there was flight to avoid arrest or prosecution, whether the defendant escaped or attempted to escape to avoid arrest, whether the defendant refused to identify himself, or whether there was a refusal by the defendant to be fingerprinted as required by law. Information used by the court in its findings or stated in or offered in connection with this Section may be by way of proffer based upon reliable information offered by the State or defendant. All evidence shall be admissible if it is relevant and reliable regardless of whether it would be admissible under the rules of evidence applicable at criminal trials. If the State presents evidence that the offense committed by the defendant was related to or in furtherance of the criminal activities of an organized gang or was motivated by the defendant's membership in or allegiance to an organized gang, and if the court determines that the evidence may be substantiated, the court shall prohibit the defendant from associating with other members of the organized gang as a condition of bail or release. For the purposes of this Section, "organized gang" has the meaning ascribed to it in Section 10 of the Illinois Streetgang Terrorism Omnibus Prevention Act.

(b) The amount of bail shall be:

(1) Sufficient to assure compliance with the conditions set forth in the bail bond, which shall include the defendant's current address with a written admonishment to the defendant that he or she must comply with the provisions of Section 110-12 regarding any change in his or her address. The defendant's address shall at all times remain a matter of public record with the clerk of the court.

(2) Not oppressive.

(3) Considerate of the financial ability of the accused.

(4) When a person is charged with a drug related offense involving possession or delivery of cannabis or possession or delivery of a controlled substance as defined in the Cannabis Control Act, as amended, or the Illinois Controlled Substances Act, as amended, the full street value of the drugs seized shall be considered. "Street value" shall be determined by the court on the basis of a proffer by the State based upon reliable information of a law enforcement official contained in a written report as to the amount seized and such proffer may be used by the court as to the current street value of the smallest unit of the drug seized.

(c) When a person is charged with an offense punishable by fine only the amount of the bail shall not exceed double the amount of the maximum penalty.

(d) When a person has been convicted of an offense and only a fine has been imposed the amount of the bail shall not exceed double the amount of the fine.
(e) The State may appeal any order granting bail or setting a given amount for bail.

PUBLIC ACT 93-0255
(House Bill No. 0524)

AN ACT in relation to criminal law.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Juvenile Court Act of 1987 is amended by changing Section 5-410 as follows:

(705 ILCS 405/5-410)
Sec. 5-410. Non-secure custody or detention.
(1) Any minor arrested or taken into custody pursuant to this Act who requires care away from his or her home but who does not require physical restriction shall be given temporary care in a foster family home or other shelter facility designated by the court.
(2) (a) Any minor 10 years of age or older arrested pursuant to this Act where there is probable cause to believe that the minor is a delinquent minor and that (i) secured custody is a matter of immediate and urgent necessity for the protection of the minor or of the person or property of another, (ii) the minor is likely to flee the jurisdiction of the court, or (iii) the minor was taken into custody under a warrant, may be kept or detained in an authorized detention facility. No minor under 12 years of age shall be detained in a county jail or a municipal lockup for more than 6 hours.
(b) The written authorization of the probation officer or detention officer (or other public officer designated by the court in a county having 3,000,000 or more inhabitants) constitutes authority for the superintendent of any juvenile detention home to detain and keep a minor for up to 40 hours, excluding Saturdays, Sundays and court-designated holidays. These records shall be available to the same persons and pursuant to the same conditions as are law enforcement records as provided in Section 5-905.
(b-4) The consultation required by subsection (b-5) shall not be applicable if the probation officer or detention officer (or other public officer designated by the court in a county having 3,000,000 or more inhabitants) utilizes a scorable detention screening instrument, which has been developed with input by the State's Attorney, to determine whether a minor should be detained, however, subsection (b-5) shall still be applicable where no such screening instrument is used or where the probation officer, detention

officer (or other public officer designated by the court in a county having 3,000,000 or more inhabitants) deviates from the screening instrument.

(b-5) Subject to the provisions of subsection (b-4), if a probation officer or detention officer (or other public officer designated by the court in a county having 3,000,000 or more inhabitants) does not intend to detain a minor for an offense which constitutes one of the following offenses he or she shall consult with the State's Attorney's Office prior to the release of the minor: first degree murder, second degree murder, involuntary manslaughter, criminal sexual assault, aggravated criminal sexual assault, aggravated battery with a firearm, aggravated or heinous battery involving permanent disability or disfigurement or great bodily harm, robbery, aggravated robbery, armed robbery, vehicular hijacking, aggravated vehicular hijacking, vehicular invasion, arson, aggravated arson, kidnapping, aggravated kidnapping, home invasion, burglary, or residential burglary.

(c) Except as otherwise provided in paragraph (a), (d), or (e), no minor shall be detained in a county jail or municipal lockup for more than 12 hours, unless the offense is a crime of violence in which case the minor may be detained up to 24 hours. For the purpose of this paragraph, "crime of violence" has the meaning ascribed to it in Section 1-10 of the Alcoholism and Other Drug Abuse and Dependency Act.

(i) The period of detention is deemed to have begun once the minor has been placed in a locked room or cell or handcuffed to a stationary object in a building housing a county jail or municipal lockup. Time spent transporting a minor is not considered to be time in detention or secure custody.

(ii) Any minor so confined shall be under periodic supervision and shall not be permitted to come into or remain in contact with adults in custody in the building.

(iii) Upon placement in secure custody in a jail or lockup, the minor shall be informed of the purpose of the detention, the time it is expected to last and the fact that it cannot exceed the time specified under this Act.

(iv) A log shall be kept which shows the offense which is the basis for the detention, the reasons and circumstances for the decision to detain and the length of time the minor was in detention.

(v) Violation of the time limit on detention in a county jail or municipal lockup shall not, in and of itself, render inadmissible evidence obtained as a result of the violation of this time limit. Minors under 17 years of age shall be kept separate from confined adults and may not at any time be kept in the same cell, room or yard with adults confined pursuant to criminal law. Persons 17 years of age and older who have a petition of delinquency filed against them may be confined in an adult detention facility. In making a determination whether to confine a person 17 years of age or older who has a petition of delinquency filed against the person, these factors, among other matters, shall be considered:

(A) The age of the person;

New matter indicated by italics - deletions by strikeout
(B) Any previous delinquent or criminal history of the person;
(C) Any previous abuse or neglect history of the person; and
(D) Any mental health or educational history of the person, or both.

(d) (i) If a minor 12 years of age or older is confined in a county jail in a county with a population below 3,000,000 inhabitants, then the minor's confinement shall be implemented in such a manner that there will be no contact by sight, sound or otherwise between the minor and adult prisoners. Minors 12 years of age or older must be kept separate from confined adults and may not at any time be kept in the same cell, room, or yard with confined adults. This paragraph (d)(i) shall only apply to confinement pending an adjudicatory hearing and shall not exceed 40 hours, excluding Saturdays, Sundays and court designated holidays. To accept or hold minors during this time period, county jails shall comply with all monitoring standards promulgated by the Department of Corrections and training standards approved by the Illinois Law Enforcement Training Standards Board.

(ii) To accept or hold minors, 12 years of age or older, after the time period prescribed in paragraph (d)(i) of this subsection (2) of this Section but not exceeding 7 days including Saturdays, Sundays and holidays pending an adjudicatory hearing, county jails shall comply with all temporary detention standards promulgated by the Department of Corrections and training standards approved by the Illinois Law Enforcement Training Standards Board.

(iii) To accept or hold minors 12 years of age or older, after the time period prescribed in paragraphs (d)(i) and (d)(ii) of this subsection (2) of this Section, county jails shall comply with all programmatic and training standards for juvenile detention homes promulgated by the Department of Corrections.

(e) When a minor who is at least 15 years of age is prosecuted under the criminal laws of this State, the court may enter an order directing that the juvenile be confined in the county jail. However, any juvenile confined in the county jail under this provision shall be separated from adults who are confined in the county jail in such a manner that there will be no contact by sight, sound or otherwise between the juvenile and adult prisoners.

(f) For purposes of appearing in a physical lineup, the minor may be taken to a county jail or municipal lockup under the direct and constant supervision of a juvenile police officer. During such time as is necessary to conduct a lineup, and while supervised by a juvenile police officer, the sight and sound separation provisions shall not apply.

(g) For purposes of processing a minor, the minor may be taken to a County Jail or municipal lockup under the direct and constant supervision of a law enforcement officer or correctional officer. During such time as is necessary to process the minor, and while supervised by a law enforcement officer or correctional officer, the sight and sound separation provisions shall not apply.

(3) If the probation officer or State's Attorney (or such other public officer designated by the court in a county having 3,000,000 or more inhabitants) determines that
the minor may be a delinquent minor as described in subsection (3) of Section 5-105, and should be retained in custody but does not require physical restriction, the minor may be placed in non-secure custody for up to 40 hours pending a detention hearing.

(4) Any minor taken into temporary custody, not requiring secure detention, may, however, be detained in the home of his or her parent or guardian subject to such conditions as the court may impose.

survey in which there are no more than two lots or parcels of land, the fee shall be $12. In each county where such maps or plats are to be recorded, the recorder may require the same to be accompanied by such number of exact, true and legible copies thereof as the recorder deems necessary for the efficient conduct and operation of his office.

For certified copies of records the same fees as for recording, but in no case shall the fee for a certified copy of a map or plat of an addition, subdivision or otherwise exceed $10.

Each certificate of such recorder of the recording of the deed or other writing and of the date of recording the same signed by such recorder, shall be sufficient evidence of the recording thereof, and such certificate including the indexing of record, shall be furnished upon the payment of the fee for recording the instrument, and no additional fee shall be allowed for the certificate or indexing.

The recorder shall charge an additional fee, in an amount equal to the fee otherwise provided by law, for recording a document (other than a document filed under the Plat Act or the Uniform Commercial Code) that does not conform to the following standards:

1. The document shall consist of one or more individual sheets measuring 8.5 inches by 11 inches, not permanently bound and not a continuous form. Graphic displays accompanying a document to be recorded that measure up to 11 inches by 17 inches shall be recorded without charging an additional fee.

4. The first page of the document shall contain a blank space, measuring at least 3 inches by 5 inches, from the upper right corner.

5. The document shall not have any attachment stapled or otherwise affixed to any page.

A document that does not conform to these standards shall not be recorded except upon payment of the additional fee required under this paragraph. This paragraph, as amended by this amendatory Act of 1995, applies only to documents dated after the effective date of this amendatory Act of 1995.

The county board of any county may provide for an additional charge of $3 for filing every instrument, paper, or notice for record, (1) in order to defray the cost of converting the county recorder's document storage system to computers or micrographics.

and (2) in order to defray the cost of providing access to records through the global information system known as the Internet.

A special fund shall be set up by the treasurer of the county and such funds collected pursuant to Public Act 83-1321 shall be used (1) solely for a document storage system to provide the equipment, materials and necessary expenses incurred to help defray the costs of implementing and maintaining such a document records system and (2) for a system to provide electronic access to those records.

The county board of any county that provides and maintains a countywide map through a Geographic Information System (GIS) may provide for an additional charge of $3 for filing every instrument, paper, or notice for record (1) in order to defray the cost of implementing or maintaining the county's Geographic Information System and (2) in order to defray the cost of providing electronic access to the county's Geographic Information System records. Of that amount, $2 must be deposited into a special fund set up by the treasurer of the county, and any moneys collected pursuant to this amendatory Act of the 91st General Assembly and deposited into that fund must be used solely for the equipment, materials, and necessary expenses incurred in implementing and maintaining a Geographic Information System and in order to defray the cost of providing electronic access to the county's Geographic Information System records. The remaining $1 must be deposited into the recorder's special funds created under Section 3-5005.4. The recorder may, in his or her discretion, use moneys in the funds created under Section 3-5005.4 to defray the cost of implementing or maintaining the county's Geographic Information System and to defray the cost of providing electronic access to the county's Geographic Information System records.

The foregoing fees allowed by this Section are the maximum fees that may be collected from any officer, agency, department or other instrumentality of the State. The county board may, however, by ordinance, increase the fees allowed by this Section and collect such increased fees from all persons and entities other than officers, agencies, departments and other instrumentalities of the State if the increase is justified by an acceptable cost study showing that the fees allowed by this Section are not sufficient to cover the cost of providing the service. Regardless of any other provision in this Section, the maximum fee that may be collected from the Department of Revenue for filing or indexing a lien, certificate of lien release or subordination, or any other type of notice or other documentation affecting or concerning a lien is $5. Regardless of any other provision in this Section, the maximum fee that may be collected from the Department of Revenue for indexing each additional name in excess of one for any lien, certificate of lien release or subordination, or any other type of notice or other documentation affecting or concerning a lien is $1.

Section 35. Contracts for the operation of warehouses and storage facilities. Any public warehouse or other public storage facility owned or otherwise controlled by the district shall be operated by persons under contracts with the district. Any contract shall reserve reasonable rentals or other charges payable to the district sufficient to pay the cost of maintaining, repairing, regulating, and operating the facilities and to pay the principal of and interest on any revenue bonds issued by the district and may contain any other conditions that may be mutually agreed upon. However, upon the breach of a contract or if no contract is in existence as to any facility, the district shall temporarily operate the facility until a contract for its operation can be negotiated.

Section 40. Procedure for leases or contracts for operation of warehouses and storage facilities. All leases or other contracts for operation of any public warehouse or public grain elevator to which this Section is applicable owned or otherwise controlled by the district shall be governed by the following procedures. Notice shall be given by the district that bids will be received for the operation of the public warehouse or public grain elevator. This notice shall state the time within which and the place where bids may be submitted, the time and place of opening of bids, and shall be published not more than 30 days nor less than 15 days in advance of the first day for the submission of bids in any one or more newspapers designated by the district that have a general circulation within the district. The notice shall specify sufficient data of the proposed operation to enable bidders to understand the scope of the operation; provided, however, that contracts that by their nature are not adapted to award by competitive bidding, such as contracts for the services of individuals possessing a high degree of personal skill, contracts for the purchase or binding of magazines, books, periodicals, pamphlets, reports, and similar articles, and contracts for utility services such as water, light, heat, telephone, or telegraph, shall not be subject to the competitive bidding requirements of this Section, but may not be awarded without the affirmative vote of 3/5ths of the Board.

The Board may, by ordinance, promulgate reasonable regulations prescribing the qualifications of the bidders as to experience, adequacy of equipment, ability to complete performance within the time set, and other factors in addition to financial responsibility, and may, by ordinance, provide for suitable performance guaranties to qualify a bid. Copies of all regulations shall be made available to all bidders.

The district may determine in advance the minimum rental that should be produced by the public warehouse or public grain elevator offered and, if no qualified bid will produce the minimum rental, all bids may be rejected and the district shall then readvertise for bids. If after the readvertisement no responsible and satisfactory bid within the terms of the advertisement is received, the district may then negotiate a lease for not less than the amount of minimum rental so determined. If, after negotiating for a lease as provided in this Section, it is found necessary to revise the minimum rental to be produced by the facilities offered for lease, then the district shall again readvertise for bids, as provided in this Section, before negotiating a lease.

If the district shall temporarily operate any public warehouse or public grain elevator as provided in Section 35, the temporary operation shall not continue for more than one year without advertising for bids for the operation of the facility as provided in this Section.

Section 45. Obligations for expenses not to be incurred until appropriations made. Unless and until the revenues from operations conducted by the district are adequate to meet all expenditures or unless and until otherwise determined by an act of the General Assembly, the district shall not incur any obligations for salaries, office, or administrative expenses before the making of appropriations to meet those expenses.

Section 50. Acquisition of property.
(a) The district shall have power to acquire and accept by purchase, lease, gift, grant, or otherwise any and all real property, whether a fee simple absolute or a lesser estate, and personal property either within or without its corporate limits or any right that may be useful for its purposes and to provide for the development of adequate channels, ports, harbors, terminals, port facilities, intermodal facilities, and terminal facilities adequate to serve the needs of commerce within the district. The district shall have the right to grant easements and permits for the use of any real property, rights of way, or privileges that, in the opinion of the Board, will not interfere with the use of the district's property by the district for its primary purposes and the easements and permits may contain any conditions and retain any interest therein that may be deemed for the best interest of the district by the Board.
(b) Any property or facility shall be leased or operated, if at all, only by 2 or more unrelated contracting parties in parcels that are as nearly equal in all respects as practicable unless the Board determines that it is in the best interest of the district to lease the property or facility to a single contracting party.

The district, subject to the public bid requirements prescribed in Section 40 with respect to public warehouses or public grain elevators, may lease to others for any period of time not to exceed 99 years upon any terms that the Board may determine any of its real property, rights of way, or privileges, any interest therein, or any part thereof for industrial, manufacturing, commercial, recreational, or harbor purposes, that is in the opinion of the Board no longer required for its primary purposes in the development of port, intermodal,
and harbor facilities or that may not be immediately needed for those purposes. Where the leases will in the opinion of the Board aid and promote those purposes, and in conjunction with those leases, the district may grant rights of way and privileges across the property of the district, which rights of way and privileges may be assignable and irrevocable during the term of any lease and may include the right to enter upon the property of the district to do any things that may be necessary for the enjoyment of the leases, rights of way, and privileges and the leases may contain any conditions and retain any interest that may be deemed for the best interest of the district by the Board.

With respect to any and all leases, easements, rights of way, privileges, and permits made or granted by the Board, the Board may agree upon and collect the rentals, charges, and fees that may be deemed for the best interest of the district by the Board. The rentals, charges, and fees shall be used to defray the reasonable expenses of the district and to pay the principal of and interest on any revenue bonds issued by the district.

(c) The district may dedicate to the public for highway purposes any of its real property and those dedications may be subject to any conditions and the retention of any interest that may be deemed for the best interest of the district by the Board.

(d) The district may sell, convey, or operate any of its buildings, structures, or other improvements located upon district property that may be deemed in the best interest of the district by the Board.

Section 55. Grants, loans, and appropriations. The district has power to apply for and accept grants, loans, or appropriations from the federal government or any agency or instrumentality thereof or the State of Illinois or any agency or instrumentality thereof to be used for any of the purposes of the district and to enter into any agreement with the federal government, the State of Illinois, or any agency or instrumentality thereof in relation to the grants, loans, or appropriations.

Section 60. Foreign trade zones and sub-zones. The district has power to apply to the proper authorities of the United States of America under the appropriate law for the right to establish, operate, maintain, and lease foreign trade zones and sub-zones within the jurisdiction of the United States Customs Service and to establish, operate, maintain, and lease the foreign trade zones and sub-zones.

Section 65. Insurance contracts. The district has power to procure and enter into contracts for any type of insurance and indemnity against loss or damage to property from any cause, including loss of use and occupancy, against death or injury of any person, against employers' liability, against any act of any member, officer, or employee of the Board or of the district in the performance of the duties of his or her office or employment or any other insurable risk.

Section 70. Borrowing money; revenue bonds.

(a) The district has the continuing power to borrow money for the purpose of acquiring, constructing, reconstructing, extending, operating, or improving terminals, terminal facilities, intermodal facilities, and port facilities; for acquiring any property and

equipment useful for the construction, reconstruction, extension, improvement, or operation of its terminals, terminal facilities, intermodal facilities, and port facilities; and for acquiring necessary cash working funds. For the purpose of evidencing the obligation of the district to repay any money borrowed, the district may, by ordinances adopted by the Board from time to time, issue and dispose of its interest bearing revenue bonds, notes, or certificates and may also from time to time issue and dispose of its interest bearing revenue bonds, notes, or certificates to refund any bonds, notes, or certificates at maturity or by redemption provisions or at any time before maturity with the consent of the holders thereof.

(b) All bonds, notes, and certificates shall be payable solely from the revenues or income to be derived from the terminals, terminal facilities, intermodal facilities, and port facilities or any part thereof; may bear any date or dates; may mature at any time or times not exceeding 40 years from their respective dates; may bear interest at any rate or rates payable semiannually; may be in any form; may carry any registration privileges; may be executed in any manner; may be payable at any place or places; may be made subject to redemption in any manner and upon any terms, with or without premium that is stated on the face thereof; may be authenticated in any manner; and may contain any terms and covenants as may be provided in the ordinance. The holder or holders of any bonds, notes, certificates, or interest coupons appertaining to the bonds, notes, and certificates issued by the district may bring civil actions to compel the performance and observance by the district or any of its officers, agents, or employees of any contract or covenant made by the district with the holders of those bonds, notes, certificates, or interest coupons and to compel the district and any of its officers, agents, or employees to perform any duties required to be performed for the benefit of the holders of any bonds, notes, certificates, or interest coupons by the provision in the ordinance authorizing their issuance, and to enjoin the district and any of its officers, agents, or employees from taking any action in conflict with any such contract or covenant, including the establishment of charges, fees, and rates for the use of facilities as provided in this Act. Notwithstanding the form and tenor of any bonds, notes, or certificates and in the absence of any express recital on the face thereof that it is nonnegotiable, all bonds, notes, and certificates shall be negotiable instruments. Pending the preparation and execution of any bonds, notes, or certificates, temporary bonds, notes, or certificates may be issued with or without interest coupons as may be provided by ordinance.

(c) The bonds, notes, or certificates shall be sold by the corporate authorities of the district in any manner that the corporate authorities shall determine, except that if issued to bear interest at the minimum rate permitted by the Bond Authorization Act, the bonds shall be sold for not less than par and accrued interest and except that the selling price of bonds bearing interest at a rate less than the maximum rate permitted in that Act shall be such that the interest cost to the district of the money received from the bond sale

shall not exceed such maximum rate annually computed to absolute maturity of said bonds or certificates according to standard tables of bond values.

(d) From and after the issue of any bonds, notes, or certificates as provided in this Section, it shall be the duty of the corporate authorities of the district to fix and establish rates, charges, and fees for the use of facilities acquired, constructed, reconstructed, extended, or improved with the proceeds derived from the sale of the bonds, notes, or certificates sufficient at all times with other revenues of the district, if any, to pay (i) the cost of maintaining, repairing, regulating, and operating the facilities and (ii) the bonds, notes, or certificates and interest thereon as they shall become due, all sinking fund requirements, and all other requirements provided by the ordinance authorizing the issuance of the bonds, notes, or certificates or as provided by any trust agreement executed to secure payment thereof. To secure the payment of any or all of bonds, notes, or certificates and for the purpose of setting forth the covenants and undertaking of the district in connection with the issuance of those bonds, notes, or certificates and the issuance of any additional bonds, notes, or certificates payable from revenue income to be derived from the terminals, terminal facilities, intermodal facilities, and port facilities the district may execute and deliver a trust agreement or agreements. A lien upon any physical property of the district may be created by the trust agreement. A remedy for any breach or default of the terms of any trust agreement by the district may be by mandamus proceedings in the circuit court to compel performance and compliance with the agreement, but the trust agreement may prescribe by whom or on whose behalf the action may be instituted.

Section 75. Bonds not obligations of the State or district. Under no circumstances shall any bonds, notes, or certificates issued by the district or any other obligation of the district be or become an indebtedness or obligation of the State of Illinois or of any other political subdivision of or municipality within the State, nor shall any bond, note, certificate, or obligation be or become an indebtedness of the district within the purview of any constitutional limitation or provision. It shall be plainly stated on the face of each bond, note, and certificate that it does not constitute an indebtedness or obligation but is payable solely from the revenues or income of the district.

Section 80. Revenue bonds as legal investments. The State and all counties, cities, villages, incorporated towns and other municipal corporations, political subdivisions, public bodies, and public officers of any thereof; all banks, bankers, trust companies, savings banks and institutions, building and loan associations, savings and loan associations, investment companies, and other persons carrying on a banking business; all insurance companies, insurance associations, and other persons carrying on an insurance business; and all executors, administrators, guardians, trustees, and their fiduciaries may legally invest any sinking funds, moneys, or other funds belonging to them or within their control in any bonds, notes, or certificates issued under this Act. It is the purpose of this Section to authorize the investment in bonds, notes, or certificates of all sinking, insurance,
retirement, compensation, pension, and trust funds, whether owned or controlled by private
or public persons or officers; provided, however, that nothing contained in this Section
may be construed as relieving any person from any duty of exercising reasonable care in
selecting securities for purchase or investment.

Section 90. Permits. It shall be unlawful to make any fill or deposit of rock, earth,
sand, or other material, or any refuse matter of any kind or description, or build or
commence the building of any wharf, pier, dolphin, weir, breakwater, bulkhead,
jetty, bridge, or other structure over, under, in, or within 40 feet of any navigable waters
within the district without first submitting the plans, profiles, and specifications for it, and
any other data and information that may be required, to the district and receiving a permit.
Any person, corporation, company, city or municipality, or other agency that does any of
the things prohibited in this Section without securing a permit is guilty of a Class A
misdemeanor. Any structure, fill, or deposit erected or made in any of the public bodies of
water within the district in violation of the provisions of this Section is declared to be a
purpresture and may be abated as such at the expense of the person, corporation, company,
city, municipality, or other agency responsible for it. If in the discretion of the district it is
decided that the structure, fill, or deposit may remain, the district may fix any rule,
regulation, requirement, restrictions, or rentals or require and compel any changes,
modifications, and repairs that shall be necessary to protect the interest of the district.

Section 100. Heart of Illinois Regional Port District Board; compensation. The
governing and administrative body of the district shall be a board consisting of 9 members,
to be known as the Heart of Illinois Regional Port District Board. Members of the Board
shall be residents of a county whose territory, in whole or in part, is embraced by the
district and persons of recognized business ability. The members of the Board shall not
receive compensation for their services. Each member shall be reimbursed for actual
expenses incurred in the performance of his or her duties. Any person who is appointed
to the office of secretary or treasurer of the Board may receive compensation for services as
an officer, as determined by the Board. No member of the Board or employee of the district
shall have any private financial interest, profit, or benefit in any contract, work, or business
of the district or in the sale or lease of any property to or from the district.

Section 105. Board; appointments; terms of office; certification and oath. The
Governor, by and with the advice and consent of the Senate, shall appoint 3 members of
the Board. Of the 3 members appointed by the Governor, at least one must be a member of
a labor organization, as defined in Section 3 of the Workplace Literacy Act. If the Senate is
in recess when the appointment is made, the Governor shall make a temporary appointment
until the next meeting of the Senate. The county board chairmen of Tazewell, Woodford,
Peoria, Marshall, Mason, and Fulton Counties shall each appoint one member of the Board
with the advice and consent of their respective county boards. Of the members initially
appointed, the 3 appointed by the Governor shall be appointed for initial terms expiring
June 1, 2009, and the 6 appointed by their county board chairmen shall be appointed for
initial terms expiring June 1, 2010. All vacancies shall be filled in a like manner and with like regard to the place of residence of the appointee. After the expiration of initial terms, a successor shall hold office for the term of 6 years beginning the first day of June of the year in which the term of office commences. The Governor and the respective county board chairmen shall certify their appointments to the Secretary of State. Within 30 days after certification of appointment, and before entering upon the duties of his office, each member of the Board shall take and subscribe the constitutional oath of office and file it in the office of the Secretary of State.

Section 110. Resignation and removal of Board members; vacancies. Members of the Board shall hold office until their respective successors have been appointed and qualified. Any member may resign from his or her office, to take effect when his or her successor has been appointed and has qualified. The Governor and the county boards may remove any member of the Board appointed by them in case of incompetency, neglect of duty, or malfeasance in office. They shall give the member a copy of the charges against him or her and an opportunity to be publicly heard in person or by counsel in his or her own defense upon not less than 10 days' notice. In case of failure to qualify within the time required, of abandonment of office, or of death, conviction of a crime, or removal from office, the office shall become vacant. Each vacancy shall be filled for the unexpired term by appointment in like manner, and with like regard as to the place of residence of the appointee, as in case of expiration of the term of a member of the Board.

Section 115. Organization of the Board. As soon as possible after the appointment of the initial members, the Board shall organize for the transaction of business, select a chairperson and a temporary secretary from its own number, and adopt by-laws and regulations to govern its proceedings. The initial chairperson and successors shall be elected by the Board from time to time for the term of his or her office as a member of the Board or for the term of 3 years, whichever is shorter.

Section 120. Meetings; ordinances and resolutions; public records. Regular meetings of the Board shall be held at least once in each calendar month, the time and place of the meeting to be fixed by the Board. Five members of the Board shall constitute a quorum for the transaction of business. All action of the Board shall be by ordinance or resolution and the affirmative vote of at least 5 members shall be necessary for the adoption of any ordinance or resolution. All ordinances and resolutions before taking effect shall be approved by the chairperson of the Board. If the chairperson shall approve the ordinance or resolution, he or she shall sign it. Those ordinances or resolutions the chairperson shall not approve the chairperson shall return to the Board with his or her objections in writing at the next regular meeting of the Board occurring after the passage of the ordinances or resolutions. If the chairperson shall fail to return any ordinance or resolution with his or her objections by the time required in this Section, he or she shall be deemed to have approved it and it shall take effect accordingly. Upon the return of any ordinance or resolution by the chairperson with his or her objections, the vote by which the
ordinance or resolution was passed shall be reconsidered by the Board. If upon reconsideration the ordinance or resolution is passed by the affirmative vote of at least 6 members, it shall go into effect notwithstanding the veto of the chairperson. All ordinances, resolutions, all proceedings of the district, and all documents and records in its possession shall be public records, and open to public inspection, except any documents and records that shall be kept or prepared by the Board for use in negotiations, actions, or proceedings to which the district is a party.

Section 125. Secretary and treasurer; oath and bond. The Board shall appoint a secretary and a treasurer who need not be members of the Board to hold office during the pleasure of the Board. The Board shall fix their duties and compensation. Before entering upon the duties of their respective offices, they shall take and subscribe the constitutional oath of office and the treasurer shall execute a bond with corporate sureties to be approved by the Board. The bond shall be payable to the district in whatever penal sum may be directed by the Board conditioned upon the faithful performance of the duties to the office and the payment of all money received by him or her according to law and the orders of the Board. The Board may, at any time, require a new bond from the treasurer in any penal sum that may be determined by the Board. The obligation of the sureties shall not extend to any loss sustained by the insolvency, failure, or closing of any savings and loan association or national or State bank wherein the treasurer has deposited funds if the bank or savings and loan association has been approved by the Board as a depository for those funds. The oaths of office and the treasurer's bond shall be filed in the principal office of the district.

Section 130. Deposits; checks or drafts.

(a) All funds deposited by the treasurer in any bank or savings and loan association shall be placed in the name of the district and shall be withdrawn or paid out only by check or draft upon the bank or savings and loan association, signed by the treasurer and countersigned by the chairperson of the Board. The Board may designate any of its members or any officer or employee of the district to affix the signature of the chairperson and another to affix the signature of the treasurer to any check or draft for payment of salaries or wages and for payment of any other obligation of not more than $10,000.

No bank or savings and loan association shall receive public funds as permitted by this Section unless it has complied with the requirements established under Section 6 of the Public Funds Investment Act.

(b) In case any officer whose signature appears upon any check or draft issued under this Act ceases to hold his or her office before the delivery of the check or draft to the payee, his or her signature nevertheless shall be valid and sufficient for all purposes with the same effect as if he or she had remained in office until delivery of the check or draft.

Section 135. Prompt payment. Purchases made under this Act shall be made in compliance with the Local Government Prompt Payment Act.

All fines and penalties shall be imposed by ordinances that shall be published in a newspaper of general circulation published in the area embraced by the district. No ordinance shall take effect until 10 days after its publication.

Section 160. Annexation. Territory that is contiguous to the district and that is not included within any other port district may be annexed to and become a part of the district in the manner provided in Section 165 or 170, whichever is applicable.

Section 165. Petition for annexation. At least 5% of the legal voters resident within the limits of the proposed addition to the district shall petition the circuit court for a county in which a major part of the district is situated, to cause the question of whether the proposed additional territory shall become a part of the district to be submitted to the legal voters of the proposed additional territory. The petition shall be addressed to the court and shall contain a definite description of the boundaries of the territory to be embraced in the proposed addition.

Upon the filing of any petition with the clerk of the court, the court shall fix a time and place for a hearing upon the subject of the petition.

Notice shall be given by the court to whom the petition is addressed or by the circuit clerk or sheriff of the county in which the petition is made at the order and direction of the court of the time and place of the hearing upon the subject of the petition at least 20 days before the hearing by at least one publication of the notice in any newspaper having general circulation within the area proposed to be annexed, and by mailing a copy of the notice to the mayor or president of the board of trustees of all cities, villages, and incorporated towns within the district.

At the hearing, the district, all persons residing or owning property within the district, and all persons residing in or owning property situated in the area proposed to be annexed to the district may appear and be heard touching upon the sufficiency of the petition. If the court finds that the petition does not comply with the requirements of the law, the court shall dismiss the petition. The votes shall be recorded as "Yes" or "No".

The court shall cause a statement of the result of the referendum to be filed in the records of the court.

If a majority of the votes cast upon the question of annexation to the district are in favor of becoming a part of the district, the court shall then enter an order stating that the

court for the county in which a major part of the district is situated. A time and place for a
hearing on the subject of the petition shall be fixed and notice of the hearing shall be given
in the manner provided in Section 165. At the hearing any owner of land in the territory
proposed to be annexed, the district, and any resident of the district may appear and be
heard touching on the sufficiency of the petition. If the court finds that the petition satisfies
the requirements of this Section, it shall enter an order stating that thenceforth the territory
shall be an integral part of the Heart of Illinois Regional Port District and subject to all of
the benefits of service and responsibilities of the district. The circuit clerk shall transmit a

county that is within the district, requesting that the question of disconnection be submitted
to the electors of the county, the State Board of Elections must certify the question to the
proper election authority, which must submit the question at a regular election held at least
78 days after the petition is filed in accordance with the Election Code.

The question must be submitted in substantially the following form:

No person may act as a lead pyrotechnic operator, or advertise or use any title implying that the person is a lead pyrotechnic operator, unless licensed by the Office under this Act. An out-of-state person hired for or engaged in a pyrotechnic display must have a person licensed under this Act as a lead pyrotechnic operator supervising the display. The State Fire Marshal, in the name of the People, through the Attorney General, the State's Attorney of any county, any resident of the State, or any legal entity within the State may apply for injunctive relief in any court to enjoin any person who has not been issued a license or whose license has been suspended, revoked, or not renewed, from practicing a licensed activity. Upon filing a verified petition in court, the court, if satisfied by affidavit, or otherwise, that the person is or has been practicing in violation of this Act, may enter a temporary restraining order or preliminary injunction, without bond, enjoining the defendant from further unlicensed activity. A copy of the verified complaint shall be served upon the defendant and the proceedings are to be conducted as in other civil cases. The court may enter a judgment permanently enjoining a defendant from further unlicensed activity if it is established that the defendant has been or is practicing in violation of this Act. In case of violation of any injunctive order or judgment entered under this Section, the court may summarily try and punish the offender for contempt of court. Injunctive proceedings are in addition to all penalties and other remedies in this Act.

Section 15. Deposit of fees. All fees collected under this Act shall be deposited into the Fire Prevention Fund.

Section 30. Rules. The State Fire Marshal shall adopt all rules necessary to carry out its responsibilities under this Act including rules requiring the training, examination, and licensing of lead pyrotechnic operators engaging in or responsible for the handling and use of Division 1.3G (Class B) and 1.4 (Class C) explosives. The test shall incorporate the rules of the State Fire Marshal, which shall be based upon nationally recognized standards such as those of the National Fire Protection Association (NFPA) 1123 guidelines for outdoor displays and NFPA 1126 for indoor displays. The Fire Marshal shall adopt rules as required for the licensing of a lead pyrotechnic operator involved in an outdoor or indoor pyrotechnic display.

Section 35. Licensure requirements and fees.
(a) Each application for a license to practice under this Act shall be in writing and signed by the applicant on forms provided by the Office. The Office shall have the testing procedures for licensing as a lead pyrotechnic operator developed by October 1, 2004.

(b) After April 1, 2005, all pyrotechnic displays, both indoor and outdoor, must comply with the requirements set forth in this Act.

(c) After April 1, 2005, no individual may act as a lead operator in a pyrotechnic display without first applying for and obtaining a lead pyrotechnic operator's license from the Office. The Office shall establish separate licenses for lead pyrotechnic operators for indoor and outdoor pyrotechnic displays. Applicants for a license must:
   (1) Pay the fees set by the Office.
   (2) Have the requisite training or continuing education as established in the Office's rules.
   (3) Pass the examination presented by the Office.

(d) A person is qualified to receive a license under this Act if the person meets all of the following minimum requirements:
   (1) Is at least 21 years of age.
   (2) Has not willfully violated any provisions of this Act.
   (3) Has not made any material misstatement or knowingly withheld information in connection with any original or renewal application.
   (4) Has not been declared incompetent by any competent court by reasons of mental or physical defect or disease unless a court has since declared the person competent.
   (5) Does not have an addiction to or dependency on alcohol or drugs that is likely to endanger the public at a pyrotechnic display.
   (6) Has not been convicted in any jurisdiction of any felony within the prior 5 years.
   (7) Is not a fugitive from justice.

(e) A person is qualified to assist a lead operator if the person meets all of the following minimum requirements:
   (1) Is at least 18 years of age.
   (2) Has not willfully violated any provision of this Act.
   (3) Has not been declared incompetent by any competent court by reasons of mental or physical defect or disease unless a court has since declared the person competent.
   (4) Does not have an addiction to or dependency on alcohol or drugs that is likely to endanger the public at a pyrotechnic display.
   (5) Has not been convicted in any jurisdiction of any felony within the prior 5 years.
   (6) Is not a fugitive from justice.
Section 40. Fingerprint card; fees. The Office may require each applicant to file with his or her application a fingerprint card in the form and manner required by the Department of State Police to enable the Department of State Police to conduct a criminal history check on the applicant.

The Office may require each applicant to submit, in addition to the license fee, a fee specified by the Department of State Police for processing fingerprint cards, which may be made payable to the State Police Services Fund and shall be remitted to the Department of State Police for deposit into that Fund.

Section 45. Investigation. Upon receipt of an application, the Office shall investigate the eligibility of the applicant. The Office has authority to request and receive from any federal, state or local governmental agency such information and assistance as will enable it to carry out its powers and duties under this Act. The Department of State Police shall cause the fingerprints of each applicant to be compared with fingerprints of criminals filed with the Department of State Police or with federal law enforcement agencies maintaining official fingerprint files.

Section 50. Issuance of license; renewal; fees nonrefundable.
(a) The Office, upon the applicant's satisfactory completion of the requirements imposed under this Act and upon receipt of the requisite fees, shall issue the appropriate license showing the name, address, and photograph of the licensee and the dates of issuance and expiration.

(b) Each licensee may apply for renewal of his or her license upon payment of the applicable fees. The expiration date and renewal period for each license issued under this Act shall be set by rule. Failure to renew within 60 days of the expiration date results in lapse of the license. A lapsed license may not be reinstated until a written application is filed, the renewal fee is paid, and the reinstatement fee established by the Office is paid. Renewal and reinstatement fees shall be waived for persons who did not renew while on active duty in the military and who file for renewal or restoration within one year after discharge from the service. A lapsed license may not be reinstated after 5 years have elapsed except upon passing an examination to determine fitness to have the license restored and by paying the required fees.

(c) All fees paid under this Act are nonrefundable.

Section 55. Insufficient funds checks. Any person who on 2 occasions issues or delivers a check or other order to the Office that is not honored by the financial institution upon which it is drawn because of insufficient funds on account shall pay to the Office, in addition to the amount owing upon the check or other order, a fee of $50. If the check or other order was issued or delivered in payment of a renewal fee and the licensee whose license has lapsed continues to practice without paying the renewal fee and the $50 fee required under this Section, an additional fee of $100 is imposed for practicing without a
current license. The Office may revoke or refuse to issue the license or licenses of any person who fails to pay the requisite fees.

Section 60. Conditions of renewal; change of address; duplicate license; inspection.

(a) As a condition of renewal of a license, the Office may require the licensee to report information pertaining to the person's practice in relation to this Act that the Office determines to be in the interest of public safety.

(b) A licensee shall report a change in home or office address within 10 days of the change.

(c) The licensee shall carry his or her license at all times when engaging in pyrotechnic display activity.

(d) If a license or certificate is lost, a duplicate shall be issued upon payment of the required fee to be established by the Office. If a licensee wishes to change his or her name, the Office shall issue a license in the new name upon satisfactory proof that the change of name was done in accordance with law and upon payment of the required fee.

(e) Each licensee shall permit his or her facilities to be inspected by representatives of the Office for the purpose of administering this Act.

Section 65. Grounds for discipline. Licensees subject to this Act shall conduct their practice in accordance with this Act and the rules promulgated under this Act. A licensee is subject to disciplinary sanctions enumerated in this Act if the State Fire Marshal finds that the licensee is guilty of any of the following:

(1) Fraud or material deception in obtaining or renewing a license.
(2) Engaging in dishonorable, unethical, or unprofessional conduct of a character likely to deceive, defraud, or harm the public in the course of professional services or activities.
(3) Conviction of any crime that has a substantial relationship to his or her practice or an essential element of which is misstatement, fraud, dishonesty, or conviction in this or another state of any crime that is a felony under the laws of Illinois or conviction of a felony in a federal court, unless the licensee demonstrates that he or she has been sufficiently rehabilitated to warrant the public trust.
(4) Performing any service in a grossly negligent manner or permitting any licensed employee to perform a service in a grossly negligent manner, regardless of whether actual damage or damage to the public is established.
(5) Addiction to or dependency on alcohol or drugs or use of alcohol or drugs that is likely to endanger the public at a pyrotechnic display.
(6) Willfully receiving direct or indirect compensation for any professional service not actually rendered.
(7) Having disciplinary action taken against his or her license in another state.

(8) Making differential treatment against any person to his or her detriment because of race, color, creed, sex, religion, or national origin.

(9) Engaging in unprofessional conduct.

(10) Engaging in false or misleading advertising.

(11) Contracting or assisting an unlicensed person to perform services for which a license is required under this Act.

(12) Permitting the use of his or her license to enable an unlicensed person or agency to operate as a licensee.

(13) Performing and charging for a service without having the authorization to do so from the member of the public being served.

(14) Failure to comply with any provision of this Act or the rules promulgated under this Act.

(15) Conducting business regulated by this Act without a currently valid license.

Section 75. Formal charges; hearing.

(a) The Office may file formal charges against a licensee. The formal charges, at a minimum, shall inform the licensee of the specific facts that are the basis of the charge to enable the licensee to defend himself or herself.

(b) Each licensee whose conduct is the subject of a formal charge that seeks to impose disciplinary action against the licensee shall be served notice of the formal charge at least 30 days before the date of the hearing. The hearing shall be presided over by the Office or a hearing officer authorized by the Office in compliance with the Illinois Administrative Procedure Act. Service shall be considered to have been given if the notice was personally received by the licensee or if the notice was mailed certified, return requested, to the licensee at the licensee's last known address as listed with the Office.

(c) The notice of a formal charge shall consist, at a minimum, of the following information:

1. The time and date of the hearing.
2. A statement that the licensee may appear personally at the hearing and may be represented by counsel.
3. A statement that the licensee has the right to produce witnesses and evidence in his or her behalf and the right to cross-examine witnesses and evidence produced against him or her.
4. A statement that the hearing can result in disciplinary action being taken against his or her license.
5. A statement that rules for the conduct of these hearings exist and that it may be in his or her best interest to obtain a copy.
6. A statement that the hearing officer authorized by the Office shall preside at the hearing and, following the conclusion of the hearing, make findings.
of fact, conclusions of law, and recommendations, separately stated, to the Office as to what disciplinary action, if any, should be imposed on the licensee.

(7) A statement that the Office may continue the hearing.

(d) The Office or the hearing officer authorized by the Office shall hear evidence produced in support of the formal charges and contrary evidence produced by the licensee, if any. If the hearing is conducted by a hearing officer, at the conclusion of the hearing, the hearing officer shall make findings of fact, conclusions of law, and recommendations, separately stated, and submit them to the Office and to all parties to the proceeding. Submission to the licensee shall be considered as having been made if done in a similar fashion as service of the notice of formal charges. Within 20 days after the service, any party to the proceeding may present to the Office a motion, in writing, for a rehearing. The written motion shall specify the particular grounds for the rehearing.

(e) The Office, following the time allowed for filing a motion for rehearing, shall review the hearing officer's findings of fact, conclusions of law, recommendations, and any motions filed subsequent to the hearing. After review of the information the Office may hear oral arguments and thereafter issue an order. The report of findings of fact, conclusions of law, and recommendations of the hearing officer shall be the basis for the Office's order. If the Office finds that substantial justice was not done, it may issue an order in contravention of the hearing officer's findings.

(f) All proceedings under this Section are matters of public record and a record of the proceedings shall be preserved.

Section 80. Sanctions.

(a) The Office shall impose any of the following sanctions, singularly or in combination, when it finds that a licensee or applicant is guilty of any offense described in this Act:

(1) revocation;
(2) suspension for any period of time;
(3) reprimand or censure;
(4) place on probationary status and require the submission of any of the following:
   (i) report regularly to the Office upon matters that are the basis of the probation;
   (ii) continue or renew professional education until a satisfactory degree of skill has been attained in those areas that are the basis of the probation; or
   (iii) such other reasonable requirements or restrictions as are proper;
(5) refuse to issue, renew, or restore; or

New matter indicated by italics - deletions by strikeout
(6) revoke probation that has been granted and impose any other discipline in this subsection (a) when the requirements of probation have not been fulfilled or have been violated.

(b) The State Fire Marshal may summarily suspend a license under this Act, without a hearing, simultaneously with the filing of a formal complaint and notice for a hearing provided under this Section if the State Fire Marshal finds that the continued operations of the individual would constitute an immediate danger to the public. In the event the State Fire Marshal suspends a license under this subsection, a hearing by the hearing officer designated by the State Fire Marshal shall begin within 20 days after the suspension begins, unless continued at the request of the licensee.

(c) Disposition may be made of any formal complaint by consent order between the State Fire Marshal and the licensee, but the Office must be apprised of the full consent order in a timely way.

(d) The Office shall reinstate any license to good standing under this Act, upon recommendation to the Office, after a hearing before the hearing officer authorized by the Office. The Office shall be satisfied that the applicant's renewed practice is not contrary to the public interest.

(e) The Office may conduct hearings and issue cease and desist orders to persons who engage in activities prohibited by this Act without having a valid license, certificate, or registration. Any person in violation of a cease and desist order entered by the Office is subject to all of the remedies provided by law, and in addition, is subject to a civil penalty payable to the party injured by the violation.

Section 85. Subpoena; production of evidence; records; administrative review; license suspension; revocation.

(a) The Office has the power to subpoena and bring before it any person in this State and to take testimony either orally or by deposition, or both, with the same fees and mileage and in the same manner as is prescribed by law for judicial proceedings in civil cases. The State Fire Marshal, the Office, and the hearing officer approved by the Office, have the power to administer oaths at any hearing that the Office is authorized to conduct.

(b) Any circuit court, upon the application of the licensee, the Office, or the State Fire Marshal, may order the attendance of witnesses and the production of relevant books and papers in any hearing under this Act. The court may compel obedience to its order by proceedings for contempt.

(c) The Office of the State Fire Marshal, at its expense, shall provide a stenographer or a mechanical recording device to record the testimony and preserve a record of all proceedings at the hearing of any case in which a license may be revoked, suspended, placed on probationary status, or other disciplinary action taken with regard to the license. The notice of hearing, complaint, and all other documents in the nature of pleadings and written motions filed in the proceedings, the transcript of testimony, the report of the hearing officer and the orders of the State Fire Marshal shall constitute the
record of the proceedings. The Office shall furnish a transcript of the record to any interested person upon payment of the costs of copying and transmitting the record.

(d) All final administrative decisions of the Office are subject to judicial review under the Administrative Review Law and the rules adopted under that Law. Proceedings for judicial review shall be commenced in the circuit court of the county in which the party applying for review resides; but if the party is not a resident of Illinois, the venue is in Sangamon County. The State Fire Marshal is not required to certify any record to the court or file any answer in court or otherwise appear in any court in a judicial review proceeding, unless there is filed in the court with the complaint a receipt from the Office acknowledging payment of the costs of furnishing and certifying the record. Those costs shall be computed at the cost of preparing the record. Exhibits shall be certified without cost. Failure on the part of the licensee to file the receipt in court is a ground for dismissal of the action. During all judicial proceedings incident to a disciplinary action, the sanctions imposed upon the accused by the Office remain in effect, unless the court feels justice requires a stay of the order.

(e) An order of revocation, suspension, placing the license on probationary status, or other formal disciplinary action as the State Fire Marshal may consider proper, or a certified copy of the order over the seal of the Office and purporting to be signed by the State Fire Marshal, is prima facie proof that:

1. the signature is that of the State Fire Marshal;
2. the State Fire Marshal is qualified to Act; and
3. the hearing officer is qualified to Act on behalf of the Office.

The proof specified in paragraphs (1), (2), and (3) may be rebutted.

(f) Upon the suspension or revocation of a license issued under this Act, a licensee shall surrender the license to the Office and upon failure to do so, the Office shall seize the license.

(g) The Office, upon request, shall publish a list of the names and addresses of all licensees under the provisions of this Act. The Office shall publish a list of all persons whose licenses have been disciplined within the past year, together with such other information as it may consider of interest to the public.

Section 90. Penalties. Any natural person who violates any of the following provisions is guilty of a Class A misdemeanor for the first offense and a corporation or other entity that violates any of the following provision commits a business offense punishable by a fine not to exceed $5,000; a second or subsequent offense in violation of any Section of this Act, including this Section, is a Class 4 felony if committed by a natural person, or a business offense punishable by a fine of up to $10,000 if committed by a corporation or other business entity:

(3) Permitting, directing, or authorizing any person in one's employ or under one's direction or supervision to work or serve as a licensee if that individual does not possess an appropriate valid license.

Whenever any person is punished as a repeat offender under this Section, the Office may proceed to obtain a permanent injunction against the person under Section 10.

If any person in making any oath or affidavit required by this Act swears falsely, the person is guilty of perjury and upon conviction may be punished accordingly.

Section 905. The Illinois Explosives Act is amended by changing Section 2001 as follows:

(225 ILCS 210/2001) (from Ch. 96 1/2, par. 1-2001)

Every such display shall be handled by a competent individual who is licensed as a lead pyrotechnic operator designated by the local authorities herein specified and shall be of such a character and so located, discharged or fired, as not to be hazardous to property or endanger any person or persons. Application for permits shall be made in writing at least 15 days in advance of the date of the display and action shall be taken on such application within 48 hours after such application is made. After such privilege shall have been granted, sales, possession, use and distribution of fireworks for such display shall be lawful for that purpose only. No permit granted hereunder shall be transferable.

Permits may be granted hereunder to any groups of 3 or more adult individuals applying therefor. No permit shall be required, under the provisions of this Act, for supervised public displays by State or County fair associations.

The governing body shall require proof of insurance a bond from the permit applicant licensee in a sum not less than $1,000,000 conditioned on compliance with the provisions of this law and the regulations of the State Fire Marshal adopted.
hereunder, except that no municipality shall be required to provide evidence of insurance file such bond.

Such permit shall be issued only after inspection of the display site by the issuing officer, to determine that such display shall be in full compliance with the rules of the State Fire Marshal, which shall be based upon nationally recognized standards such as those of the National Fire Protection Association (NFPA) 1123 guidelines for outdoor displays and NFPA 1126 guidelines for indoor displays and shall not be hazardous to property or endanger any person or persons. Nothing in this Section shall prohibit the issuer of the permit from adopting more stringent rules.

All indoor pyrotechnic displays shall be conducted in buildings protected by automatic sprinkler systems.

The chief of the fire department providing fire protection coverage to the area of display, or his or her designee, shall sign the permit. Forms for such application and permit may be obtained from the Office of the State Fire Marshal. Section 99. Effective date. This Act takes effect upon becoming law.

PUBLIC ACT 93-0264
(House Bill No. 2543)

AN ACT in relation to installment loans.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Consumer Installment Loan Act is amended by changing Sections 15 and 17 as follows:

(205 ILCS 670/15) (from Ch. 17, par. 5415)
Sec. 15. Charges permitted.
(a) Every licensee may lend a principal amount not exceeding $40,000 $25,000 and may charge, contract for and receive thereon interest at the rate agreed upon by the licensee and the borrower, subject to the provisions of this Act.

New matter indicated by italics - deletions by strikeout
(b) For purpose of this Section, the following terms shall have the meanings ascribed herein.

"Applicable interest" for a precomputed loan contract means the amount of interest attributable to each monthly installment period. It is computed as if each installment period were one month and any interest charged for extending the first installment period beyond one month is ignored. The applicable interest for any monthly installment period is that portion of the precomputed interest that bears the same ratio to the total precomputed interest as the balances scheduled to be outstanding during that month bear to the sum of all scheduled monthly outstanding balances in the original contract.

"Interest-bearing loan" means a loan in which the debt is expressed as a principal amount plus interest charged on actual unpaid principal balances for the time actually outstanding.

"Precomputed loan" means a loan in which the debt is expressed as the sum of the original principal amount plus interest computed actuarially in advance, assuming all payments will be made when scheduled.

(c) Loans may be interest-bearing or precomputed.

(d) To compute time for either interest-bearing or precomputed loans for the calculation of interest and other purposes, a month shall be a calendar month and a day shall be considered 1/30th of a month when calculation is made for a fraction of a month. A month shall be 1/12th of a year. A calendar month is that period from a given date in one month to the same numbered date in the following month, and if there is no same numbered date, to the last day of the following month. When a period of time includes a month and a fraction of a month, the fraction of the month is considered to follow the whole month. In the alternative, for interest-bearing loans, the licensee may charge interest at the rate of 1/365th of the agreed annual rate for each day actually elapsed.

(e) With respect to interest-bearing loans:

(1) Interest shall be computed on unpaid principal balances outstanding from time to time, for the time outstanding, until fully paid. Each payment shall be applied first to the accumulated interest and the remainder of the payment applied to the unpaid principal balance; provided however, that if the amount of the payment is insufficient to pay the accumulated interest, the unpaid interest continues to accumulate to be paid from the proceeds of subsequent payments and is not added to the principal balance.

(2) Interest shall not be payable in advance or compounded. However, if part or all of the consideration for a new loan contract is the unpaid principal balance of a prior loan, then the principal amount payable under the new loan contract may include any unpaid interest which has accrued. The unpaid principal balance of a precomputed loan is the balance due after refund or credit of
uneared interest as provided in paragraph (f), clause (3). The resulting loan contract shall be deemed a new and separate loan transaction for all purposes.

(3) Loans may be payable as agreed between the parties, including payment at irregular times or in unequal amounts and rates that may vary with an index that is independently verifiable and beyond the control of the licensee.

(4) The lender or creditor may, if the contract provides, collect a delinquency or collection charge on each installment in default for a period of not less than 10 days in an amount not exceeding 5% of the installment on installments in excess of $200, or $10 on installments of $200 or less, but only one delinquency and collection charge may be collected on any installment regardless of the period during which it remains in default.

(f) With respect to precomputed loans:

(1) Loans shall be repayable in substantially equal and consecutive monthly installments of principal and interest combined, except that the first installment period may be longer than one month by not more than 15 days, and the first installment payment amount may be larger than the remaining payments by the amount of interest charged for the extra days; and provided further that monthly installment payment dates may be omitted to accommodate borrowers with seasonal income.

(2) Payments may be applied to the combined total of principal and precomputed interest until the loan is fully paid. Payments shall be applied in the order in which they become due, except that any insurance proceeds received as a result of any claim made on any insurance, unless sufficient to prepay the contract in full, may be applied to the unpaid installments of the total of payments in inverse order.

(3) When any loan contract is paid in full by cash, renewal or refinancing, or a new loan, one month or more before the final installment due date, a licensee shall refund or credit the obligor with the total of the applicable interest for all fully unexpired installment periods, as originally scheduled or as deferred, which follow the day of prepayment; provided, if the prepayment occurs prior to the first installment due date, the licensee may retain 1/30 of the applicable interest for a first installment period of one month for each day from the date of the loan to the date of prepayment, and shall refund or credit the obligor with the balance of the total interest contracted for. If the maturity of the loan is accelerated for any reason and judgment is entered, the licensee shall credit the borrower with the same refund as if prepayment in full had been made on the date the judgement is entered.

(4) The lender or creditor may, if the contract provides, collect a delinquency or collection charge on each installment in default for a period of not less than 10 days in an amount not exceeding 5% of the installment on
installments in excess of $200, or $10 on installments of $200 or less, but only one delinquency or collection charge may be collected on any installment regardless of the period during which it remains in default.

(5) If the parties agree in writing, either in the loan contract or in a subsequent agreement, to a deferment of wholly unpaid installments, a licensee may grant a deferment and may collect a deferment charge as provided in this Section. A deferment postpones the scheduled due date of the earliest unpaid installment and all subsequent installments as originally scheduled, or as previously deferred, for a period equal to the deferment period. The deferment period is that period during which no installment is scheduled to be paid by reason of the deferment. The deferment charge for a one month period may not exceed the applicable interest for the installment period immediately following the due date of the last undeferred payment. A proportionate charge may be made for deferment for periods of more or less than one month. A deferment charge is earned pro rata during the deferment period and is fully earned on the last day of the deferment period. Should a loan be prepaid in full during a deferment period, the licensee shall credit to the obligor a refund of the unearned deferment charge in addition to any other refund or credit made for prepayment of the loan in full.

(6) If two or more installments are delinquent one full month or more on any due date, and if the contract so provides, the licensee may reduce the unpaid balance by the refund credit which would be required for prepayment in full on the due date of the most recent maturing installment in default. Thereafter, and in lieu of any other default or deferment charges, the agreed rate of interest may be charged on the unpaid balance until fully paid.

(7) Fifteen days after the final installment as originally scheduled or deferred, the licensee, for any loan contract which has not previously been converted to interest-bearing under paragraph (f), clause (6), may compute and charge interest on any balance remaining unpaid, including unpaid default or deferment charges, at the agreed rate of interest until fully paid. At the time of payment of said final installment, the licensee shall give notice to the obligor stating any amounts unpaid.

(Source: P.A. 90-437, eff. 1-1-98.)

Sec. 17. Maximum term and amount. The loan contract shall provide for repayment of the principal and charges within 181 months from the date of the loan contract or the last advance, if any, required by the loan contract. No licensee shall permit an obligor to owe such licensee or an affiliate (including a corporation owned or managed by the licensee) or agent of such licensee an aggregate principal amount of more than $40,000 at any time for loans transacted pursuant to this Act.

PUBLIC ACT 93-0265
(House Bill No. 2553)

AN ACT concerning nursing.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Nursing and Advanced Practice Nursing Act is amended by changing Section 5-15 as follows:

(225 ILCS 65/5-15)

No person shall practice or offer to practice professional or practical nursing in Illinois or use any title, sign, card or device to indicate that such a person is practicing professional or practical nursing unless such person has been licensed under the provisions of this Act.

This Act does not prohibit the following:

(a) The practice of nursing in Federal employment in the discharge of the employee's duties by a person who is employed by the United States government or any bureau, division or agency thereof and is a legally qualified and licensed nurse of another state or territory and not in conflict with Sections 10-5, 10-30, and 10-45 of this Act.

(b) Nursing that is included in their program of study by students enrolled in programs of nursing or in current nurse practice update courses approved by the Department.

(c) The furnishing of nursing assistance in an emergency.

The holder of a license as a licensed funeral director may renew the license during the month preceding the expiration date of the license by paying the required fee. A licensed funeral director whose license has expired may have the license reinstated within 5 years from the date of expiration upon payment of the required reinstatement fee. The reinstatement shall be effective as of the date of reissuance of the license.

Any licensed funeral director whose license has been expired for more than 5 years may have the license restored only by fulfilling the requirements of the Department's

A person who is licensed as a funeral director under this Act and who has engaged in the practice of funeral directing for at least 40 years shall be exempt from the continuing education requirements of this Section. Sec. 7-7. Reports to Commissioner and members; penalty.

(a) Every association operating under this Act shall file with the Commissioner within 90 days following the close of each fiscal year of such association a statement showing its financial condition at the close of the fiscal year and its operations for the year then ended. For good cause shown in writing directed to the Commissioner within the 90 day period, the Commissioner may authorize up to 60 additional days for filing of the statement of financial condition. Each such statement shall be on forms prescribed by the Commissioner and in conformity with generally accepted accounting principles or regulatory accounting principles permitted, recognized or authorized by the Office of Thrift Supervision, Federal Home Loan Bank Board or the Federal Savings and Loan Insurance Corporation for a federal association and subject to the rules and regulations of the Commissioner and in accord with the provisions of this Act. Each such statement shall contain such information and be in such form as prescribed by the Commissioner and shall be verified by the secretary and certified by a licensed public accountant appointed by the board of directors or by 2 officers of the association, if a licensed public accountant has been appointed to audit the books and records of the association as provided in the preceding Section of this Act. Every association including its holding company and subsidiaries shall also file such other reports as the Commissioner may require from time to time.
Any association which, after notice from the Commissioner sent by certified or registered mail, wilfully fails to submit within the time prescribed the annual financial report required by this Section is subject to a civil penalty of not more than $500 for each such failure. Any association which, after notice from the Commissioner sent by certified or registered mail, wilfully fails to submit within the time prescribed any other report required by this Section is subject to a civil penalty of not more than $100 for each such failure (which penalties shall be cumulative to any other remedies). For the purposes of this Section, the date on which any report required by this Section is postmarked is the date of filing of any such report. The knowing or intentional filing of any such report which is false in any material respect constitutes a felony, and any person convicted thereof shall be punished by a fine of not more than $10,000, or imprisonment in the penitentiary for one to 5 years, or both.

(b) An association shall file with the Commissioner a report of change of ownership of permanent reserve shares when such change of ownership results in any person as defined by this Act holding 10% or more, through any one transaction or related series of transactions, of the outstanding permanent reserves shares of the association. Such report shall include owners who hold as beneficiaries or through nominees as well as in their own names. The report shall be made within 5 business days after knowledge of such change has been obtained by the officer authorized or required to make reports to the Commissioner. The Commissioner also may require any such person owning 10% or more of permanent reserve shares to report the beneficiary or beneficiaries for whom he is holding title.

Whenever there is a change in the managing officer of an association or a change amounting to a majority of the directors of an association elected at a regular or special meeting of the members, such change shall likewise be reported within 5 business days to the Commissioner.

The willful failure by any person required to report or disclose change of ownership or control as defined in this Section constitutes a Class 4 felony.

(c) Within 60 days after the date of filing the Statement of Financial Condition with the Commissioner, the association shall mail to each member or make available at each of its offices the annual statement of condition or a condensed form thereof approved by the Commissioner, or shall publish the same at least once, and shall also furnish upon the written or personal request of any member a copy of the complete annual statement of condition. The annual statement of condition, or any condensed form thereof, made available to members by publication, mailing, or at the association's offices shall include a statement setting forth the association's assets, liabilities, regulatory capital and deposits. In addition, the statement shall include a statement of the association's goals and intentions in regard to investment of the association's funds in order to reasonably inform the member as to the security of his interest. Notification of the availability of the complete annual

statement shall be prominently and conspicuously posted in areas of public access at each of the association's branches or offices.

(d) Any change of control or ownership of 25% or more of the permanent reserve shares or stock of (a) any association operating under this Act, or (b) of the shares or stock of a subsidiary of the parent or a subsidiary of any association operating under this Act, must be submitted to the Commissioner for review and approval on forms, conditions and terms to be specified by the Commissioner. The Commissioner may accept in satisfaction of this requirement, submissions required under federal statutes and regulations for changes of control. Any doubt as to whether a change of ownership or other change in the outstanding voting stock of any association is sufficient to result in a change of ownership or control, shall be resolved in favor of reporting the facts to the Commissioner. Compliance with this provision shall not relieve an association, its parent or affiliate from complying with other applicable State or federal statutes or regulations. The Commissioner may disapprove any proposed acquisition if:

(1) The proposed acquisition of control would result in a monopoly or would be in furtherance of any combination or conspiracy to monopolize or to attempt to monopolize the savings and loan business in any part of Illinois;

(2) The effect of the proposed acquisition of control in any section of the State may be substantially to lessen competition or to tend to create a monopoly or the proposed acquisition of control would in any other manner be in restraint of trade, and the anticompetitive effects of the proposed acquisition of control are not clearly outweighed in the public interest by the probable effect of the transaction in meeting the convenience and needs of the community to be served;

(3) The financial condition or history of any acquiring person is such as might jeopardize the financial stability of the institution or prejudice the interests of the depositors of the institution;

(4) The competence, experience, or integrity of any acquiring person or any of the proposed management personnel indicates that it would not be in the interest of the depositors of the institution or in the interest of the public to permit such person to control the institution; or

(5) Any acquiring person neglects, fails or refuses to furnish the Commissioner all the information required by the Commissioner.

Illinois State association in that state, any document or record prepared or obtained in connection with or relating to any examination, visitation, or investigation, and any record prepared or obtained by the Commissioner to the extent that the record summarizes or contains information derived from any report, document, or record described in this subsection shall be deemed confidential supervisory information. "Confidential supervisory information" shall not include any information or record routinely prepared by an association and maintained in the ordinary course of business or any information or record that is required to be made publicly available pursuant to State or federal law or rule. Confidential supervisory information shall be the property of the Commissioner and shall only be disclosed under the circumstances and for the purposes set forth in this Section.

The Commissioner may disclose confidential supervisory information only under the following circumstances:

(1) The Commissioner may furnish confidential supervisory information to federal and state depository institution regulators, or any official or examiner thereof duly accredited for the purpose. Nothing contained in this Act shall be construed to limit the obligation of any association to comply with the requirements relative to examinations and reports nor to limit in any way the powers of the Commissioner relative to examinations and reports.

(2) The Commissioner may furnish confidential supervisory information to the United States or any agency thereof that to any extent has insured an association's deposits, or any official or examiner thereof duly accredited for the purpose. Nothing contained in this Act shall be construed to limit the obligation relative to examinations and reports of any association in which deposits are to any extent insured by the United States or any agency thereof nor to limit in any way the powers of the Commissioner with reference to examination and reports of the association.

(3) The Commissioner may furnish confidential supervisory information to the appropriate law enforcement authorities when the Commissioner reasonably believes an association, which the Commissioner has caused to be examined, has been a victim of a crime.

(4) The Commissioner may furnish confidential supervisory information related to an association, which the Commissioner has caused to be examined, to the administrator of the Uniform Disposition of Unclaimed Property Act.

(5) The Commissioner may furnish confidential supervisory information relating to an association, which the Commissioner has caused to be examined, relating to its performance of obligations under the Illinois Income Tax Act and the Illinois Estate and Generation-Skipping Transfer Tax Act to the Illinois Department of Revenue.
(6) The Commissioner may furnish confidential supervisory information relating to an association, which the Commissioner has caused to be examined, under the federal Currency and Foreign Transactions Reporting Act, 31 United States Code, Section 1051 et seq.

(7) The Commissioner may furnish confidential supervisory information to any other agency or entity that the Commissioner determines to have a legitimate regulatory interest.

(8) The Commissioner may furnish confidential supervisory information as otherwise permitted or required by this Act and may furnish confidential supervisory information under any other statute that by its terms or by regulations promulgated thereunder requires the disclosure of financial records other than by subpoena, summons, warrant, or court order.

(9) At the request of the affected association, the Commissioner may furnish confidential supervisory information relating to the association, which the Commissioner has caused to be examined, in connection with the obtaining of insurance coverage or the pursuit of an insurance claim for or on behalf of the association; provided that, when possible, the Commissioner shall disclose only relevant information while maintaining the confidentiality of financial records not relevant to such insurance coverage or claim and, when appropriate, may delete identifying data relating to any person.

(10) The Commissioner may furnish a copy of any examination performed by the Commissioner of the condition and affairs of any electronic data processing entity to the associations serviced by the electronic data processing entity.

(11) In addition to the foregoing circumstances, the Commissioner may, but is not required to, furnish confidential supervisory information under the same circumstances authorized for the association pursuant to subsection (b) of this Section, except that the Commissioner shall provide confidential supervisory information under circumstances described in paragraph (3) of subsection (b) of this Section only upon the request of the association.

(b) An association or its officers, agents, and employees may disclose confidential supervisory information only under the following circumstances:

(1) to the board of directors of the association, as well as the president, vice-president, cashier, and other officers of the association to whom the board of directors may delegate duties with respect to compliance with recommendations for action, and to the board of directors of an association holding company that owns at least 80% of the outstanding stock of the association or other financial institution.

(2) to attorneys for the association and to a certified public accountant engaged by the association to perform an independent audit; provided that the

attorney or certified public accountant shall not permit the confidential supervisory information to be further disseminated.

(3) to any person who seeks to acquire a controlling interest in, or who seeks to merge with, the association; provided that the person shall agree to be bound to respect the confidentiality of the confidential supervisory information and to not further disseminate the information other than to attorneys, certified public accountants, officers, agents, or employees of that person who likewise shall agree to be bound to respect the confidentiality of the confidential supervisory information and to not further disseminate the information.

(4) to the association’s insurance company, if the supervisory information contains information that is otherwise unavailable and is strictly necessary to obtaining insurance coverage or pursuing an insurance claim for or on behalf of the association; provided that, when possible, the association shall disclose only information that is relevant to obtaining insurance coverage or pursuing an insurance claim, while maintaining the confidentiality of financial information pertaining to customers; and provided further that, when appropriate, the association may delete identifying data relating to any person.

The disclosure of confidential supervisory information by an association pursuant to this subsection (b) and the disclosure of information to the Commissioner or other regulatory agency in connection with any examination, visitation, or investigation shall not constitute a waiver of any legal privilege otherwise available to the association with respect to the information.

(c) (1) Notwithstanding any other provision of this Act or any other law, confidential supervisory information shall be the property of the Commissioner and shall be privileged from disclosure to any person except as provided in this Section. No person in possession of confidential supervisory information may disclose that information for any reason or under any circumstances not specified in this Section without the prior authorization of the Commissioner. Any person upon whom a demand for production of confidential supervisory information is made, whether by subpoena, order, or other judicial or administrative process, must withhold production of the confidential supervisory information and must notify the Commissioner of the demand, at which time the Commissioner is authorized to intervene for the purpose of enforcing the limitations of this Section or seeking the withdrawal or termination of the attempt to compel production of the confidential supervisory information.

(2) Any request for discovery or disclosure of confidential supervisory information, whether by subpoena, order, or other judicial or administrative process, shall be made to the Commissioner, and the Commissioner shall determine within 15 days whether to disclose the information pursuant to procedures and standards that the Commissioner shall establish by rule. If the Commissioner determines that such information will not be disclosed, the
Commissioner's decision shall be subject to judicial review under the provisions of the Administrative Review Law, and venue shall be in either Sangamon County or Cook County.

(3) Any court order that compels disclosure of confidential supervisory information may be immediately appealed by the Commissioner, and the order shall be automatically stayed pending the outcome of the appeal.

(d) If any officer, agent, attorney, or employee of an association knowingly and willfully furnishes confidential supervisory information in violation of this Section, the Commissioner may impose a civil monetary penalty up to $1,000 for the violation against the officer, agent, attorney, or employee.

Information to Federal Authorities. (b) No such action by the Commissioner shall relieve the association from compliance with any requirements of such Federal institution concerning examinations or reports or limit the Commissioner's powers to examine or to require reports from the association.

(c) No other party shall be entitled to any reports of examination, reports to the Commissioner or any other information concerning the association derived from such reports.

Sec. 7-11. Commissioner's authority to take custody and appoint a conservator. The Commissioner in his discretion may take custody of, and appoint a conservator for, the property, liabilities, books, records, business and assets of every kind and character of any association, trust or association in liquidation, for any of the purposes hereinafter enumerated, if it appears from reports made to the Commissioner, or from examination made by or on behalf of the Commissioner:

(a) That the directors, officers, trustees or liquidators have neglected, failed or refused to take any action which the Commissioner may deem necessary for the protection of the association or trust or have impeded or obstructed an examination; or

(b) That the withdrawable capital of the association is impaired to the extent that the realizable value of its assets is insufficient to pay in full its creditors and holders of its withdrawable capital; or that its permanent reserve capital is impaired; or

(c) That the association is unable to continue operation; or
(d) That the business of the association, trust or association in liquidation is being conducted in a fraudulent, illegal or unsafe manner; or
(e) That the officers, employees, trustees or liquidators have continued to assume duties or perform acts without giving bond as required by the provisions of this Act.

Unless the Commissioner finds that an emergency exists which may result in loss to members or creditors and requires that he take custody immediately, he first shall give written notice to the directors, trustees or liquidators specifying the conditions criticized and state a reasonable time within which correction may be made. If however, an association whose accounts are insured by the Federal Savings and Loan insurance corporation is impaired within the meaning of paragraph (b) above, or any other condition exists which would give the Commissioner authority to take custody of an insured institution, the action of the Commissioner can be withheld provided that the Commissioner determines from reports made to him by the association, and such other examinations as may be deemed necessary, that the association has sufficient liquid assets and has adopted and implemented an operating plan satisfactory to the Commissioner. In such case the Commissioner may defer a custody action pending a satisfactory resolution of the impairment as suggested by either the association or the Federal Savings and Loan insurance corporation.

If any condition exists that would give the Commissioner authority to take custody of an association, the action of the Commissioner may be withheld pending a satisfactory resolution of the condition as suggested by the insurance corporation provided the association has sufficient liquidity and has adopted and implemented an operating plan the Commissioner considers prudent.

No action or inaction of the Commissioner taken pursuant to this Article shall cause the Commissioner to be personally liable for such action or inaction unless the Commissioner's action or inaction is found to be in violation of a criminal statute. The Commissioner shall promulgate rules and regulations to govern the determination of a need for a conservator and the selection, appointment and conduct of a conservatorship, including allocation of payment and costs.

(a) Any report of examination, visitation, or investigation prepared by the Commissioner under this Act, any report of examination, visitation, or investigation prepared by the state regulatory authority of another state that examines a branch of an Illinois State savings bank in that state, any document or record prepared or obtained in connection with or relating to any examination, visitation, or investigation, and any record prepared or obtained by the Commissioner to the extent that the record summarizes or contains information derived from any report, document, or record described in this subsection shall be deemed confidential supervisory information. "Confidential supervisory information" shall not include any information or record routinely prepared by a savings bank and maintained in the ordinary course of business or any information or record that is required to be made publicly available pursuant to State or federal law or rule. Confidential supervisory information shall be the property of the Commissioner and shall only be disclosed under the circumstances and for the purposes set forth in this Section.

The Commissioner may disclose confidential supervisory information only under the following circumstances:

(1) The Commissioner may furnish confidential supervisory information to federal and state depository institution regulators, or any official or examiner thereof duly accredited for the purpose. Nothing contained in this Act shall be construed to limit the obligation of any savings bank to comply with the requirements relative to examinations and reports nor to limit in any way the powers of the Commissioner relative to examinations and reports.

(2) The Commissioner may furnish confidential supervisory information to the United States or any agency thereof that to any extent has insured a savings bank's deposits, or any official or examiner thereof duly accredited for the purpose. Nothing contained in this Act shall be construed to limit the obligation relative to examinations and reports of any savings bank in which deposits are to any extent insured by the United States or any agency thereof nor to limit in any way the powers of the Commissioner with reference to examination and reports of the savings bank.
(3) The Commissioner may furnish confidential supervisory information to the appropriate law enforcement authorities when the Commissioner reasonably believes a savings bank, which the Commissioner has caused to be examined, has been a victim of a crime.

(4) The Commissioner may furnish confidential supervisory information related to a savings bank, which the Commissioner has caused to be examined, to the administrator of the Uniform Disposition of Unclaimed Property Act.

(5) The Commissioner may furnish confidential supervisory information relating to a savings bank, which the Commissioner has caused to be examined, relating to its performance of obligations under the Illinois Income Tax Act and the Illinois Estate and Generation-Skipping Transfer Tax Act to the Illinois Department of Revenue.

(6) The Commissioner may furnish confidential supervisory information relating to a savings bank, which the Commissioner has caused to be examined, under the federal Currency and Foreign Transactions Reporting Act, 31 United States Code, Section 1051 et seq.

(7) The Commissioner may furnish confidential supervisory information to any other agency or entity that the Commissioner determines to have a legitimate regulatory interest.

(8) The Commissioner may furnish confidential supervisory information as otherwise permitted or required by this Act and may furnish confidential supervisory information under any other statute that by its terms or by regulations promulgated thereunder requires the disclosure of financial records other than by subpoena, summons, warrant, or court order.

(9) At the request of the affected savings bank, the Commissioner may furnish confidential supervisory information relating to the savings bank, which the Commissioner has caused to be examined, in connection with the obtaining of insurance coverage or the pursuit of an insurance claim for or on behalf of the savings bank; provided that, when possible, the Commissioner shall disclose only relevant information while maintaining the confidentiality of financial records not relevant to such insurance coverage or claim and, when appropriate, may delete identifying data relating to any person.

(10) The Commissioner may furnish a copy of a report of any examination performed by the Commissioner of the condition and affairs of any electronic data processing entity to the savings banks serviced by the electronic data processing entity.

(11) In addition to the foregoing circumstances, the Commissioner may, but is not required to, furnish confidential supervisory information under the same circumstances authorized for the savings bank pursuant to subsection (b) of this Section, except that the Commissioner shall provide confidential supervisory

(2) to attorneys for the savings bank and to a certified public accountant engaged by the savings bank to perform an independent audit; provided that the attorney or certified public accountant shall not permit the confidential supervisory information to be further disseminated.

(3) to any person who seeks to acquire a controlling interest in, or who seeks to merge with, the savings bank; provided that the person shall agree to be bound to respect the confidentiality of the confidential supervisory information and to not further disseminate the information other than to attorneys, certified public accountants, officers, agents, or employees of that person who likewise shall agree to be bound to respect the confidentiality of the confidential supervisory information and to not further disseminate the information.

(4) to the savings bank's insurance company, if the supervisory information contains information that is otherwise unavailable and is strictly necessary to obtaining insurance coverage or pursuing an insurance claim for or on behalf of the savings bank; provided that, when possible, the savings bank shall disclose only information that is relevant to obtaining insurance coverage or pursuing an insurance claim, while maintaining the confidentiality of financial information pertaining to customers; and provided further that, when appropriate, the savings bank may delete identifying data relating to any person.

The disclosure of confidential supervisory information by a savings bank pursuant to this subsection (b) and the disclosure of information to the Commissioner or other regulatory agency in connection with any examination, visitation, or investigation shall not constitute a waiver of any legal privilege otherwise available to the savings bank with respect to the information.

(c) (1) Notwithstanding any other provision of this Act or any other law, confidential supervisory information shall be the property of the Commissioner and shall be privileged from disclosure to any person except as provided in this Section. If the Commissioner determines that such information will not be disclosed, the Commissioner's decision shall be subject to judicial review under the provisions of the Administrative Review Law, and venue shall be in either Sangamon County or Cook County.

(3) Any court order that compels disclosure of confidential supervisory information may be immediately appealed by the Commissioner, and the order shall be automatically stayed pending the outcome of the appeal.

(d) If any officer, agent, attorney, or employee of a savings bank knowingly and willfully furnishes confidential supervisory information in violation of this Section, the Commissioner may impose a civil monetary penalty up to $1,000 for the violation against the officer, agent, attorney, or employee.

Disclosure of examination reports and other records:

(a) Except as provided in subsection (b) the Commissioner may disclose information gathered by examination of and through reports from a savings bank only to the board of directors of the savings bank, other federal and state financial services regulators, law enforcement or prosecutorial agencies, and the savings bank's independent licensed public accountants.

AN ACT concerning corrections.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Findings; purpose.
(a) The General Assembly finds and declares that:
(1) Public Act 89-688, effective June 1, 1997, contained provisions amending Section 3-8-7 of the Unified Code of Corrections relating to disciplinary procedures at Department of Corrections facilities. Public Act 89-688 also contained other provisions.
(2) On October 20, 2000, in People v. Jerry Lee Foster, 316 Ill. App. 3d 855, the Illinois Appellate Court, Fourth District, ruled that Public Act 89-688 violates the single subject clause of the Illinois Constitution (Article IV, Section 8(d)) and is therefore unconstitutional in its entirety.
(3) The provisions added and deleted from Section 3-8-7 of the Unified Code of Corrections by Public Act 89-688 are of vital concern to the people of this State. Prompt legislative action concerning those provisions is necessary.

(b) It is the purpose of this Act to re-enact Section 3-8-7 of the Unified Code of Corrections, including the provisions added and deleted by Public Act 89-688. This re-enactment is intended to remove any question as to the validity or content of those provisions; it is not intended to supersede any other Public Act that amends the text of the Section as set forth in this Act. The re-enacted material is shown in this Act as existing text (i.e., without underscoring).

Section 5. The Unified Code of Corrections is amended by re-enacting Section 3-8-7 as follows:

(730 ILCS 5/3-8-7) (from Ch. 38, par. 1003-8-7)
Sec. 3-8-7. Disciplinary Procedures.
(a) All disciplinary action shall be consistent with this Chapter. Rules of behavior and conduct, the penalties for violation thereof, and the disciplinary procedure by which such penalties may be imposed shall be available to committed persons.
(b) (1) Corporal punishment and disciplinary restrictions on diet, medical or sanitary facilities, mail or access to legal materials are prohibited.
(2) (Blank).

c) Review of disciplinary action imposed under this Section shall be provided by means of the grievance procedure under Section 3-8-8. The Department shall provide a disciplined person with a review of his or her disciplinary action in a timely manner as required by law.

d) All institutions and facilities of the Adult Division shall establish, subject to the approval of the Director, procedures for hearing disciplinary cases except those that may involve the imposition of disciplinary segregation and isolation; the loss of good time credit under Section 3-6-3 or eligibility to earn good time credit.

e) In disciplinary cases which may involve the imposition of disciplinary segregation and isolation, the loss of good time credit or eligibility to earn good time credit, the Director shall establish disciplinary procedures consistent with the following principles:

1. Any person or persons who initiate a disciplinary charge against a person shall not determine the disposition of the charge. The Director may establish one or more disciplinary boards to hear and determine charges.

2. Any committed person charged with a violation of Department rules of behavior shall be given notice of the charge including a statement of the misconduct alleged and of the rules this conduct is alleged to violate.

3. Any person charged with a violation of rules is entitled to a hearing on that charge at which time he shall have an opportunity to appear before and address the person or persons deciding the charge.

4. The person or persons determining the disposition of the charge may also summon to testify any witnesses or other persons with relevant knowledge of the incident.

5. If the charge is sustained, the person charged is entitled to a written statement of the decision by the persons determining the disposition of the charge which shall include the basis for the decision and the disciplinary action, if any, to be imposed.

(Senate Bill No. 0562)

AN ACT concerning electronic fund transfer terminals.

New matter indicated by italics - deletions by strikeout
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Electronic Fund Transfer Act is amended by changing Section 50 as follows:

(205 ILCS 616/50)

Sec. 50. Terminal requirements.
(a) To assure maximum safety and security against malfunction, fraud, theft, and other accidents or abuses and to assure that all access devices will have the capability of activating all terminals established in this State, no terminal shall accept an access device that does not conform to specifications that are generally accepted. In the case of a dispute concerning the specifications, the Commissioner, in accordance with the provisions of Section 20 of this Act, shall have the authority to determine the specifications.

(b) No terminal that does not accept an access device that conforms with those specifications shall be established or operated.

(c) A terminal shall bear a logotype or other identification symbol designed to advise customers which access devices may activate the terminal.

(d) When used to perform an interchange transaction, a terminal shall not bear any form of proprietary advertising of products and services not offered at the terminal; provided, however, that a terminal screen may bear proprietary advertising of products or services offered by a financial institution when a person uses an access device issued by that financial institution.

(e) No person operating a terminal in this State shall impose any surcharge on a consumer for the usage of that terminal, whether or not the consumer is using an access device issued by that person, unless that surcharge is clearly disclosed to the consumer both (i) by a sign that is clearly visible to the consumer on or at the terminal being used and (ii) electronically on the terminal screen. Following presentation of the electronic disclosure on the terminal screen, the consumer shall be provided an opportunity to cancel that transaction without incurring any surcharge or other obligation. If a surcharge is imposed on a consumer using an access device not issued by the person operating the terminal, that person shall disclose on the sign and on the terminal screen that the surcharge is in addition to any fee that may be assessed by the consumer's own institution. As used in this subsection, "surcharge" means any charge imposed by the person operating the terminal solely for the use of the terminal. This subsection does not apply to a point-of-sale purchase transaction at a terminal.

(f) A receipt given at a terminal to a person who initiates an electronic fund transfer shall include a number or code that identifies the consumer initiating the transfer, the consumer's account or accounts, or the access device used to initiate the transfer. If the number or code shown on the receipt is a number that identifies the access device, the number must be truncated as printed on the receipt so that fewer than all of the digits of the number or code are printed on the receipt. The Commissioner may, however, modify or
waive the requirements imposed by this subsection (f) if the Commissioner determines that
the modifications or waivers are necessary to alleviate any undue compliance burden.

(g) No terminal shall operate in this State unless, with respect to each interchange
transaction initiated at the terminal, the access code entered by the consumer to authorize
the transaction is encrypted by the device into which the access code is manually entered
by the consumer and is transmitted from the terminal only in encrypted form. Any terminal
that cannot meet the foregoing encryption requirements shall immediately cease
forwarding information with respect to any interchange transaction or attempted
interchange transaction.

(h) No person that directly or indirectly provides data processing support to any
terminal in this State shall authorize or forward for authorization any interchange
transaction unless the access code intended to authorize the interchange transaction is
encrypted when received by that person and is encrypted when forwarded to any other
person.

(i) A terminal operated in this State may be designed and programmed so that
when a consumer enters his or her personal identification number in reverse order, the
terminal automatically sends an alarm to the local law enforcement agency having
jurisdiction over the terminal location. The Commissioner shall promulgate rules
necessary for the implementation of this subsection.

(Senate Bill No. 1347)

AN ACT concerning estate administration.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Probate Act of 1975 is amended by changing Section 9-8 as follows:

(755 ILCS 5/9-8) (from Ch. 110 1/2, par. 9-8)

Sec. 9-8. Distribution on summary administration. Upon the filing of a petition therefor in the court of the proper county by any interested person and after ascertainment of heirship of the decedent and admission of the will, if any, to probate, if it appears to the court that:

(a) the gross value of the decedent's real and personal estate subject to administration in this State as itemized in the petition does not exceed $100,000;

(b) there is no unpaid claim against the estate, or all claimants known to the petitioner, with the amount known by him to be due to each of them, are listed in the petition;

(c) no tax will be due to the United States or to this State by reason of the death of the decedent or all such taxes have been paid or provided for or are the obligation of another fiduciary;

(d) no person is entitled to a surviving spouse's or child's award under this Act, or a surviving spouse's or child's award is allowable under this Act, and the name and age of each person entitled to an award, with the minimum award allowable under this Act to the surviving spouse or child, or each of them, and the amount, if any, theretofore paid to the spouse or child on such award, are listed in the petition;

(e) all heirs and legatees of the decedent have consented in writing to distribution of the estate on summary administration (and if an heir or legatee is a minor or disabled person, the consent may be given on his behalf by his parent, spouse, adult child, person in loco parentis, guardian or guardian ad litem);

New matter indicated by italics - deletions by strikeout
(f) each distributee gives bond in the value of his distributive share, conditioned to refund the due proportion of any claim entitled to be paid from the estate distributed, including the claim of any person having a prior right to such distribution, together with expenses of recovery, including reasonable attorneys' fees, with surety to be approved by the court. If at any time after payment of a distributive share it becomes necessary for all or any part of the distributive share to be refunded for the payment of any claim entitled to be paid from the estate distributed or to provide for a distribution to any person having a prior right thereto, upon petition of any interested person the court shall order the distributee to refund that portion of his distributive share which is necessary for such purposes. If there is more than one distributee, the court shall apportion among the distributees the amount to be refunded according to the amount received by each of them, but specific and general legacies need not be refunded unless the residue is insufficient to satisfy the claims entitled to be paid from the estate distributed. If a distributee refuses to refund within 60 days after being ordered by the court to do so and upon demand, the refusal is deemed a breach of the bond and a civil action may be maintained by the claimant or person having a prior right to a distribution against the distributee and the surety or either of them for the amount due together with the expenses of recovery, including reasonable attorneys' fees. The order of the court is evidence of the amount due;

(g) the petitioner has published a notice informing all persons of the death of the decedent, of the filing of the petition for distribution of the estate on summary administration and of the date, time and place of the hearing on the petition (the notice having been published once a week for 3 successive weeks in a newspaper published in the county where the petition has been filed, the first publication having been made not less than 30 days prior to the hearing) and has filed proof of publication with the clerk of the court;

the court may determine the rights of claimants and other persons interested in the estate, direct payment of claims and distribution of the estate on summary administration and excuse the issuance of letters of office or revoke the letters which have been issued and discharge the representative.

Any claimant may file his claim in the proceeding at or before the hearing on the petition, but failure to do so does not deprive the claimant of his right to enforce his claim in any other manner provided by law.

A petition for distribution on summary administration may be combined with or filed separately from a petition for probate of a will or for administration of an estate. (Source: P.A. 81-1453.)

Section 60. Expiration; restoration; renewal. The expiration date and renewal period for each certificate of registration issued under this Act shall be set by the Department by rule. Renewal shall be conditioned on paying the required fee and meeting other requirements as may be established by rule.

A registrant who has permitted his or her registration to expire or who has had his or her registration on inactive status may have the registration restored by making application to the Department, by filing proof acceptable to the Department of his or her fitness to have the registration restored, and by paying the required fees. Proof of fitness may include sworn evidence certifying to active lawful practice in another jurisdiction.

If the registrant has not maintained an active practice in another jurisdiction satisfactory to the Department, the Department shall determine, by an evaluation program established by rule, his or her fitness for restoration of the registration and shall establish procedures and requirements for restoration. However, a registrant whose registration expired while he or she was (1) in federal service on active duty with the Armed Forces of the United States or the State Militia called into service or training or (2) in training or education under the supervision of the United States before induction into the military service, may have the registration restored without paying any lapsed renewal fees if within 2 years after honorable termination of the service, training, or education he or she furnishes the Department with satisfactory evidence to the effect that he or she has been so engaged and that his or her service, training, or education has been so terminated.

(a) The Department shall set by rule fees for the administration of this Act, including but not limited to fees for initial and renewal registration and restoration of a certificate of registration.

(b) A person who delivers a check or other payment to the Department that is returned to the Department unpaid by the financial institution upon which it is drawn shall pay to the Department, in addition to the amount already owed to the Department, a fine of $50. The fines imposed by this Section are in addition to any other discipline provided under this Act. The Department shall notify the person that fees and fines shall be paid to
the Department by certified check or money order within 30 calendar days of the notification. If, after the expiration of 30 days from the date of the notification, the person has failed to submit the necessary remittance, the Department shall automatically terminate the registration or deny the application without a hearing. If the person seeks a license after termination or denial, he or she shall apply to the Department for restoration or issuance of the license and pay all fees and fines due to the Department. The Department may establish a fee for the processing of an application for restoration of a license to defray the expenses of processing the application. The Director may waive the fines due under this Section in individual cases if the Director finds that the fines would be unreasonable or unnecessarily burdensome.

(c) All of the fees and fines collected under this Act shall be deposited into the General Professions Dedicated Fund. All moneys in the Fund shall be used by the Department, as appropriated, for the ordinary and contingent expenses of the Department.

Section 75. Grounds for disciplinary action.

(15) Employment of fraud, deception, or any unlawful means in applying for or securing a license as a surgical assistant.

(16) Failure to report to the Department (A) any adverse final action taken against the registrant by another registering or licensing jurisdiction, government agency, law enforcement agency, or any court or (B) liability for conduct that would constitute grounds for action as set forth in this Section.

(17) Habitual intoxication or addiction to the use of drugs.

(18) Physical illness, including but not limited to deterioration through the aging process or loss of motor skills, which results in the inability to practice the profession for which he or she is registered with reasonable judgment, skill, or safety.

(19) Gross malpractice resulting in permanent injury or death of a patient.

(20) Immoral conduct in the commission of an act related to the registrant's practice, including but not limited to sexual abuse, sexual misconduct, or sexual exploitation.

(21) Violation of the Health Care Worker Self-Referral Act.

(b) The Department may refuse to issue or may suspend the registration of a person who fails to file a return, to pay the tax, penalty, or interest shown in a filed return, or to pay a final assessment of the tax, penalty, or interest as required by a tax Act administered by the Department of Revenue, until the requirements of the tax Act are satisfied.

(c) The determination by a circuit court that a registrant is subject to involuntary admission or judicial admission as provided in the Mental Health and Developmental Disabilities Code operates as an automatic suspension. The suspension will end only upon
(1) a finding by a court that the patient is no longer subject to involuntary admission or judicial admission, (2) issuance of an order so finding and discharging the patient, and (3) the recommendation of the Department to the Director that the registrant be allowed to resume his or her practice.

Section 80. Cease and desist order.

(a) If a person violates a provision of this Act, the Director, in the name of the People of the State of Illinois through the Attorney General of the State of Illinois, or the State's Attorney of a county in which the violation occurs, may petition for an order enjoining the violation or for an order enforcing compliance with this Act. Upon the filing of a verified petition in court, the court may issue a temporary restraining order without notice or bond and may preliminarily and permanently enjoin the violation. If it is established that the registrant has violated or is violating the injunction, the court may punish the offender for contempt of court. Proceedings under this Section shall be in addition to, and not in lieu of, all other remedies and penalties provided by this Act.

(b) If a person holds himself or herself out as a surgical assistant or surgical technologist without being registered under this Act, then any registrant under this Act, interested party, or person injured thereby, in addition to the Director or State's Attorney, may petition for relief as provided in subsection (a) of this Section.

(c) If the Department determines that a person violated a provision of this Act, the Department may issue a rule to show cause why an order to cease and desist should not be entered against him or her. The rule shall clearly set forth the grounds relied upon by the Department and shall provide a period of 7 days from the date of the rule to file an answer to the satisfaction of the Department. Failure to answer to the satisfaction of the Department shall cause an order to cease and desist to be issued immediately.

Section 85. Investigation; notice; hearing. Certificates of registration may be refused, revoked, suspended, or otherwise disciplined in the manner provided by this Act and not otherwise. The Department may upon its own motion and shall upon the verified complaint in writing of any person setting forth facts that if proven would constitute grounds for refusal to issue or for suspension or revocation under this Act, investigate the actions of a person applying for, holding, or claiming to hold a certificate of registration. The Department shall, before refusing to issue or renew, suspending, or revoking a certificate of registration or taking other discipline pursuant to Section 75 of this Act, and at least 30 days prior to the date set for the hearing, notify in writing the applicant or licensee of any charges made, shall afford the applicant or registrant an opportunity to be heard in person or by counsel in reference to the charges, and direct the applicant or registrant to file a written answer to the Department under oath within 20 days after the service of the notice and inform the applicant or registrant that failure to file an answer will result in default being taken against the applicant or registrant and that the certificate of registration may be suspended, revoked, placed on probationary status, or other disciplinary action may be taken, including limiting the scope, nature, or extent of practice,

as the Director may deem proper. Written notice may be served by personal delivery to the applicant or registrant or by mailing the notice by certified mail to his or her last known place of residence or to the place of business last specified by the applicant or registrant in his or her last notification to the Department. If the person fails to file an answer after receiving notice, his or her certificate of registration may, in the discretion of the Department, be suspended, revoked, or placed on probationary status or the Department may take whatever disciplinary action deemed proper, including limiting the delegated tasks or the imposition of a fine, without a hearing, if the act or acts charged constitute sufficient grounds for such action under this Act. At the time and place fixed in the notice, the Department shall proceed to hearing of the charges and both the applicant or registrant and the complainant shall be afforded ample opportunity to present, in person or by counsel, any statements, testimony, evidence, and arguments that may be pertinent to the charges or to their defense. The Department may continue a hearing from time to time. The Department may continue a hearing for a period not to exceed 30 days.

Section 90. Record of proceedings. The Department, at its expense, shall preserve a record of all proceedings at a formal hearing conducted pursuant to Section 85 of this Act. The notice of hearing, complaint, and all other documents in the nature of pleadings and written motions filed in the proceedings, the transcript of testimony, the report of the Department or hearing officer, and orders of the Department shall be the record of the proceeding. The Department shall supply a transcript of the record to a person interested in the hearing on payment of the fee required under Section 2105-115 of the Department of Professional Regulation Law of the Civil Administrative Code of Illinois.

Section 95. Order for production of documents. A circuit court may, upon application of the Department or its designee, or of the applicant or registrant against whom proceedings pursuant to Section 85 of this Act are pending, enter an order requiring the attendance of witnesses and their testimony and the production of documents, papers, files, books, and records in connection with a hearing or investigation authorized by this Act. The court may compel obedience to its order through contempt proceedings.

Section 100. Subpoena power. The Department has the power to subpoena and bring before it any person in this State and to take testimony orally or by deposition, with the same fees and mileage and in the same manner as prescribed by law in judicial proceedings in civil cases in circuit courts of this State. The Director shall have the authority to administer, at any hearing that the Department is authorized to conduct under this Act, oaths to witnesses and any other oaths authorized to be administered by the Department under this Act.

Section 105. Disciplinary report. At the conclusion of the hearing, the Department shall present to the Director a written report of its findings of fact, conclusions of law, and recommendations. In making its recommendations for discipline, the Department shall seek to ensure that the severity of the discipline recommended bears some reasonable relationship to the severity of the violation.

Section 110. Motion for rehearing. In a case involving the refusal to issue or renew a registration or the discipline of a registrant, a copy of the Department's report shall be served upon the respondent by the Department, either personally or as provided under Section 20 of this Act for the service of the notice of hearing. Within 20 days after the service, the respondent may present to the Department a motion in writing for a rehearing, which shall specify the particular grounds for a rehearing. If no motion for rehearing is filed, then upon the expiration of the time specified for filing the motion, or if a motion for rehearing is denied, then upon the denial the Director may enter an order in accordance with recommendations of the Department, except as provided in Section 115 or 120 of this Act. If the respondent orders a transcript of the record from the reporting service and pays for the transcript within the time for filing a motion for rehearing, the 20-day period within which such a motion may be filed shall commence upon the delivery of the transcript to the respondent.

Section 115. Order of Director.

(a) The Director shall issue an order concerning the disposition of the charges (i) following the expiration of the filing period granted under Section 110 of this Act if no motion for rehearing is filed or (ii) following a denial of a timely motion for rehearing.

(b) The Director's order shall be based on the recommendations contained in the Department report unless, after giving due consideration to the Department's report, the Director disagrees in any regard with the report of the Department, in which case he or she may issue an order in contravention of the report. The Director shall provide a written report to the Department on any deviation from the Department's report and shall specify with particularity the reasons for his or her deviation in the final order. The Department's report and Director's order are not admissible in evidence against the person in a criminal prosecution brought for a violation of this Act, but the hearing, report, and order are not a bar to a criminal prosecution brought for the violation of this Act.

Section 120. Hearing officer. The Director shall have the authority to appoint an attorney licensed to practice law in this State to serve as the hearing officer in a hearing authorized under Section 90 of this Act. The hearing officer shall have full authority to conduct the hearing. The hearing officer shall report his or her findings of fact, conclusions of law, and recommendations to the Department. Section 140. Surrender of certificate of registration. Upon the revocation or suspension of a certificate of registration, the registrant shall immediately surrender the certificate of registration to the Department. If the registrant fails to do so, the Department shall have the right to seize the certificate of registration.

The Director may temporarily suspend the registration of a surgical assistant or surgical technologist without a hearing, simultaneously with the institution of proceedings for a hearing provided for in Section 85 of this Act, if the Director finds that evidence in his or her possession indicates that continuation in practice would constitute an imminent danger to the public. If the Director temporarily suspends a license without a hearing, a hearing by the Department shall be held within 30 days after the suspension has occurred and shall be concluded without appreciable delay.

Section 150. Certificate of record. The Department shall not be required to certify any record to a court or file an answer in court or otherwise appear in a court in a judicial review proceeding unless there is filed in the court, with the complaint, a receipt from the Department acknowledging payment of the costs of furnishing and certifying the record. The civil penalty shall be assessed by the Department after a hearing is held in accordance with the provisions set forth in this Act regarding a hearing for the discipline of a licensee.
(b) The Department has the authority and power to investigate any and all unregistered activity.
(c) The civil penalty assessed under this Act shall be paid within 60 days after the effective date of the order imposing the civil penalty. The order shall constitute a judgment and may be filed and execution had on the judgment in the same manner as a judgment from a court of record.

Section 170. Home rule powers. The regulation of surgical assistants and surgical technologists is an exclusive power and function of the State. PUBLIC ACT 93-0282
(Senate Bill No. 0566)

AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The School Code is amended by changing Section 14-8.02 as follows:

New matter indicated by italics - deletions by strikeout

(a) The State Board of Education shall make rules under which local school boards shall determine the eligibility of children to receive special education. Such rules shall ensure that a free appropriate public education be available to all children with disabilities as defined in Section 14-1.02. The State Board of Education shall require local school districts to administer non-discriminatory procedures or tests to limited English proficiency students coming from homes in which a language other than English is used to determine their eligibility to receive special education. The placement of low English proficiency students in special education programs and facilities shall be made in accordance with the test results reflecting the student's linguistic, cultural and special education needs. For purposes of determining the eligibility of children the State Board of Education shall include in the rules definitions of "case study", "staff conference", "individualized educational program", and "qualified specialist" appropriate to each category of children with disabilities as defined in this Article. For purposes of determining the eligibility of children from homes in which a language other than English is used, the State Board of Education, no later than September 1, 1993, shall include in the rules definitions for "qualified bilingual specialists" and "linguistically and culturally appropriate individualized educational programs". In this Section, "parent" includes a foster parent.

(b) No child shall be eligible for special education facilities except with a carefully completed case study fully reviewed by professional personnel in a multidisciplinary staff conference and only upon the recommendation of qualified specialists or a qualified bilingual specialist, if available. At the conclusion of the multidisciplinary staff conference, the parent or guardian of the child shall be given a copy of the multidisciplinary conference summary report and recommendations, which includes options considered, and be informed of their right to obtain an independent educational evaluation if they disagree with the evaluation findings conducted or obtained by the school district. If the school district's evaluation is shown to be inappropriate, the school district shall reimburse the parent for the cost of the independent evaluation. The State Board of Education shall, with advice from the State Advisory Council on Education of Children with Disabilities, prepare a list of suggested independent educational evaluators. The State Board of Education shall include on the list clinical psychologists licensed pursuant to the Clinical Psychologist Licensing Act. Such psychologists shall not be paid fees in excess of the amount that would be received by a school psychologist for performing the same services. The State Board of Education shall supply school districts with such list and make the list available to parents at their request. School districts shall make the list available to parents at the time they are informed of their right to obtain an independent educational evaluation. However, the school district may initiate an impartial due process hearing under this Section within 5 days of any written parent or guardian request for an independent evaluation.
educational evaluation to show that its evaluation is appropriate. If the final decision is that the evaluation is appropriate, the parent still has a right to an independent educational evaluation, but not at public expense. An independent educational evaluation at public expense must be completed within 30 days of a parent or guardian written request unless the school district initiates an impartial due process hearing or the parent or guardian or school district offers reasonable grounds to show that such 30 day time period should be extended. If the due process hearing decision indicates that the parent or guardian is entitled to an independent educational evaluation, it must be completed within 30 days of the decision unless the parent or guardian or the school district offers reasonable grounds to show that such 30 day period should be extended. If a parent disagrees with the summary report or recommendations of the multidisciplinary conference or the findings of any educational evaluation which results therefrom, the school district shall not proceed with a placement based upon such evaluation and the child shall remain in his or her regular classroom setting. No child shall be eligible for admission to a special class for the educable mentally disabled or for the trainable mentally disabled except with a psychological evaluation and recommendation by a school psychologist. Consent shall be obtained from the parent or guardian of a child before any evaluation is conducted. If consent is not given by the parent or guardian or if the parent or guardian disagrees with the findings of the evaluation, then the school district may initiate an impartial due process hearing under this Section. The school district may evaluate the child if that is the decision resulting from the impartial due process hearing and the decision is not appealed or if the decision is affirmed on appeal. The determination of eligibility shall be made within 60 school days from the date of referral by school authorities for evaluation by the district or date of application for admittance by the parent or guardian of the child. In those instances when students are referred for evaluation with fewer than 60 pupil attendance days left in the school year, the eligibility determination shall be made prior to the first day of the following school year. After a child has been determined to be eligible for a special education class, such child must be placed in the appropriate program pursuant to the individualized educational program by or no later than the beginning of the next school semester. The appropriate program pursuant to the individualized educational program of students whose native tongue is a language other than English shall reflect the special education, cultural and linguistic needs. No later than September 1, 1993, the State Board of Education shall establish standards for the development, implementation and monitoring of appropriate bilingual special individualized educational programs. The State Board of Education shall further incorporate appropriate monitoring procedures to verify implementation of these standards. The district shall indicate to the parent or guardian and the State Board of Education the nature of the services the child will receive for the regular school term while waiting placement in the appropriate special education class.

If the child is deaf, hard of hearing, blind, or visually impaired and he or she might be eligible to receive services from the Illinois School for the Deaf or the Illinois

School for the Visually Impaired, the school district shall notify the parents or guardian, in writing, of the existence of these schools and the services they provide. This notification shall include without limitation information on school services, school admissions criteria, and school contact information.

If the student may be eligible to participate in the Home-Based Support Services Program for Mentally Disabled Adults authorized under the Developmental Disability and Mental Disability Services Act upon becoming an adult, the student's individualized education program shall include plans for (i) determining the student's eligibility for those home-based services, (ii) enrolling the student in the program of home-based services, and (iii) developing a plan for the student's most effective use of the home-based services after the student becomes an adult and no longer receives special educational services under this Article. The plans developed under this paragraph shall include specific actions to be taken by specified individuals, agencies, or officials.

(c) In the development of the individualized education program for a student who is functionally blind, it shall be presumed that proficiency in Braille reading and writing is essential for the student's satisfactory educational progress. For purposes of this subsection, the State Board of Education shall determine the criteria for a student to be classified as functionally blind. Students who are not currently identified as functionally blind who are also entitled to Braille instruction include: (i) those whose vision loss is so severe that they are unable to read and write at a level comparable to their peers solely through the use of vision, and (ii) those who show evidence of progressive vision loss that may result in functional blindness. Each student who is functionally blind shall be entitled to Braille reading and writing instruction that is sufficient to enable the student to communicate with the same level of proficiency as other students of comparable ability. Instruction should be provided to the extent that the student is physically and cognitively able to use Braille. Braille instruction may be used in combination with other special education services appropriate to the student's educational needs. The assessment of each student who is functionally blind for the purpose of developing the student's individualized education program shall include documentation of the student's strengths and weaknesses in Braille skills. Each person assisting in the development of the individualized education program for a student who is functionally blind shall receive information describing the benefits of Braille instruction. The individualized education program for each student who is functionally blind shall specify the appropriate learning medium or media based on the assessment report.

(d) To the maximum extent appropriate, the placement shall provide the child with the opportunity to be educated with children who are not disabled; provided that children with disabilities who are recommended to be placed into regular education classrooms are provided with supplementary services to assist the children with disabilities to benefit from the regular classroom instruction and are included on the teacher's regular education class register. Subject to the limitation of the preceding sentence, placement in
special classes, separate schools or other removal of the disabled child from the regular educational environment shall occur only when the nature of the severity of the disability is such that education in the regular classes with the use of supplementary aids and services cannot be achieved satisfactorily. The placement of limited English proficiency students with disabilities shall be in non-restrictive environments which provide for integration with non-disabled peers in bilingual classrooms. By January 1993 and annually thereafter, school districts shall report data on students from non-English speaking backgrounds receiving special education and related services in public and private facilities as prescribed in Section 2-3.30. If there is a disagreement between parties involved regarding the special education placement of any child, either in-state or out-of-state, the placement is subject to impartial due process procedures described in Article 10 of the Rules and Regulations to Govern the Administration and Operation of Special Education.

(e) No child who comes from a home in which a language other than English is the principal language used may be assigned to any class or program under this Article until he has been given, in the principal language used by the child and used in his home, tests reasonably related to his cultural environment. All testing and evaluation materials and procedures utilized for evaluation and placement shall not be linguistically, racially or culturally discriminatory.

(f) Nothing in this Article shall be construed to require any child to undergo any physical examination or medical treatment whose parents or guardian object thereto on the grounds that such examination or treatment conflicts with his religious beliefs.

(g) School boards or their designee shall provide to the parents or guardian of a child prior written notice of any decision (a) proposing to initiate or change, or (b) refusing to initiate or change, the identification, evaluation, or educational placement of the child or the provision of a free appropriate public education to their child, and the reasons therefor. Such written notification shall also inform the parent or guardian of the opportunity to present complaints with respect to any matter relating to the educational placement of the student, or the provision of a free appropriate public education and to have an impartial due process hearing on the complaint. The notice shall inform the parents or guardian in the parents' or guardian's native language, unless it is clearly not feasible to do so, of their rights and all procedures available pursuant to this Act and federal law 94-142; it shall be the responsibility of the State Superintendent to develop uniform notices setting forth the procedures available under this Act and federal law 94-142 to be used by all school boards. The notice shall also inform the parents or guardian of the availability upon request of a list of free or low-cost legal and other relevant services available locally to assist parents or guardians in initiating an impartial due process hearing. Any parent or guardian who is deaf, or does not normally communicate using spoken English, who participates in a meeting with a representative of a local educational agency for the purposes of developing an individualized educational program shall be entitled to the services of an interpreter.
(h) A Level I due process hearing, hereinafter referred as the hearing, shall be conducted upon the request of the parents or guardian or local school board by an impartial hearing officer appointed as follows: If the request is made through the local school district, within 5 school days of receipt of the request, the local school district shall forward the request to the State Superintendent. Within 5 days after receiving this request of hearing, the State Board of Education shall provide a list of 5 prospective, impartial hearing officers. The State Board of Education, by rule or regulation, shall establish criteria for determining which persons can be included on such a list of prospective hearing officers. No one on the list may be a resident of the school district. No more than 2 of the 5 prospective hearing officers shall be gainfully employed by or administratively connected with any school district, or any joint agreement or cooperative program in which school districts participate. In addition, no more than 2 of the 5 prospective hearing officers shall be gainfully employed by or administratively connected with private providers of special education services. The State Board of Education shall actively recruit applicants for hearing officer positions. The board and the parents or guardian or their legal representatives within 5 days shall alternately strike one name from the list until only one name remains. The parents or guardian shall have the right to proceed first with the striking. The per diem allowance for the hearing officer shall be established and paid by the State Board of Education. The hearing shall be closed to the public except that the parents or guardian may require that the hearing be public. The hearing officer shall not be an employee of the school district, an employee in any joint agreement or cooperative program in which the district participates, or any other agency or organization that is directly involved in the diagnosis, education or care of the student or the State Board of Education. All impartial hearing officers shall be adequately trained in federal and state law, rules and regulations and case law regarding special education. The State Board of Education shall use resources from within and outside the agency for the purposes of conducting this training. The impartial hearing officer shall have the authority to require additional information or evidence where he or she deems it necessary to make a complete record and may order an independent evaluation of the child, the cost of said evaluation to be paid by the local school district. Such hearing shall not be considered adversary in nature, but shall be directed toward bringing out all facts necessary for the impartial hearing officer to render an informed decision. The State Board of Education shall, with the advice and approval of the Advisory Council on Education of Children with Disabilities, promulgate rules and regulations to establish the qualifications of the hearing officers and the rules and procedure for such hearings. The school district shall present evidence that the special education needs of the child have been appropriately identified and that the special education program and related services proposed to meet the needs of the child are adequate, appropriate and available. Any party to the hearing shall have the right to: (a) be represented by counsel and be accompanied and advised by individuals with special knowledge or training with respect to the problems of children with disabilities at

(c) prohibit the introduction of any evidence at the hearing that has not been disclosed to 
that party at least 5 days before the hearing; (d) obtain a written or electronic verbatim 
record of the hearing; (e) obtain written findings of fact and a written decision. The student 
shall be allowed to attend the hearing unless the hearing officer finds that attendance is not 
in the child's best interest or detrimental to the child. The hearing officer shall specify in 
the findings the reasons for denying attendance by the student. The hearing officer, or the 
State Superintendent in connection with State level hearings, may subpoena and compel 
the attendance of witnesses and the production of evidence reasonably necessary to the 
resolution of the hearing. The subpoena may be issued upon request of any party. The State 
Board of Education and the school board shall share equally the costs of providing a 
written or electronic record of the proceedings. Such record shall be transcribed and 
transmitted to the State Superintendent no later than 10 days after receipt of notice of 
appeal. The hearing officer shall render a decision and shall submit a copy of the findings 
of fact and decision to the parent or guardian and to the local school board within 10 school 
days after the conclusion of the hearing. The hearing officer may continue the hearing in 
order to obtain additional information, and, at the conclusion of the hearing, shall issue a 
decision based on the record which specifies the special education and related services 
which shall be provided to the child in accordance with the child's needs. The hearing 
officer's decision shall be binding upon the local school board and the parent unless such 
decision is appealed pursuant to the provisions of this Section. 

(i) Any party aggrieved by the decision may appeal the hearing officer's decision 
to the State Board of Education and shall serve copies of the notice of such appeal on the 
State Superintendent and on all other parties. The review referred to in this Section shall be 
known as the Level II review. The State Board of Education shall provide a list of 5 
prospective, impartial reviewing officers. No reviewing officer shall be an employee of the 
State Board of Education or gainfully employed by or administratively connected with the 
school district, joint agreement or cooperative program which is a party to this review. 
Each person on the list shall be accredited by a national arbitration organization. The per 
diem allowance for the review officers shall be paid by the State Board of Education and 
may not exceed $250. All reviewing officers on the list provided by the State Board of 
Education shall be trained in federal and state law, rules and regulations and case law 
regarding special education. The State Board of Education shall use resources from within 
and outside the agency for the purposes of conducting this training. No one on the list may 
be a resident of the school district. The board and the parents or guardian or other legal 
representatives within 5 days shall alternately strike one name from the list until only one 
name remains. The parents or guardian shall have the right to proceed first with the 
striking. The reviewing officer so selected shall conduct an impartial review of the Level I 
hearing and may issue subpoenas requiring the attendance of witnesses at such review. The 
parties to the appeal shall be afforded the opportunity to present oral argument and

additional evidence at the review. Upon completion of the review the reviewing officer shall render a decision and shall provide a copy of the decision to all parties.

(j) No later than 30 days after receipt of notice of appeal, a final decision shall be reached and a copy mailed to each of the parties. A reviewing officer may grant specific extensions of time beyond the 30-day deadline at the request of either party. If a Level II hearing is convened the final decision of a Level II hearing officer shall occur no more than 30 days following receipt of a notice of appeal, unless an extension of time is granted by the hearing officer at the request of either party. The State Board of Education shall establish rules and regulations delineating the standards to be used in determining whether the reviewing officer shall grant such extensions. Each hearing and each review involving oral argument must be conducted at a time and place which are reasonably convenient to the parents and the child involved.

(k) Any party aggrieved by the decision of the reviewing officer, including the parent or guardian, shall have the right to bring a civil action with respect to the complaint presented pursuant to this Section, which action may be brought in any circuit court of competent jurisdiction within 120 days after a copy of the decision is mailed to the party as provided in subsection (j). The civil action provided above shall not be exclusive of any rights or causes of action otherwise available. The commencement of a civil action under subsection (k) of this Section shall operate as a supersedeas. In any action brought under this Section the court shall receive the records of the administrative proceedings, shall hear additional evidence at the request of a party, and basing its decision on the preponderance of the evidence shall grant such relief as the court determines is appropriate. In any instance where a school district willfully disregards applicable regulations or statutes regarding a child covered by this Article, and which disregard has been detrimental to the child, the school district shall be liable for any reasonable attorney's fees incurred by the parent or guardian in connection with proceedings under this Section.

(l) During the pendency of any proceedings conducted pursuant to this Section, unless the State Superintendent of Education, or the school district and the parents or guardian otherwise agree, the student shall remain in the then current educational placement of such student, or if applying for initial admission to the school district, shall, with the consent of the parents or guardian, be placed in the school district program until all such proceedings have been completed. The costs for any special education and related services or placement incurred following 60 school days after the initial request for evaluation shall be borne by the school district if such services or placement are in accordance with the final determination as to the special education and related services or placement which must be provided to the child, provided however that in said 60 day period there have been no delays caused by the child's parent or guardian.

(m) Whenever (i) the parents or guardian of a child of the type described in Section 14-1.02 are not known or are unavailable or (ii) the child is a ward of the State residing in a residential facility, a person shall be assigned to serve as surrogate parent for
the child in matters relating to the identification, evaluation, and educational placement of the child and the provision of a free appropriate public education to the child. Surrogate parents shall be assigned by the State Superintendent of Education. The State Board of Education shall promulgate rules and regulations establishing qualifications of such persons and their responsibilities and the procedures to be followed in making such assignments. Such surrogate parents shall not be employees of the school district, an agency created by joint agreement under Section 10-22.31, an agency involved in the education or care of the student, or the State Board of Education. For a child who is a ward of the State residing in a residential facility, the surrogate parent may be an employee of a nonpublic agency that provides only non-educational care. Services of any person assigned as surrogate parent shall terminate if the parent or guardian becomes available unless otherwise requested by the parents or guardian. The assignment of a person as surrogate parent at no time supersedes, terminates, or suspends the parents’ or guardian’s legal authority relative to the child. Any person participating in good faith as surrogate parent on behalf of the child before school officials or a hearing officer shall have immunity from civil or criminal liability that otherwise might result by reason of such participation, except in cases of willful and wanton misconduct.

(n) At all stages of the hearing the hearing officer shall require that interpreters be made available by the local school district for persons who are deaf or for persons whose normally spoken language is other than English.

(o) Whenever a person refuses to comply with any subpoena issued under this Section, the circuit court of the county in which such hearing is pending, on application of the State Superintendent of Education or the party who requested issuance of the subpoena may compel obedience by attachment proceedings as for contempt, as in a case of disobedience of the requirements of a subpoena from such court for refusal to testify therein.

PUBLIC ACT 93-0285
(Senate Bill No. 1066)

AN ACT in relation to energy.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Good Samaritan Energy Plan Act.

Section 5. Definitions. In this Act:
"Department" means the Department of Commerce and Economic Opportunity.
"LIHEAP" means the energy assistance program established under the Energy Assistance Act of 1989.

Section 10. Legislative findings. The General Assembly finds that high electric and gas bill arrearages are a serious problem for low-income utility consumers in Illinois, often impeding access to service. The General Assembly also finds that the inability to have electric or gas service connected due to high arrearages is a threat to the health and safety of many low-income households in Illinois. The General Assembly further finds that eligibility for LIHEAP does not alleviate the burden of high arrearages for low-income

utility consumers and is not enough to enable many households to have electric or gas service connected.

Section 15. Good Samaritan Energy Trust Fund. The Good Samaritan Energy Trust Fund is created as a special fund in the State treasury. The Department shall administer the Fund. The Department shall deposit moneys received from the following sources into the Fund:

1. Voluntary donations from individuals, foundations, corporations, and other sources.

2. Proceeds from fundraising events held for the purpose of generating moneys for the Fund.

Section 20. Solicitation of contributions to Fund. The Department may insert a fundraising letter requesting voluntary contributions to the Fund in utility bills 2 times each year to solicit contributions to the Fund. All public utilities doing business in the State shall cooperate in allowing the Department to insert fundraising solicitation letters in their utility bills. The solicitation letter from the Department must be sized so as to fit into the utility's standard bill envelope, and must be of sufficiently light weight so as not to cause any increase in postage cost to the utility.

Section 25. Administration of Fund. The Department shall administer the Good Samaritan Energy Trust Fund with the advice and consent of the Low Income Energy Assistance Policy Advisory Council established under the Energy Assistance Act of 1989. Donations received for the Fund shall be made available for the purpose of alleviating utility bill arrearages for households determined eligible for LIHEAP, except that the Department may use up to 10% of the moneys donated for the Fund for the expenses of the Department and the local area agency incurred in administering the Fund. Resources from the Fund shall be awarded to local area agencies that have existing contracts with the Department to administer LIHEAP in Illinois.

Section 30. Distribution of moneys from Fund. Subject to appropriations made by the General Assembly, the Department may spend moneys from the Good Samaritan Energy Trust Fund for the purpose of providing assistance authorized under Section 25. The Department, with the advice and consent of the Low Income Energy Assistance Policy Advisory Council, shall establish priorities for the distribution of moneys from the Good Samaritan Energy Trust Fund to low-income consumers to enable them to pay gas or electric bill arrearages in order to have household gas or electric utility service connected. Low-income consumers who are unable to have their service connected even with a LIHEAP grant shall be given preference. The Department shall ensure that moneys donated for the Fund (other than moneys used for administrative expenses as authorized in Section 25) are distributed to low-income consumers who reside in the county from which those moneys were received.

Section 35. Annual report. On or before May 31 of each year, beginning in 2005, the Department shall provide an annual report to the General Assembly on the use and
effectiveness of the Good Samaritan Energy Trust Fund. The report shall include the amount of money deposited into the Fund, the amount of money allocated by the Fund for the direct benefit of low-income consumers, the number of low-income households served by the Fund, by county, and recommendations for improving the operation and effectiveness of the Fund.

Section 90. The State Finance Act is amended by adding Section 5.595 as follows:

Section 5. The Telecommunications Excise Tax Act is amended by changing Section 2 as follows:

(35 ILCS 630/2) (from Ch. 120, par. 2002)

(Text of Section before amendment by P.A. 92-878)

Sec. 2. As used in this Article, unless the context clearly requires otherwise:

(a) "Gross charge" means the amount paid for the act or privilege of originating or receiving telecommunications in this State and for all services and equipment provided in connection therewith by a retailer, valued in money whether paid in money or otherwise, including cash, credits, services and property of every kind or nature, and shall be determined without any deduction on account of the cost of such telecommunications, the cost of materials used, labor or service costs or any other expense whatsoever. In case credit is extended, the amount thereof shall be included only as and when paid. "Gross charges" for private line service shall include charges imposed at each channel point within this State, charges for the channel mileage between each channel point within this State, and charges for that portion of the interstate inter-office channel provided within Illinois. However, "gross charges" shall not include:

(1) any amounts added to a purchaser's bill because of a charge made pursuant to (i) the tax imposed by this Article; (ii) charges added to customers' bills pursuant to the provisions of Sections 9-221 or 9-222 of the Public Utilities Act, as amended, or any similar charges added to customers' bills by retailers who

are not subject to rate regulation by the Illinois Commerce Commission for the purpose of recovering any of the tax liabilities or other amounts specified in such provisions of such Act; (iii) the tax imposed by Section 4251 of the Internal Revenue Code; (iv) 911 surcharges; or (v) the tax imposed by the Simplified Municipal Telecommunications Tax Act;

(2) charges for a sent collect telecommunication received outside of the State;

(3) charges for leased time on equipment or charges for the storage of data or information for subsequent retrieval or the processing of data or information intended to change its form or content. Such equipment includes, but is not limited to, the use of calculators, computers, data processing equipment, tabulating equipment or accounting equipment and also includes the usage of computers under a time-sharing agreement;

(4) charges for customer equipment, including such equipment that is leased or rented by the customer from any source, wherein such charges are disaggregated and separately identified from other charges;

(5) charges to business enterprises certified under Section 9-222.1 of the Public Utilities Act, as amended, to the extent of such exemption and during the period of time specified by the Department of Commerce and Community Affairs;

(6) charges for telecommunications and all services and equipment provided in connection therewith between a parent corporation and its wholly owned subsidiaries or between wholly owned subsidiaries when the tax imposed under this Article has already been paid to a retailer and only to the extent that the charges between the parent corporation and wholly owned subsidiaries or between wholly owned subsidiaries represent expense allocation between the corporations and not the generation of profit for the corporation rendering such service;

(7) bad debts. Bad debt means any portion of a debt that is related to a sale at retail for which gross charges are not otherwise deductible or excludable that has become worthless or uncollectable, as determined under applicable federal income tax standards. If the portion of the debt deemed to be bad is subsequently paid, the retailer shall report and pay the tax on that portion during the reporting period in which the payment is made;

(8) charges paid by inserting coins in coin-operated telecommunication devices;

(9) amounts paid by telecommunications retailers under the Telecommunications Municipal Infrastructure Maintenance Fee Act.

(b) "Amount paid" means the amount charged to the taxpayer's service address in this State regardless of where such amount is billed or paid.
"Telecommunications", in addition to the meaning ordinarily and popularly ascribed to it, includes, without limitation, messages or information transmitted through use of local, toll and wide area telephone service; private line services; channel services; telegraph services; teletypewriter; computer exchange services; cellular mobile telecommunications service; specialized mobile radio; stationary two way radio; paging service; or any other form of mobile and portable one-way or two-way communications; or any other transmission of messages or information by electronic or similar means, between or among points by wire, cable, fiber-optics, laser, microwave, radio, satellite or similar facilities. As used in this Act, "private line" means a dedicated non-traffic sensitive service for a single customer, that entitles the customer to exclusive or priority use of a communications channel or group of channels, from one or more specified locations to one or more other specified locations. The definition of "telecommunications" shall not include value added services in which computer processing applications are used to act on the form, content, code and protocol of the information for purposes other than transmission. "Telecommunications" shall not include purchases of telecommunications by a telecommunications service provider for use as a component part of the service provided by him to the ultimate retail consumer who originates or terminates the taxable end-to-end communications. Carrier access charges, right of access charges, charges for use of intercompany facilities, and all telecommunications resold in the subsequent provision of, used as a component of, or integrated into end-to-end telecommunications service shall be non-taxable as sales for resale.

(d) "Interstate telecommunications" means all telecommunications that either originate or terminate outside this State.

(e) "Intrastate telecommunications" means all telecommunications that originate and terminate within this State.

(f) "Department" means the Department of Revenue of the State of Illinois.

(g) "Director" means the Director of Revenue for the Department of Revenue of the State of Illinois.

(h) "Taxpayer" means a person who individually or through his agents, employees or permittees engages in the act or privilege of originating or receiving telecommunications in this State and who incurs a tax liability under this Article.

(i) "Person" means any natural individual, firm, trust, estate, partnership, association, joint stock company, joint venture, corporation, limited liability company, or a receiver, trustee, guardian or other representative appointed by order of any court, the Federal and State governments, including State universities created by statute or any city, town, county or other political subdivision of this State.

(j) "Purchase at retail" means the acquisition, consumption or use of telecommunication through a sale at retail.

(k) "Sale at retail" means the transmitting, supplying or furnishing of telecommunications and all services and equipment provided in connection therewith for a
consideration to persons other than the Federal and State governments, and State universities created by statute and other than between a parent corporation and its wholly owned subsidiaries or between wholly owned subsidiaries for their use or consumption and not for resale.

(l) "Retailer" means and includes every person engaged in the business of making sales at retail as defined in this Article. The Department may, in its discretion, upon application, authorize the collection of the tax hereby imposed by any retailer not maintaining a place of business within this State, who, to the satisfaction of the Department, furnishes adequate security to insure collection and payment of the tax. Such retailer shall be issued, without charge, a permit to collect such tax. When so authorized, it shall be the duty of such retailer to collect the tax upon all of the gross charges for telecommunications in this State in the same manner and subject to the same requirements as a retailer maintaining a place of business within this State. The permit may be revoked by the Department at its discretion.

(m) "Retailer maintaining a place of business in this State", or any like term, means and includes any retailer having or maintaining within this State, directly or by a subsidiary, an office, distribution facilities, transmission facilities, sales office, warehouse or other place of business, or any agent or other representative operating within this State under the authority of the retailer or its subsidiary, irrespective of whether such place of business or agent or other representative is located here permanently or temporarily, or whether such retailer or subsidiary is licensed to do business in this State.

(n) "Service address" means the location of telecommunications equipment from which the telecommunications services are originated or at which telecommunications services are received by a taxpayer. In the event this may not be a defined location, as in the case of mobile phones, paging systems, maritime systems, service address means the customer's place of primary use as defined in the Mobile Telecommunications Sourcing Conformity Act. For air-to-ground systems and the like, service address shall mean the location of a taxpayer's primary use of the telecommunications equipment as defined by telephone number, authorization code, or location in Illinois where bills are sent.

(o) "Prepaid telephone calling arrangements" mean the right to exclusively purchase telephone or telecommunications services that must be paid for in advance and enable the origination of one or more intrastate, interstate, or international telephone calls or other telecommunications using an access number, an authorization code, or both, whether manually or electronically dialed, for which payment to a retailer must be made in advance, provided that, unless recharged, no further service is provided once that prepaid amount of service has been consumed. Prepaid telephone calling arrangements include the recharge of a prepaid calling arrangement. For purposes of this subsection, "recharge" means the purchase of additional prepaid telephone or telecommunications services whether or not the purchaser acquires a different access number or authorization code. "Prepaid telephone calling arrangement" does not include an arrangement whereby a
customer purchases a payment card and pursuant to which the service provider reflects the amount of such purchase as a credit on an invoice issued to that customer under an existing subscription plan.

In case credit is extended, the amount thereof shall be included only as and when paid. "Gross charges" for private line service shall include charges imposed at each channel termination point within this State, charges for the channel mileage between each channel termination point within this State, and charges for that portion of the interstate inter-office channel provided within Illinois. Charges for that portion of the interstate inter-office channel provided in Illinois shall be determined by the retailer as follows: (i) for interstate inter-office channels having 2 channel termination points, only one of which is in Illinois, 50% of the total charge imposed; or (ii) for interstate inter-office channels having more than 2 channel termination points, one or more of which are in Illinois, an amount equal to the total charge multiplied by a fraction, the numerator of which is the number of channel termination points within Illinois and the denominator of which is the total number of channel termination points; or (iii) any other method that reasonably apportions the total charges for interstate inter-office channels among the states in which channel termination points are located. Prior to January 1, 2004 June 1, 2003, any apportionment method consistent with this paragraph or other method that reasonably apportions the total charges for interstate inter-office channels among the states in which channel terminations points are located shall be accepted as a reasonable method to determine the charges for that portion of the interstate inter-office channel provided within Illinois for that period. However, "gross charges" shall not include any of the following:

(1) Any amounts added to a purchaser's bill because of a charge made pursuant to (i) the tax imposed by this Article; (ii) charges added to customers' bills pursuant to the provisions of Sections 9-221 or 9-222 of the Public Utilities Act, as amended, or any similar charges added to customers' bills by retailers who are not subject to rate regulation by the Illinois Commerce Commission for the purpose of recovering any of the tax liabilities or other amounts specified in such provisions of such Act; (iii) the tax imposed by Section 4251 of the Internal Revenue Code; (iv) 911 surcharges; or (v) the tax imposed by the Simplified Municipal Telecommunications Tax Act.

"Gross charges" for private line service shall include charges imposed at each channel point within this State, charges for the channel mileage between each channel point within this State, and charges for that portion of the interstate inter-office channel provided within Illinois. However, "gross charges" shall not include:

(6) charges for telecommunications and all services and equipment provided in connection therewith between a parent corporation and its wholly owned subsidiaries or between wholly owned subsidiaries, and only to the extent that the charges between the parent corporation and wholly owned subsidiaries or between wholly owned subsidiaries represent expense allocation between the corporations and not the generation of profit other than a regulatory required profit for the corporation rendering such services;

(7) bad debts ("bad debt" means any portion of a debt that is related to a sale at retail for which gross charges are not otherwise deductible or excludable that has become worthless or uncollectible, as determined under applicable federal income tax standards; if the portion of the debt deemed to be bad is subsequently paid, the retailer shall report and pay the tax on that portion during the reporting period in which the payment is made); or

When so authorized, it shall be the duty of such retailer to pay the fee upon all of the gross charges for telecommunications in the same manner and subject to the same requirements as a retailer maintaining a place of business within this State.

(e) "Retailer maintaining a place of business in this State", or any like term, means and includes any retailer having or maintaining within this State, directly or by a subsidiary, an office, distribution facilities, transmission facilities, sales office, warehouse, or other place of business, or any agent or other representative operating within this State under the authority of the retailer or its subsidiary, irrespective of whether such place of business or agent or other representative is located here permanently or temporarily, or whether such retailer or subsidiary is licensed to do business in this State.

(g) "Service address" means the location of telecommunications equipment from which telecommunications services are originated or at which telecommunications services are received. If this is not a defined location, as in the case of wireless telecommunications, paging systems, maritime systems, service address means the customer's place of primary use as defined in the Mobile Telecommunications Sourcing Conformity Act. Charges for that portion of the interstate inter-office channel provided in Illinois shall be determined by the retailer as follows: (i) for interstate inter-office channels having 2 channel termination points, only one of which is in Illinois, 50% of the total charge imposed; or (ii) for interstate inter-office channels having more than 2 channel termination points, one or more of which are in Illinois, an amount equal to the total charge multiplied by a fraction, the numerator of which is the number of channel termination points within Illinois and the denominator of which is the total number of channel termination points; or (iii) any other method that reasonably apportions the total charges for interstate inter-office channels among the states in which channel termination points are located. Prior to January 1, 2004, June 1, 2003, any apportionment method consistent with this paragraph or other method that reasonably apportions the total charges for interstate inter-office channels among the states in which channel terminations points are located shall be accepted as a reasonable method to determine the charges for that portion of the interstate inter-office channel provided within Illinois for that period. However, "gross charges" shall not include any of the following:

If the nontaxable charges cannot reasonably be identified, the gross charge from the sale of both taxable and nontaxable services or telecommunications billed on a combined basis shall be attributed to the taxable services or telecommunications. For air-to-ground systems and the like, "service address" shall mean the location of a taxpayer's primary use of the telecommunications equipment as defined by telephone number, authorization code, or location in Illinois where bills are sent.

"Taxpayer" means a person who individually or through his or her agents, employees, or permittees engages in the act or privilege of originating or receiving telecommunications in a municipality and who incurs a tax liability as authorized by this Act.

"Telecommunications", in addition to the meaning ordinarily and popularly ascribed to it, includes, without limitation, messages or information transmitted through use of local, toll, and wide area telephone service, private line services, channel services, telegraph services, teletypewriter, computer exchange services, cellular mobile telecommunications service, specialized mobile radio, stationary two-way radio, paging service, or any other form of mobile and portable one-way or two-way communications, or any other transmission of messages or information by electronic or similar means, between or among points by wire, cable, fiber optics, laser, microwave, radio, satellite, or similar facilities. As used in this Act, "private line" means a dedicated non-traffic sensitive service for a single customer, that entitles the customer to exclusive or priority use of a communications channel or group of channels, from one or more specified locations to one or more other specified locations. The definition of "telecommunications" shall not include value added services in which computer processing applications are used to act on the form, content, code, and protocol of the information for purposes other than transmission. "Telecommunications" shall not include purchases of telecommunications by a telecommunications service provider for use as a component part of the service provided by such provider to the ultimate retail consumer who originates or terminates the taxable end-to-end communications. Carrier access charges, right of access charges, charges for use of inter-company facilities, and all telecommunications resold in the subsequent provision of, used as a component of, or integrated into, end-to-end telecommunications service shall be non-taxable as sales for resale. Prepaid telephone calling arrangements shall not be considered "telecommunications" subject to the tax imposed under this Act. For purposes of this Section, "prepaid telephone calling arrangements" means that term as defined in Section 2-27 of the Retailers' Occupation Tax Act.

(220 ILCS 5/8-206) (from Ch. 111 2/3, par. 8-206)
Sec. 8-206. Winter termination for nonpayment.
(a) Notwithstanding any other provision of this Act, no electric or gas public utility shall disconnect service to any residential customer or mastermetered apartment building for nonpayment of a bill or deposit where gas or electricity is used as the primary source of space heating or is used to control or operate the primary source of space heating equipment at the premises during the period of time from December 1 through and including March 31 of the immediately succeeding calendar year, unless:

(1) The utility (i) has offered the customer a deferred payment arrangement allowing for payment of past due amounts over a period of not less than 4 months not to extend beyond the following November and the option to enter into a levelized payment plan for the payment of future bills. The maximum down payment requirements shall not exceed 10% of the amount past due and owing at the time of entering into the agreement; and (ii) has provided the customer with the names, addresses and telephone numbers of governmental and private agencies which may provide assistance to customers of public utilities in paying their utility bills; the utility shall obtain the approval of an agency before placing the name of that agency on any list which will be used to provide such information to customers;

(2) The customer has refused or failed to enter into a deferred payment arrangement as described in paragraph (1) of this subsection (a); and

(3) All notice requirements as provided by law and rules or regulations of the Commission have been met.

(b) Prior to termination of service for any residential customer or mastermetered apartment building during the period from December 1 through and including March 31 of the immediately succeeding calendar year, all electric and gas public utilities shall, in addition to all other notices:

(1) Notify the customer or an adult residing at the customer's premises by telephone, a personal visit to the customer's premises or by first class mail, informing the customer that:

(iii) the customer may apply for any available assistance to aid in the payment of utility bills from any governmental or private agencies from the list of such agencies provided to the customer by the utility.

Provided, however, that a public utility shall be required to make only one such contact with the customer during any such period from December 1 through and including March 31 of the immediately succeeding calendar year.

(2) Each public utility shall maintain records which shall include, but not necessarily be limited to, the manner by which the customer was notified and the time, date and manner by which any prior but unsuccessful attempts to contact were made. These records shall also describe the terms of the deferred payment arrangements offered to the customer and those entered into by the utility and customers. These records shall indicate the total amount past due, the down payment, the amount remaining to be paid and the number of months allowed to pay the outstanding balance. (c) No public utility shall disconnect service for nonpayment of a bill until the lapse of 6 business days after making the notification required by paragraph (1) of subsection (b) so as to allow the customer an opportunity to:

customer or mastermetered apartment building during the period from December 1 through and including March 31 of the immediately succeeding calendar year.

(g) In order to enable customers to take advantage of energy assistance programs, customers who can demonstrate that their applications for a local, state or federal energy assistance program have been approved may request that the amount they will be entitled to receive as a regular energy assistance payment be deducted and set aside from the amount past due on which they make deferred payment arrangements. Payment on the set-aside amount shall be credited when the energy assistance voucher or check is received, according to the utility's common business practice.

(h) In no event shall any utility send a final notice to any customer who has entered into a current deferred payment agreement and has not defaulted on that deferred payment agreement, unless the final notice pertains to a deposit request.

(i) Each utility shall include with each disconnection notice sent during the period for December 1 through and including March 31 of the immediately succeeding calendar year to a residential customer an insert explaining the above provisions and providing a telephone number of the utility company which the consumer may call to receive further information.

4. a description of methods to be utilized to inform residential customers of those governmental and private agencies and current and planned methods of cooperation with those agencies to identify the customers who qualify for assistance in paying their utility bills.

A utility which has a plan on file with the Commission need not resubmit a new plan each year. However, any alteration of the plan on file must be submitted and approved prior to December 1 of any year.

All plans are subject to review and approval by the Commission. The Commission may direct a utility to alter its plan to comply with the requirements of this Section.

(k) Notwithstanding any other provision of this Act, no electric or gas public utility shall disconnect service to any residential customer who is a participant under
Section 6 of the Energy Assistance Act of 1989 for nonpayment of a bill or deposit where gas or electricity is used as the primary source of space heating or is used to control or operate the primary source of space heating equipment at the premises during the period of time from December 1 through and including March 31 of the immediately succeeding calendar year.

The total amount of the indemnity, however, must correspond to the total obligation of the surety on the official bond, and the indemnitor or indemnitors must be a company or companies authorized by the laws of this State to execute the indemnifying bond or bonds. A county that has elected to self-insure under Section 9-103 of the Local Governmental and Governmental Employees Tort Immunity Act may also elect to self-insure with respect to official bonds and shall, thus, satisfy the requirements of this Section. A township located in a county with the township form of government and a road district comprised of that township may jointly obtain, from a risk management pool of townships, any official bonds required by law to be furnished by officers of the township or road district. A road district located in a county without the township form of government may obtain, from a risk management pool of townships and road districts, any official bonds required by law to be furnished by officers of the road district. A municipality may obtain, from a risk management pool of municipalities, any official bonds required by law to be furnished by officers of the municipality.

PUBLIC ACT 93-0293
(Senate Bill No. 1409)

AN ACT concerning municipalities.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Municipal Code is amended by changing Section 11-21.5-5 as follows:

(65 ILCS 5/11-21.5-5)

Sec. 11-21.5-5. Local emergency energy plans.

(a) Any municipality, including a home rule municipality, may, by ordinance, require any electric utility (i) that serves more than 1,000,000 customers in Illinois and (ii) that is operating within the corporate limits of the municipality to adopt and to provide the municipality with a local emergency energy plan. For the purposes of this Section, (i) "local emergency energy plan" or "plan" means a planned course of action developed by the electric utility that is implemented when the demand for electricity exceeds, or is at significant risk of exceeding, the supply of electricity available to the electric utility and (ii) "local emergency energy plan ordinance" means an ordinance adopted by the corporate authorities of the municipality under this Section that requires local emergency energy plans.

(b) A local emergency energy plan must include the following information:

(1) the circumstances that would require the implementation of the plan;

New matter indicated by italics - deletions by strikeout
(2) the levels or stages of the plan;
(3) the approximate geographic limits of each outage area provided for in the plan;
(4) the approximate number of customers within each outage area provided for in the plan;
(5) any police facilities, fire stations, hospitals, nursing homes, schools, day care centers, senior citizens centers, community health centers, blood banks, dialysis centers, community mental health centers, correctional facilities, stormwater and wastewater treatment or pumping facilities, water-pumping stations, buildings in excess of 80 feet in height that have been identified by the municipality, and persons on life support systems that are known to the electric utility that could be affected by controlled rotating interruptions of electric service under the plan; and
(6) the anticipated sequence and duration of intentional interruptions of electric service to each outage area under the plan.

(c) A local emergency energy plan ordinance may require that, when an electric utility determines it is necessary to implement a controlled rotating interruption of electric service because the demand for electricity exceeds, or is at significant risk of exceeding, the supply of electricity available to the electric utility, the electric utility notify a designated municipal officer that the electric utility will be implementing its local emergency energy plan. The notification shall be made pursuant to a procedure approved by the municipality after consultation with the electric utility.

(d) After providing the notice required in subsection (c), an electric utility shall reasonably and separately advise designated municipal officials before it implements each level or stage of the plan, which shall include (i) a request for emergency help from neighboring utilities, (ii) a declaration of a control area emergency, and (iii) a public appeal for voluntary curtailment of electricity use.

(e) The electric utility must give a separate notice to a designated municipal official immediately after it determines that there will be a controlled rotating interruption of electric service under the local emergency energy plan. The notification must include (i) the areas in which service will be interrupted, (ii) the sequence and estimated duration of the service outage for each area, (iii) the affected feeders, and (iv) the number of affected customers in each area. Whenever practical, the notification shall be made at least 2 hours before the time of the outages. If the electric utility is aware that controlled rotating interruptions may be required, the notification may not be made less than 30 minutes before the outages.

(f) A local emergency energy plan ordinance may provide civil penalties for violations of its provisions. The penalties must be permitted under the Illinois Municipal Code.
(g) The notifications required by this Section are in addition to the notification requirements of any applicable franchise agreement or ordinance and to the notification requirements of any applicable federal or State law, rule, and regulation.

(h) Except for any penalties or remedies that may be provided in a local emergency energy plan ordinance, in this Act, or in rules adopted by the Illinois Commerce Commission, nothing in this Section shall be construed to impose liability for or prevent a utility from taking any actions that are necessary at any time, in any order, and with or without notice that are required to preserve the integrity of the electric utility's electrical system and interconnected network.

(i) Nothing in this Section, a local emergency energy plan ordinance, or a local emergency energy plan creates any duty of a municipality to any person or entity. No municipality may be subject to any claim or cause of action arising, directly or indirectly, from its decision to adopt or to refrain from adopting a local emergency energy plan ordinance. No municipality may be subject to any claim or cause of action arising, directly or indirectly, from any act or omission under the terms of or information provided in a local emergency energy plan filed under a local emergency energy plan ordinance.

PUBLIC ACT 93-0294
(Senate Bill No. 1503)

AN ACT concerning child support.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Income Withholding for Support Act is amended by changing Section 35 as follows:

(750 ILCS 28/35)
Sec. 35. Duties of payor.
(a) It shall be the duty of any payor who has been served with an income withholding notice to deduct and pay over income as provided in this Section. The payor shall deduct the amount designated in the income withholding notice, as supplemented by any notice provided pursuant to subsection (f) of Section 45, beginning no later than the next payment of income which is payable or creditable to the obligor that occurs 14 days following the date the income withholding notice was mailed, sent by facsimile or other electronic means, or placed for personal delivery to or service on the payor. The payor may combine all amounts withheld for the benefit of an obligee or public office into a single
payment and transmit the payment with a listing of obligors from whom withholding has been effected. The payor shall pay the amount withheld to the State Disbursement Unit within 7 business days after the date the amount would (but for the duty to withhold income) have been paid or credited to the obligor. If the payor knowingly fails to withhold the amount designated in the income withholding notice or to pay any amount withheld to the State Disbursement Unit within 7 business days after the date the amount would have been paid or credited to the obligor, then the payor shall pay a penalty of $100 for each day that the withheld amount designated in the income withholding notice (whether or not withheld by the payor) is not paid to the State Disbursement Unit after the period of 7 business days has expired. The failure of a payor, on more than one occasion, to pay amounts withheld to the State Disbursement Unit within 7 business days after the date the amount would have been paid or credited to the obligor creates a presumption that the payor knowingly failed to pay over the amounts. This penalty may be collected in a civil action which may be brought against the payor in favor of the obligee or public office. A finding of a payor's nonperformance within the time required under this Act must be documented by a certified mail return receipt showing the date the income withholding notice was served on the payor. For purposes of this Act, a withheld amount shall be considered paid by a payor on the date it is mailed by the payor, or on the date an electronic funds transfer of the amount has been initiated by the payor, or on the date delivery of the amount has been initiated by the payor. For each deduction, the payor shall provide the State Disbursement Unit, at the time of transmittal, with the date the amount would (but for the duty to withhold income) have been paid or credited to the obligor.

After June 30, 2000, every payor that has 250 or more employees shall use electronic funds transfer to pay all amounts withheld under this Section. During the year 2001 and during each year thereafter, every payor that has fewer than 250 employees and that withheld income under this Section pursuant to 10 or more income withholding notices during December of the preceding year shall use electronic funds transfer to pay all amounts withheld under this Section.

Upon receipt of an income withholding notice requiring that a minor child be named as a beneficiary of a health insurance plan available through an employer or labor union or trade union, the employer or labor union or trade union shall immediately enroll the minor child as a beneficiary in the health insurance plan designated by the income withholding notice. The employer shall withhold any required premiums and pay over any amounts so withheld and any additional amounts the employer pays to the insurance carrier in a timely manner. The employer or labor union or trade union shall mail to the obligee, within 15 days of enrollment or upon request, notice of the date of coverage, information on the dependent coverage plan, and all forms necessary to obtain reimbursement for covered health expenses, such as would be made available to a new employee. When an order for dependent coverage is in effect and the insurance coverage is terminated or changed for any reason, the employer or labor union or trade union shall notify the obligee.

New matter indicated by italics - deletions by strikeout
within 10 days of the termination or change date along with notice of conversion privileges.

For withholding of income, the payor shall be entitled to receive a fee not to exceed $5 per month to be taken from the income to be paid to the obligor.

(b) Whenever the obligor is no longer receiving income from the payor, the payor shall return a copy of the income withholding notice to the obligee or public office and shall provide information for the purpose of enforcing this Act.

(c) Withholding of income under this Act shall be made without regard to any prior or subsequent garnishments, attachments, wage assignments, or any other claims of creditors. Withholding of income under this Act shall not be in excess of the maximum amounts permitted under the federal Consumer Credit Protection Act. Income available for withholding shall be applied first to the current support obligation, then to any premium required for employer, labor union, or trade union-related health insurance coverage ordered under the order for support, and then to payments required on past-due support obligations. If there is insufficient available income remaining to pay the full amount of the required health insurance premium after withholding of income for the current support obligation, then the remaining available income shall be applied to payments required on past-due support obligations. If the payor has been served with more than one income withholding notice pertaining to the same obligor, the payor shall allocate income available for withholding on a proportionate share basis, giving priority to current support payments. A payor who complies with an income withholding notice that is regular on its face shall not be subject to civil liability with respect to any individual, any agency, or any creditor of the obligor for conduct in compliance with the notice.

(d) No payor shall discharge, discipline, refuse to hire or otherwise penalize any obligor because of the duty to withhold income.

The 5 member committee shall be appointed by the township supervisors. The first appointments shall be made with one person serving a one year term, 2 persons serving a 2 year term, and 2 persons serving a 3 year term. Committee members shall thereafter serve 3 year terms. All regular and alternate members shall be Supervisors of General Assistance. In any appeal involving a local governmental unit whose Supervisor of General Assistance is a member of the Committee, he shall be replaced for that appeal by an alternate member designated by the Chairman or President of the County Board, with the advice and consent of the county board. In these counties not more than 3 of the 5 regular appointees shall be members of the same political party unless the political composition of the Supervisors of the General Assistance precludes such a limitation. In these counties at least one member of the Public Aid Committee shall be a person knowledgeable in the area of general assistance and the regulations of the Illinois Department pertaining thereto. If no member of the Committee possesses such knowledge, the Illinois Department shall designate an employee of the Illinois Department having such knowledge to be present at the Committee hearings to advise the Committee.

In every county the County Board shall provide facilities for the conduct of hearings on appeals under Article VI. All expenses incident to such hearings shall be borne by the county except that in counties under township organization in which the governing authority is a Board of Commissioners (1) the salary and other expenses of the Commissioner of Appeals shall be paid from General Assistance funds available for administrative purposes, and (2) all expenses incident to such hearings shall be borne by the township and the per diem and traveling expenses of the township supervisors serving on the Public Aid Committee shall be fixed and paid by their respective townships. In all other counties the members of the Public Aid Committee shall receive the compensation and expenses provided by law for attendance at meetings of the County Board.

In appeals under Article VI involving a governmental unit receiving State funds, the Public Aid Committee and the Commissioner of Appeals shall be bound by the rules and regulations of the Illinois Department which are relevant to the issues on appeal, and shall file such reports concerning appeals as the Illinois Department requests.

An appeal shall be without cost to the appellant and shall be made, at the option of the appellant, either upon forms provided and prescribed by the Illinois Department or, for appeals to a Public Aid Committee, upon forms prescribed by the County Board; or an appeal may be made by calling a toll-free number provided for that purpose by the Illinois

PUBLIC ACT 93-0298
(Senate Bill No. 417)

AN ACT concerning taxes.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Municipal Code is amended by changing Sections 11-74.4-3, 11-74.4-4, 11-74.4-4.1, 11-74.4-7, 11-74.4-8, and 11-74.4-10 as follows:

(65 ILCS 5/11-74.4-3) (from Ch. 24, par. 11-74.4-3)

Sec. 11-74.4-3. Definitions. The following terms, wherever used or referred to in this Division 74.4 shall have the following respective meanings, unless in any case a different meaning clearly appears from the context.

(a) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "blighted area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "blighted area" means any improved or vacant area within the boundaries of a redevelopment project area located within the territorial limits of the municipality where:

(1) If improved, industrial, commercial, and residential buildings or improvements are detrimental to the public safety, health, or welfare because of a combination of 5 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and
(ii) reasonably distributed throughout the improved part of the redevelopment project area:

(A) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(B) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(C) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(D) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(E) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(F) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(G) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(H) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be

New matter indicated by italics - deletions by strikeout
inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(I) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: (i) the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and (ii) the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(J) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(K) Environmental clean-up. The proposed redevelopment project area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(L) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of

inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(M) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(2) If vacant, the sound growth of the redevelopment project area is impaired by a combination of 2 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) Obsolete platting of vacant land that results in parcels of limited or narrow size or configurations of parcels of irregular size or shape that would be difficult to develop on a planned basis and in a manner compatible with contemporary standards and requirements, or platting that failed to create rights-of-ways for streets or alleys or that created inadequate right-of-way widths for streets, alleys, or other public rights-of-way or that omitted easements for public utilities.

(B) Diversity of ownership of parcels of vacant land sufficient in number to retard or impede the ability to assemble the land for development.

(C) Tax and special assessment delinquencies exist or the property has been the subject of tax sales under the Property Tax Code within the last 5 years.

(D) Deterioration of structures or site improvements in neighboring areas adjacent to the vacant land.

(E) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided

that the remediation costs constitute a material impediment to the
development or redevelopment of the redevelopment project area.

(F) The total equalized assessed value of the proposed
redevelopment project area has declined for 3 of the last 5 calendar
years prior to the year in which the redevelopment project area is
designated or is increasing at an annual rate that is less than the balance
of the municipality for 3 of the last 5 calendar years for which
information is available or is increasing at an annual rate that is less
than the Consumer Price Index for All Urban Consumers published by
the United States Department of Labor or successor agency for 3 of the
last 5 calendar years prior to the year in which the redevelopment
project area is designated.

(3) If vacant, the sound growth of the redevelopment project area is
impaired by one of the following factors that (i) is present, with that presence
documented, to a meaningful extent so that a municipality may reasonably find
that the factor is clearly present within the intent of the Act and (ii) is reasonably
distributed throughout the vacant part of the redevelopment project area to which
it pertains:

(A) The area consists of one or more unused quarries, mines,
or strip mine ponds.

(B) The area consists of unused railyards, rail tracks, or
railroad rights-of-way.

(C) The area, prior to its designation, is subject to (i) chronic
flooding that adversely impacts on real property in the area as certified
by a registered professional engineer or appropriate regulatory agency
or (ii) surface water that discharges from all or a part of the area and
contributes to flooding within the same watershed, but only if the
redevelopment project provides for facilities or improvements to
contribute to the alleviation of all or part of the flooding.

(D) The area consists of an unused or illegal disposal site
containing earth, stone, building debris, or similar materials that were
removed from construction, demolition, excavation, or dredge sites.

(E) Prior to November 1, 1999, the area is not less than 50 nor
more than 100 acres and 75% of which is vacant (notwithstanding that
the area has been used for commercial agricultural purposes within 5
years prior to the designation of the redevelopment project area), and
the area meets at least one of the factors itemized in paragraph (1) of
this subsection, the area has been designated as a town or village center
by ordinance or comprehensive plan adopted prior to January 1, 1982,
and the area has not been developed for that designated purpose.

(F) The area qualified as a blighted improved area immediately prior to becoming vacant, unless there has been substantial private investment in the immediately surrounding area.

(b) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "conservation area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "conservation area" means any improved area within the boundaries of a redevelopment project area located within the territorial limits of the municipality in which 50% or more of the structures in the area have an age of 35 years or more. Such an area is not yet a blighted area but because of a combination of 3 or more of the following factors is detrimental to the public safety, health, morals or welfare and such an area may become a blighted area:

1. Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

2. Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

3. Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

4. Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

5. Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

6. Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

7. Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious substances.

airborne materials. Inadequate natural light and ventilation means the absence or inadequacy of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(8) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(9) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(10) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(11) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(12) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in

environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(13) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years for which information is available.

(c) "Industrial park" means an area in a blighted or conservation area suitable for use by any manufacturing, industrial, research or transportation enterprise, of facilities to include but not be limited to factories, mills, processing plants, assembly plants, packing plants, fabricating plants, industrial distribution centers, warehouses, repair overhaul or service facilities, freight terminals, research facilities, test facilities or railroad facilities.

(d) "Industrial park conservation area" means an area within the boundaries of a redevelopment project area located within the territorial limits of a municipality that is a labor surplus municipality or within 1 1/2 miles of the territorial limits of a municipality that is a labor surplus municipality if the area is annexed to the municipality; which area is zoned as industrial no later than at the time the municipality by ordinance designates the redevelopment project area, and which area includes both vacant land suitable for use as an industrial park and a blighted area or conservation area contiguous to such vacant land.

(e) "Labor surplus municipality" means a municipality in which, at any time during the 6 months before the municipality by ordinance designates an industrial park conservation area, the unemployment rate was over 6% and was also 100% or more of the national average unemployment rate for that same time as published in the United States Department of Labor Bureau of Labor Statistics publication entitled "The Employment Situation" or its successor publication. For the purpose of this subsection, if unemployment rate statistics for the municipality are not available, the unemployment rate in the municipality shall be deemed to be the same as the unemployment rate in the principal county in which the municipality is located.

(f) "Municipality" shall mean a city, village or incorporated town.

(g) "Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located in a State Sales Tax Boundary during the calendar year 1985.

(g-1) "Revised Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located within the State Sales Tax Boundary revised pursuant to Section 11-74.4-8a(9) of this Act.

(h) "Municipal Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid to a municipality from the Local Government Tax Fund arising from sales by retailers and servicemen within the redevelopment project area or State Sales Tax Boundary, as the case may be, for as long as the redevelopment project area or State Sales Tax Boundary, as the case may be, exist over and above the aggregate amount of taxes as certified by the Illinois Department of Revenue and paid under the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act by retailers and servicemen, on transactions at places of business located in the redevelopment project area or State Sales Tax Boundary, as the case may be, during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall determine the Initial Sales Tax Amounts for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amounts". For purposes of determining the Municipal Sales Tax Increment, the Department of Revenue shall for each period subtract from the amount paid to the municipality from the Local Government Tax Fund arising from sales by retailers and servicemen on transactions located in the redevelopment project area or the State Sales Tax Boundary, as the case may be, the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act. For the State Fiscal Year 1989, this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, to June 30, 1989, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as
appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending June 30 to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts, as the case may be.

(i) "Net State Sales Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; and (c) 40% of all amounts in excess of $500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary. If, however, a municipality established a tax increment financing district in a county with a population in excess of 3,000,000 before January 1, 1986, and the municipality entered into a contract or issued bonds after January 1, 1986, but before December 31, 1986, to finance redevelopment project costs within a State Sales Tax Boundary, then the Net State Sales Tax Increment means, for the fiscal years beginning July 1, 1990, and July 1, 1991, 100% of the State Sales Tax Increment annually generated within a State Sales Tax Boundary; and notwithstanding any other provision of this Act, for those fiscal years the Department of Revenue shall distribute to those municipalities 100% of their Net State Sales Tax Increment before any distribution to any other municipality and regardless of whether or not those other municipalities will receive 100% of their Net State Sales Tax Increment. For Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a State Sales Tax Boundary, the Net State Sales Tax Increment shall be calculated as follows: By multiplying the Net State Sales Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter.

Municipalities that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991, or that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988, shall continue to receive their proportional share of the Illinois Tax Increment Fund distribution until the date on which the redevelopment project is completed or terminated. If, however, a municipality that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991 retires the bonds prior to June 30, 2007 or a municipality that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988 completes the contracts prior to June 30, 2007, then so long as the redevelopment project is not completed or is not terminated, the Net State Sales
Tax Increment shall be calculated, beginning on the date on which the bonds are retired or the contracts are completed, as follows: By multiplying the Net State Sales Tax Increment by 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter. Refunding of any bonds issued prior to July 29, 1991, shall not alter the Net State Sales Tax Increment.

(j) "State Utility Tax Increment Amount" means an amount equal to the aggregate increase in State electric and gas tax charges imposed on owners and tenants, other than residential customers, of properties located within the redevelopment project area under Section 9-222 of the Public Utilities Act, over and above the aggregate of such charges as certified by the Department of Revenue and paid by owners and tenants, other than residential customers, of properties within the redevelopment project area during the base year, which shall be the calendar year immediately prior to the year of the adoption of the ordinance authorizing tax increment allocation financing.

(k) "Net State Utility Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Utility Tax Increment annually generated by a redevelopment project area; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of the State Utility Tax Increment annually generated by a redevelopment project area; and (c) 40% of all amounts in excess of $500,000 of State Utility Tax Increment annually generated by a redevelopment project area. For the State Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a redevelopment project area, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for the State Fiscal Year 2008 and thereafter.

Municipalities that issue bonds in connection with the redevelopment project during the period from June 1, 1988 until 3 years after the effective date of this Amendatory Act of 1988 shall receive the Net State Utility Tax Increment, subject to appropriation, for 15 State Fiscal Years after the issuance of such bonds. For the 16th through the 20th State Fiscal Years after issuance of the bonds, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in year 16; 80% in year 17; 70% in year 18; 60% in year 19; and 50% in year 20. Refunding of any bonds issued prior to June 1, 1988, shall not alter the revised Net State Utility Tax Increment payments set forth above.

(l) "Obligations" mean bonds, loans, debentures, notes, special certificates or other evidence of indebtedness issued by the municipality to carry out a redevelopment project or to refund outstanding obligations.

(m) "Payment in lieu of taxes" means those estimated tax revenues from real property in a redevelopment project area derived from real property that has been acquired by a municipality which according to the redevelopment project or plan is to be used for a private use which taxing districts would have received had a municipality not acquired the real property and adopted tax increment allocation financing and which would result from levies made after the time of the adoption of tax increment allocation financing to the time the current equalized value of real property in the redevelopment project area exceeds the total initial equalized value of real property in said area.

(n) "Redevelopment plan" means the comprehensive program of the municipality for development or redevelopment intended by the payment of redevelopment project costs to reduce or eliminate those conditions that qualified the redevelopment project area as a "blighted area" or "conservation area" or combination thereof or "industrial park conservation area," and thereby to enhance the tax bases of the taxing districts which extend into the redevelopment project area. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting. Each redevelopment plan shall set forth in writing the program to be undertaken to accomplish the objectives and shall include but not be limited to:

(A) an itemized list of estimated redevelopment project costs;
(B) evidence indicating that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise;
(C) an assessment of any financial impact of the redevelopment project area on or any increased demand for services from any taxing district affected by the plan and any program to address such financial impact or increased demand;
(D) the sources of funds to pay costs;
(E) the nature and term of the obligations to be issued;
(F) the most recent equalized assessed valuation of the redevelopment project area;
(G) an estimate as to the equalized assessed valuation after redevelopment and the general land uses to apply in the redevelopment project area;

(H) a commitment to fair employment practices and an affirmative action plan;

(I) if it concerns an industrial park conservation area, the plan shall also include a general description of any proposed developer, user and tenant of any property, a description of the type, structure and general character of the facilities to be developed, a description of the type, class and number of new employees to be employed in the operation of the facilities to be developed; and

(J) if property is to be annexed to the municipality, the plan shall include the terms of the annexation agreement.

The provisions of items (B) and (C) of this subsection (n) shall not apply to a municipality that before March 14, 1994 (the effective date of Public Act 88-537) had fixed, either by its corporate authorities or by a commission designated under subsection (k) of Section 11-74.4-4, a time and place for a public hearing as required by subsection (a) of Section 11-74.4-5. No redevelopment plan shall be adopted unless a municipality complies with all of the following requirements:

(1) The municipality finds that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of the redevelopment plan.

(2) The municipality finds that the redevelopment plan and project conform to the comprehensive plan for the development of the municipality as a whole, or, for municipalities with a population of 100,000 or more, regardless of when the redevelopment plan and project was adopted, the redevelopment plan and project either: (i) conforms to the strategic economic development or redevelopment plan issued by the designated planning authority of the municipality, or (ii) includes land uses that have been approved by the planning commission of the municipality.

(3) The redevelopment plan establishes the estimated dates of completion of the redevelopment project and retirement of obligations issued to finance redevelopment project costs. Those dates shall not be later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the twenty-third calendar year after the year in which the ordinance approving the redevelopment project area is adopted if the ordinance was adopted on or after January 15, 1981, and not later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-fifth calendar year after the year in which the ordinance approving the redevelopment project area is adopted:

However, for redevelopment project areas for which bonds were issued before July 29, 1991, or for which contracts were entered into before June 1, 1988, in connection with a redevelopment project in the area within the State Sales Tax Boundary, the estimated dates of completion of the redevelopment project and retirement of obligations to finance redevelopment project costs may be extended by municipal ordinance to December 31, 2013. The termination procedures of subsection (b) of Section 11-74.4-8 are not required for these redevelopment project areas in 2009 but are required in 2013. The extension allowed by this amendatory Act of 1993 shall not apply to real property tax increment allocation financing under Section 11-74.4-8.

A municipality may by municipal ordinance amend an existing redevelopment plan to conform to this paragraph (3) as amended by Public Act 91-478, which municipal ordinance may be adopted without further hearing or notice and without complying with the procedures provided in this Act pertaining to an amendment to or the initial approval of a redevelopment plan and project and designation of a redevelopment project area.

Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for...
redevelopment project areas that were adopted on or after December 16, 1986 and for which at least $8 million worth of municipal bonds were authorized on or after December 19, 1989 but before January 1, 1990; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were established on or after December 1, 1981 but before January 1, 1982 and for which at least $1,500,000 worth of tax increment revenue bonds were authorized on or after September 30, 1990 but before July 1, 1991; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

(3.5) The municipality finds, in the case of an industrial park conservation area, also that the municipality is a labor surplus municipality and that the implementation of the redevelopment plan will reduce unemployment, create new jobs and by the provision of new facilities enhance the tax base of the taxing districts that extend into the redevelopment project area.

(4) If any incremental revenues are being utilized under Section 8(a)(1) or 8(a)(2) of this Act in redevelopment project areas approved by ordinance after January 1, 1986, the municipality finds: (a) that the redevelopment project area would not reasonably be developed without the use of such incremental revenues, and (b) that such incremental revenues will be exclusively utilized for the development of the redevelopment project area.

(5) If the redevelopment plan will not result in displacement of residents from 10 or more inhabited residential units, and the municipality certifies in the plan that such displacement will not result from the plan, a housing impact study need not be performed. If, however, the redevelopment plan would result in the displacement of residents from 10 or more inhabited residential units, or if the redevelopment project area contains 75 or more inhabited residential units and no certification is made, then the municipality shall prepare, as part of the separate feasibility report required by subsection (a) of Section 11-74.4-5, a housing impact study.

Part I of the housing impact study shall include (i) data as to whether the residential units are single family or multi-family units, (ii) the number and type

New matter indicated by italics - deletions by strikeout
of rooms within the units, if that information is available, (iii) whether the units are inhabited or uninhabited, as determined not less than 45 days before the date that the ordinance or resolution required by subsection (a) of Section 11-74.4-5 is passed, and (iv) data as to the racial and ethnic composition of the residents in the inhabited residential units. The data requirement as to the racial and ethnic composition of the residents in the inhabited residential units shall be deemed to be fully satisfied by data from the most recent federal census.

Part II of the housing impact study shall identify the inhabited residential units in the proposed redevelopment project area that are to be or may be removed. If inhabited residential units are to be removed, then the housing impact study shall identify (i) the number and location of those units that will or may be removed, (ii) the municipality's plans for relocation assistance for those residents in the proposed redevelopment project area whose residences are to be removed, (iii) the availability of replacement housing for those residents whose residences are to be removed, and shall identify the type, location, and cost of the housing, and (iv) the type and extent of relocation assistance to be provided.

(6) On and after November 1, 1999, the housing impact study required by paragraph (5) shall be incorporated in the redevelopment plan for the redevelopment project area.

(7) On and after November 1, 1999, no redevelopment plan shall be adopted, nor an existing plan amended, nor shall residential housing that is occupied by households of low-income and very low-income persons in currently existing redevelopment project areas be removed after November 1, 1999 unless the redevelopment plan provides, with respect to inhabited housing units that are to be removed for households of low-income and very low-income persons, affordable housing and relocation assistance not less than that which would be provided under the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and the regulations under that Act, including the eligibility criteria. Affordable housing may be either existing or newly constructed housing. For purposes of this paragraph (7), "low-income households", "very low-income households", and "affordable housing" have the meanings set forth in the Illinois Affordable Housing Act. The municipality shall make a good faith effort to ensure that this affordable housing is located in or near the redevelopment project area within the municipality.

(8) On and after November 1, 1999, if, after the adoption of the redevelopment plan for the redevelopment project area, any municipality desires to amend its redevelopment plan to remove more inhabited residential units than specified in its original redevelopment plan, that change shall be made in accordance with the procedures in subsection (c) of Section 11-74.4-5.
(9) For redevelopment project areas designated prior to November 1, 1999, the redevelopment plan may be amended without further joint review board meeting or hearing, provided that the municipality shall give notice of any such changes by mail to each affected taxing district and registrant on the interested party registry, to authorize the municipality to expend tax increment revenues for redevelopment project costs defined by paragraphs (5) and (7.5), subparagraphs (E) and (F) of paragraph (11), and paragraph (11.5) of subsection (q) of Section 11-74.4-3, so long as the changes do not increase the total estimated redevelopment project costs set out in the redevelopment plan by more than 5% after adjustment for inflation from the date the plan was adopted.

(o) "Redevelopment project" means any public and private development project in furtherance of the objectives of a redevelopment plan. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting.

(p) "Redevelopment project area" means an area designated by the municipality, which is not less in the aggregate than 1 1/2 acres and in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as an industrial park conservation area or a blighted area or a conservation area, or a combination of both blighted areas and conservation areas.

(q) "Redevelopment project costs" mean and include the sum total of all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to a redevelopment plan and a redevelopment project. Such costs include, without limitation, the following:

(1) Costs of studies, surveys, development of plans, and specifications, implementation and administration of the redevelopment plan including but not limited to staff and professional service costs for architectural, engineering, legal, financial, planning or other services, provided however that no charges for professional services may be based on a percentage of the tax increment collected; except that on and after November 1, 1999 (the effective date of Public Act 91-478), no contracts for professional services, excluding architectural and engineering services, may be entered into if the terms of the contract extend beyond a period of 3 years. In addition, "redevelopment project costs" shall not include lobbying expenses. After consultation with the municipality, each tax increment consultant or advisor to a municipality that plans to designate or has designated a redevelopment project area shall inform the municipality in writing.

of any contracts that the consultant or advisor has entered into with entities or individuals that have received, or are receiving, payments financed by tax increment revenues produced by the redevelopment project area with respect to which the consultant or advisor has performed, or will be performing, service for the municipality. This requirement shall be satisfied by the consultant or advisor before the commencement of services for the municipality and thereafter whenever any other contracts with those individuals or entities are executed by the consultant or advisor;

(1.5) After July 1, 1999, annual administrative costs shall not include general overhead or administrative costs of the municipality that would still have been incurred by the municipality if the municipality had not designated a redevelopment project area or approved a redevelopment plan;

(1.6) The cost of marketing sites within the redevelopment project area to prospective businesses, developers, and investors;

(2) Property assembly costs, including but not limited to acquisition of land and other property, real or personal, or rights or interests therein, demolition of buildings, site preparation, site improvements that serve as an engineered barrier addressing ground level or below ground environmental contamination, including, but not limited to parking lots and other concrete or asphalt barriers, and the clearing and grading of land;

(3) Costs of rehabilitation, reconstruction or repair or remodeling of existing public or private buildings, fixtures, and leasehold improvements; and the cost of replacing an existing public building if pursuant to the implementation of a redevelopment project the existing public building is to be demolished to use the site for private investment or devoted to a different use requiring private investment;

(4) Costs of the construction of public works or improvements, except that on and after November 1, 1999, redevelopment project costs shall not include the cost of constructing a new municipal public building principally used to provide offices, storage space, or conference facilities or vehicle storage, maintenance, or repair for administrative, public safety, or public works personnel and that is not intended to replace an existing public building as provided under paragraph (3) of subsection (q) of Section 11-74.4-3 unless either (i) the construction of the new municipal building implements a redevelopment project that was included in a redevelopment plan that was adopted by the municipality prior to November 1, 1999 or (ii) the municipality makes a reasonable determination in the redevelopment plan, supported by information that provides the basis for that determination, that the new municipal building is required to meet an increase in the need for public safety purposes anticipated to result from the implementation of the redevelopment plan;

New matter indicated by italics - deletions by strikeout
(5) Costs of job training and retraining projects, including the cost of "welfare to work" programs implemented by businesses located within the redevelopment project area;

(6) Financing costs, including but not limited to all necessary and incidental expenses related to the issuance of obligations and which may include payment of interest on any obligations issued hereunder including interest accruing during the estimated period of construction of any redevelopment project for which such obligations are issued and for not exceeding 36 months thereafter and including reasonable reserves related thereto;

(7) To the extent the municipality by written agreement accepts and approves the same, all or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred within a taxing district in furtherance of the objectives of the redevelopment plan and project.

(7.5) For redevelopment project areas designated (or redevelopment project areas amended to add or increase the number of tax-increment-financing assisted housing units) on or after November 1, 1999, an elementary, secondary, or unit school district's increased costs attributable to assisted housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act, and which costs shall be paid by the municipality from the Special Tax Allocation Fund when the tax increment revenue is received as a result of the assisted housing units and shall be calculated annually as follows:

(A) for foundation districts, excluding any school district in a municipality with a population in excess of 1,000,000, by multiplying the district's increase in attendance resulting from the net increase in new students enrolled in that school district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by the most recently available per capita tuition cost as defined in Section 10-20.12a of the School Code less any increase in general State aid as defined in Section 18-8.05 of the School Code attributable to these added new students subject to the following annual limitations:

(i) for unit school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 25% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act;

(ii) for elementary school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 17% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and

(iii) for secondary school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 8% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act.

(B) For alternate method districts, flat grant districts, and foundation districts with a district average 1995-96 Per Capita Tuition Charge equal to or more than $5,900, excluding any school district with a population in excess of 1,000,000, by multiplying the district's increase in attendance resulting from the net increase in new students enrolled in that school district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by the most recently available per capita tuition cost as defined in Section 10-20.12a of the School Code less any increase in general state aid as defined in Section 18-8.05 of the School Code attributable to these added new students subject to the following annual limitations:

(i) for unit school districts, no more than 40% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act;

(ii) for elementary school districts, no more than 27% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and

(iii) for secondary school districts, no more than 13% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act.

(C) For any school district in a municipality with a population in excess of 1,000,000, the following restrictions shall apply to the reimbursement of increased costs under this paragraph (7.5):

(i) no increased costs shall be reimbursed unless the school district certifies that each of the schools affected by the assisted housing project is at or over its student capacity;

(ii) the amount reimbursable shall be reduced by the value of any land donated to the school district by the municipality or developer, and by the value of any physical improvements made to the schools by the municipality or developer; and

(iii) the amount reimbursed may not affect amounts otherwise obligated by the terms of any bonds, notes, or other funding instruments, or the terms of any redevelopment agreement.

Any school district seeking payment under this paragraph (7.5) shall, after July 1 and before September 30 of each year, provide the municipality with reasonable evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the school district. If the school district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. School districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.5). By acceptance of this reimbursement the school district waives the right to directly or indirectly set aside, modify, or contest in any manner the establishment of the redevelopment project area or projects;

(8) Relocation costs to the extent that a municipality determines that relocation costs shall be paid or is required to make payment of relocation costs by federal or State law or in order to satisfy subparagraph (7) of subsection (n);

(9) Payment in lieu of taxes;

(10) Costs of job training, retraining, advanced vocational education or career education, including but not limited to courses in occupational, semi-technical or technical fields leading directly to employment, incurred by one or more taxing districts, provided that such costs (i) are related to the establishment and maintenance of additional job training, advanced vocational education or career education programs for persons employed or to be employed by employers

located in a redevelopment project area; and (ii) when incurred by a taxing district or taxing districts other than the municipality, are set forth in a written agreement by or among the municipality and the taxing district or taxing districts, which agreement describes the program to be undertaken, including but not limited to the number of employees to be trained, a description of the training and services to be provided, the number and type of positions available or to be available, itemized costs of the program and sources of funds to pay for the same, and the term of the agreement. Such costs include, specifically, the payment by community college districts of costs pursuant to Sections 3-37, 3-38, 3-40 and 3-40.1 of the Public Community College Act and by school districts of costs pursuant to Sections 10-22.20a and 10-23.3a of The School Code;

(11) Interest cost incurred by a redeveloper related to the construction, renovation or rehabilitation of a redevelopment project provided that:

(A) such costs are to be paid directly from the special tax allocation fund established pursuant to this Act;

(B) such payments in any one year may not exceed 30% of the annual interest costs incurred by the redeveloper with regard to the redevelopment project during that year;

(C) if there are not sufficient funds available in the special tax allocation fund to make the payment pursuant to this paragraph (11) then the amounts so due shall accrue and be payable when sufficient funds are available in the special tax allocation fund;

(D) the total of such interest payments paid pursuant to this Act may not exceed 30% of the total (i) cost paid or incurred by the redeveloper for the redevelopment project plus (ii) redevelopment project costs excluding any property assembly costs and any relocation costs incurred by a municipality pursuant to this Act; and

(E) the cost limits set forth in subparagraphs (B) and (D) of paragraph (11) shall be modified for the financing of rehabilitated or new housing units for low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act. The percentage of 75% shall be substituted for 30% in subparagraphs (B) and (D) of paragraph (11).

(F) Instead of the eligible costs provided by subparagraphs (B) and (D) of paragraph (11), as modified by this subparagraph, and notwithstanding any other provisions of this Act to the contrary, the municipality may pay from tax increment revenues up to 50% of the cost of construction of new housing units to be occupied by low-income households and very low-income households as defined in Section 3 of the Illinois Affordable Housing Act. The cost of construction of those

units may be derived from the proceeds of bonds issued by the municipality under this Act or other constitutional or statutory authority or from other sources of municipal revenue that may be reimbursed from tax increment revenues or the proceeds of bonds issued to finance the construction of that housing.

The eligible costs provided under this subparagraph (F) of paragraph (11) shall be an eligible cost for the construction, renovation, and rehabilitation of all low and very low-income housing units, as defined in Section 3 of the Illinois Affordable Housing Act, within the redevelopment project area. If the low and very low-income units are part of a residential redevelopment project that includes units not affordable to low and very low-income households, only the low and very low-income units shall be eligible for benefits under subparagraph (F) of paragraph (11). The standards for maintaining the occupancy by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, of those units constructed with eligible costs made available under the provisions of this subparagraph (F) of paragraph (11) shall be established by guidelines adopted by the municipality. The responsibility for annually documenting the initial occupancy of the units by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, shall be that of the then current owner of the property. For ownership units, the guidelines will provide, at a minimum, for a reasonable recapture of funds, or other appropriate methods designed to preserve the original affordability of the ownership units. For rental units, the guidelines will provide, at a minimum, for the affordability of rent to low and very low-income households. As units become available, they shall be rented to income-eligible tenants. The municipality may modify these guidelines from time to time; the guidelines, however, shall be in effect for as long as tax increment revenue is being used to pay for costs associated with the units or for the retirement of bonds issued to finance the units or for the life of the redevelopment project area, whichever is later.

(11.5) If the redevelopment project area is located within a municipality with a population of more than 100,000, the cost of day care services for children of employees from low-income families working for businesses located within the redevelopment project area and all or a portion of the cost of operation of day care centers established by redevelopment project area businesses to serve employees from low-income families working in businesses located in the redevelopment project area. For the purposes of this paragraph, "low-income

families" means families whose annual income does not exceed 80% of the municipal, county, or regional median income, adjusted for family size, as the annual income and municipal, county, or regional median income are determined from time to time by the United States Department of Housing and Urban Development.

(12) Unless explicitly stated herein the cost of construction of new privately-owned buildings shall not be an eligible redevelopment project cost.

(13) After November 1, 1999 (the effective date of Public Act 91-478), none of the redevelopment project costs enumerated in this subsection shall be eligible redevelopment project costs if those costs would provide direct financial support to a retail entity initiating operations in the redevelopment project area while terminating operations at another Illinois location within 10 miles of the redevelopment project area but outside the boundaries of the redevelopment project area municipality. For purposes of this paragraph, termination means a closing of a retail operation that is directly related to the opening of the same operation or like retail entity owned or operated by more than 50% of the original ownership in a redevelopment project area, but it does not mean closing an operation for reasons beyond the control of the retail entity, as documented by the retail entity, subject to a reasonable finding by the municipality that the current location contained inadequate space, had become economically obsolete, or was no longer a viable location for the retailer or serviceman.

If a special service area has been established pursuant to the Special Service Area Tax Act or Special Service Area Tax Law, then any tax increment revenues derived from the tax imposed pursuant to the Special Service Area Tax Act or Special Service Area Tax Law may be used within the redevelopment project area for the purposes permitted by that Act or Law as well as the purposes permitted by this Act.

(r) "State Sales Tax Boundary" means the redevelopment project area or the amended redevelopment project area boundaries which are determined pursuant to subsection (9) of Section 11-74.4-8a of this Act. The Department of Revenue shall certify pursuant to subsection (9) of Section 11-74.4-8a the appropriate boundaries eligible for the determination of State Sales Tax Increment.

(s) "State Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid by retailers and servicemen, other than retailers and servicemen subject to the Public Utilities Act, on transactions at places of business located within a State Sales Tax Boundary pursuant to the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act, except such portion of such increase that is paid into the State and Local Sales Tax Reform Fund, the Local Government Distributive Fund, the Local Government Tax Fund and the County and Mass Transit District Fund, for as long as State participation exists, over and above the Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts.

Tax Amounts for such taxes as certified by the Department of Revenue and paid under those Acts by retailers and servicemen on transactions at places of business located within the State Sales Tax Boundary during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing, less 3.0% of such amounts generated under the Retailers' Occupation Tax Act, Use Tax Act and Service Use Tax Act and the Service Occupation Tax Act, which sum shall be appropriated to the Department of Revenue to cover its costs of administering and enforcing this Section. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall compute the Initial Sales Tax Amount for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amount". For purposes of determining the State Sales Tax Increment the Department of Revenue shall for each period subtract from the tax amounts received from retailers and servicemen on transactions located in the State Sales Tax Boundary, the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or Revised Initial Sales Tax Amounts for the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act and the Service Occupation Tax Act. For the State Fiscal Year 1989 this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, until June 30, 1989, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial State Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending on June 30, to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts. Municipalities intending to receive a distribution of State Sales Tax Increment must report a list of retailers to the Department of Revenue by October 31, 1988 and by July 31, of each year thereafter.

(t) "Taxing districts" means counties, townships, cities and incorporated towns and villages, school, road, park, sanitary, mosquito abatement, forest preserve, public health, fire protection, river conservancy, tuberculosis sanitarium and any other municipal corporations or districts with the power to levy taxes.
(u) "Taxing districts' capital costs" means those costs of taxing districts for capital improvements that are found by the municipal corporate authorities to be necessary and directly result from the redevelopment project.

(v) As used in subsection (a) of Section 11-74.4-3 of this Act, "vacant land" means any parcel or combination of parcels of real property without industrial, commercial, and residential buildings which has not been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area, unless the parcel is included in an industrial park conservation area or the parcel has been subdivided; provided that if the parcel was part of a larger tract that has been divided into 3 or more smaller tracts that were accepted for recording during the period from 1950 to 1990, then the parcel shall be deemed to have been subdivided, and all proceedings and actions of the municipality taken in that connection with respect to any previously approved or designated redevelopment project area or amended redevelopment project area are hereby validated and hereby declared to be legally sufficient for all purposes of this Act. For purposes of this Section and only for land subject to the subdivision requirements of the Plat Act, land is subdivided when the original plat of the proposed Redevelopment Project Area or relevant portion thereof has been properly certified, acknowledged, approved, and recorded or filed in accordance with the Plat Act and a preliminary plat, if any, for any subsequent phases of the proposed Redevelopment Project Area or relevant portion thereof has been properly approved and filed in accordance with the applicable ordinance of the municipality.

(w) "Annual Total Increment" means the sum of each municipality's annual Net Sales Tax Increment and each municipality's annual Net Utility Tax Increment. The ratio of the Annual Total Increment of each municipality to the Annual Total Increment for all municipalities, as most recently calculated by the Department, shall determine the proportional shares of the Illinois Tax Increment Fund to be distributed to each municipality.

(a) The changes made by this amendatory Act of the 91st General Assembly do not apply to a municipality that, (i) before the effective date of this amendatory Act of the 91st General Assembly, has adopted an ordinance or resolution fixing a time and place for a public hearing under Section 11-74.4-5 or (ii) before July 1, 1999, has adopted an ordinance or resolution providing for a feasibility study under Section 11-74.4-4.1, but has not yet adopted an ordinance approving redevelopment plans and redevelopment projects or designating redevelopment project areas under this Section, until after that municipality

adopts an ordinance approving redevelopment plans and redevelopment projects or
designating redevelopment project areas under this Section; thereafter the changes made by
this amendatory Act of the 91st General Assembly apply to the same extent that they apply
to redevelopment plans and redevelopment projects that were approved and redevelopment
projects that were designated before the effective date of this amendatory Act of the 91st
General Assembly.

By ordinance introduced in the governing body of the municipality within 14 to
90 days from the completion of the hearing specified in Section 11-74.4-5 approve
redevelopment plans and redevelopment projects, and designate redevelopment project
areas pursuant to notice and hearing required by this Act. No redevelopment project area
shall be designated unless a plan and project are approved prior to the designation of such
area and such area shall include only those contiguous parcels of real property and
improvements thereon substantially benefited by the proposed redevelopment project
improvements. Upon adoption of the ordinances, the municipality shall forthwith transmit
to the county clerk of the county or counties within which the redevelopment project area
is located a certified copy of the ordinances, a legal description of the redevelopment
project area, a map of the redevelopment project area, identification of the year that the
county clerk shall use for determining the total initial equalized assessed value of the
redevelopment project area consistent with subsection (a) of Section 11-74.4-9, and a list
of the parcel or tax identification number of each parcel of property included in the
redevelopment project area.

(b) Make and enter into all contracts with property owners, developers, tenants,
overlapping taxing bodies, and others necessary or incidental to the implementation and
furtherance of its redevelopment plan and project. Contracts entered into on or after the
effective date of this amendatory Act of the 93rd General Assembly shall terminate no later
than the last to occur of the estimated dates of completion of the redevelopment project and
retirement of the obligations issued to finance redevelopment project costs as required by
item (3) of subsection (n) of Section 11-74.4-3. Payments received under contracts entered
into by the municipality prior to the effective date of this amendatory Act of the 93rd
General Assembly that are received after the redevelopment project area has been
terminated by municipal ordinance shall be deposited into a special fund of the
municipality to be used for other community redevelopment needs within the
redevelopment project area.

(c) Within a redevelopment project area, acquire by purchase, donation, lease or
eminent domain; own, convey, lease, mortgage or dispose of land and other property, real
or personal, or rights or interests therein, and grant or acquire licenses, easements and
options with respect thereto, all in the manner and at such price the municipality
determines is reasonably necessary to achieve the objectives of the redevelopment plan and
project. No conveyance, lease, mortgage, disposition of land or other property owned by a
municipality, or agreement relating to the development of such municipal property shall be

made except upon the adoption of an ordinance by the corporate authorities of the municipality. Furthermore, no conveyance, lease, mortgage, or other disposition of land owned by a municipality or agreement relating to the development of such municipal property shall be made without making public disclosure of the terms of the disposition and all bids and proposals made in response to the municipality’s request. The procedures for obtaining such bids and proposals shall provide reasonable opportunity for any person to submit alternative proposals or bids.

(d) Within a redevelopment project area, clear any area by demolition or removal of any existing buildings and structures.

(e) Within a redevelopment project area, renovate or rehabilitate or construct any structure or building, as permitted under this Act.

(f) Install, repair, construct, reconstruct or relocate streets, utilities and site improvements essential to the preparation of the redevelopment area for use in accordance with a redevelopment plan.

(g) Within a redevelopment project area, fix, charge and collect fees, rents and charges for the use of any building or property owned or leased by it or any part thereof, or facility therein.

(h) Accept grants, guarantees and donations of property, labor, or other things of value from a public or private source for use within a project redevelopment area.

(i) Acquire and construct public facilities within a redevelopment project area, as permitted under this Act.

(j) Incur project redevelopment costs and reimburse developers who incur redevelopment project costs authorized by a redevelopment agreement; provided, however, that on and after the effective date of this amendatory Act of the 91st General Assembly, no municipality shall incur redevelopment project costs (except for planning costs and any other eligible costs authorized by municipal ordinance or resolution that are subsequently included in the redevelopment plan for the area and are incurred by the municipality after the ordinance or resolution is adopted) that are not consistent with the program for accomplishing the objectives of the redevelopment plan as included in that plan and approved by the municipality until the municipality has amended the redevelopment plan as provided elsewhere in this Act.

(k) Create a commission of not less than 5 or more than 15 persons to be appointed by the mayor or president of the municipality with the consent of the majority of the governing board of the municipality. Members of a commission appointed after the effective date of this amendatory Act of 1987 shall be appointed for initial terms of 1, 2, 3, 4 and 5 years, respectively, in such numbers as to provide that the terms of not more than 1/3 of all such members shall expire in any one year. Their successors shall be appointed for a term of 5 years. The commission, subject to approval of the corporate authorities may exercise the powers enumerated in this Section. The commission shall also have the power to hold the public hearings required by this division and make recommendations to the
corporate authorities concerning the adoption of redevelopment plans, redevelopment projects and designation of redevelopment project areas.

(l) Make payment in lieu of taxes or a portion thereof to taxing districts. If payments in lieu of taxes or a portion thereof are made to taxing districts, those payments shall be made to all districts within a project redevelopment area on a basis which is proportional to the current collections of revenue which each taxing district receives from real property in the redevelopment project area.

(m) Exercise any and all other powers necessary to effectuate the purposes of this Act.

(n) If any member of the corporate authority, a member of a commission established pursuant to Section 11-74.4-4(k) of this Act, or an employee or consultant of the municipality involved in the planning and preparation of a redevelopment plan, or project for a redevelopment project area or proposed redevelopment project area, as defined in Sections 11-74.4-3(i) through (k) of this Act, owns or controls an interest, direct or indirect, in any property included in any redevelopment area, or proposed redevelopment area, he or she shall disclose the same in writing to the clerk of the municipality, and shall also so disclose the dates and terms and conditions of any disposition of any such interest, which disclosures shall be acknowledged by the corporate authorities and entered upon the minute books of the corporate authorities. If an individual holds such an interest then that individual shall refrain from any further official involvement in regard to such redevelopment plan, project or area, from voting on any matter pertaining to such redevelopment plan, project or area, or communicating with other members concerning corporate authorities, commission or employees concerning any matter pertaining to said redevelopment plan, project or area. Furthermore, no such member or employee shall acquire of any interest direct, or indirect, in any property in a redevelopment area or proposed redevelopment area after either (a) such individual obtains knowledge of such plan, project or area or (b) first public notice of such plan, project or area pursuant to Section 11-74.4-6 of this Division, whichever occurs first. For the purposes of this subsection, a property interest acquired in a single parcel of property by a member of the corporate authority, which property is used exclusively as the member's primary residence, shall not be deemed to constitute an interest in any property included in a redevelopment area or proposed redevelopment area that was established before December 31, 1989, but the member must disclose the acquisition to the municipal clerk under the provisions of this subsection. For the purposes of this subsection, a month-to-month leasehold interest in a single parcel of property by a member of the corporate authority shall not be deemed to constitute an interest in any property included in any redevelopment area or proposed redevelopment area, but the member must disclose the interest to the municipal clerk under the provisions of this subsection.

(o) Create a Tax Increment Economic Development Advisory Committee to be appointed by the Mayor or President of the municipality with the consent of the majority of
the governing board of the municipality, the members of which Committee shall be appointed for initial terms of 1, 2, 3, 4 and 5 years respectively, in such numbers as to provide that the terms of not more than 1/3 of all such members shall expire in any one year. Their successors shall be appointed for a term of 5 years. The Committee shall have none of the powers enumerated in this Section. The Committee shall serve in an advisory capacity only. The Committee may advise the governing Board of the municipality and other municipal officials regarding development issues and opportunities within the redevelopment project area or the area within the State Sales Tax Boundary. The Committee may also promote and publicize development opportunities in the redevelopment project area or the area within the State Sales Tax Boundary.

(p) Municipalities may jointly undertake and perform redevelopment plans and projects and utilize the provisions of the Act wherever they have contiguous redevelopment project areas or they determine to adopt tax increment financing with respect to a redevelopment project area which includes contiguous real property within the boundaries of the municipalities, and in doing so, they may, by agreement between municipalities, issue obligations, separately or jointly, and expend revenues received under the Act for eligible expenses anywhere within contiguous redevelopment project areas or as otherwise permitted in the Act.

(q) Utilize revenues, other than State sales tax increment revenues, received under this Act from one redevelopment project area for eligible costs in another redevelopment project area that is either contiguous to, or is separated only by a public right of way from, the redevelopment project area from which the revenues are received. Utilize tax increment revenues for eligible costs that are received from a redevelopment project area created under the Industrial Jobs Recovery Law that is either contiguous to, or is separated only by a public right of way from, the redevelopment project area created under this Act which initially receives these revenues. Utilize revenues, other than State sales tax increment revenues, by transferring or loaning such revenues to a redevelopment project area created under the Industrial Jobs Recovery Law that is either contiguous to, or is separated only by a public right of way from, the redevelopment project area that initially produced and received those revenues; and, if the redevelopment project area (i) was established before the effective date of this amendatory Act of the 91st General Assembly and (ii) is located within a municipality with a population of more than 100,000, utilize revenues or proceeds of obligations authorized by Section 11-74.4-7 of this Act, other than use or occupation tax revenues, to pay for any redevelopment project costs as defined by subsection (q) of Section 11-74.4-3 to the extent that the redevelopment project costs involve public property that is either contiguous to, or separated only by a public right of way from, a redevelopment project area whether or not redevelopment project costs or the source of payment for the costs are specifically set forth in the redevelopment plan for the redevelopment project area.
(r) If no redevelopment project has been initiated in a redevelopment project area within 7 years after the area was designated by ordinance under subsection (a), the municipality shall adopt an ordinance repealing the area's designation as a redevelopment project area; provided, however, that if an area received its designation more than 3 years before the effective date of this amendatory Act of 1994 and no redevelopment project has been initiated within 4 years after the effective date of this amendatory Act of 1994, the municipality shall adopt an ordinance repealing its designation as a redevelopment project area. Initiation of a redevelopment project shall be evidenced by either a signed redevelopment agreement or expenditures on eligible redevelopment project costs associated with a redevelopment project.

Sec. 11-74.4-4.1. Feasibility study.

(a) If a municipality by its corporate authorities, or as it may determine by any commission designated under subsection (k) of Section 11-74.4-4, adopts an ordinance or resolution providing for a feasibility study on the designation of an area as a redevelopment project area, a copy of the ordinance or resolution shall immediately be sent to all taxing districts that would be affected by the designation.

On and after the effective date of this amendatory Act of the 91st General Assembly, the ordinance or resolution shall include:

(1) The boundaries of the area to be studied for possible designation as a redevelopment project area.

(2) The purpose or purposes of the proposed redevelopment plan and project.

(3) A general description of tax increment allocation financing under this Act.

(4) The name, phone number, and address of the municipal officer who can be contacted for additional information about the proposed redevelopment project area and who should receive all comments and suggestions regarding the redevelopment of the area to be studied.

(b) If one of the purposes of the planned redevelopment project area should reasonably be expected to result in the displacement of residents from 10 or more inhabited residential units, the municipality shall adopt a resolution or ordinance providing for the feasibility study described in subsection (a). The ordinance or resolution shall also require that the feasibility study include the preparation of the housing impact study set forth in paragraph (5) of subsection (n) of Section 11-74.4-3. If the redevelopment plan will not result in displacement of residents from 10 or more inhabited residential units, and the municipality certifies in the plan that such displacement will not result from the plan, then a resolution or ordinance need not be adopted.
(c) As used in this Section, "feasibility study" means a preliminary report to assist a municipality to determine whether or not tax increment allocation financing is appropriate for effective redevelopment of a proposed redevelopment project area.

(65 ILCS 5/11-74.4-7) (from Ch. 24, par. 11-74.4-7)

Sec. 11-74.4-7. Obligations secured by the special tax allocation fund set forth in Section 11-74.4-8 for the redevelopment project area may be issued to provide for redevelopment project costs. Such obligations, when so issued, shall be retired in the manner provided in the ordinance authorizing the issuance of such obligations by the receipts of taxes levied as specified in Section 11-74.4-9 against the taxable property included in the area, by revenues as specified by Section 11-74.4-8a and other revenue designated by the municipality. A municipality may in the ordinance pledge all or any part of the funds in and to be deposited in the special tax allocation fund created pursuant to Section 11-74.4-8 to the payment of the redevelopment project costs and obligations. Any pledge of funds in the special tax allocation fund shall provide for distribution to the taxing districts and to the Illinois Department of Revenue of moneys not required, pledged, earmarked, or otherwise designated for payment and securing of the obligations and anticipated redevelopment project costs and such excess funds shall be calculated annually and deemed to be "surplus" funds. In the event a municipality only applies or pledges a portion of the funds in the special tax allocation fund for the payment or securing of anticipated redevelopment project costs or of obligations, any such funds remaining in the special tax allocation fund after complying with the requirements of the application or pledge, shall also be calculated annually and deemed "surplus" funds. All surplus funds in the special tax allocation fund shall be distributed annually within 180 days after the close of the municipality's fiscal year by being paid by the municipal treasurer to the County Collector, to the Department of Revenue and to the municipality in direct proportion to the tax incremental revenue received as a result of an increase in the equalized assessed value of property in the redevelopment project area, tax incremental revenue received from the State and tax incremental revenue received from the municipality, but not to exceed as to each such source the total incremental revenue received from that source. The County Collector shall thereafter make distribution to the respective taxing districts in the same manner and proportion as the most recent distribution by the county collector to the affected districts of real property taxes from real property in the redevelopment project area.

Without limiting the foregoing in this Section, the municipality may in addition to obligations secured by the special tax allocation fund pledge for a period not greater than the term of the obligations towards payment of such obligations any part or any combination of the following: (a) net revenues of all or part of any redevelopment project; (b) taxes levied and collected on any or all property in the municipality; (c) the full faith

and credit of the municipality; (d) a mortgage on part or all of the redevelopment project; or (e) any other taxes or anticipated receipts that the municipality may lawfully pledge.

Such obligations may be issued in one or more series bearing interest at such rate or rates as the corporate authorities of the municipality shall determine by ordinance. Such obligations shall bear such date or dates, mature at such time or times not exceeding 20 years from their respective dates, be in such denomination, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, contain such covenants, terms and conditions, and be subject to redemption as such ordinance shall provide. Obligations issued pursuant to this Act may be sold at public or private sale at such price as shall be determined by the corporate authorities of the municipalities. No referendum approval of the electors shall be required as a condition to the issuance of obligations pursuant to this Division except as provided in this Section.

In the event the municipality authorizes issuance of obligations pursuant to the authority of this Division secured by the full faith and credit of the municipality, which obligations are other than obligations which may be issued under home rule powers provided by Article VII, Section 6 of the Illinois Constitution, or pledges taxes pursuant to (b) or (c) of the second paragraph of this section, the ordinance authorizing the issuance of such obligations or pledging such taxes shall be published within 10 days after such ordinance has been passed in one or more newspapers, with general circulation within such municipality. The publication of the ordinance shall be accompanied by a notice of (1) the specific number of voters required to sign a petition requesting the question of the issuance of such obligations or pledging such taxes to be submitted to the electors; (2) the time in which such petition must be filed; and (3) the date of the prospective referendum. The municipal clerk shall provide a petition form to any individual requesting one.

If no petition is filed with the municipal clerk, as hereinafter provided in this Section, within 30 days after the publication of the ordinance, the ordinance shall be in effect. But, if within that 30 day period a petition is filed with the municipal clerk, signed by electors in the municipality numbering 10% or more of the number of registered voters in the municipality, asking that the question of issuing obligations using full faith and credit of the municipality as security for the cost of paying for redevelopment project costs, or of pledging taxes for the payment of such obligations, or both, be submitted to the electors of the municipality, the corporate authorities of the municipality shall call a special election in the manner provided by law to vote upon that question, or, if a general, State or municipal election is to be held within a period of not less than 30 or more than 90 days from the date such petition is filed, shall submit the question at the next general, State or municipal election. If it appears upon the canvass of the election by the corporate authorities that a majority of electors voting upon the question voted in favor thereof, the ordinance shall be in effect, but if a majority of the electors voting upon the question are not in favor thereof, the ordinance shall not take effect.

The ordinance authorizing the obligations may provide that the obligations shall contain a recital that they are issued pursuant to this Division, which recital shall be conclusive evidence of their validity and of the regularity of their issuance.

In the event the municipality authorizes issuance of obligations pursuant to this Section secured by the full faith and credit of the municipality, the ordinance authorizing the obligations may provide for the levy and collection of a direct annual tax upon all taxable property within the municipality sufficient to pay the principal thereof and interest thereon as it matures, which levy may be in addition to and exclusive of the maximum of all other taxes authorized to be levied by the municipality, which levy, however, shall be abated to the extent that monies from other sources are available for payment of the obligations and the municipality certifies the amount of said monies available to the county clerk.

A certified copy of such ordinance shall be filed with the county clerk of each county in which any portion of the municipality is situated, and shall constitute the authority for the extension and collection of the taxes to be deposited in the special tax allocation fund.

A municipality may also issue its obligations to refund in whole or in part, obligations theretofore issued by such municipality under the authority of this Act, whether at or prior to maturity, provided however, that the last maturity of the refunding obligations shall not be expressed to mature later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the twenty-third calendar year after the year in which the ordinance approving the redevelopment project area is adopted if the ordinance was adopted on or after January 15, 1981, and not later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-fifth calendar year after the year in which the ordinance approving the redevelopment project area is adopted (A) if the ordinance was adopted before January 15, 1981, or (B) if the ordinance was adopted in December 1983, April 1984, July 1985, or December 1989, or (C) if the ordinance was adopted in December, 1987 and the redevelopment project is located within one mile of Midway Airport, or (D) if the ordinance was adopted before January 1, 1987 by a municipality in Mason County, or (E) if the municipality is subject to the Local Government Financial Planning and Supervision Act or the Financially Distressed City Law, or (F) if the ordinance was adopted in December 1984 by the Village of Rosemont, or (G) if the ordinance was adopted on December 31, 1986 by a municipality located in Clinton County for which at least $250,000 of tax increment bonds were authorized on June 17, 1997, or if the ordinance was adopted on December 31, 1986 by a municipality with a population in 1990 of less than 3,600 that is located in a county with a population in 1990 of less than 34,000 and for which at least $250,000 of tax increment bonds were authorized on June 17, 1997, or (H) if

In the event a municipality issues obligations under home rule powers or other legislative authority the proceeds of which are pledged to pay for redevelopment project costs, the municipality may, if it has followed the procedures in conformance with this division, retire said obligations from funds in the special tax allocation fund in amounts and in such manner as if such obligations had been issued pursuant to the provisions of this division.

All obligations heretofore or hereafter issued pursuant to this Act shall not be regarded as indebtedness of the municipality issuing such obligations or any other taxing district for the purpose of any limitation imposed by law.

(65 ILCS 5/11-74.4-8) (from Ch. 24, par. 11-74.4-8)
Sec. 11-74.4-8. A municipality may not adopt tax increment financing in a redevelopment project area after the effective date of this amendatory Act of 1997 that will encompass an area that is currently included in an enterprise zone created under the Illinois Enterprise Zone Act unless that municipality, pursuant to Section 5.4 of the Illinois Enterprise Zone Act, amends the enterprise zone designating ordinance to limit the eligibility for tax abatements as provided in Section 5.4.1 of the Illinois Enterprise Zone Act. A municipality, at the time a redevelopment project area is designated, may adopt tax increment allocation financing by passing an ordinance providing that the ad valorem taxes, if any, arising from the levies upon taxable real property in such redevelopment project area by taxing districts and tax rates determined in the manner provided in paragraph (c) of Section 11-74.4-9 each year after the effective date of the ordinance until redevelopment project costs and all municipal obligations financing redevelopment project costs incurred under this Division have been paid shall be divided as follows:

(a) That portion of taxes levied upon each taxable lot, block, tract or parcel of real property which is attributable to the lower of the current equalized assessed value or the initial equalized assessed value of each such taxable lot, block, tract or parcel of real property in the redevelopment project area shall be allocated to and when collected shall be paid by the county collector to the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing.

(b) Except from a tax levied by a township to retire bonds issued to satisfy court-ordered damages, that portion, if any, of such taxes which is attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract or parcel of real property in the redevelopment project area over and above the initial equalized assessed value of each property in the project area shall be allocated to and when collected shall be paid to the municipal treasurer who shall deposit said taxes into a special fund called the special tax allocation fund of the municipality for the purpose of paying redevelopment project costs and obligations incurred in the payment thereof. In any county with a population of 3,000,000 or more that has adopted a procedure for collecting taxes that provides for one or more of the installments of the taxes to be billed and collected on an estimated basis, the municipal treasurer shall be paid for deposit in the special tax allocation fund of the municipality, from the taxes collected from estimated bills issued for property in the redevelopment project area, the difference between the amount actually collected from each taxable lot, block, tract, or parcel of real property within the redevelopment project area and an amount determined by multiplying the rate at which taxes were last extended against the taxable lot, block, track, or parcel of real property in the manner provided in subsection (c) of Section 11-74.4-9 by the initial equalized assessed value of the property divided by the number of installments in which real estate taxes are billed and collected within the county; provided that the payments on or before December 31, 1999 to a municipal treasurer shall be made only if each of the following conditions are met:

New matter indicated by italics - deletions by strikeout
(1) The total equalized assessed value of the redevelopment project area as last determined was not less than 175% of the total initial equalized assessed value.

(2) Not more than 50% of the total equalized assessed value of the redevelopment project area as last determined is attributable to a piece of property assigned a single real estate index number.

(3) The municipal clerk has certified to the county clerk that the municipality has issued its obligations to which there has been pledged the incremental property taxes of the redevelopment project area or taxes levied and collected on any or all property in the municipality or the full faith and credit of the municipality to pay or secure payment for all or a portion of the redevelopment project costs. The certification shall be filed annually no later than September 1 for the estimated taxes to be distributed in the following year; however, for the year 1992 the certification shall be made at any time on or before March 31, 1992.

(4) The municipality has not requested that the total initial equalized assessed value of real property be adjusted as provided in subsection (b) of Section 11-74.4-9.

The conditions of paragraphs (1) through (4) do not apply after December 31, 1999 to payments to a municipal treasurer made by a county with 3,000,000 or more inhabitants that has adopted an estimated billing procedure for collecting taxes. If a county that has adopted the estimated billing procedure makes an erroneous overpayment of tax revenue to the municipal treasurer, then the county may seek a refund of that overpayment. The county shall send the municipal treasurer a notice of liability for the overpayment on or before the mailing date of the next real estate tax bill within the county. The refund shall be limited to the amount of the overpayment.

It is the intent of this Division that after the effective date of this amendatory Act of 1988 a municipality's own ad valorem tax arising from levies on taxable real property be included in the determination of incremental revenue in the manner provided in paragraph (c) of Section 11-74.4-9. If the municipality does not extend such a tax, it shall annually deposit in the municipality's Special Tax Increment Fund an amount equal to 10% of the total contributions to the fund from all other taxing districts in that year. The annual 10% deposit required by this paragraph shall be limited to the actual amount of municipally produced incremental tax revenues available to the municipality from taxpayers located in the redevelopment project area in that year if: (a) the plan for the area restricts the use of the property primarily to industrial purposes, (b) the municipality establishing the redevelopment project area is a home-rule community with a 1990 population of between 25,000 and 50,000, (c) the municipality is wholly located within a county with a 1990 population of over 750,000 and (d) the redevelopment project area was established by the municipality prior to June 1, 1990. This payment shall be in lieu of a contribution of ad

valorem taxes on real property. If no such payment is made, any redevelopment project area of the municipality shall be dissolved.

If a municipality has adopted tax increment allocation financing by ordinance and the County Clerk thereafter certifies the "total initial equalized assessed value as adjusted" of the taxable real property within such redevelopment project area in the manner provided in paragraph (b) of Section 11-74.4-9, each year after the date of the certification of the total initial equalized assessed value as adjusted until redevelopment project costs and all municipal obligations financing redevelopment project costs have been paid the ad valorem taxes, if any, arising from the levies upon the taxable real property in such redevelopment project area by taxing districts and tax rates determined in the manner provided in paragraph (c) of Section 11-74.4-9 shall be divided as follows:

(1) That portion of the taxes levied upon each taxable lot, block, tract or parcel of real property which is attributable to the lower of the current equalized assessed value or "current equalized assessed value as adjusted" or the initial equalized assessed value of each such taxable lot, block, tract, or parcel of real property existing at the time tax increment financing was adopted, minus the total current homestead exemptions provided by Sections 15-170 and 15-175 of the Property Tax Code in the redevelopment project area shall be allocated to and when collected shall be paid by the county collector to the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing.

(2) That portion, if any, of such taxes which is attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property in the redevelopment project area, over and above the initial equalized assessed value of each property existing at the time tax increment financing was adopted, minus the total current homestead exemptions pertaining to each piece of property provided by Sections 15-170 and 15-175 of the Property Tax Code in the redevelopment project area, shall be allocated to and when collected shall be paid to the municipal Treasurer, who shall deposit said taxes into a special fund called the special tax allocation fund of the municipality for the purpose of paying redevelopment project costs and obligations incurred in the payment thereof.

The municipality may pledge in the ordinance the funds in and to be deposited in the special tax allocation fund for the payment of such costs and obligations. No part of the current equalized assessed valuation of each property in the redevelopment project area attributable to any increase above the total initial equalized assessed value, or the total initial equalized assessed value as adjusted, of such properties shall be used in calculating the general State school aid formula, provided for in Section 18-8 of the School Code, until such time as all redevelopment project costs have been paid as provided for in this Section.

Whenever a municipality issues bonds for the purpose of financing redevelopment project costs, such municipality may provide by ordinance for the appointment of a trustee, which may be any trust company within the State, and for the establishment of such funds or accounts to be maintained by such trustee as the municipality shall deem necessary to provide for the security and payment of the bonds. If such municipality provides for the appointment of a trustee, such trustee shall be considered the assignee of any payments assigned by the municipality pursuant to such ordinance and this Section. Any amounts paid to such trustee as assignee shall be deposited in the funds or accounts established pursuant to such trust agreement, and shall be held by such trustee in trust for the benefit of the holders of the bonds, and such holders shall have a lien on and a security interest in such funds or accounts so long as the bonds remain outstanding and unpaid. Upon retirement of the bonds, the trustee shall pay over any excess amounts held to the municipality for deposit in the special tax allocation fund.

When such redevelopment projects costs, including without limitation all municipal obligations financing redevelopment project costs incurred under this Division, have been paid, all surplus funds then remaining in the special tax allocation fund shall be distributed by being paid by the municipal treasurer to the Department of Revenue, the municipality and the county collector; first to the Department of Revenue and the municipality in direct proportion to the tax incremental revenue received from the State and the municipality, but not to exceed the total incremental revenue received from the State or the municipality less any annual surplus distribution of incremental revenue previously made; with any remaining funds to be paid to the County Collector who shall immediately thereafter pay said funds to the taxing districts in the redevelopment project area in the same manner and proportion as the most recent distribution by the county collector to the affected districts of real property taxes from real property in the redevelopment project area.

Upon the payment of all redevelopment project costs, the retirement of obligations, and the distribution of any excess monies pursuant to this Section, and final closing of the books and records of the redevelopment project area, the municipality shall adopt an ordinance dissolving the special tax allocation fund for the redevelopment project area and terminating the designation of the redevelopment project area as a redevelopment project area. Title to real or personal property and public improvements acquired by or for the municipality as a result of the redevelopment project and plan shall vest in the municipality when acquired and shall continue to be held by the municipality after the redevelopment project area has been terminated. Municipalities shall notify affected taxing districts prior to November 1 if the redevelopment project area is to be terminated by December 31 of that same year. The owner or owners of such property within such fire protection district or any legal voter within such district may file his petition in the court in which such district was organized setting forth therein the description of the property sought to be detached and disconnected, a statement that the detachment and disconnection will not cause the territory remaining in the district to be noncontiguous; that the loss of assessed valuation by reason of the disconnection of such territory will not impair the ability of the district to render fully adequate fire protection service to the territory remaining with the district; that the territory will remain liable for its proportionate share of any outstanding bonded indebtedness of the district; and alleging facts in support of such detachment and disconnection, and praying that such property be detached and disconnected from such fire

AN ACT concerning forced labor.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the State Prohibition of Goods from Forced Labor Act.

Section 5. Policy. The General Assembly hereby finds and declares as follows:

(a) The people of Illinois do not support the import of any goods made by forced, convict, or indentured labor, not only because it is a cruel suppression of the human right of free labor and employment practices, but also because it creates an unfair trade advantage for the forced, convict, or indentured labor country.

(b) The federal Tariff Act of 1930, while prohibiting the importation of any goods produced in whole or in part by forced, convict, or indentured labor, does not require importers to provide certificates of origin at the time of importation to affirm and guarantee no forced, convict, or indentured labor content.

(c) The federal Tariff Act of 1930 also does not require the United States Customs Service to have an active, self-initiated foreign surveillance program of detecting forced, convict, or indentured labor-made goods and preventing their entry into the United States, but relies primarily upon complaints made by the public or other interested groups.

(d) The State of Illinois wholeheartedly supports the prohibition on imports produced in whole or in part by forced, convict, or indentured labor and shall not knowingly acquire any of those goods.

Section 10. Contract certification.

(a) Every contract entered into by any State agency for the procurement of equipment, materials, or supplies, other than procurement related to a public works contract, must specify that no foreign-made equipment, materials, or supplies furnished to the State under the contract may be produced in whole or in part by forced labor, convict labor, or indentured labor under penal sanction. The contractor must agree to comply with this provision of the contract.

(b) Any contractor contracting with the State who knew that the foreign-made equipment, materials, or supplies furnished to the State were produced in whole or part by forced labor, convict labor, or indentured labor under penal sanction, when entering into a contract under subsection (a), may, subject to subsection (c), have any or all of the following sanctions imposed:
(1) The contract under which the prohibited equipment, materials, or supplies were provided may be voided at the option of the State agency to which the equipment, materials, or supplies were provided.

(2) The contractor may be assessed a penalty which must be the greater of $1,000 or an amount equaling 20% of the value of the equipment, materials, or supplies that the State agency demonstrates were produced in whole or in part by forced labor, convict labor, or indentured labor under penal sanction and that were supplied to the State agency under the contract.

(3) The contractor may be suspended from bidding on a State contract for a period not to exceed 360 days. Any moneys collected under this subsection shall be deposited into the General Revenue Fund.

(c) When imposing the sanctions described in subsection (b), the contracting agency must notify the contractor of the right to a hearing if requested within 15 days after the date of the notice. The hearing must be before an administrative law judge according to the Illinois Administrative Procedure Act. The administrative law judge must consider any measures the contractor has taken to ensure compliance with this Section and may waive any or all of the sanctions if it is determined that the contractor has acted in good faith.

The agency must be assessed the cost of the administrative hearing, unless the agency has prevailed in the hearing, in which case the contractor shall be assessed the cost of the hearing.

(d) Any State agency that investigates a complaint against a contractor for violation of this Section must limit its investigation to evaluating the information provided by the person or entity submitting the complaint and the information provided by the contractor.

(e) For purposes of this Section, the term "forced labor" has the same meaning as in the federal Tariff Act of 1930.

However, except as expressly authorized by law not more than one proposition to change the form of government of a municipality pursuant to Article VII of the Constitution may be submitted at an election. If more than one such proposition is timely initiated or certified for submission at an election with respect to a municipality, the first validly initiated shall be the one printed on the ballot and submitted at that election.

No public question shall be submitted to the voters of a political subdivision at any regularly scheduled election at which such voters are not scheduled to cast votes for any candidates for nomination for, election to or retention in public office, except that if, in any existing or proposed political subdivision in which the submission of a public question at a regularly scheduled election is desired, the voters of only a portion of such existing or
proposed political subdivision are not scheduled to cast votes for nomination for, election to or retention in public office at such election, but the voters in one or more other portions of such existing or proposed political subdivision are scheduled to cast votes for nomination for, election to or retention in public office at such election, the public question shall be voted upon by all the qualified voters of the entire existing or proposed political subdivision at the election.

Not more than 3 advisory public questions may be submitted to the voters of the entire state at a general election. If more than 3 such advisory propositions are initiated, the first 3 timely and validly initiated shall be the questions printed on the ballot and submitted at that election; provided however, that a question for a proposed amendment to Article IV of the Constitution pursuant to Section 3, Article XIV of the Constitution, or for a question submitted under the Property Tax Cap Referendum Law, shall not be included in the foregoing limitation.

(55 ILCS 5/2-3002) (from Ch. 34, par. 2-3002)
Sec. 2-3002. Counties with population of less than 3,000,000 and with township form of government.

By July 1, 1971, and each 10 years thereafter, the county board of each county having a population of less than 3,000,000 inhabitants and the township form of government shall reapportion its county so that each member of the county board represents the same number of inhabitants. If the chairman of the county board is to be elected by the voters in a county of less than 450,000 population as provided in Section 2-3007, such chairman shall not be counted as a member of the county board for the purpose of the limitations on the size of a county board provided in this Section.

   c. May divide townships or municipalities only when necessary to conform to the population requirement of paragraph a. of this Section.

(305 ILCS 5/11-9) (from Ch. 23, par. 11-9)

Sec. 11-9. Protection of records - Exceptions. For the protection of applicants and recipients, the Illinois Department, the county departments and local governmental units and their respective officers and employees are prohibited, except as hereinafter provided, from disclosing the contents of any records, files, papers and communications, except for purposes directly connected with the administration of public aid under this Code.

In any judicial proceeding, except a proceeding directly concerned with the administration of programs provided for in this Code, such records, files, papers and communications, and their contents shall be deemed privileged communications and shall be disclosed only upon the order of the court, where the court finds such to be necessary in the interest of justice.

The Illinois Department shall establish and enforce reasonable rules and regulations governing the custody, use and preservation of the records, papers, files, and communications of the Illinois Department, the county departments and local governmental units receiving State or Federal funds or aid. The governing body of other local governmental units shall in like manner establish and enforce rules and regulations governing the same matters.

The contents of case files pertaining to recipients under Articles IV, V, and VI shall be made available without subpoena or formal notice to the officers of any court, to all law enforcing agencies, and to such other persons or agencies as from time to time may be authorized by any court. In particular, the contents of those case files shall be made available upon request to a law enforcement agency for the purpose of determining the current address of a recipient with respect to whom an arrest warrant is outstanding, and the current address of a recipient who was a victim of a felony or a witness to a felony shall be made available upon request to a State's Attorney of this State or a State's Attorney's investigator. Information shall also be disclosed to the Illinois State Scholarship Commission pursuant to an investigation or audit by the Illinois State Scholarship Commission of a delinquent student loan or monetary award.

The Illinois Department may provide by rule for the county departments and local governmental units to initiate proceedings under the Juvenile Court Act of 1987 to have children declared to be neglected when they deem such action necessary to protect the children from immoral influences present in their home or surroundings.

The provisions of this Section and of Section 11-11 as they apply to applicants and recipients of public aid under Article V shall be operative only to the extent that they do not conflict with any Federal law or regulation governing Federal grants to this State for such programs.

The Illinois Department of Public Aid and the Department of Human Services (as successor to the Illinois Department of Public Aid) shall enter into an inter-agency agreement with the Department of Children and Family Services to establish a procedure by which employees of the Department of Children and Family Services may have immediate access to records, files, papers, and communications (except medical, alcohol or drug assessment or treatment, mental health, or any other medical records) of the Illinois Department, county departments, and local governmental units receiving State or federal funds or aid, if the Department of Children and Family Services determines the information is necessary to perform its duties under the Abused and Neglected Child Reporting Act, the Child Care Act of 1969, and the Children and Family Services Act.

Sec. 18-173. Housing opportunity area abatement program.

(a) For the purpose of promoting access to housing near work and in order to promote economic diversity throughout Illinois and to alleviate the concentration of low-income households in areas of high poverty, a housing opportunity area tax abatement program is created.

(b) As used in this Section:

"Housing authority" means either a housing authority created under the Housing Authorities Act or other government agency that is authorized by the United States government under the United States Housing Act of 1937 to administer a housing choice voucher program, or the authorized agent of such a housing authority that is authorized to act upon that authority's behalf.

"Housing choice voucher" means a tenant voucher issued by a housing authority under Section 8 of the United States Housing Act of 1937.

"Housing opportunity area" means a census tract where less than 10% of the residents live below the poverty level, as defined by the United States government and determined by the most recent United States census, that is located within a qualified township.

"Housing opportunity unit" means a dwelling unit located in residential property that is located in a housing opportunity area, that is owned by the applicant, and that is rented to and occupied by a tenant who is participating in a housing choice voucher program administered by a housing authority as of January 1st of the tax year for which the application is made.

"Qualified units" means the number of housing opportunity units located in the property with the limitation that no more than 2 units or 20% of the total units contained within the property, whichever is greater, may be considered qualified units. Further, no unit may be considered qualified unless the property in which it is contained is in substantial compliance with local building codes, and, moreover, no unit may be considered qualified unless it meets the United States Department of Housing and Urban Development's housing quality standards as of the most recent housing authority inspection.

"Qualified township" means a township located within a county with 200,000 or more inhabitants whose tax capacity exceeds 100% of the average tax capacity of the county in which it is located, except for townships located within a county with 3,000,000 or more inhabitants, where a qualified township means a township whose tax capacity exceeds 115% of the average tax capacity of the county except for townships located wholly within a municipality with 1,000,000 or more inhabitants. All townships located wholly within a municipality with 1,000,000 or more inhabitants are considered qualified townships.

New matter indicated by italics - deletions by strikeout
"Tax capacity" means the equalized assessed value of all taxable real estate located within a township or county divided by the total population of that township or county.

(c) The owner of property located within a housing opportunity area who has a housing choice voucher contract with a housing authority may apply for a housing opportunity area tax abatement by annually submitting an application to the housing authority that administers the housing choice voucher contract. The application must include the number of housing opportunity units as well as the total number of dwelling units contained within the property. The owner must, under oath, self-certify as to the total number of dwelling units in the property and must self-certify that the property is in substantial compliance with local building codes. The housing authority shall annually determine the number of qualified units located within each property for which an application is made.

The housing authority shall establish rules and procedures governing the application processes and may charge an application fee. The county clerk may audit the applications to determine that the properties subject to the tax abatement meet the requirements of this Section. The determination of eligibility of a property for the housing opportunity area abatement shall be made annually; however, no property may receive an abatement for more than 10 tax years.

(d) The housing authority shall determine housing opportunity areas within its service area and annually deliver to the county clerk, in a manner determined by the county clerk, a list of all properties containing qualified units within that service area by December 31st of the tax year for which the property is eligible for abatement; the list shall include the number of qualified units and the total number of dwelling units for each property.

The county clerk shall deliver annually to a housing authority, upon that housing authority's request, the most recent available equalized assessed value for the county as a whole and for those taxing districts and townships so specified by the requesting housing authority.

(e) The county clerk shall abate the tax attributed to a portion of the property determined to be eligible for a housing opportunity area abatement. The portion eligible for abatement shall be determined by reducing the equalized assessment value by a percentage calculated using the following formula: 19% of the equalized assessed value of the property multiplied by a fraction where the numerator is the number of qualified units and denominator is the total number of dwelling units located within the property.

(f) Any municipality, except for municipalities with 1,000,000 or more inhabitants, may annually petition the county clerk to be excluded from a housing opportunity area if it is able to demonstrate that more than 2.5% of the total residential units located within that municipality are occupied by tenants under the housing choice

AN ACT in relation to criminal law.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Unified Code of Corrections is amended by changing Section 5-4-1 as follows:

(730 ILCS 5/5-4-1) (from Ch. 38, par. 1005-4-1)
Sec. 5-4-1. Sentencing Hearing.

(a) Except when the death penalty is sought under hearing procedures otherwise specified, after a determination of guilt, a hearing shall be held to impose the sentence. However, prior to the imposition of sentence on an individual being sentenced for an offense based upon a charge for a violation of Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance, the individual must undergo a professional evaluation to determine if an alcohol or other drug abuse problem exists and the extent of such a problem. Programs conducting these evaluations shall be licensed by the Department of Human Services. However, if the individual is not a resident of Illinois, the court may, in its discretion, accept an evaluation from a program in the state of such individual's residence. The court may in its sentencing order approve an eligible defendant for placement in a Department of Corrections impact incarceration program as provided in Section 5-8-1.1 or 5-8-1.3. At the hearing the court shall:

(1) consider the evidence, if any, received upon the trial;
(2) consider any presentence reports;
(3) consider the financial impact of incarceration based on the financial impact statement filed with the clerk of the court by the Department of Corrections;
(4) consider evidence and information offered by the parties in aggravation and mitigation;
(5) hear arguments as to sentencing alternatives;

(6) afford the defendant the opportunity to make a statement in his own behalf;

(7) afford the victim of a violent crime or a violation of Section 11-501 of the Illinois Vehicle Code, or a similar provision of a local ordinance, or a qualified individual affected by: (i) a violation of Section 405, 405.1, 405.2, or 407 of the Illinois Controlled Substances Act, or (ii) a Class 4 felony violation of Section 11-14, 11-15, 11-17, 11-18, 11-18.1, or 11-19 of the Criminal Code of 1961, committed by the defendant the opportunity to make a statement concerning the impact on the victim and to offer evidence in aggravation or mitigation; provided that the statement and evidence offered in aggravation or mitigation must first be prepared in writing in conjunction with the State's Attorney before it may be presented orally at the hearing. Any sworn testimony offered by the victim is subject to the defendant's right to cross-examine. All statements and evidence offered under this paragraph (7) shall become part of the record of the court. For the purpose of this paragraph (7), "qualified individual" means any person who (i) lived or worked within the territorial jurisdiction where the offense took place when the offense took place; and (ii) is familiar with various public places within the territorial jurisdiction where the offense took place when the offense took place. For the purposes of this paragraph (7), "qualified individual" includes any peace officer, or any member of any duly organized State, county, or municipal peace unit assigned to the territorial jurisdiction where the offense took place when the offense took place; and

(8) in cases of reckless homicide afford the victim's spouse, guardians, parents or other immediate family members an opportunity to make oral statements.

(b) All sentences shall be imposed by the judge based upon his independent assessment of the elements specified above and any agreement as to sentence reached by the parties. The judge who presided at the trial or the judge who accepted the plea of guilty shall impose the sentence unless he is no longer sitting as a judge in that court. Where the judge does not impose sentence at the same time on all defendants who are convicted as a result of being involved in the same offense, the defendant or the State's Attorney may advise the sentencing court of the disposition of any other defendants who have been sentenced.

(c) In imposing a sentence for a violent crime or for an offense of operating or being in physical control of a vehicle while under the influence of alcohol, any other drug or any combination thereof, or a similar provision of a local ordinance, when such offense resulted in the personal injury to someone other than the defendant, the trial judge shall specify on the record the particular evidence, information, factors in mitigation and aggravation or other reasons that led to his sentencing determination. The full verbatim
record of the sentencing hearing shall be filed with the clerk of the court and shall be a public record.

(c-1) In imposing a sentence for the offense of aggravated kidnapping for ransom, home invasion, armed robbery, aggravated vehicular hijacking, aggravated discharge of a firearm, or armed violence with a category I weapon or category II weapon, the trial judge shall make a finding as to whether the conduct leading to conviction for the offense resulted in great bodily harm to a victim, and shall enter that finding and the basis for that finding in the record.

(c-2) If the defendant is sentenced to prison, other than when a sentence of natural life imprisonment or a sentence of death is imposed, at the time the sentence is imposed the judge shall state on the record in open court the approximate period of time the defendant will serve in custody according to the then current statutory rules and regulations for early release found in Section 3-6-3 and other related provisions of this Code. This statement is intended solely to inform the public, has no legal effect on the defendant's actual release, and may not be relied on by the defendant on appeal.

The judge's statement, to be given after pronouncing the sentence, other than when the sentence is imposed for one of the offenses enumerated in paragraph (a)(3) of Section 3-6-3, shall include the following:

"The purpose of this statement is to inform the public of the actual period of time this defendant is likely to spend in prison as a result of this sentence. The actual period of prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. In this case, assuming the defendant receives all of his or her good conduct credit, the period of estimated actual custody is ... years and ... months, less up to 180 days additional good conduct credit for meritorious service. If the defendant, because of his or her own misconduct or failure to comply with the institutional regulations, does not receive those credits, the actual time served in prison will be longer. The defendant may also receive an additional one-half day good conduct credit for each day of participation in vocational, industry, substance abuse, and educational programs as provided for by Illinois statute."

When the sentence is imposed for one of the offenses enumerated in paragraph (a)(3) of Section 3-6-3, other than when the sentence is imposed for one of the offenses enumerated in paragraph (a)(2) of Section 3-6-3 committed on or after June 19, 1998, and other than when the sentence is imposed for reckless homicide as defined in subsection (e) of Section 9-3 of the Criminal Code of 1961 if the offense was committed on or after January 1, 1999, and other than when the sentence is imposed for aggravated arson if the offense was committed on or after the effective date of this amendatory Act of the 92nd General Assembly, the judge's statement, to be given after pronouncing the sentence, shall include the following:

"The purpose of this statement is to inform the public of the actual period of time this defendant is likely to spend in prison as a result of this sentence. The actual period of
prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. In this case, assuming the defendant receives all of his or her good conduct credit, the period of estimated actual custody is ... years and ... months, less up to 90 days additional good conduct credit for meritorious service. If the defendant, because of his or her own misconduct or failure to comply with the institutional regulations, does not receive those credits, the actual time served in prison will be longer. The defendant may also receive an additional one-half day good conduct credit for each day of participation in vocational, industry, substance abuse, and educational programs as provided for by Illinois statute."

When the sentence is imposed for one of the offenses enumerated in paragraph (a)(2) of Section 3-6-3, other than first degree murder, and the offense was committed on or after June 19, 1998, and when the sentence is imposed for reckless homicide as defined in subsection (e) of Section 9-3 of the Criminal Code of 1961 if the offense was committed on or after January 1, 1999, and when the sentence is imposed for aggravated arson if the offense was committed on or after the effective date of this amendatory Act of the 92nd General Assembly, the judge's statement, to be given after pronouncing the sentence, shall include the following:

"The purpose of this statement is to inform the public of the actual period of time this defendant is likely to spend in prison as a result of this sentence. The actual period of prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. In this case, the defendant is entitled to no more than 4 1/2 days of good conduct credit for each month of his or her sentence of imprisonment. Therefore, this defendant will serve at least 85% of his or her sentence. Assuming the defendant receives 4 1/2 days credit for each month of his or her sentence, the period of estimated actual custody is ... years and ... months. If the defendant, because of his or her own misconduct or failure to comply with the institutional regulations receives lesser credit, the actual time served in prison will be longer."

When a sentence of imprisonment is imposed for first degree murder and the offense was committed on or after June 19, 1998, the judge's statement, to be given after pronouncing the sentence, shall include the following:

"The purpose of this statement is to inform the public of the actual period of time this defendant is likely to spend in prison as a result of this sentence. The actual period of prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. In this case, the defendant is not entitled to good conduct credit. Therefore, this defendant will serve 100% of his or her sentence."

(d) When the defendant is committed to the Department of Corrections, the State's Attorney shall and counsel for the defendant may file a statement with the clerk of the court to be transmitted to the department, agency or institution to which the defendant is committed to furnish such department, agency or institution with the facts and
circumstances of the offense for which the person was committed together with all other factual information accessible to them in regard to the person prior to his commitment relative to his habits, associates, disposition and reputation and any other facts and circumstances which may aid such department, agency or institution during its custody of such person. The clerk shall within 10 days after receiving any such statements transmit a copy to such department, agency or institution and a copy to the other party, provided, however, that this shall not be cause for delay in conveying the person to the department, agency or institution to which he has been committed.

(e) The clerk of the court shall transmit to the department, agency or institution, if any, to which the defendant is committed, the following:

(1) the sentence imposed;
(2) any statement by the court of the basis for imposing the sentence;
(3) any presentence reports;
(4) the number of days, if any, which the defendant has been in custody and for which he is entitled to credit against the sentence, which information shall be provided to the clerk by the sheriff;
(4.1) any finding of great bodily harm made by the court with respect to an offense enumerated in subsection (c-1);
(5) all statements filed under subsection (d) of this Section;
(6) any medical or mental health records or summaries of the defendant;
(7) the municipality where the arrest of the offender or the commission of the offense has occurred, where such municipality has a population of more than 25,000 persons;
(8) all statements made and evidence offered under paragraph (7) of subsection (a) of this Section; and
(9) all additional matters which the court directs the clerk to transmit.

"Joint Committee" means the Joint Committee on Administrative Rules.

"Small business" means any for profit entity, independently owned and operated, that grosses less than $4,000,000 per year or that has 50 or fewer full-time employees. For the purposes of this Act, a "small business" has its principal office in Illinois.

"Department" means the Department of Commerce and Community Affairs.

Section 10. Small business advisory web pages site.

(a) Within 6 months after the effective date of this Act, each Agency must create and make available on the World Wide Web a small business advisory page.

(b) Each agency that (i) has adopted or is preparing to adopt any rule affecting small businesses or (ii) is designated to administer legislation affecting small businesses that has become law must prepare and post on its small business advisory page a plain language explanation of the rule or legislation. The explanation must indicate the effective date of the rule or legislation. The explanation must remain posted for a minimum of 6 months after the effective date of the rule or legislation. Agencies shall consult with the Department and small businesses in developing uniform web page standards.

If a rule has been proposed but not adopted, an explanation of the rule must be posted as soon as possible in order to allow input and comment from affected small businesses. The State agency must, in addition to posting a plain language explanation of the rule, post notice of the time, date, and place of any public hearings, together with the names, addresses, and telephone numbers of the agency rulemaking contact; what must be done by members of the public who wish to provide testimony on the rulemaking; and the names and Springfield and district office addresses and telephone numbers of the members of the Joint Committee.

(c) When each agency updates its small business advisory web page, it shall notify the Department. The Department, through its First Stop Business Information Center, shall serve as a central clearinghouse notifying the small business community of each agency's rulemakings and changes in requirements. Furthermore, the Department shall seek input from the small business community on the changes and inform the appropriate agency and where applicable, the Joint Committee, of the input.

The Department, as a part of its clearinghouse function, shall maintain a central small business advisory web page that shall serve as a coordinated point of access to all agencies' business advisory web pages.

Section 15. Advisory opinions and interpretations. Each agency must post plain language versions of all advisory opinions and interpretations of rules and statutes affecting small businesses issued by the agency on its small business advisory web page. No person who acts or fails to act in reasonable reliance in the advisory opinions and interpretations may be held liable in any civil, criminal, or regulatory action because of that act or failure to act.

Section 5. The Hospice Program Licensing Act is amended by changing Sections 3 and 4 as follows:

(210 ILCS 60/3) (from Ch. 111 1/2, par. 6103)
Sec. 3. Definitions. As used in this Act, unless the context otherwise requires:
(a) "Bereavement" means the period of time during which the hospice patient's family experiences and adjusts to the death of the hospice patient.
(b) "Department" means the Illinois Department of Public Health.
(c) "Director" means the Director of the Illinois Department of Public Health.
(d) "Full hospice" means a coordinated program of home and inpatient care providing directly, or through agreement, palliative and supportive medical, health and other services to terminally ill patients and their families. A full hospice utilizes a medically directed interdisciplinary hospice care team of professionals and volunteers. The program provides care to meet the physical, psychological, social, spiritual and other special needs which are experienced during the final stages of illness and during dying and bereavement. Home care is to be provided on a part-time, intermittent, regularly scheduled basis, and on an on-call around-the-clock basis according to patient and family need. To the maximum extent possible, care shall be furnished in the patient's home. Should inpatient care be required, services are to be provided with the intent of minimizing the length of such care and shall only be provided in a hospital licensed under the Hospital Licensing Act, or a skilled nursing facility licensed under the Nursing Home Care Act.
(e) "Hospice care team" means an interdisciplinary working unit composed of but not limited to a physician licensed to practice medicine in all of its branches, a nurse licensed pursuant to the Nursing and Advanced Practice Nursing Act, a social worker, a pastoral or other counselor, and trained volunteers. The patient and the patient's family are considered members of the hospice care team when development or revision of the patient's plan of care takes place.
(f) "Hospice patient" means a terminally ill person receiving hospice services.

A building that is licensed under the Hospital Licensing Act or the Nursing Home Care Act is not a hospice residence.

(h) "Hospice services" means palliative and supportive care provided to a hospice patient and his family to meet the special need arising out of the physical, emotional, spiritual and social stresses which are experienced during the final stages of illness and during dying and bereavement. Services provided to the terminally ill patient shall be furnished, to the maximum extent possible, in the patient's home. Should inpatient care be required, services are to be provided with the intent of minimizing the length of such care.

(i) "Palliative care" means treatment to provide for the reduction or abatement of pain and other troubling symptoms, rather than treatment aimed at investigation and intervention for the purpose of cure or inappropriate prolongation of life.

(j) "Hospice service plan" means a plan detailing the specific hospice services offered by a full or volunteer hospice, and the administrative and direct care personnel responsible for those services. The plan shall include but not be limited to:

(1) Identification of the person or persons administratively responsible for the program, and the affiliation of such person or persons with a licensed home health agency, hospital or nursing home.

(2) The estimated average monthly patient census.

(3) The proposed geographic area the hospice will serve.

(4) A listing of those hospice services provided directly by the hospice, and those hospice services provided indirectly through a contractual agreement.

(5) The name and qualifications of those persons or entities under contract to provide indirect hospice services.

(6) The name and qualifications of those persons providing direct hospice services, with the exception of volunteers.

(7) A description of how the hospice plans to utilize volunteers in the provision of hospice services.

(8) A description of the program's record keeping system.

(k) "Terminally ill" means a medical prognosis by a physician licensed to practice medicine in all of its branches that a patient has an anticipated life expectancy of one year 6 months or less.

(l) "Volunteer" means a person who offers his or her services to a hospice without compensation. Reimbursement for a volunteer's expenses in providing hospice service shall not be considered compensation.
(m) "Volunteer hospice" means a program which provides hospice services to patients regardless of their ability to pay, with emphasis on the utilization of volunteers to provide services, under the administration of a not-for-profit agency. This definition does not prohibit the employment of staff.

Sec. 4. License.

(a) No person shall establish, conduct or maintain a full or volunteer hospice without first obtaining a license from the Department. A hospice residence may be operated only at the locations listed on the license. A full hospice owning or operating a hospice residence is not subject to the provisions of the Nursing Home Care Act in owning or operating a hospice residence.

(b) No public or private agency shall advertise or present itself to the public as a full or volunteer hospice which provides hospice services without meeting the provisions of subsection (a).

(c) The license shall be valid only in the possession of the hospice home health agency, hospital, nursing home or not-for-profit agency to which it was originally issued and shall not be transferred or assigned to any other person, agency, or corporation.

(40 ILCS 5/16-150.1 new)
Sec. 16-150.1. Return to teaching in subject shortage area.
(a) As used in this Section, "eligible employment" means employment beginning on or after July 1, 2003 and ending no later than June 30, 2008, in a subject shortage area at a qualified school, in a position requiring certification under the law governing the certification of teachers.

As used in this Section, "qualified school" means a public elementary or secondary school that meets all of the following requirements:

1. At the time of hiring a retired teacher under this Section, the school is experiencing a shortage of teachers in the subject shortage area for which the teacher is hired.

2. The school district to which the school belongs has complied with the requirements of subsection (e), and the regional superintendent has certified that compliance to the System.

3. If the school district to which the school belongs provides group health benefits for its teachers generally, substantially similar health benefits are made available for teachers participating in the program under this Section, without any limitations based on pre-existing conditions.
(b) An annuitant receiving a retirement annuity under this Article (other than a disability retirement annuity) may engage in eligible employment at a qualified school without impairing his or her retirement status or retirement annuity, subject to the following conditions:

(1) the eligible employment does not begin within the school year during which service was terminated;
(2) the annuitant has not received any early retirement incentive under Section 16-133.3, 16-133.4, or 16-133.5;
(3) if the annuitant retired before age 60 and with less than 34 years of service, the eligible employment does not begin within the year following the effective date of the retirement annuity;
(4) if the annuitant retired at age 60 or above or with 34 or more years of service, the eligible employment does not begin within the 90 days following the effective date of the retirement annuity; and
(5) before the eligible employment begins, the employer notifies the System in writing of the annuitant's desire to participate in the program established under this Section.

(c) An annuitant engaged in eligible employment in accordance with subsection (b) shall be deemed a participant in the program established under this Section for so long as he or she remains employed in eligible employment.

(d) A participant in the program established under this Section continues to be a retirement annuitant, rather than an active teacher, for all of the purposes of this Code, but shall be deemed an active teacher for other purposes, such as inclusion in a collective bargaining unit, eligibility for group health benefits, and compliance with the laws governing the employment, regulation, certification, treatment, and conduct of teachers.

With respect to an annuitant's eligible employment under this Section, neither employee nor employer contributions shall be made to the System and no additional service credit shall be earned. Eligible employment does not affect the annuitant's final average salary or the amount of the retirement annuity.

(e) Before hiring a teacher under this Section, the school district to which the school belongs must do the following:

(1) If the school district to which the school belongs has honorably dismissed, within the calendar year preceding the beginning of the school term for which it seeks to employ a retired teacher under the program established in this Section, any teachers who are legally qualified to hold positions in the subject shortage area and have not yet begun to receive their retirement annuities under this Article, the vacant positions must first be tendered to those teachers.
(2) For a period of at least 90 days during the 6 months preceding the beginning of the school term for which it seeks to employ a retired teacher under the program established in this Section, the school district must, on an ongoing
basis, both (i) advertise its vacancies in the subject shortage area in a newspaper of general circulation in the area in which the school is located and in employment bulletins published by college and university placement offices located near the school; and (ii) search for teachers legally qualified to fill those vacancies through the Illinois Education Job Bank. The school district must submit documentation of its compliance with this subsection to the regional superintendent. Upon receiving satisfactory documentation from the school district, the regional superintendent shall certify the district's compliance with this subsection to the System.

(f) This Section applies without regard to whether the annuitant was in service on or after the effective date of this amendatory Act of the 93rd General Assembly.

(40 ILCS 5/16-152) (from Ch. 108 1/2, par. 16-152)
Sec. 16-152. Contributions by members.
(a) Each member shall make contributions for membership service to this System as follows:

  (1) Effective July 1, 1998, contributions of 7.50% of salary towards the cost of the retirement annuity. Such contributions shall be deemed "normal contributions".

  (2) Effective July 1, 1969, contributions of 1/2 of 1% of salary toward the cost of the automatic annual increase in retirement annuity provided under Section 16-133.1.

  (3) Effective July 24, 1959, contributions of 1% of salary towards the cost of survivor benefits. Such contributions shall not be credited to the individual account of the member and shall not be subject to refund except as provided under Section 16-143.2.

(b) The minimum required contribution for any year of full-time teaching service shall be $192.

(c) Contributions shall not be required of any annuitant receiving a retirement annuity who is given temporary employment as not exceeding that permitted under Section 16-118 or 16-150.1.

(d) A person who (i) was a member before July 1, 1998, (ii) retires with more than 34 years of creditable service, and (iii) does not elect to qualify for the augmented rate under Section 16-129.1 shall be entitled, at the time of retirement, to receive a partial refund of contributions made under this Section for service occurring after the later of June 30, 1998 or attainment of 34 years of creditable service, in an amount equal to 1.00% of the salary upon which those contributions were based.

PUBLIC ACT 93-0323
(Senate Bill No. 0414)

AN ACT in relation to housing.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Housing Authorities Act is amended by changing Section 3 as follows:

(310 ILCS 10/3) (from Ch. 67 1/2, par. 3)
Sec. 3. The governing body of any city, village or incorporated town having more than 25,000 inhabitants, or of any county of this State, may, by resolution, determine that there is need for a housing authority in the city, village, incorporated town or county. Upon adoption, the resolution shall be forwarded to the Department together with a statement of reasons or findings supporting the resolution. The Department shall thereupon issue a certificate to the presiding officer of the city, village, incorporated town or county for the creation of an authority if it shall find (a) that unsanitary or unsafe inhabited dwelling accommodations exist in the city, village, incorporated town or county, and (b) that there is a shortage of safe or sanitary and affordable dwelling accommodations in the city, village, incorporated town or county available to persons who lack the amount of income which is necessary (as determined by the Department) to enable them without financial assistance to live in decent, safe and sanitary and affordable dwellings without over-crowding. In determining whether dwelling accommodations are unsafe or unsanitary the Department may take into consideration the degree of over-crowding, the percentage of land coverage, the light, air, space and access available to the inhabitants of such dwelling accommodations, the size and arrangement of the rooms, the sanitary facilities and the extent to which conditions exist in the buildings which endanger life or property by fire or other causes. In making its determination, the Department may also consider whether or not the needs of the applicant are currently being met by an existing housing authority. The Department may also take into consideration whether or not the creation of a new housing authority would be an unnecessary duplication of services.

As soon as possible after the issuance of a certificate by the Department the presiding officer of the city, village, incorporated town or county shall appoint, with the

approval of the governing body of the unit of local government, 5 commissioners with initial terms of 1, 2, 3, 4, and 5 years, except as follows:

(i) for the Housing Authority in any municipality having over 500,000 inhabitants, the presiding officer shall appoint 7 commissioners, with initial terms of 4 and 5 years for the 2 additional commissioners authorized and appointed under this amendatory Act of 1982, and the presiding officer shall designate one commissioner as Chairman of the Authority; and

(ii) if a county has at least 80,000 but fewer than 90,000 inhabitants according to the 1990 federal decennial census, then the Housing Authority in any municipality in the county may have 7 commissioners appointed by the presiding officer of the municipality, with initial terms of 4 and 5 years for the 2 additional commissioners authorized and appointed in accordance with this amendatory Act of 1993;

(iii) if a county has at least 170,000 but fewer than 500,000 inhabitants, according to the 1990 Federal decennial census, then the county board may, with respect to one or more commissioners, cede powers of appointment, confirmation, and removal of those commissioners to one or more municipalities within the county by intergovernmental agreement; and

(iv) for any Housing Authority the presiding officer may appoint 7 commissioners, with initial terms of 4 and 5 years for the 2 additional commissioners authorized and appointed under this amendatory Act of the 91st General Assembly.

In cases where a county of more than 500,000 but less than 3 million population is the area of operation of an Authority, the presiding officer of the county board of the county shall appoint 7 commissioners to the housing authority, 2 of whom may be members of that county board. The county members appointed to the Authority under this Section shall serve such term or until termination of their county board service, whichever first occurs. Upon the approval by the governing body of the appointments, the presiding officer shall cause a certificate of such appointments and of its approval thereof to be filed in the office in which deeds of property in the area of operation are recorded, and upon filing the persons so appointed and approved shall be fully constituted an Authority.

At the expiration of the term of each commissioner, and of each succeeding commissioner, or in the event of a vacancy, the presiding officer shall appoint a commissioner, subject to the approval of the governing body as aforesaid, to hold office, in the case of a vacancy for the unexpired term, or in the case of expiration for a term of five years, or until his successor shall have been appointed and qualified. Each appointment shall be effective upon the filing by the presiding officer of a certificate of appointment in the office of the Recorder of Deeds in the County where the Authority is located.

In case a county is the area of operation of an Authority, the area shall not be deemed to include any city, village, or incorporated town within the county within which

an Authority at that time exists. If thereafter an Authority is organized with respect to any city, village, or incorporated town within the county, the county Authority shall have no power to initiate any further project within the city, village, or incorporated town. However, if there are any existing projects within the city, village or incorporated town currently owned and operated by the county Authority they shall remain in the county Authority's ownership, custody and control.

Every commissioner shall be a resident of the area of operation of the Authority; provided, that in respect to an Authority created for a county, residence in any city, village or incorporated town within such county shall not be a disqualification for appointment as a Commissioner for such county Authority notwithstanding that such city, village or incorporated town may be excluded from the area of operation of such Authority. Any public officer shall be eligible to serve as a commissioner, and the acceptance of appointment as such shall not terminate nor impair his public office, the provision of any statute to the contrary notwithstanding; but no member of the Department shall be eligible to serve as a commissioner, nor shall more than two public officers be commissioners of the same Authority at one time; Provided, that membership on any Authority at the same time of more than two public officers shall not affect or impair the validity of any Act undertaken or power exercised by the Authority pursuant to Law. The term "public officer" as herein used means a person holding a state or local governmental office required to be filled by the vote of electors, and for which provision is made by law for the payment of annual compensation from public funds.

Except as otherwise provided, all provisions of this Act shall apply to a Housing Authority established for more than one county, and, unless the context shall otherwise indicate, the word county shall be construed also to mean counties. An Authority may subsequently be established separately for any one or more counties, by compliance with the terms of this Act, and, if an Authority is established, it shall take over all property and obligations, within the county or counties, of the Authority previously including it or them within its area of operation, and the Authority shall have no further jurisdiction within the territory of the county or counties, but nothing herein shall affect the power of a Housing Authority to operate outside its area of operation, as provided by Section 30. Subsection (b) of Section 17 shall apply to a Housing Authority created under the provisions of this Section. In all cases in which a Housing Authority embraces the territory of more than one county, each county shall have, within its territory, the powers conferred by Section 29, and by the Housing Cooperation Law.

In addition to the commissioners provided for in this Section, there are created 3 additional commissioner positions for each housing authority of a municipality of more than 1,000,000 inhabitants. Two of these new commissioners, with initial terms of 5 years, shall be appointed from current residents of the housing authority and shall be appointed from a list presented to the appointing authority by official tenants' associations of residents of the housing authority. A tenants' association is "official" if it satisfies the

requirements of a Resident Council/Resident Organization/Resident Management Organization established by the federal Department of Housing and Urban Development. The third new commissioner shall be appointed by the appointing authority from the officers of the official tenants' associations of residents of the housing authority. The term of this new commissioner shall commence no later than 90 days after the election of the officers of the official tenants' associations of residents and after appointment by the appointing authority and shall terminate after the appointment of a new commissioner by the appointing authority. This paragraph shall not apply to housing authorities in jurisdictions where no official tenants' associations exist. However, upon the creation of an official association, the new commissioner positions shall be created 6 months thereafter.

Each tenants' association shall determine the method of choosing residents to be recommended for appointment. Tenants' associations may act in unison in recommending residents for appointment.

In units of local government of more than 1,000,000 inhabitants, each tenants' association shall submit not more than 2 residents for consideration. If associations act in unison, they may submit a number representing 2 names for each association. The appointing authority shall make the appointments within 45 days of receiving the recommendations.

A Housing Authority created under the preceding terms of this Section shall be designated as the Housing Authority of the city, village, incorporated town, county, or of the several counties within its area of operation.

Any 2 or more home rule municipalities within the same county may create a housing authority by intergovernmental agreement. The agreement shall be for an indefinite duration. If a housing authority is created by 2 or more home rule municipalities under this paragraph, appointments and confirmation of commissioners to the board and removal of commissioners from the board shall be made as set forth in the agreement. The agreement may include, in addition to other terms and conditions governing the operation of the board, provisions that increase the number of commissioners otherwise authorized by this Act to a number no greater than 9. The agreement also may provide for staggered terms for the commissioners and for the length of the commissioners' initial terms. An intergovernmental agreement between 2 or more home rule municipalities creating a housing authority may include other terms the municipalities deem desirable. The terms may include reporting and oversight requirements binding on the housing authority board agreed upon by the parties. This paragraph shall not be construed as a limitation on home rule municipalities.

(ii) Assure payment of the contractual obligations of the insolvent insurer to covered persons;

(b) with respect to only life and health insurance policies, provide benefits and coverages in accordance with Section 531.08(3).

(c) Provided however that this subsection (2) shall not apply when the Director has determined that the foreign or alien insurers domiciliary jurisdiction or state of entry provides, by statute, protection substantially similar to that provided by this Article for residents of this State and such protection will be provided in a timely manner.

(3) When proceeding under subparagraph (2)(b) of this Section the Association shall, with respect to only life and health insurance policies:

(a) assure payment of benefits for premiums identical to the premiums and benefits (except for terms of conversion and renewability) that would have been payable under the policies of the insolvent insurer, for claims incurred:

(i) with respect to group policies, not later than the earlier of the next renewal date under such policies or contracts or sixty days, but in no event less than thirty days, after the date on which the Association becomes obligated with respect to such policies;

(ii) with respect to non-group policies, not later than the earlier of the next renewal date (if any) under such policies or one year, but in no event less than thirty days, from the date on which the Association becomes obligated with respect to such policies;

(b) make diligent efforts to provide all known insureds or group policyholders with respect to group policies thirty days notice of the termination of the benefits provided; and

(c) with respect to non-group policies, make available to each known insured, or owner if other than the insured, and with respect to an individual formerly insured under a group policy who is not eligible for replacement group coverage, make available substitute coverage on an individual basis in accordance with the provisions of subparagraph (3)(d) of this Section, if the insureds had a right under law or the terminated policy to convert coverage to individual coverage or to continue a non-group policy in force until a specified age or for a specified time, during which the insurer has no right unilaterally to make changes in any provision of the policy or had a right only to make changes in premium by class.

(d)(i) In providing the substitute coverage required under subparagraph (3)(c) of this Section, the Association may offer either to reissue the terminated coverage or to issue an alternative policy.

(ii) Alternative or reissued policies shall be offered without requiring evidence of insurability, and shall not provide for any waiting period or exclusion that would not have applied under the terminated policy.

(iii) The Association may reinsure any alternative or reissued policy.

(e)(i) Alternative policies adopted by the Association shall be subject to the approval of the Director. The Association may adopt alternative policies of various types for future insurance without regard to any particular impairment or insolvency.

New matter indicated by italics - deletions by strikeout
(ii) Alternative policies shall contain at least the minimum statutory provisions required in this State and provide benefits that shall not be unreasonable in relation to the premium charged. The Association shall set the premium in accordance with a table of rates which it shall adopt. The premium shall reflect the amount of insurance to be provided and the age and class of risk of each insured, but shall not reflect any changes in the health of the insured after the original policy was last underwritten.

(iii) Any alternative policy issued by the Association shall provide coverage of a type similar to that of the policy issued by the impaired or insolvent insurer, as determined by the Association.

(f) If the Association elects to reissue terminated coverage at a premium rate different from that charged under the terminated policy, the premium shall be set by the Association in accordance with the amount of insurance provided and the age and class of risk, subject to approval of the Director or by a court of competent jurisdiction.

(g) The Association's obligations with respect to coverage under any policy of the impaired or insolvent insurer or under any reissued or alternative policy shall cease on the date such coverage or policy is replaced by another similar policy by the policyholder, the insured, or the Association.

(4) When proceeding under subparagraph (2)(b) of this Section with respect to any policy or contract carrying guaranteed minimum interest rates, the Association shall assure the payment or crediting of a rate of interest consistent with subparagraph (2)(b)(iii)(B) of Section 531.03.

(5) Nonpayment of premiums thirty-one days after the date required under the terms of any guaranteed, assumed, alternative or reissued policy or contract or substitute coverage shall terminate the Association's obligations under such policy or coverage under this Act with respect to such policy or coverage, except with respect to any claims incurred or any net cash surrender value which may be due in accordance with the provisions of this Act.

(6) Premiums due for coverage after entry of an order of liquidation of an insolvent insurer shall belong to and be payable at the direction of the Association, and the Association shall be liable for unearned premiums due to policy or contract owners arising after the entry of such order.

(7) (a) In carrying out its duties under subsection (2), permanent policy liens, or contract liens, may be imposed in connection with any guarantee, assumption or reinsurance agreement, if the court:

(i) Finds that the amounts which can be assessed under this Act are less than the amounts needed to assure full and prompt performance of the insolvent insurer's contractual obligations, or that the economic or financial conditions as they affect member insurers are sufficiently adverse to render the imposition of policy or contract liens, to be in the public interest; and

(ii) Approves the specific policy liens or contract liens to be used.
(b) Before being obligated under subsection (2) the Association may request that there be imposed temporary moratoriums or liens on payments of cash values and policy loans in addition to any contractual provisions for deferral of cash or policy loan values, and such temporary moratoriums and liens may be imposed if they are approved by the court.

(8) There shall be no liability on the part of and no cause of action shall arise against the Association or against any transferee from the Association in connection with the transfer by reinsurance or otherwise of all or any part of an impaired or insolvent insurer's business by reason of any action taken or any failure to take any action by the impaired or insolvent insurer at any time.

(9) If the Association fails to act within a reasonable period of time as provided in subsection (2) of this Section with respect to an insolvent insurer, the Director shall have the powers and duties of the Association under this Act with regard to such insolvent insurers.

(10) The Association or its designated representatives may render assistance and advice to the Director, upon his request, concerning rehabilitation, payment of claims, continuations of coverage, or the performance of other contractual obligations of any impaired or insolvent insurer.

(11) The Association has standing to appear before any court concerning all matters germane to the powers and duties of the Association, including, but not limited to, proposals for reinsuring or guaranteeing the covered policies of the impaired or insolvent insurer and the determination of the covered policies and contractual obligations.

(12) (a) Any person receiving benefits under this Article is deemed to have assigned the rights under the covered policy to the Association to the extent of the benefits received because of this Article whether the benefits are payments of contractual obligations or continuation of coverage. The Association may require an assignment to it of such rights by any payee, policy or contract owner, beneficiary, insured, certificate holder or annuitant as a condition precedent to the receipt of any rights or benefits conferred by this Article upon such person. The Association is subrogated to these rights against the assets of any insolvent insurer.

(b) The subrogation rights of the Association under this subsection have the same priority against the assets of the insolvent insurer as that possessed by the person entitled to receive benefits under this Article.

(13) The Association may:

(a) Enter into such contracts as are necessary or proper to carry out the provisions and purposes of this Article;

(b) Sue or be sued, including taking any legal actions necessary or proper for recovery of any unpaid assessments under Section 531.09. The Association shall not be liable for punitive or exemplary damages;

New matter indicated by italics - deletions by strikeout
(c) Borrow money to effect the purposes of this Article. Any notes or other evidence of indebtedness of the Association not in default are legal investments for domestic insurers and may be carried as admitted assets.

(d) Employ or retain such persons as are necessary to handle the financial transactions of the Association, and to perform such other functions as become necessary or proper under this Article.

(e) Negotiate and contract with any liquidator, rehabilitator, conservator, or ancillary receiver to carry out the powers and duties of the Association.

(f) Take such legal action as may be necessary to avoid payment of improper claims.

(g) Exercise, for the purposes of this Article and to the extent approved by the Director, the powers of a domestic life or health insurer, but in no case may the Association issue insurance policies or annuity contracts other than those issued to perform the contractual obligations of the impaired or insolvent insurer.

(h) Exercise all the rights of the Director under Section 193(4) of this Code with respect to covered policies after the association becomes obligated by statute.

(14) With respect to covered policies for which the Association becomes obligated after an entry of an order of liquidation or rehabilitation, the Association may elect to succeed to the rights of the insolvent insurer arising after the date of the order of liquidation or rehabilitation under any contract of reinsurance to which the insolvent insurer was a party, to the extent that such contract provides coverage for losses occurring after the date of the order of liquidation or rehabilitation. As a condition to making this election, the Association must pay all unpaid premiums due under the contract for coverage relating to periods before and after the date of the order of liquidation or rehabilitation.

PUBLIC ACT 93-0328

(House Bill No. 0231)

AN ACT to create the Local Legacy Act.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Local Legacy Act.

Section 5. Policy.
(a) Illinois has a rich natural and cultural heritage. Whether historic sites, natural areas, rich farmland, or other prized resources, every county has treasures worth preserving for future generations.

(b) As counties and municipalities grow, they often do not have the opportunity to consider which resources are most important to them. Consequently, they may inadvertently imperil a historic structure, sever a potential natural corridor, or fragment farmland into small and unsustainable remnants.

(c) It is necessary and desirable to provide technical assistance and funding in the form of grants to encourage partnerships between counties and municipalities for the creation of an inventory of their natural areas, farmland, and cultural assets and to develop a Resource Protection Plan for protecting those areas.

(d) It is the purpose of this Act to promote voluntary county-municipal partnerships in every county by the year 2020 that will inventory resources, develop Resource Protection Plans, and implement their respective plans.

Section 10. Definitions. In this Act:
"Board" means the Local Legacy Board created under this Act.
"Committee" means a Local Steering Committee established under this Act.
"Cultural resource" means a structure, building, district, or site that has aesthetic, architectural, cultural, archeological, or historical significance at the local, state, or national level.

"Farmland" means land devoted to agriculture or horticultural uses for the production of food (including grains, fruits, vegetables, dairy products, or mushrooms), fiber, floriculture, or forest products, or the raising of farm animals (including livestock, sheep, swine, horses, ponies, poultry, bees, or fish) or wildlife.

"Inventory" means a listing of a county's and its municipalities' natural areas, farmland, and cultural resources.

"Natural area" means an area of land or water that either retains or has recovered to a substantial degree its original natural or primeval character, though it need not be completely undisturbed, or has floral, faunal, ecological, geological, or archeological features of scientific, educational, recreational, scenic, or aesthetic interest.

"Program" means the Local Legacy Program.
"Resource", unless otherwise specified, means farmland, a natural area, or a cultural resource.

"Resource Protection Plan" means an integrated document that includes goals, policies, strategies, and procedures for preserving key farmland, natural areas, and cultural resources identified in a countywide inventory and adopted as provided in Section 30 of this Act.

Section 15. The Local Legacy Board. The Local Legacy Board is created to administer the Program under this Act. The membership of the Board shall be composed of the Director of Natural Resources, the Director of Historic Preservation, and the Director of Agriculture, or their respective designees. The Board must choose a Chairperson to serve for 2 years on a rotating basis. All members must be present for the Board to conduct official business. The Departments must each furnish technical support to the Board.

The Board has those powers necessary to carry out the purposes of this Act, including, without limitation, the power to:

1. employ agents and employees necessary to carry out the purposes of this Act and fix their compensation, benefits, terms, and conditions of employment;
2. adopt, alter and use a corporate seal;
3. have an audit made of the accounts of any grantee or any person or entity that receives funding under this Act;
4. enforce the terms of any grant made under this Act, whether in law or equity, or by any other legal means;
5. prepare and submit a budget and request for appropriations for the necessary and contingent operating expenses of the Board; and
6. receive and accept, from any source, aid or contributions of money, property, labor, or other items of value for furtherance of any of its purposes, subject to any conditions not inconsistent with this Act or with the laws of this State pertaining to those contributions, including, but not limited to, gifts, guarantees, or grants from any department, agency, or instrumentality of the United States of America.

The Board must adopt any rules, regulations, guidelines, and directives necessary to implement the Act, including guidelines for designing inventories so that they will be compatible with each other.

The Board must submit a report to the General Assembly and the Governor by January 1, 2005 and every 2 years thereafter regarding progress made towards accomplishing the purposes of this Act.

Section 20. Local Legacy Program. The Local Legacy Program is created. The Board shall determine the eligibility of county-municipal partnerships for funding under the Program. The purpose of the Program is to provide grants to counties and
municipalities to (i) inventory their natural areas, farmland, and cultural resources; and (ii) develop Resource Protection Plans.

Section 25. Local Steering Committee. Counties interested in assistance under this Act must form a steering committee consisting of 11 members in the following 3 categories chosen according to the following requirements:

(1) Three members of the county board appointed by the county board chairperson with the advice and consent of the county board.

(2) Three elected municipal officials chosen by the corporate authorities of those municipalities participating in the county-municipal partnership.

(3) Five public members who reside within the county and are appointed by a majority vote of the county board members and elected municipal officials on the Local Steering Committee, with one each representing the following categories:
(a) Agriculture.
(b) Environment.
(c) Historic preservation.
(d) Construction or development.
(e) Citizen-at-large.

When the Committee is first established, one-third of the members of each category shall serve a term of one year; one-third shall serve a term of 2 years; and one-third shall serve a term of 3 years, except for the public members, one of whom will serve for one year, 2 of whom shall serve for 2 years, and 2 of whom will serve for 3 years. All subsequent members shall serve for a term of 3 years. A vacancy shall be filled in the same manner as an original appointment.

The Chairperson shall be chosen for a term of 2 years from among the members of the Committee by a majority vote of the Committee; all members of the Committee including the Chairperson have a vote.

The Committee shall adopt its own rules of operation.

Section 30. Duties of the Local Steering Committee. The Local Steering Committee shall have the authority to apply for and receive grants to conduct an inventory and develop a Resource Protection Plan and to review all grant applications from units of local government before they are submitted to the Board.

The Local Steering Committee shall develop a strategy for conducting an inventory of natural areas, farmland, and cultural resources. The Committee shall determine which resources should be included in the inventory, the amount of financial and technical assistance needed from the State, what information is already available, who will conduct the inventory, how municipal and county efforts should be coordinated, and how to present the information so that it is compatible with inventories conducted by other county-municipal partnerships.
The Committee shall use the inventory as the basis for developing its Resource Protection Plan. Working with a professional planner or other resource specialist, the Committee shall develop criteria for prioritizing resources identified by the inventory. When prioritizing resources, the Committee shall analyze the threat to the resources using population projections, land use patterns, and development trends. Upon the approval of two-thirds of its members, with at least one member from each of the 3 categories voting in approval, the Committee shall recommend that the county board and the municipalities within the county adopt the Resource Protection Plan. Amendments to the Resource Protection Plan must be approved in the same manner. A local government may object to all or part of the Resource Protection Plan in writing. If a written objection is filed with the Committee, the portion of the Plan objected to shall not be effective within that local government's borders. The objecting local government may modify or withdraw its objection at any time.

Section 35. Local Legacy Fund. The Local Legacy Fund is created as a special fund in the State treasury. Subject to appropriation, moneys shall be transferred into the Local Legacy Fund from the General Revenue Fund. All interest or other earnings that accrue from investment of the Local Legacy Fund moneys shall be credited to the Local Legacy Fund. The Local Legacy Fund shall be used by the Board to make grants to counties and municipalities for inventorying and planning for preservation of farmland, natural areas, and cultural resources.

Section 40. Consideration of State grant awards. When approving grant awards under this Act, the Board or the State agency, as the case may be, shall give preferential consideration to counties and municipalities that have adopted Resource Protection Plans.

Section 90. The State Finance Act is amended by adding Section 5.595 as follows:

(30 ILCS 105/5.595 new)

Sec. 5.595. The Local Legacy Fund.
Sec. 16A-7. Civil Liability. (a) A person who commits the offense of retail theft as defined in Section 16A-3 paragraphs (a), (b), or (h) of this Code, shall be civilly liable to the merchant of the merchandise in an amount consisting of:

(i) actual damages equal to the full retail value of the merchandise as defined herein; plus

(ii) an amount not less than $100 nor more than $1,000; plus

(iii) attorney's fees and court costs.

(b) If a minor commits the offense of retail theft, the parents or guardian of said minor shall be civilly liable as provided in this Section; provided, however that a guardian appointed pursuant to the Juvenile Court Act or the Juvenile Court Act of 1987 shall not be liable under this Section. Total recovery under this Section shall not exceed the maximum recovery permitted under Section 5 of the "Parental Responsibility Law", approved October 6, 1969, as now or hereafter amended.

(c) A conviction or a plea of guilty to the offense of retail theft is not a prerequisite to the bringing of a civil suit hereunder.

(d) Judgments arising under this Section may be assigned.

AN ACT in relation to school impact fees.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Counties Code is amended by changing Sections 5-1041 and 5-1042 as follows:

(55 ILCS 5/5-1041) (from Ch. 34, par. 5-1041)

Sec. 5-1041. Maps, plats and subdivisions. A county board may prescribe, by resolution or ordinance, reasonable rules and regulations governing the location, width and course of streets and highways and of floodplain, stormwater and floodwater runoff channels and basins, and the provision of necessary public grounds for schools, public libraries, parks or playgrounds, in any map, plat or subdivision of any block, lot or sub-lot or any part thereof or any piece or parcel of land, not being within any city, village or incorporated town. The rules and regulations may include such reasonable requirements with respect to water supply and sewage collection and treatment as may be established by the Environmental Protection Agency, and such reasonable requirements with respect to

New matter indicated by italics - deletions by strikeout
floodplain and stormwater management as may be established by the County Stormwater Management Committee established under Section 5-1062 of this Code, and such reasonable requirements with respect to street drainage and surfacing as may be established by the county engineer or superintendent of highways and which by resolution shall be deemed to be the minimum requirements in the interest of the health, safety, education and convenience of the public of the county; and may provide by resolution that the map, plat or subdivision shall be submitted to the county board or to some officer to be designated by the county board for their or his approval. The county board shall have a qualified engineer make an estimate of the probable expenditures necessary to enable any person to conform with the standards of construction established by the board pursuant to the provisions of this Section. Except as provided in Section 3 of the Public Construction Bond Act, each person who seeks the county board's approval of a map, plat or subdivision shall post a good and sufficient cash bond, irrevocable letter of credit, surety bond, or other adequate security with the county clerk, in a penal sum sufficient to cover the estimate of expenditures made by the estimating engineer. The cash bond, irrevocable letter of credit, surety bond, or other adequate security shall be conditioned upon faithful adherence to the rules and regulations of the county board promulgated pursuant to the authorization granted to it by this Section or by Section 5-1062 of this Code, and in such cases no such map, plat or subdivision shall be entitled to record in the proper county or have any validity until it has been so approved. If the county board requires a cash bond, letter of credit, surety, or any other method to cover the costs and expenses and to insure completion of the requirements, the requirements shall be subject to the provisions of Section 5-1123 of this Code. This Section is subject to the provisions of Section 5-1123.

The county board may, by resolution, provide a schedule of fees sufficient to reimburse the county for the costs incurred in reviewing such maps, plats and subdivisions submitted for approval to the county board. The fees authorized by this Section are to be paid into the general corporate fund of the county by the party desiring to have the plat approved.

For purposes of implementing ordinances regarding developer donations or impact fees and only for the purpose of expenditures thereof, "public grounds for schools" is defined as including land or site improvements, which include school buildings or other infrastructure necessitated and specifically and uniquely attributable to the development or subdivision in question. This amendatory Act of the 93rd General Assembly applies to all impact fees or developer donations paid into a school district or held in a separate account or escrow fund by any school district or county for a school district.

No officer designated by a county board for the approval of plats shall engage in the business of surveying, and no map, plat or subdivision shall be received for record or have any validity which has been prepared by or under the direction of such plat officer.
It is the intention of this amendatory Act of 1990 to repeal the language added to Section 25.09 of "An Act to revise the law in relation to counties", approved March 31, 1874, by P.A. 86-614, Section 25.09 of that Act being the predecessor of this Section.

The plan, as recommended by the plan commission and as thereafter adopted in any municipality in this state, may be made applicable, by the terms thereof, to land situated within the corporate limits and contiguous territory not more than one and one-half miles beyond the corporate limits and not included in any municipality. AN ACT concerning human resources.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Workforce Investment Board Act is amended by changing Section 4.5 as follows:

(20 ILCS 3975/4.5)
Sec. 4.5. Duties.
(a) The Board must perform all the functions of a state workforce investment board under the federal Workforce Investment Act of 1998, any amendments to that Act, and any other applicable federal statutes. The Board must also perform all other functions that are not inconsistent with the federal Workforce Investment Act of 1998 or this Act and that are assumed by the Board under its bylaws or assigned to it by the Governor.

(b) The Board must cooperate with the General Assembly and make recommendations to the Governor and the General Assembly concerning legislation necessary to improve upon statewide and local workforce investment systems in order to increase occupational skill attainment, employment, retention, or earnings of participants and thereby improve the quality of the workforce, reduce welfare dependency, and enhance the productivity and competitiveness of the State. The Board must annually submit a report to the General Assembly on the progress of the State in achieving state performance measures under the federal Workforce Investment Act of 1998, including information on the levels of performance achieved by the State with respect to the core indicators of performance and the customer satisfaction indicator under that Act. Indebtedness of the Northwest Park District in the amount of $1,283,876.09 existing by reason of unauthorized expenditure for corporate purposes of money received from the proceeds of the sale of its bonds issued and sold for park improvements.

Refunding bonds may be issued to refund any of said bonds prior to their maturity; to refund any of said bonds that have matured; to refund any matured coupons evidencing interest on any of said bonds; to refund any of said bonds which by their terms are subject to redemption before maturity; to refund any of said bonds and interest coupons that were paid at maturity from bond and/or corporate funds to avoid default thereof where such bonds and interest coupons shall not have been cancelled and such funds shall not have been reimbursed; and to refund interest at the coupon rate upon any of said matured bonds that has accrued since the maturity date thereof.

The refunding of bonds, of interest coupons and/or of interest not represented by coupons may be authorized by one ordinance or by several ordinances.
Refunding bonds may be exchanged on the basis of par for par for the bonds, interest not represented by coupons and/or interest coupons refunded, or refunding bonds may be sold at not less than their par value and the proceeds received shall be used to pay the bonds, interest not represented by coupons and/or interest coupons refunded; such payment may be made without any prior appropriation thereof under any budget law.

Bonds and interest coupons refunded shall be cancelled and interest not represented by coupons shall be cancelled and payment thereof evidenced by written acknowledgment.

Funding bonds may be issued to fund the floating and unfunded indebtedness of the superseded park districts and to reimburse the special funds of the West Chicago Park District and the bond proceeds fund of the Northwest Park District hereinafter described.

Funding bonds may be exchanged on the basis of par for par for the indebtedness funded or reimbursed or the funding bonds may be sold at not less than their par value and the proceeds received shall be used to pay such floating indebtedness and/or to reimburse such special funds; such payment may be made without any prior appropriation thereof under any budget law.

Floating indebtedness funded shall be cancelled and payment thereof and reimbursement of special funds shall be evidenced by written acknowledgment.

Refunding and/or funding bonds shall be authorized by ordinance and may be made registerable as to principal and shall be of the form and denomination, payable at the place and bear such date as may be determined by the commissioners and shall mature within not to exceed 20 twenty years from their date or, for bonds issued after the effective date of this amendatory Act of the 93rd General Assembly, within not to exceed 30 years from their date, but may be made callable on any interest payment date at the price of par and accrued interest after notice shall be given by publication or otherwise and at the time or times and in the manner as may be provided in the bond ordinance. Such bonds may bear interest at the rate of not to exceed six per cent per annum payable at the time and place provided in the bond ordinance.

The ordinance authorizing such refunding and/or funding bonds of any superseded park district shall prescribe all details thereof and shall provide for the levy and collection of an annual tax upon all the taxable property within the superseded park district sufficient to pay the principal thereof and interest thereon as it matures which tax shall be in addition to and exclusive of the maximum of all other taxes authorized to be levied by said commissioners.

A duly certified copy of the bond ordinance shall be filed in the office of the County Clerk of Cook County and shall constitute authority for the extension and collection of such bond and interest taxes as required by the constitution.

Refunding and funding bonds shall be signed by the facsimile signature of the president with like effect as if signed with his genuine signature and shall be signed by
such other officers of the Chicago Park District as may be designated in the bond ordinance.

The validity of any refunding and funding bonds shall remain unimpaired although one or more of the officers executing same shall have ceased to be such officer or officers before delivery thereof.

Prior to the maturity of the refunding and/or funding bonds, after setting aside a sum of money equal to the amount of interest that will accrue thereon within the next six months period from the time it is proposed to purchase and/or redeem any such refunding and/or funding bonds, or the commissioners may require that said sum of money be equal to the amount of interest that will so accrue within the next twelve months period, the treasurer of the Chicago Park District shall use the money available from the proceeds of taxes levied for the payment of the refunding and/or funding bonds, first, in the purchase of such refunding and/or funding bonds at the lowest price obtainable, but not to exceed their par value and accrued interest, after sealed tenders for such purchase shall have been advertised for as may be directed by the commissioners thereof and thereafter such money shall be used by said official in calling said bonds for payment, if, by their terms, they are subject to redemption.

Refunding and funding bonds called for payment and paid or purchased shall be marked paid and cancelled.

Whenever refunding or funding bonds are purchased and/or redeemed and cancelled, the taxes thereafter to be extended for payment of interest shall be reduced in an amount equal to the interest that thereafter would have accrued upon such refunding and funding bonds so cancelled and a resolution shall be adopted by the commissioners finding such facts and a certified copy thereof shall be filed in the office of the county clerk of Cook County whereupon it shall be the duty of such official to reduce and extend such tax levies in accordance therewith.

After bonds are refunded proper reduction of taxes theretofore levied for the payment of the bonds refunded and next to be extended for collection shall be made by the County Clerk upon receipt of a certificate signed by the secretary of the Chicago Park District describing the bonds refunded and amount thereof and the tax to be abated.

Money available from uncollected taxes levied for prior years for payment of bonds and/or interest coupons that have been paid or refunded, after payment of all warrants that may have been issued in anticipation of such taxes shall be placed in the Sinking Fund Account hereinafter designated and used to purchase, call for payment or to pay at maturity such refunding bonds and interest thereon as herein provided.

Money received from the proceeds of taxes levied for the payment of principal of and interest upon such refunding and funding bonds shall be deposited in the depositary bank or savings and loan association of the Chicago Park District in a special account designated as "Chicago Park District and Superseded Park Districts Bond and Interest
Sinking Fund Account." Said money shall be faithfully applied to the payment of the refunding and/or funding bonds and interest thereon for which such taxes were levied.

If such money is not immediately necessary for the payment or redemption of refunding and/or funding bonds or if such bonds cannot be purchased before maturity, then said money may be invested under the direction of the commissioners in bonds or other interest bearing obligations of the United States and bonds of the State of Illinois.

The maturity date of the invested securities shall be prior to the due date of the refunding and/or funding bonds for the payment of which said money was collected. Such securities may be sold when ordered by the commissioners if necessary to obtain cash to meet bond and interest payments.

The commissioners of the Chicago Park District are authorized to take any action that may be necessary to inform the owners of such outstanding bonds and floating indebtedness of the financial condition of the superseded park districts and the necessity of refunding said outstanding bonds and readjusting their maturities and funding such floating indebtedness in order that sufficient taxes may be collected to take care of all financial obligations. Said commissioners may enter into such agreements as may be deemed essential to prepare and complete any refunding and funding plan and are authorized, without previous appropriation therefor under any budget law, to incur and pay from any available revenues all expenditures necessary to complete the refunding of such bonds and the funding of such floating indebtedness of the superseded park districts and reestablish the credit of the Chicago Park District.

The outstanding indebtedness of the several superseded park districts as evidenced by their official records and described in this section is declared to be the legal and binding obligation of said several superseded park districts in the amounts therein described, respectively, and when refunding and/or funding bonds shall have been issued in lieu thereof, such bonds will constitute the legal and binding obligation of the superseded park districts, respectively, for the payment of which all taxable property therein will be liable.

Nothing herein contained shall prevent the commissioners of the Chicago Park District from accepting the provisions of and issuing funding and refunding bonds under "An Act authorizing the Chicago Park District to assume and become liable for the payment of certain indebtedness of superseded park districts and to issue its bonds to refund and/or fund same, legalizing such indebtedness and providing for the levy and collection of taxes for the payment of such bonds," enacted at the regular session of the 59th General Assembly.

such vehicle, including 2 separate means of applying the brakes, each of which means shall be effective to apply the brakes to at least one wheel on a motorcycle and at least 2 wheels on all other first division and second division vehicles. If these 2 separate means of applying the brakes are connected in any way, they shall be so constructed that failure of any one part of the operating mechanism shall not leave the motor vehicle without brakes.

2. Every motor-driven cycle when operated upon a highway shall be equipped with at least one brake which may be operated by hand or foot.

3. Every antique vehicle shall be equipped with the brakes of the same type originally installed by the manufacturer as original equipment and in working order.

4. Except as provided in paragraph 4.1, every trailer or semitrailer of a gross weight of over 3,000 pounds, when operated upon a highway must be equipped with brakes adequate to control the movement of, to stop and to hold such vehicle, and designed so as to be operable by the driver of the towing vehicle from its cab. 4.1. Every boat trailer of a gross weight of over 3,000 pounds, when operated upon a highway, must be equipped with brakes adequate to control the movement of, to stop, and to hold that boat trailer. The brakes must be designed to ensure that, in case of an accidental breakaway of a towed boat trailer over 5,000 pounds, the brakes are automatically applied.

5. Every motor vehicle, trailer, pole trailer or semitrailer, sold in this State or operated upon the highways shall be equipped with service brakes upon all wheels of every such vehicle, except any motor-driven cycle, and except that any trailer, pole trailer or semitrailer 3,000 pounds gross weight or less need not be equipped with brakes, and except that any trailer or semitrailer with gross weight over 3,000 pounds but under 5,001 pounds need be equipped with brakes on only one wheel on each side of the vehicle. Any motor vehicle and truck tractor having 3 or more axles and manufactured prior to July 25, 1980 need not have brakes on the front wheels, except when such vehicles are equipped with at least 2 steerable axles, the wheels of one such axle need not be equipped with brakes. However, a vehicle that is more than 30 years of age and which is driven on the highways only in going to and returning from an antique auto show or for servicing or for a demonstration need be equipped with 2 wheel brakes only.

(b) Performance ability of brakes.

1. The service brakes upon any motor vehicle or combination of vehicles operating on a level surface shall be adequate to stop such vehicle or

2. Under the above conditions the hand brake shall be adequate to stop such vehicle or vehicles, except any motorcycle, within a distance of 55 feet and the hand brake shall be adequate to hold such vehicle or vehicles stationary on any grade upon which operated.

3. Under the above conditions the service brakes upon an antique vehicle shall be adequate to stop the vehicle within a distance of 40 feet and the hand brake adequate to stop the vehicle within a distance of 55 feet.

4. All braking distances specified in this Section apply to all vehicles mentioned, whether such vehicles are unloaded or are loaded to the maximum capacity permitted under this Act.

5. All brakes shall be maintained in good working order and shall be so adjusted as to operate as equally as practicable with respect to the wheels on opposite sides of the vehicle.

6. Brake assembly requirements for mobile homes shall be the standards required by the United States Department of Housing and Urban Development adopted under Title VI of the Housing and Community Development Act of 1974.

(c) For purposes of this Section, a custom vehicle or street rod is considered to be in compliance with all brake equipment requirements if it has passed the approved vehicle safety inspection provided for in Section 3-804.1 or 3-804.2.

Sec. 1-119. Qualified Illinois Domestic Relations Orders.

(a) For the purposes of this Section:

(1) "Alternate payee" means the spouse, former spouse, child, or other dependent of a member, as designated in a QILDRO.

(2) "Death benefit" means any nonperiodic benefit payable upon the death of a member to a survivor of the member or to the member's estate or designated beneficiary, including any refund of contributions following the

New matter indicated by italics - deletions by strikeout
member's death, whether or not the benefit is so called under the applicable Article of this Code.

(3) "Disability benefit" means any periodic or nonperiodic benefit payable to a disabled member based on occupational or nonoccupational disability or disease, including any periodic or nonperiodic increases in the benefit, whether or not the benefit is so called under the applicable Article of this Code.

(4) "Member" means any person who participates in or has service credits in a retirement system, including a person who is receiving or is eligible to receive a retirement or disability benefit, without regard to whether the person has withdrawn from service.

(5) "Member's refund" means a return of all or a portion of a member's contributions that is elected by the member (or provided by operation of law) and is payable before the member's death.

(6) "Qualified Illinois Domestic Relations Order" or "QILDRO" means an Illinois court order that creates or recognizes the existence of an alternate payee's right to receive all or a portion of a member's accrued benefits in a retirement system, is issued pursuant to this Section and Section 503(b)(2) of the Illinois Marriage and Dissolution of Marriage Act, and meets the requirements of this Section. A QILDRO is not the same as a qualified domestic relations order or QDRO issued pursuant to Section 414(p) of the Internal Revenue Code of 1986. The requirements of paragraphs (2) and (3) of that Section do not apply to orders issued under this Section and shall not be deemed a guide to the interpretation of this Section; a QILDRO is intended to be a domestic relations order within the meaning of paragraph (11) of that Section.

(7) "Regular payee" means the person to whom a benefit would be payable in the absence of an effective QILDRO.

(8) "Retirement benefit" means any periodic or nonperiodic benefit payable to a retired member based on age or service, or on the amounts accumulated to the credit of the member for retirement purposes, including any periodic or nonperiodic increases in the benefit, whether or not the benefit is so called under the applicable Article of this Code.

(9) "Retirement system" or "system" means any retirement system, pension fund, or other public employee retirement benefit plan that is maintained or established under any of Articles 2 through 18 of this Code.

(10) "Surviving spouse" means the spouse of a member at the time of the member's death.

(11) "Survivor's benefit" means any periodic benefit payable to a surviving spouse, child, parent, or other survivor of a deceased member,

New matter indicated by italics - deletions by strikeout
including any periodic or nonperiodic increases in the benefit, whether or not the
test is so called under the applicable Article of this Code.

(b) (1) An Illinois court of competent jurisdiction in a proceeding for declaration
of invalidity of marriage, legal separation, or dissolution of marriage that provides for the
distribution of property, or any proceeding to amend or enforce such a property
distribution, may order that all or any part of any (i) retirement benefit or (ii) member's
refund payable to or on behalf of the member be instead paid by the retirement system to a
designated alternate payee.

(2) An order issued under this Section provides only for the diversion to an
alternate payee of certain benefits otherwise payable by the retirement system under the
provisions of this Code. The existence of a QILDRO shall not cause the retirement system
to pay any benefit, or any amount of benefit, to an alternate payee that would not have been
payable by the system to a regular payee in the absence of the QILDRO.

(3) A QILDRO shall not affect the vesting, accrual, or amount of any benefit, nor
the date or conditions upon which any benefit becomes payable, nor the right of the
member or the member's survivors to make any election otherwise authorized under this
Code, except as provided in subsections (i) and (j).

(4) A QILDRO shall not apply to or affect the payment of any survivor's benefit,
death benefit, disability benefit, life insurance benefit, or health insurance benefit.

(c) (1) A QILDRO must contain the name, residence address, and social security
number of the member and of the alternate payee and must identify the retirement system
to which it is directed and the court issuing the order.

(2) A QILDRO must specify each benefit to which it applies, and it must specify
the amount of the benefit to be paid to the alternate payee, which in the case of a
nonperiodic benefit shall be expressed as a dollar amount (except that a nonperiodic
benefit payable to an alternate payee of a participant in the self-managed plan authorized
under Article 15 of this Code may be expressed as a dollar amount or as a percentage of
the participant's account), and in the case of a periodic benefit shall be expressed as a
dollar amount per month.

(3) With respect to each benefit to which it applies, a QILDRO must specify
when the order will take effect. In the case of a periodic benefit that is being paid at the
time the order is received, a QILDRO shall take effect immediately or on a specified later
date; if it takes effect immediately, it shall become effective on the first benefit payment
date occurring at least 30 days after the order is received by the retirement system. In the
case of any other benefit, a QILDRO shall take effect when the benefit becomes payable,
except that a lump-sum benefit payable to an alternate payee of a participant in the self-
managed plan authorized under Article 15 of this Code may be paid upon the request of the
alternate payee. However, in no event shall a QILDRO apply to any benefit paid by the
retirement system before or within 30 days after the order is received. A retirement system
may adopt rules to prorate the amount of the first and final periodic payments to an alternate payee.

(4) A QILDRO must also contain any provisions required under subsection (n) or (p).

(d) (1) An order issued under this Section shall not be implemented unless a certified copy of the order has been filed with the retirement system. The system shall promptly notify the member and the alternate payee by first class mail of its receipt of the order.

(2) Neither the retirement system, nor its board, nor any of its employees shall be liable to the member, the regular payee, or any other person for any amount of a benefit that is paid in good faith to an alternate payee in accordance with a QILDRO.

(3) At the time the order is submitted to the retirement system, it shall be accompanied by a nonrefundable $50 processing fee payable to the retirement system, to be used by the system to defer any administrative costs arising out of the implementation of the QILDRO.

(e) (1) Each alternate payee is responsible for maintaining a current residence address on file with the retirement system. The retirement system shall have no duty to attempt to locate any alternate payee by any means other than sending written notice to the last known address of the alternate payee on file with the system.

(2) In the event that the system cannot locate an alternate payee when a benefit becomes payable, the system shall hold the amount of the benefit payable to the alternate payee and make payment to the alternate payee if he or she is located within the following 180 days. If the alternate payee has not been located within 180 days from the date the benefit becomes payable, the system shall pay the benefit and the amounts held to the regular payee. If the alternate payee is subsequently located, the system shall thereupon implement the QILDRO, but the interest of the alternate payee in any amounts already paid to the regular payee shall be extinguished. Amounts held under this subsection shall not bear interest.

(f) (1) If the amount of a benefit that is specified in a QILDRO for payment to an alternate payee exceeds the actual amount of that benefit payable by the retirement system, the excess shall be disregarded. The retirement system shall have no liability to any alternate payee or any other person for the disregarded amounts.

(2) In the event of multiple QILDROs against a member, the retirement system shall honor all of the QILDROs to the extent possible. However, if the total amount of a benefit to be paid to alternate payees under all QILDROs in effect against the member exceeds the actual amount of that benefit payable by the system, the QILDROs shall be satisfied in the order of their receipt by the system until the amount of the benefit is exhausted, and shall not be adjusted pro rata. Any amounts that cannot be paid due to exhaustion of the benefit shall remain unpaid, and the retirement system shall have no liability to any alternate payee or any other person for such amounts.

New matter indicated by Italics - deletions by strikeout
(3) A modification of a QILDRO shall be filed with the retirement system in the same manner as a new QILDRO. A modification that does not increase the amount of any benefit payable to the alternate payee, and does not expand the QILDRO to affect any benefit not affected by the unmodified QILDRO, does not affect the priority of payment under subdivision (f)(2); the priority of payment of a QILDRO that has been modified to increase the amount of any benefit payable to the alternate payee, or to expand the QILDRO to affect a benefit not affected by the unmodified QILDRO, shall be based on the date on which the system receives the modification of the QILDRO.

(g) (1) Upon the death of the alternate payee under a QILDRO, the QILDRO shall expire and cease to be effective, and in the absence of another QILDRO, the right to receive any affected benefit shall revert to the regular payee.

(2) All QILDROs relating to a member's participation in a particular retirement system shall expire and cease to be effective upon the issuance of a member's refund that terminates the member's participation in that retirement system, without regard to whether the refund was paid to the member or to an alternate payee under a QILDRO. An expired QILDRO shall not be automatically revived by any subsequent return by the member to service under that retirement system.

(h) (1) Within 45 days after receiving a subpoena from any party to a proceeding for declaration of invalidity of marriage, legal separation, or dissolution of marriage in which a QILDRO may be issued, or after receiving a request from the member, a retirement system shall issue a statement of a member's accumulated contributions, accrued benefits, and other interests in the plan administered by the retirement system based on the data on file with the system on the date the subpoena is received, and of any relevant procedures, rules, or modifications to the model QILDRO form that have been adopted by the retirement system.

(2) In no event shall the retirement system be required to furnish to any person an actuarial opinion as to the present value of the member's benefits or other interests.

(3) The papers, entries, and records, or parts thereof, of any retirement system may be proved by a copy thereof, certified under the signature of the secretary of the system or other duly appointed keeper of the records of the system and the corporate seal, if any.

(i) In a retirement system in which a member or beneficiary is required to apply to the system for payment of a benefit, the required application may be made by an alternate payee who is entitled to all of that benefit under a QILDRO, provided that all other qualifications and requirements have been met. However, the alternate payee may not make the required application for a member's refund or a retirement benefit if the member is in active service or below the minimum age for receiving an undiscounted retirement annuity in the retirement system that has received the QILDRO or in any other retirement system in which the member has creditable service and in which the member's rights under

the Retirement Systems Reciprocal Act would be affected as a result of the alternate payee's application for a member's refund or retirement benefit.

(j) (1) So long as there is in effect a QILDRO relating to a member's retirement benefit, the affected member may not elect a form of payment that has the effect of diminishing the amount of the payment to which any alternate payee is entitled, unless the alternate payee has consented to the election in writing and this consent has been filed with the retirement system.

(2) If a member attempts to make an election prohibited under subdivision (j)(1), the retirement system shall reject the election and advise the member of the need to obtain the alternate payee's consent.

(3) If a retirement system discovers that it has mistakenly allowed an election prohibited under subdivision (j)(1), it shall thereupon disallow that election and recalculate any benefits affected thereby. If the system determines that an amount paid to a regular payee should have been paid to an alternate payee, the system shall, if possible, recoup the amounts as provided in subsection (k) of this Section.

(k) In the event that a regular payee or an alternate payee is overpaid, the retirement system shall recoup the amounts by deducting the overpayment from future payments and making payment to the other payee. The system may make deductions for recoupment over a period of time in the same manner as is provided by law or rule for the recoupment of other amounts incorrectly disbursed by the system in instances not involving a QILDRO. The retirement system shall incur no liability to either the alternate payee or the regular payee as a result of any payment made in good faith, regardless of whether the system is able to accomplish recoupment.

(l) (1) A retirement system that has, before the effective date of this Section, received and implemented a domestic relations order that directs payment of a benefit to a person other than the regular payee may continue to implement that order, and shall not be liable to the regular payee for any amounts paid in good faith to that other person in accordance with the order.

(2) A domestic relations order directing payment of a benefit to a person other than the regular payee that was issued by a court but not implemented by a retirement system prior to the effective date of this Section shall be void. However, a person who is the beneficiary or alternate payee of a domestic relations order that is rendered void under this subsection may petition the court that issued the order for an amended order that complies with this Section.

(m) (1) In accordance with Article XIII, Section 5 of the Illinois Constitution, which prohibits the impairment or diminishment of benefits granted under this Code, a QILDRO issued against a member of a retirement system established under an Article of this Code that exempts the payment of benefits or refunds from attachment, garnishment, judgment or other legal process shall not be effective without the written consent of the member if the member began participating in the retirement system on or before the

effective date of this Section. That consent must specify the retirement system, the court case number, and the names and social security numbers of the member and the alternate payee. The consent must accompany the QILDRO when it is filed with the retirement system, and must be in substantially the following form:

**CONSENT TO ISSUANCE OF QILDRO**

Court Case Number: ....................
Member's Social Security Number: ....................
Alternate payee's Social Security Number: ....................

I, (name), a member of the (retirement system), hereby consent to the issuance of a Qualified Illinois Domestic Relations Order. I understand that under the Order, certain benefits that would otherwise be payable to me, or to my surviving spouse or estate, will instead be payable to (name of alternate payee). I also understand that my right to elect certain forms of payment of my retirement benefit or member's refund may be limited as a result of the Order.

DATED: ....................
SIGNED: ....................

(2) A member's consent to the issuance of a QILDRO shall be irrevocable, and shall apply to any QILDRO that pertains to the alternate payee and retirement system named in the consent.

(n) An order issued under this Section shall be in substantially the following form (omitting any provisions that are not applicable):

**QUALIFIED ILLINOIS DOMESTIC RELATIONS ORDER**

THIS CAUSE coming before the Court for the purpose of the entry of a Qualified Illinois Domestic Relations Order under the provisions of Section 1-119 of the Illinois Pension Code, the Court having jurisdiction over the parties and the subject matter hereof; the Court finding that one of the parties to this proceeding is a member of a retirement system subject to Section 1-119 of the Illinois Pension Code, this Order is entered to implement a division of that party's interest in the retirement system; and the Court being fully advised;

IT IS HEREBY ORDERED AS FOLLOWS:

(1) The definitions and other provisions of Section 1-119 of the Illinois Pension Code are adopted by reference and made a part of this Order.

(2) Identification of Retirement System and parties: Retirement System: (name and address)
Member: (name, residence address and social security number)
Alternate payee: (name, residence address and social security number)

(3) The Retirement System shall pay the indicated amounts of the following specified benefits to the alternate payee under the following terms and conditions:

(i) Of the member's retirement benefit, the Retirement System shall pay to the alternate payee $...... per month, beginning (if the benefit is already being
paid, either immediately or on a specified later date; otherwise, on the date the retirement benefit commences), and ending upon the termination of the retirement benefit or the death of the alternate payee, whichever occurs first.

(ii) Of any member's refund that becomes payable, the Retirement System shall pay to the alternate payee $...... when the member's refund becomes payable.

(4) In accordance with subsection (j) of Section 1-119 of the Illinois Pension Code, so long as this QILDRO is in effect, the member may not elect a form of payment of the retirement benefit that has the effect of diminishing the amount of the payment to which the alternate payee is entitled, unless the alternate payee has consented to the election in writing and this consent has been filed with the retirement system.

(5) If the member began participating in the Retirement System before the effective date of this Section, this Order shall not take effect unless accompanied by the written consent of the member as required under subsection (m) of Section 1-119 of the Illinois Pension Code.

(6) The Court retains jurisdiction to modify this Order.

DATED:....................
SIGNED:......................

(o) (1) A court in Illinois that has issued a QILDRO shall retain jurisdiction of all issues relating to the modification of the QILDRO. The Administrative Review Law and the rules adopted pursuant thereto shall govern and apply to all proceedings for judicial review of final administrative decisions of the board of trustees of the retirement system arising under this Section.

(2) The term "administrative decision" is defined as in Section 3-101 of the Code of Civil Procedure. The venue for review under the Administrative Review Law shall be the same as is provided by law for judicial review of other administrative decisions of the retirement system.

(p) (1) Each retirement system may adopt any procedures or rules that it deems necessary or useful for the implementation of this Section.

(2) Each retirement system may by rule modify the model QILDRO form provided in subsection (n) or require that additional information be included in QILDROs presented to the system, as may be necessary to meet the needs of the retirement system.

payroll voucher certified by an employer and drawn by the State Comptroller upon the State Treasurer or by an employer upon trust, federal or other funds, or (B) is on a leave of absence without pay. Employment which is irregular, intermittent or temporary shall not be considered continuous for purposes of this paragraph.

However, a person is not an "employee" if he or she:

1. is a student enrolled in and regularly attending classes in a college or university which is an employer, and is employed on a temporary basis at less than full time;
2. is currently receiving a retirement annuity or a disability retirement annuity under Section 15-153.2 from this System;
3. is on a military leave of absence;
4. is eligible to participate in the Federal Civil Service Retirement System and is currently making contributions to that system based upon earnings paid by an employer;
5. is on leave of absence without pay for more than 60 days immediately following termination of disability benefits under this Article;
6. is hired after June 30, 1979 as a public service employment program participant under the Federal Comprehensive Employment and Training Act and receives earnings in whole or in part from funds provided under that Act; or
7. is employed on or after July 1, 1991 to perform services that are excluded by subdivision (a)(7)(f) or (a)(19) of Section 210 of the federal Social Security Act from the definition of employment given in that Section (42 U.S.C. 410).
or
8. participates in an optional program for part-time workers under Section 15-158.1.

(b) Any employer may, by filing a written notice with the board, exclude from the definition of "employee" all persons employed pursuant to a federally funded contract entered into after July 1, 1982 with a federal military department in a program providing training in military courses to federal military personnel on a military site owned by the United States Government, if this exclusion is not prohibited by the federally funded contract or federal laws or rules governing the administration of the contract.

(c) Any person appointed by the Governor under the Civil Administrative Code of the State is an employee, if he or she is a participant in this system on the effective date of the appointment.

(d) A participant on lay-off status under civil service rules is considered an employee for not more than 120 days from the date of the lay-off.
(e) A participant is considered an employee during (1) the first 60 days of disability leave, (2) the period, not to exceed one year, in which his or her eligibility for disability benefits is being considered by the board or reviewed by the courts, and (3) the period he or she receives disability benefits under the provisions of Section 15-152,
workers' compensation or occupational disease benefits, or disability income under an insurance contract financed wholly or partially by the employer.

(f) Absences without pay, other than formal leaves of absence, of less than 30 calendar days, are not considered as an interruption of a person's status as an employee. If such absences during any period of 12 months exceed 30 work days, the employee status of the person is considered as interrupted as of the 31st work day.

(g) A staff member whose employment contract requires services during an academic term is to be considered an employee during the summer and other vacation periods, unless he or she declines an employment contract for the succeeding academic term or his or her employment status is otherwise terminated, and he or she receives no earnings during these periods.

(h) An individual who was a participating employee employed in the fire department of the University of Illinois's Champaign-Urbana campus immediately prior to the elimination of that fire department and who immediately after the elimination of that fire department became employed by the fire department of the City of Urbana or the City of Champaign shall continue to be considered as an employee for purposes of this Article for so long as the individual remains employed as a firefighter by the City of Urbana or the City of Champaign. The individual shall cease to be considered an employee under this subsection (h) upon the first termination of the individual's employment as a firefighter by the City of Urbana or the City of Champaign.

(i) An individual who is employed on a full-time basis as an officer or employee of a statewide teacher organization that serves System participants or an officer of a national teacher organization that serves System participants may participate in the System and shall be deemed an employee, provided that (1) the individual has previously earned creditable service under this Article, (2) the individual files with the System an irrevocable election to become a participant, and (3) the individual does not receive credit for that employment under any other Article of this Code. An employee under this subsection (i) is responsible for paying to the System both (A) employee contributions based on the actual compensation received for service with the teacher organization and (B) employer contributions equal to the normal costs (as defined in Section 15-155) resulting from that service; all or any part of these contributions may be paid on the employee's behalf or picked up for tax purposes (if authorized under federal law) by the teacher organization.

A person who is an employee as defined in this subsection (i) may establish service credit for similar employment prior to becoming an employee under this subsection by paying to the System for that employment the contributions specified in this subsection, plus interest at the effective rate from the date of service to the date of payment. However, credit shall not be granted under this subsection for any such prior employment for which the applicant received credit under any other provision of this Code, or during which the applicant was on a leave of absence under Section 15-113.2.
Sec. 15-112. Final rate of earnings. "Final rate of earnings": For an employee who is paid on an hourly basis or who receives an annual salary in installments during 12 months of each academic year, the average annual earnings during the 48 consecutive calendar month period ending with the last day of final termination of employment or the 4 consecutive academic years of service in which the employee's earnings were the highest, whichever is greater. For any other employee, the average annual earnings during the 4 consecutive academic years of service in which his or her earnings were the highest. For an employee with less than 48 months or 4 consecutive academic years of service, the average earnings during his or her entire period of service. The earnings of an employee with more than 36 months of service prior to the date of becoming a participant are, for such period, considered equal to the average earnings during the last 36 months of such service. For an employee on leave of absence with pay, or on leave of absence without pay who makes contributions during such leave, earnings are assumed to be equal to the basic compensation on the date the leave began. For an employee on disability leave, earnings are assumed to be equal to the basic compensation on the date disability occurs or the average earnings during the 24 months immediately preceding the month in which disability occurs, whichever is greater.

For a participant who retires on or after the effective date of this amendatory Act of 1997 with at least 20 years of service as a firefighter or police officer under this Article, the final rate of earnings shall be the annual rate of earnings received by the participant on his or her last day as a firefighter or police officer under this Article, if that is greater than the final rate of earnings as calculated under the other provisions of this Section.

If a participant is an employee for at least 6 months during the academic year in which his or her employment is terminated, the annual final rate of earnings shall be 25% of the sum of (1) the annual basic compensation for that year, and (2) the amount earned during the 36 months immediately preceding that year, if this is greater than the final rate of earnings as calculated under the other provisions of this Section.

In the determination of the final rate of earnings for an employee, that part of an employee's earnings for any academic year beginning after June 30, 1997, which exceeds the employee's earnings with that employer for the preceding year by more than 20 percent shall be excluded; in the event that an employee has more than one employer this limitation shall be calculated separately for the earnings with each employer. In making such calculation, only the basic compensation of employees shall be considered, without regard to vacation or overtime or to contracts for summer employment.

The following are not considered as earnings in determining final rate of earnings: (1) severance or separation pay, (2) retirement pay, (3) payment for unused sick leave, and (4) payments from an employer for the period used in determining final rate of
earnings for any purpose other than (i) services rendered, (ii) leave of absence or vacation granted during that period, and (iii) vacation of up to 56 work days allowed upon termination of employment; except that, if the benefit has been collectively bargained between the employer and the recognized collective bargaining agent pursuant to the Illinois Educational Labor Relations Act, payment received during a period of up to 2 academic years for unused sick leave may be considered as earnings in accordance with the applicable collective bargaining agreement, subject to the 20% increase limitation of this Section. Any unused sick leave considered as earnings under this Section shall not be taken into account in calculating service credit under Section 15-113.4.

Intermittent periods of service shall be considered as consecutive in determining final rate of earnings.

Sec. 15-113.3. Service for periods of military service. "Service for periods of military service": Those periods, not exceeding 5 years, during which a person served in the armed forces of the United States, of which all but 2 years must have immediately followed a period of employment with an employer under this System or the State Employees' Retirement System of Illinois; provided that the person received a discharge other than dishonorable and again became an employee under this System within one year after discharge. However, for the up to 2 years of military service not immediately following employment, the applicant must make contributions to the System equal to (1) 8% of at the rates provided in Section 15-157 based upon the employee's basic compensation on the last date as a participating employee prior to such military service, or on the first date as a participating employee after such military service, whichever is greater, plus (2) an amount determined by the board to be equal to the employer's normal cost of the benefits accrued for such military service, plus (3) interest on items (1) and (2) at the effective rate from the later of the date of first membership in the System or the date of conclusion of military service to the date of payment. The change in the required contribution for purchased military credit made by this amendatory Act of 1993 does not entitle any person to a refund of contributions already paid. The contributions paid under this Section are not normal contributions as defined in Section 15-114 or additional contributions as defined in Section 15-115.

The changes to this Section made by this amendatory Act of 1991 shall apply not only to persons who on or after its effective date are in service under the System, but also to persons whose employment terminated prior to that date, whether or not the person is an annuitant on that date. In the case of an annuitant who applies for credit allowable under this Section for a period of military service that did not immediately follow employment, and who has made the required contributions for such credit, the annuity shall be recalculated to include the additional service credit, with the increase taking effect on the date the System received written notification of the annuitant's intent to purchase the credit,
if payment of all the required contributions is made within 60 days of such notice, or else on the first annuity payment date following the date of payment of the required contributions. In calculating the automatic annual increase for an annuity that has been recalculated under this Section, the increase attributable to the additional service allowable under this amendatory Act of 1991 shall be included in the calculation of automatic annual increases accruing after the effective date of the recalculation.

(a) Each person shall, as a condition of employment, become a participant and be subject to this Article on the date that he or she becomes an employee, makes an election to participate in, or otherwise becomes a participant in one of the retirement programs offered under this Article, whichever date is later.

An employee who becomes a participant shall continue to be a participant until he or she becomes an annuitant, dies or accepts a refund of contributions, except that a person shall not be deemed a participant while participating in an optional program for part-time workers established under Section 15-158.1.

(40 ILCS 5/15-136) (from Ch. 108 1/2, par. 15-136) Sec. 15-136. Retirement annuities - Amount. The provisions of this Section 15-136 apply only to those participants who are participating in the traditional benefit package or the portable benefit package and do not apply to participants who are participating in the self-managed plan.

(a) The amount of a participant's retirement annuity, expressed in the form of a single-life annuity, shall be determined by whichever of the following rules is applicable and provides the largest annuity:

Rule 1: The retirement annuity shall be 1.67% of final rate of earnings for each of the first 10 years of service, 1.90% for each of the next 10 years of service, 2.10% for each year of service in excess of 20 but not exceeding 30, and 2.30% for each year in excess of 30; or for persons who retire on or after January 1, 1998, 2.2% of the final rate of earnings for each year of service.

Rule 2: The retirement annuity shall be the sum of the following, determined from amounts credited to the participant in accordance with the actuarial tables and the prescribed rate of interest in effect at the time the retirement annuity begins:

(i) the normal annuity which can be provided on an actuarially equivalent basis, by the accumulated normal contributions as of the date the annuity begins; and

New matter indicated by italics - deletions by strikeout
(ii) an annuity from employer contributions of an amount equal to that which can be provided on an actuarially equivalent basis from the accumulated normal contributions made by the participant under Section 15-113.6 and Section 15-113.7 plus 1.4 times all other accumulated normal contributions made by the participant; and

(iii) the annuity that can be provided on an actuarially equivalent basis from the entire contribution made by the participant under Section 15-113.3.

With respect to a police officer or firefighter who retires on or after August 14, 1998, the accumulated normal contributions taken into account under clauses (i) and (ii) of this Rule 2 shall include the additional normal contributions made by the police officer or firefighter under Section 15-157(a).

The amount of a retirement annuity calculated under this Rule 2 shall be computed solely on the basis of the participant's accumulated normal contributions, as specified in this Rule and defined in Section 15-116. Neither an employee or employer contribution for early retirement under Section 15-136.2 nor any other employer contribution shall be used in the calculation of the amount of a retirement annuity under this Rule 2.

This amendatory Act of the 91st General Assembly is a clarification of existing law and applies to every participant and annuitant without regard to whether status as an employee terminates before the effective date of this amendatory Act.

Rule 3: The retirement annuity of a participant who is employed at least one-half time during the period on which his or her final rate of earnings is based, shall be equal to the participant's years of service not to exceed 30, multiplied by (1) $96 if the participant's final rate of earnings is less than $3,500, (2) $108 if the final rate of earnings is at least $3,500 but less than $4,500, (3) $120 if the final rate of earnings is at least $4,500 but less than $5,500, (4) $132 if the final rate of earnings is at least $5,500 but less than $6,500, (5) $144 if the final rate of earnings is at least $6,500 but less than $7,500, (6) $156 if the final rate of earnings is at least $7,500 but less than $8,500, (7) $168 if the final rate of earnings is at least $8,500 but less than $9,500, and (8) $180 if the final rate of earnings is $9,500 or more, except that the annuity for those persons having made an election under Section 15-154(a-1) shall be calculated and payable under the portable retirement benefit program pursuant to the provisions of Section 15-136.4.

Rule 4: A participant who is at least age 50 and has 25 or more years of service as a police officer or firefighter, and a participant who is age 55 or over and has at least 20 but less than 25 years of service as a police officer or firefighter, shall be entitled to a retirement annuity of 2 1/4% of the final rate of earnings for each of the first 10 years of service as a police officer or firefighter, 2 1/2% for each of the next 10 years of service as a police officer or firefighter, and 2 3/4% for each year of service as a police officer or firefighter in excess of 20. The retirement annuity for all other service shall be computed under Rule 1.
For purposes of this Rule 4, a participant's service as a firefighter shall also include the following:

(i) service that is performed while the person is an employee under subsection (h) of Section 15-107; and

(ii) in the case of an individual who was a participating employee employed in the fire department of the University of Illinois's Champaign-Urbana campus immediately prior to the elimination of that fire department and who immediately after the elimination of that fire department transferred to another job with the University of Illinois, service performed as an employee of the University of Illinois in a position other than police officer or firefighter, from the date of that transfer until the employee's next termination of service with the University of Illinois.

Rule 5: The retirement annuity of a participant who elected early retirement under the provisions of Section 15-136.2 and who, on or before February 16, 1995, brought administrative proceedings pursuant to the administrative rules adopted by the System to challenge the calculation of his or her retirement annuity shall be the sum of the following, determined from amounts credited to the participant in accordance with the actuarial tables and the prescribed rate of interest in effect at the time the retirement annuity begins:

(i) the normal annuity which can be provided on an actuarially equivalent basis, by the accumulated normal contributions as of the date the annuity begins; and

(ii) an annuity from employer contributions of an amount equal to that which can be provided on an actuarially equivalent basis from the accumulated normal contributions made by the participant under Section 15-113.6 and Section 15-113.7 plus 1.4 times all other accumulated normal contributions made by the participant; and

(iii) an annuity which can be provided on an actuarially equivalent basis from the employee contribution for early retirement under Section 15-136.2, and an annuity from employer contributions of an amount equal to that which can be provided on an actuarially equivalent basis from the employee contribution for early retirement under Section 15-136.2.

In no event shall a retirement annuity under this Rule 5 be lower than the amount obtained by adding (1) the monthly amount obtained by dividing the combined employee and employer contributions made under Section 15-136.2 by the System's annuity factor for the age of the participant at the beginning of the annuity payment period and (2) the amount equal to the participant's annuity if calculated under Rule 1, reduced under Section 15-136(b) as if no contributions had been made under Section 15-136.2.

With respect to a participant who is qualified for a retirement annuity under this Rule 5 whose retirement annuity began before the effective date of this amendatory Act of the 91st General Assembly, and for whom an employee contribution was made under

New matter indicated by italics - deletions by strikeout
Section 15-136.2, the System shall recalculate the retirement annuity under this Rule 5 and shall pay any additional amounts due in the manner provided in Section 15-186.1 for benefits mistakenly set too low.

The amount of a retirement annuity calculated under this Rule 5 shall be computed solely on the basis of those contributions specifically set forth in this Rule 5. Except as provided in clause (iii) of this Rule 5, neither an employee nor employer contribution for early retirement under Section 15-136.2, nor any other employer contribution, shall be used in the calculation of the amount of a retirement annuity under this Rule 5.

The General Assembly has adopted the changes set forth in Section 25 of this amendatory Act of the 91st General Assembly in recognition that the decision of the Appellate Court for the Fourth District in Mattis v. State Universities Retirement System et al. might be deemed to give some right to the plaintiff in that case. The changes made by Section 25 of this amendatory Act of the 91st General Assembly are a legislative implementation of the decision of the Appellate Court for the Fourth District in Mattis v. State Universities Retirement System et al. with respect to that plaintiff.

The changes made by Section 25 of this amendatory Act of the 91st General Assembly apply without regard to whether the person is in service as an employee on or after its effective date.

(b) The retirement annuity provided under Rules 1 and 3 above shall be reduced by 1/2 of 1% for each month the participant is under age 60 at the time of retirement. However, this reduction shall not apply in the following cases:

(1) For a disabled participant whose disability benefits have been discontinued because he or she has exhausted eligibility for disability benefits under clause (6) of Section 15-152;

(2) For a participant who has at least the number of years of service required to retire at any age under subsection (a) of Section 15-135; or

(3) For that portion of a retirement annuity which has been provided on account of service of the participant during periods when he or she performed the duties of a police officer or firefighter, if these duties were performed for at least 5 years immediately preceding the date the retirement annuity is to begin.

(c) The maximum retirement annuity provided under Rules 1, 2, 4, and 5 shall be the lesser of (1) the annual limit of benefits as specified in Section 415 of the Internal Revenue Code of 1986, as such Section may be amended from time to time and as such benefit limits shall be adjusted by the Commissioner of Internal Revenue, and (2) 80% of final rate of earnings.

(d) An annuitant whose status as an employee terminates after August 14, 1969 shall receive automatic increases in his or her retirement annuity as follows:

Effective January 1 immediately following the date the retirement annuity begins, the annuitant shall receive an increase in his or her monthly retirement annuity of 0.125%

New matter indicated by italics - deletions by strikeout
of the monthly retirement annuity provided under Rule 1, Rule 2, Rule 3, Rule 4, or Rule 5, contained in this Section, multiplied by the number of full months which elapsed from the date the retirement annuity payments began to January 1, 1972, plus 0.1667% of such annuity, multiplied by the number of full months which elapsed from January 1, 1972, or the date the retirement annuity payments began, whichever is later, to January 1, 1978, plus 0.25% of such annuity multiplied by the number of full months which elapsed from January 1, 1978, or the date the retirement annuity payments began, whichever is later, to the effective date of the increase.

The annuitant shall receive an increase in his or her monthly retirement annuity on each January 1 thereafter during the annuitant's life of 3% of the monthly annuity provided under Rule 1, Rule 2, Rule 3, Rule 4, or Rule 5 contained in this Section. The change made under this subsection by P.A. 81-970 is effective January 1, 1980 and applies to each annuitant whose status as an employee terminates before or after that date.

Beginning January 1, 1990, all automatic annual increases payable under this Section shall be calculated as a percentage of the total annuity payable at the time of the increase, including all increases previously granted under this Article.

The change made in this subsection by P.A. 85-1008 is effective January 26, 1988, and is applicable without regard to whether status as an employee terminated before that date.

(e) If, on January 1, 1987, or the date the retirement annuity payment period begins, whichever is later, the sum of the retirement annuity provided under Rule 1 or Rule 2 of this Section and the automatic annual increases provided under the preceding subsection or Section 15-136.1, amounts to less than the retirement annuity which would be provided by Rule 3, the retirement annuity shall be increased as of January 1, 1987, or the date the retirement annuity payment period begins, whichever is later, to the amount which would be provided by Rule 3 of this Section. Such increased amount shall be considered as the retirement annuity in determining benefits provided under other Sections of this Article. This paragraph applies without regard to whether status as an employee terminated before the effective date of this amendatory Act of 1987, provided that the annuitant was employed at least one-half time during the period on which the final rate of earnings was based.

(f) A participant is entitled to such additional annuity as may be provided on an actuarially equivalent basis, by any accumulated additional contributions to his or her credit. However, the additional contributions made by the participant toward the automatic increases in annuity provided under this Section shall not be taken into account in determining the amount of such additional annuity.

(g) If, (1) by law, a function of a governmental unit, as defined by Section 20-107 of this Code, is transferred in whole or in part to an employer, and (2) a participant transfers employment from such governmental unit to such employer within 6 months after the transfer of the function, and (3) the sum of (A) the annuity payable to the participant

under Rule 1, 2, or 3 of this Section (B) all proportional annuities payable to the participant by all other retirement systems covered by Article 20, and (C) the initial primary insurance amount to which the participant is entitled under the Social Security Act, is less than the retirement annuity which would have been payable if all of the participant's pension credits validated under Section 20-109 had been validated under this system, a supplemental annuity equal to the difference in such amounts shall be payable to the participant.

(h) On January 1, 1981, an annuitant who was receiving a retirement annuity on or before January 1, 1971 shall have his or her retirement annuity then being paid increased $1 per month for each year of creditable service. On January 1, 1982, an annuitant whose retirement annuity began on or before January 1, 1977, shall have his or her retirement annuity then being paid increased $1 per month for each year of creditable service.

(i) On January 1, 1987, any annuitant whose retirement annuity began on or before January 1, 1977, shall have the monthly retirement annuity increased by an amount equal to 8¢ per year of creditable service times the number of years that have elapsed since the annuity began.

Sec. 15-153. Disability benefits - Amount. The disability benefit shall be the greater of (1) 50% of the basic compensation which would have been paid had the participant continued in service for the entire period during which disability benefits are payable, excluding wage or salary increases subsequent to the date of disability or extra prospective earnings on a summer teaching contract or other extra service not yet entered upon or (2) 50% of the participant's average earnings during the 24 months immediately preceding the month in which disability occurs. In determining the disability benefit, the basic compensation of a participating employee on leave of absence or on lay-off status shall be assumed to be equal to his or her basic compensation on the date the leave of absence or lay-off begins.

If the disability benefit is 50% of basic compensation, payments during the academic fiscal year shall accrue over the period that the basic compensation would have been paid had the participant continued in service. If the disability benefit is 50% of the average earnings of the participant during the 24 months immediately preceding the month in which disability occurs, payments during the year shall accrue over a period of 12 months. Disability benefits shall be paid as of the end of each calendar month during which payments accrue. Payments for fractional parts of a month shall be determined by prorating the total amount payable for the full month on the basis of days elapsing during the month. Any disability benefit accrued but unpaid on the death of a participant shall be paid to the participant's beneficiary.

Sec. 15-154. Refunds.

New matter indicated by italics - deletions by strikeout
(a) A participant whose status as an employee is terminated, regardless of cause, or who has been on lay off status for more than 120 days, and who is not on leave of absence, is entitled to a refund of contributions upon application; except that not more than one such refund application may be made during any academic year. Except as set forth in subsections (a-1) and (a-2), the refund shall be the sum of the accumulated normal, additional, and survivors insurance contributions, plus the entire contribution made by the participant under Section 15-113.3, less the amount of interest credited on these contributions each year in excess of 4 1/2% of the amount on which interest was calculated.

(a-1) A person who elects, in accordance with the requirements of Section 15-134.5, to participate in the portable benefit package and who becomes a participating employee under that retirement program upon the conclusion of the one-year waiting period applicable to the portable benefit package election shall have his or her refund calculated in accordance with the provisions of subsection (a-2).

(a-2) The refund payable to a participant described in subsection (a-1) shall be the sum of the participant's accumulated normal and additional contributions, as defined in Sections 15-116 and 15-117, plus the entire contribution made by the participant under Section 15-113.3. If the participant terminates with 5 or more years of service for employment as defined in Section 15-113.1, he or she shall also be entitled to a distribution of employer contributions in an amount equal to the sum of the accumulated normal and additional contributions, as defined in Sections 15-116 and 15-117.

(b) Upon acceptance of a refund, the participant forfeits all accrued rights and credits in the System, and if subsequently reemployed, the participant shall be considered a new employee subject to all the qualifying conditions for participation and eligibility for benefits applicable to new employees. If such person again becomes a participating employee and continues as such for 2 years, or is employed by an employer and participates for at least 2 years in the Federal Civil Service Retirement System, all such rights, credits, and previous status as a participant shall be restored upon repayment of the amount of the refund, together with compound interest thereon from the date the refund was received to the date of repayment at the rate of 6% per annum through August 31, 1982, and at the effective rates after that date. When a participant in the portable benefit package who received a refund which included a distribution of employer contributions repays a refund pursuant to this Section, one-half of the amount repaid shall be deemed the member's reinstated accumulated normal and additional contributions and the other half shall be allocated as an employer contribution to the System, except that any amount repaid for previously purchased military service credit under Section 15-113.3 shall be accounted for as such. Notwithstanding Section 1-103.1 and the other provisions of this Section, a person who was a participant in the System from February 14, 1966 until March 13, 1981 may restore credits previously forfeited by acceptance of a refund, without returning to service, by applying in writing and repaying to the System by July 1, 2002 the

New matter indicated by italics - deletions by strikeout
amount of the refund plus interest at the effective rate calculated from the date of the refund to the date of repayment.

(c) If a participant covered under the traditional benefit package has made survivors insurance contributions, but has no survivors insurance beneficiary upon retirement, he or she shall be entitled to elect a refund of the accumulated survivors insurance contributions, or to elect an additional annuity the value of which is equal to the accumulated survivors insurance contributions. This election must be made prior to the date the person's retirement annuity is approved by the System Board of Trustees.

(d) A participant, upon application, is entitled to a refund of his or her accumulated additional contributions attributable to the additional contributions described in the last sentence of subsection (c) of Section 15-157. Upon the acceptance of such a refund of accumulated additional contributions, the participant forfeits all rights and credits which may have accrued because of such contributions.

(e) A participant who terminates his or her employee status and elects to waive service credit under Section 15-154.2, is entitled to a refund of the accumulated normal, additional and survivors insurance contributions, if any, which were credited the participant for this service, or to an additional annuity the value of which is equal to the accumulated normal, additional and survivors insurance contributions, if any; except that not more than one such refund application may be made during any academic year. Upon acceptance of this refund, the participant forfeits all rights and credits accrued because of this service.

(f) If a police officer or firefighter receives a retirement annuity under Rule 1 or 3 of Section 15-136, he or she shall be entitled at retirement to a refund of the difference between his or her accumulated normal contributions and the normal contributions which would have accumulated had such person filed a waiver of the retirement formula provided by Rule 4 of Section 15-136.

(g) If, at the time of retirement, a participant would be entitled to a retirement annuity under Rule 1, 2, 3, 4, or 5 of Section 15-136, or under Section 15-136.4, that exceeds the maximum specified in clause (1) of subsection (c) of Section 15-136, he or she shall be entitled to a refund of the employee contributions, if any, paid under Section 15-157 after the date upon which continuance of such contributions would have otherwise caused the retirement annuity to exceed this maximum, plus compound interest at the effective rates.

Sec. 15-158.2. Self-managed plan.

(a) Purpose. The General Assembly finds that it is important for colleges and universities to be able to attract and retain the most qualified employees and that in order to attract and retain these employees, colleges and universities should have the flexibility to

New matter indicated by italics - deletions by strikeout
provide a defined contribution plan as an alternative for eligible employees who elect not to participate in a defined benefit retirement program provided under this Article. Accordingly, the State Universities Retirement System is hereby authorized to establish and administer a self-managed plan, which shall offer participating employees the opportunity to accumulate assets for retirement through a combination of employee and employer contributions that may be invested in mutual funds, collective investment funds, or other investment products and used to purchase annuity contracts, either fixed or variable or a combination thereof. The plan must be qualified under the Internal Revenue Code of 1986.

(b) Adoption by employers. Each employer subject to this Article may elect to adopt the self-managed plan established under this Section; this election is irrevocable. An employer's election to adopt the self-managed plan makes available to the eligible employees of that employer the elections described in Section 15-134.5.

The State Universities Retirement System shall be the plan sponsor for the self-managed plan and shall prepare a plan document and prescribe such rules and procedures as are considered necessary or desirable for the administration of the self-managed plan. Consistent with its fiduciary duty to the participants and beneficiaries of the self-managed plan, the Board of Trustees of the System may delegate aspects of plan administration as it sees fit to companies authorized to do business in this State, to the employers, or to a combination of both.

(c) Selection of service providers and funding vehicles. The System, in consultation with the employers, shall solicit proposals to provide administrative services and funding vehicles for the self-managed plan from insurance and annuity companies and mutual fund companies, banks, trust companies, or other financial institutions authorized to do business in this State. In reviewing the proposals received and approving and contracting with no fewer than 2 and no more than 7 companies, at least 2 of which must be insurance and annuity companies, the Board of Trustees of the System shall consider, among other things, the following criteria:

1. the nature and extent of the benefits that would be provided to the participants;
2. the reasonableness of the benefits in relation to the premium charged;
3. the suitability of the benefits to the needs and interests of the participating employees and the employer;
4. the ability of the company to provide benefits under the contract and the financial stability of the company; and
5. the efficacy of the contract in the recruitment and retention of employees.

The System, in consultation with the employers, shall periodically review each approved company. A company may continue to provide administrative services and

New matter indicated by italics - deletions by strikeout
funding vehicles for the self-managed plan only so long as it continues to be an approved company under contract with the Board.

(d) Employee Direction. Employees who are participating in the program must be allowed to direct the transfer of their account balances among the various investment options offered, subject to applicable contractual provisions. The participant shall not be deemed a fiduciary by reason of providing such investment direction. A person who is a fiduciary shall not be liable for any loss resulting from such investment direction and shall not be deemed to have breached any fiduciary duty by acting in accordance with that direction. Neither the System nor the employer guarantees any of the investments in the employee's account balances.

(e) Participation. An employee eligible to participate in the self-managed plan must make a written election in accordance with the provisions of Section 15-134.5 and the procedures established by the System. Participation in the self-managed plan by an electing employee shall begin on the first day of the first pay period following the later of the date the employee's election is filed with the System or the effective date as of which the employee's employer begins to offer participation in the self-managed plan. Employers may not make the self-managed plan available earlier than January 1, 1998. An employee's participation in any other retirement program administered by the System under this Article shall terminate on the date that participation in the self-managed plan begins.

An employee who has elected to participate in the self-managed plan under this Section must continue participation while employed in an eligible position, and may not participate in any other retirement program administered by the System under this Article while employed by that employer or any other employer that has adopted the self-managed plan, unless the self-managed plan is terminated in accordance with subsection (i).

Participation in the self-managed plan under this Section shall constitute membership in the State Universities Retirement System.

A participant under this Section shall be entitled to the benefits of Article 20 of this Code.

(f) Establishment of Initial Account Balance. If at the time an employee elects to participate in the self-managed plan he or she has rights and credits in the System due to previous participation in the traditional benefit package, the System shall establish for the employee an opening account balance in the self-managed plan, equal to the amount of contribution refund that the employee would be eligible to receive under Section 15-154 if the employee terminated employment on that date and elected a refund of contributions, except that this hypothetical refund shall include interest at the effective rate for the respective years. The System shall transfer assets from the defined benefit retirement program to the self-managed plan, as a tax free transfer in accordance with Internal Revenue Service guidelines, for purposes of funding the employee's opening account balance.
(g) No Duplication of Service Credit. Notwithstanding any other provision of this Article, an employee may not purchase or receive service or service credit applicable to any other retirement program administered by the System under this Article for any period during which the employee was a participant in the self-managed plan established under this Section.

(h) Contributions. The self-managed plan shall be funded by contributions from employees participating in the self-managed plan and employer contributions as provided in this Section.

The contribution rate for employees participating in the self-managed plan under this Section shall be equal to the employee contribution rate for other participants in the System, as provided in Section 15-157. This required contribution shall be made as an "employer pick-up" under Section 414(h) of the Internal Revenue Code of 1986 or any successor Section thereof. Any employee participating in the System's traditional benefit package prior to his or her election to participate in the self-managed plan shall continue to have the employer pick up the contributions required under Section 15-157. However, the amounts picked up after the election of the self-managed plan shall be remitted to and treated as assets of the self-managed plan. In no event shall an employee have an option of receiving these amounts in cash. Employees may make additional contributions to the self-managed plan in accordance with procedures prescribed by the System, to the extent permitted under rules prescribed by the System.

The program shall provide for employer contributions to be credited to each self-managed plan participant at a rate of 7.6% of the participating employee's salary, less the amount used by the System to provide disability benefits for the employee. The amounts so credited shall be paid into the participant's self-managed plan accounts in a manner to be prescribed by the System.

An amount of employer contribution, not exceeding 1% of the participating employee's salary, shall be used for the purpose of providing the disability benefits of the System to the employee. Prior to the beginning of each plan year under the self-managed plan, the Board of Trustees shall determine, as a percentage of salary, the amount of employer contributions to be allocated during that plan year for providing disability benefits for employees in the self-managed plan.

The State of Illinois shall make contributions by appropriations to the System of the employer contributions required for employees who participate in the self-managed plan under this Section. The amount required shall be certified by the Board of Trustees of the System and paid by the State in accordance with Section 15-165. The System shall not be obligated to remit the required employer contributions to any of the insurance and annuity companies, mutual fund companies, banks, trust companies, financial institutions, or other sponsors of any of the funding vehicles offered under the self-managed plan until it has received the required employer contributions from the State. In the event of a deficiency in the amount of State contributions, the System shall implement those

New matter indicated by italics - deletions by strikeout
procedures described in subsection (c) of Section 15-165 to obtain the required funding from the General Revenue Fund.

(i) Termination. The self-managed plan authorized under this Section may be terminated by the System, subject to the terms of any relevant contracts, and the System shall have no obligation to reestablish the self-managed plan under this Section. This Section does not create a right to continued participation in any self-managed plan set up by the System under this Section. If the self-managed plan is terminated, the participants shall have the right to participate in one of the other retirement programs offered by the System and receive service credit in such other retirement program for any years of employment following the termination.

(j) Vesting; Withdrawal; Return to Service. A participant in the self-managed plan becomes vested in the employer contributions credited to his or her accounts in the self-managed plan on the earliest to occur of the following: (1) completion of 5 years of service with an employer described in Section 15-106; (2) the death of the participating employee while employed by an employer described in Section 15-106, if the participant has completed at least 1 1/2 years of service; or (3) the participant's election to retire and apply the reciprocal provisions of Article 20 of this Code.

A participant in the self-managed plan who receives a distribution of his or her vested amounts from the self-managed plan while not yet eligible for retirement under this Article (and Article 20, if applicable) shall forfeit all service credit and accrued rights in the System; if subsequently re-employed, the participant shall be considered a new employee. If a former participant again becomes a participating employee (or becomes employed by a participating system under Article 20 of this Code) and continues as such for at least 2 years, all such rights, service credits, and previous status as a participant shall be restored upon repayment of the amount of the distribution, without interest.

(k) Benefit amounts. If an employee who is vested in employer contributions terminates employment, the employee shall be entitled to a benefit which is based on the account values attributable to both employer and employee contributions and any investment return thereon.

If an employee who is not vested in employer contributions terminates employment, the employee shall be entitled to a benefit based solely on the account values attributable to the employee's contributions and any investment return thereon, and the employer contributions and any investment return thereon shall be forfeited. Any employer contributions which are forfeited shall be held in escrow by the company investing those contributions and shall be used as directed by the System for future allocations of employer contributions or for the restoration of amounts previously forfeited by former participants who again become participating employees.

Sec. 15-186.1. Mistake in benefit. If the System mistakenly sets any benefit at an incorrect amount, it shall recalculate the benefit as soon as may be practicable after the mistake is discovered.

If the benefit was mistakenly set too low, the System shall make a lump sum payment to the recipient of an amount equal to the difference between the benefits that should have been paid and those actually paid, plus interest at the effective rate from the date the unpaid amounts accrued to the date of payment.

If the benefit was mistakenly set too high, the System may recover the amount overpaid from the recipient thereof, plus interest at the effective rate from the date of overpayment to the date of recovery, either directly or by deducting such amount from the remaining benefits payable to the recipient. However, if (1) the amount of the benefit was mistakenly set too high, and (2) the error was undiscovered for 3 years or longer, and (3) the error was not the result of incorrect information supplied by the affected member or beneficiary, then upon discovery of the mistake the benefit shall be adjusted to the correct level, but the recipient of the benefit need not repay to the System the excess amounts received in error.

Sec. 15-187. Felony conviction. None of the benefits provided under this Article shall be paid to any person who is convicted of any felony relating to or arising out of or in connection with the person's service as an employee.

This Section shall not operate to impair any contract or vested right heretofore acquired under any law or laws continued in this Article, nor to preclude the right to a refund. No refund paid to any person who is convicted of a felony relating to or arising out of or in connection with the person's service as an employee shall include employer contributions or interest or, in the case of the self-managed plan authorized under Section 15-158.2, any employer contributions or investment return on such employer contributions.

All persons entering service subsequent to July 9, 1955 shall be deemed to have consented to the provisions of this Section as a condition of coverage.

If a person's application for benefits or a physician's certificate on file with the board shows that the person is under a legal disability, and no guardian has been appointed for his or her estate, the benefits payable under this Article may be paid (1) directly to the person under legal disability, (2) to any person who has legally qualified and is acting as

guardian of the property of the person under legal disability, (3) to either parent of the person under legal disability or any adult person with whom the person under legal disability may at the time be living, provided only that such parent or adult person to whom any amount is to be paid shall have advised the board in writing that such amount will be held or used for the benefit of the person under legal disability, or (4) to the trustee of any trust created for the sole benefit of the person under legal disability while that person is living, provided only that the trustee of such trust to whom any amount is to be paid shall have advised the board in writing that such amount will be held or used for the benefit of the person under legal disability. The system shall not be required to determine the validity of the trust or any of the terms thereof. The representation of the trustee that the trust meets the requirements of this Section shall be conclusive as to the system. The written receipt of the person under legal disability or the other person who receives such payment shall be an absolute discharge of the system's liability in respect of the amount so paid.

Section 99. Effective date. This Act takes effect upon becoming law.

PUBLIC ACT 93-0348
(House Bill No. 3229)

AN ACT concerning environmental protection.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Lead Poisoning Prevention Act is amended by adding Section 11.05 as follows:

(410 ILCS 45/11.05 new)
Sec. 11.05. Advisory Council.
(a) The General Assembly finds the following:
   (1) Lead-based paint poisoning is a potentially devastating but preventable disease and is the number one environmental threat to children's health in the United States.
   (2) The number of lead-poisoned children in Illinois is among the highest in the nation, especially in older, affordable properties.
   (3) Lead poisoning causes irreversible damage to the development of a child's nervous system. Even at low and moderate levels, lead poisoning causes learning disabilities, speech problems, shortened attention span, hyperactivity, and behavioral problems. Recent research links high levels of lead exposure to lower IQ scores and to juvenile delinquency.

New matter indicated by italics - deletions by strikeout
(4) Older housing is the number one risk factor for childhood lead poisoning. Properties built before 1950 are statistically much more likely to contain lead-based paint hazards than buildings constructed more recently.

(5) Illinois ranks 10th out of the 50 states in the age of its housing stock. More than 50% of the housing units in Chicago and in Rock Island, Peoria, Macon, Madison, and Kankakee counties were built before 1960 and more than 43% of the housing units in St. Clair, Winnebago, Sangamon, Kane, and Cook counties were built before 1950.

(6) There are nearly 1.4 million households with lead-based paint hazards in Illinois.

(7) Most children are lead-poisoned in their own homes through exposure to lead dust from deteriorated lead-paint surfaces, like windows, and when lead paint deteriorates or is disturbed through home renovation and repainting.

(8) The control of lead hazards significantly reduces lead poisoning rates. Other communities, including New York City and Milwaukee, have successfully reduced lead poisoning rates by removing lead-based paint hazards on windows.

(9) Windows are considered a higher lead exposure risk more often than other components in a housing unit. Windows are a major contributor of lead dust in the home, due to both weathering conditions and friction effects on paint.

(10) There is an insufficient pool of licensed lead abatement workers and contractors to address the problem in some areas of the State.

(11) Training, insurance, and licensing costs for lead removal workers are prohibitively high.

(12) Through grants from the United States Department of Housing and Urban Development, some communities in Illinois have begun to reduce lead poisoning of children. While this is an ongoing effort, it addresses only a small number of the low-income children statewide in communities with high levels of lead paint in the housing stock.

(b) For purposes of this Section:

"Advisory Council" means the Lead-Safe Housing Advisory Council created under subsection (c).

"Lead-Safe Housing Maintenance Standards" or "Standards" means standards developed by the Advisory Council pursuant to this Section.

"Low-income" means a household at or below 80% of the median income level for a given county as determined annually by the United States Department of Housing and Urban Development.

"Primary prevention" means removing lead hazards before a child is poisoned rather than relying on identification of a lead poisoned child as the triggering event.

New matter indicated by italics - deletions by strikeout
(c) The Lead-Safe Housing Advisory Council is created to advise the Department on lead poisoning prevention activities. The Advisory Council shall be chaired by the Director or his or her designee and the chair of the Illinois Lead Safe Housing Task Force and provided with administrative support by the Department. The Advisory Council shall be comprised of (i) the directors, or their designees, of the Illinois Housing Development Authority and the Environmental Protection Agency; and (ii) the directors, or their designees, of public health departments of counties identified by the Department that contain communities with a concentration of high-risk, lead-contaminated properties.

The Advisory Council shall also include the following members appointed by the Governor:

1. One representative from the Illinois Association of Realtors.
2. One representative from the insurance industry.
3. Two pediatricians or other physicians with knowledge of lead-paint poisoning.
4. Two representatives from the private-sector, lead-based-paint-abatement industry who are licensed in Illinois as an abatement contractor, worker, or risk assessor.
5. Two representatives from community based organizations in communities with a concentration of high risk lead contaminated properties. High-risk communities shall be identified based upon the prevalence of low-income families whose children are lead poisoned and the age of the housing stock.
6. At least 3 lead-safe housing advocates, including (i) the parent of a lead-poisoned child, (ii) a representative from a child advocacy organization, and (iii) a representative from a tenant housing organization.

Within 9 months after its formation, the Advisory Council shall submit a written report to the Governor and the General Assembly on:

1. developing a primary prevention program for addressing lead poisoning;
2. developing a sufficient pool of lead abatement workers and contractors;
3. targeting blood lead screening to children residing in high-risk buildings and neighborhoods;
4. ensuring lead-safe work practices in all remodeling, rehabilitation, and weatherization work;
5. funding mechanisms to assist residential property owners in costs of lead abatement and mitigation;
6. providing insurance subsidies to licensed lead abatement contractors who target their work to high-risk communities; and

New matter indicated by italics - deletions by strikeout
(7) developing any necessary legislation or rulemaking to improve the effectiveness of State and local programs in lead abatement and other prevention and control activities.

The Advisory Council shall develop handbooks and training for property owners and tenants explaining the Standards and State and federal requirements for lead-safe housing.

The Advisory Council shall meet at least quarterly. Its members shall receive no compensation for their services, but their reasonable travel expenses actually incurred shall be reimbursed by the Department.

PUBLIC ACT 93-0349
(House Bill No. 3274)

AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Sections 30-9, 30-10, 30-11, and 30-12.5 as follows:

(105 ILCS 5/30-9) (from Ch. 122, par. 30-9)

Sec. 30-9. General Assembly scholarship; conditions of admission; award by competitive examination.

Each member of the General Assembly may nominate annually 2 persons of school age and otherwise eligible, from his district; each one shall receive a certificate of scholarship in the University of Illinois and the other shall receive a certificate of scholarship in any other State supported university designated by the member. Any member of the General Assembly in making nominations under this Section may designate that his nominee be granted a 4 year scholarship or may instead designate 2 or 4 nominees for that particular scholarship, each to receive a 2 year or a one year scholarship, respectively. The nominee, if a graduate of a school accredited by the University to which nominated, shall be admitted to the university on the same conditions as to educational qualifications as are other graduates of accredited schools. If the nominee is not a graduate of a school accredited by the university to which nominated, he must, before being entitled to the benefits of the scholarship, pass an examination given by the superintendent of schools of the county where he resides at the time stated in Section 30-7 for the competitive examination. The president of each university shall prescribe the rules governing the examination for scholarship to his university.

New matter indicated by italics - deletions by strikeout
A member of the General Assembly may award the scholarship by competitive examination conducted under like rules as prescribed in Section 30-7 even though one or more of the applicants are graduates of schools accredited by the university.

A member of the General Assembly may delegate to the Illinois Student Assistance Commission the authority to nominate persons for General Assembly scholarships which that member would otherwise be entitled to award, or may direct the Commission to evaluate and make recommendations to the member concerning candidates for such scholarships. In the event a member delegates his nominating authority or directs the Commission to evaluate and make recommendations concerning candidates for General Assembly scholarships, the member shall inform the Commission in writing of the criteria which he wishes the Commission to apply in nominating or recommending candidates. Those criteria may include some or all of the criteria provided in Section 25 of the Higher Education Student Assistance Act. A delegation of authority under this paragraph may be revoked at any time by the member.

Failure of a member of the General Assembly to make a nomination in any year shall not cause that scholarship to lapse, but the member may make a nomination for such scholarship at any time thereafter before the expiration of his term, and the person so nominated shall be entitled to the same benefits as holders of other scholarships provided herein. Any such scholarship for which a member has made no nomination prior to the expiration of the term for which he was elected shall lapse upon the expiration of that term.

(Source: P.A. 87-997.)

Sec. 30-10. Filing nominations—Failure to accept or pass—Second nomination.

No nominations, under Section 30-9, showing the name and address of the nominee, and the term of the scholarship, whether 4 years, 2 years or one year, must be filed with the State Superintendent of Education if the scholarship is in a university other than the University of Illinois, or with the president of the University of Illinois if the scholarship is in such university, not later than the opening day of the semester or term with which the scholarship is to become effective. The State Superintendent of Education shall forthwith notify the president of the university other than the University of Illinois of such nomination. If the nominee fails to accept the nomination or, not being a graduate of a school accredited by the university, fails to pass the examination for admission, the president of the university shall at once notify the State Superintendent of Education if the university is other than the University of Illinois. Upon receiving such notification, the State Superintendent of Education shall notify the nominating member, who may name another person for the scholarship. In the case of a scholarship in the University of Illinois, such notification shall be given by the president thereof to the nominating member. The second nomination must be received by the State Superintendent of Education or president of the University of Illinois, as the case may be, not later than the middle of the semester or term.
with which the scholarship was to have become effective under the original nomination in order to become effective as of the opening date of such semester or term otherwise it shall not become effective until the beginning of the next semester or term following the making of the second nomination. Upon receiving such notification, the State Superintendent of Education shall notify the president of the university of such second nomination. If any person nominated after the effective date of this amendatory Act of 1973 to receive a General Assembly scholarship changes his residence to a location outside of the district from which he was nominated, his nominating member may terminate that scholarship at the conclusion of the college year in which he is then enrolled. For purposes of this paragraph, a person changes his residence if he registers to vote in a location outside of the district from which he was nominated, but does not change his residence merely by taking off-campus housing or living in a nonuniversity residence.

Such appointment to an unexpired scholarship vacated before July 1, 1961, may be made only by the member of the General Assembly who made the original appointment and during the time he is such a member. Every nomination to fill a vacancy must be accompanied either by a release of the original nominee or if he is dead then an affidavit to that effect by some competent person. The failure of a nominee to register at the university within 20 days after the beginning of any semester or term shall be deemed a release by him of the nomination, unless he has been granted a leave of absence in accordance with Section 30-14 or unless his absence is by reason of his entry into the military service of the United States. The university, other than the University of Illinois, shall immediately upon the expiration of 20 days after the beginning of the semester or term notify the State Board of Education as to the status of each scholarship, who shall forthwith notify the nominating member of any nominee's failure to register or, if the nominating member has ceased to be a member of the General Assembly, shall notify the member or members entitled to make the nomination to fill the vacancy. In the case of a scholarship in the University of Illinois, such notification of vacancy shall be made by the president thereof to the nominating.

to prevent and restrain violations of Section 3 of this Act. In such a proceeding, the court shall determine whether a violation has been committed, and shall enter such judgment as it considers necessary to remove the effects of any violation which it finds, and to prevent such violation from continuing or from being renewed in the future. The court, in its discretion, may exercise all powers necessary for this purpose, including, but not limited to, injunction, divestiture of property, divestment of business units, dissolution of domestic corporations or associations, and suspension or termination of the right of foreign corporations or associations to do business in the State of Illinois.

(2) Any person who has been injured in his business or property, or is threatened with such injury, by a violation of Section 3 of this Act may maintain an action in the Circuit Court for damages, or for an injunction, or both, against any person who has committed such violation. If, in an action for an injunction, the court issues an injunction, the plaintiff shall be awarded costs and reasonable attorney's fees. In an action for damages, if injury is found to be due to a violation of subsections (1) or (4) of Section 3 of this Act, the person injured shall be awarded 3 times the amount of actual damages resulting from that violation, together with costs and reasonable attorney's fees. If injury is found to be due to a violation of subsections (2) or (3) of Section 3 of this Act, the person injured shall recover the actual damages caused by the violation, together with costs and reasonable attorney's fees, and if it is shown that such violation was willful, the court may, in its discretion, increase the amount recovered as damages up to a total of 3 times the amount of actual damages. This State, counties, municipalities, townships and any political subdivision organized under the authority of this State, and the United States, are considered a person having standing to bring an action under this subsection. The Attorney General may bring an action on behalf of this State, counties, municipalities, townships and other political subdivisions organized under the authority of this State to recover the damages under this subsection or by any comparable Federal law.

No provision of this Act shall deny any person who is an indirect purchaser the right to sue for damages. Provided, however, that in any case in which claims are asserted against a defendant by both direct and indirect purchasers, the court shall take all steps necessary to avoid duplicate liability for the same injury including transfer and consolidation of all actions. Provided further that no person other than the Attorney General of this State shall be authorized to maintain a class action in any court of this State for indirect purchasers asserting claims under this Act.

Beginning January 1, 1970, a file setting out the names of all special assistant attorneys general retained to prosecute antitrust matters and containing all terms and conditions of any arrangement or agreement regarding fees or compensation made between any such special assistant attorney general and the office of the Attorney General shall be maintained in the office of the Attorney General, open during all business hours to public inspection.

Any action for damages under this subsection is forever barred unless commenced within 4 years after the cause of action accrued, except that, whenever any action is brought by the Attorney General for a violation of this Act, the running of the foregoing statute of limitations, with respect to every private right of action for damages under the subsection which is based in whole or in part on any matter complained of in the action by the Attorney General, shall be suspended during the pendency thereof, and for one year thereafter. No cause of action barred under existing law on July 21, 1965 shall be revived by this Act. In any action for damages under this subsection the court may, in its discretion, award reasonable fees to the prevailing defendant upon a finding that the plaintiff acted in bad faith, vexatiously, wantonly or for oppressive reasons.

(3) Upon a finding that any domestic or foreign corporation organized or operating under the laws of this State has been engaged in conduct prohibited by Section 3 of this Act, or the terms of any injunction issued under this Act, a circuit court may, upon petition of the Attorney General, order the revocation, forfeiture or suspension of the charter, franchise, certificate of authority or privileges of any corporation operating under the laws of this State, or the dissolution of any such corporation.

(4) In lieu of any criminal penalty otherwise prescribed for a violation of this Act, and in addition to any action under this Act or any Federal antitrust law, the Attorney General may bring an action in the name and on behalf of the people of the State against any person, trustee, director, manager or other officer or agent of a corporation, or against a corporation, domestic or foreign, to recover a penalty not to exceed $1,000,000 from every corporation or $50,000 from every other person for any act herein declared illegal. (a-5) An order for maintenance may be modified or terminated only upon a
showing of a substantial change in circumstances. In all such proceedings, as well as in
proceedings in which maintenance is being reviewed, the court shall consider the
applicable factors set forth in subsection (a) of Section 504 and the following factors:

(1) any change in the employment status of either party and whether the
change has been made in good faith;

(2) the efforts, if any, made by the party receiving maintenance to
become self-supporting, and the reasonableness of the efforts where they are
appropriate;

(3) any impairment of the present and future earning capacity of either
party;

(4) the tax consequences of the maintenance payments upon the
respective economic circumstances of the parties;

(5) the duration of the maintenance payments previously paid (and
remaining to be paid) relative to the length of the marriage;

(6) the property, including retirement benefits, awarded to each party
under the judgment of dissolution of marriage, judgment of legal separation, or
judgment of declaration of invalidity of marriage and the present status of the
property;

New matter indicated by italics - deletions by strikeout
(7) the increase or decrease in each party's income since the prior judgment or order from which a review, modification, or termination is being sought;

(8) the property acquired and currently owned by each party after the entry of the judgment of dissolution of marriage, judgment of legal separation, or judgment of declaration of invalidity of marriage; and

(9) any other factor that the court expressly finds to be just and equitable.

(b) The provisions as to property disposition may not be revoked or modified, unless the court finds the existence of conditions that justify the reopening of a judgment under the laws of this State.

(c) Unless otherwise agreed by the parties in a written agreement set forth in the judgment or otherwise approved by the court, the obligation to pay future maintenance is terminated upon the death of either party, or the remarriage of the party receiving maintenance, or if the party receiving maintenance cohabits with another person on a resident, continuing conjugal basis.

(d) Unless otherwise agreed in writing or expressly provided in a judgment, provisions for the support of a child are terminated by emancipation of the child, except as otherwise provided herein, but not by the death of a parent obligated to support or educate the child. An existing obligation to pay for support or educational expenses, or both, is not terminated by the death of a parent. When a parent obligated to pay support or educational expenses, or both, dies, the amount of support or educational expenses, or both, may be enforced, modified, revoked or commuted to a lump sum payment, as equity may require, and that determination may be provided for at the time of the dissolution of the marriage or thereafter.

(e) The right to petition for support or educational expenses, or both, under Sections 505 and 513 is not extinguished by the death of a parent. Upon a petition filed before or after a parent's death, the court may award sums of money out of the decedent's estate for the child's support or educational expenses, or both, as equity may require. The time within which a claim may be filed against the estate of a decedent under Sections 505 and 513 and subsection (d) and this subsection shall be governed by the provisions of the Probate Act of 1975, as a barrable, noncontingent claim.

(f) A petition to modify or terminate child support, custody, or visitation shall not delay any child support enforcement litigation or supplementary proceeding on behalf of the obligee, including, but not limited to, a petition for a rule to show cause, for non-wage garnishment, or for a restraining order.

(a) Except as otherwise provided in paragraph (f) of Section 502 and in subsection (b), clause (3) of Section 505.2, the provisions of any judgment respecting maintenance or support may be modified only as to installments accruing subsequent to due notice by the moving party of the filing of the motion for modification and, with respect to maintenance, only upon a showing of a substantial change in circumstances. An order for child support may be modified as follows:

(1) upon a showing of a substantial change in circumstances; and
(2) without the necessity of showing a substantial change in circumstances, as follows:

(A) upon a showing of an inconsistency of at least 20%, but no less than $10 per month, between the amount of the existing order and the amount of child support that results from application of the guidelines specified in Section 505 of this Act unless the inconsistency is due to the fact that the amount of the existing order resulted from a deviation from the guideline amount and there has not been a change in the circumstances that resulted in that deviation; or

(B) Upon a showing of a need to provide for the health care needs of the child under the order through health insurance or other means. In no event shall the eligibility for or receipt of medical assistance be considered to meet the need to provide for the child's health care needs.

The provisions of subparagraph (a)(2)(A) shall apply only in cases in which a party is receiving child support enforcement services from the Illinois Department of Public Aid under Article X of the Illinois Public Aid Code, and only when at least 36 months have elapsed since the order for child support was entered or last modified.

(a-5) An order for maintenance may be modified or terminated only upon a showing of a substantial change in circumstances. (d) Unless otherwise provided in this Act, or as agreed in writing or expressly provided in the judgment, provisions for the support of a child are terminated by emancipation of the child, or if the child has attained the age of 18 and is still attending high school, provisions for the support of the child are terminated upon the date that the child graduates from high school or the date the child attains the age of 19, whichever is earlier, but not by the death of a parent obligated to support or educate the child. An existing obligation to pay for support or educational expenses, or both, is not terminated by the death of a parent. When a parent obligated to pay support or educational expenses, or both, dies, the amount of support or educational expenses, or both, may be enforced, modified, revoked or commuted to a lump sum payment, as equity may require, and that determination may be provided for at the time of the dissolution of the marriage or thereafter.

PUBLIC ACT 93-0354
(Senate Bill No. 0424)

AN ACT in relation to criminal law.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Unified Code of Corrections is amended by changing Sections 3-6-3 and 5-4-1 as follows:

(730 ILCS 5/3-6-3) (from Ch. 38, par. 1003-6-3)
Sec. 3-6-3. Rules and Regulations for Early Release.

(a) (1) The Department of Corrections shall prescribe rules and regulations for the early release on account of good conduct of persons committed to the Department which shall be subject to review by the Prisoner Review Board.

(2) The rules and regulations on early release shall provide, with respect to offenses committed on or after June 19, 1998, the following:

(i) that a prisoner who is serving a term of imprisonment for first degree murder or for the offense of terrorism shall receive no good conduct credit and shall serve the entire sentence imposed by the court;

(ii) that a prisoner serving a sentence for attempt to commit first degree murder, solicitation of murder, solicitation of murder for hire, intentional homicide of an unborn child, predatory criminal sexual assault of a child, aggravated criminal sexual assault, criminal sexual assault, aggravated kidnapping, aggravated battery with a firearm, heinous battery, aggravated battery of a senior citizen, or aggravated battery of a child shall receive no more than 4.5 days of good conduct credit for each month of his or her sentence of imprisonment; and

weapon, when the court has made and entered a finding, pursuant to subsection (c-1) of Section 5-4-1 of this Code, that the conduct leading to conviction for the enumerated offense resulted in great bodily harm to a victim, shall receive no more than 4.5 days of good conduct credit for each month of his or her sentence of imprisonment.]

(2.1) For all offenses, other than those enumerated in subdivision (a)(2) committed on or after June 19, 1998, and other than the offense of reckless homicide as defined in subsection (e) of Section 9-3 of the Criminal Code of 1961 committed on or after January 1, 1999, the rules and regulations shall provide that a prisoner who is serving a term of imprisonment shall receive one day of good conduct credit for each day of his or her sentence of imprisonment or recommitment under Section 3-3-9. Each day of good conduct credit shall reduce by one day the prisoner's period of imprisonment or recommitment under Section 3-3-9.

(2.2) A prisoner serving a term of natural life imprisonment or a prisoner who has been sentenced to death shall receive no good conduct credit.

(2.3) The rules and regulations on early release shall provide that a prisoner who is serving a sentence for reckless homicide as defined in subsection (e) of Section 9-3 of the Criminal Code of 1961 committed on or after January 1, 1999 shall receive no more than 4.5 days of good conduct credit for each month of his or her sentence of imprisonment.

(2.4) The rules and regulations on early release shall provide with respect to the offenses of aggravated battery with a firearm or a firearm equipped with any device or attachment designed or used for silencing the report of a firearm or aggravated discharge of a firearm or a firearm equipped with any device or attachment designed or used for silencing the report of a firearm, committed on or after the effective date of this amendatory Act of 1999, that a prisoner serving a sentence for any of these offenses shall receive no more than 4.5 days of good conduct credit for each month of his or her sentence of imprisonment.

(2.5) The rules and regulations on early release shall provide that a prisoner who is serving a sentence for aggravated arson committed on or after the effective date of this amendatory Act of the 93rd General Assembly shall receive no more than 4.5 days of good conduct credit for each month of his or her sentence of imprisonment.

(3) The rules and regulations shall also provide that the Director may award up to 180 days additional good conduct credit for meritorious service in specific instances as the Director deems proper; except that no more than 90 days of good conduct credit for meritorious service shall be awarded to any prisoner who is serving a sentence for conviction of first degree murder, reckless homicide

while under the influence of alcohol or any other drug, aggravated kidnapping, predatory criminal sexual assault of a child, aggravated criminal sexual assault, criminal sexual assault, deviate sexual assault, aggravated criminal sexual abuse, aggravated indecent liberties with a child, indecent liberties with a child, child pornography, heinous battery, aggravated battery of a spouse, aggravated battery of a spouse with a firearm, stalking, aggravated stalking, aggravated battery of a child, endangering the life or health of a child, cruelty to a child, or narcotic racketeering. Notwithstanding the foregoing, good conduct credit for meritorious service shall not be awarded on a sentence of imprisonment imposed for conviction of: (i) one of the offenses enumerated in subdivision (a)(2) when the offense is committed on or after June 19, 1998, (ii) reckless homicide as defined in subsection (e) of Section 9-3 of the Criminal Code of 1961 when the offense is committed on or after January 1, 1999, (iii) one of the offenses enumerated in subdivision (a)(2.4) when the offense is committed on or after the effective date of this amendatory Act of 1999, or (iv) aggravated arson when the offense is committed on or after the effective date of this amendatory Act of the 93rd General Assembly.

(4) The rules and regulations shall also provide that the good conduct credit accumulated and retained under paragraph (2.1) of subsection (a) of this Section by any inmate during specific periods of time in which such inmate is engaged full-time in substance abuse programs, correctional industry assignments, or educational programs provided by the Department under this paragraph (4) and satisfactorily completes the assigned program as determined by the standards of the Department, shall be multiplied by a factor of 1.25 for program participation before August 11, 1993 and 1.50 for program participation on or after that date. However, no inmate shall be eligible for the additional good conduct credit under this paragraph (4) while assigned to a boot camp, mental health unit, or electronic detention, or if convicted of an offense enumerated in paragraph (a)(2) of this Section that is committed on or after June 19, 1998, or if convicted of reckless homicide as defined in subsection (e) of Section 9-3 of the Criminal Code of 1961 if the offense is committed on or after January 1, 1999, or if convicted of an offense enumerated in paragraph (a)(2.4) of this Section that is committed on or after the effective date of this amendatory Act of 1999, or first degree murder, a Class X felony, criminal sexual assault, felony criminal sexual abuse, aggravated criminal sexual abuse, aggravated battery with a firearm, or any predecessor or successor offenses with the same or substantially the same elements, or any inchoate offenses relating to the foregoing offenses. No inmate shall be eligible for the additional good conduct credit under this paragraph (4) who (i) has previously received increased good conduct credit under this paragraph (4) and has subsequently been convicted of a felony, or (ii) has

previously served more than one prior sentence of imprisonment for a felony in an adult correctional facility.

Educational, vocational, substance abuse and correctional industry programs under which good conduct credit may be increased under this paragraph (4) shall be evaluated by the Department on the basis of documented standards. The Department shall report the results of these evaluations to the Governor and the General Assembly by September 30th of each year. The reports shall include data relating to the recidivism rate among program participants.

Availability of these programs shall be subject to the limits of fiscal resources appropriated by the General Assembly for these purposes. Eligible inmates who are denied immediate admission shall be placed on a waiting list under criteria established by the Department. The inability of any inmate to become engaged in any such programs by reason of insufficient program resources or for any other reason established under the rules and regulations of the Department shall not be deemed a cause of action under which the Department or any employee or agent of the Department shall be liable for damages to the inmate.

(4.5) The rules and regulations on early release shall also provide that a prisoner who is serving a sentence for a crime committed as a result of the use of, abuse of, or addiction to alcohol or a controlled substance and the crime was committed on or after the effective date of this Amendatory Act of the 93rd General Assembly shall receive no good conduct credit until he or she participates in and completes a substance abuse treatment program. Good conduct credit awarded under clauses (2), (3), and (4) of this subsection (a) for crimes committed on or after the effective date of this amendatory Act of the 93rd General Assembly is subject to the provisions of this clause (4.5). If the prisoner completes a substance abuse treatment program, the Department may award good conduct credit for the time spent in treatment. Availability of substance abuse treatment shall be subject to the limits of fiscal resources appropriated by the General Assembly for these purposes. If treatment is not available, the prisoner shall be placed on a waiting list under criteria established by the Department. The Department may require a prisoner placed on a waiting list to attend a substance abuse education class or attend substance abuse self-help meetings. A prisoner may not lose good conduct credit as a result of being placed on a waiting list. A prisoner placed on a waiting list remains eligible for increased good conduct credit for participation in an educational, vocational, or correctional industry program under clause (4) of subsection (a) of this Section.

(5) Whenever the Department is to release any inmate earlier than it otherwise would because of a grant of good conduct credit for meritorious service given at any time during the term, the Department shall give reasonable advance
notice of the impending release to the State's Attorney of the county where the prosecution of the inmate took place.

(b) Whenever a person is or has been committed under several convictions, with separate sentences, the sentences shall be construed under Section 5-8-4 in granting and forfeiting of good time.

(c) The Department shall prescribe rules and regulations for revoking good conduct credit, or suspending or reducing the rate of accumulation of good conduct credit for specific rule violations, during imprisonment. These rules and regulations shall provide that no inmate may be penalized more than one year of good conduct credit for any one infraction.

When the Department seeks to revoke, suspend or reduce the rate of accumulation of any good conduct credits for an alleged infraction of its rules, it shall bring charges therefor against the prisoner sought to be so deprived of good conduct credits before the Prisoner Review Board as provided in subparagraph (a)(4) of Section 3-3-2 of this Code, if the amount of credit at issue exceeds 30 days or when during any 12 month period, the cumulative amount of credit revoked exceeds 30 days except where the infraction is committed or discovered within 60 days of scheduled release. In those cases, the Department of Corrections may revoke up to 30 days of good conduct credit. The Board may subsequently approve the revocation of additional good conduct credit, if the Department seeks to revoke good conduct credit in excess of 30 days. However, the Board shall not be empowered to review the Department's decision with respect to the loss of 30 days of good conduct credit within any calendar year for any prisoner or to increase any penalty beyond the length requested by the Department.

The Director of the Department of Corrections, in appropriate cases, may restore up to 30 days good conduct credits which have been revoked, suspended or reduced. Any restoration of good conduct credits in excess of 30 days shall be subject to review by the Prisoner Review Board. However, the Board may not restore good conduct credit in excess of the amount requested by the Director.

Nothing contained in this Section shall prohibit the Prisoner Review Board from ordering, pursuant to Section 3-3-9(a)(3)(i)(B), that a prisoner serve up to one year of the sentence imposed by the court that was not served due to the accumulation of good conduct credit.

(d) If a lawsuit is filed by a prisoner in an Illinois or federal court against the State, the Department of Corrections, or the Prisoner Review Board, or against any of their officers or employees, and the court makes a specific finding that a pleading, motion, or other paper filed by the prisoner is frivolous, the Department of Corrections shall conduct a hearing to revoke up to 180 days of good conduct credit by bringing charges against the prisoner sought to be deprived of the good conduct credits before the Prisoner Review Board as provided in subparagraph (a)(8) of Section 3-3-2 of this Code. If the prisoner has
not accumulated 180 days of good conduct credit at the time of the finding, then the Prisoner Review Board may revoke all good conduct credit accumulated by the prisoner.

For purposes of this subsection (d):

(1) "Frivolous" means that a pleading, motion, or other filing which purports to be a legal document filed by a prisoner in his or her lawsuit meets any or all of the following criteria:

(A) it lacks an arguable basis either in law or in fact;
(B) it is being presented for any improper purpose, such as to harass or to cause unnecessary delay or needless increase in the cost of litigation;
(C) the claims, defenses, and other legal contentions therein are not warranted by existing law or by a nonfrivolous argument for the extension, modification, or reversal of existing law or the establishment of new law;
(D) the allegations and other factual contentions do not have evidentiary support or, if specifically so identified, are not likely to have evidentiary support after a reasonable opportunity for further investigation or discovery; or
(E) the denials of factual contentions are not warranted on the evidence, or if specifically so identified, are not reasonably based on a lack of information or belief.

(2) "Lawsuit" means a petition for post-conviction relief under Article 122 of the Code of Criminal Procedure of 1963, a motion pursuant to Section 116-3 of the Code of Criminal Procedure of 1963, a habeas corpus action under Article X of the Code of Civil Procedure or under federal law (28 U.S.C. 2254), a petition for claim under the Court of Claims Act or an action under the federal Civil Rights Act (42 U.S.C. 1983).

(730 ILCS 5/5-4-1) (from Ch. 38, par. 1005-4-1)
Sec. 5-4-1. Sentencing Hearing.

(a) Except when the death penalty is sought under hearing procedures otherwise specified, after a determination of guilt, a hearing shall be held to impose the sentence. However, prior to the imposition of sentence on an individual being sentenced for an offense based upon a charge for a violation of Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance, the individual must undergo a professional evaluation to determine if an alcohol or other drug abuse problem exists and the extent of such a problem. Programs conducting these evaluations shall be licensed by the

New matter indicated by italics - deletions by strikeout
Department of Human Services. However, if the individual is not a resident of Illinois, the court may, in its discretion, accept an evaluation from a program in the state of such individual's residence. The court may in its sentencing order approve an eligible defendant for placement in a Department of Corrections impact incarceration program as provided in Section 5-8-1.1 or 5-8-1.3. At the hearing the court shall:

(1) consider the evidence, if any, received upon the trial;
(2) consider any presentence reports;
(3) consider the financial impact of incarceration based on the financial impact statement filed with the clerk of the court by the Department of Corrections;
(4) consider evidence and information offered by the parties in aggravation and mitigation;
(5) hear arguments as to sentencing alternatives;
(6) afford the defendant the opportunity to make a statement in his own behalf;
(7) afford the victim of a violent crime or a violation of Section 11-501 of the Illinois Vehicle Code, or a similar provision of a local ordinance, or a qualified individual affected by a violation of Section 405, 405.1, 405.2, or 407 of the Illinois Controlled Substances Act, committed by the defendant the opportunity to make a statement concerning the impact on the victim and to offer evidence in aggravation or mitigation; provided that the statement and evidence offered in aggravation or mitigation must first be prepared in writing in conjunction with the State's Attorney before it may be presented orally at the hearing. Any sworn testimony offered by the victim is subject to the defendant's right to cross-examine. All statements and evidence offered under this paragraph (7) shall become part of the record of the court. For the purpose of this paragraph (7), "qualified individual" means any person who (i) lived or worked within the territorial jurisdiction where the offense took place when the offense took place; and (ii) is familiar with various public places within the territorial jurisdiction where the offense took place when the offense took place. For the purposes of this paragraph (7), "qualified individual" includes any peace officer, or any member of any duly organized State, county, or municipal peace unit assigned to the territorial jurisdiction where the offense took place when the offense took place; and

(8) in cases of reckless homicide afford the victim's spouse, guardians, parents or other immediate family members an opportunity to make oral statements.

(b) All sentences shall be imposed by the judge based upon his independent assessment of the elements specified above and any agreement as to sentence reached by the parties. The judge who presided at the trial or the judge who accepted the plea of guilty
shall impose the sentence unless he is no longer sitting as a judge in that court. Where the judge does not impose sentence at the same time on all defendants who are convicted as a result of being involved in the same offense, the defendant or the State's Attorney may advise the sentencing court of the disposition of any other defendants who have been sentenced.

(c) In imposing a sentence for a violent crime or for an offense of operating or being in physical control of a vehicle while under the influence of alcohol, any other drug or any combination thereof, or a similar provision of a local ordinance, when such offense resulted in the personal injury to someone other than the defendant, the trial judge shall specify on the record the particular evidence, information, factors in mitigation and aggravation or other reasons that led to his sentencing determination. The full verbatim record of the sentencing hearing shall be filed with the clerk of the court and shall be a public record.

(c-1) In imposing a sentence for the offense of aggravated kidnapping for ransom, home invasion, armed robbery, aggravated vehicular hijacking, aggravated discharge of a firearm, or armed violence with a category I weapon or category II weapon, the trial judge shall make a finding as to whether the conduct leading to conviction for the offense resulted in great bodily harm to a victim, and shall enter that finding and the basis for that finding in the record.

(c-2) If the defendant is sentenced to prison, other than when a sentence of natural life imprisonment or a sentence of death is imposed, at the time the sentence is imposed the judge shall state on the record in open court the approximate period of time the defendant will serve in custody according to the then current statutory rules and regulations for early release found in Section 3-6-3 and other related provisions of this Code. This statement is intended solely to inform the public, has no legal effect on the defendant's actual release, and may not be relied on by the defendant on appeal.

The judge's statement, to be given after pronouncing the sentence, other than when the sentence is imposed for one of the offenses enumerated in paragraph (a)(3) of Section 3-6-3, shall include the following:

"The purpose of this statement is to inform the public of the actual period of time this defendant is likely to spend in prison as a result of this sentence. The actual period of prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. In this case, assuming the defendant receives all of his or her good conduct credit, the period of estimated actual custody is ... years and ... months, less up to 180 days additional good conduct credit for meritorious service. If the defendant, because of his or her own misconduct or failure to comply with the institutional regulations, does not receive those credits, the actual time served in prison will be longer. The defendant may also receive an additional one-half day good conduct credit for each day of participation in vocational, industry, substance abuse, and educational programs as provided for by Illinois statute."

When the sentence is imposed for one of the offenses enumerated in paragraph (a)(3) of Section 3-6-3, other than when the sentence is imposed for one of the offenses enumerated in paragraph (a)(2) of Section 3-6-3 committed on or after June 19, 1998, and other than when the sentence is imposed for reckless homicide as defined in subsection (e) of Section 9-3 of the Criminal Code of 1961 if the offense was committed on or after January 1, 1999, and other than when the sentence is imposed for aggravated arson if the offense was committed on or after the effective date of this amendatory Act of the 93rd General Assembly, the judge's statement, to be given after pronouncing the sentence, shall include the following:

"The purpose of this statement is to inform the public of the actual period of time this defendant is likely to spend in prison as a result of this sentence. The actual period of prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. The defendant may also receive an additional one-half day good conduct credit for each day of participation in vocational, industry, substance abuse, and educational programs as provided for by Illinois statute."

When the sentence is imposed for one of the offenses enumerated in paragraph (a)(2) of Section 3-6-3, other than first degree murder, and the offense was committed on or after June 19, 1998, and when the sentence is imposed for reckless homicide as defined in subsection (e) of Section 9-3 of the Criminal Code of 1961 if the offense was committed on or after January 1, 1999, and when the sentence is imposed for aggravated arson if the offense was committed on or after the effective date of this amendatory Act of the 93rd General Assembly, the judge's statement, to be given after pronouncing the sentence, shall include the following:

"The purpose of this statement is to inform the public of the actual period of time this defendant is likely to spend in prison as a result of this sentence. The actual period of prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. In this case, the defendant is entitled to no more than 4 1/2 days of good conduct credit for each month of his or her sentence of imprisonment. Therefore, this defendant will serve at least 85% of his or her sentence. Assuming the defendant receives 4 1/2 days credit for each month of his or her sentence, the period of estimated actual custody is ... years and ... months. If the defendant, because of his or her own misconduct or failure to comply with the institutional regulations receives lesser credit, the actual time served in prison will be longer."
When a sentence of imprisonment is imposed for first degree murder and the offense was committed on or after June 19, 1998, the judge's statement, to be given after pronouncing the sentence, shall include the following:

"The purpose of this statement is to inform the public of the actual period of time this defendant is likely to spend in prison as a result of this sentence. The actual period of prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. In this case, the defendant is not entitled to good conduct credit. Therefore, this defendant will serve 100% of his or her sentence."

When the sentence is imposed for any offense that results in incarceration in a Department of Corrections facility committed as a result of the use of, abuse of, or addiction to alcohol or a controlled substance and the crime was committed on or after the effective date of this amendatory Act of the 93rd General Assembly, the judge's statement, in addition to any other judge's statement required under this Section, to be given after pronouncing the sentence, shall include the following:

"The purpose of this statement is to inform the public of the actual period of time this defendant is likely to spend in prison as a result of this sentence. The actual period of prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. In this case, the defendant shall receive no good conduct credit until he or she participates in and completes a substance abuse treatment program."

(d) When the defendant is committed to the Department of Corrections, the State's Attorney shall and counsel for the defendant may file a statement with the clerk of the court to be transmitted to the department, agency or institution to which the defendant is committed to furnish such department, agency or institution with the facts and circumstances of the offense for which the person was committed together with all other factual information accessible to them in regard to the person prior to his commitment relative to his habits, associates, disposition and reputation and any other facts and circumstances which may aid such department, agency or institution during its custody of such person. The clerk shall within 10 days after receiving any such statements transmit a copy to such department, agency or institution and a copy to the other party, provided, however, that this shall not be cause for delay in conveying the person to the department, agency or institution to which he has been committed.

(e) The clerk of the court shall transmit to the department, agency or institution, if any, to which the defendant is committed, the following:

1. the sentence imposed;
2. any statement by the court of the basis for imposing the sentence;

(5) all statements filed under subsection (d) of this Section;

(6) any medical or mental health records or summaries of the defendant;

(9) all additional matters which the court directs the clerk to transmit.

New matter indicated by italics - deletions by strikeout
Sec. 21A-10. Development of program required. During the 2003-2004 school year, each public school or 2 or more public schools acting jointly shall develop, in conjunction with its exclusive representative or their exclusive representatives, if any, a new teacher induction and mentoring program that meets the requirements set forth in Section 21A-20 of this Code to assist new teachers in developing the skills and strategies necessary for instructional excellence, provided that funding is made available by the State Board of Education from an appropriation made for this purpose. A public school that has an existing induction and mentoring program that does not meet the requirements set forth in Section 21A-20 of this Code may have school years 2003-2004 and 2004-2005 to develop a program that does meet those requirements and may receive funding as described in Section 21A-25 of this Code, provided that the funding is made available by the State Board of Education from an appropriation made for this purpose. A public school with such an existing induction and mentoring program may receive funding for the 2005-2006 school year for each new teacher in the second year of a 2-year program that does not meet the requirements set forth in Section 21A-20, as long as the public school has established the required new program by the beginning of that school year as described in Section 21A-15 and provided that funding is made available by the State Board of Education from an appropriation made for this purpose as described in Section 21A-25.

(105 ILCS 5/21A-15 new)

Sec. 21A-15. When program is to be established and implemented. Notwithstanding any other provisions of this Code, by the beginning of the 2004-2005 school year (or by the beginning of the 2005-2006 school year for a public school that has been given an extension of time to develop a program under Section 21A-10 of this Code), each public school or 2 or more public schools acting jointly shall establish and implement, in conjunction with its exclusive representative or their exclusive representatives, if any, the new teacher induction and mentoring program required to be developed under Section 21A-10 of this Code, provided that funding is made available by the State Board of Education, from an appropriation made for this purpose, as described in Section 21A-25 of this Code. A public school may contract with an institution of higher education or other independent party to assist in implementing the program.

(105 ILCS 5/21A-20 new)

Sec. 21A-20. Program requirements. Each new teacher induction and mentoring program must be based on a plan that at least does all of the following:

(1) Assigns a mentor teacher to each new teacher for a period of at least 2 school years.

(2) Aligns with the Illinois Professional Teaching Standards, content area standards, and applicable local school improvement and professional development plans, if any.

(3) Addresses all of the following elements and how they will be provided:

New matter indicated by italics - deletions by strikeout
(A) Mentoring and support of the new teacher.

(B) Professional development specifically designed to ensure the growth of the new teacher’s knowledge and skills.

(C) Formative assessment designed to ensure feedback and reflection, which must not be used in any evaluation of the new teacher.

(4) Describes the role of mentor teachers, the criteria and process for their selection, and how they will be trained, provided that each mentor teacher shall demonstrate the best practices in teaching his or her respective field of practice. A mentor teacher may not directly or indirectly participate in the evaluation of a new teacher pursuant to Article 24A of this Code or the evaluation procedure of the public school.

(105 ILCS 5/21A-25 new)

Sec. 21A-25. Funding. From a separate appropriation made for the purposes of this Article, for each new teacher participating in a new teacher induction and mentoring program that meets the requirements set forth in Section 21A-20 of this Code or in an existing program that is in the process of transition to a program that meets those requirements, the State Board of Education shall pay the public school $1,200 annually for each of 2 school years for the purpose of providing one or more of the following:

(1) Mentor teacher compensation.

(2) Mentor teacher training or new teacher training or both.

(3) Release time.

However, if a new teacher, after participating in the new teacher induction and mentoring program for one school year, becomes employed by another public school, the State Board of Education shall pay the teacher's new school $1,200 for the second school year and the teacher shall continue to be a new teacher as defined in this Article. Each public school shall determine, in conjunction with its exclusive representative, if any, how the $1,200 per school year for each new teacher shall be used, provided that if a mentor teacher receives additional release time to support a new teacher, the total workload of other teachers regularly employed by the public school shall not increase in any substantial manner. If the appropriation is insufficient to cover the $1,200 per school year for each new teacher, public schools are not required to develop or implement the program established by this Article. In the event of an insufficient appropriation, a public school or 2 or more schools acting jointly may submit an application for a grant administered by the State Board of Education and awarded on a competitive basis to establish a new teacher induction and mentoring program that meets the criteria set forth in Section 21A-20 of this Code. The State Board of Education may retain up to $1,000,000 of the appropriation for new teacher induction and mentoring programs to train mentor teachers, administrators, and other personnel, to provide best practices information, and to conduct an evaluation of these programs’ impact and effectiveness.

(105 ILCS 5/21A-30 new)
Sec. 21A-30. Evaluation of programs. The State Board of Education and the State Teacher Certification Board shall jointly contract with an independent party to conduct a comprehensive evaluation of new teacher induction and mentoring programs established pursuant to this Article. The first report of this evaluation shall be presented to the General Assembly on or before January 1, 2009. Subsequent evaluations shall be conducted and reports presented to the General Assembly on or before January 1 of every third year thereafter.

(105 ILCS 5/21A-35 new)

Sec. 21A-35. Rules. The State Board of Education, in consultation with the State Teacher Certification Board, shall adopt rules for the implementation of this Article.

Section 15. The Code of Civil Procedure is amended by changing Section 13-202.2 as follows:

(735 ILCS 5/13-202.2) (from Ch. 110, par. 13-202.2)
Sec. 13-202.2. Childhood sexual abuse.
(a) In this Section:
"Childhood sexual abuse" means an act of sexual abuse that occurs when the person abused is under 18 years of age.
"Sexual abuse" includes but is not limited to sexual conduct and sexual penetration as defined in Section 12-12 of the Criminal Code of 1961.
(b) Notwithstanding any other provision of law, an action for damages for personal injury based on childhood sexual abuse must be commenced within 10 years of the date the limitation period begins to run under subsection (d) or within 5 ½ years of the date the person abused discovers or through the use of reasonable diligence should discover both (i) that the act of childhood sexual abuse occurred and (ii) that the injury was caused by the childhood sexual abuse. The fact that the person abused discovers or through the use of reasonable diligence should discover that the act of childhood sexual abuse occurred is not, by itself, sufficient to start the discovery period under this subsection (b). Knowledge of the abuse does not constitute discovery of the injury or the causal relationship between any later-discovered injury and the abuse.
(c) If the injury is caused by 2 or more acts of childhood sexual abuse that are part of a continuing series of acts of childhood sexual abuse by the same abuser, then the discovery period under subsection (b) shall be computed from the date the person abused discovers or through the use of reasonable diligence should discover both (i) that the last act of childhood sexual abuse in the continuing series occurred and (ii) that the injury was caused by any act of childhood sexual abuse in the continuing series. The fact that the person abused discovers or through the use of reasonable diligence should discover that the last act of childhood sexual abuse in the continuing series occurred is not, by itself, sufficient to start the discovery period under subsection (b). Knowledge of the abuse does not constitute discovery of the injury or the causal relationship between any later-discovered injury and the abuse.
(d) The limitation periods under subsection (b) do not begin to run before the person abused attains the age of 18 years; and, if at the time the person abused attains the age of 18 years he or she is under other legal disability, the limitation periods under subsection (b) do not begin to run until the removal of the disability.
(d-1) The limitation periods in subsection (b) do not run during a time period when the person abused is subject to threats, intimidation, manipulation, or fraud perpetrated by the abuser or by any person acting in the interest of the abuser.
(e) This Section applies to actions pending on the effective date of this amendatory Act of 1990 as well as to actions commenced on or after that date. The changes made by this amendatory Act of 1993 shall apply only to actions commenced on or after
the effective date of this amendatory Act of 1993. The changes made by this amendatory Act of the 93rd General Assembly apply to actions pending on the effective date of this amendatory Act of the 93rd General Assembly as well as actions commenced on or after that date.

Section 99. Effective date. This Act takes effect upon becoming law.

PUBLIC ACT 93-0357
(Senate Bill No. 1054)

AN ACT concerning highways.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Highway Code is amended by changing Section 9-113 as follows:

(605 ILCS 5/9-113) (from Ch. 121, par. 9-113)

Sec. 9-113. (a) No ditches, drains, track, rails, poles, wires, pipe line or other equipment of any public utility company, municipal corporation or other public or private corporation, association or person shall be located, placed or constructed upon, under or along any highway, or upon any township or district road, without first obtaining the written consent of the appropriate highway authority as hereinafter provided for in this Section.

(b) The State and county highway authorities are authorized to promulgate reasonable and necessary rules, regulations, and specifications for highways for the administration of this Section. In addition to rules promulgated under this subsection (b), the State highway authority shall and a county highway authority may adopt coordination strategies and practices designed and intended to establish and implement effective communication respecting planned highway projects that the State or county highway authority believes may require removal, relocation, or modification in accordance with subsection (f) of this Section. The strategies and practices adopted shall include but need not be limited to the delivery of 5 year programs, annual programs, and the establishment of coordination councils in the locales and with the utility participation that will best facilitate and accomplish the requirements of the State and county highway authority acting under subsection (f) of this Section. The utility participation shall include assisting the appropriate highway authority in establishing a schedule for the removal, relocation, or modification of the owner's facilities in accordance with subsection (f) of this Section. In addition, each utility shall designate in writing to the Secretary of Transportation or his or
her designee an agent for notice and the delivery of programs. The coordination councils must be established on or before January 1, 2002. The 90 day deadline for removal, relocation, or modification of the ditches, drains, track, rails, poles, wires, pipe line, or other equipment in subsection (f) of this Section shall be enforceable upon the establishment of a coordination council in the district or locale where the property in question is located. The coordination councils organized by a county highway authority shall include the county engineer, the County Board Chairman or his or her designee, and with such utility participation as will best facilitate and accomplish the requirements of a highway authority acting under subsection (f) of this Section. Should a county highway authority decide not to establish coordination councils, the 90 day deadline for removal, relocation, or modification of the ditches, drains, track, rails, poles, wires, pipe line, or other equipment in subsection (f) of this Section shall be waived for those highways.

(c) In the case of non-toll federal-aid fully access-controlled State highways, the State highway authority shall not grant consent to the location, placement or construction of ditches, drains, track, rails, poles, wires, pipe line or other equipment upon, under or along any such non-toll federal-aid fully access-controlled State highway, which:

(1) would require cutting the pavement structure portion of such highway for installation or, except in the event of an emergency, would require the use of any part of such highway right-of-way for purposes of maintenance or repair. Where, however, the State highway authority determines prior to installation that there is no other access available for maintenance or repair purposes, use by the entity of such highway right-of-way shall be permitted for such purposes in strict accordance with the rules, regulations and specifications of the State highway authority, provided however, that except in the case of access to bridge structures, in no such case shall an entity be permitted access from the through-travel lanes, shoulders or ramps of the non-toll federal-aid fully access-controlled State highway to maintain or repair its accommodation; or

(2) would in the judgment of the State highway authority, endanger or impair any such ditches, drains, track, rails, poles, wires, pipe lines or other equipment already in place; or

(3) would, if installed longitudinally within the access control lines of such highway, be above ground after installation except that the State highway authority may consent to any above ground installation upon, under or along any bridge, interchange or grade separation within the right-of-way which installation is otherwise in compliance with this Section and any rules, regulations or specifications issued hereunder; or

(4) would be inconsistent with Federal law or with rules, regulations or directives of appropriate Federal agencies.

(d) In the case of accommodations upon, under or along non-toll federal-aid fully access-controlled State highways the State highway authority may charge an entity
reasonable compensation for the right of that entity to longitudinally locate, place or construct ditches, drains, track, rails, poles, wires, pipe line or other equipment upon, under or along such highway. Such compensation may include in-kind compensation.

Where the entity applying for use of a non-toll federal-aid fully access-controlled State highway right-of-way is a public utility company, municipal corporation or other public or private corporation, association or person, such compensation shall be based upon but shall not exceed a reasonable estimate by the State highway authority of the fair market value of an easement or leasehold for such use of the highway right-of-way. Where the State highway authority determines that the applied-for use of such highway right-of-way is for private land uses by an individual and not for commercial purposes, the State highway authority may charge a lesser fee than would be charged a public utility company, municipal corporation or other public or private corporation or association as compensation for the use of the non-toll federal-aid fully access-controlled State highway right-of-way. In no case shall the written consent of the State highway authority give or be construed to give any entity any easement, leasehold or other property interest of any kind in, upon, under, above or along the non-toll federal-aid fully access-controlled State highway right-of-way.

Where the compensation from any entity is in whole or in part a fee, such fee may be reasonably set, at the election of the State highway authority, in the form of a single lump sum payment or a schedule of payments. All such fees charged as compensation may be reviewed and adjusted upward by the State highway authority once every 5 years provided that any such adjustment shall be based on changes in the fair market value of an easement or leasehold for such use of the non-toll federal-aid fully access-controlled State highway right-of-way. All such fees received as compensation by the State highway authority shall be deposited in the Road Fund.

(e) Any entity applying for consent shall submit such information in such form and detail to the appropriate highway authority as to allow the authority to evaluate the entity's application. In the case of accommodations upon, under or along non-toll federal-aid fully access-controlled State highways the entity applying for such consent shall reimburse the State highway authority for all of the authority's reasonable expenses in evaluating that entity's application, including but not limited to engineering and legal fees.

(f) Any ditches, drains, track, rails, poles, wires, pipe line, or other equipment located, placed, or constructed upon, under, or along a highway with the consent of the State or county highway authority under this Section shall, upon written notice by the State or county highway authority be removed, relocated, or modified by the owner, the owner's agents, contractors, or employees at no expense to the State or county highway authority when and as deemed necessary by the State or county highway authority for highway or highway safety purposes. The notice shall be properly given after the completion of engineering plans, the receipt of the necessary permits issued by the appropriate State and county highway authority to begin work, and the establishment of sufficient rights-of-way

New matter indicated by italics - deletions by strikeout
for a given utility authorized by the State or county highway authority to remain on the highway right-of-way such that the unit of local government or other owner of any facilities receiving notice in accordance with this subsection (f) can proceed with relocating, replacing, or reconstructing the ditches, drains, track, rails, poles, wires, pipe line, or other equipment. If a permit application to relocate on a public right-of-way is not filed within 15 days of the receipt of final engineering plans, the notice precondition of a permit to begin work is waived. However, under no circumstances shall this notice provision be construed to require the State or any government department or agency to purchase additional rights-of-way to accommodate utilities. If, within 90 days after receipt of such written notice, the ditches, drains, track, rails, poles, wires, pipe line, or other equipment have not been removed, relocated, or modified to the reasonable satisfaction of the State or county highway authority, or if arrangements are not made satisfactory to the State or county highway authority for such removal, relocation, or modification, the State or county highway authority may remove, relocate, or modify such ditches, drains, track, rails, poles, wires, pipe line, or other equipment and bill the owner thereof for the total cost of such removal, relocation, or modification. The scope of the project shall be taken into consideration by the State or county highway authority in determining satisfactory arrangements. The State or county highway authority shall determine the terms of payment of those costs provided that all costs billed by the State or county highway authority shall not be made payable over more than a 5 year period from the date of billing. The State and county highway authority shall have the power to extend the time of payment in cases of demonstrated financial hardship by a unit of local government or other public owner of any facilities removed, relocated, or modified from the highway right-of-way in accordance with this subsection (f). This paragraph shall not be construed to prohibit the State or county highway authority from paying any part of the cost of removal, relocation, or modification where such payment is otherwise provided for by State or federal statute or regulation. At any time within 90 days after written notice was given, the owner of the drains, track, rails, poles, wires, pipe line, or other equipment may request the district engineer or, if appropriate, the county engineer for a waiver of the 90 day deadline. The appropriate district or county engineer shall make a decision concerning waiver within 10 days of receipt of the request and may waive the 90 day deadline if he or she makes a written finding as to the reasons for waiving the deadline. Reasons for waiving the deadline shall be limited to acts of God, war, the scope of the project, the State failing to follow the proper notice procedure, and any other cause beyond reasonable control of the owner of the facilities. Waiver must not be unreasonably withheld. If 90 days after written notice was given, the ditches, drains, track, rails, poles, wires, pipe line, or other equipment have not been removed, relocated, or modified to the satisfaction of the State or county highway authority, no waiver of deadline has been requested or issued by the appropriate district or county engineer, and no satisfactory arrangement has been made with the appropriate State or county highway authority, the State or county highway authority or the general

contractor of the building project may file a complaint in the circuit court for an emergency order to direct and compel the owner to remove, relocate, or modify the drains, track, rails, poles, wires, pipe line, or other equipment to the satisfaction of the appropriate highway authority. The complaint for an order shall be brought in the circuit in which the subject matter of the complaint is situated or, if the subject matter of the complaint is situated in more than one circuit, in any one of those circuits.

(g) It shall be the sole responsibility of the entity, without expense to the State highway authority, to maintain and repair its ditches, drains, track, rails, poles, wires, pipe line or other equipment after it is located, placed or constructed upon, under or along any State highway and in no case shall the State highway authority thereafter be liable or responsible to the entity for any damages or liability of any kind whatsoever incurred by the entity or to the entity's ditches, drains, track, rails, poles, wires, pipe line or other equipment.

(h) Except as provided in subsection (h-1), upon receipt of an application therefor, consent to so use a highway may be granted subject to such terms and conditions not inconsistent with this Code as the highway authority deems for the best interest of the public. The terms and conditions required by the appropriate highway authority may include but need not be limited to participation by the party granted consent in the strategies and practices adopted under subsection (b) of this Section. The petitioner shall pay to the owners of property abutting upon the affected highways established as though by common law plat all damages the owners may sustain by reason of such use of the highway, such damages to be ascertained and paid in the manner provided by law for the exercise of the right of eminent domain.

(h-1) With regard to any public utility, as defined in Section 3-105 of the Public Utilities Act, engaged in public water or public sanitary sewer service that comes under the jurisdiction of the Illinois Commerce Commission, upon receipt of an application therefor, consent to so use a highway may be granted subject to such terms and conditions not inconsistent with this Code as the highway authority deems for the best interest of the public. The terms and conditions required by the appropriate highway authority may include but need not be limited to participation by the party granted consent in the strategies and practices adopted under subsection (b) of this Section. If the highway authority does not have fee ownership of the property, the petitioner shall pay to the owners of property located in the highway right-of-way all damages the owners may sustain by reason of such use of the highway, such damages to be ascertained and paid in the manner provided by law for the exercise of the right of eminent domain. The consent shall not otherwise relieve the entity granted that consent from obtaining by purchase, condemnation, or otherwise the necessary approval of any owner of the fee over or under which the highway or road is located, except to the extent that no such owner has paid real estate taxes on the property for the 2 years prior to the grant of the consent. that either expressly excludes the property subject to the right-of-way or that describes the property conveyed as ending at the right-of-way or being bounded by the right-of-way or road shall not be considered owners of property located in the right-of-way and shall not be entitled to damages by reason of the use of the highway or road for utility purposes, except that this provision shall not relieve the public utility from the obligation to pay for any physical damage it causes to improvements lawfully located in the right-of-way. Owners of abutting property whose descriptions include the right-of-way but are made subject to the right-of-way shall be entitled to compensation for use of the right-of-way. If the property subject to the right-of-way is not owned by the owners of the abutting property (either because it is expressly excluded from the property conveyed to an abutting property owner or the property as conveyed ends at or is bounded by the right-of-way or road), then the petitioner shall pay any damages, as so calculated, to the person or persons who have paid real estate taxes for the property as reflected in the county tax records. If no person has paid real estate taxes, then the public interest permits the installation of the facilities without payment of any damages. This provision of this amendatory Act of the 93rd General Assembly is intended to clarify, by codification, existing law and is not intended to change the law.

(i) Such consent shall be granted by the Department in the case of a State highway; by the county board or its designated county superintendent of highways in the case of a county highway; by either the highway commissioner or the county superintendent of highways in the case of a township or district road, provided that if consent is granted by the highway commissioner, the petition shall be filed with the commissioner at least 30 days prior to the proposed date of the beginning of construction, and that if written consent is not given by the commissioner within 30 days after receipt of the petition, the applicant may make written application to the county superintendent of highways for consent to the construction. This Section does not vitiate, extend or otherwise affect any consent granted in accordance with law prior to the effective date of this Code to so use any highway.

(j) Nothing in this Section shall limit the right of a highway authority to permit the location, placement or construction or any ditches, drains, track, rails, poles, wires, pipe line or other equipment upon, under or along any highway or road as a part of its highway or road facilities or which the highway authority determines is necessary to service facilities required for operating the highway or road, including rest areas and weigh stations.

(k) Paragraphs (c) and (d) of this Section shall not apply to any accommodation located, placed or constructed with the consent of the State highway authority upon, under or along any non-toll federal-aid fully access-controlled State highway prior to July 1, 1984, provided that accommodation was otherwise in compliance with the rules, regulations and specifications of the State highway authority.

(l) Except as provided in subsection (l-1), the consent to be granted pursuant to this Section by the appropriate highway authority shall be effective only to the extent of the property interest of the State or government unit served by that highway authority. Such consent shall not be binding on any owner of the fee over or under which the highway or road is located and shall not otherwise relieve the entity granted that consent from obtaining by purchase, condemnation or otherwise the necessary approval of any owner of the fee over or under which the highway or road is located. This paragraph shall not be construed as a limitation on the use for highway or road purposes of the land or other property interests acquired by the public for highway or road purposes, including the space under or above such right-of-way.

(l-1) With regard to any public utility, as defined in Section 3-105 of the Public Utilities Act, engaged in public water or public sanitary sewer service that comes under the jurisdiction of the Illinois Commerce Commission, the consent to be granted pursuant to this Section by the appropriate highway authority shall be effective only to the extent of the property interest of the State or government unit served by that highway authority. Such consent shall not be binding on any owner of the fee over or under which the highway or road is located but shall be binding on any abutting property owner whose property boundary ends at the right-of-way of the highway or road. For purposes of the preceding sentence, property that includes a portion of a highway or road but is subject to the highway or road shall not be considered to end at the highway or road. The consent shall not otherwise relieve the entity granted that consent from obtaining by purchase, condemnation or otherwise the necessary approval of any owner of the fee over or under which the highway or road is located, except to the extent that no such owner has paid real estate taxes on the property for the 2 years prior to the grant of the consent. This provision is not intended to absolve a utility from obtaining consent from a lawful owner of the roadway or highway property (i.e. a person whose deed of conveyance lawfully includes the property, whether or not made subject to the highway or road) but who does not pay taxes by reason of Division 6 of Article 10 of the Property Tax Code. This paragraph shall not be construed as a limitation on the use for highway or road purposes of the land or other property interests acquired by the public for highway or road purposes, including the space under or above such right-of-way.

(m) The provisions of this Section apply to all permits issued by the Department of Transportation and the appropriate State or county highway authority.

Section 10. The Conveyances Act is amended by changing Section 7a as follows:

(765 ILCS 5/7a) (from Ch. 30, par. 6a)

Sec. 7a. (a) Except as provided in subsection (b), any instrument, including a will, which conveys, transfers, encumbers, leases or releases, or by which an agreement is made to convey, transfer, encumber, lease or release, or by virtue of which there is conveyed, transferred, encumbered, leased or released, any real property, whether

described by a metes and bounds description or otherwise, which abuts upon any road, street, highway or alley, or upon any abandoned or vacated road, street, highway or alley shall be deemed and construed to include any right, title or interest in that part of such road, street, highway or alley which the abutting owner who makes any such instrument shall presently have or, which such owner, his heirs, successors and assigns subsequently acquires in such road, street, highway or alley unless such instrument by its terms expressly excludes, in the description of the property, such road, street, highway or alley. The right, title or interest acquired under such instrument in such road, street, highway or alley, by virtue of the provisions of this Act, shall be deemed and construed to be for the same uses and purposes set forth in such instrument with respect to the real property specifically described in the instrument. However, no covenants or agreements made by the maker of any such instrument with respect to any real property specifically described shall apply to or be enforceable with respect to any right, title or interest which is acquired solely by virtue of the provisions of this Act.

(b) With regard to any public utility, as defined in Section 3-105 of the Public Utilities Act, engaged in public water or public sanitary sewer service that comes under the jurisdiction of the Illinois Commerce Commission, any instrument, including a will, which conveys, transfers, encumbers, leases or releases, or by which an agreement is made to convey, transfer, encumber, lease or release, or by virtue of which there is conveyed, transferred, encumbered, leased or released, any real property, whether described by a metes and bounds description or otherwise, which abuts upon any road, street, highway or alley, or upon any abandoned or vacated road, street, highway or alley shall be deemed and construed to include any right, title or interest in that part of such road, street, highway or alley which the abutting owner who makes any such instrument shall presently have or, which such owner, his heirs, successors and assigns subsequently acquires in such road, street, highway or alley unless such instrument by its terms expressly excludes, in the description of the property, such road, street, highway or alley. The right, title or interest acquired under such instrument in such road, street, highway or alley, by virtue of the provisions of this Act, shall be deemed and construed to be for the same uses and purposes set forth in such instrument with respect to the real property specifically described in the instrument. However, no covenants or agreements made by the maker of any such instrument with respect to any real property specifically described shall apply to or be enforceable with respect to any right, title, or interest which is acquired solely by virtue of the provisions of this Act. "Conveyance" expressly excludes a road, street, highway, or alley if the legal description of the property uses the boundary of the road, street, highway, or alley closest to the property being conveyed as a boundary of the property being conveyed or expressly states that the road, street, highway, or alley is excepted from the property being conveyed. A conveyance does not expressly exclude a road, street, highway, or alley if the conveyance is described as being "subject to" the road, street, highway, or alley. The rights accruing in the abutting property owner under this Act shall be subject to
all existing uses and easements located within the right-of-way; the rights shall also be subject to such future uses and easements as may be permitted to be located within the right-of-way under the provisions of the Illinois Highway Code or any successor statute thereto. This provision of this amendatory Act of the 93rd General Assembly is intended to clarify, by codification, existing law and is not intended to change the law. (Source: P.A. 76-1660.)

(Section scheduled to be repealed on July 1, 2005)
Sec. 13-301.2. Program to Foster Elimination of the Digital Divide. The Commission shall require by rule that each telecommunications carrier providing local exchange telecommunications service notify its end-user customers that if the customer wishes to participate in the funding of the Program to Foster Elimination of the Digital Divide he or she may do so by electing to contribute, on a monthly basis, a fixed amount that will be included in the customer's monthly bill. The obligations imposed in this Section shall not be imposed upon a telecommunications carrier for any of its end-users subscribing to the services listed below: (1) private line service which is not directly or indirectly used for the origination or termination of switched telecommunications service, (2) cellular radio service, (3) high-speed point-to-point data transmission at or above 9.6 kilobits, (4) the provision of telecommunications service by a company or person otherwise subject to subsection (c) of Section 13-202 to a telecommunications carrier, which is incidental to the provision of service subject to subsection (c) of Section 13-202; (5) pay telephone service; or (6) interexchange telecommunications service. The customer may cease contributing at any time upon providing notice to the telecommunications carrier. The notice shall state that any contribution made will not reduce the customer's bill for telecommunications services. (725 ILCS 5/112A-23) (from Ch. 38, par. 112A-23)

Sec. 112A-23. Enforcement of orders of protection.

(i) remedies described in paragraphs (1), (2), (3), (14), or (14.5) of subsection (b) of Section 112A-14,

(ii) a remedy, which is substantially similar to the remedies authorized under paragraphs (1), (2), (3), (14) or (14.5) of subsection (b) of Section 214 of the Illinois Domestic Violence Act of 1986, in a valid order of protection, which is authorized under the laws of another state, tribe or United States territory,

(iii) or any other remedy when the act constitutes a crime against the protected parties as defined by the Criminal Code of 1961.

Prosecution for a violation of an order of protection shall not bar concurrent prosecution for any other crime, including any crime that may have been committed at the time of the violation of the order of protection; or

(2) The respondent commits the crime of child abduction pursuant to Section 10-5 of the Criminal Code of 1961, by having knowingly violated:

(b) When violation is contempt of court. A violation of any valid order of protection, whether issued in a civil or criminal proceeding, may be enforced through civil or criminal contempt procedures, as appropriate, by any court with jurisdiction, regardless where the act or acts which violated the order of protection were committed, to the extent consistent with the venue provisions of this Article. Nothing in this Article shall preclude any Illinois court from enforcing any valid order of protection issued in another state. Illinois courts may enforce orders of protection through both criminal prosecution and contempt proceedings, unless the action which is second in time is barred by collateral estoppel or the constitutional prohibition against double jeopardy.

(1) In a contempt proceeding where the petition for a rule to show cause sets forth facts evidencing an immediate danger that the respondent will flee the jurisdiction, conceal a child, or inflict physical abuse on the petitioner or minor children or on dependent adults in petitioner's care, the court may order the attachment of the respondent without prior service of the rule to show cause or the petition for a rule to show cause. Bond shall be set unless specifically denied in writing.

(2) A petition for a rule to show cause for violation of an order of protection shall be treated as an expedited proceeding.

(c) Violation of custody or support orders. A violation of remedies described in paragraphs (5), (6), (8), or (9) of subsection (b) of Section 112A-14 may be enforced by any remedy provided by Section 611 of the Illinois Marriage and Dissolution of Marriage Act. The court may enforce any order for support issued under paragraph (12) of subsection (b) of Section 112A-14 in the manner provided for under Articles V and VII of the Illinois Marriage and Dissolution of Marriage Act.

(d) Actual knowledge. An order of protection may be enforced pursuant to this Section if the respondent violates the order after respondent has actual knowledge of its contents as shown through one of the following means:

(1) By service, delivery, or notice under Section 112A-10.
(2) By notice under Section 112A-11.
(3) By service of an order of protection under Section 112A-22.
(4) By other means demonstrating actual knowledge of the contents of the order.

(e) The enforcement of an order of protection in civil or criminal court shall not be affected by either of the following:

(1) The existence of a separate, correlative order entered under Section 112A-15.

(2) Any finding or order entered in a conjoined criminal proceeding.

(f) Circumstances. The court, when determining whether or not a violation of an order of protection has occurred, shall not require physical manifestations of abuse on the person of the victim.

(g) Penalties.

(1) Except as provided in paragraph (3) of this subsection, where the court finds the commission of a crime or contempt of court under subsections (a) or (b) of this Section, the penalty shall be the penalty that generally applies in such criminal or contempt proceedings, and may include one or more of the following: incarceration, payment of restitution, a fine, payment of attorneys' fees and costs, or community service.

(2) The court shall hear and take into account evidence of any factors in aggravation or mitigation before deciding an appropriate penalty under paragraph (1) of this subsection.

(3) To the extent permitted by law, the court is encouraged to:

   (i) increase the penalty for the knowing violation of any order of protection over any penalty previously imposed by any court for respondent's violation of any order of protection or penal statute involving petitioner as victim and respondent as defendant;

   (ii) impose a minimum penalty of 24 hours imprisonment for respondent's first violation of any order of protection; and

   (iii) impose a minimum penalty of 48 hours imprisonment for respondent's second or subsequent violation of an order of protection unless the court explicitly finds that an increased penalty or that period of imprisonment would be manifestly unjust.

(4) In addition to any other penalties imposed for a violation of an order of protection, a criminal court may consider evidence of any violations of an order of protection:

   (i) to increase, revoke or modify the bail bond on an underlying criminal charge pursuant to Section 110-6;

   (ii) to revoke or modify an order of probation, conditional discharge or supervision, pursuant to Section 5-6-4 of the Unified Code of Corrections;

   (iii) to revoke or modify a sentence of periodic imprisonment, pursuant to Section 5-7-2 of the Unified Code of Corrections.

(30 ILCS 235/2) (from Ch. 85, par. 902)
Sec. 2. Authorized investments.
(a) Any public agency may invest any public funds as follows:

New matter indicated by italics - deletions by strikeout
(1) in bonds, notes, certificates of indebtedness, treasury bills or other
securities now or hereafter issued, which are guaranteed by the full faith and
credit of the United States of America as to principal and interest;
(2) in bonds, notes, debentures, or other similar obligations of the
United States of America or its agencies;
(3) in interest-bearing savings accounts, interest-bearing certificates of
deposit or interest-bearing time deposits or any other investments constituting
direct obligations of any bank as defined by the Illinois Banking Act;
(4) in short term obligations of corporations organized in the United
States with assets exceeding $500,000,000 if (i) such obligations are rated at the
time of purchase at one of the 3 highest classifications established by at least 2
standard rating services and which mature not later than 180 days from the date
of purchase, (ii) such purchases do not exceed 10% of the corporation's
outstanding obligations and (iii) no more than one-third of the public agency's
funds may be invested in short term obligations of corporations; or
(5) in money market mutual funds registered under the Investment
Company Act of 1940, provided that the portfolio of any such money market
mutual fund is limited to obligations described in paragraph (1) or (2) of this
subsection and to agreements to repurchase such obligations.
(a-1) In addition to any other investments authorized under this Act, a
municipality may invest its public funds in interest bearing bonds of any county, township,
city, village, incorporated town, municipal corporation, or school district, of the State of
Illinois, of any other state, or of any political subdivision or agency of the State of Illinois
or of any other state, whether the interest earned thereon is taxable or tax-exempt under

governing authority, the public funds so invested will be required for expenditure by such
public agency or its governing authority. The expressed judgment of any such governing

authority as to the time when any public funds will be required for expenditure or be redeemable is final and conclusive. Any public agency may invest any public funds in dividend-bearing share accounts, share certificate accounts or class of share accounts of a credit union chartered under the laws of this State or the laws of the United States; provided, however, the principal office of any such credit union must be located within the State of Illinois. Investments may be made only in those credit unions the accounts of which are insured by applicable law.

(c) For purposes of this Section, the term "agencies of the United States of America" includes: (i) the federal land banks, federal intermediate credit banks, banks for cooperative, federal farm credit banks, or any other entity authorized to issue debt obligations under the Farm Credit Act of 1971 (12 U.S.C. 2001 et seq.) and Acts amendatory thereto; (ii) the federal home loan banks and the federal home loan mortgage corporation; and (iii) any other agency created by Act of Congress.

(d) Except for pecuniary interests permitted under subsection (f) of Section 3-14-4 of the Illinois Municipal Code or under Section 3.2 of the Public Officer Prohibited Practices Act, no person acting as treasurer or financial officer or who is employed in any similar capacity by or for a public agency may do any of the following:

(1) have any interest, directly or indirectly, in any investments in which the agency is authorized to invest.

(2) have any interest, directly or indirectly, in the sellers, sponsors, or managers of those investments.

(3) receive, in any manner, compensation of any kind from any investments in which the agency is authorized to invest.

(e) Any public agency may also invest any public funds in a Public Treasurers' Investment Pool created under Section 17 of the State Treasurer Act. Any public agency may also invest any public funds in a fund managed, operated, and administered by a bank, subsidiary of a bank, or subsidiary of a bank holding company or use the services of such an entity to hold and invest or advise regarding the investment of any public funds.

(f) To the extent a public agency has custody of funds not owned by it or another public agency and does not otherwise have authority to invest such funds, the public agency may invest such funds as if they were its own. Such funds must be released to the appropriate person at the earliest reasonable time, but in no case exceeding 31 days, after the private person becomes entitled to the receipt of them. All earnings accruing on any investments or deposits made pursuant to the provisions of this Act shall be credited to the public agency by or for which such investments or deposits were made, except as provided otherwise in Section 4.1 of the State Finance Act or the Local Governmental Tax Collection Act, and except where by specific statutory provisions such earnings are directed to be credited to and paid to a particular fund.

(g) A public agency may purchase or invest in repurchase agreements of government securities having the meaning set out in the Government Securities Act of

1986 subject to the provisions of said Act and the regulations issued thereunder. The government securities, unless registered or inscribed in the name of the public agency, shall be purchased through banks or trust companies authorized to do business in the State of Illinois.

(h) Except for repurchase agreements of government securities which are subject to the Government Securities Act of 1986, no public agency may purchase or invest in instruments which constitute repurchase agreements, and no financial institution may enter into such an agreement with or on behalf of any public agency unless the instrument and the transaction meet the following requirements:

(1) The securities, unless registered or inscribed in the name of the public agency, are purchased through banks or trust companies authorized to do business in the State of Illinois.

(2) An authorized public officer after ascertaining which firm will give the most favorable rate of interest, directs the custodial bank to "purchase" specified securities from a designated institution. The "custodial bank" is the bank or trust company, or agency of government, which acts for the public agency in connection with repurchase agreements involving the investment of funds by the public agency. The State Treasurer may act as custodial bank for public agencies executing repurchase agreements. To the extent the Treasurer acts in this capacity, he is hereby authorized to pass through to such public agencies any charges assessed by the Federal Reserve Bank.

(3) A custodial bank must be a member bank of the Federal Reserve System or maintain accounts with member banks. All transfers of book-entry securities must be accomplished on a Reserve Bank's computer records through a member bank of the Federal Reserve System. These securities must be credited to the public agency on the records of the custodial bank and the transaction must be confirmed in writing to the public agency by the custodial bank.

(4) Trading partners shall be limited to banks or trust companies authorized to do business in the State of Illinois or to registered primary reporting dealers.

(5) The security interest must be perfected.

(6) The public agency enters into a written master repurchase agreement which outlines the basic responsibilities and liabilities of both buyer and seller.

(7) Agreements shall be for periods of 330 days or less.

(8) The authorized public officer of the public agency informs the custodial bank in writing of the maturity details of the repurchase agreement.

(9) The custodial bank must take delivery of and maintain the securities in its custody for the account of the public agency and confirm the transaction in writing to the public agency. The Custodial Undertaking shall provide that the custodian takes possession of the securities exclusively for the public agency; that
the securities are free of any claims against the trading partner; and any claims by
the custodian are subordinate to the public agency's claims to rights to those
securities.

(10) The obligations purchased by a public agency may only be sold or
presented for redemption or payment by the fiscal agent bank or trust company
holding the obligations upon the written instruction of the public agency or
officer authorized to make such investments.

(11) The custodial bank shall be liable to the public agency for any
monetary loss suffered by the public agency due to the failure of the custodial
bank to take and maintain possession of such securities.

(i) Notwithstanding the foregoing restrictions on investment in instruments
constituting repurchase agreements the Illinois Housing Development Authority may
invest in, and any financial institution with capital of at least $250,000,000 may act as
custodian for, instruments that constitute repurchase agreements, provided that the Illinois
Housing Development Authority, in making each such investment, complies with the
safety and soundness guidelines for engaging in repurchase transactions applicable to
federally insured banks, savings banks, savings and loan associations or other depository
institutions as set forth in the Federal Financial Institutions Examination Council Policy
Statement Regarding Repurchase Agreements and any regulations issued, or which may be
issued by the supervisory federal authority pertaining thereto and any amendments thereto;
provided further that the securities shall be either (i) direct general obligations of, or
obligations the payment of the principal of and/or interest on which are unconditionally
guaranteed by, the United States of America or (ii) any obligations of any agency,
corporation or subsidiary thereof controlled or supervised by and acting as an
instrumentality of the United States Government pursuant to authority granted by the
Congress of the United States and provided further that the security interest must be
perfected by either the Illinois Housing Development Authority, its custodian or its agent
receiving possession of the securities either physically or transferred through a nationally
recognized book entry system.

(j) In addition to all other investments authorized under this Section, a community
college district may invest public funds in any mutual funds that invest primarily in
corporate investment grade or global government short term bonds. Purchases of mutual
funds that invest primarily in global government short term bonds shall be limited to funds
with assets of at least $100 million and that are rated at the time of purchase as one of the
10 highest classifications established by a recognized rating service. The investments shall
be subject to approval by the local community college board of trustees. Each community
college board of trustees shall develop a policy regarding the percentage of the college's
investment portfolio that can be invested in such funds.

Section 10. The Investment of Municipal Funds Act is amended by changing Section 1 as follows:

(50 ILCS 340/1) (from Ch. 146 1/2, par. 3.1)

Sec. 1. Every county, park district, sanitary district, or other municipal corporation, holding in its treasury funds which are set aside for use for particular purposes, including any funds that are disbursed to a county or municipality as their share of the taxes collected under the "Motor Fuel Tax Law", but which are not immediately necessary for those purposes, by ordinance, may use those funds, or any of them, in the purchase of tax anticipation warrants issued by the county, park district, sanitary district, or other municipal corporation possessing the funds against taxes levied by that county, park district, sanitary district, or other municipal corporation. These warrants shall bear interest not to exceed four percent annually. All interest upon these warrants, and all money paid in redemption of these warrants, or received from the resale thereof, shall at once be credited to and placed in the particular fund used to purchase the specified warrants. Likewise, every county, park district, sanitary district, or other municipal corporation, by resolution or ordinance may use the money in the specified funds in the purchase of municipal bonds issued by the county, park district, sanitary district, or other municipal corporation, possessing the funds and representing an obligation and pledging the credit of that county, park district, sanitary district, or other municipal corporation, or bonds and other interest bearing obligations of the United States, or of the State of Illinois, or of any other state or of any political subdivision or agency of the State of Illinois or of any other state, whether the interest earned thereon is taxable or tax-exempt under federal law, including savings accounts and savings certificates of deposit of deposit of any State or National Bank if such accounts and certificates are fully insured by the Federal Deposit Insurance Corporation, withdrawable capital accounts or deposits of State or federal chartered savings and loan associations which are fully insured by the Federal Savings and Loan Insurance Corporation, or treasury notes and other securities issued by agencies of the United States. All interest upon these bonds or obligations and all money paid in redemption of these bonds or obligations or realized from the sale thereof, if afterwards sold, shall at once be credited to and placed in the particular fund used to purchase the specified bonds or obligations.

No bank or savings and loan association shall receive public funds as permitted by this Section, unless it has complied with the requirements established pursuant to Section 6 of "An Act relating to certain investments of public funds by public agencies", approved July 23, 1943, as now or hereafter amended.

This amendatory Act of 1975 is not a limit on any home rule unit.
In determining income eligibility for child care benefits, the Department annually, at the beginning of each fiscal year, shall establish, by rule, one income threshold for each family size, in relation to percentage of State median income for a family of that size, that makes families with incomes below the specified threshold eligible for assistance and families with incomes above the specified threshold ineligible for assistance. The specified threshold must be no less than 50% of the then-current State median income for each family size.

In determining eligibility for assistance, the Department shall not give preference to any category of recipients or give preference to individuals based on their receipt of benefits under this Code.

The Department shall allocate $7,500,000 annually for a test program for families who are income-eligible for child care assistance, who are not recipients of TANF under Article IV, and who need child care assistance to participate in education and training activities. The Department shall specify by rule the conditions of eligibility for this test program. It is the intent of the General Assembly that, for fiscal year 1998, to the extent resources permit, the Department shall establish an income eligibility threshold of 50% of the State median income. Notwithstanding the income level at which families become eligible to receive child care assistance, any family that is already receiving child care assistance on the effective date of this amendatory Act of 1997 shall remain eligible for assistance for fiscal year 1998.

Nothing in this Section shall be construed as conferring entitlement status to eligible families.

The Illinois Department is authorized to lower income eligibility ceilings, raise parent co-payments, create waiting lists, or take such other actions during a fiscal year as are necessary to ensure that child care benefits paid under this Article do not exceed the amounts appropriated for those child care benefits. These changes may be accomplished by emergency rule under Section 5-45 of the Illinois Administrative Procedure Act, except that the limitation on the number of emergency rules that may be adopted in a 24-month period shall not apply.

The Illinois Department may contract with other State agencies or child care organizations for the administration of child care services.

(c) Payment shall be made for child care that otherwise meets the requirements of this Section and applicable standards of State and local law and regulation, including any requirements the Illinois Department promulgates by rule in addition to the licensure requirements promulgated by the Department of Children and Family Services and Fire Prevention and Safety requirements promulgated by the Office of the State Fire Marshal and is provided in any of the following:

(1) a child care center which is licensed or exempt from licensure pursuant to Section 2.09 of the Child Care Act of 1969;
(2) a licensed child care home or home exempt from licensing;

New matter indicated by italics - deletions by strikeout
(3) a licensed group child care home;
(4) other types of child care, including child care provided by relatives or persons living in the same home as the child, as determined by the Illinois Department by rule.

(d) The Illinois Department shall, by rule, require co-payments for child care services by any parent, including parents whose only income is from assistance under this Code. The co-payment shall be assessed based on a sliding scale based on family income, family size, and the number of children in care. Co-payments shall not be increased due solely to a change in the methodology for counting family income.

(e) The Illinois Department shall conduct a market rate survey based on the cost of care and other relevant factors which shall be completed by July 1, 1998.

(f) The Illinois Department shall, by rule, set rates to be paid for the various types of child care. Child care may be provided through one of the following methods:
   (1) arranging the child care through eligible providers by use of purchase of service contracts or vouchers;
   (2) arranging with other agencies and community volunteer groups for non-reimbursed child care;
   (3) (blank); or
   (4) adopting such other arrangements as the Department determines appropriate.

(g) Families eligible for assistance under this Section shall be given the following options:
   (1) receiving a child care certificate issued by the Department or a subcontractor of the Department that may be used by the parents as payment for child care and development services only; or
   (2) if space is available, enrolling the child with a child care provider that has a purchase of service contract with the Department or a subcontractor of the Department for the provision of child care and development services. The Department may identify particular priority populations for whom they may request special consideration by a provider with purchase of service contracts, provided that the providers shall be permitted to maintain a balance of clients in terms of household incomes and families and children with special needs, as defined by rule.

(a) The person for whom bail has been set shall execute the bail bond and deposit with the clerk of the court before which the proceeding is pending a sum of money equal to

New matter indicated by italics - deletions by strikeout
10% of the bail, but in no event shall such deposit be less than $25. The clerk of the court shall provide a space on each form for a person other than the accused who has provided the money for the posting of bail to so indicate and a space signed by an accused who has executed the bail bond indicating whether a person other than the accused has provided the money for the posting of bail. The form shall also include a written notice to such person who has provided the defendant with the money for the posting of bail indicating that the bail may be used to pay costs, attorney's fees, fines, or other purposes authorized by the court and if the defendant fails to comply with the conditions of the bail bond, the court shall enter an order declaring the bail to be forfeited. The written notice must be: (1) distinguishable from the surrounding text; (2) in bold type or underscored; and (3) in a type size at least 2 points larger than the surrounding type. When a person for whom bail has been set is charged with an offense under the "Illinois Controlled Substances Act" which is a Class X felony, the court may require the defendant to deposit a sum equal to 100% of the bail. Where any person is charged with a forcible felony while free on bail and is the subject of proceedings under Section 109-3 of this Code the judge conducting the preliminary examination may also conduct a hearing upon the application of the State pursuant to the provisions of Section 110-6 of this Code to increase or revoke the bail for that person's prior alleged offense.

(b) Upon depositing this sum and any bond fee authorized by law, the person shall be released from custody subject to the conditions of the bail bond.

(c) Once bail has been given and a charge is pending or is thereafter filed in or transferred to a court of competent jurisdiction the latter court shall continue the original bail in that court subject to the provisions of Section 110-6 of this Code.

(d) After conviction the court may order that the original bail stand as bail pending appeal or deny, increase or reduce bail subject to the provisions of Section 110-6.2.

(e) After the entry of an order by the trial court allowing or denying bail pending appeal either party may apply to the reviewing court having jurisdiction or to a justice thereof sitting in vacation for an order increasing or decreasing the amount of bail or allowing or denying bail pending appeal subject to the provisions of Section 110-6.2.

(f) When the conditions of the bail bond have been performed and the accused has been discharged from all obligations in the cause the clerk of the court shall return to the accused or to the defendant's designee by an assignment executed at the time the bail amount is deposited, unless the court orders otherwise, 90% of the sum which had been deposited and shall retain as bail bond costs 10% of the amount deposited. However, in no event shall the amount retained by the clerk as bail bond costs be less than $5. Bail bond deposited by or on behalf of a defendant in one case may be used, in the court's discretion, to satisfy financial obligations of that same defendant incurred in a different case due to a fine, court costs, restitution or fees of the defendant's attorney of record. The court shall not order bail bond deposited by or on behalf of a defendant in one case to be used to satisfy

New matter indicated by italics - deletions by strikeout
financial obligations of that same defendant in a different case until the bail bond is first used to satisfy court costs and attorney's fees in the case in which the bail bond has been deposited and any other unpaid child support obligations are satisfied.

At the request of the defendant the court may order such 90% of defendant's bail deposit, or whatever amount is repayable to defendant from such deposit, to be paid to defendant's attorney of record.

(g) If the accused does not comply with the conditions of the bail bond the court having jurisdiction shall enter an order declaring the bail to be forfeited. Notice of such order of forfeiture shall be mailed forthwith to the accused at his last known address. If the accused does not appear and surrender to the court having jurisdiction within 30 days from the date of the forfeiture or within such period satisfy the court that appearance and surrender by the accused is impossible and without his fault the court shall enter judgment for the State if the charge for which the bond was given was a felony or misdemeanor, or if the charge was quasi-criminal or traffic, judgment for the political subdivision of the State which prosecuted the case, against the accused for the amount of the bail and costs of the court proceedings; however, in counties with a population of less than 3,000,000, instead of the court entering a judgment for the full amount of the bond the court may, in its discretion, enter judgment for the cash deposit on the bond, less costs, retain the deposit for further disposition or, if a cash bond was posted for failure to appear in a matter involving enforcement of child support or maintenance, the amount of the cash deposit on the bond, less outstanding costs, may be awarded to the person or entity to whom the child support or maintenance is due. The deposit made in accordance with paragraph (a) shall be applied to the payment of costs. If judgment is entered and any amount of such deposit remains after the payment of costs it shall be applied to payment of the judgment and transferred to the treasury of the municipal corporation wherein the bond was taken if the offense was a violation of any penal ordinance of a political subdivision of this State, or to the treasury of the county wherein the bond was taken if the offense was a violation of any penal statute of this State. The balance of the judgment may be enforced and collected in the same manner as a judgment entered in a civil action.

(h) After a judgment for a fine and court costs or either is entered in the prosecution of a cause in which a deposit had been made in accordance with paragraph (a) the balance of such deposit, after deduction of bail bond costs, shall be applied to the payment of the judgment.

Any amendment to a complaint, except any amendment permitted to be made in open court during the course of a hearing on the complaint, shall also be filed in triplicate, with one copy delivered to the State's Attorney and one copy delivered to the county clerk by the clerk of the circuit court. The State's Attorney shall within 10 days of receiving his or her copy of the amendment notify the duly elected or appointed custodian of funds for each taxing district whose tax monies may be affected by the amendment, stating (i) that the amendment has been filed and (ii) the summary of the reasons for the tax objections set forth in the amended complaint. AN ACT concerning child care facilities.

New matter indicated by italics - deletions by strikeout
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Child Care Act of 1969 is amended by adding Section 5.6 as follows:

(225 ILCS 10/5.6 new)
Sec. 5.6. Pesticide application at day care centers.
(a) Licensed day care centers shall abide by the requirements of Sections 10.2 and 10.3 of the Structural Pest Control Act.
(b) Notification required pursuant to Section 10.3 of the Structural Pest Control Act may not be given more than 30 days before the application of the pesticide.
(c) Each licensed day care center, subject to the requirements of Section 10.3 of the Structural Pest Control Act, must ensure that pesticides will not be applied when children are present at the center. Toys and other items mouthed or handled by the children must be removed from the area before pesticides are applied. Children must not return to the treated area within 2 hours after a pesticide application or as specified on the pesticide label, whichever time is greater.

Section 10. The Structural Pest Control Act is amended by changing Sections 2, 3, 10.2, and 10.3 and adding Section 3.27 as follows:

(225 ILCS 235/2) (from Ch. 111 1/2, par. 2202)
(Section scheduled to be repealed on January 1, 2007)
Sec. 2. Legislative intent. It is declared that there exists and may in the future exist within the State of Illinois locations where pesticides are received, stored, formulated or prepared and subsequently used for the control of structural pests, and improper selection, formulation and application of pesticides may adversely affect the public health and general welfare.

It is further established that the use of certain pesticides is restricted or may in the future be restricted to use only by or under the supervision of persons certified in accordance with this Act.

It is recognized that pests can best be controlled through an integrated pest management program that combines preventive techniques, nonchemical pest control methods, and the appropriate use of pesticides with preference for products that are the least harmful to human health and the environment. Integrated pest management is a good practice in the management of pest populations, and it is prudent to employ pest control strategies that are the least hazardous to human health and the environment.

Therefore, the purpose of this Act is to protect, promote and preserve the public health and general welfare by providing for the establishment of minimum standards for selection, formulation and application of restricted pesticides and to provide for the licensure of commercial structural pest control businesses, the registration of persons who own or operate non-commercial structural pest control locations where restricted pesticides are used, and the certification of pest control technicians.
It is also the purpose of this Act to reduce economic, health, and environmental risks by promoting the use of integrated pest management for structural pest control in schools and day care centers, by making guidelines on integrated pest management available to schools and day care centers.

(a) The Department shall prepare guidelines for an integrated pest management program for structural pest control practices at school buildings and other school facilities and day care centers. Such guidelines shall be made available to schools, day care centers and the public upon request.
(b) When economically feasible, each school and day care center is required to adopt an integrated pest management program that incorporates the guidelines developed by the Department. If adopting an integrated pest management program would not be economically feasible because it would result in an increase in the school's or day care center's pest control cost, the school district or day care center must provide written notification to the Department. The notification must include projected pest control costs for the term of the pest control program and projected costs for implementing integrated pest management for that same time period. The Department shall make this notification available to the general public upon request. In implementing an integrated pest management program, a school or day care center employee should be designated to assume responsibility for the oversight of pest management practices in that school or day care center and for recordkeeping requirements.

Written notification may be included in newsletters, bulletins, calendars, or other correspondence currently published by the school district or day care center. The written notification must be given at least 2 business days before application of the pesticide and should identify the intended date of the application of the pesticide and the name and telephone contact number for the school or day care center personnel responsible for the pesticide application program. Prior written notice shall not be required if there is an imminent threat to health or property. If such a situation arises, the appropriate school or day care center personnel must sign a statement describing the circumstances that gave rise to the health threat and ensure that written notice is provided as soon as practicable. For purposes of this Section, pesticides subject to notification requirements shall not include (i) an antimicrobial agent, such as disinfectant, sanitizer, or deodorizer, or (ii) insecticide baits and rodenticide baits.

PUBLIC ACT 93-0383
(House Bill No. 2299)

AN ACT in relation to municipalities.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Municipal Code is amended by changing Section 11-91-1 as follows:

(65 ILCS 5/11-91-1) (from Ch. 24, par. 11-91-1)

Sec. 11-91-1. Whenever the corporate authorities of any municipality, whether incorporated by special act or under any general law, determine that the public interest will be subserved by vacating any street or alley, or part thereof, within their jurisdiction in any incorporated area, they may vacate that street or alley, or part thereof, by an ordinance. The ordinance shall provide the legal description or permanent index number of the particular parcel or parcels of property acquiring title to the vacated property. But this ordinance shall be passed by the affirmative vote of at least three-fourths of the aldermen, trustees or commissioners then holding office. This vote shall be taken by ayes and noes and entered on the records of the corporate authorities.

No ordinance shall be passed vacating any street or alley under a municipality's jurisdiction and within an unincorporated area without notice thereof and a hearing thereon. At least 15 days prior to such a hearing, notice of its time, place and subject matter shall be published in a newspaper of general circulation within the unincorporated area which the street or alley proposed for vacation serves. At the hearing all interested persons shall be heard concerning the proposal for vacation.

The ordinance may provide that it shall not become effective until the owners of all property or the owner or owners of a particular parcel or parcels of property abutting upon the street or alley, or part thereof so vacated, shall pay compensation in an amount which, in the judgment of the corporate authorities, shall be the fair market value of the property acquired or of the benefits which will accrue to them by reason of that vacation, and if there are any public service facilities in such street or alley, or part thereof, the ordinance may also reserve to the municipality or to the public utility, as the case may be,

owning such facilities, such property, rights of way and easements as, in the judgment of the corporate authorities, are necessary or desirable for continuing public service by means of those facilities and for the maintenance, renewal and reconstruction thereof. If the ordinance provides that only the owner or owners of one particular parcel of abutting property shall make payment, then the owner or owners of the particular parcel shall acquire title to the entire vacated street or alley, or the part thereof vacated.

The determination of the corporate authorities that the nature and extent of the public use or public interest to be subserved in such as to warrant the vacation of any street or alley, or part thereof, is conclusive, and the passage of such an ordinance is sufficient evidence of that determination, whether so recited in the ordinance or not. The relief to the public from further burden and responsibility of maintaining any street or alley, or part thereof, constitutes a public use or public interest authorizing the vacation.

When property is damaged by the vacation or closing of any street or alley, the damage shall be ascertained and paid as provided by law.
