(L) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of
inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(M) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(2) If vacant, the sound growth of the redevelopment project area is impaired by a combination of 2 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) Obsolete platting of vacant land that results in parcels of limited or narrow size or configurations of parcels of irregular size or shape that would be difficult to develop on a planned basis and in a manner compatible with contemporary standards and requirements, or platting that failed to create rights-of-ways for streets or alleys or that created inadequate right-of-way widths for streets, alleys, or other public rights-of-way or that omitted easements for public utilities.

(B) Diversity of ownership of parcels of vacant land sufficient in number to retard or impede the ability to assemble the land for development.

(C) Tax and special assessment delinquencies exist or the property has been the subject of tax sales under the Property Tax Code within the last 5 years.

(D) Deterioration of structures or site improvements in neighboring areas adjacent to the vacant land.

(E) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(F) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(3) If vacant, the sound growth of the redevelopment project area is impaired by one of the following factors that (i) is present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) is reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) The area consists of one or more unused quarries, mines, or strip mine ponds.

(B) The area consists of unused railyards, rail tracks, or railroad rights-of-way.

(C) The area, prior to its designation, is subject to (i) chronic flooding that adversely impacts on real property in the area as certified by a registered professional engineer or appropriate regulatory agency or (ii) surface water that discharges from all or a part of the area and contributes to

flooding within the same watershed, but only if the 
redevelopment project provides for facilities or 
improvements to contribute to the alleviation of all or part 
of the flooding. 

(D) The area consists of an unused or illegal 
disposal site containing earth, stone, building debris, or 
similar materials that were removed from construction, 
demolition, excavation, or dredge sites. 

(E) Prior to November 1, 1999, the area is not less 
than 50 nor more than 100 acres and 75% of which is 
vacant (notwithstanding that the area has been used for 
commercial agricultural purposes within 5 years prior to the 
designation of the redevelopment project area), and the area 
meets at least one of the factors itemized in paragraph (1) 
of this subsection, the area has been designated as a town or 
village center by ordinance or comprehensive plan adopted 
prior to January 1, 1982, and the area has not been 
developed for that designated purpose. 

(F) The area qualified as a blighted improved area 
immediately prior to becoming vacant, unless there has 
been substantial private investment in the immediately 
surrounding area. 

(b) For any redevelopment project area that has been designated 
pursuant to this Section by an ordinance adopted prior to November 1, 
1999 (the effective date of Public Act 91-478), "conservation area" shall 
have the meaning set forth in this Section prior to that date. 

On and after November 1, 1999, "conservation area" means any 
improved area within the boundaries of a redevelopment project area 
located within the territorial limits of the municipality in which 50% or 
more of the structures in the area have an age of 35 years or more. Such an 
area is not yet a blighted area but because of a combination of 3 or more of 
the following factors is detrimental to the public safety, health, morals or 
welfare and such an area may become a blighted area: 

(1) Dilapidation. An advanced state of disrepair or neglect 
of necessary repairs to the primary structural components of 
buildings or improvements in such a combination that a 
documented building condition analysis determines that major 
repair is required or the defects are so serious and so extensive that 
the buildings must be removed. 

New matter indicated by italics - deletions by strikeout.
(2) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(3) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(4) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(5) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(6) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(7) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence or inadequacy of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(8) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of

insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(9) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(10) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(11) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(12) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage

tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(13) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years for which information is available.

(c) "Industrial park" means an area in a blighted or conservation area suitable for use by any manufacturing, industrial, research or transportation enterprise, of facilities to include but not be limited to factories, mills, processing plants, assembly plants, packing plants, fabricating plants, industrial distribution centers, warehouses, repair overhaul or service facilities, freight terminals, research facilities, test facilities or railroad facilities.

(d) "Industrial park conservation area" means an area within the boundaries of a redevelopment project area located within the territorial limits of a municipality that is a labor surplus municipality or within 1 1/2 miles of the territorial limits of a municipality that is a labor surplus municipality if the area is annexed to the municipality; which area is zoned as industrial no later than at the time the municipality by ordinance designates the redevelopment project area, and which area includes both vacant land suitable for use as an industrial park and a blighted area or conservation area contiguous to such vacant land.

(e) "Labor surplus municipality" means a municipality in which, at any time during the 6 months before the municipality by ordinance designates an industrial park conservation area, the unemployment rate was over 6% and was also 100% or more of the national average unemployment rate for that same time as published in the United States Department of Labor Bureau of Labor Statistics publication entitled "The Employment Situation" or its successor publication. For the purpose of this subsection, if unemployment rate statistics for the municipality are not available, the unemployment rate in the municipality shall be deemed to be the same as the unemployment rate in the principal county in which the municipality is located.

(f) "Municipality" shall mean a city, village or incorporated town.

(g) "Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located in a State Sales Tax Boundary during the calendar year 1985.

(g-1) "Revised Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located within the State Sales Tax Boundary revised pursuant to Section 11-74.4-8a(9) of this Act.

(h) "Municipal Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid to a municipality from the Local Government Tax Fund arising from sales by retailers and servicemen within the redevelopment project area or State Sales Tax Boundary, as the case may be, for as long as the redevelopment project area or State Sales Tax Boundary, as the case may be, exist over and above the aggregate amount of taxes as certified by the Illinois Department of Revenue and paid under the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places of business located in the redevelopment project area or State Sales Tax Boundary, as the case may be, during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall determine the Initial Sales Tax Amounts for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amounts". For purposes of determining the Municipal Sales Tax Increment, the Department of Revenue shall for each period subtract from the amount paid to the municipality from the Local Government Tax Fund arising from sales by retailers and servicemen on transactions located in the redevelopment project area or the State Sales Tax Boundary, as the case may be, the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for the Municipal

Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act. For the State Fiscal Year 1989, this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, to June 30, 1989, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending June 30 to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts, as the case may be.

(i) "Net State Sales Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; and (c) 40% of all amounts in excess of $500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary. If, however, a municipality established a tax increment financing district in a county with a population in excess of 3,000,000 before January 1, 1986, and the municipality entered into a contract or issued bonds after January 1, 1986, but before December 31, 1986, to finance redevelopment project costs within a State Sales Tax Boundary, then the Net State Sales Tax Increment means, for the fiscal years beginning July 1, 1990, and July 1, 1991, 100% of the State Sales Tax Increment annually generated within a State Sales Tax Boundary; and notwithstanding any other provision of this Act, for those fiscal years the Department of Revenue shall distribute to those municipalities 100% of their Net State Sales Tax Increment before any

distribution to any other municipality and regardless of whether or not those other municipalities will receive 100% of their Net State Sales Tax Increment. For Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a State Sales Tax Boundary, the Net State Sales Tax Increment shall be calculated as follows: By multiplying the Net State Sales Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter.

Municipalities that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991, or that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988, shall continue to receive their proportional share of the Illinois Tax Increment Fund distribution until the date on which the redevelopment project is completed or terminated. If, however, a municipality that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991 retires the bonds prior to June 30, 2007 or a municipality that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988 completes the contracts prior to June 30, 2007, then so long as the redevelopment project is not completed or is not terminated, the Net State Sales Tax Increment shall be calculated, beginning on the date on which the bonds are retired or the contracts are completed, as follows: By multiplying the Net State Sales Tax Increment by 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter. Refunding of any bonds issued prior to July 29, 1991, shall not alter the Net State Sales Tax Increment.

(j) "State Utility Tax Increment Amount" means an amount equal to the aggregate increase in State electric and gas tax charges imposed on owners and tenants, other than residential customers, of properties located within the redevelopment project area under Section 9-222 of the Public

Utilities Act, over and above the aggregate of such charges as certified by the Department of Revenue and paid by owners and tenants, other than residential customers, of properties within the redevelopment project area during the base year, which shall be the calendar year immediately prior to the year of the adoption of the ordinance authorizing tax increment allocation financing.

(k) "Net State Utility Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Utility Tax Increment annually generated by a redevelopment project area; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of the State Utility Tax Increment annually generated by a redevelopment project area; and (c) 40% of all amounts in excess of $500,000 of State Utility Tax Increment annually generated by a redevelopment project area. For the State Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a redevelopment project area, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for the State Fiscal Year 2008 and thereafter.

Municipalities that issue bonds in connection with the redevelopment project during the period from June 1, 1988 until 3 years after the effective date of this Amendatory Act of 1988 shall receive the Net State Utility Tax Increment, subject to appropriation, for 15 State Fiscal Years after the issuance of such bonds. For the 16th through the 20th State Fiscal Years after issuance of the bonds, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in year 16; 80% in year 17; 70% in year 18; 60% in year 19; and 50% in year 20. Refunding of any bonds issued prior to June 1, 1988, shall not alter the revised Net State Utility Tax Increment payments set forth above.

(l) "Obligations" mean bonds, loans, debentures, notes, special certificates or other evidence of indebtedness issued by the municipality to carry out a redevelopment project or to refund outstanding obligations.

(m) "Payment in lieu of taxes" means those estimated tax revenues from real property in a redevelopment project area derived from real property that has been acquired by a municipality which according to the redevelopment project or plan is to be used for a private use which taxing districts would have received had a municipality not acquired the real property and adopted tax increment allocation financing and which would result from levies made after the time of the adoption of tax increment allocation financing to the time the current equalized value of real property in the redevelopment project area exceeds the total initial equalized value of real property in said area.

(n) "Redevelopment plan" means the comprehensive program of the municipality for development or redevelopment intended by the payment of redevelopment project costs to reduce or eliminate those conditions the existence of which qualified the redevelopment project area as a "blighted area" or "conservation area" or combination thereof or "industrial park conservation area," and thereby to enhance the tax bases of the taxing districts which extend into the redevelopment project area. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting. Each redevelopment plan shall set forth in writing the program to be undertaken to accomplish the objectives and shall include but not be limited to:

(A) an itemized list of estimated redevelopment project costs;

(B) evidence indicating that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise;

(C) an assessment of any financial impact of the redevelopment project area on or any increased demand for services from any taxing district affected by the plan and any program to address such financial impact or increased demand;

(D) the sources of funds to pay costs;

(E) the nature and term of the obligations to be issued;

New matter indicated by italics - deletions by strikeout.
(F) the most recent equalized assessed valuation of the redevelopment project area;

(G) an estimate as to the equalized assessed valuation after redevelopment and the general land uses to apply in the redevelopment project area;

(H) a commitment to fair employment practices and an affirmative action plan;

(I) if it concerns an industrial park conservation area, the plan shall also include a general description of any proposed developer, user and tenant of any property, a description of the type, structure and general character of the facilities to be developed, a description of the type, class and number of new employees to be employed in the operation of the facilities to be developed; and

(J) if property is to be annexed to the municipality, the plan shall include the terms of the annexation agreement.

The provisions of items (B) and (C) of this subsection (n) shall not apply to a municipality that before March 14, 1994 (the effective date of Public Act 88-537) had fixed, either by its corporate authorities or by a commission designated under subsection (k) of Section 11-74.4-4, a time and place for a public hearing as required by subsection (a) of Section 11-74.4-5. No redevelopment plan shall be adopted unless a municipality complies with all of the following requirements:

(1) The municipality finds that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of the redevelopment plan.

(2) The municipality finds that the redevelopment plan and project conform to the comprehensive plan for the development of the municipality as a whole, or, for municipalities with a population of 100,000 or more, regardless of when the redevelopment plan and project was adopted, the redevelopment plan and project either: (i) conforms to the strategic economic development or redevelopment plan issued by the designated planning authority of the municipality, or (ii) includes land uses that have been approved by the planning commission of the municipality.
(3) The redevelopment plan establishes the estimated dates of completion of the redevelopment project and retirement of obligations issued to finance redevelopment project costs. Those dates shall not be later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the twenty-third calendar year after the year in which the ordinance approving the redevelopment project area is adopted if the ordinance was adopted on or after January 15, 1981, and not later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-fifth calendar year after the year in which the ordinance approving the redevelopment project area is adopted:

(A) if the ordinance was adopted before January 15, 1981, or
(B) if the ordinance was adopted in December 1983, April 1984, July 1985, or December 1989, or
(C) if the ordinance was adopted in December 1987 and the redevelopment project is located within one mile of Midway Airport, or
(D) if the ordinance was adopted before January 1, 1987 by a municipality in Mason County, or
(E) if the municipality is subject to the Local Government Financial Planning and Supervision Act or the Financially Distressed City Law, or
(F) if the ordinance was adopted in December 1984 by the Village of Rosemont, or
(G) if the ordinance was adopted on December 31, 1986 by a municipality located in Clinton County for which at least $250,000 of tax increment bonds were authorized on June 17, 1997, or if the ordinance was adopted on December 31, 1986 by a municipality with a population in 1990 of less than 3,600 that is located in a county with a population in 1990 of less than 34,000 and for which at least $250,000 of tax increment bonds were authorized on June 17, 1997, or

However, for redevelopment project areas for which bonds were issued before July 29, 1991, or for which contracts were entered into before June 1, 1988, in connection with a redevelopment project in the area within the State Sales Tax Boundary, the estimated dates of completion of the redevelopment project and retirement of obligations to finance redevelopment project costs may be extended by municipal ordinance to December 31, 2013. The termination procedures of subsection (b) of Section 11-74.4-8 are not required for these redevelopment project areas in 2009 but are required in 2013. The extension allowed by this amendatory Act of 1993 shall not apply to real property tax increment allocation financing under Section 11-74.4-8.

A municipality may by municipal ordinance amend an existing redevelopment plan to conform to this paragraph (3) as amended by Public Act 91-478, which municipal ordinance may be adopted without further hearing or notice and without complying with the procedures provided in this Act pertaining to an amendment to or the initial approval of a redevelopment plan and project and designation of a redevelopment project area.

Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were adopted on or after December 16, 1986 and for which at least $8 million worth of municipal bonds were authorized on or after December 19, 1989 but before January 1, 1990; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were established on or after December 1, 1981 but before January 1, 1982 and for which at least $1,500,000 worth of tax increment revenue bonds were authorized on or after September 30, 1990 but before July 1, 1991; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

(3.5) The municipality finds, in the case of an industrial park conservation area, also that the municipality is a labor surplus municipality and that the implementation of the redevelopment plan will reduce unemployment, create new jobs and by the provision of new facilities enhance the tax base of the taxing districts that extend into the redevelopment project area.

(4) If any incremental revenues are being utilized under Section 8(a)(1) or 8(a)(2) of this Act in redevelopment project areas approved by ordinance after January 1, 1986, the municipality finds: (a) that the redevelopment project area would not reasonably be developed without the use of such incremental revenues, and (b) that such incremental revenues will be exclusively utilized for the development of the redevelopment project area.

(5) If the redevelopment plan will not result in displacement of residents from 10 or more inhabited residential units, and the municipality certifies in the plan that such displacement will not result from the plan, a housing impact study need not be performed. If, however, the redevelopment plan would result in the displacement of residents from 10 or more inhabited residential units, or if the redevelopment project area contains 75 or more inhabited residential units and no certification is made, then the municipality shall prepare, as part of the separate feasibility report required by subsection (a) of Section 11-74.4-5, a housing impact study.

Part I of the housing impact study shall include (i) data as to whether the residential units are single family or multi-family

units, (ii) the number and type of rooms within the units, if that information is available, (iii) whether the units are inhabited or uninhabited, as determined not less than 45 days before the date that the ordinance or resolution required by subsection (a) of Section 11-74.4-5 is passed, and (iv) data as to the racial and ethnic composition of the residents in the inhabited residential units. The data requirement as to the racial and ethnic composition of the residents in the inhabited residential units shall be deemed to be fully satisfied by data from the most recent federal census.

Part II of the housing impact study shall identify the inhabited residential units in the proposed redevelopment project area that are to be or may be removed. If inhabited residential units are to be removed, then the housing impact study shall identify (i) the number and location of those units that will or may be removed, (ii) the municipality's plans for relocation assistance for those residents in the proposed redevelopment project area whose residences are to be removed, (iii) the availability of replacement housing for those residents whose residences are to be removed, and shall identify the type, location, and cost of the housing, and (iv) the type and extent of relocation assistance to be provided.

(6) On and after November 1, 1999, the housing impact study required by paragraph (5) shall be incorporated in the redevelopment plan for the redevelopment project area.

(7) On and after November 1, 1999, no redevelopment plan shall be adopted, nor an existing plan amended, nor shall residential housing that is occupied by households of low-income and very low-income persons in currently existing redevelopment project areas be removed after November 1, 1999 unless the redevelopment plan provides, with respect to inhabited housing units that are to be removed for households of low-income and very low-income persons, affordable housing and relocation assistance not less than that which would be provided under the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and the regulations under that Act, including the eligibility criteria. Affordable housing may be either existing or newly constructed housing. For purposes of this paragraph (7), "low-income households", "very low-income households", and "affordable housing" have the meanings set forth in the Illinois Affordable Housing Act. The municipality shall

make a good faith effort to ensure that this affordable housing is located in or near the redevelopment project area within the municipality.

(8) On and after November 1, 1999, if, after the adoption of the redevelopment plan for the redevelopment project area, any municipality desires to amend its redevelopment plan to remove more inhabited residential units than specified in its original redevelopment plan, that change shall be made in accordance with the procedures in subsection (c) of Section 11-74.4-5.

(9) For redevelopment project areas designated prior to November 1, 1999, the redevelopment plan may be amended without further joint review board meeting or hearing, provided that the municipality shall give notice of any such changes by mail to each affected taxing district and registrant on the interested party registry, to authorize the municipality to expend tax increment revenues for redevelopment project costs defined by paragraphs (5) and (7.5), subparagraphs (E) and (F) of paragraph (11), and paragraph (11.5) of subsection (q) of Section 11-74.4-3, so long as the changes do not increase the total estimated redevelopment project costs set out in the redevelopment plan by more than 5% after adjustment for inflation from the date the plan was adopted.

(o) "Redevelopment project" means any public and private development project in furtherance of the objectives of a redevelopment plan. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting.

(p) "Redevelopment project area" means an area designated by the municipality, which is not less in the aggregate than 1 1/2 acres and in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as an industrial park conservation area or a blighted area or a conservation area, or a combination of both blighted areas and conservation areas.

(q) "Redevelopment project costs" mean and include the sum total of all reasonable or necessary costs incurred or estimated to be incurred,
and any such costs incidental to a redevelopment plan and a redevelopment project. Such costs include, without limitation, the following:

(1) Costs of studies, surveys, development of plans, and specifications, implementation and administration of the redevelopment plan including but not limited to staff and professional service costs for architectural, engineering, legal, financial, planning or other services, provided however that no charges for professional services may be based on a percentage of the tax increment collected; except that on and after November 1, 1999 (the effective date of Public Act 91-478), no contracts for professional services, excluding architectural and engineering services, may be entered into if the terms of the contract extend beyond a period of 3 years. In addition, "redevelopment project costs" shall not include lobbying expenses. After consultation with the municipality, each tax increment consultant or advisor to a municipality that plans to designate or has designated a redevelopment project area shall inform the municipality in writing of any contracts that the consultant or advisor has entered into with entities or individuals that have received, or are receiving, payments financed by tax increment revenues produced by the redevelopment project area with respect to which the consultant or advisor has performed, or will be performing, service for the municipality. This requirement shall be satisfied by the consultant or advisor before the commencement of services for the municipality and thereafter whenever any other contracts with those individuals or entities are executed by the consultant or advisor;

(1.5) After July 1, 1999, annual administrative costs shall not include general overhead or administrative costs of the municipality that would still have been incurred by the municipality if the municipality had not designated a redevelopment project area or approved a redevelopment plan;

(1.6) The cost of marketing sites within the redevelopment project area to prospective businesses, developers, and investors;

(2) Property assembly costs, including but not limited to acquisition of land and other property, real or personal, or rights or interests therein, demolition of buildings, site preparation, site improvements that serve as an engineered barrier addressing

ground level or below ground environmental contamination, including, but not limited to parking lots and other concrete or asphalt barriers, and the clearing and grading of land;

(3) Costs of rehabilitation, reconstruction or repair or remodeling of existing public or private buildings, fixtures, and leasehold improvements; and the cost of replacing an existing public building if pursuant to the implementation of a redevelopment project the existing public building is to be demolished to use the site for private investment or devoted to a different use requiring private investment;

(4) Costs of the construction of public works or improvements, except that on and after November 1, 1999, redevelopment project costs shall not include the cost of constructing a new municipal public building principally used to provide offices, storage space, or conference facilities or vehicle storage, maintenance, or repair for administrative, public safety, or public works personnel and that is not intended to replace an existing public building as provided under paragraph (3) of subsection (q) of Section 11-74.4-3 unless either (i) the construction of the new municipal building implements a redevelopment project that was included in a redevelopment plan that was adopted by the municipality prior to November 1, 1999 or (ii) the municipality makes a reasonable determination in the redevelopment plan, supported by information that provides the basis for that determination, that the new municipal building is required to meet an increase in the need for public safety purposes anticipated to result from the implementation of the redevelopment plan;

(5) Costs of job training and retraining projects, including the cost of "welfare to work" programs implemented by businesses located within the redevelopment project area;

(6) Financing costs, including but not limited to all necessary and incidental expenses related to the issuance of obligations and which may include payment of interest on any obligations issued hereunder including interest accruing during the estimated period of construction of any redevelopment project for which such obligations are issued and for not exceeding 36 months thereafter and including reasonable reserves related thereto;

(7) To the extent the municipality by written agreement accepts and approves the same, all or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred within a taxing district in furtherance of the objectives of the redevelopment plan and project.

(7.5) For redevelopment project areas designated (or redevelopment project areas amended to add or increase the number of tax-increment-financing assisted housing units) on or after November 1, 1999, an elementary, secondary, or unit school district's increased costs attributable to assisted housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act, and which costs shall be paid by the municipality from the Special Tax Allocation Fund when the tax increment revenue is received as a result of the assisted housing units and shall be calculated annually as follows:

(A) for foundation districts, excluding any school district in a municipality with a population in excess of 1,000,000, by multiplying the district's increase in attendance resulting from the net increase in new students enrolled in that school district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by the most recently available per capita tuition cost as defined in Section 10-20.12a of the School Code less any increase in general State aid as defined in Section 18-8.05 of the School Code attributable to these added new students subject to the following annual limitations:

(i) for unit school districts with a district average 1995-96 Per Capita Tuition Charge of less

than $5,900, no more than 25% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act;

(ii) for elementary school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 17% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and

(iii) for secondary school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 8% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act.

(B) For alternate method districts, flat grant districts, and foundation districts with a district average 1995-96 Per Capita Tuition Charge equal to or more than $5,900, excluding any school district with a population in excess of 1,000,000, by multiplying the district's increase in attendance resulting from the net increase in new students enrolled in that school district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by the most recently available per capita tuition cost as defined in Section 10-20.12a of the School Code less any increase in general state aid as defined in Section 18-8.05 of the School Code attributable to these added new students subject to the following annual limitations:

(i) for unit school districts, no more than 40% of the total amount of property tax increment revenue produced by those housing units that have
received tax increment finance assistance under this Act;

(ii) for elementary school districts, no more than 27% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and

(iii) for secondary school districts, no more than 13% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act.

(C) For any school district in a municipality with a population in excess of 1,000,000, the following restrictions shall apply to the reimbursement of increased costs under this paragraph (7.5):

(i) no increased costs shall be reimbursed unless the school district certifies that each of the schools affected by the assisted housing project is at or over its student capacity;

(ii) the amount reimbursable shall be reduced by the value of any land donated to the school district by the municipality or developer, and by the value of any physical improvements made to the schools by the municipality or developer; and

(iii) the amount reimbursed may not affect amounts otherwise obligated by the terms of any bonds, notes, or other funding instruments, or the terms of any redevelopment agreement.

Any school district seeking payment under this paragraph (7.5) shall, after July 1 and before September 30 of each year, provide the municipality with reasonable evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the school district. If the school district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. School districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.5). By acceptance of this reimbursement the school district

waives the right to directly or indirectly set aside, modify, or contest in any manner the establishment of the redevelopment project area or projects;

(8) Relocation costs to the extent that a municipality determines that relocation costs shall be paid or is required to make payment of relocation costs by federal or State law or in order to satisfy subparagraph (7) of subsection (n);

(9) Payment in lieu of taxes;

(10) Costs of job training, retraining, advanced vocational education or career education, including but not limited to courses in occupational, semi-technical or technical fields leading directly to employment, incurred by one or more taxing districts, provided that such costs (i) are related to the establishment and maintenance of additional job training, advanced vocational education or career education programs for persons employed or to be employed by employers located in a redevelopment project area; and (ii) when incurred by a taxing district or taxing districts other than the municipality, are set forth in a written agreement by or among the municipality and the taxing district or taxing districts, which agreement describes the program to be undertaken, including but not limited to the number of employees to be trained, a description of the training and services to be provided, the number and type of positions available or to be available, itemized costs of the program and sources of funds to pay for the same, and the term of the agreement. Such costs include, specifically, the payment by community college districts of costs pursuant to Sections 3-37, 3-38, 3-40 and 3-40.1 of the Public Community College Act and by school districts of costs pursuant to Sections 10-22.20a and 10-23.3a of The School Code;

(11) Interest cost incurred by a redeveloper related to the construction, renovation or rehabilitation of a redevelopment project provided that:

(A) such costs are to be paid directly from the special tax allocation fund established pursuant to this Act;

(B) such payments in any one year may not exceed 30% of the annual interest costs incurred by the redeveloper with regard to the redevelopment project during that year;

(C) if there are not sufficient funds available in the special tax allocation fund to make the payment pursuant to

this paragraph (11) then the amounts so due shall accrue and be payable when sufficient funds are available in the special tax allocation fund;

(D) the total of such interest payments paid pursuant to this Act may not exceed 30% of the total (i) cost paid or incurred by the redeveloper for the redevelopment project plus (ii) redevelopment project costs excluding any property assembly costs and any relocation costs incurred by a municipality pursuant to this Act; and

(E) the cost limits set forth in subparagraphs (B) and (D) of paragraph (11) shall be modified for the financing of rehabilitated or new housing units for low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act. The percentage of 75% shall be substituted for 30% in subparagraphs (B) and (D) of paragraph (11).

(F) Instead of the eligible costs provided by subparagraphs (B) and (D) of paragraph (11), as modified by this subparagraph, and notwithstanding any other provisions of this Act to the contrary, the municipality may pay from tax increment revenues up to 50% of the cost of construction of new housing units to be occupied by low-income households and very low-income households as defined in Section 3 of the Illinois Affordable Housing Act. The cost of construction of those units may be derived from the proceeds of bonds issued by the municipality under this Act or other constitutional or statutory authority or from other sources of municipal revenue that may be reimbursed from tax increment revenues or the proceeds of bonds issued to finance the construction of that housing.

The eligible costs provided under this subparagraph (F) of paragraph (11) shall be an eligible cost for the construction, renovation, and rehabilitation of all low and very low-income housing units, as defined in Section 3 of the Illinois Affordable Housing Act, within the redevelopment project area. If the low and very low-income units are part of a residential redevelopment project that includes units not affordable to low and very low-income households, only the low and very low-income units shall

be eligible for benefits under subparagraph (F) of paragraph (11). The standards for maintaining the occupancy by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, of those units constructed with eligible costs made available under the provisions of this subparagraph (F) of paragraph (11) shall be established by guidelines adopted by the municipality. The responsibility for annually documenting the initial occupancy of the units by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, shall be that of the then current owner of the property. For ownership units, the guidelines will provide, at a minimum, for a reasonable recapture of funds, or other appropriate methods designed to preserve the original affordability of the ownership units. For rental units, the guidelines will provide, at a minimum, for the affordability of rent to low and very low-income households. As units become available, they shall be rented to income-eligible tenants. The municipality may modify these guidelines from time to time; the guidelines, however, shall be in effect for as long as tax increment revenue is being used to pay for costs associated with the units or for the retirement of bonds issued to finance the units or for the life of the redevelopment project area, whichever is later.

(11.5) If the redevelopment project area is located within a municipality with a population of more than 100,000, the cost of day care services for children of employees from low-income families working for businesses located within the redevelopment project area and all or a portion of the cost of operation of day care centers established by redevelopment project area businesses to serve employees from low-income families working in businesses located in the redevelopment project area. For the purposes of this paragraph, "low-income families" means families whose annual income does not exceed 80% of the municipal, county, or regional median income, adjusted for family size, as the annual income and municipal, county, or regional median income are determined from time to time by the United States Department of Housing and Urban Development.

New matter indicated by italics - deletions by strikeout.
(12) Unless explicitly stated herein the cost of construction of new privately-owned buildings shall not be an eligible redevelopment project cost.

(13) After November 1, 1999 (the effective date of Public Act 91-478), none of the redevelopment project costs enumerated in this subsection shall be eligible redevelopment project costs if those costs would provide direct financial support to a retail entity initiating operations in the redevelopment project area while terminating operations at another Illinois location within 10 miles of the redevelopment project area but outside the boundaries of the redevelopment project area municipality. For purposes of this paragraph, termination means a closing of a retail operation that is directly related to the opening of the same operation or like retail entity owned or operated by more than 50% of the original ownership in a redevelopment project area, but it does not mean closing an operation for reasons beyond the control of the retail entity, as documented by the retail entity, subject to a reasonable finding by the municipality that the current location contained inadequate space, had become economically obsolete, or was no longer a viable location for the retailer or serviceman.

If a special service area has been established pursuant to the Special Service Area Tax Act or Special Service Area Tax Law, then any tax increment revenues derived from the tax imposed pursuant to the Special Service Area Tax Act or Special Service Area Tax Law may be used within the redevelopment project area for the purposes permitted by that Act or Law as well as the purposes permitted by this Act.

(r) "State Sales Tax Boundary" means the redevelopment project area or the amended redevelopment project area boundaries which are determined pursuant to subsection (9) of Section 11-74.4-8a of this Act. The Department of Revenue shall certify pursuant to subsection (9) of Section 11-74.4-8a the appropriate boundaries eligible for the determination of State Sales Tax Increment.

(s) "State Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid by retailers and servicemen, other than retailers and servicemen subject to the Public Utilities Act, on transactions at places of business located within a State Sales Tax Boundary pursuant to the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act, except such portion of such increase that is paid into the State and Local Sales Tax

Reform Fund, the Local Government Distributive Fund, the Local Government Tax Fund and the County and Mass Transit District Fund, for as long as State participation exists, over and above the Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for such taxes as certified by the Department of Revenue and paid under those Acts by retailers and servicemen on transactions at places of business located within the State Sales Tax Boundary during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing, less 3.0% of such amounts generated under the Retailers' Occupation Tax Act, Use Tax Act and Service Use Tax Act and the Service Occupation Tax Act, which sum shall be appropriated to the Department of Revenue to cover its costs of administering and enforcing this Section. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall compute the Initial Sales Tax Amount for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amount". For purposes of determining the State Sales Tax Increment the Department of Revenue shall for each period subtract from the tax amounts received from retailers and servicemen on transactions located in the State Sales Tax Boundary, the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or Revised Initial Sales Tax Amounts for the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act and the Service Occupation Tax Act. For the State Fiscal Year 1989 this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, until June 30, 1989, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial State Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the

applicable period shall be the 12 months beginning July 1 and ending on June 30, to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts. Municipalities intending to receive a distribution of State Sales Tax Increment must report a list of retailers to the Department of Revenue by October 31, 1988 and by July 31, of each year thereafter.

(t) "Taxing districts" means counties, townships, cities and incorporated towns and villages, school, road, park, sanitary, mosquito abatement, forest preserve, public health, fire protection, river conservancy, tuberculosis sanitarium and any other municipal corporations or districts with the power to levy taxes.

(u) "Taxing districts' capital costs" means those costs of taxing districts for capital improvements that are found by the municipal corporate authorities to be necessary and directly result from the redevelopment project.

(v) As used in subsection (a) of Section 11-74.4-3 of this Act, "vacant land" means any parcel or combination of parcels of real property without industrial, commercial, and residential buildings which has not been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area, unless the parcel is included in an industrial park conservation area or the parcel has been subdivided; provided that if the parcel was part of a larger tract that has been divided into 3 or more smaller tracts that were accepted for recording during the period from 1950 to 1990, then the parcel shall be deemed to have been subdivided, and all proceedings and actions of the municipality taken in that connection with respect to any previously approved or designated redevelopment project area or amended redevelopment project area are hereby validated and hereby declared to be legally sufficient for all purposes of this Act. For purposes of this Section and only for land subject to the subdivision requirements of the Plat Act, land is subdivided when the original plat of the proposed Redevelopment Project Area or relevant portion thereof has been properly certified, acknowledged, approved, and recorded or filed in accordance with the Plat Act and a preliminary plat, if any, for any subsequent phases of the proposed Redevelopment Project Area or relevant portion thereof has been properly approved and filed in accordance with the applicable ordinance of the municipality.

(w) "Annual Total Increment" means the sum of each municipality's annual Net Sales Tax Increment and each municipality's annual Net Utility Tax Increment. The ratio of the Annual Total Increment of each municipality to the Annual Total Increment for all municipalities, as most recently calculated by the Department, shall determine the proportional shares of the Illinois Tax Increment Fund to be distributed to each municipality.

(65 ILCS 5/11-74.4-7)(from Ch. 24, par. 11-74.4-7)

Sec. 11-74.4-7. Obligations secured by the special tax allocation fund set forth in Section 11-74.4-8 for the redevelopment project area may be issued to provide for redevelopment project costs. Such obligations, when so issued, shall be retired in the manner provided in the ordinance authorizing the issuance of such obligations by the receipts of taxes levied as specified in Section 11-74.4-9 against the taxable property included in the area, by revenues as specified by Section 11-74.4-8a and other revenue designated by the municipality. A municipality may in the ordinance pledge all or any part of the funds in and to be deposited in the special tax allocation fund created pursuant to Section 11-74.4-8 to the payment of the redevelopment project costs and obligations. Any pledge of funds in the special tax allocation fund shall provide for distribution to the taxing districts and to the Illinois Department of Revenue of moneys not required, pledged, earmarked, or otherwise designated for payment and securing of the obligations and anticipated redevelopment project costs and such excess funds shall be calculated annually and deemed to be "surplus" funds. In the event a municipality only applies or pledges a portion of the funds in the special tax allocation fund for the payment or securing of anticipated redevelopment project costs or of obligations, any such funds remaining in the special tax allocation fund after complying with the requirements of the application or pledge, shall also be calculated annually and deemed "surplus" funds. All surplus funds in the special tax allocation fund shall be distributed annually within 180 days after the close of the municipality's fiscal year by being paid by the municipal treasurer to the County Collector, to the Department of Revenue and to the municipality in direct proportion to the tax incremental revenue received as a result of an increase in the equalized assessed value of property in the redevelopment project area, tax incremental revenue received from the State and tax incremental revenue received from the municipality, but not to exceed as

to each such source the total incremental revenue received from that source. The County Collector shall thereafter make distribution to the respective taxing districts in the same manner and proportion as the most recent distribution by the county collector to the affected districts of real property taxes from real property in the redevelopment project area.

Without limiting the foregoing in this Section, the municipality may in addition to obligations secured by the special tax allocation fund pledge for a period not greater than the term of the obligations towards payment of such obligations any part or any combination of the following: (a) net revenues of all or part of any redevelopment project; (b) taxes levied and collected on any or all property in the municipality; (c) the full faith and credit of the municipality; (d) a mortgage on part or all of the redevelopment project; or (e) any other taxes or anticipated receipts that the municipality may lawfully pledge.

Such obligations may be issued in one or more series bearing interest at such rate or rates as the corporate authorities of the municipality shall determine by ordinance. Such obligations shall bear such date or dates, mature at such time or times not exceeding 20 years from their respective dates, be in such denomination, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, contain such covenants, terms and conditions, and be subject to redemption as such ordinance shall provide. Obligations issued pursuant to this Act may be sold at public or private sale at such price as shall be determined by the corporate authorities of the municipalities. No referendum approval of the electors shall be required as a condition to the issuance of obligations pursuant to this Division except as provided in this Section.

In the event the municipality authorizes issuance of obligations pursuant to the authority of this Division secured by the full faith and credit of the municipality, which obligations are other than obligations which may be issued under home rule powers provided by Article VII, Section 6 of the Illinois Constitution, or pledges taxes pursuant to (b) or (c) of the second paragraph of this section, the ordinance authorizing the issuance of such obligations or pledging such taxes shall be published within 10 days after such ordinance has been passed in one or more newspapers, with general circulation within such municipality. The publication of the ordinance shall be accompanied by a notice of (1) the specific number of voters required to sign a petition requesting the question of the issuance of such obligations or pledging taxes to be

submitted to the electors; (2) the time in which such petition must be filed; and (3) the date of the prospective referendum. The municipal clerk shall provide a petition form to any individual requesting one.

If no petition is filed with the municipal clerk, as hereinafter provided in this Section, within 30 days after the publication of the ordinance, the ordinance shall be in effect. But, if within that 30 day period a petition is filed with the municipal clerk, signed by electors in the municipality numbering 10% or more of the number of registered voters in the municipality, asking that the question of issuing obligations using full faith and credit of the municipality as security for the cost of paying for redevelopment project costs, or of pledging taxes for the payment of such obligations, or both, be submitted to the electors of the municipality, the corporate authorities of the municipality shall call a special election in the manner provided by law to vote upon that question, or, if a general, State or municipal election is to be held within a period of not less than 30 or more than 90 days from the date such petition is filed, shall submit the question at the next general, State or municipal election. If it appears upon the canvass of the election by the corporate authorities that a majority of electors voting upon the question voted in favor thereof, the ordinance shall be in effect, but if a majority of the electors voting upon the question are not in favor thereof, the ordinance shall not take effect.

The ordinance authorizing the obligations may provide that the obligations shall contain a recital that they are issued pursuant to this Division, which recital shall be conclusive evidence of their validity and of the regularity of their issuance.

In the event the municipality authorizes issuance of obligations pursuant to this Section secured by the full faith and credit of the municipality, the ordinance authorizing the obligations may provide for the levy and collection of a direct annual tax upon all taxable property within the municipality sufficient to pay the principal thereof and interest thereon as it matures, which levy may be in addition to and exclusive of the maximum of all other taxes authorized to be levied by the municipality, which levy, however, shall be abated to the extent that monies from other sources are available for payment of the obligations and the municipality certifies the amount of said monies available to the county clerk.

A certified copy of such ordinance shall be filed with the county clerk of each county in which any portion of the municipality is situated,
and shall constitute the authority for the extension and collection of the
taxes to be deposited in the special tax allocation fund.

A municipality may also issue its obligations to refund in whole or
in part, obligations theretofore issued by such municipality under the
authority of this Act, whether at or prior to maturity, provided however,
that the last maturity of the refunding obligations shall not be expressed to
mature later than December 31 of the year in which the payment to the
municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of
this Act is to be made with respect to ad valorem taxes levied in the
twenty-third calendar year after the year in which the ordinance approving
the redevelopment project area is adopted if the ordinance was adopted on
or after January 15, 1981, and not later than December 31 of the year in
which the payment to the municipal treasurer as provided in subsection (b)
of Section 11-74.4-8 of this Act is to be made with respect to ad valorem
taxes levied in the thirty-fifth calendar year after the year in which the
ordinance approving the redevelopment project area is adopted (A) if the
ordinance was adopted before January 15, 1981, or (B) if the ordinance
was adopted in December 1983, April 1984, July 1985, or December
1989, or (C) if the ordinance was adopted in December, 1987 and the
redevelopment project is located within one mile of Midway Airport, or
(D) if the ordinance was adopted before January 1, 1987 by a municipality
in Mason County, or (E) if the municipality is subject to the Local
Government Financial Planning and Supervision Act or the Financially
Distressed City Law, or (F) if the ordinance was adopted in December
1984 by the Village of Rosemont, or (G) if the ordinance was adopted on
December 31, 1986 by a municipality located in Clinton County for which
at least $250,000 of tax increment bonds were authorized on June 17,
1997, or if the ordinance was adopted on December 31, 1986 by a
municipality with a population in 1990 of less than 3,600 that is located in
a county with a population in 1990 of less than 34,000 and for which at
least $250,000 of tax increment bonds were authorized on June 17, 1997,
or (H) if the ordinance was adopted on October 5, 1982 by the City of

East St. Louis, or if the ordinance was adopted on November 12, 1991 by
the Village of Sauget, or (J) if the ordinance was adopted on February 11,

changing Sections 4 and 9 as follows:
(65 ILCS 95/4) (from Ch. 24, par. 1604)

Sec. 4. Creation of Commission. (a) Whenever in a municipality
with more than 1,000,000 inhabitants, the question of creating a home
equity program within a contiguous territory included entirely within the
municipality is initiated by resolution or ordinance of the corporate
authorities of the municipality or by a petition signed by not less than 10% of
the total number of registered voters of each precinct in the territory, the
registered voters of which are eligible to sign the petition, it shall be the
duty of the election authority having jurisdiction over such municipality to
submit the question of creating a home equity program to the electors of
each precinct within the territory at the regular election specified in the
resolution, ordinance or petition initiating the question. If the question is
initiated by petition and if the requisite number of signatures is not

All of that area within the geographic boundaries of the territory described in such question shall be included in the program, and no area outside the geographic boundaries of the territory described in such question shall be included in the program. If the election authority determines that the description cannot be included within the space limitations of the ballot, the election authority shall prepare large printed copies of a notice of the question, which shall be prominently displayed in the polling place of each precinct in which the question is to be submitted.

(b) Whenever a majority of the voters on such public question approve the creation of a home equity program as certified by the proper election authorities, the mayor of the municipality shall appoint, with the consent of the corporate authorities, 9 individuals, to be known as commissioners, to serve as the governing body of the home equity program. The mayor shall choose 7 of the 9 individuals to be appointed to the governing commission from nominees submitted by a community organization or community organizations as defined in this Act. A community organization may recommend up to 20 individuals to serve on a governing commission.

(a) Beginning October 1, 2000 and until July 1, 2004, the Department of Human Services shall, subject to a specific appropriation for this purpose, operate a Great START (Strategy To Attract and Retain Teachers) program. The goal of the program is to improve children's developmental and educational outcomes in child care by encouraging increased professional preparation by staff and staff retention. The Great START program shall coordinate with the TEACH professional development program.

The program shall provide wage supplements and may include other incentives to licensed family day care home personnel and licensed group day care home personnel, including caregivers and assistants as such positions are defined by administrative rule of the Department of Children and Family Services. If appropriations permit, the Department may include one-time signing bonuses or other incentives to help providers attract staff, provided that the signing bonuses are less than the supplement staff would have received if they had remained employed with another day care center or family day care home.

If appropriations permit, the Department may include one-time longevity bonuses or other incentives to recognize staff who have remained with a single employer.

(d) (Blank). The Department shall evaluate the Great START program, gather data on turnover rates, educational attainment, and other relevant issues, and submit a report to the General Assembly on the Great START program by December 31, 2002.

AN ACT in relation to insurance.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Insurance Code is amended by changing Sections 143.11b, 143.14, 143.15, 143.16, 143.17, 143.17a, and 513a11 as follows:

(215 ILCS 5/143.11b)

Sec. 143.11b. Assignment or transfer of property and casualty policies. An assignment or transfer of a policy of insurance to which Section 143.11 applies among or between insurers within an insurance holding company system or insurers under common management or control, or as a result of a merger, acquisition, or restructuring of an insurance company, is not a nonrenewal for purposes of the notification requirements under Sections 143.12 through 143.24. However, in the event of an increase in the renewal premium of 30% or more, change in deductibles or change in coverage that materially alters any policy to which subsection b of Section 143.17a applies, the company shall adhere to the provisions set forth in subsection b of Section 143.17a. A company making an assignment or transfer of a policy among or between insurers within an insurance holding company system or insurers under common management or control, or as a result of a merger, acquisition, or restructuring of an insurance company, shall have delivered to the named insured notice of such assignment or transfer at least 60 days prior to the renewal date. An exact and unaltered copy of the notice shall also be sent to the insured's producer, if known, and agent of record. The assignment or transfer of a policy or policies of insurance among or between insurers shall not occur without the producer or agent of record, or both, having a signed agency contract with the entity to which the policy or policies are to be assigned or transferred. If there is not a signed agency contract, all of the notice requirements of Sections 143.17 and 143.17a shall apply. Nothing in this Section shall contravene any existing producer and company contract rights. For purposes of this Section, the insured's

producer, if known, and agent of record may opt to accept notification of assignment or transfer of policies electronically.

(215 ILCS 5/143.14) (from Ch. 73, par. 755.14)

(a) No notice of cancellation of any policy of insurance, to which Section 143.11 applies, shall be effective unless mailed by the company to the named insured and the mortgage or lien holder, at the last mailing address known by the company. The company shall maintain proof of mailing of such notice on a recognized U.S. Post Office form or a form acceptable to the U. S. Post Office or other commercial mail delivery service. A copy of all such notices shall be sent to the insured's broker if known, or the agent of record, and to the mortgagee or lienholder, if known, at the last mailing address known to the company. For purposes of this Section, the mortgage or lien holder, insured's broker, if known, or the agent of record may opt to accept notification electronically.

(b) Whenever a financed insurance contract is cancelled, the insurer shall return whatever gross unearned premiums are due under the insurance contract or contracts not to exceed the unpaid balance due the premium finance company directly to the premium finance company effecting the cancellation for the account of the named insured. The return premium must be mailed to the premium finance company within 60 days. The request for the unearned premium by the premium finance company shall be in the manner of a monthly account, current accounting by producer, policy number, unpaid balance and name of insured for each cancelled amount. In the event the insurance contract or contracts are subject to audit, the insurer shall retain the right to withhold the return of the portion of premium that can be identified to the contract or contracts until the audit is completed. Within 30 days of the completion of the audit, if a premium retained by the insurer after crediting the earned premium would result in a surplus, the insurer shall return the surplus directly to the premium finance company. If the audit should result in an additional premium due the insurer, the obligation for the collection of this premium shall fall upon the insurer and not affect any other contract or contracts currently being financed by the premium finance company for the named insured.

(c) Whenever a premium finance agreement contains a power of attorney enabling the premium finance company to cancel any insurance contract or contracts in the agreement, the insurer shall honor the date of
cancellation as set forth in the request from the premium finance company without requiring the return of the insurance contract or contracts. The insurer may mail to the named insured an acknowledgment of the notice of cancellation from the premium finance company but the named insured shall not incur any additional premium charge for any extension of coverage. The insurer need not maintain proof of mailing of this notice.

(d) All statutory regulatory and contractual restrictions providing that the insurance contract may not be cancelled unless the required notice is mailed to a governmental agency, mortgagee, lienholder, or other third party shall apply where cancellation is effected under a power of attorney under a premium finance agreement. The insurer shall have the right for a premium charge for this extension of coverage.

All notices of cancellation shall include a specific explanation of the reason or reasons for cancellation. After the coverage has been effective for 61 days or more, all notices must be mailed at least 60 days prior to the effective date of cancellation. (215 ILCS 5/143.17) (from Ch. 73, par. 755.17)

Sec. 143.17. Notice of intention not to renew.

a. No company shall fail to renew any policy of insurance, as defined in subsections (a), (b), (c), and (h) of Section 143.13, to which Section 143.11 applies, unless it shall send by mail to the named insured at least 30 days advance notice of its intention not to renew. The company shall maintain proof of mailing of such notice on a recognized U.S. Post Office form or a form acceptable to the U. S. Post Office or other commercial mail delivery service. An exact and unaltered copy of such notice shall also be sent to the insured's broker, if known, or the agent of record and to the mortgagee or lien holder at the last mailing address known by the company. However, where cancellation is for nonpayment of premium, the notice of cancellation must be mailed at least 10 days before the effective date of the cancellation.

b. This Section does not apply if the company has manifested its willingness to renew directly to the named insured. Such written notice shall specify the premium amount payable, including any premium payment plan available, and the name of any person or persons, if any, authorized to receive payment on behalf of the company. If no person is so authorized, the premium notice shall so state. The notice of nonrenewal and the proof of mailing shall be effected on the same date.

b-5. This Section does not apply if the company manifested its willingness to renew directly to the named insured. However, no company may impose changes in deductibles or coverage for any policy forms applicable to an entire line of business enumerated in subsections (a), (b), (c), and (h) of Section 143.13 to which Section 143.11 applies unless the company mails to the named insured written notice of the change in deductible or coverage at least 60 days prior to the renewal or anniversary date. An exact and unaltered copy of the notice shall also be sent to the insured's broker, if known, or the agent of record.

c. Should a company fail to comply with (a) or (b) of this Section, the policy shall terminate only on the effective date of any similar insurance procured by the insured with respect to the same subject or location designated in both policies.
d. Renewal of a policy does not constitute a waiver or estoppel with respect to grounds for cancellation which existed before the effective date of such renewal.

e. In all notices of intention not to renew any policy of insurance, as defined in Section 143.11 the company shall provide a specific explanation of the reasons for nonrenewal.

f. For purposes of this Section, the insured's broker, if known, or the agent of record and the mortgagee or lien holder may opt to accept notification electronically.

(Source: P.A. 91-597, eff. 1-1-00.)

Sec. 143.17a. Notice of intention not to renew.

a. No company shall fail to renew any policy of insurance, to which Section 143.11 applies, except for those defined in subsections (a), (b), (c), and (h) of Section 143.13, unless it shall send by mail to the named insured at least 60 days advance notice of its intention not to renew. The company shall maintain proof of mailing of such notice on one of the following forms: a recognized U.S. Post Office form or a form acceptable to the U.S. Post Office or other commercial mail delivery service. An exact and unaltered copy of such notice shall also be sent to the insured's broker, if known, or the agent of record and to the mortgagee or lien holder at the last mailing address known by the company. However, where cancellation is for nonpayment of premium, the notice of cancellation must be mailed at least 10 days before the effective date of the cancellation.

b. This Section does not apply if the company has manifested its willingness to renew directly to the named insured. Provided, however, that no company may increase the renewal premium on any policy of insurance to which Section 143.11 applies, except for those defined in subsections (a), (b), (c), and (h) of Section 143.13, by 30% or more, nor impose changes in deductibles or coverage that materially alter the policy, unless the company shall have mailed or delivered to the named insured written notice of such increase or change in deductible or coverage at least 60 days prior to the renewal or anniversary date. The increase in premium shall be the renewal premium based on the known exposure as of the date of the quotation compared to the premium as of the last day of coverage for the current year's policy, annualized. The premium on the renewal policy may be subsequently amended to reflect any change in exposure or reinsurance costs not considered in the quotation. An exact and unaltered

copy of such notice shall also be sent to the insured's broker, if known, or the agent of record. If an insurer fails to provide the notice required by this subsection, then the company must extend the current policy under the same terms, conditions, and premium to allow 60 days notice of renewal and provide the actual renewal premium quotation and any change in coverage or deductible on the policy. Proof of mailing or proof of receipt may be proven by a sworn affidavit by the insurer as to the usual and customary business practices of mailing notice pursuant to this Section or may be proven consistent with Illinois Supreme Court Rule 236.

c. Should a company fail to comply with the non-renewal notice requirements of subsection a., the policy shall be extended for an additional year or until the effective date of any similar insurance procured by the insured, whichever is less, on the same terms and conditions as the policy sought to be terminated, unless the insurer has manifested its intention to renew at a different premium that represents an increase not exceeding 30%.

d. Renewal of a policy does not constitute a waiver or estoppel with respect to grounds for cancellation which existed before the effective date of such renewal.

e. In all notices of intention not to renew any policy of insurance, as defined in Section 143.11 the company shall provide a specific explanation of the reasons for nonrenewal.

f. For purposes of this Section, the insured's broker, if known, or the agent of record and the mortgagee or lien holder may opt to accept notification electronically.

Sec. 513a11. Cancellation requirements upon default.

(a) When a premium finance agreement contains a power of attorney enabling the premium finance company to cancel any insurance contract or contracts listed in the premium finance agreement, the insurance contract or contracts shall not be cancelled by the premium finance company unless the request for cancellation is effectuated under this Section.

(b) Not less than 10 days written notice shall be mailed to the named insured of the intent of the premium finance company to cancel the insurance contract unless the default is cured within the 10 day period.

(c) After expiration of the 10 day period, the premium finance company may request, in the name of the named insured, cancellation of

the insurance contract or contracts by mailing or hand delivering to the insurer a request for cancellation, and the insurance contract shall be cancelled as if the request for cancellation had been submitted by the named insured, but without requiring the return of the insurance contract or contracts. The premium finance company shall also mail a copy of the request for cancellation to the named insured at his last known address.

(d) All statutory, regulatory, and contractual restrictions providing that the insurance contract may not be cancelled unless notice is given to a governmental agency, mortgagee, or other third party shall apply where cancellation is effected under provisions of this Section. The insurer shall give the notice to any governmental agency, mortgagee, or other third party on or before the fifth business day after it receives the notice of cancellation from the premium finance company. *For purposes of this Section, any governmental agency, mortgagee, or other third party may opt to receive notices electronically.*

(e) In the event that the collection of return premiums for the account of the named insured results in a surplus over the amount due from the named insured, the premium finance company shall refund the excess to the named insured; however, no refund is required if it amounts to less than $5.

(f) All cancellation provisions required of the premium finance company and insurer are applicable to any policy to which Section 143.11 applies.

shall certify such amount as the "total initial equalized assessed value" of the taxable real property within the economic development project area.

(b) After the county clerk has certified the "total initial equalized assessed value" of the taxable real property in the economic development project area, then in respect to every taxing district containing an economic development project area, the county clerk or any other official required by law to ascertain the amount of the equalized assessed value of all taxable property within that taxing district for the purpose of computing the rate per cent of tax to be extended upon taxable property within that taxing district, shall in every year that tax increment allocation financing is in effect ascertain the amount of value of taxable property in an economic development project area by including in that amount the lower of the current equalized assessed value or the certified "total initial equalized assessed value" of all taxable real property in such area. The rate per cent of tax determined shall be extended to the current equalized assessed value of all property in the economic development project area in the same manner as the rate per cent of tax is extended to all other taxable property in the taxing district. The method of allocating taxes established under this Section shall terminate when the municipality adopts an ordinance dissolving the special tax allocation fund for the economic development project area, terminating the economic development project area, and terminating the use of tax increment allocation financing for the economic development project area. This Act shall not be construed as relieving property owners within an economic development project area from paying a uniform rate of taxes upon the current equalized assessed value of their taxable property as provided in the Property Tax Code.

Section 10. The Property Tax Code is amended by changing Sections 14-15, 15-10, 15-170, 15-172, 15-175, 15-180, and 20-178 and by adding Section 15-176 as follows:

(35 ILCS 200/14-15)
Sec. 14-15. Certificate of error; counties of 3,000,000 or more.
(a) In counties with 3,000,000 or more inhabitants, if, after the assessment is certified pursuant to Section 16-150, but subject to the limitations of subsection (c) of this Section, the county assessor discovers an error or mistake in the assessment, the assessor shall execute a certificate setting forth the nature and cause of the error. The certificate when endorsed by the county assessor, or when endorsed by the county assessor and board of appeals (until the first Monday in December 1998

and the board of review beginning the first Monday in December 1998 and thereafter) where the certificate is executed for any assessment which was the subject of a complaint filed in the board of appeals (until the first Monday in December 1998 and the board of review beginning the first Monday in December 1998 and thereafter) for the tax year for which the certificate is issued, may, either be certified according to the procedure authorized by this Section or be presented and received in evidence in any court of competent jurisdiction. Certification is authorized, at the discretion of the county assessor, for: (1) certificates of error allowing homestead exemptions pursuant to Sections 15-170, 15-172, and 15-175, and 15-176; (2) certificates of error on residential property of 6 units or less; (3) certificates of error allowing exemption of the property pursuant to Section 14-25; and (4) other certificates of error reducing assessed value by less than $100,000. Any certificate of error not certified shall be presented to the court. The county assessor shall develop reasonable procedures for the filing and processing of certificates of error. Prior to the certification or presentation to the court, the county assessor or his or her designee shall execute and include in the certificate of error a statement attesting that all procedural requirements pertaining to the issuance of the certificate of error have been met and that in fact an error exists. When so introduced in evidence such certificate shall become a part of the court records, and shall not be removed from the files except upon the order of the court.

Certificates of error that will be presented to the court shall be filed as an objection in the application for judgment and order of sale for the year in relation to which the certificate is made or as an amendment to the objection under subsection (b). Certificates of error that are to be certified according to the procedure authorized by this Section need not be presented to the court as an objection or an amendment under subsection (b). The State's Attorney of the county in which the property is situated shall mail a copy of any final judgment entered by the court regarding any certificate of error to the taxpayer of record for the year in question.

Any unpaid taxes after the entry of the final judgment by the court or certification on certificates issued under this Section may be included in a special tax sale, provided that an advertisement is published and a notice is mailed to the person in whose name the taxes were last assessed, in a form and manner substantially similar to the advertisement and notice required under Sections 21-110 and 21-135. The advertisement and sale shall be subject to all provisions of law regulating the annual

advertisement and sale of delinquent property, to the extent that those provisions may be made applicable.

A certificate of error certified under this Section shall be given effect by the county treasurer, who shall mark the tax books and, upon receipt of one of the following certificates from the county assessor or the county assessor and the board of review where the board of review is required to endorse the certificate of error, shall issue refunds to the taxpayer accordingly:

"CERTIFICATION
I, .................., county assessor, hereby certify that the Certificates of Error set out on the attached list have been duly issued to correct an error or mistake in the assessment."

"CERTIFICATION
I, .................., county assessor, and we, ........................................, members of the board of review, hereby certify that the Certificates of Error set out on the attached list have been duly issued to correct an error or mistake in the assessment and that any certificates of error required to be endorsed by the board of review have been so endorsed."

The county treasurer has the power to mark the tax books to reflect the issuance of certificates of error certified according to the procedure authorized in this Section for certificates of error issued under Section 14-25 or certificates of error issued to and including 3 years after the date on which the annual judgment and order of sale for that tax year was first entered. The county treasurer has the power to issue refunds to the taxpayer as set forth above until all refunds authorized by this Section have been completed.

To the extent that the certificate of error obviates the liability for nonpayment of taxes, certification of a certificate of error according to the procedure authorized in this Section shall operate to vacate any judgment or forfeiture as to that year's taxes, and the warrant books and judgment books shall be marked to reflect that the judgment or forfeiture has been vacated.

(b) Nothing in subsection (a) of this Section shall be construed to prohibit the execution, endorsement, issuance, and adjudication of a certificate of error if (i) the annual judgment and order of sale for the tax year in question is reopened for further proceedings upon consent of the county collector and county assessor, represented by the State's Attorney, and (ii) a new final judgment is subsequently entered pursuant to the
certificate. This subsection (b) shall be construed as declarative of existing law and not as a new enactment.

(c) No certificate of error, other than a certificate to establish an exemption under Section 14-25, shall be executed for any tax year more than 3 years after the date on which the annual judgment and order of sale for that tax year was first entered, except that during calendar years 1999 and 2000 a certificate of error may be executed for any tax year, provided that the error or mistake in the assessment was discovered no more than 3 years after the date on which the annual judgment and order of sale for that tax year was first entered.

(d) The time limitation of subsection (c) shall not apply to a certificate of error correcting an assessment to $1, under Section 10-35, on a parcel that a subdivision or planned development has acquired by adverse possession, if during the tax year for which the certificate is executed the subdivision or planned development used the parcel as common area, as defined in Section 10-35, and if application for the certificate of error is made prior to December 1, 1997.

(e) The changes made by this amendatory Act of the 91st General Assembly apply to certificates of error issued before, on, and after the effective date of this amendatory Act of the 91st General Assembly.

Sec. 15-10. Exempt property; procedures for certification. All property granted an exemption by the Department pursuant to the requirements of Section 15-5 and described in the Sections following Section 15-30 and preceding Section 16-5, to the extent therein limited, is exempt from taxation. In order to maintain that exempt status, the titleholder or the owner of the beneficial interest of any property that is exempt must file with the chief county assessment officer, on or before January 31 of each year (May 31 in the case of property exempted by Section 15-170), an affidavit stating whether there has been any change in the ownership or use of the property or the status of the owner-resident, or that a disabled veteran who qualifies under Section 15-165 owned and used the property as of January 1 of that year. The nature of any change shall be stated in the affidavit. Failure to file an affidavit shall, in the discretion of the assessment officer, constitute cause to terminate the exemption of that property, notwithstanding any other provision of this Code. Owners of 5 or more such exempt parcels within a county may file a

single annual affidavit in lieu of an affidavit for each parcel. The
assessment officer, upon request, shall furnish an affidavit form to the
owners, in which the owner may state whether there has been any change
in the ownership or use of the property or status of the owner or resident as
of January 1 of that year. The owner of 5 or more exempt parcels shall list
all the properties giving the same information for each parcel as required
of owners who file individual affidavits.

However, titleholders or owners of the beneficial interest in any
property exempted under any of the following provisions are not required
to submit an annual filing under this Section:

(1) Section 15-45 (burial grounds) in counties of less than
3,000,000 inhabitants and owned by a not-for-profit organization.
(2) Section 15-40.
(3) Section 15-50 (United States property).

If there is a change in use or ownership, however, notice must be
filed pursuant to Section 15-20.

An application for homestead exemptions shall be filed as provided
in Section 15-170 (senior citizens homestead exemption), Section 15-172
(senior citizens assessment freeze homestead exemption), and Sections
Section 15-175 and 15-176 (general homestead exemption), respectively.

Sec. 15-170. Senior Citizens Homestead Exemption. An annual
homestead exemption limited, except as described here with relation to
cooperatives or life care facilities, to a maximum reduction set forth below
from the property's value, as equalized or assessed by the Department, is
granted for property that is occupied as a residence by a person 65 years of
age or older who is liable for paying real estate taxes on the property and is
an owner of record of the property or has a legal or equitable interest
therein as evidenced by a written instrument, except for a leasehold
interest, other than a leasehold interest of land on which a single family
residence is located, which is occupied as a residence by a person 65 years
or older who has an ownership interest therein, legal, equitable or as a
lessee, and on which he or she is liable for the payment of property taxes.

Before taxable year 2004, the The maximum reduction shall be $2,500 in
counties with 3,000,000 or more inhabitants and $2,000 in all other
counties. For taxable years 2004 and thereafter, the maximum reduction
shall be $3,000 in all counties. For land improved with an apartment
building owned and operated as a cooperative, the maximum reduction

from the value of the property, as equalized by the Department, shall be multiplied by the number of apartments or units occupied by a person 65 years of age or older who is liable, by contract with the owner or owners of record, for paying property taxes on the property and is an owner of record of a legal or equitable interest in the cooperative apartment building, other than a leasehold interest. For land improved with a life care facility, the maximum reduction from the value of the property, as equalized by the Department, shall be multiplied by the number of apartments or units occupied by persons 65 years of age or older, irrespective of any legal, equitable, or leasehold interest in the facility, who are liable, under a contract with the owner or owners of record of the facility, for paying property taxes on the property. In a cooperative or a life care facility where a homestead exemption has been granted, the cooperative association or the management firm of the cooperative or facility shall credit the savings resulting from that exemption only to the apportioned tax liability of the owner or resident who qualified for the exemption. Any person who willfully refuses to so credit the savings shall be guilty of a Class B misdemeanor. Under this Section and Sections Section 15-175 and 15-176, "life care facility" means a facility as defined in Section 2 of the Life Care Facilities Act, with which the applicant for the homestead exemption has a life care contract as defined in that Act.

When a homestead exemption has been granted under this Section and the person qualifying subsequently becomes a resident of a facility licensed under the Nursing Home Care Act, the exemption shall continue so long as the residence continues to be occupied by the qualifying person's spouse if the spouse is 65 years of age or older, or if the residence remains unoccupied but is still owned by the person qualified for the homestead exemption.

A person who will be 65 years of age during the current assessment year shall be eligible to apply for the homestead exemption during that assessment year. Application shall be made during the application period in effect for the county of his residence.

Beginning with assessment year 2003, for taxes payable in 2004, property that is first occupied as a residence after January 1 of any assessment year by a person who is eligible for the senior citizens homestead exemption under this Section must be granted a pro-rata exemption for the assessment year. The amount of the pro-rata exemption is the exemption allowed in the county under this Section divided by 365 and multiplied by the number of days during the assessment year the

property is occupied as a residence by a person eligible for the exemption under this Section. The chief county assessment officer must adopt reasonable procedures to establish eligibility for this pro-rata exemption.

The assessor or chief county assessment officer may determine the eligibility of a life care facility to receive the benefits provided by this Section, by affidavit, application, visual inspection, questionnaire or other reasonable methods in order to insure that the tax savings resulting from the exemption are credited by the management firm to the apportioned tax liability of each qualifying resident. The assessor may request reasonable proof that the management firm has so credited the exemption.

The chief county assessment officer of each county with less than 3,000,000 inhabitants shall provide to each person allowed a homestead exemption under this Section a form to designate any other person to receive a duplicate of any notice of delinquency in the payment of taxes assessed and levied under this Code on the property of the person receiving the exemption. The duplicate notice shall be in addition to the notice required to be provided to the person receiving the exemption, and shall be given in the manner required by this Code. The person filing the request for the duplicate notice shall pay a fee of $5 to cover administrative costs to the supervisor of assessments, who shall then file the executed designation with the county collector. Notwithstanding any other provision of this Code to the contrary, the filing of such an executed designation requires the county collector to provide duplicate notices as indicated by the designation. A designation may be rescinded by the person who executed such designation at any time, in the manner and form required by the chief county assessment officer.

The assessor or chief county assessment officer may determine the eligibility of residential property to receive the homestead exemption provided by this Section by application, visual inspection, questionnaire or other reasonable methods. The determination shall be made in accordance with guidelines established by the Department.

In counties with less than 3,000,000 inhabitants, the county board may by resolution provide that if a person has been granted a homestead exemption under this Section, the person qualifying need not reapply for the exemption.

In counties with less than 3,000,000 inhabitants, if the assessor or chief county assessment officer requires annual application for verification of eligibility for an exemption once granted under this Section, the application shall be mailed to the taxpayer.

New matter indicated by italics - deletions by strikeout.
The assessor or chief county assessment officer shall notify each person who qualifies for an exemption under this Section that the person may also qualify for deferral of real estate taxes under the Senior Citizens Real Estate Tax Deferral Act. The notice shall set forth the qualifications needed for deferral of real estate taxes, the address and telephone number of county collector, and a statement that applications for deferral of real estate taxes may be obtained from the county collector.

Notwithstanding Sections 6 and 8 of the State Mandates Act, no reimbursement by the State is required for the implementation of any mandate created by this Section.

Sec. 15-172. Senior Citizens Assessment Freeze Homestead Exemption.

(a) This Section may be cited as the Senior Citizens Assessment Freeze Homestead Exemption.

(b) As used in this Section:

"Applicant" means an individual who has filed an application under this Section.

"Base amount" means the base year equalized assessed value of the residence plus the first year's equalized assessed value of any added improvements which increased the assessed value of the residence after the base year.

"Base year" means the taxable year prior to the taxable year for which the applicant first qualifies and applies for the exemption provided that in the prior taxable year the property was improved with a permanent structure that was occupied as a residence by the applicant who was liable for paying real property taxes on the property and who was either (i) an owner of record of the property or had legal or equitable interest in the property as evidenced by a written instrument or (ii) had a legal or equitable interest as a lessee in the parcel of property that was single family residence. If in any subsequent taxable year for which the applicant applies and qualifies for the exemption the equalized assessed value of the residence is less than the equalized assessed value in the existing base year (provided that such equalized assessed value is not based on an assessed value that results from a temporary irregularity in the property that reduces the assessed value for one or more taxable years), then that subsequent taxable year shall become the base year until a new base year is established under the terms of this paragraph. For taxable year 1999 only, the Chief

County Assessment Officer shall review (i) all taxable years for which the applicant applied and qualified for the exemption and (ii) the existing base year. The assessment officer shall select as the new base year the year with the lowest equalized assessed value. An equalized assessed value that is based on an assessed value that results from a temporary irregularity in the property that reduces the assessed value for one or more taxable years shall not be considered the lowest equalized assessed value. The selected year shall be the base year for taxable year 1999 and thereafter until a new base year is established under the terms of this paragraph.

"Chief County Assessment Officer" means the County Assessor or Supervisor of Assessments of the county in which the property is located.

"Equalized assessed value" means the assessed value as equalized by the Illinois Department of Revenue.

"Household" means the applicant, the spouse of the applicant, and all persons using the residence of the applicant as their principal place of residence.

"Household income" means the combined income of the members of a household for the calendar year preceding the taxable year.

"Income" has the same meaning as provided in Section 3.07 of the Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act, except that, beginning in assessment year 2001, "income" does not include veteran's benefits.

"Internal Revenue Code of 1986" means the United States Internal Revenue Code of 1986 or any successor law or laws relating to federal income taxes in effect for the year preceding the taxable year.

"Life care facility that qualifies as a cooperative" means a facility as defined in Section 2 of the Life Care Facilities Act.

"Residence" means the principal dwelling place and appurtenant structures used for residential purposes in this State occupied on January 1 of the taxable year by a household and so much of the surrounding land, constituting the parcel upon which the dwelling place is situated, as is used for residential purposes. If the Chief County Assessment Officer has established a specific legal description for a portion of property constituting the residence, then that portion of property shall be deemed the residence for the purposes of this Section.

"Taxable year" means the calendar year during which ad valorem property taxes payable in the next succeeding year are levied.

(c) Beginning in taxable year 1994, a senior citizens assessment freeze homestead exemption is granted for real property that is improved

with a permanent structure that is occupied as a residence by an applicant who (i) is 65 years of age or older during the taxable year, (ii) has a household income of $35,000 or less prior to taxable year 1999, or $40,000 or less in taxable years 1999 through 2003, and $45,000 or less in taxable year 2004 and thereafter, (iii) is liable for paying real property taxes on the property, and (iv) is an owner of record of the property or has a legal or equitable interest in the property as evidenced by a written instrument. This homestead exemption shall also apply to a leasehold interest in a parcel of property improved with a permanent structure that is a single family residence that is occupied as a residence by a person who (i) is 65 years of age or older during the taxable year, (ii) has a household income of $35,000 or less prior to taxable year 1999, or $40,000 or less in taxable years 1999 through 2003, and $45,000 or less in taxable year 2004 and thereafter, (iii) has a legal or equitable ownership interest in the property as lessee, and (iv) is liable for the payment of real property taxes on that property.

The amount of this exemption shall be the equalized assessed value of the residence in the taxable year for which application is made minus the base amount.

When the applicant is a surviving spouse of an applicant for a prior year for the same residence for which an exemption under this Section has been granted, the base year and base amount for that residence are the same as for the applicant for the prior year.

Each year at the time the assessment books are certified to the County Clerk, the Board of Review or Board of Appeals shall give to the County Clerk a list of the assessed values of improvements on each parcel qualifying for this exemption that were added after the base year for this parcel and that increased the assessed value of the property.

In the case of land improved with an apartment building owned and operated as a cooperative or a building that is a life care facility that qualifies as a cooperative, the maximum reduction from the equalized assessed value of the property is limited to the sum of the reductions calculated for each unit occupied as a residence by a person or persons (i) 65 years of age or older, (ii) with a household income of $35,000 or less prior to taxable year 1999, or $40,000 or less in taxable years 1999 through 2003, and $45,000 or less in taxable year 2004 and thereafter, (iii) who is liable, by contract with the owner or owners of record, for paying real property taxes on the property, and (iv) who is an owner of record of a legal or equitable interest in the cooperative apartment

building, other than a leasehold interest. In the instance of a cooperative where a homestead exemption has been granted under this Section, the cooperative association or its management firm shall credit the savings resulting from that exemption only to the apportioned tax liability of the owner who qualified for the exemption. Any person who willfully refuses to credit that savings to an owner who qualifies for the exemption is guilty of a Class B misdemeanor.

When a homestead exemption has been granted under this Section and an applicant then becomes a resident of a facility licensed under the Nursing Home Care Act, the exemption shall be granted in subsequent years so long as the residence (i) continues to be occupied by the qualified applicant's spouse or (ii) if remaining unoccupied, is still owned by the qualified applicant for the homestead exemption.

Beginning January 1, 1997, when an individual dies who would have qualified for an exemption under this Section, and the surviving spouse does not independently qualify for this exemption because of age, the exemption under this Section shall be granted to the surviving spouse for the taxable year preceding and the taxable year of the death, provided that, except for age, the surviving spouse meets all other qualifications for the granting of this exemption for those years.

When married persons maintain separate residences, the exemption provided for in this Section may be claimed by only one of such persons and for only one residence.

For taxable year 1994 only, in counties having less than 3,000,000 inhabitants, to receive the exemption, a person shall submit an application by February 15, 1995 to the Chief County Assessment Officer of the county in which the property is located. In counties having 3,000,000 or more inhabitants, for taxable year 1994 and all subsequent taxable years, to receive the exemption, a person may submit an application to the Chief County Assessment Officer of the county in which the property is located during such period as may be specified by the Chief County Assessment Officer. The Chief County Assessment Officer in counties of 3,000,000 or more inhabitants shall annually give notice of the application period by mail or by publication. In counties having less than 3,000,000 inhabitants, beginning with taxable year 1995 and thereafter, to receive the exemption, a person shall submit an application by July 1 of each taxable year to the Chief County Assessment Officer of the county in which the property is located. A county may, by ordinance, establish a date for submission of applications that is different than July 1. The applicant shall submit with

the application an affidavit of the applicant's total household income, age, marital status (and if married the name and address of the applicant's spouse, if known), and principal dwelling place of members of the household on January 1 of the taxable year. The Department shall establish, by rule, a method for verifying the accuracy of affidavits filed by applicants under this Section. The applications shall be clearly marked as applications for the Senior Citizens Assessment Freeze Homestead Exemption.

Notwithstanding any other provision to the contrary, in counties having fewer than 3,000,000 inhabitants, if an applicant fails to file the application required by this Section in a timely manner and this failure to file is due to a mental or physical condition sufficiently severe so as to render the applicant incapable of filing the application in a timely manner, the Chief County Assessment Officer may extend the filing deadline for a period of 30 days after the applicant regains the capability to file the application, but in no case may the filing deadline be extended beyond 3 months of the original filing deadline. In order to receive the extension provided in this paragraph, the applicant shall provide the Chief County Assessment Officer with a signed statement from the applicant's physician stating the nature and extent of the condition, that, in the physician's opinion, the condition was so severe that it rendered the applicant incapable of filing the application in a timely manner, and the date on which the applicant regained the capability to file the application.

Beginning January 1, 1998, notwithstanding any other provision to the contrary, in counties having fewer than 3,000,000 inhabitants, if an applicant fails to file the application required by this Section in a timely manner and this failure to file is due to a mental or physical condition sufficiently severe so as to render the applicant incapable of filing the application in a timely manner, the Chief County Assessment Officer may extend the filing deadline for a period of 3 months. In order to receive the extension provided in this paragraph, the applicant shall provide the Chief County Assessment Officer with a signed statement from the applicant's physician stating the nature and extent of the condition, and that, in the physician's opinion, the condition was so severe that it rendered the applicant incapable of filing the application in a timely manner.

In counties having less than 3,000,000 inhabitants, if an applicant was denied an exemption in taxable year 1994 and the denial occurred due to an error on the part of an assessment official, or his or her agent or employee, then beginning in taxable year 1997 the applicant's base year,

for purposes of determining the amount of the exemption, shall be 1993 rather than 1994. In addition, in taxable year 1997, the applicant's exemption shall also include an amount equal to (i) the amount of any exemption denied to the applicant in taxable year 1995 as a result of using 1994, rather than 1993, as the base year, (ii) the amount of any exemption denied to the applicant in taxable year 1996 as a result of using 1994, rather than 1993, as the base year, and (iii) the amount of the exemption erroneously denied for taxable year 1994.

For purposes of this Section, a person who will be 65 years of age during the current taxable year shall be eligible to apply for the homestead exemption during that taxable year. Application shall be made during the application period in effect for the county of his or her residence.

The Chief County Assessment Officer may determine the eligibility of a life care facility that qualifies as a cooperative to receive the benefits provided by this Section by use of an affidavit, application, visual inspection, questionnaire, or other reasonable method in order to insure that the tax savings resulting from the exemption are credited by the management firm to the apportioned tax liability of each qualifying resident. The Chief County Assessment Officer may request reasonable proof that the management firm has so credited that exemption.

Except as provided in this Section, all information received by the chief county assessment officer or the Department from applications filed under this Section, or from any investigation conducted under the provisions of this Section, shall be confidential, except for official purposes or pursuant to official procedures for collection of any State or local tax or enforcement of any civil or criminal penalty or sanction imposed by this Act or by any statute or ordinance imposing a State or local tax. Any person who divulges any such information in any manner, except in accordance with a proper judicial order, is guilty of a Class A misdemeanor.

Nothing contained in this Section shall prevent the Director or chief county assessment officer from publishing or making available reasonable statistics concerning the operation of the exemption contained in this Section in which the contents of claims are grouped into aggregates in such a way that information contained in any individual claim shall not be disclosed.

(d) Each Chief County Assessment Officer shall annually publish a notice of availability of the exemption provided under this Section. The notice shall be published at least 60 days but no more than 75 days prior to

the date on which the application must be submitted to the Chief County Assessment Officer of the county in which the property is located. The notice shall appear in a newspaper of general circulation in the county.

Notwithstanding Sections 6 and 8 of the State Mandates Act, no reimbursement by the State is required for the implementation of any mandate created by this Section.

Sec. 15-175. General homestead exemption. Except as provided in Section 15-176, homestead property is entitled to an annual homestead exemption limited, except as described here with relation to cooperatives, to a reduction in the equalized assessed value of homestead property equal to the increase in equalized assessed value for the current assessment year above the equalized assessed value of the property for 1977, up to the maximum reduction set forth below. If however, the 1977 equalized assessed value upon which taxes were paid is subsequently determined by local assessing officials, the Property Tax Appeal Board, or a court to have been excessive, the equalized assessed value which should have been placed on the property for 1977 shall be used to determine the amount of the exemption.

Except as provided in Section 15-176, the maximum reduction before taxable year 2004 shall be $4,500 in counties with 3,000,000 or more inhabitants and $3,500 in all other counties. Except as provided in Section 15-176, for taxable years 2004 and thereafter, the maximum reduction shall be $5,000 in all counties. If a county has elected to subject itself to the provisions of Section 15-176 as provided in subsection (k) of that Section, then, for the first taxable year only after the provisions of Section 15-176 no longer apply, for owners (i) who have not been granted a senior citizens assessment freeze homestead exemption under Section 15-172 for the taxable year and (ii) whose qualified property has an assessed valuation that has increased by more than 20% over the previous assessed valuation of the property, there shall be an additional exemption of $5,000 for owners with a household income of $30,000 or less. For purposes of this paragraph, "household income" has the meaning set forth in this Section 15-175.

In counties with fewer than 3,000,000 inhabitants, if, based on the most recent assessment, the equalized assessed value of the homestead

property for the current assessment year is greater than the equalized assessed value of the property for 1977, the owner of the property shall automatically receive the exemption granted under this Section in an amount equal to the increase over the 1977 assessment up to the maximum reduction set forth in this Section.

If in any assessment year beginning with the 2000 assessment year, homestead property has a pro-rata valuation under Section 9-180 resulting in an increase in the assessed valuation, a reduction in equalized assessed valuation equal to the increase in equalized assessed value of the property for the year of the pro-rata valuation above the equalized assessed value of the property for 1977 shall be applied to the property on a proportionate basis for the period the property qualified as homestead property during the assessment year. The maximum proportionate homestead exemption shall not exceed the maximum homestead exemption allowed in the county under this Section divided by 365 and multiplied by the number of days the property qualified as homestead property.

"Homestead property" under this Section includes residential property that is occupied by its owner or owners as his or their principal dwelling place, or that is a leasehold interest on which a single family residence is situated, which is occupied as a residence by a person who has an ownership interest therein, legal or equitable or as a lessee, and on which the person is liable for the payment of property taxes. For land improved with an apartment building owned and operated as a cooperative or a building which is a life care facility as defined in Section 15-170 and considered to be a cooperative under Section 15-170, the maximum reduction from the equalized assessed value shall be limited to the increase in the value above the equalized assessed value of the property for 1977, up to the maximum reduction set forth above, multiplied by the number of apartments or units occupied by a person or persons who is liable, by contract with the owner or owners of record, for paying property taxes on the property and is an owner of record of a legal or equitable interest in the cooperative apartment building, other than a leasehold interest. For purposes of this Section, the term "life care facility" has the meaning stated in Section 15-170.

"Household", as used in this Section, means the owner, the spouse of the owner, and all persons using the residence of the owner as their principal place of residence.

New matter indicated by italics - deletions by strikeout.
"Household income", as used in this Section, means the combined income of the members of a household for the calendar year preceding the taxable year.

"Income", as used in this Section, has the same meaning as provided in Section 3.07 of the Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act, except that "income" does not include veteran's benefits.

In a cooperative where a homestead exemption has been granted, the cooperative association or its management firm shall credit the savings resulting from that exemption only to the apportioned tax liability of the owner who qualified for the exemption. Any person who willfully refuses to so credit the savings shall be guilty of a Class B misdemeanor.

Where married persons maintain and reside in separate residences qualifying as homestead property, each residence shall receive 50% of the total reduction in equalized assessed valuation provided by this Section.

In all counties with more than 3,000,000 inhabitants, the assessor or chief county assessment officer may determine the eligibility of residential property to receive the homestead exemption and the amount of the exemption by application, visual inspection, questionnaire or other reasonable methods. The determination shall be made in accordance with guidelines established by the Department, provided that the taxpayer applying for an additional general exemption under this Section shall submit to the chief county assessment officer an application with an affidavit of the applicant's total household income, age, marital status (and, if married, the name and address of the applicant's spouse, if known), and principal dwelling place of members of the household on January 1 of the taxable year. The Department shall issue guidelines establishing a method for verifying the accuracy of the affidavits filed by applicants under this paragraph. The applications shall be clearly marked as applications for the Additional General Homestead Exemption.

In counties with fewer than 3,000,000 inhabitants, in the event of a sale of homestead property the homestead exemption shall remain in effect for the remainder of the assessment year of the sale. The assessor or chief county assessment officer may require the new owner of the property to apply for the homestead exemption for the following assessment year.

Notwithstanding Sections 6 and 8 of the State Mandates Act, no reimbursement by the State is required for the implementation of any mandate created by this Section.

Sec. 15-176. Alternative general homestead exemption.

(a) For the assessment years as determined under subsection (j), in any county that has elected, by an ordinance in accordance with subsection (k), to be subject to the provisions of this Section in lieu of the provisions of Section 15-175, homestead property is entitled to an annual homestead exemption equal to a reduction in the property's equalized assessed value calculated as provided in this Section.

(b) As used in this Section:

(1) "Assessor" means the supervisor of assessments or the chief county assessment officer of each county.

(2) "Adjusted homestead value" means the lesser of the following values:

(A) The property's base homestead value increased by 7% for each tax year after the base year through and including the current tax year, or, if the property is sold or ownership is otherwise transferred, the property's base homestead value increased by 7% for each tax year after the year of the sale or transfer through and including the current tax year. The increase by 7% each year is an increase by 7% over the prior year.

(B) The property's equalized assessed value for the current tax year minus (i) $4,500 in Cook County or $3,500 in all other counties in tax year 2003 or (ii) $5,000 in all counties in tax year 2004 and thereafter.

(3) "Base homestead value".

(A) Except as provided in subdivision (b)(3)(B), "base homestead value" means the equalized assessed value of the property for the base year prior to exemptions, minus (i) $4,500 in Cook County or $3,500 in all other counties in tax year 2003 or (ii) $5,000 in all counties in tax year 2004 and thereafter, provided that it was assessed for that year as residential property qualified for any of the homestead exemptions under Sections 15-170 through 15-175 of this Code, then in force, and further provided that the property's assessment was not based on a reduced assessed value resulting from a temporary irregularity in

the property for that year. Except as provided in subdivision (b)(3)(B), if the property did not have a residential equalized assessed value for the base year, then "base homestead value" means the base homestead value established by the assessor under subsection (c).

(B) If the property is sold or ownership is otherwise transferred, other than sales or transfers between spouses or between a parent and a child, "base homestead value" means the equalized assessed value of the property at the time of the sale or transfer prior to exemptions, minus (i) $4,500 in Cook County or $3,500 in all other counties in tax year 2003 or (ii) $5,000 in all counties in tax year 2004 and thereafter, provided that it was assessed as residential property qualified for any of the homestead exemptions under Sections 15-170 through 15-175 of this Code, then in force, and further provided that the property's assessment was not based on a reduced assessed value resulting from a temporary irregularity in the property.

(3.5) "Base year" means (i) tax year 2002 in Cook County or (ii) tax year 2002 or 2003 in all other counties in accordance with the designation made by the county as provided in subsection (k).

(4) "Current tax year" means the tax year for which the exemption under this Section is being applied.

(5) "Equalized assessed value" means the property's assessed value as equalized by the Department.

(6) "Homestead" or "homestead property" means:

(A) Residential property that as of January 1 of the tax year is occupied by its owner or owners as his, her, or their principal dwelling place, or that is a leasehold interest on which a single family residence is situated, that is occupied as a residence by a person who has a legal or equitable interest therein evidenced by a written instrument, as an owner or as a lessee, and on which the person is liable for the payment of property taxes. facility as owners or lessees, and who are liable by contract for the payment of property taxes, shall be included within this definition of homestead property.

(B) A homestead includes the dwelling place, appurtenant structures, and so much of the surrounding land constituting the parcel on which the dwelling place is situated as is used for residential purposes. If the assessor has established a specific legal description for a portion of property constituting the homestead, then the homestead shall be limited to the property within that description.

(7) "Life care facility" means a facility as defined in Section 2 of the Life Care Facilities Act.

c) If the property did not have a residential equalized assessed value for the base year as provided in subdivision (b)(3)(A) of this Section, then the assessor shall first determine an initial value for the property by comparison with assessed values for the base year of other properties having physical and economic characteristics similar to those of the subject property, so that the initial value is uniform in relation to assessed values of those other properties for the base year. The product of the initial value multiplied by the equalized factor for the base year for homestead properties in that county, less (i) $4,500 in Cook County or $3,500 in all other counties in tax year 2003 or (ii) $5,000 in all counties in tax year 2004 and thereafter, is the base homestead value.

For any tax year for which the assessor determines or adjusts an initial value and hence a base homestead value under this subsection (c), the initial value shall be subject to review by the same procedures applicable to assessed values established under this Code for that tax year.

d) The base homestead value shall remain constant, except that the assessor may revise it under the following circumstances:

(1) If the equalized assessed value of a homestead property for the current tax year is less than the previous base homestead value for that property, then the current equalized assessed value (provided it is not based on a reduced assessed value resulting from a temporary irregularity in the property) shall become the base homestead value in subsequent tax years.

(2) For any year in which new buildings, structures, or other improvements are constructed on the homestead property that would increase its assessed value, the assessor shall adjust the

base homestead value as provided in subsection (c) of this Section with due regard to the value added by the new improvements.

(3) If the property is sold or ownership is otherwise transferred, the base homestead value of the property shall be adjusted as provided in subdivision (b)(3)(B). This item (3) does not apply to sales or transfers between spouses or between a parent and a child.

(e) The amount of the exemption under this Section is the equalized assessed value of the homestead property for the current tax year, minus the adjusted homestead value, with the following exceptions:

1. The exemption under this Section shall not exceed $20,000 for any taxable year.
2. In the case of homestead property that also qualifies for the exemption under Section 15-172, the property is entitled to the exemption under this Section, limited to the amount of (i) $4,500 in Cook County or $3,500 in all other counties in tax year 2003 or (ii) $5,000 in all counties in tax year 2004 and thereafter.

(f) In the case of an apartment building owned and operated as a cooperative, or as a life care facility, that contains residential units that qualify as homestead property under this Section, the maximum cumulative exemption amount attributed to the entire building or facility shall not exceed the sum of the exemptions calculated for each qualified residential unit. The cooperative association, management firm, or other person or entity that manages or controls the cooperative apartment building or life care facility shall credit the exemption attributable to each residential unit only to the apportioned tax liability of the owner or other person responsible for payment of taxes as to that unit. Any person who willfully refuses to so credit the exemption is guilty of a Class B misdemeanor.

(g) When married persons maintain separate residences, the exemption provided under this Section shall be claimed by only one such person and for only one residence.

(h) In the event of a sale or other transfer in ownership of the homestead property, the exemption under this Section shall remain in effect for the remainder of the tax year in which the sale or transfer occurs, but (other than for sales or transfers between spouses or between a parent and a child) shall be calculated using the new base homestead value as provided in subdivision (b)(3)(B). The assessor may require the

New matter indicated by italics - deletions by strikeout.
new owner of the property to apply for the exemption in the following year.

(i) The assessor may determine whether property qualifies as a homestead under this Section by application, visual inspection, questionnaire, or other reasonable methods. Each year, at the time the assessment books are certified to the county clerk by the board of review, the assessor shall furnish to the county clerk a list of the properties qualified for the homestead exemption under this Section. The list shall note the base homestead value of each property to be used in the calculation of the exemption for the current tax year.

(j) In counties with 3,000,000 or more inhabitants, the provisions of this Section apply as follows:

(1) If the general assessment year for the property is 2003, this Section applies for assessment years 2003, 2004, and 2005. Thereafter, the provisions of Section 15-175 apply.

(2) If the general assessment year for the property is 2004, this Section applies for assessment years 2004, 2005, and 2006. Thereafter, the provisions of Section 15-175 apply.

(3) If the general assessment year for the property is 2005, this Section applies for assessment years 2005, 2006, and 2007. Thereafter, the provisions of Section 15-175 apply.

In counties with less than 3,000,000 inhabitants, this Section applies for assessment years (i) 2003, 2004, and 2005 if 2002 is the designated base year or (ii) 2004, 2005, and 2006 if 2003 is the designated base year. Thereafter, the provisions of Section 15-175 apply.

(k) To be subject to the provisions of this Section in lieu of Section 15-175, a county must adopt an ordinance to subject itself to the provisions of this Section within 6 months after the effective date of this amendatory Act of the 93rd General Assembly. In a county other than Cook County, the ordinance must designate either tax year 2002 or tax year 2003 as the base year.

(l) Notwithstanding Sections 6 and 8 of the State Mandates Act, no reimbursement by the State is required for the implementation of any mandate created by this Section.

December 31, 1997, and $45,000 beginning January 1, 1998 and through December 31, 2003, and $75,000 per year for that homestead property beginning January 1, 2004 and thereafter, in fair cash value, when that property is owned and used exclusively for a residential purpose and upon demonstration that a proposed increase in assessed value is attributable solely to a new improvement of an existing structure or the rebuilding of a residential structure following a catastrophic event. To be eligible for an exemption under this Section after a catastrophic event, the residential structure must be rebuilt within 2 years after the catastrophic event. The exemption for rebuilt structures under this Section applies to the increase in value of the rebuilt structure over the value of the structure before the catastrophic event. The amount of the exemption shall be limited to the fair cash value added by the new improvement or rebuilding and shall continue for 4 years from the date the improvement or rebuilding is completed and occupied, or until the next following general assessment of that property, whichever is later.

A proclamation of disaster by the President of the United States or Governor of the State of Illinois is not a prerequisite to the classification of an occurrence as a catastrophic event under this Section. A "catastrophic event" may include an occurrence of widespread or severe damage or loss of property resulting from any catastrophic cause including but not limited to fire, including arson (provided the fire was not caused by the willful action of an owner or resident of the property), flood, earthquake, wind, storm, explosion, or extended periods of severe inclement weather. In the case of a residential structure affected by flooding, the structure shall not be eligible for this homestead improvement exemption unless it is located within a local jurisdiction which is participating in the National Flood Insurance Program.

In counties of less than 3,000,000 inhabitants, in addition to the notice requirement under Section 12-30, a supervisor of assessments, county assessor, or township or multi-township assessor responsible for adding an assessable improvement to a residential property's assessment shall either notify a taxpayer whose assessment has been changed since the last preceding assessment that he or she may be eligible for the exemption provided under this Section or shall grant the exemption automatically.

Beginning January 1, 1999, in counties of 3,000,000 or more inhabitants, an application for a homestead improvement exemption for a residential structure that has been rebuilt following a catastrophic event must be submitted to the Chief County Assessment Officer with a
valuation complaint and a copy of the building permit to rebuild the
structure. The Chief County Assessment Officer may require additional
documentation which must be provided by the applicant.

Notwithstanding Sections 6 and 8 of the State Mandates Act, no
reimbursement by the State is required for the implementation of any
mandate created by this Section.

collector makes any refunds due on certificates of error issued under
Sections 14-15 through 14-25 that have been either certified or
adjudicated, the county collector shall pay the taxpayer interest on the
amount of the refund at the rate of 0.5% per month.

No interest shall be due under this Section for any time prior to 60
days after the effective date of this amendatory Act of the 91st General
Assembly. For certificates of error issued prior to the effective date of this
amendatory Act of the 91st General Assembly, the county collector shall
pay the taxpayer interest from 60 days after the effective date of this
amendatory Act of the 91st General Assembly until the date the refund is
paid. For certificates of error issued on or after the effective date of this
amendatory Act of the 91st General Assembly, interest shall be paid from
60 days after the certificate of error is issued by the chief county
assessment officer to the date the refund is made. To cover the cost of
interest, the county collector shall proportionately reduce the distribution
of taxes collected for each taxing district in which the property is situated.

This Section shall not apply to any certificate of error granting a

New matter indicated by italics - deletions by strikeout.
(2) The property is the principal residence and domicile of the longtime owner-occupant.

The corporate authorities of a county, by ordinance or resolution, may impose additional criteria for qualifying for a deferral or exemption under this Act including, but not limited to, (i) requiring the owner-occupant to have owned and occupied the same dwelling place as principal residence and domicile for a period of more than 10 years, (ii) establishing age criteria for eligibility of an owner-occupant, and (iii) establishing income criteria for eligibility of an owner-occupant. A deferral or exemption, or combination thereof, under an ordinance or resolution adopted pursuant to this Act, may not exceed $20,000 in equalized assessed value per tax year.

(b) No penalties or interest shall accrue on the portion of any deferral granted under this Act.

c) Except as provided in subsection (d) of Section 15, school districts and municipalities within a county to which this Act applies may determine whether financial need, age, or both, of the longtime owner-occupant shall be used to determine eligibility.

Section 15. The County Economic Development Project Area Property Tax Allocation Act is amended by changing Section 6 as follows:

(55 ILCS 85/6) (from Ch. 34, par. 7006)

Sec. 6. Filing with county clerk; certification of initial equalized assessed value.

(a) The county shall file a certified copy of any ordinance authorizing property tax allocation financing for an economic development project area with the county clerk, and the county clerk shall immediately thereafter determine (1) the most recently ascertained equalized assessed value of each lot, block, tract or parcel of real property within the economic development project area from which shall be deducted the homestead exemptions provided by Sections 15-170, 15-175, and 15-176 of the Property Tax Code, which value shall be the "initial equalized assessed value" of each such piece of property, and (2) the total equalized assessed value of all taxable real property within the economic development project area by adding together the most recently ascertained equalized assessed value of each taxable lot, block, tract, or parcel of real property within such economic development project area, from which shall be deducted the homestead exemptions provided by Sections 15-170, 15-175, and 15-176 of the Property Tax Code. notice from the Department of its approval and certification of such economic development project area, the county clerk shall immediately certify such amount as the "total initial equalized assessed value" of the taxable property within the economic development project area.

(b) After the county clerk has certified the "total initial equalized assessed value" of the taxable real property in the economic development project area, then in respect to every taxing district containing an economic development project area, the county clerk or any other official required by law to ascertain the amount of the equalized assessed value of all taxable property within that taxing district for the purpose of computing the rate percent of tax to be extended upon taxable property within the taxing district, shall in every year that property tax allocation financing is in effect ascertain the amount of value of taxable property in an economic development project area by including in that amount the lower of the current equalized assessed value or the certified "total initial equalized assessed value" of all taxable real property in such area. The rate percent of tax determined shall be extended to the current equalized assessed value of all property in the economic development project area in the same manner as the rate percent of tax is extended to all other taxable property in the taxing district. The method of allocating taxes established under this Section shall terminate when the county adopts an ordinance dissolving the special tax allocation fund for the economic development project area. This Act shall not be construed as relieving property owners within an economic development project area from paying a uniform rate of taxes upon the current equalized assessed value of their taxable property as provided in the Property Tax Code.

each lot, block, tract, or parcel of real property within the economic development project area from which shall be deducted the homestead exemptions provided by Sections 15-170, and 15-175, and 15-176 of the Property Tax Code (that value being the "initial equalized assessed value" of each such piece of property) and (ii) the total equalized assessed value of all taxable real property within the economic development project area by adding together the most recently ascertained equalized assessed value of each taxable lot, block, tract, or parcel of real property within the economic development project area, from which shall be deducted the homestead exemptions provided by Sections 15-170, and 15-175, and 15-176 of the Property Tax Code, and shall certify that amount as the "total initial equalized assessed value" of the taxable real property within the economic development project area.

(b) After the county clerk has certified the "total initial equalized assessed value" of the taxable real property in the economic development project area, then in respect to every taxing district containing an economic development project area, the county clerk or any other official required by law to ascertain the amount of the equalized assessed value of all taxable property within the taxing district for the purpose of computing the rate per cent of tax to be extended upon taxable property within the taxing district shall, in every year that tax increment allocation financing is in effect, ascertain the amount of value of taxable property in an economic development project area by including in that amount the lower of the current equalized assessed value or the certified "total initial equalized assessed value" of all taxable real property in the area. The rate per cent of tax determined shall be extended to the current equalized assessed value of all property in the economic development project area in the same manner as the rate per cent of tax is extended to all other taxable property in the taxing district. The method of extending taxes established under this Section shall terminate when the county adopts an ordinance dissolving the special tax allocation fund for the economic development project area. This Act shall not be construed as relieving property owners within an economic development project area from paying a uniform rate of taxes upon the current equalized assessed value of their taxable property as provided in the Property Tax Code.

Section 25. The Illinois Municipal Code is amended by changing Sections 11-74.4-8, 11-74.4-9, and 11-74.6-40 as follows:

(65 ILCS 5/11-74.4-8) (from Ch. 24, par. 11-74.4-8)

New matter indicated by italics - deletions by strikeout.
Sec. 11-74.4-8. Tax increment allocation financing. A municipality may not adopt tax increment financing in a redevelopment project area after the effective date of this amendatory Act of 1997 that will encompass an area that is currently included in an enterprise zone created under the Illinois Enterprise Zone Act unless that municipality, pursuant to Section 5.4 of the Illinois Enterprise Zone Act, amends the enterprise zone designating ordinance to limit the eligibility for tax abatements as provided in Section 5.4.1 of the Illinois Enterprise Zone Act. A municipality, at the time a redevelopment project area is designated, may adopt tax increment allocation financing by passing an ordinance providing that the ad valorem taxes, if any, arising from the levies upon taxable real property in such redevelopment project area by taxing districts and tax rates determined in the manner provided in paragraph (c) of Section 11-74.4-9 each year after the effective date of the ordinance until redevelopment project costs and all municipal obligations financing redevelopment project costs incurred under this Division have been paid shall be divided as follows:

(a) That portion of taxes levied upon each taxable lot, block, tract or parcel of real property which is attributable to the lower of the current equalized assessed value or the initial equalized assessed value of each such taxable lot, block, tract or parcel of real property in the redevelopment project area shall be allocated to and when collected shall be paid by the county collector to the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing.

(b) Except from a tax levied by a township to retire bonds issued to satisfy court-ordered damages, that portion, if any, of such taxes which is attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract or parcel of real property in the redevelopment project area over and above the initial equalized assessed value of each property in the project area shall be allocated to and when collected shall be paid to the municipal treasurer who shall deposit said taxes into a special fund called the special tax allocation fund of the municipality for the purpose of paying redevelopment project costs and obligations incurred in the payment thereof. In any county with a population of 3,000,000 or more that has adopted a procedure for collecting taxes that provides for one or more of the installments of the taxes to be billed and collected on an estimated basis, the municipal treasurer shall be paid for deposit in the special tax allocation fund of the

municipality, from the taxes collected from estimated bills issued for property in the redevelopment project area, the difference between the amount actually collected from each taxable lot, block, tract, or parcel of real property within the redevelopment project area and an amount determined by multiplying the rate at which taxes were last extended against the taxable lot, block, track, or parcel of real property in the manner provided in subsection (c) of Section 11-74.4-9 by the initial equalized assessed value of the property divided by the number of installments in which real estate taxes are billed and collected within the county; provided that the payments on or before December 31, 1999 to a municipal treasurer shall be made only if each of the following conditions are met:

(1) The total equalized assessed value of the redevelopment project area as last determined was not less than 175% of the total initial equalized assessed value.

(2) Not more than 50% of the total equalized assessed value of the redevelopment project area as last determined is attributable to a piece of property assigned a single real estate index number.

(3) The municipal clerk has certified to the county clerk that the municipality has issued its obligations to which there has been pledged the incremental property taxes of the redevelopment project area or taxes levied and collected on any or all property in the municipality or the full faith and credit of the municipality to pay or secure payment for all or a portion of the redevelopment project costs. The certification shall be filed annually no later than September 1 for the estimated taxes to be distributed in the following year; however, for the year 1992 the certification shall be made at any time on or before March 31, 1992.

(4) The municipality has not requested that the total initial equalized assessed value of real property be adjusted as provided in subsection (b) of Section 11-74.4-9.

The conditions of paragraphs (1) through (4) do not apply after December 31, 1999 to payments to a municipal treasurer made by a county with 3,000,000 or more inhabitants that has adopted an estimated billing procedure for collecting taxes. If a county that has adopted the estimated billing procedure makes an erroneous overpayment of tax revenue to the municipal treasurer, then the county may seek a refund of that overpayment. The county shall send the municipal treasurer a notice of liability for the overpayment on or before the mailing date of the next real

estate tax bill within the county. The refund shall be limited to the amount of the overpayment.

It is the intent of this Division that after the effective date of this amendatory Act of 1988 a municipality's own ad valorem tax arising from levies on taxable real property be included in the determination of incremental revenue in the manner provided in paragraph (c) of Section 11-74.4-9. If the municipality does not extend such a tax, it shall annually deposit in the municipality's Special Tax Increment Fund an amount equal to 10% of the total contributions to the fund from all other taxing districts in that year. The annual 10% deposit required by this paragraph shall be limited to the actual amount of municipally produced incremental tax revenues available to the municipality from taxpayers located in the redevelopment project area in that year if: (a) the plan for the area restricts the use of the property primarily to industrial purposes, (b) the municipality establishing the redevelopment project area is a home-rule community with a 1990 population of between 25,000 and 50,000, (c) the municipality is wholly located within a county with a 1990 population of over 750,000 and (d) the redevelopment project area was established by the municipality prior to June 1, 1990. This payment shall be in lieu of a contribution of ad valorem taxes on real property. If no such payment is made, any redevelopment project area of the municipality shall be dissolved.

If a municipality has adopted tax increment allocation financing by ordinance and the County Clerk thereafter certifies the "total initial equalized assessed value as adjusted" of the taxable real property within such redevelopment project area in the manner provided in paragraph (b) of Section 11-74.4-9, each year after the date of the certification of the total initial equalized assessed value as adjusted until redevelopment project costs and all municipal obligations financing redevelopment project costs have been paid the ad valorem taxes, if any, arising from the levies upon the taxable real property in such redevelopment project area by taxing districts and tax rates determined in the manner provided in paragraph (c) of Section 11-74.4-9 shall be divided as follows:

(1) That portion of the taxes levied upon each taxable lot, block, tract or parcel of real property which is attributable to the lower of the current equalized assessed value or "current equalized assessed value as adjusted" or the initial equalized assessed value of each such taxable lot, block, tract, or parcel of real property existing at the time tax increment financing was adopted, minus the

total current homestead exemptions provided by Sections 15-170, 15-175, and 15-176 of the Property Tax Code in the redevelopment project area shall be allocated to and when collected shall be paid by the county collector to the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing.

(2) That portion, if any, of such taxes which is attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property in the redevelopment project area, over and above the initial equalized assessed value of each property existing at the time tax increment financing was adopted, minus the total current homestead exemptions pertaining to each piece of property provided by Sections 15-170, 15-175, and 15-176 of the Property Tax Code in the redevelopment project area, shall be allocated to and when collected shall be paid to the municipal Treasurer, who shall deposit said taxes into a special fund called the special tax allocation fund of the municipality for the purpose of paying redevelopment project costs and obligations incurred in the payment thereof.

The municipality may pledge in the ordinance the funds in and to be deposited in the special tax allocation fund for the payment of such costs and obligations. No part of the current equalized assessed valuation of each property in the redevelopment project area attributable to any increase above the total initial equalized assessed value, or the total initial equalized assessed value as adjusted, of such properties shall be used in calculating the general State school aid formula, provided for in Section 18-8 of the School Code, until such time as all redevelopment project costs have been paid as provided for in this Section.

Whenever a municipality issues bonds for the purpose of financing redevelopment project costs, such municipality may provide by ordinance for the appointment of a trustee, which may be any trust company within the State, and for the establishment of such funds or accounts to be maintained by such trustee as the municipality shall deem necessary to provide for the security and payment of the bonds. If such municipality provides for the appointment of a trustee, such trustee shall be considered the assignee of any payments assigned by the municipality pursuant to such ordinance and this Section. Any amounts paid to such trustee as assignee shall be deposited in the funds or accounts established pursuant to

such trust agreement, and shall be held by such trustee in trust for the benefit of the holders of the bonds, and such holders shall have a lien on and a security interest in such funds or accounts so long as the bonds remain outstanding and unpaid. Upon retirement of the bonds, the trustee shall pay over any excess amounts held to the municipality for deposit in the special tax allocation fund.

When such redevelopment projects costs, including without limitation all municipal obligations financing redevelopment project costs incurred under this Division, have been paid, all surplus funds then remaining in the special tax allocation fund shall be distributed by being paid by the municipal treasurer to the Department of Revenue, the municipality and the county collector; first to the Department of Revenue and the municipality in direct proportion to the tax incremental revenue received from the State and the municipality, but not to exceed the total incremental revenue received from the State or the municipality less any annual surplus distribution of incremental revenue previously made; with any remaining funds to be paid to the County Collector who shall immediately thereafter pay said funds to the taxing districts in the redevelopment project area in the same manner and proportion as the most recent distribution by the county collector to the affected districts of real property taxes from real property in the redevelopment project area.

Upon the payment of all redevelopment project costs, the retirement of obligations, the distribution of any excess monies pursuant to this Section, and final closing of the books and records of the redevelopment project area, the municipality shall adopt an ordinance dissolving the special tax allocation fund for the redevelopment project area and terminating the designation of the redevelopment project area as a redevelopment project area. Title to real or personal property and public improvements acquired by or for the municipality as a result of the redevelopment project and plan shall vest in the municipality when acquired and shall continue to be held by the municipality after the redevelopment project area has been terminated. Municipalities shall notify affected taxing districts prior to November 1 if the redevelopment project area is to be terminated by December 31 of that same year. If a municipality extends estimated dates of completion of a redevelopment project and retirement of obligations to finance a redevelopment project, as allowed by this amendatory Act of 1993, that extension shall not extend the property tax increment allocation financing authorized by this Section. Thereafter the rates of the taxing districts shall be extended and taxes

levied, collected and distributed in the manner applicable in the absence of the adoption of tax increment allocation financing.

Nothing in this Section shall be construed as relieving property in such redevelopment project areas from being assessed as provided in the Property Tax Code or as relieving owners of such property from paying a uniform rate of taxes, as required by Section 4 of Article 9 of the Illinois Constitution.

Sec. 11-74.4-9. Equalized assessed value of property.

(a) If a municipality by ordinance provides for tax increment allocation financing pursuant to Section 11-74.4-8, the county clerk immediately thereafter shall determine (1) the most recently ascertained equalized assessed value of each lot, block, tract or parcel of real property within such redevelopment project area from which shall be deducted the homestead exemptions provided by Sections 15-170, and 15-175, and 15-176 of the Property Tax Code, which value shall be the "initial equalized assessed value" of each such piece of property, and (2) the total equalized assessed value of all taxable real property within such redevelopment project area by adding together the most recently ascertained equalized assessed value of each taxable lot, block, tract, or parcel of real property within such project area, from which shall be deducted the homestead exemptions provided by Sections 15-170, and 15-175, and 15-176 of the Property Tax Code, and shall certify such amount as the "total initial equalized assessed value" of the taxable real property within such project area.

(b) In reference to any municipality which has adopted tax increment financing after January 1, 1978, and in respect to which the county clerk has certified the "total initial equalized assessed value" of the property in the redevelopment area, the municipality may thereafter request the clerk in writing to adjust the initial equalized value of all taxable real property within the redevelopment project area by deducting therefrom the exemptions provided for by Sections 15-170, and 15-175, and 15-176 of the Property Tax Code applicable to each lot, block, tract or parcel of real property within such redevelopment project area. The county clerk shall immediately after the written request to adjust the total initial equalized value is received determine the total homestead exemptions in the redevelopment project area provided by Sections 15-170, and 15-175, and 15-176 of the Property Tax Code by adding together the homestead

exemptions provided by said Sections on each lot, block, tract or parcel of real property within such redevelopment project area and then shall deduct the total of said exemptions from the total initial equalized assessed value. The county clerk shall then promptly certify such amount as the "total initial equalized assessed value as adjusted" of the taxable real property within such redevelopment project area.

(c) After the county clerk has certified the "total initial equalized assessed value" of the taxable real property in such area, then in respect to every taxing district containing a redevelopment project area, the county clerk or any other official required by law to ascertain the amount of the equalized assessed value of all taxable property within such district for the purpose of computing the rate per cent of tax to be extended upon taxable property within such district, shall in every year that tax increment allocation financing is in effect ascertain the amount of value of taxable property in a redevelopment project area by including in such amount the lower of the current equalized assessed value or the certified "total initial equalized assessed value" of all taxable real property in such area, except that after he has certified the "total initial equalized assessed value as adjusted" he shall in the year of said certification if tax rates have not been extended and in every year thereafter that tax increment allocation financing is in effect ascertain the amount of value of taxable property in a redevelopment project area by including in such amount the lower of the current equalized assessed value or the certified "total initial equalized assessed value as adjusted" of all taxable real property in such area. The rate per cent of tax determined shall be extended to the current equalized assessed value of all property in the redevelopment project area in the same manner as the rate per cent of tax is extended to all other taxable property in the taxing district. The method of extending taxes established under this Section shall terminate when the municipality adopts an ordinance dissolving the special tax allocation fund for the redevelopment project area. This Division shall not be construed as relieving property owners within a redevelopment project area from paying a uniform rate of taxes upon the current equalized assessed value of their taxable property as provided in the Property Tax Code.

Sec. 11-74.6-40. Equalized assessed value determination; property tax extension.
(a) If a municipality by ordinance provides for tax increment allocation financing under Section 11-74.6-35, the county clerk immediately thereafter:

(1) shall determine the initial equalized assessed value of each parcel of real property in the redevelopment project area, which is the most recently established equalized assessed value of each lot, block, tract or parcel of taxable real property within the redevelopment project area, minus the homestead exemptions provided by Sections 15-170, and 15-175, and 15-176 of the Property Tax Code; and

(2) shall certify to the municipality the total initial equalized assessed value of all taxable real property within the redevelopment project area.

(b) Any municipality that has established a vacant industrial buildings conservation area may, by ordinance passed after the adoption of tax increment allocation financing, provide that the county clerk immediately thereafter shall again determine:

(1) the updated initial equalized assessed value of each lot, block, tract or parcel of real property, which is the most recently ascertained equalized assessed value of each lot, block, tract or parcel of real property within the vacant industrial buildings conservation area; and

(2) the total updated initial equalized assessed value of all taxable real property within the redevelopment project area, which is the total of the updated initial equalized assessed value of all taxable real property within the vacant industrial buildings conservation area.

The county clerk shall certify to the municipality the total updated initial equalized assessed value of all taxable real property within the industrial buildings conservation area.

(c) After the county clerk has certified the total initial equalized assessed value or the total updated initial equalized assessed value of the taxable real property in the area, for each taxing district in which a redevelopment project area is situated, the county clerk or any other official required by law to determine the amount of the equalized assessed value of all taxable property within the district for the purpose of computing the percentage rate of tax to be extended upon taxable property within the district, shall in every year that tax increment allocation financing is in effect determine the total equalized assessed value of

taxable property in a redevelopment project area by including in that amount the lower of the current equalized assessed value or the certified total initial equalized assessed value or, if the total of updated equalized assessed value has been certified, the total updated initial equalized assessed value of all taxable real property in the redevelopment project area. After he has certified the total initial equalized assessed value he shall in the year of that certification, if tax rates have not been extended, and in every subsequent year that tax increment allocation financing is in effect, determine the amount of equalized assessed value of taxable property in a redevelopment project area by including in that amount the lower of the current total equalized assessed value or the certified total initial equalized assessed value or, if the total of updated initial equalized assessed values have been certified, the total updated initial equalized assessed value of all taxable real property in the redevelopment project area.

(d) The percentage rate of tax determined shall be extended on the current equalized assessed value of all property in the redevelopment project area in the same manner as the rate per cent of tax is extended to all other taxable property in the taxing district. The method of extending taxes established under this Section shall terminate when the municipality adopts an ordinance dissolving the special tax allocation fund for the redevelopment project area. This Law shall not be construed as relieving property owners within a redevelopment project area from paying a uniform rate of taxes upon the current equalized assessed value of their taxable property as provided in the Property Tax Code.

(b) After the county clerk has certified the "total initial equalized assessed value" of the taxable real property in the economic development project area, then in respect to every taxing district containing an economic development project area, the county clerk or any other official required by law to ascertain the amount of the equalized assessed value of all taxable property within the taxing district for the purpose of computing the rate per cent of tax to be extended upon taxable property within the taxing district shall, in every year that tax increment allocation financing is in effect, ascertain the amount of value of taxable property in an economic development project area by including in that amount the lower of the current equalized assessed value or the certified "total initial equalized assessed value" of all taxable real property in the area. The rate per cent of tax determined shall be extended to the current equalized assessed value of all property in the economic development project area in the same manner as the rate per cent of tax is extended to all other taxable property in the taxing district. The method of extending taxes established under this Section shall terminate when the municipality adopts an ordinance dissolving the special tax allocation fund for the economic development project area. Section 35. The School Code is amended by changing Section 18-8.05 as follows:

(105 ILCS 5/18-8.05)
Sec. 18-8.05. Basis for apportionment of general State financial aid and supplemental general State aid to the common schools for the 1998-1999 and subsequent school years.

(A) General Provisions.

(1) The provisions of this Section apply to the 1998-1999 and subsequent school years. The system of general State financial aid provided for in this Section is designed to assure that, through a combination of State financial aid and required local resources, the financial support provided each pupil in Average Daily Attendance equals or exceeds a prescribed per pupil Foundation Level. This formula approach imputes a level of per pupil Available Local Resources and provides for the basis to calculate a per pupil level of general State financial aid that, when added to Available Local Resources, equals or exceeds the Foundation Level. The amount of per pupil general State financial aid for school districts, in general, varies in inverse relation to Available Local Resources. Per pupil amounts are based upon each school district's Average Daily Attendance as that term is defined in this Section.

(2) In addition to general State financial aid, school districts with specified levels or concentrations of pupils from low income households are eligible to receive supplemental general State financial aid grants as provided pursuant to subsection (H). The supplemental State aid grants provided for school districts under subsection (H) shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section.

(3) To receive financial assistance under this Section, school districts are required to file claims with the State Board of Education, subject to the following requirements:

(a) Any school district which fails for any given school year to maintain school as required by law, or to maintain a recognized school is not eligible to file for such school year any claim upon the Common School Fund. In case of nonrecognition of one or more attendance centers in a school district otherwise operating recognized schools, the claim of the district shall be reduced in the proportion which the Average Daily Attendance in the attendance center or centers bear to the Average Daily Attendance in the school district. A "recognized school" means any public school which meets the standards as established for recognition by the State Board of Education. A school district or attendance center not

New matter indicated by italics - deletions by strikeout.
having recognition status at the end of a school term is entitled to receive State aid payments due upon a legal claim which was filed while it was recognized.

(b) School district claims filed under this Section are subject to Sections 18-9, 18-10, and 18-12, except as otherwise provided in this Section.

(c) If a school district operates a full year school under Section 10-19.1, the general State aid to the school district shall be determined by the State Board of Education in accordance with this Section as near as may be applicable.

(d) (Blank).

(4) Except as provided in subsections (H) and (L), the board of any district receiving any of the grants provided for in this Section may apply those funds to any fund so received for which that board is authorized to make expenditures by law.

School districts are not required to exert a minimum Operating Tax Rate in order to qualify for assistance under this Section.

(5) As used in this Section the following terms, when capitalized, shall have the meaning ascribed herein:

(a) "Average Daily Attendance": A count of pupil attendance in school, averaged as provided for in subsection (C) and utilized in deriving per pupil financial support levels.

(b) "Available Local Resources": A computation of local financial support, calculated on the basis of Average Daily Attendance and derived as provided pursuant to subsection (D).

(c) "Corporate Personal Property Replacement Taxes": Funds paid to local school districts pursuant to "An Act in relation to the abolition of ad valorem personal property tax and the replacement of revenues lost thereby, and amending and repealing certain Acts and parts of Acts in connection therewith", certified August 14, 1979, as amended (Public Act 81-1st S.S.-1).

(d) "Foundation Level": A prescribed level of per pupil financial support as provided for in subsection (B).

(e) "Operating Tax Rate": All school district property taxes extended for all purposes, except Bond and Interest, Summer School, Rent, Capital Improvement, and Vocational Education Building purposes.

New matter indicated by italics - deletions by strikeout.
(B) Foundation Level.

(1) The Foundation Level is a figure established by the State representing the minimum level of per pupil financial support that should be available to provide for the basic education of each pupil in Average Daily Attendance. As set forth in this Section, each school district is assumed to exert a sufficient local taxing effort such that, in combination with the aggregate of general State financial aid provided the district, an aggregate of State and local resources are available to meet the basic education needs of pupils in the district.

(2) For the 1998-1999 school year, the Foundation Level of support is $4,225. For the 1999-2000 school year, the Foundation Level of support is $4,325. For the 2000-2001 school year, the Foundation Level of support is $4,425.

(3) For the 2001-2002 school year and 2002-2003 school year, the Foundation Level of support is $4,560.

(4) For the 2003-2004 school year and each school year thereafter, the Foundation Level of support is $4,810 or such greater amount as may be established by law by the General Assembly.

(C) Average Daily Attendance.

(1) For purposes of calculating general State aid pursuant to subsection (E), an Average Daily Attendance figure shall be utilized. The Average Daily Attendance figure for formula calculation purposes shall be the monthly average of the actual number of pupils in attendance of each school district, as further averaged for the best 3 months of pupil attendance for each school district. In compiling the figures for the number of pupils in attendance, school districts and the State Board of Education shall, for purposes of general State aid funding, conform attendance figures to the requirements of subsection (F).

(2) The Average Daily Attendance figures utilized in subsection (E) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated or the average of the attendance data for the 3 preceding school years, whichever is greater. The Average Daily Attendance figures utilized in subsection (H) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated.

(D) Available Local Resources.

(1) For purposes of calculating general State aid pursuant to subsection (E), a representation of Available Local Resources per pupil, as

New matter indicated by italics - deletions by strikeout.
that term is defined and determined in this subsection, shall be utilized. Available Local Resources per pupil shall include a calculated dollar amount representing local school district revenues from local property taxes and from Corporate Personal Property Replacement Taxes, expressed on the basis of pupils in Average Daily Attendance.

(2) In determining a school district's revenue from local property taxes, the State Board of Education shall utilize the equalized assessed valuation of all taxable property of each school district as of September 30 of the previous year. The equalized assessed valuation utilized shall be obtained and determined as provided in subsection (G).

(3) For school districts maintaining grades kindergarten through 12, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 3.00%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades kindergarten through 8, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 2.30%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades 9 through 12, local property tax revenues per pupil shall be the applicable equalized assessed valuation of the district multiplied by 1.05%, and divided by the district's Average Daily Attendance figure.

(4) The Corporate Personal Property Replacement Taxes paid to each school district during the calendar year 2 years before the calendar year in which a school year begins, divided by the Average Daily Attendance figure for that district, shall be added to the local property tax revenues per pupil as derived by the application of the immediately preceding paragraph (3). The sum of these per pupil figures for each school district shall constitute Available Local Resources as that term is utilized in subsection (E) in the calculation of general State aid.

(E) Computation of General State Aid.

(1) For each school year, the amount of general State aid allotted to a school district shall be computed by the State Board of Education as provided in this subsection.

(2) For any school district for which Available Local Resources per pupil is less than the product of 0.93 times the Foundation Level, general State aid for that district shall be calculated as an amount equal to the Foundation Level minus Available Local Resources, multiplied by the Average Daily Attendance of the school district.

New matter indicated by italics - deletions by strikeout.
(3) For any school district for which Available Local Resources per pupil is equal to or greater than the product of 0.93 times the Foundation Level and less than the product of 1.75 times the Foundation Level, the general State aid per pupil shall be a decimal proportion of the Foundation Level derived using a linear algorithm. Under this linear algorithm, the calculated general State aid per pupil shall decline in direct linear fashion from 0.07 times the Foundation Level for a school district with Available Local Resources equal to the product of 0.93 times the Foundation Level, to 0.05 times the Foundation Level for a school district with Available Local Resources equal to the product of 1.75 times the Foundation Level. The allocation of general State aid for school districts subject to this paragraph 3 shall be the calculated general State aid per pupil figure multiplied by the Average Daily Attendance of the school district.

(4) For any school district for which Available Local Resources per pupil equals or exceeds the product of 1.75 times the Foundation Level, the general State aid for the school district shall be calculated as the product of $218 multiplied by the Average Daily Attendance of the school district.

(5) The amount of general State aid allocated to a school district for the 1999-2000 school year meeting the requirements set forth in paragraph (4) of subsection (G) shall be increased by an amount equal to the general State aid that would have been received by the district for the 1998-1999 school year by utilizing the Extension Limitation Equalized Assessed Valuation as calculated in paragraph (4) of subsection (G) less the general State aid allotted for the 1998-1999 school year. This amount shall be deemed a one time increase, and shall not affect any future general State aid allocations.

(F) Compilation of Average Daily Attendance.

(1) Each school district shall, by July 1 of each year, submit to the State Board of Education, on forms prescribed by the State Board of Education, attendance figures for the school year that began in the preceding calendar year. The attendance information so transmitted shall identify the average daily attendance figures for each month of the school year. Beginning with the general State aid claim form for the 2002-2003 school year, districts shall calculate Average Daily Attendance as provided in subdivisions (a), (b), and (c) of this paragraph (1).

(a) In districts that do not hold year-round classes, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

New matter indicated by italics - deletions by strikeout.
(b) In districts in which all buildings hold year-round classes, days of attendance in July and August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(c) In districts in which some buildings, but not all, hold year-round classes, for the non-year-round buildings, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May. The average daily attendance for the year-round buildings shall be computed as provided in subdivision (b) of this paragraph (1). To calculate the Average Daily Attendance for the district, the average daily attendance for the year-round buildings shall be multiplied by the days in session for the non-year-round buildings for each month and added to the monthly attendance of the non-year-round buildings.

Except as otherwise provided in this Section, days of attendance by pupils shall be counted only for sessions of not less than 5 clock hours of school work per day under direct supervision of: (i) teachers, or (ii) non-teaching personnel or volunteer personnel when engaging in non-teaching duties and supervising in those instances specified in subsection (a) of Section 10-22.34 and paragraph 10 of Section 34-18, with pupils of legal school age and in kindergarten and grades 1 through 12.

Days of attendance by tuition pupils shall be accredited only to the districts that pay the tuition to a recognized school.

(2) Days of attendance by pupils of less than 5 clock hours of school shall be subject to the following provisions in the compilation of Average Daily Attendance.

(a) Pupils regularly enrolled in a public school for only a part of the school day may be counted on the basis of 1/6 day for every class hour of instruction of 40 minutes or more attended pursuant to such enrollment, unless a pupil is enrolled in a block-schedule format of 80 minutes or more of instruction, in which case the pupil may be counted on the basis of the proportion of minutes of school work completed each day to the minimum number of minutes that school work is required to be held that day.

(b) Days of attendance may be less than 5 clock hours on the opening and closing of the school term, and upon the first day of pupil attendance, if preceded by a day or days utilized as an institute or teachers' workshop.

New matter indicated by italics - deletions by strikeout.
(c) A session of 4 or more clock hours may be counted as a day of attendance upon certification by the regional superintendent, and approved by the State Superintendent of Education to the extent that the district has been forced to use daily multiple sessions.

(d) A session of 3 or more clock hours may be counted as a day of attendance (1) when the remainder of the school day or at least 2 hours in the evening of that day is utilized for an in-service training program for teachers, up to a maximum of 5 days per school year of which a maximum of 4 days of such 5 days may be used for parent-teacher conferences, provided a district conducts an in-service training program for teachers which has been approved by the State Superintendent of Education; or, in lieu of 4 such days, 2 full days may be used, in which event each such day may be counted as a day of attendance; and (2) when days in addition to those provided in item (1) are scheduled by a school pursuant to its school improvement plan adopted under Article 34 or its revised or amended school improvement plan adopted under Article 2, provided that (i) such sessions of 3 or more clock hours are scheduled to occur at regular intervals, (ii) the remainder of the school days in which such sessions occur are utilized for in-service training programs or other staff development activities for teachers, and (iii) a sufficient number of minutes of school work under the direct supervision of teachers are added to the school days between such regularly scheduled sessions to accumulate not less than the number of minutes by which such sessions of 3 or more clock hours fall short of 5 clock hours. Any full days used for the purposes of this paragraph shall not be considered for computing average daily attendance. Days scheduled for in-service training programs, staff development activities, or parent-teacher conferences may be scheduled separately for different grade levels and different attendance centers of the district.

(e) A session of not less than one clock hour of teaching hospitalized or homebound pupils on-site or by telephone to the classroom may be counted as 1/2 day of attendance, however these pupils must receive 4 or more clock hours of instruction to be counted for a full day of attendance.

(f) A session of at least 4 clock hours may be counted as a day of attendance for first grade pupils, and pupils in full day

kindergartens, and a session of 2 or more hours may be counted as 1/2 day of attendance by pupils in kindergartens which provide only 1/2 day of attendance.

(g) For children with disabilities who are below the age of 6 years and who cannot attend 2 or more clock hours because of their disability or immaturity, a session of not less than one clock hour may be counted as 1/2 day of attendance; however for such children whose educational needs so require a session of 4 or more clock hours may be counted as a full day of attendance.

(h) A recognized kindergarten which provides for only 1/2 day of attendance by each pupil shall not have more than 1/2 day of attendance counted in any one day. However, kindergartens may count 2 1/2 days of attendance in any 5 consecutive school days. When a pupil attends such a kindergarten for 2 half days on any one school day, the pupil shall have the following day as a day absent from school, unless the school district obtains permission in writing from the State Superintendent of Education. Attendance at kindergartens which provide for a full day of attendance by each pupil shall be counted the same as attendance by first grade pupils. Only the first year of attendance in one kindergarten shall be counted, except in case of children who entered the kindergarten in their fifth year whose educational development requires a second year of kindergarten as determined under the rules and regulations of the State Board of Education.

(G) Equalized Assessed Valuation Data.

(1) For purposes of the calculation of Available Local Resources required pursuant to subsection (D), the State Board of Education shall secure from the Department of Revenue the value as equalized or assessed by the Department of Revenue of all taxable property of every school district, together with (i) the applicable tax rate used in extending taxes for the funds of the district as of September 30 of the previous year and (ii) the limiting rate for all school districts subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law.

The Department of Revenue shall add to the equalized assessed value of all taxable property of each school district situated entirely or partially within a county that is or was subject to the alternative general homestead exemption provisions of Section 15-176 of the Property Tax Code (i) an amount equal to the total amount by which the homestead exemption allowed under Section 15-176 of the Property Tax Code for

real property situated in that school district exceeds the total amount that would have been allowed in that school district if the maximum reduction under Section 15-176 was (i) $4,500 in Cook County or $3,500 in all other counties in tax year 2003 or (ii) $5,000 in all counties in tax year 2004 and thereafter and (ii) an amount equal to the aggregate amount for the taxable year of all additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of $30,000 or less. The county clerk of any county that is or was subject to the alternative general homestead exemption provisions of Section 15-176 of the Property Tax Code shall annually calculate and certify to the Department of Revenue for each school district all homestead exemption amounts under Section 15-176 of the Property Tax Code and all amounts of additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of $30,000 or less. It is the intent of this paragraph that if the general homestead exemption for a parcel of property is determined under Section 15-176 of the Property Tax Code rather than Section 15-175, then the calculation of Available Local Resources shall not be affected by the difference, if any, between the amount of the general homestead exemption allowed for that parcel of property under Section 15-176 of the Property Tax Code and the amount that would have been allowed had the general homestead exemption for that parcel of property been determined under Section 15-175 of the Property Tax Code. It is further the intent of this paragraph that if additional exemptions are allowed under Section 15-175 of the Property Tax Code for owners with a household income of less than $30,000, then the calculation of Available Local Resources shall not be affected by the difference, if any, because of those additional exemptions.

This equalized assessed valuation, as adjusted further by the requirements of this subsection, shall be utilized in the calculation of Available Local Resources.

(2) The equalized assessed valuation in paragraph (1) shall be adjusted, as applicable, in the following manner:

(a) For the purposes of calculating State aid under this Section, with respect to any part of a school district within a redevelopment project area in respect to which a municipality has adopted tax increment allocation financing pursuant to the Tax Increment Allocation Redevelopment Act, Sections 11-74.4-1 through 11-74.4-11 of the Illinois Municipal Code or the Industrial Jobs Recovery Law, Sections 11-74.6-1 through 11-74.6-50 of the

New matter indicated by italics - deletions by strikeout.
Illinois Municipal Code, no part of the current equalized assessed valuation of real property located in any such project area which is attributable to an increase above the total initial equalized assessed valuation of such property shall be used as part of the equalized assessed valuation of the district, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Increment Allocation Redevelopment Act or in Section 11-74.6-35 of the Industrial Jobs Recovery Law. For the purpose of the equalized assessed valuation of the district, the total initial equalized assessed valuation or the current equalized assessed valuation, whichever is lower, shall be used until such time as all redevelopment project costs have been paid.

(b) The real property equalized assessed valuation for a school district shall be adjusted by subtracting from the real property value as equalized or assessed by the Department of Revenue for the district an amount computed by dividing the amount of any abatement of taxes under Section 18-170 of the Property Tax Code by 3.00% for a district maintaining grades kindergarten through 12, by 2.30% for a district maintaining grades kindergarten through 8, or by 1.05% for a district maintaining grades 9 through 12 and adjusted by an amount computed by dividing the amount of any abatement of taxes under subsection (a) of Section 18-165 of the Property Tax Code by the same percentage rates for district type as specified in this subparagraph (b).

(3) For the 1999-2000 school year and each school year thereafter, if a school district meets all of the criteria of this subsection (G)(3), the school district's Available Local Resources shall be calculated under subsection (D) using the district's Extension Limitation Equalized Assessed Valuation as calculated under this subsection (G)(3).

For purposes of this subsection (G)(3) the following terms shall have the following meanings:

"Budget Year": The school year for which general State aid is calculated and awarded under subsection (E).

"Base Tax Year": The property tax levy year used to calculate the Budget Year allocation of general State aid.

"Preceding Tax Year": The property tax levy year immediately preceding the Base Tax Year.
"Base Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Base Tax Year multiplied by the limiting rate as calculated by the County Clerk and defined in the Property Tax Extension Limitation Law.

"Preceding Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Preceding Tax Year multiplied by the Operating Tax Rate as defined in subsection (A).

"Extension Limitation Ratio": A numerical ratio, certified by the County Clerk, in which the numerator is the Base Tax Year's Tax Extension and the denominator is the Preceding Tax Year's Tax Extension.

"Operating Tax Rate": The operating tax rate as defined in subsection (A).

If a school district is subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation of that district. For the 1999-2000 school year, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the district's 1996 Equalized Assessed Valuation and the district's Extension Limitation Ratio. For the 2000-2001 school year and each school year thereafter, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the Equalized Assessed Valuation last used in the calculation of general State aid and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of a school district as calculated under this subsection (G)(3) is less than the district's equalized assessed valuation as calculated pursuant to subsections (G)(1) and (G)(2), then for purposes of calculating the district's general State aid for the Budget Year pursuant to subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources under subsection (D).

(4) For the purposes of calculating general State aid for the 1999-2000 school year only, if a school district experienced a triennial reassessment on the equalized assessed valuation used in calculating its general State financial aid apportionment for the 1998-1999 school year, the State Board of Education shall calculate the Extension Limitation

Equalized Assessed Valuation that would have been used to calculate the district's 1998-1999 general State aid. This amount shall equal the product of the equalized assessed valuation used to calculate general State aid for the 1997-1998 school year and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of the school district as calculated under this paragraph (4) is less than the district's equalized assessed valuation utilized in calculating the district's 1998-1999 general State aid allocation, then for purposes of calculating the district's general State aid pursuant to paragraph (5) of subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources.

(5) For school districts having a majority of their equalized assessed valuation in any county except Cook, DuPage, Kane, Lake, McHenry, or Will, if the amount of general State aid allocated to the school district for the 1999-2000 school year under the provisions of subsection (E), (H), and (J) of this Section is less than the amount of general State aid allocated to the district for the 1998-1999 school year under these subsections, then the general State aid of the district for the 1999-2000 school year only shall be increased by the difference between these amounts. The total payments made under this paragraph (5) shall not exceed $14,000,000. Claims shall be prorated if they exceed $14,000,000.

(H) Supplemental General State Aid.

(1) In addition to the general State aid a school district is allotted pursuant to subsection (E), qualifying school districts shall receive a grant, paid in conjunction with a district's payments of general State aid, for supplemental general State aid based upon the concentration level of children from low-income households within the school district. Supplemental State aid grants provided for school districts under this subsection shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section. If the appropriation in any fiscal year for general State aid and supplemental general State aid is insufficient to pay the amounts required under the general State aid and supplemental general State aid calculations, then the State Board of Education shall ensure that each school district receives the full amount due for general State aid and the remainder of the appropriation shall be used for supplemental general State aid,
which the State Board of Education shall calculate and pay to eligible districts on a prorated basis.

(1.5) This paragraph (1.5) applies only to those school years preceding the 2003-2004 school year. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall be the low-income eligible pupil count from the most recently available federal census divided by the Average Daily Attendance of the school district. If, however, (i) the percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count of a high school district with fewer than 400 students exceeds by 75% or more the percentage change in the total low-income eligible pupil count of contiguous elementary school districts, whose boundaries are coterminous with the high school district, or (ii) a high school district within 2 counties and serving 5 elementary school districts, whose boundaries are coterminous with the high school district, has a percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count and there is a percentage increase in the total low-income eligible pupil count of a majority of the elementary school districts in excess of 50% from the 2 most recent federal censuses, then the high school district's low-income eligible pupil count from the earlier federal census shall be the number used as the low-income eligible pupil count for the high school district, for purposes of this subsection (H). The changes made to this paragraph (1) by Public Act 92-28 shall apply to supplemental general State aid grants for school years preceding the 2003-2004 school year that are paid in fiscal year 1999 or thereafter and to any State aid payments made in fiscal year 1994 through fiscal year 1998 pursuant to subsection 1(n) of Section 18-8 of this Code (which was repealed on July 1, 1998), and any high school district that is affected by Public Act 92-28 is entitled to a recomputation of its supplemental general State aid grant or State aid paid in any of those fiscal years. This recomputation shall not be affected by any other funding.

(1.10) This paragraph (1.10) applies to the 2003-2004 school year and each school year thereafter. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall, for each fiscal year, be the low-income eligible pupil count as of July 1 of the immediately preceding fiscal year (as determined by the Department of Human Services based on the number of pupils

who are eligible for at least one of the following low income programs: Medicaid, KidCare, TANF, or Food Stamps, excluding pupils who are eligible for services provided by the Department of Children and Family Services, averaged over the 2 immediately preceding fiscal years for fiscal year 2004 and over the 3 immediately preceding fiscal years for each fiscal year thereafter) divided by the Average Daily Attendance of the school district.

(2) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 1998-1999, 1999-2000, and 2000-2001 school years only:

(a) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for any school year shall be $800 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for the 1998-1999 school year shall be $1,100 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for the 1998-99 school year shall be $1,500 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of 60% or more, the grant for the 1998-99 school year shall be $1,900 multiplied by the low income eligible pupil count.

(e) For the 1999-2000 school year, the per pupil amount specified in subparagraphs (b), (c), and (d) immediately above shall be increased to $1,243, $1,600, and $2,000, respectively.

(f) For the 2000-2001 school year, the per pupil amounts specified in subparagraphs (b), (c), and (d) immediately above shall be $1,273, $1,640, and $2,050, respectively.

(2.5) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2002-2003 school year:

(a) For any school district with a Low Income Concentration Level of less than 10%, the grant for each

school year shall be $355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 10% and less than 20%, the grant for each school year shall be $675 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for each school year shall be $1,330 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for each school year shall be $1,362 multiplied by the low income eligible pupil count.

(e) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for each school year shall be $1,680 multiplied by the low income eligible pupil count.

(f) For any school district with a Low Income Concentration Level of 60% or more, the grant for each school year shall be $2,080 multiplied by the low income eligible pupil count.

(2.10) Except as otherwise provided, supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2003-2004 school year and each school year thereafter:

(a) For any school district with a Low Income Concentration Level of 15% or less, the grant for each school year shall be $355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level greater than 15%, the grant for each school year shall be $294.25 added to the product of $2,700 and the square of the Low Income Concentration Level, all multiplied by the low income eligible pupil count.

For the 2003-2004 school year only, the grant shall be no less than the grant for the 2002-2003 school year. For the 2004-2005 school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.66. For the 2005-2006 school year only, the grant...
shall be no less than the grant for the 2002-2003 school year multiplied by 0.33.

For the 2003-2004 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.25 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2004-2005 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.50 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2005-2006 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.75 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year.

(3) School districts with an Average Daily Attendance of more than 1,000 and less than 50,000 that qualify for supplemental general State aid pursuant to this subsection shall submit a plan to the State Board of Education prior to October 30 of each year for the use of the funds resulting from this grant of supplemental general State aid for the improvement of instruction in which priority is given to meeting the education needs of disadvantaged children. Such plan shall be submitted in accordance with rules and regulations promulgated by the State Board of Education.

(4) School districts with an Average Daily Attendance of 50,000 or more that qualify for supplemental general State aid pursuant to this subsection shall be required to distribute from funds available pursuant to this Section, no less than $261,000,000 in accordance with the following requirements:

(a) The required amounts shall be distributed to the attendance centers within the district in proportion to the number of pupils enrolled at each attendance center who are eligible to receive free or reduced-price lunches or breakfasts under the federal Child Nutrition Act of 1966 and under the National School Lunch Act during the immediately preceding school year.

(b) The distribution of these portions of supplemental and general State aid among attendance centers according to these
requirements shall not be compensated for or contravened by adjustments of the total of other funds appropriated to any attendance centers, and the Board of Education shall utilize funding from one or several sources in order to fully implement this provision annually prior to the opening of school.

(c) Each attendance center shall be provided by the school district a distribution of noncategorical funds and other categorical funds to which an attendance center is entitled under law in order that the general State aid and supplemental general State aid provided by application of this subsection supplements rather than supplants the noncategorical funds and other categorical funds provided by the school district to the attendance centers.

(d) Any funds made available under this subsection that by reason of the provisions of this subsection are not required to be allocated and provided to attendance centers may be used and appropriated by the board of the district for any lawful school purpose.

(e) Funds received by an attendance center pursuant to this subsection shall be used by the attendance center at the discretion of the principal and local school council for programs to improve educational opportunities at qualifying schools through the following programs and services: early childhood education, reduced class size or improved adult to student classroom ratio, enrichment programs, remedial assistance, attendance improvement, and other educationally beneficial expenditures which supplement the regular and basic programs as determined by the State Board of Education. Funds provided shall not be expended for any political or lobbying purposes as defined by board rule.

(f) Each district subject to the provisions of this subdivision (H)(4) shall submit an acceptable plan to meet the educational needs of disadvantaged children, in compliance with the requirements of this paragraph, to the State Board of Education prior to July 15 of each year. This plan shall be consistent with the decisions of local school councils concerning the school expenditure plans developed in accordance with part 4 of Section 34-2.3. The State Board shall approve or reject the plan within 60 days after its submission. If the plan is rejected, the district shall give written notice of intent to modify the plan within 15 days of

the notification of rejection and then submit a modified plan within 30 days after the date of the written notice of intent to modify. Districts may amend approved plans pursuant to rules promulgated by the State Board of Education.

Upon notification by the State Board of Education that the district has not submitted a plan prior to July 15 or a modified plan within the time period specified herein, the State aid funds affected by that plan or modified plan shall be withheld by the State Board of Education until a plan or modified plan is submitted.

If the district fails to distribute State aid to attendance centers in accordance with an approved plan, the plan for the following year shall allocate funds, in addition to the funds otherwise required by this subsection, to those attendance centers which were underfunded during the previous year in amounts equal to such underfunding.

For purposes of determining compliance with this subsection in relation to the requirements of attendance center funding, each district subject to the provisions of this subsection shall submit as a separate document by December 1 of each year a report of expenditure data for the prior year in addition to any modification of its current plan. If it is determined that there has been a failure to comply with the expenditure provisions of this subsection regarding contravention or supplanting, the State Superintendent of Education shall, within 60 days of receipt of the report, notify the district and any affected local school council. The district shall within 45 days of receipt of that notification inform the State Superintendent of Education of the remedial or corrective action to be taken, whether by amendment of the current plan, if feasible, or by adjustment in the plan for the following year. Failure to provide the expenditure report or the notification of remedial or corrective action in a timely manner shall result in a withholding of the affected funds.

The State Board of Education shall promulgate rules and regulations to implement the provisions of this subsection. No funds shall be released under this subdivision (H)(4) to any district that has not submitted a plan that has been approved by the State Board of Education.

(I) General State Aid for Newly Configured School Districts.

New matter indicated by italics - deletions by strikeout.
(1) For a new school district formed by combining property included totally within 2 or more previously existing school districts, for its first year of existence the general State aid and supplemental general State aid calculated under this Section shall be computed for the new district and for the previously existing districts for which property is totally included within the new district. If the computation on the basis of the previously existing districts is greater, a supplementary payment equal to the difference shall be made for the first 4 years of existence of the new district.

(2) For a school district which annexes all of the territory of one or more entire other school districts, for the first year during which the change of boundaries attributable to such annexation becomes effective for all purposes as determined under Section 7-9 or 7A-8, the general State aid and supplemental general State aid calculated under this Section shall be computed for the annexing district as constituted after the annexation and for the annexing and each annexed district as constituted prior to the annexation; and if the computation on the basis of the annexing and annexed districts as constituted prior to the annexation is greater, a supplementary payment equal to the difference shall be made for the first 4 years of existence of the annexing school district as constituted upon such annexation.

(3) For 2 or more school districts which annex all of the territory of one or more entire other school districts, and for 2 or more community unit districts which result upon the division (pursuant to petition under Section 11A-2) of one or more other unit school districts into 2 or more parts and which together include all of the parts into which such other unit school district or districts are so divided, for the first year during which the change of boundaries attributable to such annexation or division becomes effective for all purposes as determined under Section 7-9 or 11A-10, as the case may be, the general State aid and supplemental general State aid calculated under this Section shall be computed for each annexing or resulting district as constituted after the annexation or division and for each annexing and annexed district, or for each resulting and divided district, as constituted prior to the annexation or division; and if the aggregate of the general State aid and supplemental general State aid as so computed for the annexing or resulting districts as constituted after the annexation or division is less than the aggregate of the general State aid and supplemental general State aid as so computed for the annexing and annexed districts, or for the resulting and divided districts, as constituted

prior to the annexation or division, then a supplementary payment equal to the difference shall be made and allocated between or among the annexing or resulting districts, as constituted upon such annexation or division, for the first 4 years of their existence. The total difference payment shall be allocated between or among the annexing or resulting districts in the same ratio as the pupil enrollment from that portion of the annexed or divided district or districts which is annexed to or included in each such annexing or resulting district bears to the total pupil enrollment from the entire annexed or divided district or districts, as such pupil enrollment is determined for the school year last ending prior to the date when the change of boundaries attributable to the annexation or division becomes effective for all purposes. The amount of the total difference payment and the amount thereof to be allocated to the annexing or resulting districts shall be computed by the State Board of Education on the basis of pupil enrollment and other data which shall be certified to the State Board of Education, on forms which it shall provide for that purpose, by the regional superintendent of schools for each educational service region in which the annexing and annexed districts, or resulting and divided districts are located.

(3.5) Claims for financial assistance under this subsection (I) shall not be recomputed except as expressly provided under this Section.

(4) Any supplementary payment made under this subsection (I) shall be treated as separate from all other payments made pursuant to this Section.

(J) Supplementary Grants in Aid.

(1) Notwithstanding any other provisions of this Section, the amount of the aggregate general State aid in combination with supplemental general State aid under this Section for which each school district is eligible shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-98 school year, pursuant to the provisions of that Section as it was then in effect. If a school district qualifies to receive a supplementary payment made under this subsection (J), the amount of the aggregate general State aid in combination with supplemental general State aid under this Section which that district is eligible to receive for each school year shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-98 school year, pursuant to the provisions of that Section as it was then in effect.
(2) If, as provided in paragraph (1) of this subsection (J), a school district is to receive aggregate general State aid in combination with supplemental general State aid under this Section for the 1998-99 school year and any subsequent school year that in any such school year is less than the amount of the aggregate general State aid entitlement that the district received for the 1997-98 school year, the school district shall also receive, from a separate appropriation made for purposes of this subsection (J), a supplementary payment that is equal to the amount of the difference in the aggregate State aid figures as described in paragraph (1).

(3) (Blank).

(K) Grants to Laboratory and Alternative Schools.

In calculating the amount to be paid to the governing board of a public university that operates a laboratory school under this Section or to any alternative school that is operated by a regional superintendent of schools, the State Board of Education shall require by rule such reporting requirements as it deems necessary.

As used in this Section, "laboratory school" means a public school which is created and operated by a public university and approved by the State Board of Education. The governing board of a public university which receives funds from the State Board under this subsection (K) may not increase the number of students enrolled in its laboratory school from a single district, if that district is already sending 50 or more students, except under a mutual agreement between the school board of a student's district of residence and the university which operates the laboratory school. A laboratory school may not have more than 1,000 students, excluding students with disabilities in a special education program.

As used in this Section, "alternative school" means a public school which is created and operated by a Regional Superintendent of Schools and approved by the State Board of Education. Such alternative schools may offer courses of instruction for which credit is given in regular school programs, courses to prepare students for the high school equivalency testing program or vocational and occupational training. A regional superintendent of schools may contract with a school district or a public community college district to operate an alternative school. An alternative school serving more than one educational service region may be established by the regional superintendents of schools of the affected educational service regions. An alternative school serving more than one
educational service region may be operated under such terms as the regional superintendents of schools of those educational service regions may agree.

Each laboratory and alternative school shall file, on forms provided by the State Superintendent of Education, an annual State aid claim which states the Average Daily Attendance of the school's students by month. The best 3 months' Average Daily Attendance shall be computed for each school. The general State aid entitlement shall be computed by multiplying the applicable Average Daily Attendance by the Foundation Level as determined under this Section.

(L) Payments, Additional Grants in Aid and Other Requirements.

(1) For a school district operating under the financial supervision of an Authority created under Article 34A, the general State aid otherwise payable to that district under this Section, but not the supplemental general State aid, shall be reduced by an amount equal to the budget for the operations of the Authority as certified by the Authority to the State Board of Education, and an amount equal to such reduction shall be paid to the Authority created for such district for its operating expenses in the manner provided in Section 18-11. The remainder of general State school aid for any such district shall be paid in accordance with Article 34A when that Article provides for a disposition other than that provided by this Article.

(2) (Blank).

(3) Summer school. Summer school payments shall be made as provided in Section 18-4.3.

(M) Education Funding Advisory Board.

The Education Funding Advisory Board, hereinafter in this subsection (M) referred to as the "Board", is hereby created. The Board shall consist of 5 members who are appointed by the Governor, by and with the advice and consent of the Senate. The members appointed shall include representatives of education, business, and the general public. One of the members so appointed shall be designated by the Governor at the time the appointment is made as the chairperson of the Board. The initial members of the Board may be appointed any time after the effective date of this amendatory Act of 1997. The regular term of each member of the Board shall be for 4 years from the third Monday of January of the year in which the term of the member's appointment is to commence, except that of the 5 initial members appointed to serve on the Board, the member who is appointed as the chairperson shall serve for a term that commences on the date of his or her appointment and expires on the third Monday of

AN ACT concerning transportation.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Illinois Vehicle Code is amended by changing Section 15-301 and by adding Section 15-308.3 as follows:
(625 ILCS 5/15-301) (from Ch. 95 1/2, par. 15-301)
Sec. 15-301. Permits for excess size and weight.
(a) The Department with respect to highways under its jurisdiction and local authorities with respect to highways under their jurisdiction may, in their discretion, upon application and good cause being shown therefor, issue a special permit authorizing the applicant to operate or move a vehicle or combination of vehicles of a size or weight of vehicle or load exceeding the maximum specified in this Act or otherwise not in conformity with this Act upon any highway under the jurisdiction of the party granting such permit and for the maintenance of which the party is responsible. Applications and permits other than those in written or printed form may only be accepted from and issued to the company or individual making the movement. Except for an application to move directly across a highway, it shall be the duty of the applicant to establish in the application that the load to be moved by such vehicle or combination is composed of a single nondivisible object that cannot reasonably be dismantled or disassembled. For the purpose of over length movements, more than one object may be carried side by side as long as the height, width, and weight laws are not exceeded and the cause for the over length is not due to multiple objects. For the purpose of over height movements, more than one object may be carried as long as the cause for the over height is not due to multiple objects and the length, width, and weight laws are not exceeded. For the purpose of an over width movement, more than one object may be carried as long as the cause for the over width is not due to multiple objects and length, height, and weight laws are not exceeded. No state or local agency shall authorize the issuance of excess size or weight permits for vehicles and loads that are divisible and that can be carried,
when divided, within the existing size or weight maximums specified in this Chapter. Any excess size or weight permit issued in violation of the provisions of this Section shall be void at issue and any movement made thereunder shall not be authorized under the terms of the void permit. In any prosecution for a violation of this Chapter when the authorization of an excess size or weight permit is at issue, it is the burden of the defendant to establish that the permit was valid because the load to be moved could not reasonably be dismantled or disassembled, or was otherwise nondivisible.

(b) The application for any such permit shall: (1) state whether such permit is requested for a single trip or for limited continuous operation; (2) state if the applicant is an authorized carrier under the Illinois Motor Carrier of Property Law, if so, his certificate, registration or permit number issued by the Illinois Commerce Commission; (3) specifically describe and identify the vehicle or vehicles and load to be operated or moved except that for vehicles or vehicle combinations registered by the Department as provided in Section 15-319 of this Chapter, only the Illinois Department of Transportation's (IDT) registration number or classification need be given; (4) state the routing requested including the points of origin and destination, and may identify and include a request for routing to the nearest certified scale in accordance with the Department's rules and regulations, provided the applicant has approval to travel on local roads; and (5) state if the vehicles or loads are being transported for hire. No permits for the movement of a vehicle or load for hire shall be issued to any applicant who is required under the Illinois Motor Carrier of Property Law to have a certificate, registration or permit and does not have such certificate, registration or permit.

(c) The Department or local authority when not inconsistent with traffic safety is authorized to issue or withhold such permit at its discretion; or, if such permit is issued at its discretion to prescribe the route or routes to be traveled, to limit the number of trips, to establish seasonal or other time limitations within which the vehicles described may be operated on the highways indicated, or otherwise to limit or prescribe conditions of operations of such vehicle or vehicles, when necessary to assure against undue damage to the road foundations, surfaces or structures, and may require such undertaking or other security as may be deemed necessary to compensate for any injury to any roadway or road structure. The Department shall maintain a daily record of each permit

issued along with the fee and the stipulated dimensions, weights, conditions and restrictions authorized and this record shall be presumed correct in any case of questions or dispute. The Department shall install an automatic device for recording applications received and permits issued by telephone. In making application by telephone, the Department and applicant waive all objections to the recording of the conversation.

(d) The Department shall, upon application in writing from any local authority, issue an annual permit authorizing the local authority to move oversize highway construction, transportation, utility and maintenance equipment over roads under the jurisdiction of the Department. The permit shall be applicable only to equipment and vehicles owned by or registered in the name of the local authority, and no fee shall be charged for the issuance of such permits.

(e) As an exception to paragraph (a) of this Section, the Department and local authorities, with respect to highways under their respective jurisdictions, in their discretion and upon application in writing may issue a special permit for limited continuous operation, authorizing the applicant to move loads of sweet corn, soybeans, corn, wheat, milo, other small grains and ensilage during the harvest season only on a 2 axle single vehicle registered by the Secretary of State with axle loads not to exceed 35% above those provided in Section 15-111. Permits may be issued for a period not to exceed 40 days and moves may be made of a distance not to exceed 25 miles from a field to a specified processing plant over any highway except the National System of Interstate and Defense Highways. All such vehicles shall be operated in the daytime except when weather or crop conditions require emergency operation at night, but with respect to such night operation, every such vehicle with load shall be equipped with flashing amber lights as specified under Section 12-215. Upon a declaration by the Governor that an emergency harvest situation exists, a special permit issued by the Department under this Section shall not be required from September 1 through December 31 during harvest season emergencies, provided that the weight does not exceed 20% above the limits provided in Section 15-111. All other restrictions that apply to permits issued under this Section shall apply during the declared time period. With respect to highways under the jurisdiction of local authorities, the local authorities may, at their discretion, waive special permit requirements during harvest season emergencies. This permit exemption shall apply to all vehicles eligible to obtain permits under this Section, including commercial vehicles in use during the declared time period.

New matter indicated by italics - deletions by strikeout.
(f) The form and content of the permit shall be determined by the Department with respect to highways under its jurisdiction and by local authorities with respect to highways under their jurisdiction. Every permit shall be in written form and carried in the vehicle or combination of vehicles to which it refers and shall be open to inspection by any police officer or authorized agent of any authority granting the permit and no person shall violate any of the terms or conditions of such special permit. Violation of the terms and conditions of the permit shall not be deemed a revocation of the permit; however, any vehicle and load found to be off the route prescribed in the permit shall be held to be operating without a permit. Any off route vehicle and load shall be required to obtain a new permit or permits, as necessary, to authorize the movement back onto the original permit routing. No rule or regulation, nor anything herein shall be construed to authorize any police officer, court, or authorized agent of any authority granting the permit to remove the permit from the possession of the permittee unless the permittee is charged with a fraudulent permit violation as provided in paragraph (i). However, upon arrest for an offense of violation of permit, operating without a permit when the vehicle is off route, or any size or weight offense under this Chapter when the permittee plans to raise the issuance of the permit as a defense, the permittee, or his agent, must produce the permit at any court hearing concerning the alleged offense.

If the permit designates and includes a routing to a certified scale, the permittee, while en route to the designated scale, shall be deemed in compliance with the weight provisions of the permit provided the axle or gross weights do not exceed any of the permitted limits by more than the following amounts:

- Single axle: 2000 pounds
- Tandem axle: 3000 pounds
- Gross: 5000 pounds

(g) The Department is authorized to adopt, amend, and to make available to interested persons a policy concerning reasonable rules, limitations and conditions or provisions of operation upon highways under its jurisdiction in addition to those contained in this Section for the movement by special permit of vehicles, combinations, or loads which cannot reasonably be dismantled or disassembled, including manufactured and modular home sections and portions thereof. All rules, limitations and conditions or provisions adopted in the policy shall have due regard for the safety of the traveling public and the protection of the highway system and

shall have been promulgated in conformity with the provisions of the Illinois Administrative Procedure Act. The requirements of the policy for flagmen and escort vehicles shall be the same for all moves of comparable size and weight. When escort vehicles are required, they shall meet the following requirements:

(1) All operators shall be 18 years of age or over and properly licensed to operate the vehicle.

(2) Vehicles escorting oversized loads more than 12-feet wide must be equipped with a rotating or flashing amber light mounted on top as specified under Section 12-215.

The Department shall establish reasonable rules and regulations regarding liability insurance or self insurance for vehicles with oversized loads promulgated under The Illinois Administrative Procedure Act. Police vehicles may be required for escort under circumstances as required by rules and regulations of the Department.

(h) Violation of any rule, limitation or condition or provision of any permit issued in accordance with the provisions of this Section shall not render the entire permit null and void but the violator shall be deemed guilty of violation of permit and guilty of exceeding any size, weight or load limitations in excess of those authorized by the permit. The prescribed route or routes on the permit are not mere rules, limitations, conditions, or provisions of the permit, but are also the sole extent of the authorization granted by the permit. If a vehicle and load are found to be off the route or routes prescribed by any permit authorizing movement, the vehicle and load are operating without a permit. Any off route movement shall be subject to the size and weight maximums, under the applicable provisions of this Chapter, as determined by the type or class highway upon which the vehicle and load are being operated.

(i) Whenever any vehicle is operated or movement made under a fraudulent permit the permit shall be void, and the person, firm, or corporation to whom such permit was granted, the driver of such vehicle in addition to the person who issued such permit and any accessory, shall be guilty of fraud and either one or all persons may be prosecuted for such violation. Any person, firm, or corporation committing such violation shall be guilty of a Class 4 felony and the Department shall not issue permits to the person, firm or corporation convicted of such violation for a period of one year after the date of conviction. Penalties for violations of this Section shall be in addition to any penalties imposed for violation of other Sections of this Act.
(j) Whenever any vehicle is operated or movement made in violation of a permit issued in accordance with this Section, the person to whom such permit was granted, or the driver of such vehicle, is guilty of such violation and either, but not both, persons may be prosecuted for such violation as stated in this subsection (j). Any person, firm or corporation convicted of such violation shall be guilty of a petty offense and shall be fined for the first offense, not less than $50 nor more than $200 and, for the second offense by the same person, firm or corporation within a period of one year, not less than $200 nor more than $300 and, for the third offense by the same person, firm or corporation within a period of one year after the date of the first offense, not less than $300 nor more than $500 and the Department shall not issue permits to the person, firm or corporation convicted of a third offense during a period of one year after the date of conviction for such third offense.

(k) Whenever any vehicle is operated on local roads under permits for excess width or length issued by local authorities, such vehicle may be moved upon a State highway for a distance not to exceed one-half mile without a permit for the purpose of crossing the State highway.

(l) Notwithstanding any other provision of this Section, the Department, with respect to highways under its jurisdiction, and local authorities, with respect to highways under their jurisdiction, may at their discretion authorize the movement of a vehicle in violation of any size or weight requirement, or both, that would not ordinarily be eligible for a permit, when there is a showing of extreme necessity that the vehicle and load should be moved without unnecessary delay.

For the purpose of this subsection, showing of extreme necessity shall be limited to the following: shipments of livestock, hazardous materials, liquid concrete being hauled in a mobile cement mixer, or hot asphalt.

(m) Penalties for violations of this Section shall be in addition to any penalties imposed for violating any other Section of this Code.

(n) The Department with respect to highways under its jurisdiction and local authorities with respect to highways under their jurisdiction, in their discretion and upon application in writing, may issue a special permit for continuous limited operation, authorizing the applicant to operate a tow-truck that exceeds the weight limits provided for in subsection (d) of Section 15-111, provided:

(1) no rear single axle of the tow-truck exceeds 26,000 pounds;

New matter indicated by italics - deletions by strikeout.
(2) no rear tandem axle of the tow-truck exceeds 50,000 pounds;

(4) the tow-truck prior to hookup does not exceed the weight restrictions imposed by this Chapter 15;
(5) during the tow operation the tow-truck does not violate any weight restriction sign;
(6) the tow-truck is equipped with flashing, rotating, or oscillating amber lights, visible for at least 500 feet in all directions;
(7) the tow-truck is specifically designed and licensed as a tow-truck;
(8) the tow-truck has a gross vehicle weight rating of sufficient capacity to safely handle the load;
(9) the tow-truck is equipped with air brakes;
(10) the tow-truck is capable of utilizing the lighting and braking systems of the disabled vehicle or combination of vehicles;
(11) the tow distance of the tow does not exceed 50 miles from the point of disablement to a place of repair or safekeeping;
(12) the permit issued to the tow-truck is carried in the tow-truck and exhibited on demand by a police officer; and
(13) the movement shall be valid only on state routes approved by the Department.

Nothing contained in this Act shall prevent the Director from publishing or making available to the public the names and addresses of persons filing returns under this Act, or from publishing or making available reasonable statistics concerning the operation of the tax wherein the contents of returns are grouped into aggregates in such a way that the information contained in any individual return shall not be disclosed.

(c) Governmental agencies. The Director may make available to the Secretary of the Treasury of the United States or his delegate, or the proper officer or his delegate of any other state imposing a tax upon or measured by income, for exclusively official purposes, information received by the Department in the administration of this Act, but such permission shall be granted only if the United States or such other state, as the case may be, grants the Department substantially similar privileges. The Director may exchange information with the Illinois Department of Public Aid and the Department of Human Services (acting as successor to the Department of Public Aid under the Department of Human Services Act) for the purpose of verifying sources and amounts of income and for other purposes directly connected with the administration of this Act and the Illinois Public Aid Code. The Director may exchange information with the Director of the Department of Employment Security for the purpose of verifying sources and amounts of income and for other purposes directly connected with the administration of this Act and Acts administered by the Department of Employment Security. The Director may make available to the Illinois Workers' Compensation Industrial Commission information regarding employers for the purpose of verifying the insurance coverage required under the Workers' Compensation Act and Workers' Occupational Diseases Act.

The Director may make available to any State agency, including the Illinois Supreme Court, which licenses persons to engage in any occupation, information that a person licensed by such agency has failed to file returns under this Act or pay the tax, penalty and interest shown therein, or has failed to pay any final assessment of tax, penalty or interest due under this Act. The Director may make available to any State agency, including the Illinois Supreme Court, information regarding whether a bidder, contractor, or an affiliate of a bidder or contractor has failed to file returns under this Act or pay the tax, penalty, and interest shown therein,
or has failed to pay any final assessment of tax, penalty, or interest due under this Act, for the limited purpose of enforcing bidder and contractor certifications. For purposes of this Section, the term "affiliate" means any entity that (1) directly, indirectly, or constructively controls another entity, (2) is directly, indirectly, or constructively controlled by another entity, or (3) is subject to the control of a common entity. For purposes of this subsection (a), an entity controls another entity if it owns, directly or individually, more than 10% of the voting securities of that entity. As used in this subsection (a), the term "voting security" means a security that (1) confers upon the holder the right to vote for the election of members of the board of directors or similar governing body of the business or (2) is convertible into, or entitles the holder to receive upon its exercise, a security that confers such a right to vote. A general partnership interest is a voting security.

The Director may make available to any State agency, including the Illinois Supreme Court, units of local government, and school districts, information regarding whether a bidder or contractor is an affiliate of a person who is not collecting and remitting Illinois Use taxes, for the limited purpose of enforcing bidder and contractor certifications.

The Director may also make available to the Secretary of State information that a corporation which has been issued a certificate of incorporation by the Secretary of State has failed to file returns under this Act or pay the tax, penalty and interest shown therein, or has failed to pay any final assessment of tax, penalty or interest due under this Act. An assessment is final when all proceedings in court for review of such assessment have terminated or the time for the taking thereof has expired without such proceedings being instituted. For taxable years ending on or after December 31, 1987, the Director may make available to the Director or principal officer of any Department of the State of Illinois, information that a person employed by such Department has failed to file returns under this Act or pay the tax, penalty and interest shown therein. For purposes of this paragraph, the word "Department" shall have the same meaning as provided in Section 3 of the State Employees Group Insurance Act of 1971.

(d) The Director shall make available for public inspection in the Department's principal office and for publication, at cost, administrative decisions issued on or after January 1, 1995. These decisions are to be made available in a manner so that the following taxpayer information is not disclosed:

New matter indicated by italics - deletions by strikeout.

(2) At the sole discretion of the Director, trade secrets or other confidential information identified as such by the taxpayer, no later than 30 days after receipt of an administrative decision, by such means as the Department shall provide by rule.

The Director shall determine the appropriate extent of the deletions allowed in paragraph (2). In the event the taxpayer does not submit deletions, the Director shall make only the deletions specified in paragraph (1).

The Director shall make available for public inspection and publication an administrative decision within 180 days after the issuance of the administrative decision. (e) Nothing contained in this Act shall prevent the Director from divulging information to any person pursuant to a request or authorization made by the taxpayer, by an authorized representative of the taxpayer, or, in the case of information related to a joint return, by the spouse filing the joint return with the taxpayer.

Section 40. The Illinois Pension Code is amended by changing Sections 9-159, 12-141, 13-309, 14-123, 14-123.1, 14-128, 14-129, 16-149.1, and 17-117.1 as follows:

(40 ILCS 5/9-159)(from Ch. 108 1/2, par. 9-159)

Sec. 9-159. When disability benefit not payable. (a) If an employee receiving duty disability or ordinary disability benefit refuses to submit to examination by a physician appointed by the board, he shall have no further right to receive the benefit.

(b) Disability benefit shall not be paid for any time for which the employee receives any part of his salary, or while employed by any public body supported in whole or in part by taxation.

(c) If an employee who shall be disabled, or his widow or children receive any compensation or payment from the county for specific loss, disability or death under the Workers' Compensation Act or Workers' Occupational Diseases Act, the disability benefit or any annuity for him or his widow or children payable as the result of such specific loss, disability or death shall be reduced by any amount so received or recoverable. If the

amount received as such compensation or payment exceeds such disability benefit or other annuity payable as the result of such specific loss, disability or death, no payment of disability benefit or other annuity shall be made until the accumulative amounts thereof equals the amount of such compensation or payment. In such calculation no interest shall be considered. In adjusting the amount of any annuity in relation to compensation received or recoverable during any period of time, the annuity to the widow shall be first reduced.

If any employee, or widow shall be denied compensation by such county under the aforesaid Acts, or if such county shall fail to act, such denial or failure to act shall not be considered final until the claim has been adjudicated by the Illinois Workers' Compensation Industrial Commission of the State of Illinois.

Sec. 12-141. Workers' compensation offset. If an employee or surviving spouse and minor children receive any compensation or payment for specific loss, disability or death under or by virtue of the Workers' Compensation Act or the Workers' Occupational Diseases Act on account of disability or death resulting from the performance of an act of duty, the benefit payable to them under this Article shall be reduced by the amount of such compensation. If the amount received as compensation exceeds such benefits, no payment shall be made to the employee or surviving spouse until the expiration of the period during which the benefit payments, accumulated at the rates herein stated, becomes equal to the sum received as compensation; provided, that the commutation of compensation to a lump sum basis as provided by the aforesaid Acts shall not increase the benefits payable by the fund but such benefits shall be adjusted to the amount of the compensation awarded under the aforesaid Acts prior to any commutation of such compensation. No interest shall be considered in these calculations.

If any employee or surviving spouse and children are denied compensation by the park or city under those Acts, or if the park or city fails to act, the denial or failure to act shall not be considered final until the claim has been adjudicated by the Illinois Workers' Compensation Industrial Commission of the State of Illinois.

Sec. 13-309. Duty disability benefit.

New matter indicated by italics - deletions by strikeout.
(a) Any employee who becomes disabled, which disability is the result of an injury or illness compensable under the Illinois Workers' Compensation Act or the Illinois Workers' Occupational Diseases Act, is entitled to a duty disability benefit during the period of disability for which the employee does not receive any part of salary, or any part of a retirement annuity under this Article; except that in the case of an employee who first enters service on or after the effective date of this amendatory Act of 1997, a duty disability benefit is not payable for the first 3 days of disability that would otherwise be payable under this Section if the disability does not continue for at least 11 additional days. This benefit shall be 75% of salary at the date disability begins. However, if the disability in any measure resulted from any physical defect or disease which existed at the time such injury was sustained or such illness commenced, the duty disability benefit shall be 50% of salary.

Unless the employer acknowledges that the disability is a result of injury or illness compensable under the Workers' Compensation Act or the Workers' Occupational Diseases Act, the duty disability benefit shall not be payable until the issue of compensability under those Acts is finally adjudicated. The period of disability shall be as determined by the Illinois Workers' Compensation Industrial Commission or acknowledged by the employer.

The first payment shall be made not later than one month after the benefit is granted, and subsequent payments shall be made at least monthly. The Board shall by rule prescribe for the payment of such benefits on the basis of the amount of salary lost during the period of disability.

(b) The benefit shall be allowed only if the following requirements are met by the employee:

1. Application is made to the Board within 90 days from the date disability begins;
2. A medical report is submitted by at least one licensed and practicing physician as part of the employee's application; and
3. The employee is examined by at least one licensed and practicing physician appointed by the Board and found to be in a disabled physical condition, and shall be re-examined at least annually thereafter during the continuance of disability. The employee need not be re-examined by a licensed and practicing physician if the attorney for the district certifies in writing that the

employee is entitled to receive compensation under the Workers' Compensation Act or the Workers' Occupational Diseases Act.

(c) The benefit shall terminate when:

(1) The employee returns to work or receives a retirement annuity paid wholly or in part under this Article;

(2) The disability ceases;

(3) The employee attains age 65, but if the employee becomes disabled at age 60 or later, benefits may be extended for a period of no more than 5 years after disablement;

(4) The employee (i) refuses to submit to reasonable examinations by physicians or other health professionals appointed by the Board, (ii) fails or refuses to consent to and sign an authorization allowing the Board to receive copies of or to examine the employee's medical and hospital records, or (iii) fails or refuses to provide complete information regarding any other employment for compensation he or she has received since becoming disabled; or

(5) The employee willfully and continuously refuses to follow medical advice and treatment to enable the employee to return to work. However this provision does not apply to an employee who relies in good faith on treatment by prayer through spiritual means alone in accordance with the tenets and practice of a recognized church or religious denomination, by a duly accredited practitioner thereof.

In the case of a duty disability recipient who returns to work, the employee must make application to the Retirement Board within 2 years from the date the employee last received duty disability benefits in order to become again entitled to duty disability benefits based on the injury for which a duty disability benefit was theretofore paid.

the application for an occupational disability, or 12 months after the occurrence of disablement if an occupational disease; and

(b) proper proof is received from one or more physicians designated by the Board certifying that the member is mentally or physically incapacitated.

The benefit shall be 75% of the member's final average compensation at date of disability and shall be payable until the first of the following dates occurs:

(1) the date on which disability ceases;
(2) the date on which the member engages in gainful employment;
(3) the end of the month in which the member attains age 65, in the case of benefits commencing prior to attainment of age 60;
(4) the end of the month following the fifth anniversary of the effective date of the benefit, or of the temporary disability benefit if one was received, in the case of benefits commencing on or after attainment of age 60; or
(5) the end of the month in which the death of the member occurs.

At the end of the month in which the benefits cease as prescribed in paragraphs (3) or (4) above, if the member is still disabled, he shall become entitled to a retirement annuity and the minimum period of service prescribed for the receipt of such annuity shall be waived.

In the event that a temporary disability benefit has been received, the benefit paid under this Section shall be subject to adjustment by the Board under Section 14-123.1.

The Board shall prescribe rules and regulations governing the filing of claims for occupational disability benefits, and the investigation, control and supervision of such claims.

Sec. 14-123.1. Temporary disability benefit.
(a) A member who has at least 18 months of creditable service and who becomes physically or mentally incapacitated to perform the duties of his position shall receive a temporary disability benefit, provided that:

(1) the agency responsible for determining the liability of the State (i) has formally denied all employer-paid temporary total disability benefits under the Workers' Compensation Act or the Workers' Occupational Diseases Act and an appeal of that denial is pending before the Illinois Workers' Compensation Industrial Commission of Illinois, or (ii) has granted and then terminated for

any reason an employer-paid temporary total disability benefit and
the member has filed a petition for emergency hearing under
Section 19(b-1) of the Workers' Compensation Act or Section
19(b-1) of the Workers' Occupational Diseases Act; and
(2) application is made not later than (i) 12 months after the
date that the disability results in loss of pay, (ii) 12 months after the
date the agency responsible for determining the liability of the
State under the Workers' Compensation Act or Workers'
Occupational Diseases Act has formally denied or terminated the
employer-paid temporary total disability benefit, or (iii) in the case
of termination of an employer-paid temporary total disability
benefit, 12 months after the effective date of this amendatory Act
of 1995, whichever occurs last; and
(3) proper proof is received from one or more physicians
designated by the Board certifying that the member is mentally or
physically incapacitated.
(b) In the case of a denial of benefits, the temporary disability
benefit shall begin to accrue on the 31st day of absence from work on
account of disability, but the benefit shall not become actually payable to
the member until the expiration of 31 days from the day upon which the
member last received or had a right to receive any compensation.

In the case of termination of an employer-paid temporary total
disability benefit, the temporary disability benefit under this Section shall
be calculated from the day following the date of termination of the
employer-paid benefit or the 31st day of absence from work on account of
disability, whichever is later, but shall not become payable to the member
until (i) the member's right to an employer-paid temporary total disability
benefit is denied as a result of the emergency hearing held under Section
19(b-1) of the Workers' Compensation Act or Section 19(b-1) of the
Workers' Occupational Diseases Act or (ii) the expiration of 150 days
from the date of termination of the employer-paid benefit, whichever
occurs first. If a terminated employer-paid temporary total disability
benefit is resumed or replaced with another employer-paid disability
benefit and the resumed or replacement benefit is later terminated and the
member again files a petition for emergency hearing under Section 19(b-1)
of the Workers' Compensation Act or Section 19(b-1) of the Workers'
Occupational Diseases Act, the member may again become eligible to
receive a temporary disability benefit under this Section. The waiting
period before the temporary disability benefit under this Section becomes payable applies each time that the benefit is reinstated.

The benefit shall continue to accrue until the first of the following events occurs:

(1) the disability ceases;
(2) the member engages in gainful employment;
(3) the end of the month in which the member attains age 65, in the case of benefits commencing prior to attainment of age 60;
(4) the end of the month following the fifth anniversary of the effective date of the benefit in the case of benefits commencing on or after attainment of age 60;
(5) the end of the month in which the death of the member occurs;
(6) the end of the month in which the aggregate period for which temporary disability payments have been made becomes equal to 1/2 of the member's total period of creditable service, not including the time for which he has received a temporary disability benefit or nonoccupational disability benefit; for purposes of this item (6) only, in the case of a member to whom Section 14-108.2a or 14-108.2b applies and who, at the time disability commences, is performing services for the Illinois Department of Public Health or the Department of State Police relating to the transferred functions referred to in that Section and has less than 10 years of creditable service under this Article, the member's "total period of creditable service"shall be augmented by an amount equal to (i) one half of the member's period of creditable service in the Fund established under Article 8 (excluding any creditable service over 20 years), minus (ii) the amount of the member's creditable service under this Article;
(7) a payment is made on the member's claim pursuant to a determination made by the agency responsible for determining the liability of the State under the Workers' Compensation Act or the Workers' Occupational Diseases Act;
(8) a final determination is made on the member's claim by the Illinois Workers' Compensation Industrial Commission of Illinois.

(c) The temporary disability benefit shall be 50% of the member's final average compensation at the date of disability.
If a covered employee is eligible under the Social Security Act for a disability benefit before attaining age 65, or a retirement benefit on or after attaining age 65, then the amount of the member's temporary disability benefit shall be reduced by the amount of primary benefit the member is eligible to receive under the Social Security Act, whether or not such eligibility came about as the result of service as a covered employee under this Article. The Board may make such reduction pending a determination of eligibility if it appears that the employee may be so eligible, and shall make an appropriate adjustment if necessary after such determination has been made. The amount of temporary disability benefit payable under this Article shall not be reduced by reason of any increase in benefits payable under the Social Security Act which occurs after the reduction required by this paragraph has been applied.

(d) The temporary disability benefit provided under this Section is intended as a temporary payment of occupational or nonoccupational disability benefit, whichever is appropriate, in cases in which the occupational or nonoccupational character of the disability has not been finally determined.

When an employer-paid disability benefit is paid or resumed, the Board shall calculate the benefit that is payable under Section 14-123 and shall deduct from the benefit payable under Section 14-123 the amounts already paid under this Section; those amounts shall then be treated as if they had been paid under Section 14-123.

When a final determination of the character of the disability has been made by the Illinois Workers' Compensation Industrial Commission of Illinois, or by settlement between the parties to the disputed claim, the Board shall calculate the benefit that is payable under Section 14-123 or 14-124, whichever is applicable, and shall deduct from such benefit the amounts already paid under this Section; such amounts shall then be treated as if they had been paid under such Section 14-123 or 14-124.

(e) Any excess benefits paid under this Section shall be subject to recovery by the System from benefits payable under the Workers' Compensation Act or the Workers' Occupational Diseases Act or from third parties as provided in Section 14-129, or from any other benefits payable either to the member or on his behalf under this Article. A member who accepts benefits under this Section acknowledges and authorizes these recovery rights of the System.

(f) Service credits under the State Universities Retirement System and the Teachers' Retirement System of the State of Illinois shall be
considered for the purposes of determining temporary disability benefit eligibility under this Section, and for determining the total period of time for which such benefits are payable.

(g) The Board shall prescribe rules and regulations governing the filing of claims for temporary disability benefits, and the investigation, control and supervision of such claims.

(h) References in this Section to employer-paid benefits include benefits paid for by the State, either directly or through a program of insurance or self-insurance, whether paid through the member's own department or through some other department or entity; but the term does not include benefits paid by the System under this Article.

(40 ILCS 5/14-128)(from Ch. 108 1/2, par. 14-128)

Sec. 14-128. Occupational death benefit. An occupational death benefit is provided for a member of the System whose death, prior to retirement, is the proximate result of bodily injuries sustained or a hazard undergone while in the performance and within the scope of the member's duties.

(a) Conditions for payment.

Exclusive of the lump sum payment provided for herein, all annuities under this Section shall accrue and be payable for complete calendar months, beginning on the first day of the month next following the month in which the initiating event occurs and ending on the last day of the month in which the terminating event occurs.

The following named survivors of the member may be eligible for an annuity under this Section:

(i) The member's spouse.

(ii) An unmarried child of the member under age 18 (under age 22 if a full-time student); an unmarried stepchild under age 18 (under age 22 if a full-time student) who has been such for at least one year at the date of the member's death; an unmarried adopted child under age 18 (under age 22 if a full-time student) if the adoption proceedings were initiated at least one year prior to the death of the member; and an unmarried child over age 18 who is dependent by reason of a physical or mental disability, for so long as such physical or mental disability continues. For the purposes of this Section disability means inability to engage in any substantial gainful activity by reason of any medically determinable physical

or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.

(iii) If no spouse or eligible children survive: a dependent parent of the member; a dependent step-parent by a marriage contracted before the member attained age 18; or a dependent adopting parent by whom the member was adopted before he or she attained age 18.

The term "dependent" relating to an occupational death benefit means a survivor of the member who was receiving from the member at the date of the member's death at least 1/2 of the support for maintenance including board, lodging, medical care and like living costs.

Payment of the annuity shall continue until the occurrence of the following:

(1) remarriage before age 55 that occurs before the effective date of this amendatory Act of the 91st General Assembly or death, in the case of a surviving spouse;

(2) attainment of age 18 or termination of disability, death, or marriage, in the case of an eligible child;

(3) remarriage before age 55 or death, in the case of a dependent parent.

If none of the aforementioned beneficiaries is living at the date of death of the member, no occupational death benefit shall be payable, but the nonoccupational death benefit shall be payable as provided in this Article.

The change made to this subsection by this amendatory Act of the 91st General Assembly (pertaining to remarriage prior to age 55) applies without regard to whether the deceased member was in service on or after the effective date of this amendatory Act.

(b) Amount of benefit.

The member's accumulated contributions plus credited interest shall be payable in a lump sum to such person as the member has nominated by written direction, duly acknowledged and filed with the Board, or if no such nomination to the estate of the member. When an annuitant is re-employed by a Department, the accumulated contributions plus credited interest payable on the member's account shall, if the member has not previously elected a reversionary annuity, consist of the excess, if any, of the member's total accumulated contributions plus

New matter indicated by italics - deletions by strikeout.
credited interest for all creditable service over the total amount of all retirement annuity payments received by the member prior to death.

In addition to the foregoing payment, an annuity is provided for eligible survivors as follows:

(1) If the survivor is a spouse only, the annuity shall be 50% of the member's final average compensation.

(2) If the spouse has in his or her care an eligible child or children, the annuity shall be increased by an amount equal to 15% of the final average compensation on account of each such child, subject to a limitation on the combined annuities to a surviving spouse and children of 75% of final average compensation.

(3) If there is no surviving spouse, or if the surviving spouse dies or remarries while a child remains eligible, then each such child shall be entitled to an annuity of 15% of the deceased member's final average compensation, subject to a limitation of 50% of final average compensation to all such children.

(4) If there is no surviving spouse or eligible children, then an annuity shall be payable to the member's dependent parents, equal to 25% of final average compensation to each such beneficiary.

If any annuity payable under this Section is less than the corresponding survivors annuity, the beneficiary or beneficiaries of the annuity under this Section may elect to receive the survivors annuity and the nonoccupational death benefit provided for in this Article in lieu of the annuity provided under this Section.

(c) Occupational death claims pending adjudication by the Illinois Workers' Compensation Industrial Commission or a ruling by the agency responsible for determining the liability of the State under the "Workers' Compensation Act" or "Workers' Occupational Diseases Act" shall be payable under Sections 14-120 and 14-121 until a ruling or adjudication occurs, if the beneficiary or beneficiaries: (1) meet all conditions for payment as prescribed in this Article; and (2) execute an assignment of benefits payable as a result of adjudication by the Illinois Workers' Compensation Industrial Commission or a ruling by the agency responsible for determining the liability of the State under such Acts. The assignment shall be made to the System and shall be for an amount equal to the excess of benefits paid under Sections 14-120 and 14-121 over benefits payable as a result of adjudication of the workers' compensation claim computed from the date of death of the member.

New matter indicated by italics - deletions by strikeout.
(d) Every occupational death annuity payable under this Section shall be increased on each January 1 occurring on or after (i) January 1, 1990, or (ii) the first anniversary of the commencement of the annuity, whichever occurs later, by an amount equal to 3% of the current amount of the annuity, including any previous increases under this Article, without regard to whether the deceased member was in service on the effective date of this amendatory Act of 1991.

(40 ILCS 5/14-129)(from Ch. 108 1/2, par. 14-129)

Sec. 14-129. Determination of compensability - Offset - Subrogation. Except as provided in Section 14-128 of this Act with respect to occupational death claims, and except as provided in Section 14-123.1 for temporary disability benefits, before the board takes any action on an application for an occupational disability or occupational death benefit, adjudication by the Illinois Workers' Compensation Industrial Commission of Illinois or a ruling by the agency responsible for determining the liability of the State under the Workers' Compensation Act or the Workers' Occupational Diseases Act shall be had on a claim to establish that the disability or death was incurred while in the performance and within the scope of the member's duties, under the terms of the Illinois Workers' Compensation Act or the Workers' Occupational Diseases Act, whichever applies. The system shall make payment of an occupational disability or occupational death benefit only if the claim is found to be compensable under one or both of those Acts.

Any amounts provided for a member or his dependents under those Acts shall be applied for the period of time prescribed by such Acts for payments thereunder as an offset to any occupational disability or occupational death benefit or to a survivors annuity or annuities provided in this Article in such manner as may be prescribed by the rules of the board.

In those cases where the injury or death for which an occupational disability or death benefit is payable under this Article was caused under circumstances creating a legal liability for damages on the part of some person other than the employer, all of the rights and privileges, including the right to notice of suit brought against such other person and the right to commence or join in such suit, as given the employer, together with the conditions or obligations imposed under paragraph (b) of Section 5 of the "Workers' Compensation Act", are also given and granted to the System, to the end that the System created by this Article may be paid or

reimbursed for the amount of temporary disability, occupational disability or death benefit paid or to be paid by the System to the injured employee, or his personal representative in the event of death, including any contribution amounts credited to the account of the member under Section 14-127, out of any judgment, settlement, or payment for such injury or death obtained by such injured employee or his personal representative from such other person, or be paid or reimbursed for such amount paid or to be paid by the System to the surviving spouse or children of such employee by virtue of the injury or the death of such employee from such injury.

Sec. 16-149.1. Occupational disability benefit.

(a) A member who becomes totally and immediately incapacitated for duty as the proximate result of bodily injuries sustained or a hazard undergone while in the performance and within the scope of his or her duties, if such injuries or hazard were not the consequence of the member's willful negligence, shall receive an occupational disability benefit upon making proper application. If application is made more than 90 days subsequent to the later of the commencement of disability or the date eligibility for salary ceases, benefits shall begin to accrue from the date of application, but service credit and credit for contributions will be earned from the date of disability. The benefit is not payable to, and credit for service and contributions may not be earned under this Section by, a member who is receiving a benefit under Section 16-133, 16-149, or 16-149.2, or who is receiving salary as a teacher, or is employed in any capacity as a teacher by the employers included under this System or in an equivalent capacity in any other public or private school, college or university.

Proper proof of disability shall consist of: (1) a written certificate by at least 2 licensed and practicing physicians designated by the System, certifying that member is disabled and unable to perform assigned duties; (2) a written statement from the employer certifying that the member is disabled and not receiving a salary, and related information as to the cause and commencement of disability; and (3) a written statement from the member certifying that the member is not and has not been engaged in gainful employment.

Occupational disability benefits under this Section shall be payable only if (1) on the basis of a claim filed by the applicant with the Illinois
Workers' Compensation Industrial Commission of Illinois, it is determined by the Commission that the disability was incurred while in the performance and within the scope of assigned duties, under the terms of the Illinois Workers' Compensation or Occupational Diseases Act, whichever applies, and the claim is adjudicated as compensable by the Commission under either of the aforesaid Acts; or (2) on the basis of a claim filed by the applicant with an insurance carrier with which the employer of the applicant has a workers' compensation insurance policy, it is determined under the terms of the aforesaid policy that the disability was incurred while in the performance and within the scope of the member's assigned duties and the claim is approved as compensable.

(b) The occupational disability benefit shall be the greater of 60% of the member's contract salary rate at the time the disability benefit becomes payable or the member's annual contract rate on the date the disability commenced, and shall be payable monthly in equal installments. For part-time and substitute teachers after June 30, 1990, the benefit shall be the greater of the member's most recent annualized salary rate at the time the disability benefit becomes payable or the annualized salary rate or annual contract rate at the time the disability commenced.

Any amounts provided for a member or a member's dependents under the Illinois Workers' Compensation Act, the Illinois Occupational Diseases Act or a workers' compensation insurance policy provided by the employer shall be applied as an offset to any occupational benefit provided under this Section in such manner as may be prescribed by the board.

In addition to the above benefit, the member shall receive creditable service and credit for contributions that the member would have made in active employment during the period of disability. Creditable service and credit for contributions shall be calculated on the basis of the annual salary rate used in computing the benefit; however, such credit shall not be used in the determination of the period for which disability benefits are payable. A member who remains disabled after the termination of benefits due to age or the expiration of the maximum period for which benefits are payable shall be entitled to the retirement annuity provided under Section 16-133, notwithstanding that the member may not have the required minimum period of creditable service prescribed for such annuity.

(c) Effective January 1, 1988, the occupational disability benefit shall continue until the time one of the following first occurs: (1) disability ceases; (2) the member requests termination of the benefit; or (3) the

member is engaged or found to be able to engage in gainful employment. If the disability benefit is discontinued under item (3) but the member is subsequently found to be unable to be gainfully employed due to the disability which was the cause for his or her most recent incapacity to perform the duties of a teacher, the disability benefit will be resumed, upon notification of the System, as soon as the member is not eligible to receive salary.

(d) The board shall prescribe rules governing the filing, investigation, control, and supervision of disability claims. Costs incurred by a claimant in connection with completing a claim for disability benefits shall be paid by the claimant.

Sec. 17-117.1. Duty disability. A teacher who becomes wholly and presumably permanently incapacitated for duty while under age 65 as the proximate result of injuries sustained or a hazardous condition encountered in the performance and within the scope of his duties, if such injury or hazard was not the result of his own negligence, shall be entitled to a duty disability benefit, provided:

(1) application for the benefit is made to the Board not more than 6 months after a final settlement or an award from the Illinois Workers' Compensation Industrial Commission or within 6 months of the manifestation of an injury or illness that can be traced directly to an injury or illness for which a claim was filed with the Illinois Workers' Compensation Industrial Commission;

(2) certification is received from 2 or more physicians designated by the Board that the teacher is physically incapacitated for teaching service; and

(3) the teacher provides the Board with a copy of the notice of the occurrence that was filed with the Employer within the time provided by law.

The benefit shall be payable during disability and shall be 75% of the salary in effect at date of disability, payable until the teacher's attainment of age 65. At such time if disability still exists, the teacher shall become entitled to a service retirement pension. Creditable service shall accrue during the period the disability benefit is payable.

Before any action is taken by the Board on an application for a duty disability benefit, the teacher shall file a claim with the Illinois Workers' Compensation Industrial Commission to establish that the disability was
incurred while the teacher was acting within the scope of and in the course of his duties under the terms of the Workers' Compensation or Occupational Diseases Acts, whichever may be applicable. The benefit shall be payable after a finding by the Commission that the claim was compensable under either of the aforesaid Acts; but if such finding is appealed the benefit shall be payable only upon affirmance of the Commission's finding. (b)(1) Except as provided in subsection (b)(2) of this Section, beginning on July 1, 2004 and each year thereafter, the Director shall charge an annual Illinois Workers' Compensation Industrial Commission Operations Fund Surcharge from every company subject to subsection (a) of this Section equal to 1.5% of its direct written premium for insuring employers' liabilities arising under the Workers' Compensation Act or

The penalty hereinafter provided for in this paragraph shall not attach and shall not begin to run until the final determination of the order of the Commission.

(d) Upon a finding by the Commission, after reasonable notice and hearing, of the knowing and wilful failure or refusal of an employer to comply with any of the provisions of paragraph (a) of this Section or the failure or refusal of an employer, service or adjustment company, or an insurance carrier to comply with any order of the Illinois Workers' Compensation Industrial Commission pursuant to paragraph (c) of this Section disqualifying him or her to operate as a self insurer and requiring him or her to insure his or her liability, the Commission may assess a civil penalty of up to $500 per day for each day of such failure or refusal after the effective date of this amendatory Act of 1989. Upon the failure or refusal of any employer, service or adjustment company or insurance carrier to comply with the provisions of this Section and with the orders of the Commission under this Section, or the order of the court on review after final adjudication, the Commission may bring a civil action to recover the amount of the penalty in Cook County or in Sangamon County in which litigation the Commission shall be represented by the Attorney General. In no event shall a private self-insurer be assessed at one time in excess of .6% of the compensation paid by that private self-insurer during the previous calendar year for claims incurred as a self-insurer. Total assessments against it in any calendar year shall not exceed 1.2% of the compensation it has paid during the previous calendar year as a self-insurer for claims incurred. (a) As of the effective date of this amendatory Act of the 93rd General Assembly, each employer that self-insures its liabilities arising under this Act or Workers' Occupational Diseases Act shall pay a fee measured by the annual actual wages paid in this State of such an employer in the manner provided in this Section. Such proceeds shall be deposited in the Illinois Workers' Compensation Industrial Commission Operations Fund. If an employer survives or was formed by a merger, consolidation, reorganization, or reincorporation, the actual wages paid in this State of all employers party to the merger, consolidation, reorganization, or reincorporation shall, for purposes of determining the amount of the fee imposed by this Section, be regarded as those of the surviving or new employer.

(b) Beginning on the effective date of this amendatory Act of the 93rd General Assembly and on July 1 of each year thereafter, the Chairman shall charge and collect an annual Illinois Workers' Compensation Industrial Commission Operations Fund Fee from every employer subject to subsection (a) of this Section equal to 0.045% of its annual actual wages paid in this State as reported in each employer's annual self-insurance renewal filed for the previous year as required by Section 4 of this Act and Section 4 of the Workers' Occupational Diseases Act. employer has paid pursuant to this Act an Illinois Workers’ Compensation
Industrial Commission Operations Fund Fee in an amount in excess of the
amount legally collectable from the employer, the Chairman shall issue a
credit memorandum for an amount equal to the amount of such
overpayment. A credit memorandum may be applied for the 2-year period

The reports shall be made on forms and in the manner as prescribed by the Commission and shall contain such further information as the Commission shall deem necessary and require. The making of these reports releases the employer from making such reports to any other officer of the State and shall satisfy the reporting provisions as contained in the "Health and Safety Act" and "An Act in relation to safety inspections and education in industrial and commercial establishments and to repeal an Act therein named", approved July 18, 1955, as now or hereafter amended. The reports filed with the Commission pursuant to this Section shall be made available by the Commission to the Director of Labor or his representatives and to all other departments of the State of Illinois which shall require such information for the proper discharge of their official duties. (d) Every employer shall notify each injured employee who has been granted compensation under the provisions of Section 8 of this Act of his rights to rehabilitation services and advise him of the locations of available public rehabilitation centers and any other such services of which the employer has knowledge.

This penalty shall only apply to obligations of an employer to the Second Injury Fund or the Rate Adjustment Fund accruing after the effective date of this amendatory Act of 1989. All or part of such a penalty may be waived by the Commission for good cause shown.

Any obligations of an employer to the Second Injury Fund and Rate Adjustment Fund accruing prior to the effective date of this amendatory Act of 1989 shall be paid in full by such employer within 5 years of the effective date of this amendatory Act of 1989, with at least one-fifth of such obligation to be paid during each year following the effective date of this amendatory Act of 1989. If the Commission finds, following reasonable notice and hearing, that an employer has failed to make timely payment of any obligation accruing under the preceding sentence, the employer shall, in addition to all other payments required by this Section, be liable for a penalty equal to 20% of the overdue obligation or $2,500, whichever is greater, for each year or part thereof that obligation is overdue. All or part of such a penalty may be waived by the Commission for good cause shown.

The Chairman of the Illinois Workers' Compensation Industrial Commission shall, annually, furnish to the Director of the Department of Insurance a list of the amounts paid into the Second Injury Fund and the Rate Adjustment Fund by each insurance company on behalf of their insured employers. The Director shall verify to the Chairman that the amounts paid by each insurance company are accurate as best as the Director can determine from the records available to the Director. The Chairman shall verify that the amounts paid by each self-insurer are accurate as best as the Chairman can determine from records available to the Chairman. The Chairman may require each self-insurer to provide information concerning the total compensation payments made upon which contributions to the Second Injury Fund and the Rate Adjustment

Fund are predicated and any additional information establishing that such payments have been made into these funds. Any deficiencies in payments noted by the Director or Chairman shall be subject to the penalty provisions of this Act.

The State Treasurer, or his duly authorized representative, shall be named as a party to all proceedings in all cases involving claim for the loss of, or the permanent and complete loss of the use of one eye, one foot, one leg, one arm or one hand.

The State Treasurer or his duly authorized agent shall have the same rights as any other party to the proceeding, including the right to petition for review of any award. The reasonable expenses of litigation, such as medical examinations, testimony, and transcript of evidence, incurred by the State Treasurer or his duly authorized representative, shall be borne by the Second Injury Fund.

If the award is not paid within 30 days after the date the award has become final, the Commission shall proceed to take judgment thereon in its own name as is provided for other awards by paragraph (g) of Section 19 of this Act and take the necessary steps to collect the award.

Any person, corporation or organization who has paid or become liable for the payment of burial expenses of the deceased employee may in his or its own name institute proceedings before the Commission for the collection thereof.

For the purpose of administration, receipts and disbursements, the Special Fund provided for in paragraph (f) of this Section shall be administered jointly with the Special Fund provided for in Section 7, paragraph (f) of the Workers' Occupational Diseases Act.

(g) All compensation, except for burial expenses provided in this Section to be paid in case accident results in death, shall be paid in installments equal to the percentage of the average earnings as provided for in Section 8, paragraph (b) of this Act, at the same intervals at which the wages or earnings of the employees were paid. If this is not feasible, then the installments shall be paid weekly. Such compensation may be paid in a lump sum upon petition as provided in Section 9 of this Act. However, in addition to the benefits provided by Section 9 of this Act where compensation for death is payable to the deceased's widow, widower or to the deceased's widow, widower and one or more children, and where a partial lump sum is applied for by such beneficiary or beneficiaries within 18 months after the deceased's death, the Commission may, in its discretion, grant a partial lump sum of not to exceed 100 weeks

of the compensation capitalized at their present value upon the basis of interest calculated at 3% per annum with annual rests, upon a showing that such partial lump sum is for the best interest of such beneficiary or beneficiaries.

(h) In case the injured employee is under 16 years of age at the time of the accident and is illegally employed, the amount of compensation payable under paragraphs (a), (b), (c), (d) and (f) of this Section shall be increased 50%.

Nothing herein contained repeals or amends the provisions of the Child Labor Law relating to the employment of minors under the age of 16 years.

However, where an employer has on file an employment certificate issued pursuant to the Child Labor Law or work permit issued pursuant to the Federal Fair Labor Standards Act, as amended, or a birth certificate properly and duly issued, such certificate, permit or birth certificate is conclusive evidence as to the age of the injured minor employee for the purposes of this Section only.

(i) Whenever the dependents of a deceased employee are aliens not residing in the United States, Mexico or Canada, the amount of compensation payable is limited to the beneficiaries described in paragraphs (a), (b) and (c) of this Section and is 50% of the compensation provided in paragraphs (a), (b) and (c) of this Section, except as otherwise provided by treaty.

In a case where any of the persons who would be entitled to compensation is living at any place outside of the United States, then payment shall be made to the personal representative of the deceased employee. The distribution by such personal representative to the persons entitled shall be made to such persons and in such manner as the Commission orders.

Sec. 8. The amount of compensation which shall be paid to the employee for an accidental injury not resulting in death is:

(a) The employer shall provide and pay for all the necessary first aid, medical and surgical services, and all necessary medical, surgical and hospital services thereafter incurred, limited, however, to that which is reasonably required to cure or relieve from the effects of the accidental injury. The employer shall also pay for treatment, instruction and training necessary for the physical, mental and vocational rehabilitation of the

employee, including all maintenance costs and expenses incidental thereto. If as a result of the injury the employee is unable to be self-sufficient the employer shall further pay for such maintenance or institutional care as shall be required.

The employee may at any time elect to secure his own physician, surgeon and hospital services at the employer's expense, or,

Upon agreement between the employer and the employees, or the employees' exclusive representative, and subject to the approval of the Illinois Workers' Compensation Industrial Commission, the employer shall maintain a list of physicians, to be known as a Panel of Physicians, who are accessible to the employees. The employer shall post this list in a place or places easily accessible to his employees. The employee shall have the right to make an alternative choice of physician from such Panel if he is not satisfied with the physician first selected. If, due to the nature of the injury or its occurrence away from the employer's place of business, the employee is unable to make a selection from the Panel, the selection process from the Panel shall not apply. The physician selected from the Panel may arrange for any consultation, referral or other specialized medical services outside the Panel at the employer's expense. Provided that, in the event the Commission shall find that a doctor selected by the employee is rendering improper or inadequate care, the Commission may order the employee to select another doctor certified or qualified in the medical field for which treatment is required. If the employee refuses to make such change the Commission may relieve the employer of his obligation to pay the doctor's charges from the date of refusal to the date of compliance.

Every hospital, physician, surgeon or other person rendering treatment or services in accordance with the provisions of this Section shall upon written request furnish full and complete reports thereof to, and permit their records to be copied by, the employer, the employee or his dependents, as the case may be, or any other party to any proceeding for compensation before the Commission, or their attorneys.

Notwithstanding the foregoing, the employer's liability to pay for such medical services selected by the employee shall be limited to:

(1) all first aid and emergency treatment; plus
(2) all medical, surgical and hospital services provided by the physician, surgeon or hospital initially chosen by the employee or by any other physician, consultant, expert, institution or other provider of services recommended by said initial service provider

or any subsequent provider of medical services in the chain of
referrals from said initial service provider; plus

(3) all medical, surgical and hospital services provided by
any second physician, surgeon or hospital subsequently chosen by
the employee or by any other physician, consultant, expert,
institution or other provider of services recommended by said
second service provider or any subsequent provider of medical
services in the chain of referrals from said second service provider.

Thereafter the employer shall select and pay for all necessary
medical, surgical and hospital treatment and the employee may not
select a provider of medical services at the employer's expense
unless the employer agrees to such selection. At any time the
employee may obtain any medical treatment he desires at his own
expense. This paragraph shall not affect the duty to pay for
rehabilitation referred to above.

When an employer and employee so agree in writing, nothing in
this Act prevents an employee whose injury or disability has been
established under this Act, from relying in good faith, on treatment by
prayer or spiritual means alone, in accordance with the tenets and practice
of a recognized church or religious denomination, by a duly accredited
practitioner thereof, and having nursing services appropriate therewith,
without suffering loss or diminution of the compensation benefits under
this Act. However, the employee shall submit to all physical examinations
required by this Act. The cost of such treatment and nursing care shall be
paid by the employee unless the employer agrees to make such payment.

Where the accidental injury results in the amputation of an arm,
hand, leg or foot, or the enucleation of an eye, or the loss of any of the
natural teeth, the employer shall furnish an artificial of any such members
lost or damaged in accidental injury arising out of and in the course of
employment, and shall also furnish the necessary braces in all proper and
necessary cases. In cases of the loss of a member or members by
amputation, the employer shall, whenever necessary, maintain in good
repair, refit or replace the artificial limbs during the lifetime of the
employee. Where the accidental injury accompanied by physical injury
results in damage to a denture, eye glasses or contact eye lenses, or where
the accidental injury results in damage to an artificial member, the
employer shall replace or repair such denture, glasses, lenses, or artificial
member.

The furnishing by the employer of any such services or appliances is not an admission of liability on the part of the employer to pay compensation.

The furnishing of any such services or appliances or the servicing thereof by the employer is not the payment of compensation.

The term "children" means the plural of "child".

4. All weekly compensation rates provided under subparagraphs 1, 2 and 2.1 of this paragraph (b) of this Section shall be subject to the following limitations:

The maximum weekly compensation rate from July 1, 1975, except as hereinafter provided, shall be 100% of the State's average weekly wage in covered industries under the Unemployment Insurance Act, that being the wage that most closely approximates the State's average weekly wage.

The maximum weekly compensation rate, for the period July 1, 1984, through June 30, 1987, except as hereinafter provided, shall be $293.61. 4.2. Any provision to the contrary notwithstanding, the total compensation payable under Section 7 shall not exceed the greater of $250,000 or 20 years.
5. For the purpose of this Section this State's average weekly wage in covered industries under the Unemployment Insurance Act on July 1, 1975 is hereby fixed at $228.16 per week and the computation of compensation rates shall be based on the aforesaid average weekly wage until modified as hereinafter provided.

6. The Department of Employment Security of the State shall on or before the first day of December, 1977, and on or before the first day of June, 1978, and on the first day of each December and June of each year thereafter, publish the State's average weekly wage in covered industries under the Unemployment Insurance Act and the Illinois Workers' Compensation Industrial Commission shall on the 15th day of January, 1978 and on the 15th day of July, 1978 and on the 15th day of each January and July of each year thereafter, post and publish the State's average weekly wage in covered industries under the Unemployment Insurance Act as last determined and published by the Department of Employment Security. The amount when so posted and published shall be conclusive and shall be applicable as the basis of computation of compensation rates until the next posting and publication as aforesaid.

his usual and customary line of employment, he shall, except in cases compensated under the specific schedule set forth in paragraph (e) of this Section, receive compensation for the duration of his disability, subject to the limitations as to maximum amounts fixed in paragraph (b) of this Section, equal to 66-2/3% of the difference between the average amount which he would be able to earn in the full performance of his duties in the occupation in which he was engaged at the time of the accident and the average amount which he is earning or is able to earn in some suitable employment or business after the accident.

2. If, as a result of the accident, the employee sustains serious and permanent injuries not covered by paragraphs (c) and (e) of this Section or having sustained injuries covered by the aforesaid paragraphs (c) and (e), he shall have sustained in addition thereto other injuries which injuries do not incapacitate him from pursuing the duties of his employment but which would disable him from pursuing other suitable occupations, or which have otherwise resulted in physical impairment; or if such injuries partially incapacitate him from pursuing the duties of his usual and customary line of employment but do not result in an impairment of earning capacity, or having resulted in an impairment of earning capacity, the employee elects to waive his right to recover under the foregoing subparagraph 1 of paragraph (d) of this Section then in any of the foregoing events, he shall receive in addition to compensation for temporary total disability under paragraph (b) of this Section, compensation at the rate provided in subparagraph 2.1 of paragraph (b) of this Section for that percentage of 500 weeks that the partial disability resulting from the injuries covered by this paragraph bears to total disability. If the employee shall have sustained a fracture of one or more vertebra or fracture of the skull, the amount of compensation allowed under this Section shall be not less than 6 weeks for a fractured skull and 6 weeks for each fractured vertebra, and in the event the employee shall have sustained a fracture of any of the following facial bones: nasal, lachrymal, vomer, zygoma, maxilla, palatine or mandible, the amount of compensation allowed under this Section shall be not less than 2 weeks for each such fractured bone, and for a fracture of each transverse process not less than 3 weeks. compensation provided in this paragraph shall not affect the employee's right to compensation payable under paragraphs (b), (c) and (e) of this Section for the disabilities therein covered.

(e) For accidental injuries in the following schedule, the employee shall receive compensation for the period of temporary total incapacity for work resulting from such accidental injury, under subparagraph 1 of paragraph (b) of this Section, and shall receive in addition thereto compensation for a further period for the specific loss herein mentioned, but shall not receive any compensation under any other provisions of this Act. The following listed amounts apply to either the loss of or the permanent and complete loss of use of the member specified, such compensation for the length of time as follows:

1. Thumb-70 weeks.
2. First, or index finger-40 weeks.
3. Second, or middle finger-35 weeks.
4. Third, or ring finger-25 weeks.
5. Fourth, or little finger-20 weeks.
7. Each toe other than great toe-12 weeks.
8. The loss of the first or distal phalanx of the thumb or any finger or toe shall be considered to be equal to the loss of one-half of such thumb, finger or toe and the compensation payable shall be one-half of the amount above specified. The loss of more than one phalanx shall be considered as the loss of the entire thumb, finger or toe. In no case shall the amount received for more than one finger exceed the amount provided in this schedule for the loss of a hand.

9. Hand-190 weeks. The loss of 2 or more digits, or one or more phalanges of 2 or more digits, of a hand may be compensated on the basis of partial loss of use of a hand, provided, further, that the loss of 4 digits, or the loss of use of 4 digits, in the same hand shall constitute the complete loss of a hand.

10. Arm-235 weeks. Where an accidental injury results in the amputation of an arm below the elbow, such injury shall be compensated as a loss of an arm. Where an accidental injury results in the amputation of an arm above the elbow, compensation for an additional 15 weeks shall be paid, except where the accidental injury results in the amputation of an arm at the shoulder joint, or so close to shoulder joint that an artificial arm cannot be used, or

results in the disarticulation of an arm at the shoulder joint, in which case compensation for an additional 65 weeks shall be paid.

11. Foot-155 weeks.

12. Leg-200 weeks. Where an accidental injury results in the amputation of a leg below the knee, such injury shall be compensated as loss of a leg. Where an accidental injury results in the amputation of a leg above the knee, compensation for an additional 25 weeks shall be paid, except where the accidental injury results in the amputation of a leg at the hip joint, or so close to the hip joint that an artificial leg cannot be used, or results in the disarticulation of a leg at the hip joint, in which case compensation for an additional 75 weeks shall be paid.

13. Eye-150 weeks. Where an accidental injury results in the enucleation of an eye, compensation for an additional 10 weeks shall be paid.

14. Loss of hearing of one ear-50 weeks; total and permanent loss of hearing of both ears-200 weeks.

15. Testicle-50 weeks; both testicles-150 weeks.

16. For the permanent partial loss of use of a member or sight of an eye, or hearing of an ear, compensation during that proportion of the number of weeks in the foregoing schedule provided for the loss of such member or sight of an eye, or hearing of an ear, which the partial loss of use thereof bears to the total loss of use of such member, or sight of eye, or hearing of an ear.

(a) Loss of hearing for compensation purposes shall be confined to the frequencies of 1,000, 2,000 and 3,000 cycles per second. Loss of hearing ability for frequency tones above 3,000 cycles per second are not to be considered as constituting disability for hearing.

(b) The percent of hearing loss, for purposes of the determination of compensation claims for occupational deafness, shall be calculated as the average in decibels for the thresholds of hearing for the frequencies of 1,000, 2,000 and 3,000 cycles per second. Pure tone air conduction audiometric instruments, approved by nationally recognized authorities in this field, shall be used for measuring hearing loss. If the losses of hearing average 30 decibels or less in the 3 frequencies, such losses of hearing shall not then constitute any compensable hearing disability. If the losses

of hearing average 85 decibels or more in the 3 frequencies, then the same shall constitute and be total or 100% compensable hearing loss.

(c) In measuring hearing impairment, the lowest measured losses in each of the 3 frequencies shall be added together and divided by 3 to determine the average decibel loss. For every decibel of loss exceeding 30 decibels an allowance of 1.82% shall be made up to the maximum of 100% which is reached at 85 decibels.

(d) If a hearing loss is established to have existed on July 1, 1975 by audiometric testing the employer shall not be liable for the previous loss so established nor shall he be liable for any loss for which compensation has been paid or awarded.

(e) No consideration shall be given to the question of whether or not the ability of an employee to understand speech is improved by the use of a hearing aid.

(f) No claim for loss of hearing due to industrial noise shall be brought against an employer or allowed unless the employee has been exposed for a period of time sufficient to cause permanent impairment to noise levels in excess of the following:

This subparagraph (f) shall not be applied in cases of hearing loss resulting from trauma or explosion.

17. In computing the compensation to be paid to any employee who, before the accident for which he claims compensation, had before that time sustained an injury resulting in the loss by amputation or partial loss by amputation of any
member, including hand, arm, thumb or fingers, leg, foot or any toes, such loss or partial loss of any such member shall be deducted from any award made for the subsequent injury. For the permanent loss of use or the permanent partial loss of use of any such member or the partial loss of sight of an eye, for which compensation has been paid, then such loss shall be taken into consideration and deducted from any award for the subsequent injury.

18. The specific case of loss of both hands, both arms, or both feet, or both legs, or both eyes, or of any two thereof, or the permanent and complete loss of the use thereof, constitutes total and permanent disability, to be compensated according to the compensation fixed by paragraph (f) of this Section. These specific cases of total and permanent disability do not exclude other cases.

Any employee who has previously suffered the loss or permanent and complete loss of the use of any of such members, and in a subsequent independent accident loses another or suffers the permanent and complete loss of the use of any one of such members the employer for whom the injured employee is working at the time of the last independent accident is liable to pay compensation only for the loss or permanent and complete loss of the use of the member occasioned by the last independent accident.

19. In a case of specific loss and the subsequent death of such injured employee from other causes than such injury leaving a widow, widower, or dependents surviving before payment or payment in full for such injury, then the amount due for such injury is payable to the widow or widower and, if there be no widow or widower, then to such dependents, in the proportion which such dependency bears to total dependency.

Beginning July 1, 1980, and every 6 months thereafter, the Commission shall examine the Second Injury Fund and when, after deducting all advances or loans made to such Fund, the amount therein is $500,000 then the amount required to be paid by employers pursuant to paragraph (f) of Section 7 shall be reduced by one-half. When the Second Injury Fund reaches the sum of $600,000 then the payments shall cease entirely. However, when the Second Injury Fund has been reduced to $400,000, payment of one-half of the amounts required by paragraph (f) of Section 7 shall be resumed, in the manner herein provided, and when the Second Injury Fund has been reduced to $300,000, payment of the full amounts required by paragraph (f) of Section 7 shall be resumed, in the

manner herein provided. The Commission shall make the changes in payment effective by general order, and the changes in payment become immediately effective for all cases coming before the Commission thereafter either by settlement agreement or final order, irrespective of the date of the accidental injury.

On August 1, 1996 and on February 1 and August 1 of each subsequent year, the Commission shall examine the special fund designated as the "Rate Adjustment Fund" and when, after deducting all advances or loans made to said fund, the amount therein is $4,000,000, the amount required to be paid by employers pursuant to paragraph (f) of Section 7 shall be reduced by one-half. When the Rate Adjustment Fund reaches the sum of $5,000,000 the payment therein shall cease entirely. However, when said Rate Adjustment Fund has been reduced to $3,000,000 the amounts required by paragraph (f) of Section 7 shall be resumed in the manner herein provided.

(f) In case of complete disability, which renders the employee wholly and permanently incapable of work, or in the specific case of total and permanent disability as provided in subparagraph 18 of paragraph (e) of this Section, compensation shall be payable at the rate provided in subparagraph 2 of paragraph (b) of this Section for life.

An employee entitled to benefits under paragraph (f) of this Section shall also be entitled to receive from the Rate Adjustment Fund provided in paragraph (f) of Section 7 of the supplementary benefits provided in paragraph (g) of this Section 8.

If any employee who receives an award under this paragraph afterwards returns to work or is able to do so, and earns or is able to earn as much as before the accident, payments under such award shall cease. If such employee returns to work, or is able to do so, and earns or is able to earn part but not as much as before the accident, such award shall be modified so as to conform to an award under paragraph (d) of this Section. If such award is terminated or reduced under the provisions of this paragraph, such employees have the right at any time within 30 months after the date of such termination or reduction to file petition with the Commission for the purpose of determining whether any disability exists as a result of the original accidental injury and the extent thereof.

Disability as enumerated in subdivision 18, paragraph (e) of this Section is considered complete disability.

If an employee who had previously incurred loss or the permanent and complete loss of use of one member, through the loss or the permanent

and complete loss of the use of one hand, one arm, one foot, one leg, or one eye, incurs permanent and complete disability through the loss or the permanent and complete loss of the use of another member, he shall receive, in addition to the compensation payable by the employer and after such payments have ceased, an amount from the Second Injury Fund provided for in paragraph (f) of Section 7, which, together with the compensation payable from the employer in whose employ he was when the last accidental injury was incurred, will equal the amount payable for permanent and complete disability as provided in this paragraph of this Section.

The custodian of the Second Injury Fund provided for in paragraph (f) of Section 7 shall be joined with the employer as a party respondent in the application for adjustment of claim. The application for adjustment of claim shall state briefly and in general terms the approximate time and place and manner of the loss of the first member.

In its award the Commission or the Arbitrator shall specifically find the amount the injured employee shall be weekly paid, the number of weeks compensation which shall be paid by the employer, the date upon which payments begin out of the Second Injury Fund provided for in paragraph (f) of Section 7 of this Act, the length of time the weekly payments continue, the date upon which the pension payments commence and the monthly amount of the payments. The Commission shall 30 days after the date upon which payments out of the Second Injury Fund have begun as provided in the award, and every month thereafter, prepare and submit to the State Comptroller a voucher for payment for all compensation accrued to that date at the rate fixed by the Commission. The State Comptroller shall draw a warrant to the injured employee along with a receipt to be executed by the injured employee and returned to the Commission. The endorsed warrant and receipt is a full and complete acquittance to the Commission for the payment out of the Second Injury Fund. No other appropriation or warrant is necessary for payment out of the Second Injury Fund. The Second Injury Fund is appropriated for the purpose of making payments according to the terms of the awards. As of July 1, 1980 to July 1, 1982, all claims against and obligations of the Second Injury Fund shall become claims against and obligations of the Rate Adjustment Fund to the extent there is insufficient money in the Second Injury Fund to pay such claims and obligations. In that case, all references to "Second Injury Fund" in this Section shall also include the Rate Adjustment Fund.

(g) Every award for permanent total disability entered by the Commission on and after July 1, 1965 under which compensation payments shall become due and payable after the effective date of this amendatory Act, and every award for death benefits or permanent total disability entered by the Commission on and after the effective date of this amendatory Act shall be subject to annual adjustments as to the amount of the compensation rate therein provided. Such adjustments shall first be made on July 15, 1977, and all awards made and entered prior to July 1, 1975 and on July 15 of each year thereafter. In all other cases such adjustment shall be made on July 15 of the second year next following the date of the entry of the award and shall further be made on July 15 annually thereafter. If during the intervening period from the date of the entry of the award, or the last periodic adjustment, there shall have been an increase in the State's average weekly wage in covered industries under the Unemployment Insurance Act, the weekly compensation rate shall be proportionately increased by the same percentage as the percentage of increase in the State's average weekly wage in covered industries under the Unemployment Insurance Act. The increase in the compensation rate under this paragraph shall in no event bring the total compensation rate to an amount greater than the prevailing maximum rate. Such increase shall be paid in the same manner as herein provided for payments under the Second Injury Fund to the injured employee, or his dependents, as the case may be, out of the Rate Adjustment Fund provided in paragraph (f) of Section 7 of this Act. Payments shall be made at the same intervals as provided in the award or, at the option of the Commission, may be made in quarterly payment on the 15th day of January, April, July and October of each year. In the event of a decrease in such average weekly wage there shall be no change in the then existing compensation rate. The within paragraph shall not apply to cases where there is disputed liability and in which a compromise lump sum settlement between the employer and the injured employee, or his dependents, as the case may be, has been duly approved by the Illinois Workers’ Compensation Industrial Commission.

Provided, that in cases of awards entered by the Commission for injuries occurring before July 1, 1975, the increases in the compensation rate adjusted under the foregoing provision of this paragraph (g) shall be limited to increases in the State's average weekly wage in covered industries under the Unemployment Insurance Act occurring after July 1, 1975.
(h) In case death occurs from any cause before the total compensation to which the employee would have been entitled has been paid, then in case the employee leaves any widow, widower, child, parent (or any grandchild, grandparent or other lineal heir or any collateral heir dependent at the time of the accident upon the earnings of the employee to the extent of 50% or more of total dependency) such compensation shall be paid to the beneficiaries of the deceased employee and distributed as provided in paragraph (g) of Section 7.

(h-1) In case an injured employee is under legal disability at the time when any right or privilege accrues to him or her under this Act, a guardian may be appointed pursuant to law, and may, on behalf of such person under legal disability, claim and exercise any such right or privilege with the same effect as if the employee himself or herself had claimed or exercised the right or privilege. No limitations of time provided by this Act run so long as the employee who is under legal disability is without a conservator or guardian.

(i) In case the injured employee is under 16 years of age at the time of the accident and is illegally employed, the amount of compensation payable under paragraphs (b), (c), (d), (e) and (f) of this Section is increased 50%.

However, where an employer has on file an employment certificate issued pursuant to the Child Labor Law or work permit issued pursuant to the Federal Fair Labor Standards Act, as amended, or a birth certificate properly and duly issued, such certificate, permit or birth certificate is conclusive evidence as to the age of the injured minor employee for the purposes of this Section.

Nothing herein contained repeals or amends the provisions of the Child Labor Law relating to the employment of minors under the age of 16 years.

(j) 1. In the event the injured employee receives benefits, including medical, surgical or hospital benefits under any group plan covering non-occupational disabilities contributed to wholly or partially by the employer, which benefits should not have been payable if any rights of recovery existed under this Act, then such amounts so paid to the employee from any such group plan as shall be consistent with, and limited to, the provisions of paragraph 2 hereof, shall be credited to or against any compensation payment for temporary total incapacity for work or any medical, surgical or hospital benefits made or to be made under this Act. In such event, the period of time for giving notice of accidental injury

and filing application for adjustment of claim does not commence to run until the termination of such payments. This paragraph does not apply to payments made under any group plan which would have been payable irrespective of an accidental injury under this Act. Any employer receiving such credit shall keep such employee safe and harmless from any and all claims or liabilities that may be made against him by reason of having received such payments only to the extent of such credit.

Any excess benefits paid to or on behalf of a State employee by the State Employees' Retirement System under Article 14 of the Illinois Pension Code on a death claim or disputed disability claim shall be credited against any payments made or to be made by the State of Illinois to or on behalf of such employee under this Act, except for payments for medical expenses which have already been incurred at the time of the award. The State of Illinois shall directly reimburse the State Employees' Retirement System to the extent of such credit.

2. Nothing contained in this Act shall be construed to give the employer or the insurance carrier the right to credit for any benefits or payments received by the employee other than compensation payments provided by this Act, and where the employee receives payments other than compensation payments, whether as full or partial salary, group insurance benefits, bonuses, annuities or any other payments, the employer or insurance carrier shall receive credit for each such payment only to the extent of the compensation that would have been payable during the period covered by such payment.

3. The extension of time for the filing of an Application for Adjustment of Claim as provided in paragraph 1 above shall not apply to those cases where the time for such filing had expired prior to the date on which payments or benefits enumerated herein have been initiated or resumed. Provided however that this paragraph 3 shall apply only to cases wherein the payments or benefits hereinabove enumerated shall be received after July 1, 1969.

The hearings before the Arbitrator shall be held in the vicinity where the injury occurred after 10 days' notice of the time and place of such hearing shall have been given to each of the parties or their attorneys of record.

The Arbitrator may find that the disabling condition is temporary and has not yet reached a permanent condition and may order the payment of compensation up to the date of the hearing, which award shall be reviewable and enforceable in the same manner as other awards, and in no instance be a bar to a further hearing and determination of a further amount of temporary total compensation or of compensation for permanent disability, but shall be conclusive as to all other questions except the nature and extent of said disability.

The decision of the Arbitrator shall be filed with the Commission which Commission shall immediately send to each party or his attorney a copy of such decision, together with a notification of the time when it was filed. Unless a petition for review is filed by either party within 30 days after the receipt by such party of the copy of the decision and notification of time when filed, and unless such party petitioning for a review shall within 35 days after the receipt by him of the copy of the decision, file with the Commission either an agreed statement of the facts appearing upon the hearing before the Arbitrator, or if such party shall so elect a correct transcript of evidence of the proceedings at such hearings, then the decision shall become the decision of the Commission and in the absence of fraud shall be conclusive. The Petition for Review shall contain a statement of the petitioning party's specific exceptions to the decision of the arbitrator. The jurisdiction of the Commission to review the decision of the arbitrator shall not be limited to the exceptions stated in the Petition for Review. The Commission, or any member thereof, may grant further time not exceeding 30 days, in which to file such agreed statement or transcript of evidence. Fifteen days after receipt by the employer of the petition with the required information the employee may file said petition and required information and shall serve notice of the filing upon the employer. The employer may file a motion addressed to the sufficiency of the petition. If an objection has been filed to the sufficiency of the petition, the arbitrator shall rule on the objection within 2 working days. No document or other evidence not previously identified by either party with the petition or written response, or by any other means before the hearing, may be introduced into evidence without good cause. If, at the hearing, material information is discovered which was not previously disclosed, the Arbitrator may extend the time for closing proof on the motion of a party for a reasonable period of time which may be more than 30 days. All service required pursuant to this paragraph (b-1) must be by personal service or by certified mail and with evidence of receipt. In addition for the purposes of this paragraph, all service on the employer must be at the premises where the accident occurred if the premises are owned or operated by the employer. Otherwise service must be at the employee's principal place of employment by the employer. If service on the employer is not possible at either of the above, then service shall be at the employer's principal place of business. After initial service in each case, service shall be made on the employer's attorney or designated representative.

(c) (1) At a reasonable time in advance of and in connection with the hearing under Section 19(e) or 19(h), the Commission may on its own motion order an impartial physical or mental examination of a petitioner whose mental or physical condition is in issue, when in the Commission's discretion it appears that such an examination will materially aid in the just determination of the case. The examination shall be made by a member or members of a panel of physicians chosen for their special qualifications by the Illinois State Medical Society. The Commission shall establish procedures by which a physician shall be selected from such list.

(2) Should the Commission at any time during the hearing find that compelling considerations make it advisable to have an examination and report at that time, the commission may in its discretion so order.

(4) Either party or the Commission may call the examining physician or physicians to testify. Any physician so called shall be subject to cross-examination.

(d) If any employee shall persist in insanitary or injurious practices which tend to either imperil or retard his recovery or shall refuse to submit to such medical, surgical, or hospital treatment as is reasonably essential to promote his recovery, the Commission may, in its discretion, reduce or suspend the compensation of any such injured employee. However, when an employer and employee so agree in writing, the foregoing provision shall not be construed to authorize the reduction or suspension of compensation of an employee who is relying in good faith, on treatment by prayer or spiritual means alone, in accordance with the tenets and practice of a recognized church or religious denomination, by a duly accredited practitioner thereof.

(e) This paragraph shall apply to all hearings before the Commission. Such hearings may be held in its office or elsewhere as the Commission may deem advisable. The taking of testimony on such hearings may be had before any member of the Commission. If a petition for review and agreed statement of facts or transcript of evidence is filed, as provided herein, the Commission shall promptly review the decision of the Arbitrator and all questions of law or fact which appear from the statement of facts or transcript of evidence.

In all cases in which the hearing before the arbitrator is held after December 18, 1989, no additional evidence shall be introduced by the parties before the Commission on review of the decision of the Arbitrator. In reviewing decisions of an arbitrator the Commission shall award such temporary compensation, permanent compensation and other payments as are due under this Act. The Commission shall file in its office its decision thereon, and shall immediately send to each party or his attorney a copy of such decision and a notification of the time when it was filed. A panel of 3 members, which shall be comprised of not more than one representative citizen of the employing class and not more than one representative citizen of the employee class, shall hear the argument; provided that if all the issues in dispute are solely the nature and extent of the permanent partial disability, if any, a majority of the panel may deny the request for such argument and such argument shall not be held; and provided further that 5 members of the Commission may determine that the argument be held before all available members of the Commission. A decision of the Commission shall be approved by a majority of Commissioners present at such hearing if any; provided, if no such hearing is held, a decision of the Commission shall be approved by a majority of a panel of 3 members of the Commission as described in this Section. The Commission shall give 10 days' notice to the parties or their attorneys of the time and place of such taking of testimony and of such argument.

In any case the Commission in its decision may find specially upon any question or questions of law or fact which shall be submitted in writing by either party whether ultimate or otherwise; provided that on issues other than nature and extent of the disability, if any, the Commission in its decision shall find specially upon any question or questions of law or fact, whether ultimate or otherwise, which are submitted in writing by either party; provided further that not more than 5 such questions may be submitted by either party. Any party may, within 20 days after receipt of notice of the Commission's decision, or within such further time, not exceeding 30 days, as the Commission may grant, file with the Commission either an agreed statement of the facts appearing upon the hearing, or, if such party shall so elect, a correct transcript of evidence of the additional proceedings presented before the Commission, in which report the party may embody a correct statement of such other proceedings in the case as such party may desire to have reviewed, such statement of facts or transcript of evidence to be authenticated by the signature of the parties or their attorneys, and in the event that they do not agree, then the authentication of such transcript of evidence shall be by the signature of any member of the Commission.

pleadings filed by either party, together with the decisions of the Arbitrator and of the Commission and the statement of facts or transcript of evidence hereinbefore provided for in paragraphs (b) and (c) shall be the record of the proceedings of the Commission, and shall be subject to review as hereinafter provided.

At the request of either party or on its own motion, the Commission shall set forth in writing the reasons for the decision, including findings of fact and conclusions of law separately stated. The Commission shall by rule adopt a format for written decisions for the Commission and arbitrators. The written decisions shall be concise and shall succinctly state the facts and reasons for the decision. The Commission may adopt in whole or in part, the decision of the arbitrator as the decision of the Commission. When the Commission does so adopt the decision of the arbitrator, it shall do so by order. Whenever the Commission adopts part of the arbitrator's decision, but not all, it shall include in the order the reasons for not adopting all of the arbitrator's decision. When a majority of a panel, after deliberation, has arrived at its decision, the decision shall be filed as provided in this Section without unnecessary delay, and without regard to the fact that a member of the panel has expressed an intention to dissent. Any member of the panel may file a dissent. Any dissent shall be filed no later than 10 days after the decision of the majority has been filed.

Decisions rendered by the Commission and dissents, if any, shall be published together by the Commission. The conclusions of law set out in such decisions shall be regarded as precedents by arbitrators for the purpose of achieving a more uniform administration of this Act.

(f) The decision of the Commission acting within its powers, according to the provisions of paragraph (e) of this Section shall, in the absence of fraud, be conclusive unless reviewed as in this paragraph hereinafter provided. However, the Arbitrator or the Commission may on his or its own motion, or on the motion of either party, correct any clerical error or errors in computation within 15 days after the date of receipt of any award by such Arbitrator or any decision on review of the Commission and shall have the power to recall the original award on arbitration or decision on review, and issue in lieu thereof such corrected award or decision. Where such correction is made the time for review herein specified shall begin to run from the date of the receipt of the corrected award or decision.

In its decision on review the Commission shall determine in each particular case the amount of the probable cost of the record to be filed as a part of the summons in that case and no request for a summons may be filed and no summons shall issue unless the party seeking to review the decision of the Commission shall exhibit to the clerk of the Circuit Court proof of payment by filing a receipt showing payment or an affidavit of the attorney setting forth that payment has been made of the sums so determined to the Secretary or Assistant Secretary of the Commission, except as otherwise provided by Section 20 of this Act.

(2) No such summons shall issue unless the one against whom the Commission shall have rendered an award for the payment of money shall upon the filing of his written request for such summons file with the clerk of the court a bond conditioned that if he shall not successfully prosecute the review, he will pay the award and the costs of the proceedings in the courts. The amount of the bond shall be fixed by any member of the Commission and the surety or sureties of the bond shall be approved by the clerk of the court. The decision of a majority of the members of the panel of the Commission, shall be considered the decision of the Commission.

(g) Except in the case of a claim against the State of Illinois, either party may present a certified copy of the award of the Arbitrator, or a certified copy of the decision of the Commission when the same has become final, when no proceedings for review are pending, providing for the payment of compensation according to this Act, to the Circuit Court of the county in which such accident occurred or either of the parties are residents, whereupon the court shall enter a judgment in accordance therewith. In a case where the employer refuses to pay compensation according to such final award or such final decision upon which such judgment is entered the court shall in entering judgment thereon, tax as costs against him the reasonable costs and attorney fees in the arbitration proceedings and in the court entering the judgment for the person in whose favor the judgment is entered, which judgment and costs taxed as therein provided shall, until and unless set aside, have the same effect as though duly entered in an action duly tried and determined by the court, and shall with like effect, be entered and docketed. (h) An agreement or award under this Act providing for compensation in installments, may at any time within 18 months after such agreement or award be reviewed by the Commission at the request of either the employer or the employee, on the ground that the disability of the employee has subsequently recurred, increased, diminished or ended.

However, as to accidents occurring subsequent to July 1, 1955, which are covered by any agreement or award under this Act providing for compensation in installments made as a result of such accident, such agreement or award may at any time within 30 months after such agreement or award be reviewed by the Commission at the request of either the employer or the employee on the ground that the disability of the employee has subsequently recurred, increased, diminished or ended.

On such review, compensation payments may be re-established, increased, diminished or ended. The Commission shall give 15 days notice to the parties of the hearing for review. Any employee, upon any petition for such review being filed by the employer, shall be entitled to one day's notice for each 100 miles necessary to be traveled by him in attending the hearing of the Commission upon the petition, and 3 days in addition thereto. Such employee shall, at the discretion of the Commission, also be entitled to 5 cents per mile necessarily traveled by him within the State of Illinois in attending such hearing, not to exceed a distance of 300 miles, to be taxed by the Commission as costs and deposited with the petition of the employer.

subsequent proceedings brought by the personal representative or beneficiaries of the deceased employee, such testimony in the former proceeding may be introduced with the same force and effect as though the witness having so testified were present in person in such subsequent proceedings and such final decision, if any, shall be taken as final adjudication of any of the issues which are the same in both proceedings.

(k) In case where there has been any unreasonable or vexatious delay of payment or intentional underpayment of compensation, or proceedings have been instituted or carried on by the one liable to pay the compensation, which do not present a real controversy, but are merely frivolous or for delay, then the Commission may award compensation additional to that otherwise payable under this Act equal to 50% of the amount payable at the time of such award. Failure to pay compensation in accordance with the provisions of Section 8, paragraph (b) of this Act, shall be considered unreasonable delay.

(l) In case the employer or his insurance carrier shall without good and just cause fail, neglect, refuse or unreasonably delay the payment of weekly compensation benefits due to an injured employee during the period of temporary total disability the arbitrator or the Commission shall allow to the employee additional compensation in the sum of $10 per day for each day that a weekly compensation payment has been so withheld or refused, provided that such additional compensation shall not exceed the sum of $2,500. A delay in payment of 14 days or more shall create a rebuttable presumption of unreasonable delay.

(m) If the commission finds that an accidental injury was directly and proximately caused by the employer's wilful violation of a health and safety standard under the Health and Safety Act in force at the time of the accident, the arbitrator or the Commission shall allow to the injured employee or his dependents, as the case may be, additional compensation equal to 25% of the amount which otherwise would be payable under the provisions of this Act exclusive of this paragraph. The additional compensation herein provided shall be allowed by an appropriate increase in the applicable weekly compensation rate.

(n) After June 30, 1984, decisions of the Illinois Workers' Compensation Industrial Commission reviewing an award of an arbitrator of the Commission shall draw interest at a rate equal to the yield on indebtedness issued by the United States Government with a 26-week maturity next previously auctioned on the day on which the decision is filed. Said rate of interest shall be set forth in the Arbitrator's Decision.

New matter indicated by italics - deletions by strikeout.
Interest shall be drawn from the date of the arbitrator's award on all accrued compensation due the employee through the day prior to the date of payments. However, when an employee appeals an award of an Arbitrator or the Commission, and the appeal results in no change or a decrease in the award, interest shall not further accrue from the date of such appeal.

The employer or his insurance carrier may tender the payments due under the award to stop the further accrual of interest on such award notwithstanding the prosecution by either party of review, certiorari, appeal to the Supreme Court or other steps to reverse, vacate or modify the award.

(o) By the 15th day of each month each insurer providing coverage for losses under this Act shall notify each insured employer of any compensable claim incurred during the preceding month and the amounts paid or reserved on the claim including a summary of the claim and a brief statement of the reasons for compensability. A cumulative report of all claims incurred during a calendar year or continued from the previous year shall be furnished to the insured employer by the insurer within 30 days after the end of that calendar year.

The insured employer may challenge, in proceeding before the Commission, payments made by the insurer without arbitration and payments made after a case is determined to be noncompensable. If the Commission finds that the case was not compensable, the insurer shall purge its records as to that employer of any loss or expense associated with the claim, reimburse the employer for attorneys' fees arising from the challenge and for any payment required of the employer to the Rate Adjustment Fund or the Second Injury Fund, and may not reflect the loss or expense for rate making purposes. The employee shall not be required to refund the challenged payment. The decision of the Commission may be reviewed in the same manner as in arbitrated cases. No challenge may be initiated under this paragraph more than 3 years after the payment is made. An employer may waive the right of challenge under this paragraph on a case by case basis.

(p) After filing an application for adjustment of claim but prior to the hearing on arbitration the parties may voluntarily agree to submit such application for adjustment of claim for decision by an arbitrator under this subsection (p) where such application for adjustment of claim raises only a dispute over temporary total disability, permanent partial disability or medical expenses. Such agreement shall be in writing in such form as

provided by the Commission. Applications for adjustment of claim submitted for decision by an arbitrator under this subsection (p) shall proceed according to rule as established by the Commission. The Commission shall promulgate rules including, but not limited to, rules to ensure that the parties are adequately informed of their rights under this subsection (p) and of the voluntary nature of proceedings under this subsection (p). The findings of fact made by an arbitrator acting within his or her powers under this subsection (p) in the absence of fraud shall be conclusive. However, the arbitrator may on his own motion, or the motion of either party, correct any clerical errors or errors in computation within 15 days after the date of receipt of such award of the arbitrator and shall have the power to recall the original award on arbitration, and issue in lieu thereof such corrected award. The decision of the arbitrator under this subsection (p) shall be considered the decision of the Commission and proceedings for review of questions of law arising from the decision may be commenced by either party pursuant to subsection (f) of Section 19. The Advisory Board established under Section 13.1 shall compile a list of certified Commission arbitrators, each of whom shall be approved by at least 7 members of the Advisory Board. The chairman shall select 5 persons from such list to serve as arbitrators under this subsection (p). By agreement, the parties shall select one arbitrator from among the 5 persons selected by the chairman except that if the parties do not agree on an arbitrator from among the 5 persons, the parties may, by agreement, select an arbitrator of the American Arbitration Association, whose fee shall be paid by the State in accordance with rules promulgated by the Commission. Arbitration under this subsection (p) shall be voluntary.

3. Where an employer operating under and subject to the provisions of this Act loans an employee to another such employer and such loaned employee sustains a compensable occupational disease in the employment of such borrowing employer and where such borrowing employer does not provide or pay the benefits or payments due such employee, such loaning employer shall be liable to provide or pay all benefits or payments due such employee under this Act and as to such

employee the liability of such loaning and borrowing employers shall be joint and several, provided that such loaning employer shall in the absence of agreement to the contrary be entitled to receive from such borrowing employer full reimbursement for all sums paid or incurred pursuant to this paragraph together with reasonable attorneys' fees and expenses in any hearings before the Illinois Workers' Compensation Industrial Commission or in any action to secure such reimbursement. Where any benefit is provided or paid by such loaning employer, the employee shall have the duty of rendering reasonable cooperation in any hearings, trials or proceedings in the case, including such proceedings for reimbursement.

Where an employee files an Application for Adjustment of Claim with the Illinois Workers' Compensation Industrial Commission alleging that his or her claim is covered by the provisions of the preceding paragraph, and joining both the alleged loaning and borrowing employers, they and each of them, upon written demand by the employee and within 7 days after receipt of such demand, shall have the duty of filing with the Illinois Workers' Compensation Industrial Commission a written admission or denial of the allegation that the claim is covered by the provisions of the preceding paragraph and in default of such filing or if any such denial be ultimately determined not to have been bona fide then the provisions of Paragraph K of Section 19 of this Act shall apply.

An employer whose business or enterprise or a substantial part thereof consists of hiring, procuring or furnishing employees to or for other employers operating under and subject to the provisions of this Act for the performance of the work of such other employers and who pays such employees their salary or wage notwithstanding that they are doing the work of such other employers shall be deemed a loaning employer within the meaning and provisions of this Section.

(b) The term "employee" as used in this Act, shall be construed to mean:

1. Every person in the service of the State, county, city, town, township, incorporated village or school district, body politic or municipal corporation therein, whether by election, appointment or contract of hire, express or implied, oral or written, including any official of the State, or of any county, city, town, township, incorporated village, school district, body politic or municipal corporation therein and except any duly appointed member of the fire department in any city whose population exceeds 500,000 according to the last Federal or State census, and except any member of a fire insurance patrol maintained by a board of

underwriters in this State. One employed by a contractor who has contracted with the State, or a county, city, town, township, incorporated village, school district, body politic or municipal corporation therein, through its representatives, shall not be considered as an employee of the State, county, city, town, township, incorporated village, school district, body politic or municipal corporation which made the contract.

2. Every person in the service of another under any contract of hire, express or implied, oral or written, who contracts an occupational disease while working in the State of Illinois, or who contracts an occupational disease while working outside of the State of Illinois but where the contract of hire is made within the State of Illinois, and any person whose employment is principally localized within the State of Illinois, regardless of the place where the disease was contracted or place where the contract of hire was made, including aliens, and minors who, for the purpose of this Act, except Section 3 hereof, shall be considered the same and have the same power to contract, receive payments and give quittances therefor, as adult employees. An employee or his or her dependents under this Act who shall have a cause of action by reason of an occupational disease, disablement or death arising out of and in the course of his or her employment may elect or pursue his or her remedy in the State where the disease was contracted, or in the State where the contract of hire is made, or in the State where the employment is principally localized.

(c) "Commission" means the Illinois Workers' Compensation Industrial Commission created by the Workers' Compensation Act, approved July 9, 1951, as amended.

(d) In this Act the term "Occupational Disease" means a disease arising out of and in the course of the employment or which has become aggravated and rendered disabling as a result of the exposure of the employment. Such aggravation shall arise out of a risk peculiar to or increased by the employment and not common to the general public.

A disease shall be deemed to arise out of the employment if there is apparent to the rational mind, upon consideration of all the circumstances, a causal connection between the conditions under which the work is performed and the occupational disease. The disease need not to have been foreseen or expected but after its contraction it must appear to have had its origin or aggravation in a risk connected with the employment and to have flowed from that source as a rational consequence.

An employee shall be conclusively deemed to have been exposed to the hazards of an occupational disease when, for any length of time however short, he or she is employed in an occupation or process in which the hazard of the disease exists; provided however, that in a claim of exposure to atomic radiation, the fact of such exposure must be verified by the records of the central registry of radiation exposure maintained by the Department of Public Health or by some other recognized governmental agency maintaining records of such exposures whenever and to the extent that the records are on file with the Department of Public Health or the agency.

The employer liable for the compensation in this Act provided shall be the employer in whose employment the employee was last exposed to the hazard of the occupational disease claimed upon regardless of the length of time of such last exposure, except, in cases of silicosis or asbestosis, the only employer liable shall be the last employer in whose employment the employee was last exposed during a period of 60 days or more after the effective date of this Act, to the hazard of such occupational disease, and, in such cases, an exposure during a period of less than 60 days, after the effective date of this Act, shall not be deemed a last exposure. If a miner who is suffering or suffered from pneumoconiosis was employed for 10 years or more in one or more coal mines there shall, effective July 1, 1973 be a rebuttable presumption that his or her pneumoconiosis arose out of such employment.

If a deceased miner was employed for 10 years or more in one or more coal mines and died from a respirable disease there shall, effective July 1, 1973, be a rebuttable presumption that his or her death was due to pneumoconiosis.

The insurance carrier liable shall be the carrier whose policy was in effect covering the employer liable on the last day of the exposure rendering such employer liable in accordance with the provisions of this Act.

(e) "Disablement" means an impairment or partial impairment, temporary or permanent, in the function of the body or any of the members of the body, or the event of becoming disabled from earning full wages at the work in which the employee was engaged when last exposed to the hazards of the occupational disease by the employer from whom he or she claims compensation, or equal wages in other suitable employment; and "disability" means the state of being so incapacitated.

New matter indicated by italics - deletions by strikeout.
(f) No compensation shall be payable for or on account of any occupational disease unless disablement, as herein defined, occurs within two years after the last day of the last exposure to the hazards of the disease, except in cases of occupational disease caused by berylliosis or by the inhalation of silica dust or asbestos dust and, in such cases, within 3 years after the last day of the last exposure to the hazards of such disease and except in the case of occupational disease caused by exposure to radiological materials or equipment, and in such case, within 25 years after the last day of last exposure to the hazards of such disease.

Sec. 2. (a) Where any employer in this State is automatically and without election subject to and bound by the provisions of the Workers' Compensation Act by reason of the provisions of Section 3 thereof, as heretofore or hereafter amended, then such employer and all of his employees working within this State shall be automatically and without election subject to and bound by the compensation provisions of this Act with respect to all cases in which the last day of the last exposure to the hazards of the disease claimed upon shall have been on or after July 1, 1957. However, nothing contained in this Act shall be construed to apply to any business, enterprise, household or residence which is exempt from the compensation provisions of the Workers' Compensation Act under paragraphs 17, 18 and 19 of Section 3 of that Act.

(b) Any employer in this State who does not come within the classes enumerated by Section 2 (a) of this Act may elect to provide and pay compensation according to the provisions of this Act, for disability or death resulting from occupational diseases, and such election, when effective, shall apply to all cases in which the last day of the last exposure as defined in this Act to the hazards of the occupational disease claimed upon shall have occurred on or after the effective date of such election, and shall relieve such employer of all liability under Section 3 of this Act and all other liability with respect to injury to health or death therefrom by reason of any disease contracted or sustained in the course of the employment. The State of Illinois hereby elects to provide and pay compensation according to the provisions of this Act.

(c) Election by any employer, pursuant to paragraph (b) of this Section shall be made by filing notice of such election with the Illinois Workers' Compensation Industrial Commission or by insuring his liability to pay compensation under this Act in some insurance carrier authorized,
licensed or permitted to do such insurance business in this State. Such employer shall either furnish to his employees personally or post in a conspicuous place in the place of employment notice of his election.

(d) Every employer who has elected pursuant to paragraphs (b) and (c) of this section to provide and pay compensation shall, from and after the effective date of such election be and operate under all provisions of this Act except Section 3 hereof, with respect to all his employees except those who have rejected in due time as provided in paragraph (e). Any employer having elected, prior to October 1, 1941, not to provide and pay compensation may at any time thereafter again elect pursuant to paragraphs (b) and (c) to provide and pay compensation, but having thus elected for the second time to provide and pay compensation such employer shall, from and after the effective date of such last said election, be and operate under all provisions of this Act, except Section 3 hereof, with respect to all employees except those who have rejected in due time as provided in paragraph (e) of this section.

(e) If any employer elects, pursuant to paragraph (b) and (c) of this section, then every employee of such employer, who may be employed at the time of such election by such employer, shall be deemed to have accepted all the compensation provisions of this Act and shall be bound thereby unless within 30 days after such election he shall file a notice to the contrary with the Commission whose duty it shall be immediately to notify the employer, and until such notice is given to the employer, the measure of liability of such employer shall be determined according to the compensation provisions of this Act; and every employee of such employer, hired after such employer's election, as a part of his contract of hiring shall be deemed to have accepted all of the compensation provisions of this Act, and shall have no right of rejection.

(f) Every employer within the provisions of this Act who has elected to provide any pay compensation according to the provisions of this Act by filing notice of such election with the Commission, shall be bound thereby as to all his employees until January 1st of the next succeeding year and for terms of each year thereafter.

Any such employer who may have once elected, may elect not to provide and pay the compensation herein provided for accidents resulting in either injury or death and occurring after the expiration of any such calendar year by filing notice of such election with the Commission at least 60 days prior to the expiration of any such calendar year, and by posting such notice at a conspicuous place in the plant, shop, office, room

written or printed form, upon such employees, at least 60 days prior to the
expiration of any such calendar year.

Every employer within the provisions of this Act who has elected
to provide and pay compensation according to the provisions of this Act
by insuring his liability to pay compensation under this Act, as above
provided, shall be bound thereby as to all his employees until the date of
expiration or cancellation of such policy of insurance, or any renewal
thereof.

Sec. 3. Where an employee in this State sustains injury to health or
death by reason of a disease contracted or sustained in the course of the
employment and proximately caused by the negligence of the employer,
unless such employer shall be subject to this Act under the provisions of
paragraph (a) of Section 2 of this Act or shall have elected to provide and
pay compensation as provided in Section 2 of this Act, a right of action
shall accrue to the employee whose health has been so injured for any
damages sustained thereby; and in case of death, a right of action shall
accrue to the widow or widower of such deceased person, his or her lineal
heirs or adopted children, or to any person or persons who were, before
such loss of life, dependent for support upon such deceased person, for a

hazards of the disease and every such action for damages in case of death
shall be commenced within one year after the death of such employee and
within 5 years after the last day of the last exposure to the hazards of the
disease except where the disease is caused by atomic radiation, in which
case, every action for damages for injury to health shall be commenced
within 15 years after the last day of last exposure to the hazard of such
disease and every action for damages in case of death shall be commenced
within one year after the death of such employee and within 15 years after

last exposure to the hazards of the disease. In any action to recover damages under this Section, it shall not be a defense that the employee either expressly or impliedly assumed the risk of the employment, or that the contraction or sustaining of the disease or death was caused in whole or in part by the negligence of a fellow servant or fellow servants, or that the contraction or sustaining of the disease or death resulting was caused in whole or in part by the contributory negligence of the employee, where such contributory negligence was not wilful.

Sec. 4. (a) Any employer, including but not limited to general contractors and their subcontractors, required by the terms of this Act or by election to pay the compensation provided for in this Act shall:

(1) File with the Commission an application for approval as a self-insurer which shall include a current financial statement. The application and financial statement shall be signed and sworn to by the president or vice-president and secretary or assistant secretary of the employer if it be a corporation, or by all of the partners if it be a copartnership, or by the owner if it be neither a copartnership nor a corporation. An employer may elect to provide and pay compensation as provided for in this Act as a member of a group workers' compensation pool under Article V 3/4 of the Illinois Insurance Code. If an employer becomes a member of a group workers' compensation pool, the employer shall not be relieved of any obligations imposed by this Act.

If the sworn application and financial statement of any such employer does not satisfy the Commission of the financial ability of the employer who has filed it, the Commission shall require such employer to:

(2) Furnish security, indemnity or a bond guaranteeing the payment by the employer of the compensation provided for in this Act, provided that any such employer who shall have secured his or her liability in part by excess liability coverage shall be required to furnish to the Commission security, indemnity or bond guaranteeing his or her payment up to the amount of the effective limits of the excess coverage in accordance with the provisions of this paragraph, or

permitted to do such insurance business in this State. All policies of such insurance carriers insuring the payment of compensation under this Act shall cover all the employees and all such employer's compensation liability in all cases in which the last day of the last exposure to the occupational disease involved is within the effective period of the policy, anything to the contrary in the policy notwithstanding. Provided, however, that any employer may insure his or her compensation liability under this Act with 2 or more insurance carriers or may insure a part and qualify under Subsection 1, 2, or 4 for the remainder of his liability to pay such compensation, subject to the following two provisions:

Firstly, the entire liability of the employer to employees working at or from one location shall be insured in one such insurance carrier or shall be self-insured.

Secondly, the employer shall submit evidence satisfactory to the Commission that his or her entire liability for the compensation provided for in this Act will be secured.

Any provision in a policy or in any endorsement attached thereto attempting to limit or modify in any way the liability of the insurance carrier issuing the same, except as otherwise provided herein, shall be wholly void.

The insurance or security in force to cover compensation liability under this Act shall be separate and distinct from the insurance or security under the "Workers' Compensation Act" and any insurance contract covering liability under either Act need not cover any liability under the other. Nothing herein contained shall apply to policies of excess liability carriage secured by employers who have been approved by the Commission as self-insurers, or

(4) Make some other provision, satisfactory to the Commission, for the securing of the payment of compensation provided for in this Act, and

(5) Upon becoming subject to this Act and thereafter as often as the Commission may in writing demand, file with the Commission in form prescribed by it evidence of his or her compliance with the provision of this Section.

(a-1) Regardless of its state of domicile or its principal place of business, an employer shall make payments to its insurance carrier or
group self-insurance fund, where applicable, based upon the premium rates of the situs where the work or project is located in Illinois if:

(A) the employer is engaged primarily in the building and construction industry; and

(B) subdivision (a)(3) of this Section applies to the employer or the employer is a member of a group self-insurance plan as defined in subsection (1) of Section 4a.

The Illinois Workers' Compensation Industrial Commission shall impose a penalty upon an employer for violation of this subsection (a-1) if:

(i) the employer is given an opportunity at a hearing to present evidence of its compliance with this subsection (a-1); and

(ii) after the hearing, the Commission finds that the employer failed to make payments upon the premium rates of the situs where the work or project is located in Illinois.

The penalty shall not exceed $1,000 for each day of work for which the employer failed to make payments upon the premium rates of the situs where the work or project is located in Illinois, but the total penalty shall not exceed $50,000 for each project or each contract under which the work was performed.

Any penalty under this subsection (a-1) must be imposed not later than one year after the expiration of the applicable limitation period specified in subsection (c) of Section 6 of this Act. Penalties imposed under this subsection (a-1) shall be deposited into the Illinois Workers' Compensation Industrial Commission Operations Fund created under Section 4 of the Workers' Compensation Act.

(b) The sworn application and financial statement, or security, indemnity or bond, or amount of insurance, or other provisions, filed, furnished, carried, or made by the employer, as the case may be, shall be subject to the approval of the Commission.

Deposits under escrow agreements shall be cash, negotiable United States government bonds or negotiable general obligation bonds of the State of Illinois. Such cash or bonds shall be deposited in escrow with any State or National Bank or Trust Company having trust authority in the State of Illinois.

Upon the approval of the sworn application and financial statement, security, indemnity or bond or amount of insurance, filed, furnished, or carried, as the case may be, the Commission shall send to the employer written notice of its approval thereof. (3) of paragraph (a) of this Section shall be delivered by the insurance carrier to the Illinois Workers' Compensation Industrial Commission within 5 days after the effective date of the policy so certified. The insurance so certified shall cover all compensation liability occurring during the time that the insurance is in effect and no further certificate need be filed in case such insurance is renewed, extended or otherwise continued by such carrier. The insurance so certified shall not be cancelled or in the event that such insurance is not renewed, extended or otherwise continued, such insurance shall not be terminated until at least 10 days after receipt by the Illinois Workers' Compensation Industrial Commission of notice of the cancellation or termination of said insurance; provided, however, that if the employer has secured insurance from another insurance carrier, or has otherwise secured the payment of compensation in accordance with this Section, and such insurance or other security becomes effective prior to the expiration of said 10 days, cancellation or termination may, at the option of the insurance carrier indicated in such notice, be effective as of the effective date of such other insurance or security.

(c) Whenever the Commission shall find that any corporation, company, association, aggregation of individuals, reciprocal or interinsurers exchange, or other insurer effecting workers' occupational disease compensation insurance in this State shall be insolvent, financially unsound, or unable to fully meet all payments and liabilities assumed or to be assumed for compensation insurance in this State, or shall practice a policy of delay or unfairness toward employees in the adjustment, settlement, or payment of benefits due such employees, the Commission may after reasonable notice and hearing order and direct that such corporation, company, association, aggregation of individuals, reciprocal or interinsurers exchange, or insurer, shall from and after a date fixed in such order discontinue the writing of any such workers' occupational disease compensation insurance in this State. It shall thereupon be unlawful for any such corporation, company, association, aggregation of individuals, reciprocal or interinsurers exchange, or insurer to effect any workers' occupational disease compensation insurance in this State. A copy of the order shall be served upon the Director of Insurance by registered mail. delay or unfairness toward employees in the adjustment, settlement or payment of benefits due such employees, the Commission may after reasonable notice and hearing order and direct that such service or adjustment company shall from and after a date fixed in such order be prohibited from processing, adjusting, investigating, compromising or otherwise handling claims under this Act.

Whenever the Commission finds that any self-insured employer has practiced or is practicing delay or unfairness toward employees in the adjustment, settlement or payment of benefits due such employees, the Commission may after reasonable notice and hearing order and direct that after a date fixed in the order such self-insured employer shall be disqualified to operate as a self-insurer and shall be required to insure his entire liability to pay compensation in some insurance carrier authorized, licensed and permitted to do such insurance business in this State as provided in subparagraph (3) of paragraph (a) of this Section.

All orders made by the Commission under this Section shall be subject to review by the courts, the review to be taken in the same manner and within the same time as provided by Section 19 of this Act for review of awards and decisions of the Commission, upon the party seeking the review filing with the clerk of the court to which said review is taken a bond in an amount to be fixed and approved by the court to which said review is taken, conditioned upon the payment of all compensation awarded against the person taking the review pending a decision thereof and further conditioned upon such other obligations as the court may impose. Upon the review the Circuit Court shall have power to review all questions of fact as well as of law. The penalty hereinafter provided for in this paragraph shall not attach and shall not begin to run until the final determination of the order of the Commission.

(d) Upon a finding by the Commission, after reasonable notice and hearing, of the knowing and wilful failure of an employer to comply with any of the provisions of paragraph (a) of this Section or the failure or refusal of an employer, service or adjustment company, or insurance carrier to comply with any order of the Illinois Workers’ Compensation Industrial Commission pursuant to paragraph (c) of this Section the Commission may assess a civil penalty of up to $500 per day for each day of such failure or refusal after the effective date of this amendatory Act of 1989. Each day of such failure or refusal shall constitute a separate offense.
Upon the failure or refusal of any employer, service or adjustment company or insurance carrier to comply with the provisions of this Section and orders of the Commission under this Section, or the order of the court on review after final adjudication, the Commission may bring a civil action to recover the amount of the penalty in Cook County or in Sangamon County in which litigation the Commission shall be represented by the Attorney General. The Commission shall send notice of its finding of non-compliance and assessment of the civil penalty to the Attorney General. It shall be the duty of the Attorney General within 30 days after receipt of the notice, to institute prosecutions and promptly prosecute all reported violations of this Section.

(e) This Act shall not affect or disturb the continuance of any existing insurance, mutual aid, benefit, or relief association or department, whether maintained in whole or in part by the employer or whether maintained by the employees, the payment of benefits of such association or department being guaranteed by the employer or by some person, firm or corporation for him or her: Provided, the employer contributes to such association or department an amount not less than the full compensation herein provided, exclusive of the cost of the maintenance of such association or department and without any expense to the employee. This Act shall not prevent the organization and maintaining under the insurance laws of this State of any benefit or insurance company for the purpose of insuring against the compensation provided for in this Act, the expense of which is maintained by the employer. This Act shall not prevent the organization or maintaining under the insurance laws of this State of any voluntary mutual aid, benefit or relief association among employees for the payment of additional accident or sick benefits.

(f) No existing insurance, mutual aid, benefit or relief association or department shall, by reason of anything herein contained, be authorized to discontinue its operation without first discharging its obligations to any and all persons carrying insurance in the same or entitled to relief or benefits therein.

(g) Any contract, oral, written or implied, of employment providing for relief benefit, or insurance or any other device whereby the employee is required to pay any premium or premiums for insurance against the compensation provided for in this Act shall be null and void. Any employer withholding from the wages of any employee any amount for the purpose of paying any such premium shall be guilty of a Class B misdemeanor.

In the event the employer does not pay the compensation for which he or she is liable, then an insurance company, association or insurer which may have insured such employer against such liability shall become primarily liable to pay to the employee, his personal representative or beneficiary the compensation required by the provisions of this Act to be paid by such employer. The insurance carrier may be made a party to the proceedings in which the employer is a party and an award may be entered jointly against the employer and the insurance carrier.

(h) It shall be unlawful for any employer, insurance company or service or adjustment company to interfere with, restrain or coerce an employee in any manner whatsoever in the exercise of the rights or remedies granted to him or her by this Act or to discriminate, attempt to discriminate, or threaten to discriminate against an employee in any way because of his exercise of the rights or remedies granted to him by this Act.

It shall be unlawful for any employer, individually or through any insurance company or service or adjustment company, to discharge or to threaten to discharge, or to refuse to rehire or recall to active service in a suitable capacity an employee because of the exercise of his or her rights or remedies granted to him or her by this Act.

(i) If an employer elects to obtain a life insurance policy on his employees, he may also elect to apply such benefits in satisfaction of all or a portion of the death benefits payable under this Act, in which case, the employer's premium for coverage for benefits under this Act shall be reduced accordingly.

Sec. 6. (a) Every employer operating under the compensation provisions of this Act, shall post printed notices in their respective places of employment in conspicuous places and in such number and at such places as may be determined by the Commission, containing such information relative to this Act as in the judgment of the Commission may be necessary to aid employees to safeguard their rights under this Act.

In addition thereto, the employer shall post in a conspicuous place on the premises of the employment a printed or typewritten notice stating whether he is insured or whether he has qualified and is operating as a self-insured employer. In the event the employer is insured, the notice shall state the name and address of his or her insurance carrier, the number

of the insurance policy, its effective date and the date of termination. In the event of the termination of the policy for any reason prior to the termination date stated, the posted notice shall promptly be corrected accordingly. In the event the employer is operating as a self-insured employer the notice shall state the name and address of the company, if any, servicing the compensation payments of the employer, and the name and address of the person in charge of making compensation payments.

(b) Every employer subject to this Act shall maintain accurate records of work-related deaths, injuries and illnesses other than minor injuries requiring only first aid treatment and which do not involve medical treatment, loss of consciousness, restriction of work or motion or transfer to another job and file with the Illinois Workers' Compensation Industrial Commission, in writing, a report of all occupational diseases arising out of and in the course of the employment and resulting in death, or disablement or illness resulting in the loss of more than 3 scheduled work days. In the case of death such report shall be made no later than 2 working days following the occupational death. In all other cases such report shall be made between the 15th and 25th of each month unless required to be made sooner by rule of the Illinois Workers' Compensation Industrial Commission. In case the occupational disease results in permanent disability, a further report shall be made as soon as it is determined that such permanent disability has resulted or will result therefrom. All reports shall state the date of the disablement, the nature of the employer's business, the name, address, the age, sex, conjugal condition of the disabled person, the specific occupation of the person, the nature and character of the occupational disease, the length of disability, and, in case of death, the length of disablement before death, the wages of the employee, whether compensation has been paid to the employee, or to his legal representative or his heirs or next of kin, the amount of compensation paid, the amount paid for physicians', surgeons' and hospital bills, and by whom paid, and the amount paid for funeral or burial expenses, if known. The reports shall be made on forms and in the manner as prescribed by the Illinois Workers' Compensation Industrial Commission and shall contain such further information as the Commission shall deem necessary and require. The making of such reports releases the employer from making such reports to any other officer of the State and shall satisfy the reporting provisions as contained in the "Health And Safety Act" and "An Act in relation to safety inspections and education in industrial and commercial establishments and to repeal an Act therein named", approved July 18,
1955, as amended. The report filed with the Illinois Workers’ Compensation Industrial Commission pursuant to the provisions of this Section shall be made available by the Illinois Workers’ Compensation Industrial Commission to the Director of Labor or his representatives, to the Department of Public Health pursuant to the Illinois Health and Hazardous Substances Registry Act, and to all other departments of the State of Illinois which shall require such information for the proper discharge of their official duties. Failure to file with the Commission any of the reports required in this Section is a petty offense.

Except as provided in this paragraph, all reports filed hereunder shall be confidential and any person having access to such records filed with the Illinois Workers’ Compensation Industrial Commission as herein required, who shall release the names or otherwise identify any persons sustaining injuries or disabilities, or gives access to such information to any unauthorized person, shall be subject to discipline or discharge, and in addition shall be guilty of a Class B misdemeanor. The Commission shall compile and distribute to interested persons aggregate statistics, taken from the reports filed hereunder. The aggregate statistics shall not give the names or otherwise identify persons sustaining injuries or disabilities or the employer of any injured or disabled person.

(c) There shall be given notice to the employer of disablement arising from an occupational disease as soon as practicable after the date of the disablement. If the Commission shall find that the failure to give such notice substantially prejudices the rights of the employer the Commission in its discretion may order that the right of the employee to proceed under this Act shall be barred.

In case of legal disability of the employee or any dependent of a deceased employee who may be entitled to compensation, under the provisions of this Act, the limitations of time in this Section of this Act provided shall not begin to run against such person who is under legal disability until a conservator or guardian has been appointed. No defect or inaccuracy of such notice shall be a bar to the maintenance of proceedings on arbitration or otherwise by the employee unless the employer proves that he or she is unduly prejudiced in such proceedings by such defect or inaccuracy. Notice of the disabling disease may be given orally or in writing. In any case, other than injury or death caused by exposure to radiological materials or equipment or asbestos, unless application for compensation is filed with the Commission within 3 years after the date of the disablement, where no compensation has been paid, or within 2 years

New matter indicated by italics - deletions by strikeout.

(3) Whenever any claimant misconceives his remedy and files an application for adjustment of claim under this Act and it is subsequently discovered, at any time before final disposition of such cause, that the claim for disability or death which was the basis for such application should properly have been made under the Workers' Compensation Act, then the provisions of Section 19 paragraph (a-1) of the Workers' Compensation Act having reference to such application shall apply.

Whenever any claimant misconceives his remedy and files an application for adjustment of claim under the Workers' Compensation Act and it is subsequently discovered, at any time before final disposition of such cause that the claim for injury or death which was the basis for such application should properly have been made under this Act, then the application so filed under the Workers' Compensation Act may be amended in form, substance or both to assert claim for such disability or death under this Act and it shall be deemed to have been so filed as amended on the date of the original filing thereof, and such compensation may be awarded as is warranted by the whole evidence pursuant to the provisions of this Act. The Arbitrator may find that the disabling condition is temporary and has not yet reached a permanent condition and may order the payment of compensation up to the date of the hearing, which award shall be reviewable and enforceable in the same manner as other awards, and in no instance be a bar to a further hearing and determination of a further amount of temporary total compensation or of compensation for permanent disability, but shall be conclusive as to all other questions except the nature and extent of such disability.

The decision of the Arbitrator shall be filed with the Commission which Commission shall immediately send to each party or his attorney a copy of such decision, together with a notification of the time when it was filed. Beginning January 1, 1981, all decisions of the Arbitrator shall set forth in writing findings of fact and conclusions of law, separately stated. Unless a petition for review is filed by either party within 30 days after the receipt by such party of the copy of the decision and notification of time when filed, and unless such party petitioning for a review shall within 35 days after the receipt by him of the copy of the decision, file with the Commission either an agreed statement of the facts appearing upon the hearing before the Arbitrator, or if such party shall so elect a correct transcript of evidence of the proceedings at such hearings, then the decision shall become the decision of the Commission and in the absence of fraud shall be conclusive. No document or other evidence not previously identified by either party with the petition or written response, or by any other means before the hearing, may be introduced into evidence without good cause. If, at the hearing, material information is discovered which was not previously disclosed, the Arbitrator may extend the time for closing proof on the motion of a party for a reasonable period of time which may be more than 30 days. The examination shall be made by a member or members of a panel of physicians chosen for their special qualifications by the Illinois State Medical Society. The Commission shall establish procedures by which a physician shall be selected from such list.

(2) Should the Commission at any time during the hearing find that compelling considerations make it advisable to have an examination and report at that time, the Commission may in its discretion so order.

(3) A copy of the report of examination shall be given to the Commission and to the attorneys for the parties.

(4) Either party or the Commission may call the examining physician or physicians to testify. Any physician so called shall be subject to cross-examination.

In all cases in which the hearing before the arbitrator is held after the effective date of this amendatory Act of 1989, no additional evidence shall be introduced by the parties before the Commission on review of the decision of the Arbitrator. The Commission shall file in its office its decision thereon, and shall immediately send to each party or his attorney a copy of such decision and a notification of the time when it was filed. In the event either party requests oral argument, such argument shall be had before a panel of 3 members of the Commission (or before all available members pursuant to the determination of 5 members of the Commission that such argument be held before all available members of the Commission) pursuant to the rules and regulations of the Commission. A panel of 3 members, which shall be comprised of not more than one representative citizen of the employing class and not more than one representative citizen of the employee class, shall hear the argument; provided that if all the issues in dispute are solely the nature and extent of the permanent partial disability, if any, a majority of the panel may deny the request for such argument and such argument shall not be held; and provided further that 5 members of the Commission may determine that the argument be held before all available members of the Commission. A decision of the Commission shall be approved by a majority of Commissioners present at such hearing if any; provided, if no such hearing is held, a decision of the Commission shall be approved by a majority of a panel of 3 members of the Commission as described in this Section. The Commission shall give 10 days' notice to the parties or their attorneys of the time and place of such taking of testimony and of such argument.

Any party may, within 20 days after receipt of notice of the Commission's decision, or within such further time, not exceeding 30 days, as the Commission may grant, file with the Commission either an agreed statement of the facts appearing upon the hearing, or, if such party shall so elect, a correct transcript of evidence of the additional proceedings presented before the Commission in which report the party may embody a correct statement of such other proceedings in the case as such party may desire to have reviewed, such statement of facts or transcript of evidence to be authenticated by the signature of the parties or their attorneys, and in the event that they do not agree, then the authentication of such transcript of evidence shall be by the signature of any member of the Commission.

(m) Failure by a parent (i) to make reasonable efforts to correct the conditions that were the basis for the removal of the child from the parent, or (ii) to make reasonable progress toward the return of the child to the parent within 9 months after an adjudication of neglected or abused minor under Section 2-3 of the Juvenile Court Act of 1987 or dependent minor under Section 2-4 of that Act, or (iii) to make reasonable progress toward the return of the child to the parent during any 9-month period after the end of the initial 9-month period following the adjudication of neglected or abused minor under Section 2-3 of the Juvenile Court Act of 1987 or dependent minor under Section 2-4 of that Act. If a service plan has been established as required under Section 8.2 of the Abused and Neglected Child Reporting Act to correct the conditions that were the basis for the removal of the child from the parent and if those services were available, then, for purposes of this Act, "failure to make reasonable progress toward the return of the child to the parent" includes (I) the parent's failure to substantially fulfill his or her obligations under the service plan and correct the conditions that brought the child into care within 9 months after the adjudication under Section 2-3 or 2-4 of the Juvenile Court Act of 1987 and (II) the parent's failure to substantially fulfill his or her obligations under the service plan and correct the conditions that brought the child into care during any 9-month period after the end of the initial 9-month period following the adjudication under Section 2-3 or 2-4 of the Juvenile Court Act of 1987.

(m-1) Pursuant to the Juvenile Court Act of 1987, a child has been in foster care for 15 months out of any 22 month period which begins on or after the effective date of this amendatory Act of 1998 unless the child's parent can prove by a preponderance of the evidence that it is more likely than not that it will be in the best interests of the child to be returned to the parent within 6 months of the date on which a petition for termination of parental rights is filed under the Juvenile Court Act of 1987. The 15 month time limit is tolled during any period for which there is a court finding that the appointed custodian or guardian failed to make reasonable efforts to reunify the child with his or her family, provided that (i) the finding of no reasonable efforts is made within 60 days of the period when reasonable efforts were not made or (ii) the parent

filed a motion requesting a finding of no reasonable efforts within 60 days of the period when reasonable efforts were not made. For purposes of this subdivision (m-1), the date of entering foster care is the earlier of: (i) the date of a judicial finding at an adjudicatory hearing that the child is an abused, neglected, or dependent minor; or (ii) 60 days after the date on which the child is removed from his or her parent, guardian, or legal custodian.

(n) Evidence of intent to forgo his or her parental rights, whether or not the child is a ward of the court, (1) as manifested by his or her failure for a period of 12 months: (i) to visit the child, (ii) to communicate with the child or agency, although able to do so and not prevented from doing so by an agency or by court order, or (iii) to maintain contact with or plan for the future of the child, although physically able to do so, or (2) as manifested by the father's failure, where he and the mother of the child were unmarried to each other at the time of the child's birth, (i) to commence legal proceedings to establish his paternity under the Illinois Parentage Act of 1984 or the law of the jurisdiction of the child's birth within 30 days of being informed, pursuant to Section 12a of this Act, that he is the father or the likely father of the child or, after being so informed where the child is not yet born, within 30 days of the child's birth, or (ii) to make a good faith effort to pay a reasonable amount of the expenses related to the birth of the child and to provide a reasonable amount for the financial support of the child, the court to consider in its determination all relevant circumstances, including the financial condition of both parents; provided that the ground for termination provided in this subparagraph (n)(2)(ii) shall only be available where the petition is brought by the mother or the husband of the mother.

Contact or communication by a parent with his or her child that does not demonstrate affection and concern does not constitute reasonable contact and planning under subdivision (n). In the absence of evidence to the contrary, the ability to visit, communicate, maintain contact, pay expenses and plan for the future shall be presumed. The subjective intent of the parent, whether expressed or otherwise, unsupported by evidence of the foregoing parental acts manifesting that intent, shall not preclude a determination that the parent has intended to forgo his or her parental rights. In making this determination, the court may

consider but shall not require a showing of diligent efforts by an authorized agency to encourage the parent to perform the acts specified in subdivision (n).

It shall be an affirmative defense to any allegation under paragraph (2) of this subsection that the father's failure was due to circumstances beyond his control or to impediments created by the mother or any other person having legal custody. Proof of that fact need only be by a preponderance of the evidence.

(o) Repeated or continuous failure by the parents, although physically and financially able, to provide the child with adequate food, clothing, or shelter.

(p) Inability to discharge parental responsibilities supported by competent evidence from a psychiatrist, licensed clinical social worker, or clinical psychologist of mental impairment, mental illness or mental retardation as defined in Section 1-116 of the Mental Health and Developmental Disabilities Code, or developmental disability as defined in Section 1-106 of that Code, and there is sufficient justification to believe that the inability to discharge parental responsibilities shall extend beyond a reasonable time period. However, this subdivision (p) shall not be construed so as to permit a licensed clinical social worker to conduct any medical diagnosis to determine mental illness or mental impairment.

(q) The parent has been criminally convicted of aggravated battery, heinous battery, or attempted murder of any child.

(r) The child is in the temporary custody or guardianship of the Department of Children and Family Services, the parent is incarcerated as a result of criminal conviction at the time the petition or motion for termination of parental rights is filed, prior to incarceration the parent had little or no contact with the child or provided little or no support for the child, and the parent's incarceration will prevent the parent from discharging his or her parental responsibilities for the child for a period in excess of 2 years after the filing of the petition or motion for termination of parental rights.

(s) The child is in the temporary custody or guardianship of the Department of Children and Family Services, the parent is incarcerated at the time the petition or motion for termination of parental rights is filed, the parent has been repeatedly incarcerated

as a result of criminal convictions, and the parent's repeated incarceration has prevented the parent from discharging his or her parental responsibilities for the child.

(t) A finding that at birth the child's blood, urine, or meconium contained any amount of a controlled substance as defined in subsection (f) of Section 102 of the Illinois Controlled Substances Act, or a metabolite of a controlled substance, with the exception of controlled substances or metabolites of such substances, the presence of which in the newborn infant was the result of medical treatment administered to the mother or the newborn infant, and that the biological mother of this child is the biological mother of at least one other child who was adjudicated a neglected minor under subsection (c) of Section 2-3 of the Juvenile Court Act of 1987, after which the biological mother had the opportunity to enroll in and participate in a clinically appropriate substance abuse counseling, treatment, and rehabilitation program.

For the purpose of this Act, a person who has executed a final and irrevocable consent to adoption or a final and irrevocable surrender for purposes of adoption, or whose parental rights have been terminated by a court, is not a parent of the child who was the subject of the consent or surrender, unless the consent is void pursuant to subsection O of Section 10.

F. A person is available for adoption when the person is:

(a) a child who has been surrendered for adoption to an agency and to whose adoption the agency has thereafter consented;

(b) a child to whose adoption a person authorized by law, other than his parents, has consented, or to whose adoption no consent is required pursuant to Section 8 of this Act;

(c) a child who is in the custody of persons who intend to adopt him through placement made by his parents;

(c-1) a child for whom a parent has signed a specific consent pursuant to subsection O of Section 10;

(d) an adult who meets the conditions set forth in Section 3 of this Act; or

However, the consenting parent's parental rights may not be terminated until consent becomes effective.
(b) The order for standby adoption shall be final as to all findings and shall be followed in the judgment of adoption unless the court finds by clear and convincing evidence that it is no longer in the best interest of the child for the adoption to be finalized.

(b) Before the entry of the judgment for adoption, each child welfare agency involved in the adoption of the child shall file an affidavit concerning the costs, expenses, contributions, fees, compensation, or other things of value which have been given, promised, or received including but not limited to hospital and medical costs, legal fees, social services, living expenses, or any other expenses related to the adoption paid in accordance with the Adoption Compensation Prohibition Act.

If the total amount paid by the child welfare agency is $4,500 or more, the affidavit shall contain an itemization of expenditures.

(e) Upon the expiration of 6 months after the date of any interim order vesting temporary care, custody and control of a child, other than a related child, in the petitioners, entered pursuant to this Act, the petitioners may apply to the court for a judgment of adoption. Notice of such application shall be served by the petitioners upon the investigating agency or the person making such investigation, and the guardian ad litem. After the hearing on such application, at which the petitioners and the child shall appear in person, unless their presence is waived by the court for good cause shown, the court may enter a judgment for adoption, provided the court is satisfied from the report of the investigating agency or the person making the investigation, and from the evidence, if any, introduced, that the adoption is for the welfare of the child and that there is a valid consent, or that no consent is required as provided in Section 8 of this Act.

(f) A judgment for adoption of a related child, an adult, or a child as to whose adoption an agency or person authorized by law has the right of authority to consent may be entered at any time after service of process and after the return day designated therein.

(f-5) A standby adoption judgment may be entered upon notice of the death of the consenting terminally ill parent or upon the consenting terminally ill parent's request that a final judgment for adoption be entered. The notice must be provided to the court within 60 days after the standby adoptive parent's receipt of knowledge of death of the consenting terminally ill parent or the consenting terminally ill parent's request that a final judgment for adoption be entered. If the court finds that adoption is for the welfare of the child and that there is a valid consent, including consent for standby adoption, which is still in effect, or that no consent is required under Section 8 of the Act, a judgment for adoption shall be entered unless the court finds by clear and convincing evidence that it is no longer in the best interest of the child for the adoption to be finalized.

(g) No special findings of fact or certificate of evidence shall be necessary in any case to support the judgment.

(h) Only the circuit court that entered the judgment of the adoption may order the issuance of any contents of the court file or that the original birth record of the adoptee be provided to any persons.

(a) For purposes of this Section:
"Financial institution" and "account" are defined as set forth in Section 10-24.
"Payor" is defined as set forth in Section 15 of the Income Withholding for Support Act.
"Order for support" means any order for periodic payment of funds to the State Disbursement Unit for the support of a child or, where applicable, for support of a child and a parent with whom the child resides, that is entered or modified under this Code or under the Illinois Marriage and Dissolution of Marriage Act, the Non-Support of Spouse and Children Act, the Non-Support Punishment Act, or the Illinois Parentage Act of 1984, or that is entered or registered for modification or enforcement under the Uniform Interstate Family Support Act.

Subject to subsection (e), upon receiving the form, the financial institution shall debit the account and transfer the debited amounts to the State Disbursement Unit according to the instructions in the form. A financial institution that complies with a child support debit authorization form signed by an obligor and issued under this Section shall not be subject to civil liability with respect to any individual or any agency.

(d) The signing and issuance of a child support debit authorization form under this Section does not relieve the obligor from responsibility for compliance with any requirement under the order for support.

(e) A financial institution is obligated to debit the account of an obligor pursuant to this Section only if or to the extent:

1. the financial institution reasonably believes the debit authorization form is a true and authentic original document;
2. there are finally collected funds in the account; and
3. the account is not subject to offsetting claims of the financial institution, whether due at the time of receipt of the debit authorization form or thereafter to become due and whether liquidated or unliquidated.

To the extent the account of the obligor is pledged or held by the financial institution as security for a loan or other obligation, or that the financial institution has any other claim or lien against the account, the financial institution is entitled to retain the account.

New matter indicated by italics - deletions by strikeout.
Sec. 3-1. Eligibility Requirements. Financial aid in meeting basic maintenance requirements for a livelihood compatible with health and well-being shall be given under this Article to or in behalf of aged, blind, or disabled persons who meet the eligibility conditions of Sections 3-1.1 through 3-1.7. Financial aid under this Article shall be available only for persons who are receiving Supplemental Security Income (SSI) or who have been found ineligible for SSI (i) on the basis of income or (ii) due to expiration of the period of eligibility for refugees and asylees pursuant to 8 U.S.C. 1612(a)(2). Financial aid based on item (ii) of this paragraph shall be available until July 1, 2006.

"Aged person" means a person who has attained age 65, as demonstrated by such evidence of age as the Illinois Department may by rule prescribe.

"Blind person" means a person who has no vision or whose vision with corrective glasses is so defective as to prevent the performance of ordinary duties or tasks for which eyesight is essential. The Illinois Department shall define blindness in terms of ophthalmic measurements or ocular conditions. For purposes of this Act, an Illinois Disabled Person Identification Card issued pursuant to The Illinois Identification Card Act, indicating that the person thereon named has a Type 3 disability shall be evidence that such person is a blind person within the meaning of this Section; however, such a card shall not qualify such person for aid as a blind person under this Act, and eligibility for aid as a blind person shall be determined as provided in this Act.

"Disabled person" means a person age 18 or over who has a physical or mental impairment, disease, or loss which is of a permanent nature and which substantially impairs his ability to perform labor or services or to engage in useful occupations for which he is qualified, as determined by rule and regulation of the Illinois Department. If federal law or regulation permit or require the inclusion of blind or disabled persons whose blindness or disability is not of the degree specified in the foregoing definitions, or permit or require the inclusion of disabled persons under age 18 or aged persons under age 65, the Illinois

Sec. 3-5. Amount of aid. The amount and nature of financial aid granted to or in behalf of aged, blind, or disabled persons shall be determined in accordance with the standards, grant amounts, rules and regulations of the Illinois Department. Due regard shall be given to the requirements and conditions existing in each case, and to the amount of property owned and the income, money contributions, and other support, and resources received or obtainable by the person, from whatever source. However, the amount and nature of any financial aid is not affected by the payment of any grant under the "Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act" or any distributions or items of income described under subparagraph (X) of paragraph (2) of subsection (a) of Section 203 of the Illinois Income Tax Act. The aid shall be sufficient, when added to all other income, money contributions and support, to provide the person with a grant in the amount established by Department regulation for such a person, based upon standards providing a livelihood compatible with health and well-being.

PUBLIC ACT 93-0747
(House Bill No. 4263)

AN ACT concerning taxes.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Tax Increment Allocation Redevelopment Act in the Illinois Municipal Code is amended by changing Sections 11-74.4-3 and 11-74.4-7 as follows:

(65 ILCS 5/11-74.4-3) (from Ch. 24, par. 11-74.4-3)
Sec. 11-74.4-3. Definitions. The following terms, wherever used or referred to in this Division 74.4 shall have the following respective meanings, unless in any case a different meaning clearly appears from the context.

(a) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "blighted area" shall have the meaning set forth in this Section prior to that date.

New matter indicated by italics - deletions by strikeout.
On and after November 1, 1999, "blighted area" means any improved or vacant area within the boundaries of a redevelopment project area located within the territorial limits of the municipality where:

(1) If improved, industrial, commercial, and residential buildings or improvements are detrimental to the public safety, health, or welfare because of a combination of 5 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the improved part of the redevelopment project area:

   (A) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

   (B) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

   (C) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

   (D) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

   (E) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local
laws, exclusive of those applicable to the presence of structures below minimum code standards.

(F) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(G) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(H) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(I) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: (i) the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and (ii) the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions:

New matter indicated by italics - deletions by strikeout.
insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(J) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(K) Environmental clean-up. The proposed redevelopment project area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(L) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(M) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which

information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(2) If vacant, the sound growth of the redevelopment project area is impaired by a combination of 2 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) Obsolete platting of vacant land that results in parcels of limited or narrow size or configurations of parcels of irregular size or shape that would be difficult to develop on a planned basis and in a manner compatible with contemporary standards and requirements, or platting that failed to create rights-of-ways for streets or alleys or that created inadequate right-of-way widths for streets, alleys, or other public rights-of-way or that omitted easements for public utilities.

(B) Diversity of ownership of parcels of vacant land sufficient in number to retard or impede the ability to assemble the land for development.

(C) Tax and special assessment delinquencies exist or the property has been the subject of tax sales under the Property Tax Code within the last 5 years.

(D) Deterioration of structures or site improvements in neighboring areas adjacent to the vacant land.

(E) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the

development or redevelopment of the redevelopment project area.

(F) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(3) If vacant, the sound growth of the redevelopment project area is impaired by one of the following factors that (i) is present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) is reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) The area consists of one or more unused quarries, mines, or strip mine ponds.

(B) The area consists of unused rail yards, rail tracks, or railroad rights-of-way.

(C) The area, prior to its designation, is subject to (i) chronic flooding that adversely impacts on real property in the area as certified by a registered professional engineer or appropriate regulatory agency or (ii) surface water that discharges from all or a part of the area and contributes to flooding within the same watershed, but only if the redevelopment project provides for facilities or improvements to contribute to the alleviation of all or part of the flooding.

(D) The area consists of an unused or illegal disposal site containing earth, stone, building debris, or similar materials that were removed from construction, demolition, excavation, or dredge sites.

New matter indicated by italics - deletions by strikeout.
(E) Prior to November 1, 1999, the area is not less than 50 nor more than 100 acres and 75% of which is vacant (notwithstanding that the area has been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area), and the area meets at least one of the factors itemized in paragraph (1) of this subsection, the area has been designated as a town or village center by ordinance or comprehensive plan adopted prior to January 1, 1982, and the area has not been developed for that designated purpose.

(F) The area qualified as a blighted improved area immediately prior to becoming vacant, unless there has been substantial private investment in the immediately surrounding area.

(b) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "conservation area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "conservation area" means any improved area within the boundaries of a redevelopment project area located within the territorial limits of the municipality in which 50% or more of the structures in the area have an age of 35 years or more. Such an area is not yet a blighted area but because of a combination of 3 or more of the following factors is detrimental to the public safety, health, morals or welfare and such an area may become a blighted area:

(1) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(2) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(3) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration,
including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(4) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(5) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(6) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(7) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence or inadequacy of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(8) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(10) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(11) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(12) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(13) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is

(c) "Industrial park" means an area in a blighted or conservation area suitable for use by any manufacturing, industrial, research or transportation enterprise, of facilities to include but not be limited to factories, mills, processing plants, assembly plants, packing plants, fabricating plants, industrial distribution centers, warehouses, repair overhaul or service facilities, freight terminals, research facilities, test facilities or railroad facilities.

(d) "Industrial park conservation area" means an area within the boundaries of a redevelopment project area located within the territorial limits of a municipality that is a labor surplus municipality or within 1 1/2 miles of the territorial limits of a municipality that is a labor surplus municipality if the area is annexed to the municipality; which area is zoned as industrial no later than at the time the municipality by ordinance designates the redevelopment project area, and which area includes both vacant land suitable for use as an industrial park and a blighted area or conservation area contiguous to such vacant land.

(e) "Labor surplus municipality" means a municipality in which, at any time during the 6 months before the municipality by ordinance designates an industrial park conservation area, the unemployment rate was over 6% and was also 100% or more of the national average unemployment rate for that same time as published in the United States Department of Labor Bureau of Labor Statistics publication entitled "The Employment Situation" or its successor publication. For the purpose of this subsection, if unemployment rate statistics for the municipality are not available, the unemployment rate in the municipality shall be deemed to be the same as the unemployment rate in the principal county in which the municipality is located.

(f) "Municipality" shall mean a city, village or incorporated town.

(g) "Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located in a State Sales Tax Boundary during the calendar year 1985.

(g-1) "Revised Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located within the State Sales Tax Boundary revised pursuant to Section 11-74.4-8a(9) of this Act.

(h) "Municipal Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid to a municipality from the Local Government Tax Fund arising from sales by retailers and servicemen within the redevelopment project area or State Sales Tax Boundary, as the case may be, for as long as the redevelopment project area or State Sales Tax Boundary, as the case may be, exist over and above the aggregate amount of taxes as certified by the Illinois Department of Revenue and paid under the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act by retailers and servicemen, on transactions at places of business located in the redevelopment project area or State Sales Tax Boundary, as the case may be, during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall determine the Initial Sales Tax Amounts for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amounts". For purposes of determining the Municipal Sales Tax Increment, the Department of Revenue shall for each period subtract from the amount paid to the municipality from the Local Government Tax Fund arising from sales by retailers and servicemen on transactions located in the redevelopment project area or the State Sales Tax Boundary, as the case may be, the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act. For the State Fiscal Year 1989, this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service...
Occupation Tax Act, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, to June 30, 1989, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending June 30 to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts, as the case may be.

(i) "Net State Sales Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; and (c) 40% of all amounts in excess of $500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary. If, however, a municipality established a tax increment financing district in a county with a population in excess of 3,000,000 before January 1, 1986, and the municipality entered into a contract or issued bonds after January 1, 1986, but before December 31, 1986, to finance redevelopment project costs within a State Sales Tax Boundary, then the Net State Sales Tax Increment means, for the fiscal years beginning July 1, 1990, and July 1, 1991, 100% of the State Sales Tax Increment annually generated within a State Sales Tax Boundary; and notwithstanding any other provision of this Act, for those fiscal years the Department of Revenue shall distribute to those municipalities 100% of their Net State Sales Tax Increment before any distribution to any other municipality and regardless of whether or not those other municipalities will receive 100% of their Net State Sales Tax Increment. For Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a State Sales Tax Boundary, the Net State Sales Tax Increment shall be calculated as follows: By multiplying the Net State Sales Tax

No payment shall be made for State Fiscal Year 2008 and thereafter.

Municipalities that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991, or that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988, shall continue to receive their proportional share of the Illinois Tax Increment Fund distribution until the date on which the redevelopment project is completed or terminated. If, however, a municipality that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991 retires the bonds prior to June 30, 2007 or a municipality that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988 completes the contracts prior to June 30, 2007, then so long as the redevelopment project is not completed or is not terminated, the Net State Sales Tax Increment shall be calculated, beginning on the date on which the bonds are retired or the contracts are completed, as follows: By multiplying the Net State Sales Tax Increment by 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter. Refunding of any bonds issued prior to July 29, 1991, shall not alter the Net State Sales Tax Increment.

(j) "State Utility Tax Increment Amount" means an amount equal to the aggregate increase in State electric and gas tax charges imposed on owners and tenants, other than residential customers, of properties located within the redevelopment project area under Section 9-222 of the Public Utilities Act, over and above the aggregate of such charges as certified by the Department of Revenue and paid by owners and tenants, other than residential customers, of properties within the redevelopment project area during the base year, which shall be the calendar year immediately prior to the year of the adoption of the ordinance authorizing tax increment allocation financing.
(k) "Net State Utility Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Utility Tax Increment annually generated by a redevelopment project area; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of the State Utility Tax Increment annually generated by a redevelopment project area; and (c) 40% of all amounts in excess of $500,000 of State Utility Tax Increment annually generated by a redevelopment project area. For the State Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a redevelopment project area, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for the State Fiscal Year 2008 and thereafter.

Municipalities that issue bonds in connection with the redevelopment project during the period from June 1, 1988 until 3 years after the effective date of this Amendatory Act of 1988 shall receive the Net State Utility Tax Increment, subject to appropriation, for 15 State Fiscal Years after the issuance of such bonds. For the 16th through the 20th State Fiscal Years after issuance of the bonds, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in year 16; 80% in year 17; 70% in year 18; 60% in year 19; and 50% in year 20. Refunding of any bonds issued prior to June 1, 1988, shall not alter the revised Net State Utility Tax Increment payments set forth above.

(m) "Payment in lieu of taxes" means those estimated tax revenues from real property in a redevelopment project area derived from real property that has been acquired by a municipality which according to the redevelopment project or plan is to be used for a private use which taxing districts would have received had a municipality not acquired the real property and adopted tax increment allocation financing and which would result from levies made after the time of the adoption of tax increment

(n) "Redevelopment plan" means the comprehensive program of the municipality for development or redevelopment intended by the payment of redevelopment project costs to reduce or eliminate those conditions the existence of which qualified the redevelopment project area as a "blighted area" or "conservation area" or combination thereof or "industrial park conservation area," and thereby to enhance the tax bases of the taxing districts which extend into the redevelopment project area. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting. Each redevelopment plan shall set forth in writing the program to be undertaken to accomplish the objectives and shall include but not be limited to:

(A) an itemized list of estimated redevelopment project costs;
(B) evidence indicating that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise;
(C) an assessment of any financial impact of the redevelopment project area on or any increased demand for services from any taxing district affected by the plan and any program to address such financial impact or increased demand;

(I) if it concerns an industrial park conservation area, the plan shall also include a general description of any proposed developer, user and tenant of any property, a description of the type, structure and general character of the facilities to be developed, a description of the type, class and number of new employees to be employed in the operation of the facilities to be developed; and

(J) if property is to be annexed to the municipality, the plan shall include the terms of the annexation agreement.

The provisions of items (B) and (C) of this subsection (n) shall not apply to a municipality that before March 14, 1994 (the effective date of Public Act 88-537) had fixed, either by its corporate authorities or by a commission designated under subsection (k) of Section 11-74.4-4, a time and place for a public hearing as required by subsection (a) of Section 11-74.4-5. No redevelopment plan shall be adopted unless a municipality complies with all of the following requirements:

(1) The municipality finds that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of the redevelopment plan.

(2) The municipality finds that the redevelopment plan and project conform to the comprehensive plan for the development of the municipality as a whole, or, for municipalities with a population of 100,000 or more, regardless of when the redevelopment plan and project was adopted, the redevelopment plan and project either: (i) conforms to the strategic economic development or redevelopment plan issued by the designated planning authority of the municipality, or (ii) includes land uses that have been approved by the planning commission of the municipality.

(3) The redevelopment plan establishes the estimated dates of completion of the redevelopment project and retirement of obligations issued to finance redevelopment project costs. Those dates shall not be later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the twenty-third calendar year after the year in which the ordinance approving the redevelopment project area is

entered into before June 1, 1988, in connection with a redevelopment project in the area within the State Sales Tax Boundary, the estimated dates of completion of the redevelopment project and retirement of obligations to finance redevelopment project costs may be extended by municipal ordinance to December 31, 2013. The termination procedures of subsection (b) of Section 11-74.4-8 are not required for these redevelopment project areas in 2009 but are required in 2013. The extension allowed by this amendatory Act of 1993 shall not apply to real property tax increment allocation financing under Section 11-74.4-8.

A municipality may by municipal ordinance amend an existing redevelopment plan to conform to this paragraph (3) as amended by Public Act 91-478, which municipal ordinance may be adopted without further hearing or notice and without complying with the procedures provided in this Act pertaining to an amendment to or the initial approval of a redevelopment plan and project and designation of a redevelopment project area.

Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were adopted on or after December 16, 1986 and for which at least $8 million worth of municipal bonds were authorized on or after December 19, 1989 but before January 1, 1990; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were established on or after December 1, 1981 but before January 1, 1982 and for which at least $1,500,000 worth of tax increment revenue bonds were authorized on or after September 30, 1990 but before July 1, 1991; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise
constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

(3.5) The municipality finds, in the case of an industrial park conservation area, also that the municipality is a labor surplus municipality and that the implementation of the redevelopment plan will reduce unemployment, create new jobs and by the provision of new facilities enhance the tax base of the taxing districts that extend into the redevelopment project area.

(4) If any incremental revenues are being utilized under Section 8(a)(1) or 8(a)(2) of this Act in redevelopment project areas approved by ordinance after January 1, 1986, the municipality finds: (a) that the redevelopment project area would not reasonably be developed without the use of such incremental revenues, and (b) that such incremental revenues will be exclusively utilized for the development of the redevelopment project area.

(5) If the redevelopment plan will not result in displacement of residents from 10 or more inhabited residential units, and the municipality certifies in the plan that such displacement will not result from the plan, a housing impact study need not be performed. If, however, the redevelopment plan would result in the displacement of residents from 10 or more inhabited residential units, or if the redevelopment project area contains 75 or more inhabited residential units and no certification is made, then the municipality shall prepare, as part of the separate feasibility report required by subsection (a) of Section 11-74.4-5, a housing impact study.

Part I of the housing impact study shall include (i) data as to whether the residential units are single family or multi-family units, (ii) the number and type of rooms within the units, if that information is available, (iii) whether the units are inhabited or uninhabited, as determined not less than 45 days before the date that the ordinance or resolution required by subsection (a) of Section 11-74.4-5 is passed, and (iv) data as to the racial and ethnic composition of the residents in the inhabited residential units. The data requirement as to the racial and ethnic composition of the residents in the inhabited residential units shall be deemed to be fully satisfied by data from the most recent federal census.

New matter indicated by italics - deletions by strikeout.
Part II of the housing impact study shall identify the inhabited residential units in the proposed redevelopment project area that are to be or may be removed. If inhabited residential units are to be removed, then the housing impact study shall identify (i) the number and location of those units that will or may be removed, (ii) the municipality's plans for relocation assistance for those residents in the proposed redevelopment project area whose residences are to be removed, (iii) the availability of replacement housing for those residents whose residences are to be removed, and shall identify the type, location, and cost of the housing, and (iv) the type and extent of relocation assistance to be provided.

(6) On and after November 1, 1999, the housing impact study required by paragraph (5) shall be incorporated in the redevelopment plan for the redevelopment project area.

(7) On and after November 1, 1999, no redevelopment plan shall be adopted, nor an existing plan amended, nor shall residential housing that is occupied by households of low-income and very low-income persons in currently existing redevelopment project areas be removed after November 1, 1999 unless the redevelopment plan provides, with respect to inhabited housing units that are to be removed for households of low-income and very low-income persons, affordable housing and relocation assistance not less than that which would be provided under the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and the regulations under that Act, including the eligibility criteria. Affordable housing may be either existing or newly constructed housing. For purposes of this paragraph (7), "low-income households", "very low-income households", and "affordable housing" have the meanings set forth in the Illinois Affordable Housing Act. The municipality shall make a good faith effort to ensure that this affordable housing is located in or near the redevelopment project area within the municipality.

(8) On and after November 1, 1999, if, after the adoption of the redevelopment plan for the redevelopment project area, any municipality desires to amend its redevelopment plan to remove more inhabited residential units than specified in its original redevelopment plan, that change shall be made in accordance with the procedures in subsection (c) of Section 11-74.4-5.

(9) For redevelopment project areas designated prior to November 1, 1999, the redevelopment plan may be amended without further joint review board meeting or hearing, provided that the municipality shall give notice of any such changes by mail to each affected taxing district and registrant on the interested party registry, to authorize the municipality to expend tax increment revenues for redevelopment project costs defined by paragraphs (5) and (7.5), subparagraphs (E) and (F) of paragraph (11), and paragraph (11.5) of subsection (q) of Section 11-74.4-3, so long as the changes do not increase the total estimated redevelopment project costs set out in the redevelopment plan by more than 5% after adjustment for inflation from the date the plan was adopted.

(o) "Redevelopment project" means any public and private development project in furtherance of the objectives of a redevelopment plan. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting.

(p) "Redevelopment project area" means an area designated by the municipality, which is not less in the aggregate than 1 1/2 acres and in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as an industrial park conservation area or a blighted area or a conservation area, or a combination of both blighted areas and conservation areas.

(q) "Redevelopment project costs" mean and include the sum total of all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to a redevelopment plan and a redevelopment project. Such costs include, without limitation, the following:

1. Costs of studies, surveys, development of plans, and specifications, implementation and administration of the redevelopment plan including but not limited to staff and professional service costs for architectural, engineering, legal, financial, planning or other services, provided however that no charges for professional services may be based on a percentage of

the tax increment collected; except that on and after November 1, 1999 (the effective date of Public Act 91-478), no contracts for professional services, excluding architectural and engineering services, may be entered into if the terms of the contract extend beyond a period of 3 years. In addition, "redevelopment project costs" shall not include lobbying expenses. After consultation with the municipality, each tax increment consultant or advisor to a municipality that plans to designate or has designated a redevelopment project area shall inform the municipality in writing of any contracts that the consultant or advisor has entered into with entities or individuals that have received, or are receiving, payments financed by tax increment revenues produced by the redevelopment project area with respect to which the consultant or advisor has performed, or will be performing, service for the municipality. This requirement shall be satisfied by the consultant or advisor before the commencement of services for the municipality and thereafter whenever any other contracts with those individuals or entities are executed by the consultant or advisor;

(1.5) After July 1, 1999, annual administrative costs shall not include general overhead or administrative costs of the municipality that would still have been incurred by the municipality if the municipality had not designated a redevelopment project area or approved a redevelopment plan;

district's increased costs attributable to assisted housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act, and which costs shall be paid by the municipality from the Special Tax Allocation Fund when the tax increment revenue is received as a result of the assisted housing units and shall be calculated annually as follows:

(A) for foundation districts, excluding any school district in a municipality with a population in excess of 1,000,000, by multiplying the district's increase in attendance resulting from the net increase in new students enrolled in that school district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by the most recently available per capita tuition cost as defined in Section 10-20.12a of the School Code less any increase in general State aid as defined in Section 18-8.05 of the School Code attributable to these added new students subject to the following annual limitations:

(i) for unit school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 25% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act;

(B) For alternate method districts, flat grant districts, and foundation districts with a district average 1995-96 Per Capita Tuition Charge equal to or more than $5,900, excluding any school district with a population in excess of 1,000,000, by multiplying the district's increase in attendance resulting from the net increase in new students enrolled in that school district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by the most recently available per capita tuition cost as defined in Section 10-20.12a of the School Code less any increase in general state aid as defined in Section 18-8.05 of the School Code attributable to these added new students subject to the following annual limitations:

(i) for unit school districts, no more than 40% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act;

increment revenue produced by those housing units that have received tax increment finance assistance under this Act.

(C) For any school district in a municipality with a population in excess of 1,000,000, the following restrictions shall apply to the reimbursement of increased costs under this paragraph (7.5):

(i) no increased costs shall be reimbursed unless the school district certifies that each of the schools affected by the assisted housing project is at or over its student capacity;

(ii) the amount reimbursable shall be reduced by the value of any land donated to the school district by the municipality or developer, and by the value of any physical improvements made to the schools by the municipality or developer; and

(iii) the amount reimbursed may not affect amounts otherwise obligated by the terms of any bonds, notes, or other funding instruments, or the terms of any redevelopment agreement.

Any school district seeking payment under this paragraph (7.5) shall, after July 1 and before September 30 of each year, provide the municipality with reasonable evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the school district. If the school district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year.

School districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.5). By acceptance of this reimbursement the school district waives the right to directly or indirectly set aside, modify, or contest in any manner the establishment of the redevelopment project area or projects;

(8) Relocation costs to the extent that a municipality determines that relocation costs shall be paid or is required to make payment of relocation costs by federal or State law or in order to satisfy subparagraph (7) of subsection (n);

(9) Payment in lieu of taxes;

(10) Costs of job training, retraining, advanced vocational education or career education, including but not limited to courses in occupational, semi-technical or technical fields leading directly to employment, incurred by one or more taxing districts, provided that such costs (i) are related to the establishment and maintenance of additional job training, advanced vocational education or career education programs for persons employed or to be employed by employers located in a redevelopment project area; and (ii) when incurred by a taxing district or taxing districts other than the municipality, are set forth in a written agreement by or among the municipality and the taxing district or taxing districts, which agreement describes the program to be undertaken, including but not limited to the number of employees to be trained, a description of the training and services to be provided, the number and type of positions available or to be available, itemized costs of the program and sources of funds to pay for the same, and the term of the agreement. Such costs include, specifically, the payment by community college districts of costs pursuant to Sections 3-37, 3-38, 3-40 and 3-40.1 of the Public Community College Act and by school districts of costs pursuant to Sections 10-22.20a and 10-23.3a of The School Code;

(11) Interest cost incurred by a redeveloper related to the construction, renovation or rehabilitation of a redevelopment project provided that:

(A) such costs are to be paid directly from the special tax allocation fund established pursuant to this Act;

(B) such payments in any one year may not exceed 30% of the annual interest costs incurred by the redeveloper with regard to the redevelopment project during that year;

(C) if there are not sufficient funds available in the special tax allocation fund to make the payment pursuant to this paragraph (11) then the amounts so due shall accrue and be payable when
sufficient funds are available in the special tax allocation fund;

(D) the total of such interest payments paid pursuant to this Act may not exceed 30% of the total (i) cost paid or incurred by the redeveloper for the redevelopment project plus (ii) redevelopment project costs excluding any property assembly costs and any relocation costs incurred by a municipality pursuant to this Act; and

(E) the cost limits set forth in subparagraphs (B) and (D) of paragraph (11) shall be modified for the financing of rehabilitated or new housing units for low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act. The percentage of 75% shall be substituted for 30% in subparagraphs (B) and (D) of paragraph (11).

(F) Instead of the eligible costs provided by subparagraphs (B) and (D) of paragraph (11), as modified by this subparagraph, and notwithstanding any other provisions of this Act to the contrary, the municipality may pay from tax increment revenues up to 50% of the cost of construction of new housing units to be occupied by low-income households and very low-income households as defined in Section 3 of the Illinois Affordable Housing Act. The cost of construction of those units may be derived from the proceeds of bonds issued by the municipality under this Act or other constitutional or statutory authority or from other sources of municipal revenue that may be reimbursed from tax increment revenues or the proceeds of bonds issued to finance the construction of that housing.

The eligible costs provided under this subparagraph (F) of paragraph (11) shall be an eligible cost for the construction, renovation, and rehabilitation of all low and very low-income housing units, as defined in Section 3 of the Illinois Affordable Housing Act, within the redevelopment project area. If the low and

very low-income units are part of a residential redevelopment project that includes units not affordable to low and very low-income households, only the low and very low-income units shall be eligible for benefits under subparagraph (F) of paragraph (11).

The standards for maintaining the occupancy by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, of those units constructed with eligible costs made available under the provisions of this subparagraph (F) of paragraph (11) shall be established by guidelines adopted by the municipality. The responsibility for annually documenting the initial occupancy of the units by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, shall be that of the then current owner of the property. For ownership units, the guidelines will provide, at a minimum, for a reasonable recapture of funds, or other appropriate methods designed to preserve the original affordability of the ownership units. For rental units, the guidelines will provide, at a minimum, for the affordability of rent to low and very low-income households. As units become available, they shall be rented to income-eligible tenants. The municipality may modify these guidelines from time to time; the guidelines, however, shall be in effect for as long as tax increment revenue is being used to pay for costs associated with the units or for the retirement of bonds issued to finance the units or for the life of the redevelopment project area, whichever is later.

(11.5) If the redevelopment project area is located within a municipality with a population of more than 100,000, the cost of day care services for children of employees from low-income families working for businesses located within the redevelopment project area and all or a portion of the cost of operation of day care centers established by redevelopment project area businesses to serve employees from low-income families working in businesses located in the redevelopment project area. For the purposes of this paragraph, "low-income families" means families whose annual income does not exceed 80% of the municipal, county, or regional median income, adjusted for family size, as the annual income and municipal, county, or regional median income are

determined from time to time by the United States Department of Housing and Urban Development.

(12) Unless explicitly stated herein the cost of construction of new privately-owned buildings shall not be an eligible redevelopment project cost.

(13) After November 1, 1999 (the effective date of Public Act 91-478), none of the redevelopment project costs enumerated in this subsection shall be eligible redevelopment project costs if those costs would provide direct financial support to a retail entity initiating operations in the redevelopment project area while terminating operations at another Illinois location within 10 miles of the redevelopment project area but outside the boundaries of the redevelopment project area municipality. For purposes of this paragraph, termination means a closing of a retail operation that is directly related to the opening of the same operation or like retail entity owned or operated by more than 50% of the original ownership in a redevelopment project area, but it does not mean closing an operation for reasons beyond the control of the retail entity, as documented by the retail entity, subject to a reasonable finding by the municipality that the current location contained inadequate space, had become economically obsolete, or was no longer a viable location for the retailer or serviceman.

If a special service area has been established pursuant to the Special Service Area Tax Act or Special Service Area Tax Law, then any tax increment revenues derived from the tax imposed pursuant to the Special Service Area Tax Act or Special Service Area Tax Law may be used within the redevelopment project area for the purposes permitted by that Act or Law as well as the purposes permitted by this Act.

(r) "State Sales Tax Boundary" means the redevelopment project area or the amended redevelopment project area boundaries which are determined pursuant to subsection (9) of Section 11-74.4-8a of this Act. The Department of Revenue shall certify pursuant to subsection (9) of Section 11-74.4-8a the appropriate boundaries eligible for the determination of State Sales Tax Increment.

(s) "State Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid by retailers and servicemen,

other than retailers and servicemen subject to the Public Utilities Act, on transactions at places of business located within a State Sales Tax Boundary pursuant to the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act, except such portion of such increase that is paid into the State and Local Sales Tax Reform Fund, the Local Government Distributive Fund, the Local Government Tax Fund and the County and Mass Transit District Fund, for as long as State participation exists, over and above the Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for such taxes as certified by the Department of Revenue and paid under those Acts by retailers and servicemen on transactions at places of business located within the State Sales Tax Boundary during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing, less 3.0% of such amounts generated under the Retailers' Occupation Tax Act, Use Tax Act and Service Use Tax Act and the Service Occupation Tax Act, which sum shall be appropriated to the Department of Revenue to cover its costs of administering and enforcing this Section. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall compute the Initial Sales Tax Amount for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amount". For purposes of determining the State Sales Tax Increment the Department of Revenue shall for each period subtract from the tax amounts received from retailers and servicemen on transactions located in the State Sales Tax Boundary, the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or Revised Initial Sales Tax Amounts for the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act and the Service Occupation Tax Act. For the State Fiscal Year 1989 this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from

October 1, 1988, until June 30, 1989, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial State Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending on June 30, to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts. Municipalities intending to receive a distribution of State Sales Tax Increment must report a list of retailers to the Department of Revenue by October 31, 1988 and by July 31, of each year thereafter.

(t) "Taxing districts" means counties, townships, cities and incorporated towns and villages, school, road, park, sanitary, mosquito abatement, forest preserve, public health, fire protection, river conservancy, tuberculosis sanitarium and any other municipal corporations or districts with the power to levy taxes.

(u) "Taxing districts' capital costs" means those costs of taxing districts for capital improvements that are found by the municipal corporate authorities to be necessary and directly result from the redevelopment project.

(v) As used in subsection (a) of Section 11-74.4-3 of this Act, "vacant land" means any parcel or combination of parcels of real property without industrial, commercial, and residential buildings which has not been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area, unless the parcel is included in an industrial park conservation area or the parcel has been subdivided; provided that if the parcel was part of a larger tract that has been divided into 3 or more smaller tracts that were accepted for recording during the period from 1950 to 1990, then the parcel shall be deemed to have been subdivided, and all proceedings and actions of the municipality taken in that connection with respect to any previously approved or designated redevelopment project area or amended redevelopment project area are hereby validated and hereby declared to be legally sufficient for all purposes of this Act. For purposes of this Section and only for land subject to the subdivision requirements of the Plat Act, land is subdivided when the original plat of the proposed Redevelopment Project Area or relevant portion thereof has been properly certified, acknowledged, approved, and recorded or filed in accordance with the Plat Act and a

preliminary plat, if any, for any subsequent phases of the proposed Redevelopment Project Area or relevant portion thereof has been properly approved and filed in accordance with the applicable ordinance of the municipality.

(w) "Annual Total Increment" means the sum of each municipality's annual Net Sales Tax Increment and each municipality's annual Net Utility Tax Increment. The ratio of the Annual Total Increment of each municipality to the Annual Total Increment for all municipalities, as most recently calculated by the Department, shall determine the proportional shares of the Illinois Tax Increment Fund to be distributed to each municipality.

(65 ILCS 5/11-74.4-7) (from Ch. 24, par. 11-74.4-7)

Sec. 11-74.4-7. Obligations secured by the special tax allocation fund set forth in Section 11-74.4-8 for the redevelopment project area may be issued to provide for redevelopment project costs. Such obligations, when so issued, shall be retired in the manner provided in the ordinance authorizing the issuance of such obligations by the receipts of taxes levied as specified in Section 11-74.4-9 against the taxable property included in the area, by revenues as specified by Section 11-74.4-8a and other revenue designated by the municipality. A municipality may in the ordinance pledge all or any part of the funds in and to be deposited in the special tax allocation fund created pursuant to Section 11-74.4-8 to the payment of the redevelopment project costs and obligations. Any pledge of funds in the special tax allocation fund shall provide for distribution to the taxing districts and to the Illinois Department of Revenue of moneys not required, pledged, earmarked, or otherwise designated for payment and securing of the obligations and anticipated redevelopment project costs and such excess funds shall be calculated annually and deemed to be "surplus" funds. In the event a municipality only applies or pledges a portion of the funds in the special tax allocation fund for the payment or securing of anticipated redevelopment project costs or of obligations, any such funds remaining in the special tax allocation fund after complying with the requirements of the application or pledge, shall also be calculated annually and deemed "surplus" funds. All surplus funds in the special tax allocation fund shall be distributed annually within 180 days after the close of the municipality's fiscal year by being paid by the municipal treasurer to the County Collector, to the Department of Revenue and to the municipality in

direct proportion to the tax incremental revenue received as a result of an increase in the equalized assessed value of property in the redevelopment project area, tax incremental revenue received from the State and tax incremental revenue received from the municipality, but not to exceed as to each such source the total incremental revenue received from that source. The County Collector shall thereafter make distribution to the respective taxing districts in the same manner and proportion as the most recent distribution by the county collector to the affected districts of real property taxes from real property in the redevelopment project area.

Without limiting the foregoing in this Section, the municipality may in addition to obligations secured by the special tax allocation fund pledge for a period not greater than the term of the obligations towards payment of such obligations any part or any combination of the following: (a) net revenues of all or part of any redevelopment project; (b) taxes levied and collected on any or all property in the municipality; (c) the full faith and credit of the municipality; (d) a mortgage on part or all of the redevelopment project; or (e) any other taxes or anticipated receipts that the municipality may lawfully pledge.

Such obligations may be issued in one or more series bearing interest at such rate or rates as the corporate authorities of the municipality shall determine by ordinance. Such obligations shall bear such date or dates, mature at such time or times not exceeding 20 years from their respective dates, be in such denomination, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, contain such covenants, terms and conditions, and be subject to redemption as such ordinance shall provide. Obligations issued pursuant to this Act may be sold at public or private sale at such price as shall be determined by the corporate authorities of the municipalities. No referendum approval of the electors shall be required as a condition to the issuance of obligations pursuant to this Division except as provided in this Section.

In the event the municipality authorizes issuance of obligations pursuant to the authority of this Division secured by the full faith and credit of the municipality, which obligations are other than obligations which may be issued under home rule powers provided by Article VII, Section 6 of the Illinois Constitution, or pledges taxes pursuant to (b) or (c) of the second paragraph of this section, the ordinance authorizing the issuance of such obligations or pledging such taxes shall be published within 10 days after such ordinance has been passed in one or more

newspapers, with general circulation within such municipality. The publication of the ordinance shall be accompanied by a notice of (1) the specific number of voters required to sign a petition requesting the question of the issuance of such obligations or pledging taxes to be submitted to the electors; (2) the time in which such petition must be filed; and (3) the date of the prospective referendum. The municipal clerk shall provide a petition form to any individual requesting one.

If no petition is filed with the municipal clerk, as hereinafter provided in this Section, within 30 days after the publication of the ordinance, the ordinance shall be in effect. But, if within that 30 day period a petition is filed with the municipal clerk, signed by electors in the municipality numbering 10% or more of the number of registered voters in the municipality, asking that the question of issuing obligations using full faith and credit of the municipality as security for the cost of paying for redevelopment project costs, or of pledging taxes for the payment of such obligations, or both, be submitted to the electors of the municipality, the corporate authorities of the municipality shall call a special election in the manner provided by law to vote upon that question, or, if a general, State or municipal election is to be held within a period of not less than 30 or more than 90 days from the date such petition is filed, shall submit the question at the next general, State or municipal election. If it appears upon the canvass of the election by the corporate authorities that a majority of electors voting upon the question voted in favor thereof, the ordinance shall be in effect, but if a majority of the electors voting upon the question are not in favor thereof, the ordinance shall not take effect.

The ordinance authorizing the obligations may provide that the obligations shall contain a recital that they are issued pursuant to this Division, which recital shall be conclusive evidence of their validity and of the regularity of their issuance.

In the event the municipality authorizes issuance of obligations pursuant to this Section secured by the full faith and credit of the municipality, the ordinance authorizing the obligations may provide for the levy and collection of a direct annual tax upon all taxable property within the municipality sufficient to pay the principal thereof and interest thereon as it matures, which levy may be in addition to and exclusive of the maximum of all other taxes authorized to be levied by the municipality, which levy, however, shall be abated to the extent that monies from other sources are available for payment of the obligations and

the municipality certifies the amount of said monies available to the county clerk.

A certified copy of such ordinance shall be filed with the county clerk of each county in which any portion of the municipality is situated, and shall constitute the authority for the extension and collection of the taxes to be deposited in the special tax allocation fund.

A municipality may also issue its obligations to refund in whole or in part, obligations theretofore issued by such municipality under the authority of this Act, whether at or prior to maturity, provided however, that the last maturity of the refunding obligations shall not be expressed to mature later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the twenty-third calendar year after the year in which the ordinance approving the redevelopment project area is adopted if the ordinance was adopted on or after January 15, 1981, and not later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-fifth calendar year after the year in which the ordinance approving the redevelopment project area is adopted (A) if the ordinance was adopted before January 15, 1981, or (B) if the ordinance was adopted in December 1983, April 1984, July 1985, or December 1989, or (C) if the ordinance was adopted in December, 1987 and the redevelopment project is located within one mile of Midway Airport, or (D) if the ordinance was adopted before January 1, 1987 by a municipality in Mason County, or (E) if the municipality is subject to the Local Government Financial Planning and Supervision Act or the Financially Distressed City Law, or (F) if the ordinance was adopted in December 1984 by the Village of Rosemont, or (G) if the ordinance was adopted on December 31, 1986 by a municipality located in Clinton County for which at least $250,000 of tax increment bonds were authorized on June 17, 1997, or if the ordinance was adopted on December 31, 1986 by a municipality with a population in 1990 of less than 3,600 that is located in a county with a population in 1990 of less than 34,000 and for which at least $250,000 of tax increment bonds were authorized on June 17, 1997, or (H) if the ordinance was adopted on October 5, 1982 by the City of Kankakee, or (I) if the ordinance was adopted on December 29, 1986 by East St. Louis, or if the ordinance was adopted on November 12, 1991 by the Village of Sauget, or (J) if the ordinance was adopted on February 11,
1985 by the City of Rock Island, or (K) if the ordinance was adopted before December 18, 1986 by the City of Moline, or (L) if the ordinance was adopted in September 1988 by Sauk Village, or (M) if the ordinance was adopted in October 1993 by Sauk Village, or (N) if the ordinance was adopted on December 29, 1986 by the City of Galva, or (O) if the ordinance was adopted in March 1991 by the City of Centreville, or (P) if the ordinance was adopted on January 23, 1991 by the City of East St. Louis, or (Q) if the ordinance was adopted on December 22, 1986 by the City of Aledo, or (R) if the ordinance was adopted on February 5, 1990 by the City of Clinton, or (S) if the ordinance was adopted on September 6, 1994 by the City of Freeport, or (T) if the ordinance was adopted on December 22, 1986 by the City of Tuscola, or (U) if the ordinance was adopted on December 23, 1986 by the City of Sparta, or (V) if the ordinance was adopted on December 23, 1986 by the City of Beardstown, or (W) if the ordinance was adopted on April 27, 1981, October 21, 1985, or December 30, 1986 by the City of Belleville, or (X) if the ordinance was adopted on December 29, 1986 by the City of Collinsville, or (Y) if the ordinance was adopted on September 14, 1994 by the City of Alton, or (Z) if the ordinance was adopted on November 11, 1996 by the City of Lexington, or (AA) if the ordinance was adopted on November 5, 1984 by the City of LeRoy, or (BB) if the ordinance was adopted on April 3, 1991 or June 3, 1992 by the City of Markham, or (CC) if the ordinance was adopted on November 11, 1986 by the City of Pekin and, for redevelopment project areas for which bonds were issued before July 29, 1991, in connection with a redevelopment project in the area within the State Sales Tax Boundary and which were extended by municipal ordinance under subsection (n) of Section 11-74.4-3, the last maturity of the refunding obligations shall not be expressed to mature later than the date on which the redevelopment project area is terminated or December 31, 2013, whichever date occurs first.

In the event a municipality issues obligations under home rule powers or other legislative authority the proceeds of which are pledged to pay for redevelopment project costs, the municipality may, if it has followed the procedures in conformance with this division, retire said obligations from funds in the special tax allocation fund in amounts and in such manner as if such obligations had been issued pursuant to the provisions of this division.

All obligations heretofore or hereafter issued pursuant to this Act shall not be regarded as indebtedness of the municipality issuing such obligations.

Such records and communications shall be admissible only as to issues involving the recipient's physical or mental condition and only to the extent that these are germane to such proceedings.

(5) Records and communications may be disclosed in a proceeding under the Probate Act of 1975, to determine a recipient's competency or need for guardianship, provided that the disclosure is made only with respect to that issue.

The court or agency may prevent disclosure or limit disclosure to the extent that other admissible evidence is sufficient to establish the facts in issue. The court or agency may enter such orders as may be necessary to protect the confidentiality, privacy, and safety of the recipient or of other persons. Any order to disclose or to not disclose shall be considered a final order for purposes of appeal and shall be subject to interlocutory appeal.

Sec. 10-245. Method of valuation of low-income housing projects. Notwithstanding Section 1-55 and except in counties with a population of more than 200,000 that classify property for the purposes of taxation, to determine 33 and one-third percent of the fair cash value of any low-income housing project developed under the Section 515 program or that qualifies for the low-income housing tax credit under Section 42 of the Internal Revenue Code, in assessing the project, local assessment officers must consider the actual or probable net operating income attributable to the project, using a vacancy rate of not more than 5%, capitalized at normal market rates. than the accused has provided the money for the posting of bail. The form shall also include a written notice to such person who has provided the defendant with the money for the posting of bail indicating that the bail may be used to pay costs, attorney's fees, fines, or other purposes authorized by the court and if the defendant fails to comply with the conditions of the bail bond, the court shall enter an order declaring the bail to be forfeited. The written notice must be: (1) distinguishable from the surrounding text; (2) in bold type or underscored; and (3) in a type size at least 2 points larger than the surrounding type. When a person for whom bail has been set is charged with an offense under the "Illinois Controlled Substances Act" which is a Class X felony, the court may require the defendant to deposit a sum equal to 100% of the bail. Where any person is charged with a forcible felony while free on bail and is the subject of proceedings under Section 109-3 of this Code the judge conducting the preliminary examination may also conduct a hearing upon the application of the State pursuant to the provisions of Section 110-6 of this Code to increase or revoke the bail for that person's prior alleged offense.

(b) Upon depositing this sum and any bond fee authorized by law, the person shall be released from custody subject to the conditions of the bail bond.

(f) When the conditions of the bail bond have been performed and the accused has been discharged from all obligations in the cause the clerk of the court shall return to the accused or to the defendant's designee by an assignment executed at the time the bail amount is deposited, unless the court orders otherwise, 90% of the sum which had been deposited and shall retain as bail bond costs 10% of the amount deposited. However, in no event shall the amount retained by the clerk as bail bond costs be less
than $5. In counties with a population of less than 3,000,000, the court shall not order bail bond deposited by or on behalf of a defendant in one case to be used to satisfy financial obligations of that same defendant in a different case until the bail bond is first used to satisfy court costs in the case in which the bail bond has been deposited.

The provisions of this amendatory Act of 1990 apply to policies of insurance applied for after June 30, 1991.

(2) Right of rejection of additional uninsured motorist coverage. Any named insured or applicant after June 30, 1991, every application for motor vehicle coverage must contain a space for indicating the rejection of additional uninsured motorist coverage. No rejection of that coverage may be effective unless the applicant signs or initials the indication of rejection. The applicant may reject additional uninsured motorist coverage in excess of the limits set forth in Section 7-203 of the Illinois Vehicle Code by making a written request for limits of uninsured motorist coverage which are less than bodily injury liability limits or a written rejection of limits in excess of those required by law. This election or rejection shall be binding on all persons insured under the policy. In those cases, including policies first issued before July 1, 1991, where the insured has elected to purchase limits of uninsured motorist coverage which are less than bodily injury liability limits or to reject limits in excess of those required by law, the insurer need not provide in any renewal, reinstatement, reissuance, substitute, amended, replacement or supplementary policy, coverage in excess of that elected by the insured in connection with a policy previously issued to such insured by the same insurer unless the insured subsequently makes a written request for such coverage.

(3) The original document application indicating the applicant's selection of uninsured motorist coverage limits shall constitute sufficient evidence of the applicant's selection of uninsured motorist coverage limits and shall be binding on all persons insured under the policy. For purposes of this Section any reproduction of the document application by means of photograph, photostat, microfiche, computerized optical imaging process,

or other similar process or means of reproduction shall be deemed the equivalent of the original document application.

(4) For the purpose of this Code the term "underinsured motor vehicle" means a motor vehicle whose ownership, maintenance or use has resulted in bodily injury or death of the insured, as defined in the policy, and for which the sum of the limits of liability under all bodily injury liability insurance policies or under bonds or other security required to be maintained under Illinois law applicable to the driver or to the person or organization legally responsible for such vehicle and applicable to the vehicle, is less than the limits for underinsured coverage provided the insured as defined in the policy at the time of the accident. The limits of liability for an insurer providing underinsured motorist coverage shall be the limits of such coverage, less those amounts actually recovered under the applicable bodily injury insurance policies, bonds or other security maintained on the underinsured motor vehicle. However, the maximum amount payable by the underinsured motorist coverage carrier shall not exceed the amount by which the limits of the underinsured motorist coverage exceed the limits of the bodily injury liability insurance of the owner or operator of the underinsured motor vehicle.

On or after July 1, 1983, no policy insuring against loss resulting from liability imposed by law for bodily injury or death suffered by any person arising out of the ownership, maintenance or use of a motor vehicle shall be renewed or delivered or issued for delivery in this State with respect to any motor vehicle designed for use on public highways and required to be registered in this State unless underinsured motorist coverage is included in such policy in an amount equal to the total amount of uninsured motorist coverage provided in that policy where such uninsured motorist coverage exceeds the limits set forth in Section 7-203 of the Illinois Vehicle Code.

The changes made to this subsection (4) by this amendatory Act of the 93rd General Assembly apply to policies issued or renewed on or after December 1, 2004.

(5) Scope. Nothing herein shall prohibit an insurer from setting forth policy terms and conditions which provide that if the insured has coverage available under this Section under more than one policy or provision of coverage, any recovery or benefits may be equal to, but may not exceed, the higher of the applicable limits of the respective coverage, and the limits of liability under this Section shall not be increased because of multiple motor vehicles covered under the same policy of insurance.

New matter indicated by italics - deletions by strikeout.
Insurers providing liability coverage on an excess or umbrella basis are neither required to provide, nor are they prohibited from offering or making available coverages conforming to this Section on a supplemental basis. Notwithstanding the provisions of this Section, an insurer shall not be prohibited from solely providing a combination of uninsured and underinsured motorist coverages where the limits of liability under each coverage is in the same amount.

(6) Subrogation against underinsured motorists. No insurer shall exercise any right of subrogation under a policy providing additional uninsured motorist coverage against an underinsured motorist where the insurer has been provided with written notice in advance of a settlement between its insured and the underinsured motorist and the insurer fails to advance a payment to the insured, in an amount equal to the tentative settlement, within 30 days following receipt of such notice.

(7) A policy which provides underinsured motor vehicle coverage may include a clause which denies payment until the limits of liability or portion thereof under all bodily injury liability insurance policies applicable to the underinsured motor vehicle and its operators have been partially or fully exhausted by payment of judgment or settlement. A judgment or settlement of the bodily injury claim in an amount less than the limits of liability of the bodily injury coverages applicable to the claim shall not preclude the claimant from making an underinsured motorist claim against the underinsured motorist coverage. Any such provision in a policy of insurance shall be inapplicable if the insured, or the legal representative of the insured, and the insurer providing underinsured motor vehicle coverage agree that the insured has suffered bodily injury or death as the result of the negligent operation, maintenance, or use of an underinsured motor vehicle and, without arbitration, agree also on the amount of damages that the insured is legally entitled to collect. The maximum amount payable pursuant to such an underinsured motor vehicle insurance settlement agreement shall not exceed the amount by which the limits of the underinsured motorist coverage exceed the limits of the bodily injury liability insurance of the owner or operator of the underinsured motor vehicle. Any such agreement shall be final as to the amount due and shall be binding upon both the insured and the underinsured motorist insurer regardless of the amount of any judgment, or any settlement reached between any insured and the person or persons responsible for the accident. No such settlement agreement shall be concluded unless: (i) the insured has complied with all other applicable
policy terms and conditions; and (ii) before the conclusion of the settlement agreement, the insured has filed suit against the underinsured motor vehicle owner or operator and has not abandoned the suit, or settled the suit without preserving the rights of the insurer providing underinsured motor vehicle coverage in the manner described in paragraph (6) of this Section.

(d) An offender serving a sentence for a misdemeanor who is convicted of a felony and sentenced to imprisonment shall be transferred to the Department of Corrections, and the misdemeanor sentence shall be merged in and run concurrently with the felony sentence.

(e) In determining the manner in which consecutive sentences of imprisonment, one or more of which is for a felony, will be served, the Department of Corrections shall treat the offender as though he had been committed for a single term with the following incidents:

(1) the maximum period of a term of imprisonment shall consist of the aggregate of the maximums of the imposed indeterminate terms, if any, plus the aggregate of the imposed determinate sentences for felonies plus the aggregate of the imposed determinate sentences for misdemeanors subject to paragraph (c) of this Section;

(2) the parole or mandatory supervised release term shall be as provided in paragraph (e) of Section 5-8-1 of this Code for the most serious of the offenses involved;

(3) the minimum period of imprisonment shall be the aggregate of the minimum and determinate periods of imprisonment imposed by the court, subject to paragraph (c) of this Section; and

commission of the offense or offenses and as a consequence thereof at the rate specified in Section 3-6-3 of this Code.

(f) A sentence of an offender committed to the Department of Corrections at the time of the commission of the offense shall be served consecutive to the sentence under which he is held by the Department of Corrections. However, in case such offender shall be sentenced to punishment by death, the sentence shall be executed at such time as the court may fix without regard to the sentence under which such offender may be held by the Department.

(g) A sentence under Section 3-6-4 for escape or attempted escape shall be served consecutive to the terms under which the offender is held by the Department of Corrections.

(h) If a person charged with a felony commits a separate felony while on pre-trial release or in pretrial detention in a county jail facility or county detention facility, the sentences imposed upon conviction of these felonies shall be served consecutively regardless of the order in which the judgments of conviction are entered.

(i) If a person admitted to bail following conviction of a felony commits a separate felony while free on bond or if a person detained in a county jail facility or county detention facility following conviction of a felony commits a separate felony while in detention, any sentence following conviction of the separate felony shall be consecutive to that of the original sentence for which the defendant was on bond or detained.

Section 99. Effective date. This Act takes effect upon becoming law.

PUBLIC ACT 93-0769
(House Bill No. 4947)

AN ACT concerning procurement.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Procurement Code is amended by changing Section 45-45 as follows:

New matter indicated by italics - deletions by strikeout.
Sec. 45-45. Small businesses.

(a) Set-asides. The chief procurement officer has authority to designate as small business set-asides a fair proportion of construction, supply, and service contracts for award to small businesses in Illinois. Advertisements for bids or offers for those contracts shall specify designation as small business set-asides. In awarding the contracts, only bids or offers from qualified small businesses shall be considered.

(b) Small business. "Small business" means a business that is independently owned and operated and that is not dominant in its field of operation. The chief procurement officer shall establish a detailed definition by rule, using in addition to the foregoing criteria other criteria, including the number of employees and the dollar volume of business. When computing the size status of a bidder, annual sales and receipts of the bidder and all of its affiliates shall be included. The maximum number of employees and the maximum dollar volume that a small business may have under the rules promulgated by the chief procurement officer may vary from industry to industry to the extent necessary to reflect differing characteristics of those industries, subject to the following limitations:

   (1) No wholesale business is a small business if its annual sales for its most recently completed fiscal year exceed $10,000,000.
   (2) No retail business or business selling services is a small business if its annual sales and receipts exceed $6,000,000.
   (3) No manufacturing business is a small business if it employs more than 250 persons.
   (4) No construction business is a small business if its annual sales and receipts exceed $10,000,000.

(c) Fair proportion. For the purpose of subsection (a), for State agencies of the executive branch, a fair proportion of construction contracts shall be no less than 25% nor more than 40% of the annual total contracts for construction.

(d) Withdrawal of designation. A small business set-aside designation may be withdrawn by the purchasing agency when deemed in the best interests of the State. Upon withdrawal, all bids or offers shall be rejected, and the bidders or offerors shall be notified of the reason for rejection. The contract shall then be awarded in accordance with this Code without the designation of small business set-aside.
(e) Small business specialist. The chief procurement officer shall designate a State purchasing officer who will be responsible for engaging an experienced contract negotiator to serve as its small business specialist, whose duties shall include:

1. Compiling and maintaining a comprehensive bidders list of small businesses. In this duty, he or she shall cooperate with the Federal Small Business Administration in locating potential sources for various products and services.
2. Assisting small businesses in complying with the procedures for bidding on State contracts.
3. Examining requests from State agencies for the purchase of property or services to help determine which invitations to bid are to be designated small business set-asides.
4. Making recommendations to the chief procurement officer for the simplification of specifications and terms in order to increase the opportunities for small business participation.
5. Assisting in investigations by purchasing agencies to determine the responsibility of bidders on small business set-asides.

(f) Small business annual report. The State purchasing officer designated under subsection (e) shall annually before December 1 report in writing to the General Assembly concerning the awarding of contracts to small businesses. The report shall include the total value of awards made in the preceding fiscal year under the designation of small business set-aside. The report shall also include the total value of awards made to businesses owned by minorities, females, and persons with disabilities, as defined in the Business Enterprise for Minorities, Females, and Persons with Disabilities Act, in the preceding fiscal year under the designation of small business set-aside.

The requirement for reporting to the General Assembly shall be satisfied by filing copies of the report as required by Section 3.1 of the General Assembly Organization Act.

AN ACT in relation to mental health.
Be it enacted by the People of the State of Illinois, represented in
the General Assembly:

Section 5. The Mental Health and Developmental Disabilities Code
is amended by changing Sections 3-605 and 3-819 as follows:

(405 ILCS 5/3-605) (from Ch. 91 1/2, par. 3-605)
Sec. 3-605. (a) In counties with a population of 3,000,000 or more,
upon receipt of a petition and certificate prepared pursuant to this Article,
the county sheriff of the county in which a respondent is found shall take a
respondent into custody and transport him to a mental health facility, or
may make arrangements with another public or private entity including a
licensed ambulance service to transport the respondent to the mental health
facility. In the event it is determined by such facility that the respondent is
in need of commitment or treatment at another mental health facility, the
county sheriff shall transport the respondent to the appropriate mental
health facility, or the county sheriff may make arrangements with another
public or private entity including a licensed ambulance service to transport
the respondent to the mental health facility.

(b) The county sheriff may delegate his duties under subsection (a)
hereunder to another law enforcement body within that county if that law
enforcement body agrees.

(b-5) In counties with a population under 3,000,000, upon receipt
of a petition and certificate prepared pursuant to this Article, the
Department shall make arrangements to appropriately transport the
respondent to a mental health facility. In the event it is determined by the
facility that the respondent is in need of commitment or treatment at
another mental health facility, the Department shall make arrangements to
appropriately transport the respondent to another mental health facility.
The making of such arrangements and agreements with public or private
entities is independent of the Department's role as a provider of mental
health services and does not indicate that the respondent is admitted to
any Department facility. In making such arrangements and agreements
with other public or private entities, the Department shall include
provisions to ensure (i) the provision of trained personnel and the use of
an appropriate vehicle for the safe transport of the respondent and (ii)
that the respondent's insurance carrier as well as other programs, both

public and private, that provide payment for such transportation services are fully utilized to the maximum extent possible.

The Department may not make arrangements with an existing hospital or grant-in-aid or fee-for-service community provider for transportation services under this Section unless the hospital or provider has voluntarily submitted a proposal for its transportation services. This requirement does not eliminate or reduce any responsibility on the part of a hospital or community provider to ensure transportation that may arise independently through other State or federal law or regulation.

(c) The transporting authority acting in good faith and without negligence in connection with the transportation of respondents shall incur no liability, civil or criminal, by reason of such transportation.

(d) The respondent and the estate of that respondent are liable for the payment of transportation costs for transporting the respondent to a mental health facility. If the respondent is a beneficiary of a trust described in Section 15.1 of the Trusts and Trustees Act, the trust shall not be considered a part of the respondent's estate and shall not be subject to payment for transportation costs for transporting the respondent to a mental health facility under this Section except to the extent permitted under Section 15.1 of the Trusts and Trustees Act. If the respondent is unable to pay or if the estate of the respondent is insufficient, the responsible relatives are severally liable for the payment of those sums or for the balance due in case less than the amount owing has been paid. If the respondent is covered by insurance, the insurance carrier shall be liable for payment to the extent authorized by the respondent's insurance policy.

When the Department indicates that it has transportation to the facility available, the order may authorize the Department to transport the recipient there. The court may order the sheriff of the county in which such proceedings are held to transport the recipient to the facility. When a recipient is hospitalized upon court order, and the recipient has been transported to a mental health facility, other than a state-operated mental health facility, and it is determined by the facility that the recipient is in need of commitment or treatment at another mental health facility, the court shall determine

whether a relative or friend of the recipient or the Department is authorized to transport the recipient between facilities, or whether the county sheriff is responsible for transporting the recipient between facilities. The sheriff may make arrangements with another public or private entity including a licensed ambulance service to transport the recipient to the facility. The transporting entity acting in good faith and without negligence in connection with the transportation of recipients shall incur no liability, civil or criminal, by reason of such transportation.

(a-5) In counties with a population under 3,000,000, when a recipient is hospitalized upon court order, the order may authorize a relative or friend of the recipient to transport the recipient to the facility if the person is able to do so safely and humanely. The court may order the Department to transport the recipient to the facility. When a recipient is hospitalized upon court order, and the recipient has been transported to a mental health facility other than a State-operated mental health facility, and it is determined by the facility that the recipient is in need of commitment or treatment at another mental health facility, the court shall determine whether a relative or friend of the recipient is authorized to transport the recipient between facilities, or whether the Department is responsible for transporting the recipient between facilities. If the court determines that the Department is responsible for the transportation, the Department shall make arrangements either directly or through agreements with another public or private entity, including a licensed ambulance service, to appropriately transport the recipient to the facility. In making such arrangements and agreements with other public or private entities, the Department shall include provisions to ensure (i) the provision of trained personnel and the use of an appropriate vehicle for the safe transport of the recipient and (ii) that the recipient’s insurance carrier as well as other programs, both public and private, that provide payment for such transportation services are fully utilized to the maximum extent possible.

The Department may not make arrangements with an existing hospital or grant-in-aid or fee-for-service community provider for transportation services under this Section unless the hospital or provider has voluntarily submitted a proposal for its transportation services. This requirement does not eliminate or reduce any responsibility on the part of
a hospital or community provider to ensure transportation that may arise independently through other State or federal law or regulation.

A transporting entity acting in good faith and without negligence in connection with the transportation of a recipient incurs no liability, civil or criminal, by reason of that transportation.

(b) The court may authorize the transporting entity may to bill the recipient, the estate of the recipient, legally responsible relatives, or insurance carrier for the cost of providing transportation of the recipient to a mental health facility. The recipient and the estate of the recipient are liable for the payment of transportation costs for transporting the recipient to a mental health facility. If the recipient is unable to pay or if the estate of the recipient is insufficient, the responsible relatives are severally liable for the payment of those sums or for the balance due in case less than the amount owing has been paid. If the recipient is covered by insurance, the insurance carrier shall be liable for payment to the extent authorized by the recipient's insurance policy.

(c) Upon the delivery of a recipient to a facility, in accordance with the procedure set forth in this Article, the facility director of the facility shall sign a receipt acknowledging custody of the recipient and for any personal property belonging to him, which receipt shall be filed with the clerk of the court entering the hospitalization order.

(765 ILCS 835/14.5 new)

Sec. 14.5. Correction of encroachment on interment, entombment, or inurnment rights.

(a) Whenever a cemetery becomes aware that there is an encroachment on or in the lawful interment, inurnment, or entombment rights of another, and when the cemetery buried or placed or permitted the burial or placement of the encroaching item in or on these rights, the cemetery may correct the encroachment in accordance with this Section. This Section shall not apply to, or be utilized in connection with, any eminent domain, quick-take, or other condemnation proceeding that is designed to relocate a cemetery or portion thereof to another location.

(b) When the encroaching item is a marker, monument or memorial that should be placed on or in another interment, inurnment, or entombment right located within the cemetery, or when the item is the foundation or base for any of the foregoing, the cemetery may with reasonable promptness, and without being required to obtain any permit,

(c) When the encroaching item is a vault, casket, urn, outer burial container, or human remains that should be placed in or on another interment, inurnment, or entombment right located within the cemetery, the cemetery may with reasonable promptness, and without being required to obtain any permit, relocate the item to its proper place. Except as otherwise provided in this subsection, notice of the corrective action shall be given no later than 30 days prior to the correction in accordance with subsection (d) of this Section. When the involved encroachment would, if uncorrected within 30 days, interfere with a scheduled interment, inurnment, or entombment, then the notice shall be given in accordance with subsection (d) of this Section with as much advance notice as reasonably possible or, if advance notice is not reasonably possible, no later than 30 days following the correction. In the event the correction is to occur in a religious cemetery that, for religious reasons, maintains rules that preclude advance notice of corrections, the notice shall occur no later than 30 days following the correction.

(d) Notice under this Section shall be by certified mail or other delivery method that has a confirmation procedure, in 12-point type, to the owner of any affected interment, inurnment, or entombment right or, when the owner is deceased, to the surviving spouse of the deceased, or if none, any surviving children of the deceased, or if no surviving spouse or children, a parent, brother, or sister of the deceased, or, if failing all of the above, any other listed heir of the deceased in the cemetery records. In providing notice, the cemetery authority shall exercise due diligence to engage in a reasonable search of available funeral home of record or cemetery records to obtain the current address of the party to be notified. The notice shall provide a clear statement of the correction taken or to be taken, together with the reasons for the correction, and shall outline a simple process for the notified person to obtain additional information regarding the correction from the cemetery. When advance notice is required, the notice shall inform the notified party of his or her right to be present for any reinterment, reinurnment, or reentombment, as well as his or her option to object by obtaining an injunction enjoining the contemplated correction. The cemetery shall maintain for no less than 5 years a record of any notice provided under this Section.

New matter indicated by italics - deletions by strikeout.
(e) Nothing in this Section shall make a cemetery financially responsible for the correction of encroachments that are directly or indirectly caused by the owner of an interment, inurnment, or entombment right or by his or her heirs or by an act of God, war, or vandalism. The cemetery shall be financially responsible for the correction of all other encroachments covered by this Section.

(f) Nothing in this Section shall be construed to limit the liability of any party.

(765 ILCS 835/16)

Sec. 16. When a multiple interment right owner becomes deceased, the ownership of any unused rights of interment shall pass in accordance with the specific bequest in the decedent's will. If there is no will or specific bequest then the ownership and use of the unused rights of interment shall be determined by a cemetery authority in accordance with the information set out on a standard affidavit for cemetery interment rights use form if such a form has been prepared. The unused right of interment shall be used for the interment of the first deceased heir listed on the standard affidavit and continue in sequence until all listed heirs are deceased. In the event that an interment right is not used, the interment right shall pass to the heirs of the heirs of the deceased interment right owner in perpetuity. This shall not preclude the ability of the heirs to sell said interment rights, in the event that all listed living heirs are in agreement. If the standard affidavit for cemetery interment rights use, showing heirship of decedent interment right owner's living heirs is provided to and followed by a cemetery authority, the cemetery authority shall be released of any liability in relying on that affidavit.

(D) Upon motion of the State's Attorney, if a defendant sentenced under this Section returns to the jurisdiction of the United States, the defendant shall be recommitted to the custody of the county from which he or she was sentenced. Unless the permit is issued by the Secretary of State prior to the date of suspension, the privilege to drive any motor vehicle shall be suspended as set forth in the notice that was mailed under this Section. If an affidavit is received subsequent to the effective date of this suspension, a permit may be issued for the remainder of the suspension period.

The provisions of this subparagraph shall not apply to any driver required to obtain a commercial driver's license under Section 6-507 during the period of a disqualification of commercial driving privileges under Section 6-514.

Any person who falsely states any fact in the affidavit required herein shall be guilty of perjury under Section 6-302 and upon conviction thereof shall have all driving privileges revoked without further rights.

3. At the conclusion of a hearing under Section 2-118 of this Code, the Secretary of State shall either rescind or continue an order of revocation or shall substitute an order of suspension; or, good cause appearing therefor, rescind, continue, change, or extend the order of suspension. If the Secretary of State does not rescind the order, the Secretary may upon application, to relieve undue hardship, issue a restricted driving permit granting the privilege of driving a motor vehicle between the petitioner's residence and petitioner's place of employment or within the scope of his employment related duties, or to allow transportation for the petitioner, or a household member of the petitioner's family, to receive necessary medical care and if the professional evaluation indicates, provide transportation for alcohol remedial or rehabilitative activity, or for the petitioner to attend classes, as a student, in an accredited educational institution; if the petitioner is able to demonstrate that no alternative means of transportation is reasonably available and the petitioner will not endanger the public safety or welfare.

If a person's license or permit has been revoked or suspended due to 2 or more convictions of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

If a person's license or permit has been revoked or suspended 2 or more times within a 10 year period due to a single conviction of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, and a statutory summary suspension under Section 11-501.1, or 2 or more statutory summary suspensions, or combination of 2 offenses,

or of an offense and a statutory summary suspension, arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1. The person must pay to the Secretary of State DUI Administration Fund an amount not to exceed $20 per month. The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees. If the restricted driving permit was issued for employment purposes, then this provision does not apply to the operation of an occupational vehicle owned or leased by that person's employer. In each case the Secretary may issue a restricted driving permit for a period deemed appropriate, except that all permits shall expire within one year from the date of issuance. The Secretary may not, however, issue a restricted driving permit to any person whose current revocation is the result of a second or subsequent conviction for a violation of Section 11-501 of this Code or a similar provision of a local ordinance relating to the offense of operating or being in physical control of a motor vehicle while under the influence of alcohol, other drug or drugs, intoxicating compound or compounds, or any similar out-of-state offense, or any combination of those offenses, until the expiration of at least one year from the date of the revocation. A restricted driving permit issued under this Section shall be subject to cancellation, revocation, and suspension by the Secretary of State in like manner and for like cause as a driver's license issued under this Code may be cancelled, revoked, or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension, or cancellation of a restricted driving permit. The Secretary of State may, as a condition to the issuance of a restricted driving permit, require the applicant to participate in a designated driver remedial or rehabilitative program. The Secretary of State is authorized to cancel a restricted driving permit if the permit holder does not successfully complete the program.

(c-5) The Secretary of State may, as a condition of the reissuance of a driver's license or permit to an applicant whose driver's license or permit has been suspended before he or she reached the age of 18 years pursuant to any of the provisions of this Section, require the applicant to

participate in a driver remedial education course and be retested under Section 6-109 of this Code.

(d) This Section is subject to the provisions of the Drivers License Compact.

(e) The Secretary of State shall not issue a restricted driving permit to a person under the age of 16 years whose driving privileges have been suspended or revoked under any provisions of this Code.

Sec. 6-208. Period of Suspension - Application After Revocation.

(a) Except as otherwise provided by this Code or any other law of this State, the Secretary of State shall not suspend a driver's license, permit or privilege to drive a motor vehicle on the highways for a period of more than one year.

(b) Any person whose license, permit or privilege to drive a motor vehicle on the highways has been revoked shall not be entitled to have such license, permit or privilege renewed or restored. However, such person may, except as provided under subsection (d) of Section 6-205, make application for a license pursuant to Section 6-106 (i) if the revocation was for a cause which has been removed or (ii) as provided in the following subparagraphs:

1. Except as provided in subparagraphs 2, 3, and 4, the person may make application for a license after the expiration of one year from the effective date of the revocation or, in the case of a violation of paragraph (b) of Section 11-401 of this Code or a similar provision of a local ordinance, after the expiration of 3 years from the effective date of the revocation or, in the case of a violation of Section 9-3 of the Criminal Code of 1961 relating to the offense of reckless homicide or a violation of subparagraph (F) of paragraph 1 of subsection (d) of Section 11-501 of this Code relating to aggravated driving under the influence of alcohol, other drug or drugs, intoxicating compound or compounds, or any combination thereof, if the violation was the proximate cause of a death, after the expiration of 2 years from the effective date of the revocation or after the expiration of 24 months from the date of
release from a period of imprisonment as provided in Section 6-103 of this Code, whichever is later.  

2. If such person is convicted of committing a second violation within a 20 year period of:
   (A) Section 11-501 of this Code, or a similar provision of a local ordinance; or
   (B) Paragraph (b) of Section 11-401 of this Code, or a similar provision of a local ordinance; or
   (C) Section 9-3 of the Criminal Code of 1961, as amended, relating to the offense of reckless homicide; or
   (D) any combination of the above offenses committed at different instances;
then such person may not make application for a license until after the expiration of 5 years from the effective date of the most recent revocation. The 20 year period shall be computed by using the dates the offenses were committed and shall also include similar out-of-state offenses.

3. However, except as provided in subparagraph 4, if such person is convicted of committing a third, or subsequent, violation or any combination of the above offenses, including similar out-of-state offenses, contained in subparagraph 2, then such person may not make application for a license until after the expiration of 10 years from the effective date of the most recent revocation.

4. The person may not make application for a license if the person is convicted of committing a fourth or subsequent violation of Section 11-501 of this Code or a similar provision of a local ordinance, Section 11-401 of this Code, Section 9-3 of the Criminal Code of 1961, or a combination of these offenses or similar provisions of local ordinances or similar out-of-state offenses.

Notwithstanding any other provision of this Code, all persons referred to in this paragraph (b) may not have their privileges restored until the Secretary receives payment of the required reinstatement fee pursuant to subsection (b) of Section 6-118.

In no event shall the Secretary issue such license unless and until such person has had a hearing pursuant to this Code and the appropriate administrative rules and the Secretary is satisfied, after a review or investigation of such person, that to grant the privilege of driving a motor vehicle on the highways will not endanger the public safety or welfare.

Sec. 6-306.6. Failure to pay traffic fines, penalties, or court costs.

(a) Whenever any resident of this State fails to pay any traffic fine, penalty, or cost imposed for a violation of this Code, or similar provision of local ordinance, the clerk may notify the Secretary of State, on a report prescribed by the Secretary, and the Secretary shall prohibit the renewal, reissue or reinstatement of such resident's driving privileges until such fine, penalty, or cost has been paid in full. The clerk shall provide notice to the driver, at the driver's last known address as shown on the court's records, stating that such action will be effective on the 46th day following the date of the above notice if payment is not received in full by the court of venue.

(a-1) Whenever any resident of this State who has made a partial payment on any traffic fine, penalty, or cost that was imposed under a conviction entered on or after the effective date of this amendatory Act of the 93rd General Assembly, for a violation of this Code or a similar provision of a local ordinance, fails to pay the remainder of the outstanding fine, penalty, or cost within the time limit set by the court, the clerk may notify the Secretary of State, on a report prescribed by the Secretary, and the Secretary shall prohibit the renewal, reissue, or reinstatement of the resident's driving privileges until the fine, penalty, or cost has been paid in full. The clerk shall provide notice to the driver, at the driver's last known address as shown on the court's records, stating that the action will be effective on the 46th day following the date of the notice if payment is not received in full by the court of venue.

(b) Following receipt of the report from the clerk, the Secretary of State shall make the proper notation to the driver's file to prohibit the renewal, reissue or reinstatement of such driver's driving privileges. Except as provided in paragraph (2) of subsection (d) of this Section, such

notation shall not be removed from the driver's record until the driver satisfies the outstanding fine, penalty, or and cost and an appropriate notice on a form prescribed by the Secretary is received by the Secretary from the court of venue, stating that such fine, penalty, or and cost has been paid in full. Upon payment in full of a traffic fine, penalty, or and court cost which has previously been reported under this Section as unpaid, the clerk of the court shall present the driver with a signed receipt containing the seal of the court indicating that such fine, penalty, or and cost has have been paid in full, and shall forward forthwith to the Secretary of State a notice stating that the fine, penalty, or and cost has have been paid in full.

(c) The provisions of this Section shall be limited to a single action per arrest and as a post conviction measure only. Fines, penalty, or and costs to be collected subsequent to orders of court supervision, or other available court diversions are not applicable to this Section. A driver making a partial payment of any outstanding fine, penalty, and cost is not a sufficient basis for the clerk to notify the Secretary for any subsequent action pursuant to this Section.

(d) (1) Notwithstanding the receipt of a report from the clerk as prescribed in subsection (a), nothing in this Section is intended to place any responsibility upon the Secretary of State to provide independent notice to the driver of any potential action to disallow the renewal, reissue or reinstatement of such driver's driving privileges.

(2) The Secretary of State shall renew, reissue or reinstate a driver's driving privileges which were previously refused pursuant to this Section upon presentation of an original receipt which is signed by the clerk of the court and contains the seal of the court indicating that the fine, penalty, or and cost have have been paid in full. The Secretary of State shall retain such receipt for his records.

PUBLIC ACT 93-0789
(House Bill No. 4481)

AN ACT concerning public health.

New matter indicated by italics - deletions by strikeout.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Lead Poisoning Prevention Act is amended by changing Section 11.05 as follows:

(410 ILCS 45/11.05)
Sec. 11.05. Advisory Council.
(a) The General Assembly finds the following:
(1) Lead-based paint poisoning is a potentially devastating but preventable disease and is the number one environmental threat to children's health in the United States.
(2) The number of lead-poisoned children in Illinois is among the highest in the nation, especially in older, affordable properties.
(3) Lead poisoning causes irreversible damage to the development of a child's nervous system. Even at low and moderate levels, lead poisoning causes learning disabilities, speech problems, shortened attention span, hyperactivity, and behavioral problems. Recent research links high levels of lead exposure to lower IQ scores and to juvenile delinquency.
(4) Older housing is the number one risk factor for childhood lead poisoning. Properties built before 1950 are statistically much more likely to contain lead-based paint hazards than buildings constructed more recently.
(5) Illinois ranks 10th out of the 50 states in the age of its housing stock. More than 50% of the housing units in Chicago and in Rock Island, Peoria, Macon, Madison, and Kankakee counties were built before 1960 and more than 43% of the housing units in St. Clair, Winnebago, Sangamon, Kane, and Cook counties were built before 1950.
(6) There are nearly 1.4 million households with lead-based paint hazards in Illinois.
(7) Most children are lead-poisoned in their own homes through exposure to lead dust from deteriorated lead-paint surfaces, like windows, and when lead paint deteriorates or is disturbed through home renovation and repainting.
(8) The control of lead hazards significantly reduces lead poisoning rates. Other communities, including New York City and Milwaukee, have successfully reduced lead poisoning rates by removing lead-based paint hazards on windows.

New matter indicated by italics - deletions by strikeout.
(9) Windows are considered a higher lead exposure risk more often than other components in a housing unit. Windows are a major contributor of lead dust in the home, due to both weathering conditions and friction effects on paint.

(10) There is an insufficient pool of licensed lead abatement workers and contractors to address the problem in some areas of the State.

(11) Training, insurance, and licensing costs for lead removal workers are prohibitively high.

(12) Through grants from the United States Department of Housing and Urban Development, some communities in Illinois have begun to reduce lead poisoning of children. While this is an ongoing effort, it addresses only a small number of the low-income children statewide in communities with high levels of lead paint in the housing stock.

(b) For purposes of this Section:
"Advisory Council" means the Lead-Safe Housing Advisory Council created under subsection (c).
"Lead-Safe Housing Maintenance Standards" or "Standards" means standards developed by the Advisory Council pursuant to this Section.
"Low-income" means a household at or below 80% of the median income level for a given county as determined annually by the United States Department of Housing and Urban Development.
"Primary prevention" means removing lead hazards before a child is poisoned rather than relying on identification of a lead poisoned child as the triggering event.

(c) The Lead-Safe Housing Advisory Council is created to advise the Department on lead poisoning prevention activities. The Advisory Council shall be chaired by the Director or his or her designee and the chair of the Illinois Lead Safe Housing Task Force and provided with administrative support by the Department. The Advisory Council shall be comprised of (i) the directors, or their designees, of the Illinois Housing Development Authority and the Environmental Protection Agency; and (ii) the directors, or their designees, of public health departments of counties identified by the Department that contain communities with a concentration of high-risk, lead-contaminated properties.

The Advisory Council shall also include the following members appointed by the Governor:

New matter indicated by italics - deletions by strikeout.
(1) One representative from the Illinois Association of Realtors.

(2) One representative from the insurance industry.

(3) Two pediatricians or other physicians with knowledge of lead-paint poisoning.

(4) Two representatives from the private-sector, lead-based-paint-abatement industry who are licensed in Illinois as an abatement contractor, worker, or risk assessor.

(5) Two representatives from community based organizations in communities with a concentration of high risk lead contaminated properties. High-risk communities shall be identified based upon the prevalence of low-income families whose children are lead poisoned and the age of the housing stock.

(6) At least 3 lead-safe housing advocates, including (i) the parent of a lead-poisoned child, (ii) a representative from a child advocacy organization, and (iii) a representative from a tenant housing organization.

(7) One representative from the Illinois paint and coatings industry.

Within 9 months after its formation, the Advisory Council shall submit a written report to the Governor and the General Assembly on:

1. developing a primary prevention program for addressing lead poisoning;

2. developing a sufficient pool of lead abatement workers and contractors;

3. targeting blood lead screening to children residing in high-risk buildings and neighborhoods;

4. ensuring lead-safe work practices in all remodeling, rehabilitation, and weatherization work;

5. funding mechanisms to assist residential property owners in costs of lead abatement and mitigation;

6. providing insurance subsidies to licensed lead abatement contractors who target their work to high-risk communities; and

7. developing any necessary legislation or rulemaking to improve the effectiveness of State and local programs in lead abatement and other prevention and control activities.

New matter indicated by italics - deletions by strikeout.
The Advisory Council shall develop handbooks and training for property owners and tenants explaining the Standards and State and federal requirements for lead-safe housing.

The Advisory Council shall meet at least quarterly. Its members shall receive no compensation for their services, but their reasonable travel expenses actually incurred shall be reimbursed by the Department.

Sec. 6. Physician Responsibilities. Section 40. The Health Care Surrogate Act is amended by changing Sections 20 and 65 as follows:

(755 ILCS 40/20) (from Ch. 110 1/2, par. 851-20)

Sec. 20. Private decision making process.

(a) Decisions whether to forgo life-sustaining or any other form of medical treatment involving an adult patient with decisional capacity may be made by that adult patient.

(b) Decisions whether to forgo life-sustaining treatment on behalf of a patient without decisional capacity are lawful, without resort to the courts or legal process, if the patient has a qualifying condition and if the decisions are made in accordance with one of the following paragraphs in this subsection and otherwise meet the requirements of this Act:

(1) Decisions whether to forgo life-sustaining treatment on behalf of a minor or an adult patient who lacks decisional capacity may be made by a surrogate decision maker or makers in consultation with the attending physician, in the order or priority provided in Section 25. A surrogate decision maker shall make decisions for the adult patient conforming as closely as possible to what the patient would have done or intended under the circumstances, taking into account evidence that includes, but is not limited to, the patient's personal, philosophical, religious and

moral beliefs and ethical values relative to the purpose of life, sickness, medical procedures, suffering, and death. Where possible, the surrogate shall determine how the patient would have weighed the burdens and benefits of initiating or continuing life-sustaining treatment against the burdens and benefits of that treatment. In the event an unrevoked advance directive, such as a living will, a declaration for mental health treatment, or a power of attorney for health care, is no longer valid due to a technical deficiency or is not applicable to the patient's condition, that document may be used as evidence of a patient's wishes. The absence of a living will, declaration for mental health treatment, or power of attorney for health care shall not give rise to any presumption as to the patient's preferences regarding the initiation or continuation of life-sustaining procedures. If the adult patient's wishes are unknown and remain unknown after reasonable efforts to discern them or if the patient is a minor, the decision shall be made on the basis of the patient's best interests as determined by the surrogate decision maker. In determining the patient's best interests, the surrogate shall weigh the burdens on and benefits to the patient of initiating or continuing life-sustaining treatment against the burdens and benefits of that treatment and shall take into account any other information, including the views of family and friends, that the surrogate decision maker believes the patient would have considered if able to act for herself or himself.

(2) Decisions whether to forgo life-sustaining treatment on behalf of a minor or an adult patient who lacks decisional capacity, but without any surrogate decision maker or guardian being available determined after reasonable inquiry by the health care provider, may be made by a court appointed guardian. A court appointed guardian shall be treated as a surrogate for the purposes of this Act.

(b-5) Decisions concerning medical treatment on behalf of a patient without decisional capacity are lawful, without resort to the courts or legal process, if the patient does not have a qualifying condition and if decisions are made in accordance with one of the following paragraphs in this subsection and otherwise meet the requirements of this Act:

(1) Decisions concerning medical treatment on behalf of a minor or adult patient who lacks decisional capacity may be made by a surrogate decision maker or makers in consultation with the

attending physician, in the order of priority provided in Section 25 with the exception that decisions to forgo life-sustaining treatment may be made only when a patient has a qualifying condition. A surrogate decision maker shall make decisions for the patient conforming as closely as possible to what the patient would have done or intended under the circumstances, taking into account evidence that includes, but is not limited to, the patient's personal, philosophical, religious, and moral beliefs and ethical values relative to the purpose of life, sickness, medical procedures, suffering, and death. In the event an unrevoked advance directive, such as a living will, a declaration for mental health treatment, or a power of attorney for health care, is no longer valid due to a technical deficiency or is not applicable to the patient's condition, that document may be used as evidence of a patient's wishes. The absence of a living will, declaration for mental health treatment, or power of attorney for health care shall not give rise to any presumption as to the patient's preferences regarding any process. If the adult patient's wishes are unknown and remain unknown after reasonable efforts to discern them or if the patient is a minor, the decision shall be made on the basis of the patient's best interests as determined by the surrogate decision maker. In determining the patient's best interests, the surrogate shall weigh the burdens on and benefits to the patient of the treatment against the burdens and benefits of that treatment and shall take into account any other information, including the views of family and friends, that the surrogate decision maker believes the patient would have considered if able to act for herself or himself.

(2) Decisions concerning medical treatment on behalf of a minor or adult patient who lacks decisional capacity, but without any surrogate decision maker or guardian being available as determined after reasonable inquiry by the health care provider, may be made by a court appointed guardian. A court appointed guardian shall be treated as a surrogate for the purposes of this Act.

(c) For the purposes of this Act, a patient or surrogate decision maker is presumed to have decisional capacity in the absence of actual notice to the contrary without regard to advanced age. With respect to a patient, a diagnosis of mental illness or mental retardation, of itself, is not a bar to a determination of decisional capacity. A determination that an adult patient lacks decisional capacity shall be made by the attending

physician to a reasonable degree of medical certainty. The determination shall be in writing in the patient's medical record and shall set forth the attending physician's opinion regarding the cause, nature, and duration of the patient's lack of decisional capacity. Before implementation of a decision by a surrogate decision maker to forgo life-sustaining treatment, at least one other qualified physician must concur in the determination that an adult patient lacks decisional capacity. The concurring determination shall be made in writing in the patient's medical record after personal examination of the patient. The attending physician shall inform the patient that it has been determined that the patient lacks decisional capacity and that a surrogate decision maker will be making life-sustaining treatment decisions on behalf of the patient. Moreover, the patient shall be informed of the identity of the surrogate decision maker and any decisions made by that surrogate. If the person identified as the surrogate decision maker is not a court appointed guardian and the patient objects to the statutory surrogate decision maker or any decision made by that surrogate decision maker, then the provisions of this Act shall not apply.

(d) A surrogate decision maker acting on behalf of the patient shall express decisions to forgo life-sustaining treatment to the attending physician and one adult witness who is at least 18 years of age. This decision and the substance of any known discussion before making the decision shall be documented by the attending physician in the patient's medical record and signed by the witness.

(e) The existence of a qualifying condition shall be documented in writing in the patient's medical record by the attending physician and shall include its cause and nature, if known. The written concurrence of another qualified physician is also required.

(f) Once the provisions of this Act are complied with, the attending physician shall thereafter promptly implement the decision to forgo life-sustaining treatment on behalf of the patient unless he or she believes that the surrogate decision maker is not acting in accordance with his or her responsibilities under this Act, or is unable to do so for reasons of conscience or other personal views or beliefs.

(g) In the event of a patient's death as determined by a physician, all life-sustaining treatment and other medical care is to be terminated, unless the patient is an organ donor, in which case appropriate organ donation treatment may be applied or continued temporarily.

Sec. 65. Do-not-resuscitate orders.

(a) An individual of sound mind and having reached the age of majority or having obtained the status of an emancipated person pursuant to the Emancipation of Mature Minors Act may execute a document (consistent with the Department of Public Health Uniform DNR Order Form) directing that resuscitating efforts shall not be implemented. Such an order may also be executed by an attending physician. Notwithstanding the existence of a DNR order, appropriate organ donation treatment may be applied or continued temporarily in the event of the patient's death, in accordance with subsection (g) of Section 20 of this Act, if the patient is an organ donor.

(b) Consent to a DNR order may be obtained from the individual, or from another person at the individual's direction, or from the individual's legal guardian, agent under a power of attorney for health care, or surrogate decision maker, and witnessed by 2 individuals 18 years of age or older.

(c) The DNR order may, but need not, be in the form adopted by the Department of Public Health pursuant to Section 2310-600 of the Department of Public Health Powers and Duties Law (20 ILLCS 2310/2310-600).

(d) A health care professional or health care provider may presume, in the absence of knowledge to the contrary, that a completed Department of Public Health Uniform DNR Order form or a copy of that form is a valid DNR order. A health care professional or health care provider, or an employee of a health care professional or health care provider, who in good faith complies with a do-not-resuscitate order made in accordance with this Act is not, as a result of that compliance, subject to any criminal or civil liability, except for willful and wanton misconduct, and may not be found to have committed an act of unprofessional conduct.

Section 45. The Illinois Power of Attorney Act is amended by changing Sections 4-7 and 4-10 as follows:

(755 ILLCS 45/4-7) (from Ch. 110 1/2, par. 804-7)

Sec. 4-7. Duties of health care providers and others in relation to health care agencies. Each health care provider and each other person with whom an agent deals under a health care agency shall be subject to the following duties and responsibilities:

(a) It is the responsibility of the agent or patient to notify the health care provider of the existence of the health care agency and any

amendment or revocation thereof. A health care provider furnished with a copy of a health care agency shall make it a part of the patient's medical records and shall enter in the records any change in or termination of the health care agency by the principal that becomes known to the provider. Whenever a provider believes a patient may lack capacity to give informed consent to health care which the provider deems necessary, the provider shall consult with any available health care agent known to the provider who then has power to act for the patient under a health care agency.

(b) A health care decision made by an agent in accordance with the terms of a health care agency shall be complied with by every health care provider to whom the decision is communicated, subject to the provider's right to administer treatment for the patient's comfort care or alleviation of pain; but if the provider is unwilling to comply with the agent's decision, the provider shall promptly inform the agent who shall then be responsible to make the necessary arrangements for the transfer of the patient to another provider. It is understood that a provider who is unwilling to comply with the agent's decision will continue to afford reasonably necessary consultation and care in connection with the transfer.

(c) At the patient's expense and subject to reasonable rules of the health care provider to prevent disruption of the patient's health care, each health care provider shall give an agent authorized to receive such information under a health care agency the same right the principal has to examine and copy any part or all of the patient's medical records that the agent deems relevant to the exercise of the agent's powers, whether the records relate to mental health or any other medical condition and whether they are in the possession of or maintained by any physician, psychiatrist, psychologist, therapist, hospital, nursing home or other health care provider.

(d) If and to the extent a health care agency empowers the agent to (1) make an anatomical gift on behalf of the principal under the *Illinois Uniform Anatomical Gift Act*, as now or hereafter amended, or (2) authorize an autopsy of the principal's body pursuant to Section 2 of "An Act in relation to autopsy of dead bodies", approved August 13, 1965, as now or hereafter amended, or (3) direct the disposition of the principal's remains, the decision by an authorized agent as to anatomical gift, autopsy approval or remains disposition shall be deemed the act of the principal and shall control over the decision of other persons who might otherwise have priority; and each person to whom a direction by the agent in

Sec. 4-10. Statutory short form power of attorney for health care.
(a) The following form (sometimes also referred to in this Act as the "statutory health care power") may be used to grant an agent powers with respect to the principal's own health care; but the statutory health care power is not intended to be exclusive nor to cover delegation of a parent's power to control the health care of a minor child, and no provision of this Article shall be construed to invalidate or bar use by the principal of any other or different form of power of attorney for health care. Nonstatutory health care powers must be executed by the principal, designate the agent and the agent's powers, and comply with Section 4-5 of this Article, but they need not be witnessed or conform in any other respect to the statutory health care power. When a power of attorney in substantially the following form is used, including the "notice" paragraph at the beginning in capital letters, it shall have the meaning and effect prescribed in this Act. The statutory health care power may be included in or combined with any other form of power of attorney governing property or other matters.

(b) The statutory short form power of attorney for health care (the "statutory health care power") authorizes the agent to make any and all health care decisions on behalf of the principal which the principal could make if present and under no disability, subject to any limitations on the granted powers that appear on the face of the form, to be exercised in such manner as the agent deems consistent with the intent and desires of the principal. The agent will be under no duty to exercise granted powers or to assume control of or responsibility for the principal's health care; but when granted powers are exercised, the agent will be required to use due care to act for the benefit of the principal in accordance with the terms of the statutory health care power and will be liable for negligent exercise. The agent may act in person or through others reasonably employed by the agent for that purpose but may not delegate authority to make health care decisions. The agent may sign and deliver all instruments, negotiate and enter into all agreements and do all other acts reasonably necessary to implement the exercise of the powers granted to the agent. Without limiting the generality of the foregoing, the statutory health care power shall include the following powers, subject to any limitations appearing on the face of the form:

(1) The agent is authorized to give consent to and authorize or refuse, or to withhold or withdraw consent to, any and all types of medical care, treatment or procedures relating to the physical or mental health of the principal, including any medication program, surgical procedures, life-sustaining treatment or provision of food and fluids for the principal.

(2) The agent is authorized to admit the principal to or discharge the principal from any and all types of hospitals, institutions, homes, residential or nursing facilities, treatment centers and other health care institutions providing personal care or treatment for any type of physical or mental condition. The agent shall have the same right to visit the principal in the hospital or other institution as is granted to a spouse or adult child of the principal, any rule of the institution to the contrary notwithstanding.

(3) The agent is authorized to contract for any and all types of health care services and facilities in the name of and on behalf of the principal and to bind the principal to pay for all such services and facilities, and to have and exercise those powers over the principal's property as are authorized under the statutory property power, to the extent the agent deems necessary to pay health care costs; and the agent shall not be personally liable for any services or care contracted for on behalf of the principal.

At the principal's expense and subject to reasonable rules of the health care provider to prevent disruption of the principal's health care, the agent shall have the same right the principal has to examine and copy and consent to disclosure of all the principal's medical records that the agent deems relevant to the exercise of the agent's powers, whether the records relate to mental health or any other medical condition and whether they are in the possession of or maintained by any physician, psychiatrist, psychologist, therapist, hospital, nursing home or other health care provider.

(5) The agent is authorized: to direct that an autopsy be made pursuant to Section 2 of "An Act in relation to autopsy of dead bodies", approved August 13, 1965, including all amendments; to make a disposition of any part or all of the principal's body pursuant to the Illinois Uniform Anatomical Gift Act, as now or hereafter amended; and to direct the disposition of the principal's remains.

This shortage leads to the untimely death of many adults and children in Illinois and across the nation each year. This Act is intended to implement the public policy of encouraging timely donation of human organs and tissue in Illinois and facilitating transplants of those organs and tissue into patients in need of them. Through this Act, laws relating to organ and tissue donation and transplantation are consolidated and modified for the purpose of furthering this public policy.

Sec. 5-20 5. Manner of Executing Anatomical Gifts. (a) A gift of all or part of the body under Section 5-5 4-5 (a) may be made by will. The gift becomes effective upon the death of the testator without waiting for probate. If the will is not probated, or if it is declared invalid for testamentary purposes, the gift, to the extent that it has been acted upon in good faith, is nevertheless valid and effective.

(b) A gift of all or part of the body under Section 5-5 4-5 (a) may also be made by a written, signed document other than a will. The gift becomes effective upon the death of the donor. The document, which may be a card or a valid driver's license designed to be carried on the person, must be signed by the donor in the presence of 2 witnesses who must sign the document in his presence and who thereby certify that he was of sound mind and memory and free from any undue influence and knows the objects of his bounty and affection. Such a gift may also be made by properly executing the form provided by the Secretary of State on the reverse side of the donor's driver's license pursuant to subsection (b) of Section 6-110 of The Illinois Vehicle Code. Delivery of the document of gift during the donor's lifetime is not necessary to make the gift valid.

(c) The gift may be made to a specified donee or without specifying a donee. If the latter, the gift may be accepted by the attending physician as donee upon or following death. If the gift is made to a specified donee who is not available at the time and place of death, *then if made for the purpose of transplantation, it shall be effectuated in accordance with Section 5-25, and if made for any other purpose the attending physician upon or following death, in the absence of any expressed indication that the donor desired otherwise, may accept the gift as donee. The physician who becomes a donee under this subsection shall not participate either physically or financially in the procedures for removing or transplanting a part.*

(d) Notwithstanding Section 5-45 8 (b), the donor may designate in his will, card, or other document of gift the surgeon or physician to carry out the appropriate procedures. In the absence of a designation or if the designee is not available, the donee or other person authorized to accept the gift may employ or authorize any surgeon or physician for the purpose.

(e) Any gift by a person designated in Section 5-5 3 (b) shall be made by a document signed by him or made by his telegraphic, recorded telephonic, or other recorded message.

(b) In making a request for organ or tissue donation, the hospital or the hospital's federally designated organ procurement agency or tissue bank shall request any of the following persons, in the order of priority stated in items (1) through (11) below, when persons in prior classes are not available and in the absence of (i) actual notice of contrary intentions by the decedent, (ii) actual notice of opposition by any member within the same priority class, and (iii) reason to believe that an anatomical gift is contrary to the decedent’s religious beliefs, to consent to the gift of all or

If a donation is requested, consent or refusal may be obtained only from the person or persons in the highest priority class available. If the hospital administrator, or his or her designated representative, the designated organ procurement agency, or the tissue bank is unable to obtain consent from any of the persons named in items (1) through (11) of subsection (b) of this Section, the decedent's body shall not be used for an anatomical gift unless a valid anatomical gift document was executed under this Act.

(d) When there is a suitable candidate for organ donation, as described in subsection (a), or if consent to remove organs and tissues is granted, the hospital shall notify the applicable federally designated organ procurement agency. The federally designated organ procurement agency shall notify any tissue bank specified by the hospital of the suitable candidate for tissue donation. The organ procurement agency shall

(d) The coroner or county medical examiner or any authorized individual acting for the coroner or county medical examiner authorizing the removal of corneal tissue, or the persons or organizations listed in subsection (a) of this Section, shall not be liable in any civil or criminal action for removing corneal tissue from a decedent and using the same for transplant purposes if there has been compliance with the provisions of this Section.

Any person that participates in good faith and according to the usual and customary standards of medical practice in the removal or transplantation of any part of a decedent's body pursuant to an anatomical gift made by the decedent under Section 5-20 5 of this Act or pursuant to an anatomical gift made by an individual as authorized by subsection (b) of Section 5-5 3 of this Act shall have immunity from liability, civil, criminal, or otherwise, that might result by reason of such actions. For the purpose of any proceedings, civil or criminal, the validity of an anatomical gift executed pursuant to Section 5-20 5 of this Act shall be presumed and the good faith of any person participating in the removal or transplantation of any part of a decedent's body pursuant to an anatomical gift made by the decedent or by another individual authorized by the Act shall be presumed.

(d) This Act is subject to the provisions of "An Act to revise the law in relation to coroners", approved February 6, 1874, as now or hereafter amended, to the laws of this State prescribing powers and duties with respect to autopsies, and to the statutes, rules, and regulations of this State with respect to the transportation and disposition of deceased human bodies.

AN ACT concerning accessible electronic information.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Accessible Electronic Information Act.

Section 5. Legislative findings. The Legislature finds and declares all of the following:

(a) Thousands of citizens in this State have disabilities (including blindness or visual impairment) that prevent them from using conventional print material.

(b) The State fulfills an important responsibility by providing books and magazines prepared in Braille, audio, and large-type formats made available to eligible blind and disabled persons.

(c) The technology, transcription methods, and means of distribution used for these materials are labor-intensive and cannot support rapid dissemination to individuals in rural and urban areas throughout the State.

(d) Lack of direct and prompt access to information included in newspapers, magazines, newsletters, schedules, announcements, and other time-sensitive materials limits educational opportunities, literacy, and full participation in society by blind and disabled persons.

Section 10. Definitions. As used in this Act:

"Accessible electronic information service" means news and other timely information (including newspapers) provided to eligible individuals from a multi-state service center, using high-speed computers and telecommunications technology for interstate acquisition of content and rapid distribution in a form appropriate for use by such individuals.

"Blind and disabled persons" means those individuals who are eligible for library loan services through the Library of Congress and the State Library for the Blind and Physically Handicapped pursuant to 36 CFR 701.10(b).

"Director" means the State Librarian.

"Qualified entity" means an agency, instrumentality, or political subdivision of the State or a nonprofit organization that:

(1) provides interstate access for eligible persons to read daily newspapers by producing audio editions by computer; and

New matter indicated by italics - deletions by strikeout.
(2) provides a means of program administration and reader registration on the Internet.

Section 15. Accessible electronic information service program. The Director by rule shall develop and implement a program of grants to qualified entities for the provision of accessible electronic information service to blind and disabled persons throughout Illinois. The grants shall be funded through appropriations from the Accessible Electronic Information Service Fund established in Section 20.

Section 20. Accessible Electronic Information Service Fund.
(a) Before July 1 of each year, the Illinois Commerce Commission, in consultation with the Director, shall determine the amount of funding necessary to support the program described in Section 15 during the next fiscal year and shall certify that amount to the State Treasurer.
(b) Each month, the State Treasurer shall transfer 1/12th of the amount determined under subsection (a) from the Digital Divide Elimination Infrastructure Fund into the Accessible Electronic Information Service Fund, a special fund created in the State treasury that may be appropriated only for the purposes of this Act. If moneys in the Digital Divide Elimination Infrastructure Fund are insufficient to meet the transfer requirements of this subsection, the Illinois Commerce Commission shall direct the Illinois Telecommunications Access Corporation, or its successor, to remit the amount of any insufficiency to the Director for deposit into the Accessible Electronic Information Service Fund from surcharges collected by the Corporation, or its successor, under Section 13-703 of the Public Utilities Act.

Section 90. The State Finance Act is amended by adding Section 5.625 as follows:
(30 ILCS 105/5.625 new)

(Section scheduled to be repealed on July 1, 2005)
Sec. 13-301.3. Digital Divide Elimination Infrastructure Program.
(a) The Digital Divide Elimination Infrastructure Fund is created as a special fund in the State treasury. of the Accessible Electronic Information Act. The Commission may accept private and public funds, including federal funds, for deposit into the Fund. Earnings attributable to moneys in the Fund shall be deposited into the Fund.

(b) The Commission shall adopt rules under which it will make grants out of funds appropriated from the Digital Divide Elimination Infrastructure Fund to eligible entities as specified in the rules for the construction of high-speed data transmission facilities in eligible areas of the State. For purposes of determining whether an area is an eligible area, the Commission shall consider, among other things, whether (i) in such area, advanced telecommunications services, as defined in subsection (c) of Section 13-517 of this Act, are under-provided to residential or small business end users, either directly or indirectly through an Internet Service Provider, (ii) such area has a low population density, and (iii) such area has not yet developed a competitive market for advanced services. In addition, if an entity seeking a grant of funds from the Digital Divide Elimination Infrastructure Fund is an incumbent local exchange carrier having the duty to serve such area, and the obligation to provide advanced services to such area pursuant to Section 13-517 of this Act, the entity shall demonstrate that it has sought and obtained an exemption from such obligation pursuant to subsection (b) of Section 13-517. Any entity seeking a grant of funds from the Digital Divide Elimination Infrastructure Fund shall demonstrate to the Commission that the grant shall be used for the construction of high-speed data transmission facilities in an eligible area and demonstrate that it satisfies all other requirements of the Commission's rules. The Commission shall determine the information that it deems necessary to award grants pursuant to this Section.

(c) The rules of the Commission shall provide for the competitive selection of recipients of grant funds available from the Digital Divide Elimination Infrastructure Fund pursuant to the Illinois Procurement Code. Grants shall be awarded to bidders chosen on the basis of the criteria established in such rules.

(d) All entities awarded grant moneys under this Section shall maintain all records required by Commission rule for the period of time specified in the rules. Such records shall be subject to audit by the Commission, by any auditor appointed by the State, or by any State officer authorized to conduct audits.

PUBLIC ACT 93-0799
(House Bill No. 0754)

AN ACT relating to schools.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The School Code is amended by changing Section 19-1 as follows:
(105 ILCS 5/19-1) (from Ch. 122, par. 19-1)
Sec. 19-1. Debt limitations of school districts.
(a) School districts shall not be subject to the provisions limiting their indebtedness prescribed in "An Act to limit the indebtedness of
counties having a population of less than 500,000 and townships, school districts and other municipal corporations having a population of less than 300,000", approved February 15, 1928, as amended.

No school districts maintaining grades K through 8 or 9 through 12 shall become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding 6.9% on the value of the taxable property therein to be ascertained by the last assessment for State and county taxes or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979, previous to the incurring of such indebtedness.

No school districts maintaining grades K through 12 shall become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding 13.8% on the value of the taxable property therein to be ascertained by the last assessment for State and county taxes or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979, previous to the incurring of such indebtedness.

Notwithstanding the provisions of any other law to the contrary, in any case in which the voters of a school district have approved a proposition for the issuance of bonds of such school district at an election held prior to January 1, 1979, and all of the bonds approved at such election have not been issued, the debt limitation applicable to such school district during the calendar year 1979 shall be computed by multiplying the value of taxable property therein, including personal property, as ascertained by the last assessment for State and county taxes, previous to the incurring of such indebtedness, by the percentage limitation applicable to such school district under the provisions of this subsection (a).

(b) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, additional indebtedness may be incurred in an amount not to exceed the estimated cost of acquiring or improving school sites or constructing and equipping additional building facilities under the following conditions:

(1) Whenever the enrollment of students for the next school year is estimated by the board of education to increase over the actual present enrollment by not less than 35% or by not less than 200 students or the actual present enrollment of students has increased over the previous school year by not less than 35% or by

New matter indicated by italics - deletions by strikeout.
not less than 200 students and the board of education determines that additional school sites or building facilities are required as a result of such increase in enrollment; and

(2) When the Regional Superintendent of Schools having jurisdiction over the school district and the State Superintendent of Education concur in such enrollment projection or increase and approve the need for such additional school sites or building facilities and the estimated cost thereof; and

(3) When the voters in the school district approve a proposition for the issuance of bonds for the purpose of acquiring or improving such needed school sites or constructing and equipping such needed additional building facilities at an election called and held for that purpose. Notice of such an election shall state that the amount of indebtedness proposed to be incurred would exceed the debt limitation otherwise applicable to the school district. The ballot for such proposition shall state what percentage of the equalized assessed valuation will be outstanding in bonds if the proposed issuance of bonds is approved by the voters; or

(4) Notwithstanding the provisions of paragraphs (1) through (3) of this subsection (b), if the school board determines that additional facilities are needed to provide a quality educational program and not less than 2/3 of those voting in an election called by the school board on the question approve the issuance of bonds for the construction of such facilities, the school district may issue bonds for this purpose; or

(5) Notwithstanding the provisions of paragraphs (1) through (3) of this subsection (b), if (i) the school district has previously availed itself of the provisions of paragraph (4) of this subsection (b) to enable it to issue bonds, (ii) the voters of the school district have not defeated a proposition for the issuance of bonds since the referendum described in paragraph (4) of this subsection (b) was held, (iii) the school board determines that additional facilities are needed to provide a quality educational program, and (iv) a majority of those voting in an election called by the school board on the question approve the issuance of bonds for the construction of such facilities, the school district may issue bonds for this purpose.

In no event shall the indebtedness incurred pursuant to this subsection (b) and the existing indebtedness of the school district exceed...
15% of the value of the taxable property therein to be ascertained by the last assessment for State and county taxes, previous to the incurring of such indebtedness or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979.

The indebtedness provided for by this subsection (b) shall be in addition to and in excess of any other debt limitation.

(c) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, in any case in which a public question for the issuance of bonds of a proposed school district maintaining grades kindergarten through 12 received at least 60% of the valid ballots cast on the question at an election held on or prior to November 8, 1994, and in which the bonds approved at such election have not been issued, the school district pursuant to the requirements of Section 11A-10 may issue the total amount of bonds approved at such election for the purpose stated in the question.

(d) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, a school district that meets all the criteria set forth in paragraphs (1) and (2) of this subsection (d) may incur an additional indebtedness in an amount not to exceed $4,500,000, even though the amount of the additional indebtedness authorized by this subsection (d), when incurred and added to the aggregate amount of indebtedness of the district existing immediately prior to the district incurring the additional indebtedness authorized by this subsection (d), causes the aggregate indebtedness of the district to exceed the debt limitation otherwise applicable to that district under subsection (a):

(1) The additional indebtedness authorized by this subsection (d) is incurred by the school district through the issuance of bonds under and in accordance with Section 17-2.11a for the purpose of replacing a school building which, because of mine subsidence damage, has been closed as provided in paragraph (2) of this subsection (d) or through the issuance of bonds under and in accordance with Section 19-3 for the purpose of increasing the size of, or providing for additional functions in, such replacement school buildings, or both such purposes.

(2) The bonds issued by the school district as provided in paragraph (1) above are issued for the purposes of construction by the school district of a new school building pursuant to Section 17-2.11, to replace an existing school building that, because of mine subsidence damage, is closed as of the end of the 1992-93 school year.
year pursuant to action of the regional superintendent of schools of the educational service region in which the district is located under Section 3-14.22 or are issued for the purpose of increasing the size of, or providing for additional functions in, the new school building being constructed to replace a school building closed as the result of mine subsidence damage, or both such purposes.

(e) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, a school district that meets all the criteria set forth in paragraphs (1) through (5) of this subsection (e) may, without referendum, incur an additional indebtedness in an amount not to exceed the lesser of $5,000,000 or 1.5% of the value of the taxable property within the district even though the amount of the additional indebtedness authorized by this subsection (e), when incurred and added to the aggregate amount of indebtedness of the district existing immediately prior to the district incurring that additional indebtedness, causes the aggregate indebtedness of the district to exceed or increases the amount by which the aggregate indebtedness of the district already exceeds the debt limitation otherwise applicable to that district under subsection (a):

1. The State Board of Education certifies the school district under Section 19-1.5 as a financially distressed district.

2. The additional indebtedness authorized by this subsection (e) is incurred by the financially distressed district during the school year or school years in which the certification of the district as a financially distressed district continues in effect through the issuance of bonds for the lawful school purposes of the district, pursuant to resolution of the school board and without referendum, as provided in paragraph (5) of this subsection.

3. The aggregate amount of bonds issued by the financially distressed district during a fiscal year in which it is authorized to issue bonds under this subsection does not exceed the amount by which the aggregate expenditures of the district for operational purposes during the immediately preceding fiscal year exceeds the amount appropriated for the operational purposes of the district in the annual school budget adopted by the school board of the district for the fiscal year in which the bonds are issued.

4. Throughout each fiscal year in which certification of the district as a financially distressed district continues in effect, the district maintains in effect a gross salary expense and gross wage expense freeze policy under which the district expenditures for

total employee salaries and wages do not exceed such expenditures for the immediately preceding fiscal year. Nothing in this paragraph, however, shall be deemed to impair or to require impairment of the contractual obligations, including collective bargaining agreements, of the district or to impair or require the impairment of the vested rights of any employee of the district under the terms of any contract or agreement in effect on the effective date of this amendatory Act of 1994.

(5) Bonds issued by the financially distressed district under this subsection shall bear interest at a rate not to exceed the maximum rate authorized by law at the time of the making of the contract, shall mature within 40 years from their date of issue, and shall be signed by the president of the school board and treasurer of the school district. In order to issue bonds under this subsection, the school board shall adopt a resolution fixing the amount of the bonds, the date of the bonds, the maturities of the bonds, the rates of interest of the bonds, and their place of payment and denomination, and shall provide for the levy and collection of a direct annual tax upon all the taxable property in the district sufficient to pay the principal and interest on the bonds to maturity. Upon the filing in the office of the county clerk of the county in which the financially distressed district is located of a certified copy of the resolution, it is the duty of the county clerk to extend the tax therefor in addition to and in excess of all other taxes at any time authorized to be levied by the district. If bond proceeds from the sale of bonds include a premium or if the proceeds of the bonds are invested as authorized by law, the school board shall determine by resolution whether the interest earned on the investment of bond proceeds or the premium realized on the sale of the bonds is to be used for any of the lawful school purposes for which the bonds were issued or for the payment of the principal indebtedness and interest on the bonds. The proceeds of the bond sale shall be deposited in the educational purposes fund of the district and shall be used to pay operational expenses of the district. This subsection is cumulative and constitutes complete authority for the issuance of bonds as provided in this subsection, notwithstanding any other law to the contrary.

(f) Notwithstanding the provisions of subsection (a) of this Section or of any other law, bonds in not to exceed the aggregate amount of

(g) Whenever a defendant is convicted of an offense under Sections 11-14, 11-15, 11-15.1, 11-16, 11-17, 11-18, 11-18.1, 11-19, 11-19.1, 11-19.2, 12-13, 12-14, 12-14.1, 12-15 or 12-16 of the Criminal Code of 1961, the defendant shall undergo medical testing to determine whether the defendant has any sexually transmissible disease, including a test for infection with human immunodeficiency virus (HIV) or any other identified causative agent of acquired immunodeficiency syndrome (AIDS). Any such medical test shall be performed only by appropriately licensed medical practitioners and may include an analysis of any bodily fluids as well as an examination of the defendant's person. Except as otherwise provided by law, the results of such test shall be kept strictly confidential by all medical personnel involved in the testing and must be personally delivered in a sealed envelope to the judge of the court in which the conviction was entered for the judge's inspection in camera. Acting in accordance with the best interests of the victim and the public, the judge shall have the discretion to determine to whom, if anyone, the results of the testing may be revealed. prosecute a charge of criminal transmission of HIV under Section 12-16.2 of the Criminal Code of 1961 against the defendant. The court shall order that the cost of any such test shall be paid by the county and may be taxed as costs against the convicted defendant.

(g-5) When an inmate is tested for an airborne communicable disease, as determined by the Illinois Department of Public Health including but not limited to tuberculosis, the results of the test shall be personally delivered by the warden or his or her designee in a sealed envelope to the judge of the court in which the inmate must appear for the judge's inspection in camera if requested by the judge. Acting in accordance with the best interests of those in the courtroom, the judge shall have the discretion to determine what if any precautions need to be taken to prevent transmission of the disease in the courtroom.

(h) Whenever a defendant is convicted of an offense under Section 1 or 2 of the Hypodermic Syringes and Needles Act, the defendant shall undergo medical testing to determine whether the defendant has been exposed to human immunodeficiency virus (HIV) or any other identified causative agent of acquired immunodeficiency syndrome (AIDS). Except as otherwise provided by law, the results of such test shall be kept strictly confidential by all medical personnel involved in the testing and must be personally delivered in a sealed envelope to the judge of the court in which the conviction was entered for the judge's inspection in camera. Acting in accordance with the best interests of the public, the judge shall have the discretion to determine to whom, if anyone, the results of the testing may be revealed. The court shall notify the defendant of a positive test showing an infection with the human immunodeficiency virus (HIV). The court shall provide information on the availability of HIV testing and counseling at Department of Public Health facilities to all parties to whom the results of the testing are revealed and shall direct the State's Attorney to provide the information to the victim when possible. A State's Attorney may petition the court to obtain the results of any HIV test administered under this Section, and the court shall grant the disclosure if the State's Attorney shows it is relevant in order to prosecute a charge of criminal transmission of HIV under Section 12-16.2 of the Criminal Code of 1961 against the defendant. The court shall order that the cost of any such test shall be paid by the county and may be taxed as costs against the convicted defendant.

(i) All fines and penalties imposed under this Section for any violation of Chapters 3, 4, 6, and 11 of the Illinois Vehicle Code, or a similar provision of a local ordinance, and any violation of the Child

When a defendant is so employed, the court shall order the Clerk of the Court to send a copy of the judgment of conviction or order of supervision or probation to the defendant's employer by certified mail. If the employer of the defendant is a school, the Clerk of the Court shall direct the mailing of a copy of the judgment of conviction or order of supervision or probation to the appropriate regional superintendent of schools. If a defendant fails to complete the educational training required by his or her sentence during the term of incarceration, the Prisoner Review Board shall, as a condition of mandatory supervised release, require the defendant, at his or her own expense, to pursue a course of study toward a high school diploma or passage of the GED test. The Prisoner Review Board shall revoke the mandatory supervised release of a defendant who wilfully fails to comply with this subsection (j-5) upon his or her release.

The Prisoner Review Board shall recommit the defendant whose mandatory supervised release term has been revoked under this subsection (j-5) as provided in Section 3-3-9. This subsection (j-5) does not apply to a defendant who has a high school diploma or has successfully passed the GED test. This subsection (j-5) does not apply to a defendant who is determined by the court to be developmentally disabled or otherwise mentally incapable of completing the educational or vocational program.

(k) A court may not impose a sentence or disposition for a felony or misdemeanor that requires the defendant to be implanted or injected with or to use any form of birth control.

(l) (A) Except as provided in paragraph (C) of subsection (l), whenever a defendant, who is an alien as defined by the Immigration and Nationality Act, is convicted of any felony or misdemeanor offense, the court after sentencing the defendant may, upon motion of the State's Attorney, hold sentence in abeyance and remand the defendant to the custody of the Attorney General of the United States or his or her designated agent to be deported when:

(1) a final order of deportation has been issued against the defendant pursuant to proceedings under the Immigration and Nationality Act, and

(2) the deportation of the defendant would not deprecate the seriousness of the defendant's conduct and would not be inconsistent with the ends of justice.

Otherwise, the defendant shall be sentenced as provided in this Chapter V.

(B) If the defendant has already been sentenced for a felony or misdemeanor offense, or has been placed on probation under Section 10 of the Cannabis Control Act or Section 410 of the Illinois Controlled Substances Act, the court may, upon motion of the State's Attorney to suspend the sentence imposed, commit the defendant to the custody of the Attorney General of the United States or his or her designated agent when:

(C) This subsection (l) does not apply to offenders who are subject to the provisions of paragraph (2) of subsection (a) of Section 3-6-3.

(D) Upon motion of the State's Attorney, if a defendant sentenced under this Section returns to the jurisdiction of the United States, the defendant shall be recommitted to the custody of the county from which he or she was sentenced. Thereafter, the defendant shall be brought before the sentencing court, which may impose any sentence that was available under Section 5-5-3 at the time of initial sentencing. In addition, the defendant shall not be eligible for additional good conduct credit for meritorious service as provided under Section 3-6-6.

(m) A person convicted of criminal defacement of property under Section 21-1.3 of the Criminal Code of 1961, in which the property damage exceeds $300 and the property damaged is a school building, shall be ordered to perform community service that may include cleanup, removal, or painting over the defacement.

(n) The court may sentence a person convicted of a violation of Section 12-19, 12-21, or 16-1.3 of the Criminal Code of 1961 (i) to an impact incarceration program if the person is otherwise eligible for that program under Section 5-8-1.1, (ii) to community service, or (iii) if the person is an addict or alcoholic, as defined in the Alcoholism and Other Drug Abuse and Dependency Act, to a substance or alcohol abuse program licensed under that Act.

(1) in the case of probation violations, order the issuance of a notice to the offender to be present by the County Probation Department or such other agency designated by the court to handle probation matters; and in the case of conditional discharge or supervision violations, such notice to the offender shall be issued by the Circuit Court Clerk; and in the case of a violation of a sentence of county impact incarceration, such notice shall be issued by the Sheriff;

(2) order a summons to the offender to be present for hearing; or

(3) order a warrant for the offender's arrest where there is danger of his fleeing the jurisdiction or causing serious harm to others or when the offender fails to answer a summons or notice from the clerk of the court or Sheriff.

Personal service of the petition for violation of probation or the issuance of such warrant, summons or notice shall toll the period of probation, conditional discharge, supervision, or sentence of county impact incarceration until the final determination of the charge, and the term of probation, conditional discharge, supervision, or sentence of county impact incarceration shall not run until the hearing and disposition of the petition for violation.

(b) The court shall conduct a hearing of the alleged violation. The court shall admit the offender to bail pending the hearing unless the alleged violation is itself a criminal offense in which case the offender shall be admitted to bail on such terms as are provided in the Code of Criminal Procedure of 1963, as amended. In any case where an offender remains incarcerated only as a result of his alleged violation of the court's earlier order of probation, supervision, conditional discharge, or county impact incarceration such hearing shall be held within 14 days of the onset of said incarceration, unless the alleged violation is the commission of another offense by the offender during the period of probation, supervision or conditional discharge in which case such hearing shall be held within the time limits described in Section 103-5 of the Code of Criminal Procedure of 1963, as amended.

(c) The State has the burden of going forward with the evidence and proving the violation by the preponderance of the evidence. The evidence shall be presented in open court with the right of confrontation, cross-examination, and representation by counsel.

New matter indicated by italics - deletions by strikeout.
(d) Probation, conditional discharge, periodic imprisonment and supervision shall not be revoked for failure to comply with conditions of a sentence or supervision, which imposes financial obligations upon the offender unless such failure is due to his willful refusal to pay.

(e) If the court finds that the offender has violated a condition at any time prior to the expiration or termination of the period, it may continue him on the existing sentence, with or without modifying or enlarging the conditions, or may impose any other sentence that was available under Section 5-5-3 of this Code or Section 11-501 of the Illinois Vehicle Code at the time of initial sentencing. If the court finds that the person has failed to successfully complete his or her sentence to a county impact incarceration program, the court may impose any other sentence that was available under Section 5-5-3 of this Code or Section 11-501 of the Illinois Vehicle Code at the time of initial sentencing, except for a sentence of probation or conditional discharge.

(f) The conditions of probation, of conditional discharge, of supervision, or of a sentence of county impact incarceration may be modified by the court on motion of the supervising agency or on its own motion or at the request of the offender after notice and a hearing.

(g) A judgment revoking supervision, probation, conditional discharge, or a sentence of county impact incarceration is a final appealable order.

(h) Resentencing after revocation of probation, conditional discharge, supervision, or a sentence of county impact incarceration shall be under Article 4. Time served on probation, conditional discharge or supervision shall not be credited by the court against a sentence of imprisonment or periodic imprisonment unless the court orders otherwise.

(i) Instead of filing a violation of probation, conditional discharge, supervision, or a sentence of county impact incarceration, an agent or employee of the supervising agency with the concurrence of his or her supervisor may serve on the defendant a Notice of Intermediate Sanctions. The Notice shall contain the technical violation or violations involved, the date or dates of the violation or violations, and the intermediate sanctions to be imposed. Upon receipt of the Notice, the defendant shall immediately accept or reject the intermediate sanctions. If the sanctions are accepted, they shall be imposed immediately. If the intermediate sanctions are rejected or the defendant does not respond to the Notice, a violation of probation, conditional discharge, supervision, or a sentence of county impact incarceration shall be immediately filed with the court. The State's
Attorney and the sentencing court shall be notified of the Notice of Sanctions. Upon successful completion of the intermediate sanctions, a court may not revoke probation, conditional discharge, supervision, or a sentence of county impact incarceration or impose additional sanctions for the same violation. A notice of intermediate sanctions may not be issued for any violation of probation, conditional discharge, supervision, or a sentence of county impact incarceration which could warrant an additional, separate felony charge. The intermediate sanctions shall include a term of home detention as provided in Article 8A of Chapter V of this Code for multiple or repeat violations of the terms and conditions of a sentence of probation, conditional discharge, or supervision.

   Section 1. Short title. This Act may be cited as the Reviewing Court Alternative Dispute Resolution Act.
   Section 5. Purpose. Conflict resolution techniques such as mediation, settlement conferences, arbitration, and other alternative forms of dispute resolution may reduce costs for civil litigants and simplify issues and reduce caseloads in the reviewing courts. The purpose of this Act is to facilitate the funding of alternative dispute resolution programs in the reviewing courts should the Supreme Court, in its discretion, adopt rules to establish such programs in Illinois.
   Section 10. Reviewing Court Alternative Dispute Resolution Fund. The Reviewing Court Alternative Dispute Resolution Fund is created as a special fund in the State Treasury. The total transfer under this Section from any fund in any fiscal year shall not exceed the lesser of 8% of the revenues to be deposited into the fund during that year or 25% of the beginning balance in the fund. No transfer may be made from a fund under this Section that would have the effect of reducing the available balance in the fund to an amount less than the amount remaining unexpended and unreserved from the total appropriation from that fund for that fiscal year. This Section does not apply to any funds that are restricted by federal law to a specific use or to any funds in the Motor Fuel Tax Fund, or the Hospital Provider Fund, or the Reviewing Court Alternative Dispute Resolution Fund. Section 5. Purpose. The Grow Our Own Teacher preparation programs established under this Act shall comprise a major new statewide initiative, known as the Grow Our Own Teacher Education Initiative, to prepare highly skilled, committed teachers who will teach in hard-to-staff schools and hard-to-staff teaching positions and who will remain in these schools for substantial periods of time.

The Grow Our Own Teacher Education Initiative shall effectively recruit and prepare parent and community leaders and paraeducators to become effective teachers and teacher leaders statewide in hard-to-staff schools and hard-to-staff teaching positions in schools serving a substantial percentage of low-income students. The Grow Our Own Teacher Education Initiative shall ensure educational rigor by effectively preparing students in accredited bachelor's degree programs in teaching, through which graduates shall meet the requirements to secure an Illinois standard teaching certificate.

The goal of the Grow Our Own Teacher Education Initiative is to add 1,000 teachers to low-income and other hard-to-staff Illinois schools by 2016 with an average retention period of 7 years, as opposed to the current rate of 2.5 years for new teachers in such areas.

"Hard-to-staff teaching position" means a teaching category (such as special education, mathematics, or science) in which statewide data compiled by the State Board of Education indicates a multi-year pattern of substantial teacher shortage or that has been identified as a critical need by the local school board.

Section 20. Selection of grantees. The State Board shall award grants to up to 10 qualified consortia that reflect the distribution and diversity of target hard-to-staff schools across this State. In awarding grants, the State Board shall select programs that successfully address Initiative criteria and that reflect a diversity of strategies in terms of serving urban areas, serving rural areas, the nature of the participating institutions of higher education, whether participants will be trained at the baccalaureate or master's level, and the nature of hard-to-staff teaching positions on which a program is focused.

The State Board shall select consortia that meet the following requirements:

(1) A consortium shall be composed of at least one 4-year institution of higher education with an accredited teacher preparation program, at least one school district or group of schools, and one or more community organizations. The consortium may also include a 2-year institution of higher education or a school employee union or both.

(jj) Nothing contained in this Section shall prohibit the use of bow and arrow, or prevent the Director from issuing permits to use a crossbow to handicapped persons as provided by administrative rule. As used herein, "handicapped persons" means those persons who have a permanent physical impairment due to injury or disease, congenital or acquired, which renders them so severely disabled as to be unable to use a conventional bow and arrow device. Permits will be issued only after the receipt of a physician's statement confirming the applicant is handicapped as defined above.

Section 99. Effective date. This Act takes effect upon becoming law.

AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
   Section 5. The School Code is amended by changing Section 18-8.05 as follows:
   (105 ILCS 5/18-8.05)
   Sec. 18-8.05. Basis for apportionment of general State financial aid and supplemental general State aid to the common schools for the 1998-1999 and subsequent school years.
   (A) General Provisions.
      (1) The provisions of this Section apply to the 1998-1999 and subsequent school years. The system of general State financial aid provided for in this Section is designed to assure that, through a combination of State financial aid and required local resources, the financial support provided each pupil in Average Daily Attendance equals or exceeds a prescribed per pupil Foundation Level. This formula approach imputes a level of per pupil Available Local Resources and provides for the basis to calculate a per pupil level of general State financial aid that, when added to Available Local Resources, equals or exceeds the Foundation Level. The amount of per pupil general State financial aid for school districts, in general, varies in inverse relation to Available Local Resources. Per pupil amounts are based upon each school district's Average Daily Attendance as that term is defined in this Section.
      (2) In addition to general State financial aid, school districts with specified levels or concentrations of pupils from low income households are eligible to receive supplemental general State financial aid grants as provided pursuant to subsection (H). The supplemental State aid grants provided for school districts under subsection (H) shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section.
      (3) To receive financial assistance under this Section, school districts are required to file claims with the State Board of Education, subject to the following requirements:
         (a) Any school district which fails for any given school year to maintain school as required by law, or to maintain a recognized

New matter indicated by italics - deletions by strikeout.
school is not eligible to file for such school year any claim upon the Common School Fund. In case of nonrecognition of one or more attendance centers in a school district otherwise operating recognized schools, the claim of the district shall be reduced in the proportion which the Average Daily Attendance in the attendance center or centers bear to the Average Daily Attendance in the school district. A "recognized school" means any public school which meets the standards as established for recognition by the State Board of Education. A school district or attendance center not having recognition status at the end of a school term is entitled to receive State aid payments due upon a legal claim which was filed while it was recognized.

(b) School district claims filed under this Section are subject to Sections 18-9, 18-10, and 18-12, except as otherwise provided in this Section.

(c) If a school district operates a full year school under Section 10-19.1, the general State aid to the school district shall be determined by the State Board of Education in accordance with this Section as near as may be applicable.

(d) (Blank).

(4) Except as provided in subsections (H) and (L), the board of any district receiving any of the grants provided for in this Section may apply those funds to any fund so received for which that board is authorized to make expenditures by law. School districts are not required to exert a minimum Operating Tax Rate in order to qualify for assistance under this Section.

(5) As used in this Section the following terms, when capitalized, shall have the meaning ascribed herein:

(a) "Average Daily Attendance": A count of pupil attendance in school, averaged as provided for in subsection (C) and utilized in deriving per pupil financial support levels.

(b) "Available Local Resources": A computation of local financial support, calculated on the basis of Average Daily Attendance and derived as provided pursuant to subsection (D).

(c) "Corporate Personal Property Replacement Taxes": Funds paid to local school districts pursuant to "An Act in relation to the abolition of ad valorem personal property tax and the replacement of revenues lost thereby, and amending and repealing

New matter indicated by italics - deletions by strikeout.

(d) "Foundation Level": A prescribed level of per pupil financial support as provided for in subsection (B).

(e) "Operating Tax Rate": All school district property taxes extended for all purposes, except Bond and Interest, Summer School, Rent, Capital Improvement, and Vocational Education Building purposes.

(B) Foundation Level.

(1) The Foundation Level is a figure established by the State representing the minimum level of per pupil financial support that should be available to provide for the basic education of each pupil in Average Daily Attendance. As set forth in this Section, each school district is assumed to exert a sufficient local taxing effort such that, in combination with the aggregate of general State financial aid provided the district, an aggregate of State and local resources are available to meet the basic education needs of pupils in the district.

(2) For the 1998-1999 school year, the Foundation Level of support is $4,225. For the 1999-2000 school year, the Foundation Level of support is $4,325. For the 2000-2001 school year, the Foundation Level of support is $4,425. (3) For the 2001-2002 school year and 2002-2003 school year, the Foundation Level of support is $4,560. For the 2003-2004 school year, the Foundation Level of support is $4,810.

(3) (4) For the 2004-2005 2003-2004 school year and each school year thereafter, the Foundation Level of support is $5,060 $4,810 or such greater amount as may be established by law by the General Assembly.

(C) Average Daily Attendance.

(1) For purposes of calculating general State aid pursuant to subsection (E), an Average Daily Attendance figure shall be utilized. The Average Daily Attendance figure for formula calculation purposes shall be the monthly average of the actual number of pupils in attendance of each school district, as further averaged for the best 3 months of pupil attendance for each school district. In compiling the figures for the number of pupils in attendance, school districts and the State Board of Education shall, for purposes of general State aid funding, conform attendance figures to the requirements of subsection (F).

(2) The Average Daily Attendance figures utilized in subsection (E) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated or

New matter indicated by italics - deletions by strikeout.
the average of the attendance data for the 3 preceding school years, whichever is greater. The Average Daily Attendance figures utilized in subsection (H) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated.

(D) Available Local Resources.

(1) For purposes of calculating general State aid pursuant to subsection (E), a representation of Available Local Resources per pupil, as that term is defined and determined in this subsection, shall be utilized. Available Local Resources per pupil shall include a calculated dollar amount representing local school district revenues from local property taxes and from Corporate Personal Property Replacement Taxes, expressed on the basis of pupils in Average Daily Attendance.

(2) In determining a school district's revenue from local property taxes, the State Board of Education shall utilize the equalized assessed valuation of all taxable property of each school district as of September 30 of the previous year. The equalized assessed valuation utilized shall be obtained and determined as provided in subsection (G).

(3) For school districts maintaining grades kindergarten through 12, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 3.00%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades kindergarten through 8, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 2.30%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades 9 through 12, local property tax revenues per pupil shall be the applicable equalized assessed valuation of the district multiplied by 1.05%, and divided by the district's Average Daily Attendance figure.

(4) The Corporate Personal Property Replacement Taxes paid to each school district during the calendar year 2 years before the calendar year in which a school year begins, divided by the Average Daily Attendance figure for that district, shall be added to the local property tax revenues per pupil as derived by the application of the immediately preceding paragraph (3). The sum of these per pupil figures for each school district shall constitute Available Local Resources as that term is utilized in subsection (E) in the calculation of general State aid.

(E) Computation of General State Aid.

New matter indicated by italics - deletions by strikeout.
(1) For each school year, the amount of general State aid allotted to a school district shall be computed by the State Board of Education as provided in this subsection.

(2) For any school district for which Available Local Resources per pupil is less than the product of 0.93 times the Foundation Level, general State aid for that district shall be calculated as an amount equal to the Foundation Level minus Available Local Resources, multiplied by the Average Daily Attendance of the school district.

(3) For any school district for which Available Local Resources per pupil is equal to or greater than the product of 0.93 times the Foundation Level and less than the product of 1.75 times the Foundation Level, the general State aid per pupil shall be a decimal proportion of the Foundation Level derived using a linear algorithm. Under this linear algorithm, the calculated general State aid per pupil shall decline in direct linear fashion from 0.07 times the Foundation Level for a school district with Available Local Resources equal to the product of 0.93 times the Foundation Level, to 0.05 times the Foundation Level for a school district with Available Local Resources equal to the product of 1.75 times the Foundation Level. The allocation of general State aid for school districts subject to this paragraph 3 shall be the calculated general State aid per pupil figure multiplied by the Average Daily Attendance of the school district.

(4) For any school district for which Available Local Resources per pupil equals or exceeds the product of 1.75 times the Foundation Level, the general State aid for the school district shall be calculated as the product of $218 multiplied by the Average Daily Attendance of the school district.

(5) The amount of general State aid allocated to a school district for the 1999-2000 school year meeting the requirements set forth in paragraph (4) of subsection (G) shall be increased by an amount equal to the general State aid that would have been received by the district for the 1998-1999 school year by utilizing the Extension Limitation Equalized Assessed Valuation as calculated in paragraph (4) of subsection (G) less the general State aid allotted for the 1998-1999 school year. This amount shall be deemed a one time increase, and shall not affect any future general State aid allocations.

(F) Compilation of Average Daily Attendance.

(1) Each school district shall, by July 1 of each year, submit to the State Board of Education, on forms prescribed by the State Board of Education, attendance figures for the school year that began in the

New matter indicated by italics - deletions by strikeout.
preceding calendar year. The attendance information so transmitted shall identify the average daily attendance figures for each month of the school year. Beginning with the general State aid claim form for the 2002-2003 school year, districts shall calculate Average Daily Attendance as provided in subdivisions (a), (b), and (c) of this paragraph (1).

(a) In districts that do not hold year-round classes, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(b) In districts in which all buildings hold year-round classes, days of attendance in July and August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(c) In districts in which some buildings, but not all, hold year-round classes, for the non-year-round buildings, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

The average daily attendance for the year-round buildings shall be computed as provided in subdivision (b) of this paragraph (1). To calculate the Average Daily Attendance for the district, the average daily attendance for the year-round buildings shall be multiplied by the days in session for the non-year-round buildings for each month and added to the monthly attendance of the non-year-round buildings.

Except as otherwise provided in this Section, days of attendance by pupils shall be counted only for sessions of not less than 5 clock hours of school work per day under direct supervision of: (i) teachers, or (ii) non-teaching personnel or volunteer personnel when engaging in non-teaching duties and supervising in those instances specified in subsection (a) of Section 10-22.34 and paragraph 10 of Section 34-18, with pupils of legal school age and in kindergarten and grades 1 through 12.

Days of attendance by tuition pupils shall be accredited only to the districts that pay the tuition to a recognized school.

(2) Days of attendance by pupils of less than 5 clock hours of school shall be subject to the following provisions in the compilation of Average Daily Attendance.

(a) Pupils regularly enrolled in a public school for only a part of the school day may be counted on the basis of 1/6 day for every class hour of instruction of 40 minutes or more attended pursuant to such enrollment, unless a pupil is enrolled in a block-

New matter indicated by italics - deletions by strikeout.
schedule format of 80 minutes or more of instruction, in which case the pupil may be counted on the basis of the proportion of minutes of school work completed each day to the minimum number of minutes that school work is required to be held that day.

(b) Days of attendance may be less than 5 clock hours on the opening and closing of the school term, and upon the first day of pupil attendance, if preceded by a day or days utilized as an institute or teachers' workshop.

(c) A session of 4 or more clock hours may be counted as a day of attendance upon certification by the regional superintendent, and approved by the State Superintendent of Education to the extent that the district has been forced to use daily multiple sessions.

(d) A session of 3 or more clock hours may be counted as a day of attendance (1) when the remainder of the school day or at least 2 hours in the evening of that day is utilized for an in-service training program for teachers, up to a maximum of 5 days per school year of which a maximum of 4 days of such 5 days may be used for parent-teacher conferences, provided a district conducts an in-service training program for teachers which has been approved by the State Superintendent of Education; or, in lieu of 4 such days, 2 full days may be used, in which event each such day may be counted as a day of attendance; and (2) when days in addition to those provided in item (1) are scheduled by a school pursuant to its school improvement plan adopted under Article 34 or its revised or amended school improvement plan adopted under Article 2, provided that (i) such sessions of 3 or more clock hours are scheduled to occur at regular intervals, (ii) the remainder of the school days in which such sessions occur are utilized for in-service training programs or other staff development activities for teachers, and (iii) a sufficient number of minutes of school work under the direct supervision of teachers are added to the school days between such regularly scheduled sessions to accumulate not less than the number of minutes by which such sessions of 3 or more clock hours fall short of 5 clock hours. Any full days used for the purposes of this paragraph shall not be considered for computing average daily attendance. Days scheduled for in-service training programs, staff development activities, or parent-teacher

conferences may be scheduled separately for different grade levels and different attendance centers of the district.

(e) A session of not less than one clock hour of teaching hospitalized or homebound pupils on-site or by telephone to the classroom may be counted as 1/2 day of attendance, however these pupils must receive 4 or more clock hours of instruction to be counted for a full day of attendance.

(f) A session of at least 4 clock hours may be counted as a day of attendance for first grade pupils, and pupils in full day kindergartens, and a session of 2 or more hours may be counted as 1/2 day of attendance by pupils in kindergartens which provide only 1/2 day of attendance.

(g) For children with disabilities who are below the age of 6 years and who cannot attend 2 or more clock hours because of their disability or immaturity, a session of not less than one clock hour may be counted as 1/2 day of attendance; however for such children whose educational needs so require a session of 4 or more clock hours may be counted as a full day of attendance.

(h) A recognized kindergarten which provides for only 1/2 day of attendance by each pupil shall not have more than 1/2 day of attendance counted in any one day. However, kindergartens may count 2 1/2 days of attendance in any 5 consecutive school days. When a pupil attends such a kindergarten for 2 half days on any one school day, the pupil shall have the following day as a day absent from school, unless the school district obtains permission in writing from the State Superintendent of Education. Attendance at kindergartens which provide for a full day of attendance by each pupil shall be counted the same as attendance by first grade pupils. Only the first year of attendance in one kindergarten shall be counted, except in case of children who entered the kindergarten in their fifth year whose educational development requires a second year of kindergarten as determined under the rules and regulations of the State Board of Education.

(G) Equalized Assessed Valuation Data.

(1) For purposes of the calculation of Available Local Resources required pursuant to subsection (D), the State Board of Education shall secure from the Department of Revenue the value as equalized or assessed by the Department of Revenue of all taxable property of every school district, together with (i) the applicable tax rate used in extending taxes for
the funds of the district as of September 30 of the previous year and (ii) the limiting rate for all school districts subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law.

This equalized assessed valuation, as adjusted further by the requirements of this subsection, shall be utilized in the calculation of Available Local Resources.

(2) The equalized assessed valuation in paragraph (1) shall be adjusted, as applicable, in the following manner:

(a) For the purposes of calculating State aid under this Section, with respect to any part of a school district within a redevelopment project area in respect to which a municipality has adopted tax increment allocation financing pursuant to the Tax Increment Allocation Redevelopment Act, Sections 11-74.4-1 through 11-74.4-11 of the Illinois Municipal Code or the Industrial Jobs Recovery Law, Sections 11-74.6-1 through 11-74.6-50 of the Illinois Municipal Code, no part of the current equalized assessed valuation of real property located in any such project area which is attributable to an increase above the total initial equalized assessed valuation of such property shall be used as part of the equalized assessed valuation of the district, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Increment Allocation Redevelopment Act or in Section 11-74.6-35 of the Industrial Jobs Recovery Law. For the purpose of the equalized assessed valuation of the district, the total initial equalized assessed valuation or the current equalized assessed valuation, whichever is lower, shall be used until such time as all redevelopment project costs have been paid.

(b) The real property equalized assessed valuation for a school district shall be adjusted by subtracting from the real property value as equalized or assessed by the Department of Revenue for the district an amount computed by dividing the amount of any abatement of taxes under Section 18-170 of the Property Tax Code by 3.00% for a district maintaining grades kindergarten through 12, by 2.30% for a district maintaining grades kindergarten through 8, or by 1.05% for a district maintaining grades 9 through 12 and adjusted by an amount computed by dividing the amount of any abatement of taxes under subsection (a) of Section 18-165 of the Property Tax Code by the same

New matter indicated by italics - deletions by strikeout.
percentage rates for district type as specified in this subparagraph (b).

(3) For the 1999-2000 school year and each school year thereafter, if a school district meets all of the criteria of this subsection (G)(3), the school district's Available Local Resources shall be calculated under subsection (D) using the district's Extension Limitation Equalized Assessed Valuation as calculated under this subsection (G)(3).

For purposes of this subsection (G)(3) the following terms shall have the following meanings:

"Budget Year": The school year for which general State aid is calculated and awarded under subsection (E).

"Base Tax Year": The property tax levy year used to calculate the Budget Year allocation of general State aid.

"Preceding Tax Year": The property tax levy year immediately preceding the Base Tax Year.

"Base Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Base Tax Year multiplied by the limiting rate as calculated by the County Clerk and defined in the Property Tax Extension Limitation Law.

"Preceding Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Preceding Tax Year multiplied by the Operating Tax Rate as defined in subsection (A).

"Extension Limitation Ratio": A numerical ratio, certified by the County Clerk, in which the numerator is the Base Tax Year's Tax Extension and the denominator is the Preceding Tax Year's Tax Extension.

"Operating Tax Rate": The operating tax rate as defined in subsection (A).

If a school district is subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation of that district. For the 1999-2000 school year, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the district's 1996 Equalized Assessed Valuation and the district's Extension Limitation Ratio. For the 2000-2001 school year and each school year thereafter, the Extension Limitation Equalized Assessed Valuation as calculated by the State Board of Education shall be equal to the product of the district's 1999-2000 Extension Limitation Equalized Assessed Valuation and the district's Extension Limitation Ratio.
Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the Equalized Assessed Valuation last used in the calculation of general State aid and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of a school district as calculated under this subsection (G)(3) is less than the district's equalized assessed valuation as calculated pursuant to subsections (G)(1) and (G)(2), then for purposes of calculating the district's general State aid for the Budget Year pursuant to subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources under subsection (D).

(4) For the purposes of calculating general State aid for the 1999-2000 school year only, if a school district experienced a triennial reassessment on the equalized assessed valuation used in calculating its general State financial aid apportionment for the 1998-1999 school year, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation that would have been used to calculate the district's 1998-1999 general State aid. This amount shall equal the product of the equalized assessed valuation used to calculate general State aid for the 1997-1998 school year and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of the school district as calculated under this paragraph (4) is less than the district's equalized assessed valuation utilized in calculating the district's 1998-1999 general State aid allocation, then for purposes of calculating the district's general State aid pursuant to paragraph (5) of subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources.

(5) For school districts having a majority of their equalized assessed valuation in any county except Cook, DuPage, Kane, Lake, McHenry, or Will, if the amount of general State aid allocated to the school district for the 1999-2000 school year under the provisions of subsection (E), (H), and (J) of this Section is less than the amount of general State aid allocated to the district for the 1998-1999 school year under these subsections, then the general State aid of the district for the 1999-2000 school year only shall be increased by the difference between these amounts. The total payments made under this paragraph (5) shall not exceed $14,000,000. Claims shall be prorated if they exceed $14,000,000.

(H) Supplemental General State Aid.

(1) In addition to the general State aid a school district is allotted pursuant to subsection (E), qualifying school districts shall receive a grant,
paid in conjunction with a district's payments of general State aid, for supplemental general State aid based upon the concentration level of children from low-income households within the school district. Supplemental State aid grants provided for school districts under this subsection shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section. If the appropriation in any fiscal year for general State aid and supplemental general State aid is insufficient to pay the amounts required under the general State aid and supplemental general State aid calculations, then the State Board of Education shall ensure that each school district receives the full amount due for general State aid and the remainder of the appropriation shall be used for supplemental general State aid, which the State Board of Education shall calculate and pay to eligible districts on a prorated basis.

(1.5) This paragraph (1.5) applies only to those school years preceding the 2003-2004 school year. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall be the low-income eligible pupil count from the most recently available federal census divided by the Average Daily Attendance of the school district. If, however, (i) the percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count of a high school district with fewer than 400 students exceeds by 75% or more the percentage change in the total low-income eligible pupil count of contiguous elementary school districts, whose boundaries are coterminous with the high school district, or (ii) a high school district within 2 counties and serving 5 elementary school districts, whose boundaries are coterminous with the high school district, has a percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count and there is a percentage increase in the total low-income eligible pupil count of a majority of the elementary school districts in excess of 50% from the 2 most recent federal censuses, then the high school district's low-income eligible pupil count from the earlier federal census shall be the number used as the low-income eligible pupil count for the high school district, for purposes of this subsection (H). The changes made to this paragraph (1) by Public Act 92-28 shall apply to supplemental general State aid grants for school years preceding the 2003-2004 school year that are paid in fiscal year 1999 or thereafter and to any State aid payments made in fiscal year 1994 through fiscal year 1998 pursuant to subsection 1(n) of Section 18-8 of this Code (which was repealed on July 1, 1998), and any high school

district that is affected by Public Act 92-28 is entitled to a recomputation of its supplemental general State aid grant or State aid paid in any of those fiscal years. This recomputation shall not be affected by any other funding.

(1.10) This paragraph (1.10) applies to the 2003-2004 school year and each school year thereafter. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall, for each fiscal year, be the low-income eligible pupil count as of July 1 of the immediately preceding fiscal year (as determined by the Department of Human Services based on the number of pupils who are eligible for at least one of the following low income programs: Medicaid, KidCare, TANF, or Food Stamps, excluding pupils who are eligible for services provided by the Department of Children and Family Services, averaged over the 2 immediately preceding fiscal years for fiscal year 2004 and over the 3 immediately preceding fiscal years for each fiscal year thereafter) divided by the Average Daily Attendance of the school district.

(2) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 1998-1999, 1999-2000, and 2000-2001 school years only:

(a) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for any school year shall be $800 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for the 1998-1999 school year shall be $1,100 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for the 1998-99 school year shall be $1,500 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of 60% or more, the grant for the 1998-99 school year shall be $1,900 multiplied by the low income eligible pupil count.

(e) For the 1999-2000 school year, the per pupil amount specified in subparagraphs (b), (c), and (d) immediately above shall be increased to $1,243, $1,600, and $2,000, respectively.
(f) For the 2000-2001 school year, the per pupil amounts specified in subparagraphs (b), (c), and (d) immediately above shall be $1,273, $1,640, and $2,050, respectively.

(2.5) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2002-2003 school year:

(I) General State Aid for Newly Configured School Districts.

(1) For a new school district formed by combining property included totally within 2 or more previously existing school districts, for its first year of existence the general State aid and supplemental general State aid calculated under this Section shall be computed for the new district and for the previously existing districts for which property is totally included within the new district. If the computation on the basis of the previously existing districts is greater, a supplementary payment equal to the difference shall be made for the first 4 years of existence of the new district.

(2) For a school district which annexes all of the territory of one or more entire other school districts, for the first year during which the change of boundaries attributable to such annexation becomes effective for all purposes as determined under Section 7-9 or 7A-8, the general State aid and supplemental general State aid calculated under this Section shall be computed for the annexing district as constituted after the annexation and for the annexing and each annexed district as constituted prior to the annexation; and if the computation on the basis of the annexing and annexed districts as constituted prior to the annexation is greater, a supplementary payment equal to the difference shall be made for the first 4 years of existence of the annexing school district as constituted upon such annexation.

(3) For 2 or more school districts which annex all of the territory of one or more entire other school districts, and for 2 or more community unit districts which result upon the division (pursuant to petition under Section 11A-2) of one or more other unit school districts into 2 or more parts and which together include all of the parts into which such other unit school district or districts are so divided, for the first year during which the change of boundaries attributable to such annexation or division becomes effective for all purposes as determined under Section 7-9 or 11A-10, as the case may be, the general State aid and supplemental general State aid calculated under this Section shall be computed for each annexing or resulting district as constituted after the annexation or division and for each annexing and annexed district, or for each resulting and divided district, as constituted prior to the annexation or division; and if the aggregate of the general State aid and supplemental general State aid as so computed for the annexing or resulting districts as constituted after the

annexation or division is less than the aggregate of the general State aid and supplemental general State aid as so computed for the annexing and annexed districts, or for the resulting and divided districts, as constituted prior to the annexation or division, then a supplementary payment equal to the difference shall be made and allocated between or among the annexing or resulting districts, as constituted upon such annexation or division, for the first 4 years of their existence. The total difference payment shall be allocated between or among the annexing or resulting districts in the same ratio as the pupil enrollment from that portion of the annexed or divided district or districts which is annexed to or included in each such annexing or resulting district bears to the total pupil enrollment from the entire annexed or divided district or districts, as such pupil enrollment is determined for the school year last ending prior to the date when the change of boundaries attributable to the annexation or division becomes effective for all purposes. The amount of the total difference payment and the amount thereof to be allocated to the annexing or resulting districts shall be computed by the State Board of Education on the basis of pupil enrollment and other data which shall be certified to the State Board of Education, on forms which it shall provide for that purpose, by the regional superintendent of schools for each educational service region in which the annexing and annexed districts, or resulting and divided districts are located.

(2) If, as provided in paragraph (1) of this subsection (J), a school district is to receive aggregate general State aid in combination with supplemental general State aid under this Section for the 1998-99 school year and any subsequent school year that in any such school year is less than the amount of the aggregate general State aid entitlement that the district received for the 1997-98 school year, the school district shall also receive, from a separate appropriation made for purposes of this subsection (J), a supplementary payment that is equal to the amount of the difference in the aggregate State aid figures as described in paragraph (1).

Each laboratory and alternative school shall file, on forms provided by the State Superintendent of Education, an annual State aid claim which states the Average Daily Attendance of the school's students by month. The best 3 months' Average Daily Attendance shall be computed for each school. The general State aid entitlement shall be computed by multiplying the applicable Average Daily Attendance by the Foundation Level as determined under this Section.

(L) Payments, Additional Grants in Aid and Other Requirements.

(1) For a school district operating under the financial supervision of an Authority created under Article 34A, the general State aid otherwise payable to that district under this Section, but not the supplemental general State aid, shall be reduced by an amount equal to the budget for the operations of the Authority as certified by the Authority to the State Board of Education, and an amount equal to such reduction shall be paid to the Authority created for such district for its operating expenses in the manner provided in Section 18-11. All members appointed to serve on the Board shall serve until their respective successors are appointed and confirmed. Vacancies shall be filled in the same manner as original appointments. If a vacancy in membership occurs at a time when the Senate is not in session, the Governor shall make a temporary appointment until the next meeting of the Senate, when he or she shall appoint, by and with the advice and consent of the Senate, a person to fill that membership for the unexpired term. The recommended foundation level shall be determined based on a methodology which incorporates the basic education expenditures of low-spending schools exhibiting high academic performance. The Education Funding Advisory Board shall
make such recommendations to the General Assembly on January 1 of odd numbered years, beginning January 1, 2001.

determined under the standards of the institution at which the student is
enrolled. Distributions made from the pool for qualified expenses shall be
made directly to the eligible educational institution, directly to a vendor, or
in the form of a check payable to both the beneficiary and the institution or
vendor. Any moneys that are distributed in any other manner or that are
used for expenses other than qualified expenses at an eligible educational
institution shall be subject to a penalty of 10% of the earnings unless the
beneficiary dies, becomes disabled, or receives a scholarship that equals or
exceeds the distribution. Penalties shall be withheld at the time the
distribution is made.

The Treasurer shall limit the contributions that may be made on
behalf of a designated beneficiary based on an actuarial estimate of what is
required to pay tuition, fees, and room and board for 5 undergraduate years
at the highest cost eligible educational institution. The contributions made
on behalf of a beneficiary who is also a beneficiary under the Illinois
Prepaid Tuition Program shall be further restricted to ensure that the
contributions in both programs combined do not exceed the limit
established for the College Savings Pool. The Treasurer shall provide the
Illinois Student Assistance Commission each year at a time designated by
the Commission, an electronic report of all participant accounts in the
Treasurer's College Savings Pool, listing total contributions and
disbursements from each individual account during the previous calendar
year. As soon thereafter as is possible following receipt of the Treasurer's
report, the Illinois Student Assistance Commission shall, in turn, provide
the Treasurer with an electronic report listing those College Savings Pool
participants who also participate in the State's prepaid tuition program,
administered by the Commission. The Commission shall be responsible
for filing any combined tax reports regarding State qualified savings
programs required by the United States Internal Revenue Service. The
Treasurer shall work with the Illinois Student Assistance Commission to
coordinate the marketing of the College Savings Pool and the Illinois
Prepaid Tuition Program when considered beneficial by the Treasurer and
the Director of the Illinois Student Assistance Commission. The
Treasurer's office shall not publicize or otherwise market the College

The assets of the College Savings Pool and its income and operation shall be exempt from all taxation by the State of Illinois and any of its subdivisions. The accrued earnings on investments in the Pool once disbursed on behalf of a designated beneficiary shall be similarly exempt from all taxation by the State of Illinois and its subdivisions, so long as they are used for qualified expenses. Contributions to a College Savings Pool account during the taxable year may be deducted from adjusted gross income as provided in Section 203 of the Illinois Income Tax Act. The provisions of this paragraph are exempt from Section 250 of the Illinois Income Tax Act.

The Treasurer shall adopt rules he or she considers necessary for the efficient administration of the College Savings Pool. The rules shall provide whatever additional parameters and restrictions are necessary to ensure that the College Savings Pool meets all of the requirements for a qualified state tuition program under Section 529 of the Internal Revenue Code (26 U.S.C. 529). The rules shall provide for the administration expenses of the pool to be paid from its earnings and for the investment earnings in excess of the expenses and all moneys collected as penalties to be credited or paid monthly to the several participants in the pool in a manner which equitably reflects the differing amounts of their respective investments in the pool and the differing periods of time for which those amounts were in the custody of the pool. Also, the rules shall require the maintenance of records that enable the Treasurer's office to produce a report for each account in the pool at least annually that documents the account balance and investment earnings. Notice of any proposed amendments to the rules and regulations shall be provided to all participants prior to adoption. Amendments to rules and regulations shall apply only to contributions made after the adoption of the amendment.

Upon creating the College Savings Pool, the State Treasurer shall give bond with 2 or more sufficient sureties, payable to and for the benefit of the participants in the College Savings Pool, in the penal sum of $1,000,000, conditioned upon the faithful discharge of his or her duties in relation to the College Savings Pool.

(e) Gross income; adjusted gross income; taxable income.

1. In general. Subject to the provisions of paragraph (2) and subsection (b) (3), for purposes of this Section and Section 803(e), a taxpayer's gross income, adjusted gross income, or taxable income for the taxable year shall mean the amount of gross income, adjusted gross income or taxable income properly
reportable for federal income tax purposes for the taxable year under the provisions of the Internal Revenue Code. Taxable income may be less than zero. However, for taxable years ending on or after December 31, 1986, net operating loss carryforwards from taxable years ending prior to December 31, 1986, may not exceed the sum of federal taxable income for the taxable year before net operating loss deduction, plus the excess of addition modifications over subtraction modifications for the taxable year. For taxable years ending prior to December 31, 1986, taxable income may never be an amount in excess of the net operating loss for the taxable year as defined in subsections (c) and (d) of Section 172 of the Internal Revenue Code, provided that when taxable income of a corporation (other than a Subchapter S corporation), trust, or estate is less than zero and addition modifications, other than those provided by subparagraph (E) of paragraph (2) of subsection (b) for corporations or subparagraph (E) of paragraph (2) of subsection (c) for trusts and estates, exceed subtraction modifications, an addition modification must be made under those subparagraphs for any other taxable year to which the taxable income less than zero (net operating loss) is applied under Section 172 of the Internal Revenue Code or under subparagraph (E) of paragraph (2) of this subsection (e) applied in conjunction with Section 172 of the Internal Revenue Code.

(2) Special rule. For purposes of paragraph (1) of this subsection, the taxable income properly reportable for federal income tax purposes shall mean:

(A) Certain life insurance companies. In the case of a life insurance company subject to the tax imposed by Section 801 of the Internal Revenue Code, life insurance company taxable income, plus the amount of distribution from pre-1984 policyholder surplus accounts as calculated under Section 815a of the Internal Revenue Code;

(B) Certain other insurance companies. In the case of mutual insurance companies subject to the tax imposed by Section 831 of the Internal Revenue Code, insurance company taxable income;

(D) Real estate investment trusts. In the case of a real estate investment trust subject to the tax imposed by Section 857 of the Internal Revenue Code, real estate investment trust taxable income;

(E) Consolidated corporations. In the case of a corporation which is a member of an affiliated group of corporations filing a consolidated income tax return for the taxable year for federal income tax purposes, taxable income determined as if such corporation had filed a separate return for federal income tax purposes for the taxable year and each preceding taxable year for which it was a member of an affiliated group. For purposes of this subparagraph, the taxpayer's separate taxable income shall be determined as if the election provided by Section 243(b) (2) of the Internal Revenue Code had been in effect for all such years;

(F) Cooperatives. In the case of a cooperative corporation or association, the taxable income of such organization determined in accordance with the provisions of Section 1381 through 1388 of the Internal Revenue Code;

(G) Subchapter S corporations. In the case of: (i) a Subchapter S corporation for which there is in effect an election for the taxable year under Section 1362 of the Internal Revenue Code, the taxable income of such corporation determined in accordance with Section 1363(b) of the Internal Revenue Code, except that taxable income shall take into account those items which are required by Section 1363(b)(1) of the Internal Revenue Code to be separately stated; and (ii) a Subchapter S corporation for which there is in effect a federal election to opt out of the provisions of the Subchapter S Revision Act of 1982 and have applied instead the prior federal Subchapter S rules as in effect on July 1, 1982, the taxable income of such corporation determined in accordance with the federal Subchapter S rules as in effect on July 1, 1982; and

Partnerships. In the case of a partnership, taxable income determined in accordance with Section 703 of the Internal Revenue Code, except that taxable income shall take into account those items which are required by Section 703(a)(1) to be separately stated but which would be taken into account by an individual in calculating his taxable income.

(f) Valuation limitation amount.

(1) In general. The valuation limitation amount referred to in subsections (a) (2) (G), (c) (2) (I) and (d)(2) (E) is an amount equal to:

   (A) The sum of the pre-August 1, 1969 appreciation amounts (to the extent consisting of gain reportable under the provisions of Section 1245 or 1250 of the Internal Revenue Code) for all property in respect of which such gain was reported for the taxable year; plus

   (B) The lesser of (i) the sum of the pre-August 1, 1969 appreciation amounts (to the extent consisting of capital gain) for all property in respect of which such gain was reported for federal income tax purposes for the taxable year, or (ii) the net capital gain for the taxable year, reduced in either case by any amount of such gain included in the amount determined under subsection (a) (2) (F) or (c) (2) (H).

(2) Pre-August 1, 1969 appreciation amount.

   (A) If the fair market value of property referred to in paragraph (1) was readily ascertainable on August 1, 1969, the pre-August 1, 1969 appreciation amount for such property is the lesser of (i) the excess of such fair market value over the taxpayer's basis (for determining gain) for such property on that date (determined under the Internal Revenue Code as in effect on that date), or (ii) the total gain realized and reportable for federal income tax purposes in respect of the sale, exchange or other disposition of such property.

   (B) If the fair market value of property referred to in paragraph (1) was not readily ascertainable on August 1, 1969, the pre-August 1, 1969 appreciation amount for such property is that amount which bears the same ratio to the
total gain reported in respect of the property for federal income tax purposes for the taxable year, as the number of full calendar months in that part of the taxpayer's holding period for the property ending July 31, 1969 bears to the number of full calendar months in the taxpayer's entire holding period for the property.

(C) The Department shall prescribe such regulations as may be necessary to carry out the purposes of this paragraph.

(g) Double deductions. Unless specifically provided otherwise, nothing in this Section shall permit the same item to be deducted more than once.

(h) Legislative intention. Except as expressly provided by this Section there shall be no modifications or limitations on the amounts of income, gain, loss or deduction taken into account in determining gross income, adjusted gross income or taxable income for federal income tax purposes for the taxable year, or in the amount of such items entering into the computation of base income and net income under this Act for such taxable year, whether in respect of property values as of August 1, 1969 or otherwise.

(3) Certain State officers and agencies require individuals
to disclose their social security numbers for various reasons, thus
creating the potential for the theft of those individuals' identities if
their social security numbers are further disclosed without
authorization.

(4) The State should take all necessary steps to ensure that
the procedures used by its officers and agencies do not facilitate the
theft of individuals' identities through the unauthorized disclosure
of those individuals' social security numbers.

If a school's facilities are inadequate to allow for this specified class size, then a school may use the grant funds for teacher aides instead.

defendant if released on bail, whether the offense was based on racial, religious, sexual orientation or ethnic hatred, the likelihood of the filing of a greater charge, the likelihood of conviction, the sentence applicable upon conviction, the weight of the evidence against such defendant, whether there exists motivation or ability to flee, whether there is any verification as to prior residence, education, or family ties in the local jurisdiction, in another county, state or foreign country, the defendant's employment, financial resources, character and mental condition, past conduct, prior use of alias names or dates of birth, and length of residence in the community, the consent of the defendant to periodic drug testing in accordance with Section 110-6.5, whether a foreign national defendant is lawfully admitted in the United States of America, whether the government of the foreign national maintains an extradition treaty with the United States by which the foreign government will extradite to the United States its national for a trial for a crime allegedly committed in the United States, whether the defendant is currently subject to deportation or exclusion under the immigration laws of the United States, whether the defendant, although a United States citizen, is considered under the law of any foreign state a national of that state for the purposes of extradition or non-extradition to the United States, the amount of unrecovered proceeds lost as a result of the alleged offense, the source of bail funds tendered or sought to be tendered for bail, whether from the totality of the court's consideration, the loss of funds posted or sought to be posted for bail will not deter the defendant from flight, whether the evidence shows that the defendant is engaged in significant possession, manufacture, or delivery of a controlled substance or cannabis, either individually or in consort with others, whether at the time of the offense charged he was on bond or pre-trial release pending trial, probation, periodic imprisonment or conditional discharge pursuant to this Code or the comparable Code of any other state or federal jurisdiction, whether the defendant is on bond or pre-trial release pending the imposition or execution of sentence or appeal of sentence for any offense under the laws of Illinois or any other state or federal jurisdiction, whether the defendant is under parole or mandatory supervised release or work release from the Illinois Department of Corrections or any penal institution or corrections department of any state or federal jurisdiction, the defendant's record of convictions, whether the defendant has been convicted of a misdemeanor or ordinance offense in Illinois or similar offense in other state or federal jurisdiction within the 10 years preceding the current charge or convicted of a felony in Illinois,
whether the defendant was convicted of an offense in another state or federal jurisdiction that would be a felony if committed in Illinois within the 20 years preceding the current charge or has been convicted of such felony and released from the penitentiary within 20 years preceding the current charge if a penitentiary sentence was imposed in Illinois or other state or federal jurisdiction, the defendant's records of juvenile adjudication of delinquency in any jurisdiction, any record of appearance or failure to appear by the defendant at court proceedings, whether there was flight to avoid arrest or prosecution, whether the defendant escaped or attempted to escape to avoid arrest, whether the defendant refused to identify himself, or whether there was a refusal by the defendant to be fingerprinted as required by law. Information used by the court in its findings or stated in or offered in connection with this Section may be by way of proffer based upon reliable information offered by the State or defendant. "Street value" shall be determined by the court on the basis of a proffer by the State based upon reliable information of a law enforcement official contained in a written report as to the amount seized and such proffer may be used by the court as to the current street value of the smallest unit of the drug seized.

(b-5) Upon the filing of a written request demonstrating reasonable cause, the State's Attorney may request a source of bail hearing either before or after the posting of any funds. AN ACT in relation to children.
Be it enacted by the People of the State of Illinois, represented in
the General Assembly:
Section 5. The Abandoned Newborn Infant Protection Act is
amended by changing Sections 10, 15, 20, 25, 27, 30, 35, 40, 50, 55, and
65 as follows:
(325 ILCS 2/10)
(Section scheduled to be repealed on July 1, 2007)
Sec. 10. Definitions. In this Act:
"Abandon" has the same meaning as in the Abused and Neglected
Child Reporting Act.
"Abused child" has the same meaning as in the Abused and
Neglected Child Reporting Act.
"Child-placing agency" means a licensed public or private agency
that receives a child for the purpose of placing or arranging for the
placement of the child in a foster family home or other facility for child
care, apart from the custody of the child's parents.
"Department" or "DCFS" means the Illinois Department of
Children and Family Services.
"Emergency medical facility" means a freestanding emergency
center or trauma center, as defined in the Emergency Medical Services
(EMS) Systems Act.
"Emergency medical professional" includes licensed physicians,
and any emergency medical technician-basic, emergency medical
technician-intermediate, emergency medical technician-paramedic, trauma
nurse specialist, and pre-hospital RN, as defined in the Emergency
Medical Services (EMS) Systems Act.
"Fire station" means a fire station within the State that is staffed
with at least one full-time emergency medical professional.
"Hospital" has the same meaning as in the Hospital Licensing Act.
"Legal custody" means the relationship created by a court order in
the best interest of a newborn infant that imposes on the infant's custodian
the responsibility of physical possession of the infant, the duty to protect,
train, and discipline the infant, and the duty to provide the infant with
food, shelter, education, and medical care, except as these are limited by
parental rights and responsibilities.

New matter indicated by italics - deletions by strikeout.
"Neglected child" has the same meaning as in the Abused and Neglected Child Reporting Act.

"Newborn infant" means a child who a licensed physician reasonably believes is 72 hours old or less at the time the child is initially relinquished to a hospital, police station, fire station, or emergency medical facility, and who is not an abused or a neglected child.

"Police station" means a municipal police station or a county sheriff's office.

"Relinquish" means to bring a newborn infant, who a licensed physician reasonably believes is 72 hours old or less, to a hospital, police station, fire station, or emergency medical facility and to leave the infant with personnel of the facility, if the person leaving the infant does not express an intent to return for the infant or states that he or she will not return for the infant. In the case of a mother who gives birth to an infant in a hospital, the mother's act of leaving that newborn infant at the hospital (i) without expressing an intent to return for the infant or (ii) stating that she will not return for the infant is not a "relinquishment" under this Act.

"Temporary protective custody" means the temporary placement of a newborn infant within a hospital or other medical facility out of the custody of the infant's parent.

(Section scheduled to be repealed on July 1, 2007)
Sec. 15. Presumptions.

(a) There is a presumption that by relinquishing a newborn infant in accordance with this Act, the infant's parent consents to the termination of his or her parental rights with respect to the infant.

(b) There is a presumption that a person relinquishing a newborn infant in accordance with this Act:

(1) is the newborn infant's biological parent; and
(2) either without expressing an intent to return for the infant or expressing an intent not to return for the infant, did intend to relinquish the infant to the hospital, police station, fire station, or emergency medical facility to treat, care for, and provide for the infant in accordance with this Act.

(c) A parent of a relinquished newborn infant may rebut the presumption set forth in either subsection (a) or subsection (b) pursuant to Section 55, at any time before the termination of the parent's parental rights.

Sec. 20. Procedures with respect to relinquished newborn infants.

(a) Hospitals. Every hospital must accept and provide all necessary emergency services and care to a relinquished newborn infant, in accordance with this Act. The hospital shall examine a relinquished newborn infant and perform tests that, based on reasonable medical judgment, are appropriate in evaluating whether the relinquished newborn infant was abused or neglected.

The act of relinquishing a newborn infant serves as implied consent for the hospital and its medical personnel and physicians on staff to treat and provide care for the infant.

The hospital shall be deemed to have temporary protective custody of a relinquished newborn infant until the infant is discharged to the custody of a child-placing agency or the Department.

(b) Fire stations and emergency medical facilities. Every fire station and emergency medical facility must accept and provide all necessary emergency services and care to a relinquished newborn infant, in accordance with this Act.

The act of relinquishing a newborn infant serves as implied consent for the fire station or emergency medical facility and its emergency medical professionals to treat and provide care for the infant, to the extent that those emergency medical professionals are trained to provide those services.

After the relinquishment of a newborn infant to a fire station or emergency medical facility, the fire station or emergency medical facility's personnel must arrange for the transportation of the infant to the nearest hospital as soon as transportation can be arranged.

If the parent of a newborn infant returns to reclaim the child within 72 hours after relinquishing the child to a fire station or emergency medical facility, the fire station or emergency medical facility must inform the parent of the name and location of the hospital to which the infant was transported.

(325 ILCS 2/25)
Sec. 25. Immunity for relinquishing person.
(a) The act of relinquishing a newborn infant to a hospital, police station, fire station, or emergency medical facility in accordance with this Act does not, by itself, constitute a basis for a finding of abuse, neglect, or abandonment of the infant pursuant to the laws of this State nor does it, by itself, constitute a violation of Section 12-21.5 or 12-21.6 of the Criminal Code of 1961.

(b) If there is suspected child abuse or neglect that is not based solely on the newborn infant's relinquishment to a hospital, police station, fire station, or emergency medical facility, the personnel of the hospital, police station, fire station, or emergency medical facility who are mandated reporters under the Abused and Neglected Child Reporting Act must report the abuse or neglect pursuant to that Act.

(c) Neither a child protective investigation nor a criminal investigation may be initiated solely because a newborn infant is relinquished pursuant to this Act.

A hospital, police station, fire station, or emergency medical facility, and any personnel of a hospital, police station, fire station, or emergency medical facility, are immune from criminal or civil liability for acting in good faith in accordance with this Act. Nothing in this Act limits liability for negligence for care and medical treatment.

(325 ILCS 2/30)
(Section scheduled to be repealed on July 1, 2007)
Sec. 30. Anonymity of relinquishing person. If there is no evidence of abuse or neglect of a relinquished newborn infant, the relinquishing person has the right to remain anonymous and to leave the hospital, police station, fire station, or emergency medical facility at any time and not be pursued or followed. Before the relinquishing person leaves the hospital, police station, fire station, or emergency medical facility, the hospital, police station, fire station, or emergency medical facility personnel shall (i) verbally inform the relinquishing person that by relinquishing the child anonymously, he or she will have to petition the court if he or she desires to prevent the termination of parental rights and regain custody of the child and (ii) shall offer the relinquishing person the information packet described in Section 35 of this Act. However, nothing in this Act shall be construed as precluding the relinquishing person from providing his or her identity or completing the application forms for the Illinois Adoption Registry and Medical Information Exchange and requesting that the hospital, police station, fire station, or emergency medical facility forward those forms to the Illinois Adoption Registry and Medical Information Exchange.

(3) A resource list of providers of counseling services including grief counseling, pregnancy counseling, and counseling regarding adoption and other available options for placement of the infant.

Upon request, the Department of Public Health shall provide the application forms for the Illinois Adoption Registry and Medical Information Exchange to hospitals, police stations, fire stations, and emergency medical facilities.

(b) Upon notice from the Department that a newborn infant has been relinquished in accordance with this Act, a child-placing agency must accept the newborn infant if the agency has the accommodations to do so. The child-placing agency must seek an order for legal custody of the infant upon its acceptance of the infant.

(c) Within 3 business days after assuming physical custody of the infant, the child-placing agency shall file a petition in the division of the circuit court in which petitions for adoption would normally be heard. The petition shall allege that the newborn infant has been relinquished in accordance with this Act and shall state that the child-placing agency intends to place the infant in an adoptive home.

(d) If no licensed child-placing agency is able to accept the relinquished newborn infant, then the Department must assume responsibility for the infant as soon as practicable.

(e) A custody order issued under subsection (b) shall remain in effect until a final adoption order based on the relinquished newborn infant's best interests is issued in accordance with this Act and the Adoption Act.

(f) When possible, the child-placing agency must place a relinquished newborn infant in a prospective adoptive home.

(g) The Department or child-placing agency must initiate proceedings to (i) terminate the parental rights of the relinquished newborn infant's known or unknown parents, (ii) appoint a guardian for the infant, and (iii) obtain consent to the infant's adoption in accordance with this Act no sooner than 60 days following the date of the initial relinquishment of the infant to the hospital, police station, fire station, or emergency medical facility.

(h) Before filing a petition for termination of parental rights, the Department or child-placing agency must do the following:

(1) Search its Putative Father Registry for the purpose of determining the identity and location of the putative father of the relinquished newborn infant who is, or is expected to be, the

subject of an adoption proceeding, in order to provide notice of the proceeding to the putative father. At least one search of the Registry must be conducted, at least 30 days after the relinquished newborn infant's estimated date of birth; earlier searches may be conducted, however. Notice to any potential putative father discovered in a search of the Registry according to the estimated age of the relinquished newborn infant must be in accordance with Section 12a of the Adoption Act.

(2) Verify with law enforcement officials, using the National Crime Information Center, that the relinquished newborn infant is not a missing child.

Sec. 55. Petition for return of custody.
(a) A parent of a newborn infant relinquished in accordance with this Act may petition for the return of custody of the infant before the termination of parental rights with respect to the infant.

(b) A parent of a newborn infant relinquished in accordance with this Act may petition for the return of custody of the infant by contacting the Department for the purpose of obtaining the name of the child-placing agency and then filing a petition for return of custody in the circuit court in which the proceeding for the termination of parental rights is pending.

(c) If a petition for the termination of parental rights has not been filed by the Department or the child-placing agency, the parent of the relinquished newborn infant must contact the Department, which must notify the parent of the appropriate court in which the petition for return of custody must be filed.

(d) The circuit court may hold the proceeding for the termination of parental rights in abeyance for a period not to exceed 60 days from the date that the petition for return of custody was filed without a showing of good cause. During that period:

(1) The court shall order genetic testing to establish maternity or paternity, or both.

(2) The Department shall conduct a child protective investigation and home study to develop recommendations to the court.

(3) When indicated as a result of the Department's investigation and home study, further proceedings under the

Juvenile Court Act of 1987 as the court determines appropriate, may be conducted. However, relinquishment of a newborn infant in accordance with this Act does not render the infant abused, neglected, or abandoned solely because the newborn infant was relinquished to a hospital, police station, fire station, or emergency medical facility in accordance with this Act.

(e) Failure to file a petition for the return of custody of a relinquished newborn infant before the termination of parental rights bars any future action asserting legal rights with respect to the infant unless the parent's act of relinquishment that led to the termination of parental rights involved fraud perpetrated against and not stemming from or involving the parent. No action to void or revoke the termination of parental rights of a parent of a newborn infant relinquished in accordance with this Act, including an action based on fraud, may be commenced after 12 months after the date that the newborn infant was initially relinquished to a hospital, police station, fire station, or emergency medical facility.

Section 99. Effective date. This Act takes effect upon becoming law.

Section 5. The School Code is amended by changing Section 30-14.2 as follows:
(105 ILCS 5/30-14.2) (from Ch. 122, par. 30-14.2)
Sec. 30-14.2. MIA/POW scholarships.
(a) Any spouse, natural child, legally adopted child, or any step-child of an eligible veteran or serviceperson who possesses all necessary entrance requirements shall, upon application and proper proof, be awarded a MIA/POW Scholarship consisting of the equivalent of 4 calendar years of full-time enrollment including summer terms, to the state supported Illinois institution of higher learning of his choice, subject to the restrictions listed below.

"Eligible veteran or serviceperson" means any veteran or serviceperson, including an Illinois National Guard member who is on active duty or is active on a training assignment, who has been declared by the U. S. Department of Defense or the U.S. Department of Veterans' Affairs to be a prisoner of war, be missing in action, have died as the result of a service-connected disability or be permanently disabled from service-connected causes with 100% disability and who at the time of entering service was an Illinois resident or was an Illinois resident within 6 months of entering such service.

Full-time enrollment means 12 or more semester hours of courses per semester, or 12 or more quarter hours of courses per quarter, or the equivalent thereof per term. Scholarships utilized by dependents enrolled in less than full-time study shall be computed in the proportion which the number of hours so carried bears to full-time enrollment.

Scholarships awarded under this Section may be used by a spouse or child without regard to his or her age. The holder of a Scholarship awarded under this Section shall be subject to all examinations and academic standards, including the maintenance of minimum grade levels, that are applicable generally to other enrolled students at the Illinois institution of higher learning where the Scholarship is being used. If the surviving spouse remarries or if there is a divorce between the veteran or serviceperson and his or her spouse while the dependent is pursuing his or her course of study, Scholarship benefits will be terminated at the end of the term for which he or she is presently enrolled. Such dependents shall also be entitled, upon proper proof and application, to enroll in any extension course offered by a State supported Illinois institution of higher learning without payment of tuition and approved fees.

New matter indicated by italics - deletions by strikeout.
The holder of a MIA/POW Scholarship authorized under this Section shall not be required to pay any matriculation or application fees, tuition, activities fees, graduation fees or other fees, except multipurpose building fees or similar fees for supplies and materials.

Any dependent who has been or shall be awarded a MIA/POW Scholarship shall be reimbursed by the appropriate institution of higher learning for any fees which he or she has paid and for which exemption is granted under this Section if application for reimbursement is made within 2 months following the end of the school term for which the fees were paid.

(b) In lieu of the benefit provided in subsection (a), any spouse, natural child, legally adopted child, or step-child of an eligible veteran or serviceperson, which spouse or child has a physical, mental or developmental disability, shall be entitled to receive, upon application and proper proof, a benefit to be used for the purpose of defraying the cost of the attendance or treatment of such spouse or child at one or more appropriate therapeutic, rehabilitative or educational facilities. The application and proof may be made by the parent or legal guardian of the spouse or child on his or her behalf.

The total benefit provided to any beneficiary under this subsection shall not exceed the cost equivalent of 4 calendar years of full-time enrollment, including summer terms, at the University of Illinois. Whenever practicable in the opinion of the Department of Veterans' Affairs, payment of benefits under this subsection shall be made directly to the facility, the cost of attendance or treatment at which is being defrayed, as such costs accrue.

(c) The benefits of this Section shall be administered by and paid for out of funds made available to the Illinois Department of Veterans' Affairs. The amounts that become due to any state supported Illinois institution of higher learning shall be payable by the Comptroller to such institution on vouchers approved by the Illinois Department of Veterans' Affairs. The amounts that become due under subsection (b) of this Section shall be payable by warrant upon vouchers issued by the Illinois Department of Veterans' Affairs and approved by the Comptroller. The Illinois Department of Veterans' Affairs shall determine the eligibility of the persons who make application for the benefits provided for in this Section.

(20 ILCS 2305/2) (from Ch. 111 1/2, par. 22)

Sec. 2. Powers.

(a) The State Department of Public Health has general supervision of the interests of the health and lives of the people of the State. It has supreme authority in matters of quarantine and isolation, and may declare and enforce quarantine and isolation when none exists, and may modify or relax quarantine and isolation when it has been established. The Department may adopt, promulgate, repeal and amend rules and regulations and make such sanitary investigations and inspections as it may from time to time deem necessary for the preservation and improvement of the public health, consistent with law regulating the following:

(1) Transportation of the remains of deceased persons.
(2) Sanitary practices relating to drinking water made accessible to the public for human consumption or for lavatory or culinary purposes.
(3) Sanitary practices relating to rest room facilities made accessible to the public or to persons handling food served to the public.
(4) Sanitary practices relating to disposal of human wastes in or from all buildings and places where people live, work or assemble.

The provisions of the Illinois Administrative Procedure Act are hereby expressly adopted and shall apply to all administrative rules and procedures of the Department of Public Health under this Act, except that Section 5-35 of the Illinois Administrative Procedure Act relating to procedures for rule-making does not apply to the adoption of any rule required by federal law in connection with which the Department is precluded by law from exercising any discretion.

All local boards of health, health authorities and officers, police officers, sheriffs and all other officers and employees of the state or any...
locality shall enforce the rules and regulations so adopted and orders issued by the Department pursuant to this Section.

The Department of Public Health shall conduct a public information campaign to inform Hispanic women of the high incidence of breast cancer and the importance of mammograms and where to obtain a mammogram. This requirement may be satisfied by translation into Spanish and distribution of the breast cancer summaries required by Section 2310-345 of the Department of Public Health Powers and Duties Law (20 ILCS 2310/2310-345). The information provided by the Department of Public Health shall include (i) a statement that mammography is the most accurate method for making an early detection of breast cancer, however, no diagnostic tool is 100% effective and (ii) instructions for performing breast self-examination and a statement that it is important to perform a breast self-examination monthly.

The Department of Public Health shall investigate the causes of dangerously contagious or infectious diseases, especially when existing in epidemic form, and take means to restrict and suppress the same, and whenever such disease becomes, or threatens to become epidemic, in any locality and the local board of health or local authorities neglect or refuse to enforce efficient measures for its restriction or suppression or to act with sufficient promptness or efficiency, or whenever the local board of health or local authorities neglect or refuse to promptly enforce efficient measures for the restriction or suppression of dangerously contagious or infectious diseases, the Department of Public Health may enforce such measures as it deems necessary to protect the public health, and all necessary expenses so incurred shall be paid by the locality for which services are rendered.

(b) Subject to the provisions of subsection (c), the Department may order a person or group of persons to be quarantined or isolated or may order a place to be closed and made off limits to the public to prevent the probable spread of a dangerously contagious or infectious disease, including non-compliant tuberculosis patients, until such time as the condition can be corrected or the danger to the public health eliminated or reduced in such a manner that no substantial danger to the public's health any longer exists. Orders for isolation of a person or quarantine of a place to prevent the probable spread of a sexually transmissible disease shall be governed by the provisions of Section 7 of the Illinois Sexually Transmissible Disease Control Act and not this Section.

New matter indicated by italics - deletions by strikeout.
(c) Except as provided in this Section, no person or a group of persons may be ordered to be quarantined or isolated and no place may be ordered to be closed and made off limits to the public except with the consent of the person or owner of the place or upon the prior order of a court of competent jurisdiction. The Department may, however, order a person or a group of persons to be quarantined or isolated or may order a place to be closed and made off limits to the public on an immediate basis without prior consent or court order if, in the reasonable judgment of the Department, immediate action is required to protect the public from a dangerously contagious or infectious disease. In the event of an immediate order issued without prior consent or court order, the Department shall, as soon as practical, within 48 hours after issuing the order, obtain the consent of the person or owner or file a petition requesting a court order authorizing the isolation or quarantine or closure. When exigent circumstances exist that cause the court system to be unavailable or that make it impossible to obtain consent or file a petition within 48 hours after issuance of an immediate order, the Department must obtain consent or file a petition requesting a court order as soon as reasonably possible. To obtain a court order, the Department, by clear and convincing evidence, must prove that the public's health and welfare are significantly endangered by a person or group of persons that has, that is suspected of having, that has been exposed to, or that is reasonably believed to have been exposed to with a dangerously contagious or infectious disease including non-compliant tuberculosis patients or by a place where there is a significant amount of activity likely to spread a dangerously contagious or infectious disease. The Department must also prove that all other reasonable means of correcting the problem have been exhausted and no less restrictive alternative exists. For purposes of this subsection, in determining whether no less restrictive alternative exists, the court shall consider evidence showing that, under the circumstances presented by the case in which an order is sought, quarantine or isolation is the measure provided for in a rule of the Department or in guidelines issued by the Centers for Disease Control and Prevention or the World Health Organization. Persons who are or are about to be ordered to be isolated or quarantined and owners of places that are or are about to be closed and made off limits to the public shall have the right to counsel. If a person or owner is indigent, the court shall appoint counsel for that person or owner. Persons who are ordered to be isolated or quarantined or who are owners of places that are ordered to be closed and made off

limits to the public, shall be given a written notice of such order. The written notice shall additionally include the following: (1) notice of the right to counsel; (2) notice that if the person or owner is indigent, the court will appoint counsel for that person or owner; (3) notice of the reason for the order for isolation, quarantine, or closure; (4) notice of whether the order is an immediate order, and if so, the time frame for the Department to seek consent or to file a petition requesting a court order as set out in this subsection; and (5) notice of the anticipated duration of the isolation, quarantine, or closure.

(d) The Department may order physical examinations and tests and collect laboratory specimens as necessary for the diagnosis or treatment of individuals in order to prevent the probable spread of a dangerously contagious or infectious disease. Physical examinations, tests, or collection of laboratory specimens must not be such as are reasonably likely to lead to serious harm to the affected individual. To prevent the spread of a dangerously contagious or infectious disease, the Department may, pursuant to the provisions of subsection (c) of this Section, isolate or quarantine any person whose refusal of physical examination or testing or collection of laboratory specimens results in uncertainty regarding whether he or she has been exposed to or is infected with a dangerously contagious or infectious disease or otherwise poses a danger to the public's health. An individual may refuse to consent to a physical examination, test, or collection of laboratory specimens. An individual shall be given a written notice that shall include notice of the following: (i) that the individual may refuse to consent to physical examination, test, or collection of laboratory specimens; (ii) that if the individual consents to physical examination, tests, or collection of laboratory specimens, the results of that examination, test, or collection of laboratory specimens may subject the individual to isolation or quarantine pursuant to the provisions of subsection (c) of this Section; (iii) that if the individual refuses to consent to physical examination, tests, or collection of laboratory specimens and that refusal results in uncertainty regarding whether he or she has been exposed to or is infected with a dangerously contagious or infectious disease or otherwise poses a danger to the public's health, the individual may be subject to isolation or quarantine pursuant to the provisions of subsection (c) of this Section; and (iv) that if the individual refuses to consent to physical examinations, tests, or collection of laboratory specimens and becomes subject to isolation and quarantine as provided in this subsection (d), he or she shall have the right to counsel

pursuant to the provisions of subsection (c) of this Section. To the extent feasible without endangering the public's health, the Department shall respect and accommodate the religious beliefs of individuals in implementing this subsection.

(e) The Department may order the administration of vaccines, medications, or other treatments to persons as necessary in order to prevent the probable spread of a dangerously contagious or infectious disease. A vaccine, medication, or other treatment to be administered must not be such as is reasonably likely to lead to serious harm to the affected individual. To prevent the spread of a dangerously contagious or infectious disease, the Department may, pursuant to the provisions of subsection (c) of this Section, isolate or quarantine persons who are unable or unwilling to receive vaccines, medications, or other treatments pursuant to this Section. An individual may refuse to receive vaccines, medications, or other treatments. An individual shall be given a written notice that shall include notice of the following: (i) that the individual may refuse to consent to vaccines, medications, or other treatments; (ii) that if the individual refuses to receive vaccines, medications, or other treatments, the individual may be subject to isolation or quarantine pursuant to the provisions of subsection (c) of this Section; and (iii) that if the individual refuses to receive vaccines, medications, or other treatments and becomes subject to isolation or quarantine as provided in this subsection (e), he or she shall have the right to counsel pursuant to the provisions of subsection (c) of this Section. To the extent feasible without endangering the public's health, the Department shall respect and accommodate the religious beliefs of individuals in implementing this subsection.

(f) The Department may order observation and monitoring of persons to prevent the probable spread of a dangerously contagious or infectious disease. To prevent the spread of a dangerously contagious or infectious disease, the Department may, pursuant to the provisions of subsection (c) of this Section, isolate or quarantine persons whose refusal to undergo observation and monitoring results in uncertainty regarding whether he or she has been exposed to or is infected with a dangerously contagious or infectious disease or otherwise poses a danger to the public's health. An individual may refuse to undergo observation and monitoring. An individual shall be given written notice that shall include notice of the following: (i) that the individual may refuse to undergo observation and monitoring; (ii) that if the individual consents to

observation and monitoring, the results of that observation and monitoring may subject the individual to isolation or quarantine pursuant to the provisions of subsection (c) of this Section; (iii) that if the individual refuses to undergo observation and monitoring and that refusal results in uncertainty regarding whether he or she has been exposed to or is infected with a dangerously contagious or infectious disease or otherwise poses a danger to the public's health, the individual may be subject to isolation or quarantine pursuant to the provisions of subsection (c) of this Section; and (iv) that if the individual refuses to undergo observation and monitoring and becomes subject to isolation or quarantine as provided in this subsection (f), he or she shall have the right to counsel pursuant to the provisions of subsection (c) of this Section.

(g) To prevent the spread of a dangerously contagious or infectious disease among humans, the Department may examine, test, disinfect, seize, or destroy animals or other related property believed to be sources of infection. An owner of such animal or other related property shall be given written notice regarding such examination, testing, disinfection, seizure, or destruction. When the Department determines that any animal or related property is infected with or has been exposed to a dangerously contagious or infectious disease, it may agree with the owner upon the value of the animal or of any related property that it may be found necessary to destroy, and in case such an agreement cannot be made, the animals or related property shall be appraised by 3 competent and disinterested appraisers, one to be selected by the Department, one by the claimant, and one by the 2 appraisers thus selected. The appraisers shall subscribe to an oath made in writing to fairly value the animals or related property in accordance with the requirements of this Act. The oath, together with the valuation fixed by the appraisers, shall be filed with the Department and preserved by it. Upon the appraisal being made, the owner or the Department shall immediately destroy the animals by "humane euthanasia" as that term is defined in Section 2.09 of the Humane Care for Animals Act. Dogs and cats, however, shall be euthanized pursuant to the provisions of the Humane Euthanasia in Animal Shelters Act. The owner or the Department shall additionally, dispose of the carcasses, and disinfect, change, or destroy the premises occupied by the animals, in accordance with rules prescribed by the Department governing such destruction and disinfection. order, or to require such other actions as may be necessary to address
violations of this Act, any rule or regulation adopted under this Act, any
permit or term or condition of a permit, or any Board order.

(f) The State's Attorney of the county in which the violation
occurred, or the Attorney General, shall bring such actions in the name of
the people of the State of Illinois. Without limiting any other authority
which may exist for the awarding of attorney's fees and costs, the Board or
a court of competent jurisdiction may award costs and reasonable
attorney's fees, including the reasonable costs of expert witnesses and
consultants, to the State's Attorney or the Attorney General in a case where
he has prevailed against a person who has committed a wilful, knowing or
repeated violation of this Act, any rule or regulation adopted under this
Act, any permit or term or condition of a permit, or any Board order.

Any funds collected under this subsection (f) in which the Attorney
General has prevailed shall be deposited in the Hazardous Waste Fund

(g) All final orders imposing civil penalties pursuant to this Section shall prescribe the time for payment of such penalties. If any such penalty is not paid within the time prescribed, interest on such penalty at the rate set forth in subsection (a) of Section 1003 of the Illinois Income Tax Act, shall be paid for the period from the date payment is due until the date payment is received. However, if the time for payment is stayed during the pendency of an appeal, interest shall not accrue during such stay.

(h) In determining the appropriate civil penalty to be imposed under subdivisions (a), (b)(1), (b)(2), (b)(3), or (b)(5) of this Section, the Board is authorized to consider any matters of record in mitigation or aggravation of penalty, including but not limited to the following factors:

1. the duration and gravity of the violation;
2. the presence or absence of due diligence on the part of the respondent in attempting to comply with requirements of this Act and regulations thereunder or to secure relief therefrom as provided by this Act;
3. any economic benefits accrued by the respondent because of delay in compliance with requirements, in which case the economic benefits shall be determined by the lowest cost alternative for achieving compliance;
4. the amount of monetary penalty which will serve to deter further violations by the respondent and to otherwise aid in enhancing voluntary compliance with this Act by the respondent and other persons similarly subject to the Act;
5. the number, proximity in time, and gravity of previously adjudicated violations of this Act by the respondent;
6. whether the respondent voluntarily self-disclosed, in accordance with subsection (i) of this Section, the non-compliance to the Agency; and
7. whether the respondent has agreed to undertake a "supplemental environmental project," which means an environmentally beneficial project that a respondent agrees to undertake in settlement of an enforcement action brought under this Act, but which the respondent is not otherwise legally required to perform.

In determining the appropriate civil penalty to be imposed under subsection (a) or paragraph (1), (2), (3), or (5) of subsection (b) of this Section, the Board shall ensure, in all cases, that the penalty is at least as great as the economic benefits, if any, accrued by the respondent as a result.

of the violation, unless the Board finds that imposition of such penalty would result in an arbitrary or unreasonable financial hardship. However, such civil penalty may be off-set in whole or in part pursuant to a supplemental environmental project agreed to by the complainant and the respondent.

(i) A person who voluntarily self-discloses non-compliance to the Agency, of which the Agency had been unaware, is entitled to a 100% reduction in the portion of the penalty that is not based on the economic benefit of non-compliance if the person can establish the following:

(1) that the non-compliance was discovered through an environmental audit, as defined in Section 52.2 of this Act, and the person waives the environmental audit privileges as provided in that Section with respect to that non-compliance;

(2) that the non-compliance was disclosed in writing within 30 days of the date on which the person discovered it;

(3) that the non-compliance was discovered and disclosed prior to:

(i) the commencement of an Agency inspection, investigation, or request for information;
(ii) notice of a citizen suit;
(iii) the filing of a complaint by a citizen, the Illinois Attorney General, or the State's Attorney of the county in which the violation occurred;
(iv) the reporting of the non-compliance by an employee of the person without that person's knowledge; or
(v) imminent discovery of the non-compliance by the Agency;

(4) that the non-compliance is being corrected and any environmental harm is being remediated in a timely fashion;

(5) that the person agrees to prevent a recurrence of the non-compliance;

(6) that no related non-compliance events have occurred in the past 3 years at the same facility or in the past 5 years as part of a pattern at multiple facilities owned or operated by the person;

(7) that the non-compliance did not result in serious actual harm or present an imminent and substantial endangerment to human health or the environment or violate the specific terms of any judicial or administrative order or consent agreement;

New matter indicated by italics - deletions by strikeout.
(8) that the person cooperates as reasonably requested by
the Agency after the disclosure; and
(9) that the non-compliance was identified voluntarily and
not through a monitoring, sampling, or auditing procedure that is
required by statute, rule, permit, judicial or administrative order, or
consent agreement.
If a person can establish all of the elements under this subsection
except the element set forth in paragraph (1) of this subsection, the person
is entitled to a 75% reduction in the portion of the penalty that is not based
upon the economic benefit of non-compliance.

Section 5. The Illinois Income Tax Act is amended by changing Section 917 as follows:

New matter indicated by italics - deletions by strikeout.
Sec. 917. Confidentiality and information sharing.

(a) Confidentiality. Except as provided in this Section, all information received by the Department from returns filed under this Act, or from any investigation conducted under the provisions of this Act, shall be confidential, except for official purposes within the Department or pursuant to official procedures for collection of any State tax or pursuant to an investigation or audit by the Illinois State Scholarship Commission of a delinquent student loan or monetary award or enforcement of any civil or criminal penalty or sanction imposed by this Act or by another statute imposing a State tax, and any person who divulges any such information in any manner, except for such purposes and pursuant to order of the Director or in accordance with a proper judicial order, shall be guilty of a Class A misdemeanor. However, the provisions of this paragraph are not applicable to information furnished to (i) the Department of Public Aid, State's Attorneys, and the Attorney General for child support enforcement purposes and (ii) a licensed attorney representing the taxpayer where an appeal or a protest has been filed on behalf of the taxpayer. If it is necessary to file information obtained pursuant to this Act in a child support enforcement proceeding, the information shall be filed under seal.

(b) Public information. Nothing contained in this Act shall prevent the Director from publishing or making available to the public the names and addresses of persons filing returns under this Act, or from publishing or making available reasonable statistics concerning the operation of the tax wherein the contents of returns are grouped into aggregates in such a way that the information contained in any individual return shall not be disclosed.

(c) Governmental agencies. The Director may make available to the Secretary of the Treasury of the United States or his delegate, or the proper officer or his delegate of any other state imposing a tax upon or measured by income, for exclusively official purposes, information received by the Department in the administration of this Act, but such permission shall be granted only if the United States or such other state, as the case may be, grants the Department substantially similar privileges. The Director may exchange information with the Illinois Department of Public Aid and the Department of Human Services (acting as successor to the Department of Public Aid under the Department of Human Services Act) for the purpose of verifying sources and amounts of income and for

other purposes directly connected with the administration of this Act and the Illinois Public Aid Code. The Director may exchange information with the Director of the Department of Employment Security for the purpose of verifying sources and amounts of income and for other purposes directly connected with the administration of this Act and Acts administered by the Department of Employment Security. The Director may make available to the Illinois Industrial Commission information regarding employers for the purpose of verifying the insurance coverage required under the Workers' Compensation Act and Workers' Occupational Diseases Act.

The Director may make available to any State agency, including the Illinois Supreme Court, which licenses persons to engage in any occupation, information that a person licensed by such agency has failed to file returns under this Act or pay the tax, penalty and interest shown therein, or has failed to pay any final assessment of tax, penalty or interest due under this Act. The Director may make available to any State agency, including the Illinois Supreme Court, information regarding whether a bidder, contractor, or an affiliate of a bidder or contractor has failed to file returns under this Act or pay the tax, penalty, and interest shown therein, or has failed to pay any final assessment of tax, penalty, or interest due under this Act, for the limited purpose of enforcing bidder and contractor certifications. For purposes of this Section, the term "affiliate" means any entity that (1) directly, indirectly, or constructively controls another entity, (2) is directly, indirectly, or constructively controlled by another entity, or (3) is subject to the control of a common entity. For purposes of this subsection (a), an entity controls another entity if it owns, directly or individually, more than 10% of the voting securities of that entity. As used in this subsection (a), the term "voting security" means a security that (1) confers upon the holder the right to vote for the election of members of the board of directors or similar governing body of the business or (2) is convertible into, or entitles the holder to receive upon its exercise, a security that confers such a right to vote. A general partnership interest is a voting security.

The Director may make available to any State agency, including the Illinois Supreme Court, units of local government, and school districts, information regarding whether a bidder or contractor is an affiliate of a person who is not collecting and remitting Illinois Use taxes, for the limited purpose of enforcing bidder and contractor certifications.

The Director may also make available to the Secretary of State information that a corporation which has been issued a certificate of

An assessment is final when all proceedings in court for review of such assessment have terminated or the time for the taking thereof has expired without such proceedings being instituted. For taxable years ending on or after December 31, 1987, the Director may make available to the Director or principal officer of any Department of the State of Illinois, information that a person employed by such Department has failed to file returns under this Act or pay the tax, penalty and interest shown therein. For purposes of this paragraph, the word "Department" shall have the same meaning as provided in Section 3 of the State Employees Group Insurance Act of 1971.

(d) The Director shall make available for public inspection in the Department's principal office and for publication, at cost, administrative decisions issued on or after January 1, 1995. These decisions are to be made available in a manner so that the following taxpayer information is not disclosed:

(2) At the sole discretion of the Director, trade secrets or other confidential information identified as such by the taxpayer, no later than 30 days after receipt of an administrative decision, by such means as the Department shall provide by rule.

The Director shall determine the appropriate extent of the deletions allowed in paragraph (2). In the event the taxpayer does not submit deletions, the Director shall make only the deletions specified in paragraph (1).

The Director shall make available for public inspection and publication an administrative decision within 180 days after the issuance of the administrative decision. under this Section beginning with the 1998-1999 school year. However, the State Board of Education shall not establish any such standards in final form without first providing opportunities for public participation and local input in the development of the final academic standards. Those opportunities shall include a well-publicized period of public comment, public hearings throughout the State, and opportunities to file written comments. Beginning with the 1998-99 school year and thereafter, the State tests will identify pupils in the 3rd grade or 5th grade who do not meet the State standards.

If, by performance on the State tests or local assessments or by teacher judgment, a student's performance is determined to be 2 or more grades below current placement, the student shall be provided a remediation program developed by the district in consultation with a parent or guardian. Such remediation programs may include, but shall not be limited to, increased or concentrated instructional time, a remedial summer school program of not less than 90 hours, improved instructional approaches, tutorial sessions, retention in grade, and modifications to instructional materials. Each pupil for whom a remediation program is developed under this subsection shall be required to enroll in and attend whatever program the district determines is appropriate for the pupil. Districts may combine students in remediation programs where appropriate and may cooperate with other districts in the design and delivery of those programs. The parent or guardian of a student required to attend a remediation program under this Section shall be given written notice of that requirement by the school district a reasonable time prior to commencement of the remediation program that the student is to attend. The State shall be responsible for providing school districts with the new and additional funding, under Section 2-3.51.5 or by other or additional means, that is required to enable the districts to operate remediation programs for the pupils who are required to enroll in and attend those programs under this Section. Every individualized educational program as described in Article 14 shall identify if the State test or components thereof are appropriate for that student. The State Board of Education shall develop rules and regulations governing the administration of alternative tests prescribed within each student's individualized educational program which are appropriate to the disability of each student.

bilingual education program less than 3 cumulative academic years may take an accommodated State test, to be known as the Illinois Measure of Annual Growth in English (IMAGE), if the student's lack of English as determined by an English language proficiency test would keep the student from understanding the regular State test. If the school district determines, on a case-by-case individual basis, that IMAGE would likely yield more accurate and reliable information on what the student knows and can do, the school district may make a determination to assess the student using IMAGE for a period that does not exceed 2 additional consecutive years, provided that the student has not yet reached a level of English language proficiency sufficient to yield valid and reliable information on what the student knows and can do on the regular State test.

Reasonable accommodations as prescribed by the State Board of Education shall be provided for individual students in the testing procedure. All test procedures prescribed by the State Board of Education shall require: (i) that each test used for State and local student testing under this Section identify by name the pupil taking the test; (ii) that the name of the pupil taking the test be placed on the test at the time the test is taken; (iii) that the results or scores of each test taken under this Section by a pupil of the school district be reported to that district and identify by name the pupil who received the reported results or scores; and (iv) that the results or scores of each test taken under this Section be made available to the parents of the pupil. In addition, in each school year the highest scores attained by a student on the Prairie State Achievement Examination administered under subsection (c) of this Section and any Prairie State Achievement Awards received by the student shall become part of the student's permanent record and shall be entered on the student's transcript pursuant to regulations that the State Board of Education shall promulgate for that purpose in accordance with Section 3 and subsection (e) of Section 2 of the Illinois School Student Records Act. Beginning with the 1998-1999 school year and in every school year thereafter, scores received by students on the State assessment tests administered in grades 3 through 8 shall be placed into students' temporary records.
