Section 99. Effective date. This Act takes effect upon becoming law.

New matter indicated by italics - deletions by strikeout.
AN ACT concerning professional regulation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Genetic Counselor Licensing Act.

Section 5. Declaration of public policy. The mapping of the human genome continues to result in the rapid expansion of genetic knowledge and a proliferation of testing for genetic conditions. This has created a need for qualified genetics professionals, including genetic counselors, to coordinate an assessment, to deliver accurate information to families, to assist the families in adjusting to the implications of their diagnoses, and to help ensure that genetic information is used appropriately in the delivery of medical care. Therefore, the practice of genetic counseling is declared to affect the public health, safety, and welfare and to be subject to regulation in the public interest. The purpose of the Act is to protect and benefit the public by setting standards of qualifications, education, training, and experience for those who seek to obtain a license and hold the title of genetic counselor, to promote high standards of professional performance for those licensed to practice genetic counseling in the State of Illinois, and to protect the public from unprofessional conduct by persons licensed to practice genetic counseling.

Section 10. Definitions. As used in this Act:
"ABGC" means the American Board of Genetic Counseling.
"ABMG" means the American Board of Medical Genetics.
"Active candidate status" is awarded to applicants who have received approval from the ABGC or ABMG to sit for their respective certification examinations.
"Department" means the Department of Professional Regulation.
"Director" means the Director of Professional Regulation.
"Genetic anomaly" means a variation in an individual's DNA that has been shown to confer a genetically influenced disease or predisposition to a genetically influenced disease or makes a person a carrier of such variation. A "carrier" of a genetic anomaly means a person who may or may not have a predisposition or risk of incurring a genetically influenced condition and who is at risk of having offspring with a genetically influenced condition.

"Genetic counseling" consists of the following:

(A) Estimating the likelihood of occurrence or recurrence of a birth defect or of any potentially inherited or genetically influenced condition. This assessment may involve:

(i) obtaining and analyzing a complete health history of the person and his or her family;
(ii) reviewing pertinent medical records;
(iii) evaluating the risks from exposure to possible mutagens or teratogens;
(iv) recommending genetic testing or other evaluations to diagnose a condition or determine the carrier status of one or more family members;

(B) Helping the individual, family, health care provider, or health care professional (i) appreciate the medical, psychological and social implications of a disorder, including its features, variability, usual course and management options, (ii) learn how genetic factors contribute to the disorder and affect the chance for recurrence of the condition in other family members, and (iii) understand available options for coping with, preventing, or reducing the chance of occurrence or recurrence of a condition.

(C) Facilitating an individual's or family's (i) exploration of the perception of risk and burden associated with the disorder and (ii) adjustment and adaptation to the condition or their genetic risk by addressing needs for psychological, social, and medical support.

"Genetic counselor" means a person licensed under this Act to engage in the practice of genetic counseling.

"Person" means an individual, association, partnership, or corporation.

"Qualified supervisor" means any person who is a licensed genetic counselor, as defined by rule, or a physician licensed to practice medicine in all its branches. "Supervision" means review of aspects of genetic counseling and case management in a bimonthly meeting with the person under supervision.

This Act does not prohibit the practice of nonregulated professions whose practitioners are engaged in the delivery of human services as long as these practitioners do not represent themselves as or use the title of "genetic counselor" or "licensed genetic counselor".

(b) Nothing in this Act shall be construed to limit the activities and services of (i) a student, intern, resident, or fellow in genetic counseling or genetics seeking to fulfill educational requirements in order to qualify for a license under this Act if these activities and services constitute a part of the student's supervised course of study or (ii) an individual seeking to fulfill the post-degree experience requirements in order to qualify for licensing under this Act, as long as the activities and services are supervised by a qualified supervisor. (e) Nothing in this Act shall be construed to limit the services of a person, not licensed under the provisions of this Act, in the employ of a federal, State, county, or municipal agency or other political subdivision or not-for-profit corporation providing human services if (i) the services are a part of the duties in his or her salaried position, (ii) the services are performed solely on behalf of his or her employer, and (iii) that person does not in any manner represent himself or herself as or use the title of "genetic counselor" or "licensed genetic counselor".

(f) Duly recognized members of any religious organization shall not be restricted from functioning in their ministerial capacity provided they do not represent themselves as being genetic counselors or as providing genetic counseling.

(g) Nothing in this Act shall be construed to require or prohibit any hospital, clinic, home health agency, hospice, or other entity that provides health care to employ or to contract with a person licensed under this Act to provide genetic counseling services.

(h) Nothing in this Act shall be construed to prevent any licensed social worker, licensed clinical social worker, licensed clinical psychologist, licensed professional counselor, or licensed clinical professional counselor from practicing professional counseling as long as that person is not in any manner held out to the public as a "genetic counselor" or "licensed genetic counselor" or does not hold out his or her services as being genetic counseling.

The examinations shall be of a character to fairly test the competence and qualifications of the applicants to practice genetic counseling.

(c) Under no circumstances shall an applicant continue to practice on the temporary license for more than 30 days after notification that he or she has not passed the examination within 2 exam cycles after receiving the temporary license. (a) The expiration date and renewal period for each license issued under this Act shall be set by rule. The licensee may renew a license during the 30-day period preceding its expiration date by paying the required fee and demonstrating compliance with continuing education requirements established by rule.

(b) Any person who has permitted a license to expire or who has a license on inactive status may have it restored by submitting an application to the Department and filing proof of fitness, as defined by rule, to have the license restored, including, if appropriate, evidence which is satisfactory to the Department certifying the active practice of genetic counseling in another jurisdiction, and by paying the required fee.

(c) If the person has not maintained an active practice in another jurisdiction that is satisfactory to the Department, the Department shall determine the person's fitness to resume active status. (d) Any person whose license expired while on active duty with the armed forces of the United States, while called into service or training with the State Militia, or while in training or education under the supervision of the United States government prior to induction into military service may have his license restored without paying any renewal fees if, within 2 years after the termination of such service, training, or education, except under conditions other than honorable, the Department is furnished with satisfactory evidence that the person has been so engaged and that such service, training, or education has been so terminated.

Any person who issues or delivers a check or other order to the Department that is returned to the Department unpaid by the financial institution upon which it is drawn shall pay to the Department, in addition to the amount already owed to the Department, a fine of $50. The fines imposed by this Section are in addition to any other discipline provided under this Act prohibiting unlicensed practice or practice on a nonrenewed license. If, after the expiration of 30 days from the date of the notification, the person has failed to submit the necessary remittance, the Department shall automatically terminate the license or certification or deny the application, without hearing. If, after termination or denial, the person seeks a license or certificate, he or she shall apply to the Department for restoration or issuance of the license or certificate and pay all fees and fines due to the Department. The Department may establish a fee for the processing of an application for restoration of a license to pay all costs and expenses of processing of this application. The Director may waive the fines due under this Section in individual cases where the Director finds that the fines would be unnecessarily burdensome.

Section 85. Endorsement. The Department may issue a license as a genetic counselor, to an applicant currently licensed under the laws of another state or United States jurisdiction whose standards, in the opinion of the Department, were substantially equivalent at the date of his or her licensure in the other jurisdiction to the requirements of this Act. Such an applicant shall pay all of the required fees. Applicants have 6 months from the date of application to complete the application process. If the process has not been completed within 6 months, the application shall be denied, the fee forfeited, and the applicant must reapply and meet the requirements in effect at the time of reapplication.

If it is established that the person has violated or is violating the injunction, the court may punish the offender for contempt of court. Proceedings under this Section are in addition to all other remedies and penalties provided by this Act.

(b) If any person holds himself or herself out as being a licensed genetic counselor under this Act and is not licensed to do so, then any licensed genetic counselor, interested party, or any person injured thereby may petition for relief as provided in subsection (a) of this Section.

(c) Whenever, in the opinion of the Department, a person violates any provision of this Act, the Department may issue a rule to show cause why an order to cease and desist should not be entered against that person. The rule shall clearly set forth the grounds relied upon by the Department and shall allow at least 7 days from the date of the rule to file an answer satisfactory to the Department. Failure to answer to the satisfaction of the Department shall cause an order to cease and desist to be issued.

In case the person, after receiving notice, fails to file an answer, his or her license may, in the discretion of the Department, be suspended, revoked, placed on probationary status, or the Department may take whatever disciplinary action deemed proper, including limiting the scope, nature, or extent of the person's practice or the imposition of a fine, without a hearing, if the act or acts charged constitute sufficient grounds for such action under this Act. The written notice may be served by personal delivery or certified mail to the address specified by the accused in his or her last notification to the Department.

Section 110. Record of proceedings; transcript. The Department, at its expense, shall preserve a record of all proceedings at the formal hearing of any case. The hearing officer shall specify the nature of the violation or failure to comply, and shall make its recommendations to the Director. If the Director disagrees with the recommendations of the hearing officer, the Director may issue an order in contravention of the hearing officer's recommendations. The finding is not admissible in evidence against the person in a criminal prosecution brought for the violation of this Act, but the hearing and findings are not a bar to a criminal prosecution brought for the violation of this Act.

Section 135. Director; rehearing. Whenever the Director believes justice has not been done in the revocation, suspension, or refusal to issue or renew a license or the discipline of a licensee, he or she may order a rehearing.

Section 140. Appointment of a hearing officer. The Director has the authority to appoint any attorney licensed to practice law in the State of Illinois to serve as the hearing officer in any action for refusal to issue or renew a license or permit or to discipline a licensee. (1) the signature is the genuine signature of the Director; and
(2) the Director is duly appointed and qualified.

Section 160. Summary suspension of license. The Director may summarily suspend the license of a genetic counselor without a hearing, simultaneously with the institution of proceedings for a hearing provided for in Section 105 of this Act, if the Director finds that evidence in the possession of the Director indicates that the continuation of practice by the genetic counselor would constitute an imminent danger to the public. In the event that the Director summarily suspends the license of an individual without a hearing, a hearing must be held within 30 days after the suspension has occurred.

Section 165. Administrative review; venue.
(a) All final administrative decisions of the Department are subject to judicial review pursuant to the Administrative Review Law and its rules. The term "administrative decision" is defined as in Section 3-101 of the Code of Civil Procedure.
(b) Proceedings for judicial review shall be commenced in the circuit court of the county in which the party applying for review resides, but if the party is not a resident of Illinois, the venue shall be in Sangamon County.

Section 170. Certification of record; costs. The Department shall not be required to certify any record to the court, to file an answer in court, or to otherwise appear in any court in a judicial review proceeding, unless there is filed in the court, with the complaint, a receipt from the Department acknowledging payment of the costs of furnishing and certifying the record. Failure on the part of the plaintiff to file the receipt in court is grounds for dismissal of the action.

Section 99. Effective date. This Act takes effect upon becoming law.

AN ACT relating to schools.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Section 19-1 as follows:

(105 ILCS 5/19-1) (from Ch. 122, par. 19-1)

Sec. 19-1. Debt limitations of school districts.

(a) School districts shall not be subject to the provisions limiting their indebtedness prescribed in "An Act to limit the indebtedness of counties having a population of less than 500,000 and townships, school districts and other municipal corporations having a population of less than 300,000", approved February 15, 1928, as amended.

No school districts maintaining grades K through 8 or 9 through 12 shall become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding 6.9% on the value of the taxable property therein to be ascertained by the last assessment for State and county taxes or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979, previous to the incurring of such indebtedness.

No school districts maintaining grades K through 12 shall become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding 13.8% on the value of the taxable property therein to be ascertained by the last assessment for State and county taxes or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979, previous to the incurring of such indebtedness.

Notwithstanding the provisions of any other law to the contrary, in any case in which the voters of a school district have approved a proposition for the issuance of bonds of such school district at an election held prior to January 1, 1979, and all of the bonds approved at such election have not been issued, the debt limitation applicable to such school district during the calendar year 1979 shall be computed by multiplying the value of taxable property therein, including personal property, as ascertained by the last assessment for State and county taxes, previous to
the incurring of such indebtedness, by the percentage limitation applicable to such school district under the provisions of this subsection (a).

(b) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, additional indebtedness may be incurred in an amount not to exceed the estimated cost of acquiring or improving school sites or constructing and equipping additional building facilities under the following conditions:

(1) Whenever the enrollment of students for the next school year is estimated by the board of education to increase over the actual present enrollment by not less than 35% or by not less than 200 students or the actual present enrollment of students has increased over the previous school year by not less than 35% or by not less than 200 students and the board of education determines that additional school sites or building facilities are required as a result of such increase in enrollment; and

(2) When the Regional Superintendent of Schools having jurisdiction over the school district and the State Superintendent of Education concur in such enrollment projection or increase and approve the need for such additional school sites or building facilities and the estimated cost thereof; and

(3) When the voters in the school district approve a proposition for the issuance of bonds for the purpose of acquiring or improving such needed school sites or constructing and equipping such needed additional building facilities at an election called and held for that purpose. Notice of such an election shall state that the amount of indebtedness proposed to be incurred would exceed the debt limitation otherwise applicable to the school district. The ballot for such proposition shall state what percentage of the equalized assessed valuation will be outstanding in bonds if the proposed issuance of bonds is approved by the voters; or

(4) Notwithstanding the provisions of paragraphs (1) through (3) of this subsection (b), if the school board determines that additional facilities are needed to provide a quality educational program and not less than 2/3 of those voting in an election called by the school board on the question approve the issuance of bonds for the construction of such facilities, the school district may issue bonds for this purpose; or

(5) Notwithstanding the provisions of paragraphs (1) through (3) of this subsection (b), if (i) the school district has

previously availed itself of the provisions of paragraph (4) of this subsection (b) to enable it to issue bonds, (ii) the voters of the school district have not defeated a proposition for the issuance of bonds since the referendum described in paragraph (4) of this subsection (b) was held, (iii) the school board determines that additional facilities are needed to provide a quality educational program, and (iv) a majority of those voting in an election called by the school board on the question approve the issuance of bonds for the construction of such facilities, the school district may issue bonds for this purpose.

In no event shall the indebtedness incurred pursuant to this subsection (b) and the existing indebtedness of the school district exceed 15% of the value of the taxable property therein to be ascertained by the last assessment for State and county taxes, previous to the incurring of such indebtedness or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979.

The indebtedness provided for by this subsection (b) shall be in addition to and in excess of any other debt limitation.

(c) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, in any case in which a public question for the issuance of bonds of a proposed school district maintaining grades kindergarten through 12 received at least 60% of the valid ballots cast on the question at an election held on or prior to November 8, 1994, and in which the bonds approved at such election have not been issued, the school district pursuant to the requirements of Section 11A-10 may issue the total amount of bonds approved at such election for the purpose stated in the question.

(d) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, a school district that meets all the criteria set forth in paragraphs (1) and (2) of this subsection (d) may incur an additional indebtedness in an amount not to exceed $4,500,000, even though the amount of the additional indebtedness authorized by this subsection (d), when incurred and added to the aggregate amount of indebtedness of the district existing immediately prior to the district incurring the additional indebtedness authorized by this subsection (d), causes the aggregate indebtedness of the district to exceed the debt limitation otherwise applicable to that district under subsection (a):

(1) The additional indebtedness authorized by this subsection (d) is incurred by the school district through the New matter indicated by italics - deletions by strikeout.
issuance of bonds under and in accordance with Section 17-2.11a for the purpose of replacing a school building which, because of mine subsidence damage, has been closed as provided in paragraph (2) of this subsection (d) or through the issuance of bonds under and in accordance with Section 19-3 for the purpose of increasing the size of, or providing for additional functions in, such replacement school buildings, or both such purposes.

(2) The bonds issued by the school district as provided in paragraph (1) above are issued for the purposes of construction by the school district of a new school building pursuant to Section 17-2.11, to replace an existing school building that, because of mine subsidence damage, is closed as of the end of the 1992-93 school year pursuant to action of the regional superintendent of schools of the educational service region in which the district is located under Section 3-14.22 or are issued for the purpose of increasing the size of, or providing for additional functions in, the new school building being constructed to replace a school building closed as the result of mine subsidence damage, or both such purposes.

(e) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, a school district that meets all the criteria set forth in paragraphs (1) through (5) of this subsection (e) may, without referendum, incur an additional indebtedness in an amount not to exceed the lesser of $5,000,000 or 1.5% of the value of the taxable property within the district even though the amount of the additional indebtedness authorized by this subsection (e), when incurred and added to the aggregate amount of indebtedness of the district existing immediately prior to the district incurring that additional indebtedness, causes the aggregate indebtedness of the district to exceed or increases the amount by which the aggregate indebtedness of the district already exceeds the debt limitation otherwise applicable to that district under subsection (a):

(1) The State Board of Education certifies the school district under Section 19-1.5 as a financially distressed district.

(2) The additional indebtedness authorized by this subsection (e) is incurred by the financially distressed district during the school year or school years in which the certification of the district as a financially distressed district continues in effect through the issuance of bonds for the lawful school purposes of the district, pursuant to resolution of the school board and without referendum, as provided in paragraph (5) of this subsection.

New matter indicated by italics - deletions by strikeout.
(3) The aggregate amount of bonds issued by the financially distressed district during a fiscal year in which it is authorized to issue bonds under this subsection does not exceed the amount by which the aggregate expenditures of the district for operational purposes during the immediately preceding fiscal year exceeds the amount appropriated for the operational purposes of the district in the annual school budget adopted by the school board of the district for the fiscal year in which the bonds are issued.

(4) Throughout each fiscal year in which certification of the district as a financially distressed district continues in effect, the district maintains in effect a gross salary expense and gross wage expense freeze policy under which the district expenditures for total employee salaries and wages do not exceed such expenditures for the immediately preceding fiscal year. Nothing in this paragraph, however, shall be deemed to impair or to require impairment of the contractual obligations, including collective bargaining agreements, of the district or to impair or require the impairment of the vested rights of any employee of the district under the terms of any contract or agreement in effect on the effective date of this amendatory Act of 1994.

(5) Bonds issued by the financially distressed district under this subsection shall bear interest at a rate not to exceed the maximum rate authorized by law at the time of the making of the contract, shall mature within 40 years from their date of issue, and shall be signed by the president of the school board and treasurer of the school district. In order to issue bonds under this subsection, the school board shall adopt a resolution fixing the amount of the bonds, the date of the bonds, the maturities of the bonds, the rates of interest of the bonds, and their place of payment and denomination, and shall provide for the levy and collection of a direct annual tax upon all the taxable property in the district sufficient to pay the principal and interest on the bonds to maturity. Upon the filing in the office of the county clerk of the county in which the financially distressed district is located of a certified copy of the resolution, it is the duty of the county clerk to extend the tax therefor in addition to and in excess of all other taxes at any time authorized to be levied by the district. If bond proceeds from the sale of bonds include a premium or if the proceeds of the bonds are invested as authorized by law, the school board shall determine

by resolution whether the interest earned on the investment of bond
proceeds or the premium realized on the sale of the bonds is to be
used for any of the lawful school purposes for which the bonds
were issued or for the payment of the principal indebtedness and
interest on the bonds. The proceeds of the bond sale shall be
deposited in the educational purposes fund of the district and shall
be used to pay operational expenses of the district. This subsection
is cumulative and constitutes complete authority for the issuance of
bonds as provided in this subsection, notwithstanding any other
law to the contrary.

(f) Notwithstanding the provisions of subsection (a) of this Section
or of any other law, bonds in not to exceed the aggregate amount of
$5,500,000 and issued by a school district meeting the following criteria
shall not be considered indebtedness for purposes of any statutory
limitation and may be issued in an amount or amounts, including existing
indebtedness, in excess of any heretofore or hereafter imposed statutory
limitation as to indebtedness:

(1) At the time of the sale of such bonds, the board of
education of the district shall have determined by resolution that
the enrollment of students in the district is projected to increase by
not less than 7% during each of the next succeeding 2 school years.

(2) The board of education shall also determine by
resolution that the improvements to be financed with the proceeds
of the bonds are needed because of the projected enrollment
increases.

(3) The board of education shall also determine by
resolution that the projected increases in enrollment are the result
of improvements made or expected to be made to passenger rail
facilities located in the school district.

(g) Notwithstanding the provisions of subsection (a) of this Section
or any other law, bonds in not to exceed an aggregate amount of 25% of
the equalized assessed value of the taxable property of a school district and
issued by a school district meeting the criteria in paragraphs (i) through
(iv) of this subsection shall not be considered indebtedness for purposes of
any statutory limitation and may be issued pursuant to resolution of the
school board in an amount or amounts, including existing indebtedness, in
excess of any statutory limitation of indebtedness heretofore or hereafter
imposed:

The debt service extension base may be established or increased as provided under Section 18-212. Illinois Municipal Code, previously established under the Industrial Jobs Recovery Law in the Illinois Municipal Code, or previously established under the Economic Development Area Tax Increment Allocation Act, of each taxable lot, block, tract, or parcel of real property in the redevelopment project area over and above the initial equalized assessed value of each property in the redevelopment project area. For the taxes which are extended for the 1997 levy year, the recovered tax increment value for a non-home rule taxing district that first became subject to this Law for the 1995 levy year because a majority of its 1994 equalized assessed value was in an affected county or counties shall be increased if a municipality terminated the designation of an area in 1993 as a redevelopment project area previously established under the Tax Increment Allocation Development Act in the Illinois Municipal Code, previously established under the Industrial Jobs Recovery Law in the Illinois Municipal Code, or previously established under the Economic Development Area Tax Increment Allocation Act, by an amount equal to the 1994 equalized assessed value of each taxable lot, block, tract, or parcel of real property in the redevelopment project area over and above the initial equalized assessed value of each property in the redevelopment project area. In the first year after a municipality removes a taxable lot, block, tract, or parcel of real property from a redevelopment project area established under the Tax Increment Allocation Development Act in the Illinois Municipal Code, the Industrial Jobs Recovery Law in the Illinois Municipal Code, or the Economic Development Area Tax Increment Allocation Act, "recovered tax increment value" means the amount of the current year's equalized assessed value of each taxable lot, block, tract, or parcel of real property removed from the redevelopment project area over and above the initial equalized assessed value of that real property before removal from the redevelopment project area.

Except as otherwise provided in this Section, "limiting rate" means a fraction the numerator of which is the last preceding aggregate extension base times an amount equal to one plus the extension limitation defined in this Section and the denominator of which is the current year's equalized assessed value of all real property in the territory under the jurisdiction of the taxing district during the prior levy year. For those taxing districts that reduced their aggregate extension for the last preceding levy year, the highest aggregate extension in any of the last 3 preceding levy years shall be used for the purpose of computing the limiting rate. The denominator

shall not include new property. The denominator shall not include the
recovered tax increment value.

area otherwise within the territory and jurisdiction of the District under this Act.

For the purposes of this Section, the term "stormwater management" includes, without limitation, the management of floods and floodwaters.

(b) The District may utilize the resources of cooperating local watershed councils (including the stormwater management planning councils created under Section 5-1062.1 of the Counties Code), councils of local governments, the Northeastern Illinois Planning Commission, and similar organizations and agencies. The District may provide those organizations and agencies with funding, on a contractual basis, for providing information to the District, providing information to the public, or performing other activities related to stormwater management.

The District, in addition to other powers vested in it, may negotiate and enter into agreements with any county for the management of stormwater runoff in accordance with subsection (c) of Section 5-1062 of the Counties Code.

The District may enter into intergovernmental agreements with Cook County or other units of local government that are located in whole or in part outside the District for the purpose of implementing the stormwater management plan and providing stormwater management services in areas not included within the territory of the District.

(c) The District shall prepare and adopt by ordinance a countywide stormwater management plan for Cook County. The countywide plan may incorporate one or more separate watershed plans.

Prior to adopting the countywide stormwater management plan, the District shall hold at least one public hearing thereon and shall afford interested persons an opportunity to be heard.

(d) The District may prescribe by ordinance reasonable rules and regulations for floodplain and stormwater management and for governing the location, width, course, and release rate of all stormwater runoff channels, streams, and basins in Cook County, in accordance with the adopted stormwater management plan. These rules and regulations shall, at a minimum, meet the standards for floodplain management established by the Office of Water Resources of the Department of Natural Resources and the requirements of the Federal Emergency Management Agency for participation in the National Flood Insurance Program.

(e) The District may impose fees on areas outside the District but within Cook County to mitigate the effects of increased stormwater runoff

resulting from new development. The fees shall not exceed the cost of satisfying the onsite stormwater retention or detention requirements of the adopted stormwater management plan. The fees shall be used to finance activities undertaken by the District or units of local government within the District to mitigate the effects of urban stormwater runoff by providing regional stormwater retention or detention facilities, as identified in the plan. All such fees collected by the District shall be held in a separate fund and used for implementation of this Section.

(f) Amounts realized from the tax levy for stormwater management purposes authorized in Section 12 may be used by the District for implementing this Section and for the development, design, planning, construction, operation, and maintenance of regional stormwater facilities provided for in the stormwater management plan.

(h) Upon the creation and implementation of a county stormwater management plan, the District may petition the circuit court to dissolve any or all drainage districts created pursuant to the Illinois Drainage Code or predecessor Acts that are located entirely within the District.

However, any active drainage district implementing a plan that is consistent with and at least as stringent as the county stormwater management plan may petition the District for exception from dissolution.
Upon filing of the petition, the District shall set a date for hearing not less than 2 weeks, nor more than 4 weeks, from the filing thereof, and the District shall give at least one week's notice of the hearing in one or more newspapers of general circulation within the drainage district, and in addition shall cause a copy of the notice to be personally served upon each of the trustees of the drainage district. All property and obligations of the former drainage district shall be assumed and managed by the District, and the debts of the former drainage district shall be discharged as soon as practicable.

If a drainage district lies only partly within the District, the District may petition the circuit court to disconnect from the drainage district that portion of the drainage district that lies within the District. The property of the drainage district within the disconnected area shall be assumed and managed by the District. (i) The District may assume responsibility for maintaining any stream within Cook County.

(j) The District may, after 10 days written notice to the owner or occupant, enter upon any lands or waters within the county for the
purpose of inspecting stormwater facilities or causing the removal of any obstruction to an affected watercourse. The District shall be responsible for any damages occasioned thereby.

(k) The District shall report to the public annually on its activities and expenditures under this Section and the adopted countywide stormwater management plan.

(l) The powers granted to the District under this Section are in addition to the other powers granted under this Act. This Section does not limit the powers of the District under any other provision of this Act or any other law.

(m) This Section does not affect the power or duty of any unit of local government to take actions relating to flooding or stormwater, so long as those actions conform with this Section and the plans, rules, and ordinances adopted by the District under this Section.

A home rule unit located in whole or in part in Cook County (other than a municipality with a population over 1,000,000) may not regulate stormwater management or planning in Cook County in a manner inconsistent with this Section or the plans, rules, and ordinances adopted by the District under this Section; provided, within a municipality with a population over 1,000,000, the stormwater management planning program of Cook County shall be conducted by that municipality or, to the extent provided in an intergovernmental agreement between the municipality and the District, by the District pursuant to this Section; provided further that the power granted to such municipality shall not be inconsistent with existing powers of the District. And in addition thereto, for construction purposes as defined in Section 5.2 of this Act, the board of commissioners may levy taxes for the year 1985 and each year thereafter which shall be at a rate not to exceed .10% of the assessed valuation of all taxable property within the sanitary district as equalized and determined for State and local taxes. Amounts realized from taxes so levied for construction purposes shall be limited for use to such purposes and shall not be available for appropriation or used to defray the cost of repairs to or expense of maintaining or operating existing or future facilities, but such restrictions, however, shall not apply to additions, alterations, enlargements, and replacements which will add appreciably to the value, utility, or the useful life of said facilities. Such rates shall be extended against the assessed valuation of the taxable property within the corporate limits as the same shall be assessed and equalized for the county taxes for the year in which the levy is made and said board shall cause the amount to be raised by taxation in each year to be certified to the county clerk on or before the thirtieth day of March; provided, however, that if during the budget year the General Assembly authorizes an increase in such rates, the board of commissioners may adopt a supplemental levy and shall make such certification to the County Clerk on or before the thirtieth day of December.

For the purpose of establishing and maintaining a reserve fund for the payment of claims, awards, losses, judgments or liabilities which might be imposed on such sanitary district under the Workers'
Compensation Act or the Workers' Occupational Diseases Act, and any claim in tort, including but not limited to, any claim imposed upon such sanitary district under the Local Governmental and Governmental Employees Tort Immunity Act, and for the repair or replacement, where the cost thereof exceeds the sum of $10,000, of any property owned by such sanitary district which is damaged by fire, flood, explosion, vandalism or any other peril, natural or man-made, such sanitary district may also levy annually upon all taxable property within its territorial limits a tax not to exceed .005% of the assessed valuation of said taxable property as equalized and determined for State and local taxes; provided, however, the aggregate amount which may be accumulated in such reserve fund shall not exceed .05% of such assessed valuation.

All taxes so levied and certified shall be collected and enforced in the same manner and by the same officers as State and county taxes, and shall be paid over by the officer collecting the same to the treasurer of the sanitary district, in the manner and at the time provided by the general revenue law. No part of the taxes hereby authorized shall be used by such sanitary district for the construction of permanent, fixed, immovable bridges across any channel constructed under the provisions of this Act. All bridges built across such channel shall not necessarily interfere with or obstruct the navigation of such channel, when the same becomes a navigable stream, as provided in Section 24 of this Act, but such bridges shall be so constructed that they can be raised, swung or moved out of the way of vessels, tugs, boats or other water craft navigating such channel. Nothing in this Act shall be so construed as to compel said district to maintain or operate said bridges, as movable bridges, for a period of 9 years from and after the time when the water has been turned into said channel pursuant to law, unless the needs of general navigation of the Des Plaines and Illinois Rivers, when connected by said channel, sooner require it. In levying taxes the board of commissioners, in order to produce the net amount required by the levies for payment of bonds and interest thereon, shall include an amount or rate estimated to be sufficient to cover losses in collection of taxes, the cost of collecting taxes, abatements in the amount of such taxes as extended on the collector's books and the amount of such taxes collection of which will be deferred; the amount so added for the purpose of producing the net amount required shall not exceed any applicable maximum tax rate or amount.

AN ACT concerning public utilities.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Public Utilities Act is amended by adding Section 7-210 as follows:

(220 ILCS 5/7-210 new)

Sec. 7-210. Commission oversight of nonpublic, unregulated sales at retail of natural gas by public utilities.

(a) This Section shall apply to any gas utility that served more than 60,000 gas customers but less than 75,000 gas customers in this State on January 1, 2000 and that provides competitive electric power and energy to electric delivery service customers through a business division of its electric utility pursuant to Section 16-116. For the purposes of this Section, terms shall have the same meaning as defined in Section 7-108, Article XVI, and Article XIX.

(b) After the effective date of this amendatory Act of the 93rd General Assembly, unregulated sales of natural gas by a gas utility within or outside its service area shall be subject to the provisions of this Section. This Section shall not be interpreted to invalidate any contract for unregulated sales of natural gas executed by a gas utility prior to the effective date of this amendatory Act of the 93rd General Assembly, but unregulated sales of natural gas pursuant to such contract after the effective date of this amendatory Act of the 93rd General Assembly shall be subject to the provisions of this Section.

(c) A gas utility offering unregulated sales of natural gas to an end-use customer within or outside its service area shall be subject to Sections 7-102(g), 7-205, 7-206, and 9-230 with respect to such sales.

(d) Notwithstanding any language of Article XIX to the contrary, a gas utility offering unregulated sales of natural gas to a residential customer or a small commercial customer within or outside its service area shall be subject to Sections 19-110(e)(2), 19-110(e)(3), 19-110(e)(5), 19-115, and 19-120.

(e) A gas utility offering unregulated sales of natural gas to an end-use customer within or outside its service area shall not subsidize such sales through the utility's regulated business. Costs and revenues from the gas utility's unregulated sales of gas to an end-use customer

within or outside its service area shall not be included in the calculation of the utility's regulated gas rates and charges.

(f) A gas utility offering unregulated sales of natural gas to an end-use customer within or outside its service area shall not discriminate in the provision of regulated gas service based upon the existence or terms of an unregulated sale of natural gas.

(g) The Commission shall require a gas utility to file reports regarding its unregulated sales of natural gas in the State. The reports shall be treated as confidential documents. To the extent the Commission determines it to be necessary and in the public interest, the Commission may order an audit of a gas utility regarding its unregulated sales of natural gas in the State.

(h) The Commission shall have the authority to require the gas utility to file its contracts for unregulated sales of natural gas in the State. The contracts shall be treated as confidential documents.

(i) Within 120 days after the effective date of this amendatory Act of the 93rd General Assembly, the Commission shall adopt provisions requiring functional separation between a gas utility's unregulated retail sales of natural gas in the State and its regulated retail gas services in the State. In establishing or considering the functional separations provisions, the Commission shall take into account the effects on the cost and reliability of service and the obligation of the gas utility under the Act. The Commission shall adopt separations provisions that are a cost effective means to ensure compliance with this Section. The provisions adopted by the Commission shall permit a gas utility to offer unregulated retail sales of natural gas in the State through the same business division of the utility that offers competitive electric power and energy to electric delivery service customers. Until provisions are adopted by the Commission, the gas utility shall comply with the functional separations rules for electric utilities adopted pursuant to Section 16-119A, to the extent determined applicable by the Commission through emergency rules established within 60 days of the passage of this Act.

(j) A gas utility shall not release or assign gas storage capacity procured for its regulated Illinois retail customers to its business division offering unregulated retail sales of natural gas or allow such storage capacity to be managed by that business division.

(k) Except as approved by the Commission, a gas utility shall not use gas commodity or interstate pipeline services for unregulated retail

sales of natural gas in the State if such commodity or service was procured for its regulated Illinois retail customers.

(l) In addition to any other remedy provided in the Act, the Commission may order a gas utility to cease offering unregulated retail sales of natural gas in the State if it finds, after notice and hearing, that the gas utility willfully violated this Section.

(m) This Section shall not be applicable to unregulated sales of natural gas by an affiliate of a gas utility. Nothing herein shall be construed as impacting the applicability of other Sections of the Act to the unregulated sale of natural gas by an affiliate.

If the corporate authorities of a municipality desire to impose a tax by ordinance pursuant to subsection (12) or (13) of Section 11-74.3-3, the following additional procedures shall apply to the designation of the business district and the approval of the business district development or redevelopment plan:

(1) The corporate authorities of the municipality shall hold public hearings at least one week prior to designation of the business district and approval of the business district development or redevelopment plan.

(2) The area proposed to be designated as a business district must be contiguous and must include only parcels of real property directly and substantially benefited by the proposed business district development or redevelopment plan.

(3) The corporate authorities of the municipality shall make a formal finding of the following: (i) the business district is a blighted area that, by reason of the predominance of defective or inadequate street layout, unsanitary or unsafe conditions, deterioration of site improvements, improper subdivision or obsolete platting, or the existence of conditions which endanger life or property by fire or other causes, or any combination of those factors, retards the provision of housing accommodations or constitutes an economic or social liability or a menace to the public health, safety, morals, or welfare in its present condition and use; and (ii) the business district on the whole has not been subject to growth and development through investment by private enterprises or would not reasonably be anticipated to be developed or redeveloped without the adoption of the business district development or redevelopment plan.

(4) The proposed business district development or redevelopment plan shall set forth in writing: (i) a specific description of the proposed boundaries of the district, including a map illustrating the boundaries; (ii) a general description of each project proposed to be undertaken within the business district, including a description of the approximate location of each project; (iii) the name of the proposed business district; (iv) the estimated business district project costs; (v) the anticipated source

of funds to pay business district project costs; (vi) the anticipated type and terms of any obligations to be issued; and (vii) the rate of any tax to be imposed pursuant to subsection (12) or (13) of Section 11-74.3-3 and the period of time for which the tax shall be imposed.

(65 ILCS 5/11-74.3-6 new)

Sec. 11-74.3-6. Business district revenue and obligations.

(a) If the corporate authorities of a municipality have approved a business district development or redevelopment plan and have elected to impose a tax by ordinance pursuant to subsections (b), (c), or (d) of this Section, each year after the date of the approval of the ordinance and until all business district project costs and all municipal obligations financing the business district project costs, if any, have been paid in accordance with the business district development or redevelopment plan, but in no event longer than 23 years after the date of adoption of the ordinance approving the business district development or redevelopment plan, all amounts generated by the retailers' occupation tax and service occupation tax shall be collected and the tax shall be enforced by the Department of Revenue in the same manner as all retailers' occupation taxes and service occupation taxes imposed in the municipality imposing the tax and all amounts generated by the hotel operators' occupation tax shall be collected and the tax shall be enforced by the municipality in the same manner as all hotel operators' occupation taxes imposed in the municipality imposing the tax. The corporate authorities of the municipality shall deposit the proceeds of the taxes imposed under subsections (b), (c), and (d) into a special fund held by the corporate authorities of the municipality called the Business District Tax Allocation Fund for the purpose of paying business district project costs and obligations incurred in the payment of those costs.

(b) The corporate authorities of a municipality that has established a business district under this Division 74.3 may, by ordinance or resolution, impose a Business District Retailers' Occupation Tax upon all persons engaged in the business of selling tangible personal property, other than an item of tangible personal property titled or registered with an agency of this State's government, at retail in the business district at a rate not to exceed 1% of the gross receipts from the sales made in the course of such business, to be imposed only in 0.25% increments. The tax may not be imposed on prescription and nonprescription medicines, drugs, medical appliances, modifications to a motor vehicle for the

purpose of rendering it usable by a disabled person, and insulin, urine testing materials, syringes, and needles used by diabetics, for human use.

The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the Department of Revenue. The certificate of registration that is issued by the Department to a retailer under the Retailers’ Occupation Tax Act shall permit the retailer to engage in a business that is taxable under any ordinance or resolution enacted pursuant to this subsection without registering separately with the Department under such ordinance or resolution or under this subsection. The Department of Revenue shall have full power to administer and enforce this subsection; to collect all taxes and penalties due under this subsection in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty under this subsection. In the administration of, and compliance with, this subsection, the Department and persons who are subject to this subsection shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms and employ the same modes of procedure, as are prescribed in Sections 1, 1a through 1o, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 2c through 2h, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5c, 5d, 5e, 5f, 5g, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 12, 13, and 14 of the Retailers’ Occupation Tax Act and all provisions of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under this subsection may reimburse themselves for their seller's tax liability under this subsection by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State taxes that sellers are required to collect under the Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the business district retailers' occupation tax fund.

New matter indicated by italics - deletions by strikeout.
The Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes, penalties, and interest collected under this subsection for deposit into the business district retailers' occupation tax fund. On or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named municipalities from the business district retailers' occupation tax fund, the municipalities to be those from which retailers have paid taxes or penalties under this subsection to the Department during the second preceding calendar month. The amount to be paid to each municipality shall be the amount (not including credit memoranda) collected under this subsection during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department, less 2% of that amount, which shall be deposited into the Tax Compliance and Administration Fund and shall be used by the Department, subject to appropriation, to cover the costs of the Department in administering and enforcing the provisions of this subsection, on behalf of such municipality, and not including any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the municipality. Within 10 days after receipt by the Comptroller of the disbursement certification to the municipalities provided for in this subsection to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in the certification. The proceeds of the tax paid to municipalities under this subsection shall be deposited into the Business District Tax Allocation Fund by the municipality.

An ordinance or resolution imposing or discontinuing the tax under this subsection or effecting a change in the rate thereof shall either (i) be adopted and a certified copy thereof filed with the Department on or before the first day of April, whereupon the Department, if all other requirements of this subsection are met, shall proceed to administer and enforce this subsection as of the first day of July next following the adoption and filing; or (ii) be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon, if all other requirements of this subsection are met, the Department shall
proceed to administer and enforce this subsection as of the first day of January next following the adoption and filing.

The Department of Revenue shall not administer or enforce an ordinance imposing, discontinuing, or changing the rate of the tax under this subsection, until the municipality also provides, in the manner prescribed by the Department, the boundaries of the business district in such a way that the Department can determine by its address whether a business is located in the business district. The municipality must provide this boundary information to the Department on or before April 1 for administration and enforcement of the tax under this subsection by the Department beginning on the following July 1 and on or before October 1 for administration and enforcement of the tax under this subsection by the Department beginning on the following January 1. The Department of Revenue shall not administer or enforce any change made to the boundaries of a business district until the municipality reports the boundary change to the Department in the manner prescribed by the Department. The municipality must provide this boundary change information to the Department on or before April 1 for administration and enforcement by the Department of the change beginning on the following July 1 and on or before October 1 for administration and enforcement by the Department of the change beginning on the following January 1. The retailers in the business district shall be responsible for charging the tax imposed under this subsection. If a retailer is incorrectly included or excluded from the list of those required to collect the tax under this subsection, both the Department of Revenue and the retailer shall be held harmless if they reasonably relied on information provided by the municipality.

A municipality that imposes the tax under this subsection must submit to the Department of Revenue any other information as the Department may require for the administration and enforcement of the tax.

When certifying the amount of a monthly disbursement to a municipality under this subsection, the Department shall increase or decrease the amount by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a misallocation is discovered.

Nothing in this subsection shall be construed to authorize the municipality to impose a tax upon the privilege of engaging in any

business which under the Constitution of the United States may not be made the subject of taxation by this State.

If a tax is imposed under this subsection (b), a tax shall also be imposed under subsection (c) of this Section.

(c) If a tax has been imposed under subsection (b), a Business District Service Occupation Tax shall also be imposed upon all persons engaged, in the business district, in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property within the business district, either in the form of tangible personal property or in the form of real estate as an incident to a sale of service. The tax shall be imposed at the same rate as the tax imposed in subsection (b) and shall not exceed 1% of the selling price of tangible personal property so transferred within the business district, to be imposed only in 0.25% increments. The tax may not be imposed on prescription and nonprescription medicines, drugs, medical appliances, modifications to a motor vehicle for the purpose of rendering it usable by a disabled person, and insulin, urine testing materials, syringes, and needles used by diabetics, for human use.

The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the Department of Revenue. The certificate of registration which is issued by the Department to a retailer under the Retailers’ Occupation Tax Act or under the Service Occupation Tax Act shall permit such registrant to engage in a business which is taxable under any ordinance or resolution enacted pursuant to this subsection without registering separately with the Department under such ordinance or resolution or under this subsection. The Department of Revenue shall have full power to administer and enforce this subsection; to collect all taxes and penalties due under this subsection; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty under this subsection. In the administration of, and compliance with this subsection, the Department and persons who are subject to this subsection shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms and employ the same modes of procedure as are prescribed in Sections 2, 2a through 2d, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the business

district), 5, 7, 8 (except that the jurisdiction to which the tax shall be a
debt to the extent indicated in that Section 8 shall be the municipality), 9
(except as to the disposition of taxes and penalties collected, and except
that the returned merchandise credit for this tax may not be taken against
any State tax), 10, 11, 12 (except the reference therein to Section 2b of the
Retailers' Occupation Tax Act), 13 (except that any reference to the State
shall mean the municipality), the first paragraph of Section 15, and
Sections 16, 17, 18, 19 and 20 of the Service Occupation Tax Act and all
provisions of the Uniform Penalty and Interest Act, as fully as if those
provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in
this subsection may reimburse themselves for their serviceman's tax
liability hereunder by separately stating the tax as an additional charge,
which charge may be stated in combination, in a single amount, with State
tax that servicemen are authorized to collect under the Service Use Tax
Act, in accordance with such bracket schedules as the Department may
prescribe.

Whenever the Department determines that a refund should be
made under this subsection to a claimant instead of issuing credit
memorandum, the Department shall notify the State Comptroller, who
shall cause the order to be drawn for the amount specified, and to the
person named, in such notification from the Department. Such refund shall

Nothing in this subsection shall be construed to authorize a municipality to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.

The proceeds of the tax imposed under this subsection shall be deposited into the Business District Tax Allocation Fund.

(e) Obligations issued pursuant to subsection (14) of Section 11-74.3-3 shall be retired in the manner provided in the ordinance authorizing the issuance of those obligations by the receipts of taxes levied as authorized in subsections (12) and (13) of Section 11-74.3-3. registered businesses, but shall file separate returns for each such registered business.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, every retailer selling this kind of tangible personal property shall file, with the Department, upon a form to be prescribed and supplied by the Department, a separate return for each such item of tangible personal property which the retailer sells, except that if, in the same transaction, (i) a retailer of aircraft, watercraft, motor vehicles or trailers transfers more than one aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft, motor vehicle retailer or trailer retailer for the purpose of resale or (ii) a retailer of aircraft, watercraft, motor vehicles, or trailers transfers more than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying rolling stock as provided in Section 2-5 of this Act, then that seller may report the transfer of all aircraft, watercraft, motor vehicles or trailers involved in that transaction to the Department on the same uniform invoice-transaction reporting return form. For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

Any retailer who sells only motor vehicles, watercraft, aircraft, or trailers that are required to be registered with an agency of this State, so that all retailers' occupation tax liability is required to be reported, and is reported, on such transaction reporting returns and who is not otherwise required to file monthly or quarterly returns, need not file monthly or quarterly returns. However, those retailers shall be required to file returns on an annual basis.

The transaction reporting return, in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of The Illinois Vehicle Code and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or

satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold; such other information as is required in Section 5-402 of The Illinois Vehicle Code, and such other information as the Department may reasonably require.

The transaction reporting return in the case of watercraft or aircraft must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale, a sufficient identification of the property sold, and such other information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days after the day of delivery of the item that is being sold, but may be filed by the retailer at any time sooner than that if he chooses to do so. The transaction reporting return and tax remittance or proof of exemption from the Illinois use tax may be transmitted to the Department by way of the State agency with which, or State officer with whom the tangible personal property must be titled or registered (if titling or registration is required) if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the purchaser's name, a use tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which such purchaser may submit to the agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a user, who has paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the transaction reporting return filed and the payment of the tax or proof of exemption made to the Department before the retailer is willing to take these actions and such user has not paid the tax to the retailer, such user may certify to the fact of such delay by the retailer and may (upon the Department being satisfied of the truth of such certification) transmit the information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or exemption determination, in which event the transaction reporting return and tax remittance (if a tax payment was required) shall be credited by the Department to the proper retailer's account with the Department, but without the 2.1% or 1.75% discount provided for in this Section being allowed. When the user pays the tax directly to the Department, he shall pay the tax in the same amount and in the same form in which it would be remitted if the tax had been remitted to the Department by the retailer.

Refunds made by the seller during the preceding return period to purchasers, on account of tangible personal property returned to the seller, shall be allowed as a deduction under subdivision 5 of his monthly or quarterly return, as the case may be, in case the seller had theretofore included the receipts from the sale of such tangible personal property in a return filed by him and had paid the tax imposed by this Act with respect to such receipts.

Where the seller is a corporation, the return filed on behalf of such corporation shall be signed by the president, vice-president, secretary or treasurer or by the properly accredited agent of such corporation.

Where the seller is a limited liability company, the return filed on behalf of the limited liability company shall be signed by a manager, member, or properly accredited agent of the limited liability company.

Except as provided in this Section, the retailer filing the return under this Section shall, at the time of filing such return, pay to the Department the amount of tax imposed by this Act less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or $5 per

calendar year, whichever is greater, which is allowed to reimburse the retailer for the expenses incurred in keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. Any prepayment made pursuant to Section 2d of this Act shall be included in the amount on which such 2.1% or 1.75% discount is computed. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was $10,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. On and after October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was $20,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payment to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to January 1, 1985, each payment shall be in an amount equal to 1/4 of the taxpayer's actual liability for the month or an amount set by the Department not to exceed 1/4 of the average monthly liability of the taxpayer to the Department for the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability in such 4 quarter period). If the month during which such tax liability is incurred begins on or after January 1, 1985 and prior to January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1987 and prior to January 1, 1988, each payment shall be in an amount equal to 22.5% of the

taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1988, and prior to January 1, 1989, or begins on or after January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1989, and prior to January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year or 100% of the taxpayer's actual liability for the quarter monthly reporting period. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month. Before October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of $10,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $9,000, or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter periods is less than $10,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $10,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. On and after October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of $20,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter periods is less than $20,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to

anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $20,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. The Department shall change such taxpayer's reporting status unless it finds that such change is seasonal in nature and not likely to be long term. If any such quarter monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due as a payment and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the quarter monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

The provisions of this paragraph apply before October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes which average in excess of $25,000 per month during the preceding 2 complete calendar quarters, shall file a return with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to the effective date of this amendatory Act of 1985, each payment shall be in an amount not less than 22.5% of the taxpayer's actual liability under Section 2d. If the month during which such tax liability is incurred begins on or after January 1, 1986, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding calendar year. If the month during which such tax liability is incurred begins on or after January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until such
taxpayer's average monthly prepaid tax collections during the preceding 2 complete calendar quarters is $25,000 or less. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

The provisions of this paragraph apply on and after October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes that average in excess of $20,000 per month during the preceding 4 complete calendar quarters shall file a return with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which the liability is incurred. Each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of the quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until the taxpayer's average monthly prepaid tax collections during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarters is less than $20,000. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

If any payment provided for in this Section exceeds the taxpayer's liabilities under this Act, the Use Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, as shown on an original monthly return, the Department shall, if requested by the taxpayer, issue to the taxpayer a credit memorandum no later than 30 days after the date of payment. The credit evidenced by such credit memorandum may be assigned by the taxpayer to a similar taxpayer under this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with

reasonable rules and regulations to be prescribed by the Department. If no such request is made, the taxpayer may credit such excess payment against tax liability subsequently to be remitted to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determined that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer's 2.1% and 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of the difference between the credit taken and that actually due, and that taxpayer shall be liable for penalties and interest on such difference.

If a retailer of motor fuel is entitled to a credit under Section 2d of this Act which exceeds the taxpayer's liability to the Department under this Act for the month which the taxpayer is filing a return, the Department shall issue the taxpayer a credit memorandum for the excess.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund, a special fund in the State treasury which is hereby created, the net revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics.

Beginning January 1, 1990, each month the Department shall pay into the County and Mass Transit District Fund, a special fund in the State treasury which is hereby created, 4% of the net revenue realized for the preceding month from the 6.25% general rate.

Beginning August 1, 2000, each month the Department shall pay into the County and Mass Transit District Fund 20% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund 16% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Beginning August 1, 2000, each month the Department shall pay into the Local Government Tax Fund 80% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year. The amounts payable into the Build Illinois Fund under clause (b) of the first sentence in this paragraph shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act, but not in excess of sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act

Metropolitan Pier and Exposition Authority Act, but not after fiscal year 2042.

Beginning July 20, 1993 and in each month of each fiscal year thereafter, one-eighth of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority for that fiscal year, less the amount deposited into the McCormick Place Expansion Project Fund by the State Treasurer in the respective month under subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act, plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Community Affairs Law of the Civil Administrative Code of Illinois.

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

The Department may, upon separate written notice to a taxpayer, require the taxpayer to prepare and file with the Department on a form prescribed by the Department within not less than 60 days after receipt of the notice an annual information return for the tax year specified in the notice. Such annual return to the Department shall include a statement of gross receipts as shown by the retailer's last Federal income tax return. If the total receipts of the business as reported in the Federal income tax return do not agree with the gross receipts reported to the Department of Revenue for the same period, the retailer shall attach to his annual return a schedule showing a reconciliation of the 2 amounts and the reasons for the difference. The retailer's annual return to the Department shall also disclose the cost of goods sold by the retailer during the year covered by such return, opening and closing inventories of such goods for such year, costs of goods used from stock or taken from stock and given away by the retailer during such year, payroll information of the retailer's business during such year and any additional reasonable information which the Department deems would be helpful in determining the accuracy of the monthly, quarterly or annual returns filed by such retailer as provided for in this Section.

If the annual information return required by this Section is not filed when and as required, the taxpayer shall be liable as follows:

(i) Until January 1, 1994, the taxpayer shall be liable for a penalty equal to 1/6 of 1% of the tax due from such taxpayer under this Act during the period to be covered by the annual return for each month or fraction of a month until such return is filed as required, the penalty to be assessed and collected in the same manner as any other penalty provided for in this Act.

(ii) On and after January 1, 1994, the taxpayer shall be liable for a penalty as described in Section 3-4 of the Uniform Penalty and Interest Act.

The chief executive officer, proprietor, owner or highest ranking manager shall sign the annual return to certify the accuracy of the information contained therein. Any person who willfully signs the annual return containing false or inaccurate information shall be guilty of perjury and punished accordingly. The annual return form prescribed by the Department shall include a warning that the person signing the return may be liable for perjury.

judgment is subject to modification or termination only in accordance with
Section 510 of the Illinois Marriage and Dissolution of Marriage Act. A
lien arises by operation of law against the real and personal property of the
noncustodial parent for each installment of overdue support owed by the
noncustodial parent.

All orders for support entered or modified in a case in which a
party is receiving child support enforcement services under this Article X
shall include a provision requiring the non-custodial parent to notify the
Illinois Department, within 7 days, (i) of the name, address, and telephone
number of any new employer of the non-custodial parent, (ii) whether the
non-custodial parent has access to health insurance coverage through the
employer or other group coverage, and, if so, the policy name and number
and the names of persons covered under the policy, and (iii) of any new
residential or mailing address or telephone number of the non-custodial
parent.

In any subsequent action to enforce a support order, upon sufficient
showing that diligent effort has been made to ascertain the location of the
non-custodial parent, service of process or provision of notice necessary in
that action may be made at the last known address of the non-custodial
parent, in any manner expressly provided by the Code of Civil Procedure
or this Act, which service shall be sufficient for purposes of due process.

An order for support shall include a date on which the current
support obligation terminates. The termination date shall be no earlier than
the date on which the child covered by the order will attain the age of 18.
However, if the child will not graduate from high school until after
attaining the age of 18, then the termination date shall be no earlier than
the earlier of the date on which the child's high school graduation will
occur or the date on which the child will attain the age of 19. The order for

support shall state that the termination date does not apply to any arrearage that may remain unpaid on that date. Nothing in this paragraph shall be construed to prevent the Illinois Department from modifying the order or terminating the order in the event the child is otherwise emancipated.

If there is an unpaid arrearage or delinquency (as those terms are defined in the Income Withholding for Support Act) equal to at least one month's support obligation on the termination date stated in the order for support or, if there is no termination date stated in the order, on the date the child attains the age of majority or is otherwise emancipated, then the periodic amount required to be paid for current support of that child immediately prior to that date shall automatically continue to be an obligation, not as current support but as periodic payment toward satisfaction of the unpaid arrearage or delinquency. That periodic payment shall be in addition to any periodic payment previously required for satisfaction of the arrearage or delinquency. The total periodic amount to be paid toward satisfaction of the arrearage or delinquency may be enforced and collected by any method provided by law for the enforcement and collection of child support, including but not limited to income withholding under the Income Withholding for Support Act. Each order for support entered or modified on or after the effective date of this amendatory Act of the 93rd General Assembly must contain a statement notifying the parties of the requirements of this paragraph. Failure to include the statement in the order for support does not affect the validity of the order or the operation of the provisions of this paragraph with regard to the order. This paragraph shall not be construed to prevent or affect the establishment or modification of an order for the support of a minor child or the establishment or modification of an order for the support of a non-minor child or educational expenses under Section 513 of the Illinois Marriage and Dissolution of Marriage Act.

(305 ILCS 5/10-10) (from Ch. 23, par. 10-10)

Sec. 10-10. Court enforcement; applicability also to persons who are not applicants or recipients. Except where the Illinois Department, by agreement, acts for the local governmental unit, as provided in Section 10-3.1, local governmental units shall refer to the State's Attorney or to the proper legal representative of the governmental unit, for judicial enforcement as herein provided, instances of non-support or insufficient support when the dependents are applicants or recipients under Article VI. The Child and Spouse Support Unit established by Section 10-3.1 may
institute in behalf of the Illinois Department any actions under this Section for judicial enforcement of the support liability when the dependents are (a) applicants or recipients under Articles III, IV, V or VII; (b) applicants or recipients in a local governmental unit when the Illinois Department, by agreement, acts for the unit; or (c) non-applicants or non-recipients who are receiving child support enforcement services under this Article X, as provided in Section 10-1. Where the Child and Spouse Support Unit has exercised its option and discretion not to apply the provisions of Sections 10-3 through 10-8, the failure by the Unit to apply such provisions shall not be a bar to bringing an action under this Section.

Action shall be brought in the circuit court to obtain support, or for the recovery of aid granted during the period such support was not provided, or both for the obtainment of support and the recovery of the aid provided. Actions for the recovery of aid may be taken separately or they may be consolidated with actions to obtain support. Such actions may be brought in the name of the person or persons requiring support, or may be brought in the name of the Illinois Department or the local governmental unit, as the case requires, in behalf of such persons.

The court may enter such orders for the payment of moneys for the support of the person as may be just and equitable and may direct payment thereof for such period or periods of time as the circumstances require, including support for a period before the date the order for support is entered. The order may be entered against any or all of the defendant responsible relatives and may be based upon the proportionate ability of each to contribute to the person's support.

The Court shall determine the amount of child support (including child support for a period before the date the order for child support is entered) by using the guidelines and standards set forth in subsection (a) of Section 505 and in Section 505.2 of the Illinois Marriage and Dissolution of Marriage Act. For purposes of determining the amount of child support to be paid for a period before the date the order for child support is entered, there is a rebuttable presumption that the responsible relative's net income for that period was the same as his or her net income at the time the order is entered.

If (i) the responsible relative was properly served with a request for discovery of financial information relating to the responsible relative's ability to provide child support, (ii) the responsible relative failed to comply with the request, despite having been ordered to do so by the court, and (iii) the responsible relative is not present at the hearing to determine

support despite having received proper notice, then any relevant financial information concerning the responsible relative's ability to provide child support that was obtained pursuant to subpoena and proper notice shall be admitted into evidence without the need to establish any further foundation for its admission.

An order entered under this Section shall include a provision requiring the obligor to report to the obligee and to the clerk of court within 10 days each time the obligor obtains new employment, and each time the obligor's employment is terminated for any reason. The report shall be in writing and shall, in the case of new employment, include the name and address of the new employer. Failure to report new employment or the termination of current employment, if coupled with nonpayment of support for a period in excess of 60 days, is indirect criminal contempt. For any obligor arrested for failure to report new employment bond shall be set in the amount of the child support that should have been paid during the period of unreported employment. An order entered under this Section shall also include a provision requiring the obligor and obligee parents to advise each other of a change in residence within 5 days of the change except when the court finds that the physical, mental, or emotional health of a party or that of a minor child, or both, would be seriously endangered by disclosure of the party's address.

The Court shall determine the amount of maintenance using the standards set forth in Section 504 of the Illinois Marriage and Dissolution of Marriage Act.

Any new or existing support order entered by the court under this Section shall be deemed to be a series of judgments against the person obligated to pay support thereunder, each such judgment to be in the amount of each payment or installment of support and each such judgment to be deemed entered as of the date the corresponding payment or installment becomes due under the terms of the support order. Each such judgment shall have the full force, effect and attributes of any other judgment of this State, including the ability to be enforced. Any such judgment is subject to modification or termination only in accordance with Section 510 of the Illinois Marriage and Dissolution of Marriage Act. A lien arises by operation of law against the real and personal property of the noncustodial parent for each installment of overdue support owed by the noncustodial parent.

When an order is entered for the support of a minor, the court may provide therein for reasonable visitation of the minor by the person or

persons who provided support pursuant to the order. Whoever willfully refuses to comply with such visitation order or willfully interferes with its enforcement may be declared in contempt of court and punished therefor.

Except where the local governmental unit has entered into an agreement with the Illinois Department for the Child and Spouse Support Unit to act for it, as provided in Section 10-3.1, support orders entered by the court in cases involving applicants or recipients under Article VI shall provide that payments thereunder be made directly to the local governmental unit. Orders for the support of all other applicants or recipients shall provide that payments thereunder be made directly to the Illinois Department. In accordance with federal law and regulations, the Illinois Department may continue to collect current maintenance payments or child support payments, or both, after those persons cease to receive public assistance and until termination of services under Article X. The Illinois Department shall pay the net amount collected to those persons after deducting any costs incurred in making the collection or any collection fee from the amount of any recovery made. In both cases the order shall permit the local governmental unit or the Illinois Department, as the case may be, to direct the responsible relative or relatives to make support payments directly to the needy person, or to some person or agency in his behalf, upon removal of the person from the public aid rolls or upon termination of services under Article X.

If the notice of support due issued pursuant to Section 10-7 directs that support payments be made directly to the needy person, or to some person or agency in his behalf, and the recipient is removed from the public aid rolls, court action may be taken against the responsible relative hereunder if he fails to furnish support in accordance with the terms of such notice.

Actions may also be brought under this Section in behalf of any person who is in need of support from responsible relatives, as defined in Section 2-11 of Article II who is not an applicant for or recipient of financial aid under this Code. In such instances, the State's Attorney of the county in which such person resides shall bring action against the responsible relatives hereunder. If the Illinois Department, as authorized by Section 10-1, extends the child support enforcement services provided by this Article to spouses and dependent children who are not applicants or recipients under this Code, the Child and Spouse Support Unit established by Section 10-3.1 shall bring action against the responsible relatives hereunder and any support orders entered by the court in such cases shall

provide that payments thereunder be made directly to the Illinois Department.

Whenever it is determined in a proceeding to establish or enforce a child support or maintenance obligation that the person owing a duty of support is unemployed, the court may order the person to seek employment and report periodically to the court with a diary, listing or other memorandum of his or her efforts in accordance with such order. Additionally, the court may order the unemployed person to report to the Department of Employment Security for job search services or to make application with the local Job Training Partnership Act provider for participation in job search, training or work programs and where the duty of support is owed to a child receiving child support enforcement services under this Article X, the court may order the unemployed person to report to the Illinois Department for participation in job search, training or work programs established under Section 9-6 and Article Ixa of this Code.

Whenever it is determined that a person owes past-due support for a child receiving assistance under this Code, the court shall order at the request of the Illinois Department:

(1) that the person pay the past-due support in accordance with a plan approved by the court; or

(2) if the person owing past-due support is unemployed, is subject to such a plan, and is not incapacitated, that the person participate in such job search, training, or work programs established under Section 9-6 and Article Ixa of this Code as the court deems appropriate.

A determination under this Section shall not be administratively reviewable by the procedures specified in Sections 10-12, and 10-13 to 10-13.10. Any determination under these Sections, if made the basis of court action under this Section, shall not affect the de novo judicial determination required under this Section.

A one-time charge of 20% is imposable upon the amount of past-due child support owed on July 1, 1988 which has accrued under a support order entered by the court. The charge shall be imposed in accordance with the provisions of Section 10-21 of this Code and shall be enforced by the court upon petition.

All orders for support, when entered or modified, shall include a provision requiring the non-custodial parent to notify the court and, in cases in which a party is receiving child support enforcement services under this Article X, the Illinois Department, within 7 days, (i) of the

name, address, and telephone number of any new employer of the non-custodial parent, (ii) whether the non-custodial parent has access to health insurance coverage through the employer or other group coverage and, if so, the policy name and number and the names of persons covered under the policy, and (iii) of any new residential or mailing address or telephone number of the non-custodial parent. In any subsequent action to enforce a support order, upon a sufficient showing that a diligent effort has been made to ascertain the location of the non-custodial parent, service of process or provision of notice necessary in the case may be made at the last known address of the non-custodial parent in any manner expressly provided by the Code of Civil Procedure or this Code, which service shall be sufficient for purposes of due process.

An order for support shall include a date on which the current support obligation terminates. The termination date shall be no earlier than the date on which the child covered by the order will attain the age of 18. However, if the child will not graduate from high school until after attaining the age of 18, then the termination date shall be no earlier than the earlier of the date on which the child's high school graduation will occur or the date on which the child will attain the age of 19. The order for support shall state that the termination date does not apply to any arrearage that may remain unpaid on that date. Nothing in this paragraph shall be construed to prevent the court from modifying the order or terminating the order in the event the child is otherwise emancipated.

If there is an unpaid arrearage or delinquency (as those terms are defined in the Income Withholding for Support Act) equal to at least one month's support obligation on the termination date stated in the order for support or, if there is no termination date stated in the order, on the date the child attains the age of majority or is otherwise emancipated, then the periodic amount required to be paid for current support of that child immediately prior to that date shall automatically continue to be an obligation, not as current support but as periodic payment toward satisfaction of the unpaid arrearage or delinquency. That periodic payment shall be in addition to any periodic payment previously required for satisfaction of the arrearage or delinquency. The total periodic amount to be paid toward satisfaction of the arrearage or delinquency may be enforced and collected by any method provided by law for the enforcement and collection of child support, including but not limited to income withholding under the Income Withholding for Support Act. amendatory Act of the 93rd General Assembly must contain a statement notifying the parties of the requirements of this paragraph. Failure to include the statement in the order for support does not affect the validity of the order or the operation of the provisions of this paragraph with regard to the order. This paragraph shall not be construed to prevent or affect the establishment or modification of an order for the support of a minor child or the establishment or modification of an order for the support of a non-minor child or educational expenses under Section 513 of the Illinois Marriage and Dissolution of Marriage Act.

Upon notification in writing or by electronic transmission from the Illinois Department to the clerk of the court that a person who is receiving support payments under this Section is receiving services under the Child Support Enforcement Program established by Title IV-D of the Social Security Act, any support payments subsequently received by the clerk of the court shall be transmitted in accordance with the instructions of the Illinois Department until the Illinois Department gives notice to the clerk of the court to cease the transmittal. After providing the notification authorized under this paragraph, the Illinois Department shall be entitled as a party to notice of any further proceedings in the case. The clerk of the court shall file a copy of the Illinois Department's notification in the court file. The clerk's failure to file a copy of the notification in the court file shall not, however, affect the Illinois Department's right to receive notice of further proceedings.

Payments under this Section to the Illinois Department pursuant to the Child Support Enforcement Program established by Title IV-D of the Social Security Act shall be paid into the Child Support Enforcement Trust Fund. All payments under this Section to the Illinois Department of Human Services shall be deposited in the DHS Recoveries Trust Fund. Disbursements from these funds shall be as provided in Sections 12-9.1 and 12-10.2 of this Code. Payments received by a local governmental unit shall be deposited in that unit's General Assistance Fund.

To the extent the provisions of this Section are inconsistent with the requirements pertaining to the State Disbursement Unit under Sections 10-10.4 and 10-26 of this Code, the requirements pertaining to the State Disbursement Unit shall apply.

Sec. 10-11. Administrative Orders. In lieu of actions for court enforcement of support under Section 10-10, the Child and Spouse Support Unit of the Illinois Department, in accordance with the rules of the Illinois Department, may issue an administrative order requiring the responsible relative to comply with the terms of the determination and notice of support due, determined and issued under Sections 10-6 and 10-7. The Unit may also enter an administrative order under subsection (b) of Section 10-7. The administrative order shall be served upon the responsible relative by United States registered or certified mail. In cases in which the responsible relative appeared at the office of the Child and Spouse Support Unit in response to the notice of support obligation issued under Section 10-4, however, or in cases of default in which the notice was served on the responsible relative by certified mail, return receipt requested, or by any method provided by law for service of summons, the administrative determination of paternity or administrative support order may be sent to the responsible relative by ordinary mail addressed to the responsible relative's last known address.

If a responsible relative or a person receiving child support enforcement services under this Article fails to petition the Illinois Department for release from or modification of the administrative order, as provided in Section 10-12 or Section 10-12.1, the order shall become final and there shall be no further administrative or judicial remedy. Likewise a decision by the Illinois Department as a result of an administrative hearing, as provided in Sections 10-13 to 10-13.10, shall become final and enforceable if not judicially reviewed under the Administrative Review Law, as provided in Section 10-14.

Any new or existing support order entered by the Illinois Department under this Section shall be deemed to be a series of judgments against the person obligated to pay support thereunder, each such judgment to be in the amount of each payment or installment of support and each such judgment to be deemed entered as of the date the corresponding payment or installment becomes due under the terms of the support order. Each such judgment shall have the full force, effect and attributes of any other judgment of this State, including the ability to be enforced. Section 10. The Illinois Marriage and Dissolution of Marriage Act is amended by changing Section 505 as follows:

(750 ILCS 5/505) (from Ch. 40, par. 505)
Sec. 505. Child support; contempt; penalties.

(a) In a proceeding for dissolution of marriage, legal separation, declaration of invalidity of marriage, a proceeding for child support following dissolution of the marriage by a court which lacked personal jurisdiction over the absent spouse, a proceeding for modification of a previous order for child support under Section 510 of this Act, or any proceeding authorized under Section 501 or 601 of this Act, the court may order either or both parents owing a duty of support to a child of the marriage to pay an amount reasonable and necessary for his support, without regard to marital misconduct. The duty of support owed to a child

includes the obligation to provide for the reasonable and necessary physical, mental and emotional health needs of the child. For purposes of this Section, the term "child" shall include any child under age 18 and any child under age 19 who is still attending high school.

(1) The Court shall determine the minimum amount of support by using the following guidelines:

<table>
<thead>
<tr>
<th>Number of Children</th>
<th>Percent of Supporting Party's Net Income</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>20%</td>
</tr>
<tr>
<td>2</td>

<td>4</td>
<td>40%</td>
</tr>
<tr>
<td>5</td>
<td>45%</td>
</tr>
<tr>
<td>6 or more</td>
<td>50%</td>
</tr>
</tbody>
</table>

(2) The above guidelines shall be applied in each case unless the court makes a finding that application of the guidelines would be inappropriate, after considering the best interests of the child in light of evidence including but not limited to one or more of the following relevant factors:

(a) the financial resources and needs of the child;
(b) the financial resources and needs of the custodial parent;
(c) the standard of living the child would have enjoyed had the marriage not been dissolved;
(d) the physical and emotional condition of the child, and his educational needs; and
(e) the financial resources and needs of the non-custodial parent.

If the court deviates from the guidelines, the court's finding shall state the amount of support that would have been required under the guidelines, if determinable. The court shall include the reason or reasons for the variance from the guidelines.

(3) "Net income" is defined as the total of all income from all sources, minus the following deductions:

(a) Federal income tax (properly calculated withholding or estimated payments);
(b) State income tax (properly calculated withholding or estimated payments);
(c) Social Security (FICA payments);

(d) Mandatory retirement contributions required by law or as a condition of employment;
(e) Union dues;
(f) Dependent and individual health/hospitalization insurance premiums;
(g) Prior obligations of support or maintenance actually paid pursuant to a court order;
(h) Expenditures for repayment of debts that represent reasonable and necessary expenses for the production of income, medical expenditures necessary to preserve life or health, reasonable expenditures for the benefit of the child and the other parent, exclusive of gifts. The court shall reduce net income in determining the minimum amount of support to be ordered only for the period that such payments are due and shall enter an order containing provisions for its self-executing modification upon termination of such payment period.

(4) In cases where the court order provides for health/hospitalization insurance coverage pursuant to Section 505.2 of this Act, the premiums for that insurance, or that portion of the premiums for which the supporting party is responsible in the case of insurance provided through an employer's health insurance plan where the employer pays a portion of the premiums, shall be subtracted from net income in determining the minimum amount of support to be ordered.

(4.5) In a proceeding for child support following dissolution of the marriage by a court that lacked personal jurisdiction over the absent spouse, and in which the court is requiring payment of support for the period before the date an order for current support is entered, there is a rebuttable presumption that the supporting party's net income for the prior period was the same as his or her net income at the time the order for current support is entered.

(5) If the net income cannot be determined because of default or any other reason, the court shall order support in an amount considered reasonable in the particular case. The final order in all cases shall state the support level in dollar amounts. However, if the court finds that the child support amount cannot be expressed exclusively as a dollar amount because all or a portion of

the payor's net income is uncertain as to source, time of payment, or amount, the court may order a percentage amount of support in addition to a specific dollar amount and enter such other orders as may be necessary to determine and enforce, on a timely basis, the applicable support ordered.

(6) If (i) the non-custodial parent was properly served with a request for discovery of financial information relating to the non-custodial parent's ability to provide child support, (ii) the non-custodial parent failed to comply with the request, despite having been ordered to do so by the court, and (iii) the non-custodial parent is not present at the hearing to determine support despite having received proper notice, then any relevant financial information concerning the non-custodial parent's ability to provide child support that was obtained pursuant to subpoena and proper notice shall be admitted into evidence without the need to establish any further foundation for its admission.

(a-5) In an action to enforce an order for support based on the respondent's failure to make support payments as required by the order, notice of proceedings to hold the respondent in contempt for that failure may be served on the respondent by personal service or by regular mail addressed to the respondent's last known address. The respondent's last known address may be determined from records of the clerk of the court, from the Federal Case Registry of Child Support Orders, or by any other reasonable means.

(b) Failure of either parent to comply with an order to pay support shall be punishable as in other cases of contempt. In addition to other penalties provided by law the Court may, after finding the parent guilty of contempt, order that the parent be:

(1) placed on probation with such conditions of probation as the Court deems advisable;
(2) sentenced to periodic imprisonment for a period not to exceed 6 months; provided, however, that the Court may permit the parent to be released for periods of time during the day or night to:
   (A) work; or
   (B) conduct a business or other self-employed occupation.

The Court may further order any part or all of the earnings of a parent during a sentence of periodic imprisonment paid to the Clerk of the Circuit Court or to the parent having custody or to the guardian having

custody of the children of the sentenced parent for the support of said children until further order of the Court.

If there is a unity of interest and ownership sufficient to render no financial separation between a non-custodial parent and another person or persons or business entity, the court may pierce the ownership veil of the person, persons, or business entity to discover assets of the non-custodial parent held in the name of that person, those persons, or that business entity. The following circumstances are sufficient to authorize a court to order discovery of the assets of a person, persons, or business entity and to compel the application of any discovered assets toward payment on the judgment for support:

(1) the non-custodial parent and the person, persons, or business entity maintain records together.

(2) the non-custodial parent and the person, persons, or business entity fail to maintain an arms length relationship between themselves with regard to any assets.

(3) the non-custodial parent transfers assets to the person, persons, or business entity with the intent to perpetrate a fraud on the custodial parent.

With respect to assets which are real property, no order entered under this paragraph shall affect the rights of bona fide purchasers, mortgagees, judgment creditors, or other lien holders who acquire their interests in the property prior to the time a notice of lis pendens pursuant to the Code of Civil Procedure or a copy of the order is placed of record in the office of the recorder of deeds for the county in which the real property is located.

The court may also order in cases where the parent is 90 days or more delinquent in payment of support or has been adjudicated in arrears in an amount equal to 90 days obligation or more, that the parent's Illinois driving privileges be suspended until the court determines that the parent is in compliance with the order of support. The court may also order that the parent be issued a family financial responsibility driving permit that would allow limited driving privileges for employment and medical purposes in accordance with Section 7-702.1 of the Illinois Vehicle Code. The clerk of the circuit court shall certify the order suspending the driving privileges of the parent or granting the issuance of a family financial responsibility driving permit to the Secretary of State on forms prescribed by the Secretary. Upon receipt of the authenticated documents, the Secretary of State shall suspend the parent's driving privileges until further

order of the court and shall, if ordered by the court, subject to the provisions of Section 7-702.1 of the Illinois Vehicle Code, issue a family financial responsibility driving permit to the parent.

In addition to the penalties or punishment that may be imposed under this Section, any person whose conduct constitutes a violation of Section 15 of the Non-Support Punishment Act may be prosecuted under that Act, and a person convicted under that Act may be sentenced in accordance with that Act. The sentence may include but need not be limited to a requirement that the person perform community service under Section 50 of that Act or participate in a work alternative program under Section 50 of that Act. A person may not be required to participate in a work alternative program under Section 50 of that Act if the person is currently participating in a work program pursuant to Section 505.1 of this Act.

A support obligation, or any portion of a support obligation, which becomes due and remains unpaid for 30 days or more shall accrue simple interest at the rate of 9% per annum. An order for support entered or modified on or after January 1, 2002 shall contain a statement that a support obligation required under the order, or any portion of a support obligation required under the order, that becomes due and remains unpaid for 30 days or more shall accrue simple interest at the rate of 9% per annum. Failure to include the statement in the order for support does not affect the validity of the order or the accrual of interest as provided in this Section.

(c) A one-time charge of 20% is imposable upon the amount of past-due child support owed on July 1, 1988 which has accrued under a support order entered by the court. The charge shall be imposed in accordance with the provisions of Section 10-21 of the Illinois Public Aid Code and shall be enforced by the court upon petition.

(d) Any new or existing support order entered by the court under this Section shall be deemed to be a series of judgments against the person obligated to pay support thereunder, each such judgment to be in the amount of each payment or installment of support and each such judgment to be deemed entered as of the date the corresponding payment or installment becomes due under the terms of the support order. Each such judgment shall have the full force, effect and attributes of any other judgment of this State, including the ability to be enforced. A lien arises by operation of law against the real and personal property of the noncustodial

parent for each installment of overdue support owed by the noncustodial parent.

(e) When child support is to be paid through the clerk of the court in a county of 1,000,000 inhabitants or less, the order shall direct the obligor to pay to the clerk, in addition to the child support payments, all fees imposed by the county board under paragraph (3) of subsection (u) of Section 27.1 of the Clerks of Courts Act. Unless paid in cash or pursuant to an order for withholding, the payment of the fee shall be by a separate instrument from the support payment and shall be made to the order of the Clerk.

(f) All orders for support, when entered or modified, shall include a provision requiring the obligor to notify the court and, in cases in which a party is receiving child and spouse services under Article X of the Illinois Public Aid Code, the Illinois Department of Public Aid, within 7 days, (i) of the name and address of any new employer of the obligor, (ii) whether the obligor has access to health insurance coverage through the employer or other group coverage and, if so, the policy name and number and the names of persons covered under the policy, and (iii) of any new residential or mailing address or telephone number of the non-custodial parent. In any subsequent action to enforce a support order, upon a sufficient showing that a diligent effort has been made to ascertain the location of the non-custodial parent, service of process or provision of notice necessary in the case may be made at the last known address of the non-custodial parent in any manner expressly provided by the Code of Civil Procedure or this Act, which service shall be sufficient for purposes of due process.

(g) An order for support shall include a date on which the current support obligation terminates. The termination date shall be no earlier than the date on which the child covered by the order will attain the age of 18. However, if the child will not graduate from high school until after attaining the age of 18, then the termination date shall be no earlier than the earlier of the date on which the child's high school graduation will occur or the date on which the child will attain the age of 19. The order for support shall state that the termination date does not apply to any arrearage that may remain unpaid on that date. Nothing in this subsection shall be construed to prevent the court from modifying the order or terminating the order in the event the child is otherwise emancipated.

(g-5) If there is an unpaid arrearage or delinquency (as those terms are defined in the Income Withholding for Support Act) equal to at least one month's support obligation on the termination date stated in the

order for support or, if there is no termination date stated in the order, on the date the child attains the age of majority or is otherwise emancipated, the periodic amount required to be paid for current support of that child immediately prior to that date shall automatically continue to be an obligation, not as current support but as periodic payment toward satisfaction of the unpaid arrearage or delinquency. That periodic payment shall be in addition to any periodic payment previously required for satisfaction of the arrearage or delinquency. The total periodic amount to be paid toward satisfaction of the arrearage or delinquency may be enforced and collected by any method provided by law for enforcement and collection of child support, including but not limited to income withholding under the Income Withholding for Support Act. Each order for support entered or modified on or after the effective date of this amendatory Act of the 93rd General Assembly must contain a statement notifying the parties of the requirements of this subsection. Failure to include the statement in the order for support does not affect the validity of the order or the operation of the provisions of this subsection with regard to the order. This subsection shall not be construed to prevent or affect the establishment or modification of an order for support of a minor child or the establishment or modification of an order for support of a non-minor child or educational expenses under Section 513 of this Act.

(h) An order entered under this Section shall include a provision requiring the obligor to report to the obligee and to the clerk of court within 10 days each time the obligor obtains new employment, and each time the obligor's employment is terminated for any reason. The report shall be in writing and shall, in the case of new employment, include the name and address of the new employer. Failure to report new employment or the termination of current employment, if coupled with nonpayment of support for a period in excess of 60 days, is indirect criminal contempt. For any obligor arrested for failure to report new employment bond shall be set in the amount of the child support that should have been paid during the period of unreported employment. An order entered under this Section shall also include a provision requiring the obligor and obligee parents to advise each other of a change in residence within 5 days of the change except when the court finds that the physical, mental, or emotional health of a party or that of a child, or both, would be seriously endangered by disclosure of the party's address.

(i) The court does not lose the powers of contempt, driver's license suspension, or other child support enforcement mechanisms, including, but

Section 15. The Non-Support Punishment Act is amended by changing Section 20 as follows:

(750 ILCS 16/20)

Sec. 20. Entry of order for support; income withholding.

(a) In a case in which no court or administrative order for support is in effect against the defendant:

(1) at any time before the trial, upon motion of the State's Attorney, or of the Attorney General if the action has been instituted by his office, and upon notice to the defendant, or at the time of arraignment or as a condition of postponement of arraignment, the court may enter such temporary order for support as may seem just, providing for the support or maintenance of the spouse or child or children of the defendant, or both, pendente lite; or

(2) before trial with the consent of the defendant, or at the trial on entry of a plea of guilty, or after conviction, instead of imposing the penalty provided in this Act, or in addition thereto, the court may enter an order for support, subject to modification by the court from time to time as circumstances may require, directing the defendant to pay a certain sum for maintenance of the spouse, or for support of the child or children, or both.

(b) The court shall determine the amount of child support by using the guidelines and standards set forth in subsection (a) of Section 505 and in Section 505.2 of the Illinois Marriage and Dissolution of Marriage Act.

If (i) the non-custodial parent was properly served with a request for discovery of financial information relating to the non-custodial parent's ability to provide child support, (ii) the non-custodial parent failed to comply with the request, despite having been ordered to do so by the court, and (iii) the non-custodial parent is not present at the hearing to determine support despite having received proper notice, then any relevant financial information concerning the non-custodial parent's ability to provide support that was obtained pursuant to subpoena and proper notice shall be admitted into evidence without the need to establish any further foundation for its admission.
(c) The court shall determine the amount of maintenance using the standards set forth in Section 504 of the Illinois Marriage and Dissolution of Marriage Act.

(d) The court may, for violation of any order under this Section, punish the offender as for a contempt of court, but no pendente lite order shall remain in effect longer than 4 months, or after the discharge of any panel of jurors summoned for service thereafter in such court, whichever is sooner.

(e) Any order for support entered by the court under this Section shall be deemed to be a series of judgments against the person obligated to pay support under the judgments, each such judgment to be in the amount of each payment or installment of support and each judgment to be deemed entered as of the date the corresponding payment or installment becomes due under the terms of the support order. Each judgment shall have the full force, effect, and attributes of any other judgment of this State, including the ability to be enforced. Each judgment is subject to modification or termination only in accordance with Section 510 of the Illinois Marriage and Dissolution of Marriage Act. A lien arises by operation of law against the real and personal property of the noncustodial parent for each installment of overdue support owed by the noncustodial parent.

(f) An order for support entered under this Section shall include a provision requiring the obligor to report to the obligee and to the clerk of the court within 10 days each time the obligor obtains new employment, and each time the obligor's employment is terminated for any reason. The report shall be in writing and shall, in the case of new employment, include the name and address of the new employer.

Failure to report new employment or the termination of current employment, if coupled with nonpayment of support for a period in excess of 60 days, is indirect criminal contempt. For any obligor arrested for failure to report new employment, bond shall be set in the amount of the child support that should have been paid during the period of unreported employment.

An order for support entered under this Section shall also include a provision requiring the obligor and obligee parents to advise each other of a change in residence within 5 days of the change except when the court finds that the physical, mental, or emotional health of a party or of a minor child, or both, would be seriously endangered by disclosure of the party's address.

(g) An order for support entered or modified in a case in which a party is receiving child support enforcement services under Article X of the Illinois Public Aid Code shall include a provision requiring the noncustodial parent to notify the Illinois Department of Public Aid, within 7 days, of the name and address of any new employer of the noncustodial parent, whether the noncustodial parent has access to health insurance coverage through the employer or other group coverage and, if so, the policy name and number and the names of persons covered under the policy.

(h) In any subsequent action to enforce an order for support entered under this Act, upon sufficient showing that diligent effort has been made to ascertain the location of the noncustodial parent, service of process or provision of notice necessary in that action may be made at the last known address of the noncustodial parent, in any manner expressly provided by the Code of Civil Procedure or in this Act, which service shall be sufficient for purposes of due process.

(i) An order for support shall include a date on which the current support obligation terminates. The termination date shall be no earlier than the date on which the child covered by the order will attain the age of 18. However, if the child will not graduate from high school until after attaining the age of 18, then the termination date shall be no earlier than the earlier of the date on which the child's high school graduation will occur or the date on which the child will attain the age of 19. The order for support shall state that the termination date does not apply to any arrearage that may remain unpaid on that date. Nothing in this subsection shall be construed to prevent the court from modifying the order or terminating the order in the event the child is otherwise emancipated.

(i-5) If there is an unpaid arrearage or delinquency (as those terms are defined in the Income Withholding for Support Act) equal to at least one month's support obligation on the termination date stated in the order for support or, if there is no termination date stated in the order, on the date the child attains the age of majority or is otherwise emancipated, the periodic amount required to be paid for current support of that child immediately prior to that date shall automatically continue to be an obligation, not as current support but as periodic payment toward satisfaction of the unpaid arrearage or delinquency. That periodic payment shall be in addition to any periodic payment previously required for satisfaction of the arrearage or delinquency. enforced and collected by any method provided by law for enforcement and collection of child support, including but not limited to income withholding under the Income Withholding for Support Act. Each order for support entered or modified on or after the effective date of this amendatory Act of the 93rd General Assembly must contain a statement notifying the parties of the requirements of this subsection. Failure to include the statement in the order for support does not affect the validity of the order or the operation of the provisions of this subsection with regard to the order. This subsection shall not be construed to prevent or affect the establishment or modification of an order for support of a minor child or the establishment or modification of an order for support of a non-minor child or educational expenses under Section 513 of the Illinois Marriage and Dissolution of Marriage Act.

(j) A support obligation, or any portion of a support obligation, which becomes due and remains unpaid for 30 days or more shall accrue simple interest at the rate of 9% per annum. An order for support entered or modified on or after January 1, 2002 shall contain a statement that a support obligation required under the order, or any portion of a support obligation required under the order, that becomes due and remains unpaid for 30 days or more shall accrue simple interest at the rate of 9% per annum. Failure to include the statement in the order for support does not affect the validity of the order or the accrual of interest as provided in this Section.

Section 20. The Income Withholding for Support Act is amended by adding Section 32 as follows:

(750 ILCS 28/32 new)

Sec. 32. Unpaid arrearage or delinquency after current support obligation terminates.

(a) When current support terminates on the date stated in the order for support, or because the child attains the age of majority or is otherwise emancipated, and the amount previously required to be paid for current support of that child automatically continues as an obligation for periodic payment toward satisfaction of unpaid arrearage or delinquency as provided for by law, the obligee or public office may prepare and serve upon the obligor’s payor an income withholding notice that:

(1) contains the information required under subsection (c) of Section 20; and
(2) contains the total amount of the unpaid arrearage or delinquency as of the date of the notice; and

(3) directs the payor to withhold, as a periodic payment toward satisfaction of the unpaid arrearage or delinquency, the total of:

(A) the periodic amount required to be paid as current support immediately prior to the date the current support obligation terminated under the order, or by the child becoming emancipated by age or otherwise, and

(B) any periodic amount previously required for satisfaction of the arrearage or delinquency.

(b) The income withholding notice and the obligor's copy of the income withholding notice shall be served as provided in subsection (g) of Section 20.

(c) The obligor may contest withholding commenced under this Section by filing a petition to contest withholding with the Clerk of the Circuit Court within 20 days after service of a copy of the income withholding notice on the obligor. The grounds for the petition to contest withholding shall be limited to:

(1) a dispute concerning the existence or amount of the unpaid arrearage or delinquency; or

(2) the accuracy of the periodic amount required to be withheld for payments of the unpaid arrearage or delinquency under the income withholding notice; or

(3) the identity of the obligor.

The Clerk of the Circuit Court shall notify the obligor and the obligee or public office of the time and place of the hearing on the petition to contest withholding. The court shall hold the hearing pursuant to the provisions of Section 40.

Section 25. The Illinois Parentage Act of 1984 is amended by changing Sections 13.1 and 14 as follows:

(750 ILCS 45/13.1)

Sec. 13.1. Temporary order for child support. Notwithstanding any other law to the contrary, pending the outcome of a judicial determination of parentage, the court shall issue a temporary order for child support, upon motion by a party and a showing of clear and convincing evidence of paternity. In determining the amount of the temporary child support award, the court shall use the guidelines and standards set forth in subsection (a)

of Section 505 and in Section 505.2 of the Illinois Marriage and Dissolution of Marriage Act.

Any new or existing support order entered by the court under this Section shall be deemed to be a series of judgments against the person obligated to pay support thereunder, each such judgment to be in the amount of each payment or installment of support and each judgment to be deemed entered as of the date the corresponding payment or installment becomes due under the terms of the support order. Each such judgment shall have the full force, effect, and attributes of any other judgment of this State, including the ability to be enforced. Any such judgment is subject to modification or termination only in accordance with Section 510 of the Illinois Marriage and Dissolution of Marriage Act. A lien arises by operation of law against the real and personal property of the noncustodial parent for each installment of overdue support owed by the noncustodial parent.

All orders for support, when entered or modified, shall include a provision requiring the non-custodial parent to notify the court, and in cases in which a party is receiving child support enforcement services under Article X of the Illinois Public Aid Code, the Illinois Department of Public Aid, within 7 days, (i) of the name, address, and telephone number of any new employer of the non-custodial parent, (ii) whether the non-custodial parent has access to health insurance coverage through the employer or other group coverage, and, if so, the policy name and number and the names of persons covered under the policy, and (iii) of any new residential or mailing address or telephone number of the non-custodial parent.

In any subsequent action to enforce a support order, upon sufficient showing that diligent effort has been made to ascertain the location of the non-custodial parent, service of process or provision of notice necessary in that action may be made at the last known address of the non-custodial parent, in any manner expressly provided by the Code of Civil Procedure or in this Act, which service shall be sufficient for purposes of due process.

(750 ILCS 45/14) (from Ch. 40, par. 2514)

(a) (1) The judgment shall contain or explicitly reserve provisions concerning any duty and amount of child support and may contain provisions concerning the custody and guardianship of the child, visitation privileges with the child, the furnishing of bond or other security for the payment of the judgment, which the court shall determine in accordance with the relevant factors set forth in the Illinois Marriage and Dissolution of Marriage Act and any other applicable law of Illinois, to guide the court in a finding in the best interests of the child. In determining custody, joint custody, removal, or visitation, the court shall apply the relevant standards

of the Illinois Marriage and Dissolution of Marriage Act, including Section 609. Specifically, in determining the amount of any child support award, the court shall use the guidelines and standards set forth in subsection (a) of Section 505 and in Section 505.2 of the Illinois Marriage and Dissolution of Marriage Act. For purposes of Section 505 of the Illinois Marriage and Dissolution of Marriage Act, "net income" of the non-custodial parent shall include any benefits available to that person under the Illinois Public Aid Code or from other federal, State or local government-funded programs. The court shall, in any event and regardless of the amount of the non-custodial parent's net income, in its judgment order the non-custodial parent to pay child support to the custodial parent in a minimum amount of not less than $10 per month. In an action brought within 2 years after a child's birth, the judgment or order may direct either parent to pay the reasonable expenses incurred by either parent related to the mother's pregnancy and the delivery of the child. The judgment or order shall contain the father's social security number, which the father shall disclose to the court; however, failure to include the father's social security number on the judgment or order does not invalidate the judgment or order.

(2) If a judgment of parentage contains no explicit award of custody, the establishment of a support obligation or of visitation rights in one parent shall be considered a judgment granting custody to the other parent. If the parentage judgment contains no such provisions, custody shall be presumed to be with the mother; however, the presumption shall not apply if the father has had physical custody for at least 6 months prior to the date that the mother seeks to enforce custodial rights.

(b) The court shall order all child support payments, determined in accordance with such guidelines, to commence with the date summons is served. The level of current periodic support payments shall not be reduced because of payments set for the period prior to the date of entry of the support order. The Court may order any child support payments to be made for a period prior to the commencement of the action. In determining whether and the extent to which the payments shall be made for any prior period, the court shall consider all relevant facts, including the factors for determining the amount of support specified in the Illinois Marriage and Dissolution of Marriage Act and other equitable factors including but not limited to:

(1) The father's prior knowledge of the fact and circumstances of the child's birth.

New matter indicated by italics - deletions by strikeout.
(2) The father's prior willingness or refusal to help raise or support the child.

(3) The extent to which the mother or the public agency bringing the action previously informed the father of the child's needs or attempted to seek or require his help in raising or supporting the child.

(4) The reasons the mother or the public agency did not file the action earlier.

(5) The extent to which the father would be prejudiced by the delay in bringing the action.

For purposes of determining the amount of child support to be paid for any period before the date the order for current child support is entered, there is a rebuttable presumption that the father's net income for the prior period was the same as his net income at the time the order for current child support is entered.

If (i) the non-custodial parent was properly served with a request for discovery of financial information relating to the non-custodial parent's ability to provide child support, (ii) the non-custodial parent failed to comply with the request, despite having been ordered to do so by the court, and (iii) the non-custodial parent is not present at the hearing to determine support despite having received proper notice, then any relevant financial information concerning the non-custodial parent's ability to provide child support that was obtained pursuant to subpoena and proper notice shall be admitted into evidence without the need to establish any further foundation for its admission.

(c) Any new or existing support order entered by the court under this Section shall be deemed to be a series of judgments against the person obligated to pay support thereunder, each judgment to be in the amount of each payment or installment of support and each such judgment to be deemed entered as of the date the corresponding payment or installment becomes due under the terms of the support order. Each judgment shall have the full force, effect and attributes of any other judgment of this State, including the ability to be enforced. A lien arises by operation of law against the real and personal property of the noncustodial parent for each installment of overdue support owed by the noncustodial parent.

(d) If the judgment or order of the court is at variance with the child's birth certificate, the court shall order that a new birth certificate be issued under the Vital Records Act.

New matter indicated by italics - deletions by strikeout.
(e) On request of the mother and the father, the court shall order a change in the child's name. After hearing evidence the court may stay payment of support during the period of the father's minority or period of disability.

(f) If, upon a showing of proper service, the father fails to appear in court, or otherwise appear as provided by law, the court may proceed to hear the cause upon testimony of the mother or other parties taken in open court and shall enter a judgment by default. The court may reserve any order as to the amount of child support until the father has received notice, by regular mail, of a hearing on the matter.

(g) A one-time charge of 20% is imposable upon the amount of past-due child support owed on July 1, 1988 which has accrued under a support order entered by the court. The charge shall be imposed in accordance with the provisions of Section 10-21 of the Illinois Public Aid Code and shall be enforced by the court upon petition.

(h) All orders for support, when entered or modified, shall include a provision requiring the non-custodial parent to notify the court and, in cases in which party is receiving child support enforcement services under Article X of the Illinois Public Aid Code, the Illinois Department of Public Aid, within 7 days, (i) of the name and address of any new employer of the non-custodial parent, (ii) whether the non-custodial parent has access to health insurance coverage through the employer or other group coverage and, if so, the policy name and number and the names of persons covered under the policy, and (iii) of any new residential or mailing address or telephone number of the non-custodial parent. In any subsequent action to enforce a support order, upon a sufficient showing that a diligent effort has been made to ascertain the location of the non-custodial parent, service of process or provision of notice necessary in the case may be made at the last known address of the non-custodial parent in any manner expressly provided by the Code of Civil Procedure or this Act, which service shall be sufficient for purposes of due process.

(i) An order for support shall include a date on which the current support obligation terminates. The termination date shall be no earlier than the date on which the child covered by the order will attain the age of 18. However, if the child will not graduate from high school until after attaining the age of 18, then the termination date shall be no earlier than the earlier of the date on which the child's high school graduation will occur or the date on which the child will attain the age of 19. The order for support shall state that the termination date does not apply to any arrearage.
that may remain unpaid on that date. Nothing in this subsection shall be construed to prevent the court from modifying the order or terminating the order in the event the child is otherwise emancipated.

(i-5) If there is an unpaid arrearage or delinquency (as those terms are defined in the Income Withholding for Support Act) equal to at least one month’s support obligation on the termination date stated in the order for support or, if there is no termination date stated in the order, on the date the child attains the age of majority or is otherwise emancipated, the periodic amount required to be paid for current support of that child immediately prior to that date shall automatically continue to be an obligation, not as current support but as periodic payment toward satisfaction of the unpaid arrearage or delinquency. That periodic payment shall be in addition to any periodic payment previously required for satisfaction of the arrearage or delinquency. The total periodic amount to be paid toward satisfaction of the arrearage or delinquency may be enforced and collected by any method provided by law for enforcement and collection of child support, including but not limited to income withholding under the Income Withholding for Support Act. Each order for support entered or modified on or after the effective date of this amendatory Act of the 93rd General Assembly must contain a statement notifying the parties of the requirements of this subsection. Failure to include the statement in the order for support does not affect the validity of the order or the operation of the provisions of this subsection with regard to the order. This subsection shall not be construed to prevent or affect the establishment or modification of an order for support of a minor child or the establishment or modification of an order for support of a non-minor child or educational expenses under Section 513 of the Illinois Marriage and Dissolution of Marriage Act.

(j) An order entered under this Section shall include a provision requiring the obligor to report to the obligee and to the clerk of court within 10 days each time the obligor obtains new employment, and each time the obligor’s employment is terminated for any reason. The report shall be in writing and shall, in the case of new employment, include the name and address of the new employer. Failure to report new employment or the termination of current employment, if coupled with nonpayment of support for a period in excess of 60 days, is indirect criminal contempt. For any obligor arrested for failure to report new employment bond shall be set in the amount of the child support that should have been paid during the period of unreported employment. shall also include a provision requiring the obligor and obligee parents to advise each other of a change in residence within 5 days of the change except when the court finds that the physical, mental, or emotional health of a party or that of a minor child, or both, would be seriously endangered by disclosure of the party's address.

Section 99. Effective date. This Act takes effect on January 1, 2005.

Effective January 1, 2005.

PUBLIC ACT 93-1062
(Senate Bill No. 2900)

AN ACT concerning public aid.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Public Aid Code is amended by changing Section 9A-11 as follows:

Sec. 9A-11. Child Care.
(a) The General Assembly recognizes that families with children need child care in order to work. Child care is expensive and families with low incomes, including those who are transitioning from welfare to work, often struggle to pay the costs of day care. The General Assembly understands the importance of helping low income working families become and remain self-sufficient. The General Assembly also believes that it is the responsibility of families to share in the costs of child care. It is also the preference of the General Assembly that all working poor families should be treated equally, regardless of their welfare status.

(b) To the extent resources permit, the Illinois Department shall provide child care services to parents or other relatives as defined by rule who are working or participating in employment or Department approved

education or training programs. At a minimum, the Illinois Department shall cover the following categories of families:

1. recipients of TANF under Article IV participating in work and training activities as specified in the personal plan for employment and self-sufficiency;
2. families transitioning from TANF to work;
3. families at risk of becoming recipients of TANF;
4. families with special needs as defined by rule; and
5. working families with very low incomes as defined by rule.

The Department shall specify by rule the conditions of eligibility, the application process, and the types, amounts, and duration of services. Eligibility for child care benefits and the amount of child care provided may vary based on family size, income, and other factors as specified by rule.

In determining income eligibility for child care benefits, the Department annually, at the beginning of each fiscal year, shall establish, by rule, one income threshold for each family size, in relation to percentage of State median income for a family of that size, that makes families with incomes below the specified threshold eligible for assistance and families with incomes above the specified threshold ineligible for assistance. The specified threshold must be no less than 50% of the then-current State median income for each family size.

In determining eligibility for assistance, the Department shall not give preference to any category of recipients or give preference to individuals based on their receipt of benefits under this Code.

The Department shall allocate $7,500,000 annually for a test program for families who are income-eligible for child care assistance, who are not recipients of TANF under Article IV, and who need child care assistance to participate in education and training activities. The Department shall specify by rule the conditions of eligibility for this test program.

Nothing in this Section shall be construed as conferring entitlement status to eligible families.

The Illinois Department is authorized to lower income eligibility ceilings, raise parent co-payments, create waiting lists, or take such other actions during a fiscal year as are necessary to ensure that child care benefits paid under this Article do not exceed the amounts appropriated for those child care benefits. These changes may be accomplished by
emergency rule under Section 5-45 of the Illinois Administrative Procedure Act, except that the limitation on the number of emergency rules that may be adopted in a 24-month period shall not apply.

The Illinois Department may contract with other State agencies or child care organizations for the administration of child care services.

(c) Payment shall be made for child care that otherwise meets the requirements of this Section and applicable standards of State and local law and regulation, including any requirements the Illinois Department promulgates by rule in addition to the licensure requirements promulgated by the Department of Children and Family Services and Fire Prevention and Safety requirements promulgated by the Office of the State Fire Marshal and is provided in any of the following:

(1) a child care center which is licensed or exempt from licensure pursuant to Section 2.09 of the Child Care Act of 1969;
(2) a licensed child care home or home exempt from licensing;
(3) a licensed group child care home;
(4) other types of child care, including child care provided by relatives or persons living in the same home as the child, as determined by the Illinois Department by rule.

(d) The Illinois Department shall, by rule, require co-payments for child care services by any parent, including parents whose only income is from assistance under this Code. The co-payment shall be assessed based on a sliding scale based on family income, family size, and the number of children in care. Co-payments shall not be increased due solely to a change in the methodology for counting family income.

(e) The Illinois Department shall conduct a market rate survey based on the cost of care and other relevant factors which shall be completed by July 1, 1998.

(f) The Illinois Department shall, by rule, set rates to be paid for the various types of child care. Child care may be provided through one of the following methods:

(1) arranging the child care through eligible providers by use of purchase of service contracts or vouchers;
(2) arranging with other agencies and community volunteer groups for non-reimbursed child care;
(3) (blank); or
(4) adopting such other arrangements as the Department determines appropriate.

(f-5) The Illinois Department, in consultation with its Child Care and Development Advisory Council, shall develop a comprehensive plan to revise the State’s rates for the various types of child care. The plan shall be completed no later than January 1, 2005 and shall include:

1. Base reimbursement rates that are adequate to provide children receiving child care services from the Department equal access to quality child care, utilizing data from the most current market rate survey.

2. A tiered reimbursement rate system that financially rewards providers of child care services that meet defined benchmarks of higher-quality care.

3. Consideration of revisions to existing county groupings and age classifications, utilizing data from the most current market rate survey.

4. Consideration of special rates for certain types of care such as caring for a child with a disability.

(g) Families eligible for assistance under this Section shall be given the following options:

1. receiving a child care certificate issued by the Department or a subcontractor of the Department that may be used by the parents as payment for child care and development services only; or

2. if space is available, enrolling the child with a child care provider that has a purchase of service contract with the Department or a subcontractor of the Department for the provision of child care and development services. The Department may identify particular priority populations for whom they may request special consideration by a provider with purchase of service contracts, provided that the providers shall be permitted to maintain a balance of clients in terms of household incomes and families and children with special needs, as defined by rule.

"Reasonable living expenses" means the reasonable costs of lodging, food, and clothing for the biological parents during the period of the biological mother's pregnancy and for no more than 30 days after the birth of the child. The term does not include expenses for lost wages, gifts, educational expenses, or other similar expenses of the biological parents.

(f) If the placement of a child for adoption is made in accordance with the Interstate Compact on the Placement of Children, and if the sending state permits the payment of any expenses of biological parents that are not permitted under this Act, then the payment of those expenses shall not be a violation of this Act. In that event, the petitioners shall file an accounting of all payments of the expenses of the biological parent or parents with the court in which the petition for adoption is filed or is to be filed. (Senate Bill No. 3188)

AN ACT in relation to executive agencies.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Department of Commerce and Economic Opportunity Law of the Civil Administrative Code is amended by changing Section 605-332 as follows:

(20 ILCS 605/605-332)

Sec. 605-332. Financial assistance to energy generation facilities.

(a) As used in this Section:

"New electric generating facility" means a newly-constructed electric generation plant or a newly constructed generation capacity expansion at an existing facility, including the transmission lines and associated equipment that transfers electricity from points of supply to points of delivery, and for which foundation construction commenced not sooner than July 1, 2001, which is designed to provide baseload electric generation operating on a continuous basis throughout the year; and:

electricity or chemicals, or both, and that supports the creation of Illinois coal-mining jobs.

"Eligible business" means an entity that proposes to construct a new electric generating facility and that has applied to the Department to receive financial assistance pursuant to this Section. With respect to use and occupation taxes, wherever there is a reference to taxes, that reference means only those taxes paid on Illinois-mined coal used in a new electric generating facility.

"Department" means the Illinois Department of Commerce and Economic Opportunity Community Affairs.

(b) The Department is authorized to provide financial assistance to eligible businesses for new electric generating facilities from funds appropriated by the General Assembly as further provided in this Section.

An eligible business seeking qualification for financial assistance for a new electric generating facility, for purposes of this Section only, shall apply to the Department in the manner specified by the Department. Any projections provided by an eligible business as part of the application shall be independently verified in a manner as set forth by the Department. An application shall include, but not be limited to:

(1) the projected or actual completion date of the new electric generating facility for which financial assistance is sought;

(2) copies of documentation deemed acceptable by the Department establishing either (i) the total State occupation and use taxes paid on Illinois-mined coal used at the new electric generating facility for a minimum of 4 preceding calendar quarters or (ii) the projected amount of State occupation and use taxes paid on Illinois-mined coal used at the new electric generating facility in 4 calendar year quarters after completion of the new electric generating facility. Bond proceeds subject to this Section shall not be allocated to an eligible business until the eligible business has demonstrated the revenue stream sufficient to service the debt on the bonds; and

(3) the actual or projected amount of capital investment by the eligible business in the new electric generating facility.

The Department shall determine the maximum amount of financial assistance for eligible businesses in accordance with this paragraph. The Department shall not provide financial assistance from general obligation bond funds to any eligible business unless it receives a written certification from the Director of the Bureau of

the Budget (now Governor's Office of Management and Budget) that 80% of the State occupation and use tax receipts for a minimum of the preceding 4 calendar quarters for all eligible businesses or as included in projections on approved applications by eligible businesses equal or exceed 110% of the maximum annual debt service required with respect to general obligation bonds issued for that purpose. The Department may provide financial assistance not to exceed the amount of State general obligation debt calculated as above, the amount of actual or projected capital investment in the energy generation facility, or $100,000,000, whichever is less. Financial assistance received pursuant to this Section may be used for capital facilities consisting of buildings, structures, durable equipment, and land at the new electric generating facility. Subject to the provisions of the agreement covering the financial assistance, a portion of the financial assistance may be required to be repaid to the State if certain conditions for the governmental purpose of the assistance were not met.

An eligible business shall file a monthly report with the Illinois Department of Revenue stating the amount of Illinois-mined coal purchased during the previous month for use in the new electric generating facility, the purchase price of that coal, the amount of State occupation and use taxes paid on that purchase to the seller of the Illinois-mined coal, and such other information as that Department may reasonably require. In sales of Illinois-mined coal between related parties, the purchase price of the coal must have been determined in an arms-length transaction. The report shall be filed with the Illinois Department of Revenue on or before the 20th day of each month on a form provided by that Department. However, no report need be filed by an eligible business in a month when it made no reportable purchases of coal in the previous month. The Illinois Department of Revenue shall provide a summary of such reports to the Governor's Office of Management and Budget Bureau of the Budget.

Upon granting financial assistance to an eligible business, the Department shall certify the name of the eligible business to the Illinois Department of Revenue. Beginning with the receipt of the first report of State occupation and use taxes paid by an eligible business and continuing for a 25-year period, the Illinois Department of Revenue shall each month

(1) such applications may be submitted at any time during the year;

(2) such business is not located, at the time of designation, in an enterprise zone designated pursuant to this Act;

(3) (A) the business intends to make a minimum investment of $12,000,000 which will be placed in service in qualified property and intends to create 500 full-time equivalent jobs at a designated location in Illinois or intends to make a minimum investment of $30,000,000 which will be placed in service in qualified property and intends to retain 1,500 full-time jobs at a designated location in Illinois. not sooner than July 1, 2001. Such facility shall be designed
to provide baseload electric generation and shall operate on
a continuous basis throughout the year; and shall have an

that generate electricity or chemicals, or both, and shall

business must certify in writing that the investments
necessary to establish a new electric generating facility

case of a coal-fueled plant would not occur without the tax
credits and exemptions set forth in subsection (b-5) of this
Section. The term "placed in service" has the same meaning
as described in subsection (h) of Section 201 of the Illinois

as described in subsection (h) of Section 201 of the Illinois Income Tax Act; or

(D) the business intends to construct new transmission facilities or upgrade existing transmission facilities at designated locations in Illinois, for which construction commenced not sooner than July 1, 2001. For the purposes of this Section, "transmission facilities" means transmission lines with a voltage rating of 115 kilovolts or above, including associated equipment, that transfer electricity from points of supply to points of delivery and that transmit a majority of the electricity generated by a new electric generating facility designated as a High Impact Business in accordance with this Section. The business must certify in writing that the investments necessary to construct new transmission facilities or upgrade existing transmission facilities would not be placed in service without the tax credits and exemptions set forth in subsection (b-5) of this Section. The term "placed in service" has the same meaning as described in subsection (h) of Section 201 of the Illinois Income Tax Act; and

(4) no later than 90 days after an application is submitted, the Department shall notify the applicant of the Department's determination of the qualification of the proposed High Impact Business under this Section.

(b) Businesses designated as High Impact Businesses pursuant to subdivision (a)(3)(A) of this Section shall qualify for the credits and exemptions described in the following Acts: Section 9-222 and Section 9-222.1A of the Public Utilities Act, subsection (h) of Section 201 of the Illinois Income Tax Act; and; Section 1d of the Retailers' Occupation Tax Act; provided that these credits and exemptions described in these Acts shall not be authorized until the minimum investments set forth in subdivision (a)(3)(A) of this Section have been placed in service in qualified properties and, in the case of the exemptions described in the Public Utilities Act and Section 1d of the Retailers' Occupation Tax Act, the minimum full-time equivalent jobs or full-time jobs set forth in subdivision (a)(3)(A) of this Section have been created or retained. (c) High Impact Businesses located in federally designated foreign trade zones or sub-zones are also eligible for additional credits, exemptions and deductions as described in the following Acts: Section 9-221 and Section 9-222.1 of the Public Utilities Act; and subsection (g) of Section 201, and Section 203 of the Illinois Income Tax Act.

(d) Existing Illinois businesses which apply for designation as a High Impact Business must provide the Department with the prospective plan for which 1,500 full-time jobs would be eliminated in the event that the business is not designated.

(e) New proposed facilities which apply for designation as High Impact Business must provide the Department with proof of alternative non-Illinois sites which would receive the proposed investment and job creation in the event that the business is not designated as a High Impact Business.

(f) In the event that a business is designated a High Impact Business and it is later determined after reasonable notice and an opportunity for a hearing as provided under the Illinois Administrative Procedure Act, that the business would have placed in service in qualified property the investments and created or retained the requisite number of jobs without the benefits of the High Impact Business designation, the Department shall be required to immediately revoke the designation and notify the Director of the Department of Revenue who shall begin proceedings to recover all wrongfully exempted State taxes with interest.

New matter indicated by italics - deletions by strikeout.
The business shall also be ineligible for all State funded Department programs for a period of 10 years.

(g) The Department shall revoke a High Impact Business designation if the participating business fails to comply with the terms and conditions of the designation.

(h) Prior to designating a business, the Department shall provide the members of the General Assembly and Illinois Economic and Fiscal Commission with a report setting forth the terms and conditions of the designation and guarantees that have been received by the Department in relation to the proposed business being designated.

(305 ILCS 5/5A-2) (from Ch. 23, par. 5A-2)
(Section scheduled to be repealed on July 1, 2005)
Sec. 5A-2. Assessment; no local authorization to tax.

(a) Subject to Sections 5A-3 and 5A-10, an annual assessment on inpatient services is imposed on each hospital provider in an amount equal to the hospital's occupied bed days multiplied by $84.19 multiplied by the proration factor for State fiscal year years 2004 and the hospital's occupied bed days multiplied by $84.19 for State fiscal year 2005, if the payment methodologies required under 5A-12 and the waiver granted under 42 CFR 433.68 are approved with an effective date prior to July 1, 2004, or the assessment will be imposed for fiscal year 2005 only, if the payment methodologies required under Section 5A-12 and the waiver granted under 42 CFR 433.68 are approved with an effective date on or after July 1, 2004.

The Department of Public Aid shall use the number of occupied bed days as reported by each hospital on the Annual Survey of Hospitals conducted by the Department of Public Health to calculate the hospital's annual assessment. If the sum of a hospital's occupied bed days is not reported on the Annual Survey of Hospitals or if there are data errors in the reported sum of a hospital's occupied bed days as determined by the Department of Public Aid, then the Department of Public Aid may obtain the sum of occupied bed days from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Department of Public Aid or its duly authorized agents and employees.

(b) Nothing in this amendatory Act of the 93rd General Assembly shall be construed to authorize any home rule unit or other unit of local

Sec. 5A-4. Payment of assessment; penalty.

(a) The annual assessment imposed by Section 5A-2 for State fiscal year 2004 shall be due and payable on June 18 of the year. The assessment imposed by Section 5A-2 for State fiscal year 2005 shall be due and payable in quarterly installments, each equalling one-fourth of the assessment for the year, on July 19, October 19, January 18, and April 19 of the year. No installment payment of an assessment imposed by Section 5A-2 shall be due and payable, however, until after: (i) the hospital provider receives written notice from the Department of Public Aid that the payment methodologies to hospitals required under Section 5A-12 have been approved by the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services and the waiver under 42 CFR 433.68 for the assessment imposed by Section 5A-2 has been granted by the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services; and (ii) the hospital has received the payments required under Section 5A-12. Upon notification to the Department of approval of the payment methodologies required under Section 5A-12 and the waiver granted under 42 CFR 433.68, all quarterly installments otherwise due under Section 5A-2 prior to the date of notification shall be due and payable to the Department upon written direction from the Department within 30 days of the date of notification.

(b) The Illinois Department is authorized to establish delayed payment schedules for hospital providers that are unable to make installment payments when due under this Section due to financial difficulties, as determined by the Illinois Department.

(c) If a hospital provider fails to pay the full amount of an installment when due (including any extensions granted under subsection (b)), there shall, unless waived by the Illinois Department for reasonable cause, be added to the assessment imposed by Section 5A-2 a penalty assessment equal to the lesser of (i) 5% of the amount of the installment not paid on or before the due date plus 5% of the portion thereof remaining unpaid on the last day of each 30-day period thereafter or (ii) 100% of the

installment amount not paid on or before the due date. For purposes of this subsection, payments will be credited first to unpaid installment amounts (rather than to penalty or interest), beginning with the most delinquent installments.

(305 ILCS 5/5A-12)

(Section scheduled to be repealed on July 1, 2005)

Sec. 5A-12. Hospital access improvement payments.

(a) To improve access to hospital services, for hospital services rendered on or after June 1, 2004, the Department of Public Aid shall make payments to hospitals as set forth in this Section, except for hospitals described in subsection (b) of Section 5A-3. These payments shall be paid on a quarterly basis. For State fiscal year 2004, if the effective date of the approval of the payment methodology required under this Section and the waiver granted under 42 CFR 433.68 by the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services is prior to July 1, 2004, the Department shall pay the total amounts required for fiscal year 2004 under this Section within 75 days of the latest notification. No payment shall be made for State fiscal year 2004 if the effective date of the approval is on or after July 1, 2004. In State fiscal year 2005, the total amounts required under this Section shall be paid in 4 equal installments on or before July 15, October 15, January 14, and April 15 of the year, except that if the date of notification of the approval of the payment methodologies required under this Section and the waiver granted under 42 CFR 433.68 is on or after July 1, 2004, the sum of amounts required under this Section prior to the date of notification shall be paid within 75 days of the date of the last notification. Payments under this Section are not due and payable, however, until (i) the methodologies described in this Section are approved by the federal government in an appropriate State Plan amendment, (ii) the assessment imposed under this Article is determined to be a permissible tax under Title XIX of the Social Security Act, and (iii) the assessment is in effect.

(b) High volume payment. In addition to rates paid for inpatient hospital services, the Department of Public Aid shall pay, to each Illinois hospital that provided more than 20,000 Medicaid inpatient days of care during State fiscal year 2001 (except for hospitals that qualify for adjustment payments under Section 5-5.02 for the 12-month period beginning on October 1, 2002), $190 for each Medicaid inpatient day of care provided during that fiscal year. A hospital that provided less than

30,000 Medicaid inpatient days of care during that period, however, is not entitled to receive more than $3,500,000 per year in such payments.

(c) Medicaid inpatient utilization rate adjustment. In addition to rates paid for inpatient hospital services, the Department of Public Aid shall pay each Illinois hospital (except for hospitals described in Section 5A-3), for each Medicaid inpatient day of care provided during State fiscal year 2001, an amount equal to the product of $57.25 multiplied by the quotient of 1 divided by the greater of 1.6% or the hospital's Medicaid inpatient utilization rate (as used to determine eligibility for adjustment payments under Section 5-5.02 for the 12-month period beginning on October 1, 2002). The total payments under this subsection to a hospital may not exceed $10,500,000 annually.

(d) Psychiatric base rate adjustment.

(1) In addition to rates paid for inpatient psychiatric services, the Department of Public Aid shall pay each Illinois general acute care hospital with a distinct part-psychiatric unit, for each Medicaid inpatient psychiatric day of care provided in State fiscal year 2001, an amount equal to $400 less the hospital's per-diem rate for Medicaid inpatient psychiatric services as in effect on October 1, 2003. In no event, however, shall that amount be less than zero.

(2) For distinct part-psychiatric units of Illinois general acute care hospitals, except for all hospitals excluded in Section 5A-3, whose inpatient per-diem rate as in effect on October 1, 2003 is greater than $400, the Department shall pay, in addition to any other amounts authorized under this Code, $25 for each Medicaid inpatient psychiatric day of care provided in State fiscal year 2001.

(e) Supplemental tertiary care adjustment. In addition to rates paid for inpatient services, the Department of Public Aid shall pay to each Illinois hospital eligible for tertiary care adjustment payments under 89 Ill. Adm. Code 148.296, as in effect for State fiscal year 2003, a supplemental tertiary care adjustment payment equal to the tertiary care adjustment payment required under 89 Ill. Adm. Code 148.296, as in effect for State fiscal year 2003.

(f) Medicaid outpatient utilization rate adjustment. In addition to rates paid for outpatient hospital services, the Department of Public Aid shall pay each Illinois hospital (except for hospitals described in Section 5A-3), an amount equal to the product of 2.45% multiplied by the

New matter indicated by italics - deletions by strikeout.
hospital's Medicaid outpatient charges multiplied by the quotient of 1 divided by the greater of 1.6% or the hospital's Medicaid outpatient utilization rate. The total payments under this subsection to a hospital may not exceed $6,750,000 annually.

For purposes of this subsection:
"Medicaid outpatient charges" means the charges for outpatient services provided to Medicaid patients for State fiscal year 2001 as submitted by the hospital on the UB-92 billing form or under the ambulatory procedure listing and adjudicated by the Department of Public Aid on or before September 12, 2003.

"Medicaid outpatient utilization rate" means a fraction, the numerator of which is the hospital's Medicaid outpatient charges and the denominator of which is the total number of the hospital's charges for outpatient services for the hospital's fiscal year ending in 2001.

(g) State outpatient service adjustment. In addition to rates paid for outpatient hospital services, the Department of Public Aid shall pay each Illinois hospital an amount equal to the product of 75.5% multiplied by the hospital's Medicaid outpatient services submitted to the Department on the UB-92 billing form for State fiscal year 2001 multiplied by the hospital's outpatient access fraction.

For purposes of this subsection, "outpatient access fraction" means a fraction, the numerator of which is the hospital's Medicaid payments for outpatient services for ambulatory procedure listing services submitted to the Department on the UB-92 billing form for State fiscal year 2001, and the denominator of which is the total Medicaid visits for outpatient services for ambulatory procedure listing services submitted to the Department on the UB-92 billing form for State fiscal year 2001.

The total payments under this subsection to a hospital may not exceed $3,000,000 annually.

(h) Rural hospital outpatient adjustment. In addition to rates paid for outpatient hospital services, the Department of Public Aid shall pay each Illinois rural hospital an amount equal to the product of $14,500,000 multiplied by the rural hospital outpatient adjustment fraction.

For purposes of this subsection, "rural hospital outpatient adjustment fraction" means a fraction, the numerator of which is the hospital's Medicaid visits for outpatient services for ambulatory procedure listing services submitted to the Department on the UB-92 billing form for State fiscal year 2001, and the denominator of which is the total Medicaid visits for outpatient services for ambulatory procedure listing services for state fiscal year.

For purposes of this subsection, "rural hospital" has the same meaning as in 89 Ill. Adm. Code 148.25, as in effect on September 30, 2003.

(i) Merged/closed hospital adjustment. If any hospital files a combined Medicaid cost report with another hospital after January 1, 2001, and if that hospital subsequently closes, then except for the payments described in subsection (e), all payments described in the various subsections of this Section shall, before the application of the annual limitation amount specified in each such subsection, be multiplied by a fraction, the numerator of which is the number of occupied bed days attributable to the open hospital and the denominator of which is the sum of the number of occupied bed days of each open hospital and each closed hospital. For purposes of this subsection, "occupied bed days" has the same meaning as the term is defined in subsection (a) of Section 5A-2.

(j) For purposes of this Section, the terms "Medicaid days", "Medicaid charges", and "Medicaid services" do not include any days, charges, or services for which Medicare was liable for payment.

(j-5) For State fiscal year 2004, all payments described in this Section shall be multiplied by the proration factor.

(k) As provided in Section 5A-14, this Section is repealed on July 1, 2005.

Sec. 8h. Transfers to General Revenue Fund.
(a) Except as provided in subsection (b), notwithstanding any other State law to the contrary, the Governor may, through June 30, 2007, from time to time direct the State Treasurer and Comptroller to transfer a specified sum from any fund held by the State Treasurer to the General Revenue Fund in order to help defray the State's operating costs for the fiscal year. The total transfer under this Section from any fund in any fiscal year shall not exceed the lesser of (i) 8% of the revenues to be deposited into the fund during that fiscal year or (ii) an amount that leaves a remaining fund balance of 25% of the July 1 fund balance of that fiscal year. In fiscal year 2005 only, prior to calculating the July 1, 2004 final balances, the Governor may calculate and direct the State Treasurer with the Comptroller to transfer additional amounts determined by applying the formula authorized in Public Act 93-839 this amendatory Act of the 93rd General Assembly to the funds balances on July 1, 2003. No transfer may be made from a fund under this Section that would have the effect of reducing the available balance in the fund to an amount less than the amount remaining unexpended and unreserved from the total appropriation from that fund estimated to be expended for that fiscal year. This Section does not apply to any funds that are restricted by federal law to a specific use, to any funds in the Motor Fuel Tax Fund, the Hospital Provider Fund, or the Medicaid Provider Relief Fund, or the Reviewing Court Alternative Dispute Resolution Fund, or to any funds to which subsection (f) of Section 20-40 of the Nursing and Advanced Practice Nursing Act applies. Notwithstanding any other provision of this Section, for fiscal year 2004, the total transfer under this Section from the Road Fund or the State Construction Account Fund shall not exceed the lesser of (i) 5% of the revenues to be deposited into the fund during that fiscal year or (ii) 25% of the beginning balance in the fund. For fiscal year 2005 through fiscal year 2007, no amounts may be transferred under this Section from the Road Fund, the State Construction Account Fund, the Criminal Justice Information Systems Trust Fund, the Wireless Service Emergency Fund, the Wireless Carrier Reimbursement Fund, or the Mandatory Arbitration Fund.

(a) Appropriations for State contributions to the State Employees' Retirement System of Illinois shall be expended in the manner provided in this Section. Except as otherwise provided in subsection (a-1), at the time of each payment of salary to an employee under the personal services line item, payment shall be made to the State Employees' Retirement System, from the amount appropriated for State contributions to the State Employees' Retirement System, of an amount calculated at the rate certified for the applicable fiscal year by the Board of Trustees of the State Employees' Retirement System under Section 14-135.08 of the Illinois Pension Code. If a line item appropriation to an employer for this purpose is unavailable or exhausted or is unavailable due to any limitation on appropriations that may apply, (including, but not limited to, limitations on appropriations from the Road Fund under Section 8.3 of the State Finance Act), the amounts shall be paid under the continuing appropriation for this purpose contained in the State Pension Funds Continuing Appropriation Act.

calculated at the rate certified for fiscal year 2004 by the Board of Trustees of the State Employees' Retirement System under Section 14-135.08 of the Illinois Pension Code. This payment shall be made to the extent that a line item appropriation to an employer for this purpose is available or unexhausted. No payment from appropriations for State contributions shall be made in conjunction with payment of salary to an employee under the personal services line item from the General Revenue Fund.

(b) Except during the period beginning on the effective date of this amendatory Act of the 93rd General Assembly and ending at the time of the payment of the final payroll from fiscal year 2004 appropriations, the State Comptroller shall not approve for payment any payroll voucher that (1) includes payments of salary to eligible employees in the State Employees' Retirement System of Illinois and (2) does not include the corresponding payment of State contributions to that retirement system at the full rate certified under Section 14-135.08 for that fiscal year for eligible employees, unless the balance in the fund on which the payroll voucher is drawn is insufficient to pay the total payroll voucher, or unavailable due to any limitation on appropriations that may apply, including, but not limited to, limitations on appropriations from the Road Fund under Section 8.3 of the State Finance Act. If the State Comptroller approves a payroll voucher under this Section for which the fund balance is insufficient to pay the full amount of the required State contribution to the State Employees' Retirement System, the Comptroller shall promptly so notify the Retirement System.

Instead of filing a second or subsequent copy of the same contract, the Governor's Office of Management and Budget may file a statement that specified costs are paid under specified contracts filed earlier with the Commission.

(b) The Director of the Governor's Office of Management and Budget shall not, in connection with the issuance of Bonds, contract with any underwriter, financial advisor, or attorney unless that underwriter, financial advisor, or attorney certifies that the underwriter, financial advisor, or attorney has not and will not pay a contingent fee, whether directly or indirectly, to any third party for having promoted the selection of the underwriter, financial advisor, or attorney for that contract. In the event that the Governor's Office of Management and Budget determines that an underwriter, financial advisor, or attorney has filed a false certification with respect to the payment of contingent fees, the Governor's Office of Management and Budget shall not contract with that underwriter, financial advisor, or attorney, or with any firm employing any person who signed false certifications, for a period of 2 calendar years, beginning with the date the determination is made. The validity of Bonds issued under such circumstances of violation pursuant to this Section shall not be affected.

Sec. 8.5. Truth in borrowing disclosures.

New matter indicated by italics - deletions by strikeout.
(a) Within 20 business days after the issuance of any Bonds under this Act, the Director of the Governor's Office of Management and Budget shall publish a truth in borrowing disclosure that discloses the total principal and interest payments to be paid on the Bonds over the full stated term of the Bonds. The disclosure also shall include principal and interest payments to be made by each fiscal year over the full stated term of the Bonds and total principal and interest payments to be made by each fiscal year on all other outstanding Bonds issued under this Act over the full stated terms of those Bonds.

(b) Within 20 business days after the issuance of any refunding bonds under Section 15 of this Act, the Director of the Governor's Office of Management and Budget shall publish a truth in borrowing disclosure that discloses the estimated present-valued savings to be obtained through the refunding, in total and by each fiscal year that the refunding Bonds may be outstanding.

(c) The disclosures required in subsections (a) and (b) shall be published by posting the disclosures for no less than 30 days on the web site of the Governor's Office of Management and Budget and by providing the disclosures in written form to the Illinois Economic and Fiscal Commission on Government Forecasting and Accountability. These disclosures shall be calculated assuming Bonds are not redeemed or refunded prior to their stated maturities. Amounts included in these disclosures as payment of interest on variable rate Bonds shall be computed at an interest rate equal to the rate at which the variable rate Bonds are first set upon issuance, plus 2.5%, after taking into account any credits permitted in the related indenture or other instrument against the amount of such interest for each fiscal year. Amounts included in these disclosures as payments of interest shall include those amounts paid pursuant to arrangements authorized pursuant to subsection (b) of Section 6 of this Act.

Sec. 99-995. Closed meetings; vote requirement. This Act authorizes the Illinois Economic and Fiscal Commission on Government Forecasting and Accountability to hold closed meetings in certain circumstances. In order to meet the requirements of subsection (c) of Section 5 of Article IV of the Illinois Constitution, the General Assembly determines that closed meetings of the Illinois Economic and Fiscal Commission on Government Forecasting and Accountability are required by the public interest. Thus, this Act is enacted by the affirmative vote of two-thirds of the members elected to each house of the General Assembly.

Section 105. The Illinois Pension Code is amended by changing Sections 1-103.3, 3-109.3, 14-108.3, 14-108.5, 15-158.3, 16-133.3, 22-803, 22-1001, 22-1002, and 22-1003 as follows:
(40 ILCS 5/1-103.3)
Sec. 1-103.3. Application of 1994 amendment; funding standard.
(a) The provisions of this amendatory Act of 1994 that change the method of calculating, certifying, and paying the required State contributions to the retirement systems established under Articles 2, 14, 15, 16, and 18 shall first apply to the State contributions required for State fiscal year 1996.

(b) The General Assembly declares that a funding ratio (the ratio of a retirement system's total assets to its total actuarial liabilities) of 90% is an appropriate goal for State-funded retirement systems in Illinois, and it finds that a funding ratio of 90% is now the generally-recognized norm throughout the nation for public employee retirement systems that are considered to be financially secure and funded in an appropriate and responsible manner.

(c) Every 5 years, beginning in 1999, the Illinois Economic and Fiscal Commission on Government Forecasting and Accountability, in consultation with the affected retirement systems and the Governor's Office of Management and Budget (formerly Bureau of the Budget), shall consider and determine whether the 90% funding ratio adopted in subsection (b) continues to represent an appropriate goal for State-funded retirement systems in Illinois, and it shall report its findings and

Sec. 3-109.3. Self-managed plan.

(a) Purpose. The General Assembly finds that it is important for municipalities to be able to attract and retain the most qualified police officers and that in order to attract and retain these police officers, municipalities should have the flexibility to provide a defined contribution plan as an alternative for eligible employees who elect not to participate in a defined benefit retirement program provided under this Article. Accordingly, a self-managed plan shall be provided, which shall offer participating employees the opportunity to accumulate assets for retirement through a combination of employee and employer contributions that may be invested in mutual funds, collective investment funds, or other investment products and used to purchase annuity contracts, either fixed or variable, or a combination thereof. The plan must be qualified under the Internal Revenue Code of 1986.

(b) Study by Commission; Adoption of plan. The Illinois Pension Laws Commission (or its successor, the Economic and Fiscal Commission on Government Forecasting and Accountability) shall study and evaluate the creation of a statewide self-managed plan for eligible employees under this Article. The Commission shall report its findings and recommendations to the General Assembly no later than January 1, 2002.

In accordance with the recommendations of the Commission and any action taken by the General Assembly in response to those recommendations, a statewide self-managed plan shall be adopted for eligible employees under this Article. The self-managed plan shall take effect as specified in the plan, but in no event earlier than July 1, 2002 or the date of its approval by the U.S. Internal Revenue Service, whichever occurs later.

The self-managed plan shall include a plan document and shall provide for the adoption of such rules and procedures as are necessary or desirable for the administration of the self-managed plan. Consistent with fiduciary duty to the participants and beneficiaries of the self-managed plan, it may provide for delegation of suitable aspects of plan administration to companies authorized to do business in this State.

(c) Selection of service providers and funding vehicles. The principal administrator of the self-managed plan shall solicit proposals to
provide administrative services and funding vehicles for the self-managed plan from insurance and annuity companies and mutual fund companies, banks, trust companies, or other financial institutions authorized to do business in this State. In reviewing the proposals received and approving and contracting with no fewer than 2 and no more than 7 companies, the principal administrator shall consider, among other things, the following criteria:

(1) the nature and extent of the benefits that would be provided to the participants;
(2) the reasonableness of the benefits in relation to the premium charged;
(3) the suitability of the benefits to the needs and interests of the participating employees and the employer;
(4) the ability of the company to provide benefits under the contract and the financial stability of the company; and
(5) the efficacy of the contract in the recruitment and retention of employees.

The principal administrator shall periodically review each approved company. A company may continue to provide administrative services and funding vehicles for the self-managed plan only so long as it continues to be an approved company under contract with the principal administrator.

(d) Employee Direction. Employees who are participating in the program must be allowed to direct the transfer of their account balances among the various investment options offered, subject to applicable contractual provisions. The participant shall not be deemed a fiduciary by reason of providing such investment direction. A person who is a fiduciary shall not be liable for any loss resulting from such investment direction and shall not be deemed to have breached any fiduciary duty by acting in accordance with that direction. The self-managed plan does not guarantee any of the investments in the employee's account balances.

(e) Participation. An eligible employee must make a written election in accordance with the provisions of Section 3-109.2 and the procedures established under the self-managed plan. Participation in the self-managed plan by an eligible employee who elects to participate in the self-managed plan shall begin on the first day of the first pay period following the later of the date the employee's election is filed with the fund or the employer, but in no event sooner than the effective date of the self-managed plan.

New matter indicated by italics - deletions by strikeout.
A police officer who has elected to participate in the self-managed plan under this Section must continue participation while employed in an eligible position, and may not participate in any other retirement program administered by the municipality while employed as a police officer by that municipality. Participation in the self-managed plan under this Section shall constitute membership in an Article 3 pension fund.

(f) No Duplication of Service Credit. Notwithstanding any other provision of this Article, a police officer may not purchase or receive service or service credit applicable to any other retirement program administered by a fund under this Article for any period during which the police officer was a participant in the self-managed plan established under this Section.

(g) Contributions. The self-managed plan shall be funded by contributions from participants in the self-managed plan and employer contributions as provided in this Section.

The contribution rate for a participant in the self-managed plan under this Section shall be a minimum of 10% of his or her salary. This required contribution shall be made as an "employer pick-up" under Section 414(h) of the Internal Revenue Code of 1986 or any successor Section thereof. An employee may make additional contributions to the self-managed plan in accordance with the terms of the plan.

The self-managed plan shall provide for employer contributions to be credited to each self-managed plan participant at a rate of 10% of the participating employee's salary, less the amount of the employer contribution used to provide disability benefits for the employee. The amounts so credited shall be paid into the participant's self-managed plan accounts in the manner prescribed by the plan.

An amount of employer contribution, not exceeding 1.5% of the participating employee's salary, shall be used for the purpose of providing disability benefits to the participating employee. Prior to the beginning of each plan year under the self-managed plan, the principal administrator shall determine, as a percentage of salary, the amount of employer contributions to be allocated during that plan year for providing disability benefits for employees in the self-managed plan.

(h) Vesting; Withdrawal; Return to Service. A participant in the self-managed plan becomes fully vested in the employer contributions credited to his or her account in the self-managed plan on the earliest to occur of the following:

New matter indicated by italics - deletions by strikeout.
(1) completion of 6 years of service with the municipality;

or

(2) the death of the participating employee while employed by the municipality, if the participant has completed at least 1.5 years of service.

A participant in the self-managed plan who receives a distribution of his or her vested amounts from the self-managed plan upon or after termination of employment shall forfeit all service credit and accrued rights in the fund of his or her employer; if subsequently re-employed, the participant shall be considered a new employee. If a former participant again becomes a participating employee and continues as such for at least 2 years, all such rights, service credit, and previous status as a participant shall be restored upon repayment of the amount of the distribution without interest.

(i) Benefit amounts. If a participating employee who is fully vested in employer contributions terminates employment, the participating employee shall be entitled to a benefit which is based on the account values attributable to both employer and employee contributions and any investment return thereon.

If a participating employee who is not fully vested in employer contributions terminates employment, the employee shall be entitled to a benefit based on the account values attributable to the employee's contributions and any investment return thereon, plus the following percentage of employer contributions and any investment return thereon: 20% after the second year; 40% after the third year; 60% after the fourth year; 80% after the fifth year; and 100% after the sixth year. The remainder of employer contributions and investment return thereon shall be forfeited. Any employer contributions that are forfeited shall be held in escrow by the company investing those contributions and shall be used as directed by the municipality for future allocations of employer contributions or for the restoration of amounts previously forfeited by former participants who again become participating employees.

Sec. 14-108.3. Early retirement incentives.

(a) To be eligible for the benefits provided in this Section, a person must:

(1) be a member of this System who, on any day during June, 2002, is (i) in active payroll status in a position of
employment with a department and an active contributor to this System with respect to that employment, and terminates that employment before the retirement annuity under this Article begins, or (ii) on layoff status from such a position with a right of re-employment or recall to service, or (iii) receiving benefits under Section 14-123, 14-123.1 or 14-124, but only if the member has not been receiving those benefits for a continuous period of more than 2 years as of the date of application;

(2) not have received any retirement annuity under this Article beginning earlier than August 1, 2002;

(3) file with the Board on or before December 31, 2002 a written application requesting the benefits provided in this Section;

(4) terminate employment under this Article no later than December 31, 2002 (or the date established under subsection (d), if applicable);

(5) by the date of termination of service, have at least 8 years of creditable service under this Article, without the use of any creditable service established under this Section;

(6) by the date of termination of service, have at least 5 years of membership service earned while an employee under this Article, which may include military service for which credit is established under Section 14-105(b), service during the qualifying period for which credit is established under Section 14-104(a), and service for which credit has been established by repaying a refund under Section 14-130, but shall not include service for which any other optional service credit has been established; and

(7) not receive any early retirement benefit under Section 16-133.3 of this Code.

(b) An eligible person may establish up to 5 years of creditable service under this Article, in increments of one month, by making the contributions specified in subsection (c). In addition, for each month of creditable service established under this Section, a person's age at retirement shall be deemed to be one month older than it actually is.

The creditable service established under this Section may be used for all purposes under this Article and the Retirement Systems Reciprocal Act, except for the computation of final average compensation under Section 14-103.12 or the determination of compensation under this or any other Article of this Code.

New matter indicated by italics - deletions by strikeout.
The age enhancement established under this Section may not be used to enable any person to begin receiving a retirement annuity calculated under Section 14-110 before actually attaining age 50 (without any age enhancement under this Section). The age enhancement established under this Section may be used for all other purposes under this Article (including calculation of a proportionate annuity payable by this System under the Retirement Systems Reciprocal Act), except for purposes of the level income option in Section 14-112, the reversionary annuity under Section 14-113, and the required distributions under Section 14-121.1.

The age enhancement established under this Section may be used in determining benefits payable under Article 16 of this Code under the Retirement Systems Reciprocal Act, if the person has at least 5 years of service credit in the Article 16 system that was earned while participating in that system as a teacher (as defined in Section 16-106) employed by a department (as defined in Section 14-103.04). Age enhancement established under this Section shall not otherwise be used in determining benefits payable under other Articles of this Code under the Retirement Systems Reciprocal Act.

(c) For all creditable service established under this Section, a person must pay to the System an employee contribution to be determined by the System, based on the member's rate of compensation on June 1, 2002 (or the last date before June 1, 2002 for which a rate can be determined) and the retirement contribution rate in effect on June 1, 2002 for the member (or for members with the same social security and alternative formula status as the member).

If the member receives a lump sum payment for accumulated vacation, sick leave and personal leave upon withdrawal from service, and the net amount of that lump sum payment is at least as great as the amount of the contribution required under this Section, the entire contribution must be paid by the employee by payroll deduction. If there is no such lump sum payment, or if it is less than the contribution required under this Section, the member shall make an initial payment by payroll deduction, equal to the net amount of the lump sum payment for accumulated vacation, sick leave, and personal leave, and have the remaining amount due treated as a reduction from the retirement annuity in 24 equal monthly installments beginning in the month in which the retirement annuity takes effect. The required contribution may be paid as a pre-tax deduction from earnings. For federal and Illinois tax purposes, the monthly amount by

which the annuitant's benefit is reduced shall not be treated as a contribution by the annuitant, but rather as a reduction of the annuitant's monthly benefit.

(c-5) The reduction in retirement annuity provided in subsection (c) of Section 14-108 does not apply to the annuity of a person who retires under this Section. A person who has received any age enhancement or creditable service under this Section may begin to receive an unreduced retirement annuity upon attainment of age 55 with at least 25 years of creditable service (including any age enhancement and creditable service established under this Section).

(d) In order to ensure that the efficient operation of State government is not jeopardized by the simultaneous retirement of large numbers of key personnel, the director or other head of a department may, for key employees of that department, extend the December 31, 2002 deadline for terminating employment under this Article established in subdivision (a)(4) of this Section to a date not later than April 30, 2003 by so notifying the System in writing by December 31, 2002.

(e) Notwithstanding Section 14-111, a person who has received any age enhancement or creditable service under this Section and who reenters service under this Article (or as an employee of a department under Article 16) other than as a temporary employee thereby forfeits that age enhancement and creditable service and is entitled to a refund of the contributions made pursuant to this Section.

(f) The System shall determine the amount of the increase in the present value of future benefits resulting from the granting of early retirement incentives under this Section and shall report that amount to the Governor and the Economic and Fiscal Commission on Government Forecasting and Accountability on or after the effective date of this amendatory Act of the 93rd General Assembly and on or before November 15, 2004. The increase reported under this subsection (f) shall not be included in the calculation of the required State contribution under Section 14-131.

(g) In addition to the contributions otherwise required under this Article, the State shall appropriate and pay to the System (1) an amount equal to $70,000,000 in State fiscal years 2004 and 2005 and (2) in each of State fiscal years 2006 through 2015, a level dollar-payment based upon the increase in the present value of future benefits provided by the early retirement incentives provided under this Section amortized at 8.5% interest.

New matter indicated by italics - deletions by strikeout.
(h) The Economic and Fiscal Commission on Government Forecasting and Accountability (i) shall hold one or more hearings on or before the last session day during the fall veto session of 2004 to review recommendations relating to funding of early retirement incentives under this Section and (ii) shall file its report with the General Assembly on or before December 31, 2004 making its recommendations relating to funding of early retirement incentives under this Section; the Commission's report may contain both majority recommendations and minority recommendations. The System shall recalculate and recertify to the Governor by January 31, 2005 the amount of the required State contribution to the System for State fiscal year 2005 with respect to those incentives. The Pension Laws Commission (or its successor, the Economic and Fiscal Commission on Government Forecasting and Accountability) shall determine and report to the General Assembly, on or before January 1, 2004 and annually thereafter through the year 2013, its estimate of (1) the annual amount of payroll savings likely to be realized by the State as a result of the early retirement of persons receiving early retirement incentives under this Section and (2) the net annual savings or cost to the State from the program of early retirement incentives created under this Section.

The System, the Department of Central Management Services, the Governor's Office of Management and Budget (formerly Bureau of the Budget), and all other departments shall provide to the Commission any assistance that the Commission may request with respect to its reports under this Section. The Commission may require departments to provide it with any information that it deems necessary or useful with respect to its reports under this Section, including without limitation information about (1) the final earnings of former department employees who elected to receive benefits under this Section, (2) the earnings of current department employees holding the positions vacated by persons who elected to receive benefits under this Section, and (3) positions vacated by persons who elected to receive benefits under this Section that have not yet been refilled.

(i) The changes made to this Section by this amendatory Act of the 92nd General Assembly do not apply to persons who retired under this Section on or before May 1, 1992.

(c) In lieu of any retirement annuity or other benefit provided under this Article, a person who qualifies for and elects to receive the alternative retirement cancellation payment under this Section shall be entitled to receive a one-time lump sum retirement cancellation payment equal to the amount of his or her contributions to the System (including any employee contributions for optional service credit and including any employee contributions paid by the employer or credited to the employee during disability) as of the date of termination, with regular interest, multiplied by 2.

(d) Notwithstanding any other provision of this Article, a person who receives an alternative retirement cancellation payment under this Section thereby forfeits the right to any other retirement or disability benefit or refund under this Article, and no widow's, survivor's, or death

benefit deriving from that person shall be payable under this Article. Upon accepting an alternative retirement cancellation payment under this Section, the person's creditable service and all other rights in the System are terminated for all purposes, except for the purpose of determining State group life and health benefits for the person and his or her survivors as provided under the State Employees Group Insurance Act of 1971.

(e) To the extent permitted by federal law, a person who receives an alternative retirement cancellation payment under this Section may direct the System to pay all or a portion of that payment as a rollover into another retirement plan or account qualified under the Internal Revenue Code of 1986, as amended.

(f) Notwithstanding Section 14-111, a person who has received an alternative retirement cancellation payment under this Section and who reenters service under this Article other than as a temporary employee must repay to the System the amount by which that alternative retirement cancellation payment exceeded the amount of his or her refundable employee contributions within 60 days of resuming employment under this System. For the purposes of re-establishing creditable service that was terminated upon election of the alternative retirement cancellation payment, the portion of the alternative retirement cancellation payment representing refundable employee contributions shall be deemed a refund repayable in accordance with Section 14-130.

(g) The Economic and Fiscal Commission on Government Forecasting and Accountability shall determine and report to the Governor and the General Assembly, on or before January 1, 2006, its estimate of (1) the annual amount of payroll savings likely to be realized by the State as a result of the early termination of persons receiving the alternative retirement cancellation payment under this Section and (2) the net annual savings or cost to the State from the program of alternative retirement cancellation payments under this Section.

The System, the Department of Central Management Services, the Governor's Office of Management and Budget, and all other departments shall provide to the Commission any assistance that the Commission may request with respect to its report under this Section. The Commission may require departments to provide it with any information that it deems necessary or useful with respect to its reports under this Section, including without limitation information about (1) the final earnings of former department employees who elected to receive alternative retirement cancellation payments under this Section, (2) the earnings of current

Sec. 15-158.3. Reports on cost reduction; effect on retirement at any age with 30 years of service.

(a) On or before November 15, 2001 and on or before November 15th of each year thereafter, the Board shall have the System's actuary prepare a report showing, on a fiscal year by fiscal year basis, the actual rate of participation in the self-managed plan authorized by Section 15-158.2, (i) by employees of the System's covered higher educational institutions who were hired on or after the implementation date of the self-managed plan and (ii) by other System participants.

The actuary's report must also quantify the extent to which employee optional retirement plan participation has reduced the State's required contributions to the System, expressed both in dollars and as a percentage of covered payroll, in relation to what the State's contributions to the System would have been (1) if the self-managed plan had not been implemented, and (2) if 45% of employees of the System's covered higher educational institutions who were hired on or after the implementation date of the self-managed plan had elected to participate in the self-managed plan and 10% of other System participants had transferred to the self-managed plan following its implementation.

(b) On or before November 15th of each year thereafter, the Illinois Board of Higher Education, in conjunction with the Bureau of the Budget (now Governor's Office of Management and Budget) shall prepare a report showing, on a fiscal year by fiscal year basis, the amount by which the costs associated with compensable sick leave have been reduced as a result of the termination of compensable sick leave accrual on and after January 1, 1998 by employees of higher education institutions who are participants in the System.

(c) On or before November 15 of 2001 and on or before November 15th of each year thereafter, the Department of Central Management Services shall prepare a report showing, on a fiscal year by fiscal year basis, the amount by which the State's cost for health insurance coverage

under the State Employees Group Insurance Act of 1971 for retirees of the State's universities and their survivors has declined as a result of requiring some of those retirees and survivors to contribute to the cost of their basic health insurance. These year-by-year reductions in cost must be quantified both in dollars and as a level percentage of payroll covered by the System.

(d) The reports required under subsections (a), (b), and (c) shall be disseminated to the Board, the Pension Laws Commission (until it ceases to exist), the Illinois Economic and Fiscal Commission on Government Forecasting and Accountability, the Illinois Board of Higher Education, and the Governor.

(e) The reports required under subsections (a), (b), and (c) shall be taken into account by the Pension Laws Commission (or its successor, the Economic and Fiscal Commission on Government Forecasting and Accountability) in making any recommendation to extend by legislation beyond December 31, 2002 the provision that allows a System participant to retire at any age with 30 or more years of service as authorized in Section 15-135. If that provision is extended beyond December 31, 2002, and if the most recent report under subsection (a) indicates that actual State contributions to the System for the period during which the self-managed plan has been in operation have exceeded the projected State contributions under the assumptions in clause (2) of subsection (a), then any extension of the provision beyond December 31, 2002 must require that the System's higher educational institutions and agencies cover any funding deficiency through an annual payment to the System out of appropriate resources of their own.

Sec. 16-133.3. Early retirement incentives for State employees.

(a) To be eligible for the benefits provided in this Section, a person must:

(1) be a member of this System who, on any day during June, 2002, is (i) in active payroll status as a full-time teacher employed by a department and an active contributor to this System with respect to that employment, or (ii) on layoff status from such a position with a right of re-employment or recall to service, or (iii) receiving a disability benefit under Section 16-149 or 16-149.1, but only if the member has not been receiving that benefit for a continuous period of more than 2 years as of the date of application;

New matter indicated by italics - deletions by strikeout.
(2) not have received any retirement annuity under this Article beginning earlier than August 1, 2002;
(3) file with the Board on or before December 31, 2002 a written application requesting the benefits provided in this Section;
(4) terminate employment under this Article no later than December 31, 2002 (or the date established under subsection (d), if applicable);
(5) by the date of termination of service, have at least 8 years of creditable service under this Article, without the use of any creditable service established under this Section;
(6) by the date of termination of service, have at least 5 years of service credit earned while participating in the System as a teacher employed by a department; and
(7) not receive any early retirement benefit under Section 14-108.3 of this Code.

For the purposes of this Section, "department" means a department as defined in Section 14-103.04 that employs a teacher as defined in this Article.

(b) An eligible person may establish up to 5 years of creditable service under this Article by making the contributions specified in subsection (c). In addition, for each period of creditable service established under this Section, a person's age at retirement shall be deemed to be enhanced by an equivalent period.

The creditable service established under this Section may be used for all purposes under this Article and the Retirement Systems Reciprocal Act, except for the computation of final average salary, the determination of salary or compensation under this Article or any other Article of this Code, or the determination of eligibility for or the computation of benefits under Section 16-133.2.

The age enhancement established under this Section may be used for all purposes under this Article (including calculation of a proportionate annuity payable by this System under the Retirement Systems Reciprocal Act), except for purposes of a retirement annuity under Section 16-133(a)(A), a reversionary annuity under Section 16-136, the required distributions under Section 16-142.3, and the determination of eligibility for or the computation of benefits under Section 16-133.2. Age enhancement established under this Section may be used in determining benefits payable under Article 14 of this Code under the Retirement Systems Reciprocal Act (subject to the limitations on the use of age

enhancement provided in Section 14-108.3); age enhancement established under this Section shall not be used in determining benefits payable under other Articles of this Code under the Retirement Systems Reciprocal Act.

(c) For all creditable service established under this Section, a person must pay to the System an employee contribution to be determined by the System, equal to 9.0% of the member's highest annual salary rate that would be used in the determination of the average salary for retirement annuity purposes if the member retired immediately after withdrawal, for each year of creditable service established under this Section.

If the member receives a lump sum payment for accumulated vacation, sick leave, and personal leave upon withdrawal from service, and the net amount of that lump sum payment is at least as great as the amount of the contribution required under this Section, the entire contribution must be paid by the employee by payroll deduction. If there is no such lump sum payment, or if it is less than the contribution required under this Section, the member shall make an initial payment by payroll deduction, equal to the net amount of the lump sum payment for accumulated vacation, sick leave, and personal leave, and have the remaining amount due treated as a reduction from the retirement annuity in 24 equal monthly installments beginning in the month in which the retirement annuity takes effect. The required contribution may be paid as a pre-tax deduction from earnings.

(d) In order to ensure that the efficient operation of State government is not jeopardized by the simultaneous retirement of large numbers of key personnel, the director or other head of a department may, for key employees of that department, extend the December 31, 2002 deadline for terminating employment under this Article established in subdivision (a)(4) of this Section to a date not later than April 30, 2003 by so notifying the System in writing by December 31, 2002.

(e) A person who has received any age enhancement or creditable service under this Section and who reenters contributing service under this Article or Article 14 shall thereby forfeit that age enhancement and creditable service, and become entitled to a refund of the contributions made pursuant to this Section.

(f) The System shall determine the amount of the increase in the present value of future benefits resulting from the granting of early retirement incentives under this Section and shall report that amount to the Governor and the Economic and Fiscal Commission on Government

The increase in liability reported under this subsection (f) shall not be included in the calculation of the required State contribution under Section 16-158.

(g) In addition to the contributions otherwise required under this Article, the State shall appropriate and pay to the System (1) an amount equal to $1,000,000 in State fiscal year 2004 and (2) in each of State fiscal years 2006 through 2015, a level dollar-payment based upon the increase in the present value of future benefits provided by the early retirement incentives provided under this Section amortized at 8.5% interest.

(h) The Pension Laws Commission (or its successor, the Economic and Fiscal Commission on Government Forecasting and Accountability) shall determine and report to the General Assembly, on or before January 1, 2004 and annually thereafter through the year 2013, its estimate of (1) the annual amount of payroll savings likely to be realized by the State as a result of the early retirement of persons receiving early retirement incentives under this Section and (2) the net annual savings or cost to the State from the program of early retirement incentives created under this Section.

The System, the Department of Central Management Services, the Governor's Office of Management and Budget (formerly Bureau of the Budget), and all other departments shall provide to the Commission any assistance that the Commission may request with respect to its reports under this Section. The Commission may require departments to provide it with any information that it deems necessary or useful with respect to its reports under this Section, including without limitation information about (1) the final earnings of former department employees who elected to receive benefits under this Section, (2) the earnings of current department employees holding the positions vacated by persons who elected to receive benefits under this Section, and (3) positions vacated by persons who elected to receive benefits under this Section that have not yet been refilled.

(3) the State's share of the amount necessary to fund the normal cost plus interest on the unfunded accrued liability for the next fiscal year as determined by the projected unit credit computations.

(5) the July 1 market value of system assets and a five-year history of annual and annualized investment returns of the system's total portfolio and each segment of the portfolio; and

(6) measures of financial status, including ten-year trends of: unfunded liabilities, funded ratios, quick liability ratios, current reserves, and other solvency tests requested by the Commission.

For plan years ending prior to December 31, 1984, the historical data submitted by the retirement systems pursuant to items (4) and (6) above may be based on a cost method other than the projected unit credit actuarial cost method. In submitting the data, the retirement systems shall specify the method used.

Sec. 22-1002. Within 3 days of the Governor's submission of the State Budget, the Director of the Governor's Office of Management and Budget shall provide the Illinois Economic and Fiscal Commission on Government Forecasting and Accountability with the recommendations for budgeted annual appropriations for each system as specified in the Governor's budget recommendations.

Sec. 22-1003. The Economic and Fiscal Commission on Government Forecasting and Accountability shall receive the information specified in Section 22-1001 and Section 22-1002 of this Act. Commission staff shall examine the information and submit a report of the analysis thereof to the General Assembly. The report shall also include either an analysis of the effect of the different economic assumptions used by the 5 systems, or supplemental valuations using the same economic assumptions for all 5 systems. The Commission shall compare (1) each system's required actuarial funding computed using the projected unit credit actuarial cost method, and (2) the required State contribution levels established by Public Act 88-593. The report shall also identify the amount of the required funding for each system expected to come from (i) budgeted annual appropriations and (ii) continuing appropriations under the State Pension Funds Continuing Appropriation Act.

The Commission shall also compute multiple year projections showing the effect on system liabilities and the State's annual cost (1) if the systems were to be funded according to actuarial recommendations that the Commission deems reasonable, (2) if each system were to be funded according to recommendations made by the system's actuary, and (3) if the systems were to be funded according to the required State contribution levels established by Public Act 88-593; including (i) comparisons of State costs with projected benefit payments, payroll, and the general funds budget, and (ii) comparisons of unfunded liabilities, funded ratios, solvency tests, and projected reserves. The Commission may conduct additional analyses and projections as it deems useful.
Sec. 1. Appropriations from State Pensions Fund. For the purpose of making up any deficiency in the appropriations to the designated retirement systems that are required to be made under Section 8.12 of the State Finance Act, there is hereby appropriated, on a continuing annual basis in each fiscal year, from the State Pensions Fund to each designated retirement system, the amount, if any, by which the total appropriation to that system from the State Pensions Fund for that fiscal year is less than the amount required to be appropriated to that retirement system under Section 8.12 of the State Finance Act.

The annual appropriation under this Section to each designated retirement system shall take effect on July 1 for the State fiscal year beginning on that date.

The amount of any continuing appropriation used by a retirement system under this Section for a given fiscal year shall be charged against the unexpended amount of any appropriation to that retirement system for that fiscal year under Section 8.12 of the State Finance Act that subsequently becomes available, subject to Section 8.3 of the State Finance Act.

"Designated retirement systems" means the State Employees' Retirement System of Illinois, the Teachers' Retirement System of the State of Illinois, the State Universities Retirement System, the Judges Retirement System of Illinois, and the General Assembly Retirement System.

The appropriations made in this Section are appropriated to the designated retirement systems as a part of the annual State contribution required by the laws providing for the funding of those systems.

(a-1) If a Fiscal Year 2004 Shortfall is certified under subsection (f) of Section 14-131 of the Illinois Pension Code, there is hereby appropriated to the State Employees' Retirement System of Illinois on a continuing basis from the General Revenue Fund an additional aggregate amount equal to the Fiscal Year 2004 Shortfall.

(b) The continuing appropriations provided for by this Section shall first be available in State fiscal year 1996.

(c) Beginning in Fiscal Year 2005, any continuing appropriation under this Section arising out of an appropriation for personal services from the Road Fund to the Department of State Police or the Secretary of State shall be payable from the General Revenue Fund rather than the Road Fund.

A penalty of 5% of the tax required to be shown due on a return shall be imposed for failure to file the tax return on or before the due date prescribed for filing determined with regard for any extension of time for filing (penalty for late filing or nonfiling). If any unprocessable return is corrected and filed within 21 days after notice by the Department, the late filing or nonfiling penalty shall not apply. If a penalty for late filing or nonfiling is imposed in addition to a penalty for late payment, the total penalty due shall be the sum of the late filing penalty and the applicable late payment penalty. Beginning on the effective date of this amendatory Act of 1995, in the case of any type of tax return required to be filed more frequently than annually, when the failure to file the tax return on or before the date prescribed for filing (including any extensions) is shown to be nonfraudulent and has not occurred in the 2 years immediately preceding the failure to file on the prescribed due date, the penalty imposed by Section 3-3(a) shall be abated.

(a-5) This subsection (a-5) is applicable to returns due on and after January 1, 1996 and on or before December 31, 2000. However, if any return is not filed within 30 days after notice of nonfiling mailed by the Department to the last known address of the taxpayer contained in Department records, an additional penalty amount shall be imposed equal to the greater of $250 or 2% of the tax shown on the return. However, if any return is not filed within 30 days after notice of nonfiling mailed by the Department to the last known address of the taxpayer contained in Department records, an additional penalty amount shall be imposed equal to the greater of $250 or 2% of the tax shown on the return. (2) the full amount of any tax required to be shown due on a return and that is not shown (penalty for late payment or nonpayment of additional liability), within 30 days after a notice of arithmetic error, notice and demand, or a final assessment is issued by the Department. In the case of a final assessment arising following a protest and hearing, the 30-day period shall not begin until all proceedings in court for review of the final assessment have terminated or the period for obtaining a review has expired without proceedings for a review having been instituted. The amount of penalty imposed under this subsection (b-10)(2) shall be
20% of any amount that is not paid within the 30-day period. In the
case of a notice of tax liability that becomes a final assessment
without a protest and hearing, the penalty provided in this
subsection (b-10)(2) shall be imposed at the expiration of the
period provided for the filing of a protest.

(b-15) This subsection (b-15) is applicable to returns due on and
after January 1, 2004 and on or before December 31, 2004. (1) A penalty
shall be imposed for failure to pay the tax shown due or required to be
shown due on a return on or before the due date prescribed for payment of

any amount that is paid no later than 30 days after the due date, 10% of
any amount that is paid later than 30 days after the due date and not later

90 days after the due date and not later than 180 days after the due date,
and 20% of any amount that is paid later than 180 days after the due date.

and if the amount due is paid within 30 days after the date of this notice
and demand, then the penalty for late payment or nonpayment of admitted
liability under this subsection (b-15)(1) on the amount so paid shall not
accrue for the period after the date of the notice and demand.

to show on a timely return the full amount of any tax required to be
shown due. The amount of penalty imposed under this subsection
(b-15)(2) shall be:

(A) 5% of any amount of tax (other than an amount

an audit or investigation of the taxpayer, but prior to the date any notice of deficiency, notice of tax liability, notice of assessment or notice of final assessment is issued by the Department with respect to any portion of such underreported amount; or

(C) 20% of any amount that is not reported on a return or amended return filed prior to the date any notice of deficiency, notice of tax liability, notice of assessment or notice of final assessment is issued by the Department with respect to any portion of such underreported amount.

(b-20) This subsection (b-20) is applicable to returns due on and after January 1, 2005.

(1) A penalty shall be imposed for failure to pay, prior to the due date for payment, any amount of tax the payment of which is required to be made prior to the filing of a return or without a return (penalty for late payment or nonpayment of estimated or accelerated tax). The amount of penalty imposed under this paragraph (1) shall be 2% of any amount that is paid no later than 30 days after the due date and 10% of any amount that is paid later than 30 days after the due date.

(2) A penalty shall be imposed for failure to pay the tax shown due or required to be shown due on a return on or before the due date prescribed for payment of that tax or an amount that is reported in an amended return other than an amended return timely filed as required by subsection (b) of Section 506 of the Illinois Income Tax Act (penalty for late payment or nonpayment of tax). The amount of penalty imposed under this paragraph (2) shall be 2% of any amount that is paid no later than 30 days after the due date, 10% of any amount that is paid later than 30 days after the due date and prior to the date the Department has initiated an audit or investigation of the taxpayer, and 20% of any amount that is paid after the date the Department has initiated an audit or investigation of the taxpayer; provided that the penalty shall be reduced to 15% if the entire amount due is paid not later than 30 days after the Department has provided the taxpayer with an amended return (following completion of an occupation, use, or excise tax audit) or a form for waiver of restrictions on assessment (following completion of an income tax audit); provided further that the reduction to 15% shall be rescinded if the taxpayer makes

any claim for refund or credit of the tax, penalties, or interest
determined to be due upon audit, except in the case of a claim filed
pursuant to subsection (b) of Section 506 of the Illinois Income Tax
Act or to claim a carryover of a loss or credit, the availability of
which was not determined in the audit. For purposes of this
paragraph (2), any overpayment reported on an original return
that has been allowed as a refund or credit to the taxpayer shall be
deemed to have not been paid on or before the due date for
payment and any amount paid under protest pursuant to the
provisions of the State Officers and Employees Money Disposition
Act shall be deemed to have been paid after the Department has
initiated an audit and more than 30 days after the Department has
provided the taxpayer with an amended return (following
completion of an occupation, use, or excise tax audit) or a form for
waiver of restrictions on assessment (following completion of an
income tax audit).

(3) The penalty imposed under this subsection (b-20) shall
be deemed assessed at the time the tax upon which the penalty is
computed is assessed, except that, if the reduction of the penalty
imposed under paragraph (2) of this subsection (b-20) to 15% is
rescinded because a claim for refund or credit has been filed, the
increase in penalty shall be deemed assessed at the time the claim
for refund or credit is filed.

(c) For purposes of the late payment penalties, the basis of the
penalty shall be the tax shown or required to be shown on a return,
whichever is applicable, reduced by any part of the tax which is paid on
time and by any credit which was properly allowable on the date the return
was required to be filed.

(d) A penalty shall be applied to the tax required to be shown even
if that amount is less than the tax shown on the return.

(e) This subsection (e) is applicable to returns due before January
1, 2001. If both a subsection (b)(1) or (b-5)(1) penalty and a subsection
(b)(2) or (b-5)(2) penalty are assessed against the same return, the
subsection (b)(2) or (b-5)(2) penalty shall be assessed against only the
additional tax found to be due.

(e-5) This subsection (e-5) is applicable to returns due on and after
January 1, 2001. If both a subsection (b-10)(1) penalty and a subsection (b-
10)(2) penalty are assessed against the same return, the subsection (b-
10)(2) penalty shall be assessed against only the additional tax found to be due.

(f) If the taxpayer has failed to file the return, the Department shall determine the correct tax according to its best judgment and information, which amount shall be prima facie evidence of the correctness of the tax due.

(g) The time within which to file a return or pay an amount of tax due without imposition of a penalty does not extend the time within which to file a protest to a notice of tax liability or a notice of deficiency.

(h) No return shall be determined to be unprocessable because of the omission of any information requested on the return pursuant to Section 2505-575 of the Department of Revenue Law (20 ILCS 2505/2505-575).

(i) If a taxpayer has a tax liability that is eligible for amnesty under the Tax Delinquency Amnesty Act and the taxpayer fails to satisfy the tax liability during the amnesty period provided for in that Act, then the penalty imposed by the Department under this Section shall be imposed in an amount that is 200% of the amount that would otherwise be imposed under this Section.

(70 ILCS 3610/5.01) (from Ch. 111 2/3, par. 355.01)

Sec. 5.01. Metro East Mass Transit District; use and occupation taxes.

(a) The Board of Trustees of any Metro East Mass Transit District may, by ordinance adopted with the concurrence of two-thirds of the then trustees, impose throughout the District any or all of the taxes and fees provided in this Section. All taxes and fees imposed under this Section shall be used only for public mass transportation systems, and the amount used to provide mass transit service to unserved areas of the District shall be in the same proportion to the total proceeds as the number of persons residing in the unserved areas is to the total population of the District. Except as otherwise provided in this Act, taxes imposed under this Section and civil penalties imposed incident thereto shall be collected and enforced by the State Department of Revenue. The Department shall have the power to administer and enforce the taxes and to determine all rights for refunds for erroneous payments of the taxes.

(b) The Board may impose a Metro East Mass Transit District Retailers' Occupation Tax upon all persons engaged in the business of selling tangible personal property at retail in the district at a rate of 1/4 of 1%, or as authorized under subsection (d-5) of this Section, of the gross receipts from the sales made in the course of such business within the district. The tax imposed under this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this Section; to collect all taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this Section, the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms and employ the same modes of procedure, as are prescribed in Sections 1, 1a, 1a-1, 1c, 1d, 1e, 1f, 1i, 1j, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 2c, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 12, 13, and 14 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the Section may reimburse themselves for their seller's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State taxes that sellers are required to collect under the Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the Metro East Mass Transit District tax fund established under paragraph (g) of this Section.

If a tax is imposed under this subsection (b), a tax shall also be imposed under subsections (c) and (d) of this Section.

For the purpose of determining whether a tax authorized under this Section is applicable, a retail sale, by a producer of coal or other mineral mined in Illinois, is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the Federal Constitution as a sale in interstate or foreign commerce.

_No tax shall be imposed or collected under this subsection on the sale of a motor vehicle in this State to a resident of another state if that motor vehicle will not be titled in this State._

The tax rate shall be 1/4%, or as authorized under subsection (d-5) of this Section, of the selling price of tangible personal property so transferred within the district. The tax imposed under this paragraph and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this paragraph; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms and employ the same modes of procedure as are prescribed in Sections 1a-1, 2 (except that the reference to State in the definition of supplier maintaining a place of business in this State shall mean the Authority), 2a, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the Authority), 5, 7, 8

The refund shall be paid by the State Treasurer out of the Metro East Mass Transit District tax fund established under paragraph (g) of this Section.

The tax shall be collected from persons whose Illinois address for titling or registration purposes is given as being in the District. The Department shall have full power to administer and enforce this paragraph; to collect all taxes, penalties and interest due hereunder; to dispose of taxes, penalties and interest so collected in the manner hereinafter provided; and to determine all rights to credit memoranda or refunds arising on account of the erroneous payment of tax, penalty or interest hereunder. In the administration of, and compliance with, this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms and employ the same modes of procedure, as are prescribed in Sections 2 (except the definition of "retailer maintaining a place of business in this State"), 3 through 3-80 (except provisions pertaining to the State rate of tax, and except provisions concerning collection or refunding of the tax by retailers), 4, 11, 12, 12a, 14, 15, 19 (except the portions pertaining to claims by retailers and except the last paragraph concerning refunds), 20, 21 and 22 of the Use Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, that are not inconsistent with this paragraph, as fully as if those provisions were set forth herein.

Section 20. The Regional Transportation Authority Act is amended by changing Section 4.03 as follows:

(70 ILCS 3615/4.03) (from Ch. 111 2/3, par. 704.03)
Sec. 4.03. Taxes.

(a) In order to carry out any of the powers or purposes of the Authority, the Board may by ordinance adopted with the concurrence of 9 of the then Directors, impose throughout the metropolitan region any or all of the taxes provided in this Section. Except as otherwise provided in this Act, taxes imposed under this Section and civil penalties imposed incident thereto shall be collected and enforced by the State Department of Revenue. The Department shall have the power to administer and enforce the taxes and to determine all rights for refunds for erroneous payments of the taxes.

(b) The Board may impose a public transportation tax upon all persons engaged in the metropolitan region in the business of selling at retail motor fuel for operation of motor vehicles upon public highways. The tax shall be at a rate not to exceed 5% of the gross receipts from the sales of motor fuel in the course of the business. As used in this Act, the term "motor fuel" shall have the same meaning as in the Motor Fuel Tax Law. The Board may provide for details of the tax. The provisions of any tax shall conform, as closely as may be practicable, to the provisions of the Municipal Retailers Occupation Tax Act, including without limitation, conformity to penalties with respect to the tax imposed and as to the powers of the State Department of Revenue to promulgate and enforce rules and regulations relating to the administration and enforcement of the provisions of the tax imposed, except that reference in the Act to any municipality shall refer to the Authority and the tax shall be imposed only with regard to receipts from sales of motor fuel in the metropolitan region, at rates as limited by this Section.

(c) In connection with the tax imposed under paragraph (b) of this Section the Board may impose a tax upon the privilege of using in the metropolitan region motor fuel for the operation of a motor vehicle upon public highways, the tax to be at a rate not in excess of the rate of tax imposed under paragraph (b) of this Section. The Board may provide for details of the tax.

(d) The Board may impose a motor vehicle parking tax upon the privilege of parking motor vehicles at off-street parking facilities in the metropolitan region at which a fee is charged, and may provide for reasonable classifications in and exemptions to the tax, for administration and enforcement thereof and for civil penalties and refunds thereunder and may provide criminal penalties thereunder, the maximum penalties not to exceed the maximum criminal penalties provided in the Retailers' Occupation Tax Act. The Authority may collect and enforce the tax itself or by contract with any unit of local government. The State Department of Revenue shall have no responsibility for the collection and enforcement unless the Department agrees with the Authority to undertake the collection and enforcement. As used in this paragraph, the term "parking facility" means a parking area or structure having parking spaces for more than 2 vehicles at which motor vehicles are permitted to park in return for an hourly, daily, or other periodic fee, whether publicly or privately owned, but does not include parking spaces on a public street, the use of which is regulated by parking meters.

(e) The Board may impose a Regional Transportation Authority Retailers' Occupation Tax upon all persons engaged in the business of selling tangible personal property at retail in the metropolitan region. In Cook County the tax rate shall be 1% of the gross receipts from sales of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food that has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics, and 3/4% of the gross receipts from other taxable sales made in the course of that business. In DuPage, Kane, Lake, McHenry, and Will Counties, the tax rate shall be 1/4% of the gross receipts from all taxable sales made in the course of that business. The tax imposed under this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this Section; to collect all taxes and penalties so
collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with this Section, the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1, 1a, 1a-1, 1c, 1d, 1e, 1f, 1i, 1j, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 2c, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 12 and 13 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this Section may reimburse themselves for their seller's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination in a single amount with State taxes that sellers are required to collect under the Use Tax Act, under any bracket schedules the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the Regional Transportation Authority tax fund established under paragraph (n) of this Section.

If a tax is imposed under this subsection (e), a tax shall also be imposed under subsections (f) and (g) of this Section.

For the purpose of determining whether a tax authorized under this Section is applicable, a retail sale by a producer of coal or other mineral mined in Illinois, is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the Federal Constitution as a sale in interstate or foreign commerce.

No tax shall be imposed or collected under this subsection on the sale of a motor vehicle in this State to a resident of another state if that motor vehicle will not be titled in this State.

The tax or proof of exemption may be transmitted to the Department by way of the State agency with which, or the State officer with whom, the tangible personal property must be titled or registered if the Department and the State agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

The Department shall have full power to administer and enforce this paragraph; to collect all taxes, penalties and interest due hereunder; to dispose of taxes, penalties and interest collected in the manner hereinafter provided; and to determine all rights to credit memoranda or refunds arising on account of the erroneous payment of tax, penalty or interest hereunder. In the administration of and compliance with this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms and employ the same modes of procedure, as are prescribed in Sections 2 (except the definition of "retailer maintaining a place of business in this State"), 3 through 3-80 (except provisions pertaining to the State rate of tax, and except provisions concerning collection or refunding of the tax by retailers), 4, 11, 12, 12a, 14, 15, 19 (except the portions pertaining to claims by retailers and except the last paragraph concerning refunds), 20, 21 and 22 of the Use Tax Act, and are not inconsistent with this paragraph, as fully as if those provisions were set forth herein.

human use, shall not be subject to tax hereunder), 4 (except that the reference to the State shall be to the territory of the commission), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the commission), 9 (except as to the disposition of taxes and penalties collected and except that the returned merchandise credit for this tax may not be taken against any State tax), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the territory of the commission), the first paragraph of Section 15, 15.5, 16, 17, 18, 19 and 20 of the Service Occupation Tax Act as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this paragraph may reimburse themselves for their serviceman's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, and any tax for which servicemen may be liable under subsection (f) of Sec. 4.03 of the Regional Transportation Authority Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of a county water commission tax fund established under paragraph (g) of this Section.

Nothing in this paragraph shall be construed to authorize a county water commission to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by the State.

(d) If a tax has been imposed under subsection (b), a tax shall also imposed upon the privilege of using, in the territory of the commission, any item of tangible personal property that is purchased outside the territory at retail from a retailer, and that is titled or registered with an agency of this State's government, at a rate of 1/4% of the selling price of the tangible personal property within the territory, as "selling price" is defined in the Use Tax Act. The tax shall be collected from persons whose Illinois address for titling or registration purposes is given as being in the territory. The tax shall be collected by the Department of Revenue for a

county water commission. The tax must be paid to the State, or an exemption determination must be obtained from the Department of Revenue, before the title or certificate of registration for the property may be issued. The tax or proof of exemption may be transmitted to the Department by way of the State agency with which, or the State officer with whom, the tangible personal property must be titled or registered if the Department and the State agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

The Department shall have full power to administer and enforce this paragraph; to collect all taxes, penalties and interest due hereunder; to dispose of taxes, penalties and interest so collected in the manner hereinafter provided; and to determine all rights to credit memoranda or refunds arising on account of the erroneous payment of tax, penalty or interest hereunder. In the administration of, and compliance with this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms and employ the same modes of procedure, as are prescribed in Sections 2 (except the definition of "retailer maintaining a place of business in this State"), 3 through 3-80 (except provisions pertaining to the State rate of tax, and except provisions concerning collection or refunding of the tax by retailers, and except that food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes, and needles used by diabetics, for human use, shall not be subject to tax hereunder), 4, 11, 12, 12a, 14, 15, 19 (except the portions pertaining to claims by retailers and except the last paragraph concerning refunds), 20, 21 and 22 of the Use Tax Act and Section 3-7 of the Uniform Penalty and Interest Act that are not inconsistent with this paragraph, as fully as if those provisions were set forth herein.

Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall

be paid by the State Treasurer out of a county water commission tax fund established under paragraph (g) of this Section.

(e) A certificate of registration issued by the State Department of Revenue to a retailer under the Retailers' Occupation Tax Act or under the Service Occupation Tax Act shall permit the registrant to engage in a business that is taxed under the tax imposed under paragraphs (b), (c) or (d) of this Section and no additional registration shall be required under the tax. A certificate issued under the Use Tax Act or the Service Use Tax Act shall be applicable with regard to any tax imposed under paragraph (c) of this Section.

(f) Any ordinance imposing or discontinuing any tax under this Section shall be adopted and a certified copy thereof filed with the Department on or before June 1, whereupon the Department of Revenue shall proceed to administer and enforce this Section on behalf of the county water commission as of September 1 next following the adoption and filing. Beginning January 1, 1992, an ordinance or resolution imposing or discontinuing the tax hereunder shall be adopted and a certified copy thereof filed with the Department on or before the first day of July, whereupon the Department shall proceed to administer and enforce this Section as of the first day of October next following such adoption and filing. Beginning January 1, 1993, an ordinance or resolution imposing or discontinuing the tax hereunder shall be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following such adoption and filing.

(g) The State Department of Revenue shall, upon collecting any taxes as provided in this Section, pay the taxes over to the State Treasurer as trustee for the commission. The taxes shall be held in a trust fund outside the State Treasury. On or before the 25th day of each calendar month, the State Department of Revenue shall prepare and certify to the Comptroller of the State of Illinois the amount to be paid to the commission, which shall be the then balance in the fund, less any amount determined by the Department to be necessary for the payment of refunds. Within 10 days after receipt by the Comptroller of the certification of the amount to be paid to the commission, the Comptroller shall cause an order to be drawn for the payment for the amount in accordance with the direction in the certification.

Sec. 18-127. Retirement annuity - suspension on reemployment.
(a) A participant receiving a retirement annuity who is regularly
employed for compensation by an employer other than a county, in any
capacity, shall have his or her retirement annuity payments suspended
during such employment. Upon termination of such employment, retirement annuity payments at the previous rate shall be resumed.

If such a participant resumes service as a judge, he or she shall receive credit for any additional service. Upon subsequent retirement, his or her retirement annuity shall be the amount previously granted, plus the amount earned by the additional judicial service under the provisions in effect during the period of such additional service. However, if the participant was receiving the maximum rate of annuity at the time of re-employment, he or she may elect, in a written direction filed with the board, not to receive any additional service credit during the period of re-employment. In such case, contributions shall not be required during the period of re-employment. Any such election shall be irrevocable.

(b) Beginning January 1, 1991, any participant receiving a
retirement annuity who accepts temporary employment from an employer
other than a county for a period not exceeding 75 working days in any
calendar year shall not be deemed to be regularly employed for
compensation or to have resumed service as a judge for the purposes of
this Article. A day shall be considered a working day if the annuitant

performs on it any of his duties under the temporary employment agreement.

(c) Except as provided in subsection (a), beginning January 1, 1993, retirement annuities shall not be subject to suspension upon resumption of employment for an employer, and any retirement annuity that is then so suspended shall be reinstated on that date.

(d) The changes made in this Section by this amendatory Act of 1993 shall apply to judges no longer in service on its effective date, as well as to judges serving on or after that date.

(e) A participant receiving a retirement annuity under this Article who serves as a part-time employee in any of the following positions: Legislative Inspector General, Special Legislative Inspector General, employee of the Office of the Legislative Inspector General, Executive Director of the Legislative Ethics Commission, or staff of the Legislative Ethics Commission, but has not elected to participate in the Article 14 System with respect to that service, shall not be deemed to be regularly employed for compensation by an employer other than a county, nor to have resumed service as a judge, on the basis of that service, and the retirement annuity payments and other benefits of that person under this Code shall not be suspended, diminished, or otherwise impaired solely as a consequence of that service. This subsection (e) applies without regard to whether the person is in service as a judge under this Article on or after the effective date of this amendatory Act of the 93rd General Assembly. In this subsection, a "part-time employee" is a person who is not required to work at least 35 hours per week.

(f) A participant receiving a retirement annuity under this Article who has made an election under Section 1-123 and who is serving either as legal counsel in the Office of the Governor or as Chief Deputy Attorney General shall not be deemed to be regularly employed for compensation by an employer other than a county, nor to have resumed service as a judge, on the basis of that service, and the retirement annuity payments and other benefits of that person under this Code shall not be suspended, diminished, or otherwise impaired solely as a consequence of that service. This subsection (f) applies without regard to whether the person is in service as a judge under this Article on or after the effective date of this amendatory Act of the 93rd General Assembly.

PUBLIC ACT 93-1071
(House Bill No. 0640)

AN ACT in relation to elections.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

New matter indicated by italics - deletions by strikeout.
Section 5. The Election Code is amended by adding Section 1A-25 and changing Section 18A-5 as follows:

(10 ILCS 5/1A-25 new)
Sec. 1A-25. Centralized statewide voter registration list. The centralized statewide voter registration list required by Title III, Subtitle A, Section 303 of the Help America Vote Act of 2002 shall be created and maintained by the State Board of Elections as provided in this Section.

(1) The centralized statewide voter registration list shall be compiled from the voter registration data bases of each election authority in this State.

(2) All new voter registration forms and applications to register to vote shall be transmitted to the appropriate election authority. The election authority shall process and verify each voter registration form and electronically enter verified registrations on an expedited basis onto the statewide voter registration list. All original registration cards shall remain permanently in the office of the election authority as required by Sections 4-20, 5-28, and 6-65.

(3) The centralized statewide voter registration list shall:
   (i) Be designed to allow election authorities to utilize the registration data on the statewide voter registration list pertinent to voters registered in their election jurisdiction on locally maintained software programs that are unique to each jurisdiction.
   (ii) Allow each election authority to perform essential election management functions, including but not limited to production of voter lists, processing of absentee voters, production of individual, pre-printed applications to vote, administration of election judges, and polling place administration, but shall not prevent any election authority from using information from that election authority's own systems.

(4) The registration information maintained by each election authority shall at all times be synchronized with that authority's information on the statewide list on a constant, real-time basis.

To protect the privacy and confidentiality of voter registration information, the disclosure of any portion of the centralized statewide voter registration list to any person or entity other than to a State or local
political committee and other than to a governmental entity for a governmental purpose is specifically prohibited.

(10 ILCS 5/18A-5)
Sec. 18A-5. Provisional voting; general provisions.
(a) A person who claims to be a registered voter is entitled to cast a provisional ballot under the following circumstances:

(1) The person's name does not appear on the official list of eligible voters, whether a list of active or inactive voters, for the precinct in which the person seeks to vote. The official list is the centralized statewide voter registration list established and maintained in accordance with Section 1A-25;

(2) The person's voting status has been challenged by an election judge, a pollwatcher, or any legal voter and that challenge has been sustained by a majority of the election judges; or

(3) A federal or State court order extends the time for closing the polls beyond the time period established by State law and the person votes during the extended time period.

(b) The procedure for obtaining and casting a provisional ballot at the polling place shall be as follows:

(1) An election judge at the polling place shall notify a person who is entitled to cast a provisional ballot pursuant to subsection (a) that he or she may cast a provisional ballot in that election. An election judge must accept any information provided by a person who casts a provisional ballot that the person believes supports his or her claim that he or she is a duly registered voter and qualified to vote in the election.

(2) The person shall execute a written form provided by the election judge that shall state or contain all of the following:

(i) an affidavit stating the following:
State of Illinois, County of ................,
Township ............., Precinct ........, Ward ........,
I, ........................, do solemnly swear (or affirm) that: I am a citizen of the United States; I am 18 years of age or older; I have resided in this State and in this precinct for 30 days preceding this election; I have not voted in this election; I am a duly registered voter in every respect; and I am eligible to vote in this election. Signature ...... Printed Name of Voter ...... Printed Residence Address of Voter ...... City ...... State .... Zip Code ..... Telephone Number ...... Date of

New matter indicated by italics - deletions by strikeout.
Birth ...... and Driver's License Number ...... Last 4 digits of Social Security Number ...... or State Identification Card Number.

(ii) Written instruction stating the following:

In order to expedite the verification of your voter registration status, the .... (insert name of county clerk of board of election commissioners here) requests that you include your phone number and both the last four digits of your social security number and your driver's license number or State Identification Card Number issued to you by the Secretary of State. At minimum, you are required to include either (A) your driver's license number or State Identification Card Number issued to you by the Secretary of State or (B) the last 4 digits of your social security number.

(iii) A box for the election judge to check one of the 3 reasons why the person was given a provisional ballot under subsection (a) of Section 18A-5.

(iv) An area for the election judge to affix his or her signature and to set forth any facts that support or oppose the allegation that the person is not qualified to vote in the precinct in which the person is seeking to vote.

The written affidavit form described in this subsection (b)(2) must be printed on a multi-part form prescribed by the county clerk or board of election commissioners, as the case may be.

(3) After the person executes the portion of the written affidavit described in subsection (b)(2)(i) of this Section, the election judge shall complete the portion of the written affidavit described in subsection (b)(2)(iii) and (b)(2)(iv).

(4) The election judge shall give a copy of the completed written affidavit to the person. The election judge shall place the original written affidavit in a self-adhesive clear plastic packing list envelope that must be attached to a separate envelope marked as a "provisional ballot envelope". The election judge shall also place any information provided by the person who casts a provisional ballot in the clear plastic packing list envelope. Each county clerk or board of election commissioners, as the case may be, must design, obtain or procure self-adhesive clear plastic packing list envelopes and provisional ballot envelopes that are suitable for implementing this subsection (b)(4) of this Section.

New matter indicated by italics - deletions by strikeout.
(5) The election judge shall provide the person with a provisional ballot, written instructions for casting a provisional ballot, and the provisional ballot envelope with the clear plastic packing list envelope affixed to it, which contains the person's original written affidavit and, if any, information provided by the provisional voter to support his or her claim that he or she is a duly registered voter. An election judge must also give the person written information that states that any person who casts a provisional ballot shall be able to ascertain, pursuant to guidelines established by the State Board of Elections, whether the provisional vote was counted in the official canvass of votes for that election and, if the provisional vote was not counted, the reason that the vote was not counted.

(6) After the person has completed marking his or her provisional ballot, he or she shall place the marked ballot inside of the provisional ballot envelope, close and seal the envelope, and return the envelope to an election judge, who shall then deposit the sealed provisional ballot envelope into a securable container separately identified and utilized for containing sealed provisional ballot envelopes. Upon the closing of the polls, the securable container shall be sealed with filament tape provided for that purpose, which shall be wrapped around the box lengthwise and crosswise, at least twice each way, and each of the election judges shall sign the seal.

(c) Instead of the affidavit form described in subsection (b), the county clerk or board of election commissioners, as the case may be, may design and use a multi-part affidavit form that is imprinted upon or attached to the provisional ballot envelope described in subsection (b). If a county clerk or board of election commissioners elects to design and use its own multi-part affidavit form, then the county clerk or board of election commissioners shall establish a mechanism for accepting any information the provisional voter has supplied to the election judge to support his or her claim that he or she is a duly registered voter. In all other respects, a county clerk or board of election commissioners shall establish procedures consistent with subsection (b).

(d) The county clerk or board of election commissioners, as the case may be, shall use the completed affidavit form described in subsection (b) to update the person's voter registration information in the State voter registration database and voter registration database of the county clerk or board of election commissioners, as the case may be. If a person is later determined not to be a registered voter based on Section 18A-15 of this Code, then the affidavit shall be processed by the county

PUBLIC ACT 93-1073
(Senate Bill No. 1641)

AN ACT concerning the military.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Line of Duty Compensation Act is amended by changing Sections 2 and 3 as follows:

(820 ILCS 315/2) (from Ch. 48, par. 282)
Sec. 2. As used in this Act, unless the context otherwise requires:
(a) "Law enforcement officer" or "officer" means any person employed by the State or a local governmental entity as a policeman, peace officer, auxiliary policeman or in some like position involving the enforcement of the law and protection of the public interest at the risk of that person's life. This includes supervisors, wardens, superintendents and their assistants, guards and keepers, correctional officers, youth supervisors, parole agents, school teachers and correctional counsellors in all facilities of both the Juvenile and Adult Divisions of the Department of Corrections, while within the facilities under the control of the Department of Corrections or in the act of transporting inmates or wards from one location to another or while performing their official duties, and all other Department of Correction employees who have daily contact with inmates.

The death of the foregoing employees of the Department of Corrections in order to be included herein must be by the direct or indirect willful act of an inmate, ward, work-releasee, parolee, parole violator,
person under conditional release, or any person sentenced or committed, or otherwise subject to confinement in or to the Department of Corrections.

(b) "Fireman" means any person employed by the State or a local governmental entity as, or otherwise serving as, a member or officer of a fire department either for the purpose of the prevention or control of fire or the underwater recovery of drowning victims, including volunteer firemen.

(d) "State" means the State of Illinois and its departments, divisions, boards, bureaus, commissions, authorities and colleges and universities.

(e) "Killed in the line of duty" means losing one's life as a result of injury received in the active performance of duties as a law enforcement officer, civil defense worker, civil air patrol member, paramedic, fireman, or chaplain if the death occurs within one year from the date the injury was received and if that injury arose from violence or other accidental cause. In the case of a State employee, "killed in the line of duty" means losing one's life as a result of injury received in the active performance of one's duties as a State employee, if the death occurs within one year from the date the injury was received and if that injury arose from a willful act of violence by another State employee committed during such other employee's course of employment and after January 1, 1988. The term excludes death resulting from the willful misconduct or intoxication of the officer, civil defense worker, civil air patrol member, paramedic, fireman, chaplain, or State employee. However, the burden of proof of such willful misconduct or intoxication of the officer, civil defense worker, civil air patrol member, paramedic, fireman, chaplain, or State employee is on the Attorney General. Subject to the conditions set forth in subsection (a) with respect to inclusion under this Act of Department of Corrections employees described in that subsection, for the purposes of this Act, instances in which a law enforcement officer receives an injury in the active performance of duties as a law enforcement officer include but are not limited to instances when:

(1) the injury is received as a result of a willful act of violence committed other than by the officer and a relationship exists between the commission of such act and the officer's performance of his duties as a law enforcement officer, whether or not the injury is received while the officer is on duty as a law enforcement officer;

New matter indicated by italics - deletions by strikeout.
(2) the injury is received by the officer while the officer is attempting to prevent the commission of a criminal act by another or attempting to apprehend an individual the officer suspects has committed a crime, whether or not the injury is received while the officer is on duty as a law enforcement officer;

(3) the injury is received by the officer while the officer is travelling to or from his employment as a law enforcement officer or during any meal break, or other break, which takes place during the period in which the officer is on duty as a law enforcement officer.

In the case of an Armed Forces member, "killed in the line of duty" means losing one's life while on active duty in connection with the September 11, 2001 terrorist attacks on the United States, Operation Enduring Freedom, or Operation Iraqi Freedom.

(f) "Volunteer fireman" means a person having principal employment other than as a fireman, but who is carried on the rolls of a regularly constituted fire department either for the purpose of the prevention or control of fire or the underwater recovery of drowning victims, the members of which are under the jurisdiction of the corporate authorities of a city, village, incorporated town, or fire protection district, and includes a volunteer member of a fire department organized under the "General Not for Profit Corporation Act", approved July 17, 1943, as now or hereafter amended, which is under contract with any city, village, incorporated town, fire protection district, or persons residing therein, for fire fighting services. "Volunteer fireman" does not mean an individual who volunteers assistance without being regularly enrolled as a fireman.

(g) "Civil defense worker" means any person employed by the State or a local governmental entity as, or otherwise serving as, a member of a civil defense work force, including volunteer civil defense work forces engaged in serving the public interest during periods of disaster, whether natural or man-made.

A certified copy of each statement and withdrawal shall be transmitted to the proposing agency and to the Secretary of State for publication in the next available issue of the Illinois Register.

(b) The proposed rule, amendment, or repealer or the portion of the proposed rule, amendment, or repealer to which the Joint Committee has issued a statement under subsection (a) shall not be accepted for filing by the Secretary of State and shall not take effect unless the statement is withdrawn or a joint resolution is passed as provided in subsection (c). The agency may not enforce or invoke for any reason a proposed rule, amendment, or repealer or any portion thereof that is prohibited from being filed by this subsection.

(c) After the issuance of a statement under subsection (a), any member of the General Assembly may introduce in the General Assembly a joint resolution stating that the General Assembly desires to discontinue the prohibition against the proposed rule, amendment, or repealer or the portion thereof to which the statement was issued being filed and taking effect. If the joint resolution is not passed by both houses of the General Assembly within 180 days after receipt of the statement by the Secretary of State or the statement is not withdrawn as provided in subsection (a), the agency shall be prohibited from filing the proposed rule, amendment, or repealer or the portion thereof and the proposed rule, amendment, or repealer or the portion thereof shall not take effect. The Secretary of State shall not accept for filing the proposed rule, amendment, or repealer or the portion thereof with respect to which the Joint Committee has issued a statement under subsection (a) unless that statement is withdrawn or a joint resolution is passed as provided in this subsection. If the 180-day period expires before passage of the joint resolution, the agency may not file the proposed rule, amendment, or repealer or the portion thereof as adopted and it shall not take effect.

(d) If a statement is issued under this Section, then, in response to an objection or suggestion of the Joint Committee, the agency may

propose changes to the proposed rule, amendment, or repealer or portion of a proposed rule, amendment, or repealer. If the agency proposes changes, it must provide additional notice to the Joint Committee under the same terms and conditions and shall be subject to the same requirements and limitations as those set forth for a second notice period under subsection (c) of Section 5-40.

(a) The Joint Committee may examine any rule to determine whether the rule is within the statutory authority upon which it is based and whether the rule is in proper form.

(b) If the Joint Committee objects to a rule, it shall, within 5 days of the objection, certify the fact to the adopting agency and include within the certification a statement of its specific objections.

(c) Within 90 days after receiving the certification, the agency shall do one of the following:

(1) Notify the Joint Committee that it has elected to amend the rule to meet the Joint Committee's objection.

(2) Notify the Joint Committee that it has elected to repeal the rule.

(3) Notify the Joint Committee that it refuses to amend or repeal the rule.

(d) If the agency elects to amend a rule to meet the Joint Committee's objections, it shall notify the Joint Committee in writing and shall initiate rulemaking procedures for that purpose by giving notice as required by Section 5-35. (f) If the agency elects to amend or repeal a rule as a result of the Joint Committee's objections, it shall complete the process within 180 days after giving notice in the Illinois Register.

(g) Failure of the agency to respond to the Joint Committee's objections to a rule within the time prescribed in subsection (c) shall constitute a refusal to amend or repeal the rule.

(h) If an agency refuses to amend or repeal a rule to remedy an objection stated by the Joint Committee, it shall notify the Joint Committee in writing of its refusal and shall submit a notice of refusal to the Secretary of State. The notice shall be published in the next available issue of the Illinois Register. If the Joint Committee, in response to an agency refusal, decides to suspend a rule adopted under Section 5-45 or 5-50, then it may do so pursuant to Section 5-125. Any member of the General Assembly may introduce legislation in the General Assembly to implement the recommendations of the Joint Committee concerning emergency, peremptory, and other existing rules.

Sec. 5-125. Other Joint Committee action with respect to emergency or peremptory rulemaking.

(a) If the Joint Committee determines that a rule or portion of a rule adopted under Section 5-45 or 5-50 is objectionable under any of the standards for the Joint Committee's review specified in Section 5-100, 5-105, 5-110, 5-120, or 5-130 and constitutes a serious threat to the public interest, safety, or welfare, the Joint Committee may issue a statement to that effect. The statement may be issued by the Joint Committee only upon the affirmative vote of three-fifths of the members appointed to the Joint Committee. The Joint Committee, however, may withdraw a statement within 180 days after it is issued upon the affirmative vote of a majority of the members appointed to the Joint Committee. A certified copy of each statement and withdrawal shall be transmitted to the affected agency and to the Secretary of State for publication in the next available issue of the Illinois Register. Within 30 days of transmittal of the statement to the agency, the agency shall notify the Joint Committee in writing whether it has elected to repeal or amend the rule. Failure of the agency to notify the Joint Committee and Secretary of State within 30 days constitutes a decision by the agency to not repeal the rule.

The Secretary of State shall indicate the suspension prominently and clearly on the face of the affected rule or the portion of a rule filed in the Office of the Secretary of State. (c) After the issuance of a statement under subsection (a), any member of the General Assembly may introduce in the General Assembly a joint resolution stating that the General Assembly desires to discontinue the suspension of effectiveness of a rule or the portion of the rule to which the statement was issued. AN ACT concerning taxes.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Municipal Code is amended by changing Sections 11-74.4-3 and 11-74.4-7 as follows:

(65 ILCS 5/11-74.4-3) (from Ch. 24, par. 11-74.4-3)

Sec. 11-74.4-3. Definitions. The following terms, wherever used or referred to in this Division 74.4 shall have the following respective meanings, unless in any case a different meaning clearly appears from the context.

(a) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "blighted area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "blighted area" means any improved or vacant area within the boundaries of a redevelopment project area located within the territorial limits of the municipality where:

(1) If improved, industrial, commercial, and residential buildings or improvements are detrimental to the public safety, health, or welfare because of a combination of 5 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the improved part of the redevelopment project area:

(A) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

New matter indicated by italics - deletions by strikeout.
(B) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(C) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(D) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(E) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(F) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(G) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

New matter indicated by italics - deletions by strikeout.
(H) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(I) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: (i) the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and (ii) the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(J) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(K) Environmental clean-up. The proposed redevelopment project area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the
development or redevelopment of the redevelopment project area.

(L) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(M) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(2) If vacant, the sound growth of the redevelopment project area is impaired by a combination of 2 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) Obsolete platting of vacant land that results in parcels of limited or narrow size or configurations of parcels of irregular size or shape that would be difficult to develop on a planned basis and in a manner compatible with contemporary standards and requirements, or platting that failed to create rights-of-ways for streets or alleys or

New matter indicated by italics - deletions by strikeout.
that created inadequate right-of-way widths for streets, alleys, or other public rights-of-way or that omitted easements for public utilities.

(B) Diversity of ownership of parcels of vacant land sufficient in number to retard or impede the ability to assemble the land for development.

(C) Tax and special assessment delinquencies exist or the property has been the subject of tax sales under the Property Tax Code within the last 5 years.

(D) Deterioration of structures or site improvements in neighboring areas adjacent to the vacant land.

(E) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(F) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(3) If vacant, the sound growth of the redevelopment project area is impaired by one of the following factors that (i) is present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) is reasonably
distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) The area consists of one or more unused quarries, mines, or strip mine ponds.

(B) The area consists of unused railyards, railroad tracks, or railroad rights-of-way.

(C) The area, prior to its designation, is subject to (i) chronic flooding that adversely impacts on real property in the area as certified by a registered professional engineer or appropriate regulatory agency or (ii) surface water that discharges from all or a part of the area and contributes to flooding within the same watershed, but only if the redevelopment project provides for facilities or improvements to contribute to the alleviation of all or part of the flooding.

(D) The area consists of an unused or illegal disposal site containing earth, stone, building debris, or similar materials that were removed from construction, demolition, excavation, or dredge sites.

(E) Prior to November 1, 1999, the area is not less than 50 nor more than 100 acres and 75% of which is vacant (notwithstanding that the area has been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area), and the area meets at least one of the factors itemized in paragraph (1) of this subsection, the area has been designated as a town or village center by ordinance or comprehensive plan adopted prior to January 1, 1982, and the area has not been developed for that designated purpose.

(F) The area qualified as a blighted improved area immediately prior to becoming vacant, unless there has been substantial private investment in the immediately surrounding area.

(b) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "conservation area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "conservation area" means any improved area within the boundaries of a redevelopment project area
located within the territorial limits of the municipality in which 50% or more of the structures in the area have an age of 35 years or more. Such an area is not yet a blighted area but because of a combination of 3 or more of the following factors is detrimental to the public safety, health, morals or welfare and such an area may become a blighted area:

(1) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(2) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(3) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(4) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(5) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(6) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(7) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate

natural light and ventilation means the absence or inadequacy of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(8) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(10) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(11) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be
documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(12) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(e) "Labor surplus municipality" means a municipality in which, at any time during the 6 months before the municipality by ordinance designates an industrial park conservation area, the unemployment rate was over 6% and was also 100% or more of the national average unemployment rate for that same time as published in the United States Department of Labor Bureau of Labor Statistics publication entitled "The Employment Situation" or its successor publication. For the purpose of this subsection, if unemployment rate statistics for the municipality are not available, the unemployment rate in the municipality shall be deemed to be the same as the unemployment rate in the principal county in which the municipality is located.

(f) "Municipality" shall mean a city, village or incorporated town.

(g) "Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located in a State Sales Tax Boundary during the calendar year 1985.

(g-1) "Revised Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located within the State Sales Tax Boundary revised pursuant to Section 11-74.4-8a(9) of this Act.

(h) "Municipal Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid to a municipality from the Local Government Tax Fund arising from sales by retailers and servicemen within the redevelopment project area or State Sales Tax Boundary, as the case may be, for as long as the redevelopment project area or State Sales Tax Boundary, as the case may be, exist over and above the aggregate amount of taxes as certified by the Illinois Department of Revenue and paid under the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act by retailers and servicemen, on transactions at places of business located in the redevelopment project area or State Sales Tax Boundary, as the case may be, during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall determine the Initial Sales
Tax Amounts for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amounts". For purposes of determining the Municipal Sales Tax Increment, the Department of Revenue shall for each period subtract from the amount paid to the municipality from the Local Government Tax Fund arising from sales by retailers and servicemen on transactions located in the redevelopment project area or the State Sales Tax Boundary, as the case may be, the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act. For the State Fiscal Year 1989, this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, to June 30, 1989, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending June 30 to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts, as the case may be.

(i) "Net State Sales Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; and (c) 40% of all amounts in excess of $500,000 of State Sales Tax Increment

annually generated within a State Sales Tax Boundary. If, however, a
municipality established a tax increment financing district in a county with
a population in excess of 3,000,000 before January 1, 1986, and the
municipality entered into a contract or issued bonds after January 1, 1986,
but before December 31, 1986, to finance redevelopment project costs
within a State Sales Tax Boundary, then the Net State Sales Tax Increment
means, for the fiscal years beginning July 1, 1990, and July 1, 1991, 100%
of the State Sales Tax Increment annually generated within a State Sales
Tax Boundary; and notwithstanding any other provision of this Act, for
those fiscal years the Department of Revenue shall distribute to those
municipalities 100% of their Net State Sales Tax Increment before any
distribution to any other municipality and regardless of whether or not
those other municipalities will receive 100% of their Net State Sales Tax
Increment. For Fiscal Year 1999, and every year thereafter until the year
2007, for any municipality that has not entered into a contract or has not
issued bonds prior to June 1, 1988 to finance redevelopment project costs
within a State Sales Tax Boundary, the Net State Sales Tax Increment
shall be calculated as follows: By multiplying the Net State Sales Tax
Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal
Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal
Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal
Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal
Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be
made for State Fiscal Year 2008 and thereafter.

Municipalities that issued bonds in connection with a
redevelopment project in a redevelopment project area within the State
Sales Tax Boundary prior to July 29, 1991, or that entered into contracts in
connection with a redevelopment project in a redevelopment project area
before June 1, 1988, shall continue to receive their proportional share of
the Illinois Tax Increment Fund distribution until the date on which the
redevelopment project is completed or terminated. If, however, a
municipality that issued bonds in connection with a redevelopment project
in a redevelopment project area within the State Sales Tax Boundary prior
to July 29, 1991 retires the bonds prior to June 30, 2007 or a municipality
that entered into contracts in connection with a redevelopment project in a
redevelopment project area before June 1, 1988 completes the contracts
prior to June 30, 2007, then so long as the redevelopment project is not
completed or is not terminated, the Net State Sales Tax Increment shall be
calculated, beginning on the date on which the bonds are retired or the

contracts are completed, as follows: By multiplying the Net State Sales Tax Increment by 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter. Refunding of any bonds issued prior to July 29, 1991, shall not alter the Net State Sales Tax Increment.

(j) "State Utility Tax Increment Amount" means an amount equal to the aggregate increase in State electric and gas tax charges imposed on owners and tenants, other than residential customers, of properties located within the redevelopment project area under Section 9-222 of the Public Utilities Act, over and above the aggregate of such charges as certified by the Department of Revenue and paid by owners and tenants, other than residential customers, of properties within the redevelopment project area during the base year, which shall be the calendar year immediately prior to the year of the adoption of the ordinance authorizing tax increment allocation financing.

(k) "Net State Utility Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Utility Tax Increment annually generated by a redevelopment project area; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of the State Utility Tax Increment annually generated by a redevelopment project area; and (c) 40% of all amounts in excess of $500,000 of State Utility Tax Increment annually generated by a redevelopment project area. For the State Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a redevelopment project area, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for the State Fiscal Year 2008 and thereafter.

Municipalities that issue bonds in connection with the redevelopment project during the period from June 1, 1988 until 3 years after the effective date of this Amendatory Act of 1988 shall receive the Net State Utility Tax Increment, subject to appropriation, for 15 State

Fiscal Years after the issuance of such bonds. For the 16th through the 20th State Fiscal Years after issuance of the bonds, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in year 16; 80% in year 17; 70% in year 18; 60% in year 19; and 50% in year 20. Refunding of any bonds issued prior to June 1, 1988, shall not alter the revised Net State Utility Tax Increment payments set forth above.

(m) "Payment in lieu of taxes" means those estimated tax revenues from real property in a redevelopment project area derived from real property that has been acquired by a municipality which according to the redevelopment project or plan is to be used for a private use which taxing districts would have received had a municipality not acquired the real property and adopted tax increment allocation financing and which would result from levies made after the time of the adoption of tax increment allocation financing to the time the current equalized value of real property in the redevelopment project area exceeds the total initial equalized value of real property in said area.

(n) "Redevelopment plan" means the comprehensive program of the municipality for development or redevelopment intended by the payment of redevelopment project costs to reduce or eliminate those conditions the existence of which qualified the redevelopment project area as a "blighted area" or "conservation area" or combination thereof or "industrial park conservation area," and thereby to enhance the tax bases of the taxing districts which extend into the redevelopment project area. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting. Each redevelopment plan shall set forth in writing the program to be undertaken to accomplish the objectives and shall include but not be limited to:

(A) an itemized list of estimated redevelopment project costs;

New matter indicated by italics - deletions by strikeout.
(B) evidence indicating that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise;

(I) if it concerns an industrial park conservation area, the plan shall also include a general description of any proposed developer, user and tenant of any property, a description of the type, structure and general character of the facilities to be developed, a description of the type, class and number of new employees to be employed in the operation of the facilities to be developed; and

(J) if property is to be annexed to the municipality, the plan shall include the terms of the annexation agreement.

The provisions of items (B) and (C) of this subsection (n) shall not apply to a municipality that before March 14, 1994 (the effective date of Public Act 88-537) had fixed, either by its corporate authorities or by a commission designated under subsection (k) of Section 11-74.4-4, a time and place for a public hearing as required by subsection (a) of Section 11-74.4-5. No redevelopment plan shall be adopted unless a municipality complies with all of the following requirements:

(1) The municipality finds that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of the redevelopment plan.

(2) The municipality finds that the redevelopment plan and project conform to the comprehensive plan for the development of

(3) The redevelopment plan establishes the estimated dates of completion of the redevelopment project and retirement of obligations issued to finance redevelopment project costs. However, for redevelopment project areas for which bonds were issued before July 29, 1991, or for which contracts were entered into before June 1, 1988, in connection with a redevelopment project in the area within the State Sales Tax Boundary, the estimated dates of completion of the redevelopment project and retirement of obligations to finance redevelopment project costs may be extended by municipal ordinance to December 31, 2013. The termination procedures of subsection (b) of Section 11-74.4-8 are not required for these redevelopment project areas in 2009 but are required in 2013. The extension allowed by this amendatory Act of 1993 shall not apply to real property tax increment allocation financing under Section 11-74.4-8.

A municipality may by municipal ordinance amend an existing redevelopment plan to conform to this paragraph (3) as amended by Public Act 91-478, which municipal ordinance may be adopted without further hearing or notice and without complying with the procedures provided in this Act pertaining to an amendment to or the initial approval of a redevelopment plan and project and designation of a redevelopment project area.

Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be

not more than 35 years for redevelopment project areas that were adopted on or after December 16, 1986 and for which at least $8 million worth of municipal bonds were authorized on or after December 19, 1989 but before January 1, 1990; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were established on or after December 1, 1981 but before January 1, 1982 and for which at least $1,500,000 worth of tax increment revenue bonds were authorized on or after September 30, 1990 but before July 1, 1991; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

(3.5) The municipality finds, in the case of an industrial park conservation area, also that the municipality is a labor surplus municipality and that the implementation of the redevelopment plan will reduce unemployment, create new jobs and by the provision of new facilities enhance the tax base of the taxing districts that extend into the redevelopment project area.

(4) If any incremental revenues are being utilized under Section 8(a)(1) or 8(a)(2) of this Act in redevelopment project areas approved by ordinance after January 1, 1986, the municipality finds: (a) that the redevelopment project area would not reasonably be developed without the use of such incremental revenues, and (b) that such incremental revenues will be exclusively utilized for the development of the redevelopment project area.

(5) If the redevelopment plan will not result in displacement of residents from 10 or more inhabited residential units, and the municipality certifies in the plan that such displacement will not result from the plan, a housing impact study

need not be performed. If, however, the redevelopment plan would result in the displacement of residents from 10 or more inhabited residential units, or if the redevelopment project area contains 75 or more inhabited residential units and no certification is made, then the municipality shall prepare, as part of the separate feasibility report required by subsection (a) of Section 11-74.4-5, a housing impact study.

Part I of the housing impact study shall include (i) data as to whether the residential units are single family or multi-family units, (ii) the number and type of rooms within the units, if that information is available, (iii) whether the units are inhabited or uninhabited, as determined not less than 45 days before the date that the ordinance or resolution required by subsection (a) of Section 11-74.4-5 is passed, and (iv) data as to the racial and ethnic composition of the residents in the inhabited residential units. The data requirement as to the racial and ethnic composition of the residents in the inhabited residential units shall be deemed to be fully satisfied by data from the most recent federal census.

Part II of the housing impact study shall identify the inhabited residential units in the proposed redevelopment project area that are to be or may be removed. If inhabited residential units are to be removed, then the housing impact study shall identify (i) the number and location of those units that will or may be removed, (ii) the municipality's plans for relocation assistance for those residents in the proposed redevelopment project area whose residences are to be removed, (iii) the availability of replacement housing for those residents whose residences are to be removed, and shall identify the type, location, and cost of the housing, and (iv) the type and extent of relocation assistance to be provided.

(6) On and after November 1, 1999, the housing impact study required by paragraph (5) shall be incorporated in the redevelopment plan for the redevelopment project area.

(7) On and after November 1, 1999, no redevelopment plan shall be adopted, nor an existing plan amended, nor shall residential housing that is occupied by households of low-income and very low-income persons in currently existing redevelopment project areas be removed after November 1, 1999 unless the redevelopment plan provides, with respect to inhabited housing units that are to be removed for households of low-income and

very low-income persons, affordable housing and relocation assistance not less than that which would be provided under the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and the regulations under that Act, including the eligibility criteria. Affordable housing may be either existing or newly constructed housing. For purposes of this paragraph (7), "low-income households", "very low-income households", and "affordable housing" have the meanings set forth in the Illinois Affordable Housing Act. The municipality shall make a good faith effort to ensure that this affordable housing is located in or near the redevelopment project area within the municipality.

(8) On and after November 1, 1999, if, after the adoption of the redevelopment plan for the redevelopment project area, any municipality desires to amend its redevelopment plan to remove more inhabited residential units than specified in its original redevelopment plan, that change shall be made in accordance with the procedures in subsection (c) of Section 11-74.4-5.

(9) For redevelopment project areas designated prior to November 1, 1999, the redevelopment plan may be amended without further joint review board meeting or hearing, provided that the municipality shall give notice of any such changes by mail to each affected taxing district and registrant on the interested party registry, to authorize the municipality to expend tax increment revenues for redevelopment project costs defined by paragraphs (5) and (7.5), subparagraphs (E) and (F) of paragraph (11), and paragraph (11.5) of subsection (q) of Section 11-74.4-3, so long as the changes do not increase the total estimated redevelopment project costs set out in the redevelopment plan by more than 5% after adjustment for inflation from the date the plan was adopted.

(o) "Redevelopment project" means any public and private development project in furtherance of the objectives of a redevelopment plan. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the

(p) "Redevelopment project area" means an area designated by the municipality, which is not less in the aggregate than 1 1/2 acres and in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as an industrial park conservation area or a blighted area or a conservation area, or a combination of both blighted areas and conservation areas.

(q) "Redevelopment project costs" mean and include the sum total of all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to a redevelopment plan and a redevelopment project. Such costs include, without limitation, the following:

1. Costs of studies, surveys, development of plans, and specifications, implementation and administration of the redevelopment plan including but not limited to staff and professional service costs for architectural, engineering, legal, financial, planning or other services, provided however that no charges for professional services may be based on a percentage of the tax increment collected; except that on and after November 1, 1999 (the effective date of Public Act 91-478), no contracts for professional services, excluding architectural and engineering services, may be entered into if the terms of the contract extend beyond a period of 3 years. In addition, "redevelopment project costs" shall not include lobbying expenses. After consultation with the municipality, each tax increment consultant or advisor to a municipality that plans to designate or has designated a redevelopment project area shall inform the municipality in writing of any contracts that the consultant or advisor has entered into with entities or individuals that have received, or are receiving, payments financed by tax increment revenues produced by the redevelopment project area with respect to which the consultant or advisor has performed, or will be performing, service for the municipality. This requirement shall be satisfied by the consultant or advisor before the commencement of services for the municipality and thereafter whenever any other contracts with those individuals or entities are executed by the consultant or advisor;

(1.5) After July 1, 1999, annual administrative costs shall not include general overhead or administrative costs of the municipality that would still have been incurred by the municipality if the municipality had not designated a redevelopment project area or approved a redevelopment plan;

(1.6) The cost of marketing sites within the redevelopment project area to prospective businesses, developers, and investors;

(2) Property assembly costs, including but not limited to acquisition of land and other property, real or personal, or rights or interests therein, demolition of buildings, site preparation, site improvements that serve as an engineered barrier addressing ground level or below ground environmental contamination, including, but not limited to parking lots and other concrete or asphalt barriers, and the clearing and grading of land;

(3) Costs of rehabilitation, reconstruction or repair or remodeling of existing public or private buildings, fixtures, and leasehold improvements; and the cost of replacing an existing public building if pursuant to the implementation of a redevelopment project the existing public building is to be demolished to use the site for private investment or devoted to a different use requiring private investment;

(5) Costs of job training and retraining projects, including the cost of "welfare to work" programs implemented by businesses located within the redevelopment project area;

(6) Financing costs, including but not limited to all necessary and incidental expenses related to the issuance of obligations and which may include payment of interest on any obligations issued hereunder including interest accruing during the estimated period of construction of any redevelopment project for which such obligations are issued and for not exceeding 36 months thereafter and including reasonable reserves related thereto;

(7) To the extent the municipality by written agreement accepts and approves the same, all or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred within a taxing district in furtherance of the objectives of the redevelopment plan and project.

(A) for foundation districts, excluding any school district in a municipality with a population in excess of 1,000,000, by multiplying the district's increase in attendance resulting from the net increase in new students enrolled in that school district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the

boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by the most recently available per capita tuition cost as defined in Section 10-20.12a of the School Code less any increase in general State aid as defined in Section 18-8.05 of the School Code attributable to these added new students subject to the following annual limitations:

(i) for unit school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 25% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act;

(ii) for elementary school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 17% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and

(iii) for secondary school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 8% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act.

(B) For alternate method districts, flat grant districts, and foundation districts with a district average 1995-96 Per Capita Tuition Charge equal to or more than $5,900, excluding any school district with a population in excess of 1,000,000, by multiplying the district's increase in attendance resulting from the net increase in new students enrolled in that school district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since
the designation of the redevelopment project area by the most recently available per capita tuition cost as defined in Section 10-20.12a of the School Code less any increase in general state aid as defined in Section 18-8.05 of the School Code attributable to these added new students subject to the following annual limitations:

(i) for unit school districts, no more than 40% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act;

(ii) for elementary school districts, no more than 27% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and

(C) For any school district in a municipality with a population in excess of 1,000,000, the following restrictions shall apply to the reimbursement of increased costs under this paragraph (7.5):

(i) no increased costs shall be reimbursed unless the school district certifies that each of the schools affected by the assisted housing project is at or over its student capacity;

(ii) the amount reimbursable shall be reduced by the value of any land donated to the school district by the municipality or developer, and by the value of any physical improvements made to the schools by the municipality or developer; and

(iii) the amount reimbursed may not affect amounts otherwise obligated by the terms of any bonds, notes, or other funding instruments, or the terms of any redevelopment agreement.

Any school district seeking payment under this paragraph (7.5) shall, after July 1 and before September 30 of each year, provide the municipality with reasonable evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the school district. If the school district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. School districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.5). By acceptance of this reimbursement the school district waives the right to directly or indirectly set aside, modify, or contest in any manner the establishment of the redevelopment project area or projects;

(8) Relocation costs to the extent that a municipality determines that relocation costs shall be paid or is required to make payment of relocation costs by federal or State law or in order to satisfy subparagraph (7) of subsection (n);

(9) Payment in lieu of taxes;

(10) Costs of job training, retraining, advanced vocational education or career education, including but not limited to courses in occupational, semi-technical or technical fields leading directly to employment, incurred by one or more taxing districts, provided that such costs (i) are related to the establishment and maintenance of additional job training, advanced vocational education or career education programs for persons employed or to be employed by employers located in a redevelopment project area; and (ii) when incurred by a taxing district or taxing districts other than the municipality, are set forth in a written agreement by or among the municipality and the taxing district or taxing districts, which agreement describes the program to be undertaken, including but not limited to the number of employees to be trained, a description of the training and services to be provided, the number and type of positions available or to be available, itemized costs of the program and sources of funds to pay for the same, and the term of the agreement. Such costs include, specifically, the payment by community college districts of costs pursuant to Sections 3-37, 3-38, 3-40 and 3-40.1 of the Public Community College Act and by

school districts of costs pursuant to Sections 10-22.20a and 10-23.3a of The School Code;

(11) Interest cost incurred by a redeveloper related to the construction, renovation or rehabilitation of a redevelopment project provided that:

(A) such costs are to be paid directly from the special tax allocation fund established pursuant to this Act;

(B) such payments in any one year may not exceed 30% of the annual interest costs incurred by the redeveloper with regard to the redevelopment project during that year;

(C) if there are not sufficient funds available in the special tax allocation fund to make the payment pursuant to this paragraph (11) then the amounts so due shall accrue and be payable when sufficient funds are available in the special tax allocation fund;

(D) the total of such interest payments paid pursuant to this Act may not exceed 30% of the total (i) cost paid or incurred by the redeveloper for the redevelopment project plus (ii) redevelopment project costs excluding any property assembly costs and any relocation costs incurred by a municipality pursuant to this Act; and

(E) the cost limits set forth in subparagraphs (B) and (D) of paragraph (11) shall be modified for the financing of rehabilitated or new housing units for low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act. The percentage of 75% shall be substituted for 30% in subparagraphs (B) and (D) of paragraph (11).

(F) Instead of the eligible costs provided by subparagraphs (B) and (D) of paragraph (11), as modified by this subparagraph, and notwithstanding any other provisions of this Act to the contrary, the municipality may pay from tax increment revenues up to 50% of the cost of construction of new housing units to be occupied by low-income households and very low-income households as defined in Section 3 of the Illinois Affordable Housing Act. The cost of construction of those units may be derived from the proceeds of bonds issued by the municipality under this Act or other constitutional or statutory authority or from

other sources of municipal revenue that may be reimbursed from tax increment revenues or the proceeds of bonds issued to finance the construction of that housing.

The eligible costs provided under this subparagraph (F) of paragraph (11) shall be an eligible cost for the construction, renovation, and rehabilitation of all low and very low-income housing units, as defined in Section 3 of the Illinois Affordable Housing Act, within the redevelopment project area. If the low and very low-income units are part of a residential redevelopment project that includes units not affordable to low and very low-income households, only the low and very low-income units shall be eligible for benefits under subparagraph (F) of paragraph (11). The standards for maintaining the occupancy by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, of those units constructed with eligible costs made available under the provisions of this subparagraph (F) of paragraph (11) shall be established by guidelines adopted by the municipality. The responsibility for annually documenting the initial occupancy of the units by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, shall be that of the then current owner of the property. For ownership units, the guidelines will provide, at a minimum, for a reasonable recapture of funds, or other appropriate methods designed to preserve the original affordability of the ownership units. For rental units, the guidelines will provide, at a minimum, for the affordability of rent to low and very low-income households. As units become available, they shall be rented to income-eligible tenants. The municipality may modify these guidelines from time to time; the guidelines, however, shall be in effect for as long as tax increment revenue is being used to pay for costs associated with the units or for the retirement of bonds issued to finance the units or for the life of the redevelopment project area, whichever is later.

day care services for children of employees from low-income families working for businesses located within the redevelopment project area and all or a portion of the cost of operation of day care centers established by redevelopment project area businesses to serve employees from low-income families working in businesses located in the redevelopment project area. For the purposes of this paragraph, "low-income families" means families whose annual income does not exceed 80% of the municipal, county, or regional median income, adjusted for family size, as the annual income and municipal, county, or regional median income are determined from time to time by the United States Department of Housing and Urban Development.

(12) Unless explicitly stated herein the cost of construction of new privately-owned buildings shall not be an eligible redevelopment project cost.

(13) After November 1, 1999 (the effective date of Public Act 91-478), none of the redevelopment project costs enumerated in this subsection shall be eligible redevelopment project costs if those costs would provide direct financial support to a retail entity initiating operations in the redevelopment project area while terminating operations at another Illinois location within 10 miles of the redevelopment project area but outside the boundaries of the redevelopment project area municipality. For purposes of this paragraph, termination means a closing of a retail operation that is directly related to the opening of the same operation or like retail entity owned or operated by more than 50% of the original ownership in a redevelopment project area, but it does not mean closing an operation for reasons beyond the control of the retail entity, as documented by the retail entity, subject to a reasonable finding by the municipality that the current location contained inadequate space, had become economically obsolete, or was no longer a viable location for the retailer or serviceman.

If a special service area has been established pursuant to the Special Service Area Tax Act or Special Service Area Tax Law, then any tax increment revenues derived from the tax imposed pursuant to the Special Service Area Tax Act or Special Service Area Tax Law may be used within the redevelopment project area for the purposes permitted by that Act or Law as well as the purposes permitted by this Act.

(r) "State Sales Tax Boundary" means the redevelopment project area or the amended redevelopment project area boundaries which are determined pursuant to subsection (9) of Section 11-74.4-8a of this Act. The Department of Revenue shall certify pursuant to subsection (9) of Section 11-74.4-8a the appropriate boundaries eligible for the determination of State Sales Tax Increment.

(s) "State Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid by retailers and servicemen, other than retailers and servicemen subject to the Public Utilities Act, on transactions at places of business located within a State Sales Tax Boundary pursuant to the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act, except such portion of such increase that is paid into the State and Local Sales Tax Reform Fund, the Local Government Distributive Fund, the Local Government Tax Fund and the County and Mass Transit District Fund, for as long as State participation exists, over and above the Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for such taxes as certified by the Department of Revenue and paid under those Acts by retailers and servicemen on transactions at places of business located within the State Sales Tax Boundary during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing, less 3.0% of such amounts generated under the Retailers' Occupation Tax Act, Use Tax Act and Service Use Tax Act and the Service Occupation Tax Act, which sum shall be appropriated to the Department of Revenue to cover its costs of administering and enforcing this Section. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall compute the Initial Sales Tax Amount for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amount".

For purposes of determining the State Sales Tax Increment the Department of Revenue shall for each period subtract from the tax amounts received from retailers and servicemen on transactions located in the State Sales Tax Boundary, the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or Revised Initial Sales Tax Amounts for the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act and the Service Occupation Tax Act. For the State Fiscal Year 1989 this

calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, until June 30, 1989, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial State Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending on June 30, to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts. Municipalities intending to receive a distribution of State Sales Tax Increment must report a list of retailers to the Department of Revenue by October 31, 1988 and by July 31, of each year thereafter.

(i) "Taxing districts" means counties, townships, cities and incorporated towns and villages, school, road, park, sanitary, mosquito abatement, forest preserve, public health, fire protection, river conservancy, tuberculosis sanitarium and any other municipal corporations or districts with the power to levy taxes.

(u) "Taxing districts' capital costs" means those costs of taxing districts for capital improvements that are found by the municipal corporate authorities to be necessary and directly result from the redevelopment project.

(v) As used in subsection (a) of Section 11-74.4-3 of this Act, "vacant land" means any parcel or combination of parcels of real property without industrial, commercial, and residential buildings which has not been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area, unless the parcel is included in an industrial park conservation area or the parcel has been subdivided; provided that if the parcel was part of a larger tract that has been divided into 3 or more smaller tracts that were accepted for recording during the period from 1950 to 1990, then the parcel shall be deemed to have been subdivided, and all proceedings and actions of the municipality

taken in that connection with respect to any previously approved or designated redevelopment project area or amended redevelopment project area are hereby validated and hereby declared to be legally sufficient for all purposes of this Act. For purposes of this Section and only for land subject to the subdivision requirements of the Plat Act, land is subdivided when the original plat of the proposed Redevelopment Project Area or relevant portion thereof has been properly certified, acknowledged, approved, and recorded or filed in accordance with the Plat Act and a preliminary plat, if any, for any subsequent phases of the proposed Redevelopment Project Area or relevant portion thereof has been properly approved and filed in accordance with the applicable ordinance of the municipality.

(w) "Annual Total Increment" means the sum of each municipality's annual Net Sales Tax Increment and each municipality's annual Net Utility Tax Increment. The ratio of the Annual Total Increment of each municipality to the Annual Total Increment for all municipalities, as most recently calculated by the Department, shall determine the proportional shares of the Illinois Tax Increment Fund to be distributed to each municipality.

(65 ILCS 5/11-74.4-7) (from Ch. 24, par. 11-74.4-7)

Sec. 11-74.4-7. Obligations secured by the special tax allocation fund set forth in Section 11-74.4-8 for the redevelopment project area may be issued to provide for redevelopment project costs. Such obligations, when so issued, shall be retired in the manner provided in the ordinance authorizing the issuance of such obligations by the receipts of taxes levied as specified in Section 11-74.4-9 against the taxable property included in the area, by revenues as specified by Section 11-74.4-8a and other revenue designated by the municipality. A municipality may in the ordinance pledge all or any part of the funds in and to be deposited in the special tax allocation fund created pursuant to Section 11-74.4-8 to the payment of the redevelopment project costs and obligations. Any pledge of funds in the special tax allocation fund shall provide for distribution to the taxing districts and to the Illinois Department of Revenue of moneys not required, pledged, earmarked, or otherwise designated for payment and securing of the obligations and anticipated redevelopment project costs and such excess funds shall be calculated annually and deemed to be "surplus" funds. In the event a municipality only applies or pledges a portion of the

funds in the special tax allocation fund for the payment or securing of anticipated redevelopment project costs or of obligations, any such funds remaining in the special tax allocation fund after complying with the requirements of the application or pledge, shall also be calculated annually and deemed "surplus" funds. All surplus funds in the special tax allocation fund shall be distributed annually within 180 days after the close of the municipality's fiscal year by being paid by the municipal treasurer to the County Collector, to the Department of Revenue and to the municipality in direct proportion to the tax incremental revenue received as a result of an increase in the equalized assessed value of property in the redevelopment project area, tax incremental revenue received from the State and tax incremental revenue received from the municipality, but not to exceed as to each such source the total incremental revenue received from that source. The County Collector shall thereafter make distribution to the respective taxing districts in the same manner and proportion as the most recent distribution by the county collector to the affected districts of real property taxes from real property in the redevelopment project area.

Without limiting the foregoing in this Section, the municipality may in addition to obligations secured by the special tax allocation fund pledge for a period not greater than the term of the obligations towards payment of such obligations any part or any combination of the following: (a) net revenues of all or part of any redevelopment project; (b) taxes levied and collected on any or all property in the municipality; (c) the full faith and credit of the municipality; (d) a mortgage on part or all of the redevelopment project; or (e) any other taxes or anticipated receipts that the municipality may lawfully pledge.

Such obligations may be issued in one or more series bearing interest at such rate or rates as the corporate authorities of the municipality shall determine by ordinance. Such obligations shall bear such date or dates, mature at such time or times not exceeding 20 years from their respective dates, be in such denomination, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, contain such covenants, terms and conditions, and be subject to redemption as such ordinance shall provide. Obligations issued pursuant to this Act may be sold at public or private sale at such price as shall be determined by the corporate authorities of the municipalities. No referendum approval of the electors shall be required as a condition to the issuance of obligations pursuant to this Division except as provided in this Section.

New matter indicated by italics - deletions by strikeout.
In the event the municipality authorizes issuance of obligations pursuant to the authority of this Division secured by the full faith and credit of the municipality, which obligations are other than obligations which may be issued under home rule powers provided by Article VII, Section 6 of the Illinois Constitution, or pledges taxes pursuant to (b) or (c) of the second paragraph of this section, the ordinance authorizing the issuance of such obligations or pledging such taxes shall be published within 10 days after such ordinance has been passed in one or more newspapers, with general circulation within such municipality. The publication of the ordinance shall be accompanied by a notice of (1) the specific number of voters required to sign a petition requesting the question of the issuance of such obligations or pledging taxes to be submitted to the electors; (2) the time in which such petition must be filed; and (3) the date of the prospective referendum. The municipal clerk shall provide a petition form to any individual requesting one.

If no petition is filed with the municipal clerk, as hereinafter provided in this Section, within 30 days after the publication of the ordinance, the ordinance shall be in effect. But, if within that 30 day period a petition is filed with the municipal clerk, signed by electors in the municipality numbering 10% or more of the number of registered voters in the municipality, asking that the question of issuing obligations using full faith and credit of the municipality as security for the cost of paying for redevelopment project costs, or of pledging taxes for the payment of such obligations, or both, be submitted to the electors of the municipality, the corporate authorities of the municipality shall call a special election in the manner provided by law to vote upon that question, or, if a general, State or municipal election is to be held within a period of not less than 30 or more than 90 days from the date such petition is filed, shall submit the question at the next general, State or municipal election. If it appears upon the canvass of the election by the corporate authorities that a majority of electors voting upon the question voted in favor thereof, the ordinance shall be in effect, but if a majority of the electors voting upon the question are not in favor thereof, the ordinance shall not take effect.

The ordinance authorizing the obligations may provide that the obligations shall contain a recital that they are issued pursuant to this Division, which recital shall be conclusive evidence of their validity and of the regularity of their issuance.

In the event the municipality authorizes issuance of obligations pursuant to this Section secured by the full faith and credit of the

municipality, the ordinance authorizing the obligations may provide for the levy and collection of a direct annual tax upon all taxable property within the municipality sufficient to pay the principal thereof and interest thereon as it matures, which levy may be in addition to and exclusive of the maximum of all other taxes authorized to be levied by the municipality, which levy, however, shall be abated to the extent that monies from other sources are available for payment of the obligations and the municipality certifies the amount of said monies available to the county clerk.

A certified copy of such ordinance shall be filed with the county clerk of each county in which any portion of the municipality is situated, and shall constitute the authority for the extension and collection of the taxes to be deposited in the special tax allocation fund.

A municipality may also issue its obligations to refund in whole or in part, obligations theretofore issued by such municipality under the authority of this Act, whether at or prior to maturity, provided however, that the last maturity of the refunding obligations shall not be expressed to mature later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the twenty-third calendar year after the year in which the ordinance approving the redevelopment project area is adopted if the ordinance was adopted on or after January 15, 1981, and not later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-fifth calendar year after the year in which the ordinance approving the redevelopment project area is adopted (A) if the ordinance was adopted before January 15, 1981, or (B) if the ordinance was adopted in December 1983, April 1984, July 1985, or December 1989, or (C) if the ordinance was adopted in December, 1987 and the redevelopment project is located within one mile of Midway Airport, or (D) if the ordinance was adopted before January 1, 1987 by a municipality in Mason County, or (E) if the municipality is subject to the Local Government Financial Planning and Supervision Act or the Financially Distressed City Law, or (F) if the ordinance was adopted in December 1984 by the Village of Rosemont, or (G) if the ordinance was adopted on December 31, 1986 by a municipality located in Clinton County for which at least $250,000 of tax increment bonds were authorized on June 17, 1997, or if the ordinance was adopted on December 31, 1986 by a

Sec. 14-16. Participation in graduation ceremony.
(a) This Section may be referred to as Brittany's Law. The General Assembly finds the following:
(1) Each year, school districts across this State celebrate their students' accomplishments through graduation ceremonies at which high school diplomas are bestowed upon students who have completed their high school requirements.
(2) There are children with disabilities in this State who have finished 4 years of high school, but whose individualized education programs prescribe the continuation of special education, transition planning, transition services, or related services beyond the completion of 4 years of high school.
(3) It is well-established that the awarding of a high school diploma to and the high school graduation of a child with a disability is tantamount to the termination of eligibility for special

education and related services for the student under applicable federal law.

(4) Many children with disabilities who will continue their public education in accordance with their individualized education programs after finishing 4 years of high school wish to celebrate their accomplishments by participating in a graduation ceremony with their classmates.

(5) The opportunity for classmates with disabilities and those without disabilities to celebrate their accomplishments together only occurs once, and the opportunity to celebrate the receipt of a diploma several years after one's classmates have graduated diminishes the experience for students whose age peers have left high school several years earlier.

(b) Beginning March 1, 2005, each school district that operates a high school must have a policy and procedures that allow a child with a disability who will have completed 4 years of high school at the end of a school year to participate in the graduation ceremony of the student's high school graduating class and receive a certificate of completion if the student's individualized education program prescribes special education, transition planning, transition services, or related services beyond the student's 4 years of high school. The policy and procedures must require timely and meaningful written notice to children with disabilities and their parents or guardians about the school district's policy and procedures adopted in accordance with this Section.

(c) The State Board of Education shall monitor and enforce compliance with the provisions of this Section and is authorized to adopt rules for that purpose.

A reenrolled student who again drops out must not be counted again against a district's dropout rate performance measure. AN ACT in relation to insurance.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Illinois Insurance Code is amended by changing Sections 143, 204, 209, and 408 as follows:
(215 ILCS 5/143) (from Ch. 73, par. 755)
Sec. 143. Policy forms.
(1) Life, accident and health. No company transacting the kind or kinds of business enumerated in Classes 1 (a), 1 (b) and 2 (a) of Section 4 shall issue or deliver in this State a policy or certificate of insurance or evidence of coverage, attach an endorsement or rider thereto, incorporate by reference bylaws or other matter therein or use an application blank in this State until the form and content of such policy, certificate, evidence of coverage, endorsement, rider, bylaw or other matter incorporated by reference or application blank has been filed electronically with the Director, either through the System for Electronic Rate and Form Filing (SERFF) or as otherwise prescribed by the Director, and approved by the Director. The Department shall mail a quarterly invoice to the company for the appropriate filing fees required under Section 408, and the appropriate filing fee under Section 408 has been paid, except that Any such endorsement or rider that unilaterally reduces benefits and is to be attached to a policy subsequent to the date the policy is issued must be filed with, reviewed, and formally approved by the Director prior to the date it is attached to a policy issued or delivered in this State. It shall be the duty of the Director to withhold approval of any such policy, certificate, endorsement, rider, bylaw or other matter incorporated by reference or application blank filed with him if it contains provisions which encourage misrepresentation or are unjust, unfair, inequitable, ambiguous, misleading, inconsistent, deceptive, contrary to law or to the public policy of this State, or contains exceptions and conditions that unreasonably or deceptively affect the risk purported to be assumed in the general coverage of the policy. In all cases the Director shall approve or disapprove any such form within 60 days after submission unless the

Director extends by not more than an additional 30 days the period within which he shall approve or disapprove any such form by giving written notice to the insurer of such extension before expiration of the initial 60 days period. The Director shall withdraw his approval of a policy, certificate, evidence of coverage, endorsement, rider, bylaw, or other matter incorporated by reference or application blank if he subsequently determines that such policy, certificate, evidence of coverage, endorsement, rider, bylaw, other matter, or application blank is misrepresentative, unjust, unfair, inequitable, ambiguous, misleading, inconsistent, deceptive, contrary to law or public policy of this State, or contains exceptions or conditions which unreasonably or deceptively affect the risk purported to be assumed in the general coverage of the policy or evidence of coverage.

If a previously approved policy, certificate, evidence of coverage, endorsement, rider, bylaw or other matter incorporated by reference or application blank is withdrawn for use, the Director shall serve upon the company an order of withdrawal of use, either personally or by mail, and if by mail, such service shall be completed if such notice be deposited in the post office, postage prepaid, addressed to the company's last known address specified in the records of the Department of Insurance. The order of withdrawal of use shall take effect 30 days from the date of mailing but shall be stayed if within the 30-day period a written request for hearing is filed with the Director. Such hearing shall be held at such time and place as designated in the order given by the Director. The hearing may be held either in the City of Springfield, the City of Chicago or in the county where the principal business address of the company is located. The action of the Director in disapproving or withdrawing such form shall be subject to judicial review under the Administrative Review Law.

This subsection shall not apply to riders or endorsements issued or made at the request of the individual policyholder relating to the manner of distribution of benefits or to the reservation of rights and benefits under his life insurance policy.

(2) Casualty, fire, and marine. The Director shall require the filing of all policy forms issued or delivered by any company transacting the kind or kinds of business enumerated in Classes 2 (except Class 2 (a)) and 3 of Section 4. In addition, he may require the filing of any generally used riders, endorsements, certificates, application blanks, and other matter incorporated by reference in any such policy or contract of insurance. The Department shall mail a quarterly invoice to the company for the

appropriate filing fees required under Section 408 along with the appropriate filing fee under Section 408. Companies that are members of an organization, bureau, or association may have the same filed for them by the organization, bureau, or association. If the Director shall find from an examination of any such policy form, rider, endorsement, certificate, application blank, or other matter incorporated by reference in any such policy so filed that it (i) violates any provision of this Code, (ii) contains inconsistent, ambiguous, or misleading clauses, or (iii) contains exceptions and conditions that will unreasonably or deceptively affect the risks that are purported to be assumed by the policy, he shall order the company or companies issuing these forms to discontinue their use. Nothing in this subsection shall require a company transacting the kind or kinds of business enumerated in Classes 2 (except Class 2 (a)) and 3 of Section 4 to obtain approval of these forms before they are issued nor in any way affect the legality of any policy that has been issued and found to be in conflict with this subsection, but such policies shall be subject to the provisions of Section 442.

(3) This Section shall not apply (i) to surety contracts or fidelity bonds, (ii) to policies issued to an industrial insured as defined in Section 121-2.08 except for workers' compensation policies, nor (iii) to riders or endorsements prepared to meet special, unusual, peculiar, or extraordinary conditions applying to an individual risk.

Sec. 204. Prohibited and voidable transfers and liens.

(a)(1) A preference is a transfer of any of the property of a company to or for the benefit of a creditor, for or on account of an antecedent debt, made or suffered by the company within 2 years before the filing of a complaint under this Article, the effect of which may be to enable the creditor to obtain a greater percentage of this debt than another creditor of the same class would receive.

(2) Any preference may be avoided by the Director as rehabilitator, liquidator, or conservator if:

(A) the company was insolvent at the time of the transfer; and

(B) the transfer was made within 4 months before the filing of the complaint; or the creditor receiving it was (i) an officer, or any employee or attorney or other person who was in fact in a position of comparable influence in the company to an officer

whether or not that person held such a position, (ii) any shareholder holding, directly or indirectly, more than 5% of any class of any equity security issued by the company, or (iii) any other person, firm, corporation, association, or aggregation of individuals with whom the company did not deal at arm's length.

(3) Where the preference is voidable, the Director as rehabilitator, liquidator, or conservator may recover the property or, if it has been converted, its value from any person who has received or converted the property; except where a bona fide purchaser or lienor has given less than fair equivalent value, the purchaser or lienor shall have a lien upon the property to the extent of the consideration actually given. Where a preference by way of lien or security title is voidable, the court may on due notice order the lien or title to be preserved for the benefit of the estate, in which event the lien or title shall pass to the Director as rehabilitator or liquidator.

(b) (1) A transfer of property other than real property shall be deemed to be made or suffered when it becomes so far perfected that no subsequent lien obtainable by legal or equitable proceedings on a simple contract could become superior to the rights of the transferee.

(2) A transfer of real property shall be deemed to be made or suffered when it becomes so far perfected that no subsequent bona fide purchaser from the company could obtain rights superior to the rights of the transferee.

(3) A transfer that creates an equitable lien shall not be deemed to be perfected if there are available means by which a legal lien could be created.

(4) A transfer not perfected before the filing of a complaint shall be deemed to be made immediately before the filing of the complaint.

(5) The provisions of this subsection apply whether or not there are or were creditors who might have obtained liens or persons who might have become bona fide purchasers.

(c) For purposes of this Section:

(1) A lien obtainable by legal or equitable proceedings upon a simple contract is one arising in the ordinary course of the proceedings upon the entry or docketing of a judgment or decree, or upon attachment, garnishment, execution, or like process, whether before, upon, or after judgment or decree and whether before or upon levy. It does not include liens that, under applicable

New matter indicated by italics - deletions by strikeout.
(2) A lien obtainable by legal or equitable proceedings could become superior to the rights of a transferee, or a purchaser could obtain rights superior to the rights of a transferee within the meaning of subsection (b) of this Section, if such consequences would follow only from the lien or purchase itself, or from the lien or purchase followed by any step wholly within the control of the respective lienholder or purchaser, with or without the aid of ministerial action by public officials. A lien could not, however, become superior and a purchase could not create superior rights for the purpose of subsection (b) of this Section through any acts subsequent to an obtaining of the lien or subsequent to a purchase that requires the agreement or concurrence of any third party or that requires any further judicial action or ruling.

(d) A transfer of property for or on account of a new and contemporaneous consideration which is deemed under subsection (b) of this Section to be made or suffered after the transfer because of delay in perfecting it does not thereby become a transfer for or on account of an antecedent debt if any acts required by the applicable law to be performed in order to perfect the transfer as against liens or bona fide purchasers' rights are performed within 21 days or any period expressly allowed by the law, whichever is less. A transfer to secure a future loan, if the loan is actually made, or a transfer that becomes security for a future loan, shall have the same effect as a transfer for or on account of a new and contemporaneous consideration.

(e) If any lien deemed voidable under part (2) of subsection (a) of this Section has been dissolved by the furnishing of a bond or other obligation, the surety on which has been indemnified directly or indirectly by the transfer of or the creation of a lien upon any property of a company before the filing of a complaint under this Article, the indemnifying transfer or lien shall also be deemed voidable.

(f) The property affected by any lien deemed voidable under subsections (a) and (e) of this Section shall be discharged from the lien, and that property and any of the indemnifying property transferred to or for the benefit of a surety shall pass to the Director as rehabilitator or liquidator, except that the court may, on due notice, order any such lien to be preserved for the benefit of the estate and the court may direct that such

conveyance be executed as may be proper or adequate to evidence the title of the Director as rehabilitator or liquidator.

(g) The court shall have summary jurisdiction over any proceeding by the Director as rehabilitator, liquidator, or conservator to hear and determine the rights of any parties under this Section. Reasonable notice of any hearings in the proceeding shall be given to all parties in interest, including the obligee of a releasing bond or other life obligation. Where an order is entered for the recovery of indemnifying property in kind or for the avoidance of an indemnifying lien, the court, upon application of any party in interest, shall in the same proceeding ascertain the value of the property or lien, and if the value is less than the amount for which the property is indemnity or than the amount of the lien, the transferee or lienholder may elect to retain the property or lien upon payment of its value, as ascertained by the court, to the Director as rehabilitator, liquidator, or conservator, within such reasonable times as the court shall fix.

(h) The liability of the surety under the releasing bond or other similar obligation shall be discharged to the extent of the value of the indemnifying property recovered or the indemnifying lien nullified and avoided by the Director as rehabilitator, liquidator, or conservator. Where the property is retained under subsection (g) of this Section, the liability shall be discharged to the extent of the amount paid to the Director as rehabilitator, liquidator, or conservator.

(i) If a creditor has been preferred and thereafter in good faith gives the company further credit without security of any kind, for property which becomes a part of the company's estate, the amount of the new credit remaining unpaid at the time of the petition may be set off against the preference which would otherwise be recoverable from the creditor.

(j) If a company shall, directly or indirectly, within 4 months before the filing of a complaint under this Article, or at any time in contemplation of such a proceeding, pay money or transfer property to any attorney for services rendered or to be rendered, the transactions may be examined by the court on its own motion or shall be examined by the court on petition of the Director as rehabilitator, liquidator, or conservator and shall be held valid only to the extent of a reasonable amount to be determined by the court, and the excess may be recovered by the Director as rehabilitator, liquidator, or conservator for the benefit of the estate provided that where the attorney is in a position of influence in the company or an affiliate thereof payment of any money or the transfer of any property to the

attorney for services rendered or to be rendered shall be governed by item (B) of part (2) of subsection (a) of this Section.

(k) (1) An officer, director, manager, employee, shareholder, member, subscriber, attorney, or other person acting on behalf of the company who knowingly participates in giving any preference when that officer, director, manager, employee, shareholder, member, subscriber, attorney, or other person has reasonable cause to believe the company is or is about to become insolvent at the time of the preference shall be personally liable to the Director as rehabilitator, liquidator, or conservator for the amount of the preference. There is a reasonable cause to so believe if the transfer was made within 4 months before the date of filing of the complaint.

(2) A person receiving any property from the company or the benefit thereof as a preference voidable under subsection (a) of this Section shall be personally liable therefor and shall be bound to account to the Director as rehabilitator, liquidator, or conservator.

(3) Nothing in this Section shall prejudice any other claim by the Director as rehabilitator, liquidator, or conservator against any person.

(l) For purposes of this Section, the company is presumed to have been insolvent on and during the 4 month period immediately preceding the date of the filing of the complaint.

(m) The Director as rehabilitator, liquidator, or conservator may not avoid a transfer under this Section to the extent that the transfer was:

(A) Intended by the company and the creditor to or for whose benefit the transfer was made to be a contemporaneous exchange for new value given to the company, and was in fact a substantially contemporaneous exchange; or:

(B) In payment of a debt incurred by the company in the ordinary course of business or financial affairs of the company and the transferee; made in the ordinary course of business or financial affairs of the company and the transferee; and made according to ordinary business terms; or:

(C) In the case of a transfer by a company where the Director has determined that an event described in Section 35A-25 or 35A-30 has occurred, specifically approved by the Director in writing pursuant to this subsection, whether or not the company is in receivership under this Article. Upon approval by the Director, such a transfer cannot later be found to constitute a prohibited or voidable transfer based solely upon a deviation from the statutory

payment priorities established by law for any subsequent receivership.

(n) The Director as rehabilitator, liquidator, or conservator may avoid any transfer of or lien upon the property of a company that the estate of the company or a policyholder, creditor, member, or stockholder of the company may have avoided, and the Director as rehabilitator, liquidator, or conservator may recover and collect the property so transferred or its value from the person to whom it was transferred unless the property was transferred to a bona fide holder for value before the filing of the complaint. The Director as rehabilitator, liquidator, or conservator shall be deemed a creditor for purposes of pursuing claims under the Uniform Fraudulent Transfer Act.

Sec. 209. Proof and allowance of claims.

(1) A proof of claim shall consist of a written statement signed under oath setting forth the claim, the consideration for it, whether the claim is secured and, if so, how, what payments have been made on the claim, if any, and that the sum claimed is justly owing from the company. Whenever a claim is based upon a document, the document, unless lost or destroyed, shall be filed with the proof of claim. If the document is lost or destroyed, a statement of that fact and of the circumstances of the loss or destruction shall be included in the proof of claim. A claim may be allowed even if contingent or unliquidated as of the date fixed by the court pursuant to subsection (a) of Section 194 if it is filed in accordance with this subsection. Except as otherwise provided in subsection (7), a proof of claim required under this Section must identify a known loss or occurrence particular claim.

(2) At any time, the Director may require the claimant to present information or evidence supplementary to that required under subsection (l) and may take testimony under oath, require production of affidavits or depositions, or otherwise obtain additional information or evidence.

(3) Upon the liquidation, rehabilitation, or conservation of any company which has issued policies insuring the lives of persons, the Director shall, within a reasonable time, after the last day set for the filing of claims, make a list of the persons who have not filed proofs of claim with him and whose rights have not been reinsured, to whom it appears from the books of the company, there are owing amounts on such policies and he shall set opposite the name of each person such amount so owing to

such person. The Director shall incur no personal liability by reason of any mistake in such list. Each person whose name shall appear upon said list shall be deemed to have duly filed prior to the last day set for filing of claims a proof of claim for the amount set opposite his name on said list.

(4)(a) When a Liquidation, Rehabilitation, or Conservation Order has been entered in a proceeding against an insurer under this Code, any insured under an insurance policy shall have the right to file a contingent claim. The Court at the time of the entry of the Order of Liquidation, Rehabilitation or Conservation shall fix the final date for the liquidation of insureds' contingent claims, but in no event shall said date be more than 3 years after the last day fixed for the filing of claims, provided, such date may be extended by the Court on petition of the Director should the Director determine that such extension will not delay distribution of assets under Section 210. Such a contingent claim shall be allowed if such claim is liquidated and the insured claimant presents evidence of payment of such claim to the Director on or before the last day fixed by the Court.

(b) When an insured has been unable to liquidate its claim under paragraph (a) of this subsection (4), the insured may have its claim allowed by estimation if (i) it may be reasonably inferred from the proof presented upon the claim that a claim exists under the policy; (ii) the insured has furnished suitable proof, unless the court for good cause shown shall otherwise direct, that no further valid claims against the insurer arising out of the cause of action other than those already presented can be made, and (iii) the total liability of the insurer to all claimants arising out of the same act shall be no greater than its total liability would be were it not in liquidation, rehabilitation, or conservation.

(5) The obligation of the insurer, if any, to defend or continue the defense of any claim or suit under a liability insurance policy shall terminate on the entry of the Order of Liquidation, Rehabilitation or Conservation, except during the appeal of an Order of Liquidation as provided by Section 190.1 or, unless upon the petition of the Director, the court directs otherwise. Insureds may include in contingent claims reasonable attorneys fees for services rendered subsequent to the date of Liquidation, Rehabilitation or Conservation in defense of claims or suits covered by the insured's policy provided such attorneys fees have actually been paid by the assured and evidence of payment presented in the manner required for insured's contingent claims.

(6) When a liquidation, rehabilitation, or conservation order has been entered in a proceeding against an insurer under this Code, any
person who has a cause of action against an insured of the insurer under an
insurance policy issued by the insurer shall have the right to file a claim in
the proceeding, regardless of the fact that the claim may be contingent, and
the claim may be allowed by estimation (a) if it may be reasonably,
inferred from proof presented upon the claim that the claimant would be
able to obtain a judgment upon the cause of action against the insured; and
(b) if the person has furnished suitable proof, unless the court for good
cause shown shall otherwise direct, that no further valid claims against
the insurer arising out of the cause of action other than those already
presented can be made, and (c) the total liability of the insurer to all
claimants arising out of the same act shall be no greater than its total
liability would be were it not in liquidation, rehabilitation, or conservation.

(7) Contingent or unliquidated general creditors' and ceding
insurers' claims that are not made absolute and liquidated by the last day
fixed by the court pursuant to subsection (4) may be determined and
allowed by estimation. Any such estimate shall be based upon an actuarial
evaluation made with reasonable actuarial certainty or upon another
accepted method of valuing claims with reasonable certainty and, with
respect to ceding insurers' claims, may include an estimate of incurred but
not reported losses.

(7.5) (a) The estimation and allowance of the loss development on
a known loss or occurrence shall trigger a reinsurer's obligation to pay
pursuant to its reinsurance contract with the insolvent company, provided
that the allowance is made in accordance with paragraph (b) of
subsection (4) or subsection (6). The Director shall have the authority to
exercise all available remedies on behalf of the insolvent company to
marshal these reinsurance recoverables.

(b) That portion of any estimated and allowed contingent claim
that is attributable to claims incurred but not reported to the insolvent company's
reinsured shall not be billable to the insolvent company's
reinsurers, except to the extent that (A) such claims develop into known
losses or occurrences and become billable under paragraph (a) of this
subsection or (B) the reinsurance contract specifically provides for the
payment of such losses or reserves.

(c) Notwithstanding any other provision of this Code, the
liquidator may negotiate a voluntary commutation and release of all
obligations arising from reinsurance contracts or other agreements.

(8) No judgment against such an insured or an insurer taken after
the date of the entry of the liquidation, rehabilitation, or conservation order

shall be considered in the proceedings as evidence of liability, or of the amount of damages, and no judgment against an insured or an insurer taken by default, or by collusion prior to the entry of the liquidation order shall be considered as conclusive evidence in the proceeding either of the liability of such insured to such person upon such cause of action or of the amount of damages to which such person is therein entitled.

(9) The value of securities held by secured creditors shall be determined by converting the same into money according to the terms of the agreement pursuant to which such securities were delivered to such creditors, or by such creditors and the Director by agreement, or by the court, and the amount of such value shall be credited upon the claims of such secured creditors and their claims allowed only for the balance.

(10) Claims of creditors or policyholders who have received preferences voidable under Section 204 or to whom conveyances or transfers, assignments or incumbrances have been made or given which are void under Section 204, shall not be allowed unless such creditors or policyholders shall surrender such preferences, conveyances, transfers, assignments or incumbrances.

(11)(a) When the Director denies a claim or allows a claim for less than the amount requested by the claimant, written notice of the determination and of the right to object shall be given promptly to the claimant or the claimant's representative by first class mail at the address shown on the proof of claim. Within 60 days from the mailing of the notice, the claimant may file his written objections with the Director. If no such filing is made on a timely basis, the claimant may not further object to the determination.

(b) Whenever objections are filed with the Director and he does not alter his determination as a result of the objection and the claimant continues to object, the Director shall petition the court for a hearing as soon as practicable and give notice of the hearing by first class mail to the claimant or his representative and to any other persons known by the Director to be directly affected, not less than 10 days before the date of the hearing.

(12) The Director shall review all claims duly filed in the liquidation, rehabilitation, or conservation proceeding, unless otherwise directed by the court, and shall make such further investigation as he considers necessary. The Director may compound, compromise, or in any other manner negotiate the amount for which claims will be recommended.
to the court. Unresolved disputes shall be determined under subsection (11).

(13)(a) The Director shall present to the court reports of claims reviewed under subsection (12) with his recommendations as to each claim.

(b) The court may approve or disapprove any recommendations contained in the reports of claims filed by the Director, except that the Director's agreements with claimants shall be accepted as final by the court on claims settled for $10,000 or less.

(14) The changes made in this Section by this amendatory Act of 1993 apply to all liquidation, rehabilitation, or conservation proceedings that are pending on the effective date of this amendatory Act of 1993 and to all future liquidation, rehabilitation, or conservation proceedings, except that the changes made to the provisions of this Section by this amendatory Act of 1993 shall not apply to any company ordered into liquidation on or before January 1, 1982.

(15) The changes made in this Section by this amendatory Act of the 93rd General Assembly do not apply to any company ordered into liquidation on or before January 1, 2004.

Sec. 5. Arrest reports; expungement.
(a) All policing bodies of this State shall furnish to the Department, daily, in the form and detail the Department requires, fingerprints and descriptions of all persons who are arrested on charges of violating any penal statute of this State for offenses that are classified as felonies and Class A or B misdemeanors and of all minors of the age of 10 and over who have been arrested for an offense which would be a felony if committed by an adult, and may forward such fingerprints and descriptions for minors arrested for Class A or B misdemeanors. Moving or nonmoving traffic violations under the Illinois Vehicle Code shall not be reported except for violations of Chapter 4, Section 11-204.1, or Section 11-501 of that Code. In addition, conservation offenses, as defined in the Supreme Court Rule 501(c), that are classified as Class B misdemeanors shall not be reported.

Whenever an adult or minor prosecuted as an adult, not having previously been convicted of any criminal offense or municipal ordinance violation, charged with a violation of a municipal ordinance or a felony or misdemeanor, is acquitted or released without being convicted, whether the acquittal or release occurred before, on, or after the effective date of this amendatory Act of 1991, the Chief Judge of the circuit wherein the charge was brought, any judge of that circuit designated by the Chief Judge, or in counties of less than 3,000,000 inhabitants, the presiding trial judge at the defendant's trial may upon verified petition of the defendant order the record of arrest expunged from the official records of the arresting authority and the Department and order that the records of the clerk of the circuit court be sealed until further order of the court upon good cause shown and the name of the defendant obliterated on the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but the order shall not affect any index issued by the circuit court clerk before the entry of the order. The Department may charge the petitioner a fee equivalent to the cost of processing any order to expunge or seal the records, and the fee shall be deposited into the State Police Services Fund. The records of those arrests, however, that result in a disposition of supervision for any offense shall not be expunged from the records of the arresting authority or the Department nor impounded by the court until 2 years after discharge and dismissal of supervision. Those records that result from a supervision for a violation of Section 3-707, 3-708, 3-710, 5-401.3, or 11-503 of the Illinois Vehicle Code or a similar provision of a local ordinance, or for a violation of Section 12-3.2, 12-15

or 16A-3 of the Criminal Code of 1961, or probation under Section 10 of the Cannabis Control Act, Section 410 of the Illinois Controlled Substances Act, Section 12-4.3(b)(1) and (2) of the Criminal Code of 1961 (as those provisions existed before their deletion by Public Act 89-313), Section 10-102 of the Illinois Alcoholism and Other Drug Dependency Act when the judgment of conviction has been vacated, Section 40-10 of the Alcoholism and Other Drug Abuse and Dependency Act when the judgment of conviction has been vacated, or Section 10 of the Steroid Control Act shall not be expunged from the records of the arresting authority nor impounded by the court until 5 years after termination of probation or supervision. Those records that result from a supervision for a violation of Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance, shall not be expunged. All records set out above may be ordered by the court to be expunged from the records of the arresting authority and impounded by the court after 5 years, but shall not be expunged by the Department, but shall, on court order be sealed by the Department and may be disseminated by the Department only as required by law or to the arresting authority, the State's Attorney, and the court upon a later arrest for the same or a similar offense or for the purpose of sentencing for any subsequent felony. Upon conviction for any offense, the Department of Corrections shall have access to all sealed records of the Department pertaining to that individual.

The records of the clerk of the circuit court clerk shall

be sealed until further order of the court upon good cause shown and the name of the aggrieved person obliterated on the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but the order shall not affect any index issued by the circuit court clerk before the entry of the order. Nothing in this Section shall limit the Department of State Police or other criminal justice agencies or prosecutors from listing under an offender's name the false names he or she has used. For purposes of this Section, convictions for moving and nonmoving traffic violations other than convictions for violations of Chapter 4, Section 11-204.1 or Section 11-501 of the Illinois Vehicle Code shall not be a bar to expunging the record of arrest and court records for violation of a misdemeanor or municipal ordinance.

All records sealed by the Department may be disseminated by the Department only as required by law or to the arresting authority, the State's Attorney, and the court upon a later arrest for the same or similar offense or for the purpose of sentencing for any subsequent felony. Upon conviction for any subsequent offense, the Department of Corrections shall have access to all sealed records of the Department pertaining to that individual. Upon entry of the order of expungement, the clerk of the circuit court shall promptly mail a copy of the order to the person who was pardoned.

(c-5) Whenever a person has been convicted of criminal sexual assault, aggravated criminal sexual assault, predatory criminal sexual assault of a child, criminal sexual abuse, or aggravated criminal sexual abuse, the victim of that offense may request that the State's Attorney of
the county in which the conviction occurred file a verified petition with the presiding trial judge at the defendant's trial to have a court order entered to seal the records of the clerk of the circuit court in connection with the proceedings of the trial court concerning that offense. However, the records of the arresting authority and the Department of State Police concerning the offense shall not be sealed. The court, upon good cause shown, shall make the records of the clerk of the circuit court in connection with the proceedings of the trial court concerning the offense available for public inspection.

(c-6) If a conviction has been set aside on direct review or on collateral attack and the court determines by clear and convincing evidence that the defendant was factually innocent of the charge, the court shall enter an expungement order as provided in subsection (b) of Section 5-5-4 of the Unified Code of Corrections.

(d) Notice of the petition for subsections (a), (b), and (c) shall be served upon the State's Attorney or prosecutor charged with the duty of prosecuting the offense, the Department of State Police, the arresting agency and the chief legal officer of the unit of local government affecting the arrest. The clerk of the court shall promptly mail a copy of the order to the person, the arresting agency, the prosecutor, the Department of State Police and such other criminal justice agencies as may be ordered by the judge.

(f) No court order issued under pursuant to the expungement provisions of this Section shall become final for purposes of appeal until 30 days after notice is received by the Department. Any court order contrary to the provisions of this Section is void.

PUBLIC ACT 93-1086
(House Bill No. 0756)

AN ACT regarding schools.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Childhood Hunger Relief Act.

Section 5. State policy and legislative intent. The General Assembly recognizes that hunger and food security are serious problems in the State of Illinois with as many as one million citizens being affected. These citizens have lost their sense of food security. Food insecurity occurs whenever the availability of nutritionally adequate and safe foods or the ability to acquire acceptable foods in socially acceptable ways is limited or uncertain. Hunger is a painful or uneasy sensation caused by a recurrent or involuntary lack of food and is a potential, although not necessary, consequence of food insecurity. Over time, hunger may result in malnutrition. It is estimated that just under 600,000 Illinois children experience hunger or food insecurity, meaning that they either go without eating meals, or their parents or guardians cannot provide the kinds of food they need. At present, the Illinois economy is steadily experiencing a 6% unemployment rate, people are being laid off who thought they had job security, and the unemployed are remaining unemployed beyond the terms of unemployment benefits. Emergency food providers throughout the State are experiencing an increase in the number of working poor families requesting emergency food. In October 2003, Illinois was ranked 48th in the nation in providing school breakfasts to low-income children of families who meet the criteria for free and reduced-price lunches. Because low-income children are not being adequately nourished, even to the point where many are arriving at school hungry, the General Assembly believes it is in the best interest of Illinois to utilize resources available through existing child nutrition programs, to the fullest extent possible.

The General Assembly also recognizes a definite correlation between adequate child nutrition and a child's physical, emotional, and cognitive development. There is also a correlation between adequate nutrition and a child's ability to perform well in school. Documented research has proven that school breakfasts improve attendance and

New matter indicated by italics - deletions by strikeout.
increase a child's readiness to learn. In this regard, the General Assembly realizes the importance of the National School Breakfast Program and the Summer Food Service Program as effective measures that must be widely implemented to ensure more adequate nutrition for Illinois children.

Section 10. Definitions. In this Act:

"Hunger" means a symptom of poverty caused by a lack of resources that prevents the purchasing of a nutritionally adequate diet resulting in a chronic condition of being undernourished.

"Food insecurity" means a limited or uncertain availability of nutritionally adequate foods.

"Food security" means ensured access to enough food for an active, healthy life.

"School Breakfast Program" means the federal child nutrition entitlement program that helps serve nourishing low-cost breakfast meals to school children. In addition to cash assistance, participating schools get foods donated by and technical guidance from the United States Department of Agriculture. Payments to schools are higher for meals served to children who qualify, on the basis of family size and income, for free or reduced-price meals. The program is administered in Illinois by the State Board of Education.

"Summer Food Service Program" means the federal child nutrition entitlement program that helps communities serve meals to needy children when school is not in session. The United States Department of Agriculture reimburses sponsors for operating costs of food services up to a specific maximum rate for each meal served. In addition, sponsors receive some reimbursement for planning and supervising expenses. The program in Illinois is administered by the State Board of Education.

Section 15. School breakfast program.

(a) Within 90 days after the effective date of this amendatory Act of the 93rd General Assembly and then each school year thereafter, the board of education of each school district in this State shall implement and operate a school breakfast program, if a breakfast program does not currently exist, in accordance with federal guidelines in each school building within its district in which at least 40% or more of the students are eligible for free or reduced-price lunches based upon the count on October 31 of the previous year.

Using the data from the previous school year, the board of education of each school district in the State shall determine which schools
within their districts will be required to implement and operate a school breakfast program.

(b) School districts may charge students who do not meet federal criteria for free school meals for the breakfasts served to these students within the allowable limits set by federal regulations.

(c) School breakfast programs established under this Section shall be supported entirely by federal funds and commodities, charges to students and other participants, and other available State and local resources, including under the School Breakfast and Lunch Program Act. Allowable costs for reimbursement to school districts, in accordance with the United States Department of Agriculture, include compensation of employees for the time devoted and identified specifically to implement the school breakfast program; the cost of materials acquired, consumed, or expended specifically to implement the school breakfast program; equipment and other approved capital expenditures necessary to implement the school breakfast program; and transportation expenses incurred specifically to implement and operate the school breakfast program.

(d) A school district shall be allowed to opt out of the school breakfast program requirement of this Section if it is determined that, due to circumstances specific to that school district, the expense reimbursement would not fully cover the costs of implementing and operating a school breakfast program. The school district shall petition its regional superintendent of schools by November 15 to request to be exempt from the school breakfast program requirement. The petition shall include all legitimate costs associated with implementing and operating a school breakfast program, the estimated reimbursement from State and federal sources, and any unique circumstances the school district can verify that exist that would cause the implementation and operation of such a program to be cost prohibitive.

The regional superintendent of schools shall review the petition. He or she shall convene a public hearing to hear testimony from the school district and interested community members. The regional superintendent shall, by December 15, inform the school district of his or her decision, along with the reasons why the exemption was granted or denied, in writing. If the regional superintendent grants an exemption to the school district, then the school district is relieved from the requirement to establish and implement a school breakfast program.

New matter indicated by italics - deletions by strikeout.
If the regional superintendent of schools does not grant an exemption to the school district, then the school district shall implement and operate a school breakfast program in accordance with this Section by September 1 of the subsequent school year. However, the school district or a resident of the school district may appeal the decision of the regional superintendent to the State Superintendent of Education. No later than February 15 of each year, the State Superintendent shall hear appeals on the decisions of regional superintendents of schools. The State Superintendent shall make a final decision at the conclusion of the hearing on the school district's request for an exemption from the school breakfast program requirement. If the State Superintendent grants an exemption to the school district, then the school district is relieved from the requirement to implement and operate a school breakfast program. If the State Superintendent does not grant an exemption to the school district, then the school district shall implement and operate a school breakfast program in accordance with this Section by September 1 of the subsequent school year.

A school district may not attempt to opt out of the school breakfast program requirement of this Section by requesting a waiver under Section 2-3.25g of the School Code.

Section 20. Summer food service program.
(a) The State Board of Education shall promulgate a State plan for summer food service programs, in accordance with 42 U.S.C. Sec. 1761 and any other applicable federal laws and regulations, by January 15, 2006.
(b) By the summer of 2006 and then each summer thereafter, it is strongly encouraged that the board of education of each school district in this State in which at least 50% of the students are eligible for free or reduced-price school meals operate a summer food service program or identify a non-profit or private agency to sponsor a summer food service program within the school district's boundaries.
(c) Summer food service programs established under this Section may be supported by federal funds and commodities and other available State and local resources.

Section 95. The School Breakfast and Lunch Program Act is amended by changing Sections 2.5, 4, and 5 as follows:

(105 ILCS 125/2.5)
Sec. 2.5. Breakfast incentive program. The State Board of Education shall fund a breakfast incentive program comprised of the

components described in paragraphs (1), (2), and (3) of this Section, provided that a separate appropriation is made for the purposes of this Section. The State Board of Education may allocate the appropriation among the program components in whatever manner the State Board of Education finds will best serve the goal of increasing participation in school breakfast programs. If the amount of the appropriation allocated under paragraph (1), (2), or (3) of this Section is insufficient to fund all claims submitted under that particular paragraph, the claims under that paragraph shall be prorated.

(1) The State Board of Education may reimburse each sponsor of a school breakfast program an additional $0.10 for each free, reduced-price, and paid breakfast served over and above the number of such breakfasts served in the same month during the preceding year, provided that the number of breakfasts served in a participating school building by the sponsor in that month is at least 10% greater than the number of breakfasts served in the same month during the preceding year.

(2) The State Board of Education may make grants to school boards and welfare centers that agree to start a school breakfast program in one or more schools or other sites. First priority for these grants shall be given to schools in which 40% 50% or more of their students are eligible for free and reduced price meals under the National School Lunch Act (42 U.S.C. 1751 et seq.). Depending on the availability of funds and the rate at which funds are being utilized, the State Board of Education is authorized to allow additional schools or other sites to receive these grants. In making additional grants, the State Board of Education shall provide for priority to be given to schools with the highest percentage of students eligible for free and reduced price lunches under the National School Lunch Act. The amount of the grant shall be $3,500 for each qualifying school or site in which a school breakfast program is started. The grants shall be used to pay the start-up costs for the school breakfast program, including equipment, supplies, and program promotion, but shall not be used for food, labor, or other recurring operational costs. Applications for the grants shall be made to the State Board of Education on forms designated by the State Board of Education. Any grantee that fails to operate a school breakfast program for at least 3 years after
receipt of a grant shall refund the amount of the grant to the State Board of Education.

(3) The State Board of Education may reimburse a school board for each free, reduced-price, or paid breakfast served in a school breakfast program located in a school in which 80% or more of the students are eligible to receive free or reduced price lunches under the National School Lunch Act (42 U.S.C. 1751 et seq.) in an amount equal to the difference between (i) the current amount reimbursed by the federal government for a free breakfast and (ii) the amount actually reimbursed by the federal government for that free, reduced-price, or paid breakfast. A school board that receives reimbursement under this paragraph (3) shall not be eligible in the same year to receive reimbursement under paragraph (1) of this Section.

(Source: P.A. 91-843, eff. 6-22-00.)

Sec. 4. Accounts; copies of menus served; free lunch program required; report. School boards and welfare centers shall keep an accurate, detailed and separate account of all moneys expended for school breakfast programs, school lunch programs, free breakfast programs, and free lunch programs, and summer food service programs, and of the amounts for which they are reimbursed by any governmental agency, moneys received from students and from any other contributors to the program. School boards and welfare centers shall also keep on file a copy of all menus served under the programs, which together with all records of receipts and disbursements, shall be made available to representatives of the State Board of Education at any time.

Every public school must have a free lunch program.

In 2001 and in each subsequent year, the State Board of Education shall provide to the Governor and the General Assembly, by a date not later than March 1, a report that provides all of the following:

(1) A list by school district of all schools, the total student enrollment, and the number of children eligible for free, reduced price, and paid breakfasts and lunches.

(2) A list of schools that have started breakfast programs during the past year along with information on which schools have utilized the $3,500 start-up grants and the additional $0.10 per meal increased participation incentives established under Section 2.5 of this Act.

New matter indicated by italics - deletions by strikeout.
(3) A list of schools that have used the school breakfast program option outlined in this Act, a list of schools that have exercised Provision Two or Provision Three under the Child Nutrition Act of 1966 (42 U.S.C. 1771 et seq.), and a list of schools that have dropped either school lunch or school breakfast programs during the past year and the reasons why.

In 2007, 2009, and 2011 the report required by this Section shall also include information that documents the results of surveys designed to identify parental interest in school breakfast programs and documents barriers to establishing school breakfast programs. To develop the surveys for school administrators and for parents, the State Board of Education shall work in coordination with the State Board of Education's Child Nutrition Advisory Council and local committees that involve parents, teachers, principals, superintendents, business, and anti-hunger advocates, organized by the State Board of Education to foster community involvement. The State Board of Education is authorized to distribute the surveys in all schools where there are no school breakfast programs.

The annually established payment rate shall take effect on July 1 in 1984 and subsequent years. No rate increase and no update for inflation shall be provided on or after July 1, 1994 and before July 1, 2005, unless specifically provided for in this Section. The changes made by this amendatory Act of the 93rd General Assembly extending the duration of the prohibition against a rate increase or update for inflation are effective retroactive to July 1, 2004.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on July 1, 2000 shall include an increase of 2.5% per resident-day, as defined by the Department. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Skilled Nursing facilities or Intermediate Care facilities, the rates taking effect on July 1, 2000 shall include an increase of 2.5% per resident-day, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, a new payment methodology must be implemented for the nursing component of the rate effective July 1, 2003. The Department of Public Aid shall develop the new payment methodology using the Minimum Data Set (MDS) as the instrument to collect information concerning nursing home resident condition necessary to compute the rate. The Department of Public Aid shall develop the new payment methodology to meet the unique needs of Illinois nursing home residents while remaining subject to the appropriations provided by the General Assembly. A transition period from the payment methodology in effect on June 30, 2003 to the payment methodology in effect on July 1, 2003 shall be provided for a period not exceeding 2 years after implementation of the new payment methodology as follows:

(A) For a facility that would receive a lower nursing component rate per patient day under the new system than the facility received effective on the date immediately preceding the date that the Department implements the new payment methodology, the nursing component rate per patient day for the facility shall be held at the level in effect on the date immediately preceding the date that the Department implements the new payment methodology until a higher nursing component rate of reimbursement is achieved by that facility.

(B) For a facility that would receive a higher nursing component rate per patient day under the payment methodology in effect on July 1, 2003 than the facility received effective on the
date immediately preceding the date that the Department implements the new payment methodology, the nursing component rate per patient day for the facility shall be adjusted.

(C) Notwithstanding paragraphs (A) and (B), the nursing component rate per patient day for the facility shall be adjusted subject to appropriations provided by the General Assembly.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on March 1, 2001 shall include a statewide increase of 7.85%, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on April 1, 2002 shall include a statewide increase of 2.0%, as defined by the Department. This increase terminates on July 1, 2002; beginning July 1, 2002 these rates are reduced to the level of the rates in effect on March 31, 2002, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the rates taking effect on July 1, 2001 shall be computed using the most recent cost reports on file with the Department of Public Aid no later than April 1, 2000, updated for inflation to January 1, 2001. For rates effective July 1, 2001 only, rates shall be the greater of the rate computed for July 1, 2001 or the rate effective on June 30, 2001.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the Illinois Department shall determine by rule the rates taking effect on July 1, 2002, which shall be 5.9% less than the rates in effect on June 30, 2002.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, if the payment methodologies required under Section 5A-12 and the waiver granted under 42 CFR 433.68 are approved by the United States Centers for Medicare and Medicaid Services, the rates taking effect on July 1, 2004 shall be 3.0% greater than the rates in effect on June 30, 2004. These rates shall take effect only upon approval and implementation of the payment methodologies required under Section 5A-12.

New matter indicated by italics - deletions by strikeout.
Notwithstanding any other provisions of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the rates taking effect on January 1, 2005 shall be 3% more than the rates in effect on December 31, 2004.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or as long-term care facilities for residents under 22 years of age, the rates taking effect on July 1, 2003 shall include a statewide increase of 4%, as defined by the Department.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, effective January 1, 2005, facility rates shall be increased by the difference between (i) a facility's per diem property, liability, and malpractice insurance costs as reported in the cost report filed with the Department of Public Aid and used to establish rates effective July 1, 2001 and (ii) those same costs as reported in the facility's 2002 cost report. These costs shall be passed through to the facility without caps or limitations, except for adjustments required under normal auditing procedures.

Rates established effective each July 1 shall govern payment for services rendered throughout that fiscal year, except that rates established on July 1, 1996 shall be increased by 6.8% for services provided on or after January 1, 1997. Such rates will be based upon the rates calculated for the year beginning July 1, 1990, and for subsequent years thereafter until June 30, 2001 shall be based on the facility cost reports for the facility fiscal year ending at any point in time during the previous calendar year, updated to the midpoint of the rate year. The cost report shall be on file with the Department no later than April 1 of the current rate year. Should the cost report not be on file by April 1, the Department shall base the rate on the latest cost report filed by each skilled care facility and intermediate care facility, updated to the midpoint of the current rate year. In determining rates for services rendered on and after July 1, 1985, fixed time shall not be computed at less than zero. The Department shall not make any alterations of regulations which would reduce any component of the Medicaid rate to a level below what that component would have been utilizing in the rate effective on July 1, 1984.

(2) Shall take into account the actual costs incurred by facilities in providing services for recipients of skilled nursing and intermediate care services under the medical assistance program.

(3) Shall take into account the medical and psycho-social characteristics and needs of the patients.

(4) Shall take into account the actual costs incurred by facilities in meeting licensing and certification standards imposed and prescribed by the State of Illinois, any of its political subdivisions or municipalities and by the U.S. Department of Health and Human Services pursuant to Title XIX of the Social Security Act.

(820 ILCS 405/604) (from Ch. 48, par. 434)

Sec. 604. Labor dispute. An individual shall be ineligible for benefits for any week with respect to which it is found that his total or partial unemployment is due to a stoppage of work which exists because of a labor dispute at the factory, establishment, or other premises at which he

is or was last employed. The term "labor dispute" does not include an individual's refusal to work because of his employer's failure to pay accrued earned wages within 10 working days from the date due, or to pay any other uncontested accrued obligation arising out of his employment within 10 working days from the date due.

For the purpose of disqualification under this Section the term "labor dispute" does not include a lockout by an employer, and no individual shall be denied benefits by reason of a lockout, provided that no individual shall be eligible for benefits during a lockout who is ineligible for benefits under another Section of this Act, and provided further that no individual locked out by an employer shall be eligible for benefits for any week during which (1) the employer refuses to meet under reasonable conditions with the recognized or certified collective bargaining representative of the locked out employees refuses to meet under reasonable conditions with the employer to discuss the issues giving rise to the lockout or (2) there is a final adjudication under the National Labor Relations Act that during the period of the lockout the employer has refused to bargain in good faith with the recognized or certified collective bargaining representative of the locked-out employees has refused to bargain in good faith with the employer over issues giving rise to the lockout, or (3) the lockout has resulted as a direct consequence of a violation by the recognized or certified collective bargaining representative of the locked out employees violates the provisions of an existing collective bargaining agreement. An individual's total or partial unemployment resulting from any reduction in operations or reduction of force or layoff of employees by an employer made in the course of or in anticipation of collective bargaining negotiations between a labor organization and such employer, is not due to a stoppage of work which exists because of a labor dispute until the date of actual commencement of a strike or lockout.

This Section shall not apply if it is shown that (A) the individual is not participating in or financing or directly interested in the labor dispute which caused the stoppage of work and (B) he does not belong to a grade or class of workers of which immediately before the commencement of the stoppage there were members employed at the premises at which the stoppage occurs, any of whom are participating in or financing or directly interested in the dispute; provided, that a lockout by the employer or an individual's failure to cross a picket line at such factory, establishment, or other premises shall not, in itself, be deemed to be participation by him in

If in any case, separate branches of work which are commonly conducted as separate businesses in separate premises are conducted in separate departments of the same premises, each such department shall, for the purpose of this Section, be deemed to be a separate factory, establishment, or other premises.

Whenever any claim involves the provisions of this Section, the claims adjudicator referred to in Section 702 shall make a separate determination as to the eligibility or ineligibility of the claimant with respect to the provisions of this Section. This separate determination may be appealed to the Director in the manner prescribed by Section 800.

Section 5. The Illinois Municipal Code is amended by changing Section 11-74.3-6 as follows:

(65 ILCS 5/11-74.3-6)
Sec. 11-74.3-6. Business district revenue and obligations.
(a) If the corporate authorities of a municipality have approved a business district development or redevelopment plan and have elected to impose a tax by ordinance pursuant to subsections (b), (c), or (d) of this Section, each year after the date of the approval of the ordinance and until all business district project costs and all municipal obligations financing the business district project costs, if any, have been paid in accordance with the business district development or redevelopment plan, but in no event longer than 23 years after the date of adoption of the ordinance approving the business district development or redevelopment plan, all amounts generated by the retailers' occupation tax and service occupation tax shall be collected and the tax shall be enforced by the Department of Revenue in the same manner as all retailers' occupation taxes and service occupation taxes imposed in the municipality imposing the tax and all amounts generated by the hotel operators' occupation tax shall be collected

and the tax shall be enforced by the municipality in the same manner as all hotel operators' occupation taxes imposed in the municipality imposing the tax. The corporate authorities of the municipality shall deposit the proceeds of the taxes imposed under subsections (b), (c), and (d) into a special fund held by the corporate authorities of the municipality called the Business District Tax Allocation Fund for the purpose of paying business district project costs and obligations incurred in the payment of those costs.

(b) The corporate authorities of a municipality that has established a business district under this Division 74.3 may, by ordinance or resolution, impose a Business District Retailers' Occupation Tax upon all persons engaged in the business of selling tangible personal property, other than an item of tangible personal property titled or registered with an agency of this State's government, at retail in the business district at a rate not to exceed 1% of the gross receipts from the sales made in the course of such business, to be imposed only in 0.25% increments. The tax may not be imposed on food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption), prescription and nonprescription medicines, drugs, medical appliances, modifications to a motor vehicle for the purpose of rendering it usable by a disabled person, and insulin, urine testing materials, syringes, and needles used by diabetics, for human use.

The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the Department of Revenue. The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act shall permit the retailer to engage in a business that is taxable under any ordinance or resolution enacted pursuant to this subsection without registering separately with the Department under such ordinance or resolution or under this subsection. The Department of Revenue shall have full power to administer and enforce this subsection; to collect all taxes and penalties due under this subsection in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty under this subsection. In the administration of, and compliance with, this subsection, the Department and persons who are subject to this subsection shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions,

exemptions, and definitions of terms and employ the same modes of procedure, as are prescribed in Sections 1, 1a through 1o, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 2c through 2h, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5c, 5d, 5e, 5f, 5g, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 12, 13, and 14 of the Retailers' Occupation Tax Act and all provisions of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under this subsection may reimburse themselves for their seller's tax liability under this subsection by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State taxes that sellers are required to collect under the Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the business district retailers' occupation tax fund.

The Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes, penalties, and interest collected under this subsection for deposit into the business district retailers' occupation tax fund. On or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named municipalities from the business district retailers' occupation tax fund, the municipalities to be those from which retailers have paid taxes or penalties under this subsection to the Department during the second preceding calendar month. The amount to be paid to each municipality shall be the amount (not including credit memoranda) collected under this subsection during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department, less 2% of that amount, which shall be deposited into the Tax Compliance and Administration Fund and shall be used by the Department, subject to appropriation, to cover the costs of the Department in administering and

enforcing the provisions of this subsection, on behalf of such municipality, and not including any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the municipality. Within 10 days after receipt by the Comptroller of the disbursement certification to the municipalities provided for in this subsection to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in the certification. The proceeds of the tax paid to municipalities under this subsection shall be deposited into the Business District Tax Allocation Fund by the municipality.

An ordinance or resolution imposing or discontinuing the tax under this subsection or effecting a change in the rate thereof shall either (i) be adopted and a certified copy thereof filed with the Department on or before the first day of April, whereupon the Department, if all other requirements of this subsection are met, shall proceed to administer and enforce this subsection as of the first day of July next following the adoption and filing; or (ii) be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon, if all other requirements of this subsection are met, the Department shall proceed to administer and enforce this subsection as of the first day of January next following the adoption and filing.

The Department of Revenue shall not administer or enforce an ordinance imposing, discontinuing, or changing the rate of the tax under this subsection, until the municipality also provides, in the manner prescribed by the Department, the boundaries of the business district in such a way that the Department can determine by its address whether a business is located in the business district. The municipality must provide this boundary information to the Department on or before April 1 for administration and enforcement of the tax under this subsection by the Department beginning on the following July 1 and on or before October 1 for administration and enforcement of the tax under this subsection by the Department beginning on the following January 1. The Department of Revenue shall not administer or enforce any change made to the boundaries of a business district until the municipality reports the boundary change to the Department in the manner prescribed by the Department. The municipality must provide this boundary change information to the Department on or before April 1 for administration and enforcement by the Department of the change beginning on the following

July 1 and on or before October 1 for administration and enforcement by
the Department of the change beginning on the following January 1. The
retailers in the business district shall be responsible for charging the tax
imposed under this subsection. If a retailer is incorrectly included or
excluded from the list of those required to collect the tax under this
subsection, both the Department of Revenue and the retailer shall be held
harmless if they reasonably relied on information provided by the
municipality.

A municipality that imposes the tax under this subsection must
submit to the Department of Revenue any other information as the
Department may require for the administration and enforcement of the tax.

When certifying the amount of a monthly disbursement to a
municipality under this subsection, the Department shall increase or
decrease the amount by an amount necessary to offset any misallocation of
previous disbursements. The offset amount shall be the amount
erroneously disbursed within the previous 6 months from the time a
misallocation is discovered.

Nothing in this subsection shall be construed to authorize the
municipality to impose a tax upon the privilege of engaging in any
business which under the Constitution of the United States may not be
made the subject of taxation by this State.

If a tax is imposed under this subsection (b), a tax shall also be
imposed under subsection (c) of this Section.

(c) If a tax has been imposed under subsection (b), a Business
District Service Occupation Tax shall also be imposed upon all persons
engaged, in the business district, in the business of making sales of
service, who, as an incident to making those sales of service, transfer
tangible personal property within the business district, either in the form of
tangible personal property or in the form of real estate as an incident to a
sale of service. The tax shall be imposed at the same rate as the tax
imposed in subsection (b) and shall not exceed 1% of the selling price of
tangible personal property so transferred within the business district, to be
imposed only in 0.25% increments. The tax may not be imposed on food
d for human consumption that is to be consumed off the premises where it is
sold (other than alcoholic beverages, soft drinks, and food that has been
prepared for immediate consumption), prescription and nonprescription
medicines, drugs, medical appliances, modifications to a motor vehicle for
the purpose of rendering it usable by a disabled person, and insulin, urine
testing materials, syringes, and needles used by diabetics, for human use.

The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the Department of Revenue. The certificate of registration which is issued by the Department to a retailer under the Retailers' Occupation Tax Act or under the Service Occupation Tax Act shall permit such registrant to engage in a business which is taxable under any ordinance or resolution enacted pursuant to this subsection without registering separately with the Department under such ordinance or resolution or under this subsection. The Department of Revenue shall have full power to administer and enforce this subsection; to collect all taxes and penalties due under this subsection; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty under this subsection. In the administration of, and compliance with this subsection, the Department and persons who are subject to this subsection shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms and employ the same modes of procedure as are prescribed in Sections 2, 2a through 2d, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the business district), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the municipality), 9 (except as to the disposition of taxes and penalties collected, and except that the returned merchandise credit for this tax may not be taken against any State tax), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the municipality), the first paragraph of Section 15, and Sections 16, 17, 18, 19 and 20 of the Service Occupation Tax Act and all provisions of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their serviceman's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in such notification from the Department. Such refund shall be paid by the State Treasurer out of the business district retailers' occupation tax fund.

The Department shall forthwith pay over to the State Treasurer, ex-officio, as trustee, all taxes, penalties, and interest collected under this subsection for deposit into the business district retailers' occupation tax fund. On or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named municipalities from the business district retailers' occupation tax fund, the municipalities to be those from which suppliers and servicemen have paid taxes or penalties under this subsection to the Department during the second preceding calendar month. The amount to be paid to each municipality shall be the amount (not including credit memoranda) collected under this subsection during the second preceding calendar month by the Department, less 2% of that amount, which shall be deposited into the Tax Compliance and Administration Fund and shall be used by the Department, subject to appropriation, to cover the costs of the Department in administering and enforcing the provisions of this subsection, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of such municipality. Within 10 days after receipt, by the Comptroller, of the disbursement certification to the municipalities, provided for in this subsection to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in such certification. The proceeds of the tax paid to municipalities under this subsection shall be deposited into the Business District Tax Allocation Fund by the municipality.

An ordinance or resolution imposing or discontinuing the tax under this subsection or effecting a change in the rate thereof shall either (i) be adopted and a certified copy thereof filed with the Department on or before the first day of April, whereupon the Department, if all other requirements of this subsection are met, shall proceed to administer and enforce this subsection as of the first day of July next following the adoption and filing; or (ii) be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon, if all other

conditions of this subsection are met, the Department shall proceed to administer and enforce this subsection as of the first day of January next following the adoption and filing.

The municipality must provide this boundary change information to the Department on or before April 1 for administration and enforcement by the Department of the change beginning on the following July 1 and on or before October 1 for administration and enforcement by the Department of the change beginning on the following January 1. persons engaged in the business district in the business of renting, leasing, or letting rooms in a hotel, as defined in the Hotel Operators' Occupation Tax Act, at a rate not to exceed 1% of the gross rental receipts from the renting, leasing, or letting of hotel rooms within the business district, to be imposed only in 0.25% increments, excluding, however, from gross rental receipts the proceeds of renting, leasing, or letting to permanent residents of a hotel, as defined in the Hotel Operators' Occupation Tax Act, and proceeds from the tax imposed under subsection (c) of Section 13 of the Metropolitan Pier and Exposition Authority Act.

The tax imposed by the municipality under this subsection and all civil penalties that may be assessed as an incident to that tax shall be collected and enforced by the municipality imposing the tax. The municipality shall have full power to administer and enforce this subsection, to collect all taxes and penalties due under this subsection, to dispose of taxes and penalties so collected in the manner provided in this subsection, and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty under this subsection. In the administration of and compliance with this subsection, the municipality and persons who are subject to this subsection shall have the same rights, remedies, privileges, immunities, powers, and duties, shall be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and shall employ the same modes of procedure as are employed with respect to a tax adopted by the municipality under Section 8-3-14 of this Code.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their tax liability for that tax by separately stating that tax as an additional charge, which charge may be stated in combination, in a single amount, with State taxes imposed under the Hotel Operators' Occupation Tax Act, and with any other tax.

ordinance shall pledge all of the amounts in and to be deposited in the Business District Tax Allocation Fund to the payment of business district project costs and obligations. Obligations issued pursuant to subsection (14) of Section 11-74.3-3 may be sold at public or private sale at a price determined by the corporate authorities of the municipality and no referendum approval of the electors shall be required as a condition to the issuance of those obligations. The ordinance authorizing the obligations may require that the obligations contain a recital that they are issued pursuant to subsection (14) of Section 11-74.3-3 and this recital shall be conclusive evidence of their validity and of the regularity of their issuance. The corporate authorities of the municipality may also issue its obligations to refund, in whole or in part, obligations previously issued by the municipality under the authority of this Code, whether at or prior to maturity. All obligations issued pursuant to subsection (14) of Section 11-74.3-3 shall not be regarded as indebtedness of the municipality issuing the obligations for the purpose of any limitation imposed by law.

(f) When business district costs, including, without limitation, all municipal obligations financing business district project costs incurred under Section 11-74.3-3 have been paid, any surplus funds then remaining in the Business District Tax Allocation Fund shall be distributed to the municipal treasurer for deposit into the municipal general corporate fund. Upon payment of all business district project costs and retirement of obligations, but in no event more than 23 years after the date of adoption of the ordinance approving the business district development or redevelopment plan, the municipality shall adopt an ordinance immediately rescinding the taxes imposed pursuant to subsections (12) and (13) of Section 11-74.3-3.

PUBLIC ACT 93-1090
(House Bill No. 0612)

AN ACT in relation to pensions.

New matter indicated by italics - deletions by strikeout.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Pension Code is amended by changing Sections 4-109.3, 4-110, 4-110.1, 4-111, and 4-114 as follows:

(40 ILCS 5/4-109.3)
Sec. 4-109.3. Employee creditable service.
(a) As used in this Section:
"Final monthly salary" means the monthly salary attached to the rank held by the firefighter at the time of his or her last withdrawal from service under a particular pension fund.
"Last pension fund" means the pension fund in which the firefighter was participating at the time of his or her last withdrawal from service.

(b) The benefits provided under this Section are available only to a firefighter who:

(1) is a firefighter at the time of withdrawal from the last pension fund and for at least the final 3 years of employment prior to that withdrawal;
(2) has established service credit with at least one pension fund established under this Article other than the last pension fund;
(3) has a total of at least 20 years of service under the various pension funds established under this Article and has attained age 50; and
(4) is in service on or after the effective date of this amendatory Act of the 93rd General Assembly.

(c) A firefighter who is eligible for benefits under this Section may elect to receive a retirement pension from each pension fund under this Article in which the firefighter has at least one year of service credit but has not received a refund under Section 4-116 (unless the firefighter repays that refund under subsection (g)) or subsection (c) of Section 4-118.1, by applying in writing and paying the contribution required under subsection (i).

(d) From each such pension fund other than the last pension fund, in lieu of any retirement pension otherwise payable under this Article, a firefighter to whom this Section applies may elect to receive a monthly pension of 1/12th of 2.5% of his or her final monthly salary under that fund for each month of service in that fund, subject to a maximum of 75% of that final monthly salary.

(e) From the last pension fund, in lieu of any retirement pension otherwise payable under this Article, a firefighter to whom this Section applies may elect to receive a monthly pension calculated as follows:

The last pension fund shall calculate the retirement pension that would be payable to the firefighter under subsection (a) of Section 4-109 as if he or she had participated in that last pension fund during his or her entire period of service under all pension funds established under this Article (excluding any period of service for which the firefighter has received a refund under Section 4-116, unless the firefighter repays that refund under subsection (g), or for which the firefighter has received a refund under subsection (c) of Section 4-118.1). From this hypothetical pension there shall be subtracted the original amounts of the retirement pensions payable to the firefighter by all other pension funds under subsection (d). The remainder is the retirement pension payable to the firefighter by the last pension fund under this subsection (e).

(f) Pensions elected under this Section shall be subject to increases as provided in subsection (d) of Section 4-109.1.

(g) A current firefighter may reinstate creditable service in a pension fund established under this Article that was terminated upon receipt of a refund, by payment to that pension fund of the amount of the refund together with interest thereon at the rate of 6% per year, compounded annually, from the date of the refund to the date of payment. A repayment of a refund under this Section may be made in equal installments over a period of up to 10 years, but must be paid in full prior to retirement.

(h) As a condition of being eligible for the benefits provided in this Section, a person who is hired to a position as a firefighter on or after July 1, 2004 the effective date of this amendatory Act of the 93rd General Assembly, a firefighter must, within 21 months after being hired, notify the new employer, all of his or her previous employers under this Article, and the Public Pension Division of the Division Department of Insurance of the Department of Financial and Professional Regulation, within one year of being hired, of his or her intent to receive the benefits provided under this Section all periods of service of at least one year under a pension fund established under this Article.

(i) In order to receive a pension under this Section or an occupational disease disability pension for which he or she becomes eligible due to the application of subsection (m) of this Section, a firefighter must pay to each pension fund from which he or she has elected

to receive a pension under this Section a contribution equal to 1/12th of 1% of monthly salary for each month of service credit that the firefighter has in that fund (other than service credit for which the firefighter has already paid the additional contribution required under subsection (c) of Section 4-118.1), together with interest thereon at the rate of 6% per annum, compounded annually, from the firefighter's first day of employment with that fund or the first day of the fiscal year of that fund that immediately precedes the firefighter's first day of employment with that fund, whichever is earlier.

In order for a firefighter who, as of the effective date of this amendatory Act of the 93rd General Assembly, has not begun to receive a pension under this Section or an occupational disease disability pension under subsection (m) of this Section and who has contributed 1/12th of 1% of monthly salary for each month of service credit that the firefighter has in that fund (other than service credit for which the firefighter has already paid the additional contribution required under subsection (c) of Section 4-118.1), together with the required interest thereon, to receive a pension under this Section or an occupational disease disability pension for which he or she becomes eligible due to the application of subsection (m) of this Section, the firefighter must, within one year after the effective date of this amendatory Act of the 93rd General Assembly, make an additional contribution equal to 11/12ths of 1% of monthly salary for each month of service credit that the firefighter has in that fund (other than service credit for which the firefighter has already paid the additional contribution required under subsection (c) of Section 4-118.1), together with interest thereon at the rate of 6% per annum, compounded annually, from the firefighter's first day of employment with that fund or the first day of the fiscal year of that fund that immediately precedes the firefighter's first day of employment with the fund, whichever is earlier. A firefighter who, as of the effective date of this amendatory Act of the 93rd General Assembly, has not begun to receive a pension under this Section or an occupational disease disability pension under subsection (m) of this Section and who has contributed 1/12th of 1% of monthly salary for each month of service credit that the firefighter has in that fund (other than service credit for which the firefighter has already paid the additional contribution required under subsection (c) of Section 4-118.1), together with the required interest thereon, in order to receive a pension under this Section or an occupational disease disability pension under subsection (m) of this Section, may elect, within one year after the effective date of this

amendatory Act of the 93rd General Assembly to forfeit the benefits provided under this Section and receive a refund of that contribution. The time the service was rendered to the date of payment.

(j) A retired firefighter who is receiving pension payments under Section 4-109 may reenter active service under this Article. Subject to the provisions of Section 4-117, the firefighter may receive credit for service performed after the reentry if the firefighter (1) applies to receive credit for that service, (2) suspends his or her pensions under this Section, and (3) makes the contributions required under subsection (i).

(k) A firefighter who is newly hired or promoted to a position as a firefighter shall not be denied participation in a fund under this Article based on his or her age.

(l) If a firefighter who elects to make contributions under subsection (c) of Section 4-118.1 for the pension benefits provided under this Section becomes entitled to a disability pension under Section 4-110, the last pension fund is responsible to pay that disability pension and the amount of that disability pension shall be based only on the firefighter's service with the last pension fund.

(m) Notwithstanding any provision in Section 4-110.1 to the contrary, if a firefighter who elects to make contributions under subsection (c) of Section 4-118.1 for the pension benefits provided under this Section becomes entitled to an occupational disease disability pension under Section 4-110.1, each pension fund to which the firefighter has made contributions under subsection (c) of Section 4-118.1 must pay a portion of that occupational disease disability pension equal to the proportion that the firefighter's service credit with that pension fund for which the contributions under subsection (c) of Section 4-118.1 have been made bears to the firefighter's total service credit with all of the pension funds for which the contributions under subsection (c) of Section 4-118.1 have been made. A firefighter who has made contributions under subsection (c) of Section 4-118.1 for at least 5 years of creditable service shall be deemed to have met the 5-year creditable service requirement under Section 4-110.1, regardless of whether the firefighter has 5 years of creditable service with the last pension fund.

(n) If a firefighter who elects to make contributions under subsection (c) of Section 4-118.1 for the pension benefits provided under this Section becomes entitled to a disability pension under Section 4-111, the last pension fund is responsible to pay that disability pension, provided
that the firefighter has at least 7 years of creditable service with the last pension fund.

(40 ILCS 5/4-110) (from Ch. 108 1/2, par. 4-110)

Sec. 4-110. Disability pension - Line of duty. If a firefighter, as the result of sickness, accident or injury incurred in or resulting from the performance of an act of duty or from the cumulative effects of acts of duty, is found, pursuant to Section 4-112, to be physically or mentally permanently disabled for service in the fire department, so as to render necessary his or her being placed on disability pension, the firefighter shall be entitled to a disability pension equal to the greater of (1) 65% of the monthly salary attached to the rank held by him or her in the fire department at the date he or she is removed from the municipality's fire department payroll or (2) the retirement pension that the firefighter would be eligible to receive if he or she retired (but not including any automatic annual increase in that retirement pension). A firefighter shall be considered "on duty" while on any assignment approved by the chief of the fire department, even though away from the municipality he or she serves as a firefighter, if the assignment is related to the fire protection service of the municipality.

Such firefighter shall also be entitled to a child's disability benefit of $20 a month on account of each unmarried child less than 18 years of age and dependent upon the firefighter for support, either the issue of the firefighter or legally adopted by him or her. The total amount of child's disability benefit payable to the firefighter, when added to his or her disability pension, shall not exceed 75% of the amount of salary which the firefighter was receiving at the date of retirement.

Benefits payable on account of a child under this Section shall not be reduced or terminated by reason of the child's attainment of age 18 if he or she is then dependent by reason of a physical or mental disability but shall continue to be paid as long as such dependency continues. Individuals over the age of 18 and adjudged to be disabled persons pursuant to Article X1a of the Probate Act of 1975, except for persons receiving benefits under Article III of the Illinois Public Aid Code, shall be eligible to receive benefits under this Act.

If a firefighter dies while still disabled and receiving a disability pension under this Section, the disability pension shall continue to be paid to the firefighter's survivors in the sequence provided in Section 4-114 but shall, from the date of death, become subject to the requirements,

including limitations on amount, that are provided for pensions to survivors under Section 4-114. A pension previously granted under Section 4-114 to a survivor of a firefighter who died while receiving a disability pension under this Section shall be deemed to be a continuation of the pension provided under this Section and shall be deemed to be in the nature of worker's compensation payments. The changes to this Section made by this amendatory Act of 1995 are intended to be retroactive and are not limited to persons in service on or after its effective date.

(40 ILCS 5/4-110.1) (from Ch. 108 1/2, par. 4-110.1)

Sec. 4-110.1. Occupational disease disability pension. The General Assembly finds that service in the fire department requires firefighters in times of stress and danger to perform unusual tasks; that firefighters are subject to exposure to extreme heat or extreme cold in certain seasons while performing their duties; that they are required to work in the midst of and are subject to heavy smoke fumes, and carcinogenic, poisonous, toxic or chemical gases from fires; and that these conditions exist and arise out of or in the course of employment.

An active firefighter with 5 or more years of creditable service who is found, pursuant to Section 4-112, unable to perform his or her duties in the fire department by reason of heart disease, stroke, tuberculosis, or any disease of the lungs or respiratory tract, resulting from service as a firefighter, is entitled to an occupational disease disability pension during any period of such disability for which he or she has no right to receive salary.

Any active firefighter who has completed 5 or more years of service and is unable to perform his or her duties in the fire department by reason of a disabling cancer, which develops or manifests itself during a period while the firefighter is in the service of the fire department, shall be entitled to receive an occupational disease disability benefit during any period of such disability for which he or she does not have a right to receive salary. In order to receive this occupational disease disability benefit, (i) the type of cancer involved must be a type which may be caused by exposure to heat, radiation or a known carcinogen as defined by the International Agency for Research on Cancer and (ii) the cancer must (and is rebuttably presumed to) arise as a result of service as a firefighter.

A firefighter who enters the service after August 27, 1971 shall be examined by one or more practicing physicians appointed by the board. If the examination discloses impairment of the heart, lungs or respiratory

tract, or the existence of any cancer, the firefighter shall not be entitled to the occupational disease disability pension unless and until a subsequent examination reveals no such impairment or cancer.

The occupational disease disability pension shall be equal to the greater of (1) 65% of the salary attached to the rank held by the firefighter in the fire service at the time of his or her removal from the municipality's fire department payroll or (2) the retirement pension that the firefighter would be eligible to receive if he or she retired (but not including any automatic annual increase in that retirement pension).

The firefighter is also entitled to a child's disability benefit of $20 a month for each natural or legally adopted unmarried child less than age 18 dependent upon the firefighter for support. The total child's disability benefit when added to the occupational disease disability pension shall not exceed 75% of the firefighter's salary at the time of the grant of occupational disease disability pension.

The occupational disease disability pension is payable to the firefighter during the period of the disability. If the disability ceases before the death of the firefighter, the disability pension payable under this Section shall also cease and the firefighter thereafter shall receive such pension benefits as are provided in accordance with other provisions of this Article.

If a firefighter dies while still disabled and receiving a disability pension under this Section, the disability pension shall continue to be paid to the firefighter's survivors in the sequence provided in Section 4-114 but shall, from the date of death, become subject to the requirements, including limitations on amount, that are provided for pensions to survivors under Section 4-114. A pension previously granted under Section 4-114 to a survivor of a firefighter who died while receiving a disability pension under this Section shall be deemed to be a continuation of the pension provided under this Section and shall be deemed to be in the nature of worker's occupational disease compensation payments. The changes to this Section made by this amendatory Act of 1995 are intended to be retroactive and are not limited to persons in service on or after its effective date.

The child's disability benefit shall terminate if the disability ceases while the firefighter is alive or when the child or children attain age 18 or marry, whichever event occurs first, except that benefits payable on account of a child under this Section shall not be reduced or terminated by reason of the child's attainment of age 18 if he or she is then dependent by

reason of a physical or mental disability but shall continue to be paid as long as such dependency continues. Individuals over the age of 18 and adjudged as a disabled person pursuant to Article XIA of the Probate Act of 1975, except for persons receiving benefits under Article III of the Illinois Public Aid Code, shall be eligible to receive benefits under this Act.

(40 ILCS 5/4-111) (from Ch. 108 1/2, par. 4-111)

Sec. 4-111. Disability pension - Not in duty. A firefighter having at least 7 years of creditable service who becomes disabled as a result of any cause other than an act of duty, and who is found, pursuant to Section 4-112, to be physically or mentally permanently disabled so as to render necessary his or her being placed on disability pension, shall be granted a disability pension of 50% of the monthly salary attached to the rank held by the firefighter in the fire service at the date he or she is removed from the municipality's fire department payroll. If a firefighter dies while still disabled and receiving a disability pension under this Section, the disability pension shall continue to be paid to the firefighter's survivors in the sequence provided in Section 4-114 if that disability pension is greater than the survivors pension provided under subsection (a) of Section 4-114.

(40 ILCS 5/4-114) (from Ch. 108 1/2, par. 4-114)

Sec. 4-114. Pension to survivors. If a firefighter who is not receiving a disability pension under Section 4-110 or 4-110.1 dies (1) as a result of any illness or accident, or (2) from any cause while in receipt of a disability pension under this Article, or (3) during retirement after 20 years service, or (4) while vested for or in receipt of a pension payable under subsection (b) of Section 4-109, or (5) while a deferred pensioner, having made all required contributions, a pension shall be paid to his or her survivors, based on the monthly salary attached to the firefighter's rank on the last day of service in the fire department, as follows:

(a) To the surviving spouse, a monthly pension of 40% of the monthly salary, and to the guardian of any minor child or children including a child which has been conceived but not yet born, 12% of such monthly salary for each such child until attainment of age 18 or until the child's marriage, whichever occurs first. Beginning July 1, 1993, the monthly pension to the surviving spouse shall be 54% of the monthly salary for all persons receiving a surviving spouse pension under this Article, regardless of

whether the deceased firefighter was in service on or after the effective date of this amendatory Act of 1993.

(2) Beginning July 1, 2004, unless the amount provided under paragraph (1) of this subsection (a) is greater, the total monthly pension payable under this paragraph (a), including any amount payable on account of children, to the surviving spouse of a firefighter who died (i) while receiving a retirement pension, (ii) while he or she was a deferred pensioner with at least 20 years of creditable service, or (iii) while he or she was in active service having at least 20 years of creditable service, regardless of age, including any amount payable on account of children, shall be no less than 100% of the monthly retirement pension earned by that the deceased firefighter at the time of death, regardless of whether death occurs before or after attainment of age 50, was receiving at the time of death; including any increases under Section 4-109.1. This minimum applies to all such surviving spouses who are eligible to receive a surviving spouse pension, regardless of whether the deceased firefighter was in service on or after the effective date of this amendatory Act of the 93rd General Assembly, and notwithstanding any limitation on maximum pension under paragraph (d) or any other provision of this Article.

(3) If the pension paid on and after July 1, 2004 to the surviving spouse of a firefighter who died on or after July 1, 2004 and before the effective date of this amendatory Act of the 93rd General Assembly was less than the minimum pension payable under paragraph (1) or (2) of this subsection (a), the fund shall pay a lump sum equal to the difference within 90 days after the effective date of this amendatory Act of the 93rd General Assembly.

The pension to the surviving spouse shall terminate in the event of the surviving spouse's remarriage prior to July 1, 1993; remarriage on or after that date does not affect the surviving spouse's pension, regardless of whether the deceased firefighter was in service on or after the effective date of this amendatory Act of 1993.

The surviving spouse's pension shall be subject to the minimum established in Section 4-109.2.

(b) Upon the death of the surviving spouse leaving one or more minor children, to the duly appointed guardian of each such child, for support and maintenance of each such child until the child reaches age 18

or marries, whichever occurs first, a monthly pension of 20% of the monthly salary.

(c) If a deceased firefighter leaves no surviving spouse or unmarried minor children under age 18, but leaves a dependent father or mother, to each dependent parent a monthly pension of 18% of the monthly salary. To qualify for the pension, a dependent parent must furnish satisfactory proof that the deceased firefighter was at the time of his or her death the sole supporter of the parent or that the parent was the deceased's dependent for federal income tax purposes.

(d) The total pension provided under paragraphs (a), (b) and (c) of this Section shall not exceed 75% of the monthly salary of the deceased firefighter (1) when paid to the survivor of a firefighter who has attained 20 or more years of service credit and who receives or is eligible to receive a retirement pension under this Article, or (2) when paid to the survivor of a firefighter who dies as a result of illness or accident, or (3) when paid to the survivor of a firefighter who dies from any cause while in receipt of a disability pension under this Article, or (4) when paid to the survivor of a deferred pensioner. For all other survivors of deceased firefighters, the total pension provided under paragraphs (a), (b) and (c) of this Section shall not exceed 50% of the retirement annuity the firefighter would have received on the date of death.

The maximum pension limitations in this paragraph (d) do not control over any contrary provision of this Article explicitly establishing a minimum amount of pension or granting a one-time or annual increase in pension.

(e) If a firefighter leaves no eligible survivors under paragraphs (a), (b) and (c), the board shall refund to the firefighter's estate the amount of his or her accumulated contributions, less the amount of pension payments, if any, made to the firefighter while living.

(f) An adopted child is eligible for the pension provided under paragraph (a) if the child was adopted before the firefighter attained age 50.

(g) If a judgment of dissolution of marriage between a firefighter and spouse is judicially set aside subsequent to the firefighter's death, the surviving spouse is eligible for the pension provided in paragraph (a) only if the judicial proceedings are filed within 2 years after the date of the dissolution of marriage and within one year after the firefighter's death and the board is made a party to the proceedings. In such case the pension shall

be payable only from the date of the court's order setting aside the judgment of dissolution of marriage.

(h) Benefits payable on account of a child under this Section shall not be reduced or terminated by reason of the child's attainment of age 18 if he or she is then dependent by reason of a physical or mental disability but shall continue to be paid as long as such dependency continues. Individuals over the age of 18 and adjudged as a disabled person pursuant to Article XIa of the Probate Act of 1975, except for persons receiving benefits under Article III of the Illinois Public Aid Code, shall be eligible to receive benefits under this Act.

(i) Beginning January 1, 2000, the pension of the surviving spouse of a firefighter who dies on or after January 1, 1994 as a result of sickness, accident, or injury incurred in or resulting from the performance of an act of duty or from the cumulative effects of acts of duty shall not be less than 100% of the salary attached to the rank held by the deceased firefighter on the last day of service, notwithstanding subsection (d) or any other provision of this Article.

(j) Beginning July 1, 2004, the pension of the surviving spouse of a firefighter who dies on or after January 1, 1988 as a result of sickness, accident, or injury incurred in or resulting from the performance of an act of duty or from the cumulative effects of acts of duty shall not be less than 100% of the salary attached to the rank held by the deceased firefighter on the last day of service, notwithstanding subsection (d) or any other provision of this Article.

PUBLIC ACT 93-1095
(House Bill No. 1021)

AN ACT concerning family law.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Parentage Act of 1984 is amended by changing Section 6 as follows:

(750 ILCS 45/6) (from Ch. 40, par. 2506)
Sec. 6. Establishment of Parent and Child Relationship by Consent of the Parties.

(a) A parent and child relationship may be established voluntarily by the signing and witnessing of a voluntary acknowledgment of parentage in accordance with Section 12 of the Vital Records Act, Section 10-17.7 of the Illinois Public Aid Code, or the provisions of the Gestational Surrogacy Act. The voluntary acknowledgment of parentage shall contain the social security numbers of the persons signing the voluntary acknowledgment of parentage; however, failure to include the social security numbers of the persons signing a voluntary acknowledgment of parentage does not invalidate the voluntary acknowledgment of parentage.

(1) A parent-child relationship may be established in the event of gestational surrogacy if all of the following conditions are met prior to the birth of the child:

(A) The gestational surrogate certifies that she is not the biological mother of the child, and that she is carrying the child for the intended parents.

(B) The husband, if any, of the gestational surrogate certifies that he is not the biological father of the child.

(C) The intended mother certifies that she provided or an egg donor donated the egg from which the child being carried by the gestational surrogate was conceived.

New matter indicated by italics - deletions by strikeout.
(D) The intended father certifies that he provided or a sperm donor donated the sperm from which the child being carried by the gestational surrogate was conceived.

(E) A physician licensed to practice medicine in all its branches in the State of Illinois certifies that the child being carried by the gestational surrogate is the biological child of the intended mother or the intended father or both and that neither the gestational surrogate nor the gestational surrogate's husband, if any, is a biological parent of the child being carried by the gestational surrogate.

(E-5) The attorneys for the intended parents and the gestational surrogate each certifies that the parties entered into a gestational surrogacy contract intended to satisfy the requirements of Section 25 of the Gestational Surrogacy Act with respect to the child.

(F) All certifications shall be in writing and witnessed by 2 competent adults who are not the gestational surrogate, gestational surrogate's husband, if any, intended mother, or intended father. Certifications shall be on forms prescribed by the Illinois Department of Public Health, shall be executed prior to the birth of the child, and shall be placed in the medical records of the gestational surrogate prior to the birth of the child. Copies of all certifications shall be delivered to the Illinois Department of Public Health prior to the birth of the child.

(2) Unless otherwise determined by order of the Circuit Court, the child shall be presumed to be the child of the gestational surrogate and of the gestational surrogate's husband, if any, if all requirements of subdivision (a)(1) are not met prior to the birth of the child. This presumption may be rebutted by clear and convincing evidence. The circuit court may order the gestational surrogate, gestational surrogate's husband, intended mother, intended father, and child to submit to such medical examinations and testing as the court deems appropriate.

(b) Notwithstanding any other provisions of this Act, paternity established in accordance with subsection (a) has the full force and effect of a judgment entered under this Act and serves as a basis for seeking a child support order without any further proceedings to establish paternity.

New matter indicated by italics - deletions by strikeout.
(c) A judicial or administrative proceeding to ratify paternity established in accordance with subsection (a) is neither required nor permitted.

(d) A signed acknowledgment of paternity entered under this Act may be challenged in court only on the basis of fraud, duress, or material mistake of fact, with the burden of proof upon the challenging party. Pending outcome of the challenge to the acknowledgment of paternity, the legal responsibilities of the signatories shall remain in full force and effect, except upon order of the court upon a showing of good cause.

(e) Once a parent and child relationship is established in accordance with subsection (a), an order for support may be established pursuant to a petition to establish an order for support by consent filed with the clerk of the circuit court. A copy of the properly completed acknowledgment of parentage form shall be attached to the petition. The petition shall ask that the circuit court enter an order for support. The petition may ask that an order for visitation, custody, or guardianship be entered. The filing and appearance fees provided under the Clerks of Courts Act shall be waived for all cases in which an acknowledgment of parentage form has been properly completed by the parties and in which a petition to establish an order for support by consent has been filed with the clerk of the circuit court. This subsection shall not be construed to prohibit filing any petition for child support, visitation, or custody under this Act, the Illinois Marriage and Dissolution of Marriage Act, or the Non-Support Punishment Act. This subsection shall also not be construed to prevent the establishment of an administrative support order in cases involving persons receiving child support enforcement services under Article X of the Illinois Public Aid Code.

(I) A licensed warehouseman that is the result of a statutory merger or consolidation to the extent the combined storage capacity of the resulting warehouseman has been assessed under this Code before the statutory merger or consolidation, except that any storage capacity of the resulting warehouseman that has not previously been assessed under this Code shall be assessed as provided in items (c)(5), (c)(6), and (c)(7) of this Section.

(J) A federal warehouseman who participated in the Fund under Section 30-10 and who subsequently received an Illinois license to the extent the storage capacity of the warehouseman was assessed under this Code prior to Illinois licensing.

(f) Grain seller initial assessments and regular assessments. Assessments under this subsection (f) apply only to the first sale of grain to a grain dealer at an Illinois location.

(1) The grain seller initial assessment period is that period of time beginning on the effective date of this amendatory Act of the 93rd General Assembly and ending on the first assessment determination date thereafter when the equity in the fund is at least $6,000,000.

(2) Subject to paragraph (3) of this subsection (f) (i) if during the grain seller initial assessment period the equity in the Fund is less than $3,000,000 or (ii) if at any time after the grain seller initial assessment period the equity in the Fund is less than $2,000,000, on the first working day of a calendar quarter when a grain seller is not already subject to an assessment under this subsection (f) (the assessment determination date), each person who settles for grain (sold to a grain dealer at an Illinois location) during the 12-month period commencing on the first day of the succeeding calendar quarter (the assessment period) shall pay an
assessment equal to $0.0004 multiplied by the net market value of grain settled for (payment received for grain sold).

(3) The next assessment determination date can be no sooner than the first working day of the fourth full calendar month following the end of the assessment period.

(4) "Net market value" of grain means the gross sales price of that grain adjusted by application of the grain dealer's discount schedule in effect at the time of sale and after deduction of any statutory commodity check-offs. Other charges such as storage charges, drying charges, and transportation costs shall not be deducted in arriving at the net market value of grain sold to a grain dealer. The net market value of grain shall be determined from the settlement sheet or other applicable written evidence of the sale of grain to the grain dealer.

(5) All assessments under this subsection (f) shall commence on the first day of the calendar quarter immediately following the assessment determination date and shall continue for a period of 12 consecutive calendar months. The assessments shall be collected by licensees at the time of settlement during the assessment period, and shall be remitted by licensees to the Department by the twentieth day of each calendar quarter, commencing with the second calendar quarter following the assessment determination date. The Department shall give written notice to all licensees of when an assessment under this subsection (f) is to begin and end, and the appropriate level of the assessment, by mail within 20 days after the assessment determination date.

(6) Assessments under this subsection (f) apply only to grain for which settlement is made during the assessment period, without regard to the date the grain was sold to the licensee.

(7) The collection and remittance of assessments from first sellers of grain under this subsection (f) is the sole responsibility of the licensees to whom the grain is sold. Sellers of grain shall not be penalized by reason of any licensee's failure to comply with this subsection (f). Failure of a licensee to collect any assessment shall not relive the grain seller from paying the assessment, and the grain seller shall promptly remit the uncollected assessments upon demand by the licensee, which may be accounted for in settlement of grain subsequently sold to that licensee. Licensees who do not collect assessments as required by this subsection (f), or who do
not remit those assessments to the Department within the time deadlines required by this subsection (f), shall remit the amount of the assessments that should have been remitted to the Department and in addition shall be subject to a monetary penalty in an amount not to exceed $1,000.

(8) Notwithstanding the other provisions of this subsection (f), no assessment shall be levied against grain sold by the Department as a result of a failure.

(g) Lender assessments.

(1) Subject to the provisions of this subsection (g), if on the first working day of a calendar quarter when a person is not already subject to an assessment under this subsection (g) the equity in the Fund is less than $6,000,000, each person holding warehouse receipts issued from an Illinois location on grain owned or stored by a licensee to secure a loan to that licensee shall be assessed a quarterly lender assessment for each of 4 consecutive calendar quarters beginning with the calendar quarter next succeeding the assessment determination date.

(2) Each quarterly lender assessment shall be at the rate of $0.00000055 per bushel per day for bushels covered by a warehouse receipt held as security for the loan during that calendar quarter times the applicable commodity price times the lender assessment multiplier, if any, determined by the Department in accordance with paragraph (3) of this subsection (g). With respect to each calendar quarter within the assessment period, the "applicable commodity price" shall be the closing price paid by the licensee on the last working day of that calendar quarter for the base commodity for which the warehouse receipt was issued.

(3) With respect to the second assessment period beginning after June 30, 2003, the Department shall determine and apply a lender assessment multiplier equal to 250,000 divided by the aggregate dollar amount of lender assessments imposed under this subsection (g) under the first assessment period beginning after June 30, 2003. With respect to the third assessment period beginning after June 30, 2003, the Department shall determine and apply a lender assessment multiplier equal to 250,000 divided by the average of aggregate dollar amounts of lender assessments imposed under this subsection (g) under the first 2 assessment periods beginning after June 30, 2003. With respect to assessment

periods thereafter, the Department shall determine and apply a lender assessment multiplier equal to 250,000 divided by the average of the 3 most recent aggregate dollar amounts of lender assessments imposed under this subsection (g).

(4) The next assessment determination date can be no sooner than the first working day of the fourth full calendar month following the end of the assessment period.

(5) The Department shall give written notice by mail within 20 days after the assessment determination date to all licensees of when assessments under this subsection (g) are to begin and end, the rate of the lender assessment, and the lender assessment multiplier, if any, that shall apply.

(6) It is the responsibility of a licensee to inform each of its lenders and other persons by virtue of whose relationship with the licensee this subsection (g) will apply as to the onset of an assessment for which that person might be liable and the applicable lender assessment multiplier, if any. The notification must be in writing and, as to persons subject to assessment under this subsection (g) on the assessment determination date, must be sent no later than 20 days after the licensee receives notice of an assessment from the Department. As to persons not subject to assessment under this subsection (g) as of the assessment determination date, the notice shall be sent or given no later than the closing of any transaction subsequent to the assessment determination date involving the licensee and by virtue of which transaction the person is made subject to assessment under this subsection (g).

(7) Within 20 days after the end of each calendar quarter within the assessment period, each licensee shall send to each lender with which it has been associated during that calendar quarter and to the Department a written notice of quarterly assessment together with the information needed to determine the amount of the quarterly assessment owing with respect to loans from that lender. This information shall include the number of bushels covered by each warehouse receipt, organized by commodity, held as security for the loan owing to that lender, the number of days each of those warehouse receipts was outstanding during that calendar quarter, the applicable commodity price, the applicable lender assessment multiplier, the amount of the resulting

quarterly lender assessment, and the due date of the quarterly assessment.

(8) Each quarterly assessment shall be due and paid by the lender or its designee to the Department within 20 days after the end of the calendar quarter to which the assessment pertains.

(9) Lenders shall not be penalized by reason of any licensee's failure to comply with this subsection (g). Failure of a licensee to comply with this subsection (g) shall not relieve the lender from paying the assessment, and the lender shall promptly remit the uncollected assessments by the due date as set forth in the notice from the licensee.

(10) This subsection (g) applies to any person who holds a grain warehouse receipt issued by a licensee from an Illinois location pursuant to any transaction, regardless of its form, that creates a security interest in the grain including, without limitation, the advancing of money or other value to or for the benefit of a licensee upon the licensee's issuance or negotiation of a grain warehouse receipt and pursuant to or in connection with an agreement between the licensee and a counter-party for the repurchase of the grain by the licensee or designee of the licensee. For purposes of this subsection (g), any such transaction shall be treated as one in which grain is held as security for a loan outstanding to a licensee within the meaning of this subsection (g), and such a person shall be treated as a lender.

(11) The Department shall immediately deposit all paid assessments under this subsection (g) into the Fund. (h) Equity in the Fund shall exclude moneys owing to the State or the Reserve Fund as a result of transfers to the Fund from the General Revenue Fund or the Reserve Fund under subsection (h) of Section 25-20. Notwithstanding the foregoing, for purposes of calculating equity in the Fund during the grain seller initial assessment period and assessing grain sellers, it shall be presumed that the State is owed, prior to repayment, only $2,000,000 and the Reserve Fund contains a balance of $2,000,000. Under no circumstances, however, shall there be more than 2 consecutive grain seller assessments during the initial assessment period, unless there is a failure that reduces the equity in the Fund to below $3,000,000.

(i) Notwithstanding the provisions of subsections (d)(4), (f)(3), and (g)(4) of this Section or any other law to the contrary, until the equity in

the Fund reaches a level of $6,000,000 for the first time, assessment periods shall continue without interruption, subject to the termination of assessments on grain sellers provided in subsections (f)(2) and (h) of this Section.

Section 99. Effective date. This Act takes effect upon becoming law.

Passed in the General Assembly January 10, 2005
Approved March 31, 2005.
Effective March 31, 2005.

PUBLIC ACT 93-1098
(House Bill No. 0834)

AN ACT in relation to municipal government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Municipal Code is amended by changing Sections 7-1-1 and 11-74.4-4 as follows:

(65 ILCS 5/7-1-1) (from Ch. 24, par. 7-1-1)
Sec. 7-1-1. Annexation of contiguous territory. Any territory that is not within the corporate limits of any municipality but is contiguous to a municipality may be annexed to the municipality as provided in this Article. For the purposes of this Article any territory to be annexed to a municipality shall be considered to be contiguous to the municipality notwithstanding that the territory is separated from the municipality by a strip parcel or railroad or public utility right-of-way, but upon annexation the area included within that strip parcel or right-of-way shall not be considered to be annexed to the municipality. For purposes of this Section, "strip parcel" means a separation no wider than 30 feet between the territory to be annexed and the municipal boundary.

Except in counties with a population of more than 500,000 but less than 3,000,000, territory which is not contiguous to a municipality but is separated therefrom only by a forest preserve district or open land or open space that is part of an open space program, as defined in Section 115-5 of the Township Code, may be annexed to the municipality pursuant to Sections 7-1-7 or 7-1-8, but only if the annexing municipality can show that the forest preserve district, open land, or open space creates an artificial barrier preventing the annexation and that the location of the

New matter indicated by italics - deletions by strikeout.
forest preserve district, open land, or open space property prevents the orderly natural growth of the annexing municipality. It shall be conclusively presumed that the forest preserve district, open land, or open space does not create an artificial barrier if the property sought to be annexed is bounded on at least 3 sides by (i) one or more other municipalities (other than the municipality seeking annexation through the existing forest preserve district, open land, or open space), (ii) forest preserve district property, open land, or open space, or (iii) a combination of other municipalities and forest preserve district property, open land, or open space. It shall also be conclusively presumed that the forest preserve district, open land, or open space does not create an artificial barrier if the municipality seeking annexation is not the closest municipality to the property to be annexed. The territory included within such forest preserve district, open land, or open space shall not be annexed to the municipality nor shall the territory of the forest preserve district, open land, or open space be subject to rights-of-way for access or services between the parts of the municipality separated by the forest preserve district, open land, or open space without the consent of the governing body of the forest preserve district. The changes made to this Section by this amendatory Act of 91st General Assembly are declaratory of existing law and shall not be construed as a new enactment.

In counties that are contiguous to the Mississippi River with populations of more than 200,000 but less than 255,000, a municipality that is partially located in territory that is wholly surrounded by the Mississippi River and a canal, connected at both ends to the Mississippi River and located on property owned by the United States of America, may annex noncontiguous territory in the surrounded territory under Sections 7-1-7, 7-1-8, or 7-1-9 if that territory is separated from the municipality by property owned by the United States of America, but that federal property shall not be annexed without the consent of the federal government.

When any land proposed to be annexed is part of any Fire Protection District or of any Public Library District and the annexing municipality provides fire protection or a public library, as the case may be, the Trustees of each District shall be notified in writing by certified or registered mail before any court hearing or other action is taken for annexation. The notice shall be served 10 days in advance. An affidavit that service of notice has been had as provided by this Section must be filed with the clerk of the court in which the annexation proceedings are

New matter indicated by italics - deletions by strikeout.
pending or will be instituted or, when no court proceedings are involved, with the recorder for the county where the land is situated. No annexation of that land is effective unless service is had and the affidavit filed as provided in this Section.

The new boundary shall extend to the far side of any adjacent highway and shall include all of every highway within the area annexed. These highways shall be considered to be annexed even though not included in the legal description set forth in the petition for annexation. When any land proposed to be annexed includes any highway under the jurisdiction of any township, the Township Commissioner of Highways and the Board of Town Trustees shall be notified in writing by certified or registered mail before any court hearing or other action is taken for annexation. In the event that a municipality fails to notify the Township Commissioner of Highways and the Board of Town Trustees of the annexation of an area within the township, the municipality shall reimburse that township for any loss or liability caused by the failure to give notice. If any municipality has annexed any area before October 1, 1975, and the legal description in the petition for annexation did not include the entire adjacent highway, any such annexation shall be valid and any highway adjacent to the area annexed shall be considered to be annexed notwithstanding the failure of the petition to annex to include the description of the entire adjacent highway.

Any annexation, disconnection and annexation, or disconnection under this Article of any territory must be reported by certified or registered mail by the corporate authority initiating the action to the election authorities having jurisdiction in the territory and the post office branches serving the territory within 30 days of the annexation, disconnection and annexation, or disconnection.

Failure to give notice to the required election authorities or post office branches will not invalidate the annexation or disconnection. For purposes of this Section "election authorities" means the county clerk where the clerk acts as the clerk of elections or the clerk of the election commission having jurisdiction.

No annexation, disconnection and annexation, or disconnection under this Article of territory having electors residing therein made (1) before any primary election to be held within the municipality affected thereby and after the time for filing petitions as a candidate for nomination to any office to be chosen at the primary election or (2) within 60 days before any general election to be held within the municipality shall be

effective until the day after the date of the primary or general election, as the case may be.

For the purpose of this Section, a toll highway or connection between parcels via an overpass bridge over a toll highway shall not be considered a deterrent to the definition of contiguous territory.

When territory is proposed to be annexed by court order under this Article, the corporate authorities or petitioners initiating the action shall notify each person who pays real estate taxes on property within that territory unless the person is a petitioner. The notice shall be served by certified or registered mail, return receipt requested, at least 20 days before a court hearing or other court action. If the person who pays real estate taxes on the property is not the owner of record, then the payor shall notify the owner of record of the proposed annexation.

Upon adoption of the ordinances, the municipality shall forthwith transmit to the county clerk of the county or counties within which the redevelopment project area is located a certified copy of the ordinances, a legal description of the redevelopment project area, a map of the redevelopment project area, identification of the year that the county clerk shall use for determining the total initial equalized assessed value of the redevelopment project area consistent with subsection (a) of Section 11-74.4-9, and a list of the parcel or tax identification number of each parcel of property included in the redevelopment project area.

(b) Make and enter into all contracts with property owners, developers, tenants, overlapping taxing bodies, and others necessary or incidental to the implementation and furtherance of its redevelopment plan and project. Payments received under contracts entered into by the municipality prior to the effective date of this amendatory Act of the 93rd General Assembly that are received after the redevelopment project area has been terminated by municipal ordinance shall be deposited into a special fund of the municipality to be used for other community redevelopment needs within the redevelopment project area.

(c) Within a redevelopment project area, acquire by purchase, donation, lease or eminent domain; own, convey, lease, mortgage or dispose of land and other property, real or personal, or rights or interests therein, and grant or acquire licenses, easements and options with respect thereto, all in the manner and at such price the municipality determines is reasonably necessary to achieve the objectives of the redevelopment plan and project. No conveyance, lease, mortgage, disposition of land or other property owned by a municipality, or agreement relating to the development of such municipal property shall be made except upon the adoption of an ordinance by the corporate authorities of the municipality. Furthermore, no conveyance, lease, mortgage, or other disposition of land owned by a municipality or agreement relating to the development of such

municipal property shall be made without making public disclosure of the terms of the disposition and all bids and proposals made in response to the municipality's request. The procedures for obtaining such bids and proposals shall provide reasonable opportunity for any person to submit alternative proposals or bids.

(h) Accept grants, guarantees and donations of property, labor, or other things of value from a public or private source for use within a project redevelopment area.

(i) Acquire and construct public facilities within a redevelopment project area, as permitted under this Act.

(j) Incur project redevelopment costs and reimburse developers who incur redevelopment project costs authorized by a redevelopment agreement; provided, however, that on and after the effective date of this amendatory Act of the 91st General Assembly, no municipality shall incur redevelopment project costs (except for planning costs and any other eligible costs authorized by municipal ordinance or resolution that are subsequently included in the redevelopment plan for the area and are incurred by the municipality after the ordinance or resolution is adopted) that are not consistent with the program for accomplishing the objectives of the redevelopment plan as included in that plan and approved by the municipality until the municipality has amended the redevelopment plan as provided elsewhere in this Act.

(k) Create a commission of not less than 5 or more than 15 persons to be appointed by the mayor or president of the municipality with the consent of the majority of the governing board of the municipality. Members of a commission appointed after the effective date of this amendatory Act of 1987 shall be appointed for initial terms of 1, 2, 3, 4 and 5 years, respectively, in such numbers as to provide that the terms of not more than 1/3 of all such members shall expire in any one year. The commission shall also have the power to hold the public hearings required by this division and make recommendations to the corporate authorities concerning the adoption of redevelopment plans, redevelopment projects and designation of redevelopment project areas.

WHEREAS, Today, the mission of the American Red Cross is more relevant than ever as it confronts a changing America full of unique challenges; the heroic efforts of the first responders to the September 11, 2001 terrorist attacks became a source of strength for millions of people around the world struggling to comprehend this terrible tragedy; from their example came a new resolve, to be better prepared in the event of another wide-scale attack anywhere in America; and

WHEREAS, In a collaborative effort with the State of Illinois, the federal government, and other members of the emergency planning community, the Red Cross and its partners are better able to serve the nation; through its bold, new Together We Prepare initiative, the Red Cross is leading the way in empowering individuals and families to protect themselves; with five simple steps, make a plan, build a kit, get trained, volunteer, and give blood, the Red Cross and Americans from coast to coast will help make their communities safer; and

WHEREAS, For more than 121 years, the American Red Cross has honored its mission to provide relief to victims of disasters while helping people prevent, prepare for, and respond to emergencies; last year alone, more than 27,000 silent heroes in Illinois helped their neighbors by volunteering at their local Red Cross chapter, and 500,000 more took the time to learn lifesaving skills such as first aid, CPR, and defibrillator use; thousands of Illinoisans rolled up their sleeves to donate over 100,000 gifts of blood and blood products, the gift of life, through the American Red Cross, and over 31,000 people across Illinois turned to the American Red Cross for disaster education training; and

WHEREAS, All of these services, and many others, are provided through 36 locally governed and supported Red Cross chapters and 5 Blood Services regions; community involvement is critical for programs that prepare individuals, families, and neighborhoods for emergencies; through its presence across the country, the Red Cross is the leader in empowering people in every neighborhood to be ready and prepared for the unexpected; and

WHEREAS, The victims of more than 2,500 disasters, from fires that affected a single structure to large-scale events such as floods that devastated central Illinois, tornadoes that ravaged southern Illinois, and other emergency events across the State, received help from the Red Cross last year; the Red Cross also responded to international emergencies by aiding other countries devastated by natural disasters and helping people in other nations get access
to safe drinking water and battle malnutrition and life-threatening diseases such as measles; more than 13,000 Illinois military families received direct assistance from the Red Cross, keeping them connected in times of great personal sorrow and joy; and

WHEREAS, Those who need blood, those who are victims of disaster, or those who are the recipients from the broad spectrum of community services rely on the American Red Cross every day; compassionate and caring people who wanted to make a difference in their community and across the nation, at home and abroad, channeled their support through the American Red Cross; and

WHEREAS, The State of Illinois and the American Red Cross have worked strongly together to make our communities safer; the American Red Cross was an original member of the Illinois Terrorism Task Force and makes important contributions to our State efforts for homeland security; the State of Illinois is proud of its relationship with the American Red Cross; therefore, be it

RESOLVED, BY THE STATE OF THE NINETY-THIRD GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE HOUSE OF REPRESENTATIVES CONCURRING HEREIN, that we proclaim March 2003 as American Red Cross Month in Illinois and urge all our citizens to become partners in preparedness with their local Red Cross chapters and to become active participants in advancing the noble mission of the Red Cross; and be it further

RESOLVED, That we applaud and recognize the selfless dedication of generations of Red Cross volunteers and staff; and be it further

WHEREAS, Displaced homemakers are often disproportionately poor when compared to the rest of the population; and
WHEREAS, Displaced homemakers must enter the workforce to support themselves and their families, but may face significant barriers to economic self-sufficiency due to a limited education, a lack of work experience, and age discrimination in the hiring process and the workplace; and

WHEREAS, Displaced homemakers may face severe housing problems because they are suddenly left with little or no income and have difficulty finding adequate employment, and because those who are awarded their homes in divorce settlements often cannot afford to maintain the mortgage payments and property taxes; and

WHEREAS, In fiscal year 2002, 1,758 displaced homemakers were enrolled in the Illinois Displaced Homemaker Program, administered by the Illinois Department of Labor, and 75% of these individuals were considered the sole financial support for children under the age of 18; and

WHEREAS, As states respond to federal welfare reform and workforce development legislation, it is likely that Illinois will experience changes in the types of services they currently provide; and

WHEREAS, It is important to continue responding to the needs of displaced homemakers and to expand services to reach more displaced homemakers by moving them out of poverty and beyond reliance on State welfare support and into gainful employment so they may become more active participants in the Illinois economy; therefore be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-THIRD GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE SENATE CONCURRING HEREIN, that a Task Force on Displaced Homemakers, comprised of members of the General Assembly, representatives of the Governor, and concerned members of the public, be created to investigate the services currently offered to displaced homemakers in Illinois and to make recommendations for improvements to those services; and be it further

RESOLVED, That 2 members who are elected members of the House of Representatives or the Senate be appointed by each of the following elected officials; the Speaker of the House, the Minority Leader of the House, the President of the Senate, and the Minority Leader of the Senate; and be it further

RESOLVED, That 2 members be appointed by the Governor to represent State agencies currently offering services and assistance to the displaced homemaker population in Illinois; and be it further

RESOLVED, That the members of the General Assembly appointed to the Task Force appoint 2 chairpersons, who shall be members of the Task Force who are members of the General Assembly; and be it further
RESOLVED, That meetings of the Task Force be held at the call of the chairpersons and that the chairpersons appoint 4 members of the public who have adequate expertise on the issue of displaced homemakers and the services and assistance provided to them; and be it further

RESOLVED, That all appointed members of the Task Force shall be considered to be members with voting rights, that a quorum of the Task Force shall consist of a simple majority of the members of the Task Force, and that all actions and recommendations of the Task Force be approved by a simple majority of the members of the Task Force; and be it further

RESOLVED, That members appointed to the Task Force shall be compensated only for costs that arise out of their official duties with the Task Force and that compensation shall come from an appropriate fund; and be it further

RESOLVED, That a suitable copy of this resolution be delivered to the Governor.

TASK FORCE ON TRIAL OF JUVENILES IN ADULT COURT
(Senate Joint Resolution No. 53)

WHEREAS, The adoption of balanced and restorative justice in the Juvenile Court Act of 1987 also imposes on the juvenile court system an obligation to provide competency-building services to youths while under the jurisdiction of the court; and

WHEREAS, The adoption of Redploy Illinois has the potential to provide funding for competency-building services in counties throughout the State, thereby reducing the State's costly practice of relying on incarceration; and

WHEREAS, Recent national studies question whether juveniles are developmentally competent to make the legal decisions necessary in adult criminal court proceedings; and

WHEREAS, One recent study of nearly 1,000 juveniles concluded that approximately one-third of 11 through 13 year olds and approximately one-fifth of 14 through 15 year olds were as impaired in capacities that affect their competence to stand trial as are seriously mentally ill adults who would likely be considered incompetent; and

WHEREAS, In addition, studies indicate that immaturity may affect the performance of youths as defendants in ways that extend beyond the elements of understanding and reasoning that are explicitly relevant under the law, since, compared to young adults, adolescents are more likely to comply
with authority figures, less likely to recognize the risks inherent in the various choices they face, and less likely to consider the long-term consequences of their legal decisions; and

WHEREAS, Numerous national, legal, and medical organizations (including the American Bar Association, the National Council of Juvenile and Family Court Judges, the American Academy of Pediatricians, and the Association of Adolescent Psychiatrists) oppose the trial of youths in adult criminal court unless the decision has been made on an individual basis following a court hearing with adequate consideration of all relevant issues and with full due process protections; and

WHEREAS, Courts have consistently warned that fundamental due process protections are necessary to ensure that the critical decision to try a minor as an adult is made on an individual basis, taking into account all relevant factors including the circumstances of the offense, the age of the minor, the competency of the minor, the educational and emotional capacity of the minor, the background of the minor including physical, developmental, and mental capacity, and the resources of the juvenile court; therefore, be it

RESOLVED, BY THE SENATE OF THE NINETY-THIRD GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE HOUSE OF REPRESENTATIVES CONCURRING HEREFIN, that there is created a Task Force on Trial of Juveniles in Adult Court, comprised of Members of the General Assembly, representatives of the Governor, the Director of Corrections or his or her designee, and concerned members of the public, to study and make recommendations for improvements in transfer laws stating when juveniles shall be tried as adults; and be it further

RESOLVED, That two members who are elected Members of the House of Representatives and two members who are elected Members of the Senate be appointed, one each by the Speaker of the House of Representatives, the Minority Leader of the House of Representatives, the President of the Senate, and the Minority Leader of the Senate; and be it further

RESOLVED, That the Speaker of the House of Representatives and the President of the Senate or their designees shall serve as co-chairs; and be it further

RESOLVED, That at least one member be appointed by the Governor; and be it further

RESOLVED, That the Task Force shall meet at least 4 times while the General Assembly is in recess and report any findings and recommendations to the General Assembly by December 31, 2004.

Adopted by the Senate, May 18, 2004.

EXECUTIVE ORDER TO TRANSFER CERTAIN ADMINISTRATIVE AND SUPPORT FUNCTIONS OF THE ILLINOIS BUILDING COMMISSION TO THE CAPITAL DEVELOPMENT BOARD

WHEREAS, Article V, Section 11 of the Illinois Constitution authorizes the Governor to reassign functions or reorganize executive agencies that are directly responsible to him by means of executive order; and

WHEREAS, Section 3.2 of the Executive Reorganization Implementation Act, 15 ILCS 15/3.2, provides that “Reorganization” includes, in pertinent part (a) the transfer of the whole or any part of any agency, or of the whole or any part of the functions thereof, to the jurisdiction and control of any other agency, and (b) the consolidation or coordination of the whole or any part of any other agency, or of the whole or any part of the functions thereof, with the whole or any part of any other agency or the functions thereof; and

WHEREAS, the Capital Development Board and the Illinois Building Commission are executive agencies directly responsible to the Governor which exercise the rights, powers, duties and responsibilities derived from 20 ILCS 3105 et seq. and 20 ILCS 3918 et seq., respectively; and

WHEREAS, streamlining and consolidating some of the administrative and support functions of these agencies into a single agency offers the opportunity to eliminate redundancy, simplify the organizational structure of the Executive Branch, improve accessibility and accountability, provide more efficient use of specialized expertise and facilities, realize savings in administrative costs, promote more effective sharing of best practices and state of the art technology and realize other cost savings, among other things; and

WHEREAS, the Illinois Building Commission (i) serves as a forum to suggest resolution of conflicts between State agencies, or
between a State agency and another entity that consents to the resolution forum, concerning State building requirements, and (ii) reviews proposed State building requirement amendments and proposed legislation for conflicts with current State law or building requirements and makes recommendations concerning those amendments or laws to the proper authorities; and

WHEREAS, the aforementioned benefits can be achieved by transferring some of the administrative and support functions, including information technology, clerical, accounting, human resources and office space (the “Functions”) of the Illinois Building Commission (the “Transferring Agency”) to the Capital Development Board (the “Receiving Agency”); and

WHEREAS, the consolidation and streamlining of the Functions of the Transferring Agency to the Receiving Agency shall not impede, disrupt or impair in any fashion the independent and conflict resolution responsibilities and duties of the Transferring Agency as contemplated in 20 ILCS 3918 et seq.

THEREFORE, pursuant to the powers vested in me by Article V, Section 11 of the Illinois Constitution, I hereby order:

I. TRANSFER

Effective July 1, 2004, the powers, duties, rights and responsibilities related to the Functions of the Transferring Agency shall be transferred to the Receiving Agency. The statutory powers, duties, rights and responsibilities of the Transferring Agency associated with these Functions derive from 20 ILCS 3918 et seq.

II. EFFECT OF TRANSFER

The powers, duties, rights and responsibilities other than the Functions vested in the Transferring Agency shall not be affected by this Executive Order, including the Transferring Agency’s ability to serve as an independent forum to suggest resolution of conflicts between State agencies, or between a State agency and another entity that consents to the resolution forum, concerning State building requirements, except that the Functions necessary to the operation of the Transferring Agency shall be provided by the Receiving Agency.

A. The staff of the Transferring Agency engaged in the performance of the Functions shall be transferred to the Receiving Agency. The status and rights of such employees under the Personnel Code shall not be affected by the transfer. The rights of the employees, the State and its agencies under the Personnel Code and applicable collective bargaining agreements or under any pension, retirement or annuity plan shall not be affected by this
Executive Order. Personnel under the Transferring Agency affected by this Executive Order shall continue their service within the Receiving Agency.

B. All books, records, papers, documents, property (real and personal), contracts, and pending business pertaining to the powers, duties, rights and responsibilities transferred by this Executive Order from the Transferring Agency to the Receiving Agency, including but not limited to material in electronic or magnetic format and necessary computer hardware and software, shall be delivered to the Receiving Agency.

C. All unexpended appropriations and balances and other funds available for use in connection with any of the Functions shall be transferred for use by the Receiving Agency for the Functions pursuant to the direction of the Governor. Unexpended balances so transferred shall be expended only for the purpose for which the appropriation was originally made.

III. SAVINGS CLAUSE

A. The powers, duties, rights and responsibilities related to the Functions and transferred from the Transferring Agency by this Executive Order shall be vested in and shall be exercised by the Receiving Agency. Each act done in exercise of such powers, duties, rights and responsibilities shall have the same legal effect as if done by the Transferring Agency or its divisions, officers or employees.

B. Every person or entity shall be subject to the same obligations and duties and any penalties, civil or criminal, arising therefrom, and shall have the same rights arising from the exercise of such powers, duties, rights and responsibilities as had been exercised by the Transferring Agency or its divisions, officers or employees.

C. Every officer of the Receiving Agency shall, for any offense, be subject to the same penalty or penalties, civil or criminal, as are prescribed by existing law for the same offense by any officer whose powers or duties were transferred under this Executive Order.

D. Whenever reports or notices are now required to be made or given or papers or documents furnished or served by any person to or upon the Transferring Agency in connection with any of the Functions transferred by this Executive Order, the same shall be made, given, furnished or served
in the same manner to or upon the Receiving Agency.

E. This Executive Order shall not affect any act done, ratified or canceled or any right occurring or established or any action or proceeding had or commenced in an administrative, civil or criminal cause regarding the Functions of the Transferring Agency before this Executive Order takes effect; such actions or proceedings may be prosecuted and continued by the Receiving Agency.

F. Any rules of the Transferring Agency that relate to the Functions, are in full force on the effective date of this Executive Order and have been duly adopted by the Transferring Agency shall become the rules of the Receiving Agency for the Functions. This Executive Order shall not affect the legality of any such rules in the Illinois Administrative Code. Any proposed rulings filed with the Secretary of State by the Transferring Agency that are pending in the rulemaking process on the effective date of this Executive Order and pertain to the Functions transferred, shall be deemed to have been filed by the Receiving Agency. As soon as practicable hereafter, the Receiving Agency shall revise and clarify the rules transferred to it under this Executive Order to reflect the reorganization of rights, powers and duties affected by this Order, using the procedures for recodification of rules available under the Illinois Administrative Procedures Act, except that existing title, part, and section numbering for the affected rules may be retained. The Receiving Agency may propose and adopt under the Illinois Administrative Act such other rules of the reorganized agencies that will now be administered by the Receiving Agency.

IV. SEVERABILITY

If any provision of this Executive Order or its application to any person or circumstance is held invalid by any court of competent jurisdiction, this invalidity does not affect any other provision or application of this Executive Order which can be given effect without the invalid provision or application. To achieve this purpose, the provisions of this Executive Order are declared to be severable.

EXECUTIVE ORDER INSTITUTING USE OF E-85 AND BIODIESEL BLEND FUELS IN FLEXIBLE FUEL VEHICLES AND DIESEL POWERED VEHICLES IN THE STATE OF ILLINOIS FLEET

WHEREAS, Illinois is the leading producer of soybeans and the second leading producer of corn in the United States, agricultural commodities used in the production of renewable fuels such as E-85 and biodiesel;

WHEREAS, numerous economic developmental and environmental benefits result from the use of renewable fuels, including but not limited to strengthening our agricultural sector by increasing demand for soybeans and corn, improving net farm income, improving our rural economies, creating new renewable fuels industry related jobs, reducing our dependence on foreign oil, improving our energy security, and reducing greenhouse gas emissions;

WHEREAS, there are currently at least 25 public, government and private E-85 refueling facilities in Illinois;

WHEREAS, the State of Illinois was one of the first states in the country to purchase and operate E-85 Flexible Fuel Vehicles, and the State of Illinois has one of the largest fleets of E-85 vehicles in the country;

WHEREAS, Public Act No. 093-0015, which I signed on June 11, 2003, will increase the cost competitiveness of E-85 and biodiesel blends for the people of Illinois;

WHEREAS, executive agencies of the State of Illinois should be at
the forefront in utilizing E-85 and biodiesel blended fuels in flexible fuel and diesel powered vehicles in the State’s fleet in order to actively demonstrate the economic development and environmental benefits to be realized from utilization of renewable fuels;

THEREFORE, I Rod R. Blagojevich, hereby order the following:

I. The Illinois Department of Central Management Services (CMS) is directed to immediately take all actions necessary to allow for the procurement of 2% blends of biodiesel (B2) fuel for the State’s diesel-powered vehicle fleet and to investigate ways in which to strengthen the infrastructure for increasing the availability of B2 and E-85 for the State’s flexible fuel fleet, including, but no limited to upgrading current E-95 fuel storage tanks at State facilities and establishing new State operated B2 refueling stations.

II. The Illinois Department of Commerce and Economic Opportunity (DCEO) is directed to develop a plan designed to facilitate usage of E-85 and B2 in the State’s flexible fuels vehicle fleet and actively pursue the establishment of additional E-85 and biodiesel refueling facilities at public retail outlets. The plan shall address reporting requirements on usage, necessary to provide a basis for documenting utilization of E-95 and B2 by State employees and to provide a basis to evaluate performance and costs of using E-85 and B2; employee incentive programs that could be offered by the State alone; or in conjunction with private sector partners; and marketing the benefits of E-95 and biodiesel blends. CMS shall act in an advisory capacity to DCEO in the development of the plan.

III. The Directors of all executive agencies utilizing the State’s fleet of flexible fuel vehicles shall implement policies, rules, and/or procedures requiring that employees under their jurisdiction use E-85 and B2 when operating flexible fuels and diesel powered vehicles in the State fleet, whenever practical, in the course of their state employment. For purposes of this Executive Order, the term “whenever practical” refers to the reasonableness of obtaining E-85 or B2 given the proximity of the employee operating a flexible fuels vehicle to an E-85 or biodiesel fueling facility when the need to obtain fuel arises.

IV. In all future State of Illinois purchases or rentals of vehicles for state use, the purchasing agency may establish reasonable priorities for the purchase or rental of flexible
fuel E-85 vehicles especially flexible fuel hybrid electric vehicles capable of using E-85 fuel. For diesel powered vehicles, the purchasing agency may establish reasonable priorities for those vehicles that can use blends of biodiesel or ethanol.

V. Savings Clause: Nothing in this Executive Order shall be construed to contravene any applicable state or federal law.

VI. Severability. If any provision of this Executive Order or its application to any person or circumstance is held invalid by any court of competent jurisdiction, this invalidity does not affect any other provision or application of this Executive Order which can be given effect without the invalid provision or application.

VII. Effective Date: This Executive Order shall be in full force and effect upon its filing with the Secretary of State.

2004-14
EXECUTIVE ORDER CREATING THE SAFE GAMES ILLINOIS TASK FORCE ON VIOLENT AND SEXUALLY EXPLICIT VIDEO GAMES

WHEREAS, the popularity of video games among all Americans including youth in Illinois has exponentially increased and in 2003, the video game industry collected $5.8 billion in revenues; and

WHEREAS, ninety two percent of all children ages two to seventeen play video games; and children between the ages of eight and eighteen years old play an average of 20 to 30 minutes of video games each day; boys spend an average of thirteen hours per week playing video games; and many children play video games as their primary, if not exclusive leisure activity; and

WHEREAS, with each new day, new technology creates video games that more realistically depict human behavior and these games have become increasingly violent and sexually explicit; and

WHEREAS, the video game industry created the Entertainment Software Rating Board (ESRB) to rate video games as EC – Early Childhood; E – Everyone; T – Teen; M – Mature; and AO – Adult Only; and

WHEREAS, the ESRB rating system is intended to notify parents which games are appropriate for their children to play, but it neither prohibits children from playing sexually explicit or violent video games,
nor prohibits retailers from selling such games to children; and
WHEREAS, only ten percent of games released in 2003 were M-rated, but 87% of boys play M-rated video games; and
WHEREAS, a Federal Trade Commission Study found that teens were able to purchase M-rated games 69% of the time they tried to do so and it is evident that the industry does not effectively enforce its own standards; and
WHEREAS M-rated games often contain, among other things, profanity, consumption of illegal drugs, alcohol, and tobacco; partial nudity, graphic depictions of rape and other sexual acts; blood, the mutilation of body parts, dismemberment, and the infliction of serious human injury, including death; and
WHEREAS, studies indicate that playing violent video games increases aggressive behavior in the player and may increase societal violence; and
WHEREAS, researchers have found that playing violent video games causes a thirteen percent to twenty-two percent increase in adolescents’ violent behavior; and
WHEREAS, A Stanford University study found that reducing the amount of time third and fourth graders spend watching television and playing video games to under seven hours per week decreases verbal aggression by fifty percent and physical aggression by forty percent; and
WHEREAS, the ultimate responsibility of monitoring what video games a child plays lies with that child’s parents; however, children are often more technologically savvy than their parents, who may have difficulty even playing the games to discover their contents; and
WHEREAS, a working family may not have the time and technological sophistication to monitor each and every game its children play; and one third of all children ages two to eighteen have a video game playing system in their bedrooms, making it especially difficult for parents to know what games their children are playing at all times;
THEREFORE, I hereby order the following:
1. Within the Department of Public Health, there shall be created the Safe Games Illinois Task Force to study the aforementioned issues related to violent and sexually explicit video games and serve as an advisory board to the Governor.
2. The Task Force shall consist of twenty-four members, all to be appointed by the Governor. Of the twenty-four members, one shall serve as Chairperson. The Governor shall determine who serves as Chairperson. Additional members may be appointed in the future at the Governor’s discretion.
3. The Task Force’s duties shall be the following, including but not
limited to:

! Reviewing the content of video games to determine which games are violent or sexually explicit and may be inappropriate for Illinois children;
! Compiling a list of and informing parents about potentially inappropriate games for children and displaying the list on the safegamesillinois.org website;
! Informing the Governor of parents’ concerns and providing recommendations on how to educate parents and the public about violent and sexually explicit video games:
! Creating a parents working group to actively solicit input from parents around the state.

WHEREAS, ovarian cancer is a disease that begins as a tumor in the ovaries of a woman. The cancer can then “shed” and create new tumors in the peritoneum (membrane that lines the abdomen) and diaphragm, and if left untreated can spread to the rest of the body through the bloodstream (metastasize) and lead to death; and

WHEREAS, the cause of ovarian cancer is unknown, although age (women over 50 are more at risk), never getting pregnant, the use of talc, the use of hormone replacement therapy after menopause (HRT), and a family or personal history of ovarian, breast or colon cancer all may increase the chances of developing the disease; and

WHEREAS, the risk of developing ovarian cancer may be reduced by breast feeding, taking birth control pills (and other methods of reducing the number of a woman’s ovulations), reducing the amount of fat in the diet, or having had surgical operations including a tubal ligation, a hysterectomy, or having one’s ovaries removed; and

WHEREAS, if detected and treated early, the chances of recovery from ovarian cancer are good. However, there may be no symptoms or only mild ones in the early stage of the disease (researches are still trying to develop accurate early tests for tumors). WHEREAS, organizations like the National Ovarian Cancer Coalition and the Chicago Ovarian Cancer Alliance play instrumental roles in combating the disease through outreach methods including education, support, and advocacy; and

WHEREAS, increased awareness of the risk factors, symptoms, and scope of ovarian cancer can save lives by promoting early detection, and thereby improving the prevention and treatment of the disease:

NATIONAL FIBRODYSPLASIA OSSIFICANS PROGRESSIVA AWARENESS WEEK

WHEREAS, Fibrodysplasia Ossificans Progressiva (F.O.P.) is a rare genetic disorder in which bone forms within muscles, sometimes forming a bridge of extra bone across a joint, restricting movement of the body. F.O.P. literally means, “soft connective tissues that progressively turn to bone;” and

WHEREAS, while it is still unclear why the disease functions as it does, it has been determined that it is genetic. An unaffected parent can pass it along to their child without knowing. A person living with F.O.P. has a 50% chance of passing the gene along to their children; and

WHEREAS, since F.O.P. is such a rare disease, there is only one medical center that has a lab dedicated to understanding this disease and striving for a cure.
