The State Board of Education shall establish a period of time, to be referred to as the State test window, in each school year for which State testing shall occur to meet the objectives of this Section. However, if the schools of a district are closed and classes are not scheduled during any week that is established by the State Board of Education as the State test window, the school district may (at the discretion of the State Board of

move its State test window one week earlier or one week later than the established State test window, so long as the school district gives the State Board of Education written notice of its intention to deviate from the established schedule by December 1 of the school year in which falls the State test window established by the State Board of Education for the testing.

(a-5) All tests administered pursuant to this Section shall be academically based. For the purposes of this Section "academically based tests" shall mean tests consisting of questions and answers that are measurable and quantifiable to measure the knowledge, skill, and ability of students in the subject matters covered by tests. The scoring of academically based tests shall be reliable, valid, unbiased and shall meet the guidelines for test development and use prescribed by the American Psychological Association, the National Council of Measurement and Evaluation, and the American Educational Research Association. Academically based tests shall not include assessments or evaluations of attitudes, values, or beliefs, or testing of personality, self-esteem, or self-concept. Nothing in this amendatory Act is intended, nor shall it be construed, to nullify, supersede, or contradict the legislative intent on academic testing expressed during the passage of HB 1005/P.A. 90-296. Nothing in this Section is intended, nor shall it be construed, to nullify, supersede, or contradict the legislative intent on academic testing expressed in the preamble of this amendatory Act of the 93rd General Assembly.

The State Board of Education shall monitor the use of short answer questions in the math and reading assessments or in other assessments in order to demonstrate that the use of short answer questions results in a statistically significant improvement in student achievement as measured on the State assessments for math and reading or on other State assessments and is justifiable in terms of cost and student performance.

(b) It shall be the policy of the State to encourage school districts to continuously test pupil proficiency in the fundamental learning areas in order to: (i) provide timely information on individual students' performance relative to State standards that is adequate to guide instructional strategies; (ii) improve future instruction; and (iii) complement the information provided by the State testing system described in this Section. Each district's school improvement plan must address specific activities the district intends to implement to assist pupils who by teacher judgment and test results as prescribed in subsection (a) of...
this Section demonstrate that they are not meeting State standards or local objectives. Such activities may include, but shall not be limited to, summer school, extended school day, special homework, tutorial sessions, modified instructional materials, other modifications in the instructional program, reduced class size or retention in grade. To assist school districts in testing pupil proficiency in reading in the primary grades, the State Board shall make optional reading inventories for diagnostic purposes available to each school district that requests such assistance. Districts that administer the reading inventories may develop remediation programs for students who perform in the bottom half of the student population. Those remediation programs may be funded by moneys provided under the School Safety and Educational Improvement Block Grant Program established under Section 2-3.5.1.5. Nothing in this Section shall prevent school districts from implementing testing and remediation policies for grades not required under this Section.

(c) Beginning with the 2000-2001 school year, each school district that operates a high school program for students in grades 9 through 12 shall annually administer the Prairie State Achievement Examination established under this subsection to its students as set forth below. The Prairie State Achievement Examination shall be developed by the State Board of Education to measure student performance in the academic areas of reading, writing, mathematics, science, and social sciences. Beginning with the 2004-2005 school year, however, the State Board of Education shall not test a student in writing and the social sciences (history, geography, civics, economics, and government) as part of the Prairie State Achievement Examination unless the student is retaking the Prairie State Achievement Examination in the fall of 2004. The State Board of Education shall establish the academic standards that are to apply in measuring student performance on the Prairie State Achievement Examination including the minimum examination score in each area that will qualify a student to receive a Prairie State Achievement Award from the State in recognition of the student's excellent performance. Each school district that is subject to the requirements of this subsection (c) shall afford all students 2 opportunities to take the Prairie State Achievement Examination beginning as late as practical during the second semester of grade 11, but in no event before March 1. The State Board of Education shall annually notify districts of the weeks during which these test administrations shall be required to occur. Every individualized educational program as described in Article 14 shall identify if the Prairie

State Achievement Examination or components thereof are appropriate for that student. Each student, exclusive of a student whose individualized educational program developed under Article 14 identifies the Prairie State Achievement Examination as inappropriate for the student, shall be required to take the examination in grade 11. For each academic area the State Board of Education shall establish the score that qualifies for the Prairie State Achievement Award on that portion of the examination. Any student who fails to earn a qualifying score for a Prairie State Achievement Award in any one or more of the academic areas on the initial test administration or who wishes to improve his or her score on any portion of the examination shall be permitted to retake such portion or portions of the examination during grade 12. Districts shall inform their students of the timelines and procedures applicable to their participation in every yearly administration of the Prairie State Achievement Examination. Students receiving special education services whose individualized educational programs identify the Prairie State Achievement Examination as inappropriate for them nevertheless shall have the option of taking the examination, which shall be administered to those students in accordance with standards adopted by the State Board of Education to accommodate the respective disabilities of those students. A student who successfully completes all other applicable high school graduation requirements but fails to receive a score on the Prairie State Achievement Examination that qualifies the student for receipt of a Prairie State Achievement Award shall nevertheless qualify for the receipt of a regular high school diploma.

(d) Beginning with the 2002-2003 school year, all schools in this State that are part of the sample drawn by the National Center for Education Statistics, in collaboration with their school districts and the State Board of Education, shall administer the biennial State academic assessments of 4th and 8th grade reading and mathematics under the National Assessment of Educational Progress carried out under Section m11(b)(2) of the National Education Statistics Act of 1994 (20 U.S.C. 9010) if the Secretary of Education pays the costs of administering the assessments.

(e) Beginning no later than the 2005-2006 school year, subject to available federal funds to this State for the purpose of student assessment, the State Board of Education shall provide additional tests and assessment resources that may be used by school districts for local diagnostic purposes. These tests and resources shall include without limitation additional high school writing, physical development and health, and fine
arts assessments. The State Board of Education shall annually distribute a listing of these additional tests and resources, using funds available from appropriations made for student assessment purposes.

(f) For the assessment and accountability purposes of this Section, "all pupils" includes those pupils enrolled in a public or State-operated elementary school, secondary school, or cooperative or joint agreement with a governing body or board of control, a charter school operating in compliance with the Charter Schools Law, a school operated by a regional office of education under Section 13A-3 of this Code, or a public school administered by a local public agency or the Department of Human Services.

Sec. 2-3.131. FY2004 Transitional assistance payments.

(a) If the amount that the State Board of Education will pay to a school district from fiscal year 2004 appropriations, as estimated by the State Board of Education on April 1, 2004, is less than the amount that the State Board of Education paid to the school district from fiscal year 2003 appropriations, then, subject to appropriation, the State Board of Education shall make a fiscal year 2004 transitional assistance payment to the school district in an amount equal to the difference between the estimated amount to be paid from fiscal year 2004 appropriations and the amount paid from fiscal year 2003 appropriations.

(b) If the amount that the State Board of Education will pay to a school district from fiscal year 2005 appropriations, as estimated by the State Board of Education on April 1, 2005, is less than the amount that the State Board of Education paid to the school district from fiscal year 2004 appropriations, then the State Board of Education shall make a fiscal year 2005 transitional assistance payment to the school district in an amount equal to the difference between the estimated amount to be paid from fiscal year 2005 appropriations and the amount paid from fiscal year 2004 appropriations.

Sec. 18-8.05. Basis for apportionment of general State financial aid and supplemental general State aid to the common schools for the 1998-1999 and subsequent school years.

(A) General Provisions.

New matter indicated by italics - deletions by strikeout.
(1) The provisions of this Section apply to the 1998-1999 and subsequent school years. The system of general State financial aid provided for in this Section is designed to assure that, through a combination of State financial aid and required local resources, the financial support provided each pupil in Average Daily Attendance equals or exceeds a prescribed per pupil Foundation Level. This formula approach imputes a level of per pupil Available Local Resources and provides for the basis to calculate a per pupil level of general State financial aid that, when added to Available Local Resources, equals or exceeds the Foundation Level. The amount of per pupil general State financial aid for school districts, in general, varies in inverse relation to Available Local Resources. Per pupil amounts are based upon each school district's Average Daily Attendance as that term is defined in this Section.

(2) In addition to general State financial aid, school districts with specified levels or concentrations of pupils from low income households are eligible to receive supplemental general State financial aid grants as provided pursuant to subsection (H). The supplemental State aid grants provided for school districts under subsection (H) shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section.

(3) To receive financial assistance under this Section, school districts are required to file claims with the State Board of Education, subject to the following requirements:

(a) Any school district which fails for any given school year to maintain school as required by law, or to maintain a recognized school is not eligible to file for such school year any claim upon the Common School Fund. In case of nonrecognition of one or more attendance centers in a school district otherwise operating recognized schools, the claim of the district shall be reduced in the proportion which the Average Daily Attendance in the attendance center or centers bear to the Average Daily Attendance in the school district. A "recognized school" means any public school which meets the standards as established for recognition by the State Board of Education. A school district or attendance center not having recognition status at the end of a school term is entitled to receive State aid payments due upon a legal claim which was filed while it was recognized.

New matter indicated by italics - deletions by strikeout.
(b) School district claims filed under this Section are subject to Sections 18-9, 18-10, and 18-12, except as otherwise provided in this Section.

(c) If a school district operates a full year school under Section 10-19.1, the general State aid to the school district shall be determined by the State Board of Education in accordance with this Section as near as may be applicable.

(d) (Blank).

(4) Except as provided in subsections (H) and (L), the board of any district receiving any of the grants provided for in this Section may apply those funds to any fund so received for which that board is authorized to make expenditures by law.

School districts are not required to exert a minimum Operating Tax Rate in order to qualify for assistance under this Section.

(5) As used in this Section the following terms, when capitalized, shall have the meaning ascribed herein:

(a) "Average Daily Attendance": A count of pupil attendance in school, averaged as provided for in subsection (C) and utilized in deriving per pupil financial support levels.

(b) "Available Local Resources": A computation of local financial support, calculated on the basis of Average Daily Attendance and derived as provided pursuant to subsection (D).

(c) "Corporate Personal Property Replacement Taxes": Funds paid to local school districts pursuant to "An Act in relation to the abolition of ad valorem personal property tax and the replacement of revenues lost thereby, and amending and repealing certain Acts and parts of Acts in connection therewith", certified August 14, 1979, as amended (Public Act 81-1st S.S.-1).

(d) "Foundation Level": A prescribed level of per pupil financial support as provided for in subsection (B).

(e) "Operating Tax Rate": All school district property taxes extended for all purposes, except Bond and Interest, Summer School, Rent, Capital Improvement, and Vocational Education Building purposes.

(B) Foundation Level.

(1) The Foundation Level is a figure established by the State representing the minimum level of per pupil financial support that should be available to provide for the basic education of each pupil in Average Daily Attendance. As set forth in this Section, each school district is
assumed to exert a sufficient local taxing effort such that, in combination with the aggregate of general State financial aid provided the district, an aggregate of State and local resources are available to meet the basic education needs of pupils in the district.

(2) For the 1998-1999 school year, the Foundation Level of support is $4,225. For the 1999-2000 school year, the Foundation Level of support is $4,325. For the 2000-2001 school year, the Foundation Level of support is $4,425. (3) For the 2001-2002 school year and 2002-2003 school year, the Foundation Level of support is $4,560. For the 2003-2004 school year, the Foundation Level of support is $4,810.

(3) (4) For the 2004-2005 school year and each school year thereafter, the Foundation Level of support is $4,964 or such greater amount as may be established by law by the General Assembly.

(C) Average Daily Attendance.

(1) For purposes of calculating general State aid pursuant to subsection (E), an Average Daily Attendance figure shall be utilized. The Average Daily Attendance figure for formula calculation purposes shall be the monthly average of the actual number of pupils in attendance of each school district, as further averaged for the best 3 months of pupil attendance for each school district. In compiling the figures for the number of pupils in attendance, school districts and the State Board of Education shall, for purposes of general State aid funding, conform attendance figures to the requirements of subsection (F).

(2) The Average Daily Attendance figures utilized in subsection (E) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated or the average of the attendance data for the 3 preceding school years, whichever is greater. The Average Daily Attendance figures utilized in subsection (H) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated.

(D) Available Local Resources.

(1) For purposes of calculating general State aid pursuant to subsection (E), a representation of Available Local Resources per pupil, as that term is defined and determined in this subsection, shall be utilized. Available Local Resources per pupil shall include a calculated dollar amount representing local school district revenues from local property taxes and from Corporate Personal Property Replacement Taxes, expressed on the basis of pupils in Average Daily Attendance.

New matter indicated by italics - deletions by strikeout.
(2) In determining a school district's revenue from local property taxes, the State Board of Education shall utilize the equalized assessed valuation of all taxable property of each school district as of September 30 of the previous year. The equalized assessed valuation utilized shall be obtained and determined as provided in subsection (G).

(3) For school districts maintaining grades kindergarten through 12, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 3.00%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades kindergarten through 8, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 2.30%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades 9 through 12, local property tax revenues per pupil shall be the applicable equalized assessed valuation of the district multiplied by 1.05%, and divided by the district's Average Daily Attendance figure.

(4) The Corporate Personal Property Replacement Taxes paid to each school district during the calendar year 2 years before the calendar year in which a school year begins, divided by the Average Daily Attendance figure for that district, shall be added to the local property tax revenues per pupil as derived by the application of the immediately preceding paragraph (3). The sum of these per pupil figures for each school district shall constitute Available Local Resources as that term is utilized in subsection (E) in the calculation of general State aid.

(E) Computation of General State Aid.

(1) For each school year, the amount of general State aid allotted to a school district shall be computed by the State Board of Education as provided in this subsection.

(2) For any school district for which Available Local Resources per pupil is less than the product of 0.93 times the Foundation Level, general State aid for that district shall be calculated as an amount equal to the Foundation Level minus Available Local Resources, multiplied by the Average Daily Attendance of the school district.

(3) For any school district for which Available Local Resources per pupil is equal to or greater than the product of 0.93 times the Foundation Level and less than the product of 1.75 times the Foundation Level, the general State aid per pupil shall be a decimal proportion of the Foundation Level derived using a linear algorithm. Under this linear algorithm, the

New matter indicated by italics - deletions by strikeout.
calculated general State aid per pupil shall decline in direct linear fashion from 0.07 times the Foundation Level for a school district with Available Local Resources equal to the product of 0.93 times the Foundation Level, to 0.05 times the Foundation Level for a school district with Available Local Resources equal to the product of 1.75 times the Foundation Level. The allocation of general State aid for school districts subject to this paragraph 3 shall be the calculated general State aid per pupil figure multiplied by the Average Daily Attendance of the school district.

(4) For any school district for which Available Local Resources per pupil equals or exceeds the product of 1.75 times the Foundation Level, the general State aid for the school district shall be calculated as the product of $218 multiplied by the Average Daily Attendance of the school district.

(5) The amount of general State aid allocated to a school district for the 1999-2000 school year meeting the requirements set forth in paragraph (4) of subsection (G) shall be increased by an amount equal to the general State aid that would have been received by the district for the 1998-1999 school year by utilizing the Extension Limitation Equalized Assessed Valuation as calculated in paragraph (4) of subsection (G) less the general State aid allotted for the 1998-1999 school year. This amount shall be deemed a one time increase, and shall not affect any future general State aid allocations.

(F) Compilation of Average Daily Attendance.

(1) Each school district shall, by July 1 of each year, submit to the State Board of Education, on forms prescribed by the State Board of Education, attendance figures for the school year that began in the preceding calendar year. The attendance information so transmitted shall identify the average daily attendance figures for each month of the school year. Beginning with the general State aid claim form for the 2002-2003 school year, districts shall calculate Average Daily Attendance as provided in subdivisions (a), (b), and (c) of this paragraph (1).

(a) In districts that do not hold year-round classes, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(b) In districts in which all buildings hold year-round classes, days of attendance in July and August shall be added to the month of September and any days of attendance in June shall be added to the month of May.
(c) In districts in which some buildings, but not all, hold year-round classes, for the non-year-round buildings, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May. The average daily attendance for the year-round buildings shall be computed as provided in subdivision (b) of this paragraph (1). To calculate the Average Daily Attendance for the district, the average daily attendance for the year-round buildings shall be multiplied by the days in session for the non-year-round buildings for each month and added to the monthly attendance of the non-year-round buildings.

Except as otherwise provided in this Section, days of attendance by pupils shall be counted only for sessions of not less than 5 clock hours of school work per day under direct supervision of: (i) teachers, or (ii) non-teaching personnel or volunteer personnel when engaging in non-teaching duties and supervising in those instances specified in subsection (a) of Section 10-22.34 and paragraph 10 of Section 34-18, with pupils of legal school age and in kindergarten and grades 1 through 12.

Days of attendance by tuition pupils shall be accredited only to the districts that pay the tuition to a recognized school.

(2) Days of attendance by pupils of less than 5 clock hours of school shall be subject to the following provisions in the compilation of Average Daily Attendance.

(a) Pupils regularly enrolled in a public school for only a part of the school day may be counted on the basis of 1/6 day for every class hour of instruction of 40 minutes or more attended pursuant to such enrollment, unless a pupil is enrolled in a block-schedule format of 80 minutes or more of instruction, in which case the pupil may be counted on the basis of the proportion of minutes of school work completed each day to the minimum number of minutes that school work is required to be held that day.

(b) Days of attendance may be less than 5 clock hours on the opening and closing of the school term, and upon the first day of pupil attendance, if preceded by a day or days utilized as an institute or teachers' workshop.

(c) A session of 4 or more clock hours may be counted as a day of attendance upon certification by the regional superintendent, and approved by the State Superintendent of Education to the
extent that the district has been forced to use daily multiple sessions.

(d) A session of 3 or more clock hours may be counted as a day of attendance (1) when the remainder of the school day or at least 2 hours in the evening of that day is utilized for an in-service training program for teachers, up to a maximum of 5 days per school year of which a maximum of 4 days of such 5 days may be used for parent-teacher conferences, provided a district conducts an in-service training program for teachers which has been approved by the State Superintendent of Education; or, in lieu of 4 such days, 2 full days may be used, in which event each such day may be counted as a day of attendance; and (2) when days in addition to those provided in item (1) are scheduled by a school pursuant to its school improvement plan adopted under Article 34 or its revised or amended school improvement plan adopted under Article 2, provided that (i) such sessions of 3 or more clock hours are scheduled to occur at regular intervals, (ii) the remainder of the school days in which such sessions occur are utilized for in-service training programs or other staff development activities for teachers, and (iii) a sufficient number of minutes of school work under the direct supervision of teachers are added to the school days between such regularly scheduled sessions to accumulate not less than the number of minutes by which such sessions of 3 or more clock hours fall short of 5 clock hours. Any full days used for the purposes of this paragraph shall not be considered for computing average daily attendance. Days scheduled for in-service training programs, staff development activities, or parent-teacher conferences may be scheduled separately for different grade levels and different attendance centers of the district.

(e) A session of not less than one clock hour of teaching hospitalized or homebound pupils on-site or by telephone to the classroom may be counted as 1/2 day of attendance, however these pupils must receive 4 or more clock hours of instruction to be counted for a full day of attendance.

(f) A session of at least 4 clock hours may be counted as a day of attendance for first grade pupils, and pupils in full day kindergartens, and a session of 2 or more hours may be counted as 1/2 day of attendance by pupils in kindergartens which provide only 1/2 day of attendance.

New matter indicated by italics - deletions by strikeout.
(g) For children with disabilities who are below the age of 6 years and who cannot attend 2 or more clock hours because of their disability or immaturity, a session of not less than one clock hour may be counted as 1/2 day of attendance; however for such children whose educational needs so require a session of 4 or more clock hours may be counted as a full day of attendance.

(h) A recognized kindergarten which provides for only 1/2 day of attendance by each pupil shall not have more than 1/2 day of attendance counted in any one day. However, kindergartens may count 2 1/2 days of attendance in any 5 consecutive school days. When a pupil attends such a kindergarten for 2 half days on any one school day, the pupil shall have the following day as a day absent from school, unless the school district obtains permission in writing from the State Superintendent of Education. Attendance at kindergartens which provide for a full day of attendance by each pupil shall be counted the same as attendance by first grade pupils. Only the first year of attendance in one kindergarten shall be counted, except in case of children who entered the kindergarten in their fifth year whose educational development requires a second year of kindergarten as determined under the rules and regulations of the State Board of Education.

(G) Equalized Assessed Valuation Data.

(1) For purposes of the calculation of Available Local Resources required pursuant to subsection (D), the State Board of Education shall secure from the Department of Revenue the value as equalized or assessed by the Department of Revenue of all taxable property of every school district, together with (i) the applicable tax rate used in extending taxes for the funds of the district as of September 30 of the previous year and (ii) the limiting rate for all school districts subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law.

This equalized assessed valuation, as adjusted further by the requirements of this subsection, shall be utilized in the calculation of Available Local Resources.

(2) The equalized assessed valuation in paragraph (1) shall be adjusted, as applicable, in the following manner:

(a) For the purposes of calculating State aid under this Section, with respect to any part of a school district within a redevelopment project area in respect to which a municipality has adopted tax increment allocation financing pursuant to the Tax

New matter indicated by italics - deletions by strikeout.
Increment Allocation Redevelopment Act, Sections 11-74.4-1 through 11-74.4-11 of the Illinois Municipal Code or the Industrial Jobs Recovery Law, Sections 11-74.6-1 through 11-74.6-50 of the Illinois Municipal Code, no part of the current equalized assessed valuation of real property located in any such project area which is attributable to an increase above the total initial equalized assessed valuation of such property shall be used as part of the equalized assessed valuation of the district, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Increment Allocation Redevelopment Act or in Section 11-74.6-35 of the Industrial Jobs Recovery Law. For the purpose of the equalized assessed valuation of the district, the total initial equalized assessed valuation or the current equalized assessed valuation, whichever is lower, shall be used until such time as all redevelopment project costs have been paid.

(b) The real property equalized assessed valuation for a school district shall be adjusted by subtracting from the real property value as equalized or assessed by the Department of Revenue for the district an amount computed by dividing the amount of any abatement of taxes under Section 18-170 of the Property Tax Code by 3.00% for a district maintaining grades kindergarten through 12, by 2.30% for a district maintaining grades kindergarten through 8, or by 1.05% for a district maintaining grades 9 through 12 and adjusted by an amount computed by dividing the amount of any abatement of taxes under subsection (a) of Section 18-165 of the Property Tax Code by the same percentage rates for district type as specified in this subparagraph (b).

(3) For the 1999-2000 school year and each school year thereafter, if a school district meets all of the criteria of this subsection (G)(3), the school district's Available Local Resources shall be calculated under subsection (D) using the district's Extension Limitation Equalized Assessed Valuation as calculated under this subsection (G)(3).

For purposes of this subsection (G)(3) the following terms shall have the following meanings:

"Budget Year": The school year for which general State aid is calculated and awarded under subsection (E).

"Base Tax Year": The property tax levy year used to calculate the Budget Year allocation of general State aid.

New matter indicated by italics - deletions by strikeout.
"Preceding Tax Year": The property tax levy year immediately preceding the Base Tax Year.

"Base Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Base Tax Year multiplied by the limiting rate as calculated by the County Clerk and defined in the Property Tax Extension Limitation Law.

"Preceding Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Preceding Tax Year multiplied by the Operating Tax Rate as defined in subsection (A).

"Extension Limitation Ratio": A numerical ratio, certified by the County Clerk, in which the numerator is the Base Tax Year's Tax Extension and the denominator is the Preceding Tax Year's Tax Extension.

"Operating Tax Rate": The operating tax rate as defined in subsection (A).

If a school district is subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation of that district. For the 1999-2000 school year, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the district's 1996 Equalized Assessed Valuation and the district's Extension Limitation Ratio. For the 2000-2001 school year and each school year thereafter, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the Equalized Assessed Valuation last used in the calculation of general State aid and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of a school district as calculated under this subsection (G)(3) is less than the district's equalized assessed valuation as calculated pursuant to subsections (G)(1) and (G)(2), then for purposes of calculating the district's general State aid for the Budget Year pursuant to subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources under subsection (D).

(4) For the purposes of calculating general State aid for the 1999-2000 school year only, if a school district experienced a triennial reassessment on the equalized assessed valuation used in calculating its Equalized Assessed Valuation as calculated pursuant to subsection (G)(3), then for purposes of calculating the district's equalized assessed valuation as calculated pursuant to subsections (G)(1) and (G)(2), the reassessment shall not be a basis for the adjustment of the district's Operating Tax Rate, the Extension Limitation Ratio, or the district's Equalized Assessed Valuation for the purposes of calculating the district's general State aid for the Budget Year pursuant to subsection (E).
general State financial aid apportionment for the 1998-1999 school year, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation that would have been used to calculate the district's 1998-1999 general State aid. This amount shall equal the product of the equalized assessed valuation used to calculate general State aid for the 1997-1998 school year and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of the school district as calculated under this paragraph (4) is less than the district's equalized assessed valuation utilized in calculating the district's 1998-1999 general State aid allocation, then for purposes of calculating the district's general State aid pursuant to paragraph (5) of subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources.

(5) For school districts having a majority of their equalized assessed valuation in any county except Cook, DuPage, Kane, Lake, McHenry, or Will, if the amount of general State aid allocated to the school district for the 1999-2000 school year under the provisions of subsection (E), (H), and (J) of this Section is less than the amount of general State aid allocated to the district for the 1998-1999 school year under these subsections, then the general State aid of the district for the 1999-2000 school year only shall be increased by the difference between these amounts. The total payments made under this paragraph (5) shall not exceed $14,000,000. Claims shall be prorated if they exceed $14,000,000.

(H) Supplemental General State Aid.

(1) In addition to the general State aid a school district is allotted pursuant to subsection (E), qualifying school districts shall receive a grant, paid in conjunction with a district's payments of general State aid, for supplemental general State aid based upon the concentration level of children from low-income households within the school district. Supplemental State aid grants provided for school districts under this subsection shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section. If the appropriation in any fiscal year for general State aid and supplemental general State aid is insufficient to pay the amounts required under the general State aid and supplemental general State aid calculations, then the State Board of Education shall ensure that each school district receives the full amount due for general State aid and the remainder of the appropriation shall be

used for supplemental general State aid, which the State Board of Education shall calculate and pay to eligible districts on a prorated basis.

(1.5) This paragraph (1.5) applies only to those school years preceding the 2003-2004 school year. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall be the low-income eligible pupil count from the most recently available federal census divided by the Average Daily Attendance of the school district. If, however, (i) the percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count of a high school district with fewer than 400 students exceeds by 75% or more the percentage change in the total low-income eligible pupil count of contiguous elementary school districts, whose boundaries are coterminous with the high school district, or (ii) a high school district within 2 counties and serving 5 elementary school districts, whose boundaries are coterminous with the high school district, has a percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count and there is a percentage increase in the total low-income eligible pupil count of a majority of the elementary school districts in excess of 50% from the 2 most recent federal censuses, then the high school district's low-income eligible pupil count from the earlier federal census shall be the number used as the low-income eligible pupil count for the high school district, for purposes of this subsection (H). The changes made to this paragraph (1) by Public Act 92-28 shall apply to supplemental general State aid grants for school years preceding the 2003-2004 school year that are paid in fiscal year 1999 or thereafter and to any State aid payments made in fiscal year 1994 through fiscal year 1998 pursuant to subsection 1(n) of Section 18-8 of this Code (which was repealed on July 1, 1998), and any high school district that is affected by Public Act 92-28 is entitled to a recomputation of its supplemental general State aid grant or State aid paid in any of those fiscal years. This recomputation shall not be affected by any other funding.

(1.10) This paragraph (1.10) applies to the 2003-2004 school year and each school year thereafter. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall, for each fiscal year, be the low-income eligible pupil count as of July 1 of the immediately preceding fiscal year (as determined by the Department of Human Services based on the number of pupils who are eligible for at least one of the following low income programs: Medicaid, KidCare, TANF, or Food Stamps, excluding pupils who are eligible for services provided by the Department of Children and Family Services, averaged over the 2 immediately preceding fiscal years.

(d) For any school district with a Low Income Concentration Level of 60% or more, the grant for the 1998-99 school year shall be $1,900 multiplied by the low income eligible pupil count.

(e) For the 1999-2000 school year, the per pupil amount specified in subparagraphs (b), (c), and (d) immediately above shall be increased to $1,243, $1,600, and $2,000, respectively.

(f) For the 2000-2001 school year, the per pupil amounts specified in subparagraphs (b), (c), and (d) immediately above shall be $1,273, $1,640, and $2,050, respectively.

(2.5) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2002-2003 school year:

(2.10) Except as otherwise provided, supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2003-2004 school year and each school year thereafter:

(a) For any school district with a Low Income Concentration Level of 15% or less, the grant for each school year shall be $355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level greater than 15%, the grant for each school year shall be $294.25 added to the product of $2,700 and the square of the Low Income Concentration Level, all multiplied by the low income eligible pupil count.

For the 2003-2004 school year and 2004-2005 school year only, the grant shall be no less than the grant for the 2002-2003 school year. (3) School districts with an Average Daily Attendance of more than 1,000 and less than 50,000 that qualify for supplemental general State aid pursuant to this subsection shall submit a plan to the State Board of Education prior to October 30 of each year for the use of the funds resulting from this grant of supplemental general State aid for the improvement of instruction in which priority is given to meeting the education needs of disadvantaged children. Such plan shall be submitted in accordance with rules and regulations promulgated by the State Board of Education.

(4) School districts with an Average Daily Attendance of 50,000 or more that qualify for supplemental general State aid pursuant to this subsection shall be required to distribute from funds available pursuant to this Section, no less than $261,000,000 in accordance with the following requirements:

(a) The required amounts shall be distributed to the attendance centers within the district in proportion to the number of pupils enrolled at each attendance center who are eligible to receive free or reduced-price lunches or breakfasts under the federal Child Nutrition Act of 1966 and under the National School Lunch Act during the immediately preceding school year.

(b) The distribution of these portions of supplemental and general State aid among attendance centers according to these requirements shall not be compensated for or contravened by adjustments of the total of other funds appropriated to any attendance centers, and the Board of Education shall utilize funding from one or several sources in order to fully implement this provision annually prior to the opening of school.

(c) Each attendance center shall be provided by the school district a distribution of noncategorical funds and other categorical funds to which an attendance center is entitled under law in order that the general State aid and supplemental general State aid

provided by application of this subsection supplements rather than supplants the noncategorical funds and other categorical funds provided by the school district to the attendance centers.

(d) Any funds made available under this subsection that by reason of the provisions of this subsection are not required to be allocated and provided to attendance centers may be used and appropriated by the board of the district for any lawful school purpose.

(e) Funds received by an attendance center pursuant to this subsection shall be used by the attendance center at the discretion of the principal and local school council for programs to improve educational opportunities at qualifying schools through the following programs and services: early childhood education, reduced class size or improved adult to student classroom ratio, enrichment programs, remedial assistance, attendance improvement, and other educationally beneficial expenditures which supplement the regular and basic programs as determined by the State Board of Education. Funds provided shall not be expended for any political or lobbying purposes as defined by board rule.

(f) Each district subject to the provisions of this subdivision (H)(4) shall submit an acceptable plan to meet the educational needs of disadvantaged children, in compliance with the requirements of this paragraph, to the State Board of Education prior to July 15 of each year. This plan shall be consistent with the decisions of local school councils concerning the school expenditure plans developed in accordance with part 4 of Section 34-2.3. The State Board shall approve or reject the plan within 60 days after its submission. If the plan is rejected, the district shall give written notice of intent to modify the plan within 15 days of the notification of rejection and then submit a modified plan within 30 days after the date of the written notice of intent to modify. Districts may amend approved plans pursuant to rules promulgated by the State Board of Education.

Upon notification by the State Board of Education that the district has not submitted a plan prior to July 15 or a modified plan within the time period specified herein, the State aid funds affected by that plan or modified plan shall be withheld by the State Board of Education until a plan or modified plan is submitted.

If the district fails to distribute State aid to attendance centers in accordance with an approved plan, the plan for the following year shall allocate funds, in addition to the funds otherwise required by this subsection, to those attendance centers which were underfunded during the previous year in amounts equal to such underfunding.

For purposes of determining compliance with this subsection in relation to the requirements of attendance center funding, each district subject to the provisions of this subsection shall submit as a separate document by December 1 of each year a report of expenditure data for the prior year in addition to any modification of its current plan. If it is determined that there has been a failure to comply with the expenditure provisions of this subsection regarding contravention or supplanting, the State Superintendent of Education shall, within 60 days of receipt of the report, notify the district and any affected local school council. The district shall within 45 days of receipt of that notification inform the State Superintendent of Education of the remedial or corrective action to be taken, whether by amendment of the current plan, if feasible, or by adjustment in the plan for the following year. Failure to provide the expenditure report or the notification of remedial or corrective action in a timely manner shall result in a withholding of the affected funds.

The State Board of Education shall promulgate rules and regulations to implement the provisions of this subsection. No funds shall be released under this subdivision (H)(4) to any district that has not submitted a plan that has been approved by the State Board of Education.

(I) General State Aid for Newly Configured School Districts.

(1) For a new school district formed by combining property included totally within 2 or more previously existing school districts, for its first year of existence the general State aid and supplemental general State aid calculated under this Section shall be computed for the new district and for the previously existing districts for which property is totally included within the new district. If the computation on the basis of the previously existing districts is greater, a supplementary payment equal to the difference shall be made for the first 4 years of existence of the new district.

New matter indicated by italics - deletions by strikeout.
(2) For a school district which annexes all of the territory of one or more entire other school districts, for the first year during which the change of boundaries attributable to such annexation becomes effective for all purposes as determined under Section 7-9 or 7A-8, the general State aid and supplemental general State aid calculated under this Section shall be computed for the annexing district as constituted after the annexation and for the annexing and each annexed district as constituted prior to the annexation; and if the computation on the basis of the annexing and annexed districts as constituted prior to the annexation is greater, a supplementary payment equal to the difference shall be made for the first 4 years of existence of the annexing school district as constituted upon such annexation.

(3) For 2 or more school districts which annex all of the territory of one or more entire other school districts, and for 2 or more community unit districts which result upon the division (pursuant to petition under Section 11A-2) of one or more other unit school districts into 2 or more parts and which together include all of the parts into which such other unit school district or districts are so divided, for the first year during which the change of boundaries attributable to such annexation or division becomes effective for all purposes as determined under Section 7-9 or 11A-10, as the case may be, the general State aid and supplemental general State aid calculated under this Section shall be computed for each annexing or resulting district as constituted after the annexation or division and for each annexing and annexed district, or for each resulting and divided district, as constituted prior to the annexation or division; and if the aggregate of the general State aid and supplemental general State aid as so computed for the annexing or resulting districts as constituted after the annexation or division is less than the aggregate of the general State aid and supplemental general State aid as so computed for the annexing and annexed districts, or for the resulting and divided districts, as constituted prior to the annexation or division, then a supplementary payment equal to the difference shall be made and allocated between or among the annexing or resulting districts, as constituted upon such annexation or division, for the first 4 years of their existence. The total difference payment shall be allocated between or among the annexing or resulting districts in the same ratio as the pupil enrollment from that portion of the annexed or divided district or districts which is annexed to or included in each such annexing or resulting district bears to the total pupil enrollment from the entire annexed or divided district or districts, as such pupil enrollment is

determined for the school year last ending prior to the date when the change of boundaries attributable to the annexation or division becomes effective for all purposes. The amount of the total difference payment and the amount thereof to be allocated to the annexing or resulting districts shall be computed by the State Board of Education on the basis of pupil enrollment and other data which shall be certified to the State Board of Education, on forms which it shall provide for that purpose, by the regional superintendent of schools for each educational service region in which the annexing and annexed districts, or resulting and divided districts are located.

(3.5) Claims for financial assistance under this subsection (I) shall not be recomputed except as expressly provided under this Section.

(4) Any supplementary payment made under this subsection (I) shall be treated as separate from all other payments made pursuant to this Section.

(J) Supplementary Grants in Aid.

(1) Notwithstanding any other provisions of this Section, the amount of the aggregate general State aid in combination with supplemental general State aid under this Section for which each school district is eligible shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-98 school year, pursuant to the provisions of that Section as it was then in effect. If a school district qualifies to receive a supplementary payment made under this subsection (J), the amount of the aggregate general State aid in combination with supplemental general State aid under this Section which that district is eligible to receive for each school year shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-1998 school year, pursuant to the provisions of that Section as it was then in effect.

(2) If, as provided in paragraph (1) of this subsection (J), a school district is to receive aggregate general State aid in combination with supplemental general State aid under this Section for the 1998-99 school year and any subsequent school year that in any such school year is less than the amount of the aggregate general State aid entitlement that the district received for the 1997-98 school year, the school district shall also receive, from a separate appropriation made for purposes of this subsection

(J), a supplementary payment that is equal to the amount of the difference in the aggregate State aid figures as described in paragraph (1).

(3) (Blank).

(K) Grants to Laboratory and Alternative Schools.

In calculating the amount to be paid to the governing board of a public university that operates a laboratory school under this Section or to any alternative school that is operated by a regional superintendent of schools, the State Board of Education shall require by rule such reporting requirements as it deems necessary.

As used in this Section, "laboratory school" means a public school which is created and operated by a public university and approved by the State Board of Education. The governing board of a public university which receives funds from the State Board under this subsection (K) may not increase the number of students enrolled in its laboratory school from a single district, if that district is already sending 50 or more students, except under a mutual agreement between the school board of a student's district of residence and the university which operates the laboratory school. A laboratory school may not have more than 1,000 students, excluding students with disabilities in a special education program.

As used in this Section, "alternative school" means a public school which is created and operated by a Regional Superintendent of Schools and approved by the State Board of Education. Such alternative schools may offer courses of instruction for which credit is given in regular school programs, courses to prepare students for the high school equivalency testing program or vocational and occupational training. A regional superintendent of schools may contract with a school district or a public community college district to operate an alternative school. An alternative school serving more than one educational service region may be established by the regional superintendents of schools of the affected educational service regions. An alternative school serving more than one educational service region may be operated under such terms as the regional superintendents of schools of those educational service regions may agree.

Each laboratory and alternative school shall file, on forms provided by the State Superintendent of Education, an annual State aid claim which states the Average Daily Attendance of the school's students by month. The best 3 months' Average Daily Attendance shall be computed for each school. The general State aid entitlement shall be computed by multiplying
the applicable Average Daily Attendance by the Foundation Level as
determined under this Section.
(L) Payments, Additional Grants in Aid and Other Requirements.
(1) For a school district operating under the financial supervision
of an Authority created under Article 34A, the general State aid otherwise
payable to that district under this Section, but not the supplemental general
State aid, shall be reduced by an amount equal to the budget for the
operations of the Authority as certified by the Authority to the State Board
of Education, and an amount equal to such reduction shall be paid to the
Authority created for such district for its operating expenses in the manner
provided in Section 18-11. The remainder of general State school aid for
any such district shall be paid in accordance with Article 34A when that
Article provides for a disposition other than that provided by this Article.
(2) (Blank).
(3) Summer school. Summer school payments shall be made as
provided in Section 18-4.3.
(M) Education Funding Advisory Board.
The Education Funding Advisory Board, hereinafter in this
subsection (M) referred to as the "Board", is hereby created. The Board
shall consist of 5 members who are appointed by the Governor, by and
with the advice and consent of the Senate. The members appointed shall
include representatives of education, business, and the general public. One
of the members so appointed shall be designated by the Governor at the
time the appointment is made as the chairperson of the Board. The initial
members of the Board may be appointed any time after the effective date
of this amendatory Act of 1997. The regular term of each member of the
Board shall be for 4 years from the third Monday of January of the year in
which the term of the member's appointment is to commence, except that
of the 5 initial members appointed to serve on the Board, the member who
is appointed as the chairperson shall serve for a term that commences on
the date of his or her appointment and expires on the third Monday of
January, 2002, and the remaining 4 members, by lots drawn at the first
meeting of the Board that is held after all 5 members are appointed, shall
determine 2 of their number to serve for terms that commence on the date
of their respective appointments and expire on the third Monday of
January, 2001, and 2 of their number to serve for terms that commence on
the date of their respective appointments and expire on the third Monday
of January, 2000. All members appointed to serve on the Board shall serve
until their respective successors are appointed and confirmed. Vacancies

New matter indicated by italics - deletions by strikeout.
shall be filled in the same manner as original appointments. If a vacancy in membership occurs at a time when the Senate is not in session, the Governor shall make a temporary appointment until the next meeting of the Senate, when he or she shall appoint, by and with the advice and consent of the Senate, a person to fill that membership for the unexpired term. If the Senate is not in session when the initial appointments are made, those appointments shall be made as in the case of vacancies.

The Education Funding Advisory Board shall be deemed established, and the initial members appointed by the Governor to serve as members of the Board shall take office, on the date that the Governor makes his or her appointment of the fifth initial member of the Board, whether those initial members are then serving pursuant to appointment and confirmation or pursuant to temporary appointments that are made by the Governor as in the case of vacancies.

The State Board of Education shall provide such staff assistance to the Education Funding Advisory Board as is reasonably required for the proper performance by the Board of its responsibilities.

For school years after the 2000-2001 school year, the Education Funding Advisory Board, in consultation with the State Board of Education, shall make recommendations as provided in this subsection (M) to the General Assembly for the foundation level under subdivision (B)(3) of this Section and for the supplemental general State aid grant level under subsection (H) of this Section for districts with high concentrations of children from poverty. The recommended foundation level shall be determined based on a methodology which incorporates the basic education expenditures of low-spending schools exhibiting high academic performance. The Education Funding Advisory Board shall make such recommendations to the General Assembly on January 1 of odd numbered years, beginning January 1, 2001.

(N) (Blank).

(O) References.

(1) References in other laws to the various subdivisions of Section 18-8 as that Section existed before its repeal and replacement by this Section 18-8.05 shall be deemed to refer to the corresponding provisions of this Section 18-8.05, to the extent that those references remain applicable.

(2) References in other laws to State Chapter 1 funds shall be deemed to refer to the supplemental general State aid provided under subsection (H) of this Section.

(P) This amendatory Act of the 93rd General Assembly and House Bill 4266 of the 93rd General Assembly make inconsistent changes to this Section. If House Bill 4266 becomes law, then under Section 6 of the Statute on Statutes there is an irreconcilable conflict between House Bill 4266 and this amendatory Act. This amendatory Act, being the last acted upon, is controlling. The text of this amendatory Act is the law regardless of the text of House Bill 4266.

If the recipient of any grant awarded under this Section ceases to be a member of the Illinois National Guard while enrolled in a course of study under that grant, the grant shall be terminated as of the date membership in the Illinois National Guard ended, and the recipient shall be permitted to complete the school term in which he or she is then enrolled only upon payment of tuition and other fees allocable to the part of the term then remaining. If the recipient of the grant fails to complete his or her military service obligations or requirements for satisfactory participation, the Department of Military Affairs shall require the recipient to repay the amount of the grant received, prorated according to the fraction of the service obligation not completed, and, if applicable, reasonable collection fees. (c) Subject to a separate appropriation for such purposes, the Commission may reimburse the State-controlled university or community college for grants authorized by this Section.

Section 10-50. The Intergovernmental Cooperation Act is amended by adding Section 4.5 as follows:

(5 ILCS 220/4.5 new)

Sec. 4.5. Prohibited agreements and contracts. No intergovernmental or interagency agreement or contract may be entered into, implemented, or given effect if the agreement's or contract's intent or effect is (i) to circumvent any limitation established by law on State appropriation or State expenditure authority with respect to health care and employee benefits contracts or (ii) to expend State moneys in a manner inconsistent with the purpose for which they were appropriated with respect to health care and employee benefits contracts.

Section 10-52. The Illinois Public Labor Relations Act is amended by changing Section 15 as follows:

(5 ILCS 315/15) (from Ch. 48, par. 1615)

Sec. 15. Act Takes Precedence. (a) In case of any conflict between the provisions of this Act and any other law (other than Section 5 of the State Employees Group Insurance Act of 1971), executive order or administrative regulation relating to wages, hours and conditions of employment and employment relations, the provisions of this Act or any collective bargaining agreement negotiated thereunder shall prevail and control. Nothing in this Act shall be construed to replace or diminish the rights of employees established by Sections 28 and 28a of the Metropolitan Transit Authority Act, Sections 2.15 through 2.19 of the Regional Transportation Authority Act. The provisions of this Act are subject to Section 5 of the State Employees Group Insurance Act of 1971.

employer or its agents. Any collective bargaining agreement entered into prior to the effective date of this Act shall remain in full force during its duration.

(c) It is the public policy of this State, pursuant to paragraphs (h) and (i) of Section 6 of Article VII of the Illinois Constitution, that the provisions of this Act are the exclusive exercise by the State of powers and functions which might otherwise be exercised by home rule units. Such powers and functions may not be exercised concurrently, either directly or indirectly, by any unit of local government, including any home rule unit, except as otherwise authorized by this Act.

Section 10-55. The State Employees Group Insurance Act of 1971 is amended by changing Section 5 as follows:

(5 ILCS 375/5) (from Ch. 127, par. 525)

Sec. 5. Employee benefits; declaration of State policy. The General Assembly declares that it is the policy of the State and in the best interest of the State to assure quality benefits to members and their dependents under this Act. The implementation of this policy depends upon, among other things, stability and continuity of coverage, care, and services under benefit programs for members and their dependents. Specifically, but without limitation, members should have continued access, on substantially similar terms and conditions, to trusted family health care providers with whom they have developed long-term relationships through a benefit program under this Act. Therefore, the Director must administer this Act consistent with that State policy, but may consider affordability, cost of coverage and care, and competition among health insurers and providers. All contracts for provision of employee benefits, including those portions of any proposed collective bargaining agreement that would require implementation through contracts entered into under this Act, are subject to the following requirements:

(i) By April 1 of each year, the Director must report and provide information to the Commission concerning the status of the employee benefits program to be offered for the next fiscal year. Information includes, but is not limited to, documents, reports of negotiations, bid invitations, requests for proposals, specifications, copies of proposed and final contracts or agreements, and any other materials concerning contracts or agreements for the employee benefits program. By the first of each month thereafter, the Director must provide updated, and any new,
information to the Commission until the employee benefits program for the next fiscal year is determined. In addition to these monthly reporting requirements, at any time the Commission makes a written request, the Director must promptly, but in no event later than 5 business days after receipt of the request, provide to the Commission any additional requested information in the possession of the Director concerning employee benefits programs. The Commission may waive any of the reporting requirements of this item (i) upon the written request by the Director. Any waiver granted under this item (i) must be in writing. Nothing in this item is intended to abrogate any attorney-client privilege.

(ii) Within 30 days after notice of the awarding or letting of a contract has appeared in the Illinois Procurement Bulletin in accordance with subsection (b) of Section 15-25 of the Illinois Procurement Code, the Commission may request in writing from the Director and the Director shall promptly, but in no event later than 5 business days after receipt of the request, provide to the Commission information in the possession of the Director concerning the proposed contract. Nothing in this item is intended to waive or abrogate any privilege or right of confidentiality authorized by law.

(iii) No contract subject to this Section may be entered into until the 30-day period described in item (ii) has expired, unless the Director requests in writing that the Commission waive the period and the Commission grants the waiver in writing.

(iv) If the Director seeks to make any substantive modification to any provision of a proposed contract after it is submitted to the Commission in accordance with item (ii), the modified contract shall be subject to the requirements of items (ii) and (iii) unless the Commission agrees, in writing, to a waiver of those requirements with respect to the modified contract.

(v) By the date of the beginning of the annual benefit choice period, the Director must transmit to the Commission a copy of each final contract or agreement for the employee benefits program to be offered for the next fiscal year. The annual benefit choice period for an employee benefits program must begin on May 1 of the fiscal year preceding the year for which the program is to be offered. If, however, in any such preceding fiscal year

collective bargaining over employee benefit programs for the next fiscal year remains pending on April 15, the beginning date of the annual benefit choice period shall be not later than 15 days after ratification of the collective bargaining agreement.

(vi) The Director must provide the reports, information, and contracts required under items (i), (ii), (iv), and (v) by electronic or other means satisfactory to the Commission. Reports, information, and contracts in the possession of the Commission pursuant to items (i), (ii), (iv), and (v) are exempt from disclosure by the Commission and its members and employees under the Freedom of Information Act. Reports, information, and contracts received by the Commission pursuant to items (i), (ii), (iv), and (v) must be kept confidential by and may not be disclosed or used by the Commission or its members or employees if such disclosure or use could compromise the fairness or integrity of the procurement, bidding, or contract process. Commission meetings, or portions of Commission meetings, in which reports, information, and contracts received by the Commission pursuant to items (i), (ii), (iv), and (v) are discussed must be closed if disclosure or use of the report or information could compromise the fairness or integrity of the procurement, bidding, or contract process.

All contracts entered into under this Section are subject to appropriation and shall comply with Section 20-60(b) of the Illinois Procurement Code (30 ILCS 500/20-60(b)).

The Director shall contract or otherwise make available group life insurance, health benefits and other employee benefits to eligible members and, where elected, their eligible dependents. Any contract or, if applicable, contracts or other arrangement for provision of benefits shall be on terms consistent with State policy and deemed by the Director to be in the best interest of the State of Illinois and its members based on, but not limited to, such criteria as administrative cost, service capabilities of the carrier or other contractor and premiums, fees or charges as related to benefits.

The Director may prepare and issue specifications for group life insurance, health benefits, other employee benefits and administrative services for the purpose of receiving proposals from interested parties.

The Director is authorized to execute a contract, or contracts, for the programs of group life insurance, health benefits, other employee benefits and administrative services authorized by this Act (including,

without limitation, prescription drug benefits). All of the benefits provided under this Act may be included in one or more contracts, or the benefits may be classified into different types with each type included under one or more similar contracts with the same or different companies.

The term of any contract may not extend beyond 5 fiscal years. Upon recommendation of the Commission, the Director may exercise renewal options of the same contract for up to a period of 5 years. Any increases in premiums, fees or charges requested by a contractor whose contract may be renewed pursuant to a renewal option contained therein, must be justified on the basis of (1) audited experience data, (2) increases in the costs of health care services provided under the contract, (3) contractor performance, (4) increases in contractor responsibilities, or (5) any combination thereof.

Any contractor shall agree to abide by all requirements of this Act and Rules and Regulations promulgated and adopted thereto; to submit such information and data as may from time to time be deemed necessary by the Director for effective administration of the provisions of this Act and the programs established hereunder, and to fully cooperate in any audit.

The expense of the audit shall be the responsibility of the Cooperative. Copies of the audit shall be provided to all members of the Cooperative, to the Department, and to other requesting members of the aquaculture industry.

Sec. 405-105. Fidelity, surety, property, and casualty insurance. The Department shall establish and implement a program to coordinate the handling of all fidelity, surety, property, and casualty insurance exposures of the State and the departments, divisions, agencies, branches, and universities of the State. In performing this responsibility, the Department shall have the power and duty to do the following:

(1) Develop and maintain loss and exposure data on all State property.

(2) Study the feasibility of establishing a self-insurance plan for State property and prepare estimates of the costs of reinsurance for risks beyond the realistic limits of the self-insurance.

(3) Prepare a plan for centralizing the purchase of property and casualty insurance on State property under a master policy or policies and purchase the insurance contracted for as provided in the Illinois Purchasing Act.

(4) Evaluate existing provisions for fidelity bonds required of State employees and recommend changes that are appropriate commensurate with risk experience and the determinations respecting self-insurance or reinsurance so as to permit reduction of costs without loss of coverage.

(5) Investigate procedures for inclusion of school districts, public community college districts, and other units of local government in programs for the centralized purchase of insurance.

(6) Implement recommendations of the State Property Insurance Study Commission that the Department finds necessary or desirable in the performance of its powers and duties under this Section to achieve efficient and comprehensive risk management.

(7) Prepare and, in the discretion of the Director, implement a plan providing for the purchase of public liability insurance or for self-insurance for public liability or for a combination of purchased insurance and self-insurance for public liability (i) covering the State and drivers of motor vehicles owned, leased, or controlled by the State of Illinois pursuant to the provisions and limitations contained in the Illinois Vehicle Code, (ii) covering other public liability exposures of the State and its employees within the scope of their employment, and (iii) covering drivers of motor vehicles not owned, leased, or controlled by the State but used by a State employee on State business, in excess of liability covered by an insurance policy obtained by the owner of the motor vehicle or in excess of the dollar amounts that the Department shall determine to be reasonable. The term "employee" as used in this subdivision (7) and in subdivision (11) means a person while in the employ of the State who is a member of the staff or personnel of a State agency, bureau, board, commission, committee, department, university, or college or who is a State officer, elected official, commissioner, member of or ex officio member of a State agency, bureau, board, commission, committee, department, university, or college, or a member of the National Guard while on active duty pursuant to orders of the Governor of the State of Illinois, or any other person while using a licensed motor vehicle owned, leased, or controlled by the State of Illinois with the authorization of the State of Illinois, provided the actual use of the motor vehicle is within the scope of that authorization and within the course of State service.

Subsequent to payment of a claim on behalf of an employee pursuant to this Section and after reasonable advance written notice to the employee, the Director may exclude the employee from future coverage or limit the coverage under the plan if (i) the Director determines that the claim resulted from an incident in which the employee was grossly negligent or had engaged in willful and wanton misconduct or (ii) the Director determines that the employee is no longer an acceptable risk based on a review of prior accidents in which the employee was at fault and for which payments were made pursuant to this Section.

The Director is authorized to promulgate administrative rules that may be necessary to establish and administer the plan.

Appropriations from the Road Fund shall be used to pay auto liability claims and related expenses involving employees of the Department of Transportation, the Illinois State Police, and the Secretary of State.

(8) Charge, collect, and receive from all other agencies of the State government fees or monies equivalent to the cost of purchasing the insurance.

(9) Establish, through the Director, charges for risk management services rendered to State agencies by the Department. The State agencies so charged shall reimburse the Department by vouchers drawn against their respective appropriations. The reimbursement shall be determined by the Director as amounts sufficient to reimburse the Department for expenditures incurred in rendering the service.
The Department shall charge the employing State agency or university for workers' compensation payments for temporary total disability paid to any employee after the employee has received temporary total disability payments for 120 days if the employee's treating physician has issued a release to return to work with restrictions and the employee is able to perform modified duty work but the employing State agency or university does not return the employee to work at modified duty. Modified duty shall be duties assigned that may or may not be delineated as part of the duties regularly performed by the employee. Modified duties shall be assigned within the prescribed restrictions established by the treating physician and the physician who performed the independent medical examination. The amount of all reimbursements shall be deposited into the Workers' Compensation Revolving Fund which is hereby created as a revolving special fund in the State treasury. In addition to any other purpose authorized by law, moneys in the Fund shall be used, subject to appropriation, to pay these or other temporary total disability claims of employees of State agencies and universities.

Beginning with fiscal year 1996, all amounts recovered by the Department through subrogation in workers' compensation and workers' occupational disease cases shall be deposited into the Workers' Compensation Revolving Fund created under this subdivision (9).

(10) Establish rules, procedures, and forms to be used by State agencies in the administration and payment of workers' compensation claims. The Department shall initially evaluate and determine the compensability of any injury that is the subject of a workers' compensation claim and provide for the administration and payment of such a claim for all State agencies. The Director may delegate to any agency with the agreement of the agency head the responsibility for evaluation, administration, and payment of that agency's claims.

(11) Any plan for public liability self-insurance implemented under this Section shall provide that (i) the Department shall attempt to settle and may settle any public liability claim filed against the State of Illinois or any public liability claim filed against a State employee on the basis of an occurrence in the course of the employee's State employment; (ii) any settlement of such a claim must be approved by the Director and, in cases of settlements exceeding $100,000, by the Governor; and (iii) a settlement of any public liability claim against the State or a State employee shall require an unqualified release of any right of action against the State and

the employee for acts within the scope of the employee's employment giving rise to the claim.

Whenever and to the extent that a State employee operates a motor vehicle or engages in other activity covered by self-insurance under this Section, the State of Illinois shall defend, indemnify, and hold harmless the employee against any claim in tort filed against the employee for acts or omissions within the scope of the employee's employment in any proper judicial forum and not settled pursuant to this subdivision (11), provided that this obligation of the State of Illinois shall not exceed a maximum liability of $2,000,000 for any single occurrence in connection with the operation of a motor vehicle or $100,000 per person per occurrence for any other single occurrence, or $500,000 for any single occurrence in connection with the provision of medical care by a licensed physician employee.

Any claims against the State of Illinois under a self-insurance plan that are not settled pursuant to this subdivision (11) shall be heard and determined by the Court of Claims and may not be filed or adjudicated in any other forum. The Attorney General of the State of Illinois or the Attorney General's designee shall be the attorney with respect to all public liability self-insurance claims that are not settled pursuant to this subdivision (11) and therefore result in litigation. The payment of any award of the Court of Claims entered against the State relating to any public liability self-insurance claim shall act as a release against any State employee involved in the occurrence.

(12) Administer a plan the purpose of which is to make payments on final settlements or final judgments in accordance with the State Employee Indemnification Act. The plan shall be funded through appropriations from the General Revenue Fund specifically designated for that purpose, except that indemnification expenses for employees of the Department of Transportation, the Illinois State Police, and the Secretary of State shall be paid from the Road Fund. The term "employee" as used in this subdivision (12) has the same meaning as under subsection (b) of Section 1 of the State Employee Indemnification Act. Subject to sufficient appropriation, the Director shall approve payment of any claim presented to the Director that is supported by a final settlement or final judgment when the Attorney General and the chief officer of the public body against whose employee the claim or cause of action is asserted certify to the Director that the claim is in accordance with the State Employee Indemnification Act and that they approve of the payment. In no event

shall an amount in excess of $150,000 be paid from this plan to or for the benefit of any claimant.

(13) Administer a plan the purpose of which is to make payments on final settlements or final judgments for employee wage claims in situations where there was an appropriation relevant to the wage claim, the fiscal year and lapse period have expired, and sufficient funds were available to pay the claim. The plan shall be funded through appropriations from the General Revenue Fund specifically designated for that purpose.

Subject to sufficient appropriation, the Director is authorized to pay any wage claim presented to the Director that is supported by a final settlement or final judgment when the chief officer of the State agency employing the claimant certifies to the Director that the claim is a valid wage claim and that the fiscal year and lapse period have expired. Payment for claims that are properly submitted and certified as valid by the Director shall include interest accrued at the rate of 7% per annum from the forty-fifth day after the claims are received by the Department or 45 days from the date on which the amount of payment is agreed upon, whichever is later, until the date the claims are submitted to the Comptroller for payment. When the Attorney General has filed an appearance in any proceeding concerning a wage claim settlement or judgment, the Attorney General shall certify to the Director that the wage claim is valid before any payment is made. In no event shall an amount in excess of $150,000 be paid from this plan to or for the benefit of any claimant.

Nothing in Public Act 84-961 shall be construed to affect in any manner the jurisdiction of the Court of Claims concerning wage claims made against the State of Illinois.

(14) Prepare and, in the discretion of the Director, implement a program for self-insurance for official fidelity and surety bonds for officers and employees as authorized by the Official Bond Act.

Sec. 8h. Transfers to General Revenue Fund.

New matter indicated by italics - deletions by strikeout.
(a) Except as provided in subsection (b), notwithstanding any other State law to the contrary, the Governor Director of the Governor's Office of Management and Budget may, through June 30, 2007, from time to time direct the State Treasurer and Comptroller to transfer a specified sum from any fund held by the State Treasurer to the General Revenue Fund in order to help defray the State's operating costs for the fiscal year. The total transfer under this Section from any fund in any fiscal year shall not exceed the lesser of (i) 8% of the revenues to be deposited into the fund during that fiscal year or (ii) an amount that leaves a remaining fund balance of 25% of the July 1 fund balance of that fiscal year of the beginning balance in the fund. In fiscal year 2005 only, prior to calculating the July 1, 2004 final balances, the Governor may calculate and direct the State Treasurer with the Comptroller to transfer additional amounts determined by applying the formula authorized in this amendatory Act of the 93rd General Assembly to the funds balances on July 1, 2003. No transfer may be made from a fund under this Section that would have the effect of reducing the available balance in the fund to an amount less than the amount remaining unexpended and unreserved from the total appropriation from that fund estimated to be expended for that fiscal year. This Section does not apply to any funds that are restricted by federal law to a specific use or to any funds in the Motor Fuel Tax Fund, the Hospital Provider Fund, or the Medicaid Provider Relief Fund. Notwithstanding any other provision of this Section, for fiscal year 2004, the total transfer under this Section from the Road Fund or the State Construction Account Fund shall not exceed the lesser of (i) 5% of the revenues to be deposited into the fund during that fiscal year or (ii) 25% of the beginning balance in the fund. For fiscal year 2005 through fiscal year 2007, no amounts may be transferred under this Section from the Road Fund, the State Construction Account Fund, the Criminal Justice Information Systems Trust Fund, the Wireless Carrier Reimbursement Fund, or the Mandatory Arbitration Fund.

In determining the available balance in a fund, the Governor Director of the Governor's Office of Management and Budget may include receipts, transfers into the fund, and other resources anticipated to be available in the fund in that fiscal year.

The State Treasurer and Comptroller shall transfer the amounts designated under this Section as soon as may be practicable after receiving the direction to transfer from the Governor Director of the Governor's Office of Management and Budget.

Sec. 9. (a) No disbursements from appropriations shall be made for rental or purchase of office or other space, buildings or land, except in pursuance of a written lease or purchase contract entered into by the proper State authority and the owner or authorized agent of the property. Such lease shall not exceed 5 years unless a greater term is authorized by law, but such lease may contain a renewal clause subject to acceptance by the State after that date or an option to purchase. Such purchase contract may provide for the title to the property to transfer immediately to the State or a trustee or nominee for the benefit of the State and for the consideration to be paid in installments to be made at stated intervals during a certain term not to exceed 30 years from the date of the contract and may provide for the payment of interest on the unpaid balance at a rate that does not exceed a rate determined by adding 3 percentage points to the annual yield on United States Treasury obligations of comparable maturity as most recently published in the Wall Street Journal at the time such contract is signed. Such lease or purchase contract shall be and shall recite that it is subject to termination and cancellation in any year for which the General Assembly fails to make an appropriation to pay the rent or purchase installments payable under the terms of such lease or purchase contract. Additionally such purchase contract shall specify that title to the office and storage space, buildings, land and other facilities being acquired under such a contract shall revert to the Seller in the event of the failure of the General Assembly to appropriate suitable funds. This limitation does not apply to leases for office or other space, buildings, or land, where such leases or purchase contracts contain a provision limiting the liability for the payment of the rental or installments thereunder solely to funds received from the Federal Government. A copy of each such lease or purchase contract shall be filed in the office of the Secretary of State within 15 days after execution.
(b) The State shall not enter into any third-party vendor or other arrangement relating to the issuance of certificates of participation or other forms of financing relating to the rental or purchase of office or other space, buildings, or land unless otherwise authorized by law; through the Bureau of the Budget for real property and improvements and personal property related thereto, and through the Department of Central Management Services for personal property, may issue or cause to be issued certificates of participation or similar instruments representing the right to receive a proportionate share in lease-purchase or installment purchase payments to be made by or for the benefit of one or more State agencies for the acquisition or improvement of real or personal property, or refinancing of such property or payment of expenses related to the issuance. The total principal amount of the certificates issued or caused to be issued pursuant to this Section for acquisition of real property shall not exceed $125,000,000. Certificates issued or caused to be issued pursuant to this Section shall mean certificates heretofore or hereafter signed and delivered by the State or signed and delivered by a trustee or fiscal agent pursuant to the written direction of the State. Nothing in this Section shall (i) prohibit or restrict the issuance of or affect the validity or enforceability of certificates heretofore or hereafter signed and delivered by any lessor or seller or an assignee of either under a lease-purchase or installment purchase contract with the State or signed and delivered by a trustee or fiscal agent pursuant to the written direction of such lessor or seller or an assignee of either, or (ii) affect the validity or enforceability of any such lease-purchase or installment purchase contract.

(1) Certificates may be issued or caused to be issued pursuant to this Section if the Director of the Bureau of the Budget determines that it is financially desirable and in the best interest of the State to use certificates of participation to finance or refinance installment-purchase or lease-purchase contracts entered into by State departments, agencies, or universities or to refund or advance refund prior issuances of certificates of participation or similar instruments including certificates of participation issued under this Section and certificates of participation issued before the effective date of this amendatory Act of 1997. The State, through the Bureau of the Budget for real property and improvements and personal property related thereto, and through the Department of Central Management Services for personal property, may enter into arrangements for issuing, securing, and marketing certificates of

(2) Certificates of participation or similar instruments issued or caused to be issued pursuant to this Section and the underlying lease purchase or installment purchase contracts shall not constitute or create debt of the State as defined in the Illinois Constitution, nor a contractual obligation in excess of the amounts appropriated therefor, and the State shall have no continuing obligation to appropriate money for said payments or other obligations due under the lease-purchase or installment-purchase contracts; provided, however, that the Governor shall include in the annual budget request to the General Assembly for each relevant fiscal year appropriations sufficient to permit payment of all amounts which will be due and payable during the fiscal year with respect to certificates of participation issued or caused to be issued pursuant to this Section.

(3) The maximum term of certificates of participation issued to finance personal property shall be 10 years. The maximum term of certificates of participation to finance the acquisition or improvement of real property shall be 25 years. In no event, however, shall the term exceed the expected useful life of the property being financed, with the term calculated from the date of delivery, with respect to personal property, and the date of occupancy, with respect to real property.

(4) Ten days before the issuance of certificates of participation under this Section, the Director of the Bureau of the Budget for real property and improvements and personal property related thereto and the Department of Central Management Services for personal property shall transmit to the Executive Director of the Economic and Fiscal Commission, to the Auditor General, to the President of the Senate, the Minority Leader of the Senate, the Speaker of the House of Representatives, and the Minority Leader of the House of Representatives, to the Chairs of the Appropriations Committees, and to the Secretary of the Senate and Clerk of the House a notice providing the following

(7) The anticipated source of funds to make lease or installment purchase payments.
(8) Those items not anticipated to be financed upon enactment of the budget for the fiscal year.

A copy of the Preliminary Official Statement shall also be transmitted to the Executive Director of the Economic and Fiscal Commission, to the Auditor General, to the President of the Senate, the Minority Leader of the Senate, the Speaker of the House of Representatives, the Minority Leader of the House of Representatives, to the Chairs of the Appropriations Committees, and to the Secretary of the Senate and Clerk of the House at the time it is submitted for publication. After the issuance of the certificates, a copy of the final official statement accompanying the issuance shall be filed with the Economic and Fiscal Commission, with the Auditor General, with the President of the Senate, the Minority Leader of the Senate, the Speaker of the House of Representatives, and the Minority Leader of the House of Representatives, with the Chairs of the Appropriations Committees, and with the Secretary of the Senate and Clerk of the House.

(5) The Bureau of the Budget may, based on a cost benefit analysis, issue general obligation bonds to finance or refinance installment purchase or lease purchase contracts entered into by State departments, agencies, or universities or to refund or advance refund prior issuances of certificates of participation or similar instruments, including certificates of participation issued under this Section and certificates of participation issued before the effective date of this amending Act of 1997.

(c) Amounts paid from appropriations for personal service of any officer or employee of the State, either temporary or regular, shall be considered as full payment for all services rendered between the dates specified in the payroll or other voucher and no additional sum shall be paid to such officer or employee from any lump sum appropriation, appropriation for extra help or other purpose or any accumulated balances in specific appropriations, which payments would constitute in fact an additional payment for work already performed and for which remuneration had already been made, except that wage payments made pursuant to the application of the prevailing rate principle or based upon the effective date of a collective bargaining agreement between the State, or a State agency and an employee group, or payment of funds as an adjustment to wages paid employees or officers of the State for the purpose of correcting a clerical or administrative error or oversight or pursuant to a backpay order issued by an appropriate State or federal administrative or judicial body or officer shall not be construed as an additional payment for work already performed.

(d) Disbursements from appropriations which are subject to the approval or certification of the Department of Central Management Services are subject to the following restrictions.

Payments for personal service except for positions specified in all appropriation Acts shall be made in conformity with schedules and amendments thereto submitted by the respective officers and approved by the Department of Central Management Services before becoming effective. Such schedules and amendments thereto may set up groups of employment showing the approximate number to be employed, with fixed or minimum and maximum salary rates.

Sec. 13.2. Transfers among line item appropriations.

(a) Transfers among line item appropriations from the same treasury fund for the objects specified in this Section may be made in the manner provided in this Section when the balance remaining in one or more such line item appropriations is insufficient for the purpose for which the appropriation was made.

(a-1) No transfers may be made from one agency to another agency, nor may transfers be made from one institution of higher education to another institution of higher education.

New matter indicated by italics - deletions by strikeout.
(a-2) Except as otherwise provided in this Section, transfers of funds may be made only among the objects of expenditure enumerated in this Section, except that no funds may be transferred from any appropriation for personal services, from any appropriation for State contributions to the State Employees' Retirement System, from any separate appropriation for employee retirement contributions paid by the employer, nor from any appropriation for State contribution for employee group insurance. During State fiscal year 2005, an agency may transfer amounts among its appropriations within the same treasury fund for personal services, employee retirement contributions paid by employer, and State Contributions to retirement systems; notwithstanding and in addition to the transfers authorized in subsection (c) of this Section, the fiscal year 2005 transfers authorized in this sentence may be made in an amount not to exceed 2% of the aggregate amount appropriated to an agency within the same treasury fund.

(a-3) Further, if an agency receives a separate appropriation for employee retirement contributions paid by the employer, any transfer by that agency into an appropriation for personal services must be accompanied by a corresponding transfer into the appropriation for employee retirement contributions paid by the employer, in an amount sufficient to meet the employer share of the employee contributions required to be remitted to the retirement system.

(b) In addition to the general transfer authority provided under subsection (c), the following agencies have the specific transfer authority granted in this subsection:

The Illinois Department of Public Aid is authorized to make transfers representing savings attributable to not increasing grants due to the births of additional children from line items for payments of cash grants to line items for payments for employment and social services for the purposes outlined in subsection (f) of Section 4-2 of the Illinois Public Aid Code.

The State Treasurer is authorized to make transfers among line item appropriations from the Capital Litigation Trust Fund, with respect to costs incurred in fiscal years 2002 and 2003 only, when the balance remaining in one or more such line item appropriations is insufficient for the purpose for which the appropriation was made, provided that no such transfer may be made unless the amount transferred is no longer required for the purpose for which that appropriation was made.

(c) The sum of such transfers for an agency in a fiscal year shall not exceed 2% of the aggregate amount appropriated to it within the same treasury fund for the following objects: Personal Services; Extra Help; Student and Inmate Compensation; State Contributions to Retirement Systems; State Contributions to Social Security; State Contribution for Employee Group Insurance; Contractual Services; Travel; Commodities; Printing; Equipment; Electronic Data Processing; Operation of Automotive Equipment; Telecommunications Services; Travel and Allowance for Committed, Paroled and Discharged Prisoners; Library Books; Federal Matching Grants for Student Loans; Refunds; Workers' Compensation, Occupational Disease, and Tort Claims; and, in appropriations to institutions of higher education, Awards and Grants. Notwithstanding the above, any amounts appropriated for payment of workers' compensation claims to an agency to which the authority to evaluate, administer and pay such claims has been delegated by the Department of Central Management Services may be transferred to any other expenditure object where such amounts exceed the amount necessary for the payment of such claims.

(c-1) Special provisions for State fiscal year 2003. Notwithstanding any other provision of this Section to the contrary, for State fiscal year 2003 only, transfers among line item appropriations to an agency from the same treasury fund may be made provided that the sum of such transfers for an agency in State fiscal year 2003 shall not exceed 3% of the aggregate amount appropriated to that State agency for State fiscal year 2003 for the following objects: personal services, except that no transfer may be approved which reduces the aggregate appropriations for personal services within an agency; extra help; student and inmate compensation; State contributions to retirement systems; State contributions to social security; State contributions for employee group insurance; contractual

(c-2) Special provisions for State fiscal year 2005. Notwithstanding subsections (a), (a-2), and (c), for State fiscal year 2005 only, transfers may be made among any line item appropriations from the same or any other treasury fund for any objects or purposes, without limitation, when the balance remaining in one or more such line item appropriations is insufficient for the purpose for which the appropriation was made, provided that the sum of those transfers by a State agency shall not exceed 4% of the aggregate amount appropriated to that State agency for fiscal year 2005.

(d) Transfers among appropriations made to agencies of the Legislative and Judicial departments and to the constitutionally elected officers in the Executive branch require the approval of the officer authorized in Section 10 of this Act to approve and certify vouchers. Transfers among appropriations made to the University of Illinois, Southern Illinois University, Chicago State University, Eastern Illinois University, Governors State University, Illinois State University, Northeastern Illinois University, Northern Illinois University, Western Illinois University, the Illinois Mathematics and Science Academy and the Board of Higher Education require the approval of the Board of Higher Education and the Governor. The Comptroller shall furnish the Governor with information copies of all transfers approved for agencies of the Legislative and Judicial departments and transfers approved by the constitutionally elected officials of the Executive branch other than the Governor, showing the amounts transferred and indicating the dates such changes were entered on the Comptroller's records.

When any appropriation payable from trust funds or federal funds includes an item for personal services but does not include a separate item for State contribution for employee group insurance, the State contribution for employee group insurance in relation to employees paid under that personal services line item shall also be payable under that personal services line item.

When any appropriation payable from trust funds or federal funds includes an item for personal services but does not include a separate item for employee retirement contributions paid by the employer, the State contribution for employee retirement contributions paid by the employer in relation to employees paid under that personal services line item shall also be payable under that personal services line item.

The item "personal services", when used in an appropriation Act, shall also mean and include a payment to a State retirement system by a State agency to discharge a debt arising from the over-refund to an employee of retirement contributions. (i) An agency which administers a fund classified by the Comptroller as an internal service fund may issue rules for:

1. billing user agencies in advance for payments or authorized inter-fund transfers based on estimated charges for goods or services;

2. issuing credits, refunding through inter-fund transfers, or reducing future inter-fund transfers during the subsequent fiscal year for all user agency payments or authorized inter-fund transfers received during the prior fiscal year which were in excess of the final amounts owed by the user agency for that period; and

3. issuing catch-up billings to user agencies during the subsequent fiscal year for amounts remaining due when payments or authorized inter-fund transfers received from the user agency during the prior fiscal year were less than the total amount owed for that period.

Section 10-105. The State Officers and Employees Money Disposition Act is amended by adding Section 5a as follows:

30 ILCS 230/5a new

Sec. 5a. The Secretary of State shall deposit all fees into the funds specified in the statute imposing or authorizing the fee no more than 30 days after receipt of the fee by the Secretary of State.

Section 10-110. The General Obligation Bond Act is amended by changing Sections 2, 8, 9, 11, and 16 and by adding Sections 2.5, 15.5, and 21 as follows:

Sec. 2. Authorization for Bonds. The State of Illinois is authorized to issue, sell and provide for the retirement of General Obligation Bonds of the State of Illinois for the categories and specific purposes expressed in Sections 2 through 8 of this Act, in the total amount of $27,658,149,369.
The bonds authorized in this Section 2 and in Section 16 of this Act are herein called "Bonds".

Of the total amount of Bonds authorized in this Act, up to $2,200,000,000 in aggregate original principal amount may be issued and sold in accordance with the Baccalaureate Savings Act in the form of General Obligation College Savings Bonds.

Of the total amount of Bonds authorized in this Act, up to $300,000,000 in aggregate original principal amount may be issued and sold in accordance with the Retirement Savings Act in the form of General Obligation Retirement Savings Bonds.

Of the total amount of Bonds authorized in this Act, the additional $10,000,000,000 authorized by this amendatory Act of the 93rd General Assembly shall be used solely as provided in Section 7.2.

The issuance and sale of Bonds pursuant to the General Obligation Bond Act is an economical and efficient method of financing the long-term capital and general operating needs of the State. This Act will permit the issuance of a multi-purpose General Obligation Bond with uniform terms and features. This will not only lower the cost of registration but also reduce the overall cost of issuing debt by improving the marketability of Illinois General Obligation Bonds.

Sec. 8. Bond sale expenses; capitalized interest.

New matter indicated by italics - deletions by strikeout.
(a) An amount not to exceed 0.5 percent of the principal amount of the proceeds of sale of each bond sale is authorized to be used to pay the reasonable costs of issuance and sale, including, without limitation, underwriter's discounts and fees, but excluding bond insurance, of State of Illinois general obligation bonds authorized and sold pursuant to this Act, provided that no salaries of State employees or other State office operating expenses shall be paid out of non-appropriated proceeds. The Governor's Office of Management and Budget shall compile a summary of all costs of issuance on each sale (including both costs paid out of proceeds and those paid out of appropriated funds) and post that summary on its web site within 20 business days after the issuance of the Bonds. The summary shall include, as applicable, the respective percentages of participation and compensation of each underwriter that is a member of the underwriting syndicate, legal counsel, financial advisors, and other professionals for the bond issue and an identification of all costs of issuance paid to minority owned businesses, female owned businesses, and businesses owned by persons with disabilities. The terms "minority owned businesses", "female owned businesses", and "business owned by a person with a disability" have the meanings given to those terms in the Business Enterprise for Minorities, Females, and Persons with Disabilities Act. That posting shall be maintained on the web site for a period of at least 30 days. In addition, the Governor's Office of Management and Budget shall provide a written copy of each summary of costs to the Speaker and Minority Leader of the House of Representatives, the President and Minority Leader of the Senate, and the Illinois Economic and Fiscal Commission within 20 business days after each issuance of the Bonds. In addition, the Governor's Office of Management and Budget shall provide copies of all contracts under which any costs of issuance are paid or to be paid to the Illinois Economic and Fiscal Commission within 20 business days after the issuance of Bonds for which those costs are paid or to be paid. Instead of filing a second or subsequent copy of the same contract, the Governor's Office of Management and Budget may file a statement that specified costs are paid under specified contracts filed earlier with the Commission.

(b) The Director of the Governor's Office of Management and Budget shall not, in connection with the issuance of Bonds, contract with any underwriter, financial advisor, or attorney unless that underwriter, financial advisor, or attorney certifies that the underwriter, financial advisor, or attorney has not and will not pay a contingent fee, whether

directly or indirectly, to a third party for having promoted the selection of the underwriter, financial advisor, or attorney for that contract. In the event that the Governor's Office of Management and Budget determines that an underwriter, financial advisor, or attorney has filed a false certification with respect to the payment of contingent fees, the Governor's Office of Management and Budget shall not contract with that underwriter, financial advisor, or attorney, or with any firm employing any person who signed false certifications, for a period of 2 calendar years, beginning with the date the determination is made. The validity of Bonds issued under such circumstances of violation pursuant to this Section shall not be affected. The Bond Sale Order may provide for a portion of the proceeds of the bond sale, representing up to 12 months' interest on the bonds, to be deposited directly into the capitalized interest account of the General Obligation Bond Retirement and Interest Fund.

Sec. 9. Conditions for Issuance and Sale of Bonds - Requirements for Bonds.

(a) Except as otherwise provided in this subsection, Bonds shall be issued and sold from time to time, in one or more series, in such amounts and at such prices as may be directed by the Governor, upon recommendation by the Director of the Governor's Office of Management and Budget. Bonds shall be in such form (either coupon, registered or book entry), in such denominations, payable within 25 30 years from their date, subject to such terms of redemption with or without premium, bear interest payable at such times and at such fixed or variable rate or rates, and be dated as shall be fixed and determined by the Director of the Governor's Office of Management and Budget in the order authorizing the issuance and sale of any series of Bonds, which order shall be approved by the Governor and is herein called a "Bond Sale Order"; provided however, that interest payable at fixed or variable rates shall not exceed that permitted in the Bond Authorization Act, as now or hereafter amended. Bonds shall be payable at such place or places, within or without the State of Illinois, and may be made registrable as to either principal or as to both principal and interest, as shall be specified in the Bond Sale Order. Bonds may be callable or subject to purchase and retirement or tender and remarketing as fixed and determined in the Bond Sale Order. Bonds must be issued with principal or mandatory redemption amounts in equal amounts, with the first maturity issued occurring within the fiscal year in

which the Bonds are issued or within the next succeeding fiscal year, with Bonds issued maturing or subject to mandatory redemption each fiscal year thereafter up to 25 years.

In the case of any series of Bonds bearing interest at a variable interest rate ("Variable Rate Bonds"), in lieu of determining the rate or rates at which such series of Variable Rate Bonds shall bear interest and the price or prices at which such Variable Rate Bonds shall be initially sold or remarketed (in the event of purchase and subsequent resale), the Bond Sale Order may provide that such interest rates and prices may vary from time to time depending on criteria established in such Bond Sale Order, which criteria may include, without limitation, references to indices or variations in interest rates as may, in the judgment of a remarketing agent, be necessary to cause Variable Rate Bonds of such series to be remarketable from time to time at a price equal to their principal amount, and may provide for appointment of a bank, trust company, investment bank, or other financial institution to serve as remarketing agent in that connection. The Bond Sale Order may provide that alternative interest rates or provisions for establishing alternative interest rates, different security or claim priorities, or different call or amortization provisions will apply during such times as Variable Rate Bonds of any series are held by a person providing credit or liquidity enhancement arrangements for such Bonds as authorized in subsection (b) of this Section. The Bond Sale Order may also provide for such variable interest rates to be established pursuant to a process generally known as an auction rate process and may provide for appointment of one or more financial institutions to serve as auction agents and broker-dealers in connection with the establishment of such interest rates and the sale and remarketing of such Bonds.

(b) In connection with the issuance of any series of Bonds, the State may enter into arrangements to provide additional security and liquidity for such Bonds, including, without limitation, bond or interest rate insurance or letters of credit, lines of credit, bond purchase contracts, or other arrangements whereby funds are made available to retire or purchase Bonds, thereby assuring the ability of owners of the Bonds to sell or redeem their Bonds. The State may enter into contracts and may agree to pay fees to persons providing such arrangements, but only under circumstances where the Director of the Governor's Office of Management and Budget certifies that he or she reasonably expects the total interest paid or to be paid on the Bonds, together with the fees for the arrangements (being treated as if interest), would not, taken together, cause

the Bonds to bear interest, calculated to their stated maturity, at a rate in excess of the rate that the Bonds would bear in the absence of such arrangements.

The State may, with respect to Bonds issued or anticipated to be issued, participate in and enter into arrangements with respect to interest rate protection or exchange agreements, guarantees, or financial futures contracts for the purpose of limiting, reducing, or managing interest rate exposure. The authority granted under this paragraph, however, shall not increase the principal amount of Bonds authorized to be issued by law. The arrangements may be executed and delivered by the Director of the Governor's Office of Management and Budget on behalf of the State. Net payments for such arrangements shall constitute interest on the Bonds and shall be paid from the General Obligation Bond Retirement and Interest Fund. The Director of the Governor's Office of Management and Budget shall at least annually certify to the Governor and the State Comptroller his or her estimate of the amounts of such net payments to be included in the calculation of interest required to be paid by the State.

(c) Prior to the issuance of any Variable Rate Bonds pursuant to subsection (a), the Director of the Governor's Office of Management and Budget shall adopt an interest rate risk management policy providing that the amount of the State's variable rate exposure with respect to Bonds shall not exceed 20%. This policy shall remain in effect while any Bonds are outstanding and the issuance of Bonds shall be subject to the terms of such policy. The terms of this policy may be amended from time to time by the Director of the Governor's Office of Management and Budget but in no event shall any amendment cause the permitted level of the State's variable rate exposure with respect to Bonds to exceed 20%.

Sec. 11. Sale of Bonds. Except as otherwise provided in this Section, Bonds shall be sold from time to time pursuant to notice of sale and public bid or by negotiated sale in such amounts and at such times as is directed by the Governor, upon recommendation by the Director of the Governor's Office of Management and Budget. At least 25%, based on total principal amount, of all Bonds issued each fiscal year shall be sold pursuant to notice of sale and public bid. At all times during each fiscal year, no more than 75%, based on total principal amount, of the Bonds issued each fiscal year, shall have been sold by negotiated sale. Failure to

satisfy the requirements in the preceding 2 sentences shall not affect the validity of any previously issued Bonds.

If any Bonds, including refunding Bonds, are to be sold by negotiated sale, the Director of the Governor's Office of Management and Budget shall comply with the competitive request for proposal process set forth in the Illinois Procurement Code and all other applicable requirements of that Code.

If Bonds are to be sold pursuant to notice of sale and public bid, the Director of the Governor's Office of Management and Budget shall, from time to time, as Bonds are to be sold, advertise the sale of the Bonds in at least 2 daily newspapers, one of which is published in the City of Springfield and one in the City of Chicago. The sale of the Bonds shall also be advertised in the volume of the Illinois Procurement Bulletin that is published by the Department of Central Management Services. Each of the advertisements for proposals shall be published once at least 10 days prior to the date fixed for the opening of the bids. The Director of the Governor's Office of Management and Budget may reschedule the date of sale upon the giving of such additional notice as the Director deems adequate to inform prospective bidders of such change; provided, however, that all other conditions of the sale shall continue as originally advertised.

Executed Bonds shall, upon payment therefor, be delivered to the purchaser, and the proceeds of Bonds shall be paid into the State Treasury as directed by Section 12 of this Act.

The State of Illinois is authorized to issue, sell, and provide for the retirement of General Obligation Bonds of the State of Illinois in the amount of $2,839,025,000, at any time and from time to time outstanding, for the purpose of refunding any State of Illinois general obligation Bonds then outstanding, including the payment of any redemption premium thereon, any reasonable expenses of such refunding, any interest accrued or to accrue to the earliest or any subsequent date of

Redemption or maturity of such outstanding Bonds and any interest to accrue to the first interest payment on the refunding Bonds; provided that all non-refunding Bonds in an issue that includes such refunding Bonds shall mature no later than the final maturity date of Bonds being refunded; provided that no refunding Bonds shall be offered for sale unless the net present value of debt service savings to be achieved by the issuance of the refunding Bonds is 3% or more of the principal amount of the refunding Bonds to be issued; and further provided that the maturities of the refunding Bonds shall not extend beyond the maturities of the Bonds they refund, so that for each fiscal year in the maturity schedule of a particular issue of refunding Bonds, the total amount of refunding principal maturing and redemption amounts due in that fiscal year and all prior fiscal years in that schedule shall be greater than or equal to the total amount of refunded principal and redemption amounts that had been due over that year and all prior fiscal years prior to the refunding.

Refunding Bonds may be sold from time to time pursuant to notice of sale and public bid or by negotiated sale in such amounts and at such times, as directed by the Governor, upon recommendation by the Director of the Bureau of the Budget. The Governor shall notify the State Treasurer and Comptroller of such refunding. The proceeds received from the sale of refunding Bonds shall be used for the retirement at maturity or redemption of such outstanding Bonds on any maturity or redemption date and, pending such use, shall be placed in escrow, subject to such terms and conditions as shall be provided for in the Bond Sale Order relating to the Refunding Bonds. Proceeds not needed for deposit in an escrow account shall be deposited in the General Obligation Bond Retirement and Interest Fund. This Act shall constitute an irrevocable and continuing appropriation of all amounts necessary to establish an escrow account for the purpose of refunding outstanding general obligation Bonds and to pay the reasonable expenses of such refunding and of the issuance and sale of the refunding Bonds. Any such escrowed proceeds may be invested and reinvested in direct obligations of the United States of America, maturing at such time or times as shall be appropriate to assure the prompt payment, when due, of the principal of and interest and redemption premium, if any, on the refunded Bonds. After the terms of the escrow have been fully satisfied, any remaining balance of such proceeds and interest, income and profits earned or realized on the investments thereof shall be paid into the General Revenue Fund. The liability of the State upon the Bonds shall
continue, provided that the holders thereof shall thereafter be entitled to payment only out of the moneys deposited in the escrow account.

Except as otherwise herein provided in this Section, such refunding Bonds shall in all other respects be subject to the terms and conditions of this Act.

Sec. 21. Truth in borrowing disclosures.

(a) Within 20 business days after the issuance of any Bonds under this Act, the Director of the Governor's Office of Management and Budget shall publish a truth in borrowing disclosure that discloses the total principal and interest payments to be paid on the Bonds over the full stated term of the Bonds. The disclosure also shall include principal and interest payments to be made by each fiscal year over the full stated term of the Bonds and total principal and interest payments to be made by each fiscal year on all other outstanding Bonds issued under this Act over the full stated terms of those Bonds.

(b) Within 20 business days after the issuance of any refunding bonds under Section 16 of this Act, the Director of the Governor's Office of Management and Budget shall publish a truth in borrowing disclosure that discloses the estimated present-valued savings to be obtained through the refunding, in total and by each fiscal year that the refunding Bonds may be outstanding.

(c) The disclosures required in subsections (a) and (b) shall be published by posting the disclosures for no less than 30 days on the web site of the Governor's Office of Management and Budget and by providing the disclosures in written form to the Illinois Economic and Fiscal Commission. These disclosures shall be calculated assuming Bonds are not redeemed or refunded prior to their stated maturities. Amounts included in these disclosures as payment of interest on variable rate Bonds shall be computed at an interest rate equal to the rate at which the variable rate Bonds are first set upon issuance, plus 2.5%, after taking into account any credits permitted in the related indenture or other instrument against the amount of such interest for each fiscal year. Amounts included in these disclosures as payment of interest on variable rate Bonds shall include the amounts certified by the Director of the Governor's Office of Management and Budget under subsection (b) of Section 9 of this Act.

Section 10-120. The Build Illinois Bond Act is amended by changing Sections 3, 5, 6, 8, 9, and 15 and by adding Sections 8.3 and 8.5 as follows:

(30 ILCS 425/3) (from Ch. 127, par. 2803)

Sec. 3. Findings. The General Assembly hereby makes the following findings and determinations:

(a) The issuance and sale of Bonds pursuant to this Act is an economical and efficient method of financing long-term capital needs, including certain of the purposes of the State, as set forth in Section 4 hereof.

(b) This Act will permit the issuance of Bonds, from time to time, for various purposes and with varying terms, features and conditions in order to enhance marketability and lower interest costs incurred by the State. Subsection (a) of Section 6 of this Act authorizes the issuance, from time to time, of Bonds in one or more series, in such principal amounts, bearing interest at such fixed rates or variable rates and having such other terms and provisions as designated State officers may fix and determine pursuant to the authority delegated under this Act. Subsection (b) of Section 6 of this Act authorizes, in connection with the issuance of and as security for any series of Bonds, the purchase of bond or interest rate insurance, the establishment of credit and liquidity enhancement

arrangements with financial institutions, and participation in interest rate swaps or guarantee agreements or other arrangements to limit interest rate risk.

(c) The financing of the facilities and other purposes described in Section 4 of this Act through the issuance of Bonds will involve numerous expenditures over extended periods of time, all of which expenditures shall be made only pursuant to and in conformity with appropriations from Bond proceeds by the General Assembly prior to the making of such expenditures.

(d) Determinations with respect to (i) advantageous timing and amounts of such expenditures for particular approved facilities or purposes, (ii) establishing an advantageous mix of short-term and long-term debt instruments under bond market conditions prevailing from time to time, and (iii) specific allocations of Bond proceeds to particular facilities and purposes should be based upon financial, engineering and construction management judgments made from time to time.

(e) The State's ability to issue Bonds from time to time, without further action by the General Assembly, in separate series, in various principal amounts and with various interest rates, maturities, redemption provisions and other terms will enhance the State's opportunities to obtain such financing as needed, upon favorable terms.

In order to provide for flexibility in meeting the financial, engineering and construction needs of the State and its agencies and departments and in order to provide continuing and adequate financing for the aforesaid purposes on favorable terms, the delegations of authority to the Governor, the Director of the Governor's Office of Management and Budget, the State Comptroller, the State Treasurer and other officers of the State which are contained in this Act are necessary and desirable because this General Assembly cannot itself as understandably, advantageously, expeditiously or conveniently exercise such authority and make such specific determinations.

The Governor's Office of Management and Budget shall compile a summary of all costs of issuance on each sale (including both costs paid out of proceeds and those paid out of appropriated funds) and post that summary on its web site within 20 business days after the issuance of the bonds. That posting shall be maintained on the web site for a period of at least 30 days. In addition, the Governor's Office of Management and Budget shall provide a written copy of each summary of costs to the Speaker and Minority Leader of the House of Representatives, the President and Minority Leader of the Senate, and the Illinois Economic and Fiscal Commission within 20 business days after each issuance of the bonds. This summary shall include, as applicable, the respective percentage of participation and compensation of each underwriter that is a member of the underwriting syndicate, legal counsel, financial advisors, and other professionals for the Bond issue, and an identification of all costs of issuance paid to minority owned businesses, female owned businesses, and businesses owned by persons with disabilities. The terms "minority owned businesses", "female owned businesses", and "business owned by a person with a disability" have the meanings given to those terms in the Business Enterprise for Minorities, Females, and Persons with Disabilities Act. In addition, the Governor's Office of Management and Budget shall provide copies of all contracts under which any costs of issuance are paid or to be paid to the Illinois Economic and Fiscal Commission within 20 business days after the issuance of Bonds for which those costs are paid or to be paid. Instead of filing a second or subsequent copy of the same contract, the Governor's Office of Management and Budget may file a statement that specified costs are paid under specified contracts filed earlier with the Commission.

callable or subject to purchase and retirement or remarketing as fixed and determined in the Bond Sale Order. *Bonds must be issued with principal or mandatory redemption amounts in equal amounts, with the first maturity issued occurring within the fiscal year in which the Bonds are issued or within the next succeeding fiscal year, with Bonds issued maturing or subject to mandatory redemption each fiscal year thereafter up to 25 years.*

All Bonds authorized under this Act shall be issued pursuant to a master trust indenture ("Master Indenture") executed and delivered on behalf of the State by the Director of the *Governor's Office of Management and Budget* Bureau of the Budget, such Master Indenture to be in substantially the form approved in the Bond Sale Order authorizing the issuance and sale of the initial series of Bonds issued under this Act. Such initial series of Bonds may, and each subsequent series of Bonds shall, also be issued pursuant to a supplemental trust indenture ("Supplemental Indenture") executed and delivered on behalf of the State by the Director of the *Governor's Office of Management and Budget* Bureau of the Budget, each such Supplemental Indenture to be in substantially the form approved in the Bond Sale Order relating to such series. The Master Indenture and any Supplemental Indenture shall be entered into with a bank or trust company in the State of Illinois having trust powers and possessing capital and surplus of not less than $100,000,000. Such indentures shall set forth the terms and conditions of the Bonds and provide for payment of and security for the Bonds, including the establishment and maintenance of debt service and reserve funds, and for other protections for holders of the Bonds. The term "reserve funds" as used in this Act shall include funds and accounts established under indentures to provide for the payment of principal of and premium and interest on Bonds, to provide for the purchase, retirement or defeasance of Bonds, to provide for fees of trustees, registrars, paying agents and other fiduciaries and to provide for payment of costs of and debt service payable in respect of credit or liquidity enhancement arrangements, interest rate swaps or guarantees or financial futures contracts and indexing and remarketing agents' services.

In the case of any series of Bonds bearing interest at a variable interest rate ("Variable Rate Bonds"), in lieu of determining the rate or rates at which such series of Variable Rate Bonds shall bear interest and the price or prices at which such Variable Rate Bonds shall be initially sold or remarketed (in the event of purchase and subsequent resale), the

Bond Sale Order may provide that such interest rates and prices may vary from time to time depending on criteria established in such Bond Sale Order, which criteria may include, without limitation, references to indices or variations in interest rates as may, in the judgment of a remarketing agent, be necessary to cause Bonds of such series to be remarketable from time to time at a price equal to their principal amount (or compound accreted value in the case of original issue discount Bonds), and may provide for appointment of indexing agents and a bank, trust company, investment bank or other financial institution to serve as remarketing agent in that connection. The Bond Sale Order may provide that alternative interest rates or provisions for establishing alternative interest rates, different security or claim priorities or different call or amortization provisions will apply during such times as Bonds of any series are held by a person providing credit or liquidity enhancement arrangements for such Bonds as authorized in subsection (b) of Section 6 of this Act.

(b) In connection with the issuance of any series of Bonds, the State may enter into arrangements to provide additional security and liquidity for such Bonds, including, without limitation, bond or interest rate insurance or letters of credit, lines of credit, bond purchase contracts or other arrangements whereby funds are made available to retire or purchase Bonds, thereby assuring the ability of owners of the Bonds to sell or redeem their Bonds. The State may enter into contracts and may agree to pay fees to persons providing such arrangements, but only under circumstances where the Director of the Bureau of the Budget (now Governor's Office of Management and Budget) certifies that he reasonably expects the total interest paid or to be paid on the Bonds, together with the fees for the arrangements (being treated as if interest), would not, taken together, cause the Bonds to bear interest, calculated to their stated maturity, at a rate in excess of the rate which the Bonds would bear in the absence of such arrangements. Any bonds, notes or other evidences of indebtedness issued pursuant to any such arrangements for the purpose of retiring and discharging outstanding Bonds shall constitute refunding Bonds under Section 15 of this Act. The State may participate in and enter into arrangements with respect to interest rate swaps or guarantees or financial futures contracts for the purpose of limiting or restricting interest rate risk; provided that such arrangements shall be made with or executed through banks having capital and surplus of not less than $100,000,000 or insurance companies holding the highest policyholder rating accorded insurers by A.M. Agreements incorporating any of the foregoing arrangements may be executed and delivered by the Director of the Governor's Office of Management and Budget on behalf of the State in substantially the form approved in the Bond Sale Order relating to such Bonds.

Executed Bonds shall, upon payment therefor, be delivered to the purchaser, and the proceeds of Bonds shall be paid into the State Treasury as directed by Section 9 of this Act. The Governor or the Director of the Governor’s Office of Management and Budget is hereby authorized and directed to execute and deliver contracts of sale with underwriters and to execute and deliver such certificates, indentures, agreements and documents, including any supplements or amendments thereto, and to take such actions and do such things as shall be necessary or desirable to carry out the purposes of this Act. These disclosures shall be calculated assuming Bonds are not redeemed or refunded prior to their stated maturities. Amounts included in these disclosures as payment of interest on variable rate Bonds shall be computed at an interest rate equal to the rate at which the variable rate Bonds are first set upon issuance, plus 2.5%, after taking into account any credits permitted in the related indenture or other instrument against the amount of such interest for each fiscal year. Amounts included in these disclosures as payments of interest shall include those amounts paid pursuant to arrangements authorized pursuant to subsection (b) of Section 6 of this Act.

that all non-refunding Bonds in an issue that includes such refunding
Bonds shall mature no later than the final maturity date of Bonds being
refunded; provided that no refunding Bonds shall be offered for sale
unless the net present value of debt service savings to be achieved by the
issuance of the refunding Bonds is 3% or more of the principal amount of
the refunding Bonds to be issued; and further provided that the maturities
of the refunding Bonds shall not extend beyond the maturities of the Bonds
they refund, so that for each fiscal year in the maturity schedule of a
particular issue of refunding Bonds, the total amount of refunding
principal maturing and redemption amounts due in that fiscal year and all
prior fiscal years in that schedule shall be greater than or equal to the
total amount of refunded principal and redemption amounts that had been

for in the Bond Sale Order relating to the refunding Bonds. This Act shall
constitute an irrevocable and continuing appropriation of all amounts
necessary to establish an escrow account for the purpose of refunding
outstanding Bonds and to pay the reasonable expenses of such refunding
and of the issuance and sale of the refunding Bonds. Any such escrowed
proceeds may be invested and reinvested in direct obligations of the
United States of America, maturing at such time or times as shall be
appropriate to assure the prompt payment, when due, of the principal of
and interest and redemption premium, if any, on the refunded Bonds. After
the terms of the escrow have been fully satisfied, any remaining balance of
such proceeds and interest, income and profits earned or realized on the
investments thereof shall be paid into the General Revenue Fund. The
liability of the State upon the refunded Bonds shall continue, provided that
the holders thereof shall thereafter be entitled to payment only out of the

the Metropolitan Fair and Exposition Authority Reconstruction Fund. On and after December 1, 1985, in addition to any other tax imposed by this Act, a tax is imposed upon any person engaged in business as a retailer of cigarettes in this State at a rate of 4 mills per cigarette sold or otherwise disposed of in the course of such business in this State. Of the additional tax imposed by this amendatory Act of 1985, $9,000,000 of the moneys received by the Department of Revenue pursuant to this Act shall be paid each month into the Common School Fund. On and after the effective date of this amendatory Act of 1989, in addition to any other tax imposed by this Act, a tax is imposed upon any person engaged in business as a retailer of cigarettes at the rate of 5 mills per cigarette sold or otherwise disposed of in the course of such business in this State. On and after the effective date of this amendatory Act of 1993, in addition to any other tax imposed by this Act, a tax is imposed upon any person engaged in business as a retailer of cigarettes at the rate of 7 mills per cigarette sold or otherwise disposed of in the course of such business in this State. On and after December 15, 1997, in addition to any other tax imposed by this Act, a tax is imposed upon any person engaged in business as a retailer of cigarettes at the rate of 7 mills per cigarette sold or otherwise disposed of in the course of such business in this State. All of the moneys received by the Department of Revenue pursuant to this Act and the Cigarette Use Tax Act from the additional taxes imposed by this amendatory Act of 1997, shall be paid each month into the Common School Fund. On and after July 1, 2002, in addition to any other tax imposed by this Act, a tax is imposed upon any person engaged in business as a retailer of cigarettes at the rate of 20.0 mills per cigarette sold or otherwise disposed of in the course of such business in this State. The payment of such taxes shall be evidenced by a stamp affixed to each original package of cigarettes, or an authorized substitute for such stamp imprinted on each original package of such cigarettes underneath the sealed transparent outside wrapper of such original package, as hereinafter provided. However, such taxes are not imposed upon any activity in such business in interstate commerce or otherwise, which activity may not under the Constitution and statutes of the United States be made the subject of taxation by this State.

Beginning on the effective date of this amendatory Act of the 92nd General Assembly, all of the moneys received by the Department of Revenue pursuant to this Act and the Cigarette Use Tax Act, other than the moneys that are dedicated to the Metropolitan Fair and Exposition Authority Reconstruction Fund and the Common School Fund, shall be

distributed each month as follows: first, there shall be paid into the General Revenue Fund an amount which, when added to the amount paid into the Common School Fund for that month, equals $33,300,000, except that in the month of August of 2004, this amount shall equal $83,300,000; then, from the moneys remaining, if any amounts required to be paid into the General Revenue Fund in previous months remain unpaid, those amounts shall be paid into the General Revenue Fund; then, beginning on April 1, 2003, from the moneys remaining, $5,000,000 per month shall be paid into the School Infrastructure Fund; then, if any amounts required to be paid into the School Infrastructure Fund in previous months remain unpaid, those amounts shall be paid into the School Infrastructure Fund; then the moneys remaining, if any, shall be paid into the Long-Term Care Provider Fund. To the extent that more than $25,000,000 has been paid into the General Revenue Fund and Common School Fund per month for the period of July 1, 1993 through the effective date of this amendatory Act of 1994 from combined receipts of the Cigarette Tax Act and the Cigarette Use Tax Act, notwithstanding the distribution provided in this Section, the Department of Revenue is hereby directed to adjust the distribution provided in this Section to increase the next monthly payments to the Long Term Care Provider Fund by the amount paid to the General Revenue Fund and Common School Fund in excess of $25,000,000 per month and to decrease the next monthly payments to the General Revenue Fund and Common School Fund by that same excess amount.

When any tax imposed herein terminates or has terminated, distributors who have bought stamps while such tax was in effect and who therefore paid such tax, but who can show, to the Department's satisfaction, that they sold the cigarettes to which they affixed such stamps after such tax had terminated and did not recover the tax or its equivalent from purchasers, shall be allowed by the Department to take credit for such absorbed tax against subsequent tax stamp purchases from the Department by such distributor.

The impact of the tax levied by this Act is imposed upon the retailer and shall be prepaid or pre-collected by the distributor for the purpose of convenience and facility only, and the amount of the tax shall be added to the price of the cigarettes sold by such distributor. Collection of the tax shall be evidenced by a stamp or stamps affixed to each original package of cigarettes, as hereinafter provided.

Each distributor shall collect the tax from the retailer at or before the time of the sale, shall affix the stamps as hereinafter required, and shall

remit the tax collected from retailers to the Department, as hereinafter provided. Any distributor who fails to properly collect and pay the tax imposed by this Act shall be liable for the tax. Any distributor having cigarettes to which stamps have been affixed in his possession for sale on the effective date of this amendatory Act of 1989 shall not be required to pay the additional tax imposed by this amendatory Act of 1989 on such stamped cigarettes. Any distributor having cigarettes to which stamps have been affixed in his or her possession for sale at 12:01 a.m. on the effective date of this amendatory Act of 1993, is required to pay the additional tax imposed by this amendatory Act of 1993 on such stamped cigarettes. This payment, less the discount provided in subsection (b), shall be due when the distributor first makes a purchase of cigarette tax stamps after the effective date of this amendatory Act of 1993, or on the first due date of a return under this Act after the effective date of this amendatory Act of 1993, whichever occurs first. Any distributor having cigarettes to which stamps have been affixed in his possession for sale on December 15, 1997 shall not be required to pay the additional tax imposed by this amendatory Act of 1997 on such stamped cigarettes.

Any distributor having cigarettes to which stamps have been affixed in his or her possession for sale on July 1, 2002 shall not be required to pay the additional tax imposed by this amendatory Act of the 92nd General Assembly on those stamped cigarettes.

The amount of the Cigarette Tax imposed by this Act shall be separately stated, apart from the price of the goods, by both distributors and retailers, in all advertisements, bills and sales invoices.

(b) The distributor shall be required to collect the taxes provided under paragraph (a) hereof, and, to cover the costs of such collection, shall be allowed a discount during any year commencing July 1st and ending the following June 30th in accordance with the schedule set out hereinbelow, which discount shall be allowed at the time of purchase of the stamps when purchase is required by this Act, or at the time when the tax is remitted to the Department without the purchase of stamps from the Department when that method of paying the tax is required or authorized by this Act. Prior to December 1, 1985, a discount equal to 1 2/3% of the amount of the tax up to and including the first $700,000 paid hereunder by such distributor to the Department during any such year; 1 1/3% of the next $700,000 of tax or any part thereof, paid hereunder by such distributor to the Department during any such year; 1% of the next $700,000 of tax, or any part thereof, paid hereunder by such distributor to

the Department during any such year, and 2/3 of 1% of the amount of any additional tax paid hereunder by such distributor to the Department during any such year shall apply. On and after December 1, 1985, a discount equal to 1.75% of the amount of the tax payable under this Act up to and including the first $3,000,000 paid hereunder by such distributor to the Department during any such year and 1.5% of the amount of any additional tax paid hereunder by such distributor to the Department during any such year shall apply.

Two or more distributors that use a common means of affixing revenue tax stamps or that are owned or controlled by the same interests shall be treated as a single distributor for the purpose of computing the discount.

(c) The taxes herein imposed are in addition to all other occupation or privilege taxes imposed by the State of Illinois, or by any political subdivision thereof, or by any municipal corporation.

Section 10-145. The Motor Fuel Tax Law is amended by changing Section 8 as follows:

(35 ILCS 505/8) (from Ch. 120, par. 424)

Sec. 8. Except as provided in Section 8a, subdivision (b)(1) of Section 12a, Section 13a.6, and items 13, 14, 15, and 16 of Section 15, all money received by the Department under this Act, including payments made to the Department by member jurisdictions participating in the International Fuel Tax Agreement, shall be deposited in a special fund in the State treasury, to be known as the "Motor Fuel Tax Fund", and shall be used as follows:

(a) 2 1/2 cents per gallon of the tax collected on special fuel under paragraph (b) of Section 2 and Section 13a of this Act shall be transferred to the State Construction Account Fund in the State Treasury;
(b) $420,000 shall be transferred each month to the State Boating Act Fund to be used by the Department of Natural Resources for the purposes specified in Article X of the Boat Registration and Safety Act;
(c) $2,250,000 shall be transferred each month to the Grade Crossing Protection Fund to be used as follows: not less than $6,000,000 each fiscal year shall be used for the construction or reconstruction of rail highway grade separation structures; $2,250,000 in fiscal year 2004 and each fiscal year thereafter shall be transferred to the Transportation Regulatory Fund and shall be accounted for as part of the rail carrier portion of such funds and shall be used to pay the cost of administration of

the Illinois Commerce Commission's railroad safety program in connection with its duties under subsection (3) of Section 18c-7401 of the Illinois Vehicle Code, with the remainder to be used by the Department of Transportation upon order of the Illinois Commerce Commission, to pay that part of the cost apportioned by such Commission to the State to cover the interest of the public in the use of highways, roads, streets, or pedestrian walkways in the county highway system, township and district road system, or municipal street system as defined in the Illinois Highway Code, as the same may from time to time be amended, for separation of grades, for installation, construction or reconstruction of crossing protection or reconstruction, alteration, relocation including construction or improvement of any existing highway necessary for access to property or improvement of any grade crossing including the necessary highway approaches thereto of any railroad across the highway or public road, or for the installation, construction, reconstruction, or maintenance of a pedestrian walkway over or under a railroad right-of-way, as provided for in and in accordance with Section 18c-7401 of the Illinois Vehicle Code. The Commission shall not order more than $2,000,000 per year in Grade Crossing Protection Fund moneys for pedestrian walkways. In entering orders for projects for which payments from the Grade Crossing Protection Fund will be made, the Commission shall account for expenditures authorized by the orders on a cash rather than an accrual basis. For purposes of this requirement an "accrual basis" assumes that the total cost of the project is expended in the fiscal year in which the order is entered, while a "cash basis" allocates the cost of the project among fiscal years as expenditures are actually made. To meet the requirements of this subsection, the Illinois Commerce Commission shall develop annual and 5-year project plans of rail crossing capital improvements that will be paid for with moneys from the Grade Crossing Protection Fund. The annual project plan shall identify projects for the succeeding fiscal year and the 5-year project plan shall identify projects for the 5 directly succeeding fiscal years. The Commission shall submit the annual and 5-year project plans for this Fund to the Governor, the President of the Senate, the Senate Minority Leader, the Speaker of the House of Representatives, and the Minority Leader of the House of Representatives on the first Wednesday in April of each year;

(d) of the amount remaining after allocations provided for in subsections (a), (b) and (c), a sufficient amount shall be reserved to pay all of the following:

(4) from October 1, 1985 until June 30, 1994, the administration of the Vehicle Emissions Inspection Law, which amount shall be certified monthly by the Environmental Protection Agency to the State Comptroller and shall promptly be transferred by the State Comptroller and Treasurer from the Motor Fuel Tax Fund to the Vehicle Inspection Fund, and for the period July 1, 1994 through June 30, 2000, one-twelfth of $25,000,000 each month, for the period July 1, 2000 through June 30, 2003, one-twelfth of $30,000,000 each month, and $15,000,000 on July 1, 2003, and $15,000,000 on January 1, 2004, and $15,000,000 on each July 1 and October 1, or as soon thereafter as may be practical, during of each calendar year for the period July January 1, 2004 through June 30, 2006, for the administration of the Vehicle Emissions Inspection Law of 1995, to be transferred by the State Comptroller and Treasurer from the Motor Fuel Tax Fund into the Vehicle Inspection Fund;
(5) amounts ordered paid by the Court of Claims; and
(6) payment of motor fuel use taxes due to member jurisdictions under the terms of the International Fuel Tax Agreement. The Department shall certify these amounts to the Comptroller by the 15th day of each month; the Comptroller shall cause orders to be drawn for such amounts, and the Treasurer shall administer those amounts on or before the last day of each month;
(e) after allocations for the purposes set forth in subsections (a), (b), (c) and (d), the remaining amount shall be apportioned as follows:
   (1) Until January 1, 2000, 58.4%, and beginning January 1, 2000, 45.6% shall be deposited as follows:
      (A) 37% into the State Construction Account Fund, and

New matter indicated by italics - deletions by strikeout.
(B) 63% into the Road Fund, $1,250,000 of which shall be reserved each month for the Department of Transportation to be used in accordance with the provisions of Sections 6-901 through 6-906 of the Illinois Highway Code;

(2) Until January 1, 2000, 41.6%, and beginning January 1, 2000, 54.4% shall be transferred to the Department of Transportation to be distributed as follows:

(A) 49.10% to the municipalities of the State,
(B) 16.74% to the counties of the State having 1,000,000 or more inhabitants,
(C) 18.27% to the counties of the State having less than 1,000,000 inhabitants,
(D) 15.89% to the road districts of the State.

As soon as may be after the first day of each month the Department of Transportation shall allot to each municipality its share of the amount apportioned to the several municipalities which shall be in proportion to the population of such municipalities as determined by the last preceding municipal census if conducted by the Federal Government or Federal census. If territory is annexed to any municipality subsequent to the time of the last preceding census the corporate authorities of such municipality may cause a census to be taken of such annexed territory and the population so ascertained for such territory shall be added to the population of the municipality as determined by the last preceding census for the purpose of determining the allotment for that municipality. If the population of any municipality was not determined by the last Federal census preceding any apportionment, the apportionment to such municipality shall be in accordance with any census taken by such municipality. Any municipal census used in accordance with this Section shall be certified to the Department of Transportation by the clerk of such municipality, and the accuracy thereof shall be subject to approval of the Department which may make such corrections as it ascertains to be necessary.

As soon as may be after the first day of each month the Department of Transportation shall allot to each county its share of the amount apportioned to the several counties of the State as herein provided. Each allotment to the several counties having less than 1,000,000 inhabitants shall be in proportion to the amount of motor vehicle license fees received from the residents of such counties, respectively, during the preceding

calendar year. The Secretary of State shall, on or before April 15 of each year, transmit to the Department of Transportation a full and complete report showing the amount of motor vehicle license fees received from the residents of each county, respectively, during the preceding calendar year. The Department of Transportation shall, each month, use for allotment purposes the last such report received from the Secretary of State.

As soon as may be after the first day of each month, the Department of Transportation shall allot to the several counties their share of the amount apportioned for the use of road districts. The allotment shall be apportioned among the several counties in the State in the proportion which the total mileage of township or district roads in the respective counties bears to the total mileage of all township and district roads in the State. Funds allotted to the respective counties for the use of road districts therein shall be allocated to the several road districts in the county in the proportion which the total mileage of such township or district roads in the respective road districts bears to the total mileage of all such township or district roads in the county. After July 1 of any year, no allocation shall be made for any road district unless it levied a tax for road and bridge purposes in an amount which will require the extension of such tax against the taxable property in any such road district at a rate of not less than either .08% of the value thereof, based upon the assessment for the year immediately prior to the year in which such tax was levied and as equalized by the Department of Revenue or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less. If any road district has levied a special tax for road purposes pursuant to Sections 6-601, 6-602 and 6-603 of the Illinois Highway Code, and such tax was levied in an amount which would require extension at a rate of not less than .08% of the value of the taxable property thereof, as equalized or assessed by the Department of Revenue, or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less, such levy shall, however, be deemed a proper compliance with this Section and shall qualify such road district for an allotment under this Section. If a township has transferred to the road and bridge fund money which, when added to the amount of any tax levy of the road district would be the equivalent of a tax levy requiring extension at a rate of at least .08%, or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less, such transfer, together with any such tax levy, shall be deemed a proper allotment.

compliance with this Section and shall qualify the road district for an allotment under this Section.

In counties in which a property tax extension limitation is imposed under the Property Tax Extension Limitation Law, road districts may retain their entitlement to a motor fuel tax allotment if, at the time the property tax extension limitation was imposed, the road district was levying a road and bridge tax at a rate sufficient to entitle it to a motor fuel tax allotment and continues to levy the maximum allowable amount after the imposition of the property tax extension limitation. Any road district may in all circumstances retain its entitlement to a motor fuel tax allotment if it levied a road and bridge tax in an amount that will require the extension of the tax against the taxable property in the road district at a rate of not less than 0.08% of the assessed value of the property, based upon the assessment for the year immediately preceding the year in which the tax was levied and as equalized by the Department of Revenue or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less.

As used in this Section the term "road district" means any road district, including a county unit road district, provided for by the Illinois Highway Code; and the term "township or district road" means any road in the township and district road system as defined in the Illinois Highway Code. For the purposes of this Section, "road district" also includes park districts, forest preserve districts and conservation districts organized under Illinois law and "township or district road" also includes such roads as are maintained by park districts, forest preserve districts and conservation districts. The Department of Transportation shall determine the mileage of all township and district roads for the purposes of making allotments and allocations of motor fuel tax funds for use in road districts.

Payment of motor fuel tax moneys to municipalities and counties shall be made as soon as possible after the allotment is made. The treasurer of the municipality or county may invest these funds until their use is required and the interest earned by these investments shall be limited to the same uses as the principal funds.

Section 10-150. The Electricity Excise Tax Law is amended by changing Sections 2-9 and 2-11 as follows:

(35 ILCS 640/2-9)

Sec. 2-9. Return and payment of tax by delivering supplier. Each delivering supplier who is required or authorized to collect the tax

imposed by this Law shall make a return to the Department on or before the 15th day of each month for the preceding calendar month stating the following:

1. The delivering supplier's name.
2. The address of the delivering supplier's principal place of business and the address of the principal place of business (if that is a different address) from which the delivering supplier engaged in the business of delivering electricity in this State.
3. The total number of kilowatt-hours which the supplier delivered to or for purchasers during the preceding calendar month and upon the basis of which the tax is imposed.
4. Amount of tax, computed upon Item (3) at the rates stated in Section 2-4.
5. An adjustment for uncollectible amounts of tax in respect of prior period kilowatt-hour deliveries, determined in accordance with rules and regulations promulgated by the Department.
5.5 The amount of credits to which the taxpayer is entitled on account of purchases made under Section 8-403.1 of the Public Utilities Act.
6. Such other information as the Department reasonably may require.

In making such return the delivering supplier may use any reasonable method to derive reportable "kilowatt-hours" from the delivering supplier's records.

If the average monthly tax liability to the Department of the delivering supplier does not exceed $2,500, the Department may authorize the delivering supplier's returns to be filed on a quarter-annual basis, with the return for January, February and March of a given year being due by April 30 of such year; with the return for April, May and June of a given year being due by July 31 of such year; with the return for July, August and September of a given year being due by October 31 of such year; and with the return for October, November and December of a given year being due by January 31 of the following year.

If the average monthly tax liability to the Department of the delivering supplier does not exceed $1,000, the Department may authorize the delivering supplier's returns to be filed on an annual basis, with the return for a given year being due by January 31 of the following year.

New matter indicated by italics - deletions by strikeout.
Such quarter-annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Law concerning the time within which a delivering supplier may file a return, any such delivering supplier who ceases to engage in a kind of business which makes the person responsible for filing returns under this Law shall file a final return under this Law with the Department not more than one month after discontinuing such business.

Each delivering supplier whose average monthly liability to the Department under this Law was $10,000 or more during the preceding calendar year, excluding the month of highest liability and the month of lowest liability in such calendar year, and who is not operated by a unit of local government, shall make estimated payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which tax liability to the Department is incurred in an amount not less than the lower of either 22.5% of such delivering supplier's actual tax liability for the month or 25% of such delivering supplier's actual tax liability for the same calendar month of the preceding year. The amount of such quarter-monthly payments shall be credited against the final tax liability of such delivering supplier's return for that month. An outstanding credit approved by the Department or a credit memorandum issued by the Department arising from such delivering supplier's overpayment of his or her final tax liability for any month may be applied to reduce the amount of any subsequent quarter-monthly payment or credited against the final tax liability of such delivering supplier's return for any subsequent month. If any quarter-monthly payment is not paid at the time or in the amount required by this Section, such delivering supplier shall be liable for penalty and interest on the difference between the minimum amount due as a payment and the amount of such payment actually and timely paid, except insofar as such delivering supplier has previously made payments for that month to the Department in excess of the minimum payments previously due.

If the Director finds that the information required for the making of an accurate return cannot reasonably be compiled by such delivering supplier within 15 days after the close of the calendar month for which a return is to be made, the Director may grant an extension of time for the filing of such return for a period not to exceed 31 calendar days. The granting of such an extension may be conditioned upon the deposit by such delivering supplier with the Department of an amount of money not exceeding the amount estimated by the Director to be due with the return.

so extended. All such deposits shall be credited against such delivering supplier's liabilities under this Law. If the deposit exceeds such delivering supplier's present and probable future liabilities under this Law, the Department shall issue to such delivering supplier a credit memorandum, which may be assigned by such delivering supplier to a similar person under this Law, in accordance with reasonable rules and regulations to be prescribed by the Department.

The delivering supplier making the return provided for in this Section shall, at the time of making such return, pay to the Department the amount of tax imposed by this Law.

Until October 1, 2002, a delivering supplier who has an average monthly tax liability of $10,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "average monthly tax liability" shall be the sum of the delivering supplier's liabilities under this Law for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer. Any delivering supplier not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department. All delivering suppliers required to make payments by electronic funds transfer and any delivering suppliers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

Through June 30, 2004, each month the Department shall pay into the Public Utility Fund in the State treasury an amount determined by the Director to be equal to 3.0% of the funds received by the Department pursuant to this Section. During each month of the remainder of all moneys received by the Department under this Section shall be paid into the General Revenue Fund in the State treasury. Beginning on July 1, 2004, of the 3% of the funds received pursuant to this Section, each month the Department shall pay $416,667 into the General Revenue Fund and the balance shall be paid into the Public Utility Fund in the State treasury.

supplier maintaining a place of business within this State and required or authorized to collect the tax, that self-assessing purchaser shall, on or before the 15th day of each month, make a return to the Department for the preceding calendar month, stating all of the following:

(1) The self-assessing purchaser's name and principal address.

(2) The aggregate purchase price paid by the self-assessing purchaser for the distribution, supply, furnishing, sale, transmission and delivery of such electricity to or for the purchaser during the preceding calendar month, including budget plan and other purchaser-owned amounts applied during such month in payment of charges includible in the purchase price, and upon the basis of which the tax is imposed.

(3) Amount of tax, computed upon item (2) at the rate stated in Section 2-4.

(4) Such other information as the Department reasonably may require.

In making such return the self-assessing purchaser may use any reasonable method to derive reportable "purchase price" from the self-assessing purchaser's records.

If the average monthly tax liability of the self-assessing purchaser to the Department does not exceed $2,500, the Department may authorize the self-assessing purchaser's returns to be filed on a quarter-annual basis, with the return for January, February and March of a given year being due by April 30 of such year; with the return for April, May and June of a given year being due by July 31 of such year; with the return for July, August, and September of a given year being due by October 31 of such year; and with the return for October, November and December of a given year being due by January 31 of the following year.

If the average monthly tax liability of the self-assessing purchaser to the Department does not exceed $1,000, the Department may authorize the self-assessing purchaser's returns to be filed on an annual basis, with the return for a given year being due by January 31 of the following year.

Such quarter-annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Law concerning the time within which a self-assessing purchaser may file a return, any such self-assessing purchaser who ceases to be responsible for filing returns

under this Law shall file a final return under this Law with the Department not more than one month thereafter.

Each self-assessing purchaser whose average monthly liability to the Department pursuant to this Section was $10,000 or more during the preceding calendar year, excluding the month of highest liability and the month of lowest liability during such calendar year, and which is not operated by a unit of local government, shall make estimated payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which tax liability to the Department is incurred in an amount not less than the lower of either 22.5% of such self-assessing purchaser's actual tax liability for the month or 25% of such self-assessing purchaser's actual tax liability for the same calendar month of the preceding year. The amount of such quarter-monthly payments shall be credited against the final tax liability of the self-assessing purchaser's return for that month. An outstanding credit approved by the Department or a credit memorandum issued by the Department arising from the self-assessing purchaser's overpayment of the self-assessing purchaser's final tax liability for any month may be applied to reduce the amount of any subsequent quarter-monthly payment or credited against the final tax liability of such self-assessing purchaser's return for any subsequent month. If any quarter-monthly payment is not paid at the time or in the amount required by this Section, such person shall be liable for penalty and interest on the difference between the minimum amount due as a payment and the amount of such payment actually and timely paid, except insofar as such person has previously made payments for that month to the Department in excess of the minimum payments previously due.

If the Director finds that the information required for the making of an accurate return cannot reasonably be compiled by a self-assessing purchaser within 15 days after the close of the calendar month for which a return is to be made, the Director may grant an extension of time for the filing of such return for a period of not to exceed 31 calendar days. The granting of such an extension may be conditioned upon the deposit by such self-assessing purchaser with the Department of an amount of money not exceeding the amount estimated by the Director to be due with the return so extended. All such deposits shall be credited against such self-assessing purchaser's liabilities under this Law. If the deposit exceeds such self-assessing purchaser's present and probable future liabilities under this Law, the Department shall issue to such self-assessing purchaser a credit memorandum, which may be assigned by such self-assessing purchaser to

a similar person under this Law, in accordance with reasonable rules and regulations to be prescribed by the Department.

The self-assessing purchaser making the return provided for in this Section shall, at the time of making such return, pay to the Department the amount of tax imposed by this Law.

Until October 1, 2002, a self-assessing purchaser who has an average monthly tax liability of $10,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "average monthly tax liability" shall be the sum of the self-assessing purchaser's liabilities under this Law for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer. Any self-assessing purchaser not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department. All self-assessing purchasers required to make payments by electronic funds transfer and any self-assessing purchasers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

Through June 30, 2004, each month the Department shall pay into the Public Utility Fund in the State treasury an amount determined by the Director to be equal to 3.0% of the funds received by the Department pursuant to this Section. Through June 30, 2004, the remainder of all moneys received by the Department under this Section shall be paid into the General Revenue Fund in the State treasury. Beginning on July 1, 2004, of the 3% of the funds received pursuant to this Section, each month the Department shall pay $416,667 into the General Revenue Fund and the balance shall be paid into the Public Utility Fund in the State treasury.

Sec. 14-108.3. Early retirement incentives.

(a) To be eligible for the benefits provided in this Section, a person must:

1. be a member of this System who, on any day during June, 2002, is (i) in active payroll status in a position of employment with a department and an active contributor to this System with respect to that employment, and terminates that employment before the retirement annuity under this Article begins, or (ii) on layoff status from such a position with a right of re-employment or recall to service, or (iii) receiving benefits under Section 14-123, 14-123.1 or 14-124, but only if the member has not been receiving those benefits for a continuous period of more than 2 years as of the date of application;

2. not have received any retirement annuity under this Article beginning earlier than August 1, 2002;

3. file with the Board on or before December 31, 2002 a written application requesting the benefits provided in this Section;

4. terminate employment under this Article no later than December 31, 2002 (or the date established under subsection (d), if applicable);

5. by the date of termination of service, have at least 8 years of creditable service under this Article, without the use of any creditable service established under this Section;

6. by the date of termination of service, have at least 5 years of membership service earned while an employee under this Article, which may include military service for which credit is established under Section 14-105(b), service during the qualifying period for which credit is established under Section 14-104(a), and service for which credit has been established by repaying a refund under Section 14-130, but shall not include service for which any other optional service credit has been established; and

7. not receive any early retirement benefit under Section 16-133.3 of this Code.

(b) An eligible person may establish up to 5 years of creditable service under this Article, in increments of one month, by making the contributions specified in subsection (c). In addition, for each month of
creditable service established under this Section, a person's age at retirement shall be deemed to be one month older than it actually is.

The creditable service established under this Section may be used for all purposes under this Article and the Retirement Systems Reciprocal Act, except for the computation of final average compensation under Section 14-103.12 or the determination of compensation under this or any other Article of this Code.

The age enhancement established under this Section may not be used to enable any person to begin receiving a retirement annuity calculated under Section 14-110 before actually attaining age 50 (without any age enhancement under this Section). The age enhancement established under this Section may be used for all other purposes under this Article (including calculation of a proportionate annuity payable by this System under the Retirement Systems Reciprocal Act), except for purposes of the level income option in Section 14-112, the reversionary annuity under Section 14-113, and the required distributions under Section 14-121.1.

The age enhancement established under this Section may be used in determining benefits payable under Article 16 of this Code under the Retirement Systems Reciprocal Act, if the person has at least 5 years of service credit in the Article 16 system that was earned while participating in that system as a teacher (as defined in Section 16-106) employed by a department (as defined in Section 14-103.04). Age enhancement established under this Section shall not otherwise be used in determining benefits payable under other Articles of this Code under the Retirement Systems Reciprocal Act.

(c) For all creditable service established under this Section, a person must pay to the System an employee contribution to be determined by the System, based on the member's rate of compensation on June 1, 2002 (or the last date before June 1, 2002 for which a rate can be determined) and the retirement contribution rate in effect on June 1, 2002 for the member (or for members with the same social security and alternative formula status as the member).

If the member receives a lump sum payment for accumulated vacation, sick leave and personal leave upon withdrawal from service, and the net amount of that lump sum payment is at least as great as the amount of the contribution required under this Section, the entire contribution must be paid by the employee by payroll deduction. If there is no such lump sum payment, or if it is less than the contribution required under this Section, the entire contribution must be paid by the employee by payroll deduction.
Section, the member shall make an initial payment by payroll deduction, equal to the net amount of the lump sum payment for accumulated vacation, sick leave, and personal leave, and have the remaining amount due treated as a reduction from the retirement annuity in 24 equal monthly installments beginning in the month in which the retirement annuity takes effect. The required contribution may be paid as a pre-tax deduction from earnings. For federal and Illinois tax purposes, the monthly amount by which the annuitant's benefit is reduced shall not be treated as a contribution by the annuitant, but rather as a reduction of the annuitant's monthly benefit.

(c-5) The reduction in retirement annuity provided in subsection (c) of Section 14-108 does not apply to the annuity of a person who retires under this Section. A person who has received any age enhancement or creditable service under this Section may begin to receive an unreduced retirement annuity upon attainment of age 55 with at least 25 years of creditable service (including any age enhancement and creditable service established under this Section).

(d) In order to ensure that the efficient operation of State government is not jeopardized by the simultaneous retirement of large numbers of key personnel, the director or other head of a department may, for key employees of that department, extend the December 31, 2002 deadline for terminating employment under this Article established in subdivision (a)(4) of this Section to a date not later than April 30, 2003 by so notifying the System in writing by December 31, 2002.

(e) Notwithstanding Section 14-111, a person who has received any age enhancement or creditable service under this Section and who reenters service under this Article (or as an employee of a department under Article 16) other than as a temporary employee thereby forfeits that age enhancement and creditable service and is entitled to a refund of the contributions made pursuant to this Section.

(f) The System shall determine the amount of the increase in the present value of future benefits unfunded accrued liability resulting from the granting of early retirement incentives under this Section and shall report that amount to the Governor and the Pension Laws Commission (or its successor, the Economic and Fiscal Commission) on or after the effective date of this amendatory Act of the 93rd General Assembly and on or before November 15, 2004. The increase in liability reported under this subsection (f) shall not be included in the calculation of the required State contribution under Section 14-131.

New matter indicated by italics - deletions by strikeout.
(g) The System shall determine the amount of the annual State contribution necessary to amortize on a level dollar-payment basis, over a period of 10 years at 8.5% interest, compounded annually, an amount equal to the increase in unfunded accrued liability determined under subsection (f) minus $70,000,000. The System shall certify the amount of this annual State contribution to the Governor, the State Comptroller, the Governor's Office of Management and Budget (formerly Bureau of the Budget), and the Pension Laws Commission (or its successor, the Economic and Fiscal Commission) on or before November 15, 2003: In addition to the contributions otherwise required under this Article, the State shall appropriate and pay to the System (1) an amount equal to $70,000,000 in State fiscal years 2004 and 2005 and (2) in each of State fiscal years 2006 through 2015, a level dollar-payment based upon the increase in the present value of future benefits provided by the early retirement incentives provided under this Section amortized at 8.5% interest 2005 through 2013, an amount equal to the annual State contribution certified by the System under this subsection (g).

(h) The Economic and Fiscal Commission (i) shall hold one or more hearings on or before the last session day during the fall veto session of 2004 to review recommendations relating to funding of early retirement incentives under this Section and (ii) shall file its report with the General Assembly on or before December 31, 2004 making its recommendations relating to funding of early retirement incentives under this Section; the Commission's report may contain both majority recommendations and minority recommendations. The System shall recalculate and recertify to the Governor by January 31, 2005 the amount of the required State contribution to the System for State fiscal year 2005 with respect to those incentives. The Pension Laws Commission (or its successor, the Economic and Fiscal Commission) shall determine and report to the General Assembly, on or before January 1, 2004 and annually thereafter through the year 2013, its estimate of (1) the annual amount of payroll savings likely to be realized by the State as a result of the early retirement of persons receiving early retirement incentives under this Section and (2) the net annual savings or cost to the State from the program of early retirement incentives created under this Section.

The System, the Department of Central Management Services, the Governor's Office of Management and Budget (formerly Bureau of the Budget), and all other departments shall provide to the Commission any assistance that the Commission may request with respect to its reports
under this Section. The Commission may require departments to provide it with any information that it deems necessary or useful with respect to its reports under this Section, including without limitation information about (1) the final earnings of former department employees who elected to receive benefits under this Section, (2) the earnings of current department employees holding the positions vacated by persons who elected to receive benefits under this Section, and (3) positions vacated by persons who elected to receive benefits under this Section that have not yet been refilled.

(i) The changes made to this Section by this amendatory Act of the 92nd General Assembly do not apply to persons who retired under this Section on or before May 1, 1992.

If the member receives a lump sum payment for accumulated vacation, sick leave, and personal leave upon withdrawal from service, and the net amount of that lump sum payment is at least as great as the amount of the contribution required under this Section, the entire contribution must be paid by the employee by payroll deduction. If there is no such lump sum payment, or if it is less than the contribution required under this Section, the member shall make an initial payment by payroll deduction, equal to the net amount of the lump sum payment for accumulated vacation, sick leave, and personal leave, and have the remaining amount due treated as a reduction from the retirement annuity in 24 equal monthly installments beginning in the month in which the retirement annuity takes effect. The required contribution may be paid as a pre-tax deduction from earnings.

numbers of key personnel, the director or other head of a department may,
for key employees of that department, extend the December 31, 2002
deadline for terminating employment under this Article established in
subdivision (a)(4) of this Section to a date not later than April 30, 2003 by
so notifying the System in writing by December 31, 2002.

(1) $1 per cubic foot of waste shipped for storage, treatment or disposal if storage of the waste for shipment occurred prior to September 7, 1984;

(2) $2 per cubic foot of waste stored for shipment if storage of the waste occurs on or after September 7, 1984, but prior to October 1, 1985;

(3) $3 per cubic foot of waste stored for shipment if storage of the waste occurs on or after October 1, 1985;

New matter indicated by italics - deletions by strikeout.
Such fees shall be collected annually or as determined by the Department and shall be deposited in the low-level radioactive waste funds as provided in Section 14 of this Act. Notwithstanding any other provision of this Act, no fee under this Section shall be collected from a generator for waste generated incident to manufacturing before December 31, 1980, and shipped for disposal outside of this State before December 31, 1992, as part of a site reclamation leading to license termination.

(b) Each nuclear power reactor in this State for which an operating license has been issued by the Nuclear Regulatory Commission shall not be subject to the fee required by subsection (a) with respect to (1) waste stored for shipment if storage of the waste occurs on or after January 1, 1986; and (2) waste shipped for storage, treatment or disposal if storage of the waste for shipment occurs on or after January 1, 1986. In lieu of the fee, each reactor shall be required to pay an annual fee as provided in this subsection for the treatment, storage and disposal of low-level radioactive waste. Beginning with State fiscal year 1986 and through State fiscal year 1997, fees shall be due and payable on January 1st of each year. For State fiscal year 1998 and all subsequent State fiscal years, fees shall be due and payable on July 1 of each fiscal year. The fee due on July 1, 1997 shall be payable on that date, or within 10 days after the effective date of this amendatory Act of 1997, whichever is later.

The owner of any nuclear power reactor that has an operating license issued by the Nuclear Regulatory Commission for any portion of State fiscal year 1998 shall continue to pay an annual fee of $90,000 for the treatment, storage, and disposal of low-level radioactive waste through State fiscal year 2002. The fee shall be due and payable on July 1 of each fiscal year. The fee due on July 1, 1998 shall be payable on that date, or within 10 days after the effective date of this amendatory Act of 1998, whichever is later. If the balance in the Low-Level Radioactive Waste Facility Development and Operation Fund falls below $500,000, as of the end of any fiscal year after fiscal year 2002, the Department is authorized to assess by rule, after notice and a hearing, an additional annual fee to be paid by the owners of nuclear power reactors for which operating licenses have been issued by the Nuclear Regulatory Commission, except that no additional annual fee shall be assessed because of the fund balance at the end of fiscal year 2005. The additional annual fee shall be payable on the date or dates specified by rule and shall not exceed $30,000 per operating reactor per year.

New matter indicated by italics - deletions by strikeout.
(c) In each of State fiscal years 1988, 1989 and 1990, in addition to the fee imposed in subsections (b) and (d), the owner of each nuclear power reactor in this State for which an operating license has been issued by the Nuclear Regulatory Commission shall pay a fee of $408,000. If an operating license is issued during one of those 3 fiscal years, the owner shall pay a prorated amount of the fee equal to $1,117.80 multiplied by the number of days in the fiscal year during which the nuclear power reactor was licensed.

The fee shall be due and payable as follows: in fiscal year 1988, $204,000 shall be paid on October 1, 1987 and $102,000 shall be paid on each of January 1, 1988 and April 1, 1988; in fiscal year 1989, $102,000 shall be paid on each of July 1, 1988, October 1, 1988, January 1, 1989 and April 1, 1989; and in fiscal year 1990, $102,000 shall be paid on each of July 1, 1989, October 1, 1989, January 1, 1990 and April 1, 1990. If the operating license is issued during one of the 3 fiscal years, the owner shall be subject to those payment dates, and their corresponding amounts, on which the owner possesses an operating license and, on June 30 of the fiscal year of issuance of the license, whatever amount of the prorated fee remains outstanding.

All of the amounts collected by the Department under this subsection (c) shall be deposited into the Low-Level Radioactive Waste Facility Development and Operation Fund created under subsection (a) of Section 14 of this Act and expended, subject to appropriation, for the purposes provided in that subsection.

(d) In addition to the fees imposed in subsections (b) and (c), the owners of nuclear power reactors in this State for which operating licenses have been issued by the Nuclear Regulatory Commission shall pay the following fees for each such nuclear power reactor: for State fiscal year 1989, $325,000 payable on October 1, 1988, $162,500 payable on January 1, 1989, and $162,500 payable on April 1, 1989; for State fiscal year 1990, $162,500 payable on July 1, $300,000 payable on October 1, $300,000 payable on January 1 and $300,000 payable on April 1; for State fiscal year 1991, either (1) $150,000 payable on July 1, $650,000 payable on September 1, $675,000 payable on January 1, and $275,000 payable on April 1, or (2) $150,000 on July 1, $130,000 on the first day of each month from August through December, $225,000 on the first day of each month from January through March and $92,000 on the first day of each month from April through June; for State fiscal year 1992, $260,000 payable on July 1, $900,000 payable on September 1, $300,000 payable on October 1,

For State fiscal year 2004 and subsequent fiscal years, the owner of any nuclear power reactor that has an operating license issued by the Nuclear Regulatory Commission shall pay an annual fee of $30,000 per reactor, provided that the fee shall not apply to a nuclear power reactor with regard to which the owner notified the Nuclear Regulatory Commission during State fiscal year 1998 that the nuclear power reactor permanently ceased operations. The fee shall be due and payable on July 1 of each fiscal year. The fee due on July 1, 1998 shall be payable on that date, or within 10 days after the effective date of this amendatory Act of 1998, whichever is later. The fee due on July 1, 1997 shall be payable on that date or within 10 days after the effective date of this amendatory Act of 1997, whichever is later. If the payments under this subsection for fiscal year 1993 due on January 1, 1993, or on April 1, 1993, or both, were due before the effective date of this amendatory Act of the 87th General Assembly, then those payments are waived and need not be made.

All of the amounts collected by the Department under this subsection (d) shall be deposited into the Low-Level Radioactive Waste Facility Development and Operation Fund created pursuant to subsection (a) of Section 14 of this Act and expended, subject to appropriation, for the purposes provided in that subsection.

All payments made by licensees under this subsection (d) for fiscal year 1992 that are not appropriated and obligated by the Department above $1,750,000 per reactor in fiscal year 1992, shall be credited to the licensees making the payments to reduce the per reactor fees required under this subsection (d) for fiscal year 1993.

(3) A Probation and Court Service Department shall apply to the Supreme Court for funds for basic services, and may apply for funds for new and expanded programs or Individualized Services and Programs. Costs shall be reimbursed monthly based on a plan and budget approved by the Supreme Court. No Department may be reimbursed for costs which exceed or are not provided for in the approved annual plan and budget. After the effective date of this amendatory Act of 1985, each county must provide basic services in accordance with the annual plan and standards created by the division. No department may receive funds for new or expanded programs or individualized services and programs unless they are in compliance with standards as enumerated in paragraph (h) of subsection (1) of this Section, the annual plan, and standards for basic services.

(4) The Division shall reimburse the county or counties for probation services as follows:

(a) 100% of the salary of all chief managing officers designated as such by the Chief Judge and the division.

(b) 100% of the salary for all probation officer and supervisor positions approved for reimbursement by the division after April 1, 1984, to meet workload standards and to implement intensive sanction and probation supervision programs and other basic services as defined in this Act.

(c) 100% of the salary for all secure detention personnel and non-secure group home personnel approved for reimbursement after December 1, 1990. For all such positions approved for reimbursement before December 1, 1990, the counties shall be reimbursed $1,250 per month beginning July 1, 1995, and an additional $250 per month beginning each July 1st thereafter until the positions receive 100% salary reimbursement. Allocation of such positions will be based on comparative need considering capacity, staff/resident ratio, physical plant and program.

(d) $1,000 per month for salaries for the remaining probation officer positions engaged in basic services and new or expanded services. All such positions shall be approved by the division in accordance with this Act and division standards.

(e) 100% of the travel expenses in accordance with Division standards for all Probation positions approved under paragraph (b) of subsection 4 of this Section.

(f) If the amount of funds reimbursed to the county under paragraphs (a) through (e) of subsection 4 of this Section on an annual basis is less than the amount the county had received during the 12 month period immediately prior to the effective date of this amendatory Act of 1985, then the Division shall reimburse the amount of the difference to the county. The effect of paragraph (b) of subsection 7 of this Section shall be considered in implementing this supplemental reimbursement provision.

(5) The Division shall provide funds beginning on April 1, 1987 for the counties to provide Individualized Services and Programs as provided in Section 16 of this Act.

(6) A Probation and Court Services Department in order to be eligible for the reimbursement must submit to the Supreme Court an application containing such information and in such a form and by such dates as the Supreme Court may require. Departments to be eligible for funding must satisfy the following conditions:

(a) The Department shall have on file with the Supreme Court an annual Probation plan for continuing, improved, and new Probation and Court Services Programs approved by the Supreme Court or its designee. This plan shall indicate the manner in which Probation and Court Services will be delivered and improved, consistent with the minimum standards and regulations for Probation and Court Services, as established by the Supreme Court. In counties with more than one Probation and Court Services Department eligible to receive funds, all Departments within that county must submit plans which are approved by the Supreme Court.

(b) The annual probation plan shall seek to generally improve the quality of probation services and to reduce the commitment of adult and juvenile offenders to the Department of Corrections and shall require, when appropriate, coordination with the Department of Corrections and the Department of Children and Family Services in the development and use of community resources, information systems, case review and permanency planning systems to avoid the duplication of services.
(c) The Department shall be in compliance with standards developed by the Supreme Court for basic, new and expanded services, training, personnel hiring and promotion.

(d) The Department shall in its annual plan indicate the manner in which it will support the rights of crime victims and in which manner it will implement Article I, Section 8.1 of the Illinois Constitution and in what manner it will coordinate crime victims' support services with other criminal justice agencies within its jurisdiction, including but not limited to, the State's Attorney, the Sheriff and any municipal police department.

(7) No statement shall be verified by the Supreme Court or its designee or vouched by the Comptroller unless each of the following conditions have been met:

   (a) The probation officer is a full-time employee appointed by the Chief Judge to provide probation services.

   (b) The probation officer, in order to be eligible for State reimbursement, is receiving a salary of at least $17,000 per year.

   (c) The probation officer is appointed or was reappointed in accordance with minimum qualifications or criteria established by the Supreme Court; however, all probation officers appointed prior to January 1, 1978, shall be exempted from the minimum requirements established by the Supreme Court. Payments shall be made to counties employing these exempted probation officers as long as they are employed in the position held on the effective date of this amendatory Act of 1985. Promotions shall be governed by minimum qualifications established by the Supreme Court.

   (d) The Department has an established compensation schedule approved by the Supreme Court. The compensation schedule shall include salary ranges with necessary increments to compensate each employee. The increments shall, within the salary ranges, be based on such factors as bona fide occupational qualifications, performance, and length of service. Each position in the Department shall be placed on the compensation schedule according to job duties and responsibilities of such position. The policy and procedures of the compensation schedule shall be made available to each employee.

(8) In order to obtain full reimbursement of all approved costs, each Department must continue to employ at least the same number of probation officers and probation managers as were authorized for

employment for the fiscal year which includes January 1, 1985. This number shall be designated as the base amount of the Department. No positions approved by the Division under paragraph (b) of subsection 4 will be included in the base amount. In the event that the Department employs fewer Probation officers and Probation managers than the base amount for a period of 90 days, funding received by the Department under subsection 4 of this Section may be reduced on a monthly basis by the amount of the current salaries of any positions below the base amount.

(9) Before the 15th day of each month, the treasurer of any county which has a Probation and Court Services Department, or the treasurer of the most populous county, in the case of a Probation or Court Services Department funded by more than one county, shall submit an itemized statement of all approved costs incurred in the delivery of Basic Probation and Court Services under this Act to the Supreme Court. The treasurer may also submit an itemized statement of all approved costs incurred in the delivery of new and expanded Probation and Court Services as well as Individualized Services and Programs. The Supreme Court or its designee shall verify compliance with this Section and shall examine and audit the monthly statement and, upon finding them to be correct, shall forward them to the Comptroller for payment to the county treasurer. In the case of payment to a treasurer of a county which is the most populous of counties sharing the salary and expenses of a Probation and Court Services Department, the treasurer shall divide the money between the counties in a manner that reflects each county's share of the cost incurred by the Department.

(10) The county treasurer must certify that funds received under this Section shall be used solely to maintain and improve Probation and Court Services. The county or circuit shall remain in compliance with all standards, policies and regulations established by the Supreme Court. If at any time the Supreme Court determines that a county or circuit is not in compliance, the Supreme Court shall immediately notify the Chief Judge, county board chairman and the Director of Court Services Chief Probation Officer. If after 90 days of written notice the noncompliance still exists, the Supreme Court shall be required to reduce the amount of monthly reimbursement by 10%. An additional 10% reduction of monthly reimbursement shall occur for each consecutive month of noncompliance. Except as provided in subsection 5 of Section 15, funding to counties shall commence on April 1, 1986. Funds received under this Act shall be used to provide for Probation Department expenses including those required

under Section 13 of this Act. For State fiscal years 2004 and 2005 only, the Mandatory Arbitration Fund may be used to provide for Probation Department expenses, including those required under Section 13 of this Act.

(11) The respective counties shall be responsible for capital and space costs, fringe benefits, clerical costs, equipment, telecommunications, postage, commodities and printing.

(12) For purposes of this Act only, probation officers shall be considered peace officers. In the exercise of their official duties, probation officers, sheriffs, and police officers may, anywhere within the State, arrest any probationer who is in violation of any of the conditions of his or her probation, conditional discharge, or supervision, and it shall be the duty of the officer making the arrest to take the probationer before the Court having jurisdiction over the probationer for further order.

(e) The county board may appropriate moneys from the probation and court services fund, upon the direction of the chief judge, to support programs that are part of the continuum of juvenile delinquency intervention programs which are or may be developed within the county. The grants from the probation and court services fund shall be for no more than one year and may be used for any expenses attributable to the program including administration and oversight of the program by the probation department.

(f) The county board may appropriate moneys from the probation and court services fund, upon the direction of the chief judge, to support practices endorsed or required under the Sex Offender Management Board Act, including but not limited to sex offender evaluation, treatment, and monitoring programs that are or may be developed within the county.

(g) For the State Fiscal Year 2005 only, the Administrative Office of the Illinois Courts may permit a county or circuit to use its probation and court services fund for the payment of salaries of probation officers and other court services personnel whose salaries are reimbursed under this Act if the State’s FY2005 appropriation to the Supreme Court for reimbursement to counties for probation salaries and services is less than the amount appropriated to the Supreme Court for these purposes for State Fiscal Year 2004. The Administrative Office of the Illinois Courts shall take into account any annual surplus or deficit that any county or circuit has in its probation and court services fund and any amounts already obligated from such fund when apportioning the total reimbursement for each county or circuit.

(815 ILCS 390/22) (from Ch. 21, par. 222)
Sec. 22. Cemetery Consumer Protection Fund.

(a) Every seller engaging in pre-need sales shall pay to the Comptroller $5 for each said contract entered into, to be paid into a special income earning fund hereby created in the State Treasury, known as the Cemetery Consumer Protection Fund. The above said fees shall be remitted to the Comptroller semi-annually within 30 days after the end of June and December for all contracts that have been entered in such 6 month period.

(b) All monies paid into the fund together with all accumulated undistributed income thereon shall be held as a special fund in the State Treasury. The fund shall be used solely for the purpose of providing restitution to consumers who have suffered pecuniary loss arising out of pre-need sales or to satisfy Receiver's fees ordered by the Circuit Court prior to June 30, 2004.

(c) The fund shall be applied only to restitution or completion of the project or delivery of the merchandise or services, where such has been ordered by the Circuit Court in a lawsuit brought under this Act by the Attorney General of the State of Illinois on behalf of the Comptroller and in which it has been determined by the Court that the obligation is non-collectible from the judgment debtor. Restitution shall not exceed the amount of the sales price paid plus interest at the statutory rate. The fund shall not be used for the payment of any attorney or other fees.

(d) Whenever restitution is paid by the fund, the fund shall be subrogated to the amount of such restitution, and the Comptroller shall

(f) The fund may not be allocated for any purpose other than that specified in this Act.

(g) Notwithstanding any other provision of this Section, the payment of restitution from the fund shall be a matter of grace and not of right and no purchaser shall have any vested rights in the fund as a beneficiary or otherwise. Prior to seeking restitution from the fund, a purchaser or beneficiary seeking payment of restitution shall apply for restitution on a form provided by the Comptroller. The form shall include any information the Comptroller may reasonably require in order for the Court to determine that restitution or completion of the project or delivery of merchandise or service is appropriate.

(h) Annually, the status of the fund shall be reviewed by the Comptroller, and if he determines that the fund together with all accumulated income earned thereon, equals or exceeds $10,000,000 and that the total number of outstanding claims filed against the fund is less than 10% of the fund's current balance, then payments to the fund shall be suspended until such time as the fund's balance drops below $10,000,000 or the total number of outstanding claims filed against the fund is more than 10% of the fund's current balance, but on such suspension, the fund shall not be considered inactive.

Sec. 10. Payments by State; premiums.

(a) The State shall pay the cost of basic non-contributory group life insurance and, subject to member paid contributions set by the Department or required by this Section, the basic program of group health benefits on each eligible member, except a member, not otherwise covered by this Act, who has retired as a participating member under Article 2 of the Illinois Pension Code but is ineligible for the retirement annuity under Section 2-119 of the Illinois Pension Code, and part of each eligible member's and retired member's premiums for health insurance coverage for enrolled dependents as provided by Section 9. The State shall pay the cost of the basic program of group health benefits only after benefits are reduced by the amount of benefits covered by Medicare for all members and dependents who are eligible for benefits under Social Security or the Railroad Retirement system or who had sufficient Medicare-covered government employment, except that such reduction in benefits shall apply only to those members and dependents who (1) first become eligible for such Medicare coverage on or after July 1, 1992; or (2) are Medicare-eligible members or dependents of a local government unit which began participation in the program on or after July 1, 1992; or (3) remain eligible for, but no longer receive Medicare coverage which they had been receiving on or after July 1, 1992. The Department may determine the aggregate level of the State's contribution on the basis of actual cost of medical services adjusted for age, sex or geographic or other demographic characteristics which affect the costs of such programs.

The cost of participation in the basic program of group health benefits for the dependent or survivor of a living or deceased retired employee who was formerly employed by the University of Illinois in the Cooperative Extension Service and would be an annuitant but for the fact

that he or she was made ineligible to participate in the State Universities Retirement System by clause (4) of subsection (a) of Section 15-107 of the Illinois Pension Code shall not be greater than the cost of participation that would otherwise apply to that dependent or survivor if he or she were the dependent or survivor of an annuitant under the State Universities Retirement System.

(a-1) Beginning January 1, 1998, for each person who becomes a new SERS annuitant and participates in the basic program of group health benefits, the State shall contribute toward the cost of the annuitant's coverage under the basic program of group health benefits an amount equal to 5% of that cost for each full year of creditable service upon which the annuitant's retirement annuity is based, up to a maximum of 100% for an annuitant with 20 or more years of creditable service. The remainder of the cost of a new SERS annuitant's coverage under the basic program of group health benefits shall be the responsibility of the annuitant. In the case of a new SERS annuitant who has elected to receive an alternative retirement cancellation payment under Section 14-108.5 of the Illinois Pension Code in lieu of an annuity, for the purposes of this subsection the annuitant shall be deemed to be receiving a retirement annuity based on the number of years of creditable service that the annuitant had established at the time of his or her termination of service under SERS.

(a-2) Beginning January 1, 1998, for each person who becomes a new SERS survivor and participates in the basic program of group health benefits, the State shall contribute toward the cost of the survivor's coverage under the basic program of group health benefits an amount equal to 5% of that cost for each full year of the deceased employee's or deceased annuitant's creditable service in the State Employees' Retirement System of Illinois on the date of death, up to a maximum of 100% for a survivor of an employee or annuitant with 20 or more years of creditable service. The remainder of the cost of the new SERS survivor's coverage under the basic program of group health benefits shall be the responsibility of the survivor. In the case of a new SERS survivor who was the dependent of an annuitant who elected to receive an alternative retirement cancellation payment under Section 14-108.5 of the Illinois Pension Code in lieu of an annuity, for the purposes of this subsection the deceased annuitant's creditable service shall be determined as of the date of termination of service rather than the date of death.

(a-3) Beginning January 1, 1998, for each person who becomes a new SURS annuitant and participates in the basic program of group health benefits, the State shall contribute toward the cost of the annuitant's coverage under the basic program of group health benefits an amount equal to 5% of that cost for each full year of creditable service upon which the annuitant's retirement annuity is based, up to a maximum of 100% for an annuitant with 20 or more years of creditable service. The remainder of the cost of a new SURS annuitant's coverage under the basic program of group health benefits shall be the responsibility of the annuitant. In the case of a new SURS annuitant who has elected to receive an alternative retirement cancellation payment under Section 14-108.5 of the Illinois Pension Code in lieu of an annuity, for the purposes of this subsection the annuitant shall be deemed to be receiving a retirement annuity based on the number of years of creditable service that the annuitant had established at the time of his or her termination of service under SURS.

benefits, the State shall contribute toward the cost of the annuitant's coverage under the basic program of group health benefits an amount equal to 5% of that cost for each full year of creditable service upon which the annuitant's retirement annuity is based, up to a maximum of 100% for an annuitant with 20 or more years of creditable service. The remainder of the cost of a new SURS annuitant's coverage under the basic program of group health benefits shall be the responsibility of the annuitant.

(a-4) (Blank).

(a-5) Beginning January 1, 1998, for each person who becomes a new SURS survivor and participates in the basic program of group health benefits, the State shall contribute toward the cost of the survivor's coverage under the basic program of group health benefits an amount equal to 5% of that cost for each full year of the deceased employee's or deceased annuitant's creditable service in the State Universities Retirement System on the date of death, up to a maximum of 100% for a survivor of an employee or annuitant with 20 or more years of creditable service. The remainder of the cost of the new SURS survivor's coverage under the basic program of group health benefits shall be the responsibility of the survivor.

(a-6) Beginning July 1, 1998, for each person who becomes a new TRS State annuitant and participates in the basic program of group health benefits, the State shall contribute toward the cost of the annuitant's coverage under the basic program of group health benefits an amount equal to 5% of that cost for each full year of creditable service as a teacher as defined in paragraph (2), (3), or (5) of Section 16-106 of the Illinois Pension Code upon which the annuitant's retirement annuity is based, up to a maximum of 100%; except that the State contribution shall be 12.5% per year (rather than 5%) for each full year of creditable service as a regional superintendent or assistant regional superintendent of schools. The remainder of the cost of a new TRS State annuitant's coverage under the basic program of group health benefits shall be the responsibility of the annuitant.

(a-7) Beginning July 1, 1998, for each person who becomes a new TRS State survivor and participates in the basic program of group health benefits, the State shall contribute toward the cost of the survivor's coverage under the basic program of group health benefits an amount equal to 5% of that cost for each full year of the deceased employee's or deceased annuitant's creditable service as a teacher as defined in paragraph (2), (3), or (5) of Section 16-106 of the Illinois Pension Code on the date of death, up to a maximum of 100%; except that the State contribution

shall be 12.5% per year (rather than 5%) for each full year of the deceased employee's or deceased annuitant's creditable service as a regional superintendent or assistant regional superintendent of schools. The remainder of the cost of the new TRS State survivor's coverage under the basic program of group health benefits shall be the responsibility of the survivor.

(a-8) A new SERS annuitant, new SERS survivor, new SURS annuitant, new SURS survivor, new TRS State annuitant, or new TRS State survivor may waive or terminate coverage in the program of group health benefits. Any such annuitant or survivor who has waived or terminated coverage may enroll or re-enroll in the program of group health benefits only during the annual benefit choice period, as determined by the Director; except that in the event of termination of coverage due to nonpayment of premiums, the annuitant or survivor may not re-enroll in the program.

(a-9) No later than May 1 of each calendar year, the Director of Central Management Services shall certify in writing to the Executive Secretary of the State Employees' Retirement System of Illinois the amounts of the Medicare supplement health care premiums and the amounts of the health care premiums for all other retirees who are not Medicare eligible.

A separate calculation of the premiums based upon the actual cost of each health care plan shall be so certified.

The Director of Central Management Services shall provide to the Executive Secretary of the State Employees' Retirement System of Illinois such information, statistics, and other data as he or she may require to review the premium amounts certified by the Director of Central Management Services.

(b) State employees who become eligible for this program on or after January 1, 1980 in positions normally requiring actual performance of duty not less than 1/2 of a normal work period but not equal to that of a normal work period, shall be given the option of participating in the available program. If the employee elects coverage, the State shall contribute on behalf of such employee to the cost of the employee's benefit and any applicable dependent supplement, that sum which bears the same percentage as that percentage of time the employee regularly works when compared to normal work period.

(c) The basic non-contributory coverage from the basic program of group health benefits shall be continued for each employee not in pay
status or on active service by reason of (1) leave of absence due to illness or injury, (2) authorized educational leave of absence or sabbatical leave, or (3) military leave with pay and benefits. This coverage shall continue until expiration of authorized leave and return to active service, but not to exceed 24 months for leaves under item (1) or (2). This 24-month limitation and the requirement of returning to active service shall not apply to persons receiving ordinary or accidental disability benefits or retirement benefits through the appropriate State retirement system or benefits under the Workers' Compensation or Occupational Disease Act.

(d) The basic group life insurance coverage shall continue, with full State contribution, where such person is (1) absent from active service by reason of disability arising from any cause other than self-inflicted, (2) on authorized educational leave of absence or sabbatical leave, or (3) on military leave with pay and benefits.

(e) Where the person is in non-pay status for a period in excess of 30 days or on leave of absence, other than by reason of disability, educational or sabbatical leave, or military leave with pay and benefits, such person may continue coverage only by making personal payment equal to the amount normally contributed by the State on such person's behalf. Such payments and coverage may be continued: (1) until such time as the person returns to a status eligible for coverage at State expense, but not to exceed 24 months, (2) until such person's employment or annuitant status with the State is terminated, or (3) for a maximum period of 4 years for members on military leave with pay and benefits and military leave without pay and benefits (exclusive of any additional service imposed pursuant to law).

(f) The Department shall establish by rule the extent to which other employee benefits will continue for persons in non-pay status or who are not in active service.

(g) The State shall not pay the cost of the basic non-contributory group life insurance, program of health benefits and other employee benefits for members who are survivors as defined by paragraphs (1) and (2) of subsection (q) of Section 3 of this Act. The costs of benefits for these survivors shall be paid by the survivors or by the University of Illinois Cooperative Extension Service, or any combination thereof. However, the State shall pay the amount of the reduction in the cost of participation, if any, resulting from the amendment to subsection (a) made by this amendatory Act of the 91st General Assembly.

(h) Those persons occupying positions with any department as a result of emergency appointments pursuant to Section 8b.8 of the Personnel Code who are not considered employees under this Act shall be given the option of participating in the programs of group life insurance, health benefits and other employee benefits. Such persons electing coverage may participate only by making payment equal to the amount normally contributed by the State for similarly situated employees. Such amounts shall be determined by the Director. Such payments and coverage may be continued until such time as the person becomes an employee pursuant to this Act or such person's appointment is terminated.

(i) Any unit of local government within the State of Illinois may apply to the Director to have its employees, annuitants, and their dependents provided group health coverage under this Act on a non-insured basis. To participate, a unit of local government must agree to enroll all of its employees, who may select coverage under either the State group health benefits plan or a health maintenance organization that has contracted with the State to be available as a health care provider for employees as defined in this Act. A unit of local government must remit the entire cost of providing coverage under the State group health benefits plan or, for coverage under a health maintenance organization, an amount determined by the Director based on an analysis of the sex, age, geographic location, or other relevant demographic variables for its employees, except that the unit of local government shall not be required to enroll those of its employees who are covered spouses or dependents under this plan or another group policy or plan providing health benefits as long as (1) an appropriate official from the unit of local government attests that each employee not enrolled is a covered spouse or dependent under this plan or another group policy or plan, and (2) at least 85% of the employees are enrolled and the unit of local government remits the entire cost of providing coverage to those employees, except that a participating school district must have enrolled at least 85% of its full-time employees who have not waived coverage under the district's group health plan by participating in a component of the district's cafeteria plan. A participating school district is not required to enroll a full-time employee who has waived coverage under the district's health plan, provided that an appropriate official from the participating school district attests that the full-time employee has waived coverage by participating in a component of the district's cafeteria plan. For the purposes of this subsection,
"participating school district" includes a unit of local government whose primary purpose is education as defined by the Department's rules.

Employees of a participating unit of local government who are not enrolled due to coverage under another group health policy or plan may enroll in the event of a qualifying change in status, special enrollment, special circumstance as defined by the Director, or during the annual Benefit Choice Period. A participating unit of local government may also elect to cover its annuitants. Dependent coverage shall be offered on an optional basis, with the costs paid by the unit of local government, its employees, or some combination of the two as determined by the unit of local government. The unit of local government shall be responsible for timely collection and transmission of dependent premiums.

The Director shall annually determine monthly rates of payment, subject to the following constraints:

(1) In the first year of coverage, the rates shall be equal to the amount normally charged to State employees for elected optional coverages or for enrolled dependents coverages or other contributory coverages, or contributed by the State for basic insurance coverages on behalf of its employees, adjusted for differences between State employees and employees of the local government in age, sex, geographic location or other relevant demographic variables, plus an amount sufficient to pay for the additional administrative costs of providing coverage to employees of the unit of local government and their dependents.

(2) In subsequent years, a further adjustment shall be made to reflect the actual prior years' claims experience of the employees of the unit of local government.

In the case of coverage of local government employees under a health maintenance organization, the Director shall annually determine for each participating unit of local government the maximum monthly amount the unit may contribute toward that coverage, based on an analysis of (i) the age, sex, geographic location, and other relevant demographic variables of the unit's employees and (ii) the cost to cover those employees under the State group health benefits plan. The Director may similarly determine the maximum monthly amount each unit of local government may contribute toward coverage of its employees' dependents under a health maintenance organization.

organization coverage shall be deposited in the Local Government Health Insurance Reserve Fund.

The Local Government Health Insurance Reserve Fund shall be a continuing fund not subject to fiscal year limitations. All expenditures from this Fund shall be used for payments for health care benefits for local government and rehabilitation facility employees, annuitants, and dependents, and to reimburse the Department or its administrative service organization for all expenses incurred in the administration of benefits. No other State funds may be used for these purposes.

A local government employer's participation or desire to participate in a program created under this subsection shall not limit that employer's duty to bargain with the representative of any collective bargaining unit of its employees.

(j) Any rehabilitation facility within the State of Illinois may apply to the Director to have its employees, annuitants, and their eligible dependents provided group health coverage under this Act on a non-insured basis. To participate, a rehabilitation facility must agree to enroll all of its employees and remit the entire cost of providing such coverage for its employees, except that the rehabilitation facility shall not be required to enroll those of its employees who are covered spouses or dependents under this plan or another group policy or plan providing health benefits as long as (1) an appropriate official from the rehabilitation facility attests that each employee not enrolled is a covered spouse or dependent under this plan or another group policy or plan, and (2) at least 85% of the employees are enrolled and the rehabilitation facility remits the entire cost of providing coverage to those employees. Employees of a participating rehabilitation facility who are not enrolled due to coverage under another group health policy or plan may enroll in the event of a qualifying change in status, special enrollment, special circumstance as defined by the Director, or during the annual Benefit Choice Period. A participating rehabilitation facility may also elect to cover its annuitants. Dependent coverage shall be offered on an optional basis, with the costs paid by the rehabilitation facility, its employees, or some combination of the 2 as determined by the rehabilitation facility. The rehabilitation facility shall be responsible for timely collection and transmission of dependent premiums.

The Director shall annually determine quarterly rates of payment, subject to the following constraints:

(1) In the first year of coverage, the rates shall be equal to the amount normally charged to State employees for elected optional coverages or for enrolled dependents coverages or other contributory coverages on behalf of its employees, adjusted for differences between State employees and employees of the rehabilitation facility in age, sex, geographic location or other relevant demographic variables, plus an amount sufficient to pay for the additional administrative costs of providing coverage to employees of the rehabilitation facility and their dependents.

(2) In subsequent years, a further adjustment shall be made to reflect the actual prior years' claims experience of the employees of the rehabilitation facility.

Monthly payments by the rehabilitation facility or its employees for group health benefits shall be deposited in the Local Government Health Insurance Reserve Fund.

(k) Any domestic violence shelter or service within the State of Illinois may apply to the Director to have its employees, annuitants, and their dependents provided group health coverage under this Act on a non-insured basis. To participate, a domestic violence shelter or service must agree to enroll all of its employees and pay the entire cost of providing such coverage for its employees. A participating domestic violence shelter may also elect to cover its annuitants. Dependent coverage shall be offered on an optional basis, with employees, or some combination of the 2 as determined by the domestic violence shelter or service. The domestic violence shelter or service shall be responsible for timely collection and transmission of dependent premiums.

The Director shall annually determine rates of payment, subject to the following constraints:

(1) In the first year of coverage, the rates shall be equal to the amount normally charged to State employees for elected optional coverages or for enrolled dependents coverages or other contributory coverages on behalf of its employees, adjusted for differences between State employees and employees of the domestic violence shelter or service in age, sex, geographic location or other relevant demographic variables, plus an amount sufficient to pay for the additional administrative costs of providing coverage to employees of the domestic violence shelter or service and their dependents.

(2) In subsequent years, a further adjustment shall be made to reflect the actual prior years' claims experience of the employees of the domestic violence shelter or service. Monthly payments by the domestic violence shelter or service or its employees for group health insurance shall be deposited in the Local Government Health Insurance Reserve Fund.

(l) A public community college or entity organized pursuant to the Public Community College Act may apply to the Director initially to have only annuitants not covered prior to July 1, 1992 by the district's health plan provided health coverage under this Act on a non-insured basis. The community college must execute a 2-year contract to participate in the Local Government Health Plan. Any annuitant may enroll in the event of a qualifying change in status, special enrollment, special circumstance as defined by the Director, or during the annual Benefit Choice Period.

The Director shall annually determine monthly rates of payment subject to the following constraints: for those community colleges with annuitants only enrolled, first year rates shall be equal to the average cost to cover claims for a State member adjusted for demographics, Medicare participation, and other factors; and in the second year, a further adjustment of rates shall be made to reflect the actual first year's claims experience of the covered annuitants.

(l-5) The provisions of subsection (l) become inoperative on July 1, 1999.

(m) The Director shall adopt any rules deemed necessary for implementation of this amendatory Act of 1989 (Public Act 86-978).

The lump sum payment to any individual under the program shall not exceed 25% of final monthly rate of pay for each completed year of State employment, nor shall it exceed the compensation earned by the individual during the 6 months immediately preceding his or her termination from State service, and is payable out of the personal services appropriation from which the employee's salary is paid. The rules of the program may limit the number of individuals listed under Section 14-108.5(b)(1) of the Illinois Pension Code who may participate in the program and shall specify how the lump sum amount will be determined and vouchered; provided, however, that all employees within the same title shall be provided lump sum amounts on the same terms, varying only due to their time of State service. The director or other head of a department shall limit the number of individuals listed under Section 14-108.5(b)(2) of the Illinois Pension Code who may participate in the program and shall specify the amount of the lump sum and how the lump sum amount will be determined and vouchered.

(b) In addition to the lump sum payment provided under subsection (a), the program may also provide for payment to participants or their health benefit coverage providers of an amount representing the net cost to the participating employee of his or her health benefit coverage under the State Employees Group Insurance Act of 1971 or applicable COBRA (Consolidated Omnibus Budget Reconciliation Act of 1985) insurance continuation provisions for up to 6 months immediately following termination of State service. The amount payable to any participant under this subsection shall not exceed $3,600 and is payable out of the personal services appropriation from which the employee's salary is paid. The program rules shall specify how the amount payable under this subsection will be determined and vouchered.

(d) A participant in the program who returns to State employment (other than as an elected official or as a temporary employee for not more than 75 days per calendar year) thereby forfeits the incentive payments received under the program and must repay those amounts to the Department of Central Management Services, in the case of a person listed under Section 14-108.5(b)(1) of the Illinois Pension Code, or to the department at which he or she is employed, in the case of a person listed under Section 14-108.5(b)(2) of the Illinois Pension Code, within 60 days after his or her return to State employment.

Section 10-195. The Illinois Pension Code is amended by adding Sections 14-104.12 and 14-108.5 and changing Section 14-130 as follows:

(40 ILCS 5/14-104.12 new)

(40 ILCS 5/14-130) (from Ch. 108 1/2, par. 14-130)

Sec. 14-130. Refunds; rules.

(a) Upon withdrawal a member is entitled to receive, upon written request, a refund of the member's contributions, including credits granted while in receipt of disability benefits, without credited interest. The board, in its discretion may withhold payment of the refund of a member's contributions for a period not to exceed 1 year after the member has ceased to be an employee.

For purposes of this Section, a member will be considered to have withdrawn from service if a change in, or transfer of, his position results in his becoming ineligible for continued membership in this System and eligible for membership in another public retirement system under this Act.

(b) A member receiving a refund forfeits and relinquishes all accrued rights in the System, including all accumulated creditable service. If the person again becomes a member of the System and establishes at least 2 years of creditable service, the member may repay the moneys previously refunded. However, a former member may restore credits previously forfeited by acceptance of a refund without returning to service by applying in writing and repaying to the System, by April 1, 1993, the amount of the refund plus regular interest calculated from the date of refund to the date of repayment.

The repayment of refunds issued prior to January 1, 1984 shall consist of the amount refunded plus 5% interest per annum compounded annually for the period from the date of the refund to the end of the month in which repayment is made. The repayment of refunds issued after January 1, 1984 shall consist of the amount refunded plus regular interest for the period from the date of refund to the end of the month in which repayment is made. The repayment of the refund of a person who accepts an alternative retirement cancellation payment under Section 14-108.5 shall consist of the entire amount paid to the person under subsection (c) of Section 14-108.5 plus regular interest for the period from the date of the refund to the end of the month in which repayment is made. However, in the case of a refund that is repaid in a lump sum between January 1, 1991 and July 1, 1991, repayment shall consist of the amount refunded plus interest at the rate of 2.5% per annum compounded annually from the date of the refund to the end of the month in which repayment is made.

New matter indicated by italics - deletions by strikeout.
Upon repayment, the member shall receive credit for the service, member contributions and regular interest that was forfeited by acceptance of the refund as well as regular interest for the period of non-membership. Such repayment shall be made in full before retirement either in a lump sum or in installment payments in accordance with such rules as may be adopted by the board.

(b-5) The Board may adopt rules governing the repayment of refunds and establishment of credits in cases involving awards of back pay or reinstatement. The rules may authorize repayment of a refund in installment payments and may waive the payment of interest on refund amounts repaid in full within a specified period.

(c) A member no longer in service who is unmarried and does not have an eligible survivors annuity beneficiary on the date of application therefor is entitled to a refund of contributions for widow's annuity or survivors annuity purposes, or both, as the case may be, without interest. A widow's annuity or survivors annuity shall not be payable upon the death of a person who has received this refund, unless prior to that death the amount of the refund has been repaid to the System, together with regular interest from the date of the refund to the date of repayment.

(d) Any member who has service credit in any position for which an alternative retirement annuity is provided and in relation to which an increase in the rate of employee contribution is required, shall be entitled to a refund, without interest, of that part of the member's employee contribution which results from that increase in the employee rate if the member does not qualify for that alternative retirement annuity at the time of retirement.

Section 99-997. Severability. The provisions of this Act are severable under Section 1.31 of the Statute on Statutes.
Section 99-999. Effective date. This Act takes effect upon becoming law.

PUBLIC ACT 93-0840
(Senate Bill No. 2207)

AN ACT in relation to budget implementation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

ARTICLE 1
Section 1-1. Short title. This Act may be cited as the FY2005 Budget Implementation (Revenue) Act.

Section 1-5. Purpose. It is the purpose of this Act to make changes in State programs that are necessary to implement the Governor's FY2005 budget recommendations concerning revenue.

ARTICLE 5
Section 5-5. The Illinois Insurance Code is amended by changing Section 416 as follows:

(215 ILCS 5/416)
Sec. 416. Industrial Commission Operations Fund Surcharge.
(a) As of the effective date of this amendatory Act of 2004, every company licensed or authorized by the Illinois Department of Insurance and insuring employers' liabilities arising under the Workers' Compensation Act or the Workers' Occupational Diseases Act shall remit to the Director a surcharge based upon the annual direct written premium, as reported under Section 136 of this Act, of the company in the manner provided in this Section. Such proceeds shall be deposited into the Industrial Commission Operations Fund as established in the Workers' Compensation Act. If a company survives or was formed by a merger, consolidation, reorganization, or reincorporation, the direct written premiums of all companies party to the merger, consolidation, reorganization, or reincorporation shall, for purposes of determining the amount of the fee imposed by this Section, be regarded as those of the surviving or new company.

(b)(1) Except as provided in subsection (b)(2) of this Section, beginning on the effective date of this amendatory Act of 2004 and on July

New matter indicated by italics - deletions by strikeout.
1 of July 1, 2004 and each year thereafter, the Director shall charge an annual Industrial Commission Operations Fund Surcharge from every company subject to subsection (a) of this Section equal to 1.01% ±5% of its direct written premium for insuring employers' liabilities arising under the Workers' Compensation Act or Workers' Occupational Diseases Act as reported in each company's annual statement filed for the previous year as required by Section 136. The Industrial Commission Operations Fund Surcharge shall be collected by companies subject to subsection (a) of this Section as a separately stated surcharge on insured employers at the rate of 1.01% ±5% of direct written premium. The Industrial Commission Operations Fund Surcharge shall not be collected by companies subject to subsection (a) of this Section from any employer that self-insures its liabilities arising under the Workers' Compensation Act or Workers' Occupational Diseases Act, provided that the employer has paid the Industrial Commission Operations Fund Fee pursuant to Section 4d of the Workers' Compensation Act. All sums collected by the Department of Insurance under the provisions of this Section shall be paid promptly after the receipt of the same, accompanied by a detailed statement thereof, into the Industrial Commission Operations Fund in the State treasury.

(b)(2) The surcharge due pursuant to this amendatory Act of 2004 shall be collected instead of the surcharge due on July 1, 2004 under Public Act 93-32. Payment of the surcharge due under this amendatory Act of 2004 shall discharge the employer's obligations due on July 1, 2004. Prior to July 1, 2004, the Director shall charge and collect the surcharge set forth in subparagraph (b)(1) of this Section on or before September 1, 2003, December 1, 2003, March 1, 2004 and June 1, 2004. For purposes of this subsection (b)(2), the company shall remit the amounts to the Director based on estimated direct premium for each quarter beginning on July 1, 2003, together with a sworn statement attesting to the reasonableness of the estimate, and the estimated amount of direct premium written forming the bases of the remittance.

(c) In addition to the authority specifically granted under Article XXV of this Code, the Director shall have such authority to adopt rules or establish forms as may be reasonably necessary for purposes of enforcing this Section. The Director shall also have authority to defer, waive, or abate the surcharge or any penalties imposed by this Section if in the Director's opinion the company's solvency and ability to meet its insured obligations would be immediately threatened by payment of the surcharge due.

New matter indicated by italics - deletions by strikeout.
(d) When a company fails to pay the full amount of any annual Industrial Commission Operations Fund Surcharge of $100 or more due under this Section, there shall be added to the amount due as a penalty the greater of $1,000 or an amount equal to 5% of the deficiency for each month or part of a month that the deficiency remains unpaid.

(e) The Department of Insurance may enforce the collection of any delinquent payment, penalty, or portion thereof by legal action or in any other manner by which the collection of debts due the State of Illinois may be enforced under the laws of this State.

(f) Whenever it appears to the satisfaction of the Director that a company has paid pursuant to this Act an Industrial Commission Operations Fund Surcharge in an amount in excess of the amount legally collectable from the company, the Director shall issue a credit memorandum for an amount equal to the amount of such overpayment. A credit memorandum may be applied for the 2-year period from the date of issuance, against the payment of any amount due during that period under the surcharge imposed by this Section or, subject to reasonable rule of the Department of Insurance including requirement of notification, may be assigned to any other company subject to regulation under this Act. Any application of credit memoranda after the period provided for in this Section is void.

(g) Annually, the Governor may direct a transfer of up to 2% of all moneys collected under this Section to the Insurance Financial Regulation Fund.

Section 5-10. The Workers' Compensation Act is amended by changing Section 4d as follows:

(820 ILCS 305/4d)

Sec. 4d. Industrial Commission Operations Fund Fee.

(a) As of the effective date of this amendatory Act of the 93rd General Assembly, each employer that self-insures its liabilities arising under this Act or Workers' Occupational Diseases Act shall pay a fee measured by the annual actual wages paid in this State of such an employer in the manner provided in this Section. Such proceeds shall be deposited in the Industrial Commission Operations Fund. If an employer survives or was formed by a merger, consolidation, reorganization, or reincorporation, the actual wages paid in this State of all employers party to the merger, consolidation, reorganization, or reincorporation shall, for
purposes of determining the amount of the fee imposed by this Section, be regarded as those of the surviving or new employer.

(b) Beginning on the effective date of this amendatory Act of 2004 and on July 1 of each year thereafter, the Chairman shall charge and collect an annual Industrial Commission Operations Fund Fee from every employer subject to subsection (a) of this Section equal to 0.0075% of its annual actual wages paid in this State as reported in each employer's annual self-insurance renewal filed for the previous year as required by Section 4 of this Act and Section 4 of the Workers' Occupational Diseases Act. All sums collected by the Commission under the provisions of this Section shall be paid promptly after the receipt of the same, accompanied by a detailed statement thereof, into the Industrial Commission Operations Fund. The fee due pursuant to this amendatory Act of 2004 shall be collected instead of the fee due on July 1, 2004 under Public Act 93-32. Payment of the fee due under this amendatory Act of 2004 shall discharge the employer's obligations due on July 1, 2004.

(c) In addition to the authority specifically granted under Section 16, the Chairman shall have such authority to adopt rules or establish forms as may be reasonably necessary for purposes of enforcing this Section. The Commission shall have authority to defer, waive, or abate the fee or any penalties imposed by this Section if in the Commission's opinion the employer's solvency and ability to meet its obligations to pay workers' compensation benefits would be immediately threatened by payment of the fee due.

(d) When an employer fails to pay the full amount of any annual Industrial Commission Operations Fund Fee of $100 or more due under this Section, there shall be added to the amount due as a penalty the greater of $1,000 or an amount equal to 5% of the deficiency for each month or part of a month that the deficiency remains unpaid.

(e) The Commission may enforce the collection of any delinquent payment, penalty or portion thereof by legal action or in any other manner by which the collection of debts due the State of Illinois may be enforced under the laws of this State.

(f) Whenever it appears to the satisfaction of the Chairman that an employer has paid pursuant to this Act an Industrial Commission Operations Fund Fee in an amount in excess of the amount legally collectable from the employer, the Chairman shall issue a credit memorandum for an amount equal to the amount of such overpayment. A
credit memorandum may be applied for the 2-year period from the date of issuance against the payment of any amount due during that period under the fee imposed by this Section or, subject to reasonable rule of the Commission including requirement of notification, may be assigned to any other employer subject to regulation under this Act. Any application of credit memoranda after the period provided for in this Section is void.

was erroneously claimed, or the purchase of machinery and equipment on or after July 1, 1996 for which the exemption provided by paragraph (6) of Section 3-5 of this Act was erroneously claimed, but not in satisfaction of penalty, if any, and interest for failure to pay the tax when due. A purchaser of production related tangible personal property who is required to pay Illinois Use Tax or Service Use Tax on the purchase directly to the Department may, prior to October 1, 2003, utilize the Manufacturer's Purchase Credit in satisfaction of the tax arising from that purchase, but not in satisfaction of penalty and interest. A purchaser who uses the Manufacturer's Purchase Credit to purchase property which is later determined not to be production related tangible personal property may be liable for tax, penalty, and interest on the purchase of that property as of the date of purchase but shall be entitled to use the disallowed Manufacturer's Purchase Credit, so long as it has not expired and is used prior to October 1, 2003, on qualifying purchases of production related tangible personal property not previously subject to credit usage. The Manufacturer's Purchase Credit earned by a manufacturer or graphic arts producer expires the last day of the second calendar year following the calendar year in which the credit arose. No Manufacturer's Purchase Credit may be used after September 30, 2003 regardless of when that credit was earned.

A purchaser earning Manufacturer's Purchase Credit shall sign and file an annual Report of Manufacturer's Purchase Credit Earned for each calendar year no later than the last day of the sixth month following the calendar year in which a Manufacturer's Purchase Credit is earned. A Report of Manufacturer's Purchase Credit Earned shall be filed on forms as prescribed or approved by the Department and shall state, for each month of the calendar year: (i) the total purchase price of all purchases of exempt manufacturing or graphic arts machinery on which the credit was earned; (ii) the total State Use Tax or Service Use Tax which would have been due on those items; (iii) the percentage used to calculate the amount of credit earned; (iv) the amount of credit earned; and (v) such other information as the Department may reasonably require. A purchaser earning Manufacturer's Purchase Credit shall maintain records which identify, as to each purchase of manufacturing or graphic arts machinery and equipment on which the purchaser earned Manufacturer's Purchase Credit, the vendor (including, if applicable, either the vendor's registration number or Federal Employer Identification Number), the purchase price,
and the amount of Manufacturer's Purchase Credit earned on each purchase.

A purchaser using Manufacturer's Purchase Credit shall sign and file an annual Report of Manufacturer's Purchase Credit Used for each calendar year no later than the last day of the sixth month following the calendar year in which a Manufacturer's Purchase Credit is used. A Report of Manufacturer's Purchase Credit Used shall be filed on forms as prescribed or approved by the Department and shall state, for each month of the calendar year: (i) the total purchase price of production related tangible personal property purchased from Illinois suppliers; (ii) the total purchase price of production related tangible personal property purchased from out-of-state suppliers; (iii) the total amount of credit used during such month; and (iv) such other information as the Department may reasonably require. A purchaser using Manufacturer's Purchase Credit shall maintain records that identify, as to each purchase of production related tangible personal property on which the purchaser used Manufacturer's Purchase Credit, the vendor (including, if applicable, either the vendor's registration number or Federal Employer Identification Number), the purchase price, and the amount of Manufacturer's Purchase Credit used on each purchase.

No annual report shall be filed before May 1, 1996 or after June 30, 2004. A purchaser that fails to file an annual Report of Manufacturer's Purchase Credit Earned or an annual Report of Manufacturer's Purchase Credit Used by the last day of the sixth month following the end of the calendar year shall forfeit all Manufacturer's Purchase Credit for that calendar year unless it establishes that its failure to file was due to reasonable cause. Manufacturer's Purchase Credit reports may be amended to report and claim credit on qualifying purchases not previously reported at any time before the credit would have expired, unless both the Department and the purchaser have agreed to an extension of the statute of limitations for the issuance of a notice of tax liability as provided in Section 4 of the Retailers' Occupation Tax Act. If the time for assessment or refund has been extended, then amended reports for a calendar year may be filed at any time prior to the date to which the statute of limitations for the calendar year or portion thereof has been extended. No Manufacturer's Purchase Credit report filed with the Department for periods prior to January 1, 1995 shall be approved. Manufacturer's Purchase Credit claimed on an amended report may be used, until October 1, 2003, to satisfy tax liability under the Use Tax Act or the Service Use Tax Act (i)

If the purchaser is not the manufacturer or a graphic arts producer, but rents or leases the use of the property to a manufacturer or graphic arts producer, the purchaser may earn, report, and use Manufacturer's Purchase Credit in the same manner as a manufacturer or graphic arts producer.

A purchaser shall not be entitled to any Manufacturer's Purchase Credit for a purchase that is required to be reported and is not timely reported as provided in this Section. A purchaser remains liable for (i) any tax that was satisfied by use of a Manufacturer's Purchase Credit, as of the date of purchase, if that use is not timely reported as required in this Section and (ii) for any applicable penalties and interest for failing to pay the tax when due. No Manufacturer's Purchase Credit may be used after September 30, 2003 to satisfy any tax liability imposed under this Act, including any audit liability.

Manufacturer's Purchase Credit earned on or after September 1, 2004 may only be used to satisfy the Use Tax or Service Use Tax liability incurred on production related tangible personal property purchased on or after September 1, 2004. A purchaser of production related tangible personal property desiring to use the Manufacturer's Purchase Credit shall certify to the seller that the purchaser is satisfying all or part of the liability under the Use Tax Act or the Service Use Tax Act that is due on the purchase of the production related tangible personal property by use of Manufacturer's Purchase Credit. The Manufacturer's Purchase Credit certification must be dated and shall include the name and address of the purchaser, the purchaser's registration number, if registered, the credit being applied, and a statement that the State Use Tax or Service Use Tax liability is being satisfied with the manufacturer's or graphic arts producer's accumulated purchase credit. Certification may be incorporated into the manufacturer's or graphic arts producer's purchase order. Manufacturer's Purchase Credit certification provided by the manufacturer or graphic arts producer may be used to satisfy the retailer's or serviceman's liability under the Retailers' Occupation Tax Act or Service Occupation Tax Act.
for the credit claimed, not to exceed 6.25% of the receipts subject to tax from a qualifying purchase, but only if the retailer or serviceman reports the Manufacturer's Purchase Credit claimed as required by the Department. The Manufacturer's Purchase Credit earned by purchase of exempt manufacturing machinery and equipment or graphic arts machinery and equipment is a non-transferable credit. A manufacturer or graphic arts producer that enters into a contract involving the installation of tangible personal property into real estate within a manufacturing or graphic arts production facility may, on or after September 1, 2004, authorize a construction contractor to utilize credit accumulated by the manufacturer or graphic arts producer to purchase the tangible personal property. A manufacturer or graphic arts producer intending to use accumulated credit to purchase such tangible personal property shall execute a written contract authorizing the contractor to utilize a specified dollar amount of credit. The contractor shall furnish the supplier with the manufacturer's or graphic arts producer's name, registration or resale number, and a statement that a specific amount of the Use Tax or Service Use Tax liability, not to exceed 6.25% of the selling price, is being satisfied with the credit. The manufacturer or graphic arts producer shall remain liable to timely report all information required by the annual Report of Manufacturer's Purchase Credit Used for all credit utilized by a construction contractor.

Sec. 3-70. Manufacturer's Purchase Credit. For purchases of machinery and equipment made on and after January 1, 1995 and through June 30, 2003, and on and after September 1, 2004, a purchaser of manufacturing machinery and equipment that qualifies for the exemption provided by Section 2 of this Act earns a credit in an amount equal to a fixed percentage of the tax which would have been incurred under this Act on those purchases. For purchases of graphic arts machinery and equipment made on or after July 1, 1996 and through June 30, 2003, and on and after September 1, 2004, a purchase of graphic arts machinery and equipment that qualifies for the exemption provided by paragraph (5) of Section 3-5 of this Act earns a credit in an amount equal to a fixed percentage of the tax that would have been incurred under this Act on those purchases. The credit earned for the purchase of manufacturing machinery and equipment and graphic arts machinery and equipment shall be referred to as the Manufacturer's Purchase Credit. A graphic arts producer is a person engaged in graphic arts production as defined in Section 3-30 of the Service Occupation Tax Act. Beginning July 1, 1996, all references in this Section to manufacturers or manufacturing shall also refer to graphic arts producers or graphic arts production.

The amount of credit shall be a percentage of the tax that would have been incurred on the purchase of the manufacturing machinery and equipment or graphic arts machinery and equipment if the exemptions provided by Section 2 or paragraph (5) of Section 3-5 of this Act had not been applicable.

All purchases prior to October 1, 2003 of manufacturing machinery and equipment and graphic arts machinery and equipment that qualify for the exemptions provided by paragraph (5) of Section 2 or paragraph (5) of Section 3-5 of this Act qualify for the credit without regard to whether the serviceman elected, or could have elected, under paragraph (7) of Section 2 of this Act to exclude the transaction from this Act. If the serviceman's billing to the service customer separately states a selling price for the...
exempt manufacturing machinery or equipment or the exempt graphic arts machinery and equipment, the credit shall be calculated, as otherwise provided herein, based on that selling price. If the serviceman's billing does not separately state a selling price for the exempt manufacturing machinery and equipment or the exempt graphic arts machinery and equipment, the credit shall be calculated, as otherwise provided herein, based on 50% of the entire billing. A Manufacturer's Purchase Credit reported on any original or amended return filed under this Act after October 20, 2003 for reporting periods prior to September 1, 2004 shall be disallowed. Manufacturer's Purchase Credit reported on annual returns due on or after January 1, 2005 will be disallowed for periods prior to September 1, 2004. No Manufacturer's Purchase Credit may be used after September 30, 2003 through August 31, 2004 to satisfy any tax liability imposed under this Act, including any audit liability.

If the serviceman shall not previously have remitted the amount of such tax to the Department, he shall be entitled to no deduction hereunder upon refunding such tax to the purchaser.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable servicemen, who are required to file returns hereunder and also under the Retailers’ Occupation Tax Act, the Use Tax Act or the Service Use Tax Act, to furnish all the return information required by all said Acts on the one form.

A Manufacturer's Purchase Credit certification, accepted by a retailer prior to October 1, 2003 and on and after September 1, 2004 as provided in Section 3-85 of the Use Tax Act, may be used by that retailer to satisfy Retailers' Occupation Tax liability in the amount claimed in the certification, not to exceed 6.25% of the receipts subject to tax from a qualifying purchase. A Manufacturer's Purchase Credit reported on any original or amended return filed under this Act after October 20, 2003 for reporting periods prior to September 1, 2004 shall be disallowed. Beginning on October 1, 2003, any person who is not a licensed distributor, importing distributor, or manufacturer, as defined in the Liquor Control Act of 1934, but is engaged in the business of selling, at retail, alcoholic liquor shall file a statement with the Department of Revenue, in a format and at a time prescribed by the Department, showing the total amount paid for alcoholic liquor purchased during the preceding month and such other information as is reasonably required by the Department. The Department may adopt rules to require that this statement be filed in an electronic or telephonic format. Such rules may provide for exceptions from the filing requirements of this paragraph. For the purposes of this paragraph, the term "alcoholic liquor" shall have the meaning prescribed in the Liquor Control Act of 1934.

Beginning on October 1, 2003, every distributor, importing distributor, and manufacturer of alcoholic liquor as defined in the Liquor Control Act of 1934, shall file a statement with the Department of Revenue, no later than the 10th day of the month for the preceding month during which transactions occurred, by electronic means, showing the total amount of gross receipts from the sale of alcoholic liquor sold or distributed during the preceding month to purchasers; identifying the purchaser to whom it was sold or distributed; the purchaser's tax registration number; and such other information reasonably required by the Department. A copy of the monthly statement shall be sent to the retailer no later than the 10th day of the month for the preceding month during which transactions occurred.

If a total amount of less than $1 is payable, refundable or creditable, such amount shall be disregarded if it is less than 50 cents and shall be increased to $1 if it is 50 cents or more.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has

an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Any amount which is required to be shown or reported on any return or other document under this Act shall, if such amount is not a whole-dollar amount, be increased to the nearest whole-dollar amount in any case where the fractional part of a dollar is 50 cents or more, and decreased to the nearest whole-dollar amount where the fractional part of a dollar is less than 50 cents.

If the retailer is otherwise required to file a monthly return and if the retailer's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a
quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax liability with the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a retailer may file his return, in the case of any retailer who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such retailer shall file a final return under this Act with the Department not more than one month after discontinuing such business.

Where the same person has more than one business registered with the Department under separate registrations under this Act, such person may not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, every retailer selling this kind of tangible personal property shall file, with the Department, upon a form to be prescribed and supplied by the Department, a separate return for each such item of tangible personal property which the retailer sells, except that if, in the same transaction, (i) a retailer of aircraft, watercraft, motor vehicles or trailers transfers more than one aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft, motor vehicle retailer or trailer retailer for the purpose of resale or (ii) a retailer of aircraft, watercraft, motor vehicles, or trailers transfers more than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying rolling stock as provided in Section 2-5 of this Act, then that seller may report the transfer of all aircraft, watercraft, motor vehicles or trailers involved in that transaction to the Department on the same uniform invoice-transaction reporting return form. For purposes of this

Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

Any retailer who sells only motor vehicles, watercraft, aircraft, or trailers that are required to be registered with an agency of this State, so that all retailers' occupation tax liability is required to be reported, and is reported, on such transaction reporting returns and who is not otherwise required to file monthly or quarterly returns, need not file monthly or quarterly returns. However, those retailers shall be required to file returns on an annual basis.

The transaction reporting return, in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of The Illinois Vehicle Code and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold; such other information as is required in Section 5-402 of The Illinois Vehicle Code, and such other information as the Department may reasonably require.

The transaction reporting return in the case of watercraft or aircraft must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place

and date of the sale, a sufficient identification of the property sold, and such other information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days after the day of delivery of the item that is being sold, but may be filed by the retailer at any time sooner than that if he chooses to do so. The transaction reporting return and tax remittance or proof of exemption from the Illinois use tax may be transmitted to the Department by way of the State agency with which, or State officer with whom the tangible personal property must be titled or registered (if titling or registration is required) if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the purchaser's name, a use tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which such purchaser may submit to the agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a user, who has paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the transaction reporting return filed and the payment of the tax or proof of exemption made to the Department before the retailer is willing to take these actions and such user has not paid the tax to the retailer, such user may certify to the fact of such delay by the retailer and may (upon the Department being satisfied of the truth of such certification) transmit the information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or exemption determination, in which event the transaction reporting return and tax remittance (if a tax payment was required) shall be

credited by the Department to the proper retailer's account with the Department, but without the 2.1% or 1.75% discount provided for in this Section being allowed. When the user pays the tax directly to the Department, he shall pay the tax in the same amount and in the same form in which it would be remitted if the tax had been remitted to the Department by the retailer.

Refunds made by the seller during the preceding return period to purchasers, on account of tangible personal property returned to the seller, shall be allowed as a deduction under subdivision 5 of his monthly or quarterly return, as the case may be, in case the seller had theretofore included the receipts from the sale of such tangible personal property in a return filed by him and had paid the tax imposed by this Act with respect to such receipts.

Where the seller is a corporation, the return filed on behalf of such corporation shall be signed by the president, vice-president, secretary or treasurer or by the properly accredited agent of such corporation.

Where the seller is a limited liability company, the return filed on behalf of the limited liability company shall be signed by a manager, member, or properly accredited agent of the limited liability company.

Except as provided in this Section, the retailer filing the return under this Section shall, at the time of filing such return, pay to the Department the amount of tax imposed by this Act less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the retailer for the expenses incurred in keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. Any prepayment made pursuant to Section 2d of this Act shall be included in the amount on which such 2.1% or 1.75% discount is computed. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was $10,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the...
7th, 15th, 22nd and last day of the month during which such liability is incurred. On and after October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was $20,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payment to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to January 1, 1985, each payment shall be in an amount equal to 1/4 of the taxpayer's actual liability for the month or an amount set by the Department not to exceed 1/4 of the average monthly liability of the taxpayer to the Department for the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability in such 4 quarter period). If the month during which such tax liability is incurred begins on or after January 1, 1985 and prior to January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1987 and prior to January 1, 1988, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1988, and prior to January 1, 1989, or begins on or after January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1989, and prior to January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year or 100% of the taxpayer's actual liability for the quarter monthly reporting period. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month. Before October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax

liability of $10,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $9,000, or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $10,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $10,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status.

On and after October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of $20,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $20,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $20,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. The Department shall change such taxpayer's reporting status unless it finds that such change is seasonal in nature and not likely to be long term. If any such quarter monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due as a payment and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the quarter monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

The provisions of this paragraph apply before October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes which average in excess of $25,000 per month during the preceding 2 complete calendar quarters, shall file a return with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred begins prior to the effective date of this amendatory Act of 1985, each payment shall be in an amount not less than 22.5% of the taxpayer's actual liability under Section 2d. If the month during which such tax liability is incurred begins on or after January 1, 1986, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding calendar year. If the month during which such tax liability is incurred begins on or after January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until such taxpayer's average monthly prepaid tax collections during the preceding 2 complete calendar quarters is $25,000 or less. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

The provisions of this paragraph apply on and after October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes that average in excess of $20,000 per month during the preceding 4 complete calendar quarters shall file a return with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which the liability is incurred. Each payment shall be in an amount

equal to 22.5% of the taxpayer's actual liability for the month or 25% of
the taxpayer's liability for the same calendar month of the preceding year.
The amount of the quarter monthly payments shall be credited against the
final tax liability of the taxpayer's return for that month filed under this
Section or Section 2f, as the case may be. Once applicable, the
requirement of the making of quarter monthly payments to the Department
pursuant to this paragraph shall continue until the taxpayer's average
monthly prepaid tax collections during the preceding 4 complete calendar
quarters (excluding the month of highest liability and the month of lowest
liability) is less than $19,000 or until such taxpayer's average monthly
liability to the Department as computed for each calendar quarter of the 4
preceding complete calendar quarters is less than $20,000. If any such
quarter monthly payment is not paid at the time or in the amount required,
the taxpayer shall be liable for penalties and interest on such difference,
except insofar as the taxpayer has previously made payments for that
month in excess of the minimum payments previously due.

If any payment provided for in this Section exceeds the taxpayer's
liabilities under this Act, the Use Tax Act, the Service Occupation Tax Act
and the Service Use Tax Act, as shown on an original monthly return, the
Department shall, if requested by the taxpayer, issue to the taxpayer a
credit memorandum no later than 30 days after the date of payment. The
credit evidenced by such credit memorandum may be assigned by the
taxpayer to a similar taxpayer under this Act, the Use Tax Act, the Service
Occupation Tax Act or the Service Use Tax Act, in accordance with
reasonable rules and regulations to be prescribed by the Department. If no
such request is made, the taxpayer may credit such excess payment against
tax liability subsequently to be remitted to the Department under this Act,
the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax
Act, in accordance with reasonable rules and regulations prescribed by the
Department. If the Department subsequently determined that all or any part
of the credit taken was not actually due to the taxpayer, the taxpayer's
2.1% and 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of
the difference between the credit taken and that actually due, and that
taxpayer shall be liable for penalties and interest on such difference.

If a retailer of motor fuel is entitled to a credit under Section 2d of
this Act which exceeds the taxpayer's liability to the Department under this
Act for the month which the taxpayer is filing a return, the Department
shall issue the taxpayer a credit memorandum for the excess.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Community Affairs Law of the Civil Administrative Code of Illinois.

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

The Department may, upon separate written notice to a taxpayer, require the taxpayer to prepare and file with the Department on a form prescribed by the Department within not less than 60 days after receipt of the notice an annual information return for the tax year specified in the notice. Such annual return to the Department shall include a statement of gross receipts as shown by the retailer's last Federal income tax return. If the total receipts of the business as reported in the Federal income tax return do not agree with the gross receipts reported to the Department of Revenue for the same period, the retailer shall attach to his annual return a schedule showing a reconciliation of the 2 amounts and the reasons for the difference. The retailer's annual return to the Department shall also disclose the cost of goods sold by the retailer during the year covered by such return, opening and closing inventories of such goods for such year, costs of goods used from stock or taken from stock and given away by the retailer during such year, payroll information of the retailer's business.

during such year and any additional reasonable information which the Department deems would be helpful in determining the accuracy of the monthly, quarterly or annual returns filed by such retailer as provided for in this Section.

If the annual information return required by this Section is not filed when and as required, the taxpayer shall be liable as follows:

(i) Until January 1, 1994, the taxpayer shall be liable for a penalty equal to 1/6 of 1% of the tax due from such taxpayer under this Act during the period to be covered by the annual return for each month or fraction of a month until such return is filed as required, the penalty to be assessed and collected in the same manner as any other penalty provided for in this Act.

(ii) On and after January 1, 1994, the taxpayer shall be liable for a penalty as described in Section 3-4 of the Uniform Penalty and Interest Act.

The chief executive officer, proprietor, owner or highest ranking manager shall sign the annual return to certify the accuracy of the information contained therein. Any person who willfully signs the annual return containing false or inaccurate information shall be guilty of perjury and punished accordingly. The annual return form prescribed by the Department shall include a warning that the person signing the return may be liable for perjury.

The provisions of this Section concerning the filing of an annual information return do not apply to a retailer who is not required to file an income tax return with the United States Government.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, manufacturers, importers and wholesalers whose products are sold at retail in Illinois by numerous retailers, and who wish to do so, may assume the responsibility for accounting and paying to the Department all tax accruing under this Act.
with respect to such sales, if the retailers who are affected do not make written objection to the Department to this arrangement.

Any person who promotes, organizes, provides retail selling space for concessionaires or other types of sellers at the Illinois State Fair, DuQuoin State Fair, county fairs, local fairs, art shows, flea markets and similar exhibitions or events, including any transient merchant as defined by Section 2 of the Transient Merchant Act of 1987, is required to file a report with the Department providing the name of the merchant's business, the name of the person or persons engaged in merchant's business, the permanent address and Illinois Retailers Occupation Tax Registration Number of the merchant, the dates and location of the event and other reasonable information that the Department may require. The report must be filed not later than the 20th day of the month next following the month during which the event with retail sales was held. Any person who fails to file a report required by this Section commits a business offense and is subject to a fine not to exceed $250.

Any person engaged in the business of selling tangible personal property at retail as a concessionaire or other type of seller at the Illinois State Fair, county fairs, art shows, flea markets and similar exhibitions or events, or any transient merchants, as defined by Section 2 of the Transient Merchant Act of 1987, may be required to make a daily report of the amount of such sales to the Department and to make a daily payment of the full amount of tax due. The Department shall impose this requirement when it finds that there is a significant risk of loss of revenue to the State at such an exhibition or event. Such a finding shall be based on evidence that a substantial number of concessionaires or other sellers who are not residents of Illinois will be engaging in the business of selling tangible personal property at retail at the exhibition or event, or other evidence of a significant risk of loss of revenue to the State. The Department shall notify concessionaires and other sellers affected by the imposition of this requirement. In the absence of notification by the Department, the concessionaires and other sellers shall file their returns as otherwise required in this Section.

Sec. 203. Base income defined.

(a) Individuals.

(1) In general. In the case of an individual, base income means an amount equal to the taxpayer's adjusted gross income for the taxable year as modified by paragraph (2).

(2) Modifications. The adjusted gross income referred to in paragraph (1) shall be modified by adding thereto the sum of the following amounts:

   (A) An amount equal to all amounts paid or accrued to the taxpayer as interest or dividends during the taxable year to the extent excluded from gross income in the computation of adjusted gross income, except stock dividends of qualified public utilities described in Section 305(e) of the Internal Revenue Code;

   (B) An amount equal to the amount of tax imposed by this Act to the extent deducted from gross income in the computation of adjusted gross income for the taxable year;

   (C) An amount equal to the amount received during the taxable year as a recovery or refund of real property taxes paid with respect to the taxpayer's principal residence under the Revenue Act of 1939 and for which a deduction was previously taken under subparagraph (L) of this paragraph (2) prior to July 1, 1991, the retrospective application date of Article 4 of Public Act 87-17. In the case of multi-unit or multi-use structures and farm dwellings, the taxes on the taxpayer's principal residence shall be that portion of the total taxes for the entire property which is attributable to such principal residence;

   (D) An amount equal to the amount of the capital gain deduction allowable under the Internal Revenue Code, to the extent deducted from gross income in the computation of adjusted gross income;

   (D-5) An amount, to the extent not included in adjusted gross income, equal to the amount of money withdrawn by the taxpayer in the taxable year from a medical care savings account and the interest earned on the account in the taxable year of a withdrawal pursuant to subsection (b) of Section 20 of the Medical Care Savings
Account Act or subsection (b) of Section 20 of the Medical Care Savings Account Act of 2000;

(D-10) For taxable years ending after December 31, 1997, an amount equal to any eligible remediation costs that the individual deducted in computing adjusted gross income and for which the individual claims a credit under subsection (l) of Section 201;

(D-15) For taxable years 2001 and thereafter, an amount equal to the bonus depreciation deduction (30% of the adjusted basis of the qualified property) taken on the taxpayer's federal income tax return for the taxable year under subsection (k) of Section 168 of the Internal Revenue Code; and

(D-16) If the taxpayer reports a capital gain or loss on the taxpayer's federal income tax return for the taxable year based on a sale or transfer of property for which the taxpayer was required in any taxable year to make an addition modification under subparagraph (D-15), then an amount equal to the aggregate amount of the deductions taken in all taxable years under subparagraph (Z) with respect to that property.

The taxpayer is required to make the addition modification under this subparagraph only once with respect to any one piece of property;

(D-17) For taxable years ending on or after December 31, 2004, an amount equal to the amount otherwise allowed as a deduction in computing base income for interest paid, accrued, or incurred, directly or indirectly, to a foreign person who would be a member of the same unitary business group but for the fact that foreign person's business activity outside the United States is 80% or more of the foreign person's total business activity. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income under Sections 951 through 964 of the Internal Revenue Code and amounts

included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the interest was paid, accrued, or incurred.

This paragraph shall not apply to the following:

(i) an item of interest paid, accrued, or incurred, directly or indirectly, to a foreign person who is subject in a foreign country or state, other than a state which requires mandatory unitary reporting, to a tax on or measured by net income with respect to such interest; or

(ii) an item of interest paid, accrued, or incurred, directly or indirectly, to a foreign person if the taxpayer can establish, based on a preponderance of the evidence, both of the following:

(a) the foreign person, during the same taxable year, paid, accrued, or incurred, the interest to a person that is not a related member, and

(b) the transaction giving rise to the interest expense between the taxpayer and the foreign person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects an arm's-length interest rate and terms; or

(iii) the taxpayer can establish, based on clear and convincing evidence, that the interest paid, accrued, or incurred relates to a contract or agreement entered into at arm's-length rates and terms and the principal purpose for the payment is not federal or Illinois tax avoidance; or

(iv) an item of interest paid, accrued, or incurred, directly or indirectly, to a foreign person if the taxpayer establishes by clear and convincing evidence that the adjustments are unreasonable; or

if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f).
Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective date of this amendment provided such adjustment is made pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority under Section 404 of this Act;

(D-18) For taxable years ending on or after December 31, 2004, an amount equal to the amount of intangible expenses and costs otherwise allowed as a deduction in computing base income, and that were paid, accrued, or incurred, directly or indirectly, to a foreign person who would be a member of the same unitary business group but for the fact that the foreign person's business activity outside the United States is 80% or more of that person's total business activity. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income under Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the intangible expenses and costs were directly or indirectly paid, incurred, or accrued. The preceding sentence does not apply to the extent that the same dividends caused a reduction to the addition modification required under Section 203(a)(2)(D-17) of this Act. As used in this subparagraph, the term "intangible expenses and costs" includes (1) expenses, losses, and costs for, or related to, the direct or indirect acquisition, use, maintenance or management, ownership, sale, exchange, or any other disposition of intangible property; (2) losses incurred, directly or indirectly, from factoring transactions or discounting transactions; (3) royalty, patent, technical, and

copyright fees; (4) licensing fees; and (5) other similar expenses and costs. For purposes of this subparagraph, "intangible property" includes patents, patent applications, trade names, trademarks, service marks, copyrights, mask works, trade secrets, and similar types of intangible assets. This paragraph shall not apply to the following:

(i) any item of intangible expenses or costs paid, accrued, or incurred, directly or indirectly, from a transaction with a foreign person who is subject in a foreign country or state, other than a state which requires mandatory unitary reporting, to a tax on or measured by net income with respect to such item; or

(ii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, if the taxpayer can establish, based on a preponderance of the evidence, both of the following:

(a) the foreign person during the same taxable year paid, accrued, or incurred, the intangible expense or cost to a person that is not a related member, and

(b) the transaction giving rise to the intangible expense or cost between the taxpayer and the foreign person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects arm's-length terms; or

(iii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, from a transaction with a foreign person if the taxpayer establishes by clear and convincing evidence, that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f);

Nothing in this subsection shall preclude the Director from making any other adjustment.

(E) For taxable years ending before December 31, 2001, any amount included in such total in respect of any compensation (including but not limited to any compensation paid or accrued to a serviceman while a prisoner of war or missing in action) paid to a resident by reason of being on active duty in the Armed Forces of the United States and in respect of any compensation paid or accrued to a resident who as a governmental employee was a prisoner of war or missing in action, and in respect of any compensation paid to a resident in 1971 or thereafter for annual training performed pursuant to Sections 502 and 503, Title 32, United States Code as a member of the Illinois National Guard. For taxable years ending on or after December 31, 2001, any amount included in such total in respect of any compensation (including but not limited to any compensation paid or accrued to a serviceman while a prisoner of war or missing in action) paid to a resident by reason of being a member of any component of the Armed Forces of the United States and in respect of any compensation paid or accrued to a resident who as a governmental employee was a prisoner of war or missing in action, and in respect of any compensation paid to a resident by reason of being a

interest paid, accrued, or incurred, directly or indirectly, to the same foreign person; and

(S) An amount equal to the income from intangible property taken into account for the taxable year (net of the deductions allocable thereto) with respect to transactions with a foreign person who would be a member of the taxpayer's unitary business group but for the fact that the foreign person's business activity outside the United States is 80% or more of that person's total business activity, but not to exceed the addition modification required to be made for the same taxable year under Section 203(d)(2)(D-8) for intangible expenses and costs paid, accrued, or incurred, directly or indirectly, to the same foreign person.

(e) Gross income; adjusted gross income; taxable income.

(1) In general. Subject to the provisions of paragraph (2) and subsection (b) (3), for purposes of this Section and Section 803(e), a taxpayer's gross income, adjusted gross income, or taxable income for the taxable year shall mean the amount of gross income, adjusted gross income or taxable income properly reportable for federal income tax purposes for the taxable year under the provisions of the Internal Revenue Code. Taxable income may be less than zero. However, for taxable years ending on or after December 31, 1986, net operating loss carryforwards from taxable years ending prior to December 31, 1986, may not exceed the sum of federal taxable income for the taxable year before net operating loss deduction, plus the excess of addition modifications over subtraction modifications for the taxable year. For taxable years ending prior to December 31, 1986, taxable income may never be an amount in excess of the net operating loss for the taxable year as defined in subsections (c) and (d) of Section 172 of the Internal Revenue Code, provided that when taxable income of a corporation (other than a Subchapter S corporation), trust, or estate is less than zero and addition modifications, other than those provided by subparagraph (E) of paragraph (2) of subsection (b) for corporations or subparagraph (E) of paragraph (2) of subsection (c) for trusts and estates, exceed subtraction modifications, an addition modification must be made under those subparagraphs for any other taxable year to which the taxable income less than zero (net operating loss) is applied under Section

of Section 1381 through 1388 of the Internal Revenue Code;

(G) Subchapter S corporations. In the case of: (i) a Subchapter S corporation for which there is in effect an election for the taxable year under Section 1362 of the Internal Revenue Code, the taxable income of such corporation determined in accordance with Section 1363(b) of the Internal Revenue Code, except that taxable income shall take into account those items which are required by Section 1363(b)(1) of the Internal Revenue Code to be separately stated; and (ii) a Subchapter S corporation for which there is in effect a federal election to opt out of the provisions of the Subchapter S Revision Act of 1982 and have applied instead the prior federal Subchapter S rules as in effect on July 1, 1982, the taxable income of such corporation determined in accordance with the federal Subchapter S rules as in effect on July 1, 1982; and

(H) Partnerships. In the case of a partnership, taxable income determined in accordance with Section 703 of the Internal Revenue Code, except that taxable income shall take into account those items which are required by Section 703(a)(1) to be separately stated but which would be taken into account by an individual in calculating his taxable income.

(3) Recapture of business expenses on disposition of asset or business. Notwithstanding any other law to the contrary, if in prior years income from an asset or business has been classified as business income and in a later year is demonstrated to be non-business income, then all expenses, without limitation, deducted in such later year and in the 2 immediately preceding taxable years related to that asset or business that generated the non-business income shall be added back and recaptured as business income in the year of the disposition of the asset or business. Such amount shall be apportioned to Illinois using the greater of the apportionment fraction computed for the business under Section 304 of this Act for the taxable year or the average of the apportionment fractions computed for the business under Section 304 of this Act for the taxable year and for the 2 immediately preceding taxable years.

(f) Valuation limitation amount.

(1) In general. The valuation limitation amount referred to in subsections (a) (2) (G), (c) (2) (I) and (d)(2) (E) is an amount equal to:

(A) The sum of the pre-August 1, 1969 appreciation amounts (to the extent consisting of gain reportable under the provisions of Section 1245 or 1250 of the Internal Revenue Code) for all property in respect of which such gain was reported for the taxable year; plus

(B) The lesser of (i) the sum of the pre-August 1, 1969 appreciation amounts (to the extent consisting of capital gain) for all property in respect of which such gain was reported for federal income tax purposes for the taxable year, or (ii) the net capital gain for the taxable year, reduced in either case by any amount of such gain included in the amount determined under subsection (a) (2) (F) or (c) (2) (H).

(2) Pre-August 1, 1969 appreciation amount.

(A) If the fair market value of property referred to in paragraph (1) was readily ascertainable on August 1, 1969, the pre-August 1, 1969 appreciation amount for such property is the lesser of (i) the excess of such fair market value over the taxpayer's basis (for determining gain) for such property on that date (determined under the Internal Revenue Code as in effect on that date), or (ii) the total gain realized and reportable for federal income tax purposes in respect of the sale, exchange or other disposition of such property.

(B) If the fair market value of property referred to in paragraph (1) was not readily ascertainable on August 1, 1969, the pre-August 1, 1969 appreciation amount for such property is that amount which bears the same ratio to the total gain reported in respect of the property for federal income tax purposes for the taxable year, as the number of full calendar months in that part of the taxpayer's holding period for the property ending July 31, 1969 bears to the number of full calendar months in the taxpayer's entire holding period for the property.

(C) The Department shall prescribe such regulations as may be necessary to carry out the purposes of this paragraph.

(g) Double deductions. Unless specifically provided otherwise, nothing in this Section shall permit the same item to be deducted more than once.

(h) Legislative intention. Except as expressly provided by this Section there shall be no modifications or limitations on the amounts of income, gain, loss or deduction taken into account in determining gross income, adjusted gross income or taxable income for federal income tax purposes for the taxable year, or in the amount of such items entering into the computation of base income and net income under this Act for such taxable year, whether in respect of property values as of August 1, 1969 or otherwise.

(c) Subchapter S corporations. A Subchapter S corporation shall not be subject to the tax imposed by subsection 201 (a) and (b) of this Act but shall be subject to the replacement tax imposed by subsection 201 (c) and (d) of this Act and shall file such returns and other information at such time and in such manner as may be required under Article 5 of this Act.

(d) Combat zone death. An individual relieved from the federal income tax for any taxable year by reason of section 692 of the Internal Revenue Code shall not be subject to the tax imposed by this Act for such taxable year.

(f) Certain business activities. A person not otherwise subject to the tax imposed by this Act shall not become subject to the tax imposed by this Act by reason of:

Sec. 305. Allocation of Partnership Income by partnerships and partners other than residents. (a) Allocation of partnership business income by partners other than residents. The respective shares of partners other than residents in so much of the business income of the partnership as is allocated or apportioned to this State in the possession of the partnership shall be taken into account by such partners pro rata in accordance with
their respective distributive shares of such partnership income for the partnership's taxable year and allocated to this State.

(b) Allocation of partnership nonbusiness income by partners other than residents. The respective shares of partners other than residents in the items of partnership income and deduction not taken into account in computing the business income of a partnership shall be taken into account by such partners pro rata in accordance with their respective distributive shares of such partnership income for the partnership's taxable year, and allocated as if such items had been paid, incurred or accrued directly to such partners in their separate capacities.

(c) Allocation or apportionment of base income by partnership. Base income of a partnership shall be allocated or apportioned to this State pursuant to Article 3, in the same manner as it is allocated or apportioned for any other nonresident.

(c-5) Taxable income of an investment partnership, as defined in Section 1501(a)(11.5) of this Act, that is distributable to a nonresident partner shall be treated as nonbusiness income and shall be allocated to the partner's state of residence (in the case of an individual) or commercial domicile (in the case of any other person). However, any income distributable to a nonresident partner shall be treated as business income and apportioned as if such income had been received directly by the partner if the partner has made an election under Section 1501(a)(1) of this Act to treat all income as business income or if such income is from investment activity:

(1) that is directly or integrally related to any other business activity conducted in this State by the nonresident partner (or any member of that partner's unitary business group);

(2) that serves an operational function to any other business activity of the nonresident partner (or any member of that partner's unitary business group) in this State; or

(3) where assets of the investment partnership were acquired with working capital from a trade or business activity conducted in this State in which the nonresident partner (or any member of that partner's unitary business group) owns an interest.

(d) Cross reference. For allocation of partnership income or deductions by residents, see Section 301(a).

Sec. 1501. Definitions.

New matter indicated by italics - deletions by strikeout.
(a) In general. When used in this Act, where not otherwise distinctly expressed or manifestly incompatible with the intent thereof:

1) Business income. The term "business income" means all income that may be treated as apportionable business income under the Constitution of the United States. Business income is net of the deductions allocable thereto arising from transactions and activity in the regular course of the taxpayer's trade or business, net of the deductions allocable thereto, and includes income from tangible and intangible property if the acquisition, management, and disposition of the property constitute integral parts of the taxpayer's regular trade or business operations. Such term does not include compensation or the deductions allocable thereto. For each taxable year beginning on or after January 1, 2003, a taxpayer may elect to treat all income other than compensation as business income. This election shall be made in accordance with rules adopted by the Department and, once made, shall be irrevocable.

2) Commercial domicile. The term "commercial domicile" means the principal place from which the trade or business of the taxpayer is directed or managed.

3) Compensation. The term "compensation" means wages, salaries, commissions and any other form of remuneration paid to employees for personal services.

4) Corporation. The term "corporation" includes associations, joint-stock companies, insurance companies and cooperatives. Any entity, including a limited liability company formed under the Illinois Limited Liability Company Act, shall be treated as a corporation if it is so classified for federal income tax purposes.

5) Department. The term "Department" means the Department of Revenue of this State.

6) Director. The term "Director" means the Director of Revenue of this State.

7) Fiduciary. The term "fiduciary" means a guardian, trustee, executor, administrator, receiver, or any person acting in any fiduciary capacity for any person.

8) Financial organization.

(A) The term "financial organization" means any bank, bank holding company, trust company, savings bank,
industrial bank, land bank, safe deposit company, private banker, savings and loan association, building and loan association, credit union, currency exchange, cooperative bank, small loan company, sales finance company, investment company, or any person which is owned by a bank or bank holding company. For the purpose of this Section a "person" will include only those persons which a bank holding company may acquire and hold an interest in, directly or indirectly, under the provisions of the Bank Holding Company Act of 1956 (12 U.S.C. 1841, et seq.), except where interests in any person must be disposed of within certain required time limits under the Bank Holding Company Act of 1956.

(B) For purposes of subparagraph (A) of this paragraph, the term "bank" includes (i) any entity that is regulated by the Comptroller of the Currency under the National Bank Act, or by the Federal Reserve Board, or by the Federal Deposit Insurance Corporation and (ii) any federally or State chartered bank operating as a credit card bank.

(C) For purposes of subparagraph (A) of this paragraph, the term "sales finance company" has the meaning provided in the following item (i) or (ii):

(i) A person primarily engaged in one or more of the following businesses: the business of purchasing customer receivables, the business of making loans upon the security of customer receivables, the business of making loans for the express purpose of funding purchases of tangible personal property or services by the borrower, or the business of finance leasing. For purposes of this item (i), "customer receivable" means:

(a) a retail installment contract or retail charge agreement within the meaning of the Sales Finance Agency Act, the Retail Installment Sales Act, or the Motor Vehicle Retail Installment Sales Act;

(b) an installment, charge, credit, or similar contract or agreement arising from

the sale of tangible personal property or services in a transaction involving a deferred payment price payable in one or more installments subsequent to the sale; or

(c) the outstanding balance of a contract or agreement described in provisions (a) or (b) of this item (i).

A customer receivable need not provide for payment of interest on deferred payments. A sales finance company may purchase a customer receivable from, or make a loan secured by a customer receivable to, the seller in the original transaction or to a person who purchased the customer receivable directly or indirectly from that seller.

(ii) A corporation meeting each of the following criteria:

(a) the corporation must be a member of an "affiliated group" within the meaning of Section 1504(a) of the Internal Revenue Code, determined without regard to Section 1504(b) of the Internal Revenue Code;

(b) more than 50% of the gross income of the corporation for the taxable year must be interest income derived from qualifying loans. A "qualifying loan" is a loan made to a member of the corporation's affiliated group that originates customer receivables (within the meaning of item (i)) or to whom customer receivables originated by a member of the affiliated group have been transferred, to the extent the average outstanding balance of loans from that corporation to members of its affiliated group during the taxable year do not exceed the limitation amount for that corporation. The "limitation amount" for a corporation is the average outstanding balances during the
taxable year of customer receivables (within the meaning of item (i)) originated by all members of the affiliated group. If the average outstanding balances of the loans made by a corporation to members of its affiliated group exceed the limitation amount, the interest income of that corporation from qualifying loans shall be equal to its interest income from loans to members of its affiliated groups times a fraction equal to the limitation amount divided by the average outstanding balances of the loans made by that corporation to members of its affiliated group;

(c) the total of all shareholder's equity (including, without limitation, paid-in capital on common and preferred stock and retained earnings) of the corporation plus the total of all of its loans, advances, and other obligations payable or owed to members of its affiliated group may not exceed 20% of the total assets of the corporation at any time during the tax year; and

(d) more than 50% of all interest-bearing obligations of the affiliated group payable to persons outside the group determined in accordance with generally accepted accounting principles must be obligations of the corporation.

This amendatory Act of the 91st General Assembly is declaratory of existing law.

(D) Subparagraphs (B) and (C) of this paragraph are declaratory of existing law and apply retroactively, for all tax years beginning on or before December 31, 1996, to all original returns, to all amended returns filed no later than 30 days after the effective date of this amendatory Act of 1996, and to all notices issued on or before the effective date of this amendatory Act of 1996 under subsection (a) of Section 903, subsection (a) of Section 904, subsection (e)
of Section 909, or Section 912. A taxpayer that is a "financial organization" that engages in any transaction with an affiliate shall be a "financial organization" for all purposes of this Act.

(E) For all tax years beginning on or before December 31, 1996, a taxpayer that falls within the definition of a "financial organization" under subparagraphs (B) or (C) of this paragraph, but who does not fall within the definition of a "financial organization" under the Proposed Regulations issued by the Department of Revenue on July 19, 1996, may irrevocably elect to apply the Proposed Regulations for all of those years as though the Proposed Regulations had been lawfully promulgated, adopted, and in effect for all of those years. For purposes of applying subparagraphs (B) or (C) of this paragraph to all of those years, the election allowed by this subparagraph applies only to the taxpayer making the election and to those members of the taxpayer's unitary business group who are ordinarily required to apportion business income under the same subsection of Section 304 of this Act as the taxpayer making the election. No election allowed by this subparagraph shall be made under a claim filed under subsection (d) of Section 909 more than 30 days after the effective date of this amendatory Act of 1996.

(F) Finance Leases. For purposes of this subsection, a finance lease shall be treated as a loan or other extension of credit, rather than as a lease, regardless of how the transaction is characterized for any other purpose, including the purposes of any regulatory agency to which the lessor is subject. A finance lease is any transaction in the form of a lease in which the lessee is treated as the owner of the leased asset entitled to any deduction for depreciation allowed under Section 167 of the Internal Revenue Code.

(9) Fiscal year. The term "fiscal year" means an accounting period of 12 months ending on the last day of any month other than December.

(i) no less than 90% of the partnership's cost of its total assets consists of qualifying investment securities, deposits at banks or other financial institutions, and office space and equipment reasonably necessary to carry on its activities as an investment partnership;

(ii) no less than 90% of its gross income consists of interest, dividends, and gains from the sale or exchange of qualifying investment securities; and

(viii) options for the purchase or sale of any of the securities, currencies, contracts, or financial instruments described in items (i) to (vii), inclusive;
(ix) regulated futures contracts;
(x) commodities (not described in Section 1221(a)(1) of the Internal Revenue Code) or futures, forwards, and options with respect to such commodities, provided, however, that any item of a physical commodity to which title is actually acquired in the partnership’s capacity as a dealer in such commodity shall not be a qualifying investment security;
(xi) derivatives; and
(xii) a partnership interest in another partnership that is an investment partnership.

(12) Mathematical error. The term "mathematical error" includes the following types of errors, omissions, or defects in a return filed by a taxpayer which prevents acceptance of the return as filed for processing:

(16) Partnership and partner. The term "partnership" includes a syndicate, group, pool, joint venture or other unincorporated organization, through or by means of which any business, financial operation, or venture is carried on, and which is not, within the meaning of this Act, a trust or estate or a corporation; and the term "partner" includes a member in such syndicate, group, pool, joint venture or organization.

The term "partnership" includes any entity, including a limited liability company formed under the Illinois Limited Liability Company Act, classified as a partnership for federal income tax purposes.

The term "partnership" does not include a syndicate, group, pool, joint venture, or other unincorporated organization established for the sole purpose of playing the Illinois State Lottery.

(17) Part-year resident. The term "part-year resident" means an individual who became a resident during the taxable year or ceased to be a resident during the taxable year. Under Section 1501(a)(20)(A)(i) residence commences with presence in this State for other than a temporary or transitory purpose and ceases with absence from this State for other than a temporary or transitory purpose. Under Section 1501(a)(20)(A)(ii) residence commences with the establishment of domicile in this State and ceases with the establishment of domicile in another State.

(22) State. The term "state" when applied to a jurisdiction other than this State means any state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any Territory or Possession of the United States, and any foreign country, or any political subdivision of any of the foregoing. fractional part of a year under the provisions of this Act, the period for which such return is made.

(B) A person is not an income tax return preparer if all he or she does is

(i) furnish typing, reproducing, or other mechanical assistance;

(ii) prepare returns or claims for refunds for the employer by whom he or she is regularly and continuously employed;

(iii) prepare as a fiduciary returns or claims for refunds for any person; or

(iv) prepare claims for refunds for a taxpayer in response to any notice of deficiency issued to that taxpayer or in response to any waiver of restriction after the commencement of an audit of that taxpayer or of another taxpayer if a determination in the audit of the other taxpayer directly or indirectly affects the tax liability of the taxpayer whose claims he or she is preparing.

(27) Unitary business group. The term "unitary business group" means a group of persons related through common ownership whose business activities are integrated with, dependent upon and contribute to each other. The group will not include those members whose business activity outside the United States is 80%

The computation required by the preceding sentence shall, in each case, involve the division of the member's property, payroll, or revenue miles in the United States, insurance premiums on property or risk in the United States, or financial organization business income from sources within the United States, as the case may be, by the respective worldwide figures for such items. Common ownership in the case of corporations is the direct or indirect control or ownership of more than 50% of the outstanding voting stock of the persons carrying on unitary business activity. Unitary business activity can ordinarily be illustrated where the activities of the members are: (1) in the same general line (such as manufacturing, wholesaling, retailing of tangible personal property, insurance, transportation or finance); or (2) are steps in a vertically structured enterprise or process (such as the steps involved in the production of natural resources, which might include exploration, mining, refining, and marketing); and, in either instance, the members are functionally integrated through the exercise of strong centralized management (where, for example, authority over such matters as purchasing, financing, tax compliance, product line, personnel, marketing and capital investment is not left to each member). In no event, however, will any unitary business group include members which are ordinarily required to apportion business income under different subsections of Section 304 except that for tax years ending on or after December 31, 1987 this prohibition shall not apply to a unitary business group composed of one or more taxpayers all of which apportion business income pursuant to subsection (b) of Section 304, or all of which apportion

business income pursuant to subsection (d) of Section 304, and a holding company of such single-factor taxpayers (see definition of "financial organization" for rule regarding holding companies of financial organizations). If a unitary business group would, but for the preceding sentence, include members that are ordinarily required to apportion business income under different subsections of Section 304, then for each subsection of Section 304 for which there are two or more members, there shall be a separate unitary business group composed of such members. For purposes of the preceding two sentences, a member is "ordinarily required to apportion business income" under a particular subsection of Section 304 if it would be required to use the apportionment method prescribed by such subsection except for the fact that it derives business income solely from Illinois. As used in this paragraph, the phrase "United States" means only the 50 states and the District of Columbia, but does not include any territory or possession of the United States or any area over which the United States has asserted jurisdiction or claimed exclusive rights with respect to the exploration for or exploitation of natural resources.

If the unitary business group members' accounting periods differ, the common parent's accounting period or, if there is no common parent, the accounting period of the member that is expected to have, on a recurring basis, the greatest Illinois income tax liability must be used to determine whether to use the apportionment method provided in subsection (a) or subsection (h) of Section 304. The prohibition against membership in a unitary business group for taxpayers ordinarily required to apportion income under different subsections of Section 304 does not apply to taxpayers required to apportion income under subsection (a) and subsection (h) of Section 304. The provisions of this amendatory Act of 1998 apply to tax years ending on or after December 31, 1998.

from October 15, 2004 to January 31, 2005 and shall apply to tax liabilities under Section 201 of the Illinois Income Tax Act attributable to the use of tax avoidance transactions for taxable years beginning before January 1, 2004. The Department shall adopt rules, issue forms and instructions, and take such other actions as it deems necessary to implement the provisions of this Law. Any correspondence mailed by the Department to a taxpayer at the taxpayer's last known address outlining the tax shelter voluntary compliance program constitutes a "contact" within the meaning of Sections 1005(b)(6) and 1005(c) of the Illinois Income Tax Act.

(b) Election. An eligible taxpayer that meets the requirements of subsection (c) of this Section with respect to any taxable year to which this Law applies may elect to participate in the tax shelter voluntary compliance program under either method for any particular tax avoidance transaction period. Such election shall be made separately for each taxable year and in the form and manner prescribed by the Department, and once made shall be irrevocable.

(1) Voluntary compliance without appeal. If an eligible taxpayer elects to participate under this paragraph, then: (i) the Department shall abate and not seek to collect any penalty that may be applicable to the underreporting or underpayment of Illinois income tax attributable to the use of tax avoidance transactions for such taxable year, (ii) except as otherwise provided in this Law, the Department shall not seek civil or criminal prosecution against the taxpayer for such taxable year with respect to tax avoidance transactions, and (iii) the taxpayer may not file a claim for credit or refund with respect to the tax avoidance transaction for such taxable year. Nothing in this subsection shall preclude a taxpayer from filing a claim for credit or refund for the same taxable year in which a tax avoidance transaction was reported if such credit or refund is not attributable to the tax avoidance transaction. No penalty may be waived or abated under this Law if the penalty imposed related to an amount of Illinois income tax assessed prior to October 15, 2004.

(2) Voluntary compliance with appeal. If an eligible taxpayer elects to participate under this paragraph, then: (i) the Department shall abate and not seek to collect the penalties imposed under Sections 1005(b) and 1005(c) of the Illinois Income Tax Act with respect to such taxable year, (ii) except as otherwise
provided in this Act, the Department shall not seek civil or criminal prosecution against the taxpayer for such taxable year with respect to tax avoidance transactions, and (iii) the taxpayer may file a claim for credit or refund as provided in the Illinois Income Tax Act with respect to such taxable year. Notwithstanding Section 909(e) of the Illinois Income Tax Act, the taxpayer may not file a written protest until after either of the following: (i) the Department issues a notice of denial, or (ii) the earlier of (1) the date which is 180 days after the date of a final determination by the Internal Revenue Service with respect to the transactions at issue, or (2) the date that is 3 years after the date the claim for refund was filed or one year after full payment of all tax, including penalty and interest. No penalty may be waived or abated under this Act if the penalty imposed relates to an amount of Illinois income tax assessed prior to October 15, 2004.

(c) Eligible taxpayer. The tax shelter voluntary compliance program applies to any taxpayer who, during the period from October 15, 2004 to January 31, 2005, does both of the following:

1. Files an amended return for the taxable year for which the taxpayer used a tax avoidance transaction to under report the taxpayer's Illinois income tax liability, reporting the total Illinois net income and tax for such taxable year computed without regard to any tax avoidance transactions;

2. Makes full payment of the additional Illinois income tax and interest due for such taxable year that is attributable to the use of the tax avoidance transaction (not including a payment made under protest as provided in Section 2a.1 of the State Officers and Employees Money Disposition Act (30 ILCS 230/2a.1));

For purposes of this subsection (c), if the Department subsequently determines that the correct amount of Illinois income tax was not paid for the taxable year, then the penalty relief under this Section shall not apply to any portion of the underpayment attributable to a tax avoidance transaction not paid to the State.

Section 35-10. "Tax avoidance transaction" defined. For purposes of this Law, the term "tax avoidance transaction" means a plan or arrangement devised for the principal purpose of avoiding federal income tax. Tax avoidance transactions include, but are not limited to, "listed transactions" as defined in Treasury Regulations Section 1.6011-4(b)(2).

Section 35-15. Use of evidence of participation in the program. The fact of a taxpayer's participation in the tax shelter voluntary compliance program shall not be considered evidence that the taxpayer in fact engaged in a tax avoidance transaction.

Section 35-90. The Illinois Income Tax Act is amended by changing Sections 501, 905, 1001, 1002, and 1005 and by adding Sections 1007, 1008, 1405.5, and 1405.6 as follows:

(35 ILCS 5/501)(from Ch. 120, par. 5-501)

Sec. 501. Notice or Regulations Requiring Records, Statements and Special Returns.

(a) In general. Every person liable for any tax imposed by this Act shall keep such records, render such statements, make such returns and notices, and comply with such rules and regulations as the Department may from time to time prescribe. Whenever in the judgment of the Director it is necessary, he may require any person, by notice served upon such person or by regulations, to make such returns and notices, render such statements, or keep such records, as the Director deems sufficient to show whether or not such person is liable for tax under this Act.

(b) Reportable transactions. For each taxable year in which a taxpayer is required to make a disclosure statement under Treasury Regulations Section 1.6011-4 (26 CFR 1.6011-4) (including any taxpayer that is a member of a consolidated group required to make such disclosure) with respect to a reportable transaction (including a listed transaction) in which the taxpayer participated in a taxable year for which a return is required under Section 502 of this Act, such taxpayer shall file a copy of such disclosure with the Department. Disclosure under this subsection is required to be made by any taxpayer that is a member of a unitary business group that includes any person required to make a disclosure statement under Treasury Regulations Section 1.6011-4. Disclosure under this subsection is required with respect to any transaction entered into after February 28, 2000 that becomes a listed transaction at any time, and shall be made in the manner prescribed by the Department. With respect to transactions in which the taxpayer participated for taxable years ending before December 31, 2004, disclosure shall be made by the due date (including extensions) of the first return required under Section 502 of this Act due after the effective date of this amendatory Act of the 93rd General Assembly. With respect to transactions in which the taxpayer participated for taxable years ending on and after December 31, 2004, disclosure shall be made in the time and

manner prescribed in Treasury Regulations Section 1.6011-4(e). Notwithstanding the above, no disclosure is required for transactions entered into after February 28, 2000 and before January 1, 2005 (i) if the taxpayer has filed an amended Illinois income tax return which reverses the tax benefits of the potential tax avoidance transaction, or (ii) as a result of a federal audit the Internal Revenue Service has determined the tax treatment of the transaction and an Illinois amended return has been filed to reflect the federal treatment.

(35 ILCS 5/905)(from Ch. 120, par. 9-905)
Sec. 905. Limitations on Notices of Deficiency.

(a) In general. Except as otherwise provided in this Act:

(1) A notice of deficiency shall be issued not later than 3 years after the date the return was filed, and

(2) No deficiency shall be assessed or collected with respect to the year for which the return was filed unless such notice is issued within such period.

(b) Substantial omission of items.

(1) Omission of more than 25% of income. If the taxpayer omits from base income an amount properly includible therein which is in excess of 25% of the amount of base income stated in the return, a notice of deficiency may be issued not later than 6 years after the return was filed. For purposes of this paragraph, there shall not be taken into account any amount which is omitted in the return if such amount is disclosed in the return, or in a statement attached to the return, in a manner adequate to apprise the Department of the nature and the amount of such item.

(2) Reportable transactions. If a taxpayer fails to include on any return or statement for any taxable year any information with respect to a reportable transaction, as required under Section 501(b) of this Act, a notice of deficiency may be issued not later than 6 years after the return is filed with respect to the taxable year in which the taxpayer participated in the reportable transaction and said deficiency is limited to the non-disclosed item.

(c) No return or fraudulent return. If no return is filed or a false and fraudulent return is filed with intent to evade the tax imposed by this Act, a notice of deficiency may be issued at any time.

New matter indicated by italics - deletions by strikeout.
(d) Failure to report federal change. If a taxpayer fails to notify the Department in any case where notification is required by Section 304(c) or 506(b), or fails to report a change or correction which is treated in the same manner as if it were a deficiency for federal income tax purposes, a notice of deficiency may be issued (i) at any time or (ii) on or after August 13, 1999, at any time for the taxable year for which the notification is required or for any taxable year to which the taxpayer may carry an Article 2 credit, or a Section 207 loss, earned, incurred, or used in the year for which the notification is required; provided, however, that the amount of any proposed assessment set forth in the notice shall be limited to the amount of any deficiency resulting under this Act from the recomputation of the taxpayer's net income, Article 2 credits, or Section 207 loss earned, incurred, or used in the taxable year for which the notification is required after giving effect to the item or items required to be reported.

(e) Report of federal change.

(1) Before August 13, 1999, in any case where notification of an alteration is given as required by Section 506(b), a notice of deficiency may be issued at any time within 2 years after the date such notification is given, provided, however, that the amount of any proposed assessment set forth in such notice shall be limited to the amount of any deficiency resulting under this Act from recomputation of the taxpayer's net income, net loss, or Article 2 credits for the taxable year after giving effect to the item or items reflected in the reported alteration.

(2) On and after August 13, 1999, in any case where notification of an alteration is given as required by Section 506(b), a notice of deficiency may be issued at any time within 2 years after the date such notification is given for the taxable year for which the notification is given or for any taxable year to which the taxpayer may carry an Article 2 credit, or a Section 207 loss, earned, incurred, or used in the year for which the notification is given, provided, however, that the amount of any proposed assessment set forth in such notice shall be limited to the amount of any deficiency resulting under this Act from recomputation of the taxpayer's net income, Article 2 credits, or Section 207 loss earned, incurred, or used in the taxable year for which the notification is given after giving effect to the item or items reflected in the reported alteration.

New matter indicated by italics - deletions by strikeout.
(f) Extension by agreement. Where, before the expiration of the time prescribed in this Section for the issuance of a notice of deficiency, both the Department and the taxpayer shall have consented in writing to its issuance after such time, such notice may be issued at any time prior to the expiration of the period agreed upon. In the case of a taxpayer who is a partnership, Subchapter S corporation, or trust and who enters into an agreement with the Department pursuant to this subsection on or after January 1, 2003, a notice of deficiency may be issued to the partners, shareholders, or beneficiaries of the taxpayer at any time prior to the expiration of the period agreed upon. Any proposed assessment set forth in the notice, however, shall be limited to the amount of any deficiency resulting under this Act from recomputation of items of income, deduction, credits, or other amounts of the taxpayer that are taken into account by the partner, shareholder, or beneficiary in computing its liability under this Act. The period so agreed upon may be extended by subsequent agreements in writing made before the expiration of the period previously agreed upon.

(g) Erroneous refunds. In any case in which there has been an erroneous refund of tax payable under this Act, a notice of deficiency may be issued at any time within 2 years from the making of such refund, or within 5 years from the making of such refund if it appears that any part of the refund was induced by fraud or the misrepresentation of a material fact, provided, however, that the amount of any proposed assessment set forth in such notice shall be limited to the amount of such erroneous refund.

Beginning July 1, 1993, in any case in which there has been a refund of tax payable under this Act attributable to a net loss carryback as provided for in Section 207, and that refund is subsequently determined to be an erroneous refund due to a reduction in the amount of the net loss which was originally carried back, a notice of deficiency for the erroneous refund amount may be issued at any time during the same time period in which a notice of deficiency can be issued on the loss year creating the carryback amount and subsequent erroneous refund. The amount of any proposed assessment set forth in the notice shall be limited to the amount of such erroneous refund.

(h) Time return deemed filed. For purposes of this Section a tax return filed before the last day prescribed by law (including any extension thereof) shall be deemed to have been filed on such last day.
(i) Request for prompt determination of liability. For purposes of subsection (a)(1), in the case of a tax return required under this Act in respect of a decedent, or by his estate during the period of administration, or by a corporation, the period referred to in such Subsection shall be 18 months after a written request for prompt determination of liability is filed with the Department (at such time and in such form and manner as the Department shall by regulations prescribe) by the executor, administrator, or other fiduciary representing the estate of such decedent, or by such corporation, but not more than 3 years after the date the return was filed. This subsection shall not apply in the case of a corporation unless:

(1) (A) such written request notifies the Department that the corporation contemplates dissolution at or before the expiration of such 18-month period, (B) the dissolution is begun in good faith before the expiration of such 18-month period, and (C) the dissolution is completed;

(2) (A) such written request notifies the Department that a dissolution has in good faith been begun, and (B) the dissolution is completed; or

(3) a dissolution has been completed at the time such written request is made.

(j) Withholding tax. In the case of returns required under Article 7 of this Act (with respect to any amounts withheld as tax or any amounts required to have been withheld as tax) a notice of deficiency shall be issued not later than 3 years after the 15th day of the 4th month following the close of the calendar year in which such withholding was required.

(k) Penalties for failure to make information reports. A notice of deficiency for the penalties provided by Subsection 1405.1(c) of this Act may not be issued more than 3 years after the due date of the reports with respect to which the penalties are asserted.

(l) Penalty for failure to file withholding returns. A notice of deficiency for penalties provided by Section 1004 of this Act for taxpayer's failure to file withholding returns may not be issued more than three years after the 15th day of the 4th month following the close of the calendar year in which the withholding giving rise to taxpayer's obligation to file those returns occurred.

(m) Transferee liability. A notice of deficiency may be issued to a transferee relative to a liability asserted under Section 1405 during time periods defined as follows:

New matter indicated by italics - deletions by strikeout.
1) Initial Transferee. In the case of the liability of an initial transferee, up to 2 years after the expiration of the period of limitation for assessment against the transferor, except that if a court proceeding for review of the assessment against the transferor has begun, then up to 2 years after the return of the certified copy of the judgment in the court proceeding.

2) Transferee of Transferee. In the case of the liability of a transferee, up to 2 years after the expiration of the period of limitation for assessment against the preceding transferee, but not more than 3 years after the expiration of the period of limitation for assessment against the initial transferor; except that if, before the expiration of the period of limitation for the assessment of the liability of the transferee, a court proceeding for the collection of the tax or liability in respect thereof has been begun against the initial transferor or the last preceding transferee, as the case may be, then the period of limitation for assessment of the liability of the transferee shall expire 2 years after the return of the certified copy of the judgment in the court proceeding.

(n) Notice of decrease in net loss. On and after the effective date of this amendatory Act of the 92nd General Assembly, no notice of deficiency shall be issued as the result of a decrease determined by the Department in the net loss incurred by a taxpayer under Section 207 of this Act unless the Department has notified the taxpayer of the proposed decrease within 3 years after the return reporting the loss was filed or within one year after an amended return reporting an increase in the loss was filed, provided that in the case of an amended return, a decrease proposed by the Department more than 3 years after the original return was filed may not exceed the increase claimed by the taxpayer on the original return.

Sec. 1001. Failure to File Tax Returns.

(a) Failure to file tax return. In case of failure to file any tax return required under this Act on the date prescribed therefor, (determined with regard to any extensions of time for filing) there shall be added as a penalty the amount prescribed by Section 3-3 of the Uniform Penalty and Interest Act.

(b) Failure to disclose reportable transaction. Any taxpayer who fails to comply with the requirements of Section 501(b) of this Act shall

pay a penalty in the amount determined under this subsection. Such
penalty shall be deemed assessed upon the date of filing of the return for
the taxable year in which the taxpayer participates in the reportable
transaction. A taxpayer shall not be considered to have complied with the
requirements of Section 501(b) of this Act unless the disclosure statement
filed with the Department includes all of the information required to be
disclosed with respect to a reportable transaction pursuant to Treasury
Regulations Section 1.6011-4 (26 CFR 1.6011-4) and regulations
promulgated by the Department under Section 501(b) of this Act.

(1) Amount of penalty. Except as provided in paragraph (2), the
amount of the penalty under this subsection shall be $15,000 for each
failure to comply with the requirements of Section 501(b).

(2) Increase in penalty for listed transactions. In the case of a
failure to comply with the requirements of Section 501(b) with respect to a
"listed transaction", the penalty under this subsection shall be $30,000 for
each failure.

(3) Authority to rescind penalty. The Department may rescind all
or any portion of any penalty imposed by this subsection with respect to
any violation, if any of the following apply:

(A) It is determined that failure to comply did not
jeopardize the best interests of the State and is not due to any
willful neglect or any intent not to comply;

(B) The person on whom the penalty is imposed has a
history of complying with the requirements of this Act;

(C) It is shown that the violation is due to an unintentional
mistake of fact;

(D) Imposing the penalty would be against equity and good
conscience;

(E) Rescinding the penalty would promote compliance with
the requirements of this Act and effective tax administration; or

(F) The taxpayer can show that there was a reasonable
cause for the failure to disclose and that the taxpayer acted
in good faith.

A determination made under this subparagraph (3) may be
reviewed in any administrative or judicial proceeding.

(4) Coordination with other penalties. The penalty imposed by this
subsection is in addition to any penalty imposed by this Act or the Uniform
Penalty and Interest Act. The doubling of penalties and interest authorized

by the Illinois Tax Delinquency Amnesty Act (P.A. 93-26) are not applicable to the reportable penalties under subsection (b).

(c) The total penalty imposed under subsection (b) of this Section with respect to any taxable year shall not exceed 10% of the increase in net income (or reduction in Illinois net loss under Section 207 of this Act) that would result had the taxpayer not participated in any reportable transaction affecting its net income for such taxable year.

(35 ILCS 5/1002)(from Ch. 120, par. 10-1002)

Sec. 1002. Failure to Pay Tax.

(a) Negligence. If any part of a deficiency is due to negligence or intentional disregard of rules and regulations (but without intent to defraud) there shall be added to the tax as a penalty the amount prescribed by Section 3-5 of the Uniform Penalty and Interest Act.

(b) Fraud. If any part of a deficiency is due to fraud, there shall be added to the tax as a penalty the amount prescribed by Section 3-6 of the Uniform Penalty and Interest Act.

(c) Nonwillful failure to pay withholding tax. If any employer, without intent to evade or defeat any tax imposed by this Act or the payment thereof, shall fail to make a return and pay a tax withheld by him at the time required by or under the provisions of this Act, such employer shall be liable for such taxes and shall pay the same together with the interest and the penalty provided by Sections 3-2 and 3-3, respectively, of the Uniform Penalty and Interest Act and such interest and penalty shall not be charged to or collected from the employee by the employer.

(d) Willful failure to collect and pay over tax. Any person required to collect, truthfully account for, and pay over the tax imposed by this Act who willfully fails to collect such tax or truthfully account for and pay over such tax or willfully attempts in any manner to evade or defeat the tax or the payment thereof, shall, in addition to other penalties provided by law, be liable for the penalty imposed by Section 3-7 of the Uniform Penalty and Interest Act.

(e) Penalties assessable.

(1) In general. Except as otherwise provided in this Act provided in paragraphs (2), (3) and (4), the penalties provided by this Act shall be paid upon notice and demand and shall be assessed, collected, and paid in the same manner as taxes and any reference in this Act to the tax imposed by this Act shall be deemed also to refer to penalties provided by this Act.

New matter indicated by italics - deletions by strikeout.
(2) Procedure for assessing certain penalties. For the purposes of Article 9 any penalty under Section 804(a) or Section 1001 shall be deemed assessed upon the filing of the return for the taxable year.

(3) Procedure for assessing the penalty for failure to file withholding returns or annual transmittal forms for wage and tax statements. The penalty imposed by Section 1004 will be asserted by the Department's issuance of a notice of deficiency. If taxpayer files a timely protest, the procedures of Section 908 will be followed. If taxpayer does not file a timely protest, the notice of deficiency will constitute an assessment pursuant to subsection (c) of Section 904.

(4) Assessment of penalty under Section 1005(b). The penalty imposed under Section 1005(b) shall be deemed assessed upon the assessment of the tax to which such penalty relates and shall be collected and paid on notice and demand in the same manner as the tax.

(f) Determination of deficiency. For purposes of subsections (a) and (b), the amount shown as the tax by the taxpayer upon his return shall be taken into account in determining the amount of the deficiency only if such return was filed on or before the last day prescribed by law for the filing of such return, including any extensions of the time for such filing.

(35 ILCS 5/1005)(from Ch. 120, par. 10-1005)

Sec. 1005. Penalty for Underpayment of Tax.

(a) In general. If any amount of tax required to be shown on a return prescribed by this Act is not paid on or before the date required for filing such return (determined without regard to any extension of time to file), a penalty shall be imposed in the manner and at the rate prescribed by the Uniform Penalty and Interest Act.

(b) Reportable transaction penalty. If a taxpayer has a reportable transaction understatement for any taxable year, there shall be added to the tax an amount equal to 20% of the amount of that understatement. This penalty shall be deemed assessed upon the assessment of the tax to which such penalty relates and shall be collected and paid on notice and demand in the same manner as the tax.

(1) Reportable transaction understatement. For purposes of this Section, the term "reportable transaction understatement" means the sum of subparagraphs (A) and (B):

New matter indicated by italics - deletions by strikeout.
(A) The product of (i) the amount of the increase (if any) in Illinois net income, as determined by reference to the amount of post-apportioned income that results from a difference between the proper tax treatment of an item to which this subsection applies and the taxpayer’s treatment of that item (as shown on the taxpayer’s return of tax), including an amended return filed prior to the date the taxpayer is first contacted by the Department regarding the examination of the return, and (ii) the applicable tax rates under Section 201 of this Act.

(B) Special rules in the case of carrybacks and carryovers. The penalty for an understatement of income attributable to a reportable transaction applies to any portion of an understatement for a year to which a loss, deduction, or credit is carried that is attributable to a reportable transaction for that year in which the carryback or carryover of the loss, deduction, or credit arises (the "loss or credit year").

(2) Items to which subsection applies. This subsection shall apply to any item which is attributable to either of the following: (i) any listed transaction as defined in Treasury Regulations Section 1.6011-4, and (ii) any reportable transaction as defined in Treasury Regulations Section 1.6011-4 (other than a listed transaction) if a significant purpose of the transaction is the avoidance or evasion of federal income tax.

(3) Subsection (b) shall be applied by substituting "30%" for "20%" with respect to the portion of any reportable transaction understatement with respect to which the requirements of (4)(B)(i) of this subsection are not met.

(4) Reasonable cause exception.

(A) In general. No penalty shall be imposed under this subsection with respect to any portion of a reportable transaction understatement if it is shown that there was a reasonable cause for such portion and that the taxpayer acted in good faith with respect to such portion.

(B) Special rules. Subparagraph (A) does not apply to any reportable transaction (including listed transaction) unless all of the following requirements are met:

New matter indicated by italics - deletions by strikeout.
(i) The relevant facts affecting the tax treatment of the item are adequately disclosed in accordance with Section 501(b) of this Act. A taxpayer failing to adequately disclose in accordance with Section 501(b) shall be treated as meeting the requirements of this subparagraph (i) if the penalty for that failure was rescinded under Section 1001(b)(3) of this Act;

(ii) There is or was substantial authority for such treatment; and

(iii) The taxpayer reasonably believed that such treatment was more likely than not the proper treatment.

(C) Rules relating to reasonable belief. For purposes of subparagraph (B), a taxpayer shall be treated as having a reasonable belief with respect to the tax treatment of an item only if such belief meets the requirements of this subparagraph (C):

(i) Such belief must be based on the facts and law that exist at the time the return of tax that includes that tax treatment is filed;

(ii) Such belief must relate solely to the taxpayer's chances of success on the merits of that treatment and does not take into account the possibility that the return will not be audited, that the treatment will not be raised on audit, or that the treatment will be resolved through settlement if it is raised; and

(iii) Such belief is not solely based on the opinion of a disqualified tax advisor or on a disqualified opinion.

(5) Definitions.

(A) Disqualified tax advisor. The term "disqualified tax advisor" is a tax advisor that meets any of the following conditions:

(I) Is a material advisor who participates in the organization, management, promotion, or sale of the transaction or who is related (within the meaning of Sections 267(b) or 707(b)(1) of the
Internal Revenue Code) to any person who so participates;

(II) Is compensated directly or indirectly by a material advisor with respect to the transaction;

(III) Has a fee arrangement with respect to the transaction that is contingent on all or part of the intended tax benefits from the transaction being sustained; or

(IV) As determined under regulations prescribed by either the Secretary of the Treasury for federal income tax purposes or the Department, has a continuing financial interest with respect to the transaction.

(B) Disqualified opinion. The term "disqualified opinion" means an opinion that meets any of the following conditions:

(I) Is based on unreasonable factual or legal assumptions (including assumptions as to future events);

(II) Unreasonably relies on representations, statements, findings, or agreements of the taxpayer or any other person;

(III) Does not identify and consider all relevant facts; or

(IV) Fails to meet any other requirement as either the Secretary of the Treasury for federal income tax purposes or the Department may prescribe.

(C) Material Advisor. The term "material advisor" shall have substantially the same meaning as the same term is defined under Treasury Regulations Section 301.6112-1, (26 CFR 301.6112-1) and shall include any person that is a material advisor for federal income tax purposes under such regulation.

(6) Effective date. This subsection shall apply to taxable years ending on and after December 31, 2004, except that a reportable transaction understatement shall include an understatement (as determined under paragraph (1)) with respect to any taxable year for which the limitations period on assessment

has not expired as of January 1, 2005 that is attributable to a transaction which the taxpayer has entered into after February 28, 2000 and before December 31, 2004 that becomes a listed transaction (as defined in Treasury Regulations Section 1.6011-4(b)(2) at any time.

(c) 100% interest penalty. If a taxpayer has been contacted by the Internal Revenue Service or the Department regarding the use of a potential tax avoidance transaction with respect to a taxable year and has a deficiency with respect to such taxable year or years, there shall be added to the tax attributable to the potential tax avoidance transaction (determined as described in subsection (b)(1) of Section 1005) an amount equal to 100% of the interest assessed under the Uniform Penalty and Interest Act (determined without regard to subsection (f) of Section 3-2 of such Act) for the period beginning on the last date prescribed by law for the payment of such tax and ending on the date of the notice of deficiency. Such penalty shall be deemed assessed upon the assessment of the interest to which such penalty relates and shall be collected and paid in the same manner as such interest. The penalty imposed by this subsection is in addition to any penalty imposed by this Act or the Uniform Penalty and Interest Act. For purposes of this subsection and subsection (d) of this Section, the term "potential tax avoidance transaction" means any tax shelter as defined in Section 6111 of the Internal Revenue Code. This subsection shall apply to taxable years ending on and after December 31, 2004, except that the penalty may also be imposed with respect to any taxable year for which the limitations period on assessment has not expired as of January 1, 2005 that is attributable to a transaction in which the taxpayer has entered into after February 28, 2000 and before December 31, 2004, which transaction becomes a listed transaction (as defined in Treasury Regulations Section 1.6011-4(b)(2)) at any time.

(d) 150% interest rate. For taxable years ending on and after July 1, 2002, for any notice of deficiency issued before the taxpayer is contacted by the Internal Revenue Service or the Department regarding a potential tax avoidance transaction, the taxpayer is subject to interest as provided under Section 3-2 of the Uniform Penalty and Interest Act, but with respect to any deficiency attributable to a potential tax avoidance transaction, the taxpayer is subject to interest at a rate of 150% of the otherwise applicable rate.

(e) Coordination with other penalties. Except as provided in regulations, the penalties imposed by this Section are in addition to any

(35 ILCS 5/201)(from Ch. 120, par. 2-201)

Sec. 201. Tax Imposed.

(a) In general. A tax measured by net income is hereby imposed on every individual, corporation, trust and estate for each taxable year ending after July 31, 1969 on the privilege of earning or receiving income in or as a resident of this State. Such tax shall be in addition to all other occupation or privilege taxes imposed by this State or by any municipal corporation or political subdivision thereof.

(b) Rates. The tax imposed by subsection (a) of this Section shall be determined as follows, except as adjusted by subsection (d-1):

(1) In the case of an individual, trust or estate, for taxable years ending prior to July 1, 1989, an amount equal to 2 1/2% of the taxpayer's net income for the taxable year.

(2) In the case of an individual, trust or estate, for taxable years beginning prior to July 1, 1989 and ending after June 30, 1989, an amount equal to the sum of (i) 2 1/2% of the taxpayer's net income for the period prior to July 1, 1989, as calculated under Section 202.3, and (ii) 3% of the taxpayer's net income for the period after June 30, 1989, as calculated under Section 202.3.

(3) In the case of an individual, trust or estate, for taxable years beginning after June 30, 1989, an amount equal to 3% of the taxpayer's net income for the taxable year.

(4) (Blank).

(5) (Blank).

(6) In the case of a corporation, for taxable years ending prior to July 1, 1989, an amount equal to 4% of the taxpayer's net income for the taxable year.

(8) In the case of a corporation, for taxable years beginning after June 30, 1989, an amount equal to 4.8% of the taxpayer's net income for the taxable year.

New matter indicated by italics - deletions by strikeout.
(c) Personal Property Tax Replacement Income Tax. Beginning on July 1, 1979 and thereafter, in addition to such income tax, there is also hereby imposed the Personal Property Tax Replacement Income Tax measured by net income on every corporation (including Subchapter S corporations), partnership and trust, for each taxable year ending after June 30, 1979. Such taxes are imposed on the privilege of earning or receiving income in or as a resident of this State. The Personal Property Tax Replacement Income Tax shall be in addition to the income tax imposed by subsections (a) and (b) of this Section and in addition to all other occupation or privilege taxes imposed by this State or by any municipal corporation or political subdivision thereof.

(d) Additional Personal Property Tax Replacement Income Tax Rates. The personal property tax replacement income tax imposed by this subsection and subsection (c) of this Section in the case of a corporation, other than a Subchapter S corporation and except as adjusted by subsection (d-1), shall be an additional amount equal to 2.85% of such taxpayer's net income for the taxable year, except that beginning on January 1, 1981, and thereafter, the rate of 2.85% specified in this subsection shall be reduced to 2.5%, and in the case of a partnership, trust or a Subchapter S corporation shall be an additional amount equal to 1.5% of such taxpayer's net income for the taxable year.

(d-1) Rate reduction for certain foreign insurers. In the case of a foreign insurer, as defined by Section 35A-5 of the Illinois Insurance Code, whose state or country of domicile imposes on insurers domiciled in Illinois a retaliatory tax (excluding any insurer whose premiums from reinsurance assumed are 50% or more of its total insurance premiums as determined under paragraph (2) of subsection (b) of Section 304, except that for purposes of this determination premiums from reinsurance do not include premiums from inter-affiliate reinsurance arrangements), beginning with taxable years ending on or after December 31, 1999, the sum of the rates of tax imposed by subsections (b) and (d) shall be reduced (but not increased) to the rate at which the total amount of tax imposed under this Act, net of all credits allowed under this Act, shall equal (i) the total amount of tax that would be imposed on the foreign insurer's net income allocable to Illinois for the taxable year by such foreign insurer's state or country of domicile if that net income were subject to all income taxes and taxes measured by net income imposed by such foreign insurer's state or country of domicile, net of all credits allowed or (ii) a rate of zero if no such tax is imposed on such income by the foreign insurer's state of
domicile. For the purposes of this subsection (d-1), an inter-affiliate includes a mutual insurer under common management.

(1) For the purposes of subsection (d-1), in no event shall the sum of the rates of tax imposed by subsections (b) and (d) be reduced below the rate at which the sum of:

(A) the total amount of tax imposed on such foreign insurer under this Act for a taxable year, net of all credits allowed under this Act, plus

(B) the privilege tax imposed by Section 409 of the Illinois Insurance Code, the fire insurance company tax imposed by Section 12 of the Fire Investigation Act, and the fire department taxes imposed under Section 11-10-1 of the Illinois Municipal Code,

equals 1.25% for taxable years ending prior to December 31, 2003, or 1.75% for taxable years ending on or after December 31, 2003, of the net taxable premiums written for the taxable year, as described by subsection (1) of Section 409 of the Illinois Insurance Code. This paragraph will in no event increase the rates imposed under subsections (b) and (d).

(2) Any reduction in the rates of tax imposed by this subsection shall be applied first against the rates imposed by subsection (b) and only after the tax imposed by subsection (a) net of all credits allowed under this Section other than the credit allowed under subsection (i) has been reduced to zero, against the rates imposed by subsection (d).

This subsection (d-1) is exempt from the provisions of Section 250.

(e) Investment credit. A taxpayer shall be allowed a credit against the Personal Property Tax Replacement Income Tax for investment in qualified property.

(1) A taxpayer shall be allowed a credit equal to .5% of the basis of qualified property placed in service during the taxable year, provided such property is placed in service on or after July 1, 1984. There shall be allowed an additional credit equal to .5% of the basis of qualified property placed in service during the taxable year, provided such property is placed in service on or after July 1, 1986, and the taxpayer's base employment within Illinois has increased by 1% or more over the preceding year as determined by the taxpayer's employment records filed with the Illinois

Department of Employment Security. Taxpayers who are new to Illinois shall be deemed to have met the 1% growth in base employment for the first year in which they file employment records with the Illinois Department of Employment Security. The provisions added to this Section by Public Act 85-1200 (and restored by Public Act 87-895) shall be construed as declaratory of existing law and not as a new enactment. If, in any year, the increase in base employment within Illinois over the preceding year is less than 1%, the additional credit shall be limited to that percentage times a fraction, the numerator of which is .5% and the denominator of which is 1%, but shall not exceed .5%. The investment credit shall not be allowed to the extent that it would reduce a taxpayer's liability in any tax year below zero, nor may any credit for qualified property be allowed for any year other than the year in which the property was placed in service in Illinois. For tax years ending on or after December 31, 1987, and on or before December 31, 1988, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit years if the taxpayer (i) makes investments which cause the creation of a minimum of 2,000 full-time equivalent jobs in Illinois, (ii) is located in an enterprise zone established pursuant to the Illinois Enterprise Zone Act and (iii) is certified by the Department of Commerce and Community Affairs (now Department of Commerce and Economic Opportunity) as complying with the requirements specified in clause (i) and (ii) by July 1, 1986. The Department of Commerce and Community Affairs (now Department of Commerce and Economic Opportunity) shall notify the Department of Revenue of all such certifications immediately. For tax years ending after December 31, 1988, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit years. The credit shall be applied to the earliest year for which there is a liability. If there is credit

from more than one tax year that is available to offset a liability, earlier credit shall be applied first.

(2) The term "qualified property" means property which:

(A) is tangible, whether new or used, including buildings and structural components of buildings and signs that are real property, but not including land or improvements to real property that are not a structural component of a building such as landscaping, sewer lines, local access roads, fencing, parking lots, and other appurtenances;

(B) is depreciable pursuant to Section 167 of the Internal Revenue Code, except that "3-year property" as defined in Section 168(c)(2)(A) of that Code is not eligible for the credit provided by this subsection (e);

(C) is acquired by purchase as defined in Section 179(d) of the Internal Revenue Code;

(D) is used in Illinois by a taxpayer who is primarily engaged in manufacturing, or in mining coal or fluorite, or in retailing; and

(E) has not previously been used in Illinois in such a manner and by such a person as would qualify for the credit provided by this subsection (e) or subsection (f).

(3) For purposes of this subsection (e), "manufacturing" means the material staging and production of tangible personal property by procedures commonly regarded as manufacturing, processing, fabrication, or assembling which changes some existing material into new shapes, new qualities, or new combinations. For purposes of this subsection (e) the term "mining" shall have the same meaning as the term "mining" in Section 613(c) of the Internal Revenue Code. For purposes of this subsection (e), the term "retailing" means the sale of tangible personal property or services rendered in conjunction with the sale of tangible consumer goods or commodities.

(4) The basis of qualified property shall be the basis used to compute the depreciation deduction for federal income tax purposes.

(5) If the basis of the property for federal income tax depreciation purposes is increased after it has been placed in service in Illinois by the taxpayer, the amount of such increase

New matter indicated by italics - deletions by strikeout.
shall be deemed property placed in service on the date of such increase in basis.

(6) The term "placed in service" shall have the same meaning as under Section 46 of the Internal Revenue Code.

(7) If during any taxable year, any property ceases to be qualified property in the hands of the taxpayer within 48 months after being placed in service, or the situs of any qualified property is moved outside Illinois within 48 months after being placed in service, the Personal Property Tax Replacement Income Tax for such taxable year shall be increased. Such increase shall be determined by (i) recomputing the investment credit which would have been allowed for the year in which credit for such property was originally allowed by eliminating such property from such computation and, (ii) subtracting such recomputed credit from the amount of credit previously allowed. For the purposes of this paragraph (7), a reduction of the basis of qualified property resulting from a redetermination of the purchase price shall be deemed a disposition of qualified property to the extent of such reduction.

(8) Unless the investment credit is extended by law, the basis of qualified property shall not include costs incurred after December 31, 2003, except for costs incurred pursuant to a binding contract entered into on or before December 31, 2003.

(9) Each taxable year ending before December 31, 2000, a partnership may elect to pass through to its partners the credits to which the partnership is entitled under this subsection (e) for the taxable year. A partner may use the credit allocated to him or her under this paragraph only against the tax imposed in subsections (c) and (d) of this Section. If the partnership makes that election, those credits shall be allocated among the partners in the partnership in accordance with the rules set forth in Section 704(b) of the Internal Revenue Code, and the rules promulgated under that Section, and the allocated amount of the credits shall be allowed to the partners for that taxable year. The partnership shall make this election on its Personal Property Tax Replacement Income Tax return for that taxable year. The election to pass through the credits shall be irrevocable.

For taxable years ending on or after December 31, 2000, a partner that qualifies its partnership for a subtraction under

subsection (I) of paragraph (2) of subsection (d) of Section 203 or a shareholder that qualifies a Subchapter S corporation for a subtraction under subparagraph (S) of paragraph (2) of subsection (b) of Section 203 shall be allowed a credit under this subsection (e) equal to its share of the credit earned under this subsection (e) during the taxable year by the partnership or Subchapter S corporation, determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and Subchapter S of the Internal Revenue Code. This paragraph is exempt from the provisions of Section 250.

(f) Investment credit; Enterprise Zone.

(1) A taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for investment in qualified property which is placed in service in an Enterprise Zone created pursuant to the Illinois Enterprise Zone Act. For partners, shareholders of Subchapter S corporations, and owners of limited liability companies, if the liability company is treated as a partnership for purposes of federal and State income taxation, there shall be allowed a credit under this subsection (f) to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and Subchapter S of the Internal Revenue Code. The credit shall be .5% of the basis for such property. The credit shall be available only in the taxable year in which the property is placed in service in the Enterprise Zone and shall not be allowed to the extent that it would reduce a taxpayer's liability for the tax imposed by subsections (a) and (b) of this Section to below zero. For tax years ending on or after December 31, 1985, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, the credit accruing first in time shall be applied first.

(D) is used in the Enterprise Zone by the taxpayer; and

(E) has not been previously used in Illinois in such a manner and by such a person as would qualify for the credit provided by this subsection (f) or subsection (e).

(3) The basis of qualified property shall be the basis used to compute the depreciation deduction for federal income tax purposes.

(4) If the basis of the property for federal income tax depreciation purposes is increased after it has been placed in service in the Enterprise Zone by the taxpayer, the amount of such increase shall be deemed property placed in service on the date of such increase in basis.

(6) If during any taxable year, any property ceases to be qualified property in the hands of the taxpayer within 48 months after being placed in service, or the situs of any qualified property is moved outside the Enterprise Zone within 48 months after being placed in service, the tax imposed under subsections (a) and (b) of this Section for such taxable year shall be increased. Such increase shall be determined by (i) recomputing the investment credit which would have been allowed for the year in which credit for such property was originally allowed by eliminating such property from such computation, and (ii) subtracting such recomputed credit from the amount of credit previously allowed. For tax years ending on or after December 31, 1988, the credit shall be allowed for the tax year immediately following the tax year in which the eligible employees are hired. If the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, earlier credit shall be applied first.

The credit for additional investments beyond the minimum investment by a designated high impact business authorized under subdivision (a)(3)(A) of Section 5.5 of the Illinois Enterprise Zone Act shall be available only in the taxable year in which the property is placed in service and shall not be allowed to the extent that it would reduce a taxpayer's liability for the tax imposed by subsections (a) and (b) of this Section to below zero. For tax years ending on or after December 31, 1987, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, the credit accruing first in time shall be applied first.

Changes made in this subdivision (h)(1) by Public Act 88-670 restore changes made by Public Act 85-1182 and reflect existing law.

(2) The term qualified property means property which:

(5) The term "placed in service" shall have the same meaning as under Section 46 of the Internal Revenue Code.

(6) If during any taxable year ending on or before December 31, 1996, any property ceases to be qualified property in the hands of the taxpayer within 48 months after being placed in service, or the situs of any qualified property is moved outside Illinois within 48 months after being placed in service, the tax imposed under subsections (a) and (b) of this Section for such taxable year shall be increased. Such increase shall be determined by (i) recomputing the investment credit which would have been allowed for the year in which credit for such property was originally allowed by eliminating such property from such computation, and (ii) subtracting such recomputed credit from the amount of credit previously allowed. For the purposes of this paragraph (6), a reduction of the basis of qualified property resulting from a redetermination of the purchase price shall be deemed a disposition of qualified property to the extent of such reduction.

(7) Beginning with tax years ending after December 31, 1996, if a taxpayer qualifies for the credit under this subsection (h) and thereby is granted a tax abatement and the taxpayer relocates its entire facility in violation of the explicit terms and length of the contract under Section 18-183 of the Property Tax Code, the tax imposed under subsections (a) and (b) of this Section shall be increased for the taxable year in which the taxpayer relocated its facility by an amount equal to the amount of credit received by the taxpayer under this subsection (h).

(i) Credit for Personal Property Tax Replacement Income Tax. For tax years ending prior to December 31, 2003, a credit shall be allowed against the tax imposed by subsections (a) and (b) of this Section for the tax imposed by subsections (c) and (d) of this Section. This credit shall be computed by multiplying the tax imposed by subsections (c) and (d) of this Section by a fraction, the numerator of which is base income allocable to Illinois and the denominator of which is Illinois base income, and further multiplying the product by the tax rate imposed by subsections (a) and (b) of this Section.

New matter indicated by italics - deletions by strikeout.
Any credit earned on or after December 31, 1986 under this subsection which is unused in the year the credit is computed because it exceeds the tax liability imposed by subsections (a) and (b) for that year (whether it exceeds the original liability or the liability as later amended) may be carried forward and applied to the tax liability imposed by subsections (a) and (b) of the 5 taxable years following the excess credit year, provided that no credit may be carried forward to any year ending on or after December 31, 2003. This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability the earliest credit arising under this subsection shall be applied first.

If, during any taxable year ending on or after December 31, 1986, the tax imposed by subsections (c) and (d) of this Section for which a taxpayer has claimed a credit under this subsection (i) is reduced, the amount of credit for such tax shall also be reduced. Such reduction shall be determined by recomputing the credit to take into account the reduced tax imposed by subsections (c) and (d). If any portion of the reduced amount of credit has been carried to a different taxable year, an amended return shall be filed for such taxable year to reduce the amount of credit claimed.

(j) Training expense credit. Beginning with tax years ending on or after December 31, 1986 and prior to December 31, 2003, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) under this Section for all amounts paid or accrued, on behalf of all persons employed by the taxpayer in Illinois or Illinois residents employed outside of Illinois by a taxpayer, for educational or vocational training in semi-technical or technical fields or semi-skilled or skilled fields, which were deducted from gross income in the computation of taxable income. The credit against the tax imposed by subsections (a) and (b) shall be 1.6% of such training expenses. For partners, shareholders of subchapter S corporations, and owners of limited liability companies, if the liability company is treated as a partnership for purposes of federal and State income taxation, there shall be allowed a credit under this subsection (j) to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and subchapter S of the Internal Revenue Code.

Any credit allowed under this subsection which is unused in the year the credit is earned may be carried forward to each of the 5 taxable years following the year for which the credit is first computed until it is used. This credit shall be applied first to the earliest year for which there is

a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability the earliest credit arising under this subsection shall be applied first. No carryforward credit may be claimed in any tax year ending on or after December 31, 2003.

(k) Research and development credit.

For tax years ending after July 1, 1990 and prior to December 31, 2003, and beginning again for tax years ending on or after December 31, 2004, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for increasing research activities in this State. The credit allowed against the tax imposed by subsections (a) and (b) shall be equal to 6 1/2% of the qualifying expenditures for increasing research activities in this State. For partners, shareholders of subchapter S corporations, and owners of limited liability companies, if the liability company is treated as a partnership for purposes of federal and State income taxation, there shall be allowed a credit under this subsection to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and subchapter S of the Internal Revenue Code.

For purposes of this subsection, "qualifying expenditures" means the qualifying expenditures as defined for the federal credit for increasing research activities which would be allowable under Section 41 of the Internal Revenue Code and which are conducted in this State, "qualifying expenditures for increasing research activities in this State" means the excess of qualifying expenditures for the taxable year in which incurred over qualifying expenditures for the base period, "qualifying expenditures for the base period" means the average of the qualifying expenditures for each year in the base period, and "base period" means the 3 taxable years immediately preceding the taxable year for which the determination is being made.

Any credit in excess of the tax liability for the taxable year may be carried forward. A taxpayer may elect to have the unused credit shown on its final completed return carried over as a credit against the tax liability for the following 5 taxable years or until it has been fully used, whichever occurs first; provided that no credit earned in a tax year ending prior to December 31, 2003 may be carried forward to any year ending on or after December 31, 2003.

If an unused credit is carried forward to a given year from 2 or more earlier years, that credit arising in the earliest year will be applied.
first against the tax liability for the given year. If a tax liability for the given year still remains, the credit from the next earliest year will then be applied, and so on, until all credits have been used or no tax liability for the given year remains. Any remaining unused credit or credits then will be carried forward to the next following year in which a tax liability is incurred, except that no credit can be carried forward to a year which is more than 5 years after the year in which the expense for which the credit is given was incurred.

No inference shall be drawn from this amendatory Act of the 91st General Assembly in construing this Section for taxable years beginning before January 1, 1999.

(l) Environmental Remediation Tax Credit.

   (i) For tax years ending after December 31, 1997 and on or before December 31, 2001, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for certain amounts paid for unreimbursed eligible remediation costs, as specified in this subsection. For purposes of this Section, "unreimbursed eligible remediation costs" means costs approved by the Illinois Environmental Protection Agency ("Agency") under Section 58.14 of the Environmental Protection Act that were paid in performing environmental remediation at a site for which a No Further Remediation Letter was issued by the Agency and recorded under Section 58.10 of the Environmental Protection Act. The credit must be claimed for the taxable year in which Agency approval of the eligible remediation costs is granted. The credit is not available to any taxpayer if the taxpayer or any related party caused or contributed to, in any material respect, a release of regulated substances on, in, or under the site that was identified and addressed by the remedial action pursuant to the Site Remediation Program of the Environmental Protection Act. After the Pollution Control Board rules are adopted pursuant to the Illinois Administrative Procedure Act for the administration and enforcement of Section 58.9 of the Environmental Protection Act, determinations as to credit availability for purposes of this Section shall be made consistent with those rules. For purposes of this Section, "taxpayer" includes a person whose tax attributes the taxpayer has succeeded to under Section 381 of the Internal Revenue Code and "related party" includes the persons disallowed a deduction for losses by paragraphs (b), (c), and (f)(1) of Section

267 of the Internal Revenue Code by virtue of being a related
taxpayer, as well as any of its partners. The credit allowed against
the tax imposed by subsections (a) and (b) shall be equal to 25% of
the unreimbursed eligible remediation costs in excess of $100,000
per site, except that the $100,000 threshold shall not apply to any
site contained in an enterprise zone as determined by the
Department of Commerce and Community Affairs (now
Department of Commerce and Economic Opportunity). The total
credit allowed shall not exceed $40,000 per year with a maximum
total of $150,000 per site. For partners and shareholders of
subchapter S corporations, there shall be allowed a credit under
this subsection to be determined in accordance with the
determination of income and distributive share of income under
Sections 702 and 704 and subchapter S of the Internal Revenue
Code.

(ii) A credit allowed under this subsection that is unused in
the year the credit is earned may be carried forward to each of the 5
taxable years following the year for which the credit is first earned
until it is used. The term "unused credit" does not include any
amounts of unreimbursed eligible remediation costs in excess of
the maximum credit per site authorized under paragraph (i). This
credit shall be applied first to the earliest year for which there is a
liability. If there is a credit under this subsection from more than
one tax year that is available to offset a liability, the earliest credit
arising under this subsection shall be applied first. A credit allowed
under this subsection may be sold to a buyer as part of a sale of all
or part of the remediation site for which the credit was granted. The
purchaser of a remediation site and the tax credit shall succeed to
the unused credit and remaining carry-forward period of the seller.
To perfect the transfer, the assignor shall record the transfer in the
chain of title for the site and provide written notice to the Director
of the Illinois Department of Revenue of the assignor's intent to
sell the remediation site and the amount of the tax credit to be
transferred as a portion of the sale. In no event may a credit be
transferred to any taxpayer if the taxpayer or a related party would
not be eligible under the provisions of subsection (i).

(iii) For purposes of this Section, the term "site" shall have
the same meaning as under Section 58.2 of the Environmental
Protection Act.

(m) Education expense credit. Beginning with tax years ending after December 31, 1999, a taxpayer who is the custodian of one or more qualifying pupils shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for qualified education expenses incurred on behalf of the qualifying pupils. The credit shall be equal to 25% of qualified education expenses, but in no event may the total credit under this subsection claimed by a family that is the custodian of qualifying pupils exceed $500. In no event shall a credit under this subsection reduce the taxpayer's liability under this Act to less than zero. This subsection is exempt from the provisions of Section 250 of this Act.

For purposes of this subsection:

"Qualifying pupils" means individuals who (i) are residents of the State of Illinois, (ii) are under the age of 21 at the close of the school year for which a credit is sought, and (iii) during the school year for which a credit is sought were full-time pupils enrolled in a kindergarten through twelfth grade education program at any school, as defined in this subsection.

"Qualified education expense" means the amount incurred on behalf of a qualifying pupil in excess of $250 for tuition, book fees, and lab fees at the school in which the pupil is enrolled during the regular school year.

"School" means any public or nonpublic elementary or secondary school in Illinois that is in compliance with Title VI of the Civil Rights Act of 1964 and attendance at which satisfies the requirements of Section 26-1 of the School Code, except that nothing shall be construed to require a child to attend any particular public or nonpublic school to qualify for the credit under this Section.

"Custodian" means, with respect to qualifying pupils, an Illinois resident who is a parent, the parents, a legal guardian, or the legal guardians of the qualifying pupils.

Section 45-5. The Environmental Protection Act is amended by changing Sections 12.5 as follows:

(415 ILCS 5/12.5)

Sec. 12.5. NPDES discharge fees; sludge permit fees.

(a) Beginning July 1, 2003, the Agency shall assess and collect annual fees (i) in the amounts set forth in subsection (e) for all discharges

that require an NPDES permit under subsection (f) of Section 12, from each person holding an NPDES permit authorizing those discharges (including a person who continues to discharge under an expired permit pending renewal), and (ii) in the amounts set forth in subsection (f) of this Section for all activities that require a permit under subsection (b) of Section 12, from each person holding a domestic sewage sludge generator or user permit.

Each person subject to this Section must remit the applicable annual fee to the Agency in accordance with the requirements set forth in this Section and any rules adopted pursuant to this Section.

(b) Within 30 days after the effective date of this Section, and by May 31 of each year thereafter, the Agency shall send a fee notice by mail to each existing permittee subject to a fee under this Section at his or her address of record. The notice shall state the amount of the applicable annual fee and the date by which payment is required.

Except as provided in subsection (c) with respect to initial fees under new permits and certain modifications of existing permits, fees payable under this Section for the 12 months beginning July 1, 2003 are due by the date specified in the fee notice, which shall be no less than 30 days after the date the fee notice is mailed by the Agency, and fees payable under this Section for subsequent years shall be due on July 1 or as otherwise required in any rules that may be adopted pursuant to this Section.

(c) The initial annual fee for discharges under a new individual NPDES permit or for activity under a new individual sludge generator or sludge user permit must be remitted to the Agency prior to the issuance of the permit. The Agency shall provide notice of the amount of the fee to the applicant during its review of the application. In the case of a new individual NPDES or sludge permit issued during the months of January through June, the Agency may prorate the initial annual fee payable under this Section.

The initial annual fee for discharges or other activity under a general NPDES permit must be remitted to the Agency as part of the application for coverage under that general permit.

If a requested modification to an existing NPDES permit causes a change in the applicable fee categories under subsection (e) that results in an increase in the required fee, the permittee must pay to the Agency the amount of the increase, prorated for the number of months remaining before the next July 1, before the modification is granted.

New matter indicated by italics - deletions by strikeout.
(d) Failure to submit the fee required under this Section by the due date constitutes a violation of this Section. Late payments shall incur an interest penalty, calculated at the rate in effect from time to time for tax delinquencies under subsection (a) of Section 1003 of the Illinois Income Tax Act, from the date the fee is due until the date the fee payment is received by the Agency.

(e) The annual fees applicable to discharges under NPDES permits are as follows:

(1) For NPDES permits for publicly owned treatment works, other facilities for which the wastewater being treated and discharged is primarily domestic sewage, and wastewater discharges from the operation of public water supply treatment facilities, the fee is:

   (i) $1,500 for the 12 months beginning July 1, 2003 and $500 for each subsequent year, for facilities with a Design Average Flow rate of less than 100,000 gallons per day;
   (ii) $5,000 for the 12 months beginning July 1, 2003 and $2,500 for each subsequent year, for facilities with a Design Average Flow rate of at least 100,000 gallons per day but less than 500,000 gallons per day;

   (vi) $50,000 for facilities with a Design Average Flow rate of 10,000,000 gallons per day or more.

(2) For NPDES permits for treatment works or sewer collection systems that include combined sewer overflow outfalls, the fee is:

   (i) $1,000 for systems serving a tributary population of 10,000 or less;

New matter indicated by italics - deletions by strikeout.
(ii) $5,000 for systems serving a tributary population that is greater than 10,000 but not more than 25,000; and
(iii) $20,000 for systems serving a tributary population that is greater than 25,000.

The fee amounts in this subdivision (e)(2) are in addition to the fees stated in subdivision (e)(1) when the combined sewer overflow outfall is contained within a permit subject to subsection (e)(1) fees.

(3) For NPDES permits for mines producing coal, the fee is $5,000.

(4) For NPDES permits for mines other than mines producing coal, the fee is $5,000.

(5) For NPDES permits for industrial activity where toxic substances are not regulated, other than permits covered under subdivision (e)(3) or (e)(4), the fee is:

(i) $1,000 for a facility with a Design Average Flow rate that is not more than 10,000 gallons per day;
(ii) $2,500 for a facility with a Design Average Flow rate that is more than 10,000 gallons per day but not more than 100,000 gallons per day; and
(iii) $10,000 for a facility with a Design Average Flow rate that is more than 100,000 gallons per day.

(6) For NPDES permits for industrial activity where toxic substances are regulated, other than permits covered under subdivision (e)(3) or (e)(4), the fee is:

(i) $15,000 for a facility with a Design Average Flow rate that is not more than 250,000 gallons per day; and
(ii) $20,000 for a facility with a Design Average Flow rate that is more than 250,000 gallons per day.

(7) For NPDES permits for industrial activity classified by USEPA as a major discharge, other than permits covered under subdivision (e)(3) or (e)(4), the fee is:

(i) $30,000 for a facility where toxic substances are not regulated; and

(8) For NPDES permits for municipal separate storm sewer systems, the fee is $1,000.

(9) For NPDES permits for construction site or industrial storm water, the fee is $500.

(f) The annual fee for activities under a permit that authorizes applying sludge on land is $2,500 for a sludge generator permit and $5,000 for a sludge user permit.

(g) More than one of the annual fees specified in subsections (e) and (f) may be applicable to a permit holder. These fees are in addition to any other fees required under this Act.

(h) The fees imposed under this Section do not apply to the State or any department or agency of the State, nor to any school district, or to any private sewage disposal system as defined in the Private Sewage Disposal Licensing Act (225 ILCS 225/).

(i) The Agency may adopt rules to administer the fee program established in this Section. The Agency may include provisions pertaining to invoices, notice of late payment, and disputes concerning the amount or timeliness of payment. The Agency may set forth procedures and criteria for the acceptance of payments. The absence of such rules does not affect the duty of the Agency to immediately begin the assessment and collection of fees under this Section.

(j) All fees and interest penalties collected by the Agency under this Section shall be deposited into the Illinois Clean Water Fund, which is hereby created as a special fund in the State treasury. Gifts, supplemental environmental project funds, and grants may be deposited into the Fund. Investment earnings on moneys held in the Fund shall be credited to the Fund.

Subject to appropriation, the moneys in the Fund shall be used by the Agency to carry out the Agency’s clean water activities.

(k) Except as provided in subsection (l), fees paid to the Agency under this Section are not refundable.

However, the provisions of this paragraph are not applicable to information furnished to a licensed attorney representing the taxpayer where an appeal or a protest has been filed on behalf of the taxpayer.
(b) Public information. Nothing contained in this Act shall prevent the Director from publishing or making available to the public the names and addresses of persons filing returns under this Act, or from publishing or making available reasonable statistics concerning the operation of the tax wherein the contents of returns are grouped into aggregates in such a way that the information contained in any individual return shall not be disclosed.

Public Aid and the Department of Human Services (acting as successor to the Department of Public Aid under the Department of Human Services Act) for the purpose of verifying sources and amounts of income and for other purposes directly connected with the administration of this Act and the Illinois Public Aid Code. The Director may exchange information with the Director of the Department of Employment Security for the purpose of verifying sources and amounts of income and for other purposes directly connected with the administration of this Act and Acts administered by the Department of Employment Security. The Director may make available to the Illinois Industrial Commission information regarding employers for the purpose of verifying the insurance coverage required under the Workers' Compensation Act and Workers' Occupational Diseases Act. The Director may make available to any State agency, including the Illinois Supreme Court, information regarding whether a bidder, contractor, or an affiliate of a bidder or contractor has failed to file returns under this Act or pay the tax, penalty, and interest shown therein, or has failed to pay any final assessment of tax, penalty, or interest due under this Act, for the limited purpose of enforcing bidder and contractor certifications. For taxable years ending on or after December 31, 1987, the Director may make available to the Director or principal officer of any Department of the State of Illinois, information that a person employed by such Department has failed to file returns under this Act or pay the tax, penalty and interest shown therein. For purposes of this paragraph, the word "Department" shall have the same meaning as provided in Section 3 of the State Employees Group Insurance Act of 1971.

(d) The Director shall make available for public inspection in the Department's principal office and for publication, at cost, administrative decisions issued on or after January 1, 1995. (210 ILCS 45/3-103) (from Ch. 111 1/2, par. 4153-103)

Sec. 3-103. The procedure for obtaining a valid license shall be as follows:

(1) Application to operate a facility shall be made to the Department on forms furnished by the Department.

(2) All license applications shall be accompanied with an application fee. The fee for an annual license shall be $995 based on the licensed capacity of the facility and shall be determined as follows: 0-49 licensed beds, a flat fee of $500; 50-99 licensed beds, a flat fee of $750; and for any facility with 100 or more licensed beds, a fee of $1,000 plus $10 per licensed bed. Facilities that pay a fee or assessment pursuant to Article V-C of the Illinois Public Aid Code shall be exempt from the license fee imposed under this item (2). The first $600,000 of such fees collected each fiscal year shall be deposited with the State Treasurer into the Long Term Care Monitor/Receiver Fund, which has been created as a special fund in the State treasury. Any such fees in excess of $600,000 collected in a fiscal year shall be deposited into the General Revenue Fund. This special fund is to be used by the Department for expenses related to the appointment of monitors and receivers as contained in Sections 3-501 through 3-517. At the end of each fiscal year, any funds in excess of $1,000,000 held in the Long Term Care Monitor/Receiver Fund shall be deposited in the State's General Revenue Fund. An initial application for a new facility shall be accompanied by a permit as required by the "Illinois Health Facilities Planning Act". After the application is approved, the applicant shall advise the Department every 6 months of any changes in the information originally provided in the application.

Section 27. The Pharmacy Practice Act of 1987 is amended by changing Section 25 as follows:

(225 ILCS 85/25) (from Ch. 111, par. 4145)

(Section scheduled to be repealed on January 1, 2008)

Sec. 25. No person shall compound, or sell or offer for sale, or cause to be compounded, sold or offered for sale any medicine or preparation under or by a name recognized in the United States Pharmacopoeia National Formulary, for internal or external use, which

differs from the standard of strength, quality or purity as determined by the test laid down in the United States Pharmacopoeia National Formulary official at the time of such compounding, sale or offering for sale. Nor shall any person compound, sell or offer for sale, or cause to be compounded, sold, or offered for sale, any drug, medicine, poison, chemical or pharmaceutical preparation, the strength or purity of which shall fall below the professed standard of strength or purity under which it is sold. If the physician or other authorized prescriber, when transmitting an oral or written prescription, does not prohibit drug product selection, a different brand name or nonbrand name drug product of the same generic name may be dispensed by the pharmacist, provided that the selected drug has a unit price less than the drug product specified in the prescription and provided that the selection is permitted, is not subject to review at a meeting of the Technical Advisory Council, is not subject to a hearing in accordance with this Section, or is not specifically prohibited by the current Drug Product Selection Formulary issued by the Department of Public Health pursuant to Section 3.14 of the Illinois Food, Drug and Cosmetics Act, as amended. A generic drug determined to be therapeutically equivalent by the United States Food and Drug Administration (FDA) shall be available for substitution in Illinois in accordance with this Act and the Illinois Food, Drug and Cosmetic Act, provided that each manufacturer submits to the Director of the Department of Public Health a notification containing product technical bioequivalence information as a prerequisite to product substitution when they have completed all required testing to support FDA product approval and, in any event, the information shall be submitted no later than 60 days prior to product substitution in the State. If the Technical Advisory Council finds that a generic drug product may have issues related to the practice of medicine or the practice of pharmacy, the Technical Advisory Council shall review the generic drug product at its next regularly scheduled Technical Advisory Council meeting. Following the Technical Advisory Council's review and initial recommendation that a generic drug product not be included in the Illinois Formulary, a hearing shall be conducted in accordance with the rules of the Department of Public Health and Article 10 of the Illinois Administrative Procedure Act if requested by the manufacturer. The Technical Advisory Council shall make its recommendation to the Department of Public Health within 20 business days after the public hearing. If the Department of Public Health, on the recommendation of the Technical Advisory Council, determines that,

based upon a preponderance of the evidence, the drug is not bioequivalent, not therapeutically equivalent, or could cause clinically significant harm to the health or safety of patients receiving that generic drug, the Department of Public Health may prohibit the generic drug from substitution in the State. A decision by the Department of Public Health to prohibit a drug product from substitution shall constitute a final administrative decision within the meaning of Section 22.2 of the Illinois Food, Drug and Cosmetic Act and Section 3-101 of the Code of Civil Procedure, and shall be subject to judicial review pursuant to the provisions of Article III of the Administrative Review Law. A decision to prohibit a generic drug from substitution must be accompanied by a written detailed explanation of the basis for the decision. On the prescription forms of prescribers, shall be placed a signature line and the words "may substitute" and "may not substitute". The prescriber, in his or her own handwriting, shall place a mark beside either the "may substitute" or "may not substitute" alternatives to guide the pharmacist in the dispensing of the prescription. A prescriber placing a mark beside the "may substitute" alternative or failing in his or her own handwriting to place a mark beside either alternative authorizes drug product selection in accordance with this Act. Preprinted or rubber stamped marks, or other deviations from the above prescription format shall not be permitted. The prescriber shall sign the form in his or her own handwriting to authorize the issuance of the prescription. When a person presents a prescription to be dispensed, the pharmacist to whom it is presented may inform the person if the pharmacy has available a different brand name or nonbrand name of the same generic drug prescribed and the price of the different brand name or nonbrand name of the drug product. If the person presenting the prescription is the one to whom the drug is to be administered, the pharmacist may dispense the prescription with the brand prescribed or a different brand name or nonbrand name product of the same generic name that has been permitted by the Department of Public Health, if the drug is of lesser unit cost and the patient is informed and agrees to the selection and the pharmacist shall enter such information into the pharmacy record. If the person presenting the prescription is someone other than the one to whom the drug is to be administered the pharmacist shall not dispense the prescription with a brand other than the one specified in the prescription unless the pharmacist has the written or oral authorization to select brands from the person to whom the drug is to be administered or a parent, legal guardian or spouse of that person.

New matter indicated by italics - deletions by strikeout.
In every case in which a selection is made as permitted by the Illinois Food, Drug and Cosmetic Act, the pharmacist shall indicate on the pharmacy record of the filled prescription the name or other identification of the manufacturer of the drug which has been dispensed.

The selection of any drug product by a pharmacist shall not constitute evidence of negligence if the selected nonlegend drug product was of the same dosage form and each of its active ingredients did not vary by more than 1 percent from the active ingredients of the prescribed, brand name, nonlegend drug product or if the selected legend drug product was included in the Illinois Drug Product Selection Formulary current at the time the prescription was dispensed. Failure of a prescribing physician to specify that drug product selection is prohibited does not constitute evidence of negligence unless that practitioner has reasonable cause to believe that the health condition of the patient for whom the physician is prescribing warrants the use of the brand name drug product and not another.

The Department is authorized to employ an analyst or chemist of recognized or approved standing whose duty it shall be to examine into any claimed adulteration, illegal substitution, improper selection, alteration, or other violation hereof, and report the result of his investigation, and if such report justify such action the Department shall cause the offender to be prosecuted.

The Illinois Department, by rule, shall prohibit any physician from providing medical assistance to anyone eligible therefor under this Code where such physician has been found guilty of performing an abortion procedure in a wilful and wanton manner upon a woman who was not pregnant at the time such abortion procedure was performed. The term "any other type of remedial care" shall include nursing care and nursing home service for persons who rely on treatment by spiritual means alone through prayer for healing.

Notwithstanding any other provision of this Code, the Illinois Department may not require, as a condition of payment for any laboratory test authorized under this Article, that a physician's handwritten signature appear on the laboratory test order form. The Illinois Department may, however, impose other appropriate requirements regarding laboratory test order documentation.

All screenings shall include a physical breast exam, instruction on self-examination and information regarding the frequency of self-examination and its value as a preventative tool. As used in this Section, "low-dose mammography" means the x-ray examination of the breast using equipment dedicated specifically for mammography, including the x-ray tube, filter, compression device, image receptor, and cassettes, with an average radiation exposure delivery of less than one rad mid-breast, with 2 views for each breast.

Any medical or health care provider shall immediately recommend, to any pregnant woman who is being provided prenatal services and is suspected of drug abuse or is addicted as defined in the Alcoholism and Other Drug Abuse and Dependency Act, referral to a local substance abuse treatment provider licensed by the Department of Human Services or to a licensed hospital which provides substance abuse treatment services. The Department of Public Aid shall assure coverage for the cost of treatment of the drug abuse or addiction for pregnant recipients in accordance with the Illinois Medicaid Program in conjunction with the Department of Human Services.

All medical providers providing medical assistance to pregnant women under this Code shall receive information from the Department on the availability of services under the Drug Free Families with a Future or any comparable program providing case management services for addicted women, including information on appropriate referrals for other social

Partnership sponsors may prescribe reasonable additional qualifications for participation by medical providers, only with the prior written approval of the Illinois Department.

Nothing in this Section shall limit the free choice of practitioners, hospitals, and other providers of medical services by clients. In order to ensure patient freedom of choice, the Illinois Department shall immediately promulgate all rules and take all other necessary actions so that provided services may be accessed from therapeutically certified optometrists to the full extent of the Illinois Optometric Practice Act of 1987 without discriminating between service providers.

No such claims for reimbursement shall be approved for payment by the Illinois Department without such proof of receipt, unless the Illinois Department shall have put into effect and shall be operating a system of post-payment audit and review which shall, on a sampling basis, be deemed adequate by the Illinois Department to assure that such drugs, dentures, prosthetic devices and eyeglasses for which payment is being made are actually being received by eligible recipients. Within 90 days after the effective date of this amendatory Act of 1984, the Illinois Department shall establish a current list of acquisition costs for all prosthetic devices and any other items recognized as medical equipment and supplies reimbursable under this Article and shall update such list on a quarterly basis, except that the acquisition costs of all prescription drugs shall be updated no less frequently than every 30 days as required by Section 5-5.12.

The rules and regulations of the Illinois Department shall require that a written statement including the required opinion of a physician shall accompany any claim for reimbursement for abortions, or induced miscarriages or premature births. This statement shall indicate what procedures were used in providing such medical services.

The Illinois Department shall require all dispensers of medical services, other than an individual practitioner or group of practitioners, desiring to participate in the Medical Assistance program established under this Article to disclose all financial, beneficial, ownership, equity, surety or other interests in any and all firms, corporations, partnerships, associations, business enterprises, joint ventures, agencies, institutions or other legal entities providing any form of health care services in this State under this Article.

The Illinois Department may require that all dispensers of medical services desiring to participate in the medical assistance program established under this Article disclose, under such terms and conditions as the Illinois Department may by rule establish, all inquiries from clients and attorneys regarding medical bills paid by the Illinois Department, which inquiries could indicate potential existence of claims or liens for the Illinois Department.

Such rules shall provide, but not be limited to, the following services: (1) immediate repair or replacement of such devices by recipients without medical authorization; and (2) rental, lease, purchase or lease-purchase of durable medical equipment in a cost-effective manner, taking into consideration the recipient's medical prognosis, the extent of the recipient's needs, and the requirements and costs for maintaining such equipment. Such rules shall enable a recipient to temporarily acquire and use alternative or substitute devices or equipment pending repairs or replacements of any device or equipment previously authorized for such recipient by the Department. The amount of the payment rate for all nursing facilities certified by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities, Long Term Care for Under Age 22 facilities, Skilled Nursing facilities, or Intermediate Care facilities under the medical assistance program shall be prospectively established annually on the basis of historical, financial, and statistical data reflecting actual costs from prior years, which shall be applied to the current rate year and updated for inflation, except that the capital cost element for newly constructed facilities shall be based upon projected budgets. The annually established payment rate shall take effect on July 1 in 1984 and subsequent years. No rate increase and no update for inflation shall be provided on or after July 1, 1994 and before July 1, 2005, unless specifically provided for in this Section. (B) For a facility that would receive a higher nursing component rate per patient day under the payment methodology in effect on July 1, 2003 than the facility received effective on the date immediately preceding the date that the Department implements the new payment methodology, the nursing component rate per patient day for the facility shall be adjusted.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, if the payment methodologies required under Section 5A-12 and the waiver granted under 42 CFR 433.68 are approved by the United States Centers for Medicare and Medicaid Services, the Illinois Department shall determine by rule the rates taking effect on July 1, 2004, which shall be 3.0% greater than the rates in effect on June 30, 2004. The Department of Public Aid shall use the number of occupied bed days as reported by each hospital on the Annual Survey of Hospitals conducted by the Department of Public Health to calculate the hospital's annual assessment. If the sum of a hospital's occupied bed days is not reported on the Annual Survey of Hospitals or if there are data errors in the reported sum of a hospital's occupied bed days as determined by the Department of Public Aid, then the Department of Public Aid may obtain the sum of occupied bed days from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Department of Public Aid or its duly authorized agents and employees.

(b) Nothing in this amendatory Act of the 93rd General Assembly shall be construed to authorize any home rule unit or other unit of local government to license for revenue or to impose a tax or assessment upon hospital providers or the occupation of hospital provider, or a tax or assessment measured by the income or earnings of a hospital provider.

No installment payment of an assessment imposed by Section 5A-2 shall be due and payable, however, until after: (i) the hospital provider receives written notice from the Department of Public Aid that the payment methodologies to hospitals required under Section 5A-12 have been approved by the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services and the waiver under 42 CFR 433.68 for the assessment imposed by Section 5A-2 has been granted by the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services; and (ii) the hospital has

(b) The Illinois Department is authorized to establish delayed payment schedules for hospital providers that are unable to make installment payments when due under this Section due to financial difficulties, as determined by the Illinois Department.

(c) If a hospital provider fails to pay the full amount of an installment when due (including any extensions granted under subsection (b)), there shall, unless waived by the Illinois Department for reasonable cause, be added to the assessment imposed by Section 5A-2 a penalty assessment equal to the lesser of (i) 5% of the amount of the installment not paid on or before the due date plus 5% of the portion thereof remaining unpaid on the last day of each 30-day period thereafter or (ii) 100% of the installment amount not paid on or before the due date. For purposes of this subsection, payments will be credited first to unpaid installment amounts (rather than to penalty or interest), beginning with the most delinquent installments.

Sec. 5A-5. Notice; penalty; maintenance of records.

(a) After December 31 of each year (except as otherwise provided in this subsection), and on or before March 31 of the succeeding year, the Department of Public Aid shall send a notice of assessment to every hospital provider subject to assessment under this Article. The notice of assessment shall notify the hospital of its assessment and for the State fiscal year commencing on the next July 1, except that the notice for the State fiscal year commencing July 1, 2003 shall be sent within 14 days of receipt by the Department of notification from the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services that the payment methodologies required under Section 5A-12 and the waiver granted under 42 CFR 433.68 have been approved before June 1, 2004. (4) (Blank).

(5) Other reasonable information as determined by the Illinois Department.

(b) If a hospital provider conducts, operates, or maintains more than one hospital licensed by the Illinois Department of Public Health, the provider shall pay the assessment for each hospital separately.

(c) Notwithstanding any other provision in this Article, in the case of a person who ceases to conduct, operate, or maintain a hospital in respect of which the person is subject to assessment under this Article as a hospital provider, the assessment for the State fiscal year in which the cessation occurs shall be adjusted by multiplying the assessment computed under Section 5A-2 by a fraction, the numerator of which is the number of days in the year during which the provider conducts, operates, or maintains the hospital and the denominator of which is 365. Immediately upon ceasing to conduct, operate, or maintain a hospital, the person shall pay the assessment for the year as so adjusted (to the extent not previously paid).

(d) Notwithstanding any other provision in this Article, a provider who commences conducting, operating, or maintaining a hospital, upon notice by the Illinois Department, shall pay the assessment computed under Section 5A-2 and subsection (e) in installments on the due dates stated in the notice and on the regular installment due dates for the State fiscal year occurring after the due dates of the initial notice.

Sec. 5A-7. Administration; enforcement provisions.

(a) The Illinois Department shall establish and maintain a listing of all hospital providers appearing in the licensing records of the Illinois Department of Public Health, which shall show each provider's name and principal place of business and the name and address of each hospital operated, conducted, or maintained by the provider in this State. The Illinois Department shall administer and enforce this Article and collect the assessments and penalty assessments imposed under this Article using procedures employed in its administration of this Code generally. The Illinois Department, its Director, and every hospital provider subject to assessment measured by occupied bed days shall have the following powers, duties, and rights:

(1) The Illinois Department may initiate either administrative or judicial proceedings, or both, to enforce provisions of this Article. Administrative enforcement proceedings initiated hereunder shall be governed by the Illinois Department's administrative rules. Judicial enforcement proceedings initiated hereunder shall be governed by the rules of procedure applicable in the courts of this State.

(2) No proceedings for collection, refund, credit, or other adjustment of an assessment amount shall be issued more than 3 years after the due date of the assessment, except in the case of an extended period agreed to in writing by the Illinois Department and the hospital provider before the expiration of this limitation period.

(3) Any unpaid assessment under this Article shall become a lien upon the assets of the hospital upon which it was assessed. If any hospital provider, outside the usual course of its business, sells or transfers the major part of any one or more of (A) the real property and improvements, (B) the machinery and equipment, or (C) the furniture or fixtures, of any hospital that is subject to the provisions of this Article, the seller or transferee shall pay the Illinois Department the amount of any assessment, assessment penalty, and interest (if any) due from it under this Article up to the date of the sale or transfer. If the seller or transferee fails to pay any assessment, assessment penalty, and interest (if any) due, the purchaser or transferee of such asset shall be liable for the amount

of the assessment, penalties, and interest (if any) up to the amount of the reasonable value of the property acquired by the purchaser or transferee. The purchaser or transferee shall continue to be liable until the purchaser or transferee pays the full amount of the assessment, penalties, and interest (if any) up to the amount of the reasonable value of the property acquired by the purchaser or transferee or until the purchaser or transferee receives from the Illinois Department a certificate showing that such assessment, penalty, and interest have been paid or a certificate from the Illinois Department showing that no assessment, penalty, or interest is due from the seller or transferor under this Article.

(4) Payments under this Article are not subject to the Illinois Prompt Payment Act. Credits or refunds shall not bear interest.

(b) In addition to any other remedy provided for and without sending a notice of assessment liability, the Illinois Department may collect an unpaid assessment by withholding, as payment of the assessment, reimbursements or other amounts otherwise payable by the Illinois Department to the hospital provider.

(a) To the extent practicable, the Illinois Department shall administer and enforce this Article and collect the assessments, interest, and penalty assessments imposed under this Article using procedures employed in its administration of this Code generally and, as it deems appropriate, in a manner similar to that in which the Department of Revenue administers and collects the retailers' occupation tax under the Retailers' Occupation Tax Act ("ROTA"). Instead of certificates of registration, the Illinois Department shall establish and maintain a listing of all hospital providers appearing in the licensing records of the Department of Public Health, which shall show each provider's name, principal place of business, and the name and address of each hospital operated, conducted, or maintained by the provider in this State. In addition, the following specified provisions of the Retailers' Occupation Tax Act are incorporated by reference into this Section except that the Illinois Department and its Director (rather than the Department of Revenue and its Director) and every hospital provider subject to assessment measured by occupied bed days (rather than persons subject to retailers' occupation tax measured by gross receipts from the sale of tangible personal property at retail) shall have the powers, duties, and rights specified in these ROTA provisions, as modified in this Section or

by the Illinois Department in a manner consistent with this Article and except as manifestly inconsistent with the other provisions of this Article:

(1) ROTA, Section 4 (examination of return; notice of correction; evidence; limitations; protest and hearing); except that (i) the Illinois Department shall issue notices of assessment liability (rather than notices of tax liability as provided in ROTA, Section 4); (ii) in the case of a fraudulent return or in the case of an extended period agreed to by the Illinois Department and the hospital provider before the expiration of the limitation period, no notice of assessment liability shall be issued more than 3 years after the later of the due date of the return required by Section 5A-5 or the date the return (or an amended return) was filed (rather within the period stated in ROTA, Section 4); and (iii) the penalty provisions of ROTA, Section 4 shall not apply.

(2) ROTA, Sec. 5 (failure to make return; failure to pay assessment), except that the penalty and interest provisions of ROTA, Section 5 shall not apply.

(3) ROTA, Section 5a (lien; attachment; termination; notice; protest; review; release of lien; status of lien).

(4) ROTA, Section 5b (State lien notices; State lien index; duties of recorder and registrar of titles).

(5) ROTA, Section 5c (liens; certificate of release).

(6) ROTA, Section 5d (Department not required to furnish bond; claim to property attached or levied upon).

(7) ROTA, Section 5e (foreclosure on liens; enforcement).

(8) ROTA, Section 5f (demand for payment; levy and sale of property; limitation).

(9) ROTA, Section 5g (sale of property; redemption).

(13) ROTA, Section 6b (tentative determination of claim; notice; hearing; review), provided that a hospital provider or its representative shall have 60 days (rather than 20 days) within which to file a protest and request for hearing in response to a tentative determination of claim:

(14) ROTA, Section 6c (finality of tentative determinations);

(15) ROTA, Section 8 (investigations and hearings);

(16) ROTA, Section 9 (witness; immunity);

(b) In addition to any other remedy provided for and without sending a notice of assessment liability, the Illinois Department may collect an unpaid assessment by withholding, as payment of the assessment, reimbursements or other amounts otherwise payable by the Illinois Department to the provider.

(Section scheduled to be repealed on July 1, 2005)

Sec. 5A-12. Hospital access improvement payments.

(a) To improve access to hospital services, for hospital services rendered on or after June 1, 2004, the Department of Public Aid shall make payments to hospitals as set forth in this Section, except for hospitals described in subsection (b) of Section 5A-3. These payments shall be paid on a quarterly basis. For State fiscal year 2004, if the effective date of the approval of the payment methodology required under this Section and the waiver granted under 42 CFR 433.68 by the Centers for Medicare and

Medicaid Services of the U.S. Department of Health and Human Services is prior to July 1, 2004, the Department shall pay the total amounts required for fiscal year 2004 under this Section within 25 days of the latest notification; these amounts shall be paid on or before June 15 of the year. No payment shall be made for State fiscal year 2004 if the effective date of the approval is on or after July 1, 2004. In State fiscal year 2005 and subsequent State fiscal years, the total amounts required under this Section shall be paid in 4 equal installments on or before July 15, October 15, January 14, and April 15 of the year, except that if the date of notification of the approval of the payment methodologies required under this Section and the waiver granted under 42 CFR 433.68 is on or after July 1, 2004, the sum of amounts required under this Section prior to the date of notification shall be paid within 25 days of the date of the last notification.

Payments under this Section are not due and payable, however, until (i) the methodologies described in this Section are approved by the federal government in an appropriate State Plan amendment, (ii) the assessment imposed under this Article is determined to be a permissible tax under Title XIX of the Social Security Act, and (iii) the assessment is in effect.

(b) High volume payment. In addition to rates paid for inpatient hospital services, the Department of Public Aid shall pay, to each Illinois hospital that provided more than 20,000 Medicaid inpatient days of care during State fiscal year 2001 (except for hospitals that qualify for adjustment payments under Section 5-5.02 for the 12-month period beginning on October 1, 2002), $190 for each Medicaid inpatient day of care provided during that fiscal year. A hospital that provided less than 30,000 Medicaid inpatient days of care during that period, however, is not entitled to receive more than $3,500,000 per year in such payments.

(c) Medicaid inpatient utilization rate adjustment. In addition to rates paid for inpatient hospital services, the Department of Public Aid shall pay each Illinois hospital (except for hospitals described in Section 5A-3), for each Medicaid inpatient day of care provided during State fiscal year 2001, an amount equal to the product of $57.25 multiplied by the quotient of 1 divided by the greater of 1.6% or the hospital's Medicaid inpatient utilization rate (as used to determine eligibility for adjustment payments under Section 5-5.02 for the 12-month period beginning on October 1, 2002). The total payments under this subsection to a hospital may not exceed $10,500,000 annually.

(d) Psychiatric base rate adjustment.
(1) In addition to rates paid for inpatient psychiatric services, the Department of Public Aid shall pay each Illinois general acute care hospital with a distinct part-psychiatric unit, for each Medicaid inpatient psychiatric day of care provided in State fiscal year 2001, an amount equal to $400 less the hospital's per-diem rate for Medicaid inpatient psychiatric services as in effect on October 1, 2003. In no event, however, shall that amount be less than zero.

(2) For distinct part-psychiatric units of Illinois general acute care hospitals, except for all hospitals excluded in Section 5A-3, whose inpatient per-diem rate as in effect on October 1, 2003 is greater than $400, the Department shall pay, in addition to any other amounts authorized under this Code, $25 for each Medicaid inpatient psychiatric day of care provided in State fiscal year 2001.

(e) Supplemental tertiary care adjustment. In addition to rates paid for inpatient services, the Department of Public Aid shall pay to each Illinois hospital eligible for tertiary care adjustment payments under 89 Ill. Adm. Code 148.296, as in effect for State fiscal year 2003, a supplemental tertiary care adjustment payment equal to the tertiary care adjustment payment required under 89 Ill. Adm. Code 148.296, as in effect for State fiscal year 2003.

(f) Medicaid outpatient utilization rate adjustment. In addition to rates paid for outpatient hospital services, the Department of Public Aid shall pay each Illinois hospital (except for hospitals described in Section 5A-3), an amount equal to the product of 2.45% multiplied by the hospital's Medicaid outpatient charges multiplied by the quotient of 1 divided by the greater of 1.6% or the hospital's Medicaid outpatient utilization rate. The total payments under this subsection to a hospital may not exceed $6,750,000 annually.

For purposes of this subsection:

"Medicaid outpatient charges" means the charges for outpatient services provided to Medicaid patients for State fiscal year 2001 as submitted by the hospital on the UB-92 billing form or under the ambulatory procedure listing and adjudicated by the Department of Public Aid on or before September 12, 2003.

"Medicaid outpatient utilization rate" means a fraction, the numerator of which is the hospital's Medicaid outpatient charges and the

denominator of which is the total number of the hospital's charges for outpatient services for the hospital's fiscal year ending in 2001.

(g) State outpatient service adjustment. In addition to rates paid for outpatient hospital services, the Department of Public Aid shall pay each Illinois hospital an amount equal to the product of 75.5% multiplied by the hospital's Medicaid outpatient services submitted to the Department on the UB-92 billing form for State fiscal year 2001 multiplied by the hospital's outpatient access fraction.

For purposes of this subsection, "outpatient access fraction" means a fraction, the numerator of which is the hospital's Medicaid payments for outpatient services for ambulatory procedure listing services submitted to the Department on the UB-92 billing form for State fiscal year 2001, and the denominator of which is the hospital's Medicaid outpatient services submitted to the Department on the UB-92 billing form for State fiscal year 2001.

The total payments under this subsection to a hospital may not exceed $3,000,000 annually.

(h) Rural hospital outpatient adjustment. In addition to rates paid for outpatient hospital services, the Department of Public Aid shall pay each Illinois rural hospital an amount equal to the product of $14,500,000 multiplied by the rural hospital outpatient adjustment fraction.

For purposes of this subsection, "rural hospital outpatient adjustment fraction" means a fraction, the numerator of which is the hospital's Medicaid visits for outpatient services for ambulatory procedure listing services submitted to the Department on the UB-92 billing form for State fiscal year 2001, and the denominator of which is the total Medicaid visits for outpatient services for ambulatory procedure listing services for all Illinois rural hospitals submitted to the Department on the UB-92 billing form for State fiscal year 2001.

For purposes of this subsection, "rural hospital" has the same meaning as in 89 Ill. Adm. Code 148.25, as in effect on September 30, 2003.

(i) Merged/closed hospital adjustment. If any hospital files a combined Medicaid cost report with another hospital after January 1, 2001, and if that hospital subsequently closes, then except for the payments described in subsection (e), all payments described in the various subsections of this Section shall, before the application of the annual limitation amount specified in each such subsection, be multiplied by a fraction, the numerator of which is the number of occupied bed days

attributable to the open hospital and the denominator of which is the sum of the number of occupied bed days of each open hospital and each closed hospital. For purposes of this subsection, "occupied bed days" has the same meaning as the term is defined in subsection (a) of Section 5A-2.

(j) For purposes of this Section, the terms "Medicaid days", "Medicaid charges", and "Medicaid services" do not include any days, charges, or services for which Medicare was liable for payment.

(k) As provided in Section 5A-14, this Section is repealed on July 1, 2005.

Sec. 12-10.7. The Health and Human Services Medicaid Trust Fund.

(a) The Health and Human Services Medicaid Trust Fund shall consist of (i) moneys appropriated or transferred into the Fund, pursuant to statute, (ii) federal financial participation moneys received pursuant to expenditures from the Fund, and (iii) the interest earned on moneys in the Fund.

(b) Subject to appropriation, the moneys in the Fund shall be used by a State agency for such purposes as that agency may, by the appropriation language, be directed.

Section 35. The Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act is amended by changing Section 6 as follows:

(320 ILCS 25/6) (from Ch. 67 1/2, par. 406)

Sec. 6. Administration.

(a) In general. Upon receipt of a timely filed claim, the Department shall determine whether the claimant is a person entitled to a grant under this Act and the amount of grant to which he is entitled under this Act. The Department may require the claimant to furnish reasonable proof of the statements of domicile, household income, rent paid, property taxes accrued and other matters on which entitlement is based, and may withhold payment of a grant until such additional proof is furnished.

(b) Rental determination. If the Department finds that the gross rent used in the computation by a claimant of rent constituting property taxes accrued exceeds the fair rental value for the right to occupy that residence, the Department may determine the fair rental value for that residence and recompute rent constituting property taxes accrued accordingly.

(c) Fraudulent claims. The Department shall deny claims which have been fraudulently prepared or when it finds that the claimant has acquired title to his residence or has paid rent for his residence primarily for the purpose of receiving a grant under this Act.

(d) Pharmaceutical Assistance. The Department shall allow all pharmacies licensed under the Pharmacy Practice Act of 1987 to participate as authorized pharmacies unless they have been removed from that status for cause pursuant to the terms of this Section. The Director of the Department may enter into a written contract with any State agency, instrumentality or political subdivision, or a fiscal intermediary for the purpose of making payments to authorized pharmacies for covered prescription drugs and coordinating the program of pharmaceutical assistance established by this Act with other programs that provide payment for covered prescription drugs. Such agreement shall establish procedures for properly contracting for pharmacy services, validating reimbursement claims, validating compliance of dispensing pharmacists with the contracts for participation required under this Section, validating the reasonable costs of covered prescription drugs, and otherwise providing for the effective administration of this Act.

The Department shall promulgate rules and regulations to implement and administer the program of pharmaceutical assistance required by this Act, which shall include the following:

1. Execution of contracts with pharmacies to dispense covered prescription drugs. Such contracts shall stipulate terms and conditions for authorized pharmacies participation and the rights of the State to terminate such participation for breach of such contract or for violation of this Act or related rules and regulations of the Department;

2. Establishment of maximum limits on the size of prescriptions, new or refilled, which shall be in amounts sufficient for 34 days, except as otherwise specified by rule for medical or utilization control reasons;

3. Establishment of liens upon any and all causes of action which accrue to a beneficiary as a result of injuries for which covered prescription drugs are directly or indirectly required and for which the Director made payment or became liable for under this Act;

4. Charge or collection of payments from third parties or private plans of assistance, or from other programs of public

assistance for any claim that is properly chargeable under the assignment of benefits executed by beneficiaries as a requirement of eligibility for the pharmaceutical assistance identification card under this Act;

(4.5) Provision for automatic enrollment of beneficiaries into a Medicare Discount Card program authorized under the federal Medicare Modernization Act of 2003 (P.L. 108-391) to coordinate coverage including Medicare Transitional Assistance;

(5) Inspection of appropriate records and audit of participating authorized pharmacies to ensure contract compliance, and to determine any fraudulent transactions or practices under this Act;

(6) Annual determination of the reasonable costs of covered prescription drugs for which payments are made under this Act, as provided in Section 3.16;

(7) Payment to pharmacies under this Act in accordance with the State Prompt Payment Act.

The Department shall annually report to the Governor and the General Assembly by March 1st of each year on the administration of pharmaceutical assistance under this Act. By the effective date of this Act, the Department shall determine the reasonable costs of covered prescription drugs in accordance with Section 3.16 of this Act.

Section 40. The Illinois Food, Drug and Cosmetic Act is amended by changing Section 3.14 as follows:

(410 ILCS 620/3.14) (from Ch. 56 1/2, par. 503.14)

Sec. 3.14. Dispensing or causing to be dispensed a different drug in place of the drug or brand of drug ordered or prescribed without the express permission of the person ordering or prescribing. However, this Section does not prohibit the interchange of different brands of the same generically equivalent drug product, when the drug products are not required to bear the legend "Caution: Federal law prohibits dispensing without prescription", provided that the same dosage form is dispensed and there is no greater than 1% variance in the stated amount of each active ingredient of the drug products. Nothing in this Section shall prohibit the selection of different brands of the same generic drug, based upon a drug formulary listing which is developed, maintained, and issued by the Department of Public Health under which drug product selection is permitted, is not subject to review at a meeting of the Technical Advisory Board.

Council, is not subject to a hearing in accordance with this Section, or is not specifically prohibited: A generic drug determined to be therapeutically equivalent by the United States Food and Drug Administration (FDA) shall be available for substitution in Illinois in accordance with this Act and the Pharmacy Practice Act of 1987, provided that each manufacturer submits to the Director of the Department of Public Health a notification containing product technical bioequivalence information as a prerequisite to product substitution when they have completed all required testing to support FDA product approval and, in any event, the information shall be submitted no later than 60 days prior to product substitution in the State. If the Technical Advisory Council finds that a generic drug product may have issues related to the practice of medicine or the practice of pharmacy, the Technical Advisory Council shall review the generic drug product at its next regularly scheduled Technical Advisory Council meeting. Following the Technical Advisory Council's review and initial recommendation that a generic drug product not be included in the Illinois Formulary, a hearing shall be conducted in accordance with the Department's Rules of Practice and Procedure in Administrative Hearings (77 Ill. Admin. Code 100) and Article 10 of the Illinois Administrative Procedure Act if requested by the manufacturer. The Technical Advisory Council shall make its recommendation to the Department of Public Health within 20 business days after the public hearing. If the Department of Public Health, on the recommendation of the Technical Advisory Council, determines that, based upon a preponderance of the evidence, the drug is not bioequivalent, not therapeutically equivalent, or could cause clinically significant harm to the health or safety of patients receiving that generic drug, the Department of Public Health may prohibit the generic drug from substitution in the State. A decision by the Department to prohibit a drug product from substitution shall constitute a final administrative decision within the meaning of Section 22.2 of the Illinois Food, Drug and Cosmetic Act and Section 3-101 of the Code of Civil Procedure, and shall be subject to judicial review pursuant to the provisions of Article III of the Administrative Review Law. A decision to prohibit a generic drug from substitution must be accompanied by a written detailed explanation of the basis for the decision. Determination of products which may be selected shall be recommended by a Technical Advisory Council of the Department, selected by the Director of Public Health, which council shall consist of 7 persons including 2 physicians, 2 pharmacists, 2 pharmacologists and one other

prescriber who have special knowledge of generic drugs and formulary. Technical Advisory Council members shall serve without pay, and shall be appointed for a 3-year term and until their successors are appointed and qualified. The procedures for operation of the Drug Product Selection Program shall be promulgated by the Director, however the actual list of products prohibited or approved for drug product selection need not be promulgated. The Technical Advisory Council shall take cognizance of federal studies, the U.S. Pharmacopoeia-National Formulary, or other recognized authoritative sources, and shall advise the Director of any necessary modifications. Drug products previously approved by the Technical Advisory Council for generic interchange may be substituted in the State of Illinois without further review subject to the conditions of approval in the State of Illinois prior to the effective date of this amendatory Act of the 91st General Assembly.

Timely notice of revisions to the formulary shall be furnished at no charge to all pharmacies by the Department. Single copies of the drug formulary shall be made available at no charge upon request to licensed prescribers, student pharmacists, and pharmacists practicing pharmacy in this State under a reciprocal license. The Department shall offer subscriptions to the drug formulary and its revisions to other interested parties at a reasonable charge to be established by rule. Before the Department makes effective any additions to or deletions from the procedures for operation of the Drug Product Selection Program under this Section, the Department shall file proposed rules to amend the procedures for operation of the program under Section 5-40 of the Illinois Administrative Procedure Act. The Department shall issue necessary rules and regulations for the implementation of this Section:

(Public Act 93-681 rep.)

Section 5. Public Act 93-681 made appropriations for State fiscal year 2005 for core services and contained a provision repealing the Act on August 1, 2004. Public Act 93-681 is repealed on the earlier of August 1, 2004 or the effective date of this Act.
